I have the honor to state that a tiled shed built close to the Nandalore Railway station is for sale and as there are no good camping grounds at Nandalore I think our securing the shed by purchase for an Inspection shed, will prove beneficial to District officers

2 - The only available camping ground is close to the margin of the Cheyair River, but as a rule the ground is very dirty -

3. The shed in question belongs to Muni Puthnam Mudr a Railway fuel contractor and he will be willing to accept Rs 650 for it - including the

land on which it is built.

4 Enclosed is the valuation which gives the value of the building as Rs 894.

The roof is sound and was lately repaired at considerable expense by the owner

5 If you think fit I have the honor to request you will be good enough to obtain the sanction of Government for the purchase.

NOTE OF REMARKS.

30/1/88

The accompanying is a valuation statement for the purchase of a Bungalow belonging to the Moonsiff Moodly & fuel Contractor of Nandalore from the use of the P.W. Store, and an inspection Bungalow.

The necessity for purchasing the building and site is explained in the Executive Engineer's letter to the effect that there are no good Camping grounds at Nandalore

this only one available being close to the margin of the Cheyair river which is stated to be, as a rule, very dirty.

The Supy: Engineer agrees with the Ex: Eng: and recommends the purchase of the building at an ~~estimated~~ cost of Rs 650 (the estimated value being Rs 894) for the use of the Department.

The rates given in the valuation statements cannot be checked as the schedule of rates for the contemplate division has not been furnished to this Office. The Supy: Engineer will be asked to furnish a copy at an early date.

Sir,

Referring to G.O. No. 1356 W 17-5-87 regarding Contractor Sauria Pillai's claims for work done in the Deputy Collector's Cutcherry at Mannarguddi, I have the honor to state that the Executive Engineer, Negapatam Division, in his No. 3589/12-12-87 has reported as follows:—

"Contractor Sauria Pillai has filed "a suit to recover money claimed by "him for work done on Mannarguddi "Deputy Collector's Cutcherry in 1884.

"I send the summons, Plaint & claims "with translations and statement of "actual claim admissible as already "reported; also the Contract documents "and a precis of Correspondence, & I return "Overseer Muthirulappa Pillai's Report.

"If he is in any way out of pocket "it is purely due to his way of mismana-"-ging work entrusted to him. I retain "the file pending your reply. As the "work was done in 1884 and there is not "a single Officer or subordinate left: "a circumstance no doubt waited for by "the Claimant; I should advise, if "you consider witnesses necessary, that "Overseer Muthirulappa Pillai be brought "here as Witness. This is generous in view of Rs "1400 wrongfully claimed".

2 In his letter No. 213 / 30-1-88 the Executive Engineer has further reported as follows:—

"I sent the draft reply and the whole file "to the Government Pleader who has replied "that he is of opinion that the plaintiffs' "claim can be successfully resisted.

2. It is now observed that the Forest Department is raising objections to the taking of stones for Unnuvanath Bridge on the road from Cumbum to the foot of the Gudalur Peermede Ghat road in Madura, from a quarry whence stones have hitherto been taken. The speedy completion of the bridge is of very great importance, and if the Forest Department should continue to object to the quarrying of stones, I am afraid that the progress of the work will be much impeded.

3. In any case it seems desirable that it should be settled whether one

Sir,

With reference to your endorsement No 1683, dated 27th October 1887, on the enclosed letter from the Ag. District Forest Officer, Madura, regarding stone and timber required for the Kurumanutha Bridge, I have the honor to inform you that, in accordance with the instructions contained in your No 16408/19-10-87, no timber is now required from the Forest Department for the Bridge, as it is to be brought from Periar, but as regards the stone, I beg to state that the quarry referred to in the enclosed Forest Officer's letter, is more distant than another near Kurumanutha to the east of the bridge, where the contractor, in anticipation of permission, has quarried stone already. Further, the arrangement of checking measurements of stone by the Forest Department will not answer; for you know there are still some old cut stones in hand, but, as they are of different heights,

9
Rev. 709/88

heights, they cannot be used wholly in one course, and each course must therefore be supplemented by new stone, and, if each stone is to be measured, it will cause endless labor and disputes with the Forest Department, and I therefore request that the Forest Officer be again asked to receive payment for all the cut stones supplied by the contractor and that early permission be obtained to take stone from the quarry near Kurumanuthu Bridge at 3 pies per c. ft (2 annas a handy load) which can be paid monthly to the Forest Department.

I have completed the right abutment to a level with the commencement of cut stone work a week ago, and request that early permission be obtained as the work is delayed for the want of stone.

I have &c

No. 905 M.

Copy forwarded to the District Forest Officer, with a request that permission may be given to quarry all the stone required in the place where the contractor began quarrying sometime ago, as no cut-stone is being used anywhere in the neighbourhood of Kurumanuthu except on the bridge there, accurate measurements of stone can be made as it is built in the bridge. The contractor might be simply regarded as the agent of this Department and no restriction as to quantity quarried laid upon him. The charges due to the Forest Department can be paid direct by the Sub Division Officer.

information copies of correspondence on the subject between the Executive Engineer, Madura Division, and my District Forest Officer, from which it will be seen that the P. W. Department have already been authorized to quarry stones in the locality indicated, on the understanding that payment is to be made monthly for the stones taken.

In cases like the above, I do not think there is any difficulty. It would be better to allow stones to be taken whenever and wherever wanted, keeping regular accounts of the stones thus taken, and payment by one department to another can afterwards be made on presentation of bills.

—

Copy of the above and of the correspondence referred to between the Executive Engineer and the District Forest Officer, forwarded to the Secretary to the Commissioners of Land Revenue with reference to Board's reference on Forest Register No 1653, dated 9th December 1887.

Account.

Read—the following letter from C. J. PETERS, Esq., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 15th August 1887, No. 839 :—

With reference to G.O., No. 1835 W., dated 8th July 1887, I have the honor to report that a sum of Rs. 10,000 may, as a temporary measure, be transferred from the grant for the Collector's Cutcherry at Cuddapah—item No. 3 final budget of 1887-88—to the Tahsildar's office at Rájampet, provided that the above amount may again be granted to the Collector's Cutcherry at Cuddapah when funds have become available.

Note.

The savings in the grants for works under Provincial having already been reported by all S. Es., it is not likely that any large saving will yet be forthcoming. Further the Govt. have to find provision in the current year to meet the adjustment of the cost of the two bridges on the Potinghi Korapat and Potinghi Ghat roads in the Vizagapatam Division. It is not therefore probable that this demand can be met even later on. The reserve balance at present is very small being Rs. 276 only.

The accompanying draft reply is therefore proposed.
