No. 1159 of 1861.—His Excellency the Governor General in Council is pleased to lay down the following Rules to be observed on the transfer of a Pensioner from one Presidency to another:—

1. On a Pensioner of one Presidency being permitted to reside in another Presidency, the Military Accountant of the Presidency to which the Pensioner belongs shall furnish a Register in the annexed Form B. to the Military Accountant of the Presidency to which the Pensioner may be proceeding, in order to the immediate issue of the necessary instructions for the payment of the Pension. 3. Conformably with the Financial Resolution of 17th November 1860, the Pensioner's Stipend will be adjusted as a debit to his own Presidency in the Books of the Military Accountant of the Presidency in which he may be residing, and on the audit solely of the Local Examiner.

FORT ST. GEORGE, 21st January 1862.

No. 34 of 1862.—The following Notifications from the Fort Saint George Gazette of the 17th Instant, are republished in General Orders :—

NOTIFICATION.

Fort St. George, January 14, 1862.

Heads of Departments are directed to follow the course prescribed in the Notification of the 23rd March 1855, No. 396, in respect to applications for leave of absence from the Officers subordinate to them, excepting those for privilege leave specially provided for in the Order in the Financial Department dated 17th October last, No. 506 ; and to forward in every case the application *in original* to the Civil Paymaster, or if the applicant be a Chaplain, or Military or Medical Officer in Civil employ, to the Controller of Military Finance, who will submit the application to Government with a report as to the eligiblity or otherwise of the applicant to the leave solicited.

2. Under this arrangement *no separate Letter to Government will be necessary.* Any opinion or recommendation of the Heads of Departments should be *superscribed on the application itself.* On the leave being granted, it will be notified in the Fort St. George Gazette. If the applicant be declared ineligible to the leave, or the Government decline to grant it, a copy of the order of Government will be furnished to the Head of the Department for communication to the applicant.

3. Any application for leave of absence that may hereafter be transmitted *direct* to Government will be returned to the sender.

By order.

(Signed) T. PYCROFT, *Chief Secretary.*

No. 13981.

FROM THE SECRETARY TO THE GOVERNMENT OF INDIA, FINANCIAL DEPARTMENT,
TO THE PRESIDENT, MILITARY FINANCE DEPARTMENT, FORT WILLIAM.

"15.—Heads of Departments will have every opportunity "of showing means of diminishing expenditure in these Esti-"mates, which however will afford no scope for creating extra "offices, adding further emoluments to existing ones, nor even "for making organic departmental changes, although not "affecting the total expenditure of the Department. All such "desired changes should invariably be brought forward in "time for full discussion before the preparation of the Estimate, "in order to obtain the sanction of the constituted controlling "Authorities, and in case of changes having been sanctioned "since the preparation of the previous years' Estimate the "authority under which sanctioned should be referred to in "that which includes them for the first time."

"16.—No definite Rule can at present be suggested as to "the extent of investigating that each projected alteration "should undergo, which must depend on the importance of "the measure; but whilst considering that facilities should be "given for making improvements, it appears to us obvious "that all prominent changes such as those affecting the pay, "pension or rations of Soldiers, or the creation of new staff "appointments, should previously receive the definite sanction "of the Government of India and sometimes that of the Home "Government. On the other hand changes of minor import-"ance connected with Departmental Establishments may be "safely left to the decision of the Local Governments, and by "them in some instances delegated to Heads of Departments, "but all such changes whether improvement or otherwise, as "also the reasons for making them, should invariably be placed "on record at the precise time when made, in order to admit "of a judgment being hereafter formed as to how far the an-"ticipated effects have been realized."

SIR,—I AM directed to acknowledge the receipt of your letter No. 1234A., dated the 8th instant, submitting, for the consideration of His Excellency the Governor General in Council, how far changes shall be introduced into the Estimates of Departments without previous permission, and suggesting, for adoption, the course prescribed in paragraphs 15 and 16 of the Report of the Military Finance Commissioners, No. 7 of the 15th June 1860.

2. In reply, I am to state that His Excellency in Council approves of the Rules proposed by you, and is pleased to sanction its adoption, with the exception of the word "*organic*" used therein, which conveys no distinct meaning, and should therefore be omitted.

3. I am to add that Heads of Departments are already charged on their Official responsibility not to make any changes in the Budget Estimates without the sanction of the Local Governments. The correspondence authorizing all changes should be quoted (copies accompanying the Estimates), and all changes of any description specially brought to notice and fully explained.

4. With reference to your remark that "it is of great importance to know what is intended to be the scale of the year,* and that you would therefore urge that the Establishments which are expected to be maintained be those of the last month of the ensuing year, and all savings or increases be shown separately, so that the exact payment in each month may be clearly seen," I am to observe that His Excellency in Council considers the course proposed as likely to lead to confusion, and tend to make the Estimates less trustworthy than under the Rules now in force.

* 1862-63.

5. The Budget and Audit Committee, in paragraph 49 of their Report, No. 6, dated 27th October 1860, observe that "with respect to the manner in which the sums to be entered should be calculated, the "object is to secure as correct a Return as possible of the *scale of Receipts and Expenditure of the year.* "Every head of receipt must be examined with reference to the known expectations of Government, the "sums given in the Rent Rolls and the average receipts on account of former years must be looked to, the "circumstances likely to lead to an increase or decrease of these receipts must be carefully weighed, and as "accurate a calculation as possible of the eventual out-turn must then be made. In estimating the expen-"diture again, the sums for which sanction has actually been given by Government should, in the first "instance, be ascertained ; the probable amount that may be saved by temporary vacancies in appointments "or by absence or other causes, should then be estimated; and the total amount of such savings entered "as a deduction from the charge of the year. The charges under each head should invariably be placed at "the lowest amount which may be deemed sufficient for carrying on the service of the Government." If in addition to these calculations the sums are added, which, though not already sanctioned by Government, it is certain must be sanctioned in the course of the year, the *scale of the year* will, in the opinion of His Excellency the Governor General in Council, be as accurately estimated as it is possible to be.

6. These Rules are accordingly prescribed for the guidance of the Military Department.

I have, &c.,

(Signed) C. H. LUSHINGTON, *Secy. to the Govt. of India.*

Council Chamber, the 30th November 1861.

WHEREAS, it has been represented to Us that it is expedient to cancel that part of the 27th Clause of the Pension Regulations in Our Royal Warrant of the 1st July 1848, which prescribed the conditions under which a discharged Limited Service Soldier shall be permitted, on re-enlistment, to reckon his former service: Our will and pleasure is that, instead of the before mentioned conditions which are hereby cancelled, any Soldier who has been, or shall hereafter be, enlisted for Limited Service, and has been or shall hereafter be discharged before or after the expiration of the first period of service, and shall be permitted to re-engage or again enlist within twelve months from the date of his discharge, shall be allowed, under Clauses 4 and 5 of the regulations and restrictions hereunto annexed, or such others as shall from time to time be established by Our Secretary of State for War, and the General Commanding-

in-Chief of Our Army, to reckon half the period of his former service towards his future Claim to Pension.

Given at our Court at St. James', this thirtieth day of October 1861, in the twenty-fifth year of Our reign.

By Her Majesty's Command.

To be annexed to the Royal Warrant of 30th October 1861.

Genl. No.
1297

1. With a view to give full effect to the provisions of the Limited Enlistment Act, and at the same time to hold out every encouragement to time expired Soldiers of good character to continue in the Service, it is hereby notified that, in addition to the privilege of being permitted, on re-engagement, to count the full period of their first term of service towards increase of Good Conduct Pay, and to Pension on discharge, and of receiving a fresh Bounty, as well as the regulated allowance in lieu of a free Kit, and twenty days Pay of their rank, men who re-engaged at the Head-Quarters of their Regiment for a second term of service, will be granted a Furlough, if serving at Home, for a period of two months, commencing from the date of re-engagement; and if serving at either of the Stations named in the margin, will be provided with a free passage to this Country at a convenient opportunity, at the discretion of the Commanding Officer, and a Furlough for two months, commencing from the date of their arrival in the United Kingdom. They will also be provided with a free passage back to their Regiments, unless directed to join the Depôts thereof at the termination of their Furlough.

Gibraltar.
Malta.
Ionian Islands.

2. Soldiers, who at the time of their re-engagement may be serving in India, China, Ceylon, the Mauritius, Australia, or New Zealand, will be allowed £5, and those serving in Canada, at the Cape of Good Hope, at St. Helena, and in the West Indies £3, in addition to the usual Bounty, as an equivalent for the Furlough granted to re-engaged men serving at other Foreign Stations and at Home.

3. The Secretary of State also deems it expedient to point out that, although the re-enlistment of Limited Service Soldiers at any period within two years from date of discharge has been specially permitted under Class 27 of the Pension Regulations in the Royal Warrant of the 1st July 1848, the Limited Enlistment Act does not contemplate such a proceeding; it is, therefore, to be understood that the system which has hitherto prevailed will be discontinued, and in lieu thereof the following will be adopted, *viz*:—

4. Soldiers who have been, or may hereafter be, discharged after the completion of the first term of Limited Service will, if of good character and in possession at the time of their discharge of a Good-Conduct Badge or Badges, be permitted as an indulgence to re-engage within twelve months from the date of their discharge, provided those who had previously served in the Infantry are not above thirty-two years of age, and those in the Cavalry, Artillery, and Engineers not above thirty-four years of age at the time of their re-engagement; but men re-engaging under this arrangement will only be allowed to count half the period of their former service towards claims to Pensions; they will, however, be allowed to reckon the whole of their previous service towards Good-Conduct Pay, but will be required to serve for one year with uninterrupted Good-Conduct from date of re-engagement before they can be permitted to resume their previous Good-Conduct Badges, when they will be entitled to receive Good-Conduct Pay from the date of their re-engagement.

5. Soldiers of good character who have been discharged, or may hereafter be discharged, during the first term of Limited Service, and who may again enlist within twelve months from the date of discharge, will be allowed the benefit of the preceding provision for reckoning former service, and resuming former Good-Conduct Pay.

No. 36 of 1862.—The following paragraphs of a Military Letter from the Right Honorable the Secretary of State for India, No. 467, dated 3rd December 1861, are published for general information:—

8. "As regards the succession to Colonel's Allowance, I entirely agree with you that it is most desirable to make some definite announcement to the Officers of the Army.

9. In my Despatch No. 27 of 18th January 1861, paragraph 30, I stated that the number of Staff Corps Officers in receipt of Colonel's Allowance "can only be filled up as the establishment of Colonels on the old footing diminishes, so that the aggregate number of Officers receiving Colonel's allowance at one time shall never exceed the regulated number of Colonel's Allowance for each Presidency."

10. It has been since provided, in connexion with the retiring scheme detailed in my Despatch No. 320 of 10th August last, that the names of Lieutenant-Colonels accepting that scheme shall remain in italics on the general lists of "Field Officers Regimentally," to regulate the succession to Colonel's Allowance of those who do not accept the increased pension, so that one Colonel's Allowance will eventually be struck off for each retired Lieutenant-Colonel who would have attained it had he remained on the Effective List, the number of Colonels in the receipt of that allowance being, however, never brought below the proportion they now bear to the number of Officers remaining on the entire list, general and Regimental.

11. It may safely be calculated that, under the operation of this measure, there will be a reserve of Colonel's Allowances in the Cavalry and Infantry Arms of each Presidency, available for the Senior Officers of the Staff Corps, and probably to a much greater extent than will be required for that purpose.

12. Her Majesty's Government have therefore decided that Colonel's Allowances shall at once be assigned to the several Staff Corps in the proportion of one Colonel's Allowance to every thirty Officers who have actually joined the Staff Corps.

13. To these allowances, Officers who have attained the rank of Colonel in the Army, and have served not less than twelve years in the substantive rank of Lieutenant-Colonel, will succeed according to seniority as Lieutenant-Colonels until the proposed establishment is completed to the relative strength of one in thirty Officers of all ranks.

14. The necessity for a qualifying term of service will then cease, and Officers will succeed by seniority as vacancies occur.

15. Her Majesty's Government have further resolved that, upon succession to Colonel's Allowance, Officers of the Staff Corps shall vacate the appointment they then hold, being, however eligible for re-appointment or employment in any other position at the discretion of their respective Governments, and with the sanction of Her Majesty's Secretary of State for India in Council.

16. Officers holding appointments, the tenure of which is limited to five years, will not be required to vacate, on attaining to the Colonel's Allowance, before the expiration of that period.

18. The fourth subject is the position and pay of a Captain in the Staff Corps, being a Major General in the Army.

19. The expressions in the Staff Corps Warrant may not be sufficiently definite, and I have, therefore, to explain to you that, in order to entitle an Officer of the rank of Major-General to the unemployed pay specified in the Warrant for that rank, he must have actually served not less than six years in the substantive rank of Field Officer, the above six years being inclusive of any time he shall have been obliged to pass upon half-pay in consequence of ill health contracted in the service (as established by a Board of Medical Officers), or in consequence of wounds received in action.

20. Other Officers (of the Staff Corps) holding substantive rank in that Corps as Lieutenant Colonel (whether he have the Brevet-rank of Colonel or not), Major, Captain, or Lieutenant, will draw only the pay of their respective ranks.

21. The last subject mentioned in your Despatch has reference to the request of certain Officers to be allowed the 50£. extra pension, in anticipation of retirement in completing the required term of service.

22. Among the questions and replies lately published by you (No. 70), inquiry was made with reference to Officers who might still have a few months to serve, but without reference to such service being required in India or allowable in Europe. You decided in the negative, and your reply has had my approval. You now recommend that it be allowed in the case of Officers who are so situated as to be in a position to complete their time in England.

23. I cannot observe that this one class of Officers have more claim to a relaxation of the rule in their favor than the other. Under the regulation of the service, Officers are required to serve a given number of years for a given pension, such period of service being inclusive of a stated amount of leave. It has suited the convenience of one Officer to take that leave, and he may have two years more to serve in India.

24. 'Another has chosen not yet to take his leave; he may have two years more to serve in England, if he pleases. As far as the interests of Government are concerned, it may be more expedient to relax the rule in question in favor of the latter; but in point of equity, I do not consider that he has more claim to the indulgence than the former.

25. I must, therefore, reluctantly decline to accede to your recommendation, that the rule should be relaxed in the manner and to the extent proposed."

Offg. Secy. to the Govt. of India.

GENERAL ORDERS.

HEAD QUARTERS: CHOULTRY PLAIN.

29TH JANUARY 1862.

His Excellency the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by His Excellency the Governor in Council.

FORT ST. GEORGE, 24TH JANUARY 1862.

No. 43 of 1862.—His Excellency the Governor in Council directs it to be notified that Her Majesty's Government and the Right Honorable the Governor General of India in Council have decided that the European portion of the Military Force to be hereafter maintained in the Madras Presidency, shall consist of

29 Batteries of Artillery,

2 Regiments of Cavalry,

11 Regiments of Infantry.

2. The decision of the Government of India in regard to the Native Army of this Presidency, having also been received, His Excellency in Council is pleased to publish the same for general information.

"The Native Cavalry has been brought down to four Regiments, and the Governor "General in Council considers that no further reductions can be made in this Arm."

"The Governor General in Council has given every consideration to the services of the "Madras Army, and has felt every desire to employ the Regiments of that Army in places "where they could be substituted for other Troops. This His Excellency in Council finds can "only be done to a very small extent. The requirements of the several Districts occupied by "the Madras Army are reported to be far below the Garrisons now employed in those Districts; "and though the amount of Force assumed by each of the District Officers as sufficient for his "own District, cannot safely be taken in the aggregate as shewing the strength at which the "Madras Native Army should be fixed, since some reserve in addition to the actual require-"ments of each District is necessary; it is clear that a large reduction of the present Army is "called for."

"The extent of this reduction has been fully considered by the Governor General in "Council, who has arrived at the conclusion that eight of the present fifty-two Native Infantry "Regiments, must at once be disbanded."

"The Force of Native Infantry now fixed, *viz.*, forty-four Regiments, is, the Governor "General in Council is satisfied, ample for the requirements of the Madras Presidency including "the occupation of the Central Provinces, Pegu and the Straits, and this Force provides a suffi-"cient reserve not only for any emergency on the Continent of India, but for any likely calls "from Pegu and the Straits."

3. His Excellency in Council desires to observe, that the measure ordered above is one of the unavoidable results of the reduction of the Indian Army to a Peace Establishment.

4. In communication with His Excellency the Commander-in-Chief, the Governor in Council announces that the 45th, 46th, 47th, 48th, 49th, 50th, 51st and 52nd Regiments N. I., are the Corps to be disbanded—and directs that they be finally broken up from the 31st March 1862.

5. Commanding Officers, Officers Commanding Companies, and permanent Adjutants and Quarter Masters who may not previously be appointed to corresponding situations in other Corps, will be permitted to draw their respective Command and Staff allowances for a period of six months from the above date.

6. All Regimental appointments will cease on the date the Regiments are broken up; but Subadar Majors, Regimental Havildar Majors, Color Havildars and Drum and Fife Majors whose transfer to other Corps may be ordered, will retain their present Staff rank and allowances.

7. His Excellency the Commander-in-Chief will be good enough to issue the necessary subsidiary instructions for giving effect to this Order.

1. Medical Invaliding Committees composed, if practicable, of one Field Officer and two Medical Officers of experience, will be immediately convened by Officers Commanding Divisions at all Stations of the Army, for the examination of *all* Native Ranks (including Non-Combatants who are eligible for the Pension Establishment) of all Regiments of Native Infantry, who are not in every respect fit for active service in the Field. The Proceedings of these Committees are to be forwarded to Army Head Quarters in due course; and pending their transmission, a *Nominal Roll*, shewing Rank, Name, Regimental Number, date of Enlistment and age when enlisted, of such of the men pronounced unfit by Committees, as may have completed the prescribed service for Pension, is to be at once forwarded to the Adjutant General of the Army, in order to their being transferred to the Pension List. Men (Combatants) of thirty-nine and fourteen years full service, declared unfit by Medical Committees, will be pensioned; the former on the Superior Pension, the latter at the ordinary rate.

2. Such men as have not completed the prescribed service for Pension and may not be perfectly fit for active service, or who may be of bad character, are to be paid up and discharged at once by the local Authorities; Gratuity and Travelling Batta to those of the Combatant ranks being issued at the rates below authorized.

3. All men (Combatants) in the eight Regiments to be reduced, of and under three years' service, who have no special claims for good service in the Field, are to be at once paid up and discharged by the local Authorities with the Gratuity and Travelling Batta below authorized.

4. Rolls of men considered to have special claims, to be retained in the Army on account of their services in the Field, or other causes, will be forwarded to Army Head Quarters for the final orders of the Commander-in-Chief. Transmitting Officers will be very careful that these Rolls contain the necessary details and dates of the good services, constituting claims to special consideration.

5. The Gratuities referred to in the preceding paragraphs will be allowed to men of the Combatant ranks according to the following scale :—

Men of under three years' service, three months' nett Pay of rank.
,, from three to six years' service, six ,, ,,
,, from six to eight ,, ,, nine ,, ,,
,, above eight ,, ,, twelve ,, ,,

Service under age is not to be taken into account in calculating the Gratuity.

In addition to the above, the Travelling Batta on discharge, authorized by paragraph 17, page 186 of the Pay and Audit Regulations will be issued to the discharged Combatant ranks.

6. All Puckallies, 2nd Tindals, Regimental Lascars, Artificers, Toties, Choudries and Peons of the 45th, 46th, 47th, 48th, 49th, 50th, 51st and 52nd Regiments Native Infantry, who have not served the prescribed period or are ineligible for Pension, are to be at once discharged by Commanding Officers with Gratuities as follows :—

Officers Commanding Dvisions will immediately communicate with each other and with the Civil Authorities as may be necessary regarding men absent on leave from Regiments under their Command, in order to such men being at once called in to the nearest Military Station and dealt with under the provisions of this order. Officers Commanding Regiments to which the men belong, will be held responsible that every information necessary to settle all claims be at once fully and clearly afforded to the authorities who will have to dispose of these men.

9. The Commander-in-Chief expects that the instructions contained in this order will receive the strictest attention from all Officers concerned, and that the measures ordered will be carried into effect as speedily as possible throughout the Army.

10. As the arrangements are carried out in each Regiment, Officers Commanding Divisions will transmit by Telegraph and Post to the Adjutant General of the Army, a *Numerical Return* exhibiting in detail the strength of all ranks remaining. Orders will then be issued for the completion of the Native Establishments by effective transfers from the Regiments to be reduced. It is expected that the required Return will in every case be transmitted within ten days from the date of receipt of this order at each Station.

11. The provisions of this order are not to affect men present with Regiments serving in Burmah and the Straits Settlements until their return to the Coast.

12. Supernumeraries remaining after Regiments shall have been completed by transfers from the reduced Regiments, will be absorbed by casualties in ordinary course, but to prevent stagnation in promotion, one step will be given for every two vacancies in each of the grades of Naigue, Havildar, Jemadar and Subadar, until the Supernumeraries shall be absorbed. On Supernumeraries being absorbed, Regiments are to be recruited to the authorized Establishment.

13. Recruit and Pension Boys of the Regiments to be reduced may take their discharge if they wish to do so, but without Gratuity, those who may remain will be transferred to other Regiments. Boys in excess of the Establishment of Regiments will be borne as Supernumeraries until vacancies occur for their reception on the fixed Establishment, one being absorbed for every two vacancies.

15. The European Non-Commissioned Staff Officers will be disposed of hereafter, in the meantime they will remain at their Stations under the orders of their present Commanding Officers.

16. The position in their new Regiments of the Native Ranks who may be transferred from the reduced Regiments of Native Infantry is to be strictly regulated by their respective standings and services. Nominal Rolls, Registers, &c., of men transferred will be furnished by the Officers Commanding the Corps ordered to be reduced to the Regiments to which the men may be removed.

FORT ST. GEORGE, 14TH FEBRUARY 1862.

No. **77** of 1862.—The following Extract from a Military Despatch from the Right Honorable the Secretary of State for India, is published.

Despatch dated 31st December 1861, No 208.

Para. 1. There are some points connected with the Furlough Regulations, to which I feel it necessary to call the attention of the Governments in India.

2. In a General Order, Queen's British Troops, dated 3rd August 1859, I find that Staff Surgeon Woodward, was granted leave of absence to Europe under the new Furlough rules; and in a communication received from this Officer, since his arrival in this country, it is stated that he received from the Government of Bombay an advance of three months' pay and Indian allowances on quitting India.

3. Staff Surgeons are not entitled to the same advantages with respect to furlough as Officers belonging to regiments serving in India. When a Staff Surgeon leaves India he ceases to belong to the Indian Establishment, and his place is filled up; under such circumstances he can have no claim to Indian allowances for a date subsequent to that of his quitting India.

4 In fact, Lord Stanley's Despatch to the Government of India, dated 9th February 1859, No. 41, transmitted a communication from the Director General, Army Medical Department, in which he stated "that no Staff Medical Officer has any claim for Indian allowances after embarkation for this country; "for, if this course be not pursued, it might happen that the Government of India would be involved in "the payment of a larger Medical Staff than has been agreed on."

5. Previously to the introduction of the new Furlough rules, it was optional with Officers to take, or refuse, an advance of six months' furlough pay on quitting India. On the introduction of the new rules, it was stated* that advances of pay and allowances under them, might be made in India for three months, and that furlough *pay* might continue to be issued in advance for six months, when required.

*Despatch to India, 20th September 1854, No 24, para. 15.

6. Notwithstanding these instructions, it appears that in Bengal and Madras, advances of pay and allowances have been in some cases made for six months. This should be interdicted for the future. This rule applies equally to Her Majesty's British Officers.

FORT ST. GEORGE, 14TH FEBRUARY 1862.

No. **78** of 1862.—His Excellency the Governor in Council directs it to be notified for general information and the guidance of all concerned, that, pursuant to the order of Government, No. 4306, dated 27th November 1861, the duties connected with the payment of Military Pensions and family Certificates at all Stations in this Presidency, excepting those specified in the margin, have, from the 1st January 1862, devolved upon the Officers in immediate charge of Civil Treasuries, Zillah and Taluq.

Madras.
Bangalore.
Secunderabad.
Jaulnah.
Kamptee and other places beyond Frontier.

The following rules relating to the Pension Department had effect from the same date.

Pensioners.

Pensioners will be permitted to reside and draw their pensions with any Regiment not on Field or Foreign Service in which they may have formerly served or their next of kin may be serving, and will be subject to removal only in case of mis-conduct. They can only however reside in the lines with the sanction of the Commanding Officer under whose orders they will be paid. The transfer of such Pensioners from Regiments to the "Stations" where the Corps may be quartered, will not be permitted.

One uniform system of Registers and other Records will be established under the direction of the Superintendent of Pensions, for all Pension Offices; and on his requisition the Forms of Routine Letters Reports and Returns required for distribution to Officers in charge will be printed at the Fort St. George Gazette Press.

On every occasion of a Pensioner proceeding on furlough his Pension Certificate shall be despatched by the Officer in charge to the Station to which he is proceeding on the same day on which his Passport is granted to him.

The regulated allowance to Military Officers in charge for the payment of Pensioners will in future be granted only for the number actually drawn for in each month.

Pensions and Family payments shall be paid on fixed dates.

The muster of Pensioners paid by Military Officers will be conducted as at present and at out Stations where musters are taken by the Officers in charge, an Officer will be detailed annually *but not at any fixed period*, to take one of the musters and minutely to inspect all Pensioners more especially children. Pensioners paid by the Civil Authorities will be inspected annually by a Committee or an Officer, other than the paying Officer, to be appointed by the Collector of the District.

The Superintendent of Pensions will issue such instructions as may appear necessary to all Civil and Military Officers in charge of Pensioners in view to Pension Certificates, Transfer Receipts and Station Registers being kept under lock and key in their sole custody, so that no other person shall have access to them.

Family Certificates.

The Triplicate Roll of family Certificates and Triplicate alteration of Rolls of additional family Certificates will be discontinued; duplicate Rolls only will be required. To ensure security it is necessary that all original and duplicate Rolls of family Certificates whether from Corps in India or beyond Sea should be despatched by separate days' posts, or by separate vessels to the Superintendent of Family Payments.

When portions of a Regiment proceed on Field Service, and families are left at the Head Quarters of the Regiment, the Family Certificates of such will be paid by the Regimental authorities.

In order to effect this, the Officer charged with family Payments at the Station of the Regiment will make over the whole amount for the families in question to the Officer Commanding on his receipt; the latter will cause payment to be made and noted in the family Certificates and in forwarding an Acquittance Roll signed by the holders, will report (in the form established by the family Payment Regulations from Stations) the completion of the payment to the Officer in charge; he will at the same time return any sums remaining unpaid from casualties that may have occurred during the month, to enable the Officer in charge to include them in his report to the Superintendent.

In addition to the fixed Military Stations at which payments on family Certificates are made, payment will be made by the Collector or Civil Officer in charge of the Zillah at the nearest disbursing Station to the place *where the party entitled to the payment may be residing*. In such case the family Certificates, will be made payable at the several minor Treasuries in each Collectorate, as at the present fixed Stations, the correspondence being separate for each but conducted with the Collector or Sub Collector of the District.

By this arrangement it is believed that the families will be enabled to reside more in their own villages and their means of living be thereby economized.

Remittances of Sepoys.

When Sepoys wish to remit money to their families by ordinary Cash Receipts, Officers remitting such Cash receipts will insist at the time that the remitter shall send a Ticket of advice* to the person to whom the money is to be paid with instructions to deliver it to the Station Officer in person and the remitting Officer will report to the Station Officer that this has been done. Both the letter enclosing the Cash Receipt and the Ticket should specify the dwelling, street and village of the receiver.

*The Superintendent of Family Payments will prescribe a form.

Paying Officers are strictly prohibited from cashing such Receipts until the party for whom the money intended personally produces the Ticket received from the remitter.

It is the desire of Government that every facility should be afforded to the Native Soldier on Field or Foreign Service for remitting his savings to his family or relations.

Temporary Pension Certificates.

The grant of Temporary Pension Certificates to Heirs will be immediately introduced into the Artillery in common with the other branches of the Native Army, and the system pursued in the Artillery for the speedy investigation of the claims of heirs will be adopted in the Sappers and Miners.

With a view to remove the difficulty now experienced of obtaining Medical Certificates of the cause of death, the Medical Officer in charge of the Hospital or of the Regiment or the Officer Commanding the Regiment may grant such certificate; a copy of which will be entered in the hospital books at the foot of the cases of the deceased for future reference.

FORT ST. GEORGE, 14TH FEBRUARY 1862.

No. **79** of 1862.—The Governor in Council is pleased to notify, that the Government of India have sanctioned an allowance of Rupees (3-8-0) three and Annas eight, for each female Pupil per annum, for the purchase of materials for work in Industrial Schools established in Regiments, under the Army School Regulations, of which Trained School Mistresses may be in charge, in lieu of the five shillings per annum allowed in England under War Office Circular, dated 25th August 1857, No. 130.

2. This allowance will be drawn half yearly, and the materials used or made up by the pupils, may be subsequently distributed among them as rewards by the Commanding Officer at his discretion.

3. It is not intended however, that all the materials used or made up by the children under the instruction of the School Mistress, shall be supplied by Government; it will be the duty of the School Mistress to encourage the children to bring work of their own to the schools, and to direct and assist them in cutting out and making up articles of clothing for themselves or their parents.

4. The School Mistress will furnish an estimate half yearly of the articles required for the succeeding half year, and will append a certificate countersigned by the Commanding Officer, or the Chaplain, should the Commanding Officer prefer to place the duty in his hands, accounting for the grant of the preceding half year: a Contingent Bill for the amount, supported by the estimate and vouched in the usual manner, will be forwarded for previous audit by the Examiner of the Pay Department through the Paymaster of the Division.

5. Every estimate must show the number of children attending the Industrial School at the time, distinguishing girls from boys, and the greatest and least number on the books at any time during the last half year.

FORT ST GEORGE 18TH FEBRUARY 1862.

No. 86 of 1862.—The following General Orders by His Excellency the Governor General of India in Council, are re-published.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 4th February 1862.

No. 125 of 1862.—In continuation of Government General Order No. 1120 of the 6th December 1861, His Excellency the Governor General in Council is pleased to publish, for general information, the following observations by the Right Hon'ble the Secretary of State for India on answers given by the Government of India to questions connected with the late changes in the Indian Army, and published in Government General Orders Nos. 801 and 833 of the 10th and 17th September 1861.

Questions.	Answers by Government in India.	REMARKS.
96. An Officer is at home on two years' Furlough in 1856, and ordered out in consequence of the Mutiny in 1857, having ten months of his leave unexpired; can he, if he joins the Staff Corps, take this balance of Furlough without losing his appointment?	96. Yes, he would be allowed the balance of his Furlough, retaining his appointment.	96. Approved; but add the words—"to the Staff Corps."
97. An Officer proceeds on fifteen months' leave, retaining his appointment; he obtains twelve months additional leave, and thereby forfeits his appointment. Is his absence of fifteen months to be reckoned as Staff service?	97. Yes.	97. See Despatch to India, No. 315 of the 9th August, published in General Order No. 824 of 1861.
99. Can an Officer having entered the Staff Corps retire from the Service and claim the extra 50*l.* as pension offered in Governor General's Order, dated 8th March last, No. 79, provided he applies to retire before the 1st October next?	99. Yes, but, as shown in the Despatch, No. 302, dated 2nd August 1861, published in General Order No. 784 of the 5th September 1861, it is not the intention of Her Majesty's Government that Officers should enter the Staff Corps for the purpose of immediately retiring.	99. See remark on question and answer No. 49, published in Government General Order No. 960 of 1861.
102. Whether a Lieutenant in a British Regiment of Foot, of eight years' service, who was appointed Officiating Assistant Commissioner, Tenasserim and Martaban, on the 20th October 1860, and confirmed in the appointmtent of Second Class Extra Assistant Commissioner, Tenasserim Province, in June 1861, is eligible for the Staff Corps in India and whether the service above-mentioned will count as service on the Staff.	102. This Officer is eligible, at the discretion of Government, to join the Staff Corps on probation under paragraph 75 of the General Order. Having been confirmed in permanent employment his previous temporary employment will count as Staff service. See Questions and Answers 26 and 40. But as this Officer held only temporary employment on the 18th of February last, he cannot be admitted into the Staff Corps previously to the 22nd October 1861, after that date his claims will be considered.	102. An Officer entering the Staff Corps subsequent to the 22nd October 1861, has not the privilege of counting previous Staff service toward promtion.

Questions.	Answers by Government in India.	Remarks.
107. If an Artillery Officer elects to serve out of India, will his pay and allowances, while serving in India, undergo any alteration from the existing rates? (Paragraph 30.)	107. His Pay and allowances will not be altered.	107. Approved; but add—"while serving in India."
108. It is presumed that Officers of Artillery now holding appointments either on the General Staff with Batteries of Native Artillery, in the Ordnance Department, or as Superintendents of Ordnance Manufacturing Establishments in India, are not required to vacate their appointments should they declare themselves willing to serve out of India, and that Officers now doing Regimental duty, and who are willing to serve out of India, will be eligible for employment hereafter to Artillery and Ordnance Staff situations? (Paragraphs 30 and 45.)	108. Artillery Officers who volunteer will retain their appointments, and those who have no appointments will be eligible to Staff employ.	108. Substitute "Artillery Officers who volunteer will retain the appointments unless their services should be required elsewhere, and those who," &c., &c.
110. A Staff Officer having been directed temporarily to re-join his Regiment on field service or for garrison duty, when circumstances have required for a time the presence of additional Officers, will the period he may thus have been temporarily serving with his Regiment count as Staff service for promotion in the Staff Corps? (Paragraph 84.)	110. The period during which a Staff Officer may temporarily serve with his Regiment will not reckon as Staff service unless he has joined his Regiment in the field.	110. The privilege of counting as Staff service the period during which a Staff Officer may temporarily serve with his Regiment, if ordered to do so on public grounds, shall be granted to Officers joining their Regiments for garrison duty, as well as to those joining for field service.

Fort William, the 7th February 1862.

No. 93 of 1862.—The following General Order by His Excellency the Governor General of India in Council, is re-published.

General Order by His Excellency the Governor General of India in Council.

Fort William, the 24th January 1862.

No. 86 of 1862.—His Excellency the Governor General in Council is pleased to direct the following Rules for the payment and adjustment of transport charges for the conveyance of Troops and Stores.—

1. All Departmental Officers authorized to incur charges for transport of Troops or Military Stores will have cash assignments on the Local Treasury periodically made to them by the Heads of their respective Departments from which they will at once pay, as directed below, for the transport which may be provided under their authority.

2. They will be held personally responsible for any expenditure in any period in excess of the cash assignment for that period, unless they previously obtain a Station Order directing the provision of the transport, and apply at once for a supplementary credit to meet the expense.

3. Any such Officer requiring transport will forward to the Officer or other person providing it a "Request Note" detailing the Troops, Stores, &c, requiring to be conveyed, and request its return with the cost of the transport endorsed on it (Form A.)

4. He will then furnish the person providing the transport with a "Forwarding Order," which shall set forth the numbers, description, and such particulars as may be considered necessary, of the despatch to be made, and show the amount of cost incurred (Form B.) He will also hand over, with the "Forwarding Order," a "Transfer Order" on the Local Treasury for the amount cost of the Transport (Form C.) And this document (with the acknowledgment of the giver on the back that the transport has been duly provided) will be a sufficient Voucher to the Treasury for the payment of a Bill for the amount when the transport is furnished by private persons, and for the transfer of the amount to the credit of the Department providing it, when it is provided by an Officer of Government. In each case a receipt will be taken by the Officer granting the "Transfer Order," as his Voucher for the appropriation of the amount (Form D.)

5. These documents will wholly clear the person providing the transport and all retrenchments will be made, or explanation required from the Officer ordering it, with whom the Examiner, or Officer entrusted with the audit of such charges, should promptly communicate whenever information respecting them is found necessary.

6. The audit of all Military transport Charges will be entrusted to one of the Examiners attached to the Office of the Controller of Military Finance, who will audit and pass them on account of the Departments to which they severally relate.

7. Detailed instructions relative to the mode of carrying into effect the above Rules will be prepared and communicated by the Military Finance Department, to the Departments and Officers concerned.

FORT ST. GEORGE, 7TH MARCH 1862.

No. **110** of 1862.—The following Notification from the *Calcutta Gazette*, is republished in General Orders:—

No .1196.

From C. H. Lushington, Esq., Secretary to the Government of India, Financial Department.

To the Military Finance Department, Fort William, Council Chamber, the 10th February 1862.
Financial Department,

Gentlemen—I have the honor to acknowledge the receipt of your letter, No. 5342A, dated the 9th instant, with enclosures, from which it appears that Colonel McCally, Commissary General, Madras, having applied to the Military Accountant there for a "certificate of no demands" to accompany an application from him for leave to retire from the service, without furnishing the necessary documents which would have enabled the Controller of Military Finance to ascertain that the funds taken up by Colonel McCally in his capacity of Commissary General had been applied by him in accordance with the sanctioned estimates, the Controller suggested that Colonel McCally should be required to give a reasonable amount of security to meet any objectionable charges which might arise after his departure, and for which the Government might consider him justly responsible, and that following this recommendation, the Madras Governmont directed the Controller to require Colonel McCally to furnish reasonable personal security to guard them against possible loss.

2. The principle laid down in this case should, you recommend, be extended to all cases of Officers drawing funds or authorizing expenditure.

3. In reply, I am desired to observe that there can be no question regarding the correctness of the principle of holding Heads of Departments personally responsible for the issue of funds on their authority beyond the limits of the Budget sanction, and that any measure that would enforce this responsibility is in itself desirable. Notwithstanding that the direct orders of Government prohibit the issue of funds in excess of the grant for any particular Department of the public service, it is possible that such excess may be authorized by the Head of a Department under circumstances that would not justify the issue; and in such a case, His Excellency in Council is clearly of opinion that some security should be demanded from the retiring Officer; but His Excellency is also of opinion that, as pecuniary responsibility already attaches to the *Executive* Officer at whose disposal the funds are placed, and who deposits substantial security for the correct appropriation of such funds, a declaration by the retiring Officer that he has not authorized the issue of funds to Executive officers beyond the limits of the sanctioned grant for his Department, or in cases where such limits have been exceeded, a personal guarantee to meet any claims of Government arising out of such excessive issue, will sufficiently establish the principle of personal responsibility and secure the observance, under ordinary circumstances, of Budget limits.

4. His Excellency in Council is accordingly pleased to direct that all future cases shall be governed by the rule above laid down.

I have, &c.

(Signed) C. H. LUSHINGTON, *Secy. to the Govt. of India.*

(Signed) H. MARSHALL, Colonel, *Secretary to Government.*

By order of His Excellency the Commander in Chief.

W. G. WOODS, Lieut.-Colonel,
Adjutant General of the Army.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN 1st *March* 1862.

No. 22.—It is notified for general information that under a recent decision of the Government of India, an Officer who had elected (or who, not having before elected, might on his entering the Staff Corps desire to elect) the old Furlough Regulations, carries with him into the Staff Corps so much of his service (authorized leave included) as had been passed in Indian limits and no more; and that to entitle him to retire on the pension of any particular rank he must serve so many more years as would with that service complete the full period of service prescribed for such pension, with the liberty of availing himself, after his entry into the Staff Corps, of the privileged periods* of absence allowed in paragraph 30 of the new furlough Regulations.

* 2 years' absence in 20 years' service.

twelve months from the date of his discharge, shall be allowed, under Clauses 4 and 5 of the Regulations and restrictions hereunto annexed, or such others as shall from time to time be established by Our Secretary of State for War, and the General Commanding-in-Chief of Our Army, to reckon half the period of his former service towards his future claim to Pension.

REGULATIONS TO BE ANNEXED TO THE ROYAL WARRANT OF 30TH OCTOBER 1861, CIRCULAR No. 722.

Genl. No.

1312

1. WITH a view to give full effect to the provisions of the Limited Enlistment Act, and at the same time to hold out every encouragement to time-expired Soldiers of good character to continue in the Service, it is hereby notified that, in addition to the privilege of being permitted, on re-engagement, to count the full period of their first term of service towards increase of Good-Conduct Pay, and to Pension on discharge, and of receiving a fresh Bounty, as well as the regulated allowance in lieu of a free Kit, and an allowance of one shilling a day for twenty days; men who re-engage at the Head-Quarters of their Regiment for a second term of service, will be granted a Furlough, if serving at Home, for a period of two months, commencing from the date of re-engagement; and if serving at either of the Stations named in the margin, will be provided with a free passage to this country at a convenient opportunity, at the discretion of the Commanding Officer, and a Furlough for two months, commencing from the date of their arrival in the United Kingdom. They will also be provided with a free passage back to their Regiments, unless directed to join the Depôts thereof at the termination of their Furloughs.

Gibraltar,
Malta,
Ionian Islands.

2. Soldiers, who at the time of their re-engagement may be serving in India, China, Ceylon, the Mauritius, Australia, or New Zealand will be allowed £5, and those serving in Canda, at the Cape of Good Hope, at St. Helena, and in the West Indies £3, in addition to the usual Bounty, as an equivalent for the Furlough granted to re-engaged men serving at other Foreign Stations and at Home.

3. The Secretary of State also deems it expedient to point out, that although the re-enlistment of Limited Service Soldiers at any period within two years from date of discharge has been especially permitted under Clause 27 of the Pension Regulations in the Royal Warrant of the 1st July 1848, the Limited Enlistment Act does not contemplate such a proceeding; it is, therefore, to be understood that the system which has hitherto prevailed will be discontinued, (except as specially provided in Clause 6,) and in lieu thereof the following will be adopted, *viz*:—

4. Soldiers who may hereafter be discharged after the completion of the 1st term of Limited Service will, if of good character and in possession at the time of their discharge of a Good-Conduct Badge or Badges, be permitted, as an indulgence to re-engage within twelve months from the date of their discharge, provided those who had previously served in the Infantry are not above thirty-two years of age, and those in the Cavalry, Artillery, and Engineers not above thirty-four years of age at the time of their re-engagement; but men re-engaging under this arrangement will only be allowed to count half the period of their former service towards claims to Pensions, and must be recommended for that indulgence by their Commanding Officers on account of good conduct at the expiration of one year from date of re-engagement; they must also at the time of re-engagement declare the period of their former service, and cause of discharge from their last Corps. They will, however, be allowed to reckon the whole of their previous service towards Good-Conduct Pay, but will be required to serve for one year with uninterrupted good conduct from date of re-engagement before they can be permitted to resume their previous Good-Conduct Badges, when they will, on the recommendation of their Commanding Officers, be entitled to receive Good-Conduct Pay from the date of their re-engagement.

5. Soldiers of good character who may hereafter be discharged, on reduction or on account of disability, or by purchase, &c., during the first term of Limited Service, and who may again enlist within twelve months from the date of discharge, will be allowed the benefit of the preceding provision for reckoning former service, and resuming former Good-Conduct Pay.

6. Limited Service Soldiers who may have already taken their discharges prior to the publication of the Warrant hereto annexed, and shall re-engage subsequently to such publication, will be allowed, in conformity with the Regulations in force at the time of their discharge, the whole of previous service towards pension, provided they re-engage within two years from date of discharge, and are specially recommended for this indulgence after not less than six months' renewed service.

War Office, the 30th October 1861.

No. 262 of 1862.—In continuation of Government General Order No. 125 of the 4th February 1862, His Excellency the Governor General in Council is pleased to publish, for general information, the following observations by the Right Hon'ble the Secretary of State for India on Answers given by the Govern-

ment of India to Questions connected with the late changes in the Indian Army, and published in Government General Order No. 913 of the 11th October 1861 :—

Questions.	Answers by Government of India.	Remarks.
114. With reference to the reply to Question 83, published in Government General Order No. 681, in which it is stated that "all authorized leave" will reckon towards promotion under the Staff Warrant, inquiry is made if by "authorized leave" only two years in twenty, &c., is intended?	114. No leave, except privilege leave, is to reckon towards promotion, except in the case of Lieutenant-Colonels. See Despatch from Secretary of State, No. 315, published in General Order No. 824, dated 17th September 1861.	114. If the question alludes to the time reckoned as Staff Service for promotion the reply is correct.
The Officer has had only about one and three quarter years' leave in sixteen years' service; but sickness may send him home. Suppose under the circumstances he was obliged to spend eighteen months at home, would all in excess of two years count against him for his promotion to a Majority?		
If it would not count against him for promotion, what is intended by the term "authorized leave"?	The Answer to Question 83, in which these words occur, has been cancelled by the Despatch above quoted.	
118. By Government General Order No. 332, there is no rank recognized in the Staff Corps between that of General Officer on Rupees 1,295 a month, and Lieutenant-Colonel on Rupees 827-14, but that of Brevet-Colonel, the pay of which is the same as that of Lieutenant-Colonel.	118. No instructions have been received from the Secretary of State respecting Colonel's allowances in the Staff Corps.	118. An Officer of the Staff Corps, not being a General Officer, on obtaining Colonel's allowance would receive Lieutenant-Colonel's pay with the Colonel's allowance.
The Bombay Government ask whether an Officer of the Staff Corps, not being a General Officer, on obtaining the Colonel's allowance would receive only Lieutenant-Colonel's pay, with Colonel's allowance, or Colonel's pay as well as allowance, notwithstanding that there is no substantive rank of Colonel in the Staff Corps?

No. **130** of 1862.—The following General Orders by His Excellency the Governor-General of India Council, are re-published.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 10th March 1862.

No. 267 of 1862.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 1 of the 9th January 1862, are published for general information:—

PARA. 18.—I have already expressed my approval of your decision that Officers above the rank of Subaltern shall not be eligible for appointments on the Regimental Staff. Those Officers, therefore, who elected to join the Staff Corps while holding Regimental Staff Appointments, and who attained to the rank of Captain on so joining, must be called upon to vacate those appointments.

19. With respect, however, to all such Officers as, being similarly situated, have not attained to the rank of Captain, I regret to be under the necessity of requesting that the General Order by the Madras Government, No. 363 of 18th October 1861, may be cancelled, and that, in the event of these Officers' services being required by the Commander in Chief for that purpose, they may be permitted to retain their appointments; but such Officers will vacate their position on the Regimental Staff on attaining the rank of Captain.

20. A consideration of what is due to the interests of the Public Service, no less than to the Officers themselves, has led me to this decision; but at the same time I desire that it may be distinctly understood, not only that all Officers of the Indian Army who remain with their Regiments have an equal claim to Staff employment with Officers of the Staff Corps, but also, that so long as any Subaltern belonging under the

regular system to the several Regiments remain with those Regiments they should be understood to have, on all occasions of future vacancies among the Regimental Staff, the same amount of prior claim to such appointments as they have hitherto been allowed to possess.

21. In such cases the nomination to Regimental Staff Appointments will rest as heretofore with the Commander in Chief who, shou ld he find it necessary to appoint an Officer of the Staff Corps, will apply to the Government for his services, should those services not be already at his disposal.

Fort William, the 11th March 1862.

No. 270 of 1862.—The following letter from the Horse Guards, dated the 24th October 1861, is published in General Orders, and its provisions are made applicable to the three Presidencies :—

I have the honor, by direction of the General Commanding in Chief, to "acknowledge the receipt of your letter dated the 30th August last, No. $\frac{\text{Stores}}{\text{305.}}$ respecting the regulations for the supply of Nipple Wrenches to Regiments under your Command; and to acquaint you in reply that a Nipple Wrench, with Cramp, should be issued to all Serjeants carrying Rifles, and one of the same pattern for every twenty rank and File to be kept by the Corporal or any other steady man of the Section; a Nipple Wrench, without Cramp, is allowed to every other Soldier bearing Fire-arms."

No. 283 of 1862.—His Excellency the Governor General in Council is pleased to direct the publication of the following Circular Memorandum, No. 139, dated Horse Guards, 8th June 1861 :—

4th Infantry.

Lieutenant H. F. H. Sewell, of the Madras Staff Corps, to officiate as Adjutant during the absence on sick leave of Lieutenant T. H. Way, or until further orders.

Fort William, the 20th March 1862.

No. 329 of 1862.—His Excellency the Governor General in Council is pleased to observe, that before the revision of the pay of European Soldiers in 1840, European Non-Commissioned Officers on detached Staff employ in the Bengal Presidency, received dry Batta at Rupees (10) ten per mensem, from which they provided their own rations.

2. On the revision of pay by Government General Order No. 146 dated 8th July 1840, the sum of Rupees (1-9-10) one, nine annas and ten pice in Garrison, and Rupees (3-2-8) three, two annas, and eight pice per mensem, on the field scale, was added to the pay of the European Soldiers of all ranks. This addition having been made applicable to those on Staff employ, a corresponding deduction viz. of Rupees (3-2-8) three, two annas and eight pice, was made from their dry Batta, thus reducing it from Rupees (10) ten, to Rupees (6-13-4) six, thirteen annas, and four pice per month.

3 It was subsequently ordered by Government General Order No. 59 of 17th March 1843, that as the pay of European Non-Commissioned Officers and Privates, whether on Staff employ, or on Regimental duty, was uniform, so those on Staff employ should receive as dry Batta no more than the equivalent for the sum of (5) five pence per diem, which is stopped for Rations, from the pay of the Soldier doing Regimental duty. The dry batta of the European Non-Commissioned Officers and Privates on Staff employ was accordingly fixed by Government General Order of 17th March 1843, No. 59, at Rupees (6-5-4) six, five annas and four pice per mensem, and it still continues at that rate.

4. It is known, however, owing to the additions made to the Soldier's Ration by General Order by the Governor General No. 876, dated 28th October 1853, that the monthly cost of the Soldiers Ration exceeds Rupees (6-5-4) six, five annas, and four pice, even at the whole sale prices at which the articles of the Ration are obtained by the Commissariat and that the Soldier on detached employ cannot provide his food on that allowance.

5. It is ruled accordingly, that European Non-Commissioned Officers, Corporals and Privates on detached Staff employ, or serving in situations where they are not rationed by the Commissariat, shall, if not drawing consolidated Salaries be allowed dry Batta at Rupees (10) ten, instead of Rupees (6-5-4) six, five annas, and four pice per mensem.

6. This indulgence is conceded to all who receive Military pay and dry batta.

Secy. to the Govt. of India.

REGULATIONS.

1. The existing General Officers of either Army shall continue, as at present, on separate lists.

2. All Colonels of either Army who attained that rank prior to the 17th February 1861 shall be continued on separate lists as at present, and shall succeed on separate lists to the rank of Major General, Lieutenant General, and General, under the Regulations now in force for each Army respectively; but if all the Colonels on one of the separate lists shall have become Major Generals, while some of the Colonels on the other separate list are still unpromoted, those Colonels shall have the benefit of vacancies occurring on the lists of Generals of either Army, and Colonels so promoted shall be placed on an amalgamated list of Major Generals, from which promotion shall be made by seniority in succession to all vacancies in the higher grades, whether of the British or Indian Service.

3. All Officers in either Army who shall have attained the rank of Colonel on or after the 17th day of February 1861, shall at once be placed according to the dates of their commissions, as Colonels on one general list, from which, so soon as the separate lists of Colonels are exhausted, promotion shall be made according to seniority in succession to all vacancies in the establishments of General Officers, whether of the British or the Indian Service, and Colonels so promoted shall enter upon the amalgamated list above provided, from which promotion shall be made by seniority in succession to all vacancies in the higher grades, whether of the British or Indian Service.

4. All promotions in the lower grades, in consequence of vacancies amongst General Officers, shall, until the general fusion hereinafter provided, fall in each case to that service to which the Officer creating the vacancy belonged; and such promotions shall be made under the Regulations now in force in either service.

5. When all the Colonels on the separate list of the Cavalry, Guards, and Line, of the British Army, and on that of the Indian Army, shall have become Major-Generals, the whole of the Field Officers, including those of the Artillery and Engineers of both Armies, as well as Field Officers of the Royal Marines, shall be placed on one general list, from which all promotions shall be made up to the rank of Lieutenant-Colonel inclusive, in succession to vacancies on the Generl Officers list; and from that time the senior Captain of the United Army and Royal Marines shall succeed to a Brevet Majority, under the 15th Clause of the Warrant of the 14th October 1858.

6. Promotion to the rank of General Officer in the Royal Artillery and Royal Engineers will continue to be carried on under the Regulations now in force, until all the Colonels of Artillery and Engineers, as the case may be, on the separate list of the Indian Armies, shall have become Major-Generals; then the General Officers of the Artillery of the Indian Army shall be amalgamated with those of the Royal Artillery; and, in like manner, the General Officers of the Engineers of the Indian Army, with those of the Royal Engineers; promotions to the rank of General Officer in the Ordnance Corps being made subsequently to their respective amalgamations from one list of Colonels of the Royal and Indian Artillery, and from one list of Colonels of the Royal and Indian Engineers.

7. The present Establishment of General Officers of Her Majesty's Indian Artillery and Engineers was fixed at the rate of one Officer for each Battalion,* but as these Corps are now being incorporated with the Royal Artillery and Engineers respectively, it is necessary that the proportion of Generals to combatant Officers, adopted for Her Majesty's Forces, should be extended to the Brigades and Battalions now being added to the Artillery and Engineers respectively. Eventually, therefore, the Establishment of General Officers of the Brigades and Battalions now being transferred from the Indian Service will be fixed at twenty-six for the Artillery and twelve for the Engineers respectively †

Indian Artillery.	*Artillery.*

8 Lieut-Generals.	8 Lieut-Generals.
12 Major-Generals.	13 Major-Generals.

2 Generals.	2 Generals.
3 Lieut-Generals.	4 Lieut-Generals.
6 Major Generals.	6 Major-Generals.
11	†12
*35	38

8. If at the time of the amalgamation of the General Officers of Artillery and Engineers provided in the 5th paragraph of this Warrant there shall be more General Officers of the Indian Artillery or Engineers than the proportion fixed as their Establishment, *viz.*, twenty-six for the Artillery and twelve for Engineers—(a circumstance which might arise, from all promotions to the rank of General Officer in the Indian Service being now made on one general list which includes Officers of all branches of the Service,)—the excess shall be absorbed before a Colonel of the branch concerned can be promoted. Or, if there be less than the established number, promotions shall be made to supply the deficiency, from the general lists above mentioned, of Colonels of Royal and Indian Artillery and Engineers respectively.

9. Upon the transfer of the present twelve Regiments of European Cavalry and Infantry of the Indian Army to the British Army, a like number of General Officers will be taken off the Indian Establishment, and will, as Colnels of such Regiments, be transferred according to the dates of their commissions to the fixed Establishment of Generel Officers of the British Army.

But as the number (12) of General Officers thus brought from the Indian Establishment is less than the proportion (15) of General Officers due to the number of combatant Officers belonging to the transferred Regiments, an addition of three General Officers shall, on this account, be made to the unattached list of the British Army at the time referred to in paragraph 8 of this Warrant.

And in making these additions to the list of General Officers, the proportions of the different grades of General Officers now on the Establishment of the British Army shall be maintained.

10. The Field Officers coming to the British Army with these Regiments shall take their position on the general list of Field Officers, according to the date of their Army rank, by which their future promotion shall be governed.

11. The amalgamation of the Lists of General Officers, in accordance with these provisions, will in no wise effect the system which regulates the succession to the Colonelcies of Regiments of the British Army, or to the Colonels' allowances of Her Majesty's Indian Forces.

12. The present Establishment of General Officers of the Indian Army, inclusive of Artillery and Engineers, consists of twenty-five Generals, fifty Lieutenant-Generals, 145 Major-Generals, which numbers are, however, liable to reduction.

But the proportion of Generals maintained on account of the Indian Establishment shall at all times be governed by the principles adopted in respect to the British Forces, both as to numbers and gradation.

And reductions shall be made by gradual absorption, and by the promotion of not less than one Colonel for three vacancies amongst General Officers, until Supernumeraries are exhausted.

No. 342 of 1862.—The Right Hon'ble the Governor-General in Council is pleased, with the view of payments of Prize Money being made in England, concurrently with payments in India, to lay down the following Rules:—

I. That no Officer or Soldier shall receive his share in England so long as the Head Quarters of his Regiment shall be in India unless he produce a Certificate, in the case of an Officer, shewing that his share has not been paid in India; or unless his name, in the case of a Non-Commissioned Officer or Soldier, be found on a Roll of unpaid shares forwarded from India.

II. That, on the embarkation of the Head Quarters of any Regiment or Battery from India, payments in India shall cease; Nominal Rolls shall be forwarded to England, and thenceforward no payment shall be made in India to Officers or Soldiers of that Regiment or Battery but upon the production of Certificates that their shares have not been, and will not be, paid in England.

III. With regard, however, to Corps already proceeded to England which, before embarkation, drew Prize Money for all except Volunteers to other Regiments in India, the foregoing Clause shall be in abeyance for two months from this date; claims on behalf of the Volunteers are to be submitted within that period by the Officers of the Corps which the Volunteers have joined.

IV. As regards Corps proceeded to England with or without having drawn Prize Money, and in which Corps Officers have assigned their shares to individuals residing in India, the shares in question will cease to be payable in India on the expiration of two months from this date, at the end of which period, if not claimed in this country by that time, they will be included in a List of unpaid shares for transmission to England. The same rule will apply to Officers of Regiments in India who have left the country, but have assigned their shares to individuals residing in India.

V. In all cases of deceased Officers and Soldiers who have left no representatives in India, as also of Soldiers who returned to England prior to the commencement of distribution, and of Officers who similarly returned without having assigned their shares in India, the fact of their decease or of their having so returned, is to be notified in a complete copy of the Prize Rolls to be forwarded by the General Prize Committee to the Commissioners of Chelsea Hospital.

VI. In the case of Regiments which returned to England prior to the commencement of distribution similar complete Rolls will be sent to India. These Rolls will specify in every case whether the shares are to be paid in India, or by the Commissioners of Chelsea Hospital in England.

2. To enable the General Prize Committee to send to the Home Authorities the List of all unpaid shares, including those of men of both Line and Local Forces who may leave India while the distribution

is being made without having received their shares of Prizes, Officers Commanding Regiments and Batteries are requested to send to the said Committee within a fortnight of the receipt of this Order, Prize Lists of Non-Commissioned Officers and men invalided and discharged and sent to England, and of deceased men who have left no heirs in India and whose Estates have been sent to England.

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 1st April 1862.

No. 379 of 1862.—The following General Order, No. 860 of 27th September 1861,* is to be substituted for one of the same number and date which was published in the *Calcutta Gazette*, dated 28th September 1861, page 3042:—

No. 860 of 1861.—Under instructions from the Secretary of State for India, His Excellency the Governor General of India in Council is pleased to direct the publication, in General Orders, of the following Royal Warrant as applicable to Farrier Majors and Farriers of Cavalry Regiments in India.

In a Despatch No. 189, dated 8th April 1861, the Secretary of State for India has stated that the provisions of the Royal Warrant, so far as they regard Shoeing Smiths, do not apply to India:—

11853 CIRCULAR.
No. 544.

24.
VICTORIA R.

WHEREAS we have judged it expedient to revise those parts of our Royal Warrant of the 1st July 1848 which regulate the rates of pay of the Farrier Major and Farriers, and the rate and appropriation of the Farriery Allowance to Regiments of Cavalry and other Mounted Corps of our Army.

Our will and pleasure is that in all Regiments of Cavalry and other Mounted Corps (the Royal Artillery and the Royal Engineer Train excepted), the pay of the Farrier Major, Farriers, and Shoeing Smith, of which latter class there shall be one to each Troop to act as Assistant to the Farrier, shall from the date of this our Royal Warrant be as follows, *viz.*:—

The Farrier Major while serving shall have the rank and clothing of a Quarter Master Serjeant, and on discharge the pension of that rank.

The Farrier while serving shall have the relative rank and the clothing of Serjeant, and on discharge a special rate of pension equal to that of Serjeant.

The Shoeing Smith shall be of the rank of Private.

The Farrier and Shoeing Smith shall be entitled to all the advantages of the Good Conduct Regulations.

The Farriery Allowance for all services, including the Royal Artillery and Royal Engineer Train, shall be fixed at one-half penny a day for each effective Troop Horse on Home Service, which is to be paid to the Troop or Battery Farrier for the provision of iron, fuel, and tools.

When a Regiment or Detachment shall proceed on Foreign Service, the Farriery Allowance shall cease from the date of disembarkation, the supply of shoes and shoeing tools being then made from the Public Stores. The shoes on the horses' feet at the time of landing shall be considered the property of the Public, for which an equivalent will have been received by the Farrier from the half penny a day allowed for each horse while on board ship.

Given at our Court at St. James', this 4th day of February 1860, in the twenty-third year of our Reign.

By Her Majesty's Command,
(Signed) SIDNEY HERBERT.

With reference to the foregoing, His Excellency in Council is pleased to direct the following modifications in the existing Establishment and rates of pay of Farrier Majors and Farriers in Regiments of European Cavalry to have effect from this date:—

Para. 1.—The Farrier Major of each Regiment will, instead of the present rates of pay and staff allowance, receive the equivalent of (3) three shillings and (8) eight pence a day. While serving he will have the rank and clothing of a Quarter Master Serjeant, and he will be entitled to pension on discharge under the Rules applicable to that rank.

2. Instead of a Farrier *and* a Shoeing Smith per Troop, as authorized in British Cavalry Regiments on the Home Establishment, a Farrier or Shoeing Smith per Troop will be allowed for the service Troops of such Regiments in India; that is to say, the European Farrier allowed to each Troop will, unless fully qualified as a Farrier, be designated a "Shoeing Smith," and will receive in that case the equivalent of (1) one shilling and (11) eleven pence a day, and rank, as at present, as a Private. He will, however, be eligible to promotion when considered fully qualified to the rank of Farrier, obtaining all the advantages of the superior grade on promotion.

The Farrier fully qualified as such will receive the equivalent of (2) two shillings and (6) six pence a day. While serving he will have the relative rank and the clothing of Serjeant.

The Farrier Major and the Farriers will be effective.

* Madras G. O. G. 15th October 1861, No. 360.

No. **164** of 1862.—The following General Orders by His Excellency the Governor General of India in Council, are re-published.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 8th April, 1862.

No. 399 of 1862.—His Excellency the Governor General in Council is pleased to direct the publication, for general information, of the following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 81 of the 28th February last, and of the General Order issued by His Royal Highness the General Commanding-in-Chief, therein referred to, No. 807, dated 19th February 1862 :—

Para. 1.—I FORWARD with this Despatch copy of a General Order which has been published by His Royal Highness the General Commanding-in-Chief, with my concurrence, establishing the Regulations under which Officers of the Indian Army will enter Regiments of the Line. You will observe that it has been determined that an Officer joining a purchase Regiment from the Indian Service (which he may do under the provisions of my Despatch No. 154 of 8th April 1861) will be placed on the same footing in all respects with the rest of the Officers of that Regiment.

2. In giving my assent to the arrangement I was not unmindful of paragraph 31 of my Despatch, No. 319 of the 10th August 1861, in which it was laid down that the privilege of reckoning full time, wherever employed, for Indian Pension, should be granted to Officers of Cavalry and Infantry who might be appointed, under the provisions of my Despatch No. 154 of 8th April, to fill vacancies in Line Regiments caused by the transfer of Officers from those Regiments to the Staff Corps.

3. Upon further consideration of this subject, it appeared to me not desirable that an Officer joining a purchase Regiment of the Line should enjoy advantages differing either in kind or degree from those allowed to his brother Officers.

4. Instead, therefore, of continuing to such Officer a claim to Indian Pension (which, under the Despatch above quoted, was allowed only so long as he remained with the Regiment he first joined), and denying him the privilege of purchase and of retirement on full or half pay under the Rules of Her Majesty's Service, it has been determined to place such Officer on precisely the same footing in all these respects as the rest of the Officers of his Corps.

5. You will therefore cause Paragraph 31, Clause 3, of the Despatch No. 319. to be cancelled, at the same time that the accompanying General Order is published for the information of the Army.

6. Such Officers as may have made application for transfer to a Line Regiment under the circumstances now referred to, must be afforded the opportunity of re-considering the subject.

No. 807,

GENERAL ORDER.

HORSE GUARDS, S. W. *The 19th February* 1862.

With regard to the addition of twelve non-purchase Regiments of the Line to the British Army, His Royal Highness the General Commanding-in-Chief is pleased, with the concurrence of the Right Honorable the Secretaries of State for War and for India, to establish the following Regulations :—

1. In non-purchase Corps of the Line no Officers can sell their Commissions.

Those who enter from the Indian Service retain their claim to Indian Pension, and all others are entitled, with Her Majesty's approval, to retire on full or half pay, according to the terms of Her Majesty's Warrants of the 14th October 1858 and 28th March 1861.

2. An Officer joining a purchase Regiment from the Indian Service will be placed on the same footing in all respects with the rest of the Officers of that Regiment.

Having forfeited all claim to Indian Pension, he will become entitled to retire on full pay or half pay under the Warrants above specified.

Non-purchase Officers of such Regiments have the privilege of receiving, subject to the consent in each case of the General Commanding-in-Chief and of the Secretary of State for War (which is liable to be withheld if the retirement results from misconduct), an allowance, on retirement, of £100 for each year's service, whether in the British or Indian Army, provided the total amount does not exceed the price of the Commission resigned.

By Order of His Royal Highness, the General Commanding-in-Chief,
(Signed) JAMES YORKE SCARLETT, *Adjutant General.*

No. 400 of 1862.—Under the authority conveyed in the 5th paragraph of the Despatch published in the foregoing General Order, it is hereby notified that paragraph 31, Clause 3, of the Despatch, from the Right Hon'ble the Secretary of State for India, No. 319, dated 10th August 1861, published in Government General Order No. 827* of the 17th September 1861, is to be considered as cancelled.

4th.—This order is applicable to the three Presidencies, and will have effect from this date.

No. 448 of 1862.—His Excellency the Governor General of India in Council is pleased to notify that the practice hitherto in force in this Presidency, by which the Government defrayed the cost of the carriage of Malt Liquor from the Commissariat Godown to the Canteen of the Regiment, will be discontinued, and that in future the expense of carriage on this account for Malt Liquor as well as for Rum is to be borne by the Canteen Funds

This order, which now obtains in Bombay, is applicable also to the Bengal and Madras Presidencies.

No. 455 of 1862.—The following paragraph of a Military Letter from the Right Honorable the Secretary of State for India, No. 100, dated 17th March 1862, is published for general information and guidance :—

"The Secretary of State for War having decided that, under Clause 5 of the Good Conduct Warrant, Soldiers who have completed 16, 21, and 28 years' service, and whose names have not been entered in the Regimental Defaulters' Book for the last 14 years preceding their claim, are entitled to receive at once the rates of Good Conduct pay granted after 18, 23, and 28 years' service, respectively. I have no objection to this interpretation of the Warrant being made applicable to the Troops in India, and request that the necessary instructions may be issued accordingly."

FORT ST. GEORGE, 9TH MAY 1862.

No. **184** of 1862.—His Excellency the Governor in Council is pleased to publish the following General Order by the Government of India, dated 22nd April 1862, No. 456, and to declare its provisions applicable to this Presidency.

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William the 22nd April 1862.

No. 456 of 1862.—Hitherto, on a British Regiment in the Bengal Presidency leaving India, the Pay Master has been allowed to remain in India for one month after departure of his Corps, in order to settle his accounts, and for the whole of that period, if not embarking before its expiration, he has retained Indian Allowances.

2. This indulgence was necessary while British Corps throughout the Bengal Presidency were paid by advances issued from the Presidency Pay Office, a system which led to open accounts.

3. In future, however, the detention of the Pay Master will not usually be necessary, consequent on British Regiments being now paid through Divisional Pay Masters, whereby the advances taken up for the issue of Pay to Soldiers for the current month are settled on the presentation of the Abstracts on the first day of the month following, and open accounts are not allowed to exist.

4. The period for a Pay Master to settle his accounts is accordingly restricted to one week, or to the first departure of a Mail Steamer on or after expiration of that week. Permission to remain in India, or draw Indian Allowances, for a longer period, will only be granted when reasonable cause can be shewn, and on special application in each case. The Controller of Military Finance in submitting the request will explain fully the progress made by the Examiners in auditing the accounts, as also the state of the Pay Master's transactions.

Secy. to the Govt. of India.

No. 494 of 1862.—The following paragraphs of a Military Letter from the Right Honorable the Secretary of State for India, No. 124 of the 24th March 1862, are published for general information:—

1. With your letter* dated the 8th January last, you transmit correspondence relative to promotions to the rank of Lieutenant-Colonel in the Artillery, so long as there are seconded Officers of that rank borne upon the Rolls of the Corps. In your communication to the Commander-in-Chief, dated 4th January, you express an opinion that it is not intended to retain the five Supernumerary Lieutenant-Colonels since the seconding of Colonels and Lieutenant-Colonels has been discontinued.

*No. 4.

2. I presume that the number of Supernumerary Officers alluded to refers to the Field Officers, that is, both to Colonels and Lieutenant-Colonels.

3. I am informed that the Supernumerary Lieutenant-Colonels in the Royal Artillery are to be absorbed into the Regiment as vacancies occur. This is to be done in accordance with the principle laid down for the reduction of the Supernumerary General Officers in the Royal Warrant of 6th October 1854, Clause 4, *viz.*, by making only one promotion for every three vacancies.

4. A similar Rule must be established with regard to the Indian Artillery.

5. Promotions may be made in succession to Lieutenant-Colonel Sir R. Shakespear. The two next vacancies among the Lieutenant-Colonels will lapse, should there be that number of seconded Officers of the same grade at the time of their occurrence.

6. This arrangement should be notified for general information.

No. **205** of 1862.—The following General Orders by His Excellency the Governor General of India in Council, are re-published.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 5th May 1862.

No. 501 of 1862.—The following paragraphs of a Military Letter from the Right Honorable the Secretary of State for India, No. 133 of the 31st March 1862, are published for general information:—

Para. 1. "I have received and considered in Council your letter No. 375, dated 31st December 1861, transmitting correspondence relating to a Memorial from Lieutenant Williams, 13th Madras Native Infantry, praying for admission to the Madras Staff Corps, notwithstanding that he has not passed the prescribed examination in Hindustani.

2. "Paragraphs 69, 72, 73, 74, 75, of your General Order of the 10th April 1861, No. 332, offer the privilege of joining the Staff Corps to Officers now holding Staff appointments upon certain conditions. Paragraph 72 requires of them simply that they do not possess the substantive rank of Colonel.

3. "Paragraph 75 declares that those whose tenure of Staff appointment, at the time of transfer to the Staff Corps, shall have exceeded one year, will not be subjected to probation or to any introductory test other than those already prescribed for any Department in which they may be serving.

4. "Paragraph 73 admits to the Staff Corps Officers who have held Staff appointment within the last three years, upon the understanding that they shall have passed the prescribed examination in Hindustani, and did not lose their appointment through misconduct.

5. "In paragraph 75 it is also declared that the option of joining the Staff Corps will be open to those Officers only who may be considered by the Government under which they are serving to be in all respects fit for the Staff Corps.

6. "It appears that Lieutenant Williams has been for some years Adjutant of his Corps, having passed the examination required in Madras for such appointment. A case has been also brought to my notice (and there may be other similar cases) of an Officer in Bombay, who has been actually employed upon the general Staff having passed in a Vernacular language, common to the whole or a large portion of that Presidency, though not in Hindustani.

7. "It would appear hard if, by a too strict and literal application of the rule regarding the Hindustani language, the privilege of joining the Staff Corps on its first formation should be denied to Officers who have been already pronounced by their own Government qualified for certain Staff situations, and have performed their duties well therein.

8. "Taking these circumstances into consideration, as also the necessity of adopting and enforcing one uniform rule in future for all Staff Officers in regard to the examination in Hindustani, I have determined that in cases of both kinds, that is, where an Officer has qualified for a Staff employment or Department, as Lieutenant Williams appears to have done by passing the prescribed examination for that Office or Department, and also in the case of an Officer whose proficiency in any language other than Hindustani has already been accepted as qualification for general Staff, such Officers, if coming under the terms of paragraph 69 of your General Order No, 332 of the 10th April 1861, may be appointed to the Staff Corps under paragraphs 72 and 73 of that Order, provisionally, and with the understanding that they pass the examination in Hindustani required for general staff within six months from the date of their appointment to that Corps, failing which they will revert to their former Corps and position in the Service."

No. 502 of 1862.—In continuation of Government General Order No. 262 of the 7th March 1862, His Excellency the Governor-General in Council is pleased to publish, for general information, the following paragraphs of a Military Letter from the Right Honorable the Secretary of State for India, No. 135 of the 31st March 1862:—

Para. 1. "I have received and considered in Council your letter No. 44, dated the 8th February 1862, containing your decision on the following question submitted by the Government of Bombay regarding the Staff Corps.

Published in Government General Order No. 1,118 of 6th December 1861.

"*Question* 130.*—An Officer proceeded to England on medical certificate in 1857, and, according to the new Furlough Regulations, was entitled to retain his appointment for a period of fifteen months.

"As he did not return on the expiration of that period, and consequently lost his appointment, are the fifteen months thus passed to be considered as Staff employ, so as to bring that Officer under the operation of paragraph 73? or, as he did not re-join his appointment at the expiration of his leave, and can hardly be said to have held an appointment within the last three years, is he debarred from entering the Staff Corps?"

"*Answer* 130.—This Officer is entitled to reckon for Staff service the period of fifteen months during which he was on leave."

2. "I am unable to approve the answer given, as it is not in accordance with the decision communicated to you in my Despatch No. 315, dated the 9th August 1861, which stated that "no leave of absence, either on Sick Certificate or Private Affairs beyond the privilege leave of one month in six, will be allowed to reckon towards the Staff Service required by the Royal Warrant as a qualification for promotion in the Staff Corps." An Officer may, however, be considered as having been on Staff employ for the period in question, so far as his claim to admission to the Staff Corps is concerned."

Fort William, the 6th May 1862.

No. 503 of 1862.—With reference to Government General Order No. 1011 of the 5th November 1861, the following paragraph of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 111 of the 24th March 1862, is published for general information:—

Para. 21. "Your General Order admitting the claims of men of the Police Levies, Horse and Foot, who were under the Command of Military Officers, and performing Military duties to share in Prize Money, is approved as far as respects Prize Money taken during the late Military operations in India, the distribution of which has, in many cases, called for special arrangement and decision."

No. 504 of 1862.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 111, dated 24th March 1862, are published for general information:—

Letter dated 16th November 1861, *No.* 209.

Para. 35.

Para. 54. "According to the usage in India, Chaplains have not hitherto been considered entitled to share in Prize Money.

55. "It is stated, however, to be the practice at Chelsea Hospital to allow of their sharing in Prize property. I am of opinion that a similar rule must be established in India.

56. "The revised scale of distribution of Prize Money, commencing with the distribution of the Delhi booty, the right of Chaplains to share is to commence from the same date.

No. 505 of 1862.—The undermentioned Officers are permitted to proceed to Europe on leave of absence on Sick Certificate :—

No. 509 of 1862.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 132 of the 31st March 1862, are published for general information, and the Governments of Fort St. George and Bombay and His Excellency the Commander-in-Chief in India are requested to give effect to the instructions conveyed therein :—

Para. 1. "I have carefully considered in Council your Despatch No. 272 of 22nd October 1861, forwarding a letter from the Adjutant General of the Army, conveying the views of His Excellency the Commander-in-Chief on the Report of the Committee, of which the late Colonel Sir George Barker, K.C.B., of the Royal Artillery, was President, on the organization and equipment of Artillery for service in India, expressing generally your concurrence in the recommendations of the Committee, and proposing certain modifications of some of their proposals.

3. "I shall now proceed to communicate to your Lordship the decisions which Her Majesty's Government have arrived at, with the full concurrence of His Royal Highness the General Commanding-in-Chief, upon these important subjects.

6. "You observe that the Madras Horse Artillery has worked with 116, and the Bengal Horse Artillery with 112 Non-Commissioned Officers and Soldiers, and that their work has been done in a most satisfactory manner; and in consideration of the peculiar nature of the service in India, and the necessity of reducing, as much as possible, expenditure in every branch, and especially in the Military branches of the Service, you recommend that the total Establishment of Non-Commissioned Officers, Gunners and Drivers, in each Battery of Horse and Field Artillery, should be 140, exclusive of Artificers.

7. "The General Commanding-in-Chief has given an opinion upon this point:—"That the Establishments of the late Indian Artilleries were not sufficient, and it often followed that, after a general "engagement, the number of Guns had to be temporarily reduced;* but taking "into consideration the present requirements of the Indian Service, and the "important considerations of a financial nature to which Sir C. Wood draws "attention, His Royal Highness is not desirous of raising any objection to the "reduced Establishment of 140 Europeans (exclusive of Artificers) for Field "Batteries."

* See General Mansfield's Minute, page 106 of Appendix to Report of Royal Commission 1859.

8. "Her Majesty's Government concur in these views, and sanction the adoption of this Establishment for Horse Artillery and Light Field Batteries for Service in India, *viz.*, 140 Europeans of all ranks, exclusive of Commissioned Officers and Artificers.

Reserve or Garrison Batteries.

10. "The Meerut Committee have recommended a strength of 130 Non-Commissioned Officers and Gunners for Garrison or Reserve Companies of Artillery.

11. "You are of opinion "that seventy-five Non-Commissioned Officers and Gunners will be sufficient for Reserve or Garrison Companies, and that with that number they will be as strong as is necessary or expedient, under the financial circumstances of the empire."

12. "This number of men appears to be sufficient as a peace Establishment, and, for the reasons which you have given, Her Majesty's Government approve of its adoption.

13. "Experience alone can show, however, whether, with the number of reserve Batteries now proposed, the organization will suffice to render the Batteries themselves efficient in Garrison and Siege operations, and be equal at the same time to furnishing re-inforcements, on occasional emergencies, to the Light Field Batteries. They must be looked to as available for both these purposes.

14. "I annex, for your information, Statements showing the distribution of these numbers for each description of Battery, as proposed by His Royal Highness the General Commanding-in-Chief.

Detachment System.

15. "The introduction of the Detachment system throughout the Artillery in India is approved.

HORSES.—*Horse Artillery, 9-pounder Batteries.*

16. "Your proposal to fix the peace Establishment of Horses for the Horse Artillery at 178, for the 9-pounder Batteries at 110, to be increased to 200 in the former case, and 130 in the latter, on a Battery taking the Field, is approved.

17. "Her Majesty's Government also approve of your proposal to change the mode in which Horses have been hitherto allotted to the several branches of the Service, and to make the selection hereafter first for the Artillery, the Horses so selected being afterwards divided between the Horse and Field Batteries.

Separate Gunner and Driver System.

18. "I have given very careful consideration to this point, and to the facts and arguments which you adduce in favor of a continuance of the mixed system which has hitherto obtained in India. I have also before me the views of His Excellency the Commander-in-Chief in India upon this important point.

19. "The same system at one time prevailed in the British Artillery, but, after long experience, it has been found not only advisable but necessary to enlist two classes of men under the separate denomination of Gunners and Drivers, a lower standard of height and size being required for the Drivers, in consequence of the difficulty experienced in obtaining a sufficient number of men of the required size for both duties.

20. "In order to meet this difficulty, I suggested to His Royal Highness that the standard might perhaps be reduced. Upon this His Royal Highness observed that "the present standard for Gunners of "the Royal Artillery (five feet seven inches) is as low as it can possibly be reduced, having regard to the "efficiency of the general Service, which, with heavy ordnance, requires men at least that height to enable "them properly to perform their duties; but even at this standard it is found impracticable to raise sufficient men to keep so large a Force up to its Establishment, and hence the necessity for enlisting men of "five feet four inches as Drivers, who, with Field Artillery, are quite equal to the work of Gunners, when "required,"—and His Royal Highness therefore trusts the standard for Gunners will not be altered.

21. "His Royal Highness has further observed that under this system, "although the men are "mustered respectively as Gunners and Drivers, they are always equally available for the duties of either "grade, and in the Field Brigades at home the Drivers, during the past year, have been through the "prescribed course of Gunnery instruction, and are found fully equal in cases of emergency to the duties "required of Gunners,"

"The present strength of the Regiment, from 40,000 to 50,000, renders it," His Royal Highness observes, "impracticable to raise a sufficient number of men to cover the casualties in so large a Force of "the standard height of Gunners, and accordingly a proportion of men of much shorter stature are enlisted, "who are readily obtained, and who are found better adapted for the particular duties of Drivers than "taller men; but at the same time, as before stated, their instruction in Artillery Drills and exercises is "not lost sight of and in a year or two, after joining the Service, they become proficient in all that per-"tains to an Artilleryman's duty."

22. "Under these circumstances, and taking into consideration the impossibility of two systems in the same Corps working harmoniously, the General Commanding-in-Chief expresses a hope that the Gunner and Driver system may be fully extended to the new Brigades and Batteries, as being the most conducive to their future efficiency.

23. "Her Majesty's Government are fully aware of the very high state of efficiency to which the Indian Artillery had attained under the system now advocated by your Government. They do not however overlook the fact that, until very lately, the number of European Drivers in the Indian Artillery was small in proportion to that of Gunners, and less difficulty was experienced in obtaining a sufficient number of men qualified for both duties. This difficulty has already been found to be insuperable in the Royal Artillery, and the separate system has been adopted and found to work exceedingly well.

24. "Under all these circumstances, Her Majesty's Government have come to the determination that it is not desirable to attempt to introduce in the Brigades serving in India a practice wholly dissimilar in this important particular from that in force with the Regiment at large, and they therefore desire that the separate system may be gradually introduced, as Drivers are sent out from this country, into the whole of the Artillery in India. It will be necessary to introduce this change, as opportunity offers, by whole Batteries, re-placing by the regular Drivers the Gunners who may have hitherto served as such, and transferring the latter to other Batteries.

Contract System.

25. "Her Majesty's Government quite concur in the views you have expressed on the subject, and approve of the contract system, as it has obtained in Bengal, being adopted as a rule for the whole of the Artillery in India.

Poles and Shafts.

26. "Your proposal, that Shafts shall be substituted for the Poles in all cases, where the latter have been heretofore used, is also approved.

Points of Detail.

27. "You propose that the recommendation of the Meerut Committee, that six spare Ammunition Waggons, drawn by Bullocks, should be attached to each Battery, should be adopted.

30. Her Majesty's Government fully concur in these opinions and proposals, * * * * * * * * * * * *

31. "I cannot close this Despatch without conveying to you the expression of the high sense which Her Majesty's Government entertain of the public spirit and professional ability displayed by the Officers composing the Committee at Meerut, and the cordial feeling of unanimity with which they undertook and carried through the discussion of this important and complicated subject, and ultimately set at rest questions which had, for many years, given rise to difference of opinion and practice involving no little detriment to the public service.

32. "Much credit is due on this account to all the Members of the Committee, but the acknowledgments of Her Majesty's Government would have been especially due to their late distinguished President, Colonel Sir G. Barker."

No. 224 of 1862.—The following General Orders by His Excellency the Governor General of India in Council, are re-published.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 20th May 1862.

No. 551 of 1862.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 149, dated 14th April 1862, are published for general information :—

Letter from, No. 297 *of* 1861, *dated 15th November.*

Proposal that the Rule granting half Staff allowance during Furlough to Non-Commissioned Officers of the Public Works Department may be considered applicable to Non-Commissioned Officers of all Departments, and further, that the men acting may be granted the full allowances of appointments during the absence of the permanent incumbents.

PUBLIC WORKS CODE, SECTION III.

Persons in the Military Service.

Para. 10.—Non-Commissioned Officers and Soldiers employed in the Public Works Department may be allowed leave of absence, by the Local Government, for any period not exceeding two years, on Medical Certificate, provided that no such leave be granted within two years after return from a previous leave. The Local Government may also grant leave on private affairs for any period not exceeding six months after six years' service, provided the exigencies of the public service admit of it.

Men obtaining leave as above will be allowed half their Staff salaries, together with their Military Pay and Batta, but no travelling allowances.

Their allowances will be drawn by the Executive Engineer of the Division to which they are attached.

Para 9.—In the cases of Non-Commissioned Officers of the Public Works Department, who may be entitled to half Staff allowance during Furlough, the amount which they are entitled to receive on this account is always to be specified in the last Pay Certificates given to men on their embarkation.

1. It has not been the practice hitherto to issue in this country to Non-Commissioned Officers or Soldiers of the Department of Public Works, while on furlough to Europe, any portion of their Staff salary, as the Rule in the Code of Regulations of that Department applicable to such men does not recognize the grant which clearly was intended to apply only to leave taken in India, as the allowances of men so absent are to be drawn by the Executive Engineer of the Division to which they are attached.

2. I am desirous that deserving men, not only of the Department of Public Works but of every other Department of the public service, should have the benefit of a liberal interpretation of the Rules which govern the Department in which they are employed, and as under paragraph 9 of the General Order by the Commander in Chief,* dated 19th April last, Non-Commissioned Officers of the Department of Public Works will doubtless infer that they are entitled to half Staff salary while on Furlough to Europe, I shall not withhold that indulgence but must restrict the issue in accordance with the Rules which govern the absence of Commissioned Officers to the period of six months, and the grant will be extended to all Non-Commissioned Officers and Soldiers of the Public Works as well as every other Department who may obtain Furlough to Europe on Medical Certificate.

3. The allowance to all Departmental Non-Commissioned Officers and Soldiers after that period will be strictly confined to that issued to Regimental Non-Commissioned Officers on Furlough to Europe, *viz.*, the British rate of pay of the rank and arm of the Service to which they belong.

4. The Staff salary of a *locum tenens* must be restricted during the first six months to the half allowance forfeited by the absentee.

* Furlough to Europe of Non-Commissioned Officers.

No. 552 of 1862.—The following paragraph of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 153 of the 14th April 1862, and the Memorandum from the Secretary of State for War therein referred to, are published for general information :—

Copy of a Memorandum received from the Secretary of State for War, shewing the advantages allowed to Militia men who have been transferred to Regiments of the Line, is herewith forwarded.

MEMORANDUM.

Men who volunteered into the Line from Regiments of Militia during the period stated in the margin are allowed to reckon towards Pension half their previous embodied Militia Service rendered after the age of eighteen, provided, *first*, that they have completed six months' general Militia Service; *second*, that they declared their former Militia Service on enlistment; and *third*, that the Militia Regiments from which they volunteered were in a state of embodiment at the time of their volunteering.

From 31st December 1855 to 26th March 1856, and from 30th December 1857 to the present date.

This latter condition, however, is not required with regard to men who were transferred during the year 1858, provided they volunteered during the last week of the annual period of training of their disembodied Regiments.

It must be understood, however, that in no case can the Militia Service allowed to be reckoned towards Pension be permitted to reckon towards discharge under the limited enlistment Act.

The Militia Service above granted is also allowed to be reckoned towards Good Conduct Pay granted under the Royal Warrant issued from this Office on 1st March 1860, with the condition that the service submitted for approval must be accompanied by the prescribed Certificate from the Commanding Officer of the Line Regiment, that the man's name has not been entered in the Regimental Defaulter Book for at least two years (of his Line Service) immediately preceding his claim.

In cases in which a Militia man fraudulently enlists into the Line, his Militia engagement not having expired, the Secretary of State for War under Clause 50 of the Mutiny Act has no power to allow to be reckoned towards Pension the man's Line Service, which has elapsed prior to the date upon which the Militia engagement terminates.

No. 553 of 1862.—The undermentioned Officer is permitted to proceed to Europe on leave of absence on Sick Certificate.

Captain Thomas Francis Jekin Russel, of the 43rd Regiment Madras Native Infantry.... .... } For eighteen months, under the new Regulations.

No. 554 of 1862.—With reference to Government General Order No. 995,* dated the 1st November 1861, His Excellency the Governor General in Council is pleased to direct that an Orderly Room Clerk of the Brigades of Royal Artillery, formerly belonging to Her Majesty's Indian Forces, shall receive one shilling a day besides the ordinary pay of a Serjeant as in the old Royal Artillery, Horse and Foot.

2. The total allowances of Serjeant-Majors and Quarter-Master Serjeants of Brigades of Horse-Artillery will remain for the present unaltered.

3. This Order is applicable to the three Presidencies, and will have effect from this date.

C. dated 29th October 1861, is cancelled from the date on which he may join the 5th Regiment N. I., with which he is appointed to do duty.

Lieutenant T. C. Briggs of the General List, doing duty 21st Regiment N. I., is permitted to do duty with the 34th Regiment L. I., for 6 months from the date of expiration of the leave granted to him in G. O. C. C. 21st March 1862.

27*th May* 1862.

No. 51.—The Commander in Chief directs it to be notified in General Orders, that, in consequence of Pensioned Private Syed Ally* formerly of the 47th Regiment Native Infantry, having falsely stated before the Committee investigating his claim to Pension as the Heir of the late Private Syed Secunder of the 25th Regiment Native Infantry, that he was not in the receipt of any other allowance from the public, the Governor in Council has resolved that the man's Pension shall be discontinued.

* Pensioned in December 1840.

2. In the proceedings of the Committee that investigated the claim in March 1857, it is recorded by the witnesses that they had known the claimant since the year 1846, and one witness adds, that claimant was well known in the 25th Regiment. The fact, that he was already a Pensioner was not however mentioned by either of the witnesses or by the Native Officers† of the 25th Regiment Native Infantry who were in attendance on the Committee.

† Subadar Shaik Nutter Jemadar Veerasawmy.

3. The Commander in Chief desires that all Commanding Officers of Native Troops will impress upon their Native Officers, that their attendance on Committees investigating the claims of Heirs to Pension, is not a mere matter of form: but that it is incumbent on them to protect the interests of Government by giving information that will prevent pensions being fraudulently obtained, as well as to assist Committees in deciding on the claims of those for whom the Bounty of Government is intended.

4. This order will be read and fully explained to all Native Troops at three Parades.

The undermentioned Officer has obtained leave of absence from his Corps and Station.

Lieutenant J. H. Shaw, 27th Regiment Native Infantry, from date of expiration of privilege leave till 1st August 1862, Madras.

ADJUTANT GENERAL'S OFFICE, FORT ST. GEORGE.

7TH JUNE 1862.

His Excellency the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army they are accordingly published in Military Orders.

General Orders by His Excellency the Governor in Council.

FORT ST. GEORGE, 5TH JUNE 1862.

No. **225** of 1862.—Lieutenant T. O. Underwood, Staff Corps, doing duty Sappers and Miners, is permitted to proceed to Europe on medical certificate for 15 months, under the regulations of 1854, and to embark from Madras.

FORT ST. GEORGE, 6TH JUNE 1862.

No. **226** of 1862.—Lieutenant R. C. Kinchant, of the 32nd Regiment Native Infantry, is permitted to proceed to Europe on medical certificate for 20 months, under the regulations of 1854, and to embark from Bombay.

FORT ST. GEORGE, 6TH JUNE 1862.

No. **227** of 1862.—His Excellency the Governor in Council is pleased to publish the following Rules, for regulating the residence of Officers and others in Military Cantonments; which are to form part of the Quarter Master General's Regulations.

OCCUPATION OF HOUSES IN CANTONMENTS.

1. A Military Cantonment is, as its designation implies, a locality set apart primarily for Military and Medical Officers, Chaplains, Soldiers, European and East Indian Subordinates, and their families; and limits are fixed for each Cantonment, in order that the space within which Military authority may be exercised should be publicly recognized.

2. Houses situated within such limits are consequently by priority of right available for Officers and Soldiers above described.

3. The above rule is not however to interfere with Gentlemen of the Covenanted Civil Service as regards the houses usually occupied by them in Military Cantonments.

4. Regimental Officers are required to live as near their Lines, or Barracks, as is practicable. A certain number of houses for each Regiment will, therefore, be set apart in each Cantonment, by local Commanding Officers, and every opportunity should be taken advantage of to adjust the present inconvenient distribution of Officers in Cantonments so as to bring all stations under the above arrangement, in course of time.

5. Staff Officers may be allowed to live in any part of a Cantonment.

6. The rate of rent of all houses in a Cantonment, should be registered by the Staff Officer of the Station: and recorded together with the Proceedings of all "House Boards."

Officers Public Works and other Departments.
European and East Indian Subordinates, &c., in the Civil or Public Works Department.
Missionaries and other residents.

7. Other claims for house accommodation noted in the margin for Gentlemen and others will be considered and adjusted by the Officer Commanding the Station, with due respect to their rank and position, and with regard to the availableness of houses in the Cantonment for their use. But these Gentlemen cannot retain any house that may be absolutely required for an Officer of the Military Force, at the Station.

8. Houses within the limits of a Cantonment, built on ground the property of Government, whether held on lease or not, are liable to be occupied as above, under the control of the Officer Commanding the Station. Houses built on land not the property of Government, or held on free-hold tenure, or occupied as shops, are exempt from this liability.

9. In the case of necessity arising, requiring the removal of a Non-Military tenant to make way for an Officer, not less than one month's notice in writing must be given to the owner as well as the tenant of the house that the house in question is required. No *summary* ejectment is ever to be permitted, and the greatest consideration should be shown to the occupant whose removal on public grounds is rendered necessary. The Officer Commanding the Cantonment may however extend the period of such notice, when circumstances will admit of it, and other quarters should be provided for the person if removed as above, whenever practicable.

10. The Register of houses occupied and vacant, referred to in para. 6 of this order, is to be kept in the Station Staff Office, alterations being made in it from time to time, and no house is to be taken by any Non-Military Officer unless with the concurrence of the Officer Commanding the Station, whose duty it will be to see, that such occupancy of the house will not interfere with public convenience.

11. In order that the number of dwelling houses in a Cantonment, available for Civil and Military Officers, and Officers of Public Departments, Missionaries and others, may not be unduly diminished, no house, built on Government land or land leased from Government, or assigned to Government for its own use, hitherto occupied as above shall be converted into a shop, or otherwise rendered unsuitable as a residence except under the sanction of the Officer Commanding the Station; but any houses occupied as shops on the promulgation of this order, will not be liable to be registered as dwelling houses, unless the owners wish it or His Excellency the Commander in Chief may consider it absolutely necessary.

12. House Boards can only assemble on houses erected subsequent to 1813 when the G. O., on that subject was first promulgated.

13. At Stations such as Secunderabad, where the ground is foreign territory, but assigned by the *Nizam's* Government to Her Majesty's Government for Military purposes, the above Rules, as regards the rental of houses and allotment of Officers in the Cantonment are to have equal effect. Bangalore is specially exempted from the operation of these rules.

14. These rules are not to have *retrospective* effect: * nor are they to disturb the residence of Officers and others at the present moment; except in cases of extreme and proved public inconvenience. Their object is to secure gradually, and as opportunity offers, a better arrangement for the future.

15. In ordinary cases, the decision of the Station Commanding Officer should be considered final, but appeals may be heard and decided by the Officer Commanding the Division, and, if necessary, they may be submitted for the orders of the Commander in Chief—those submitted by Gentlemen of the Civil Service being forwarded with the observations of His Excellency, for final disposal by Government.

* Houses built prior to the establishment of Military jurisdiction not being included under these rules.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: OOTACAMUND, *2nd June* 1862.

No. 53.—An instance having recently occurred of an Officer in charge of a Detachment en route from Secunderabad to the Mount having unnecessarily sent a Serjeant and some Sepoys into the Town of Ongole for the purpose of seizing Bullocks required for the use of the Detachment, the Commander in Chief calls the particular attention of Officers to the irregularity of such proceedings.

2. The exercise of illegal power on the above occasion resulted in both Officer and men being justly convicted and fined by the Civil authorities of the District.

3 An appeal was made to the Commander in Chief for a remission of the fine imposed on the Sepoy on the ground that he merely acted up to the orders of his superior; but it is shewn by the record on the trial, that both the Serjeant and the Sepoy in question exceeded their instructions.

4. In order to obviate as far as possible a recurrence of these irregularities, the Commander in Chief is pleased to direct, should circumstances in future necessitate any demand for cattle or other supplies on the line of march, that a formal application be made to the nearest Civil authorities for what may be required, and should any detriment arise to the public service in consequence of neglect or inattention on the part of the subordinates of the Civil power, or any other well founded cause of complaint exist, the matter should be represented for the information of the Commander in Chief and Government. But Officers Commanding Detachments proceeding on ordinary duty, for whose supply en route the Civil authorities shall have already been communicated with, must distinctly understand that they are not at liberty either to press cattle for public or private purposes, or to seize articles of supply by force.

5. The Officer Commanding a Detachment is responsible for the conduct of all under his command, and violence or excess of any kind against the inhabitants of the Districts through which the Troops may pass, must be carefully guarded against. The practice of sending armed men into villages, except for the preservation of order and on the application of the Civil authorities themselves, is altogether objectionable, and must forthwith be discontinued.

6. Officers for the command of such Detachments should be selected with special reference to their fitness for such duty. They are to be supplied by Officers Commanding Stations from which detached, with written instructions on the points referred to in this order, and warned that serious notice will be taken of any infringement on their part of the rules now established for their guidance.

No. 54.—Under the orders of Government, G. O. C. C. dated the 19th March 1862, No. 33, directing that the first Abstract for Pension of the Widows of Commissioned and Warrant Officers shall be supported by a certificate of admission to the benefits of Lord Clive's Fund is cancelled.

2. Government has now ruled that its order authorizing the Pension shall specify the date and range in which the first payment is to be made.

The Commander in Chief is pleased to appoint Major G. F. Shakespear of the Staff Corps to officiate as Deputy Judge Advocate General Southern Division, during the employment of Captain Touch in the Office of the Controller of Military Finance.

The undermentioned Officer has obtained leave of absence from his Corps and Station.

Lieutenant J. L. Seton, 1st Madras Fusiliers, from date of expiration of privilege leave till 15th June 1862—Neilgherries.

No. 233 of 1862.—The following Exract from a Military Despatch from the Right Honorable the Secretary of State for India, is published for general information.

Despatch dated 14th April 1862, No. 36.

6. The cases of Warrant Officers, promoted on the Veteran Establishment, who applied to retire from the Service, have, until recently, been specially considered, and in almost, if not in every case, the full pay of the Commissioned Rank has been granted on retirement.

7. When considering an application from an Officer on the Veteran Establishment, now in this country, I observed that, although there were rules for the retirement of Officers holding unattached Commissions (G. O. G. G. No. 322 of 6th June 1851) there were no rules for the retirement of Officers on the Veteran Establishment. I accordingly decided that to entitle an Officer on the Veteran Establishment to retire on the full pay of his Commissioned Rank, he must have served the time which he would have required under the provisions of the retiring Regulations, had he remained in the Warrant grade, to entitle him to the full pay of his former rank in that grade.

FORT ST. GEORGE, 11TH JUNE 1862.

No **236** of 1862.—Lieutenant and Adjutant F. D. Plowden, of the 17th Regiment Native Infantry, is permitted to proceed to Europe on medical certificate for 18 months, under the regulations of 1854, and to embark from Madras.

FORT ST. GEORGE, 13TH JUNE 1862.

No. **237** of 1862.—The following Notification from the FORT SAINT GEORGE GAZETTE, is published in General Orders :—

FORT ST. GEORGE, 6TH JUNE 1862.

The following letter is published for the guidance of Public Officers authorized to frank covers on H. M. Service.

From G. PATON, Esquire, Director General of the Post Office of India.

To the Post Master General, Punjab.

Camp Moradabad, 23rd April 1862.

The privilege of sending letters by post without actual payment of postage extends only to letters exclusively on the public service, and all Public Officers are prohibited from sending on service letters relating to the private concerns of individuals though they may be in reply to communications addressed to them in their official capacity. Such letters must either be prepaid by stamps or rent bearing postage. See N. B. Section XXXVI. of the rules for the management of the Post Office.

Sir,—With reference to your communication No. 183, I beg to draw your attention to the rule marginally quoted, for the management of the Post Office, and to request that you will require Post Masters to take prompt action by having letters addressed on the public service, *in doubtful cases*, opened more frequently in their presence in accordance with Section XLVIII of the Post Office Act.

2. It is obvious that Public Officers in answering references of a private nature, have no alternative but to pre-pay their letters, or to send them bearing postage, as by franking them, they render themselves liable to the penalty prescribed in Section XLVII. of the Post Office Act, for every instance of a breach of the franking rules.

3. When any person has occasion to address a letter to a Public Officer on matters of a personal or private nature, and has reason to expect an answer, he should enclose Stamps sufficient to cover the postage thereof, unless prepared to receive a reply bearing postage.

4. Whenever a Public Officer has to reply to a reference of the above nature, he should, unless in a position to pre-pay the postage, write his official designation outside the cover, so that the addressee may thereby comprehend the nature of the contents and be induced to receive it and pay the postage.

5. When a letter despatched by a Public Officer in reply to a communication relating to matters of a private nature, is refused by the addressee, in consequence of bearing postage it should be forwarded to the dead letter office in order to be returned *free of charge* to the sender, as he cannot be considered liable for postage incurred on a letter written by him in his official capacity.

6. In the event of a Public Officer receiving a communication of a private nature, or partly of a public, and partly of a private nature, under a frank and the superscription "On Her Majesty's Service only" it is clearly his duty to send it along with the cover to the Post Master General to be dealt with under the Postal Act.

I am &c.,

(Signed) G. PATON, *Director Genl. of the Post Office of India.*

No. 3441.

Copy forwarded to the Secretary to the Government of Madras for information.

FORT ST. GEORGE, 24TH JUNE 1862.

No. 252 of 1862.—His Excellency the Governor in Council is pleased to publish the following Regulations for Tent Lascars, which will form a Section of the forthcoming Revised Regulations for the Quarter Master General's Department, in supersession of G. O. No. 18 of 1858, which is hereby cancelled.

TENT LASCARS.

ESTABLISHMENT.

1. The fixed establishment of Tent Lascars consists of 5 Syrangs, 10 First Tindals, 19 Second Tindals and 486 Lascars. In the latter grade are included 20 Lance Tindals, being at the rate of one to every 25 Lascars.

2. The establishment is under the general charge and direction of the Quarter Master General of the Army, in whose Office a General Register (Form No. 1), a Register of Heirs, a Defaulters' Book, and a Book containing Testimonials of Character, shall be kept.

3. The general distribution of Tent Lascars rests with the Quarter Master General. Under his orders they are enlisted, allotted to Divisions and Forces, and transferred as may be required from one Division to another.

IMMEDIATE CHARGE.

4. The Officer of the Quarter Master General's Department in Divisions and Forces has the general supervision of Lascars attached to the Division or Force. Under the authority of the Officer Commanding, he allots them to Corps or Departments in the Division; and is responsible that they are only employed on duties for which their services are available under the provisions of para. 42.

5. Commissaries of Ordnance, Quarter Masters of Corps or other Officers in charge of Camp Equipage, to which Lascars are attached, have the immediate charge of Tent Lascars. Every thing therefore connected with their interior economy, not otherwise provided for in this Section, rests with them to attend to. All applications for transfer, all complaints of a serious nature, &c., &c., should invariably be made through the Commissary of Ordnance, or other Officer as above, to the Staff of the Quarter Master General's Department in the Division, and if necessary by him to Head Quarters.

ENLISTMENT.

6. The enlistment of Tent Lascars shall be made by the Commissary of Ordnance, or other Officer in immediate charge, under instructions from the Quarter Master General.

7. No man shall be considered finally enlisted, until the receipt at the Station of his printed Description Roll, from the Quarter Master General's Office.

8. Every Candidate previously to being enlisted, is to be examined by a Medical Officer as to his fitness, he must be able bodied—and his age not less than 18 nor above 25 years. A Roll (vide Form No. 2) of such Candidates to be forwarded to Head Quarters when required.

9. Every individual on enlistment will be provided with a printed Description Roll (Form No. 3)

PROMOTIONS.

10. All promotions are made by the Quarter Master General.

11. Recommendation Rolls for promotion (vide Form No. 4) when called for, are to be prepared by Officers in immediate charge, and transmitted through Officers of the Department in Divisions to the Quarter Master General for Registry. With this view the selection of Candidates for Lance Tindals should be made with the greatest care and under the following conditions.

I. Their characters should be *unexceptionable*.

II. Their zeal and attention to orders conspicuous above their fellows.

III. Their natural intelligence undeniable.

IV. They should be able to read and write in Tamil or some other language in common use.

V. Their age should not in ordinary cases exceed 30 and *never be above* 35, in order to ensure as much as possible the superior grades being eventually filled with men unaffected by the infirmities of age, and having all their energies about them.

VI. The Roll should shew as follows:

In the column of "General Character" that the man's character is *unexceptionable* in every respect and his zeal and intelligence of the first order. It is not sufficient that a man should be declared *negatively* fit, such as character *not* bad, *not deficient* in zeal, &c., &c.

In the column of "Qualifications for advancement" the actual qualification of a man to render him fit for advancement, should be stated and not, as is sometimes inserted "Qualified."

21. In the month of January of each year Committees will be ordered to assemble for the purpose of taking a Register of Heirs (vide Form No. 5) of Lascars not previously recorded, or for Registering any Heirs whom Lascars may be desirous of nominating instead of individuals selected at any former time or place. The Proceedings when closed to be forwarded to Head Quarters through the Staff of the Quarter Master General's Department in Divisions or Forces.

22. The death of a Tent Lascar shall be immediately reported to the Quarter Master General and the deceased's Description Roll enclosed. An immediate adjustment of his accounts shall also be made. ESTATES OF DECEASED LASCARS.

23. The Effects of the deceased will be made over to his Registered Heir if present.

24. When the Heir is not present it will be the duty of the Officer in charge to cause a correct inventory of the property to be made in duplicate. The property is to be sold by public auction. The amount when realized, is to be lodged in the Pay Office, and a transfer receipt obtained and transmitted to the Officer in charge of Lascars at the station where the Heir has been ascertained to be residing. The latter Officer will then adjust the accounts.

25. But should no Heir be forthcoming the Pay Master's receipt is to be forwarded to the Secretary to Government Military Department, a report of the circumstance being at the same time made to the Quarter Master General of the Army, by the Officer in charge at the station where the Lascar died.

29. Tent Lascars are subject to trial and punishment by the sentence of a Court Martial, at the discretion of the Officer Commanding the Station or Corps to which they are attached—a copy of the crime and sentence of such Court Martial is however to be transmitted to the Quarter Master General, for the information of the Commander in Chief. "They are also subject to summary trial under the 82nd Article of War. The Proceedings on such trials, when no longer required by Officers Commanding Divisions, will also be forwarded to Army Head Quarters for information." PUNISHMENT.

From these several returns the Officer of the Quarter Master General's Department will make a General return of a similar form for the whole Division or Force, and transmit the same to Head Quarters. The men should be entered in the Muster Roll consecutively according to their general numbers. The muster referred to in this para is intended solely to afford monthly information of the *distribution* of Lascars, and is not intended to interfere in any way with the other musters taken in connection with the pay department. MUSTER AND MONTHLY RETURNS.

40. A Nominal roll of all Tent Lascars proceeding on command, out of the Division, shall be transmitted by the Quarter Master General of Divisions or Forces to the Quarter Master General of the Army, who will in reply apprize him how the Lascars are to be disposed of. In detailing them for such duties, care must be taken that first arrivals at a station should be the first to be named for command duty, and that in no case, but one of very urgent necessity, shall the wishes of a man, to march out of his tour or to remain in place of another, be attended to. COMMAND.

41. On the transfer of Tent Lascars the Officer of the Quarter Master General's Department shall transmit to the Officer of that Department in the Division to which they are transferred, Register rolls, Pay and Clothing certificates, together with any other documents which may be necessary for the adjustment of their accounts: likewise extract from Defaulters' Book, if any entry has been made. They are however always to be held immediately available for their own departmental duties, whenever required, on demand by the Officers of the Quarter Master General Department. Officers Commanding Regular Divisions of the Army, on occasions of actually taking the Field only, are each allowed four Tent Lascars for the purpose of carrying and pitching their distinguishing flags and, on no other occasions, are Lascars allowed for this purpose. They and Brigadiers Commanding Forces are also allowed, when in Cantonment, the services of a Tent Lascar to look after their Flags, but only when a man is available for the duty by his being otherwise unemployed in the Public Service.

45. Whenever a man has an application to make or a complaint to prefer he shall take an opportunity, when not on duty to mention it, in the first instance to the Syrang or Tindal who will accompany him to the European Officer, in order that he may state verbally his request or grievance; when the case is to be immediately enquired into, disposed of, or reported to superior authority as may be deemed requisite.

60. Should there be no Clothing remaining in any of the Stations within his Division, the circumstance should be reported to the Quarter Master General who will order it to be supplied from elsewhere. The same course should be pursued in the case of a Lascar being transferred from another Division where his claim to Clothing had not been settled.

61. Acquittance Rolls and Supplementary Distribution Statements are, to be forwarded on the 1st of each month to the Division Staff Officer, in support of such issues, for transmission to the Quarter Master General's Office until the whole Clothing of the year has been issued.

62. When a claim of an individual is not duly supported by a certificate, reference should be made to the Quarter Master General's Office to ascertain the correctness of the claim.

63. The Clothing when received at the several Stations within the range of each Division, is not considered the property of any individual Tent Lascar who may have been present on the 31st of March and who prior to the arrival of the Clothing has been removed to some other Division, but the property of men actually present at the Station at the time: provided the claimants hold certificates shewing that Clothing is due to them, signed by the proper authorities of the Station from which they may have been transferred.

COMPENSATION.

64. Should there be no Clothing remaining at a Station where Tent Lascars, having claims, are about to be pensioned or discharged, the same must be timely reported to the Quarter Master General, who will order it to be supplied from elsewhere— but should there be no available Clothing at any of the Stations of the Army, Bills for compensation will then be ordered to be transmitted for the sanction of the Agent for Army Clothing.

FORFEITURE OF CLOTHING.

65. It is to be clearly understood that no claim to Clothing will be attended to if the applicant fail to advance it within a year from the date of its becoming due.

No. 613 of 1862.—His Excellency the Governor-General in Council is pleased to direct the publication of the following Depatch from the Right Hon'ble the Secretary of State for India, No. 494, dated 31st December 1861, for general information:—

India Office, *London*, 31*st December* 1861.

Military.

No. 494.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

My Lord,

Para, 1.—I have received and considered in Council your Military Letter, No. 252, dated 17th October 1861, transmitting an application from Major Wyld, of the Staff Corps, to be permitted to leave that Corps.

2. Major Wyld's reason for requesting that the General Order transferring him to the Staff Corps should be cancelled, is stated to be, that your General Order of 10th September last, No. 799, publishing my Despatch, No. 296 of the 25th July, has materially altered the conditions, as previously understood in India, under which an Officer of Her Majesty's Indian Army was permitted to enter the Staff Corps, it now appearing that the Officers of that Corps will be denied the privileges as to retirement on pension of the rank attained after twenty-two years' service, conferred in the Government Regulation of 1796.

3. As the formation of Staff Corps is not to be considered complete until after the 22nd October 1861, you would have been perfectly justified in cancelling Major Wyld's appointment to that Corps at his request, subject to my approval. You have, however, considered it necessary (the appointment and consequent promotion having been reported for my approval) to transmit the application for my consideration and orders.

4. You observe, in paragraph 5, that whatever may have been this Officer's intention as to availing himself of the privileges of the Regulations of 1796, there is reason to believe that many Officers have joined the Staff Corps on the understanding that this privilege would be available to them, and, you add, they were fully justified in that expectation.

5. I admit that the words of the 9th paragraph of the 3rd Clause of the Royal (Staff Corps) Warrant are susceptible of the erroneous interpretation which some Officers have thus placed upon it.

6. The intentions of Her Majesty's Government upon this point, however, were clearly explained in my Despatch, No. 296, dated 25th July last.

7. It was there stated (paragraph 3) that Officers of the Indian Army, who might, at the time of joining the Staff Corps, have acquired, under the Regulations of 1796, the right of retiring on the pension of their rank, would be allowed to retire on the pension of the rank which they then held, whenever they might subsequently retire. It was added, that "the right of retiring on the pension of the rank they hold "at the date of joining the Staff Corps will preserve to local Officers, who have been fortunate in "their promotion, the benefit of the rate of pension they may have acquired by their previous service "in the Army."

8. I pointed out, on the other hand, in paragraph 6, the undue advantage that would be given to Officers of the Staff Corps, if it were conceded that they should be entitled to claim the pension according to rank, in respect of rank obtained in the Staff Corps.

9. By the publication of this Despatch, with your General Order, No. 799, on the 10th September, the Officers of the Army, who may have elected to join the Staff Corps under an erroneous impression upon this point, will have had time to re-consider the subject, and to make application to have their appointments cancelled before the formation of the Corps,

10. The arrangements for the amalgamation of the British and Indian Armies and for the special provision of a body of Officers "for service in India" were not made without careful consideration by Her Majesty's Government.

11. They kept in view the double object of maintaining for the Officers of Her Majesty's Indian Forces, who remained in that service, the advantages they had enjoyed under its established Regulations, and at the same time they offered inducements to experienced and efficient Officers to pass into Corps organized for special service in that country, by holding out to them certain advantages that were made to attend the transfer and continuance of their services to and with those Corps.

12. With this view, promotion was given to many Officers on entering these Corps. Further promotion was secured to them in a manner in which it had never been secured to them before, and the scale and conditions of pension, according to the Rules of 1836 (considered, when granted, as a great boon to the Indian Armies,) were adopted and introduced among the Regulations of the Staff Corps. Their joining these Corps was optional on their part.

13. The effect of the further concession which you now recommend would be to give to Officers of the Indian Army, who may join the Staff Corps, in addition to the advantages already secured to them by the Staff Corps Warrant, which are many and great, the further privilege of claiming the retiring pension of Major or a Lieutenant-Colonel, in all cases, two (2) years sooner than other Officers of the Staff Corps could claim them, two (2) years sooner than they themselves could have claimed them under the Regulations of 1836, or except upon rare and uncertain contingencies, under those of 1796.

14. This privilege, if conceded at all, must be allowed to every Officer of the Indian Army, who joins the Staff Corps, and I see no reason for assuming, as stated in paragraph 15 of your Despatch, that there will be but few Officers who would desire to avail themselves of this very important privilege.

15. In the 13th paragraph of your Despatch, you observe that it has come to your knowledge that several Officers have arrested their applications to join the Staff Corps since the publication of my Despatch No. 296, and you add, it may be assumed, that others who have actually joined the Corps have done so under the belief that under the terms of the Royal Warrant they would in the course of three or four years acquire the right to retire on the pension of Major or Lieutenant Colonel.

16. I regret that there should have been any ground for misapprehension on this point, but I see no cause for altering the Resolution upon the subject, which has already been communicated to you.

17. The object of those Officers, who, as you state, have arrested their applications to join, seems to have been rather to retire as soon as possible than to serve in India, but they have no ground for complaint. They have had the opportunity of choosing, out of three courses, that which may appear best calculated to promote those views; by remaining in the local service, and availing themselves of the Regulations of 1796; by remaining in that service, and retiring under the Regulations of 1836; or by joining the Staff Corps, and retiring eventually under the latter Rules.

18. Her Majesty's Government consider it only right to place the Officers who may, as you justly assume some may, have joined under a mistaken view of the meaning of the 9th paragraph of the 3rd Clause of the Royal Warrant, in an equally favourable position.

19. Major Wyld's request, that his appointment to the Staff Corps and consequent promotion may be cancelled, may be complied with.

20. You are authorized also to cancel the appointments to the Staff Corps of all Officers who may make application to you for this purpose, stating that they have been misled on this point.

I have, &c.,
(Signed) CHARLES WOOD.

A further reference on this subject having been transmitted Home, the Governor-General in Council has now received the final orders of Her Majesty's Government, who have determined that the decision announced in Government General Order, No. 799 of the 10th September 1861, must be upheld.

The appointments to the Staff Corps of all Officers who may make application to withdraw, stating that they have been misled as regards the application of the retiring Regulations of 1796, to that Corps will be cancelled; but it is to be clearly understood that on this plea alone can appointments once made to the Staff Corps be annulled.

All applications from Officers now in India to withdraw from the Staff Corps under this order must be sent in to the Adjutant General's Office of their respective Presidencies by the 1st August next.

No. **261** of 1862.—The following General Orders by His Excellency the Governor General of India in Council, are re-published.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 6th June 1862.

No. 601 of 1862.—Hitherto Family Remittances to the Cape of Good Hope by Officers and Soldiers of British Regiments serving in India have been sent by the Governments of the several Presidencies in India to the Colonial Government at the Cape.

2. It is more convenient, however, to the Colonial Government that the Remittances to the payees should be disbursed through the Commissariat at the Cape, which is in account with the War Office.

3. In consequence also of the more regular communication between England and the Cape than between that Colony and India, the Family Remittances if sent hence to the War Office will be disbursed more expeditiously and regularly under its instructions, by the Commissariat at the Cape, than if sent direct to the Colony as hitherto.

4. Accordingly, from the 1st July next inclusive, all Family Remittances made from India to the Cape of Good Hope by Officers and Soldiers of Her Majesty's British Forces are to be included, equally with those for payment in England, in the monthly Abstracts of Remittances which are transmitted from the several Presidencies to the War Office in England, leaving it to the War Department to give the necessary directions to the Commissariat Officer at the Cape for the payment of the sums so remitted.

5. In order that the War Department may be able to separate the Remittances for the Cape from those for England, Regimental Pay Masters are clearly to distinguish the former by placing the words "Remittance for the Cape" against each sum in the Column for Remarks in their Statement of Family Remittances. War Office Form, No. 327.

6, For the Remittances for England, which are included in that Statement, separate Remittance Vouchers will, as hitherto, be forwarded to the Regimental Agents, but Pay Masters must distinctly understand that no Vouchers (War Office Form, No. 326,) are to be prepared for the Cape Remittances, and they should append the following Declaration to the Return No. 327, in lieu of that which is printed at foot thereof:—

"We do hereby certify that the above Statement contains the correct particulars of all the sums which have been lodged by Officers, Non-Commissioned Officers, and private men during the month of
186 , for the purpose of being remitted to England, and that the separate Remittance Vouchers as prescribed in Articles 231, 232, and 234 of the War Office explanatory Directions and Circular

No. 452, dated 2nd August 1859, *(except as regard remittances for payment at the Cape of Good Hope under special and direct authority from the War Office)*, have been duly transmitted to the Regimental Agent.

Dated at } *Officer Comdg.* } *Regiment*
this day of 186 . } *Pay Master* } *of.*"

7. The Declaration, it will be observed, is identical with that in the printed Form, save that the parenthesis in italics will have to be interpolated in the printed Form in red ink.

MILITARY TRAIN.

Height, from 5 feet 3 to 5 feet 6 inches. Age, from 18 to 25 years. Chest measurement, 34 inches.

ROYAL ARTILLERY.

For Gunners.

Age from 18 to 25 years. Height 5 feet 7 inches and upwards. Chest measurement—If under 5 feet 8, 33 inches; 5 feet 8, and under 5 feet 10, 34 inches; 5 feet 10 and upwards, 35 inches. Growing lads from 17, but under 18 years of age, may be taken from 5 feet 6 inches.

For Drivers.

Age, 18 to 25 years. Height, 5 feet 4 to 5 feet 6 inches, size round chest, 34 inches and upwards.

Grooms, farm laborers, and others of the like class, who have been accustomed to the care and management of horses, and who may not quite fulfil all the above conditions, but who, from their appearance, are likely to become good drivers, will be enlisted on special application being made to the Adjutant-General, through the Inspecting Field Officers of Districts, or in the case of a Head-Quarter Recruit, through the Deputy Adjutant-General, Royal Artillery.

For Artificers.

Blacksmiths, wheelwrights and carpenters, collar and harness-makers, who are likely to become useful artificers, may be enlisted from 5 feet 6 and upwards.

ROYAL ENGINEERS.

For Sappers.

Age, from 18 to 25 years. Height 5 feet 6 inches and upwards. Chest measurement the same as for Gunners of the Royal Artillery. They must be men of good character and able to read and write, and must have been brought up to, or served their apprenticeship as carpenters and joiners, cabinet-makers, stone-cutters, builders, bricklayers, blacksmiths, millwrights, wheelers, coopers, painters and glaziers, plumbers. Engine-fitters are not to be enlisted as blacksmiths. Jobbingsmiths or farriers only are to be enlisted who can work at the forge.

The utmost care is to be exercised in the enlistment of tradesmen. None but good artificers must be taken, and their qualifications must be ascertained by actual trial in the trades to which they profess to have been brought up; or, if this be impracticable, such testimonials must be obtained from their late employers as will fully satisfy the Officer of their skill and acquirements.

Men of other trades required only in limited numbers, such as miners, shoe-makers, printers, collar and harness-makers, clerks, surveyors, draughtsmen, photographers, architects, engineers, tailors, will be enlisted on special application being made to the Adjutant-General through the Inspecting Field Officers of Districts, or, in the case of Head-Quarter Recruits, through the Assistant Adjutant-General, Royal Engineers.

Men accustomed to the care and management of horses are preferable to others; special application, however, must be made to the Adjutant General through Inspecting Field Officers of Districts, or, in the case of Head-Quarter Recruits, through the Assistant Adjutant General, Royal Engineers, before any men are enlisted for drivers, there being but one Troop in the Engineers in which vacancies seldom occur.

INFANTRY.

Height from 5 feet 6 inches and upwards, and between the ages of 17 and 25 years.

INFANTRY IN INDIA, CHINA, NEW SOUTH WALES, AND ST. HELENA.

Height from 5 feet 6 inches and upwards, and not under 18 years of age, nor above 25.

60TH REGIMENT and RIFLE BRIGADE.

Height 5 feet 6 inches and upwards. Chest measurement, 34 inches.

Chest measurement for Infantry (Rifle Regiments excepted) Recruits of 5 feet 6 inches and upwards the same as for Gunners, Royal Artillery.

The Recruit is to be measured round the chest in a line over the nipples with his arms placed straight above his head, the backs of the hands touching each other, and the edges of the feet together, and at the same time made to count the numbers from one to ten, in a loud tone of voice, and slowly. The Superintending Officer and not the Surgeon will be held responsible for the correctness of this measurement.

Whenever a difference of opinion arises at the Head-Quarters of any Corps, Depôt, or Recruiting District as to the chest measurement of a Recruit, a special report is to be made to the Adjutant General, for submission to His Royal Highness the General Commanding in Chief, as to the final disposal of the man.

CAPE MOUNTED RIFLEMEN.

(To be attested as Infantry.)

Height 5 feet to 5 feet 8 inches. Age from 16 to 18 years.

Boys not under 14, and lads not over 16 (except for the Royal Engineers, who are not to exceed 15), of good character, may be enlisted by special authority as heretofore, to be trained as Trumpeters, &c., &c. in the proportion of 1 to every 100 rank and file borne on the establishment of a Regiment or Corps, but on attaining the age of 18 they are to be considered eligible for the ranks.

Soldiers enlisted for unlimited service, and who have obtained, or may hereafter obtain, their discharge free or by purchase, may be re-enlisted for that arm of the Service from which they were discharged up to the age of 38 for the Cavalry, Artillery, and Engineers, and up to 36 for the Infantry, provided they are in all respects eligible under the Recruiting Regulations.

Soldiers who have been, or may hereafter be, discharged after the completion of their first term of limited service, and who wish to re-enter the Army, are not to be enlisted as ordinary Recruits but should be re-engaged for that branch of the Army in which they had previously served, under the provisions of the Mutiny Act, and on making a declaration in the Form given in the Schedule annexed to that Act, and also on production of their discharge proving them to be eligible for re-engagement under the Regulations annexed to the Royal Warrant of the 30th October 1861.

SICK CARRIAGE FOR EUROPEANS.

To calculate the proportion of Sick Carriage for Europeans, divide the strength of the Corps or Party by 10, which gives the average number of sick for whom carriage is to be provided—divide the number of cases by 9 for the number of sick carts, multiply this number by 4 (the number of men each cart can carry) and this sum deducted from the total sick, leaves the number for whom Doolies will be required—thus

10) 900

9) 90 Sick Men.

10 Sick Carts.
4 in each.

40 men carried in Carts.
50 in Doolies.

90 Total number of sick.

But this allowance may be increased or diminished should it be satisfactorily shewn by the Officer Commanding the division on a Medical Officer's Certificate that such is absolutely necessary.

250 to 350	.....	3

40. A cooly for the carriage of Medicines is allowed for any party to which a Medical Officer or Subordinate is attached.

76. Spare Cattle for the carriage of baggage is not authorized. Any deficiency that may arise on a march from casualties will be supplied on the spot by the Commissariat Department.

CARRIAGE FOR CAMP EQUIPAGE HOW CALCULATED.

77. To estimate the amount of carriage required for any quantity of Camp Equipage, the number of Bullock loads should be first calculated at the rate of four Bullock loads to a Tent (European) and one to a Tent (Native.)

78. To the aggregate number add for spare Bullocks at the rate of one to every six, then convert Bullock loads into Camel or Elephant loads, allowing three Bullocks to every Camel, or six Bullocks to an Elephant.

WHAT TO BE CONSIDERED A WHOLE.

79. Any quantity exceeding a whole, whether of the equipments or carriage, is to be considered and provided for as a whole. (For instance, 25 Natives are allotted to a Tent, but 26 men would be entitled to two Tents, except where any minor quantity is available; for example, a Bullock load, when there is not sufficient to fill a cart. Thus two carts are not to be used when a cart and a bullock are sufficient.)

CHEAPEST DESCRIPTION OF CARRIAGE TO BE USED.

80. The limits laid down in paras. 12 and 15, are exempted from the above Rule; whenever hired carriage is necessary, the cheapest description should always be employed.

88. To a Regiment of Light Cavalry, or Detachment of more than two squadrons, two Tents. To a Squadron or Detachment equal to two Squadrons, one Tent. To a Regiment of European Infantry or Detachment of more than a Wing, two Tents. To a Company or any Detachment equal to a Wing, one Tent.

90. A Wing, or Detachment equal to or above two Companies but less than a Wing, 1 Tent.

91. Half a Battery of Royal Artillery is also allowed a Tent; other branches are mentioned in the Table.

92. Tarpaulins for the flooring of the Tents used by European Troops, in wet or damp weather, and of the lightest description consistent with utility, will be issued by the Ordnance Department on Indent passed by the Quarter Master General's Department. When Tarpaulins are issued, straw is not to be given, except on extraordinary occasions. Any other material which may be water-proof, and which may be found to answer the purpose equally well, can be issued in lieu of Tarpaulins. They are to be carried on the cattle or carts provided for the Troop Tents; if that carriage be found insufficient, a corresponding increase according to weight will be supplied. TARPAULINS.

93. Intrenching Tools, consisting of Pickaxes, Bill hooks, and Mamoties are allowed to every Corps and Detachment in the Service, whether in Quarters or in the Field, in the proportion of one half the number of Pickaxes and Bill hooks and two-thirds the number of Mamoties, that there are Tents allowed. INTRENCHING TOOLS

94. At this ratio the fixed allotment for Corps included in Table I is as follows.

Corps.	No. of Tents.	Pickaxes.	Bill-hooks.	Mamoties.
Battery of Royal Horse Brigade	20	10	10	14
Troop of Native Horse Artillery	17	8	8	10
Regiment of European Cavalry	57	29	29	38

96. Indents for Intrenching Tools, designed merely to maintain the regulated allotment to Corps in a serviceable condition, should be forwarded for sanction direct to the Inspector General of Ordnance and Magazines, but Indents for Tools, for the Equipment of detachments of Corps, and which it is not possible to supply out of Regimental Stores, should be included in the Indent for Camp Equipage forwarded to and passed by the Quarter Master General.

97. Tools wantonly injured are to be replaced under the provision of para. 52, page 452, General Regulations, as amended by G. O. C. C. 18th December 1849.

MILITARY.
No. 209.

INDIA OFFICE:
London 31*st May* 1862.

TO HIS EXCELLENCY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—With reference to my Despatch of the 28th February, I have to inform you that, in reply to an enquiry addressed to the General Commanding-in-Chief, His Royal Highness has stated that the terms of the General Order forwarded with my Despatch above referred to, which exclude Officers of the late Indian Army serving in non-purchase Regiments of the Line from retirement on half-pay, cannot, in His Royal Highness' opoinion, be modified without disadvantage; but that the privilege of exchange from one Regiment to another, subject in each case, to the approval of Her Majesty, on the recommendation of the General Commanding- in Chief, is equally conceded to all officers whether belonging to purchase or non-purchase Corps, on the understanding that they become liable to the Regulations of the Class of Corps to which they at any time belong.

2. I took occasion to impress upon His Royal Highness the importance of adopting every precaution that in cases of exchange there shall be no serious disparity of age between the Officers exchanging, nor any other circumstance calculated to render the arrangements prejudicial to the interests of the Indian Officers who may have joined the non-purchase Corps. I observed that these Officers have been accustomed to look to promotion by rising in their regular Regiments by seniority among a fixed body of Officers, and that, while the permission to exchange into a purchase Regiment will, doubtless, be looked upon by many as a boon opening up to them a wider field of employment, and a better chance of promotion, there were others who might feel their chances of promotion prejudiced by an exchange among their seniors, unless such exchanges were regulated with due regard to their interests and prospects of promotion.

3. In reply I am assured by His Royal Highness that the effect which the age and standing of in-coming Officers would exercise upon the interests of Officers originally belonging to a Regiment, is always carefully considered before exchanges are sanctioned, and that particular attention will be paid to securing equality between Officers desirous of exchanging from purchase to non-purchase Corps.

I have &c.,
(Signed) C. WOOD.

No. 700 *of* 1862.—The following Military Letter, No. 488, dated 31st December 1861, and Extract of one, No. 207, dated 31st May 1862, paragraph 20, from the Right Honorable the Secretary of State for India, are published for general information:—

MILITARY.
No. 488.

TO HIS EXCELLENCY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA, IN COUNCIL.

MY LORD,—Consequent on the recent alteration in the organization of the Indian Artillery and Engineers he number of Lieutenant-Colonels and Lieutenants in those Corps has been somewhat altered. It has

* Madras G. O. G. No. 164, daded 23rd April 1862.

therefore been necessary to re-arrange the number of Officers in the abovementioned ranks who are to draw the higher and the lower rate of pay. Bearing in mind the proportions laid down in Lord Stanley's Despatch No. 139, dated 21st April 1859, the following numbers have been fixed, *viz.*,—

	Higher.	Lower.
Bengal.		
Artillery.		
Lieutenant-Colonels	12	7
Lieutenants	112	56
Engineers.		
Lieutenant-Colonels	12	3
Lieutenants	48	24
Madras.		
Artillery.		
Lieutenant- Colonels	12	4
Lieutenants	64	32
Engineers.		
Lieutenant-Colonels	8	2
Lieutenants	32	16
Bombay.		
Artillery.		
Lieutenant-Colonels	9	8
Lieutenants	48	24
Engineers.		
Lieutenant-Colonels	8	2
Lieutenants	32	16

2. Since this Despatch was drafted I have received your Military Letter No. 257, dated 17th October last, on this subject. It is only necessary I should state in reply that I approve the decision at which you have arrived that, in calculating the proportion of Lieutenant-Colonels and Lieutenants of Artillery who are to receive the pay of Major and Second Lieutenant respectively, seconded Officers are to be kept out of view and the proportion reckoned as though the Officers seconded were casualties.

3. The seconded Officers will be allowed the rate drawn by the Officers severally below them on the List.

India Office; *London*, 31*st December* 1861.

I have, &c.,
(Signed) C. Wood,

Extract from a Despatch from the Right Hon'ble the Secretary of State for India to the Government of India No. 207, dated 31st May 1862, paragraph 20.

Letter dated 3rd March 1862, *No.* 65.

20. You rightly suppose that my Despatch No. 488 of 31st December last, was inaccurately copied. The number of Lieutenant-Colonels in the Bengal Artillery to draw the higher ra e of pay should have been twenty-one and not twelve, and the number of those of the same rank in the Bombay Artillery to draw the lower rate of pay should have been three and not eight.

(Signed) H. W. NORMAN, Lieutenant Colonel,
Secy. to the Govt. of India.

Fort William, the 1st August 1862.

No. 750 of 1862.—His Excellency the Governor General in Council is pleased to extend to Officers on leave the Rule which permits Officers of one Presidency, when absent on duty, to draw their pay and Allowances from the Pay Authorities of any other Presidency at which they may be residing, and to lay down the following Rules for future guidance:—

Officers of one Presidency may draw advances on account of their pay and allowances which have become due from Pay-Masters at any other Presidency at which they may be residing, whether on duty or on leave on Medical Certificate or private affairs.

Officers so situated must furnish, with their Bills, a last Pay Certificate from their own Presidencies, shewing specifically the sums to be deducted and the amount to which entitled, and also indicate the General Order or other authority under which they are absent.

These Rules are also applicable to cases of Officers embarking for Europe from any other than their own Presidencies, and who may be entitled, under the Furlough Regulations, to advances of Pay and Allowances.

In cases of Staff Officers so situated their last Pay Certificates are to specify clearly the amount of half Staff salary to which they may be entitled during their leave.

In cases of emergency, when last Pay Certificates cannot be produced, advances on account of unadjusted arrears of pay may be made on good Security for the amount being furnished.

Bills for any admissible passage money are to be supported by a sufficient Guarantee from the Agents of the Ship or other parties; that half the passage money will be refunded in the event of the Officer dying after engagement of his passage, or before the Vessel puts to Sea.

Pay-Masters making advances under these Rules are invariably to record the same on the back of the last Pay Certificate, and will make the necessary communication to the Pay-Master of the other Presidency concerned with the least possible delay, and if Security be taken, it is also to be noted on the Pay Certificate.

If proof be forthcoming that an Officer has already furnished Security at his own Presidency for any demands on the part of Government which may arise, fresh Security is not to be required by Pay-Masters of any other Presidencies.

All over-drawings or short charges will always be adjusted by the Pay Authorities of the Presidency to which the Drawing Officers may belong.

All other orders on this subject at the three Presidencies are hereby superseded.

Fort William, the 4th August 1862.

No. 754 of 1862.—In supersession of previous Regulations on the subject, His Excellency the Governor-General in Council is pleased to direct that Soldiers on the Unattached List, under the rank of Serjeant, are to be considered eligible for promotion to that grade after approved effective service on Staff employ, with uniform good conduct for the full period of one year, if recommended by their immediate superiors for such promotion, provided their total service as Soldiers be not less than three years.

No. 798 of 1862.—His Excellency the Governor-General in Council is pleased to direct the publication of the following extracts from a Despatch from the Right Honorable the Secretary of State for India, No. 238 of the 2nd July 1862, notifying the future organization of the Staff of the Royal Artillery in India:—

Para. 8.—Her Majesty's Government have therefore come to the determination that the appointment of Commandant of Artillery in the several Presidencies shall be abolished, that there shall be four Inspectors of Artillery; two in Bengal, one in each of the other Presidencies.

9. These Officers, being Regimental Colonels belonging to Brigades serving in India, will be appointed by the several Governments at the recommendation of their respective Commanders-in Chief. The Officers selected for these duties must have served at least three years in India, and must possess the usual qualifications for Staff service in that country, the tenure of the appointment being limited to five years, during which period they will not be liable to removal on promotion to the rank of Major-General.

10. The rank of Brigadier-General will be conferred upon these Officers, who will be placed in regard pay and allowances on the footing of Brigadiers of the 1st Class.

11. A Brigade-Major, being an Officer of Artillery, will be attached to each Inspector of Artillery.

12. A Deputy Adjutant General of the Artillery, being a Regimental Lieutenant-Colonel, will be attached to the Head Quarters of the Army in India.

13. The Officer nominated to this appointment must have served not less than three years in India: in other respects the appointment will be made subject to all the conditions connected with the appointment of Staff Officers in India as to qualifications and tenure of office.

14. An Assistant Adjutant-General of the rank of Field Officer will be attached to Head Quarters of the Madras and Bombay Presidencies respectively, for the conduct of Artillery duties, under the immediate direction of the Local Commanders-in Chief.

15. The appointments of Assistant Adjutant General of Artillery in Bengal and Madras, and that of Brigade Major in Bombay, will cease with that of Commandant of Artillery, or as soon after as the transfer of their records to the Adjutant General's Office can be effected.

16. The immediate effect of this measure will be the abolition of the following appointments:—

3 Brigadiers, 1st Class.
1 Brigadier, 2nd Class.
2 Assistant Adjutants General, Bengal.
1 ,, ,, ,, Madras.
1 Brigade Major Bombay.
1 Deputy Assistant Quarter Master General, Bengal;

and the creation of the following appointments:—

2 Inspectors of Artillery, Bengal.
1 Inspector ,, Madras.
1 ,, ,, Bombay.
4 Brigade Majors.
1 Deputy Adjutant General of Artillery at the Head Quarters of the Army in India.
1 Assistant Adjutant General at Madras.
1 ,, ,, ,, at Bombay.

17. As Artillery-men fit for duty and trained to the use of Armstrong Guns are now and will henceforward be despatched to India, instead of recruits, as heretofore, the Artillery Depôts of Instruction at the three Presidencies are no longer requisite.

18. These Depôts will, therefore, be broken up at once, and Artillery-men will, on landing, be sent to the General Receiving Depôts at the Presidencies, and thence forwarded, as speedily as possible, to the Head Quarters of their Brigades or Batteries, in the same manner as Drafts for Line Regiments.

In view to carrying out the above directions, the Governor General in Council is pleased to notify that the new organization of the Staff of the Royal Artillery in India will come into effect from the 1st November next, from which date the appointments at present existing, as notified in paragraph 16, and the Artillery Depôts of Instruction will cease to exist and the new appointments have effect.

Read a letter from the Officiating Civil Pay-Master, Punjab, No. 148, dated 13th June last, and its enclosures, enquiring whether tentage and house allowance of Regimental Officers are exempt from the Income Tax.

Read a Report thereon by the Civil Pay-Master, Fort William, dated 18th ultimo.

RESOLUTION.—His Excellency the Governor General in Council observes that, under the 129th Section of the Income Tax Act, Military Officers are entitled to exemption from the duties in respect of tentage or horse allowance, or any allowance in lieu of house rent which they draw as part of their Military allowances, even though such allowances be chargeable to the Civil Department.

Under the orders of 2nd May 1862, a certain sum out of the pay of Officers in the Staff Corps has been declared to be exempt from Income Tax. This sum was intended to correspond to the tentage allowance drawn by Regimental Officers.

But His Excellency in Council observes that the practice of the several Civil Pay-Masters in regard to the tentage allowance of Regimental Officers, in the Public Works Department, has not been uniform. The Governor General in Council accordingly directs that the tentage allowance of Regimental Officers shall be exempt from Income Tax without regard to the Department against which the allowances of those Officers be chargeable.

Officers Commanding Regiments will forward to the Adjutant General Her Majesty's Forces, the names of the Captains, Lieutenants, Cornets, and Ensigns in Corps, in which the establishment of these latter ranks have been completed, whom it is proposed to appoint to their Depôts in England.

The Establishment of Depôts is as follows.

Cavalry.	*Infantry.*
1 Captain,	2 Catpains,
1 Lieutenant,	2 Lieutenants,
1 Cornet.	2 Ensigns.

The Commander in Chief in India has the satisfaction to publish to Her Majesty's Forces in India, a General Order from His Royal Highness the General Commanding in Chief, on the completion of the transfer of the European Troops of Her Majesty's Indian to Her Majesty's British Service.

It is a source of much gratification to His Excellency that this important measure is accompanied by a very liberal promotion of the Officers who volunteered for their representative General Service Regiments and for General Service.

The transfer of the late Bengal Artillery, and the consequent promotions have already appeared in General Orders.

In the New Regiments of Cavalry and Infantry no less than three Majors have been promoted to be Lieutenant Colonels fifteen; Captains to be Majors: sixty-two Lieutenants tobe Captains: fifteen Ensigns to be Lieutenants.

The rise in the Regimental steps of the different ranks consequent on the promotions and changes has been in some Regiments very considerable.

Sir Hugh Rose foreseeing that there would be vacancies in the several grades of the new Regiments had the honor to submit to His Royal Highness the General Commanding in Chief that it would be a great boon were the Queen most graciously pleased to grant these promotions to Officers of Her Majesty's Indian Service who had volunteered for their representative Regiments or for General Service.

His Royal Highness was pleased to accede most readily to this request and authorized His Excellency to make these promotions provisionally subject to Her Majesty's approval.

The Commander in Chief in India congratulates sincerely these Regiments on their union with the British Army and their entry on a career which will open to them a wider sphere for giving proofs of their devotion to their duty and to the cause of their Queen and Country. He feels assured that whenever the opportunity offers they will prove themselves worthy in other fields of the illustrious name which the British Army has ever won for itself in India.

GENERAL ORDER.

"The General Commanding in Chief has received Her Majesty's commands to make known to the British "Army serving in India, that the arrangements for consolidating the European Forces of the Crown in "that Country have now been completed.

"His Royal Highness hails with satisfaction an event which he trusts may be conducive to the best "interests of the Empire, whilst it will be of advantage to the Troops whom it may concern.

"He feels persuaded that the glorious deeds of arms for which the line and Local Troops have ever "been conspicuous will not be forgotten by them, now that they are about to form one united Army, "and that the only feeling of rivalry which will henceforth exist between the various Corps, will be a "high spirit of emulation as regards discipline and good conduct during peace, and of gallant bearing and "devotion should their services be hereafter called for in the field.

"In the name of the Army, the Commander in Chief most heartily and cordially welcomes to the "ranks of the General Service of the Crown, the Officers, Non-Commissioned Officers, and Soldiers of the "Local Services of the three Presidencies of India.

(Signed) GEORGE,
General Commanding in Chief."

Military.

No. 277.

His Excellency the Right Hon'ble the Governor General of India in Council.

My Lord,—I have to inform you that it has been resolved that an unemployed Major-General of the Staff Corps, although he may not have succeeded to the Colonel's allowance, shall be permitted to remain in this country without any limitation as to period of residence in the same manner as General Officers and Colonels of Regiments of the Indian Forces have been permitted to remain. During his residence such General Officer will be entitled to receive the rate of pay fixed by the Royal Warrant for General Officers out of India, *viz.*, 25 Shillings per diem.

I have, &c.,
(Signed) C. WOOD.

No. 869 of 1862.—The following Military Letter from the Right Honorable the Secretary of State for India, No. 270 of the 31st July 1862, is published for general information:—

Military.

No. 270.

To His Excellency the Right Hon'ble the Governor General of India in Council.

My Lord,—*Para.* 1.—I have received and considered in Council your letters Nos. 60 and 130, dated severally, 3rd March and 17th April 1862, the former forwarding copies of a letter from the Governmen

of Bombay, No, 169 of 17th January 1862, enclosing a Memorial from Lieutenant Colonel Stewart, of the 25th Bombay Native Infantry, and the latter submitting a Memorial from Lieutenant-Colonel Macpherson, of the 10th Bengal Native Infantry, relative to the effect produced on the promotion of the Senior Officers of the Indian Army by the Rules laid down in my Despatch No. 320 of 10th August 1861, under which the names of the Lieutenant-Colonels who have accepted the annuities authorized in that Despatch are retained on the General List to regulate the succession to the Colonel's allowance.

2. Upon this point you observe that there can be no doubt that, as none of the Lieutenant-Colonels who have retired with their annuities can possibly give their Juniors a step unless by their death, the Rule must operate injuriously on the prospects of promotion of those more immediately below them.

3. The Government of Bombay, whose suggestions appear to be contained among the papers forwarded by you in a "draft of an intended letter," recommends that, instead of the system of succession recently prescribed by Her Majesty's Government, each Regimental Lieutenant-Colonel should receive promotion to the position of Colonel with Colonel's allowance after the expiration of ten years from the date of attaining his Regimental Lieutenant-Colonelcy.

4. Your Government, in general terms, recommended the case of the Lieutenant-Colonels to my favorable consideration.

5. The proposal to reduce the number of Colonels with Colonel's allowances, in the manner described in my Despatch No. 320 of 10th August, was made upon a consideration that a certain number must be withdrawn from the list of Colonels in a given ratio to the number of Officers appointed to the Staff Corps, and that some further reduction would have to be made in consequence of the reduction of the number of Regiments.

6. In consequence of the Mutiny nearly the whole of the Native Regular Regiments of the Army of Bengal have disappeared, and a smaller number of Irregular Regiments have been raised in their place; several Regiments also have been reduced in the other Presidencies.

7. These reductions were rendered necessary by considerations both of a financial and of a political character.

8. It is almost impossible, when a reduction of force becomes necessary, but that Officers as well as men, should, in some degree, suffer from the conseqences of a diminution of the strength of the Army.

9. In carrying out the measures which were necessary for this purpose in India men have been discharged in large numbers with gratuities or pensions.

10. Great consideration has also been shewn to the European Officers. They have been retained in their respective cadres on full pay, and with no alteration in the system of promotion to the higher ranks by seniority.

11. A considerable impulse has been lately given to promotion among the Officers generally by the retirements under the annuity scheme, but the Lieutenant-Colonels of date prior to 1st January 1862, who did not accept annuities, derived no such benefit; on the contrary, their prospects of promotion under the operation of that scheme would, as shewn by Lieutenant-Colonel Macpherson, be affected injuriously to some extent.

12. In order to remove any reasonable ground of complaint, Her Majesty's Government have determined that all Regimental Lieutenant-Colonels remaining on the General List of the local Armies in the three Presidencies, whose Commissions as such date prior to the 1st January 1862, shall be considered entitled to promotion to the rank and allowances of Colonel when they shall have been twelve years in the rank of Regimental Lieutenant-Colonel; provided, however, that no promotion under this Rule shall take place until those not in any way affected by the retention of the names of the retired Officers on the list shall have received the step in ordinary course (*vide* Note.*)

* Lieutenant-Colonel Browne stands at present fifth on the list of Regimental Lieutenant-Colonels of the Madras Infantry. Two of those above him are effective Officers, and two are borne on the list in italics. When the Lieutenant-Colonel second on the list, *viz.*, Lieutenant-Colonel Fitzgerald, succeeds to the Colonel's allowance, Lieutenant-Colonel Browne will become entitled to benefit by the Rule as to succession to the allowance after twelve years, but not before.

13. All Officers who may have held the rank of Lieutenant-Colonel on the 1st January 1862, will also be entitled to promotion to the superior grade of Colonel with Colonel's allowances if the step come to them in ordinary course before the completion of twelve years' service as Lieutenant-Colonel; but when these Lieutenant-Colonels have been removed from the list, the promotion of those whose Commissions bear date on the 1st January 1862, or subsequently, will only be made, as in the Staff Corps, after twelve years' service in that Grade.

14. The names of the Officers of the Staff Corps, and those of the new Line Regiments, will be treated in a similar manner with those of the effective Officers on the list, with the exception that, in the case of the two former, their names, upon coming into the position of Colonel with Colonel's allowances under the operation of the above Rule, will be removed altogether from the General Regimental List of the Indian Army and promotion made in their places.

15. The principle upon which the succession to Colonel's allowances of Officers of the Indian Army who have not joined the Staff Corps or the new Line Regiments is to be hereafter regulated is to be considered as determined by this arrangement.

I have, &c.,

No. 397 of 1862.—The following General Order by His Excellency the Governor General of India in Council, is re-published.

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 22nd September 1862.

No. 894 of 1862.—The following Military letter from the Right Honorable the Secretary of State for India, No. 288 of the 14th August 1862, is published for general information :—

MILITARY.

No. 288.

INDIA OFFICE, *London*, 14*th August* 1862.

To HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL,

MY LORD,—WITH your letter dated 15th May 1862, No. 179, you transmit correspondence in which the Government of Fort St. George submit an enquiry, as to the terms upon which an Officer of the new Indian Artillery would join the Staff College at Sandhurst, with regard to pay and pension, if after competing successfully for admission he should be ordered to join the College.

2. On this subject I have been in communication with His Royal Highness the General Commanding-in-Chief.

3. It appears to me that an Officer of the new Royal Brigades of Artillery joining the Staff College, with the permission of the proper authorities, should be allowed to receive, while there, the rate of pay drawn by Officers of similar rank in the original Brigades of Royal Artillery whilst studying at the College, and that, as such period of service is allowed to be reckoned as service, both for pay and pension, in regard to Officers of the British Forces, he should also reckon, as service for retiring pension, the period of his residence at the Staff College in the proportion of one year for two years' residence; as laid down in the notification of the Government of India, dated 10th April, p. 65.

4. The General Commanding-in-Chief has expressed his concurrence in this view.

5. His Royal Highness however remarks that, as employment on the Staff in India is not open to Officers whose Regiments or Brigades are not serving in that country, even though they have passed the Staff College, he does not consider it fair to the Army at large to appoint to the Staff out of India any passed Officers who belong to Corps on the Indian Establishment, but His Royal Highness has no objection to Officers serving in India competing for, and entering the Staff College, if they wish to do so upon this understanding.

I have, &c.

In cases where the number of Patients is less than twelve, or where (in the Hills or in other places) the Firewood supplied is not tolerably dry and good, two and a half seers per man per diem may be allowed, or even three seers if necessary, but the cause which renders the increase necessary must be certified by the Medical Officer at the time, and the reason why better fuel cannot be or is not supplied is to be stated, in order that the increased expenditure may be passed by the Examiner of Medical Accounts or the Controller, as the case may require.

4. In the case of outbreaks of epidemic disease or other extraordinary circumstances, no fixed limits can be either assigned or observed, but in such cases Medical Officers will certify as to the necessity of the extra expenditure which may be incurred, stating distinctly all the circumstances of the necessity of such increase.

5. His Excellency in Council desires it to be noted, that the reported experience of Medical Officers has proved that the expenditure of Firewood in Hospitals may, by proper care, be generally, and often considerably, reduced below the limits above laid down, and it will be the duty of all Medical Officers to pay close attention to the economical use of the Firewood which is issued for the use of Patients under their care.

(Signed) H. W. NORMAN, Lieutenant-Colonel,
Secretary to the Government of India.

II. The "two seers" referred to above, as the daily allowance of Firewood authorised under ordinary circumstances, is equivalent to 4 lbs. Avoirdupois."

(Signed) H. MARSHALL, Colonel,
Secretary to Government.

By order of His Excellency the Commander in Chief.

WHEREAS it has been represented to Us that it is expedient to improve the position of Regimental Majors holding Staff Appointments in Our Army, and of Captains and Subalterns of the Cavalry and Infantry employed at the Royal Military College, Sandhurst: It is Our will and pleasure that, from the date of this Our Royal Warrant, Officers of the Regimental Rank of Major serving on Full Pay, who may be appointed to the Staff of Our Army as Assistant Adjutant-Generals or Assistant Quarter-Master-Generals, and Captains and Subalterns of the Cavalry and Infantry serving on Full Pay, who may obtain employment as Professors and Masters, or as Captains of Companies of Gentlemen Cadets, or on the Staff at the Royal Military College, Sandhurst, shall, under the Regulations hereunto annexed, be continued on the strength of their Regiments as Supernumerary Officers, and retain their position and claim to promotion therein, the Majors on the Staff receiving as Regimental pay an amount equal to the half-pay of their rank, in addition to Staff pay, and the Officers employed at the Royal Military College a fixed rate of College pay in lieu of Regimental pay.

It is also Our will and pleasure that Officers of the substantive rank of Major, who have completed their term of service in the Staff appointments of Assistant Adjutant-General, Assistant Quarter-Master-General, Military Secretary, and Assistant Military Secretary, and have performed the duties thereof to the satisfaction of the General Commanding-in-Chief of Our Army and of Our Secretary of State for War, shall, on removal from the Staff, be promoted by Brevet to the rank of Lieutenant-Colonel.

It having also been represented to Us that it is expedient to revise the system under which Artillery and Engineer Officers are at present employed in Appointments on the Staff corresponding with those hereinbefore mentioned, as well as in those of Deputy Adjutant-General, Deputy Quarter-Master General and Colonel on the Staff: It is Our further will and pleasure that Regimental Colonels and Lieutenant-Colonels of Artillery and Engineers, who may hereafter be nominated to such appointments, shall be placed on the same footing in respect to pay as Officers of Cavalry and Infantry, and that such Officers, as well as Colonels of Artillery Commanding certain Districts or Divisions with the rank of Colonel on the Staff, and Captains and Subalterns of the Royal Artillery and Royal Engineers employed at the Royal Military College and Royal Military Academy, shall be governed by the Regulations hereunto annexed.

REGULATIONS REFERRED TO IN THE PRECEDING WARRANT.

1. ON the appointment of a Regimental Major to the Staff, under the provisions of the annexed Royal Warrant, the step will go in the Regiment without purchase; the Cornetcy or Ensigncy vacated by this promotion being filled by purchase, for the benefit of the Reserve Fund.

2. On removal of the Major from the Staff on completion of the regulated period of Staff service, *viz.*, five years, or on the resignation of his appointment on grounds satisfactory to the General Commanding-in-Chief and Secretary of State for War, he will continue as a Supernumerary Officer, to receive as Regimental pay an amount equal to the half-pay of his rank (even though he may then be the senior Major of the Regiment), till a vacancy shall occur into which he can fall.

3. If, however, a vacancy shall happen by the sale of the Lieutenant-Colonelcy, and the Supernumerary Major shall purchase, the existence of the Supernumerary majority will be put an end to by payment from the Reserve Fund of the difference between the amount to be paid by the Major so promoted, and the value of the Lieutenant-Colonelcy.

4. If the Major on the Staff shall die while so employed, no promotion will take place, as the Regiment will already have had the benefit of promotion in the vacancy occasioned by his appointment to the Staff, but any other death vacancy occuring among the Field Officers will be filled, as usual, by promotion without purchase, unless there be a Supernumerary Major whose period of service on the Staff has expired.

5. If the Major, while employed on the Staff shall succeed to the Lieutenant-Colonelcy of the Regiment, whether by purchase or otherwise, he will be required to relinquish his Staff appointment, and join his Regiment.

6. If the Major, while employed on the Staff shall hold the rank of Brevet Lieutenant-Colonel, he shall, on attaining the rank of Regimental Lieutenant-Colonel, reckon his Staff service as qualifying service for the rank of Colonel under the five year's rule, as provided in Clause 9 of the Warrant of the 14th October 1858 for Majors and Brevet Lieutenant-Colonels falling into the temporary command of Regiments.

7. If the Major shall resign his Staff appointment on grounds not satisfactory to the General Commanding-in-Chief and Secretary of State for War, or be displaced for misconduct or incapacity, he will cease to be entitled to the benefit of this Regulation, and be placed upon the Half-pay List.

8. Vacancies occasioned by the appointment of Captains and Lieutenants to the Royal Military College, Sandhurst, (comprising the Staff College and Cadet's College), under the provisions of the Warrant, will be filled up in the Regiment, without purchase; the Cornetcy or Ensigncy vacated by promotion, or by appointment to the Royal Military College, being filled by purchase, for the benefit of the Reserve Fund.

9. If a Captain should be promoted to the rank of Major, or a Lieutenant to the rank of Captain, or a Cornet or Ensign to the Rank of Lieutenant, by purchase, while at the Royal Military College, Sand-

hurst, the difference between the sum paid by him, and the full value of the superior Commission will be made up from the Reserve Fund, thereby putting an end to the Supernumerary Commission vacated by him; but a Captain, on attaining the rank of Major, whether by purchase or otherwise, will be required to join his Regiment.

10. On promotion to higher Regimental rank of a Supernumerary Cornet, Ensign, or Lieutenant, whether by purchase or otherwise, he will become a Supernumerary in his new grade, and will carry up with him the Officer next for promotion.

11. The principle in Clauses 2, 4, and 7 of these Regulations, applicable to Majors on the Staff, shall govern the appointments at the Royal Military College, Sandhurst, whatever may be the Regimental rank of the Officer.

12. Regimental Colonels and Lieutenant-Colonels of Artillery and Engineers, employed as Colonels on the Staff, and in other situations on the General Staff referred to in the Warrant, will remain on the Establishment of their Brigades or Corps, but will, in accordance with the practice in other branhces of the Service, only be allowed a sum equal to the half-pay of their Regimental rank in addition to Staff pay.

13. Regimental Colonels of Artillery Commanding certain Districts or Divisions, with the rank of Colonel on the Staff, will remain on the Establishment of their Brigades receiving such a reduced rate of Staff pay, as, with Regimental full pay, will be equal in the aggregate to the established rate of Regimental half-pay and the full rate of Staff pay.

14. Lieutenant-Colonels of Artillery and Engineers holding the appointment of Deputy Adjutant General or Deputy Quarter Master General, may retain their Staff appointments when promoted to the Regimental rank of Colonel, should such promotion happen during the period prescribed for holding their Staff appointments.

15. Lieutenant-Colonels of Artillery and Engineers filling the appointments of Assistant Adjutant General or Assistant Quarter Master General, will be required to relinquish their Staff appointment on promotion to the rank of Regimental Colonel, should such promotion take place during their term of Staff service.

16. Captains and Subalterns of the Royal Artillery and Royal Engineers employed as Professors and Masters at the Royal Military College, Sandhurst (comprising the Staff College and Cadet's College), and Royal Military Academy, Woolwich, and as Assistant Inspector of Studies at the latter Institution, will be continued as at present on the strength of their Regiment or Corps, are Supernumeraries to the Establishment, and receive their pay and allowances under the Regulations specially applicable to Supernumerary Captains and Subalterns.

17. Captains of the Royal Artillery and Royal Engineers, if promoted to the rank of Regimental Field Officer during the term of their employment as Professors and Masters, will be required to relinquish their appointments and join their Brigades or Corps.

18. Although the Clauses from 12 to 17 have been framed with special reference to Officers of Artillery and Engineers, it is to be understood that the general provisions of these Regulations are also to be adopted in every way in which they can be made applicable to those two services.

No. 413.

To His Excellency the Right Hon'ble the Governor General of India in Council.

My Lord,—1. I have to inform you that in communication with the Secretary of State for War, I have consented, in calculating the Pensions of those Soldiers, who, in transferring their services from the Local Army of India to Her Majesty's British Service, elected the British rates of Pension, that the same increase of Good Conduct pay shall be reckoned as has been allowed for the latter service under Royal Warrants.

2. A copy of the instructions issued by the Secretary of State for War to the Commissioners of Chelsea Hospital on the subject is herewith forwarded.

I have, &c.,

(Signed) C. WOOD.

India Office, London, 8th November 1862.

Extract from letter addressed to the Secretary, Chelsea Hospital, from War Office, dated 10th September 1862.

"Reference having recently been made to the India Office as to whether, in reckoning the Pensions of Soldiers who have transferred their services from the Local Army of India to the Line or Artillery, the same increase may be granted for Good Conduct pay as has been allowed for the Better Arms under Royal Warrants, I am directed by the Secretary of State for War to inform you that Sir Charles Wood has authorized this boon to all Soldiers of the Local Army, who, in transferring their services, elected to have their Pensions reckoned according to the regulations of this Office, and I am to request that their Pensions may in future be calculated accordingly, and that the Commissioners will furnish quarterly a Statement of the extra expense thus incurred in order that it may be reimbursed to the Public from Indian Revenue."

No. 1114 of 1862.—As some misapprehension is believed to exist with respect to the competency of the Head of a Department, the accounts of which are controlled by the Military Finance Department, to remit a retrenchment made by one of the Examiners on account of Departmental expenditure of any kind, His Excellency the Governor General in Council is pleased to notify that the Controller of Military Finance *alone* has the power of remitting such a retrenchment, on sufficient explanation being afforded to warrant the charge being passed under existing rules.

2. But as the opinion of the Head of the Department must have great weight with the Controller, the reply to the retrenchment should be sent through the former, who will forward it to the Controller with such remarks as he may deem necessary.

3. Whenever the Officer retrenched wishes the case to be submitted to Government in the event of the Controller not feeling justified in remitting the retrenchment himself, he should state this in the reply, which the Controller will, in that case, submit for the orders of Government in the usual way.

This order is applicable to the three Presidencies.
