G. O. By Government

The Right Honorable the

Governor in Council is pleased to publish for the information

of the Army the following Extract of a General Letter from -

the Honorable Court of Directors to the Governor General in -

Council - Dated the 21st. May 1806.

Para 2. "By Our letter of the 10th. July -

"last you were informed that we had taken into serious Consi-

"deration the state of Our Artillery Corps in India, Relative to

"the Establishment of Field Officers attached to the Battalions,

"and of the Reference made to the late Marquis Cornwallis

"on the subject of an Increase of that Establishment -

3 "We have learned by a Commu-

"nication from G. A. Robinson Esquire the Private Secretary to

"the late Governor General, that His Lordship had discussed -

the

"the Subject, and from a Conviction of the propriety and fair-
"ness of the measure we had submitted to his Consideration,
"had determined to adopt it— We conclude however from the
"ever to be lamented Death of the Noble Marquis so soon after
"his arrival in Bengal, no steps had been taken to give effect
"to His Lordship's Sentiments".

4 "Under these Circumstances as our
"Conviction of the expediency and Justice of the augmenta-
"tion remains Unaltered, and as in their letter of the 25th July
"last the Governor General and Council very strongly Recom-
"mended an Increase of Field Officers to the Artillery with
"a view to prevent the Slow Promotion and frequent Supersces-
"sions of the Officers of that Corps, We now direct that a
"Second Lieutenant Colonel and Second Major be added to
"each of the Artillery Battalions in our Service at the several
"Presidencies, and that the necessary Promotions do accordingly
"take place on Receipt of Our Orders — And in Consideration
"of the great delay that has unavoidably occurred in these
"Promotions, and of the Augmentations made to the Infantry
"and Cavalry Regiments in 1804, and 1805, by which the Hard-
"ships Complained of by the Artillery Officers respecting their

Relative

"Relative Promotion to those of the other Corps of the Army, have been
"encreased in a Considerable degree. We have resolved that this
"new Establishment of Field Officers for the Artillery shall be
"Considered as taking effect from the 21st. September 1804, at which
"period four Regiments of Native Infantry were added to each of
"the Armies of Bengal and Fort St. George".

5. "In regard to allowances we can only
"permit of the difference of Pay being drawn, by the Officers of
"Artillery to be promoted from the 21st. September 1804 in Consequence
"of our present Orders".

His Lordship in Council is pleased
to direct that the following Promotions shall take place.

Fort St. George 11th January 1807

G. O. By Government

The Conduct of the Native Troops, who on the 10th of July last formed part of the Garrison of Vellore, has, since that period, occupied the most serious attention of the Right Honorable the Governor in Council: the circumstances of the case have been deliberately investigated; — whatever could bear the appearance of infringement on the Religious observances or customs of the Native Troops has been corrected with the utmost attention to their prejudices; and it is now incumbent on His Lordship in Council to publish to the Army the deliberate determination of the Government regarding those Corps which disgraced the character of the Army by staining their hands in the Blood of their Officers and Fellow Soldiers on the Garrison of Vellore.

The Commander in Chief has already exhibited to the Army a severe but most necessary example of Military Justice, in the Execution of 3 Native Officers and 14 Non Commissioned and Privates, whose activity in Mutiny was clearly established by the Sentence of a General Court

Court Martial -

But it is necessary to the Honour of the Army to remove from its strength those Corps which have disgraced themselves by Conduct so atrocious: and the Right Honorable the Governor in Council, directs that from the 31st. of December 1806 the 1st. and 23d. Regiments of Native Infantry shall be reduced, - and struck out of the List of the Army -

Two Regiments of Native Infantry, to be denominated the 24th. and 25th. Regiments, shall be formed to replace the reduced Corps - The European Officers of the late 1st. Regiment to be transferred to the 24th. - and those of the late 23d. Regiment to the 25th. Regiment of Native Infantry with the Rank they held on their former Corps - this arrangement to take effect from the 1st. of January 1807 -

Such Native Officers and Men of the late 1st. and 23d. Regiments of Native Infantry as shall be found free from all imputation of disaffection, or previous knowledge of the intended mutiny at Vellore - such as from absence or other cause are ascertained to have taken no part in that disgraceful Event with the very few who being present endeavoured to oppose its progress and thus proved their fidelity &

attachment

attachment, shall be incorporated in the new formed Regiments — those of the 1st Regiment forming the 1st Battalion of the 24th and those from the 23d the 1st Battalion of the 25th Regiment of Native Infantry —

The distination of the Native Officers and Soldiers of the reduced Regiments now in Confinement will be hereafter published; those of the late 1st Battalion of the 1st Regiment, and 2d Battalion of the 23d Regiment who are not in confinement (with exception of those who at the period of the meuting were absent, or who being present took an active part on the side of duty) shall be discharged from the Service —

This determination the Right Honorable the Governor in Council has adopted to impress fully on the minds of the Native army, the fixed Military principle, that in all cases of Meuting or disaffection, those who conceal their previous knowledge of such intention, or who do not at all times and in every situation use their utmost exertions to oppose and suppress it, are deemed equally guilty with those actually engaged in Revolt and are subject to similar punishment —

The Commander in Chief is requested

and

and authorised to give the necessary Orders for carrying this arrangement into immediate effect: — and, on the principle above stated, for dismissing from the Service the following native Officers, — not included in the immediate transactions at Vellore, but implicated in circumstances inconsistent with their duty as Officers in the Honorable Companys Service. GO By Government

The Commander in Chief has laid before the Government the Proceedings of the Court Martial held upon Lieutenant Colonel Grant and Major Welsh, and His Lordship in Council has seen with great satisfaction, the Honorable vindication which the opinion of the Court has afforded to the

Reputation

reputation of Lieutenant Colonel Grant and Major Welsh. His Lord=
=ship in Council is disposed entirely to concur in the purity of Intention
and Zeal for the public Service by which these Officers were actuated

While the Court Martial have done justice to the
Officers who have been arraigned before them, It is also the peculiar
duty of his Lordship in Council the Guardian alike of the honor of all,
of the Soldier as of the Sepoy, of the European as of the Native Officer
to express his deep concern that the effect both of Lieutenant Colonel
Grants and Major Welshs conduct must necessarily tend to the de=
gradation and distrust of a large portion of a most loyal and faith=
=ful Branch of our Army. His Lordship in Council responsible for the
public Welfare, feels it his duty to make known to the Officers of the
Army his decided opinion that such acts are most injurious to the best
Interests of the State. To involve the innocent with the guilty and
include in a sweeping implication of guilt a numerous body of men
on the ground of general suspicion or apprehension, is a mode of
proceeding which on the immutable Principles of Justice as well
as on the Soundest Maxims of its established Policy no just Govern=
=ment can tolerate, and which every wise Government must Condemn
No fidelity however staunch can withstand such marked distrust
His Lordship in Council therefore, while with the Court Martial
he gives full credit to the honorable Motives of Lieutenant Colonel
Grant and Major Welsh, cannot but deeply lament the impression
which such acts must make upon the minds of the Native Troops

To

To estimate the effects of such Conduct to the Interests of the British Empire is the peculiar province of the Governor in Council The present occasion appears to demand from Government the declaration of these General Principles, wise and Salutary in themselves, and most impressively inculcated by the highest Authority in India; in the Spirit of which His Lordship in Council requires the cordial cooperation of all the Military and civil Servants of the Company.-

G O By Government.-

It has been represented to the Right Honorable the Governor in Council, that much inconvenience to the public and to Individuals, as well as great confusion in the adjustment of Paymasters' Accounts, have arisen from a misconstruction and Neglect of the Orders about Transfer Vouchers which are contained in the 5th Paragraph of the 16th Section of the printed Code of Regulations, published by Government on the 8th September 1801.-

2. In order therefore to remedy the evils represented, and with a view to accommodate details and Individuals when absent from

from the Corps, the Right Honorable the Governor in Council has been pleased to cancel the Paragraph of the Code above stated, and in lieu thereof to publish the following Regulations, to which all Officers Commanding Stations or Corps, Public Staff Officers, and Paymasters are hereby most positively enjoined to pay the strictest attention –

3. Details not under an European Officer, and Individuals of whatever rank, when temporally absent from their corps upon duty furlough or Sick Certificate, Are to be returned as such in the Muster Rolls and their Pay is to be drawn in the Abstracts of the corps to which they belong –

4. The amount of Pay, thus drawn for Absentees is to be returned to the Paymaster, who will grant Bills at Sight either for a part or the whole as may be required on the Military Paymaster General, and in favor of the Commanding or Public Staff Officer of the Station where the Absentees may happen to be at the time these Bills are to be forwarded by the Officers Commanding corps to the Stations where their absentees may be, and it shall be the duty of the Commanding or Public Staff Officers at those Stations to lose no time in drawing from the Paymaster the Amount of the Bills, and paying the parties. –

5. In the case of an European Commissioned Officer absent from his Corps the Bill for the Amount of his Pay may be made out in his own favor, and transmitted direct to him, but it is to be observed that every Voucher hitherto required is to be considered equally necessary in future to warrant the issue of Pay and allowances, and that therefore in Cases when the regular Reports

of Muster of Camp Equipage may not have been received which is likely often to occur the First Allowance for such Months is not to be drawn - the want of a Certificate of last payment must in like manner prevent any pay being passed until the receipt of such Voucher, when the Arrears will become payable in the following Month - Officers absent from their Corps, who may have their Camp Equipage with them, will therefore be particular in transmitting to their Corps the Regular Reports of Muster as early as possible in each Month to prevent the inconvenience which they must otherwise be put to. -

6 Paymasters are hereby directed to grant Bills as stated in the preceding Paragraphs taking Care to insert in each the purpose for which it has been drawn, and the Paymasters at the Stations where the Absentees may be are directed to discharge such Bills at sight, taking Credit themselves for the Amount and debiting the Military Paymaster General - The Paymaster of Fort St. George may Grant Bills for the Pay of men absent from the Presidency - but he is on no account to pay any Bills of that description which will always be discharged at the General Treasury. -

7 As Bills transmitted by Post are liable to miscarriage - Paymasters are directed to grant them in Triplicate, the First and Second to be forwarded by Commanding officers the same day on which they received them, but under Seperate Covers, and the third as soon after as may be convenient - the Commanding or Public Staff Officer of the Station is immediately on the Receipt of the First and Second Bills to present them to the Paymaster who having

having paid them will transmit the first by letter to the Military Paymaster General the Second along with his Account Current as a Voucher and the third which is also to be delivered to him, he is to retain as a record in his Office to refer to in case of Accidents happening to the other two.

8 As it is desirable however that Officers and Men Absent from their Corps should receive their Pay as early as practicable after it becomes due - Commanding or Public staff Officers of Stations are Authorized in the event of the Bills not Arriving to take up Cash on their receipts from the Paymasters at the time the regular Troops of such Stations may be paid, for the purpose of Paying Absentees, and they will adjust the Amount with him when they shall have received the Bills as directed in the preceding paragraph of this Order - Such transaction being considered as a Matter of Accommodation between the Commanding or Public Staff Officers, and Paymasters of Stations, and solely for the convenience of Absentees is on no account to appear in the Disbursements of Paymasters --

9- In the event of the death or desertion of any European or Native Soldier including Native Commissioned Officers / when Absent from his Corps, and for whom full Pay may have been drawn and remitted Agreeably to these Orders, it is directed that the Commanding or Public Staff Officer of the Station to whom the remittance is made do immediately report the circumstance to the Officer Commanding the Corps to which the deceased or deserter belonged. He is then to take the earliest opportunity of returning the surplus pay arising from the

Casualty

Casualty by the same mode in which it was conveyed to him Vizt. by a Bill on the Paymaster of the Station where the Corps is serving in favor of the Officer Commanding it, who will thereby be enabled to meet the Retrenchment, which must unavoidably take place on that Account.-

10 The Reports of the Casualties above alluded to are invariably to be annexed to the Muster Rolls of the Companies which they concern.-

11 Officers absent in Europe or at any of the other Presidencies, and Officers on the Staff or employed in Situations which prevent them from joining their Corps, are not to be included for Pay in the Abstracts of their Troops or Companies, but their names, Rank and Staff designations are to be inserted as heretofore in the Muster Rolls and Pay Abstracts - Officers of the two latter descriptions are to draw their Regimental and Staff allowances in Seperate Abstracts from the Paymasters of Stations where they may be employed and the Amount of the Regimental Abstracts is to be entered in the Paymasters Disbursements under the heads of those Corps, to which the Staff Officers belonged.-

12- The foregoing regulations are to be considered to take effect from the 1st April next.-

G. O. By Government.

The Honorable the Governor in Council has been pleased to resolve that His Majesty's Warrant under date the 7th of October 1806. for granting an Increase of Pay to certain ranks of His Majesty's Army, shall take effect at this Presidency, and Orders having accordingly been given that the Increased rates of Pay to the non Commissioned Officers and Privates therein described of His Majesty's Regiments of Dragoons and Infantry serving under this Presidency shall be immediately issued in Conformity to the abovementioned Warrant, and according to the periods of Service therein stated agreeably to the annexed Tables of Pay.-

The Honorable the Governor in Council is now pleased to direct that the Monthly Distributions of Subsistence to His Majesty's Regiments of Dragoons and Infantry serving under this Presidency in which are included the Increased rates of Pay as authorized by His Majesty's said Warrant, must be certified by the Officer in the immediate Command of the Regiment that the Pe-

riods

periods of service stated in the Monthly Distributions
correspond with, and are extracted from the Monthly Re-
turns of the Battalion or Regiment. And in pursuance
of the before mentioned Warrant which authorizes the
said increased rates of Pay to Commence from the 25th Day
of June 1806. The Honorable the Governor in Council is fur-
ther pleased to direct that the arrears shall be drawn
from the said 25th Day of June 1806. For which purpose
Officers in the Command of His Majesty's Regiments of
Dragoons and of Infantry shall direct long Rolls to be
made out for Troops, or Companies of their respective Re-
giments, which are to include the arrears of the increased
rates of Pay due to each Individual of the Troop or Company,
stating also (where requisite) the Period of Service of such
Individual. These long Rolls are to be signed by the Adju-
tants and Certified by the Commanding Officers of the Re-
spective Regiments that the Amount of Arrears drawn and
Periods of Service stated corresponds with the Monthly Return
of the Regiment, adding thereto such remarks relative
to former service as may tend to establish claims to the
increased rates of Pay under His Majesty's Regulations
as stated in Letters from the Secretary at War dated 29th July
1806 as follows.—

In

"In regard to the Additional Allowances to Corporals and Privates after 7, 14 and 21 Years service respectively, it is to be understood that previous service in any Corps of Regulars or in any Corps of Fencible Regiments liable to serve out of Great Britain, Ireland and the Islands in the Channel is to be taken in estimating the claims of the Men to the said additional Allowance."-

"It is also to be understood that Men discharged at the late Peace or at any other period and who have since enlisted into the Army are entitled to claim the benefit of their Antecedent service in Corps of the above description."-

"But service in the Militia or in any Corps of Fencible not liable to serve out of Great Britain, Ireland and the Channel Islands is not to be considered as making any part of the service entitling the Men to the said additional Allowance."-

"Former desertion is not to affect a Man's claim to the Allowance in question, but desertion occurring subsequently to the 25th June 1806 will deprive a Soldier of all title to the said Allowance arising from Antecedent service."-

"In the case of men formerly discharged

discharged and readmitted to Chelsea and who have since entered into the Army, the time during which such Men serve on the Chelsea Pension is to be taken into account in estimating their claim to the Additional allowance, two years thereof being reckoned as one of actual service and the same in proportion for any longer or shorter Period.-

The Rolls before mentioned when thus completed are to be transmitted to the Deputy Paymaster General of the Kings Troops, who will forward them to the Military Auditor General for the purpose of being examined and passed for payment if found Correct.-

And in order to equalize the Pay of the Honorable Company's European Troops with that of the same ranks in His Majesty's service under this Presidency. The Honorable the Governor in Council is pleased to direct that the Increased rates of Pay as specified in the annexed Tables, shall be issued to the Non Commissioned officers and Privates of the Honorable Company's European Infantry agreeably to their Periods of Service from the 1st of June next.-

The Governor in Council also

directs

directs that the Arrears of Pay to the Honorable Company's European Infantry Conformably to the increased rates shall likewise be drawn from the said 25th of June 1806, on Vouchers as herein before prescribed for drawing the Arrears to His Majesty's Troops, which Vouchers are to be forwarded to the Military Auditor General thro' the channel of the Paymaster of the Station.-

The Commanding Officers of Regiments are enjoined to pay the strictest attention to the foregoing rules by which the claims of the Non Commissioned Officers and Privates respectively according to the length of service are to be determined, and to satisfy themselves as far as may be practicable of the just pretensions of each Individual to receive the Augmented rate of Pay founded upon his former service in the Corps, and when such claim cannot be exactly ascertained, payment thereof is to be suspended until the necessary information or special Authority shall have been obtained.-

By order of the Honorable the Governor in Council.-

G. O. By Government.

The Honorable the Governor in Council has been pleased to establish the following Regulations for drawing the Pay of small Guards or details when temporarily detached from their Corps or Station.-

1st The Pay of small details of European or native Corps not under the Command of an

European

European Officer, when temporarily detached, is to continue to be drawn in the Abstracts of their respective Troops or Companies provided the Station to which they are detached is within the range of payment of the Paymaster who pays the Corps.-

2.d When details of the above description are detached to stations out of the range of payment of the Paymaster who pays the Corps, their Pay is not to be drawn in the Abstracts of their respective Troops or Companies, but at the stations to which they may be so detached, and they are consequently, to be furnished with Certificates of last payment, as directed in the G. O. of 8.th September 1809, in order that their Pay may be drawn by the Commanding or Public Staff Officer of the Station to which they may be detached.-

3.d In the Muster Rolls of Troops or Companies it is to be particularly noted opposite the name of each Individual, the Station or Post to which they are detached on Command as well as the words "Pay drawn" or "Pay not drawn" as it may happen to be.-

4.th As the Pay of the details mentioned in the first Paragraph of these Regulations is to continue to be drawn in the Abstracts of their respective

Corps

respective Troops or Companies, it is unnecessary to furnish them with Certificates of last payment, and Paymasters of Stations are to be particularly Careful not to furnish Certificates to such details.-

The Honorable the Governor in Council is also pleased to direct that the Staff Pay and Allowances of Division, Garrison, Cantonment and Regimental Staff Officers are only to be drawn in future at the Stations or head Quarters of Corps where the duty is performed, Staff Officers, when absent from their Stations or Corps, are however permitted to draw their Regimental Pay and Allowances of absent Staff Officers are to be drawn by the person acting for them and who upon obtaining a receipt for the amount will lodge it in the hands of the Paymaster, who will pay it to such Staff Officers on their return to their Corps or Station, with the exception however of the allowances granted for Office Establishments or other public Servants, the amount of which should be immediately disbursed to the Individuals entitled to receive it by the acting Staff Officer in the same Manner as if the Staff Officer was present with his Corps or Station.-

The Honorable the Governor in Council is pleased to publish to the Army the following Extract of a letter recently received from the Honorable the Court of Directors.—

Extract of a General Letter from the Honorable Court

of

of Directors in the Military Department. Dated 6th April 1831.-

Para 5. In consequence of the representation of the Bengal Government setting forth the very reprehensible conduct of the Cadets at the Institution at Barrackpore in pursuing the native languages we have deemed it advisable to establish certain regulations for their information previous to their leaving England.-

6. We have accordingly transmitted you a Number in the Packet a Copy of the terms on which young men are admitted into our Military Service and to which we require their Assent before we appoint them.-

7. The Cadets have likewise delivered to them, a Copy of the Articles of War, and you will observe in the terms alluded to, that the Cadet is required upon his arrival in India to sign a Declaration that he has frequently and attentively perused the Articles of War during the Voyage out, and in the event of his having neglected to peruse them he is not to be entitled to his Pay or to be considered on the Strength of the Army until he delivers in to the Government a Certificate Declaration that he has carefully perused the same.-

8. We enclose also a Copy of the Declaration

Declaration signed by the Cadets upon their being appointed; and we trust the Measure now adopted will effectually suppress that Spirit of insubordination which has manifested itself among the Cadets at the Institution established at Barrack, and tend to check a similar disposition in the Cadets at your Presidency, as none will in future proceed to India without being fully apprized of the nature of their Appointment, and the Rules and Orders to which they are expected to submit; but if contrary to our hopes and expectation any of the Cadets should evince a disposition to insubordination, we direct that you exercise the authority with which you are invested by suspending or dismissing them our Service as the case may require, and that you immediately order those who may be dismissed to return to England at their own expence.—

Forms

on which

Persons are admitted as Cadets into the Military

Service of the

Honorable United East India Company.—

The Cadet upon his being approved of by the Committee of Shipping will be ranked according to his actual Departure from England, so that

the

the sooner he proceeds to India, the higher his Rank will be above those who may be appointed in the course of the same Season as himself. On his Arrival at the Presidency to which he is appointed, he will enter into pay as a Cadet at four Shilling and Two pence per Day, and be promoted to a Commission in the Company's Army, according to his Seniority in the list of Rank above alluded to, provided he shall not have forfeited his Claim to such promotion by any disobedience of the Court's Orders, or Misconduct during his Passage out.—

If the Cadet should wish to be accommodated at the Commander's Table during the Voyage out, he will be required to pay into the Hands of Mr. Chatfield, the Company's Paymaster, the Sum of £110 for his Accommodation, being £95 for the Commander, and £15 for the Owner of the Ship. But if he should prefer being accommodated at the Third Mate's Mess, he will then have to pay in the Sum of £70, being £55 for the Third Mate and £15 for the Owners. Should the Cadet, after he has taken his passage, neglect going in the Ship, the Commander or Third Mate will be intitled to retain one Moiety of the Passage-money paid in on their Account, but the other Moiety, and the £15 paid in on Account of the Owners, will

be

be reserved towards his subsequent Conveyance, or returned to the Cadet, should he resign his Appointment before his Departure from England. It is further expected, that the Cadet will, upon his Arrival in India, conform strictly to all the Rules and Regulations of the Institution established at the Residency to which he is appointed for the Instruction of the Cadets, and that he will endeavour to qualify himself for his future Situation, by professional Acquirements, and by the Attainment of a Knowledge of the Language of the Country; in Failure of which he will render himself liable to be dismissed the Service, and ordered back to England at his own Expence.—

The Cadet, upon his appearing before the Committee, will be furnished with a Copy of the Articles of War for the Company's Service, and he is hereby informed that upon his Arrival in India he will be required to sign a Declaration that he has frequently and attentively perused the same during the Voyage out; and in the event of his having neglected to peruse them, he will not be entitled to his Pay, or considered as on the Strength of the Army until such written Declaration is given to the Governor.—

And Whereas it has been represented to the Court of Directors by the Governments Abroad

that

that many of the Cadets at the Institutions have manifested a serious Disposition to Insubordination towards their Superiors, and have been guilty of gross Irregularities and ungentleman-like Conduct towards each other, the Cadet is hereby informed that on his Arrival in India, he is subject to Martial Law.-

G. O. by Government.

His Majesty having been graciously pleased to extend to the Royal Artillery the benefit of the increased Rates of Pay granted to certain Classes of His Majesty's Troops, the Honorable the Governor in Council has resolved that the same indulgence with respect to the rates of Pay, as by the General Order of the 20th May 1808, were authorized to be granted conformably to His Majesty's Warrant, to the Non Commissioned Officers and Privates of His Majesty's Army, and to those of the Honorable Company's European Infantry serving under this Presidency, shall be extended to the Corps of Artillery upon this Establishment, and that they shall have effect from the 1st July 1806, the date of the increase to the Royal Artillery.

The annexed Table contains the new rates of Pay to the European Non Commissioned Officers and Privates of the Artillery, according to the foregoing Resolution.

The Commanding Officer of each Company of European Artillery will accordingly prepare, and

transmit

transmit through their respective Paymasters for Audit, an Abstract of the Arrears of difference of Pay to which the Non: Commissioned Officers, and Privates, of the Companies of Artillery under the new Regulation may be entitled, from the 1st of July 1806, to the 30th Instant, and the amount is afterwards to be drawn with the Pay, at the rates contained in the Table - each Class to be stated separately in the Pay Abstracts -

The Commanding Officer of each Company of Artillery will transmit with the least practicable delay to the Office of the Major of Brigade of Artillery, a long Roll, which shall include the name of every respective Non: Commissioned Officer, and Private of the Company under his Command, stating the date of his entrance into the Artillery, and adding thereto, such Remarks relative to former Service, as may tend to establish Claims to the increased Rates of Pay under His Majesty's Regulations, contained in Letters from the Secretary at War dated the 29th July 1806, as stated in the following Paragraphs -

These Rolls after having been carefully examined and compared with the Registers in the Office of the Major of Brigade of Artillery, and duly corrected by him, are to be countersigned by the Commandant of the

Battalion

Battalion of Artillery, and transmitted to the Office of the Military Auditor General.-

"In regard to the additional Allowance to Corporals, Bombardiers, and Privates, after seven and Fourteen years Service respectively, it is to be understood, that previous Service in any Corps of Regulars, or in any Fencible Corps, liable to serve out of Great Britain, Ireland, and the Islands in the Channel, is to be taken into Account, in estimating the Claims of the Men to the said additional Allowance."-

"Men discharged at the late Peace, or at any other period, and who have since entered into the Madras Artillery, are entitled to Claim the benefit of their antecedent Service in Corps of the above description."-

"But Service in the Militia or any Corps of Fencibles, not liable to serve out of Great Britain, Ireland, and the Islands in the Channel, is not to be considered as making any part of the Service entitling the Men to the said additional Allowance."-

"Former desertion is not in any respect to affect a Man's Claim to the Allowance in question, But desertion occurring subsequently to the 1st of July 1806,

unless

"will deprive a Soldier of all title to the said Allowance from
"antecedent Service."

"In the case of Men who have been
"Pensioned, either from the Ordnance or Chelsea, and who have
"since entered into the Royal Artillery, the time during or
"which such Men on the Pension, is to be taken into account
"in estimating their Claim to the additional Allowance, two
"years thereof being reckoned as one of Actual Service, and
"the same in proportion for any longer or shorter period."

The Commanding Officer of each Com-
pany of Artillery is enjoined to pay the strictest attention
to the foregoing Rules, by which the Claims of Non-Commis-
sioned Officers, and Privates respectively according to length
of Service are to be determined, and to satisfy themselves as
far as may be practicable, of the just pretensions of each
Individual to receive the Augmented rate of pay, founded
on his former service in other Corps, and when such Claim
cannot be exactly ascertained, payment thereof is to be sus-
pended until the necessary information, or special Authority,
shall have been obtained.

The Governor in Council is also plea-
sed to extend the same indulgence relative to the increased

rates

rates of Pay to effective Non-Commissioned Officers and Privates of Artillery who may be employed in Staff Situations, according to their length of Service, which are to be drawn in conformity to the foregoing Rules.—

The Honorable the Governor in

Council having received an official Report of the equip-

ment of the detachment of Native Cavalry which has been

recently ordered to proceed on foreign service, the Governor

in Council has observed with great satisfaction the alacrity

in volunteering for the intended service, by which the

Native Officers and Men composing the details furnished

from the several Regiments have been generally distin-

guished. The Governor in Council considers this expression

of public approbation to be particularly due to the details

furnished from the 5th and 7th Regiments of Cavalry; and the

promptitude with which the latter of these details was pre-

pared for immediate movement, reflects the highest credit

on

on the discipline and efficiency of the Corps to which it belongs.-

The Governor in Council has also observed with particular satisfaction by a Report from His Excellency the Commander in Chief, that the Whole of the Native Corps stationed at Wallajahbad, being the 2d Battalion of the 15th, the 1st Battalion of the 18th and the 2d Batn of the 25th Regiments had volunteered for Foreign Service, under the impression that their services would be required for that duty.-

The Governor in Council requests that His Excellency the Commander in Chief, will make known to the Corps of Native Cavalry and Infantry mentioned in this order, the public approbation to which their conduct is entitled.-

Inconvenience having been experienced by the Families of Troops employed on foreign, or on Field Service, in consequence of the irregular receipt of remittances arising from the Stoppages of Pay of the Troops to answer the Corresponding Monthly Payments, on account of Family Certificates — the Honorable the Governor in Council in order to obviate such inconvenience in future, has been pleased to resolve, that when remittances shall not have been received on or before the 20th of the Month, Officers whose duty it may be to pay the Families, shall then consider themselves authorized to draw sums in advance, equal to the amount of Family Payments of the preceding Month, which they will be required to repay and adjust on receipt of the remittances — with these advances the family Payments are immediately to be made —

And

And should there be any difference between the Amount of Remittances and the payments made on that Account in the preceding Month, unexplained by the Officer Making the remittances, the Paymaster of Family Certificates or Officer so employed is without loss of time to call for such Explanation and the Paymasters of family Certificates are hereby directed to report to the Military Auditor General every three Months viz.ᵗ on the 1.ˢᵗ of January 1.ˢᵗ of April, 1.ˢᵗ of July and 1.ˢᵗ of October any Deficiencies which may have arisen between the Amount of their receipts and Payments in order that the same may be submitted to the Honorable Governor in Council for Adjustment, They will also report to the Military Auditor General at those stated periods, the Amount of the sums received in advance.—

Officers Appointed for the payment of family Certificates are to keep regular Monthly Accounts of their receipts and payments under such instructions as the Military Auditor General may occasionally find it necessary to transmit to them.—

As by the foregoing provisions the Regulations published in G. O. on the 2.ᵈ of April 1805, are rendered Applicable to Troops on foreign Service, it is ordered

That

that the different Officers Commanding Corps and Detachments, which have recently Marched on such Service, and all those which may hereafter be employed beyond the Territories subject to this Presidency, shall consider it their special duty to avail themselves of every favorable Opportunity to forward the remittances on Account of the Families.—

It may however frequently happen that Opportunities do not occur for the regular transmission of Bills, it is therefore directed that in such cases Officers shall notwithstanding obtain Drafts from Paymasters or others for the Amount of each Months Family payments seperately, which with the corresponding Rolls of family Certificates are to be forwarded as Opportunities may offer. By this measure all the remittances of two, three, or more Months, may be transmitted by the same Dispatch, yet the Bills and rolls of each Month will appear distinct from each other, which is indispensably necessary for the keeping with precision the Accounts.—

The Bills to be remitted on Account of Family payments, to be expressed in the current Coin of this Presidency Viz. Pagodas, Fanams and Cash.—

Cash.-

In the event of the Troops being employed under the Orders of any of the other Presidencies and paid by Paymasters not subject to the regulations of the Madras Government the Honorable the Governor in Council will take Measures to facilitate the obtaining of Bills by Officers for the purpose of remitting the Amount of the Stoppages of the Troops under their Command.-

The Family Certificates of the few Troops who still remain at the Eastern settlements will continue to be paid as formerly.-

Agreeably to the above Regulations, Paymasters are directed to make the necessary advances when required on Account of Family Payments, for which they will take Receipts, and place the Amount to the personal Debit of the Officers drawing the Advances.-

Officers making Remittances to accompany them with a letter stating the Date of Dispatch.-
