Ref. On C. No. 967/20.

Station Madras, *Dated the* 23rd November 1920.

From (Name) The Honble Mr. P. G. Grieve, M.A.,

(Designation) Actg. Director of Public Instruction, Madras

To The Secretary to the Government of Madras,

Home (Education) *Department.*

Sir,

I have the honour to submit for the sanction of Government the following proposal for opening a weaving class in connection with the Government Girls' School, Namakkal.

2. There are 243 girls in the school distributed among 8 standards. The Inspectress of Girls' Schools, Western Circle, recommends the opening of a weaving class in connection with the school and states that 46 girls belonging

to

46/248

to the weaver caste will attend the class. She further reports that one of the teachers of the school knows weaving and recommends that she be appointed as instructor on Rs.20 per mensem.

3. The introduction of weaving will not only afford an elementary training in the hereditary occupation of the girls but also will be the means of keeping them much longer at school than would otherwise be the case. I accordingly recommend that sanction be accorded to the opening of the class. Until its success is assured, it may be worked with country looms and with a local instructor as recommended by the Inspectress. When the stability of the class is established, improved looms may be used and a technically qualified instructor appointed.

4. There is sufficient accommodation available in the school building for holding the class. The cost of initial equipment is estimated at Rs.100 and a sum of Rs.30 per mensem will have also to be sanctioned for purchasing raw materials.

5. The extra recurring expenditure involved by these proposals amounts to Rs.600 per annum and the extra expenditure in the current year for 2 months from 1st January next will be Rs.250 (instructor Rs.40 plus Local Allowance Rs.20 plus raw materials Rs.90 plus equipment Rs.100).

6. The class may in the first instance be sanctioned temporarily for one year.

7. The sanctioned scales of staff and pay for the school are as given hereunder:-

	Rs.
Headmistress	40
1 Assistant	20
1 ,,	14
6 Assistants each on	13

8. A reappropriation statement to meet the additional expenditure of Rs.250 involved by the proposal during the current year is submitted herewith. I request, however, that provision for the charge may be entered in the Budget Estimate for next year now before Government.

I have the honour to be,

S i r,

Your most obedient servant,

For Director of Public Instruction

Home (Edn) Dept.

Subject Opening of a weaving class in the Govt. Girls' School, Namakkal

[C. no 2530] from the D.P.I. no 967/20 dt 23.11.20

In the Govt. Girls' School, Tiruchengode, there is a temporary weaving instructor on Rs 20 p.m. for imparting instruction in weaving. Vide G.Os no.s 307 Edl dt 17.4.13 & 537 Edl dt 18.5.15 and 838 Home (Edn) dt 23-7-20. In regard to the present proposal to open a weaving class in the Govt. Girls' School, Namakkal, the Rev (Spl) Dept. may perhaps be asked in the first instance to offer their remarks in-- after consulting ~~if necessary~~ the Director of Industries as to the necessity ~~of~~ for employment of a weaving instructor in the school and as to the general policy of employing such an instructor in an educational institution.

DIRECTOR OF INDUSTRIES
22 DEC 1920
MADRAS

Dep (i)
20/2
Repno 2443-II/20
22.12.20

A reference is made in the first note in Home (Education) Department to the temporary weaving instructor of the Government Girls' School, Tiruchengode. When this was inspected by the Inspector of Industrial Schools in 1917, each girl received 15 minutes instruction in weaving per week. From the point of view of industries, this of course was perfectly useless and if the instruction was given in out of date methods, it was worse than useless. The so-called weaving class appears to have been started merely to attract the local weaving caste girls to the school, but the instruction given in weaving is of course "eye-wash". The scheme now put up seems to be a repetition of the Tiruchengode's scheme. If so, I cannot of course give it any support from the point of view of industries. It may serve some purpose by attracting girls to the school who will other-

wise remain uneducated, but it is unlikely to serve any useful purpose as a means of training these girls in weaving.

2. Even if it is only intended to give manual training, I consider that such manual training should be given ~~in work~~ on up-to-date lines. When a boy is given manual training in carpentry, he is given up-to-date tools, though of course ~~with~~ a size suited ~~for~~ to the boy; he is not taught to use tools which had been long ago discarded in favour of better tools. In the same way, if a loom is to be installed in a school, it should, in my opinion, be of an up-to-date type. The Weaving Expert (Mr.Amalsad) has devised and had constructed a small loom of an up-to-date type suitable for a child to use. ~~The~~ looms of that kind should be adopted in schools for which looms are required.

3. I append below a scheme probably suitable for the Government Girls' School at Namakkal which has been drawn up by Mr.Amalsad. It may be seen that the non-recurring charges amount to Rs.520/- and the recurring charges to Rs.100/- per mensem. A certain amount should be recovered of course by the sale of the cloth made by the pupils. I cannot give an estimate of the amount that would be so recovered, but it ought to reduce appreciably the recurring cost. Instead of 9 hours a week, perhaps 6 hours a week for each pupil would be enough.

Copy of scheme drawn up for the Government Girls' School at Namakkal by Mr.Amalsad.

Second standard girls not less than 6 years old will take the 1st year's course, Third, Fourth and Fifth standard girls will take the 2nd, 3rd and 4th year's course.

Staff. One teacher on Rs.35/- per mensem and one Maistry on Rs.25/- per mensem are required to run a school and can offer training to a set of 20 persons. Classes in all the courses may meet for 3 hours on alternate days or 9 hours per week.

Space A floor space of 800 square feet will be required.

Appliances.

	Rs.
1 Country pit loom	35
1 Improved pit loom	60
1 Frame loom (plain)	80
1 Frame loom (shaft work)	120
1 Dobby	6
1 Hand Bobbin winder	10
2 Hand pirn winers	12
1 Country tape loom	2
1 Warping mill	80
1 Beaming machine	65
1 Drawing-in machine	20
spare healds, reeds, denting hooks, bobbins, pirns etc	30
Total Rs	520

Non-recurring charges Rs.520, exclusive of building.

Recurring charges. Teacher	35
maistry	25
purchase of yarns	30
sizing charges	10
Total Rs.	100 per month.

Except that the girls belong to the weaver caste, no mention is made by the Educational

Department whether their parents are working on cotton, silk or woolen yarns. These details given above relate to cotton weaving.

U.O.Reply No. 2073/21, dt. 28.1.21.

In view of the remarks of the Director of Industries and in connection with the scheme drawn up for the school by Mr.Amalsad, it seems to me that it will be best to substitute for my proposals those sent in by the Department of Industries. With reference to the last paragraph of Mr.Amalsad's note I have no information as to whether parents of the pupils are working on cotton, silk or woollen yarns. This I shall ascertain and any slight modification that may be required as a result of my enquiries will be made in consultation with the Department of Industries on the assumption, of course, that no extra expenditure is involved.

pp 4-5 ante

With regard to the criticisms of the Tiruchengode scheme, I will address the Department of Industries and request the Director to give me his opinion as to whether weaving in that school should be continued and if so, what recurring and non-recurring expenditure he considers necessary

for
