Secretary to the

Board of Revenue

1.

From the Agt. Collr. of Trichinopoly } Sir,

Acknowledge letter of the 3d Instant and lays before the Board what has hitherto been done in the matter therein alluded to.

1. I have the honor to acknowledge the receipt of your letter of the 3d Instant, Instructing me not to act in the matter of the case instituted by Avadiah Pilly alias Appauvo Pilly in the Supreme Court. I beg therefore to lay before you what I have hitherto done in the matter.

2. The time allowed being only till the 24th Instant, I could not depend on the answer being obtained in time and had previous to the receipt of your letter instructed a solicitor (Clement Dale Esqre. who is also the Company's Solicitor) to obtain a Copy of the plaint and send the same to me as soon as practicable, at the same time intimating that the case would be defended and 4 Months required to put in the answer; on the receipt of which plaint it will be submitted to you with proposed draft of answer.

I

3. I also requested the Solicitor to re= =tain Mr. Norton, who, when the Government take up the Case, will of course act in his Official capacity as Advocate General.-

4. The Board will not I trust object to my having thus taken the first step, as I could not after receipt of the plaint and preparation of Answer expect there would be time for the Board of Revenue and the Go= =vernment to examine the same and for the Court to receive due intimation of the intended defence of the suit.- I shall however take no further step till the receipt of further in= =structions from the Board.-

Minutes of Consn. 11th April 1848
No. 30 Revenue Depart.t

Extract from the Minutes of Consultation.
Under date the 11th April 1848.-

Read the following letter from the Honorable Company's Solicitor.-

To, Sir Henry Conyngham Montgomery Baronet,
Officiating Chief Secretary to Government
Fort St. George.

Sir,

Para 1- I do myself the honor of acknow= =ledging the receipt of the Minutes of Consultation noted in the Margin, and of reporting for the information

information of the Right Honorable the Governor in Council that it will be impossible for the Advocate General to express any opinion on the subject of the suit referred to, from the papers which accompanied those Minutes nor will he be able to do so without having before him a Copy of the Bill / by Mr. Elliot called a Plaint / filed by Arudyah Pillay alias Appoo Pillay, against Mr. Elliot.-

2. On receipt of those Minutes I would have immediately procured a Copy of the Bill and laid it before Mr. Advocate General, but I observe that Mr. Elliot in his letter to the Board of Revenue dated the 30th Ultimo No. 37 states that he had taken means to procure a Copy, and I have since ascertained that a Copy has been obtained by Mr. Joshua Thomas Crampton, a Solicitor of the Supreme Court, from which it may be inferred that Mr. Elliot purposes defending the Suit through his own professional man, and at his own costs and on his own re= =sponsibility. I therefore defer proceeding further until I shall receive specific dire= =tions from Government.-

3. If it be the wish of Govern= =ment that the Suit should be defended by

by their Law Officers, I would venture to suggest, that Mr. Elliot should sign and return to me immediately the Enclosed Warrant of Attorney also that he should be directed to place himself in communication with me, and afford to me all the information in his possession, with Copies of all Documents and papers which I may deem necessary, but more particularly that without loss of time, he should place in my hands the Copy of the Bill he has procured, with full and succinct Answers to each of the Interrogatories which are all regularly numbered. On receipt of the Copy of the Bill, I will lose no time in laying it before Mr. Advocate General, and forward to Government his opinion thereupon.

4. It may be convenient to state that the Bill was filed so far back as the 3rd March. That an appearance should be entered for Mr. Elliot on or before the 28th Instant, and that he will have to put in an Answer or to plead or demur thereto within 8 weeks after such appearance is entered.

Sir,

I have the honor to acknowledge Extract from the Minutes of Consultation of the 4th Instant No. 546 and am directed by His Excellency the Commander in Chief to bring to the notice of the Most Noble the Governor in Council that the indiscriminate use of the terms Veterans and Pensioners appears to have led to a misapprehension of the means available for relieving the detachments of regular troops now scattered over the Country in a manner so injurious to both their descipline and comfort.- His

Sir,

I am directed by the Board of

of Revenue to request that you will furnish some information in regard to the force of Pen Sepoys employed in your District for guard outpost Treasuries and escorting remittances to the General Treasury.

The Board wish to be informed may be the numerical strength of this body of men in what proportions they are allotted to the several Talook Treasuries from whence raised and what their organization consists of in regard to the relative number of Haveldars and Naiques and what is the Amount of pay drawn by the several grades also whether the remuneration they receive from you is in excess of the Amount of pension to which they are entitled or is a consolidated sum disbursed for the Revenue duties now performed by them. The Board would wish also to know what arms and accoutrements are issued to the force and whether when called upon to March from the Talooks to the Hoozoor Treasury any Extra allowance in the shape of Batta is allowed to the parties so employed.

Granting to Hoossain Dhost Khan eldest son of the late Jaghiredar of Avilcondah in North Arcot on the annual Peishcush of Rs. 100 per annum the 3 Villages held by the late Jaghiredar on a rental of Rs. 3300 annually together with an allowance of Rs. 1800 yearly in Money directing that he provide for the remaining members of the Family and that the grant be subject to reconsideration on a lapse.

Extract from the Minutes of Consultation
Under date the 25th March 1848.

Read the following letter from the Secretary to the Board of Revenue.

Submitting letter from the Acting Collector of North Arcot reporting the death of the Jaghiredar of Avilcondah and requesting instructions as to the arrangements to be made in consequence. Reviewing the Circumstances connected with the Jaghire that have been already before Government and suggesting that instead of continuing the estate to the family on an increased Peishcush a pension of 10,000 Rupees per annum be granted as the Government deem proper either to the eldest son for the maintenance of the family or separately to the several Members and that the 3 Villages and Hamlet adjoining the Fort of Avilcondah built in one of the Villages be continued to the eldest son on lease on Rupees 3300 the same rental as to his father.

(Here Enter 17th Feby. 1848 No. 81)

Para 1. After the Government of the Carnatic passed into the hands of the East India Company this Jagheer was regranted to Hoossain Razah Khan who had succeeded to it by inheritance for the term of his own life only; and it was the expressed intention of the Honorable Court that on his death it should be resumed and a provision made for the family by means of life pensions sufficient and no more,

Despatch November 24th 1830.

more, to maintain its members in a style suited to their rank.

2. From some cause unknown, these intention of the Court of Directors were not made known to the Jaghiredar; and in consideration of this Circumstance, the Court on his death in 1837 granted to Hyder Hoossain Khan his son, the indulgence of retaining the Jagheer for his life, on the Peishcush paid by his father. They directed however that a moderate Summa should be at once fixed at which his successor might hold the Estate.

Despatch Octr. 24th 1839.

3. In accordance with these instructions means were taken to obtain accounts of the proceeds of the Jagheer for the 10 years then last past. But it was the opinion both of the Board and of the late Acting Collector that reliance could not be placed on these returns both because they were procured solely from the Village Curnums who were under the influence of the Jagheerdar; and because they show a far less result than the similar accounts prepared in the early years of the British rule. The present accounts making the average annual income of the Jagheer 22,798.2-9 while

the valuation in the original grant.

4. Various suggestions were likewise made by the successive Collectors and Acting Collectors of North Arcot with regard to the amount and form of the provision to be made for the family of the Jagheerdar. These it is not necessary to recapitulate here. The proposition of the Board of Revenue is that the Jagheer should be resumed, and a pension of 10,000 Rupees granted to the family; and further that the eldest son of the late Jagheerdar should be allowed to retain on the same terms the three Villages held by his Father on a slightly favorable rent.

5. The Honorable the Governor in Council has given this case his best consideration, and on a review of all the circumstances he fully concurs with the Board that the best course for the permanent interest of the ryots and even of the family itself and one which will effectually carry out the wishes of the Honorable the Court of Directors, will be to relieve

the Sagheerdar from the responsibility of levy-
-ing and paying a large Amount of Revenue.
by resuming the Jagheer, and to providing for the
family in some other mode. and this seems
especially expedient, in consideration of the
peculiar character of the Jagheer, scattered as
its Villages are over four Talooks, so as to render
supervision and management by the Jagheer
dars people both difficult and Expensive.—

6— As regards the Amount and
form of the allowance to the family the Go-
-vernment differ from the Board. They
observe that the original intention of the
Honorable Court was that the Jagheer
should be resumed after the death of
Hoosain Rezah Khan, and that his fa-
-mily should be provided for by life
pension.— In being allowed to retain the
Jagheer for a second life therefore, this
family have already enjoyed an indulgence
exceeding the intentions of the Court, and
exceeding also that allowed in other cor-
-responding cases, and this not from de-
-sign, or from any greater desert on their
part, but from accident.

Despatch
Nov.r 24.th 1830
P. 84.

7— If the family therefore
are now placed in the same position that
they

they would have occupied if the original inten-
-tions of the Court had been carried out, they
will still have been far more favorably dealt
with than was designed. now, it cannot be
supposed that if the Jaghire had been re-
-sumed at the death of Hoosain Rezah
Khan the money pensions granted to his
family would have exceeded 10,000 Rupees.
as little can it be doubted that these pensions
on renewal after lapse, if renewed at all,
would not have exceeded a moiety of that
sum, and it appears just and liberal therefore
to fix the provision now to be made for
the family of the deceased Jagheerdar
at 5000 Rupees a year. The whole of which
will be held by Hoosain Dost Khan, eldest
son of the late Jagheerdar, as head of the
family. and he will provide for the
maintenance of the other Members.

8 With regard to the form of this
allowance, the Honorable the Governor in
Council is of opinion that it will be more
congenial to the feelings of the recipient,
that it will place him in a more
respectable position, if a part of
the grant be in land. He resolves accord-
-ingly that the three Villages adjoining
Awlecondah Fort which have been long

in

in the family, and which were held by the late Jagheerdar at a rent of 3,300 Rupees annually, shall be granted to Hoossain Dost Khan his eldest son, on the nominal poish-cush of 100 Rupees a year, together with an allowance of 1800 Rs yearly in money. Thus the whole grant will amount to something more than 5,000 Rupees yearly, the rent of 3,300 Rs having been below the net Revenue of the Villages. These grants are made at present for life only, but a recommendation will be made to the Court of Directors for their confirmation in perpetuity.

Ordered that Extract of the foregoing Minutes of Consultation be communicated to the Board of Revenue in order to their being carried into effect and for transmission to the Collector for his information and guidance.

(6-7) Resolved that Copy of the foregoing Extract from Minutes of Consultation, and of the Board's letter to Government dated 17th February last, be communicated for the information and guidance of the Acting Sub Collector in charge of North Arcot with reference to Mr.

Mr. Lovells letter dated 24th January last.

2 Mr. Binning will be pleased to intimate to Hoosain Dost Khan the orders passed by Government in his case, as contained in paras 5-6-7-8 and 9 of the foregoing Extract and will take measures for carrying out their instructions which are to have effect from the date of the death of the late Hyder Hoosain Khan. He will carefully explain to Hoosain Dost Khan that he is to provide for the maintenance of the other Members of the family, and that the present grant is for life only, unless the Honorable Court of Directors should be pleased to sanction it in perpetuity.

3 The Villages of the Avilcondah Jaghire with the exception of those alluded to in para 8 will be incorporated with the Ain Villages of the District.

21.

The Officiating Secretary to Government will be obliged to the Secretary to the Board of Revenue to have the records of the Board searched for precedents applicable to the case set forth in the accompanying papers.

The point at issue relates to the succession to Shrotriem property in an undivided Hindoo family Instances to show how this has gone in former cases whether to all the brothers as one heir, or to each in his order, would be of use. Also any cases in which grantees have been allowed or required to name before hand the lives to succeed. It will be observed that the present and a former Board are at issue on the question.

On his death it was proposed that the Shotriem should either be conferred on his Adoptive Mother Lutchmee Boye Ummaul widow of Venceut Row or that she should be allowed to make a Second adoption. and the Second adopted Son succeed to the Shotriem.

The proposal to allow Lutchmee Boye Ummaul to adopt a second time was considered by the Board to be irregular, in which view the Government concurred, and the Shotriem was conferred on Lutchmee Boye Ummaul herself as the third and last life. with her the Shotriem lapsed.

Bheem Row- Head Sheristadar of North Arcot It was proposed that a Shotrium should be conferred on Bheem Row but for certain reasons explained in Para 4 of a General letter from the Court of Directors dated 14th October 1835 No. 7, a pension was granted to him in lieu of it. On his decease his four Sons petitioned that the Shotrium which ought to have been granted to their father should be bestowed upon his family for two lives more- but the Government preferred granting pensions to the Sons individually observing that "by the renewal "of the Shotrium intended to have been "granted to the late Bheem Row for two

One half (Rupees 4,200) of Bheem Row's pension was divided into equal share among his four Sons each receiving 87 Rs 8 as per Mensem- In a subsequent despatch the Honorable Court directed that these pensions should be continued to the next heirs of the Sons of Bheem Row-

From the Collr. of Bellary

Sir

1. In acknowledging the receipt of your letter of the 9th Ultimo, calling for the further information required by the Board in their Proceedings of the 14th October last respecting Cotton Cultivation, I regret that having been occupied almost without assistance in the Settlement of the District the delay has been unavoidable.

2. To meet the Board's injunction pointed out in Para 3 of their Proceedings under reply, I have called on the Tahsildar of the 6 Cotton Talooks[x] noted in the Margin, for satisfactory Statements to be carefully founded on proper data, and the accompanying is the Talookwar Abstract of the information they have collected. This Abstract comprises the return in each Acre of best ordinary and common descriptions of land with the respective Costs such as the expenses incurred for Cultivation for other purposes, and for payment to the Circar, also the result whether profit or loss generally experienced by the Cultivator.

3. In the Statement above referred to it will be observed, that the Costs and return in each Acre includes both cleaned Cotton and its seed, and I therefore here annex a figured Statement explaining the proportion of the Costs and return as far as it relates to the cleaned Cotton vide Column 2, 3, 17 and 18 of the accompanying Statement No. 1.

It

Fort St. George 13th April 1848.

It may be stated every item of costs being Estimated, that the result is a loss to the Cultivator, but properly speaking the Ryot saves for himself a great portion being labour of himself his Cattle and People. Moreover it will be observed, that as the best description of land yields an ample return, the Costs in the two other (low and lowest) descriptions of land are very high compared with the quantity they respectively yield.

4. The Board further advise me to collect particular information as to whether there is any difference between the quality of Cotton plucked in the first, second and last courses, and whether these pluckings are kept distinct from each other, as also to state any other cause which may seem to affect the value of the Cotton. As far as I am informed the Cotton is plucked at three times during the period of two Months when the buds or Pods begin to ripen, the two first gatherings yielding a great portion, whilst the last one is deficient: there is very little difference in the

Fort St. George 13th April 1848.

the quality of these three pluckings. With regard to the Circumstances affecting the Cotton Culture, I am not aware of any but the Season (good and bad) as for instance the Season of the present year unfavorable for Cotton owing to the failure of rain at the period the Seeds should be sown the price is accordingly high. I also ascribe the fall in the price of Cotton to the increased Culture of this staple Article within the last few years as noted in the *Margin. When enquiring into the Cause why the Cotton fields have so enormously augmented it is stated, that in consequence of the small demand for other grains the Ryots have been driven to this Culture. The Zillah now yields a greater quantity and at the same time at a reduced price. Nevertheless the Ryots in general prefer the Cotton which has a ready demand at any time they may offer to sell, whilst on the other hand the sale of grain is attended with much difficulty in procuring a Purchaser and from being so bulky and heavy is very expensive and Cumbersome to convey from one Market to another.

5. Cotton of this District is chiefly sent to two places namely to Walajapett (near Arcot) and to the Sea port at Coomta in Canara. To the former place it is exported by the Merchants of this District and from thence it is understood that it is conveyed by purchasers to the Port at Madras. I beg to annex a brief Account as abstracted from the Statement of Cotton dealers trading to the first place, It exhibits the Costs of Conveyance, the rate at which the Article is sold there and the profit usually met with in the traffic.

6. The Board require to be informed of the rate of Assessment on the several qualities of Black land and the extent Cultivated with Cotton. The Boards are aware that the several sorts of land of this District are Assessed according to quality and an Established remission of one fourth allowed. It will therefore suffice for me to state the particulars of the Regud of Black Cotton soil. This land (Circar Adjacent) and consists of 92 Deets as determined at the Survey, the highest being Assessed at Rupees 9 - 14 - 8 and the lowest at Seven Pice per Acre. The Enam Ayacut will amount to about Six Lacs of Acres, and it consists of as many Deets as the Circar land, thus amounting in all to Sixteen Lacs of Acres. Of this One half or Eight Lacs was under Actual Cultivation at the time of the Survey, which it is now augmented to Ten Lacs including of course the Enam Jag. Of the above total, a little more than one half is available for Cotton Culture, but it must be observed, that Cotton is not continually sown in one and the same

same field, Charge being always preferred. —

The actual Cultivation of this article does not amount in any one year to more than 2,60,000 acres, out of the aggregate extent of the Regud, the waste amounts to six lacs of acres. —

7. In conclusion I must observe, that the Statement now sent differs in every item from the last and the Board will find that this arises from a general average and much more extended scale having been taken. —

From the Collr. of Chingleput } Sir, Para 1.

Submitting Statements of the proposed Subdivision of the Mootah of Tundlum and recommending it for the Sanction of the Board.

From Board	20th	September	1847.	
To — Do.	24th	Do.	Do.	
To — Do.	14th	October	Do.	
From — Do.	28th	Do.	Do.	
English Statements from Nos. 1 to 6 with 12 Maharatta Statements.				

With reference to the correspondence noted in Margin, I have the honor to submit the accompanying Statements of the proposed Subdivision of the Mootah of Tundlum comprizing 10 Villages and bearing a permanent Beriz of Rupees 2388. 14 as 11 P per annum.

2. This mootah is one of the seven divisions into which the Zemindary of Teroomashy was subdivided in 1812 and has ever since been held by Ramalingah Reddy and his eldest Son Yaterajamoony Reddy until the latter sold it to the present Mootadar Vencatakistna Reddy in October 1840. The legality of this Sale being disputed on behalf of Bashiem Vencata Reddy another minor son of the late Ramalingiah Reddy, the Zillah Court

Court of Chingleput awarded 2/5th Share of the Estate to the Minor, and the parties have accordingly now divided the Mootah into Six different portions retaining 6 of the Villages for the Moottadar in his own name and those of his brother and Son and allotting the remaining 4 Villages to Bhasheum Vencata Reddy.

+ Audenarraina Reddy
Casoovooloo Reddy

3. The Statements herewith forwarded have been framed on the accounts of the actual produce of each Village for 7 Years from Fusly 1248 to 1254 leaving out Fusly 1255 as being a very unfavorable Season for Cultivation. The accounts of produce were not only carefully examined in this Office but their correctness has been admitted by the parties concerned whose conflicting interests would have exposed any misrepresentation of the revenue of the several Villages.

4 An examination of the accounts connected with this Mootah shews that of late years there has been a falling off in the extent and produce of Nunjey cultivation and also in the price of grain but an extension of the Poonjey cultivation has generally augmented the Beriz of the several Villages except that of Tundlum in which a decrease has occurred

occurred from a large declension of the Nunjey cultivation owing to the neglected state of the Tanks of that Village.

5. On the whole the proposed apportionment of the Permanent Beriz appears to be correct and fair, and Iaccordingly beg to recommend it for the Sanction of the Board.

22d February 1848. E. E. Jr. [Signed] A. Freese Collector

accounts of the actual produce of each village for seven years, from Fusly 1248 to 1254, leaving out Fusly 1255, as being a very unfavorable season for cultivation" As the subdivision has been made upon the out-turn of a sufficient number of years and seems to be acquiesced in by the parties, it is probable that the assessment on the several portions has been fairly adjusted - It is proper however to point out to the Collector for his guidance in future cases that the circumstance of a year having been in any degree either more or less favorable than usual furnishes no reason for excluding it from consideration in taking the average out-turn of any given series - On the contrary very good and very bad seasons may be expected to occur periodically within certain limits and any average which should be struck irrespective of the results of such years would be likely to lead to fallacious conclusions.-

6. In para 4 the Collector represents that a decrease has of late years occurred in Tundlum "from a large declension of Nunjah cultivation owing to the neglected state of the Tanks of that village" On reference to Statement No 1 this assertion does

does not seem to be borne out, as will be seen from the annexed abstract memorandum prepared from that Statement which shows that the extent of land under wet cultivation in Tundlum for the three last years of the series Fusly 1248-1254 - is considerably in excess of that under Nunjah cultivation for the three first years of the period, altho' from the depreciation in the price of grain the bariz of the later years exhibits a decrease but not to a large amount - The decrease of late years seems to have had place in the dry lands which show a falling off both in extent of cultivation and in revenue.-

Board of Revenue
Fort St. George

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter of the 13th ultimo together with a +Petition from the family of the late Shrotriemdar of the Seroovaukum &ca. Villages, and to state, for the information of the Board, that on registering the Shrotriem in the name of the Shrotriemdars adopted son under the authority of Government conveyed in the Extract from the Boards Proceedings dated 16th May 1845, the Villages were placed under the management of the Executors appointed by the deceased exclusive of his +widow, one of the present Petitioners, who then expressed her unwillingness as a female to be made liable to public calls, but on her complaining to me again in October last, that the three other Executors were mismanaging the Villages, and had paid nothing for the maintenance of the family I permitted her

+ Vadoovummall.

her to be included in the management of the Estate jointly with the other Executors from the commencement of the Current Fusly - She has therefore sufficient power to prevent any frauds on their part, and to secure her own interests - but there seems to be some disagreement between her and the real father of the minor Shrotriemdar by whom the other Executors are supported.

2. These Executors having obtained a Probate from the Supreme Court for the whole of the Estate of the deceased, of which the Shrotriem only forms a portion, and they being responsible to that Court for the due fulfilment of the trust, I do not consider myself authorized to divest the Executors of the management of the Shrotriem or to call upon them to produce the Accounts, which it would be necessary to examine in order to ascertain the correctness of the allegations of the Petitioners - Their Petition is therefore herewith returned, but should the Board deem fit to interfere, I shall attend to their further instructions on the subject.

Sir,

To the Collr. ... of Chingleput ...

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 1st. instant reporting upon the Petition No. 452 of 1848 presented by the family of the late Shrotriemdar of the Seroovaucum and other Villages in your District..

In reply the Board direct me to inform you that the circumstance of the Executors of the late Annasawmy Moodeliar having obtained a Probate from the Supreme Court for the Estate of the deceased appears to them to form no bar to the interposition of the Local Officers for the due protection of such part of the property left by that individual as may be situated without the jurisdiction of the Court. I have therefore to request that you will call upon the executors to produce their accounts of the Shotriem as well as of any other property, belonging to the deceased and situated within the limits of your District, which may be under

under their management, and if on examination of these accounts there should seem to be good cause to conclude that the interests of the family are not properly attended to, that you will report further to the Board upon the subject to the intent that such part of the estate as may be without the limits of the Supreme Court may be taken under the administration of the Court of Wards..

Sir,

From the Collr. of South Arcot. Para 1.

With reference to the Proceedings+ of the Board of Revenue, I have the honor to state for their information that the Enam therein alluded to, was not resumed according to the wishes+ of the Board. When the last lapse occurred the claimants applied to

to me in April 1845 for a renewal of the Grant in their names. Sometime however has necessarily elapsed in making enquiries on the subject both in the Hoozoor and Talook Cutcherries, and the enam land has continued to remain in the possession of the claimants since the demise of the last incumbent.

2. Adverting to the 2d. Para I beg to state that the renewal of all enams in this District, have hitherto been made in the name of the next heir by the Collector subject to an after general enquiry++ and in some cases they have been enjoyed by the next heirs being put in possession of the enam, thro' the interest of the Village Officers until the receipt of orders from Government*. In the present case I do not find in my record any authority from the Board or Government for the continuance of this enam.

Proceedings thereon.

(42-43)

From the foregoing papers it appears that 2-/64 Cawnies of Poonjah, and 1-15½ Cawnies of Nunjah land, assessed at Rupees 28-13- per annum, were originally granted,

Fort St. George 13th April 1848.-

granted, as a subsistence Enam, to one Annu=tacharry - At the time of the Pymash they were in the enjoyment of his nephew Vencatacharry in whose name they are entered in the Survey and Enam Summabundy Accounts - Vencata=charry died 10 years ago, leaving a son named Seenevafsacharry, who died without issue five years since - After his death the Enam appears to have come into the posfesfion of Ramanoojah=charry, and Vurdacharry, of whom, the for=mer was first Cousin, and the latter first cousin once removed, to Seenevafsa Charry - The lapse of Seenevafsa Charry and the circumstances which subsequently occurred were not however brought to the knowledge of the Board by the Collector until the 11th December last.-

2. The direct line having become extinct the grant might fairly be resumed - but as the claimants have been in posfesfion of the Enam since the death of the last incum=bent for five years, the Board would not advise its immediate resumption, but would recommend that the present holders be allowed to enjoy it during their lives.-

With reference to the Extract from the Minutes of Consultation under date the 20th April 1845 I have the honor to submit a list of casualties amongst parties holding grants made for the performance of certain services, the con=tinuance of which in the names of the several ap=plicants for succession is solicited, as well as the payment of arrears accumulated since the decease of the late incumbents.-

The three first entered on the list were grants made to Astrologers whose duty it was to calculate the eclipses, cast horoscopes, and prepare Almanacs, Copies of which were published by H.H. Highness the Rajah of Tanjore for circulation - The fourth grant was originally made in favor of a party deputed to Sing in the Pagoda at Trichinopoly and from the report of the Sarkele of His Highness and the authorities at Trichinopoly the several services are duly performed.-

Sir,

From the Collector of Tanjore ...

I have the honor to return Petition No. 2225 of 1847, from Vurdarajien late Curnum of Atteyoor. Petitioner was removed from his situation by the Acting Sub Collector Mr. Ellis, for gross neglect of duty in absenting himself from his Village for a length of time, during which a large quantity of grain under his charge was spoiled, and a larger still on examination not forthcoming.— The Tahsildar reported that of the 5 heaps put under the Curnum's charge, one from inattention, had been nearly spoiled, and that instead of there being as per Curnum's account 32 Cullums in the others, there were only found 17–2 the difference being 15 Cullums, which the Curnum could in no satisfactory manner account for.— As such gross neglect, if not fraud, was proved against the Curnum, he was removed from his employment—a punishment merited by himself and a warning to others.—

It was further agreed that Punjey Teervah should be paid as usual on the cultivated extent only.— This engagement likewise bears my signature as the Meerasdar of the Village.— In the beginning of fusly 1257, contrary to the rules and usages of the Village, the 3d Defendant who was then Tahsildar of Trivalore, desired me to sign a Moochilica stipulating to pay the grain demand on the Nunjey land at the rate of the prices of the past year, together with the teervah on the whole extent of Punjey as per Jummabundy.— On my not consenting to the proposal he took me to the 1st and 2d Defendants, before whom I was again required to sign a

3rdly. It was the duty of the 1st and 2d Defendants to have either granted my request, or to have placed the Village under arrany.- But instead of doing either they gave orders, under which the third defendant most unjustly got the Moochilika for Board Rent, binding me to pay Rupees 1052-10 on the Punjey lands at the rate of the prices of the past fasly, besides the Teerwah on the whole or Summabundy extent of Punjey land, signed in July 1257 by my brother who has no title whatever to the Inneraffy lands, and who now lives separately with a design to usurp the land; and made a report to the 1st and 2d defendants in the same Month.- a day unknown, which report was approved of by these, and an order sent on the 3d August following.-

The answer.—

Plaintiff sues for the recovery of Rupees 62, the value of Meeras warum on certain lands, his property, which were this year rented under the head of Board's rent, the signature to the same having been taken from Plaintiff's Brother 1st Defendant, instead of from Plaintiff himself.— on which grounds he declares the transaction irregular, charging the 4th Defendant with appropriating the Meeras warum, and the other defendants with aiding and abetting in the irregular transaction.—

The entry of the Meerassy in the public Accounts stands in the name of Plaintiff, but he and the 4th defendant are an undivided family, the Meeras, therefore, can only stand

stand in the name of one, as in the present instance the 4th Defendant has frequently signed Mowchilikas, and other documents connected with the Estate which have been binding, and unquestioned by the Plaintiff.—

The 1st Defendant has declared that the "family is undivided," and that he and Plaintiff reside in the same House, that the grain of the three Villages which they enjoy in common, has this year as hitherto been lumped together, and that the Meerass Warum claimed by the Plaintiff forms a part of the quantity in store.—

Under the circumstances of the case first defendant considered himself perfectly justified in signing the signature of Plaintiff's Brother in common with other Meerassdars of the Village to the Board Rent.—

The first defendant prays therefore the case may be dismissed, and such notice taken of its frivolous nature, as the Court may deem proper.—

3. In this proposed answer the Collector has represented, that the 4th Defendant and the Plaintiff are brothers and of an undivided family - that the former has in consequence frequently signed Moochilkas and other documents connected with the family property which have been binding upon and unquestioned by the former and that he (the Collector) therefore considered himself perfectly justified in taking the signature of Plaintiff brother to the Moochilka in common with that of the other Meerassdars of the Village - He adds that the Plaintiff and 4th Defendant reside in the same House that the grain of the three Villages in which they have common interest has this year, as usual, been stored together and that the warum or share claimed by the Plaintiff forms a part of the quantity now in store.

4. The Board consider the proposed Answer to constitute a sufficient defence - they therefore beg to recommend that the Collector be instructed to file it and to defend the action at the public expense.

Proceedings thereon

50-51

In the foregoing letter the Acting Collector reports the death, on the 2d September 1847, of Soobamaul, widow of the late Rajah Gopaul Iyen, and the holder of one half share of a subsistence Enam, consisting of one Cawney and 87½ Goolies of land of the value of Rupees 11-14-7 per annum. The only surviving relative of the family is one Soobamaul the widow of the late incumbents adopted Son. The other half share of the lapsed Enam was mortgaged by the late Soobien, brother of deceased husband, 20 years since, and has remained with the Mortgagee ever since. The Acting Collector recommends that this half share be at once resumed, and he leaves it for the decision of Government whether the share held by the late Soobamaul be also resumed, or continued for the support of her daughter in law during life.

2.

As the claimant is the last surviving member of the family the Board would recommend that the half share enjoyed by her late brother in law be continued to her for life, considering the length of time that the other half has been in the possession of the Mortgagee they would suggest that it be left to him for his life and be resumed at his death.

Sir,

From the Actg Collr of Trichinopoly

Requests to obtain Sanction for the Sum of Rupees 500 the price of the ground purchased from D. Bauba Soobramaneya Moodelly and forwards Correspondence.

In submitting for the information of the Board copies of correspondence noted in the Margin which has passed between the Brigadier commanding the Station and myself respecting a piece of ground required for Military purposes I have the honor to inform you that the necessary Arrangement for purchasing the ground thereon alluded to has been, agreeably to the orders of Government, dated 12th October 1847, made with the owner thereof who is willing to part with it for the sum of 500 Rs but as the Government order above quoted did not contain Authority for the Sum being disbursed from this Treasury. I have the honor to request that the requisite Sanction may be obtained for me to pay the Sum of (500) five hundred Rupees to D. Balasoobramoniem Moodelly the owner of the ground in question.

the most part on a Division of the crop,
it is not accomplished until after the
termination of the Fusly to which it relates, and
consequently the Settlement of Fusly 1255 was
made, not by the Government Officers but by
those of the Zemindar to whose charge the Estate

From the Collector of Madura

Sir,

I have the honor to forward Translates of 2 Urzees dated 31st December 1847 and 11th January 1848 received through the Acting Sub Collector from the Tasildar of Taudicomboo reporting the death on the 12th October 1847 of Thiroomalay Moottoo Veerah Vencatasamy Naiken aged 14 years the Zemindar of Madoor in Dindigul accompanied by a Genealogical tree shewing the right of succession to the Zemindary to rest in Thiroomalay Moottoo Veerah Vencatasamy Naiken, the only surviving son of the Paternal Grand father of the deceased by his 2nd Wife, which I request may be confirmed, as all male issue by the first have now become extinct.

2. The Madoor Zemindary is included in the Government lands and the nominal Proprietor receives 10 per Cent of the Collections which amounted in Fusly 1256 to Rupees 955–4–4. The age of the claimant is 52.—

No. 1

Translate of an Urzee dated 31st December 1847 No. 738 from Dhondoo Row Tasildar of Taudicomboo to the Acting Sub Collector of Madura.—

Since reporting to you on the 15th October last in No. 522 the death of Thiroomala Mootoo Veerah Vencatasamy Naick Zemindar of the Sequestered Pollium of Madoor, I received three orders from you under dates the 22nd Idem 4th November and 24th Instant Nos. 458–482 and 554 respectively the 1st requiring me to report the reason why the Zemindary was assumed by Government who was the then Zemindar during what period of the subsequent fuslies had they lived if there is any authority from Huzoor to grant them allowance &c. and if there are any heirs to succeed to the Estate, with the age and other particulars of the deceased Zemindar the second to enquire and report fully on the points adverted to in the Yadast from the Collector's Office dated the 30th October and the last requiring speedy reply on the subject.—

On receipt of the first order the late Tahsildar had sent a peon to procure the attendance of the heirs of the deceased Zemindar and one Thiroomala Moottoo Veera Vencatasamy Naick said to be the grand Uncle of the deceased Zemindar appeared before me on the 8th Instant and

and gave a recognizance promising to appear &
again with every document in support of his claim
on the 4th Margaley current, after performing &
the funeral rites of the deceased but he appeared
before the Moozoomdar on the 27th Instant and
gave a deposition which I beg to submit herewith
together with a Mahazernamah taken on the 29th
Idem from the Nattamgar and others of Madoor
and certain other papers found in the records in
all 7 as per list accompanying.—

From the above documents it would
appear that the deceased Zemindar was only 14
years old; that the surviving Theroomalay Moottoo
Veera Vencatasamy Naick is the son by the second
wife of the Fysel+ Zemindar the grand father of the deceased,
and that as grand uncle to the deceased he is en-
titled to succession to the Zemindary as also appears
by the Statements of the Nattamgar &c. He is further
stated to have been guardian to the deceased Minor
Zemindar and Siroo Naick or expectant Zemindar;
and however desirable it was that the widow+ of
the deceased Minor Zemindar two others named in
the Margin should be examined, it is impossible
they should be sent for by reason of the first being
very young and otherwise precluded from coming
out until a whole year, and because the third is
too old and infirm I have therefore sent an order to
the

+ It is an error for the father of the Fysel Zemindar.

+ 1 Mootoo Bungaroo Cadhery Umma aged 13 years.—
2 Bommathaya Ummal the 1st widow of the deceased Minor Zemindar's father aged 30 years.—
3 Moutummal the 2nd widow of the Fysel Zemindar aged 60 years

the Zilladar of Madoor to go to their place of
residence and get depositions from them in
presence of the Natamgar and Curnum and for-
ward them to me and shall submit them to you
as soon as received.—

From the documents sent it would
appear that the Zemindary was sequestered for
arrears in Fusly 1222 from the hands of the then
Zemindar Theroomalay Moottooveera Audi Pettap-
pa Naick, who had succeeded to the Estate in the
previous Fusly 1221. He lived till Fusly 1249; on his
death his son the Minor Zemindar succeeded him in
Fusly 1250 and lived till 11th October last. It would
appear from the documents that the present &
claimant Theroomalay Moottooveera Vencatasamy
Naick is the legal and only surviving heir to the
Estate and that there are no other persons but him
to succeed to it.— He has addressed to me a letter
requesting that the examination of the women
above named may be dispensed with and promis-
ing to undertake their nourishment under a &
written agreement to be entered into.— I beg &
therefore to submit the above letter included
in the accompanying list together with a genealo-
gy of the Zemindar's family.—

To Govt 11th Dec. 1821

From D. 6th January 1824

2 It will be seen from the papers entered in the Margin that Madura was one of those assumed Polliems in Madura to whose Polygars and to their heirs and successors in perpetuity or during such time as the lands may be retained in the possession of Government an allowance of 10 per cent on the average Collections of each Estate was granted under the orders of Government 5th January 1821 – The last zemindar having died, Mootoo Veera Venkatasawmy Naicken is represented to be the nearest heir entitled to succeed to the allowance being as shown in the Genealogical Shree accompanying the Collectors letter the half Uncle of the deceased as the only surviving son by the 2nd wife of his paternal Grandfather – Mr Parker recommends therefore that the right of this individual may be recognized – the Board beg to support his application.

Sir,

Referred 20th January 1849

the Sub Collector and its Enclosures which accompanied, for an explanation of the amount and nature of the Arrears for the recovery of which the personal property of the Zemindar of Ammianai Knoor has been distrained.—

2. The Board have concurred in the propriety of recovering the Arrears against the Zemindary from the Six Villages under Segiestration and in proceeding in the usual manner against the Zemindar and Ryots for such Arrears of Ayen Revenue as are due therein.—

Extract from the Proceedings of the Board of Revenue dated 27th January 1848.

3. It is true that Mr. D. Fondclair is in possession of the portion of the Zemindary now under sequestration, as Lessee from the Zemindar still he is not the person to whom the government is to look for its Rists, and is in fact impeded in every way by the Zemindar in Collecting the Assessment from the Ryots.— The Zemindar will not even grant him an Irsalnamah to accompany such Rists as he may be willing to pay to Government and maintains that without this document payments from Mr. De. Fondclair cannot legally be received.— It is evident, therefore, that he does not wish that the Pishcush should be regularly paid by Mr. De. Fondclair.—

It

Fort St. George 13th April 1848.

4. It does not appear to me that the order of Government referred to by the Petitioner was intended to apply to a case like the present.— When Villages in a Zemindary are under Segiestration the lands of the Zemindar in these Villages are liable to payment of Teervah in the same manner as those of the Ryots in general, & and I have particularly requested the Sub Collector not to extend his demand against the Zemindar to a period prior to the Segiestration.—

5. If the Zemindar would pursue a straight forward course for the purpose of bringing his dispute with Mr. De Fondclair to a legal issue, I would recommend a suspension of proceedings against him for the Arrears against his private cultivation pending a decree but instead of bringing a suit of ejectment

ejectment against Mr. De Fondclair in the Court, which would at once decide the question he tries to compass his end of ousting that Gentleman by forcing the Government to Zuph, and persuading the Curnums to abandon their duty and getting Suits brought against himself and Mr. De Fondclair by other parties, which Suits have been thrown out leaving Mr. De Fondclair more firmly established.— Under these circumstances I adhere to the opinion expressed in my letter of the 12th November 1847.—

To

The Chief Secretary to Government

To the Chief Secy. to Government —

Submitting letter from the Collector of Madras with a register of the particulars of the surviving family of the late Moulave Imam Bucksh and the pensions payable to them under orders of the Supreme Government dated 8th January last observing that the period from which the pensions should commence has not been specified and recommending that payments be made to them retrospectively from the death of Iyanah Sahib —

Sir,

With reference to the orders of Government dated 25th January last, I am directed by the Board of Revenue to request that you will submit to the Right Honorable the Governor in Council the accompanying letter from the Collector of Madras, forwarding a Register exhibiting the particulars of the surviving family of the Moulave Imam Bucksh, and the pensions payable to them under the orders of the supreme Government dated 8th January last.

2. Mr. Hudleston states that the grantees claim the arrears left under by the late Iayanah Saibah, as also the payment of the pensions retrospectively from the date of her death, at the reduced rates sanctioned by the Supreme Government amounting in the agregate to Rupees 1,000 — 5 — 1 —

Rs — 130 — 15 — 5

Rs 869 — 5 — 8

Total 1000 — 5 — 1

3 The applicants are, in the Board's opinion, entitled to the arrears due to the late incumbent

incumbent. — The period from which the pensions granted to them should commence has not been specified by Government, but as it is usual to renew allowances from the date of the last lapse, the Board would recommend the payment to the same parties of their pensions retrospectively from the date of Iyanah Sahib amounting to Rupees 869 — 5 — 8.

The Revenue Board
Fort St. George.

Gentlemen,

From the Commissary General

Returning Documents received with letter of 16th December last upon the subject of Mr. Bulliard's application to vend alcohol in the Company's territories and reports upon the question whether the Commissary can meet the demands for that article in the Madras market.

I have the honor to acknowledge your Secretary's letters dated the 16th December 1847 and 20th March 1848, respectively, and to return as requested the documents received with the former.

Revd. Departt. No. 1394
27th Novr. 1847.

2. It would seem from the 3d Para of Extract Minutes of Consultation upon the subject of Mr. Bulliard's application for privilege to vend alcohol in the Company's Territories, that I am required to state whether in respect to that article the Commissariat can meet the demands of the Madras Market. The Revenue Board being the best Judges of the general question.

3. At present the Commissariat Department supply about 480 Gallons per annum to other Departments at Rs. a. p. 2-1-4 per Gallon and 60 above proof, with present means this supply could be increased to 1200 Gallons per annum.

4. The Cabinet Makers from Enquiries instituted by the Executive Officer, would want a yearly supply of between 7 and 800 Gallons probably, the Coach makers

makers would require a small quantity in addition.

5. By enlarging the Establishment for the manufacture of alcohol I could of course meet all the demands with ease, and I should put at least 2 Rs 8 a — p upon each Gallon.

6. I have reason to think that the cabinet makers with the exception of Mr. Deschamps who says that he imports it, purchase alcohol distilled in India by private parties.

To report what results might be expected from a concession of the indulgence sought by Mr. Bulliard to dispose of in India alcohol distilled by him and what measures might be adopted for the protection of the abkarry Revenue.

Encl. from Govt. 29th Novr. in Const. 7th Decr. 1847

I am directed by the Board of Revenue to inform you that your letter of the 20th November last forwarding an application from Mr. Bulliard for permission to dispose in India for chemical and other purposes of alcohol distilled by him, has been referred to this Office for report.

2. It has occurred to the Board

Board that in the event of this privilege being allowed advantage may be taken of the concession to the prejudice of the abkarry revenue. It is observed indeed that the alcohol is represented to be 61 degrees above proof, but it is evident that it may be readily diluted and so reduced as to be used by the Native consumer equally with arrack or any other spirit. I have therefore to request that you will be so good as to state whether such result would be likely to follow the indulgence solicited by Mr. Bulliard, where his distillery will be established, what checks can be devised for the protection of the abkarry revenue and whether such checks will in your opinion be effectual.

3. In making this communication to you the Board direct me to call your attention to the correspondence noted in the Margin between yourself and the Collector of Madras.

Fort St. George 13th April 1848.

of the Examination in this Office of the several items exhibited in your Statement, it has been remarked that the total amount of estimate for extra charges entered in Column 3 is only 241—5—3 whereas the entire sum sanctioned by Government 28th March 1847 was 667—13—3. No explanation is afforded in respect to the differ-
ence or Rupees 426—8—0 and the Board are therefore not aware whether the charges to that extent were or actually incurred or not, and if not for what reason. It is requested that explanation to this effect be given in Column 9 of all future Statements.

Read Statement received from the Collector of Vizagapatam of the average prices of Grain and Salt in the District for February 1848.

29th Feby. in My. Cons. 3d April 1848.

1.

Proceedings.

There appears to be a discrepancy in the prices of Jonnaloo and Gingely Oil seeds entered in the Statement above recorded at Rupees 228-12-.. and Rupees 23-8-9 respectively, as the prices entered in the Statement for January 1848 for that Grain are Rupees 92-1-4 and for the Oil seed Rupees 222-7-1.

The Collector is requested to state whether these are clerical errors - if so to specify the correct prices.

Read Return of Persons charged with Offences under Regulation IX of 1822 in the District of Bellary for the Month of January 1848.

18th in My. Cons. 27th March 1848.

Procedings.

It would appear from the cases entered in the Return above recorded that Hoochagowdah the Potail of the Village of Garagoondanapally was charged with having levied Extra Collections amounting to

Fort St. George — April 1848.

to Rupees 4-8-3 and having embezzled the same, and Vencanah the Curnum of the Village of Agaly with having appropriated out of the Revenue collected on account of Government the sum of Rupees 20 — In both instances the Collector appears to have adjudged the parties to pay under clause 1st Section V the sum which had been embezzled and misappropriated, but he seems also to have imposed a fine on both under Clause 4th Section V. The fine in the 1st Case is Rupees 4-—-— commuted to 10 days imprisonment, and in the 2d Case Rupees 10-—-— commuted to 20 days imprisonment. —

2. The Board observe that the above are cases of embezzlement coming under Class 3 Clause 2 Section X Regulation IX 1822, and that the entire amount awarded against the offenders whether as refund or fine should have been adjudged under Clause 1 Section V of that Regulation, and not in part under that Clause and in part under Clause IV of the Section. —

(9) Read the following Extract from the Proceedings of the Court of Wards.

Relative to the Settlement for Fusly 1256 of the Minor Estates of Sungumvulsah, Coorpaum, Cassimcotah, and Melloopakah, in the District of Vizagapatam under the management of the Government Officers on behalf of the incapacitated Proprietor.

(Here enter 2d March 1848 No. 105)

Para 1. These Estates shared in the benefits of a favorable season which prevailed in the year reported on in the foregoing

foregoing paper over the Vizagapatam Collectorate generally.

Sungumvulsah — From Bd. Augt. 16/30 P. 2 Mins Cons. 20

2. The first mentioned Estate is that of Sungumvulsah, which after being under the management of the Court of Wards under peculiar circumstances from the year 1830 was given up to the young Zemindar at the commencement of the Current Fusly 1257 on his attaining his majority.

3. Of the 18 Villages composing this Estate seven were under a Ryotwar settlement and Eleven under Rent, in Fusly 1256. Of the Ryotwar Villages the net Beriz of the six that were so settled in both Fuslies 1255 and 1256 appears to have been something lower in the latter than in the former. This seems rather surprising after reading that the season was so very much more favorable. It is ascribed by the Collector to the different system of management in the later year, the Ryots having been only debited with the extent of land that they could really cultivate. But it must be supposed also that the remission in Fusly 1255 did not amount to the whole extent of the uncultivated land as the net settlement appears to have been exceeded by that of Fusly 1256. The effects of a superior season are seen in the Collections, which

which were Rupees 12,568-4-6- in the year under review for all items current and arrears against Rupees 19,600-4-7- in the year preceding. The subjoined Statement shews in comparison the demand Collection and balance for the two years.—

Decrease —"—			733

4. The surplus of the year, above the charges was 3,849-15-7- which however included a balance on hand at its commencement, added to former accumulations under the Courts management- this formed a fund of above 42,000 Rupees which has been made over to the young Zemindar.—

5 Of the 41 Villages composing the Coorpaum Estate all of which were under rent in Fasly 1255, -24- came under Ryotwar in 1256.- in consequence, it is stated of losses sustained by the renters in the former disastrous year- The settlement of the whole for Fasly 1256 was slightly below what it was in the preceding year-

but as in the case of Sungumvalsah the Collections were much larger as shewn in the following comparative Statement.—

	Fasly 1255—	Fasly 1256—	Increase
Current—	18,945	23,211	4,265
Arrears—	462	1,540	1,078
Total—	19,408	24,752	5,343

6 Including the balance on hand at its commencement, the total available proceeds of the Estate were 28,255-12-" of this sum after payment of charges, Paishcash current and arrear, and a small bond debt Rupees 4,000 were invested in Government Paper, and 2,723-1-6. remained on hand.—

7. The Honorable the Governor in Council approves the order of the Court of Wards referred in Para 12 of their Proceedings.—

Cafsimcotah and Melloopakah

8.— The Estates of Cafsimcotah and Melloopakah, both belonging to one Proprietor were taken under the care of the Court of Wards at the beginning of Fasly 1256- The order for their sale for arrears having been countermanded in consequence of Mr. Smolletts representation that their condition was not so hopeless as his predecessor had considered- The arrears of Government Paishcash against them at that time amounted to 31,457- 14-3- besides heavy private debts.—

The

9. The season was so favorable that very nearly the whole cultivable land was engaged for, and with the exception of a comparatively small extent waste, from local failure of rain at a critical time all that engaged for was cultivated— The Net land Revenue settlement amounted to 44,921-13-" and that from all sources to 49,978-5-3 of which the whole was realized within the year, except the small balance of 1,323-12-10-

10. By Collection of arrears, the total sum brought to account in the year was raised to 51,036-8-10 exclusive of Tuccauvie.—

11. Of the total receipts 33,510 was appropriated in liquidation of the current peishcush, and after the disbursement of the ordinary charges of management, a sum of Rupees 14,500 was devoted to the reduction of the Government arrears— at the close of the Fusly there remained a balance on hand to the credit of the estate amounting to 1,849-12-2— It does not appear from the Collector's report or the papers that accompany it— that any portion of the income of the property was set aside for the maintenance of the Minor— some explanation on this point is requested.—

Reviewing

12. Reviewing the whole management for the year, the Honorable the Governor in Council is of opinion that the results bear out Mr. Smollett's anticipation, on which the estate was placed under charge of the Court— and though a great part of the profits of the year are due, no doubt to the very favorable season, yet the Honorable the Governor in Council considers that Mr. Smollett's perceptions of the capabilities of the property, his administration of it during the year under report, and his success in adjusting the private liabilities of the owner are all highly creditable to his intelligence, activity and tact.—

From the Offg. Secretary to Government

Observations and orders on the Board's Report relative to the management of the Extra Sources of Revenue in the District of Nellore for Fasly 1256.—

Extract from the Minutes of Consultation,

Under date the 28th March 1848.—

Read the following Extract from the Proceedings of the Board of Revenue.

Relative to the management of the Extra Sources of Revenue in the District of Nellore for Fusly 1256. A.D. 1846/47.

(Here enter 24th February 1848 No. 90)

Para 1. The aggregate of all the items of Extra Revenue in Nellore in Fusly 1256 exhibits a decrease of nearly a lack of Rupees when compared with the preceding year.— This net deficit results from a falling off of 1,05,053-13-2. in Salt and Sea Customs and an increase of 5,433-2-5. from the remaining sources of Revenue.—

Rs. 99,620-10-9-

Decrease in Inland sales } 1,00,129-12-10.
Ship sales 14,072-9-7.
Increase in Home sales } 13,139-13-1.

2. There is an apparent net falling off of 1,01,062-9-4 in the Salt Revenue, but the decrease

Fort St. George 17th April 1848.—

of 14,072-9-7. in Ship sales is explained by the Collector to be only nominal, arising from the Salt exported in Fusly 1255. having been on Government account and therefore valued at 35 Rupees the 100 Maunds, and that shipped in Fusly 1256 being on private account and therefore valued at 15 Rupees the 100 Maunds and notwithstanding this seeming falling off, the quantity of Salt shipped was in fact larger in the later than in the earlier year.—

being the result of an increase of 1,68,863-6-4. at the Northern Pans, and a decrease of 68,733-9-6. at the Southern. The Collector observes that the decrease under this head too is more apparent than real since, though the sales of Fusly 1256. are so much below those of 1255. they exceed those of several antecedent years. In noticing the great falling off in the Inland sales in Masulipatam District, the Honorable the Governor in Council made a similar remark, observing that though a great decrease appears in that district in Fusly 1256. when compared with Fusly 1255. the joint sales of the two years were more than double the sales of Fusly 1254—

The Government remarked

4.

Fort St. George 17th April 1848.

at the same time that the cause of the sudden extension of the trade in Fusly 1255 merited enquiry. The Honorable the Governor in Council thinks the same as regards the district under review. It is observed that in his Report for Fusly 1255 Mr. Smith regarded the increase in that year to be due chiefly to increased demand in Hydrabad. Adverting to the fact that the falling off in Fusly 1256 is confined to the three Cotaurs nearest to that Country it appears probable that both fluctuations in some measure dependant on circumstances affecting the trade and the consumption of salt in the Nizams Territory, and probably the reply of the Resident at Hydrabad to the letter addressed to him on this subject on review of the Salt Revenue of Guntoor may throw more light on the subject. It is gratifying to observe that the sales for inland consumption exhibit a material increase.

5. Under the head of Sayer is entered the sum of 7-12-6 which constitutes the whole demand and collection. This is explained to consist of the proceeds of sales of confiscated goods not heretofore adjusted, as the Sayer duties have been abolished as an item of Revenue it is hoped that no time will be lost in finally closing

Fort St. George 17th April 1848.

closing the accounts under that head, if any still remain open.

6. The falling off of 3719-13-3 in Sea Customs is ascribed to diminished export of Oilseeds and grain, and less import of grain from Arracan. The other items of report need no remark. The Honorable the Governor in Council trusts that Mr. Smith will attend to the remarks of the Board of Revenue in Para 10.

7. The total demand for the years from all Sources was Rs 6,51,864-10-6, of which 6,50,900-10-1 was realized within the Fusly, leaving outstanding the sum of 964-0-5 of which 831-14-5 is under Mohturfa. And it would appear that the only portion of the years demand not realized at the date of the Collectors report was a Mohturfa balance of 582-7-5. The Honorable the Governor in Council trusts that the report on old balances under this head, promised by the Collector, will not be much longer delayed as he observes that it was called for by the Board in reviewing the Extra Revenue report for Fusly 1255.

The Honorable the Governor in Council fully concurs in the view taken by the Board of the nature of the Enam which forms the subject of the foregoing report, and is also of opinion with them that after a possession of 26 years any change such as is proposed by the Acting Collector of Trichinopoly during the life time of the present holders would be harsh. He therefore directs that the Village of Muddegundum be continued, as suggested by the Board, in the name of Syed Yusuff Husaini subject to the payment of a fifth of its revenue for the support of Syed Nyamut Sullah Sahab and on the clear understanding that the entire Enam or such portion, as the Government may then determine, will be resumed on the death of the former party, the registered incumbent.—

The case of Syed Nyamut Sullah will receive consideration should he survive the Enamdar.—

The report on the settlement of Kurnool for Fusly 1256 was drawn up by the present agent Mr Phillips but the settlement was completed by his predecessor Mr Scott.—

2. The season is stated to have been extremely favorable, the rains being seasonable and abundant. Prices also though somewhat lower for most species of grain &c than in Fusly 1255, when they were raised to a very high pitch by drought and scarcity, do not appear to have been low, in two articles of limited production, Wheat and Bengal gram, there was a rise in price.

From

3. From the more promising prospects of the season the dittum, or land engaged for, was considerably above that of Fusly 1255.— The remissions from this at the settlement were trifling, they amounted under the various items of waste land, reserved Cummee, Sugar cane remission &c.a to 670.12.6. and the net settlement of the land Revenue proper was 604327-8-4. It is observed that this net settlement includes 9,684.13-4. for land uncultivated a large sum under such a head, though still below that brought to account under the same in Fusly 1255.

	Land	a/sep.s
Fusly 1255	396474	581512
1256	413810	604938
Increase	17336	23426

4. The Board do not notice this item, but it is to be presumed that they are satisfied that it is fairly a portion of the demand. Enamity tax, Jody and other similar ready money Collections raised the demand to 679435-9-6. which was again reduced by various payments usually made out of the gross Collections of which the largest was money allowances to Jagheerdars, being apparently the Proceeds of Jagheer Villages under management /to 673940-14-4. which sum constituted the net demand, and which exceeds that of the preceding year by 46377-11-10. It may be observed that the amount of these money payments in the Statements in Para 8 of the Collectors report does

not

not appear to correspond with the details as given in Statement 5. though it does with those in No. 3.

5. Paras 5 to 12 of the Board's Proceedings are occupied with remarks on errors in the preparation of the Statements forwarded by the Agent, and on some mistakes in the details of the settlement. Mr. Phillips should give attention to these, especially those regarding the assessment to be imposed on Sugar Cane Cultivation, and those in Paras 10 and 11.

6. Of the net land Revenue settlement, 6,73,940-14-4. the Government learn from the Board's Proceedings that 12,294-1-3/4 remained uncollected at the close of the Fasly, and 3,412-13-9/4 on the 1st February 1848. with reference to the remarks above at the close of Para 4. the Government would be glad to know what portion of these sums respectively was due on waste land. In his examinations into the existing balance during the Current settlement, Mr. Phillips should make that a part of his enquiry. It appears from the Board's Proceedings that some old arrears exist in Karnool. These should have been specially noticed in the report: it is hoped that the Agent will be able fully to dispose of them in reporting on the Current Fasly.—

Throughout the Northern and Central portions of the District the season was very favorable. In the southern parts bordering on Rajahmundry a deficiency of rain was experienced but on the whole the Government lands enjoyed an average season. The prices of all sorts of Grain though below the rates prevailing in the preceding year were still remunerating.

From Collr. 27th Feb. in Cons. 18th March 1847 Paras. 8 @ 10.

The Principle of the settlement with a trifling exception was Ryotwar, and Mr. Smollet has followed up the intention expressed in his Report on the Settlement of last year to adopt measures for ensuring a more correct distribution of lands at the commencement of the season and for dispensing with Estimates of Produce for fixing the Settlement. The Atkoobady or Dittum amounted to Rupees 168,042-7-4 being a decrease of Rupees 7,683-6-3 below the Dittum of the

the preceding fusly. This decrease is not to be attributed the Collector states to diminished resources, but to the lax management of the local authorities in the former year. From the remarks of the Collector the Board would have looked for a decrease in the Dittums in all the Estates, the case however is otherwise. In Cotta Cotta and Nimilay there is an increase, in Rajala the Dittum is the same in both years and in the other estates with the exception of Surwasiddy and Rayavarum, the difference is little more than nominal. Again the land excluded from the Dittum in some instances appears to be of the better sorts, as shewn in the margin in the case of Surwasiddy.

The first steps towards permanent reform are satisfactory but the progress made is not probably so great as the Collector supposes, not only in Surwasiddy particularly instanced by him, but generally in the other Estates also. The cultivation Book-umeanah if prepared should be submitted for the approval of the Board. If otherwise no time should be lost in framing a set of rules suited to the District, without which a sound and uniform practice is hardly to be expected.-

In Surwasiddy and Rayavaram the remissions for land uncultivated were large in consequence of the failure of rain. It is satisfactory to observe that the total sum allowed is considerably below the amount viz Rupees 69,982-5-4 remitted in the previous year.-

4- See para 12 of this Report the Collector notices his having reduced the assessment on certain lands amounting to Rupees 811-13-9. The lands in question are distributed as shewn in the margin. The information afforded by the Collector is not sufficiently full. He will be pleased to recur to the subject in his next report and explain what circumstances led to the imposition of the additional assessment how long it has been collected and the particular grounds in each case on which it is considered necessary that the enhanced demand should be taken off. The reduction should not have been made without previous sanction.-

The remaining Balance in Golcondah is due by poor Ryots. A considerable part of the Balance in Survasiddy is against indigent Enamdars. The Board approve of the proposition of the Collector to strike out of the demand

demand: the Cuttoobady of Lands where the holders have abandoned them and left the Country some years. Generally in regard to lands of this description the Collector will pursue the course laid down in Minutes Consultation dated 26th August 1847 Para 5 Viz by a remission of a portion of the Balances that have already accrued and the annexation of the lands to those paying full assessment on the re-occurrence of balances in other than seasons of general and extreme adversity.

10. In Para 27 of his Report Mr Smollett notices the net increase of Rupees 48,076-2-5 in the Collections in support of a remark previously made by him that with prudent management the Government Revenues in these Estates may be greatly raised above the permanent Settlement after payment of all expenses of Collection. Mr Smollett has not over rated the value of these Properties. It is however important to observe that the increase noticed has almost entirely occurred in the Palcondah Estate which is not under the management of the Collector. There alone the increase is Rupees 47,765-12-8. Deducting this sum the net increase in support of the Collector's view is reduced to Rupees 310-5-9. With prudent management

management the Government have a right to expect an approximation to the assets on which the Permanent settlement was based. Taking the assets at Rupees 210,702-12-0 and the present year's Collections at Rupees 158,452-3-11, it will be seen that the latter fall below the former in the large ratio of about 75 per cent. Continued active supervision combined with sound Principles of management is indispensable for the attainment of the expectations justly entertained. The long pending disputes regarding the irrigation between Survasiddy and Rayavarum should be speedily adjusted and the Board will expect a special report on the subject at an early date as an Officer has been recently appointed to the charge of the works of irrigation in Ganjam and Vizagapatam.

Defendants.

The Plaintiff states that in fusly 1254 the cist on his land was Rupees 480 and that he having paid Rupees 460 of this, a remission of the remaining Rupees 20 was given to him, in 1255 fusly expecting a similar remission he planted Rupees 100 of paddy land and kept the rest under Ryots and on a promise of remission, gave a Moochilkah as in 1254. He was then forced to pay the amount remitted in 1254 and on that account wished to throw up his cultivation, and go to another Village, and in July and August 1845 gave notice to the Collector of his intention. He was then offered remission by the Samootdar and Curnum, if he staid, but refused. He was however compelled to do so by the 2d Defendant and

and at last paid by his son 100 Rupees for the Paddy land, although he had derived no benefit from it, at the Jamabundy he was assessed at Rupees 380 and by order of 1st Defendant 2nd and 3d Defendants caused 4th and 5th Defendants on 5th August 1846 to Zuft 50 Rupees worth of Kundooloo and on 28th August 1846 Rupees 126 worth of red grain. The 2d and 3d Defendants put him in prison, insisting on his paying in full. By the assistance of his friends he on 17th September 1846 paid 186½ Rs. and on 21st September 50, and was then released. Plaintiff contends that having withdrawn his Moochilka he is not responsible for it. and also states that as much of the land remained uncultivated, he is entitled to a remission on it. He sues for Rupees 236½ ready money and Rupees 176 being the value of the grain Zufted.

The Suit is exparte as regards the 2d 3d 4th and 5th Defendants.

The 1st Defendant answered, that Plaintiff's claim is totally unfounded. Ryots cannot throw up their lands when they think proper but must pay according to their agreements, no mention of remission is made in Plaintiffs Moochilka, and the demand was fairly fixed upon him at Jummabundy.

Ryots

Fort St. George 17th April 1848.

Ryots have no claim to remission which is a pure matter of favor from Government. Plaintiff once before brought a similar suit against the Collector, but withdrew it. The Plaintiff's grain was seized by the Collector's orders, the other Defendants are the Collectors servants.

The Plaintiff replied that it was the custome to give remission to large Ryots to encourage them, that at the time he gave the Moochilka he did not consider it binding, that remissions are not written in the Puttas which (contrary to Regulations) is given some months after at Jummabundy time, that the Samatdars letter will show that he had promised Plaintiff remission, and that Payatary Ryots always get some remission of land free from cist for sheds &c.

1st Defendant rejoined that although the Plaintiff was not entitled to any remission, he was allowed Rupees

The Government Pleader on the Courts Proceedings dated 25th June 1847 framed a Memorandum by which it appears that the Revenue Board ruled that any Ryot intending to relinquish his land must

Fort St. George 17th April 1848.

give notice to the Collector before the end of April and that Mr. Smith the then Collector published this throughout the Talooks in May 1841.

At this Stage of the proceedings the Subordinate Judge thinks it best to dismiss the case.

The Plaintiff admits that he did not give notice to the Collector of his intention to throw up his cultivation till July and August 1845. The rule of the Board of Revenue above quoted and which is perfectly well known in the District renders such a notice entirely powerless to release Plaintiff from his liability.

The Plaintiff admits having given the Moochilka. His assertion that the Samatdar promised him remission is of no avail as he must have known that the Samatdar had no power to make or to fulfil such a promise. The promise if made at all, must have been perfectly understood by both parties to be conditional on the consent of the Collector who was of course at liberty to hold the Ryot to his agreement. The Moochilka being taken at or before the commencement of the Fusly secures the

the Ryot from any demand beyond that specified in the Moochilka while the delay in giving the Putta gives the Ryot the advantage of the chance of any remission which the subsequent circumstances of his cultivation may induce the Collector to give. The Ryot cannot take advantage of this benevolent arrangement and then plead against its informality.

The power of granting remission is vested in the Collector and the propriety of his refusing remission to the Ryots is a question beyond the cognizance of the Court.

On these grounds the Suit is dismissed, the Plaintiff to pay all costs.

From the Collr. of Bellary.

Sir,

As required in your letter of the 9th Instant, I have the honor to forward a Revised Indent for

Fort St. George 17th April 1848.

for such Copies of the Regulations and Acts in the Telugoo Language as are required for the use of this District.-

2- In my former Indent I applied for 22 Sets, 17 of which were for the 17 Talooks composing the Bellary Division of the Ceded Districts, these Talook Cutcherries not being ever supplied with Translation of the above enactments as already intimated in my letter of the 7th October 1846 No. 78- Therefore, this number of Copies Viz. 17 required. In allowing which the Board will probably authorize such Telugoo translation only of Madras Regulations and acts of the Supreme Government as refer to matters of Revenue and Police necessary for the guidance of Talook Cutcherries agreeably to the object contemplated- It will be observed, that I applied for no separate Copies for the use of Subordinate Native Functionaries, such appearing to be the intention of the Board vide Para. 2 of their Proceedings dated 29th July 1847.-

3- The remaining 5 Sets were for the use of the undermentioned Offices Viz.t-

For the Collector and Magistrate's Office		1
For the Sub Collector's	Do.	1
For the Head Assistants	Do.	1
For the Assistants	Do.	1
For the Hoozoor Cutchery		1

ORIGINAL DESTROYED Madras

+ Vide Para. 4 of the Board's Proceedings dated 29th July 1847.-

+ The Board having considered it desirable that the Offices of Collector and the Subordinate Collectors should be furnished each with one entire set, and the only set now remaining in each of these Offices being defective, I have entered in the present Indent, 2 Copies of Telugoo translation of such Regulations &c.a as are required to supply the deficiency & complete the Sets- I am of opinion, that the Offices of the Head Assistant and Assistant Collectors who have separate charges should likewise be furnished each with an entire Set of translation for their guidance, and have accordingly included them in the present revised Indent- The Board will allow or disallow them as they may think fit-

The last item of the above list Viz.t that for the Hoozoor Cutcherry I have myself now disallowed-

4- The Board will observe, that on the whole, I have been able to reduce my former Indent by 3 Sets.-

From the Collr. of Canara

Sir,

1. In obedience to the orders conveyed in an Extract from the Proceedings of the Board dated 9th December last I have the honor to report the measures which

which have been adopted for the establishment of a public Dispensary at Mangalore in accordance with the Sanction conveyed by the Extract from Minutes of Consultation dated 13th November last.

2. After every endeavour to procure on rent a suitable building for the purpose, I am sorry to say that it has been found impossible, but as it was desirable that the Dispensary should be brought into operation with as little delay as possible, I authorized the Zillah Surgeon Dr. Macfarlane to engage two small buildings adjoining each other at the Monthly rent of Rupees 10 which, although not at all well adapted for permanent use as a Dispensary and Civil Hospital, would it was considered both by him and the Superintending Surgeon serve sufficiently well as a temporary measure, and as a Dispensary alone. The want of a Dresser however for whom Dr. Macfarlane informs me he applied some time ago has hitherto prevented this useful institution from being brought into operation.

3. In consequence of the inability to procure a building on rent it becomes very desirable to obtain the Sanction of Government for erecting one specially for the purpose. A very eligible spot in the immediate vicinity

vicinity of the town has been selected, and approved of both by the Zillah Surgeon and Superintending Surgeon of the Division, and I shall request the 1st Assistant Civil Engineer to frame an Estimate in communication with Dr. Macfarlane and transmit it hereafter to the Board. Such a building was I am informed erected for the Dispensary at Combaconum at a net Cost of Rupees 1526 and allowing about the same amount it would be repaid in 9 years by the saving of the Monthly sum of 14 Rupees allowed in the estimate of expences for house rent while the institution would be rendered more complete and beneficial by ensuring the building and out houses being rendered suitable and convenient to the purposes for which they are to be devoted, which could not be expected if a bungalow were hired even though some expense were incurred in making alterations and erecting outhouses.

of Consultation dated 13th November 1847, I am directed by the Board of Revenue to submit, for the information of the Right Honorable the Governor in Council, the accompanying letter from the Collector of Canara, reporting the measures which have been adopted for the Establishment of a public Dispensary at Mangalore.

25th February in Cons. 17th April 1848.

2- In the above letter Mr. Blane states, that no building suited for a Dispensary is procurable at Mangalore, he has however engaged, at a Monthly rent of Rupees, two small houses adjoining each other, which although not well adapted for permanent use as a Dispensary and Civil Hospital, will, it is considered by the Superintending Surgeon, answer as a temporary measure, for a Dispensary alone. An application appears to have been made by Doctor Macfarlane, the Zillah Surgeon, for the appointment of a dresser, the want of whom has hitherto prevented the institution from being brought into operation.

3- An eligible spot of ground on which to erect a suitable building has, it is added, been selected in the immediate vicinity of the town of Mangalore. On receipt of the Estimate which the Civil Engineer has been requested to prepare, it will be

be duly laid before Government thro' the Department of Public Works. In the meantime the Board trust that the measures of the Collector, as now reported, will be approved. They beg also to recommend Dr. Macfarlane's application for a dresser to the favorable consideration of Government.
