EXPLANATION OF THE CHRONOLOGICAL CYCLES AND ERAS.

The *Golden Number* is that which any given year holds in the Lunar Cycle, which is a period of 19 years, at the lapse of which the phases of the moon take place on the same days of the months respectively as at the commencement of the cycle. Therefore while the sun performs its annual course 19 times, the courses of the moon amount to 235. In the ancient Calendar this number was inscribed on a tablet set up in the market-place of Athens in letters of gold. Hence the term *Golden Number*. It was likewise called the *Prime*, because it pointed out the first day of the new moon, *primum luna*.

The *Epact* is the number of days of the Lunar Cycle, over and above all the complete courses of the moon for any number of years, hence the number indicates the age of the moon at the beginning of the year.

The *Solar Cycle* is a period of 28 years, which, owing to leap year must necessarily elapse before the days of the month can return respectively to the same days of the weeks at the commencement of the cycle. The first year of the Christian Era was the tenth year of this cycle.

The *Dominical Letter* is that letter of the alphabet which points out in the Calendar the Sundays throughout the year, thence also called the *Sunday Letter* or *Dies Domini*.

Roman Indiction was a period of 15 years, instituted by Constantine the Great in A. D. 312, for levying certain taxes upon the subjects of his empire. The Popes since the time of Charlemagne have dated their acts by the year of the indiction which was fixed on the first of January.

The *Julian Period* embraces 7980 years, and is produced by multiplying into each other the Solar Cycle (28), the Lunar Cycle (19) and the Cycle of the Indiction (15). This period is reckoned from 760 years before the usual date fixed upon for the creation; at a time when the three Cycles are supposed to have commenced together; a circumstance which cannot take place again until A. D. 3267, or the lapse of the entire period.

Our Lord was born in 4713 of the Julian Period. This style was contrived by Joseph Justo Scaliger in A. D. 1583, for chronological purposes, and is assumed as a fixed era in the calculations of all Astronomers and Chronologers. It is of great importance as the standard or general receptacle of all other Epochs, Periods and Cycles; "into this; as into a large ocean, all the streams of time discharge themselves, without losing their character; and if historians had recorded the number of each Cycle in each year respectively, there could have been no dispute about the date of any event in past ages."

GREGORIAN CALENDAR OR NEW STYLE.

Up to 1582 the length of the year as computed by Julius Cesar in B. C. 45 consisted of 365 days and 6 hours, but as the true length of a solar year is only 365 days, 5 hours and nearly 49 minutes, this calculation had produced an error amounting to 10 days. Consequently Pope Gregory XIII. hence the Calendar was called Gregorian—undertook in 1582 to rectify that error by making the year to consist of 365 days, ten days between the 4th and 15th October were struck out, and the 16th was reckoned as the 5th October. According to this style the ordinary year is to consist of 365 days, but the year 1584 and every fourth year afterwards (termed leap year) to contain 366 days, and the centuries 1700, 1800, 1900, 2100, and so on for those centuries which are not divisible by 400 are to be reckoned, not as leap years, but as ordinary years of 365 days only.

The New Style has been gradually adopted throughout Europe, except in Russia and Greece where the old style still prevails.

In Great Britain the new style was adopted in 1752, by that time the error had amounted to 11 days: it was therefore enacted that September 3 of that year should be reckoned as September 14. During the present century, supposing the New style had not been adopted, the error would be 12 days, and this difference must therefore be allowed in Russian and Greek dates. Thus a Russian birthday dated March 2, must be reckoned as dated March 14.

The central line of the Total phase commences at the Arabian Sea, passes through the Southern part of India, Northern part of Ceylon, Bay of Bengal, Java, and North Australia; and ends in the Pacific Ocean.

As a Total Eclipse it can be most advantageously seen in the Madras Presidency, at Bâicull in South Canara, Manantawdy, Ootacamund, Wellington, Avanasî, Coimbatore, Trichinopoly, Dindigul, Poodocottah, and Ardangi in the district of Tanjore.

Section II.—Governmental.

STAMP DUTIES.

Office—Beach.

Hon'ble V. Ramiengar, Supt. of Stamps.

Mr. M. J. Luxa, Assistant.

Duties payable on Deeds and other Instruments.

Act XVIII of 1869, which came into operation on the 1st January 1870, provides for imposing Stamp duties on certain Instruments, and is entitled the "General Stamp Act." It repeals Section 8 of Act XIV of 1840 so much of the Preamble as relates to Stamp duty, and Section 2 of Act XVIII of 1856; the whole of Act XIX of 1858; the whole of Act XLI of 1858; Section 37 of Act XV of 1859; Sections 1 to 25, both inclusive, and 27, 28, 29, 34 to 57, both inclusive; Schedule A of Act X of 1862, (an Act to consolidate and amend the law relating to Stamp duties); and Section 5 of Act XXVI of 1867.

The Act extends to the whole of British India, and is applicable to every Instrument, a list of which is given in Schedules I. and II., whether executed in British India or executed out of it, but relating to any property within.

Bills of Exchange and Promissory Notes made or drawn out of British India, and Transfers by endorsement of shares of Companies and Associations, together with all Instruments chargeable under the Act with a duty of one anna, may be stamped with adhesive stamps, but on every other Instrument under this Act the stamp should either be impressed on the paper whereon the Instrument is written, or be otherwise denoted by the Collector or Superintendent of Stamps.

The duty imposed on Bills of Exchange is chargeable on Bills drawn and payable in British India; Bills drawn in, but payable out of British India, and on all Bills drawn out of, but accepted or paid, endorsed or otherwise negotiated in British India, the holders of all such latter description of Bills being required to affix the proper stamps before presenting for acceptance, endorsing, or otherwise negotiating such Bills.

Any Instrument chargeable with duty, whether previously stamped or not, if brought to the Collector, and the person bringing it desires to have his opinion as to the duty with which it is chargeable, and pays a fee of 5 Rupees, the Collector is empowered to assess and charge the duty to which, in his judgment, the Instrument is liable; and upon payment of such duty or of such a sum as with the duty already paid thereon is equal to the duty so assessed and charged, and of the penalty, if any, incurred through insufficient stamping, the Collector will certify by endorsement on such Instrument that the full duty has been paid, and the same shall be deemed to be duly stamped and receivable in evidence or otherwise in any Court or Public Office as if originally executed on paper bearing the proper stamp.

In the case also of any Instrument chargeable with duty executed on paper not bearing the required stamp being produced in a Civil Court, the Court, if satisfied that the omission did not arise out of any intention to evade payment of the proper duty, and upon payment into Court of such amount required to make up the full amount chargeable, together with a penalty, if produced within one year from date of execution, of five times the deficient portion; or, after one year, twenty times, shall certify by endorsement that the proper duty has been levied, and such certificate will be conclusive evidence as to the amount of Stamp duty leviable.

Any stamped Paper which has been purchased in the manner allowed by Act XVIII of 1869 or Act No. X of 1862 (to consolidate and amend the law relating to Stamp duties) becoming spoiled or unfit for use, a refund will be made if the application be submitted within one year after such purchase.

All certificates and orders of the Collector are open to revision on appeal or otherwise by the chief controlling Revenue authority to which the Collector is subordinate.

The following are the exemptions, and nothing in the Act shall render these instruments chargeable with duty:—

Receipt or discharge granted to a cultivator for the rent of land paying revenue to Government, or (in the Presidencies of Madras and Bombay) of inam lands.

Receipt given for money, or securities for money deposited in any bank or in the hands of any banker or person acting as a banker to be accounted for :

Provided the same be not expressed to be received of, or by, the hands of any other than the person to whom the same is to be accounted for :

* c. Provided further, that this exemption shall not extend to a receipt or acknowledgment for any sum paid or deposited for or upon a letter of allotment of a share, or in respect of a call upon any scrip or share of or in any Company or Association or proposed or intended Company or Association.

The date of execution of a document means the day on which it purports to have been executed. If any instrument shall, owing to urgent necessity or unavoidable accident, not have been presented for registration till after the expiration of the time above observed, the Registrar, in any case where the delay in presentation shall not exceed four months, shall direct that, on payment, as a penalty, of a sum not exceeding twenty times the amount of the proper registration fee, such instrument be accepted for registration. Place of Registration.—Every instrument must be presented for registration in the office of a Sub-Registrar within whose sub-district the whole or some portion of the property to which such instrument relates is situate, except instruments enumerated in paragraphs 5, 6, and 7 of Optional Registration, which may be presented for registration in the office of the Registrar in whose district the instrument was executed, or in the office of any Sub-Registrar under the local Government at which all the persons executing and claiming under the instrument shall desire the same to be registered.

In ordinary cases, the registration or deposit of documents shall be made only at the public office of the officer whose duty it shall be to register the same: but any such officer may, on special cause being shown, attend at the residence of any person intending to register any document, or of any person desiring to deposit a Will or authority to adopt a son, and register or accept for registration or deposit such document, Will, or authority. Any power of attorney above mentioned may be proved by the production of it without further proof, when it purports, on the face of it, to have been executed before, and authenticated by, the person or Court hereinbefore mentioned in that behalf.

Persons who, by reason of bodily infirmity, are unable, without risk or serious inconvenience, to attend as below mentioned, and persons who are in jail under civil or criminal process, and persons exempt by law from personal appearance in Court, are not required to attend at the office of the Registrar or Sub-Registrar, or in the Court of the Judge, for the purpose of executing any power of attorney as is mentioned above, (a.) and (b.) In every such case the Registrar, or Sub-Registrar, or Judge, (as the case may be), if satisfied that the power of attorney has been voluntarily executed by the person purporting to be the principal, may attest the same without requiring his personal attendance at his office or court. To obtain evidence as to the voluntary nature of the execution, the Registrar, or Sub-Registrar, or Judge, may either himself go to the house of the person purporting to be the principal, or to the jail in which he is confined, and examine him, or issue a Commission for the examination of such person.

If all the persons executing the document appear personally before the registering officer, and are personally known to him, or if he be otherwise satisfied that they are the persons they represent themselves to be, and if they all admit the execution of the document; or, in the case of any person appearing by a representative, assign, or agent, if such representative, assign, or agent shall admit the execution; or, if the person executing the document shall be dead, and his representative, assign, or agent shall not appear before the registering officer, or shall refuse to admit the fact of execution, but such officer shall nevertheless be satisfied of the fact of execution, the registering officer shall register the document.

The registering officer may, in order to satisfy himself that the persons appearing before him are the persons they represent themselves to be, or for any other purpose contemplated by the Registration Act, examine any one, whether summoned or not, present in his office.

Effect of Registration and Non-registration.—All instruments duly registered under this Act, and relating to any moveable or immovable property, shall take effect against any oral agreement or declaration relating to the same property.

No instrument required to be registered shall be received in evidence in any civil proceeding in any Court, or shall be acted on by any public servant, as defined in the Indian Penal Code, or shall affect any property comprised therein, unless it shall have been registered in accordance with the provisions of the Registration Act.

Whenever the obligor and obligee of an obligation shall agree that, in the event of the obligation not being duly satisfied, the amount secured thereby may be recovered in a summary way, and shall, at the time of registering the said obligation, apply to the registering officer to record the said agreement, the registering officer, after making such enquiries as he may think proper, shall record such agreement at the foot of the endorsement and certificate, and such record shall be signed by him and by the obligor, and shall be copied into the Register Book No. 1 or No. 6, as the case may be, and shall be *prima facie* evidence of the said agreement.

APPEALS.

All appeals against valuation or measurement and assessment shall be made to the President by application in writing left at the office of the Commissioners three days before the day fixed for the revising of the valuation or measurement and assessment; and, upon hearing such appeals, the President shall make such amendments, if any, in the assessment as he shall think proper.

Every appeal shall be commenced within thirty days after the accrual of the cause of complaint, which, in respect of any rate, is deemed to accrue on the date of the certificate of the President in the assessment book, or in case of any subsequent amendment of the said book, upon the receipt, by the person aggrieved, of notice of such amendment; and in respect of any tax or toll, the cause of complaint is deemed to have accrued from the date upon which such tax has been fixed or such toll has been demanded.

INDIAN INCOME TAX.

(In operation from 1st April 1869.)

Office—Collector's Cutcherry, Mount Road.

J. H. Blair, Esq.—Collector of Income Tax.
R. Rungunatha Rau, Deputy Collector.

NOTIFICATION OF THE COLLECTOR OF INCOME-TAX FOR THE TOWN OF MADRAS.

It is hereby notified that every person or firm within the Town of Madras, whose annual income or profits exceed Rs. 500 per annum, is liable under Act XVI, of 1870, to the payment of an Income-tax upon such Income and profits, as per Schedule I. herewith annexed.

2. All incomes are equally liable to the tax, whether derived from Lands, Houses, Salaries, Pensions, Annuities, Interest on Loans, Government paper, Trade fees as Commissions, the only exception being Officers, Non-Commissioned Officers, or Privates in Her Majesty's Army, whose pay and allowances are less than Rupees 500 per mensem.

3. The attention of Receivers or Managers appointed by the established Courts, the Court of Wards, the Administrator-General of Madras, and all Official Trustees, is drawn to Sections 15 and 16 of the Act, declaring them chargeable in respect of all income and profits officially in their possession or under their control.

4. Section 18 of the Act requires persons on whom notices under Section 17 have been served to send to, or deliver at, the Collector's Office within fifteen days of the service thereof, a return of their estimated incomes and profits for the year 1870-71.

5. Persons or firms employing one or more clerks or servants whose pay exceeds Rupees 41-10-8 per mensem, are requested to forward lists of such persons, together with the amount of their monthly pay, to the Collector of Income-tax. This return is optional, but as the Collector under Section 23 of the Act can call for any evidence or documents for the purpose of enabling him to determine how a petitioner should be assessed, it is clear that such a return will be the means of saving much trouble both to employes and employers, as well as to the Officers of Government.

6. The attention of Secretaries and Managers is especially called to Sections 9 and 11 of the Act, and they should forward such returns as are therein required without delay, so as to avoid the penalty of Rupees 10 per diem, to which such neglect makes them liable under Section 30 of the Act.

7. Trustees, Guardians, Curators, Agents, or Committees of any married woman, infant, lunatic, or absentee, are bound to make returns of the income of persons for whom they are acting, the penalty for neglecting to do so after receiving notice is Rupees 10 per diem.

8. At the time appointed by the Collector of Income tax for the hearing of petitions, petitioners must be in attendance at the Income-tax Office, and be prepared with such evidence as is necessary to support their prayer. The petition should be drawn according to the form given in Schedule II. and bear a stamp of eight annas.

9. If it is not convenient for a petitioner to attend personally on the day of hearing, he may appear by Attorney, or he may apply for an adjournment. In all cases where no one appears in support of a petition at the appointed time of hearing, it will be dismissed, the assessment will then become absolute, and cannot afterwards be altered.

10. Appeals against the decisions of the Collector of Income-tax shall be made within fifteen days to the Commissioner of Income-tax from the date of the decision, and if the tax has been paid, according to the order in that decision in the meantime. Appeals must be accompanied with a copy of the decision passed by the Collector of Income-tax, and also with his receipt for the tax payable and bear a stamp of one rupee.

11. After the expiration of fifteen days from the date of the service of the notice, or after fifteen days from the date of the Order on the petition, those who have neglected to pay the amount will be summoned before a Magistrate of Police in the district in which they reside, or in which their place of business is situated, and upon proof that they have been duly served with the notice, be fined double the amount of the tax as a penalty. It should be remembered, that a person so summoned, has lost all right to petition for a revision of his assessment either to the Collector or Commissioner of Income-tax.

12. Quarterly payments may be made of the tax under Section 36 of the Act.

13. Government servants and pensioners as well as those paid by Joint Stock Companies and other Societies who have the tax of 3½ per cent. deducted from their salaries continue liable for further payments, provided they are in receipt of any additional income arising either from being permitted to exercise any trade or profession, or from being in receipt of any ex-officio fees or for being in possession of any real or personal property.

14. For the same reason individual members of firms will be liable to a separate assessment, provided they have any income independent of their share of the profits of the house. In paying the tax by a firm great care should be taken that the names of all partners are duly entered in the receipt, otherwise it will often be difficult to prove membership should a petitioner claim exemption on this ground from a separate assessment.

GOVERNMENT PAPER CURRENCY DEPARTMENT.

Controller Genl. of Accounts, Head Comr. of Govt. Paper Currency, Calcutta.	Mr. P. A. Cole, Calicut, Asst. to the Deputy Commissioner.
F. Lushington, Esq., Comr. of Govt. Paper Currency for Madras Presidency, Acct. General's Office, Fort.	Mr. W. E. Wright, Trichinopoly, Asst. to the Deputy Commissioner.
Mr. H. Richardson, Vizagapatam, Asst. to the Deputy Commissioner.	E. Iyasawmy Moodelly, Accountant.
	C. Terumul Row, Cashier.
	Mr. J. C. Price, Treasurer.

Rules regarding the payment of lost or mutilated Government Currency Notes.

1. Notes which have become slightly mutilated will be readily paid to *bona fide* holders upon a written statement as to the circumstances of mutilation, and upon an indemnity in the form annexed, marked No. 1,* being signed by a Banker or some known responsible person.

2. Applications will be received for the payment of notes which have been seriously mutilated or wholly lost or destroyed, provided they can be identified by the number and date; but they will be subject to a strict investigation, and will be paid only on the authority of the Head Commissioner of Paper Currency, Calcutta, or of the Commissioner at Madras or Bombay, at whose Head Circle the note may be payable.

3. The title of the applicant to the note is important, and will vest, in the absence of anything to the contrary, in the last holder of the entire note. If a note has been divided, and part lost in transmission between two persons, the one who had never possessed the whole note would not be regarded as the owner unless he declared that value or credit had been given for the note to its full amount. Cases may frequently arise when the half of a note, which has been divided by some dishonest person for the purpose of obtaining value upon each half, may pass into the hands of an innocent holder for value given. His redress would, in that case, be against his correspondent, and only in an exceptional instance would the Currency Department entertain his application for payment.

4. The declarations will be prepared by the Currency Department free of charge upon Forms* numbered 2 and 3—that of the claimant being always made upon Form No. 2 containing the property clause.

5. The Bond of Indemnity will also be prepared by the Currency Department upon Form numbered 4, free of expense to the applicant, except the Government stamp. It will not in any case be taken for a less consideration than Rupees 100: and in cases where the amount of notes is above Rupees 50, the Bond will be taken in double the amount.

6. So far as the declaration and security are concerned, all cases will be submitted to precisely the same form, but a difference will be observed in the period at which payment will be made. The most numerous cases will probably be those in which a note has been divided for safety, and one part is lost. In these and in all cases where a portion of the note remains, from which it can be identified, a period of two months only from the loss will be required to elapse. In cases of entire notes when, total destruction can be clearly proved, a period of twelve months must elapse; but when it is stated that a note has merely been "lost," this period will be extended to five years.

7. Exception is necessary in the case of notes for Rupees 1,000 and upwards, which may be only stated to be "lost." In such case, after the lapse of a year or two, the amount will be invested in Government Securities in the names of the Head Commissioner of Paper Currency and the Comptroller General of Accounts, and the dividends will be paid over to the loser. At the time of making this investment an agreement must be entered into by the claimant with the Currency Department upon Form numbered 5. If, at the end of twenty years from the date of the loss, the notes be still outstanding, the Government Securities will then be sold, and the proceeds paid to the loser upon his giving security with two sureties, as in the cases before mentioned.

8. Intimation of the loss, destruction, or mutilation of a note or portion of note must be sent to the office where the note is payable, thus—

If it be a Calcutta Circle Note, notice should be sent to the Head Commissioner of Paper Currency, Calcutta.

If a Madras Circle Note and not having the counter-mark or either the Calicut, Trichinopoly, or Vizagapatam Circles, notice should be sent to the Commissioner of Paper Currency, Madras.

If a Bombay Circle Note, notice should be sent to the Commissioner of Paper Currency, Bombay, and the Secretary and Treasurer, Bank of Bombay.

If an Allahabad Circle Note, notice should be sent to the Deputy Commissioner of Paper Currency, Allahabad, and Head Commissioner of Paper Currency, Calcutta.

* The forms referred to in this Notification are available at the Currency Offices.

FINANCIAL DEPARTMENT.

NOTIFICATION.

No. 1831.

Fort William, the 24th March 1869.

The Governor-General in Council is pleased to prescribe the following rules in respect of Currency Notes lost in transmission by the Post:—

In ordinary cases of lost notes, the Currency Department registers notes reported to have been lost, and communicates by letter with the losers. In cases where the holders of notes knowingly disregard the Notification of Government* making it compulsory to register letters containing Currency Notes, payment for half notes lost under such circumstances should only be made as the law would oblige, viz., at the counter of the Currency Office under the usual bond, and that the Currency Office should refuse to correspond regarding notes so lost, or to remit the amount as is done in ordinary cases.

In cases of entire notes lost in unregistered covers, which are sent to the Post knowingly in disregard of the orders of Government, such losses should not be recognized by the Currency Department, and payment should be refused.

MONEY ORDER OFFICE.

Money orders for an amount not exceeding Rupees 150 for each order may be obtained from any one to any other of the stations noted below.

Applications for Orders should be made at the Presidency, to the Assistant to the Accountant General in charge, Money Order Department (Accountant General's Office) and in the districts, at the Collector's or Talook Treasuries to the Money Order Agents. These officers will supply any information regarding the nature of Money Orders and the Rules connected with their issue, &c., that may be required.

For each Money Order, a premium is charged at the following rates:—

					Rs. A.
For any sum not exceeding	10 Rupees	...	...	...	0 2
Do.	do. "	25	"	...	0 4
Do.	do. "	50	"	...	0 8
Do.	do. "	75	"	...	0 12
Do.	do. "	100	"	...	1 0
Do.	do. "	125	"	...	1 4
Do.	do. "	150	"	...	1 8

Persons applying for orders are not permitted to break the amounts for the purpose of evading the payment of the full amount of fees, and no order is to contain a fractional part of an anna. Orders at sight and at one per cent. premium are granted on Madras, to Government Officers employed in the Civil and other Departments in the Provinces, on issue of pay for sums above Rupees 150, to the extent of their monthly salaries.

Money Order Agents are only empowered to issue and pay orders. Applications, therefore, for the following purposes, viz.:—

- 1.—For a duplicate of a lost Money Order.
- 2.—For authority to transfer payment from one office to another.

3.—To stop payment of an order.

4.—To correct any error in the name of the remitter, or payee, or in the amount of the order.

5.—To re-pay the amount to the remitter.

6.—To renew an order four months old.

7.—For authority to transfer payment to another party than the one in whose favour the order was originally issued must be made to the Controller of the circle of issue by the party concerned, accompanied for each service by a second fee, of the same amount as the first commission.

Forms of application for the above purposes will be furnished to the public gratis whenever required.

Payment of a Money order must be obtained before the end of the fourth calendar month after that in which it was issued; if not, a new order will be necessary, for which a reference must be made to the Controller's Office, and a second commission paid. And if the order be not presented before the end of the twelfth calendar month after that in which it was issued, all claims to the money will be forfeited.

After once paying a Money order, by whomsoever presented, the Department will not be liable to any further claim on the same account. If the form of a Money Order be clipped or mutilated, there may be a difficulty as to

For the issue of a duplicate Money Order, for the alteration of name of the Payee or Remitter, or for the transfer or re-payment of an Order, an additional commission is charged, which must be paid in Postage Stamps, enclosed in an application to the Controller of the Money Order Office.

For stopping payment of an Order, the same fee must be sent to the Controller of the Chief Money Order Office; when, however, the same letter includes application both for the stoppage of payment and for re-payment to the Remitter, only one fee will be required.

To save time and prevent errors, the public are advised to furnish in writing to the Issuing Officer, at the time of application, the full particulars of every Money Order required, and to ascertain, before quitting the Issuing Officer, that the Order corresponds with those particulars.

Whoever presents the Order for payment, whether the rightful owner or otherwise, must give full information as to the Name, Surname, and Address of the party who originally obtained it, unless such Party be a Firm, when the name of the Firm, together with its Address and Occupation, will suffice. The only exception to this rule is, when the Order is presented through a Bank of the town upon which it is drawn, in which case it will suffice that the Order being properly signed, be also crossed with the Banker's name.

These regulations have been laid down to secure, as far as practicable, that payment be made to the rightful party, and all officers have been instructed to enforce them so far as a due regard to public convenience will permit.

As, however, after once paying a Money Order, by whomsoever presented, the office will not be liable to any further claim, the public are strictly cautioned—

1. To take all means to prevent the loss of the Money Order.
2. Never to send the Money Order in the same letter with the information required on payment thereof.

3. To be careful, on taking out a Money Order, to state correctly the name of the person in whose favour it is to be drawn.

4. To see that the Name, Address, and Occupation of the person taking out the Money Order are correctly known to the person in whose favour it is drawn.

Neglect of these instructions will risk the loss of the money, besides leading to delay and trouble in obtaining payment.

NOTE.—To find the hour for posting letters to Cannanore, compare the Letters opposite to it with those in the Table, and it will be seen that 3-45 P. M. is the hour for posting at the General Post Office and 2 P. M. at Perambore.

The Public are invited to give particular attention to the following remarks and instructions, viz:—

ADDRESSES ON INLAND COVERS.—No address is complete which does not contain the Post Town, from which delivery is intended, and care should always be taken to write the name of the Post Town as clearly as possible. It should generally form the last part of the address. If, however, the cover be directed to a Post Town of small note (especially if situated in another Province), or if it be directed to a Post Town having a name the same as, or very similar to the name of another Post Town, it is proper to add in brackets the name of the District or Province in which the Post Town of address is situated. This can always be ascertained by reference to the List of Post Offices.

Care should be taken to spell the names of Post Towns in the same way as they are spelt in the List of Post Offices and to write them *legibly in large well-formed characters*. It must be remembered that to natives of this country the English language is an acquired one, and that they are not so well able to decipher imperfect current handwriting as if the language and character were their own.

Covers not exceeding 10 tolas in weight which are intended to be sent otherwise than by Letter Post should have the words "Book Post" or "Pattern Post" or "Banghy Post" (as the case may be) superscribed on the address side of the cover. In the absence of such superscription, they are forwarded by Letter Post and charged at Letter rates.

ADDRESSES ON FOREIGN COVERS.—In the case of letters for places abroad, the name of the country (written clearly in large well-formed characters) as well as the town or city should be given in full. Attention to this rule will often assist in deciphering the name of the town or city, and will prevent the letter from being mis-sent when there are towns of the same name in different countries. The address of every letter to a place abroad should end with the name of the country. Names of foreign towns, cities, or countries should be spelt in the address in the same way as in the Foreign Postage Schedule; and the attention of foreigners is particularly directed to this point, as many of them are in the habit of spelling foreign names according to the foreign method. If the route by which the cover is intended to be sent be given by the sender, it should be written on the upper left hand corner, and if the name of the sender be given, it should be written on the lower left hand corner.

Rules respecting the marking of the particular route by which a cover is intended to be sent, and respecting the practice of the Post Office in selecting routes when no particular route is given by the sender.

POSTAGE LABELS HOW TO BE PLACED, &c.—Labels should be placed on the front, that is the address side of the letter and upon the right hand upper corner. On re-directed letters, however, care should be taken not to place fresh stamps over the stamps which have been previously used.

The public are recommended to mark the stamps affixed by them to covers either by lines drawn across them or by writing across them. Covers may be destroyed for the sake of the stamps borne by them, and as stamps bearing any mark denoting previous use cannot be so readily disposed of, much risk is avoided by the practice here recommended.

TRANSMISSION OF CURRENCY NOTES BY POST.—Letters containing coin or a Currency Note or any portion thereof addressed to any place in India must be registered, and it is strongly recommended that Currency Notes sent through the post be sent in halves, the second halves being forwarded on acknowledgment of the receipt of the first halves. This method avoids much risk, for the value of the half note (if the other half be lost) can be recovered from the Paper Currency Department at a small charge under a Bond of Indemnity. If, on the other hand, whole notes sent by post are lost, the Currency Department does not recognize any claim on the part of the loser, although it records the loss, and, when the note is presented and paid at any Currency Office, informs the Police and the person who lost the note. As, however, stolen notes are seldom presented by the thief, and as notice received in good faith is good possession, the recovery of a lost whole note is comparatively rare.

When Currency Notes are sent by post, covers or envelopes of a substantial and non-transparent kind should be used. The large black figures indicating the value of a Currency Note can be deciphered even if covered by eight-fold of paper of the thin transparent kind so commonly used in this country. The public are earnestly requested not to place unnecessary temptation in this respect before their own servants who take such letters to the post and before the Post Office employés.

REGISTRATION OF PACKETS, &c.—Attention is invited to the fact that not only letters but also newspapers and packets of books or patterns can be registered by inland post to any part of India, or by foreign post (British Packet) to the United Kingdom, the United States of America, and any British Colony. The fee for registering a newspaper or packet is the same as for registering a letter, and in all the cases mentioned is irrespective of weight.

DELIVERY OF MAILS.—Three deliveries are made at the undermentioned hours, when the letter-carriers attached to the General Post Office quit the place, and two Mail carts are despatched—one northward, and the other southward, containing letters and papers for delivery through the Suburban Post Offices.

* No Mail for the 6 Stations is despatched on Sundays: all covers posted during that day are forwarded by an extra despatch on Monday mornings, and the latest hour for posting is that shown in column A of the Table.

First Delivery, 6 A. M.—Comprises the Mails from stations west, south-west and north-west Railway lines from Trichinopoly, &c.

Second Delivery, 10-30 A. M.—Consists of Inland Mails received by west and south-west Railway lines, and southern Mail cart, &c.

Third Delivery, 3-30 P. M.—Consists of Inland Mails from the northern coast, and other Mails received after the second delivery.

The Mails that arrive after the third or 0-30 P. M. delivery, are not issued until the first or 6 A. M. delivery of the following day.

Parcels and books for the suburbs are delivered through the Suburban Post Offices by the second or 10-30 A. M. and third or 3-30 P. M. deliveries.

On Sundays, only one delivery is made, viz., at 10-30 A. M.

Overland covers for delivery in the suburbs received by the Express, are despatched from the General Post Office by a special Mail cart so soon as they are sorted, whether during the day or night, and are distributed by each suburban Post Office by the next delivery immediately following their receipt. Any person, however, wishing to avoid the delay that will thus occur, may send to the Post Office of the district in which he resides for his letters, where they will be delivered to the messenger on payment of any postage that may be due.

WINDOW DELIVERY.—To payers of a fee of 12 Rupees per annum, tickets are furnished which entitle the holders thereof to receive all letters, &c., at the General Post Office, as soon as the Mails (Indian or English) have been examined and sorted.

AT PROVINCIAL OR MOFUSSIL POST OFFICES.—The delivery of letters, &c., depends on the time of the arrival of Mails.

INDIAN INLAND LETTER POST.—Letters and other articles are conveyed by this means between any two Post Offices in India, at the following rates, if prepaid:—

Not exceeding $\frac{1}{2}$ tolah, 6 Pic; 1 tolah, 1 Anna; $1\frac{1}{2}$ tolah, 2 Annas; 2 tolahs, 3 Annas; and so on, adding an additional Anna for every tolah in weight or fraction thereof.

Every person who may not be paid by the Post Office Department, through whom any district post letter may be delivered, is authorized to receive a fee of one Pice, (a fourth of an Anna) for his own use, in addition to any unpaid postage which may be due on it. Inland postage is not chargeable on Soldiers' overland letters.

Newspapers for Soldiers are not subject to forward postage when re-directed.

REGISTRATION.—Letters, Newspapers, and Book packets can be registered by payment of 4 Annas in addition to postage, both of which must be prepaid by stamps.

The party posting such letters will be furnished with receipt bearing the address of the letter and the office stamps.

Letters sent to be registered should be well secured with sealing wax, as those fastened with gum or wafer can be opened with impunity and without the slightest difficulty.

Registration makes the transmission of a letter more secure, as its disposal can thereby be traced.

As registration does not involve a receipt for the contents of a letter, and as abstraction thereof may take place before as well as after the cover is posted, it is always advisable for the addressee who expects valuable enclosures to open the letter in the presence of the Postman at the time of granting the receipt.

The registration of letters containing valuables, such as Bank Notes or coin is compulsory—covers containing such articles when posted without being Registered, are charged with a double fee.

On the delivery of a registered letter, a receipt for the same must be signed immediately and given to the delivery peon.

CEYLON POST.—Letters sent from India by post, whether by land or by sea, to any part of Ceylon, are liable to the undermentioned rates of postage, which must be prepaid; otherwise they will be returned to the sender through the Dead Letter Office:—

For a letter not exceeding	$\frac{1}{2}$ oz.		2 Annas.
Do. exceeding	$\frac{1}{2}$ oz. and not exceeding	1 oz. 4 .	„
Do. do.	1 oz.	do. 1 $\frac{1}{2}$ oz. 6 .	„
Do. do.	1 $\frac{1}{2}$ oz.	do. 2 ozs. 8 .	„

and so on, adding 2 Annas or $\frac{3}{4}$ d. for every additional $\frac{1}{2}$ oz. or fraction of $\frac{1}{2}$ oz.

The above rates will only prepay a letter from the station of despatch to that of original address.

Newspapers and Books, are forwarded by dawk at the Indian rates, but this franks them only up to the limits of India. Book packages and Patterns exceeding 3 lbs. or 120 tolahs, will not be received.

MYSORE ANCHAY POST.—The postage on letters, &c., posted for delivery through the *Mysore Anchay*, i. e., the separate post of the Mysore Government, must be fully prepaid, or otherwise they are detained and forwarded to the Dead Letter Office for disposal, except in the case of unpaid imported letters, &c., and those taxed with forward postage for re-direction.

Letters of any weight may be transmitted by post.

Late Letters will be received at any Post Office until fifteen minutes before the despatch of the Mails. But no late letter will be forwarded by the Mail preparing for despatch unless fully prepared, by means of Stamps, so as to include the ordinary postage and a late letter fee of half a Rupee. Late letters are such as are posted after the hour fixed for the closing of any Mail, and which, therefore, cannot be sent forward by the Mail then in preparation, unless extra payment be made. No office shall be kept open merely for the reception of the late letters after the usual hour of closing at night. Late letters can be posted only at a Post Office.

The Post Master at any station, or person in charge of the Post Office, shall have power to refuse letters or other articles bearing the appearance of having been opened and re-closed, or otherwise improperly dealt with, unless the writer or sender thereof shall attest with his full signature, that they were sent in that state.

2. It must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of its contents it may be secured with string, but in such case the Post Master is authorized to cut the string, although if he do so he must again tie up the packet. During the monsoon, or rainy months, the packet should be covered with wax cloth sufficiently long to allow of the ends (which must be left open as usual) being folded down in such a manner as to prevent, as far as practicable, the contents getting injured. Samples of seeds, &c., may be enclosed in boxes, or in bags of linen or other material fastened in such a manner that they may be readily opened, or in bags entirely closed, provided that they are transparent, that the officers of the department may be able to satisfy themselves as to the nature of the contents.

3. The packet must contain nothing sealed or otherwise closed against inspection; nor any letter or communication of the nature of a letter whether separate or otherwise,

unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the Book, &c., or to whom it is given are not regarded as a letter. A packet containing knives, razors, nails, &c., found not sufficiently guarded, will be stopped, and notice of detention sent to the person to whom it is addressed, or to the sender, who may then obtain it on personal application, but the packet will be charged with a fine equal in amount to the postage to which the packet was liable.

or Foreign; and all packets consisting of printed votes and proceedings of the Imperial Parliament or any Colonial Legislature, may be transmitted between any part of the East Indies, Great Britain, Malta, Gibraltar, the Australian Colonies, Hong-Kong, Ceylon, Mauritius, Aden, Singapore and Penang.

1st.—The postage must be prepaid by means of stamps affixed outside the packet or its cover.

2nd.—Every packet must be sent either without a cover, or in a cover open at the side or sides, so as to admit of the enclosures being removed for examination. Samples, however, of seeds, &c., may be enclosed in boxes or in bags of linen, or other material fastened in such a manner that they may be readily opened, or in bags entirely closed, provided that they are transparent, so that the officers of the department may be able to satisfy themselves as to the nature of the contents. If this rule be infringed, the packet will be treated as a letter.

3rd.—A book packet may contain any number of separate books or other publications (including printed or lithographed letters,) photographs (when not on glass or in cases containing glass) prints, or maps, and any quantity of paper, parchment or vellum, and the books or other publication, prints, maps, &c., may be either printed, written, engraved, lithographed or plain, or any mixture of these; but no printed matter or prints will be allowed, except such as may be printed on paper, parchment or vellum. Further, all legitimate binding, mounting, or covering of a book, &c., or a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise in the case of books;) and in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the bindings, &c., must not be sent as a separate packet.

4th.—The packet must not contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter or any communication of the nature of a letter written or printed in any such packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. In the case of packets of patterns, the address of the sender, a trade mark and numbers, and the prices of articles, may be written, not on loose pieces of papers, but on the cover, or on small labels attached to the samples, or bags containing them.

5th.—No book or pattern packet can be received, if it exceeds two feet in length, width, or depth.

6th.—The prohibition which has heretofore existed to the transmission as patterns of articles of intrinsic value by the post between the United Kingdom and India, has been withdrawn.

7th.—The rule which forbids the transmission through the post of an article which might injure the contents of the mail bags, or the officers of the Post Office is so far relaxed as to permit the transmission of scissors, knives, razors, forks, steel-pens, nails, keys, watch machinery, metal tubings, pieces of metal ore, and such like as samples; provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the officers of the Post Office, while, at the same time, the samples may be easily examined. If any packet containing such articles as these be posted, which is found not to be sufficiently guarded, it will be stopped.

8th.—Samples of seed and similar articles may be sent in bags entirely closed if transparent, so that the officers of the Post Office may satisfy themselves of the nature of the contents.

9th.—In exception to the rule permitting articles of intrinsic value to be forwarded, it must be understood that such articles cannot be forwarded in the Mails, via Marseilles.

10th.—Any packet which shall not be open to examination as required by Rule 2 or shall have any letter or any communication of the nature of a letter written or printed in it or upon its cover, will be charged with letter postage.

11th.—If a packet be found to contain any letter not wholly printed, whether closed or open, or any enclosure, sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the

address on the packet, charged with full postage as an unpaid letter, together with an additional book rate, that is, with the postage chargeable on a book weighing not more than half a pound—the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.

12th.—In no case can a book packet be sent to the Colonies (except at the letter rate of postage) through a foreign country.

13th.—Book or pattern packets which are wholly unpaid, will be forwarded to their destination charged with double the amount of book postage, and those which are insufficiently prepaid with the amount of the deficiency, and an additional book rate as a fine.

14th.—Book and pattern packets sent to Great Britain via Marseilles, are subject to an additional French rate of two-pence, 1 Anna, 4 Pies, for every 4 ozs. which, must be prepaid.

MISCELLANEOUS RULES.—In order to protect, as far as possible, the public Mails from the chance of robbery, officers in charge of Post Offices shall not knowingly receive coin, bullion, precious stones, or jewels for despatch, either by Letter or Bangly Post.

Receipts will not be granted for any letters, or papers, or book packets, received at any Post Office for despatch, except in the case of registered articles; and will be granted for parcels, only when presented ready written, either in books or on separate slips of paper along with the parcels. Receipts so presented will be duly stamped.

Letter-carriers are forbidden to deliver any letter, newspaper, or other article, without requiring immediate payment of the exact amount of postage. They are not bound to give change. If the amount of postage due is not at once tendered, and a letter-carrier is subject to detention, the letters, &c., upon which postage is due, shall be taken back to the Post Office for the next delivery. Letter-carriers are forbidden to deviate from the prescribed route.

Any person can rent a private box and receive his letters, &c., at the Post Office window, who is willing to pay the appointed fee of twelve Rupees per annum, to be paid in advance, and for a period of not less than a year. The same also are the terms for a private bag, except that in addition, a charge will be made for the cost of the bag itself and for conveyance,—the maximum of the latter being five Rupees per annum, if the bag be conveyed by a rural Messenger, and ten Rupees if by a Contractor for a Mail Cart or other Horse Post. The weight of a private bag, when empty, is limited to one pound. No private bag shall be allowed without the permission of the Inspecting Post Master.

The poster of a letter or parcel containing any explosive or dangerous material or substance is liable to a penalty of Rupees 200. (See Section 42 of the Indian Post Office Act XVI of 1866.)

Any person who, for the purpose of defrauding the Post Office revenue, certifies on any official or other letter or packet what is not true in respect to the contents thereof, incurs a penalty of Rupees 500. A party sending private letters under an official cover duly franked, comes under this Rule. (See Section 43.)

Any person refusing to deliver up a letter or other article erroneously delivered to him by the Post Office, can be punished with imprisonment of either description, and shall also be liable to a fine. (See Section 45.)

Letters or parcels suspected to contain contraband articles can be opened by the Postal Authorities, and parcels for foreign countries can be refused by them, unless accompanied by a Custom House Certificate. (See Section 60.)

The Postal Department is not responsible for any loss or damage that may occur in respect of anything entrusted to it for conveyance. (See Section 63.)

All communications respecting change of address should be made to the Post Master at the station.

A separate instruction is required for every change of address, and no instruction is attended to for more than three months after receipt.

The practice of giving instructions to the officers of the Post Office to intercept and re-direct letters, not only imposes much labor upon them, but in large offices seriously retards the delivery and despatch of Mails. A register of instructions regarding changes of address is kept in every Post office, but it is to be understood that it is impossible to guarantee that they shall be attended to except in the case of letters received on delivery.

Verbal instructions, or such as may be of a complicated or conditional nature, will not be attended to.

Unless by an express order of Government, or Director General of the Post Offices, or a Post Master General, no letter, parcel, or packet, which has been delivered into any Post Office, shall be restored to the sender thereof, except in the manner described in Section XXIX of the Post Office Act of 1866; and except in the case of a letter or other articles addressed to a place beyond the limits of British India, which, for any reason, cannot be forwarded to its destination.

Letters, papers, or packets, which follow a party or re-addressed from one station to another or stopped in transit are taxed with forward postage.

English postage stamps are not recognized in India, nor are Indian postage stamps acknowledged in Great Britain.

Official references and personal application to Post Office Authorities shall be made between the hours of 7 A. M. and 8 A. M., and between noon and 5 P. M., except on Sundays when Post Offices will be open from 7 A. M. to 8 A. M., and one other hour.

Whatever postage is marked on a letter, paper, or parcel, must be paid at once on delivery, after which any complaint of over-charge will be duly attended to. In all complaints of over-charge or unnecessary delay in delivering letters, or other articles, the covers or envelopes bearing the Post Office stamp must be presented for inspection; and when any complaints are preferred against any letter-carrier, the number on his badge should be specified.

The Post Office do not grant receipts for parcels, but if written receipts are presented, the Post Office stamps will be affixed.

Official Correspondence.

The rules regulating the treatment of official correspondence are those notified by Government under date the 4th May 1866, but from the 1st April 1870 the following revised code of rules will come into operation (except Rule 19, which has effect from the 1st October 1869).

A.—PRIVILEGED OFFICES.

(1).—The Public Offices enumerated in the annexed list will be privileged to send and receive by Inland Post (without actual payment of postage) all covers* *bona fide* and exclusively on Her Majesty's Service, an account of the postage due thereon being kept by the Post Office against every such privileged Office.

* For limits of weight and size, see Rule XXV.

(2).—For rules relating to supplementary postage accounts in respect of privileged Officers proceeding on tour and in certain other cases, see head D.

Official covers despatched from a privileged Office.

(3).—Official covers despatched from a privileged Office must be properly tied up, faced and enclosed in a bag sealed with the seal of the Office.

(4).—Each cover must be endorsed and addressed according to the specimen form given in the margin, under the full signature (autograph or stamp) of the Head Clerk, or some other principal Officer of the establishment. Registrar, Home Department.

(5).—Official covers, which it may be inconvenient for a privileged Office to send to the Post Office in the official bag, should be pre-paid by stamps,* unless addressed to a privileged Office, in which case they may be posted under Rule (8).

At the Presidency towns and other places where there is a separately organized local post for the receipt and delivery of letters at frequent intervals during the day, it may often be convenient for privileged Offices to post local letters in a neighbouring pillar-box, instead of sending them to the Post Office in an official bag, and in such cases this rule ought to be availed of.

Official covers delivered to a privileged Office.

(6).—Official covers will be delivered to a privileged Office enclosed in the official bag and sealed and sent out with the ordinary delivery, or given to the messenger of the Office, should one be in attendance.

B.—OFFICES NOT PRIVILEGED.

(7).—Offices not privileged consist of those Government Offices which are not included in the list, and do not therefore enjoy the privilege referred to in Rule (1).

Official covers despatched from Offices not privileged to the address of privileged Offices

(8).—Official covers despatched from an Office not privileged to the address of a privileged Office, must be endorsed and addressed according to the specimen form given in the margin, under the full signature and official designation of the person by whom they are despatched. The address must include the full official designation of the Office to which the cover is direct in Such covers will be charged

Official covers despatched from Offices not privileged and addressed to other than a privileged Office.

(9).—Official covers despatched from an Office not privileged † See Rule XXII. and addressed to other than a privileged Office should be prepaid by Postage Stamp†.

C.—CORRESPONDENCE SUPERSCRIBED "SERVICE BEARING."

(10). Communications sent by Government Officers in their official capacity, which relate nevertheless to the private interests and concerns of the individuals addressed, may be endorsed according to the specimen form given in the margin, under the full signature and Official designation of the person by whom they are sent. Covers so addressed will be regarded by the Post Office as private letters, but will be charged on delivery with bearing

postage at "forward", (i. e., pre-paid) rates, and not at double rates. Under this head come replies sent to communications of the kinds noted in the margin, as well as any other communications of a like kind which Government Officers may make to individuals (whether private persons or Government Officers) relating to the private interests of the addressees.

(11).—Communications sent by private persons to Government Officers relating to the affairs of Government, may be endorsed according to the specimen form given in the margin, under the full signature of the sender. The address must include the full official designation of the public Office to which the cover is sent. Such covers will be charged on delivery at the rate to which they would have been liable if pre-paid by stamps. This rule is intended to provide for cases of zemindars reporting the occurrence of crime to a Police Officer; of employers of laborers sending returns required by the Protector; of aided schools forwarding returns required by a Government Inspector, and of any similar reports or returns required by Government for its own purposes from private individuals, societies, associations, or institutions.

Service Bearing.

(12).—In cases where it is not thought advisable to entrust postage stamps to a subordinate Official who has to correspond with, or send returns to, a superior (not being a privileged Officer), he may be allowed by his superior to address official covers to him under the above rule; and the same course may be adopted in other cases where it is found convenient or proper to make the postage charge fall on the Receiving Office.

D.—SUPPLEMENTARY POSTAGE ACCOUNT BOOK FOR PRIVILEGED OFFICERS WHEN ON TOUR, AND FOR CERTAIN OTHER CASES.

(13).—Privileged Officers proceeding on tour will be supplied by the Post Office at their head quarters with supplementary postage account books, on which will be printed instructions for their use.

(14).—If a privileged Officer goes on tour without a supplementary postage account book, or, if having one he does not present it at the Post Office, he cannot enjoy the privilege of sending and receiving covers without actual payment of postage, but he may in such case post covers under the rules prescribed for Officers not privileged.

(15).—For a Governor or Lieutenant-Governor proceeding on tour, the same rules apply, except when a Camp Post Office is organized. In that case the Camp Post Office will keep the postage account, forwarding monthly returns to the Head Quarter Post Office.

(16).—A District Officer (see definition of the term in the list, Entry No. 23,) may obtain from the Post Office at his head quarters supplementary postage account books for the use of Assistants or Deputies stationed in the interior of the District and in charge of Sub-Divisions, the Postmaster who supplies such books being informed of the designation and locality of the subordinate Office for which each is required. These books, when supplied to Sub-Divisional Officers will be placed by them in the Post Office where they desire to enjoy the privilege, and will entitle them to send and receive official covers just as if they were privileged Officers. Instructions for the use of such books will be printed thereon.

(17).—Similarly, District Superintendents of Police may obtain supplementary postage account books for the use of Assistant Superintendents stationed in the interior of the district.

E.—MISCELLANEOUS.

(18).—Officers in charge of Telegraph Offices, when posting telegraph messages for onward transmission by post, are entitled to get receipts for them. Such receipts must be presented ready written in the form ordinarily used by the Telegraph Offices when delivering telegraph messages to the addressees. The Postmaster will compare the receipt so presented with the address of the cover accompanying it, and if correct will affix the Post Office Stamp in acknowledgment of receipt. All covers for which receipts

are claimed under this rule must be superscribed with the word "Telegraph." Telegraph messages so sent are liable to the ordinary rates of postage, which must be pre-paid in full by means of postage stamps*. If telegraph messages are sent registered, the usual registration fee must likewise be pre-paid by postage stamps.*

(19).—Complaints against the Post Office, certified as such under the full signature and address of the sender, and addressed to any Officer of the Postal Department, are not chargeable with any postage.

(20).—Official communications addressed to Government Offices "on Her Majesty's Service" under Rule (4), (8), or (9), or "Service bearing" under Rule (11) or (12), are not liable to additional postage on account of re-direction.

(21).—Government Officers are bound to receive and pay any postage which may be due on covers addressed to them under the superscription "On Her Majesty's Service" or "Service bearing." If the charge of postage results from any irregularity or omission on the part of the sender, his fault should be represented to the proper authority.

(22).—Postage stamps required for Official correspondence should be purchased at the Government Treasury, or other local stamp depot. The stamps issued to official applicants for official purposes, will be marked with the word "Service," and when used in payment of postage must be supported by the superscription on the cover "On Her Majesty's Service only" under the full signature and official designation of the Government Officer who sends the cover. The superscription and signature should be entered in the form marginally given. Service stamps affixed to a cover without the abovementioned superscription will not be recognized by the Post Office in payment of postage. Treasury Officers are enjoined not to issue service stamps to any but Government Officers.

(23).—Covers posted by a privileged Officer under Rule 4, but not enclosed in the Official bag, will be treated as if posted by an unprivileged Officer, i. e., charged in the account of the receiving Office if it be privileged, and charged with postage at pre-paid rates if addressed otherwise than to a privileged Office. Covers sent by an unprivileged Officer under Rule (9), but without stamps will be charged with postage on delivery at pre-paid rates, and if the stamps affixed be insufficient, the deficiency will be charged. Any other irregularity or incompleteness of the address or superscription will render the cover liable to be treated as an ordinary unpaid cover.

(24).—Government Officers when on leave, and those who have retired from the service of Government, can correspond only as private individuals.

(25).—The limits of weight and size, in respect of official letters or packets, are the same as those prescribed for ordinary packets; a cover exceeding those limits can only be forwarded as a banghy parcel, and must either be pre-paid by postage stamps† by the sender or paid for in cash by the addressee. Receipts for such banghy parcels when presented ready written will be returned stamped with the Post Office stamp. Service banghy parcels are exempted from the rule requiring them to be packed in wax-cloth or tin, and sealed at intervals along the lines of sewing, but they must be securely packed.

† Not to exceed 200 tolas in weight, or one and a half foot in length, or one foot in breadth or depth.

† See Rule XXII. —

(26).—In order to afford to Public Offices the means of checking the postage accounts kept against them in the Post Office, reasonable opportunity will be given, under the orders of the Postmaster General, for the inspection of the Post Office account by an Officer deputed for the purpose from any Public Office.

(27).—The Director General of the Post Office is authorized to make annual arrangements with the Money Order Department for the conveyance of its correspondence without actual payment at a contract rate. Similar arrangements may be made in other cases in which they may be practicable and convenient.

F.—OFFICIAL CORRESPONDENCE WITH PLACES ABROAD, OR BETWEEN INDIAN POST OFFICES WHEN CONVEYED BY BRITISH OR FRENCH MAIL PACKETS.

(28).—The rules contained in the preceding sections relate exclusively to official inland correspondence, i. e., correspondence conveyed between one Indian Post Office and another by Her Majesty's Indian Post.

(29).—Official correspondence with places abroad or between Indian Post Offices when conveyed by British or French mail packets (e. g., between Calcutta and Madras, or between Bombay and Aden,) is governed by the same rules as ordinary private correspondence, and must either be prepaid by stamps* or (where pre-payment is optional) be forwarded as unpaid, subject to the levy of postage on delivery.

* see Rule XXII.

(30).—The only exception to the preceding rule has reference to Official correspondence sent by British packet to or from the public functionaries or Departments in London which have special accounts for overland postage with the London Post Office. Official covers intended for such Offices need not be pre-paid if superscribed as on Her Majesty's Service under the full signature and official designation of the sender. NOTIFICATION.

TELEGRAPH.

Fort William, the 26th January 1870.

No. 76 T.—The following revised Rules and Experimental Tariff relating to the despatch of Telegraph messages in India, including British Burmah and in Ceylon, are published for general information. They will come into force from the 1st March 1870 :—

RULES and Experimental Tariff relating to the despatch of Telegraph messages in India, British Burmah, and Ceylon, published in supersession of the Telegraph Notification dated Simla, the 20th September 1868.

GENERAL.

Classes of Offices.

night duty ; 2nd those performing permanent day and night duty ; and 3rd, those of limited day duty.

Office hours.

Except on the days stated in Clause III., stations in the 1st class are open day and night for the reception and transmission of messages.

Stations of the 2nd class are open from 7 A. M. till 9 P. M.

† Experimentally for one month, from 22nd February 1870.

Stations of the 3rd class are open from 10 A. M. till 5 P. M., and on Sundays and the holidays enumerated in the next clause from 7 A. M. to 8 A. M., and from 4 P. M. to 6 P. M.

Hours of business limited on Sundays and Holidays.

III. All Offices will be closed to the public between the hours of 8 and 16 (4 P. M.) local time on Sunday, Christmas Day, New Year's Day, Good Friday, and the Queen's Birthday.

Exemptions in favour of emergent telegrams signed by competent authority.

IV. In cases of life and death, or of extraordinary political emergency, a message countersigned by the Chief civil authority at a Station, or by any of the authorities empowered to "clear the line" (see paragraph XLVI), can be sent from any Office at any time.

V. No message or messages of more than 200 words in all can be sent at any one time by any private individual or firm, and no second message by the same individual or firm till after the lapse of three hours, unless the line be free, and not required by any one else.

VI. Senders of messages are advised to write their messages in an unmistakable and distinct hand, and to use the shortest and most familiar words they can select. The more intelligible the message, the greater is the probability of its being correctly transmitted.

Acceptance of Messages for transmission.
Messages must be written in the Roman character.

VII. Messages must be in the Roman character, and legibly written.

Form to be followed.

VIII. The body of the message must be preceded by the address, and followed by the signature.

Full address necessary.

IX. The address must contain all the information necessary to ensure the delivery of the message at its destination.

The sender in all cases supports the consequences of insufficiency of address. After the message is once sent he can neither complete nor rectify it, except by sending a new despatch.

X. Messages may be written in the ordinary English language, in cipher, in words of concealed meaning, commonly called "Code," or in any foreign language written in the Roman character.

Ordinary messages can contain only standard English dictionary words.

Cipher messages are those in which consist wholly or in part of groups of figures or letters not forming words.

Code messages are those in which a number of recognized words, but of concealed meaning, follow each other without forming sense.

XI. Messages in ordinary language can contain no unusual combinations or abbreviations permitted.

Authentication of corrections necessary.

Verification of private messages may be insisted upon.

XII. Every interlineation, reference, erasure, or alteration of words should be authenticated by the sender of the message, or by his representative.

The sender of a private message can always be called upon to prove that the signature attached to it is genuine.

XIII. Messages from places where there is no Telegraph Station should be addressed to the nearest Government Telegraph Office by Post registered, together with Telegraph Stamps sufficient for their payment, or, if Telegraph Stamps be not procurable, Postage Stamps at the rate of seventeen annas per rupee. Such messages are charged at the day-rate at whatever time they may reach the Telegraph Station.

Treatment of messages received by Post for transmission insufficiently stamped. XIV. In the case of a message sent by Post to a Telegraph Station with an insufficient number of stamps, the message and stamps will be returned "bearing" to the sender, who should in all cases give his full address.

"Bearing" messages. XV. With the following exception, all charges for messages must be prepaid in cash or in stamps:—

Messages are sent "bearing" from sea-ports when received by mail steamers or other vessels for despatch, but no such message "prepaid" or "bearing" will be received for transmission until the name of the vessel has been made known. "Bearing" messages will not be delivered to the addressees until payment has been obtained.

XVI. Telegraph Masters are required to refuse to transmit a message which may be of a decidedly objectionable or alarming character. Should the character of the message be disputed, the matter may be referred to a Secretary to Government if the dispute occur at the seat of Government, or to the chief civil officer if at a provincial station.

CHARGES.

Messages in ordinary language. XVII. The charge for a message in ordinary English language between any two stations in India or Burmah will be one rupee for every ten words. A message can be sent from any Government Telegraph Station to any Railway Telegraph Station, or vice versa, at the same rate.

Messages in cipher, in words of concealed meaning, or in a foreign language. XVIII. The charge for a message in cipher, in words of concealed meaning, or in a foreign language, will be two rupees for every ten words. These messages are always repeated back by the Receiving Office to ensure the greatest possible accuracy.

Messages to and from Ceylon. XIX. Messages between any stations in Ceylon and Calcutta, or places west of Calcutta, are charged one rupee for 20 words or less, in addition to the Indian charge.

Messages between Ceylon and places east of Calcutta are charged two rupees for 20 words or less, in addition to the Indian charge.

The local rates in Ceylon are one rupee for 20 words for any description of message between any two stations not exceeding 200 miles apart, with eight annas for every additional ten words. For distances greater than 200 miles, these charges are doubled. Double charges are levied on messages sent after hours or on holidays, the same as in India.

XX. A double charge will be levied upon all messages tendered for transmission between the hours of 6 P. M. and 6 A. M. (local time), also on Sundays and the following holidays:—Christmas day, New year's day, Good Friday, and the Queen's Birthday.

XXI.* In the address of a message (meaning thereby the stations from and to which a message is despatched, the name of the sender and the addressee, and the latter's address) three words will be reckoned as one word; the remainder, is less than three words, being, also counted as one.

XXII. Words joined by a hyphen are counted as so many separate words.

XXIII. Words separated by an apostrophe are counted as so many separate words.

*The words "from" and "to" prefixed to the names of sender and receiver and sending and receiving station in the address of a message, are not counted.

XXIV. Proper names of towns and persons, names of places, streets, ships, titles, Christian names, prefixes, and qualifications, are counted for the number of words employed to express them.

Every separate character, including an underline, charged as a word. XXV. Every separate character, whether letter or figure, is counted as a word. The same applies to an underline.

Signs of punctuation. XXVI. Signs which the instruments express by a single signal (signs of punctuation, hyphens, apostrophes, inverted commas, parenthesis, fresh paragraph) are not counted. But decimal points, commas, and bars of division, used with figures, are each counted as a figure.

Signs used to separate groups in cipher messages are counted each as a figure or letter, unless the sender expressly desires that they be not transmitted.

Charges for figures. XXVII. When numbers are expressed in figures in ordinary messages, each group of five or fewer figures is counted as a word; letters added to figures to form ordinal numbers are each counted as a figure.

XXVIII. In cipher messages, the parts in cipher must consist exclusively of Arabic figures or of letters of the alphabet, and be placed between parenthesis, separating them from the rest of the message. All the characters, figures, letters, or signs employed in the cipher text are added together, the total divided by five, and the quotient, plus one for the remainder, if there be any, gives the number of words the ciphers represent.

XXIX. All that, that the sender writes in his message to be transmitted is included in the cost, but in the address of a message, as defined in Rule XXI, three words will be charged as one word.

XXX. The day, hour, and minute of receipt of a message into a Telegraph Office for despatch are in every instance added by the department, and telegraphed free of charge. Senders may, however, date their messages if they think fit; but the sender's date, if given, will be charged for, and, to avoid confusion with that given by the beginning, be transferred to the end of the message.

XXXI.—A message addressed to several persons or to the same person in localities where delivery is to be effected by different offices, is, charged for as so many separate messages.

XXXII.—A message addressed to several persons in one locality, or to the same person at several places of residence in one locality, with or without re-transmission by Post, is charged for as a single message, but a copying fee of four annas, independently of postage, if any, is charged for each destination after the first.

XXXIII.—The sender of any message has the power of registering it.

XXXIV.—The charge for registering is equal to the charge for the message. A registered message is indicated by the word "recommande," which to ensure the greatest accuracy, is telegraphed both in the official instructions and as the first word of the text of the message. The former is sent free, the latter charged for.

XXXV.—When a message is registered, the different stations employed in its transmission collate it as it passes by, repeating it to each other integrally, and the terminal station, immediately after the delivery of the message, despatches a telegram to the sender announcing the exact time at which it reached its destination. If the message cannot be delivered, the return tele-

gram indicates the circumstances which prevented delivery, and, if possible, gives the information necessary to enable the sender to cause his message to reach its destination.

Priority of return message.

The return message can be sent to any station.

The words necessary to convey these instructions will be considered as part of the message and charged for accordingly.

XXXVIII. The sender of a message can prepay a reply. He must add the words

Prepaid replies.

"reply paid" or "answer paid." These must form the concluding words of the message and will be signalled and charged for. The sender can add to the words "reply paid" or "answer paid" the cost to which he wishes the reply to be limited on paying the corresponding amount. When the words "reply paid" alone are given without any specified amount, it will be understood that one rupee only has been prepaid. The terminal station pays to the receiver in Telegraph Stamps the amount prepaid, leaving it to him to send his answer how and when he pleases, or not to send one at all. The reply is considered in every respect as a fresh message.

XXXIX. No unpaid messages, except those specified in the Departmental Regulations, shall on any account be transmitted. A violation of this rule will subject the Signaller or Telegraph Master in charge of the Station from which a message is improperly sent to dismissal from the public service.

No unpaid message to be despatched under penalty.

DELIVERY.

Free delivery within five miles of a Telegraph Station.

XLI. Any additional words that may be necessary to explain the delivery of a message when its destination is more than five miles beyond the nearest Telegraph Station, will be considered as part of the message and charged for accordingly.

Words necessary to explain delivery are charged for.

XLII. Should the addressee of a message leave the station to which it is addressed, and it be sent on by Telegraph to some other station, an additional charge of one rupee for every ten words of message in ordinary English language, and two rupees for every ten words of message not in ordinary English language, must be paid by the addressee for every extra address before the telegram is delivered to him.

Charge for re-addressing a message.

XLIII. Messages can be addressed to places where there are no Telegraph Stations. In such cases, the sender must state from what Telegraph Station the message should be posted.

Example:—To Kalka, "Post Umballa," or Kalka, "Post Kussowlie." To Gud-duck, "Post Dharwar," or Gud-duck, "Post Bollary." These extra words will be charged for, but no charge will be made for inland postage, the cost of which is defrayed by the Telegraph Administration.

If the sender of a message that has to be delivered by Inland Post wishes it to be sent to destination by registered Post, he must prepay the postal registration fee of four annas, and intimate that this has been done by placing the words "Post registered," instead of "Post," before the name of the Telegraph Station which is to post the message. These words will be charged for.

Charges on service messages.

XLIV. Service messages from all public functionaries must be paid* for in cash or in stamps

* No. XLIV.—The only exceptions to this rule are enumerated in special printed instructions issued to each Office.

prior to despatch: the rates are the same for service messages as those charged to private individuals.

Service messages take their turn for despatch with private messages.

XLV. Service messages have no right of precedence, and take their turn of despatch with private messages, except in cases of pressing public emergency and importance, when priority may be claimed on special grounds.

XLVI. On certain emergent occasions of great importance, the public functionaries named below have the power of "clearing the line," that is, to suspend the receipt and despatch of all other messages until the one for which the line is "cleared" is passed on:—

- (1). The Governor-General of India.
- (2). The Governors of Madras, Bombay, and Ceylon.
- (3). Commanders-in-Chief, India, Madras, and Bombay.
- (4). Lieutenant-Governors of Bengal, North-Western Provinces, and the Punjab.
- (5). Secretaries to the Government of India.
- (6). Secretaries to the Governments of Madras, Bombay, Bengal, North-Western Provinces, and Punjab.
- (7). Chief Commissioners of Oudh, the Central Provinces, British Burmah, and Mysore and Coorg.
- (8). Agents to the Governor-General, Rajpootana, and Central India.
- (9). Commissioners of Sindh and Peshawur.
- (10). Director-General of Telegraphs in India.

(11). The Resident at Hyderabad (Deccan). The messages so sent are, however, to be paid for in cash or in stamps as other service messages.

REFUNDS.

Under no circumstance is a refund given for a non-registered message.

XLVII. No refund will be made for a message delivered wholly or partially in an unintelligible state (or for late delivery, mis-delivery, or non-delivery of a message) unless it be registered (recommodee). Applications for refunds, as also all complaints respecting messages, should be addressed to the Telegraph Check Office, Calcutta.

Conditions of refund in the case of a registered message.

XLVIII. If a registered message be delayed or mutilated to such an extent as to be manifestly unable to fulfil its object, the whole charge made for it will be returned to the sender.

XLIX. If the sender of a message wishes to cancel it before transmission has commenced he can do so; but the charges upon it will not be returned when once the stamps are obliterated. If the message is in course of transmission, or has already been despatched, it can only be cancelled by a paid message from the sender to the Telegraph Master of the terminal station. If in addition the sender wishes to be informed by Telegraph in what manner his request has been acted upon, he must deposit the cost of the return telegram.

L. To secure secrecy as much as possible, all persons, including officers of the department not actually on duty, are strictly prohibited from entering the signal-room. Breach of the regulation renders sender and offender liable to a fine of one hundred rupees under Act VIII. of 1860.

LI. Violation of secrecy on the part of any person in the department will be punished by dismissal from Office, forfeiture of arrears of pay, and a declaration in the official Gazette of the incapacity of the delinquent to serve the Government in any capacity. Breach of this rule renders the offender liable to the further punishment of fine, or to imprisonment with or without labour not exceeding two years, or to both. It is a violation of secrecy to mention the fact that a message has been received or despatched by any particular person or firm.

LII. The sender and receiver have a right to be furnished with certified true copies of the messages sent or received by them: a fixed charge of four annas is made for every copy furnished.

As no Telegraph Office keeps copies of messages longer than three days, applications for copies required after that time has elapsed should be made to the Telegraph Check Office, Calcutta.

Applications for copies must be made within 18 months of the date of the message. At the expiration of that period all message drafts are destroyed.

One anna must be enclosed for postage of the reply, failing which it will be sent "bearing."

INDO-EUROPEAN TELEGRAPH.

RULES

FOR THE

ACCEPTANCE, TRANSMISSION

AND

GENERAL TREATMENT OF MESSAGES.

Reference to International convention, Art 4. I. The Government of India recognises the right of all persons to correspond by means of the Indo-European Telegraph.

Arts. 9, 10. II. Messages may be written in English, French, German, Italian, or Latin. The words must, however, be formed of Roman characters.

Art 13, Reg. IX. III. The sender can prescribe the route he desires his message to follow, by writing the word "via" (followed by the name of the country) immediately after the address.

The stations on the through line are engaged to conform to the directions given, unless the exigencies of service prevent them.

IV. Manner of writing a Message.

The message to be transmitted must be legibly written in the following form:

Art 10, Regs. XXI, XXIII. 1. The name and address of the person to whom it is to be delivered.

2. Any instructions relative to the route by which it is to be sent, its delivery, its acknowledgment of receipt, or the notice of its registration, or of its having to follow.

3. The message.

4. The signature of the sender (followed by its legislation when necessary.)

NOTE.—The name of the station from which a message is originally sent, and the date, hour, and minute at which it is deposited for transmission, are added by the office, and transmitted free to the receiver.

V. Sufficient Address.

Art 10, Regs. VI, XIV. The address must contain all the information necessary to insure the delivery of the message without difficulty.

The sender in all cases supports the consequences of insufficiency of address. After the message is once sent, he can neither complete, nor rectify it, except by sending a new despatch.

VI. Manner of Counting a Message.

1. All that the sender writes to be transmitted enters in the number of words charged for. But signs, punctuation, are not counted, unless used with figures, in which case decimal points, commas, and bars of division are each counted as a figure.

2. The maximum length of a word is fixed at seven syllables, the excess is counted as a word.

3. Words joined by a hyphen or separated by an apostrophe, are counted as so many separate words.

4. Every separate character, whether letter or figure, is counted as a word. The same applies to an underline.

5. Proper names of towns and persons, names of places, squares, streets, &c., titles, Christian names, particles and qualifications, are counted for the number of words employed to express them.

6. When numbers are expressed in figures, in ordinary messages, each group of five or fewer figures is counted as a word. Letters added to figures to form ordinal numbers, are each counted as a figure.

7. Messages composed of figures or secret letters, or considered as secret messages, are counted as follows:—

All the characters, figures, letters, or signs employed in the cipher text are added together. The total is divided by five, and the quotient (plus one for the remainder, if there be any) gives the number of words the ciphers represent.

The signs which separate the groups are counted, unless the sender expressly requests that they be not transmitted.

To obtain the full number of words in the message, the address, signature, and any part of the contents, in ordinary language, must be added to the above, counting according to the preceding rules.

VII. Prepaid Replies.

Arts 24, Reg. XVII. Any sender desiring a reply can prepay it. He must add the word "Reply paid" at the end of message, before his signature.

Charge is made for a single rate.

But the sender can add to the notice "reply paid," "two rates" or "three rates" on depositing the corresponding amount. The sum deposited, however, cannot exceed three times the cost of the original message.

The delivery station pays to the receiver the amount deposited, either in money, telegraph stamps, or by a cheque on the office, leaving it to him to send his answer at any time, by any route, and to any address, he chooses.

If the original message cannot be delivered, or if the receiver formally refuses the amount deposited for the reply, the delivery station informs the sender of it by a telegram, which takes the place of the reply.

VIII. Registered Messages.

Arts. 25, 41, 46. The sender of any message has the power of registering it. He writes the words "dépêche recommandée" immediately after the address.

When a message is registered, the different stations employed in its transmission collate it, as it passes, by repeating it to each other integrally; and the terminal station, immediately after the delivery of the message, despatches a telegram to the sender, announcing the exact time at which it reached its destination. If the message cannot be delivered, the telegram indicates the circumstances which prevented it, and gives, if possible, the information necessary to enable the sender to cause his message to reach its destination.

The sender can have the telegram addressed to him at any point of the territory of the states which have adhered to the international telegraph convention of 1868.

The charge for registering is equal to the charge for the message.
When a registered message is sent by post, it is registered and the postal charges are paid by the terminal station.

IX. Cipher Messages.

Arts. 9, 27, Reg. V, XV. Government messages may be expressed in figures or secret letters, either wholly or in part. Telegraph offices have no control to exercise over them.

Private messages may also be composed of figures or secret letters. In this case the address and signature must be written in ordinary language. The parts in cipher must consist exclusively of Arabic figures, or of letters of the alphabet, and be placed between parentheses, separating them from the rest of the message.

Registration is compulsory for a message composed of figures or secret letters, or which is considered as a secret message.

The department which accepts the message from the sender is judge of the application of the last clause of the preceding paragraph, especially with regard to the toleration accorded to messages relating to exchange or other commercial subjects.

X. Messages to follow.

Arts. 23, 43, Regs. XIX, XXI. Any sender can cause his message to follow the receiver to different addresses in the same state or country.

The addresses must be written at the head of the message, with the words to follow immediately after them.

The charge is calculated to the first delivery station.

The letter, after presenting the message at its first address, re-transmits it, if necessary, to the second; from the second it is transmitted to the third, and so on to the last address, when requisite.

If the message bears the notice to follow, unaccompanied by successive addresses, the terminal station, after presenting it at the address given, re-transmits it, if necessary to the address supplied at the residence of the receiver.

The charges for onward transmission from the first delivery station are paid by the receiver.

XI. Multiple messages.

Arts. 23, 44. A message may be addressed :—

1. To several persons in different countries. In this case it is charged for as so many separate messages.
2. To several persons in different localities in the same country, or to one person in different localities in the same country. Charge is made for a single through rate; to this is added as many times the terminal rate of the country as there are addresses, in addition to the first.
3. To several persons in the same place, or to one person at several addresses in the same place, charge is made for a single message plus 4 annas for each destination after the first.

XII. Delivery of messages.

Arts. 17, 19, 46. Messages addressed to the residence of the receiver, or *poste restante*, within the delivery radius of the terminal station, are at once taken to their address.

Messages addressed to place of residence, or *poste restante*, beyond the delivery radius, are, according to the instructions of the sender, either sent to their destination by post, or by more rapid means, if available.

Messages which cannot be delivered, are destroyed at the end of six weeks.

Ordinary messages which have to be sent by post are forwarded as ordinary letters by the terminal station. The postal charges, if any, are defrayed by the receiver, no supplementary charge being made at the sending station.

Postal Charges.

XIII. Applicable to Registered messages, and to messages requesting acknowledgments of Receipt.

Art. 46.	For each message to be deposited <i>post restante</i> , Rs. A.	
	or sent by post within the territory of a terminal state.	0 4
	For each message to be sent by post beyond that territory, but within the limits of Europe	0 8
	For each message to be sent beyond those limits.	1 0

Acknowledgments of Receipts.

Arts. 26, 42, 46. XIV. Any sender can request that an official notice of the time at which his message is delivered be transmitted to him by telegraph.

If the message cannot be delivered, this acknowledgment of receipt is replaced by a telegram giving the information indicated in Par. 2 of Art. VIII.

The charge for an acknowledgment of receipt is a single rate. When a message requesting an acknowledgment of receipt is posted, the terminal station registers it and pays the postal charges.

Combination of Rules.

XV. The facilities given to the public for prepaid replies, registered messages, messages to follow, multiple messages, and acknowledgments of receipt, can be combined.

Charges on arrival.

Art. 48. XVI. The following charges are collected by the delivery station :—

1. The charge for messages sent from sea by Semapore.
2. The expense of transport beyond Telegraph Lines by quicker means than the post.

The sender of a registered message, however, or of a message requesting an acknowledgment of receipt, can prepay this transport by depositing a sufficient sum for the purpose, subject to after adjustment. The return message states the amount expended.

In every case where charges have to be made on arrival, the message is not given over to the receiver till the payment of the amount due, is received.

Copies of messages.

Arts. 23, 45, Reg. XVI. XVII. The senders and receivers have a right to be supplied with certified true copies of the messages sent or received by them on giving proof of their identity and furnishing the exact date of the messages to which their requests refer. A charge of 4 annas is made for each copy.

Corrections.

Reg. XXIV. XVIII. The receiver of any message can request the correction of passages which appears to him to be doubtful. He deposits for this purpose :—

1. The price of a message for the demand.
 2. The price of a message calculated according to the length of the passage to be repeated for the reply.
- The same power is accorded to the sender in case he has reason to suppose his message has been altered.

These charges are returned if the repetition shows that the mutilation of the sense of the message was made by the telegraph.

Improperly worded messages.

Art. 20. XIX. Each Department on the through lines has the power to stop the transmission of any message which may appear dangerous to the security of the state, or which may be contrary to the laws of the country, to public order, or decency.

Suppression of messages by senders.

XX. Any sender after proving his identity can stop, if in time, the transmission of a message deposited by him. If the signalling has not been commenced, the charges are returned, less a booking fee of 4 annas; if the signalling has been commenced, the charges received remain to the credit of the department upon whose line the message has entered, and the balance is returned; if the signalling is already finished, the senders only means of requesting his message to be cancelled is by a telegram addressed to the chief of the terminal station, which is charged for in the usual manner.

Refunds.

XXI. In the case of any message which has not reached its destination through the fault of the telegraph service, or which in consequence of serious delay or mutilation in transmission has manifestly not been able to fulfil its object, the full cost of it is returned to the sender by the department which received it, the latter reclaiming, if necessary, from the other departments.

In the case of an interruption on a Sub-Marine line, the sender has a right to the refund of the portion of the charge belonging to the distance not traversed, deduction being made, if necessary, of the expense incurred in sending the message by any other mode of transport.

Every claim for reimbursement of charges ought to be made to the original sending department, and be supported as follows: i. e., in case of non-delivery, by a written statement from the terminal station, or addressee; and in case of mutilation or delay, by the copy actually delivered.

If the sender does not reside in the country where he deposited his message for transmission, he can have his claim forwarded to the original sending department, through the medium of another department. In this case, if it is evident that the claim is well-founded, the latter is deputed to make the refund.

In case of delay the claim for reimbursement is absolute, if the message did not reach its destination sooner than it would have done by post.

No reimbursement is granted on account of errors made in unregistered messages accepted by toleration under the terms of paragraph 4, of Article IX. of the present rules.

Boat and Cattamaran Regulations, &c.

1. Beneath the Master Attendant's office on the Beach is an office where Boats and Cattamarans can be procured, and where Registers of all licensed Boats, Cattamarans, and their respective owners and crews are kept and are open to public inspection, and in which copies of the Act No. IV. of 1842, (for the better management of the Boats and Cattamarans, and for the amendment of certain Harbour Regulations,) are suspended.

2. If a Boat or Cattamaran is required for any extraordinary service to a ship or vessel, either at anchor or under weigh beyond the limit of the Port, then the amount of hire which may be demanded may be referred to the Master Attendant or his Deputy for adjustment.

N. B.—For the purposes of the foregoing rule, a ship at anchor in, or beyond 10 fathoms, and a ship at any distance under sail beyond the depth of soundings in any line of bearing from the Master Attendant's Flagstaff, shall be considered as without the limits of this Port.

3. In cases of great emergence, by night or by day, the owners of Boats and Cattamarans kept for the purpose of being let out on hire shall aid and assist the Master Attendant and his Deputy by every means in their power, and shall induce the Boatmen and Cattamaranmen to perform the service required, and when great personal risk shall have been incurred or arduous services performed, and those on whose account such duties are undertaken refuse to remunerate the crew for the same, the Master Attendant will bring the merits of the case to the notice of Government.

4. The Boat and Cattamaran men are not to be employed on board any ship or vessel in these roads : any wilful breach of this Regulation will be considered desertion and neglect of duty, and will render the persons offending liable to the punishments provided for such desertion and neglect by Section XV., Act IV., 1842.

All owners of Boats and Cattamarans, and all other persons, either belonging to any ship or vessel in the Madras Roads or to the Boats, or Cattamarans to be let on hire, are cautioned against the transshipment of any goods or passengers or ballast without first obtaining a Permit from the Collector of Sea Customs or his Deputy, any person or persons found guilty of any such transshipment being liable to the penalties provided in Section XXIII. of the Marine Police Regulations.

6. All owners of Boats and Cattamarans must make known to their respective crews the full intent and purport of the several Port signals, which, as occasion may require, will be displayed at the Master Attendant's Flagstaff, especially the Red-ball signal for all Boats and Cattamarans, which is a white pendant with a red ball ; and when this signal is hoisted, all Boats and Cattamarans must immediately repair to the shore.

The Accommodation Boats shall be kept in the same good order as heretofore, and are always to be provided each with an awning and with seats and cushions, and in case they shall not, in the judgment of the Master Attendant, be kept in proper order, the owners shall be deprived of their licenses until the same shall be put in proper order for the reception of passengers.

9. All owners of Boats and Cattamarans are to make known to their respective crews that the officer or peon in charge of the Police or Revenue, Boats is authorized and empowered by Section XIX. of Act No. IV. of 1842 to stop, search, and detain any Boat and Cattamaran plying to and from the ship and vessels in the roads, and that all Boatmen and Cattamaranmen who may impede or obstruct any Police Officer in the execution of his or their duty, render themselves amenable to the penalties provided for in Section XIX. of the above-recited Act.

10. Should any difference or dispute arise between the owner or owners of Boats and Cattamarans let on hire and any person or persons hiring the same as to the amount of hire for services performed, the party, or parties may refer the case for adjustment to the Master Attendant or his Deputy, in which case each party shall sign a paper agreeing to abide by the decision of the said Master Attendant or his Deputy, and such paper shall be retained in the office of the said Master Attendant.

MADRAS PIER.

This important structure was completed by Mr. Frederick Johnson, Civil Engineer, of North Street, Westminster, London, pursuant to the terms of a Contract entered into between the Council of India, and himself, under date the 9th of November 1858, at a cost of £107,948.

The dimensions of the structure are as follows. —

Extreme length, from high water mark 1,000 feet.
Breadth throughout, 40 feet. Beside its main body, the Pier has a cross or T shaped head, 180 feet long by 40 broad. The work is constructed of Mitchell's Patent Screw Piles, of solid wrought Iron, respectively 6 inches and 8 inches in diameter, placed in rows of four abreast, and at distances of 10 feet between the centre of each row.

The whole structure is securely tied together by transverse T braces of wrought Iron, and by longitudinal tension rods of the same material.

Round the Pier Head, and at a distance within it of 200 feet on each side of the main structure, the Iron Piles are protected by fender piles of timber placed at short intervals, and secured to the Iron Screw Piles by strong wrought Iron Bands.

Four lines of railway are laid down along the main Pier, with the necessary Turntables, &c., and the rest of the space available fitted up for the service of foot passengers.

On the 6th June 1868 the Madras Pier was damaged by the wreck of the French Barque "St. Bernard" after which traffic was suspended. The necessary repairs were completed and traffic resumed on the 1st October 1869.

Tolls on Goods and Passengers passing over the Madras Pier.

The following tolls are levied, under the provisions of Section 2 of Act V. of 1863, on goods and passengers passing over the Madras Pier.

DETENTION OF GOODS.—Bills of Lading must be delivered up to the Collector of Sea Customs or Deputy Collector by the person applying to clear goods, excepting in special cases upon cause shown to the satisfaction of the Collector.

If two persons claim the same goods, the Customs Officer shall not deliver to one without the consent of the other, or without an order of Court.

Bills of Lading for goods to be exported must bear a four anna stamp.

Parcel tickets must also bear a four anna stamp.

Godown Rent Rules.

The object in charging godown rent is to induce parties to clear their goods with despatch, and to prevent the yards from being needlessly encumbered.

RE-LANDED GOODS.—Goods re-landed must be reported upon and identified as being the same that have previously passed the Custom House for exportation. No re-landed goods shall be passed into town, or entered for re-exportation on board another vessel, until the original entry in the Export Register has been duly checked and cancelled to the extent of the quantity re-landed.

A regular application in the form of Pass Note shall be made in all cases of goods re-landed either for passing them into town or for re-exporting them from the Custom House.

RULES FOR THE CLEARANCE, &c., OF BAGGAGE, &c. Imports.

BAGGAGE.—Passengers' baggage may be landed at any time under the following rules:—

All baggage, except such as arrives from any British port in India, must be brought to the Custom House. Articles liable to duty must be cleared only during office hours.

Baggage must be actually examined. At the discretion of the Collector or Deputy, list of contents and declaration of value may be received, but only during office hours.

Prohibited or dutiable goods concealed among apparel, &c., or found after a declaration from the owner that he possesses nothing liable to duty, shall be confiscated together with the other contents of the package in which they are found, and the owner shall also be liable to fine.

A Military Officer, in addition to his uniform and accoutrements, shall be allowed to clear, free of duty, a gun or rifle, a pair of pistols, and a case of saddlery, if accompanying the owner.

Orders for Baggage Superintendent as to baggage of passengers.

2. The Baggage Superintendent shall pass only baggage not liable to duty, after actual examination of each box or package.

Passengers' baggage being brought to the Custom House, he shall be at hand, to ascertain the nature of the goods, and to see that the proper duties are paid.

Articles liable to duty, and closed-up cases, shall only be passed during office hours when the Baggage Superintendent shall show the dutiable articles to the Appraiser who shall satisfy himself as to the valuation, after which the "notice" paper shall be sent to the Collector or Deputy, that the duty may be levied. If the baggage contains nothing dutiable, the Baggage Superintendent shall sign it, "Examined, nothing dutiable." Any package containing articles not liable to duty, and which a passenger may wish to take with him at once, must be opened and submitted to actual examination. The Baggage Superintendent must certify at the foot of the list signed by each passenger that no dutiable articles have been detained.

5. The Baggage Superintendent is to be assisted, on the arrival of each steamer, by a Tide Waiter, Duffadar, and two Peons. Any inconvenience arising to passengers from non-attendance of these officers shall be severely noticed.

CONFISCATION.—With reference to the expression "liable to confiscation" used in the Custom Act, the Adjudicating Officer shall have no discretionary power, and if the facts are made out to his satisfaction.

A separate account of all goods destined for British Indian ports shall be delivered by the local Agent of the vessel, as prescribed by Rule 5.

7. On arrival of a coasting steam vessel at any British Indian port from any other British Indian port, the Commander or Agent of the coasting steam vessel shall deliver to the officer in charge of the Custom House an account duly signed if duplicate, in the form (marked G.) appended to these Rules; showing in detail the cargo to be landed at the port; and the officer in charge of the Custom House shall, without comparing the goods with such account, receive the same and detain the duplicate and return the original dated and signed by him, which shall be the clearance of the vessel for the voyage and the Pass for the goods expressed therein, so far as the Custom House is concerned.

This officer will, if necessary, transmit all papers to the Chief Customs authority at the Presidency for disposal. In either case both Accounts, together with all papers, will be returned with explanation or orders to the officer in charge of the Custom House at the port of destination.

Rules Regarding Leave of Absence to Covenanted Civil Servants.

Subject to confirmation by the Right Hon'ble the Secretary of State, the Governor-General in Council is pleased to promulgate the following rules regarding Leave of Absence to Covenanted Civil Servants, in supercession of all previous rules and orders on the subject.

The rules will take effect from the 1st day of July 1868.

The rules are not intended to apply to Covenanted Civil Servants who are Members of the Councils of the Governor-General, or of the Governors of Bombay and Madras, or who are Judges of a High Court.

DEFINITIONS.

I.—In the following rules.

"Actual Service" includes the period during which an officer is on duty, also periods spent on privilege and subsidiary leave, and periods during which an officer, not on leave, may be out of employ on subsistence allowance in India.

(a.) "Actual service" includes the period spent by a Covenanted Civil Servant on leave within the limits of the East India Company's Charter, which, under the rule, in force before the 8th June 1855, was allowed to be reckoned as service and residence.

(b.) Periods of leave granted without any pay shall be regarded as *dies non*, i. e., they shall neither be credited in an officer's account as actual service or debited to him as furlough taken.

(c.) Leave on urgent private affairs taken under former rules, and which was allowed to be reckoned as service and residence, shall be considered as actual service under the new rules.

"Extraordinary Leave" means any leave granted otherwise than under these rules.

"Long Extraordinary Leave" means extraordinary leave extending beyond a period of three months.

"Long Furlough" means furlough extending beyond a period of three months.

"Salary" includes acting allowances.

An officer's "Station" means that station to which he stands appointed, or such other place as the Government to which he is subordinate may determine.

CHAPTER I.

FURLOUGH.

II. The maximum period of furlough which can be granted to any officer during the whole period of his service is limited to six years.

(a.) A Covenanted Civil Servant who has taken leave on medical certificate under leave rules prior to those of 1868 shall not be debited with such leave, up to

the limit of one year, against furlough which would otherwise be at his credit. All such leave shall, however, be included in the maximum amount of six years fixed in Rule II. of the rules of 1868.

(b.) "Junior furlough" does not form part of the maximum of six years admissible under the new rules, but it should be treated as *dies non*, and not credited as actual service nor debited as furlough taken.

III. Subject to the above limit, one year's furlough shall be placed to the credit of each officer for every four years of actual service.

(a.) For Rule III. of the leave rules of 1868 the following rule is substituted—Subject to the above limit, furlough shall be placed to the credit of each officer at the proportional rate of one year's furlough for every four years of actual service.

IV. No furlough shall be taken before the completion of eight years' actual service except under Rule VIII.

V. Furlough shall not be repeated until three years from the date of the last return from long extraordinary leave or long furlough except under Rule VIII. Leave taken under Chapters II. and III., but no other leave, shall be reckoned as part of the said three years.

VI. The maximum term of furlough to be taken at any one time shall be two years.

VII. Except as hereinafter provided, an officer when on furlough shall retain a lien on his substantive appointment or on an appointment of similar character and not less salary, and he shall be granted allowances at the rate of 50 per cent. of his average salary for the previous three years, or for the period which has elapsed since his last return from long furlough or long extraordinary leave if that period be less than three years.

(a.) In calculating such average, the time spent and the allowances drawn under any leave, excepting privilege leave under Chapter II., shall be omitted.

(b.) Provided that no officer on furlough shall draw more than £1,200, or less than £300 per annum.

VIII. Under medical certificate—

(a.) Furlough may be taken on the abovementioned conditions, without reference to the amount at credit under Rule III.

(b.) Furlough for a period not exceeding one year may be taken, even if less than three years have elapsed since the last return from long extraordinary leave or long furlough. When on furlough under this clause, an officer will not retain a lien on his appointment, and will be entitled only to subsistence allowance, unless he has completed six months' actual service since his last return from long extraordinary leave or long furlough, and there remain some leave to his credit under Rule III., in which case the officer will retain a lien on his appointment, and will draw allowances as calculated under Rule VII. until that credit be exhausted, but in no case for a period exceeding one year.

(c.) Furlough taken without a medical certificate, or under Clause a of this rule, may be extended beyond two years for a period not exceeding one year. When on furlough under this clause, an officer will not retain a lien on his appointment, and will be entitled only to subsistence allowance.

(d.) In any case when the subsistence allowance under Section VIII. (b. and c.) exceeds the furlough allowances under Section VII., the latter amount only shall be drawn under Section VIII. (b. and c.)

(e.) The Governor in Council concurs in the Accountant-General's view that the appointment held by a Covenanted Officer taking furlough under Rule VIII., Clause b. of the leave rules of 1868, should be considered vacant from the date of commencement of his subsidiary leave, and directs that a copy of these Proceedings be forwarded to the Supreme Government, in order that, if it seem to them fit, a rule of force throughout India may be issued on the point raised.

(f.) Rule I. in Despatch from Secretary of State, (*vide Rule II. a.*) No. 2, dated 6th January 1869, communicated in Government of India Resolution dated 18th February 1869, No. 1092, Financial, does apply to an officer of less than 8 years' service who has taken sick leave under the rules of 1861. But no officer of less than 8 years' service can take furlough except under medical certificate.

IX. Furlough taken or extended under Rule VIII. is subject to the provision of Rule II.

X. Furlough taken in India will be reckoned from the date of the officer quitting his station to the date of his return thereto. Furlough taken out of India will be reckoned from the date of embarkation to the date of return.

In the event of the furlough being taken partly in India and partly out of India, the commencement and termination of the furlough will be determined by the above rules, according as the furlough begins or ends in or out of India.

XI. For the interval elapsing between departure from his station and the commencement of furlough, and between the termination of furlough and the re-arrival at his station, an officer shall be allowed subsidiary leave not ordinarily exceeding in each case thirty days. During those periods his allowances will be calculated in the same way as his furlough allowances, but without limitation as to maximum and minimum. Provided that, if the officer has, under these rules, lost his lien on his appointment, he shall draw subsistence allowance of his rank. Subsidiary leave shall count as service and residence.

(a.) An officer proceeding on, or returning from, furlough special leave, is at liberty to select as his port of embarkation or debarkation any port in India, provided only that the joining to it, or from it, shall not extend to more than thirty days.

(b.) If an officer to whom privilege leave is due be allowed subsidiary or preparatory leave, he shall be permitted to draw the allowances admissible during privilege leave, for the period of his subsidiary or preparatory leave, or for any less period for which privilege leave may be due to him.

XII. Applications for furlough will in all cases be submitted to the Government to which the applicant is subordinate, and will be dealt with in such manner as the Governor-General of India in Council may from time to time prescribe.

XIII. Subject to the exigencies of the service, both as regards the number of furloughs available at any one time and as regards individual applications, of which exigencies the Government of India, Madras, or Bombay, as the case may be, shall be exclusively the judge, furloughs will be granted under these rules.

XIV. All applications for furlough under medical certificate, in accordance with these rules, will be granted without restriction.

XV. If, owing to the exigencies of the service, it may be necessary to place any limit on the number of officers who may be absent on furlough at the same time, applications not supported by medical certificate will be granted in the following order:—

The applicant, to whose credit the greatest amount of furlough remains under Rule III., shall have the preference.

If two or more applicants are on an equality in this respect, the preference shall be given to the applicant whose actual service in India is longest, reckoning, in the case of an officer who has not taken long extraordinary leave or long furlough, from the date of his arrival in India, and, in the case of an officer who has taken long extraordinary leave or long furlough, from the date of his last return from such leave or furlough.

If two or more applicants are equal in both respects, the preference shall be given to the senior in the Gradation List.

XVI. The term of residence qualifying for pension shall be 21 years, but no leave except privilege leave and subsidiary leave, shall count as residence.

(a.) It was not intended by the new rules that periods of leave or service which formerly counted as residence under old rules should now be deducted from the completed residence of any officer, except in the case of one year's leave on sick certificate taken under old rules. In this latter case a compensation or equivalent was sanctioned by the new rules in the shape of a reduction of the period of residence by one year. All other leave which has under old rules been actually credited as residence, will still remain so credited: as, for instance, sick leave under the rules of May 1843 within Indian limits, comprising certain degrees of longitude and latitude. On this point the Home Government is referred to Financial Resolution, No. 3177, dated 5th November 1868, which indeed relates only to qualification for furlough, but may, a fortiori, be considered as applying to qualification for pension, since what is debited service for furlough must be held to be "residence" for pension. Rule XVI. will, however, be strictly construed as regards leave granted after 1st July 1868.

XVII. The term of service qualifying for pension shall be 25 years.

CHAPTER. II.

Privilege Leave.

XVIII. Subject to the exigencies of the State, an officer who has completed eleven months' continuous duty may take privilege leave for one month without deduction from his salary, retaining a lien on his appointment, whether substantive or officiating. Provided that, in the case of his holding an officiating appointment, such lien and his acting allowance will cease on the resumption of charge by the officer to whom the substantive appointment belongs.

(a.) Acting allowance should continue to be drawn by an officer on privilege leave, even though another officer were appointed to act in his stead in the appointment in which he was officiating.

XIX. In the same manner and under the same conditions, two or three months' privilege leave may be taken when an officer has completed continuous duty of twenty-two or thirty-three months respectively.

XX. Privilege leave may, at the discretion of the local Government, be taken in separate instalments. No second instalment shall be taken until after the completion of six months' continuous duty from the expiry of the first instalment. In this case the eleven months qualifying for fresh privilege leave will be reckoned from the expiry of the first instalment, the period of the second instalment being omitted from the calculation. Provided that the whole privilege leave taken at any one time shall not exceed three months, and that no accumulation of privilege leave beyond that period shall be admitted.

(a.) If, after two instalments of privilege leave have been taken, any balance still remains untaken, such balance will not be allowed to be taken as a third instalment of the same leave, but will be added to, and dealt with as part of, any future privilege leave that may accrue. Although theoretically privilege leave may be divided as above shown, yet it is entirely within the discretion of the local Governments to allow or disallow such division in view of the necessities and convenience of the public service.

(b.) When a Covenanted Civil Servant absent on privilege leave is re-called to duty for the convenience of Government, he may be allowed the balance of his leave before the expiry of six months from the date of his return to duty.

(c.) If an officer to whom privilege leave is due be allowed subsidiary or preparatory leave, he shall be permitted to draw the allowances admissible during privilege leave for the period of his subsidiary or preparatory leave, or for any less period for which privilege leave may be due to him.

(d.) Officers applying for privilege leave should declare that it is not their present intention to take any other leave within a period of six months after the expiry of their privilege leave.

XXI.—If an officer shall overstay his privilege leave he shall forfeit all salary during the time of his remaining so absent, and if he shall so continue absent for more than one week his office shall become vacant.

(a.) When an officer who is temporarily promoted from a lower to a higher acting appointment takes privilege leave on being relieved of the latter, and the local Government to which he is subordinate declares that on being so relieved he has reverted to the lower acting appointment, it shall not be necessary for the officer to re-join the lower acting appointment previously to proceeding on leave, but his allowances on leave shall be calculated as if he had so re-joined.

XXII. Privilege leave shall be reckoned as residence and service.

CHAPTER III.

Special Leave.

XXIII. Special leave on urgent private affairs may be granted at the discretion of the local Government for a period not exceeding six months. In respect of retention of a lien on appointment of allowances drawn during the leave and of subsidiary leave, the conditions of special leave shall be the same as those prescribed for furlough. Special leave shall not be reckoned as residence.

XXIV. Rule XXI. shall, mutatis mutandis, apply to an officer over-staying special leave.

XXV. Special leave may be repeated without allowances after intervals of at least six years' actual service.

(a.) An officer proceeding on, or returning from, furlough or special leave, is at liberty to select as his port of embarkation or disembarkation any port in India, provided only that the joining to it, or from it, shall not extend to more than thirty days.

CHAPTER IV.

General.

XXVI. Furlough, privilege leave, and special leave shall not be taken as such in continuation of each other; but if an officer absent on one of these classes of leave be allowed to change it for another, the whole period of his absence shall be held to be under the class of leave for which it was changed.

XXVII. Subject to considerations of State there will be no restriction as to the places where an officer may reside when on leave.

XXVIII. Leave allowance shall be payable monthly if payment is taken in India, and quarterly, if payment is taken in England.

CHAPTER V.

Temporary Rules.

XXIX. Whatever aggregate amount out of the three years' furlough and three years' sick leave under the rules until now in force at present remains to be taken by an officer under the said rules, shall remain to be taken by him under rules now promulgated.

XXX. Any officer now in the service shall, when next proceeding on furlough, elect whether he will draw allowances at the higher minimum rate of Rs. 500 per annum (not exceeding his total salary at the time). If he shall so elect, he will, in any future furlough, be limited as to allowance, to the lower maximum rate of Rs. 1,000 per annum.

XXXI. Any officer now absent on leave who has no appointment may, on his return and until he again holds an appointment carrying equal pay to that of the substantive appointment which he last held, draw the subsistence allowance of his rank, together with 75 per cent. of the pay of any appointment in which he shall officiate. Provided that the total salary so drawn by him shall not exceed the pay of the appointment in which he is officiating. This rule shall apply to any officer who may have already returned from furlough.

XXXII. Any officer now absent on furlough or under medical certificate may elect whether the remainder of his leave shall be taken under these rules from the date of their promulgation. If he shall so elect, Rule XXX. shall not apply to him.

No. 534.

The Governor-General in Council is pleased to promulgate the following orders authorizing revised rates of acting allowances for Covenanted Civil Officers in supersession of all previous rules on the subject.

The revised rates had effect from 1st July 1868.

Rules regarding Acting Allowances.

I. An Officer holding a substantive appointment and officiating in an appointment of a higher grade or class, shall draw acting allowance calculated at 30 per cent. on the 1st Rupees 2,000 and 20 per cent. on the remainder of the pay of the appointment in which he is officiating.

Provided that if the acting allowance so calculated do not amount to two-thirds of the difference between the pay of the two appointments, it shall be raised to two-thirds.

Provided further that in no case shall the whole salary so drawn exceed the pay of the appointment in which the Officer is officiating.

II. An Officer holding no substantive, but only an officiating appointment, shall, subject to the provisions in Rule I., draw, in addition to the subsistence allowance of his rank, 50 per cent. of the pay of the appointment in which he is officiating.

III. In the case of an Officer officiating in an appointment the pay of which is progressive, his acting allowances shall be calculated on the mean pay of the said appointment, provided that the whole salary so drawn shall not exceed the minimum pay of the said appointment.

By a notification of 30th Oct. 1869, the Governor-General in Council has determined that wherever under present rules acting allowances are calculated at the rate of 30 per cent. on Rs. 2,000 of the salary of the office and 20 per cent. on the remainder, or, as in the case in the majority of Uncovenanted Officers, at 20 per cent. on Rs. 2,000 and 10 per cent. on the remainder, a uniform rate of 20 per cent. shall be substituted in the case of all acting appointments made on or after the 1st November 1869.

JOINING TIME AND ALLOWANCES.

1. Joining time, or special leave to join an appointment, is governed by the rule for preparatory leave, viz., seven days for preparation: 100 miles a day when an officer travels by rail or steamer, and 10 miles a day when travelling by dak.

2. When an officer is transferred from one station to another within the district he is serving, and where there is no railway or steamer available, he should be expected to travel at the rate of at least 15 miles a day.

3. Sundays are excluded from the time allowed for travelling, but not from that allowed for preparation.

4. In the selection of a route it is the duty of an officer to choose that which is the most speedily traversible.

5. An officer exceeding his joining time is considered as absent without leave, and forfeits pay of all description for such period.

6. When an officer is transferred from one station to another while absent on leave, he is entitled, unless he receives instructions to the contrary, to joining time, in addition to the period of his leave, and such time as well as his travelling allowance, if he is entitled to any under the rules, must be regulated by the distance from his old to his new station, or from the place where he receives the order appointing him to his new station, whichever in the case of joining time is nearest his new station, and, in the case of travelling allowance, is least expensive to Government.

7. An officer nominated to an appointment in either an acting or permanent capacity is restricted, while in transit, to the salary of the substantive appointment he has left.

8. An officer voluntarily relinquishing an office of higher for one of lower emolument is entitled to the salary of the latter appointment only during transit.

9. When an officer is transferred either permanently or temporarily to another appointment, and his joining time expires during a recess or holiday, he must nevertheless report his arrival at his new station within the prescribed time, or forfeit his allowances for the period so exceeded.

10. When an officer's leave, or time for joining an appointment to which no substitute or acting officer has been appointed, expires on a holiday, or on any day which falls within a recess or a holiday of more than one day's duration, and he takes charge of his duties on the forenoon of the first working day following such recess or holiday, he shall be treated, in regard to his allowances, as if he had taken charge on the day on which his leave expired.

11. When an officer holding an acting appointment is transferred to another appointment of not inferior emoluments, he shall continue to draw his acting allowance during his joining time.

12. When an officer who is temporarily promoted from a lower to a higher acting appointment is relieved of the higher, and within the time allowed by the rules re-joins the lower acting appointment from which he was promoted, or joins any other acting appointment of not inferior emolument, his allowances from the date of his being so relieved to the date of his so joining shall be passed at the rate at which he was drawing in the acting appointment from which he was first taken.

ACTING ALLOWANCES.

1. An officer holding a substantive appointment and officiating in an appointment of a higher grade or class, shall draw acting allowances calculated at 30 per cent. on the first Rs. 2,000, and 20 per cent. on the remainder of the pay of appointment in which he is officiating. Provided that, if the acting allowances so calculated do not amount to two-thirds of the difference between the pay of the two appointments, it shall be raised to two-thirds. Provided further, that in no case shall the whole salary so drawn exceed the pay of the appointment in which the officer is officiating.

2. An officer holding no substantive but only an officiating appointment shall, subject to the provisos in the above rule, draw, in addition to the substantive allowance of his rank, 50 per cent. of the pay of the appointment in which he is officiating.

3. In the case of an officer officiating in an appointment the pay of which is progressive, his acting allowances shall be calculated on the mean pay of the said appointment, provided that the whole salary so drawn shall not exceed the minimum said appointment.

4. A Covenanted Civil Servant officiating in more than one appointment is entitled to acting allowances calculated on the aggregate of the salaries of the appointments in which he officiates, provided the salary of the highest paid of those appointments of the months be not exceeded, is still in force.

5. When an officer carries on the duties of more than one office, his entire salary including acting allowances must in no case exceed the salary of the most highly paid of the offices which he fills.

(a.) The Governor-General in Council observes that, as a general rule, it is undesirable that officers "fairly occupied already" should be appointed to "carry on extra duties," but on a consideration of the objections contained in a letter from the Secretary to the Government of Bengal, No. 1663, dated 28th May 1869, His Excellency in Council is pleased to sanction a relaxation of the rule repeated in the Notification of the 28th January 1869, in cases in which the local Government certifies that it would have been detrimental to the public service to have made any other arrangement than that by which an officer is required to do the duties of more than one office at the same time.

6. Rates of absentee allowances should be determined by the officers standing at the time they forfeit their appointments. Time spent at Haileybury College should be included in the computation of standing which qualifies for subsistence allowance; but the subsistence allowance of Covenanted Civil Servants who were not at Haileybury must be regulated by their standing from the dates of their arrival in India. Though the decision of 1831 allows Haileybury time to be included in the computation of standing qualifying for subsistence allowance, it does not authorize its being included in the standing which qualifies for absentee allowance under Section XII of the Absentee Rules of December, 1864, and that, consequently, the standing qualifying for such absentee allowance must be computed from the date of an officer's arrival in India.

LEAVE AND ALLOWANCES.

The 26th July 1869.

The following orders of Government in this Department, ruling that a Covenanted Civil Servant who forfeited his appointment by proceeding on furlough, was entitled to salary of any office to which he may have been appointed on his return from the date of appointment, not of assuming charge.

RESOLUTION.—The Governor-General in Council is of opinion that under the new Leave Rules and with reference to the lately-increased rates of subsistence allowances, it is unnecessary to continue the exceptional rule by which an officer in the Covenanted Civil Service, who returned from leave without holding an appointment, was permitted to draw the pay of his first post from the date of his being appointed thereto.

For the future no officer will draw the pay of any appointment until he has actually taken charge thereof.

MISCELLANEOUS RULES.

1. The Madras Government is empowered to grant furlough.

2. A register shall be kept at the office of the Chief Secretary to Government of all grants or extensions of furlough and of all returns to duty from furlough.

3. Every application for furlough must be made publicly through the proper channel in the department to which the applicant may belong, and will be finally submitted to Government through the Accountant-General, who will certify upon it, by endorsement, whether the applicant is eligible to the leave applied for or not.

4. The term of a furlough can only be altered with the permission of Government.

5. Every officer who obtains a furlough shall supply himself with a last pay certificate and a statement showing the pay which he is entitled to draw while absent. It shall be the duty of the Accountant-General to furnish these documents, and no furlough allowance will be payable without their production.

6. A statement of the officers absent on furlough with the dates of the expiry of their respective furloughs will be published quarterly in the *Fort St. Gazette* brought up to the 31st March, 30th June, 30th September, and 31st December of each year.

7. Every officer applying for furlough must at the same time state the probable date on which he intends to avail himself of it, and, should he not avail himself of it within 30 days of such date, the grant of such furlough will be ruled to have lapsed.

8. No-demand certificates shall not be required from Covenanted Civil Servants proceeding on furlough under the new rules except when the furlough involves loss of appointment.

9. Junior Civil Servants, Uncovenanted Officers selected for offices in India by H. M.'s Secretary of State for India, and all other officers paid by the Civil Department, are allowed, on their first arrival in India, an advance of pay for the current month, and one month more up to a maximum of Rupees 1,000, subject to recovery by monthly instalments of one-third of salary. Advance issued by the Home Government to officers in the Civil Department returning to India from leave or coming out on appointment to the public service shall also be recovered by monthly instalments of one-third of salary.

10. Untaken leave should be cancelled by the authority which sanctioned it.

11. Officers in the Account Department absent on furlough have a lien on their appointments.

12. Covenanted Civilians who, during the mutinies, were ordered out to India before the expiration of their furloughs are permitted to add to the unexhausted balance of their furloughs, if it exceed six months, whenever they may avail themselves of it the period of the journey to and from India, and any privilege leave to which they may be entitled at the time.

13. Privilege leave may be taken in continuation of the leave for two months which, under Financial Resolution, No. 2,749, dated the 24th September 1867, is admissible to a Junior Civil servant who passes a successful examination in the Oriental languages, and that the two months referred to may be regarded as service qualifying for privilege leave.

(a.) The Government did not mean in the above resolution to authorize privilege leave to be added to, and combined with, the two months' examination leave but merely to rule that this latter leave should not interrupt the reckoning for privilege leave, and, indeed, should be considered as service qualifying for privilege leave, so that, if entitled, an officer might obtain privilege leave immediately on the expiration of the examination leave. It will in all cases be necessary for an officer to re-join his post after the expiration of the two months' examination leave, and no leave must be taken simply in continuation of such leave.

14. When an officer, after reporting his return to duty, is kept out of employment through no fault of his own, the period elapsing from the date of his reporting his return from leave, including subsidiary leave, if any be taken, to that of his re-employment, shall be reckoned as service qualifying for privilege leave.

15. The rule contained in the Order of this Department, No. 403, of the 13th January 1869, that an officer who on his return from leave, "is kept out of employment through no fault of his own" is to count the period of his non-employment as service qualifying for privilege leave, is applicable, whether the period of non-employment be

long or short, because it is founded on the obvious principle that an officer returning from leave is on duty from the date on which he places his services at the disposal of Government.

16. Judicial officers leaving the Court's station during the adjournment will not be entitled to privilege leave, and in no case will the application for such leave be granted or receive the support of the High Court unless under very exceptional circumstances. Further, no District Moonsiff will be granted privilege leave under any circumstances without some person being appointed to act for him during his absence, except for a few days on very urgent private affairs.

17. In the case of an officer being prevented, in the discharge of public duties, from availing himself of any part of a Court's adjournment of two months, he may have it made good to him by the special order of Government.

18. Eleven months uninterrupted service either in the Judicial or Revenue Departments entitles an officer under special circumstances, and with the sanction of Government to one month's privilege leave.

Rules for the encouragement of the study of Oriental Languages among the Junior Members of the Madras Civil Service.

The rules for the examination and control of the newly-appointed Members of the Madras Civil Service, passed under date the 15th March and 29th April 1859, are cancelled.

2. The following rules* are prescribed for the encouragement of the study

UNCOVENANTED CIVIL SERVICE REGULATIONS.

Hon'ble G. S. Forbes, Commissioner, U. C. S. Examinations,
G. Duncan, Esq., Secretary. | Mr. J. H. Aubert, Manager.

AGE OF ADMISSION INTO THE SERVICE.

NOTIFICATION.—With reference to instructions received from the Home Government the Right Hon'ble the Governor-General in Council was pleased to resolve that no person is to be admitted into the service of Government as a Writer or Clerk at an earlier age than 16 years.

EXAMINATION RULES.

I.—GENERAL TEST.

NOTIFICATION. His Excellency the Governor in Council deeming it expedient that the Regulations now in force for testing the qualifications of candidates for employment in the Uncovenanted Civil Service of this Presidency should be so far altered as to allow of persons who have been admitted into the public service on the ground of their having passed an elementary examination in those branches of knowledge which usually form the basis of a general education being promoted without passing any further literary test and that the University examinations should be more closely and more obviously connected with those prescribed for the public service; and also that more effective provision should be made for testing the professional qualifications of candidates for employment in particular offices or departments, directs that the following Regulations shall be substituted for those contained in the Notification dated the 4th March 1858:—

I. No person (not being a graduate or a matriculated student of the University of Madras, or a passed candidate according to one or other of the tests laid down in the above Notification) who had not been employed in the public service on or before the 1st January 1859, and has not been continuously employed ever since, shall be appointed, to any situation, the salary of which may be 20 Rupees and upwards without having passed a satisfactory examination in the following subjects:—

1. Hand-writing, including the ability to copy rapidly and in a good clear hand a manuscript or lithographed paper.
2. Orthography, to include writing from dictation.
3. Composition and Grammar, including ability to write a simple letter in good grammatical language; to correct a passage written in an ungrammatical style; and to answer questions on grammar.
4. Arithmetic, the first four rules, simple and compound with ability to apply the rules in practical cases. [The vernacular paper on this subject is to be executed in English figures. No marks will be given for answers executed in vernacular figures.]
5. Geography, including the elements of general Geography and a somewhat more accurate knowledge of the Geography of India.
6. History, including a knowledge of the leading facts of the History of India.

II. For the purposes of these examinations, the Uncovenanted Civil Service shall be divided into three branches. English, Vernacular, and Anglo-Vernacular, the first of which shall include all appointments, the duties of which are conducted entirely in the English language; the second, all appointments, the duties of which are conducted entirely in the vernacular language; and the third, all appointments requiring a knowledge both of English and of a vernacular language.

III. Candidates for employment in the English branch shall be required to execute the test in hand-writing, orthography, and composition in the English language; and candidates for employment in the vernacular branch shall be required to execute the same test in the vernacular language of the district in which they seek employment.

IV. It shall be optional with candidates to perform the test in Arithmetic, Geography, and History, either in English or in a vernacular language, at their discretion.

V. Candidates for appointments in the Anglo-vernacular branch must pass the test in hand-writing, orthography, and composition, both in English and in the vernacular language of the district in which they seek employment. They may pass these tests either at the same examination or at two different examinations, as they may think proper.

VI. The foregoing test shall not apply to persons who have passed the Matriculation Examination of the Madras University, except that it shall be necessary for such persons, if candidates for employment either in the Vernacular or in the Anglo-vernacular branch of the service, and if the second language in which they have passed the University examination be not the vernacular of the district in which they seek employment, to pass in such language the test laid down in Rule I.

VII. The examinations shall be held annually, both at Madras and in the Provinces, as notified by public advertisements and in the lists of passed candidates, which shall not be published until after the close of the University Degree examinations, the candidates shall be ranked in the following classes:—

- 1st. Graduates of the University of Madras in the Faculty of Arts.
- 2nd. Matriculated students of the University of Madras.
- 3rd. Passed candidates examined according to the Service Test.

VIII. The candidates entered in each class shall be ranked in the order of proficiency in a register.

XI. The examinations provided for in the foregoing rules shall be conducted by means of printed papers. They shall be open to all comers, whose age may exceed 18 years, on presenting an application prepared in the prescribed form, and paying a fee of Rupees Six.

XII. The general direction of the system of examination provided for in these rules shall be entrusted to an officer, who shall be styled "Commissioner for the Uncovenanted Civil Service Examinations." It will be his duty to appoint Examiners, to nominate officers to superintend the examinations in the Provinces, and to determine on the reports of the Examiners what candidates shall be registered as eligible for employment in the public service for particular offices and departments. The functions of the Examiner will be confined to preparing the questions under the instructions of the Commissioner, and examining and reporting on the answers.

XIII. It is to be distinctly understood that the Government do not undertake to provide appointments for all persons who may pass the prescribed examinations under these rules. Appointments will, as before, be regulated by the requirements of the public service, and will be made by the same authorities as heretofore. It is likewise to be understood that it will still, as before, be open to Government, and, with their sanction, to the controlling Courts and Boards, whenever they may see necessary to prescribe the period of service which must be passed in one grade of appointment before promotion to a higher grade altogether irrespective of these Rules.

CERTAIN CLASSES ADMISSIBLE WITHOUT EXAMINATION.

NOTIFICATION. The following Proceedings of the Madras Government, in the Public Department were published for general information:—

The— enquires whether the three undermentioned classes of public servants are required to pass the Uncovenanted Civil Service Examination before they can be re-employed in the service of Government.—

I. Persons not now in the service, but who were so formerly, resigned their appointments, and now seek re-employment.

II. Persons who have lost their posts from the reduction of establishments.

III. Persons who have been dismissed from the service, but whose re-employment has, on appeal, been either sanctioned or ordered by the Board or Government.

2. The Government reply that persons of the first of the above classes are not eligible to re-employment unless they pass the examination.

3. In respect to parties of the second class no general rule can be laid down. Such cases should be referred by heads of offices, from time to time, for the orders of Government as they occur. It is to be observed, however, that none are to be submitted

unless the previous service of the party of the regular (not hungamy or temporary) establishment, amount to at the least five years, or unless his conduct has been good.

4. Cases falling under the third class are also to be referred, (on the occasion arising) for the decision of Government.

5. The above are to be taken in supercession of all previous orders on the subject.

TEMPORARY APPOINTMENTS.

Men who have not passed the examination, may be employed as substitutes for periods not exceeding one month. When the period may be longer, and when there may be a difficulty in procuring a passed candidate, the case should be reported for the orders of Government.

II. SPECIAL TESTS

The following rules for the Special Test Examination supercede all previous rules on the same subject, and came into operation on the 29th July 1869.

Candidates for admission must be commissioned Officers of the Army below the rank of Field Officer, or must have passed the Matriculation Examination of the Madras University. Officers who are candidates for admission must be qualified by acquaintance with their Military duties, and by having passed the examination in one of the native languages for charge of a company, and they will be required to undergo an entrance examination in the whole of Arithmetic, the first three books of Euclid, and Algebra as far as Simple Equations. didates are fully qualified and are likely to profit by the course of study, will forward the application for the approval of His Excellency the Commander-in-Chief.

The principal of the College may at any time recommend to His Excellency the Commander-in-Chief that an Officer may be remanded to his regiment.

Officers who obtain permission to study at the College will be considered "absent on duty," and will be so reported in the Regimental Returns.

It is to be distinctly understood that the Government do not in any way promise or guarantee employment as Assistant Engineers or in any other capacity to gentlemen who may pass the examination prescribed for Assistant Engineer, or who may take Degrees in the University of Madras.

SECOND DEPARTMENT.—The following are the admission tests in this Department:—

(a.) English.—Ability to write correctly and legibly from dictation, and to compose a letter on a given subject with tolerable clearness and intelligence. Also to have a competent knowledge of Grammar.

The medical certificate should state that the candidate has been vaccinated. Europeans and East Indians must also state the vernacular language in which they elect to be examined.

The examinees will be ranked according to the merits of their papers, and the vacancies existing in the College will be filled by them in the order of their proficiency.

All students will be required to pay a monthly fee of 3 Rupees, and to purchase the text-books and drawing instruments, &c., prescribed for their respective classes.

STIPENDIARY MILITARY STUDENTS are selected from the European Non-Commissioned Officers and Privates of Her Majesty's Forces in the Madras Establishment. They will be allowed the same pay, rations, and clothing as when serving with their respective regiments, and, in addition, 10 Rupees a month. Their position will be strictly that of probationers. They will continue to be borne on the strength of their respective regiments: and such of them as prove not to be qualified, either in respect of character or attainments, will be sent back to their regiments; those who prove every way fit will be appointed Overseers in the Department of Public Works, or to such other situations as may be considered proper.

Commanding Officers are requested to furnish full particulars to the Principal of the Engineering College at the Presidency, under each of the above heads, of such Non-Commissioned Officers and Privates belonging to their respective Corps, as they can confidently recommend for Stipendiary Studentships in the Madras Civil Engineering College.

Admissions to the College will usually take place at the opening of the Session on the 1st of August in each year, the preparatory entrance examination being held in the month of May preceding. The places at which the entrance examination will be held, and the dates, are notified annually in the Gazette.

VOLUNTEERS IN PUBLIC OFFICES.

NOTIFICATION.—The following Proceedings of the Mad. Government in the Revenue Department, were published for the information and guidance of subordinate offices:—

In an Order in the Revenue Department, the Government directed that the employment of Volunteers in the public offices at the Presidency should be restricted to the narrowest possible limits, the Judicial Department having prohibited the employment of such persons in the Courts.

2. The Honorable the Governor in Council to extend that rule has since resolved to the Collectors' offices also, if the aid of "Volunteers" cannot be altogether dispensed with there, as has been done in the Judicial Department. There cannot be the same need of such unpaid Assistants now that there was some years ago, since the Collectorate Presses have so much reduced the copying work in Collectors' offices.

3. Collectors will be instructed very strictly to limit the number of Volunteers employed either in their own offices or in those of their subordinates. None should be allowed but such as are registered after enquiry as to qualification and character; and none should hereafter be so registered who have not passed the Uncoytd. Ser. Exn.

4. Volunteers admitted into the offices at the Presidency also will be so only in accordance with the preceding Rule.

[An order which grants leave of absence to a public officer without specifying the date from which the leave is to commence, will be current for one month, from the date of its receipt by the officer concerned.]

Applications for leave on medical certificate must be accompanied by a statement from the applicant's medical attendant distinctly stating, from personal observation the nature of the disease, its symptoms, causes, and duration, and by a certificate (c) from the chief Medical Officer of the Station or District, or, if at a Presidency town, from a Presidency or other official Surgeon, certifying, after careful personal investigation, the necessity for temporary absence, and the period for which absence is to the best of his judgment, absolutely requisite for restoration to health. 8. If any of the above particulars be neglected, or the omission of any one of them unsatisfactorily explained, the leave will be refused.

9. Leave on private affairs and furlough will be granted by Government, or by authorized officers, on sufficient cause being shown, and when the concession of the indulgence may in no way interfere with the interest of the public service.

10. When an officer on leave in England is permitted by the Home Government to return to duty by a particular vessel, this permission, if necessary, will be held equivalent to an extension of leave until the arrival in India of the vessel on which the officer is permitted to return.

11. Leave on medical certificate with allowances must in no case exceed three years in all, and not more than two years may be taken at one time. Subject to these restrictions, leave within Indian limits may be granted, with allowances on medical certificate, as often as sufficient cause is shown; but beyond Indian limits, such leave cannot be granted more than twice during the whole period of service.

12. Leave on private affairs and furlough, with retention of office, may be granted as follows :—

1st.—Leave on private affairs—for six months in one period, which leave may be repeated after intervals of six years.

[The first leave for six months is not due until the completion of six years' service. The six months' leave cannot be taken in instalments. Nor is the leave allowed to accumulate.]

2nd.—Or a Furlough—for one year after ten years' service, and 2^d second furlough also for one year after eighteen years' service in India—such absence being limited to two years during the whole period of service.

[It is optional with an officer to take his 2 years' furlough in two periods or in one after 18 years' service.]

[The ten years' service to qualify an Uncovenanted Servant for a year's furlough commences from date of entertainment, without regard to any leave afterwards obtained.]

[Furlough cannot be granted in continuation of sick leave.]

13. On taking leave under the preceding rule for the first time, an officer must decide whether he will apply for leave on private affairs or for furlough, and having once exercised his option and obtained leave accordingly, he will not, during the remainder of his service, be eligible to the other description of leave.

14. Furlough, and leave on private affairs, taken in India, will reckon from the date of leaving office to the date of return thereto. Furlough, and leave on private affairs, taken beyond India, will reckon from the sailing of the vessel on which the officer embarks, to the date of his return to India.

15. Furlough, and leave on private affairs, cannot be taken in continuation of privilege leave.

16. Privilege leave,^(a) when it can be granted without injury to the public service, and without additional expense to the State, may be allowed for not more than one month in each calendar year—to be taken either in one period or in not more than two instalments. This leave is not allowed to accumulate, and will, therefore, elapse if not taken within the year.

PRIVILEGE LEAVE TO UNCOVENANTED SERVANTS.

In a Notification of the Governor-General in Council, dated 22nd January 1869, it is ruled "that the privilege leave of Uncovenanted Servants shall henceforth be regulated according to the new Covenanted Civil Rules, dated 16th June 1868, which are as follows:—

CHAPTER II.

Privilege Leave.

Subject to the exigencies of the State, an Officer who has completed eleven months' continuous duty may take privilege leave for one month without deduction from his salary, retaining a lien on his appointment, whether substantive or officiating. Provided that, in the case of his holding an officiating appointment, such lien and his acting allowance will cease on the resumption of charge by the officer to whom the substantive appointment belongs.

In the same manner and under the same condition, two or three months privilege leave may be taken when an officer, has completed continuous duty of twenty-two or thirty-three months respectively.

Privilege leave may, at the discretion of the local Government, be taken in separate instalments. No second instalment shall be taken until after the completion of six months, continuous duty from the expiry of the first instalment. In this case the eleven months qualifying for fresh privilege leave will be reckoned from the expiry of the first instalment, the period of the second instalment being omitted from the calculation.

Provided that the whole privilege leave taken at any one time shall not exceed three months, and that no accumulation of privilege leave beyond that period shall be admitted.

If an officer shall overstay his privilege leave, he shall forfeit all salary during the time of his remaining so absent; and if he shall so continue absent for more than one week, his office shall become vacant.

Privilege leave shall be reckoned as residence and service.

His Excellency in Council is pleased, in supercession of all previous order to rule that an Uncovenanted officer officiating for another Uncovenanted officer shall be allowed, in addition to the full salary of his own appointment, a deputation allowance calculated at the following rates, viz., at the rate of 20 per cent. upon the monthly salary of the appointment officiated in all cases in which the salary of such appointment shall not exceed Rupees 2,000 per mensem, and in respect to all appointments of which the salary shall be more than Rupees 2,000 per mensem at the rate of 20 per cent. upon Rupees 2,000, and of 10 per cent. on the remainder.*

When the officiating officer is one who holds no substantive appointment, the deputation allowance shall be at the rate of 50 per cent. on the salary of the appointment officiated in. These acting allowances will be granted only when it is found necessary formally to appoint a substitute for an absentee. It is not intended that any change of practice should be made in this respect.

(a.) The mere fact of the presentation of a medical certificate is no bar to the grant of privilege instead of sick leave.

* Uniform rate of 20 per cent. has been substituted in the case of all acting appointments from 1st November 1869.

His Excellency the Governor in Council resolves to direct that whenever leave is given to an Uncovenanted Officer under circumstances requiring that extra expense should be incurred for a substitute, the sanction of Government for such an arrangement should be previously obtained by the Head of the office.

The application for sanction must be forwarded through the Accountant-General, who will submit it to Government with his observations.

Adverting to the Notification published in the Fort St. George Gazette, dated the 20th April 1869, His Excellency the Governor in Council resolves to intimate to all Heads of Departments that deputation allowance will not, in future, be granted to the substitute of an Uncovenanted Officer absent on "privilege leave," unless it is satisfactorily shown that the work performed by the absentee cannot be conducted, during his absence, without the appointment of a substitute. His Excellency in Council believes that in every office in which there are two or more Clerks or Assistants, or Deputies performing similar duties, arrangements can, and may easily be made, to have the work of an absentee on "privilege leave" conducted without any addition to the Office Establishment.

His Excellency the Governor in Council further resolves to intimate that when an Uncovenanted Officer proceeds on sick, private, or furlough leave, Heads of Departments will take care that any arrangements which they may consider it expedient to make for the performance of the absentee's duties shall not in any case be attended with greater expense than the amount forfeited by the absentee under the Uncovenanted Civil Service Rules.

18. Preparatory or additional leave is allowed to officers proceeding to or from a sanitarium on medical certificate, or to or from the port of embarkation from India to Europe on private affairs, furlough, or medical certificate, and is limited to such period as the authority granting leave may think sufficient. Officers proceeding from Presidency towns on sick leave beyond sea will be allowed fourteen days for preparation.

19. Officers retiring from the service on pension will be allowed fourteen days leave on half pay, provided the indulgence can be given without detriment or extra expense to the public service.

[This leave is confined to only those employed on office establishments, and not to gazetted office.]

[It is left to heads of offices, subject to the orders of the local Government, to grant, at their discretion, casual leave of absence from office in cases of sickness, death of near relatives, &c., on condition that the local Government shall see that the discretionary power to be placed in the heads of offices is not abused. Such casual absences from office are not to be reported to the Civil Auditor, but systematically entered in a book to be kept in each office, and when an application for privilege leave is received, the leave should be granted or refused with some reference to the entries in this book.]

ABSENTEE PAY.

20. Absentee pay, if at half salary, shall in no case exceed 6,000 Rupees or £600 per annum—or if at one-fourth salary, shall not exceed £300 per annum. Within these limitations, absentee pay will be given as follows:—

I. To an officer absent on sick leave in or out of India—half salary for the first fifteen months of each period of absence, (or—if the leave be taken in short periods in India—for the first thirty months taken from time to time, provided that half salary be not drawn for more than fifteen months at any one time), and one-fourth salary during the remainder of his absence on allowances.

[This allowance may be drawn during absence, and is not required to be refunded in case the absentee resign his appointment without returning to duty.]

II. To an officer on leave on private affairs—one-half of his salary for a period not exceeding six months of continuous absence, and for any further period of preparatory leave which may be granted to him. But if an officer, absent on private affairs, obtain an extension of leave on medical certificate, he will be subject, for the whole period of his absence, to the rules for sick leave.

III. To an officer proceeding on furlough whose salary does not exceed Rupees 200 per month, one-half of his salary—provided, however, that it shall not exceed Rupees 800, or £80 per annum. If the absentee's salary shall be—

Above Rs. 200, and not exceeding 400 per month, he may be granted an allowance of				
				Rs. 1300 or £130.
Do. „ 400,	do.	700	do.	do.
Do. „ 700,	do.	1,200	do.	„ 2,000 or £200.
Do. „ 1,200				„ 3,000 or £300.
				„ 4,000 or £400.

IV. To an officer on preparatory leave—one-half salary before commencement of other leave, and, on return from leave, one-half or one-fourth salary, or furlough pay, according to the rate of allowance he may be then drawing.

V. To an officer on privilege leave—full pay.

21. An officer who overstays privilege leave by not more than one month will forfeit pay for the period in excess; but if he exceed his leave by more than one month, his office will become vacant. An officer on privilege leave, who may resign the service, or who may obtain sick leave without first re-joining, will, in the former case, forfeit his salary for the period of privilege leave, and, in the latter case, be subject to the rules for sick leave for the whole period of his absence.

In a Notification of the Government of India, dated 5th March 1869, the acting allowances of Uncovenanted Servants, is applicable to every case in which an Uncovenanted Servant acts for, another on a salary of less than Rs 100 per mensem in such a post as is never held by a Covenanted Civil Servant or a Military officer.

With reference to the orders of the Financial Department, dated the 5th March 1869, on the subject of the acting allowances of Uncovenanted officers, the Governor-General in Council is pleased to notify that in no case can an officer, acting in any appointment, draw higher allowances than if he were confirmed in that appointment.

RULES FOR JOINING OFFICE.

22. Time allowed for joining an appointment will be fixed by the authority conferring the appointment.

23. An officer entering the service of the Government is not entitled to any salary before joining his appointment; but when transferred from one appointment to another of equal or higher value, he will draw so much of the salary of his new office as may be equal to that of his former appointment.

But when any person not in the public service is appointed by the Government of India or local Government to an office which he cannot join except by sea, he will be allowed passage at the Government expense, subject to the usual deduction on account of table-money.

[Advancement to a higher class during privilege leave does not bar payment of the higher salary from date of advancement, if the promotion does not involve any increase or change of duties or responsibilities.]

[Arrival on a Sunday entitles the relieving officer to the salary of his appointment for that day, but on other days it is necessary, in order to enable the relieving officer to draw the current day's allowance, that he should take charge of the duties of the office before noon.]

[For the portion of the journey traversable by railway, 100 miles a day are allowed; for the portion traversable by steamer, 100 miles a day, or the time actually occupied in the voyage, when by accident the duration of the voyage exceeds the time calculated at the rate of 100 miles a day.]

PAYMENTS OF ABSENTEE ALLOWANCES.

24. Officers absent on privilege leave cannot draw pay until their return to duty.

25. Officers proceeding to England on furlough, or on private affairs, or on medical certificate, must obtain certificates from the Civil Paymaster in the form given below, for submission to the India Office on their arrival in London:—

Name, service, and designation of the party obtaining leave.	Sickleave, if any, taken on previous occasions.	Salary of substantive office.	Nature and period of the leave.	Date of intended departure of vessel from Calcutta or other port.	Rate of allowance to be drawn in England, or not.	Date from which the first payment is to commence.
					In England. In Calcutta.	

26. But if they desire to draw their allowances through their Agents in India the latter must execute a guarantee to refund over-payments. When officers remain in India, and draw their allowances themselves, and attach to their bills Life Certificates attested by a Deputy Magistrate or a Covenanted District Officer, they will not be required to furnish any security.

DEPUTATION ALLOWANCE.

[UNDER RULES OF 23RD FEBRUARY 1856, No. 340.]

XIV. A person officiating temporarily in any situation, will draw so much of the salary of such situation as may equal the sum deducted on account of absence from the real incumbent, and the substantive allowances of every officer temporarily acting in a situation of superior emolument will be subject to deduction at the same rate; but no additional expense is on any account to be incurred by the absence of any officer on leave.

[When Covenanted Officers, Civil or Military, officiate for Uncovenanted Officers, and when Uncovenanted Officers act for Covenanted Officers, Civil or Military, the deputation allowances in such cases will be regulated according to the principle laid down in Chapter VI., Sections 25, 26, and 27 of the Covenanted Civil Absentee Rules, it being understood, however, that Section 27 shall not apply to Ministerial Officers acting for Covenanted Officers, who are entitled to acting allowance from the date they commence to officiate, and not after the expiration of one month, as in the case of other Uncovenanted Officers of superior grade.]

[When an officer of the Uncovenanted Service acts for another of the same service, or when a Military Officer acts for another Military Officer, he shall be governed by the rules of the respective services to which he belongs.]

[When an officer officiates in another appointment, continuing at the same time to discharge the duties of his own post, he is permitted to draw the full salary of his substantive, and a moiety of the acting appointment.]

[The deductions are invariably to be made in accordance with these rules from the salaries of all absentees, whether they are in receipts of 100 Rupees or less, except when special directions are issued by heads of offices to make larger deductions, which may be necessary in cases of officers whose duties cannot be otherwise provided for without extra expense to Government.]

F., (here enter designation of office), is in a bad state of health; and I, on honor and sincerely declare that, according to the best of my judgment, a change of air is essentially necessary to his recovery, and that the circumstances of his case are such as to render leave of absence for the period of _____ absolutely necessary (or highly desirable)."

The following form shall be observed by the Superintending Surgeon and the Principal Inspector General of the Medical Department in countersigning the certificate:—

"I do hereby certify that, according to the best of my professional judgment, after careful consideration of his case, I believe the state of health of E. F. to be such as to render leave of absence for a period of _____ absolutely necessary (or highly desirable) for his recovery."

LEAVES AND ALLOWANCES TO SERVANTS RECEIVING LESS THAN 100 RUPEES.

The above rules for the grant of leave of absence to Uncovenanted Servants may be applied in their spirit to servants drawing less than 100 Rupees a month; it being understood that, in regulating the grant of absentee allowance to an amount not exceeding that authorized by the rules, a sufficient sum will be reserved for the provision in each case of an efficient substitute for the absentee.

[This class of servants can obtain other than privilege leave in excess of the periods prescribed for servants on Rupees 100 and upwards, as such leave will not be allowed to count for pension.]

[In all such cases leave may be granted without the special orders of Government and the interval of six years in the case of special leave need not be observed.]

[But in this case, the absentee allowance must not exceed the amount authorized by the rules for the grant of special leave, and that a sufficient sum is reserved in each case for the provision of an efficient substitute.]

RETENTION OF OFFICE AFTER THE AGE OF 55.

With reference to the Notification of the Government of India, dated the 25th January 1865, No. 794, and the Despatch from the Secretary of State, authorizing the announcement that after the age of 55, no Military or Naval officer nor any Uncovenanted Servant shall be appointed to a new office or be permitted to retain an office which he has held for five years, His Excellency in Council observes that this Rule has been hitherto held to apply to *Gazetted* officers only.

The reasons which rendered the above rule desirable in the case of *Gazetted* Officers apply in opinion of Government, with equal force to all Uncovenanted officers, and His Excellency in Council hereby notifies that after January 1872, the rule prescribed in the Notification of the Government of India, above quoted, will apply to all Offices under the Government, held by the Uncovenanted Service.

SUBSISTENCE ALLOWANCE DURING SUSPENSION PENDING INQUIRY INTO CONDUCT.

I. Subsistence to an Uncovenanted Servant, who is suspended pending an inquiry to his conduct, should be limited, before the result of the inquiry is known, to one-fourth of his salary, unless he be an European on pay exceeding Rupees 25, in which case the subsistence is to be allowed at one-fourth of salary, to an amount not less than Rupees 25 monthly.

II. Should the officer be reinstated, he may, at the discretion of the local Government, or of the head of the department to whom the local Government may delegate such authority, be allowed full salary, if he shall have been fully acquitted; or a portion of his salary, if the result of the inquiry should be censure or admonition; but where censure or admonition is awarded, the subsistence allowance during suspension must be so adjusted as not to involve additional charge.

III. When the payment which the local Government may adjudge for the period of suspension to an officer who is reinstated involves additional expense, it must be separately provided for.

IV. An officer whose suspension is followed by dismissal will not be allowed more than the subsistence which may be admissible to him under Rule I. for the period that he was suspended.

V. The time passed under suspension, pending inquiry, is taken into account as service towards pension, in cases of reinstatement; where suspension has been adjudged as a penalty, the period is disallowed.

In advertence to these Rules, the Government, on the 29th October 1866, passed the following order in the Financial Department, No. 395:—

The Governor in Council is clearly of opinion that when an officer is acquitted of an offence by a Court of competent jurisdiction, he is entitled to reinstatement, provided the acquittal is *bona fide* on the merits of the case, and not in consequence of a mere technicality, a legal flaw in the evidence, collusion with the witnesses, or some similar circumstance.

2. Instances, however, will occasionally occur in which, notwithstanding a full acquittal, the reinstatement of the officer is inexpedient, or the infliction of some punishment, such as fine or suspension, is necessary, in consequence of some neglect or minor dereliction of duty brought to light during the inquiry. Such cases should be referred for the special orders of the controlling authority of the department.

3. The power of reinstatement without blame, after a full acquittal, rests with the officer who possessed the original power of appointment; but if this power of appointment is restricted, by being dependent on the sanction or veto of any higher authority, then the confirmation of the reinstatement by the latter is requisite.

4. An officer under trial is entitled to the same pay as when under suspension.

DISMISSAL OF UNCOVENANTED SERVANTS.

1. In the Resolution of the Most Noble the Governor-General in Council, forwarded with Mr. Under-Secretary Couper's letter of the 24th February last, the local Governments are directed "to issue the necessary orders for the establishment of a rule to prevent the arbitrary dismissal of Uncovenanted Servants, based on the suggestions of the Honorable Court."

2. The Right Honorable the Governor in Council considers a rule of this nature highly desirable; for, so long as the Uncovenanted Servant can be dismissed without full enquiry and proof of misconduct, at the will of his superior, his tenure of office is so uncertain that it leads almost necessarily to the habit of looking at office as temporary, and the temptation therefore is to make the most of it whilst it is held.

3. This power of arbitrary dismissal also confirms in the whole body of the native servants the habit of servile dependents on a superior, which strikes at the root of all independence and manliness of character.

4. The Governor in Council resolves, therefore, in compliance with the orders of the Government of India, to lay down for the guidance of the heads of all offices in the Revenue, Judicial, Military, and Public branches of the service, the following general principles by which the dismissal of Uncovenanted Servants should, in future, be regulated.

5. Persons appointed to permanent situations in any department shall not be dismissed but for fraud and dishonesty, continued and wilful negligence, offences involving moral disgrace, and proved incompetency.

6. As under the present rules for the Revenue and Judicial Departments, fines exceeding 10 Rupees cannot be inflicted without the sanction of the Board of Revenue and the Court of Sudder Udalut respectively, it is simply consistent to provide the same control over the dismissals of persons receiving upwards of 10 Rupees—but it will be sufficient to require returns to be made of such dismissals, specifying the cause of dismissals as falling within one or other of the heads in the above category, and to provide that no dismissal shall be final until the expiration of three months from the date on which the return shall be transmitted, giving the party a right of appeal at any time within that period. It should be understood that dismissals not appealed from, nor objected to, by the controlling Board upon their own review of the returns, are to be taken as confirmed.

7. The rule should be more definite than it is in the Judicial Department as to what servants may be dismissed without the previous consent of the controlling authority. In the Revenue Department, Tahsildars cannot be dismissed without previous sanction—and this rule ought to be extended to some other responsible situations—such as Taluk Sheristadars, Peishcars, Hoozoor Head Gomastah, and the like. A similar rule should be applied to protect officers of the same grades in the Judicial Department.

8. The Governor in Council considers it but just and proper that greater protection should be given to old servants, and with this view he directs that the previous sanction of the controlling authority should be indispensable to the dismissal of any servant of 15 years' standing receiving a certain salary, say 25 Rupees a month—but the amount will be determined on the report of, or according to, the opinion of the Court of Sudder Udalut and Board of Revenue, who will confer together and report on this point.

9. In every case, the specific grounds upon which it is proposed to dismiss any servant should be reduced to writing and furnished to him, and the answer or defence or explanation of the party taken in writing, and the final decision of the superior recorded in writing. It will not be absolutely necessary for every head of charge to be formally proved by evidence, but where a specific fraudulent act is charged, of course it should be so proved in the presence of the party accused and subject to his cross-examination, and so with other specific acts susceptible of proof by the evidence of witnesses upon which accusations within the category are built—but the charges will often be matter of inference from circumstances not capable of formal proof, but not less leading to a moral conviction. The rule, therefore, on this head, ought not to be rigorous.

10. As connected with this subject, the Governor in Council takes the opportunity of declaring the practice of officers introducing their own dependants or followers from other Districts into high and responsible trusts under them in a new office, thus superceding the old servants of the office, to be very objectionable; and he accordingly resolves that this source of arbitrary removal be at once checked. With regard to the highest offices in the Revenue Department, they are subject to the confirmation of the Board of Revenue, and it will be the duty of the Board to prevent the appointment of a follower of the Collector without good and sufficient reason being assigned, contrary to the declared sense of Government on the subject. The appointment of Deputy Sheristadar should also be made subject to the confirmation of the Board; but it will be sufficient when an officer of that grade is appointed, that the appointment shall be reported to the Board with a statement of his previous services, that the Board may interfere if the appointment shall appear objectionable on the ground of the declaration of Government.

11. This course should also be followed in regard to the appointment of the Sheristadars and other principal Ministerial officers of the Judicial Courts.

12. With regard to offices which are subject to no controlling authority, the Government will directly exercise the same measure of control as is proposed to be exercised by the Sudder Court and the Board of Revenue respectively, in regard to the heads of offices subordinate to them.

13. The Court of Sudder Udalut and the board of Revenue, as well as other controlling authorities, will accordingly prepare and submit subsidiary rules for giving effect to the foregoing views and orders of Government.

14. The Government of India require the transmission to them of a half yearly list of dismissals (with the cause briefly set forth) of Uncovenanted Servants holding office with a salary above 10 Rupees per mensem. To enable this Government, therefore, implicitly to obey those orders, heads of all offices in the Revenue, Judicial, Military, and Public branches of the service, must consider it their very special duty to furnish the Government regularly with the required half-yearly Returns—and those officers who have hitherto neglected to obey the orders of this Government on the subject, dated 18th November 1861, No. 1,064, will immediately submit their Returns for the entire year of 1863. With these Returns and those already received for that year, a General Return will be prepared in this office to be laid before the Government of India.

SUPERANNUATION ALLOWANCES AND PENSIONS TO UNCOVENANTED SERVANTS.

(Published in Fort St. George Gazette, 3rd May 1864, No. 865.)

1. These rules are applicable to all officers of the Uncovenanted Civil Service in the receipt of more than 10 Rupees a month on a permanent establishment, with the following exceptions:—

(a.) Jemadars, Sowars, Peons, Lascars, Boatmen, Smiths, Artificers and all those engaged in any handicraft, Labourers and other inferior servants.

(b.) Officers whose whole time is not devoted to the duties of their offices.

(c.) Officers not paid from the general revenues of the State, whose eligibility to pension may not be provided for by an order issued expressly for the particular case to the Government of India, and approved by the Right Hon'ble the Secretary of State.

(d.) Officers for whom other Pension Rules or separate Superannuation Funds are provided.

[An Uncovenanted Servant will not be allowed to take his pension under the Rules of 1831 if he has at any time availed himself of the benefits conferred by the Leave Regulation of 1864.]

[Judicial and Educational officers come under this Clause. In the case of these officers, the Rules of 1831 apply.]

APPLICATIONS FOR PENSION.

2. Applications* for pension must be submitted in a letter to Government by the head of the office or department in which the applicant may be employed, who shall certify whether the character, conduct, and past service of the applicant are such as to entitle him to the favourable consideration of Government.

*Applications should be prepared in strict conformity with the Rules. All necessary information should be contained in the Register itself, so as to obviate the frequent after-references which result in inconvenience, and cause delays which cannot but be felt oppressive by the applicants for pension. It is the duty of District Officers to convince themselves of the truth of the facts stated, and to see that the applications are admissible under the Rules. The Governor in Council desires to impress on heads of offices two points in particular in connection with applications for pension, which are at present too frequently disregarded:—

1st. When a public servant applies for permission to retire on a pension, the head of the office in which he is serving should explain to him the several steps to be taken by him for the purpose of obtaining his pension, and his Pension Register should be at once drawn out and forwarded with the requisite papers to the proper quarter. In preparing this document, care should be taken that all the information for which space is given in the forms is correctly furnished. The requisite information in regard to the age, height, distinguishing marks, &c., of the candidates, is often omitted.

2nd. No public servant should on any account be retained on the effective establishment after he has been duly declared by a competent medical authority to be unfit for further service, but immediate steps should be taken towards providing him with his pension. Notification, 17th April 1866, page 703.

3. Every application shall be accompanied by a register prepared according to Form A. in the Appendix. [The register should be sent to the Accountant-General for verification.] In cases of other than a good service pension, every application shall be accompanied by a medical certificate, stating the applicant's incapacity for further service, with the cause thereof, and whether it has been induced by irregular or intemperate habits.

4. Applicants for a superannuation allowance must be examined by the Principal Inspector-General of the Medical Department if serving at the Presidency, or by a Military Invaliding Committee if serving elsewhere within a moderate distance of a station at which a Military Invaliding Committee is periodically assembled. It is optional, however, with the local Government, to accept the certificate of a single Medical Officer, or to convene a Special Invaliding Committee at a convenient civil station, if the applicant be serving at an inconvenient distance from a station where a Military Invaliding Committee can be assembled.

[In granting certificates, Medical Officers should state, the period, if any, during which the applicant's case has been under treatment or observation. In cases where the certificate is sought by reason of old age, infirmity, or other incapacitating circumstances in which medical treatment is manifestly superfluous, a certificate to that effect should be given, which should nevertheless shew the opinion of the Medical Officer as to the alleged incapacity. It will then devolve on the head of the department in which the applicant is serving, to state whether or not he is really so incapacitated as to necessitate his removal from the service of Government, and, if so, whether his conduct and length of service render him deserving of indulgent consideration.]

[In the case of servants drawing Rupees 50 per mensem and upwards, the certificate shall be countersigned by the Deputy Inspector-General of the Division, or by a Committee consisting of not less than two European Medical Officers, after personal examination of the applicant.]

[If, upon the report of the Collector, it is clearly shewn that it is practically impossible to carry out the requirements of this rule, the certificate of one Medical Officer will suffice; but applicants for pension, to whom such certificates may have been granted, shall not be regarded as permanently pensioned until the certificate shall have been countersigned by the Deputy Inspector-General, and it shall be the duty of the disbursing officer to cause such pensioners to present their certificates for such countersignature on the occasion of the Deputy Inspector-General's first visit to the station, after grant of pension.]

Applicants for pension desirous of obtaining a certificate by reason of old age, infirmity, or other incapacitating circumstances, will also appear before the Deputy Inspector-General whenever he may visit the station.

The Committee referred to above is deemed indispensable in such stations only as those in which two such Medical Officers may be present.

[An Uncovenanted Servant will not be allowed to take his pension under the Rules of 1831 if he has at any time availed himself of the benefits conferred by the Leave Regulations of 1864.]

[Subordinates declared disqualified for further service are in no case to be considered entitled to pay after the date of such declaration, and should not be retained in their appointments. Heads of offices are held responsible in every case in which a subordinate is retained on the effective list, to which, according to the rules published in the Fort Saint George Gazette of 30th April 1861, page 594, and 17th April 1866, page 603, such subordinate no longer belongs.]

[In all cases in which application for pension is made by heads of departments on behalf of their subordinates, the post to be vacated is not to be once permanently filled up; but an incumbent is to be appointed to act on full pay until the final orders of Government, passed upon the application, shall have been received.]

5. Good service and superannuation allowances on retirement sanctioned under these Rules by the local Governments, will be reported to the Government of India in Quarterly Returns in the form given in Appendix B.

Resolution No. 3078 passed in this Department on the 24th October 1868, extending the application to the cases of all pensioned servants of Government, Civil and Military of the following decision of the Secretary of State:—"When an officer who has retired on a pension obtained not on medical certificate, but after a prescribed period of service, is subsequently employed in any public capacity, he shall be permitted to draw the pension in addition to the salary of the Office to which he may be appointed;

but in the event of the Military Officer resigning the service after he has been appointed to a civil office he must at the same time vacate that office. He may, however, be re-appointed to the office, not as a matter of course, but only in the event of your considering it decidedly for the benefit of the public service."

RESOLUTION.—The Governor-General in Council is pleased to rule that whenever any good service pensioner is re-employed under the above order, the previous sanction of the Government of India must be obtained on a full report of the circumstances of the case.

ALLOWANCES ON RETIREMENT.*

6. On production by an applicant of such medical certificates as shall satisfy the Government under which he may be serving of his incapacity to serve longer in India, he may be allowed—

I. Under fifteen years' service, a gratuity not exceeding twelve months' salary.

[No service can be counted which has not been passed in grades qualifying for pension; and the gratuity should, except in special cases, be proportioned to the length of the service counted, one month's pay being the maximum amount given for each year's service. When the gratuity is awarded under the old rules, the service counted may have been partly passed in grades which do not qualify for pension, but in that case the maximum gratuity will be six months' pay.]

†II. After fifteen years' service, one third of his average salary, (and of his personal allowance, if any,) during the previous five years, provided that in no case shall a pension be granted exceeding the sum of Rupees 3,000 per annum whatever the amount of salary, nor of Rupees 2,000 per annum if the salary shall not exceed Rupees 2,000 per annum.

†III. After twenty-five years' service, one-half of his average salary, (and of his personal allowance, if any,) during the previous five years, provided, however, that in no case shall a pension be granted exceeding Rupees 5,000 per annum whatever the amount of salary, nor exceeding Rupees 4,000 per annum if the salary shall not exceed Rupees 12,000 per annum.

7. After thirty years' service or upwards, a pension may be granted, without production of Medical certificate, of the same amount, and subject to the same limitation as that sanctioned for twenty-five years' service on medical certificate. This pension—as the reward of faithful efficient discharge of duty for thirty years—is termed a Good Service Pension.

[Cases of officers acting in offices which are absolutely vacant, and in which they are eventually confirmed or which are subsequently abolished, should be treated in the computation of their allowances for pension by giving retrospective effect to such confirmation from the date of assumption of the duties of the office.]

[Acting allowances are not reckoned in the average salary on which pension is computed.]

[Pension is computed upon the full pay of the substantive appointment held by an Uncovenanted Servant during the five years preceding his retirement, notwithstanding that his periods of absence during those five years are excluded from the calculation of the period qualifying for pension. But the period of absence on private affairs on leave without pay must be thrown out from the monthly average of the five years' pay upon which pension is computed.—Notification, Gazette, 30th August 1866, page 294.]

8. Pensions of the full amount authorized in paragraphs 5 and 6 are to be granted only as the reward of approved service. In any case in which an Uncovenanted Servant, without having incurred the penalty of removal from Government employ-

shall, nevertheless, in the opinion of the Government under which he has been serving, not be entitled to the full amount of pension, the local Government will make such reduction in the amount of pension as it shall consider just.

9. The foregoing rates of pension and gratuity are applicable also, without the production of a medical certificate of unfitness for service, to officers discharged on reduction of establishment.

SERVICE TOWARDS PENSION.

10. Dismissal for misconduct entails forfeiture of the benefit of past service.
11. Service as a substitute does not count towards pension.
12. Periods of service before the age of 22, or of absence on other than privilege leave and preparatory leave, shall not count towards pension. Nor shall preparatory leave be allowed to count as service if it is granted in addition to leave on medical certificate to an officer who has enjoyed leave of the latter description on two previous occasions.

[Service reckons from the first day of the 23rd year.]

13. The whole of the service, in virtue of which pension is claimed, must have been passed in an eligible grade, and on a permanent establishment; but claims barred by this rule will be especially considered if the promotion from an ineligible grade was bestowed as a reward for meritorious service or for good conduct.

14. The period of service must be continuous; * but in case of the abolition of the office held by an officer, and his being subsequently employed by Government, his first period of service is to be taken into account.

[When an Uncovenanted servant pensioned on reduction of establishment is subsequently re-employed on a permanent establishment, there is no objection to his former service being allowed to count towards a higher pension, and a refund of the pension drawn by him in the interval between the two periods of service is not necessary.]

[When an officer is allowed to enter the service of a native state for a purpose in which the Government is interested, his service under that state shall count towards pension, whether the proportion of pension calculated according to the period of service in the native state is chargeable to such state or not.]

GRATUITIES.

15. When an officer is discharged with gratuity under these rules on reduction of establishment, the gratuity will not be given to him in one sum, but in monthly instalments of a month's pay until the full amount is paid. Should he be re-employed before or after the period for which gratuity is allowed, he will have the option of refunding the gratuity and recovering his former service, or of forfeiting that service by retaining the gratuity. In the latter case, any balance of gratuity remaining undrawn at the date of his re-employment may be paid to him. (See note under para. 6 I)

[An Accurate statement of all the leave other than privilege and preparatory leaves obtained by the applicant during the whole period of his service should be submitted by the head of the department with his application.]

[In recommending the grant of gratuities in cases of Police Barkundazes discharged in consequence of reductions of establishments, the local officers should be careful to satisfy themselves of the correctness of the rates of pay and the periods of service shown in the statements, and to certify that they have done so at the foot of the statements.]

[An individual who has served less than 5 years has no claim to gratuity under the rules of 1857. A gratuity of three months' pay is allowed to one who has served 5 and less than 10 years, 4 months' pay for one who has served 10 and less than 15 years, 5 months' pay for one who has served 15 and less than 20 years, and 6 months' pay for one who has served 20 and upwards.]

[The Government of India have ruled, 30th September 1858, No 2,183, that ser-

* See Clause 3, Sec II. vants on 10 Rupees a month and under should receive gratuity of the Rules dated 13th Nov. 1857, No 4,912A. in about the same proportion as has been provided for persons on salaries in excess* of 10 Rupees and less than 25 Rupees a month, that is, that the gratuities shall be calculated at 5 months' pay.]

* This rule has prospective effect: and in all other cases, one break of not more than twelve months is allowed.

PAYMENT OF PENSION.

16. Payment of Pension will commence from the date on which the applicant ceases to be borne on the establishment, or from that of his application, whichever may be the latter date.

17. No pension shall be payable in arrear, for a period exceeding six months, without the express sanction of Government obtained through the Civil Paymaster,—unless the cause of the suspension of payment shall have been the neglect, order, or act of some public officer, and beyond the control of the Pensioner, when the Civil Paymaster, on a reference being made to him, shall exercise his discretion in passing arrears for payment, or submit a representation of the case for the information and orders of Government, as he shall consider proper.

18. An officer shall, on retirement, have the option of drawing his pension either in India or from the Home Treasury. After exercising his option on retirement, he may, at a subsequent period, change the place of payment from England to India, or vice versa. This change can, however, be allowed but once. The payments in England will be made at the rate of exchange which is annually fixed in communication with the Lords of the Treasury for the adjustment of transactions between the British and Indian Exchequers.

PECUNIARY TRANSACTIONS.

NOTIFICATION. 1. Several recent cases having forced on the notice of Government the necessity of prescribing some rule in regard to the pecuniary transactions of superior officers in the Uncovenanted Service, the Government resolve to notify to all such officers in positions of trust and responsibility, that they are absolutely prohibited from entering into any money or other dealings whatever with persons resident within their official range and liable to be brought into any official relations with them, if such transactions are of a nature to place the Government officer under an obligation to the private individual, incompatible with perfect freedom and independence of official action.

2. The Government do not think it necessary or expedient to attempt to define all the transactions to which this prohibition will apply. It will clearly include all gifts of value, loans, credit, advances, supply of articles or accommodation at unduly low rates or for insufficient consideration, and sales of property for inordinate prices and while it is evident that no honest man will find any difficulty in applying the rule to his individual case, the Government will not be induced, by any unworthy plea of non-violation of the letter of the rule, to pass unpunished any disregard of its spirit.

3. They will visit such cases with their severest displeasure.
4. This rule will apply in the Revenue Department, to all Deputy Collectors, District and Sub-Division Sheristadars, Tahsildars, Salt Superintendents, Taluq Sheristadars, Sub-Magistrates, Forest Range Officers, and all Government servants in corresponding positions of responsibility and trust.

REVISED PETITION RULES.

I. Persons having cause of complaint against any servant of Government, Civil or Military, shall, in the first instance, seek redress from the officer in whom the local authority is vested, who, if unable to grant the redress sought, shall pass an order in writing to that effect. If dissatisfied with this decision, the Petitioner shall be at liberty to address the Board or Court, or superior Civil or Military authority, by which the local authority is controlled; or he may address the Government, in cases wherein there is no intermediate authority.

II. The Government will not receive a petition on any matter, unless it shall appear that the Petitioner has first applied to the local authority, and also to the Board or other controlling authorities, where such exists. The petition addressed to such local and controlling authorities, or copies of them and the answers or orders of those authorities respectively, if any, shall have been passed, must be annexed to the petition addressed to Government.

III. In order to enable Government to maintain the foregoing rule without injustice or hardship to complaining parties, all heads of offices will understand that a party affected by an order is entitled to have, on application, a copy of the order, which should contain full details of the grounds of the decision. This is to be furnished to him on plain paper, and without payment.

IV. Government will receive petitions only from principals; addresses running in the name of a Vakeel or Agent will receive no attention. Anonymous petitions will be totally disregarded.

V. The Government having passed an order on an appeal made to it, will not notice a second petition on the same subject, unless it contain some new and important matter.

VI. As the Right Honorable the Governor in Council never interferes with the distribution of subordinate appointments, applications for situations in the gift of heads of departments will also remain unnoticed.

VII. JUDICIAL DEPARTMENT.—Petitions will not be received by Government regarding any matter which forms the subject of judicial proceedings in a Court, or which properly falls within the jurisdiction of the Courts, or containing complaints relating to the administration of civil or criminal justice, in cases in which another mode of obtaining redress is open to the complainant under the Regulations, and in which, by the Regulations, a subordinate authority is competent to pass a final decision.

VIII. MILITARY DEPARTMENT.—The mode and channels through which all ranks of effective Military should make known any complaint or grievance to superior authority, are clearly laid down by the Regulations of the service.

IX. The foregoing general Regulations for petitions are applicable in the Military Department to the following classes:—

- 1st. Persons not in the public service residing within the limits of Military bazaars; camp followers.
- 2nd. Contractors for military supplies; Abkarry contractors.
- 3rd. Military pensioners.
- 4th. Persons having claims on Government in any Military Department, either on their own account or an account of services rendered to the State by deceased relatives.

Rules for the submission, receipt, and transmission of Memorials, &c., addressed to Her Majesty's Government by individuals, public officers, &c., in India.*

I.—No memorial will be received or attended to by the Home Government, which has not been forwarded through the regular channel of the Governments, in India.

* N. B.—These rules do not in any way affect or supersede orders issued on the same subject by the Military authorities for the guidance of the army.

II. Every memorial, &c., addressed to Her Majesty's Secretary of State for India should be forwarded through the local Government under which the writer is residing or employed, with the view of affording an opportunity to such local Government of expressing an opinion or offering an explanation; and each memorial should invariably be transmitted by the local Government with a full statement of facts and expression of opinion, to which the Government of India will add such remarks as may be necessary to enable the Home Government to dispose of the case.

III. Memorials to the Secretary of State from individuals, &c., in the Madras and Bombay Presidencies, should be forwarded direct by those Governments to the Secretary of State, except such memorials as relate to pensions, salaries, gratuities, and leave of absence, which should be forwarded to the Secretary of State through the Government of India in the Financial Department.

* Appeals by individuals from the orders of Lieutenant-Governors lie in the first instance, to the Governor-General in Council. Appeal to the Secretary of State will lie only in the event of an appeal to the Governor-General in Council having been rejected.

IV. Memorials to the Secretary of State from individuals, &c., in Bengal, the North-western Provinces, and the Punjab, should be forwarded by the Lieutenant-Governors with a special narrative explanatory letter to the Government of India in the proper Department reviewing the facts and circumstances of the case, for transmission to the Secretary of State.

V.—Memorial to the Secretary of State from individuals, &c., in the minor Administrations, such as Oudh, the Central Provinces, British Burmah, Berar, Mysore, and Coorg, &c., should be forwarded by the Chief Commissioner, or other Officer charged with the administration of the Province, with a special report on the case to the Government of India in the proper Department for transmission to the Secretary of State.

VI. Memorial addressed directly to Her Majesty should be forwarded through the local Government or Administration under which the memorialist may be residing, or against whose act he may appeal. The local Government or Administration will forward such memorials with the necessary remarks to the Government of India in the proper Department, for submission through Her Majesty's Secretary of State to the Queen.

VII. Every memorial should be accompanied by a letter requesting its transmission to the Home Government.

VIII. No limit is fixed as to the time within which an appeal from an act or order of the Governments in India must be preferred to the Home Government.

IX. Memorials may be transmitted either in manuscript or in print, but must, with all accompanying documents, be properly authenticated by the signature of the memorialist on each sheet.

X. Memorials, together with their accompanying documents, should be in English.

N. B. It will be well for the transmitting office to examine such translations, and, if incorrect or faulty, to notice the fact in sending on the memorial. If the accompanying documents must necessarily be forwarded in the vernacular, an English translation should be appended, which should be certified as genuine by the signature of the memorialist.

XI. It is not necessary that memorials should be forwarded in duplicate and triplicate. The originals will invariably be transmitted to England—a copy being made and retained by the Government in India, if necessary, for record.

XII. As a general rule, the transmission to England of a memorial duly forwarded through the proper channel will not be delayed by the Governments in India beyond a month after its receipt.

XIII. The Governments and Administrations in India are vested with discretionary power to withhold the transmission of memorials addressed to Her Majesty, or to the Secretary of State in the following cases:

1. When a memorial is couched in disrespectful or improper language.

2. When a second memorial is presented after a decision has already been given by the authority to which it is addressed on the subject of it, and no new facts or circumstances are adduced which would afford grounds for a re-consideration of the case.
3. When a memorial is a mere application for pecuniary assistance by a person manifestly possessing no claim.
4. When a memorial is an application for employment under one of the Governments in India from a person not belonging to the Covenanted Service.
5. When a memorial is a mere appeal from a Judicial decision.
6. When a memorial is illegible or unintelligible.
7. When a memorial is addressed by a person still in the public service, and has reference to his prospective claim to pension.

XIV. A list of memorials, the transmission of which may have been withheld under Rule XIII., will be forwarded quarterly to the Secretary of State.

All Uncovenanted Officers drawing more than Rupees 35 will be allowed to take one servant, for whom a Deck passage will be provided.

For public servants messes at the Warrant Officers' or Engineers' table, viz., for Warrant Officers of every grade, European Non-Commissioned Officers attached to Departments or public offices, subordinate Accountants, and Clerks of department or public offices who are entitled to a free passage, and for the families of these classes 2nd class accommodation, including generally a screened berth, will be provided; and the entire cost of the 2nd class passage, without any deduction from the passengers on account of table money, will be borne by Government.

Table accommodation will be borne by Government, who will recover, from Officers on salaries exceeding Rupees 600 a month, Rupees 8 per diem, and from those on salaries of Rupees 600 and less, Rupees 4 per diem, on account of table, for the number of days occupied in the passage on a Government or a private vessel; but where it is exclusive of charge for wine, beer, spirits, and soda water, only half these rates will be deducted. Table money is chargeable from the day on which the first and that on which the last dinner is taken on board, both days inclusive.

Should those entitled to a Warrant Officer's passage be not messes on board, they will not be entitled to draw the table money of Rupees 3 per diem, to which they would have been entitled if messes on board.—Proceedings of Government, 29th May 1866, No. 132. As regards luggage for the generality of officers travelling on civil duty, there is sufficient provision in the practice of allowing every passenger on a vessel to carry a certain quantity of luggage the freight for which is included in the charge for his passage, and for the exception of cases of those officers who carry their tents with them, the charge for the carriage of tent in excess of the above-mentioned charge for passage will be passed as a special case.

Three servants are allowed to officers whose salaries re-amount to or exceed, and two servants to those whose salaries are less than 1,000 Rs. per mensem. This and the preceding para. refer to gazetted Officers, with the exception of those for whom a scale for luggage and servants prescribed by special orders exists.—Ibid, 27th August 1866.

Note.—Whenever a person not in the public service is appointed by the Government of India or a local Government to an office which he cannot join except by sea, he will be allowed passage at the Government expense, subject to the usual deductions on account of table money.

MILITARY EXAMINATION RULES.

9th September 1864.

No. 734 of 1864.—H. E. the Governor General in Council, under the authority of the Right Honorable the Secretary of State for India, is pleased to publish the following Rules in supercession of existing regulations on the subject of Examination in the native languages.

These Rules are to be considered applicable to the three Presidencies, and will take effect from the 1st February next:—

There will be two Standards of qualification in the Hindustani language,—the first to be in the place of the Examination now commonly called the colloquial Examination, and of the Examinations for the command of troops and companies, in regiments under the old organization, and for a Medical charge; and the 2nd to be in the place of the Examinations now called the P. H. Staff, Adjutants, Interpreters; and all similar Examinations in the three Presidencies; but all Officers who have passed these latter Examinations, or who may pass them before the 1st February next, will be eligible for the Staff Corps or for ordinary Staff employment without further Examination.

First Standard.

II. The object of the First Standard is to ensure that Officers passing it shall have acquired such a Knowledge of the Hindustani language as shall enable them efficiently to discharge their Military or professional duties when serving with native Troops.

III. To this end, Candidates will be tested as to their ability to read and translate passages from easy Hindustani Books, written in the Persian and Deva Nagari characters, and to speak on and to interpret common or professional subjects, so as to understand, and to be understood by, any ordinary uneducated native of India.

Tests.

IV. First.—Reading fairly, and construing with accuracy, not less than half of an octavo page of the undermentioned works.

1. "Hindustani Selections" in the Persian character.

2. "Hindustani Selections" in the Deva Nagari character.

Second.—conversing with the Examiners, or with natives of India, on subjects likely to occur in the performance of Regimental or professional duty, in the transaction of ordinary business or in the course of every-day-life. If this Test be applied through the medium of a native of India, he should speak the plain Hindustani of the Presidency or Province in which the Examination is held, free from peculiarities of idiom and dialect, and not a Patois and though, as regards the performance of professional duties, it must, to a certain extent, be technical in its nature; if, in other respects, the Candidate prove his ability to comprehend readily all that is said to him and to make himself fairly intelligible, more should not be required.

HIGH STANDARD—HINDUSTANI—EXAMINATION.

G. O. G., No. 233 of 29th June 1869. The Right Honorable the Governor in Council,

under the authority of the Government of India, is pleased to establish the following superior Tests for the higher Standard Examination in Hindustani of Officers of the Madras Presidency, in lieu of those laid down in G. O. G., No. 734,* dated 9th September 1864, and in supercession of the Madras General Orders marginally noted.

I. The object of the higher Standard is to ensure that Officers passing it shall have acquired such a knowledge of the Hindustani language as shall qualify them, so far as that language is concerned, for general employment on the Staff, and for admission to the Staff Corps.

II. To this end, Candidates will be tested as to their ability.

First.—To read and construe passages in Books of ordinary difficulty in Urdu;

Secondly.—To make accurate, and idiomatic written translations from English or in Hindustani;

In translating the charge, finding and Sentence, the Candidate is to be allowed the use of the Record.

Simla, the 13th July 1865, No. 692 of 1865. In continuation of G. G. O. No. 734† of the 9th September 1864, His Excellency the Governor-General in Council is pleased to announce that Examinations for the First Standard in Hindustani will in future be conducted by Station Committees assembled under the orders of officers commanding, on the first Monday in every alternate month, at the Head Quarters of all Divisions and Districts, or at all Brigade Stations. Such Examinations will not take place before the Board of Examiners at Fort William.

II. The Committees will consist of a President and two Members, the former being if possible an Officer who has passed the Interpreter's Examination, or by the Second Standard, under the new Rules ; and the latter Officers who have passed the Interpreter's Examination, or by the Second Standard, or in Hindustani.

III. For the Examination of Surgeons and Assistant Surgeons, Committees will be composed of two Officers who have passed Examinations as above, and a Medical Officer of standing in the service.

IV. To ensure uniformity in conducting these Examinations, and for the guidance of these Committees, the accompanying extracts from G. O. G. of the 9th September 1864, are republished, together with the following Rules, and strict attention to them is enjoined on all Officers who may be employed on this duty, as the object of Government in appointing this Examination will be altogether defeated, unless they have some sound guarantee that the proficiency of those who pass them is in accordance with the prescribed Standard :—

Objects of the 1st Standard.

1. The object of the First Standard is to ensure that officers passing it shall have acquired such a knowledge of the Hindustani language as shall enable them efficiently to discharge their Military or professional duties when serving with Native Troops.

† Madras O. O. G. 27th September 1869, No. 383.

2. To this end, Candidates will be tested as to their ability to read and translate passages from easy Hindustani books written in the Persian and Deva Nagari characters, and to speak on and interpret common or professional subjects so as to understand and to be understood by, any ordinary uneducated native of India.

Tests.

First. Reading fairly, and construing with accuracy, not less than half of an octavo page of the undermentioned works :—

Revised by G.O.G. G. No. 794 17th August 1865 and No. 237 of 25th February 1869. The second Dervish including the story of King Azad Bukht from the Bag-ho-Bahar.

VI. The President of the Committee will be held responsible that the Examination is conducted with propriety, and it will be his special duty to take proper precaution that none of the Candidates before Examination, become acquainted with either the passages set in the books, or during Examination, hold communication with any one, except the Committee, either Candidates or others.

VII. With a view to facilitate the attainment of this object, the place selected for holding the Meetings of these Committees should be the most spacious room in the Station which may be available for the purpose, and the Committee should meet there about one hour before the time appointed in order for the Examination, to prepare the exercises.

VIII. The colloquial Examination of each Candidate will be carefully recorded in writing by the Committee, and a copy of this Record will be forwarded with the Committee's Report to the Adjutant-General of the Army: It is in this portion of the Examination that discretion and Judgment on the part of the Examiners is most required; and, in conducting it, Committees should strictly follow the instruction laid down in the extract from the orders of the 9th September 1864, above quoted. Questions intended simply to puzzle a Candidate should be particularly avoided. The questions need not exceed fifteen, but should not be less than ten in number.

IX. The remarks of the Committee in the Report should be expressed definitely and concisely, thus,—“excellent,” “very good,” “good,” “tolerable,” “indifferent,” “bad,” “very bad.”

The Examinations in Bengalee, Guzerati, Mahrathi, Canarese, Tamil, Telugu and Malayalam, will be conducted in Assamese, Punjabee, Pushtu, Burmese, Ooriya and Sindhi; by standing Committee appointed by the Governments of Madras and Bombay, and, with the sanction of the Government of India, by the local Governments and administrations immediately subordinate to it. H. Examination in the Bengal Presidency, under the old Rules, are considered in the same position as those who have passed by the higher Standard under the New, with the exception that they cannot hold the Interpretership of a British Regiment on the full Staff salary of the appointment.

IX. The orders of the 9th September 1864, supercede all previously existing Rules regarding the Examination of Military Officers in the Oriental languages.

REVISED MILITARY FURLOUGH RULES.

Fort St. George, 1st December 1868.

No. 434 of 1868.—The following extracts from General Orders by Government of India, are re-published:—

Simla, the 10th November 1868.

No. 1,064 of 1868.—The Right Hon'ble the Secretary of State for India having with certain modifications, approved generally of the rules relative to the absence on leave of Military Officers, published in Government General Order No. 613, dated 19th June 1868, the following revised rules are published in substitution of those contained in the Order above referred to.

These rules will be applicable to all officers who may elect to adopt them belonging to the several Indian Staff Corps or to the Indian Army, and in regard to the period of leave of absence during which appointments may be held, and in regard to the increased allowances, they will also be applicable to officers of the Royal Artillery and Royal Engineers, late of the Indian Army, holding permanent Staff appointments not of a regimental nature.

The question of the application of these rules to the officers generally of Her Majesty's British Forces serving in India is still under the consideration of Her Majesty's Government.

To obviate confusion or misconception as to the rules referred to, those previously in existence and those now sanctioned will be severally designated as the Furlough Rules of 1796, of 1854, or of 1868.

The term "Furlough Pay" having now a changed and two-fold signification, in all future orders and references "Furlough Pay" will be understood as the half Indian salary within the prescribed limits, specified in paragraph 5 of those rules, converted at the exchange of 2 shillings for the rupee, whilst "English Furlough Pay" will represent the rates heretofore allowed to the several grades as English pay under the rules of 1796 and 1854.

I.—The distinction with respect to allowances hitherto drawn between furlough on private affairs and sick leave, is abolished, both kinds of leave being included under the

general term furlough, provision, however, being made for the obtainment of furlough under medical certificate,* without all the restrictions applicable to furlough when taken without medical certificate.

II.—Leave taken under the rules now prescribed will not involve forfeiture of appointment, except in the cases herein specially provided for.

III.—The rules now prescribed do not affect the provisions of Act XXXIII. of George III., Chapter 52, Section 70; but an absentee cannot retain his appointment and draw absentee allowances, except under the rules now prescribed.* Nor do they affect the regulations by which General Officers Commanding Divisions and Brigades can only obtain limited periods of leave without forfeiting their commands.

*The section referred to is quoted below:—

Section 70.—“And be it further enacted that no person who shall have held any civil or military station whatever in India, in the service of the said United Company, being under the rank or degree of a Member of Council or Commander-in-Chief of the Forces, and who, having departed from India by leave of the Governor-General in Council, shall not return to India within the space of five years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in India, either in the European or Native Corps of Troops or in the civil line of the Company's service, unless in the case of any Civil Servant of the Company, it shall be proved to the satisfaction of the Court of Directors that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India by a vote or resolution passed by way of ballot by three parts in four of the proprietors assembled in General Court, specially convened for that purpose, whereof eight days' previous notice of the time and purpose of such meeting shall be given in the *London Gazette*, or unless in the case of any Military Officer, it shall be proved to the satisfaction of the said Court of Directors and the Board of Commissioners for the Affairs of India, that such absence was occasioned by sickness or infirmity, or some inevitable accident.”

IV.—Leave of absence will in future be of three kinds, viz. :—

- 1.—Furlough in or out of India.
- 2.—General leave on private affairs or sick certificate in India, or short leave to sea.
- 3.—Privilege leave.

CHAPTER I.

Furlough.

V.—An Officer drawing staff pay in addition to pay of rank, proceeding on furlough, will be allowed pay at the rate of 50 per cent. of the salary of his substantive office. But an officer on civil employ and drawing consolidated salary will be allowed 50 per cent. of the average salary drawn by him for three years prior to his proceeding on furlough. No absentee shall in either case draw more than £1,200 or less than £250 per annum. The term salary will signify the total amount drawn by an Officer, whether as consolidated pay or staff allowances in addition to pay, but will not include any extra or special allowances. It is to be clearly understood that an officer absent on furlough, who may be transferred to another office during his absence, shall be entitled, for the entire period of his furlough, to pay at the rate sanctioned to him when leaving India, provided that an Officer whose term of office shall lapse during his furlough shall cease to draw his half staff salary from the date of such lapse. An Officer will also be entitled to the benefit of his promotion to a higher Staff Corps or Regimental rank whilst on furlough, subject to the maximum limit.

Officers not in staff employ will receive half the Indian pay of their rank, provided that in no case will an Officer entitled to furlough receive less than the above minimum of £250 per annum.

NOTE.—Officers who may be entitled to income allowance from the Military Fund during absence in Europe, will draw their half salary or minimum absentee allowance under the foregoing clause, subject to a deduction equivalent to the amount of such income allowance.

VI.—All grants of furlough on private affairs are subject to the exigencies of the public service, of which exigency the Government is to be exclusively the judge, and to any Regulations that may be found necessary for limiting the number of absentees.

VII.—The maximum amount of furlough on private affairs to be taken at any one time carrying pay and retention of appointment, will be two years.

VIII.—A period of at least three years' service after return from last furlough, except furlough under Rule XI., must be completed before furlough can again be taken unless obtained under medical certificate (See Rules XIII. and XIV.)

IX.—An officer will be eligible for two years' furlough on the completion of eight years' actual service in India, for a third year after a further period of six years' actual service, and for a fourth or fifth year after similar intervals of six years. The grant of furlough to an officer eligible for it will be subject only to the conditions specified in Rules VI. and VII. The fact of having taken furlough on medical certificate will not affect the grant of these furloughs, except as to the conditions laid down in Rules VIII., XIII. and XVI.

X.—An Officer eligible for furlough need not take the whole amount to which his service entitles him, but may apply for any portion thereof as an instalment; and in that case the balance will remain at his credit in any future computation of the amount of furlough to which he may be entitled.

Illustrations.

(1.) An Officer who has served nine years in India is entitled to two years' furlough. He takes only one year, and after his return remains in India for five years. He is then eligible for two years' furlough as follows :—

Total service in India	... 14 years.
Furlough due on that service	... 3 "
Do. already taken	... 1 "
Balance for which he is eligible	... 2 "

(2.) An Officer who has served 20 years' in India without taking furlough is entitled to four years' furlough. He can only take, however, two years at one time carrying pay, the balance remaining at his credit in any future computation of furlough to which he may be entitled. He can take that balance after completing three years' service from the date of his return from the first instalment.

XI.—Furlough on urgent private affairs for six months with pay equivalent to the British Regimental pay of his rank to be extended to a year, if necessary, may be granted when the Officer is not eligible for ordinary furlough. The said period may form part of the periods of either eight or six years referred to in Rules VIII. and IX.

XII.—Subject to state considerations, there will be no restriction as to the place to which an Officer may resort during furlough.

XIII.—Absence on medical certificate for a longer period than two years at one time, or departure on such furlough within three years of the date of return from a previous furlough, except furlough under Rule XI., will involve forfeiture of appointment. Such furlough may, however, be extended to a third year on English furlough pay.

In the event of an Officer not being able to return to his duty after an absence of three years, it will rest with the Right Hon'ble the Secretary of State of India in Council to order him to appear before a Medical Board, with a view to placing him on the retired list, if entitled to pension, or on the half-pay list.

Should the circumstances of the case warrant a further extension of leave, it can only be granted without pay.

XIV.—An officer not entitled to furlough, whose health may necessitate his taking it within three years from the date of last return may, under the usual medical certificate, obtain such amount as may be duly certified to be necessary for the restoration of his health, but will only receive English furlough pay, and must vacate any appointment he may be holding.

XV.—An Officer entitled to furlough, whose health may necessitate his absence from India, will be compelled to take leave as furlough under Rule IX., but* without forfeiting any passage money to which he may be entitled under Military Fund Rules, or, if a Subaltern, by Regulation when proceeding on medical certificate.

Any extension of his furlough beyond the period to which he may be entitled under Rule IX. will be regarded, in all respects, as furlough on medical certificate. Such extension will not be allowed to take effect until the Officer shall have exhausted the entire amount of his available furlough, private affairs. If the aggregate of two years leave is exceeded, the officer will after that date come under the provisions of Rule XIV.

XVI.—The aggregate amount of furlough with pay and retention of appointment, whether on private affairs or on medical certificate, that may be granted to an Officer, during his service, will be limited to eight years.

XVII. If taken in India, furlough will be reckoned from the date of the absentee quitting his station to the date of his return thereto; if taken out of India, from the date of the sailing of the vessel in which he may have embarked to the date of his disembarkation in India.

XVIII. Perparatory leave to embark for Europe or elsewhere on furlough will be granted for any period not ordinarily exceeding 30 days. Leave to the same limit, to enable him to re-join on his return from furlough, will be granted from the date of his disembarkation in India.

XIX. Furlough allowances shall be payable monthly if payment is taken in India, and quarterly if payment is taken in England.

XX. Advances of furlough pay will continue to be made in India to those Officers who desire it for three months from date of embarkation. Payments in continuation will be made in England on the expiration of six months from that date.

XXI. The last pay certificate issued to each Officer who may be granted furlough, whether on private affairs, or on medical certificate, will specify the rate of the pay and staff salary of his last substantive appointment, and the rate to which he will be entitled in Europe in virtue of Rule V.

XXII. An Officer acting in India for an absentee will be restricted for the entire period of such acting to the half staff salary of the appointment in which he may be acting, in addition to the full pay of his rank, and the half staff salary of his own appointment, if he possess one. The staff salary granted to an acting officer will, however, in no such case be less than Rupees 100 per mensem.

XXIII. The privilege heretofore granted to Military Officers of counting the proportion of leave noted in the margin as service for pension is retained. The periods of service qualifying for pension remain unaltered.

XXIV. In computing the furlough on private affairs to which an Officer who has already enjoyed some portion of such furlough, will be entitled under these rules, it will be necessary to deduct the total amount of the furlough on private affairs of which he may have availed himself during his service from the total periods to which under Rule IX. he can lay claim. The balance will represent the leave to which he will be entitled on the expiration of not less than three years from his last return to duty.

Illustration.

(1.) An Officer who had obtained under the existing Rules two years furlough after ten years' service, returns to India on the date on which this order is promulgated. He accepts its conditions, and serves four years longer in India. On the expiration of that term he can take one year's furlough, thus :

(2.) An officer of four years' service has proceeded on sick certificate to England for 20 months, extended afterwards to two years. He returns, serves six years in India, takes two years furlough, and returns to India about the time of the promulgation of these Rules, which he accepts. He must serve four years before he can take an additional years' furlough, thus :—

CHAPTER II.

General Leave on private affairs and sick certificate in India.

XXV. An Officer will be eligible, as at present, to take leave on private affairs on sick certificate in India, for any period not exceeding six months, at the discretion of His Excellency the Commander-in-chief, or of the Government under which he may be serving. During the entire period of his absence on this account, the Officer will be entitled, as at present, to his full pay, and a moiety of his staff salary. Leave taken under this Rule will form no part of the eight years aggregate furlough. If this indulgence should be taken advantage of for a third year consecutively, the Officer will lose his staff appointment.

XXVI. Leave on sick certificate for a period exceeding six months, capable of extension, under renewed medical certificate, to a limit of one year, may be granted to any Officer who, in the opinion of a Medical Board, may require it. Leave of this nature, taken after the promulgation of these Rules, will be held to constitute a part of the maximum period of eight years leave of absence to which an officer is entitled in his entire period of service, but will not be regarded as furlough, nor, will it affect the intervals entitling to furlough laid down in Rule IX. During this leave the absentee will draw a moiety of his staff salary in addition to the pay of his rank.

XXVII. Short leave not exceeding three months on private affairs or sick certificate may also be taken to sea, on the above condition, but absence from India for any longer period will be treated as furlough.

XXVIII. All general leave taken in India counts as part of the leave reckoning against service for pension.

CHAPTER III.

Privilege Leave.

XXIX. Privilege leave may be granted, as at present, for sixty days in each year to all Officers in military employ, without deduction from the salaries and emoluments drawn by them. General leave, in extension of privilege leave, can only be granted on the ground of sickness, or some other serious emergency which could not have been foreseen when the Officer proceeded on privilege leave. Privilege leave may, however, be converted into general leave with the sanction of the Commander-in-Chief or the Government.

XXX. In the case of the stations noted in the margin, privilege leave may as at present, be granted for ninety days, to officers of local corps, or of corps which are usually employed in one or other of the districts named.

XXXI. An officer is at liberty to proceed wherever he may desire on privilege leave, provided he can ensure his return before the expiration of his leave.

XXXII. Privilege leave cannot be taken in continuation of furlough, nor can furlough be obtained in continuation of privilege leave. If furlough be obtained by an Officer while absent on privilege leave, the privilege leave will be converted into general leave, the officer for that period sacrificing a moiety of his staff salary.

Military Officers in civil employ.

XXXIII. Military officers in civil or Political employ taking leave in India come as respects periods of leave obtainable and amount of pay to be granted, under the Civil Leave Rules. When they take leave out of India, they come under the Military Leave Rules.

Subsidiary Rule.

Military Officer officiating in Civil appointments such as the Military Secretariat, can obtain privilege leave under the Military Rules, M. G., 6th July 1869, No. 2,515, Military.

XXIV. Officers of the Indian Military and Medical Services will be required generally to notify their intention to accept these Rules, or to adhere to those now existing, on the first occasion of their taking furlough or general leave after the publication of this order. Such election must be considered final, and under no plea whatever will an Officer be subsequently relieved from the choice thus made.

Officers who may determine to abide by existing Rules will be allowed to proceed on furlough on the conditions laid down in Rules VII., VIII., and XIII. to the extent which they may be entitled under the Furlough Regulations of 1854, and on the rates of pay contemplated in those Regulations but retaining their appointments. The principle laid down in Rule XV. must, however, be applied in those cases.

If an Officer under the Furlough Rules, of 1796 elects the present Rules, his service for pension will be reckoned under the former Rules up to 1st July 1868, and thenceforward under the Rules of 1868.

The foregoing Rules take effect from the 1st July 1868, as respects retention of appointments and terms under which leave will be granted, but half staff allowances will not be available for Officers now on leave in cases where the acting officer has already come into receipt of the full staff salary. Nor can officers who have vacated their appointments which have since been permanently filled up, have any claim to be restored to them.

Military Officers on the Invalid Establishment holding Civil Appointments to be allowed leave of absence under the Rules of Uncovenanted Servants on the understanding that the Invalid pay of the Officer concerned merges in his absentee allowance as an Uncovenanted Servant and that only his service in the Civil Department will be taken into consideration in granting him leave G. L., 20th September and 13th December 1869, No. 3,535. and 3,163, Financial.

No. 550 of 1868. With the sanction of Her Majesty's Government, His Excellency the Governor, General in Council is pleased to authorize certain modifications in the organization of the Subordinate Medical Department in Her Majesty's Indian Service, and to lay down a revised and enhanced scale of pay and pensions for that Department.

2. The system heretofore existing in the Bengal and Bombay Presidencies, under which the purveying duties were performed by the Medical Subordinates, will cease; and these duties will be undertaken, as has heretofore been the practice in the Madras Presidency, by the Commissariat Department, through the agency of a body of Hospital Purveyors.

3. The grade of Hospital Steward, which was constituted for the purveying duties, will be abolished. All the existing members of that grade, who have passed or may be able within six months to pass the Examination to qualify them for the grade of Apothecary, will be admitted into the latter grade if they desire it.

Those who are unable to qualify themselves by passing the prescribed examination within the given time, or who may not desire to enter the Apothecary grade, will be allowed the retiring pension of their grade as Hospital Steward, without reference to their length of Service; or if they have served fifteen years, the invalid pay of their grade, should they prefer remaining in India.

5. The body of Hospital Purveyors will be divided into three classes in the following proportions, and on the scale of pay specified:—

The 1st Class, one-eighth of the total number, at Rs. 45 per mensem.

2nd Class, three-eighths of the total number, at Rs. 30 per mensem.

3rd Class, one-half of the total number, at Rs. 20 per mensem.

6. The Subordinate Medical Establishments at the three Presidencies will be divided into two classes.—

The first to be designated the "Apothecary" class for general employment with European Troops, Hospitals, Depots, &c., including the Subordinate Medical Department in Bengal, the corresponding portion of the Medical Establishment in Madras, and the Warrant Medical Officers and Apprentices in Bombay.

The second to be designated the "Hospital Assistant" class for general duty with Native Troops and Native Civil Hospitals, including the present "Native Doctors" in Bengal, "Dressers" in Madras, and "Hospital Assistants" in Bombay.

7. "The Apothecary" class will consist of—

Senior Apothecaries, in the proportion of one-tenth of the effective establishment of Apothecaries. But for the next ten years the number now allowed to each Presidency will not, under any circumstances, be reduced.

Apothecaries.	1st Class (after 5 years' service as Apothecary.)
Assistant	2nd do (below 5 do do as do)
Apothecaries.	1st do (after 5 do do as Assistant do)
	2nd do (below 5 do do as do do)

Passed Hospital Apprentices.
Hospital Apprentices.

8. All these grades, with the exception of the Hospital Apprentices, will hold the rank of Warrant Officers, and receive warrants, which will give them a rank above all Non-Commissioned Officers.

9. Passed Hospital Apprentices, when in subordinate medical charge of a body of troops, will have temporary warrant rank as Assistant Apothecaries whilst so employed.

10. The grade of Honorary Assistant Surgeon will form no portion of the regular Medical Subordinate Establishment, but will continue to be given specially to those deemed worthy of the distinction as heretofore. When a Medical Warrant Officer attains this honorary rank, he will no longer be employed as a Medical Subordinate with a Regiment, or corresponding body of European Troops, and will be supernumerary to the fixed establishment.

11. The strength of the "Apothecary" class at the several Presidencies will be fixed by the respective Governments, subject to the approval of the Government of India on the following basis:—

12. The effective strength will comprise the numbers of the several grades actually necessary for the duties with European Troops regimentally, and in station Hospitals, with depots, sanatoria, and medical store depots, as also with the Indian Marine and Telegraph Departments, together with an additional margin of 15 per cent in each grade to provide for detachments and other temporary duties, and for absentees on general or sick leave.

13. All who may be employed in civil or miscellaneous duties, other than military or those above specified, will be extra to the regular establishment, and will be seconded, their names being borne in the Army Lists in italics. In the event of a senior Apothecary being so seconded, a promotion will be made in his room.

14. The Regimental and other Military Establishments in the three Presidencies will be the same, viz:—

For a European Regiment of Cavalry or Infantry, a Brigade of Artillery or a large Depot, or Sanitarium, equal to a Regiment:—

- 1 Apothecary
- 1 Assistant Apothecary.
- 1 Passed Apprentice.
- 1 Hospital Apprentice at least, and more if available.

For a detached Battery of Artillery, or a small Depot or Sanitarium,

- 1 Assistant Apothecary.

For a Garrison or Cantonment Hospital, or Presidency Medical Store Depot,

- 1 Apothecary.
- 1 Assistant Apothecary.

For the Head Quarters of the corps of Sappers and Miners,—

- 1 Apothecary or Assistant Apothecary.

For Provincial Medical Store Depots,

- 1 Apothecary.

15. The grade of second Apothecary at Madras will be abolished, the members being merged in that of Apothecary.

16. The practice obtaining at Bombay of maintaining a separate establishment for the Medical Store Depots, will also be discontinued, the members so employed joining the regular establishment according to their standing.

17. The future pay of the members of the "Apothecary" class will be a consolidated sum, to cover all expenses, except those specially noted below.

18. When on regimental or corresponding duty, all Subordinates will be supplied with free quarters, or, when marching, with camp equipage. Hospital Apprentices will also receive a ration allowance of Rupees 10 per mensem, when not dieted in the hospital to which they may be attached, or in the Medical College. This latter grade will further be provided with the necessary barrack furniture, the usual allowance of bedding, and three suits of uniform clothing annually,—one for cold weather, and two for summer wear, free of cost.

19. The consolidated monthly rates of pay will be,—			Rupees.
Senior Apothecary			400

	Under 5 do do		150
Assistant Apothecary	Above 5 years' service do.		100

One-fourth of the above salaries to be forfeited during absence, whether on general leave or medical certificate.

20. In addition to the ordinary rates of pay, a field allowance of Rupees 30 per mensem will be granted to all the Medical Warrant Grades, when marching or in the field.

21. A similar amount will be granted, as a staff or employed allowance, to those grades when senior with or in subordinate medical charge of the Hospital of a British Regiment or detachment of British Troops, or of a Battery of Artillery, or a Depot or Sanitarium, or when attached to a General Hospital or Medical Store Depot.

22. The furlough pay, retiring, invalid, and wound pensions of the several grade will be as follows:—

23. These retiring and invalid pensions are, inclusive of any pension, which as Warrant Officers the recipients may be entitled to from Lord Clive's Fund.

24. Members of the "Apothecary" class who have completed 25 years' service exclusive of the period passed in the grade of Hospital Apprentice, will, on retirement be granted the honorary rank of Assistant Surgeon, if specially recommended for that distinction.

25. Medical Warrant Officers will not be entitled to retire until they have served 30 years in the Department, exclusive of the period served as Hospital Apprentice, unless they are reported by a Medical Committee to be unfit for further effective duty.

26. If invalidated in India they must have served 15 years, exclusive of the period passed as Hospital Apprentice, to entitle them to the benefits of the invalid pension, unless they are invalidated in consequence of wounds or injuries received, or disorders contracted on service or in the execution of their duties, when their individual cases will be specially considered.

"If invalidated in England they will receive invalid pensions in accordance with the G. G. O. No. 549 of 5th June 1868, at the following rates, should they have served 15 and less than 30 years:—

"Honorary Assistant Surgeon	£120 per annum.
"Senior Apothecary	£ 80 "
"First Class Apothecary	£ 64 "
"Second Class Apothecary	£ 48 "

"Should their services be under 15 years they will receive the English Invalid Pension of the next lower grade, a Second Class Apothecary in such case being allowed £36."

27. The following pensions will be granted to the widows of the Medical Subordinate Department.

	Annual in Europe.	Monthly in India.

28. Honorary Assistant Surgeons and other members of the "Apothecary" class when employed in the independent medical charge of civil stations will receive pay.

according to the scale laid down in Financial Department's Notification, No. 2295, dated 25th April 1867, viz:—

Under 5 years' service in independent civil charge.	Rs. 350 per mensem.

Above 15 years	" 700 do.

29. No Honorary Assistant Surgeon or member of the "Apothecary" class will hereafter be permanently appointed to the charge of a civil station, who has not gone through the regulated course of study in a Medical College.

30. In the event of an Honorary Assistant Surgeon or member of the "Apothecary" class being placed in temporary independent medical charge of a Native Regiment, or a detachment of European or Native Troops, constituting the ordinary charge of a covenanted Medical Officer, he will, if he holds a diploma, be entitled to a salary of Rupees 450 per mensem, or, if he has no diploma, to an addition of Rupees 50 per mensem to his departmental pay, together with any additional staff or marching allowance to which he may be entitled.

31. Should an Honorary Assistant Surgeon or other member of the "Apothecary" class, holding a diploma, be allowed to retain independent medical charge of a Native Corps for upwards of 5 years his salary will be increased to Rupees 600.

"Hospital Assistant" Class.

32. This branch of the Subordinate Medical Department will consist of first, second, and third Class Hospital Assistants, the classes being regulated by length of service, and of Medical pupils

33. The regular establishment will comprise the number requisite for, and employed on military duties, or on those connected with the Indian Marine and Telegraph Departments, together with a margin of 15 per cent. to meet extra and temporary duties and absentees. All the members of this branch required for civil or miscellaneous duties, will be extra to the regular establishment, and will be seconded, their names being borne in italics on the list.

34. The grade of Sub-Assistant Surgeon will not be considered as forming a portion of the regular establishment of the "Hospital Assistant" class; but, when by their conduct and attainments they can prove themselves well qualified for advancement, a certain number of Hospital Assistants may, if specially recommended, be allowed—the exigencies of the service permitting—to attend the Medical College of their Presidency for a period not exceeding two years, with a view to their qualifying for the grade of Sub-Assistant Surgeon. See paragraph 47.

35. The establishments requisite for military purposes will be as follows:—

For a Native Regiment of Infantry or Cavalry, or a Native Depot or detachment of greater numerical strength than a wing,—

2 Hospital Assistants.

For a Native Battery of Artillery, a detached company of Sappers, or a detachment of Native Infantry or Cavalry less than a wing,—

1 Hospital Assistant.

For a station or detail Native Hospital, or Lock Hospital,—

1 Hospital Assistant.

For a Regiment of British Cavalry, a Brigade or division of Royal Artillery, or a detached Battery of Horse, Field, or Heavy Artillery,—

1 Hospital Assistant.

36. The monthly pay of this branch will also be consolidated, and on the following scale:—

				For those qualified in the English language.	For those not qualified in the Eng- lish lan- guage.
				Rs.	Rs.
1st Class	Hospital Assistant	of above 14 years' service...		60	40
2nd Class	do	do do 7 do do		40	30
3rd Class	do	do do under 7 do do		25	20
Native Medical pupil, 1st year				7	5
Do.	do.	2nd do.		8	6
Do.	do.	in College or Medical School, 1st year.		9	7
Do.	do.	do do 2nd year.		10	8
Passed Medical pupils.				16	12

The foregoing allowance to Medical pupils includes ration money.

Hospital Assistants will draw as field batta—those of the 1st Class Rupees 10, and the rest Rupees 5 per mensem, when marching in the field, or on foreign service. When on general or sick leave, they will forfeit one-fourth of their salaries.

37. Accommodation will be furnished for medical pupils in Hospital and also in College, if required. One suit of uniform clothing will likewise be supplied to them annually.

38. The Scale of pension for the Hospital Assistants will be,—

One-third of the average pay of preceding 5 years' after 15 years' service, and one-half after 25 years' service as Hospital Assistants if invalidated by a competent Medical Committee, counting from the date of their passing for the grade of Hospital Assistant.

After 30 years' service one-half of the average pay of preceding 5 years' without the necessity of producing a medical certificate.

If invalidated on account of wounds or injuries received on service, they will be allowed,—

One-third of the average pay of preceding 5 year' if under 15 years' service; one-half, if above 15 years' service as Hospital Assistants; and the full amount after 25 years' service.

39. Hospital Assistants who have been advanced to the grade of Sub-Assistant Surgeon, will be entitled to retire after completing the requisite service under the Unconvenanted Service Rules, counting their service from the date of passing their examination as Hospital Assistants.

40. Hospital Assistants will hold rank below all Native Commissioned and above all Native Non-Commissioned Officers.

Training and Education.

41. With a view to ensure a certain amount of professional training, independent of hospital practice, all Hospital Apprentices and Native medical pupils will, subject to the exigencies of the service be required to pass a given period at one of the Medical Colleges of their respective Presidencies, and attend a regular course of lectures. They will, moreover, be required to pass a Standard Examination in such College, before they can obtain promotion to the grade of Assistant Apothecary, or Hospital Assistant respectively.

42. Both classes will, as heretofore, be required to pass a preliminary examination prior to entrance into the service under the existing rules. Hospital Apprentices

will then join a European Regimental Hospital, and Native medical pupils a Native Regimental Hospital or Civil Dispensary. After 2 years' employment in these capacities, if favorably reported on, they will be allowed to join the Medical College, where Hospital Apprentices will be required to serve 3, and medical pupils, 2 years.

43. Hospital Apprentices, after passing the requisite examination, will receive the designation and pay of "Passed Hospital Apprentice" and will revert to regimental employ or join General or Station-Hospital until promoted to the grade of Assistant Apothecary.

44. In like manner, Native medical pupils will, on completing their College career, and passing the prescribed examination, receive the designation and pay of "Passed Medical Pupils," unless or until they are promoted to the grade of 3rd Class Hospital Assistant. In such case they also will join a military or civil hospital, as Subordinates, until they receive promotion.

45. On proceeding to and from the Medical College, both classes will receive free passages or a travelling allowance.

46. In order to afford junior members of the "Apothecary" class of undoubted ability and good character, an opening to further advancement, a limited number of Assistant Apothecaries after having served 5 years in that grade may, if they are specially recommended as likely to profit by the measure, and if the exigencies of the service permit, be allowed to attend the Medical College for a further period not exceeding 2 years, to qualify themselves for the grade of Sub-Assistant Surgeon. On appointment to that grade, they will be struck off the establishment of the hospital class, and join the civil body of Sub-Assistant Surgeons under the usual conditions.

47. A limited number of Hospital Assistants will also be allowed to return to the Medical College for a like purpose. A previous service of 7 years in the grade of Hospital Assistant is indispensable, as likewise is a competent practical knowledge of the English language. This opportunity of advancement will only be extended to such members of the service as are reported specially deserving by their general conduct and qualifications, and who have kept up their professional knowledge by the study of English works on Medicine and Surgery, and who are likely to be able to pass the requisite examination within the prescribed period of 2 years.

Whereas a certain Table of Fees to our Registrars was lately intended to be adopt-
ed and certified by our late well-beloved John Mathias, Lord Bishop of Calcutta, in and
for our several archdeacons; and whereas, in consequence of the death of the said
John Mathias, and of the archdeacons of Madras and Bombay having been since
made separate dioceses, and consequent also of our disapproval of many of the items
in such table from the curtailments in the stipends of the clergy:—We, Daniel, Lord
Bishop of Calcutta, have thought fit to revoke, and accordingly do revoke and cancel a
certain instrument under seal, bearing date the twentieth day of July 1831, under which
it was intended to certify such fees: And whereas we still consider that a reasonable,
certain, and consistent table for all the business hereto usually charged for and to be
done should be certified and established to prevent exaction and contention, and in
order that nothing may be unreasonably demanded or exacted or unlawfully taken by
those employed, but such as seem to us suitable, customary, and unobjectionable in
their nature and at the same time afford a moderate professional remuneration to those
Registrars whose services are thus rendered: We, therefore, as far as we lawfully may
and can, having considered and given our best consideration to the subject, do certify
the foregoing graduated scale to be in our opinion reasonable, and such as may not be
(with reference to the usages in the dioceses elsewhere) improperly taken by our Regis-
trars and Secretaries for business considered to be of a voluntary and private kind, and
where the acts done are not exclusively for Government objects or of the State, and of
a nature for which public provision is made.

And we order that a table of these fees be placed up in some conspicuous part of
the registry.

In testimony whereof, we have affixed our hand and seal, dated this thirty-first
day of May, in the Year of Our Lord One Thousand Eight Hundred and Forty-two, and
in the Eleventh of Our Consecration.

Retiring Allowances.

G. O. G. 18th March 1834, No. 112.

General Orders by the Honorable the Vice-President in Council.

Fort William, 27th February 1834.

No. 67 of 1834.—The Honorable the Vice-President in Council is pleased to direct
that the following extract (paras. 11 to 14) from a letter from the Honorable the Court of
Directors in the Military Department, No. 92, dated the 9th October 1833, be published
in General Orders.

Letter dated 22nd January 1833, (No. 13,) 1 to 9, states that, from the nature of the
orders received from time to time, some
doubts exist as to the scale of pensions which
the Court are disposed to recognize as
claimable from Lord Clive's Fund by
Chaplains retiring from ill-health before the
full period of their service and by the
widows of Chaplains, and request to be fur-
nished with fresh and explicit instructions
on the subject.

Para. 11. Chaplains who have not serv-
ed 7 years in India are admissible to the
benefits of Lord Clive's Fund in the rank
of Captain. After completing a service of
7 years, then retiring allowances are pro-
vided for, independently of Lord Clive's
Fund by the regulations conveyed to you
in our Ecclesiastical letter of 22nd Novem-
ber 1826.

12. As by the regulations announced in that letter, Chaplains may retire on the
full pay of Lieutenant-Colonels after 18 years' service, (including 3 years for a furlough,) we
have considered the widows of those who die in the service after completing
that period to be eligible to the benefits of Lord Clive's Fund in the rank of Lieutenant-
Colonel.

13. The widows of Chaplains who have completed 7 years' actual service in
India are admissible in the rank of Major, and those of Chaplains of less service in the
rank of Captain, being the ranks the pay of which is receivable by those classes of
Chaplains respectively when on furlough.

You will communicate a copy of these paragraphs to the Governments of Madras
and Bombay.

Increase of Retiring Pension.

Despatch from the Right Hon'ble the Secretary of State for India.

FINANCIAL.

INDIA OFFICE, LONDON, 17th Feb. 1865, No. 32.

TO HIS EXCELLENCY THE RIGHT HON. THE GOVERNOR-GENERAL OF INDIA IN COUNCIL.

SIR,—I have considered in Council your Ecclesiastical letter dated the 8th Decem-
ber last, No. 13, in which you recommend, for favorable consideration, the proposition of
the Bishop of Calcutta that Chaplains who may retire prior to the occurrence of a
vacancy in the senior chaplaincies, and who would consequently only receive a pension
of £292 per annum, may be admitted to the increased pension of £365 as soon as a vacancy
occurs which would render pension of that amount available.

2. On a re-consideration of the whole question and the inconvenience shown to be likely to arise from not limiting the period of Chaplains' service, Her Majesty's Government are of opinion that instead of acceding to the proposition now submitted it would be better for the interests of the service that the following rules should be published in substitution of those sanctioned in my Financial Despatch of the 30th July last, No. 186, to take effect from the 15th October last, the date of the publication of that Despatch in India:—

I.—A Chaplain retiring after completing the full period of service, as prescribed by Government Regulations, shall receive a pension of £365 per annum. This rule to come into operation in each Presidency as soon as either of the two senior chaplaincies in that Presidency is vacant.

II.—Every Chaplain shall be compelled to retire after 25 years from the date of the commencement of his service in India unless specially retained in the service by the Secretary of State for India in Council on the recommendation of the Governor-General in Council, or Governor in Council of his Presidency. This rule to come into operation in three years.

III.—During the next three years the second Chaplain may succeed to the senior chaplaincy, and the third to the second chaplaincy; but if either of them accepts that advantage, he thereby forfeits his claim to the increased pension. After three years there shall be no more appointments to the two senior chaplaincies, but the incumbents then existing, if any, may retain them, unless they fall under the operation of Rule II. The incumbents now existing, in order to entitle themselves to the increased pension, must resign before the end of three years.

IV.—The lower rates of pension payable to Chaplains compelled by ill-health to retire after a shorter period of service shall remain as at present.

Despatch from the Right Hon'ble the Secretary of State for India.

FINANCIAL. INDIA OFFICE, LONDON, 8th July 1865, No. 167.

TO HIS EXCELLENCY THE RIGHT HON. THE GOVERNOR-GENERAL OF INDIA IN COUNCIL.

SIR,—I have considered in Council your Ecclesiastical letters dated the 5th and 10th April 1865, Nos. 2 and 4, requesting information on certain questions which have arisen in connexion with the rules for the retirement of Chaplains laid down in my Financial Despatch of the 17th February 1865, No. 32.

2. In regard to the first point, as to the interpretation to be placed on the words "must resign" in Rule II., Her Majesty's Government intended "resignation of the service," and they cannot allow "resignation of the superior allowances" to be regarded as a fulfilment of the condition prescribed in the rule in question.

3. With respect to the second point on which a decision is requested, Her Majesty's Government concur with you in thinking that there would be hardship in refusing the increased pension to a senior Chaplain on retirement, in the event of the third Chaplain in the list electing to accept the promotion in lieu of the increased pension, as provided in Rule III., and will, therefore, allow the increased pension to be granted on the retirement within the prescribed period of one of the senior Chaplains, even although a permanent vacancy may not thereby be caused.

Despatch from the Right Hon'ble the Secretary of State for India.

FINANCIAL. INDIA OFFICE, LONDON, 27th Sept. 1866, No. 19.

TO HIS EXCELLENCY THE RIGHT HON. THE GOVERNOR-GENERAL OF INDIA IN COUNCIL.

SIR,—I have considered in Council your Despatch in the Financial Department, dated 11th July 1866, No. 147, in which you submit for my consideration a proposal by the Bishop of Calcutta that the period of service entitling chaplains to promotion from the junior to the senior rank should be fixed at ten years.

2. I have resolved to accede to this proposal in accordance with the recommendation of your Excellency's Government. This rule will not debar any Chaplain who may attain to the grade of senior Chaplain before the expiration of ten years from the pay and the privileges of the higher class.

(Signed) CRANBORNE.

Salaries of Senior Chaplains.

Proceedings of the Government of India, Financial Department, dated Simla, the 24th July 1867, No. 1623.

Despatch from the Right Honorable the Secretary of State for India, to His Excellency the Right Honorable the Governor-General of India in Council, dated India Office, London, 14th June 1867, No. 227.

FINANCIAL.

I have considered in Council your Financial letter, dated the 21st March last, No. 91, forwarding for favorable consideration a proposal from the Bishop of Bombay, as Acting Metropolitan, for raising the salaries of the senior Chaplains on the Madras and Bombay Establishments, from Rupees 700 to the amount allowed for senior Chaplains on the Bengal Establishment, viz., Rupees 800 per mensem, and, with reference to the reasons urged by the Bishop, I sanction the increase solicited.

Rules for the guidance of Chaplains in their official duties.

G. O. G. 9th November 1832, No. 273.—The Right Honorable the Governor in Council has been pleased in the Ecclesiastical Department, under date the 2nd instant, to publish the following revised Rules for the guidance of Chaplains in their official duties. (Vide Gazette, November 2nd, 1832, page 819.)

The Right Honorable the Governor in Council is pleased to direct that the following revised Rules for the guidance of Chaplains in their official duties, be published for general information:—

1. * * * *
2. The Archdeacon, having received his name and academical degree, his letters of orders, his nomination or appointment, and such other testimonials as he may have, will then appoint a day for the Chaplain to attend, to make the usual subscription and take the necessary oaths, previous to his being licensed.
3. * * * *
4. The Bishop's (or Commissary's) license is to be read by the Chaplain (together with a declaration of conformity to the Liturgy of the Church of England) immediately after 2nd Lesson in the morning service, on the first Sunday after his arrival at his station, a certificate of which, signed by two or more of the persons present, is to be forwarded to the Registrar of the Archdeaconry.
5. Every Chaplain shall read divine service every Sunday morning to the Europeans, Civil and Military, residing in the garrison to which he is appointed, when the whole of the morning prayer is to be read and a sermon to be preached. The evening service, with a sermon, shall also be read whenever suitable provision can be made for that purpose.
6. The Chaplain is to apply to the Commanding Officer, or the Chief Civilian in authority, to allot any convenient room which can be spared, for the purpose of divine worship, should no regular Church be established at the station or garrison to which a Chaplain is appointed; and if no such building or room can be spared, he is to apply to the Commanding Officer, requesting that a range of tents may be pitched for this express purpose every Sunday morning.
7. Should the Clergyman receive any hindrance in the discharge of his duty; should the Europeans not attend divine service, or shops be opened on the Sabbath day, the Clergyman is to make the same known (according as the case may be of a Civil or a Military nature), to the Commanding Officer or senior Civil Servant in writing; and request his interference to prevent such irregularity in future: and in the event of such complaint not being duly noticed by the Commanding Officer or senior Civil Servant, he is to forward a copy of his complaint to the Archdeacon, to be laid before the Right Honorable the Governor in Council.
8. If, from indisposition or other cause, divine service should not be performed by the Clergyman at the appointed times, a letter is to be addressed to the Archdeacon, accounting for the omission.

* Paragraphs marked with an asterisk have been revised; vide Rules in the Gazette of the 12th June 1830: No. 943, page 409.

9. The practice of baptizing in private houses is to be avoided by the Chaplain as much as possible, and the Clergyman is to attend at the place appointed for divine service on some fixed day and hour in each week, for the purposes of baptizing Soldiers' children; however, this is not to be considered as authorizing the Clergyman to decline attending at any time or place to administer private baptism to such infants as may be in a weak or precarious state of health.

10. Clergymen having obtained the Right Honorable the Governor's permission to marry those in the higher ranks of life, and that of the Chief Civil or Military Officer on the spot to marry those in the inferior orders, are to direct the attendance of the parties at the Church or place allotted for divine service in canonical hours; and at such time and place, the marriage ceremony is to be performed, except in cases of emergency, and in all such cases the cause for deviating from this Regulation is to be noted on the back of the marriage certificate forwarded to the Archdeacon.

11. In all cases in which a license is not obtained, publication of banns must be considered as indispensably necessary. The prohibition of a Clergyman of the Church of England from marrying without either banns or license does not depend upon the Marriage Act, but upon the 62nd Canon of the Church.

12. The permission to marry granted by Commanding Officers to privates under their command, as connected with the military discipline, shall be required as heretofore, in such cases, previous to the publication of banns; but such permission cannot be admitted as superceding the necessity of publishing banns or as justifying the Chaplain in performing the marriage ceremony without such publication, in any case where a license from the Right Honorable the Governor is not obtained.

13. The publication of such banns must be regularly entered in a Register for that purpose in the following form. The banns of marriage between A and B were published for the first (2nd or 3rd) time in this Chapel (or at this station) on Sunday the day of in the year of our Lord

14. *

15. Attention is to be paid by Clergymen to those seasons set apart for the feasts, festivals, and other solemnities appointed by the Church, and they are particularly to use their influence in preventing public amusements in the holy week (commonly called Passion Week.)

16. It is a bounden duty of every Clergyman to make frequent visits to the sick Europeans in the Hospital, to pray by those who wish for such consolation in their last moments, and (where it may seem proper) to administer the Sacrament of the Lord's Supper.

17. All entries in the Register of Baptism, Marriages, and Funerals are to be made by the Officiating Minister in his own hand, on the day when the Office is performed.

18, 19, and 20 *

21. The size of monuments hereafter to be erected in the Burial ground of any out-station shall be limited to seven feet in length by three and a half in breadth.

22 and 23 *

24. A Chaplain attached to a Military station on applying for leave of absence, must state that the Officer Commanding concurs in the measure, but the application must, in every case, be made through the Archdeacon to the Government.

25. No Clergyman appointed to officiate as a Chaplain to any particular station shall, on leave of absence from that station or otherwise, indirectly take upon himself the professional duties belonging to a Clergyman of a different station, while such Chaplain resides on the spot or is near enough to be communicated with (as occasion may require,) and is capable of performing such duties, unless his consent be previously obtained.

26. Any Chaplain who may be absent from his station without leave, shall be considered to have forfeited the whole of his allowances for the period of his unauthorized absence, unless the penalty be expressly remitted by Government, and any Chaplain exceeding his leave shall be held by the Civil Auditor to be absent without permission for the time of such excess.

27 and 28. *

29. Leave of absence, when solicited for the purpose of visiting any place on the Continent of India, shall not be granted for a longer period than six months, but will be extended at the discretion of Government, on due and sufficient cause being shown.

30. Any Chaplain desiring to visit the Presidency, with the intention of making a voyage to sea for the benefit of his health or otherwise, shall be required distinctly to

specify in his application the period of leave necessary for the first purpose, at the expiration of which renewal leave shall be given, for periods not exceeding one month, until he finally avails himself of the further permission to quit the Presidency, on which occasion the vessel on which he embarks must be duly reported.

31. Any Chaplain arriving at the Presidency, whether from the interior of the country or from abroad, shall report his arrival to the Secretary to Government, in the General Department, as well as to the chief ecclesiastical authority at the Presidency.

32. *

33. One day will be allowed for every ten miles of distance as recorded in the office of the Quarter Master General, a week being given over and above this allowance for preparation for the journey. If, under special circumstances, a longer period shall be found necessary, an application may be made to Government for an increased allowance of time or leave of absence for the excess.

34. Chaplains absent from their stations with the leave of Government, whether on account of sickness or of their private affairs, for a period not exceeding one month in the year, shall not be subject to any deduction from their allowances.

35. Chaplains absent from their stations on account of private affairs for a continuous period exceeding one month in the year, shall forfeit 1-8th of their allowances during the whole time of their absence.

36. Chaplains absent from their stations on certificates of ill-health for a continuous period exceeding one month in the year, if within the limits of the Presidency, shall forfeit 1-6th of their allowances during the whole time of their absence; Chaplains proceeding to sea, or beyond the limits of the Presidency, on certificates of ill-health for a continuous period exceeding one month in the year, shall forfeit 1-8th of their allowances for one year, and 1-6th for the next six months of their absence.

37. Chaplains absent from their stations whether on account of sickness or private affairs, for a period exceeding 18 months, shall forfeit their appointment, and thereafter receive only an allowance of 244 Rupees per mensem, until they obtain a new appointment.

38. *

39. All applications for change of station must be made direct to the Right Honorable the Governor or his Private Secretary.

40. The Chaplains are amenable to the Ecclesiastical tribunals for such offences only as would render the clergy of the Established Church amenable to the Ecclesiastical tribunals in England, and for all other offences they are liable to be tried as all other Europeans in India are, by the ordinary tribunals of the country. If, however, the offence should be committed out of the jurisdiction of the Court, and in places where the rest of the Community are subject to military law, in such a case, and in such a case alone, they are subject also to military law, for all offences of temporal cognizance.

41. On leaving the archdeaconry, it is the duty of every Chaplain to apply to the Archdeacon for testimonials under the Episcopal seal. If testimonials are also obtained from two Clergymen in the archdeaconry, they should be countersigned by the Archdeacon.

G. O. G. 26th March 1838. No Clergyman is to carry on any trade or traffic whatsoever, directly or indirectly.

Fort St. George, 12th June 1840, No. 948.

June 2, 1840. The following Rules for the guidance of Chaplains and Assistant Chaplains, revised under instructions from the Honorable the Court of Directors, are published for general information in modification of the order of Government, dated 30th July 1839.

1. Every Chaplain, and Assistant Chaplain on his arrival at the Presidency from England or elsewhere, must report the same to the Secretary to Government in the General Department, as well as the chief ecclesiastical authority in the diocese.

2. Every Chaplain and Assistant Chaplain must report his arrival at his station to the chief ecclesiastical authority in the diocese, to the Civil Auditor, and to the Chief Civil or Military authority of the station.

3. Funerals are to be appointed at sunrise and sunset, and the Clergyman is to attend at the latter time if he receives notice of a funeral before 3 o'clock P. M., but if the notice arrives after that hour, the interment is to take place on the morning following; cases, however, may occur, which may require a deviation from the General Rule.

4. Commanding Officers in 'conconcurrence with the Chaplain' will fix the time for performing divine service on Sundays to soldiers.

5. Attested copies of the Registers of Baptism, Marriages, and Funerals must be transmitted regularly every three months to the Registrar of the Archdeaconry, namely, on the 31st May, 31st August, 30th November, and 28th February.

7. The Chaplain is to enter carefully all the marriages, baptisms, and burials of soldiers and their children, in the Regimental Register book of the respective European corps, as well as in the usual Register kept by the station Chaplain.

8. The Chaplain of every station, where any of Her Majesty's Regiments are stationed, must forward to the Registrar of the archdeaconry, for transmission to the Chaplain-General's office half-yearly, and for any broken period that may occur previous to his leaving the station in which he is employed, a copy duly signed by himself and by the Officer in command of the station, of the Regimental Registers of marriages and baptisms now kept in conformity with the General Regulations on this subject.

9. The Chaplain at a Military station is to visit regularly, at least twice in each week, the European Hospital or Hospitals. He is carefully to superintend and inspect the European Regimental and other schools, visiting them for this purpose not less than once a week, and to present any matter concerning their management to the Commanding Officer, which may require his notice. Provided, however, that in the performance of the above duties, he shall not interfere with the religious persuasion of those who do not profess the tenets of the Church of England. He is to report to the Commanding Officer on the 1st of January and the 1st of July in each year, and oftener, if necessary, the state of the European Regimental Schools, the qualifications and conduct of the master and proficiency of the scholars.

They resemble Military and Naval Chaplains who are unbeneficed Clergymen, liable to be removed from place to place at the discretion of the Government."

11. A Chaplain directed to visit the out-stations of his district periodically, is permitted to draw travelling allowance at the rate of 200 Rupees per mensem, calculated at the rate of one day's allowance for every ten miles, allowing for a halt on the seventh day; provided, however, that the allowance drawn on this account shall, in no case, exceed 200 Rupees per mensem. The documents required in support of the travelling expenses of the Chaplains will be—first, the order or authority of the Lord Bishop for proceeding on such journey; and, secondly, their own declaration on honour that the journey so authorized has been performed.

14. Any Chaplain returning to the Presidency after a sea-voyage for the recovery of his health or otherwise, shall (unless the contrary is specially sanctioned by Government) be required to re-join his station within the time that may be prescribed for travelling to the station to which he stands appointed.

15. When a Chaplain proposes to quit his principal station for the occasion of visiting any of his appointed smaller stations, or when he intends to apply for temporary leave of absence, he must give timely notice to the chief Civil, and Military resident authorities (and state in his application for leave that such has been done), in order that if there be any cogent reasons against the absence of the Chaplain, they may be submitted to the Governor in Council.

FINANCIAL DEPARTMENT.

NOTIFICATION. Simla, the 31st July 1868, No. 1491. Subject to confirmation by the Right Hon'ble the Secretary of State, the Governor-General in Council is pleased to promulgate the following rules regarding leave of absence to Chaplains in supersession of all previous rules and orders on the subject.

The rules will take effect from the 1st day of August 1868.

Rules regarding leave of Absence to Chaplains.

Definitions.

I. In the following Rules, "Actual Service" includes the period during which a Chaplain is on duty, also periods spent on privilege and subsidiary leave, and periods during which a Chaplain not on leave may be out of employ in India.

"Extraordinary Leave" means any leave granted otherwise than under these Rules.

"Long Extraordinary Leave" means Extraordinary Leave extending beyond a period of three months.

"Long Furlough" means furlough extending beyond a period of three months.

"Salary" includes acting allowances.

"A Chaplain's Station" means that station to which he stands appointed, or such other place as the Government to which he is subordinate may determine.

CHAPTER I.

Furlough.

II. The maximum period of furlough which can be granted to any Chaplain during the whole period of his service is limited to six years.

III. Subject to the above limit, two years' furlough shall be placed to the credit of each Chaplain after the completion of the first seven years of actual service, and one year's furlough after the completion of every additional four years of actual service.

IV. Except under Rule VIII., no furlough shall be taken until credit under Rule III.

V. Except under Rule VIII., (b) furlough shall not be repeated until three years from the date of the last return from long extraordinary leave, or long furlough. Leave taken under Chapters II. and III., but no other leave, shall be reckoned as part of the said three years.

VI. The maximum term of furlough to be taken at any one time shall be two years.

Per annum.

Archdeacon and the Senior Chaplain of the Church of Scotland.	...£600
Senior Chaplains and Senior Chaplains of the Church of Scotland.	..£500

VII. Except under Rule VIII., a Chaplain, when on furlough, shall be granted allowances at the rates noted in the margin.

VIII. Under medical certificate—

(a.) Furlough may be taken on the above conditions without reference to the amount at credit under Rule III.

(b.) Furlough for a period not exceeding one year may be taken, even if less than three years have elapsed since the last return from long extraordinary leave or long furlough. When on furlough under this clause, a Chaplain shall be entitled to only the allowances noted in the margin, unless he has completed six months' actual service since his last return from long extraordinary leave, or long furlough, and there remains some leave to his credit, under Rule III., in which case a Chaplain shall draw the full allowances mentioned in Rule VII., until that credit be exhausted, but in no case for a period exceeding one year.

	Per annum.	
Archdeacon and the Senior Chaplain of the Church of Scotland.	...£480	
Senior Chaplains	...£384	
Junior do. do.	...£300	

(c.) Furlough taken without medical certificate, or under clause (a) of this Rule, may be extended beyond two years for a period not exceeding one year. During the period of extension of furlough beyond two years under this clause, a Chaplain shall be entitled to the allowances mentioned in the margin of Rule VII. (b.)

IX. Furlough taken or extended under Rule VIII., shall be subject to the provision of Rule II.

X. Furlough taken in India shall be reckoned from the date of the Chaplain quitting his station to the date of his return thereto. Furlough taken out of India shall be reckoned from the date of embarkation to the date of return.

In the event of the furlough being taken partly in India and partly out of India, the commencement and termination of the furlough shall be determined by the above Rules, according as the furlough begins or ends in or out of India.

XI. For the interval elapsing between departure from his station and the commencement of furlough, and between the termination of furlough and the re-arrival at his station, a Chaplain shall be allowed subsidiary leave not ordinarily exceeding in each case thirty days. During those periods, his allowances shall be the same as during the furlough to which the said leave is subsidiary.

XII. Subject to the exigencies of the service, both as regards the number of furloughs available at any one time and as regards individual applications of which exigencies the Government of India, Madras or Bombay, as the case may be, shall be exclusively the Judge, furloughs shall be granted under these Rules.

XIII. All applications for furlough under medical certificate, in accordance with these Rules, shall be granted without restriction.

XIV. If, owing to the exigencies of the service, it may be necessary to place any limit on the number of Chaplains who may be absent on furlough at the same time, applications not supported by medical certificate shall be granted in the following order:—

The applicant, to whose credit the greatest amount of furlough remains under Rule III., shall have the preference.

If two or more applicants are on an equality in this respect, the preference shall be given to the applicant whose actual service in India is longest, reckoning, in the case of a Chaplain who has not taken long extraordinary leave or long furlough, from the date of his arrival in India, and in the case of a Chaplain who has taken long extraordinary leave or long furlough, from the date of his last return from such leave or furlough.

If two or more applicants are equal in both respects, the preference shall be given to the senior in the Gradation List.

CHAPTER II.

Privilege Leave.

XV. Subject to the exigencies of the State, a Chaplain who has completed five months' continuous duty, may take privilege leave for one month without deduction from his salary of house-rent, but with loss of conveyance and jail allowances.

XVI. In the same manner, and under the same conditions, two or three months privilege leave may be taken when a Chaplain has completed continuous duty of ten months and fifteen months respectively.

XVII. If a Chaplain shall overstay his privilege leave, he shall forfeit all salary during the time of his remaining so absent.

CHAPTER III.

Special Leave.

XVIII. Special leave on urgent private affairs may be granted at the discretion of the Government for a period not exceeding six months. In respect of allowances to be drawn during the leave and of subsidiary leave, the conditions of special leave shall be the same as those prescribed for furlough under Rules VII. and XI.

XIX. Rule XVII. shall, mutatis mutandis, apply to a Chaplain overstaying special leave.

XX. Special leave may be repeated without allowances after intervals of, at least, six years' actual service.

CHAPTER IV.

General.

XXI. Applications for leave shall, in all cases, be submitted in such manner as the Governor-General of India in Council may, from time to time, prescribe.

XXII. Furlough, privilege leave, and special leave shall not be taken as such in continuation of each other, but if a Chaplain absent on one of these classes of leave be allowed to change it for another, the whole period of his absence shall be held to be under the class of leave for which it was changed.

XXIII. Subject to consideration, of State, there shall be no restriction as to the places where a Chaplain may reside when on leave.

XXIV. Leave allowance shall be payable monthly if payment is taken in India, and quarterly if payment is taken in England. When furlough is taken in England at advance of the first quarter's allowance, may be made in India. Such advances shall not be recoverable in case of death.

XXV. The term of residence qualifying for pension shall be, in the case of Chaplain appointed before the 11th January 1854, 15 years, and, in the case of Chaplains appointed on or after that date, 17 years; but no leave, except privilege leave and subsidiary leave, shall count as residence.

Travelling allowances at the rate of 8 Annas a mile per road, and 3 Annas a mile per rail, will be allowed to a Chaplain who has already no charge for his joining a station to which he may be appointed either substantively or officiating, also to a Chaplain on his permanent transfer from one appointment to another under the orders of Government, and not at his own request. Provided that on return from furlough or any other leave, a Chaplain will join his station at his own expense. If his appointment has been changed during his absence, he will draw travelling allowance for the excess distance, if any, between his old and new stations from the Presidency at the rates above-mentioned.

II. If, while absent on privilege leave, a Chaplain is required to perform duty for an absentee at a station other than his own, he will draw travelling allowance at the rates in Rule I. from his own station to that at which he is required to do duty.

III. Travelling allowance at 12 Annas a mile by road, and 3 Annas a mile by rail, will be given to a Chaplain sent to officiate at other stations, or visiting out-stations, provided he proceeds farther than 5 miles if in receipt, at his own station, of conveyance allowance, or farther than three miles if not in receipt of that allowance. This rule is applicable to Chaplains of the Church of Scotland, Clergymen of the Additional Clergy Society, Missionaries of the Society for the Propagation of the Gospel, and the Church Missionary Society, and Roman Catholic Priests when visiting out-stations.

IV. If any Chaplain or other person to whom Rule III. applies obtains a free pass on any railway for visiting railway stations on the line, his travelling allowance by rail will be limited to 1½ Annas per mile.

V. A Chaplain officiating at a station to which a conveyance allowance is attached, will draw that allowance during his stay at the station.

VI. A Chaplain may exchange the mileage admissible under Rule III. for an allowance of Rupees 6 a day for the period of absence from his principal station; but should he do so, he will not be entitled to any conveyance allowance under Rule 5.

VII. A Chaplain in receipt of conveyance allowance for a station will forfeit it when absent from his station on gazetted leave, but not when visiting another station, and retaining substantive charge of his own.

Parties desirous of being married should apply direct to some Surrogate residing near them; but from places where there is no Surrogate, application should be made to the Registrar, who will procure a commission under the Episcopal seal authorizing some person to administer the usual oath and grant the necessary license. None but a Clergyman of the Church of England can marry by virtue of an Episcopal license.

In the case of a minor in H. M.'s or the Honorable Company's services, the written consent of the Governor must be obtained previous to the publication of banns or the granting of a license.

Further information, respecting marriages can be obtained on application to the Registrar of the Diocese, (R. Murphy, LL.D. and D.C.L., Bangalore.)

Ecclesiastical Fees.

The following amended rules for the levy of Ecclesiastical fees have been framed in supercession of those which appeared under Notification No. 546, dated 18th September 1868.

I.—No fees are charged for the performance of the rite of baptism or burial, or for the registration of the performance of these offices.

II.—In addition to the fee of the Surrogate's license, a fee of Rs. 10 shall be charged on all marriages by license, except the marriage of Officers and others in the Military or Naval Service of Her Majesty.

III.—The fee for the Surrogate's license shall be Rs. 50 both at Presidency Towns and in the interior. No fee will be charged on marriages by banns.

IV.—When registers are searched and copy of any entry given, a fee of one Rupee shall be charged for the first year* and four annas for every additional year over which the search may extend; as well as a fee of one Rupee for the certificate. Soldiers, Sailors, and Non-Commissioned and petty Officers are exempted from payment.

V.—A fee of eight annas for every square foot of ground occupied shall be charged for the construction of any masonry grave in a burial ground.

VI.—A further fee of one Rupee per square foot shall be levied on the erection of a monument in a burial ground, provided, however, that for a simple headstone or flat slab of the size of an ordinary headstone, an uniform fee of Rs. 15 only shall be charged. A fee of Rs. 75 shall be levied on a faculty for the erection of a monument in a Church.

VII.—The fee levied on the construction of masonry graves and the erection of monuments, shall form a fund for keeping the burial ground and Church compound in order, except in Calcutta and Bombay, where they will be credited to Government.

VIII.—British Soldiers and Non-Commissioned Officers are exempted, with retrospective effect, from the payment of any fee for the construction of masonry graves, or for the erection of monuments in burial grounds of the memory of their comrades, wives or children. No monument, however, either in regimental or private, shall exceed six square feet, and no masonry grave shall occupy more ground than an area of eight feet by four. The simple stone slab or headstone should generally be adopted.

IX.—The Chaplain may at his discretion reduce, or altogether remit, in cases of extreme poverty, the fee for searching registers and making copies, as well as the fee leviable on the construction of masonry graves, but not for the erection of monuments.

X.—The fees prescribed in these Rules should be paid to the Chaplain, or, in the absence of the Chaplain, to the Officer in charge of the burial ground, and shall be duly accounted for.

E. C. BAYLEY,

Secy. to the Govt. of India.

Duties of Lay Trustees.

I. Two Lay-Trustees are appointed to each Chaplaincy or station where there is property belonging to or held in Trust for the Church of England.

II. At civil stations, or Joint Civil and Military stations, the senior Civil Servant should be appointed a Trustee, provided that he is a communicant of the Church of England, and has no objection to hold the office. At Military stations, the Officer Commanding the Cantonment or Garrison under the same provision. When these Officers are unwilling to hold the office, the Officer next in seniority (Civil or Military as the case may be), if qualified as above, should be nominated.

III. The second Trustee may be any communicant resident at the station, nominated by the Chaplain, and approved by the Bishop.

IV. When the office of either Trustee is vacant, the Chaplain should report the circumstance to the Lord Bishop for the information of Government, and at the same time nominate a duly qualified person to fill the vacancy.

V. The duties of the Trustees are in many respects similar to those of Church Wardens in England. They are appointed to see that the Church and Churchyards or Cemetery,* are kept in good order and repair, to provide for the preservation of the property belonging to the Church, to present to the Bishop or Archdeacon, either on their visitation or immediately by letter, whatever is wrong or irregular on the part either of the Chaplain or the congregation, and to aid and assist the Chaplain in the performance of his duties.

VI. During the absence of the Chaplain or other licensed Clergyman, one of the Lay-Trustees, is, in ordinary cases, the proper person to read the service and a sermon on Sundays and to take charge of the Register and other books connected with the Chaplaincy.

N.B.—It is to be borne in mind that Lay-Trustees have no power to interfere in the administration of Divine Service, but merely to represent to the Ecclesiastical authorities whatever they may deem objectionable. Their office in this respect is one of observation and complaint, not of control.

VII. The Lay-Trustees, in conjunction with the Chaplain or Minister, form a Committee of Management on all Church matters, and should meet for business once in each month, or oftener if necessary. The assignment of seats in Church, and (in places where they are authorized) the collection and disbursement of pew rents, the management of school and charity funds, should be supervised and arranged by the Committee at their meetings.

VIII. All indent, letters, proceedings, and other papers emanating from a Church Committee, are to be signed by both the Lay-Trustees (unless for special reasons, which are always to be assigned), as well as by the Chaplain; and all indent, letters, &c., received or sent, are to be entered in a correspondence book distinct from that of the Chaplain, and should be produced for examination at meetings of the Committee.

IX. The Chaplain, or Officiating Chaplain or Minister present, as a mark of respect due to religion in the person of its Ministers, presides at all meetings of the Committee of Management and signs all proceedings and letters as President, and the two Lay-Trustees in the order of their relative rank.

X. The Church Committee are responsible that no alteration is made whether in the Church or Churchyard without representing the matter to the Archdeacon, who will, except in matters of trifling importance, bring it before Government for their sanction.

XI. When any addition, alteration, or improvement to a Church or other Ecclesiastical building is considered necessary, or when any new building is required, the subject should be brought with full explanation to the notice of the Bishop, who, if approved by him, requests the Archdeacon to

submit the same for the consideration and orders of Government, on whose approval the necessary plans and estimates (if not previously furnished) are called for from the Public Works Department.

XII. All ordinary repairs to Ecclesiastical buildings in the provinces, the cost of which does not exceed Rupees 50, are effected, and all trifling articles within the same limit are supplied on the direct application of the Church Committee in the provinces by the District Executive Engineer, and at the Presidency by the Barrack Master. Contingent charges for the supply of matting, blinds, and other articles of a similar kind necessary for each Chaplaincy, not exceeding 50 Rupees per annum, will be entered in a Contingent bill, which should be submitted for the approval of the Archdeacon.

Marriages in India.

Between persons professing the Christian religion, or one of whom professes such religion, are solemnized under the provisions of Act V. of 1865; and the necessary rites and ceremonies can be legally performed only by either one who has received Episcopal ordination, a Clergyman of the Church of Scotland, a Marriage Registrar, a Minister of religion who has been licensed, or a person similarly licensed in respect of Native Christians.

One of the parties, or both, intending marriage, have to serve a Notice in the following form or to the like effect on the Minister, &c., whom he may desire to solemnize the marriage:—

To the Rev. John Brown, a Minister of the Free Church of Scotland, at Calcutta.

I hereby give you notice that a marriage is intended to be had within three calendar months from the date hereof, between me and the other party herein named and described, (that is to say)—

Name.	Condition.	Rank or Profession.	Age.	Dwelling place.	Length of residence.	Church, Chapel, or place of worship in which the marriage is to be solemnized.	District in which the other party resides, when the parties dwell in different Districts.
James Smith.	Widower.	Carpenter.	Of full age.	16, Clive Street.	23 days.	Free Church of Scotland Church; Calcutta.	
Martina Green.	Spinster.		Minor.	20, Hastings Street.	More than a month.		

Witness my hand, this sixth day of July, one thousand eight hundred and sixty-five.

(Signed) James Smith.

Words in *italics* are to be filled up as the case may be, and the blank division is only to be filled up when one of the parties lives in another District. The "length of residence" should not be less than 4 days, and if of a longer period it may be described as one month and upwards. Clergy of the Church of England cannot perform the ceremony in a private dwelling without a special license, nor can other Ministers, &c., ordinarily in any Church, Chapel, or place of worship, in which they are not entitled to officiate.

The notice thus served is to be published and affixed in some conspicuous part of the Chapel where the marriage is intended to be solemnized, or if in a private dwelling, and in case either party, not being a widow or widower, is under 21 years of age to be sent to the senior Marriage Registrar of the District, for the purpose of being posted in his own office, and a copy is to be transmitted by him to the other Registrars of the District for a similar purpose.

One of the parties has after this to appear personally before the Minister, &c., served with the notice, and to make a solemn declaration that he or she believes that there is not any impediment of kindred or affinity, or other lawful hindrance, to the marriage; and when either or each of the parties, not being a widower or widow, is under the age of 21, that the consent of the person whose consent to such marriage is required by law has been obtained thereto, or that there is no person resident in India having authority to give such consent, as the case may be. The consent of the father, or, if the father be

dead, the guardian or guardians, or one of them: or, if there be no guardian, the mother is required to the marriage of a minor, unless none of these reside in India. The same parties have power to forbid a marriage, which must be done by notice in writing addressed to the Minister, &c., applied to solemnize the marriage.

If no lawful impediment, according to the law of England, be shown, and if the marriage be not forbidden by the persons and in the manner just alluded to, or, if forbidden, the prohibition be withdrawn, the Minister, &c., will, on being required so to do, issue, under his hand, a *Certificate* of notice of marriage having been given, and of the necessary declaration having been made in respect of such marriage.

After the issue of the certificate, the marriage may be solemnized according to such form or ceremony as the Minister shall see fit to adopt, but it must be in the presence of at least two witnesses, and between the hours of 6 A. M. and 7 P. M. If the Minister be one who has received Episcopal ordination, or a Clergyman of the Church of Scotland, then the rules, ceremonies, and the customs of the Church of which such person is a Minister, shall be observed. If the marriage be not performed within two months after the date of the certificate, a fresh notice, &c., will have to be issued.

In respect of *Native Christians*, no notice or certificate is required in the manner described above; but, on the following conditions being fulfilled, a certificate of marriage shall be granted by a person duly authorized to do so, viz.—(1), that the age of the man intending to be married shall exceed 15 years and the age of the woman 13 years; (2) that the man and the woman shall not stand to each other within the prohibited degrees of consanguinity or affinity; (3), that neither of the parties intending to be married shall have a wife or husband still living; (4), that in the presence of the person so licensed, and of at least two witnesses, each of the parties shall say to the other, "I call upon these persons here present to witness that I, A. B., in the presence of Almighty God, do take thee, C. D., to be my lawful wedded wife (or husband)," or words to the like effect, and (5), that such declaration be made between the hours of 6 A. M. and 7 P. M.

The following offences are rendered penal by Act XXV. of 1864:—

False oath, declaration, notice, or certificate, for procuring marriage.

Forbidding the issue of a Marriage Registrar's certificate by false representation.

Solemnization of marriage by one not duly authorized.

Solemnizing marriage at an unauthorized hour, &c.

Solemnizing marriage, when either party is under age, before expiry of 14 days after notice.

Issue of certificates or solemnization of marriage without publication of notice, &c.

Grant of certificate of marriage by unlicensed person under Part V. of the Act.

False entries in Registers.

The 3rd class to receive at the rate of 10 Rupees per mensem, inclusive of all expenses. Magistrates despatching native witnesses will inform the Commissioner of Police the classes to which they belong.

Whenever practicable, prosecutors and witnesses should travel by rail or steamer.

The boarding allowances at Madras will cease as soon after the trial as the means of quitting the Presidency become available. The Commissioner of Police will see that this rule is adhered to.

Mofussil Magistrates will make reasonable advances to persons desiring it, to enable them to reach Madras. Intimation of such advances must be immediately made to the Commissioner of Police, who is to refund the amount to the officer making the advance.

The Magistrate of the District from which prosecutors and witnesses are despatched will report to the Commissioner of Police the date of their departure, and will instruct them to report themselves to that officer on their arrival at Madras. Their departure should be timed with reference to the date of the Sessions, which is always duly notified in the Fort St. George Gazette.

Rates for conveyance of Passengers.

[illegible]

NOTES.—Passengers' Luggage.—Each passenger travelling by Horse or Bullock Transit (except up the Coonoor Ghat when no luggage is allowed) will be allowed 40 lbs. of luggage free of charge; but no luggage allowed for Servants.

To ensure regularity and arrival at destination in time, luggage in excess of this weight should be delivered at the Company's Offices (it will be sent for if an order is given) three clear days before the departure of passengers themselves. Spring Trolleys and Carts are kept expressly for the conveyance of baggage and furniture.

2. **COOLIES.**—In all cases where the Company supply coolies, charging a fixed rate of each, they will not take any responsibility beyond that of supplying the number ordered. After the coolies are supplied they are the servants not of the Company, but of the Passengers. Luggage, &c. conveyed by coolies so-supplied, is entirely at owner's risk. This especially refers to carriages; the Company have rates for the removal of Carriages between their various Agencies, and when a carriage is handed to them for removal, these rates are charged and the Company hold themselves responsible for the safety of the vehicle, but when they are asked merely to supply coolies to take the carriage from one place to another, the Company will supply the coolies but in all such cases the work will be done *without any supervision from the Company* and entirely at owner's risk; the Company will not take any responsibility.

COONOOOR GHAT.—Palanquins, Tonjons, Bearers and Coolies, can only be supplied for the ascent or descent of this Ghat to those Passengers who travel by the Company's Conveyances over the other parts of the road. This rule is rendered necessary by the expense and difficulty experienced by the Company in getting their empty conveyances returned.

Bearers and Coolies will not work up this Ghat between the hours of 8 A.M. and 3 P.M. Passengers are therefore respectfully requested to arrange for the ascent of the Ghat, leaving Kullar before 8 A.M. or after 3 P.M.

Passengers can only be booked at intermediate Stations, when the Company's Conveyances are not engaged by parties Travelling on through-Tickets. The Company do not guarantee to set down Passengers at places other than their own Stations unless special arrangements are made.

Refreshment rooms with beds and baths attached for the convenience of travellers by the Company's conveyances are kept at Pothanore, Mettapallium and Coonoor.

If any such goods be shipped without notice, the Shippers will not only be liable to the penalties imposed by Statute, but also for all damages sustained in consequence of such shipment.—(See Extract from the Merchant Shipping Act, at p. 17.)

N. B.—The Baggage of Passengers proceeding via Trieste or Italy, must be shipped at Southampton, so as to ensure its arrival at Suez a week in advance of the Passengers to whom it may belong. Non-compliance with this regulation is likely to involve loss or detention of the Baggage in Egypt.

Passengers making their own arrangements for transit through Egypt must claim their Baggage on the Outward Route at Alexandria, on the Homeward Route at Suez, as it will not be conveyed through Egypt under the terms of the Company's Contract with the Transit Administration.

BRITISH INDIA STEAM NAVIGATION COMPANY.
INFORMATION AND GENERAL REGULATIONS.

PASSENGERS.

The rate of Cabin passage-money includes Table, but not Wines or Liquors, which are provided on board, and charged as per scale in possession of the Steward. Bedding, linen, and all requisite Cabin Furniture are provided in the Steamers at the Company's expense.

The full amount of passage-money is payable on accommodation being secured. Parties failing to embark after securing accommodation to have half the passage-money returned.

Return-Tickets, available for one month from date of landing, are issued to Cabin Passengers only, at a reduction of one-fifth on the return passage-money. Passengers holding Return-Tickets, and travelling on board the Steamers after this period, will be charged on board with a fifth part of the return passage-money, if not previously paid on shore to an Agent of the Company.

No berth can be occupied by any passenger without application to the Agents on shore, or the Steward on board.

During the North-East Monsoon, when all the berths are engaged, Quarter Deck passages are granted to gentlemen entitling them to mess at the Cabin Table. Quarter Deck passengers are allowed space for a bed on the poop, which must be rolled up during the day, and a trunk or portmanteaux of 5 cubic feet.

A number of the Steamers are provided with forward-cabin; and when such accommodation is available, second-class passages inclusive of table are granted at half of first-class rate.

Servants, being Deck Passengers, must not sleep in the Saloon nor enter the Saloon Cabins, except when in actual attendance on their masters.

European servants half of first-class fare. European maid-servants occupying a berth in their mistress's cabin, two-thirds of first-class fare. Native servants on deck, ordinary deck fare.

The rate of passage for Deck Passengers does not include diet, but they can be dieted on board as per scale in possession of the Steward.

One child under three years of age, if, with the parent, free. When more than one, each child additional will be charged one quarter fare. Children above three and under ten years, half fare. Children are not allowed in Cabin unless accompanied by an adult Cabin Passenger.

Passengers are strictly prohibited carrying Gunpowder, Sulphuric Acid, or any other material which might occasion accident on board the Steamers.

Passengers must comply with the Regulations established on board for general comfort and safety.

Passengers proceeding to Bombay from Calcutta may land at Madras, and proceed by rail to Bepore, and meet the Steamer there or at Calicut.

Passengers from Bombay to Madras and Calcutta may land at Bepore and take the Railway to Madras; the 1st-class Railway fare between Madras and Bepore is Rs. 24.

NOTE.—The following are the fixed Ports of call at which all the fortnightly Steamers on this line touch (weather permitting); viz., Bimlipatam, Vizagapatam Coconada, Madras, Negapatam, Galle, Tuticorin, Cochin, Calicut, Cannanore, Mangalore, and Carwar. The Ports at which the Steamers only occasionally call, also those at which the Steamers call every alternate fortnight only, will be found in the Time Tables. Until further notice all the Steamers will call at Gopaulpore and Bepore.

During the S. W. Monsoon, viz., from the beginning of June to end of August, the Steamers do not communicate with the Ports of Mangalore, Cannanore, Calicut, and Cochin; but Passengers for these Ports and the Neilgherries may be landed at Narrakal six miles north of Cochin, from whence they may proceed by back water to Stations on the Madras Railway.

BAGGAGE.

Each adult Cabin passenger is allowed 3 cwts. of personal baggage. Any baggage in excess will be charged at Cargo rates with 25 per cent. added.

Packages containing Jewellery, Plate, or other valuables, must be specially booked, and freight paid thereon.

European servants, and children over three years of age, are allowed 168 lbs. of personal baggage. Deck passengers allowed 56 lbs. each.

Passengers are requested to note that the Company will not be responsible for any loss or damage to baggage under their own charge.

FREIGHT.

All packages shipped on board the Company's Steamers must be well packed; have a distinctive mark in English, and the Port of destination also inscribed on each in English.

Although the Company's Steamers for the most part trade to free ports, all packages shipped on board must be accompanied by a registered Custom House pass. Non-compliance with this Regulation will subject shippers to detention in having their goods put on board, till a pass from the Custom House is obtained.

Freight on all packages must be pre-paid at port of shipment.

The Company reserves to itself the power to charge by weight, measurement, or value, and is not accountable for damage arising from insufficiency of address or packing; nor for damage, leakage, or breakage to re-exported goods.

For general facility, the Company reserves to itself the power of landing cargo at the ports of delivery in its own or hired boats, and when landed, to deposit the same on wharf, in receiving vessel; or in store; charging consignees with the expense of landing and storing, according to a scale of rates to be seen at the Offices of the Agents. Goods so landed to be at risk of consignees after being discharged from the Steamer.

The Company does not guarantee that the Steamers shall have room at ports of transshipment, nor that there shall be no delay there.

The correct contents of all packages must be stated in Bills of Lading. Packages containing Gunpowder, Sulphuric Acid, or any other material which might occasion accident, are strictly prohibited from being shipped on board the Steamers.

Packages weighing more than 3 cwt. (excepting bales and boxes of manufactured goods) are only carried at advanced rates of freight, and by special agreement.

When, owing to bad weather or other causes, goods cannot be safely landed at their destination within the time stipulated for stoppage at such port in the Company's Mail Contract with Government, the Company reserves to itself the right to convey them to the next port on the voyage or to the final port of call, to be returned thence by one of the Company's Steamers having space, at the Company's expense and merchants' risk and the consignees cannot claim indemnity for such delay nor the consequence thereof.

A written declaration of the contents and value of goods is required by the Company and must be delivered by the shipper to the Company's Agent with the Bill of Lading. A wrong description of contents or false declaration of value shall release the Company from all responsibility in case of loss, seizure, or detention, and the goods shall be charged double freight on the real value, which freight shall be paid previous to delivery.

The Company will not be liable for any single package of cargo beyond the value of five hundred Rupees, unless additional freight at half specie rates has been paid on value above five hundred Rupees, and in all cases where claims are made, proof of loss must be furnished.

Single packages and parcels, not exceeding 2 feet in measurement, are charged Rs. 2-8 under 1,000 miles; under 2,000 miles, Rupees 5; over that distance, Rupees 10.

Bills of Lading are only signed on the Company's forms, which may be had of the Agents at the several ports. These must be presented and delivered up, and cancelled before delivery of goods can be granted.

HORSES, CATTLE, &c.

The rates of conveyance for animals are exclusive of food, and all animals are carried on deck at shipper's risk.

The charge for conveyance of horses includes passage of a syce in attendance on each horse and space for fodder, which must be provided by the owner.

Horse boxes are not provided by the Company.

Shippers of horses are recommended to remove the shoes and to provide coir matting for the animals to stand on to prevent them slipping with the motion of the vessel.

The object of this Institution is to afford a thoroughly liberal and Christian education. The generous bequest of the late Captain Doveton, united with the funds formerly collected for a Protestant College, has enabled the Committee to make arrangements for the efficient carrying out of the object they profess.

In the Primary School the instruction is elementary: in the High School it is the attempt of the masters to give a thorough classical and mathematical education equal in every respect to that given in the public schools in England.

The Collegiate Department was re-opened in February 1866. The curriculum embraces the subjects specified by the Syndicate for the F. A. and B. A. Examinations of the University, together with Greek Testament and Theology.

The following gentlemen are the Educational Officers of the Institution:—

Principal—G. Thom, Esq., M.A.

4. That the two remaining Scholarships shall be given to pupils coming from other Institutions on the same terms, provided such pupil hold higher places at the University Matriculation Examination than Doveton Students, excluding those holding Scholarships.

5. That the Scholarships shall be Rs. 10 each per mensem, for Matriculated Students, and Rupees 20 and 15 for F. A. Students according as they shall attain the first and second class respectively.

6. That any of the above Scholarships shall be tenable together with a Government Scholarship but with no other.

7. That unauthorized absence, continued absence for two months from whatever cause and misconduct, shall involve forfeiture of Scholarship and that such Scholarship shall be available for other Students according to the principles laid down in Rules 3, 4, and 5.

8. That unless Matriculated Students pass the F. A. Examination at the end of the time prescribed by the University, their Scholarship shall be withdrawn and conferred on others, and that the F. A. Scholarships shall be tenable for a similar period only.

9. That such scholarships as Students may bring with them from other Institutions shall be held on conditions prescribed by those Institutions, if not inconsistent with the general Regulations of the Doveton College, and subject to the provision of Rule 7, regarding absence and misconduct.

10. That Scholarships which may be founded in the Doveton College by private individuals or bodies, shall be held on the terms stated in Rule 9.

11. That the Scholarships shall cease, or be liable to diminution if the state of the funds render such course necessary and that these Rules may be altered by the Committee on sufficient grounds.

12. That the Committee reserve to themselves the right of withholding one or more of the Scholarships if they deem fit.

Wesleyan Anglo-Vernacular Institution, Royapettah.

This Institution was founded in 1850 with the object of giving a superior Christian education to Hindus of all Castes. For the last sixteen years it has been managed by a European Missionary, who has devoted the greater part of each day to its interests. The Bible is taught an hour daily in all the classes that can read it, and the elementary truths of Christianity are conveyed, through the medium of the vernacular languages, to the minds of the younger pupils. The Standard of Secular Instruction is equal to the acquirements of the F. A. Degree of the Madras University. Between twenty and thirty of the Students have already Matriculated from this Institution, besides three others who have Passed the F. A. and B. A. Degrees respectively.

Wesleyan Mission Girls' Boarding School.

The school is about as old as the above one. It is under the Superintendence of the European Missionaries, and under the immediate management of a European lady.

It contains fifty Boarders, who are fed, clothed, and educated at the expense of the Mission, with the aid of local contributions. The girls are nearly all taught English as a language, but their lessons are mostly given in Tamil. Special attention is paid to needle-work and to instruction in the duties of domestic life.

The Bishop Cotton Schools were established at Bangalore, April 1865, in accordance with a scheme framed by the late Lord Bishop of Calcutta and approved by the Supreme Government (Calcutta Gazette.)

The design of the Schools is to impart a sound English education, on Church of England principles to the children of both sexes, of Europeans and Eurasians.

The two Schools for Boys and Girls are entirely separate, the latter being under the care of a Resident Mistress, who teaches the elder pupils, and superintends the studies generally.

The Boarding Establishments of both Schools are under the supervision of the Executive Committee.

The Principal resides on the Premises of the Boys' School, and has the entire charge of the Boarding Establishment of that School.

The Schools present to Parents and Guardians, the opportunity of obtaining a sound and religious education for their children at a moderate cost, and in a most healthy and temperate climate.

The course of the instruction pursued in the Grammar School is brought into unison with the requirements of the University of Madras for the Matriculation and First in Arts Examinations of which pupils are annually presented at Bangalore.

In addition to the regular studies of the School there are special classes in operation for giving instruction in Surveying, Civil Engineering, Vocal and instrumental Music, Drawing, and the Vernaculars for which competent masters have been engaged.

The objects contemplated in the establishment of this Institution are two-fold—first, to do honour to the memory of a great and good man, the late Sir Henry M. Lawrence, K.C.B., second, to benefit the children of the European soldiery, by providing for them a Refuge both from the debilitating effects of a tropical climate and the demoralizing influence of a Barrack-life.

The Male and Female Branches of the Asylum are now both located at Lovedale, the Boys having been removed in April 1869 to the West wing of the new pile of Buildings; and the Girls continuing to occupy the future Hospital.

The numbers at present on the Rolls are 120 Boys, and 62 Girls.

The salubrity of the situation at Lovedale which surpasses that of some of the highest Public Schools in England is shown by the diminished per centage of sick in

Hospital, and the robust appearance and healthy appetite of the children.

Although the Institution may be said to have been adopted by the State, it is not perhaps so generally known that Government has never contemplated doing more than furnishing it with a liberal Grant-in-Aid. Contributions are earnestly requested that the benefits of the Asylum may be more widely extended to a class which has one of the strongest claims on British Subjects in India. Four years' Annual Subscription of Rs. 50, or a Donation of Rs. 300, give a title to nominate a child.

The boys receive such a training as will fit them for usefulness hereafter in various lines of life, whilst the girls are employed in such occupations as will tend to qualify them to become useful wives and mothers, should they be spared. The clothing and most of the in-door work in both Branches is done by the children, and native servants are dispensed with as much as possible.

Contributions to the support of the Institution will be received by Messrs. Arbuthnot and Co., Madras, or the Bank of Madras, Ootacamund.

Christian Brothers School—Cannanore.

Manager—Rev. Fr. Luiz Mary of Jesus.
Directors—Rev. Brother Octavia n.

Visitor—Rev. Brother Hermenegild.

The object of this useful Institution is to afford a thorough Christian Education in accordance with the Doctrine and principles of the Catholic Church. It was opened on 1st May 1865 by Rev. Father Luiz Mary of Jesus, and under the immediate care of the "Brothers of Christian Schools," who belong to an extensive religious order, having for its object the imparting of Christian Education to youths in general. The School commenced with 60 boys under 3 Brothers and 1 Malayalam Teacher. The number in attendance has gradually risen. The attendance at present is about 175 including Catholics, Protestants, and heathens; the two latter taught without any Religious interference. Besides the secular instruction, an hour every day is devoted to Religious instructions, when the Brothers catechize the boys on the import-

ant truths of the Christian Religion, and instil in their minds a love of virtue in addition to a love of science. The teaching Staff consists at present of one Brother Director, and three Brothers, besides 2 Malayalam Teachers.

The school is placed under Government Inspection, and has obtained a Grant-in-aid for building a new School-house and for furniture. The School-house is now completed, and is indeed a magnificent building. Just opposite to the School-house an up-storied building, has of late raised its head. This is intended to be the Brothers place of residence. It was built at the cost of the Mission.

Boarding and Day School for Young Ladies—Cannanore.

Director—Rev. Fr. Luiz Mary of Jesus.
Female Teachers—"Sisters of St. Joseph of Apparition."

This Institution was established on the 15th March 1866 by Rev. Father Luiz, Mary of Jesus, and under the immediate care of the "Sisters." It commenced with 46 children and the number on the Rolls is at present 240, including Catholics, Protestants, and heathens, who are taught without any distinction of Caste or Creed. Besides the Rev. Mother, there are three Sisters teaching the classes. Three more Sisters are expected from Europe, and will be added to the establishment. The number of Boarders at present is six. The moral conduct of the young ladies is watched over with the strictest attention, and while every effort is made to expand and adorn the mind, the heart is trained to virtue. The character of the Pupils is carefully studied, and they are taught by reasoning and example to correct their errors, and are thus gradually formed to habits of regularity.

The School is under Government Inspection, and receives a yearly grant on the payment-by-result system.

With the aid of Government, a handsome building for the School has lately been erected, close by the Convent of the Sisters. The Building is 135 feet long, and 37 feet broad including the verandahs.

The Convent was built at the Mission expense. There is also an Orphanage attached to the Convent of the Sisters. It was built by Eleemosynary Subscription aided by the Catholic Mission, and is intended mainly for Native Orphans, of whom there are at present 18. It is contemplat-

ed to erect a separate Asylum for the Orphan children of European and East Indian parents.

Except in the case of Schools aided on the payment for result system, it will be essential to the consideration of applications for aid, that the schools, on behalf of which they are preferred, shall be under the management of one or more persons, who, in the capacity of Proprietors, Trustees, or Members of a Committee elected by the Society, or Association, by which the school may have been established, will be prepared to undertake the general superintendence of the school, and to be answerable for its permanence for some given time.

2. Every application for a grant must be accompanied by a declaration that the applicant, or applicants, are prepared to subject the institution, on behalf of which the application is made, together with its current accounts, list of establishments, time-table, scheme of Studies and Registers of attendance, to the inspection of a Government Inspector, such inspection and Examination, relating only to the general management and to the Secular Instruction, and having no reference to any religious instruction which may be imparted.

3. Except in the case of Normal Schools for training teachers, and of female schools, grants will be restricted to those schools in which a monthly schooling fee, of an amount to be approved by the Director of Public Instruction, and which in general is not to fall below one Anna, is paid by at least three-fourths of the Pupils.

In other cases the Grants will be made only for specific purposes, and not in the form of contributions in aid of the general expenses of a school; and it will be essential to the payment of the Grants, that the proportion which, under the following Rules, the Managers are required to contribute for the purpose for which the Grants may have been sanctioned, shall have been duly paid. Subject to the conditions prescribed in these Rules, a grant not exceeding in amount the sum contributed by the Managers of a school, will be given in aid of the salary of each Schoolmaster, or Schoolmistress, who may have obtained a Certificate of Qualification from the Director of Public Instruction. A Grant not exceeding one-half of the sum contributed by the Managers of the school, will be given in aid of the salary of each Schoolmaster or Schoolmistress, in regard to whom the Managers may satisfy the Director of Public Instruction, either by the report of a Government Inspector of Schools, or by such other means as the Director of Public Instruction may consider sufficient, that the said teacher is fairly qualified to perform the duties which are entrusted, or which it may be proposed to entrust, to him or her; provided that, in such cases, the amount of the Grant to be given shall bear a due proportion to the amounts sanctioned in the following Rules for teachers holding certificates, and that the exact amount to be assigned in each case shall be determined by the Director of Public Instruction.

6. The following are the specific objects for which, and the conditions upon which, Grants will ordinarily be given:

- 1st.—The payment in part of the salaries of Schoolmasters and Mistresses.
- 2nd.—The payment of Normal and certain other Scholarships.
- 3rd.—The provision of Books of reference, Maps, &c., and in some cases of School-books.
- 4th.—The Establishment and maintenance of School Libraries and Public Libraries.
- 5th.—The erection, purchase, enlargement, or repair of School-buildings.
- 6th.—The provision of School-furniture.

7. The Tests to be passed by Teachers to entitle them to certificates shall be of a three-fold character, the first, relating to general education; the second, theoretical knowledge of School-management; and the third, to teaching power, as practically exemplified by teaching a class in the presence of an Inspector of Schools.

Grants to Schoolmasters.—8. The certificates to be awarded to Schoolmasters will be of five Grades, and, as regards the general education test, Candidates for certificates of the first three Grades will be required to have passed one of the Madras University examinations according to the Grade of certificate which the Candidate may seek to obtain, viz.:

- For the 1st Grade, the Examination for the Degree of B. A.
- For the 2nd grade, the First Examination in Arts.
- For the 3rd grade, the Matriculation Examination.

9. The general Education Tests for the 4th and 5th Grades of Schoolmasters, will be those specified in Schedule C.

10. A certificate of the 1st Grade will render the holder eligible to such Grant, not exceeding the amount contributed by the Managers of the School in which he is employed, as the Director of Public Instruction, with the sanction of Government, may determine, due regard being had to the amount of Funds available for expenditure on grants-in-aid. Certificates of the other Grades will render the holders eligible to the following Grants, provided that the amount of the Grant shall not exceed the amount contributed by the Managers to the School, and that it shall be competent to the Director of Public Instruction to assign a Grant lower than the maximum, with reference to the manner in which the Candidate may have acquitted himself in the certificate examination.

A certificate of the 2nd Grade, to a monthly grant not exceeding Rupees 75	
Do. of the 3rd Grade, do. do. " 50	
Do. of the 4th Grade, do. do. " 25	
Do. of the 5th Grade, do. do. " 10	

A Pundit holding a Certificate of the 5th Grade will be eligible to a half salary grant of Rupees 15 per mensem when employed in teaching Students of the First Arts class, and to a half salary Grant of Rupees 25 per mensem when engaged in instructing those who are preparing for the B. A. Degree.

Ordinarily, the Maximum Grant will not be assigned to a Teacher on being first employed in that capacity.

11. In the case of Masters employed in Schools intended mainly for European or East Indian pupils, the examination for certificates of the 4th and 5th Grades may be conducted in English, and in such cases the language Test for the 5th Grade shall be that which is prescribed in the Schedule as the English Test for the 4th Grade.

12. Graduates of Universities in Europe, America, and Australia, and of other Indian Universities, and holders of certificates granted by the Councils of Education in England or Ireland, will be placed in such Grades, as, in the judgment of the Director of Public Instruction, their attainments and other qualifications may render appropriate. Grants to Schoolmistresses.—13. Certificates for Schoolmistresses will be of three Grades.

A certificate of the 1st Grade will render the holder eligible to such Grant, not exceeding the amount contributed by the Managers of the School in which she is employed, as the Director of Public Instruction, with the sanction of Government, may determine, due regard being had to the amount of Funds available for expenditure on Grants-in-aid. Certificates of the other Grades will render the holders eligible to the following Grants, provided that the amount of the Grant shall not exceed the amount contributed by the Managers of the school and that it shall be competent to the Director of Public Instruction to assign a Grant lower than the maximum, with reference to the manner in which the Candidate may have acquitted herself in the Certificate Examination.

A certificate of the 2nd Grade to a monthly Grant not exceeding Rupees 25.

Schoolmistresses holding certificates from the Councils of Education in England or Ireland will be placed in the 1st Grade, and will be assigned such Grants as the Director of Public Instruction may deem proper.

14. The general education Tests for all Grades of Schoolmistresses will be those specified in Schedule D.

15. The Examination of Schoolmasters, Candidates for certificates of the first three Grades in the theory of School-management, and the Examination of all other Candidates in all their subjects, will be held once a year in July, or at such other time as may be hereafter appointed.

16. All Grants-in-aid of the salaries of Schoolmasters and Mistresses will be paid monthly. Their continuance will depend in each case upon the Annual Report of the Inspector of the Division, that the school or class under the Master's or Mistress' charge has been satisfactorily conducted during the previous year.

17. Grants made to elementary Schools on the results of Periodical Examinations of the pupils, as provided for in Schedules A and B, will be paid Annually, half-yearly, or quarterly, as the Director of Public Instruction may decide in communication with the Managers of the School, provided that the amount to be given for a single year shall not exceed the rates entered in Schedule B.

18. Scholarship-grants will be issued to well-organized Normal Schools conducted by certificated teachers; each application will be disposed of on its merits.

19. Besides the Scholarship-grants abovementioned, a certain number of Scholarships will be given each year upon the results of the University Matriculation Examination. These will be tenable for three years, under conditions to be laid down by the Director of Public Instruction, at such Colleges or Schools as may be so organized as to allow of the holders being educated up to the Standard of the B. A. Examination.

20. Grants for the provision of Books of reference, Maps, &c., for Schools, will be made on the following terms:—

(a.) A Grant will be made to every School favorably reported on by the Inspector at rates not exceeding those noted in the margin, provided that a sum equal to the amount of the Grant be contributed for the same purpose by the Managers of the School.

In the case of a School in which the Head Master, or one of the Assistant Masters, may hold a certificate of the 1st Grade, at the rate of 10 Annas per head of the average attendance during the preceding quarter.

In the case of a School in which the Head Master, or one of the Assistant Masters, may hold a certificate of the 2nd or 3rd Grade, at the rate of 8 Annas per head of the average attendance during the preceding quarter.

In the case of a School in which the Head Master, or one of the Assistant Masters, may hold a certificate of the 4th or 5th Grade, at the rate of 6 Annas per head of the average attendance during the preceding quarter.

(b.) No further application for a Grant of books of reference, Maps, &c., will be complied with for a period of five years from the date of the previous Grant.

(c.) After the lapse of five years from the date of the last Grant, a Renewal Grant will be made at rates not exceeding those noted above, and with the proviso already laid down.

(d.) Grants for the provision of Books of reference, Maps, &c., will be made in money. Applications for such Grants must be accompanied by a list of the books required; and, on the Director of Public Instruction satisfying himself of the propriety of complying with the application, prospective sanction will be given for the issue of the Grant, which will be paid on the Government Inspector reporting that the articles have been procured and are ready for use.

21. A Grant for the provision of School-books will be issued to *bona fide* Pauper Schools, at a rate not exceeding 8 Annas a head upon the average attendance of the preceding three months, the Managers of the Schools contributing in every case an equal amount. After the expiration of three years, a Renewal Grant will be issued upon the same terms.

22. Grants will be made in aid of school and public libraries, to such extent as may seem fitting in each case, and subject to the condition that an equal sum shall be contributed by the Managers.

23. Grants will be made towards the erection, purchase, repairs, or enlargement of a school-building on the following conditions:

1st.—That in each case an equal sum shall be contributed by the Managers of the school for the same purpose.

2nd.—That satisfactory evidence shall be adduced of the necessity for the erection, purchase, repairs, or enlargement, in aid of which the grant is sought.

3rd.—That the amount applied for shall not exceed what may be considered reasonable, taking into account the Budget provision for the year, the importance of the school, and any previous grants which may have been issued to the Managers of the institution.

4th.—That the application (which should be submitted before the commencement of the undertaking) shall be accompanied by a Plan and Estimate of the cost of the building proposed to be erected, purchased, repaired, or enlarged. The Plan and Estimate to lie retained in the Director's Office.

5th.—That previous to the disbursement of the grant, which will be made in two equal portions, one after the execution of half the work, the other upon the completion of the whole, it shall be certified by the Inspector of the Division, or other responsible officer who may have been deputed to examine the building, that the work has been proceeded with as provided for in the Plan and Estimate previously sanctioned by the Director of Public Instruction. Also, that before disbursement, the Managers of the school shall declare that they have funds on hand sufficient, when supplemented by the grant, to clear off all the debts incurred in the execution of the work.

6th.—That, in the event of any building, towards the erection, purchase, repairs, or enlargement of which a grant may have been made by Government, being diverted prior to the lapse of twenty years from the date of issue of the grant, to other than educational purposes, the Managers, at the time of the diversion, shall refund to Government such portion of the grant allowed them as shall be determined by arbitrators, who, in making their award, shall take into consideration the length of time the building has been used as a School-house, and its consequent deterioration; but in the event of such managers failing to make such refund, then they shall sell the building to Government at a valuation to be determined by arbitrators, who, in making their award, shall deduct from the price such portion of the grant as may seem equitable, regard being had to the length of time the building has been used as a School-house and its consequent deterioration.

7th.—That, the arbitrators referred to in the last preceding rule shall be three in number, one of whom shall be nominated by Government, another by the Managers of the school, and the third by the two arbitrators so appointed; and, in case of the arbitrators differing in opinion, the award of the majority shall be binding and conclusive on all parties. Building grants on account of schools are not intended to provide house accommodation for teachers or pupils.

24. Grants for the provision of school-furniture will be made once in five years, on condition that the Managers of the school shall contribute an equal sum for the same purpose; and that, in the event of the school being permanently closed within five years from the date on which the grant may have been made, the Government shall be at liberty to purchase the furniture, towards the supply of which the grant was given, at a valuation to be determined, as in the case of School-buildings, by arbitrators, credit being taken in each case for the amount of the grant, allowing for depreciation due to wear and tear. All applications for grants must be accompanied by a list of the furniture required. A furniture-grant will be paid on the Director of Public Instruction being satisfied that furniture to the full amount proposed to be expended, including both local contributions and the Government grant, has been made up and placed in the school.

25. Application for grants-in-aid of Industrial schools, and for other purposes not provided for in this Notification, will be disposed of on their merits, each case being determined, as far as possible, by the analogy of the foregoing Rules.

(a.) For English and Eurasian children, the English language may be taken as the vernacular; and, in the place of English as an extra language, one of the vernaculars of the Presidency—Tamil, Telugu, Canarese, Malayalam, and Hindustani, may be brought up.

(b.) In the case of Girls' schools, the grants will be 50 per cent. higher in addition, a grant of Rupees two will be given for tolerably fair plain needle-work, and one of Rupees 4 for decidedly good work of the same description. A capitation grant of 1 Rupee a head will also be allowed, as a temporary measure, upon the average daily attendance during the year.

Special Regulations in connexion with the system of "payment of results."
Only one examination within an official year will be claimable by a school; but to meet the case of indigenous schools, half-yearly examinations will, when practicable, be given to such school, & half the prescribed annual grants will be issued upon the results of each examination.

2. To be eligible for examination, a pupil must have attended six months at the school in which he is reading; and, to count a month's attendance, a pupil must have attended at least 15 days in that month.

3. A pupil is not to be presented for examination under any Standard who has already passed for that Standard at another school.

4. Where the inspection of a school is made annually, a pupil will not be allowed to pass more than once under any Standard, save the fourth or highest. For the fourth, a pupil will be permitted to pass twice at the same school.

5. Where the inspection of a school is made half-yearly, a pupil may pass twice for each of the 1st, 2nd, and 3rd Standards, and four times for the 4th Standard.

6. In the case of half-yearly examinations, the first may be made somewhat less severe than the second.

7. An application, in the annexed form (C), must be made to the Inspector of the Division by the Managers of a school seeking aid under the system of payment for results; and, at the same time, a copy of the application must be forwarded by them to the office of the Director of Public Instruction. An application for inspection, under this system, must reach the Inspector at least three months before, in the course of his ordinary tour, he will visit the district in which the school is situated. If this condition is not fulfilled, the Inspector will be at liberty, should his arrangements render it decidedly inconvenient for him to visit the school, to let the application stand over till the following year's tour. In this case, the Inspector is to send a Memorandum of the course pursued by him to the Managers of the school, and a copy of the same to the office of the Director of Public Instruction.

8. When the preliminary conditions are fulfilled, the Inspector will examine the children presented to him according to the Standards specified by the Managers of the school. After examination he will furnish the Managers with a Memorandum showing the pupils examined and passed under each Standard, and, the grant claimable in consequence. This memorandum is to be submitted to the Director of Public Instruction by the Managers, with an application, requesting that the sum stated by the Inspector to be claimable may be paid to them. On receiving the application and memorandum, the Director of Public Instruction will take immediate steps to pay the money.

9. Schools receiving aid under the salary grant system cannot claim assistance under the "payment for results" system, and vice versa.

10. All schools receiving aid under the system of "payment for results" will, similarly to schools under the salary grant system, have to furnish such returns and statements as may be called for by Government.

11. To pass at an annual examination for any head belonging to a Standard, a pupil must secure one-half of the marks assigned by the Inspector to that head. The Inspector is at liberty, however, to allow a small deficiency under one head to be compensated for by superior proficiency under another.

The object of the Society is to assist the residents at the smaller stations, which are unprovided with the services of a Government Chaplain, in obtaining the privilege of the regular ministrations amongst them of a clergyman of the Church of England. Half of the minister's salary is paid by the Society; the other half is made up of the usual Government allowance of Rs. 100 per mensem, and the contributions of the residents, who also provide a house. There are several additional stations which the Society would gladly take up were its means greater. Agency employed by the Parent Society in 62 Colonies and on the Continent of Europe—

General Assembly's Institution and Schools of the Free Church of Scotland.

Commenced by the Reverend J. Anderson, in Black Town, 3rd April 1837.

Free General Assembly's Institution, Esplanade, Black Town, for Native Education, and for raising up Native Teachers and Preachers, under the superintendence of the Missionaries and W. Carslaw, Esq., M.D. There is also a Branch School for Boys and Girls, situated in Black Town, under the superintendence of Mr. Hufiton and the Missionaries, attended at present by 200 boys and 70 girls. Rev. G. J. Metzger has charge of the station at Chingleput. His circle embraces many villages which he, with Catechist Appavoo, regularly visits. The Educational operations at Nellore are in charge of the Rev. John Macmillan, M.A. Mr. Ragarulu continues to labour in Conjevaram and the villages around.

Eight Branch Schools for males exist in connection with the Parent Institution. These are in Black Town, at Conjevaram, Trivellore, Rajampet, Wallajahbad, Moothialpet (two villages near Wallajahbad), Chingleput, and Nellore. The average attendance at all these schools during 1870 has been above 1,500 Hindus and Mahomedans on a roll of about 1,700. The Hindu pupils are of all Castes and Classes, from the Brahmin to the Pariah, no distinction being made by the Missionaries.

The Female Institution for Converts and Boarding Girls is under the charge of Mrs. Anderson, assisted by Mrs. Govindoorajooloo, Miss S. Rajahgopaul, three other female teachers and a nunshi. There are besides eight Day Schools for Hindu and Mahomedan girls in connection with the Mission. These schools contain about 600 pupils, making the entire number of pupils on the roll about 2,500.

The education given embraces a knowledge of the Scriptures and all the branches of an enlarged regular course of instruction. The essential character of the Central Institution with its eight branch schools for youths and nine for girls is that of being seminaries for giving a full Christian education. This is communicated through the medium of English, Tamil, Telugu, and Hindustani; and instruction is also systematically given in these tongues by competent Munshis. In the Central Institution, young men are educated up to the standard of the B.A. Degree of the Madras University. The School is the largest in the Presidency.

The Free Church Mission employs upwards of 20 Christian Agents, Evangelists, and Teachers. It also employs in its schools about 130 Teachers.

Last year it was attended by nearly 6,000 patients. To that have since been added a Second Dispensary in Royapuram, and a Training School for Native Medical Missionaries all are prospering.

Armenian Cemetery.

The present cemetery was built and given to the Armenian community by Government in the year 1862.

Previous to the erection of the church, the Armenian community performed Divine Service in a temporary place built of timber on the North or Monument Esplanade, opposite Fort St. George, by the late Honorable East India Company, who also paid for the support of the Priest (fifty) £50 annually for seven years, agreeably to a treaty entered into by the said Company with the Armenian nation, dated London, the 23rd day of June, A.D. 1688, and in the Fourth year of the reign of King James the Second. The present church was built by the Armenian community at their own expense, in the year 1712, and alterations and additions made to it by them from time to time. In the year 1833, the British Government was pleased to grant the sum of Rupees Five Thousand (5,000) from the late Lottery Funds, for the repairs of the church, out of which funds the community was enabled to erect a substantial and extensive verandah, 145 feet in length by 10 in breadth, on the east side of it. Government was further pleased to grant a donation of Rupees (2,000) Two Thousand from Dr. Woolley's Estate to the church in the year 1832.

St. Paul's Church Mission, Bangalore.

ESTABLISHED 1817.

The present church was built by the Rev. G. Trevor, and consecrated on the 21st March 1840.

An increase in the Tamil congregation having necessitated the enlargement of the church in 1816, a church was added with a vestry, and the Church greatly improved and beautified, through the exertions of the then Hon'y. Secy, the Rev. S. T. Pettigrew, by whom also the very pretty compound wall was built.

The Mission premises, which are close to the church, contain a residence for the Native Pastor, as well as school rooms for Boys and Girls. The present Pastor, the Rev. G. Lazarus, was appointed in August 1870, in succession to the Rev. J. Fleazer. He is assisted by a Catechist; and there are also a Schoolmaster and Schoolmistress attached to the Mission. It is contemplated to establish a Girls Boarding School in connection with the Mission, if sufficient funds can be raised.

The Mission has a branch at Oosoor under the Rev. A. Sebastian, which numbers 50 souls most of whom are converts from Heathenism.

The number of Christians in connection with the Mission in Bangalore is 331, and the average attendance on Sundays from 90 to 100.

The salary of the Native Pastor in charge of the Mission is provided by the Venerable Society for the Propagation of the Gospel, but the rest of the expenses of the Mission are met by local subscriptions and donations.

Subscriptions and donations will be thankfully received by the following members of the Committee:

Half-yearly General Meetings are held in the months of January and July of each year, on a day to be fixed by the Trustees, and notified in the Official Gazette.

Under the old rules of the Civil Fund, subscriptions, at 2½ per cent., are payable by all members of the Covenanted Civil Service, on their allowances for a period of 16 years, and a Donation of £30 is payable, at option, on the birth of a daughter, to secure to her the benefits of the Subsidiary Rules after the age of 19.

The pensions granted to widows, under the old rules of the Civil Fund, are continued till re-marriage or death, and are revived on second widowhood.

The daughters of deceased members for whom the benefits of the Subsidiary Rules have been secured, are allowed pensions till marriage or death; but those for whom the above benefits have not been secured are granted pensions up to the age of 19 only or till marriage, if married at an earlier age when in either case a donation of £300 is paid to them or to their guardians. But if such daughters are proved to be in indigent circumstances, then, instead of the donation, a pension of £50 per annum is allowed to them after the age of 19, till marriage or death.

Pensions to sons are granted up to the age of 19, when a donation of £300 is paid to them or to their guardians, but if such sons are proved to labour under mental or bodily infirmity, then, instead of the donation, a pension of £50 per annum is granted to them till recovery.

The whole amount of pensions allowed under these Rules to each family (widows and children) is reducible by any private income in excess of £15 private income, which amount is allowed for the benefit of the whole family of a deceased subscriber. The individual pension is reducible by the individual share of the private income in excess of £15 equally divided between the whole family.

Under the rules of the Provident Branch of the Civil Fund, lately adopted by the Service, the following subscriptions and donations are payable by subscribers to this branch.

Subscriptions at 2½ per cent. on the allowances of subscribers for 16 years as before, and at the same rate for the whole further term of service, in the cases of married men and widowers with families; but at 1 per cent. after 16 years for the whole further period of service, in the cases of Bachelors and Widowers without families.

On each marriage and by each married man entering the service, a dona- rs. A. &
tion of 1,500 0 0
On birth of each daughter, a donation of 500 0 0
On do. son, do. 250 0 0

The annuities granted to widows under these rules are reduced to one-half on re-marriage, and continued at that rate during second marriage, and until death; but if the second husband happens to be a subscriber to this branch, then the widow on second widowhood reverts to the full annuity.

The annuities to daughters of deceased members are continued till marriage or death, and a donation of £300 is paid to them on marriage.

The annuities to sons are continued up to the age of 21, when a donation of £300 is paid; but if such son is proved to labour under mental or bodily infirmity, then, instead of the donation, and without reference to age, an annuity of £125 is granted until recovery.

The annuities granted from this branch of the Fund to the families of deceased subscribers are not affected by any amount of private income they may possess or inherit.

The Monegar Choultry is an Institution which affords shelter, food, and raiment to the native poor, lame, halt, and blind, of Madras, without reference to caste. It was founded in the year 1808. The Institution is supported by public contributions, aided largely by the Government. The management is placed under the supervision of a Committee, selected annually by Government from amongst the Europeans and Native Gentlemen of Madras.

In its early days, large contributions were made by Lord William Bentinck, Colonel Martinz, Mr. DeMonte, and Polliam Arnachellum Chetty. The nature of the Institution having been explained to His Highness the Nabob of the Carnatic, he munificently agreed to subscribe 300 pagodas a year, which sum is still continued.

In 1868, Sir Stafford Northcote kindly remitted a sum of money through Lord Napier to be distributed amongst the charitable Institutions at Madras. His Lordship kindly sent the sum of 1,000 Rupees to the Directors. Two wards, Male and Female, have been furnished with bedding for 25 patients, and are, called "Northcote Surgical and Medical Wards."

The late Dr. Wyllie, C.B. of the Madras Medical Establishment, bequeathed the sum of 18,025 Rupees for the poor of this Institution.

Lord Napier has kindly furnished bedding for 12 Patients which is called the "Napier Ward." His Lordship, with the honorable R. S. Ellis, have also undertaken liberally to build a school room to educate the Foundlings, the children of the Paupers in the Institution and the poorer children in and about the neighbourhood. The site for the building has been selected which will be erected as soon as the monsoons are over.

The Honorable Gajaputti Row has kindly contributed 1,000 Rupees, which was applied for furnishing a Ward for 8 patients, and which Ward has been designated as that of the family of "Stree Goodays." This contribution is in addition to 400 Rupees annually granted by this charitable Native Gentleman.

The Maharajah of Vizianagram has also lately very liberally placed the sum of 10,000 Rupees at the disposal of the Directors for the erection of a Ward for Bed-ridden Paupers. The Ward when built will be designated after the name of the Maharajah.

The Zemindar of Kalahustury very kindly sent a donation of 2,000 rupees after visiting the Institution as indicative of his satisfaction and good will towards the Charity.

The Choultry is undergoing great improvements. The Old Alms house has been pulled down and three new buildings in separate blocks have been completed.

The block to accommodate 25 paupers is already finished. The Native Infirmary attached to the Choultry has also undergone great improvements, several of the old buildings were removed, and three new blocks have been erected. Two other blocks have been built by Government on the North West of the Infirmary for the reception and treatment of Contagious diseases. By the above improvements and additions, the Infirmary can now accommodate 100 Patients, and the Contagious Wards, 20.

In the year 1867, the Venecatagerry Rajah built a Choultry to the East of the Monegar, which cost about 9,400 Rupees, in which 70 Paupers are fed daily and clothed, besides 108 out-door poor receive 2 Olocks of Raw-rice per diem. The Rajah contributes annually Rupees 5,000 to meet the expenses of this branch of his Charity. The Rajah has forwarded to the Directors the sum of a lakh, interest of which is to support this Institution.

D. Sassoon Esq. of Bombay having visited the Institution with Lord Napier in January last has kindly sent the sum of 4,000 Rs. as a donation through his Lordship.

MADRAS NATIVE LITERARY SOCIETY, FOUNDED 1868.

S Shrinivasa Chariar, Esq., President.

This Society is instituted for the purpose of promoting the mental culture of its members, diffusing useful publications, advocating the interests of the natives of this Presidency by all possible means, &c., and to facilitate intercourse and fellowship with individuals or Associations having similar objects. No distinction is made with reference to caste or creed in admitting members.

2. The means employed are weekly meetings for the hearing of essays, lectures, readings and the holding of debates, conversations, &c., and the entertainment of lecturers, deputations, &c. A library is in course of formation to which additions

from friends are most earnestly solicited. A reading room will, it is hoped, ere long be provided, to which the leading periodicals of the day—English and Indian, will be supplied.

3. Although the objects and doings of the Society are admitted to be "obviously praiseworthy and deserving of public encouragement by all means and in all quarters" yet the financial affairs of this Institution can hardly be said to have attained a great success. It is, therefore, respectfully appealed to the European philanthropists bent on India's welfare and educated natives of all classes for aid in due season to an Institution whose harvests of glory they will, at no distant date, reap. Donations, &c., will be thankfully received and acknowledged by the Treasurer.

THE MADRAS LUNATIC ASYLUM.

The new Lunatic Asylum at Locock's Gardens is now occupied chiefly by male native lunatics, and the old Asylum in Kilpauk will be finally abandoned in the early part of next year, when the buildings will have been sufficiently completed to admit of the removal of the occupants of the latter. The new Lunatic Asylum has ample accommodation for all classes of Insane: those in a superior position in life will be provided with distinct quarters: the European Military Insane have a separate range of cottages, and the East Indians are housed in a similar manner. The natives are assigned a row of cottages for themselves, while all classes of females are quite detach-

ed by an enclosing wall, and the Matron in charge is provided with a suitable accommodation in it. The criminal Insanes will be confined in separate cottages having a high wall enclosure, and the Idiots allowed another portion on the grounds. Out-offices, &c. are all conveniently arranged for the whole. All the officials will reside on the premises.

The Government having liberally afforded such a piece of land in the open country, it will afford numerous advantages, such as providing the Insanes with useful occupation in agricultural pursuits. The grounds in course of time will be well laid out, and, having already a large number of shady and fruit trees, nothing would better conduce to the health and happiness of those unfortunate class of Inmates whose whole life-time may have to be spent in it, removed far away from the gaze of the public eye and from all those constant arrogancies and indignities which they have to endure when wandering about houseless and homeless in the lanes and streets of the Town and country.

The following is the accommodation provided in the new Asylum at Lococks Gardens, viz:—

PEOPLE'S PARK,

INSTITUTED IN 1859.

CUSTODIANS—MUNICIPAL COMMISSIONERS FOR THE TOWN OF MADRAS.

Mr. M. Jordan, Superintendent, People's Park.

We owe the People's Park to Sir Charles Trevelyan. It is not at all improbable that the idea of some such place suggested itself to many a man in power before his day. It would be singular indeed if Europeans should, for a hundred years, have seen a large native town growing upon the site of a small village—a vast population massing together with lungs to be fed with fresh air and limbs to be allured to exercise and health—without sometimes thinking it possible that the "village greens," "commons," and "parks" of his native land might perhaps be re-produced with advantage within reach of Black Town. The monotony of Indian life, and the lack of sympathy between the classes of Indian society, may be regarded as the causes why such an idea, if suggested, was never carried into execution. While the "upper ten thousand" could have their drive along the Beach and round the Island, it mattered little to them that the "masses" (unfriendly phrase) who could not drive, or were to be stimulated to recreation, had no place convenient for health, exercise, and amusement.

But then Sir Charles Trevelyan was a man not given to routine; and somewhat wide in his sympathy. So the idea of the people's want suggesting itself to him, and he having the power as well as the will—the people got their Park. Thousands who know nothing of the step that cost him a Governorship, will hold his name in memory by the People's Park.

But when Sir Charles was recalled, the scheme was in a most elementary state. The plan was on paper; but never adopted. Little else was done, and little else would have been done if the inheritors of Sir Charles Trevelyan's dignity had not also inherited his sympathy with the people. We owe it to the various gentlemen who have been

entrusted with the execution of the scheme, that the "plan" was not thrown into the official waste paper basket, and the idea, recorded as one of Sir Charles' amiable follies. It is in unison with Sir William Denison's career, previous to his arrival in this country that he should have shown a hearty approval of an undertaking so intimately connected with the health and pleasure of the middle-class population.

There can be no doubt that the Park has been a success. Any one may convince himself of that by a visit morning or evening. The place has already fixed its character as a popular resort, and it is certain that it will be so in a much greater degree when the attractions of the ground are fully developed. It is pleasing to see that the native population appreciate the pleasure provided for them, and when the sternness of social life amongst them is relaxed, we may expect to see not only the Ramasawmies, but the Lutchmies of Black Town taking their ease in the fretted shade of well-grown trees.

But we must suspend any further remarks, and lay before our readers a brief description of the Park.

The gate adjacent to the Hospital Bridge is the main entrance. The trees are planted in avenues and groups. Twelve lakes of various dimensions and shapes are completed; and various other things have been achieved; but we cannot do better than print the following description (though brief) of the Park, kindly furnished by the Superintendent, Mr. Riordan, which will convey a clear idea of the park.

In the north-west angle of the Park is a Serpentine lake with two large raised Islands, one at each end. One of these is 30 feet above the water, and is well-calculated for a large basin, from which cascades might hereafter be made to fall over the sides. The second or Victoria lake, with a central island, is situated almost mid-way between the Band-stand and the northern end of the Park. The island is approached by two bridges of ornamental design, measuring respectively 150 by 4, and 200 by 4½ feet. Two boats ply on this lake, and provide a pleasant diversion to the public. The third is a small lake on the west side, elliptical in shape, and contains good drinking water for cattle. The fourth is a small lake close to the Aviary. The fifth a similar one near the Giraffe shed. The sixth is a semi-lunar lake near the Band-stand, with a gravel-walk around it. The seventh is a medium lake, between the Band-stand and the Superintendent's house. The eighth is an irregularly-shaped lake, with a central island and two small rustic bridges on each side of the main-road, gravel-walks are completed round the lake and on the island, and trees of various sorts have been planted. The ninth is a large lake on the west side of the main road. The tenth is a medium lake west of the last-mentioned. The eleventh is a medium lake, with a central island at the south end. The twelfth is a small lake, near the Bear shed.

There are two masonry basins, one elliptical, measuring 170 feet by 73 feet, and 4½ feet in depth, formed of solid masonry with brick-on-edge foundation, and central fountain; the latter, of ornamental design, galvanized. The roads of the Park, embracing 5½ miles, are completed.

The sheds for Zoological specimens are as follows:—

A large shed with four cages contains 2 Tigers, 3 Cheetahs, a Lion and Lioness. The Committee and the Public are much indebted to Colonels Carpendale and Wilkieson; also to Dr. Mudge, the late Honorary Secretary, for the addition of the two last popular and attractive specimens of Natural History. Dr. Mudge, while on sick leave in England, succeeded in effecting an exchange with the Clifton Zoological Society for Tiger Cubs.

The Tiger Cubs were provided by Sir William Denison and J. D. Sim, Esq.

The Zoological collection in the Park consists of the following specimens:—1 Black Bear, 2 Malayan Bears, 3 Kangaroo Rats, 2 Wallabas, Guinea Pigs, 1 Lemur, 1 Loros, 4 Nylghan, 8 Spotted Deer, 6 Elks, 1 Emeu, 4 Black Swans, 16 Monkeys of different species, 1 Wild Dog from Burmah, 1 Porcupine, 3 Muskints, 2 Jungle Sheep, 1 Giraffe, 1 Rhinoceros, 1 Striped Hyena, 1 Boa Constrictor, and a variety of Rabbits.

The Aviary contains a great variety of handsome Ornithological specimens, too numerous to detail here.

• The area of the Park is 88 cawnies or 116 English acres.

It is, in some measure, self-supporting, and will be almost so in time. The principal source of revenue just now is the hay, which is cultivated with much success, and obtains ready sale at Rupees 41 per ton.
