Except that raised to Swartz.

3. As regards the Dutch and Danish tombstones found in Negapatam and Tranquebar, I am unable to say which of them are properly to be entered in this list, being unacquainted with the language of the inscriptions and with any matters on the head of which the deceased might be considered deserving of entry. I would therefore suggest that Government will be pleased to arrange otherwise for the selection from the list submitted by Government with this office letter

From

THE VENERABLE W. WESTON ELWES, M.A.,

To

The Hon: the Chief Secretary.

Sir,

I have the honor to state that there is considerable difficulty in carrying out, under present circumstances, the directions contained in memo No 98 Eccl: Depart. Oct 3. 94 with reference to the list of tombs or monuments possessing historical or archaeological interest in Fort St George.

2. The best way to obtain such a list would be to take it from the following lists.

(a) List of persons buried in St Marys Church

(b) do do to whose memories tablets have been erected in St Marys Church.

(c) Do of monuments of interest in St Marys Cemetery

(d) do published by order of the Duke of Buckingham & Chandos of tombstones round St Marys Church

3. Lists (a) (b) & (c) were sent to Govt with my letter of Feb. 28. 94 No 1733 & the printed copy has been corrected for the Govt Press by the Garrison Chaplain. but he has retained no copy. He has also supplied (d) to the Chief Secty's Office at Madras & understands that a copy has been taken.

4. I believe that the Dep: Coll: of Madras is making a list of all monuments of historical & archaeological interest in the City of Madras & I would venture to suggest that if (a) (b) (c) & (d) could be supplied to him by Govt. the required list might be made in his Office. If however Govt does not approve of this, then if the Supt. of the Govt Press is directed to supply me with (a) (b) & (c) I will direct the Garrison Chaplain (who has already addressed Govt on the subject) to make the required list.

I have the honor to be, Sir

Sir

In reply to your memorandum No 1944 dt. 25. Sept 1894 I have the honor to submit a list of ~~tombs~~ all the tombs & monuments in the Fort ever since the Architecture some months ago by my predecessor, with the exception of about 100 tombstones. Such were formerly in the old Cemeteries that stood in the Esplanade outside the Fort, but now form a pavement round St Mary's Church. Herewith I enclose a list of these tombstones, with notes on the most important. Copies of the inscriptions on them, with facsimile photolithographic plates are to be found in a book published by the direction of the late Duke of Buckingham. This book I sent some time ago, to the Librarian Chief Secretary's Office, at the request of the Chief Asst to the Chief Secretary to Govt. The Librarian informs me that a copy of this book is now nearly ready

In these circumstances I have

the honor to enquire whether it will be necessary for me to send copies of those inscriptions, several of which are in Portuguese, Armenian & Old Latin. To do so, where possible, would involve a considerable amount of personal labour & expenditure of time, which seems scarcely necessary since Govt is already in possession of such copies.

I have the honor to be

Sir

Madras.

Sir,

In returning herewith the proof, marked B, of the Dutch inscriptions on the tombs at Sadras, forwarded with memorandum of Government, No. 50, dated the 25th Ultimo, I have the honour to state that, as there were many mistakes in it, I asked the Superintendent, Government Press, to allow the translator of this office to make the necessary corrections on the spot and to furnish me with a clean proof. The enclosed one was sent to me, and I have corrected it and submit it herewith.

The proof, marked A, was forwarded to the Deputy Collector, Tiruvallur Division, for comparing it with the original and no time will be lost in its transmission, as soon as it is received.

Memorandum. No. 50

~~Read the following~~

The Collector of Chingleput is requested to be so good as to have the accompanying two proofs of Dutch inscriptions checked and returned at a very early date. The Dutch Translator finds innumerable mistakes apparently of the copyist. As it is known that the inscriptions on the monuments are very distinct especially at Sadras, the Collector is requested to be so good as to have the proofs corrected after comparison by some intelligent officer with the originals.
