Order—No. 2397 L., dated 16th December 1898.

The administration reports of the several District Boards for the year 1897–98 having been separately reviewed in the Orders read above, the Government will now deal with them collectively.

2. These reports were received on an average seven days after the prescribed date against nine in the preceding year. The President of the Cuddapah District Board, whose report was forty days late, should see that this irregularity does not recur. The reports and the accompanying statements, except those from Anantapur, North Arcot, Cuddapah, Kurnool and Salem, were prepared with greater care than in the previous year. Those from Cuddapah contained as usual the largest number of errors, discrepancies and omissions, while those from North Arcot, South Canara, Nellore and the Nilgiris were the least inaccurate.

I.—General.

3. During the year under review, twelve new unions were formed in the districts of South Arcot (2), Madura (1), Nellore (2), Salem (1), Tanjore (1) and Tinnevelly (5), while the existing unions of Píléru (Cuddapah), Sirvel (Kurnool) and Sangam (Nellore) were abolished. With these exceptions, there was no change in the system of Local Fund administration of the several districts.

4. *District Boards.*—The constitution of the 21 District Boards on the 31st March 1898 and the average attendance of the members at their meetings are exhibited in Appendix I. On that date there were 53 vacancies on these Boards against 33 in 1896–97, and in consequence of this the number of nominated official members on the District Boards of Bellary, South Canara, Chingleput, Coimbatore, Cuddapah, Malabar, Tanjore and Trichinopoly exceeded the maximum limit of one-fourth prescribed in the Local Boards Act. The proportion of *ex-officio* and nominated official members to the total strength was 24·1 against 24·4 per cent. in 1896–97, and that of the elected members 45·7 against 46·9 per cent. According to the existing election rules, one

half of the number of members sanctioned for each District Board should have been elected by the Taluk Boards in all districts except the Nilgiris, where there are no Taluk Boards. Owing to the existence of vacancies however, the District Boards of Bellary, South Canara, Chingleput, Coimbatore, Cuddapah, Ganjám, Madura, Malabar, Tanjore, Tinnevelly, Trichinopoly and Vizagapatam had not the full proportion of elected members at the end of the year. The District Boards held altogether 237 meetings, or five more than in 1896–97, and four others were adjourned for want of a quorum against none in that year. As compared with the previous year, there was a decrease in the number of meetings held by the Bellary, Kurnool, Tanjore, Tinnevelly and Vizagapatam District Boards, and in these districts, except Tanjore, as well as in Anantapur, South Canara, Cuddapah, the Nilgiris and Trichinopoly, the number was less than twelve. The average attendance of the members at each meeting was seventeen (five officials and twelve non-officials) against sixteen (five officials and eleven non-officials) in 1896–97, although the average strength of each Board was 31 or one less than in that year. There was an improvement in all the districts except Anantapur, Bellary, Malabar and Nellore. The attendance of both classes of members in South Arcot, Bellary, Chingleput, Coimbatore, Ganjám, Gódávari, the Nilgiris, Salem, Tanjore, Tinnevelly and Trichinopoly was fair, but that of the officials in South Canara, Cuddapah, Kistna, Kurnool, Nellore and Vizagapatam was poor, being less than 40 per cent. of their strength.

5. *Taluk Boards.*—Appendix II shows the constitution and attendance of the Taluk Boards, of which there were eighty as in the previous year. On the 31st March 1898 there were fifty vacancies on these Boards or seventeen more than in the preceding year, and owing to this, sixteen of them had less than the minimum number of twelve members prescribed by the Local Boards Act. The Taluk Boards held in all 1,034 meetings or thirteen less than in 1896–97, and 21 others against 27 in that year were adjourned for want of a quorum. The Bezwada, Ramallakót, Tellicherry, Malappuram, Palghat, Wynaad and Kumbakónam Boards however failed to meet once a month as required by section 28 of the Act, some of the meetings convened, except in the case of the Palghat Board which is stated to have had no subjects for consideration in the month of May 1897, having been adjourned for want of a quorum. There was again a decline in the average attendance of the members, which was 53·8 per cent. of the total strength against 54·6 per cent. in the previous year and 55·6 in 1895–96. The attendance of the official members in Coimbatore and Salem and of the non-officials in North Arcot, Bellary, South Canara, Kistna and Salem was good, being more than 60 per cent. of their strength. On the other hand the officials in Cuddapah, Kistna and Kurnool were very irregular in their attendance. The worst instances of neglect in this respect have already been noticed in the reviews of the individual reports. The Taluk Boards continued to work on the whole satisfactorily except in Nellore, where it is stated that beyond attending the meetings, the members take little interest in the concerns of their Boards.

6. *Union Panchayats.*—On the 31st March 1898 there were 376 Union Panchayats at work against 367 in the previous year and their constitution and attendance are shown in Appendix III. In consequence of vacancies at the end of the year, the panchayats of Kanekallu in Bellary, Mandapeta in Gódávari and Tiruvur, Avanigadda and Valluru in Kistna had less than the minimum number of five members fixed by the Act, and the number of official members exceeded that of the non-officials in the Panchayats of Mannárgudi (South Arcot) and Ramachandrápuram (Gódávari), while in the seven Panchayats noted in the margin there was a preponderance of the official element although there were no vacancies. The necessary steps to remedy this defect however have already been taken or ordered to be taken. The Panchayats held altogether 4,938 meetings or 24 less than in 1896–97, the average for each Panchayat being again thirteen. Excluding those newly formed during the year, 56 of the Panchayats against 40 in the previous year failed to meet once a month as required by section 129 of the Act. In reviewing the individual reports, the attention of the Presidents of the Taluk Boards concerned has been drawn to this irregularity.

Bukkapatnam	(Anantapur).
Hindupur	(Anantapur).
Madakasira	(Anantapur).
Alur	(Bellary).
Dharmapuri	(Salem).
Melaseval	(Tinnevelly).
Pálkonda	(Vizagapatam).

The working of the Panchayats except those named in the margin is reported to have been on the whole satisfactory. The Chairmen and members of the Union Panchayats generally appear to have taken fair interest in discharging the duties entrusted to them and the people continued to appreciate the usefulness of these institutions. As in the previous year, the ward system of supervision was adopted in all the districts, though not in some of the unions, and it is stated to have worked fairly well except in a few cases. Early steps should be taken to introduce it in the unions in which it is not yet in force.

Rápúr, Sulurpet (Nellore).

7. *District, Taluk and Union Funds.*—The receipts and charges of the several Local Boards and Union Panchayats are exhibited in detail in Appendices IV, V and VI furnished by the Accountant-General and their financial position is shown in Appendix VII. The following statement compares the total results of the year with those of the previous year :—

—	1896-97.				1897-98.			
	District funds.	Taluk funds.	Union funds.	Total.	District funds	Taluk funds	Union funds.	Total.

Allotments from Union to Taluk funds	..	+ 1,204	− 1,204	..	..	+ 3,790	− 3,790	..
Total assets ..	49,11,610	46,00,110	7,21,476	1,02,33,196	48,27,972	47,62,682	5,91,801	1,01,22,455
Total expenditure ..	39,69,997	39,95,516	5,73,883	85,39,396	39,32,370	40,22,972	4,38,733	83,94,075
Closing balance ..	9,41,613	6,04,594	1,47,593	16,93,800	8,95,602	6,79,710	1,53,068	17,28,380

The opening balance of the year was Rs. 16,93,800 against Rs. 20,08,963 in the previous year. Excluding debt heads (Rs. 4,07,516) and contributions from one District Board to another (Rs. 1,015), the actual receipts amounted to Rs. 80,20,124, or Rs. 2,20,577 more than in 1896-97, and the charges excluding debt heads (Rupees 3,93,943) and contributions from one District Board to another (Rs. 1,015) to Rupees 79,99,117, or Rs. 97,538 less than in that year. Thus the closing balance of the year was Rs. 17,28,380, of which Rs. 4,81,224 appertained to endowed institutions in charge of the Local Boards and Rs. 1,53,609 to the Railway Guarantee Fund in Tanjore, leaving Rs. 10,93,547, or 14 per cent. of the receipts available for general purposes. The principles upon which the receipts and charges were distributed among the Local Boards and Union Panchayats remained unaltered.

8. *Incidence of Taxation.*—The incidence of Local Fund taxation per head of the population in the several districts, according to the census of 1891, is shown in Appendix VIII. The average for the Presidency was As. 3-2 including, and As. 2-9 excluding tolls, against As. 2-11 and As. 2-7 respectively in the previous year. Including tolls, the incidence was low in Malabar (As. 2-1), South Arcot (As. 2-5)

and Salem (As. 2-5) and was as usual very high in the Nilgiris (As. 12-2) owing to the exceptional circumstances of the district. It did not exceed As. 4 in the other districts except Kistna (As. 5-3), Gódávari (As. 4-10) and Bellary (As. 4-6).

II.—Receipts.

9. *Receipts.*—The receipts of the Local Boards and Union Panchayats under the several heads are compared with the corresponding figures for the previous year in Appendices IV and IX. The year opened with a balance of Rs. 16,93,800 against Rs. 20,08,963 in 1896-97, the fall being the net result of a decrease of Rs. 4,00,686 in fifteen districts and an increase of Rs. 85,523 in the remaining six. The actual receipts of the year however amounted to Rs. 80,20,124, or Rs. 2,20,577 more than in the previous year.

10. *Land-cess.*—As in the previous year, this tax was levied at two annas per rupee of the assessment in Malabar and the Nilgiris (except South-East Wynaad), at As. 1-6 in South Canara, and at one anna in South-East Wynaad and in the remaining districts. In Tanjore a fourth of the income under this head was as usual reserved for railway operations. The demand, collection and balance of this tax are shown in Appendix X, according to which the current demand was more than that of the previous year by Rs. 4,298. The collections (current and arrears) rose from Rs. 47,37,577 or 89 per cent. of the demand to Rs. 51,81,595 or 93 per cent., the increase being due chiefly to the realization of the arrears of cess outstanding in the previous year in consequence of the unfavourable season. Almost the whole of the demand was realized in Salem, and the collections in South Canara (98 per cent)., Coimbatore (98), Gódávari (98), South Arcot (97), Madura (96) and Tanjore (96) were also good, while in Cuddapah they were bad, being only 68 per cent., although there was an improvement as compared with the previous year (45 per cent.).

11. *Tolls.*—These were levied in all the districts except Gódávari at 285 places or two more than in the previous year, the increase being the net result of the establishment of an additional toll-gate in each of the districts of Coimbatore, Kistna and Madura and the abolition of a gate in Chingleput. From Appendix XI which shows the statistics of tolls, it will be seen that the maximum rates were levied at 105 gates and half rates at the remaining 180. The usual arrangements were continued under which tolls on certain roads in charge of the Public Works Department or Municipal Councils were collected by the District Boards. The total collections under this head fell from Rs. 8,02,185 to Rs. 7,71,155, and of this sum Rs. 6,50,529 were realized at the Local Fund toll-gates and Rs. 1,20,626 were received from Municipalities as the Local Fund share of the tolls collected by them on through traffic, the corresponding figures for the previous year being Rs. 6,78,115 and Rs. 1,24,070. The decrease in the former case was due chiefly to the abolition of one of the gates in Chingleput and to want of competition at the sales of the farms. The fall of Rupees 3,444 in the latter case occurred mainly in North Arcot and Bellary. The whole of the demand under Local Fund tolls was realized in Coimbatore, Kurnool, Madura, the Nilgiris, Salem and Tanjore. In North Arcot, Bellary, South Canara, Cuddapah, Malabar, Tinnevelly and Trichinopoly also the collections were good. Excluding the contributions paid to Provincial and Municipal Funds and the charges for establishments and contingencies, the net revenue from tolls was 29 per cent. of the expenditure on roads against 31 per cent. in the previous year. This proportion was again high in South Canara, being 69 per cent.

12. *House-tax.*—This was levied in all the unions, except two in the districts of North Arcot and Tinnevelly, at the maximum rates in 238, three-fourths rates in 50, two-thirds rates in seven, half rates in 76 and one-third rates in the remaining three. The collections amounted to Rs. 4,14,018 against Rs. 3,82,480 in 1896-97, but the proportion they bore to the total demand was 90 per cent. in both years. As in previous years, the largest revenue under this head was realized in Tinnevelly, where Rs. 65,846 were collected in 33 unions, while in Ganjám only Rs. 7,988 were collected in fifteen unions. The collections were good in North Arcot, Chingleput, Kistna, Salem and Trichinopoly, where more than 95 per cent. of the demand was realized. In the other districts they were fair except in Cuddapah and Bellary, where only 71 and 73 per cent. respectively were collected, owing partly to the remissness of some of the Chairmen and partly to the unfavourable season. The incidence of the tax and

other particulars connected with it are shown in Appendix XIII. From this it will be seen that, while the number of houses in all the unions according to the census of 1891 was 578,536, the number actually assessed to the tax was 632,709, the difference being apparently due to the increase in the number of houses since the last census. Notwithstanding this however, more than 25 per cent. of the number according to the census escaped taxation in the twenty-three unions noted in the margin. In Gódávari this was due to the exemption of some of the house-owners on the ground of poverty, and in Tanjore to the exclusion of certain hamlets from payment of the tax. No explanation has been furnished in the remaining cases, although a similar omission was noticed in paragraph 12 of G.O., No. 2474 L., dated 31st December 1897. The Presidents of the Taluk Boards concerned should satisfy themselves that no houses which are liable to taxation have escaped. The average incidence per house taxed was As. 10–10 against As. 10–5 in the previous year and was highest in the hill station of Kodaikánal (Madura), being Rs. 3–1–4, and lowest in Rapur (Nellore) where it was As. 2–8. The number of distress warrants issued for the recovery of this tax rose from 18,240 to 18,400, while the number of cases in which property was sold was 514 and the amount involved was Rs. 315, the corresponding figures for the previous year being 327 and Rs. 202. The tax-payers appear to have generally paid their dues without any difficulty. Except in Madura and Tinnevelly, the contributions made from Taluk to Union funds were in many cases largely in excess of the lighting charges, which under section 142 of the Local Boards Act have to be provided for by the Taluk Boards. As it is not fair that the general funds raised throughout the district should be spent for the special benefit of the inhabitants of the unions, the Taluk Boards should consider whether the rate of the house-tax which is now levied at less than the maximum rates should not be raised or whether the expenditure should not be reduced, where possible, so as to make the unions self-supporting.

13. *Educational.*—The income under this head fell from Rs. 2,33,688 to Rupees 2,32,176, the decrease which appears chiefly under contributions from private individuals and sale-proceeds of books, being partly counterbalanced by an increase in the receipts from endowments.

14. *Medical, Vaccination and Sanitation.*—The receipts from this source rose from Rs. 46,003 to Rs. 53,269, the increase which occurred under "Miscellaneous" being due to the credit to this head instead of "Sundry receipts" as in previous years of the sale-proceeds of street-refuse, &c.

15. *Interest.*—From Appendix XIV it will be seen that the total amount invested by the Local Boards in favour of the endowed institutions in their charge and the Railway Guarantee Fund in Tanjore was Rs. 14,77,141 against Rs. 12,93,224 in the previous year, and the interest derived therefrom was Rs. 46,336 against Rs. 42,459.

16. *Miscellaneous.*—The income derived from choultries, markets and other miscellaneous sources, as shown in Appendix IX, rose from Rs. 9,00,927* to Rupees 9,30,731. The principal variations are dealt with below :—

(*a*) *Choultry Rents.*—The receipts under this head amounted to Rs. 2,70,393 or Rs. 15,821 more than in the previous year, the increase which occurred mainly in Tanjore being due partly to the prompt collection of the demand and partly to the rise in the commutation rate of prices.

(*b*) *Market Rents.*—There were 596 markets under the control of the Taluk Boards against 570 in the previous year and fees were levied in 530 of them against 504. The income derived from these institutions was Rs. 1,62,200 against Rs. 1,61,425

* The amount given in the last General Review was Rs. 9,13,938. This included Rs. 13,011, being Bungalow fees which are now shown in Appendix IV under Public Works.

in 1896–97, the increase which occurred chiefly in North Arcot being due partly to the establishment of additional markets and partly to keener competition at the sale of the leases of some of the existing markets. The charges connected with these institutions fell from Rs. 1,89,832 to Rs. 1,84,561 and the balance in their favour at the end of the year thus rose from Rs. 2,08,228 to Rs. 2,14,213. The Taluk Boards concerned have either promised or have been directed by Government to utilise the greater portion of this amount in the current year on the improvement of the markets and on the construction and maintenance of the roads leading to them. These institutions are reported to have been on the whole in good condition and freely resorted to by the people.

(*c*) *Ferry Rents.*—The income under this head fell from Rs. 1,89,901 to Rupees 1,78,227, the decrease which occurred chiefly in Gódávari being ascribed to the East Coast Railway having established its own ferry over the Gódávari at Rajahmundry and the consequent fall in the rent of the District Board and to the low bids obtained for some of the other ferries at the annual sale.

(*d*) *Fishery Rents.*—These amounted to Rs. 1,21,507 or Rs. 6,221 more than in the previous year. Of this sum, Rs. 1,15,345 were realized by the Revenue Department and Rs. 6,162 by the Public Works Department.

(*e*) *Avenues.*—Appendix XV shows the statistics of avenues in the several districts. Of the 26,744 miles of roads in charge of the Local Boards, 16,997 were provided with avenues against 27,182 and 16,914 respectively in the previous year. The total number of trees at the end of the year also rose from 2,888,160 to 2,919,376, but as the average number for each mile of road planted was only 172 or one more than in the previous year, there is still considerable scope for the extension of operations in this direction. It is a matter for regret that in Anantapur, South Canara and Tinnevelly the number of trees which perished during the year exceeded the number planted. The receipts from this source rose from Rs. 95,031 to Rupees 1,18,052, the increase appearing chiefly in Salem and South Arcot. The increase in Salem was due to keener competition at the sale of the leases and to a rise in the price of tamarind, while in South Arcot it was owing partly to the collection of arrears and partly to the good yield of the tamarind trees. The expenditure incurred on the plantation and maintenance of avenues amounted to Rs. 1,01,478 against Rs. 95,271 and their condition is reported to have been on the whole fair.

17. *Contributions from Provincial Funds.*—The receipts under this head amounted to Rs. 3,15,143 against Rs. 5,32,343 in 1896–97 as shown below :—

	1896–97.	1897–98.
	RS.	RS.
(1) Public works	2,08,987	1,62,198
(2) Schools	98,810	12,958
(3) Hospitals and dispensaries	5,086	7,118
(4) Choultries	34,357	33,850
(5) General purposes	64,120	19,000
(6) To cover deficits	1,20,896	..
(7) Refunds	7	19
Total ..	5,32,343	3,15,143

The decrease under public works was due chiefly to the absence of the contribution which had been made in the previous year to the Bellary District Board for the improvement of roads and for famine-relief purposes. The decrease under grants for schools, which occurred chiefly in North Arcot, was due partly to a reduction in the net cost of the Chittoor high school which is recovered from Provincial funds, and partly to some of the schools under the Ránipettai and Arni Taluk Boards having earned less than the amount of grants anticipated. The increase under hospitals and dispensaries was due to the recovery by the Rajahmundry Taluk Board of the arrears of contribution due by the Public Works Department during the past three years, while the decrease under grants for general purposes was owing to the receipt in 1896–97 of a contribution of Rs. 46,120 by the Anantapur District Board as a temporary loan to avoid the deficit with which the year had been otherwise expected to close.

18. *Contributions from Special Funds.*—The sum of Rs. 296 shown under this head represents chiefly the proportionate cost of the travelling allowances of the Local Audit clerks recovered from Special funds.

19. *Contributions from Municipalities.*—Contributions amounting to Rs. 8,778 against Rs. 19,706 in the previous year were received from municipalities for the following purposes:—

	1896-97.	1897-98.
	RS.	RS.
Education	2,038	1,993
Medical, vaccination and sanitation	5,554	5,612
Public works	11,720	900
Miscellaneous	394	273
Total ..	19,706	8,778

The decrease under the third head, which occurred chiefly in South Arcot, was owing to the receipt in 1896–97 of a contribution of Rs. 7,000 from the Cuddalore Municipal Council towards the construction of the Uppanar bridge.

III.—Expenditure.

20. Excluding debt heads (Rs. 3,93,943) and contributions from one District Board to another (Rs. 1,015), the total charges amounted to Rs. 79,99,117 against Rs. 80,96,655 in the previous year. The decrease occurred under Grants 1, 2, 4 and 5. Appendices V and XVI exhibit the charges under the several heads as compared with those of 1896–97, and the following abstract shows the expenditure under each grant and the proportion it bore to the total outly:—

Grants.	1896-97.	1897-98.	Percentage.	
			1896-97.	1897-98.
	RS.	RS.		
Grant 1, Public Works	43,94,819	42,81,793	54	53
,, 2, Education	11,33,775	10,95,782	14	14
,, 3, Medical, Vaccination and Sanitation	14,96,772	15,66,008	18	19
,, 4, Public and Charitable Institutions	3,15,834	3,07,472	4	4
,, 5, Supervision and Management	6,38,513	5,40,462	8	7
Investments in Government Securities	1,16,942	2,07,600	2	3
Total Expenditure ..	80,96,655	79,99,117	100	100

Grant 1, Public Works.

21. Appendix XVII shows the particulars of the expenditure on public works and the cost of the Engineering establishment including contingencies and tools and plant. The total outlay on public works fell from Rs. 36,19,016 to Rs. 35,29,227, the decrease appearing chiefly in South Arcot, South Canara and Gódávari. This amount represents 44 per cent. of the receipts and of the charges and was spent by the several agencies as shown below:—

	1896-97.	1897-98.
	RS.	RS.
By the Engineering establishments employed by the Local Boards	35,01,153	33,43,738
,, Revenue Department	84,952	1,47,165
,, Public Works Department	32,911	38,324
Total ..	36,19,016	35,29,227

Of this sum, Rs. 31,24,040 or 86 per cent. of the allotment were spent on communications against Rs. 31,76,419 or 88 per cent. in 1896–97. Out of this again an expenditure of Rs. 30,85,799 was incurred by the Local Fund Engineering establishment and the Revenue Department, and Rs. 38,241 by the Public Works Department. The principal works executed by the department last named were the diversion of road No. 46 along the Vettár left bank, widening the left bank of the Pandavayar from Vidayapuram to road No. 58, and improving the Lakshmanagudi village road from Lakshmanagudi bridge on road No. 23 to Tirunattiyattangudi, all in the district of Tanjore, and the maintenance of roads on tank, canal and channel banks in the districts of South Arcot, Coimbatore, Ganjám, Gódávari, Kistna, Nellore, Tanjore and Trichinopoly. The outlay on the construction and repair of schools, hospitals, dispensaries, choultries, &c., also fell from Rs. 2,22,511 to Rs. 1,75,894. Of this sum, Rs. 12 were spent by the Public Works Department in taking levels at the proposed site of

the Theniar bridge in the district of Madura. On miscellaneous public improve such as the planting and maintenance of avenues and the construction and re markets, tanks and wells, Rs. 2,29,293 were spent against Rs. 2,20,086 in the pre year. Out of this sum, an expenditure of Re. 1 was incurred by the Public W Department in providing a sluice to the left bank of the Attili canal in Gódávari Rs. 70 for the repair of the fresh-water channel at Nizampatam in the Kistna distr

The expenditure on public works executed by the Local Fund Engineeri establishments amounted to 85 per cent. of the sanctioned allotment against 86 pe cent. in the previous year. In Chingleput the outlay was 2 per cent. in excess o the allotment. The proportion was also high in Kistna (98 per cent.), the Nilgiris (98), Vizagapatam (98) and Salem (97), while in Anantapur, Nellore, South Canara and Cuddapah it was low, being respectively 44, 46, 61 and 63 per cent. The explanations given for the short outlay in these cases are summarized in the last column of Appendix XVII, and these have been accepted by Government as satisfactory, except in the case of South Canara and Cuddapah.

22. *Roads.*—The statistics of roads in the several districts, excluding the road from Kallar to Ootacamund, which continued to be in charge of the Public Works Department, are shown in Appendix XVIII. There was an increase of 130 miles in the total length of roads actually maintained by the Local Boards and Union Panchayats, which occurred chiefly in Kistna and Kurnool. On the other hand there were large decreases in Bellary and Nellore, which have not been explained. The outlay on new roads, including those in progress but not yet completed, was again the largest in Kistna, being Rs. 46,629. It was also high in Tanjore (Rs. 27,885), Gódávari (Rupees 22,963) and Tinnevelly (Rs. 13,430), while in the remaining districts it was less than Rs. 10,000. The average cost of maintaining each mile of road was Rs. 117 or one rupee more than in the previous year. It was again highest in Kistna (Rs. 271) and was not less than Rs. 150 in Ganjám, Madura, Nellore, the Nilgiris, Tinnevelly and Trichinopoly. On the other hand it was very low in Anantapur (Rs. 22), Cuddapah (Rs. 48) and South Canara (Rs. 59). Compared with the previous year, the average was higher in twelve districts and lower in the remaining nine. Appendix XVIII-A shows the proportion which the expenditure on communications in each district bears to the net income from tolls *plus* half the receipts from land-cess. The prescribed proportion was reached in nine districts, it being highest in the Nilgiris (242·7 per cent.) which however received a large contribution of Rs. 81,000 from Provincial Funds. It was also high in Malabar (122·1), while in Anantapur (28·9) and Cuddapah (51·1) it was very low and the reasons for the short outlay have been explained in the administration reports of these districts.

The roads in Coimbatore, Malabar, the Nilgiris, South Arcot and Tanjore and with certain exceptions those in North Arcot, Chingleput, Gódávari, Kistna, Madura, Trichinopoly and Vizagapatam are reported to have been in fair order, while in Salem and Tinnevelly there was an improvement in their condition. In Ganjám the roads in the northern portion are said to have improved on the whole, while those in the southern portion deteriorated and were in a very bad state. On the other hand the condition of the roads in Anantapur, Bellary, South Canara, Cuddapah, Kurnool and Nellore was unsatisfactory. All the roads in Malabar, excepting those under the Tellicherry Taluk Board, eight miles of one of the Wynaad roads and three other roads, were maintained under what is known as the A system of contract, and with good results, except in the case of one of the contractors. This system was also in force in South Canara, but no information has been given regarding its working.

23. *Establishments, &c.*—As usual, the District Boards maintained their own engineering establishments for the execution of public works and their cost was generally met from the District and Taluk Funds in proportion to the expenditure incurred from each. The Local Fund Engineering establishments worked directly under the District Boards and their cost amounted to Rs. 5,81,426 or 17 per cent. of the expenditure on works executed by them against Rs. 5,82,098 or 16 per cent. in the previous year, the maximum prescribed by Government being 20 per cent. and the charge payable to the Public Works Department for the execution of Local Fund works, 23 per cent. The maximum limit was exceeded in Anantapur, Bellary, ool, South Canara, Nellore and Cuddapah, by 28, 7, 3, 2, 2 and 1 per cent., tively, owing to short outlay on works. Every endeavour should be made in these

against
follow

to reduce the percentage to the prescribed limit. On the other hand it is tory to note that the percentage was low in South Arcot (14), Coimbatore (15), a (15), Tanjore (15), Tinnevelly (15), and Trichinopoly (15). A sum of Rupees was contributed to the Public Works Department for the execution of Local works in Gódávari, Kistna, Nellore and Madura and Rs. 6,012 for the scrutiny tans and estimates for Local Fund works at the rate of $2\frac{1}{2}$ per cent. on the value he estimates.

The cost of toll and ferry establishments rose from Rs. 6,750 to Rs. 9,839, the crease occurring chiefly in South Arcot, Gódávari and Malabar, where some of the olls and ferries which had formerly been leased out to contractors were taken up nder departmental management.

The expenditure on tools and plant by the Local Fund Engineering establishment amounted to Rs. 39,912 or 1·2 per cent. of the outlay on works executed by it against 1 per cent. in the previous year, which is the maximum limit prescribed by Government for all districts except the Nilgiris. The maximum limit was exceeded in Anantapur, North Arcot, Bellary, Cuddapah and Gódávari, the excess being particularly large in Gódávari, owing chiefly to the purchase of tubes for a boring apparatus and a lathe for the workshop. An expenditure of Rs. 270 against Rs. 722 in the previous year was incurred on the purchase of the tools required by the Public Works Department for the works undertaken by it.

24. *Contributions.*—A sum of Rs. 86,161, against Rs. 83,047 in the previous year, was contributed to Provincial and Municipal funds and to private individuals, &c. The increase occurred chiefly in Bellary where a sum of Rs. 7,780 was contributed to Provincial funds on account of famine-relief works and in Malabar where an arrear contribution on account of the toll-gate at Mahé for 1896–97 was paid to the French Government in addition to the amount due for 1897–98.

Grant 2, Education.

25. There was no change in the lines on which the educational operations of Local Boards were conducted. Excluding Rs. 27,762 spent on the construction and repair of school-houses and shown under Grant 1, the total outlay on education amounted to Rs. 10,95,782 against Rs. 11,33,775 in 1896–97, the decrease being mainly under Boards' primary schools and grants-in-aid. The receipts and charges of the Boards' and aided schools are shown in Appendices XIX to XXI which do not include receipts from the sale of books and contributions from Municipal Councils and charges incurred on the purchase of books and other miscellaneous items.

26. *Inspection.*—There were 201 Inspecting Schoolmasters, or two more than in the previous year, in the service of the District Boards, and they visited * 25,721 villages and prepared * 21,871 schools for examination against 21,813 and 21,392 respectively in that year. These officers are reported to have worked on the whole satisfactorily. The charges on their account rose from Rs. 99,592 to Rs. 1,01,630, the increase occurring chiefly in Madura, Malabar and South Canara. In South Canara it was due to the payment for the whole year, instead of only for a portion of it as in 1896–97, of the salary and allowances of the additional Inspecting Schoolmaster appointed in the latter year. The increases in the remaining cases have not been explained.

27. *Training Schools.*—Each of the District Boards of Madura and Tinnevelly continued to maintain a training school. In the Normal department of the Technico-Normal Institute at Madura, there were 32 students against 36 in the previous year. Seven of these appeared for the Lower Secondary grade of the Teachers' Certificate Examination and five passed the written and six the practical test, while in the Primary Grade, 22 were successful in the written and 35 in the practical test. The other training school at Melaviraraghavapuram was attended by forty pupils or two more than in the previous year, and 35 of these appeared for examination and 29 passed.

28. *Sessional Schools.*—The District Boards, excepting those of Anantapur and the Nilgiris, maintained 63 schools of this class, or two more than in the previous year,

re of

* The figures for 1896–97 have been adopted in the case of Anantapur and Cuddapah in the absence of infor for 1897–98.

for the education of village schoolmasters for a period of about three month number of students attending them rose from 821 to 875. Excluding the tw in Malabar, the results of which were discreditable, the progress made by th tutions was good, 603 pupils having passed the Primary Examination out of up. Out of 16,998 teachers employed in the Boards' and aided schools, only were in any way quali shown in the margi remaining 6,014 being passed and untrained. A pupils attending schools classes taught by unquali men are not likely to be mu benefited by the instructio

Number holding trained teachers' certificates ..	3,588
Number holding untrained teachers' certificates ..	1,183
Number holding general education certificates or qualified by length of service	6,213
Total ..	10,984

imparted to them, every endeavour should be made to reduce the number of suc teachers by the opening of additional sessional schools, the cost entailed on th Boards on this account being met where possible by abolition of, or by reduction o expenditure on, badly-attended Boards' schools.

29. *Technical Schools.*—In the Industrial school at Bezwada in Kistna, there were 35 pupils on the 31st March 1898 against 30 in the previous year. Instruction was given in drawing, carpentry, blacksmith's and rattan work and general education, and good progress appears to have been made by the pupils in all these branches, except general education in which only three out of thirteen sent up for the Primary examination passed. The Industrial department of the Technico-Normal Institute at Madura was attended by 117 pupils, or 25 less than in 1896–97, the decrease being due to the abolition of the shorthand class and to the post of drawingmaster having remained vacant during a portion of the year. The progress made by this department was fair, 35 pupils having passed out of 67 examined in the technical subjects. The agricultural section of this institution continued to be attended by eight students who are reported to have done fairly well in the annual examination. The attendance at the Industrial class attached to the training school at Melaviraraghavapuram in Tinnevelly rose from 38 to 46 and the students are reported to have made fair progress.

30. *Secondary Schools.*—The number of secondary schools maintained by the Local Boards fell from 125 with an attendance of 11,962 pupils to 115 with 11,177 pupils, the decrease being the net result of the abolition of four schools in Vizagapatam, the reduction of eight schools in Gódávari (4), Kistna (3) and Gánjám (1) to the primary grade, the raising of one of the primary schools in Tanjore to the secondary grade and the opening of a new school in Tinnevelly. Ten of these schools were of the upper secondary and the rest of the lower secondary grade. From the former, 162 students appeared for the Matriculation examination and of these 54 were successful, against 141 and 59 respectively in the previous year. The upper secondary schools at Udamalpet, Námakkal and Tiruválúr obtained fair results, while those at Harpanahalli, Dhárápuram and Amalápuram fared badly, the number of students who passed from them being only one, one and six, respectively, out of eleven, seven and thirty-nine sent up. The bad results of the Dhárápuram school are ascribed to the insufficient training of the students in the fourth and fifth forms—an explanation which cannot be accepted as satisfactory. As the school at Harpanahalli has done badly for the last five years, the necessary steps to improve it should be taken by the Taluk Board in consultation with the Director of Public Instruction. No explanation has been offered for the poor results produced by the school at Amalápuram. From the lower secondary schools and the lower secondary departments of the upper secondary schools, 948 students were sent up for the Lower Secondary examination, and of these 446 or 47 per cent. were successful, while in the previous year 933 students were presented, of whom 33 per cent. passed. The results achieved by the Penukonda, Tallapudi, Kollur and Enangudi schools were excellent, all the students presented for examination having passed, and those of the Chittoor, Hospet, Karkal, Bhaváni, Ramachandrapuram, Peddápuram, Pithápuram, Tanuku, Tiruchengódu, Dharmapuri, Tiruválúr, Pattukkóttai, Párvatipuram and Ellamanchili schools were also good, more than 66 per cent. of the pupils presented for examination having been successful. On the other hand the results were unsatisfactory in Porto Novo, Udipi, Tekkali, Vinukonda, Narasaraopet, Badagara, Angadipuram, Betutnad, Koduvayur, Kottar

19. against followir to reduce the percentage to the prescribed limit. On the other hand it is tory to note that the percentage was low in South Arcot (14), Coimbatore (15), a (15), Tanjore (15), Tinnevelly (15), and Trichinopoly (15). A sum of Rupees was contributed to the Public Works Department for the execution of Local works in Gódávari, Kistna, Nellore and Madura and Rs. 6,012 for the scrutiny ans and estimates for Local Fund works at the rate of 2½ per cent. on the value he estimates.

The cost of toll and ferry establishments rose from Rs. 6,750 to Rs. 9,839, the crease occurring chiefly in South Arcot, Gódávari and Malabar, where some of the olls and ferries which had formerly been leased out to contractors were taken up nder departmental management.

The expenditure on tools and plant by the Local Fund Engineering establishment amounted to Rs. 39,912 or 1·2 per cent. of the outlay on works executed by it against 1 per cent. in the previous year, which is the maximum limit prescribed by Government for all districts except the Nilgiris. The maximum limit was exceeded in Anantapur, North Arcot, Bellary, Cuddapah and Gódávari, the excess being particularly large in Gódávari, owing chiefly to the purchase of tubes for a boring apparatus and a lathe for the workshop. An expenditure of Rs. 270 against Rs. 722 in the previous year was incurred on the purchase of the tools required by the Public Works Department for the works undertaken by it.

24. *Contributions.*—A sum of Rs. 86,161, against Rs. 83,047 in the previous year, was contributed to Provincial and Municipal funds and to private individuals, &c. The increase occurred chiefly in Bellary where a sum of Rs. 7,780 was contributed to Provincial funds on account of famine-relief works and in Malabar where an arrear contribution on account of the toll-gate at Mahé for 1896–97 was paid to the French Government in addition to the amount due for 1897–98.

GRANT 2, EDUCATION.

25. There was no change in the lines on which the educational operations of Local Boards were conducted. Excluding Rs. 27,762 spent on the construction and repair of school-houses and shown under Grant 1, the total outlay on education amounted to Rs. 10,95,782 against Rs. 11,33,775 in 1896–97, the decrease being mainly under Boards' primary schools and grants-in-aid. The receipts and charges of the Boards' and aided schools are shown in Appendices XIX to XXI which do not include receipts from the sale of books and contributions from Municipal Councils and charges incurred on the purchase of books and other miscellaneous items.

26. *Inspection.*—There were 201 Inspecting Schoolmasters, or two more than in the previous year, in the service of the District Boards, and they visited * 25,721 villages and prepared * 21,871 schools for examination against 21,813 and 21,392 respectively in that year. These officers are reported to have worked on the whole satisfactorily. The charges on their account rose from Rs. 99,592 to Rs. 1,01,630, the increase occurring chiefly in Madura, Malabar and South Canara. In South Canara it was due to the payment for the whole year, instead of only for a portion of it as in 1896–97, of the salary and allowances of the additional Inspecting Schoolmaster appointed in the latter year. The increases in the remaining cases have not been explained.

27. *Training Schools.*—Each of the District Boards of Madura and Tinnevelly continued to maintain a training school. In the Normal department of the Technico-Normal Institute at Madura, there were 32 students against 36 in the previous year. Seven of these appeared for the Lower Secondary grade of the Teachers' Certificate Examination and five passed the written and six the practical test, while in the Primary Grade, 22 were successful in the written and 35 in the practical test. The other training school at Melaviraraghavapuram was attended by forty pupils or two more than in the previous year, and 35 of these appeared for examination and 29 passed.

28. *Sessional Schools.*—The District Boards, excepting those of Anantapur and the Nilgiris, maintained 63 schools of this class, or two more than in the previous year,

29. *Technical Schools.*—In the Industrial school at Bezwada in Kistna, there were 35 pupils on the 31st March 1898 against 30 in the previous year. Instruction was given in drawing, carpentry, blacksmith's and rattan work and general education, and good progress appears to have been made by the pupils in all these branches, except general education in which only three out of thirteen sent up for the Primary examination passed. The Industrial department of the Technico-Normal Institute at Madura was attended by 117 pupils, or 25 less than in 1896–97, the decrease being due to the abolition of the shorthand class and to the post of drawingmaster having remained vacant during a portion of the year. The progress made by this department was fair, 35 pupils having passed out of 67 examined in the technical subjects. The agricultural section of this institution continued to be attended by eight students who are reported to have done fairly well in the annual examination. The attendance at the Industrial class attached to the training school at Melaviraraghavapuram in Tinnevelly rose from 38 to 46 and the students are reported to have made fair progress.

30. *Secondary Schools.*—The number of secondary schools maintained by the Local Boards fell from 125 with an attendance of 11,962 pupils to 115 with 11,177 pupils, the decrease being the net result of the abolition of four schools in Vizagapatam, the reduction of eight schools in Gódávari (4), Kistna (3) and Ganjám (1) to the primary grade, the raising of one of the primary schools in Tanjore to the secondary grade and the opening of a new school in Tinnevelly. Ten of these schools were of the upper secondary and the rest of the lower secondary grade. From the former, 162 students appeared for the Matriculation examination and of these 54 were successful, against 141 and 59 respectively in the previous year. The upper secondary schools at Udamalpet, Námakkal and Tiruválúr obtained fair results, while those at Harpanahalli, Dhárápuram and Amalápuram fared badly, the number of students who passed from them being only one, one and six, respectively, out of eleven, seven and thirty-nine sent up. The bad results of the Dhárápuram school are ascribed to the insufficient training of the students in the fourth and fifth forms—an explanation which cannot be accepted as satisfactory. As the school at Harpanahalli has done badly for the last five years, the necessary steps to improve it should be taken by the Taluk Board in consultation with the Director of Public Instruction. No explanation has been offered for the poor results produced by the school at Amalápuram. From the lower secondary schools and the lower secondary departments of the upper secondary schools, 948 students were sent up for the Lower Secondary examination, and of these 446 or 47 per cent. were successful, while in the previous year 933 students were presented, of whom 33 per cent. passed. The results achieved by the Penukonda, Tallapudi, Kollur and Enangudi schools were excellent, all the students presented for examination having passed, and those of the Chittoor, Hospet, Karkal, Bhaváni, Ramachandrapuram, Peddápuram, Pithápuram, Tanuku, Tiruchengódu, Dharmapuri, Tiruválúr, Pattukkóttai, Párvatipuram and Ellamanchili schools were also good, more than 66 per cent. of the pupils presented for examination having been successful. On the other hand th[illegible]ere unsatisfactory in Porto Novo, Udipi, Tekkali, Vinu-[illegible]onda, Narasarao[illegible]dipuram, Betutnad, Koduvayur, Kottai

ndukur, Rásipuram, Narsapatnam, Chódavaramu and Palkonda. All the ondary schools were maintained on the salary system and the average net ucating each pupil in the upper secondary schools and departments fell from -2 to Rs. 2–10–8—a satisfactory decrease. The schools in Gódávari, Bellary, tore, and North Arcot were worked at a profit of Rs. 1,543, Rs. 216, Rs. 54 s. 45 respectively. On the other hand the net cost of each pupil was high in hopoly (Rs. 38–6–10) and Tanjore (Rs. 14–12–3). The high cost in the former s ascribed to the salary grant payable on behalf of certain teachers of the Lalgudi school not having been drawn within the year, and in the latter it was due to the ents of the Sanskrit school at Tiruvádi having been fed free of charge. The net cost ach pupil in the lower secondary schools and departments on the salary system rose n Rs. 1–8–7 to Rs. 1–15–6. These schools in Malabar, Coimbatore, Kurnool, North rcot, Bellary and Tanjore were worked at a profit of Rs. 1,446, Rs. 485, Rs. 236, s. 178, Rs. 100 and Rs. 27 respectively. The net cost was low in Trichinopoly As. 14–11) and Anantapur (Rs. 1–10–1), but high in Madura (Rs. 12–14–10), lthough there was a decrease as compared with the previous year. The net cost of educating each pupil in the lower secondary schools and departments on the salary-result system also rose from Rs. 10–11–.1 to Rs. 10–15–3. It was high in Gódávari (Rs. 29–11–11), Salem (Rs. 24–12–11), Kistna (Rs. 20–4–11) and Anantapur (Rs. 20–4–0), while the schools in Tinnevelly were worked at a profit of Rs. 92. The Local Boards of the districts in which the net cost was high should make every effort to reduce it as soon as possible.

31. *Primary Schools.*—There were 2,688 primary schools maintained by the Local Boards with an attendance of 119,358 against 2,786 schools with 120,358 pupils in the previous year, the decrease which occurred chiefly in Kistna, Madura, Malabar and Salem being due to the closure of some schools and the transfer to the aided list of certain others. The net cost of educating each pupil in the upper primary departments of these schools was either *nil* or very low in North Arcot, South Canara, Chingleput, Malabar, Trichinopoly, Vizagapatam and Tanjore, while in Anantapur and the Nilgiris it was high, being more than Rs. 10. Prompt measures should be adopted to reduce the cost in these districts. The net cost of the lower primary schools and departments continued to be low in all the districts. From the primary schools and the primary departments of secondary schools 66,780 pupils appeared for the several standard examinations, and of these 50,337 or 75 per cent. were successful, the corresponding figures for the previous year being 71,894, 53,394 and 74 per cent. The progress of these schools appears to have been on the whole good. In all districts except Anantapur, Kistna and Tinnevelly, regarding which no information has been furnished, and the Nilgiris in which no steps have been taken in the matter, the Local Boards maintained schools for the exclusive benefit of Panchamas and other backward classes. There was a large number of such schools in Gódávari (57), Salem (42), Madura (32), Vizagapatam (26), South Canara (25), South Arcot (23), Coimbatore (23) and Cuddapah (23), and the progress made by them was fair, except in South Canara, Tanjore, Salem and Cuddapah, regarding which no information has been furnished, and in Nellore. The education of these classes demands the special attention of the Local Boards.

32. *Aided Schools.*—The number of schools aided by the Local Boards rose from 9,177 with 240,146 pupils to 9,700 with 250,874 pupils, and the expenditure incurred on them was in excess of the budget allotment by three per cent. against two per cent. in the previous year. In Anantapur and Tanjore the allotment was exceeded, owing partly to the payment of arrears of the previous year and partly to an increase in the number of schools which received aid. On the other hand as much as 24 per cent. of the allotment was allowed to lapse in Kurnool, the short outlay being ascribed to the late receipt of bills by the schoolmasters from the educational officers. The attention of the Director of Public Instruction is drawn to this matter.

33. *General Educational Results.*—On the last day of the year there were 2,803 Boards' schools attended by 130,535 pupils against 2,911 schools with 132,320 pupils in the previous year. A few of these schools were for girls only, while in many of the others both boys and girls were admitted. The total net expenditure

Tanjore (6·0), Trichinopoly (8·1), Malabar (8·3) and Madura (9·0). The er of girls in Boards' schools rose from 18,255 to 18,656, and those in aided om 20,171 to 22,913. The total number of boys receiving instruction in ds' and aided schools was 338,376 or 14·2 per cent. of the male population of oing age against 334,040 or 13·8 per cent. in the previous year, the increase g chiefly in Chingleput (2·1 per cent.), Bellary (1·3), Madura (1·0) and the s (1·0). On the other hand there was a noticeable decline in Anantapur (1·1) izagapatam (1·1). The proportion continued to be good in the Nilgiris (25·0), velly (22·2) and Bellary (20·1), and fair in the remaining districts except apur and Cuddapah, in the latter of which it has been less than 10 per cent. for st five years.

Grant 3.—Medical Services, Vaccination and Sanitation.

34. *Hospitals and Dispensaries.*—On the 31st March 1898 the Local Boards naintained 131 hospitals and 226 dispensaries against 134 and 225 respectively on he corresponding day of the previous year, the variations being due to the conversion of three hospitals in Chingleput, Gódávari and Tanjore into dispensaries, the closure of three dispensaries, one in Guddapah and two in Gódávari, and the opening of a temporary dispensary in Chingleput. Appendix XXIII shows the statistics relating to these institutions. Besides these, the Taluk Boards in Tinnevelly continued to aid ten dispensaries, of which eight were managed by mission and two by private agencies.

In the institutions maintained by the Local Boards 2,573,054 patients or 8·0 per cent. of the population were treated against 2,601,787 or 8·1 per cent. in 1896–97. The decrease occurred in twelve districts, while in eight others, there was an increase, which was large in Anantapur (1·3 per cent.), the attendance in the remaining one being stationary. The fall in the percentage was particularly noticeable in Kurnool (1·2), Tanjore (1·1) and the Nilgiris (1·0). In the first two districts it was due to the closure of some of the dispensaries temporarily during the deputation of the medical subordinates in charge on plague or cholera duty, and in the third it was ascribed to the year having been generally more healthy than its predecessor. The proportion was below six per cent. in Ganjám (5·6), Cuddapah (4·8) and Malabar (4·8), in the last two for the third year in succession, while in the other districts it ranged from 6·9 per cent. in Gódávari to 13·0 per cent. in the Nilgiris. The number of beds available for in-patients again fell from 1,459 to 1,424, the decrease being due to the transfer of the hospital at Chingleput to the Municipal Council newly formed there.

	In-patients.	Out-patients.
1896–97	15,568	2,586,219
1897–98	17,086	2,555,968

The net cost of maintaining these institutions, excluding the charges on account of midwives and midwifery pupils, fell from Rs. 5,45,949 to Rs. 5,41,957, but the average cost of treating each patient continued to be As. 3–4. The average cost was high in Bellary (As. 4–11), Malabar (As. 4–11), Cuddapah (As. 4–9), Kistna (As. 4–9), Gódávari (As. 4–3), Kurnool (As. 4–2), and the Nilgiris (As. 4–2). In the remaining districts it was between As. 3–10 and As. 2, being lowest in Trichinopoly for th year in succession.

and Medical p In the Prince of Wales' Medical School District y on san 7 students were under training against 106 ed for and passed the hospital assistants' Bellary, South Canara, Ganjám, College at the cost of plans

number of cases of labour attended by the midwives fell from 13,518 to
average continuing to be five cases each per mensem. The average outtu
in Bellary, being eight cases each per mensem, and poor in South Arcot, S
Tanjore, where it was only four cases each. The Taluk Boards concerne
take steps to secure better results in future.

37. *Medical training of women.*—A summary of the information received
subject is given in Appendix XXIV. In South Arcot, Bellary, Coimbatore, Cud
Ganjám, Gódávari, Kistna, Kurnool, Madura, Nellore, Salem, Tanjore, Tinne
Trichinopoly and Vizagapatam the Local Boards either paid scholarships to f
medical pupils or employed those who had already been trained at their cost or
the aid of the Countess of Dufferin's Fund. The pupil from South Canara wh
under training in the Madras Medical College for the apothecary grade was dism
for misbehaviour, and for want of funds the District Board took no steps to
another in her place. In Chingleput it was unnecessary to take any steps i
matter owing to the proximity of the district to the female hospitals in Madras, while in
Malabar the provision made in the budget for training a female hospital assistant was
not utilized for want of a suitable candidate. No action was taken in this direction
in Anantapur, North Arcot and the Nilgiris, for want of funds.

38. *Vaccination.*—This subject has been fully dealt with in G.O., No. 1452 L.,
dated 11th August 1898, reviewing the report of the Inspector of Vaccination for
1897–98. The District Boards employed in all 51 Deputy Inspectors of Vaccination
and 688 vaccinators and probationers against 50 and 695 respectively in the previous
year. The work done by this agency showed a decline, the total number of operations
performed and the percentage of reported success being 1,066,287 and 89 respectively
against 1,068,430 and 90 in 1896–97. The total number of operations performed by
Local Fund vaccinators, as given in Statement I appended to the Vaccination report,
however differs, as shown below, from the figures reported by the Presidents of District
Boards, and the Sanitary Commissioner is requested to explain the discrepancies:—

Districts.	Number of operations performed by Local Fund vaccinators.		Number of successful operations.	
	As in the Vaccination report.	As in the President's report.	As in the Vaccination report.	As in the President's report.
South Arcot	77,238	76,656	..	..
Coimbatore	..	..	55,164	55,167
Kurnool	30,483	30,065	27,189	26,833

The average outturn for each vaccinator rose from 1,559 to 1,581. It was good
in South Arcot (2,207) and Trichinopoly (2,160) and was above 1,000 in the remaining
districts except the Nilgiris, where it was 880. Compared with the previous year,
there was an increase in eleven districts, notably in South Arcot and Ganjám, and a
decrease in the remaining ten, chiefly in Vizagapatam and the Nilgiris. The decrea
in Vizagapatam is attributed partly to famine and cholera and partly to a co
on the part of the vaccine staff employed Vizianagram range
Nilgiris is ascribed by the District Me Sanitary Off
in the staff, owing to illness and transfe
caused by the dismissal of a vaccinato

The average cost of
As. 3–8

ling the work of the medical subordinates attached to Local Fund hospitals
nsaries, the total number of successful operations was 962,223 or 29·9 per
he population against 971,651 or 30·2 per mille in the previous year, the
hieved in the Nilgiris (55·6 per mille) being the best. In South Arcot,
South Canara, Chingleput, Cuddapah, Ganjám, Kistna, Kurnool, Madura,
Tinnevelly and Vizagapatam, the proportion was fair, ranging between 30 and
mille, while in other districts it was bad, being lowest in Malabar (16·8), Nellore
anjore (21), Gódávari (22·2), North Arcot (24·8), Anantapur (26·6), Coimbatore
) and Trichinopoly (29). The number of children under one year reported to
been successfully vaccinated rose from 264,134 to 264,399, but its proportion
e total population continued to be 8·2 per mille. The proportion was again
est in Chingleput (18·5 per mille), while the work done in Malabar (0·4) was
very unsatisfactory. The special attention of the President of the District Board
Malabar has been drawn to this matter in the individual review. As in the
ous year, vaccination was conducted exclusively with animal lymph. His
Excellency in Council is forced to remark that he is not satisfied with the progress of
vaccination, and directs that all Presidents of District Boards give personal attention
to its encouragement.

39. *Sanitation.*—Excluding the sum of Rs. 37,266 spent on sanitary public
works and debited to Grant 1, the expenditure under this head was Rs. 5,26,972
against Rs. 5,32,977 in the previous year as shown below:—

	1896–97.	1897–98.
	RS.	RS.
Improvement of water-supply	1,12,036	1,13,358
" of village-sites	33,246	31,058
Conservancy establishments	3,23,712	3,35,654
Arrangements at fairs and festivals	37,135	19,081
Other sanitary outlay	26,848	27,821
Total ..	5,32,977	5,26,972

The decrease which appears chiefly under arrangements at fairs and festivals is
due to the actuals of 1896–97 including a large expenditure incurred on account of
the Mahamakham festival at Kumbakónam (Tanjore). No large sanitary works were
undertaken in the rural tracts, but as usual many minor works such as the improve-
ment of water-supply and village-sites and the construction and repair of latrines,
dust-bins, &c., were carried out by the Local Boards and Union Panchayats. The
number of new wells sunk fell from 429 to 333, the decrease occurring chiefly in
Vizagapatam; but 1,509 existing sources of water-supply were repaired or otherwise
improved against 1,402 in 1896–97. Out of 44,622 minor towns and villages in the
Presidency, 376 unions and 456 other villages, against 367 and 499 respectively in
the previous year, were provided with conservancy establishments. As in many cases
adequate supervision is not exercised over these establishments in non-union villages,
diture incurred on them should, where desirable, be devoted to the improve-
ly.

total outlay on sanitation to the sanctioned allotment was
96–97. In Bellary the expenditure exceeded

information has been furnished rega
ing the success or otherwise of this syst
in the unions of Arni (North Ar
Russellkonda (Ganjám), Rásipuram,
Námakkal, Shendamangalam, Tiruchengódu, Dharmapuri and Krishnagiri (Salem) and Turaiyúr and Musiri (Trichinopoly). In the other unions except Ránipéttai, Arkónam and Kálahasti (North Arcot), Bhaváni, Polláchi, Udamalpet and Tiruppúr (Coimbatore), Maddikera (Kurnool), Kilamangalam and Chinnamanúr (Madura), Kollangot (Malabar), Pettai, Sankaranayinárkóyil and Ambásamudram (Tinnevelly) and Hosur (Salem), it is reported to have worked well or with partial success. In Bhaváni, Polláchi, Udamalpet and Tiruppúr (Coimbatore) the system was introduced late in the year and in Maddikera (Kurnool) no progress was made owing to the conservative character of the people and the peculiar construction of the houses, while in the other unions the service either proved a failure or worked unsatisfactorily or at a loss.

40. *Plague.*—During the year under review all the District Boards except those of South Arcot, Cuddapah, Madura, Malabar, Nellore, the Nilgiris, Trichinopoly and Vizagapatam adopted measures to prevent the spread of the Bubonic Plague into this Presidency and the charges incurred on this account amounted to Rs. 41,110 as shown below :—

	RS.
Establishments	16,221
Allowances	4,392
Works	14,128
Contingencies	6,369
Total	41,110

The expenditure was high in Anantapur (Rs. 11,490) and Bellary (Rs. 9,001), as preventive measures on a large scale were adopted in these districts owing to their proximity to the Presidency of Bombay, where the epidemic was raging.

41. *Contributions.*—The Local Boards paid Rs. 1,56,682, or Rs. 18,961 more than in the previous year, as contributions to Provincial and Municipal funds and to private bodies for medical and sanitary purposes. The increase which occurred chiefly under contributions to Municipal funds was due to two-thirds of the expenditure incurred by the Bezwada Municipal Council on the occasion of the Pushkaram festival having b
paid by the District Board of Kistna.

GRANT 4.—PUBLIC AND CHARITABLE INSTITU

42. *Choultries.*—There were 564 choul
against 559 in 1896–97, but tha

Coimbatore, Gódávari, Salem, Tinnevelly and Trichinopoly some of the ma
communication were also in part provided with lights. In 267 places 8,4
were put up against 273 and 8,361 respectively in the previous year. Si
were other more pressing needs, it is a matter for regret that in Tanjore, Tric
Tinnevelly and Vizagapatam there was an increase both in the number of light
the outlay on them.

cont.

eting.

GRANT 5.—SUPERVISION AND MANAGEMENT.

44. *Supervision and Office Management.*—The expenditure under this
amounted to Rs. 4,74,151 against Rs. 4,45,667 in the previous year and was 5·
cent. of the receipts and also of the charges against 5·7 and 5·5 respectively.
increase occurred chiefly under "Controlling establishments at the Presidency"—
"Local Boards' office establishments," being due in the first case to the recover
the whole year, instead of only for a portion of it as in 1896–97, of the additional
of the Government Secretariat caused by the appointment of a separate Secretary, a
in the second case to additional establishments sanctioned for some of the Loc
Boards and to the establishments entertained in the newly-constituted unions.

number of members.

45. *Repayment of Loans, &c.*—The Chingleput and Malabar District Boards pai
Rs. 17,430 as instalments of the principal and Rs. 1,041 as interest on account of th
loans obtained by them from Imperial funds for the construction of the Kortalaiyar
bridge and the completion of the Thamracheri and Periya Ghât roads respectively in
previous years. The amounts still due from these Boards are Rs. 7,460 and Rs. 3,313
respectively, which will be repaid in the current year.

The District Board of Coimbatore paid Rs. 960 as interest on the debenture loan of Rs. 16,000 raised for the construction of the Pollachi market and the Ganjám District Board Rs. 2,500 towards the principal and Rs. 159 as interest on account of the loan of Rs. 5,000 obtained from Government in 1895–96 for the construction of railway feeder roads. In Tinnevelly the District Board paid Rs. 3,500, being the ninth instalment of the loan of Rs. 35,000 received from the Zamindar of Ettiyapuram for the construction of the Srívaikuntam bridge and Rs. 438, being interest due.

The balance in favour of the Railway Guarantee Fund in the Tanjore district at the beginning of the year was Rs. 5,66,000 in Government securities and Rs. 1,62,186 in cash. A sum of Rs. 27,605, being a moiety of the expenditure incurred by the Public Works Department on the Máyavaram-Muttupet Railway in 1896–97, was paid to Government and Rs. 2,00,000 were invested in Government securities. The District Board derived a net profit of Rs. 55,892 from the working of this railway during the twelve months ending December 1897, which represents 4·5 per cent. on the capital outlay. The balance in favour of this fund at the end of the year was Rs. 7,70,100 in Government securities and Rs. 1,53,609 in cash.

IV—ENDOWMENTS.

46. The number of endowed institutions, such as schools, hospitals and dispensaries, choultries, markets, &c., in charge of the Local Boards and Union Panchayats in each district is shown in Appendix XXVIII and their financial transactions are given in Appendices XXIX and XXX furnished by the Accountant-General. Excluding Rs. 1,04,599 contributed or lent from general funds to meet the deficits with which some of the institutions would otherwise have closed the year, the receipts of these institutions amounted to Rs. 5,58,958 and the charges to Rs. 5,37,558 against Rs. 5,32,863 and Rs. 5,69,602 respectively in the previous year. The increase in the receipts which appeared mainly under choultry rents in Tanjore was due partly to prompt collection of the demand and partly to rise in the commutation rate of prices, while the decrease in the charges occurred chiefly in Coimbatore, where smaller allotments were made for the upkeep of market feeder roads, and in Kistna, where the bonus payable to the credit of the Provident institution in respect of the subscriptions received during 1896–97 was not adjusted during the year under review. The opening balance in favour of endowed institutions being Rs. 4,59,824, the year closed with a balance of Rs. 4,81,224. The balance in Tanjore and Gódávari continued to be large. The District Board of Tanjore has been instructed in the individual review to inves the balance in Government securities if there was no immediate prospect of

tilized for the benefit of the institutions concerned, while in Gódávari the of the District Board has promised to take the necessary steps for utilizing ulations in favour of the markets.

V.—General Remarks.

7. *Local Fund Accounts.*—The arrangements for the audit and inspection of Fund accounts continued to be the same as in previous years. During the nder review the accounts of 1896–97 and a portion of those for 1897–98 were ined in all districts except South Arcot, Ganjám and Tinnevelly. The reports pection showed that the state of the accounts in all districts was good, except in tapur where the results were unsatisfactory.

48. *Map.*—The map of the Presidency which should have been annexed to the eral Review for 1896–97 is still under preparation in the Survey office and will issued separately.

49. *General Administration.*—The work done by the Local Boards and Union anchayats in each district having already been dealt with by Government in detail he individual reviews, it will be sufficient to remark here that in the opinion of His Excellency the Governor in Council the administration of local affairs was on the whole efficient, except in Anantapur where it was very indifferent and in South Canara, Gódávari and Nellore where it left much to be desired, and except generally in the development of vaccination.

* Excludes the cost of (1) Medical practitioners employed on sanitary inspection, distribution of medicines, &c., (2) Medical schools, (3) the District Medical and Sanitary officers' establishments, (4) Medical pupils, and (5) midwives and midwifery pupils; but includes the pay of the Medical subordinates in charge.

† Includes 572 cases attended by the nurses.

APPENDIX XXIV.

A Summary of the Measures adopted in furtherance of Female Medical Education in 1897–98.

Arcot, South.—In December 1896, a dispensary for women and children was opened at Tiruppápuliyúr within the limits of the Cuddalore Municipality and is being maintained at the cost of the District Board and Municipal Council in equal shares.

Bellary.—A female student continued to be under training for the Apothecary grade in the Madras Medical College at the cost of the District Board.

Canara, South.—The female medical pupil for the Apothecary grade under training in the Madras Medical College was dismissed for misbehaviour, and the District Board did not take steps to train another in her place, for want of funds.

Chingleput.—There was no necessity for taking any steps towards the furtherance of medical education of women in this district, on account of its proximity to Madras.

Coimbatore.—The two female Apothecaries trained at the cost of the District Board continued to be in charge of the dispensaries for women and children at Pollachi and Karur.

Cuddapah.—A female hospital assistant trained by the Dufferin Fund Committee on behalf of the Taluk Board, continued to be employed in the Madanapalle hospital.

Ganjam.—A female medical pupil was under training for the Apothecary grade at the cost of the District Board.

Godavari.—The dispensary for women and children at Cocanada continued to be in charge of the female Apothecary trained under the supervision of the Dufferin Fund Committee on behalf of the District Board; but no steps have yet been taken for the medical training of women under the auspices of the Dufferin Fund Committee.

Kistna.—A female pupil was under training for the Apothecary grade at the cost of the District Board under the supervision of the Dufferin Fund Committee.

Kurnool.—A female medical pupil for the Apothecary grade continued to be under training at the cost of the District Board under the supervision of the Dufferin Fund Committee.

Madura.—A female medical pupil for the Apothecary grade was under training at the Medical College, Madras, at the cost of the District Board, under the control of the Dufferin Fund Committee.

Malabar.—The provision of Rs. 200 made in the budget for training a female hospital assistant was not utilized for want of a suitable candidate.

Nellore.—A female hospital assistant was under training for the Apothecary grade at the Medical College, Madras, at the cost of the District Board.

Salem.—Out of the two dispensaries for women and children at Salem and Tiruppattúr in charge of the female Apothecaries trained at the cost of the District Board, the one at the former was closed from September 1897 on the resignation of the female Apothecary, and the District Board has not been able to secure a substitute.

Tanjore.—A female medical pupil continued to be under training for the Apothecary grade at the Medical College, Madras, at the cost of the District Board.

Tinnevelly.—Two female pupils for the Apothecary grade continued to be under training at the Medical College, Madras, at the cost of the District Board.

Trichinopoly.—One female medical pupil was under training for the Apothecary grade in the Medical College at Madras, at the cost of the District Board, under the supervision of the Dufferin Fund Committee.

Vizagapatam.—There were two hospitals and one dispensary intended solely for women and children and they were in charge of female apothecaries trained under the supervision of the Dufferin Fund Committee on behalf of the District Board.

No steps were taken in Anantapur, regard being had to the circumstances and population of the district, and in North Arcot and the Nilgiris for want of funds.

In all the districts a number of trained midwives were employed (*vide* Appendix XXIII).

APPENDIX XXV.

STATEMENT showing the strength, cost and operations of the vaccine establishments for 1897–98.

District Boards.	Establishment.			Total cost of vaccination.	Number of vaccine operations performed			Number of successful cases.			Percentage of successful cases to total number.	Number of successful operations per mille of the total population.	Average cost of each successful case by Local Fund vaccinators.	Number of successful operations on children under one year of age.	Number of successful operations on children under one year per mille of the total population.
