* The increase of 3 acres as compared with the area given in the first section is due to the fact that the extent of Kil Arni village in Arni Division referred to in B.P. No. 235, dated 12th Aug. 1914 is 273 acres, while it is given as 289 acres by the Director of Survey.

† Includes cultivation of 11,037 acres in the three hill villages of Tirupattur taluk under the control of the forest department for which no cropwar particulars are available.

X.—Reserved Forest and Area proposed for Reservation
on 30th June 1931 (in square miles).

CLASSES I AND II.—These include all institutions maintained by Provincial Funds and under Government management. The fact that an institution possesses endowments or receives contributions from Local Funds or private subscriptions should not be regarded as a reason for not classing it as "State" so long as Provincial and Imperial Funds are practically responsible for all the charges connected with it. Class I—"Public" are State dispensaries which are open to the poorer classes of the public. Class II are State dispensaries which serve only a special section of the public as indicated in the sub-classification attached.

CLASS III.—Local Fund dispensaries include all institutions which are vested in Local Boards or Municipalities or guaranteed or maintained by Local or Municipal Funds. The fact that such an institution is aided by private subscriptions, or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, should not be regarded as a reason for not classing it as a Local Fund dispensary so long as its existence is practically dependent upon Local Funds.

CLASS IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or Local Funds. This also includes subsidized dispensaries in rural areas.

CLASS V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers should not be regarded as a reason for not treating it as a private non-aided dispensary.

CLASS VI.—Comprises all Railway Dispensaries whether maintained by State Railways or others.

XXVIII.—Vaccination.

Taluk and Municipalities.	Number of persons successfully vaccinated.			Registered birth-rate per 1,000 of the population.			Average number of successful cases of vaccination on children under one year during the three years ending 1930-31.
