This Pramboke Inám consists of two topes planted by the ancestors of the parties mentioned in Col 16 more than 60 years ago and their proceeds are enjoyed by the public. The village Godess is located in one of the topes which also afford shelter for men and cattle - I am of opinion that the Inám may be confirmed vide one Pattadar free of Quit Rent under para 5 of the Inám Commissioner's Vernacular circular to the Dt. Collectors dated 9th November 1869 No 66.
