To,

The Collectors of

Sir,

478·81

Bd. No. 2417

Circular to all Collectors.

In Cons. 19th Septr. 155 A after 2187.

+ Dated 4th June 155

Copy of para 6 with Forms to all Collectors

The Government having reviewed in Extract Minutes Consultation 4th August 1855 the Report of the Court of Wards on the management of the Minor's Estates under their charge as well as of such estates of incapacitated Proprietors as are Committed to independent administration, and having directed the use of certain Forms for obtaining from the several Collectorates in which those Estates lie more systematic information than has been hitherto supplied, I am instructed to furnish you with the accompanying 6 Forms, with an

Para 6

Extract from the first mentioned communication in which the object of these Forms is explained and to request that your attention may be given to the points noticed by Government.

2 The Court of Wards have also been directed to Call for the immediate submission of any Reports for Fusly 1263 which may be still due, as it

14776 Fort St. George 19th September 1855

Copy of para 11 as far as "for the future" to Tanjore Chingleput Madura Tinnevelly Coimbatore and Malabar.

it is the opinion of Government that "it might "fairly be expected that the reports should be "submitted by Collectors within two or at the "most three months and be laid before "Government within four months after the close "of the Fusly to which they refer". In forwarding your Report for Fusly 1263, should you have not done so already, you will be pleased to furnish the details indicated in the Forms now forwarded, but as it is intended that the present Order should come into full operation only in the Reports for Fusly 1264 you are requested not to postpone the transmission of your Report for the previous Fusly in Consequence of any difficulty which may arise in filling up the forms.

3 Government are also desirous that future Reports submitted to them, should exhibit the year in which each property Came under charge of the Court of Wards, together with the Cause of its being under management whether minority or other incapacity, the age of the minor heir, and the year in

14777 Fort St. George, 19th September 1855

in which he will attain his majority and become entitled to possession you are requested to afford all the information in your power on these several heads to enable the Court to embody the same in their Reports.

4 With reference to the Estates of minors not actually under the charge of the Court of Wards, but under that of relatives or parties unconnected with the Court, the Collectors of the Districts in which these Estates lie are required to call upon the managers of such properties to furnish them with accounts of their management, Collectors will then report briefly to the Court of Wards as to their General administration.

Para 10

Revenue Board Office,

(Signed) G. S. Forbes
Acting Secretary

Extract

14778 Fort St. George 19th September 1855

Bd. No. 2544.
From the Secy. to Govt.
Sanctioning the grant of two thirds of the Estimated amount of Tuccavey for cultivation and also the amount required for the manufacture of Salt.

482

No. 1012.

Extract from the Minutes of Consultation in the Revenue Department under date the 4th September 1855.

Read the following papers.

Statement of sums proposed to be advanced in fusly 1265 in the Districts comprising the Northern Circars submitted by the Commissioner 21st June 1855.

Estimates of Tuccavy proposed to be disbursed in fusly 1265 in certain of the Districts under the Board of Revenue, submitted by the Board on the 1st August 1855.

The Governor in Council proceeds to pass orders on the lists submitted by the Commissioner Northern Circars and the Board of Revenue on the 21st June and 1st August respectively of the advances of Tuccavy recommended for Sanction for fusly 1265.

2. The very strong objections to which the practice of issuing Tuccavy as a part of the ordinary revenue system, is liable, have long been recognized. It affords a fund for the peculations of the subordinate revenue servants; it involves inquisitorial interference in Ryots' affairs, it promotes in them a

a habit of depending on the Government, and checks the growth of a self-relying spirit, it tempts them to lose their time in idling about the Talook Cutcherry, and it increases the class of pauper Ryots. In consequence of these evils and abuses the Government have long been anxious to check the practice, and in the course of years the Amount of Tuccavy issued has gradually been very much diminished. From Statements now obtained from the Board of Revenue it appears that whereas the ordinary Tuccavy advances made in fuslies 1233 to 1236 ranged

Fusly 1233 Rs	10,09,838	from 9½ to 11¾ lacs of Rupees, as shewn in the margin, and the number of districts from sixteen to eighteen, in all the years 1261 to 1264 it was between 3 and 4 lacs and the estimate for fusly 1265 is under a lac and a half. In the interval the practice appears to have ceased in eight districts in which it existed thirty years ago, including Cuddapah, Chingleput, and Trichinopoly, in which though they are inserted in the list for fusly 1265, no ordinary Tuccavy is asked for.
" 1234 "	11,43,732	
" 1235 "	10,72,569	
" 1236 "	9,60,385	

3- It appears to the Government that the time has now come when means may be taken for putting an entire and speedy end to the issue of Tuccavy, as

as a part of the ordinary system. In four of the eleven districts in which Tuccavy is asked for in the current fusly, omitting the three above named, the amount stated does not exceed 3,000 Rupees, a sum too trifling to produce any general effect, and it is intended to be distributed, as it ought if given at all, to the poorest, it may well be asked what trusty Agency there is for seeking out such. One effect of Tuccavy, as already noticed, is to foster pauper ryots, and if it was formerly considered desirable to get land taken by this means, that object is now disowned and admitted to be evil.

4- In North Arcot a very heavily assessed district, Tuccavy was suddenly discontinued eight years ago without any injurious effect on the revenue, and without, it is believed, any complaints of inconvenience to the ryots. In Chingleput where the issue of Tuccavy had previously been large the Government in 1253 greatly reduced the amount in fusly 1263, and directed that it should be still further reduced in fusly 1264 and that after the latter year Taccavy should be entirely discontinued. And this order appears to have been acted on without difficulty or remonstrance. The Government are of opinion

6th Jany 1853 No 13

opinion that the same course may now be adopted generally; that where the issues of late years have been large, viz. in the seven districts named in the margin, the issue this year of two thirds the amount of the estimate will be sufficient, that next year it should not exceed one half of such two thirds, and that in fusly 1267 the issue should entirely cease, except in special cases.

	Estimated Amount
Ganjam	11,800
Rajahmundry	24,719
Masulipatam	10,300
Bellary	20,000
Tanjore	45,000
Canara	12,000
Kurnool	3,000

In the four districts ‡ as alluded to above in the beginning of para 3. the amounts asked for are so trifling that probably no inconvenience would result to the ryots were the applications refused altogether even in the current year, but the Government resolve to direct that two thirds may be given this year with the announcement that from next year the issue will cease.

	Estimate Rupees
‡ Vizagapatam	3000
Guntoor	2,600
Nellore	2,910
Timevelly	1,920

6. Of the other three districts in the

list, the Collector of Cuddapah says that Tuccavy is not usually asked for by the ryots, and he does not seem to anticipate that any will be wanted this year, but he puts down the trifling sum of 500 Rupees to meet emergencies. The Government are of opinion that this request need not be acceded to.

7. In Trichinopoly the amount applied for is not for ordinary cultivation advances, but enable some ryots to rebuild their houses which have been burnt down; this should not have been included in the ordinary annual Statement, but should rather be specially reported at the time, with circumstances. The Government now resolve to allow the sum asked for, not as an item of ordinary Tuccavy but as a special grant.

8. The amount set down in the list for the district of Chingleput is not for Tuccavy of any kind, but to form a fund from which to entertain temporary establishments for the custody of such estates as it may hereafter be found necessary during the fusly to sequester for arrears of Kist. This is altogether a novel demand and cannot be complied with. When it becomes necessary to attach an estate,

Cuddapah
Trichinopoly
Chingleput

14783

Fort St. George 19th September 1855.

x Reg: XXVII of 1802 Sec: X.

estate, the Collector has authority to entertain the requisite establishment for its management reporting the case to the Board, and no sanction for an advance for such purposes is at all necessary.

9. Of 1520 Rupees asked for in Tinnevelly 500 is for rebuilding houses burnt down, no occasion for the advance has yet arisen, but it is asked for on the chance of such occasion arising. The Government decline to comply with this request. With reference to this application, as well as to that from Trichinopoly above noticed, in para 7 the Governor in Council would be distinctly understood that Government are not any means to be looked for in such cases as a matter of course. It is only where there may be special circumstances or peculiar distress, that such aid may be properly applied for by Collectors, and always by special report with detail of the circumstances.

10. Advances for the manufacture of Salt stand in the same ground as for cultivation, they are open to the same abuses, and are not more necessary, and the Government resolve to apply to them the same rules. The advances asked for in fasly 1265 are noted in the margin. In Ganjam where the amount is small, two thirds

	Rs.
Ganjam	600
Vizagapatam	3400
Rajahmundry	6542
Masulipatam	8104
Guntoor	2500
Nellore	1500

14784

Fort St. George 19th September 1855

third may be given this year, and the issue discontinued afterwards. In the other districts the same course will be followed as was taken in 1853 in the case of cultivation Tuccavy in Chingleput, and as ordered above in the case of other districts, viz: that two thirds of the estimate should be granted this year, one third next year, and that thenceforward the practice of issuing Tuccavy should cease.

11. In the district of Canara, a sum of 48,600 Rupees is asked for as an advance for the purchase of Salt. It is not clear whether this relates only to Salt brought from Bombay, or whether it includes also the price to be paid from home made Salt. In either case it does not appear that Sanction for an advance is necessary. In the case of home made salt, no advance indeed is made, the Salt is paid for on delivery, and as respects Bombay Salt the necessity of special sanction for an advance for the purchase is not apparent, as it is presumed that the Salt is paid for on delivery, and the charge immediately debited in the accounts.

12. In accordance with the views above.

above recorded, the Government sanction dis-
-bursements of Tuccavy, ordinary and for the
purchase of Salt to the extent
noted below amounting in the
aggregate to Rupees (1,09,151) one
lac, nine thousand one hundred and fifty
one for Fusly 1265 and to Rupees (50,750)
fifty thousand seven hundred and fifty for

After

13. After fusly 1266 it will be under-
stood that the issue of advances for cultiva-
-tion as well as for the manufacture of Salt
forms no part of the ordinary system of the
Revenue administration. Seasons of extreme
drought do occur, such as to render assist-
-ance necessary even to substantial ryots,
and in such exceptional years there is less
objection than usual to the Government
coming forward as lenders. In seasons of
this character, therefore, the Government
will still be prepared to receive applications
for advances. But so great are the abuses
inevitably attending the distribution
of Tuccavy, and so injurious, its effects
direct and indirect, both as regards the
Government servants the immediate
recipients, and the body of ryots in
general, that the Government must
impress both on the Board and on
Collectors the necessity of making recom-
-mendations even in such cases, with
much discrimination and moderation.

Resolved that the transfer of the Salt compensation Certificate No. 62 of the annual value of Rupees 80-4 to S. Poolliah Chetty reported by the Board of Revenue in their letter of the 30th July 1855, No. 1949. be communicated to the Civil Auditor.

2. It seems from the Boards Proceedings of the 4th September that their reports to Government of the transfer of Salt compensation certificates originated in the order contained in Extract Minutes Consultation 30th May 1849. directing the Collector to report to Government for communication

Fort St. George 19th September 1855.

communication to the Civil Auditor the number and amount of the Certificate and the name of the party to whom it is transferred, and the intent of that order was declared in it was that the Civil Auditor should be made acquainted with the transfers, and thus retrenchments be prevented. It appears to Government, however, that it is not necessary that the Office of Audit should take cognizance of such transfers or of the particular parties to whom payment of the amount certificates of this nature is made; all that the Civil Auditor has to regard is, that no more than the proper amount is paid, and the Collector is responsible for paying it to the right party. It will therefore be sufficient hereafter for the Collector to enter in his accounts the number, date, and amount of the Certificate, and the name of the party to whom it has been paid, and it will be the duty of the Civil Auditor to verify only the three former particulars.

3. Ordered that this resolution be communicated to the Civil auditor and the Collector of Madras through the Board of Revenue for their information and guidance respectively.

Captain Priestley will place himself in communication with the Collector of Trichinopoly with a view to the survey of whichever Talook may be selected by Mr. Bird, and will report to the Board, as soon as he is in a position to do so, the probable duration of his operations in Trichinopoly.

(488.90)

Bd. 2428.

Further Proceedings thereon.

Resolved that a Copy of the foregoing Extract Minutes Consultation be furnished to the Collector of Trichinopoly who will communicate to Captain Priestley the Talook which he selects for survey, and at once commence the necessary preliminary arrangements.

2. It will be necessary to have the boundaries of each Village carefully marked on by its Officers who will attend while the survey is going on to point out to the party at work the line of boundary or when it may be necessary jungle must be cleared away and all cases of disputed boundaries should be at once determined by a European Officer so that Captain Priestley's operations may not be delayed by any obstacles of this kind.

3. It seems desirable that either the Arealoor or Woodiarpollium Talook should be selected as bordering on the line of Captain Priestley's present employment. The Board will report to the Board the arrangements he proposes to make after communication on the subject with Captain Priestley.

Bd. No. 2187

From the Secretary to Government

Reviewing the report submitted by the Court of Wards on the management of the Minor Estates under their charge, requesting to direct the Collectors to submit their future reports on the forms prepared by Government and requesting the Court in sending their General Report with the exception of that for Fusly 1263 to include the management of Minor Estates under the Commissioner Northern Circars.

Read the following Papers.

No. 931

Extract from the Minutes of Consultation in the Revenue Department Under date the 4th August 1855

Read the following letter from the Secretary to the Court of Wards.

(Here enter 4th June 1855 No. 1374)

Para 1 In this letter the Court of Wards submit their Report on the management of the Minor Estates under their charge and of those entrusted to the care of independent parties for Fusly 1262, which ended on the 11th July 1853, being very nearly two years after date. At this late period it would serve no useful purpose to investigate the condition or management of these Estates; the Government will therefore merely notice the main particulars of each Estate and add a few brief observations.

2 The total number of Estates under the Court of Wards during the year under report was nine

now the Demands, Collections and Balance on account of each, as they appear in the papers before Government, are shewn in the following Statement.

Districts	Estates	Demands	Collections within the year	Subsequently	Balance	arrears Collected within the year
		Rs.	Rs.	Rs.	Rs.	Rs.
Tanjore	Cabistellum	33,967	28,616	2,301	3050	3295
	Gundracottah	20,230	18,280	551	1399	14,692
Dindigul	Dotoocandoo	4,147	2,826	1317	4	4
Madura	Sevagunga	4,13,801	185,430	196,154	32,216	26,334
Tinnevelly	Paryoor	18,449	17,197	542	710	1,247
	Mannarcottah	11,092	8,646	4	2,445	759
Coimbatore	Sennattoor	6,371	5,144	700	527	1,087
	Colampully					
	Porapolliem	4,850	4121	543	185	720
Malabar	Mayenmaavittah	6,156	4,977	4	1178	1,422

3 This Statement however does not present a correct view of the demands or of the Collections made on account of the revenues of each Estate. In the first mentioned Estate, Cabistellum, the demand on account of arrears is not given by the Collector, although arrears to the amount of Rupees 3,295 were realized.

4 In the Gundracottah and Dotoocandoo Estates also the demand for arrears is not specified, though a Sum of Rupees 14,692 appears as collected on that account in the former Estate, and Rupees 212 remitted in the latter. In some cases, as for instance Paryoor in the Tinnevelly District, items of extra revenue appear distinct from the demand. The Collection of arrears in Shevagunga, as it appears in the Collectors Statements, is not referred to by the Board.

5 Some more complete and detailed information is also desirable as respects the financial position of the several Estates than the Boards Report

Report affords – At present little more can be gathered than the balance to the credit of each Estate whether in Company's paper or in deposited Cash, as shewn in the margin, and even that information is not correctly given. In para 11 of the Board's letter it is stated that the balance in favor of the Gundracottah Estate was Rupees 19,135, of which 10,000 Rupees have been invested in Government Securities, in addition to Rupees 24,000 already so invested, and the balance Rupees 9,135 retained in hand. From this it would seem that the amount to the Credit of the Estate was in all 34,000 + 9,135 = 43,135 whereas from the Collector's letter it appears that the investments inclusive of the 10,000 Rupees were

	Invested in Comp.ᵉ Paper	In Cash
Cabistellum	5,500	9299
Gundracottah	24,000	9,155
Ootoocaudoo		2860
Shevagunga		62,500
Paryoor	10000	1,776
Mannarcottah		6,779
Samuttoor & Cottamputhy		3,186
Porarepolliem		4,505
Moyenmarvittah	1,000	3,360

were Rupees 24,000, which with 9135 in cash, made the real credit to the Estate Rupees 33,135.

6 The various Statements submitted by the Court from the several Districts are without system or agreement with the view of obtaining in future years a correct view of all necessary matters connected with the management of the Estates – the Government have prepared a set of six Forms which are to be used hereafter in making the Reports. The Collectors will submit Statements in these forms to the Court, and the Court will compile all together into one Statement to accompany their General Report. They will also include in their General Statement the management Estates in the Northern Circars, and for this purpose the Commissioner will be instructed to transmit his report to the Court. The forms will shew the Chief Statistical facts of each Estate, as respects the

the number of Villages under each kind of Settlement (No. 1); the particulars of the Settlement of the Ryotwar Villages (No. 2); General Abstract of the demand under all heads of Revenue (No. 3); the Demand, Collection, and Balance from all sources of Revenue (No. 4); the total receipts and charges of all kinds, and the financial result (No. 5) and lastly a comparison of the Demand, Collection and charges with those of the previous year (No. 6). The Statements should be on the same sized paper, and in the same arrangement of it, as the forms.

7. The Government permit the irrecoverable balances noted in the margin being written off as recommended by the Court in para 61 Vizt. Rupees (37,586-15-3) thirty seven thousand five hundred and eighty six, Annas fifteen, and Pice three.

District	Estate	Rs.	A	P
Madura	Shevagunga	37,510	9	1
Tinnevelly	Paryoor	60	"	8
	Monarcottah	16	5	6
		37,586	15	3

8 Independently of the balances to be remitted, the arrears in some of the Estates, as they stood at the date of the several reports, call for the Courts attention; in view to their early settlement either by remission or Collection; for instance the balances in Pundracottah in Tanjore,[x] in the Shevagunga Zemindary in Madura[*] after the remission of Rupees 37,510 as above sanctioned and in the Estate of Moyenmarvitta Conje Ramen in Malabar.

x Para 8.

* Para 19.

o Para 46.

9 It is requested that in future reports, the year in which each property came under the charge of the Court, the cause whether minority or other incapacity, the age of the minor heir, and the year in which he will attain his majority and become entitled to be put in possession of his Estate may be clearly exhibited.

10 Besides the Estates actually under the Court of Wards, 45 Minor's Estates.

Chingleput	25
Salem	14
Madura	2
Tinnevelly	3
Coimbatore	1
	45

Estates in the five Districts noted in the margin were under the care of relatives or other parties not connected with the Court of Wards. These managers are required to furnish the Collectors with accounts of the properties under their charge respectively; and the Collectors report briefly to the Court of Wards as to their general management.

Para 62 The Court notice these Estates in paras 50 to 60 and express themselves as generally satisfied with the management of the properties during the year under review,

Paras 58-59 but they note two partial exceptions in the Shevulputty and Nagalapooram Estates in Tinnevelly. They abstain from noticing the management of the Ramnad Zemindary, as the Estate has been replaced under the care of the proprietor subsequently to the close of the Fusly under report, and as the peishcush is paid with regularity. It is observed that the Collector gives an extremely unfavorable report of the management of that

that property. The Court are requested to explain the circumstances under which the order referred to by the Collector in the latter part of para 5 of his Report[x] respecting a supposed reversionary interest of Government in the Ramnad Zemindary, was given, and what has been the result of the application to the Civil Court.

[x] 31st December 1853.

11 The Court properly intend to urge on Collectors greater promptitude in the submission of their reports for future years. The dates of the reports on the Estates under the Court of Wards in Fusly 1262 are given in the margin. It is seen that the earliest, that of Tinnevelly, is dated four months and the latest, that of Madura, nearly 12 Months after the close of the Fusly. It is observed that the latest of these Reports lay

Tanjore	16th	December	1853
Do	3d	January	1854
Chingleput	22d	December	1853
Madura	8th	July	1854
Tinnevelly	21st	November	1853
Coimbatore	1st	December	1853
Malabar	27th	December	1853

lay nearly eleven months in the Boards Office - In the commencement of this minute the Government have remarked on the inutility of these reports when submitted so long after the events to which they relate - They cannot permit documents adapted to be of interest and value to be thus rendered useless by delay; and they request that the Court will adopt measures for expediting their bringing for the future - It appears to the Government that it might fairly be expected that the reports should be submitted by the Collectors within two or at most three months and be laid before Government within four Months after the close of the Fusly to which they refer - The Court are requested to call for the immediate Submission of any reports for Fusly 1263 still due - and to lay the whole before Government at as early a date as practicable - In doing this they will

Supply

supply so far as the information permits the details provided for in the Forms; but they need not delay their report till they can strictly act on the present order, which will come into full operation in the Reports for Fusly 1264 - The Report of the Commissioner in the Northern Circars for Fusly 1263 is already before Government, and the Courts Report for that year will therefore be submitted independently.

In their concluding para 12 the Court recommend that they may be permitted to report to Government on each Estate separately, as the Collectors report on it comes before them, instead of on all at once. The Government are of opinion that the practice of reporting on the Settlements of all the Estates for one year at one time is by far the best Although, as the Court remark, these Estates are not intimately connected with each other, yet their management by the Officers of Government forms one branch

14766 Fort St. George 19th September 1855.

branch of the Public administration, and it is very desirable that the whole should come under review at once. In this way the Court and the Government obtain a comprehensive idea of the management and its results, which is unattainable where each Estate is reporting on separately. This latter plan consumes far more of the time of the Government than the other; and to much less useful purpose. It is to be hoped that the delays in the submission of the Collector's reports, which are stated by the Court as one chief ground of their recommendation, will hereafter be much diminished.

Statement

14793 Fort St. George 19th September 1855

No. 65.

To

G. S. Forbes Esqr

Acting Secretary to the

Board of Revenue

Fort St. George

491

Br. No. 2165

From the Collector of Bellary ... Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue No. 1244 Dated 21st May last, I am required to furnish the information called for in para 7 of the Minutes of Consultation No. 575 of the 11th Instt in which I am directed in communication with the Military authorities of the Cantonment of Bellary to make further and more specific enquiries regarding the actual number of the inhabitants of the Bruce & Mellor Pettahs who are subject to Civil Law not to Military

2 In my Report on the Military Cantonment four years ago, I stated that "Eastward "of the Fort comprises the Bruce Pettah, "Civil Courts, Collectors Catchery, Civil Houses and

"and the houses now occupied by the General
"Staff of the Division, but a Military Officer
"belonging exclusively to the Garrison seldom
"resides on the East side of the Fort. The
"Bruce Pettah is entirely occupied by Civil
"Inhabitants as distinguished from Military Men
"and Camp followers, and I am not aware that
"there is a single Military resident in this Pettah.
"The Taloot Cutcherry is also in this Pettah,
"and there are Merchants and tradesmen
"entirely Civil who pay taxes of Naturpha
"to an amount not less than 7600 Rupees
"annually."

3. General Steele in his Report to the Quarter Master General, with reference to the foregoing observation of mine, controverted that Statement He wrote in one place "The following Officers invariably reside within that space:—

See letter from the Quarter Master General of the Army to the Secretary to Government Military Department dated 22nd February 1855 No 62 paras 27 28 and 29.

The

"The General Officer"
"The Aide de Camp"
"Deputy Assistant Adjutant General"
"Deputy Assistant Quarter Master General"
"Deputy Judge Advocate General"
"Superintending Surgeon.
"Garrison Surgeon [generally]
"Commissariat Officer"
"The Paymaster" and
"The Deputy Commissary of Ordnance
[Generally]

"The Ground has from time immemorial
"been called the Staff lines and the Military
"inhabitants are more numerous than the
"Civil The space includes the following Military Officers &c

"Deputy Assistant Adjutant General
"D° ——— D° Quarter Master D°
"D° Judge Advocate General
"Commissariat and Police Office, and
"Superintending Surgeon's Office."

And again "The Pettah is stated to be
"entirely

"entirely occupied by Civil inhabitants. It can
"be proved that many of the inhabitants are
"purely Camp followers, viz^z. all the writers with
"their dependants in the various Military Offices
"Whether in the Fort Garrison or Staff lines
"the Mechanics of the Ordnance and Engineers'
"Departments Hired Dooly and Palankeen
"Bearers, Tailors, Sweepers, Barbers Sotties,
"and Lower Classes of servants attached to the
"Military Troops; the Coolies employed in build-
=ing Military Barracks and houses in Canton-
=ment, and a number who derive their livelihood
"from employment by Military means, either
"public or private, all of whom are of that class of
"persons amenable to Military jurisdiction. The
"remainder are bonâfide Civil inhabitants, but
"even these with the exception of the Cutcherry
"and Court employees make their profits in
"supplying the Military Markets. It is therefore
difficult to imagine the information upon
which

"which the Collector has stated he is not
"aware that there is a single Military
"Resident in this Pettah"

And again "It has been shewn that
"the portion proposed to be excluded from
"the Cantonment limits so far from being
"in no way occupied for Military purposes
"contains the Contonment Burial Ground,
"the Artillery Parade Ground, Artillery
"Fuzil Ball practice Ground, the houses
"of many Military Officers, and also those
"of many thousands of Natives who are
"Amenable to the jurisdiction of Military
Law."—

As directed by Government, &
I requested the Officer Commanding the
Garrison to forward me a list of the various
classes coming under the head of Military
followers; and the following is an Ex
=tract from Major General Galdwyn's
"letter

Fort St. George 19th September 1855

letter of 26th June last.

"In reply, I have the honor to forward
"a List of the various classes residing in the
"Brucepettah Bazars coming under the head of
"Military followers."

"Ordnance Department/artizans/
"Pay Office Establishment."
"Engineer Establishment."
"Quarter Master General Establishment"
"Adjutant General Establishment"
"Medical Store Establishment"
"Commissariat Establishment
"Commissariat Contractors"
"Police Establishment"
"Mistries and Coolies of Engineers Department"
"Private and Public Scavengers."
"Doolies and Iron Men"
"Barbers"
"Bakers"
"Arrack Toddy and Drug Venders."

Fort St. George 19th September 1855

"Butlers, Maties and Cooks"
"Horsekeepers and Grass Cutters"
"Owners of Bazars in the Fort"
"Wudders"
"Bricklayers and Coolies"
"Naulbund"
"Hired Bearers"

"The above classes are not
"Registered, but are amenable to
"Military Police jurisdiction. A
"regular Register of them has not
"hitherto been Kept, but their
"numbers are doubtless very large
"and they all derive their means
"of living from Military sources
5. With respect to my previous

14800 Fort St. George 19th September 1855

previous Statement when describing the occupants of the Houses on the Eastern side of the Fort "that a Military "Officer belonging exclusively to the "Garrison seldom resides on the "east side of the Fort" I have nothing to modify, unless indeed to state, that the houses occupied by the General and some of his Staff are actually without the limits of the Cantonment boun=daries.

* Viz General's House. Adjutant General. Quarter Master General, Aide de Camp Superintending Surgeon, as occupied at present.

C.B.

General

14801 Fort St. George 19th September 1855

General Steel's report (as above quoted) bears testimony to the Correctness of my observations on my previous statement But as respects the Bruce and Mellor (i.e the Eastern) Pettahs I must admit that my Statement was not strictly ac=curate - for some of the people enumerated in General Steel's letter and now in Gene=ral Yaldwyn's letter, come under the Class of Military followers - But from a Calculation I have had made of the actual number of persons amenable to Military Law residing in these Pettahs, I am inclined to believe they do not amount to more than about 200 or 300 persons and Certainly not to "many thousands of natives" as supposed by General Steel - The whole population of the Eastern Pettahs is, as per the last Census 19427 Persons, so that the proportion of those amenable to Military Law residing therein would amount to about one per Cent only -

See enclosure No. 1 Note - The actual number found, as per List, is 223 Persons and this includes not only the Registered men but Office servants & Police Peons of the several Military Departments & an Estimate of all private servants even Horsekeepers & grass Cutters of Military men.

* Census of 1260 Fusly 1850/51 A.D.

When I stated, "that I was not aware that there is a single Military Resident

Fort St George 19th September 1855

Resident in this Pettah - "I had in view Registered Bazar men as described in Section V of Regulation VII of 1832 which provides, "In every General Military "Bazar" "at Military Bazar stations" a re-"gister shall be kept by the officer in im-"mediate charge of the Police under this "Regulation, wherein all persons having "houses shops or other buildings or fixed "places within the limits thereof in which "they carry on trade or otherwise supply "or serve the Troops may have their "names and occupation entered - "Now there are only 13 such registered persons "serv-"ing the Troops" on the Eastern Pettahs - while in the really Military "Cowle Bazar" the greater part of such persons are registered, and consequently escape the payment of taxes to the Government - The Population and taxation of Eastern Pettahs is

	Population	Taxation
	19,437	8,176
D^o Cowle Bazar	17,793	96
Total	37,230	8,272

But

Fort St George 19th September 1855

But the List of Persons amenable to Military Law, as given by General Yald-"wyn, renders it necessary that I should modify my opinion that there was not a single Military Resident in the Eastern Pettah. Nevertheless, the whole number of those enumerated in the Major General's List and who also re-"side in the Bruce pettah must be but a small fraction of the 20,000 of Residents in the Bazar - And several of the persons enumerated cannot, I think, be strictly amenable to Mili-"tary Law - for instance, the Commis-"sariat Contractors - the Dhobies - Bar-"bers, Bakers, Arrack Venders, owners, of Bazars in the Fort - Widders, Bricklayers and Coolies, Naulbunds, and Hired Bearers, who, if not re-"gistered as "persons serving the Troops" surely are not amenable to the Milita-"ry Law - They follow their respective Callings serving all persons, Civil or Military

Fort Fulgeorge 19th September 1855

Military indiscriminately - It is true that Coolies are employed when requir= =ed for Military Buildings or other= works from the Bruce Pettah and from other places, but the fact of their temporary employment as such does not make them amenable to be tried by Court Martial or the Military Police - at least I dont think that was the intention of the Regulation - and therefore exclud= =ing these classes for the most part, I should Calculate that the numbers of Military Residents in the Eastern Pettahs did not amount to more than about 200 Persons out of a popula= =tion of nearly 20,000 Persons, and I think that though I was not literally Correct in my estimate of Military Residents in the Eastern Pettah= I was substantially so - It is not because "many derive their means of living

Fort Fulgeorge 19th September 1855

"Living from Military sources that they "are necessarily amenable to Military ju= "risdiction" as the Military authorities seem to suppose, and which mis apprehen= =sion appears to have led them to make an exaggerated estimate of the Military Residents - for if that principle was employed it would include numbers who supply the markets from other Villages and trade in the Town -

I Major General Yaldwyn enu= =merated in his List eight Public Es= =tablishments - But the number of ser= =vants attached to these Establishments will not amount to more than about 250 Persons - including even the establish= =ments belonging to the Divisional as well as the Garrison Staff - and should they all be residing in the Eastern Pettahs which is not the case, they comprise but a very insignificant number of the population

8 The Conclusion I would therefore come to is that -

Major General Yaldwyn 2 Letters dated 26th June and 21st July 1855 enclosures No 2 & 3.

14806 Fort St George 19th September 1855

7 Paymasters
1 Commissariat

1st. Very few in fact only
two Military officers now reside to
the East of the Fort within the
Cantonment limits.

2nd That the Parade grounds to the
east of the Fort are not now neces-
=sarily required for the purpose of
Parade nor for that reason only is
it necessary to Retain the ground
within Cantonment limits.

3rd That out of a population of
19437 Persons, resident in the Eastern
Pettahs only about 204 Persons at most
are really bonâfide Military followers
and amenable to Military law under
Act VII of 1832.

4th That the Fort, and Cantonment
Westward of the Fort, are properly
and strictly Military.

5th And that all Eastward of the Fort
is Civil as distinguished from Military
Containing the Civil and Sessions Court
the Subordinate and Inconsiderable Courts of
Collectors Cutcherry the Police Cutcherry
Recorders the houses of many Military men

No 2

To C. Pelly Esqre

Collector of Bellary

Sir

In reply to your letter No 190 of the 12th Instant, I have the honor to forward a list of the various classes residing in the Bruce Pettah Bazar coming under the head of Military Followers.-

Ordnance Department (artizans)
Pay Office Establishment
Engineer Establishment
Quarter Master General Establishment
Adjutant General Establishment
Medical store Establishment
Commissariat Establishment
Commissariat Contractors
Police Establishment
Maistries and Coolies of Engineer Department.-
Private and Public Scavengers
Dorbies and Iron men
Barbers
Bakers
Arrack, Toddy, and Drug Venders
Butlers

 Fort St George 19th September 1855

Butlers, Maistries and Coolies
Horse keepers and Grass Cutters
Owners of Bazars in the Fort
Wodders
Brick Layers and Coolies
Naikbunds
Hired bearers

The above Classes are not registered but are amenable to Military Police Jurisdiction- a regular register of them has not hitherto been kept but their numbers are doubtless very large and they all derive their means of living from Military sources.-

I presume that the information you have now sought for has resulted from a report forwarded by Major General Sir Scudamore Winde Steel formerly Commanding the Ceded Districts and in which I fully concur in every respect upon the proposal to limit the Boundary of the Military Cantonment of Bellary, but as it may be probable that you have not been furnished with a copy of the Report in question I shall be happy to supply one if required.-

(Signed) J.W. Yaldwyn, Major Genl
Commanding Bellary

Commandants Office.-
Bellary 26th June 1855.-

(A true Copy)
(Signed) C. Pelly.
Collector

No 3.

To C Pelly Esqre
Collector of Bellary

Sir, In reply to your letter of the

the 13th Instant, I have the honor to informs you that I can only give you the actual number of persons in the Commissariat and Police and Pay Departments residing in the Pettah the two former amount to 200 and the latter as per information afforded by Captain Greenlaw to 10

I applied to Captain Green-law for similar information respecting the other Establishments mentioned in your Letter, but he is unable to furnish it.-

I would suggest your apply-ing to the Officer Commanding the Division for any further information you may require on the Subject.-

I conclude that your object in applying for this information is to show the small number of persons residing in the Patta but it strikes me that the few Writers, Conico-polies and others attached to the several Establishments would afford no correct idea of the actual number of persons inhabiting

inhabiting the Pettah who are intimately con-nected with the Military Department, and draw their means of living therefrom.-

I have no hesitation in saying that a moiety of the population of Bruce pettah are in one way or another connect-ed with the Military, and that the majority of the Merchants and Dealers paying Veesabaddy have extensive dealings with the Artizans and Labourers employed upon public and private works are entirely dependant upon the Military for their livelihood.-

From all I can learn, the proposed transfer of the Pettah is much disliked by the Inhabitants and unless there are cogent and important reasons for enforcing it, it is to be hoped that the System now obtaining and which has worked so well for such a number of

14815 Fort St George 19th September 1855

of years, and which was introduced in consequence of the many evils found to attend the system now sought to be revived will induce Government to allow matters to remain as they now stand.-

I need scarcely add that the protection afforded by the Military under existing circumstances would, I presume, be with-held, should the present arrangement be altered.-

Read

14816 Fort St George 19th September 1855

Bd No 2426
Proceedings thereon

Submitting with reference to Extract Minutes Consultation 11th May 1855 letter from the Collector of Bellary affording the information required relative to the limits of the Military Cantonment in the Bellary District.

In Cons 1st May 1855

(491.2)

Encs 2 & 3.

Read also Paras 6, 7 & 11 of Extract Minutes Consultion dated 11th May 1855 passing orders on the Board's letter of 20th May 1852, respecting the limits of Military Cantonments, and calling for a further report from the Collector of Bellary on the proportion of Civil and Military residents in the Bruce and Mellor Pettahs previous to coming to a decision on the proper limits of the Military Cantonment at that Station.

In accordance with the instructions of Government Mr Pelly has placed himself in communication with the officer Commanding Bellary previous to reporting on the population residing in the Bruce and Mellor Pettahs and Major General Yaldwin is unable to state the exact number of persons who are subject to Military Law as a regular register of them has not been kept hitherto he adds their numbers are doubtless very large and they all derive their means of living from Military Sources." There are 22 classes of such people

people enumerated by the Major General comprising Clerks and Artizans domestic Servants, and tradesmen and owners of Bazars—

2 Mr. Pelly finds it necessary to modify his report of 26th August 1850, in which he mentioned that he was not aware that there was a single resident amenable to Military law in the Bruce Pettah, From Enclosure 1 of his report it would appear that there are 204 Heads of families who being registered under Regulation VII of 1832, as serving the troop are amenable to Military Law—

Incons. 5th Septr. 1850

3. Mr. Pelly objects, and the Board concur in the objection, that Commissariat contractors Dhobies, Barbers Bakers Arrack, Venders owners of Bazars in the Fort Wudders, Bricklayers, Coolies and Naukbunds and Hired Bearers should be classed by the Officer Commanding as Camp followers, if they are not registered as serving the troop for these persons have undertaken their trades for the sole convenience of the Military, but in the exercise of their profession for their own advantage, do service alike to the Civil and Military

Military residents

4. The Census of 1850/51 states the population of the Eastern Pettahs to amount to 19437 and the No. of persons under Regulation VII of 1832 is shown to be 204 affording a proportion of about 1 to 100 between those strictly amenable to Military laws and those under Civil Jurisdiction. In the Military Cowle Bazar on the other hand which has a population of 17793 persons, the Majority of the population are registered as amenable to Military law, and exempted accordingly from Moturpha, so that 96 Rupees only are levied on these 17793 persons whereas in the Eastern Pettahs the amount is 8178 collected from 19437 persons, The comparison evidences clearly the different character of the population in the Cowle Bazar and Eastern Pettahs—

5. The expediency of the exclusion of the Eastern Pettahs from the limits of the Cantonment rests entirely on the Character of the population, and under that view of the question Para 7 of the Extract Minutes Consultation of the 11th May required further and specific information—

6. Mr. Pelly's letter in the opinion of the Board sufficiently proves that an immense Majority of the inhabitants of the Eastern Pettahs are properly subject to Civil law

14819 Fort St. George 19th September 1855.

No. 94

To

G. S. Forbes Esqre

Acting Secretary

to the Board of Revenue

Fort St. George

(493)

B.d No. 2151.

From the Collector of North Arcot

Sir,

I have the honor to state for the information of the Board of Revenue that I have received direct from Government Extract minutes of Consultation dated the 26th Instant on the subject of the method in which the proposed remission of the assessment of this District is to be carried out.—

With reference to minutes Consultation dated 26th July 1855 offering certain observations on the proposed revision of assessment in the District of North Arcot—

2. In the above Extract a misapprehension on my part of the exact character of the operations to be undertaken is adverted to and I am referred to Paras 38 to 44 of the late Collector's report of October 23d 1854 as describing the course proposed to be followed— Para 39 of that report, is particularly adverted to, as specifying the object to be obtained—

14820 Fort St. George 19th September 1855.

and para 42 as describing the method by which it should be accomplished.

3. But Para 42 of that report applies entirely to the Southern Talooks, and my remarks were, as I should have stated, intended to refer merely to the Northern Talooks with the exception of Sutwaid, for the Pymaish and Teerwah settlement accounts of the 5 Southern Talooks and of Sutwaid are not among the records of my office and unless I can procure them or a sufficient substitute for them, I shall not be able to carry out the remission in the same manner as that which I proposed to employ in the Northern Talooks.—

4. The accompanying three Statements have been prepared to enable me to explain fully to the Board the manner in which I proposed to conduct the revision of the assessment of all the Northern Talooks except Sutwaid

Fort St. George 19th September 1855.

Sutwaid.—

5. Statement No. 1 which is an Extract of that part of Mr. Graeme's Teerwah Dittums of Fusly 1715. that refers to the Nunjah lands of Chittoor Talook shews the manner in which the Villages and the Nunjah lands of each Village of the Talook were divided into Clafses the quantity of Grain in Columns that each clafs was estimated to produce, the amount that was deducted for the allowances of the Subordinate Village servants Toties, Taliars, Carpenters, &c. the method in which the remainder was divided between the Ryot and the Government and lastly the rate at which payment of the Circar share in kind was commuted into Money

The Curnums and Monigars are paid by a deduction from the Government share.—

6. Statements No. 2 exhibits in Rupees the amount payable to Government on each clafs of land, in lieu of the Government share of the produce Column No. 3 shows

Fort St. George 19th September 1855.

shows the Tax on one crop Columns 4, 5, 6, and 7 show the additional tax paid for a second crop according to the nature of the irrigation—

7. Statement No. 3 shows the manner in which I had proposed to remise the contents of No. 1 so as to afford a guide as to the amount of remission within 30 per Cent and above 10 per Cent of the present rates, to be made in each clafs of land. The data in No. 3 are entirely assumed. That the estimate of the productive powers of the different clafses is too high, is undoubted, and the rule of an equal distribution of the Nunjah crops between the Ryot and the Government has been abandoned as unfair to the former. I am aware that one third of the produce is too low a rate at which to take the Government share, I have only inserted it to test its effects in reducing the Teerwah. The Village rates of the prices of nunjah grain for the last

last 10 years have only been ascertained in the Cauveripauk Talook, an apparent difference will be observed, in the classification of the Nunjah lands in the 2d and 3d class Villages in Statement No. 3, the cause of which is, that the productive Estimate of the 1st class land in the 2nd class Villages being identically the same as that of the 2d class land of the 1st class Village, I have considered that it would simplify the accounts to call each 1st class land of the 2nd class Villages, second class, having but one classification for the whole Talook, The 2d crop has been calculated at half the 1st crop not at 7/8ths 3/4 and 5/8 as has been customary—

8. Should this revision of the data on which the present rates are fixed in the Northern Talooks so as to form a guide for the extent of the permanent remission not be considered desirable, tho' I feel assured

assured it might be rapidly and successfully performed my labours must be confined to a reduction of from 10 to 30 per Cent of the present rates as shown in Columns 3 and 11 of the Statement No. 2 Column 3 gives the rates on one crop land, and Column 11 of two crop land, of the tax in the 2nd crop is calculated at one half of that fixed on the first—

9 In the event of its being desired to confine the remission entirely to a deduction of a certain percentage from the existing rates without reference to the data by which the rates were arrived at, I request that the Board will be so good as to furnish me with specific instructions to that effect—

10 I have not adverted to punjah lands, as the Teerwah was fixed upon them on the same principle as on the Nunjay—

North Arcot, Collector's Circuit Cutcherry Palmanair 28th July 1855.— } (Signed) C. Whittinghame Collector

1825.

Fort St. George

19th September 1855.

Nort

...nanair 28th July 1855

(Signed) C. Whittingham
Collector

Bd. No. 2429.
Proceedings thereon.

Requesting to raise the assessment by per centage remissions according to the principles laid down in Mr. Bourdillons report of 23d October 1854 and the orders passed upon it by the Board and Government including the instructions recently given in Extract Minutes Consultation 26th July last and report his proposed arrangements when he has decided upon the scale of reductions.—

(493.4)

In Cons 31st July 1855.

In this letter Mr. Whittingham mentions the receipt of the instructions contained in Extract Minutes of Consultation dated 26th July 1855, and their proceedings to detail the manner in which he had previously intended to revise the assessment of his District. He forwards 3 Statements in illustration of his proposed measures and concludes by asking to be specifically informed if the revision of the assessment is to be confined to a deduction of a certain percentage from the existing rates without reference to the data by which the rates were arrived at.—

2. It has been laid down in the above orders of Government to which Mr. Whittingham alludes that it is unnecessary to enter into an investigation of the productive powers of the soil or determine the portion to be left to the Ryot, or fix a new commutation rate, it is therefore unnecessary for the Board to review

review the Statements now laid before them further than to observe that in the alterations proposed to be made in the assumed produce of the lands and the commutation prices, the percentage reduction is greater on the lower assessments than it is on the higher whereas generally the highest assessment require the largest relief. The objects in view is to give relief to the People & promote the cultivation of the waste lands by reducing the present rates of assessment. For this purpose it was proposed by Mr. Whittingham's predecessor and approved by the Board and Goverment that percentage remissions should be granted to the different classes of land in a Talook or Nunjah at various rates written on fixed limit. For instance in the case of Nunjah lands the reductions are to range from 10 to 30 per cent according to means of irrigation general advantages

Vide No. 13 of the Printed Selections of Madras Government.

advantages of soil and vicinity to a market—

3. Mr. Whittingham will therefore proceed to revise the assessment in this manner according to the principles laid down in Mr. Bourdillon's report of 23d October 1854. and the orders passed upon it by the Board and Government including the instructions recently given in Extract Minutes of Consultation of the 26th July last In apportioning the rates of reduction so as to give the largest relief where it is most wanted and retain at the same time a practical equality in the value of lands to their cultivators an examination of the proportion of land left waste in a class or a talook will be valuable assistance and when Mr. Whittingham has decided on the scale of reductions to be made he is to report his proposed arrangements

In Cons. 11th Jan.y 1855.

In Cons 21st July 1853.

arrangements to the Board with explanation of the causes which have influenced him in fixing the rates for the different localities—

4. Second crops on Nunjah land are to be taxed uniformly at 50 per Cent of the modified assessment—

5. In those Villages in the Southern talooks which Mr. Nisbet left incomplete it will be necessary to measure and classify the lands for which purpose a temporary Establishment is provided It will be advisable to follow the course adopted by Mr. Nisbet in the classification so that these Villages may be on the same footing as the others by which they are surrounded—

6. In Para 3 of his letter Mr. Whittingham observes that his office does not contain the Pymaish and Teerwah Duttum for Sutteraid and the 5 Southern talooks But for such a revision of the assessment as it is intended to make those Statements would

Fort St. George 19th. September 1855.

would not be required and the Board must presume that the Collector has sufficient data at his command as his records have been described to certain Grannvar accounts for the talooks

Letter of Sub Collector in charge to Board 12th. February 1875

No. 123.

To
G. S. Forbes Esqr.
Acting Secretary to the
Board of Revenue.
Fort St. George.

(495)
B. No. 2537.
From the Sub Coll. in charge of North Arcot

Sir.

With reference to your letter of the 29 Ultimo calling upon me to report what police officer has now charge of Ranepett or Arcot what occasion there is for recommending the reemployment of a Police Ameen and a Cutwall and what additional number of peons is absolutely necessary, I do myself the honor to state for the information of the Board that the Civil Police Ameen of Ranepett has the charge of the Town and that his establishment consists of 1 Goomastah 1 Duffadar and 10 Peons. There is also a Cutwall with an Establishment of 1 writer 2 Duffadars and 25 Peons. The sudden withdrawal of the aid since afforded by the Military Police tends greatly to impair the efficiency of the present establishment should the Board however deem it expedient

14834

Fort St. George 19th September 1855

expedient to sanction the reemploy-
ment of the Military Police Ameen
and Cutwall I beg to recommend
that at least 8 additional peons
should be employed as being &
absolutely necessary to keep up
the efficiency of the Police in &
preventing crime and maintain-
ing the peace.—

North Arcot
Magistrates Office,
Chittoor 4th September 1855

Signed R. M. Binning
Joint Magistrate
in Charge.

Order thereon

Ordered to be submit-
ted to Government with the
previous correspondence.

To.

The Secretary to Government
Revenue Department.

495-b

B. No. 2422.
To the Secretary to
Government
Revenue Dept.

Sir,
Parat

I am directed by the Board
of Revenue to submit for the orders
of the Right Honorable the Governor
in Council the correspondence noted
in the Margin regarding the
police of Rancepet,
or arcot.—

From Coll. 6 In Cons. 29th Augt. 1855.
To Coll. 29 Augt.
From Coll. 4 In Cons. 19th Septr. No. 2557-1855.

2

The Collector of
North Arcot in his letter of the 6th
August forwarded to the Board
an application from the &

In Cons. 29 Augt. 1855.
dated 13 July/55.

14835

Fort St. George 19th September 1855

Joint Magistrate Mr. Binning for the
continued employments under the
civil authorities of the police
force abolished by order of Govern-
ment (Extract Minutes Consultation
11th May) when arcot ceased to be &
Military cantonment.—

In Cons. 21 May/55

3

Mr. Binning represents that
the civil police is scarcely adequ-
ate as it now exists, to the protection
of the place and that in seasons &
when crime is prevalent it is wholly
inefficient the Military police
force consisted of an ameen on
50 Rupees.—

A. Cutwall — 21
Mootsuddy — 10
Duffadar — 7
5 Peons @ 6 each — 30
Doondiah — 5
Tontom — 2

These persons Mr. Binning proposes
to reemploy and Mr. Whittingham
seconds his recommendation.—

4

The Board before refer-
ring the matter for the orders of
Government desires to be inform-
ed what police force is at present
maintained in Rancepet and
how many additional peons
were

14836 Fort St. George 19th September 1855

were considered absolutely necessary.—

Letter of 4th Jn Cor 19th Sept. 1855.

5 Mr Binning states that the present force consists of a Police Ameen.—

Goomasta.—

Duffadar and 10 Peons

besides whom there is a cutival with a writer.—

2 Duffadars and 25 peons.

6 He recommends that if the whole of the late Military establishment be not reemployed 8 additional peons should be entertained as both the Collector and Joint Magistrate are of opinion that an increase of force is necessary I am directed to submit the correspondence for the orders of Government with a recommendation that in consequence of the withdrawal of the Military police the Civil Establishment should be strengthened by the addition of 8 Peons at Rupees 4½ per mensem each. This would entail a Monthly charge of Rupees 36 instead of Rupees 125 the cost of the late Military Police force and as the Civil Establishment already contains a Police Ameen and a Cutival, this addition would in the Boards [illegible]

14837 Fort St. George, 19th September 1855.

opinion give a sufficient support.—

Extract from the Minutes of Consultation in the Revenue Department under date the 13th September 1855.

Read the following letter from the Acting Secretary to the Board of Revenue

/Here enter 5th September 1855 No. 2304

The Governor in Council must observe with reference to Mr. Underwood's remarks in his letter which accompanies the foregoing letter from the Board of Revenue that the Obligation on the Government to provide Stowage room for Goods, arises simply out of their detention for examination on payment of duty and is therefore limited to such as are so detained. The obligation cannot be extended to Goods which the Government permit to be removed by the Consignees, whether it be Convenient to such parties so to remove them or not. It should be clearly understood that the fact that Consignees are unable to find room to Stow Goods, by no means makes it incumbent on the Government to find such accommodation.

2. The Board will call Mr. Underwood's attention

14844 Fort St. George 20th September 1855

attention to the order of Government of the 12th July respecting rent to be charged on Goods left in the Custom House, to which an early reply is desired.

3. Adverting to the Order of Government of the 5th July last desiring that an estimate might be submitted for enlarging the accommodation in the Custom House, the Governor in Council resolves to call on the Chief Engineer for information whether the Estimate has been prepared and when it is likely to be laid before Government.

B. No. 489.
From the Collector of North Arcot
Reports on the Settlement of North Arcot for Fusly 1263.
A.D. 1853/54

Sir
Para 1

I have the honor to submit the annual Statements relating to the Land Revenue of this District of North Arcot for Fusly 1263. 1853/54 according to the accompany List.

2 Agreeably to the instructions contained in the Board's Circular of the 9th December 1854, detailed Jummahbundy accounts of one Village are herewith forwarded in Hindoovie, the original language in which they were written. All the other Statements that have hitherto been forwarded in that language, are now transmitted in English as directed in the Board's Circular dated 16th November 1854.

3. The Board will observe from the List, that Statements according to the forms Nos. 2, 5, 7, 8, 9, 10, 13, 21, and 25 which accompanied their Circular of the 13th June 1853, are not forwarded.

No. 2 (the Population census) will as the Board have directed in their Circular alluded to be transmitted in Fusly 1265, the last return having been furnished in 1260.

No. 5 (the Rent Roll) will be due for this District in Fusly 1264, as this return, which was ordered in Minutes of Consultation dated 7th May 1850 (para 12) to be transmitted Quinquennially, was last forwarded in Fusly 1259 - No. 7; Statement showing the Ayacut has not been prepared in consequence of the imperfection of the Pymash account, the confounding and obliteration of the boundaries of fields common in this District, and the impossibility at present of effectually rectifying these defects. Owing to the severe drought and consequent universal distress which prevailed during the year, the Jummahbundy Settlement of the District was extended to an unusually long period, and so much time was necessarily occupied in ascertaining with accuracy the extent of failed crops, which was very great, that no leisure was afforded for any enquiry connected with the Pymash accounts. Statements Nos. 8, 9, 10 and 13 cannot be filled up until the Statement No. 7 has been prepared. With reference to the Board's observation in Para 19 of their Proceedings dated the 12th October 1854 that form No. 21 should

"should have been transmitted filled up according to the Kistbundy of the district &ca.", it is necessary to explain that "Kists" in this District are merely nominal, the practice is to collect the revenue at the harvest, and not by Kists. Statement No. 25 is inapplicable to this District, as the practice of granting Tuccavy or advance for cultivation, has been entirely discontinued with reference to the Board's Proceedings of the 28th August 1845. —

4 Under the instructions contained in the Board's Circular dated 3d October 1853, the Settlement of the Talooks,* comprising the Sub Division, was conducted by Mr. Bourdillon, the late Collector in the year under report, and an equal number of Talooks in the Principal Division were settled by Mr. Binning, the Sub Collector, with the exception of twenty three Villages in the Chendragherry Talook, the settlement of which was made by the Assistant Collector Mr. Carmichael, with a view to his obtaining an opportunity of acquiring the knowledge adverted to in the Board's Circular dated 13th

march

Fort St. George 20th September 1855

March 1854 - Of the remaining six Talooks, forming the principal Division, the Settlement of three, Chittoor Palmanair and Vencatgherry Cottah, was made by Mr. Bourdillon the late Collector, and of the three others, Vellore Trivullum and Satghur, by Mr. Sullivan, the Head Assistant. The settlement of the District for the Fusly under report was commenced by Mr. Bourdillon on the 1st March 1854 in the Poloor Talook, & was concluded in the Trivullum Talook on the 5th November 1854 by Mr. Sullivan - The cause of the prolonged period to which the final settlement of the revenue of this District extended was the necessity for instituting very careful enquiries into the causes and extent of failure of crops which was so general in consequence of the extremely unfavorable nature of the season -

5 The following statement shows by what Officer, and at what place, each Talook was Settled - The Maturpha or Jummabundy of Conjeevaram was made by Mr. Bourdillon and the Puttahs were distributed

Fort St. George 20th September 1855

distributed by the Head of Police at that Station -

9 The new transmission of Rent Roll has been explained in Para 3 of this report.—

Season and sanatory state of the District.—

10 The character of the season of the Fusly under report was most unfavorable. The early rains in May were so very scanty that the cultivation of Poonjah was very much restricted. In consequence of the severe drought, which prevailed in the Months of June, July and August, the Carr cultivation was much impeded and much of what was raised failed. The continued drought from September to January caused great loss in Sumbah and Navaray cultivation. Sudden and heavy rains in March, accompanied with hail, did considerable damages to the Nowrah and Raggy crops. Under these circumstances heavy to a very considerable extent occurred during the year in all descriptions of cultivation.—

11 Cholera prevailed in almost all parts of the District. The reported number of deaths from this cause, is shown in the subjoined Statement, which also

also exhibits the loss of life from fever and ague in the Talooks of Vellore, Santyhar, and Chendragherry.—

Fusly	Cholera	Fever	Total
1262	2177	2213	4390
1263	2811	422	3233
Increase	634		
Decrease		1791	Net Decrease 1157

12 The loss in Cattle is shewn in the following Statement, and is chiefly ascribable to want of pasturage and fodder. The Mortality was less than in the previous year.—

Fusly	Cows and Bullocks	Buffaloes male and female	Total
1262	7243	3622	10865
1263	1221	544	1765
Decrease	6022	3078	9100

13 The following abstract Statement shows the average prices of grain in Fuslies

14854 Fort St. George 20th September 1855

Fuslies 1262 and 1263 – This and the Talookwar statement have been prepared on the basis of a Measure of 120 Rupees weight of grain.

	38	9	8
Total	118	3	9

as per account.

Rupees 1-16-6 on account of Fuzzulla Jaster. The charge for Caboolaty waste was not in any way regulated by a reference to the cultivation made by the ryots under their own private Wells, agreeably to the instructions contained in the Board's Circular dated 25th November 1852.

30. The subjoined table exhibits the amount remitted under the heads of Chickdapooldy Boganushty and Stellacummy. The cases of Chickdapooldy and Boganushty were investigated at the Jummabundy and remissions granted only in cases where the want of water for cultivation was satisfactorily proved. In the cases of Stellacummy remissions was granted where the waste exceeded one fourth of a Stell as is laid down in the Hookumnamah.

14865 Fort St. George 20th September

In the Talooks settled by the late Collector 58,864-9-1.
Do. by the Sub Collector 46,340-4-2
105,204-13-3

31. A sum of Rupees 105,204 - 13 - 3, as noted in the Margin, was granted as remission on account of Shavee or Crops totally perished during the Fusly under report - In the preceding fusly it amounted only to Rupees 19 - 11 - 11, being a net increase in the former of Rupees 105,185 - 1 - 4. The cause of this very considerable diminution in the revenue was the adverse state of the season of fusly 1263. The ryots, as usual, in anticipation of the periodical rains, cultivated largely in the early part of the year, and the severe drought which prevailed afterwards caused the destruction of the Crops; & so severe was the drought, that in many places even the crops irrigated by wells perished - Mr. Bourdillon, the late Collector, directed that the Manigars and Ryots in each Village should not remove their withered crops from the fields till the fact of their destruction had been ascertained. Where the perished crops had been grazed by Cattle, remission was nevertheless given after enquiry into the fact of failure, in consideration of the state to which the cattle were

14866 Fort St. George 20th September 1855

were reduced from want of fodder. —

32 Remission in Poonjah (unirrigated) crops was allowed in cases, where the failure was fully and satisfactorily proved and remission for short produce on poonjay land, was also given. These were exceptional measures had recourse to in consequence of the disastrous Nature of the Season and were on the representation of the late Collector Mr. Bourdillon, sanctioned by the Board in their Proceedings dated 15th May 1854 - The general principle upon which remission for short produce in poonjay was given, was to assume that all poonjay lands, except those irrigated by private wells and those ascertained to have failed, had yielded short produce - Remission was also granted for short produce in Nunjah-land, occasioned by failure of water, where the loss was ascertained to have actually occurred - The Statement below will shew the remissions granted both for Poonjay crops and Nunjah Cultivation

Amount

		Rupees a P	Rupees a P
Amount of Poonjah Cultivation			387,140 12 0

				1438 6 4
Total remissions granted for Short produce in Poonjah and Nunjah Cultivation				74476 11 11

In the Puttahs granted to the Ryots, it was clearly stated that this indulgence was granted under special circumstances and only for the Fasly under report.—

In

Remissions on the Cultivation

33 In the fusly under report, Remission to the amount of Rupees 1,295-1-3 was granted on account of Poonjah cultivation raised in Nunjah lands and irrigated by private wells, and old and ruined wells restored by the labor and at the expence of the Ryots, there being no water in the tank under which these Nunjah lands were situated. In these cases the Nunjah tax was remitted and the tax of the 1st Class Poonjah land, was levied instead.—

34 In the remissions allowed under the Items of "Ponipoodty" and "Poymally" there was a decrease of Rupees 2,454-14-6 in the former, and Rupees 493-0-9 in the latter, attributable to the drought which prevailed during the Fusly under report.—

35 In the remissions granted for Cowle lands, there is a decrease of Rupees 5-9-5, owing to the increased assessment, in accordance with the conditions of the Cowle rules. In the Fusly under report no lands were granted on Cowle. The Statement of Cowle remissions for the Fusly under report, has been prepared in conformity

conformity with the directions contained in Para 23 of the Board's Proceedings dated 12th October 1854.—

36 Under "Bilmucta Reyaet," there is an increase of Rupees 34-13-. The sum of Rs. 46-12-7 was levied as Jodeeghee on Cultivation in certain Villages of the resumed Mamundoor Polliem, & Rs. 11-15-7 remitted, in consequence of a Portion of land in the Chendraghirry Talook having been encroached upon by the Soornamooky River.—

37 In the remission allowed for Nothungal, there is a decrease of Rupees 978-11-5, which occurred in consequence of the extent of land taken up for raising the young plants, having been much smaller than in the preceding Fusly, from the unfavorableness of the Season.—

38 Under "Teazgarry Remission" General Remission of 12½ per Cent and "Chatoor Bagum" there is a decrease of Rupees 34,485-13-5, as noted in the Margin, owing to the very considerable diminution in the Cultivation.—

	Rs. a. p.
In Teazgarry	2,305-12-11
Chatoor Bagum	13-2-3
In 12½ per Cent	32,166-14-3
	34,485-13-5

39 Under the "Shrotriem Remission," there is a decrease of Rupees 292-4-1, in consequence of the Revenue of the Villages having been carried wholly to the credit of

of Government, and allowances in money disbursed to the Parties concerned, as authorized in the Minutes of Consultation dated 24th April 1854 No. 477, communicated in the Board's Proceedings of the 8th May 1854.—

40 Under the "Dusbundum Remission," there is a decrease of Rupees 385-12-7, owing to the failure of rain and consequent diminution of Cultivation.—

41 Under the head "one fifth payable to Poligars," there is a decrease of Rupees 67-8-10, caused by the diminished Cultivation. The Proceedings of the Board of Revenue communicating the orders of Government (Minutes of Consultation 24th April 1854 No. 477), that a deduction of Rupees 175 should be made from the Peishcush payable by the Zemindar of Cauvetnuggur, in lieu of his half share of the Village of Condapoliem, having been received after the Settlement of that Village was closed and Puttahs issued, the orders of Government could not be carried out in the fusly under report, but will be obeyed when the Settlement of the Village

	Total	307 10 11
		323 10 10

14876

Fort St. George 20th September 1855

The recoverable sum of Rupees 15-15-11 remains to be realized by the sale of property attached by the Court. Of the irrecoverable amount a sum of Rupees 172-10-6 was credited to sevoy Jummah, as the teerwah of Dusbundum Enams, in Palmanair Talook, which were attached in consequence of the Dusbundum tanks having been allowed to fall out of repair. The Enams having been subsequently restored, the sums, brought to account, require to be written off as below.—

For Fusly 1261 - 86-3-11
For Fusly 1262 - 86-6-7
Total 172-10-6

The Sum of Rupees 130-9-6, constitutes the income of certain Monigars in Wundiwash Talook, brought to account for the periods during which the Offices remained vacant from casualties. Subsequently other Manigars, who had performed the duties of the deceased incumbents, claimed the amount; and as their claims were allowed by the late Collector Mr. Bourdillon, it appears that this amount should be disbursed to them. The sum of Rupees 4-6-11, is the teerwah of a flower garden within the compound of

of a Pagoda in the Poloor Talook, which was improperly brought to account and was therefore remitted at the last Jummabundy. Under the Circumstances above detailed, I request that sanction may be obtained for striking off the sum of Rupees 307-10-11.—

45 The following Memorandum shows a decrease in the Revenue in the Hill Villages.—

Talooks	Fusly 1262	Fusly 1263	Increase	Decrease
Vellore	947-7-6	631-12-10	"	315-10-8
Poloor	749-"	432-"	"	317-"
Total	1696-7-6	1063-12-10	"	632-10-8

46 Under the head of Amanee Villages in the Mamundoor Poleem there is a decrease of Rupees 51-3-9 occasioned by the failure of rain and consequent diminution in cultivation.—

47 Under the head of Cowle lands, there was a decrease of Rupees 7-6-1, occasioned by certain portions of Cowle land granted to the late Mr. Groves, having been taken up for public purposes, as authorized in the Minutes of Consultation dated 9th December 1853, communicated

communicated in the Board's Proceedings of the 19th Idem.—

48 Under the Items of Jody noted in the Margin, there is a decrease of Rupees 2971-15-3, attributable to a diminution in cultivation.—

	Rs. a. p.
Enam Jody	1655-10-4
Dusbundum	115-13-5
Village Enam	1200-7-6
Total	2971-15-3

49 There was an increase of Rupees 679-15-3 under the head of "Topadayem", in some Talooks, and a decrease of Rupees 830-3-6 in others, as shown in the Margin, leaving a net decrease of Rupees 150-4-3 The causes of the former are, that certain Topes which had hitherto been annually rented, were included in the Puttunt Topes, and that the revenue derived from Mangoe Topes was higher. The causes of the latter are, 1st, the decrease in the number of productive trees, some having

Increase	Rs.	a.	p.

having fallen, some withered 2ndly, the retention only of the land assessment, where it was usual to collect two teerwahs, one for trees, the other for ground on which they stand 3ndly, the discontinuance of the assessment levied from Manigars and Ryots on unclaimed charity topes &c., the giving up the tax, on trees under the shade of which the weavers carry on their trade. This last abandonment of revenue was made under the consideration that the weavers already pay the loom tax.—

50 Under the head of "Cavil Cundayem", there is a decrease of Rupees 168-14-10 in the Talooks noted in the Margin. The cause is attributable to the following circumstances

	Rs. a. p.
Cauverepauk	48-13-7
Poloor	27-15-1
Wundiwash	52-8-2
Other Talooks	39-10-0
	168-14-10

The decrease in the Cauverepauk Talook, is in consequence of diminution in the contract of Salt Petre and in the cultivation of Cavel cundayem assumed Enam Jodee Lands. In Poloor Talook to the contracted cultivation on lands situated on Hills. In the Wundiwash Talook,

Talook, to the discontinuance of a tax denominated "Summadum", levied, in addition to the land assessment from Shepherds, Bazarmen Betel sellers, Ryots &ca. residing in the Village of Dasoor. The late Collector Mr. Bourdillon, on after due enquiries, considered its enforcement improper.—

51. Under the head of rent of one year on Tapodayem &ca. there is an increase of Rupees 647-13-5, which has arisen from the Revenue Collected on Mangoe Topes in the Fusly under report, having been greater, than in the preceding fusly.—

52 The following abstract Statement exhibits the gross demand, the deductions from it and the remaining net demand.—

of

Of the sum under enquiry Rupees 150-1-4 were not realized in Sutivaid and Cauverypauk Talooks on account of boundary disputes in four different Villages. Rupees 16-14-3 are due by a Ryot in the Sub Division, who urges that the land was left waste - The matter is under enquiry by the Sub Collector. Rupees 12-7-6 are due by Mr. Turner at Vencutghirry or Cottah, who states that there is a deficiency in his Puttah lands - The Subject is under enquiry by the Tahsildar. Of the amount irrecoverable, a sum of Rupees 190-8-3. is due by indigent Ryots, by Ryots who have died, and by those who have left the District. The sum of Rupees 26-1-3, the amount of an item termed "Davustanum Oobeim", a tribute levied for the support of Pagodas from certain parties in the Chittoor Talook ~~[illegible]~~ had been remitted, under the Sanction of Government dated 8th December 1854, communicated in the Board's Proceedings dated 5th February 1855 - Rupees 52-1-9 are the Enam Jody due by six Ryots of the Chittoor and Chendraghirry Talooks, who have left their Enam lands entirely waste - Rupees 4-8-2 have been brought to account by mistake as Fussuljasty teerwah for land irrigated by

by private wells in the Village of Keelpaukum in Wundiwash Talook - Rupees 10-15-11 are due for one and the same land entered in two Villages, which lie on the boundaries of this and the Salem Districts On enquiry it was ascertained that the disputed land belonged to the Salem District, the amount therefore should be remitted - The sum of Rupees 6-4-6, is the excess above the fixed teerwah, erroneously entered in the accounts of two Villages in Sutivaid Talook Out of Rupees 40-4-1 Rupees 5-7-6 have been improperly carried to account as Fussuljasty raised under private wells on account of Dittum bunjer; the land having been left waste in consequence of its having been covered by water - Rupees 34-12-7 have also been improperly brought to account as Fussuljastee raised under a private well in the Village of Oossoor by the Dittum land left waste by the ryot being in another Village Povunay. These two items occurred in the Wundiwash Talook. The sum of Rupees 25-14-9 is due on account of Certain Cowle lands belonging to the late Mr. Groves, which have been appropriated for public purposes in Fusly 1262 - Authority has been granted in the Board's Proceedings dated 19th December 1853 for remission of the amount due on these lands

lands upto Fusly 1261, and a similar Sanction is required for Fusly 1262 - Rs. 2-10-10 due to a Curnum for Mairah, were brought to account by mistake in the Cauverypauk Talook - Rupees 21-6-3 due for lands cultivated in Fusly 1263 in Wundiwash Talook, were included by mistake in the Cultivation for Fusly 1262, which therefore require to be remitted - Under the circumstances above detailed I request that sanction may be obtained for writing off the sum of Rs. 380-10-9-58 Out of Rupees 1805-2-6, being the sums recoverable and irrecoverable for Fusly 1261, alluded to in Para 18 of the last report, a sum of Rupees 1199-15-4 was sanctioned by Government under date the 6th of November 1854 to be written off, but previous to the receipt of this order a sum of Rupees 15-14-2 had been recovered in the Palur Talook. The sum written off therefore was Rupees 1184-1-2. The Amount recovered upto 31st December 1854 was Rs. 770-14-10, which with the Amount written off amounts in the Aggregate to Rs. 1255. The remaining balance still outstanding was Rs. 550-2-6 in which are comprised the sums detailed as recoverable and irrecoverable.—

Fort St. George 20th September 1855

Of the amount under enquiry, a sum of Rs. 33-8-4 was not realized, pending boundary disputes in two Villages of the Sutwaid Talook, and which remains therefore to be adjusted hereafter. Rupees 22-6-9 were not realized inconsequence of Mr. Turner having complained of a deficiency in his Puttah lands at Vencutghirry Cottah. This Subject is under enquiry and will be settled hereafter. Of the amount irrecoverable, a sum of Rupees 93-7-6 is due by indigent Ryots. Rupees 3-10-5 by a Ryot in Chendragh-hirry Talook. The Charge was erroneously entered for land said to have been in excess but it was afterwards ascertained that there had been a mistake in the Measurement. A sum of Rupees 15-10-3 was due for the one and the same land entered in two Villages, which lie on the boundaries of this and the Salem District. On enquiry it was found that this disputed land was attached to the District of Salem the Amount therefore should be remitted.

Fort St. George 20th September 1855

a sum of Rupees 6-5-6 was brought to account by mistake as Fussulj asty teerwah on certain land irrigated by a Ryots own well on account of land left waste by another Ryot, who is a brother of the above said Ryot. The sum of Rupees 6-1 was for Fusjulj aster teerwah erroneously brought to account for lands watered from the late Mr. Groves own tank in Chittoor Talook. Under the circumstances above detailed, I request that Sanction may be obtained for writing off the sum of Rupees 119-7-9.

59 A balance of Rupees 378-1- remained outstanding for Fusly 1260, as mentioned in the 59th Para of the last report. Of which a sum of Rupees 63-12-11 was erstruck off as authorized in the Minutes of Consultation dated 6th November 1854 Rupees 120-6-5 have been since collected upto 31st December 1854. and the recoverable and irrecoverable portions of the remaining sum of Rupees 193-13-8 are exhibited below.—

Total				193	13	8

Of the amount under enquiry, the sum of Rupees 65-11-7, is that alluded to by Mr. Binning in para 69 of his Report on the on settlement of Fusly 1262, as remaining unrealized in consequence of boundary disputes, &c. between certain Villages of the Circar and the Calastry Zemindary - Rupees 23-2-0 are due from Mr. Turner in Vencutgherry Cottah, whose objections have been stated in Para 57 of this Report - Of the amount irrecoverable a sum of Rupees 24-7-0 is due from indigent Ryots - Rupees 5-5-9 is the teerwah of a Piece of land included in Mr. Groves Cowle, but entered by mistake by the Curnum, in the accounts, as Puttah land. Rupees 41-1-3 were illegally brought to account as Teerwah of piece of land in the bed of the late Mr. Groves own tank, which, in accordance with the terms of his Cowle, he was to enjoy free of Rent - Rs. 5-3-2 were improperly brought to account for Fuslyjasty raised on Enam land irrigated from the late Mr. Groves own Tank. Rupees 5-11-10 were charged by mistake as teerwah on a piece of land Cultivated by Mr. Groves

Groves, out of the land granted in lieu of that tank up for the use of Gramaunttum of Cun=jeecundegay Village in Chittoor Talook, out of the land held on Cowle by the late Mr. Groves. Under the Circumstances above detailed, I request that sanction may be obtained for writing off the sum of Rs. 81-13-0

60 The balance of Fusly 1259, stated in para 50 of the last Report, was Rupees 93-15-7, of which Rupees 3-10-9, being excess teerwah irrecoverable, was struck off agreeably to the sanction of Government dated 6th No=vember 1854. The particulars of the remain=ing sum of Rupees 90-4-10 are exhibited below.—

Amount outstanding on account of boundary disputes - - - -	87-4-3
Teerwah of the same land entered in two Villages in sutwaid Talook.	3-0-7
Rupees	90-4-10

The first sum is outstanding on account of the boundary dispute alluded to in para 50 of the last report.—

61 The balance of Fusly 1258, as stated in Para 51 of the last Report, was Rupees 25-15-9, which is outstanding on account of the boundary disputes alluded to

to in the preceding paras - Measures will be adopted for settling the boundary dis=putes as early as possible, as directed in Para 16 of the Board's Proceedings dated 12th October 1854.—

62 Information as regards Tuccavy or advance for Cultivation in this District, is given in Para 3 of this Report.—

63 Statement No. 5, herewith forwarded, shows the amount of charges for Fusly 1263.—

64 In Mettapollien, in the Chendraghirry Talook, some land had been granted to a certain person, as Enam for Alamaganum, or assembling the Ryots for clearing the River Channel whenever required, and for performing the duties of a Toliar, as no person of that descrip=tion had been appointed to the Village. This Enam land having been destroyed by inundation; other Nunjah land was allowed to the Enamdar in lieu thereof, under the sanction.—

14899 Fort St. George 20th September 1855

sanction of Government dated 18th July 1854, communicated in the Proceedings of the Board of Revenue dated 27th Idem - The following Statement shows the extent of the former and present Enam land as also the Teerwah and Jodee fixed on the same. —

Description	Extent		Teerwah			Jodee		
	C	a	Rs.	A	P	Rs.	A	P
Former Enam land								
Poonjah	3	"	10	8	"			
Nunjah	"	7 1/4	14	3	6			
	3	7 1/4	24	11	6			
Deduct								
Washed away	"	7 1/4	14	3	6			
Remaining	3	"	10	8	"			
Fresh land								
Nunjah	"	5 6/16	14	3	6			
	3	5 6/16	24	11	6	8	13	8

It is now reported that the Enamdar is unwilling to perform the two separate duties above mentioned on condition of receiving the payment of Rs. 15-13-10 per annum, which is the amount of the maniem after

14900 Fort St. George 20th September 1855

after deducting Jodee, and that no other persons are disposed to undertake those duties with the Maniem, unless the Jodee is remitted - I therefore beg to recommend that Sanction may be obtained for remitting the Jodee in question. —

Poodoopaudy Coocoondy Ladaveram Yaseanoor and Shrotriem Valavanoor. —

64 The Villages noted in the Margin were until fusly 1263, attached to the Cauveripauk Talook - Their distance from the Talook Cusbah, Wallajahpatt, was the occasion of very great inconvenience and trouble in transacting public business connected with them - They are situated South of the Polar and Contiguous to the Arcot Talook. Mr. Bourdillon, the late Collector considered it therefore necessary to transfer those Villages from the Cauveripauk to the Arcot Talook, and issued Orders accordingly to have effect from Fusly 1264. I therefore request

Fort St. George 20th September 1855

request that this transfer of the 2 Villages in question may receive the approval of the Board.

66 Statement No. 28, exhibits the Number of Plantations and Trees grown by individuals at their own expense, under the new Rules - an additional Column has been added to this Statement for entering the Revenue as directed in the 7th Para of the Board's Proceedings dated 12th October 1855 - The Government Plantations and trees in this District will be included in the Statement for Fusly 1265.

67 I enclose Copy of a Report received from the Sub Collector of the four Talooks settled by himself. As

Fort St. George 20th September 1855.

68 As I joined this District after the expiration of the Fusly under report and have been in it so short a period, I have omitted to make the usual mention of the qualifications and Conduct of the Assistants and other Subordinate Officers -

North Arcot.

1262. 1268

Land Rt.						
Collectors Salaries &c including Tent allowance	7,197 9 8	7,383 15 8	1907 4 . . .			The increase is chiefly from the Salary of Mr. J. D. Bourdillon from April to June 1853 having been adjusted in the Current Fusly.
Post Mamoolies & Tent Hands	4,444 13 4,444 13 1 3					
Hoozoor Sibbendy	31,183 4 4	31,761 5 2	578 . 8 . . .			The increase arises from the Pay of Sibbundy in the Sub Collectors Cutcherry for June 1853 of Fusly 1262 having been disbursed in the Current Fusly 1263, and the Pay of Hoozoor servants for vacant periods being left them in Fusly 1262.
Talook Dr	50,623 5 8	77,386 9 7	. . . 3236 12 1			The Decrease under this head is owing to the Pay of Sibbundy in some Talooks for June 1854 not having been Charged in Fusly 1263.
Village Dr	1550 2 6	1541 9 1	. . . . 11 5			No remarks necessary.
Hoozoor Saudor = ward	2,959 8 16	2861 7 10	901 15			The Increase arises from the Consumption of Country paper Lamp Oil &c articles having been larger, and to the higher price they were sold in Fusly 1263 and to the value of French paper charged in Fusly 1262, being adjusted in the Current Fusly 1263.
Talook Dr	2275 1 10	3483 3 9	808 6 11 . . .			The Increase arises chiefly from the greater Consumption of Country paper and Lamp Oil &c articles, and the value of those articles having been dearer in the Current than in the preceding Fusly.
	19258 . 10	19367 4 1	1195 10 9	3237 10 6		
Compensation in lieu of resumed Lands Offices and previleges	3738 10 4	3311 2 11 3	354 3 11 . . .			This increase arises from the allowances of certain Poligars in the Palmanair Talook having been disbursed as per the recent sanction of Government.
Pensions and Charitable allowances Chargeable on the Revenues	2134 11 7	2977 2 . 5	8440 1 10 . . .			This increase arises from the disbursement of arrears due to certain Yesmiahdars and to the Dinger Khanah expenses of Arcot and Vellore from January to June 1853 in Fusly 1262 having been adjusted in Fusly 1263.
Irrigated Lands Tanks and Channels	duty — many Sibbendy.	1150 5 12 6 5 5 . 900 7 0 11 . 81 7 8 8 1 9 . 7	1979 0 11 7 . . .			This increase arises from the sums advanced for repairs of Tanks &c &c having been greater in Fusly 1263 than in Fusly 1262.

To

14993 Fort St George 20th September 1855

No. 65.

To

C. Whittingham Esqre
Collector of
North Arcot.

Sir

Para 1. I have the honor to submit report upon the particulars of the Jummabundy or Revenue settlement of the four Talooks of Sholinghur, or Cauverypank, Chendragherry, and Suttivaid, for Fusly 1263 (A.D. 1853.4) which was conducted by me in accordance with the directions conveyed in the late Collector Mr Bourdillon's Tamil Memo No. 19 of the 17 of January 1854, or whereby he desired me with reference to Para 3 of the Circular letter of the Board of Revenue under date October 3d 1853) to undertake the settlement of the four abovementioned Talooks, signifying at the same time his intention of conducting that of the sub division of the District himself - a subsequent Memo No. 114 of March 15th 1854, informed me that Mr Carmichael assistant Collector had been deputed to

to make the settlement of 50 Villages in the Talook of Chendragherry (23 of which are Ein or paying full revenue to Government and the remaining. 27 Jodie and Shrotriem & quit rents) in compliance with the orders conveyed in the Board's Circular dated March 13th 1854. The settlement of these Villages was accordingly performed by the assistant Collector but as he made no report thereon, I have included them in the ensuing particulars of the Talook of Chendragherry. The necessary accounts of the Land Revenue settlement of the four Talooks [noted in the margin] are also submitted.—

I Comparison of Revenue and remissions in between Fuslies 1262 & 1263.—
II Do. of Motorpha.

2 The general character of the season of Fusly 1263 in comparison with the preceding Fusly, has & I regret to state been decidedly unfavorable The amount of Revenue yielded by the four Talooks under report is less than that of Fusly 1262 by Rs. 142,838—4—8. The rains in May, June, and July were trifling and partial and consequently in some places a great extent

of Poonjah or dry cultivation was burnt up by drought, and entirely lost while in other parts it yielded a poor and scanty crop.— The Nunjah or wet lands situated under the larger Tanks which retained rain water that had fallen during the preceding Fusly, towards the end of March and those lying contiguous to the Palar and Soornamookhy rivers as wells as some irrigated by wells and which had been cultivated with Kar crops in June and July. yielded a moderate amount of produce; but in other places where the crops depended in a great measure on the rains there has been a total loss of cultivation. On account of the failure of the accustomed rains between August and January, and deficiency of water in the rivers already & named. a considerable extent of Shavee or loss of Crop has & likewise taken place, in the cultivation of Sumboo and Namra rice after February the wells in many places were completely dried up, and the people and their cattle suffered severely from drought.—

In

14996 Fort St. George 20th September 1853

3 In point of health, this Fusly appears to have been equally unfavorable. In the early part of the season. Cholera prevailed to an alarming degree in the town of Sholinghur and neighbouring Villages, and was also very general in Chendragherry Talook Suttiwaid sufferred slightly from this epidemic while Cawverypank appears to have escaped the disease entirely. The number of deaths from this cause, in these three abovementioned Talooks, amounts to 589. Fever and ague has besides been prevalent in Chendragherry and to this 58 deaths have been attributed. The subjoined statement exhibits the number of deaths reported to have resulted from these epidemics in Fuslies 1262 and 1263.—

Talooks.

4 The loss in Cattle has been comparatively small, amounting to no more than 231 (namely 169 [illegible] Cows and [illegible] bullocks and 63 buffaloes) but a very large proportion of the Cattle suffered so much from want of pasture and water as to be quite unfit for the purposes of Cultivation.—

5 The following abstract statement shews the average price at which Sumba and Kar rice were sold in Fuslies 1262 and 1263. This has been prepared according to a measure containing 120 Rupees weight of Koolthee or Horse grain. The Ryots in respect to sale of their rice have this Fusly had a some what better season than the last, having realized 2/5th per cent above the rate at which they sold their grain in the previous Fusly.—

6 This settlement of the Summabundy of 4 Talooks for Fusly 1263 was commenced at Sholinghur on the 16th of March and concluded in Cawvery-panck Talook on the 25th of August after the following Fusly had commenced. The delay was chiefly owing to the length of time occupied in examining alleged shares or loss of crops of which as previously stated there was very considerable amount. The entire number of Puttahs distributed amounts to 28807 including 2272 given out by the Assistant Collector. The following statement shews the names of the places at which puttahs were given in each Talooks.—

Net decrease

81,647 10 8 15,582 6 10 97,230 1 6

Fort St. George, 20th September 1855.

11 A deficit of Rupees 97,415—7—2, has occurred in the Fusly under report, in cultivation of every description, excepting Droovapyree (or plantations of Cocoanut, Mango &c. trees) where the teerwah is levied on the land itself without reference to the number of trees) and Potakaul (or garden cultivation) on Punjah land, as shewn in the foregoing Statement. In Droovapyree and Potakaul on Punjah land, there is a small increase of Rupees 185—5—8. The whole shows a Net decrease of Rupees 97,230—1—6, below the preceding Fusly, and this may be attributed entirely to the failure of the customary annual rains, already adverted to in Para 2. Of the abovementioned increase of Rs. 185—5—8, a sum of Rupees 64—11—10 has been derived from Droovapyree in the Talooks of Sholinghur and Conveypauk and Rupees 120—9—10 from Potakaul on Punjah land (including Fuslzasty) in the Talook of Suttiwaid.—

12 The various remissions granted at the Immabundy Settlement are set forth in the following Table.—

13 In the above statement the whole of the Remissions granted in the Fusly under report, are exhibited. Of these, very considerable sums have been allowed in every Talook on account of the following items. Vizt. Land which had been but partly cultivated, Land which had been ploughed &c. but not sown, and Loss of second crop, in lands usually producing two annual crops, coming under the heads respectively of Stulla Cummy, chickur pooldie and Bogamusty. This has been occasioned by want of rain. The particulars of such remissions will be seen in the annexed statement which also exhibits the sums brought to account.

Fort St. George, 20th September 1855

14 The amount of rent fixed on lands used in Fusly 1263 as Natungaul or seed beds (in which rice is first sown previous to transplantation) comes to Rupees 2,998 – 5 – 9; and of this sum, only Rupees 6 – 3 – 9 have been carried to account, being levied on certain spots of which three fourths of the ground had been cultivated. The remission, Viz^t. Rupees 2,992 – 2 – 8 exceeds that granted in the preceding Fusly by Rupees 654 – 13 – 0. In many places, the young plants raised on these seedbeds, were lost; as the failure of rain had rendered the soil, into which they should have been transplanted, unfit for the purpose.–

15 A very large sum of Rupees 46,340 – 4 – 2 appears under the head of remission granted on account of Shavee or total loss of crops, during Fusly 1263. The cause of this has already been explained. In the preceding Fusly, there was no shavee – and consequently no remission. In the early part of the season, the ryots were induced to cultivate largely in hopes of favorable weather, and timely rains, an expectation which very generally ended in disappointment. Where wells existed, the

fields

Fort St. George, 20th September 1855

fields were irregated thereby, as long as the water lasted, and some of the Crops were by these means preserved; but in many places the wells dried up and the produce was lost, and in nearly every place where such means were not available, the crops perished from drought. Circular orders were sent by the late Collector Wm. Bourdillon, to the Tahsildars of all Talooks, directing them to instruct the Monigars and Ryots in every Village to keep their withered and dead crops on the fields, as satisfactory evidence of their claims – – – – – – – – for the concession of remissions. In certain parts, cattle had been allowed to graze on the dead crops, which consequently were not visible; but in every case where it was satisfactorily proved that such crops had existed full – remission was allowed. The annexed Statement shews the particulars of Remission granted for Shavee in Fusly 1263.–

from the revenue of that Village, but in the Fusly under report it was disbursed from the Treasury, (according to Yakeed Rs. 207 of 1854 issued by Mr. Bourdillon to the Tahsildar of Chendragherry) and in consequence there appears a decrease of Rupees 60 under the head of Shotrem reyoyet.—

19— In the customary remission of 12½ per Cent allowed on the lands in the Talooks of Canveypauk, Sholinghur, and Chendragherry, there is a decrease of Rupees 16,988–10–1 and in the Dusabundhum remission allowed on Tanks constructed by private individuals, there is a decrease of Rupees 139–14–9, below the preceding Fusly; owing to the great diminution in cultivation during the Fusly.—

20 A Sum of Rupees 228–8–8 appears under the item of remission of half teerwah, granted in this Fusly to ryots cultivating Punjah lands with Nowra or inferior rice (agreeably with Mr. Bourdillon's order dated August 12th 1854) by which process, small crops were raised in the Villages of Poodoospandy Coorum and Parangee in Canveypauk Talook.

21 A Sum amounting to Rs. 7148–4–1 has been remitted in this Fusly to Ryots at different rates as shown in the subjoined Statement, on account of the very trifling quantity of produce yielded by certain Punjah and Poonjah lands in all four talooks, owing to the deficiency of water. Of this, a Sum of Rupees 7108–11–0 has been granted according to the

Circular

* Teerwah of the lands—8 } 27059–11–3
amount remitted— 7148–4–1

22 An amount of Rs 173-4-10 has been allowed in this Fusly as remission of Nunjah Teerwah on account of Poonjah crops raised on Nunjah lands after digging new wells and repairing old. This was granted according to a Circular Order dated February 6th 1854, accompanied by a Proclamation intimating to the Ryots that on account of the badness of the season first Class Punjah Teerwah will be levied on Nunjah lands cultivated with Poonjah Crops under wells, during this Fusly.—

24 In the revenue fixed on lands situated in the Villages of Mamundoor and Baulapully attached to the resumed Pollium of Mamundoor, there is a decrease of Rs 51-3a 9p below last Fusly, attributable to the decrease in cultivation

25 Under the head of Sodies or light quit-rents payable on Land Enam, Dasabundhum Enam, and Shrotriem Villages, there is a decrease of Rs 16-14a-13a-3p, caused by a great portion of lands of the description being thrown out of Cultivation, through the failure of rain in this Fusly

26 In a Takeed, dated May 25, 1854 addressed by Mr Bourdillon to the Tahsildar of Sholinghur, that Gentleman directed, with reference to the orders conveyed in Minutes of Consultation dated April 24, 1854, that infuture, the entire Beriz of the Village of Condapollium, in Sholinghur Talook, should be carried to account instead of deducting as has heretofore been the custom, one half thereof on account of the Canvetnugger & Zemindar: Government having ordered that a sum

sum of Rs 170 should be deducted instead, from the annual Peishkush payable by him.—The instructions contained in that Takeed have not been carried into effect, in this Fusly, as the revenue settlement of that Village had been already conducted, and puttahs issued, according to previous Mamool, before the Takeed was received.— A sum of Rs 96-14a being one half of the Beriz of the Village abovementioned for Fusly 1263, was deducted at the settlement, on account of the Zemindar, shewing a decrease of Rs 67-8as 10p below last Fusly, occasioned by the diminution in cultivation.—

27 The amount of the Net revenue of the four talooks, as reported upon including Moturpha, Tank fisheries &c is exhibited in the following statement shewing a Total of Rupees 3,33,739-11a 2p which is less than that of the foregoing Fusly by Rupees 139,657-7a-3p

Abstract of Rs. 1,05,67 as on

the preceding Fusly, fallen under the head of

Miscellaneous Revenue. This is attributable

Miscellaneous Professional Case. This is attributable

to the following facts. — The Farmer of Tannerypaud

in Walajapetta and Conneypaum Talook have been

upon different families embracing the same Trade,

dissentinued, and a permanent Case settled upon

the several Shaver. Vide Collector Memo

No. 350 dated August 10, 1855 —

Carrying a deficit of Rs. 30 —

The Taxes formerly levied on Male

or marriable people, used by the

sellers of Betel leaf Vide Tarrad No.

been discontinued. Vide Tarrad No.

dated August 19, 1854 showed

by Mr. Brudellow to the Talooldar

of Karneypaum, wherein a

decrease of Rs. 35,15,4

arises a deficiency of Rs. 30,15,4

The remainder is owing to under

Collys having been given up

Conveyance of Little Trade. —

29 In the Item of Tank-fisheries, there is an increase amounting to Rupees 3,344 — 3 as — " ⊙ in excess of the preceding Fusly, of which Rs 2,510 have been derived from the great Tank of Cauverypank, and the remainder from sundry other tanks, rented by different parties.—

30 The extent of cultivation of sugar cane and indigo upon evin Sircar as well as Enam lands, is exhibited in the following statement.— In comparison with the preceding Fusly there appears a decrease in the article of indigo to the amount of Rs 2,393 — 1 as 1 ⊙ owing to the failure of the annual rains, and an increase of Rs 661 6 as 2 ⊙ in sugar cane which was cultivated where artificial means of irregation were available.— It does not appear that cotton has been grown in any part of the four Talooks.

The

15035 Fort St George 20th September 1855

The balances inserted in Column 5 of this Table are due from the five villages of Poodoopandy, Landavarum, Cookoondy, Yasayanoor and Valavanoor, the latter a Shrotrium, which have recently been transferred from the Talook of Cauverypauk, to that of arcot (vide Mr. Bourdillons Memo No. 271 dated September 16-1854) as they happen to be situated on the South side of the Paulaur river. These balances are therefore to be Collected in the latter named Talook. Requisite orders have been given to the Tahsildars of the respective Talooks, for the Collection of the amount of balances set forth in Column 8-

34 The particulars of the balances outstanding for five past Fuslies, viz^ts from 1258 to 1262 inclusive are set forth in a statement transmitted by me to the former Collector Mr. Bourdillon, with a Memo No. 176 dated August 22-1854, strict orders having been issued by me, at the same time, for the realization of these balances - The records of your office will enable you to form an opinion

15036 Fort St George 20th September 1855

as to which of these sums are recoverable, and what number may be set aside as without chance of recovery and I request that you will be so good as to solicit the sanction of Government for writing off such as may be deemed irrecoverable - My own office contains no records affording information on this particular - The outstanding balances for the five Fuslies above alluded to, are shown in the annexed Table, as they stood at the termination of the Fusly under report, and also the amount subsequently Collected up to the end of November as well as the balance still remaining -

From

15040 Fort St. George 20th September 1855

From a Memorandum (No. 176
dated August 22. 1854.) sent by me to the Collec-
tor, as already mentioned in Paragraph
34th you will perceive that the balance of
Sewai Summah for the two Faslies
above mentioned, amounts to Rupees 62-8-
0, of which 12 annas and 3 pice have
subsequently been paid, leaving a balance
of Rupees 61-12-1, mentioned in the
foregoing Statement.-

38 In Conclusion, it
only remains for me to state that I
have had reason to be satisfied with the
Conduct of the Public Servants attached
to my Office as well as those employed
in the Talooks now Reported on.-

Proceedings thereon-

Reviewing the report on the settlement of the district for fusly 1263-

527.8

The settlement of the Sub Division of this district and of three of the Talooks which form part of the Collector's usual charge was conducted by the late Collector Mr. Bourdillon four other Talooks were settled by Mr. Binning the Sub Collector and the Head Assistant Mr. Sullivan settled the three Talooks which constitute his charge Mr. Whittingham therefore reports on the settlement made under his predecessors direction-

2 Owing to the protracted enquiry which was considered necessary in consequence of the losses sustained from a most unfavorable season the Jummabundy was not concluded till November-

3 In North Arcot as elsewhere the failure of rain in June, July and august and subsequently in November December & January caused both dry crops and Nunjah to perish to a serious extent and greatly diminished the out-turn of what

in that was reaped-

4 Cholera and fever accompanied the drought but on the whole the mortality from these causes was not greater than in the previous year and the loss of cattle was less notwithstanding the unserviceable condition to which they were reduced-

5 Throughout the season prices remained exceedingly high, entailing great privation on the poorer classes- In consequence of the unpromising commencement of the season the breadth of land taken up for cultivation was less by 45066-5 3/10 cawnies than in Fusly 1262 the assessment on this extent is calculated at Rs. 204,322 while out of the extent is set down for cultivation in the Dittum 21,442-11 cawnies bearing an assessment of Rs. 34,156-2-1 was left uncultivated. Altogether the actual decrease in cultivation as compared with the preceding year was 55,474-14 11/16 cawnies assessed at 268,276 Rs. 10 A. 4 P.

6 Besides the loss of revenue resulting from diminished cultivation it

it was necessary to give extensive remissions- The amount remitted under the heads of Chikedpoorade & Shitta Cumi and Bogonustum was Rupees 93,900-15-10 about double the remission under these heads in Fusly 1262. These with other remissions of which the principal were-

Minha or Teazgary	12,001	7	11
and the general remissions of 12 per cent on Talooks N. of the Palaur - -	87,311	3	5

amounted in all to 391,642 Rs. 12-11. This amount is exclusive of the deductions from the Beriz under the heads of Mairah Damashojee and 20 per cent to Poligars amounting in all to 65,772-11.-

7 The measure of relief thus granted having been approved at the time by the Board on the representation of the late Collector it is unnecessary to comment upon the details in which it was applied- The Board are satisfied that the officers of

of the district exercised both care and deligence in investigating the particular Circumstances which demanded relief.

8 Mr. Whittingham remarks in para 42 on the decrease in the allowance of village officers occasioned by the falling off in the Beriz of the year, as these servants however benefit proportionately by the increased Cultivation in favorable seasons the Board do not Consider that their case requires notice.

9 The Cultivation of Sugar Cane and indigo were affected like that of all other kinds of produce by the general drought, but the falling off does not appear to have been great.

10 The Board observe that a balance of Rupees 80,289-2-2 under the head of Sevoy Jumma being interest and Commission, has been postponed pursuant to their orders Mr. Whittingham proposes to report on those items in the amount

of interest in the Course of Collection which he Considers should be remitted. The balance of Sevoy Jumma is 1,121-14-10 of which Rupees 798-4 due on Fusly 1262 are in Course of Recovery of the remainder a portion is irrecoverable and will also be reported upon hereafter.

11 The total balance due as Sevoy Jumma on Fuslies 1261-62 is Rupees 323-10-10 of which 15-15-11 is in Course of Collection of the remainder Rupees 130-9-6 an amount due to parties who have performed the duties of Village officers on their demise but to whom it had not been usual to give the pay from the date of the last incumbents death. The money should be paid as recommended by Mr. Bourdillon to their claimants. Rupees 172-10-6 brought to account as teerwa for 1261 1262 of Dusnundum Enams temporarily resumed and since restored will require to be written off together with Rupees 4-6-11 the teerwa of a flower garden attached to a pagoda.

12 These three items amount in

in all to 307-10-11 the sanction of Government has been applied for to permit this amount to be written off.—

13 The Board observe that on a total demand of 17,15,537-5-10 (Rs. A. P.) on the Fusly as land Revenue and Peishcush, on outstanding balance of Rs. 84,837-3-10 remains to be Collected.

14 The arrears still due up to the 1st January 1855 for Fuslies 1258 to 62 (inclusive) amounted to 1867-14 of this amount Rupees 581-15-6 is set down as irrecoverable, and the particulars of each case are given in full in paras 57 to 61 inclusive the sale of land for the recovery of arrears has been but little resorted to the amount mentioned above as irrecoverable is made up the Board observe of sums due by indigent ryots or carried to account erroneously and the sanction of Government has been asked for writing it off.

15 The case stated in para 64 is that the Enam allowed for the service of clearing the bed of the river is represented by the holder as insufficient while reduced by the payment of its present jody and that no other person is willing to

to undertake the service on the same terms. Mr. Whittingham proposes therefore to remit the Jody entirely the Board observe that there must be many similar cases which would be immediately brought forward if the Jody on this Enam were remitted, they do not therefore consider it advisable to permit this, but request that Mr. Whittingham will state whether similar cases exist to any number in the district and whether he thinks it would be advisable to Zuft the Enam and leave the duties attached to it to be performed in the Public works Department.—

16 The 4 villages noted in para 65 together with the Shrotriem village of Vullavanoor appear to have been already virtually transferred to the Arcot talook by Mr. Bourdillon owing to their distance from Wallajapett, and the Board understand that their approval of the arrangement is asked as it appears likely to facilitate the transaction of business they see no reason to disturb the arrangement which may be considered as permanent.—

The

17 The Board proceed to notice points in Mr. Whittingham Report where the accounts appear to have been made up without sufficient care -

18 It appears from para 7 that the Revenue is not Collected by Kists in North Arcot and the account which should exhibit these is blank, the Board observed however in their Proceedings on the Report of Fusly 1262 that in the puttah sent up with the Report Kists were inserted this should have been explained as it must now be inferred that the Kists though fixed are not observed. The Board wish to receive the Collector's opinion as to the advantage or the Contrary

dated 12th October 1854 para 19 -

Contrary of enforcing the Kistbundy as they deem the revision now in progress a favorable time for introducing the change. The Collector will consider whether the present system leaves the period of payment so undefined as to throw an arbitrary power into the hands of the Subordinate Revenue officers of demanding or abstaining from demanding immediate payment of the whole amount -

19 In para 6 a statement is given purporting to shew the number of villages and their respective tenure, this statement should have been general but is limited to shrotriem villages - The Board wish this revised table to be supplied for record in their office -

20 In the Abstract statement of the population which accompanied para 8 the Board notice an apparent error, the total of the population

15051 Fort St. George 20th September 1855

population being set down at 16,275 whereas the total of the figures given in the Abstract really comes to 731,251 / 696,126 / 1,427,377. It appears also that the total population given in 1852 was 1,485,873 that the population is represented as less in 1855 than in 1852, it is probable therefore that some error has found its way into the account subjoined to para 8. The particulars of the account marked A are also at variance with the total.

21 In the table accompanying Para 32 the assessment of Poonjah is given at Rupees 387,140 while in statement No. 14 it is 405,007 a difference which should have been explained unless it is a clerical error.

Calendar Case No. XI of 1855.

Sir,

I have the honor to transmit for the orders of the Board, the accompanying Copy of a sentence passed by the session Court of Madura, in which the Prisoner, the manager of the Dindigul Devastanum, is declared, though acquitted of the Charge of breach of Trust brought against him to be "wholly unworthy of the trust reposed on him" and a Copy also of a letter[x] from the Acting Joint Magistrate intimating the same opinion, in which I entirely Concur.

[x] dated 3d July 1855

2 With reference to the allusion in the Acting Judge's letter to his blemished Character: I beg to enclose further Copy of sentence passed on the same Individual Comarapillay by Mr. Knox when Acting Joint Magistrate.

Calendar No. Sub Court Number	Names of the parties	Charge	Names of the witnesses for Prosecution	Witnesses for Defence	Putwah	Sentence.
XI 13 - 1853 From Teeroomalaiswamy Pillay of Taudicomboo Talook Dindigul District Madura.	Soobramonia Goorookul a Stanegaum of the Dindigul Dawastanum Versus Comaraswamy Manager of the Dindigul Dawastanum	Breach of Trust - The Prisoner is charged with fraudulent breach of trust misuse and misapplication In that at some date unknown or on Sunday dates unknown between the 27th May 1852 and the 10th November 1853 while Acting as manager and Trustee of the Dindigul Dawastanum under deed of appointment dated 30th July 1852 within the Talooks of Taudicomboo in the Zillah of Madura and as such manager and Trustee having received into his possession Custody and Control Rs. 466-13-7- appertaining and belonging to the said Dawastanum and paid over to him on the 22d May 1852 from the Talook Cutcherry did Embezzle fraudulently apply used and dispose of the same 466-13-7- or some parts or portions thereof to his own use and benefit in breach of the trust aforesaid and Contrary to his duty in that behalf and to act XIII of 1850 in that Case made and provided and so feloniously stole the same 18th November 1851.	One Soobbroyillay Curnom of the Dindigul Dawastanum 2 Teeroomalaiswamy Pillay Ameen or Mozoomdar of Taudicomboo Talook. 3 Pitchamootoo 4 Pullatumby 5 Vengadaswabbew Iyen a Punjangum of the said Pagoda 6 Ramma Josier 7 Morada pillay 8 Somoo pillay 9 Thimoo Naickew 10 Dondoo Rowand 11 Veerabadra Tavew.	1 Nattova Ramasawmy 2 Edoomben 3 Appicows 4 Bheem Sing 5 Ramasawmy 6 Colandavelloo and 7 Pitchay pillay.	In this Case the Depositions of the Prosecutor and his witnesses are at variance with each other and this charge appears to have originated from Enmity existing between the Prisr and the Prosecutor and others and Cannot be relied on the Depositions of the Pros[r] and his witnesses tend to excite suspicion - Moreover the accounts furnished by the Prisoner when his house was searched are missing - Hence he is acquitted of the Crime said to his Charge and worthy to be set at liberty. God knows best. (Signed) Mahommd Sadiq Rufsool Moofty.	After a Careful Consideration of the evidence in this Case the Acting Sessions Judge Concurs with the Law Officer in deeming it insufficient for the Conviction of the Prisoner. It is proved that the money charged to have been embezzled by the Pris[r] was duly received by him as Manager of the Dawastanum but there is no proof of misappropriation the prisoner delivered in an account of his disbursements but before these were examined or it was known what they fully Contained they were stolen from a Closet in the Pagoda where they were secured under the seal of the Police Ameen. Tho an enquiry has been instituted by the Police no proof has been obtained as to how when or by whom the accounts were removed.

Each party accuses the other of the offence.

The Pris[r] has in his defence attempted from memory to give an account of the expenditure of the amount he is Charged to have embezzled but has failed to prove his several.

Fort St George 20th September 1855

Several items, he has adduced some witnesses to depose that he had repaired some of the buildings in the Pagoda and that he told them the expense of these Repairs was defrayed out of the money mentioned in the Charge but neither the parties to whom monies were alleged to have been paid nor the receipts of those parties have been produced.

The Proc. has produced the accounts kept by the Pagoda Curnum from which it would appear that so far from there being any necessity for trenching on the funds Charged to have been misappropriated, the Prisoner ought to have amassed from the daily savings of the Pagoda allowance a large surplus more than sufficient to meet any extraordinary outlay had any such taken place which he denies. But the manner in which these accounts have been drawn up and kept detracts greatly from their value. They are not acknowledged or admitted by the Prisoner whose signature is not attached to them nor is that of any of the Pagoda officials found on them. Certain articles as rice oil &c. were periodically sent to the Curnum from the Prisoner by some of the inferior Servants of the Pagoda, the articles were not accompanied by any memo or Voucher but on the receipt the Curnum states he weighed or measured them and entered the quantity received in his Vittar or daily Journal these quantities were at the close of each month added up and the market price of the article obtaining on the 30th of each month having been ascertained, the manager was credited in a monthly ledger or Summacharcha so many Rupees for so much of such articles supplied. No pains are taken by the Curnum to see that the quantities sent by the manager were correctly delivered to him nor that he had Charged the right prices for the articles. In fact it appears that the Prisoner on several occasions ignored the accounts as false.

The Prosecutor and 1st Witness, the Police ameen the 2d the Pagoda Curnum in addition to the excess shewn by the Curnam's accounts to depose to no entry being found in those accounts either under the head of Receipts or disbursements of the 466- 13-7 Charged and this point is further deposed to by the 7th and 8th witnesses by whom the accounts were examined. but it is not by the Prisoner's declaring the accounts to have been fabricated and to be false.

The evidence of the 3d and 4th Witnesses who depose to seeing the Prisoner's brother running out of the Pagoda with a Bundle of papers under his arm in addition to its being wholly inconclusive is inconsistent and Contradictory as to render it unworthy of Credit. These two men are further shown for a long time to have been personal enemies of the Prisoner.

The evidence of the 5th and 6th Witnesses who depose to no Extraordinary expenditure in the Pagoda having been incurred by the Prisoner is rendered valueless from themselves shewing that their knowledge of the affairs and Concerns of the Pagoda is neither sufficiently minute nor extensive to make it impossible that works might have been undertaken without their knowledge and their evidence is

15057 Fort St George 20th September 1855.

is altogether Vague and inconsistent.—

The Tahsildar the 7th Witness proves that the money was paid to the Prisoner that he was required to keep it in the Pagoda Treasury and to keep accounts duly Signed by himself his Curnum and the Prosecutor.—

It is proved that the Prisoner has been already Convicted of fraud and embezzlement and that he was removed from public employ for tampering with a Record.—

There is no proof that the Prisoner abstracted or instigated the abstraction of the accounts from the Pagoda Closet.—

The acting Sessions Judge has felt much difficulty in Coming to decision in this Case. It was Clearly proved that the money had been paid to the Prisoner and he was required to keep that money in the Pagoda and to keep public accounts of the receipts and disbursements. He is shewn to be a man of blemished Character who it appears to the Court is wholly unworthy of the trust reposed in him and when first examined before the Police ameen he is shewn to have admitted that 300 and odd Rs of the 466. 13-7 remained unexpended and were in the Custody of a Merchant at Trichinopoly. This Statement the Prisoner has since retracted and denied.—

But it is shewn that the Prisoner did keep some sort of accounts and the bare list of the headings of the accounts given in by him which list was prepared by the 8th Witness shews that he kept accounts of his receipts and of his disbursements under several headings and tho the onus of proving that the money was expended rests on the Prisoner a duty which he has not satisfactorely acquitted himself of yet as he might feel some difficulty if not find impossible to give a Satisfactory Explanation without his accounts especially as the expenditure reaches over a period of 2 years and a half and as those accounts were most mysteriously made away with while under the Charge of the Police Officer and as the Prosecutor has failed to establish one instance of misappropriation or to shew Clearly a gross deficiency of money for the Court place no reliance on the Curnum's accounts and as the Charge fails to Specify any date but leaves the transaction Charged to runs from May 22d 1852 to November 1854 a period of 2 years and six months in spite of the very strong suspicion attaching to the Prisoner from his absence to Conform to the clear and necessary instructions issued to him in regard to the securing the money and keeping the accounts and his previous Conviction and bad Conduct the Acting Sessions Judge has felt bound to give him the benifit of all the doubts and difficulties occasioned by the mysterious disappearance of the prisoner's accounts and the ill will existing between him and the Prosecutor and 2d Witness and in Concurrence with his law Officer to declare him acquitted - The Prisoner is accordingly acquitted and re leased.—

The Acting Sessions Judge cannot pass from this Case without recording his opinion that much of the difficulty of this Case might have been avoided had it fallen into more efficient hands than that of the Police ameen of Tandicombo whose age and imbecility of mind and body shew him but little qualified for the duties of a Police Officer - The abstraction of the accounts Could not have been effected had he used the ordinary precautionary measure which the nature of the Case Called for. There was no necessity for placing the prisoner's account in the Pagoda Closet they were a small bundle of papers which the Police ameen Could have easily secured in the Talook Cutcherry or in his own box and no guard appears to have been placed over the room which offered greater facilities of being tampered with than perhaps any other place Could do while the means of detecting the offender would be almost impossible - In behalf of this Officer it may be said that at the time of the enquiry an intricate and difficult one his powers seem to have been more impaired than usual by illness, but making every allowance for him the Court Considers him to have been guilty of great Carelessness and want of Common prudence and it resolves to bring the same to the notice of the magistrate that he may take such measures as may seem to him proper to render the Police in Tandicombo more effective.—

Madura Sessions Court 16th May 1855.

No. 85

To

R. D. Parker Esqre

Magistrate of Madura

Sir,

In reply to your letter of the 11th Ultimo No. 70 I have the honor to inform you that on Communicating to the Moozmadar of Tadicomboo the remarks of the acting Session Judge he submitted to me an application for pension. He is an old man and quite worn out both in body and mind and though he has shewn in the present Case his utter unfitness for his Office. I look upon his infirmity as one of the pincipal if not the sole Cause of his blunders and mistakes and Considering his very long Service I am of opinion he is fully entitled to his pension and have therefore ordered him to forward a Statement of his Service &ca according to form.

2 In regard to the Pagoda I have the honor to enclose two Petitions[x] from a great majority of the respectable inhabitants of Dindigul soliciting the removal of the manager Comarapillay. When he was Committed for trial before the Criminal Court my predecessor Mr Clarke had appointed two individuals as acting Managers but the incumbent declined allowing them to take Charge locking up the Pagoda and sealing it with his seal

x May 1855 17th do do

15059

Fort St George 20th September 1855

as the Pagoda income was ordered at the same time to be paid to the Acting Managers and as they were not allowed by the incumbent to possess the keys they also sealed the door to prevent the incumbent then under a serious Charge from entering and taking away any accounts or property without their knowledge. This is the present State of affairs. The Pagoda is shut up and the incumbent refuses to allow the Acting Managers appointed by Mr Clarke to take Charge or have possession of the keys.

Considering the antecedents of this man and the peculiarly unsatisfactory Circumstances under which he was acquitted of the Charge lately brought against him I think It would be highly improper again to authorize the payment of the Pagoda revenue to him or to reinstate him in his Office, and I am also of opinion that others having been appointed to act at the time of his being Committed for trial, he should be immediately and formally suspended and Called upon to give up the keys and the Acting Managers put in possession of the Pagoda as they have already been for some time of its revenue, pending any final decision that may be made on the Subject.

(Signed) F. S. Child
Acting Joint Magistrate.

verse.

15060 Fort St George 20th September 1855

Vers

Soobramoniah Koorookul Stanicum of Dindigul Pagoda. } Koomarapillay Manager of Dindigul Pagoda.

Complainant states that Contrary to orders given in 1842 when Defendant was made manager, Komarapillay now keeps the money in his own house and does not expend it properly, having embezzled about 1,500 Rs. He has also neglected to pay Certain Servants their wages, and some Jewels are missing. Complainant advanced 10 Rupees for daily expenses as Defendant would give none. The Rudharm was not drawn for 3 years, so there is a loss to the servants.

1st Witness Narsinga Row assisted at an Examination by the Cutcherry Servants, and other respectable persons, Considered he was guilty and advised dismissal. He promised to shew the Jewels &ca next day but absconded. From this and the testimony of the next five witnesses it would appear that the Car feast had not been regularly performed, and that about 1228 Rupees had been made away with, as far as they Could Judge from the Pagoda accounts which they examined. The Curnom of the Pagoda allows that his accounts are not to be depended on: he entered many items at a guess, and many others were not put down at all. Veneatachellum Pillay, the Defendants brother, gives in Cert[illegible] for

15061 Fort St George 20th September 1855

his brother and acknowledges that they shew a balance of 455-2-7 against his brother. Dasoopuntoloo, a Hoozoor Gomastah deposes that he has examined the accounts produced along with Defendants brother and the Curnum of the Pagoda, and that they found the receipts and expenditure since 1842 to be.

Receipts.

For daily expenses	3,206-5-5	
Car feast	1,696-15-4	
	4,903-4-9	
Total expenditure	4,505-6-2	No separate account was kept of the Car feast.
Balance	397-14-7 x	
Received for Servants Wages	2,262-12-"	
Paid	2,208-2-"	x 452-8-7
	54-10-" x	

In addition to this Sum of 452-8-7 there is stated to be a Sum due for Certain brass pots &ca lost, 34-15-11, for which a Suit has been instituted in the Court Rs 6-6-7 are Claimed for Jewels deficient in weight and

and $\frac{160-5-\text{"}}{654-4-1}$ is objected to as being the difference between the amount of an estimate made after they were finished, and what is actually charged by the Manager for certain repairs to the Pagoda, and for making a new Car. He has also charged the Pagoda with Court expenses at 84 Rupees 10 annas, the suit being for 34 Rupees.—

Koomarapillay, the manager, in his defence, declares that he has fully expended the money as per his brothers accounts, that he and the Curnum quarrelled, and so the Curnum did not keep them; did not perform the Car feast as the money was wanted for a new Car and repairs to the Pagoda. His forefathers built the Pagoda so it is not likely he would take the Jewels which were not given to him by weight. The brass things were taken by Complainants brother, and there is a suit now pending about them, is making new ones. There are mistakes about the wages. He paid the Cooly as per account for work done on Car and Pagoda used up the old Chain &ca in the new Car, acknowledges a deficit of 455-27-, has lent 250 on

on a bond and the rest kept at home for safety; did not think it necessary to enter it in the accounts.—

It is clear from the early part of the proceedings that there is among a certain class, a strong feeling against the Defendant, and it is not to be overlooked that the Complainant in this case and Defendant in the suit for value of brass utensils are nephew and uncles; and allowance must be made for the bias in their evidence. The Curnum allows his accounts were not correct, and so the main charge of embezzling 1228 Rupees falls to the ground, but there is no doubt that a very lax and improper system has obtained in the management of the Pagoda, and direct disobedience been shewn to the orders of Government in regard to keeping accounts by the proper servants of the Pagoda. The charge is spread over a space of seven years, and under all circumstances, I do not think there is evidence to shew that any of the sum 160-5-" was fraudulently misappropriated or that the Jewels were made away with but the 54-10-" for servants wages ought undoubtedly to have been

15064 Fort St. George 20th September 1855.

been paid, as the money was received expressly for that purpose Going over the Court charges Rs. A 14 - 5 - " Cannot be allowed, being charges for bandy hire and batta &ca. This sum and the servants wages, in all 68 Rs. 15 As., the Defendant must make good, as well as the 39-14-7 which he has by him - He is further Sentenced under Section XVI. Regulation 7 - 1817. — Clause I Sectn. V Regln. IX. 1822 } to pay a fine of 50 Rs. for misappropriating the money of the Pagoda and for his disobedience of orders, If the fine is not paid the Defendant will be Confined.

The manager has not been dismissed as he appears to have had a strong opposition to Contend against and because his hereditary Claims, as acknowledged by Mr. Blackburne, deserve some Consideration - but he must infuture remember that he is answerable for all the expenses of the Pagoda and the due performance of the feasts &ca. and that the Contumacy of those under him will be no excuse - he having the power to dismiss them if necessary.

Madura 17th November 1849 - } (Signed) W. Knox Acting Sub Collector

Bd. No. 2436 Proceedings thereon. (531.2)

With the proceedings of the Criminal Court above alluded to Mr. Parker forwards Copies of a letter from the present Acting Joint Magistrate and of a decision passed by Mr. Knox a former Joint Magistrate.

2 The Case against Comarapillay as it may be gathered from these papers is as follows - He has held for many years the office of Manager of the Pagoda funds at Dindigul and during that time has been twice tried for misappropriation of the money entrusted to his charge; the first case was investigated by Mr. Knox who in November 1849 passed sentence on Comarapillay for misappropriating pagoda money and fined him 50 Rupees The Charge embraced items of accusation extending over seven years and was only in part brought home to the Manager he was allowed to retain his office on account of hereditary claims to Consideration and on the ground that he had a strong party hostile to him in Dindigul.

Enc. No. 3 in From Collector dated 1st In Cons. 20th September 1855

3 The Sessions Judge did not find Comara

Enclosure No. 1 in From Collector 1st in Cons. 20th Septr. 1855.

15066 Fort St George 20th September 1855.

Comarapillay guilty when he was tried the second time in May 1855 on a similar charge, he however recorded his opinion that the prisoner was a man of blemished character, utterly unworthy of the trust reposed in him, and in this opinion Mr Parker expresses his concurrence. It appeared on the trial before the sessions Court that the Prisoner could produce no satisfactory accounts of his expenditure and that although the fact was not specifically proved against him, there was every reason to suspect that he had misappropriated the Pagoda funds.

Enclosure No 2 in From Collector 1st in Cons. 20th Septr 1855

4 Mr Child Acting Joint Magistrate states that a petition for the removal of Comarapillay from the trustee ship has been presented to him by the majority of the Inhabitants of Dindigul and that he had appointed Acting trustees during the trial of Comarapillay.

5 The Board consider these facts sufficient evidence of the unfitness of Comarapillay for the Office of Davestanum manager and resolve to direct his removal from that post.

From the Collector of Tanjore

Sir,

I have had the honor to receive your Circular letter of the 21st July No 1821 and with reference to its fifth paragraph to request the Boards Sanction to the Commutation of the seven life pensions entered in the accompanying Statement.

The parties have all appeared before me, and expressed their desire to commute their pensions, and I am of opinion that the terms proposed will be at once accepted by all other pensioners.

Should the Board Sanction the purchase I request to be allowed to pay to the pensioners at once, the proportion of their pension due from the date of their last appearance, to the date of communicating to them the Board's Sanction to the commutation

The

The

Bd's No. 2445
Proceedings thereon.

533-4

The Statement which accompanies the foregoing letter, shews the rate at which the value of the several pensions has been calculated and as the instructions conveyed in the Board's Circular letter of the 21st July have been adhered to in framing it, the Board authorize the payment of Rupees 287-12-8 to the seven individuals named in the Statement in the proportions which are there set down.

2 The pensions should be paid up to the date at which these orders are communicated to the pensioners.

To

No. 92

G. S. Forbes Esqre

Acting Secretary to the
Board of Revenue
Fort St. George

535

Bd's No. 2638

From the Collector of Cuddapah

Para 1

Sir,

I have the honor to acknowledge the receipt of the Board's Circular letter No. 1597 under date the 25th June last, and in reply to state that the cultivation of Sugar Cane to any considerable extent is chiefly carried on in the three southern taloks

Reporting upon the assessment levied on lands cultivated with Sugar cane as required by the Board of Revenue in the Circular letter No. 1597 under date the 25th June last and suggesting that it would be advisable to remit the tax upon the lands intended for Sugar cane whilst it is under

under preparation for this produce.

taloks of Poorrumcondah Muddenpully, and Poonganoor and to a small extent in various other taloks, but in these no Sugar is manufactured, the juice of the Cane is boiled into what is usually designated Joggery and sold for home consumption, whilst in the three former Rampoo Sugar is prepared for exportation to Europe and the finer qualities of Sugar and Sugar Candy are made for home consumption. It will be seen from the Statement in the margin that the Culture of this produce is considerably on the increase taking one year in ten as an average of each ten years, thus it will appear that in Fusly 1263 the increase in acres above the Fusly 1254 is 2632 and above Fusly 1245 3977 acres shewing that this species of product must be advantageous to the grower notwithstanding the two nine or full assessments and one Fasulgasty or half assessment are charged upon each acre.

* Fusly 1245 — 2,291 Acres
" 1254 — 3,630
" 1263 — 6,268

2 The lands intended for the cultivation of Sugar cane is ploughed repeatedly between august and December for

for which season ain assessment is charged.
The commencement of the season for planting
the cuttings is December and continues even
as late as march the Crop is cut and manu-
-factured at the expiration of 12 months
during which 1/2 assessment is collected
making a total of two full and one half
assessments upon each acre of land which
must to some extent reduce the profit
of the grower and I think it would be
advisable to remit the tax upon the land
intended for Sugar cane whilst it is under
preparation for this produce as the labour
required in repeated ploughings, manur-
-ing and digging pits for the cuttings is
much greater than if this land was made
use of for the culture of Paddy.—

3 It is very difficult to ascertain
with any accuracy the real profit derivable
from an acre of Sugar cane I have repeatedly
endeavoured to calculate the profits arising
to the grower from Statements made verbally
by different respectable ryots, but no correct
conclusion could be arrived at. as for
instance in Fusly 1258 it was reported to the

Board

Board of Revenue that the profit arising to the
grower after deduction of all expences including
the Government tax was Rupees 30 but in the
present year from Statements advanced by
ryotts in Poonganoor, the nett profit was said
to be Rupees 32 allowing for losses of crops
the profit may be estimated at not less
than 15 Rupees per acre.—

4 Sugar cane cannot be grown
upon the same land for two years in succession,
after which the crop must be changed to
paddy or some other for 2 or 3 years and
thus supposing that 2,000 acres were under
Sugar cane cultivation and it is intended
that a like quantity be annually grown it
would require 6,000 acres to be appropriated for
this purpose, so that each 2,000 acres should be
brought into culture of this produce once in
three years, and taking the amount of acres
cultivated with Sugar cane in Fusly 1263. Viz.
acres 6268 (of which 5059 acres was occupied in
the three Southern talooks) it would require
three times this extent of land or 18804 acres
to have a like quantity under cultivation
annually. The talooks of Muddenpully
Goorrumcondah

Fort St. George 20th September 1855

Poorrumcondah and Poonganoor are not particularly fertile and depend very much upon the rain which falls at different periods, the tanks with the exception of few being small, do not hold any very large quantity of water, and the outlay required before any return is received from the Sugar manufactured, is very great, so much so that it requires a man of some Capital to undertake the growth of this produce. The growers of Sugar cane are dependent to a considerable extent upon wells and upon small hill streams I am therefore of opinion that even if the assessment were reduced as proposed by the Board, a large increase in its culture is not to be expected tho it might be to some extent. The paddy produced in these talooks finds a ready market in the neighbouring district of North Arcot the Merchants and others bringing their own carriage purchase the grain from the ryotts without putting them to the inconvenience of conveying it to the Market, and as the culture of this requires less labour than Sugar the poorer classes prefer growing Paddy to that of sugar cane.

The

Fort St. George 20th September 1855

5 The export of Sugar from this district was a few years ago very considerable but for the last year there has been little or no demand on account of the great cheapness of this article in the Madras markets, and there is great difficulty experienced in procuring carriage to convey it from the Southern talooks to the sea-port the greater portion of this carriage is procured from Wallajabad and other places there being very little in the talooks where the Sugar is grown.—

The assessment of the lands upon which cane is grown may be stated to be chiefly between Rupees 8 and 4 tho a small portion of lands above and below these assessment is used for the purpose. Although the assessment is low the expence including labour required to be incurred is considerable, as a specimen I enclose a Statement taken verbally from wealthy ryots who cultivated this produce in the talook of Poonganoor, but I am not prepared to state that implicit reliance can be placed on it.—

(541)

Bd. No. 2676
From the Ag. Collector of Canara — } Sir

In reply to your Circular No. 1540 under date the 18th June last. I have the honor to state that no tax is levied in Canara for the privilege of sifting the ashes from the furnaces of goldsmiths — Those items of Moturpha which fall on labor only, or on the very poor are given below. The revenue derived from these sources in fusly 1264 amounted to Rupees 4022. —

2 I have included almost all taxes perhaps levied under the head of Moturpha, which might not more properly be designated quit rent, but unless it is considered that all should as far as possible contribute to the resources of the state, or that some portion of the revenue derived from the undermentioned sources might with propriety be made use of for municipal purposes to which it is hoped the proceeds of moturpha may hereafter be

be applied, I think the small amount of revenue realized may be relinquished with advantage. It is collected from a great number of persons, and must as far as it goes be a clog on industry and enterprize — one or two of these imposts are a direct tax on labor and on the Common necessaries of life, and I have therefore no hesitation in recommending that they be abolished. —

	Individuals	Assessment Rs. a. p.
Fishing Boats and fishermen	4564	1438-10-0

These people supply an article of food consumed in great quantities by the Coast population. An article of the first necessity to them. —

Pot makers	1416	429-15-0

The tax on these people is one directly on labor, and the amount realized is trifling. —

	Indi:	Assessmt.
Rice beating Mills	637	182-6-0

An occupation in which generally speaking women only are employed, and gain but a mere subsistance. —

Umbrella & Makers	662	150-13-0

This tax is levied from a very poor class who manufacture the leaf Umbrellas in such general use on this Coast, and among them have been included in some way the people who hold the Canopy at the Kales held in the Boothstans. —

	In:	Assmt.
Barbers	962	335-6-0
Washermen	1125	359-14-0
Chucklers	521	230-14

These are occupations which might will be freed from direct taxation in this climate. The latter class (chucklers) are as elsewhere very poor. —

Musicians	1151	292-6-0

The tax on these people is I believe, confined to those who are attached to Devastans, or attend marriages &c., and the more disreputable attendants on dancing girls, it would appear, exempted. —

Turners	63	80-12-0

A very trifling sum raised from the workers on sandal and other woods used for ornamental purposes. —

Boats	601	401-11-0

A direct tax on labor those who pay it hire their boats for the season and live by the carrying trade they undertake. —

Mat & Basket makers	318	96-7-0

These mat and basket makers are poor; and the profit derived from the trifling articles they manufacture, is small. —

Butchers	14	17-8-0

A very small sum levied from a class who are generally poor. —

Stone vase makers	4	0-14-0

Only four individuals, it seems, pay this tax. They work up a soft stone into rudely shaped platters which is peculiar to the talooks of Honor and Aukola. —

These

15088 Fort St. George 20th September 1855

Confectioners 5 4-8-0

These people are only taxed in Soopah and Sondah, and the very trifling amount here entered is all that appears in the accounts under this head.

B. No. 2677
From the Ag. Collector of Madras — Sir

In replying to your letter of the 14th Instant No. 2393 received yesterday, I beg to apologise for the error into which I had fallen of supposing that no direct notice of the remarks of Government in Para 3 Extract Minutes of Consultation of the 7th August was required of me.—

2 As it was at first stated that a few baskets of shells might be dug up in the Veysarpady and Tondiarpetta Divisions on land, the property of Government and as I had received offers varying from 10 to 16 Rs. per annum for the privilege of quarrying the shells I did not

15089 Fort St. George 20th September 1855

not think it worth while to break up the ground and stud it with small excavations, the receptacles of water, and perhaps all manner of filth, by renting it out for such a small sum.—

3 Subsequently it was found that the deposit was richer than at first supposed, Certain spots however holding larger quantities of shell.—

4 For the renting of these spots, offers much in advance of the former tenders were made and as the fairest way of disposing of the matter, the lease of 4 sites was put up to public Competition, and brought the sums marginally noted.—

1 Tondiarpetta C Gs Rs
2 No. 2 4-80
3 No. 5-5-100
4 No. 8-16-500
Veysarpady 10-0-145

5 No. 2 not proving productive, I released the renters from their obligation.—

6 With reference to Para 2 of the letter under acknowledgment, I beg to state that the number of Kilns in the locality alluded to is not restricted. The former monthly charge was Rs. 10-8 Pr. Kiln or Rs. 3-8 Pr. Ground, the space occupied by the Kiln being three grounds more or less. The present demand under the orders of the Board of the 23d Ultimo is 7 Rs. Pr. Kiln.

7 Unlike dwellings, the Kilns can be easily removed, if the Military Authorities require that the land shall be Clear and unoccupied.—

Read the following Extract from the Proceedings of the Board of Revenue.

(Here enter 24th August 1855, No. 2213.)

On the 12th December 1854, Government granted permission to the Collector of Canara to allow Goa salt imported into Sidashegur and Tudderic to be bonded; and at the same time they sanctioned a temporary increase of establishment as noted in the margin for the open season of 1855, viz. until May 31st for preventing the smuggling of such salt into the Ankola Talook. The Collector was instructed to report the result of these arrangements immediately at the close of the term above fixed; and his report is now laid before Government by the Board of Revenue.—

		Rs.
1	Ameen	35
2	Peons at 7 Rupees each	14
8	Do. at 5 Rupees each	40
		89

2. Advantage has not in any instance been taken of the privilege of bonding salt; the import of that article into the Northern part of the district, having apparently ceased under the great reduction in the price of Home made salt, made by the Collector in

in January 1855, which reduction has been disallowed by Government. It is uncertain whether the Acting Collector wishes the privilege to be continued; but as it is possible that the import of Goa salt may revive under the arrangements lately ordered by Government, they authorize him to allow bonding if applied for. -

3. With respect to the extra preventive force, Mr. Fisher states that under the peculiar and unsettled circumstances of the salt trade in the late season, he is unable to give a decided opinion as to the efficacy of that force for its intended objects; and he asks permission to retain it for another season, and then report as to the necessity of its being made permanent. The Government agree with the Board that it is proper to accede to this request; and they resolve to authorize Mr. Fisher to retain the extra establishment till the 31st May 1856. They will expect to receive Mr. Fisher's report on the result immediately after the close of the term fixed, and not as in the present instance three months after it. The order now passed will be reported to the Government of India for their approval. -

4 With reference to Mr. Fisher's recommendation that the manufacturers should be required to give 120 maunds.

Maunds instead of a garce or 400 mercals, the Government see no occasion to modify the orders already passed on the question, in their Consultations of the 29th May No. 637. para. 19 and 21st July No. 886. para. 5.

5 Mr. Fisher also recommends that he may be authorized to purchase salt at 120 Indian maunds to the garce. Viz. as it is supposed from the manufacturers. On this point also it is presumed that he has now been put in possession of the orders of Government. especially Minutes of Consultation July 21st above referred to para, 4. The Government are expecting to here shortly from Major Bell who has taken up the enquiries of Colonel Smith. broken off by his departure to Calcutta. that he has devised a suitable balance for weighing salt; and under these circumstances it seems desirable that no further measures should be taken at present for supplying scales and weights. -

Bd. No. 2665.

No. 538.

From the Secretary to Government.

Extract from the Minutes of Consultation Public Works Department. Under date the 14th September 1855.

Read the following Papers.

From the Secretary Board of Revenue Department Public Works.- (Hereunto 27th July 1855)

Extra Proceedings Board of Revenue.- (Here unto 15th August 1855)

In the first of the Papers above recorded the Board of Revenue in the Depart=ment of Public Works submit for immediate sanction a Supplemental Estimate for completing the Elk Hill cut on the road from Ootacamund to Coonoor on the Neilgherry Hills. The amount is Rupees 10,200- Viz Rupees 8,287-8- for finishing the Earth Work at the cutting and Rupees 1,912-8- for equalizing the Slope of the road from it to Walthamstone. Blasting rock. Drainage and Metalling road. with a temporary Aqueduct.

This

This large advance on the Original Estimate or Rupees 7,500 appears to be owing to the difficult nature of the Soil to be excavated and to the landslips that have occurred during the progress of the Work.-

2. It is observed that in the year 1853. the Government recommended to and obtained from the Government of India sanction for two Estimates for the improvement of the Road between Coonoor and Ootacamund. Viz. Rupees 15,000- for opening the Kaitee Ghaut and improving the Four Miles between that point and the New road to the Barracks and Rupees 7,500- for completing the cut thro' the Elk. Hill saddle near Ootacamund and for re-establishing the Water Course to Mr. Norton's property- in all Rupees 22,500- Subsequently- 6th October 1853. the Government sanctioned a further Estimate for the first of these Works of Rupees 3,334-8- The Supple=mentary Estimate now under Submission is for the completion of the latter Works viz. for the excavation thro' the Elk Hill Ridge.

3. The Right Honorable the Governor has personally visited both these

these Cuttings, and has inspected a portion of the Work which continues beyond them and which is intended to afford a new road at a very slight gradient between Ootacamund and Coonoor.-

4. These Works are considerable, and the expense must have been much under-estimated at first. even admitting that the difficulties which have since developed themselves were not then apparent.

5. Of these, the chief is that the soil has proved most treacherous, and that land-slips of more or less importance are continually occurring. It is to be feared that these disadvantages are likely to continue, and that they will be productive of considerable expense.-

6. Yet with all this, there can be no question of the great importance, if not of the necessity of the Works. It is of great moment that easy access should be given to Ootacamund from the low Country and the two Cuts will avoid Hills which at times are almost impassable for Bullocks.

7. Under these considerations the Right Honorable the Governor in Council sanctions the Estimate now before him for the Elk Hill part of Work being Rupees 10,200- Ten thousand two hundred and desires that the operation there

there which have now been suspended be resumed forthwith.-

8. With their Extract of 15th Ultimo, the Board of Revenue submit Correspondence with the Collector of Coimbatore relative to some ground the property of Captain Crawford required for the Elk Hill cutting in consequence of the additional breadth which it has been found necessary to give it. The Governor in Council does not find any allusion to this land in the previous Correspondence nor is any allowance made for it in the Original nor in the Supplementary Estimate. The quantity is 43900- Square feet little more than an Acre- its appropriation to the use designed would not in any way prejudice Captain Crawford's adjacent property while his Houses in common with all others in Ootacamund will benefit by the proposed improvement of the Coonoor road- It is stated that Captain Crawford's Agent refuses to allow any cutting or work to be made on the property; but it may be that he has no authority to grant such permission and it is not shown that his Principal has been applied to- The Government have never formerly been reluctant to resort to the provisions of Act XX 1852 for the acquisition of land needed for public purposes, unless when it cannot be obtained by

B.J. 8 M

15100 Fort St. George 21st September 1855.

by private bargain on reasonable terms; and they can scarcely suppose that Captain Crawford would decline to part with his land if the case were fully made known to him. The Collector of Coimbatore will therefore address Captain Crawford and inform him the exact position and Extent of the land desired and of the object for which it is wanted. It should be intimated to Captain Crawford that altho' Government have the power to take the land under the Act. they would much prefer obtaining it by an amicable arrangement, and that they would be prepared to pay for it liberally though not extravagantly, or if the measure can be effected would give Captain Crawford land of equivalent value in some other locality. If that Gentleman still refuses, the Government will have no alternative but to put the Act in force, and in that event the Collector will furnish such a description of the land, its situation and dimensions as will admit of its being particularized in the declaration to be published under Section I of the above Act.

From the Collector of Tinnevelly

Sir

As requested in Extract from Proceedings of the Board of Revenue dated 3d May last, I have the honor to submit an original Estimate framed at my instance by the Civil Engineer 8th Division for constructing a beach road at Tutacorin amounting to Rs. 4,624-14-- as also Copy of his letter dated the 2d Instant, which gave cover to the same explaining the reasons for which the Estimate amounts to so large a sum and to request you will be good enough to solicit the Sanction of Government for the execution of the work at the Public Costs.

2 The Surplus of fees Collected on

Fort St. George 21st September 1855

on account of the Inspecting Goomastahs amounts only to Rs. 400 up to the 31st Ultimo giving an average surplus of 130 Rs. per annum in the last 3 years during which it has accumulated as shewn in the margin, and it is not expected that the Receipts will be materially larger in future I beg therefore to suggest that instead of this fund being applied to liquidate the original Cost of the road for which it is inadequate it may be reserved for the purpose of keeping it in repair for which I suppose it will be found sufficient

Years	Amount of Fees Collected	Paid to Inspecting Goomastahs the Amount
From 18th June 1852 to 30th June 1853	541 — 7 — 10	107 — 4 — 5
1853 — 1854	396 — 11 — 2	240 — — —

Civil Engineer's Office 8th Dn.
Tinnevelly District —
Covetaltum 2nd August 1855

(Signed) W. H. Horsley Captn.
Civil Engineer
8th Division

To

15107 Fort St. George 21st September 1855

No. 2
No. 292

To
C. J. Bird Esqr.
Collector of Tinnevelly

Sir

As requested in your letter No. 504 dated 9th May 1855, I have the honor to furnish you with an Estimate of Rs. 4624 - 14 - for forming a good road along the sea beach at Tutacorin for a distance of 1595 - yards or from the Southern most Screw house to the Northern extremity of Messrs. Arbuthnot and Co. premises

2 The Estimate provides for laying down a foundation of Coral blocks in clay - 1 foot in thickness, the sub soil being previously levelled and over the coral a coating of good Quartz gravel with a Slight admixture of clay to make it bind - The coral is procurable on the spot at the rate of 12 Annas a boat load or about 1 1/2 C. yards - The clay must be brought on carts from the neighbourhood of the salt pans a distance of 2 miles and the gravel from Nullamullay about 8 miles distant - There is no material fit for road making nearer than

than this and hence it is that the Estimate amounts to so large a sum

3 During the heavy rains of November last the drainage from the Country around accumulated to such an esctent in the hollow to the west of the town as to endanger many of the houses, and accordingly a cut was made between Messrs. Rowe and Co's. and Mr. Cocg's screw Houses for the escape of the water. This cut which at first was not more than a yard or two broad was speedily converted by the action of the water on the sandy soil into a small river measuring 18 yards in breadth. It has since been partially filled in but if a good road is to be made along the beach it will be safer to leave an opening for the escape of flood water, and to construct a substantial Bridge over it. The Estimate accordingly provides for a Plat form Bridge of 6 vents each 6 x 6.

4 The breadth I have assigned to the made road is 6 yards which is considered by the Gentlemen at Putaveram to be sufficient for the purpose. This breadth can be obtained every where along the line esceptimmediately

immediately in front of Mr. Cocg's Screw house where the present breadth is only 5 yards.

Mr. Cocg is bound, I believe to keep this portion of road in order his father having agreed to do so in consideration of his being allowed to take a portion of the former beach road into his compound. To do this effectually however a substantial sea wall is necessary the present revetment of loose blocks of Coral supported in front by Stakes driven into the sand affording but a poor protection to the road. It would be much better in my opinion if Mr. Cocg could be induced to remove his wall 3 or 4 yards further back for situated as it is at present it causes an awkward angle in the road and is productive of much inconvenience to the Public

To

The Secretary to
Government
Revenue Dept.

Sir

With reference to Extract Minutes Consultation dated 28th March 1855, I am directed by the Board of Revenue to request that you will submit for the information and orders of the Right Honorable the Governor in Council the accompanying letters from the Collector of Tinnevelly dated 11th April and 25th August 1855, relative to the reduction of the rate of Fees collected from Merchants at Tutacorin for the payment of the salaries of two Hungamy Goomastahs employed inspecting Goods shipped and landed at their owners premises.-

To the Secretary to Government
Submitting with reference to Extract Minutes Consultation 28th March 1855, letters from the Collectors of Tinnevelly stating that the fees collected from Merchants at Tutacorin should not be reduced and that the surplus fees now existing should be applied towards the formation of a road along the seabeach

In Cons: 3d May 1855
21st Septr "

2

In the earlier letter, the Collector reported that having consulted the Agents and Merchants at Tutacorin on the propriety of reducing the Fees they were unanimously of opinion that the present fee ought not to be

reduced

Fort St. George 21st September 1855.

reduced, that no additional Goomastahs are required, and that the Buildings already attached to the Customs Department are sufficient for the requirements of the Port. The merchants at the same time suggested that the surplus fees now existing and hereafter expected to accrue be applied towards the formation of a public road along the Sea Beach, the Government in the first instance advancing the amount which will be required in addition to the sum in deposit to complete the work, and future surplus being applied to the repair of the road. The Collector concurred in this suggestion and the Board, at his request, authorized him to call upon the Civil Engineer to prepare an Estimate of the cost of the Road.

Pros: 3d May 1855

3

With his second letter, the Collector submits an Estimate, amounting to Rupees 4624-14-, for the construction of the Road, and a letter from the Civil Engineer,

Dy Cons: 25th Augt in Cons: 21st Septr 1855

Dated 2d Augt 1855.

a

a copy of these papers has been sent to the Chief Engineer in order that the matter may be disposed of through that Department.

4 The question coming under the cognizance of the Board was the expediency of reducing the fees received from the Merchants but as the community at Tutacorin are desirous that no reduction should be made and that the surplus should be applied to public purposes, the Board conceive that the views expressed in Extract Minutes Consultation dated 13th April 1855 regarding these fees will be answered by the proposal to apply them in this manner.

From the Collector of Trichinopoly

Sir,

I have had the honor to receive your Circular No. 1106 dated the 7th Instant and in reply beg to state that your Board can fix a date for holding an Agricultural Exhibition next year, if you should so think proper.

2 The most convenient period would probably be in march before the excessive heat of this District sets in.

3 I have published a notification to the people of the Province of the intention of Government, and made known the general principles on which it is intended to hold these exhibitions as explained in your Circular No. 496 of the 5th March last. I do not however observe any interest excited thereby.

B. No. 2443.
To The Collector of South Arcot
In Cons. 21st Septr. 1855.

Sir

In reply to your letter of the 13th Instant, enquiring whether the quantity of Salt delivered to Exporters at the authorized rate of 15 Rupees per 100 Indian Maunds will be affected by the Circular Order No. 2325 dated the 7th Instant which fixed the equivalent of 120 Indian Maunds weight at 424 Mercals, I am directed by the Board of Revenue to state that it is the intention of Government to introduce weight in lieu of measure in to all transactions in Salt.—

2 Until the means of conducting the sales by weight are provided, it will be necessary to sell the Salt at 353⅓ mercals for 15 Rupees, as this quantity is the equivalent of 100 Maunds according to the rate of conversion lately authorized.—

Bd No 2692
From the Collr of Nellore

Sir,

With reference to para 4 of Extract from the Proceedings of the Board of Revenue dated 21st July last, I have the honor to forward herewith a Statement shewing all the details of the Cost of Salt both for manufacture, Storage and conveyance at each place of Export in this District. The average charge for each hundred Indian Maunds is also exhibited.

2 Adverting to Para 6, I beg to state that the shipping expences have hitherto been included in this District in the 15 Rupees charged per 100 Indian Maunds, as prescribed by the Salt Rules.

Rule 24

3 In regard to the question raised in Para 5 and the latter part of Para 6, such of the local trading and shipping community as have been consulted on the subject are averse to the proposed change. I am also of opinion in the existing state of the District, with comparatively little trade, or regular demand for boats that if left to make their own arrangements, the Merchants will not be able to ensure the same despatch and regularity in the shipping of the Salt as is now the case. A point of great importance to the small native Brigs &c employed in the Export of Salt, during the high southerly winds prevailing at the time, they chiefly come for it to this District, and that the precaution alluded to in Para 15 of the Government Minutes of the 31st May are not sufficient to prevent salt, ostensibly purchased for export, being disposed of for home or inland consumption, considering the temptation arising from the great difference of price; and that the parties who would have to be looked to for the receipt may not be above the rank of a Syrang or Master of small native Brigs &c.

Comarapillay guilty when he was tried the second time in May 1855 on a similar charge, he however recorded his opinion that the prisoner was a man of blemished character, utterly unworthy of the trust reposed in him, and in this opinion Mr Parker expresses his concurrence. It appeared on the trial before the sessions Court that the Prisoner could produce no satisfactory accounts of his expenditure and that although the fact was not specifically proved against him, there was every reason to suspect that he had misappropriated the Pagoda funds.

Enclosure No 2 in From Collector 1st in Cons. 20th Septr 1855

4 Mr Child Acting Joint Magistrate states that a petition for the removal of Comarapillay from the trustee ship has been presented to him by the majority of the Inhabitants of Dindigul and that he had appointed Acting trustees during the trial of Comarapillay.

5 The Board consider these facts sufficient evidence of the unfitness of Comarapillay for the Office of Davestanum manager and resolve to direct his removal from that post.

Bd No 2571

From the Collector of Tanjore

Sir,

I have had the honor to receive your Circular letter of the 21st July No 1821 and with reference to its fifth paragraph to request the Boards Sanction to the Commutation of the seven life pensions entered in the accompanying Statement.

The parties have all appeared before me, and expressed their desire to commute their pensions, and I am of opinion that the terms proposed will be at once accepted by all other pensioners.

Should the Board Sanction the purchase I request to be allowed to pay to the pensioners at once, the proportion of their pension due from the date of their last appearance, to the date of communicating to them the Board's Sanction to the commutation

The

From the Collector of Cuddapah

Para 1

Sir,

I have the honor to acknowledge the receipt of the Board's Circular letter No. 1597 under date the 25th June last, and in reply to state that the cultivation of Sugar Cane to any considerable extent is chiefly carried on in the three southern taloks

Reporting upon the assessment levied on lands cultivated with Sugar cane as required by the Board of Revenue in the Circular letter No. 1597 under date the 25th June last and suggesting that it would be advisable to remit the tax upon the lands intended for Sugar cane whilst it is under

under preparation for this produce.

taloks of Poorrumcondah Muddenpully, and Poonganoor and to a small extent in various other taloks, but in these no Sugar is manufactured, the juice of the Cane is boiled into what is usually designated Joggery and sold for home consumption, whilst in the three former Rampoo Sugar is prepared for exportation to Europe and the finer qualities of Sugar and Sugar Candy are made for home consumption. It will be seen from the Statement in the margin that the Culture of this produce is considerably on the increase taking one year in ten as an average of each ten years, thus it will appear that in Fusly 1263 the increase in acres above the Fusly 1254 is 2632 and above Fusly 1245 3977 acres shewing that this species of product must be advantageous to the grower notwithstanding the two nine or full assessments and one Fasulgasty or half assessment are charged upon each acre.

* Fusly 1245 — 2,291 Acres
" 1254 — 3,630
" 1263 — 6,268

2 The lands intended for the cultivation of Sugar cane is ploughed repeatedly between august and December for
