READ—the following papers:—

Proceedings of Government, Local and Municipal Department, dated 9th December 1887, No. 2409 L.

Read—the following paper:—

From H. B. GRIGG, Esq., M.A., Director of Public Instruction, Madras, to the Chief Secretary to Government, dated Madras, 23rd November 1887, No. 8236.

In forwarding the accompanying letter, No. 791, dated the 16th September last, with its enclosures, from the President, Taluk Board, Námakal, I have the honor to state that the proposed improvement and repairs to the Námakal school building are considered necessary by the Inspector, to whom the papers were referred for report. The soldiers' shed attached to the building is reported to be unsuited for school purposes. Owing to the increase in the strength of the school, the present building is found inadequate, and the opening of a fifth class sanctioned in G.O., Local and Municipal, No. 1982 L. (Mis.), dated the 22nd ultimo, necessitates the extension of the present building.

2. In paragraph 2 of G.O., Financial, No. 1869, dated 13th August 1884, sanction was accorded for the transfer of the Government middle schools to District Boards, with the school buildings, on the understanding that the buildings were to be kept in repair by Government. The present proposal, however, is partly for repairs and partly for improvements. I therefore beg to recommend that the work of repairs, which is estimated at Rs. 3,148, may be provided for in the Public Works provincial budget, and that the Board be required to bear the cost of improvements, estimated at Rs. 1,152.

ENCLOSURE.

From M.R.Ry. P. RAJAGOPAL CHARIAR Avargal, Rao Sahib, M.A., B.L., President, Taluk Board, Námakal, to the Chief Secretary to Government (through the President, District Board, the Inspector of Schools, and the Director of Public Instruction), dated Salem, 16th September 1887, No. 791.

I beg to state that the Local Fund middle school at Námakal is now held in a Government building, which was transferred to the Local Fund Board in G.O., dated 13th August 1884, No. 1869, and which the Government kindly undertook to keep in repair at their own cost. As it was recently brought to my notice by the Inspector of Schools that a portion of the building was in a dangerous state and that a certain other portion had actually fallen down, I requested the Executive Engineer to take necessary steps to restore the building to proper order. He has accordingly prepared the accompanying estimate, specification and plan, and forwarded them to me through the Superintending Engineer, IV Circle. The report that accompanies the estimate, and the correspondence submitted herewith, will sufficiently explain the necessity for carrying out the works provided for in the estimate. I therefore request that the Government will be good enough to sanction the estimate and to provide necessary funds.

No. 58.
Submitted.

SALEM,
20th September 1887.

(Signed) R. SEWELL,
President, District Board.

Order—dated 9th December 1887, No. 2409 L., Local and Municipal.

The plan and estimate received with the above letter will be forwarded to the Public Works Department for sanction.

2. Paragraph 2 of the Director's letter will be referred to the Local Board for consideration and remarks.

(True Extract.)

(Signed) W. S. MEYER,
for Chief Secretary.

Note by the Chief Engineer, Public Works Department.

The ventilation of the building should be carefully attended to, and with this object ventilators should be provided above all doors and windows.

CHEPÂK,
19th January 1888.

(Signed) H. R. MEAD, Colonel, R.E.,
Joint Secy. to Govt., P.W.D.

ORDER—dated 24th January 1888, No. 288 W., Public Works.

The estimate, amounting to Rs. 4,300, for repairs and improvements to the Government taluk school at Námakal in the Salem district, is sanctioned.

2. The question of providing funds for the work will be considered on receipt of final orders in the Local and Municipal Department as to whether the cost of the improvements to the building shall be met by the Local Fund Board, as recommended by the Director of Public Instruction.

3. This sanction has been registered as Provincial, No. 152 W. of 1887-88, and classified as Civil Buildings, Original Works.

4. Attention is drawn to the note by the Chief Engineer, Public Works Department, above recorded.

Buildings.

Forwarding to the Public Works Department, for sanction, plan and estimate for repairing the school building at Námakal, Salem district, and referring to the local board for consideration the question of carrying out certain improvements.

287/85

The roof of the building is to be rebuilt and as it is for a school establishment, ought the latter to provide ventilators and this ought to be allowed for.

Ventilators can only be made and be provided when the doors and windows and land, ought to be allowed for.

G.O

~~Letter~~ No. 24096

Dated the 9th December 1887

From the Secy to Govt Local and Municipal Sanction

9.1.88 NOTE OF REMARKS.

1. The accompanying plan and estimate provide for Repairing and Improving the Government Taluq school house at Namakal in the Salem District.

The amount of the estimate is Rupees 4,300.

2. The Value of the building is Rupees 4,000, please see in the wrapper or outer sheet of the estimate.

3. The necessity for the above work is fully explained in the Report accompanying the estimate.

4. All the masonry will be of brick in chunam.

The walls of the room D will be rebuilt above basement level, the basement

basement & the foundation are in good order & having been built in chunam.

The walls of the room E will be rebuilt from foundation level as the original work consists of brick in mud.

5. A Verandah running all round the two rooms D & E is provided in the plan and the estimate as being necessary for Namakal, being a hot place. It is desired and suggested by the President Taluq Board and the Head Master of the School.

6. The existing roof over room D & E, has fallen down were supported by palmyrah couples. The proposed one over the main building is a truss roof and that

288/1

that over the Verandah is sloping or Bengal terrace. There will in all be 5 trusses, one over the room D and 4 over the room E as shown in the plan.

7. The existing flooring of room D is fairly good but of room E is very bad and has sunk and proposes to have the two rooms reflooored as the good floor of room D may become damaged during the course of demolition and reconstruction of the walls &c.

8. Teak wood work will receive two coats of wood oil, and the exposed woodwork, and the doors & windows will be painted with 2 coats of chocolate paint.

9. The scantling of timbers are correct.

10. The rates are fair — Contingencies and Petty supervision are separately charged at 2½ per cent.

11. The plan and estimate have not been countersigned by the Director of Public Instruction but have been forwarded by him to the Local and Municipal Departt.
