The object for which it is proposed to establish the abovementioned COMPANY is to purchase the premises, plant and good-will of the NAPIER FOUNDRY at Madras, at present owned entirely by A. DeClossets, Esq., C. E., who also gives it his personal superintendence.

This FOUNDRY was established by the present proprietor in 1868 on a very small scale, since which it has developed a constantly increasing business. It now produces monthly an average out-turn of forty tons of castings and can run at the rate of about eight tons at one time.

In consequence of the orders for work being far in excess of the means at the disposal of Mr. DeClossets for increasing the monthly production of iron castings, it is proposed to raise the necessary Capital, for purchasing improved Machinery by means of which iron may be extracted direct from the hematite ores with which either locally, or within a short distance by Railway or Canal, Madras is beautifully supplied by the formation of a limited Company, to be called the NAPIER FOUNDRY COMPANY (LIMITED) with a Capital of Rupees 250,000 in 1,000 shares of Rs. 250 each. Rupees 15 per share to be paid on application. Rupees 145 on allotment and the remainder as required on calls of Rs. 50 each at intervals of not less than three months between each call.

Cheques or Drafts on England cannot be accepted in payment of Passage Money by the Company's Agents at foreign ports.

No Berth or Cabin is to be occupied by a Passenger without application to the Agent on shore, or to the Purser on board. It is to be understood that a Passenger occupying a Cabin of two or more Berths, on the departure of the Vessel (unless he shall have paid an additional sum for its exclusive occupation), is not to object to the vacant Berth or Berths being filled up at the intermediate Ports, if required.

XIII.—HOTEL EXPENSES.—QUARANTINE.

Passengers will have to defray their own expenses for Hotels, in the event of any detention, and in all cases in which the Company's Ships may be placed in Quarantine. First Class Passengers will be charged 10s., Second Class Passengers 8s., Third Class Passengers 5s., Deck Passengers 3s. per day for their maintenance on board during the detention of the Ship.

XIV.—HORSES, DOGS AND CARRIAGES.

Dogs belonging to Passengers will be taken on deck at a charge, not including feeding, of one-tenth of the amount of passage-money paid by their owners, such charge not to exceed £4. The Dogs must be placed in charge of the butcher on board, and under no circumstances are admitted on the Quarter-deck or in the Saloon.

XV.—OBSERVANCE OF THE GENERAL REGULATIONS.

Passengers must comply with the Regulations established on board the Steamers for the general comfort and safety.

BAGGAGE.

The attention of Passengers by the Company's Steamers is respectfully requested to the undermentioned Regulations in reference to Baggage: much trouble and loss are occasionally caused by their neglect or non-observance.

All Baggage should be packed in Leather Portmanteau or Trunks, marked with the Owner's name and Port of destination in Paint, in full, and fastened securely with case locks, padlocks and leather straps being liable to damage or removal. The Transit Administration will not be responsible for the safe conveyance of insecure Packages. Canvas Covers to Packages of Baggage are not recommended, as they are frequently removed, and lead to the loss of the Packages.

The Baggage of Passengers must contain only their personal effects: Packages containing Jewellery, Plate, and other valuables, must be specially declared and registered prior to shipment, and Freight paid thereon. Any infringement of these Regulations will subject the Packages to detention for Freight by the Company's Agents or Custom House authorities.

Baggage Allowance and Tariffs from Marseilles.

When embarking at Marseilles, First and Second Class Passengers are allowed on board the Company's Steamers from Marseilles 150 kilogrammes of personal luggage, free of freight; children paying half-fare, and third class, or deck passengers, are allowed 75 kilogrammes.

A Passenger paying for a reserved accommodation is allowed 250 kilogrammes of personal luggage free.

Excess of luggage over the above limits of allowance will be charged, in Marseilles, as follows:—

Between Marseilles and the Suez Canal, and <i>vice versa</i>	20s. per 100 kilos.
Between Marseilles and Aden, Mahé, La Reunion, Mauritius, Point de Galle, Pondicherry, Madras, Calcutta, Singapore, Batavia, Saigon, Hong-Kong, Shanghai, Yokohama, and <i>vice versa</i> .	40s. per 100 kilos.

From an Indian Port to Another Indian Port, the nearest Port excepted	20s. per 100 kilos.
From one Port to the nearest Port	12s. per 100 kilos.

The reduction of 30 per cent. which is allowed to Passengers booked, by order of the French Government, is extended to the payment of their extra luggage fares.

Baggage allowance and Tariffs from London.

When starting from London, First and Second Class Passengers are allowed on board the Company's Steamers 3 cwt. of Personal Luggage, free of freight, and children from three to ten and Third Class Passengers 1½ cwt.

A Passenger taking a reserved accommodation will be allowed 5 cwt. of Personal Luggage free.

Passengers Booked in London are entitled to the Free Conveyance of Luggage from London as above.

Luggage must be delivered at this Company's London Head Office, 37, Cannon Street, E. C., or at the Sub-Agency, 51, Pall Mall, S. W., eight days before the departure of the Steamer from Marseilles, if forwarded *overland, via Boulogne*.

Extra Luggage over the said limits will be charged for as follows:—From London, 36s. per cwt.; from Marseilles, 20s. per cwt.; from Suez, 10s. per cwt. to ports eastward of Suez.

Insurance on Luggage can be effected through the Company's Offices in London at moderate rates.

Luggage is also received at the Company's Offices at above-mentioned sixteen days before the departure of the Steamer from Marseilles, for conveyance to Marseilles *via Gibraltar*, by the Company's Steamers from London.

Extra Luggage, exceeding the limits above stated, will then be charged from London 20s. instead of 36s. per cwt.

All Baggage must be shipped not later than noon, on the day previous to sailing, except one Portmanteau for Cabin use, Carpet Bags or Hat Boxes.

The Portmanteau for Cabin use should not exceed 3 ft. in length, 1 ft. 3 in. in width, and 1 ft. 3 in. in depth.

Deck Chairs received on board at owner's risk.

Baggage is daily placed at the disposal of the Passengers in the Baggage room between Suez and the Port of destination. They can be occasionally hoisted in the between Decks or Cabins on application to the Officer in charge.

No Trunks or large Boxes are allowed in the Cabins, but only small Portmanteau or Carpet Bags.

Passengers who may miss any package or Baggage on arrival at their destination are recommended to apply, *without delay*, to the Company's Agent, giving full particulars, in writing, when application will at once be made to the Missing Baggage Department.

Caution to Passengers.—Goods of a dangerous nature.

The Company will not receive on board of their vessels any Goods of a dangerous or damaging nature. If any such Goods be shipped without notice, the Shippers will not only be liable to the penalties imposed by Statute, but also for all damages sustained in consequence of such shipment.

NOTICE.—The Company will not be responsible for and shall be exempt from all liability in respect of any detention or delay of Passengers arising from any circumstances whatever, and

the Company will not be responsible for and shall be exempt from any act, default, or negligence of the Company's servants, or from the restrictions of quarantine regulations imposed, or from circumstances arising out of or connected with the employment of the Company's Vessels in the Mail Service of the French Government, or any foreign power.

Passenger's Personal Baggage (except plate, jewelry, precious stones, gold or silver of any kind, watches, specie or bullion, trunks, bank-notes, deeds, papers or other valuables) can be insured against all the above risks on declaration of the value and payment of insurance, and such insurance may be effected at the Company's Offices on special application to that effect, by writing.

GENERAL CONDITIONS.

The Passage Tickets are delivered on the conditions stipulated thereon. Passengers are to accept all consequences resulting from the employment of the Steamers in the Mail Service.

The Company waives all responsibility in the event of the Steamers' non-arrival at the several points of junction; such as Aden, Point de Galle, Singapore, and Hong-Kong, whether arising from accidents, or circumstances beyond their control; in such cases the Company undertake only to convey Passengers to their destination by their next Steamer; the expense of such detention at the port of transshipment or any other consequences arising from the absence of such coincidence, will be borne by the Passengers.

In case of any advance or delay in the departure from any port, Passengers booked will not, on account of such advance or delay, be entitled to any claim whatever upon the Company.

The Passage Tickets delivered by the Agents of the Company must, in order to be made available, be signed by the Passenger to whom they are delivered.

The Passage Tickets must be given up on board to the Commander, or to the Purser, or any other appointed Company's Officer.

The Passage Tickets are personal and cannot be transferred without the authorization of the Company.

In case a Passenger should desire to change from a general Cabin to a single Cabin, or from Second to First Class, the difference will be charged from the last port called at to his destination.

Persons dangerously ill, or suffering with a contagious disease, or those suffering from mental alienation, cannot be admitted on board the Steamers.

In the event of either of such afflictions declaring itself in the course of the voyage, the person will be landed at the nearest port at which the Steamer may call; such detention will be at the Passenger's own expense, who will, however, after convalescence, be entitled to resume his journey, without additional expense, on one of the Company's Steamers.

Passengers must conform to the regulations of the respective Countries relative to Passports.

When that formality is required, Passengers should present themselves, with their Passports duly *visés*, at the Company's Offices at least 3 hours before the departure of the Steamer.

N. B.—No Passport required at present for embarking on board the Company's Steamers at Marseilles.

INFORMATION AND GENERAL REGULATIONS.

Passengers.

The rate of Cabin passage-money includes Table, but not Wines or Liquors, which are provided on board and charged as per scale in possession of the Steward. Bedding, linen, and all requisite Cabin Furniture are provided in the Steamers at the Company's expense.

The full amount of passage-money is payable on accommodation being secured. Those who fail to embark after securing accommodation will have half the passage-money returned.

Return-Tickets, available for six months from date of landing, are issued to Cabin Passengers only at a reduction of one-fifth on the return passage-money. Passengers holding Return-Tickets and travelling on board the Steamers after this period, will be charged on board with a fifth part of the return passage-money, if not previously paid on shore to an Agent of the Company.

No berth can be occupied by any passenger without application to the Agents on shore, or the Steward on board.

During the North-East monsoon, when all the berths are engaged, Quarter Deck passages are granted to gentlemen entitling them to mess at the Cabin Table, at two-thirds of first-class fare. Quarter Deck Passengers are allowed space for a bed on the poop, which must be rolled up during the day, and a trunk or portmanteau of 5 cubic feet.

A number of the Steamers are provided with Forward-Cabins; and when such accommodation is available, second-class passages, inclusive of table, are granted at half of first-class rates.

It must be distinctly understood that the Saloon and Quarter-deck are reserved for the use of First Class passengers only, and that, if any First Class passenger desires to hold communication with a Deck passenger, he must do so on the main Deck.

Servants, being Deck passengers, must not sleep in the Saloon nor enter the Saloon Cabins except when in actual attendance on their employers.

European servants half of first-class fare. European maid-servants occupying a berth in a Cabin with a lady, two-thirds of first-class fare. Native servants on deck, ordinary Deck fare.

The rate of passage for Deck passengers does not include diet, but they can be dieted on board as per scale in possession of the Steward.

One child under three years of age, if with the parent, free. When more than one, each child additional will be charged one-quarter fare. Children above three and under ten years, half fare. Children are not allowed in Cabin unless accompanied by an adult Cabin passenger.

Passengers are strictly prohibited carrying Gunpowder, Sulphuric or other Acid, or any material, which might occasion accidents on board the Steamers.

Passengers must comply with the Regulations established on board for general comfort and safety.

Baggage.

Each adult Cabin passenger is allowed 3 cwt. of personal baggage. Any baggage in excess will be charged at Cargo rates with 25 per cent. added.

Packages containing Jewellery, Plate, or other valuables, must be specially booked, and freight paid thereon.

Freight.

All packages shipped on board the Company's Steamers must be well packed, have a distinctive mark in English, and the port of destination also inscribed on each in English.

Although the Company's Steamers for the most part trade to free ports, all packages shipped on board must be accompanied by a registered Custom House Pass. Non-compliance with this Regulation will subject shippers to detention in having their goods put on board, till a Pass from the Custom House is obtained.

Freight on all packages must be pre-paid at port of shipment.

The Company reserve to themselves the liberty to charge by weight, measurement, or value, and are not accountable for damage arising from insufficiency of address or packing; nor for damage, leakage, or breakage to re-exported goods.

For general facility, the Company reserve to themselves the power of landing cargo at the ports of delivery in their own or hired boats, and when landed, to deposit the same on wharf, in receiving vessel, or in store; charging consignees with the expense of landing and storing, according to a scale of rates to be seen at the Offices of the Agents. Goods so landed to be at the risk of consignees after being discharged from the Steamer.

The Company do not guarantee that the Steamers shall have room at ports of transshipment nor that there shall be no delay there.

The correct contents of all packages must be stated in Bills of Lading. Packages containing Gunpowder, Sulphuric Acid, or any other material which might occasion accident, are strictly prohibited from being shipped on board the Steamers.

Packages weighing more than 3 cwt. (excepting bales and boxes of manufactured goods) are only carried at advanced rates of freight, and by special agreement.

When, owing to heavy weather or other causes, goods cannot be safely landed at their destination within the time stipulated for stoppage at such port in the Company's Mail Contract with Government, the Company reserve to themselves the right to convey them to the next port on the voyage or to the final port of call, to be returned thence by one of the Company's Steamers having space at the Company's expense and merchant's risk; and the consignee cannot claim indemnity for each delay nor the consequences thereof.

A written declaration of the contents and value of goods is required by the Company, and must be delivered by the shipper to the Company's Agent with the Bill of Lading. A wrong description of contents or false declaration of value shall release the Company from all responsibility in case of loss, seizure, or detention, and the goods shall be charged double freight on the real value which freight shall be paid previous to delivery.

The Company will not be liable for any single package of cargo beyond the value of Five Hundred Rupees, unless additional freight at half special rates has been paid on value above Five Hundred Rupees, and in all cases where claims are made, proof of loss must be furnished.

Specie will not be landed by the Company. It can only be delivered on presentation of Bill of Lading on board, and will be carried on at consignee's risk if delivery is not taken during the Steamer's stay in port.

Goods must be alongside at least 24 hours before the advertised hour of departure, and shippers are requested to see that their receipts for the same are in order before leaving the vessel. Most of the mistakes made arise through shippers sending their goods at the last moment.

Bills of Lading are only signed on the Company's forms, which may be had of the Agents at the several ports for the stamp duty only. These must be presented and delivered up, cancelled, before delivery of goods can be granted.

Single packages and parcels, not exceeding 2 feet in measurement, are charged Rs. 2-8 under 1,000 miles; under 2,000 miles, Rs. 5; over that distance, Rs. 10.

Horse, Cattle, &c.

Carriages are conveyed by special agreement.

The rates of conveyance for animals are exclusive of food, and all animals are carried on deck at shipper's risk.

The charge for conveyance of horses includes passage of a syc in attendance on each horse and space for fodder, which must be provided by the owner.

Horse boxes are not provided by the Company.

Shippers of horses are recommended to remove the shoes, and to provide cow-matting for the animals to stand on, to prevent them slipping with the motion of the vessel.

These Regulations are equally important to passengers between Suez and Alexandria, for the Egyptian Transit Administration will not accept any responsibility unless they be strictly complied with.

All Baggage should be packed in Leather Portmanteaux or Trunks, marked with the owner's name and port of destination in paint is full, and fastened securely with case locks; padlocks and leather straps being liable to damage or removal. The Transit Administration will not be responsible for the safe conveyance of treasure Packages.

Canvas covers to Packages of Baggage are not recommended, as they are frequently removed and lead to the loss of the Packages.

Packages containing Jewellery, Plate, or other Valuables, must be especially booked, and Freight paid thereon at the Company's established rates, failing which such Packages are liable to seizure and confiscation.

First Class passengers are allowed 333 lbs. of personal Baggage free of Freight; Second Class passengers and servants 165 lbs. each; children over 3 and under 10 years, half these weights.

A passenger taking a reserved cabin will be entitled to take in the Steamers, free of Freight, 4½ cwt.; and a married couple, paying for reserved accommodation, will be entitled to take 9 cwt.

Passengers from Bombay can ship their heavy Baggage either at Calcutta or Madras, should they find any convenience in doing so, and if proceeding via Brindisi can forward any of their Packages to Southampton without extra charge.

The charge for conveyance of extra Baggage, will be at the rate of 10s. per cwt. between Southampton, Gibraltar, Brindisi, Malta, or Alexandria; 10s. per cwt. between Suez, India, China, Japan and Australia.

The Insurance of Baggage can be effected on moderate terms.

Passengers passing through Egypt will be charged by the Transit Administration 7s. per cwt. for conveyance of Baggage through, should it exceed, for First Class passengers, 333 lbs. each, and Second 200 lbs. each; Children over 3 and under 10 years are allowed half the above weights. This amount is collected on board the Company's Steamers, for the convenience of passengers.

Passengers requiring information, respecting their Baggage during the voyage, can obtain it on application to the Officer in charge.

Passengers who may miss any Package of Baggage on arrival at their destination, are recommended to apply, *without delay*, to the Company's Agent, giving full particulars, in writing, when application will at once be made to the Missing Baggage Depot at Bombay or at Southampton.

Baggage can be occasionally had up from the Baggage-room during the passage, on application to the officer in charge.

No Trunks or Boxes allowed in the Saloon or Cabins, but only small Portmanteau or Carpet Bags. The Portmanteaux for Cabin use should not exceed 3 feet in length, 1 foot 8 inches in width, and 1 foot 3 inches in depth.

CAUTION.—Goods of a dangerous nature. The Company will not receive on board of their Vessels any goods of a dangerous or damaging nature. If any such goods be shipped without notice, the shipper will not only be liable to the penalties imposed by Statute, but also for all damages sustained in consequence of such shipment.

NOTICE.—All parties are requested to take notice that the Company do not hold themselves liable for detention or delay of passengers arising from accident or from extraordinary or unavoidable circumstances, or from circumstances arising out of or connected with the employment of the Company's Vessels in Her Majesty's Mail Service, and that the Company do not hold themselves liable for damage to or loss or detention of Passengers' Baggage, or for any consequences arising from the restrictions of quarantine wheresoever imposed. In all cases in which the Company's Steamers may be placed in quarantine, First Class passengers will be charged Ten Shillings and Second Class passengers Five Shillings per diem for their maintenance on board during the detention of the Ship.

Special Notice.

The Egyptian Transit Administration having issued a notice that they will decline to take charge of any Packages of Baggage intended for despatch through Egypt that are not properly secured, passengers are earnestly requested to see that all Portmanteaux, &c., shipped by the Steamers of this Company for Europe, are thoroughly efficient in this respect, thus obviating the probability of any plunder or delay in Egypt.

Objects of the Company.

This Company has been incorporated under a special Act of Parliament (57 & 58 Victoria—Session 1874) and is formed by the amalgamation of the Great Southern of India and Chennai Railway Companies. Its object is to provide railway accommodation between Madras and the provinces of Southern India, lying to the south of the existing Madras Railway. Starting from Madras the line will pass through Chingleput, Cuddalore, Porto Novo, Combaracur, Tanjore (branch to Negapatam), Trichinopoly (branch to Caroor and Erode), Dindigul, Madura, and thence to Tinnevely and Tuticorin. The provision of branches from the main line to Conjevaram and to Pondicherry is under consideration.

From Carjevaram to Arconum, and from Negapatam to Erode, the lines have been for some years used for public traffic: it has been decided to alter the gauge of these sections to the metre gauge, upon which the rest of the Company's railway will be formed. When this has been effected and when the sections now under construction have been completed, the South Indian Railway system will comprise about 670 miles, the longest continuous line in India constructed on the 3 feet $\frac{1}{2}$ inch gauge.

It is anticipated that the railway will be available for public use between Trichinopoly and Madura in July 1875. An unfavorable season has retarded building operations along the eastern coast, and the section south of Madras, except for a short distance will not be completed until a later date.

No Luggage is allowed in the Carriages except small packages which can be placed under the Seat occupied by the owner. Guards are required to remove all Packages which cannot be deposited under the Seat.

6. **LOST LUGGAGE.**—Articles found in the Carriages or on the Railway are placed in a Lost Luggage Office at the Trichinopoly Station where application should be made for lost articles. A fee of two annas will be charged for each article of Luggage when claimed at the Lost Luggage Office, but if not claimed within one month, an additional storage charge of annas 4 per month, after the first month, will be made. All lost Luggage if not claimed within six months, will be sold by the Company to pay expenses.

7. **THE COMPANY WILL NOT BE RESPONSIBLE** for loss of, or injury to, any Gold, Silver, Jewellery, Writings, Securities and Valuable Papers, Plated Goods, Pictures, Glass, China Articles of Ivory, Ebony, Sandal Wood and such like Valuables; Silks, manufactured or unmanufactured, wrought or not wrought up with other materials; Shawls, Laces, Cloths, Tissues embroidered with the precious metals, or of which such metals form part, unless the same shall have been accepted by an authorized servant of the Company, and an increased charge or charges paid.

8. **SPECIAL OR RESERVED ACCOMMODATION** in the Ordinary train may be had on application to the Traffic Manager, Trichinopoly, on 24 hours' notice being given.

9. **TO PREVENT ACCIDENTS** it is requested that no Passenger will lean upon, or open the Carriage door, or step from or into any Carriage when the train is in motion; any person doing so, is liable to be prosecuted for a breach of the Company's Bye-Law, No. 6, viz:—

Any person attempting to get into, or upon, or to quit any Carriage after the train has been put in motion, is liable to a penalty of Twenty Rupees.

10. **PARCELS** are received and booked at all Stations on the line. Parcels and packages under 56 lbs. weight each, are conveyed by Passenger Trains exclusively at Parcel rates, and all parcels weighing above 56 lbs. each, are likewise forwarded by Passenger Trains and charged at parcel rates, if "Per Goods Train," be not distinctly marked thereon.

N. B.—**Parcels must be delivered at the Station 30 minutes before the departure of Trains.**

11. **HORSES AND CARRIAGES** cannot be forwarded by Nos. 2 and 4 Trains. As Horse boxes and Carriage trucks are only kept at the principal Stations, notice should be given the day previous of such being required; and Carriages and Horses must be at the Station 30 minutes before the time mentioned in these tables. Each horse must be in charge of a Horsekeeper who will be conveyed free.

TABLES OF COINS, WEIGHTS AND MEASURES.

(INDIAN.)

MONEY.

Silver is the legally constituted medium of exchange in all money transactions throughout the British Indian possessions. Gold Coin was intended to be a legal tender at a fixed value of 16 Rupees for the Gold Mohur of Calcutta and 15 Rupees for the Gold Rupee of Madras and Bombay; but it is not demandable in payment and is left to find its current value in the market. In 1841 officers in charge of public treasures were authorized to receive gold coins struck in conformity with the provisions of Act XVII of 1835, establishing the 15 Rupee piece, but in 1852 when the gold from California and Australia began to pour their treasures over the globe and in apprehension that India would be inundated with gold, the proclamation of 1841 was rescinded and gold debarr'd from entrance into any of the treasuries. Since then the sovereign has been made a legal tender for 10 Rupees.

WEIGHTS AND MEASURES.

The origin of all *Weights and Measures* in England was derived from a grain of wheat; 32 of them, well dried and gathered from the middle of the ear, were to make one pennyweight; 20 dwts. 1 ounce; and 20 oz. 1 pound. It was subsequently thought better to divide the pennyweight into 24 equal parts, called *grains*.

William the Conqueror introduced into England what was called Troy Weight, from Troyes, a town in the province of Champagne, in France, now in the department of Aube, where a celebrated fair was held. The English were dissatisfied with this weight, because the pound did not weigh so much as the pound in use at that time in England. Hence arose the terms *Avoir du poids*, which was a medium between the French and the ancient English weights.

Avoirdupois Weight was first made legal in the reign of Henry VII. and its particular use was to weigh provisions and coarse heavy articles. Henry fixed the stone at 14 lbs., which has been confirmed by a recent Act of Parliament.

With respect to Measures of Length, it is recorded that the various denominations were constructed from a *corn of barley*, 3 of which, well dried from the middle of the ear, made an inch. Other terms were taken from portions of the human body—such as the *digit* (¼ of an inch, or a finger's breadth), a *palm* (3 inches), a *hand* (4 inches), a *span* (9 inches), a *foot* (12 inches), and a *cubit* (18 inches), being the length of the arm or bone from the elbow to the wrist. A *pace* (5 feet), or two ordinary steps; a *fathom* (6 feet), from the extremity of one hand to that of the other, the arms oppositely extended. It is stated that Henry I., in 1101, commanded that the *ahna*, or ancient ell, which answers to the modern yard, should be made the length of his arm; and that the other measures of length were thence derived, whether *linear*, *superficial*, or *solid*.

The *restored standard of Linear Measures*, whose length is called a yard is a solid square bar 33 inches long, and one inch square in transverse section, the bar being of bronze or gun-metal, at the temperature of 62° of Fahrenheit's thermometer, marked copper 16 oz., tin 2½ oz., zinc 1 oz.; and near to each end a cylindrical hole is sunk to the depth of half an inch; the distance between the centres of the two holes being 3 feet or 36 inches, or 1 imperial standard yard. The standard square and cubic measures will therefore depend entirely upon it.

All Measures of Capacity were first taken from Troy Weight, and several laws were passed in the reign of Henry III. enacting that 8 lb. Troy of wheat, taken from the middle of the ear and well dried, should make 1 gallon of Wine Measure, and 8 such gallons make a bushel.

The carat is divided into grains, and the grains into quarters, thus:—

The Carat.—Troy.			
	lb.	oz.	dwt. gr.
24 carats make	1	0	0 0
2 carats ..	0	0	20 0
1 carat ..	0	0	10 0
1 grain or ¼ carat make			2 10
1 quar. of a grain ..			0 15

TROY WEIGHT.

24 grains	make 1 pennyweight (dwt.)
20 pennyweights	= 1 ounce (oz.)
12 ounces	= 1 pound (lb.)

By this weight gold, silver, jewels, and precious stones are weighed. It is also used in ascertaining the strength of spirituous liquors, and in experiments in natural philosophy, though the weights for this latter purpose are generally constructed in decimals from 10,000 grains to the one-hundredth part of a grain; it is used to compare the different weights with each other. The weighing of diamonds is an exception in jewellery; they are weighed by the carat, which is four grains.

14 oz., 11 dwt., 16 grs. Troy, are equal to a pound avoirdupois; or a pound Troy bears nearly the same proportion to a pound avoirdupois as 14 to 17, for 5,760 grains are a Troy pound, and 7,000 such grains are a pound avoirdupois. This standard was adopted as being the weight of a cubical inch of distilled water, which was found to weigh by Fahrenheit's thermometer (the barometer being at thirty-six inches), 252 grains, 455 thousandth part of a grain.

AVOIRDUPOIS WEIGHT.

16 drachms	make 1 ounce (oz.)
16 ounces	= 1 pound (lb.)
14 pounds	= 1 stone (st.)
28 pounds	make 1 quarter (qr.)
4 qrs. or 112 lb.	= 1 hundred weight (cwt.)
20 cwt.	= 1 ton (ton.)

By this weight are weighed all articles sold by weight, excepting gold, silver, platinum, diamonds, and other precious stones; and drugs when sold by retail.

The sign *lb.* (*libra*, a pound) could never have an s after it, the plural being *libras*.

N. B.—The square of a number is obtained by multiplying the number by itself, as $12 \times 12 = 144$, the square of 12.

By this measure all things that have length and breadth are measured.

Land is measured by *Gunter's Chain*; which is as follows:—

Length.

7-92 inches.....	make 1 link.
12 inches, or 1-615 links.....	" 1 foot.
36 inches, or 4-545 links.....	" 1 yard.

22-031 square links.....	" 1 square yard.
6-25 square links.....	" 1 square pole.
15-000 square links.....	" 1 square chain.
25-000 square links.....	" 1 square rood.
100-000 square links.....	" 1 square acre.

CUBIC OR SOLID MEASURE.

1,728 inches.....	make 1 solid foot.
27 feet.....	" 1 solid yard.
40 feet of rough, or 50 feet of hewn timber.....	" 1 ton or load.
42 feet.....	" 1 ton of shipping.
1 yard of earth.....	" 1 load.

The dimensions of timber, stones, excavations, and all works which have length, breadth and thickness, are taken by linear measure; but the contents are calculated by cubic measure.

A Cube is a solid body, and contains length, breadth and thickness. A cubic number is produced by multiplying the simple number twice into itself; thus 343 is a cubic number, being produced by multiplying the number 7 twice into itself; as $7 \times 7 \times 7 = 343$.

ARTIFICERS' TABLES AND CALCULATIONS.

TIMBER.

40 cubic feet of unhewn timber.....	
50 do. of squared timber.....	
600 superficial feet, 1 inch planks or deals.....	
400 do. 1½ inch ditto.....	1 load.
300 do. 2 inch ditto.....	
240 do. 2½ inch ditto.....	
200 do. 3 inch ditto.....	
170 do. 3½ inch ditto.....	
150 do. 4 inch ditto.....	

20 deals 12 feet long, 3 inches thick, 3 inches wide, 5½ loads

1 ditto contains 2 feet, 3 inches cubic.

A batten is from 2 to 8 inches broad, and from ½ to 1½ inch thick.

A deal is above 7 inches wide.

A plank is 11 inches wide, or above.

120 deals are 1 hundred.

TO MEASURE PIPES, TANKS, &c.

The following is a rough-and-ready way to find the contents of circular tanks, wells and pipes:—

Square the diameter in inches, and cut off the right-hand figure as a decimal, and the result will be gallons in each 3 feet (yard) of depth,—or length, if a pipe; as:—

Diameter Inches.	Feet.	Square.	Gallons in 3 feet.
2.....	$2 \times 2 =$	4 or	0-4
6.....	$6 \times 6 =$	36 or	3-6
12.....	$12 \times 12 =$	144 or	14-4
	WELL OR TANK.		
36.....	$36 \times 36 =$	1,296 or	120-6
100.....	$100 \times 100 =$	10,000 or	1,000-0

TO FIND THE CONTENTS OF A BARREL.

If the diameter is equal everywhere.—Multiply the square of the diameter in inches by the depth, and divide the product by 359. Thus a barrel with a diameter of 36 inches, and 50 inches deep; $36 \times 36 \times 50 = 64,800 \div 359 = 180\frac{1}{2}$ old measure = $183\frac{1}{2}$ Imperial gallons. If the centre or bung diameter is larger than the ends.—First square the centre diameter in inches; and then multiply it by 2, to which add the square of the diameter of the end; then multiply this by the length of the cask, and divide by 1,077. Thus a barrel with a centre diameter of 28 inches, end 25 inches and length 36 inches: $28 \times 28 \times 2 = 1,568 + 625 (25 \times 25) = 2,193 \times 36 = 78,948 \div 1,077 = 73$ old measure = $74\frac{1}{2}$ Imperial gallons.

TO MEASURE TIMBER.

In order to ascertain the contents of unsquared timber, multiply the square of the quarter girth, or of ¼ of the mean circumference, by the length. When the buyer is not allowed his choice of girth in taper trees, he may take the mean dimensions, either by girthing it in the middle for the mean girth, or by girthing it at the two ends, and taking half of their sum. If not, girth the tree in so many places as is thought necessary, then the sum of the several girths divided by their number, will give a mean circumference, the fourth part of which being squared, and multiplied by the length, will give the solid contents.

The superficial feet in a board or plank is known by multiplying the length by the breadth. If the board be tapering, add the breadth of the two ends together, and take half their sum for the mean breadth, with which multiply the length.

The solid contents of squared timber are found by measuring the mean breadth by the mean thickness, and the product again by the length. Or multiply the square of what is called the quarter girth, in inches by the length in feet, and divide by 144, and you have the contents in feet.

APOTHECARIES' WEIGHT.

8 drachms " 1 ounce	480 " " $\mathfrak{ss}$
12 ounces " 1 pound	5,760 " " $\mathfrak{lb}$

Apothecaries compounded their medicine by these weights, but buy and sell by avoirdupois. The pound, ounce, and grain, are the same as in *Troy* weight.

MEDICAL PROPORTIONATE DOSES.

If a dose be a single drachm for a person of 21 years of age, the proportionate doses according to the age will be:—

Under 1 year	$\frac{1}{12}$ or 5 grs.
2 years	$\frac{1}{6}$ " 7½ grs.
3 "	$\frac{1}{4}$ " 10 grs.
4 "	$\frac{1}{3}$ " 15 grs.
7 "	$\frac{1}{2}$ " 20 grs.
14 "	$\frac{2}{3}$ " 30 grs.
20 "	$\frac{3}{4}$ " 40 grs.
Above 21 "	$1\frac{1}{2}$ " 70 grs.

65 the inverse ratio.

Women require smaller doses than men.

RULES RELATING TO BURIAL GROUNDS FOR THE
DIOCESE OF MADRAS.

FORT ST GEORGE, 29th October 1866.

I. The Chaplain of the Station shall have the care of the General Cemetery. It shall be his duty to apply to the proper Officer, when the walls want repairing; to

see that weeds, grass, or jungle be cleared away, and the remains of dilapidated tombs be removed, and that the Cemetery be kept in proper order.

In the absence of the Chaplain, the Lay Trustees shall have the care of the Cemetery.

N. B.—These Rules apply in places where there is no Chaplain, to Ministers of the Additional Clergy Society, and to any other Clergymen who are appointed to the charge of English Congregations, and are in receipt of part of their salary from Government.

II. The Sexton or Lascar in charge of the Cemetery, shall be borne on the Church Establishment, and shall be paid by Government through the Chaplains, with whom the appointment and dismissal of this servant shall rest.

III. In every station, a portion of the Cemetery shall be set apart for the use of members of the Roman Catholic congregation. For the use of any body or bodies of Christians at such station, not being members of the Church of England, nor of the Church of Rome, another portion of the Cemetery shall be appropriated, should they desire it, for the sole use of such congregation, or for the joint use of such congregations. The portions thus set apart shall not be fenced or walled off, but simply divided by a pathway, from the rest of the Cemetery, and shall be added to, or reserved from, the existing Cemetery, according as such Cemetery has, or has not, been consecrated according to the rites of the Church of England. The whole Cemetery thus divided shall be surrounded by a wall, and shall have but one gate of entrance. The entire Cemetery shall be under the care of the Chaplain, for the purposes specified in Rule I. The key shall be kept by the Sexton or Lascar acting under the Chaplain's directions, so that access to the ground may be had by those having a right thereto, easily and without delay.

IV. The Chaplain shall provide that one or more graves be kept ready for cases of sudden emergency; such graves shall be covered with planks or boards. No grave shall be less than six feet deep.

V. A scale of charges for ordinary masonry graves, headstones, tombstones and tombs, to be submitted by the Undertakers at each station, and approved by the Chaplain and District Engineer, shall be affixed to the Cemetery gate, or to the wall of the Church Porch, or exhibited in some other suitable place.

VI. Inscriptions intended for monuments to be placed in that portion of the Cemetery devoted to the Church of England, and for tablets to be placed in Churches shall be submitted to the Chaplain for approval; if not approved, such inscriptions shall not be allowed to be engraved on such monuments or tablets. But any party considering himself aggrieved by the Chaplain's decision, may appeal to the Bishop.

VII. Stone or brick monuments shall not be placed over any but masonry graves; such monuments, unless built over masonry work, are liable to fall in during the rains. Brick monuments are to be discouraged, as they soon fall into decay in this climate.

VIII. The dimensions of no monument shall be allowed to exceed nine feet in length, and four and a half feet in width. In special cases, where more space is desired, a fee calculated at the rate of Rupees 3 for every square foot, shall be charged by the Chaplain. The sums collected shall be placed to the credit of the Fund for improving the Burial Ground, and repairing the monuments in it and the Church.

IX. The Chaplain shall communicate with the friends of the deceased when a monument requires repair. Should a monument fall into a ruined condition, and no one be willing to undertake its restoration, the ruined monument shall be made level with the ground, and any slab it may have contained shall be placed over the grave.

X. Every reasonable effort shall be made by the Chaplain, not only to keep the Cemetery in decent order, but to preserve the sacred associations of the place, by suggesting appropriate designs for monuments, and by planting the ground with suitable trees. The money obtained by the sale of the grass, and the fees above-mentioned, shall be laid out in the improvement of the Cemetery.

XI. The Cemetery shall be inspected once a year by the Chaplain, in company with the Executive Engineer, and a report made to the Archdeacon; such reports shall be recorded in the Ecclesiastical Record Book of the station, and also in the Engineer's Office.

XII. The Collector, or one of his Assistants, shall annually, or as occasion may require, visit all Cemeteries in his District, as well as those disused as those still in use, and shall make suggestions to the Clergymen or Lay Trustees in charge, and, if necessary, shall make a brief report to the Government or Archdeacon, regarding the condition of such Cemeteries.

XIII. Officers Commanding Regiments or Detachments shall cause a report to be

General Assembly's Institution and Schools of the Free Church of Scotland.

Commenced by the Rev. J. Anderson, in Black Town, 3rd April 1837.

The Free Church Mission Institution, Esplanade, Black Town, is intended to provide for Natives a good, Christian education. It is managed by European Missionaries (named above) assisted by a staff of about 100 Native Masters. Instruction in all the branches of a liberal education, including Scripture knowledge, is communicated chiefly through the medium of the English language. Tamil, Telugu, Hindustani and Sanscrit are systematically taught by competent Munsibs. The Institution is divided into two departments, the School and the College. The latter educates up to the standard of the Bachelor of Arts Degree of the Madras University. The number of pupils in the school is about 700, and those in the College upwards of 100. Visitors are welcome on school-days between the hours of 12 and 3 P. M.

In connection with the Central Institution, there are 9 Boys' Schools:—Trempettah, Rajampettah, Wallajahabad, (Lower Class Schools); two in Madras (Middle Class Schools); Nellore, Conjevaram, Trivellore and Chingleput (Higher Class Schools.) These are conducted in the same manner as the Central School. At these 9 schools there is an attendance of upwards of 1,500 boys.

Female education is extensively carried on by the Mission. A Boarding School for children of Native Christians is under the charge of Miss Liddell. The number of pupils is about 70. Two schools in Black Town for Caste Girls are superintended by the Rev. R. M. Bauboo with an attendance of upwards of 400—one by Mr. Haffton with an attendance of about 90, and one by the Rev. P. Rajahgopal with an attendance of 80. Besides these, the Mission has Caste Girls' Schools at Nellore, Conjevaram, Trivellore and Chingleput. The number of girls attending these 8 schools is upwards of 900.

On the whole, therefore, the number of young persons receiving a Christian education in the College and Schools of this Mission is about 2,500.

London Missionary Society's English Institution for Native Youths,

ARMENIAN STREET, BLACK TOWN, MADRAS.

This Institution was established in 1851 for the purpose of giving a good general and scriptural education to the native youths of Madras, as well as for the training of Preachers, Catechists and Teachers to assist at the numerous stations occupied by the Society in Southern India.

The studies pursued in the highest classes of the Institution are those required for the Matriculation examination of the Madras University. The studies in the other classes are arranged accordingly. Every boy in the school is daily instructed in the sacred Scriptures by a Christian teacher. The number of scholars is 450. School fees are paid according to the rates recently fixed by Government.

There are also two Branch Schools in the immediate neighbourhood of Madras connected with the Institution. In the Institution and its Branch Schools there are 550 native youths receiving Christian education.

A native congregation comprising 154 souls and 65 communicants has been formed in connexion with this part of the Mission. The plan of the Institution provides for a special service adapted to native youths every Sunday morning after the Sunday School.

Vepery District.

Connected with this Branch of the Mission is another native congregation of 107 souls and 30 communicants. The Mission supports a Boarding School for girls and four Girls' Day Schools, which are attended by caste children to the number of 333. The total number of girls at present is 375.

J. W. Esler,
C. Esler.

Itinerating and preaching. Six Native brethren, two of whom are occupied in the Eastern Delta and four in the Western in instructing Native Christians and evangelizing among the heathen.

The Mission was commenced in 1836, and has been supported by unsolicited contributions from Christian friends both in England and in this country.

The work of the Mission is chiefly confined to preaching the Gospel in the Vernacular (Telugu), an English School conducted by the Messrs. Esler, and which now numbers 135 pupils including a few boarders.

There are five Village Schools. A Girls' Boarding School conducted by Mrs. Heelis numbering 45 boarders and a few day scholars; also a caste school for girls and very small boys under Mrs. Bowden's charge. An adult school for young Christian men under Mr. Bowden's direction, and a night school for young men and boys in the town of Narsapur, under Mr. Heelis' direction.

The members of the Native Congregations reside in Narsapur, Paleole and about 30 other villages.

The *Witness*, a quarterly publication intended to assist in meeting the spiritual need of Native Christians is published in Telugu by this Mission and is now in its fifth year. It appeared necessary to stop this publication, but arrangements are now making to re-commence.

BANGALORE FREE COMMUNION BAPTIST CHURCH.

(FORMED 27th NOVEMBER 1864.)

Pastor.—EDMUND MARSDEN.

Place of Worship.—*Essex Chapel, Commercial Road.*

(FORMED 18th AUGUST 1867.)

Times of Service.—Lord's day, 11 A. M. and 6½ P. M.—Thursday, 6½ P. M.

This Church was formed on the above date by the Rev. T. C. Page, (formerly of Madras,) then temporarily residing at Bangalore. It enjoyed the pastoral superintendence of that esteemed servant of Christ for the first few months of its existence, but was for some time subsequently to his departure from the station without a Minister. On the 30th March 1868, Mr. Marsden, who had been a short time previously set apart for the work of the Gospel Ministry at Madras, became its Pastor.

Besides watching over this Christian Society, Mr. Marsden devotes a considerable portion of his time to evangelistic visitation among the residents of Bangalore, particularly the *Milkari*, of whom there is always a very large number at the Station. Last year (1873-74) there were in this way about 655 persons come into contact with, and plied and pressed with the Gospel offer, more than three-fourths of whom had never previously been operated upon, and during the eighteen preceding years, about 9,830 persons. A very large proportion of these were *Soldiers*. Though not bearing the name, Mr. Marsden, to the fullest extent of his ability, is doing the work of a Town Missionary.

Armenian Cemetery.

The present Cemetery was built and given to the Armenian community by Government in the year 1802.

Previous to the erection of the Church the Armenian community performed Divine Service in a temporary place, built of timber, on the North, or Monument Esplanade, opposite Fort Saint George, by the late Honorable East India Company, who also paid for the support of the Priest (50) fifty pounds annually for 7 years, agreeably to a Treaty entered into by the said Company with the Armenian nation, dated London, the 22nd day of June, A. D. 1688, and in the fourth year of the reign of King James the Second. The present Church was built by the Armenian community at their own expense in the year 1712, and alterations and additions made to it by them from time to time. In the year 1833 the British Government was pleased to grant the sum of Rupees (5,000) five thousand from the late Lottery Funds, for the repairs of the Church; out of which Funds the community was enabled to erect a substantial and extensive Verandah, 145 feet in length by 10 in breadth, on the east side of it. Government was further pleased to grant a donation of Rupees (2,000) two thousand from Dr. Woodley's Estate to the Church in the year 1839.

THE INDIAN CHRISTIAN MARRIAGE ACT XV OF 1872.

ECCLESIASTICAL DEPARTMENT, Fort St. George, March 14, 1874.

Rules for the submission to Government of the Returns of Marriages solemnized under Act XV of 1872, and for the disposal of marriage fees.

Under the provisions of Section 83 of the Indian Christian Marriage Act (No. XV of 1872) the Right Honorable the Governor in Council is pleased to direct the observance of the following Rules for the disposal of the fees prescribed by Section 82, the supply of register books, and the preparation and submission of returns of marriages solemnized under the Act.

Head I.—Rules relating to Persons who have received Episcopal* Ordination (but who are not Clergymen of the Church of England nor the Church of Rome), and to Ministers of Religion who, under Section 6 of the Act, have obtained licenses to solemnize marriages.

Definition of "Minister." 1. The term "Minister" will be used for both of these classes of officers under the Head.

2. As required by Section 34 of the Act, a Minister will forthwith detach from his marriage register book every certificate of marriage solemnized by him and transmit it, *within one month from the time of solemnization* of such marriage, to the Marriage Registrar or Senior Marriage Registrar of the District, or to the Magistrate of the District, when there is only one Marriage Registrar in a district and such Registrar is absent from the District, or ill, or his office is temporarily vacant (Section 7.) Ministers in Madras should forward their certificates to the Senior Marriage Registrar for the town of Madras.

3. The form to be used by Ministers for this purpose is given in the fourth schedule of the Act.

Duties of Magistrates, &c. 4. The Marriage Registrar or Magistrate acting under Section 7 on behalf of the Marriage Registrar, as the case may be, is required by Section 34 and the two following sections of the Act—

(a.)—To add to each certificate the number of the entry of the copy in the book to be kept by him under Section 34;
(b.)—To affix to it his signature or initials; and
(c.)—To transmit all the certificates received during the month to Government, together with the certificates from his own marriage register book, if he should have solemnized any marriages during the month.

5. On the face of every certificate of marriage thus forwarded, the Minister *must* distinctly state if either party to the marriage is a *British subject*, as in this case it is imperative that the certificate should be forwarded to England. If neither party to the marriage be such, that fact also must be stated; and it must be noted in the latter case if either of them desires the certificate to be transmitted to the Registrar-General of Births, Deaths, and Marriages.

6. The following is the definition of the term "*British Subject*" which should be adopted in carrying out the above distinction:—"The term *British subject* means (1) a subject of Her Majesty, born, naturalized or domiciled in the United Kingdom of Great Britain and Ireland, and (2) the child or grandchild of any such person by legitimate descent."

Native Christians.

7. The certificates furnished by Ministers are not to include entries of marriages between Native Christians.

These marriages, under Section 37 of the Act, must be registered in a separate register book in the form given in Schedule 4 of the Act. When certificates of such marriages are given, they shall also be in the form given in Schedule 4. The headings of this register book should be in the language of the district in which the register is kept, but so much of it as has to be filled in by the hand of the person performing the ceremony must be in his own vernacular language. This book, when filled, must be dealt with as directed by Section 37. Under Section 64, time extracts from this register book shall be deposited in the office of the Marriage Registrar or Senior Marriage Registrar of the District, or in that of the Magistrate of the District when the Marriage Registrar is absent from the District, or ill, or his office temporarily vacant on the 31st December of each year. For the form of extract see Appendix I.

8. Applications from persons connected with any Missionary Society for licenses should be submitted to Government by the Secretary or Senior Chaplain of the Society through the Magistrate within whose jurisdiction the applicant may be residing, or in the case of residence in Madras, through the Senior Marriage Registrar for the town of Madras. These officers should also forward an expression of their opinion. In every case the name of the applicant should be given in full.

* Such as Clergymen of the Armenian and Greek Churches.

9. When any person desires to resign the office of a Minister licensed to solemnize marriages under the Act, or is about to leave the station or district in which he has exercised such functions, it is particularly requested that he will report the circumstance to the Marriage Registrar or to the Magistrate of the District, as the case may be, and make over to him for safe custody the marriage register books, and all forms and other documents appertaining thereto, unless his (the Minister's) successor be duly licensed to solemnize marriages under the Act, in which case the books, forms, and documents referred to should be made over to such successor, and the fact should be reported to the Marriage Registrar or to the Magistrate of the District when there is no Marriage Registrar for information. In Madras the report should be made to the Senior Marriage Registrar for the town of Madras.

10. A form of report is given in Appendix No. 2.

Persons who send certificates to Government under this head are—

(a.) All Marriage Registrars or Magistrates of Districts as the case may be.

(b.)—The Senior Marriage Registrar for the town of Madras.

Head II.—Rules relating to Marriage Registrars appointed under the provisions of Act No. XV of 1872 (the Indian Christian Marriage Act), Section 7.

1. A Marriage Registrar is required, by Section 35 of the Act, forthwith to separate the certificates from his marriage register book, and to submit the Marriage Registrar to certificates of marriage which he has detached from his marriage register book during the month, to the Secretary to the Local Government "at the end of every month." Copies of the Certificates should never be sent. The original is required in every case.

2. A form of the certificate is given in the fourth schedule of the Act.

3. On the face of every certificate of marriage thus forwarded, the Marriage Registrar *must* distinctly state if either party to the marriage is a *British subject* within the meaning of Rule 6 of the foregoing Rules (Head I), as in this case it is imperative that the certificate should be forwarded to England. If neither party to the marriage be such, that fact also must be stated; and it must be noted in the latter case if either of them desires the certificate to be transmitted to England for delivery to the Registrar-General of Births, Deaths, and Marriages.

4. Applications from persons connected with any Missionary Society, for appointment to the office of Marriage Registrar in any district, should be sent through the Secretary or Senior Chaplain of the Society to the Magistrate of the District in which the applicant resides. applications for appointment in Madras should be sent through the Senior Marriage Registrar for the Town of Madras. The Magistrate, or the Senior Marriage Registrar, as the case may be, should forward the applications to Government with an expression of his opinion.

5. When any person, not being a Marriage Registrar of the district, desires to resign the office of Marriage Registrar under the Act, or is about to leave the district in which he has been authorized to exercise the functions of a Marriage Registrar, it is particularly requested that he will report the circumstance to the Magistrate of the District, and make over to him for safe custody the marriage register books, and all forms and other documents appertaining thereto, unless his (the Marriage Registrar's) successor be duly authorized to register marriages in the same district under the Act, in which case the marriage register books, forms, and documents referred to, should be made over to such successor, and the fact be reported to the Magistrate for information. In Madras the report should be made to the Senior Marriage Registrar for the Town of Madras.

6. A form of report is given in Appendix No. 2.

7. The persons who are required to furnish marriage certificates to Government are—

(a.)—All persons specially appointed by Government to be Marriage Registrars under Section 7 of the Act.

(b.)—The Senior Marriage Registrar for the town of Madras.

8. The attention of Marriage Registrars and Senior Marriage Registrar is directed to Rule 4, Head I. The form of register to be kept by them is given in Appendix 3.

9. Marriage Registrars should see that the true extracts from the register book referred to in Sections 37, 62, and 64, are duly forwarded to them on the 31st December of each year for deposit in their offices.

10. At the close of each year the Marriage Registrar of each district will be furnished with two copies of the lists of the various persons authorized to solemnize marriages under the Act and residing in his district. One copy of each list it will be his duty, after inquiry, to return with the necessary information filled in, and the other should be retained in the Marriage Registrar's Office. These lists will be in the form shown in Appendix No. 4.

11. The form of the Register to be kept by Marriage Registrars under Section 59 of the Act for the registration of marriages between Native Christians should be the same as in the fourth schedule of the Act. When certificates of such marriages are given they shall also be in the form given in Schedule 4. The headings of the register book should be in the language of the district in which the register is kept, with an English translation, but so much of it as has to be filled in by the hand of the person performing the ceremony must be in his own vernacular language. This book, when filled, is to be dealt with as prescribed in Section 37.

ECCLESIASTICAL DEPARTMENT.

Fort St. George, 14th March 1871.

Rules for submission of Quarterly Returns of Baptisms and Burials of European Christians.

The Governor in Council having, under the Indian Christian Marriage Act of 1872, prescribed Rules for the submission of Returns of Marriages, deems it desirable to issue the following Rules for the submission of Quarterly Returns of Baptisms and Burials of European Christians.

1. In addition to the Quarterly Marriage Returns required under the Indian Christian Marriage Act, 1872, the Government require the submission, for statistical and other purposes, of Quarterly Returns of Baptisms and Burials of European Christians, i. e., of "all Christians of European birth or descent, or of mixed European and Native descent," in the forms specified in Appendices A to C.

2. The Registrar of the Diocese is not called upon to use the certificate of correctness of the Returns as each Clergyman certifies to their correctness at the foot of each Return. The Senior Chaplain of the Church of Scotland is also permitted to write the certificate of correctness on the Returns.

3. The Return relating to baptisms and burials for each quarter should be kept distinct and not contain entries which belong to other quarters.

4. These Returns are to include no entries in respect of Native Christians.

5. Whenever there may have been no baptisms or burials recorded during any quarter, a "Certificate of No Occurrence" (see Appendix E) should be forwarded.

6. As the Government desire to possess a record of all deaths of European and Eurasian Christians buried by the laity and not only of those buried by the Clergy, all magisterial officers are required to report every burial by laymen within their several jurisdictions to the resident Chaplain, or to the Chaplain or Minister who visits the station at which the burial has taken place, in order that it may be included in the Returns furnished by him to the Registrar of the Archdeaconry.

7. In cases of burials performed in places not visited by any Chaplain the report should be made to the nearest Clergyman.

† Indents should be forwarded in triplicate to the Superintendent of Stationery.

8. A list of all the stations and out-stations in Madras, showing by what Clergymen the out-stations are visited under the orders of the Lord Bishop of Madras, will be found in Appendix F.

9. For the purpose of registering burials not performed by Clergymen of the Church of England, or by laymen according to the forms of the Church of England, the following Rule will be adopted:—“In every Register Book there should be a separate page or pages, with heading and form distinct from those entries of burials in which at present the Clergyman or layman officiating himself enters and certifies the record of the service which he has performed. In this part of the book the Chaplain shall enter (as a copy) the copy of the certificate transmitted to him by the magisterial officer of the district. In this form there should be added a statement of the place of interment. The Chaplain shall copy these entries and return them with the others in his Quarterly Return certifying the correctness of the copies which he makes.”

10. The reports made by magisterial officers to Chaplains should include the names of all European and Eurasian Christians buried by laymen, whether the funeral service be conducted according to the form of the Church of England or not.

Baptisms by laymen.

11. The same rules are applicable to baptisms when performed by laymen.

Returns to be forwarded within one month.

12. All officers who forward the Quarterly Returns to Government should forward them, if possible, within one month after the close of each quarter.

Officers who are required to submit Returns.

13. The officers who are required to submit these Quarterly Returns of baptisms, and burials to Government are—

- (1) The Registrar of the Diocese, who collects them from (a), Chaplains in the service of Government; (b), Senior Chaplains of the Church of Scotland; (c), Clergymen (not being Covenanted Chaplains) ministering under the Bishop's license.
- (2) The Right Reverend the Vicars Apostolic in the Madras Presidency, who collect them from the various Roman Catholic registering officers within the Presidency.
- (3) The Very Reverend the Vicar-General of St. Thomas, who collects them in a similar manner.
- (4) Ministers of religion licensed to solemnize marriages under the Indian Christian Act, Section 6, and any other Ministers, not included in any of the before-mentioned classes, who perform such offices, as well as Ministers of the Baptist denomination who will furnish registers of births in lieu of baptisms.

14. Forms of Returns will be issued gratis on application to the Chief Secretary to Government.

By order.

D. F. CARMICHAEL,

Acting Chief Secretary.

SCHOOL OF INDUSTRIAL ARTS.

Major W. S. HUNT, Acting Superintendent.

This School was established by Dr. A. Hunter on the 1st May 1850, and was supported till March 1855, partly by fees from pupils by payments for Drawings, Engravings and work turned out in the School aided by small contributions from the Public, and the proceeds of the worthy Doctor's private practice while Medical Officer in the first district.

In March 1855, the School was taken up by Government and an Assistant, Mr. Archibald Cole, was sent from the Government School of Design in London. This gentleman died in 1860.

The branches of instruction are Drawing, Wood and Copper-plate engraving, Modelling, Casting in Plaster of Paris, and the manufacture of building materials and pottery.

A large number of pupils have been under instruction in the different departments, and of these several have obtained remunerative employ.

A fee of 8 Annas per month is charged for Artistic instruction. The pupils in the Industrial Department are paid for their labour.

There are three departments in connection with the School, viz:—the Artistic, Industrial and Photographic.

The Industrial Department is in charge of Mr. Dowley, the Foreman, who resides on the premises.

Government have lately had the School under consideration, and two instructors who may be expected from England shortly, have been sanctioned for the Artistic and Industrial Departments.

Except in the case of schools aided on the "payment for results" system, it will be essential to the consideration of applications for aid, that the schools, on behalf of which they are preferred, shall be under the management of one or more persons, who, in the capacity of Proprietors, Trustees, or Members of a Committee elected by the Society, or Association, by which the schools may have been established, will be prepared to undertake the general superintendence of the schools and to be answerable for their permanence for some given time.

2. Every application for a grant must be accompanied by a declaration that the applicant, or applicants, are prepared to subject the institution, on behalf of which the application is made, together with its current accounts, list of establishment, time table, scheme of studies and registers of attendance, to the inspection of a Government Inspector, such inspection and examination relating only to the general management and to the secular instruction and having no reference to any religious instruction which may be imparted.

3. Except in the case of Normal Schools for training teachers, and of female schools, grants will be restricted to those schools, in which a monthly schooling fee, of an amount to be approved by the Director of Public Instruction, and which in general is not to fall below one Anna, is paid by at least three-fourths of the pupils.

[It is not permissible for a teacher to draw a salary grant in one school and at the same time to serve as a Master in another which receives a grant upon the system of payment for results.]—Order of Government, 2nd December 1868, No. 410.

In other cases, the grants will be made only for specific purposes, and not in the form of contributions in aid of the general expenses of a school; and it will be essential to the payment of the grants, that the proportion which, under the following rules, the Managers are required to contribute for the purposes for which the grants may have been sanctioned, shall have been duly paid. Subject to the conditions prescribed in these rules, a grant, not exceeding in amount the sum contributed by the Managers of a school, will be given in aid of the salary of each Schoolmaster, or Schoolmistress, who may have obtained a certificate of qualification from the Director of Public Instruction. A grant, not exceeding one-half of the sum contributed by the Managers of the School, will be given in aid of the salary of the sum contributed by the Managers of the School, in regard to whom the Managers may satisfy the Director of Public Instruction, either by the report of a Government Inspector of Schools, or by such other means as the Director of Public Instruction may consider sufficient that the said teacher is fairly qualified to perform the duties which are entrusted, or which it may be proposed to entrust, to him or her; provided that, in such cases, the amount of the grant to be given shall bear a due proportion to the amounts sanctioned to the following rules for teachers holding certificates, and that the exact amount to be assigned in each case shall be determined by the Director of Public Instruction.

Certificates of the other grades will render the holders eligible to the following grants, provided that the amount of the grant shall not exceed the amount contributed by the Managers of the school, and that it shall be competent to the Director of Public Instruction to assign a grant lower than the maximum, with reference to the manner in which the candidate may have acquitted himself in the certificate examination.

16. All grants-in-aid of the salaries of Schoolmasters and Mistresses will be paid monthly. 17. Grants made to elementary schools on the results of periodical examinations of the pupils, as provided for in Schedules A and B, will be paid annually, half-yearly or quarterly, as the Director of Public Instruction may decide in consultation with the Managers of the school, provided that the amount to be given for a single year shall not exceed the rates entered in Schedule B.

(a)—A grant will be made to every school favourably reported on by the Inspector at rates not exceeding those noted in the margin provided that a sum equal to the amount of the grant be contributed for the same purpose by the Managers of the school.

(b)—No further application for a grant of books of reference, maps, &c., will be complied with for a period of five years from the date of the previous grant.

(c)—After the lapse of five years from the date of the last grant, a renewal grant will be made at rates not exceeding those noted above and with the proviso already laid down.

(d)—Grants for the provision of books of reference, maps, &c., will be made in money. Applications for such grants must be accompanied by a list of the books required; and on the Director of Public Instruction satisfying himself of the propriety of complying with the application, prospective sanction will be given for the issue of the grant, which will be paid on the Government Inspector reporting that the articles have been procured and are ready for use.

Also, that, before disbursement, the Managers of the school shall declare that they have funds on hand sufficient, when supplemented by the grant, to clear off all the debts incurred in the execution of the work.

60.—That in the event of any building, towards the erection, purchase, or enlargement of which a grant may have been made by Government, being diverted, prior to the lapse of twenty years from the date of issue of the grant, to other than educational purposes, the Manager at the time of the diversion shall refund to Government such portion of the grant allowed them as shall be determined by Arbitrators, who, in making their award, shall take into consideration the length of time the building has been used as a school-house and its consequent deterioration; but in the event of such Managers failing to make such refund, then they shall sell the building to Government at a valuation to be determined by Arbitrators, who, in making their award, shall deduct from the price such portion of the grant as may seem equitable, regard being had to the length of time the building has been used as a school-house and its consequent deterioration.

70.—That the Arbitrators referred to in the last preceding rule shall be three in number, one of whom shall be nominated by Government, another by the Managers of the school, and the third by the two Arbitrators so appointed; and, in case of the Arbitrators differing in opinion, the award of the majority shall be binding and conclusive on all parties.

Grants for the provision of school furniture will be made once in five years, on condition that the Managers of the school shall contribute in equal sum for the same purpose, and that, in the event of the school being permanently closed within five years from the date on which the grant may have been made, the Government shall be at liberty to purchase the furniture, towards the supply of which the grant was given at a valuation to be determined, as in the case of school buildings, by Arbitrators, credit being taken in each case for the amount of the grant, allowing for depreciation due to wear and tear. All applications for grants must be accompanied by a list of the furniture required. A furniture grant will be paid on the Director of Public Instruction being satisfied that furniture to the full amount proposed to be expended, including both local contributions and the Government grant, has been made up and placed in the school.

25. Application for grants-in-aid of Industrial Schools, for the rent of school houses, the wages of school servants, the contingent charges of schools, school prizes, and for other purposes not provided for in this No. 18, shall be disposed of on their merits, each case being determined, as far as possible, by the analogy of the foregoing rules.

4th do.	1	1	1	1	1	5	1	1	1

(a) For English and Eurasian children, the English language may be taken as the Vernacular; and, in the place of English as an extra language, one of the Vernaculars of the Presidency—Tamil, Telugu, Canarese, Malayalam and Hindoostanee—may be brought up.

(b) *The modified rule appears at the end.*

Only one examination, within an official year will be claimable by a school; but, to meet the case of indigenous schools, half-yearly examinations will, when practicable, be given to such schools, and half the prescribed annual grants will be issued upon the results of each examination.

2. To be eligible for examination, a pupil must have attended six months at the school in which he is reading; and, to count a month's attendance, a pupil must have attended at least 15 days in that month.

3. A pupil is not to be presented for examination under any standard who has already passed for that standard at another school.

4. Where the inspection of a school is made annually, a pupil will not be allowed to pass more than once under any standard, save the fourth or highest. For the fourth, a pupil will be permitted to pass twice at the same school.

5. Where the inspection of a school is made half-yearly, a pupil may pass twice for each of the first, second and third standards, and four times for the fourth standard.

6. In the case of half-yearly examinations, the first may be made somewhat less severe than the second.

7. An application in the annexed Form (C) must be made to the Inspector of the Division by the Managers of a school seeking aid under the system of payment for results; and, at the same time, a copy of the application must be forwarded by them to the Office of the Director of Public Instruction. An application, for inspection, under the system, must reach the Inspector at least three months before, in the course of his ordinary tour, he will visit the district in which the school is situated. If this condition is not fulfilled, the Inspector will be at liberty, should his arrangements render it decidedly inconvenient for him to visit the school, to let the application stand over till the following year's tour. In this case, the Inspector is to send a memorandum of the course pursued by him to the Managers of the school, and a copy of the same to the Office of the Director of Public Instruction.

8. When the preliminary conditions are fulfilled, the Inspector will examine the children presented to him according to the standard specified by the Managers of the school. After examination he will furnish the Managers with a memorandum showing the pupils examined and passed under each standard, and the grant claimable in consequence. This memorandum is to be submitted to the Director of Public Instruction by the Managers, with an application, requesting that the sum stated by the Inspector to be claimable may be paid to them. On receiving the application and memorandum, the Director of Public Instruction will take immediate steps to pay the money.

9. Schools receiving aid under the salary-grant system cannot claim assistance under the "payment for results" system and vice versa.

10. All schools receiving aid under the system of "payment for results" will be similarly to schools under the salary grant system, have to furnish such returns and statements as may be called for by Government.

11. To pass at an annual examination for any head belonging to a standard, a pupil must occupy one-half of the marks assigned by the Inspector to that head. The Inspector is at liberty, however, to allow a small deficiency under one head to be compensated for by superior proficiency under another.

The object of this Institution is to afford a thoroughly liberal and Christian education. The generous bequest of the late Captain Doveton, united with the funds formerly collected for a Protestant College, and considerable grants-in-aid from Government have enabled the Committee to make arrangements for the efficient carrying-out of the object they profess.

In the Primary School the instruction is elementary; in the High School, it is the attempt of the Masters to give a thorough classical and mathematical education equal in every respect to that given in the public schools in England.

The Collegiate Department was re-opened in February 1859. The curriculum embraces the subjects specified by the Syndicate for the P. A. and B. A. Examinations of the University, together with Theology.

The following gentlemen are the Educational Officers of the Institution:—

Scholarship Rules.

The Committee of the Doveton Protestant College with the view of encouraging and aiding students to prepare for and to join the degree of Bachelor of Arts in the University of Madras, resolve to confer scholarships on pupils who have passed the entrance examination of the University and who shall promise to pursue their studies for four years thereafter in the Doveton College.

The following are the Rules, in accordance with which the scholarships shall be given and held.

1. That four scholarships shall be given each year to the students who are commencing their collegiate course, and that each of these scholarships shall be tenable for four years under the rules hereinafter laid down.

2. That two of the scholarships shall be given to Christian pupils who have matriculated from the Doveton Institution according to the order in which they may have passed the University Matriculation Examination provided they also attain to a certain fixed standard in scriptural knowledge, and produce satisfactory evidence of moral character.

3. That the two remaining scholarships shall be given to Christian pupils coming from other institutions on the same terms, provided such pupils hold higher places at the University Matriculation Examination than Doveton students excluding those holding scholarships.

4. That the scholarships shall be Rupees 10 each per mensem during the first and second years of the College course, and Rs. 20 or 15 per mensem during the third and fourth years of the said course according as the holder shall be placed in the First or Second Class at the First Examination in Arts.

5. That should the holder of a scholarship fail to pass the First Examination in Arts at the end of his second year, the scholarship held by him shall lapse; should such holder of a scholarship, however, pass the First Examination in Arts from the Doveton College in a subsequent year, the Committee may at their discretion grant him a scholarship during the third and fourth years of his course.

6. That unauthorized absence, continued absence for three months from whatever cause or misconduct shall involve forfeiture of scholarship, and that a scholarship thus forfeited shall be available for other students in the same year of the course according to the principles laid down in these Rules.

7. That scholarships not conferred by the Doveton Protestant College shall be held on such conditions as may be prescribed by their founders, subject, however, to the provisions laid down in these Rules.

8. That the scholarships shall cease or be liable to diminution, if the state of the funds render such a course necessary, and that these Rules may be altered by the Committee on sufficient grounds.

9. That the Committee reserves to itself the right of withholding one or more of the scholarships if it deems fit.

Nearly 400 youths are now taught in this school which was founded in 1850, with the object of giving a superior Christian education to youths of all castes. For the last nineteen years it has been managed by a European Missionary, who has devoted the greater part of each day to his interests. The Bible is taught an hour daily in all the classes that can read it, and the elementary truths of Christianity are conveyed through the medium of the Vernacular languages, to the minds of the younger pupils. The standard of secular instruction is equal to the requirements of the Matriculation Examination. More than forty of the students have already matriculated from this Institution, besides several others who have passed the First and B. A. Degrees respectively.

WESLEYAN GIRLS' BOARDING SCHOOL.

This school was established in 1848. It is under the superintendence of the European Missionaries. It contains at present thirty Boarders, who are fed, clothed and educated chiefly at the expense of the Mission, with the aid of local contributions. The girls are taught all useful English as a language, but their lessons are mostly given in Tamil; special attention is paid to needle-work and to instruction in the duties of domestic life. An experienced Mission, Mrs. Francis, lives on the premises.

WESLEYAN CASTE GIRLS' SCHOOLS.

Three Caste Hindu Girls' Schools are supported by the Mission. One in Royapettah, the other two in North and South Triplicane. These schools number one hundred and ninety-four (194) scholars. The languages taught are Tamil, Telugu and English. Two of these schools are partly supported by Government Grants-in-aid.

A Telugu Girls' School numbering upwards of 50 scholars are taught in the Paricherry by a Christian Teacher. Another school of a similar kind is established at Teyzer. Both of these are supported entirely by the Mission.

The Anglo-Vernacular School, in connection with the S. P. G., was opened on 1st February 1864, in the block of buildings near St. Matthias' Church, formerly known as the Vepery Grammar School, and subsequently as the Government Normal School.

The first grant of land for a garden was in 1796. Its existence is owing in great part to the exertions of the late Dr. Wight, formerly a Surgeon in the Madras Army, and whose valuable contributions to Botanical Science have gained for him a widely-spread and well-earned celebrity.

The gardens are situated opposite to the chief entrance to the Cathedral, and an additional piece of ground on the east of the Cathedral was purchased in the year 1850-57.

The garden occupies a space of about 11 acres, which were originally granted by the local Government. Part is laid out as a landscape garden and much increased of late in space, with the additions of a number of new and rare plants, especially in tropical palms and Australian trees; the whole forming a splendid collection, gathered from various parts of the world, and is constantly being increased by exchanges and purchases. It is open at all times to the public, and forms a healthful place of recreation for the inhabitants of Madras.

A nursery for seedlings and cuttings of useful and ornamental trees, is maintained to meet the requirements of the Members who are supplied from it gratis. European vegetable and flower seeds are also similarly distributed; but all these advantages are open to the general public on payment.

Most of the plants are labelled with their botanical names and the natural order to which they belong. The number each holds in the Catalogue is also given, so that those who may wish to obtain the botanical history of the plant, can do so immediately by referring to the page of the Treasury of Botany given in the Catalogue. Pressed specimens of each plant with flower and seed will be added also a figure of the plant, so that those who may wish to acquire a practical knowledge of Botany will have every facility of doing so.

There is also a Botanical Library attached, to which access can be had by application to the Superintendent by Subscribers.

The general affairs of the Society are managed by the Committee who meet on the 1st Wednesday at 6½ A. M. in each month, and compile annually, in the month of March, a Report of the year's Proceedings which is submitted to a General Meeting of the Subscribers at large. Publicity is also given to the Proceedings of each Meeting of the Committee in the Newspapers; and they are afterwards published and distributed to Members.

Persons of all nations are eligible as Members of the Society, and have a voice in the annual election of the Committee and Office-bearers.

The rate of subscription is 7 Rupees a quarter; no entrance fee being demanded, and the subscription being allowed to lapse, temporarily, should a Member be absent from Madras.

Up-country Subscribers are entitled to all the advantages of Members, which it is possible to place at their disposal.

An annual show is held about the end of February, when a large number of prizes are awarded for flowers, fruits, vegetables, and several articles of importance in connection with botanical science. The Society has also made arrangements to award prizes for tea, coffee, &c.

Lists of the prizes to be distributed, and all information may be obtained on application to the Honorary Secretary or Superintendent, by whom lists of Members, Rules of the Society, &c., will be supplied gratis.

VII. That in the event of all the Committees refusing to delegate any Members of their body, and no Members of the several Committees named being found willing to serve on the Committee of Management, then it shall be lawful for the Trustee to allow the building to be used in the manner and for the purposes laid down in Articles Nos. VIII, IX and X, and to discharge all the other duties devolving on the Committee of Management as laid down in these Rules, and in the Trust Deed, until another Committee can be formed in accordance with Article II.

VIII. That the Hall shall be available for the Public Meetings of the Religious Societies named in Article No. II, and of such other Religious Societies as the Committee of Management shall approve.

IX. That all Societies or parties obtaining the use of the Hall shall pay a Fee of Rs. 50 for each occasion of such occupation, except in the case of its use for several days consecutively by the same Society or party, in which case the Fee shall be Rs. 25 per diem. But

it shall be competent for the Committee of Management from time to time to modify this Rule, and to determine what rate of fees shall be paid generally, or by any Society or party specially, provided however the Rule shall not be altered unless two-thirds of the Members of Committee concur in the change.

X. That subject to the approval of the Committee of Management in each case, the Hall shall be available for Religious, Educational, Charitable and Scientific purposes, and for such other objects, not being included under the above terms, as may be pronounced by the Committee of Management to be not inconsistent with the design of its erection, viz., to the Glory of God, and as a memorial of his goodness in exempting this Presidency from the Mutiny of 1857. Provided nevertheless that it be distinctly understood, that among the objects left to the discretion of the Committee of Management are not included balls, concerts, theatrical exhibitions and such like entertainments as have the character of mere worldly amusements.

T. Ramachandra Row, Esq.	<i>ex-officio.</i>
M. Venkataswamy Naidoo, and	

The Executive Committee sits once a month for the audit of accounts and the transaction of business.

The MONEGAR CHOU'TRY is an Institution which affords shelter, food and raiment to the Native poor, lame, halt and blind of Madras, without reference to caste. It was founded in the year 1808, and why named as above cannot now be ascertained. The Institution is supported by public contributions aided largely by the Government. The management is placed under the supervision of a Committee selected annually by Government, from amongst the European and Native gentlemen of Madras.

In its early days, large contributions were made by Lord William Bentinck, Colonel Martinz, Mr. D'Monte and Polliam Arnachellum Chetty. The nature of the Institution having been explained to His Highness the Nabob of the Carnatic, he munificently agreed to subscribe 300 Pagodas a year, which sum is still continued.

In 1868, Sir Stafford Northcote kindly remitted a sum of money through Lord Napier to be distributed amongst the Charitable Institutions at Madras. His Lordship kindly sent the sum of 1,000 Rupees to the Directors. Two wards, Male and Female, have been furnished with bedding for 25 Patients, and are called "NORTHCOTE SURGICAL AND MEDICAL WARDS."

The late Doctor Wyllie, C.B., of the Madras Medical Establishment, bequeathed the sum of 18,025 Rupees for the poor of this Institution.

Lord Napier has kindly furnished bedding for 12 Patients, which is called the "NAPIER WARD." His Lordship, with the Honorable R. S. Ellis, has also undertaken liberally to build a School-room which is now completed to educate the Foundlings, the children of the Paupers in the Institution, and the poorer children in and about the neighbourhood.

The Honorable Gajapathi Rau has kindly contributed 1,000 Rupees, which was applied for furnishing a Ward for 8 Patients, and which Ward has been designated as that of the family of "SHREE GODAYS." This contribution is in addition to 400 Rupees annually granted by this charitable Native gentleman.

The Maharajah of Vizianagram has also lately very liberally placed the sum of 10,000 Rupees at the disposal of the Directors for the erection of a Ward, for Bedridden Paupers. The Ward is now completed and will contain about 20 Beds and designated after the name of the Maharajah.

The Zemindar of Kalahasty very kindly sent a donation of 2,000 Rupees after visiting the Institution, as indicative of his satisfaction and good-will towards the charity.

The new buildings in the Chou'try are now completed, viz., 3 blocks; 2 blocks are to contain 25 Paupers each, and the other 30 Paupers. The improvements are now complete.

The Chou'try is undergoing great improvements. The old Alms House has been pulled down, and three new buildings in separate blocks have been completed.

The block to accommodate 25 Paupers is already finished. The Native Infirmary attached to the Choultry has also undergone great improvements. Several of the old buildings were removed, and three new blocks have been erected. Two other blocks have been built by Government on the north-west of the Infirmary, for the reception and treatment of contagious diseases. By the above improvements and additions, the Infirmary can now accommodate 100 Patients, and the Contagious Wards 20. The Native Infirmary is undergoing further improvements. Mr. D. Sassoon of Bombay has kindly through Lord Napier given 4,000 Rupees for the Institution, out of the sum it is proposed to build an Operating-room and Surgery over the present Surgery. This building is now completed.

In the year 1867 the Vencatagerry Rajah built a Choultry to the east of the Monagar, which cost about 9,400 Rs., in which 70 Paupers are fed daily and clothed, besides 108 out-door poor receive 2 alocks of Raw-rice per diem. The Rajah contributes annually Rupees 5,000 to meet the expenses of this branch of his charity. The Rajah has forwarded to the Directors the sum of one lac, the interest of which is to support this Institution.

PEOPLE'S PARK, INSTITUTED IN 1859.

CUSTODIANS—MUNICIPAL COMMISSIONERS FOR THE TOWN OF MADRAS.

Mr. James Hay Ellis, Superintendent.

We owe the People's Park to Sir Charles Trevelyan. It is not at all improbable that the idea of some such place suggested itself to many a man in power before his day. It would be singular indeed if Europeans should, for a hundred years, have seen a large native town growing up on the site of a small village—a vast population massing together with lungs to be fed with fresh air and limbs to be allured to exercise and health—without sometimes thinking it possible that the "village greens," "commons," and "parks" of his native land might perhaps be re-produced with advantage within reach of Black Town. The monotony of Indian life, and the lack of sympathy between the classes of Indian society, may be regarded as the causes why such an idea, if suggested, was never carried into execution. While the "upper ten thousand" could have their drive along the Beach and round the Island, it mattered little to them that the "masses" (unfriendly phrase) who could not drive, or were to be stimulated to recreation, had no place convenient for health, exercise and amusement.

But then Sir Charles Trevelyan was a man not given to routine; and somewhat wide in his sympathy. So the idea of the people's want suggesting itself to him and he having the power as well as the will—the people got their Park. Thousands who know nothing of the step that cost him a Governorship, will hold his name in memory by the People's Park.

But when Sir Charles was re-called, the scheme was in a most elementary state. The plan was on paper; but never adopted. Little else was done, and little else would have been done if the inheritors of Sir Charles Trevelyan's dignity had not also inherited his sympathy with the people. We owe it to the various gentlemen who have been entrusted with the execution of the scheme, that the "plan" was not thrown into the official waste paper basket, and the idea, recorded as one of Sir Charles' amiable follies. It is in unison with Sir William Denison's career, previous to his arrival in this country that he should have shown a hearty approval of an undertaking so intimately connected with the health and pleasure of the middle class population.

There can be no doubt that the Park has been a success. Any one may convince himself of that by a visit morning or evening. The place has already fixed its character as a popular resort, and it is certain that it will be so in a much greater degree when the attractions of the ground are fully developed. It is pleasing to see that the native population appreciate the pleasure provided for them, and when the sternness of social life amongst them is relaxed, we may expect to see not only the Ramasawmies, but the Lutchmies of Black Town taking their ease in the frested shade of well-grown trees.

But we must suspend any further remarks, and lay before our readers a brief description of the Park.

The gate adjacent to the Hospital Bridge is the main entrance. The trees are planted in avenues and groups. Twelve lakes of various dimensions and shapes are completed; and various other things have been achieved: but we cannot do better than print the following description (though brief) of the Park, kindly furnished by the Superintendent, which will convey a clear idea of the Park.

In the North-west angle of the Park is a Serpentine lake with two large raised islands one at each end. One of these is 30 feet above the water, and is well-calculated for a large basin, from which cascades might hereafter be made to fall over the sides. The second or Yoderia lake, with a central island, is situated almost midway between the Band-stand and the northern end of the Park. The island is approached by one bridge of ornamental design, measuring 200 x 44 feet. The third is a small lake on the west side, elliptical in shape, and contains good drinking water for cattle. The fourth is a small lake close to the Aviary. The fifth a similar one. The sixth is a semi-lunar lake near the Band-stand, with a gravel walk around it. The seventh is a medium lake, between the Band-stand and the Superintendent's house. The eighth is an irregularly shaped lake, with a central island and two small rustic bridges on each side of the main road, and trees of various sorts have been planted. The ninth is a large lake on the west side of the main road. The tenth is a medium lake west of the last-mentioned. The eleventh is a medium lake, with a central island at the south end.

There are two masonry basins, one elliptical, measuring 170 feet X 73 feet, and 44 feet in depth, formed of solid masonry with brick-on-edged foundation and central fountain; the latter, of ornamental design, galvanized. This has recently been surrounded by an iron fence and converted into a public bath, the floor of one-half of it has been raised so as to give a depth of about 4 feet adapted for the use of boys—the other half has an uniform depth of 5 to 6 feet. It is supplied with Red Hills lake-water from the public main road, and good dressing rooms have been built round it for the bathers. The roads of the Park, embracing 54 miles, are complete.

The sheds for Zoological specimens are as follows:—

A large shed with four cages contains 2 Tigers, 3 Cheetahs, a Lion and Lioness.

The Committee and the Public are much indebted to Colonel's Carpendale and Wilkieson; also to Dr. Mudge, the late Honorary Secretary, for the addition of the two last popular and attractive specimens of Natural History. Dr. Mudge, while on sick leave to England, succeeded in effecting an exchange with the Clifton Zoological Society for Tiger Cubs.

The Tiger Cubs were provided by Sir William Denison and Hon. J. D. Sim, C.S.I.

The Zoological collection in the Park consists of the following specimens: 2 Black Bears, 1 Kangaroo Rat, Gumbaz Pigs, 2 Black Panthers, 1 Nyghan, 8 Spotted Deer, 6 Elks, 1 Emen, 4 Black Swans, 4 Cygnets, 16 Monkeys of different species, 1 Wild Dog from Burmah, 1 Porcupine, 3 Muskies, 1 Rhinoceros, 2 Striped Hyenas, and a variety of Rabbits.

The Aviary contains a great variety of handsome Ornithological specimens, too numerous to detail here.

The area of the Park is 88 cawnies or 116 English acres.

It is, in some measure, self-supporting, and will be almost so in time. The principal source of revenue just now is the hay, which is cultivated with much success, and obtains ready sale at Rupees 50, 1st Class, and Rs. 35, 2nd Class, per ton.

Newly-built Sheds.

1 Shed for Lions, 1 Shed for Elephants, 2 Galvanized Aviaries from Europe.

Additions to the Zoological specimens are as follows:—

1 Elephant, 1 male Emen, 2 Black Bears, 2 Cheetahs, 1 Hog Deer, 1 half-bred between the Hog Deer and Spotted Deer, 3 Spotted Deer, 1 Black Panther.

All the hay sold this year, 50 Rupees per ton.

Two new Europe Aviaries covered in.

A new Shed and enclosure built for Abyssinian Goats and Gazelles, presented to the People's Park by Major B. F. Heysham.

A new Boat-house built.

A new Shed and enclosure built for the small breeds of Zebu cattle.

The following buildings were completed during the year. One for Bears, one for Deer, two for the Lions, two for Birds, and a large shed is now completed for Cattle, Poultry and Game of all kinds, which latter will be sold to the Public. The Park has had many new Lampas put up, which are now lit with Kerosene oil.

A large building has been built on the west side of the Park for which cows and calves and working cattle with store-rooms, and calf pens attached.

Through the instrumentality of the President of the Municipal Commission, channels have been cut, tanks deepened, and tanks connected with each other to preserve all the rain water; and the surplus of water from the Shoolay tank and Sydenham road are brought into the Park, which gives water to a very large number of native families, and that gratis.

Increase of various Animals.

Of the young Lions that were born in the Park on the 25th September 1868, the male Lion lost his tail; it was bitten off by the Tiger; they are growing and doing well. The Lioness cubbed the second time on the 19th of August 1869, three were born dead and one alive, all four are now dead. The Cheetahs are all breeding freely.

THE NAPIER PARK.

Madras owes so much to the administration of Lord Napier that it is very fitting that some permanent and palpable token of the public approbation of his labors should remain in our midst, at once to stimulate succeeding Governors to walk in Lord Napier's steps, and to remind generations to come of how much the sick, the suffering and the poor must always owe to one who has initiated so great improvements in all our public charities that their effect must long continue—blessing those who are too weak or poor to help themselves. The Napier Park is such a memorial. Its very position is most fitting. Standing midway between Government House and one of the most squalid quarters of Madras, its beneficent influence will rest upon both. Its site had been for scores of years a pestiferous swamp, covered for months in each year by salt and stagnant water, the overflow of the filthy Cooum. Within was a wretched parcherry, notorious for its liability to epidemic disease, that spread from thence throughout the city. To partially remedy the evil, the Municipality made it a depot for street sweepings, so that in time its level might be raised sufficiently to ensure its being free from water. This while amending one evil created another—placing on the borders of a dense population masses of putrescent matter that could not but be very injurious to both the water and air of the locality. This grew to be such an evil that the Sanitary Commissioner at last put a stop to the discharge of sweepings on the land. It was, however, impossible to build on such a spot and the whole remained a useless, dismal swamp.

At present all is changed. The level has been raised by material dug from ornamental tanks. Trees of useful and beautiful kinds have been planted, and are rapidly growing to their full height. Roads and side-paths have been laid out, and in the midst a band-stand will probably be erected. Parks are things of slow growth, and it must be years before this can be worthy of the name it bears, but it is hoped that before Lord Napier leaves our shores, the whole of the area will be ready for the public—a boon that cannot but greatly influence for good the whole population of Chintadrepetah and Narsingapuram.

The Park contains an area of about 28 cawnies. A great part of this was formerly the property of Government, but was generously given to the town on condition that the Municipality purchased the rest from the native owners. For this purpose the Municipality has expended several thousand rupees, and the total cost previous to the public opening will not be less than twenty thousand Rupees. The river-face

of the Park has already been projected by a simple elegant fence palmyra and laterite, while a new road divides the northern side from Chintadrepettah. The design and laying out the park are the work of Mr. Standish Lee, the Municipal Engineer, who deserves great credit not only for this but also for the economical but yet effectual manner in which the whole work has been performed.

As a last gift, Lord Napier has provided the whole of the funds required for erecting on the west side of the Park a handsome building for a girls' school in the Indian fashion. The cost will not be less than 5,000 Rupees. It is intended to be a purely national girls' school and to lead on through carefully gained experience to some mode of teaching which will embody the best western systems while not departing from Hindu customs any more than may be necessary. It is greatly to be hoped the scheme will prove a benefit to the public while the school shall ornament the Park.

During that period they will be resident in the General Hospital and will receive pay at the rate of 15 Rupees per mensem, and at the end of six months will, if qualified, receive a *Nurse Certificate*.

I. The period of residence in hospital shall not be less than 12 months or more than 15 months. If a Pupil be unable to qualify both as a Sick Nurse and as a Midwife at the end of that time, she will be liable to dismissal as incompetent to qualify. The first six months of residence will, as a rule, be devoted by Pupils to the study and practice of Sick Nursing, and the remainder of the time to the study and practice of Midwifery.

II. Candidates should, if married or widowed, be not less than 20 or more than 35 years of age, and if single, not under 25 years of age.

V. The names of candidates who pass a fair examination and are otherwise eligible, will be recorded in a register at the Lying-in Hospital, from which selections will be made, for entertainment as pupils, from time to time, as vacancies occur.

More than three errors will be held to disqualify a candidate for three months, but at the end of that time she may again be examined.

VI. The examination of candidates at Madras will be conducted at the Lying-in Hospital, and, at up-country stations, by the Senior Medical Officer. In the latter case the dictation paper, with report on the other subjects of examination, on her appearance and intelligence, and on the probability of her being able to qualify as a Midwife, will be sent to the Superintendent of the Lying-in Hospital for registration.

VII. A Candidate cannot be entertained as a Pupil Midwife while pregnant or suckling, but her name may be registered for admission to the class at a future time. No child is permitted to reside in the quarters of the Pupil Midwives.

VIII. Pupil Midwives on first joining the class are entitled to "travelling batta" at the rate of one anna per mile from the station at which they were residing previously, and "return batta" at the same rate after passing the prescribed examination.

IX. The Pupils reside in the hospital compound, and will occupy furnished quarters, and be provided with bedding, &c.

X. The entire control of the Pupils is vested in the Superintendent. Disobedience of orders, or of the rules of the Institution, and misconduct of any kind will be punished according to the gravity of the offence by extra duty, suspension, or dismissal.

Messrs. Arbuthnot and Co.

SECRETARY & TREASURER.

Mr. N. Bazely, *Officiating*.

The object of this Association is to make provisions for Widows and Orphans by means of small monthly payments.

Its chief characteristics are:—Mutual assurance—members may reside in any part of the world without involving an increased rate of subscription—members have a vote in framing new or altering old Rules, and in all matters affecting the interests of the Fund—claims paid immediately on proof of death—5 months' grace allowed in paying subscriptions—Funds invested in Government Securities only, in the joint names of the Trustees.

The Fund has worked successfully for the last 40 years. It has hitherto contributed more than thirteen lakhs of Rupees towards the support of Widows and Orphans, and during the last ten years its capital has nearly doubled and is yearly augmenting. It has two branches of operation, the Widows' and the Children's.

WIDOWS' BRANCH.

The following statement exhibits the subscriptions and donations payable by members in the branch of the Fund and the pension to which Widows become entitled by virtue of such payments.

Classes.	Monthly subscription.	ENTRANCE DONATION.			SPECIAL DONATION PAYABLE.		Amount of monthly pension to Widow.
		To secure full pension to Widow.	To secure 5-6th of pension to Widow.	Payable by 48 instalments to secure the same after a lapse of 5 years.	By Medical, Maritime and Military men and those whose age exceeds 50 years.	By those whose age range from 25 to 50 years.	
1	2	3	4	5	6	7	8
1st Class	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1st Grade	20	4,000	1,200	480	240	120	120
2nd Grade	14	2,800	840	336	168	84	84
3rd Grade	10	2,000	600	240	120	60	60
2nd Class	7	1,400	420	168	84	42	42
3rd Class	5	1,000	300	120	60	30	30
4th Class	3	600	180	72	36	18	18
5th Class	2	400	120	48	24	12	12
6th Class	1	200	60	24	12	6	6

The payment, in one sum, of the entrance donation shown in columns 3 and 4, secures a pension to the Widow absolutely and certainly, immediately on the death of the husband whenever that may occur; but the payment of the donation by small instalments, as indicated in column 5, defers the title to pension for a period of 40 months, and if the Subscriber meanwhile die, his widow gets no benefit whatever. At any time in the interval, however, a Subscriber may, on production of a medical certificate of health, make up the amount entered in column 3 or 4, paying the difference between it and his previous aggregate payments. This will entitle his widow to an immediate benefit. Should those who pay the donations, as entered in columns 4 and 5, survive sufficiently long to make their total payments in the Fund, i.e., donations + subscription at the time of their death equal or exceed the amount entered in column 3, then their widows also receive the full rate of pension. The deduction of 1-6th from the widow's pension, is added to her husband's payments until the sum entered in column 3 is made up, when she draws the full amount of pension.

A Subscriber may remove from a lower to higher class, by paying the difference of the donation between the two classes, as entered in column 5, and a bonus equal in amount to 2 years' subscription of the higher class.

N. B.—The two first grades of the 1st Class have not yet been entirely formed, but names are required on the express condition, (1) that neither of the grades shall be considered to have come into operation until 50 Subscribers shall have been admitted into it; and (2) that if a Subscriber admitted to either of these grades dies before it comes into operation, the pension of the 3rd (the present first class) class, 60 Rupees shall be given to his widow, subject to the Rules of the Fund, and all sums paid by him over and above the amount paid by him to secure that pension, shall be returned to her.

CHILDREN'S BRANCH.

The rate of subscription in this branch ranges from 4 Annas to 10 Rupees, and the donation payable is 12 times the amount of the subscription; exclusive of the special donations on account of age, &c., which are 50 and 25 per cent. of this sum as in the widows' branch, vide columns 7 and 8. The pension to the children is four times the amount of subscription; or when deprived of both parents, six times that sum, provided they be enrolled during the life-time of their mother. Boys receive pensions until the age of 18, girls until 21 or marriage, whichever may first occur. The pensions may be extended to a further period on payment of a special premium.

For further particulars, copies of the Rules, Forms of Application, &c., apply to

ST. PAUL'S CHURCH MISSION,

ESTABLISHED IN 1817.

The present Church was built by the Rev. G. Trevor, and consecrated on the 31st March 1840.

An increase in the Tamil congregation having necessitated the enlargement of the Church in 1864, a Chancel was added with a Vestry, and the Church greatly improved and beautified through the exertions of the then Honorary Secretary, the Rev. S. T. Pettigrew, by whom also the very pretty compound wall was built.

The Mission premises, which are close to the Church, contain a residence for the Native Pastor, as well as School-rooms for boys and girls. The present Pastor, the Rev. G. Lazarus, was appointed in August 1870, in succession to the Rev. J. Eleazer. He is assisted by 8 catechists; and there are also 3 Schoolmasters and a Schoolmistress attached to the Mission. The former contains about 60 boys and the latter 46 girls. A Girls' Boarding School has been established in connection with the Mission, and is supported entirely by voluntary subscriptions.

The number of Christians in connection with the Mission in Bangalore is 550, for whom the present edifice is not sufficient. It is contemplated therefore to extend the church building by the beginning of the coming year, and the average attendance on Sundays from 200 to 300.

The salary of the Native Pastor in charge of the Mission is provided by the Venerable Society for the Propagation of the Gospel, and the rest of the expenses of the Mission are met by local subscriptions and donations.

Subscriptions and donations will be thankfully received by the following Members of the Committee:

- Rev. Dr. Pope.
- " J. T. D. Kinn, B.A., Chaplain of Trinity Church.
- " H. Poot James, Chaplain of St. Mark's Church, Honorary Secretary.
- " T. Forges, M.A., Chaplain of St. John's Church.
- " G. Lazarus, B. P. G., Missionary.
- " Dr. J. Strachan, M.A., Secretary, S. P. G., Madras.

HYDERABAD

Is the capital city of the Nizam's territories and the present seat of its Government. It is situated within 12 miles from the Fort of Golconda, its distance from Calcutta is about 962 miles, from Madras 430, and from Bombay 470 miles. The Nizam's country contains an area of about 80,000 square miles, viz., that part under the *deco* management of His Highness' Government. Although no census has been taken of the population, yet it is generally computed at ten millions. It is situated having Berar on the north, the Madras Presidency on the south, Bombay on the west, and the Central Provinces on the east. The population of the city of Hyderabad is supposed to be about (four) 4 millions. It is approached by numerous bridges, gates and posterns. The city itself being surrounded by a stone wall, which, however, is in a weak and ruinous state. Great improvements are, however, being effected in the city, by widening the streets in several parts, and sanitary arrangements are being slowly introduced under the present enlightened minister, Sir Salar Jung, C.S.I.

The Hill Fort of Golconda was anciently the seat of its Government, and in the Fort, and outside near the Fort, are the far-famed Tombs of Golconda, a series of splendid mausoleums built in Oriental style over the departed Sovereigns and Princes of the Hyderabad dynasty. The Tombs are greatly admired for their extent and beauty.

The Nizam's Government.

The last Highness Afzool-ud-Dowlah Bahadoor, C.S.I., was the fifth Nizam or Ruler of the Decan, who was the descendant in succession from the celebrated Asaph Jah Nizam-ool-Moolk, the "First Nizam," or founder of the Hyderabad Dynasty since the 17th century. Asaph Jah Nizam-ool-Moolk died in 1748.

The late Afzool-ud-Dowlah, the seventh Nizam or Nawab of Hyderabad, departed this life in February 1869, after a reign of twelve years, and has been succeeded by an infant son.

The infant Prince was placed on the Hyderabad Musnud on the 1st March 1869 as U. H. Nabob Meer Myboob Ali Khan Bahadoor shortly after the demise of the late Nizam, Afzool-ud-Dowlah. During the minority of the present Prince, Meer Myboob Ali Khan Bahadoor, a Regency had been appointed to conduct the affairs of the Hyderabad Government.

Regency.

Nabob Mookhtiar-ool-Moolk Sir Salar Jung Bahadoor, C.S.I. Minister.

Nabob Oomdu-ool-Moolk, "Shamsool Oomrah" Bahadoor Amoori Kubeer.

The re-constitution of the Government of the Nizam, during the minority of the present Prince, is one proof of the Minister's administrative ability and sound judgment for which advantages the country will be indebted, and the benefit thereof will be fully appreciated in due course of time.

The undermentioned four Noblemen had recently been selected as Commissioners to superintend the various departments of the City Public Service:—

The Residency House at Chudderghaut.

Is a lofty and spacious mansion situated on the bank of the river Moossee, and is built after the model of the Government House at Calcutta. It is enclosed with a high wall and protected with gun-bastions at the entrance gates, surrounded with Office buildings and a large garden. It is a Civil Station, where reside the servants of Government employed in the Residency Offices, as also a great number of Officers belonging to the Reformed Troops of H. H. the Nizam, and employes of the Native Government. The Second Assistant Resident performs similar duties to those of a Cantonment Judge and Magistrate, under the orders of the Resident, and in matters connected with the sanitary improvement of the place, is assisted by a Municipal Committee, the members of which are selected from the most influential residents of the station. Within the past few years great improvements and additions have taken place in the appearance of Chudderghaut. Trimulgherry.

At Trimulgherry are the Barracks of the European Regiments of the Subsidiary Force, as also of the Horse Artillery. Nearly all the Troops have been removed from Secunderabad and Balgumpett to the new and stately buildings erected at Trimulgherry. At Trimulgherry is also an entrenched fort, which contains all the Barracks and principal buildings of the two Regiments of European Infantry, affording accommodation if need be, for four thousand people. It is surrounded by a stone ditch and earthen parapets flanked by five batteries. Besides there are an Arsenal (removed from Secunderabad), two Magazines, Commissariat Store Houses, a Bakery, and a good supply of water. To the north of Trimulgherry, and near Bolaram, double-storied barracks are in course of erection for the one Regiment of European Cavalry of the Hyderabad Subsidiary Force.

The Head Quarters of the 16th (Queen Lancers) will it is expected move into the splendid building that have been erected, and are in course of erection at north Trimulgherry, before this note is printed, three Troops of the Lancers having been, for several months, located in the new barracks, north Trimulgherry; and the remainder of the Regiment will be removed as soon as the blocks under construction are finished. North Trimulgherry is S. E. of the Bolaram Residency, and immediately behind Eynar's Canotaph, this will give the reader, who knows anything of this locality, some idea, of what the Station of Trimulgherry, now is. Several Officers' Quarters are nearly finished to the East of and inline with the Bolaram Residency, and within but a short distance of it.

A Church is also purposely built at Trimulgherry, answers the convenience of British Europeans at that Station.

Rev. U. Smith, M.A., Church of England, Chaplain of Trimulgherry.

Bolaram

Is 12 miles north of the Residency, a Military station for troops of the Hyderabad Contingent. The Protestant Church at this place is a neat Gothic structure, erected by public subscription in 1845. The Rev. P. A. C. Frost, is the Chaplain of Bolaram and Trimulgherry. There are also two Catholic Chapels, (Irish and Genl.) a Post Office and an English school for children of both sexes of Europeans and East Indians. A People's garden has also been beautifully laid out, and is a great ornament to the Station. The Band of the Infantry Regiment plays in the garden once a week. Owing to the proximity of Bolaram to north Trimulgherry, the Troops (Lancers) are marched to the Bolaram Church for Divine worship. The Church is about to be enlarged to provide sufficient accommodation for the Lancers.

This Library is well provided with Standard Works in every department of literature and science.

The most useful and popular Books of the day in every subject are procured upon publication.

A Reading Room is part of the Institution, and in it are nearly all the Magazines and principal Newspapers as well as a letter box for the convenience of Subscribers in posting their letters.

The Subscription is 3 Rupees 8 Annas a month, and an entrance fee of 7 Rupees paid once for all is required. A large and handsome building was erected in 1868.

The Committee have incurred a considerable debt in order to finish this building.

The benefit of this Institution is fully appreciated by both the permanent residents in Ootacamund and visitors from all parts of India.

The objects contemplated in the Establishment of this Institution are two-fold—first, to do honor to the memory of a great and good man, the late Sir Henry M. Lawrence, K. C. B.; second, "to benefit the children of the European Soldiery, by providing for them a refuge, both from the debilitating effects of a tropical climate and the demoralizing influence of a Barracklife."

The amalgamation of the Madras Military Male Orphan Asylum with the Ootacamund Lawrence Asylum was effected in August last, on the completion of the new Buildings at Lovedale.

The number at present on the rolls are, boys 330 and girls 63.

The salubrity of the situation (which surpasses that of some of the healthiest public schools in England) is shown by the diminished percentage of sick in Hospital, and the robust appearance and healthy appetite of the children.

Although the Institution may be said to have been adopted by the State, it is not perhaps so generally known that Government has never contemplated doing more than furnishing it with a liberal *Grant-in-aid*. Contributions are earnestly requested that the benefit of the Asylum may be more widely extended to a class which has one of the strongest claims on British Subjects in India. Four years' annual subscription of Rupees 50, or a donation of Rupees 300, gives a title to nominate a child.

The boys receive such a training as will fit them for usefulness hereafter in various lines of life, whilst the girls are employed in such occupations as will tend to qualify them to become useful wives and mothers, should they be spared. The clothing and most of the in-door work in both branches is done by the children, and native servants are dispensed with as much as possible.

Contributions to the support of the Institution will be received by Messrs. Arbuthnot and Co., Madras, or the Bank of Madras, Ootacamund.

ANYWHERE WITH JESUS.

Matth. viii. 19.

ANYWHERE with Jesus, says the Christian heart;
Let Him take me where He will, so we do not part;
Always sitting at His feet, there's no cause for fears;
Anywhere with Jesus in this vale of tears.

Anywhere with Jesus, though He leadeth me
Where the path is rough and long, where the dangers
be;
Though He taketh from me all I love below,
Anywhere with Jesus will I gladly go.

Anywhere with Jesus, in the summer heat,
Anywhere with Jesus, through the winter sleet;
Anywhere with Jesus, where the bright sun shines,
Anywhere with Jesus, when the day declines.

Anywhere with Jesus, though He please to bring
Into fire the forest, into suffering;
Though He bid me work or wait, or only bear for Him,
Anywhere with Jesus, all shall be my hymn.

Anywhere with Jesus, though it be the tomb,
With its frightening terror, with its dreary gloom,
Though it be the weariness of a long-drawn life,
Fighting with the constant toil, drooping in the strife.

Anywhere with Jesus, for it cannot be
Dreary, dark, or desolate, where He is with me;
He will love me always, every need supply,
Anywhere with Jesus, should I live or die.

—Christian Remembrancer.

19. If in the course of proceedings to obtain letters of administration under the provisions of section sixteen or section seventeen,

any executor appointed by a Will of the deceased appears according to the practice of the Court and proves the Will and accepts the office of executor,

Costs of proceedings taken by Administrator-General to be paid out of estate.

If no executor or next-of-kin appear or give necessary security, administration to be granted to Administrator-General.

or if the person who entitles himself to a grant of administration neglects to give such security as may be required of him by law or according to the practice of the Court,

the Court shall grant probate of the Will or letters of administration accordingly, and shall award to the Administrator-General his costs of proceedings so taken by him, to be paid out of the estate as part of the testamentary or intestate expenses thereof.

20. If no person appears according to the practice of the Court, and entitles himself to probate of a Will, or to a grant of letters of administration as next-of-kin of the deceased,

the Court shall grant letters of administration to the Administrator-General.

21. The Administrator-General shall, when duly authorized or required so to do by the Military Secretary to Government, secure and distribute the assets of the estate and effects of any officer, soldier, or other person subject to any Articles of War, in all cases in which such estate and effects do not exceed in the whole five hundred rupees, charging the estate with a commission of three per centum only:

It shall not be necessary for the Administrator-General to take out letters of administration in cases referred to in this section: but he shall have the same powers with regard to all such assets as he would have had if he had taken out such letters.

22. When the Administrator-General applies for letters of administration to the effects of any officer, soldier or other person, subject to the Articles of War, the Court may grant to him letters of administration limited to the purpose of dealing with such effects in accordance with the provisions of the Regimental Debts Act, 1863, or any other law for the time being in force relating to the payment of regimental debts and the distribution of the effects of officers dying on service.

23. Nothing in this Act is intended to preclude the Administrator-General from applying to the Court for letters of administration in any case, within the period of one month from the death of the deceased.

24. from the time of giving such notice, proceedings be commenced to prove the Will, or to cause the letters to be revoked, nor unless such proceedings be prosecuted without unreasonable delay.

25. If any letters of administration granted under this Act be revoked upon the production and proof of a Will, all payments made or acts done by or under the authority of the Administrator-General in pursuance of such letters of administration prior to the revocation thereof, which would have been valid under any letters of administration lawfully granted to him with such Will annexed, shall be deemed valid notwithstanding such revocation.

Validity of payments made by Administrator-General prior to revocation of administration. Recall of Administrator-General's administration and grant of probate, &c., to executor or next-of-kin. 26. Provided that no letters of administration granted to the Administrator-General shall be revoked or recalled for the cause aforesaid, except in cases in which a Will, or Codicil of the deceased is proved in the Presidency, unless the application for that purpose be made within six months after the grant to the Administrator-General, and the Court be satisfied that there has been no unreasonable delay

If any letters of administration granted to the Administrator-General in pursuance of this Act be revoked, the Court may order the costs of obtaining such letters of administration, and the whole or any part of any commission which would otherwise have been payable under this Act, together with the costs of the Administrator-General in any proceedings taken to obtain such revocation, to be paid to or retained by the Administrator-General out of any assets belonging to the estate:

Costs of obtaining administration, &c., may, on revocation, be ordered to be paid to Administrator-General out of assets. **Provided** that, in any such case, when the deceased has left a Will appointing an executor, and probate of the Will has been granted by any Court in the Presidency to such executor within three months after the death, or when the widow or next-of-kin has, within one month if resident within the Presidency, or within three months if resident beyond the Presidency, obtained from any such Court letters of administration to the estate and effects of the deceased, then and in either of such cases the Administrator-General shall (without prejudice to the provisions contained in sections seventeen and eighteen) not be entitled to receive or retain any commission out of any assets belonging to such estate and situate within the jurisdiction of the Court by which probate or administration has been granted as last aforesaid.

28. Whenever the Administrator-General declares a dividend among such creditors of the deceased as have proved their debts, and notifies the payment of such dividend by advertisement in the Official Gazette, no creditor of the deceased who has not previously to such declaration and advertisement proved his debt, shall be entitled to participate as such in the assets wherewith such dividend is made.

Any payment or delivery of assets to any legatee or to any person entitled in distribution, which is made by an Administrator-General after the expiration of one year from the grant of the letters of administration under which such payment or delivery is made, shall be allowed to the Administrator-General as against all creditors and other claimants against the estate, of whose debts or claims he has not had notice before making such payment or delivery:

Person receiving payments liable to refund. **Provided** that nothing herein contained shall exempt the person to whom such payment or delivery is made, from any liability to refund to which he would otherwise be liable:

Provided also, that no notice of any debt or claim shall affect the Administrator-General, unless proceedings to enforce the debt or claim are commenced within one month after the giving of such notice, and are prosecuted without unreasonable delay.

Letters of administration to be granted to Administrator-General by his name of office. 29. All letters of administration granted to any Administrator-General in virtue of his office shall be granted to him by his name of office,

and all letters of administration heretofore granted to the Ecclesiastical Registrar or Administrator-General officially, or granted to any Administrator-General in virtue of his office, shall authorize the Administrator-General for the time being of the same Presidency to act as administrator of the estate to which such letters relate.

Every probate granted to any Administrator-General of a Will wherein he is named as executor by virtue of his office, shall be granted to him by his name of office, and shall authorize the Administrator-General for the time being of the same Presidency to act as executor of the estate to which such probate relates.

31. Any private executor or administrator may, with the previous consent of the Administrator-General of the Presidency in which the property comprised in the probate or letters of administration is situate, by any instrument in writing under his hand, bearing a stamp of ten rupees and notified in the local Gazette, to transfer all estates, effects, and interests vested in him by virtue of such probate or letters to the Administrator-General by his name of office:

and thereupon the transferor shall be exempt from all liability as such executor or administrator, as the case may be, for any act or omission in respect of the said property after the date of the said transfer:

and the Administrator-General for the time being shall have the rights and be subject to the liabilities which he would have had, and to which he would have been subject, if the probate or letters of administration, as the case may be, had been granted to him by his name of office at the date aforesaid.

Nothing herein contained shall be taken to exempt any such transferor from liability for acts and omissions in respect of the said property prior to the transfer.

32. Whenever the Administrator-General carries over assets to separate accounts in his books, he shall notify the fact in the local official Gazette; and he may, with the consent of the Official Trustee, and subject to such rules as the Governor-General in Council may from time to time prescribe in this behalf, appoint the Official Trustee to be the trustee of such assets; and upon such appointment such assets shall vest in the Official Trustee and his successors in office, and be held by him and them upon the same trusts as the same assets were held immediately before such appointment. And for the purposes of Act No. XVII of 1864 such assets shall be deemed to have been vested in the Official Trustee under section ten of that Act.

35. All estates, effects and interests which, at the time of the death, resignation or removal from office of any Administrator-General, are vested in him by virtue of such letters of administration, probates or transfers as aforesaid, shall, upon the death, resignation or removal, cease to be vested in him, and shall vest in his successor in office immediately upon his appointment thereto.

All books, papers and documents kept by such Administrator-General by virtue of his office or as such executor or transferor as aforesaid, shall be transferred to and vested in his successor in office.

Provided that nothing hereinbefore contained shall render any such successor personally liable for any costs incurred prior to the order for continuing the suit against him.

35. If any suit be brought by a creditor against any Administrator-General in his representative character, the plaintiff shall be liable to pay the costs of the suit down to and including the decree, unless upon proof by affidavit or otherwise that not less than one month previous to the institution of the suit he had applied in writing to the Administrator-General, stating the amount and other particulars of the claim, and supporting the same by such evidence as, under the circumstances of the case, the Administrator-General was reasonably entitled to require, and that the Administrator-General had refused or neglected to register the claim according to the practice of his office.

If in any such suit judgment is pronounced in favour of the plaintiff, he shall, nevertheless, be only entitled to payment out of the assets of the deceased equally and rateably with the other creditors.

(c.)—Grant of Certificates by the Administrator-General.

36. Whenever any person, not being a Hindú, Muhammadan or Buddhist, or exempted under the Indian Succession Act, 1865, section three hundred and thirty-two, from the operation of that Act, shall have died, whether within any of the said Presidencies or not, whether before or after the passing of this Act, and whether testate or intestate, and shall have left assets (whether moveable, or immovable, or both) within any of the said Presidencies, and the Administrator-General of such Presidency is satisfied that such assets do not exceed in the whole one thousand rupees in value, he may, after the lapse of one month from the death if he thinks fit, or before the lapse of the said month if he is requested so to do by writing under the hand of the executor or the widow or other person entitled to administer the effects of the deceased, grant to any person claiming otherwise than as a creditor to be entitled to a share of such assets, certificates under his hand entitling the claimant to receive the property therein mentioned, belonging to the estate of the deceased, to a value not exceeding in the whole one thousand rupees:

37. If in cases falling within section thirty-six, no person claiming otherwise than as a creditor to be entitled to a share of the effects of the deceased obtains, within three months, a certificate from the Administrator-General under the same section, or letters of administration to the estate and effects without letters of administration, in the same manner as if such letters had been granted to him:

and if he neglect or refuse to take upon himself the administration of the estate and effects, he shall, upon the application of a creditor and upon being satisfied of his title, grant a certificate in the same manner as if such creditor were entitled to a share of the effects of the deceased,

and such certificate shall have the same effect as a certificate granted under the provisions of the same section, and shall be subject to all the provisions of this Act which are applicable to such certificate:

Provided that the Administrator-General may, before granting such certificate, if he think fit, require the creditor to give reasonable security for the due administration of the estate and effects of the deceased.

40. The Administrator-General shall not be bound to take out letters of administration to the estate of any deceased person on account of the effects in respect of which he grants any such certificate, but he may do so if he discover any fraud or misrepresentation made to him, or that the value of the estate exceeded one thousand rupees.

43. The Administrator-General of each of the said Presidencies shall enter into books to be kept by him for that purpose, separate and distinct accounts of each estate, and of all such sums of money, bonds and other securities for money, goods, effects and things as come to his hands, or to the hands of any person employed by him or in trust for him under this Act; and likewise of all payments made by him on account of such estate, and of all debts due by or to the same, specifying the dates of such receipts and payments respectively.

Such books shall be kept in the Administrator-General's office, and shall be open for the inspection of all such persons, practitioners in the said Courts and others, as may have occasion to inspect the same, at office hours, paying only such reasonable fee for the time being fixed by the Government and published in the official Gazette of the Presidency to which the same may relate.

44. The Administrator-General of each of the said Presidencies shall twice in every year, that is to say, on or before the first day of April, and on or before the first day of October, or on such other days as the Government, by any rules or orders to be published as aforesaid, may direct, exhibit, and deliver, in the High Court at Calcutta, Madras, or Bombay, as the case may be,

and copies thereof in triplicate shall be delivered by such Administrator-General to the Government, and shall be sent by such Government to the Secretary of State for India, in order that such Secretary may, if he think fit, order the same to be deposited at the India Office for public inspection, and cause notices to be published in the *London Gazette* and other leading newspapers, that such schedules are open to inspection there, or make such other orders respecting the same as he thinks fit.

PART IV.

OF THE AUDIT OF THE ADMINISTRATOR-GENERAL'S ACCOUNTS.

45. The Government shall from time to time appoint auditors to examine the accounts of the Administrator-General at the times of the delivery of the said schedules, and also at any other time when the Government thinks fit.

46. The auditors shall examine the schedules and accounts, and report to the Government—

(a) whether they contain a full and true account of every thing which ought to be inserted therein,

(b) whether the books which by this Act, or by any such general rules and orders as hereinafter mentioned, are directed to be kept by the Administrator-General, have been duly and regularly kept, and

(c) whether the assets and securities have been duly kept and invested and deposited in the manner prescribed by this Act, or by any such rules and orders to be made as aforesaid.

47. Every auditor shall have power to summon as well the Administrator-General as any other person whose presence he thinks necessary, to attend him from time to time; and to examine the Auditor to have power to summon witnesses and to call for books, &c.

If the Administrator-General or other person when summoned refuses, or, without reasonable cause, neglects to attend or to produce any book, paper, voucher or document so required, or attends and refuses to be sworn or make an affirmation, or refuses to be examined, the auditors shall certify such neglect or refusal in writing to the High Court at the presidency town;

and every person so refusing or neglecting shall thereupon be punishable in like manner as if such refusal or neglect had been in contempt of the said High Court.

48. The costs and expenses of preparing and publishing the said schedules and copies thereof, and of every such reference and examination as aforesaid, shall be defrayed by all the estates to which such schedules or accounts relate.

Such costs and expenses, and the portion thereof to be contributed by each of the said estates, shall be ascertained and settled by the auditors, subject to the approval of the Government, and shall be paid out of the said estates accordingly by the Administrator-General.

49. If upon any such reference and examination the auditors see reason to believe that the said schedules do not contain a true and correct account of the matters therein contained or which ought to be therein contained, or that the assets have not been duly kept and invested or deposited in the manner directed by this Act, or by any such rules and orders as aforesaid, or that the Administrator-General has failed to comply with the provisions and directions of this Act or of any such rules and orders, they shall report accordingly to the Government.

Auditors to report specially to Government if accounts appear incorrect.

50. The Government may refer every such report as last aforesaid to the consideration of the Advocate-General for the Presidency, who shall thereupon, if he think fit, proceed summarily against the defaulter or his executor or administrator in the High Court in the Presidency town, by petition for an account, or to compel obedience to this Act or to such rules and orders as aforesaid, or otherwise as he may think fit, in respect of all or any of the estates then or formerly under the administration of such defaulter;

and the said Advocate-General may exhibit interrogatories to the said Administrator (hereinafter called the defendant), who shall be bound to answer the same as fully as if a commission had been issued under the provisions of the Code of Civil Procedure for his examination upon the said interrogatories.

The Court shall have power upon any such petition to compel the attendance in Court of the defendant and any witnesses who may be thought necessary, and to examine them orally or otherwise as the said Court thinks fit, and to make and enforce such order or orders as the Court thinks just.

51. The costs, including those of the Advocate-General and of the reference to him, if the same be directed by the Court to be paid, shall be defrayed either by the defendant or out of the estates rateably as the said Court directs; and whenever any costs are recovered from the defendant, the same shall be repaid to the estates by which they have been in the first instance contributed, and the Court may, if it think fit, order the defendant to receive his costs out of the said estates.

PART V.

OF THE COMMISSION OF THE ADMINISTRATOR-GENERAL.

52. The Administrator-General of each of the said Presidencies, under any letters of administration granted to him in his official character, or under any probate granted to him of a Will wherein he is named as executor by virtue of his office; or under any probates or letters of administration vested in him by section eight or section thirty-one, shall be entitled to receive a commission at the following rates respectively, namely:—

The Administrator-General of Bengal at the rate of three *per centum*, and the Administrators-General of Madras and Bombay respectively at the rate of five *per centum*, upon the amount or value of the assets which they respectively collect and distribute in due course of administration.

Section 52 not to apply to property of officers and soldiers dying on service, coming to hands of Administrator-General.

53. The last preceding section shall not apply to cases in which the property of an officer or soldier dying on service comes to the hands of the Administrator-General of any of the said Presidencies, under the ninth or the twelfth section of the Statute called "The Regimental Debts' Act, 1863."

and such Administrator-General shall not take a percentage on any such property exceeding three *per centum* on the gross amount coming to his hands after the passing of the Administrator-General's Act, 1865, if preferential charges as defined by the fourth section of the said Statute have been previously paid, or on the gross amount remaining in his hands after payment by him of such charges, as the case may be.

54. The Administrator-General shall be entitled to reimburse himself for any payments made by him in respect of any estate in his charge, which a private administrator of such estate might have lawfully made; but save as aforesaid, the commission to which the Administrator-General of each of the said three Presidencies shall be entitled is intended to cover, not merely the expense and trouble of collecting the assets, but also his trouble and responsibility in distributing them in due course of administration.

It is therefore enacted that one-half of such commission shall be payable to and retained by such Administrator-General upon the collection of the assets, and the other half thereof shall be payable to the Administrator-General who distributes any assets in the due course of administration, and may be retained by him upon such distribution.

Commission retained to be deemed a distribution.

The amount of the commission lawfully retained by an Administrator-General upon the distribution of assets, shall be deemed a distribution in the due course of administration within the meaning of this Act.

Explanation: The carrying of assets to separate accounts in the books of the Administrator-General notified as hereinbefore provided, and the transfer of assets to the Official Trustees, shall each be deemed to be a distribution within the meaning of this section.

55. The Governor-General in Council may from time to time order the rate of commission hereinbefore authorized to be received by the Administrator-General of Bengal to be raised to any rate not exceeding five *per centum* upon the amount or value of the assets which he collects and distributes in due course of administration and again to be reduced.

Commission of the Administrator-General of Bengal may be raised and again reduced.

The Governments of the Presidencies of Fort Saint George and Bombay respectively may, with the sanction of the Governor-General in Council, from time to time order the aforesaid rate of commission hereby authorized to be received by the Administrators-General of Madras and Bombay respectively to be reduced and again to be raised:

Provided that the commission so to be received shall not at any time exceed five *per centum* of the assets collected; and that no person now holding the office of Administrator-General of Bengal, Madras or Bombay shall, by any such order, be deprived of the right to receive and retain, for his own use, a commission at the rate of three *per centum* in respect of all assets collected and actually administered by him.

56. No person other than the Administrator-General acting officially shall receive or retain any commission or agency charges for anything done as executor or administrator under any probate or letters of administration, or letters *ad colligenda bona*, which have been granted by the Supreme Court or High Court at Fort William in Bengal since the passing of Act No. VII of 1849 (for the appointment of an Administrator-General in Bengal), or by either of the Supreme or High Courts at Madras and Bombay since the passing of Act No. II of 1850 (to amend and extend to Madras and Bombay Act No. VII of 1849), or which have been or shall be granted by any Court of competent jurisdiction within the meaning of sections one hundred and eighty-seven and one hundred and ninety of the Indian Succession Act, 1835;

but this enactment shall not prevent any executor or other person from having the benefit of any legacy bequeathed to him in his character of executor, or by way of commission or otherwise.

Bequest in favour of executors not affected.

PART VI.

Government may make and alter rules and orders consistent with this Act—

57. The Government may, from time to time, make rules consistent with the provisions of this Act,

For custody of assets. (a) for the safe custody of the assets and securities which come to the hands or possession of the Administrator-General,

Unless any such rules are made and published, the rules now in force in each of the said Presidencies, so far as the same are not inconsistent with this Act, shall be of the same force and effect as if the same had been made and published hereunder.

58. Such rules shall be published in the *Gazette of India*, the *Port St. George Gazette*, or the *Bombay Government Gazette*, as the case may be, and the several Administrators-General shall obey and fulfil the same, and the same shall be a full authority and indemnity for all persons acting in pursuance thereof.

59. The Governor-General in Council may from time to time, either by general rule, or by special order in a particular case, decide any question as to the time at which any commission accruing to the Administrator-General in his official capacity shall be deemed to have been payable; and such decision shall bind every Administrator-General and the estates held by him in his official capacity.

62. All assets in the official charge of the Administrator-General of any of the said Presidencies, and appearing from the official books and accounts of the Ecclesiastical Registrar and of the Administrator-General of any of those Presidencies, or from the official books and accounts of any of those officers, to have been in official custody for a period of fifteen years or upwards without any claim thereto having been made and allowed, shall be transferred and paid to the Controller-General of Accounts or to the Accountant-General to the Government of Port St. George or Bombay, as the case may be, and be carried to the account and credit of the Government of India for the general purposes of government;

and the receipt of the said Controller-General or Accountant-General, as the case may be, shall be a full indemnity and discharge to the said Administrator-General for any such transfer or payment:

Provided that this Act shall not authorize the transfer or payment of any such proceeds as aforesaid, pending any suit heretofore or hereafter instituted in respect thereof.

63. If any claim be hereafter made to any part of the securities, moneys, or proceeds carried to the account and credit of the Government of India under the provisions of this Act, and if such claim be established to the satisfaction of the Controller-General or the Accountant-General to the Government of Port St. George or Bombay, as the case may be, the Government of India shall pay to the claimant the amount of the principal so carried to its account and credit or so much thereof as appears to be due to the claimant.

If the claim be not established to the satisfaction of the said Controller-General or Accountant-General, as the case may be, the claimant may apply by petition to the High Court at the Presidency town against the Secretary of State for India, and, after taking evidence either orally or on affidavit in a summary way as the Court thinks fit, the Court shall make such order on the petition for the payment of such portion of the said principal sum as justice requires, and such order shall be binding on all parties to the suit.

(c) whether or not any one has applied for probate of the Will of the deceased or letters of administration to his effects.

The District Judge shall retain the property under his charge, or appoint an officer under the provisions of the Indian Succession Act, 1865, section two hundred and thirty-nine, to take and keep possession of the same until the Administrator-General has obtained letters of administration, or until some other person has obtained such

letters or a certificate from the Administrator-General under the provisions of this Act, when the property shall be delivered over to the person obtaining such letters of administration or certificate, or, in the event of a Will being discovered, to the person who may obtain probate of the Will.

65. Nothing in this Act is intended to require the Administrator-General to take proceedings to obtain letters of administration to the estate or effects of any officer or soldier or other person subject to any Articles of War, unless when the Administrator-General is duly authorized or required so to do by the Military Secretary to Government, or by a Committee of Adjustment or other officers or persons acting under any law for the time being in force relating to the payment of regimental debts;

ACT III, PASSED 24TH FEBRUARY 1874.

An Act to explain and amend the law relating to certain Married Women, and for other purposes.

WHEREAS it is expedient to make such provision as hereinafter appears for the enjoyment of wages and earnings by women married before the first day of January 1860, and for insurances on lives by persons married before or after that day:

Preamble.

And whereas by the Indian Succession Act, 1865, section four, it is enacted that no person shall by marriage acquire any interest in the property of the person whom he or she marries, nor become incapable of doing any act in respect of his or her own property, which he or she could have done, if unmarried:

And whereas by force of the said Act all women to whose marriages it applies are absolute owners of all property vested in, or acquired by, them, and their husbands do not by their marriage acquire any interest in such property, but the said Act does not protect such husbands from liabilities on account of the debts of their wives contracted before marriage, and does not expressly provide for the enforcement of claims by or against such wives;

It is hereby enacted as follows:—

I.—PRELIMINARY.

Short title.

1. This Act may be called "The Married Women's Property Act, 1874."

2. It extends to the whole of British India, and, so far as regards subjects of Her Majesty, to the dominions of Princes and States in India in alliance with Her Majesty.

But nothing herein contained applies to any married woman who at the time of her marriage professed the Hindú, Muhammadan, Buddhist, Sikh, or Jain religion, or whose husband, at the time of such marriage, professed any of those religions.

And the Governor-General in Council may from time to time, by order, either retrospectively from the passing of this Act or prospectively, exempt from the operation of all or any of the provisions of this Act the members of any race, sect or tribe.

or part of a race, sect or tribe, to whom he may consider it impossible or inexpedient to apply such provisions.

The Governor-General in Council may also revoke any such order, but not so that the revocation shall have any retrospective effect.

All orders and revocations under this section shall be published in the *Gazette of India*.

The fourth section of the said Indian Succession Act shall not apply, and shall be deemed never to have applied, to any marriage one or both of the parties to which professed at the time of the marriage, the Hindu, Muhammadan, Buddhist, Sikh, or Jaina religion.

3. This Act shall come into force on the passing thereof.

II.—MARRIED WOMEN'S WAGES AND EARNINGS.

4. The wages and earnings of any married woman acquired or gained by her after the passing of this Act, in any employment, occupation or trade carried on by her and not by her husband,

and also any money or other property so acquired by her through the exercise of any literary, artistic or scientific skill,

and all savings from and investments of such wages, earnings and property, shall be deemed to be her separate property, and her receipts alone shall be good discharges for such wages, earnings and property.

III.—INSURANCES BY WIVES AND HUSBANDS.

5. Any married woman may effect a policy of insurance on her own behalf and independently of her husband; and the same and all benefit thereof, if expressed on the face of it to be so effected, shall enure as her separate property, and the contract evidenced by such policy shall be as valid as if made with an unmarried woman.

6. A policy of insurance effected by any married man on his own life, and expressed on the face of it to be for the benefit of his wife, or of his wife and children, or any of them, shall enure and be deemed to be a trust for the benefit of his wife, or of his wife and children, or any of them, according to the interest so expressed, and shall not, so long as any object of the trust remains, be subject to the control of the husband, or to his creditors, or form part of his estate.

When the sum secured by the policy becomes payable, it shall, unless special trustees are duly appointed to receive and hold the same, be paid to the Official Trustee of the Presidency in which the office at which the insurance was effected is situate, and shall be received and held by him upon the trusts expressed in the policy, or such of them as are then existing.

And in reference to such sum he shall stand in the same position in all respects as if he had been duly appointed trustee thereof by a High Court, under Act No. XVII of 1861 (*to constitute an Office of Official Trustee*), section ten.

Nothing herein contained shall operate to destroy or impede the right of any creditor to be paid out of the proceeds of any policy of assurance which may have been effected with intent to defraud creditors.

IV.—LEGAL PROCEEDINGS BY AND AGAINST MARRIED WOMEN.

7. A married woman may maintain a suit in her own name for the recovery of property of any description which, by force of the said Indian Succession Act, 1865, or of this Act, is her separate property; and she shall have, in her own name, the same remedies, both civil and criminal, against all persons, for the protection and security of such property, as if she were unmarried, and she shall be liable to such suits, processes, and orders in respect of such property as she would be liable to if she were unmarried.

8. If a married woman (whether married before or after the first day of January 1865) possesses separate property, and if any person enters into a contract with her with reference to such property, or on the faith that her obligation arising out of such contract will be satisfied out of her separate property, such person shall be entitled to sue her, and, to the extent of her separate property, to recover against her whatever he might have recovered in such suit had she been unmarried at the date of the contract and continued unmarried at the execution of the decree:

Provided that nothing herein contained shall affect the liability of a husband for debts contracted by his wife's agency, express or implied, or render a married woman liable to arrest or to imprisonment in execution of a decree.

V.—HUSBAND'S LIABILITY FOR WIFE'S DEBTS.

9. A husband married after the thirty-first day of December 1865 shall not by reason only of such marriage be liable to the debts of his wife contracted before marriage, but the wife shall be liable to be sued for, and shall, to the extent of her separate property, be liable to satisfy such debts as if she had continued unmarried: Provided that nothing contained in this section shall affect any suit instituted before the passing of this Act, nor invalidate any contract into which a husband may, before the passing of this Act, have entered into consideration of his wife's antenuptial debts.

ACT V OF 1874.

An Act to invest the Assistant Commissioner, in charge of the Kullu Sub-Division of the Kangara District with appellate powers, (Kangara District.)
[Not applicable to Madras.]

ACT VI, PASSED 24TH MARCH 1874.

THE PRIVY COUNCIL APPEALS ACT, 1874.

An Act to consolidate and amend the law relating to appeals to the Privy Council from decrees of the Civil Courts.

WHEREAS it is expedient to consolidate and amend the law regulating the admission of appeals to Her Majesty in Council from certain judgments, decrees and orders of the Civil Courts; it is hereby enacted as follows:—

Preamble.

I.—PRELIMINARY.

Short title.

1. This Act may be called "The Privy Council Appeals Act, 1874."

It extends to the whole of British India; but it does not apply to any matter of criminal, or admiralty, or vice-admiralty, jurisdiction; nor to appeals from orders and decrees of Prize Courts; And it shall come into force on the passing thereof.

Extent.

Commencement.

Repeal of enactments.

2. The enactments specified in the schedule hereto annexed are repealed to the extent mentioned in the third column thereof.

'Decrees' defined.

3. In this Act, unless there be something repugnant in the subject or context, the expression "decree" includes also judgment and order.

II.—ADMISSION OF APPEALS.

When appeals lie to Queen in Council.

4. Subject to such rules as may, from time to time, be made by Her Majesty in Council regarding appeals from the Courts of British India, and to the provisions hereinafter contained—

an appeal shall lie to Her Majesty in Council,

(a) from any final decree passed on appeal by a High Court or other Court of final appellate jurisdiction,

(b) from any final decree passed by a High Court in the exercise of original civil jurisdiction, and

(c) from any decree, when the case, as hereinafter provided, is certified to be a fit one for appeal to Her Majesty in Council.

Value of subject-matter.

5. In each of the cases mentioned in clauses (a) and (b) of section four,

the amount or value of the subject-matter of the suit in the Court of first instance must be ten thousand rupees or upwards, and the amount or value of the matter in dispute on appeal to Her Majesty in Council must be the same sum or upwards,

or the decree must involve, directly or indirectly, some claim or question to, or respecting, property of like amount or value,

and where the decree appealed from affirms the decision of the Court immediately below the Court passing such decree, the appeal must involve some substantial question of law.

Bar of certain appeals.

6. Notwithstanding anything contained in section four,—

no appeal shall lie to Her Majesty in Council from the judgment of one Judge of a High Court established under the twenty-fourth and twenty-fifth of Victoria, chapter one hundred and four, or of one Judge of a Division Court, or of two or more Judges of such High Court, or of a Division Court constituted by two or more Judges of such High Court, wherever such Judges are equally divided in opinion, and do not amount in number to a majority of the whole of the Judges of the High Court at the time being;

and no appeal shall lie to Her Majesty in Council from any decree which, under Act No. XXIII of 1861, section twenty-seven, is final.

Application to Court whose decree is complained of.

7. Whoever desires to appeal under this Act to Her Majesty in Council must apply by petition to the Court whose decree is complained of.

Time within which application must be made.

8. Such application must ordinarily be made within six months from the date of such decree.

But if that period expires when the Court is closed, the application may be made on the day that the Court re-opens.

9. Every petition under section seven must state the grounds of appeal, and pray for a certificate, either that as regards amount or value and nature, the case fulfils the requirements of section five, or that it is otherwise a fit one for appeal to Her Majesty in Council.

Upon receipt of such petition, the Court may direct notice to be served on the opposite party to show cause why the said certificate should not be granted.

Refusal of certificate.

10. If such certificate be refused, the petition shall be dismissed:

Provided that, if the decree complained of be a final decree passed by a Court other than a High Court, the order refusing the certificate shall be appealable within thirty days from the date of the order, to the High Court to which the former Court is subordinate.

Security and deposit required on grant of certificate.

11. If the certificate be granted, the applicant shall, within six months from the date of the decree complained of, or within six weeks from the grant of the certificate, whichever is the later date,

(a) give security for the costs of the respondent, and

(b) deposit the amount required to defray the expense of translating, transcribing, indexing, and transmitting to Her Majesty in Council a correct copy of the whole record of the suit, except

(1) formal documents directed to be excluded by any order of Her Majesty in Council in force for the time being;

(2) papers which the parties agree to exclude;

(3) accounts, or portions of accounts, which the officer empowered by the Court for that purpose considers unnecessary, and which the parties have not specifically asked to be included; and

(4) such other documents as the High Court may direct to be excluded;

and when the applicant prefers to print in India the copy of the record, except as aforesaid, he shall also, within the time mentioned in the first clause of this section, deposit the amount required to defray the expense of printing such copy.

Admission of appeal and procedure thereon.

12. When such security has been completed and deposit made to the satisfaction of the Court, the Court may

(a) declare the appeal admitted, and

(b) give notice thereof to the respondent, and shall then

(c) transmit to Her Majesty in Council, under the seal of the Court, a correct copy of the said record, except as aforesaid, and

(d) give to either party one or more authenticated copies of any of the papers in the suit on his applying therefor and paying the reasonable expenses incurred in preparing them.

Revocation of acceptance of security.

13. At any time before the admission of the appeal, the Court may, upon cause shown, revoke the acceptance of any such security, and make further directions thereon.

Power to order further security or payment.

14. If at any time after the admission of the appeal, but before the transmission of the copy of the record, except as aforesaid, to Her Majesty in Council, such security appears inadequate,

or further payment is required for the purpose of translating, transcribing, printing, indexing, or transmitting the copy of the record, except as aforesaid,

the Court may order the appellant to furnish, within a time to be fixed by the Court, other and sufficient security, or to make, within like time, the required payment.

Failure to comply with order.

15. If the appellant fail to comply with such order, the proceedings shall be stayed.

and the appeal shall not proceed without an order in this behalf of Her Majesty in Council,

and in the meantime execution of the decree appealed against shall not be stayed.

16. When the copy of the record, except as aforesaid, has been transmitted to Her Majesty in Council, the appellant may obtain a refund of balance of deposit.

Refund of balance of deposit.

III.—PROCEEDINGS PENDING APPEALS.

Powers of Court pending appeal.

17. Notwithstanding the admission of any appeal under this Act, the decree appealed against shall be unconditionally enforced unless the Court admitting the appeal otherwise directs.

But the Court may, if it think fit, on any special cause shown by any party interested in the suit, or otherwise appearing to the Court—

(a) impound any moveable property in dispute, or any part thereof, or

(b) allow the decree appealed against to be enforced, taking such security from the respondent as the Court thinks fit for the due performance of any order which Her Majesty in Council may make on the appeal, or

(c) stay the execution of the decree appealed against, taking such security from the appellant as the Court thinks fit for the due performance of the decree appealed against, or of any order which Her Majesty in Council may make on the appeal, or

(d) place any party seeking the assistance of the Court under such conditions, or give such other direction respecting the subject-matter of the appeal, as it thinks fit.

Increase of security found inadequate.

18. If at any time during the pendency of the appeal the security so furnished by either party appears inadequate, the Court may, on the application of the other party, require further security.

In default of such further security being furnished as required by the Court, if the original security was furnished by the appellant, the Court may, on the application of the respondent, issue execution of the decree appealed against as if the appellant had furnished no such security.

And if the original security was furnished by the respondent, the Court shall, so far as may be practicable, stay all further execution of the decree, and restore the parties to the position in which they respectively were when the security which appears inadequate was furnished, or give such direction respecting the subject-matter of the appeal as it thinks fit.

IV.—EXECUTION OF ORDERS OF HER MAJESTY IN COUNCIL.

19. Whoever desires to enforce or to obtain execution of any order of Her

Procedure to enforce orders of Queen in Council.

Majesty in Council shall apply by petition, accompanied by a certified copy of the decree or order made in appeal and sought to be enforced or executed, to the Court from which the appeal to Her Majesty was preferred.

Such Court shall transmit the order of Her Majesty to the Court which made the first decree appealed from, or to such other Court as Her Majesty by her said order may direct, and shall (upon the application of either party) give such directions as may be required for the enforcement or execution of the same; and the Court to which the said order is so transmitted shall enforce or execute it accordingly, in the manner and according to the rules applicable to the execution of its original decrees.

20. The orders made by

the Court which enforces or executes the order of Her Majesty in Council relating to such enforcement or execution, shall be appealable in the same manner and subject to the same rules as the orders of such Court relating to the enforcement or execution of its own decrees.

Appeal against order relating to execution.

Amendment of Act IX of 1871, Schedule II, No. 169.

21. To the first column of No. 169 of the second schedule annexed to the Indian Limitation Act, 1871, the following words shall be added (that is to say), "or any order of Her Majesty in Council."

V.—MISCELLANEOUS.

Power to make rules.

22. The High Court may, from time to time, make general rules consistent with this Act to regulate—

- (a) the service of notices under section nine,
- (b) the grant or refusal of certificates, under sections ten and eleven, by Courts of final appellate jurisdiction subordinate to the High Court,
- (c) the amount and nature of the security required under sections eleven, fourteen, and eighteen,
- (d) the testing of such security,
- (e) the estimate of the cost of transcribing the record,
- (f) the preparation, examination, and certifying of such transcript,
- (g) the revision and authentication of translations,
- (h) the preparation of indices to transcripts of records, and of lists of the papers not included therein,

and all other matters connected with the enforcement of this Act.

Publication of rules.

All such rules shall be published in the local official Gazette, and shall thereupon have the force of law in the High Court and the Courts of final appellate jurisdiction subordinate thereto.

Rules heretofore made.

All rules heretofore made and published by any High Court relating to appeals to Her Majesty in Council and in force immediately before the passing of this Act, shall, so far as they are consistent with this Act, be deemed to have been made and published hereunder.

23. In sections four and twenty-two, the expression 'High Court' shall be deemed to include also the Recorder of Rangoon, but not so as to empower him to make rules binding on Courts other than his own Court.

Construction of Bengal Regulation III of 1828, Section 4, Clause 5.

24. The rules and restrictions referred to in Bengal Regulation III of 1828, section four, clause five, shall be deemed to be the rules and restrictions applicable to appeals under this Act from the decisions of the High Court of Judicature at Fort William in Bengal.

Saving of Her Majesty's pleasure.

25. Nothing herein contained shall be understood—
(a) to bar the full and unqualified exercise of Her Majesty's pleasure in receiving or rejecting appeals to Her Majesty in Council, or otherwise howsoever, or

and of the rules for the conduct of business before the Judicial Committee.

(b) to interfere with any rules made by the Judicial Committee of the Privy Council and for the time being in force for the presentation of appeals to Her Majesty in Council, or their conduct before the said Judicial Committee.

Short Extracts from the "Stock Exchange Review" and "Insurance Guardian,"
respecting the "Positive."

No friend of the "Positive" could read without pleasure the report made by the Chairman at the meeting held at Manchester early in the month. We are glad to note the recurrence of these reunions; as it serves to keep public attention directed towards the excellent principles of the institution. The explanations of business transactions prove that these principles are making successful way, and if future progress should be maintained on a scale even distantly approaching the experience of last year, the anticipation that before long the "Positive" will be amongst the largest, as it already is amongst the safest and strongest, offices in the world, will be amply realised.—*Stock Exchange Review*, April 1874.

The Principles of the "Positive" are from first to last indistructively sound, the office itself is unprecedented for strength, security, and the certainty of giving liberal returns to those whose interests are bound up with it. Let not then absurd nervousness, or the malevolence arising from disappointed vanity and ambition, be allowed to interfere with the progress of this grand institution.—*Stock Exchange Review*, August 1874.

We trust that these articles may have the effect of placing this splendid institution in the way of realizing the brilliant hopes which have been entertained of it, and should such be the case, none will rejoice more heartily than ourselves. We have unshaken faith that a brilliant future is in store for the "Positive" if rightly conducted, &c., &c.—*Insurance Guardian*, August 1st, 1874.

ACT IX. PASSED 7TH APRIL 1874.

THE EUROPEAN VAGRANCY ACT, 1874.

An Act to consolidate and amend the law relating to European Vagrancy.
 WHEREAS it is expedient to consolidate and amend the laws relating to persons of European extraction who wander in a destitute condition throughout India; It is hereby enacted as follows:—

PART I.

I.—PRELIMINARY.

Short title.

1. This Act may be called "The European Vagrancy Act, 1874."

Local extent.

It extends to the whole of British India and to the dominions of Princes and States in India in alliance with Her Majesty;

And it shall come into force at once: Provided that sections four to sixteen (both inclusive), nineteen, twenty-four, and twenty-nine shall not come into force in Coorg, or in the Andaman and Nicobar Islands, or in any of the dominions of the Princes and States in India in alliance with Her Majesty not situate within the limits of any Presidency, Lieutenant-Governorship or Chief Commissionership in British India, until such day or respective days as the Governor-General in Council from time to time, by notification in the *Gazette of India*, appoints in this behalf.

Commencement.

2. Acts No. XXI of 1869 (to provide against European Vagrancy) and No. XXVIII of 1871 (to amend the European Vagrancy Act, 1869) are hereby repealed.

Repeal of Acts.

But all appointments and orders made, work-houses provided, certificates given, powers conferred, rules prescribed, and exemptions granted under the former Act shall be deemed to have been respectively made, provided, given, conferred, prescribed, and granted under this Act.

Interpretation-clause.

3. In this Act—

"Person of European extraction."

"Person of European extraction" includes—
 (a) persons born in Europe, America, the West Indies, Australia, Tasmania, New Zealand, Natal, or the Cape Colony;

(b) the sons and grandsons of such persons, but does not include persons commonly called Eurasians or East Indians;

"Vagrant" means a person of European extraction found asking for alms, or wandering about without any employment or visible means of subsistence;

"Master of a ship." "Master of a ship" includes any person in charge of a decked vessel;

And in parts III and V of this Act, "Magistrate" means, within the limits of the towns of Calcutta, Madras, and Bombay, a Magistrate of Police, and, outside those limits, a person exercising powers under the Code of Criminal Procedure not less than those of a Magistrate of the second class.

PART II.

PROCEDURE.

4. Any Police officer may, within the limits of the towns of Calcutta, Madras, and Bombay, require any person who is apparently a vagrant to accompany him or any other Police officer to, and to appear before, the nearest Magistrate of Police, and may, without those limits, require any such person to accompany him or any other Police officer to, and to appear before, the nearest

Justice of the Peace exercising the powers of a Magistrate of the first class under the Code of Criminal Procedure.

5. The Magistrate of Police or Justice shall in such case, or in any other case where a person apparently a vagrant comes before him, make a summary inquiry into the circumstances and character of the apparent vagrant; and if he is satisfied that such person is a vagrant, he shall record in his office a declaration to that effect.

If he is further of opinion that the vagrant is not likely to obtain employment at once, or if he has reason to believe that a declaration of vagrancy has on any former occasion been recorded in respect of such vagrant, he shall require the vagrant to go to a Government work-house, and shall draw up an order to that effect.

The vagrant shall then be placed in charge of the Police for the purpose of being forwarded to the work-house, and the said order shall be a sufficient authority to the Police for retaining him in their charge while he is on his way to the work-house, and to the Governor of the work-house for receiving and detaining such vagrant.

6. Where the officer making the inquiry mentioned in section five is of opinion that the vagrant is likely to obtain employment in any place subject to the Local Government, or (when the vagrant is in any part of the dominions mentioned in section one) in any place subject to any adjacent Local Government, such officer may, in his discretion, forward the vagrant to such place in charge of the Police, and draw up an order to that effect.

Such order shall be a sufficient authority to the Police for retaining the vagrant in their charge while he is on his way to such place of employment.

7. Upon his arrival at the place of employment, the vagrant shall be taken before the nearest Magistrate of Police or Justice of the Peace exercising powers as aforesaid, to whom the order for transmission shall be delivered.

Such officer shall thereupon, to the best of his ability, assist the vagrant in seeking employment, and may in the meantime, if he think fit, keep the vagrant in the charge of the Police.

Should the vagrant fail to obtain suitable employment within a reasonable time not exceeding fifteen days from such arrival, such officer shall forward him to Government work-house in the manner provided by section five.

8. Every person while in charge of the Police, whether before inquiry as to his vagrancy, or while he is on his way, under section five, to the work-house, or, under section six, to a place of employment, shall be entitled to an allowance for his subsistence at the rate of eight annas per diem.

The Magistrate of Police or Justice, before whom any vagrant is taken under section seven, may, if he think fit, order the vagrant to receive a similar allowance while he is seeking employment.

The Local Government shall cause such allowance to be paid out of such funds at its disposal and in such manner as it may from time to time direct.

9. PART III—CIVIL.

FROM 16th SEPTEMBER 1871.

PENSION CODE.

The following be added under Section 102 (5) of the Civil Pension Code:—

(5.)—Men of the Bhangulpore Hill Bangers, who on the disbandment of the Corps took employment in the police, count their service in that Corps, including the period of employment in it during the time the Corps was under the orders of the Civil Department after the reductions in the Native Army made in 1861.

RULE 1, SECTION 2, SUPPLEMENT A.

(In modification of the definition in Rule 1 under Section 2 of Supplement A to the Civil Pension Code, and Rule 1 under Section 7 (a) (3) of the Civil Leave Code, of the date of "first arrival in India since the 5th May 1869"), that the date of first arrival in India of a Member of the Bengal Covenanted Civil Service, who is posted in England to Upper India, and comes out *via* Bombay shall, if he has been instructed by the Secretary of State to enquire at the Secretariat of the Government of Bombay for any orders as to his ultimate destination and receives no such orders there, be held to be the date of his reporting himself at Allahabad to the Secretary to the Government of India in the Home Department, and to the Secretary to the Government of the North-Western Provinces. But if he receives orders at the Bombay Secretariat, the date of his first arrival in India shall be held to be the date of his reporting his arrival at any station or province to which he may be attached by such orders.

The following be inserted as Rule 5 under Section 13 of the Civil Pension Code:—

3. An officer on the establishment of any Government school in Bengal, the expenses of which are paid out of lump sum assignments made to a local Committee having the direct management of the School and also out of the fees received at the school, may, with the permission of the local Government subscribe for pension or gratuity under the rules in this code, in the manner prescribed in Section 35, provided, in the case of an officer hereafter appointed, that the appointment is made at the proper age, and that a certificate of good health, as prescribed by Rules 2 and 3 of Section 49, is submitted by him if he is appointed to superior service. An officer on the establishment of any school, the expenses of which are paid out of municipal funds and from the fees received at the school, may, in like manner, and under the same conditions, subscribe for pension and gratuity.

When the local Government allows an officer to subscribe for pension or gratuity, his name, with his age and other particulars necessary for his identification, shall be recorded in the office of the Accountant-General. The certificate of good health should also be sent to the office.

RULE 2, SECTION 49.

The Governor-General in Council directs that in the form of certificate annexed to Rule 2 under Section 49 of the Civil Pension Code, the words "cannot discover that he has any" be substituted for the words "And that he has no".

The following be inserted as Rule 3 under Section 97 of the Civil Pension Code:—

2. The Port Blair police force, though not organised under any of the Acts mentioned above and never having had a superannuation fund, is on the same footing with respect to pension and gratuity as the police in India generally.

CIVIL LEAVE CODE.

LEAVE AND ALLOWANCES.

(In modification of the definition in Rule 1 under Section 2 of Supplement A to the Civil Pension Code, and Rule 1 under Section 7 (a) (3) of the Civil Leave Code, of the date of "first arrival in India since 5th May 1869"), that the date of first arrival in India of a Member of the Bengal Covenanted Civil Service, who is posted in England to Upper India, and comes out *via* Bombay shall, if he has been instructed by the Secretary of State to enquire at the Secretariat of the Government of Bombay for any orders as to his ultimate destination and receives no such orders there, be held to be the date of his reporting himself at Allahabad to the Secretary to the Government

of India in the Home Department, and to the Secretary to the Government of the North Western Provinces. But if he receives orders at the Bombay Secretariat, the date of his first arrival in India shall be held to be the date of his reporting his arrival at any station or province to which he may be attached by such orders.

In continuation of the Notification of the Government of India in this Department, No. 3973, dated 30th October 1873, the Governor-General in Council is pleased to rule that when a ministerial officer in superior services on a salary of less than Rs. 50 a month travels by railway he may, if he prefer it, be allowed in lieu of the cost of his ticket under that Notification any *hata* which would have been admissible to him for the period of the journey if it had not been made by railway.

The Governor-General in Council is pleased to rule that, unless in cases of emergency, no last pay certificate can be given to any military officer in civil employ desiring to proceed on furlough until he obtains from the Military Department of the presidency to which he belongs, and submits to the Accountant-General of the province in which he is employed, a certificate or memorandum showing what furlough is at his credit and the furlough rules to which he is subject.

Substitute the following for the rule prescribed for "Case III." in Chapter XI of the Civil Leave Code: The officer should obtain a certificate in Form A in Appendix A from the Accountant-General of his presidency or province; but if he is not proceeding to any place out of that presidency or province, the tenth space in the certificate may be left blank.

The Governor-General in Council is pleased to sanction the following interpolation in the directions for filling up forms of last-pay certificate in Appendix A to the Civil Leave Code:—

(2 a.) In line 8, in forms A to D, the section of Supplement E to the Civil Leave Code, or of the Military furlough regulations under which the advance is made, should be mentioned. Similarly, the words *under Supplement E to the Civil Leave Code, or under the military furlough regulations*, should be inserted between the words "that" and "you will grant" on the reverse of forms C and D.

ACTING ALLOWANCE CODE.

Substitute the following example and exception for the example and rule under Section 20 (a) of the Acting Allowance Code:—

Examples of the appointments referred to.—The appointments of Postmaster-General and Judges of Small Cause Courts of the first class in Bengal, viz. the Small Cause Courts in Calcutta and Sealdah, the principal Court in Jessore and the Courts in Magerah, Jhenide, Narail, Hooghly, Serampore, and Howrah.

Exception.—The above Section (20) (a) does not apply to the cases of officers officiating in appointments in the classified list of the Financial Department.

2. His Excellency in Council is also pleased to sanction the insertion of the following example under Section 20 (b) of the Acting Allowance Code:—

Examples of the appointments referred to.—Extra Assistant Commissionerships in the Punjab, Judgeships of Small Cause Courts in Bengal not mentioned in the example under Section 20 (a) and the Subordinate Judgeships with which they are classed.

In suppression of the notification of the Government of India in this Department, No. 3564, dated the 11th December 1873, the Governor-General in Council is pleased to rule that when a public officer is transferred without promotion from one substantive appointment to another at a different station, a copy of the order transferring him shall be sent to the Accountant-General of the Province where he is serving, with an endorsement stating either that the transfer has been ordered on public grounds, and not at the request of the officer, or that the transfer had been made at the officer's request.

In suppression of all previous orders regarding free passage to Military officers in civil employ on leave, the Governor-General in Council is pleased to rule that a Subaltern in civil employ is entitled to passage money when he proceeds to England on furlough on medical certificate, and that such passage money is chargeable to the department from which he draws his furlough pay.

THE PERLINS WANTS

I want that adorning Divine,
 Their holy, my God, earnest bestow;
 I want in those beautiful garments to shine,
 Which distinguish Thy household below.

I want every moment to feel
 That Thy Spirit resides in my heart,
 That His power is present to cleanse and to heal,
 And newness of life to impart.

I want, oh! I want to attain
 Some likeness, my Saviour to Thee!
 That longed-for resemblance once more to regain,
 Thy comeliness put upon me!

I want to be marked for Thine own,
 Thy seal on my forehead to wear;
 To receive that "new name" on the mystic white stone,
 Which none but Thyself can declare.

I want so in Thee to abide,
 As to bring forth some fruit to Thy praise!
 The branch which Thou prunest, though feeble and dried,
 May languish, but never decays.

I want Thine own hand to unbind
 Each tie to terrestrial things—
 Too tenderly cherished, too closely entwined,
 Where my heart too tenaciously clings.

I want, by my aspect serene,
 My actions and words to declare—
 That my treasure is placed in a country unseen,
 That my heart's best affections are there.

I want, as a traveller, to haste
 Straight onward, nor pause in my way—
 Nor forethought, nor anxious contrivance, to waste,
 On the tent only pitched for a day.

I want—and this sums up my prayer—
 To glorify Thee till I die;
 Then calmly to yield up my soul to Thy care,
 And breathe out, in faith, my last sigh.

Scripture Pocket Book, 1875.

THIS COMPANY was established in 1825, and is one of the largest and most successful of the Life Assurance Institutions of Great Britain. Its income exceeds £700,000 per annum; and its Accumulated and Invested Funds amount to upwards of Four and a half Millions Sterling. Its Profits have been very large, and persons assured have derived very valuable benefits from their

connection with the Company. It has also acquired a marked character for liberal management, being the first institution which relieved Policies of Assurance from restrictive and unnecessary conditions, and gave such contracts increased value and stability in other ways.

PROGRESS OF THE COMPANY'S BUSINESS.

The business of the Standard Life Assurance Company since its institution has increased steadily year by year, until it has attained its present large amount.

Amount proposed for Assurance during the year
1873 (2137 Proposals)..... £1,460,240 3 0

Amount of Assurances accepted during the year
1873 (1802 Policies)..... £1,218,619 3 0

Annual Premiums on new Policies during the year
1873..... £39,149 2 7

Claims by Death during the year 1873, exclusive
of Bonus Additions..... £351,840 15 8

Amount of Assurances accepted during the last
five years..... £5,741,916 4 7

Subsisting Assurances at 15th November
1873 (of which £1,038,680: 7s. is Re-
assured with other Offices)..... £17,576,999 16 10

Beginning in 1825 at all, there are now subsisting Assurances to the amount of more than Seventeen Million Sterling; the annual Revenue of Company is upwards of Seven Hundred Thousand Pounds; and the Assets are upwards of Four and a half Millions Sterling.

These results have not been attained by any other than constitutional means, and the Directors are satisfied that, large as the Business has been, no office can exhibit a better class of risks, the Assurances being to a great extent in connection with Family Provisions, Marriage and other Settlements.

INVESTMENT OF FUNDS.

The Funds of the Company, amounting to considerably upwards of Four and a half Millions Sterling, are invested in Government Securities: in Loans on the security of Land, by bond or mortgage; in Landed property; in advances to the Company's Policyholders; and in other ways affording undoubted security.

DIVISION OF PROFITS AMONG THE POLICYHOLDERS.

One feature in the STANDARD LIFE ASSURANCE COMPANY, the operation of which has contributed in a marked degree to the great success of the Institution, is the liberal Division of Profits among the Assured, and the Directors request attention to the great advantages of the system. The Divisions are made at intervals of five years, they are preceded by a most searching investigation into the affairs of the Company.

AT THE DIVISION OF PROFITS IN 1870,

THE LARGE SUM OF

£331,591 : 18s.

was allocated to the Policyholders, representing Bonus Additions to existing Assurances.

Those who did not wish to add the amount of the Bonus to the Sum Assured were permitted to take the value of the addition in a present sum, or to apply its value to the reduction of the Annual Premium for five years.

The next Investigation and Division of Profits will be made at 15th November 1875, and quinquennially thereafter.

RESERVES.

While the Company have conferred these important benefits on the Assured, they have at the same time made very large reserves in estimating their Liabilities, so as to secure the future stability and welfare of the Institution. In valuing the Liabilities of the Company the Actuaries have adopted, as the basis of their calculation, a rate of Interest considerably below that which the Company can readily realise on the best security which the country affords. The rate of Interest assumed in the great bulk of the Company's calculations is 3 per cent. — In some cases 3½ per cent. is adopted as more appropriate to the particular class of risks under consideration, and in others as high as 4 is the assumption, but on the whole there is a gain of above one per cent. on Interest alone, which, on upwards of Four Millions of Money invested, gives a large and handsome Annual Profit. But the large Reserve of the Company, consisting of the unvalued portion of the premiums payable, is the mainstay of the business, being sums set aside at the Investigations which the Company may calculate on receiving equally with the rest of the Premiums contracted for, but which are not taken into account in the calculations. That is to say, if an Annual Premium under a Policy is £100 per annum, £80 only may be valued, the difference being called the Reserve or Loading. It is not easy to explain this distinctly without fuller illustration than can be here given, but the effect is apparent, when it is stated, that the Company have set aside at 15th November 1870 about £100,000 per annum in this way, worth in present value not less than thirteen years' purchase. The Company have other large sources of profit arising from the selection of lives, surrendered and abandoned Policies, etc., etc., but enough has been stated to show that the Company's affairs are highly prosperous, while the benefits conferred on all interested are very large.

THE RATES OF THE COMPANY,

which have been calculated on data derived from the most authentic sources, will be found moderate, and, looking to the facilities and advantages afforded, they are undoubtedly more advantageous, and less expensive, than those of any other Office transacting the same class of business.

A STANDARD POLICY

is

UNCHALLENGEABLE

According to the resolution of 1861, on any ground whatever connected with the original documents on which the Assurance was effected, after it has endured five years, and that without application to the Directors or other forms, evidence of age having been produced.

GENERAL REGULATIONS AND CONDITIONS.

These have been framed with much care, with the view of making the Company's Policies available securities of the most perfect kind, and of allowing as much freedom to the Policyholder as may safely be granted. The Directors invite particular attention to them.

Claims paid at home or abroad.

Policies with Profits purchased at any time after payment of one year's Premium, and Policies without profits for the whole term of life, after three years' Premiums have been paid:

Assignments of Policies recorded, and from the date of such recording, Assurances not subject to forfeiture on any ground whatever, except fraud, or non-payment of the Proper Premiums.

Age and Interest admitted on the Company's Policies in all cases where proof is given satisfactorily to the Directors.

Thirty days of grace allowed for payment of Premiums, yearly, half-yearly and quarterly and ten days' grace for monthly, and in the event of death taking place during the currency of these days, before payment of the Premium, the Policy will be as valid and effectual as if it had been paid.

Assurances forfeited may be revived within 13 months from the date at which the Premium became due, under certain conditions.

The Indian Military Rate covers the risk of war in the case of Officers in Her Majesty's service, while on the Indian Establishment.

Military Men holding appointments of a civil character, not requiring military service, charged the rate applicable to civilians, with certain exceptions.

Persons Assured through the Indian Branches of the Company have permission to reside in any part of the world, so long as they continue to pay the original rate of Premium stipulated in their Policies.

Persons Assured for the whole Term of Life returning to Europe or other climate considered equally healthy by the Directors, pay the reduced Premium applicable to Europe, according to the Company's published Rates (Table No. 11), commencing with the first Premium due, after their arrival within such limits has been duly reported, and they receive a return of a proportion of the extra premium calculated by days for the period from the date of their arrival in Europe to the date of the next renewal Premium falling due, provided the return is then claimed. This rule, however, does not apply to the first year's Premium except in special cases.

Persons Assured paying a reduced rate of Premium for residence in Europe or elsewhere, desirous of returning to India, require to make application to the Directors for permission to do so, paying the original rate of Premium required in terms of their Policy. If desirous to proceed to any other part of the world instead of returning to India, the terms will be specially arranged.

No Expenses in connection with obtaining Policies for the whole term of life, and all Medical Fees paid by the Company.

Assurances for limited periods can also be effected at moderate rates of Premium.

The Local Boards in India are empowered to accept Proposals and issue Policies; and every facility is afforded for the despatch of business.

Full particulars, together with Proposal Forms, Prospectuses, &c., will be forwarded on application being made to any of the Sub-Agents of the Company, or to

Agents and Secretaries to the Local Board at Madras.

THE MADRAS EQUITABLE ASSURANCE SOCIETY,

(SUCCESSOR TO THE MADRAS LAUDABLE SOCIETY, ESTABLISHED IN 1829.)

Regulated by Act No. VI of 1869 of the Legislative Council of Fort St. George.

HEAD OFFICE IN MADRAS.

BOARD OF DIRECTORS.

THE HON'BLE W. R. ARBUTHNOT, *Chairman*. (Arbuthnot & Co.)
 R. C. WALKER, Esq. (Sland & Co.)
 H. G. PRICHARD, Esq. (Govt. Solicitor.)
 J. JONES, Esq. (Parry & Co.)

Medical Examiner,

W. H. HARRIS, Esq., M. D.

Actuary,

A. H. BAILEY, Esq., of the London Assurance Corporation.

Agents in London,

Messrs. ARBUTHNOT, LATHAM & Co.

The Chief Characteristics of this Society are:—

Mutual Assurance.

Consequently there are no shareholders to be provided out of the premiums with a dividend.

Claims paid immediately upon a casualty being proved to the satisfaction of the Directors.

An official notice of death in any of Her Majesty's Government Gazettes is a sufficient proof of death.

Life Policies, (excepting those formerly issued at annually increasing rates of premium), when they have paid three years' premiums are saleable to the Society at rates specially prepared by the Society's Actuary in London.

For the convenience of policy-holders residing in Europe, an agency has been opened in London for the receipt of premiums at a fixed Exchange of Two Shillings per Rupee, and for payment of death claims at the current Exchange on Madras. In the event of policies thus transferred to the London Register, becoming claims by death, Indian Probate or Letters of Administration are not required.

Renewal premiums are payable half-yearly on the 1st January and 1st July.

One calendar month's grace allowed for payment of renewal premiums.

Claims arising whilst renewal premiums are due are not invalidated provided the premium be paid within the month's grace.

Policies voided by non-payment of premium may be renewed at any time within twelve months upon production of satisfactory health certificates.

The funds of the Society not required for current purposes, must be invested in Securities of the Government of India, or in Securities, the interest of which is guaranteed by the Government of India, or by the Secretary of State for India in Council.

All such Securities must be held in the joint names of three of the Directors of the Society. The Directors must be residents at Madras, and are elected by the Members.

Quinquennial valuations of all the Society's assets and liabilities are made by the Actuary of an Assurance Office established in London having a duration of not less than twenty years.

The Surplus Funds which by every such valuation are found to be held by the Society, are divisible, at the discretion of the Directors, rateably with the premiums paid during the expired quinquennium amongst the holders of life policies subsisting on the last day of the period embraced by every such valuation, and are applicable to the reduction of premiums becoming payable during the ensuing quinquennium.

The valuation to 31st December 1870 was made by A. H. Bailey, Esq., of the London Assurance Corporation, his report shows that the Society had on that date a clear Surplus of Rs. 5,42,183.

Premiums payable during the quinquennium 1871-1875, on policies that were subsisting on the 31st December 1870, have been reduced to the extent of sixty per cent. of the aggregate amount of premium paid on such policies during 1866-1870.

The following is an example of the effect of the Reduction. Policy No. 1011 for Rs. 20,000, age next birthday 44 years, civil rate, gross Annual Premium Rs. 56 per Rs. 1,000. Premiums paid thereon from 1st January 1866 to 31st December 1870 ... Rs. 5,600
 Sixty per cent. of which amount is ... 3,360
 Divided by five for so many years of ensuing quinquennium gives an annual reduction during 1871-1875 of ... Rs. 627

Gross annual premium ... 1,120
 Less annual reduction as above stated ... 627

Net annual premium payable during 1871-1875 ... 448

Or at the rate of Rs. 22-6-5 per Rs. 1,000 annually.

The current quinquennium commenced on the 1st January 1871, from which date reduced premiums on new Assurances came into force.

The members of the Society consist of all persons who hold policies of assurance either on their own lives or on the lives of other parties, *for the duration of life.*

General meetings of members must be held annually.

Special general meetings may be summoned by the Directors or by twenty members.

An Annual audit of the Society's accounts is made by an Auditor elected by the members.

The Report of the Directors and of the Auditor, together with an abstract of the accounts for the previous year, are read at every annual general meeting.

Members holding policies for Rs. 1,000 or up to Rs. 10,000 have one vote, and an additional vote, not exceeding ten in all, for every additional Rupees 10,000.

The past experience of the Society leads the Directors to anticipate that the retention of the mutual principle, and the quinquennial distributions of Surpluses, will bring down the cost of assurance by this office, for life, to the lowest possible point.

Term policy-holders are not members, and are not entitled to share in the surplus funds of the Society.

Term policies are therefore issued at reduced, non-participating rates of premium.

Assurances may be granted on the lives of Europeans, East Indians or Eurasians, and Parsis.

No policy issued for a less sum than Rupees 500, or for a larger sum than Rupees 30,000, on any one life.

The Medical Examiner sees Applicants for Assurance at his residence, Hanson's Gardens, Nungumbakum, on Wednesdays and Saturdays between 11 and 12 A.M.

For further particulars, copies of the Director's Reports containing Abstracts of the Society's Accounts, Forms of Proposals, &c. (which are sent free to any part of India,) apply to

The Positive Government Security Life Assurance Company was founded for the purpose of introducing a new system of Life Assurance, which confers upon the Assured several important advantages never before presented to the Public.

The Positive system, while it gives to Life Assurance a new and valuable character, by providing the highest order of security in the world for the Assured, sweeps away all the harassing conditions and technicalities which surround ordinary Life Assurance; it puts an end to policy forfeiture, provides the Assured with a negotiable property for every Premium paid, but still does not disturb the scientific principles on which Life Assurance has so long and safely rested.

An ordinary policy is full of most stringent conditions, perplexing in its terms, difficult of transfer, dependent on the regular payment of premiums throughout life, as well as on the observance of strict rules regarding residence and occupation, liable to forfeiture of all sums paid to the Company, possessing no fixed surrender value, giving the Assured no control or power of supervision during life, and affording no means of proof, to the uninitiated, that security exists for the payment of claims.

In the place of these glaring defects the Positive Policy is perfectly simple in language, intelligible to the most illiterate, and free from conditions, except for payment of a definite number of premiums, according to the election of the Assured.

Positive notes are issued which gradually take the place of the policy as each payment of the premium is made, and are, in fact, policies payable to bearer, independent of any future payment by the Assured. The death of the Assured renders them an absolute claim for the amount they represent; a fixed value is given for surrender or loan, during life, of not less than 40 per cent. of the premiums paid to the Company; all premiums to that extent are a deposit with the office instead of an absolute payment, while at the same time they secure greater advantages to the Assured than an absolute payment to an ordinary office can possibly afford; and, above all, forfeiture is made an absolute impossibility.

Under all possible contingencies the Assured in the "Positive" exercises independent control over the office; he can at any time retire from it without loss; his position is defined when he pays his first Premium, and nothing can occur to deprive him of benefits he has purchased.

By the unalterable conditions of carefully-framed deeds all net premiums on each Assurance are invested as trust funds in Government Securities, which (with interest) are set apart in the hands of Trustees exclusively for the purpose of paying claims; and these net premiums being so fixed as to cover all risks, and the investment of the trust funds for Great Britain being made wholly in Consols, the value of the security afforded to an Assured can be tested at any time to the smallest fraction, without actuarial or other skilled aid being required, and the intrinsic value of a policy can be ascertained without the possibility of error.

Short Table of Rates, illustrative of the Positive system of paying premia under Table A of Prospectus. Tables B and C of Prospectus refer to the half-yearly and quarterly rates for similar Assurances, Table D to ordinary Assurances for the whole term of life, Tables E, F and G to short term Assurances, Table H, I, J and K to Endowment Assurances, and Table L to the joint Assurance of one or more lives.

Columns No. I, shows the cost of, or the Annual Premium required for, an Assurance of Rs. 1,000 payable at death, to be paid for by 5, 10, 15, 20, 25 or 30 Annual Instalments. No. II, the amount of Positive Premissory Note, or fully paid up policy, granted on the payment of each Premium. No. III, proportion of Premium to be invested in Government Securities, absolutely for the Assured. No. IV, the surrender value or amount redeemable at any time at the option of the Assured—and No. V, amount retainable for expenses and profits and bonus to the Assured.

“Short Term” and “Whole Life” Assurances are granted.

In addition to ordinary Assurances this Company issues Policies by which the sums assured are made payable to the Policy-holder himself on his attaining a specified age or to his representatives in the event of his previous death. By this means Officers and others may both provide for their families and secure *Retiring Provision* for themselves.

Also “Fare” Policies are granted which can never altogether lapse in consequence of the non-payment of Premiums.

“Clergy Rates” have been recently prepared to enable Clergymen and Ministers of all denominations to assure their Lives in this Institution upon more favorable terms than in any other Office.

Premiums may be paid annually, half-yearly, quarterly or monthly as desired.

Thirty days' grace are allowed for the payment of annual, half-yearly and quarterly premiums, and fifteen days for monthly premiums. The validity of the Policy will, in every case, be maintained by payment of the Premiums within the stipulated period, notwithstanding the death of the Assured may have occurred before such premiums shall have been received.

No extra rate is charged for sea-passages, and on arrival in Europe a reduction is made in the premium without the assured being required to pass any Medical examination.

Policies effected by parties on their own lives, and assigned as a bona fide security to others, will not be rendered void in the event of death by suicide, duelling, or the hands of justice. Claims will become payable within three months after satisfactory proof of death.

The Medical Officer, Dr. Harris, sees applicants for Assurance at Hanson's Gardens, Nungambakum, from 11 to 12 A. M., on Wednesdays and Saturdays.
