In the Matter wherein Gocoola Rama Sawmy Naick and Mungummah are Proponents and Vencata Satchmoo and Narasumma Widows of Gocoolah Moodoo Kistnamah Naick Deceased and Thomas Parry are Opponents –

[illegible] Named Proponents –

That the said Goodah Moodutchumma Nauck Departed this
life, some time on or about the twenty Sixth day of April last past a
Intestate, as your Petitioners do know and are ready, and willing to prove
and Maintain, that the above Named Opponents did on the thirtieth
of the said Month of April Apply to this Honble Court for Letters of
Administration to be granted them of the Goods and Effects of the said
Deceased, that on the Seventh day of May following your Petitioners
did put in a Joint Caveat thereto, and your Petitioners Proctor accordingly
by the Proctors the Opponents did go to the House wherein the said
Goodah Moodutchumma Nauck Departed this life and did Severally
affix their Seals as Notary's to all the Doors of the Rooms of the
House appearing to have property of the Deceased in his life time
belonging, or Before respecting Such property, Saving and excepting
to the Door of the Room wherein were kept Rice Grains being Such
articles for daily Consumption and to another Room Set apart for the
of Religious Ceremonies —

That on Saturday last the Eleventh day of this
present Month Mr. George Barry one of the above Named Opponents
petitions that a paper Writing had been found in the said Room where
being Sealed and was kept, which was Supposed to be the Will of the
Deceased

That the said Paper Writing was on Sunday last the
fourteenth day of this present Month exhibited before this Honble
by the said Thomas Barry by his Proctor as the Last Will and
Testament of the Goodah Moodutchumma Nauck appointing him
and Bombay Chinnah Pillay Deceased Executors thereof and did
pray that the Same might be proved by Chinnaday Mooa Mudelly
and Eyaumpah Subbaroyen Witnesses sworn who being your Petitioners

further Pray that on consideration of the Extraordinary Manner of
the said Paper Writing being said to be found, and was then
produced, that he might be at liberty to put Some questions thro
the Court, to the Witnesses apart, which your Petitioners Shew
was done, on no view but that their Evidence Might be taken
by that Means, which this Honble Court were pleased to grant
Accordingly as a Means of proving the said Will but not that
Probate Should thereupon be granted, And your Petitioners Shew
that the said Witnesses were Accordingly examined
That thereafter your Petitioners Shew that the Proctors for
the Opponent did instantly pray that the said Thomas Barry
Might be permitted to take the Oath of an Executor and
that Probate of the said Paper Writing Might be then
granted wherein your Petitioners Proctor did object because he
was intitled to put in Allegations in Support to his Caveat
but the said Proctors did allege (contrary to all practice and
indeed to the Real intent and Meaning of the said examination
that Your Petitioners mode of Proving of the said Will being of
his own Chusing that he was concluded thereby but your
Petitioners Proctor did contend that he could not possibly mean
that he Should be concluded by the said Evidence, and that he
Should not be at liberty thereafter to disprove by other Witnesses
the Depositions which had been given by these to the Will
which he could only do by joining issue upon allegations
and he prayed he Might be at Liberty to file Allegations
According to practice — but your Petitioners Shew that this
Honble Court did order that Probate should then be granted and
and was accordingly granted to the said Thomas Barry as
Executor of the said Will — whereby your Petitioners Shew
that they are greatly aggrieved Because that the said

Paper Writing being equally Subject to disproofs as proof — your Petitioners should have been at liberty to Produce Evidence against the said Paper Writing which is not at present proved by any other Evidence than the Pretended Subscribing Witnesses, — which Witnesses altho is general admissable when no Caveat is filed to call in question the Validity of a Will are on the Contrary prima facia, excepted to by the Caveat, which Cautions against probate of such Paper Writing, as a Will and of Course against the Witnesses who were produced by the Opponent to Support it — the Proof of a Will therefore by such Witnesses under such exceptions is only a Proof ex parte on one side — which being so Contrary to the Effect of a Caveat so repugnant to every Rule and Course of Evidence to establish a Contested point that their Depositions so taken upon such point are in themselves null and Void

Your Petitioner therefore intender Consideration of the importance of establishing the said Paper Writing, as a Will without allowing them to a Nearest of Kin to Contest the same in due Course of Law, and of the Largeness of the Estate to the Amount of upwards of one Lack of Pagodas, and also in Consideration that they are left remedeless of any other Course by way of Appeal, that this Hon'ble Court will be pleased to rehear the said Minutes of last Court day, and that they will allow of your Petitioners Prayer, and that they will Over Rule the said order for Probate of the said Will to be granted to the said Thomas Parry or that they will otherwise stay the same from issuing until the Effects of your Petitioners said Prayer shall take place [illegible]

prove the same by Witnesses and that this Hon'ble Court in the Mean time will Stay the said Thomas Parry from taking off the Seals affixed as aforesaid on the Rooms of the House of the said Deceased, or from doing any act of Executorship — untill the further order of this Hon'ble Court —

Questions Put by Mr. Robert Williams by Mr. Stephen Popham being first Sworn

Relate what You know respecting the Papers Writing now Produced to You purporting to be the last Will and Testament of Gocoolah Moodookistnama Naick

About three Clock on Saturday last the 11th Instant I was sent for to the House of the late Gocoolah Moodookistnama Naick, and on my arrival I saw Mr. Parry and two or three Natives whom I do not recollect when a Paper was Put into my hands which I perused and found it to be a Will, I then went with Mr. Parry to the House of Mr. Henry Di Roy and delivered the Paper to him, Mr. Henry Di Roy then Read the Paper and Desired me to Write a Letter to Mr. Henry Da Roy who filed a Caveat on behalf of an Opposite Interest informing him that a Paper has been found Supposed to be a Will of the said Gocoolah Moodookistnama Naick requiring to know whether he Would come to Court Opened that at Was Sealed, and that the Seal was Supposed to be that of Gocoolah Moodookistnama Naicks and Sent me the Answer as Mr. Parry and myself were there waiting at the House of the late Gocoolah Moodookistnama Naick Shortly after Received an Answer from Mr. Henry Di Roy Suggesting the Propriety of inclosing it in another Cover and Putting my Seal on it, In Compliance with the Suggestion of Mr. Henry Di Roy I did do so and informed him thereof, to which Information I received the following Answer, Dear Sir, My Messinger Returns with Your Answer that You have enclosed the Paper in a Cover under Your own Seal I am therefore encouraged further that the Court Interpreter be Present at the Opening of the Paper, for the Purpose of having the highest Authority for its contents

Perhaps not any thing further can be done to day but if it is Still, Wednesday Will be time enough to Produce it the following day However any thing can be done to give further Satisfaction I shall be Prepared to attend, if my Client comes, who I have sent for and am in Momentary expectation of. I truly H. Di Roy. To Robert Williams Esqr

Mr. Parry and my self went for the Court Interpreter who Arrived (as well as I can recollect) about Six Clock in the Evening, and Sent Word to Mr. Henry Di Roy that he had Arrived, and that we were going to his House with him, the immediate Words of the Notes (for I wrote two not having Kept Copies of them) I do not recollect, Mr. Parry the Interpreter did go to the House of Mr. Henry

Dr Pury and requested as the Interpreter was present that the Paper supposed to be a Will might be opened, to which Mr Henry Dupuy did not agree as his Client was not present at the same time informing me that his Client had but just left him but did not know for what Purpose he had gone away, we Waited there for some time in Expectation of his return, but as he did not come back We proposed going Home, It was suggested either by Mr Henry Dupuy or Mr Thomas Parry that the Paper should be Opened on the Tuesday following, which was not Objected to by Mr Parry immediately before his departure I proposed to Mr Du Puy that he should put his (Mr Du Puy) own Seal in addition to mine upon the Paper for the Satisfaction of himself and his Client which Mr Du Puy Accordingly did. Mr Parry went away on the Monday following. Mr Parry came to the House of Mr [illegible] Where I was, and mentioned to me that the Person who had Written the Will and had Subscribed his Name as a Witness to it, was then present and that Threats had been made use of and Money offered to him to go away, I immediately went to Mr Du Puy and proposed going before the Mayor and Opening the Will in his Presence and in the presence of the Court Interpreter to which he did not Consent but frequently repeated that there could be no Possible harm to Keep it until the day following when it could be Opened in Court, I observed to him that if it were opened in the presence of the Mayor and Court Interpreter in his as well as my own presence being the Precaution for both Parties that I thought every Legality would be complied with and urged that it was the more necessary to have it Opened on that Day because I understood

he was ailed again to go away at the same time Observing that no Party could be injured by its being Opened in that manner from the conversation that passed between Mr Du Puy and myself he expressed himself as if he had been informed that the Paper found was a Will saying at the same time that he believed it Was a very short One, and that it might prove to be in favor of him Client and when I mentioned the Probability of the Witness before mentioned going away Mr Du Puy expressed himself as "Nearly as I can possibly recollect are the words following, "from "What I have heard it is likely he may go away" after some further Conversation I required his decisive Answer Whether or no, he would Attend to have it Opened before the Mayor and Court Interpreter Which he declined doing saying that he could not take it upon himself to do so, Then I "Noticed in the Words and Figures following Viz "Notice that our Client to think it Advisable to have the Paper which "was found on Saturday and is supposed to be the last Will and "Testament of the late Governor Mendez Nieto and to Watch Opened, "We are going before the Mayor for that purpose We are desired "Popham and Williams Monday morning 13th May 1793 for Mr "Henry Du Puy" I then came to the Court House with Mr Parry and informed the Mayor of the Circumstance before related and requested that the Paper writing might be Opened before him and the Court Interpreter, the more particularly as I had been given to Mr Du Puy every Notice and any Power during the time I was informing the Mayor of these Circumstances a Letter from Mr Du Puy arrived and after some Consideration and in consequence of the information of the said Witness through the medium of the Court Interpreter the said Paper writing was opened by the Mayor in the presence of the Aldermen Collo Mr Vanneuchuart Mr [illegible] Popham myself and the Court

Interpreter, it was then translated in the Mayor's appartment after which the Original with the translate was enclosed in another Paper and Sealed with the Seal of the Court in which State it remained With the Mayor, I then went Home when I found the following Letter from Mr. Du Puy "Gentlemen I have Written to the Mayor against attending to any Solicitation to open the Will but in the manner agreed upon and to which I think You will find it more Convenient to conform. I am Gentlemen &c. H. Du Puy To Messrs. Popham and Williams"

Mr. Du Puy informs the Court that the Letter he sent to the Mayor was written before the Receipt of Mr. Williams's Note Which he answered without a delay of more than ten Minutes and delivered the answer to Messrs. Popham and Williams's Messenger he cannot therefore Account for the delay in delivering of it.

Mr. Williams Accounts for the delay by Mr. Du Puys Note being carried to Mr. Pophams House after he had left it where it remained untill his return from the Fort.

Mr. Henry Du Puy Proctor for the Proponents prays that he may be allowed the usual Rules to file Allegations to disprove the Will to which the Opposite Proctors object and pray that the Court will pronounce immediately for the Validity of the Will upon the Evidence before them and especially as it has been brought forward at the Instance of the Opposite Proctor the Proctor for the Proponent prays to Observe the by Examining of the Witnesses to the pretended Will he could not mean to be Precluded from disproving by other Evidence the Depositions Which they have given and Which he can only do by Joining Issue upon Allegations he therefore Prays he May be allowed to file Allegations in Support of his Caveat against the said Paper Writing as [illegible] the

Ordered that the Motion for a Rule to file Allegations to overruled and that the Caveat be taken off the file the Oath of an Executor being now Administered to Mr. Thomas Parry Ordered that Probate do Pass the Seal

That on Saturday last the Eleventh day of this present
Mr George one of the Above Named Opponents did
Paper Writing had been found in the said Room where
Stuff and sundry Papers, which was supposed to be the Will of

That the said Paper writing was on Saturday last the
Day of this present Month read in this Honble Court
the said Thomas Parry by his Proctor, as the Last Will
of the Cocolah Moodkistnama Naick Appointing him
Executor Pillah Demand Executorship and desiring
same Might be proved by Three Credible Witnesses
praid Subscribing Witnesses thereto, whereupon Your
Proctor did duly file a Caveat to prevent Probate of the
Pretended Will being granted, and did at the same time
Affidavit, and did further pray that in consideration of the
ordinary Manner of the said Paper Writing being
and was then Ordered that he might have Liberty to
Questions how the Court

to grant Accordingly, as a Means of Proving the said Will, but
Not that Probate should thereupon be granted and Your Petitioners
Shew that the said Witnesses were Accordingly examined
That thereafter Your Petitioners Shew that the Proctors for the
Opponents did Instantly pray that the said Thomas Parry
Might be Permitted to take the Oath of an Executor, and that
Probate of the said Paper Writing might be then granted, whereto
Your Petitioners Proctor did Object, because he was entitled to
Put in Allegations in Support of his Caveat, but the said
Proctors did Allege, contrary to all Practice and indeed to the
Tenor and Meaning of the said Examination, that Your
Petitioners Mode of Proving of the said Will being of his own Framing,
that he was concluded thereby, but Your Petitioners Proctor did Contend
that he could not possibly mean that he should be concluded by the
said Evidence, and that he should not be at Liberty thereafter to
disproved by other Witnesses the Depositions which had been
given by them to the Will, which he could only do by Joining
issue upon Allegations, And he prayed he might be at Liberty
to file Allegations According to practice but Your Petitioners
Shew, that this Honble Court did Order that Probate should
then be granted, and was Accordingly granted to the said
Thomas Parry as Executor of the said Will Whereby Your
Petitioners Shew that they are greatly Aggrieved, Because that
the said Paper Writing being equally subject to disproof as proof
Your Petitioners should have been at Liberty to produce Evidence
Against the said Paper Writing, Which is not at present
proved by any other Evidence than the Pretended Subscribing
Witnesses, Which Witnesses all the in General Admissible whom
No Caveat is filed, to Call in Question the Validity of a Will,
Are on the contrary Prima facia excepted to by the Caveat, which
Against Probate of the Paper Writing, as a Will,

And of Course Against the Witnesses who Were Produced by the Opponent to Support it— The Proof of a Will therefore by Such Witnesses under Such Exceptions is only upon Suppose, as we Conceive which is So Contrary to the Effect of a Caveat & Opposition to every Stage & Course of Evidence to establish a Contested point, that, Should any Use be taken upon Such point as on Whom does it fall and Which

Your Petitioner therefore intending Consideration the importance of establishing the Said Paper Writing as the Will without Allowing them as a Nearest of Kin to contest the Same in due Course of Law, and of the Largeness of the Estate which is upwards of One Lack of Pagodas and also in Consideration they are left Power to Use of any other Course by way of Appeal they this Honble Court Will be Pleased to Order that the Said Last Court day, and that they Will Allow of Your Petitioners Prayer, and that they Will Also Take the Said Order for Probate of the Said Will to be granted to the Said Thomas Parry as they Will Otherwise May the Same Some Issuing and the Effect of Your Petitioners Said Prayer Shall Take Place that Your Petitioner May be Allowed to put in the Affidavit in Support of the Said Caveat and to prove the Same And that this Honble Court in the Meantime Will Stay the Said Thomas Parry from taking off the Seals Affixed on the Rooms of the House of the Said Deceased or Some Act of Executorship until the further Order of this

Shew

That the Estate of the above named John Hall stands indebted upon Bond in the Sum of three hundred thousand Pagodas or thereabouts And your Petitioners from the enquiries they have made and the information they have received have reason to believe that the said Estate is insolvent and that it will not be sufficient to pay off the bonded Claims thereon

That some time on or about the day of last past William Baggie of Madras Inhabitant and Writer or Accountant in the Office of Francis Lautour of Fort Saint George Merchant did Exhibit and prove a paper writing in this Honble Court as and for the last Will and Testament of the said John Hall, that a Caveat was thereupon filed by certain of your Petitioners to prevent probate from passing the Seals, but that sometime afterwards the same was withdrawn and probate under false suggestions was obtained by the said William Baggie

That previous to the said probate passing the Seals aforesaid and pending the said Caveat the said Will-

William Boggie did appear required to give your Petitioners
Every satisfaction in the premises and to answer for a
Committee by your Petitioners Constituted to enquire into
fourthest their Interest Every Instruction they might from
time to time think necessary to give and further and that
he the said William Boggie did afterwards in a case of
difficulty apply to them for their advice as to the mode
of conduct he should pursue And the said William Boggie
did declare that on his return he should receive a sum of Money
to the Amount of Six thousand Pounds he would if by
your Petitioners required so to do divide the Same amongst
your Petitioners offspring as a Portion that each Share
of Division would rise the Land of Interest with which
the said Estate of the said John Platt was burthened

That Confiding in the Statements above
appeared respecting conduct of the said William Boggie
the said Caveat was withdrawn and your Petitioners
well hoped that the actions of the said William Boggie
would have corresponded with his declarations as
said and that he would have proven himself a faithful
Trustee for your Petitioners Rights —

That under such Consideration and impression
your Petitioners said Committee did from time to time
occasionally Correspond with the said William Boggie
in the most delicate manner suggest to him what
conceived expedient and necessary to be carried into effect
for the benefit of the said Estate but your Petitioners
have that their

Boggie and that he the said William Boggie had began
to deviate from his declarations and assurances as aforesaid
and your Petitioners said Committee having been informed
that the said William Boggie had collected in a Sum
of money part of the Effects of the said Estate of the said
John Platt to the Amount of Eighty thousand Pounds —
and that he had not produced any Inventory or taken
such Steps as he ought have done relative to the Stock
in charge of Mr. Franks and collecting in Debts due to the
said Estate they did send the following Recommendations
to the said William Boggie —

The Committee understanding there is a considerable
Sum of money collected by the Executor from the Estate of
Mr. Platt are of Opinion that a Dividend should be made
of it to the Creditors without delay —

The Committee are likewise of Opinion that an
Inventory of the whole property should be forthwith completed
and they therefore Resolved that Mr. Boggie be requested to
apply to Mr. Duffey to Expedite finishing of it for the
inspection of the Committee —

The Committee find themselves under the necessity
of repeating their Resolutions that were passed on the 7th
of June last respecting the Shop under the management
of Mr. Franks —

As it appears that Keeping Mr. Platts Shop
Open for the Sale of his remaining Shop Goods is attended
with Considerable Expence to the Estate The Committee —
are therefore of Opinion that Mr. Boggie should furnish
them with an Inventory of the Goods in the Shop in —

Order

Order to enable them to recommend the necessary measures Relative thereto

The Committee understanding that there are outstanding Shop Accounts to a considerable Amount due to the Estate Resolved that Mr Boggie be requested to call peremptorily upon Mr Frank to furnish an Exact Account of such Outstanding debts as they stood at the time of Mr Halls decease And further Resolve that all outstanding debts due to the Shop of Every description which may appear doubtful shall be put to the Hands of Mr DuPuy to inform the recovery of them and recommend that Mr Boggie shall previously notify in the Public Courier that such measures will be adopted, if payment is not made to him

(Signed) J. Tulloh President

In Answer to which the said William Boggie did address the following Letter to your petitioners said Committee —

To the Committee of the Creditors of the late Mr J. Hall, Gentlemen, I have received your last "Resolve in the Capacity of my Directors as Executor "of the last Will and Testament of the late Mr John "Hall — I hope indeed they will be the last because "you have too long a assumed a right which cannot "have any precedent, either in law, or in practice —

"regards his peace would accept of the Office of an Executor, "and if there were any precident in practice it would soon "be abolished as being inconsistent with law, which "is the guardian of right. —

"The Office of an Executor is of great antiquity, "and its rights are so fully ascertained and protected by "Wisdom, that they can never be infringed while Wisdom "Exists. — "The Obvious Conclusion in that as I am totally "independent of your Authority, I can never hereafter receive "your instructions. Resolved to be guided only, by the dictates "of any own understanding and Conscience, I am Gentlemen "your most Obedient Servant (Signed) Willm Boggie Exor of "the last Will and Testament of the late Mr J. Hall —

Fort Saint George 13th July 1793. —

And your Petitioner shew unto this Honble Court that their said Committee much surprised at the Very Extraordinary Language in which the said William Boggie did in and by his said Letter Express himself and apprehending the worst Consequences to the Interest of your Petitioners from such the outrageous Conduct of the said William Boggie did determine to call a meeting of the Creditors of the said John Hall and which was accordingly done through the channel of the Madras Courier and in Consequence thereof a meeting of the said Creditors was accordingly held at the House of Chase and Company in Fort Saint George when it was Resolved to call

call in the assistance of a Professional man in Order to prosecute such measures as might be deemed necessary to prevent the said William Boggie from injuring the fortunes of your petitioners which his conduct as aforesaid gave great reason to suppose was in contemplation And your Petitioners shew that they were then informed to their great surprise and astonishment that the paper writing exhibited and proved in this Honble Court as aforesaid was no Will, and that the said William Boggie had obtained probate thereof under false pretences and that he was not the Executor of the said John Hall —

Your Petitioners shew that the whole fortune of many of your petitioners is involved in the said Estate of the said John Hall and that they have the most Alarming apprehension of being materially injured therein unless this Honble Court should be pleased to grant that aid and Relief which their particular and distressing Situation so much requires —

Your Petitioners therefore humbly pray a general Relief as to this Honble Court may Seem meet

And these Deponents further make Oath and Say that they Continued to meet as a Committee, And at their said meeting made such recommendations as they Conceived were for the good of the Estate and the Interest of the Creditors at large, To the greatest part of which recommendations the said William Boggie gave his assent and [illegible]

said William Boggie Continued to Act in this Conciliatory manner untill he had as these Deponents are informed and believe Collected a Considerable Sums of money On Account of the said Estate, when he became Suddenly very Unattentive to these Deponents, having refused to Attend at their Public meeting as a Committee, And these Deponents say that when Called upon in Consequence of such refusal and being unable to Command a personal Attendance from the said William Boggie, These Deponents John Tulloh, and Richard Chase, were deputed by the said Committee to wait upon him the said William Boggie, to learn the progress, which he had made in Arranging the Affairs of the said Estate, and to propose that a dividend, of such monies As he might have received and which these Deponents were informed Amounted to the Sum of Seventy or Eighty Thousand Pagodas, should be made Amongst the respective Bond Creditors of the said John Hall, And the said John Tulloh and Richard Chase each Speaking for himself, depose And Say that they did on the Sixth day of this Instant July wait upon the said William Boggie And intimated to him, that the Committee Understood, that he had Collected a large Sum of money on Account of the Estate of the said John Hall, and that it was the wish of the said Committee, as well as of the Bond Creditors at large, that he should divide the Same Amongst the said Bond Creditors To which the said William Boggie Observed that he had Some [illegible] regarding the legality of dividing the Assets, untill the

the Estate was better Arranged, But that of the matter was proposed at the next meeting, he would in the mean time determine Upon the propriety of the measure at all events, that the said William Boggie would endeavour to promote the interest of the Creditors as far as in him lay, or work to that Effect, And these Deponents further say, that Conceiving from thence that the said William Boggie would do his Utmost to promote the Interest of the Creditors, they rested satisfyed on his Assurances, and transmitted him a Copy of the Recommendations which had passed at their meeting. These Deponents further say that the said William Boggie notwithstanding his Assurances Shortly afterwards disclaimed any right which these Deponents had to controul his Actions and in Order to Announce the Same sent a letter to these Deponents in the words and figures following —

To the Committee of the Creditors of the late Mr. J. Hall —

Gentlemen —

I have received your last resolves in the Capacity of my Directors as Executor of the last Will and Testament of the late Mr. John Hall — I hope indeed they will be the last because you have too long Assumed a Right which Cannot have any precedent either in Law or in practice, If there were any Precedent in Law no person who regards his peace would accept of the Office of an E[illegible]

with law which is the Guardian of rights —

The Office of an Executor is of great Antiquity, and its rights are so fully ascertained and protected by Wisdom, that they can never be infringed while wisdom exists —

The Obvious Conclusion is that as I am totally independent of your Authority, I can never hereafter receive your instructions resolved to be guided only by the Dictates of my own understanding and Conscience —

I am Gentlemen —

Your most Obedt. Servt.
(Signed) Wm. Boggie

Fort St. George
13th July 1793

And these Deponents George Campbell and Richard Chase further say that in Consequence of such extraordinary Conduct on the part of the said William Boggie they Conceived it to be a duty incumbent on them to Call a general meeting of the Creditors to consult upon the necessary measures which should be followed, at the House of Missieurs Chace Sewel and Chace, in Fort Saint George aforesaid when it was Determined that they could no longer repose any further Confidence in the said William Boggie, And these Deponents further say that at such meeting it was judged necessary to take legal Advice, and to look up to the Justice and Wisdom of the Honourable Court for Relief, and Security to their property.

And this Deponent George Campbell for himself Saith that he has been informed and verily believes that the said William Boggie from some sensister motives, has had

it

it in his intention of making partial payment in favor of particular Creditors, For that he this Deponent had an Offer made him to that Effect but which he peremtorily refused to Accept, And these Deponents George Campbell & Richard Chase say that they did hear the said William Boggie declare previous to his Obtaining probate as aforesaid, that when he he had Collected Assets to the Amount of Six or eight Thousand Pagodas, that he would divide the same Amongst the Creditors, and the reason which he gave for the same was, that it would save interest. And this Deponent the said George Campbell saith from such extraordinary and inconsistent And partial Conduct as the part of the said William Boggie And for other good reasons and Considerations he verily believes it to be his intention to Act unfairly to the Creditors of the said John Hall.—

In the Honble the Mayors Court at Madraspatnam —

Between George Campbell John De Fries, John Tolloh Richard Chase, and James Daly Proponents and William Boggie as he pretends to be the Executor of the late John Hall Opponent

The humble Petition of the above named Proponents —

Shew

That Your Petitioners did on or about the Sixth day of August now last past file their Allegations in the above Matter and that rules did pass for the above named Opponent William Boggie to file his Answer thereto, that pending the rules and before any Answer filed by the said William Boggie to your petitioners said Allegations to wit on the twentieth day of the said Month of August the said William Boggie by his Proctor in Court did pray that Your Petitioners Might by the next Court day produce and deliver into the Registry of this Court the Powers under which it was presumed they acted on behalf of the Several bond Creditors of the Estate and in default thereof that all further proceedings on these Allegations should be stayed until they should produce and deliver the same And Your Petitioners Proctors did acquaint the Court that they would be ready on the next Court Day to deliver in the papers [illegible] should the Court think fit And your Petitioners shew

Shew that thereupon the Court were pleased to order that the [illegible]
Prayer for the Production of the said Power should be Constrained [illegible]
the same was over ruled Accordingly. And your Petitioners further
shew unto this Honble Court that some time on or about the [illegible]
day of the Month of September now last past the Opponent did [illegible]
and file in this Honble Court his Answer to the Allegations [illegible]
Proponents and issue did thereafter join and rules and pass for the
Examination of Witnesses and Witnesses were Examined accordingly
both on the part of the Opponent and your Petitioners And your
Petitioners shew unto this Honble Court that on Tuesday the [illegible]
days of this present Instant the Proctor for the Opponent [illegible]
that your Petitioners might by next Court day produce and [illegible]
the Register the Several Powers of Attorney under which they [illegible]
acted on behalf of the whole of the Bond Creditors of the late John
Hall deceased And your Petitioners shew that thereto your [illegible]
Proctors did object because issue had joined and Witnesses were [illegible]
in the Matter, and that the rules for Examination did expire [illegible]
next Court day and that therefore it was too late for the Opponent
to derive any benefit from the prayer he had then made [illegible]
to the Course of the Court and further because the Motion had
been determined on And your Petitioners shew that thereupon
Honble Court were pleased to order that the Proctors for your
Petitioners should by the next Court day deliver the powers [illegible]
which they act on behalf of the whole of the [illegible]
said John Hall [illegible]

Because it is the practice of this Honble Court that were a
Motion has once been determined upon it shall not again be
brought forward but by way of Petition for a rehearing and Because
Where Papers are required by an opposite party application must
be made before issue joined and no application of such a nature
has ever been granted after rules have passed for the examination
of Witnesses and after Witnesses have been Examined And therefore
as the said order of the said Eight day of this present Month of
October is contrary to the Course of this Honble Court —

My dear Bro

In case it be my fate to fall on this Coast I rely on your friendship to take charge of what may arise from my Estate from Silver Lace and the other purposes of mine more as per your Letter and remitting the amount of the bills on Simon Bill to my Mother Aunt Elizabeth Sullivan or to the Survivor should either be dead before such time as I shall have died intestate or the Survivor should neither be dead before the Survivor but should they or either of them be living I leave that the whole of the Sum which my estate may produce be considered as the property of my Brother and one third as that of my said Aunt but with this restriction that the Survivor shall enjoy the produce of the other one until her death should prejudice — I would wish them to dispose of the whole of the Sum or any part they may agree on in an annuity for their joint lives but the Sum to be given division as my only wish is to contribute to their comfort should otherwise to assist my friend Mr Rundell but knowing their attachment to him I leave it to them to postpone that attach as well to their interest —

In case of both their deaths before mine I leave the paying any bills they may have incurred on half the Produce of my estate may go to you and the other half be remitted to my friend Mr Rundell Jewellery Lisbon to be divided between his four other Children. but this case of this should and that his wife Mary Forrester Summerhaw I leave in the whole of the above mentioned Sum may be considered as her property — Rundell Sale and that Mary pounds five thousand be paid to my the remainder of this

and the other Half given that bequeathed to my Lisbon friends

I have taken all this trouble with a sincere hope of the event proving yet to be totally unnecessary and am my dear Bro

Yours ever sincerely
