REVENUE BOARD OFFICE MADRAS.

Proceedings of the Board of Revenue

(Separate Revenue),

Dated 12th April 1898.

Mis No. 1326.

Read Government Order. Mis No. 198 Revenue. dated 14th January 1898.

Read also ~~Official~~ Reminder Memorandum No. 7 Rev ~~from~~ the Under Secretary to Government. dated 11th March 1898.

Resolution.

Replying to Government Order Mis No. 198 Revenue dated 14th January 1898 the Board begs to report that, upon reconsideration of the whole matter, it is of opinion that it will be best to grade the whole of the Customs Establishment with that employed on Salt and Abkari work. It has now under consideration a Scheme, which it proposes — shortly to submit to Government, for grading the clerical with the executive establishment throughout the department, and it proposes, if Government approve, to include the

(Officer's Designation) Assistant Secretary

clerical establishments employed on Customs work, excepting of course the clerks in Land Revenue offices, in this grading. At the same time it understands that a change in the personnel of the peons at many of the posts is eminently desirable and this it would secure by grading them with the peons employed on factory and preventive work.

2. Should Government approve these suggestions it appears that by far the best means of adjusting the charges debitable to Customs will be to charge the whole cost of the establishment in the first instance to 'Salt' and to make a lump adjustment as is done in the case of 'Excise' at the close of the year.

3. The Board is quite prepared to undertake the auditing of Customs bills, but it cannot do so without an increase in its Auditing establishment which is already overburdened. It has had for some time under consideration proposals for increasing this branch of the office as well as others but has refrained from submitting them on account of the financial pressure. If Government is now prepared to receive them it will submit them at once embodying in them the provision necessary for auditing bills of the Customs branch.

Supdts. of Customs and in doing so suggested to the Board of Revenue the desirability of grading with the Sub Inspectors of the Salt & Abkari Deptt., all Supdts. & Asstt. Supdts. of Customs whose pay was Rs 30 & upwards. The Board accepted the suggestion and proposed to grade Supdts. drawing Rs 125 and upwards as Asstt. Inspectors, & to exclude from the grading Port Officers doing the duties of Sea Customs Supdts. (i) The Acctt. General suggested that the pay of the officers actually doing Customs work should be debited to 'Salt Cash Remittance'. The vouchers would, then, be forwarded to the Board of Rev: & the charge would be debited to 'Customs' by it in its consolidated monthly returns to the A.G. The advantages claimed for this plan are that the cost of regrading would not be transferred from 'Customs' to 'Salt', and that a reference to the Govt. of India would be unnecessary.

(ii) The office note proposed to debit the expenditure directly to 'Customs' without passing it thro' 'Salt Cash Remittance'. The Financial Dept. approved of the proposal; but the Acctt. General pointed out that the vouchers would then not pass thro' the Board; and that it might be put to inconvenience in maintaining the history of services of the officials

officials concerned and in granting them leave. This objection will be obviated by the Board undertaking the auditing of Customs bills, which it is prepared to do, if Govt. will sanction an addition to its establishment. Under the A.G.'s plan numbered (i) the Board would have to audit only the expenditure incurred on behalf of the 48 officers to be graded.

(iii) A third plan, which is however, not recommended by the A.G. is that the charge should be debited to 'Salt'. The excess to 'Imperial' should then be adjusted by the A.G. annually thro' the Land Revenue head with the sanction of the Govt. of India. The objection to the adoption of this course is that besides the annual reference to the Govt. of India, the charge under 'Customs' would be divided between two heads - i.e. the inspecting staff under 'Salt' & the clerks & menials under 'Customs'

'Customs'.

(iv) The last plan which is that recommended by the Board is to debit the charges to 'Salt' and make a lump adjustment at the close of the year in the case of Excise. The Financial Deptt. pointed out that as the Salt establishment is likely to develop more quickly than the Customs, the charges to be transferred to the latter (a purely provincial head) would increase with no benefit to it, unless the proportion was changed from time to time.

(v) If any one of plans (i), (ii) & (iii) be adopted, the question arises how in case of the employment of officers of higher grades on Customs work, the excess over the sanctioned cost should be met. The A.G. is of opinion that the excess should stand under 'Customs', as the regrading is in the interest of the Customs Deptt. If this is not approved, an annual adjustment will be necessary, which would consist

consist in three fourths of the excess being added to the Provincial share & deducted from the Imperial; & this would require the sanction of the Govt. of India. Regarding this adjustment the Financial Deptt. states that the Customs Deptt. would benefit without any extra cost at the expense of Salt. On the other hand Customs would lose savings owing to leave, etc. ~~In this connection~~

3. In this connection the Board states that by far the best plan would be to grade the whole of the Customs establishment with that employed in the Salt & Abkari work and that it has had under contemplation the question of grading the clerical with the executive establishment throughout the Salt & Abkari Deptt. & of increasing the auditing and other establishments in its own office. It has refrained from submitting proposals on this subject owing to financial pressure.

I understand the Board wish the matter to stand over till they submit a scheme for the grading of the whole Customs estab.t is right through. We may as wait for this?

S.P. 6/5/98

I think so — Besides, as I said before, I don't see how we can carry out this scheme at all until we have a quite clear understanding as to the manner & extent in & to which Officers of the S. & A. Dept. are to exercise Control in Customs matters. If we do we shall be seen to have Cols taking objection to their interference
