QUEEN'S MILITARY FUND.

Regulations of the Queen's Military Widows' Fund, for the benefit of the Widows and Children of deceased Officers in Her Majesty's Service in India, established in 1820.

Under the protection and countenance of the Most Noble the Marquis of Hastings, Commander-in-Chief in India, the abovenamed Fund was established in the year 1820, for the purpose of sending Home, in comfort and respectability, the families of deceased Officers in Her Majesty's Service in India, and of preventing the painful and degrading practice of appealing to the public for subscriptions on such occasions; and also of providing relief in such cases as may require it, until they can be conveniently sent Home.

Modifications of the original Rules have at different times become necessary, and they have been adopted with the approval of the subscribers and the sanction of the Commander-in-Chief for the time being.

On the present occasion the Committee of General Management, having observed the daily increasing disproportion which the allowances, as granted by the Regulations hitherto in force, bear to the increased facilities for travelling throughout India, deemed it necessary to bring the circumstance to the notice of the subscribers at large; at the same time submitting for their consideration a series of alterations which they believed would remedy that discrepancy.

The Committee are gratified to find, that their suggestions have been almost unanimously accepted, and the same are accordingly embodied in the following Code of Revised Regulations for the Government of the Fund, which will come into force on the 1st September 1866.

As Officers, on first landing in the country, may not have convenient access to the books of Local Regulations, the following extracts are here re-printed from the first volume of Standing Orders, showing the benevolent object with which the Fund came to be originally instituted and the benefits to be derived from supporting it.

Simla, 1st August 1866.

G. O., 25th June 1820.—"1. With reference to the Circular Letter from the Adjutant General of His Majesty's Forces to Officers Commanding Regiments, dated the 22nd October 1819, His Excellency the Commander-in-Chief, with a view to give further aid and facility to the arrangement of the Fund for widows and children of His Majesty's Officers, is pleased to publish for general information of all concerned, that the Most

Noble the Governor-General has signified his consent to become Patron to the humane institution now in progress to establishment, and His Excellency the Commander-in-Chief will consider himself as President, and has been pleased to order a Committee of General Management to be formed at Head Quarters, with which the Presidents of General and Regimental Committees can communicate on all subjects touching the object in view. It will be the business of the Committee of General Management to examine the accounts quarterly, and to order the sums in hand to be deposited in Government Security, and that the Paymasters of Regiments make the remittances at the periods prescribed in the printed Regulations, &c., &c."

G. O., 28th November 1823.—"The Commander-in-Chief is pleased to publish, for the information of the Officers of His Majesty's Army serving in India, the following General Order, No. 371 of 1823, issued by the Supreme Government:—

"Fort William, 17th November, 1823.—RESOLVED.—That the following paragraph of a Military General Letter from the Honorable the Court of Directors, under date the 27th of May 1823, be promulgated for the information of the Officers of His Majesty's service in India:—

59 and 61. The grant of passage money to the widow of Lieut. Twinberron, of His Majesty's 41th Regt., to enable her to return to England, reported as a special case.

"Para. 16. 'It appears from the documents annexed to these Proceedings, that Lieutenant Twinberron had been so short a time in India, that he was probably not aware of the Fund established for the relief of the widows and families of Officers in His Majesty's service, dying in India, and consequently had not subscribed to it.

"17. 'We desire that you will take measures for acquainting all Officers of His Majesty's service, with the existence of this Fund, immediately on their arriving at any of the Presidencies, and with our determination not to provide maintenance or passage hereafter for the widows or families of any of His Majesty's Officers, dying in India.'

"The Commander-in-Chief is requested to issue such instructions for making all Officers of His Majesty's service, on their arriving at any of the Presidencies, acquainted with the determination of the Honorable Court, expressed in the foregoing extract, as may appear necessary to His Excellency."

G. O., 20th April 1829.—"The Commander-in-Chief in directing the publication in General Orders of the accompanying statement of the Funds of the Institution for the relief of widows of Officers of His Majesty's service, regrets to find, that an institution so beneficial to all (whether married or single,) and so perfectly within the means of the most limited incomes, should not meet with that universal support which it claims. His Lordship is satisfied that there are many who have, from want of attention only omitted to return their name as subscribers, and is confident that such omissions have only to be pointed out to be remedied, but he considers it a duty which he owes to the Army to inform them by the publication of the accompanying letter, in the sentiments of which he most fully coincides, that it now remains for the service generally to consider whether they will support the institution, or allow the widows and children to appeal to individual charity for the means of enabling them in their distress to return to their homes. Such an addition to their misfortunes may be removed, and their respectability maintained, by so small a subscription to the Fund, of at most two Rupees a month from a Subaltern, and from other ranks according to the moderate scale laid down in its Regulations."

Letter from the Secretary to Government, Military Department, to the Commander-in-Chief, No. 195, dated 13th December 1828.

"The annexed extracts (paragraphs 2nd and 11th) of the Honorable Court's Military General Letter to Madras, under date the 14th May 1828, prohibiting the grant of passage money to the families of Officers of His Majesty's service returning to England, having been forwarded to the Supreme Government, with an intimation that these orders are equally applicable to this Presidency, I am directed to request, that you will lay the same before the Commander-in-Chief for His Excellency's information.

Extract of Military Letter to Fort St. George, dated 14th May 1829.

"Para. 2nd. We have had repeated occasions to comment on the Regulations of your Government granting passage money to the families of King's Officers on their return to England, but we regret to find that our instructions on this point have not been attended to with their desired effect at your Presidency.

"3rd. The cases which have arisen divide themselves into two classes:—

"1st. Widows and orphans of Officers dying in India.

"2nd. Wives and children of Officers returning to England.

"4th. To provide for the conveyance to England of widows and orphans, who are left in destitute circumstances, a Fund was established in the year 1820 by Officers of His Majesty's Regiments serving in India. The principles and objects of this Fund have received our concurrence, and a subscription of 6,000 Rupees a year has been authorized by us towards its support.

"5th. "

"6th. "

"7th. The Officers in our service, who have been appointed of late years, are all required to contribute to the support of the Institution established for the relief of their widows and children, and we would hope that some rule, which shall be equally effectual for the support of this Fund may be adopted by His Majesty's Officers.

"8th. In the subscription we have made, we have done as much, if not more, in proportion for His Majesty's Officers, as we have done for the Officers of the Company's Army, in our subscriptions to their Funds; and as we never provide for any individual case of distress, which may arise on the part of the widow and children of an Officer of our own Service, we must likewise decline to make any such separate provision, in any future case, for the widow or children of an Officer of His Majesty's Army.

"9th. His Grace the Commander-in-Chief has observed on this subject 'that if the Officers of His Majesty's Army will contribute, the Fund will be sufficient to remedy the inconveniences which now exist; if, on the other hand, they decline to subscribe to it, it must be understood that they are willing to rely, in the event of their death, upon charity for the removal of their families to England.' If therefore, any widows or orphans of His Majesty's Officers be left destitute, it will be from the fault of their husbands and fathers.

"10th. We, therefore, positively prohibit any further advance of money on your part to enable such widows and orphans to return to England.

"2nd. Wives and children of Officers returning to England.

"11th. We had contemplated the advantage of including these cases among the objects to be provided for by the Fund; but on further consideration, we are of opinion, that every Officer must be left to make his own arrangement, independent of any charitable institution, or of the assistance of the State. The Funds, to which we contribute for the advantage of the Company's Officers, make no provision for such cases, and no allowance from the Government is ever granted to defray the private expenses of Officers on this account. We must, therefore, absolutely prohibit the grant of passage money to the families of the King's Officers returning to England."

G. O., 29th May 1844.—"In conformity with instructions from the Right Honble the Secretary at War, under date the 6th March 1844, the Commander-in-Chief desires it may be distinctly understood, that all Officers refusing to become subscribers to the 'Military Fund for the benefit of the widows and children of Officers of Her Majesty's Regiments serving in the East Indies,' their widows and families can have no claim to be relieved, either by the East India Company or by the British Government, from any expense they may incur in returning to England."

A. Gs. Cir., No. 54, 28th September 1866.—"On two occasions recently, it has come to the notice of the Commander-in-Chief, that charitable contributions have been solicited from the public at large in aid of the widows of Officers of Her Majesty's service in India, whose husbands have neglected to subscribe to the Queen's Military Widows' Fund.

"The origin of the Fund was to obviate such appeals, and at the same time to prevent what used to be not an uncommon spectacle, the reduction to the most painful state of destitution of ladies who, during the life-time of their husbands, were enjoying great comfort, perhaps even affluence.

"Apart from other considerations, His Excellency thinks it very unfair to the unmarried Officers of the Army, a large proportion of whom have already consented to tax themselves in support of this Fund, that they should be thus called on to pay a further contribution in aid of the families of those who were too improvident, or too negligent, to become members of it in their life-time.

"His Excellency therefore hopes that married Officers will recognize the advantages of this Institution, and which the Government deems worthy of its support, and that they will bear in mind the hardship and suffering to which their widows may be exposed by a neglect on their part to entitle them, by the present payment of a small contribution, to a participation in the very substantial benefits which the Fund confers."

Officers detached from Regiments remit their subscriptions to the same functionary quarterly in arrears by Transfer Receipt on the Bank of Bengal, obtainable from the Treasury which pays them their salary.

Rule 5th.—All Officers of Her Majesty's Service are eligible to subscribe to the Queen's Military Widows' Fund on their notifying their intention to that effect to the Honorary Secretary at Simla, through the Regimental Paymaster, or direct if on detached employment.

All married Officers shall subscribe to the Fund within one year of their arrival in India or within three months of their marriage, should it take place subsequently in India. Any married Officer failing to do so may be admitted as a subscriber only on the condition of his paying a donation equivalent to six months' subscription of a married Officer of his own rank.

Rule 6th.—The object of this Fund being clearly confined to sending home families of deceased Officers, and with a view of preventing those painful appeals for assistance to the public, at once so humiliating to respectable individuals, and the Queen's Service in India, it is earnestly hoped that all ranks of Staff and Regimental Officers will support it; and in order to ensure its objects being known, a copy of these Rules will be furnished to every subscriber and to the Commanding Officer and Paymaster of each Regiment.

Rule 7th.—That, in order to obviate the difficulties which would arise from the occasional remote situations of Her Majesty's Corps serving under the several Presidencies, the Most Noble the Governor-General in Council was pleased to order and direct, when the Fund was established, that Public Service Remittances might be granted to the Paymaster of Her Majesty's Regiments by the Governments of Madras and Bombay, payable at sight to the Agent or Agents of the Queen's Military Widows' Fund, acting for the Committee of General Management, thereby avoiding commission, double agency and risks of exchange.

Grants.

Rule 8th.—That all grants of assistance from this Fund shall be regulated and assigned by the Committees of Subscribers, as herein declared.

182

Rule 9th.—That in order to ascertain the claims of any widow or family, who may become entitled to the benefits of the Fund by the death of any regimental Officer, such widow shall represent the case of herself and family through the Commanding Officer of the Corps the casualty occurred in, in order to its being brought to the consideration of a Committee; and the Commanding Officer shall, as far as his knowledge will enable him, state his opinion of any case so received.

Rule 10th.—That whenever there may be more than one Corps of Her Majesty's Service stationed together, every application for relief from this Fund shall be heard and decided on by a Station Committee, composed, as equally as possible, of Officers from such Corps present, being subscribers to the Fund.

STATION COMMITTEE.

President.—A Field Officer (if practicable.)

Members.—
 { One Captain or Surgeon, or Paymaster.
 { One Lieutenant, or Quartermaster, or Ensign.

Rule 11th.—As it may often happen that Officers die while the Corps they belong to is stationed by itself, or while they themselves are absent from their Regiment, it shall be in the power of every Commanding Officer of a Regiment or Station, under these circumstances, to assemble a Committee of any three Officers, being subscribers, to hear and decide upon the cases of any widows and children so become entitled to relief from this Fund. In the event of their not being three subscribers at once available to form a Committee, the Commanding Officer of the Station or Corps may avail himself of non-subscribers, to avoid the delay which would be entailed in assembling a Committee composed wholly of subscribers in the usual manner. It shall also be competent for the Commander-in-Chief at either Presidency to assemble a Special Committee to report on the case of any lady who may become a widow, whilst the Regiment to which her husband belonged shall be at another distant Station, or on Service beyond Sea.

Rule 12th.—That such Station, Regimental, or Special Committee, as the case shall be, having duly examined into the circumstances, shall report their opinion on, and recommend the amount to be granted for Passage-money and Maintenance, strictly in conformity with the Regulations annexed. The opinion and recommendation of such Committees, if in Bengal, shall be immediately forwarded to the Honorary Secretary, by the Officer Commanding the Corps in which the casualty may have occurred; and the Paymaster of the Regiment, under the above authority, can at once advance to the widow the amount of "Travelling" and "Maintenance" allowance awarded by the Committee, reimbursing himself by drawing a bill on the Honorary Secretary; the residue of the award to be adjusted by the Honorary Secretary under the sanction of the General Committee of Management, and paid to the widow before leaving the Regiment, or, on arrival at the Port of embarkation, by the Honorary Secretary through one of the local Banks.

Rule 13th.—The Sub-Committees at Madras and Bombay will, in cases of special award in those Presidencies, on satisfying themselves with the accuracy of the statements laid before them, draw upon the Honorary Secretary for the amount which may be awarded; but in the final adjustment of the accounts of such Sub-Committee, the General Committee will consider themselves bound to object to any sum, however trifling, which may be granted in excess of the Rules laid down. To facilitate the immediate payment of awards, a sum of Rupees 5,000 is lodged in either of the Presidency Banks, to the credit of the Adjutant General of that Presidency.

Rule 14th.—The Sub-Committee will, on drawing for any sum on the Honorary Secretary, in cases of special awards, transmit the Report of the Station Committees, as well as their own opinion and explanation of the award, as a voucher; and they will afterwards, as soon as possible, transmit the proper receipts and certificates, showing that the money has been appropriated in the manner and for purposes for which it was awarded.

Rule 15th.—But to prevent doubts and misconceptions which might possibly arise hereafter, it is distinctly declared that no widow permanently residing in this country after the death of her husband, can expect any provision or pension for herself or children from the Fund, further than is stated in Rule 29. It is also declared, that no widow under any circumstances, shall be entitled to any assistance from this Fund, unless the application shall be made in the usual form within six months after the demise of her husband.

Rule 16th.—Orphan children are eligible for the benefit of this Fund, but awards for them must be specially made by a Station or Sub-Committee, and sanctioned by the Commander-in-Chief of the Presidency, who is requested to appoint some eligible person to take care of them and provide a passage, &c., &c.

Rule 17th.—That the Honorary Secretary, acting for the Committee of General Management, shall furnish an annual account of the Receipts and Disbursements of this Fund to the Adjutant General; and that that Officer be applied to, to publish the same in General Orders by the Commander-in-Chief.

Rule 18th.—That Commanding Officers of Her Majesty's Regiments in Bengal be requested to pay particular attention in causing the regular quarterly remittances to be made by Transfer Receipt on the Bank of Bengal, addressed and made payable to the Honorary Secretary, Queen's Military Widows' Fund, at Simla. A Nominal Roll of subscribers, showing whether married or single, should be forwarded to the Honorary Secretary and he is requested from time to time to apprise Commanding Officers whenever any Corps may fall in making such remittances.

Rule 19th.—That no General Rule or Regulation of this Fund shall be altered, except it is recommended by the General Committee, and approved by a majority of the subscribers.

Rule 20th.—In taking the opinion of the Regimental and Staff Officers of Her Majesty's Forces in India, a very general wish was expressed, and carried by a majority, that all widows of subscribers should have their passage to England, &c., &c., defrayed. As an Officer ceases to be a subscriber on leaving India, all claims on the Fund must in like manner cease from the same period; except in the case noted in the Rule No. 21, but an Officer going to sea for the benefit of his health, being entitled to his Indian allowances, will be considered as a subscriber during his absence.

This Fund was established in 1890, for the benefit, primarily, of the Widows and Orphans of the Warrant and Subordinate ranks of the Army, but is open to all classes of Europeans and their descendants, Civil and Military.

The Capital amounts to Rupees 1,44,800. The Government Securities are lodged in the Bank of Madras in the joint names of Colonel R. Cadell, Royal Artillery, Mr. W. Pike and Lieutenant D. Lissenburg. The amount paid in Pensions exceeds Rupees 2,14,000.

The following is a brief abstract of the Rules of the Fund:—

Entrance Donations in both branches may be paid at once or by twelve equal monthly instalments.

Increased payments in one sum are required from persons joining the Widows' Branch after the age of 40, and no person can be admitted or transferred to a higher class after the age of 55 years; delay in joining after being admitted by the Committee necessitates a fresh medical certificate being submitted. Subscriptions in the Children's Branch commence from the date of application to subscribe for the child, and continue until the age at which pensions terminate. Transfers from a lower to a higher class are permitted (on production of the prescribed medical certificate) on payment in one sum of difference of donation and of subscription according to age. Subscribers to the Children's Branch must also belong to the Widows' Branch.

The pension in the Children's Branch is secured as soon as entrance donation is paid in full. In the Widows' Branch full and reduced pensions are respectively secured when

the total payments in that branch amount to the sums specified in the foregoing table, irrespective of that paid for admission after 40 years of age. Subscribers are allowed at any time, on furnishing a medical certificate in the prescribed form, to pay in one sum, or by such instalments as they may find convenient, the difference required to entitle their Widows to immediate pension.

Pensioners may reside at any station or in any country they choose. Widows marrying, lose pension during coverture, but revert to the Fund on again becoming Widows. They also receive a portion of a second pension if the second husband also had been a subscriber at the time of his death. Pension is forfeited by incontinence. No pension is paid to families of subscribers who die with six months' subscription in arrears, and subscribers' names are struck off the books when twelve months in arrears. Subscriptions due for a period exceeding six months are not received unless accompanied by a medical certificate.

The Regulations at length may be had on application to the Treasurer:—from out-stations, one Anna postage stamp must be sent to cover postage.

JAMES CLARK, Secretary.

Rules of the High Court of Judicature at Madras, passed on the 3rd
August 1871.

1. A Respondent in an Appeal shall not be entitled to raise an objection to the decree or order in question unless he shall have filed in the Registrar's Office a Memorandum stating such objection (properly stamped) eight clear days before the day of hearing, and shall not, without the leave of the Court for special cause, be heard in support of such objection unless he shall have served a copy thereof on the Appellant or his Advocate or Vakil the same number of days before.

2. Every application by an Appellant for leave to file a Memorandum of an additional ground of appeal shall be made by petition ten clear days before the day of hearing, and, when granted, the Appellant shall not, without the leave of the Court for special cause, be heard in support of such ground unless he shall have served a copy thereof on the Respondent or his Advocate or Vakil eight clear days before.

3. It shall not be sufficient in a Petition or Memorandum of Appeal or Memorandum of Objection filed in an Appeal to state as a ground of objection that the decision appealed from is contrary to law or usage, or that there has been substantial error or defect in the procedure or investigation of the case, or to the like effect; but the Petition or Memorandum shall set forth specifically the error of law, breach of usage, or defect in procedure or investigation meant to be relied upon: and an Appellant or Respondent will not be permitted to raise at the hearing of the Appeal any legal objection not so set forth.

4. No Petition or Memorandum of Appeal or of Objection which contains such a general statement without setting forth any other ground of appeal or objection shall be received in the Registrar's Office on the Original or Appellate Sides of the Court.

5. No Petition or Memorandum of Special Appeal or of Objection by a Respondent in a Special Appeal which may appear to the Registrar or, in his absence, the Deputy Registrar, to be defective in not stating specifically any objection which is an admissible ground of Special Appeal under Section 372 of Act VIII of 1859 shall be received and registered until a Judge shall so order.

6. Every such Petition or Memorandum of Appeal or Objection shall be referred by the Registrar or, in his absence, the Deputy Registrar, for the consideration and order of a Judge unless the party by or on whose behalf it is presented acquiesce in the opinion of the Registrar or Deputy Registrar and desire to amend it—in which case the Petition or Memorandum shall be returned for correction by substituting an admissible ground of objection, and the time allowed for that purpose shall be three clear days.

7. Every such reference shall be set down for hearing and determination by the single Judge whom the Chief Justice may from time to time appoint to sit for the purpose, and his determination must be drawn up in the form of an Order of Court under Section 25 of Act XXIII of 1861. Notice of the day of hearing shall be given by affixing a list of the references to the public notice-boards at the Court-house two clear days before the day of hearing.

8. Rules 5, 6, and 7 shall come into operation on the 20th day of October next.

Rules and Orders of the Court for the Relief of Insolvent Debtors at Madras.

ORDO CURIÆ, 22ND DECEMBER 1848.

The Rules and Orders now in force for regulating the Proceedings of the Court for the relief of Insolvent Debtors shall be, and the same are, hereby repealed on and after the 1st day of January 1849; and the following Rules and Orders are hereby made for regulating the Proceedings of the said Court on and after the 1st day of January 1849.

I.—All Summonses, Precepts, Rules, Orders and other Process to be issued by the Court for the Relief of Insolvent Debtors at Madras shall be prepared, made out, and signed by the Principal Officer of the said Court, who shall be called the Chief Clerk—and all Petitions, Affidavits, and other Proceedings shall be filed by the said Chief Clerk of Record. The Office of the said Chief Clerk shall be open every Monday and Thursday between the hours of ten in the forenoon and four in the afternoon, and on such other days and at such hours as the Court shall hereafter direct; and the Office of the Official Assignee shall be open every day (Sundays and Public Holidays excepted) from twelve till two.

II.—In every case the Attorney shall personally, and not by his Clerk or any other Person, accept the retainer of a Prisoner, and the Prisoner shall sign the retainer and at the same time the Attorney shall sign his acceptance thereof.—Provided that in case of the illness of such Attorney or of his absence from Madras such retainer may be received and accepted for him by some other Attorney of the Court personally, the cause thereof being stated in such acceptance.

III.—The Attorney of every Prisoner, and all opposing Creditors whose costs are ordered to be paid by the Insolvent or out of the Insolvent's estate, and all other Persons requiring their Bills of Costs to be taxed, shall cause their respective Bills to be taxed by the Master of the Supreme Court.

IV.—No Attorney shall directly or indirectly employ the Gaoler, Deputy Gaoler, or any Prisoner, or other Person confined or residing within the said Gaol, as Clerk or Agent to solicit retainers or to transact any business whatever relating to proceedings in the said Court touching the relief or discharge of any Prisoner, and no Attorney shall continue to practise in the said Court for the Relief of Insolvent Debtors whilst he shall himself be a Prisoner.

V.—In all cases there shall be filed with the Petition a Certificate from the Gaoler of the day or days and cause or causes of detainer against the Prisoner.

VI.—The Chief Clerk, upon the filing in his Office of the Schedule of the debts and effects of any Insolvent Debtor in custody, shall forthwith cause a copy of such parts thereof as contain the particulars of the Insolvent's estate and effects and of the debts stated to be owing to him to be made out and delivered to the Official Assignee.

VII.—Notice of the filing of every Petition and Schedule and of every adjudication of an act of Insolvency, where an adjudication has been pronounced, and of the time and place appointed for the hearing of the matters of the Insolvency, shall be given to Creditors and Persons claiming to be Creditors, whether such debts are admitted or disputed in the Schedule, in the following manner:—

In cases where the Creditors or Persons claiming to be Creditors are resident within the local limits of Madras, such notice shall be effected by producing the original order for hearing under the seal of this Court to such Creditors or Persons claiming to be Creditors and personally serving a copy of the said order upon such Creditors or Persons claiming to be Creditors and also upon the Attorney of every detaining Creditor suing by Attorney twenty-one days at least before the day of hearing. In cases where the Creditors or Persons claiming to be Creditors reside beyond those limits in any part of the territories of the East India Company, such notice shall be sent by the ordinary post. And in all cases notice to the like effect, and also notice that an order has been made by the Court vesting the estate and effects of the Insolvent in the Official Assignee, shall be published twice in the *Fort St. George Gazette*, the first of such advertisements to be published immediately after the making of the order for hearing—unless in any particular case the Court shall otherwise direct. All Affidavits of the service of such notices as are required by Rule VII, shall be prepared and left with the Chief Clerk one week before the day of hearing.

VIII.—Where a vesting order of the estate of a Prisoner has been made on the Petition of a Creditor, notice thereof, together with an order to file a Schedule, shall forthwith be given to such Prisoner by service of a copy of the same, and delivery to the Gaoler shall be deemed good service of such notice and order upon the Prisoner in such case.

IX.—The appearance at the hearing of any Creditor or other Person entitled to notice shall be deemed a waiver by him, her, or them of such notice when there shall have been none, or of any defect or irregularity in the form or service thereof, unless the Court shall otherwise direct.

X.—The proof of notices published in the *Gazette* of the Presidency shall be by the production of the said *Gazette* without other proof, and the proof of other notices shall be ordinarily by Affidavit unless the Court shall think fit to call for *voir dire* testimony, in which case the deposition of the Witness shall be taken in writing by the Chief Clerk of the Court.

XI.—No Creditor shall be allowed at the hearing to oppose the discharge of a Prisoner, unless he shall have served the Prisoner with notice of his intention to oppose him, stating in such notice the specific grounds of his opposition three clear days before the day of hearing, and also shall have left a like notice at the office of the Chief Clerk before the day of hearing.

XII.—At the hearing the examination of the Prisoner by the Court shall be taken down in writing by the Chief Clerk, and shall be signed by the Prisoner and filed in Court.

XIII.—In all cases of opposition to the discharge of an Insolvent, where the Insolvent's Petition shall be dismissed, the Court shall, if it think fit, order the costs of the opposing Creditor or Creditors to be paid by the Insolvent.

XIV.—The Official Assignee shall be entitled to five per cent. Commission on the principal sum forming the proceeds of each estate distributable as dividends; and if such Commission shall not produce Rupees Two Hundred in any one month, his remuneration shall be made up to this amount by taking the sum required for that purpose out of the interest of the Government Securities in which his collections are invested.

XV.—The Official Assignee, and every person who shall hereafter be appointed to that office previously to his admission thereto, shall give good and sufficient security by Bond to the Chief Justice for the payment of such sum of money as the Court shall direct, with two or more able securities to be approved by the Master; which Bond shall be conditioned for his duly accounting for and administering all estates committed to his charge as Official Assignee, and the same shall be deposited with and kept by the Accountant-General subject to the order of the Court.

XVI.—The Official Assignee shall proceed with all diligence to collect and get in the estate and effects of insolvent persons committed to his charge, and shall pay in or deposit the same in the Honorable Company's Treasury with the privity of the Accountant-General, retaining in his hands from time to time such sums only as may be necessary for immediate purposes; Provided nevertheless that the Official Assignee shall at no time retain in his hands a larger sum than Two Thousand Rupees on the whole without the order of the Court.

XVII.—Whenever it shall become necessary for the Official Assignee to obtain any Money, Bonds, or other Securities out of the Honorable Company's Treasury for the purpose of distributing the same amongst the Creditors entitled thereto, the mode of obtaining such Money, Bonds and Securities, shall be by order of the Court for the Relief of Insolvent

Debtors, signed by the Chief Clerk, and countersigned by one of the Judges, for the payment and delivery of the said Money, Bonds and Securities to the Official Assignee, which order shall be by him presented to the Accountant-General and Treasurer in the same manner as any order of the Supreme Court of Madras for the payment out of the Treasury of Money, Effects, or Securities of the suitors of the Supreme Court under order of the said Court.

XVIII.—The Official Assignee shall enter into a book to be kept by him for that purpose separate and distinct accounts of each estate under his charge and of all such sums of Money, Bonds, and other Securities for Money, Goods, Effects, and Things as shall come to his hands or to the hands of any persons employed by him, or in trust for him as such Official Assignee, and likewise of all payments made by him for and on account of the said estates, specifying the dates of such receipts and payments respectively.

XIX.—The Official Assignee shall twice in every year, that is, on the 1st day of January and the 1st day of July, or on the first day after those days on which the Court for Relief of Insolvent Debtors shall be sitting, exhibit and deliver in open Court a true and perfect Schedule of all sums of Money, Bonds, and other Securities received on account of each estate remaining under his charge, together with the payments made thereout during the preceding half year, and the balances; and also of all estates wherein dividends shall have been ordered to be paid and shall have been paid over to persons entitled to the same during the preceding half year, specifying the amount of such dividends; which Schedule shall, on and after the 1st day of January 1853, be in the form following:—

Part 1st.—Containing the particulars of all estates committed to his charge since the period of exhibiting his last preceding Schedule.

Part 2nd.—Containing the particulars of all estates committed to his charge prior to such last-mentioned period, on account of which he shall have received any Money, Bonds, or other Securities subsequently to such last-mentioned period.

Part 3rd.—Containing all estates wherein dividends shall have been paid over to the parties entitled thereto since the period of exhibiting his last preceding Schedule, specifying the amount paid and the amount remaining unpaid.

XX.—Previous to the Official Assignee exhibiting and delivering in open Court his Schedule in pursuance of the preceding Rule, he shall lay the same, together with the accounts of each estate and the Vouchers relating thereto, before the Master, in order that such Schedule may be examined and the several Vouchers compared with the accounts of the estates therein described.

XXI.—In all cases where the Court shall direct that the estate and effects of any Insolvent shall be received by the Official Assignee and any Special Assignee or Assignees jointly, all Moneys, Jewels, and Securities for Money belonging to each estate shall within seven days after the receipt thereof be paid or delivered and be kept in deposit in the Bank of Madras; and no part thereof shall be withdrawn therefrom but upon the order in writing of all such Assignees, or of any two of them, of whom the Official Assignee shall be one.

XXII.—The Chief Clerk shall, immediately after the hearing of any Insolvent upon his Petition, and after adjudication of the Court thereon, deliver over to the Official Assignee the Schedule of the Insolvent, which shall be thereafter kept in the Office of the Official Assignee. Provided that, if the Schedule be required by the Chief Clerk for any temporary purpose, it shall be delivered out to him as often as may be necessary, and shall be restored to the custody of the Official Assignee so soon as such purpose has been fulfilled.

Additional Rules for regulating the Proceedings in the Court for the Relief of Insolvent Debtors at Madras made and passed by the Supreme Court of Judicature there and read in Court on the 9th day of September 1853.

That henceforth the following Rule be substituted for Rule VII:—

Notice of the filing of every Petition and Schedule and of every adjudication of an act of Insolvency where an adjudication has been pronounced and of the time and place appointed for the hearing of the matters of the Insolvency and that an order has been made by the Court for vesting the estate and effects of such Insolvent in the Official Assignee shall be given to Creditors and Persons claiming to be Creditors, whether such debts are admitted or disputed in the Schedule in the following manner. In cases where the Creditors or Persons claiming to be Creditors are resident within the local limits of Madras, such notice shall be served personally upon such Creditors or Persons claiming to be Creditors and also upon the Attorney of any detaining Creditor suing by Attorney twenty-one days at least before the day of hearing. In cases where the Creditors or Persons claiming to be Creditors reside beyond those limits in any part of the territories of the East India Company, such notice shall be sent by the ordinary post. And in all cases notice to the like effect shall be published in two successive numbers of the *Fort St. George Gazette* which shall be published next after the making of the vesting order or of the appointment of the day for hearing, unless in any case the Court shall otherwise direct.

Proviso to be added to Rule XL. Provided always that the Court in its discretion may allow other grounds of opposition to be gone into.

But if at any time subsequent to the date of the earliest debt in the Schedule any property shall have gone from the Insolvent by sale, assignment, mortgage, distress, execution, or by any means other than the ordinary course of trade or living, the account shall commence so as to include all such transactions, and every Insolvent shall also state in the said general Balance Sheet the cause of his present insolvency and the amount of debts, if any, still due by him under any prior insolvency.

XXIV. That no dividend shall be reserved for any disputed claim or debt that shall not have been substantiated before or at the sitting of the Court at which the dividend shall be declared, unless the Court shall direct such reservation to be made.

XXV. That the Court in its discretion, and if it thinks fit to award any costs, may do so against, or to any Assignee, any Insolvent finally discharged, any Petitioner for revocation of adjudication, any Creditor or any Person interested in an Insolvent estate applying, opposing, or appearing on any application, and either out of the estate or out of the private moneys of any such Person or Party, and may direct to what amount, how, when and in what manner, and by whom the same shall be paid, recovered, or retained.

XXVI. That the Official Assignee shall be at liberty to apply to the Supreme Court or to the Insolvent Court to permit him to proceed in Equity or at Law, or in the Ecclesiastical, or Admiralty Jurisdiction, or to defend any suit or action, or take or defend any proceedings without the payment of any fees of office to the Officers of the Supreme Court or Insolvent Court in respect of any demand, claim, or right against or belonging to any Insolvent estate, wherein no assets have been received, and wherein there are no assets expected or recoverable except such as shall be the subject of such suit or action. Provided always that such fees shall be a primary charge on and payable out of the assets recovered therein.

Madras Screw Pile Pier.

This important work has been completed by Mr. Frederick Johnson, Civil Engineer of North Street, Westminster, London, pursuant to the terms of a Contract entered into between the Council of India and himself, under date the 9th of November 1858.

The dimensions of the structure are as follows:—

Extreme length, from high water-mark, 1,000 feet.

Breadth throughout, 40 feet. Besides its main body, the Pier has a cross of T-shaped head, 160 feet long by 40 broad. The work is constructed of Mitchell's Patent Screw Piles, of solid wrought iron, respectively 6 inches and 8 inches in diameter, placed in rows of four abreast, and at distances of 10 feet between the centre of each row.

These Piles are screwed down into the sand to the depths undermentioned, that is to say—the first 25 rows, 11 feet; the second 25 rows, 13 feet; and all the remainder, 15 feet.

The whole structure is securely tied together by transverse T-braces of wrought iron, and by longitudinal tension rods of the same material.

Commencing at the inner part side of the Pier Head and continued 200 feet on each side of the main structure, the iron Piles are protected by fender piles of timber placed at short intervals, and secured to the Iron Screw Piles by strong wrought Iron Bands.

Originally the platform was composed of beams of creosoted Baltic Timber covered with teak planks, six inches broad by four inches thick, with spaces between the planks. This has now been replaced by beams of teak covered with mangoe planks, three inches thick, placed close together and the seams caulked in the same manner as the deck of a Ship.

Four lines of railway are laid down along the main Pier, with the necessary Turn-tables, &c., and the rest of the space available fitted up for the service of foot-passengers.

The Pier Head is furnished with six fixed cranes, varying in their lifting power from 3 to 10 tons, and 8 moveable cranes of 30 hundred weight each are placed on the railways traversing from point to point as necessity arises.

It is proposed to dispense with the Screw Moorings provided for in the Contract, and in lieu of them to put down Bridle Moorings with one arm Anchors.

The total cost of the works, as agreed on in Mr. Johnson's Original Contract, was £1,03,616, but a second Contract was subsequently entered into for the extension of the structure shoreward a length of 80 feet, at an extra charge of £4,332.

The Pier was damaged in the Cyclone in May last by a native vessel drifting through it, in the same place as was damaged on a former occasion by the "St. Bernard."

Amended Rules for the better management of Boats and Canoes plying for hire at the Out-Ports of the Madras Presidency.

The following Rules for the better management and control of Boats and Catamarans, plying for hire at all out-ports under the Madras Presidency to which they may be extended by an Order of the Governor of Fort Saint George in Council, published in the *Fort Saint George Gazette*, have received the sanction of the Government of India, and will come into force on the 1st day of October 1867.

I. No person, either as owner or servant, shall use any Boat, Canoe, or Catamaran, to carry goods or passengers to or from any ship or vessel at the port, unless such person shall have previously received a license, and unless the Boat, Canoe or Catamaran which such person shall so use has been registered, as hereinafter mentioned. And in case any person who has not received such license shall use any Boat, Canoe, or Catamaran for the aforesaid purpose, or such Boat, Canoe, or Catamaran shall not have been so registered, such person shall be liable to a fine not exceeding the sum of (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, and the Boat, Canoe, or Catamaran shall be liable to confiscation, on conviction before a Magistrate or Justice of the Peace. This rule is not to be considered as interfering with Ships' Boats or Pleasure Boats taking off or landing passengers and their baggage, or Ships' stores, all of which, however, must be embarked or debarked within the limits assigned by the proper authorities, in

default of which a fine will be imposed under Clause X. The right of withdrawing this indulgence will be vested in the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, should it appear that the interests of Government require it.

II. The Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, on being satisfied that a Boat, Canoe, or Catamaran is sea-worthy and fit for the service of the port, will, on application of the owner or owners, who must first subscribe to a declaration in writing that he or they fully understand these Rules, grant a license to such owner to use the Boat, Canoe, or Catamaran, for the aforesaid purposes, such license (if a Boat or Canoe) expressing its dimensions and the number of the crew, as well as the number of passengers and quantity of cargo, it is to be permitted to carry. And, to enable the Registering Officer to grant a correct license, he shall survey, or cause to be surveyed, any such Boat or Canoe in presence of the owner, or any person deputed by him, the fee for such survey being regulated at each port by order of Government.

III. And as often as the property in such Boat, Canoe, or Catamaran shall be transferred, the owner must produce his license to the Registering Officer, that the requisite alteration may be made, the new owner subscribing to a similar declaration, respecting his comprehension of these Rules. In wilful neglect or default of which notice of change of ownership for the space of six days after such may have taken place, the original owner shall forfeit a sum not exceeding (25) twenty-five Rupees, or, in default of payment, to imprisonment for a term not exceeding (6) six weeks, on conviction before a Magistrate or Justice of the Peace.

IV. Every owner shall paint in black English figures not less than six inches in length, upon a white ground, on a conspicuous part of the bow in one side, and of the quarter on the other, the number mentioned in the Register and license of his boat. And if any person shall fraudulently paint, or cause to be painted or counterfeited, upon any Boat or Canoe, not having been duly registered, any such figures, every such person shall be liable to a fine not exceeding the sum of (100) one hundred Rupees, or, in default of payment, to imprisonment, with or without hard labor, for a term not exceeding (6) six months, on conviction before a Magistrate or Justice of the Peace, and every such Boat or Canoe shall be confiscated.

V. For the better prevention of fraud and omission in painting the figures above provided to be used, the Registering Officer shall cause the number to be cut or branded in the most common Native character in some part of every Boat, Canoe, or Catamaran, on its being registered; and if the owner should refuse to keep cut, branded, or painted, the figures assigned, or should hide or obliterate them, he will be liable to a fine not exceeding (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, on conviction before a Magistrate or Justice of the Peace. And if any person, not being an owner shall be guilty of, or shall assist in, altering or, erasing any such figures, he shall be liable to a fine not exceeding (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, on conviction before a Magistrate or Justice of the Peace. All numbers painted or branded on a Boat, Canoe, or Catamaran are to be effaced by the Registering Officer on the license being withdrawn.

VI. All men employed as Tindals or Boat men shall be registered in the Office of the Master Attendant or Collector of Sea Customs or other Registering Officers appointed by Government, and no others shall be allowed to ply in Registered Cargo Boats, Canoes or Catamaran, unless on emergency, and with the permission of the Registering Officer. Any offence against this rule will subject the owner to a fine not exceeding (10) ten Rupees, or, in default of payment, to imprisonment for a term not exceeding (14) fourteen days, on conviction before a Magistrate or Justice of the Peace, for each man so engaged in his Boat; and the Lascars so employing themselves will forfeit all title to hire.

VII. All Boats, Canoes, or Catamarans must be manned with such number of crew as may be determined on by the Registering Officer and noted in the license; and any owner allowing his Boat, Canoe, or Catamaran to ply without the requisite complement of men, will be liable to a fine not exceeding the sum of (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, on conviction before a Magistrate or Justice of the Peace. And all Boats, Canoes, or Catamarans, must carry such number of passengers and quantity of goods as shall be expressed in the license, a refusal to take, which will subject the owner to loss of hire, and suspension of license, if considered necessary.

212

VIII. If any Boat, Canoe, or Catamaran be loaded with passengers or cargo beyond what is specified in the license, the Tindal of such craft shall be liable to a fine not exceeding (5) five Rupees, or, in default of payment, to imprisonment for a term not exceeding (8) eight days, and the owner of the Boat to a fine not exceeding (10) ten Rupees, or, in default of payment, to imprisonment for a term not exceeding (16) sixteen days on conviction before a Magistrate or Justice of the Peace, for every surplus passenger and cargo of goods. And every other person who shall be guilty, either as principal or accessory, of the like offence, after having been duly warned by the Tindal or owner, shall be liable, on conviction before a Magistrate or Justice of the Peace, to a fine not exceeding (10) ten Rupees, or, in default of payment, to imprisonment for a term not exceeding (16) sixteen days for every surplus passenger and cargo of goods.

IX. All owners of licensed Boats, Canoes, and Catamarans must conform to the rules laid down by the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, for regulating the hours between which they are to ply to and from the shore, who shall be at liberty to prevent any such craft from leaving the shore when, in his judgment, danger would be incurred by so doing; and in case any Tindal offend against this clause, he shall forfeit all hire, and the owner be subject to suspension of license.

X. All owners of licensed Boats, Canoes, or Catamarans shall submit their Boats when called upon to do so, to the inspection of the Registering Officer, or any person duly authorized by him; who is empowered to order such repairs to the Boats as, in his judgment, are required to render the establishment efficient. Any owner refusing to attend to such orders shall be subject to suspension of his license, and, if such refusal be continued beyond one month, to an entire withdrawal of the license.

XI. All goods are to be landed or shipped off from within certain limits that may be pointed out by the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government; and any person engaged in shipping off or landing goods without such limits, unless the sanction of the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, shall have been previously obtained, will be liable to a fine not exceeding (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, on conviction before a Magistrate or Justice of the Peace.

XII. All owners of licensed Boats, Canoes, and Catamarans shall, under penalty of having their licenses withdrawn, be subject to the control of the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, and shall submit to such rules as he, under the approval of the Collector of the District, shall think fit to impose, and the nature of the services required of them shall demand.

XIII. The rate of hire will also be determined by the proper local authorities; and if any owner, or person deputed by him, shall demand a rate beyond that sanctioned, he shall, on conviction before a Magistrate or Justice of the Peace, be liable to a fine not exceeding (10) ten Rupees, or, in default of payment, to imprisonment for a term not exceeding (16) sixteen days for each offence, together with the forfeit of the amount of such hire.

XIV. Any owner of a licensed Boat, Canoe, or Catamaran, or person deputed by him, refusing to let on hire such Boat or Catamaran, without assigning reasonable and satisfactory cause for such refusal, shall be liable, on conviction before a Magistrate or Justice of the Peace, to a penalty not exceeding (10) ten Rupees, or, in default of payment, to imprisonment for a term not exceeding (16) sixteen days for a first offence, and (30) thirty Rupees for a second, with withdrawal of license.

XV. It is hereby notified that beneath the Master Attendant's Office on the Beach, is an Office, where Boats and Catamarans can be procured, and where Registers of all Licensed Boats, Catamarans, and their respective Owners and Crews are kept, and are open to public inspection, and in which copies of the Act No. IV of 1842, for the better management of the Boats and Catamarans, and for the amendment of certain Harbour Regulations, are suspended.

2. If a Boat or Catamaran is required for any extraordinary service to a Ship or Vessel, either at anchor or under weigh beyond the limits of the Port, then the amount of hire which may be demanded may be referred to the Master Attendant or his Deputy for adjustment. N. B.—For the purposes of the foregoing rule, a Ship at anchor in, or beyond 10 fathoms, and a Ship at any distance under sail beyond that depth of soundings in any line of bearing from the Master Attendant's Flag Staff shall be considered as without the limits of this Port.

3. In cases of great emergency, by night or by day, the owners of Boats and Catamarans kept for the purpose of being let out on hire, shall aid and assist the Master Attendant and his Deputy by every means in their power, and shall induce the Boatmen and Catamaran men to perform their service required, and when great personal risk shall have been incurred, or arduous services performed, and those on whose account such duties are undertaken, refuse to remunerate the Crew for the same, the Master Attendant will bring the merits of the case to the notice of Government.

Rules for the Grant of free passage by Sea to Civil Officers.

The Governor-General in Council is pleased to prescribe the following Rules for regulating the provision of free passage by Sea for Public Officers in Civil employ, in substitution of the Rules contained in Financial Notification, dated 15th December 1865, No. 3,524,* published in the *Gazette of India* of the 30th December 1865, page 1348:—

Officers and other public servants on the permanent Establishment of a Department, will be allowed a free passage when proceeding on duty by sea, in cases in which they would receive travelling allowance if proceeding on duty by land. Military Officers in Civil employ will, in addition, be allowed a free passage when, being employed at a station beyond Sea, they may be obliged to return to their Presidency in progress to Europe or to a Hill Station, on leave on Medical Certificate, also when they rejoin their station on return from that leave.

For every Covenanted Civil Servant, Military Officer in Civil employ and Uncovenanted Officer of higher rank than Clerk, who may thus be entitled to a free passage, the entire charge for a 1st Class passage will be paid by Government, who will recover from such Officer either the full or a half rate of table money for the number of days occupied in the passage, according as his salary may or may not exceed Rupees 600 a month.

The full rate of table-money shall be reckoned at 8 Rupees a day on vessels in which the cost of a free passage includes, but at 4 Rupees a day where it is exclusive of charge for wine, beer, spirits and soda-water.

For Public Servants messes at the Warrant Officer's or Engineer's table, viz., for Warrant Officers of every grade, European Non-Commissioned Officers attached to Departments or Public Offices, Subordinate Accountants and Clerks of Departments of Public Offices, who are entitled to a free passage, and for the families of these classes, 2nd class accommodation, including generally a screened berth will be provided; and the entire cost of the second class passage, without any deduction from the passengers on account of table-money, will be borne by Government.

Passage for servants and luggage, within the limits prescribed by the rules of the Quarter-Master General's Department prevailing at the port of embarkation, will also be allowed and paid for by Government, in cases where a more liberal scale is not already authorized on special grounds.

(3). That a space of four superficial feet per adult is left clear on the upper deck for the use of the passengers.

(4). That provisions, fuel, and water have been placed on board, of good quality, properly packed, and sufficient to supply the passengers on board during the declared duration of the intended voyage, according to the scale hereinafter contained.

13. No such Ship shall carry any greater number of passengers than, together with the Master and crew, shall amount to the proportion of two persons for every three tons of the registered or estimated tonnage of the Ship.

14. The Master of any such Ship, before departing or proceeding on any such voyage from any Port or place in British India, shall sign two lists, specifying (as accurately as may be) the names of all the passengers, and stating the number of the crew; and shall deliver them to the officer aforesaid, who shall thereupon (after having first mustered the passengers and compared the number and names of such passengers with the lists) countersign and return to the Master one of such lists.

The Master shall note in writing on such last-mentioned list, and on any additional list to be made under this Act, the date and supposed cause of death of any passenger who may die on the voyage, and shall forthwith, on the arrival of the Ship at her destination or at any Port at which it may be intended to land passengers and before any passengers are landed, produce the list, with any additions hereto made, to any persons lawfully exercising Consular authority on behalf of Her Majesty at the Port of arrival if it be a

Foreign Port, or to the Chief Officer of Customs, or the Officer (if any) appointed under this Act, at any Port or place at which it shall be intended to land the passengers or any of them.

In case of non-compliance with any of the requirements of this section on the part of the Master, or if any false entry be wilfully made by him in any such list, the Master shall be liable to a fine not exceeding five hundred rupees for each offence, or to imprisonment for a term not exceeding three months, or to both.

15. If, after the Ship shall have departed or proceeded on any such voyage, any additional passengers are taken on board at a Port or place within British India or the said dominions, appointed under this Act for the embarkation of passengers,

or if such Ship shall, upon her voyage, touch or arrive at any such Port, having previously received on board additional passengers at any place beyond British India or the said dominions, the Master shall obtain a fresh certificate from the officer at such Port, and shall make lists of all such additional passengers; and all the provisions hereinbefore contained in that behalf shall be applicable to any certificate granted or list made under this section.

In case the Master fail to obtain any such fresh certificate, or to make any such list of additional passengers, he shall be liable to a fine not exceeding five hundred rupees, or to imprisonment for a term not exceeding three months, or to both.

16. If any Master of a Ship, after having obtained a certificate under section six or section fifteen of this Act, shall fraudulently do or suffer to be done any act or thing whereby such certificate shall become inapplicable to the altered state of the Ship, its passengers, or other matters to which such certificate relates, he shall be liable to a fine not exceeding two thousand rupees, or to imprisonment not exceeding six months, or to both.

Penalty for fraudulent alteration in Ship after certificate obtained.

17. The Chief Officer of Customs, or the officer (if any) appointed under this Act, at any Port or place within British India at which the Ship shall touch or arrive, shall, with advertence to the requirements of this Act, transmit any particulars which he may deem important respecting the Ship and the passengers conveyed therein, to the officer at the Port from which the Ship commenced her voyage, and also to the officer at any Port within British India or the said dominions where the passengers or any of them embarked.

Information to be transmitted to Ports of embarkation.

18. In any proceeding for the adjudication of any penalty incurred under this Act, any document purporting to be a report of such particulars as are referred to in the last preceding section, or a copy of the proceedings of any Court of Justice duly authenticated, and also any like document purporting to be made and signed by any person lawfully exercising Consular authority on behalf of Her Majesty in any Foreign Port, shall be received in evidence, if the same appears to have been officially transmitted to any officer at or near the place where the proceeding under this Act is had.

Report of Consul, &c., to be admissible in evidence.

19. Whenever, in the course of any legal proceeding instituted under this Act at any Port or place in British India, the testimony of any witness is required in relation to the subject-matter of such proceeding, any deposition that such witness may have previously made in relation to the same subject-matter before any Justice or Magistrate in Her Majesty's dominions (including all parts of India other than those subject to the same Local Government as the Port or place where such proceedings are instituted) or any British Consular Officer elsewhere, shall, if authenticated by the signature of the Justice, Magistrate or Consular Officer, be admissible in evidence on due proof that such witness cannot be found within the jurisdiction of the Court in which such proceedings are instituted.

Depositions to be received in evidence when witnesses cannot be produced.

Provided that, if the proceeding is criminal, such deposition shall not be admissible unless it was made in the presence of the person accused, and the fact that it was so made is certified by the Justice, Magistrate, or Consular Officer.

It shall not be necessary in any case to prove the signature or official character of the person appearing to have signed any such deposition; and in any criminal proceeding, such certificate as aforesaid shall, unless the contrary is proved, be sufficient evidence of the accused having been present in manner thereby certified.

20. Within British India, the Local Government may, by any proclamation to be from time to time issued for that purpose and published in the Government Gazette (if any), or in one of the public newspapers, declare what shall be deemed, for the purposes of this Act, the duration of the voyage of any Native Passenger Ship from any Port or place in British India or the said dominions to any other Port or place.

Length of voyage to be fixed by proclamation.

21. Every Native Passenger Ship, at the time of departure from the Port or place at which passengers shall be embarked under this Act, shall have on board good and wholesome provisions for the use and consumption of the passengers, over and above the victualling of the crew, to the amount or in the proportion following, that is to say, a supply of water to the amount of five gallons to every week of the declared duration of the voyage for every passenger on board, such water being carried in tanks or sweet casks, and a supply of rice, flour, oatmeal, or bread-stuffs to the amount of seven pounds weight to every week of such duration voyage for every such passenger;

Quantity of provisions and water to be shipped.

Provided that, when any such Ship shall be destined to call at a Port or place in the course of her voyage for the purpose of filling up her water casks, a supply of water at the rate before-mentioned for every week of an average voyage to such Port or place of calling, shall be deemed to be a compliance with this Act.

The provision of this section regarding food shall be deemed to have been complied with in any case where it shall appear that, by the special authority of the Local Government, any other articles of food were substituted for the articles above enumerated as being equivalent thereto.

Contract by passengers for supply of their own provisions.

22. The requirements of this Act respecting the supply of provisions for passengers shall not, except as to the supply of water, be applicable to any passenger who may have contracted to furnish his own provisions.

23. If any Ship, bringing passengers from any Port or place east of the Cape of Good Hope and not within British India or the said dominions to any Port or place within British India or the said dominions, shall have on board a greater number of passengers or persons than in the proportion prescribed by this Act, the Master of such Ship shall, in addition to any other penalty which he may have incurred under the provisions of this Act, be liable, on conviction, for each person in excess of such proportion to a fine not exceeding fifty rupees, or to imprisonment not exceeding one month, or to both.

Penalty on Ships bringing excessive number of passengers from certain Foreign Ports to Indian Ports.

24. In the case of every Native Passenger Ship sailing from any Port within British India to any Port in the Red Sea, the officer whose duty it is to grant a port-clearance for any such Ship, shall not grant such clearance unless and until the Owner, Agent or Master of such Ship and two sureties resident in British India shall, by a joint and several bond, have become bound under the Secretary of State for India in Council in the penal sum of rupees five thousand, conditioned to be void if the said Ship touches at Aden on her outward and also on her homeward voyage and does not leave that Port without having obtained from the proper authority a clean bill of health.

Bond when Ship clears for a Port in Red Sea.

Ships sailing to or from a port in Red Sea to touch Natives of Asia or Africa and sailing from any Port east of the Cape of Good Hope to any Port in the Red Sea,

or sailing from any Port in the Red Sea to any Port east of the Cape of Good Hope, shall touch at Aden, and shall not leave that Port without having obtained from the proper authority a clean bill of health.

Every Master of a Ship offending under this Section, shall, for every such offence, be liable to a fine not exceeding two thousand rupees, or to imprisonment not exceeding six months, or to both.

25. No bill of health shall be granted under Section twenty-four or Section twenty-five in case the Ship has on board a greater number of passengers or persons than in the proportion prescribed by this Act.

Bill of health.

Certificates to be furnished to coasting Steam Vessels intended to carry passengers.

27. Steam Vessels intended to carry passengers on coasting voyages from or to any Port or place within British India, shall, before proceeding on such voyages, be furnished with certificates granted in manner hereinafter provided.

Certificates to coasting Steam Vessels how to be granted, &c.

28. Every such certificate shall be granted at the discretion of an officer authorized by the Local Government to grant the same, and shall remain in force for the period therein specified, unless sooner revoked.

The officer so authorized shall not grant such certificate, or suffer the same to remain in force, unless he is satisfied, by inspection or survey (to be made at least twice in each year at the expense of the Master or owner, and upon payment of a fee not exceeding twenty rupees,) that such Steam Vessel is sea-worthy and properly equipped with boats and otherwise, and that the engines and machinery are in a fit state to enable her to proceed on her voyage.

The certificate shall state the limits (if any) within which the Vessel is to ply, and the number of Native Passengers which the Vessel is permitted to carry: such number to be subject to such conditions and variations according to the time of the year, the nature of the voyage, and the cargo carried, as the case requires.

29. The Owner or Master of any such Steam Vessel shall put up in a conspicuous part of the Ship, so as to be visible to persons on board the same a copy of the said certificate, and shall cause it to be continued in such position so long as the certificate remains in force; and in default, such Owner or Master shall, for each offence, be liable to a fine not exceeding two hundred rupees, or to imprisonment for any term not exceeding a month, or to both.

30. If such Steam Vessel has on board thereof any number of passengers which, having regard to the time of the year and other circumstances, is greater than the number allowed by the certificate, the Owner or Master shall, for every passenger, over and above the number allowed by the certificate, be liable to a fine not exceeding twenty rupees, or to imprisonment not exceeding one week, or to both.

31. If any such Steam Vessel shall proceed on any such voyage without such certificate as aforesaid, the Owner or Master shall be liable to a fine not exceeding five hundred rupees, or to imprisonment for any term not exceeding three months, or to both.

32. In the grant or revocation of any certificate under this Act, the Officer granting or revoking the same shall be subject to the control of the Local Government or of any intermediate authority which that Government may appoint.

Chapter IV.—Miscellaneous.

33. If any native Passenger in any Ship shall be landed at any Port or place other than the Port or place at which he may have contracted to land, unless with his previous consent, or unless such landing is made necessary by perils of the sea or other unavoidable accident, the Master shall, for each offence, be liable to a fine not exceeding two hundred rupees, or to imprisonment for any term not exceeding a month, or to both.

34. Nothing in this Act contained shall take away or abridge any right of action which may accrue to any Native Passenger, or to any other person, in respect of the breach or non-performance of any contract made with the Master or Owner of the Ship or his Agent.

35. All offences against this Act shall be punishable in a summary manner by a Magistrate.

36. If the person on whom any fine is imposed under this Act is the Master or Owner of a Ship, and the Fine is not paid at the time and in the manner prescribed by the Order of payment, the Magistrate may in addition to the means prescribed by law enforcing payment, direct by warrant the amount remaining unpaid to be levied by distress and sale of the said Ship, her tackle, furniture and apparel.

37. For the purpose of the adjudication of penalties under this Act, every offence hereunder shall be deemed to have been committed within the limits of the jurisdiction of the Magistrate of the place where the offender is found.

38. The penalties to which Masters and Owners of Ships are liable by this Act, shall be enforced only by information laid at the instance of the officers appointed to grant certificates under this Act; or, at any Port or place where there is no such officer, by the Chief Officer of Customs.

39. Any Magistrate imposing any fine under this Act may, if he thinks fit, direct the whole or any part thereof to be applied in compensating any person for any wrong or damage which he may have sustained by the act or default in respect of which such fine is imposed, or in or towards payment of the expenses of the proceedings.

MADRAS CYCLONE CODE.

SECTION I.—METEOROLOGICAL DEPARTMENT.

I. It will be the duty of the local Superintendents of the Meteorological Stations at Masulipatam, Negapatam and Trichinopoly, to telegraph promptly to the Government Astronomer and Meteorological Superintendent at Madras, in accordance with detailed instructions which have been issued by him to them, all abnormal, barometrical, temperature, and wind variations, which may indicate the likelihood, approach, prevalence, or passing away of a Gale or Cyclone. Arrangements have been made for similar information being furnished from Trincomallee and Pondicherry.

II. On the first observation, and during the continuance of "suspicious" or "dangerous" weather, the Government Astronomer will telegraph to his local Superintendents at all out-stations any observations, inquiries, directions, and warnings regarding the weather, which he may consider of possible utility. Orders have been given to ensure priority of despatch before all ordinary messages to his telegrams and their consequent replies.

III. Whenever the Astronomer shall have reason to apprehend the advent of a Gale or Cyclone he will at once, by telegram or otherwise, communicate warning to the Master Attendant, and during the prevalence of such Gale or Cyclone he will continue to give such information regarding its varying phases as may be deemed by him to be of possible utility.

IV. As Cyclones after passing over Southern India from East to West have been known to be destructive to shipping on and beyond the West Coast, the Government Astronomer will communicate to the Master Attendant such information as may be by him obtainable regarding the inland direction and progress of any future Cyclone, in order that timely warning of the apprehended danger may, when possible, be given to the local authorities along that coast, and may by them be given to the shipping.

SECTION II.—MARINE DEPARTMENT.

I. The Marine Department will enforce, as far as possible, a strict observance of the Port Rules in regard to the anchorage and berthing of ships, &c. A copy of these Rules will as heretofore be given to every Master of a Vessel arriving in the roads. From the middle of April till June, and from the middle of September till January, each Commander will also be furnished with a copy of Circular marked A, appended to this Code, regarding the precautions to be taken at the periodical changes of the monsoons.

II. As on the occasions of wrecks at Madras, the establishment of communication between the shore and stranded ships is, without the aid of rockets or other Artillery projectiles, sometimes practicable, two sets of life-saving apparatus, complete with hawsers, &c., (but without rockets,) will be kept in charge of the Master Attendant, who will be responsible for their being in a constant state of readiness and efficiency, for their periodical inspection, and for his boats' crews being trained to their use.

III. The Master Attendants at the Out-ports on the Eastern Coast of this Presidency will despatch by telegraph to the Master Attendant at Madras prompt intimation of apprehended dangerous weather, and during the prevalence of such weather will continue, when practicable, to furnish information regarding its changes. Such information, when of an important character, as well as that which may be obtained by the Marine Department from ships or steamers, tending to establish the probable direction and progress of a cyclone centre, will be promptly forwarded by the telegraph or otherwise by the Master Attendant to the Government Astronomer.

IV. Whenever the Master Attendant, or in his absence the Senior Officer of the Marine Department present at Madras, shall have reason to apprehend the advent of dangerous weather, he will as hitherto direct the hoisting of "a white flag with a blue cross," signifying "The weather is suspicious. Prepare for running to sea." Information of this will be given to the Brigade Major and also to the Superintendent of the Marine Police, who will at once place himself, Serjeant, boats' crews, and catamaran men under the orders of the Marine Department.

The following arrangements will also be made:—

1. All Officers of the Marine Department will be in attendance.
2. The Boat and Catamaran men belonging to the Marine Establishment will be assembled and held in readiness for immediate service.
3. The Marine life-saving apparatus will be run out by the boatmen, so as to be ready for use either independently or in co-operation with the Ordnance rocket parties.
4. The boats' crews for night service will be mustered before dark, and will remain in the lower verandah of the Marine Office.
5. The Pier Establishment will remain during the night at the Pier Office and will keep a good look-out along the Pier.

V. During the prevalence of "suspicious or dangerous weather" any important barometrical variations and any other information or advice that may be of possible utility will be, by signal or otherwise, communicated to the shipping by the Master Attendant.

VI. If it is decided by the Master Attendant, or Senior Marine Officer present at Madras, that the shipping shall be ordered to sea, the "red flag with swallow tail," signifying "cut or ship" will be hoisted at the Marine Office. If the indication of the approach of the storm should occur after sunset, three good lights will be hoisted—one at the mast-head, and one at each yardarm of the Master Attendant's flagstaff. These signals will be repeated at the Fort, and intimation thereof will be sent to the Brigade Major, who will in either case order seven (not an uncertain number as heretofore) guns to be fired seawards with an interval of five minutes between each gun. It is, however, open to any Ship Commander to put to sea before this signal is made, should he deem such a course to be prudent with regard to his own ship; and the signal is, moreover, not to be considered an imperative order. Each Commander must know best the trim of his own ship, and must exercise his own judgment as to whether he ought to remain at his anchors or proceed to sea.

VII. When from a change in the direction or increased violence of the wind, from observing that ships are beginning to drive, or from any other reason, the Master Attendant deems that imminent danger of actual wreck has arisen, he will intimate the fact to the Superintendent of Marine Police and to the Brigade Major, who will order "the wreck signal" to be fired. This signal will be two guns fired landwards in quick succession and twice repeated with an interval of three minutes between each pair of guns.

VIII. The Senior Officer of the Marine Department will keep his officers and men together, or will distribute them along the beach as occasion may require. He will also point out to the Ordnance rocket parties those ships which first require assistance; to the Senior Officer of the troops where and how the military working parties can be most usefully employed; and to the Senior Officer of Police where his men are likely to be most needed.

IX. The officers of the Marine Department will wear their distinctive dress or uniform on wreck occasions.

X. The Master Attendant at Madras will telegraph to the Master Attendants at the other ports on both coasts of Southern India such warnings and indications of the progress of cyclones as may be of possible utility.

SECTION III.—POLICE.

I. On information from the Master Attendant through the Superintendent of Marine Police being received by the Commissioner of Police of the "suspicious weather" signal having been hoisted, the latter will telegraph to Vellore, Salem, and Coimbatore, warning Police Officers to hold their respective reserves in readiness. On the receipt of a second telegram each of these reserves will be despatched by first train to Madras, where orders as to their duties will be issued to them.

II. The Commissioner will also send intelligence to St. Thomas' Mount, where the Police reserve will be held in readiness and await further orders.

III. Information will be at once circulated by the Commissioner to Divisional Inspectors, by whom beats will be immediately extended and other duties so arranged as to enable them to collect at their respective central stations certain forces, which in all will amount to about 500 men.

IV. The Marine Police boatmen on the "suspicious weather" signal being hoisted will, with their Superintendent and European Serjeant, be at once placed under the orders of the Master Attendant.

V. On the Superintendent of Marine Police being informed by the Marine Authorities of imminent danger of wrecks occurring, or on hearing the wreck signal, he will promptly send intelligence to the Commissioner of Police, who will distribute marching orders to the Divisional parties. Unless special circumstances should require a change of arrangements, the F and G Divisions and reserve will assemble under the Reserve Inspector at the Commissioner's Office and await further orders. The B, H, and C Divisions will be marched without delay to the Pier under the Deputy Commissioner. The D Division will be marched to the Beach near the Fort, and the E Division to the Ice House. Each party will be accompanied by two Sowars or mounted men.

VI. Should the services of the Police not be at once required, the party at the Pier will be sheltered in the verandah of the Custom House; that at the Fort in the arcade of the Grand Arsenal; and that at the Ice House at the Inspector General's Office.

VII. The entire Police Force will be under the Commissioner, who will consult the Marine Officers on the spot as to where the services of his men are likely to be emergently required. The Commissioner will issue whatever detailed orders may be requisite.

VIII. The Police will be mainly restricted to their own proper duties, i. e., the maintenance of order, protecting personal or other property washed on shore; supervising the conveyance of the shipwrecked crews and passengers to the nearest shelter, and as soon after as circumstances will permit to the hospital, Bidden Home, or other places of refuge; bringing back the hammocks, dookies, and sick carts; guarding or removing the dead, &c. They are not to be employed in hauling ropes or recovering wreckage or cargo, save in emergent circumstances, where there are no or insufficient military or other working parties on the spot.

IX. The Commissioner of Police will see that duties are so apportioned as to enable the men to be relieved from the reserves as frequently as circumstances may render requisite.

X. All officers and men will be in uniform.

SECTION IV.—TROOPS IN GARRISON.

I. The Ordnance Department will as hitherto have charge of and will work the Rocket and life-saving Apparatus, but portions of the Garrison Battery will be instructed and occasionally exercised in its use under the orders of the Commissary of Ordnance in charge of the Grand Arsenal.

II. The two-day Marine signals to the shipping signifying "suspicious weather" (white flag with blue cross) and "cut or slip" (red flag with swallow tail), and the night signal of the approach of dangerous weather (three good lights, one at the mast head and one at each yardarm) will be repeated at the Fort flag-staff. On the first signal being hoisted the Brigade Major will warn the Ordnance, Medical, and Commissariat Departments of the fact, in order that all concerned may be held in readiness. On either of the last two signals being hoisted seven guns will be fired from the sea face of the Fort with an interval of five minutes between each gun. No further action will, however, be taken by the "Troops in Garrison" consequent on any of these signals.

III. In case of intimation being received from the Marine Department by the Brigade Major of imminent danger or of actual shipwreck, or in case of such danger or shipwreck being observed from the Fort, the "wreck signal" will be fired. It will be two guns-fired in quick succession from St. George's Bastion, which will be twice repeated at intervals of three minutes.

IV. When the "wreck signal" is rendered necessary, the Brigade Major will send intimation to the Troops in Garrison and to the Ordnance, Medical, and Commissariat Departments; and the following arrangements will be carried out:—

1. Two mounted Non-Commissioned Officers and six Troopers of His Excellency the Governor's Body Guard will proceed to the Fort and place themselves under the orders of the Brigade Major. They will be used as orderlies, as occasion may require, and when not actually wanted will be kept as much under shelter as convenient. Twelve additional men of the Body Guard will remain in their lines with their horses saddled in case their services as patrols may be needed to watch ships driving to points at some distance from the Fort, and to convey prompt intelligence of wreck or applications for aid along the extended line of beach to the Officers Commanding Troops and other authorities on the spot.

2. The Royal Artillery and British Regiment garrisoning the Fort will fall in in fatigue dress, and working parties will be detailed and promptly despatched to the scene of action as required. Before, however, the working parties leave the Fort inquiry will be made at the Arsenal as to whether any assistance in men from the Royal Artillery is required to supplement the Ordnance rocket parties; and application will, under the orders of the Officer Commanding Troops in Garrison, be made at the Arsenal for a supply of boat or firehooks, ropes of moderate length and thickness, grappling irons, &c., which will be under charge of the Officers Commanding the working parties, and will be used in saving life and property from the surf. Lanterns will also be applied for should the wrecks take place at night.

3. Half of the Native Infantry Regiment at Royapooram will at once fall in, and, accompanied by its Medical Officer with medicines and surgical appliances, will march to the beach in fatigue dress. The remaining Native Infantry in Garrison will be restricted to their respective lines and await further orders.

V. It is not anticipated that the Police will be unable of themselves to keep perfect order along the beach, and adequately to perform all their appropriate duties.

and, therefore, the action of the troops may be directed towards saving life and property; but they will be ready to keep the ground or aid the Police in any way that may be required.

VI. The Officers Commanding Troops, will, wherever possible, consult with the Officers of the Marine Department on the spot as to where and how the services of their men can be most usefully employed, and the advice of the Marine Officers will be met with marked attention.

VII. Arrangements will be made for the relief, food, &c., of working parties by the Regiments and Departments concerned.

VIII. The Officer Commanding Troops in Garrison will make emergent requisition on the Officer in charge of the Camp Equipage Depot for such tents as may be required to shelter shipwrecked people.

IX. Officers on wreck duty will be in uniform, and mounted Officers will have their horses with them.

SECTION V.—ORDNANCE DEPARTMENT.

I. The Commissary of Ordnance, Fort St. George, will be responsible that three sets of life-saving apparatus, with rockets, &c., complete, are at all times kept packed in carts ready for use in the arcade of the Grand Arsenal, and that the Warrant and Non-Commissioned Officers, &c., of the Department are instructed and periodically drilled to the practical use of the whole apparatus.

II. Inconvenience, danger, loss of life, and much damage of property were sustained in the cyclone of May 1872 by there being no available means of dragging from the sea the logs, pieces of wreck, bales of goods, &c., which were dashing to and fro on the edge of the surf. There will, therefore, be held at all times in readiness by the Commissary of Ordnance a supply of boat and firehooks, grappling irons, and ropes of short lengths for issue as required to the military working parties. Lanterns will also be kept ready for wreck night duties.

III. On the Commissary's receiving intelligence from the Brigade Major that the "suspicious weather" signal has been hoisted, he will make arrangements to have one rocket party of Europeans with a Detachment of Store Lascars in the Arsenal night and day till the danger passes off, or their services are required.

IV. On the "wreck signal" being fired, or on receiving intimation from the Brigade Major of imminent danger to the shipping, the Warrant and Non-Commissioned Officers will be formed by the Commissary of Ordnance into rocket parties with Detachments of Store Lascars; and, as speedily as possible, one, two, or three of these parties (as may be required) will proceed to the point or points where their services are most urgently required. These points, and the ships to which aid is to be first given, will be decided on by the Commissary, in consultation with the Marine Authorities on the spot, by whom he will be guided in the matter. If the rockets are used in the rescue of any ship's crew, the whole apparatus attached to the rocket cart will, under ordinary circumstances, be employed and be worked by the men of the Ordnance Department.

V. Two trollies, drawn by mules, have been ordered on occasions of wreck to be placed at the disposal of the Commissary of Ordnance by the Commissariat Department. They are intended to be used for the conveyance of rocket apparatus, hawsers, &c., should any wreck or wrecks take place at a distance from the Fort.

such as at St. Thomé or the Adyar; but, should they not be required for this purpose, they may be employed under his orders for any other necessary use connected with wreck work.

VI. The Commissary of Ordnance will, in communication with the Officer Commanding the District, arrange for the instruction of Detachments of the Battery of Royal Artillery in the use of the rocket and life-saving apparatus.

VII. He will apply to the Brigade Major or Officer Commanding Royal Artillery, Fort, for any aid in men which he may emergently require in the case of a cyclone.

VIII. When hawsers are necessarily left attached to wrecks, the Commissary of Ordnance or Senior Ordnance Officer will inform the Police of the fact.

IX. All Officers, Warrant and Non-Commissioned Officers and Store Lascars will be in uniform on wreck occasions.

SECTION VI.—MEDICAL DEPARTMENT.

I. On the "wreck signal" becoming necessary, the Brigade Major will send intimation of the fact to the Fort Surgeon and the Resident Assistant Surgeon at the General Hospital. The latter will warn the Surgeon and the Physician of the General Hospital, and similar warning will be given to the Superintendent of the Eye Infirmary at Vepery and to the Surgeon of the 1st District at Royapooram by the Officers Commanding the Regiments at these places.

II. On hearing the guns of the "wreck signal," or on receipt of intimation from the Brigade Major, these Medical Officers (except the Physician), taking with them a portion of their establishments and the medicines and surgical appliances, which have been detailed by their Departmental Head, will forthwith proceed to the beach, and, in consultation with the Senior Marine and Military Officers on the spot, will distribute themselves to the various scenes of wreck or apprehended wreck, as occasion may require.

III. The Physician of the General Hospital will remain at the institution to receive and afford medical aid to all such as may be sent there from the beach for treatment.

SECTION VII.—COMMISSARIAT DEPARTMENT.

I. On intimation being received from the Brigade Major of imminent danger to shipping, or on the "wreck signal" being heard, two trollies drawn by mules will immediately proceed under a Staff Serjeant to the Grand Arsenal and there await the orders of the Commissary of Ordnance.

II. Two other trollies, drawn by mules, each under care of a Warrant or Non-Commissioned Officer, and each containing an assortment (which will always be held in readiness in waterproof covers or cases) of blankets, towels, flannel-banians, flannel-drawers, biscuits, brandy, water and drinking vessels, will be taken in the first place to the Marine Office, and thence, as directed by the Marine Officer, to the scenes of shipwreck, where the contents will, if required, be issued and used for the relief of shipwrecked persons under the orders of the directing Medical, Military, or Marine Officers present. As many sets of bearers as are available with hammocks slung on poles will at the same time be sent to the beach and will be placed at the disposal of the said Officers.

III. The Executive Commissariat Officer will also despatch a supply of draught bullocks with drivers to the Camp Equipage Depot for sick carts, which, under the orders of the Warrant or Non-Commissioned Officer in charge, will be taken to the beach as soon as the violence of the weather permits, and will also be placed at the disposal of the said officers.

SECTION VIII.—QUARTERMASTER-GENERAL'S DEPARTMENT.

The Quartermaster-General will give directions that the Officer in charge of the Camp Equipage Depot will in cases of wreck promptly comply with emergent requisitions in writing from the Commissariat Department for munchedes, doolies, sick carts, &c., and with similar requisitions from the Officer Commanding Troops in Garrison for tents for the shelter of shipwrecked people.

A.

CIRCULAR.

Weather uncertain at present season, so necessity for being prepared to stand to sea.

The periodical season of uncertain weather on this coast having now arrived, the undersigned would hereby earnestly caution all Commanders of Vessels in these roads to keep their ships as much as possible prepared in every respect for standing to sea, at short notice, should the necessity arise for doing so.

1. Top-gallant masts, &c., with their rigging also, must be got on deck, flying jib-boom sent in, topsails and courses kept ready reefed, and every thing on deck and below so arranged as to admit of being quickly secured on emergency. A good slip rope and buoy should be attached to the riding cable, and, as an additional precautionary measure, a stout warp also, to be used as a spring in canting the vessel, if found necessary, on being required to put to sea.

2. A prudent distance from the shore in respect to anchorage must now be observed, as a vessel lying nearer in at the time of bad weather here is, from exposure to the heavy ground swell, necessarily far less able to ride easily and securely than one well out.

3. Too much care cannot be paid in maintaining a perfectly clear berth, and Commanders should be mindful to keep their ships at as great a distance from each other as can conveniently be managed in order to avoid risks of collision by driving, or when slipping to stand to sea.

4. Every attention in the way of observation and look-out will be paid by this Department, and the usual warning and other signals promptly made, as need may call for. In order to prevent misapprehensions on the subject of signals, especial attention is requested to the circumstance that (during the prevalence of foul weather, however, only) when a *private* signal is intended to be made to a single vessel, besides

hoisting her number in the first instance, No. 1 will be kept flying at the opposite yard arm. All other signals in which this said distinction is not made use of are to be considered as general, and obeyed accordingly.

5. It is very desirable that, during the prevalence of suspicious or threatening weather, Commanders should stay at nights on board their respective vessels, and also remain by them as much as possible until the uncertain period has been fairly passed over.

6. In event of wreck occurring, the usual appliances as put forth by the Board of Trade are adopted here, but should it be observed the rocket apparatus is not at once forthcoming, a line should be immediately sent on shore from the vessel by some kind of buoy, or other handy means, to which the tail block and double line will be attached by those on shore, or signals made as to what other steps must be carried out.

7. In conclusion, Commanders are earnestly reminded that, as intimated in the Port Instructions, "Commanding Officers are not to wait the display of signals if they deem it prudent to put to sea," it being in no way whatever obligatory for them so to await directions from the shore for standing to sea.

ABSTRACT FROM GENERAL RULES.

1. The Secretary is authorized to certify by his signature all Deposits and Withdrawals.
2. The Bank opens for the transaction of business at 10 A. M. and closes at 3 P. M., Saturdays at 1 P. M., for receipts and payments every day. Holidays excepted.
3. Every Depositor or Withdrawer is expected to transact business in person. In the cases of individuals unable to attend at the Office, the Secretary will exercise his discretion in regard to payments of Deposits to parties authorized by such absentees to receive the same.
4. No money will be received or kept in Deposit except in the name of the actual Depositor, who should attend at the Bank in person on making the first Deposit to give his or her name and other particulars in his or her own hand-writing in a book kept for that purpose.
5. No sum less than one Rupee, or more than 2,500, can be lodged. All Deposits will be regularly entered in a book at the time they are made and issued to the owner. This book is to be brought to the Bank whenever any sum is deposited or withdrawn. The account thus kept will be closed on the 31st March of every year, and the balance of interest due at that period will be paid to the Depositor upon his or her receipt being duly taken in the Pass Book, or carried to account, thenceforward to accumulate at compound yearly interest until it shall amount to 2,500 Rupees, when no further Deposits will be received; but interest will be added to the Deposit till it shall amount to 3,000 Rupees, after which no further interest will be allowed.
6. Compound Interest at 3½ per cent. per annum, or at such rate as may be authorized by Government is allowed on deposits. No interest, however, is allowed for broken periods of a month, nor is it calculated on fractions of a Rupee; but deposits during the first four working days of a month, are dealt with as having been made in the preceding month, in regard to the interest due thereon.
7. No person or persons to Deposit money for the benefit of any other person or persons, except Parents on behalf of and on account of their Children, being minors. If such Deposits are made in the Children's names, they cannot be withdrawn during the minority of the Children, nor without an authority from them after they have come of age. No trust will be allowed to appear on any Deposit. Provided however that the Rule shall not be construed to prohibit individuals resident out of Madras, or Females who, according to the manners and customs of the country, do not usually appear in public from making their deposits in their own names, by the hands of other persons as agents on their behalf.
8. Depositors will be at liberty at any time to withdraw any sums or portions of sums deposited by them, receiving interest calculated up to the end of the month preceding that in which the withdrawal is made; but no person will be permitted to deposit or withdraw money more than once during the month. An exception will however be allowed in cases in which good and sufficient reasons may be assigned.
9. Receipts for sums withdrawn exceeding twenty Rupees should bear a stamp of one Anna, in conformity with the provisions of Act N of 1862.

Receiving Deposits and granting Loans on terms more favorable than people with small means are now able to obtain generally elsewhere.

A dividend of 7 per cent. for the half year ending 30th June 1872 was given to the Shareholders. The profits for the next half year are expected to be larger. The Society is in a flourishing condition, and its existence is a great boon to the poorer classes for whose benefit it is chiefly established, in order to prevent their falling into the hands of extortionate money-lenders.

The Institution is a very valuable one and deserves every support and encouragement.

INFORMATION AND GENERAL REGULATIONS.

Passengers.

The rate of Cabin passage-money includes Table, but not Wines or Liquors, which are provided on board and charged as per scale in possession of the Steward. Bedding, linen, and all requisite Cabin Furniture are provided in the Steamers at the Company's expense.

The full amount of passage-money is payable on accommodation being secured. Those who fail to embark after securing accommodation will have half the passage-money returned.

Return-Tickets, available for one month from date of landing, are issued to Cabin Passengers only, at a reduction of one-fifth on the return passage-money. Passengers holding Return-Tickets and travelling on board the Steamers after this period, will be charged on board with a fifth part of the return passage-money, if not previously paid on shore to an Agent of the Company.

No berth can be occupied by any passenger without application to the Agents on shore, or the Steward on board.

During the North-East Monsoon, when all the berths are engaged, Quarter Deck passages are granted to gentlemen entitling them to mess at the Cabin Table, at two-thirds of first-class fare. Quarter Deck Passengers are allowed space for a bed on the poop, which must be rolled up during the day, and a trunk or portmanteau of 5 cubic feet.

A number of the Steamers are provided with Forward-Cabins; and when such accommodation is available, second-class passages, inclusive of table, are granted at half of first-class rates.

Servants, being Deck Passengers, must not sleep in the Saloon nor enter the Saloon Cabins, except when in actual attendance on their employers.

European servants half of first-class fare. European maid-servants occupying a berth in their mistress's cabin, two-thirds of first-class fare. Native servants on deck, ordinary deck fare.

The rate of passage for Deck Passengers does not include diet, but they can be dieted on board as per scale in possession of the Steward.

One child under three years of age, if with the parent, free. When more than one, each child additional will be charged one-quarter fare. Children above three and under ten years, half fare. Children are not allowed in Cabin unless accompanied by an adult Cabin Passenger.

Passengers are strictly prohibited carrying Gunpowder, Sulphuric or other Acid, or any material which might occasion accidents on board the Steamers.

Passengers must comply with the Regulations established on board for general comfort and safety.

Baggage.

Each adult Cabin Passenger is allowed 3 cwt. of personal baggage. Any baggage in excess will be charged at Cargo Rates with 25 per cent. added.

Packages containing Jewellery, Plate, or other valuables must be specially booked, and freight paid thereon.

European servants, and children over three years of age, are allowed 168 lbs. of personal baggage. Deck Passage allowed 56 lbs. each.

Passengers are requested to note that the Company will not be responsible for any loss or damage to baggage under their own charge.

Freight.

All packages shipped on board the Company's Steamers must be well packed, have a distinctive mark in English, and the port of destination also inscribed on each in English.

Although the Company's Steamers for the most part trade to free ports, all packages shipped on board must be accompanied by a registered Custom House Pass. Non-compliance with this Regulation will subject shippers to detention in having their goods put on board, till a Pass from the Custom House is obtained.

Freight on all packages must be pre-paid at port of shipment.

The Company reserves to itself the power to charge by weight, measurement, or value, and is not accountable for damage arising from insufficiency of address or packing; nor for damage, leakage, or breakage to re-exported goods.

For general facility, the Company reserves to itself the Power of landing cargo at the ports of delivery in its own or hired boats, and when landed, to deposit the same on wharf, in receiving vessel, or in store; charging consignees with the expense of landing and storing, according to a scale of rates to be seen at the Offices of the Agents. Goods so landed to be at risk of consignees after being discharged from the Steamer.

The Company does not guarantee that the Steamers shall have room at ports of transshipment, nor that there shall be no delay there.

The correct contents of all packages must be stated in Bills of Lading. Packages containing Gunpowder, Sulphuric Acid, or any other material which might occasion accident, are strictly prohibited from being shipped on board the steamers.

Packages weighing more than 3 cwt. (excepting bales and boxes of manufactured goods) are only carried at advanced rates of freight, and by special agreement.

When, owing to heavy weather or other causes, goods cannot be safely landed at their destination within the time stipulated for stoppage at such port in the Company's Mail Contract with Government, the Company reserves to itself the right to convey them to the next port on the voyage or to the final port of call, to be returned thence by one of the Company's Steamers having space, at the Company's expense and merchants' risk; and the consignee cannot claim indemnity for such delay nor the consequences thereof.

A written declaration of the contents and value of goods is required by the Company, and must be delivered by the shipper to the Company's Agent with the Bill of Lading. A wrong description of contents or false declaration of value shall release the Company from all responsibility in case of loss, seizure, or detention, and the goods shall be charged double freight on the real value, which freight shall be paid previous to delivery.

The Company will not be liable for any single package of cargo beyond the value of Five Hundred Rupees, unless additional freight at a half specie rates has been paid on value above Five Hundred Rupees, and in all cases where claims are made, proof of loss must be furnished.

Specie will not be landed by the Company. It can only be delivered on presentation of Bills of Lading on board, and will be carried on at consignee's risk if delivery is not taken during the Steamer's stay in port.

Carriages are conveyed by special agreement.

Single packages and parcels, not exceeding 2 feet in measurement, are charged Rs. 2-8 under 1,000 miles; under 2,000 miles, Rs. 5; over that distance, Rs. 10.

Goods must be alongside at least 24 hours before the advertised hour of departure, and shippers are requested to see that their receipts for same are in order before leaving the vessel. Most of the mistakes made arise through shippers sending their goods at the last moment.

Bills of Lading are only signed on the Company's forms, which may be had of the Agents at the several ports. These must be presented and delivered up, cancelled, before delivery of goods can be granted.

Horses, Cattle, &c.

The rates of conveyance for animals are exclusive of food, and all animals are carried on deck as shipper's risk.

The charge for conveyance of horses includes passage of a syce in attendance on each horse and space for fodder, which must be provided by the owner.

Horse boxes are not provided by the Company.

Shippers of horses are recommended to remove the shoes, and to provide coir matting for the animals to stand on, to prevent them slipping with the motion of the vessel.

Information for the use of Passengers.

INDIA, CHINA AND JAPAN LINES.

The Company's Steamers leave Marseilles on the Sunday; 5th January, 19th January and every two weeks from the 5th January, at 8 A.M.

Passengers from Paris, London or Rotterdam should start from—

Paris, on the Saturday morning previous; London, on the Friday evening previous; Rotterdam, on the Friday morning previous. These indications are subordinate to the changes which may take place in the hours of departures of railway trains or other conveyances used for the journey to Marseilles.

At Point-de-Galle a Steamer waits for the passengers going to India. This steamer leaves Galle after the transshipment with the Steamer coming from Marseilles; she calls at Pondicherry and Madras, and stops at Calcutta. The trip from Marseilles to Calcutta is regularly accomplished within 30 days.

The Steamer coming from Marseilles proceeds to Singapore where she is due on the 30th day after her departure from Marseilles, thence to Saigon, where she is due on the 34th day, thence to Hong-Kong, where she is due on the 37th day and finally to Shang-Hae where she arrives on the 43rd day.

Passengers for Yoko-Hama take at Hong-Kong the Steamer of the Japan line direct from Hong-Kong to Yoko-Hama. This latter boat, which sails a short time after the arrival of the main line Steamer performs, in seven days, the trip to Yoko-Hama, where she is due about the 46th day after the departure from Marseilles.

Passengers for Batavia embark at Singapore on a branch Steamer which leaves a few hours after the arrival of the packet coming from Marseilles. The trip from Marseilles to Batavia is regularly performed in 32 days.

The branch Steamer plying between Hong-Kong and Yoko-Hama leaves Hong-Kong but after the arrival of the boat from Marseilles.

On the homeward trip, the days of departure from the ports called at by the main or branch line Steamers, are as follows:—

From Yoko-Hama: the Saturdays 4th January, 18th January; and every two weeks thereafter.

From Shang-Hae: the Fridays 10th and 24th January; and every two weeks.

From Batavia: the Sundays 5th and 19th January; and every two weeks.

From Calcutta: the Tuesdays, 21st January and 18th February; and every four weeks.

The days and hours of departures from Marseilles, Yoko-Hama, Shang-Hae, Batavia and Calcutta are the only fixed dates, subject however to the alterations occasioned by changes in the monsoon. The days of departures from, and arrivals at the other ports be subordinate to the length of the passage.

In case the Yoko-Hama boat is delayed on her trip, the departure from Hong-Kong of the main line Steamer may be postponed 48 hours after the arrival of the branch Steamer.

The boats on the Calcutta and Batavia lines cannot leave Point-de-Galle or Singapore before the arrival of the Steamer from Marseilles.

During the S. W. monsoon, from April to September, the departures from Yoko-Hama, and Shang-Hae are anticipated 5 days, from Batavia 4 days, from Calcutta 2 days.

During the N. E. monsoon, from November to March, an allowance of 4 supplementary days is made on the passage from Marseilles to Japan.

In the Ocean ports, the hours of departures are regulated by the tides.

MAURITIUS AND REUNION LINE.

The Steamers on this line ply between Mauritius and Aden, where they will transship Passengers, mails and Merchandise on the Steamers of the main line, on the outward and the homeward journeys.

The departures will take place every 28 days:

From Mauritius on Friday, beginning 10th January 1873.

From Aden on Monday, approximately, beginning 6th January 1873.

Half the amount of Passage Money, when the Passage exceeds £20, is required to be paid on securing Passage, and the balance a fortnight before embarkation.

Passengers not embarking after engaging Passage, to forfeit the deposit of half the amount of Passage Money.

In case, however, of a Passenger being unavoidably prevented from availing himself of a Passage at the period for which it is taken, a transfer of the Passage can be effected to a subsequent Steamer, on sufficient notice being given, without forfeiture of any portion of the deposit paid, and accommodation will be allotted as similar as circumstances will permit.

The Company's Steamers each carry a qualified Surgeon.

It is to be understood that a passenger occupying a Cabin of two or more Berths, on the departure of the Vessel (unless he shall have paid an additional sum for its exclusive occupation) is not to object to the vacant Berth or Berths being filled up at the intermediate Ports if required.

Passengers will have to defray their own expenses for Hotels, in the event of any detention.

NOTE.—Passage Tickets are granted by the Company, subject to certain Conditions and Regulations, which are endorsed thereon; and before the Tickets can be made available the Passengers must subscribe to the conditions, by affixing their signatures thereto.

Baggage.

The attention of Passengers by the Company's Steamers is respectfully requested to the undermentioned Regulations in reference to Baggage; much trouble and loss are occasionally caused by their neglect or non observance. These Regulations are equally important to Passengers performing the land journey between Alexandria and Suez, for the Egyptian Transit Administration will not accept any responsibility unless they be strictly complied with.

All baggage should be packed in Leather Portmanteau or Trunks, marked with the owners's name and port of destination, in paint, in full, and fastened securely with case locks; padlocks and leather straps being liable to damage or removal. The Transit Administration will not be responsible for the safe conveyance of insecure Packages: Canvas Covers to Packages of Baggage are not recommended, as they are frequently removed, and lead to the loss of the Packages.

Packages containing Jewellery, Plate, or other valuables, must be specially declared and registered prior to shipment, and Freight paid thereon, at the Company's established rates, failing which such Packages are liable to seizure and confiscation.

Packages containing Parcels, Specie, or Merchandise, are liable to seizure and confiscation in Egypt, and to detention for Freight by the Agents of the Company.

This amount is collected on-board the Company's Steamers for the convenience of Passengers.

Insurance on Baggage and Personal Effects can be effected on moderate terms.

EXTENSION OF THE COMPANY'S LINE TO VENICE.

The Company's Steamers leave Venice, under contract with the Italian Government, every Friday, at noon, for Ancona and Brindisi. They will continue to leave Brindisi every Monday, at 5 A.M., as hitherto.

Passengers embarking at Brindisi, by the company's Steamers for Alexandria, can also have their Baggage conveyed by the Steamer from Southampton at the rate of 10s. per cwt.

Passengers outwards, joining the Steamers of the Peninsular and Oriental Company at Suez, can ship their Baggage by the Company's vessels from Southampton to Suez, subject to the following charge, payable in advance:—

CAUTION TO PASSENGERS—GOODS OF A DANGEROUS NATURE.

The Company will not receive on board of their Vessels any Goods of a dangerous or damaging nature. If any such goods be shipped without notice the Shippers will not only be liable to the penalties imposed by Statute, but also for all damages sustained in consequence of such shipment. —(See Extract from the Merchant Shipping Act, at p. 18.)

N. B.—The Baggage of Passengers proceeding via Trieste, must be shipped at Southampton, so as to ensure its arrival at Suez a week in advance of the Passengers to whom it may belong. Non-compliance with this regulation is likely to involve loss or detention of the Baggage in Egypt.

Passengers making their own arrangements for transit through Egypt must claim their Baggage on the Outward Route at Alexandria, on the Homeward Route at Suez, as it will not be conveyed through Egypt under the terms of the Company's Contract with the Transit Administration.

Passengers requiring information respecting their Baggage during the voyage can obtain it by application to the Officer in charge.

Passengers who may miss any package of Baggage on arrival at their destination, are recommended to apply, without delay, to the Company's Agent, giving full particulars, in writing, when application will at once be made to the Missing Baggage Depot at Bombay or Southampton.

Baggage can be occasionally had up from the Baggage Room during the passage, by application to the Officer in charge.

No Trunks or Boxes allowed in the Saloon or Cabins, but only small Portmanteau or Carpet Bags.

The Portmanteau for Cabin use should not exceed 3 ft. in length, 1 ft. 3 in. in width, and 1 ft. 3 in. in depth.

In all cases in which the Company's Steamers may be placed in quarantine, First-Class Passengers will be charged Ten Shillings, and Second-Class Passengers Five Shillings per diem, for their maintenance on Board during the detention of the Ship.

NOTE.—Nos. 3 and 5 Trains will only run when a full load is ready.

1. PASSENGERS can be booked at intermediate Stations only on condition that there shall be room in the train and class of Carriages for which their tickets shall have been issued. To ensure being booked, Passengers should be at the Station at least 15 minutes before the time mentioned in the tables. The door of the booking office will be closed punctually at the hours mentioned. Passengers cannot be re-booked at Road-side Stations, to proceed by the train in which they have arrived.

2. TICKETS.—The tickets given to Passengers on payment of their fares, will be required to be produced to the Company's servants, or given up to them whenever demanded. Passengers unable or refusing to produce their tickets are liable to be charged the fare from the most distant Station from whence the train started. The tickets are not transferable, are only available for the Stations named thereon, and can only be used on the day of issue.

Tickets which have been torn or mutilated, particularly when the date or progressive number is off, will not be recognized, and the holder will be charged full fare.

"Any person who shall attempt to defraud the Company by travelling or attempting to travel upon the Railway without having previously paid his fare, or who shall in any other manner attempt to evade the payment thereof, is subject to a penalty not exceeding Rs. Fifty."

Passengers are requested to examine their tickets before leaving the booking-office counter, as mistakes in tickets or money cannot be afterwards recognized.

3. CHILDREN under three years of age travel free, and above that age are charged full fares.

4. PASSENGERS travelling in their own private Carriages will be charged First Class fare in addition to the charge made for the Vehicle.

5. PASSENGERS' LUGGAGE.—First Class Passengers will be allowed free of charge 112 lbs. Second Class Passengers 25 lbs., and Third Class 15 lbs. All baggage in excess of this (whether in the owner's charge or not) will be charged at 2 pies per maund per mile.

All Luggage must be pre-paid at the Booking Station, and to insure being booked, it must be delivered at the Station 20 minutes before the time stated for the departure of the train.

N. B.—Act No. 18 of 1854, Clause 9:—"No such Railway Company shall in any case be answerable for loss or injury to any Passenger's Luggage unless it shall have been booked and separately paid for."

No Luggage is allowed in the Carriages except small Packages which can be placed under the Seats occupied by the owner. Guards are required to remove all Packages which cannot be deposited under the Seat.

6. LOST LUGGAGE.—Articles found in the Carriages or on the Railway are placed in a Lost Luggage Office at the Negapatam Station where application should be made for lost articles. A fee of two annas will be charged for each article of Luggage when claimed at the Lost Luggage Office; but if not claimed within one month, an additional storage charge of annas 4 per month after the first month, will be made. All lost Luggage if not claimed within six months, will be sold by the Company to pay expenses.

8. SPECIAL OR RESERVED ACCOMMODATION in the Ordinary train may be had on application to the Assistant Traffic Manager, Trichinopoly, on 24 hours' notice being given.

9. TO PREVENT ACCIDENTS it is requested that no Passenger will lean upon, or open the Carriage door, or step from or into any Carriage when the train is in motion; any person doing so, is liable to be prosecuted for a breach of the Company's Bye-Law, No. 6, viz:—

Any person attempting to get into, or upon, or to quit any Carriage after the train has been put in motion, is liable to a penalty of Twenty Rupees.

10. PARCELS are received and booked at all Stations on the line. N. B.—Parcels must be delivered at the Station 30 minutes before the departure of Train.

11. SPIRITUAL CHARGE OF TROOPS ON BOARDSHIP.

FORT ST. GEORGE, 11th June 1863, No. 141.

Read the following Despatch from the Right Honourable Sir C. Wood, Bart., Secretary of State for India: to His Excellency the Honorable the Governor in Council, Fort St. George, dated India Office, London, 24th April 1863, No. 6.

I have resolved in Council that, whenever a Chaplain, about to return to his duty in India, may be willing to undertake the Spiritual charge of Troops on boardship, he may be permitted to do so, and that the Governments in India, on receiving from the Officer in command of the troops on board, a statement testifying to the due discharge of his duties by such Chaplain, be empowered to pay to him the sum of one hundred Pounds (£100): it being clearly understood that the leave of absence of the Chaplain is not to be prolonged on this account, and that the time so spent on boardship is not to count as service in India.

2. The principle of this Rule is applicable to the case of Chaplains returning to this country from India; and you are accordingly authorized to permit any Chaplain on the regular establishment, who may be proceeding to England, to undertake the Spiritual charge of Troops and their families on the voyage to this country, on the understanding that on his arrival in this country, the sum of one hundred Pounds (£100) will be paid to him on the production of the requisite Certificate from the Commanding Officer of the Troops on board.

"Sections 27 of the Regulations respecting leave of absence and deputation and travelling allowances which we have recently approved, you will find a Rule on the subject of travelling allowances on joining a station, and when any change takes place except at the desire of the Chaplain or Assistant Chaplain.

3. But to avoid inconvenience and guard against the possibility of misunderstanding, we think it desirable that for every circle of stations, the Lord Bishop should be requested to frame a plan determining the periods at which each place shall be visited by the Chaplain or Assistant Chaplain officiating in such circle, which plan being approved by Government shall continue in force till varied by the same authority. As minute local information will be necessary to the successful formation of such plan, we can only offer a few suggestions on the subject. The frequency of Ecclesiastical visits should be governed in a great degree by the extent of the Christian population of the place to be visited. A place may contain not more than three or four members of the English Church, and though it might not be right to exclude those few persons from the benefit of Christian ordinances, it is obvious that in the present state of our Ecclesiastical Establishment such a place could not be visited frequently without injury to others of greater importance. An annual visit might in some cases be all that could reasonably be afforded; while to others, visits twice, three or four times a year, might be expedient; and to others again, which might be more populous, it might be desirable that visits should be made once in six weeks, or once a month.

4. When a circle of Stations may, from the deficiency of our Establishment, or any other cause, be left without a resident Clergyman, we are of opinion that the Chaplain or Assistant Chaplain of a neighbouring district should, as desired by the Lord Bishop, be appointed to visit the Station thus deprived of clerical services. In such cases the most convenient course will be for the Lord Bishop to bring the subject to the notice of Government, and submit a plan of visitation. Such plan being approved, the Chaplain or Assistant Chaplain who can most conveniently discharge the required duty, should be specially appointed thereto, and thenceforward be entitled to draw travelling allowances in conformity with the provisions of the plan, and in accordance with our Financial Despatch of the 30th October 1839.

9. We should lament that the practice of visiting Stations at which no Clergyman is permanently resident should be discontinued, and it would be unjust to subject the Clergy to the expense attendant to such visits. Under these impressions we deem it proper to sanction the payment of such reasonable charges not exceeding those authorized in our Despatch of the 30th October 1839, before referred to: and we are encouraged in this view by the fact that although Chaplains and Assistant Chaplains when absent from their duty are subject to the same deductions as Civil Servants, no charge is incurred in providing for the duty of the absentee. The deductions may thus be regarded as a fund, meeting to a certain extent the extra charges incurred by occasional or provisional visits of the Clergy to Stations in which they do not reside."

The revised Plan, determining the Circle of Out-stations for the several Chaplaincies under this Presidency, is published for general information in lieu of the one sanctioned under date 19th October 1852.

RULES RELATING TO BURIAL GROUNDS FOR THE DIOCESE OF MADRAS.

FORT SAINT GEORGE, 29th October 1866.

I. The Chaplain of the Station shall have the care of the General Cemetery. It shall be his duty to apply to the proper Officer, when the walls want repairing; to see that weeds, grass, or jungle be cleared away, and the remains of dilapidated tombs be removed, and that the Cemetery be kept in proper order.

In the absence of the Chaplain, the Lay Trustees shall have the care of the Cemetery.

N. B.—These Rules apply in places where there is no Chaplain, to Ministers of the Additional Clergy Society, and to any other Clergymen who are appointed to the charge of English Congregations, and are in receipt of part of their salary from Government.

II. The Sexton or Lascar in charge of the Cemetery, shall be borne on the Church Establishment, and shall be paid by Government through the Chaplains, with whom the appointment and dismissal of this servant shall rest.

III. In every station, a portion of the Cemetery shall be set apart for the use of members of the Roman Catholic congregation. For the use of any body or bodies of Christians at such station, not being members of the Church of England, nor of the Church of Rome, another portion of the Cemetery shall be appropriated, should they desire it, for the sole use of such congregation, or for the joint use of such congregations. The portions thus set apart shall not be fenced or walled off, but simply divided by a pathway, from the rest of the Cemetery, and shall be added to, or reserved from, the existing Cemetery, according as such Cemetery has, or has not, been consecrated according to the rites of the Church of England. The whole Cemetery thus divided shall be surrounded by a wall, and shall have but one gate of entrance. The entire Cemetery shall be under the care of the Chaplain, for the purposes specified in Rule I. The key shall be kept by the Sexton or Lascar acting under the Chaplain's directions, so that access to the ground may be had by those having a right thereto, easily and without delay.

IV. The Chaplain shall provide that one or more graves be kept ready for cases of sudden emergency; such graves shall be covered with planks or boards. No grave shall be less than six feet deep.

V. A scale of charges for ordinary masonry-graves, headstones, tombstones and tombs, to be submitted by the Undertakers at each station, and approved by the Chaplain and District Engineer, shall be affixed to the Cemetery gate, or to the wall of the Church Porch, or exhibited in some other suitable place.

VI. Inscriptions intended for monuments to be placed in that portion of the Cemetery devoted to the Church of England, and for tablets to be placed in Churches shall be submitted to the Chaplain for approval; if not approved, such inscriptions shall not be allowed to be engraved on such monuments or tablets. But any party considering himself aggrieved by the Chaplain's decision may appeal to the Bishop.

VII. Stone or brick monuments shall not be placed over any but masonry graves; such monuments, unless built over masonry work, are liable to fall in during the rains. Brick monuments are to be discouraged, as they soon fall into decay in this climate.

VIII. The dimensions of no monument shall be allowed to exceed nine feet in length, and four and a half feet in width. In special cases, where more space is desired, a fee calculated at the rate of Rupees 3 for every square foot, shall be charged by the Chaplain. The sum collected shall be placed to the credit of the Fund for improving the Burial Ground, and repairing the monuments in it and the Church.

IX. The Chaplain shall communicate with the friends of the deceased when a monument requires repair. Should a monument fall into a ruined condition, and no one be willing to undertake its restoration, the ruined monument shall be made level with the ground, and any slab it may have contained shall be placed over the grave.

X. Every reasonable effort shall be made by the Chaplain, not only to keep the Cemetery in decent order, but to preserve the sacred associations of the place, by suggesting appropriate designs for monuments, and by planting the ground with suitable trees. The money obtained by the sale of the grass, and the fees abovementioned, shall be laid out in the improvement of the Cemetery.

XI. The Cemetery shall be inspected once a year by the Chaplain, in company with the Executive Engineer, and a report made to the Archdeacon; such reports shall be recorded in the Ecclesiastical Record Book of the station, and also in the Engineer's Office.

XII. The Collector, or one of his Assistants, shall annually, or as occasion may require, visit all cemeteries in his District, as well as those disused as those still in use, and shall make suggestions to the Clergymen or Lay Trustees in charge, and, if necessary, shall make a brief report to the Government or Archdeacon, regarding the condition of such Cemeteries.

XIII. Officers Commanding Regiments or Detachments shall cause a report to be made to the nearest Civil Officer of graves dug for Commissioned Officers, for Non-Commissioned Officers and Soldiers dying on the line of march, in order that measures may be taken for the effectual protection and preservation of such graves.

XIV. At stations where there is no Chaplain or other Clergyman in the pay of Government, the Lay Trustees will perform all the duties assigned to the Chaplain by these rules, with the exception of the approval of the inscriptions, which are to be forwarded to the Chaplain of the station or, during a vacancy, to the Archdeacon; such inscriptions shall not be engraved till the sanction of the Chaplain or Archdeacon is obtained. The Lay Trustees in stations where there is no Chaplain, shall place the key of the Cemetery at the disposal of the visiting Chaplain, on the occasion of that Minister's periodical visits to his out-stations. In the absence of a Clergyman of the Church of England, one of the Lay Trustees, or some Officer appointed by him, shall read the burial service at the interment of all persons entitled to burial according to the rites and ceremonies of the Church of England, and shall forward a return of the same, in duplicate, by the first post, one copy to the Registrar of the Diocese, Madras, and the other to be deposited in the Office of the Collector of the District. Forms can be obtained by application at the Office of the Diocesan Registrar, Madras.

CHURCHES AND CHAPELS.

The following P. W. D. Standing Order, No. 37 of 1865, regarding the expenditure of public money on Churches and Chapels in Military and Civil stations, is, we learn, to be considered applicable to the Madras Presidency:—

Churches and Chapels in Military and Civil Stations.

The following general principles and rules regarding the expenditure of public money on Churches and Chapels are published for general information, and must be strictly adhered to by local Governments and administrations in considering proposals for such works, and in according sanction to them:—

I. In the case of purely Military stations, where there is no European population excepting the troops, such as the Hill Sanitaria at Dugshai or Subathoo, &c., applications for Protestant Churches, will not, as a rule, be entertained by the Government, and a Regimental School-room or other large suitable building should be made available for divine worship.

II.—Where, however, a Military station is of a permanent character, and there is also a Civil European community, Protestant Churches are desirable, and will be constructed by the Government.

III.—Roman Catholic Chapels will be provided by the Government to the extent required for troops in these Military stations in which sanction is accorded to the erection of Protestant Churches.

IV.—The amount of the Government Grant for a Protestant Church will, in no case, exceed such a sum as will suffice to provide a plain substantial building adapted to its special purposes and large enough to contain the whole congregation which may ordinarily be expected to attend together with such plain furniture as is essentially necessary for the proper performance of the service according to the ritual of the Church of England. It

will rest with private individuals to furnish the means of imparting ecclesiastical features, and architectural decorations to the building, should they desire it, and also of supplying additional furniture, or furniture of a more costly description, and means of lighting.

V.—The same principles with regard to the extent of accommodation and amount of the Government Grants will hold good in the case of Roman Catholic Chapels.

VI.—At the chief Civil station of a district, the Government will be ready to provide a small Protestant Church, on scale commensurate with the probable congregation to be accommodated, whenever the community of the station is willing to bear a portion of the expense, the share taken by the Government being calculated on the principle above laid down, viz., that the Government will provide the cost of the solid and essential parts of the fabric, while it shall rest with the community to supply the means of giving to the building the special architectural character and the distinguishing features of ecclesiastical form, which it is desirable Churches should possess.

VII.—The following sums are fixed as sufficient to provide places of worship on the above principles for the various details of troops and for Civil stations. The scale of size for Military stations, and of expense for all Churches or Chapels, now laid down, are in no case to be exceeded without a reference to the Government of India, even though the proposed expenditure may be within the power of sanction, vested in the local Government or Administration.

RULES RELATING TO THE OFFICE AND DUTIES OF LAY TRUSTEES IN THE DIOCESE OF MADRAS.

FORT ST. GEORGE, 29th October 1867.

I. Two Lay Trustees are appointed to each Chaplaincy or station where there is property belonging to or held in trust for the Church of England.

II. At Civil Stations, or Joint Civil and Military stations, the Senior Civil Servant should be appointed a Trustee, provided that he is a communicant of the Church of England, and has no objection to hold the office. At Military stations the Officer Commanding the Cantonment or Garrison under the same provisos. When these Officers are unwilling to hold the office, the officer next in seniority (Civil or Military as the case may be), if qualified as above, should be nominated.

III. The second Trustee may be any communicant resident at the station, nominated by the Chaplain, and approved by the Bishop.

IV. When the office of either Trustee is vacant, the Chaplain should report the circumstance to the Lord Bishop, for the information of Government, and at the same time nominate a duly qualified person to fill the vacancy.

V. The duties of the Trustees are in many respects similar to those of Church Wardens in England. They are appointed to see that the Church and Churchyard or Cemetery, * are kept in good order and repair, to provide for the preservation of the property belonging to the Church, to present to the Bishop or Archdeacon, either on their visitation or immediately by letter, whatever is wrong or irregular on the part either of the Chaplain or the congregation, and to aid and assist the Chaplain in the performance of his duties.

* Vide Rules relating to Burial Grounds, dated Fort Saint George, 29th October 1863.

VI. During the absence of the Chaplain or other licensed Clergyman, one of the Lay-Trustees is, in ordinary cases, the proper person to read the service and a sermon on Sundays, and to take charge of the Register and other books connected with the Chaplaincy.

N. B.—It is to be borne in mind that Lay-Trustees have no power to interfere in the administration of Divine Service, but merely to represent to the Ecclesiastical authorities whatever they may deem objectionable. Their office in this respect is one of observation and complaint, not of control.

VII. The Lay-Trustees, in conjunction with the Chaplain or Minister, form a Committee of Management on all Church matters, and should meet for business once in each month, or oftener if necessary. The assignment of seats in Church and (in places where they are authorized) the collection and disbursement of pew rents, the management of school and charity funds should be supervised and arranged by the Committee at their Meetings.

VIII. All indents, letters, proceedings and other papers emanating from a Church Committee, are to be signed by both the Lay-Trustees (unless for special reasons, which are always to be assigned), as well as by the Chaplain; and all indents, letters, &c., received or sent are to be entered in a correspondence book distinct from that of the Chaplain, and should be produced for examination at meetings of the Committee.

IX. The Chaplain or Officiating Chaplain or Minister present, as a mark of respect due to religion in the person of its Minister, presides at all Meetings of the Committee of Management and signs proceedings and letters as President, and the two Lay-Trustees in the order of their relative rank.

X. The Church Committee are responsible that no alteration is made whether in the Church or Churchyard without representing the matter to the Archdeacon, who will, except in matters of trifling importance, bring it before Government for their sanction.

XI. When any addition, alteration, or improvement to a Church or other Ecclesiastical building is considered necessary, or when any new building is required, the subject should be brought with full explanation to the notice of the Bishop, who, if approved by him, requests the Archdeacon to submit the same for the consideration and orders of Government, on whose approval the necessary plans and estimates (if not previously furnished) are called for from the Public Works Department.

XII. All ordinary repairs to Ecclesiastical buildings in the provinces, the cost of which does not exceed Rupees 50, are effected, and all trifling articles within the same limit are supplied on the direct application of the Church Committee in the provinces by the District Executive Engineer, and at the Presidency by the Barrack Master. Contingent charges for the supply of matting, blinds, and other articles of a similar kind necessary for each Chaplaincy, not exceeding 50 Rupees per annum, will be entered in a Contingent Bill, which should be submitted for the approval of the Archdeacon.

I.—No fees are charged for the performance of the rite of baptism or burial, or for the registration of the performance of these offices.

II.—In addition to the fee for the Surrogate's license, a fee of Rs. 10 shall be charged on all marriages by license, except the marriages of Officers and others in the Military or Naval Service of Her Majesty.

III.—The fee for the Surrogate's license shall be Rs. 50 both at the Presidency Towns and in the interior. No fee will be charged on marriages by banns.

IV.—When registers are searched and copy of any entry given, a fee of one Rupee shall be charged for the first year,* and four Annas for every additional year over which the search may extend, as well as a fee of one Rupee for the certificate. Soldiers, Sailors, and Non-Commissioned and petty Officers are exempted from payment.

V.—A fee of eight Annas for every square foot of ground occupied shall be charged for the construction of any masonry grave in a burial ground.

VI.—A further fee of one Rupee per square foot shall be levied on the erection of a monument in a burial ground: provided, however, that for a simple headstone or flat slab of the size of an ordinary headstone, an uniform fee of Rs. 15 only shall be charged. A fee of Rs. 75 shall be levied on a faculty for the erection of a monument in a Church.

VII.—The fees levied on the construction of masonry graves and the erection of monuments, shall form a fund for keeping the burial ground and Church compound in order, except in Calcutta, Madras and Bombay, where they will be credited to Government. *Vide* Appendix.

VIII.—British Soldiers and Non-Commissioned Officers are exempted, with retrospective effect, from the payment of any fee for the construction of masonry graves, or for the erection of monuments in burial grounds to the memory of their comrades, wives or children. No monument, however, either regimental or private, shall exceed six square feet, and no masonry grave shall occupy more ground than an area of eight feet by four. The simple stone slab or headstone should be generally adopted.

IX.—The Chaplain may at his discretion reduce, or altogether remit in cases of extreme poverty, the fee for searching registers and making copies, as well as the fee leviable on the construction of masonry graves, but not for the erection of monuments.

X.—The fees prescribed in these Rules should be paid to the Chaplain, or, in the absence of the Chaplain, to the Officer in charge of the burial ground, and shall be duly accounted for.

Appendix to Rule X.

By a resolution of the Government of India, dated 3rd September 1870, No. 3,015, it is ordered, that the fees for masonry graves shall be paid into the Treasury for repairing the walls, gate and paths, and that the fees for monuments in Churches shall be paid over to the charitable objects to which the Bishop assigns them, when his faculty is issued. It is further ordered that the fees for Cemetery monuments in all Burial Grounds, except those in the Presidency Towns of Calcutta, Madras and Bombay, shall be retained by the Chaplain to form a fund under the management of himself and the Church Committee, for the decoration of the Cemetery, by planting trees and shrubs and for repairing tombs.—*Vide Proceedings of Madras Government, 12th October 1870, No. 165.*

Orders for the performance of Funeral Rites on verdicts of Coroner's Inquests.

NOTIFICATION.—*Fort Saint George Gazette, June 11, 1850, page 623.*

The Right Honorable the Governor in Council is pleased to rescind the Order of Government of 5th April 1842, which directs a copy of the verdict of the Coroner's Inquest to be

furnished, when practicable, to the Clergyman who is to officiate at the interment of a body on which an inquest may have been held, and the Reverend Chaplains will in future consider the warrant of the Coroner for the interment of a body on which an inquest has been held to be a sufficient authority for their performance of the Burial Service over it, if it would be their duty, under ordinary circumstances, to perform that service.

2. In the provinces where no Coroner's jurisdiction exists, the same course will be observed by the authorities appointed to inquire into the causes of sudden death, and the same deference will be paid by Clergymen to their certificates of Warrant.

Order for the burial of a Roman Catholic when refused burial by the Roman Catholic Priest.

By the Orders of the Government of India, dated 21st December 1855, communicated to the Right Reverend the Bishop, 15th January 1856, and quoted by the Chaplain of Cannanore, Chaplains of the Church of England are, on the requisition of the Officer Commanding a Military station, bound to bury a Roman Catholic according to the ritual of the Church of England when the Roman Catholic Priest of that station may have refused to bury the deceased.

SURROGATES FOR GRANTING MARRIAGE LICENSES.

Parties desirous of being married should apply direct to some Surrogate residing near them; but from places where there is no Surrogate, application should be made to the Registrar, who will procure a commission under the Episcopal Seal, authorizing some persons to administer the usual oath and grant the necessary license. None but a Clergyman of the Church of England can marry by virtue of Episcopal license. Parties who cannot on account of distance obtain the services of a Clergyman to marry them must state the fact, and apply to the Brigade Major, Fort Saint George, who will obtain the permission of the Right Honorable the Governor for their marriage under which the Senior Judicial Officer of any station is authorized by Government to marry them.

In the case of a minor in H. M.'s or the Honorable Company's Services, the written consent of the Governor must be obtained previous to the publication of Banns, or the grant of a license.

Further information respecting marriages can be obtained on application to the Acting Registrar of the Diocese, J. O. Wright, Esq. M.A.

Free General Assembly's Institution, Esplanade, Black Town, for Native Education and for raising up Native Teachers and Preachers, under the superintendence of the Missionaries and Dr. W. Carslaw. The Mission in 1856 opened a new Branch School in Black Town, under the superintendence of Mr. Hutton and the Missionaries; this School is now attended by upwards of 147 boys and 80 girls. Mr. Zynul Abideen has charge of the Station at Chingleput. His circle embraces many villages which he regularly visits. Mr. Ragavulu is laboring in Conjeveram and the villages around. The Educational operations at Nellore are in charge of the Rev. John Macmillan.

Eight Branch Schools for males exist in connection with the Parent Institution. These are in Black Town, at Conjeveram, Trivellore, Wallajahbad, Rajampettah, Iyempettah, Chingleput and Nellore. The average attendance at all these schools during 1871 has been about 1,500 Hindus and Mahomedans, on a roll of about 1,700. The Hindu pupils are of all castes and classes, from the Brahmin to the Pariah, no distinction being made by the Missionaries.

The Female Institution for Convert and Boarding Girls is under the charge of Mrs. Anderson, assisted by Charlotte Govindurajuloo, who acts as matron of the Institution. There are besides 8 Day Schools for Hindu and Mahomedan girls in connection with the Mission. These Schools contain about 900 pupils, making the entire number of pupils on the roll about 2,700.

The education given embraces a knowledge of the Scriptures and all the branches of an enlarged regular course of instruction. The essential character of the Central Institution, with its nine Branch Schools for youths and eight for girls, is that of being Seminaries for giving a full Christian education. This is communicated through the medium of English, Tamil, Telugu and Hindustani; and instruction is

also systematically given in these tongues, by competent Munshies. The Central Institution educates young men up to the standard of the B. A. Degree of the Madras University. Visitors are received on Fridays from 11 A. M. till 4 P. M.

The Free Church Mission employs upwards of 20 Christian Agents, Evangelists and Teachers. It also employs in its Schools 130 Teachers.

London Missionary Society's English Institution for Native Youths.

ARMENIAN STREET, BLACK TOWN, MADRAS.

This Institution was established in 1851 for the purpose of giving a good general and scriptural education to the native youths of Madras, as well as for the training of Preachers, Catechists and Teachers to assist at the numerous stations occupied by the Society in Southern India.

The studies pursued in the highest classes of the Institution are those required for the Matriculation examination of the Madras University. The studies in the other classes are arranged accordingly. Every boy in the school is daily instructed in the sacred Scriptures by a Christian teacher. The number of scholars is 450. School fees are paid according to the rates recently fixed by Government.

There are also two Branch Schools in the immediate neighbourhood of Madras connected with the Institution. In the Institution and its Branch Schools there are 550 native youths receiving a Christian education.

A native congregation comprising 154 souls and 66 communicants has been formed in connexion with this part of the Mission. The plan of the Institution provides for a special service adapted to native youths every Sunday morning after the Sunday School.

Vepery District.

Connected with this Branch of the Mission is another native congregation of 107 souls, and 39 communicants. The Mission supports a Boarding School for girls and five girls' day schools, four of which are attended by caste children to the number of 278. The total number of girls at present is 334.

There are two Village Schools situated at the distance of 25 and 30 miles from head quarters, for the children of poor Christians, also a Girl's School numbering eighteen boarders and ten day scholars, conducted by Mrs. Heelis, and a Night School, for young men and boys who are obliged to work for their daily bread, under the direction of Mr. Heelis, both in the town of Nursapur. Place of Worship—*Ebenezer Chapel, Commissariat Road.*

Times of Service.—Lord's day, 11 A.M. and 6 $\frac{1}{2}$ P.M.—Thursday, 6 $\frac{1}{2}$ P.M.

This Church was formed on the above date by the Rev. T. C. Page, (formerly of Madras), then temporarily residing at Bangalore. It enjoyed the pastoral superintendence of that esteemed servant of Christ for the first few months of its existence, but was for some time subsequently to his departure from the station without a Minister. On the 30th March 1856, Mr. Marsden, who had been a short time previously set apart for the work of the Gospel Ministry at Madras, became its Pastor.

Besides watching over this Christian Society, Mr. Marsden devotes a considerable portion of his time to evangelistic visitation among the residents of Bangalore, particularly the Military, of whom there is always a very large number at the Station. Last year there were in this way about 680 persons come into contact with, and plied and pressed with the Gospel offer, about three-fourths of whom had never previously been operated upon, and during the sixteen preceding years, about 8,500 persons. A very large proportion of these were Soldiers. Though not bearing the name, Mr. Marsden, to the fullest extent of his ability, is doing the work of a TOWN MISSIONARY.

There are in this Vicariate 22 Schools, attended by about 1,400 pupils. 8 Orphanages, viz., 2 for boys, 4 for girls, and 2 Agricultural Orphanages in the Ganjam District, for the numerous children rescued in the famine of 1866.

In the Male Schools at Vizagapatam and Nagpore, English, Latin, French and the Vernaculars are taught, as well as History, Geography, Arithmetic, Algebra, Geometry, Drawing, Music, &c.

A School for girls of high castes has been established at Vizianagram by the Honorable Maharajah, K.C.S.I., the great promoter of education; it is attended by a very large number of girls of the highest castes and conducted by the Religious Ladies of St. Joseph. His Highness the Maharajah wishing to have the school in a still larger scale has completed a very extensive school-house and large buildings for the numerous pupils who from other parts of his estates come to be educated at Vizianagram where they are generally supported at the expense of His Highness.

278

At Vizagapatam the School for Native girls of high castes which is under the patronage of Mrs. G. L. Nursing Row and entrusted to the care of the Religious Ladies of St. Joseph, is in a very flourishing state. The scholars about 200 in number show a great aptitude for work and go gladly to school. The enlightened Mrs. G. L. Nursing Row, great promoter of education, judiciously thought that as a complement to the above mentioned Institution a school for adult females of caste, was a great desideratum; accordingly a School for Hindoo ladies and grown-up girls of caste was established and entrusted to the Nuns by the same well-informed and benevolent Native lady, Mrs. G. L. Nursing Row, the patron and great supporter of both institutions. I am happy to say that both schools work well.

The present Cemetery was built and given to the Armenian community by Government in the year 1862.

Previous to the erection of the Church the Armenian community performed Divine Service in a temporary place, built of timber, on the North, or Monument Esplanade, opposite Fort Saint George, by the late Honorable East India Company, who also paid for the support of the Priest (30) fifty pounds annually for 7 years, agreeably to a Treaty entered into by the said Company with the Armenian nation, dated London, the 22nd day of June, A. D. 1638, and in the fourth year of the reign of King James the Second. The present Church was built by the Armenian community at their own expense in the year 1712, and alterations and additions made to it by them, from time to time. In the year 1833 and British Government was pleased to grant the sum of Rupees (5,000) five thousand from the late Lottery Funds, for the repairs of the Church; out of which Funds the community was enabled to erect a substantial and extensive Verandah, 148 feet in length by 10 in breadth, on the east side of it. Government was further pleased to grant a donation of Rupees (2,000) two thousand, from Dr. Woolley's Estate to the Church in the year 1839.

RULES FOR EDUCATIONAL GRANTS-IN-AID.

1. Grants-in-aid of schools, and other educational institutions, will be made with the special object of extending and improving the secular education of the people, and will be given impartially to all schools (so far as the funds at the disposal of Government may admit) which impart a sound secular education, upon the conditions hereafter specified. Except in the case of schools aided on the "payment for results" system, it will be essential to the consideration of applications for aid, that the schools, on behalf of which they are preferred, shall be under the management of one or more persons, who, in the capacity of Proprietors, Trustees, or Members of a Committee elected by the Society, or Association, by which the schools may have been established, will be prepared to undertake the general superintendence of the schools and to be answerable for their permanence for some given time.

2. Every application for a grant must be accompanied by a declaration that the applicant, or applicants, are prepared to subject the institution, on behalf of which the application is made, together with its current accounts, list of establishment, time table, scheme of studies and registers of attendance, to the inspection of a Government Inspector, such inspection and examination relating only to the general management and to the secular instruction and having no reference to any religious instruction which may be imparted.

3. Except in the case of Normal Schools for training teachers, and of female schools, grants will be restricted to those schools, in which a monthly schooling fee, of an amount to be approved by the Director of Public Instruction, and which in general is not to fall below one Anna, is paid by at least three-fourths of the pupils.

[It is not permissible for a teacher to draw a salary grant in one school and at the same time to serve as a Master in another which receives a grant upon the system of payment for results.]—*Order of Government, 2nd December 1868, No. 410.*

4. It will be opened to Managers of schools, who desire to obtain grants on the results of periodical examinations of the pupils, to submit their schools to examination according to the standards described in Schedule A, appended to this Notification, and to obtain grants at the rates provided for in Schedule B.

5. In other cases, the grants will be made only for specific purposes, and not in the form of contributions in aid of the general expenses of a school; and it will be essential to the payment of the grants, that the proportion which, under the following rules, the Managers are required to contribute for the purpose for which the grants may have been sanctioned, shall have been duly paid. Subject to the conditions prescribed in these rules, a grant, not exceeding in amount the sum contributed by the Managers of a school, will be given in aid of the salary of each Schoolmaster, or Schoolmistress, who may have obtained a certificate of qualification from the Director of Public Instruction. A grant, not exceeding one-half of the sum contributed by the Managers of the School, will be given in aid of the salary of each Schoolmaster or Schoolmistress, in regard to whom the Managers may satisfy the Director of Public Instruction, either by the report of a Government Inspector of Schools, or by such other means as the Director of Public Instruction may consider sufficient that the said teacher is fairly qualified to perform the duties which are entrusted, or which it may be proposed to entrust, to him or her; provided that, in such cases, the amount of the grant to be given shall bear a due proportion to the amounts sanctioned to the following rules for teachers holding certificate, and that the exact amount to be assigned in each case shall be determined by the Director of Public Instruction.

6. The following are the specific objects for which, and the conditions upon which, grants will ordinarily be given:—

- 1st.—The payment, in part, of the salaries of Schoolmasters and Mistresses.
- 2nd.—The payment of Normal, and certain other scholarships.
- 3rd.—The provision of books of reference, maps, &c., and, in some cases, of school books.
- 4th.—The establishment and maintenance of school libraries and public libraries.
- 5th.—The erection, purchase, enlargement, or repair of school buildings.
- 6th.—The provision of school furniture.

23. Grants will be made towards the erection, purchase, repair or enlargement of a school-building on the following conditions:—

- 1st.—That in each case an equal sum shall be contributed by the Managers of the school for the same purpose.
- 2nd.—That satisfactory evidence shall be adduced of the necessity for the erection, purchase, repair or enlargement, in aid of which the grant is sought.
- 3rd.—That the amount applied for shall not exceed what may be considered reasonable, taking into account the Budget provision for the year, the importance of the school, and any previous grants which may have been issued to the Managers of the Institution.
- 4th.—That the application (which should be submitted before the commencement of the undertaking) shall be accompanied by a plan and estimate of the cost of the building proposed to be erected, purchased or enlarged. The plan and estimate to be retained in the Director's Office.
- 5th.—That previous to the disbursement of the grant, it shall be certified by the Inspector of the Division, or other responsible Officer who may have been deputed to examine the building, that the work has been proceeded with, as provided for in the plan and estimate previously sanctioned by the Director of Public Instruction. Also, that, before disbursement, the Managers of the school shall declare that they have funds on hand sufficient, when supplemented by the grant, to clear off all the debts incurred in the execution of the work.
- 6th.—That in the event of any building, towards the erection, purchase, or enlargement of which a grant may have been made by Government, being diverted, prior to the lapse of twenty years from the date of issue of the grant, to other than educational purposes, the Managers at the time of the diversion shall refund to Government such portion of the grant allowed them as shall be determined by Arbitrators, who, in making their award, shall take into consideration the length of time the building has been used as a school-house and its consequent deterioration; but in the event of such Managers failing to make such refund, then they shall sell the building to Government at a valuation to be determined by Arbitrators, who, in making their award, shall deduct from the price such portion of the grant as may seem equitable, regard being had to the length of time the building has been used as a school-house and its consequent deterioration.
- 7th.—That the Arbitrators referred to in the last preceding rule shall be three in number, one of whom shall be nominated by Government, another by the Managers of the school, and the third by the two Arbitrators so appointed; and, in case of the Arbitrators differing in opinion, the award of the majority shall be binding and conclusive on all parties.

24. Grants for the provision of school furniture will be made once in five years, on condition that the Managers of the school shall contribute in equal sum for the same purpose, and that, in the event of the school being permanently closed within five years from the date on which the grant may have been made, the Government shall be at liberty to purchase the furniture, towards the supply of which the grant was given at a valuation to be determined, as in the case of school buildings, by Arbitrators, credit being taken in each case for the amount of the grant, allowing for depreciation due to wear and tear. All applications for grants must be accompanied by a list of the furniture required. A furniture grant will be paid on the Director of Public Instruction being satisfied that furniture to the full amount proposed to be expended, including both local contributions and the Government grant, has been made up and placed in the school.

25. Application for grants-in-aid of Industrial schools, for the rent of school houses, the wages of school servants, the contingent charges of schools, school prizes, and for other purposes not provided for in this Notification, will be disposed of on their merits, each case being determined, as far as possible, by the analogy of the foregoing rules.

17. Grants made to elementary schools on the results of periodical examinations of the pupils, as provided for in Schedules A B, will be paid annually, half-yearly or quarterly, as the Director of Public Instruction may decide in communication with the Managers of the school, provided that the amount to be given for a single year shall not exceed the rates entered in Schedule B.

Applications for such grants must be accompanied by a list of the books required; and on the Director of Public Instruction satisfying himself of the propriety of complying with the application, prospective sanction will be given for the issue of the grant, which will be paid on the Government Inspector reporting that the articles have been procured and are ready for use.

21. A grant for the provision of school books will be issued *bona fide*, pauper schools, at a rate not exceeding 8 Annas a head upon the average attendance of the preceding three months, the Managers of the schools contributing in every case an equal amount. After the expiration of three years, a renewal grant will be issued upon the same terms.

22. Grants will be made in aid of schools and public libraries, to such extent as may seem fitting in each case, and subject to the condition that an equal sum shall be contributed by the Managers.

(a)—A grant will be made to every school favorably reported on by the Inspector at rates not exceeding those noted in the margin, provided that a sum equal to the amount of the grant be contributed for the same purpose by the Managers of the school.

SCHEDULE B.

GRANTS TO PUPILS PASSED UNDER THE SEVERAL STANDARDS.

	Vernacular.					English, or extra language.

	Reading.	Writing.	Arithmetic.	Grammar.	Geography.	Total Rs.	Reading.	Writing.	Total Rs.

3rd do.	2	1	2	1	...	6 ⁴	2	1	3
4th do.	3	1	3	1 ⁴	1 ³	10	3	1 ³	6

(a) For English and Eurasian children, the English language may be taken as the Vernacular; and, in the place of English as an extra language, one of the Vernaculars of the Presidency—Tamil, Telugu, Canarese, Malayalam and Hindoostanee—may be brought up.

(b) In the case of girls' schools the grants will be 50 per cent. higher; and in addition, a grant of Rupees 2 will be given for tolerably fair plain needle-work, and one of Rupees 4 for decidedly good work of the same description. A capitation grant of one Rupee a head will also be allowed, as a temporary measure upon the average daily attendance during the year.

Only one examination, within an official year will be claimable by a school; but, to meet the case of indigenous schools, half-yearly examinations will, when practicable, be given to such schools, and half the prescribed annual grants will be issued upon the results of each examination.

2. To be eligible for examination, a pupil must have attended six months at the school in which he is reading; and, to count a month's attendance, a pupil must have attended at least 15 days in that month.

3. A pupil is not to be presented for examination under any standard who has already passed for that standard at another school.

4. Where the inspection of a school is made annually, a pupil will not be allowed to pass more than once under any standard, save the fourth or highest. For the fourth, a pupil will be permitted to pass twice at the same school.

5. Where the inspection of a school is made half-yearly, a pupil may pass twice for each of the first, second and third standards, and four times for the fourth standard.

6. In the case of half-yearly examinations, the first may be made somewhat less severe than the second.

7. An application in the annexed Form (C) must be made to the Inspector of the Division by the managers of a school seeking aid under the system of payment for results; and, at the same time, a copy of the application must be forwarded by them to the Office of the Director of Public Instruction. An application, for inspection, under the system, must reach the Inspector at least three months before, in the course of his ordinary tour, he will visit the district in which the school is situated. If this condition is not fulfilled, the Inspector will be at liberty, should his arrangements render it decidedly inconvenient for him to visit the School, to let the application stand over till the following year's tour. In this case, the Inspector is to send a memorandum of the course pursued by him to the Managers of the School, and a copy of the same to the Office of the Director of Public Instruction.

8. When the preliminary conditions are fulfilled, the Inspector will examine the children presented to him according to the standard specified by the Managers of the School. After examination he will furnish the Managers with a memorandum showing the pupils examined and passed under each standard, and the grant claimable in consequence. This memorandum is to be submitted to the Director of Public Instruction by the Managers, with an application, requesting that the sum stated by the Inspector to be claimable may be paid to them. On receiving the application and memorandum, the Director of Public Instruction will take immediate steps to pay the money.

9. Schools receiving aid under the salary-grant system cannot claim assistance under the "payment for results" system and *vice versa*.

10. All schools receiving aid under the system of "payment for results" will be similarly to schools under the salary grant system, have to furnish such returns and statements as may be called for by Government.

11. To pass at an annual examination for any head belonging to a standard, a pupil must occupy one-half of the marks assigned by the Inspector to that head. The Inspector is at liberty, however, to allow a small deficiency under one head to be compensated for by superior proficiency under another.

In the Primary School the instruction is elementary: in the High School, it is the attempt of the Masters to give a thorough classical and mathematical education equal in every respect to that given in the public schools in England.

The Collegiate Department was re-opened in February 1866. The curriculum embraces the subjects specified by the Syndicate for the F. A. and B. A. Examinations of the University, together with Theology.

The following is the new form of the scholarship Rules as proposed by the Sub-Committee of August 1871 and amended and adopted by the General Committee, November 9th, 1871.

Scholarship Rules.

The Committee of the Doveton Protestant College with the view of encouraging and aiding students to prepare for and to join the degree of Bachelor of Arts in the University of Madras, resolve to confer scholarships on pupils who have passed the entrance examination of the University and who shall promise to pursue their studies for four years thereafter in the Doveton College.

The following are the Rules, in accordance with which the scholarships shall be given and held.

1. That four scholarships shall be given each year to the students who are commencing their Collegiate course, and that each of these scholarships shall be tenable for four years under the rules hereinafter laid down.

2. That two of the scholarships shall be given to Christian pupils who have matriculated from the Doveton Institution according to the order in which they may have passed the University Matriculation Examination provided they also attain to a certain fixed standard in scriptural knowledge, and produce satisfactory evidence of moral character.

3. That the two remaining scholarships shall be given to Christian pupils coming from other Institutions on the same terms provided such pupils hold higher places at the University Matriculation Examination than Doveton students excluding those holding scholarships.

4. That the scholarships shall be Rs. 10 each per mensem during the first and second years of the College course, and Rs. 20 or 15 per mensem during the third and fourth years of the said course according as the holder shall be placed in the First or Second Class at the First Examination in Arts.

5. That should the holder of a scholarship fail to pass the First Examination in Arts at the end of his second year, the scholarship held by him shall lapse; should such holder of a scholarship, however, pass the First Examination in Arts from the Doveton College in a subsequent year the Committee may at their discretion grant him a scholarship during the third and fourth years of his course.

6. That unauthorized absence, continued absence for three months from whatever cause or misconduct shall involve forfeiture of scholarship, and that a scholarship thus forfeited shall be available for other students in the same year of the course according to the principles laid down in these Rules.

7. That scholarship not conferred by the Doveton Protestant College shall be held on such conditions as may be prescribed by their founders, subject however to the provisions laid down in these Rules.

8. That the scholarships shall cease or be liable to diminution, if the state of the funds render such a course necessary, and that these Rules may be altered by the Committee on sufficient grounds.

9. That the Committee reserves to itself the right of withholding one or more of the scholarships if it deems fit.

This Institution, under the title of the *St. Thomé Orphan Refuge*, was commenced in 1860 by Mrs. Morehead, by whose exertions sufficient money was raised to purchase the premises at St. Thomé where it is now held, subsequently the Trustees of the property of the late Mrs. Gordon, of the Mount, endowed it to the extent of about Rs. 1000 a year, on the condition of its assuming its present title.

The design of this Institution is to afford a Refuge to those perfectly destitute children of European descent who are not eligible for either the Military or the Civil Orphan Asylums. A large number of children has already been rescued from the demoralizing influence of the Parcherries, many of whom have also been settled respectably in life.

This Society, which has been established nearly a quarter of a century, owes its existence in great part to the exertions of Dr. Wight, formerly a Surgeon in the Madras Army, and whose valuable contributions to Botanical Science have gained for him a widely-spread and well-earned celebrity.

The Company's gardens are situated opposite to the chief entrance to the Cathedral, and an additional piece of ground on the east of the Cathedral was purchased in the year 1856-57. This is at present chiefly employed as nursery for young plants and for experiments in Agriculture and Horticulture.

The Garden occupies a space of about 71 acres, which were originally granted by the local Government. It is laid out in a highly ornamental manner, and contains a magnificent collection of tropical plants, from various parts of the world, which is constantly being increased by exchanges and purchases. It is open at all times to the public, and forms a healthful place of recreation for the inhabitants of Madras.

A nursery for seedlings and cuttings of useful and ornamental trees, is maintained to meet the requirements of the Members who are supplied from it gratis. European vegetable and flower-seeds are also similarly distributed; but all these advantages are open to the general public on payment.

A portion of the grounds is now being laid out as a Botanical Garden, to illustrate the various tropical families of plants. This addition will be of great service to those who may wish to acquire a practical knowledge of botany.

The general affairs of the Society are managed by the Committee who meet on the 1st Wednesday at 6½ A. M. in each month, and compile annually, in the month of March, a Report of the year's Proceedings which is submitted to a General Meeting of the Subscribers at large. Publicity is also given to the Proceedings of each Meeting of the Committee in the Newspapers; and they are afterwards published and distributed to Members.

Persons of all nations are eligible as Members of the Society, and have a voice in the annual election of the Committee and Office-bearers.

The rate of subscription is 7 Rupees a quarter; no entrance fee being demanded, and the subscription being allowed to lapse, temporarily, should a Member be absent from Madras.

Up-country Subscribers are entitled to all the advantages of Members, which it is possible to place at their disposal.

An annual show is advertised to be held about the end of February, when a large number of prizes will be awarded for ornamental flowers of various kinds, fruits, vegetables, and several articles of importance in connection with botanical science. The Society has also made arrangements to award prizes for agricultural produce.

Lists of the prizes to be then distributed, and all information may be obtained on application to the Honorary Secretary or Superintendent, by whom lists of Members, Rules of the Society, &c., will be supplied gratis to any one anxious to peruse them.

MADRAS MEMORIAL HALL.

The Madras Memorial Hall was erected by public subscription as a Memorial of the goodness and forbearance of Almighty God in sparing this Presidency from partaking of the Sepoy Mutiny which devastated the sister Presidency of Bengal in the year 1857. It is governed by a Committee of gentlemen representing the various religious bodies in Madras.

Fundamental Rules for the management of the Madras Memorial Hall.

Bible Society,	Church Missionary Society,
Religious Book and Tract Society,	Christian Knowledge Society,
The Society for Prop. of the Gospel,	Colonial Church Society.

IV. That on a vacancy occurring in the Committee of Management, by the death, resignation, or departure from Madras for a period exceeding six months, of any Delegate, or from any other cause, and in the event of the Society of which he is the representative failing, within three months after the receipt of a notice from the Secretary of the Committee of Management, signifying the occurrence of such vacancy, to nominate another in his place, the Trustee of the Hall shall be empowered to fill up the vacancy by appointing a Delegate from the Committee of the Society in which the vacancy has occurred, or, in the event of all the Members of that Committee refusing to serve, from the Committee of any of the other Societies named in Article No. II.

V. That the action and constitution of the Committee of Management shall not be impeded or vitiated by the neglect or refusal of any of the said Societies to nominate a Delegate or Delegates.

VI. That in the event of the Committee of Management having from any cause become extinct, it shall be the duty of the Trustee of the Building to call on the several Committees referred to in Article No. II, to supply the vacancies, and in case of their refusal to do so, to adopt the course laid down at the close of Article No. IV.

VII. That in the event of all the Committees refusing to delegate any Members of their body, and no Members of the several Committees named being found willing to serve on the Committee of Management, then it shall be lawful for the Trustee to allow the building to be used in the manner and for the purposes laid down in Articles Nos. VIII, IX and X, and to discharge all the other duties devolving on the Committee of Management as laid down in these Rules, and in the Trust Deed, until another Committee can be formed in accordance with Article II.

VIII. That the Hall shall be available for the Public Meetings of the Religious Societies named in Article No. II, and of such other Religious Societies as the Committee of Management shall approve.

IX. That all Societies or parties obtaining the use of the Hall shall pay a Fee of Rs. 50 for each occasion of such occupation, except in the case of its use for several days consecutively by the same Society or party, in which case the Fee shall be Rs. 25 per diem. But it shall be competent for the Committee of Management from time to time to modify this Rule, and to determine what rate of fees shall be paid generally, or by any Society or party specially, provided however the Rule shall not be altered unless two-thirds of the Members of Committee concur in the change.

X. That subject to the approval of the Committee of Management in each case, the Hall shall be available for Religious, Educational, Charitable and Scientific purposes, and for such other objects, not being included under the above terms, as may be pro-

nounced by the Committee of Management to be not inconsistent with the design of its erection, viz., to the Glory of God, and as a memorial of his goodness in exempting this Presidency from the Mutiny of 1857. Provided nevertheless that it be distinctly understood, that among the objects left to the discretion of the Committee of Management are not included balls, concerts, theatrical exhibitions and such like entertainments as have the character of mere worldly amusements.

XI. That the Committee of Management shall be authorized to receive the sums obtained on account of the Hall, and to apply them in defraying the expenses incurred on account of servants, assessment, repairs, &c.

BANKERS—Messrs. Arbuthnot & Co.

SECRETARY & TREASURER—W. Plumbridge Williams, Esq.

The object of this Association is to make provision for Widows and Orphans by means of small monthly payments.

Its chief characteristics are:—Mutual assurance—members may reside in any part of the world without involving an increased rate of subscription—members have a vote in framing new or altering old Rules, and in all matters affecting the interest of the Fund—claims paid immediately on proof of death—5 months' grace allowed in paying subscriptions—Funds invested in Government Securities only, in the joint names of the Trustees.

The Fund has worked successfully for the last 37 years. It has hitherto contributed upwards of eleven lakhs of Rupees towards the support of Widows and Orphans, and during the last ten years its capital has nearly doubled and is yearly augmenting. It has two branches of operation, the Widows' and the Children's.

WIDOWS' BRANCH.

The following statement exhibits the subscriptions and donations payable by members in this branch of the Fund and the pension to which Widows become entitled by virtue of such payments.

Classes.	Monthly subscription.	ENTRANCE DONATION		SPECIAL DONATION PAYABLE		Amount of monthly pension to Widow.
		To secure full pension to Widow.	To secure 5-6th of pension to Widow.	Payable by 48 instalments to secure do. after a lapse of 34 years.	By Medical, Maritime and Military men and those whose age exceeds 50 years.	By those whose ages range from 45 to 50 years.
1	2	3	4	5	6	7
1st Class.....	Rs. 20	Rs. 4,000	Rs. 1,200	Rs. 480	Rs. 240	Rs. 120
1st Grade.....	14	2,800	840	336	168	84
2nd Grade.....	10	2,000	600	240	120	60
2nd Class.....	7	1,400	420	168	84	42
3rd Class.....	5	1,000	300	120	60	30
4th Class.....	3	600	180	72	36	18
5th Class.....	2	400	120	48	24	12
6th Class.....	1	200	60	24	12	6

The payment, in one sum, of the entrance donation shown in columns 3 and 4, secures a pension to the Widow *absolutely and certainly, immediately* on the death of the husband *whenever* that may occur; but the payment of the donation by small instalments, as indicated in column 5, *defers* the title to pension for a period of 40 months, and if the Subscriber meanwhile die, his widow gets no benefit whatever. At any time in the interval, however, a Subscriber may, on production of a medical certificate of health, make up the amount entered in columns 3 or 4, paying the difference between it and his previous aggregate payments. This will entitle his widow to an immediate benefit. Should those who pay the donations, as entered in columns 4 and 5, survive sufficiently long to make their total payments to the Fund, i. e., donation + subscription at the time of their death equal or exceed the amount entered in column 3, then their widows also receive the full rate of pension. The deduction of 1-6th from the widow's pension, is added to her husband's payments until the sum entered in column 3 is made up, when she draws the full amount of pension.

A Subscriber may remove from a lower to higher class, by paying the difference of the donation between the two classes, as entered in column 5, and a bonus equal in amount to 2 years' subscription of the higher class.

N. B.—The two first grades of the 1st Class have not yet been entirely formed, but names are registered on the express condition, (1) that neither of the grades shall be considered to have come into operation until 50 Subscribers shall have been admitted into it; and (2) that if a Subscriber admitted to either of these grades dies before it come into operation, the pension of the 3rd (the present first class) viz., 60 Rupees shall be given to his widow, subject to the Rules of the Fund, and all sums paid by him over and above the amount paid by him to secure that pension, shall be returned to her.

CHILDREN'S BRANCH.

The rate of subscription in this branch ranges from 4 Annas to 10 Rupees, and the donation payable is 12 times the amount of the subscription; exclusive of the special donations on account of age, &c., which are 50 and 25 per cent. of this sum as in the widows' branch, vide columns 7 and 8. The pension to the children is four times the amount of subscription; or when deprived of both parents, six times that sum, provided they be enrolled during the life-time of their mother. Boys receive pensions until the age of 18, girls until 21 or marriage, whichever may first occur. The pensions may be extended to a further period on payment of a special premium.

For further particulars, copies of the Rules, Forms of Application, &c., apply to

This is a Museum of Natural History, Raw products used in the arts and manufactures, specimens of Manufactures, Implements and Machinery, Ethnography, Antiquities, &c. For some years after its institution it was in the charge of Inspector-General, then Assistant Surgeon Balfour, and owes much of its success to his exertions. The Natural History section is the most extensive and embraces a small number of Mammals, and extensive collections of Birds, Reptiles, Fish, Shells, Insects, Crustacea, &c. There is also a Herbarium and very large collection of mineralogical and geological specimens. The Museum is intended chiefly to illustrate the natural history, natural resources and manufactures of British India, and the manners, customs and antiquities of its inhabitants. There is also a very interesting collection of Gold, Silver and Copper Coins, which can be seen by personal application to the Superintendent or Curator. As the collections in the various sections are yet far from complete, specimens for any of them will be very acceptable, and the Superintendent will be glad to enter into arrangements with contributors or collectors which will prove advantageous to both parties. Attached to the Museum there is a general Library and a reading room, in which any one may consult books daily from 6½ A.M. to 5 P.M. Tickets for admission to the Library may be obtained by application to the Superintendent.

The MONEGAR CHOULTRY is an Institution, which affords shelter, food and raiment to the Native poor, lame, halt and blind of Madras, without reference to caste. It was founded in the year 1808, and why named as above cannot now be ascertained. The Institution is supported by public contributions aided largely by the Government. The management is placed under the supervision of a Committee selected annually by Government, from amongst the European and Native gentlemen of Madras.

In its early days, large contributions were made by Lord William Bentinck, Colonel Martinz, Mr. D'Monte and Pollium Arnachellum Chetty. The nature of the Institution having been explained to His Highness the Nabob of the Carnatic, he munificently agreed to subscribe 300 Pagodas a year, which sum is still continued.

In 1868, Sir Stafford Northcote kindly remitted a sum of money through Lord Napier to be distributed amongst the Charitable Institutions at Madras. His Lordship kindly sent the sum of 1,000 Rupees to the Directors. Two wards, Male and Female, have been furnished with bedding for 25 Patients, and are called "NORTH-COTE SURGICAL AND MEDICAL WARDS."

The late Doctor Wyllie, C.B., of the Madras Medical Establishment, bequeathed the sum of 18,025 Rupees for the poor of this Institution.

Lord Napier has kindly furnished bedding for 12 Patients, which is called the "NAPIER WARD." His Lordship, with the Honorable R. S. Ellis, has also undertaken liberally to build a School-room which is now completed to educate the Foundlings, the children of the Paupers in the Institution, and the poorer children in and about the neighbourhood.

The Honorable Gajapathi Rau, has kindly contributed 1,000 Rupees, which was applied for furnishing a Ward for 8 Patients, and which Ward has been designated as that of the family of "STREE GODAYS." This contribution is in addition to 400 Rupees annually granted by this charitable Native gentlemen.

The Maharajah of Vizianagram has also lately very liberally placed the sum of 10,000 Rupees at the disposal of the Directors for the erection of a Ward, for Bed-ridden Paupers. The Ward is now completed and will contain about 20 Beds and designated after the name of the Maharajah.

The Zemindar of Kalahustury very kindly sent a donation of 2,000 Rupees after visiting the Institution, as indicative of his satisfaction and good-will towards the charity.

The new buildings in the Choultry are now completed, viz., 3 blocks; 2 blocks is to contain 25 Paupers each and the other 30 Paupers.

The Choultry is undergoing great improvements. The old Alms House has been pulled down, and three new buildings in separate blocks have been completed.

The block to accommodate 25 Paupers is already finished. The Native Infirmary, attached to the Choultry has also undergone great improvements. Several of the old buildings were removed, and three new blocks have been erected. Two other blocks have been built by Government on the north-west of the Infirmary, for the reception and treatment of contagious diseases. By the above improvements and

additions, the Infirmary can now accommodate 100 Patients, and the contagious Wards 20. The Native Infirmary is undergoing further improvements. Mr. D. Sassoon of Bombay has kindly through Lord Napier given 4,000 Rupees for the Institution, out of the sum it is proposed to build an Operating-room and Surgery over the present Surgery. This building is now completed.

In the year 1867 the Vencatagherry Rajah built a Choultry to, the east of the Monegar, which cost about 9,400 Rupees, in which 70 Paupers are fed daily and clothed, besides 108 out-door poor receive 2 ollocks of Raw-rice per diem. The Rajah contributes annually Rupees 5,000 to meet the expenses of this branch of his charity. The Rajah has forwarded to the Directors the sum of one lac, the interest of which is to support this Institution.

PEOPLE'S PARK.

INSTITUTED IN 1850.

CUSTODIANS—MUNICIPAL COMMISSIONERS FOR THE TOWN OF MADRAS.

Mr. James Hay Ellis, Superintendent, People's Park.

We owe the People's Park to Sir Charles Trevelyan. It is not at all improbable that the idea of some such place suggested itself to many a man in power before his day. It would be singular indeed if Europeans should, for a hundred years, have seen a large native town growing up on the site of a small village—a vast population massing together with lungs to be fed with fresh air and limbs to be allured to exercise and health—without sometimes thinking it possible that the “village greens,” “commons,” and “parks” of his native land *might* perhaps be re-produced with advantage within reach of Black Town. The monotony of Indian life, and the lack of sympathy between the classes of Indian society, may be regarded as the causes why such an idea, if suggested, was never carried into execution. While the “upper ten thousand” could have their drive along the Beach and round the Island, it mattered little to them that the “masses” (unfriendly phrase) who could not drive, or were to be stimulated to recreation, had no place convenient for health, exercise and amusement.

But then Sir Charles Trevelyan was a man not given to routine; and somewhat wide in his sympathy. So the idea of the people's want suggesting itself to him, and he having the power as well as the will—the people got their Park. Thousands who know nothing of the step that cost him a Governorship, will hold his name in memory by the People's Park.

But when Sir Charles was re-called, the scheme was in a most elementary state. The plan was on paper; but never adopted. Little else was done, and little else would have been done if the inheritors of Sir Charles Trevelyan's dignity had not also inherited his sympathy with the people. We owe it to the various gentlemen who have been entrusted with the execution of the scheme, that the “plan” was not thrown into the official waste paper basket, and the idea, recorded as one of Sir Charles' amiable follies. It is in unison with Sir William Denison's career, previous to his arrival in this country that he should have shown a hearty approval of an undertaking so intimately connected with the health and pleasure of the middle class population.

There can be no doubt that the Park has been a success. Any one may convince himself of that by a visit morning or evening. The place has already fixed its character as a popular resort, and it is certain that it will be so in a much greater degree when the attractions of the ground are fully developed. It is pleasing to see that the native population appreciate the pleasure provided for them, and when the sternness of social life amongst them is relaxed, we may expect to see not only the Ramasawndies, but the Lutchmies of Black Town taking their ease in the fretted shade of well grown trees.

But we must suspend any further remarks, and lay before our readers a brief description of the Park.

The gate adjacent to the Hospital Bridge is the main entrance. The trees are planted in avenues and groups. Twelve lakes of various dimensions and shapes are com-

pleted; and various other things have been achieved: but we cannot do better than print the following description (though brief) of the Park, kindly furnished by the Superintendent, which will convey a clear idea of the Park.

In the north west angle of the Park is a Serpentine lake with two large raised islands one at each end. One of these is 30 feet above the water, and is well-calculated for a large basin, from which cascades might hereafter be made to fall over the sides. The second or Victoria lake, with a central island, is situated almost mid-way between the Band-stand and the northern end of the Park. The island is approached by two bridges of ornamental design, measuring respectively 150×4 , and $200 \times 4\frac{1}{2}$ feet. The third is a small lake on the west side, elliptical in shape, and contains good drinking water for cattle. The fourth is a small lake close to the Aviary. The fifth a similar one. The sixth is a semi-lunar lake near the Band-stand, with a gravel walk around it. The seventh is a medium lake, between the Band-stand and the Superintendent's house. The eighth is an irregularly shaped lake, with a central island and two small rustic bridges on each side of the main road, gravel walks are completed round the lake and on the island, and trees of various sorts have been planted. The ninth is a large lake on the west side of the main road. The tenth is a medium lake west of the last-mentioned. The eleventh is a medium lake, with a central island at the south end. The twelfth is a small lake, near the Bear shed.

There are two masonry basins, one elliptical, measuring 170 feet $\times$ 73 feet, and $4\frac{1}{2}$ feet in depth, formed of solid masonry with brick-on-edged foundation, and central fountain; the latter, of ornamental design, galvanized. The roads of the Park, embracing $5\frac{1}{2}$ miles, are complete.

The sheds for Zoological specimens are as follows:—

A large shed with four cages contains 2 Tigers, 3 Cheetahs, a Lion and Lioness.

The Committee and the Public are much indebted to Colonels Crespendale and Wilkieson; also to Dr. Mudge, the late Honorary Secretary, for the addition of the two last popular and attractive specimens of Natural History. Dr. Mudge, while on sick leave to England, succeeded in effecting an exchange with the Clifton Zoological Society for Tiger Cubs.

The Tiger Cubs were provided by Sir William Denison and Hon. J. D. Sim, C.S.I.

The Zoological collection in the Park consists of the following specimens:—2 Black Bears, 1 Kangaroo Rat, Guinea Pigs, 2 Black Panthers, 1 Nyghai, 8 Spotted Deer, 6 Elks, 1 Emu, 4 Black Swans, 10 Monkeys of different species, 1 Wild Dog from Burnah, 1 Porcupine, 3 Muskinks, 1 Rhinoceros, 2 Striped Hyenas, 1 Boa Constrictor, and a variety of Rabbits.

The Aviary contains a great variety of handsome Ornithological specimens too numerous to detail here.

The area of the Park is 88 cawnies or 110 English acres.

It is, in some measure, self-supporting, and will be almost so in time. The principal source of revenue just now is the hay, which is cultivated with much success, and obtains ready sale at Rupees 50 1st Class, and 35 2nd Class per ton.

Newly-built Sheds.

1 Shed for Lions, 1 shed for Elephants, 2 Galvanized Aviaries from Europe.

Additions to the Zoological specimens are as follows:—

1 Elephant, 1 male Emeu, 2 Black Bears, 2 Cheptahs, 1 Hog Deer, 1 half-bred between the Hog Deer and Spotted Deer, 3 Spotted Deer, 2 Black Panthers.

All the Hay sold this year, 50 Rupees per ton.

Two new Europe Aviaries covered in.

A new Shed and enclosure built for Abyssinian Goats and Gazelles, presented to the People's Park by Major B. F. Heysham.

A new Boat-house built.

A new Shed and enclosure built for the small breeds of Zebu cattle.

The following buildings were completed during the year. One for Bears, one for Deer, two for the Lions, two for Birds, and a large shed is now completed for Cattle, Poultry and Game of all kinds, which latter will be sold to the Public. The Park has had many new Lamps put up, which are now lit with Kerosene oil.

A large building has been built on the west side of the Park for milch cows and calves and working cattle with store rooms, and calf pens attached.

Through the instrumentality of the President of the Municipal Commission, channels have been cut, tanks deepened, and tanks connected with each other to preserve all the rain water; and the overplus of water from the Shoolay tank and Sydenham road are brought into the Park, which gives water to a very large number of native families, and that *gratis*.

Beasts.

Last year the President of the Municipal Commission furnished the Park with cows and goats sufficient to supply milk for all animals and birds.

A large piece of ground has been put under cultivation on the west side of the Park for plantains, guinea grass, lucern, and dry growing grains with a small bit of Carolina paddy for the use of the animals of the Park.

Increase of various Animals.

Of the young Lions that were born in the Park on the 25th September 1868, the male Lion lost his tail; it was bitten off by the Tiger; they are growing and doing well. The Lioness cubbed the second time on the 19th of August 1869, three were born dead and one alive, all four are now dead. The Cheetahs are all breeding freely.

Free Visitors to the Animals of the Park without fee.

Colonel McMaster presented to the Park one Sun Bear, 1 Hog-Deer, one Wild Dog, and a number of other animals and birds.

Major B. F. Heysham presented two Abyssinian Goats and two Gazelles.

Nullathore Shunmoogayya Moodelliar presented a pair of large working Bullocks.

Cavatee Nuggarum, Zemindar, presented two young Tigers, one Lynx and one Morphotide Sheep.

Increase of Stock.

One large Sarus Crane, four Australian Black Swans, two White Swans from Europe, brought out by Dr. Shortt, two Australian Ducks, one Cockatoo, Pea and Jungle

Fowls, a number of other birds, two Bears, one Nylghai, two Aden Monkeys, two Porcelain Vases for the Band-stand, three pairs of Malta Pigeons, and one Mowing Machine brought out from Europe.

Increase of Wild Animals.

The Lioness cubbed on the 28th May 1872, 2 young Lionesses were born, both are doing well.

THE NAPIER PARK.

Madras owes so much to the administration of the nobleman whose tenure of office is so near its end, that it is very fitting that some permanent and palpable token of the public approbation of his labors should remain in our midst, at once to stimulate succeeding Governors to walk in Lord Napier's steps, and to remind generations to come of how much the sick, the suffering and the poor must always owe to one who has initiated so great improvements in all our public charities that their effect must long continue—blessing those who are too weak or poor to help themselves. The Napier Park is such a memorial. Its very position is most fitting. Standing midway between Government House and one of the most squalid quarters of Madras, its beneficent influence will rest upon both. Its site had been for scores of years a pestiferous swamp, covered for months in each year by salt and stagnant water, the overflow of the filthy Cooum. Within was a wretched parcherry, notorious for its liability to epidemic disease, that spread from thence throughout the city. To partially remedy the evil, the Municipality made it a depot for street sweepings, so that in time its level might be raised sufficiently to ensure its being free from water. This while amending one evil created another—placing on the borders of a dense population masses of putrescent matter that could not but be very injurious to both the water and air of the locality. This grew to be such an evil that the Sanitary Commissioner at last put a stop to the discharge of sweepings on the land. It was however impossible to build on such a spot and the whole remained a useless “dismal swamp.”

At present all is changed. The level has been raised by material dug from ornamental tanks. Trees of useful and beautiful kinds have been planted, and are rapidly growing to their full height. Roads and side-paths have been laid out, and

in the midst a band-stand will probably be erected. Parks are things of slow growth, and it must be years before this can be worthy of the name it bears, but it is hoped that before Lord Napier leaves our shores, the whole area will be ready for the public—a boon that cannot but greatly influence for good the whole population of Chinnadrepettah and Nursingapooram.

The Park contains an area of about 18 cawnies. A great part of this was formerly the property of Government, but was generously given to the town on condition that the Municipality purchased the rest from the native owners. For this purpose the Municipality has expended several thousand rupees, and the total cost previous to the public opening will not be less than twenty thousand rupees. The river-face of the park has already been protected by a but simple elegant fence palmyra and laterite, while a new road divides the northern side from Chinnadrepettah. The design and laying out the park are the work of Mr. Standish Lee, the Municipal Engineer, who deserves great credit not only for this but also for the economical but yet effectual manner in which the whole work has been performed.

As a last gift Lord Napier has provided the whole of the funds required for erecting on the west side of the Park a handsome building for a girls' school in the Indian fashion. The cost will not be less than 6,000 Rupees. It is intended to be a purely national girls' school and to lead on through carefully gained experience to some mode of teaching which will embody the best western systems while not departing from Hindu customs any more than may be necessary. It is greatly to be hoped the scheme will move a benefit to the public while the school shall ornament the Park.

THE BATTLE FOUGHT AND WON.

Ex. xiv, 14. 1 Cor. xv, 57.

COME, Lord, and fight the battle,
My hands are tired and faint;
I have no strength to struggle,
"Consider my complaint."
One of thy weakest soldiers
Is weary in the field,—
Yet Thine is all the victory,
Thy Love is all my shield.

'Tis not that I am weary
Of service done for Thee;
'Tis not that I would alter
Thy loving will for me—
Sweet is the vineyard labour,
Through all the toil and heat;
And sweet the lonely night-watch
Safe resting at Thy feet.

Yet, Lord, there is a warfare
No eye but Thine may see;
Oh hear my cry for succour,
Come Thou, and fight for me.
The self I cannot conquer,
The will that still is mine,
Oh take them both, Lord Jesus,
And make them one with Thine.

Take them! I cannot yield them—
I am not what I seemed:
I have no power, Lord Jesus,
To do what once I dream'd.
The yearning of the earth life
Is stronger than my strength;
When may the spell be broken,
And freedom come at length?

Like dew on drooping blossoms,
Like breath from holy place,
Laden with health and healing
Come Thy deep words of grace;
"Thy strength is all in leaning,
On One who fights for thee;
Thine is the helpless clinging,
And Mine the victory."

Christian Remembrancer, 1873.

THE UNCHANGEABLE

THERE'S nought on earth to rest upon,
All things are changing here,
The smiles of joy we gaze upon,
The friends we count most dear.
One Friend alone is changeless—
The one too oft forgot,
Whose love has stood for ages past—
Our Jesus changeth not.

The sweetest flower on earth,
That sheds its fragrance round,
Ere evening comes has withered,
And lies upon the ground,
The dark and dreary desert
Has only one green spot;
'Tis found in living pastures,
With Him who changeth not.

And clouds o'ercast our summer sky,
So beautiful, so bright!
And while we still admire it,
In darkness into night,
One sky alone is cloudless,
There darkness enters not;
'Tis found alone with Jesus—
And Jesus changeth not.

And friendship's smile avails not
To cheer us here below;
For smiles are all deceitful—
They quickly ebb and flow.
One smile alone can gladden,
Whate'er the pilgrim's lot;
It is the smile of Jesus—
For Jesus changeth not.

And thus our bark moves onward,
O'er life's tempestuous sea,
While Death's unerring hand
Is stamped on all we see;
But faith has found a living One,
Where hope deceiveth not,
For life is hid with Jesus—
And Jesus changeth not.

There's nought on earth to rest upon,
All things are changing here;
The smiles of joy we gaze upon,
The friends we count most dear;
One Friend alone is changeless—
The one too oft forgot,
Whose love has stood for ages past—
Our Jesus changeth not.

The objects contemplated in the Establishment of this Institution are two-fold—first, to do honor to the memory of a great and good man, the late Sir Henry M. Lawrence, K. C. B.; second, “to benefit the children of the European Soldier, by providing for them a refuge, both from the debilitating effects of a tropical climate and the demoralizing influence of a Barrack life.”

The amalgamation of the Madras Military Male Orphan Asylum with the Ootacamund Lawrence Asylum was effected in August last, on the completion of the new Buildings at Lovedale.

The number at present on the rolls are, boys 349 and girls 607.

The salubrity of the situation (which surpasses that of some of the healthiest public schools in England) is shown by the diminished percentage of sick in Hospital, and the robust appearance and healthy appetite of the children.

Although the Institution may be said to have been adopted by the State, it is not perhaps so generally known that Government has never contemplated doing more than furnishing it with a liberal *Grant-in-aid*. Contributions are earnestly requested that the benefit of the Asylum may be more widely extended to a class which has one of the strongest claims on British Subjects in India. Four years' annual subscription of Rupees 50, or a donation of Rupees 300, gives a title to nominate a child.

The boys receive such a training as will fit them for usefulness hereafter in various lines of life, whilst the girls are employed in such occupations as will tend to qualify them to become useful wives and mothers, should they be spared. The clothing and most of the in-door work in both branches is done by the children, and native servants are dispensed with as much as possible.

Contributions to the support of the Institution will be received by Messrs. Arbuthnot and Co., Madras, or the Bank of Madras, Ootacamund.

ST. PAUL'S CHURCH MISSION.

ESTABLISHED IN 1817.

The present Church was built by the Rev. G. Trevor, and consecrated on the 31st March 1840.

An increase in the Tamil congregation having necessitated the enlargement of the Church in 1864, a Chancel was added with a Vestry, and the Church greatly improved and beautified through the exertions of the then Honorary Secretary, the Rev. S. T. Pettigrew, by whom also the very pretty compound wall was built.

The Mission premises, which are close to the Church, contain a residence for the Native Pastor, as well as School-rooms for boys and girls. The present Pastor, the Rev. G. Lazarus, was appointed in August 1870, in succession to the Rev. J. Eleazer. He is assisted by a Catechist; and there are also a Schoolmaster and Schoolmistress attached to the Mission. A Girls' Boarding School has been established in connection with the Mission, and is supported entirely by voluntary subscriptions.

The Mission has a Branch at Oosoor under the Rev. J. Eleazer, which numbers 50 souls, most of whom are converts from Heathenism.

The number of Christians in connection with the Mission in Bangalore is 474, and the average attendance on Sundays from 150 to 200.

CENSUS OF 1872.

The late Census of the Empire seems to show beyond reasonable doubt, that the subjects of the English Crown in India, including the Feudatory States, are not less than 250 millions in number. The province under our direct administration and their population are stated by the *Indian Statesman* to be:—

	Census of 1872.
Bengal	66,750,000
North-West Provinces	31,500,000
Madras	31,250,000
Punjab	19,000,000
Bombay and Sindh	14,000,000
Oudh	12,000,000
Central Provinces	9,250,000
British Burmah	2,500,000
Ajmeer	330,000

Total ... 186,580,000

If we accept the estimates for Coorg, Mysore, and the Berars as approximately correct, there are upwards of 199 millions of people under our direct rule, and to this vast number must be added 50 or 60 millions more for the population of the Feudatory States.—From *Madras Mail*.

MIDNIGHT HYMN.

My God, now I from sleep awake,
The sole possession of me take;
From midnight terrors me secure,
And guard my heart from thoughts impure.

Bless'd angels! while we silent lie,
You hallelujahs sing on high;
You joyful hymn the Ever-bless'd,
Before the throne, and never rest.

I with your choir celestial join,
In offering up a hymn divine;
With you in heaven I hope to dwell,
And bid the night and world farewell.

My soul when I shake off this dust,
Lord in Thy arms I will entrust;
O make me Thy peculiar care,
Some mansion for my soul prepare!

Give me a place at Thy saints' feet,
Or some fall'n angel's vacant seat;
I'll strive to sing as loud as they,
Who sit above in brighter day.

O may I always ready stand,
With my lamp burning in my hand,
May I in sight of heaven rejoice,
Whene'er I hear the Bridegroom's voice.

All praise to Thee in light arrayed,
Who light Thy dwelling-place hast made,
A boundless ocean of bright beams,
From Thy all-glorious Godhead streams.

The sun in its meridian height,
Is very darkness in Thy sight;
My soul, O lighten and inflame,
With thought and love of Thy great Name.

Bless'd Jesus, Thou on heaven intent,
Whole nights hast in devotion spent;
But I, frail creature soon am tired,
And all my zeal is soon expired.

Shine on me, Lord; new life impart,
Fresh ardours kindle in my heart;
One ray of Thy all-quickening light,
Dispels the sloth and clouds of night.

Lord, lest the tempter me surprise,
Watch over Thine own sacrifice;
All loose, all idle thoughts cast out,
And make my very dreams devout.

Praise God, from whom all blessings flow,
Praise Him, all creatures here below,
Praise Him, above, ye heavenly host,
Praise Father, Son, and Holy Ghost.
