2 As shown in the statement of my service prepared from the Audit Registers maintained in the Office of the Accountant General Madras I was appointed a Clerk on Rs 30 on the Establishment

of the Dt. Registrar Bellary on 6th June 1865 and continued in the post up to the date of my promotion to the post of English Clerk on Rs 35. on the Collector's Establishment. The pay abstracts of the Collector's Establishment for March 1867 show that I was promoted to the post of English Clerk on Rs 35. on the 15th March 1867; and I can positively state that I continued on the Dt. Registrar's Establishment up to the 12th of that month. The Dy Collector in charge of the Try., who held the office of the Dt. Registrar in 1867, and the Registrar now state that the Pay Abstracts of the Dt. Registrar's Establishment for the years in question are not forthcoming on the records of their respective Offices, and I need hardly say that in the absence of such records it is not possible for me to state under what circumstances

an incorrect entry has crept into the records of the Accountant Gl's Office. I can without least doubt state that I had not been dismissed or out of employ from any other cause, from 1st to 12th March 1867. I may be permitted to observe here that I could not have been promoted from Rs 30 to 35 had my Conduct been in question at the time. I therefore submit herewith an affidavit, setting forth the facts as above detailed, as desired by the Accountant General Madras.

3. With reference to the remarks of the Accountant General regarding my service previous to 6th June 1865 I beg to point out that it is immaterial whether it is verified or otherwise, as I do not propose to count it towards my pension. But I however submit herewith certain official papers to show that I held different acting and

permanent appointments in the Postal Deptn in the Bellary Dt from 23d December 1862 up to 19th October 1863, on which date joined the Police Deptn as Head Constable, & resigned the place on 6th June 1865 to join the Registration Deptn

4. I also forward herewith for reference letters (in original) to my address from the Dy Collector in charge of the Dt Try and the Registrar of Bellary and return the statement of my Service received with the Packet under reply.

ACCOUNTANT GENERAL'S OFFICE 12 NOV 98 MADRAS

From,

E.R. SUBRAYER, Esq.

Comptroller, Mysore Government.

To,

THE ACCOUNTANT-GENERAL,

MADRAS.

Sir,

With reference to your letter No. JAE/261 of the 29th. July'98 (and in continuation of the cor--respondence ending with this Office letter of the 8th Instant No. 2788/1417), I have the honour to enclose copy of a final reply No. 6138/461 dated 16th. Idem, received from the Secretary to the Government of Mysore, General and Revenue Departments.

The further information asked for in your letter under reference is as follows:-

I. This Office was not aware of the fact of Mr. Namakal Rau's having had leave without allowances for six months before he resigned the British Ser--vice, as no mention of it was made in the state--ments of service furnished by the Superintendent of Police Bellary District, nor in that received from your Office, which documents formed the ba--sis of the verifications of service rendered in Madras from 6th. June'65 to 9th. February'73; how--ever, it will be observed that this period of leave was not availed of, as the applicant joined the Mysore Service on 10th. February'73, so that the absence between the two services was not more than 24 days, i.e. from 17th. January to 9th. Feb. 1873 which period is now reckoned as non-qualify--ing for pension, and the necessary corrections accordingly made in the History of Services and

x filed with the enclosures

and Memo of calculation.

II. The claim for a proportionate share of pen--sion from the British Government is made on the ground that Mr. Namakal Rau like many other Offi--cers of his status, resigned his appointment of Police Inspector under the Government of Madras; to take up service in the Mysore Government when it was under British administration, ~~and~~ under the Ruling of Government of India communicated in letter No. 1324/5155 dated 12th May 1886. from the Assistant to the Resident in Mysore to the Dewan of Mysore.

III. The differences observed between the details of service noted in the Service Book, and those shown in the 2nd. page of the application, are ow--ing to the entries in the former having been made by the applicant himself, probably from a reference to the dates of the Orders received by him of the respective promotions, while those of the latter are the correct dates from which the pay of the appointments were drawn as audited in this Office.

IV. The information required in each of the column of Remarks in the 3rd page of the Pension appli--cation are supplied.

V. A Last Pay Certificate of the appli--cant is forwarded herewith.

VI. The applicant's Original service book is not in this Office, and the entries in the copy (filed with the enclosures) are written up to date of the Officer's promotion to that of a Munsiff, the services thereafter and up to date of retirement are recorded in the History of Gazetted Officers compiled in this Office, × they have been verified and admitted under Article 841(d) Civil Account Code Vol:II.

× by a reference to which

VII. According to the revised memo of calculation enclosed the proportionate share of the pension payable by the Madras Government will be Rs. 19-8-6.

The file of enclosures is herewith returned.

I have the honour to be,

Sir,

Your most obedient servant.

D. Namacul Row commenced service under the British Govt. in March 1862, but resigned it on 10. Feb. 1873 to take up an appointment in Mysore, and continued to be employed in Mysore till the 1st July 1897, when he finally retired.

He joined the service of the Mysore State before the Rendition, and the Govt. of India has ruled that the pension in such cases should be awarded on the total service and debited in proportions - vide precedent put up - G.O. No. 916 d/2. Decr. 1897 Pension.

B The application has to be finally disposed of by the Mysore Govt. But the Mysore Govt. now asks for the acceptance of the proportionate share of the man's pension for his service under this Govt. as a charge against the British Govt Revenues. The following draft order is submitted for approval in accordance with the precedent put up. - G.O. 916 d/2-12-97.

I am directed to forward, for the information of the Government of Madras, a copy * of this Government Resolution No. 128-P., dated the 9th January 1899, on the subject of Monsieur Haffkine's report on the conveyance of plague infection from place to place by monkeys and squirrels.

Plague—Reports.

[Conveyance of plague infection from place to place by monkeys and squirrels.]

General Department (Plague).
No. 128-P.

Bombay Castle,
9th January 1899.

Memorandum from the Plague Commissioner, No. 27, dated the 7th January 1899—

Submits the following letter from Monsieur W. M. Haffkine, C.I.E., No. 1165, dated the 6th idem :—

"I have the honour to report that Dr. (Miss) Corthorn, on plague duty at Gadag, Dhárwár District (Bombay), has forwarded to this Laboratory cultivation tubes inoculated with the organs of two brown monkeys (apparently "Macacus Tinicus," the Bonnet monkey family), out of a total of seven which were observed in Gadag to drop dead from trees; and with the organs of a grey striped squirrel ("Sciurus Palmarum") found dead in the same town.

"In both cases plague microbes were isolated by Captain Milne of this Laboratory from the samples received; and when subjected to cultivation tests and to inoculation into rats, showed themselves identical with the microbes of human plague patients.

"2. At the time of the outbreak in Kankal, Hardwár Municipal Union, in November 1897, microscopic specimens made with the organs of six out of a couple of dozen monkeys found dead in the streets there, showed bacilli corresponding in their outward form to plague microbes; but as no living cultures of those microbes were secured at the time, the authentic nature of the disease could not be further defined. The present is, therefore, the first instance of the fact of natural plague in monkeys being unmistakably established.

"3. As regards squirrels, it appears that Dr. Simond, of the Pasteur Institute, Saigon, during his visit to Karáchi, about a year ago, has stated to have found plague microbes in those animals. But as the manner in which he diagnosed the plague bacilli was not known to me to be decisive, I was not prepared to accept the statement as final.

"4. Apart from hydrophobia, glanders, anthrax, a few skin and hair diseases, &c., which do not exist in men in epidemic form, plague is the only disease with regard to which it is known now for certain that it affects epidemically both human communities and animals. Up to this date, however, the rat was the only animal representative of this kind known. It is to be accepted at present that, apart from the rat, the monkey and the squirrel can get naturally

affected by that disease also, though, as observation shows, in far not such a widespread form as is the case in man and rats. The monkey and the squirrel represent, therefore, two further factors capable of carrying the germs of plague from place to place, apart from the travelling man and the rats."

Resolution.—The report should be printed and circulated to all officers and Departments concerned and placed on the Editors' Tables. A copy should also be furnished to the Government of India and all other Governments for information.
