1924-25	+ 56,060(e)
1925-26	- 5,431(f)

NOTE.—(a), (b) and (c) The deficits in 1919-20, 1920-21, 1921-22 and 1922-23 were due to the cost of erecting a saw-mill at Russellkonda and buildings and machinery pertaining to it.

(d) The increase in 1923-24 was due to realization of revenue on account of the timber supplied to the saw-mill.

(e) The surplus in 1924-25 was due to the realization of arrear payments from the Russellkonda Saw-Mill towards the value of the timber supplied during the previous years.

(f) The deficit in 1925-26 was due to the stoppage of working of the mill for about seven months of the year and non-realization of revenue from the timber to be supplied to the Mill.

(a) (b) and (c) These Institutions have been taken over under Government management from the 1st May 1938.

(a), (b) and (c) likewise instructions have been taken over under Government management from the Provincial Funds and under Government management. The fact that an institution possesses endowments or receives contributions from Local Funds or private subscriptions should not be regarded as a reason for not classing it as "State," so long as the State exercises control over the funds. Class I—"Public," are State dispensaries, which are open to the public.

Provincial and Imperial Funds are practically responsible for all the charges connected with it. Class I.—"Public" are State dispensaries which are open to poorer classes of the public. Class II are State dispensaries which serve only a special section of the sub-classification attached.

CLASS III.—Local Fund dispensaries include all institutions which are vested in Local Boards or Municipalities or guaranteed by Local or Municipal Funds. The fact that such an institution is aided by private subscriptions, or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, should not be regarded as a reason for not classing it as a Local Fund dispensary so long as its existence depends practically dependent upon Local Funds.

IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or Local Funds.

CLASS IV.—Comprises institutions supported by private subscriptions or guarantees, but receiving aid from Government or Local Funds.

CLASS V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection should not be regarded as a reason for not treating it as a private non-aided dispensary.

VI—Comprises all railway dispensaries whether maintained by State railways or others.

CLASS VI.—Comprises all railway dispensaries whether maintained by State railways or others.

Under the Income-tax Act of 1886 all incomes of Rs. 500 a year and upwards were liable to taxation. The taxable minimum was raised to Rs. 1,000 in 1903 and to Rs. 2,000 in 1919. The maximum rate of tax was 5 pies in the rupee till 1916 when it was raised to 12 pies. In 1921 the maximum was raised to 16 pies in the rupee. In 1917 the Super-tax Act was passed by which an additional tax varying from one anna in the rupee to three annas in the rupee was levied on incomes in excess of Rs. 50,000. In 1921 the maximum rate of super-tax was raised to 4 annas. The Income-tax Act was amended in 1918 and the Super-tax Act in 1920. The law relating to income-tax and super-tax was further revised and consolidated by the Income-tax Act, 1922, which with minor alterations is now in force. The maximum rate of Income-tax was raised in 1922 to 18 pies in the rupee, and the maximum rate of super-tax to 6 annas in the rupee. The rates are not now laid down in the Act, but are prescribed from year to year by the Finance Act.

The Income-tax revenue was till 1922 administered by the Madras Board of Revenue subject to the control of the Local Government. It is now administered directly by the Government of India through the Central Board of Revenue at Delhi and a Commissioner for the province.
