PREFACE

The Supplement to Ajmer District Gazetteer has been prepared under a scheme sponsored by the erstwhile Central Gazetteers Unit, Ministry of Education, Department of Culture, Government of India. This scheme envisaged updating of data of those District Gazetteers which had been published for ten or more years in 1976. The Gazetteer of Ajmer District, published in 1976, contained nineteen chapters, while the present volume, the fourth in the series, has 14 chapters, giving tabular chapter-wise data, with 1978-79 as the base year, in accordance with the synopsis laid down by the erstwhile Central Gazetteers Unit.

The draft of the Supplement was prepared under the supervision of my predecessor, Shri B. D. Agarwal, who sent it to the Central Gazetteers Unit for approval. The onus of incorporation of the suggestions of the Central Gazetteers Unit, preparation of the final draft, seeking the approval of the State Government for its printing and seeing it through the press, devolved on me.

The information required for preparing the present volume was made available by the concerned departments of the State and the Central Governments, for which I wish to thank them. I also wish to express my thanks to Dr. P. N. Chopra, the then Editor of the Central Gazetteers Unit, Ministry of Education, Government of India, and his staff, for scrutinising the draft and offering valuable suggestions for its improvement. It would not be out of place to mention that the Central Gazetteers Unit released financial grant also for the compilation of this volume.

I am extremely grateful to Shri Shiv Charan Mathur, Chief Minister and Minister for Planning and Shri Lakshman Singh, Minister of State (Planning) for their keen interest in this work. I also wish to place on record my deep sense of gratitude to Shri V. B. L. Mathur, Chief Secretary to the Government of Rajasthan and Shri D. C. Samant, Special Secretary, Planning Department, who amidst their numerous pre-occupations, gave valuable advice for improvement of the quality of the publication. The officers and staff of the District Gazetteers Department, who helped in the compilation and printing of this volume also deserve my appreciation.
