Fort St. George 8th September 1809

Minute of the President
Proposing that the
allowances of Deputy
adjutant General be
admitted to Captain
Addison for a certain
period.

Fort St. George
8th September 1809

The President has the honour to state to the Board, that whenn the Office of Deputy Adjutant General to the Hyderabad Subsidiary Force became Vacant by the removal of Captain Conway to the situation of Deputy Adjutant General of the Army, Major General Sir Geo. Commanding in Chief recommended to him Captain Charles Addison the Assistant Adjutant General in the Northern Division as an Officer well qualified to discharge the more important duties of that department on the Hyderabad force, and deserving, on account of his abilities and attention to his duty, of the advantages which were considered to be attached to the situation, viz that of Deputy Adjutant General; — and without recollecting that

6505 Fort St. George 8th September 1809

(4)

that the enjoyment of those advantages was restricted by a letter from the Supreme Government dated the 27th February 1809. to Captn Adison's Predecessor. The President consented to the removal of that Officer to the Hyderabad Subsidiary Force with those advantages; and he was accordingly put on Orders as Deputy Adjutant General and has drawn the allowances of that Rank.

The Military Auditor General has however, very properly retrenched the difference of allowances between those of Assistant and Deputy Adjutant General, under authority of the letter from the Supreme Government above referred to, but as Captain Adison had reason to expect the pay and allowances of Deputy Adjutant General as far as depended on this Government. The President proposes that those allowances

allowances shall be admitted to accrue from the date of his taking charge of the Office, until an answer is received to the reference made to the Honorable the Court of Directors on that subject.

Fort St George

Honorable Sirs,

From the Report lately made by Major General Pater Commanding the Northern Division of the Army, that the Men of the Madras European Regiment commence to feel considerable anxiety on the subject of their engagements for unlimited service, and also from various other considerations of the bad effects that I conceive it possible, might arise from the distinction that exist in this particular, amongst the Honorable the Company's European Troops. I beg leave to recommend to Your consideration the propriety of exonerating them from those engagements

Captain Hughes respecting the recovery of stoppages on account of family payments made from a party of Pioneers who accompanied the Mysore Princes to Bengal which he conceives should be repaid to the Individuals.

expressed in the Minutes of the Honorable the Governor in Council under date the 16th June last upon the application of Captain Hughes commanding the 1st Battalion of Pioneers respecting the recovery of Stoppages on Account of family payments which had been made from a party of that Corps who accompanied the Mysore Princes to Bengal. I have accordingly the honor to report that after an examination of the Disbursements and Vouchers for the months of February March and April 1804 of Baron Kutzleber Paymaster to the Detachment that accompanied the Mysoor Princes to Bengal; and from a Correspondence with that Officer and with Conductor King under whose charge the party of Pioneers was placed, the following Circumstances have been ascertained—

2 That from the pay abstracts of the party of Pioneers for the month of February March and April, signed by Conductor King. It appears that 10 Pagodas had been deducted from

6526

Fort S. George 8th September 1809

from the amount of each.—

3 That the stoppage of 10 Pagodas for the months of January on the abstract of February had been credited by the Paymaster by deducting 10 Pagodas stopped when he entered the amount of the abstract in his Disbursements and that the Paymaster likewise debited himself in his abstract of receipts and Disbursements for the Month of March with 10 Pagodas stopped for February — but it does not appear that the Paymaster has given Credit for the 10 Pagodas stopped from the Pay abstract of April for which he appears to be accountable.—

4 And having after a considerable degree of research discovered that the pay abstracts of the Peons who accompanied the Mysore Princes to Bengal, for the months of May. June. July, August. September and October 1809 had not been discharged in Bengal but were paid at Fort S. George on

6527

Fort St George 8th September 1809

56

the return of Lieutenant Colonel Marriott, and having referred to these Vouchers I have ascertained that the Monthly Stoppage of Pagodas 10 on Account of family Payments was regularly made from each and were also duly credited by the Paymaster. —

5th

As the fact therefore appears to be established from the Documents submitted to Government by Captain Hughes, that the payment has not been made to the Families, for which the above Monthly stoppages from the Pay Abstracts had been deducted, it accordingly follows, that the Amount thereof should be repaid to the Individuals. —

Honorable Sir,

&c. &c. &c.

In obedience to your Commands expressed in the proceedings of the Honorable the Governor in Council under date the 25th ultimo. I have examined the application of Lieutenant Colonel Bowser for Table allowance for a period he acted as Senior Officer with the Troops stationed in the Ceded Districts upon the departure of Major General Sater.

2 I have accordingly to state as relative to this application that from the tenor

3/ In conformity with which. these allowances are uniformly objected to, until the Sanction of Government is obtained and duly communicated. —

4 In addition to the above objec- tion it is also my duty to state, that altho 300 Pagodas per Mensem as Table allowance has been granted to Officers when not general Officers on the Staff, for commanding the Nor- thern or Southern Divisions of the Army - that allowance however has not by any Resolution of Your Honorable Board or in any communi- cation received from the Honorable Court of Directors, been extended to Officers above described when Commanding the Troops in the

But should it be considered by Your Honorable Board that the Command of the Troops in the Ceded Districts is of equal importance with the Command of any of the Divisions of the Army, and that the above-mentioned Table Allowance, not being extended to Command of the Ceded Districts when held by an Officer, not a general Officer upon the Staff may have been occasioned from the casual circumstance of the instance under such particulars having [illegible] before occurred; the Command of the Troops in the Ceded Districts being Virtually tho' not so denominated one of the principal divisions of the army - and if Your Honorable Board shall be pleased to confirm the succession to the temporary Command of the Ceded Districts of Lieut.e Colonel Bowness, that Officer under these circumstances may be considered entitled to

on the papers referred to me for report on the 10th. July last.—

The Papers abovementioned contain a claim from Mr. Menaud the Brass founder for pay for himself and apprentices for the Months of March, April and may last. the period he was discontinued at the Powder Mills. until placed upon that Establishment by Order of the Board. This claim is founded on his not having employed himself on any private Work during that period, from a daily expectation of being recalled to the Powder Mills. and as his recall was at the time in contemplation. and indeed desirable. I really think he is entitled to some remuneration. although not to the extent solicited. as well as to be reimbursed for the hire paid by him for Native Artificers employed in the Month of March and articles purchased for the work. Should the Board concur with me in this opinion, I beg to recommend that Mr. Menaud and Assistants be allowed half the pay.

From the Medical Board recommending that the Lock Hospital on the Malabar coast be continued at Calicut. Reporting Kata Native convict had been admitted as a patient into the Lunatic Hospital. Transmitting two returns from the Superintendant of Vaccination. —

Honorable Sir, &c. &c. &c.

Para 1st

We have the honor to acknowledge the receipt of Mr. Secretary Peile's letter, bearing date the 19th Instant, with its enclosure from the Officer Commanding the provinces of Malabar and Canara, relative to the Lock Hospital

6546

Fort St. George 8th September 1809

at Calicut.—

2

In reply to which we have the honor to state to Your Honor in Council, that when we recommended the Establishment of the above mentioned Lock Hospital, our recommendation was founded, on a deliberate attention to the effect of these institutions, where European Troops were stationed throughout the Establishment, and as we found that the increase of the Number of Women, on a comparison of the Monthly Returns for four Years previously, and the same Number of Years subsequently to the Establishment of Lock Hospitals, that the Number was increased nearly two-thirds; we were of opinion, that these Hospitals being placed at such a distance, from the Stations of European Corps, as effectually to prevent the Soldiers, having any intercourse with the diseased Women, would prevent the evils that have hitherto attended these institutions: and be the most likely means of fulfilling the intention of

Fort S.t George 8th September 1809

of their Establishment.—

3 We accordingly with the other alterations suggested in our Letter to your Honor in Council dated 12th June last, recommended that one Lock Hospital on the Malabar Coast, should be established at Calicut, instead of the two, formerly at Cananore and Tellicherry.—

4 We are extremely concerned to be under the necessity of offering an opinion so much at Variance with that now forwarded to us, from the Officer Commanding in Malabar and Canara— But having by a further reference to the Monthly Returns, reason to believe, that our former conclusions were correct, and that instead of the Venereal Patients in His Majesty's 30th Regiment, being reduced at least two-thirds that they have also encreased in a considerable proportion, since the establishment of Lock Hospital, as appears per Margin,x We are therefore again induced to recommend to your

Honor to transmit to Your Honor in Council two reports from the Superintendent of Vaccination in which it is stated, that 16,140 persons were vaccinated in the month of June - and 15,374 in the Month of July last. -

By the very general and unsatisfac-
-tory manner however, in which the numbers only are here stated to be vaccinated, it has appeared ne-
-cessary to the Medical Board, that they should be acquainted with the Vouchers on which the Returns of the Superintendent are founded, and we have accordingly directed him to accompany his general Reports to this Office, with the particular detailed Returns of all the Subordinate Medical Officers employed in the Department of vaccination - in the manner observed by the Superintending Surgeons of Divisions, who at all times accompany their General Reports, with the particular Journals &c. of Sick, Kept by the several Surgeons and Assistant Surgeons, under their Superintendence. -

I have accordingly ascertained that the donation granted to Captains Moore and Donald was not the Subsistence only, but also the fixed allowances of their Regimental Rank for one Year. —

Altho' His Majesty's Regulations upon which the application for the abovementioned Bounty appears to have been founded express one Years pay only, it may be proper however in explanation to observe that when Government were pleased in the Year 1805 to grant to those two Officers the abovementioned Bounty, it was particularly represented in the Minutes of the then Commander in Chief, when he submitted and recommended the applications upon seperate

On a change of circumstances I shall consider it my duty again to bring the subject to the Notice of Government.

Honorable Sir,

From the Military Auditor General submitting at the request of Lieutenant Patullo a Retrenchment of the difference between half and Batta drawn by that Officer when in charge of the Body Guard during the absence of Captain Grant.

1

At the request of Lieutenant Patullo Commanding the Honorable the Governor's Body Guard, I have the honor to lay before You a Retrenchment of the difference between half and full batta drawn by that Officer for the months of July and August 1808, when in charge of the Head Quarters of that Corps in the absence of Captain Grant who had proceeded to Persia on duty. Together with the reply to the Retrenchment from that Officer. —

2

The allowance of Lieutenant Patullo

6565

Fort S. George 8th September 1809

Patullos half-Batta has been objected to because Captain Grant being employed on Service with a part of the Body Guard, was, tho' absent from the Presidency, still considered to be the Commanding Officer of the Corps, by whom the allowance of full Batta in conformity with the orders of the 10th of June 1808 should be drawn. —

3 Some consideration may however be due to what is represented by Lieutenant Patullo being in charge at the Head Quarters and of the greater part of the Corps, and also to the instance which he has adduced in the case of Major Vaumorel when in charge of a Division and the Head Quarters of His Majesty's 30th Regiment of Foot, during the absence of Lieutenant Colonel Lockhart the Senior Officer of that Corps, employed on foreign Service, when Your Honorable Board were pleased to grant the allowance of the additional half batta to Major Vaumorel. —

To J. Greenhill Esqr 76

Military Paymaster

Sir, Fort St. George

In reply to the enclosed retrenchment against me for batta when Commanding the Honble the Governor's Body Guard in the absence of Captain Grant then on Command with a small part of the Corps in Persia, I have to remark that being in charge of and having the safety of the greatest part of the Corps then here, I considered myself entitled to the charge, and have to request that You will forward this to the Military Auditor General as an explanation of the charge, that if he feels himself authorized to pass it, it may be done, if not that it may be submitted to Government for their decision. I have only to add that a circumstance of the same Kind has recently come to my knowledge with regard to Colonel Lockhart of His Majesty's 30th Regiment when in Command with a small

of the balances of the Year 1807/8 amounting to Pagodas
59.36.563.18.45 as mentioned in my predecessor's letter
to Government under date the 17th January last.—

3 From these two Statements № 1
and 2 it appears that the amount of the General
Balances of the Year 1808/9 exceeds that of the
Year 1807/8 in Pagodas 4.79.449.18.40.—

Pagodas 39.34.682.18.45 which sum forms part of
the General Balances, and this amount will be
brought upon the Books of the Current year.—

By

6570

Fort St George 8th September 1809

5

By the Books of the year 1807/8 the Stock and Dead Stock amounted to Pagodas 36.60.645.20.79 that for the year 1808/9 to Pagodas 39.34.682.18.45 making an encrease in the latter of Pagodas 2.74.036.42.69 and appears under the head of Dead Stock — a considerable proportion of this sum would be realized on the sale of this property; this will however explain the apparent increase of the General Balances of my Department. —

6

The Balances after deducting Stock and Dead stock amount to the sum of Pagodas 25.31.330.10.40. —

7

Of the Balances enherited by my predecessor, the considerable sum of Pagodas 1092.568 " 36 has been adjusted in the last years Books, but other entries have been brought into this Department, and these Balances must continually fluctuate, however a decrease may be expected to take place from the plans of economy recently introduced into the Military Expenditure. —

The

6571

Fort St George 8th September 1809

8

The Sum of Pagodas 100.658-31-72 has been transferred to my Books under the head of Messrs Baker and Balfour in the Year 1808/9 as likewise the Sum of Pagodas 3.69.541.44.29 for Grain delivered by the Grain Committee to the Garrison Storekeeper of Madras. The Balances against the Contractors for Clothing, Captain Boles and Meera Lubba, whose Accounts have not been finally closed, amount to the Sum of Pagodas 1.18.105.26.48 - as likewise against the Superintendant of the Stud Pagodas 27.747.37.8 The Contractor for Elephants Pagodas 14.976.8.6 - Colonels Dallas and Robertson in the Bullock Department Pagodas 1.36.235.42 36. making together the Sum of Pagodas 7.67.266.10.41 to be finally brought to a close in the Offices of the Military Auditor General and Military Board - The Balances against the late Captain Mathews, Mr Gordon, Mr Hawkins, Mr Richardson, Mr Brisby and Lieutenant Brown with other Pay-masters and Agents not in Office on the 30th April

1809

6572

Fort S. George 8th September 1809

1809. amount to Pagodas 2.62.770. 2. 6 ...

9 The several Entries commorated in the preceding paragraph amount to the total sum of Pagos 12.36.036. 13. 25 of which since the close of my Books the sum of Pagodas 218.934. 2. 22 has been adjusted by the Resaudits and final audits sent to me by the Military Auditor General as likewise by bills passed by him and the sum of Pagodas 10.052. 11. 3 will in all probability be settled by the period the Books of the current Year are closed. —

10 The amount in the hands of Paymasters on the 30th april 1809 after deducting the amount stated in the preceding paragraph / Pagodas 12.36.036. 13. 25 / from the sum stated in the 6th para to be the amount of the remaining General Balance / Pagodas 25.31.330. 10. 28 / will then be Pagodas 12.95.293. 42. 15. —

11 Since the date of my Books for the Year 1808/9 the sum of Pagodas 3.60.27. 10. 7 has been adjusted of the balances against Paymasters on Employ on the 30th April 1809 by the credits given by Paymasters

6573

Fort St. George 8th September 1809

79

Paymasters in their Accounts current for the months of May and June, and Reaudits received by me from the Military Auditor General as per Abstract at the end of Statement No 1, the remainder being the floating Balances Pagodas 9,35,266.32.8 consists of Retrenchments, Transfer Vouchers, and real Cash in hand as per Statement No 1, corresponding with the Sum of Pagodas 12.95.293-42.15 stated in the 10th Paragraph of this letter, and the Abstract at the end thereof. —

12 The total amount adjusted since the close of my Books from what above has been stated is Pagodas 5.79.011.12.29 Dft. of Balances against Paymasters &c. in office on the 30th April last Pagodas 3.60027.10.7. and the sum of Pagodas 2.18.984.2.22. of the Balances against those who were not in office at that date. —

13 The Comparative Statements

will

6574

Fort St. George 8th September 1809.

will exhibit to Your Honor in Council in a concise manner the increase in some and the decrease in other heads in my Books and the particular Sums which have been adjusted, and containing the new raised heads in the Year 1808/9 which alone amount as per Comparative Statement to Pagodas 6,36,651. 11.76.—

11

I have to call Your Honor in Council's particular attention to the last Years difference between the Sums credited for Off. -ficers and the Sums paid to the Secretaries of the Medical and Military Funds amounting to Pagodas 6000.36— and much fear in a few Years, unless another system is adopted the difference will become a loss to the Pubblic

15

I would suggest that the Subordinate Paymasters be directed to forward to the Secretaries of the Military and Medical Funds, Bills payable at sight in my Department

6575

Fort St. George 8th. September 1809

50

Department for the amount actually stopped by them respectively each Month - no inconvenience whatever could accrue to these funds and Govern- ment will incur no loss which must be the case unless an alteration is made in the mode of collecting these Funds. at present on the first of every Month the whole sum due by the Military or Medical Subscribers is paid by the Presidency Paymaster to their Secretaries. and Stoppages may not be made or may be irreco- verable from death or other causes — and this loss is sustained. or is for the present brought to the debit of the Public. Pay- masters. as I have already proposed. be in- structed to grant bills for the sums they do recover. this loss to Government will be obviated without any detriment to those Funds. —

16 I have also to state to Your Honor in Council that immediately after my taking charge of this Office I furnished each

of

of the Paymasters with a Statement of their Account with my Department pointing out the considerable balance in Cash - and the unrecovered Retrenchments - Not having the means of check either on the advances made, or on the Disbursements. I considered it requisite to call the attention of the Military Auditor General to this subject - and from whom I learnt it had already been noticed by him to the Subordinate Paymasters, the result of that Offices directions. I am sorry to observe, has not been attended with that success that could have been desired - as this Statement still exhibits a very considerable balance in the cash chests of the Paymasters. which I was in hopes would have been reduced in consequence of the orders sent from this Office - and that of the Military Auditor General -

17 The duties attendant on this office are compliated and various - and I confess I should not have been enabled at this early period to have brought up the Records of the office had it not been

6577 Fort St George 2d September 1809

81

been for the uncommon assiduity and attention of Mr Askin the Accountant, who has afforded me every possible assistance - when I took charge of this office he was strongly recommended to my attention by the late Paymaster General - and he has fully justified that recommendation. Mr. Askin has been in this office upwards of twenty four years - and from what I can understand has given invariable satisfaction, and I feel happy in the opportunity of bringing him to the notice of Your Honor in Council; for really his exertions have been such that I should not be doing justice to Mr Askin did I not take this occasion of speaking of his good conduct. —

18 The Book-keeper Seneca speak has been frequently noticed by the approval of Government - and his conduct since my taking charge has been such as generally to meet my approbation. —

Fort St. George

Sir,

I have the honor to forward Copy of a Cash account Kept by Order of Lieutenant Colonel Bell of the 1st Batt.n Artillery, and Commanding Seringapatam from the 3d to the 22d Instant both days inclusive.—

As the Garrison was in open rebellion against Govt. during the period above mentioned the Honble the Governor in Council may not authorize any payment made by Order of Lt. Col. Bell and should such sums be brought in upon my Accounts I may be liable to retrenchments for which reason therefore to my making out my Account Disbursements I request to be favored with your opinion on the subject—

With the exception of the sums marked thus + the whole has been paid upon the usual abstract.—

To the Military Paymaster in Mysore
Seringapatam

Sir

In answer to your letter of the 26th ultimo. just received, with which was transmitted Copy of your Cash account in the Month of August kept by order of Lieutenant Colonel John Bell, requesting to be favored with my opinion on the subject of a previous to your making out your Account of Disbursements. I have accordingly to state at my opinion that you should without loss of time transmit a Duplicate of the said account to your immediate Superior the Military Paymaster General; in order that it may be submitted by him to the Honorable the Governor in Council for the purpose of obtaining the requisite instructions regarding the sums advanced by you under such authority; indeed what is above pointed out, ought I think to have

have been adopted in the first instance under that impression, and that no injury may arise to the public Interest from a further delay in the communication. I have in the mean time addressed the Military Paymaster General and forwarded to him your above mentioned Cash account for August and have also sent him with a Copy of this Letter. —

To

Fort St. George 8th September 1809

To the Honorable

Sir George Hilaro Barlow Bt GCB

Governor in Council

Fort St. George

Honorable Sir,

From Mr Alexander Beatson late Lt Col. of the Hon'ble Company's Services claim to share as Lt Col. and Col. in the Division of Seringapatam Prize.

The Resolutions of Your Government dated the 12th August 1808, concerning a dividend of Seringapatam Prize Money now received here by the last fleet from India.- I observe that in those Resolutions no notice is taken of the Office of Surveyor General to the Army which I held during the Campaign. I presume therefore that no allowance was part of the fair and just claims to which I preferred (in my letter to the Prize Committee) to the rank of a Superior Rank corresponding with the Pay and Batta of Lieutenant Colonel. which were expressly attached to the office as well appears by a General Order dated about the Month of February 1799.

In

6659

Fort St. George 8th September 1809

122.

In every former Campaign in which I had served in India there was one invariable rule of distribution - that the pay and Batta received by an Officer should determine his share of Prize - This rule has indeed been partially observed by the Prize Committee of Seringapatam. If no exceptions had been made, and every Officer had shared according to his Army - rank, assuredly I could have no cause to complain; but when I perceive Officers whose claims are infinitely inferior to my own / some unsanctioned even by the long established rule of distribution / I cannot but feel most sensibly the in- = justice which was done me by that Committee, by classing me amongst those whom they considered as undeserving of what had been, on all occasions, an undoubted right. -

I had returned to Madras soon after the Seige and was under no obli- = gations

6660

Fort St. George 8th September 1809

Stigations to abide by the decision of the Committee. The moment I received intelligence of the share allotted to my Office I protested against it in a letter addressed to the Committee. Until that letter, like many others received by them, was never replied to. and when I wrote to the Marquis Wellesley and to my Agents in India, it was found that it was lost or mislaid. —

It is true, that at the time the Committee sat, few persons were acquainted with the extent of my claims. It was not generally known the share I had in forming the plan of operation for the campaign— Nor were the Members of that Committee apprised of the great responsibility in which Involuntarily engaged in spite of the unanimous application of every Engineer in the Army— all that might have been known was that I was sent on a Mission to the Supreme

6665

Fort St. George 8th September 1809

Supreme Government and that my services at the siege had been such as to receive the acknowledgements and thanks of the Commander in Chief in General Orders. —

Delicacy to others, and an unwillingness to speak of myself, prevented me saying more than I did in my letter to the Committee. The same reasons would at this time have operated if I had not been already compelled to state my services at length in my correspondence with the Court of Directors at the period of my retiring from the service as the Statement I laid before them, without any request or solicitation on my part, induced them to admit that I was well entitled to their favor and indulgence, so I confidently trust that a few of the facts detailed in that Statement will be sufficient to enable you to decide how far my public services have merited the treatment I have received, and whether

Fort St George 8th September 1809

whether I have not, unadvisedly of what might
be considered a right, the fairest and best preten-
-sions to a similar indulgence as has been by the
Siege Committee granted to others - who had compa-
-ratively little share and no responsibility when
-ever in the important operations which in so
short a time effected the entire conquest of Tippoo
Sultan's Dominions. -

Norris

6664

Fort St. George 8th September 1809

Sirs &c. &c. I therefore found I stood
single in the opinions I had given since they
were now combated by the Chief Engineers of
Madras and Bombay:—

upon being informed of Colonel
Santonius's sentiments, and I plainly perceived
they had occasioned a considerable wavering
and difference in points formerly agreed upon,
I begged he would have the goodness to explain
his objections against the attack upon the
North West Angle, and that he would demon-
strate his proposed attack upon the South
East from breaking Ground to getting into
the breach — and if he could convince me
it was the most practicable attack, I should
most heartily concur in his opinion. I added
I was much concerned to differ from so
many respectable opinions, but having now
attentively examined the fort upon every
side, and being desired by the Commander
in

6665

Fort St. George 8th September 1809

125

in Chief to make my report upon this very important Subject. it was my duty to do so according to the best of my judgement - I trusted they would all do me the justice to believe I could have no other motive in preferring one attack to an-other than the success of the enterprize - which depending so much on the mode of attack. was a Subject that could not be too minutely examined nor too fully discussed. —

The Officers at this time assembled were the Commander in Chief Colonels Gent Close and Agnew - Majors Allen - Lahtaine Macaulay and Norris. —

Colonel Sartorius explained his attack upon the South west Angle to which I replied and stated many objections - (these are published in my view of the War Page 94) I then described my scheme for attacking the North West Angle which was again opposed by

Fort St George 8th September 1809

by Colonel Santorius we both adhered to our
opinions, but the Officers present except the
Engineers appearing inclined to prefer the re
attack which I recommended it was finally
determined on —

But in consequence of Argument
which I had opposed to Colonel Santorius's
attack he requested leave to reconnoitre once
more before he gave a final opinion. This
he did in the evening and sent his report in
writing to General Harris stating his reasons
in favor of the attack on the South West and
declaring, it was not only the easiest and most
practicable but would require a less quantity
of materials than any other or words to this
effect. This official communication was shown
to me by General Harris but as the assertions
it contained were unsupported by argument, did
not bring conviction to my mind. I could
not retract the opinion I had originally given
though

Fort St. George 8th September 1809

though fully aware of the responsibelety I 12t
incurred and the blame which would inve-
-tably fall upon me after the steps taken
by the Engineers if unfortunately the attack
I persisted in, should fail.—

1799 april 20th- Today the Commander
in Chief informed me that as it would be
attended with convenience to him if during
the Seige all orders communicated by me were
obeyed it was his intention to issue an order
to this effect- at first I saw no objection; but
when I reflected that such a power given to
me might appear as an Official interference
with the Engineers / considering the part I was
already engaged in / I wrote to Colonel
Close the adjutant General stating my
apprehension that such an order might
operate to the prejudice of the Service by
destroying that harmony / notwithstanding
- a difference in opinion / which has hitherto

subsisted

Fort St George 3rd September 1809

Subsisted between the Engineers and myself
and for this reason, although I considered the
Commander in Chiefs intention highly honorable
to myself - I would rather that the order
should be postponed until it might be offered
absolutely necessary - Colonel Close sent me the
following answer: -

The Colonel conceives the order
to be highly necessary to enable him to perform
by having You as one of his Staff - not only by
communicating his orders to the Engineers but to
the batteries and all parts of the Line - The manner
in which it is to You does not affect the Engineers in
particular - it runs thus: -

Major Beatson, Aid de Camp
to the Right Honorable the Governor General,
is to be considered as one of the Staff attached
to the Commander in Chief, and all orders com-
municated by him are to be obeyed: -

"From what has been related in the

Fort S. George 8th September 1809

the preceeding Pages. and in my letter of the 2nd February 1802 last Your Honorable Court is now in possession of same of the most material events in which I was concerned in India- It would be tedious to detail others of less note- which. however, might further prove that no personal Consideration has on any occasion ever deterred me from acting according to my own judgement. however great the responsibility it incurred. when-=ever I was convinced it would promote the interests of Your Service.-

It is well known to the Marquis Cornwallis how much I differed from every other Officer employed upon the reconnoitring parties previously to the attack of Savindroog- This hill fort was pronounced to be impregnable- but I presumed to think otherwise- and a Detachment of the army being sent against it. at my own request- I was appointed Aid de Camp to the Commander- in order to assist

in

Fort St George 8th September 1809

on the siege and see the plan of attack that designed first in execution — That formidable fortress was reduced exactly in the space of time which I foretold to the Marquis Cornwallis before the Detachment moved from the Army.—

Mr — left true and a fact well known to the Marquis Wellesley and Genl Harris that on my return from Bengal I most decidedly opposed the first intended route of the Army to Seringapatam in 1799 it would have entered the pass of Coimbatore a route subsequently taken by Lieutenant Colonel Read — who experienced with a small Detachment so many obstacles from rugged roads steep ascents want of forage and water — that there is no doubt if the army had attempted it, all those evils would have been felt in a much greater degree — and in all probability it never could have

6671

Fort St George 8th September 1809

125

have reached Seringapatam in time, and in a condition to undertake the siege before the setting in of the Moonsoon:—

"Upon these enterpriges on which I have thus voluntarily stept forward I shall offer no comments whatever. They were all fortunately successful — but had they been otherwise permit me to ask your Honorable Court, on whom would the principal share of blame have fallen — Had the attacks on Seringapatam, Bangalore and Sewindroog or the route of the Army to Seringapatam in 1799 under the above mentioned circumstances failed the consequence might have been fatal to the public as well as to my own character; surely then the facts I have quoted are no slender proofs of that Zeal which I have upon so many occasions manifested in your service. —

In submitting the preceding — Statement to Your consideration I have only done what I considered strictly a justice due to

myself

Fort St. George 2d September 1809

myself since without this further attempt to obtain Your favor and indulgence - without having thus explained what may be considered at least as fair pretentions to that distinction I might hereafter - when too late, have had to reproach myself - Having now discharged what I felt as a personal duty it rests with Your Honorable Court to determine how far my conduct and services merit indulgence or compensation: -

I have thus, Honorable Sir, given You a faithful and accurate Statement of those facts on which I rest my claim to the share of Lieutenant Colonel - and I have now to entreat Your interference in order that I may obtain that Justice which has been denied me by the decision of the Prize Committee - and I have therefore to request that You will be pleased to order that I shall receive the difference between the share of

of Major and Lieutenant Coland for the first devidend of Seringapatam prize money in 1799 with Interest thereon from the date of the first payments and the full share of Lieutenant Coloud for the devidend which you ordered to be made on the 12th August 1808. In the preceding part of this letter I have stated that the Prize Committee

have

6674

have partially observed the long established rule of distribution by allotting to officers the shares corresponding with the Pay and Batta attached to their appointments in the field. I believe I should have said still more accurate if I had said that they have abided wholly by that rule excepting in my own case. The following List of appointments held by Captains and Subalterns who have received the shares of major embrace the whole of the Army staff. Thus it appears that I am a single exception to the long established rule of distribution and consequently the injustice done to me, for which I now solicit redress comes forward in a still stronger point of view. —

From the Chief Secr. to the Government of Bombay - stating that Orders had been issued for delivering to the Superintending Engineer on Malabar Such Teak Timber and Plank as he may require stating what price will be charged. —

Sir,

1st

I have the honor to acknowledge the receipt of your letter of the 20th of last Month, and to request you will inform the Honorable the Governor in Council at Fort St George that the necessary instructions have been issued to the Conservator of the Forests in Malabar to deliver to the Superintending Engineer in that Province such Timber as Indents previously prefered by the Military Board at Madras Such Teak Timber and Plank as he may require —

2°

In respect to the Price to be charged for the Timber and Plank, the Honorable the Governor in Council considers it proper that

that the Government of Fort S. George should not be charged more than what may prove an indemnification to the Company for the expences incurred in the provision of the Articles; while on the other hand it is certainly just that this Government should be by the sale of the Timber and Plank, compensated for the charges of the forest Department. —

3d. Upon these principles it has been resolved by the Governor in Council, that, whatever Timber shall be furnished to the Government of Bengal shall be charged at the rate of 10 Rupees per Candy, being two Rupees & a fraction per Ton. That the refuse Timber has been sold for to Individuals. —

4th On the same Grounds the Teak Plank which may be supplied to the Government of Fort S. George is to be charged at the rate of 30 Rupees P 70 Guz - which charge, together with that for Timber, is to continue till the

Sir,

From the Officer on Malabar & Canara Transmitting a Bill for disembarking Military Stores at Cananore suggesting the Necessity for a regulation to prevent delay in the payment of similar demands stating that he has ordered the Engineer to make some repairs at Cananore.

I have the honor to transmit a Bill for disembarking Military Stores at Tellicherry which the Paymaster refuses to discharge without the sanction of Government.—

Permit me to suggest the necessity for some Regulation being made to prevent delay in the payment of all just demands of this Nature for it cannot be expected

I expect to say that the Gentlemen proceeded to the irregularities before reported without having alledged or complained of any grievance, and even on my questioning them they said they had none to complain of the accompanying Notes as may be observed are principally the diction of one Person, who he suspects to be Mr. Smith, and they were written after I had assembled the Company and questioned Individually as to the cause of disorder and whether they intended to persist or do their duty as usual —

The Gentlemen Cadets have delivered their sentiments through Mr. Smith, and state that their only discontent is Captain Freeman's Officiating as Field or any Instructor in room of Lieutenant Stuart, who they suppose sent in his resignation from

Honorable

Honorable Sirs and Sir Thomas Sherman Lieutenant of Freemasons being a Government Brain - they dislike his being their Mandatory Instructor - their other cause of discontent is that those who act as Sergeants and Officers wish to have their Arms returned to them from the Store. Their Requests cannot be complied with on complaints as they did not apply for them seasonable to their joining to disobedience - they have no occasion for them and the Store House is the most safe place to keep them in which are not in use, besides they were taken from them of the Natives to have been sent to Pondicherry - and some other Allegations by Freemasons written - made as an Instrument to Government. —

I can conceive no other cause of the improper Conduct manifested by the Cadets than their minds having been poisoned by false opinions propagated by Letters or otherwise - many were averse to the late Proceedings and I can believe the whole are sensible of their faults. —

Sir, I have the honor to inform you that I have this day received information from Lieut. Boyd of the Pioneers, that Mr. Anderson, a Gentleman who has been for some time past employed in the Survey of the Coast, has been detained by the Collector of Ganjam, and is now under Confinement in the Fort of Ganjam.

I have not yet received any official Report of the circumstances which have led to this Gentleman's Detention, but I am informed that he has been charged with having purchased Cloth from Weavers, who are under Contract to the Company, and with having refused to produce his Accounts, when required to do so by the Collector.

I have written to the Collector, requiring him to report the circumstances which have led to Mr. Anderson's Confinement, and to state the Authority under which he has acted; and I have directed him to release Mr. Anderson, unless he has committed some Offence, which renders his Confinement necessary.

I am informed by Lieut. Boyd, that he has been charged with having refused to produce his Accounts, when required to do so by the Collector.

I have written to the Collector, requiring him to report the circumstances which have led to Mr. Anderson's Confinement, and to state the Authority under which he has acted; and I have directed him to release Mr. Anderson, unless he has committed some Offence, which renders his Confinement necessary. Mr. Lt. Boyd's Services are so valuable, that I am unwilling to detain him from the Collector's Enquiry, any longer than shall seem to me absolutely necessary. I have therefore written to the Collector, requesting to know, if any Gentleman can be sent to relieve Mr. Boyd, and I have directed Mr. Boyd to remain at Ganjam, until I receive the Collector's Answer.

I am informed that Mr. Boyd

On Wednesday Morning last in behalf of the Company that every irregularity which had been allowed so to disgrace the Company on the night of Monday and Morning of Tuesday last should cease, he has been much surprized to find it so far unattended to, that frequent discharges of fire Arms have been continued in the Barracks last night, and in the course of this morning Mr. Cadet Anderson was detected in those irregularities, he is therefore reduced from Acting Ensign of the Senior Class, a situation he appears so undeserving of, and is placed in close and solitary confinement agreeably to the 18th Para Sect.n 2 of the Government Code of Regulations - every Cadet is therefore positively forbid holding any communication with him until further Orders. —

The Commanding Officer regrets much deeply the necessity of adopting such severe measures, but while irregularities exist severity must follow to prevent their continuance. —

In order that the Commanding

Officer

Officer shall immediately enable to discriminate between those few who are so irregular and disobedient, and those who are aware to such enormous and intend to be peaceable and quiet. — the latter to avoid being included in the general crime will state their sentiments individually in writing or otherwise to Major McGregor before the Evening Parade, at which a full attendance is ordered if all whose Health in the opinion of the Doctor will not be materially injured thereby —

Lt. W. Scott having quitted the Barracks when on duty as Officer of the day, and been at a considerable distance on a shooting Excursion, with other Gentlemen, without leave is reduced —

A Bombardier was yesterday reported to the Commanding Officer that the Party had shot a Buffalo the property of some native in the village which with its attendant circumstances altogether improper, has occasioned some Enquiry —

I hope you will excuse the liberty I have taken of accosting you at this Moment I was extremely sorry to find after my return from yesterday's parade that my Boy should have neglected to take the Note to you which I sent to yesterday agreeable to the orders. —

Feeling extremely anxious that I should have an opportunity of developing my sentiments to you before the shameful proceedings recently committed by me at the same time to vindicate my conduct innocency — I do therefore solemnly declare with regard to the diabolical proceedings which have so recently occurred in the Cadet Company — That not the most [illegible] knowledge or connection in any one of them, which never must tend to disgrace the institution of this kind, and gave every one who conducted themselves with [illegible] forbearance

6749 Fort St George 15th Septr 1809

167

Imprudence and decorum just grounds to stigmatize, the Characters of all those who may act in such open violation and contempt of the orders and authority placed over them. It affords me infinite pleasure at the present moment to reflect, that it has always been my most Ardent wishes to acquit myself as a good Soldier which I readily conceive cannot be attained without paying the most implicit obedience and attention to every order that may be issued —

What can have induced individuals to act in such a Shameful and abandoned manner it is impossible for me to conjecture —

I say individuals I sincerely hope the Malignant and Turbulent spirit so lately manifested does not prevail among the majority of the Cadets

After the utmost Lenity and indulgence being shewn by every Officer attached to the Cadet Company it gives me the most poignant grief to see that such conduct ingratitude should be pursued

which

Sir,

Having received a very friendly Chit from Captain Freeman informing you that I had incurred your displeasure I write to inform you that I conceived your advice that you gave on the parade ground not to allude to me, as I did not mention the word afraid in my Chit relative to the musket but now that I am convinced that I have been implicated in that affair, I take this opportunity of wishing my name erased as I always am open to connection and never wish to forfeit the opinion of the Officer Commanding the Cadet Company.

Sir

Having already publickly declared before
you my resolution of steadily adhering to the orders issued
in this Cantonment Some men hastily on being there called
upon a second time to give a further test of my Resolution
this Subject. It is my special desire to acquit myself as a
soldier and in order to attain the summit of my wishes in
this Respect I feel it incumbent upon me to be explicit
in the event of my Daily solicitude and at the same
time to put an explicit Question in all commands given
by my Superior Officers. This Sam fully resolved to do

resolve to dismiss from the Service of the Honorable Company
and send to Europe Majr. Smith Paterson and Antram who
appear from the documents already mentioned to have been
the principal actors in the disgraceful case of riot and
insubordination which occurred at that Station.

Resolved also that the Officers com-

Receipt of Mr. Secretary Pulle's letter of the 18th July, referring for our consideration and report a letter from the Proprietor of the Lunatic Hospital proposing to transfer the property to the Honorable Company for the Sum of Pagodas 32000.—

2d. Mr. Dalton states that by an immediate purchase of the building the Government will, at the expiration of Eleven years, the remaining periods of the Lease, realize a saving of Pagodas 20,448. in House rent and Interest, independently of the right of possession— that Gentleman does not appear however, to have noticed in his Calculation the amount of Interest that would accrue upon a Capital of Pagodas 32000 in the space of Eleven years, the following Statement, shews that, instead of the supposed advantages the Government will have paid for the Lunatic Hospital on the terms of Mr. Dalton's proposition the Sum of Pagodas 12530.—

To the Honorable Sir G. Barlow Bart. &c.

Governor General &c. &c. &c.

Honorable Sir,

6794 Fort St George 30th September 1809

6795 Fort Selenga 4th September 1809 170

we recommend that they may receive the sum of 30000 Pagodas on ac-
count until the regular audit shall have been made. A much larger
sum is now due to them, and we have been induced to recommend
the present payment in order to secure the Contractor from a
considerable loss on account of interest.

On the subject of the Communication from
the Officer Commanding at Verkne Udinsk, referred
to Secretary of Government dated the 25th Ultimo we recommend
that a supply of rice equal to four Months consumption of one
thousand Natives may be immediately stored in that
Garrison. The expence will amount to about Pagodas 360.
and with the permission of your Honor in Council we shall
give orders for the measure being carried into effect.

We have the honor to be Sir
Your most obedient
Humble Servants
