Sir,

I have the honor to acknowledge the receipt of Current No 315. Ecclesiastical Depart., forwarded to me under date 22.10.94 - & to forward a 'nil' return of works required to be carried out by the D. P. W. in connection with my Budget allotment for 1895/96

2. In forwarding this return I have the honor to state that the following work - outside my budget but in connection with Cemeteries will require to be carried out in 1895/96.

Extension of Pallaveram Cemetery G.O. 24th May 1894 No 1304 W. Public Works

3. It is possible also that the extension of the Russelconda Cemetery may have to be carried out during 1895/96. at a cost of Rs 420.-.- The papers have been in my office for some time. but have not been forwarded as the Collector of Ganjam considered that - under the present pressure - the extension need not be carried out this year. It seems somewhat doubtful too whether this extension should be carried out by Govt & I am making further enquiries

I have the honor to be, Sir,
Your most obedient Servant.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper :—

From the Inspector General of Prisons, dated 2nd October 1894 No. C/1554.

From the Public Works Department dated 16th October 1894 No. 3149C.

Order 2nd November 1894 No. 2602

The list will be transferred to the Public Works Department with the following remarks:-

(1) Item 1. The estimate has been raised to R 90.00 (G.O. d/20th October 1894 No. 2514 Judicial).

(2) Item 4. The new Jail is to be constructed by convict labour and the cost charged to Jail manufacturing grant according to the Inspector General's recent proposals which have received the approval of Government.

(3). Item 5. The undertaking of this work has not yet been sanctioned by Government.

(4) Item 6. The professional sanction of a Superintending Engineer to an estimate is not sufficient authority for commencing a work; the estimate is now, however approved;

(5) Items 7 and 9. The estimates are amalgd; items 9 and 11 should, if possible, be carried out departmentally.

(6). Item 8. Warders' huts are in future to be constructed by departmental agency and the estimate should be reduced to an average cost not exceeding R 200 per hut.

(7). Item 12. G.O. of 21st July 1893 No. 1476, Judicial, should have been quoted against this item; it is observed that the Civil Works Budget estimate quotes Rs: 2150 and not Rs: 2330 on account of this work.

(8) Item 13. The remark made against item 6 applies.

(9) Item 15. The amount of the estimate seems to be R27,490 and not R31,173.

From the Venerable W. WESTON ELWES, M.A., Archdeacon of Madras, to the Chief Secretary to Government, dated Nungumbaukum, 7th April 1894, No. 1775.

With reference to my letter No. 1576, dated 19th August 1893, and to G.O., No. 2325 W., dated 9th September 1893, communicated to me in G.O., dated 12th September 1893, No. 76, Ecclesiastical Department, I have the honour to forward, for the favorable consideration and orders of Government, an estimate for extending the Pallávaram cemetery amounting to Rs. 2,410.

No. 785, Ecclesiastical.

Approved, and transferred to the Public Works Department.

OOTACAMUND,
21st April 1894.

(Signed) J. F. PRICE,
Chief Secretary.

Note by the Chief Engineer, Public Works Department.

No provision has been made in the estimate for flooring the side rooms of the new porch. This should be included. The nature of the surface and sub-soil should also have been stated.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—dated 24th May 1894, No. 1304 W., Public Works.

The estimate of Rs. 2,410 for extending the Protestant cemetery at Pallávaram in the Chingleput district is returned to the Superintending Engineer, V Circle, for sanction.

2. Attention is called to the note by the Chief Engineer.

3. It appears from paragraph 3 of the Venerable the Archdeacon's letter No. 1576,* dated 19th August 1893, that there is no immediate necessity for the proposed extension; the work will therefore be brought forward for inclusion in the next year's budget.

READ—the following paper :—

From A. H. GARRETT, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 28th July 1894, No. 286 V.Z.

With reference to your memorandum No. 2373 C., dated the 5th July 1894, I have the honour to submit herewith a copy of the revised estimate for Rs. 3,170 together with a copy of the comparative statement now obtained from the Executive Engineer, Vizagapatam division, for constructing a school-house at Koraput.

2. The above are the copies of the revised estimate and comparative statement submitted to the Director of Public Instruction with this office letter No. 676 V.Z., dated 18th December 1892, for transmission to Government for sanction. It appears that in submitting the estimate to the above officer some slight alterations were made by this office which increased the amount of the estimate to Rs. 3,190 and it cannot now be ascertained what the alterations made were.

3. The plan for the work is also herewith forwarded.

Note by the Chief Engineer, Public Works Department.

The span of the roof, viz., 17′ 6″, being too great for a couple roof with double collar pieces, a truss should be inserted in each room to support the hips. This will necessitate shifting the position of the doors and windows slightly as shown on plan, but the result will be a saving of Rs. 160.

The estimate, amounting to Rs. 3,170, has therefore been revised accordingly.

23rd August 1894. (Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—dated 4th September 1894, No. 2195 W., Public Works.

The estimate amounting to Rs. 3,010, as modified in the Chief Engineer's office, for constructing a school-house at Koraput in the Vizagapatam division, is sanctioned for execution by the Estate Engineer on funds being made available.

2. This sanction has been registered as Provincial No. 47 W. of 1894–95 and classified as Civil Buildings, Original Works.

Three Engineer students and twenty-three Civil Engineer subordinate students of the College of Engineering, who are now undergoing a course of instruction at the Public Works Workshops, will be posted as follows for their second year of practical training on works:—

Five students to the I Circle.	Four students to the IV Circle.
Five „ „ II „	Four „ „ V „
Four „ „ III „	Four „ „ VI „

2. The students will be allowed a choice of circles according to their order of merit on the College list, and the names of the men selected for the various circles will be communicated by the Principal to the Superintending Engineers concerned who will at once issue such further instructions as may be necessary. The students will join the divisions to which they are posted about the middle of January and their distribution should be reported by Superintending Engineers to the Principal and to the Chief Engineer. Quarterly reports of their progress should be submitted by Executive Engineers to Superintending Engineers, and half-yearly reports direct to the Principal and to the Chief Engineer. Any case of idleness or indifference on the part of a student should be at once brought to the notice of the Chief Engineer.

3. The Military Engineer subordinate students, Gunner M. Power and Corporal H. A. Furnell, will, under paragraphs 39 to 41, chapter II, Public Works Code, be brought on the establishment of the Public Works Department as apprentice overseers, 1st grade, from 1st January 1895 and will be posted for practical instruction as follows:—

Gunner M. Power to the No. I Division, Periyár Project Works, Periyár.
Corporal H. A. Furnell to the Consulting Architect Division.

4. The General Superintendent, Public Works Workshops, will arrange for the practical instruction in the usual manner of the next batch of students who will join the Workshops in January next.

ORDER—dated 28th February 1893, No. 525 W., Public Works.

His Excellency the Governor in Council observes that the procedure in regard to the submission to Government of budget estimates of works to be carried out by the agency of the Public Works Department is becoming unsettled and that in some cases duplication of work occurs. It is desirable that this matter should be placed on a proper footing.

2. It had long been customary to look to Superintending Engineers for complete budget estimates of the requirements of all departments within the limits of their circles, but in recent years a practice has grown up whereby the heads of certain departments, *e.g.*, Police, Jails, Registration, &c., submit direct to Government additional lists of works. His Excellency the Governor in Council considers that this practice may with advantage be extended to all departments so far as *civil works* are concerned. Heads of departments will therefore be expected to submit by 1st October in each year complete lists of their requirements in the accompanying form, the works being entered in each case in the order of urgency. The lists will include all departmental demands under "Provincial and Local Civil Works" for *original* works,* whilst minor works † and repairs will be included in the budget estimates of *Superintending Engineers*. The budget estimates of Superintending Engineers will also include Provincial roads and buildings required for the use of the Public Works Department. Any provision made by Superintending Engineers on account of Local Fund works, original or repair, should be based on the specific approval to the entry in each case of the local authority concerned. All heads of departments will submit their budgets through the department of the Secretariat to which they are subordinate.

* Costing more than Rs. 500.
† Costing Rs. 500 and below.

3. Superintending Engineers will furnish heads of departments with any information they may require in regard to works including previous expenditure that may be necessary for the preparation of the budget lists.

4. The following are the heads of departments who will submit budget estimates under these orders :—

Board of Revenue (Land Revenue, Forest and Customs).
Registrar of the High Court, Appellate Side.
Archdeacon of Madras.
Inspector-General of Jails.
Inspector-General of Police.
Director of Public Instruction.
Surgeon-General with the Government of Madras.
Inspector-General of Registration.
Presidents of District Boards.
Presidency Port Officer.
Registrar, University of Madras.
Superintending Engineers.
Consulting Architect.

5. These orders do not apply to the budget estimates of Irrigation works.

READ—the following papers :—

From F. D'A. O. WOLFE-MURRAY, Esq., Acting Agent to the Governor, Vizagapatam District, to the Chief Secretary to Government, dated 30th November 1894, F. D. No. 1496-Agency.

Referring to G.O., No. 804, Judicial, dated 27th April 1892, I have the honour to report that Mr. French, whose services were lent to the Jeypore estate, assumed charge of his duties as Estate Engineer on the 10th December 1892. The work he was in charge of during the remainder of the official year 1892–93 was practically all Government work, so that it was impossible to judge from the results of that year the incidence of cost on the Jeypore estate and whether it was reasonable. The results of 1893–94, it was considered, would furnish a fair criterion ; but Mr. French fell seriously ill for five months of the year when he was absent on leave at Madras. I however enclose herewith a statement showing the charges on the estate and Government during the year. The former amounted to Rs. 8,602 including the privilege leave allowance paid to him for three months. Mr. French went on privilege leave early in July 1893 to Madras and was detained there for two months more owing to his illness. His pay for the additional two months and his travelling allowance for the five months, two of which were good working months, must therefore be added in order to strike a fair proportion. The former would be Rs. 920 at Rs. 460 per month and the latter may fairly be estimated at Rs. 500, a part of the period of absence being included in the monsoon. The establishment charges may thus be taken at Rs. 10,000 fairly. Of this, Rs. 4,151 were paid by Government in the shape of contribution and Rs. 5,849 borne by the estate. For this latter sum he did work costing Rs. 12,012. The percentage of cost to the estate amounted to 49 per cent. against 12 per cent. paid by Government. This looks very excessive, but as I have already observed the results of the year 1892–93 are not a fair criterion either. Had the Palace estimates been prepared by Mr. Pogson without delay or the Kolab bridge work or the repairs to the bad points on the Jeypore-Nowrangapore road been commenced during the year, the proportion would have been far less and tolerably equitable. I consider that I shall be able to form a fair opinion of his cost to the estate on the results of the current year, but the period for which his services have been lent will expire on the 10th December next, and from what I have seen of him after joining the district he is not on good terms with the Manager or the Divisional officer. Mr. Taylor most emphatically disapproves of the present arrangement and recommends that a separate Engineer for the estate, even on a higher rate of pay, be employed.

2. Mr. French lately applied to me for increase of his pay to Rs. 600 with Rs. 6 per diem as batta and stated that Mr. Willock promised him an increment of pay when he accepted the Estate Engineer's post ; otherwise he stated that application might be made to Government for his return to the Public Works Department on the completion of the two years' loan of his services to the estate.

3. I referred to Mr. Willock at home and he has informed me that he would not mind giving an increase if Mr. French turned out pretty good work for the estate, and if the new buildings were getting on well and fast he would give it.

4. I am not of opinion that the new buildings are getting on well and fast and cannot therefore recommend an increase of pay to Mr. French. I therefore request that necessary orders may be issued recalling him to the Public Works Department, although it is perhaps disadvantageous to put in a new man for the short space of management, unless the Raja will give, as I think he will and ought, a guarantee to employ the new man for at least two or three years. There is plenty for him to do.

5. I have informed Mr. French of my opinion and impressed on him that he cannot expect to be restored to the Public Works Department as early as 10th December 1894, as he has spent five months of his two years in Madras and that he may have therefore to remain in Jeypore for a month or two beyond 10th December.

6. My opinion is strengthened by the fact that Mr. Willock may be returning in February and may either wish or not wish to confirm my proceedings, and the period of time that will elapse before Mr. French leaves will allow of another officer being deputed to succeed him both for the estate and for Government works. I therefore request that the loan of Mr. French's services to Jeypore estate be extended up to the end of the current official year by which time I shall have personally judged of the work done by him or Mr. Willock will have rejoined the district.

Order—dated 25th January 1895, No. 200 W., Public Works.

As it appears that Mr. E. A. French is unwilling to serve in the Jeypore estate on his present rate of pay, and as the period of two years for which his services were lent expired on the 9th December 1894, his services should at once be replaced at the disposal of the Public Works Department.

2. On relief in the Jeypore estate, Mr. French will report himself to the Superintending Engineer, I Circle, for orders.

3. The Superintending Engineer will make immediate arrangements to resume charge of all Government works in the estate and will report what redistribution of the staff in the Vizagapatam division is necessary in consequence of this change.

Resolution.—The revised and budget estimates of revenue and expenditure for 1892–93 and 1893–94, respectively, are accepted by the Government of India for the amounts shown in the accompanying statement.

2. The alterations in the revised estimate advised by the Government of Bombay in telegram No. 67 T., dated 9th March 1893, were communicated too late to be carried out. The estimates, as now passed, are based on the figures reported in letters Nos. 286 A. and 287 A., dated 23rd February 1893.

3. On a consideration of the progress of expenditure, the Government of India have reduced the amounts proposed as the revised estimates of expenditure on Provincial Civil Works in charge of departmental officers in Bengal, the North-Western Provinces and Oudh, Punjab and Bombay by Rs. 50,000 in each case.

The revised estimates of expenditure on Incorporated Local Civil Works in charge of departmental officers in Lower Burma, Assam, North-Western Provinces and Oudh and Bombay have been reduced by Rs. 50,000 each for similar reasons.

4. The Government of India have reduced the ensuing year's budget estimate of expenditure by departmental officers on Provincial Civil Works in Assam from Rs. 19,52,000 to Rs. 16,93,000 and that for Provincial Civil Works in charge of civil officers in Madras from Rs. 5,88,000 to Rs. 5,01,000.

5. The Government of India observe that no provision appears to have been made in the budget estimate of Provincial Civil Works in Lower Burma for the establishment of the Rangoon Military Works Division which has been re-transferred to the control of the Chief Commissioner.

6. Appendix D of the budget estimate is not required in future and may be omitted from the final issues.

7. The final issues of the Provincial and Incorporated Local Public Works budget estimates should be prepared for the amounts accepted and despatched * so as to reach the Government of India not later than the 1st May 1893.

* 10 copies to Simla and 25 to Calcutta.

Order.—Ordered that the foregoing be communicated to the Local Governments and Administrations, noted in the margin, for information and guidance.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners of the Central Provinces, Burma, Assam and Coorg.
The Agent to the Governor-General, Rajputana.

Ordered, also, that copies be forwarded to the Finance Department and to the Accountant-General, Public Works Department, for information.

(Signed) R. G. MACDONALD,

ORDER—dated 12th April 1893, No. 1013 W., Public Works.

The revised and budget estimates of revenue and expenditure under Provincial Civil Works for 1892–93 and 1893–94, respectively, as shown in the statement annexed to the resolution of the Government of India recorded above, have been adopted in the final issue of the budget.

2. The revised estimate of charges for 1892–93 adopted in the preliminary budget amounted to Rs. 23,17,086 and the surrender * of Rs. 3,000 to the Financial Department for repairs to the Itikavalsa-Koraput road reduced the estimate to Rs. 23,14,086. This reduction has not been taken into account by the Government of India.

* G.O., No. 239 W., dated 2nd Feb. 1893.

3. The unspent balance of the sanctioned estimate for the District Surgeon's quarters at Anantapur having been allotted in 1892–93, the grant of Rs. 4,000 provided for the work in the preliminary budget for 1893–94 has been withdrawn in the final issue.

4. A sum of Rs. 2,060, being the amount of the estimate for the Sub-Registrar's office at Purushottapur in the Ganjam district, was provided in the preliminary budget. A separate allotment of Rs. 1,600 has since been made for the work, and the balance of the estimate being less than Rs. 500 no appropriation is necessary under para. 59, chapter XIV, vol. II, of the Public Works Code. The work has therefore been excluded from the final issue.

5. The following works have been eliminated from the budget with reference to the Government orders quoted against them :—

(*a*) Constructing fifty police huts for the town and taluk station constables at Mannárgudi in the Tanjore district (G.O., No. 992 W., dated 12th April 1893).

(*b*) Constructing a new ward at the Leper hospital at Madras to increase accommodation (G.O., No. 830 W., dated 27th March 1893).

(*c*) Quarantine shed for females, hospital for warders, and deputy chief warder's quarters at Salem (G.O., No. 1090 W., dated 18th April 1893).

6. The alterations referred to in the letter from the Inspector-General of Jails, No. 1084, dated 18th March 1893, communicated with the Proceedings of the Judicial Department, recorded above, have been carried out in the final issue.

7. The grants for items 10, 11, 37, 43, 71 and 88 of the preliminary budget have been reduced and those for items 1, 36, 38, 39, 52, 77, 78, 89, 103 and 104 increased so as to correspond with the unspent balance of the sanctioned estimate in each case.

8. The grant for the Nellore division under Civil Buildings Minor Works has been increased to Rs. 3,660 with reference to G.O., No. 948 W., dated 11th April 1893.

9. The amount required for incomplete works will be provided from the reserve on receipt of detailed proposals from Superintending Engineers and the Consulting Architect. These should be submitted as early as possible.

10. The allotments provided in the budget for Agency works in the Vizagapatam district will be placed at the disposal of the Agent to the Governor in separate Proceedings.

11. A sum of Rs. 2,100 has been reserved in the budget for the conservation of archæological works. From this amount Rs. 600 are placed at the disposal of the Superintendent, Archæological Survey. Detailed proposals for utilising the balance should be submitted by Superintending Engineers as early as practicable.

12. The allotments applied for by the Chief Engineer, Military Works, Madras Command, for expenditure on minor works and repairs at Bangalore and Wellington have been provided in part II.

13. Superintending Engineers and the Consulting Architect will lose no time in submitting plans and estimates for the unsanctioned works for which funds have been provided. No expenditure should be incurred on them until the estimates have been sanctioned by competent authority.

14. The distribution of grants for minor works and repairs is shown in part II and that for tools and plant in part IV.

15. With reference to letter from the Government of India, No. 132 A.C.W.,* dated 6th July 1892, appendix C will be submitted as a separate document in continuation of the final issue of the budget.

* G.O., No. 2040 W., dated 22nd July 1892.

16. In accordance with the instructions contained in para. 6 of the Government of India resolution recorded above, appendix D has been omitted from the final issue, and the Examiner of Public Works Accounts will be informed that its submission may be discontinued in future.

17. With these remarks the final issue of the Provincial Civil Works budget estimate for 1893–94 will be printed and circulated for the information and guidance of the officers concerned and 35 copies, as shown in the margin, will be forwarded to the Government of India, Public Works Department.

		3,17,500
Total, Original Works and Repairs	...	23,47.004
Establishment	...	5,09,643
Tools and Plant	...	1,63,353
Grand Total	...	30,20,000

2. In accordance with G.O., No. 525 W., dated 28th February 1893, heads of departments have submitted budget estimates for original works costing over Rs. 500, and Superintending Engineers and the Consulting Architect for original works costing Rs. 500 and less and for repairs. The allotments for works have been fixed by the budget committee in accordance with the procedure approved in G.O., No. 2856 W., dated 11th October 1883. The works for which funds have been provided are shown under class A, while schedule B contains works for which no allotments have been made, but which can be brought forward during the year should funds become available.

3. Funds have been provided for all works in progress and for all sanctioned new works brought forward by heads of departments. Provision has also been made for a small number of unsanctioned new works which should not however be commenced until estimates have been duly sanctioned.

4. A sum of Rs. 1,41,000 has been provided for the Women and Children's Hospital at Madras. A portion of this sum, estimated to amount during the year to Rs. 30,000, will be reserved for the Detention hospital which has to be provided in exchange for the existing buildings.

5. The amount required for incomplete works will be provided from the reserve on receipt of detailed proposals from Superintending Engineers and the Consulting Architect. These should be submitted as early as possible after the close of the current official year.

6. Allotments for minor works and repairs have been made to the full extent of the demands.

7. The distribution of grants for minor works and repairs is shown in part II of the budget and that for tools and plant in part IV.

8. No allotments have been made for agency works in the Jeypore estate. These will, under G.O., No. 200 W., dated 25th January 1895, be resumed by the Public Works Department, and the Superintending Engineer will apply as early as possible for funds required during 1895–96.

9. With reference to G.O., No. 2557 W., dated 13th October 1894, a sum of Rs. 120 has been provided for the conservation of archæological works.

10. The allotments applied for by the Chief Engineer, Military Works, Madras Command, for expenditure on minor works and repairs at Bangalore and Wellington have been provided in part II.

11. The cost of establishment for 1895–96 is estimated at Rs. 21,96,639 or Rs. 17,272 in excess of that for 1894–95. The net debit to Provincial Civil Works is Rs. 5,09,643 or 21·7 per cent. on the grant for works as against 31·1 per cent. in 1894–95. The reduced percentage is due to increased contributions from other funds and to a larger grant for expenditure on works under Provincial.

12. A sum of Rs. 53,000 has been reserved in the budget under Tools and plant for the supply of tents to Public Works officers. This amount will be distributed to circles in separate Proceedings.

13. As the net result of transactions under "Suspense" is not expected to show either increase or decrease in the accounts for 1895–96, part VI of the budget has been omitted.

14. Superintending Engineers and the Consulting Architect will make proper arrangements for the early submission of plans and estimates for the unsanctioned works provided with allotments.

15. Appendix D has been omitted from the budget in accordance with the instructions contained in paragraph 6 of the Government of India Resolution No. $\frac{18}{B.O.}$ A.C.W., * dated 23rd March 1893.

*G.O., No. 1013 W., dated 12th April 1893.

16. The budget estimate of receipts for 1894–95 was fixed at Rs. 1,04,000. The revised estimate has been increased to Rs. 1,60,000 on consideration of the actuals for the first five months of the year.

17. The difference between the budget and the revised estimate of charges for 1894–95 is due to the following causes:—

(*a*) Transfer to the Agent to the Governor, Vizagapatam, of the grants for Civil Agency works.

(*b*) Transfer to the Civil Department of the grant for warders' huts at the District Jail, Tanjore, the execution of which was undertaken by the jail authorities.

(*c*) Transfer of Rs. 39,360 to 43. Provincial Minor Works and Navigation.

(*d*) Transfer from the civil budget of the grant for repairs to the Sea Customs building at Vizagapatam.

18. With these remarks the preliminary issue of the Provincial Civil Works budget for 1895–96 will be printed and circulated to the officers concerned and four copies forwarded to the Government of India, Public Works Department.

In the Proceedings recorded above, the Financial department has assigned a grant of Rs 30,20,000 for expenditure on Provincial Civil Works in Madras during the year 1895-96. The amount has been distributed as shown below:—

Original Works

Civil Buildings	Rs 12,81,794
Communications	" 83,665
Miscellaneous Public Impts:—	
Minor Works	" 1,05,900
Reserve with the Govt for incomplete works	" 5,58,145
Total Original Works	20,29,504

Repairs

Civil Buildings	Rs 1,90,700
Communications	" 1,12,000
Mis: Public Impts:	" 14,800
	Rs 3,17,500

Total original Works and Repairs	Rs 23,47,004
Establishment	5,09,643
Tools and Plant	1,63,353
Grand Total	30,20,000

2. In accordance with G.O. No 525 W dated 28th February 1893, Heads of Departments have submitted budget estimates for original works costing over Rs 500, and Superintending Engineers and the Consulting Architect for

for original works costing Rs 500 and less and for repairs. The allotments for works have been fixed by the Budget Committee in accordance with the procedure approved in G.O. R. 2856 W dated 11 October 1883. The works for which funds have been provided are shown under Class A, while Schedule B contains works for which no allotments have been made, but which can be brought forward during the year should funds become available.

3. Funds have been provided for all works in progress and for all sanctioned new works brought forward by heads of departments. Provision has also been made for a small number of unsanctioned new works which should not however be commenced until estimates have been duly sanctioned.

4. A

4. A sum of Rs 1,41,000 has been provided for the Women and Children's hospital at Madras. A portion of this sum, estimated to amount during the year to Rs 30,000, will be reserved for the Detention hospital which has to be provided in exchange for the existing buildings.

5. The amount required for incomplete works will be provided from the reserve on receipt of detailed proposals from Superintending Engineers and the Consulting architect. These should be submitted as early as possible after the close of the current official year.

6. Allotments for minor works and repairs have been made to the full extent of the demands.

7. The distribution of grants for minor works and repairs is shown in part

part II of the budget and that for tools and plant in part IV.

8. No allotments have been made for Agency Works in the Jeypore Estate. These will, under G.O. R. 200 W. of 25th January 1895, be resumed by the P.W. Department, and the Superintending Engineer will apply as early as possible for funds required during 1895-96.

9. With reference to G.O. R. 255 W. of 13th October 1894, a sum of Rs. 120 has been provided for the conservation of archaeological works.

10. The allotments applied for by the Chief Engineer, Military Works, Madras Command, for expenditure on minor works and repairs at Bangalore and Wellington have been provided in part II.

11. The cost of establishment for 1895-96 is estimated at Rs. 21,96,639 or Rs. 17,272 in excess of that for 1894-95. The net debit to Provincial Civil Works is Rs. 5,09,643 or 21.7 per cent on the grant for works as against 31.1 per cent in 1894-95. The reduced percentage is due to increased contributions from other funds, and to a larger grant for expenditure on works under Provincial.

12. A sum of Rs. 53,000 has been reserved in the budget under tools and plant for the supply of tents to P.W. officers. This amount will be distributed to Circles in separate Proceedings.

13. As the net results of transactions under "Suspense" is not expected to show either increase or decrease in the ~~amounts~~ accounts for 1895-96, part VI of the budget has been omitted.

14. Superintending Engineers and the Consulting Architect will make proper arrangements for the early submission of plans and estimates

estimates for the unsanctioned works provided with allotments.

15. Appendix D has been omitted from the budget in accordance with the instructions contained in para 6 of the Government of India Resolution No. 18/13.0 A.C.W. dated 23 March 1893.

16. The budget estimate of receipts for 1894-95 was fixed at Rs 1,04,000. The revised estimate has been increased to Rs 1,60,000 on consideration of the actuals for the first five months of the year.

17. The difference between the budget and the revised estimate of charges for 1894-95 is due to the following causes:—

(a) Transfer to the Agent to the Governor, Vizagapatam, of the grants for Civil Agency Works.

(b) Transfer to the Civil Department of the grant for

for warder's huts at the District Jail, Tanjore, the execution of which was undertaken by the Jail authorities.

(c) Transfer of Rs 39,360 to 43. Provincial Minor Works and Navigation.

(d) Transfer from the Civil Budget of the grant for repairs to the Sea Customs building at Vizagapatam.

18. With these remarks, the preliminary issue of the Provincial Civil Works budget for 1895-96 will be printed and circulated to the officers concerned and four copies forwarded to the Government of India, P.W. Department.
