CHAPLAIN'S REGISTER OF HIS VISITS AND SERVICES IN HOSPITAL.

Fort St. George, 31st October 1863, No. 87.—Government having directed that the following rules are to be observed in every Military Hospital, they are published accordingly for general information:—

I. A book shall be placed in every European Military Hospital to be entitled "The Chaplain's Register of his visits and services in the Hospital."

II. This book is to be provided by the Chaplain, and each visit and service performed at the Hospital is to be entered in it.

III. It is to be kept for the information of the Bishop, and is to be open to the inspection of the Military and Hospital authorities.

IV. It is not to be removed from the Hospital; the Medical Officer in charge is to arrange for its safe custody and production when required by the Chaplain or for inspection.

CHAPLAINS' VISITS TO OUT-STATIONS.

Extracts from Court's Despatch, 12th April 1842.

"Section 27 of the regulations respecting leave of absence and deputation and travelling allowances which we have recently approved, you will find a rule on the subject of travelling allowances on joining a station, and when any change takes place except at the desire of the Chaplain or Assistant Chaplain.

3. But to avoid inconvenience and guard against the possibility of misunderstanding, we think it desirable that for every circle of stations, the Lord Bishop should be requested to frame a plan determining the periods at which each place shall be visited by the Chaplain or Assistant Chaplain officiating in such circle, which plan being approved by Government shall continue in force till varied by the same authority. As minute local information will be necessary to the successful formation of such plan, we can only offer a few suggestions on the subject. The frequency of Ecclesiastical visits should be governed in a great degree by the extent of the Christian population of the place to be visited. A place may contain not more than three or four members of the English Church, and though it might not be right to exclude those few persons from the benefit of Christian ordinances, it is obvious that in the present state of our Ecclesiastical Establishment such a place could not be visited frequently without injury to others of greater importance. An annual visit might in some cases be all that could reasonably be afforded; while to others visits twice, three or four times a year, might be expedient; and to others again, which might be more populous, it might be desirable that visits should be made once in six weeks, or once a month.

4. When a circle of stations may, from the deficiency of our Establishment, or any other cause, be left without a resident Clergyman, we are of opinion that the Chaplain or Assistant Chaplain of a neighbouring district should, as desired by the Lord Bishop, be appointed to visit the station thus deprived of clerical services. In such cases the most convenient course will be for the Lord Bishop to bring the subject to the notice of Government, and submit a plan of visitation. Such plan being approved, the Chaplain or Assistant Chaplain who can most conveniently discharge the required duty, should be specially appointed thereto, and thereforward be entitled to draw travelling allowances in conformity with the provisions of the plan, and in accordance with our Financial Despatch of the 30th October 1839.

5. We should lament that the practice of visiting stations at which no Clergyman is permanently resident should be discontinued, and it would be unjust to subject the Clergy to the expense attendant on such visits. Under those impressions we deem it proper to sanction the payment of such reasonable charges not exceeding those authorized in our Despatch of the 30th October 1839, before referred to, and we are encouraged in this view

by the fact that although Chaplains and Assistant Chaplains when absent from their duty are subject to the same deductions as Civil Servants, no charge is incurred in providing for the duty of the absentees. The deductions may thus be regarded as a fund, meeting to a certain extent the extra charges incurred by occasional or provisional visits of the Clergy to stations in which they do not reside."

The revised Plan, determining the Circle of Out-stations for the several Chaplaincies under this Presidency, is published for general information in lieu of the one sanctioned under date 19th October 1852.

FORT ST. GEORGE, 29th October 1867.

I. Two Lay Trustees are appointed to each Chaplaincy or station where there is property belonging to or held in trust for the Church of England.
 II. At Civil stations, or Joint Civil and Military stations, the Senior Civil Servant should be appointed a Trustee, provided that he is a communicant of the Church of England, and has no objection to hold the office. At Military stations the Officer

* These stations are now in charge of Clergymen.

(b) To be visited on the same day that Pakala is visited.

Commanding the Cantonment or Garrison under the same provisos. When these officers are unwilling to hold the office, the officer next in seniority (Civil or Military as the case may be), if qualified as above, should be nominated.

III. The second Trustee may be any communicant resident at the station, nominated by the Chaplain, and approved by the Bishop.

IV. When the office of either Trustee is vacant, the Chaplain should report the circumstances to the Lord Bishop, for the information of Government, and at the same time nominate a duly qualified person to fill the vacancy.

V. The duties of the Trustees are in many respects similar to those of Church Wardens in England. They are appointed to see that the Church and Churchyard or Cemetery* are kept in good order and repair, to provide for the preservation of the property belonging to the Church, to present to the Bishop or Archdeacon, either on their visitation or immediately by letter, whatever is wrong or irregular on the part either of the Chaplain or the congregation, and to aid and assist the Chaplain in the performance of his duties.

VI. During the absence of the Chaplain or other licensed Clergymen, one of the Lay Trustees is, in ordinary cases, the proper person to read the Service and a sermon on Sundays, and to take charge of the Register and other books connected with the Chaplaincy.

N.B.—It is to be borne in mind that Lay Trustees have no power to interfere in the administration of Divine Service, but merely to represent to the Ecclesiastical authorities whatever they may deem objectionable. Their office in this respect is one of observation and complaint, not of control.

VII. The Lay Trustees, in conjunction with the Chaplain or Minister, form a Committee of Management on all Church matters, and should meet for business once in each month, or oftener, if necessary. The assignment of seats in Church and (in places where they are authorized), the collection and disbursement of pew rents, the management of school and charity funds, should be supervised and arranged by the Committee at their Meetings.

VIII. All indents, letters, proceedings and other papers emanating from a Church Committee, are to be signed by both the Lay Trustees (unless for special reasons which are always to be assigned), as well as by the Chaplain; and all indents, letters, &c., received or sent, are to be entered in a correspondence book distinct from that of the Chaplain, and should be produced for examination at Meetings of the Committee.

IX. The Chaplain or Officiating Chaplain or Minister present, as a mark of respect due to religion in the person of its Minister, presides at all Meetings of the Committee of Management and signs proceedings and letters as President, and the two Lay Trustees in the order of their relative rank.

X. The Church Committee are responsible that no alteration is made whatever in the Church or Churchyard without representing the matter to the Archdeacon, who will, except in matters of trifling importance, bring it before Government for their sanction.

XI. When any addition, alteration, or improvement to a Church or other Ecclesiastical building is considered necessary, or when any new building is required, the subject should be brought with full explanation to the notice of the Bishop, who, if approved by him, requests the Archdeacon to submit the same for the consideration and orders of Government, on whose approval the necessary plans and estimates (if not previously furnished) are called for from the Public Works Department.

Rules in regard to the Levy of Ecclesiastical Fees.

Letter from the Officiating Under-Secretary to the Government of India, Home Department, (Ecclesiastical), to the Secretary to Government, St. George, dated Simla, 8th July, 1872, No. 165.

"The Lord Bishop of Calcutta having brought to notice that difficulty is occasionally experienced by Chaplains in collecting fees, under existing rules, on monuments and masonry graves, the Governor-General in Council considers that in all cases where such difficulty arises, the duty of collection should be made over by the Chaplain to the Magistrate or Deputy Commissioner in charge of the district in which the burial ground

"may be situated; and I am to request that, with the permission of His Excellency the Governor in Council, instructions may be issued to the District Officers accordingly."

Orders for the performance of Funeral Rites on Verdicts of Coroners' Inquests.

NOTIFICATION.—*Fort Saint George Gazette, June 11, 1850, page 623.*

The Right Honourable the Governor in Council is pleased to rescind the Order of Government of 5th April 1842, which directs a copy of the verdict of the Coroner's Inquest to be furnished, when practicable, to the Clergyman who is to officiate at the interment of a body on which an inquest may have been held, and the Reverend Chaplains will in future consider the warrant of the Coroner for the interment of a body on which an inquest has been held to be a sufficient authority for their performance of the burial service over it, if it would be their duty, under ordinary circumstances, to perform that service.

2. In the provinces where no Coroner's jurisdiction exists, the same course will be observed by the authorities appointed to enquire into the causes of sudden death, and the same difference will be paid by the Clergymen to their certificates of Warrant.

Parties desirous of being married should apply direct to some Surrogate residing near them; but from places where there is no Surrogate, application should be made to the Registrar, who will procure a commission under the Episcopal Seal, authorizing some persons to administer the usual oath and grant the necessary license. None but a Clergyman of the Church of England can marry by virtue of Episcopal license. Parties who cannot, on account of distance, obtain the services of a Clergyman to marry them, must state the fact, and apply to the Brigadier-Major, Fort Saint George, who will obtain the permission of the Right Honourable the Governor for their marriage under which the Senior Judicial Officer of any station is authorized by Government to marry them.

In the case of a minor in H. M.'s or the Honourable Company's Services, the written consent of the Governor must be obtained previous to the publication of banns, or the grant of a license.

Further information respecting marriages can be obtained on application to the Registrar of the Diocese, F. Rowlandson, Esq., B.A., LL.B.

Rules for the guidance of Surrogates in administering Oaths and granting Marriage Licenses within the Diocese and Archdeaconry of Madras.

I. Every application for a license must be made in writing and the names of both the applicants be given in full with the age, race, condition, (i.e., bachelor, spinster, widower, widow, or person whose previous marriage has been dissolved), and occupation, if any, of each, and the place or places in which each has resided for the six months prior to the application.

II. If either of the applicants is a person whose former marriage has been dissolved, the application besides stating such fact, must also state the cause of the dissolution of such former marriage.

N.B.—(a) If the cause of such dissolution be stated to have been adultery, the Surrogate shall require from the applicant, a copy of the Decree of the Court dissolving such marriage, and if it shall become known to the Surrogate, that such former marriage was dissolved on the ground of the adultery of the applicant, the Surrogate shall note such fact on the license, to the end that any Clergyman, other than the Surrogate, who shall marry the parties, may be duly apprised thereof; as no Clergyman is compelled to solemnize the remarriage of such persons. (b) If the cause of such dissolution be stated to be the conversion of the applicant, to Christianity, the Surrogate shall by enquiry satisfy himself, before he issues the license, that the circumstances connected with such conversion, such as the proposed marriage, be not such as to give occasion to scandal, or reproach.

III. When both applicants are non-residents, in the place where the application is made, and are unknown to the Surrogate, he may decline to grant his license, until he shall have had time to make due enquiry, as to whether there be any impediment to the marriage, and may further require from the applicants the names of two or more persons to whom reference may be made.

IV. On a day subsequent to the receipt of the application, which shall be appointed by the Surrogate, and shall be not earlier than the fifth day (that is the ninety-seventh hour), after such receipt, the parties, or one of them, shall in every case appear before the Surrogate, and either one or both swear to the "Affidavit of Residence," to which the written application for the license shall be annexed by way of an exhibit, being marked as such, and endorsed as follows by the Surrogate:—

In the matter of the marriage of A. B. and C. D.

This is the exhibit referred

A
to in the affidavit of A. B. sworn
to herein on the day of before me.
E. F.
Surrogate.

V. The Surrogate will use great caution in examining the parties to be sworn, filling up the forms with the names, rank and places of residence, and dates at full length.

VI. In no case is a license to issue unless the parties are sworn before the Surrogate and in case of doubt or difficulty the Surrogate will refer to the Registrar as recommended in the Surrogate's appointment.

VII. In case the lady to be married has been delivered, the license should issue in her maiden name (see Rule 2).

VIII. In case the party to be married is a minor, consent of the father, if living, must be obtained, or if the father be dead, the guardian of the person of such minor, and in case there be no such guardian, then the mother of such minor may give consent, unless no person authorized to give such consent be resident in India.

IX. In case the party to be married is a minor, either in the Civil or Military service and without possessing either a parent or guardian in this country, the consent of the Governor of Madras must be obtained by the minor to his marrying under age, unless the proper consent can be shown to be already given on the part of the absent parents or guardians to his marrying as a minor, in which case the consent of the Governor of Madras need not be obtained.

X. If the parties to be married are both of full age (twenty-one years) and both of them are to be sworn, the Surrogate will use No. 1 form; but if one of the parties is prevented from attending and another person joins in the affidavit on behalf of the party not present, No. 2 is in such case to be used instead of No. 1.

XI. If one of the parties only is of full age (namely, twenty-one years), and the other is under that age, and the parent, next friend, or guardian makes oath on the part of the minor as to age and consent, the Surrogate will use No. 3 form.

XII. If both the parties are minors (under the age of twenty-one years) and the respective parents, next friends, or guardians swear on their behalf, No. 4 is to be used.

XIII. In case the lady to be married is a widow and under the age of twenty-one years, oath No. 1 is to be used, the Surrogate first running his pen through the words "that they have respectively attained their respective ages of twenty-one years and upwards," and adding at the foot of the oath (above the signature), "the former being twenty-one years of age and upwards, and the latter a widow."

XIV. The Surrogate having filled up, and the party having read and signed the affidavit at the proper places, the former will then give the Testament to the party to be sworn, and holding the paper in his hand, say, "you (A. B.) do swear that the contents of this your affidavit are true. So help you God."

XV. The party answers "I do," and kisses the book, repeating, "So help me God."

XVI. The same form is observed to each person sworn.

XVII. The Surrogate will then fill up the license, date and sign it, adding his title as Surrogate, and hand the license to the parties.

XVIII. In case of any caveat entered in the registry or intimation received through the Surrogate against the grant of a license, the Surrogate will ascertain the particulars and communicate the same to the Registrar for immediate advice, refusing the license until the result of that reference is known and forwarding any affidavit sworn.

XIX. The Surrogate will forward to the Registrar for record all affidavits as above on the day they are administered, and the licenses with the Quarterly Returns, unless sooner or whenever required.

XX. A fee of Government Rupees fifty to be received by the Surrogate on each license previous to delivery of the same to the parties entitled to receive such license, Rupees sixteen of which fee for the license, being due and payable to the Registrar, are to be transmitted to him on the day the license is granted.

N.B.—Although every Surrogate has legal power to issue a license under which a marriage can be solemnized in any church or place where Divine Service is usually performed in any part of this Diocese, it has always been the custom for the Surrogate or one of the Surrogates in the District in or nearest to which the parties usually have resided to grant them his license even if it should be the wish of the parties that the marriage should be solemnized by some Clergyman other than such Surrogate. And of this custom the careful observance is commended to all Surrogates by the Right Reverend the Lord Bishop of the Diocese.

(By Order.)

(Signed) F. ROWLANDSON, B.A., LL.B.,
Registrar of the Diocese and Archdeaconry of Madras.

NOTE.—With a view to obviate the improper use of blank forms of marriage licenses issued from this office, the Lord Bishop of the Diocese is pleased to direct that when any Surrogate leaves India on furlough or otherwise, he shall return such unused forms of marriage licenses as he has in his possession to the Registrar of the Diocese.

Further, that in every case in which he does not himself perform the marriage of the parties to whom he issues his license, he is to send such marriage license direct to the Clergyman who is to perform it.

REVISED RULES.

HOME DEPARTMENT NOTIFICATION—ECCLESIASTICAL.

The 23rd June 1885.

No. 103.—The following revised rules (1) for the care and use of Government cemeteries throughout India, except those in the Presidency Town of the Diocese of Calcutta; (2) for the levy and expenditure of fees on graves and monuments in cemeteries and churches throughout India; (3) for the levy of other ecclesiastical fees; and (4) for regulating grants for the building of churches, compensation for accommodation for soldiers in chapels neither belonging to, nor rented by Government, and for the supply of church furniture, are published for general information and guidance:—

I.—Rules for the care and use of Government Cemeteries throughout India except those in the Presidency Town of the Diocese of Calcutta.

CHARGE OF THE CEMETERY.

RULE I.—(1) The Resident Chaplain of a station has charge of the general cemetery and frames an estimate of the expenditure connected therewith in accordance with the directions contained in paragraph 1, Home Department Resolution, No. 6, 370-382, dated 9th November 1876.

* Appendix A.

(2) The term "Resident Chaplain" includes a Clergyman of the Additional Clergy Society so far as concerns the stations to which he stands appointed, or other Clergyman of the Church of England placed in charge by the Bishop.

(3) Where there are Lay Trustees or a Church Committee they will have the same powers and responsibilities in regard to the cemetery as in regard to the Church. At stations where there are no Trustees or Committee if there is no Resident Chaplain or during the temporary absence of the Chaplain, the charge of the cemetery belongs to the Chief Magistrate on the spot, or the senior Military Officer if the cemetery is attached to a military cantonment.

(4) At out-stations where there is a Church Committee, the charge of the cemetery will belong to the senior member of Committee, and where there is no such Committee, to such person as may be nominated thereto from time to time by the Magistrate or Deputy Commissioner of the District, but subject to the control of such Magistrate or Deputy Commissioner.

RULE II.—Each cemetery is allowed a small-chowkidar or chowkidars in accordance with the scale prescribed in paragraph 2, Home Department Resolution, No. 6—370-382, dated 9th November 1876. These chowkidars are paid by Government through

the Resident Chaplain, by whom they are appointed and dismissed. In stations where there is no Resident Chaplain, the chowkidars are paid, appointed, and dismissed by the other officers named in Rule I.

RULE III.—Every reasonable effort should be made by the Resident Chaplain or other officer in charge under Rule I, not only to keep the cemetery in decent order, but to preserve its character as the resting-place of the remains of departed friends by providing for the necessary repairs and by planting the ground with suitable trees.

NOTE.—To meet the expenditure under this rule, see Rule I, and paragraph 1, of Home Department Resolution, No. 6—370-382, dated 9th November 1876.

RULE IV.—The chowkidar will keep the key of the cemetery under the direction of the officer in charge.

RULE V.—The officer who has charge of the cemetery under the operation of Rule I will perform all the duties assigned to the Chaplain by rules VII, VIII, IX, X and XI, with the exception of the approval of designs of tombstones and of inscriptions to be cut on them. In the case of a tombstone in that part of the cemetery which is reserved for the Church of England, the proposed design and inscription must be forwarded to the Resident or Visiting Chaplain, or, if there be none, to the Archdeacon, and no action taken to erect the monument till his sanction has been obtained. In all other cases the design and inscription must be approved by Minister of the particular denomination to which the deceased belonged. Should there be no Resident or Visiting Minister of that denomination, the inscription and design must be approved by the Senior Minister belonging to it in the province, or, if there be none, then by the Local Government or Administration. Should a design or inscription be disapproved, it may be referred, if those who are interested desire this, through the Ecclesiastical superior of the denomination concerned, to the Local Government or Administration, for decision.

INTERMENTS BY WHOM TO BE CONDUCTED.

RULE VI.—(1) The Chaplain will bury Christians of all denominations whose friends desire his services as laid down in the orders of the Government of India in the Home Department, No. 169, dated the 6th June 1877, using always the service of the Church of England, and the consecrated portion of the cemetery.

(2) A portion of every cemetery will be set apart by the orders of Government for the use of Roman Catholic congregations, and another portion will be appropriated for the joint use of other Christians whose friends desire that they should be interred otherwise than according to the ritual of either the Church of England or of the Church of Rome, or who cannot legally be so interred.

(3) The unconsecrated portions thus set apart are not to be fenced or walled off from the rest of the cemetery, but simply divided off by a pathway, and they must be added to the existing cemetery or reserved from it. If the existing cemetery be large enough for the wants of the whole Christian community, such portions will be reserved without reference to the fact that the whole enclosure has or has not been consecrated according to the rites of the Church of England. If the cemetery be only large enough for the wants of Christians desiring to be buried with the service of the Church of England, such portions will be added. The whole cemetery thus divided is to be surrounded by a wall, to have but one gate of entrance, and to be under the care of the officer specified in Rule I.

RULE VII.—(1) Ministers of all denominations have a right to conduct the service of burial over the body of any deceased member of their respective congregations who may be buried in any fitting portion of the ground set apart for the denomination to which the deceased belonged. At least six hours' previous notice of the burial should be given to the Chaplain in charge of the burial-ground or, in the absence of the Chaplain, to the officer who may be in actual charge. The period herein prescribed may, for special reasons, be shortened with the permission of the Chaplain or officer in charge of the cemetery. Such Chaplain or officer will, if he thinks the circumstances of the case demand it,

bring the facts to the notice of the local Magisterial authorities in time to admit of an order stopping the burial being passed if necessary. Government is of opinion that the notice required under Rule VII (1) should be given—

- (a) in the case of ordinary military funerals by the Commanding Officer or Adjutant;
- (b) in the case of Staff Officers by the District Staff Officer;
- (c) in all other cases by some relative or friend of the deceased.

(2) A certificate of burial drawn up according to the required form must be sent to the Chaplain or to the Registrar of Births, Marriages and Deaths, to be entered in the Register kept up by him. The certificate under Rule VII (2) should be drawn up by the Chaplain himself whenever he officiates at the funeral. In cases where the Chaplain does not conduct the funeral, the certificate should be drawn up by the priest, minister or other person officiating and sent to the Chaplain or other officer in charge of the cemetery. Even when the certificate is intended to go to the Registrar of Births, Deaths and Marriages, it should be forwarded through the officer in charge of the cemetery, so that the cemetery book may be kept up.

RULE VIII.—(1) No burial can, as a general rule, take place in that part of a Government cemetery which has been set apart for the use of members of the Church of England, unless the service prescribed by that Church is read by the Chaplain, if there be one, or, in his absence, by the layman who officiates at the funeral. But a person may be interred in the other portions of a Government cemetery with or without the use of any services of religion.

(2) Where in that part of a Government cemetery which has been set apart for the use of members of the Church of England there is a family vault or grave, or a reserved plot of ground purchased by a member of the family, or a masonry grave prepared in immediate contiguity to such family vault or grave, or reserved plot, any deceased member of a family may, if the relative, friend, or legal representative having charge of the funeral arrangements shall so desire, be interred in such family vault, grave, or reserved plot without the performance of the service for the burial of the dead according to the rites of the Church of England.

(3) The burial may take place at the option of the person having charge of the same either without any religious service or with such Christian and orderly religious service at the grave as such person shall think fit; and any person or persons who shall be thereto invited, or be authorized by the person having charge of such burial, may conduct such service or take part in any religious act thereat.

(4) Notice of any burial which it is intended to conduct under the provisions of clauses (2) and (3) shall be given to the Chaplain or other officer in charge of the burial ground in the manner prescribed by Rule VII.

ARRANGEMENTS FOR BURNING.

RULE IX.—Where there is a resident Chaplain he is responsible for the arrangements for digging grave and shall, ordinarily, arrange for the preparation of a coffin. Should he find or anticipate difficulty in making private arrangements for the preparation of a coffin, he should apply in military stations to the senior Military officer, and in civil stations to the chief local Magistrate, to make the necessary arrangements; and these officers are authorized to direct any local Public Works officer to supply all that is necessary. The local Public Works officer would usually be the Executive Engineer of Military Works in military stations and the Civil Executive Engineer in civil stations; but the senior Military officer in a military station and the chief local Magistrate in a civil station may, in cases of emergency, direct the Civil Executive Engineer or the Military Works Executive Engineer, respectively, to make the necessary arrangements. The resident Chaplain in all such cases responsible that timely notice is given to the Government officers who may be called upon to arrange for the preparation of a coffin.

The senior Military officer in a military station and the chief local Magistrate in a civil station may, should the resident Chaplain report that private arrangements for the preparation of coffins are not feasible, issue a general order on the Executive Engineer, Military Works, and the Civil Executive Engineer, respectively, to prepare coffins upon the requisition of the resident Chaplain. The expenditure incurred by the Executive Engineer will be held in his miscellaneous advance account till repaid by the officer under whose special or general order it was incurred.

During the absence of the resident Chaplain from the station the senior Military officer in a military station and the chief local Magistrate in a civil station shall be responsible for the arrangements for digging graves and preparing coffins.

RULE X.—The officer in charge of the cemetery shall keep a plan of the entire cemetery to be provided by the Public Works Department, with references written upon it, in a book, in which the names of parties interred are recorded, this plan and book being kept with the Church registers.

Note.—The Executive Engineer prepares a plan of the cemetery showing on it all the existing graves and the spaces allotted for future graves, and giving them all consecutive numbers.

RULE X-A.—The officer in charge of the cemetery may reserve grave space, as limited by Rule XI, below, on the application of near relatives of persons already buried in the cemetery and for the burial of the persons named in the application. A double ground-fee shall be levied in advance before granting any such application; and each grant shall be registered in a book to be kept for the purpose and indicated on the plan. The ground will then be reserved for ten years. Before the expiry of that period, a fresh application should be made and a further double fee paid, failing which the ground will be resumed.

RULE XI.—The size of each grave, whether of masonry or not, is limited to 9' x 4', and the area of ground to be enclosed must not exceed 11' x 7' by external measurement.

RULE XII.—(1) All graves must be at least 6 feet in depth.

(2) No body shall be buried in any vault or masonry grave which it is intended at any after-time within fourteen years to re-open unless the coffin be separately entombed in an air-tight manner by properly cemented stone or brick work, which shall never be disturbed.

(3) One body shall be buried in a grave at one time, unless the bodies be those of members of the same family.

(4) No non-masonry grave or masonry grave unprovided with the separate air-tight compartment prescribed in clause (2) shall be re-opened within fourteen years after the burial of a person above twelve years of age, or within eight years after the burial of a child under twelve years of age, unless to bury another member of the same family, in which case a layer of earth not less than one foot thick shall be left undisturbed over the previously buried coffin. If on re-opening the grave any soil is found to be offensive, such soil shall be left undisturbed.

(5) There shall never be less than 3 feet of earth between the topmost coffin in a grave and the surface of the ground.

ERECTION AND REPAIR OF MONUMENTS.

RULE XIII.—Monuments may be erected by any interested person. The inscription before being cut and the design, when the monument is other than a simple headstone, must be first approved of as laid down in Rule V.

RULE XIV.—When a grave is not of masonry throughout, the only monument ordinarily allowed over it is a simple cross or headstone on an adequate masonry foundation, not exceeding 8' x 2'; and the whole structure must not stand higher than 8' 6" from the ground-level. But with the permission of the officer in charge of the cemetery a monument, such as may be erected over a masonry grave, may be placed over a non-masonry grave when adequate masonry foundations are provided on which the monument may rest.

RULE XV.—No monument, of whatever material constructed, shall exceed 8' x 4' at the base without the previous sanction of the local Government.

RULE XVI.—No monument of masonry shall stand higher than 3 feet from the ground-level.

RULE XVII.—No canopy shall be more than 6 feet square at the base.

RULE XVIII.—The enclosure of ground round a grave must be by a metal railing, or by chains or bars of metal supported on masonry or metal pillars. Wooden or masonry enclosures are not permitted. The previous sanction of the Archdeacon, or, in his absence, of the Bishop, is necessary to the enclosure of a non-masonry grave, and no such sanction will be given, unless the fee required by Rule I of Part II (as interpreted in the Government of India's memorandum No. 3-129, dated the 17th May 1886, Home Department Ecclesiastical) has been paid.

RULE XIX.—When a monument needs repairing, the officer in charge of the cemetery should communicate with the friends of the deceased, or, when such communication is not possible, advertise three times in the *Gazette of India* and the *Gazette of the Province*; and if it falls into a ruinous condition, and no person will undertake to restore it, the ruined monument shall be made level with the ground during the next repairs, and any slab it contained will be placed over the grave in simple masonry, or be inserted in the wall of the cemetery.

Note.—(1) This rule does not apply to monuments of historical or archaeological interest. Lists of such tombs should be obtained by Local Governments and Administrations, and as many of them as may be properly preserved at the public expense should be looked after by the local Public Works Department.

(2) The cost of the advertisements in the *Gazette* is met by the Government.

(3) In the Bombay Presidency a person, other than a British soldier or a non-commissioned officer, desiring to erect a monument over a grave is required to pay into the treasury a sufficient sum of money to be invested in Government securities, so that the interest on it will be sufficient to cover the cost of repairs annually. A British soldier or a non-commissioned officer is not compelled to make a deposit; but in the event of money for repairs not being forthcoming, Rule XIX, is held to apply. The foregoing rules shall apply *mutatis mutandis* to railings round graves, which shall not be constructed until the requisite sum has been paid to cover cost of repairs.

RULE XX.—All work connected with monuments must, as far as possible, be carried on outside the cemetery, and any undertaker not removing the debris of his work immediately upon its completion is liable to a fine of Rs. 5.

INSPECTION.

RULE XXI.—The cemetery should be inspected once in a half-year by the Chaplain in company with the Executive Engineer, the plan and book kept under Rule X, being also

examined, and a report made to the Archdeacon, and recorded in the Ecclesiastical record-book of the station, and also in the Engineer's office.

RULE XXII.—(1) Commissioners of Divisions should inspect cemeteries, whether closed or in use, within their respective jurisdictions, in the course of their annual tours, and should bring to the notice of the local Government any instances of cemeteries which are negligently kept, or which the officers in charge may have allowed to fall into a state of bad repair or disorder. All cemeteries are equally subject to the visitation and supervision of the Bishop and Archdeacon.

(2) Sanitary officers in cantonments are invited to inspect cemeteries within their respective cantonments, and to report to local Governments any matter calling for notice.

MISCELLANEOUS.

RULE XXIII.—It is desirable that officers commanding regiments or detachments should be instructed to cause a report to be made to the nearest civil officer of graves dug for soldiers on march, that measures may be taken for their effectual protection and preservation. These graves and all scattered Christian graves throughout the district are under the care of the local civil authorities.

RULE XXIV.—The above rules do not apply to Presidency cemeteries which are regulated by special rules.

II.

NOTE.—(1) The same rules in regard to fees apply to all graves, whether of Roman Catholics, of Nonconformists, or members of the Established Church.

(2) Where a parcel of ground used for burial by a Christian community of any particular denomination other than the Established Church of England forms no part of the general cemetery but is separate from it, or where, although not so separate, it is clearly distinguishable and was not originally acquired, and has not been kept up at the expense of the State, then, if the community by which the ground is used so desire, the Government will give up all claim to fees, on the distinct understanding that it is divested of all responsibility for the maintenance of the cemetery in proper order. On the other hand, where such parcels of ground form part of a cemetery of the Established Church or the general Christian community, provided and maintained by the Government, no distinction can be made as to keeping up any one part of the cemetery, nor should any exemption from fees be permitted.

EXEMPTION FROM FEES IN GOVERNMENT CEMETERIES.

RULE III.—British soldiers, non-commissioned and regular warrant officers are exempted, with retrospective effect, from the payment of any fee for the construction of graves, or for the erection of monuments in burial grounds to the memory of their comrades, wives, or children; but not from the fees prescribed under Rule I (6) and (7). The widows and children of British soldiers and non-commissioned officers are also exempted from payment of the former class of fees in the case of their deceased husbands and parents. No monument, either regimental or private, shall exceed the dimensions prescribed in Part I. of these rules.

NOTE.—(1) This rule is applicable to British soldiers and Non-commissioned officers, whether in military or civil employ.

(2) Monuments erected under this rule subscribed for partly by non-commissioned officers and men, and partly by officers, are likewise exempted from the prescribed fee.

(3) Department Warrant officers and volunteers are not exempted from payment of ecclesiastical fees.

RULE IV.—The Chamber pensioners, being more or less under military control, come under the category of soldiers, and are therefore entitled to the same exemptions as

soldiers. But this ruling does not apply to other pensioners who are not similarly under military control.

RULE V.—The Chaplain may at his discretion reduce, or in cases of extreme poverty altogether remit, the fee leviable on the construction of graves, but not for the erection of monuments.

NOTE.—The Bishop, on special occasions may sanction a reduction or remission of fees for the erection of monuments.

FEES BY WHOM TO BE COLLECTED.

RULE VI.—The Chaplain or other officer in charge of a cemetery may appoint an official mason, who may be granted a monopoly of the whole or any portion of the masonry work beneath the surface within the cemetery, subject to such conditions as may be agreed upon at the time of making the appointment; and may, subject to the same conditions, discharge him at his discretion. When an official mason has been appointed, he shall be responsible for the collection and payment to the Chaplain or other officer as aforesaid of the requisite fees in respect of all work executed by him. Fees in respect of work in the cemetery not executed by an official mason must be paid in advance.

NOTE.—Fees on masonry graves and monuments constructed by the appointed mason or undertaker need not be paid in advance, but in case of failure of payment, their recovery must be entrusted by the Chaplain to the Magistrate or Deputy Commissioner as the case may be.

FEES TO WHOM TO BE PAID.

RULE VII.—The fees prescribed in Rule I. should be paid to the Chaplain, or, in the absence of the Chaplain, to the officer in charge of the cemetery and remitted at once to the civil treasury, except fees for monuments in churches which should be paid over by the Chaplain to the charitable objects to which the Bishop assigns them when his faculty is issued.

CEMETERY RECEIPTS AND CHARGES.

RULE VIII.—All cemetery receipts and charges are to be regulated as laid down in paragraph 4 of Home Department Resolution,* No. 6—870-382, dated the 9th November 1876.

MISCELLANEOUS.

RULE IX.—(1) A person may not purchase a portion of a Government cemetery as a burial place for himself and his family so as to have a right to fence it with a rail or

* From Mr. JAMES SUTHERLAND, to the Officiating Secretary to the Government of India, dated 10, Clive Row, Calcutta, the 20th December 1877.

"A Mr. Joseph Gill came out to this country with letters of introduction to me, and died very suddenly at the General Hospital, Calcutta. On a reference from the hospital authorities I had his body interred in the Catholic portion of the military burial ground at Bhowanipour. His widow, now resident in Paris, writes to me to have his body exhumed and buried in a family vault in the Roman Catholic Church at Dhurrumtolla, but I am advised that the Garrison Chaplain, under whose care the burial ground is, requires the sanction of Government (Home Department) before permitting this to be carried out, and I would be much obliged if you would be good enough to give me the necessary sanction.

As the body will be interred in another grave without loss of time, I would also be obliged if you would dispense with the necessity of a zinc coffin, which, from its imperishable nature, is likely to form a serious obstruction in a family vault.

From F. C. DAWEES, Esq., Under Secretary to the Government of India, to the Secretary to the Government of Bengal, No. 1, dated Fort William, the 3rd January 1878.

I am directed to forward the accompanying letter, dated the 20th ultimo, from Mr. James Sutherland, asking for permission to remove the body of one Joseph Gill from the military burial ground at Bhowanipour for re-interment in a family vault in the Dhurrumtolla Roman Catholic Church, and to inquire what is the rule or practice in such cases and whether there is any objection to permission being granted to remove the body for re-interment.

From H. H. RISLEY, Esq., Under Secretary to the Government of Bengal, General Department, to the Officiating Secretary to the Government of India, No. 377, dated Calcutta, the 25th January 1878.

With reference to your office letter No. 1 of the 3rd instant, and its enclosure, on the subject of the removal of the body of Joseph Gill from the military burial ground at Bhowanipour for re-interment in a family vault in the Dhurrumtolla Roman Catholic Church, I am directed to submit herewith a copy of a

letter (a) from the Venerable the Archdeacon of Calcutta, and to say that, under the conditions specified therein, the Lieutenant-Governor thinks that permission to

remove the body may unobjectionably be granted.

fence, and thus make it the private property of himself and family. But when such rights already exist, they are not without reason to be interfered with, and special cases as they arise may require exceptional treatment. In such special cases the Archdeacon may exercise his discretion with the sanction of the Local Government.

(2) All private rights must, however, cease if, for sanitary or other public reasons, the cemetery is closed against burials, or even that portion of it in which the private ground is situated; but in special cases the Archdeacon may exercise his discretion of giving permission to open a vault or masonry grave.

(3) No cutcha grave can be opened in any cemetery for the purpose of converting it into a masonry grave without application to the Archdeacon, which must be accompanied by a certificate from the Principal Medical Officer that this may be done without risk to public health.

RULE X.—(1) When a piece of ground is granted by Government as a cemetery to a Railway Company for the interment of its own servants, which afterwards keeps it in repair and provides the necessary establishment, so that beyond the original grant of ground Government is at no expense, the collection and application of fees accruing are left to the decision of the Railway Company which maintains the cemetery in good order and repair.

(2) The Commissioner or District or Judicial Officer, and in military stations the officer commanding, should inspect such cemeteries and report to Government if they find them negligently kept.

III.

Other Ecclesiastical Fees.

RULE I.—No fees are charged for the performance of the rite of baptism or burial, or for the registration of the performance of these offices.

RULE II.—In addition to the fee for the Surrogate's license, a fee of Rupees 10 shall be charged on all marriages by license, except the marriages of officers and others in the Military or Naval Service of Her Majesty.

RULE III.—The fee for a Surrogate's license, shall be Rupees 50 both at the Presidency towns and in the interior. No fee shall be charged on marriages by banns.

From the Venerable J. BALZ, Archdeacon, Calcutta, to the Secretary to the Government of Bengal No. 702, dated Moorshpore, the 18th January 1878.

With reference to your note No. 122 of 8th January 1878, forwarding copy of letters relating to the removal of a body from the Bhowanipar cemetery to the Roman Catholic Church in Dhurramtolla, I have the honor to say that there is no Government Order bearing exactly on such a case, but that there is a regulation recently passed that no cutcha grave should be opened for the purpose of converting it into a masonry grave or vault without previous reference to the Archdeacon and the certificate of the Principal Medical Officer that no risk would be incurred thereby to the public health.

If this is certified with respect to the removal of the body referred to, and the Roman Catholic authorities make no objection to its re-interment in the Dhurramtolla Church, I see no particular reason why the removal should not be sanctioned. I think, however, that the coffin should certainly be cased with a zinc covering while it is being removed, which could be taken away, if necessary, when the coffin is finally deposited in the vault.

From J. O'KINDALE, Esq., Officiating Secretary to the Government of India, to Mr. JAMES SUTHERLAND, 10, Clive Row, Calcutta, No. 44, dated Fort William, the 31st January 1878.

In reply to your letter dated the 20th ultimo, I am directed to say that the Governor-General in Council is pleased to grant permission for the removal of the body of Joseph Gill from the military burial-ground at Bhowanipar for re-interment in a family vault in the Dhurramtolla Roman Catholic Church on the following conditions:—

- (1) That you obtain a certificate from the Principal Medical Officer at the Presidency that no risk to the public health will be incurred by the removal of the body;
- (2) that the Roman Catholic authorities have no objection to the re-interment of the body in the Dhurramtolla Church; and
- (3) that the coffin be encased in a zinc covering while it is being removed, which covering may be taken off when the coffin is finally deposited in the vault.

No. 45.

Copy to the Government of Bengal for information, with reference to letter thence, dated the 25th instant, No. 577.

No. 46.

Copy to the Venerable the Archdeacon of Calcutta for information.

RULE IV.—When registers are searched and a copy of any entry given, a fee of one rupee shall be charged for the first year,* and four annas for every additional year over which the search may extend, as well as a fee of one rupee for the certificate. Soldiers, sailors and non-commissioned and petty officers are exempted from payment.

NOTES.—(1) The amount of fees payable for marriages performed, and for searching registers kept in accordance with the provisions of Act XV. of 1872 (The Indian Christian Marriage Act), is fixed by each Local Government.

(2) The Chaplain may at his discretion reduce or altogether remit in cases of extreme poverty the fee for searching registers.

* Government of India, Finance Department, Notification No. 1603, dated the 9th June 1882.

In exercise of the powers conferred by section 8 of the Indian Stamp Act (I of 1879), the Governor-General in Council is pleased to remit the stamp duty (if any) chargeable on copies of, or extracts from, baptismal, marriage, or burial registers certified by Government Chaplains, subsidised or unsubsidised Clergymen, or Diocesan Registrars and granted to—

- (1) soldiers, sailors, or non-commissioned or petty officers;
- (2) or persons in needy circumstances, in whose favor Chaplains may exercise the discretionary power vested in them by Rule IX (a) of the Ecclesiastical Fee Rules published on the 29th September 1882, and may grant exemption from the payment of fees under Rule IV (b) of those rules.

Government of India, Finance Department, Notification No. 2036, dated the 30th June 1882.

Whereas copies or extracts certified to be true copies or extracts of baptismal, marriage, and burial certificates, granted by Ministers and Marriage Registrars, are generally furnished on printed forms for which impressed sheets of stamp paper cannot be used without inconvenience; therefore, in exercise of the powers conferred by section 9 of the Indian Stamp Act, 1879, the Governor-General in Council is pleased to make the following rule:—

The stamp duty payable under Article 22 of Schedule I of the Indian Stamp Act, 1879, on copies or extracts certified to be true copies or extracts of baptismal, marriage, and burial certificates shall be denoted by means of adhesive court-fee labels.

Financial Department Notification, No. 1603, dated 9th June 1882, remitting the stamp duty (if any) chargeable on copies of, or extracts from, baptismal, marriage, and burial registers certified by Government Chaplains, subsidised or unsubsidised Clergymen or Diocesan Registrars, and granted to certain classes of persons therein specified.

RESOLUTION.—In connection with the orders contained in the above-mentioned notification issued by the Department of Finance and Commerce, the following questions have now been raised by the Officiating Senior Chaplain of the Church of Scotland:—

- (1) In what way the adhesive court-fee labels prescribed by the notification, dated the 30th June last, should be defaced, and
- (2) Whether in a case of a certificate granted to a person belonging to any of the classes exempted by the notification dated the 9th June last, anything should be written on the certificate to show why it has been granted without the payment of stamp duty.

2. As regards the first question, the Governor-General in Council is pleased to direct that the officer issuing the certificate shall cancel the adhesive court-fee label affixed thereto by writing his name across it; and with regard to the second question, His Excellency in Council considers it desirable that a statement signed by the officer issuing the certificate should be made thereon, showing the grounds on which such certificate is issued without the payment of stamp duty.

IV.

Rules for regulating grants for the building of churches; compensation for accommodation for soldiers in chapels neither belonging to, nor rented by Government; and for the supply of church furniture.

RULE I.—All State charges for churches are provided from Public Works Funds. In civil or military stations, such charges are to be dealt with under the general head "Civil Buildings." In the case of churches in stations where there are military cantonments and the military works are under the charge of the Inspector-General, and in the case of churches in provinces to which the Provincial Service arrangements do not apply, the necessary funds should be provided from the ordinary grant for Imperial Works under "Civil Buildings, Roads, and Services." In other cases the funds should be provided for from the allotment for Provincial Services.

RULE II.—The provision of churches from Public Works Funds is authorized under the limitations given in the following rules.

MILITARY STATIONS.

RULE III.—At all permanent military stations churches will be provided by the Government for its Protestant and Roman Catholic European British-born soldiers on the scale laid down in Rule VI.

NOTE.—The term "Protestant" includes members of the Church of England and of the Established Church of Scotland, Presbyterians, Wesleyans, and such other denominations of Christians as may from time to time be included by the Government of India.

RULE IV.—The amount of the Government grant for a Protestant Church will in no case exceed such a sum as will suffice to provide a plain substantial building of the simplest ecclesiastical design, together with such plain furniture as is essentially necessary for the proper performance of the service according to the ritual of the Church of England. It will rest with private individuals to furnish the means of imparting architectural decorations to the building, should they desire to do so, and also of supplying additional furniture, including apparatus for lighting, of a more costly description.

RULE V.—The same principles will regulate the grant for Roman Catholic Churches.

RULE VI.—The number of sittings to be provided will be calculated on the following scale:—

Detail.	Protestant.	Roman Catholic.
	Number.	Number.
Regiment of British Infantry	400	300
Wing of " "	200	150
Regiment of " Cavalry	250	150
Wing of " "	150	100
Troop of Horse Artillery or Light Field Battery	100	50
Heavy Field Battery	50	25
Garrison Battery	50	25

NOTE.—The numbers in the preceding tables include soldiers' families.

RULE VII.—Any provision that may be necessary may also be made for Staff Officers, Officers of Native Regiments, and, where no civil church exists, for European British-born subjects in the service of Government or for Railway servants, in accordance with the scale and terms hereinafter prescribed for civil and railway stations respectively.

RULE VIII.—As a rule, only one Protestant and one Roman Catholic Church will be provided; and where the number of sittings required for the troops according to the scale above given is very large, the size of the church may be regulated so as to allow of at least one-half of the troops attending service at one time.

RULE IX.—The Government grants for churches will be calculated on the following basis. The Executive Engineer shall prepare a ground plan which will afford—

- accommodation for the total congregation to be provided for according to the scale laid down in Rules VI and VII, allowing six superficial feet per sitting;
- passages, chancel, vestry, porch of such moderate dimensions as may be reasonable in each case;
- tower or belfry, as may be required according to the dimensions, general design, and locality of the building.

The Government grant will be at a rate per superficial feet of the area of (a) and (b), 25 per cent. in excess of that which prevails at the station for ordinary single-storied buildings. Where a tower is admissible, a further grant at the above rate, may be made, for it is calculated on an area not exceeding three times the area occupied by its base.

CIVIL STATIONS.

RULE X.—At the chief civil station of a district, where there are at least 20 European British-born subjects, Protestants or Roman Catholics, as the case may be, in the general service of Government, and where no suitable church provision for them exists already,

the Government will contribute towards church accommodation upon the following terms:—

(1) Number of sittings required.	(2) Maximum Government grant.
	Rs.
25	2,000
50	3,500
100	5,000
150	6,000
200	7,000
250	8,000
300	9,000
350	10,500
400	12,000
For any excess over.....400	Rupees 30 per seat in excess.

NOTE.—(1) When the number of seats to be provided lies between any two numbers given in the table, the grant for the portion of the whole number of seats represented by the lower numerical figure in the table will be the grant shown against that figure, the rate per sitting for the excess number of seats over such lower figure being arrived at by dividing the difference between the maximum grants shown against the next higher figure and the said lower figure by the difference between the higher and lower figure. Thus, for 110 seats, the Government grant for 100 seats will be Rs. 5,000, and for the remaining 10 at the rate of $\frac{6,000-5,000}{100-100} = \text{Rs. } 20 \text{ per seat.}$

(2) As a rule, only one Protestant and one Roman Catholic Church will be provided. In the case of Protestant Churches, accommodation will ordinarily only be provided for the number willing to attend the Church of England service.

(3) In ascertaining the number of seats to be provided, women and children belonging to the families of European British-born subjects in the general service of Government and pensioned soldiers and their families may be taken into account, two children being counted as one adult.

(4) In cases of stations where abnormal rates prevail, special application may be made to the Government of India for an increase to the grant given by the State; but no grant for more than 200 sittings will be made except at seats of Local Governments and Administrations, or at Hill Sanatoria. In the latter case, the number of European British-born subjects in Government service must exceed (without their families) 120 to warrant the grant for a church of greater accommodation than 200 sittings.

RULE XI.—No Government grant for a church in a civil station will be made until private subscriptions have been obtained, and then the grant will not exceed double the amount thus actually realised, the maximum figure in column 2 of the table above being in any case the extreme limit of the grant towards the scale of accommodation which stands opposite in column 1. And in no case will the Government grant be allowed until these contributions, together with the grant, amount to the estimated cost of the church.

RAILWAY STATIONS.

RULE XI-A.—Whenever there are, at any State Railway station or depot so situated that other church accommodation does not exist or is not available with reasonable convenience, at least 25 persons in the Railway service of Government who are of European descent, pure or mixed, retaining European habits and modes of life and professing the Christian religion, whether Protestant or Catholic, churches will be provided by the Government for them in accordance with Rules IV, V and VIII; the number of sittings being calculated on the principle, *mutatis mutandis*, of Rule X, notes (2) and (3), and the grant being in conformity with Rule IX.

RULE XI-B.—Whenever such separate churches are not required, church accommodation for any such persons may be provided in the plans of any church which is about to be erected at a military or civil station; but in the case of a church at a civil station, the restrictions in Rule X, note (4), and in Rule XI shall not apply in respect of the numbers of, and grants for, such persons.

RULE XI-C.—In cases where a State Railway station or depot is considered by the Railway administration to be likely to increase, such addition may be made to the number of sittings, calculated as above provided, as the Government of India in the Public Works Department may, in each case, sanction.

RULE XI-D.—The rules in this section relating to churches and church accommodation for State Railway servants shall apply to persons in the service of any Railway Company assisted by the Government, by guarantee or otherwise, provided that the consent of the Board of Directors or other duly empowered representative of such Company be previously obtained.

GENERAL.

RULE XII.—It is desirable, whenever such a course will not be attended by inconvenience, to combine the civil or railway with the military church of a station, the grant

allowed for the church accommodation of the British troops or State Railway servants before given being supplemented by a grant according to the scale shown in Rule X and XI, or XI-A to D, as the case may be. In special cases, buildings may be rented for Divine service, with the previous sanction of the Government of India, or of the Local Government or Administration, according to whether the charge is Imperial or Provincial.

RULE XIII.—In addition to church accommodation as above prescribed, a house for the chowkidar or resident bearer may be provided. In cases, however, where the church is distant from the bazaar and where special grounds are shown, accommodation may be provided for other duly authorized servants; but such further accommodation will be limited to shelter for day use only. These houses should, when practicable, be adjoining to, and not within, the church compounds; but when within them, they should be erected in keeping with the other church buildings.

RULE XIV.—Grants from Imperial Funds will be sanctioned by the Government of India in the Public Works Department only. Grants from Provincial Funds will be sanctioned by the Local Governments and Administrations, subject to the limitations contained in these rules.

RULE XIV-A.—The scales of accommodation and expense for all churches above laid down are in no case to be exceeded without a reference to the Government of India, even though the proposed expenditure from public funds may be within the powers of sanction vested in the Local Government or Administration.

RULE XV.—Church accommodation for non-official residents, either British-born Europeans or others, or for official residents other than British-born or State Railway servants, should not be sanctioned by the Local Governments or Administrations without reference to the Government of India.

RULE XVI.—When private contributions are combined with a Government grant towards building a church, the procedure to be adopted is as follows:—

(a) Under ordinary circumstances, the amount of private contributions being known, a definite design and estimate will be prepared by the Executive Engineer and submitted for sanction in the usual way, the limit by which the Executive Engineer will be guided in his designs being the aggregate of the Government grant according to the scales given in the preceding rules and the amount of private contributions actually realised.

(2) Before the work is commenced, the amount of the private contributions must be paid into a Government Treasury, or guaranteed by sufficient security, and carried to credit of deposits in the accounts of the department.

Note.—In the case of a grant from the Church Building Fund for the Diocese of Calcutta, a certificate instead of a cash payment in advance may be accepted, showing the amount of the contribution to be allowed. The conditions on which this certificate may be accepted are that in every case definite arrangements must be made with the Local Government or Administration concerned respecting the precise dates on which the contributions will be paid, and that, until the payment is made, the Government shall have a primary lien on the funds of the Society. In case of any failure in paying up the stipulated payment on due date, the privilege herein allowed is to cease.

(3) In dealing with cases of this nature, the private contribution is to be looked upon as an addition to the Government grant, instead of the money allowed from public funds being considered as grant in aid of private contributions, and the responsibility of Public Works Officers with respect to the preparation of estimates and the construction of such buildings with reference to excess of expenditure over the estimate will be as strictly enforced as where only public funds are expended.

NOTE.—In the case of State Railways, the functions assigned in this and succeeding rules to the Executive Engineer will devolve on the manager.

(4) In special cases, however, the Government grant for a church at a civil or railway station may, with the sanction of the Government of India or of the Local Government or Administration, as the case may be, be treated as a grant in aid of private contributions raised for a church intended either as a civil or railway church within the meaning of these rules, or partly for the use of non-official residents or others for whom grants are not admissible under these rules.

(2) In such cases, the plans and specifications shall be submitted to the Executive Engineer for the approval of the proper officers in the Public Works Department, who shall sanction them on satisfying themselves that they are safe and suitable and can be executed for the estimated amount. The construction of the building may then be left to the managers or trustees of the private contributions raised, with whom must rest the responsibility for excess, if any, over the amount of the sanctioned estimate.

(3) In such cases, the grant will ordinarily not be paid in full until the Executive Engineer has certified that the building has been completed in accordance with the sanctioned plans and specifications; but the Executive Engineer may make advances out of the sanctioned grant on receiving sufficient proof that the building is proceeding satisfactorily, and on the managers or trustees certifying that all subscriptions relied on in support of the application for the grant have been paid up in full or guaranteed by sufficient security.

(4) When a grant is made under clause (6) of this rule for a church intended partly for the use of non-official residents and others for whom grants are not admissible under these rules, there shall be a trust deed, duly registered—(1) declaring that the building is granted in trust for church purposes only; (2) giving to Government a prior lien on the building for the recovery of the grant in the event of the former being diverted to

other purposes; (3) providing for the legal ownership of the building; and (4) indicating sufficient sources for its proper maintenance.

RULE XVII.—The preceding rules shall apply, as far as may be, to the enlargement of existing churches.

CHURCH FURNITURE.

RULE XVIII.—The supply of church furniture will be regulated by the following rules. All expenditure connected with the articles to be supplied by the Public Works Department will be provided for under the rules laid down for that purpose:—

(6) All applications for funds for the supply to Roman Catholic churches of the articles mentioned above should be submitted through the Roman Catholic Bishop of the diocese in which the church is situated.

Rule XIX.—The Executive Engineer will be guided, in granting the certificates above alluded to, by the following principles:—

Class I. Churches built by Government.—The certificate should state that the church was built by Government for the use of European troops or European British-born subjects in the service of Government or of State Railway servants, and is still maintained for the same purpose.

Class II. Churches which have received building grants from Government.—The certificate should state that the church received a building grant of Rs. equal to the part of the total cost of the building, and that the grant was made on account of European troops or European British-born subjects in the service of Government or of State Railway servants, and that the building is still used by them.

For this class of churches a proportion of the standard cost of the articles will be sanctioned equal to the proportion of the grant-in-aid to the total cost of the building itself.

Class III. Churches rented by Government.—The certificate should state that the church is wholly rented by Government for the use of European troops or European British-born subjects in the service of Government or of State Railway servants.

In this class the articles necessary for service will be given by the Military Department, but returned into store if the building ceases to be rented for the performance of Divine service to a military congregation.

NOTE.—In none of the classes described above should any article of furniture be allowed with retrospective effect, and the required certificates should afford information as to when the article was originally supplied and by whom, and the reason for recommending its renewal. When, however, the Government pay for the use of a certain varying number of seats in a church, the hire of the seats should include everything necessary for the performance of the service.

Rule XX.—When a church, whether Protestant or Roman Catholic, is to be furnished, the Executive Engineer should communicate with the Ecclesiastical authorities concerned with a view to afford the congregation an opportunity of furnishing the church by private subscriptions in more costly style, should they wish to do so. It is to be understood, however, that any article of furniture to which any public funds may have been applied will remain the sole property of Government, even though a portion of its cost may have been contributed by private persons. And in cases where articles of furniture are procured from England, they should be purchased through the Secretary of State in the ordinary way, with the exception of articles to which the note to clause (2) of Rule XVIII applies, which may be purchased as therein allowed.

Rule XXI.—Where pew rents are charged, the renewal and repair of furniture will be met from that fund, and not be allowed to be brought forward as a public charge.

In cases where a portion of the seats are reserved by Government and the remainder rented out, the cost of renewal and repairs should be apportioned accordingly between Government and the pew rent fund.

Rule XXII.—In cases in which articles of furniture belonging to a Government church are stolen, an immediate inquiry should be held in view to ascertaining whether the loss was caused through the negligence of the person responsible for the custody of such furniture. In the case of Protestant churches at civil or railway stations, the inquiry should be conducted by the Chaplain and the members of the Church Committee; and in the case of Roman Catholic churches at such stations, by the Chaplain in charge and the chief civil officer of the place, or such other person or persons as the chief civil officer may nominate for that purpose. As regards Protestant and Roman Catholic churches in cantonments, the investigation should be made by a Committee assembled under the orders of the Officer Commanding, as is the case in respect of all other inquiries into

loss of Government property, the Chaplain in charge being invited either to be a member of the Committee or to give evidence before it.

(2) If the result of the inquiry should be to show that the loss was occasioned by negligence on the part of the person responsible for the custody of the furniture, such person should, if possible, be required to make good the loss; or, if it should appear that the loss was due to circumstances beyond the control of the responsible officer, then the Government of India will be prepared to consider an application for the replacement, at the public expense, of the articles stolen. Such application should be submitted through the ordinary channels and should be accompanied by a full report of the inquiry.

Rule XXIII.—The care of church clocks is to be charged against the pew rent fund, where it exists.

Rule XXIV.—The pay of chowkidars of churches will be disbursed through Chaplains.

Rule XXV.—Churches are under the control of the Bishop of the Diocese in respect to the erection of tablets, ornaments, &c., while in course of construction, as well as after completion and consecration.

OWNERSHIP AND REPAIR OF CHURCHES.

Rule XXVI.—All churches built under these rules, except Rule XVI, clause (b), shall be considered the property of the Government.

As a general rule, all churches, whether Protestant or Roman Catholic, which have in past times been built by the Government, are the property of the Government.

Churches, whether built wholly by private contributions or by such contributions jointly with State grants, which have been borne for a series of years on the books of the Public Works Department and have been repaired and otherwise dealt with, unchallenged, as Government buildings shall be deemed to be the property of Government.

Churches built wholly or in part by private contributions which have not been so borne, repaired, or dealt with, but which may be taken over on behalf of Government, under sanction of competent authority, shall be brought on the books of the Public Works Department as the property of Government.

Rule XXVII.—All churches which are the property of Government shall be in charge of the Executive Engineer, and shall be repaired under the ordinary rules of the Public Works Department.

In every case in which any alteration in a church belonging to the Government, which affect its structure or its permanent fittings, may be desired by the Chaplain or other Clergy, the Executive Engineer must be consulted and his consent obtained in writing before the alteration is carried out.

COMPENSATION FOR ACCOMMODATION IN CHURCHES NEITHER BELONGING TO, NOR RENTED BY, GOVERNMENT.

Rule XXVIII.—The rate of compensation for sittings for Roman Catholic soldiers shall be determined by the Public Works Department with reference to the value and description of the accommodation provided, subject to a limit of Rs. 3 per seat per annum, broken periods counting as a year.

RESOLUTION.—In the papers read above, it is shown that the rules published in 1877 regulating the scale on which charges for compensation for sittings provided for soldiers in Roman Catholic and other chapels should be admitted are not applied generally, and that there are some chapels which received fixed grants in excess of scale under special orders of the Government of India. It is, however, considered expedient that the rules of 1877, which are considered quite liberal enough in themselves, should be applied without exception from a fixed date. The Governor-General in Council has therefore resolved that from 1st January 1883, the rules of 1877, incorporated in Public Works Department Code, Chapter XI, paragraphs 58 to 61, shall be enforced in their entirety, and that all special grants sanctioned, from time to time, in individual cases should cease from and after the date specified.

2. This order will apply only to chapels for which fixed grants have been specially assigned, and is not intended to disturb the arrangements in those cases in which special grants have not been assigned and where the rules in question have already been brought to effect.

RULE XXIX.—The number of sittings for which compensation is allowed will be regulated by the highest attendance during the year of soldiers and their families (two children being counted as one adult) actually quartered in the station, subject to the same limit as is imposed in the case of the number allowed in churches built at Government expense (Rule VI), the maximum allowed being 300 for a regiment of European Infantry or 38 per company.

NOTE.—“Compensation may be charged for sittings provided for British-born commissioned and non-commissioned officers (including families) employed on the Staff, or with native regiments, in addition to the number of sittings allowed under Rule VI.”

RULE XXX.—The outlay will appear in the Department Budget Estimates and Accounts under the head of Civil Buildings—Repairs.

RULE XXXI.—Charges for compensation require the previous sanction of the Government of India, and must be supported by a certificate from the Officer Commanding the Station of the numbers of Roman Catholic soldiers and women and children, for whom accommodation has been obtained, and by a receipt for the money paid.

Such charges as have once been approved by the Government of India need not be re-submitted annually for sanction, but may be paid on the authority of the Local Government or Administration, subject to the conditions under which the original sanction was obtained.

RULE XXXII.—Compensation may be paid for Roman Catholic State Railway servants for whom church accommodation has not been provided by the Government, the number of sittings being determined in the manner provided in Rule XI-B, the certificate being furnished by the Manager of the Railway, and the sanction of the Director-General of Railways being previously obtained. The charge will be debitable to the Revenue account of the Railway.

RULE XXXIII.—Compensation may be paid, with the previous sanction of the Government of India, for Protestant soldiers or State Railway servants under circumstances similar to those under which the same would be payable in the case of Roman Catholics.

APPENDIX A.

Extract from the Proceedings of the Government of India in the Home Department, No. 6—370-382, (Ecclesiastical), dated Simla, the 9th November 1876.

Read Home Department Resolution, Nos. 314 to 318, dated 6th October 1876, appointing a Committee to report upon the following matters connected with ecclesiastical administration:—

- (1) The framing of joint estimates for expenditure on cemeteries or churches by the Executive Engineer and Clergyman in charge.
- (2) A revision of establishments for cemeteries according to their area.
- (3) The site of monuments and amount of ground that may be enclosed.
- (4) Provision for planting cemeteries and preserving them in decent order.
- (5) Mode of supply of certain articles of church furniture.
- (6) The substitution of three for two classes of churches with respect to the expenditure allowed for them by Government.

Read the Report of the Committee, dated 29th October 1876.

RESOLUTION.—The Report of the Committee has been considered by the Governor-General in Council, who desires to express to the Committee his satisfaction at the result of their labors.

The following rules have been approved relative to the subjects referred to the Committee for report:—

1. Churches and cemeteries have already been divided into two classes: (1) those in Public Works Department, stations where there are military cantonments and the military works in which are under the charge of the Inspector-General of Military Works, and (2) those in other military cantonments and civil stations.

In both classes of stations joint estimates of expenditure should be framed annually by the undermentioned officers:—

(a) In the case of all expenditure connected with establishments, e.g., pay of servants, alterations in their pay or number, &c., also all expenditure by Government connected with the provision of articles of church furniture supplied by the Civil Department.

By the Chief Magistrate of the District and by the Chaplain.

* The estimates should be for the financial year, and should be prepared in advance as is prescribed for other budget estimates.

(b) In the case of all expenditure connected with repairs and additions to church fabric, to church compounds or cemetery walls, to cemetery gates, walks, wells, chowkidars, or other church servants' houses, provision of necessary appliances for graves or for the repair of tombs or for the planting of trees and shrubs in cemeteries and keeping the same in decent order; also all expenditure by Government connected with the provision of articles of church furniture supplied by the Public Works Department.

(See Financial Department Resolutions No. 87, dated 9th January 1875; No. 2024, dated 31st March 1875; and No. 676, dated 29th February 1876.)

By the Executive Engineer and by the Chaplain.

The estimates of expenditure to be prepared by the Executive Engineer and the Chaplain should show distinctly the probable charge under each of the following heads:—

- (i) New works connected with additions to existing churches and improvements to church compounds.
- (ii) New supplies of furniture for churches and sanctioned articles of church use.
- (iii) New works connected with additions to existing burial grounds.
- (iv) Repairs to churches and church furniture and maintenance of church compounds.
- (v) Repairs to burial grounds to be executed by Public Works Officers.
- (vi) Repairs to burial grounds, including planting and cleaning, to be entrusted to the Chaplain or chief civil or military officer of the station or cantonment under paragraph 4.

It would be convenient if distinct estimates were prepared for each of these classes of expenditure.

The provision of funds to meet the charges above enumerated will be made in the budget estimate of the Public Works Department. The estimates for the same will be subject to the scrutiny of, and be passed by, the Superintending or Chief Engineer or Local Government or Administration according to the rules in force in the Public Works Department.

In stations in which the churches and burial grounds are under the Local Government and Administrations in which the Provincial Service arrangements are in force, the charges debitable to the Public Works Department will be provided for in the Provincial Public Works Budget Estimate. In other provinces and in the Military Works Branch the charge will be provided for in the Imperial Public Works Budget Estimate under Civil Buildings.

2. The following scale of establishments should be maintained at all cemeteries:—

- (i) For a cemetery of which the area is five acres or less, one mali-chowkidar;
- (ii) For a cemetery of which the area is more than 5 and less than 10 acres, one mali-chowkidar and one assistant coolie;
- (iii) For a cemetery of which the area is more than 10 and less than 15 acres, one mali-chowkidar and two assistant coolies; and
- (iv) For a cemetery of which the area is more than 15 acres, one mali-chowkidar and three assistant coolies.

It is left to the Local Governments and Administrations to determine the proper wages to be given to each servant. The cost of this establishment will be charged to Provincial Services in the case of those Local Governments and Administrations in which the Provincial Service arrangements are in force, and in the case of other Local Governments and Administrations and the Military Works Branch of the Public Works Department to Imperial Funds. In either case the charge will be included in the Civil Budget Estimate.

4. No portion of the receipts from cemeteries and church compounds should be retained by any Government officer to be directly expended by himself; all such receipts should be paid into the Civil Treasury to the credit of the Public Works Department. In the case of receipts from cemeteries and church compounds in charge of the Military Works Branch, and under those Governments and Administrations in which the Provincial Service arrangements are not in force, the credit will be treated in the Public Works accounts as a receipt under Imperial Public Works Revenue. In the case of the other Governments and Administrations, the credit will be raised to Provincial Service Public Works Revenue. But the amount passed upon the joint estimate framed by the Executive Engineer and Chaplain to provide for planting a cemetery and preserving it in decent order should be entrusted to the Chaplain where there is one. Where there is no resident Chaplain, the amount should be placed at the disposal of the Chief Magistrate on the spot, or of the senior military officer if the cemetery is attached to a military cantonment. The necessary funds for the purpose will be advanced by the Executive Engineer concerned to the Chaplain or civil or military officer. Bills for the expenditure should be rendered by the officer to whom the advance has been made, either monthly or otherwise, to the Executive Engineer, who will charge for the amount thereof in the usual way in his accounts. Until the bills are received and charged off, the advance will be placed in the Miscellaneous Advance Account of the Executive Engineer. All planting of shrubs and trees by private persons in cemeteries should be under the control of the Chaplain if resident, otherwise under that of the Magistrate or senior military officer.

as the case may be. When practicable well should be sunk in or near every cemetery.*

5. It should be understood that the Government cannot provide cemeteries at the public expense for Native Christian communities.

Note.—Where their number is small, the question is of little importance, and is best arranged by mutual concessions or by special provisions made locally by the parties immediately concerned. And I am to suggest for His Lordship's (Bishop's) consideration whether, if the necessity of dealing at the present time with this matter of Native Christian interment be in his judgment unavoidably established, it should not be carefully examined in consultation with the several Local Governments, having regard to the diverse needs and circumstances of the population in each separate province.

*In regard to churches and cemeteries situated within the limits of a military cantonment, the Government of India have decided—

- (1) that the Chaplain is required to obtain the permission of the officer commanding the station before ordering a tree to be cut down in a cemetery or church compound situated within the limits of a cantonment;
- (2) that the officer commanding the station may order a tree to be cut down in the cemetery or church compound without the Chaplain's consent;
- (3) that if rests with the Chaplain to sell the trees cut down in the cemetery or church compound, the proceeds being paid in, as required by the standing rules, to the Civil Treasury to the credit of the Public Works Department; and
- (4) that the consent of the commanding officer should be obtained in respect of all repairs or alterations over which he or the Cantonment Committee may exercise control under the Cantonment rules and regulations, e.g. Rules 33 and 26 of Chapter IV.

These orders however, do not interfere with the duty of the Chaplain to see that the cemetery is kept clear of rank vegetation, shrubs, and undergrowth which are not included under the designation of trees.

Resolution.—After consultation with the several Local Governments and Administrations, it was decided in February 1875 to reduce the cost of church establishments in India. To carry out this decision, the scale of charges (shown in the margin) was fixed for general adoption, with the reservation that in some places somewhat higher charges might be allowed under exceptional circumstances, and that in the case of third-class (non-military) churches, with fluctuating and very limited congregations, a moderate fixed allowance might be granted for lighting and sacramental elements. In accordance with this decision, the several Local Governments and Administrations were requested to submit a fresh classification of military churches, and a scale of charges in accordance with the principles thus laid down.

First class churches, the property of Government, containing more than 400 sittings at stations where there are European troops:—

One Clerk	12
Chowkidar-bearer.....	6
Water-carrier.....	5
Sweeper.....	4
Lighting	20
Total.....	47 a month.

Second class churches, the property of Government, containing less than 400 sittings at stations where there are European troops:—

One Chowkidar-bearer.....	5
Sweeper.....	4
Lighting	10
Total.....	19 a month.

Third class churches, the property of Government, at stations with no troops or with only Native troops:—

One Chowkidar-bearer	5 a month.
Number of churches.....	
First class (military)	8
Second do. (do.)	6
Third do. (non-military).....	42
Total.....	56

that an establishment of Rs. 47 a month be allowed to the church at Black Town; and that to five of the remaining 56 third class non-military churches, the marginally noted special allowances be allowed. These proposals are approved with effect from 1st April 1877. A tabular statement showing the financial results of the measure and including, as a temporary charge, the pay of such clerks as are now on the establishments of the second class military churches, should be forwarded for formal sanction.

5. The Government of Bombay proposes (1) to raise the pay of chowkidar-bearers; (2) to allow a peon to each Chaplain; (3) to retain clerks for second class military churches; (4) to do away with water-carriers and sweepers, and provide for their duties from the contingent allowance of Rs. 20 a month for lighting for first class churches; and (5) to allow a small contingent allowance to poor third class non-military churches. The tabular statement submitted by the Bombay Government also shows other variations from the standard scale fixed in 1875. The Governor-General in Council regrets that he is unable to sanction peons for Chaplains in Bombay; but he is pleased to sanction the following scale for adoption in the Bombay Presidency from 1st April 1877, with a request that a tabular statement showing the charges now made may be forwarded to Government for communication to the Audit Department:—

	First class military churches.	Second class military churches.	Third class non-military churches.

One Chowkidar-bearer.....	7	7	7
Contingent allowance to cover lighting and sweepers' and water-carriers' wages.....	20	10	B

A.—On the pay proposed by the Archdeacon of Bombay.

B.—A list of the poorer churches, for which a special contingent allowance is asked, should be entered in the tabular statement.

6. The proposal of the Government of Bengal in respect to the six military (first class) churches, including the two within the Fort William, for which the authorised allowance of Rs. 47 a month is considered to be sufficient, is sanctioned with effect from the 1st April 1877; Rs. 100 a month is also allowed for each of the four (third class) non-military Presidency churches* from 1st April 1877, for two years, subject to reconsideration at the end of that period; and an allowance of Rs. 55 a month is sanctioned for St. Stephen's church, Kidderpore, and the church at Howrah, on the same terms. Considering the peculiar character of St. Andrew's Kirk in Calcutta, and its use by the military, the recommendation of the Reverend Mr. Thompson, for an allowance of Rs. 100 when there are two Chaplains and Rs. 185 a month when there is one, is approved from the same date. The necessity for so large an allowance as Rs. 32 a month for the care of the clock must be further established. The entire services of a competent native artisan could probably be secured for a much smaller sum.

7. In respect to the non-military (third class) churches in Bengal, the Governor-General in Council considers that the scale laid down in February 1875 should be more closely adhered to than is proposed by the Government of Bengal. The exceptional allowances there contemplated were intended only for churches with "fluctuating and limited congregations," and not for general adoption. The churches at Dacca, Cuttack, Berhampur, and other places do not appear to be of this class. His Excellency in Council desires, therefore, that the Government of Bengal will submit a tabular statement more in accordance with the scale laid down in February 1875, and showing the financial results of the arrangements now sanctioned for church establishments in Bengal.

8. The classification of churches, submitted by the Government of the North-Western Provinces, shows that there are 361 churches, the proposed cost for the establishments of which is Rs. 670. But it appears doubtful if this classification includes the Episcopalian and Presbyterian churches at Allahabad. This should now be made clear, and the church at Cawnpur should be ranked as a third-class (non-military) church, and not as a second class military church. The usual tabular statement should also be submitted, showing the financial result of the charges now authorized with effect from the beginning of the next financial year.

9. There are 48 churches in the Punjab, and the cost of the establishments proposed for them is Rs. 878 a month. It is also recommended that Rs. 50 a month may be placed at the disposal of the Government of the Punjab for allotments when necessary to the poorer third class (non-military) churches. The proposals of the Government of the Punjab are sanctioned with effect from 1st April 1877. The usual tabular statement should be submitted.

10. There are 15 churches in the Central Provinces, the cost of the establishments of which is Rs. 205 a month. Revised establishments as shown below are sanctioned for these churches, resulting in an increase of Rs. 17 a month over the existing charge:—

	Existing cost per mensem.	Now sanctioned per mensem.

11. The Chief Commissioner of British Burma submits a list of church establishments in that province, and recommends "that the establishments should be restricted to the scale fixed by the Government of India, but that the rates of pay should be in accordance with those which are customary throughout Burma, where the cost of living is greatly in excess of that of India. He also recommends that an allowance of Rs. 30 a

12. In addition to the higher rates of pay for chowkidar-bearers on account of the prevalent wages in the Hyderabad Assigned Districts, the Resident at Hyderabad proposes to add eight pence at a cost of Rs. 56 a month to the authorized scale of church establishments. The Governor-General in Council regrets that he is unable to depart from the scale already fixed, but is pleased to sanction the other proposals, as shown below, from the beginning of the next financial year:—

13. The list submitted by the Chief Commissioner of Oudh shows that there are only six churches in Oudh—three of the first and three of the second class. The proposed classification of these churches is approved with effect from 1st April 1877 with a request that a tabular statement may now be forwarded.

14. The Chief Commissioner of Assam states that there are in Assam six third class non-military churches, and proposes to pay the chowkidar-bearers at Rs. 10 each a month, remarking that "this is the lowest salary on which a servant can be entertained to perform the above duties in this province." The Governor-General in Council sanctions a chowkidar-bearer for each of the churches in Assam on the pay of Rs. 6 each a month from 1st April 1877, and requests that the usual tabular statement may now be forwarded.

Order No. 572, dated the 22nd May 1881, forwarding a copy of the above-mentioned resolution to the Military Department for information and guidance, with the intimation that the scale of charges mentioned above (which are debitable to the Military Department on account of Roman Catholic churches) should have effect from the 1st April 1880.

(3) A letter from the Military Department to the Controller of Military Accounts, Bengal, No. 1246 S.D., dated the 26th August 1881, sanctioning, as a very special case, the grant to the Roman Catholic Chaplain, Fort William, of the difference of lighting allowance between Rs. 33 and Rs. 47 a month, with arrears from the 15th August 1876 up to the 1st January 1881, and intimating that final orders in regard to the allowances admissible to Roman Catholic churches generally will be shortly passed.

RESOLUTION.—On reconsideration, the Governor-General in Council is pleased to declare that the Resolution of the 10th August 1876 read in the first section of the preamble is inapplicable to Roman Catholic churches. These churches are mostly not the property of Government, and it is only to churches owned by Government that the Resolution applies. Moreover, the application of the Resolution to Roman Catholic churches would have the effect, in the majority of cases, of largely reducing the allowances now given to them, and the Governor-General in Council does not consider that their reduction would be expedient.

2. Under this decision the increased grant, passed in the Military Department for the Roman Catholic Church of St. Patrick, Fort William, should be discontinued.

With reference to the correspondence ending with your letter dated the 29th November last, No. 242, regarding the establishment at St. Thomas' Cathedral, Bombay, I am directed to observe that it appears from the papers submitted that the cost of the Cathedral establishment and contingent charges amounts to Rs. 1,084 per mensem, and that the Trustees of the Cathedral object to any reduction being made, holding that under the trust deed they have an indefeasible right to claim from Government both establishment and contingent charges on the existing scale.

2. The Governor-General in Council does not admit that the Trustees alone have the power to decide the question at issue, but His Excellency in Council does not desire to press the matter, and leaves it to be settled by the Bombay Government on the most favorable terms which may be found possible.

3. I am to add that a maximum grant of Rs. 400 per mensem has been fixed for the Cathedrals at Calcutta and Madras.

Office Memorandum from the Military to the Home Department (Ecclesiastical), No. 1618 S.D., dated the 17th October 1881, proposing a general rule to regulate the incidence of charges on account of clerical and menial establishments for religious services in connection with the troops.

The undersigned is desired to acknowledge the receipt of the docket from the Home Department, No. 75, dated 5th May 1881, on the subject of the provision of a clerical and menial establishment for Presbyterian religious services in connection with the troops. The case in point is that of the 72nd Highlanders.

2. In reply, he is to forward the correspondence marginally noted, and to suggest that, as in regard to the general question there would seem to be some doubt as to the proper incidence of charges on account of such establishments, the present opportunity be taken to settle the question finally.

From Adjutant-General in India, No. 2795-B., dated the 29th June 1881.
From Controller of Military Accounts, Bengal, No. 10643. Return requested.

3. The present rule as regards Chaplains is understood to be as follows, viz:—
The Church of England Chaplains and the church establishments are paid in the Civil Department, even though employed in a cantonment solely for the use of the troops.

The pay of Roman Catholic Chaplains and of the chapel establishment engaged in the service of the troops is borne by the Military Department.

The pay of the Presbyterian Chaplains and of the church establishments at ordinary stations is borne by the Civil Department, but the pay of Presbyterian Chaplains with Highland regiments is a military charge.

4. It seems, therefore, to the Military Department right that the charge on account of establishments for the church services of Highland regiments should also be a military charge, when the Chaplain employed in the services is paid by the Military Department, and that in all other cases where there is a service performed for Presbyterian troops by a civil Presbyterian, Wesleyan, or other Chaplain, the charge for his services and any temporary establishment should be borne by the Civil Department.

5. The Military Department consider that the above would be a clearly defined rule, which would prevent the mistakes which appear to have been made on more than one occasion in regard to the debit of such charges, and the undersigned is to recommend its adoption to the Home Department.

RESOLUTION.—The rule proposed in paragraph 4 is sanctioned.

APPENDIX B.

Extract from the Proceedings of the Government of India in the Home Department, Nos. 2—275 to 287 (Ecclesiastical), under date Simla, the 8th September 1875.

Read the undermentioned correspondence relative to a proposed revision of the rules at present in force for the guidance of Chaplains of the Church of England in regard to the burial of such persons as have laid violent hands upon themselves, and of those who, having been members of the Roman Catholic Church, have been refused burial by the Priests of that church—

To Solicitor to Government, No. 327, dated 22nd September 1874.
From do. do. No. 331, dated 24th September 1874.
From the Lord Bishop of Calcutta, dated 18th January 1875.

RESOLUTION.—The first question was raised by the refusal of the Reverend C. H. Deane, Chaplain of Bangalore, to read the funeral service over a person who was found by a Court of Inquest to have committed suicide while in a state of temporary insanity.

2. The subjoined letter* from the Rev. * To Mr. Knox, dated 2nd January 1874. C. H. Deane sets forth the ground of his refusal:—

"When I answered your memorandum about the interment of the remains of the late Sergeant Spiers, of the 18th Hussars, I was not aware that he had committed suicide. I, as I understand, there is no doubt that he poisoned himself. I regret to say that I shall not be able to officiate at his funeral. The Rubric before the burial service distinctly forbids it to be used for any that 'have laid violent hands upon themselves,' so that I have no option in the matter. The grave will be ready at 5 p.m., but no services can be read."

* To the Acting Chief Secretary to the Government of Fort St. George, No. 488, dated 24th March 1874. 3. The view taken of the question by the Right Reverend the Bishop of Madras is stated in the subjoined letter:—

"I am directed by the Right Reverend the Bishop of Madras to acknowledge your communication of the 17th ultimo, forwarding copy of a letter from the Deputy Adjutant-General, transmitting correspondence relative to the Reverend C. H. Deane's refusal to read the funeral service over the late Sergeant Spiers, 18th Hussars, who committed suicide."

"2. In reply, I am desired to state that Mr. Deane seems to have been requested to perform the funeral without having been furnished with the customary death report or any intimation that it was a case of suicide."

"3. The Coroner's warrant in itself appears to be 'no more than a certificate that the body is not demanded by the law, and that therefore the relations may dispose of it as they please'—(Wheatley on the Book of Common Prayer). It does not, therefore, indicate the duty of a Clergyman, or place him under legal obligation to give to a body Christian burial."

"4. In keeping with this view, the Government Notification in *Fort St. George Gazette*, June 11th, 1850, page 628, when it intimates that 'the Reverend Chaplains will in future consider the warrant of the Coroner for the interment of a body on which an inquest has been held to be a sufficient authority for their performance of the burial service over it,' adds, 'if it would be their duty, under ordinary circumstances, to perform that service.'"

"5. What is the duty of a Clergyman when requested to bury a person who has committed suicide is to be ascertained partly from the Rubrics of our church, which are binding upon the Clergy and have the force of law, and partly from the limitations of recognized legal commentators."

"6. The Rubric at the opening of 'the Order for the Burial of the Dead' forbids a Clergyman 'to use that service for any that have laid violent hands upon themselves.'"

"7. In Burn's 'Ecclesiastical Law' it is laid down: 'Of this sort (suicide) are to be understood not all who have procured death unto themselves, but who have done it voluntarily, and consequently have died in the commission of a mortal sin; and not idiots, lunatics, or persons otherwise of insane mind.'"

"8. In the same book it is also stated that 'the proper judges whether persons who died of their own hands were out of their senses are doubtless the Coroner's jury.'"

"9. In the case under consideration, it appears that the Reverend Mr. Deane having regard only to the Rubric and *jure conscientie* according himself responsible for the interpretation of it, refused to bury the corpse even when he knew that the Coroner's jury had returned a verdict of 'temporary insanity.'"

"10. In this refusal, I am instructed to state that Mr. Deane has not, so far as the Bishop can ascertain, violated any law, but he has departed from a recognized custom in not accepting the verdict of the Coroner's jury as a justification for the using of the Church's service over the remains of Sergeant Spiers."

"11. Mr. Cripps, in his 'Practical Treatise on the Law relating to the Church and Clergy' (ed. 1862), states: 'No case appears ever to have occurred in which a Clergyman who has refused to bury the corpse of one who has committed suicide in insanity has been punished by the Ecclesiastical Law.' At the same time he adds: 'It must be doubtful whether a departure from a custom of such acknowledged propriety would not be visited with ecclesiastical punishment.'"

"12. In the absence of any Court competent to visit with ecclesiastical punishment, the Bishop desires me to point out that it is very painful to a laborious and conscientious

Clergyman, such as Mr. Deane is, to deny the last offices of the Church to one who has been under his spiritual charge, and it must, the Bishop thinks, be allowed that there was much in the circumstances of the present case to support the conclusion at which Mr. Deane arrived. I am, therefore, directed to say that His Lordship is disposed to take a lenient view of Mr. Deane's action, and the more so as those who are endeavouring to check the prevalence of intemperance in the army can ill-afford to lose any aid which a Clergyman in the honest discharge of his duty can lawfully render."

4. The Government of Madras referred the whole correspondence for the information and orders of the Government of India.

5. The following brief statement of the English Law will be found sufficient for the present purpose: By Common Law Christian persons are entitled to burial with the rites of the church. The Statutes passed from time to time for the uniformity of public worship have proceeded upon, though not expressly dealing with, this state of things. The 68th of the Canons of 1603 recognises it and enjoins the Clergy to act upon it. In that Canon occurs the exception of persons excommunicated for some grievous and notorious crime, and of whose repentance no testimony could be given. The Canons of 1603 are no part of the Statute Law, and it is only in a qualified sense that they are part of the law at all. But this Canon has been taken as truly expressing the ancient Common Law of the Church. The Books of Common Prayer have been embodied into the Statute Law by the various Acts of Uniformity, and Rubrics are authoritative guides when they speak (in the question when the services are or are not to be used).

6. Down to the year 1661 there was no Rubric forbidding the performance of the burial service over any persons except persons excommunicated. The Rubric now in force was framed in the year 1661, and received the force of law from the Uniformity Act of 1662. It prescribes that "the office is not to be used for persons unbaptised or excommunicated or who have laid violent hands on themselves."

7. The question now is whether the expression "have laid violent hands on themselves" includes all who have committed the overt act of suicide, or only those who have done so deliberately, being in their sound senses and in a state in which moral responsibility attaches to them.

* Page 793. 8. In Mr. Cripps' Treatise the following statement is made:—

"The uniform practice, however, so far as it has been to be ascertained, is in accordance with the reasoning and opinion of Dr. Burn, and it must be doubtful whether a departure from a custom of such acknowledged propriety would not be visited with ecclesiastical punishment."

9. The opinion of Dr. Burn will be found in his work on Ecclesiastical Law, Vol. I., p. 255. After referring to the ancient Canon which forbade Christian burial to those who violently put themselves to death, and stating that this rule was understood to apply to those who did the act voluntarily, Dr. Burn intimates that the Rubric should not be construed as severer than the preceding Ecclesiastical Law, and therefore should not apply to persons of insane mind.

10. In the year 1809 the Court of Arches, speaking of the treatment of suicides, puts it on the ground that they are supposed to die in the commission of mortal sin, and to have renounced Christianity.—(*Kemp versus Wicks*, 3 Phillimore, pp. 272, 273.)

11. The Government of India have not been referred to, and do not know of, any authority for holding that the words of the Rubric apply to persons who are not responsible for their actions. It is certain that the practice has not been to apply these words in that way.

12. Under the circumstances, the Governor-General in Council comes to the following conclusions:—

(a) It is reasonable in this matter to regulate the conduct of Clergymen of the Church of England, who serve the Government of India, by the law and practice of the Church of England.

(b) There is no authority for holding that the Rubric under consideration applies to those who have caused their own death while in a state of mental insanity. For holding the contrary there is the authority of commentators and of judicial dicta. There is also the much greater authority derived from a usage which is very widespread and long continued, if indeed it is not quite unbroken. Testing the question by reason, it is only reasonable to hold that the framers of this Rubric did not intend, as regards the burial of suicides, to alter the law and practice that they found to exist, or to visit with what must be considered as an ecclesiastical penalty, an act for which the doer is not responsible.

(c) Sincere respect is due to the scruples felt by conscientious men in performing a service of extreme solemnity. Nevertheless, it would not be reasonable that such scruples should prevail against the ancient law and practice of the Church of England which has been handed down to the present time, and which plainly authorizes the use of the burial service over persons who have caused their own death while in a state of insanity.

13. The Governor-General in Council must, therefore, require from all Clergymen connected with the Government their conformity to this ruling.

14. The next point for consideration is the rule requiring Chaplains to read the funeral service over the bodies of persons who, having died in the profession of the Roman Catholic faith, have been refused burial by the Priests of that church. It is stated by the Bishops of Calcutta and Madras that the Clergy of the Church of England look upon the rule as bearing hardly upon them, and they desire to have it reconsidered.

15. This rule was laid down in the year 1855 under the belief that the case was governed by positive law, viz. the 68th of the Canons of 1603. But, on reconsideration of the matter, the Governor-General in Council is of opinion—first, that the Canon in question, which is founded on the English parochial system, cannot, for the purpose now under consideration, be applied to the very different circumstances of an Indian station, and, secondly, that even if it were applicable, it would not prevent the Government from establishing a different rule of conduct for Indian Chaplains if found expedient.

16. The Governor-General in Council further thinks that for the case now under review a different rule is expedient. The Chaplain of an Indian station does not stand to the residents in the station in the relation which the Parson of an English parish bears to his parishioners. It was expressly so ruled by the Court of Directors in their despatch on this subject bearing date the 30th October 1844. Chaplains have been ordered to abstain from endeavours to influence the religious tenets of Roman Catholic soldiers, and in one case a Chaplain was compelled to resign the service for persisting in such endeavours.

17. As regards the Chaplains themselves, it does not seem consistent that they should be compelled to perform duties towards the corpse of a man whom when living they were forbidden to approach in any pastoral relation, and the Governor-General in Council admits that the dissatisfaction which the Chaplains have felt with the order of 1855 rests on reasonable grounds.

18. As regards other persons, it can hardly be agreeable to the feelings of either Protestants or Roman Catholics that the Chaplain should be called in to supply a service which the Priest has refused. To Protestants it must seem that, in so acting, their church is lax and careless about the performance of its solemn rites. To Roman Catholics it can hardly be otherwise than offensive that a stranger, who in their eyes has no authority, should affect to give to a member of their church what the recognised authority of that Church has thought fit to withhold. And neither community can wish it on account of any advantage to the dead man: not Protestants, because the whole notion of such an advantage is contrary to their tenets; and not Roman Catholics, because they do not attribute any spiritual character to the Chaplain.

19. For the above reasons the Governor-General in Council is pleased to revoke the order issued in the year 1855, and he will request the military authorities to make arrangements for the decent burial of Roman Catholic soldiers to whom the rites of their church have been refused by the Priests.

Resolution.—On a reconsideration of the subject, the Government of India think it necessary to modify the rules contained in the resolution of 8th September 1875, so far as regards the burial of deceased Roman Catholics. The Government of India have now decided—

1st, that at stations where there is a Roman Catholic Priest drawing an allowance from Government, he shall be held bound to read the funeral service over the body of every deceased Roman Catholic soldier brought for burial, unless he be excused from doing so by the Rubrics and Canons of the Roman Catholic church, and that when the Roman Catholic Priest refuses to read the funeral service over the body of a deceased Roman Catholic soldier, the military authorities shall make proper arrangements for the decent interment of the corpse;

2nd, that where there is no Roman Catholic Priest paid by the State, the Protestant Chaplain shall, if requested by the friends of the deceased, or by the officer commanding, be bound to bury the deceased according to the rites and ritual of the Church of England, except in either of the three cases in which Protestant Chaplains in India are excused from burying a deceased Protestant, viz. dying unbaptized even by lay baptism; excommunicated by

the major excommunication, or declared to be *felix de se*; and that when a Protestant Chaplain refuses to officiate at the burial of a deceased Roman Catholic soldier on either of the three above-mentioned grounds, the military authorities shall, as in the case of refusal by a Roman Catholic Priest, make proper arrangements for the decent interment of the corpse;

3rd, that whenever, with or without furnishing any explanation of his reasons, a Roman Catholic Priest paid by the State or a Protestant Chaplain refuses to perform the funeral rites of his church over the body of a deceased Roman Catholic soldier, the circumstances of the case should be fully reported by the military authorities for the consideration and orders of the Government.

2. The Governor-General in Council is accordingly pleased to direct the modification in the above sense of the provisions of paragraphs 15 to 19 inclusive of the resolution dated 8th September 1875.

Notes.—(1) The expression "proper arrangements for the decent interment of the corpse" in Rules 1 and 2 means that when

Letter to Government of Madras, No. 347, dated 31st October 1877. both the Roman Catholic and Protestant Chaplains refuse burial in a case of suicide by a Roman Catholic soldier whilst of

unsound mind, the funeral service should be read over the body by the officer commanding the deceased's company.

(2) The intention of the passage "bound to bury the deceased according to the rites and ritual of the Church of England" in

Letter to Government of Madras, No. 347, dated 31st October 1877. Rule 2 is, that the service of the Church of England should be read over the body if the Protestant Chaplain is requested by the

friends of the deceased to do so, but the rule does not in any way re-impose on Protestant Chaplains the burden of reading the burial service over either soldiers or civilians to whom a Roman Catholic Chaplain has refused burial. There is nothing to prevent a Chaplain burying any one if he chooses to do so, provided they are not unbaptized even by lay baptism, excommunicated by the major excommunication, or declared to be *felix de se*; only the Protestant Chaplain is no longer bound to do so.

(3) The expression "unbaptized even by lay baptism" in Rule 2 is equivalent to "unbaptized by either clerical or lay baptism."

Letter to Chief Commissioner of British Burma, No. 194, dated 2nd June 1879. The meaning intended to be conveyed is that baptism, either by lay or clerical, is sufficient to prevent a person from being

regarded as "unbaptized" for the purposes of the rule.

SOCIETY FOR PROMOTING CHRISTIAN KNOWLEDGE.

PARENT SOCIETY FOUNDED 1698.

MADRAS DIOCESAN COMMITTEE, ESTABLISHED 1815.

The Madras Diocesan Committee was formed with the following objects:—

1. To circulate, at very low rates, the Bible, the Book of Common Prayer, Religious Books and Tracts, and Works of Pure Literature.
2. To supply Mission and other Charitable Schools with maps and apparatus at cost prices.
3. To promote the translation of the Prayer Book and Religious and Educational Works into the Vernaculars of South India.
4. To aid in forming Libraries for Barracks, Hospitals, Schools and Missions.
5. To assist in Church and School Building.

In pursuit of the above objects the Society has, during nearly 200 years, and in this country nearly 80 years, originated or supported a variety of agencies of the greatest importance to the progress of Christianity.

It assists largely, in addition, in the spread of religious education in the diocese.

No less than 120 native girls are entirely maintained and educated by the Society, in schools under the direct supervision of Missionaries, and 7 students who are being prepared to take part in Mission work are maintained at a Theological College.

Subscriptions, Donations, Church Collections and Legacies are earnestly sought, that the Society may be able to increase its activity in proportion to the growing wants of the Church.

III.—SECUNDERABAD.

Fees fixed by Government for Sacred Offices.

Officiating Chaplain's fee for Marriage by License	Rs. 50
Banns on three Sundays	None.
Session Clerk's fee for an extract of Baptism, Marriage or Funeral	Rs. 2.

To avoid future possible difficulty in proving the actual performance of any Ecclesiastical ceremony, it would be advisable for parties concerned to immediately apply for an extract of Marriage, Baptism, or Burial, as the case may be, soon after the performance of the ceremony. (The fee for each extract is only Rs. 2.) On this subject the following question was recently submitted to Government:—"Section 6 of Act XV. directs us to keep a register book 'of all marriages of which certificates are granted under Section 61,' whilst Section 61 directs us to grant a certificate 'on the application of either of the parties,' making the application for a certificate optional. The 'Rules for the submission to Government of the Returns of Marriages, &c., Port St. George, March 15, 1874,' on page 5, Section 11, also make the issuing of certificates optional, depending entirely on the demand of those married. Is it then, as the wording of Section 62 compared to Section 61 would make it appear, really optional whether all marriages solemnized under Part VI. of Act XV. are registered or not? Is it the real opinion of Government that marriages under Part VI. for which no certificate has been demanded by the parties, shall also go without any registering?" The Advocate General has given the following opinion on the subject:—"It appears to have been the intention of the Legislature that the grant of a certificate of a marriage solemnized under Part VI. should depend on the application of one of the parties, and the necessity for registration on the grant of a certificate. The provisions of this part of the Act are extremely lax, and were intended probably to meet the wants of a very humble class, whose practice as to marriage it was not advisable to submit to severe scrutiny or rigid control. Persons celebrating such marriages would do well to point out to the parties concerned that, in the absence of the certificate and consequent registration, there may be difficulty hereafter in proving the marriage."

Fees for ground and monuments in Cemeteries—See Proceedings of the Madras Government, Ecclesiastical Department, 17th July 1885, or information can be obtained by applying to the Session Clerk at Madras.

Parties desiring Baptism or Marriage should apply to the Chaplain, or to the Session Clerk, St. Andrew's Kirk Compound.

Registers of Baptisms, Marriages and Burials are kept, and Periodical Returns forwarded to Government, attested by the Senior Chaplain.

Under the sanction of the Honorable the Court of Directors of date 17th January 1844, the Chaplains may pay occasional visits to any out-stations of the Presidency where a large number of Presbyterians may be residing.

The regulations regarding the Rank, Purlough and Retiring Allowances, Leave of Absence, &c., are the same as those applicable to the Chaplains of the Church of England.

THE MADRAS AUXILIARY ARMY SCRIPTURE READERS' AND SOLDIERS' FRIEND SOCIETY

PATRONS.

The Lord Bishop of Madras. | The Lord Bishop of Rangoon.

CENTRAL COMMITTEE.—Rev. M. G. Goldsmith, M.A., Church Missionary Society; Rev. H. D. Goldsmith, M.A., C.M.S.; Col. T. Walker, R.A.; Reg. C. H. Pelly, W. R. Arbuthnot, Esq. Hon. Secretary, Rev. R. B. Feast. Messrs. Arbuthnot and Co., Treasurers.

Scripture Readers employed.

SECUNDERABAD, Mr. G. BETTAM. BANGALORE, Mr. T. BISHOP.

The object of the Army Scripture Readers' Society is to promote true religion in the ranks of the British Army. With this view, Scripture Readers are employed, who, under the immediate superintendence of the Chaplains, visit the Barracks, Family Quarters and Hospitals, and by the reading of God's Holy Word, urge on the men and their families the great doctrines of salvation through Christ.

During the Crimean war two Societies were formed in England, to aid the British soldier, then maintaining the honor of his country and the glory of her arms; one had the spiritual welfare of the Troops in view, the other sought specially to aid in supplying the soldiers with temporal comforts.

On the 30th March, 1856 the late Mr. Marsden, who had been previously set apart for the work of the Gospel Ministry at Madras, became its Pastor. He died on the 2nd September 1860, at the ripe old age of 82, after an exemplary service in the Ministry of 33 years.

Besides watching over this Christian Society, the Pastor devoted a considerable portion of his time to Evangelistic visitation among the residents of Bangalore, particularly the Military, of whom there is always a very large number at the station.

PURSEWALKUM GENERAL CEMETERY.

Colacavund, August 25, 1892.

NOTIFICATION.

No. 74.—The following revised rules are published for information and guidance.—

RULES.

"I. The burial-ground shall be designated the 'Pursewalkum General Cemetery,' this designation being inscribed in large letters over the entrance, and the right of interment shall belong to all Christians not being members of the Church of England.

II. The management of the "Pursewalkum General Cemetery" shall be confided to a Committee selected by the Madras Mission Conference, to which the Governor in Council may, from time to time, add any person whom he shall think fit to nominate. The appointments made by the Mission Conference shall be duly submitted to the Governor in Council, who shall be at liberty, for reasons stated, to veto any such appointment.

III. The Committee shall keep the burial-ground in order, free from all rank vegetation, the trees and shrubs in it being neatly lopped. They shall receive the fees leviable under Rule VIII below, and shall make over to Government, at the end of each official year, any sums that may accrue therefrom after the payment of all expenses necessary for the upkeep of the cemetery. They shall also prepare an account of their receipts and disbursements or each official year, and shall render the same to Government in the Ecclesiastical Department for scrutiny and for publication in the official Gazette.

IV. The Committee may nominate their own Secretary, and may fill up vacancies in their own body, subject to the conditions specified at the close of Rule II, above.

V. All applications for permission to inter must be in writing to the Secretary to the Committee of Management, with particulars of the name of the deceased, date and cause of death, age, and late profession or employment.

Applications for the interment of children shall, besides containing the name of the child, also contain the names and profession of the parents.

VI. The Committee shall register all burials according to the established form, submitting the same quarterly to the President, Municipal Commission, Madras, and the Registrar-General of Births, Deaths and Marriages.

VII. The Committee shall be careful to have the graves so arranged that there shall be no waste of space.

VIII. The following are the rates of fees chargeable for interment in the cemetery:—

	RS.	A.	P.
(1) For every square foot* of ground occupied by a grave	0	8	0
NOTE.—This fee is independent of the actual charge for making a grave.			
(2) For a masonry monument per square foot	1	0	0
(3) For a cut-stone or marble† monument per square foot	0	8	0
Provided that no fee under articles (2) or (3) shall be less than	5	0	0
(4) Additional fee when a cut-stone or marble monument stands higher than 3 feet from the ground level	10	0	0
(5) For a lead stone or cross over a non-masonry grave	5	0	0
(6) For the erection of a tablet on a wall of the cemetery	75	0	0
(7) For a cenotaph, in addition to the ground fee a special fee of	50	0	0
(8) For burial in a family vault	3	0	0

In the case of Native Christians wishing to erect a monument, the charge may be reduced to one-half of the amounts specified above.

IX. British soldiers, non-commissioned officers and regimental warrant officers are exempted, with retrospective effect, from the payment of any fee for the construction of graves, or for the erection of monuments in burial-grounds to the memory of their comrades, wives or children, but not from the fees prescribed under Rule VIII (6) and (7). The widows and children of British soldiers, non-commissioned officers and regimental warrant officers are also exempted from payment of the former class of fees in the case of their deceased husbands and parents. No monument, either regimental or private, shall exceed the dimensions prescribed in XVI et seq. of these rules.

NOTES.—(1) This rule is applicable to British soldiers and non-commissioned officers whether in military or civil employ.

(2) Monuments erected under this rule subscribed for partly by non-commissioned officers and men, and partly by officers, are likewise exempted from the prescribed fee.

(3) Departmental warrant officers and volunteers are not exempted from payment of Ecclesiastical fees.

X. Applications for the erection of monuments, must, like those for interments, be made in writing to the Secretary to the Committee, and all charges for monuments must in every case be paid for in advance.

* This fee is intended to be chargeable in the case of a grave of any description; and the expression "ground occupied" is meant to refer (1), in the case of a non-enclosed grave, to the area actually occupied by the grave, and (2), in the case of enclosed graves, graves with monuments, or graves partly covered by monuments and partly enclosed, to the area actually occupied by the grave plus all additional space either enclosed or occupied by a monument. The fee in question is independent of all charges for monuments, which are leviable under Articles (2) to (5), of this rule.

† The item "stone or marble" does not include slate.

XI. The Secretary to the Committee shall keep a plan of the entire cemetery, to be provided by the Public Works Department, with references written upon it, in a book, in which the names of parties interred are recorded; this plan and book being kept with the Church registers.

NOTE.—The Executive Engineer prepares a plan of the cemetery showing on it all the existing graves and the spaces allotted for future graves, and giving them all consecutive numbers.

XII. The Secretary to the Committee may reserve grave space, as limited by Rule XII below, on the application of near relatives of persons already buried in the cemetery and for the burial of the persons named in the application. A double ground-fee shall be levied in advance before granting any such application, and each grant shall be registered in a book to be kept for the purpose and indicated on the plan. The ground will then be reserved for 10 years. Before the expiry of that period, a fresh application should be made and a further double fee paid, failing which the ground will be resumed.

XIII. The size of each grave, whether of masonry or not, is limited to 9' x 4', and the area of ground to be enclosed must not exceed 11' x 7' by external measurement.

XIV. (1) All graves must be at least 6 feet in depth.

(2) No body shall be buried in any vault or masonry grave which it is intended at any aftertime within 14 years to re-open, unless the coffin be separately entombed in an air-tight manner by properly-cemented stone or brick work, which shall never be disturbed.

(3) One body only shall be buried in a grave at one time, unless the bodies be those of members of the same family.

(4) No non-masonry grave or masonry grave unprovided with the separate air-tight compartment prescribed in clause (2) shall be re-opened within 14 years after the burial of a person above 12 years of age, or within 8 years after the burial of a child under 12 years of age, unless to bury another member of the same family, in which case a layer of earth not less than one foot thick shall be left undisturbed over the previously buried coffin. If on re-opening the grave, any soil is found to be offensive, such soil shall be left undisturbed.

(5) There shall never be less than 3 feet of earth between the topmost coffin in a grave and the surface of the ground.

ERUCTION AND REPAIR OF MONUMENTS.

XV. Monuments may be erected by any interested person. The inscription before being cut, and the design, when the monument is other than a simple headstone, must be first approved of by the Secretary to the Committee. Should an inscription be disapproved, it may be referred, if those interested desire it, to the Government for decision.

XVI. When a grave is not of masonry throughout, the only monument ordinarily allowed over it is a simple cross or headstone on an adequate masonry foundation not exceeding 3' x 2'; and the whole structure must not stand higher than 3' 6" from the ground-level. But with the permission of the Secretary to the Committee, a monument, such as may be erected over a masonry grave, may be placed over a non-masonry grave when adequate masonry foundations are provided on which the monument may rest.

XVII. No monument, of whatever material constructed, shall exceed 8' x 4' at the base without the previous sanction of the Government.

XVIII. No monument of masonry shall stand higher than 3 feet from the ground-level.

XIX. No cenotaph shall be more than 6 feet square at the base.

XX. The enclosure of ground round a grave must be by a metal railing, or by chains or bars of metal supported on masonry or metal pillars. Wooden or masonry enclosures are not permitted. The previous sanction of the Committee is necessary to the enclosure of a non-masonry grave; and no such sanction shall be given unless the same fees are paid as for the construction of a masonry grave.

XXI. When a monument needs repairing, the Secretary to the Committee should communicate with the friends of the deceased, or, when such communication is not possible, advertise three times in the *Gazette of India* and the *Gazette of the province*; and if a monument falls into a ruinous condition, and no person will undertake to restore it, the ruined monument shall be made level with the ground during the next repairs, and any slab it contained will be placed over the grave in simple masonry, or be inserted in the wall of the cemetery.

NOTES.—(1) This rule does not apply to monuments of historical or archaeological interest. Lists of such tombs should be obtained by local Governments and Administrations, and as many of them as may be properly preserved at the public expense should be looked after by the local Public Works Department.

(2) The cost of the advertisements in the *Gazette* is met by the Government.

XXII. All work connected with monuments must, as far as possible, be carried on outside the cemetery, and any undertaker not removing the debris of his work immediately upon

its completion is liable to a fine of Rs. 5, which shall be paid to the Committee and credited to the funds of the cemetery.

XXIII. The cemetery shall be inspected once in a half-year by the President, Municipal Commission, Madras, in company with the Executive Engineer, the plan and book kept under Rule XI being also examined, and a report made to the Government.

J. F. PRICE, *Chief Secretary.*

The present Church was built by the Armenian community at their own expense in the year 1712, and alterations and additions made to it by them from time to time. In the year 1839 the British Government was pleased to grant the sum of Rupees five thousand (5,000) from the late Lottery Funds, for the repairs of the Church, out of which funds the community was enabled to erect a substantial and extensive verandah, 145 feet in length by 16 in breadth, on the east side of it. Government was further pleased to grant a donation of Rupees (2,000) two thousand, from Dr. Woolley's Estate to the Church in the year 1839.

NOTICE TO PRINTERS AND PUBLISHERS.

The Registrar of Books having noticed that books and pamphlets are not unfrequently printed with words on the title-page intimating to the public that the copyright is "Registered" when in fact it is not registered, the attention of all Printers, Publishers and Proprietors is called to the following brief abstract of the Copyright Act (No. XX. of 1847) so far as it affects them:—

In order to secure the proprietary right in any publication, a written application must be made to the Registrar in the subjoined form given in the schedule to Act XX. of 1847 (vide Section V. 12—)

TO THE REGISTRAR OF BOOKS.

MADRAS.

SIR,—I have the honor to request that you will be so good as to cause my proprietorship of the copyright of work described in the annexed schedule to be registered under Rule 6 of Section 20 of Act XXV. of 1867, and I herewith forward the prescribed fee of two rupees for the registry.

Time of making the entry.	Title of Book.	Name of the Publisher and place of publication.	Name and place of abode of the proprietor of the copyright.	Date of first publication.	I have, &c.,	
					A. B.	

Unless the copyright is secured thus formally the Author or Proprietor will have no copyright. Anybody else may publish the work with impunity and deprive him of his interest in his work and no remedy can be had in a Court of law (Section XIV.) If, on the other hand, copyright is registered, the fact will be admissible as *prima facie* evidence of title and the registered Proprietor can exercise the right to assign his interest or any portion of his interest in the book; (Section V.)

Should any person print, or cause to be printed, any book in which there subsists copyright without the consent in writing of the Proprietor entered as such in the Registry book of this office, or have in his possession for sale or hire any book so unlawfully printed without such consent, such offender makes himself liable to a special action for damages (Section VII.). And all printed copies of such work are forfeited to the copyright Proprietor; (Section XII.)

The practice which now prevails of inserting such formula as "Copyright registered" or "Copyright reserved" on the title-page of a book and then existing intentionally or otherwise to register the same, is highly objectionable. It amounts to a false statement, made with a view to deter others by misrepresentation from publishing the book. Apart from the utter worthlessness of such false statement, the party making it may probably render himself liable to prosecution for cheating under the Penal Code.

Under Section III. of the Copyright Act, the Registry book kept at this office is open to inspection at all reasonable times on payment at this office of eight annas for every entry which any person may require to be searched for or inspected in the said book, and therefore such person can thus inspect it to satisfy himself whether the copyright has been registered or not, or he can obtain, if required, a copy of any entry in such book, certified under the Registrar's hand, on payment of Rupees 2; and such copies so certified are receivable in evidence in all Courts and in all summary proceedings, and are a *prima facie* proof of the proprietorship of copyright.

2. The Registrar of Books would now warn all concerned that hereafter there can be no excuse for any false statement made concerning copyright or for any infraction of the rules regarding the registration of books generally under Act XXV. of 1867, on plea of ignorance; and that any omission to register a publication after the receipt of this notice will be presumed to be intentional, and all parties concerned are hereby warned against the consequences of such neglect.

GOVERNMENT COPYRIGHT.

NOTICE TO PRINTERS AND PUBLISHERS.

It having been brought to the notice of the Director of Public Instruction that Government copyright works are occasionally reprinted and published with notes or otherwise, without authority, and as ignorance is generally pleaded as an excuse when an explanation is called for, it is hereby notified that, should any person reprint, or cause to be reprinted, wholly or in part and with or without notes, glossaries, translations or other additions, any book, the copyrights of which vests in the Government of Madras, without the consent in writing of the Government as Proprietors, or have in his possession for sale or hire any Government book so unlawfully printed without such consent, such offender makes himself liable to a special action for damages under Section 7 of the Copyright Act XX. of 1847. And all printed copies of such work are forfeited to the copyright Proprietor under Section 12 of the same Act.

2. All Printers and Publishers are further informed that, under Section 3 of the Copyright Act, the Registry book kept at this office is open to inspection at all reasonable times on payment at this office of 8 annas for every entry which any person may require to be searched for or inspected in the said book, and therefore such person can thus inspect it to satisfy himself whether the Government copyright has been registered or not; or he can obtain, if required, a copy of any entry in such book, certified under the Registrar's hand, on payment of Rs. 2.

3. The requisite information being thus obtainable from the Registry books, as well as from the Quarterly Catalogues of all registered works published in the *Fort Saint George Gazette*, there can be no excuse for any infringement of the Government copyright, on plea of ignorance. On the contrary, unauthorized publication of such copyright book

will be presumed to be intentional, and all the parties concerned are therefore hereby warned against the consequences of violating the rights of Government.

OFFICE OF THE REGISTRAR OF BOOKS,
OLD COLLEGE, MADRAS, 14th Sep. 1888.

To THE DISTRICT REGISTRAR OF ASSURANCES,

SIR,

I have the honor to call your special attention to the subjoined Extract from an Order of the Government of India regarding reprints of Books, Pamphlets, &c., and to request that in all future Memoranda of Particulars delivered by Printers with three copies of their books under Act XXV. of 1867, you will call upon them to enter in the column headed "No. of the Edition," in the case of every reprint of a copyright book, the words "New Edition," besides noting the number of the edition, and the word "Republication" when a reprint is one of a work in which copyright has not been secured or in which no such right exists.

Extract from a Resolution of the Government of India, Home Department.

"His Excellency in Council is pleased to determine that the distinction between 'New Editions' and 'Republications' suggested by the Government of Bengal shall be observed, i.e., that the reprints of a book of which the copyright is still in the hands of an author or his assignee, shall be considered a new edition, while that of a book of which no copyright exists shall be considered a republication."

This Order applies to all copyright works reprinted, whether they be original works or translations; and I hope that care will be taken to insert on this additional information being supplied in the Printer's Memorandum when he delivers it, he having the means of procuring such information from the Proprietor of the copyright or the Publisher. This additional information is required for the Quarterly Catalogues and the Annual Analysis required by the Government of India.

I have, &c.,

CIRCULAR No. 213.

The subjoined opinion of the Government Solicitor regarding the insertion, legibly on every printed or lithographed book, pamphlet sheet, chart or map, of "the name of the printer and the place of printing and (if the book be published) of the publisher and the place of publication," as required in section 3 of Act XXV. of 1867, is communicated to the proprietors and managers of all registered presses in the Madras Presidency for their information and guidance.

Extract of a letter from the Government Solicitor, No. 417, dated the 28th September 1888,
to the Director of Public Instruction, Madras.

From ERNEST BARCLAY, Esq., Government Solicitor.

To THE DIRECTOR OF PUBLIC INSTRUCTION.

Dated 28th September 1888, No. 417.

SIR,

In reply to your letter of the 20th instant, No. 213, enquiring whether the insertion of the name of the press or society, and not of the printer or proprietor, on a page of the book, either along with the place of publication and the name of the publisher or elsewhere, may be considered as a proper compliance with the provisions of section 3 of Act XXV. of 1867, I would point out that all that section requires is that every book printed in British India shall have printed legibly on it the name of the printer and the place of printing, and (if the book be published) of the publisher and the place of publication. Nothing is said as to where these particulars are to be printed on the book.

2. In the case of a press or society which is incorporated, and which prints or publishes or prints and publishes the book, the name of such press or society would be sufficient. But, in cases where the press or society is not incorporated, the name of the printer and publisher, or the names of the printers and publishers, if more than one, must be printed legibly on the book. The object of the Act is, as I understand it, to let the public know by whom and where the book is printed, and by whom and where it is published, and this information must be printed legibly on the book. I do not think that to put the name of an incorporated press or society on a book as the name of the printer or publisher would be a compliance with the Act, as the public would then have to find out who were the proprietors of the press or the members of the society. I think that the name of the superintendent of a press, such as the Lawrence Asylum Press, or the Evangelical Lutheran Mission Press, would be sufficient.

I have, &c.,

This Institution was established by the Right Honorable Sir Frederick Adam, B.A., B.C., by a General Order of Government, dated 13th February 1835, for the instruction in "Medicine and Surgery" of Europeans, Eurasians and Natives entering the Medical branch of the public service. The benefits of instruction have been since thrown open to the community at large. The Medical College has been recognised by the Royal Colleges of Surgeons of London, Dublin and Edinburgh, as one of the Colonial Schools of Medicine and Surgery. It is under the control of the Director of Public Instruction.

A building has been appropriated solely to the objects of the Institution, the foundation stone of which was laid in December 1835. It was greatly enlarged and improved in 1867, and is still undergoing extensions annually to meet the demands of the gradually increasing strength of the College.

There are separate buildings for Practical Anatomy and extensive rooms for Chemical, Histological and Hygienic laboratories.

A Museum has been formed, which, in addition to morbid specimens, possesses numerous preparations, models, &c., for illustrating the different branches of the course of instruction. There is also a Museum of Botany and Materia Medica.

The Institution is supplied annually with a selection of works on the several branches of Medical Science, for the purpose of forming a Library of Reference. There is also a Students' Library.

Every student is considered on probation during the first four months of the course, and, if any student should appear to the Principal unlikely to succeed, the Principal may, with the sanction of the Director, require such student to leave the College; in which case, if the Director considers this necessary, the dismissed student, if he holds a scholarship, will be called upon to refund all moneys he may have received as scholarship or travelling allowances.

19. All students holding District scholarships must sign an agreement on joining the College, binding themselves to continue their studies in the College for the prescribed period, and to appear in due course at such test examinations, or other examinations as may be prescribed; to conform to the rules and regulations of the College, and to pay all moneys that may become due by them; and this agreement must be signed also by a parent, or a guardian of such a student, who shall undertake that the student shall carry out the terms of the agreement.

The above Institution was founded by the Rev. John Anderson, in Black Town, on 2nd April 1837. Its aim is to provide for native youth a liberal Christian education, that shall cultivate, expand and quicken the whole man, the conscience and will as well as the understanding and memory. With this view all the branches of a liberal education are so taught as to show their connection with the great central truths of religion and Christianity. The Bible is regularly taught as the record of God's revelation of Himself for man's salvation.

The instruction is carried on by the Professors, Assistant Professors, and Teachers mentioned above; and the managing body is the College Council. As the College is intended to be the centre of the higher Christian education in Southern India, its constitution is as catholic as possible, and the members of the Council represent the majority of the Protestant Churches in the Presidency. The Church Missionary Society and the Wesleyan Missionary Society contribute each £300 a year to the support of the College, so that the Secretary of the former and the District Chairman of the latter are *ex-officio* members of the Council, as well as the Secretary of the Free Church of Scotland Mission. The College educates up to the standard of the Bachelor of Arts degree of the Madras University. It has at present more than 800 students.

In the School department there are 900 pupils, of whom 500 are in the upper and 400 in the lower school.

Visitors are welcome on school days between the hours of 12 and 1 P.M.

The fees paid by these boys = Rs. 15,000 a year. There have also been established 9 village Congregation Schools in the District of Chingleput.

Besides these there are Girls' Schools, *etc.*, one Christian Boarding School, one Christian Normal School, and seven Caste Girls' Schools all in Madras; at Conjevaram, three; at Muthialpet, one; at Rajampet, one; at Walajahad, one; at Chingleput, two—with an attendance of more than 2,000 girls. On the whole, including the pupils at the Christian College, there are in connection with the Free Church of Scotland Mission, between 5,500 and 6,000 of the youth of the country under regular Christian instruction.

The Committees of the Foreign Missions of the Free Church and of the Edinburgh Medical Missionary Society united in sending Mr. D. H. Paterson, Surgeon, as a Medical Missionary to co-operate with the Missionaries of the Free Church in Madras. In March 1857 he opened a Dispensary in Black Town, and afterwards another at Royapuram. Both were very successful. The Royapuram Dispensary is still maintained for the treatment of women and children. The Medical Mission is now an integral part of the Free Church of Scotland Mission. In the course of last year, a Dispensary was opened in Black Town and a Hospital in Royapuram for Women and Children.

THE GOVERNMENT HOBART NORMAL SCHOOL.

For Muhammadan Girls.

ROYAPETTAH—MADRAS.

This Institution has been in existence for upwards of 15 years. Its income is derived from the following sources:—

1. An endowment of Rs. 10,000 founded by Lady Mary Hobart.
2. Donations and subscriptions.

3. Profits from the sale of work. These being found inadequate to the increasing expenditure, the Government in 1889 took over the responsibility of its maintenance. In 1890 it was placed under the supervision of the Superintendent of the Presidency Training School for Mistresses. This is sufficient proof of the utility of the school. It provides education in their own vernacular for all classes of Muhammadan female children. It has several higher classes including a normal class which has sent out duly qualified teachers. Industrial occupations receive due attention. Some of the ornamental needlework was sent to the London Exhibition.

Prizes and Scholarships are awarded by the Madras Government.

There are 7 teachers on the Staff. Head Mistress, Miss Karney; 1st Assistant Mistress, Miss H. Karney.

The school may be inspected by Ladies during the school hours 10—4, Fridays excepted.

Statement of the Objects, and an Appeal in behalf of the Civil Orphan Asylums.

The "MADRAS MALE AND FEMALE CIVIL ORPHAN ASYLUMS" were founded by East Indians for relief of the poorer members of the community in the early part of the present century, so far back as 1807, and have, therefore, been in operation for more than eighty years.

A full statement of the funded capital and financial resources of these Institutions will be found in the Annual Report. Improvements have been introduced into the system of education pursued in each of the Asylums, with a view to increasing their public utility. For the furtherance of this object these schools are now placed under Government inspection. The Directors are most anxious to open up departments of trades and industries, so as to afford the children the means of obtaining a useful and honorable living hereafter; but the want of funds, wherewith to provide the necessary plant and skilled supervision, is a serious and insurmountable difficulty.

All orphan children throughout the Presidency, descended from parents who are either East Indian or European, not in military employ, are eligible for admission.

This fact, it may be assumed, is generally known throughout the Mofussil, from the applications which are made from various stations for the admissions of orphans; but the Directors regret that the claim resulting from this fact, upon persons residing in the Mofussil for some contribution towards the support of these Institutions, does not appear to be so generally recognized.

Local charities have a strong claim upon residents at each particular station, but not to the exclusion of large public Institutions which afford relief and the blessing of a Christian education to destitute orphan children without reference to locality within the Presidency, and for whose relief local charities cannot make adequate provision. At the General Meeting at which the report for 1884 was read, the Secretary received instructions to make special appeals to the Chaplains at the several stations to collect money on behalf of these Institutions, and to remind them from time to time of this obligation in the cause of a most deserving charity.

The Bishop of the Diocese is the President, the Archdeacon is the Vice-President, and the rest of the Clergy of the Church of England are *ex-officio* Patrons of these Institutions. The Directors, therefore, earnestly request the Clergy in the Presidency and Mofussil either to make regular periodical collections in their Churches in behalf of the Asylums, or else to circulate this appeal, together with the accompanying report, among the European and East Indian residents at their stations. East Indians are particularly invited to come forward and contribute, according to their means, towards the support of Institutions, which provide such efficient relief for the destitute and distressed members of their own community.

Contributions may be remitted to Mr. C. Hall, Treasurer, Randall's Road, Vepery, or to the Secretary, 14 to 19, Male Asylum Road, Egmore, Madras.

THE GORDON REFUGE.

ST. THOME, MADRAS.

COMMITTEE.—The Lady Wenlock, *President*; Mrs. Spring-Branson, Mrs. Chambers, Mrs. Farrer, Miss Gell, Mrs. Grigg, Miss Morphet, Mrs. Cox, Mrs. Grubert, Mrs. Fane-Sewell, Mrs. Wedderburn; Mrs. Pirth, *Honorary Secretary*, and Messrs. Arbutnot & Co., *Treasurers*.

The design of this Institution is to afford a Refuge for such destitute orphan girls of European descent, as are not eligible for either the Military or the Civil Female Orphan Asylums. As such, it is one, the Committee plead, well deserving of public support.

For the information of new subscribers, it may be mentioned that "The Refuge" was commenced in 1860, by Mrs. W. A. Morehead, by whose exertions sufficient money was raised to purchase the premises at St. Thome, where "The Refuge" is now located. Subsequently the Trustees of the property of the late Mrs. Gordon of the Mount endowed it to the amount of about 700 rupees per annum, on condition that it assumed its present title. From April 1st 1873, the Institution has received a Grant-in-Aid from Government of Rupees 100 per mensem, provided the subscriptions reach that amount.

The utmost economy is observed in the management of the Institution, consistent with due regard to the proper feeding and care of the children. The cost of maintaining each child, inclusive of superintendence, food and clothing, is about Rs. 8-12 a month. The number now in the "Refuge" is 45.

As many old subscribers have left Madras, and as it is most desirable to secure the Government Grant, and, if possible, to enlarge the operations of this Institution, the Committee think it right to put forth this statement, in the hope that new subscribers will kindly come forward. The Committee invite those who may be disposed to aid this Institution to visit it, and to judge by personal inspection whether it be worthy of support.

The girls of "The Refuge" do neat, plain and fancy works.

The Secretary will be happy to receive orders.

Carpentry, Shoemaking, Rattan-work, Carriage-building and Repairing, and Blacksmithery are carried on by competent Foremen Instructors.

The condition of the poorer classes of Europeans and East Indians, residing in Black Town and the neighbouring suburbs, is admitted to be most deplorable. This distress is occasioned by their inability to earn a livelihood. Those who are most seriously affected are the old and the infirm who are physically unable to labor, and the young who have not the necessary skill to compete with others in the labour market. The former perhaps fall more legitimately for relief on the Friend-in-Need Society, and arrangements are being made, it is believed, to meet the evil so far as funds will permit. But the young require help of a special nature; they require to be taught how to earn an honest livelihood. The education given in the several Charitable Institutions of this city fits them only for Writers and Accountants; a section of the labour market which is already supplied to overflowing, and which will as far as the experience of the past can be depended upon, be taken up entirely by the Natives of the country, who can work equally well and at lower rates of remuneration. Other portions therefore of the labour market must be tried. To meet this great difficulty, an Industrial School has been established for the poorer classes of Europeans and East Indians in Black Town. The extent of the operations are confined to a few of the principal industrial trades, repairs, varnishing, &c., of carriages, carpentry, boat and shoe-making, blacksmith's work, turning, &c., but will be extended as funds permit.

The School was opened on the 2nd November 1874: at present there are 50 boys borne on its Rolls, all resident pupils, also a few day pupils. Many have obtained employment as Carpenters, Blacksmiths, Artificers, &c., since the school opened.

Contributions in aid of the Industrial School will be most thankfully received by the Honorary Secretary, H. C. Taylor, Esq., and will be duly acknowledged.

INDUSTRIAL SCHOOL FOR GIRLS.

ST. THOME, MADRAS.

LORD WENLOCK, Patron.

The girls in the "Industrial School" receive an elementary education in reading, writing, and arithmetic, are taught domestic duties, and all kinds of useful needlework, so that after leaving us, they may be able, as neat good workers to maintain themselves in comparative comfort. The number now in the Institution is 33.

The undersigned trusts that this project may meet with the approbation of the public, and that they will kindly give the Institution that practical and pecuniary support of which it stands so much in need. All subscribers are invited to visit it and to judge by personal inspection whether it be worthy of support.

HOME FOR DESTITUTE INFANT CHILDREN.

Patron.—The Lord Bishop of Madras.

Patroness.—Miss Gell.

The following brief account of the Infant's Home will show its present position and requirements:—

The Home was started in January 1882, under the auspices of the Lord Bishop of Madras, in the old premises of the Girls' Industrial School. Commencing with twelve, the number of inmates increased to fifty European and Eurasian children, but from want of funds it was reduced to 20. Since November last, however, the numbers have again been increased, and there are now 40 children in the Home. All interested in this charity are invited to visit it, to judge for themselves of its worthiness of support; and the undersigned trusts that this statement will be sufficient to ensure the enlarged and liberal support needed to carry it on.

THE RAJAHGOPAUL POOR SCHOOL

OR

MADRAS RAGGED SCHOOL FOR NATIVE CHILDREN.

This School was founded by the late Rev. P. Rajahgopal of the Free Church Mission in 1869, in Big Pareherri, a densely populated part of Madras, swarming with children. Its aim is to lay hold of poor, neglected orphan children and give them such a religious and secular training as will enable them to earn their livelihood by honest labour.

This School was removed in 1880 into a large and commodious house situated at the north end of Popham's Broadway, which was given for its use, free of rent, by the Government of His Grace the Duke of Buckingham. The Institution now contains upwards of 360 scholars. The boys and girls are kept in distinct apartments and to each is attached a Boarding establishment. A branch of this, containing about 110 boys and girls, is located in St. Xavier's Street.

The School is worked on the principles of "Result Grant-in-Aid rules" and is divided into eight classes. The highest class is the "Third Form," the boys of which are sent up to the Lower Secondary Examination. Industrial Branch in connection with the School will be opened when funds permit.

The annual cost of the School is upwards of Rs. 5,000. The proceeds of the Endowment Fund, the result of the late Founder's strenuous efforts, are insufficient to meet this cost; and the balance has to be made up by voluntary contributions and Government grant. Mr. Rajahgopal's friends are therefore requested to continue their kind help to this useful Institution. Contributions will be thankfully received by Miss Rajahgopal, the Superintendent, or Messrs. Binny & Co.

RAJAHGOPAUL CASTE GIRLS' SCHOOLS.

The following, of our Schools, viz., the Cherry Girls' School, established 1870; Royapuram Hindu Girls' School, 1877; Mint Street Girls' School, 1880; Seven Wells Street Girls' School, 1886, were founded by the late Rev. P. Rajahgopal for the purpose of giving an elementary education on Christian principles to the young Hindu caste girls, 700 children attend daily and the Teaching staff consists of 13 male and 17 female trained teachers. The annual cost of the schools is nearly Rs. 5,000, which is met from the proceeds of the Founder's Endowment, Government Grant, fees and subscriptions from friends in Scotland. The schools are placed under the management of the Ladies' Society of the Free Church of Scotland, Edinburgh.

Funds are needed for the erection of school premises for the Royapuram, Mint and Seven Wells Schools, which are at present carried on in rented houses not suitable for school purposes.

Contributions will be thankfully received by the Superintendent, Miss Rajahgopal, or the Secretary of the Free Church, Madras.

MADRAS CHRISTIAN FEMALE TRAINING SCHOOL.

This School was opened in 1870 for the purpose of training Christian School Mistresses for the Girls' Schools of the Free Church of Scotland and other Missions in the Madras Presidency. It receives a grant from Government.

The School is held in a house on the Broadway, and consists of English, Tamil and Telugu Departments, in which pupils are trained and instructed for the Matriculation Examination, Higher Examination for Women, Lower Secondary Examination, and Primary School Examinations. Provision is made for religious instruction.

A Practising School, in which pupils are taught up to the High School standard, has been added. It numbers already 60 pupils.

Scholarships of Rs. 5, 8 and 10 per month are given to 24 students according to the grade for which they are preparing. Missions contributing half the amount of scholarships for pupils sent by them will be entitled to their services after their course of training is completed.

The Superintendent arranges for the boarding and lodging of pupils who come from the Mofussil.

THE MADRAS GIRLS' DAY SCHOOL.

45 and 49, Acharappan Street, Black Town.

This is the oldest and the most advanced Caste Hindu Girls' School in Madras. It was opened by the late Rev. John Anderson on the 5th March 1841. It now numbers upwards of 330 pupils. It teaches up to the High School standard. Year by year some of the Caste Hindu girls taught in this School pass the Primary School Examination, the Lower Secondary Examination, and the Higher Examination for Women. It is conducted in a spacious building of its own in which careful arrangements are made for receiving girls of advanced age. It is taught mainly by trained Christian School Mistresses.

Affiliated with this School are two other Caste Hindu Girls' Schools—the *Black Town Girls' School*, 58, Narraimudali Street, Black Town, with 150 pupils, and the *Balika Patasala*, 212 and 213, Govindappa Naick Street, Black Town, with 220 pupils, which teach up to the Lower Secondary Standard.

Grant Duff, C.I.E., Rao Bahadoor A. Thanikoti Mudaliar, Sir Charles Lawson, H. H. The Maharajah of Vizianagaram, and W. S. Whiteside, Esq.

The existence of this Society is owing in great part to the exertions of the late Dr. Wight, formerly a Surgeon in the Madras Army, whose valuable contributions to Botanical Science have gained for him a widely-spread and well-earned celebrity.

The ornamental gardens are situated opposite to the chief entrance to the Cathedral, and a piece of ground on the east of the Cathedral contains experimental plots and nurseries.

The gardens occupy a space of about 22 acres, part of which was originally granted by the local Government. Part is laid out as a landscape garden and much increased of late in space, with the additions of a number of new and rare plants, especially tropical palms and Australian trees; the whole forming a splendid collection, gathered from various parts of the world, which is constantly being increased by exchanges and purchases. It is open at all times to the public, and forms a healthful place of recreation for the inhabitants of Madras.

A nursery for seedlings and cuttings of useful and ornamental trees is maintained to meet the requirements of the Members, who are supplied from it *gratis*. European vegetable and flower seeds are also similarly distributed; but all these advantages are open to the general public on payment.

Many of the plants are labelled with their botanical names and the natural order to which they belong, and information regarding them can be obtained on enquiry at the Office.

There is also a Botanical Library attached, to which access can be had by Subscribers or persons known or introduced to the Honorary Secretary.

The general affairs of the Society are managed by an Honorary Secretary, assisted by a Committee who meet on the first Monday in each month, and compile annually, in the month of March, a Report of the year's Proceedings, which is submitted to a General Meeting of the Subscribers. The Proceedings of each Meeting of the Committee are also published and distributed to Members, Corresponding Societies, and others.

Persons of all nations are eligible as Members of the Society and may have a voice in the annual election of the Committee and Office-bearers.

The rates of subscription are 7 rupees a quarter and Rs. 12 per annum according to the supplies required, no entrance fee being demanded, and the subscription being allowed to lapse, temporarily, should a Member be absent from India.

Up-country Subscribers are entitled to all the advantages of Members, which it is possible to place at their disposal.

An annual show is held in February, when a large number of prizes are awarded for flowers, fruits, vegetables, and several articles of importance in connection with botanical science. The Society has also made arrangements to award prizes for tea, silk, &c.

Lists of the prizes to be distributed, and all information, may be obtained on application to the Honorary Secretary, by whom lists of Members, Rules of the Society, &c., will be supplied *gratis*.

FRIEND-IN-NEED SOCIETY.

(Supported by Voluntary Contributions and a Government Grant of 50 per cent. thereon.)

PRESIDENT.—The Hon'ble Mr. Justice Wilkinson, C.S.

The objects of the Society are the relief of the Poor and the suppression of Mendicancy the subjects of the Charity being Europeans and East Indians of all denominations.

The Society's Home in the Poonamallee Road, affords an asylum for the aged, infirm, and destitute; its labour-yard provides a test for able-bodied male mendicants, and poor women are employed at the Women's Workshops, Mount Road, Egmore, Black Town and St. Thome, where plain needle-work of all kinds is neatly and cheaply executed.

Pensions and casual relief are granted in cases considered fitter for Out-door than for In-door relief.

To ensure proper relief in all cases, and the detection and exposure of imposture, Madras is divided into six districts managed by local Committees who carefully investigate all applications.

This is the oldest Charitable Institution in Madras, and, by supporting it, the public obviate the necessity for a Poor Rate, which would prove a far heavier tax.

All subscribers are *ipso facto* Members of the Society; as such they are requested to exercise their right of referring to the Society all applicants for relief; and, in the case of beggars, to make use of the Society's mendicancy tickets.

In 1860 this Society and the Monagar Choultry each received through Government the sum of Rs. 5,846, a bequest by the late Mr. John Wyllie, of the Madras Medical Establishment, to the poor of Madras. In 1868, the large sum of Rs. 18,025, being a second bequest by Dr. Wyllie, was also placed at the disposal of the Society. "Wyllie's Fund," thus formed, has from time to time been treasured upon by the exigencies of the Society until exhausted. The Friend-in-Need is not an endowed Charity, its only permanent investment being "Coleman's Fund," a sum of Rs. 10,000 contributed in 1877 by the late Hon'ble Mr. Coleman, an example which has not since found imitators.

The Government have promised an Annual Grant of Rs. 12,000 provided the public will, by subscribing Rs. 21,000 per annum, place the Society in a position effectually to carry out the objects for which it was founded.

Subscriptions and donations may be paid to the Bankers, Messrs. Arbuthnot and Co., to the Honorary Secretary, or to the Honorary Treasurer.

MADRAS DIOCESAN BRANCH OF THE CHURCH OF ENGLAND TEMPERANCE SOCIETY.

In view of the increased need for the advocacy and extension of Temperance principles, it was determined at a meeting of the representatives of the various Societies working on the lines of the C. E. T. S. in Madras in 1883, to form, with the approval and sanction of the Madras Conference, a Diocesan Branch of the C. E. T. S. It is intended that this Diocesan Branch should include all existing Local Branches of the C. E. T. S. It has been thought that increased energy would be imparted to the cause, and a more general interest awakened, by the formation of a strong Central Executive Committee.

The main objects of this Society are:—

- (1) The formation of Local Branches in all places where the Church of England is represented by Chaplains, Missionaries, Native Pastors or other members, and to unite all these Local Societies into one body. Branches include three divisions:—

- (a) Total Abstinents.
(b) Non-Abstainers.
(c) Juvenile Section.

* Also Members of the General Committee.

It is well to bear in mind the importance of the Juvenile Section; since it not only rears up a large body of Total Abstinents, but also creates great interest in Temperance work amongst the parents. This Section is very easily worked, and may be made very popular with the children.

- (2) That one of the Joint Secretaries, or some other Member of Committee, should visit places in the Diocese for organizing purposes, whenever invited by a Chaplain or other Minister of the Church of England to do so.
- (3) To collect and supply Temperance literature, and to afford such information regarding the movement as may be required by the Branches.

The advantages of such co-operation for religious, social and political ends, are so obvious that they need not here be urged in detail.

The annual subscription to the Diocesan Branch has been fixed by the Executive Committee at 5 rupees for a Local European Branch, and at 2 rupees for a Local Native Branch.

* Proof of this Society not received up to the time of going to Press.

Honorary Treasurer.—Messrs. Arbuthnot & Co.; *Honorary Solicitor.*—Douglas Grant, Esq.; *Honorary Secretary.*—William S. Gantz, Esq., to whom all communications should be addressed.

The Society commends itself to the support and co-operation of the community on the following Catholic grounds:—

I. Its special objects.—The prevention of cruel and improper treatment of animals, and the amelioration of their condition generally throughout the Madras Presidency. The means to this end are:—

1. The Agency of paid officers, whose duty it is, in the City, to watch, warn, and threaten, or prosecute, as needful, all persons found guilty of inhumanity to animals.

2. Inviting information and suggestions from all who are interested in the cause of civilization, throughout this Presidency, respecting any barbarous practices, whether arising from cruelty or ignorance, over which this Society may be thought able to exercise any influence, towards the improvements in the treatment and condition of labouring and domestic animals.

II. Its important share and influence as an agent in the education of the people,—the cultivation of those merciful impulses which tend to the growth of humanity, and prevention of cruelty.

Towards these ends the moral support and co-operation of the community are not less sought than its pecuniary aid to meet the varied expenses incidental to the Society's operations, the extent and utility of which, in a field so wide, can be furthered only by the means at its command.

Communications and contributions will be thankfully received by the Honorary Secretary on behalf of the Committee.

III. The Society maintains an Infirmary in the Wallajah Road, Triplicane, for the treatment of sick, diseased or disabled animals sent to it by the Magistracy in cases prosecuted under the Acts relating to cruelty. Towards the cost of this Infirmary a monthly grant of Rs. 60 is paid by Government. This, however, is not sufficient to meet the rent of the premises and the Committee has in consequence to draw upon its other resources.

Lethal Chamber.—The Committee has arranged with the Municipality to undertake the annual killing of dogs, and for this purpose, has ordered a Lethal Chamber for the painless destruction of dogs on the system obtaining in the Dog's Home at Battersea. Dr. B. W. Richardson, of London, the inventor of the apparatus, having recently effected several improvements in it, has undertaken to have the apparatus thoroughly tested before shipment, and the Committee purposes beginning operations at the commencement of the dog-killing season about a month hence, thus putting an end to the hitherto existing barbarous and revolting method of destruction. The apparatus is of course expensive, and has been made still more so by the ruinous rates of exchange. It is hoped therefore that the public will show its appreciation of the efforts of the Society in this particular branch of its work by largely contributing to the special fund which has been started and styled "The Lethal Chamber Fund."

Horse-Float.—The Committee also intends to have on its premises both for the use of the Society and for that of the general public a Float or Ambulance for the removal of an injured horse from the scene of an accident on field or road. The Float is the invention of Veterinary-Captain G. H. Fenton, Senior Veterinary Officer, Bangalore, and is so constructed as to ensure the removal of the animal under the most favorable circumstances and with the least amount of pain possible, saving him of course from the additional agony which he would otherwise have to suffer if he had to drag himself along from the spot at which he sustained his injuries.

GOVERNMENT CENTRAL MUSEUM.

21, PANTHEON ROAD.

Established on the 14th August 1851, by the Madras Government.

Edgar Thurston, Esq., Superintendent, (on special duty, Govt. of India, Calcutta).	T. Albey Naidoo, Herbarium Keeper.
H. Warth, Esq., D. Sc., Off. Superintendent.	A. S. Durnissway Pillay, Head Taxidermist.

This is a Museum of Natural History; Raw products used in the arts and manufactures; Specimens of Manufactures, Implements and Machinery; Ethnography; Antiquities, &c. The Natural History section is the most extensive and embraces a number of Mammals, and extensive collections of Birds, Reptiles, Fish, Shells, Insects, Crustacea, &c. There is also an extensive Herbarium and very large collections of Mineralogical and Geological specimens. The Museum is intended chiefly to illustrate the natural history, natural resources and manufactures of Southern India, and the manners, customs and antiquities of its inhabitants. There is also a very interesting collection of Gold, Silver and Copper Coins, which can be seen by personal application to the Superintendent. To the Archaeological department an extensive and interesting collection of sculptures from the Buddhist stope at Amaravati has been added. The marbles were much defaced, but a portion of the outer rail has been restored and also sections of the great Dagoba set up, so that visitors will be able to form some idea of the grandeur and beauty of the vast structure before its destruction. The carvings are quite different from those seen on Hindu temples or other buildings, and are more allied to specimens of ancient Greek art than anything Dravidian. A new gallery devoted mainly to antiquities and containing a unique collection of old arms has also been added, as well as an "Art" gallery in which are displayed the artistic manufactures of several districts and a collection of native jewellery. As the collections in the various sections are yet far from complete, specimens for any of them will be very acceptable, and the Superintendent will be glad to enter into arrangements with contributors or collectors which will prove advantageous to both parties. Attached to the Museum there is an extensive general Library to which large numbers of new books are annually added, and in the Reading Room of which any visitor may consult books daily from 6 A.M. to 5 P.M. Amongst other works of interest and utility this Library is furnished with copies of the highly interesting ancient records of Great Britain which are being issued by the Master of the Rolls, and with the numerous publications of the Patent Office.

The Museum is open gratuitously to the Public daily, Sundays excepted, from 6 A.M. to 5 P.M. The number of visitors to the Museum in 1891-92 was 361,452.

N.B.—On the first Saturday of every month, after 12 noon, male visitors are excluded, to enable Native Ladies to visit the Museum.

The library of the Museum remains open all the time for all visitors.

PEOPLE'S PARK.

INSTITUTED IN 1859.

Custodians.—MUNICIPAL COMMISSIONERS FOR THE CITY OF MADRAS.

MR. CHARLES JAMES HAY-KILLIS, Superintendent.

We owe the People's Park to Sir Charles Trevelyan. It is not at all improbable that the idea of some such place suggested itself to many a man in power before his day. It would be singular indeed if Europeans should, for a hundred years, have seen a large native town growing up on the site of a small village—a vast population massing together with lungs to be fed with fresh air and limbs to be allured to exercise and health—without sometimes thinking it possible that the "village greens," "commons," and "parks" of his native land might perhaps be re-produced with advantage within reach of Black Town. The monotony of Indian life, and the lack of sympathy between the classes of Indian society, may be regarded as the causes why such an idea, if suggested, was never carried into execution. While the "upper ten thousand" could have their drive along the Beach and round the Island, it mattered little to them that the "masses" (unfriendly phrase) who could not drive, or were to be stimulated to recreation, had no place convenient for health, exercise and amusement.

But then Sir Charles Trevelyan was a man not given to routine; and somewhat wide in his sympathy. So the idea of the people's park suggested itself to him, and he having the power as well as the will—the people got their Park. Thousands who know nothing of the step that cost him a Governorship, will hold his name in memory by the People's Park.

But when Sir Charles was recalled, the scheme was in a most elementary state. The plan was on paper; but never adopted. Little else was done, and little else would have been done if the intentions of Sir Charles Trevelyan's dignity had not also inherited his sympathy with the people. We owe it to the various gentlemen who have been entrusted with the execution of the scheme, that the "plan" was not thrown into the official waste paper basket and the idea recorded as one of Sir Charles' amiable follies. It is in unison with Sir William Denison's career, previous to his arrival in this country, that he should have shown a hearty approval of an undertaking so intimately connected with the health and pleasure of the middle class population.

There can be no doubt that the Park has been a success. Any one may convince himself of that by a visit morning or evening. The place has already fixed its character as a popular resort, and it is certain that it will be so in a much greater degree when the attractions of the ground are fully developed. It is pleasing to see that the native population appreciate the pleasure provided for them, and when the sternness of social life amongst them is relaxed, we may expect to see not only the Ramaswamies, but the Lutchmies of Black Town taking their ease in the frested shade of well-grown trees.

But we must suspend any further remarks, and lay before our readers a brief description of the Park.

The gate adjacent to the Hospital Bridge is the main entrance. The trees are planted in avenues and groups. Eleven lakes of various dimensions and shades are completed; and various other things have been achieved; but we cannot do better than print the following description (though brief) of the Park, kindly furnished by the Superintendent, which will convey a clear idea of the Park.

In the North-west angle of the Park is a Serpentine lake with two large raised islands, one at each end. One of these is 30 feet above the water, and is well calculated for a large basin, from which the cascades might hereafter be made to fall over the sides. The second or Victoria lake, with a central island, is situated almost midway between the Band-stand and the northern end of the Park and now occupied by the Monkeys. The island is approached by one bridge of ornamental design, measuring 200 x 1 feet. The third is a small lake on the west side, elliptical in shape, and contains good drinking water for cattle. The fourth is a small lake close to the Aviary. The fifth a similar one. The sixth is a semi-lunar lake near the Band-stand. The seventh is a medium lake, between the Band-stand and the Superintendent's house. The eighth is an irregularly shaped lake, with a central island and trees of various sorts planted on it. The ninth is a large lake on the west side of the main road. The tenth is a medium lake west of the last-mentioned. The eleventh is a medium lake, with a central island at the south end.

There are two masonry basins, one elliptical, measuring 170 feet X 78 feet, and 4 feet in depth, formed of solid masonry with brick on-edged foundation and central fountain; the latter of ornamental design, galvanized. This has recently been surrounded by an iron fence and converted into a public bath, the floor of one-half of it has been raised so as to give a depth of about 4 feet adapted for the use of boys—the other half has an uniform depth 6 feet. It is supplied with Red Hills lake-water from the public main road, and good dressing rooms have been built round it for the bathers. The roads of the Park, embracing 5½ miles, are complete.

There are two Lawn Tennis Courts on the south-east of the Bandstand for the public use; out of the two, one is used by the members of the Madras Volunteer Guards' Club.

A portion of the Park lying north of the Poomallee Road and measuring 30 grounds has been taken up for the erection of the Town Hall which is now completed.

The Zoological collection in the Park consists of the following specimens:—

2 Tigers, 3 Leopards, 1 Black Bear, 6 Striped Hyenas, 1 Rhinoceros, 1 Elephant, 2 Emus, 1 Black Swan, 23 Monkeys of different species, 2 Australian Devils.

The Aviary contains a great variety of Ornithological specimens, too numerous to detail here.

The area of the Park is 88 cawnies or 116 English acres.

THE NAPIER PARK.

Mr. C. J. HAY-ELLIS, Superintendent.

Madras owes so much to the administration of Lord Napier that it is very fitting that some permanent and palpable token of the public appreciation of his labors should remain in our midst, at once to stimulate succeeding Governments to walk in Lord Napier's steps, and to remind generations to come of how much the sick, the suffering and the poor must always owe to one who has initiated so great improvements in all our public charities that their effect must long continue—blessing those who are too weak or poor to help themselves. The Napier Park is such a memorial. Its very position is most fitting. Standing midway between Government House and one of the most squalid quarters of Madras, its beneficent influence will rest upon both. Its site had been for scores of years a pestiferous swamp, covered for months in each year by salt and stagnant water, the overflow of the filthy Cooum. Within was a wretched parchery, notorious for its liability to epidemic disease, that spread from thence throughout the city. To partially remedy the evil, the Municipality made it a depot for street sweepings, so that in time its level might be raised sufficiently to ensure its being free from water. This while amending one evil created another—placing on the borders of a dense population masses of putrescent matter that could not but be very injurious to both the water and air of the locality. This grew to be such an evil that the Sanitary Commissioners at last put a stop to the discharge of sweepings on the land. It was, however, impossible to build on such a spot and the whole remained a useless "dismal swamp."

At present all is changed. The level has been raised by material dug from ornamental tanks. Trees of useful and beautiful kinds have been planted, and are rapidly growing to their full height. Roads and side-paths have been laid out, and in the midst a Band-stand will probably be erected. Parks are things of slow growth, and it must be years before this can be worthy of the name it bears—a boon that cannot but greatly influence for good the whole population of Chintadrepettah and Nursingpoomam.

The Park contains an area of about 18 cawnies. A great part of this was formerly the property of Government, but was generously given to the town on condition that the Municipality purchased the rest from the native owners. For this purpose the Municipality has expended several thousands of rupees, and the total cost, previous to the public opening, will not be less than twenty thousand rupees. A new road divides the northern side from Chintadrepettah. The design and laying-out the park are the work of Mr. Standish Lee, the Municipal Engineer, who deserves great credit not only for this but also for the economical but yet effectual manner in which the whole work has been performed.

As a last gift, Lord Napier has provided the whole of the funds required for erecting on the west side of the Park a handsome building for a girls' school in the Indian fashion. The cost will not be less than 6,000 rupees. It is intended to be a purely national girls' school and to lend on through carefully gained experience to some mode of teaching which will embody the best western systems while not departing from Hindu customs any more than may be necessary. It is greatly to be hoped the scheme will prove a benefit to the public while the school shall ornament the Park. This school has been opened and well attended.

ROBINSON PARK.

The above Hall was built by voluntary contributions, and for a four-fold object, namely, 1st, for Weekly Prayer Meetings; 2nd, for Lectures; 3rd, as a Reading Room; and 4th, for Tamil preaching on the Sabbath and week days.

A Ragged Sunday School, 50 children, is held in this Hall every Sunday at 11 A.M., where they are taught the truths of the Gospel, and a plain meal of curry and rice is given before.

Sunday Services for the Poor.—These Services were established for the benefit of the very poor of the district, who, from poverty and ignorance are backward to attend a respectable place of worship. These Services are conducted in the morning by some of the brethren in rotation and in the evening by the Committee's Secretary.

The Service in the morning begins at 9 A.M. and in the evening at 8.30 P.M. The attendance at the morning Service has, as a rule, been large. The brethren who conduct these Services are conscious that the good seed sown does not always bear fruit at once and they are therefore prepared to toil on in faith and wait in hope. The Committee rejoice to know that in this place, "to the poor the Gospel is preached."

Industrial School.—The Committee were obliged to close this department of their work for want of funds, but they hope to resuscitate it as soon as the financial condition is improved.

The work of this Institution is entirely un denominational, and the Committee consists of representatives of the different Protestant Churches.

Monthly subscriptions towards the Ragged Sunday School and Industrial School are earnestly solicited.

The smallest sum will be thankfully acknowledged.

Cast-off clothing, or a piece of check, or other cloth, will be very thankfully received and acknowledged by the Honorary Secretary and Treasurer, Mr. J. R. Fowkes.

The object of this Fund is to afford relief to the widows and orphans of subscribers who may contribute to its support. It consists of two branches, viz., a Widows' Branch and a Children's Branch. The benefits of the former are secured by the payment of a monthly subscription regulated according to the joint ages of husband and wife. Pensions from Rs. 5 to Rs. 100 per mensem can be secured in the Widows' Branch. The rules have been so revised that on payment of one month's subscription and, without any donation or entrance fee, the widow becomes entitled to an immediate pension. In the Children's Branch a monthly subscription on account of each child and a donation equal to twelve months' subscription will secure a pension equal to four times the amount of that subscription until the age of 18 to boys and 21 to girls.

This has been increased at the annual meeting of the 4th February 1862 by 50 per cent. to all orphans who may lose both parents from that date.

N.B.—All particulars in respect of the Fund can be obtained on application to the Secretary at the Office, No. 139, Armenian Street, nearly opposite to Messrs. Binny and Co.'s, Madras.

Lissenburg, J. L. O'Hara and H. Parr (appointed with power to add to their number), and representatives of Affiliated Societies.

Objects.—The extension in the Madras Presidency of the practice of Total Abstinence from the use of all intoxicating drinks as beverages—as a safe and sure means, under God's blessing, of reclaiming the drunkard, and preventing intemperance and its attendant results.

To encourage the more energetic action of the many separate Total Abstinence Societies already existing and to promote the establishment of others.

To unite total abstinents of every class under one organization, and thus augment the force of their claims on public attention, and add weight to such representations, with respect to the Licensing Laws, Liquor Traffic, &c., as it may be expedient to make to Government.

The Executive Committee of the League will endeavour to carry out these objects, by means of the Press,—the Platform,—the Pulpit,—and the Personal Influence of its individual Members—by the collection and publication from time to time of reliable statistics and authentic information bearing on the subject,—by the convening, under its auspices, of public meetings and arranging for lectures as frequently, and at such times and places as may be expedient;—by inviting Ministers of different denominations to bring this subject, or allow it to be brought, prominently before their congregations, at least on one Sunday during the year;—by sending deputations, when desired, to give addresses and assist at the meetings of various local Societies; and by such other means as may seem desirable.

The Secretary will be most happy to place himself in communication with the Secretary of any Total Abstinence Society for this end; and to register the name of any Total Abstinence desirous of Membership.

Diagrams and Apparatus have been procured, to illustrate lectures on the Physiological, Chemical and Pathological aspects of the use of Alcoholic beverages,—which are lent to Affiliated Societies, without charge, except for actual expenses incurred.

The Grand Lodge of Madras meets once in 2 years in Easter week. The plan is settled at the previous Sessions by the votes of the Representatives from the various Lodges. The meeting in 1898 will take place in Secunderabad. The Grand Lodge of Madras has its jurisdiction over all the Districts under the Military command of the Madras Presidency, including Upper and Lower Burma.

The Independent Order of Good Templars consists of one supreme body, the present Secretary of which is Colonel Parker, State of Wisconsin, America; the Chief is Dr. Oronhyatecha, an Indian Chief, of Toronto, Canada. There are more than one hundred Grand or County Lodges, and nearly all publish a newspaper of some description. The *Madras Templar* is a weekly journal of same size as the *Leisure Hour*.

There are 9,302 Subordinate or Working Lodges with 410,995 members: all members, no matter what their position, must be regular attending members of one of these Lodges. There are 84 Lodges in this Presidency, with 2,500 members. Madras contains eight Lodges, one of which is purely Hindu. These Lodges meet weekly for admission of members and business. A District Lodge also meets once in three months to confer the degree of Charity, which is obtainable after five months' membership in the Subordinate Lodge.

The Order also encourages Juvenile temperance. There are 2,664 Juvenile Temples in the world, with 153,196 members. The children are pledged and taught not to drink, smoke, gamble or use bad language. There are five Juvenile Temples in Madras, one being composed entirely of native boys.

Principles.—Total abstinence, by a life-long pledge, and the absolute prohibition of the sale of intoxicating liquors.

Policy.—Broad: allowing Lodges to act according to locality, time, and circumstances.

Basis.—Non-beneficiary, the object being to do good, rather than receive benefit.

Terms of Membership.—A small Entrance Fee and Quarterly Subscription.

Eligibility.—Both sexes are admitted and are eligible for office.

 The services of the Catechists and Readers are at the disposal of those subscribers who wish their servants to receive instruction in the Christian religion.
 There are six Schools in the District belonging to the Mission, two in Bangalore, three in Hosur and Remount Depot, and another at Kolar Road. The boys are taught up to the Middle School Standard and the girls to the Special Upper Primary Examination. S. Paul's Mission has on its staff one Missionary, 6 Catechists, 16 School-masters and Mistresses and four other Agents.
 The attention of those interested in Mission work is called to some of the most important wants in connexion with S. Paul's, as without additional help from them no satisfactory progress can be made.

These Schools and College were founded, in connection with the scheme originated by the late Bishop Cotton of Calcutta, to provide, in a healthy climate and at a moderate cost, the means of a sound education for the children of European parents resident in India and the East. The religious teaching is that of the Church of England. There are two distinct and separate establishments, (i.) for boys, (ii.) for girls.

(i.) *The Boys' School* provides systematic tuition in the usual branches of a liberal education, and the course of instruction is graduated from the elementary lessons of the preparatory class (intended for boys of seven years) to the Matriculation Standard of the Madras University. The tuition fees are Rs. 3, 4, 5, 6 and 7. The work and progress of each class is tested frequently by the Warden, and periodical reports are sent to parents and guardians. The School is under Government inspection; pupils are also presented annually at Bangalore for the Matriculation, Lower Secondary, and Primary Examinations; the Annual Report is issued as soon as the results of these examinations are known.

Gymnastics and Drilling are conducted by the Garrison Instructors. The senior boys belong to the Schools' Company of the Bangalore Rifle Volunteers. Cricket, Football and Athletics are encouraged.

(ii.) *The Girls' School* is taught by a staff of six Mistresses under Miss Edith Gow. The preparatory class provides careful elementary instruction for quite young children. Pupils are presented annually at Bangalore for the Matriculation, Higher Education of Women, Lower Secondary, and Primary Examinations. The School is under Government inspection; the Annual Report is issued as soon as the results of the examinations are known. The work and progress of each class is tested frequently by the Warden, and periodical reports are sent to parents and guardians. The tuition fees are Rs. 3, 4, 5, 6 and 7. Regular instruction is given in Needle-work.

Special preparation is also afforded for the various competitive examinations in India and in England, and for entrance into the Government Services. Tuition fee Rs. 10.

Dr. E. Ross (Garrison-Surgeon, I.M.D.) is Consulting Physician. Every pupil must bring sheets, blankets, pillow-cases, towels, and a chest of drawers or a strong box with good lock and key.

The Boys' Boarding Establishment is under the immediate care of the Warden, who is assisted by resident Masters. The Matron has charge of the clothes and will correspond with parents on matters connected with the health and personal comfort of their sons. Provision is made in a detached bungalow for sick boys, who are under the care of the Matron and the Medical Attendant. Boarders prepare their lessons at regular hours under the supervision of the resident Masters, who take it in turns to be present and render assistance. Boarders are not allowed to leave the school compound without special permission.

The Girls' Boarding Establishment is under the immediate care of the Lady-Superintendent, who is assisted by two resident Mistresses and a Matron. The Lady-Superintendent will correspond with parents on matters connected with the health and personal comfort of their daughters. Boarders prepare their lessons at regular hours under the supervision

of the resident Mistresses, who are present to help them in any difficulties. Boarders are never allowed to leave the school premises except with the Lady-Superintendent's permission and accompanied by some responsible person approved of by her. Invitations can only be accepted by friends previously sanctioned by parents and not oftener than once a month.

THE LAL BAGH

THE MYSORE GOVERNMENT BOTANICAL GARDEN, commonly known as the 'Lal Bagh', (from the Hindustani derivation—red or ruby garden) is under the direction of a Superintendent who is responsible to the local Government. The present Superintendent, Mr. J. Cameron, has held the office since 1874. A European Curator has recently been appointed from Kew to assist the Superintendent. The garden is pleasantly situated about two miles south-east of the Cantonment of Bangalore, and within one mile of the City. It covers an area of about 100 acres of rich land and rock. The contour was formerly oval, with a gentle fall towards the north; but recent additions have included the higher lands on the east and south-east, and the boundary now includes the rock on which Kempe Gauda's watch-house is situated. On this commanding ground the visitor obtains a good view of the City with its surroundings, while contemplating the changes which have taken place since Hyder Ali first selected this favoured spot as the site for his Bangalore garden. In 1836 the Chief Commissioner of Mysore made over the Lal Bagh to an Agri-Horticultural Society, which was then formed at Bangalore, but on the dissolution of this Society in 1842—six years later—the property was restored to Government and has remained in its possession up to the present date. Since the rendition of the Province, the institution has been maintained by the State, and it is gratifying to know that His Highness' Government shows much solicitude for the preservation and improvement of this historical garden. A large tank situated above the grounds, affords a permanent water-supply which is laid out by a system of masonry channels. The greater portion of the ground is very tastefully laid out in ornamental lawns and terraced flower gardens with green houses, aviary, and cages for lions, tigers and cheetahs, &c. The Menagerie now forms a separate enclosure on the west side of the grounds, but it is contemplated to erect more commodious cages in different parts of the garden. The new Conservatory, or Exhibition Building, occupies a commanding site on the eastern slope, and will, when the adjacent grounds are laid out, be the centre of attraction. This fine structure has cost Rs. 75,000, and is the only one of its class in India. The materials are almost wholly composed of iron and glass, and were supplied by the Walter Macfarlane & Co., the well-known Iron Founders of Glasgow. In addition to its being a conservatory, the half-yearly Horticultural shows will hereafter be held in this building. The deer park is situated at the south end of the gardens and adds to the curiosities of the ground. Fruits and vegetables are cultivated and acclimatized to a greater extent than hitherto. The garden is open from 8 A.M. till dusk. Carriages and horses are expected to enter by the left-hand entrance gate, and return by the one strictly prohibited. Visitors are not permitted to pluck flowers or fruits; and are expected not to bring dogs to the garden, as they do much injury to the seed beds and attack the deer. Plants and seeds may be purchased at the garden. A detailed catalogue of the stock on sale, showing the prices, can be obtained from the Superintendent on application, and also a botanical catalogue of all the known plants in the garden.

A large ornamental fernery has been built adjoining the rockery. The plants in the garden are being permanently named for the information of visitors. HORTICULTURAL SHOWS.—Since the Mysore Agri-Horticultural Society has been dissolved, the half-yearly shows, which are held in the gardens in the months of July and January, are conducted and managed by the Superintendent, assisted by a temporary Committee of Jurors.

The Menagerie and Aviary are fully stocked with collections of animals and birds.

NOTICE.

1. Any one giving a picnic in the Government Gardens must apply to the Superintendent, at least 24 hours previously, for permission to do so; and on the occasion of such picnics, a hire of Rs. 2 per day will be charged for the use of the house—Darwina—and the adjacent grounds.

HYDERABAD.

Is the Capital of the Nizam's territories and the present seat of Government. It is situated within 6 miles from the Fort of Golconda, its distance from Calcutta is about 1,220 miles, from Madras 460, and from Bombay 470 miles. The Nizam's country, viz., that part under the sole management of His Highness' Government contains an area of about 80,000 square miles. The population of H. H. the Nizam's Dominions is, according to the recent census, 11,840,001. It is bounded by Berar on the north, the Madras Presidency on the south, Bombay on the west, and the Central Provinces on the east. The population of the City of Hyderabad is 237,801. The City is approached by numerous bridges, gates and posterns, it being surrounded by a stone wall, which, however, is in a weak and ruined state. Great improvements are, however, being effected in the City, by widening the streets in several parts, and sanitary arrangements are being slowly introduced.

The Hill Fort of Golconda was anciently the seat of its Government, and in the Fort, as well as near it, are the far-famed tombs of Golconda, a series of splendid mausoleums built in oriental style over the departed Sovereigns and Princes of the Hyderabad dynasty. The tombs are greatly admired for their extent and beauty.

The head-quarters of the Golconda Brigade under Major the Nawab Asaf Jung are located in the Fort.

The Nizam's Government.

The last Ruler, His Highness Afzal-ud-Daula Bahadur, G.C.S.I., was the seventh Nizam of the Deccan, who was the descendant in succession of the celebrated Asaf Jah Nizam-ul-Mulk, the "First Nizam," or founder of the Hyderabad Dynasty since the 17th century. Asaf Jah Nizam-ul-Mulk died in 1748.

The late Afzal-ud-Daula, the seventh Nizam or Nawab of Hyderabad, departed this life in February 1869, after a reign of twelve years, and was succeeded by his son, H. H. Mir Mahbub Ali Khan Bahadur Fatah Jung, G.C.S.I., who, on attaining his majority, was invested with full powers of administration on the 5th February 1894.

The Residency House at Chudderghat

Is a lofty and spacious mansion situated on the bank of the river Moossee, and is built after the model of the Government House at Calcutta. It is enclosed with a high wall and protected with gun-bastions at the entrance gates, surrounded with office buildings and a large garden. Chudderghat is becoming a very wealthy place, and contains a great number of extensive bazars. It is a Civil station, where reside the servants of Government employed in the Residency Offices, as also a great number of officers belonging to the Reformed Troops of H. H. the Nizam, and employees of the Native Government. The Officer Commanding the Resident's Escort, who is also the Superintendent of the Residency Bazaars' Police, conducts the duties connected with the sanitary improvement of the Bazaars, and is assisted by a Municipal Committee, the members of which are selected from the most influential residents of the station. Within the past few years great improvements and additions have taken place in the appearance of Chudderghat. New buildings having been erected, bridges built, roads improved, and a beautiful People's Park formed under the superintendence of an officer of the Nizam's P. W. Department.

The Magisterial work of the Residency Bazaars is performed by the Second Assistant Resident.

The Residency Bazaars are supplied with good water from the Hussain Sauger Tank by means of pipes.

The following are the principal buildings at Chudderghat:—

GOVERNMENT CINCHONA PLANTATIONS, BOTANICAL GARDENS AND PARKS, NILGIRIS.

Director	M. A. Lawson, Esq.
Government Quinologist	D. Hooper Esq.
Curator	A. Jamieson, Esq.
Office Manager	Mr. D. Campbell.
Superintendent, Dodabetta	H. V. Ryan.
Do, Naduvatom	E. Collins.

In June 1888 the Government Cinchona Plantations (up to that time under the management of the Forest Department) and the Botanical Gardens and Parks (hitherto under a Superintendent) were constituted into a distinct Department with its head who is styled "The Director." This Officer's charge comprises:—

1. The Government Cinchona Plantation.....Dodabetta.
2. do. do.Naduvatom.
3. do. do.Hooker (Pykara).
4. do. do.Wood (Pykara).
5. Government Botanical Gardens.....Ootacamund.
6. The Barliyar Garden.....Coonoor.
7. Sim's Park.....Ootacamund.
8. Church Hill Park.....do.
9. Stonehouse Park.....do.
10. Upper Norwood Park.....Gudalur.
11. Experimental Garden.....do.

Government Cinchona Plantation, Dodabetta, which was opened in 1862, is situated in the ravine behind the Government Gardens, Ootacamund, on a site selected by Mr. Clements Markham, the great Pioneer of the Cinchona Industry in India, and possesses an elevation of from 7,500 to upwards of 8,000 feet above the level of the sea, with a temperature ranging from 60 to 70 degrees (Fahrenheit). During the winter the frost is often sharp, causing some damage to the Cinchonas in the lower portions of the Estate. Its extent is 363 acres, of which 307 are under cultivation. The majority of the trees are the Cinchona officinalis var. condensata, bonplandiana and crispata, which varieties of the genus Cinchona yield the Loxa or famous Crown bark of commerce rich in amorphous quinine. Besides these there are other varieties and hybrids.

Government Cinchona Plantation, Naduvatom, is situated at the top of the Gudalur Ghaut about 21 miles from Ootacamund, at an elevation of from 5,000 to 6,000 feet above the level of the sea. Its mean temperature is 60 degrees, with a maximum of 80 and minimum of 34 Fahrenheit. It is 547 acres in extent, of which 374 are under cultivation, principally Cinchona succirubra (the red bark of commerce), though there are also other species such as the Cinchona officinalis, micrantha—calisaya, and also various hybrids—such as Cinchona anglica, Cinchona pubescens—Cinchona urticifolia, &c. Sulphate of quinine has been manufactured since May 1889.

Government Cinchona Plantation, Hooker, is situated on the left bank of the Pykara river, about 20 miles from Ootacamund. It is 909 acres in extent, of which 203 are under cultivation. Its highest elevation is about 5,000 feet above the level of the sea, with a temperature similar to that of Naduvatom. The trees are chiefly succirubra, and also officinalis micrantha.

Cinchona Plantation, Wood, is situated on the right bank of the Pykara river, 11 miles from the Hooker. During the monsoon the river is unfordable, and to Naduvatom side one has to go round by the Pykara bungalow and as are principally the Cinchona succirubra, and Cinchona officinalis.

The Ootacamund Botanical Garden was opened during the Governorship of the Marquis of Tweeddale in 1847, and covers an area of about 51 acres. The grounds are beautifully laid out, and planted with timber and ornamental trees, shrubs, and foliage and flower plants. It contains a conservatory and propagating house.

The objects of this and the branch gardens are three-fold, viz. :—

1. To improve horticulture in this Presidency.
2. To introduce vegetable productions not indigenous to India.
3. To further the distribution of seeds and plants.

Residents in S. India are indebted to these gardens for the introduction and propagation of many varieties of English and foreign fruits, vegetables, fodder grasses, &c. In 1861 the valuable quinine-yielding Cinchonas, that now cover many thousand acres in India and Ceylon, were introduced.

The Barliyar Garden, 7½ miles from Coonoor, is at an elevation of 2,500 feet, and was purchased in 1871 for Rs. 2,000. Experience has proved that the site is well adapted to the growth of trees and plants peculiar to the West Indies, the Straits, and the Eastern Archipelago. Liberian Coffee, Cocoa, Ceara Rubber, Cashew, Mahogany, Mangosteen, Nutmeg and Clove thrive well in this locality. The garden covers about 8 acres.

Sim's Park in Coonoor is a pleasure ground and extends over 30 acres. It was opened in 1874.

Church Hill Park, Stonehouse Park and Upper Norwood, are ornamentally laid out and planted with Conifers and other exotic trees.

A new experimental garden has been opened at Gudalur, about 7½ acres in extent, with a view of trying experiments as to whether what plants will grow in the neighbourhood.

COMMITTEE OF MANAGEMENT.

Non-Official.—Colonel C. A. Linnet; Major-General Jennings; W. E. Schmidt, Esq.

Principal, Secretary and Chaplain. Rev. A. W. Atkinson, M.A.; *Office Manager.* Mr. T. Burrows; *Medical Officer, Surgeon-Major J. Maitland; Resident Apothecary, Mr. R. Prince.*

MALE BRANCH.—Mr. G. Maddox, B.A., Head Master; Mr. J. Clouston, Second Master; Mr. D'Rosario, Third Master; Mr. Kelly, Fourth Master; Mr. French, Fifth Master; Mr. Darby, Sixth Master; Miss Fox and ———, Nursery Teachers; W. Markham, Sergeant-Major; R. Coulter, Quarter-Master Sergeant; Mrs. Perkins, Matron; Nursery Matron; Mrs. Markham, Hospital Matron; Mr. G. Winter, Master Tailor; Sergeant A. Perkins, Master Carpenter; Sergeant J. Sheridan, Gymnastic Instructor; Sergeant Hillman, Band Sergeant.

FEMALE BRANCH.—*Lady Visitors,* Mrs. Andrews, Mrs. Hutchins, Miss Leggett, Mrs. Lockhart, Mrs. Maitland, Mrs. Staunforth;—*Head Mistress,* ———; *Second Mistress,* Miss Sprowles; *Matron,* Mrs. Bogue.

The amalgamation of the Madras Military Male Orphan Asylum with the Ootacamund Lawrence Asylum was effected in September 1871, on the completion of the new buildings at Lovedale.

The salubrity of the situation (which surpasses that of some of the healthiest public schools in England) is shown by the diminished percentage of sick in Hospital, and the robust appearance and healthy appetite of the children.

Although the Institution may be said to have been adopted by the State, it is not perhaps so generally known that Government has never contemplated doing more than furnishing it with a liberal *Grant-in-aid*.

The boys receive such a training as will fit them for usefulness hereafter in various lines of life, whilst the girls are employed in such occupations as will tend to qualify them to become useful wives and mothers. The clothing and most of the in-door work in both branches are done by the children, and native servants are dispensed with as much as possible.

AMENDED RULES.—1st April 1888.

I.—OBJECT OF THE INSTITUTION.

The object of this Institution is to provide for children of European and East Indian officers and soldiers of Her Majesty's Army (British and Indian) and of Europeans and East Indians in the Medical Service, Military and Civil, who are serving or have served within the limits of the Presidency of Madras, a refuge from the debilitating effects of a tropical climate and from the serious drawbacks to the well-being of children incidental to a barrack life, to afford for them a plain, practical and religious general education and to train them for employment in different trades, pursuits and industries.

2. The Asylum shall consist of two separate branches, the Male and the Female.

II.—PATRONS.

3. His Excellency the Commander-in-Chief and the Right Reverend the Lord Bishop of Madras shall be the Patrons of the Institution, and shall be at liberty to visit the Asylum at any time and to refer to the Committee, or to the Government, any matter they may consider demanding attention.

III.—THE EXECUTIVE AND THE CONTROL TO BE EXERCISED BY GOVERNMENT.

4. The management of the Asylum shall be vested in a Committee consisting of the General Commanding the Southern District, the Collector of the Nilgiris, the Deputy Adjutant-General, the Deputy Quarter-Master General, the Senior Medical Officer at Ootacamund, Officer Commanding Wellington Depot, and of three members not in the service of Government resident for at least six months in each year in the Nilgiri district. These three members shall be elected by the Committee. The Committee shall be directly responsible to Government for the administration of the Asylum and shall be bound to obey all their orders relating thereto.

5. The General Commanding the District shall be *Ex-officio* Chairman, and the Collector of the Nilgiris shall be *Ex-officio* Vice-Chairman of the Committee. When neither the Chairman nor the Vice-Chairman is present, the Committee shall elect their own Chairman.

6. On the death or resignation of a non-official member of the Committee, or on his ceasing to reside for at least half of the year on the Nilgiri Hills, or on his failing to attend three successive monthly meetings without satisfactory reasons, he shall be held to have vacated his appointment. It shall be the duty of the Committee without delay to elect a fitting person to fill the vacancy, and to report the appointment to Government.

7. All moneys shall be lodged with the Bank of Madras in the names of the Chairman and Vice-Chairman, one of whom shall sign or countersign all drafts thereon.

8. The Chairman, or when he is absent the Vice-Chairman, shall have the power, after consulting the Committee in meeting, but with or without their consent, to refer to Government any matter he may consider demanding their attention. A copy of the letter and of any papers to be forwarded therewith shall, however, be immediately laid before the Committee.

9. The Chairman, or in his absence the Vice-Chairman, shall have power to defer declaring a resolution to have been carried until he shall have obtained in writing the opinion of members who have been unavoidably absent from the meeting on the point at issue.

10. The Principal shall be appointed by Government on the nomination of the Committee, to whom he shall be directly responsible and subordinate. All other appointments shall be made by the Principal subject to the confirmation of the Committee. In the case of Teacherships, the Inspector of Schools shall be consulted before such appointments are confirmed.

11. All letters to Government, or intended to be submitted to Government, shall be signed by the Chairman or Vice-Chairman.

12. The Committee shall, with the sanction of Government, have power to separate the duties of Principal and Secretary; to fix the remuneration of the latter officer; and to define his duties in relation to the Principal.

13. A meeting of the Committee shall be held in the first fortnight of each month for the transaction of ordinary business. Three members shall form a quorum.

14. Any three members shall have the power of convening an extraordinary meeting, on giving the Chairman, through the Secretary, one week's notice of the same.

15. The Committee shall, at each monthly meeting, appoint two of their members to visit the Institution officially, and to record any remarks they may have to make in a book provided for that purpose. This book shall be laid on the table at each monthly meeting.

16. The Committee shall appoint six Lady visitors, who shall hold office upon the same conditions as members of Committee. Two of them shall be nominated at each monthly meeting to visit the female branch during that month, and to record any remarks they may have to make in a book provided for that purpose. This book shall be laid on the table at each monthly meeting.

IV.—THE PRINCIPAL AND OTHER OFFICERS.

17. The Government may dispense with the services of the Principal at any time on giving him six months' notice or six months' salary. Before resigning his appointment, the Principal must give six months' notice, unless a shorter notice be accepted by Government.

18. The Principal shall be a person possessing educational and administrative qualifications suitable for the post, and a member of the Church of England, and a Clergyman: provided that if at any time a duly qualified Clergyman is not available, a Military Officer may be appointed to the post.

19. As Principal he shall perform such duties as may be enjoined on him by the Committee, and he shall be responsible for the moral and intellectual training of all the pupils. If he be a Clergyman, he shall have pastoral charge of the Institution. He shall be the Executive Officer of the Committee and shall be responsible for the accounts of the Institution, and, in communication with the Committee, or such Sub-Committee as they may appoint, shall make all necessary disbursements subject to the provisions of Rule 7. He shall communicate with the Chairman or Vice-Chairman during the Chairman's absence, either directly or through the Secretary, if there be a separate Secretary, on all important matters which cannot be conveniently postponed to the next meeting of Committee, and shall generally be immediately subordinate to the Chairman or Vice-Chairman as representing the Committee.

20. If the Principal be not a Clergyman of the Church of England, a Clergyman of that Church shall be appointed as Chaplain, and may also perform the duties of Secretary, as provided in Rule 12, in addition to his duties as Chaplain. As Chaplain, besides performing all such religious services as he may be ordered to perform by the Committee with the

sanction of Government, he shall give religious catechetical instruction to all the pupils. The Chaplain shall be appointed and his salary fixed by the Committee, subject to the confirmation of Government in each case.

21. The Medical Officer in charge shall visit the Asylum at least once weekly and whenever it is necessary.

22. The Head Master shall superintend the tuition in the male branch and shall take such part in the teaching as the Committee may direct.

23. The Head Mistress shall superintend the tuition in the female branch and shall take such part in the teaching as the Committee may direct. She shall also be responsible for the moral and intellectual training of the girls, who shall be subject to her control both in and out of the school.

24. The Assistant Mistress shall be subordinate to and under the direction of the Head Mistress, and shall assist her both in and out of the school as she may desire.

25. The domestic arrangements of the female branch shall be conducted by a Matron subordinate to the Head Mistress. She shall instruct the girls in the duties of housewifery and be present at their meals. In her absence, the Head or Assistant Mistress shall be present at meals.

26. The Committee shall ordinarily remunerate the assistant and the industrial teachers on the salary results system, i.e., by giving them, in addition to their fixed stipends, a percentage of the grant which the Asylum may be regarded as having earned in the annual examination according to the standards in the Grant-in-Aid Code. The proportion which the fixed stipend should bear to the results portion of the total remuneration will be determined by the Committee. The total remuneration shall be paid from the funds of the Asylum.

V.—ADMISSION AND REMOVAL OF PUPILS.

27. The number of children admissible is at present limited to 330 boys and 75 girls.

28. The legitimate children of Europeans and East Indians belonging to the following classes shall be admissible to the Asylum, viz., officers and soldiers of Her Majesty's British and Indian military forces, persons employed in the military and civil medical service, effective volunteers of five years' standing, and lastly civilians, whether connected with the public service or not.

29. The following is the order in which claims to free admission into the Institution shall be considered, viz.:

- (1) The orphan children of fathers who have been killed in action or have died on service, preference being given to children of pure European parentage.
- (2) Orphan children of European commissioned officers and of civil medical officers, if left destitute.
- (3) Orphan children of European officers and soldiers,* and of Europeans in the medical service, preference being given to those who have lost both parents.
- (4) Orphan children of East Indian officers and soldiers, and of East Indians in the medical service, preference being given to those who have lost both parents.
- (5) Children of any of the above whose fathers are living.
- (6) Children of European or East Indian officers and soldiers, and of Europeans or East Indians in the medical service, transferred to the invalid or pension establishments.
- (7) Orphan children of volunteers who, at the time of their death, were borne on the rolls and had five years' effective service.
- (8) Orphan children of civilians, connected or unconnected with the public service, one of whose parents is or was of pure European descent, and who are destitute.

Explanation.—In these rules, the word "East Indian" is restricted to the children of European fathers by East Indian or Native mothers, or of East Indian fathers and mothers, both of whom are the children of European fathers.

29. (a) The children of civilians, not being orphans and destitute, may be admitted on payment of a fee of Rs. 20 per mensem for a child under 12 years of age, and Rs. 25 per mensem for a child above 12 years of age. Provided that such children only be admitted if vacancies exist for which no eligible children belonging to the classes specified in Rule 29 are available.

30. Donors of Rs. 300, or subscribers of Rs. 50 per annum for four years, shall have the right of nominating one pupil, who shall be admitted at once if not ineligible.

* Whenever the word "soldier" occurs, unless otherwise qualified, it is to be taken to include all those specified above.

In cases not answering to any of the foregoing descriptions, applications may be made through any person of known respectability. All applications must be addressed to the Secretary, who will furnish printed forms of application and descriptive rolls to be filled up. The baptismal certificate of the candidate will also be required with the last pay certificate, if in the receipt of the Government allowance.

33. The Secretary, in announcing to the parent or guardian the election of a candidate, will fix a reasonable time for the child to join the Institution. If the child does not join within the period named, the fact shall be reported to the Committee.

34. Children laboring under any form of disease which is likely to incapacitate them from the ordinary duties of life, and (except with the special sanction of the Committee) the children of soldiers who have been dismissed the service by sentence of court-martial, are ineligible.

When any such boy or girl has a parent or guardian, they may be required by the Committee to remove the child. It otherwise shall be the duty of the Committee to take such measures as may seem best for his or her settlement in life. This rule, however, shall not be a bar to the Committee accepting any suitable situation for a girl who shall have attained the age of 16 years.

40. On the application of a Clergyman of the Church of Rome or of the Church of Scotland or of any Nonconformist or Presbyterian Minister, requesting permission to celebrate Divine Service on a Sunday, with such of the pupils or officers of the Institution as are members of his communion, a place shall be set apart for the purpose. Such applications, however, must be made on or before the previous Saturday to the Principal.

41. The children shall be assembled daily, morning and evening, when the sanctioned form of prayer shall be read by the Principal or by such officer as he may appoint.

42. In each school the work of the day shall commence with religious teaching. The authorised version of the Bible shall be used and the main truths of Christianity shall be taught, without allusion to controverted points of faith and practice, provided that the children of the Roman Catholic faith shall not be compelled to attend divine service of any description conducted according to the rites of the Church of England or to receive religious instruction except from the clergy of their own faith.

43. At the time at which religious instruction shall be given in school, Clergymen of the Church of Rome or of the Church of Scotland and Nonconformist or Presbyterian Ministers may attend and give instruction to the children of their respective communions in a place set apart for that purpose, on giving previous notice to the Principal.

44. Clergymen of the Church of Rome or of the Church of Scotland and Nonconformist or Presbyterian Ministers shall have free access to the sick of their respective communions in the Hospital, on giving notice to the Principal.

45. The course of general education shall be in accordance with the standards laid down for European schools in Appendix L of the Grant-in-Aid Code, and shall in the Boys' Asylum be limited by the Lower Secondary Examination.

46. There shall be a special class or classes for pupils preparing for the Test examination of the Telegraph Department, but ordinarily pupils shall not be admitted to such class or classes until they have passed the 6th standard.

47. Unless specially exempted by the Committee, each boy shall, on passing the 3rd standard, be taught an industry according to the standards laid down in Schedule M under Chapter IX. of the Grant-in-Aid Code, in addition to the compulsory subjects of the 4th, 5th, 6th or 7th standards, but he shall not be taught any of the optional subjects unless such instruction can be given without interfering with his industrial progress.

48. Each class shall be examined by the Government Inspector according to the prescribed standard in general as well as in industrial knowledge, and the promotion of pupils shall be regulated by the results of such examinations.

VIII.—EDUCATIONAL INSPECTION AND EXAMINATIONS, SCHOLARSHIPS, PUPIL TEACHERS.

49. All classes, excepting the Telegraph class, shall be examined annually by the Inspector of Schools of the Division, assisted, in regard to art and industries, in such manner as the Director may order, according to the standards in Schedule L and in accordance with the provisions of Chapters III. and IX. of the Grant-in-Aid Code, and on the completion of the examination the Inspector shall forward to the Principal a statement, in the forms prescribed in the Grant-in-Aid Code, showing the grant at the maximum rates to which the Asylum would be entitled for each pupil presented for examination were it an Institution receiving aid under these chapters.

50. After the annual inspection and examination has been completed, there shall be a public distribution of prizes. Prior to such distribution the Principal shall arrange for the examination of such class in the subjects not tested by the Inspector and appoint persons to conduct such examinations.

51. In addition to the annual inspection held by the Inspector of the Division, the art and industrial work of the Institution shall be reported on each year alternately by a superior officer of the School of Arts and of the College of Engineering. The travelling expenses of such officer shall be borne by Government.

52. The accounts of the Institution shall be audited each year by a superior officer of the Account Department.

53. As an encouragement to boys who desire to appear for higher examinations, a scholarship of Rs. 15 per mensem, tenable for two years, shall be annually awarded to any boy passing the Middle School Examination in the first class to enable him to proceed to some Institution (approved of by the Committee) to study for the Matriculation Examination; and, on his passing that examination, a scholarship of Rs. 20, tenable for two years, on similar terms, to study for the First-in-Arts Examination, and of Rs. 25 for the first year and Rs. 30 for the second year to study for the B.A. Examination. A scholarship-holder shall be liable to forfeit his scholarship if not favorably reported on half-yearly as regards his conduct and progress, or if he fails to pass the examination for which he should appear.

54. The Committee, as an encouragement to pupils learning arts or industries, shall award annually to scholarships of the value of Rs. 15 per mensem, tenable for two or, if necessary, three years, to enable pupils, male or female, who have passed the Middle School Test with credit in an art or in an industry, to prepare for the standard of the Preliminary Higher Examination in such art or industry in either the School of Arts or the College of Agriculture. The scholarship may be withdrawn if the scholar fails to make satisfactory progress, or for any other good cause.

55. The Committee shall have power of selecting, from time to time, a limited number of the most promising girls to be trained as pupil teachers with a view to their qualifying themselves for employment in the Education Department. They shall be selected at about the age of 14 or 15 and continue under training for a period of (about) four years, entering

into an agreement with the Committee for the time being to that effect. They shall receive Rs. 4 per mensem for the first year, after which, provided their progress and conduct be satisfactory, their monthly salaries shall be increased to Rs. 5 in the second, Rs. 7 in the third, and Rs. 10 in the fourth year of their apprenticeship. During the whole period of their engagement, the half of each month's salary shall be deposited in the Government Savings Bank, in the name of the Principal for the time being, in trust for each of them, and, should any of them be found guilty of breach of engagement, the deposit shall be forfeited to the Institution.

56. The Committee may grant annually a scholarship of the value of Rs. 20, tenable for one year, to enable a girl, who has passed the Higher Examination for Women or Matriculation Examination with credit, to be trained as a Mistress in the Presidency Training School for Mistresses. The scholarship may be withdrawn if the scholar's progress is not satisfactory, or for any other adequate cause.

57. Capitation money, at the rate of Rs. 5 per mensem, shall be allowed for each of the pupil teachers to the Mistress entrusted with their training.

IX.—GENERAL.

58. The Committee shall, not later than the 1st March in each year, submit, for the sanction of Government, a budget for the year beginning on the 1st April following. Such budget shall be drawn up in forms corresponding with the forms in which the annual accounts are submitted. The Committee shall see that the expenditure of the year is in accordance with the budget as sanctioned by Government. When any important variations in the allotments is necessary, they shall obtain the sanction of Government for such change.

59. The Committee shall, by 30th August of each year, submit to Government a report upon the condition and progress of the Asylum during the preceding official year, and as appendices of the same shall be furnished the following documents relating to the said year:—

- A statement of accounts. In the accounts the actual expenditure under each head shall be compared with the budget provision.
- A list of establishment with salaries attached.
- A statement showing the studies pursued by the several classes in both branches.
- A time-table for the teachers showing the disposal of their time.
- A time-table for pupils in general, educational, science, art or industrial work; and
- A statement showing the number of pupils in each science, art and industrial class and their progress as tested by examination, public or inspectorial.

60. The Committee shall forward their annual report to the Director of Public Instruction for submission to Government. All correspondence with Government shall be through that officer.

The report of the Inspector of Schools may be added as an appendix to the same.

61. The Committee shall invest all surplus income, after providing a sufficient cash balance, in Government Securities in the names of the Trustees appointed by Government, viz., the Director of Public Instruction and the Collector of the Nilgiris.

62. A copy of these rules shall be published annually in the Lawrence Asylum Press Abstract and sent to the Commanding Officer of each Regiment serving in the Madras Presidency.

The Kanan Tevan Hills

Situated in North Travancore, the British Boundary dividing them from the Palneys
and Madras District on the east, and the Coimbatore District on the north.
Elevation from 1,000 feet rising to Anaiandi 8,837 feet, the highest mountain in
Southern India.

Devaculam, 6,000 feet elevation, is the head-quarters of the North Travancore Society, at
which place there is a Post Office and is within easy reach of the other Estates.

Ammanakur is the nearest Railway Station, a cart road thence to Bodynakur
the foot of the Ghât, and from there a bridle path for 20 miles to Devaculam.

The whole of the hills is the property of the North Travancore Society, who are now
opening out the country and disposing of it to Planters in suitable blocks.

Tea, Coffee and Cinchona have all been proved to thrive excellently, as also all sorts of
English vegetables, fruits and flowers. The climate (excepting during the rains in
the South-West Monsoon) is perfect, and during December, January and February, there
are sharp frosts most nights on the plateaus. The average rainfall is 100 inches, well
distributed throughout the year, but the greater quantity falling during the Monsoon,
from June to September.

The Shevaroy Hills

Are situated in the Salem Collectorate between 78° 30' East longitude and 11° 05' North latitude, and extend over an area of 150 square miles.

The highest point (The Shevaroy) from which an extensive view of the surrounding country can be obtained is 5,000 feet above the level of the sea.

Yercaud, 4,500 feet elevation, is the principal European settlement and is resorted to by a large number of visitors as a Sanitarium in preference to the Nilgiris on account of the facility with which it is reached from Madras and other towns, being 220 miles from the above place by rail, and may be reached within 12 hours if the necessary arrangements have been made for ascending the Ghât.

It is about the same from Bangalore, 97 from Coimbatore and 126 miles from Trichinopoly. These Hills are approached by three Ghâts, one on the southern side communicating with the town of Salem and the Railway Station, distant about 14 miles; another on the western side leading to the Shevaroy Hill (now Kudiampatty) Station, distant about 12 miles; and the last traced formerly as a Bandy ghât on the northern side of these Hills connecting them with the Mullapuzha Railway Station, distant about 19 miles. This Ghât was abandoned by Government for want of funds.

The other two are not practicable for wheeled traffic, all supplies being brought up by coolies and by pack bullocks.

Yercaud contains the following public buildings:—The Protestant Church, Roman Catholic Chapel, Post Office, Victoria Rooms, Kitcherry, one Hotel, Police Station, two-weekly Markets, Travellers' Bungalow, Hospital and Dispensary, and a Chutrum for native travellers.

There is also a Sub-Treasury (in charge of the Tahsildar) lately sanctioned by Government for the convenience of Planters and Residents.

The largest Coffee Estates are situated from 4 to 7 miles away from Yercaud in the Nagalore and Green Hill districts. Here some of the most flourishing Estates are to be seen.

There are decent carriage drives in and about Yercaud, and good bridle-paths leading to most of the plantations and villages: a Market or Shandy is held twice a week, on Sundays and Wednesdays, where all supplies can be purchased with the exception of bread, which is baked in Salem and sent up daily. All provisions such as beef, mutton, poultry, &c., are brought to the door, and Beer, Wines, Spirits, Oilmanates can be purchased at Messrs. Brown & Co. All the English vegetables and fruit trees thrive remarkably well and might be cultivated with profit to the grower. Tea and Cinchona are planted experimentally on some Estates.

Several ornamental trees are met with, such as Eucalyptus (Blue Gum), Norfolk Pine (*Araucaria excelsa*).

Pinus Longifolia (Pine) *Grevillia Robusta* (Silver Oak), &c., &c., which present a striking contrast to the forest trees indigenous to these Hills. The permanent residents are chiefly planters who possess houses which they rent during the season which lasts from April to October, and even throughout the year visitors resort to these Hills to enjoy its quiet repose, breathing air, and lovely scenery.

The climate is healthy from June to February and from March to May fever is prevalent especially amongst natives who, from want of sufficient clothing and carelessness, are more exposed to it than Europeans who, by exercising a little precaution, may not get an attack. These Hills get the benefit of both the South-West and North-East Monsoons causing the rainfall to be more evenly distributed throughout the year, and thus enhancing the value of the place as a coffee-growing district.

A tribe of natives called Mullalies (Hill men) supposed to be aborigines, are to be met with living in villages of 20 to 100 conical-shaped huts. They are an agricultural race, cultivating different kinds of grain and breeding cattle.

Labor is cheap. Independent of these Hill men, coolies from the low lands come up and work on the Estates at the following rates: men 1 rupee, women 10 annas and children 6 to 8 annas per week.

There are several spots from which a beautiful view of the low country can be seen suitable for Picnics, and walking and riding parties within easy distance of Yercaud, which have only to be seen to be appreciated, and no doubt the visitor will be amply repaid for his walk, when he arrives at his destination in feasting his eyes on the picturesque scenery that presents itself to his gaze.

The Pulney Mountains

Are situated in the Madras District of Southern India, between 10° and 10° 16' North latitude, and 77° 55' East longitude; connected to the Western Ghâts by a ridge of hills about 8 miles in width, being otherwise isolated, and bounded on the North by Coimbatore and Trichinopoly districts, whilst those of Madras and Tanjore lie to the East. *Kodaikanal* is the name of the plateau in and about which the Europeans reside. It is 7,000 feet above the sea-level, the annual rainfall is about 60 inches. The thermometer ranges from 41½ to 75½ Fahrenheit. There are thirteen permanent residents, and seventy houses which are occupied during the season by Europeans.

The native village consists of over 200 houses belonging chiefly to emigrants from the plains, and they comprise servants of the European residents, visitors, and others. The South Indian Railway now runs to within 32 miles from the foot of the Ghât.

The Railway Station is *Ammaganayakanur*, from whence horse and bullock transits and common carts are procurable to Periacolam, where there is a travellers' bungalow, 4 miles from the foot of the hills and 16 miles from Kodaikanal. There is a Rest-house also at the foot of the Ghât, which is a great convenience to travellers.

The usual season for visiting these Hills is from March to October inclusive. At first the American Missionaries and the officials of the Madras district were the chief visitors; but now many from other districts resort to these Hills. Supplies have to be procured from the large custom station of Periacolam at the foot of the Hills, and European supplies chiefly from the cities and seaports. The picturesque lake affords much amusement to visitors in the way of boating and fishing. A monument has been erected to the memory of the late Sir Vere Levinge, who took a warm interest in the development and improvement of the sanitarium. A handsome building has been erected on the foundation laid by Mr. C. S. Crole several years ago, and a Club has been formed and is in working order. There is also a Boat and Rowing Club.

There are few coffee plantations on the Upper Pulneys. They exist more in the Lower Pulneys, which is malarious; the head-quarters of coffee is Peryoor; the distance between Peryoor and Kodaikanal is a ride of 11 hours. Cinchona plantations have been commenced at Kodaikanal and Shembaganur and tea and cinchona at Kodaikanal and Neutral Saddle. Coffee has been tried at Neutral Saddle successfully.

There are decent carriage drives in Kodaikanal and bridle paths to various Picnic resorts. Tennis Courts are connected with many of the houses and Tennis or Badminton is going on somewhere every morning and evening, except Sunday, which is observed as a day of rest and Divine Worship. The price of coolie labor is Rs. 2 a week for men and Re. 1 per week for women and boys.

Shembaganur is 2 miles from and 1,200 feet lower than Kodaikanal, and Neutral Saddle is 4 miles from and 600 feet lower than Shembaganur. The climate of both these places

* A Stores and Agency for English provisions and weekly Market for local supplies have been opened.

is milder than that of Kodaikanal and Neutral Saddle, which is above fever range, is especially favorable to Asthmatics, Consumptives and those suffering from weak lungs. Both tropical and European fruits and vegetables, as well as Coffee and Tea, thrive well at Neutral Saddle, which is at the foot of the famous Perumal Hill.

The new bandy ghat is ready for traffic as far as Neutral Saddle, where a new settlement has been commenced in a delightful spot with a softer and balmy air than Kodaikanal from which it is six miles distant and 1,800 feet lower. Besides the Engineer's Bungalow and Lone Cottage, a picturesque little place, there are only two European residences. A pony ghat from this place to Pulney is in contemplation.

The Kodaikanal Hills are reached by train to Annamayayanagar Station, S. I. R.; from thence by transit (to be ordered a short time before wanted by letter to the Mail Transit Agent, or the United Carrying Company, Annamayayanagar, Madras District), to the foot of the ghat at Krishnappa Naik's Tope and from thence up the Hills by chairs and bearers, (in number from 8 to 12 according to the weight to be carried), or by pack ponies.

Supplies of food, bread, &c., may be obtained through maistries who come from Periakulam twice a week to receive orders for supplies. Bread and cakes are also obtainable from Mr. Tapp's Bakery in the station. The maistries should be asked to arrange for supplies beforehand. A Weekly Shamdy has been recently established and is held every Wednesday in a large thatched building.

Stores and luggage may be sent from Annamayayanagar by common carts, always waiting, at reasonable rates, and are carried up the Hills at a charge of 8 annas for 50 lbs. The wage of each bearer carrying a chair or dhooly is 10 annas, and the hire for riding ponies is 8 annas to Vengalparay, one rupee to the 6th mile stone, 1½ to Shembaganur, and two rupees to Kodaikanal, or Neutral Saddle, whether one or two ponies are supplied to a person.

There is a very good travellers' bungalow at Annamayayanagar, with a muty and cook; breakfast and dinner can be got from them, but notice should be given beforehand. The best time to start for the Hills from this bungalow is 7 or 8 at night after dinner so as to reach the foot of the ghat in the very early morning and begin the ascent.

There is a good public bungalow at Periakulam, 4 miles from the foot of the ghāt, and also one at the top where it is usual to stop to wash and change clothing and have tea or lunch. The maistries will obtain supplies (bread, eggs, &c.) in the village for travellers needing them, if requested beforehand.

Dhoolies and chairs may be obtained at the Mission Bungalow, by applying to the Native Agent there, or of the Transit Agents.

RULES FOR CALLING IN MADRAS.

The following rules regulating calling were unanimously agreed to by the ladies of Madras after a canvass held in the beginning of November 1891, and are published for general information:—

1. Ladies and gentlemen leaving Madras for a time and then returning to it, may send their cards by post to their former friends and acquaintances to inform them of their return with the letters *P. A. E. (pour annoncer retour)* in the corner, precisely on the same principle as they would send round their *P. P. C. (pour prendre congé)* cards before leaving the place. The sending of the cards will be accepted as a visit and will be so considered and returned by the friend's card being sent in return.

2. The first visits of gentlemen must be paid in person between noon and 2 P.M., and those of ladies may be paid either between noon and 2 P.M., or during the usual hours of calling in the evening.

3. Gentlemen may call in the afternoon between the hours of 4 and 6 P.M.

JANUARY 1893.

ENGLAND ASSURANCE INSTITUTION.

ESTABLISHED 1840.

HEAD OFFICE—KING STREET, CHEAPSIDE, LONDON.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT.

Subscribed Capital £1,000,000.

"Short Term" and "Whole Life" Assurances are granted.

In addition to ordinary Assurances this Company issues Policies by which the sums assured are made payable to the Policy-holder himself on his attaining a specified age or to his representatives in the event of his previous death. By this means Officers and others may both provide for their families and secure *Retiring-Provision* for themselves.

Also "FREE" Policies are granted which can never altogether lapse in consequence of the non-payment of Premium.

Special allowances made from the Proprietors' fund in aid of Premium on assurances effected by Clergymen and Schoolmasters.

Premium may be paid annually, half-yearly, quarterly or monthly as desired.

Thirty days' grace are allowed for the payment of annual, half-yearly and quarterly premium, and fifteen days for monthly premium. The validity of the Policy will, in every case, be maintained by payment of the Premium within the stipulated period, notwithstanding the death of the Assured may have occurred before such premium shall have been received.

No extra rate is charged for sea-passages, and on arrival in Europe a reduction is made in the premium without the assured being required to pass any Medical examination.

Policies effected by parties on their own lives, and assigned as a *bona fide* security to others, will not be rendered void in the event of death by suicide, duelling, or the hands of justice. Claims will become payable within three months after satisfactory proof of death.

Policies issued in Sterling or Rupees.

The Medical Officer, Dr. E. F. Drake-Brockman, sees applicants for Assurance at his residence Pycroft's Gardens, Nungumbaukum on Wednesdays at 11 A.M.

Detailed Prospectuses, with the names of the Directors, Full Tables of Life Premium, and the necessary Forms of Proposal, may be obtained on application to

THE MADRAS EQUITABLE ASSURANCE SOCIETY.

Regulated by Act No. VI of 1869 of the Legislative Council of Fort Saint George.

BOARD OF DIRECTORS.

Medical Examiner.

Surgeon-Lieutenant-Colonel A. M. BRANFOOT, M.B.

Actuary.

A. H. BAILEY, Esq., of the London Assurance Corporation.

The chief characteristics of this Society are:—

Mutual Assurance.

Policies for terms of years issued at largely reduced rates, without participation in Surpluses.

Premiums payable half-yearly, on 1st January and 1st July.

Claims paid immediately after satisfactory proof of death. An official Notice of death in any of Her Majesty's Government Gazettes is a sufficient proof.

Claims can be adjusted and premiums may be paid in London, if desired by the Policy-holders.

Surrender Values allowed for Life Policies issued at fixed rates of premium, which have paid three years' premiums.

The Society's funds must be invested in Indian Government Securities, or in other guaranteed Indian Securities.

Quinquennial valuations, by a London Actuary, of Assets and Liabilities. The reduction of premiums for the Quinquennium 1891-95 is at the rate of 75 per cent. of original Annual premiums paid during 1886-90.

Assurances granted on the lives of Europeans, East Indians or Eurasians, and Parsees.

Past experience leads the Directors to anticipate that the retention of the "Mutual" principle and the Quinquennial distributions of Surpluses, will bring down the cost of Assurance by this Office, for Life, to the lowest possible point.

The Medical Examiner sees Applicants for Assurance at his residence, Pantheon Road, Egmore, on Wednesdays and Saturdays between 11 and 12 A.M.
