Bd. No. 85
From the Chief Secy. to Government . . } Proceedings of the Board of Revenue Friday the 9th January 1857
Extract from the Minutes of Consultation Reve Deptt. under date the 2d January 1857
Sanctioning the refund of Rs. 3 the amount of fine imposed on the Tahsildar of Mokerry talook in the Ganjam Distt. & carried to the credit of Govt. } See No. 1 in Separate Volume

313-14
Order thereon . . . . . Ordered to be recorded P. 29

No. 172

To
J. D. Sim Esqre.
Acting Secy to the Bd. of Revenue
Fort St. George

315
Bd. No. 4993
From the Agent to the Govr. Vizagapatam . . . . . } Sir,
Para 1.

I beg to submit herewith a copy of a letter from Mr. John Young dated the 7th November 1856, reporting on the management of the Palcondah and Hoonjaram Estates for Fusly 1265 Rented by Messrs. Arbuthnot & Co. together with two brief abstract Statements A and B compiled from the accounts which Mr. Young has forwarded.

2. The system pursued in Palcondah is a settlement on the Plan of Village Rents for a term of years, the demand therefore of the season under Review is generally the same as that of the preceding year. The Revenue & Demand and Settlement effected for Fusly 1265 is exhibited in the subjoined figured Statement, it shews a net increase of Rupees 113-10-1 above the settlement of Fusly 1264

605 Fort Saint George 9th January 1857

3. It would seem that of the lands rented out by the Ryots assessed at Rupees 112,509-13-" the whole extent was cultivated with the exception of fields taxed with a demand of Rupees 907-5-4 a remission Rupees 240-1-3 only was granted from the whole Rented Demand.

4 The entire Settlement, including the Rents on gardens, and the fixed quit Rents on Enams was Rupees 132,745-3-5 of which Rupees 132,143-"-11 were realized within the Fusly. Thus the Balance of current Revenue outstanding at the close of the season was Rupees 602-2-6 a sum of Rupees 3,929-4-" seems to have been advanced to the cultivators at the beginning of the season, all of which was realized within the year.

5. The arrears at the commencement of the Season due by the Ryots to the Renters was Rupees 18,210-3-2 Of this Balance Rupees 1785-13-10 appear to have been recovered during Fusly 1265, and Mr. Young reports that Rupees 12,633-"-8 have been written off to profit

and

and loss. The remaining Balances amount to Rupees 3791-4-8.

* Fusly 1255-64-14-8
" 1260-1-10-8
" 1261-14-6-"
" 1262-44-"-"
" 1263-1982-5-10
" 1264-1683-15-6
3791-4-8

6. The seasons and particulars of this Balance are marginally noted for facility of Reference.

7. The outlay for repairs of channels and irrigation works in Palcondah was only Rupees 1303-13-9 in the season under notice Vizt. 1266-13-9 expended in renovation of old and Rupees 37 in the construction of new works all the works of irrigation are reported to be in an efficient state. The economical expenditure in the Mahramut department in lands under private management, offers a strange contract to the enormous outlays in Government Talooks under a different administration.

8. The extent of land cultivated with the species of grain produced is shewn in the accompanying Statement. Out of 12,472 acres in cultivation nearly ten thousand are

are cultivated with Rice

	Fusly 1264 Land acres			Fusly 1265 Land			Increase			Decrease

To

P. B. Smollett Esqre

Agent to the Governor in

Vizagapatam

Sir

I have the honor to forward herewith the Abstracts of accounts of the Estates of Palcondah and Hunzarum for Fusly 1265.

The Village Kiy fiats have not yet reached me, but I am urging on their preparation and hope to pass them on to you in a few days.

I am happy to be able to say that this Fusly like the previous one has been so properous as to afford little room for remark.

The Atkoobady Dowle of the Fusly was	132985 — 4 — 8
From which was remitted..	240 — 1 — 3
Leaving a Demand of — Rs	132745 — 3 — 5
Of this we collected up to the close of the Fusly	132143 — " — 11
Leaving Balances outstanding...	602 — 2 — 6

The

The crops were all good and prices ranged unusually high, so that the Collections were made without difficulty or distress to the ryots.

The Balances at the commencement of the Fusly mounted to Rs 18210 — 3 — 2

Of these were struck off finally	12633 — " — 8
Leaving a demand of Rupees	5577 — 2 — 6
Of which were Collected	1785 — 13 — 10
Leaving outstanding Rs	3791 — 4 — 8

Composed as follows

Balance of Fusly	1255	64 — 14 — 8
	1260	1 — 10 — 8
	1261	14 — 6 — "

The expenditure upon Maramut was Rupees 1303 — 13 — 9 a moderate sum, in account but as almost every application made

by

by the ryots was granted, it may be considered sufficient particularly when the abundant produce of the Fusly is taken into account, as evidence of the efficient state of the means of irrigation.

I have to report a considerable increase in the Indigo Crop, which now appears to find favor among the ryots, and it is expected that the completion of the new roads in progress through the Talook will lead to a great extention of that Cultivation, which has hitherto been restricted by the difficulty of transporting the plant to the vats.

Bd. No. 91
To the Secretary to Government Revl. Department
dated 24th Novr. /56
In Cons: 9th Jany /57
4993

To Revenue Secretary to Government

Sir,

I have the honor to submit herewith a letter with Enclosures from the Collector of Vizagapatam reporting on the management of the Palcondah and Hoonjaram Estates during Fusly 1265 by the Renters Messrs Arbuthnot & Co.

2 The season is stated to have been a very favorable one, the crops being abundant and prices unusually high. The system pursued in these Estates being a settlement on the plan of village rents for a term of years the demand is nearly the same as in the previous years. The comparative demand and settlement for the two fuslies is set forth in the subjoined statement.

Atkoobady	Remissions	Net settlement Jeroyate	Enam Cattoobadies &c	Total
Rs	Rs	Rs	Rs	Rs
1264 111,997	" "	111,997	20635	132,602
1265 112,510	240	112,270	20,475	132,745
		Net increase Rs		113

Fort St. George 9th January 1857

The entire settlement was Rupees 132,745 of which Rupees 132,143 were realized, and Rupees 602 remained to be cultivated at the close of the fusly.

3 Of Rupees 18210 outstanding arrears due by the Ryots to the Renters at the commencement of the fusly. Rupees 12633 have been struck off as irrecoverable and Rupees 1786 have been collected leaving a balance of Rupees 3791 for future adjustment.

4 Government will observe the increased attention that has been paid in the fusly under review to the cultivation of the Indigo plant.

After
Bd's No 4902
From the Ag Collr
of Tanjore

Sir,

A doubt having arisen whether a private individual can be allowed to sell to contractors of the French Government, the bark / Valumputtay / from which the country liquor is extracted to the detriment, as is complained of, sales of our contractors. I have the

Fort St. George 9th January 1857

to request that you will be pleased to obtain for me the opinion of the Board upon this point, as no provision appears to have been made in the abkarry rules.

I beg also to be informed if the bark may be allowed to be in the possession of any one who had not got the permission of the Abkarry contractor of the place in which it is sold.

Tanjore
Vellum

Acting Collector

B. No. 97
Proceedings thereon /

317-18

The Board are of opinion that the consent of the Abkarry contractor is not requisite to enable a private individual, the owner of Valumputtay Bark, from having it in his possession or selling it to any one he pleases. The abkarry contractor cannot claim a monopoly of that article any more than of any other from which liquor is made.

2 Fermented liquor extracted from the Bark of course comes within the scope of Regulation I of 1820.

B. No. 88
To the Collector of South Arcot
In Consn 9th Jany 1857

Sir,

The Summahbundy Statement No. 3 received with your letter of 6th December last No. 250 requires further revision and is returned herewith for that purpose.

2 The item Amany has been separately exhibited by you that

Fort St. George 9th January 1857

Statement refers to the Ryotwar Land Revenue the amany settlement should not have been included in Enclosures A & B in No. 3 Further both Fusal jastee & Teermajastee have been omitted in Enclosure B this omission should be supplied.

3 Again there is a discrepancy between Statement No. 3 and Enclosure A owing to the "Dry converted into Wet & Garden" having been included partly under Dry & partly under Wet in the latter Document, whereas the date should have been entered under dry, the additional Assessment being brought under its proper head. The discrepancy is shewn in the following Statement.

	As per Statement No. 3		Encr. A of Statement No. 3		Difference	
	Extent	Assessment	Extent	Assessment	Extent	Assessment
Dry	567,665	1145958	600,910	1230231	33,245	84,273
Wet	209,468	126,2443	210,748	126,7181	1,280	4738
Garden	3490	20224	3490	20224	"	"
Dry converted into wet & Garden	34525	89011	"	"	"	"
Total	815149	2817637	815149	2517637	34525	89011

you

Fort St. George 9th January 1857

Bd No. 5154
From the Collector of Salem ----

Sir,

Adverting to the Board's Circular dated the 13th May 1856 No. 1454 calling for a list of the female Yeomiahdars in this District to whom I would recommend that the privilege of exemption from personal appearance should be accorded I have the honor to forward a Statement of the female Yeomiahdars including those who appear entitled to exemption from personal attendance.

2 There are in this District 8 female Yeomiahdars and 2 female Boosoondars. Four of these persons attend at the annual musters and are above 50

Fort St. George 9th January 1857

years of age. The remaining 6 have not hitherto appeared at the musters. Five of the six last mentioned are under 50 years of age. The remaining one named Papabee whose case was reported to the Board in my letter dated the 26th January 1854 is above that age. This last case is the only one in which the Yeomiah has not been drawn owing to the refusal of the Yeomiahdar to appear in person to be identified.

3 I have fully explained in the Statement the grounds on which I recommend that all those who have not hitherto appeared should be exempted from personal appearance in future.

4 If the Board should concur with me that the Yeomiahdar Papabee may fairly be exempted under the rules now provided I will submit an application in the usual form for sanction to pay up the arrears from the date of last payment.

Salem Collectors Office
On Circuit Oossoor
10th December 1856

Sir,

I have had the honor to receive your letter of the 4th instant with its enclosures.

2 The circumstances of the Palianaum Poliput are not unknown to me and the preliminary arrangements for a settlement of its affairs, were all commenced while I held the Collectorate.

3. I believe that the arrangement now recommended by the Acting Collector, is the most satisfactory that can be entered into, and I do not see that any advantage would be gained by an attempt to obtain the concurrence of the late Poligars brother, while the possible contingency of his refusal might obstruct the whole plan.

4 Should the death of the minor place the Estate in his uncle's possession, the

the latter will be at liberty at once to re[illegible] his land by paying to the Chetty, the amo[illegible] he is about to advance in liquidation of t[illegible] late Poligar's debts, and this he can do [illegible] he should be able to borrow money on [illegible] more advantageous than those on whi[illegible] the Chetty lends it.

5 I have forwarded to the A[illegible] Collector, the Extract from the Boa[illegible] Proceedings which was sent to me un[illegible] a flying seal, and the other enclosur[illegible] of your letter are returned.

Fort Saint George 9th January 1857

No. 220

To J. D. Sim Esqre

Acting Secretary to the

Board of Revenue

Fort St. George

(335)

Bd No. 41
From the Collector of Coimbatore

Sir,

In forwarding Copy of Captain Michael's letter of the 19th Instant, I would beg strongly to recommend that Sanction may be given to that Officer to expend 1,500 Rupees as proposed. if successful, it will probably be a large saving to Government and so far as activity and energy can command success, it may be safely entrusted to Captr. Michael. whatever aid I can afford I shall of course readily give the object being a public and an important one.

2 Colonel McCally has also lately written to me on the same subject, asking for information, and stating the great want of Elephants for the Commissariat, and the Army at large to get rid of the animals from this District is also a secondary, but not a small advantage.

3 The Herd alluded to has lately

been

643

Fort Saint George 9th January 1857

been doing much mischief to various crops in the neighbourhood of "Sreemogay" an early reply will be desirable if convenient to the Board.

Coimbatore
23d December 1856

/Signed/ E. B. Thomas
Collector

No.

To
E. B. Thomas Esqre
Collector of Coimbatore

Sir,

As I have been quite unsuccessful in my endeavours to purchase any Elephants for Forest work, I have the honor to request that you will recommend to the Board that permission be obtained to expend a small portion of the sum of 10,000 Rupees sanctioned for the above purpose, in organizing a Hunt for the Capture of these animals in the event of a good opportunity occurring.

2. I have been credibly informed that a herd of about 20 of the very best and hardiest description of Elephants, viz those that frequent the low scarcely rocky jungle much exposed to the sun

644

Fort Saint George 9th January 1857

sum, has been for a long time past often seen in the vicinity of the old "Coopem" or Kraal "in the valley, a few miles from Seeroomogay" at the foot of these Hills.

3. As the old "Coopem" there is said to require but little repair and as the valley, in which it is situated, is small in extent, there appear to be great facilities for driving the Elephants in. From the enquiries I have made, I believe, that the next time the herd approaches the "Coopem" they may be driven into it at no Cost not exceeding 1,000 or 1,500 Rupees.

4 I was in hopes of being strong enough to visit the spot myself after being a few days on this climate but I am sorry to say that a return of the Fever, which I had in the latter part of last Month has again confined me for the last week to my room, and I have been unable to venture out in the sun for that purpose.

5. I would however propose if permission is granted, to execute the slight necessary repair to the "Coopem" at once, and to avoid unnecessary expense in driving and watching the Elephants

to

to wait till they repeat one of their frequent visits to the neighbourhood. Coolies and Coorumbers in sufficient number could I am informed be easily collected at the proper time at the offer of good high pay, and the only assistance I should require from you would be the loan of such Peons as were formerly in the Shickar Cutcherry and who understand the work, as may now be in service in the District. Substitutes for these men could be furnished and their pay disbursed from the Hunt expenses they would probably be required for about a fortnight or three

6. I should not attempt the Hunt unless I become strong enough to Superintend it myself and unless on visiting the [illegible] I find the Statements which have been made to me fully verified and every prospect of success, but in the mean while, I trust that sanction may be obtained for my acting at once in the event of so good an opportunity occurring of supplying the Forest Establishment with Elephants:-

7 I should mention that "Seeroomoogary" is an excellent place for taming the Elephants when caught owing to its being within 4 Miles of the "Coopem" and in the immediate vicinity of water and abundant forage.-

Bd No 92
Proceedings thereon
335.36

The Conservator of Forests (whose department the foregoing letter more immediately concerns) being absent from the Presidency, and early orders on the proposition of the Collector and Captain Michael being desirable, the Board resolve to submit the application for the consideration of Government.-

2. The Board recommend that Captain Michael be authorised to expend a portion of the sum sanctioned for the purchase of Elephants in organising a hunt for the Capture of some of those to be found wild in the Coimbatore Jungles and in repairing the Kraal near Sree mogay, with this object Captain Michael States that he has been wholly unsuccessful in his endeavours to purchase Elephants for his operations.-

3. The Collector reports that the Commissariat Department is also greatly in need of Elephants and that the wild herd mentioned by Captain Michael has done considerable injury to the Crops near Sreemogay

Fort St. George 9th January 1857

Sreemogay.-

Re No. 69

Sir,

From the Collector of North Arcot 5 Para, I have the honor to state for the information of the Board of Revenue, with reference to the Extract from their Proceedings dated 26th November 1856 No. 3951, that the Survey instruments therein alluded to have this day been dispatched by 4 Coolies whose hire has been paid.-

2 The instruments are correct as per list annexed to Mr. Cunliffe's letter of the 28th June 1855 No. 1650. On receipt of these instruments from Mr. Sullivan, I observed that one or two had been injured or were defective, and I therefore requested his attention to the fact. Copy of his reply

Fort St. George 9th January 1857

I have the honor to enclose for the information of the Board.-

3. That the loss of the brass cap of the Prismatic Compass was prior to its being received from Madras, seems probable, as I observed on comparing it with my own, the same loss in the other Government Compass which was never forwarded to Mr. Sullivan; this loss I have supplied.-

The breaking of the points of the compasses was probably an accident before the receipt of the instruments by Mr. Sullivan, for in my examination, soon after its arrival, of a half- and whole compass I found one of its points broken. This accident is scarcely avoidable if instruments with delicate points are transmitted without cases a half and whole compass of my own lost its points during the short interval necessary to make a case for it. The points when there is no case, are usually thrust into a Cork thro'

which

Fort St. George 9th January 1856.

which they are apt to project, so that a slight collision with a hard substance destroys them.

Official Memorandum.

The Sub Collector has the honor to acknowledge the receipt of the Collector of North Arcot's Official Memorandum of the 5th Instant.

2. As regards Para 2 of that Memorandum the Sub Collector begs to state that the brass cap was missing to the prismatic compass when originally received and the Sub Collector recollects distinctly showing it to Captain Collyer the then Civil Engr of the District and others in consequence of his finding that the stop would not act.

3 The Sub Collector regrets to learn the accident which has happened to the spare dividing and Triangular Compass and is at a loss to know how they can have occurred as these instruments have

Fort St. George 9th January 1857.

have never been touched except to be cleaned since they were received in his office. He trusts however that the injury is not so great but that it may be remedied by a little filing and pointing on the hone.

From the Collector of Tinnevelly

Submitting a list of places where Salt is now made with the average quantity made in a year at each the quantity sold during the period for Home and Inland consumption and the Revenue derived by Government shewing in a separate statement No. 2 the changes proposed both as regards the No. of pans and the Establishment to be maintained at each.

Sir,

With reference to para 3 of Extract from Minutes of Consultation dated 4th June 1856 I have the honor to submit a list of places where Salt is now made in this District with the average quantity made in a year at each, the quantity sold during the period, for home and Inland Consumption, and the Revenue derived by Government shewing in a Separate Statement No. 2 the changes proposed both as regards the No. of pans and the Establishment to be maintained at each.

2 Although there is at present no reason to suspect that extensive frauds are being committed at any of the Pans in this District still as it would be advisable to decrease the Number of Pans, and to have

Sufficient

sufficient Establishments, and as it is desirable that the Pans should be at such localities as are under the frequent inspection of the European Officers, I propose the following alterations, which I trust may meet with the Board's approval and sanction.

3 Previous to 1825, there were in this District 18 Salt Pans comprising 9 chowkies, as per margin of which 4 were abolished as recommended by Mr. Collector Munro in November 1825, the object of which was to bring the Controul of the details more frequently and more immediately under the European inspection, and to increase the pay of the Establishment at the retained Pans, to give larger inducement for honesty to the servants. This arrangement was carried out from December 1825.

5 In 1829 the Pans at Tutacorin were re-established in consequence of the Salt produced therebeing found to be of a good quality, and the situation of the Pans being convenient for ready sale, and two other chowkies were also re-established at Munjuncolum and Veziaputhy making in all 8, the No. now on the list.

6 The Pans at Vypaur Tutacorin and

1 Vypaur, Mailmanthan } 2
2 Munjuncolum, Colattoor, Cullorany, Pulnamurdoor } 4
3 Arasady, Pullums Arasady } 2
4 Tutacorin, Corumpullum } 2
5 Paliapoil, Terkoocoil, Agarum } 3
6 Coilpatam, Auttoor } 2
7 Trichendoor 1
8 Coolasagarapatam 1
9 Veziaputhy 1
18

and Coilpatam produce great quantities of Salt, and the manufacture of those Pans may be extended still more if required, as there are convenient spots of ground adjoining the Pans which could be turned into new beds, and there are Ryots to manufacture more Salt. This being the case, and as these Pans are situated at about 15 Miles distant from each other I recommend these being retained.

7 The Pans at Paliacoil, though less produce may be termed as of the second class, the Salt produced is of good quality, and there is place available for forming new beds, but as these are situated in the same line with the Pans at Tutacorin, and Coilpatam, which are both within 8 Miles distance on either side of them, the former to the North and the latter to the South I propose that the Pans at the above place be abolished.

8 The pans at Munjuncolum and Arasady produce Salt of inferior quality, and are within a very short distance of Vypaur and Tutacorin respectively while the manufacture at the remaining 3 Pans

Coolasagarapatam.

Coolasagarapatam Veziaputhy and Coottungally is limited, and there are no convenient spots of ground to be turned into salt beds. The Salt produced is of inferior quality and the last mentioned 2 Pans are not within the frequent inspection of the European authorities. But the Pans at Veziaputhy and Coottungally are situated at the most southern extremity of the District near the boundary of the Travancore State, and as the abolition of both might be felt very inconvenient by the Ryots of Travancore, as well as by the people of the Government Villages in the southern most Talook Vallyoor, it seems advisable to retain one of the two, and I would recommend the retention of Viziaputhy and the abolition of the rest.

9 Thus the total No. of Pans recommended to be abolished are 5, and the average quantity manufactured at these Pans per year is 197361 Indian Maunds.

Munjunculum
Arasady
Palayacoil
Coolasagarapatam
Coothengally

10 To compensate for this deficiency I beg to recommend that the Pans at Trichendoor be re-established. It is reported that the Salt produced at these Pans was of the best quality procurable in

677 Fort St. George 10th January 1857

in the District, and the locality is such that a ready sale could be effected for all the Salt manufactured there, for several hundreds of bandies from different parts of the District, and a great concourse of people resort to the place in February and August of every year, for the great Festival at the Temple there, and as this is the Cusbah Station of the Puncha mahl Talook, and as the Collectors Huzzoor Cutcherry is usually stationed there for about 2 Months in every year for the Settlement of that and the neighbouring Talooks there is a safe guard against frauds being committed.-

11 Half the average quantity manufactured at the Pans now proposed to be abolished or about one lac of Maunds could be made at Trichendoor with ease, and the other half at the Pans at Vypaur, Tutacorin and Coilpatam in addition to the Salt now made at those Pans.-

12 The Strength of the Establishment attached to the Chowkies recommended to be abolished, and the proposed increase to the Salaries of the servants at the retained Chowkies, and to the Salt Peshcar and his Establishment as well as of the additional Establishment proposed to be entertained, being

clearly

Fort St. George 10th January 1857

clearly shewn in the accompanying Statement No 2
I need only state that the increase therein pro-
posed seems to me to be fair and necessary one but
will be observed that the proposal does not entail
any additional charge to Government.-

13. The Salt Peshcar with his Esta-
blishment being required to be always on a
Circuit. I propose to increase his pay to that
of a 1st Class Tahsildar Vizt Rupees 120-0-0
and to allow him no batta:-

14 With regard to the compensation allude
to in the Extract under reply, I beg to state
that when the Pans at Trichendoor were
abolished in the year 1829, and on other occasions
no compensation appears to have been ever
paid, and I do not think any need be
given now. The manufacturers at the
abolished Pans may be allowed to a
Cultivate beds to be additionally formed
at the retained pans, as well as
a part of those to be re-established at

Trichendoor

Fort St. George 10th January 1857

Trichendoor.-

15. In conclusion I have the honor
to inform you that reports have been
frequently received from the Chowkeydars at
Vypaur of Mobs of people coming from the
borders of the Madura District with arms
to carry away the Spontaneous Salt produced
at that place and the efforts of the Police of
the Talook Stationed at a distance from that
place, to apprehend the Culprits have been
found ineffectual, and I therefore propose to
invest the Salt Chowkeydar, there with the
powers of an ameen of Police, and for that purpose
provision is made in the Statement No 2 for a
rowjasum to be attached to the Vypaur Chowkey.-

Tinnevelly 8th September 1856. } Signed J. Silver Collector Dist

From the Collector of Salem . . . .

In Con. 18th Sept. 1856

Sir,

In my letter of the 23d March 1855 No. 34 I submitted to the Board of Revenue two Statements, shewing in detail all the items of the Moturpha tax collected in this District, and recommended that certain objectionable items should be abolished.

2 As I am anxious to have these items abolished before I commence my Summabundy for the present year, I beg the Board will be so good as to consider whether my letter on this subject may not be submitted to Government before the reports which were called for in the Board's Circular dated 18th June 1855, No. 1540.

3. I would urge in favor of this course that my report was written previous to the receipt of the Circular and that several of the items I have referred to are of that nature, that they can not be collected without great injustice to the persons who have to pay them.

4 I hope the Summabundy will be commenced in this District at the beginning of December next.

(386)

Bd. No. 4334.

From the Acting Collector of Guntoor . . . . .

Submitting the annual Report on the Settlement of this District for the Fasly 1265 with Statements explanatory of the same

Statements explanatory of the same.

Sir

Fort St. George,

1 I have the honor to submit the usual report on the Settlement of this District for the Fasly 1265 A.D. 1855/56 with Statements explanatory of the same in the forms prescribed by the Circular orders dated 7 and 23d August 1856.

2 The statistical returns remain the same as in the last 4 years and need not be noticed till the quinquennial census is taken next year.

3 The Collector Mr. wood quitted the District on 13 August 1855 and my appointment to it was dated 9th October after joining it in December and disposing of several important matters which required attention I proceeded with the annual settlement. I was not however joined by the Head Sheristadar who had been newly nominated by Mr. Wood till the end of February, up to which time the District was without a permanent head to the native Establishment Of the 11 Talukes 2 were settled by my Head Assistant Mr Gordon who

Statement No. 1.

Fort St George 10 January 1857

who also distributed the Cowles in Ponttipand the settlement of the 2 Palmd Talooks was formed on its main points by myself but the distribution of Cowles and other matters requiring to be superintended on the spot were conducted by Mr Gordon.

4 The number of puttahs 56616 given in statement No 1 shews an increase of 4860 compared with the previous Fasly while the number of cultivating ryots has increased from 64,744 in last year to 68,259 in this - The Rent Roll comparative of the two last Fasles is given in the usual gradations as follows -

The

The progress thus observed has been occasioned by the comparison of the present favorable year being made with one of unusual adversity in the failure of the crops The liberal remissions granted at the time under the sanction of the Commissioner Northern Circars, tended to preserve the resources of the agriculturists, who were also encouraged by the favorable nature of the season to extend their operations.

Season 5 The season may be considered as very favorable upon the whole, tho' a few exceptions will be presently noticed Rain fell in moderation from the middle of June to the end of July, and again from the middle of August, it was generally over abundant tho in some places only moderate In the N. E. Monsoon, in October there was a good fall tho it was partial and afterwards the rain was more limitted and scarcely sufficient.-

6 The early crops of suzza and gidda Jonna suffered from want of rain in the beginning of August, but were restored by the subsequent fall, though the

Register of rain

	1264 Inches	Tenths	1265 Inches	Tenths
May	"	9	"	5
June	2	7½	3	2
July	7	7	1	1
August	4	3	4	9
September	5	9	1	9
October	10	1	11	9
November	2	2	"	7
December	"	"	"	5
January	"	2	"	"
February	2	6	"	9
March	"	5	"	3
April	"	4	3	6
	36	7½	28	5

the latter crop suffered a little from the rain which fell when it was ripening. The staple dry crop of Jonna was also tried by the want of rain in the beginning of August but recovered afterwards and yielded a good return. The red paddy crops were upon the whole fair, and so also were the late crop of Vargo grain &c. The same applies likewise to the cotton crop. The garden crops also yielded well.-

7 The wet crops in this season shew the marked advantage of the supply of the Kistna water by the anicut & channels. The rains did not afford a timely and sufficient supply generally to the Tanks in the western Talooks, while the numerous Tanks in Repally supplied by means of shallow channels from the Kristna were also left half dry thro' the river freshes not having risen high enough to water them. The closing of the Vellatore channel head in 1834 which was considered expedient from local circumstances in view of the introduction of the anicut water to this locality, was also the means of withholding a supply which would have been valuable in the present season.-

On

8 On the other hand the irrigation under the Cammamoor Nundoor Appecutta Poondla Marrepoody and other tanks supplied by the Communoor branch channel as well as that under the Yazaly Booddam, alloor Curlapollem and Ganapavarum & tanks supplied by the old Toongabuddra yielded a rich harvest the outturn being universally good. The Banputla tank was also benefited by the Kristna water, and the crop under the Cherkoor tank on a higher level was retrieved from total loss by the small supply that it was practicable to throw into it though it yielded eventually only indifferently. Beyond the superior supply afforded to the existing works of irrigation the Anicut was not with a trifling exception brought to bear upon any new field of Cultivation the main channel being opened only as far as the lock at Dooggerallah. The old Toongabhuddra and Commamoor branches were plentifully supplied.-

Sanitary Condition

9 The year under review was generally healthy, though Cholera was present at intervals between March and November but not of a virulent character. Small pox was rare and fever in the Hilly Tracts in the cold season was & lightly

lightly felt the cattle and sheep also suffered very little from disease.

Prices

10 The prices of agricultural produce stood very high at the close of the previous Fasly in consequence of the general failure of the dry crops from the marginal statement it will be seen that the price of Jonnah gradually fell about 33 per cent between the commencement and end of the Fasly under report. while in paddy the scale has been more equal in the several months, an increase being however observable in those months immediately preceding the harvest of the new grain. In the Jonna the price fell immediately upon the abundant produce of the season coming into the market and the average price for the year is not a fair index of the rate at which the ryots disposed of their grain a comparative view of the prices in the past 5 years shews the average of Fasly 1265 to be the highest of any of these but the rate

rates at which the land of the province was sold are much nearer the prices at the close of the Fasly than the average and at the same time may be considered fairly remunerative to the ryots.

The principles of the settlement.

11. The Principles of the settlement heretofore observed were some what modified by the remission 2/3rds of the Village Poollary and the charging of uncultivated waste in conformity with the views of Government enunciated in para 11th of Extract Minutes Consultation dated 8th September 1855 in connection with subject of the poollary.-

Cultivation and settlement statement No 3.

12 The settlement shews an increase of 27,498 acres assessed at Rupees 49124 in dry cultivation and a further increase of 701 acres assessed at Rupees 2592 in gardens while there is a decrease of 3470 acres and Rupees 17833 in wet lands. The progress indicated by the first two items arises from the favorable nature of the season and from the resources of the District having been sustained by large remissions in the previous adverse Fasly. The falling off in the wet cultivation is chiefly in the western Taluks and that of Repully where as above described the tanks were not filled. The chief items of conversion from dry to irrigated are in Tenally where

where there was an extension of Garden cultivation under wells. and Pannur where the Kristna irrigation was extended to about 62 acres of dry land

13 . The total full assessment of the dry and garden cultivations is Rupees 1307958 or 51717 Rupees above the previous Fusly but the decrease of Rupees 17833 in the wet cultivation reduces the net increase to Rupees 33883 The remissions opportunely sanctioned in the last year have not only kept the District from retrograding in the extent of cultivation but been the means of preserving the gradual progress in its extension.

	acres	Rupees
Dry	732993	1238474
Garden	10659	69484
	743652	1307958
Wet	23995	156837
Total	767647	146495
Previous Fusly	741918	1430912
Increase	25729	33883

Remissions.- 14 The remissions exclusive of Poollary, amount to Rupees 82697 and are Rupees 176704 less than in the previous year, when extraordinary remissions were made to about this amount to meet the adverse circumstances of the season Of the item of Rupees 14652 remitted for uncultivated waste Rupees 11562 are the assessment of wet lands for which

which there was an insufficient supply of water under the circumstances above described and Rupees 2913 that of dry lands chiefly in fields of 10 acres and upwards on which the assessment was not regidly enforced in the introduction of the principle described in para 11.

15 The remission of Rupees 14557 for deficiency and failure of produce is to the extent of Rupees 13988 in the wet crops The greater portion is in the Banputla Talook, Rupees 5300 alone being for the Cherkoor tank noticed in para 8 while about Rupees 3000 more were for the Oppootoor and Moorooconda pand tanks dependant on the Jungle streams. Some of the particulars cannot be classed with strict accuracy such as shavy short produce &c as the remissions were made generally upon the holdings and not upon each field, a good crop in one field being considered as making up for a deficiency or failure in another. The remainder is mostly under the western Tanks imperfectly supplied about Rupees 696 were also remitted for crops lost from inundation by the want of drainage in connection with the Kristna supply.

The

The remission for dry crops are very small and was partly granted in the case of the indigo Cultivation in Banputla.

16 The Cowle remission on lands occupied on progressive sist and the Teazgary or vundra are as usual. The customary reductions amounting to Rupees 22,837 are mostly those made upon whole Villages or upon a few lands or individuals in them by the former zemindars but were at the time thought proper to be retained in the accounts pending a future settlement of the Villages as opportunity offers some of these items may be enquired into and disposed of on their merits so as to rid the accounts of these nominal transactions as much as possible.

Joint Rents

17 A few particulars of the settlement may be now noticed more in detail and first the Joint rents in Mungalagherry &c. as described in the following statement.

Talooks

Talooks	No. of Villages	Fusly 1264 Mackta including grazing tax			Remission made at Jummabundy			Remaining			Fusly 1265 Muckta including grazing tax			Remission made at Jummahbundy			Remaining			Increase	Decrease
		Rs	A	P	Rs	A	P	Rs	A	P	Rs	A	P	Rs	A	P	Rs	A	P	Rupees	Rupees
1 Mungalagherry	50	80519	8	7	26439	3	8	54080	4	11	85094	13	9	3857	7	11	81237	5	10	27157	"
2 Jenally	2	6610	"	"	973	4	"	5636	12	"	7610	"	"	280	8	3	7329	7	7	1693	"
3 Repully	1	100	"	"	7	12	7	92	3	5	130	"	"	"	"	"	130	"	"	38	"
	53	87,229	8	7	27420	4	3	59809	4	4	92834	13	9	4138	"	4	88696	13	5	28,888	"

The number of Villages under this tenure is the same as in the last year though one has passed under ryotwary and another taken its place The increase in the gross Joint rent is Rupees 5,605. though in the settlement the increase is Rupees 28,888. owing to the extraordinary remissions granted in the previous fusly. The remission of 2/3rds of the Village poollary was extended to those villages as it was only fair that they should share with the ryotwary villages in this measure This constitutes the greater part of the deduction for this Fusly I hope to be able before long to submit a separate report on the working of the Joint Rents and the assessment in the Mungalagherry Taluk.

Coast Villages

18 The coast villages may as usual be here conveniently noticed in the following statement.

Talooks

Fort St. George 10th January 1857

Grand Total			10245	41158	2 10	14199	50952	10 1	9794	"

A considerable increase is observable of which 2264 acres assessed at Rupees 4900 consists of indigo cultivation to which a great stimulus has been given in the Banputla Taluk. This cultivation has been confined to dry lands as the present garden rates for watering it are so high as to be prohibitory. The season was also favorable for the extension of the ordinary dry and garden cultivation. The subject of the revision of the assessment of these sundry tracts has been treated of in the correspondence noted in the margin.

From Commissioner 29th April 1856
From Do. 10 May
To Do. 28th Do.
From Do. 7 June
To Do. 23 Do.

The

Fort St. George 10 January 1857.

19 The irrigation of the District (exclusive of gardens) is classed as follows under its different sources of supply.

Items	Fusly 1264 Rs	A P	Fusly 1265 Rs	A P	Increase Rupees	Decrease Rupees
Toongabhadra channel and branches fed by the ancient	35344	14 4	49209	4 11	13864	"
Tank of Banpetla partly supplied by the ancient	21865	1 8	24531	" 3	2666	"
Nullamada and other inland streams	11478	9 4	3654	11 9	"	7824

Tanks dependant on rains	53936	" 1	31922	3 8	"	22014
Small Kristna Channels	6678	3 "	759	" 8	"	5919
Total	152406	8 6	132698	9 8	16530	36238
			Decrease	Increase		16530
			Net Decrease			

The tanks dependant entirely on the rains were not adequately supplied and these fed by the Nullamada and other streams shared in the deficiency of supply. The small channels from the Kristna also failed as there were no high freshes to fill them. There is a deficiency of about Rupees 36,000 " " from these uncertain sources, of this about Rupees 10,000 " " occur in Repully where however the whole of the lands will eventually be brought under the influence

of

Fort St. George 10 January 1865.

of the ancient channels. In the western Taluks, as already observed, large remissions had to be made for deficiency of produce of the land actually cultivated. On the other land a considerable increase is observable in the localities supplied in whole or in part by the Kistna channels.—

Sundry Items No 4.

Poollary &c. 20. The Poollary &c. are as shown in the following Statement:—

The gross settlement is 10640 Rupees below the previous years standard the falling off being to the extent of Rupees 8454. in the Jungle chayroot for

Fort St. George 10 January 1865.

for which the season was not favorable and as the jungles had been well cleared of the chayroot in the past fasilies no offers at all were received, tho' constantly invited for the larger tracts. In the ordinary grazing rents there was also a decrease of Rupees 2,083 which was a fluctuation of the season. Two thirds of the village poollary was remitted this year as was separately reported in my letters of 2d March and 1st May last and it may suffice to state here the actual results of the measures adopted as they could only be estimated at the time. The remission of 2/3rds of the village poollary amounted to Rupees 57,602, sent against this is to be balanced the reduction in discretional allowances for waste described in the report

on the subject, thus giving Rupees 19558. as the actual deficiency as shown in the margin arising from the present partial introduction of the new measure

In

Quit Rents on Enams

11th January 1851
7th December 1854.

21 In this item there is a reduction to the extent of Rupees 1077 by the resumption of Enams under the arrangements sanctioned in the orders quoted in the margin on the failure of payment of the arrears of quit rents or by the enams being relinquished by the parties holding them. On the other hand there is an increase of Rupees 894 in the fluctuating quit rents which are now being commuted to fixed payments and also to smaller extent from the restoration of certain Enams under the orders of the Commissioner Northern Circars dated 29th April 1856.

Rent of Topes &c.

22 The increase in the tax of fruit bearing Topes and also in the rent of Soapnuts is from the Comparison being made with the previous unfavorable seasons in which there was a corresponding deficiency in these items

	1263 Rs	1264 Rs	1265 Rs
Fruit Topes	5010	3,850	5,646
Soapnuts	1,663	428	1,497

23+ The Sundry small farms transferred to the head of sundry items under the orders of Government dated 23rd August shew a decrease of Rs 550 They consist chiefly of two items Viz. the tax on the toddy and fruit of palmyra and date trees amounting to Rupees 7715 and the Ferry

+ Other Sundry items

rents

rents amounting to Rupees 252 - The latter have in the present fusly under notice been transferred to the head of local Funds under the orders of the Accountant General dated 8th September 1855, this accounts for a portion of the decrease, the remaining part being occasioned by the proportionate amount of the rents of these items being deducted for 11 days in consequence of the change in the fusly period - The Pootta Kurts and Guttootooms are increased by the irrigation of enams in certain localities by the Kistna water - The rules sanctioned by Government in Extract Minutes Consultation dated 21st August 1856 will however be in future applied to the irrigation of Enams - The Dasabhagum for repairs of tanks is proportioned to the general crop -

Total Land Rental Rupees 15,34,296-6-11-

24- The rental of all items of land revenue for Fusly 1265 gives a net increase of Rupees 1,70,625 compared with that of the previous year as briefly summed up below -

Sugarcane

No. 7 Sugarcane Cotton and Indigo-

26- Sugarcane still remains unknown, and it is to be feared that there is not sufficient native enterprize to be found to embark in its cultivation and the manufacture of Sugar- The Indigo Cultivation has already been noticed as having received a great stimulus in Baupetla, where some Merchants from Nellore have erected vats and created a demand for the article, which example has been followed also by some resident Merchants- The vats in that Taluk have increased from 7 to 30 in the present year and the Cultivation from 430 acres to 2694 acres- In Martoor and Innaconda the Collective Cultivation was 1355 acres in Fusly 1264, but it has fallen to 935, the reasons assigned being the insufficiency of rain at the proper season- In the other 5 Taluks in which it is found the extent is very small except in Tummerscottah where it is 98 acres-

The Cotton Cultivation, was very successful in the year under review- Its increase was 15,854 acres assessed at Rupees 11,614- The Outturn is estimated at about 20 to 25 per cent above that of the previous fusly- The Chief

Chief markets for this article continue to be in the more Northern districts of the Circars-

Moturpha No. 8.

27- The moturpha revenue shows a decrease of Rupees 6129, of this Rupees 4690 is half the tax on sheep and Goats remitted in accordance with the views of Government dated 18th July 1856 as reported in my letter of 24th March para 12, Rupees 245 were also remitted as tax on horned cattle in an exceptional village under the sanction of the Commissioner Northern Circars in his Proceedings of 14th November 1855- The falling off in the tax on looms in the sum of 1162 is to be ascribed to a great depression in the cloth trade consequent on the state of the Market at Madras-

Abkarry No. Enclosure A in No. 10.

28- The abkarry revenue is a decrease of Rs. 696 upon the previous year, which was occasioned chiefly by the adjustment of the rent to the alterations in the period of the fusly. The Renters were formed Talookwar and are for one year only. The stamp revenue presents no features requiring notice- The Sayer having been abolished this item is blank, while in Sea Customs there was no duty collected on goods to and from foreign Ports-

The

Salt Revenue. 29. The Salt revenue and the transactions of the season are exhibited in the accompanying 4 Statements in the form prescribed in the recent Salt Manual a comparison of the sales in the last 2 fuslies is given in the following Statement.

The

The charge in the commutation of the mercal Measurement to the Indian Maund ordered in the Board's Circular of 7th September 1855, has caused a decrease in the Salt revenue to the extent of Rupees 18,094-

30- The decrease of Rupees 4455 in the home consumption in the District, is entirely to be ascribed to the above cause, there being in reality an increased consumption of 217 maunds- In the exports to the neighbouring Districts of Masulipatam Nellore and Cuddapah there is a considerable decrease beyond the difference arising from the rate of commutation- The chief deficiency is in the trade to Masulipatam, which was formerly increased from the scarcity of salt at that place, but I am informed that in the fusly under review the supply and sales there have been extended so as to meet the demand, which was transferred to this District- In the two other Districts the deficiency is not more than an ordinary fluctuation after allowing for the rate of commutation-

A

31- A more serious falling off is observable in the Hyderabad Salt trade, for which the decrease in the amount of sale after deducting the difference of the commutation is about 61556 maunds or Rupees 61,556- The supply from this District to the Hyderabad market has been subjected to great fluctuations in the last few years. In fusly 1262 the failure of salt at Masulipatam threw the burden of supply upon this District, in the following year there was a great scarcity of fodder and draught which prevented the traders making their second trip to the stores- In fusly 1264 when the season was more favourable there was again a great run to the depôts to meet the exhausted state of the market, while in the fusly under report matters seem to have subsisted pretty much in their ordinary channel- The high prices of grain may also have drawn the Cumbadies attention from the salt to that line of merchandize-

Hyderabad Sales-	Rupees.
Fusly 1259	2,67,976-
1260	3,01,617-
1261	2,21,088-
1262	469,409-
1263	2,53,862-
1264	336,264-
1265	2,61,783-

32. The Salt exported by sea on private

private trade to Calcutta was in conformity with para 24 of the Rules contained in the Circular of Board of Revenue dated 23d December 1850 charged at Rupees 15 per 100 Indian Maunds minus the charge of shipping borne by Government calculating this Salt at the Monopoly rate and allowing for the difference of the commutation above noticed the net deficiency in the Salt revenue would amount to Rupees 50,922 instead of Rupees 84534 above shewn-

Salt Manufacture-

33. The season proved most unfavorable for the salt manufacture, which was opened this year at Nizampatam and Chinna Ganjam Between 5 and 6 lacs of maunds were required to keep up the standard of supply, but after the first crop had been collected, the heavy rains in the end of April and subsequent occasional heavy shewers destroyed much of the salt in the process of manufacture, and the total quantity collected amounted only to 166867 maunds- This was all stored within the fusly under the superintendence of the Acting Head Assistant Collector-

The

Fort St. George 10th January 1857.

34. The wastage in the salt sold by measurement amounts to nearly 2½ per cent: the average is raised by the wastage in the salt of fusly 1263 being high Viz.th about 3⅓ per cent from its being long in store the wastage in the sales of the Manufacture of fusly 1264 was a little above 1¼ per cent.

Total Revenue from Sundry sources.

35. The total revenue from Sundry sources above described is a decrease of Rupees 91,615. compared with fusly 1264 and if this is deducted from the increase of Rupees 1,70,625 above shown in the land revenue there remains 78,980 Rupees which is further augmented by extra revenue to the amount of Rupees 4,863 the net increase in the demand of Revenue of all sources for fusly 1265 is noted in the Margins.

Of

Fort St. George 10th January 1857.

No. 11 Collection and Balance.

36. Of the land Revenue rental amounting to Rupees 15,34,296

there was collected within the fusly 15,09,798

leaving a balance of 24,498

being a little more than 1½ per cent or if the sum of 4,600 Rupees is further deducted as the amount of quit rents and shrotriums in abeyance, the per centage is about 1¼ per cent.

The balance at the close of the fusly has been reduced by subsequent collections to 15th September to 17,656

and deducting the item of quit rent aboviementioned 4,600

there remains 13,056.

Of which the portion to be remitted will be determined at the approaching Jummabundy.

37. The land revenue of the fusly under report, it may be observed stands some what higher both as regards the demand and actual Collections than in any of the last 10 years or indeed

indeed subsequently to the famine of 1832 and the Collections have been made with a considerable degree of punctuality as will be seen from the subjoined table in which the item of sundry small farms has been included in accordance with the practice now ordered, but from which Rupees 2,02,008-0-0 the proceeds of certain Bonds belonging to the Vasereddy Estate credited to the land revenue in fuslies 1256-1257. 1258-1259. have been deducted as being an adventitious circumstances not strictly affecting the revenue administration.-

Fuslies 1	Demand land revenue 2	Collections Current and arrears. 3	Current balance 4	Per centage Col.ns 2 and 4
	Rs.	Rs.	Rs.	Rs A. P
1256	14,28,261	14,40,537	93,149	6-8-4
1257	14,65,656	14,74,822	77,211	5-4-4
1258	15,29,560	15,01,097	76,742	5-0-4
1259	15,24,493	14,22,285	130,548	8-8-10
1260	14,14,162	13,12,169	119,578	8-7-3
1261	14,68,103	14,14,962	99,832	6-10-7
1262	14,14,954	14,18,396	67,145	4-10-3
1263	14,17,347	13,77,031	59,712	4-3-5
1264	13,63,672	13,25,573	55,289	4-0-10
1265	15,34,296	15,34,112	24,498	+ 1-9-7

+ Note.

The vundra & other deductions of revenue as emoluments to the Villages Officers have been included in the Collections of the present fusly where as the same were entered as arrears in the previous years calculating the per centage as in past years for the sake of comparison, it would be Rs. A. P 2-15-0- instead of Rupees 1-9-7-

The

Individuals. 6 arrears Rs — 112.

The coercive processes employed were very limited and were only resorted to where there was a disposition to take advantage of the present imperfect state of the laws relating to collection of revenue-

Results of Kishna irrigation.

38. It will be naturally asked here how far the Kishna irrigation has hitherto contributed to raise the standard of the revenue, and to this question a general reply may be given in the marginal comparison of the revenue of all the tanks supplied either wholly or partially from the anicut channels in the last 2 years since the anicut was built, with the average of former years, thus shewing the increase in fusly 1264 to be Rs 13,701 and in fusly 1265, Rs 29,231 or together for the 2 fuslies Rupees 42,932-

Average Revenue of all tanks now receiving any water from the anicut from	Increase Rupees.
fusly 1255 to 1263-	14,509.
Revenue fusly 1264- 58,210- 13701.	
1265- 43,740- 29,231.	
Total increase ———	42,932. +

39. The direct returns of the anicut project are as yet limited, as comparatively very little has been accomplished towards the general distribution of the water over the Country

and

To The Hon.ble George 10th January 1866.

Sir,

I have the honor to submit the accompanied statement on stamp paper No. 1 of the Jamabundy Jusly 1265 Fusly of the Division of Pulicat.

2. The Collections of arrears and current including Sayer Summah amount to Pagodas 1,32,308 - 11 - 7 and the Deduct charges to Pagodas 14,081 - 11 - 7 leaving a Net Revenue of Pagodas 1,18,226 - 0 - 0.

3. The Jamabundy Jusly 1265 Fusly amounts to Pagodas 1,32,308 - 11 - 7 and the Jamabundy Jusly 1264 Fusly amounts to Pagodas 1,47,389 - 11 - 7 showing a decrease of Pagodas 15,081 - 0 - 0 in the Jusly 1265 Fusly.

4. The decrease is occasioned by the Ryots having been unable to cultivate their lands for want of water, the Tanks having been breached by the inundation of the River Arani.

5. The Collections are exceeding the Jamabundy in this Division, which is owing to the more favorable system of Assessment and encouragement to cultivation afforded by the British Government.

I have the honor to be,
Sir,
Your most obedient
& humble Servant,

[illegible]
Collector.

							Deduct Increase		22514 10 1	
							Net Decrease		47000 6 7	3 13 5

In

Fort Saint George 10th January 1857

In all cases the gross Collections exceeded the Peishcush. In 2 Estates the net Revenue exceeded that standard by 9 and 11 per cent. In the remaining 3, the deficiency is from about 4½ to 8½ per Cent. The deficiency on the whole is somewhat over 3¾ per Cent. It may be observed that if the allowances to the Exzemindars amounting to Rupees 47446 were deducted from the charges, as not strictly belonging to the revenue administration of the estates, the result would bring the net revenue fully up to the standard of the Peishcush.

41. The Abkarry revenue was punctually realized within the fusly and the balance of Rupees 746 in Moturpha has since been reduced to Rupees 325 " —"

42. The arrears of revenue for previous fuslies amounted to Rupees 464724 at the beginning of the fusly. The Collections and remissions up to 15th September have reduced this to Rupees 153131. Of this sum Rupees 138964 belong

Trade relinquished	14	6	1
Double entries in the accounts	11	2	"
	363	9	10

Gross Collections and charges No. 14

44 As directed in Para 5 of the Circular Memorandum of 23d August I proceed to make a few remarks on this statement. For the increase in land revenue collections I may refer to the explanations 36 and 37 above. The Vandra and salaries allowed to Circums and Moonsiffs

From Saint George 10th January 1857

Moonsiffs in consideration of emoluments Amounting to Rupees 20572, have been included in the Collections and afterwards charged as pointed out in Extract Minutes Consultation 11th March 1856. The increase in Extra revenue is mostly in the increased sale of palmyra trees. The refunds of charges is from the adjustment of Mr Woods salary. The refund on account of sequestered Zemindaries last year was in the item of survey conducted by the special commissioner in 1845. The Abkarry decrease has been explained in para 28th. The Moturpha tax was collected with more punctuality but the decrease arises from the remission of the tax on sheep and goats. The salt revenue fluctuation has been explained above in paras 30. 31 & 32 The increase in sea custom extra revenue is from tonnage duty on the larger number of vessels frequenting the ports. The sayer decrease is from the abolition of this item. The stamp revenue varies in the ordinary fluctuations connected with litigation.

The

From Saint George 10th January 1857.

	Rs	a	p
Fasly 1264	163028	3	7
1265	177433	2	8
Increase	14404	15	1

The net increase of Rs. 14405 in the land revenue charges is explained as follows:-

Increase-	Rs	a	p
In consequences of the payment of salaries for 12 Months in the present year instead of 11 Months as in the last	3134	15	5
From the adjustment of the accounts of the pay and vundra &c of Village Moonsiffs and curnums	20571	13	11
Difference in the payments of salary to the commissioner and his Establishment	4638	11	11
From a portion of the pay of the Head Assist. ant collector hitherto deducted under the head of "Magisterial charges" being transferred to that of "Land Revenue" under the directions of the accountant General	733	5	4
Difference in salary of Assistant Collector	2184	10	10
Deputation allowance of the Acting Collector	1268	6	10
From sundry items	897	2	9
	33419	3	4

Decrease

Charges of measurement of certain villages of the Vaseredy Estate debited in the last year only	10869	1	3
Personal allowance of Mr H Newill charged in the last year only under the sanction of the Honorable court of Directors	3553	12	3
Difference in the salaries of the collectors	4591	6	5
	19014	3	11
Net Increase	14404	15	1

In

Fort Saint George 10th January 1857

In the said charges; the pay of Establishment was disbursed for 12 months instead of 11 in the previous Fusly in which the alteration of its period was made - In extra charges there was an increase in the repairs of yards and for shipping salt to Calcutta. The Manufacturer's share was dependant on the quantity of salt made -

46 In conclusion I may notice the conduct of the public servants as being generally satisfactory - The Head sheristadar nominated by Mr Wood joined me in February 1856 and has rendered me efficient assistance - The Tahsildars with some exceptions have also exerted themselves to carry out the several measures connected with the improvement of the District and their conduct has been noticed in detail in a minute reviewing their administration during the fusly upon which occasion also merit was rewarded by promotion - My present acting Head assistant who is joined the District in May 1856 altho' without any previous experience in revenue matters has rendered me great aid in his diligent and satisfactory conduct of some of the details of Magisterial and other

Fort St George 10th January 1857

duties and has subsequently been entrusted with 3 revenue Talooks under the discretion allowed me by the late Commissioner in his Proceedings of the 4th June 1856 -

47 I cannot refrain from remarking in this place that altho the administration of the year under review under the favoring providence of God has been attended with the satisfactory results above described it has not been conducted without at times severely taxing the limited European energy that has been brought to bear upon it and I will venture yet to hope that some provision may be made to meet the wants of this now promising District in affording further relief under the heavy burden of its duties and its well known trying climate -

Acting Secretary to the Board of Revenue

Fort St. George.

387

B. No. 4650.

From the Acting Collr. of Guntoor

Sir,

I have the honor to forward 5 copies of a Revenue Talook Map of this District in illustration of the settlement of Fusly 1265 reported under date 15 Ultimo.

Guntoor Collectors Office 5th November 1856

(Signed) H. Newill

Acting Collector

B. No. 112.

Proceedings

Proceedings Remarks on certain points connected with the settlement of the Guntoor District for Fusly 1265 A.D. 1855/56.

The foregoing letters will be disposed of together with the settlement reports from other Districts in the General report to Government, mean while the Board proceed to record remarks on such points as require separate notice.

386-88

2 Of the 14 Talooks of which the District consists 12 were settled by the Acting Collector Mr. Newill and 2 by the Head assistant Mr. Gordon — statement No. 1 shews the Number of days occupied for the settlement of each Talook. The two Talooks of the Palnaad viz Immeracotah and Datchapully do not appear to have been visited by the Acting Collector. The settlement in its main

main features was formed by that Offi
but the distribution of Puttahs and o
matters requiring to be superintend
on the Spot were conducted by
Mr. Gordon as the time occupie
for each Talook was only 3 days
may appear at first sight that
Ryots had not full opportunity
given them of communicating wit
the European officer, but doubtless
settlement claims were adjusted by
hand by the Acting Collector so tha
in fact little remained for the assista
to do beyond distributing Puttahs th
system of the Palnand having been
Ryotwar for so many years the settle
is formed without difficulty and t
necessity for the personal attendance
of the Collector for that purpose is
diminished in proportion, at the sam
time the importance of free communica
between the Ryots and the Collector
particularly in Talooks remote fro
the Head station, like those of the
Palnand should not be lost sight
of — The arrangements on the pres
occasion were probably the best th
could be made with reference to

short period since the Acting Collectors arrival
in the District and the extent of administrative
aid at his disposal.

3 The Board notice with satisfaction
the increase of 3315 in the number of Puttahs. The
preceding year had been one of peculiar adversity,
but the liberal remissions given to meet the
exigencies of the occasion are noticed by the
Acting Collector as having sustained the resources
of the Ryots who were further encouraged by
the favorable nature of the season to extend
their operations. Of the increase 2001 Puttahs
are for rents, below Rupees 10, and proceed
though not stated in the report from
subdivision of large holdings or occupation
of fresh land. probably the latter chiefly
if not entirely under the favorable
circumstances of the year as above mentioned
From whatever cause this increase may arise
the importance of large holdings suggests
itself, and the Board would be glad
to find encouragement given to their
formation where the present settlement
rules operate restrictively they will be
prepared to give full consideration to
such amendments as the Acting Collector
may think necessary There is an extensive
relinquishment of fields annually in
Guntoor, chiefly perhaps in the Palnand,

in

in order to give them rest as well as occupation of land given up a few years previously for the same reason It is p[illegible] that with an allowance for fallow or [illegible] same arrangement whereby Holders of [illegible] can be relieved altogether from the inte[illegible] of the Revenue Establishments settlements may simplified and greater freedom of action [illegible] to the Ryots — The subject should be caref[illegible] considered by the Acting Collector in Comm[illegible]tion with the Ryots themselves. In revie[illegible] the affairs of North Arcot in Connection [illegible] the revision of the assessment of that Dis[illegible] the Government noticed the importance [illegible] a sound administration of Ryotwar not [illegible] reference to that District alone but to [illegible] Districts generally and desired that the object might be kept in view by the Bo[illegible] Permanent Puttahs as adopted in [illegible] Coimbatore were specially mentioned [illegible] Government as beneficial.

E.M.C. 23 April 1855 No. 460 para 12.13.

Paras 8 & 19.

4 The condition of the Reve[illegible] where the irrigation has been made perfect by means of the Kistna Anic[illegible] is striking compared with that [illegible] other parts of the District where similar advantages are not posse[illegible] The contrast will be specially [illegible] by the Board in their General Rep[illegible] Government

5 In the settlement under report 2/3 of the village were remitted and a change has been made Poolary for uncultivated waste. The final orders of Government for the comptete abolition of the Village Poolary were passed on the 18th July 1856, No. 747.

Paras 12-13 Statement No. 3 Col. 26 & 29.

6 The total settlement of the year on account of Land Revenue amounted to Rupees 1534290. bring Rupees 1,70625. in excess of the preceding year In the details a decrease of Rupees 17,833 occurs chiefly in the Western Talooks where the irrigation depends on uncertain sources of supply. In Dry and Garden lands the Board note the buoyancy of the resources of the District preserved as already mentioned by the judicious arrangements made in the preceding year to meet the losses incurred in consequence of the comptete failure of the staple product of the District The results of the year in each Talook are shewn in the tabular form in para 25 of the report.—

Para 14 @ 17. Statement No. 4.

7 The remissions exclusive of Poolary amount to Rupees 82,697. The small of Rupees 2,913 was allowed on account of uncultivated waste in fields of 10 acres and upwards, as a rigid enforcement of the rule of charging waste of this description was found inexpedient in these cases.

It

It seems however that it is only on the first introduction of the rule in quest that some deviation from it was per mitted a failure of wet produce to extent occurred in the Banpullah Tal for which Rupees 13,988 were allowed out of an entire remission on account loss in this class of lands amounting to Rupees 14,557 The lands under the Che

Para 8. tank at least such portion of them a are on a higher level than the other lands of the villages seem to require attention as with an ample suppl of water in the Talook drawn from a head many miles off, means ought be at hand for overlowering the diffe ence in level, so that all the lands the village may be brought with influence of the supply of water.-

8 In Para 16 the Acting Colle notices certain customary reductions amounting to Rupees 22,837 The greater part of these if not the whole, it is believed are reductions of burden assessments made by the remainder many years ago - They should be required into as proposed by the Acting Collector and the not assess only entered in the accounts as far as possible.-

9 In enclosure B in No. 3 the item waste remitted is 6,464 acres assessed at Rupees 22,349 It does not appear that a similar item viz 517 acres with an assessment of Rupees 10,681 remission for whole fields included in No. 4 forms a part of the items first mentioned. The reason for adopting this arrangement if not a new omission should be explained

Para 17 10 The Board trust that the report on the working of joint rents and the assessment in the Mungalagherry Talook promised in this para, will be laid before them at an early period.-

Para 18. 11 A considerable increase amounting to Rupees 9794 occurs in the sandy tracts near the coast but chiefly in the Dry cultivation It is owing to the favorable character of the season and to the extension of Indigo cultivation in the Banpetla Talook a considerable stimulus has been recently given to the Cultivation of Indigo but it is stated to be confined to the dry lands of the locality under consideration, as the present Garden rates for watering are so high as to be prohibitory.- The assessment generally of these sandy tracts was brought to the notice

To Govt. 30 June 1856 of Government by the late Commissioner.

Para 20 12 The sum given up on account of Village Poollary was to Rupees 51,602 being 2/3 ds of what otherwise would have been the demand

demand under that head, as however the uncultivated waste was charged the actual deficiency is stated to be only Rupees 19,558. This result is shewn on comparison of the average ordinary remissions on Waste from Fusly 1260/1850/51 to Fusly 1264/1854/55 but if the former and present Fuslies are compared the result will be in favor of the present to an almost equal amount,—thus.—

		Rupees
Waste charged in Fusly 1265 as per Enclosure B in No. 3		4,65[illegible]
Deduct Remissions as per No. 4 on portions of fields	3971	
" whole fields	10681	[illegible]
Remainder charged		15,975[illegible]
Poollary collected		5,712[illegible]
Total		20,788[illegible]

Fusly 1264	Rupees	
Waste charged	99,438	
Poollary Collected	90,627	19,0[illegible]
Difference in favor of Fusly 1266		17,8[illegible]

13 Village Poollary will be entirely relinquished after Fusly 12[illegible] under the orders of Government and the Village Communities will be left free to graze their cattle on the waste and unoccupied land of their respective villages [illegible]

F.G.B.

E.M.C. 18th Jn. C. 23d July 56. Para 4

is such lands as may not be separately reserved or applied for as Pasture as defined by Government both of which are to be held at the full Assessment. The Board will be glad to receive a report from the Acting Collector on the working of this plan.—

Statement No. 4

14 The extent of land occupied on Cowl is 21840 acres with an assessment of Rupees 30775 of which Rs. 13139 were leviable in the year under report. The land newly taken up in this year was 9,895 acres of dry land and 231 acres of wet. Where a large extent of waste is newly broken up, as in the present case, it should be specially noticed in the settlement Report with any circumstances of interest. If it occurs in small portions only in the Villages generally of the District, a brief remark to that effect will suffice.—

Para 26 Statement No. 7

15 Sugar cane is still unknown in the District. Indigo has increased from 430 acres to 2,694 acres in Baupetlah alone. The total extent of land occupied for this Articles is 3,821 acres. In the Talooks of Martoor and Tunacoudah there is a falling off in the present year, ascribed to insufficiency of rain at the

the proper season. The excessive charge
irrigation in the coast villages is a bar to
extension of this species of cultivation in
locality and the question as already stat
before Government The Board wo
wish the Acting Collector to consider wh
a stimulus would be given to this and
products by a modification of the assess
under some of the Tanks in the wester
Talooks including the two Talooks of the
where the supply of water is so uncertain
that the lands can be cultivated only occ
ally under the Present System. This uncert
occasions loss both to the Ryot and the Go
:ment By adopting the assessment to the
:dition of the supply, it is probable that
cultivation of these lands every year, with
:ducts other than Toddy, may be occurred
with advantage to all parties.

16. Cotton is a staple product of the
:trict, and seems to have been particularly
:ful this year.

Statement No 8
Mahturpah

In Cour 23 July 1856.

17. The tax on sheep and goats was re:
:duced in accordance with the views of Government
18th January 1856 No 747 regarding this item and
village Poollary and involved a decrease of Rs. 1690
a further sum of Rupees 245 on the cattle of shep:
:herds in the Nizampotam Circar was given up
on the Sanction conveyed in the Commissioners
Proceedings 28th March 1854 Para 12. The tax
was exceptional and was imposed at the rate of
4 Annas for each Cow or other description of
Cattle under the head of Mahturpha.

	F1264	F1265
Present on festivals	74 Rs	74 Rs
Grain allowance to Curnums	172. 12.	166. 3. 3.
on account of Bribe		11

18. The margenial items ex:
:tracted from statement No 9 should
be explained.

19 In the Revenue from salt there is a
net increase of Rupees 84534 occurring for the most
part in the Hydrabad Trade which as explained
by the Acting Collector, is subject to fluctua:
:tions. The Change in the Commutation of
the mercal measurement to the Indian maund
has been followed it is stated by a decrease in the

	Ind Mds
Sold in F1265	4.02184
Deduct	
Sold before the Commutation to the end of Sept 55.	37644
	364540
Loss @ 5 5/8 per Cent	20503
Value at Rs 7 per Md	20503
Loss according to the Ag Collr	18094
Difference	20409

salt Revenue to the extent of Rupees
18094 according to the entries in the
margin the deficiency should be Ru:
:pees 20503. The difference should be
explained.

The reason for the manufac:
:ture of salt it is seen was unfavorable The
Standard required was between 5 and 6 lacs of
maunds

maunds while the actual supply was limited to 1661
This was all stored within the Fusly. Including the new
facture the quantity in store availab
for the sales of the ensuing Fusly wa
4,00,677 only. The actual sales of t
Fusly under review was 402215 shew
ing that unless active exertions
made to secure an adequate supply
new salt during Fusly 1266, the w
of the trade in this article may be
appointed 18 months hence.

Statement No 11 21 The current demand on a
of all sources of Revenue amounted to
pees 1993255. 3. 11. of which Rupees 1967
were collected within the Fusly and
Rupees 7287 — 15 - 9 subsequently to
September 1856 leaving an outstanding
balance of Rupees 18098 — 15 - 11 The
outstanding Balance on account
arrears after deducting collec

and Remissions to the same date was
Rupees 1,53,131 — " — 9 nearly the whole of
which belongs to arrears of Quit Rent
and Strotriems involved in long standing
disputes.—

22 In para 37 the Acting Collector
shews the state of the Collections during
the last 10 years The punctual realization of
the Revenue in Fusly $\frac{1265}{1855-56}$ is very creditable
and though high prices enabled the Ryots
to discharge their rents so readily this cir-
cumstance does not detract from the praise
due to the Revenue officers for their
En C. A in No 13 exertions. It is observed that coercive process
was resorted to in 6 cases only
and that the actual value of

land

Fort St. George 10th January 1857

land sold was Rupees 21.

Para 43

23 Application will be made in the General Report to Government for sanction to write off the irrecouerable Balances viz: Land Revenue Rupees 7422-4 and Mohturpha Rupees 363-9-10

24 The statistics in each Taluk illustration of the settlement are presented at one view in a very convenient and useful form in the Revenue Map forwarded with the second letter recorded at the head of these Proceedings two Copies of this map have been received from the Acting Collector one will be submitted to Government with a copy of these Proceedings

Fort St George 10th January 1857

Bo. No. 105

Statement shewing the state of the season in the undermentioned Districts for the month of December 1856.

District and date.	Rainfall.	State of the crops and the Cultivation operations.	Prices whether high or low rising falling or stationary.	Further remarks
My. No. 40 Trichinopoly dated 1st January in Consultation 5th January 1857.	Good deal of rain in the N. and E. Divisions not so much in the South and West where the large Tanks are deficient in their supply of water some having received none. The regular freshes from the West have failed and the rivers have fallen very much. The Channels are tolerably full.	The greater part of the dry grain Crops has been harvested the remainder is most promising. The Garden products are in very good condition. The Paddy Cultivation is complete. The cutting of the Shumbah rice which is thriving will soon commence. The extent of Cultivation in the current fusly is 30,086 acres in excess of the past fusly.	Fallen a little.	Cholera prevails in the Fort and sububs of Trichinopoly and in parts of the Conaid Talook.

Fort St. George 10th January 1857.

District and date.	Rain fall.	State of the season and the Cultivation operations.	Prices whether high or low &c.	Further remarks.
Mz. No. 30. Chingleput dated 2d in Cons: 5th January 1857.	A further fall of rain increasing the supplies of water in the Tanks.	The Sumbah Crops promise a favorable outturn the rain has proved very beneficial to them.	Have varied somewhat from those in November.	
Mz. No. 39. Nellore dated 2d in Consultation 5th January 1857.	Heavy and general during the early part of the month. Many Tanks breached by the storm in November were replenished.	Wet and dry Cultivation have been activity carried on. The dry Crops are generally good the Sunnawary and Peshanum rice Crops have suffered from insects.	Fallen slightly in some instances.	Fever has been prevalent in some places for several months, and desease among cattle.
Mz. No. 41. South Arcot dated 3d in Cons: 5th January 1857.	Trifling during the first week. On the 8th and 9th a violent storm in which the heavy rain benefited every part of the District since then partial and seasonable showers Tanks fed by the Chief rivers were filled by the freshes.	The Paddy Crops are most luxuriant in some places. The dry fields are being sown extensively with Indigo and Gingelly Oil Seeds. The storm was not very destinctive to the Paddy Crops but the Plantain Betel and Sugar Cane Cultivation suffered to some extent. Out of 7,55,148 acres sown with Crops of every description up to the end of November 2,60,222 acres have been reaped. The Returns shew an excess of acres 58,450 of Cultivation over the previous year up to the same date.	Fallen and it is probable will fall lower. Best white paddy sold in October at 24 Measures the rupee, and is selling at 30 Measures per rupee and will probably soon fall to 35 measures.	The storm was felt most in the Villapooram and Trevady Taloops fifty two Tanks were breached in the former the bund of one of them nearly swept away altegether and about 200 huts and houses destroyed in a Village under one of the largest Tanks. The repairs to the Tanks and Channels will cost about 17,000 Rs. The Crops were preserved and no remissions to any extent will be required.
Mz. No. 47. Tanjore dated 2d in Consultation 6th January 1857.	From the 7th to the 16th almost unceasing thro' out the district. On the 8 & 15			

Fort St. George 10th January 1857.

District and date.	Rainfall.	State of the Crops and the Cultivation operations.	Prices whether high or low &ca.	Further remarks.
	heavy, general, with violent gusts of wind. Freshes in the rivers have been very low.	The harvest of the Cudapoo Car Crop is almost over. The outturn in the Trivalore and Manargoody Talooks was deficient the produce in Reevalore and Tritrapoondy has been damaged partially by the excessive rain. The Sumbah Peshanum Crop is promising but in four Estern Talooks it has been injured Indigo, Cotton, and lamp Oil seeds Crops are flourishing in some places and damaged in others by the rain. The Sugar Cane Crop is healthy and being cut in some places. The Dry Crops generally look well.	Prices of Paddy have fallen that of old Paddy ranging from Annas 11-6 to one rupee, and of new paddy from annas 9 to 12 per Column. The Prices of Cotton, Indigo lamp Oil seed and sugar are stationary.	The Cattle have suffered from the bad weather.
My. No. 46. Salem dated 2d. in Consultation 6th January 1857.	Some rain in all the Talooks except Raijepoor Oossoor and Denkencottah.	The Dry Cultivation is thriving. The Cumboo and Cholum harvest is oner, Grain and other pulses are nearly ready for reaping. Indigo and Cotton are thriving. The general outturn of the dry Crops will be above the average. The harvest of the earlier Wet Crops is oner. and the Cultivation of the second Crop is progressing.	A slight rise especially in paddy in all the Talooks except Oossoor and Tengericottah owing to an increased demand from the Coimbatore side.	Ague prevailed extensively in the Talooks of Denkencottah and Vengaricottah.

Proceedings

Proceedings of the Bd. of Revenue Monday 12th January 1857

Read again Extract Minutes Cons. dated 28th October and entered in Cons. 5th November 1856

To
J. D. Sim Esqre.
Acting Secy. to the Board of Revenue
Fort Saint George

405
Bd. No. 4509
From the Collector of Chingleput } Sir, In reply to Extract from the Proceedings of the Board of Revenue No. 3569 of the 30th Ultimo. I have the honor to state for their information that the amount of Cash generally in the Hoozoor Treasury at Canjeeveram is about Rupees 10,000 as all large sums likely to remain above that amount are at once remitted to the General Treasury. If the Treasury were transferred to Guindy as now proposed, a sum of Rupees 60000 might be set aside at the end of each Month for meeting the demands in the ensuing one, and the remainder remitted to the General Treasury. The monthly amount + in the Talook Treasury at Guindy may be estimated at Rupees 12,000

+ Collections

2 I have inspected the Building occupied by the Talook Cutcherry, and am of opinion that

that it is perfectly secure, and fitted to receive the Hoozoor Treasury. An iron railing placed across the enclosed Verandah outside the rooms where the Treasure would be placed would add to its present security, and may be thought advisable but I do not consider it to be absolutely necessary to attain that object, as the rooms are perfectly secure without it. It can only be an additional security.

3 The Sepoy Guard could also be temporarily accommodated in the Building.

Chingleput District
Collector's Cutcherry
Sydapet, 3d November 1856
Bd No. 111
To the Secretary to Government

(Signed) C. I. Shubrick
Collector

To
Sir, Secretary to Government

With reference to Extract from the Minutes of Consultation dated 28th October 1856, No. 1142, I am directed by the Board of Revenue to submit herewith the accompanying further correspondence with the Collector of Chingleput, regarding the provision of a new Cutcherry for his district.

F Collr 21st in Con: 30th October 1856 – Bds Proceedings 30th Do
F Collr 3d No. In Cons 12th Feby 57 4509.
405.6

2 The Building which the Collector proposed to purchase as a Cutcherry was visited by the Board and condemned. The district Engineer has prepared Estimates for an entirely new

new Building and these are under the Boards consideration.

3 In the meantime the Collector propose to transfer the Treasury from Congeveram to the Talook Cutcherry at Guindy. All that will be necessary in Mr Shubricks opinion is to put up an iron railing which can be brought from Conjeveram. The Building is in other respects secure and the sepoy guard can be temporarily accommodated within it.

4 Mr Shubrick states that if the treasury is transferred a sum of Rupees 60,000 might be set aside at the end of each month, for meeting the demands in the ensuing one. The arrangement for the transfer of the Treasury is approved by the Board, but as Guindy is so near Madras they are of opinion that the surplus cash whenever it amounts to a Certain sum (say) Rupees 5000 should be forwarded to the General Treasury instead of being allowed to accumulate until the end of the month. The sum retained should also be reduced to the smallest amount likely to meet the ordinary requirements of each current and succeeding month.

5 The Board recommend that pending the construction of the new Building the Collector may be authorized to transfer the Treasury to Guindy as proposed by him.

Board of Revenue
Fort St. George

(418)

B. of No. 3132.

From the Collector of Coimbatore

Sir.

1. I have the honor to achnowledge the receipt of Extract from the Board's Proceedings dated 23d Ultimo No. 3307, and their remarks on the Statement of actual charges incurred without Estimate in the Revenue Department for Fusly 1264, and in reply beg to state that I have duly reported the progress of work of apprentices, on the 4th idem.—

2. With reference to para 2, it is to be observed, that the numbers killed will unavoidably vary according to the efforts made to destroy them and the mischief done by

by the wild animals the maximum reward is hardly ever given except only in cases where some Elephant or Tiger has frequented some public thoroughfare, become especially ferocious, and injured life or property - one single case of the kind has just occurred an Elephant has frequented the foot of the Coonoor Ghaut in the Bamboo Jungle there and been most destructive to the Gardens of Plantains, sugar Cane &ca as well as dangerous to all Coolies and Travellers - it has been just shot, after much trouble, and I gave the full reward, (he so well earned) to the native "Shikary" in all others 1/2 or 2/3 ds reward only, is given. -

3. Under the foregoing explanation

explanation I beg that the expenditure[+] during the fusly 1264. on account of reward, may be sanctioned by Government, an indelible mark is always made in each skin as it comes in, a small Cross (+) is made, 4 Inches long, in the forehead of each Animal. -

+ Rs. 1917 - " -

4. The instructions contained in the Board's Circular dated 13th June 1836, and in the Note appended thereto, are strictly observed. -

5. I would request sanction of 5 Rupees each, for Hyenas and wolves - both are more dangerous to persons and cattle, than Bears, for which 7 Rupees are allowed - the Hyenas attack children frequently, and the wolves infest the sheep folds, in the open plains of Coimbatore. -

(Signed) E. B. Thomas.
Collr.

Bd. No. 123.

Resolution thereon.— Resolved that the foregoing letter be submitted for the orders of the Right Honorable the Governor in Council, with reference to paras 2 and 3 of Extract Minutes Consultation dated 9th July 1856 No. 706.—

418-19

2. The Collector explains that the excess of Rupees 519-8-" in the expenditure on account of rewards for the destruction of Wild animals in Fusly 1264 over that in Fusly 1263 is to be attributed to a larger number having been killed in the former than in the latter year. Mr. Thomas states that the maximum Reward is scarcely ever given except in special cases where an Elephant or a Tiger that has become dangerous to life and injurious to

to property is killed, in all others one half or two thirds of the Reward is granted. The instructions of the Board for the prevention of frauds in granting such Rewards, the Collector Reports, are strictly observed.— Under this explanation the Board recommend that Sanction be granted for the disbursements made in Fusly 1264 for rewards for the destruction of wild Beasts, amounting to Rs. 1917.—

3. With regard to the charge for Rewards for killing Hyenas, the Collector states that they frequently attack children, and that these animals and Wolves are more dangerous to persons, and Cattle, than Bears for the destruction of which a Reward of 7 Rs. is allowed. The Board therefore support the Collector's recommendation for the grant of a Reward of 5 Rupees for each Hyena and Wolf destroyed: For although there is not the same amount of

Fort St. George 12th January 1857.

of danger attending the destruction of these animals, the Havoc they Commit in the sheep folds in the open Country call for some measures for their extermination and it can hardly be expected that Ryots or Shikarries will take upon themselves the trouble and risk of hunting down Wolves and Hyenas without some inducement in the shape of Rewards The Board would further recommend that the same Reward be offered in all the District where these animals are in any numbers.—

4. Adverting to para 2 of the above quoted Extract from Minutes Consultation, the Board observe that the Report required respecting the survey classes is under consideration and will be submitted to Government at an early a date as practicable.—

Before the Subordinate Court of Calicut.

Plaintiff
Illatha Vitil
Krishna Menoky
} vs. 1. T Clark Esquire Collector of Malabar
2 Karippa Hilagatha Valia Rajah

Vakeels

Amboo Padoovall for 1st Defendant and Ramen Menon for 2d Defendant

1 This suit is brought to procure a declaration of the Plaintiffs title to 17 parcels of land alleged to have been conveyed to him on Careyma claim by a Beypore Rajah deceased. Plaintiff suggests that the parcels have been passed on Kahnom to Government.

2 The 1st Defendant the Collector of Malabar, on behalf of Government disclaims all interference with such rights as Plaintiffs has that if

Fort Saint George 12th January 1857

if found to be his Plaintiff must either pay a very large sum on account of improvements, or the Defendant will give him another parcel in exchange for this.

3. As Plaintiff in reply consented to the exchange so that between 1st Defendant and Plaintiff there is no question at issue.

4 The substantial question is between the Plaintiff and 2d Defendant who contends.

1. That all the tenants should be included to permit the determination of the whole amount of improvements.

2. That the boundaries of the parcels claimed are incorrectly stated

3 That the deceased Rajah had no Authority to alienate Stanom property in manner as the Plaintiff alleged. At this the preliminary enquiry, the execution of document was not disputed by defendants' Vakeel but the Authority only.

5. Points were recorded 21st January 1856 Plaintiff will shew by any relevant evidence that according to the law

law and practice of Malabar or that of this par=ticular family, a valid conveyance of a Ca=reyma right over the parcels of land claimed, was made by the deceased Rajah.

Defendant may by any relevant evidence disprove this.

6 The case was tried on 29th February 1856 when two witnesses were examined Vizt.

1. Kollathle Teya Menon 3 Ponygnate Shun=garen Nair and 3 documents produced on behalf of Plaintiff A Kavangary / perpetual claim / deed for 12000 fs executed by the deceased Rajah to the Plaintiff dated Methoonum 1021 / 1845 June July

B Answer of the 2d Defendant in O. S. No. 579 / 1850 on the file of Calicut Moonsiff

C Maroopattem Kycbit executed by Edanamah Shangarah Namby to the 2d Defendant dated 29th / 11th Methoonum 1025. July - 1850

7 On behalf of 2d Defendant two witnesses also were examined vizt. 1 Chrvakat Thondoo Cooroopoo 3 Theeradethe Shangra Paniker.

Judgment

I am of opinion that in this case no

no vailed sale was made by the late Rajah to the Plaintiff and that this suit must be dimissed with costs. The nature of Stanom property according to the custom of Malabar is such that the present holder has in it a life interest only and the successor derives no benefit threfrom during the life of the present holder. It is obvious therefore that the burden of proving that the alienation of sta=nom property was for recognized and proper purposes lies upon him who asserts it. If in the much weaker case of Tarevad property, a valid alienation cannot be made without the consent of the principal subordinate members, who must nevertheless be presumed to benefit by the proceeds, still clearer must be the proof that the alienation of Stanom property is for some purpose tending to the conservation or improvement of the property, for those who are to succeed, where such successors participate during the life time of the alienor in none of the proceeds. I am of opinion that the plaintiff has by no means proved this Two witnesses have been examined by him, who have sworn to the execution of this bond, and of this

from all the evidence on both sides, there was a connection between Plaintiff and the late Rajah who then an old and infirm man was entirely under his influence. There can be no doubt that the disagreement between the Rajah and his successors was carefully fomented by this man and that such disagreement existed, is admitted on all hands. There is an aspect of fraud on the very face of this transaction. An old and infirm man lives in this Plaintiffs' house, connected with him in the lefthanded manner of hair relationship, near his own death without the cognizance or consent of those who are to succeed him, sells a portion of his ancestral property to this Defendant. such a case would alone constitute a strong ground for equitable relief, but when in addition I held the evidence both as to the payment of money and the purpose to which it was applied utterly worthless. I can have no hesitation as to the course to be pursued. The Plaintiff files a document to show that the power of alienation is admitted by the present holder. As I told Plaintiff in the course of the trial, this document does not touch the case. It is not an admission as to this land and there can be no doubt that alienations have been made and that they may again be made for proper purposes. Deeming however that this alleged sale was not made for such purposes but was a mere

this indeed there can be no doubt, and they have further undertaken to assert that at the time of execution the money was paid and that the deceased Rajah stated the occasion to be the repair of Khoetram belonging to the Tarawad which was repaired accordingly.

Independantly of the manner in which these witnesses delivered their evidence, which was by no means calculated to impress me with their truthfulness, it may be observed that the 1st Witness was the Adhikary of a Mumbar at some distance. No reason is assigned for his presence, and the second is a servant of the late Rajah dismissed by the present. The witnesses for the defance positively assert that no such repairs were ever made and indeed the expenditure of so large a sum by a family ancient and respectable, but much reduced is on its face more than improbable. The second witness to whose testimony I attached considerable weight tells us, and I believe with truth that the deed was brought to him to sign although he was not present and that he signed it. It must be remembered that he was a servant of the Manom, and that as we gather from

mere fraud upon the successors of the executors of the document which is as against them altogether void I dismiss this suit with costs.

8 4th Defendant filed 1 Exhibit No. 2 a plan of the lands sued for, and those adjacent and cited 6 Witnessed 3 of whom were examined, Vizt. 1 Hootoor Rama Menon 4 Teeten 6 Nachen.

Judgment.

9 In this suit I am clearly of opinion that no

no case whatever has been made out by the Plaintiff Three Witnesses have been examined by him of whom the first alleges that 2 Trees were cut down by him in 1008 / 1832/33 under the orders of the Palghant Rajah under whom the Plaintiff claims I believe this evidence to be utterly false both from the mode of delivering it and from the antagonism of this evidence to evidence which I regard as unquestionably true of the state of this Paramba up to 1030 / 1854/55 This Witness also saw in 1016 / 1840/41 just 10 years after a Kanom deed given upon this very land with which he had casually commenced an acquaintance 10 years before. The 2d Witness examined asserted that the 3d Defendant had alone occupied and cleared this land and the third who professed to have been employed in clearing the land, spoke to this process having taken place under the Plaintiffs Orders in 1030 / 1854/55 and he admits that at that time it was a mere jungle, and his prevarications as to the number of trees cut down and the mode of disposing of them which without some aid in removal was difficult under his evidence in my judgment worthless even if not opposed to what I regard as trustworthy evidence. It is to be remarked that even if the evidence as to the cutting down of those Trees were true the circumstance would be of little weight for cultivation never having taken place, such an act is not and cannot

Decree

Fort St. George 12th January 1857

Encr. No. 3

Decree of the Civil Court Tillah Calicut Before the Cochin Principal Suder Ameen O.S. No. 81 of 1853 Before the Civil Court of Calicut A.S. No. 328 of 1855.

Appellant		Respondent
Bagavunda Chetty Pashy	Versus	Thomas Clark Esqr
Vakeel		Vakeel
Raimen Menon		Amboo Podoomal

The Original suit was instituted for the recovery from the Defendants of arrears of rent due to the Plaintiff by the Government from October 1842 to the date of Plaint in all Rupees 244-7-0 for a piece of ground 46 Koles in length from South to North obtained by the Collector of Malabar from the Plaintiffs Father in the year 1825 for the purpose of building a Custom House in which occasion a Summud dated the 25th July 1825, engaging to pay 23 Rupees per annum for the ground so long as the Government might require it, was granted to Plaintiffs Father by the then Collector of Malabar

The

2 The piece of ground now claimed by Plaintiff as alleged to form a portion of land as per boundaries specified in the Plaint granted by the Dutch Government to Plaintiff's grand Father on the 17th December 1770.

3 The Defendant claimed the ground sued for on behalf of Government pleading that by the original measurement it was clear that Plaintiffs boundary on the North East side should extend not to the river (which is continually shifting) but to a spot 98 feet from the river that the inference seem reasonable that the river in 1770 when the ground was granted to Plaintiffs ancestor came up to the spot that the river has since receded and that the extra ground has been gained either by natural or artificial means that it follows that it was in want of due enquiry in 1805 which led the authorities to believe that the extra ground belonged to the Plaintiff and to pay him rent for the Custom House erected on it that

the ground was held by the Plaintiff after deducting the space occupied by the Custom House comprises more square feet than are allowed in the old Dutch Deed.

4 The Plaintiff replied.

5 The Principal Sudr Ameen discussed the Plaintiffs case observing that according to the Plan appended to the Original Dutch Deed the mean breadth from the South Western extremity of the Plaintiffs ground to the North Eastern extremity of the same is 172 feet 8 inches.

6 The measurement made by the Principal Sudr Ameen shew the breadth of the ground at present actually in the Plaintiffs possession taken from the Centre of the Ditch or small Canal which is the South Western boundary of the Plaintiffs ground to the road on the North Eastern side of the said ground is 216 feet or 43 feet in excess of the measurement given in the Dutch Deed as the breadth from

from the South western side to the East
Eastern side of the ground granted to the
Plaintiffs ancestor in 1770.

7 He concluded by observing that as it has then that Plaintiff has actually in his possession more ground than was originally granted to his ancestor by the Dutch Government the Court considers he has no title whatever to the ground on which the Government Custom House stands. the subject of this action. Plaintiff was assessed with costs.

8 The Plaintiff appeals. He takes exception to the manner in which the Land was measured and lays great stress on the Exchibit B which he says there was no reason to grant him if the land sued for belonged to the Circar. He further adds that the Exhibits L & O are not worthy of attention

9 The Respondent answers.

Judgment

10 The Court considers the Plaintiffs claim as altogether inadmissible

inadmissible and his arguments against the original Decree futile.

11 It is perfectly clear from the measurement that the Plaintiff has defacto in his possession a piece of land exceeding the grant of land originally made to his ancestor by 43 feet.

12 On the North East side of the ground now in Plaintiffs possession is a public road beyond the road stands the Custom House and beyond that is a space measuring 34 feet from the wall of the Custom House to the Riverś margin. This ground, 95 feet, has been added since 1770 to that originally granted to Plaintiffs ancestor whether by artificial causes or by the recession of the river it is foreign to the point at issue to say, but at all events considering that Plaintiff actually possesses more than that granted to his ancestor he can in equity have no claim whatever to the spot

of

of land on which the Custom House stands

13 As to the Exhibit B no doubt it was granted by the then Collector on im-perfect information but be that as it may, it can confer on the Plaintiff no right to more land than what the origin Deed shews to have been given.

14 I affirm the Original Decree dismissing this Appeal with Costs against the Appellant.

Resolved

Fort St. George 12th January 1857

83d N. 134
Resolution
420-21

Enclr 2 of Collrs present letter

Thereon Resolved that the above letter and its accompaniments, be submitted for the information of the Right Honorable the Governor in Council, with reference to the
13th in Cons: 16th May 1856 R. D. N. 487
8th in Cons: 10th Jany 1856 R. D. N: 23
9th in Cons: 18th Feby 1856 R. D. N: 140
} Extracts from Minutes of Consultation noted in the Margin.

O. S. N. 9 of 1855

This suit was instituted for the recovery of a piece of land, alleged to have been held by Plaintiffs, on mortgage tenure, from the late Rajah of Paulghaut, but transferred by the Collector to a third party, on the ground of its being an escheat by the decease of the last holder, without heirs.

The suit was dismissed with costs, Plaintiffs being unable to make out their case.

O. S. N. 14 of 1855

Encr No 1 in Collrs present letter

The object of the Plaintiff in this suit was to establish his right to certain lands forming a portion of the premises belonging

Fort St. George 12th January 1857

belonging to the Beypoor saw mill, but which had been awarded by arbitrators to another individual.

In this case also the Plaintiff could not show a valid title, and the suit was dismissed with costs.

A.S. No. 328 of 1855

Encl. No. 3 in Colers present letter

The original Suit was instituted to establish a title to the ground on which the Cochin Custom House stands. The decision of the Principal Sudder Ameen was in favor of Government. The Plaintiff however appealed to the Civil Court, which has now affirmed the decree of the lower Court, and dismissed the appeal with costs.

Vakeel
C. Soobba Row

1 This suit is brought to recover possession of 1065 $\frac{3\frac{3}{4}}{16}$ Coolies of land yielding annually Rupees 157-6-9 sequestrated by the predecessor of the 2d Defendant with the consent of that of the 1st Defendant together with intermediate profits since the date of the Zuft estimated at Rupees 1380-"-" and to obtain an acknowledgment of Plaintiffs right to the land as a shrotriemdar -

2 The Plaint states that the land in question was originally granted to Plaintiffs ancestor by one Kala Nurdwer for the maintenance of travellers and for the support of their families. That Plaintiffs ancestors enjoyed it up to the assumption of the Honorable Company's Government when Mr. Hurdis the then Collector of the District imposed on it in 1812 a poroopoo or quit rent and that on these terms 1st Plaintiffs further held it until 1836 when it was attached by the Sub Collector but

Subsequently

Fort St. George 12th January 1857

subsequently released by the orders of the Collector that in 1842 it was again attached and that on Plaintiffs praying for a release they were informed that their request could not be complied with as they had neglected to fulfil the objects for which the Maniem was granted namely the erection and support of a Chuttrum and that in 1852 they received an endorsement from the 1st Defendant to a similar effect - It then goes on to say that Plaintiffs did feed Brahmins in their house and that therefore the condition of the Maniem was fulfilled and that the individual who granted it never intended a Chuttrum should be built and that this is shewn by entries in the Hyfeit accounts in Fusly 1212 by the orders of the Sub Collector and Tahsildar of Tadicomboo in 1836 and by the agreement Plaintiffs executed thereto -

3 The 2d Defendant in his answer challenges Plaintiffs to prove that the Maniem was granted for the support of Plaintiffs great grand father - and

Fort St. George 12th January 1857

and that if it were so it had the consent of the Ruling Powers at the time whose Concurrence would be necessary to give validity to any alienation of the Revenue. He states that he is prepared to prove by Public Documents that the Manian is entered in the accounts as the endowment of a Chuttrum that there was a Chuttrum and that its site is well ascertained & that Plaintiffs were in the habit formerly of feeding Brahmins that the order of the Sub Collector in 1836 was only Revoked by the Principal Collector on Plaintiffs giving an agreement to the effect that they would carry out the charity, that it was owing to their failing to fulfil this condition that the land was attached in 1842 but previously every encouragement was held out to them to comply with it and that Plaintiffs knew well the Consequences that would ensue if they neglected to Conform to it-

4 Plaintiffs reply that the 2d Defendant having admitted that Plaintiffs

Fort St. George 12th January 1857

Plaintiffs did feed Brahmins the only point now to be decided is whether they Continue to do so or not. They Contend that no authority is Requisite on the part of the Ruling Powers to render valid a grant of land that such grants have Constantly been made since the assumption of the Country by the Honorable Company & they allow that in Fasly 1212 the Manians were entered in the accounts as belonging to the Chuttrum but say that Wm Flowdis having issued Pattahs in Plaintiffs ancestors name admitted as it were that it was a Shrotriem Manian they deny that it was a Chuttrum ever existed and argue that if such Chuttrum had been built the Principal Collector would never have Released the Manians in 1836 on Condition of Plaintiffs feeding travellers in their own house and further that the fact of an account having been prepared of the number of Plaintiffs' ancestors family in 1798 shows that it was intended for their maintenance alone-

5 The 1st Defendant in his Rejoinder

Rejoinder affirms that there was a Chut=
=trums that Mr. Hurdiss Puttah proves
the fact as well as that Plaintiff was
Manager of it only and that the order
of 1836 restoring the Maniem to Plaintiffs
was merely a temporary arrangement-

6 Points for Plaintiffs-

1st Prove that the property in dispute
was not granted to the Chuttrums but
for the support of Plaintiff family-

2 Prove that the above was recognized
as Shotriem in Fusly 1212-

3 Prove that Plaintiffs and their
ancestors enjoyed the said property-

4 Prove the loss claimed-

5 File endorsement given by the Col:
=lector dated 20th March 1852-

7 Points for 2d Defendant-

1 Prove that the above said Maniem
was granted solely for the support of the
Chuttrum and that such institution had
existed previously and that Charity was
dispensed therein-

2 File and prove the agreement
passed by Plaintiffs as superintendent
of the Institution-

Prove

3 Prove that Plaintiffs not only failed
to abide by the agreement but misappro=
=priated the Revenues of the said Institution

8 Plaintiffs Documents-

(A No. 48) authenticated Copy of the Hindoovee
Kyfeet prepared in the time of Mr. Hurdis
under date the 10th april 1798 shewing
the land in dispute had been granted
to Chuttrum-

B (No. 49) Do. Do. of Maniem account for
Fusly 1223 shewing that the land in
question was granted on account of
feeding people-

C (No. 50) Do. Do. of an Yadast sent by the
Principal Collector to the Acting
Sub Collector on the 2d October 1836
directing to put Plaintiffs in
possession of the Maniem land-

D (No. 51) Do. Do. of a Kararnamah passed
by 2d Plaintiff on the 3d November
1836 promising to maintain the
charity from the proceeds of the
land in dispute-

E No. 52) Takeed sent by the Tahsildar
of Todicomboo to the Plaintiffs
on the 7th November 1836 putting
them

Fort St. George 12th January 1857.

them in possession of the Maniem land.

F (No. 53) Authenticated Copy of the Yadast sent by the Principal Collector to the Sub Collector on the 14th April 1842 directing to instruct the Plaintiffs to build a Chuttrum from the produce of the Maniem land.

G (No. 54) Authenticated Copy of an order issued by the Sub Collector to the Tahsildar of Todicombo on the 11th January 1844 directing him to suspend the work of the Chuttrum until further orders.

H (No. 55) Endorsement order given by the Collector dated 20th March 1852 refusing to Comply with the Plaintiffs request to make over the land under attachment to them.

9

2d Defendants' Documents.

1 (No. 19) Authenticated Copy of the letter dated 8th December 1849 addressed by the Collector to the Board of Revenue requesting to sequestrate the Maniem and to fix a pay for the Huckdars of the Chuttrum

Authenticated

Fort St. George 12th January 1857.

II (No. 20) Authenticated copy of the letter dated 14th February 1850 from the Board of Revenue to the Said Collector stating that the Government has sanctioned the Enam lands to be continued under attachment and the proceeds to be held in deposit.

III (No. 21) Do. Do. of an Extract from the Proceedings of the Board of Revenue under date the 4th December 1854 approving the Sequestration of the endowment and the intended construction of a new Chuttrum.

IV (No. 23) Do. of Do. of Maniem Zamabundy Hindoovee accounts kept for Fusly 1206 shewing the quantity of land granted for the Burky Vencata Row's Chuttrum.

V. (No. 24) Authenticated Copy of a Maniem Jummabundy Hindoovee account kept for Fusly 1206 shewing the quantity of land granted for Cala Naraniers and Barky Vencata Rows Chuttrums.

VI (No. 25) Do. Do. of Do. for Fusly 1207 shewing Do. granted.

granted for certain Chuttrums in the names of Burky Vencata Row and Royaloo.

VII/No. 26/ Do. Do. of the Triennial Jamma-bundy account from Fusly 1210 to 1212, exhibiting the practicalars of certain Maniem lands granted for Burky Vencata Row's Chuttrum

VIII/No. 27/ Do. Do. of a Kararnamah given on the 3d. November 1836 by Sena-rama Avadany binding himself to maintain his family and the charity in question.-

IX/No. 28/ Do. Do. of a Yadast sent by the Principal Collector to the Sub Collector on the 14th April 1842 directing to instruct the Plaintiffs to build a Chuttrum from the produce of the Maniem land.-

10. Plaintiffs Witnesses-

1. Goeurnum Sastry - 2 Thetchanamoorthy Sastry, 3 Vencataramien and 4 Vellia Pillay.

No Witnesses were cited by Defendants

Judgment.

Owing

11. Owing to the confused nature of the Pleadings it is somewhat difficult to ascertain distinctly what Plaintiffs consider their rights as connected with this Maniem - Whether they look upon it as an appanage of their own family or whether they are willing to admit it, forms the endowment of a Charity out of which they as Managers have a claim to maintenance - One thing ap-pears clear and that is that they demand its unqualified restoration to them leaving it at their option to perform such charities as they think proper.-

12. The real point at issue however and the only one necessary to be ascertained is whether the grant was made exclusively in favor of Plaintiff's family or whether it formed the endowment of a Chuttrum of which Plaintiff's ancestors and their heirs in succession were appointed Huckdars or Superiors.-

13. It is true that consistently with

Fort St. George 12th. January 1857.

with the truth of its proceeds being en-
devoted to the purposes of charity a portion
might be reserved for the maintenance
of the Managers but whether such provi-
=sion was made or what inducements
were held out to Plaintiffs Ancestors to
become Managers which they undoubtedly
were, it is impossible at this distance of time
and in the absence of the Original Summut
which is not forthcoming to ascertain-
all the Court now has to do is to determine
the Main objects of the Maniem and
discover whether or not it was granted
in charity and for the support of a
Chuttrum for the reception of Travellers.
14. On referring to the Documents
the first that presents itself is a Kyfiet
or Memo given by Plaintiffs ancestors to
the Head Sheristadar of Collectors
Cutcherry in 1796. In it the objects of
the grant are stated to be 1st. the
support of Plaintiffs family and 2d.
the daily feeding of 12 Brahmins. This
would leave it to be inferred that
the

Fort St. George 12th. January 1857.

the main intention was the maintenance
of Plaintiffs family - but the Memo
is merely Plaintiffs Ancestors own
Statement or an assertion of their
right not supported by the authority
which the Original Summut
would have afforded and directly
contradicted by subsequent
facts. -
15. Exhibit No. 2 is the first
Document on which any proceedings
on the part of the Authorities after
the Assumption of the Country by the
Honorable Company were based. It
is in the form of an enquiry and the
answers of Plaintiffs Ancestors clearly
indicate their Knowledge of the pur=
=poses of the Maniem. They state it
was granted "for feeding people" an
admission which coupled with that
adverted to in exhibit No. 1 leaves
no doubt as to it having been in
=tended for a Charity.

Thus

Fort St. George 12th January 1857.

16. Thus far then it is proved that the Manieim was intended for the purposes of a Charity. We now come to enquire whether it formed the endowment of a Chuttrum or not and whether if so such Chuttrum was in existence.

17. The Oral evidence on the part of Plaintiffs & Defendants proves none goes to shew there never was a Chuttrum and the 2d Defendant himself admits that it's site as fixed by popular tradition is covered with houses - nevertheless on once more referring to the Document it becomes manifest that there was a Chuttrum and that this Chuttrum went by the name of the granter of the Manieim Narana Iyer -

18. In the Exhibit adverted to above exhibit No. 2 Plaintiffs' Ancestors in naming a former Manager themselves style him Chuttrum Mana Ramalinga Iyer or the Manager of the Chuttrum to which the Manieim of which they are

Fort St. George 12th January 1857.

are speaking. the one now in litigation is the endowment. -

19. Exhibit No. 6 filed by Defendants is an Extract from the Manieim account of 1212. this Manieim is stated to appertain to Varanger's Chuttrum and a similar mention of it is made in Exhibit No. 7 Extract from the Triennial Jamabundy account. These Documents demonstrate then that there was a Chuttrum and against them the oral evidence adduced by Plaintiffs can in no way avail.

20. Further Plaintiffs in their own pleadings refer to a Poroopoo Teerwah or quit rent Puttah issued to their ancestors by Mr. Hardis in Fusly 1212 apparently on the information afforded him by Exhibit No. 2. This Document is not forthcoming but it would necessarily be under the circumstances of the same tenor as

a

Fort St. George 12th January 1857.

a similar Puttah filed in O.S. No. 64. and if so the existence of a Chuttrum would be only more incontrovertibly shewn for in that Puttah the term already commented on Chuttrum Maniem is applied distinctly to its grantee.—

21. From this date 12 12 Fasly up to 1836 it would appear that the Maniem remained in the hands of Plaintiffs family. For no notice is taken of it in the intervening period. In that year 1836 it was sequestered by the then Sub Collector on the ground that the objects for which it had been granted were lost sight of and that Plaintiffs had neglect to continue the Charity. The subsequent proceedings shew that it was released to Plaintiffs by the Principal Collector on a consideration of Plaintiffs long possession and on receiving from them an agreement to distribute food gratuitously in their own houses. That Plaintiffs evading this condition it was again attached and that since it has remained in the

Fort St. George 12th January 1857.

the hands of the Collector.—

22. Plaintiffs point to the agreement executed by them on the release of the Maniem in 1836 as strong evidence that they have claims to its unrestricted management but a consideration of other circumstances completely destroys this argument.—

23. The Principal Collector's intention in releasing the Gift in 1836 is throughout evident and the more particularly from his Order in 1843.—

24. In this order he reattaches the Maniem on the ground of Plaintiffs evasion of the conditions annexed to its restoration to them in 1836, and manifests his intention in granting the release in that year by asserting to the dilapidated State of the Chuttram Besides were this not the case and had his intention been to give over the Maniem entirely to Plaintiffs he could not, as a Public Officer and

in

Fort St. George 12th January 1857.

in the face of the evidence of the grant afforded by the accounts in his Office have done so.—

25. By Regulation VIII of 1817 in virtue of his Office he was bound to see that charities within his jurisdiction were properly maintained and acting under it therefore he could have no power to allow Plaintiffs a latitude in managing this Maniem not contemplated by the Donor and which would have taken from him the supervision which he was bound to exercise. for it requires no argument to prove that unless some arrangement was made that would procure the Public performance of the charity no check could possibly be held over to distributors.—

26. But what object would be gained to Plaintiffs by the food being distributed privately if as they admit in Exhibits Nos. 1 & 2 they were bound

Fort St. George 12th January 1857.

bound to feed Travellers gratuitously at all unless the Collusive one of withholding it altogether If charity is to be exercised it signifies little whether the food is given in Plaintiffs' own house or at a Public Chuttrambut the latter mode possesses advantages in the Security afforded that could never be attained by the former.—

27. On the whole then and on a Consideration of all the evidence it has been shewn 1st that the maniem was granted for Charity 2d that it forms the endowment of a chuttram and 3d that Plaintiffs' ancestors were managers of it and that Plaintiffs are so in succession but there is not any evidence to prove that the latter have a right to any portion of it as exclusively appropriated to their own maintenance. The Plaintiffs are therefore nonsuited with Costs.

Costs incurred by Plaintiffs.

C. Soobah Rows.

1. This is a Suit brought to recover possession of 259/16 Coolies of land yielding annually 100 Rupees sequestrated by the predecessor of the 2d Defendant with the approbation of that of the 1st together with intermediate profits since the date of the Zuft estimated at 666-12-— and to obtain an acknowledgment of Plaintiff's right to the land as a shrotriemdar.—

2. Plaintiff states that the land in question was granted to his ancestors by one Burky Vencata Row a ministerial Officer under the Carnatic Government for their own maintenance and for the purpose of securing the gratuitous distribution of food to Travellers and that when the country was assumed by the Honorable Company the then Collector Mr. Hurdis fixed a quit rent on it— that on these terms Plaintiffs' ancestors enjoyed it up to 1836 when it was

Zufted

Zuftad by the then Sub Collector, that on Plaintiffs appealing to the Principal Collector it was restored them with a summud acknowledging their right to it, that in 1842 it was again sequestrated, that on Plaintiffs remonstrating they received an endorsement dated 26th November 1843 stating that a maniem had been zuftad as the objects for which it had been granted namely the support of a Chuttrum had been entirely lost sight of by Plaintiffs, that subsequently this order was confirmed by the 1st Defendant and that since Plaintiff has used every endeavour to recover the land but as without effect, hence the suit-

3d. The 2d Defendant in his answers asserts that the maniem was granted to endow an Chuttrum a circumstance collaterally affirmed by the ruins of the original Chuttrum which he says are still visible as well as by the fact of the brass vessels belonging to it having some years since been in possession of the manager the Plaintiff that he is prepared to prove this by public documents and to show that Plaintiffs formerly were in the habit of feeding travellers- He then recapitulates the various orders adverted to in the Plaint comments on their bearing and concludes by stating that every opportunity was given Plaintiff of carrying out the intentions of the original grantee before the maniem was sequestrated-

Plaintiff

4th. Plaintiff replies that 2d Defendant having admitted that Plaintiff did feed Brahmins, the only point now to be decided is, whether he continues to do so- He contends that the Puttah given to his ancestors by Mr. Hurdis shews clearly that the maniem is a Shrotriem, and challenges 2d Defendant to prove that there was any Chuttrum as he states- He comments on the order releasing the Zuft in 1836 and argues that its terms prove an obligation only on Plaintiffs part to feed Brahmins coming to their house at noon, and does not in any way shew that it is incumbent on them to raise a Chuttrum and distribute the Charity therein- He further goes on to point out that the order issued by the Collector in 1842 to hold two years income of the maniem in deposit in case Plaintiff refused to build a Chuttrum was not obeyed by the Sub Collector as he knew he had not authority to carry it out, and that this shows that the local Officers at the time knew that the maniem was granted for the support of Plaintiffs' family-

5th. The 2d Defendant rejoins that the fact of their having been a Chuttrum is clearly proved by the Puttah given by Mr. Hurdis as well as by the agreement executed by Plaintiffs' family to the Sub Collector in 1836, that this Chuttrum was called Burby Vencatarows' Chuttrum, that Puttahs term Plaintiffs' ancestors the Vencharanah charams thereof

thereof; and that the object of the agreement was to secure the condition of gratuitous distribution of food till a new Chuttrum could be built and was not intended to give Plaintiffs a right to feed Brahmins in their own house permanently-

6th Points for Plaintiff-

1. Prove that the land was not granted to the Chuttrum but for maintenance of Plaintiffs' family-

2. Also that it was recognized in fusly 1212 as shotriem.-

3. Prove that Plaintiff and his ancestors enjoyed the said land-

4. Prove the loss claimed-

5. File the endorsement given by the Collector dated 20th March 1852-

7th Points for 2d Defendant-

1 Prove that the land was granted solely on account of the Chuttrum that such institution existed and that charity was dispensed therein-

2. File and prove the agreement passed by Plaintiff as superintendents of the Chuttrum-

3. Prove that Plaintiff not only failed to abide by the agreement but misappropriated the revenues of the said institution-

8th Plaintiffs Documents-

A (No. 44) Authenticated Copy of the Karar=namah passed by Shevaramavathany Poroopoomaniem holder on the 3d November 1836 shewing that emoluments were

were granted in charity to the Chuttrum of Burky Vencata Row-

B. (No. 45) Endorsement given by the Collector dated 20th March 1852 to the effect that he sees no reason to comply with the Petitioners request-

9th 2d Defendants Documents-

I (No. 18) Extract from the 1st and 2d pages of the 7th Sheet of the Enam Jamabundy Chittah account kept for fusly 1206 shewing the particulars of the maniem granted for the benefit of Cowla Naranap Iyen's and Burky Vencata Royer's Chuttrum-

II (No. 19) Extract from the list of Examinations made from the 19th to 21st May of the Pingala year 1797 by Lutchoomy Narraina Iyen of the maniem lands granted Cowla Narranap Iyen's Chuttrum-

III (No. 20) Extract from the 1st 4th and 10th sheets of the Triennial Jamabundy account kept for Fuslies 1210 - 1211 and 1212, shewing the particulars of maniem granted for the benefit of Cowla Narrainap Iyen's Chuttrum-

IV (No. 21) Translation of a Shrotriem Puttah issued by T. B. Hurdis Esqre to Rama=sawmy Iyer attached to Burky Vencata Royer's Chuttrum situated in the Cusbah Talook of Dindigul dated 5th December 1798-

Translation

V (No. 22). Translation of Rararnamah given on the 3d November 1836 by Vencataswargen Poorooppoo Huckdar of Keryamputty attached to cushbah Tadicumboo in the Talook of Tadicumboo.

Judgment.

In this suit the grounds, points and Documentary evidence are identical with those in Original suit No. 63 but Plaintiff files one more Document Exhibit B than in that number in the decree in which it is adverted to, which tends rather to the detriment of Plaintiffs' case than to give them any advantage; and the Acting Subordinate Judge takes therefore a similar view of it observing that the reserve of Chuttraputty contained in Plaintiffs' Exhibit No. A for their own maintenance

maintenance rests upon their own statements only is unsupported by other evidence and is susceptible of the same arguments as regards a contract on the part of the Collector as those employed on that head in the decree adverted to.

Plaintiff is nonsuited with Costs.

Costs incurred by Plaintiff.	
Value of Stampt paper	35-12-"
Peons Batta	7-3-"
Batta to Witnesses	"-5-"
Vakeels fees	38-4-10
	81-8-10
Costs incurred by 2d Defendant.	
Value of stampt paper	6-4-"
Peons Batta	2-15-"
Batta to Witnesses	2-4-"
Vakeels fees	38-4-10
	49-11-10
Total Rupees	131-4-8.

Deduct.

Costs to be borne by Plaintiff	81-8-10
Balance to be paid by Plaintiff to 2d Defendant	49-11-10

Given under my hand in the Subordinate Court at Madura on the 20th day of June A. D. 1856.

The Plaintiff and Defendant are hereby informed that in conformity with the order of

Fort St. George 12th January 1857.

nonsuited in both cases, with cost the Sub Judge deciding that the Plaintiffs were granted in Charity as Shottrum Endowments, and that although Plaintiffs and their ancestors were Managers of the Institutions, yet they have no right to any portion of the proceeds for exclusive appropriation to their own use.

C.B.

Fort St. George 12th January 1857

No. 428

To J. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

(424)
Bd. No. 5208
From the Coll.
of Chingleput

Sir,

I have the honor to forward for publication in the Board's Office the accompanying advertisement for the sale of lands attached for arrears of Revenue for fusly 1265 in the Poonamallee Talook amounting in the aggregate to Company's Rupees 1529-12-2.

The names of the Defaulters and the balances outstanding against them are hereunder particularized

B. No. 5265

From the Collector of South Arcot } Sir,

In reference to the Board's Proceedings No. 3807 of the 14th Ultimo, I have the honor to state that the unexpended balance of the Total Amount sanctioned by the Government of India on the 8th September 1854 for carrying on the Revenue Survey, was 22,050 - 2 - 4 - on the 31st October last as noted in the margin. I beg to inform you that I have requested Captain Priestley to be good enough to send me a full report on the progress of the Survey as required by the Supreme Government of India, and that I have also called his attention to

*83,380 Rupees

	Rs. A. P.	
Amount sanctioned for 2 years	83580 " "	
Amount disbursed on account of the Survey establishment and contingencies	60723 13 8	
Unexpended balance	22,050 2 4	

Fort St. Georges 12th January 1857

to the Board's remarks contained in para 5 of their Proceedings as soon as I receive this Report I will forward it to you with such observations as it may call for from me.
