In Fasli, Dasta sundaravayya, the Mahajanam, sold 14-2-6. to Rabhanamy a Jew, & was brought to notice of the Chetty, who decided the land to be charged with full assessment & incorporated with Agyan in reference to his previous order dated 28th Besh 1248 & 1052, disallowing to have the land, with reference to Para 6 of Board's Pro. of 20th March 1833, & Para 6 of the Pro. of Government of Madras dated 29th June 1835.

Agyan was est. of 27-3-7 2/8, mortgaged by the Mahajanam to Rama Swami Ayyan on Fasli 1268, & reference to & ordering it to be charged vide Pro. charged with full assess. & incorporated with Agyan. on Fasli 1268, & reference to & ordering it to be charged above Agyan. in Fasli, because nirvayyan are of the Mahajanam, & the holder of 16-11-3/4 applied to be allowed a remit of this, for incorporating this Inam with Agyan. on the ground that no remission were allowed. & the Board in Revd. Lands, & that he had suffered loss.

Delavoi Modaliyar objected to the assumption of the Land, as requested by the Mahajanam, on the ground of the Land having been granted by him for subsistence. Delavoi Modaliyar's objection was declared inadmissible, on the ground that Land had been registered in the Pattam Registry of Fasli. & the mortgage, & the Pattas were held by the Mahajanam. for the Land held & the Land Tirwah was bound from time; & est. 16-11-3/4 was entered by the Collector in accordance of the 17th of June 1809, No. 214, & be charged with full assess. & incorporated with Agyan.

The total cost of land thus resumed, is 57-17-6 5/8, & remainder being 17-11-1 7/8.

No. Land was granted in Inam 9482 as per est. of 1112 Fasli, & is above a grant under Para 6 given below of Fasli 1112 Fasli.

Int. Olaga of Fasli, 75-8-1/2 are entered as Land Inam in the name of Delavoi Modaliyar. Oth. & Dasti of the Inam, 32-14-4 4/7, were entered under the name of the Mahajanam of the Village, for the remaining allowed Inam. & held the Land Inam in this Land.

In 1809, Delavoi Ivia Maliya Appa Modaliyar mortgaged this Inam of the Inam 32-14-4 4/7 & Mahajanam for 224-9 on 470-4-2 on condition of redeeming the mortgage within a period of 4 years, or of redeeming it in any subsequent year. The mortgage deed is found on Stamped paper. The mortgage has not as yet been redeemed. The Mahajanam had continued to enjoy the est. of the whole Land 75-8-1/2, upto Fasli 1268.

I do not agree with the Dy Collr that the Inam should be confirmed to the mortgagee on the higher rate of the Sheitrent.

The spirit of the Rule of the order, referred by the Collr was that the Inam should be entered as Inam under the rule of 1848. As the latter rule prohibited the grant of Land, the Revenue authorities should have adjudicated upon the order of the Board.

Kurangavanam

Dow Salavaya Dudleyya, defendants, says that the remaining moiety of 17-11-2 should be registered in their name, on the ground that a moiety of the original Grain was mortgaged by their ancestor to the Dutch Government, whence the Dutch Government contend that of the original Land of 75-0-2½ only 57-17-6½ was mortgaged in exchange for Bethas, and that Salavaya Dudleyya descended, then a right to redeem a moiety of the remaining Land, in exchange for their redeeming the moiety of the other moiety forms a portion of the original Grain, whence.

In reference to Para 6 of Proceeds, dated 30th March 1843, and Para 6 of Collector's letter dated 20th June 1848, the Collector has said therein, in his order of 17th June 1859, that the Land lands which had passed into other hands either by mortgage, sale or gift, prior to 1848, should be continued to the parties in possession for life only, that the Land lands obtained by Grantees from Dutch Government subsequent to 1848 should be at once resumed with Rajaram, the rule appears to have been in force in regard to Pattam and Puttu lands in the Jaffna District.

Under the circumstances of the case, the Salavaya Dudleyya descendants have forfeited their claim to the Land land in question as it had been alienated by mortgage by their ancestors, as far back as 1847, since which period the Grain has been in uninterruptedly mortgaged by the Dutch Government, till the alienations made subsequent to 1848 were, as described above, declared incompetent by the Government. The remaining moiety of 17-11-2 having been obtained by the Dutch Government, partly by gift and partly by mortgage, is liable to assessment as a present holding.

Dated 28-8-1905 — the Land has been allowed to enjoy the Grain for many years before 1848 — the Dutch Government — therefore entitled as the grantee.
