G. O. BY GOVERNMENT. FORT ST. GEORGE, 4TH JANUARY 1831.

Ordered that the following Extract from the Honorable Company's General Letter in the Military Department dated the 16th of June 1815, be re-published in General Orders.

Para. 139. "In consequence of the numerous applications, which have been preferred to us by our Servants, on leave of absence in this Country, for advances of money on loans, we think it proper to recal your attention to our Orders in the Military Department of the 26th February 1808, upon this subject. —Those Orders declared our determination not to make any pecuniary advances to Officers at home, beyond what they are allowed by the existing Regulations of the Service, and you were required to publish them in General Orders to the Army, but as a Resolution of this description, in order to be generally known to a body which is continually receiving an accession of new Members, should be occasionally re-published; and being fully persuaded, that a strict observance of this Resolution will prevent much trouble and inconvenience besides loss to the Company, we direct that our Orders above adverted to, be in future circulated for the information of the Army, in the month of January in every year, and we shall take the necessary steps for reminding Officers, who may arrive in England upon furlough, of our determination upon the subject in question."

By order of the Right Honorable the Governor in Council.

FORT ST. GEORGE, 7TH JANUARY 1831.

G. O. BY GOVERNMENT.

The Officers and Men of His Majesty's 89th Regiment being on the eve of embarkation for their Native Country; The Right Honorable the Governor in Council performs a pleasing part of his duty in bearing Public testimony to the merits of that Corps.

During the last 21 years there has been scarcely a service of importance performed by the Army of this Establishment in which His Majesty's 89th Regiment has not borne a prominent and distinguished part. At the capture of the Isle of France; at the reduction of the Island of Java; in the Deccan, in the Southern Concan, and in Ava, their gallantry and steadiness were the admiration of their Companions in Arms, and obtained for them the thanks of the highest authorities, and the Right Honorable the Governor will always have particular gratification in reflecting that their conduct in Garrison, which has ever been as exemplary as in the Field, has been latterly under his own immediate observation.

The cordiality with which the Officers and Men have at all times acted with the Company's Troops, is deserving of his warmest acknowledgments; and although he is precluded from granting to His Majesty's 89th Regiment on its quitting India a donation of batta similar to that which has been conferred on other Regiments whose conduct has not been more meritorious, he will not fail to bring to the notice of the Court of Directors the high claims which the Regiment has established to every mark of their favorable consideration.

By order of the Right Honorable the Governor in Council.

The Right Honorable the Governor in Council cannot permit His Majesty's Royal Regiment to quit India, after forming a part of the Army of this Presidency for 23 years, without publicly recording his high sense of its distinguished services.

The Right Honorable the Governor in Council has only further to add that the conduct of the Officers and Men of His Majesty's Royal Regiment when in Garrison has been such as to meet with the entire approbation of the Government, and that his best wishes for their continued welfare and fame will accompany them in whatever part of the World the national interests and honor may call for their services.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council has been much gratified by intelligence received from the Resident in Mysore of the conduct of Lieutenant Rochfort, with the Troops of the Rajah in storming the Hill Fort of Caman Droog.

Considering the Strength of the Place, the extreme difficulty of approaching it, the number of the Defenders, the imperfect means of Offence present with the Mysore Troops, and the nature of their discipline, the result of this attack reflects the highest credit upon the Gallantry and professional knowledge of Lieutenant Rochfort. To the exemplary manner in which he displayed these qualities before any part of the regular Forces of this Army had been ordered to Caman Droog, the Right Honorable the Governor in Council attributes the success of the Assault and the early return of tranquillity in the Nuggar Province.

Para. 2. "Having carefully considered the several Memorials from the Surgeons and Assistant Surgeons of your Establishment, which you have transmitted to us with your Letter of 23d October 1829, together with the observations of the several Members of your Government upon them, we have come to the following Resolutions.

3. "That every Surgeon in charge of a Regiment of Cavalry or Infantry, European or Native, or of a Battalion of Artillery, Horse or Foot, be allowed, in addition to the Pay and Regimental Allowances of a Captain in the Corps with which he may serve, a consolidated Medical Staff Salary of Three hundred Rupees (300) per month, which is to cover the expence he may incur in visiting Patients.

4. "That every Assistant Surgeon having the same charge be allowed, in addition to the Pay and Regimental Allowances of a Lieutenant in the Corps in which he may serve, a consolidated Staff Salary of One hundred and sixty-five (165) Rupees a month which is equally to cover the expence of visiting Patients.

5 "That every Surgeon or Assistant Surgeon in charge of a Regiment of European Cavalry or Infantry or Battalion of European Artillery, be granted, in addition to his other allowances, 25 Rupees per Mensem for every hundred Europeans under his charge.

6. "That every Surgeon or Assistant Surgeon in charge of European or Native Soldiers not attached to his own Regiment be granted an allowance of twenty-five (25) Rupees per month for every hundred Europeans and twelve Rupees eight Annas (12 8) per Month for every hundred Natives.

7. "We also authorize you to grant to Surgeons and Assistant Surgeons of Civil Stations, a proportionate allowance for the number of Irregular Troops under their charge, in addition to their present Civil Salaries.

8. "These Resolutions are equally applicable to the Establishments of Madras and Bombay; and we desire that they be brought into operation at all the Presidencies on the same day within two Months of your receipt of this dispatch.

9. "The consolidation of Staff Salary we have directed in this letter puts an end to all discussion upon the subject of allowances for visiting Patients; but we think it right to say, that we entirely approve of your instructions to the other Governments to limit the grant of the allowance of the means of visiting Patients to Thirty (30) Rupees per Month, as directed by our orders of 26th August 1818."

"*Resolved Unanimously.*

"That this Court has learnt with feelings of the deepest concern the decease of Major General *Sir* "THOMAS MUNRO, K. C. "That this Court cannot fail to bear in mind the zeal and devotion manifested by Sir Thomas "Munro in retaining charge of the Government of Madras after he had intimated his wish to retire "therefrom, and at a period when, the political state of India rendered the discharge of the duties of that "high and honorable station peculiarly arduous and important, and this Court desire to record this "expression of its warmest regard for the memory of its late valuable Servant, and to assure his surviving "Family that it deeply sympathises in the Grief which so unexpected an event must have occasioned "them."

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council being always disposed to reward the Native Officers of this Army in the manner most acceptable to their customs and feelings, has resolved to confer on Sied Hussain Subadar Major of the Body Guard in the name of the Company the honor of the Nobut.

This Officer's testimonials of Military Service are a brief abstract of the great actions fought in the Peninsula for nearly half a century, and his services in Persia and at Asseerghur under Sir Halford Jones and Sir John Malcolm prove that he has been no less distinguished for the ability and fidelity of his political services to the Company than for his Military Career.

These testimonials are expressed in the strongest language of respect and attachment by all the Officers under whom he has served, and the observations of the Government fully confirm all that has been said of his merits, which are as extraordinary as the modesty with which he has forborne to urge them.

In token of his services Sied Hussain has already received from this Government a grant of Land in Jaggire, a Palankeen with the usual allowance for its support, also a Sword and a Horse with a promise that his nearest Heir after his decease shall be allowed a pension equal to the full pay of a Subadar of Cavalry, it now affords to the Right Honorable the Governor in Council the highest gratification to add to those honors by conferring on him the privilege of using the Nobut in the Company's territories together with the honorary symbols of that privilege and its appropriate Establishment.

Subadar Major Sied Hussain will henceforth be known by the Title inscribed upon his Nobut Sied Hussain Khan Bahadur Nusrut Jung.

FORT ST. GEORGE, 26TH JULY 1831.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council is pleased to direct the publication in General Orders of the following Extract from a letter from the Honorable the Court of Directors, dated the 16th of February last, (No. 14 of 1831,) with the Regulations therein alluded to.

Para. I. "With reference to our Military Letters of 28th March 1815, and 27th November 1818, we have now to transmit a new Set of Regulations for the grant of Pensions and Allowances to Officers Wounded in Action, lately established in His Majesty's Service, and we desire that the same may be promulgated at your Presidency with the modifications which we shall proceed to mention in lieu of the existing rules on the subject, from the date of your receipt of this Dispatch.

II. By these Regulations certain Gratuities are payable to Staff Officers having reference to the pay of their Appointments, and if the Officers of our Service were to receive Gratuities calculated according to their Staff Salaries, they would receive a higher rate of remuneration than Officers of His Majesty's Service similarly circumstanced, contrary to our intention, which is to put the two Services on an equal footing in respect to Gratuities as well as to Pensions.

III. We have therefore resolved that the Gratuities payable to Officers of our Service, both Staff and Regimental, under this Regulation, shall be those which a King's Officer, similarly circumstanced, would receive from His Majesty's Government, and they are therefore to be calculated according to the rates of pay, both Staff and Regimental, now in use in His Majesty's Service.

IV. It is, however, to be distinctly understood, that we have been induced to authorize the King's rates of pay, in this instance, because it would not otherwise be practicable to maintain that perfect equality between the two Services, which it is our wish to preserve, and in the case of the ordinary pay of the Indian Officers is accomplished by a deduction from so much of the Indian allowances of a King's Officer, as his pay exceeds that of an Officer of the same rank in our Service."

Warrant regulating the Grant of Pensions and Allowances to Officers of the Land Forces, for Wounds received in Action.

GEORGE R.

Whereas We think it expedient to consolidate and amend the several Rules and Orders under which Pensions and Allowances are granted on account of Wounds received in Action, by Officers of Our Land Forces, and to establish certain additional Regulations relative thereto; Our Will and pleasure is, that, from and after the date hereof, the Regulation annexed to this Our Warrant shall be the sole Rule on this head; and that the cases in which Pensions and Allowances may be recommended to Us to be granted to Officers, shall be limited to Wounds and Injuries received in Action, and shall be established by the production of such Certificates and Reports of Medical Boards as shall be required by Our Secretary at War.

Given at Our Court at Windsor, this 14th day of November, in the Tenth Year of Our Reign.

By His Majesty's Command.

(Signed) HENRY HARDINGE.

REGULATION.

I. If an Officer shall receive a Wound in Action, which shall occasion the loss of an Eye, or a Limb, or the total use of a Limb, or shall receive Bodily injury fully equal to the loss of a Limb, he may be eligible to receive a Gratuity in money of One Year's Full Pay of the Regimental Rank, or Staff Appointment, held by him at the time he was wounded.

II. If an Officer shall be wounded in Action, and it shall appear upon an inspection made of him by a Board of Army Medical Officers assembled by order of the Secretary at War, that such Officer has in consequence of his wound, lost a Limb, or an Eye, or has totally lost the use of a Limb, or that he has sustained a severe injury in Action, fully equal in every respect to the loss of a Limb, he may be recommended to His Majesty for a Pension at the rate fixed in the annexed Scale, for the Rank held by him when he was wounded, and commencing one year after the Wound was received; the continuance of which shall depend upon subsequent examinations before the Military Medical Board.

III. If the Officer shall have lost more than one Limb or Eye, he may be recommended for a Pension for each Limb or Eye, so lost in Action.

IV. If the Wound received by an Officer in Action shall be so severe in its permanent effects as to be nearly equal, but not fully equal to the loss of a Limb, such Officer may be recommended for a Gratuity of Eighteen Months Full Pay of his Regimental Rank, or Staff Appointment, held by him when wounded; in which case no Pension shall at any subsequent time be granted to him under this Regulation.

V. G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council is pleased to publish the following General Order by the Right Honorable the Governor General for the information of the Army.

GENERAL ORDER BY THE RIGHT HONORABLE THE GOVERNOR GENERAL.

Simla, 4th July 1831.

A specific reference having been made to the Governor General upon the subject of the right of Military Men employed in any Civil branch of the Army, or under the Civil Administration of Government, to take Military Command by virtue of their Commissions when entitled by Seniority to claim the same, it has been deemed necessary to lay down a general rule applicable to the Services of the three Presidencies. The following Order has accordingly been passed with the concurrence of His Excellency the Commander in Chief of His Majesty's and of the Honorable Company's Forces in India.

Military Men when holding situations in any Civil branch of the Army, or under the Civil Administration of Government, cannot be allowed to claim or exercise the right of Command as Senior Officers by virtue of their Commissions without first resigning and relinquishing their Civil employ, or situations.

The distinctions and advantages of Command are claimable only by those who are in the exercise of their profession, may be called upon for Military duties, and are liable to the privations and hardships of active Service. By accepting a Civil employ a Military Man obtains present exemption from the severer duties of his profession, and generally superior emoluments, he cannot therefore be permitted to unite with the advantages of this line of Service the privilege of asserting a claim to supercede those who in the routine of duty and of promotion become entitled to a Military Charge, or Command.

The above Order is not intended to apply to Officers placed with Detachments, or otherwise in the temporary Charge of Districts by Military Authority pending operations, although performing Civil duties in consequence of such an appointment. Employment of this description may fall to any Officer in the course of his professional service, and cannot therefore be considered to involve any forfeiture of Military privileges.

By Command of the Right Honorable the Governor General.

Secy. to the Governor General.

By order of the Right Honorable the Governor in Council.

G. O. BY GOVERNMENT.

Superintending Surgeon Scot having obtained permission to return to Europe, The Right Honorable the Governor in Council has great satisfaction in recording his opinion of the services rendered by that gentleman to the Company during a period of nearly thirty years. After serving with every branch of the Army on Garrison, Field and Foreign Service for eighteen years, Mr. Scot was selected to hold the Office of Secretary to the Medical Board; and in that situation, his laborious, persevering and able exertions were considered to have been highly creditable to himself and of great public utility, and accordingly obtained for him the approbation of the Board, the Government and the Honorable the Court of Directors.

While employed as Secretary to the Medical Board, Mr. Scot, besides collating and condensing with great labour, in an able and perspicuous report, all the most valuable information on the records of the Board respecting Cholera, discharged also the duties of Superintendent General of Vaccination and was greatly instrumental in extending the benefits of Vaccination amongst the Natives by his vigilant attention to the Department and the care with which he sought to make the object and advantages of the Institution generally understood and appreciated.

In the Medical Store Department, while Secretary to the Medical Board, and subsequently as Superintending Surgeon, Mr. Scot has rendered important services to the Public; and it is to his indefatigable zeal and the many valuable rules introduced by him with a view to promote the comfort of the Sick and to establish order, regularity and economy in the Hospital supplies, and to his temper and judgment in the exercise of the Superintending Office, that the state of efficiency to which the Hospitals of the Presidency Division have been brought, is mainly to be ascribed.

His Highness the Naib-i-Mookhtar has expressed to Government his sense of Mr. Scot's kind attention and valuable services as Physician at the Durbar of His Highness the Newaub of the Carnatic, his readiness to afford gratuitously his able assistance to the Dependants of His Highness, and his highly praiseworthy conduct in abstaining from all interference in matters unconnected with his professional duties.

The orders contained in the following Extracts from Military Letters to Bengal from the Honorable the Court of Directors, under dates the 10th February, 10th March, and 9th June 1830, Nos. 19, 33, and 60, are published for the information of the Army, and declared applicable to this Presidency.

Extract Military Letter to Bengal, dated 10th February 1830, (No. 19.)

Letter from —— 12th Dec. 1828. 3. Forward Memorial from Captain James Blair, 30th N. I. praying that Mr. (late Captain) J. F. Hyde may be struck off the strength of that Corps, from the expiration of 2 years after his arrival in England instead of from the date when his five years absence from India expired.

V. By our Regulation of the 25th November 1823, "Officers "retiring from the Service shall be considered to have retired from "the date of their application to that effect, or from the expiration "of two years from the date of their landing in the United King-"dom whichever shall first happen, and all Casualties by death in "Europe, after the expiration of the same period of two years from "the date of landing, shall be considered to have occurred from the date when that period expired; not-"withstanding in both cases the Officers may have received an extension of furlough."

VI. "We consider this Regulation to be equally applicable to the cases of Officers excluded from the Service by failing to return to India within the prescribed period."

Extract Military Letter to Bengal, dated 10th March 1830, (No. 33.)

Letter from —— 27th Sept. 1828. 3. Forward a proposition by the Commander in Chief on the subject of modifying Court's recent instructions prohibiting the grant of Pensions to Non-Commissioned Officers and Soldiers whose period of service in the King's Army may exceed that in the Company's before becoming non-effective.

VII. "On full consideration we do not desire that the instructions conveyed to you in paras. 96-8 of our Letter in this Department dated 4th August 1827, which instructions were communicated in the General Order No. 19, 1828, should have a retrospective effect and should apply to persons who entered our Army relying on the established usage of the Service sanctioned by the express authority of your Government, that time served in India in a King's Regiment should be reckoned as service to us. We are willing that, that usage so sanctioned should continue, but then, we positively enjoin that Men entering our Army from that of His Majesty shall be most carefully examined previously to their being enlisted and shall only be enlisted when from their age and health, there may appear every reason to expect from them a long period of service."

VIII. "We are satisfied by the Letter of the Adjutant General which you have transmitted to us that it is essential to the efficiency of our Army that we should obtain Men from His Majesty's; but, when we consider the very early age at which Recruits for His Majesty's Regiments are sent to India, we feel assured that, if you issue and enforce the observance of strict Regulations respecting the admission of Men from His Majesty's Service into ours, in conformity with the direction we have given you above, the cases will be very rare in which the time passed by such Men in our Army will not equal that which they may have passed in the King's."

IX. "We desire that you will make such Men thoroughly acquainted with the Regulations of our Service as to pensions before they are enlisted."

X. "This is the more necessary because a pension from the King, gives His Majesty a permanent claim upon the service of the Man pensioned; and the enlistment of a Man into our Service places it out of his power to perform the condition on which alone he can hold a pension from the King."

XI. "What we have said applies to the cases of Men claiming pensions for length of Service, Men disabled in our Service, by accidents, and circumstances occurring in the course of their duty will, whatever may have been the time passed by them in our Army, receive our favourable consideration. But we enjoin that you place under very strict Regulation the discharge of Men for disability. It is a matter liable to gross abuse, and which must be most closely looked into by you, and will be at all times by us."

Military Letter to Bengal dated 9th June 1830, No. 60.

Letter from —— 18th April 1829. Forwarding Minutes by the Members of Council recommending an alteration in the present table of precedence between Military and Civil Servants, and proposing that henceforward, Lieutenant Colonels rank with Senior Merchants, Majors with Junior Merchants, Captains with Factors, and Subalterns (Lieutenants) with Writers, according to the dates of admission, and their respective grades.

I. "We now reply to your Separate Letter dated 18th April 1829, recommending a revision of the rules of precedence among our Civil and Military Servants.

II. "We very willingly accede to the proposition which you have made to us in behalf of our Military Servants, and we accordingly direct that Lieutenant Colonels shall rank with Senior Merchants; Majors with Junior Merchants; Captains with Factors, and Subalterns with Writers, according to the dates of their respective Appointments and Commissions.

III. "Brevet Commissions will be valid in fixing the comparative rank of Military with Civil Servants."

The following Order by the Right Honorable the Governor, is published for general information.

Ootacamund, 14*th May* 1832.

The Right Honorable the Governor upon inspecting the new Pass from the Khoondah Ghauts into Malabar, where the Pioneers are now employed, was much gratified to see the rapid progress which has been made during the short time they have been engaged on that work.

From the 1st of January last up to the present time, a Road has been made down the rugged sides of the mountain to the length of 6½ miles, being a descent of 6,000 feet, and it is so skilfully and uniformly completed, that no inconvenience is felt in the passage down the Ghaut.

In addition to this great work a road of three miles has been made up the Avelanche Hill and of six miles in the most difficult parts from thence to the top of the Khoondah Ghaut. The passage across the Hills from Coimbatore to Malabar is thus become practicable for laden Bullocks and Palankeens.

The top of the Khoondah Ghaut is about sixty miles from the Sea Coast at Calicut, of which thirty miles may be passed in Boats up the Beypore river—and the village of Woondoor in Malabar and the intermediate

line of Country are now distinctly visible a mile above the point at which the work on the Khoondah Ghaut is completed, and the products of the low Country are already brought by the inhabitants for market to the top of the Pass.

For the successful use of the means placed at Captain Murray's disposal to open a nearer communication with the Western Coast, that Officer is entitled to the warm approbation of the Government, and the Right Honorable the Governor desires that Captain Murray will convey to all the Officers and Men under his Command and especially to the Adjutant of the Corps Lieutenant Le Hardy, the great gratification he has derived from the success of their skilful labours.

It will afford the Right Honorable the Governor great satisfaction to have an opportunity of testifying his sense of Lieutenant Le Hardy's professional merits in a more substantial manner.

The Right Honorable the Governor is pleased to direct that, upon this occasion, the usual extra batta for the day of inspection of the Khoondah Ghauts, be issued to the Corps of Pioneers now on duty upon the Neilgherry Hills.

The following Regulation VII, A. D. 1832, is published in General Orders.

A. D. 1832. REGULATION VII.

A REGULATION *for rescinding Regulation VI*, 1821, *and Regulation IV*, 1827, *and in lieu thereof, enacting rules for the better order and discipline of Military Bazars, the more effective administration of justice, and of the police, at the Stations where such Bazars are established, and at certain other Military Stations, and in Military Forces in the field; the extension of the powers of Courts Martial; and the more effectual prevention of the undue use of spirituous and fermented liquors and intoxicating drugs by the European Troops under this Presidency.—Passed by the Right Honorable the Governor in Council of Fort St. George, on the 4th May* 1832; *corresponding with the* 24*th of Chitterie of the year Nundana,* 1755*th year of Sulliwahn; and with the* 2*d of Zeehidjah,* 1247 *Hijeree.*

Preamble. Whereas Regulation VI, 1821, and Regulation IV, 1827, have been found defective and insufficient to answer their purpose; and further provisions are required for the more efficient administration of the police at Stations where Military Bazars are established and at certain other Military Stations; as well as for the improved administration of civil and criminal justice, in certain cases, to Military persons; and for the extension of the powers of Courts Martial, in certain cases; and whereas further enactments are requisite more effectually to prevent the European troops from obtaining spirituous or fermented liquors, or intoxicating drugs, otherwise than according to the Regulations and under the control of the Officers of Government;—The Governor in Council has, therefore, enacted this Regulation, which shall be in force from the date of its promulgation.

Regulations VI, 1809, III, 1810, VI, 1821 & IV, 1827, rescinded.

II. Regulation VI, 1809, Regulation III, 1810, Regulation VI, 1821, and Regulation IV, 1827, are hereby rescinded.

At Military Bazar Stations police power vested in the Commanding Officer.

III. And, immediately, in the Commissariat Officer under him.

IV. The immediate charge of the police within the said limits, under the orders of the Officer Commanding, shall be vested in the senior Commissariat Officer of the Station, or in such other Officer as may be specially appointed by the Government, who shall have authority to take examinations on oath, or under a solemn declaration. V. *First.* In every General Military Bazar "at Military Bazar Stations," a Register shall be kept by the Officer in immediate charge of the police under this Regulation, wherein all persons having houses, shops or other buildings, or fixed places within the limits thereof, in which they carry on trade, or otherwise supply or serve the troops, may have their names and occupations entered. A similar Register shall be kept for registering Bazarmen attached to Corps; and every Bazarman so registered, and having a shop or shops situated within the limits of a Military Bazar, whether belonging to a General Military Bazar or to a Regimental Bazar, shall be exempt from the payment to Government of the Veesabaddy and Moturpha taxes. These Registers are invariably to be deposited in the office of the Commissariat or other Officer in charge of the police, or of the Regimental Staff Officer, as the case may be; and copies of the same are to be furnished to the Collector of the district, and any alteration therein duly notified to him: for which Commanding Officers will, in all cases, be held responsible.

Their consent necessary and they may demand their discharge.

Second. No Military Bazarman shall be registered without his own consent; and at Military Bazar Stations, without that of the Officer in immediate charge of the police under this Regulation; and every person so registered shall be discharged from registry, if there is not at the time any complaint against him, on his own demand; provided that when any Corps is on actual service, or there is an immediate prospect of its being ordered to march, the Commanding Officer of such Corps shall have authority to withhold the discharge of any person attached to the Bazar of that Corps; but he shall withhold it so long only as the immediate exigency of the public service may require. The Right Honorable the Governor in Council is pleased to publish in General Orders, the following Extract of a letter in the Ecclesiastical Department from the Honorable the Court of Directors dated the 14th March last, and to direct, that in future the travelling expenses of Chaplains at this Presidency be regulated in conformity thereto.

" The amount of grants to Chaplains appointed to visit Out-stations periodically has lately come under " our consideration, in consequence of a communication received from the Bengal Government, and as our " decision is equally applicable to your Presidency, we will here transmit it."

" The practice of periodical visitations by District Chaplains is, we think judicious, being calculated " to make the Services of our Ecclesiastical functionaries more extensively useful than they would otherwise " be. But whilst for this reason we sanctiou the grant of an extra allowance to each Chaplain for the period " of such visits, we are of opinion that 360 Rupees per month, the amount paid by you, is excessive and we " desire that it be immediately reduced to 200 Rupees per mensem which we think amply sufficient.

" We direct that you will immediately adjust all the allowances granted by you upon the principle " now explained."

The documents required in support of the travelling expenses of Chaplains will be 1st, the order or authority of the Venerable the Arch-Deacon for proceeding on their periodical visitations, and 2dly, their own declaration upon honor of the actual period of absence from their proper station, provided the distance exceeded eight miles.

Separate Letter from ——— dated 25th April 1829.
Proposed Establishment of a Military Retiring Fund.

I. We are very solicitous for the comfort of our Officers upon retirement and are therefore disposed cordially to encourage the institution of Funds in furtherance of that desirable object.

II. Schemes of a nature similar to that which you have submitted, though differing from it in some points of detail, have been proposed at Madras and at Bombay, and we think it desirable that the Funds which may be formed at the three Presidencies should be constituted upon a uniform principle in all respects.

III. We regret that in the present state of the Company's affairs it is not possible for us to aid the Funds by a direct contribution, but we are willing not only to bear the increased charge of Retired Pay that will be consequent upon their Establishment, but also to sanction the grant of an Interest of 6 per cent per annum on the balances of the several Funds, and the remittance of the Annuities which they may grant through our Treasury at the rate of 2*s.* the Sicca Rupee.

IV. The only conditions we require are, that the Regulations shall be submitted to us for our approbation, that the aggregate amount of the Annuities to be granted in each year shall not exceed £7,750, in the proportion of

£3,850 Bengal
2,700 Madras, and
1,200 Bombay

£7,750

which are the amounts contemplated in the several Schemes, and that the number of Annuities granted in each year shall not exceed 24, in the proportion of 12 at Bengal, 8 at Madras and 4 at Bombay. These amounts and numbers are of course fixed by us with reference to the Establishments as they now exist.

V. We shall transmit a copy of this Dispatch to the Governments of Madras and Bombay, with instructions to them to communicate with you upon the subject.

FORT ST. GEORGE, 9TH NOVEMBER 1832.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council has been pleased in the Ecclesiastical Department, under date the 2d Instant, to publish the following revised Rules, for the guidance of Chaplains in their official duties.

FORT ST. GEORGE, *November* 2, 1832.

The Right Honorable the Governor in Council is pleased to direct that the following revised Rules for the guidance of Chaplains in their official duties, be published for general information.

1. Every Chaplain shall report his arrival to the Secretary to Government in the General Department, as well as to the chief Ecclesiastical Authority at the Presidency.

2. The Archdeacon, having received his name and academical degree, his letters of orders, his nomination or appointment, and such other testimonials as he may have, will then appoint a day for the Chaplain to attend to make the usual subscriptions and take the necessary oaths, previous to his being licensed.

3. Every Chaplain must report his arrival at his station to the Civil Auditor, and to the Archdeacon, and also to the chief Civil or Military authority of the station, as the case may be.

4. The Bishop's (or Commissary's) license is to be read by the Chaplain (together with a declaration of conformity to the Liturgy of the Church of England) immediately after the 2d lesson in the morning service, on the first Sunday after his arrival at his station, a certificate of which, signed by two or more of the persons present, is to be forwarded to the Registrar of the Archdeaconry.

5. Every Chaplain shall read divine service every Sunday morning to the Europeans, Civil and Military, residing in the garrison to which he is appointed, when the whole of the morning prayer is to be read, and a sermon to be preached. The evening service, with a sermon, shall also be read wherever suitable provision can be made for that purpose.

6. The Chaplain is to apply to the Commanding Officer, or the chief Civilian in authority, to allot any convenient room which can be spared, for the purpose of divine worship, should no regular Church be established at the station or garrison, to which a Chaplain is appointed; and if no such building or room can be spared, he is to apply to the Commanding Officer, requesting that a range of tents may be pitched for this express purpose every Sunday morning.

7. Should the Clergyman receive any hinderance in the discharge of his duty; should the Europeans not attend divine service, or shops be opened on the sabbath day, the Clergyman is to make the same known, (according as the case may be of a civil or military nature), to the Commanding Officer or senior Civil Servant in writing, and request his interference to prevent such irregularity in future; and, in the event of such complaint not being duly noticed by the Commanding Officer or senior Civil Servant, he is to forward a copy of his complaint to the Archdeacon, to be laid before the Right Honorable the Governor in Council.

8. If from indisposition or other causes, divine service should not be performed by the Clergyman at the appointed times, a letter is to be addressed to the Archdeacon accounting for the omission.

9. The practice of baptizing in private houses is to be avoided by the Chaplain as much as possible, and the Clergyman is to attend at the place appointed for divine service on some fixed day and hour in each week, for the purpose of baptizing Soldiers children; however, this is not to be considered as authorizing the Clergyman to decline attending *at any time or place* to administer private baptism to such Infants as may be in a weak, or precarious state of health.

10. Clergymen, having obtained the Right Honorable the Governor's permission to marry those in the higher ranks of life, and that of the chief Civil or Military Officer on the spot, to marry those in the inferior orders, are to direct the attendance of the parties at the Church or place allotted for divine service in *canonical hours*; and at such time and place, the marriage ceremony is to be performed, except in cases of emergency, and in all such cases, the cause for deviating from this regulation is to be noted on the back of the marriage certificate forwarded to the Archdeacon.

11. In all cases in which a license is not obtained, the publication of banns must be considered as indispensably necessary. The prohibition of a Clergyman of the Church of England from marrying without either banns or license, does not depend upon the marriage act; but upon the 62d canon of the Church.

12. The permission to marry granted by Commanding Officers to Privates under their command, as connected with the military discipline shall be required as heretofore, in such cases, previous to the publication of banns; but such permission cannot be admitted as superseding the necessity of publishing banns, or as justifying the Chaplain in performing the marriage ceremony without such publication, in any case where a license from the Right Honorable the Governor is not obtained.

13. The publication of such banns must be regularly entered in a register for that purpose, in the following form: The banns of marriage between A. and B. were published for the 1st (2d or 3d) time in this Chapel (or at this station) on Sunday the day of in the year of our Lord .

14. Funerals are to be appointed either at ½ past 6 in the morning or 5½ o'clock in the afternoon, ex-

cept during the hot weather, when they shall be at ½ before six in the morning and the same hour in the evening; and the Clergyman is to attend at the latter time if he receives notice of a funeral before 3 o'clock P. M., but if the notice arrives after that hour the interment is to take place on the morning following: cases however may occur, which may require a deviation from this general rule.

15. Attention is to be paid by Clergymen to those seasons set apart for the fasts, festivals and other solemnities appointed by the Church, and they are particularly to use their influence in preventing public amusements in the holy week (commonly called Passion week.)

16. It is a bounden duty of every Clergyman to make frequent visits to the sick Europeans in the hospital, to pray by those who wish for such consolation in their last moments, and (where it may seem proper) to administer the Sacrament of the Lord's Supper.

17. All entries in the Registers of Baptisms, Marriages and Funerals are to be made by the officiating Minister in his own hand, and on the day when the office is performed.

18. All marriage certificates of Europeans, being Soldiers, or persons employed in the Military department, under the rank of Commissioned Officer, shall specify distinctly the birth of the female, whether European, Indo-Briton, Native, &c.

19. Attested copies of the Registers of Baptisms, Marriages and Funerals, must be transmitted regularly every half year, to the Registrar of the Archdeaconry, viz. up to the 31st May and the 30th November in each year.

20. The Chaplain of every station where any of His Majesty's Regiments are stationed, must forward to the Registrar of the Archdeaconry for transmission to the Chaplain General's Office, half yearly and for any broken period that may occur previous to his leaving the station on which he is employed, a copy duly signed by himself and by the Officer in command of the station, of the Regimental Registers of Marriages and Baptisms now kept in conformity with the general regulations on this subject.

21. The size of Monuments hereafter to be erected in the burial ground of any out-station, shall be limited to seven feet in length by three and a half in breadth.

22. All communications from the Clergy, are to be addressed to Government thro' the Archdeacon, in order that he may make such remarks thereon as he may think proper.

23. A Chaplain, when directed to visit the out-stations of his district periodically, is permitted to draw a travelling allowance at the rate of 200 rupees per mensem, to be calculated at the rate of one day's allowance for every ten miles, allowing for a halt on the 7th day: provided however, that the allowance drawn on this account shall in no case exceed 200 rupees per mensem. The documents required in support of the travelling expenses of Chaplains will be—1st, the order or authority of the Venerable the Archdeacon for proceeding on their periodical visitations; and 2dly, their own declaration on honor that the journey so authorized has been performed.

24. A Chaplain attached to a Military station on applying for leave of absence must state that the Officer Commanding concurs in the measure, but the application must in every case be made thro' the Archdeacon to the Government.

25. No Clergyman, appointed to officiate as a Chaplain to any particular station, shall on leave of absence, from that station or otherwise, indirectly take upon himself the professional duties belonging to a Clergyman of a different station, while such Chaplain resides on the spot or is near enough to be communicated with (as occasion may require), and is capable of performing such duties, unless his consent be previously obtained.

26. Any Chaplain who may be absent from his station without leave, shall be considered to have forfeited the whole of his allowances for the period of his unauthorized absence, unless the penalty be expressly remitted by Government; and any Chaplain exceeding his leave, shall be held by the Civil Auditor to be absent without permission for the time of such excess.

27. Any Chaplain leaving his station, whether with or without the orders of Government, shall be bound to report the circumstance to the Civil Auditor.

28. Any Chaplain who may be removed from his station to another, shall in like manner report to the Civil Auditor, the dates of his departure from the one and of his arrival at the other, and the Civil Auditor is restricted from passing the Bill of any Chaplain appointed to a new station for the allowances belonging to such station (without the special orders of Government) until he shall have received a report of his arrival at the place of his appointment.

29. Leave of absence, when solicited for the purpose of visiting any place on the continent of India, shall not be granted for a longer period than six months, but will be extended at the discretion of Government, on due and sufficient cause being shewn.

30. Any Chaplain desiring to visit the Presidency with the intention of making a voyage to sea, for the benefit of his health, or otherwise, shall be required distinctly to specify, in his application the period of leave necessary for the first purpose, at the expiration of which renewed leave shall be given, for periods not exceeding one month, until he finally avails himself of the further permission to quit the Presidency, on which occasion the vessel on which he embarks must be duly reported.

31. Any Chaplain arriving at the Presidency, whether from the interior of the country or from abroad, shall report his arrival to the Secretary to Government, in the General Department, as well as to the Chief ecclesiastical authority at the Presidency.

32. Any Chaplain returning to the Presidency after having made a sea-voyage, for the recovery of his health, or otherwise, shall (unless the contrary is specially sanctioned by Government) be required to rejoin his station within the time that may be prescribed for travelling to the station to which he stands appointed.

33. One day will be allowed for every ten miles of distance as recorded in the Office of the Quarter Master General, a week being given over and above this allowance for preparation for the Journey. If under special circumstances a longer period shall be found necessary, an application may be made to Government for an increased allowance of time or leave of absence for the excess.

34. Chaplains absent from their station with the leave of Government, whether on account of sickness, or of their private affairs, for a period not exceeding one month in the year, shall not be subject to any deduction from their allowances.

35. Chaplains absent from their station on account of private affairs for a continuous period exceeding one month in the year, shall forfeit ½d of their allowances during the whole time of their absence.

36. Chaplains absent from their stations on certificates of ill health for a continuous period exceeding one month in the year, if within the limits of the Presidency shall forfeit ½th of their allowances during the whole time of their absence; Chaplains proceeding to sea, or beyond the limits of the Presidency, on certificates of ill health for a continuous period exceeding one month in the year, shall forfeit ½th of their allowances for one year and ½th for the next six months of their absence.

37. Chaplains absent from their station, whether on account of sickness or private affairs, for a period exceeding 18 months, shall forfeit their appointment, and thereafter receive only an allowance of 244 rupees per mensem, until they obtain a new appointment.

38. A Chaplain officiating for an absentee will receive the allowances stopped from the absentee, when the stoppage does not exceed 200 rupees per mensem; but in all cases when the deductions exceed that sum, the surplus will be credited to the account of civil charges.

39. All applications for change of station must be made direct to the Right Honorable the Governor, or his Private Secretary.

40. The Chaplains are amenable to the Ecclesiastical tribunals for such offences only as would render the Clergy of the Established Church amenable to the Ecclesiastical tribunals in England, and for all other offences they are liable to be tried as all other Europeans in India are, by the ordinary tribunals of the country. If however, the offence should be committed out of the jurisdiction of the ordinary court, and in places where the rest of the community are subject to Military law, in such a case, and in such a case alone, they are subject also to Military law, for all offences of temporal cognizance.

41. On leaving the Archdeaconry, it is the duty of every Chaplain to apply to the Archdeacon for testimonials under the Episcopal seal. If testimonials are also obtained from two Clergymen in the Archdeaconry, they should be countersigned by the Archdeacon.

G. O. BY GOVERNMENT.

After the severe but necessary example which His Excellency the Commander in Chief has been compelled to make of a few Native Soldiers who were concerned in a Conspiracy against the British Interests, it is a matter of great satisfaction to the Right Honorable the Governor in Council to know that, the Plot was discovered, and defeated, through the instrumentality of other individuals of the Native Army; that not one Commissioned Native Officer was implicated in the crime; and that the character for fidelity and attachment which has always distinguished the Native Troops of this Presidency remains untarnished.

To mark the sense which the Government entertain of the conduct of Naigue Nagapah and Private Nutter Cawn of the 48th Regiment of Native Infantry, and Private Muttra Pursad of the Horse Artillery, who by their prompt and early intelligence rendered nugatory any attempt which might have been made by the Conspirators, the two former are promoted to the rank of Jemadar and the latter to the rank of Havildar, with a donation of 500 Rupees each.

The undermentioned Commissioned, Non-Commissioned Officers and Privates of the 48th Regiment of Native Infantry, who likewise evinced their fidelity and attachment to the Company on the occasion; by less early but timely information of the existence of the Conspiracy are promoted.

Jemadar Imam Khan to be Subadar,
Havildar Shabbash Khan to be Jemadar,
Lance Naigues Sheikh Mhoodeen and Isoof Beg, and Naigue Mahomed Kassim to be Havildars,
and
Private Shekh Hoosein to be Naigue.

The several Commissioned and Non-Commissioned Officers above named will be borne as Supernumeraries until vacancies occur to bring them on the fixed establishment of their respective Corps.

FORT ST. GEORGE, 1st JANUARY 1833.

G. O. BY GOVERNMENT.

Ordered that the following Extract from the Honorable Company's General Letter in the Military Department, dated the 16th of June 1815, be re-published in General Orders.

Para. 139. "In consequence of the numerous applications which have been preferred to us by our Servants, on leave of absence in this country, for advances of money on loans, we think it proper to recall your attention to our orders in the Military Department of the 26th February 1808, upon this subject. Those orders declared our determination not to make any pecuniary advances to Officers at home, beyond what they are allowed by the existing Regulations of the Service, and you were required to publish them in General Orders to the Army; but as a resolution of this description, in order to be generally known to a body which is continually receiving an accession of new members, should be occasionally republished, and being fully persuaded, that a strict observance of this resolution, will prevent much trouble and inconvenience besides loss to the Company, we direct that our orders above adverted to, be in future circulated for the information of the Army, in the month of January every year, and we shall take the necessary steps for reminding Officers, who may arrive in England upon furlough, of our determination upon the subject in question."

FORT ST. GEORGE, 4TH JANUARY 1833.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council, in publicly acknowledging the general good conduct of the European and Native Troops lately employed on an active and harassing warfare at Malacca, has much satisfaction in noticing in a prominent manner, the conduct of Havildar Peer Homed of the 29th Regiment of Native Infantry, and Private Meer Emaum Alli, of the 5th Regiment of Native Infantry, the former when posted at Songypettah, with a Naigue and 19 Privates to protect supplies, maintained his position for several hours against 300 Malays, and after having his Naigue and four Sepoys wounded, eventually compelled the enemy to retreat; The latter, nobly covered his Commanding Officer Ensign Wright, when he fell severely wounded within twenty yards of a Stockade.

To mark the sense which the Government entertain of the brave and judicious conduct of the Havildar, and the devotion and gallantry of the Private, which are alike meritorious: The Right Honorable the Governor in Council is pleased to promote the former to the rank of a Subidar, and the latter to the rank of a Havildar; and to permit their being borne as Supernumeraries until opportunities offer to bring them on the fixed establishment of their respective Regiments.

To guard more effectually against the abuses which have been from time to time practised in the Pension Department, The Right Honorable the Governor in Council enjoins the strictest attention to that part of the G. O. by Government of the 5th of October 1821, which requires that all claims on behalf of the nearest Heirs of Native Officers, Soldiers or Followers shall be investigated and reported on by a Committee to be assembled at the Head Quarters of the Corps, Detachment or Department, to which the deceased belonged; and further directs, that, the Committee shall, in all cases, be composed of three European Commissioned Officers, the President not being under the Rank of a Captain, and the Subalterns not under six years standing in the Army.

The following Letter in the Judicial Department is published in General Orders.

No. 136.

To

Brigadier General H. G. A. TAYLOR,
Commanding Northern Division.

SIR,

Para. I. I am directed to acknowledge the receipt of your letter of the 4th Instant, announcing the capture of Veerabudrarauze by a party under Major Muriel.

II. The spirit and judgment which have from first to last distinguished Major Muriel's operations deserve the warmest commendation of Government. In a service particularly harassing and vexatious to the Troops, and one in which he was constantly exposed to failure and discouragement, Major Muriel succeeded in inspiring his Men with the same resolution which animated himself, and at length by a judicious disposition of his detachment, and by persevering in the pursuit of Veerabudrarauze at a moment when many reasons might have been assigned for abandoning it, he has effected a great public benefit.

III. Although the Right Honorable the Governor in Council is satisfied of the meritorious exertions of every man in Major Muriel's detachment, the reward offered for the seizure of Veerabudrarauze is undoubtedly due to Vencataputtyrauze, Mahomed Esoph and the party of 25 Men who fortunately captured him. The Collector of Vizagapatam will be desired to hold at your requisition the sum of 5,000 Rupees offered for his apprehension, and you will have the goodness to disburse it in such a manner as you may consider most suitable to the occasion.

IV. The Right Honorable the Governor in Council desires me in conclusion to apprize you of the continued approbation with which he regards all the measures you have adopted in furtherance of the important service confided to you.

FORT ST. GEORGE,
12th February 1833.

I have the honor to be,
SIR,
Your most obedient Servant,
(Signed) T. R. WHEATLEY,
Secretary to Government.

By order of the Right Honorable the Governor in Council.

Secretary to Government.

1. Upon the death of any European Officer or Soldier, whether Intestate or otherwise, his Effects then in Camp or Garrison are to be secured under the authority of the Commanding Officer of the Regiment or Station to which the deceased belonged, as directed in Section XVI of the Articles of War; the Committee invariably assembling within four and twenty hours from the time of the Casualty.

2. Should there not be Officers present with the Regiment of the description specified in Art. I, Section XVI of the Articles of War, then the Committee may be composed of such as may be available, the Seniors being selected.

3. The Committee are to take a correct Inventory of the whole of the Effects and Account of the Credits of the deceased, mentioning especially and in all cases whether any and what amount of Cash was found in the deceased's possession, and whether any and what amount of Pay and Allowances was due to the deceased, also an account of his Regimental Debts, and the same are to be entered in a Book to be kept for that purpose to be entitled "Register of Estates," which Book shall form a Regimental Record, and a copy of such Inventory and Account shall be forthwith forwarded to the Secretary to Government in the Military Department, such copy to be attested "a true copy from the entry in the Register."

4. It will be the duty of the Committee in preparing such account of Credits and Debts, carefully to investigate the latter and to record their opinion as to the correctness of each claim.

5. Claims coming decidedly within the description of Regimental Debts, to wit, Regimental Mess Accounts, charges or expenses relating to the Illness or Funeral of deceased Officers and Soldiers, charges for House Rent, Servants Wages and House Expenses for periods not exceeding one month and the portion of the month in which the Casualty may occur, may be discharged by the Commanding Officer without previous reference to the Secretary to Government in the Military Department.

6. All other claims preferred at Regimental Head Quarters, such as accounts with Station Shopkeepers, loans, &c. must be left for adjustment by the person who may eventually administer to the Estate.

7. It will be the duty of the Commanding Officer to draw without delay whatever arrears of Pay and Allowances may be due to the deceased.

8. In cases of an Intestacy it is ordered that within one fortnight after the taking of the Inventory, a sale of the Effects shall take place by Public Auction to the highest bidder, due notice thereof having been given, and within one fortnight after such sale, the Account Sale shall be entered in the "Register of Estates" and a copy of such Account Sale shall be forthwith forwarded to the Secretary to Government in the Military Department, such copy to be attested as directed in para. 3.

9. The Officer Commanding will be accountable for the recovery of the amount of all purchases, and for the correctness of all payments from the proceeds of Estates. It being his province to nominate the Auctioneer, and when he may see fit to prohibit the delivery of Goods until their value has been received; credit may be given to Military persons but not beyond the second issue of Pay after the sale.

10. It is ordered that within one fortnight after such second issue of Pay the Officer Commanding shall cause to be entered in the said Register an Account in the form annexed, debiting himself with all the Credits of the Estate and crediting himself with all payments of Regimental Debts, and shewing that the balance has been lodged in the Pay Office and a Transfer Receipt obtained, and a copy of the same, attested as in para. 3, together with all vouchers for all payments and the Sub Treasurer's Receipt for the balance is to be forwarded to the Secretary to the Government in the Military Department as soon as the Sub Treasurer's Receipt for the balance shall have been received.

11. The Auctioneer shall in no case receive a greater per centage or remuneration than 5 per cent, which shall be paid by the Commanding Officer on the day on which the accounts of the Estate are finally closed, if his accounts are correct and the amount of purchases recovered, but not otherwise.

12. If there be any House or article of great value which may seem to the Officer Commanding to justify the postponement of the sale or the extension of credit beyond the time by this order limited, he may, if he sees fit, postpone the sale, or, on his own responsibility, make a special agreement for the payment of the price of such House or article of great value, such postponement of the sale and such special agreement being immediately brought to the notice of the Secretary to the Government in the Military Department, together with the special circumstances which have seemed to such Officer Commanding to justify a departure from the course prescribed in the 8th para. of this order.

13. When any Military Person indebted to an Estate shall, before the full payment of the account of his purchases, apply for leave of absence on sick certificate or otherwise, it will be the duty of the Officer in charge of the Estate from which such purchases have been made to recover the payment of the debt prior to the departure of the individual from his Station, or to report the default to the Accountant General and to the Secretary to Government in the Military Department.

14. In the case of a Will and no Executor named being at the time of the death within the Presidency of Madras, the Officer Commanding shall, together with the copy of the Inventory and Account of Credits and Debts mentioned in para. 3, forward to the Secretary to Government in the Military Department a copy of the Will. In all other respects the Officer Commanding will proceed as in the case of an Intestacy.

15. In the case of a Will, in which an Executor is named, who at the time of the death of the deceased is within the Presidency of Madras, the Officer Commanding shall, together with the copy of the Inventory and Account of Credits and Debts, mentioned in para. 3, forward to the Secretary to Government in the Military Department, a copy of the Will.

16. It will in this case be the duty of the Officer Commanding not to direct the sale of any article, except live stock, or such as are of a perishable nature, until he shall receive instructions, in writing, from the Executor.

17. The Officer Commanding shall forward to such Executor a copy of the Will, also a copy of the Inventory, and Account of Credits and Debts mentioned in para. 3, noticing at the foot of such copy of the Inventory the live stock and perishable articles which have been sold and the prices which were given for the same respectively.

18. The Officer Commanding must, in the first place, take care, that all Regimental Debts, &c. are paid, and in the next place he will attend, as to the disposal of the property of the deceased, as nearly as he can, to the wishes of the Executor expressed in writing.

19. When an Officer whether Intestate or otherwise, dies at a Station to which he does not properly belong, it will be the duty of the Officer Commanding to take all necessary steps, in conformity with the preceding instructions; and the Commanding Officer of the Corps or Station to which the individual was attached, will likewise, on receiving intimation of the Officer's decease, take similar measures with regard to the property which may there be forthcoming.

20. An Officer Commanding, quitting or being relieved from the charge of a Regiment, shall render to the Officer succeeding to such charge, the account of every Estate, whether of an Intestate or otherwise, the accounts and balance of which shall not have been then already rendered to the Secretary to Government in the Military Department, or Executor, as the case may be; and such succeeding Officer will be responsible for the correctness of the account, unless, at the time of receiving charge of the Regiment, he objects to the account and brings such objection to the notice of the Secretary to Government in the Military Department.

21. In case of any Officer Commanding dying, or being by sickness incapacitated from rendering any account, the next Senior Officer shall direct the assembly of a Committee consisting of three of the Senior Officers of the Station or Regiment, for the purpose of taking an account of all Estates, whether of Intestates or otherwise, the accounts and balances of which shall not have been then already rendered to the Military Secretary or Executor, as the case may be; and the Committee so assembled shall render the accounts taken to the Officer succeeding to the Command, in case of such death or sickness.

22. Officers Commanding will be held responsible for the strict fulfilment of the several provisions of this Order, and any loss which may arise by a deviation therefrom, will be recovered from their Pay and Allowances under the authority of Government.

23. They will likewise on making over an Estate to the Secretary to Government in the Military Department, to the Executor, or to the Registrar of the Supreme Court, as the case may be, submit a Notification of their having done so for publication in the Fort St. George Gazette.

G. O. BY GOVERNMENT.

Colonel J. Prendergast, of the 39th Regiment of Native Infantry, is permitted to resign the appointment of Military Auditor General, and to proceed on sick certificate, to the Cape of Good Hope and eventually to England. His furlough, will commence, from the date of his embarkation.

Colonel Prendergast has held the important and confidential Office of Military Auditor General at this Presidency, upwards of 20 years. The zeal and integrity, the correctness and impartiality which have invariably characterized the discharge of his duties, and the ready and able manner in which he has at all times afforded the Government the benefit of his advice, has justly secured their entire confidence and esteem; while the many valuable suggestions which he has, from time to time, offered, for the better management and control of different branches of Military expenditure, have obtained, for him, frequent expressions of their approbation, and high commendations from the Honorable the Court of Directors. The Right Honorable the Governor in Council, on the retirement from Office of Colonel Prendergast, derives satisfaction, from publishing to the Army, the sense which he entertains of that Officer's character and services.

By order of the Right Honorable the Governor in Council.

SIR,

Referring to the inclosed copy of His Majesty's Warrant of 30th of July 1830, regulating the Provision No. 680. 30th July 1830. No. 717, 31st Jan. 1832. of Clothing, necessaries and accoutrements for Corps of Cavalry, and the accompanying Circulars relative thereto, I am directed by the Secretary at War to request, that you will move the Court of Directors to issue the necessary instructions as to the payment of the allowance of 8*s*. 6*d*. per annum granted from the 1st January last, to Soldiers of Cavalry who enlisted previously to the 31st August 1830, which allowance was established by Article 20 of His Majesty's Warrant above referred to, and his authorized by the Circular of 31st January 1832, to be charged in the accounts of the Regimental Paymaster.

CIRCULAR, No. 680.

WAR-OFFICE, 30TH JULY 1830.

SIR,

I have the honor to transmit herewith, for your information and guidance, the enclosed copy of His Majesty's Warrant of the 30th instant, regulating the provision of Clothing, Necessaries, Accoutrements and Appointments, for Corps of Cavalry, and at the same time to bring to your notice the principal points of difference between the Regulations thereby established, and those contained in the preceding Warrant of the 21st June 1828, which is now cancelled.

In *Article* 1, a reduction of 8*s*. per Man is made from the annual amount of the Colonel's Off-reckonings for the following reason, namely, that the expense which has hitherto fallen upon the Colonel for the Drawers, Gloves, Boots and Spurs, of the Soldiers is in future to be defrayed by themselves, as those parts of their Dress are henceforward to form a part of their Necessaries.

In *Article* 2, the object for which the Assignment of Off-reckonings is required to be made by a Colonel, is more fully defined; namely, to ensure the punctual discharge of the Bills of the Clothier and other Regimental Tradesmen, by the Assignee, for the Supplies furnished, and to relieve the Colonel from all subsequent responsibility for the payment of those Supplies.

In *Article* 4, the biennial assignment of Off-reckonings is made general to all Cavalry Corps, whereas by the former Warrant quadrennial Assignments were allowed for Hussar Regiments. This alteration was thought to be expedient, chiefly on account of the length of time which, in case of the death or removal of a Colonel of Hussars soon after he had made his Assignment, his Successor might remain without deriving any advantage from the Off-reckonings for his Corps, and partly also to prevent inconvenience to the Executors of a deceased Colonel from the necessity of keeping open for several years an unsettled Clothing Account with his Regiment.

In *Article* 6, it is directed that the periodical Assignment of Off-reckonings, instead of commencing as formerly on the 25th December, and terminating on the 24th December, shall in future begin on the 1st January and end on the 31st December, thus assimilating the Military year to the Calendar year, in Clothing as well as in Pay.

In *Article* 9, specifying the Clothing to be in future provided by Colonels, the Flannel Drawers and Gloves, which were included in the former Warrant, are omitted for the reasons stated in my observations on Articles 1 and 20.

In *Article* 20, the Allowance in aid of the Supply of Necessaries for every Recruit who may be enlisted after the 31st August next, is augmented from £2. 6*s*. 1*d*. to £3. 8*s*.; but, in consideration of this increased Allowance, the Drawers, Gloves, Boots and Spurs, towards the expense of which the Colonel contributed, are in future to be provided at the sole cost of the Recruit as a part of his Necessaries.

And as the Rates of Off-reckonings allowed to the Colonel for the whole Regiment, have been reduced in the manner explained in my observation upon Article 1, the Public will pay, upon the termination of the existing Assignment of these Off-reckonings, to every Soldier, enlisted before the 1st of September next, 8*s*. 6*d*. a year, this being the amount which it is calculated the Colonel has hitherto contributed in aid of the abovementioned Articles of Dress, and the said Compensation shall accordingly be charged in the December Pay List, or, if the Soldier be discharged at any intermediate period, he shall receive such proportion thereof as may be due.

In *Article* 21, two Towels are added to the List of Necessaries for the Soldiers; all the other Necessaries are the same as in the former Warrant, but are more methodically arranged in the present List. In the Clause immediately following the Statement of Necessaries peculiar to Light Cavalry, you will remark that from and after the 1st January 1831, the Allowance of 1*s*. 8*d*. a year to each Cavalry Soldier on *Home Service*, in aid of his expense in keeping up the Horse Cloth, or Saddle Blanket, and Surcingle, is to be discontinued. The alteration is made, as it is considered that there is no reason for making a distinction in this respect, between the Soldier *at Home* and the Soldier *Abroad*. But as the men who may be effective on the 31st December next, will have a claim to that proportion of the said Allowance which may have accrued up to that date, such claim should be then forwarded to this Office, supported by a certified Statement of Particulars.

The *Articles from* 24 *to* 30 inclusive, in the present Regulation, are substituted for the Articles 23 and 24 in the late Warrant, and contain very full Instructions relative to the future Supplies and issues of Necessaries, and to the Payments and Charges for that Service.

I have the honor to be,
Sir,
Your most obedient
humble Servant,
H. HARDINGE.

WARRANT REGULATING THE PROVISION OF CLOTHING, NECESSARIES, ACCOUTREMENTS AND APPOINTMENTS, FOR CORPS OF CAVALRY.

Dated the 30th July, 1830.

WILLIAM R.

Whereas We have judged it expedient to revise and alter the Warrant of our late Royal Brother, dated the 21st June 1828, regulating the Provision of Clothing, Necessaries, Accoutrements, and Appointments for our Corps of Cavalry; Our Will and Pleasure, therefore, is, that from and after the 25th day of December, 1831, when all the existing Assignments of Off-reckonings, or Allowance for these Services, will terminate, the Regulations annexed to this Our present Warrant shall be established and obeyed, as our sole and standing Authority on the several subjects to which it relates.

It is likewise Our Pleasure, that except in cases of urgent and unavoidable necessity, which necessity is to be immediately reported to Our Commander-in-Chief, for Our consideration, any Colonel, or other Officer, who may direct, or knowingly permit, any variation whatever from the sealed patterns of the said clothing and other articles above specified, without the authority of Our Commander-in-Chief, or any deviation from the said Regulations, unless Our special sanction for such deviation be communicated through Our Secretary at War, shall, for each offence, be held amenable to a Court Martial, and shall receive such punishment as the Court may award.

And that no Officer may be ignorant of Our Intentions, it is Our further pleasure that a Copy of this Our Warrant be made in the Orderly Book of every Corps of Cavalry in Our Service, and of Our Royal Waggon Train.

And for the due performance of the several matters herein-after mentioned, this shall be to all Persons whom it doth or may concern, a sufficient Warrant, Authority, and Direction.

Given at Our Court at James's, this 30th day of July, 1830, in the First Year of Our Reign.

By His Majesty's Command,
H. HARDINGE.

Sir,

It having been established by the 20th Article of the Cavalry Clothing Warrant, dated 30th July 1830, that from and after the 1st January 1832, every Cavalry Soldier enlisted previously to 31st August 1830, shall receive an allowance of 8*s*. 6*d*. per annum in lieu of the Contributions hitherto paid by the Colonel out of his Off-Reckonings towards the expense of the Soldiers, Boots, Spurs, Drawers and Gloves, I am directed to acquaint you, that the said allowance is accordingly to be charged in the Regimental Pay List terminating on the 31st December of each successive year, the charge thereof to be supported by a List of the Men specifying their Ranks and the amount issued to them respectively and

The Right Honorable the Governor in Council directs, that the following Regulations regarding the preparation and transmission of Bounty and Warning Certificates be substituted for those contained in the Pay Code, Head, Recruits, page 359.

One month previous to the expiration of a man's period of service, he is to be warned thereof, and at the expiration of that period he is to be called upon to declare whether he will re-enlist or not.

Bounty Certificates are to be prepared and forwarded to the Adjutant General for all men who are desirous of re-enlisting, as soon as their time expires—provided they are certified by the Surgeon to be fit for Field Service. If unfit for Field Service a report is to be made without delay to Head Quarters.

Warning Certificates are to be sent in at the same time for all men who declare themselves "unwilling" to re-enlist.

These Certificates, both Warning and Bounty, are always to be forwarded through the Head of the Department or through the Head Quarters of the Corps to which the man may be attached. For Artillery the Certificates whether at Battalion Head Quarters or from detached Companies are to be transmitted through the Commandant of Artillery. They are to be prepared in the annexed Forms.

On the back of each Bounty Certificate is to be certified by the Officer Commanding the Company, that the Man is either worthy or unworthy of receiving the Bounty. In the latter case a special report of the individual's character is to accompany the Bounty Certificate.

The Bounty Certificates when countersigned at the Adjutant General's Office will be returned as a voucher for payment.

It is to be understood that no Man is entitled to the Bounty unless registered as an *European*.

G. O. BY GOVERNMENT.

The Brigadier General Commanding the Northern Division of the Army, having reported that, in consequence of the restoration of tranquillity throughout the Vizagapatam District, he has recalled the Troops that have been so actively employed on Field Service for many months, the Right Honorable the Governor in Council deems this a fit opportunity to express the high sense he entertains of the exertions of Lieutenant Colonel Muriel and the Officers and Men of the Detachments under his Command—he has observed with great approbation the zeal, energy, and activity, evinced by that Officer, and by all ranks under him, throughout a harassing service in which they had to contend against many difficulties that nothing but the most determined perseverance could have enabled them to overcome.

The Right Honorable the Governor in Council desires also on this occasion to record his approbation of the services of Major Baxter and the Officers and Men of the Detachments employed under him in Kimedy, and his satisfaction at the success of their operations during the short time the season admitted of their being in the field.

To mark his approbation of their conduct and services, the Right Honorable the Governor in Council is pleased to grant a gratuity equal to one month's pay and allowances to the European Officers, and one month's pay to the Native Officers and Sepoys of the Detachments employed under Lieutenant Colonel Muriel, and a gratuity equal to one month's full batta to the Officers and Men of all ranks in the Detachments employed under Major Baxter—the gratuities will be paid upon abstracts signed by the respective Commanding Officers and countersigned by the Brigadier General Commanding the Division.

The thanks of Government are eminently due to Brigadier General Taylor for the ability with which he has directed the operations of the Troops, and provided for every exigency of the service in which they have been employed.

The Right Honorable the Governor in Council very highly appreciates the judgment and discretion which have marked all the proceedings of Brigadier General Taylor in the performance of the weighty duties which have fallen upon him in the administration of Martial Law in the District of Vizagapatam; and the cordial alacrity and energy with which he has co-operated with the Civil Commissioner Mr. Russell for the restoration of order and tranquillity in that District, and Ganjam.

To Lieutenant Colonel Bowes Commanding Vizianagrum the thanks of Government are due for his promptitude and activity in forwarding the service of the Troops in the Field.

By order of the Right Honorable the Governor in Council.

No. 333.

FORT ST. GEORGE, 31st DECEMBER 1833.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council is pleased to direct that the following Extract, Paragraph 3, of a Letter from the Honorable Court of Directors, dated the 5th June 1833, with the Circular Letter from the War Office therein referred to, be published in General Orders.

3. We also transmit a number in the packet, copies of communications from the Horse Guards and

War Office and of a Circular Letter addressed to Officers Commanding King's Regiments dated 9th July 1830, regulating the mode of keeping certain Regimental documents and granting additional remuneration for that purpose of 6d. per diem to the Paymasters and Orderly Room Clerks; and we desire that the said Circular may be promulgated in the usual manner and the extra remuneration paid to the Clerks in accordance with its provisions.

EXTRACT CIRCULAR No. 671, WAR OFFICE, 9TH JULY 1830.

Officer Commanding

—— Regiment of ————————

SIR,

ORDERLY ROOM CLERK.

17. Having had under my consideration the situation of the Orderly Room Clerk, I am of opinion that advantage will result to the Service by selecting a Private Soldier of the Regiment as Orderly Room Clerk, allowing him the difference between the pay of Private and that of Serjeant, the Soldier thus selected who shall continue faithfully to discharge his duties for a period of three years will be allowed to rank and reckon service as a Serjeant including the three years of probation; but if at any time he shall relinquish the situation without the approbation of his Commanding Officer, or is displaced therefrom in consequence of misconduct, he will revert to the rank and pay of a Private Soldier.

As a further inducement to good conduct, the Orderly Room Clerk after having served ten years in that capacity, will receive an additional allowance of six pence a day, making his pecuniary advantages, the same as those of a Colour Serjeant in the Infantry and nearly equal to those of a Troop Serjeant Major in the Cavalry.

It is not however required that the Non-Commissioned Officers at present employed as Orderly Room Clerks, should be displaced, if the Commanding Officer is satisfied with the manner in which the duties are performed; in such case the present regulation will be applied only when a vacancy shall occur.

In reserve Companies, a Private Soldier may be employed as Orderly Room Clerk, receiving an allowance to make his pay equal to that of Serjeant, but having no claim to reckon Service in that rank.

18. Having also adverted to the situation of the Clerk to the Regimental Paymaster who is borne on the Establishment with the rank and pay of Serjeant, but who, in the capacity of Paymasters' Clerk, cannot be promoted to be a Colour Serjeant in the Infantry or to Troop Serjeant Major in the Cavalry, I have to acquaint you, that the Paymasters' Clerk having served ten years as such may be recommended by the Commanding Officer and Paymaster for an allowance of six pence a day in addition to his pay as Serjeant, but this additional allowance will at any subsequent period be liable to be suspended or wholly taken away, if the Paymasters' Clerk is guilty of any neglect or misconduct, the circumstances of the case being fully stated to the Secretary at War, by the Commanding Officer and Paymaster, if it should not be deemed expedient to resort to a Court Martial.

I have the honor, &c.

(Signed) H. HARDINGE,

By order of the Right Honorable the Governor in Council.

(Signed) ROBERT CLERK,

Secretary to Government.
