READ—the following papers:—

From W. A. WILLOCK, Esq., Acting Collector of Trichinopoly, to the Superintending Engineer, VI Circle, ted Trichinopoly, 22nd December 1887, No. 92-12.

In your office letter, No. 475, date July 1868, a sum of Rs. 2,138-10-4 was placed at the disposal of the Co of Trichinopoly as compensation for certain private lands taken up for the tion of a lunatic asylum at Trichinopoly. This amount was paid accordi he above lands, together with some waste and poramboke lands, were acco en classified as lunatic asylum poramboke in the accounts.

2. The Temporary Deputy Collector now reports that no lunatic asylum has been constructed, and suggests that the patta lands taken up may be resold.

3. No records are forthcoming in my office as to what has become of the proposal regarding the construction of the lunatic asylum, or what orders were subsequently passed by Government in the matter. As this information is required before the suggestion of the Temporary Deputy Collector is approved of, I have the honor to request that you will be good enough to supply me with it at your earliest convenience.

No. 579 T.C.

Submitted to the Chief Engineer, Public Works Department, with reference to G.O., No. 2311, dated 20th July 1868.

2. The information required by the Collector cannot be ascertained from the records of this office, although a diligent search has been made. It is requested that the required information may be furnished from the Government office records if possible.

3. The Collector states that Rs. 2,138-10-4 were paid on account of land compensation. In the "accounts of appropriation and outlay for Public Works, Imperial and Local," for 1870, an outlay of Rs. 2,173 is shown to have been incurred during 1868-69.

TRICHINOPOLY,
29th December 1887.

(Signed) J. W. RUNDALL,
Superintending Engineer, VI Circle.

No. 120 C.

Referred to the Surgeon-General with the Government for favor of information as to the circumstances under which the proposal to build a new lunatic asylum at Trichinopoly has been abandoned. There seem to be no papers on the subject in the Public Works Department.

10th January 1888. (Signed) W. L. C. BADDELEY, Captain, R.E.,
Deputy Chief Engineer, P.W.D.

From G. BIDIE, Esq., M.B., C.I.E., Surgeon-General with the Government of Madras, to the Secretary to Government, Public Works Department, dated Fort St. George, 17th January 1888, No. 34.

In returning the correspondence referred to me under your endorsement No. 120 C of the 10th instant, I have the honor to state that no reference can be found in this office regarding the new lunatic asylum at Trichinopoly beyond that contained in paragraph 4 of G.O., No. 1221, of 31st August 1871, Judicial Department.

READ—also the following papers :—

G.O., dated 7th March 1888, No. 588, Judicial.

Read—Memorandum from the Public Works Department, dated 27th January 1888, No. 369 C.

Read—the following letter from the Surgeon-General with the Government of Madras, dated 23rd February 1888, No. 149.

In returning the papers forwarded for my opinion under Mr. Cardew's demi-official of the 11th February, I have the honor to report to His Excellency the Governor in Council that at present there is no necessity for erecting a new lunatic asylum at Trichinopoly.

2. From various causes there is a tendency in the number of insanes under control in asylums to increase, but in case of the existing accommodation at Madras for lunatics belonging to the Tamil country becoming insufficient, it will be better in every way and more economical to add additional rooms to the Madras asylum than to construct a new institution at Trichinopoly.

3. The site of the Madras asylum at Locock's Gardens affords ample space for additional buildings, and thus more rooms for the reception of the patients could be erected as required, whereas, in constructing a distinct new asylum, the expenditure would be increased by having to provide various administrative and other blocks of buildings.

4. By enlarging the existing Madras asylum there will also be a saving in the cost of supervision. At present the District Medical Officer at Trichinopoly has quite as much work as he can conveniently perform, so that the opening of a lunatic asylum in the station would probably involve the cost of an extra medical officer. But in Madras even a considerable addition to the number of inmates need not cause any increase in this direction, as the existing medical staff could still carry on all the duties of the institution. It may also be stated that it would be better for the patients to be in Madras where they could be under a selected specialist than at Trichinopoly where they could not enjoy the same advantages in this respect.

5. It has further to be pointed out that Locock's Gardens have great advantages in the matter of healthiness, whereas Trichinopoly is subject to violent outbreaks of epidemic disease.

6. I think therefore the project of having a new lunatic asylum at Trichinopoly, or anywhere else in the southern Tamil districts, may safely be allowed to rest for the present.

Order—dated 7th March 1888, No. 588, Judicial.

The letter of the Surgeon-General with Government will be communicated to the Public Works Department, with the intimation that there is no objection in the Judicial Department to the resale of the land taken up for a lunatic asylum at Trichinopoly in 1868.

Lunatic Asylum at Trichinopoly

Orders regarding the resale of the land taken up for a —.

REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of the Board of Revenue (Land Rev.) dated 22nd June 1888, No. 3783 Mis: on letter from the Collector of Trichinopoly dated 14th June 1888, No. 2914.

Referring to Board's resolution on G. O, No. 2093 d/ 7th April 1888, I have the honor to state that the lands taken up for the construction of a Lunatic Asylum here adjoin the Central Jail buildings on the North and North East. The Jail warders live occupies 2 acres and 60 cents in the South of these lands. The Superintendent of the Jail asks that another 9 acres may be reserved near the lines. I see no objection as the land is of but little value and proposes to enter it as Jail Poramboke. The remaining extent, about 285 acres, is not required for any other public purposes and may be sold by auction.

Resolution — Submitted to Government in reference to the G. O. Quoted

quoted by the Collector.

2. The Board support both the proposals of the Collector.

21st June 1888, No. 362 I., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

Read—the following papers :—

From the Superintendent of Works, Periyár Project, dated 15th May 1888, No. 111 P.R.
To the " " " " 30th " " " 52 M.D.

From H. S. TAYLOR, Esq., Superintendent of Works, Periyár Project, to the Chief Engineer for Irrigation, dated Madura, 5th June 1888, No. 173 P.R.

With reference to your memorandum No. 52 M.D., dated 30th May 1888, I have the honor to retransmit the estimates duly revised as follows :—

(1) The theodolite and two rock-drilling machines, already sanctioned in G.O. No. 137 I., dated 27th February 1888, have been struck out.

(2) The famine tools from North Arcot division have been valued and provided for. The mistake pointed out has been rectified.

(3) In the estimate for machinery, two manual fire-engines have been provided for instead of one as previously, as the purchase of two engines was sanctioned in G.O. No. 366 W., dated 1st February 1888, and they have been ordered. The value of one circular saw-table, with fly-wheel and circular saws complete, has been added in the estimate. This machine is available for transfer from the Kurnool division, and will be very useful at Thekady, where there is a large quantity of felled timber to be sawn up into scantlings and planks.

2. It is intended to purchase the machinery locally, and application, in form prescribed in G.O. No. 1679 W., dated 2nd July 1886, has already been forwarded, *vide* letters Nos. 90 P.R. and 172 P.R., dated 2nd May and 4th June 1888, respectively.

No. 94 I.

Submitted to Government.

2. The statements of English stores purchased in India, referred to in para. 2 of letter No. 173 P.R., dated 5th instant, from the Superintendent of Works, Periyár project, have been sent to the General Superintendent, Public Works Stores, for inserting therein the estimated cost of the articles, if obtained through the India Office, and will, in due course, be submitted to Government for sanction.

Ootacamund,
13th June 1888.

(Signed) H. R. MEAD, Colonel, R.E.,
Chief Engineer for Irrigation.

To the Joint Secretary to Government,
Public Works Department, Irrigation Branch.

Order—dated 21st June 1888, No. 362 I., Public Works.

The following estimates are sanctioned from the balance of the lump sum provision for tools and plant of the Periyár project, which will then be reduced to Rs. 47,575 :—

Capital Expenditure on Public Works (not charged against Revenue).
49. Irrigation.
Periyár Project.
III. Tools and Plant.
(12) Miscellaneous.

	Rs.
(1) Machinery	3,016
(2) Scientific instruments	3,167
(3) Tools	7,429
Total ...	13,612

2. This sanction has been registered as No. 38 I. of 1888-89.

(True Extract.)

Circle - Periyar Project.
Division - No 1 Periyar.

Stores manufactured in Europe but purchased in India under para 3 of Government of India Financial Resolution No 185 of 10 January 1883.

Stores manufactured in Europe but purchased in India under paragraph 3 of Government of India Financial Resolution No 185 dated 10th January 1883.

Description or class of Stores.	Number or Quantity.	Actual Cost in India. Average price or Rate.	Incidental Charges Carriage &c.	Total Cost.	Estimated cost if obtained through India Office. Average price or Rate.	Incidental charges freight Exchange &c.	Total Cost.	Remarks.
Periyar Project.								
American Magneto Machine Complete with Cable rubber Covered wire Rubber Solution and Chatterton's Compound.	1	315-8-"	25-8-"	341	"	"	"	The purchase of 1 American magneto machine was sanctioned in G.O. No 362 I of 21-6-88. Another one is required to have in readiness for use if anything goes wrong with the one in hand when we are at work in the Tunnel.
One Yest box consisting of two special Leclanche testing Cells and One Three Coil Galvanometer	1	150-"-	20-"-	170	"	"	"	This is required as saving much time in securing that the circuit of a blast is complete before it is fired.

Submitted to the Superintending Engineer, Periyar Project with the request that the sanction of Government may be obtained.

Action Periyar.
