Read the following letter from the Secretary to the Board of Revenue

(Here enter 25th. October 1852 No. 1445)

Reviewing the reports of the several Collectors submitted with the Board's letter on the Condition and expenditure of the Lunger Khanas established in their respective districts & maintained by grants either from former Native Rulers or from the British Government and issuing orders.

1. With the above letter the Board of Revenue submit as required by Extract Minutes of Consultation of the 2d. December 1851. the reports of the Several Collectors under their authority on the condition and expenditure of the Lunger Khanas established in their respective

respective Districts, and maintained by grants either from former Native Rulers or from the British Government.–

South Arcot. Chingleput. Nellore. Tanjore. North Arcot.

2. These Institutions, appear to be confined to five Provinces.–

3. In Bellary there is no Lunger-Khana properly so called. The Collector however refers to the Munro Choultry at Ghooty erected in remembrance of Sir Thomas Munro. On looking to the

previous Correspondence connected with this building the Government observe that it was constructed at a cost including the Tank of Rupees 32771–12–5 and provided with an endowment in land and money of Rupees 2,045 per annum for the preservation of the Choultry and for supplying Travellers. The Collector is silent as to the present State of the edifice. The Government would wish to know whether it is kept in good repair and order and fully subserves

the

the purpose for which it was intended. They would also desire to be informed as to the state of the Tope and Well at Puttacondah.-

Cuddalore. 4. The Chuttrum at Tripapalore is maintained at the joint expense of Government, and the neighbouring Mootahs and Shrotriem Villages by a deduction from the Beriz. It is a charitable Institution as having for its object the support of indigent Brahmins and the religious instruction of boys of that sect. It was reported in a letter from a former Principal Collector dated 31st July 1837 that there were at that time only 4 boys under instructions, and although from the Statement submitted by the present Collector it would appear that two teachers are employed on an aggregate Salary of Rupees 122 -"- 8 per annum, there is nothing in his communication to show that the number receiving instruction has been augmented. The Government agree with the Board that the Institution should be put upon a proper footing so as to be available for imparting useful knowledge to as many as

as possible. The amount now disbursed to Travellers and Pilgrims should be appropriated to the above object, and the relief given at the Choultry be confined to the aged and infirm who are really in circumstances of destitution.-

5. The Government approve of the Board having requested the Collector to submit an Estimate for the repair of the Chuttrum thro' the Department of Public Works.-

Kurnool- 6 The Condition of the Lunger-Kanah at Kurnool is satisfactory, the objects receiving relief at the Institution being the blind, lame and destitute of all classes of the Natives, indiscriminately, who are selected and admitted after due enquiry and personal examination by the Agent himself.

Nellore 7. The Condition of the Lunger-Kanah in this District is likewise satisfactory. The Government observe however in the list of persons relieved at the institution the names of two women who are in the receipt of

" 18 Causumbee

of Rupees 1—12—" each per mensem, and who are stated to be persons who examine Gosha women.— The Governor in Council can scarcely suppose that the women here alluded to are employed for the purpose of examining those female Yeomiahdars who are exempted by considerations of rank from drawing their stipends in person, but if such should have been the case he would desire that it be immediately rectified. It is evident that no reliance can be placed on the reports of mere paupers and that such examinations when necessary should be conducted by females of respectability the relatives of Yeomiahdars or public servants who can be held responsible in the event of any imposition being practised.—

Tanjore. 8. The Report of the Collector on the Lungerkhanas at Combaconum and Nagapatam is satisfactory. The Government agree with the Board that the Assistant Collector at Nagapatam should be associated in the management of

of the Lungerkhana at that station, and request that they will issue instructions accordingly.—

Coimbatore. 9. The Government consider the report of the Collector of Coimbatore on the condition of the Lungerkhana in his District to be very satisfactory. Here as in all places where there is a Billah Surgeon he should occasionally visit the Lungerkhana and give advice or medicine when required.— He might indeed with advantage be made a standing Member of the Committee of Management.—

North Arcot 10. The Government agree with the Board that the proposition for establishing a Dispensary and Hospital in this District from a reduction in the expenditure on the Lungerkhanas at Arcot and Vellore should for the present lie over.—

11. It would seem however from the enclosure to the Acting Collector's letter of 19th August that the saving on the two Lungerkhanas for

Sanctioned amount 9,641 – 15 – "
Total Expences – – – 7,051 – 19 – 11
Saving 2,590 – 5 – 1.

According to Mr. Bourdillon's Estimate letter to Board 9th August 1850 Para 15.

Cost of Hospital and Dispensary at Vellore Rupees 248 per Mensem or 2,976 per annum

Do. at Ranipett Arcot Rupees 220 Monthly or Rs. 2640 annually.

for 1851 has been Rupees 2,590 – 5 – 1. or nearly enough to establish one dispensary. The expenditure in 1852 will probably be still more reduced, and if on the accounts for that year being rendered the surplus should prove sufficient for one Dispensary and Hospital, the Board should report to Government accordingly stating where it should be, whether at Arcot or Vellore, and at what charge.

12 The Board will instruct the Collectors of the Districts where Lungerkhanahs are established to take every precaution to guard against fraud and abuse on the part of applicants for relief. Unless when prevented by decrepitude, absolute infirmity, or in cases of Gosha women (which must be very few) by rules of Caste the recipients

recipients should be required to attend daily and every means should be used to ensure relief limited only to the destitute poor who are by physical or mental incapacity prevented from supporting themselves.

13. The Governor in Council Sanctions the charges incurred at the Several Dispensaries, amounting as shewn in para 25 to Rupees (4,435 – 2 – 5) four thousand four hundred and thirty five and pice five.

14. The Lungerkhanahs in the Northern Circars will be reported on by the Commissioner separately.

From the Collector of Guntoor

Recommending with reference to the Extract from the Proceedings of the Board of Revenue dated the 28th October last the extension to the Madras Presidency of the laws regarding the Uncovenanted Deputy Magistrates and Deputy Collectors-

Sir,

I have the honor to acknowledge the receipt of the Extract from the Board's Proceedings dated the 28th October last calling with reference to the accompanying Extract of the Minutes of Consultation of Government, for my report on the expediency of extending to the Madras Presidency the laws regarding the appointment of Uncovenanted Deputy Magistrates, and Deputy Collectors.-

2. In reply I beg to state that the expediency of such extension seems hardly to admit of question- The want of a Superior Class of Agency possessed of that principle in which unhappily our native servants appear to be becoming more and more deficient; is felt perpetually, and the want

14434 Fort St. George 16th December 1852.

want is not met by Covenanted assistants- These for the most part during the first two years are wholly occupied in qualifying themselves for usefulness, and it is not easy to get them of longer standing. Many duties might be instanced which cannot easily be performed by the existing Covenanted Servants or be intrusted to natives with any confidence of success- It may be sufficient to specify two on which I can speak from my own experience- The first is the Control of the Salt Department- The Salt Revenue of this District ranges from three to four Lacs of Rupees- The principal Stores of Chinna Ganjam and Pedda Ganjam are managed by a Salt Darogah on a Salary of 60 Rupees; complaints of Corruption and

14435 Fort St. George 16th December 1852

and peculation in this Department, are periodical, and it is scarcely possible to expect it to be otherwise - The second, is the duty of investigating charges of Corruption and extortion brought against the Talook Establishments. Sometimes several of these occur together; and it is very rare that any of the European Officers can in person investigate them on the spot, which summoning the parties from distant Villages to the Hoozoor is nearly as vexatious as the grievance they complain of. On the other hand to intrust such an enquiry to one of the native Establishment is very hazardous - Similar reasons exist for the employment of a superior class of men in the Police Departments, the conviction of offenders at present being rendered almost hopeless by the want of veracity among the people and of integrity among the servants.

Salt 2. Under the head of Salt there has been a falling off in the Current Fusly of Rupees 7721-12- as compared with that of the preceding year owing entirely to the failure of the Stock on hand caused by the loss and interruption to the manufacture by the

the heavy storm in May 1851 and to a continued and most unusual fall of rain in March which frustrated the endeavours of the Collector to increase his store by an early manufacture.

There were no exports

by sea and consequently a falling off of Rupees 5544-

4

The trifling increase of Rupees 382-7-2- in the sales of Salt to the French Government calls for no remark.

Fusly 1261	3,736	5 11
1260	3,353	14 9
Increase	382	7 2

5

The decrease of Rupees 15857-6-5 in the inland sales arose from the exchanges of the salt in store about

January, at which time a temporary cessation of the sale was directed. The rapid manner in which it was purchased at the Depots of the district is attributed to the failure in the manufacture in Chunglepet and Madras. The chief exports were to Salem, Coimbatore, Trichinopoly and Mysore, the increased purchases for the last mentioned district were the Collectors thanks,

thinks, nominal, the Rowanalis having been taken out for a distant province in order to obtain a longer period for the conveyance of the Salt and the better to enable the traders to dispose of it on the way. This practice is not uncommon, and may have obtained, for as the Collector subsequently reports his enquiries gave no grounds for supposing an enhanced demand in that Territory.

From Coll.r 22d November in Cons. 13th Dec.r 1852

6 The increase of Rupees 13297-3-3 in the Home sales shews that the wants of the district were supplied. At one time the Collector was apprehensive of the Merchants purchasing the Stock on hand and establishing a Monopoly, but these speculations were discouraged by the enquiries made by the Collector for obtaining a supply from Tanjore and Nellore by sea. Having reserved a sufficient quantity for the French Government the remainder was sold in quantities not exceeding 10 Morcals and the demand of the home trade was supplied. Mr Maltby states that the people continues to avail themselves of the reduction lately authorized in

7. Garces, the estimated consumption for two years was made. 1703 Garce were alone manufactured during the year in consequence of the untimely rains above noticed. The stock in hand on the 12th July was 267 Garce, adding to which the subsequent produce of 1582 Garce a total of 2029 Garce is given as the stock on hand for the current Fusly. a future suspension of sales is therefore not anticipated if the season will not permit of an early manufacture in March every exertion will however be made by the Collector to prevent any interruption to the trade.

8 The road to the westward which with other advantages is likely to have a beneficial influence on the Salt Trade, as alluded to in Para 9 of the Collectors letter, formed subject of representation to Government from the Board, Department Public Wor. No 8th November 1852.

9. The wastage of Salt exhibited in Statement E. will be submitted for

for the sanction of Government when similar returns are received from other districts.

Frontier Customs

10 Notwithstanding the recent exemption from duty of certain articles of consumption there has been an increase in Frontier Customs of Rupees 13,668-8-6, arising principally from an augmented export of Indigo and Piece Goods and import of Liquors. The result is satisfactory and would argue increased vigilance on the part of the Customs Servants.

Sea Customs

11 In Sea Customs the receipts for the year show a net decline of Rupees 2067-2-1, arising from a decrease in the exports of Indigo, which, as noticed in the preceding para was carried to the neighbouring Port of Pondicherry and an increase in the imports of Betel nut from the Straits.

12 In paras 13 and 14 the Collector brings to notice the unfavorable state of the Cuddalore and Porto novo harbours and suggests certain measures for making them again of commercial utility and

importance

importance this subject the Board observe is already under consideration in the Department Public Works.

13. The Statement in the margin shews an increase of 756 Candies in the exports of Sugar and a decrease of 13,560 Gallons in that of Rum. The cause of the falling off in the latter is attributed to part of the Rum distilled in the district being purchased by the Ab Kavy renter, a considerable stock is on hand at the principal factory and Spirits are also said to be much used in clarifying Sugar.

Ab Kavy

14. The decrease of Rupees 3300 in Ab Kavy arose from lower offers having been made for the rent and the increase of Rupees 413-15-1 in

Small Farms

Small Farms is owing to the competition for the Ferry farms. The Collector brings to notice that the rent of the Shank fishery brings the small sum of 35 Rupees and gives the renter a vexatious power of interference with the coast fishermen and requests

sanction

sanction for its being abolished a measure which the Board have no hesitation in submitting with their recommendation.

Moturpha 15. The increase of Rupees 767 in Moturpha was occasioned by the employment of 193 additional looms and 63 new oil presses, and

Stamps the decrease of Rupees 1221-14-6 in Stamps is owing to the state of business in the Civil Courts.

16. Of the total demand Fasly Rupees 509767-3-10 the sum of Rupees 479254-9-6 was collected within the fasly and Rupees 30454-9-3 subsequently, leaving a small balance of Rupees 58-1-1 to be still realized which it is stated is in course of recovery.

17. The only arrear is Rupees 13-1-10. for Fasly 1260 of which Rupees 5-8-8 is stated to be irrecoverable and the Board request sanction for writing it off.

18. The Gross Collections including Current Extra and arrear from all Sources of

of Extra Revenue Amounted to Rupees 493814-10-2 from which deducting Charges Rupees 52581-14-11 there remained a Net revenue of Rupees 441232-11-3 or Rupees 2086-2-3 above that of the preceding fasly.

Ordered that a Copy of the foregoing Extract with the annexed comparative Statement of the Collections Charges Net Revenue be submitted to Government and transcript of the same be furnished to the Collector of South Arcot.

Proceedings thereon. The Board observe that

(55-56)

the Demand Collection Balance of "Land and Extra Revenue" Sevoy Jumma current and arrears have been correctly entered in the Memorandum accompanying the foregoing letter. The Collector is requested to pursue the same course in his future accounts as regards the entry of this branch of Revenue and to forward a similar Memorandum for each of the Monthly Accounts for Fusly 1262 already sent to this Office, to enable the Board to ascertain the respective amounts of "Land and Extra Revenue" included under the head of Sevoy Jumma.

2. As the item of Commission on private Estates "Vizt. Rupees 4023-12-" has been included under the head of "Land Revenue Sevoy Jumma" in the Board's General Report to Government the Collector is requested to credit that item to the same head of Revenue in his future Returns.

From the Collector of Madura

Sir,

In para 5 of the Minutes of Consultation of Government dated the 20th September last on the Jummabundy Report for Fusly 1260 explanation is required relative to the amount of the Population in the Zemindaries of Madura, no Census of which was submitted in 1839. This explanation I beg to submit at once separately from the other points connected with the Jummabundy noticed by Government, premising that the Census account enclosed in the Jummabundy Report shews the Population of the Aynlands and Zemindaries in detail.

2. I now forward an abstract shewing the population of the Government Talooks Ramnad Shevagunga and the aggregate of the smaller Pollams respectively. Under the latter Head is included the Population of Enam and Devestanum Villages which as well as the Population of the Zemindaries was

14467 Fort St. George December 1852.

was omitted in the former Census.—

3. I am sorry to be unable to exhibit the Area of each but I imagine that the Zemindaries and Enamlands exceed in extent the Ayn Talooks and Ramnad and Shevagunga are the most populous tracts in the Districts being free from the mountains included in the Country lying to the West of them.—

4. The Population in the Ayn Talooks which as the Government are aware was alone given in the former Census Amounts to 725,609 exceeding that of 1839/ or rather of 1837/38 reported by the Board in January 1839/ by 173,132. This increase of rather more than 1/4th in 12 years will not I should think be considered extraordinary and the number per square wile is less than that found in some other Districts.—

5. I am not disposed to think the Population of the District exaggerated, the number of Villages and large Towns is very considerable and I observe that the return for some of the most notorious Places such as Madura, Ramnad, Puramagoody falls short of the Population Commonly ascribed to them.—

To the Chief Secy. to Government — Inbms 20th Septr. 1852

Sir,

With reference to Para 5 of Extract from Minutes of Consultation dated 6th September 1852. Revenue Department No. 878. I am directed by the Board of Revenue to submit herewith, a letter from the Collector of Madura, dated 22d November 1852. furnishing the

Inbms 16th Decr. 1852.

the explanation called for by Government respecting the population of his District.—

2. It will be seen that the Board's Census Statement of 1839, did not include the population of the Zemindaries or Polliams, nor of the Enam and Devastanam lands. Excluding the people of these portions of the District from the recent Return, the increase in the Ayen Talooks is shewn to be 173,132, or rather were than one fourth in 12 years, to be accounted for partly by the care taken for ensuring accuracy in the late Returns.—

To Govt. 28th Jany 1839.

3. Mr. Parker does not think the population of the District as taken in Fusly 1260, to be much exaggerated.—

Bd. No. 3039
From the Collector of Madura.—

Sir,

With reference to the Proceedings of the Board dated the 28th October last relative to the appointments of

of uncovenanted Deputy Collectors and Magistrates, I have the honor to state, that all the Bengal Regulations and Acts noted in the Margin of the Minutes of Consultation of Government or referred to in the Acts so noted, not being on my records, I am not able to answer the question in the exact terms in which it is asked.—

2. I beg however to express my opinion that Act XV of 1803 Bengal Code might be very beneficially extended to this Presidency the uncovenanted Officer being appointed an Assistant Collector as well as an Assistant Magistrate. The covenanted Subordinates (except the Sub Collector) being termed Assistants only, I think that the uncovenanted ones should have no designation which might lead the Inhabitants to suppose that they belonged to a superior grade.—

3. In this District an uncovenanted Native or East Indian assistant of experience would be extremely useful for the purpose of being placed at Paramagoody, Shevagunga or some other centrical place in the Ramnad or Shevagunga Zemindaries.—

4. The value of land, the general well being

14471 Fort St. George 16th December 1852

being, and the large population of this District produce a number of Complaints regarding lands or crops cognizable under Regulation V. of 1822. or Magisterially, and regarding Merassee Officers under Regulation VI of 1831. far beyond my power of disposal, and my Assistants have hitherto been either too young or too much occupied with Police duties to take up such cases. In consequence I have far less time than is desirable to attend to the General Superintendence of the District, or to consider and mature plans for its improvement. The addition of an uncovenanted Assistant to the aid I at present enjoy would answer better than another covenanted Assistant because there is a great scarcity of houses fit for the occupation of European Gentlemen in this District - At Madura itself there are too few for the number requiring them - Ramnad is not central and I am not sure that it contains a vacant house, and elsewhere in the Principal Division there is no house whatever available for an Assistant. -

5. In Bombay I have understood it to be the practice to advance or grant money to an Assistant to

14472 Fort St. George 16th December 1852

to build a house in the Talooks placed under his charge. -

From the Collector of Madura - - } Sir,

1. In reply to the Proceedings of the Board of Revenue dated the 16th September 1852. I have the honor to state, that the reduction of the duty on Salt imported from Ceylon would in my opinion be highly dangerous to the Monopoly for the reason suggested by Government, Vizt., that if under the inducement of such reduced duty, a traffic were to spring up it might be difficult to prevent illicit importations from an Island so near at hand to so long an extent of open Coast. The Supreme

14473 Fort St. George 16th December 1852

supreme Government argue that the higher the duty the greater the inducement to smuggle, and no doubt such is generally the case.. but while there is a prohibitory duty no one will Manufacture simply for the purpose of smuggling and if they should do so prevention of import will be comparatively easy while there is no fair trade to be discriminated. I am not aware of the Cost of production in Ceylon but I should think it probable that Salt might be landed from thence at less than 4. Annas per Mound in which case it could undersell the Manufacture of the District.—

2. Another disadvantage attendant on the introduction of Foreign Salt into the District would be the cover it would afford for the sale of Salt surreptitiously Manufactured in the Country. Such Salt could no longer be unhesitatingly challenged.

3. It is an error to suppose that the bad quality of Salt is any considerable impediment to its sale. Earth Salt is undoubtedly

14474 Fort St. George 16th December 1852

undoubtedly consumed in large quantities either alone or mixed, simply because it is Cheaper.—

No. 513

Read letter from the Collector of Tinnevelly dated 21st August 1852 reporting on the Extra Sources of Revenue of his District for Fusly 1261.

(Here enter No. 158)

The following Abstract Statement Exhibits the Settlement of the year under report as compared with the preceding one and shews an increase of Rupees 8534-9-6 in favor of the former.

The

Salt

2 The demand on account of Salt for the year was Rupees 360299-11-3 or an increase of Rupees 9326-15-11 over the Collections the highest on Record of Fusly 1260 and arises from an increase in Home Consumption and to a more extensive sale of the articles for exportation to Coimbatore the Sales for Home Consumption were Rupees 301626-11-3 and those for Inam Sayer— Land Rupees 58653-

3 In Sayer there was a decrease of Rupees 6568-12-2 owing principally to the diminution in the Exports of Piece Goods and Tobacco and in the imports of Betel Nut Tobacco and Exemption from duty of certain articles authorized in Extract Minutes Consultation 28th June 1851- Inams 10th July 1851-

4 In Sea Customs the demand was Rupees 21822-9-7 or Rupees 6186-10-4 above that of the preceding year, and is attributed to the increased imports of Betel Nut Cut Tobacco and Sea Customs European Cotton Thread and Exports of Piece Goods, Coffee, and Chelley-

Abkarry

5 Under the head of Abkarry there was an increase of Rupees 6060 from the following petitions which existed for the sale of Arrack and Toddy Rents-

The

Sundry small Farms and Licenses-

6 The decrease of Rupees 12424-12-6 in Small Farms and Licenses arose from the suspension of the Chayroot rent for a time, to the reduced amount at which it was afterwards restored to the sale proceeds of the Chanks being less than in the preceding Fusly and to a decrease in the Fish Revenue under Summary-

Stamps

7 The Sales of Stamps for the year amounted to Rupees 26827-12-11 or Rupees 2051-12-11 in excess of the preceding one-

Motorpha

8 In Motorpha also the demand exceeded that of the previous year by Rupees 3902-11-11 and is stated to be owing chiefly to the increase in the Loan Tuse consequent on many additional Loans having been brought to account in the Fusly-

9 Of the total demand Viz. Rupees 599737-5-4 the Sum of Rupees 599276-10-4 was Collected within the Fusly and Rupees 383-9-7 subsequently leaving a balance of Rupees 77-1-5 to be still realized-

10 The whole of the Collections including Current Echa and arrears within the Fusly amounted to Rs. 603639 4-5 from which the Charges Viz. Rs. 57228-10-10 being deducted there remained a Net Revenue of Rs. 546410 9-7 or Rs. 13199-11-7 above that of Fusly 1260-

Ordered that a Copy of the foregoing Extract with the annexed Comparative Statement of the Collections Charges and Net Revenue be submitted to Government and Transcripts of the same be furnished to the Collector of Tinnevelly-

B. No. 2875

Sir,

From the Collector of Tinnevelly— } Para 1

With reference to para 2 and 3 of your letter of the 18th December last I have the honor to inform you that the present Petitioner Delovoy A. Teeroomalayappa Moodellar is not the younger Brother of Teettaruppa Moodelar noticed in No. 16 of Mr. Eltons report of lapses dated 21st January 1848 but of another of the same name who was the last holder of the Enam now claimed and great Grand son to the Original Incumbent. This man died in March 1850. The Teettarappa Moodelar named in the Report of Mr. Elton was a descendant in the female line of the same original incumbent Delovoy Coomarasawmy Moodelar and whose heir I am given to understand is about to bring forward a claim for the restoration of the Enam resumed as entered in the above No. 16 which with

Returning Petition No. 2624 of 1851 received with a letter from Board of 18th December last and recommending that the Enam may be for reasons within mentioned continued in favor of the Petitioner or Ramasawmy Moody the adopted son of the last holder—

14483 Fort St. George 16th December 1852

with any other claims that may be brought forward will be enquired into and reported hereafter agreeably to para 4 of your letter under reply—

2 As regards the claim of the present Petitioner in No. 2624 I have the honor to state that from information collected from the Jummabundy accounts of Fuslies 1211 and 1212 it seems that the favorable Pottom assessments on the lands adverted to in his Petition were fixed in years from 1763 to 1784 and therefore under the order of Government quoted by you not subject to resumption—

herewith returned

3 The above Petitioner is willing if the indulgence may not be continued in his own favor that the lands should be entered in the name of Ramasawmy Moodelar the adopted son of the deceased Delovoy Teettaruppa Moodelar on enquiry the adoption is reported to have been made on the 14th Sithery of 1019 Anndoo— A.D. May 1844

Under the circumstances stated in para 2 of the foregoing letter the Enam in question need not be subjected to report but continued without further reference to the Petitioner if his claim is not contested.

2 The degree of affinity of Ramasawmy Moodelly the adopted son of the deceased the Petitioners brother is not shown in the Genealogical Table to enable the Board to decide whether the registry in his name could be effected without the orders of Government, but the Collector will be guided in this matter by the Rule laid down in Extract Minutes of Consultation 18th September 1851 Circulated to Collectors on the 29th Idem.

Ordered that the following Endorsement be passed on Petition No. 2624 of 1851.

Petitioner is referred to the Collector to whom instructions have been issued.

9 In the items of Loom and professional taxes there is an increase in favor of the Current Fusly of Rupees 1112-4-2 arising from an increase in the number of Looms &c. The decrease in the item of House tax, is attributable to the death, desertion, or insolvency of the Parties liable to payments, and to lands having been taken by them for cultivation.

10 Statement No 6 exhibits an increase of Rupees 13,172-11-10 in the amount of Profit on Tobacco more than that of the previous fusly arising from an increase in the quantity of Tobacco supplied to Cochin and Travancore states, this year. The subjoined Abstract will show the result thereof in one view.

11 Adverting to Mr Underwood's letter of the 30th October 1851. I beg to forward copies of further correspondence with the Accountant General on the subject of the System of Keeping Tobacco accounts in this District, the actual cost is now entered in the Monthly accounts instead of an average rate as before, but with the abolition of the Monopoly in January next all causes of confusion will happily cease.

12 With reference to para 31 of the Dated 13th Nov 1852 Jummabundy report for Fusly 1261. I have the honor to state that the number of Puttahs of Motumpha and sundry Small Farms, amounts to 53,361 or 85 more than that of the past Fusly. But from the new arrangement under permission of the Board, dated 2d January 1851 so many new Puttahs were not given. The number actually distributed this year, bears a proportion of 13 per cent on the whole numbers as shown in the annexed Memorandum.

15 Of the arrears of Moturpha Revenue, Vizt. 13-3-8- Sanctioned to be written off in para 6 of the Minutes of Consultation dated 23d December 1851, annas 14. and pice 1 having been recovered prior to the receipt of that sanction the remainder Rs. 12-5-7- was struck off the accounts.

16 The cultivation of Mauritius Sugar cane in this year, was 47 5/16 Cawnies in two Talooks indicated Marginally, but no Sugar was manufactured, the whole cane produce having been appropriated to the making of Coarse Jaggery for consumption within the District.

17 The population of the District according to the census taken in July 1261. amounts to 1153,862 Souls, and the quantity of Salt consumable, is estimated at 2,163 1/2 Garces at 6 measures pr head. The importation from the western Coast, Madura, Tinnivelly, Tanjore, Chingleput, and South Arcot, was 1749 12/16 Garces or 433 7/16 Garces less than the quantity actually required. but this is merely an average estimate, no correct account being procurable to form

form an accurate estimate.

18 I have however reason to believe that in spite of all efforts, considerable quantities of earth Salt are imported from the neighbouring District of Madura besides that clandestinely manufactured in this District, and I apprehend that nothing would effectually check this system of clandestine manufacture and sale, so long as the price of marine Salt continues high, and therefore beyond the reach of the poorer classes of the community.

To, W. C. Underwood Esqre
Acting Collector of
Coimbatore

Sir,

Para 1- I have the honor to acknowledge the receipt of your letter of the 30th october last, relative to the mode of keeping the Tobacco accounts in the Coimbatore District, which formed the subject of Mr Thomas's letter of the 8th april, and mine to him of the 10th July last.

The

2

The object of Mr. Thomas in the foregoing correspondence was to prevent the Coimbatore Treasury from disbursing more on account of the supplies which it furnished to Malabar, than Malabar stood debited with in the Coimbatore accounts. Mr. Thomas represented that the amount actually lost by the Coimbatore Treasury on the Value of Tobacco supplied to Malabar during the period from 1843 to 1849. amounted to Rupees 1,57,910-11-2- adding that in the case of supplies to Travancore and Cochin, during the same period the result was an excess to the extent of Rupees 11,565-5-10- though the supplies were calculated upon the same principle shewing a Net deficiency of Rupees 34,345-5-5. The deficiency in the first case, and the excess in the other two, Mr. Thomas attributed to the alteration introduced in the year 1843. of calculating the average rate quarterly instead of Monthly, as was done previously thereto, and to remedy this inconvenience, he advocated the reintroduction of a Monthly average rate Mr. Thomas evidently laboured under a misconception as to the real

real cause which led to the apparent deficiency in the case of supplies to Malabar, when he attributed that result, and the excess in the case of supplies to Travancore and Cochin, to the alteration introduced in the year 1843 of calculating the rate quarterly instead of monthly. The mere alteration of calculating the rate quarterly instead of Monthly, could never produce any material difference in the results, much less the opposite results noticed by Mr. Thomas, namely a deficiency in one case and an excess in the other two. A quarterly average, though it might produce a small difference in the value, either more or less, compared with a Monthly average rate in the accounts of a particular month, still the difference would adjust itself in the end and the result would be the same, but as Mr. Thomas seemed to desire that the old System previous to 1843 of a Monthly average rate should be re-established and there was no difference between it and a quarterly average rate, he was authorized to revert to the former practice.

But

3. But it is now clear from your explanation that the deficiency and excess above noticed, to correct which Mr. Thomas desired to revert to the former Average Monthly rate, were not, as he supposed, owing to the difference between the results of a quarterly as compared with a monthly average rate, but to the difference between the results of a quarterly, as compared with the prime cost rates. A comparison between the results of a quarterly average and the prime cost rates cannot but exhibit differences; and how a deficiency has arisen, in one case, and an excess in the other two, is now clear from the circumstances explained in your letter, from which it appears that in addition to the 1st 2d 3d & 4th Sorts of Tobacco, the Government purchases a large quantity of rejected Tobacco at the rate of from 1 to 7 Rupees per 100 Bundles, and that out of the rejected Tobacco thus purchased, the good leaves are selected and made into Bundles designated "Coleroondy", the value assigned to the leaves picked out, and selected being that of the whole quantity purchased, including the value

value of the portion rejected, in consequence of which and as the quantity of the selected Tobacco is represented to be generally the smaller portion compared with the portion rejected, the Value of the Tobacco selected necessarily stands at a rate higher than the prime cost of the 1st Sort Tobacco. When therefore as you represent, the Koleroondy is supplied exclusively to Malabar and not to Travancore and Cochin the application of the average rate to the supplies to Travancore and Cochin which is below the prime cost rates of the Tobacco, furnished, has this effect, that Travancore and Cochin stand charged at a higher sum than the actual cost of the Tobacco supplied to them producing thereby an excess credit to Coimbatore beyond the sum actually disbursed, and upon the same principle, as the average rate is below the prime cost of the Tobacco supplied to Malabar, Malabar stands less charged for the supplies furnished to it, and the Coimbatore Treasury receives less credit than the sum which it actually disbursed on account of the Tobacco supplied to

to Malabar.

4 Mr. Thomas was thus not only wrong in attributing the differences, which he noticed, to the results between a quarterly and a Monthly average rate, but he was equally mistaken in supposing that those differences could be obviated for the future, by returning to the former Monthly average rate, The differences in question obviously arose from a comparison between the results of a quarterly, and the prime cost rates of purchase, and the object of your present letter is not only to correct the past accounts in respect to these differences, but by adopting the prime cost rates paid, to prevent similar differences for the future. I do not think that there could reasonably exist any objection to the Tobacco under your charge being sold to Travancore and Cochin, and supplied to Malabar at the prime cost at which the different descriptions were purchased, if it could be done without producing error and confusion in the accounts, but this seems to be doubtful, besides which, I do not see any valid objection to a Monthly or quarterly average rate, nor any actual necessity for doing away with the Monthly average

J.S.B.

average and adopting the prime Cost rates paid Whatever differences may arise between the results by the adoption of an Average as compared with the prime cost rate they must be regarded as purely nominal and mere matter of account not affecting the Amount of gain credited or the Actual Revenue derived from the Sales of Tobacco the Sales in Malabar and to Travancore and Cochin not being affected by the rates at which they stand debited in your accounts. By the adoption of the Average which is above the prime Cost rate in the supplies to Travancore and Cochin it is true the gain credited in your accounts is short of the sum which would have had to be credited as gain, if the prime cost rate were adopted, but this short credit is more than made up by the sum credited as gain in the Malabar Collectors accounts by the adoption of the average which is below the prime Cost rate in the supplies to Malabar compared with the sum which would have had to be credited as gain if the prime cost rate were adopted with reference to the rate at which the supplies were sold in Malabar. Whatever rate therefore the Tobacco

Fort St. George 16th December 1852

Tobacco is charged Malabar and to Travancore and Cochin in your accounts so long as the same does not affect the rate at which it is sold to Travancore and Cochin and in Malabar the question is one simply of account, in as much as what is apparently credited in your accounts at a diminished Amount on account of the Sales to Travancore and Cochin at the Average rate is made up by the increased Amount credited again in the Malabar Accounts: under these circumstances I am unable to perceive that there exists any valid objection to a Monthly average rate but supposing to meet your wishes the prime cost rates were adopted the impracticability of giving effect to such a plan must be sufficient to deter the attempt. The Tobacco is of different qualities purchased at different periods in the Month and at different rates and in order to issue the different qualities at the exact rates paid for each kind, it will be necessary to keep separate Accounts of each purchase according to the different qualities, and rates and not only so, but each

Fort St. George 16th December 1852

each purchase will have to be kept separate in store, with the same distinction to admit of their being issued at the exact rates at which the different qualities were purchased, but unless this could be done it will be impossible to issue the different descriptions of Tobacco at the exact rates paid. The Tobacco may be exhibited in account according to the different Sorts and rates paid, but whether it is equally practicable to keep the different Sorts separate according to the different rates paid for each description, in order to the same being issued at the same rates at which they were purchased, is the point for consideration and if this cannot be done and to do it satisfactorily would seem to be impossible your suggestion to issue the Tobacco at the prime Cost or rates of purchase cannot be adopted. Even if it were practicable to keep the Tobacco purchased hereafter separate in store according to the prime Cost or rates of purchase the balance which remained on the 31st July last will require to be likewise separated upon the same principle

Fort St. George 16th December 1852

principle, the different descriptions according to the different rates of prime cost paid but unless the Tobacco constituting the balance which remained on the above date was originally kept separate in store, if it were possible so to keep them which I doubt according to the respective rates paid for each description any attempt now to effect that object must it seems to me, prove a failure and lead to erroneous entries in the Accounts. On these grounds I consider that it would be inexpedient to adopt the prime Cost rate according to the different Kinds of Tobacco supplied to Malabar and to Travancore and Cochin, but, if you have any thing further to urge in support of your proposition and to convince me that it is practicable to adopt the prime Cost rates, I shall be happy to give the subject further consideration.

5. With regard to altering the past Accounts by writing off the difference in the value between the prime Cost paid, and the Average rates at which the Tobacco was supplied to Malabar and to Travancore and Cochin

the

Fort St. George 16th December 1852

the same would in my opinion be highly objectionable. You remark in the concluding part of para 5 and in para 6 of your letter that the actual value of the Tobacco in Store according to the quarterly account ending 31st October last is Rupees 46965-11-2 and not Rupees 90634-13-3, as shewn in that Account and that the difference or Rupees 43669-2-1, requires to be written off on the ground that it is in excess of the actual Cost adding that the Sum of Rupees 21744-13-5 has been charged on Investments furnished to Travancore and Cochin beyond the actual Cost, and which ought properly to stand to the Credit of the head "Profits on Tobacco", and that this Sum and the Sum of Rupees 43669-2-1 making together Rupees 65413-15-6 stand in the Accounts of the Malabar District under the head "Profits on Tobacco" the same not having been charged to Malabar on the different Investments forwarded to that District, as it ought to have been though actually disbursed in the purchase of rejected Tobacco, and disbursed from your Treasury in Cochin. As the Accounts have been hitherto kept the above Sum of Rupees 90634-13-3 shewn by

Fort St. George 16th December 1852

by your Accounts to be the value of the quantity of Tobacco which remained on the 31st October last may not be the Sum actually paid for that quantity, but this does not alter the Case. There can be no question, as admitted by yourself that that sum has been actually disbursed in the purchase of Tobacco in your District and stands actually debited in your Accounts against the head of "Tobacco," though it may not have been disbursed for the quantity which remained on the above date. The quantity of Tobacco in store has been diminished to the extent of the Role bundy Tobaccos rejected, but the value of the entire quantity purchased remained the same, and therefore, that value must be taken to represent the quantity of the Tobacco remaining though that quantity stands diminished in the manner above explained. In other words, the Tobacco remaining, though diminished in quantity to the extent of the Role-bundy rejected, has received an Augmented value, and this Value upon a diminished quantity has necessarily increased that rate of purchase in the Case of the Tobaccos supplied to Malabar over and above the prime Cost paid Under these circumstances you will observe that the above Sum

Fort St. George 16th December 1852

Sum of Rupees 90634 - 13 - 3 consists of the Sum actually paid from your Treasury for the purchase of Tobaccos and that no part of it, therefore could be written off as nominal.

6. It appears from your letters and the Accounts furnished by you that you have already adopted the prime Cost rates, it will be necessary for you pending any further explanation which you may wish to submit to alter your Accounts as regards the transactions connected with Tobacco by reverting to the Monthly Average rate advocated by Mr. Thomas and Sanctioned by this Office. For this purpose the Abstract Statement of Demand Collection and balance, ending 31st October last to be furnished with a revised Abstract Statement shewing the transactions connected with Tobacco according to the Monthly average rate together with a Memorandum shewing the Sums which at this rate will have to be exhibited in your Journals from August last, to enable this Office to make the necessary alterations of the Sums now entered with reference to the prime Cost rates.

To
E. B. Thomas Esqre.
Collector of
Coimbatore.

Sir,

I have the honor to acknowledge the receipt of Mr. Underwood's letter of the 18th Ultimo, No. 16 relative to the mode of keeping the Tobacco Accounts in the Coimbatore District.

As already intimated to Mr. Underwood in my letter of the 19th January last there cannot reasonably exist any objection to the adoption of the prime Cost or rates of purchase, if it could be done without producing error and confusion in the accounts. but it seemed to me that there were difficulties which rendered it impracticable to give effect to such a plan on the grounds therein explained namely, that the Tobacco is of different qualities purchased at different periods in the Month and at different rates and that, unless each purchase was kept separate in Store, according to the different rates which I thought could not be done, it would be impossible to issue the different qualities at the exact rates paid for each description. but Mr. Underwood states, that there

14513 Fort St. George 16th December 1852.

there exists no difficulty in adopting the prime Cost rates, and that the actual Cost of every bundle of Kolebundy supplied to Malabar may be easily ascertained, if he is correct, and you should desire to adopt the prime Cost rates of purchase, it may be done commencing with the accounts from 1st May next, though I can only repeat what I have already remarked in the 4th para of my letter to Mr. Underwood above quoted namely that, whatever difference may arise between the results by the adoption of an Average, as compared with the prime Cost rate, they must be regarded as purely nominal and mere matter of account, not affecting the Amount of gain credited or the actual Revenue derived from the sales of Tobacco.

The prime Cost rate should include not only the Value of the Tobacco and of the packing materials supplied, but also the Sibbendy charges in the proportion applicable to the quantity issued.

Fort St. George

Sir

Para 1 I have had the honor to receive your communication of the 19th January last No. 825 relative to the mode of keeping the Tobacco accounts of this District, in which you are pleased to observe that you will give effect to the wishes of this Department, if I am able to convince you that it is practicable to adopt the prime Cost rates.

2 The entry of the prime Cost of the Rollundy in the accounts was invariably the practice previous to the introduction of the average rate and such has been the case in the account forwarded to you and returned in your letter under acknowledgement, which I beg to re-enclose.

3 I beg to state that there is no difficulty whatever in adopting the prime Cost rates in as much as according to the practice which now obtains and ever has in the Tobacco Godown. The Cost of each

Fort St. George 16th December 1852.

each description of assorted Tobacco as well as each parcel of rejected Tobacco is kept separately. On rejected Tobacco being delivered for Rollundy, an account is kept of the Number of bundles of good leaves derived from each from which the actual value is derived and charged in the Invoice to Malabar. you will see this clearly accomplished in Enclosure No. 2 I beg to send you Copy of the Statement formerly furnished to your Office I have added a Statement shewing the particulars of the 7932 Bundles and the Cost Viz £. 7589. 14. 9. you will thus perceive that there is no difficulty in ascertaining the actual Cost of every bundle of Rollundy Tobacco sent to Malabar at whatever rate the rejected Tobacco is purchased.

4 A similar practice obtains with reference to packing materials purchased at different rates and the prime Cost thereof is as easily ascertained as that of the Tobacco.

I hope I have been able to convince you that it is practicable to enter the actual Cost of the Tobacco whether assorted or Rollundy and that

5 you

14516. Fort St. George 16th December 1852

you will be pleased to permit the Account to be made up as suggested in my letter to your address dated 30th October last I will not trouble you with any observations as to the objections which occur to my mind to adopting an average rate consequent upon the responsibility which I should incur personally It is I apprehend enough to allude to the rate given in Statement No 2 to shew that an average rate cannot approximate to the truth it is as much as the actual cost per 100 Bundles varies from 3 to 26 Rupees difference of upwards of 300 Rupees per Cent.

6. I beg to be permitted to offer the expression of my thanks for the opportunity afforded me of submitting further explanation which I hope may result in your permitting the accounts to be kept as solicited.

7. Respecting the adjustment of the account I offer no further Suggestion as that is a subject exclusively under your control.

Bd. No. 2865.
From the Collector of Canara

Sir,

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue under date the 4th Instant, and beg to state with reference to the Minutes of Consultation recorded on the letter of the Bombay Government on the importation of Bombay Salt, that the Bombay Government do not appear to me to have been correctly informed by the Merchants on the subject of the importation as far as regards this district. The Merchants only contract to deliver the Salt into the Boats which convey it to the shore, on this delivery their responsibility ceases, and the only occasion on which any complaints have reached me have been when so many Vessels have arrived together as to render it difficult to furnish sufficient Boats to land the Cargoes. This generally arises from irregularity on the part of the Merchants in the time of despatching the Salt and has never been made any

subject

subject of grievance.—

On the subject alluded to in the 3d Para of the Board's letter I have already closed my report which will reach the Board with this.—

Bd. No. 2858.
From the Collector of Malabar
Submitting explanation as to the alleged delay and Mismanagement in the landing and storing of Salt noticed by Mr. Malet in his letter of the 10th September last.—

Boards Proceedings 4th December 1852.

1. In para 4 of the Minutes of Consultation bearing date the 15th October last, I am called upon for explanation as to the alleged delay and mismanagement in the landing and storing of Salt noticed by Mr. Malet in his letter of the 10th September and recurred to in his subsequent communication.—

2. I have the honor to state that so far as this District is concerned, there has not been any mismanagement or unnecessary delay in the landing and storing of Salt. The bulk of the supply of last season arrived

The work of landing and removing the Salt to the Gollah forms no part of the duty of Government servants but belong to the Importies.

arrived in the months of December, January and February, the Boats which conveyed it came almost altogether and the Agents of the Consigners were very pressing that the Salt should be allowed to be landed as quick as possible, in order that the Vessels might go back to Bombay with return Cargoes. Their wishes were attended to and they were allowed to store their Salt in the yards of the Gollahs until it could be measured and stowed away in the rooms, a process which though carried on unremittingly was one of time. The Cargoes were numbered and received according to the order of arrival and the owners of those which came last were of course exposed to considerable delay ere their Consignments were finally housed. No Establishment could house without great delay the contents of some twenty Boats all coming at once. The Bombay Merchants have the remedy in their own hands by sending their supplies on more detached portions. The Statements which it seems they have made of loss to the Salt during the time it remained in the open yards are, to say the least, highly exaggerated. Rain seldom falls

falls in January and February and the chances of other injury are slight.

3. As regards the mode of measurement adverted to in the 4th para of Mr. Malet's letter I would beg to observe that the importers have always been advised if dissatisfied to test its correctness by having recourse to weighment. The chief complaint to me was that the parah measure+ by which Salt was received last year was larger than the one used during the previous years, upon this account an extra allowance of 5 per % was made in their favor.

+ Counterpart of the standard measure received from Bombay. The Board will remember the late correspondence on this subject their last Proceedings being dated 2d September 1852.

Sir,

Bd. No. 2480.
To the Chief Secretary to Government

In Cons: 4th November 1852.

With reference to para 4 of Extract from Minutes of Consultation dated 15th October 1852, Revenue Department, No. 1007, I am directed by the Board of Revenue to submit for the information of

of the Right Honorable the Governor in Council the accompanying letters from the Collectors of Malabar and Canara furnishing the explanation called for by Government as to the alleged delay and mismanagement in the landing and stowing of Salt received at their Districts from Bombay.

From Malabar 16th November in Cons: 16th Decr. 1852.
From Canara 12th November in Cons 16th December 1852.

2. It will be seen that when a number of Vessels laden with Salt arrive simultaneously, some delay necessarily occurs in unloading them or in receiving their Cargoes into store, but that precautions are taken to prevent all avoidable delay.

3. The Report called for by Government in the latter part of para 6 will be submitted so soon as the Board shall have received a reply to the Circular issued by them to several Collectors.

Sir,

I have the honor to request that you will forward to the Board of Revenue my application to be allowed leave of absence from my Station for the period of Six months under Section V of the Absentee Rules. The Medical Certificates furnished me by the Zillah Surgeon have been sent to the Medical Board with a request that they would be forwarded direct to the Civil Auditor, the state of my health rendering it necessary that I should as soon

Bd. No. 3071.
From the Collector of Canara.

Sir,

1. In my letter of the 30th June last submitting for the approval of the Board the tenders received for the Ferry rents for the current fusly, I stated that the Ferry at Buntwal had been leased only for three months, and that it would be put up again to competition after the determination of the Board on the proposition of establishing a Salt Kotty at Pane. Mangalore was known.

2 I accordingly beg now to inform

Fort St. George 16th December 1852.

inform the Board that the ferry having been put up to sale, the highest offer received for the re= =maining nine months amounts to Rupees 425. This added to Rupees 292 the amount of the previous three months makes a total of Rupees 717 for the full year. The amount of last year was Rupees 817, so that the present rent falls short of it by only 100 Rupees. This decrease is fully accounted for by the prospect of the Salt Rotties being rapidly constructed and the Salt sold on the South bank and is less than I had anticipated.

3. Under the above explanation I beg to request the sanction of the Board for the acceptance of the offer of 425 Rupees above alluded to.

Reporting on the information required regarding the Choultry established by the late C. Singanah Chetty at Madras.

Sir,

1. With reference to the Board's Proceedings of the 30th September 1852, I have the honor to report for their information that C. Cunniah Chetty, the person who now Manages the affairs of the Choultry at Tondiarpettah situated in Collawars Agraharum on the Main road to Trivatoor is unable to state when his Grand father, the late Colla Singana Chetty, founded this Charitable Institution.

2. The name of the person who has been appointed to Superintend, as the local Agent, the Choultry business, is Geeyer and it would appear that none but verbal instructions were issued to him.

3. The building is found to be in good repair and affords accommodation to all travellers of every Caste not excepting the Pariah. It will be observed by the documents forwarded that the small sum of 8 Annas for the expenses of

of worship and Rupees 1—12—" (As. P.) for the priest monthly are the sums paid for purely religious object.

4.

For further details concerning the Management of this Choultry, I beg to submit Copy of a communication received from C. Cunniah Chetty.

5.

In regard to his wishes as to the Choultry at Benares, I have been desired by him to represent that he thinks it would be desirable to carry out the original intentions of Colla Singanah Chetty his grand father, as regards the Choultries established by him.

B. No. 2458-

To the Chief Secretary to Government } 1.

With reference to the correspondence noted in the Margin, I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council, the accompanying Supplemental Statements of actual Charges incurred in Fusly 1261, on account of Extra Establishments, and of the Estimated disbursements on the same account for Fusly 1262-

To Government 1st. November 1852.
From Government 23d. November in Cons: 6th. December

Submitting supplemental Statements of actual charges incurred in Fusly 1261 on account of Extra Establishments and of the Estimated disbursements on the same account for Fusly 1262-

2- The Board recommend that under the explanation afforded in the Columns of remarks, sanction be granted for the actual disbursements of Fusly 1261, exhibited in the Statement No. 1 amounting to Rupees 95,44-14-5- and for the Estimated Charges for Fusly 1262 entered

entered in Statement No. 2 amounting to Rupees 15,246-1-

3- The actual charges for the whole of the Districts under the Madras Presidency for Fusly 1261 are below those of Fusly 1260 by Rupees 1950-3-1, and below the estimated disbursements of Fusly 1261 by Rupees 6,495-12-9. The cause of the decrease is chiefly owing to a less number of servants having been employed during the year than was contemplated-

in certain reverted estates and to an aggregate decrease of Rupees 5116-14-0- Estimated for but omitted in the actual charges in the Districts noted in the Margin.-

5- These proposed disbursements were for the employment of certain Goomastahs in Malabar for the Survey of the Betutnad Rajahs escheated Estates, in Rajahmundry for certain Goomastahs for arranging the records, in South Arcot for a Duffadar and Peons to guard against smuggling and fraud in Salt and Salem for Pensioned Sepoys to be employed in the Talooks for the safe custody and Escort of treasure, which last charge Government in Extract from Minutes of Consultation dated 11th November 1857 directed should be borne as a permanent charge, and included in the Moyenzabitah.-

In Cons: 17th Nov. 1857.

6- The Estimate for Fusly 1262. as per two Statements No. 2 amounting to Rupees 46,877-1-0 is above the Estimate of the previous year by Rupees 4,470-6-1-

Bd. No. 2926

Sir,

From the Collector of Rajahmundry } In reply to the Board's Proceedings of the 11th Instant I have the honor to state that the former of the two last allowances entered in the Statement which accompanied my letter of the 12th October last was originally granted by the Nawab Wallajah as a personal allowance to the original Pensioner. It was formerly paid by the Collector of Nellore, who transferred the payment of the pensions to this District on the 9th January 1818 under instructions from the Board dated 13th January 1817. In 1824 the father of the person who now draws the allowance having died his portion of the allowance being one half was continued to his son under orders of Government dated 23d July 1824.

2. The other allowance was formerly granted by the Mogul and since continued by the British Government for the support of a Persian Charity School at Rajahmundry. This therefore is not a personal allowance.

From the Collector of Nellore. } Sir,

I have the honor to request that you will have the goodness to forward this my application for leave of absence on private affairs for one Month under Section XII / amended / of the Absentee Rules, to visit the Presidency. The grounds of my request are that I may see a brother who is about to leave India.

Sir,

In acknowledging the receipt of your Circular letter under date the 8th November 1852, calling upon me to state whether there are delays in the recovery of Costs on account of Civil Suits brought against Public Servants, classifying them under separate heads, I have the honor to inform you that no instances have been known here of any action being brought against the Collector and scarcely if ever have any Public Servants been sued. If they have, the costs, been borne by the individuals; the Government never yet had to defend any suits on

on their account. Under these circumstances there are no cases in this District where recovery of costs is involved.

on certain Washermen and Shepherds of the Aumoor Division of the Saulghur Taluk, and Rupees 5—11—1 from certain inhabitants of Trivattoor and Wandiwash Talooks. The first sum (64—9) has remained uncollected for several years, owing to a difficulty on the part of the two principal Puttahdars in realizing the Amount from their comrades. The Board cannot recommend total exemption from the tax, tho' until the views of Government are received on the Motwpha system generally they would advise the suspension of the demand, leaving its final disposal dependant on the issue of the general question. The other arrear (5—11—1) is stated to be irrecoverable, the Board therefore request permission to write off the two items in the aggregate of 69—11—10.

6. The Collections, including Current, Extra and Arrears, within the Fusly amounted to Rupees 199235—1—4 from which the charges, Viz.t Rupees 3819—3—8, being deducted there remained a

Sir,

In acknowledging Extract from the Board's Proceedings of the 13th Instant on the subject of the application made by the Assistant Collector Mr. Banbury for a months leave I have the honor to explain that Mr. Banbury did not intend to avail himself of it until the course of the first week in January so that he would not be absent from the District at the same time as myself for more than about 15 days. For this period it appeared to me that the two Sub Collectors and the Head Assistant would be able to carry on the current business without difficulty and Mr. Banbury's absence in January would be less inconvenient than in February when the Summallumdy commences. I shall be glad if this explanation enables the Board to take his application into favorable consideration.

From the Collector of Madura

Sir,

With reference to the 5th Para of the Minutes of Consultation of Government dated the 25th September transmitted with the Board's Proceedings of the 4th Instant I have the honor to represent the great hardship which the Peons and other Servants on the Establishment of the Collectors will suffer, if when deputed to places at a distance from the Hoozoor, for any length of time, they are forbidden to draw their pay by means of their relations. The families of such persons do not accompany them, and in the case of low paid Servants especially, how will they subsist if

if unable to receive any portion of the salary of the Government Officer on whom they depend till his return after the expiration of two or three months possibly? If an order be given to disburse the Salary from the nearest Talook Cusbah still the difficulty will not always be removed for the Servant may not be able to find the means of remitting a portion to his family. No bad effects from the present arrangement have ever been brought to my notice and I fear the restriction now ordered will be productive of impediments to the public Service by inducing the Servants in the Hoozoor Cutcherry to endeavor to evade duties which take them from their houses.

Para 1. In para 11 of the Accountant General's letter to Government dated 17th August 1852 he suggested that in cases when the pay of a Hoossoor Servant cannot be

respecting the disbursement of the Salaries of public servants absent from their Stations on duty.

be paid to him by reason of his absence on duty, or for other cause, Collectors might obviate the necessity of retaining the undisbursed pay in the hands of the Cashkeeper by requiring Absentees to forward to the Moozoor on or before the day of payment, receipts for their salaries, through a friend or relative whom they may authorize to receive the amount.

2. The Government however, in para 5 of the Minutes of Consultation of 25th September 1852, considered this proposition of doubtful expediency, and to be unnecessary if the principle adopted in North Arcot be fully followed out or a head of deposit provided in the new Treasury Chittas.

3. The above Minutes of Consultation having been circulated to all Collectors from this Office, the Collector of Madura has addressed the Board in a letter which is herewith submitted representing the great hardship which the Peons and other Servants on the Collector's Establishment will suffer, if when deputed to

From Madura 22nd Novr in Cons. 20th Decr 1852.

places at a distance from the Moozoor, for any length of time, they are forbidden to draw their pay by means of their relatives.

4. Mr. Parker points out that the families of such public Servants do not accompany them, and they would be deprived of their means of subsistence if payment of the Absentee's salary be withheld until his return after the expiration of perhaps two or three months. Even if an order be given to disburse the Salary from the nearest Talook Cusbah, Mr. Parker thinks the difficulty will not always be removed as for means of remittance to families at home is not at all times available he therefore fears that the restriction now ordered will be productive of impediments to the Publick Service by inducing the Servants of the Moozoor Cutcherry to endeavour to evade duties which take them from their homes.

5. The Board observe that although

14581 Fort St. George 20th December 1852

although the Government pronounced the proposition of the Accountant General to be of doubtful expediency, yet their remarks had reference to the system of accounts rather than to the practice of paying the salaries of Public Servants on duty, to their relatives or friends authorized to receive them, so far as the Public Accounts are concerned the System prevailing in North Arcot of exhibiting unpaid amounts is very expedient. but the Board would draw attention to the circumstances brought to notice by Mr. Parker, and they would recommend that Collectors be allowed a discretionary power in disbursing the pay of Public Servants when absent on duty, to the parties whom they may authorize to receive it.

Bd. No. 3031

From the Secry. to Government Communicating an Extract from a general letter from the Honorable Court dated 1st July 1852 and requesting the Board to report on certain points therein adverted to.

Memorial of the Zemindar of Cunnevady praying that certain remissions made in favor of the ryots of his Estate during the period of 25 years, that it was under attachment for arrears of Revenue, might be refunded to him together with interest at the rate of 12 per cent, and that his Peshcush might be reduced.

14606

Fort St. George 23d December 1852

A very full and elaborate Report having been furnished by the Board of Revenue on this Case as well as on the Pollicms generally it was unanimously resolved that the Petition was totally inadmissible.

Also submitting a Petition from the Poligar of Vellaputty praying to be restored to his Polliem which has been under the Management of Government for 34 years. The Collector recommends that the Polliem be granted to him for 5 years on a reduced Peshcush to be raised at the expiration of that period, Government is strongly opposed to these

Cunnevady.

4. It does not appear from the Report furnished by the Board of Revenue on the general question of these Polliems that Poligars have any special claim which should induce Government to grant to them as an act of indulgence more liberal terms than those to which they are legally and equitably entitled. In the case of Vellaputty there is great reason to believe that a liberal indulgence to the Poligar would involve the sacrifice of the interests of the Cultivators which it is of the highest importance by every just means to protect.

5 Under all the circumstances of the case we are therefore of opinion that the requirements of justice will

of Revenue for their information and guidance, and for issue of the necessary instructions to the Collr. of Madura.

these terms and would simply continue the Malikana to the Poligar.

will be fully satisfied if the Poligar receives his Malikana as heretofore—

Memorial from Golam Hader, son of a deceased Enamdar, named Golam Mohomish, praying for a continuation of half the proceeds of a Village enjoyed by his late father. His father was allowed Rs 200 for his life only—

7 This Memorial is unaccompanied by any expression of opinion on your part and we therefore infer that there are no reasons which would induce you to recommend as to alter our decision confining the grant to the life of the Memorialists father, should this inference be correct, you will inform the Memorialist that his prayer cannot be complied with—

5 This decision will be communicated thro' the Board of Revenue to Ghoolam Hahder, son of Ghoolam Mohammad late Enamdar of Canarumpet in South Arcot.—

Memorial from the surviving widow of the late Tolesinga Pillay praying that her pension may after her death be continued to her adopted son. This pension was conferred for life only and Government cannot recommend compliance with the prayer of the Memorial—

8. We concur in your view of this case—

Memorialist will be informed thro' the Board of Revenue that the Honorable Court of Directors concur with this Government and see no grounds for a compliance with the prayer of her Memorial.—

Petition of Parthasarathy Iyengar complaining of having been dismissed from his situation of Writer in the Sea Customs House at Porto Novo. The conduct of the Collector Mr W. D. Davis considered to have been harsh and vindictive. The petitioner who had been imprisoned reinstated and the balance of his salary restored to him. A sum of Rs 78-1-1 having been paid to a person who had officiated for the Petitioner was disbursed from the Treasury and Government left it to the Court to recover it from Mr Davis who had proceeded to England.

10. The Petitioner in this case appears to have been harshly treated and the arbitrary conduct of Mr Davis has called forth severe strictures from the various members of your Government, especially from your President in his minute dated 7th August 1849

8. Will be communicated to the Board of Revenue for their information—

11 Mr Davis appears to have merited this mark of your disapprobation, we approve your proceedings in the matter and in compliance with your request we shall call on Mr Davis to repay the amount irregularly disbursed by him—

Enam which had been sold 28 years ago. The purpose for which the Enam had been granted had long since ceased to have been subserved. Government see no grounds for granting the prayer of the Memorial.

14. We see no grounds for entertaining the prayer of this Memorial.

10. This para will be furnished to the Board of Revenue with reference to their report dated 15th July 1850 with a request that they will communicate the decision of the Honorable Court to the Memorialist.

Frauds and irregularities in the Quit Rent Department discovered & orders issued for their prevention in future Certain Native servants punished by dismissal and removal. Mr. Devaz the Manager whose conduct was considered extremely

extremely blameable suspended for 6 months. Memorial from Mr. De Vaz praying for the pension to which his service entitles him to commence from the date of his suspension with such an addition to it as it may be considered fit to grant. Government report that on the expiration of the 6 months for which Mr. De Vaz has been suspended they will consider any application he may make for a superannuation pension under the Rules.

15. Your proceedings in this case are approved.

16. Your Letter dated 3d June (No. 21) 1851 relative to the application of Mr. Just Gantz late Revenue surveyor attached to the Cutcherry of the Madras Collectorate for a pension has been transferred to the Financial Department.

11 Will be communicated to the Board of Revenue.

(Here Enter 15th November 1852 No. 466)

In the above Extract from their Proceedings the Board have properly directed that Rule 6 of the Hoot Coonmanah of the 7th June 1824 be confined to fields as originally intended; but the purport of that Rule does not seem to be precisely that which they have given it. According to the Rule they say the waste part of a field to the extent of 10 per Cent is to be invariably charged in the "Ryots Puttah." On referring to the Rule however it is found to run thus. "If the waste part of a field "does not exceed a tenth part of such field "no reduction is to be made." The meaning of this would seem to be that where the part of a field left waste is not more than 10 per Cent of it's entire area, no allowance is to be made for the uncultivated portion and not as the Board's words would imply that where the whole of a field is not cultivated, waste to the extent of 10 per Cent is invariably to be charged whatever

whatever may be the proportion between the cultivated and uncultivated parts of it. The difference is one of some importance and the attention of the Board is called to it.

From the Collector
of Chingleput.

Sir,

Adverting to your Official Memorandum dated the 27th ultimo, I have the honor to state that the wood in the Streehurry cottah Jungles is not cut under Aumany, but by Coolies employed by the Merchants at their own cost and on transit to Madras, different rates of Toll are levied thereon according to the size of the wood as shewn in the Margin; the wood consumed in Streehurricottah and its suburbs pays no tax to Government

To the Collector of Chingleput
In Cons: 23d December 1852.

Sir,

With reference to your letter of 25th November 1852, the Board desire me to observe that some precautions seem very necessary to prevent waste in cutting the Streehurricottah Jungle. They would propose that it be divided into certain portions, regularly marked out, and that one portion should be entirely cleared before another is commenced on - by this means when the last portion is cleared, the first might be again ready for felling.

2. The Board would also wish to be informed at what places the *Toll is levied, and according to what scale.

Forwarding a Report on the settlement of the Extra Sources of Revenue for Fusly 1261 and the Statements therewith connected.

a Encs. A B & C from No. 1549 to 1551 in Printed Statement in Triplicate with Marginal Statements

Sir,

I have the honor to forward the accompanying Statements explanatory of the settlement of the Extra Sources of Revenue for the past Fusly 1261, and to submit the following report on the Subject.

2. The abstract Statement here under entered exhibits in one view the demand as under each source. There has been a decrease of Rupees 10,298 - 7 as - 10 p. in Chingleput proper against an increase of Rupees 7,088 - 8 as - 2 p. in the 45 Villages of the Goomedypoondy division recently transferred to this District from North Arcot, the result on the whole being a decrease of Rupees 3,209 - 15 as - 8 p. in the outturn as compared with the preceding year.

4. The decrease would have been still greater had it not been for a temporary cessation of the inland sales at the Madras depôt (consequent on the failure of supply) from September 1851 to February 1852 which tended to enhance the demand for the salt in store at the several Pans of this District. Thus it will be observed that at the Pans of Covelong, Vadasrummuny and Pyanoor adjoining the Madras Collectorate as well as at the more distant and Northern pans of Soomapagoontah and Poongolum there has been an increase of Rupees 55975-11-8 and Rupees 19399-1-2 respectively. The increase in question has however been more than counterbalanced by a falling off in the sales at the remaining two Cotaurs of Chunambut and Cheyoor amounting to Rupees 81899-7-" attributable to the Comparative deficiency of the Salt in Store at the depôts in question as shewn in

Fort St. George 23d December 1852.

In the Margin. The decrease referred to has not been attended with a corresponding augmentation of the Sales at the adjoining dépot of Mercanumum in South Arcot, where I presume a partial failure in the manufacture has likewise been experienced. The Salt at Vallore having been discontinued under the instructions of the Board of Revenue, dated 30th September 1851, the sum of Rupees 13 – 7 – 11 as per entered opposite to the Pans in question in the Statement annexed to Para 2 forms an the proceeds realized from smuggled Salt which has been Confiscated.

5. In reviewing the Salt transactions of this District and of the adjoining Dépôts of Madras and Mercanum there

Fort St. George 23d December 1852.

there will be observed a decrease of Rupees 86,004 – 13 – 5 or 10¼ per Cent, arising as already explained from the adverse nature of the manufacturing season of Fusly 1260.

6. The inland sales principally fell off in the supplies to the Salem, Bellary Trichinopoly and Cuddalore Districts, whilst there was a Considerable rise in the transports to the Mysore Country.

7. The Fusly under review forming the last year of the lease on which the Abkarry farms of this District as well as of North Arcot has been held, there has been no variations in the demand under that head. The Sum of Rupees 4,910 entered under this head in the Statement subjoined to Para 2 forms the portion of the rented Beriz of North Arcot fixed to the 45 Villages of the Goomedy poondy division.

8. There has been no Collection of Sea Customs duty at Pulicat, the only port in this District. The decrease of Rupees 764 – 3 – " under the head of Stamps does not call for remark.

Remark.

9. The Adimpha tax has been settled at Rupees 31,285 - as 1 - p 8 being an improvement of Rupees 1010 - as 14 - p 3 on the demand of Fusly 1260 which has resulted from the increased number of Looms at work in the year under report. The increase of Rupees 4794 - as 15 - p 4 in Sundry Small Farms and Licenses occurred principally under the head of tax levied on firewood Cut at the Sheekariollah Jungles the transit of which to Madras has been facilitated in the present year by a greater depth of water in the Cochrane's Canal and the Backwaters at Pulicat.

10. The subjoined Statement exhibits the Demand Collection and Balance of Extra Revenue. The Balance at the end of the Fusly was Rupees 28,548 - 1 - 4 in Adkarry; Rupees 6,199 - 11 - 1 in Small Farms, and Rupees 6,624 - as 14 - p 7 in Moturpha, which were reduced on the 30th Ultimo to Rupees 22,454 - as 5 - p 2 Rupees 2481 - 10 - 8 and Rupees 642 - 10 - 11 respectively.

It will be observed that the balances at the end of the Fusly were considerable. A similar state of things in the preceding year having elicited a call from Government for explanations as to the cause, I beg to enter in the margin a memo of the balances under the heads of Small Farms and Motirpha at the end of each of the last 10 Fusslies from which it will be observed that the balances in question have always borne a large proportion to the demand under the respective sources. The main Causes are as follows. The rents of the Jungles and Palmira trees which yield a Considerable portion of the Revenue from small Farms being held principally by the Villagers, their Collection is

is not strictly enforced until after the realization of the land tax to which the same parties are liable. any causes which affect the means of the ryots to pay the land Revenue, necessarily retard the Collection of the Jungle rents &c. and hence the balances of Fuslies 1260 and 1261 in small farms were even heavier than those of the preceding years.

12. The Motirpha impost Consisting of small items borne by numerous individuals, its realization is attended with same difficulty. The attention of the Tahsildars being further directed to the more important item of land tax, and to the various duties connected with the Summahbundy Settlement the Collection of Motirpha is to a great extent neglected until after its Conclusion or just as the Fusly is drawing to a close when it is speedily realized.

13. The Government having in Para 4 of their Minutes of Consultation dated the 31st May last, required me to explain whether the small farms and Motirpha press heavily on the lower classes, I beg to

Fort St. George 23d December 1852.

to express my opinion that such does not generally appear to be the case. The present amount of the Malurpha is Rupees 31,183-11-2 or double the Revenue of Fusly 1246 reported as the highest by Mr. Maclean in his report on the subject dated the 9th April 1838 and quadruple that of Fusly 1230, the first year of its Collection separately on account of Government. It will be observed on a comparison of the accompanying Statement No 2 with that entered at Para 8 of Mr Maclean's report above referred to that the increase has been derived not from an authorized extension of the tax to parties incompetent to pay it, but by its enforcements more generally on looms and by the advancement of the trade of the Country. When regulated upon fair and fixed principles, that is to say, when the tax is made to form a fixed percentage to the profits of the Capitalist or to those of a skilful manufacturer and does not press upon those who live by bodily labour

the Malurpha forms an important source of revenue, susceptible of Considerable improvement as the prosperity of the District improves. As at present levied, however, there are several minor items which bear with severity upon those who are made liable to it and these have been detailed in Mr. Maclean's report to which list I beg to add the items entered in the margin* which are also levied from parties living by bodily labour and

* Tax on draught Bullocks
Ladder tax where a separate rent is levied on the Cocoanut or the Palmira Trees.
Poll Tax upon fishermen &c.
Tax on Arks.

suggest that the remission of these taxes may be taken into Consideration in framing rules for the regulation of the Malurpha.

The sums annually remitted under this head as irrecoverable consist of items of the above nature.

14. The taxes under the head of Sundry Small Farms and Licenses are of an unobjectionable character.

15. The heavy balances under the head of Melvarry have arisen as already explained in my report for Fusly 1260 from the Considerable losses sustained by the Renters.

The

The Government Securities in deposit in this Office sufficiently meeting the balance now outstanding against them Vizt. Rupees 22,454 a 5 p 2. I request the instructions of the Board in regard to their sale. I have already brought to the notice of the Board that the losses sustained by these renters whose lease has now expired seemed deserving of some Consideration. The system of renting by public Competition having always a tendency to rise the rent to the highest possible amount which could be realized in ordinary years the renters are disqualified from meeting losses arising from uncontrollable events during the short period of their lease.

16. The balances of past Fuslies under the head of Moturpha and small Farms has been reduced at the end of Fusly 1261 by Collections and remissions to Rupees 948 a 3 p 7 which has further been reduced on the 30th Ultimo to Rupees 807 a 8 p 3. Of this sum Rupees 10 a 7 p 10 is capable of recovery, the remainder Rupees 797 a 0 p 5 being due by deceased, absconded and

and impoverished parties, I beg to recommend that sanction may be obtained for writing it off the accounts. It is here necessary to remark that it will be observed from statement No. 4. herewith transmitted that the above sum includes likewise the irrecoverable balance of Fusly 1259 (reduced by subsequent Collections) which has been recommended for remission in my report on the Extra sources of Revenue for Fusly 1260 and in the Board's Proceedings thereon dated the 3d. May 1852. The final sanction of Government however not having been communicated in the Extract from the minutes of Consultation dated the 31st. Idem the balance in question has not been remitted to the respective parties.

17. The Extra Revenue charges of the Fusly amounted to Rupees 65900 as 3 p 3. being 15 per Cent of the Collections.

1	Soonambut		54,858 " "	38,446 20 "	" " "	16,411 20 "	Owing to the deficiency of Salt in Store at the several Pans of this District and at the Madras Cotaurs orders have been issued for the manufacture of the article to a larger extent in Fusly 1261. The manufacture however at Soonambut and Vadasemmunjary has suffered a diminution consequent on the heavy rains which fell in the above Fusly.

two thirds of his allowance was continued to his eldest son Ragoonatha Naidoo, the incumbent whose demise is now reported.

3 Ragoonatha Naidoo has left behind him a family consisting of two brothers, Vencatapah Naidoo and Ramachendra Naidoo, aged 13 and 10 years respectively, and his mother Camatchee Ummah. As Ramachendra Naidoo the youngest son, was born a few days after the death of his father Ramachendra Naidoo, his name was not given in Mr Goldingham's letter of the 14th August 1842.

4 As the surviving members of the family will have no means of support if the allowance enjoyed by the late Ragoonatha Naidoo be wholly discontinued, I beg to recommend, agreeably to the principle laid down in Paras 8 and

2. The deceased was in enjoyment of an allowance of Rs. 560-- per annum as descendant of the former Poligar of Poottoor whose Pollicm forfeited to Government in Consequence of his being Concerned in the Rebellion of 1804. This allowance was however subject to the deduction of Rupees 72-- per annum to Soorummah the 2nd Widow of the Father of deceased.—

3. The Collector recommends that 2/3ds of the allowance enjoyed by deceased or Rupees 373-5-4 subject to the deduction of Rupees 72-- to Soorummah be continued in the name of Venkatapah Naidoo the elder of the Two Surviving brothers of deceased under the principle laid down in the papers marginally noted.—

With reference to the correspondence noted in the margin respecting the female Yeomiahdar Azzeezoonissah who proceeded to Mecca on leave of absence for 3 years I have the honor to state that this person has not yet returned, and that it is now more than a year since her leave expired.—

2. The present claimants to this Yeomiah are Sied Ahmed and Sied Mohadeen

14671 Fort St. George 23rd December 1852.

Mohadeen Padshah as reported by Mr. Ward in his letter dated 26th December 1851. Sied Ahmed prefers his claim as great grandson of the 2d Daughter of the original grantee. The claim of Sied Mohadeen Padshah is founded on a Razeenamah said to have been sent him by Azzeezoonissah Azzeezoonissah's Naib who has been performing the required services, admits that he has no right to the Yeomiah, but claims the arrears for the time that he has performed the service commencing from the date on which payment was suspended at the expiration of the leave granted to Azzeezoonissah.—

3. As Sied Ahmed is reported to be duly qualified to perform the service to which the Yeomiah is attached, I beg to recommend that the be pleased in possession pending the return of Azzoozoonissah. I also request authority to disburse to Azzeezoonissah's Naib the amount in deposit for the period he has performed the service

thereon 1 - On examining the Plan forwarded by the Collector with the foregoing letter the Board regret to observe that the proposed accommodation for "all classes" except those of high caste Hindoos bears so insignificant a proportion to the whole structure that they cannot support the Collector's recommendation and apply to Government for an Endowment -

2. It is impossible to inspect the Plan without perceiving that it cannot come within the spirit of the orders of the Honorable Court of Directors (C-A Book p 447) who direct that no endowments shall be given where the accommodation is restricted - In the present instance there is a building 135 feet by 60 - a Mundapum 100 by 20 - a five tank Garden and Temple for Bramins and "a few of the most honorable and wealthy soodras" whilst those of all other classes of whatever station or rank in life constituting as they must do by far the greater proportion of

of Travellers are to be huddled up together in a "double shed" containing one room of 30 feet by 12 and the whole building including Verandahs only covering 50 feet by 30. The cost of the one building is estimated at 7,858 Rupees the other at 564 -

3 In short it is evident that the building is entirely a Brahmin Choultry and cannot be considered as such a public benefit to the generality of travellers as to call for any endowment on the part of Government - If Narrain Chetty is disposed to carry out fully the object of Government and furnish ample accommodation for all classes the Board will not decline again to take his request into consideration -

Bd No. 2952.

From the Collector of Salem, } Para 1.

Explaining certain circumstances connected with the Anundoor and Nuttum Estates with reference to the proposed appointment of a Guardian and Manager for the conduct of their affairs.

Sir,

I have the honor to reply to the Proceedings of your Board dated the 18th Instant, intimating that they do not perceive why under the circumstances represented in my communication of the 18th Ultimo, relative to the Estate of the late Rungasawmy Chetty, I should propose to nominate a Manger.

2. The property left by Rungasawmy Chetty is of two Kinds. The one comprises the Nuttum Mootah, which, as an undivided Estate, belonged solely to the deceased and now descends to her only son. The other consists of a half share of the Anundoor Mootah, of which the Second moiety is held by two individuals as joint possessors, the whole of the Anundoor, as well as the Nuttum Estate,

Section III Regulation V of 1804.

Section XX

Estate, being respectively subject to an undivided assessment of the public revenue.

3. As I have regarded the first nineteen Sections of Regulation V of 1804, they have mainly reference to property such as is represented by the Nuttum Estate. The subsequent Sections of the enactment more particularly advert to the class of property "held by joint possessors" as indicated by the terms of Section XX, of which class is the Anundoor Mootah as its proprietorship now stands.

4. Under this impression, I believed myself called on to address your Board in regard of the Nuttum estate, and accordingly, I suggested the nomination of the Mother of the Minor Mootahdar, as the Manager of that part of the late Rungasowmy Chetty's property during the nonage of his son. This course seemed to me to be required under the terms of Section VIII of the Regulation before quoted, the Second Clause of which provides

provides that "Collectors shall in the "first instance recommend persons to "be appointed Managers."

5. On reference to your Board's observation under reply, it was perhaps my duty to have submitted my proposition to the Board in it's capacity of Court of Wards.

6. In so far as concerns the Anundoor Mootah, Section XX obviously required that a communication be made to the Civil Court. I therefore submitted one, and with a view of simplifying matters, permitted myself to suggest that the Mother of the Minor Vencatarama Chetty should be nominated the Guardian of the disqualified heir.

To Ag. C. J. 18th Octr. 1852.
From Do. Do. 27th " "
To Do. Do. 19 Novr. "
From Do. Do. 24th " "

7. That arrangement, however, has not received the approval of the Civil Court, between which and myself the correspondence has passed of which I beg to submit a transcript.

8. Adverting to the objections raised by the Acting Civil Judge, I submit that under existing circumstances, there appears to be a difficulty in meeting the requirements of the law as it respectively affects

affects the two classes of property of which Rungasawmy Chetty died possessed; and so far as I can see, it is advisable that the Nuttum Estate be taken under charge of the Court of Wards, and that the Civil Court be left to make, according to its own discretion, the arrangements which appear most desirable for selecting a Guardian for the minor proprietor of half Anundoor.—

Section XX Regulation V of 1804.

9. If the Acting Civil Judge is correct in his opinion that the same rules are "as requisite in the case of a joint as for as single proprietor" it will be necessary, I apprehend, to apply to the former class of estates, all the rules which affect the latter and not a portion of them only.—

From Acg. Civil Judge to Collector 24th Novr. 1852. Para 1.

10. In such event, a Manager will have to be appointed for the Minor's half share of the Anundoor property, and when appointed, he should be guided, I imagine, in his conduct of the affairs of the Mootah, by the rules laid in Regular V of 1804, touching leases &ca. Restrictions of the kind would

would, however, interfere with the rights of the other qualified proprietors in possession, and could not be enforced without affording to the latter good and justifiable cause for with-holding the paish kush of the estate.—

11. The nomination of the Mother of the Minor Vencatram Chetty to be the Manager of the Nuttum Mootah and at the same time the Guardian of the Minor, would seem to contravene the provisions of Section XVIII of the Regulation under quotation; but the prohibition contained in that Section has, I apprehend, been to a great extent a dead letter or was overlooked under circumstances of urgency.— It was not thought to be an objection in the instance of providing for the management of the Shoolagherry poliput on the occasion when the demise of the poligar left the estate to a single male heir and the mother of the latter as his only near female relative.—

To Board from Mr. Pl. Collr. Orr 22d Septr. 1834.—

I have the honor to reply to your letter dated the 27th Ultimo drawing my attention to Section IX Regulation V of 1804.

2. The objection which you have raised had not escaped my notice; - However, deem it applicable only to cases where an estate may belong to a single proprietor, who at the time may be a minor-

3. You will perceive that Sections from I to XIX inclusive of the enactment quoted, refer to the landed property of a single proprietor, whereas from Section XX downwards Estates held by two or more joint proprietors are treated of.-

4. In the latter portion I do not find that there is a repetition of the prohibition entered in Section IX and consequently felt myself at liberty to make the proposition contained in my communication of the 18th ultimo.-

5. I was the more induced to suggest the arrangement that there are instances in which a similar one has been officially sanctioned.-

To the Collector of Salem, Communicating the Board's views respecting the appointment of the Guardian of a Minor proprietor of an estate as manager of another belonging to the same individual, and requesting the Collector to propose two distinct persons as Manager and Guardian if it be considered advisable to take the Nattum Estate under management of the Court of wards.

Sir,

Paras 1. With reference to your letter of the 30th November, I am directed by the Board to observe that they consider the objection made by the acting Judge to appoint the same person as Guardian whom you propose as Manager of another Estate belonging to the same individual to be well founded.

2. The Board are not aware that Section IX Regulation V of 1804 has become a dead letter; the case to which you refer, Viz.t that of the Shoola-gherry Poliput, is not to the purpose in as much as that Polliem was not under the Court of wards.

3. It appears to the Board that your view of what the acting Judge intended to intimate in his last letter to you is beyond what is barie put in that letter. The Acting Judge does not

For. St. George 23d December 1852.

affirm that a Manager must be appointed to a Share of a Joint Estate (which as you justly state would place the other Proprietors in an anomalous position) but that if a Manager be appointed by a Court of Wards he can no more be the Guardian than in the case of single Estates.

4. The course which the Board request you will adopt is to apply again to the Civil Court to nominate a Guardian, and to recommend some other person, than the Mother of the Minor. The Board in their Proceedings of 18th November 1852, did not perceive the necessity of appointing a Manager for the Nattum Estate because it was not clear to them that there was any necessity for taking it under the Court of Wards at all, and before sanctioning such a step they would wish you to inform them if it cannot be left to the management of the Minor's family.

5. In the event of your considering it advisable to recommend

taking

taken the Estate under the Court of Wards you are requested to propose 2 distinct persons as Manager and Guardian.

6. If you should propose the Mother of the Minor as Guardian for the Nattum Estate, there can be no objection to your proposing her to the Civil Court as Guardian for the share of the Anandoor Estate. it being borne in mind that she cannot then be appointed Manager of the Nattum Mootah.

proposed sale for arrears of revenue, of certain land in the Village Puns-jeerumputty, Taluk Tripatoor.

The defaulter, Sayed Sahib,

2. has appropriated to his own benefit the entire crops of Fuslies 1260 and 61. He has omitted to present a deed of relinquishment for the lands, if disposed further to occupy them and would seem to have concealed his personal property, in view to avoid payment of the balance standing against the land.

5. If, on carefully reviewing the proceedings taken in my department in respect of this man, I had been enabled to trace the smallest appearance of a conspiracy against him on the part of any of my Subordinates, such as he has imputed to them, I certainly would not have submitted to your Board a proposition to defend the Suit.

6. Nothing of the kind appearing, I believe myself justified, although the suit is on the Subordinate Court's file and now awaits decision, in applying for permission to sell the land entered in the advertisement which is all the occupant (Plaintiff) now holds. It is regarded as of trifling value from it's deficient powers of productiveness.

Bd. No. 2895
From the Collector of South Arcot

Sir,

In acknowledging Extract from the Board's Proceedings dated the 15th Instant, I have the honor to state that

that the discrepancies noted in the Quarterly Salt Statements A, and C for the period ending with the 11th. July last, arose from the nature of those 2 accounts. As Statement C shows only the transactions at the pans, it does not include the subsequent wastage which occurs on the remeasurement at Pondicherry of the Salt supplied to the French Government. It is also to be observed that the Salt sent to Pondicherry is entered in Statement C immediately on its being exported from the pans, while it is necessary that the receipts of the French Government should be received to furnish vouchers for its formal entry in Statement A.

2 Thus on the present occasion the difference of 8250 Maunds in the Accounts of the South Arcot Division is composed of 2 items 1st. 6,000 Maunds entered in Statement C on their shipment to Pondicherry, but not entered in Statement A in consequence of the receipt of the French Authorities not having been received 2ndly. 2250 Maunds of wastage in the remeasurement of Salt at Pondicherry, which being unconnected with

with any transactions at our pans does not appear in Statement C The difference of 2,500 Maunds in the Statements of the Cuddalore Division consists in the same manner of Salt sent to Pondicherry for which the French Authorities had not passed their receipt.

3 As the forms in which the Statements A and C are prepared are thus liable to cause these discrepancies, I propose in future when they occur to subjoin a Note to the Statements giving such items of explanation as are offered in this letter.

No. 207/52

To W. H. Bayley Esqr.

Bd. No. 2986

From the Collector of Madura — Pcts. Para 1.

Reporting the details of certain unadjusted balance against the Manager &ca. of the Shevagungah Zemindary for the orders of the Court of Wards.

Sir,

I have the honor to request the Orders of the Court of Wards in the following Cases.

2. One Towtenendul Soobien contracted to take 800 Cullums of Paddy and 200 Cullums of Raghy of the Produce of the Shevagunga Zemindary in Fusly 1256 for 2,500 Rupees.

3. The payment for this grain was not adjusted in the accounts of the Estate during the life time of the late Zemindar but on the 31st March 1849 between the date of his decease and the assumption of the Estate under the Court of Wards, the Sumoogum Peshcar Cotee Joseyur, now Guardian of the Minor, sent an order to the Predhanee, Sabapathy Pillay now the Manager of the Estate, to the effect that the Contractor had paid the amount into the Munnoovurthy or private Office of the Zemindar, and that Credit should therefore be given for the same in the accounts. This order however was not obeyed. In the December following when the Estate by order of the Sudr Udalut had been brought, temporarily under the direct control of the Collector

14709

Fort St. George 23d December 1852.

Collector and the Manager had been dispensed with, the Talook Ameen applied to the Collector for instructions. The Guardian was Called upon to explain. He reported that the Money had been Collected and expended under orders from the Zemindar and that accounts would be found. Search was made but no accounts were forthcoming. In the mean time what is Called a Husbul Irsal Namah (an account of Sums to be Credited, but not actually included in the Cash Remittance such as payments in the Talook, Money received by the Zemindar personally &ca) was received from the Talook and after some further endeavor to find an account on the Munnoovurthy Records, the adjustment was admitted by my Cutcherry.

4. Of this the Manager Complained by Urzee to me and I have Consequently personally examined himself the Guardian and Towtenendul Soobien.

5 The last mentioned person deposes that he paid the Sum of 2,500 Rupees in the following manner during the year 1847

	Rs.	a	p
To the Zemindar himself in cash.	800	—	—
Persons building a house for the Guardian then Samoogum Peshcar in Madura	1,000	—	—

Remitted to him by Zemindar at the rate of 2 annas per Cullum on account of the unprofitableness of the Contract	125 - " - "
Total Rupees	2,500 - " - "

6. The Guardian Corroborates the above Statement generally, without being able to charge his memory with the exact details, and he asserts that the disbursement for his house at Madura was by order of the Zemindar.

7. The Manager states that the alleged payments were not made known to him at the time and that his reason for objecting to the adjustment as paid to the Munnoovurthy was that he had heard that a portion had been expended on Cotee Joseyur's house at Madura.

8. To my enquiry when he heard of the above mentioned expenditure he replied during the life time of the late Zemindar.

9. This answer by the Manager seems to

to me to remove all doubt as to the payment of the money by the Contractor; and as the Zemindar was perfectly at liberty to dispose of the Income of his Zemindary as he pleased and must be considered to have sanctioned the expenditure which took place during his life time, I do not think the appropriation of a part thereof towards the construction of the House of his Chief Public Servant can be now challenged.

10. As regards the delay in the transmission of the Husbal Irsalnamah I have already explained in former reports that these Accounts were greatly in arrear when the Estate came into the charge of the Court of Wards - There is nothing extraordinary in the fact therefore as regards this particular case - Nor is this by any means a singular instance of money being paid otherwise than through the Channel of the Talook Ameens and Office of the Predhanee. Former enquiries have placed it beyond a doubt that the Zemindar received large sums himself, and gave assignment on the Talooks and did not communicate these transactions with regularity to the Seemay or Predhaney's Cutcherry

The other case is as follows.

11. In accounts furnished to my Cutcherry of payment made in the Talook up to the date of the

Fort St. George 23d December 1852.

the Estate being brought under the Court of Wards there appeared unadjusted receipts by Sabapathy Pillay Priedhanee under the Zemmidar, and now Manager, to the Amount of Rupees 3,079-15-7 of which an explanation was required of him. The earliest of the Receipts was in February 1847 and the latest April 5th 1849.-

12. He stated that he took it from the Talooks, an account of the following Sums due to him.-

Salary for August 1847			
December	"	210	— " — "
4 Months from November 1848			
To February 1849	"	840	— " — "
Paid to him by Order of Zemmidar out of 21560 Rupees due to him for Salary from 1st May 1837 when the Estate was formerly brought under Management to 10th September 1844	"	2,000	— " — "
Total		3,260	— " — "
Leaving still due to him		3,079	— 15 — 7
		180	— " — 5

13. It has been found by examination that he was entitled to the above amount except the Sum of 2,000 Rupees.-

14. Regarding this, Sabapathy Pillay states that during the former Management he remained attached

Fort St. George 23d December 1852.

attached to the Zemmidar and assisted him in his Suit on which account he promised to pay him Salary for this period when he recovered his Zemmidary and that the 2000 Rupees was paid on this account.-

15. On the 31st March 1849 (in the interval between the Zemmidar's death and the Estate coming under the Court of Wards) the then Samoogum Peshcar issued an Order to the Seemay Cutcherry authorizing the debit of the Sum in the accounts as having been taken under permission of the Zemmidar to defray expenses incurred by Sabapathy Pillay in Consequence of his being joined by his family.-

16. The Statement of the Samoogum Peshcar now Guardian is as follows.-

That in Arpasee Keelaka, Sabapathy Pillay was joined by his family and told the Zemmidar that being thereby put to great expense he had taken 2,000 Rupees from the Zemmidary Funds in the Talooks which he requested might be allowed him and adjusted; that the Zemmidar directed that an order should be made accordingly but that this was not done on account of the Zemmidar's illness soon after. In March 1849 Sabapathy Pillay asked him to send a Yadkast to enter the amount as paid on account of arrears of Salary during the period the Zemmidary was

was under zuft but he refused: that afterwards Sabapathy Pillay begged that an order according to the Zemmindar's direction might be sent and it was issued accordingly - On reference to the Zuft it refers to the expenses incurred by Sabapathy Pillay for his family only and not to arrears of Salary -

17. In support of his title to arrears of Salary for the time the Zemmindary was under Management, Sabapathy Pillay refers to an Urzee written by the late Zemmindar Gowry Vullabha Taver to the Collector under date the 4th. January 1841 just after his brother Bodoo Goorroosawmy Taver's death in which it is distinctly stated that Bodoo Goorroosawmy Taver at his death declared, that he on had promised Sabapathy Pillay that when he recovered his Zemmindary he would pay him Salary for these periods at the rate he received previous to the Zuft. He also cites a letter to Mr. Blackburne in which without reference to Salary Gowry Vullabha Taver intimates that Sabapathy Pillay had assisted in managing the Family Suits during the Zuft.

18. The Sanoogunn Peshcar now Guardian discredits the fact of Bodoogoorroosawmy Taver having made the declaration stated in Gowry Vullabha Taver's Urzees, and Considers that the latter

latter took it on Sabapathy Pillay's word, and states as a reason for disbelieving the assertion that the latter received 50 Rupees a Month during the attachment from the rent of a house at Madura, a fact which Sabapathy Pillay admits, but says it was a Sparate allowance for Batta

19. If any thing is now due to Sabapathy Pillay for the arrears of Salary from 11th. May 1837 to 6th. September 1844 it must be Considered a debt and cannot be paid until there are Surpluses Funds which do not at present exist - The question which now presses is whether the Sum of 2000 Rupees taken by Sabapathy Pillay and Sanctioned by a Subsequent order of the Sanoogunn Peshcar, on the 31st. March 1849 Shall be admitted in the accounts or not.

20. The portion thereof paid on the Taloor before the Zemmindar's death amounted to Rupees 1640-14-7 and that in the interval between that event and the Estate coming under the Court of Wards to Rupees 1439-1-0 Sabapathy Pillay States that all his orders for payment of the 2000 Rupees were issued before the Zemmindar's death and on reference to the accounts it so appears by inference but not expressly, for neither, accounts nor the

the orders for payment expressly shew for what Months Salary, and the 2,000 Rupees were received in several Sums at different periods.-

21. It appears to me most probable that the Zemindar gave the order for 2,000 Rupees in the Manner Stated by the Guardian and that as the greater part of the Money was received and all the orders to the Talook issued before his death the Charge may be admitted.

22. The right of the Manager to the arrears he claims I Consider to be rendered very doubtful by the non-payment by the Zemindar within the 4 years the Estate was in his possession; but the question can remain over for future Consideration.-

Submitting an abstract account for the amount of arrears due to the Hoozoor Servants of the Shevagungah Zemindary for the periods antecedent to the assumption of the Estate under Court of Wards.-

Sir,

Para 1 I have the honor to Submit an abstract account shewing the amount of arrears due to Hoozoor Servants, of the Shevagunga Zemindary for periods antecedent to the assumption of the Estate under the Court of Wards.-

2. The Zemindar was accustomed to pay his Servants by Tunkas or assignments on the Talooks, chiefly for grain, and occasionally for money. Recovery of such assignments was often delayed from a variety of causes. There being no Granaries belonging to the Zemindar his share of the produce lies exposed with the insufficient protection at least of a covering of Straw with a mud seal. Sometimes it is taken charge of by the Ryots with a promise to produce

14718 Fort St. George 23d. December 1852.

produce it when required - Such being the case it is not surprising that when the Servant applied for his assigned grain it was not forthcoming - and if the assignment was for money it had often not been collected from the Ryots - From these Causes it frequently happened that a Servant recovered his Salary for a Subsequent month while that of a previous one remained still due.-

3. When the Estate came under the Court of Wards it was necessary with a view to prevent fraud to direct that no paddy should be given over to Persons on plea of assignment without Special Orders, and directions were given, to furnish a Statement of arrears of Salary - The preparation of Such an Account was, as the Board will easily believe, a work of time and labour when the orders for assignments for several years had to be Compared with a great number of Talook and Village accounts. In the mean time there was a danger of the Grain being Spoilt - The Manager therefore was allowed to sell it on account of the Estate

Estate leaving the latter responsible for payment of arrears which might eventually be proved due.-

4. The detailed accounts from which this abstract is formed have been laboriously and carefully prepared and I trust therefore the Court will accord Sanction for payment of Balance of Rupees 2,452 - 11 - 2 appearing therein

No. 234.

(47)

To W. H. Bayley Esqre.

Secretary to the Board of Revenue

Fort St. George

Bd No. 2976.

Sir,

From the Collector of Tinnevelly — Submitting a report on the spice gardens in this District and stating that the highest offer now made is for the lease of 18 of them for 400 Rs. per annum to Government besides maintaining an Establishment equal to what is now kept up and requesting to be allowed to put up the rent to auction and close with this or any higher offer.

Para 1. With reference to para 2 of Extract from the Minutes of Consultation under date 5th December 1851 prefixed to Extract from Proceedings of the Board of Revenue dated 5th January 1852 and adverting also to paras 2 to 5 of my letter to your address dated 5th June 1851 and to Extract from Proceedings of the Board of Revenue dated 26th July last, I have the honor to submit the following report on the Government Spice Gardens in this District.

2 There are now 19 Gardens of which 13 are situated on Hill sides near Courtallum the 14 is the Punbooly Garden within the Travancore boundary at the foot of the Atchin Covil Pass and the remaining five are new Gardens formed by the late Collector Mr. E. B. Thomas below the

the Courtallum Hills in and after 1843-

3 The Numbers of trees of different kinds in these Gardens according to the accounts of Fusly 1251 and Fusly 1261 are shewn in the accompany:=ing statement No. 1 where it will be observed that great improvement was made during the in:=terval most of which is attributable to the attention and exer:=tions of Mr. Thomas- The general Result is set down in the Margin It will be seen in the same state:=ment and in the Margin that the Punbooly Garden No. 14 is as Mr. Thomas describes it the most valuable of all- Its extent is $2\frac{11}{16}$ Chain while the whole ground covered by all the other 13 Gardens is but $10\frac{13}{16}$ Chains-

4 The Collections and Charges on

on account of the Spice Gardens from Fusly 1216 to 1261 are shewn in enclosure No. 2 where it will be found that the Net loss to Government has been Rupees 27149-5-7 But a marked improvement will be perceived to have taken place during the last 3 years when the effects of Mr. Thomas's improvements manifested themselves, and as all the young spice plants have not yet come into bearing a further ad:=vantage may be expected not however very considerable because the Coffee and Clove plants are already in bearing and the proceeds of these preponderate in the Collections-

	Crs	a	p
Charges	76290-	14-	10
Collections	49141-	9-	3
Loss	27149-	5-	7

5 I wished with Reference to offers made by two Competing parties to rent these spice Gardens for a series of years to have ascertained what was the Net profit obtained for produce gathered in the last three Fuslies but the accounts do not show this- The enclosure No. 3 however exhibits what is nearly the same thing the prices Realized

14725 Fort St. George 23d December 1852

realized for the produce received into store during the 3 last years adding the probable value of what remained on hand at the end of that time from which deducting the fixed and Extra Charges there remain a near approach to the Net profit amounting to Rupees 1673-9-10 or in an average for one year to Rupees 557-13-11.

6 To this should be added something on account of sale of young plants for which it will be seen in Statement No. 4 that Rupees 1057 have been received during the last 8 years but there not being a Constant or Certain

14726 Fort St. George 23d December 1852

Certain demand for young plants I think it need not be taken into Consideration in determining the subject of leasing out the Gardens. There is also a rent running for the produce of all trees excepting spice and Coffee in one of the newly made Gardens which ought to be accounted as receipt from the spice Gardens but this item has hitherto been brought to account under the Head of Tope.

7 The highest of these offers

14727 Fort St. George 23rd December 1852

Offers now made is for the lease for twelve years of 18 Gardens exclusive of the one at Pumbly=putnum (which being in the Travancore Country I thought it might perhaps be Considered ob=jectionable to rent out) and of the produce of the trees other than Spice already rented in one Garden for Rupees 400 per annum to Government besides maintaining an Establishment Equal to what is now kept up—

8 If the Board agree with me that no one could safely offer much more for the lease of

J.G.B.

14728 Fort St. George 23rd December 1852

of these Gardens I beg to be allowed to put the rent up to auction and close with this or any higher offer taking care to bind the renter to preserve the spice plants and not sacrifice them as per=haps there would be some danger of his doing to the Coffee under penalty of the revocation of his farm.—

F. Govt. 5th Decr. 1851 incl. 5 Jany. 1852 P. 2. 29th June incl. 26th July 1852 Paras 2 & 3

Resolved that the foregoing letter with its Enclosures be submitted for the information and orders of the Right Honble the Governor in Council, with reference to the Papers noted in the Margin.

2. The above report shews that there are 19 Gardens in the District, of which 13 are situated on Hill sides near Courtallum, 1 the Paumbooly, within the Travancore boundary, at the foot of the Atchincovil pass, and the remaining 5 below the Courtallum Hills. which last are new Gardens, having been formed by the late Collector Mr. Thomas, in and after the year 1843.

3. From Statement No. 1 shewing the description and Number of Trees in these Gardens at the present period, as compared with the Accounts of Fusly 1251, it will be seen that at the end of Fusly 1261, there was an increase of 25,144 trees above that of Fusly 1251 attributed to the attention and exertion of Mr. Thomas.

4. The charges on Account of the spice Gardens from Fusly 1216 to Fusly 1261, amounted to Rs. 76,290-14-10, and the Collections during the same period to Rs. 49,141-9-3, resulting in a net loss to Government of 27,149-5-7.

5. The Collector reports that he has received offers from two competing parties for the rent of the Gardens, exclusive of that of Paumbooly (the produce of trees, not spice, having been already rented in one Garden) for a period of twelve years, at Rs. 400 per annum, besides maintaining an Establishment equal to what is now kept up. This sum, tho' falling below the average profit* of one year, as taken for the last three fuslies, Viz. Fusly 1259 to 1261 appears a fair tender. The Board therefore recommend, that Mr. Bird be authorized to put up the rent to Auction and to close for this sum, in the event of no higher offer being obtained taking care that the renter is bound under a penalty to a due preservation of the spice and Coffee plants the penalty being the forfeiture of a Money deposit rather than of his farm, which under certain circumstances might be no punishment at all.

Sir,

With reference to an Extract from the Proceedings of the Board dated 26th July last, I have the honor to transmit copy of a communication from my Assistant Mr. Collett on the subject of the new boundaries proposed for the cantonment for the Sepoy Detachment at Maliapooram. The new Barracks for the European Detachment located at Maliapooram is about three quarters of a mile distant from the above Cantonment, and the lands taken up for them have separate boundaries, a plan of which together with the accounts of expenditure connected with the Barracks will be shortly forwarded for the purpose of being laid before Government.

dated 4th Ultimo.

2. I concur in the views expressed by Mr. Collett with regard to the proposed boundaries for the Sepoy Cantonment at Maliapooram, and request you will be good enough to obtain the sanction of Government for incurring an annual outlay of Rupees 32-12-" being the rent of the additional land now taken up for that purpose as per enclosed Statement.

To H. V. Conolly Esqre.
Collector of Malabar

Sir,

With reference to your letter of the 10th. August and the Copies of the Minutes of Consultation Vth. which accompanied it, I have the honor to return the plan of the proposed Cantonment for the Sepoy Detachment at Malapuram. The boundary as originally marked out included a portion of the bazar, but on further communication with Capt. Carr, 16th. M.N.I. the Officer Commanding the troops here, we are both of opinion, that it will be advisable to exclude this Bazar as in order can be more effectually maintained, under the present management, than if transferred to the Military authorities. We have therefore fixed upon and entered in the plan a fresh boundary on this side marked as a. b. c. d.—

2. The European troops having moved in to their new Cantonment on the adjacent high land, their ex followers Vth. reside within those limits

14742 Fort St. George 23d. December 1852.

limits or in the immediate vicinity. Ground is also now provided within the present proposed Sepoy Cantonment for the residence of their followers. The Bazar is therefore inhabited by Shopkeepers and persons not immediately attached to the troops, and order may be best preserved by the Cutwal and his Establishment.—

3. Enclosed I beg to submit a detailed account of 9 lots of land included within the new limits, and required for the residence of followers, or which it is necessary should be kept clear. For these lots annual payments of rent to the amounts set down are proposed, for the disbursement of which the sanction of Government is required. Land about Malapuram is strictly private property and bears in some positions a high price, the amounts fixed for rent have been carefully determined at the lowest rates, which can be justly allowed to the owners of the ground. Portions of the

the land within the present limits are occupied and planted as gardens; compensation or rent / which would otherwise be considerable / is not required for these, unless their removal at any time should become necessary. It appears to Captain Carr and myself that these gardens and houses may be allowed to remain without any inconvenience.

4. I may add that the Cantonment for the European Troops is at a distance from the Sepoy lines, and placed on some high table land. The land from its position and nature being much less valuable than that below & near the town, I have thought it best to take up the leases on mortgage held by the Ryots for such portions of that Cantonment as are occupied by the new buildings. The small amount paid for these leases will be included in the accounts of the Barracks and other buildings, and there will be no rent or other annual

disbursements

disbursements for which the sanction of Government will be required. The buildings being completed, the accounts will be shortly submitted and will be accompanied by a plan of the Cantonment.

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from Minutes of Consultation, Revenue Department, No. 714 forwarding for report an Extract from the Minutes of Consultation in the Military Department, in which information is required as to whether there is any objection to the boundaries proposed for the European Barracks at Maliapooram.

2. The Plan forwarded by Government refers to the proposed Cantonment for the sepoy Detachment at Maliapooram to which the enquiry would seem to refer It will be seen from the accompanying letter from the Collector of Malabar, and its enclosures, that the Assistant Collector of the District, and the Officer Commanding the Detachment at Maliapooram, have fixed upon

upon a Boundary for this Cantonment, It is the same as that marked off in yellow in the plan received from Government, except that it excludes part of a Bazaar The new boundary in the altered portion is marked a—b—c—d—

3. Statement No. 2 forwarded by Mr. Conolly shews the extent of land included within the new limits for which Compensation is due. The rent of this land is Rupees 32—12 per annum, and the Board request that sanction may be granted for payment of the same— There are other private lands within the Cantonment which are planted as gardens— it is not however necessary at present to disturb the occupants, and no expense is therefore to be incurred on their account.

4. The Cantonment for the European Troops is distinct from that for the sepoys and is situated on some high Table land about three quarter of a Mile distant from it. The value of the lands taken up there will not amount to much, in

From the Collr. of Malabar ...
Recommending for the reasons detailed, the transfer of the Sub Collr. of Malabar from Tellicherry to Palghaut.

Sir,

1. I have long been of opinion that Palghaut is a more suitable position for the Sub Collector of Malabar than Tellicherry.—

2. Mr. Robinson than whom there could be few better judges and who has had experience of both divisions, has drawn up the enclosed Memorandum which shews clearly

clearly enough the merits of the question.—

My Sheristadars are both in favor of the change.—

Tellicherry was not always the Sub Collector's charge, but was definitely fixed on in October 1834 and approved of by Government on the 25th. August 1835. The importance which it had at that time from its vicinity to the some what suspicious country of Coorg is of course at an end.—

3. I propose if the Board or Government see no objection to give the Sub Collector the Talooks of Palghaut, Temalpoorom, Nedinganaad, and Chowghaut* ~~and Cootnaad~~ and to take Cootnaad Cartenaad and Wynaad to myself, leaving the three Talooks of Cawage, Cherical and Cotyam to the Head Assistant. The two former of these Talooks are very easy onces

Memorandum.-

After an experience of 5½ years in Malabar during the latter part of which I have also acted on three occasions at Tellicherry, I entertain most fully the impression that the station of the Sub Collector of Malabar should be at Paulghat place place of Tellicherry.-

Paulghat, however viewed will appear the proper station for the Senior Subordinate Magisterial and Revenue Officer of of Malabar.-

In instituting a comparison I take the Sub-Collector of Tellicherry as containing the five Talooks of Kawai, Cherakul Cotyam, Cartenaad with Balghat Talook of Wynad.-

The Palghat division of the three Talooks of Paulghat, Tremalapooram and Nedinganad.-

In comparing the population and revenue the greater number of Talooks gives a preponderance in favor of the Sub Division

T.F.B.

14751

Fort St. George 23d. December 1852.-

Division- The population of the Sub Division of five Talooks falls slightly short a little of 4,00,000- That of the Paulghat Division of three Talooks is little below I believe 3,50,000 inhabitants- The same relative proportion exists in the Summa of the two Divisions- That of the Sub Collectorate amounting to about 4,00,000 Rupees while that of the Paulghat division / three Talooks / must be about 3,50,000- Were one Talook added to the Paulghat Division, as would no doubt be desirable were a change effected the preponderance in every point of view would be in favor of this latter Division.-

I propose to add two, see my letter.

Of the two divisions I do not hesitate to say that the Paulghat division is making far greater advance in every way than the Northern Division, and it is likely still to do so from the facilities which the Paulghat gap gives for communication between the two sides of the Peninsula.

The business of the Paulghat Division as it even now is without any accession exceeds that of the Northern Division considerably

I

I believe.

In comparing the administration of the two divisions it will be found that the Paulghat division is miserably provided for. To the Tellicherry Division there is a sessions and appellate Judge and Principal Sadr ameen at Tellicherry and a Commissariat Officer takes all the petty Police and miscellaneous business of the Cannanore Cantonment, and there are ameens of Police in both Cannanore and Tellicherry. The Senior Subordinate of Magisterial and Revenue Officer is attached to this division with a full Cutcherry and Sheristadar and is scarcely ever called on to exercise his extended powers. The revenue is more readily paid by the great Zemindars than by the numerous payers of the South. an appellate Court is close at hand and the Magistrate's Office (Calicut) only 43 miles from Tellicherry. Parts of the division lie within 25 Miles of Calicut and the most distant parts do not exceed I conceive in distance 75 Miles. The most intimate intercourse exists

between

between the Northern Division and Calicut and the Collector and Magistrate can always watch and have minute information of what is doing in this Division. a matter of little importance where the presiding Officer is of Sub Collector's standing, but to be desired of a Head Assistants detached division.

The reverse of this is the case in Paulghat Division. situated 80 to 90 Miles from Calicut in the Paulghat valley there is much less communication between the divisions. The Courts Civil and Criminal (and appeal to the Magistrate) take a certain number of people to Calicut, but the principal intercourse is with Coimbatore to the East and Ponany to the West and information from them reaches the Magistrate less readily.

Paulghat is a single station 85 Miles from Calicut. all Criminal Cases and appeal go to Calicut the extended powers as Magistrate are therefore as frequently as possible brought into use. It is the Head Quarters of a Native Regiment and Jail of 100 Convicts

a

a circumstance which always entail a certain quantity of business requiring European supervision. I speak from experience when I say that it is not advantageous to have no power to consult or advice with a brother Civilian, especially for a junior Officer. a Senior Officer would not feel this deficiency. the only supervision and appellate Courts are 80 to 100 Miles distant according to the position of the plaw in the Head Assistant's division.

Palghat was the Sub Collectorate formerly, and ought now to become so. The revenue department of this division requires the supervision of a good sheristadar permanently located with a revenue Cutcherry.

With reference to the correspondence noted in the Margin I beg to annex a general Export manifest× as noted in the Margin and to solicit you will have the goodness to inform me why under the head of Remarks it is noticed that certain of the goods are the produce of the Cochin Rajahs Dominions

2. In this Presidency duty is in all cases, levied on the import of goods exported from native Foreign territories. If imported by Sea, the duty is levied under

under Act I of 1852 and if imported by land under Act I of 1852.

3. The object of this reference is merely to ascertain from you whether it is intended that goods from the Cochin Rajas Dominions are to find their way into British territories without payment of any duty whatever.

4. From your letter No. 1648 dated the 2d August 1851. I learn that no duty is levied at Cochin on the export of goods, the produce of the Cochin Rajas Dominions and from your letter No. 1806 dated the 29th August 1851, I learn that no duty is levied on goods conveyed into the town of Cochin from the Cochin Rajahs Territory.

5. Under Act VI of 1848 Port to Port duty was abolished and hence no duty is levied on goods imported at Bombay from Cochin.

6. Thus therefore under the existing system goods the produce of the Cochin Rajahs Dominions apparently pay no duty whatever to the British Government while the goods of every Native State

Bombay Custom House 21st April 1852 } (Signed) Richard Spooner
Acting Collector of Customs

To,

Richard Spooner Esqre
Acting Collector of Customs
Bombay

Sir,

I have had the honor to receive your letter of the 21st ultimo and in reply beg to inform you that it is in conformity with the orders of the Government of Fort Saint George that Foreign Produce is entered as such in the Custom House Documents.

The object of this measure would seem to be to guide the Customs Authorities in granting Certificates of Origin for goods that may be re-exported to the United Kingdom.

The levy of Frontier Duty on Goods the produce or manufacture of the Cochin or Travancore Rajahs territories brought into British Cochin either

by land or the backwater was abolished in 1846 by order of Government and no Duty whatever is levied on such Goods when exported by Sea from Cochin under Act No. VI of 1848.

The Manifest which accompanied your letter is herewith re-transmitted.

Proceedings thereon. The Collector will agreeably to para 3 of Extract from Minutes of Consultation dated 9th November 1852 levy the prescribed duty upon all Tobacco crossing the Frontier and he is authorized to continue such portion of the Establishments as may be required for disposing of the Tobacco and winding up the accounts.

In Cons. 11th Nov. 1852

2. He is also requested to submit a list of such articles including Wine Spirits and Tobacco upon which he would deem it advisable to levy Frontier duty on their admission into his District together with a list shewing what description of articles he conceives should be liable to duty on their import from the Native States of Travancore and Cochin as there seems to be difficulties attending the levy of duties on Goods belonging to these Countries on their Export by Sea to a British Port.

Bd. No. 2558. Proceedings thereon. Submitting with the Boards views & Suggestions a correspondence with the Collector of Madras respecting the system which obtains in his Collectorate as regards weights and measures.

In Cons 24th March 1851.

Resolved that the above correspondence be submitted for the consideration and orders of the Right Honorable the Governor in Council.

2. It was the intention of the Board of Revenue to have taken up this subject in connection with the general one of Weights and Measures as referred to them by Government in Extract Minutes Consultation 13th February 1851 but some immediate orders appear necessary as to the continuance or abolition of the present arrangement of the Stamping Department in the Collectors Office

3. The difficulties that present

14775 Fort St. George 23d December 1852

present themselves to the Board are these 1st the propriety of the Collector of Madras affixing his Official Stamp on Measures and Weights which vary most materially from the Standards proclaimed by Government in the Fort St. George Gazette of 20th October 1846.

Page 969

2d the legality of the long established practice of Summoning the Bazar people before the Collector to produce their Weights and Measures and on their delaying to do so, authorizing the Peons to seize not only their Weights and Measures but their tools and implements.

From Collr. 7th August Para 5.

4. The Board found in reply to their Circular of 24th March 1851 that the Standard Weights and Measures supplied with reference to the Government Proclamation had never been put in requisition.

From Collr. 2d July 1851.

5. Mr. Hudleston had been under the impression that the Standards were to be used only in the Revenue Commissariat

14776 Fort St. George 23d December 1852.

Commissariat and Public Departments "leaving untouched the Provincial Systems among the Natives".

6. Such are the expressions used in the Commissioner's 2d Report to Government under date 4th June 1841 and which were circulated by the Board in their Proceedings of 19th August 1841 and the Board are prepared to admit that Mr. Hudleston was not authorized at once to enforce in the Bazar the use of the new Weights and Measures but they think it objectionable that whilst the Government notify certain standards by Proclamation their own Officer should in the chief Town of the Presidency continue to stamp with the scal of Office as correct Weights and Measures totally different from the Government Standards. Mr. Hudleston also refers to "the decision of Government dated 19th January 1847." This was merely an order of Government in a letter from the Board dated 14th January 1847 requesting that the Assay Master be directed to adjust

(p. 305 C.O. Book)

In Cons 25th January 1847.

adjust any Weights and Measures required as standards which might be sent to him for that purpose, and that the Board at that time apparently used the word standards, as meaning the usual Madras measures, yet it appears from Mr. Huddlestons letter of 14th October 1851 (para 3) that he never did send any but the Government Standard Measure and Weights to the Assay Master.

In Cons 24th Nov. 1851

7- On carefully gauging Mr. Huddlestons Standard Mercal Puddee (or "measure") at the Mint they were found to be of the respective capacities of 835. Mr. Huddleston in Enclosure B in his letter of 30th October 1851 computes it 859, but his measurement does not seem correct at the Board's Office the measurement gave 8½ inches deep and 11/5 inches Diameter or nearly 835 cubic inches and the Puddee 6 inches long by 6-7 in Diameter or 104 Cubic inches and 103½ Cubic inches respectively the Allowance 13-75

In Cons 10th Dec. 1851.

8- Now the earliest record that the Board have of Madras Standard

Fort St. George 23d December 1852

Standard Weights and Measures is a very elaborate Memoir drawn up by Mr. Ellis then Sub Secretary to the Board of Revenue in the beginning of January 1802, and Government in their letter of 17th April 1802 approved of his proposed standard They authorized the making up of Standards at public expense, but the plan was never carried out-

To Govt 29th in Cons. 28th Jan 1802 para 36 & 37
From Govt 17th in Cons 28th April 1802

Mr. Ellis determined the 9 O'Clock to be 11-719 cubic Inches, the Puddee or Measure to be 93-76 cubic inches and the Mercal 8 Puddies or 750 cubic inches But the peculiar feature in his plan was this that although these were to be continued as the standard capacities yet the Measures that would have held these quantities when Struck were to be cut down so as to make them hold those quantities when heaped in order to meet Native usage and prejudice Still the Olluck (heaped) was to be 11-719 cubic inches, the Measures 93-76, and the Mercal 750- The Measures Mr. Ellis specified as Models held when Struck respectively 99-79-22- and 653-72 cubic inches The weights proposed as standard by

*The Pagoda was at 52-6 grains This would give the Maund 24 lb though generally reckoned 25 lb Avoirdupoise

by Mr. Ellis were the Pollum of 10 Pagodas* of which 40 to a Viss and 8 Viss to the Maund.

10 The Standards thus proposed by Mr. Ellis and sanctioned by Government coincide (with the exception of the calculating them as heaped) with those specified in the Almanac of 1801 and with those setforth in an old work of 1778 to which the Board have had access.

Enclosure 1

Enclosure 2

11 Mr. Ellis labour seems to have been entirely thrown away and the subject remained unnoticed till 1819 when Major De Haviland Inspector of tank Estimates had a discussion with the Board upon the subject and passed several criticism on Mr. Ellis's Memoir Nothing however seems to have been adopted and the Madras Measures remained as they were the Mercal being according to the Almanacs 750 cubic inches (or thereabouts) when struck. The only change was the adoption of De Havilands Mercal of 828-34 cubic inches for the measurement of the Government Salt which continues to this day and which

which in 1819 Major De Haviland found to be the Average of the Mercals at the Collectors Office Sea Custom Office and Military Board.

12 The Mercal therefore which in 1801 was 750 cubic inches had before 1819 increased to 828 1/3 and is now 835, whilst that fixed by Government as "Standard" is 800. The Smaller Measures in proportion. The Weights also differ slightly inasmuch as the old Viss is 3 1/8 lbs Avoir: and is so stamped by the Collector whilst the Government standard Viss is 3 1/12 lbs

In Cons 10 Decr. 1851

13 In his letter of 30th October 1851 the Collector explains that his "Standard Puddee" (or Measure) and "Standard Mercal" are "those received from the Superintendent of Police Details on the 12th Feby 1812 in which the charge of the Stamping Department was transferred to the Office of the Collector of Madras The Stamping Establishment is kept up at an expense of 110 1/4 Rupees a Month

14. In a subsequent letter of 14th November 1851 the Collector submitted a Table of Fees and a Statement of the Receipts and Disbursements of the Stamping Department for the last 5 years. The "Table of fees" exhibits 32 items in which a charge is made generally 7 or 8 fanams. It includes fees for Stamping Cups for Butter Measures used by Women at Rice Bazars Fuller's Earth Measures. Bakers Weights. Silk thread Weights. Measures for Peas and Gram Curry Stuff bazar Weights. and in Short seems only fitted to perpetuate irregularity under Official Sanction and to occasion annoyance and inconvenience to every one. The Board cannot suppose that Government would wish such a System to be continued in the Town of Madras. The Average Receipts are 11,513 Rupees a year and the disbursements 2555. The variations between any two years being very slights.

From Collr. 30th October 1851 Para 4.

15. The Board were surprised to find that though the Government were fixed with especial reference to the Commissariat, yet the Collector reports. It

16. And even the method of the testing the accuracy of new Measures is open to great objections namely by comparing the contents in grain (either rice or grain) of the Standard and the Measure brought to be adjusted. It is well known that any measurement with grain where strict accuracy is required is worthless.

17. If it is the intention of Government to insist on the use of their Standards the Board consider that Madras is the first place in which the reform should begin. Though the Collector is not aware that any inconvenience arises from the present irregularities

irregularities yet the principal Merchants are willing to adopt one uniform system if they could only be exempt from the expence which would attend the change - The Collector proposes that they should be furnished by Government with new Weights and Measures to exchange for their old ones.

Proceedings 11th August 1851 Para.

18. The Board called on the Collector to make an Estimate of the expense that would be incurred in thus providing new Weights and Measures -

19. The Collector misunderstood the question and merely sent in an Estimate of the expense of furnishing his Office with new Weights and Measures - This would be 24½ Rupees for the Measures and 46 Rupees for the Weights but the Board think that old Measures (which are all too large) might be cut down instead of making new ones and in like manner the Weights (which are too heavy) be filed to the standard and thus the expense would not be so great but that it would

From Coll. 30th Oct. 1851

be covered by the Fees of subsequent years for the Board would recommend a continuation of the Fees on a moderate scale and oblige every Measure or Weight used in any shop or place of business to be stamped and the Stamping Establishment might be remodelled -

20. The Notification in the Gazette of 20th October 1846, gives the respective Diameters and lengths of each kind of Measure, but it has been erroneously supposed that these must be the exact guage of all Standard Measures what is necessary is that the capacity of a "Measure" for example, be 100 cubic inches whether it be 5 inches Diameter and 5 1/10th deep or 4½ inches Diameter and 6 2/10 inches deep. Therefore as long as the Government recognize no measure but Struck Measure (as in England) is not indispensably necessary that the old Vessels brought to be adjusted should agree in Diameter with the Government Notification all that would

he requires would be to adjust the length accordingly.

21. In accordance with the contract, minutes Consultation 13th Feby 1851 the Board have called upon all Collectors to furnish information as to the Weights and Measures of their Districts. The correspondence on the details of the subject is very diffuse and unsatisfactory and though the Board hope shortly to submit the whole to Government a final arrangement for the Province that has not objections they are anxious without loss of time to dispose of the question as regards Madras. They are of opinion that a Legislative enactment might be framed which should introduce the new standards into the Town of Madras with authority to extend it to provisions to other large Towns as opportunity offers. To make such an Enactment binding at once on all Towns and Villages in the Presidency would the Board believe defeat its own object.

22. The Board approve of the Collector's suggestion in paras 9 and 10 of his letter of 7th August 1852 as to the sale of unclaimed property lying in his Office.

23. With reference to paras 11-12-13 of the same letter, the Board find that the only Record in existence authorizing the payment to the Pagoda, is a foot note signed by Mr Ellis dated 25th October 1813 to the Enclosure in Mr Flower's letter of 6th February 1812. In this letter Mr Flower who was Clerk of the Market hand over the Office of Superintendent of Police Details to the Collector, and encloses a list of Fees for Stamping Measures, permission to sell Meat &c.

To, W. H. Bayley Esqre.

(61)

Bd. No. 2964.

From the Collector of Madras.

Reporting on the points required in the Board's Proceedings the 11th November regarding the Ground Rent levied on certain Shops at Pursawaukum.

Sir,

With reference to the Proceedings of the Board of Revenue dated 11th November 1852, I have the honor to state that having agreed to remit the arrears of Ground Rent previous to 1850, I do not consider it necessary to enter into the question of their occupancy previous to that year.

2. By the Agreement the Petitioners admit the fact of the arrears but point out that as their Shops had been blown down they had not benefitted by the occupation of the Government Ground, and request that they may be allowed to rebuild their Shops upon the some Ground, that the arrears may be remitted to them and agree that if they do not faithfully pay every Month the Ground Rent due they shall forfeit the buildings that they have now raised.

To

For St. George 23d December 1852.

3. To this arrangement I consented

Petition No. 2787½ and refused an application made by another party for this same ground. The Petitioners however failed again to pay their Ground Rent and closed their doors with the exception of Shop No. 8 which paid ground rent regularly. It was the duty of the Petitioners to have addressed me for a reduction of the rate if they found it too heavy or to have given up their Shops and removed their materials without allowing the arrears to accumulate.

4. By not doing so and by having buildings upon the ground they prevented other parties opening Shops upon the Spot and deprived the Government of its revenue.

5. I would therefore submit to the Board that since 1850 these parties having buildings belonging to them on this ground have undoubtedly been in possession although they have not during the whole time opened their Shops in these buildings and that they are justly subjected to the claim of arrears since 1850.

6. It will be for the Board to

For St. George 23d December 1852.

to determine whether for the future in similar cases the fact of parties having buildings upon Government Ground is to constitute possession of Government Ground subjecting them to the payment of the Ground Rent or whether the fact of no Shop being actually kept in such buildings is to be a cause of exemption from the Charge of Ground Rent.

7. I beg to point out to the Board that no Quit Rent can be levied upon the Government Land and that therefore such land if not paying Ground Rent will be totally exempt.

I have the honor to state with reference to Para 8 of your communication that by a mistake of the Copyist Para VI was written instead of Para VII by

Vide Para VII Act. XII 1852. which I am empowered to distrain property found elsewhere.

I wished the interpretation of the Board as to whether parties occupying Government Ground upon the payment of Ground Rent and therefore holding land subjected to a rent

rent payable to the East India Company may have their property distrained wherever found.

10. In answer to Para 6 I have the honor to state that the arrears alluded to in my letter are the arrears of Ground Rent for the last six years amounting to Rupees 4,465 — 8 — 5.

11. With respect to the distinction made by the Petitioners between Ground Rent and Quit Rent. I have the honor to recall to the notice of the Board that the Ground Rent is a Monthly tax upon land of which the Government does not wish to lose the right of Proprietorship, that it is fixed upon certain spots according to the amount of ground occupied, the nature of the Shops, and their situation. That the Quit Rent is a yearly tax levied upon the ground, in consideration of the Government having given up the Proprietorship but that this distinction does not prevent the Collection of arrears within

within the time specified by the Act XII of 1851 Section XI.

12. I have above stated for the information of the Board that the Petitioners in my opinion must be considered to have been in possession since the year 1850 leaving it to the Board to determine whether the fact of the Shops not having been opened will induce the Board to remit the arrears but if this is granted I would suggest that they should be compelled to remove the building materials of their Houses to enable others to occupy the Ground.—

No. 2.

To,

J. A. Audleston Esqre
Collector of Madras.

Honored Sir.

Para 1. Our Letter to your Honor's address under date the 19th August 1852 is to this day held in contempt silence.—

2. We are at a loss as to the

the motives on which a warrant of distress has been enforced against our personal property, or the reasons on which your honor founds the demand; or proceeds to recover from us a large amount of 450 Rupees as arrears of Ground rent debited against us from 1847.- Should it be under the provision of the New Land revenue Act we must beg leave to observe that, there is vast difference between the Ground and Quit Rent, the rate at which they are assessed being comparatively fluctuating, the one being levied monthly and the other annually at Rupees 17¼ and 1 a ground.- If arrears of Ground rent are to be levied as Quit rent for 6 years, the former will amount 210 times as much as that of the latter, and cannot therefore, possibly be expected with credit to Government or their subjects: Should it, nay, be persevered on, it would be like cutting open (so as it is in our case) the udder of a Cow to realize a large quantity of milk at once to meet that which, during her pregnancy she had naturally withdrawn

having long remained unoccupied
the delapidation of [illegible]
th[illegible]

[illegible] himself passed over [illegible]
We admit, we had from the
commencement, occupied, whole of the
premises by eight sheds built upon it, and
paid the Ground rent punctually. Subse-
-quently from 1843 or thereabout, owing
to the decline of our trade and the decay
of our sheds we ceased occupying
them and no trade was carried in, but
in one of the eight sheds, for which, Poni-
-nappah Chetty the occupant has been
and is, regular in the discharge of both
Ground rent and Assessment. No payment
of either of these rents was made for
other sheds. The Bills for Ground rent
were, however, in the usual course issued
we believe, from omission on the part
of the Conicopillay to bring to notice the
circumstance of the ground being laid
empty; the Amildar had paid little or
no attention to this arrear, he could
have otherwise, issued warrants of
distress then and there, and made
good each Bil[illegible]

for which it was issued, he omitted
to do so, and the Bills were suffered to
accumulate debited against us in the
Accounts.

It is known to your Honor,
4. and it is preceptive that the individuals
having Shops upon the Honorable Compa-
-ny's Grounds, are liable to Ground rent so
long as the Shops exist. This prin-
-ciple was not observed with
regard to us. orelse, the Bills would
have been then and there cancelled
or ceased being issued at once. The
Amildar did not, however, realize the
amount; he could not, in the absence
of occupation of the ground, discern
against whom to proceed nor come
upon us. We are neither owners
of the ground by purchase nor tenants
bound to pay the rent for ever (no matter,
whether we occupy it or not) by lease.
He was cunning enough to rid himself
of the blame. was aware of the new Act
being about to come abroad, and con-
-trived a scheme to ensnare us with
success. In November 1850 he
called

called upon us amicably to pay up the
revenue outstanding - we remonstrated
but upon his offering to remit the arrear
and to charge us with Ground rent from
the date of which we come in actual
occupation of the premises, we agreed
to rebuild our Shops, and carry on
our trade on the Spot, and signed a
writing to that effect - 3 of us had even
paid on a Bill for that Month, not
for it was owed, but as a token of
renewed courtesy.

5 The weather was rainy
we were unable to erect Sheds until
2, after the ensuing of the 6th Month from
the date of our Moochilica - Afterwards
on the completion of the work, the
buildings appearing contracted much
in an abated Dimensions than they
were formerly, and consequently liable
to reduction of Ground rent, we did
accordingly address your Honor a petition
upon which, a Maistry was deputed,
and we believe, he took out a measure
ment, which in tenor, strictly
justified our claim, and may, no

no fresh Bill for modified sum was
issued, and the Amildar persisted
:ing on in the continuance of charging
us with the same sums as theretofore
without even cancelling those Bills
which were already in arrears - but
after voluntarily raising confidence
holding out us to tantalization, he having
deceived us, we left the Sheds empty, and
were obliged to keep above the condition
of our Moochilica - This circumstance,
is known to the Assessment Office, and
the Conicapillay, and shall be admitted
by the Amildar of your Honorable Department.

6 We presume that should
Ground rent either from November
1850 - the date of our engagement - or else
to it, as the warrant of distress, now
in issue, would appear to calculate, be
outstanding, it is not our fault or default.
On the contrary the Amildar and his
Establishment are apparently
blameable for having allowed
it to stand such -

It is necessary to add
here that the new Act provides
that

that parties having objection to an arrears of Assessment, should first deposit it with the Collector, and then lay out his objection to the payment. This, certainly, we are not afforded to conform to our circumstances in comparison to the heaviness of the amount arrears of Ground rent charged against us, is limited, and would not allow us of the facility of going even in shares to discharge it. At the average, breaking the amount into 7 shares, each will be liable to 60 Rupees or less or about that sum which is equal or more than he is worth as a sundry retail tradesman subsisting on the net daily proceeds of his sale, least, he be compelled, he must unavoidably desist from his trade, or, shall be made a sacrifice to the cruelty of the law - indeed it would be considered a cruel attempt perverting our patience - and replete with inclination to cover the fault for neglect of duty on the part of the Public Servants, whom it behoves to see the tax entrusted to

21

to them levied punctually in time appointed for it; the issue of Warrants of distress being left at their discretion and command - the non performance of which duty is, on the face of it, an unquestionable proof that we had no Shops that had we occupied the ground by opening or by making use of it for other purposes, it would have presented for the object of destraint to the Conicapillay: that such never was the case, and the spot was as plain as meadow, none - nothing, to have demand or to complain of for default or to seize it by destraint, and that, however, he allowed the Bills to be issued and fall in arrears, which cannot, under the foregoing circumstances, with propriety, be charged to us - Under the British Government, where the administration is renounced for regard being had to both justice and mercy we cannot be allowed to suffer for an sake of Public economy if not

not for the sake of Public omission

We having pleaded to your Honor at length on the various grounds which we maintain, as well for our inability as for our non-liability to the payment of arrears charged against us, we solicit humbly, and yet most respectfully, that your Honor will see the propriety of ordering the withdrawal of the Warrants of distress, or should that be deemed impracticable; be pleased to transmit this, our humble, prayer, with your re-commendation for the favorable consideration of Higher authorities, suspending at the same time, until a final order be passed by them, the execution of the Warrant of distress against our property.

Sir,

1- I have the honor to report for the information of the Board that upon taking charge of the Office from the Collector of Land Customs, I found that in the Stamp Paper department there is a deficiency of Stamp Paper to the amount of Rupees 2201-11-0-

2- The Stamp Darogah Parthasarathy Modaly who has been in charge of this Department since 1836 upon being questioned concerning this deficiency confessed that during the last four years he has been in the habit of misappropriating Stamp Paper, he states that of the deficiency one third only has been fraudulently disposed of that the remainder has been lost through his carelessness.-

Question-	Answer-
1. On Examining the Stamp Papers in your charge I find a deficiency of Papers to the value of Rupees 2201-11-0- Tell me how this has occurred.-	1. I began to be Stamp Darogah in 1836 I remained honest till within the last four years but since that period I have from time to time sold the Stamp Papers without bringing them to account- I have not misappropriated to myself more than a third

of

4807 14811 Fort St. George 23d. December 1852.

of the above amount, the rest I have lost by my carelessness. In taking up Stamp Papers to be signed by the Collector I sold Paper of higher value and brought to account paper of lower value when the Collector examined the Stamp Papers half yearly I used to Shift the bundles so as to appear that he was counting the different bundles, whereas they were the same. The Collector used chiefly to count the odd papers to see if they are correct.

2. When was the last time that you sold any paper on your account?

2. Before the new checks were introduced by the Collector about 10 months ago.

3. You said that $\frac{2}{3}$d. of the deficiency arose from your carelessness. Explain this?

3. By giving out one or two more papers than what was actually sold and selling accidently higher paper instead of those of a lower value.

4. What have you to say further?

4. I beg to hand over for the deficiency Rupees 1800 and promise to pay the rest in two Weeks. I was led to do this in consequence of family distresses and I am very sorry for it. It is true what I said that only $\frac{1}{3}$d. was taken by me

In Cons: 23d. Decr. 1852.

Sir,

With reference to your letter of the 15th December 1852, bringing to notice the fraud in the Stamp Department, I am directed by the Board of Revenue to inform you that before giving an opinion as to the extent to which the penalty to which the Darogah is liable should be carried, they would in the first instance wish you to report, how far the Sheristadar can be exonerated from neglect of duty with reference to the C. O. of 22d. February 1836, and 23d. February 1837 when you have reported on the further investigation which seems to the Board necessary, they will decide as to the mode in which the Darogah should be dealt with.

From the Commissioners for Enquiring into and Reporting upon Accounts and Statements.

Sir,

With reference to Extract from Minutes of Consultation in the Public Department dated September 13th. 1851, No. 858, I have the honor on the part of the Commissioners of Accounts and Statements to request that you will furnish them with a list in the accompanying Form shewing all Periodical Accounts, Statements and Returns transmitted to your Office from all other Officers whether at the Presidency or in the Provinces.

You will further be pleased to forward a similar list of Accounts, Statements &c. despatched from your own Office to other Offices; the only alteration in the Form being in the heading and in the 2d. Column which must be "To whom sent".

The last Column of the Form is intended to explain briefly the use of each paper received, Viz. what are merely recorded, and what are employed in

2.

in preparing documents submitted to higher authorities &c. The Commissioners will also be obliged to you to state either in that Column of remarks, or in a separate paper, which of the Statements &c. included in either list, can be made less frequent, abridged in Form, combined with other documents, or discontinued entirely, also whether any duplicates or triplicates can be dispensed with.

3. The Commissioners are further desirous to have specimens of all the Accounts Statements &c. contained in the List. They request therefore that you will be good enough to collect and hold in readiness to be sent to them on their requisition, the whole of the Accounts, Statements, &c. received from each Department of Office for the latest year that they can be conveniently spared.

You will please to remember that as where a number of Officers furnish similar Returns to you, one complete set for a year, from any one of the number, will be sufficient for the Commission.
