No. P.—12.

Fort St. George,
Accountant-General's Office,
20th July 1899.

(Signed) T. HESKETH BIGGS,
Accountant-General.

From the Commissioner of Police, Madras, dated 17th July 1899, No. 65.

From W. J. A. SULLIVAN, Esq., Acting Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 8th August 1899, No. 3144.

With reference to paragraph 2 of G.O., No. 803, Financial, dated 17th July 1899, I have the honour to submit a statement showing the distribution of the provision for the second quarter of this year among the districts of the Presidency.

2. From the lists of the plague establishments for the month of July 1899 just received in this office, it appears that the total provision of Rs. 2,000 will be exceeded by about Rs. 1,000. In the next two quarters expenditure is likely to decrease as the plague force is being reduced. The total provision for the year will, therefore, not be exceeded.

3. If the figure Rs. 2,000 is corrected into Rs. 3,000, I request that Rs. 1,500 for the third quarter and Rs. 1,500 for the fourth quarter may be entered in the consolidated estimate.

Enclosure.

Statement showing the distribution of provision on account of plague for the second quarter of 1899–1900 among the districts of the Presidency.

Order—No. 906, Financial, dated 17th August 1899.

Appendices A, B and C to these proceedings contain the consolidated estimates of plague expenditure for the quarter ending the 30th September 1899 under Provincial, and Appendices D, E and G, the estimates under Local (*Direct* and *Indirect*) and Municipal. Appendix F exhibits the expenditure to be borne by each District Board in 1899–1900 rateably to its receipts, and Appendix H shows the actual *direct* expenditure up to the 30th June 1899 under Provincial, Local and Municipal and the *indirect* expenditure up to the 31st May 1899 under Provincial and Local.

2. The estimates for the year as now framed are compared below with the allotments in the Civil Budget Estimate under Provincial and with the estimates accepted in G.O., No. 1259, Financial, dated 28th December 1898, for Local and Municipal, as also with the last quarterly estimates.

* Sanctioned in G.O., No. 1259, Financial, dated 28th December 1898.

3. Provision has been made in the present estimates for *requirements based on present conditions*. This course should invariably be adopted in all future estimates submitted to Government. If Collectors and other officers find that their estimates as now passed are inadequate, it will be their duty to apply for extra grants. All officers have been already warned in paragraph 7 of G.O., No. 569, Financial, dated 3rd May 1899, that they must not re-appropriate or utilise for non-plague purposes the balances of allotments existing in their original plague budgets.

4. Owing to the amalgamation of the establishment of the Plague Commissioner's office with that in the Local and Municipal Department, the estimate under 18-H. General Administration has exceeded the original grant by about Rs. 9,000. An additional allotment of Rs. 10,000 will be re-appropriated from savings under 24-D. Grants for Medical Purposes.

5. The increased allotment under 15. Post Office will probably not be necessary in view of the fact that it is under contemplation to reduce the establishment in the Kurnool district. The Postmaster-General will, however, be requested to report at an early date on this point.

6. The Board of Revenue will be requested to report as regards the provision under 11. Forest, and the Sanitary Commissioner will forward a re-appropriation statement for the estimated expenditure under 24-C. Sanitation and Vaccination.

7. The establishments of Additional Medical Officers and Special Plague Officers have been retained under Provincial pending the receipt of a reply from the Government of India to letter No. 724, Financial, dated the 23rd June 1899.

8. Appendix H. The Accountant-General will be requested to furnish details for the actual expenditure entered under 24-A. Medical Establishment against Anantapur,

North Arcot, Coimbatore and Kurnool. These amounts should be transferred to Local if they represent the cost of additions to the establishment of District Medical and Sanitary Officers.

9. A sum of Rs. 24 has been shown as expenditure up to the 31st May 1899 under 15. Post Office in the Nilgiri district, while the monthly plague establishment list shows no establishment. This should be explained.

10. The details for Rs. 64–8–0 shown as actuals up to the 31st May 1899 under 19-A. Law and Justice against the Bellary district should also be furnished.

11. In view of obtaining an approximately correct revised estimate of Plague expenditure for inclusion in the preliminary edition of the Civil Budget Estimate for 1900–1901, which is forwarded to the Government of India, the next plague estimates should be submitted so as to reach Government on the 5th November and should show (1) actual expenditure up to the 31st October 1899, (2) estimate for November and December 1899, (3) estimate for the last quarter of the official year, and (4) total estimate for the year. All officers concerned will submit with these estimates an estimate of expenditure for the year 1900–1901 based on the conditions existing at the time of framing the estimates. The Accountant-General will be requested to furnish all officers with forms for the annual estimate, which need not provide for each quarter of the year separately. The submission of quarterly estimates in October will be unnecessary; but, as already pointed out above, officers will be held responsible for promptly obtaining additional grants, should there be any likelihood of any excess over the estimates accepted in these proceedings.

No. P.—12.

Fort St. George,
Accountant-General's Office,
20*th July* 1899.

(Signed) T. HESKETH BIGGS,
Accountant-General.

From the Commissioner of Police, Madras, dated 17th July 1899, No. 65.

From W. J. A. SULLIVAN, Esq., Acting Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 8th August 1899, No. 3144.

With reference to paragraph 2 of G.O., No. 803, Financial, dated 17th July 1899, I have the honour to submit a statement showing the distribution of the provision for the second quarter of this year among the districts of the Presidency.

2. From the lists of the plague establishments for the month of July 1899 just received in this office, it appears that the total provision of Rs. 2,000 will be exceeded by about Rs. 1,000. In the next two quarters expenditure is likely to decrease as the plague force is being reduced. The total provision for the year will, therefore, not be exceeded.

3. If the figure Rs. 2,000 is corrected into Rs. 3,000, I request that Rs. 1,500 for the third quarter and Rs. 1,500 for the fourth quarter may be entered in the consolidated estimate.

ENCLOSURE.

ORDER—No. 906, Financial, dated 17th August 1899.

Appendices A, B and C to these proceedings contain the consolidated estimates of plague expenditure for the quarter ending the 30th September 1899 under PROVINCIAL, and Appendices D, E and G, the estimates under LOCAL (*Direct* and *Indirect*) and MUNICIPAL. Appendix F exhibits the expenditure to be borne by each District Board in 1899–1900 rateably to its receipts, and Appendix H shows the actual *direct* expenditure up to the 30th June 1899 under PROVINCIAL, LOCAL and MUNICIPAL and the *indirect* expenditure up to the 31st May 1899 under PROVINCIAL and LOCAL.

2. The estimates for the year as now framed are compared below with the allotments in the Civil Budget Estimate under PROVINCIAL and with the estimates accepted in G.O., No. 1259, Financial, dated 28th December 1898, for LOCAL and MUNICIPAL, as also with the last quarterly estimates.

* Sanctioned in G.O., No. 1259, Financial, dated 28th December 1898.

3. Provision has been made in the present estimates for *requirements based on present conditions*. This course should invariably be adopted in all future estimates submitted to Government. If Collectors and other officers find that their estimates as now passed are inadequate, it will be their duty to apply for extra grants. All officers have been already warned in paragraph 7 of G.O., No. 569, Financial, dated 3rd May 1899, that they must not re-appropriate or utilise for non-plague purposes the balances of allotments existing in their original plague budgets.

4. Owing to the amalgamation of the establishment of the Plague Commissioner's office with that in the Local and Municipal Department, the estimate under 18-H. GENERAL ADMINISTRATION has exceeded the original grant by about Rs. 9,000. An additional allotment of Rs. 10,000 will be re-appropriated from savings under 24-D. GRANTS FOR MEDICAL PURPOSES.

5. The increased allotment under 15. POST OFFICE will probably not be necessary in view of the fact that it is under contemplation to reduce the establishment in the Kurnool district. The Postmaster-General will, however, be requested to report at an early date on this point.

6. The Board of Revenue will be requested to report as regards the provision under 11. FOREST, and the Sanitary Commissioner will forward a re-appropriation statement for the estimated expenditure under 24-C. SANITATION and VACCINATION.

7. The establishments of Additional Medical Officers and Special Plague Officers have been retained under PROVINCIAL pending the receipt of a reply from the Government of India to letter No. 724, Financial, dated the 23rd June 1899.

8. APPENDIX H. The Accountant-General will be requested to furnish details for the actual expenditure entered under 24-A. MEDICAL ESTABLISHMENT against Anantapur,

North Arcot, Coimbatore and Kurnool. These amounts should be transferred to Local if they represent the cost of additions to the establishment of District Medical and Sanitary Officers.

9. A sum of Rs. 24 has been shown as expenditure up to the 31st May 1899 under 15. Post Office in the Nilgiri district, while the monthly plague establishment list shows no establishment. This should be explained.

10. The details for Rs. 64-8-0 shown as actuals up to the 31st May 1899 under 19-A. Law and Justice against the Bellary district should also be furnished.

11. In view of obtaining an approximately correct revised estimate of Plague expenditure for inclusion in the preliminary edition of the Civil Budget Estimate for 1900-1901, which is forwarded to the Government of India, the next plague estimates should be submitted so as to reach Government on the 5th November and should show (1) actual expenditure up to the 31st October 1899, (2) estimate for November and December 1899, (3) estimate for the last quarter of the official year, and (4) total estimate for the year. All officers concerned will submit with these estimates an estimate of expenditure for the year 1900-1901 based on the conditions existing at the time of framing the estimates. The Accountant-General will be requested to furnish all officers with forms for the annual estimate, which need not provide for each quarter of the year separately. The submission of quarterly estimates in October will be unnecessary; but, as already pointed out above, officers will be held responsible for promptly obtaining additional grants, should there be any likelihood of any excess over the estimates accepted in these proceedings.
