MYSORE CENSUS, 1911.

TABLE XV.—Occupation or Means of Livelihood.

Part A.—General Table.

Note.—The statistics of occupations are comprised in four Tables as follows :—

- (i) XV-A.—General Table of occupations,
- (ii) XV-B.—Subsidiary occupations of agriculturists (actual workers only),
- (iii) XV-C.—Table showing certain mixed occupations followed by actual workers,
- and (iv) XV-E.—Statistics of Industries.

Imperial Table XV-D.—Occupation by religion—which is optional, has not been compiled for the State.

2. XV-A.—General Table.—The occupations have been arranged in 4 classes, 12 sub-classes, 55 orders and 169 groups. The Table is complete within itself and deals with the whole population of the State.

3. XV-B.—Subsidiary occupations of agriculturists (actual workers only). This table is divided into three parts :—

- (i) Rent receivers (landlords),
- (ii) Rent payers (actual cultivators),
- and (iii) Farm servants and field labourers. In each part figures are given separately for some of the most numerous subsidiary occupations followed.

4. XV-C.—Table showing, for certain mixed occupations, the number of persons who returned each as their (a) principal, (b) subsidiary means of livelihood. Four pairs of occupations have been selected for the purpose, viz.,

- (a) Agriculture and Government service,
- (b) Village watchman and agricultural labour,
- (c) Grain dealer and money-lender,
- and (d) Landholder and money-lender. For the purposes of this table, "agriculture" comprises groups 1(a), 1(b), 2(a) and 2(b) of Table XV-A.; "Government Service" comprises all kinds of Government employees other than inferior village servants; "Village Watchman" includes, besides group 143, the two inferior village servants, i.e., Kulvadi and Toti; and "landholder" comprises groups 1(a) and 2(a).

5. XV-E.—Statistics of Industries. These are based upon the information collected—not on the General Census Schedule, but—on a separate Industrial Schedule filled in by the owner or manager of the factory, etc., where more than 20 persons were employed. Part I of the table shows for the Province as a whole the number of persons employed in each kind of industry dealt with; Part II gives for each district the number of persons employed in each industry; and Parts III and IV are intended to throw light on the extent to which different races and castes have taken part in the establishment or management of the various industrial undertakings.

MYSORE CENSUS, 1911.

PROVINCIAL TABLE I.—Area and Population of Taluks.

NOTE.—Adjustments have been made for inter-territorial changes effected subsequent to the Census of 1901, in regard to the taluks marked with an asterisk in Column 1 of the table.

2. The totals of the Bangalore, Kolar and Mysore Districts do not include the totals of the Cities of Bangalore, Kolar Gold Fields and Mysore respectively.

3. In 1901 a distinction was drawn between Imperial Statistics and Provincial Statistics required for local administrative purposes. The unit of the former was the District and that of the latter the Taluk. The Provincial Tables Volume formed in 1901 part of the Imperial Series of Census Volumes. on the present occasion the Government of India have decided that the Provincial Tables Volume will not form part of the Imperial Series, and that it is unnecessary to circulate them outside the limits of the Province. They however consider that it is desirable to include in the Imperial Series of Tables a few of the main Statistics for the Taluk units, such as total population, density, etc., which are of more than local interest. Provincial Tables I and II have therefore been printed here.
