2. The circumstances leading to the substitution of revised figures are briefly as follows:—

At the time of sorting the enumeration slips in 1951, the sorters were given a list of the 77 Scheduled Castes shown in Roman type in the list in paragraph (ii) below. No instructions were given to the sorters as to how the slips were to be treated in the case of persons who returned themselves by a generic Scheduled Caste name such as Harijan or Depressed Class or Adivasi or by a recognised synonym such as Pulacheruman, Eralan, Kudan, Rolan, Alen, Paramban (for Cheruman), with the result that sorters in Tabulation Offices classified the communities according to their own interpretation. Consequently, a number of Scheduled Caste members who had returned themselves by generic names or by synonymous names were left out of the Scheduled Castes count. This situation came to the notice of the Government of India, who decided after careful consideration that persons who had returned themselves by generic or synonymous Scheduled Caste names should be counted as Scheduled Castes and that the Census Tables already published should be revised, where necessary, to show the correct position. In order to arrive at the correct figures of Scheduled Castes population a fresh sorting of the 1951 Census slips was accordingly organised in Madras.

(ii) Before commencing the sorting a list of synonymous names, (i.e.) names synonymous with those of the communities published in the 'Constitution (Scheduled Castes) Order, 1950' was prepared in consultation with the Collectors of districts and sent to the State Governments

of Madras and Andhra for acceptance. The list as finally accepted by the State Governments was got approved by the Government of India. Castes printed in Roman characters in the list below have been declared to be scheduled Castes in the composite Madras State (as it existed before the formation of the Andhra State) by the Constitution (Scheduled Castes) Order, 1950' issued by the President under Article 341 (1) of the Constitution of India. The names in *italics* represent the synonyms of the names printed above them in Roman characters. The approved generic names adopted are the three names, Harijan, Depressed Class and Adivasi shown under Generic names, in the list below:—

- | | |
|---|--|
| 1 Adi-Andhra. | 36 Koosa. |
| 2 Adi-Dravida. | 37 Koraga— <i>Kapada Koraga, Soppu Koraga, Vastra Koraga, Tippi Koraga, Vanti Koraga</i> |
| 3 Adi-Karnataka. | 38 Kudubi— <i>Kariya</i> . |
| 4 Ajila. | 39 Kudumban. |
| 5 Arunthathiyar. | 40 Kuravan— <i>Koodaikatti Nakkiar, Kooda-katti Nattar, Narikuravan, Jogi, Yavanar, Kadukutti, Valliammaikuttam, Kakkalan, Veduvar</i> . |
| 6 Baira. | 41 Kurichchan— <i>Kurikke</i> . |
| 7 Bakuda. | 42 Madari— <i>Pamula</i> . |
| 8 Bandi. | 43 Madiga— <i>Jambava, Sindhuvalu, Dakkali, Gosangi, Mastiga, Puravabatta, Chakara, Chundi, Pavini, Vayani, Mayikkan, Matanga</i> . |
| 9 Bariki. | 44 Maila. |

| 73 Thoti— <i>Odiya Thoti, Joyi, Joyar</i> . | |

GENERIC NAMES.

Harijan.

Depressed Class.

Adivasi.

(iii) Separate population figures have been ascertained for the following individual castes, the names of which are likely to be considered for inclusion in or exclusion from the existing list of Scheduled Castes:—

ANDHRA STATE :

2 Valmiki (Agency areas).

MADRAS STATE :

- 1 Pombala.
- 1 Perumkollan.
2 Vathiryan.
3 Vedan.
4 Araya.

- 5 Valan.
6 Mukkuvan.
7 Koliyan (recommended by Madras Government.)
8 Kurichchan.

The population figures of the communities, Valmiki and Kurichchan have been included in the re-sort of Scheduled Castes population figures as they already find a place in the 'Constitution (Scheduled Castes) Order, 1950' while those relating to the other communities have not been included.

Separate figures for the above communities are given in the Table below:—

MADRAS,

Dated the 8th December 1955.

J. I. ARPUTHANATHAN,
Superintendent of Census Operations, Madras.

P R E F A C E

The Government used to compile and publish District Manuals for each district prior to 1905. The manuals became obsolete within a few years of their publication, containing as they did not only matter of a more or less permanent character such as physical characteristics, history, religion and ethnography, as also statistical matters which soon became out of date. The Government decided to replace the District Manuals by another publication known as the District Gazetteer, consisting of two volumes, A and B. The A volume contained descriptive matter and such general figures, as might be necessary to explain the text, and the B volume contained detailed statistics. They also decided that the B volume should be brought out periodically, especially after each decennial census. Between 1905 and 1927 A volumes for thirteen districts were published. In 1927 they were discontinued. B volumes for all the districts were published between 1906 and 1915. They were continued to be published even after the 1931 census. They were not published after the 1941 census.

Village Statistics, containing the results of the census for every village in the State, were first compiled and published in 1872, at the instance of Mr. C. E. Gover, who was then the Census Officer in Madras. His successor, in 1882, considered that this publication led to needless expenditure and trouble in printing the tables village-wise, but the Government decided that the Village Statistics should continue to be published. The practice of issuing Village Statistics at every census was followed subsequently. The Village Statistics merely showed the number of occupied houses and population of each village and town by religions.

The idea of preparing the present volume, viz., the District Census Handbook for each district was put forward by Sri R. A. Gopalaswami, I.C.S., Registrar-General, India, and ex-officio Census Commissioner of India, as part of a plan intended to secure an effective method of preserving the census records prepared for areas below the district level. He proposed that all the district census tables and census abstracts prepared during the process of sorting and compilation should be bound together in a single manuscript volume, called the District Census Handbook, and suggested to the State Governments that the handbook (with or without the addition of other useful information relating to the district) should be printed and published, at their own cost, in the same manner as the Village Statistics in the past. In accepting this suggestion, the Government of Madras decided to print and publish the more important portion of statistical data relating to the district and to preserve the rest of the records in a manuscript volume for any future use, to which they may be put.

2. The statistical data embodied in the District Census Handbook have to be understood from the background of the changes introduced in the 1951 census. The most important and fundamental change introduced in the 1951 census consists in the substitution of an economic classification of the people for the classification based on Religion and Communities

adopted in the past. The people were divided into two broad livelihood categories, the Agricultural and the Non-Agricultural. Four agricultural classes and four non-agricultural classes were prescribed as shown below :—

Agricultural Classes—

- I. Cultivators of land, wholly or mainly owned, and their dependants.
- II. Cultivators of land, wholly or mainly unowned, and their dependants.
- III. Cultivating labourers and their dependants.
- IV. Non-cultivating owners of land, agricultural rent receivers and their dependants.

Non-Agricultural Classes—

Persons (including their dependants) who derive their principal means of livelihood from—

- V. Production other than cultivation,
- VI. Commerce,
- VII. Transport, and
- VIII. Other services and miscellaneous sources.

Each of the above eight livelihood classes were divided into three sub-classes with reference to their economic status as below :—

- (i) Self-supporting persons,
- (ii) Non-earning dependants, and
- (iii) Earning dependants.

These livelihood sub-classes have been defined in detail in the fly-leaf notes attached to Economic Table B-I included in this Handbook.

All non-earning dependants are economically passive, all earning dependants are economically semi-active. All self-supporting persons are ordinarily economically active, but the classes and groups specified below constitute an exception to this rule :—

- (1) Self-supporting persons of Agricultural Class IV,
- (2) Self-supporting persons of Livelihood Class VIII, who derive their principal means of livelihood from any source other than through economic activity, viz.—
 - (a) Non-working owners of non-agricultural property,
 - (b) Pensioners and remittance holders ;
 - (c) Persons living on charity and other persons with unproductive occupations ;
 and
 - (d) Inmates of penal institutions and asylums.

Economically active persons engaged in cultivation are either cultivators or cultivating labourers. Economic Table B-I gives particulars of the population classified according to the eight livelihood classes and the three sub-classes mentioned above.

Economically active persons engaged in industries and services have been classified with reference to the nature of the commodity produced or service performed. They are further divided into three sections, viz., Employers, Employees and Independent Workers.

Economic Table B-III gives particulars of the economically active persons classified under the divisions and subdivisions of industries and services of the Indian Census Economic Classification Scheme.

Table C-I, included in this Handbook covers the population of sample households and Tables C-II and C-IV cover a ten per cent sample population. The method adopted for extracting these samples has been described in detail in the fly-leaf notes attached to the relevant tables.

3. *Scheme of the Census Handbook.*—The Handbook has been divided into two parts ; Part I consists of three sections, namely, Section (i) containing the General Population Tables (A series), the Economic Tables (B series), Summary figures for Taluks (Table E), Tables I, II and III relating to Small-scale Industrial Establishments and Table L showing the Incidence of Leprosy, Section (ii) containing the Rural Statistics and Section (iii) containing the Urban Statistics, and Part II containing the Household (size) Table C-I and Tables showing Livelihood Classes and literacy by Age-groups (C-II and C-IV), the Social and Cultural Tables (D series) and an abstract of non-agricultural occupations in the district. Among the tables included in the Handbook, Table A-IV—Towns classified by population with variations since 1901, Economic Table B-II—Secondary means of livelihood under each livelihood class and Table C-II—Livelihood classes by age-groups furnish information at the district level. The other population tables in the A series, the summary figures for taluks (Table E) and the infirmity Table L showing the incidence of leprosy furnish information for each taluk in the district with a district total. The rural statistics in Part I—Section (ii) furnish basic information in respect of every village and town arranged according to census tracts. In addition to the total population of the villages, and its distribution among the eight livelihood classes, information regarding the number of literates, the cultivated area, the number of small-scale industrial establishments under categories, textile and non-textile and the number of leprosy cases and doubtful cases has been included.

The urban statistics in Part I, Section (iii) furnish similar information except that relating to cultivated area in respect of every unit classified as city or census town in the district with ward-wise data. All other tables included in the Handbook provide information for units called census tracts with totals for the district.

4. *Census Tracts.*—A distinctive feature of the census statistics is its rural urban break-up designed with a view to compare the conditions and characteristics of the rural and urban population. The rural areas of each district were therefore kept distinct from the urban areas. For facilitating tabulation these areas were divided into a number of rural and urban tracts. As far as possible, the rural area in each taluk was constituted into a single rural tract. In a few cases however where the taluks were small in size with reference to their population, the rural areas of more than one taluk were taken together as a single rural tract. The urban tracts have been formed out of areas declared as cities and census towns in each district. Every city was treated as a separate tract. Towns other than cities were grouped together to form non-city urban tracts. Wherever possible, the towns in each taluk were constituted into a single non-city urban tract. In cases where the towns in a taluk had a population of less than 50,000 the towns in more than one taluk were grouped together to form a non-city urban tract. All the rural tracts in the State have been assigned

numbers in one series, the non-city urban tracts in another series and the city tracts in a third series. In all the tables where the data have been furnished for tracts, the tracts have been denoted by numbers that have been assigned to them. A list of tracts into which the district has been divided and the areas comprised in each is furnished in the fly-leaf note to economic Table B-I relating to the district.

The districts, taluks and villages mentioned in the Tables and Abstracts have been shown along with the census location code numbers assigned to them for purposes of census operations.

The numbers given to the Tables in this publication correspond to those given in the State Census Report.

Elaborate notes explaining the scheme of each Table have been introduced in the fly-leaf attached to each with a view to enable the reader to get a precise idea of the data furnished in the Table.

5. *Tables relating to Small-scale Industries.*—In the year 1950 a census of Small-scale Industries was instituted under the orders of the Government. The object was to get some idea about small industries, such as, cottage and home industries, small establishments, workshops, etc., where articles were produced, repaired or otherwise treated for sale, use or disposal and small mines. The enquiry was confined to establishments to which the Factories Act was not applicable. Individuals who worked on their own and did not employ other people were left out of account. From the data collected three Tables were prepared and they have been included in the Handbook. Information giving village-wise and ward-wise information for Small-scale Industries have been incorporated in the rural and urban statistics. The details collected and embodied in the Tables are not to be considered accurate or exhaustive, as the enumeration staff employed had not been trained for the purpose and some cases of under-enumeration were noticed. However, the figures given in the Tables may be sufficient to give an insight into the nature of the industries prevalent in the different parts of the district.

6. Opportunity has been taken to put in a short introductory note detailing the salient points connected with the district, such as the physical features, climate, rainfall, irrigation and drainage facilities, roads and other communications, crop statistics, education, industries and other matters of general interest. The information contained in the introductory note is based on the materials furnished by Collectors of districts and Departments of Government. The District Gazetteer was also freely referred to. The relevant paragraph of the 1951 Census Report discussing the growth of population in the district has also been incorporated in the proper place.

A district map showing taluk boundaries, physical features, important roads and places with a population exceeding 5,000 is also attached.

It is hoped that this Handbook will serve as a book of reference on matters relating to the district and that it will be found useful both by Departments of Government and the public.

J. I. ARPUTHANATHAN,
Superintendent of Census Operations, Madras.

INTRODUCTION
TO
WEST GODAVARI DISTRICT

I. (a) *Situation and physical characteristics.*—The West Godavari district lies between 16°15' and 17°30' of the northern latitude and 80°50' and 81°55' of the eastern longitude. The district was formed in 1925 from out of the old Krishna district. The Agency taluk of Polavaram was transferred to this district from East Godavari in 1942. The western delta of the river Godavari lies in this district which has been appropriately named 'West Godavari.' The Bay of Bengal and the Krishna district are on the southern boundary. The Krishna district covers the district on the west and the Hyderabad State on the north. The district consists of eight taluks comprised in four Revenue Divisions as detailed below :—

Name of Revenue Division.	Headquarters of Revenue Division.	Taluks comprised in Revenue Division.	Area of taluk. sq. miles.	Headquarters of the taluk.
Eluru	Eluru	Eluru	510	Eluru.
		Chintalapudi.	418	Chintalapudi.
Kovvur	Kovvur	Kovvur	391	Kovvur.
		Polavaram	551	Polavaram.
Bhimavaram.	Bhimavaram.	Bhimavaram.	292	Bhimavaram.
		Tadepalli-gudem.	360	Tadepalli-gudem.
Narasapur	Narasapur.	Narasapur.	279	Narasapur.
		Tanuku	214	Tanuku.
Total			3,015	

The district may be divided into three natural divisions, viz., (1) the hilly taluk of Polavaram traversed by the Eastern Ghats and inhabited mostly by hill tribes, (2) the upland areas consisting of the Chintalapudi taluk, the northern portions of Eluru, Tadepalligudem and Kovvur taluks and (3) the delta area irrigated by the Godavari river channels and the Krishna channels.

There are uncultivable swamps and some forests near the coast in the south of Narasapur taluk.

The Kollair lake in the south of Eluru taluk is an extensive shallow depression created by a gradual rise in the level of the country on either side by alluvial deposits from the two big rivers, the Godavari and the Krishna. The lake receives a very large volume of the drainage waters of the surrounding deltaic country. It has got an outlet to the sea by means of the Upputeru river. But this is inadequate for carrying away the entire inflow into the lake. The result is that the lands on the margin of the lake suffer submersion for long periods.

The uplands are undulating plains with rocks particularly in Chintalapudi taluk.

The delta presents a vast and unbroken expanse of rice cultivation relieved by home-steads, topes, gardens, roads and waterways.

(b) *Rivers.*—The river Godavari flanks the entire eastern boundary of the district right from the north-eastern corner of the Polavaram taluk to the south-eastern corner of the Narasapur taluk.

The Tammileru river flowing along the western boundary of Chintalapudi and Eluru taluks, the Yerra Kalva river flowing in the northern portion of Chintalapudi taluk and along the western boundary of Kovvur taluk, the Byneru river, the Kovvada channel and the Jalleru river in Polavaram taluk, the Rallamadugu in Kovvur taluk, the Gunderu in Eluru taluk are all minor rivers feeding irrigation tanks in the upland areas.

(c) *Forests.*—The forests cover an extent of 384·30 square miles consisting of 178·7 square miles of reserved forest, 98·5 square miles of estate forests taken over and 107·1 square miles of estate forests not taken over. Their taluk-wise distribution is furnished below :—

Name of taluk.	Reserved forest. sq. miles.	Estate forests taken over. sq. miles.	Estate forests not taken over. sq. miles.	Total. sq. miles.
Polavaram	104·20	70·1	105·6	279·90
Chintalapudi	39·60	6·6	..	46·20
Kovvur	..	0·20	..	0·20
Eluru	5·20	21·60	..	26·80
Tadepalligudem	13·10	..	..	13·10
Bhimavaram	14·60	..	1·5	16·10
Narasapur	2·00	..	..	2·00
Total	178·70	98·5	107·1	384·30

The reserved forests in Polavaram taluk contain bamboos, fuel and timber trees. The estate forests in Chintalapudi, Kovvur and Eluru taluks consist of scrub jungle. The reserved forest and the estate forest not taken over in Bhimavaram taluk are mangroves.

(d) *Climate and rainfall.*—The particulars of the average annual rainfall and the average number of

rainy days in a year for the taluks of the district are given below :—

Name of taluk.	Average annual rainfall.	Average number of rainy days.
	INCHES.	
Polavaram	44.46	59.0
Chintalapudi	40.62	53.3
Kovvur	39.42	55.7
Eluru	38.91	51.4
Tadepalligudem	38.72	51.9
Bhimavaram	38.22	51.6
Tanuku	41.55	54.3
Narasapur	43.36	54.9

Most of the rainfall is had during the south-west monsoon from June to September and a little rainfall during the north-east monsoon in October and November.

The climate is generally healthy throughout the district. The hilly areas of Polavaram taluk are a little colder than the plains in the months of December and January.

(e) *Soils*.—There are three classes of soils in the district, viz., alluvial, black regar and red ferruginous. There is also a small belt of arenaceous soil fringing the coast. The taluk-wise distribution of soils in *thousands of acres* is given below :—

Name of taluk.	Extent in thousands of acres.			
	Alluvial.	Black regar.	Red ferruginous.	Arenaceous.
Polavaram	..	0.2	92.6	..
Chintalapudi—	..	..	..	..
Wet	..	2.6	8.3	..
Dry	..	4.7	75.7	..
Kovvur—	..	..	..	..
Wet	0.1	3.0	1.9	..
Dry	20.8	16.1	38.1	..
Eluru—	..	..	..	..
Wet	8.3	46.4	5.6	..
Dry	0.5	34.0	22.1	..
Tadepalligudem—	..	..	..	..
Wet	25.7	11.6	4.0	..
Dry	7.5	10.2	47.4	..
Bhimavaram—	..	..	..	..
Wet	41.9	48.1	..	..
Dry	7.0	17.5	..	0.5
Tanuku—	..	..	..	..
Wet	36.5	..	..	..
Dry	35.9	..	..	..
Narasapur—	..	..	..	..
Wet	43.0	22.0	..	2.1
Dry	22.5	6.7	..	23.0

The district is a fertile one and the alluvial soil, the best of all soils, is the most extensive and occurs in all taluks except Chintalapudi and Polavaram.

(f) *Irrigation and drainage facilities and liability to famine*.—Irrigation is carried on mainly from the delta canals of the Godavari and Krishna rivers. In the uplands the irrigation sources consist mostly of rainfed tanks and a few tanks fed by natural streams.

Sometimes direct irrigation by baling from the streams is also resorted to by the ryots. There are private wells in the uplands for irrigating garden crops. Temporary doruvu wells irrigate dry crops in the sea-side villages. The question of providing additional irrigation facilities in the upland taluks of Kovvur, Tadepalligudem, Eluru and Chintalapudi is under investigation. The irrigation and drainage facilities in each taluk are dealt with below :—

Polavaram taluk.—The Byneru, a hill stream, and many rainfed tanks form the irrigation sources. Tobacco, chillies and other garden crops are cultivated with the aid of well water. The taluk is generally free from famine.

Chintalapudi taluk.—There are several rainfed tanks in the taluk. The rivers Tammileru, Yerra Kalva and Jalleru are perennial streams, but there is no facility to use their waters for irrigation as they flow down in deep valleys. The Government have sanctioned a proposal for constructing a dam across the Tammileru at an estimated cost of Rs. 1,50,000. Well water is used for cultivating tobacco.

Kovvur taluk.—The Godavari system irrigates a small extent in this taluk. The rivers Yerra Kalva and Rallamadugu are used for irrigation to some extent. There are some minor irrigation tanks and private wells. The taluk is not ordinarily liable to famine.

Eluru taluk.—A large extent is irrigated by Krishna and Godavari canal water, but the taluk is situated at the tail end of both systems and sometimes faces shortage of supply. The rivers Tammileru and Gunderu feed some tanks which are used for irrigation. There are also other irrigation tanks depending upon rain. Crops are raised by pumping water with engines from the Kollair lake. There are also private wells irrigating garden crops. The taluk is free from famine.

Tadepalligudem taluk.—The upland areas of the taluk depend on rainfed tanks for irrigation. The delta portion is irrigated by the Godavari canals. There are also wells irrigating dry and garden crops. The taluk as a whole is not deficit in foodgrains.

Bhimavaram taluk.—This is a Godavari delta area irrigated by the Godavari canals. Parts of the taluk are liable to submersion. The Yenamadurru drain and the Upputeru are the main drainage canals. The former was repaired recently and drainage facilities have been improved to a considerable extent. The taluk is free from famine.

Tanuku taluk.—The taluk is irrigated by the Godavari canals and their branches. The chief canals are the Narasapur canal, the Gostanadi-Velpur canal, the Attili canal and the Bank canal. The Yenamadurru drain is the main drainage canal. The islands in the Godavari called 'lankas' attached to this taluk are liable to submersion during floods in the river.

The Government have sanctioned the Kanur Lanka scheme at a cost of Rs. 10,95,100 to provide irrigation facilities for an extent of 3,334 acres. The scheme is under execution. The taluk is free from famine.

Narasapur taluk.—Irrigation is done mainly from the Godavari Canals. Temporary wells are dug for watering dry crops. The 'Lanka' lands in the taluk are liable to submersion during freshes in the Godavari. The taluk is free from famine.

The number of minor irrigation works and their ayacut in each taluk and the area served by major works are given below :—

Name of taluk.	Number of minor irrigation sources.	Total ayacut.	Area served by major irrigation sources
		ACS.	ACS.
Polavaram	152	5,672.17	30,077
Chintalapudi	357	12,908.82	..
Kovvur	120	4,218.72	3,750
Eluru	260	12,702.72	109,658
Tadepalligudem	87	3,397.26	125,644
Bhimavaram	..	..	198,700
Tanuku	..	..	147,453
Narasapur	..	..	130,601
Total	976	38,899.69	745,883

(g) *Area cultivated with food and commercial crops*.—There are several plantations of Batavian oranges, chiefly in Chintalapudi taluk and in Palacole town in Narsapur taluk. Coconut palms are found in abundance in the delta areas, particularly in Narasapur and Tanuku taluks.

Paddy is the chief food crop cultivated in the district. Choram, Cumbu, Ragi, Korra, Varagu, Samai and Maize are also cultivated on a small scale. Chillies, Sugarcane, Groundnut, Gingelly and Tobacco are the commercial crops of the district.

A statement showing the particulars of the area cultivated with food crops, pulses and commercial crops for the various taluks of the district in 1948-49 which was the last normal year for the district is furnished in *Annexure I*.

(h) *Communications*—(i) *Roads*.—Roads from the district lead to Vijayawada and Gudivada in Krishna district. There are 1,172 miles of roads in the district, consisting of 40 miles of National Highways, 47 miles of Provincial Highways, 515 miles of Major District roads, 110 miles of other District roads, 348 miles of Village roads, 17 miles of Public Works Department roads and 95 miles of Municipal roads. The Godavari and Krishna Canals also serve as waterways for transport of passengers and goods to interior places.

The talukwise distribution of roads other than Municipal and Public Works Department roads is given below :—

Name of taluk.	National Highways (miles).	Provincial Highways.	Major District Roads (miles).	Other District Roads (miles).	Village Roads (miles).	Total (miles).
Polavaram	..	15	18	..	..	33
Chintalapudi	..	..	59	9	34	102
Kovvur	..	..	103	..	41	144
Eluru	20	32	82	25	51	210
Tadepalligudem	7	..	69	14	54	144
Bhimavaram	..	..	58	11	73	142
Tanuku	13	..	62	41	61	177
Narasapur	..	..	64	10	34	108
Total	40	47	515	110	348	1,060

The roads in all the taluks except Kovvur are maintained in a satisfactory state. Communications to rural parts in the taluks of Chintalapudi, Kovvur and Eluru are inadequate.

(ii) *Railways*.—The district has 107½ miles of broad-gauge and 13½ miles of metre-gauge railway. The broad-gauge line from Madras to Calcutta passes through Eluru, Tadepalligudem and Kovvur taluks. A broad-gauge branch line from Nidadavole in Kovvur taluk connects Narasapur traversing the taluks of Tanuku, Bhimavaram and Narasapur. A metre-gauge branch line runs from Bhimavaram to Gudivada in Krishna district and thence to Vijayawada in the same district. All the taluks except Polavaram and Chintalapudi are connected by railway. The district headquarters of Eluru and all the taluk headquarters except Chintalapudi and Polavaram are rail heads.

(iii) *Posts and Telegraphs*.—There is a head Post and Telegraph office at Eluru. There are 17 Post and Telegraph sub-offices, 19 non-combined sub-post offices and 288 branch post offices in the district. Their taluk-wise distribution is given below :—

Name of taluk.	Branch P.O.	Non-combined Sub P.O.	Post and Telegraph Sub-Office.
Polavaram	11	..	2
Chintalapudi	15	..	1
Kovvur	42	2	2
Eluru	31	8	2
Tadepalligudem	42	1	2
Bhimavaram	44	4	2
Tanuku	49	3	3
Narasapur	54	1	3
Total	288	19	17

II. (a) (i) *Growth of population.*—The particulars of population for the district and taluks in 1941 and 1951 and the percentage of variation are furnished below :—

District and taluks.	Population.		Percentage of variation.
	1941.	1951.	
West Godavari district ..	1,465,111	1,697,727	15.9
Agency—			
Polavaram	85,023	97,245	14.4
Plains—			
Chintalapudi	85,741	100,187	16.8
Kovvur	179,803	214,522	19.3
Eluru	214,912	260,599	21.3
Tadepalligudem ..	190,382	217,123	14.0
Bhimavaram	202,363	236,092	16.7
Tanuku	247,609	278,186	12.3
Narasapur	259,278	293,773	13.3

“The Agency area has shown an increase of 14.4 per cent, while, in the plains, the upland area has shown an increase of 18.5 per cent and the delta an increase of 15.4 per cent. The district as a whole has shown an increase of 15.9 per cent. The taluk increases range from 12.3 per cent in Tanuku to 21.3 per cent in Eluru taluk. Polavaram is the only Agency taluk in the district, but except in the north-east portion of the taluk beyond Polavaram town and to the east of a line drawn from Kannapuram to Jeelugumilli, the area is hardly different from the adjoining plains area. In the uplands generally, there has been a large extension of tobacco cultivation which has attracted emigrants from other taluks. There has been considerable cultivation of dry and garden crops also in the uplands by immigrants from the deltaic areas. In Chintalapudi taluk, the immigrants have been attracted by large blocks of waste lands which are being cultivated with commercial and garden crops. Large numbers of immigrants from other taluks in this district and even from other districts have settled down at Kovvur and Nidadavole which have grown in importance on account of their convenient situation on the Railway (the former is just across the Godavari river from Rajahmundry and the latter is a Railway Junction) and the tobacco trade. Eluru is a large municipality and is also the district headquarters. Both at Eluru and Bhimavaram, educational facilities have been expanded—there are now Colleges in both these towns—and this has attracted a large number of immigrants into these towns. The large increase in population in these taluks, 21.3 per cent and 16.7 per cent, respectively, is largely due to this increase in the urban population. Tanuku and Narasapur taluks have shown only a small increase, viz., 12.3 per cent and 13.3 per cent, respectively, as one would expect to find in a congested deltaic area where every available inch of space has been taken up for cultivation. In fact, the increase in rural population in these taluks is small, viz., 8.6 per cent and 6.2 per cent, respectively, and the larger increase has been in the urban population.”

(Extracted from the Census Report Part I.)

(ii) *Vital Statistics.*—The particulars of births and deaths and deaths due to various causes in the district for the decennium 1941–50 are furnished in *Annexure II.*

The average birth and death rates for the decade were 33.5 and 22.7 per mille as against 31.7 and 21.2 respectively, for the State. Although the average rates are higher than that for the State, the annual birth and death rates decreased towards the latter part of the decade. Fevers were responsible for about 30 per cent of the total deaths, the average mortality rate being 6.7 per mille. The average death rate of 2.2 from respiratory diseases was slightly in excess of the rate of 1.9 for the State. The death rates from smallpox and dysentery and diarrhoea were about the normal for the State. The district was subject to a severe epidemic of cholera in 1943 causing an annual death of 1,241 with a rate of 0.87. The district was practically free from plague during the decade. The maternal mortality rates varied little from the average rate of 9.0 per 1,000 births.

(b) *Medical relief.*—A list of medical institutions in the various taluks of the district is given below :—

Polavaram taluk—

Taluk Headquarters Hospital, Polavaram (4 beds).
Government Dispensaries at Jangareddigudem and Jeelugumilli.
Rural Dispensary at Kannapuram.
Mission Hospital at Koyyalagudem.
Ayurvedic Dispensary at Hukumpeta.

Chintalapudi taluk—

Local Fund Dispensary at Chintalapudi with emergency beds.

Kovvur taluk—

Taluk Headquarters Dispensary at Kovvur (4 emergency beds).
Local Fund Hospital at Nidadavole.

Eluru taluk—

Headquarters Hospital at Eluru (95 beds).
Rural Dispensaries at Peddapadu and Gundugolanu.

Tadepalligudem taluk—

Local Fund Hospital at Tadepalligudem.
Rural Dispensaries at Ganapavaram and Chebrole.

Bhimavaram taluk—

Taluk Headquarters Hospital at Bhimavaram (11 beds).
Mission Hospitals at Bhimavaram and Akividu.
Rural Dispensaries at Undi, Konethivada and Zakkaram.

Tanuku taluk—

Taluk Headquarters Hospital at Tanuku (30 beds).
Leprosy Clinic at Tanuku.
Rural Dispensaries at Khandavalli, Penumantra, Penugonda and Duvva.
District Board Dispensary at Attili.

Narasapur taluk—

Government Hospital at Narasapur (30 beds).
District Board Dispensary at Achanta.
Mission Hospital at Narasapur (160 beds).
Rural Dispensaries at Matchapuri, Jinnur, Doddipatla and Elamanchili.
Unani Dispensary at Narasapur.

* There are X-Ray and Ophthalmic departments at Headquarters Hospital, Eluru. The Hospital also serves as a teaching institution for training maternity assistants.

(c) *Water-supply and drainage facilities.*—There is protected water-supply by taps in Eluru. There is also protected water-supply in Palacole Town in Narasapur taluk. Elsewhere protected water-supply is had from wells constructed under the rural water-supply scheme. There are no regular drainage arrangements anywhere. The particulars of the number of Government drinking water wells constructed and well works in progress in each taluk are furnished below :—

Name of taluk.	Number of drinking water wells constructed.	Number of well-works in progress.
Polavaram	70	..
Chintalapudi	86	..
Kovvur	79	..
Eluru	42	60
Tadepalligudem ..	65	23
Bhimavaram	..	..
Tanuku	..	..
Narasapur	..	..

These are delta areas where there are canals for supply of drinking water. The sub-soil water is blackish and is unfit for drinking purposes.

(d) *Sanitation and Public Health.*—The particulars of Public Health and Sanitation arrangements made in each taluk are detailed below :—

Polavaram taluk (Agency area).—The Public Health Act is not in force in the taluk. An anti-malarial scheme is worked there. There are three Maternity and Child-Welfare Centres in the taluk, one at Gutala, one at Rajampalem and the third at Jangareddigudem.

Chintalapudi taluk.—There is one Maternity and Child-Welfare Centre at Dharmajigudem.

Kovvur taluk.—The biological method of control of guinea worm infection is in progress in this taluk. There are two Maternity and Child-Welfare Centres, one at Kovvur and the other at Nidadavole. The major panchayats of Kovvur and Nidadavole maintain a conservancy staff. A compost scheme is also working in the two panchayats.

Eluru taluk.—There are three Maternity and Child-Welfare Centres, one at Kaikaram, another at Pothunur and the third at Vasantavada. A Health Centre with a Health Inspector, two maternity assistants, three ayahs, five maistris, twenty sweepers and twenty scavengers has been started under the Rural Welfare Scheme at Dendulur to intensify public health activities in twelve villages in and around that place. Septic tank latrines are being popularised in major panchayat areas and also in some villages.

Tadepalligudem taluk.—There are two Maternity and Child-Welfare Centres in the taluk, one at Tadepalligudem and the other at Chebrole. A special Sanitary Inspector is in charge of anti-malarial measures. The major panchayats are being persuaded

to construct septic tank latrines. One hundred and fifty bore-hole type latrines were constructed in 1950. Anti-filarial measures are in progress in Tadepalligudem Panchayat area.

Bhimavaram taluk.—The construction of septic tank latrines and preparation of compost are being introduced gradually. Compost is prepared in Bhimavaram Municipality. Anti-filarial and anti-malarial measures are also in progress in Bhimavaram Municipality. There are Maternity and Child-Welfare Centres at Bhimavaram, Veeravasaram, Akividu and Palakoderu.

Tanuku taluk.—Public and private septic tank latrines have been constructed in many places. Compost manure is prepared in Tanuku and Penugonda Panchayat areas. Anti-filarial measures are in progress in Tanuku, Penugonda and Maruteru Panchayat areas. There are three Maternity and Child Welfare Centres, one at Tanuku, another at Maruteru and the third at Relangi.

Narasapur taluk.—Public septic tank latrines have been constructed in Palacole, Narasapur, Kodamanchili and Penumadam. Septic tank latrines are becoming popular. A compost scheme is in progress in Palacole Municipality and in the Narasapur panchayat area. Anti-filarial measures are in progress in Palacole Municipality and Narasapur and Achanta Panchayat areas. There are three Maternity and Child-Welfare Centres located at Palacole, Narasapur and Mogalturu.

(e) *Fairs and Festivals.*—Particulars of fairs and festivals held in each taluk of the district are furnished below :—

Name of the fair or festival.	Name of the village.	Period of the year at which it is held.
<i>Polavaram taluk—</i>		
Fairs—Weekly shandy at Jangareddigudem on every Thursday.		
<i>Festivals—</i>		
1 Mahasivarathri..	Pattisam ..	Last week of February.
2 Do. ..	Taduvoyi ..	Do.
<i>Chintalapudi Taluk—</i>		
The “Perantalu Thiranal” is the only important festival of the taluk held in April at Lingapalam village which is attended by many people from the neighbouring taluks.		
<i>Kovvur taluk—</i>		
Fairs—Nil.		
<i>Eluru taluk—</i>		
Fairs—Nil.		
<i>Festivals—</i>		
1 Subbarayudu Sasthi.	Kaikaram ..	First week of December every year.
2 Kalyana Mahotsavam of Sri Venkateswara-swami.	Dwaraka-Tirumala.	In the months of May and September every year.
3 Sri Janardanaswami Theertham.	Eluru ..	In the month of March.
4 Santhana Gopala-swami Theertham.	Do. ..	In the month of February.
5 Jalapatreswara-swami Theertham.	Do. ..	October every year.
6 Sayed Baji Urs ..	Do. ..	April every year.

Narasapur is a minor port.

3. WEST GODAVARI DISTRICT.

PART I.

Section (i).

A—GENERAL POPULATION TABLES.

A-I—Area, Houses and Population.

This table shows for the rural and urban areas of each taluk and for the district, the area, the number of inhabited villages and towns, occupied houses and the total population with distribution by sex.

2. The district area shown in column (2) of this table is that supplied by the Surveyor-General of India. Area figures furnished by the Central Survey Office, Madras, have been adopted for the taluks. The total area of the taluks as furnished by the Central Survey Office, Madras, shown within brackets in column (2) differs from the area of the district furnished by the Surveyor-General.

3. "Village" is the revenue administrative unit within defined boundaries. This table gives particulars in respect

of all villages containing one or more groups of habitations. Villages with no habitations are not included in this table.

4. "Town" is a place of usually not less than 5,000 inhabitants, possessing distinct urban characteristics. Cantonments have been treated as forming part of the towns in which they are situated.

5. "House"—Every dwelling with a separate main entrance has been treated as a house for census purposes.

6. Thirty-seven villages with a population of 50,905 (25,876 males and 25,229 females) which formed part of West Godavari plains are included in West Godavari agency.

3. WEST GODAVARI DISTRICT.

A-II—Variation in Population during fifty years.

This table compares the population, of the district and The adjusted figures show the population of taluks and of each taluk in the district as ascertained at the Census of the district as constituted at present. 1951 with the corresponding figures of the five previous censuses. The figures recorded at the previous Censuses have been adjusted for subsequent territorial changes, if any, in order to afford a correct basis for comparison. 2. During the decade 1941—51 the Agency taluk of Polavaram was transferred from East Godavari district to this district.

A-III—Towns and Villages classified by Population.

This table shows the total number of inhabited towns and villages in each taluk of the district distributed on population basis under three main heads with sub-heads under each as follows:—

- (1) Towns and villages with less than 2,000 population—
 (a) population with less than 500.
 (b) population between 500 and 1,000.
 (c) population between 1,000 and 2,000.

- (2) Towns and villages with population of 2,000 to 10,000—

- (a) with population of 2,000 to 5,000.
 (b) with population of 5,000 to 10,000.

- (3) Towns and villages with population of 10,000 and above—

- (a) with population of 10,000 to 20,000.
 (b) with population of 20,000 to 50,000.
 (c) with population of 50,000 to 100,000.
 (d) with population of 100,000 and above.

II. For definition of a "Town" and "Village" see fly-leaf to Table A-I.

3. WEST GODAVARI DISTRICT.

E—Summary figures by taluks.

The data contained in this table have been given for each taluk in the district.

2. The areas shown in column (2) of the table for the district and the taluk 'total' are the latest figures furnished by the Central Survey Office, Madras. The areas given for 'urban' are those furnished by the District Officers. The areas for 'rural' have been obtained by deducting the figures for 'urban' from those for district and taluk 'total.'

3. The district area furnished by the Surveyor-General, India, which has been shown in Table A-I, could not be adopted in this table as talukwise figures have not been furnished by him. The district areas given by the Surveyor-General differ from those furnished by the Central Survey Office, Madras.

4. The rural and urban population figures have been taken as they were at the 1941 and 1931 censuses and as they are at the present census, regardless of the changes of rural areas into urban areas and *vice versa* from census to census, for the purpose of calculating percentage variation between 1931 and 1941 and between 1941 and 1951. For calculating density for 'rural' and 'urban' for 1941, the areas of the towns newly formed at the present census rounded to the nearest square mile have been deducted from the areas given for urban in column (2) for 1951 and added to the areas given for 'rural' in the District and taluks where new towns have been recognized.

5. In respect of Polavaram taluk which has no urban areas the figures represent the total alone.

Taluk.	Area in square miles.	Population.		Percentage variation.		Density.		Livelihood Classes.					
		1951.		1941-1951.		1941-1951.		Agricultural Classes.					
		Males.	Females.	Males.	Females.	Males.	Females.	I. Cultivators of land wholly or mainly owned and their dependants.		II. Cultivators of land wholly or mainly unowned and their dependants.		Males.

3. WEST GODAVARI DISTRICT.

B—ECONOMIC TABLES.

B-I—Livelihood Classes and Sub-classes.

This table shows by rural/urban break-up for each census tract in the district the distribution of population, sex-wise, among the eight livelihood classes and the three sub-classes, viz., self-supporting persons, non-earning dependants and earning dependants under each livelihood class into which the economic characteristics of the people have been classified under the I.C.E.C. Scheme—vide fly-leaf to Table A-V.

2. The areas comprised in each of the Census tracts into which this district has been delimited for the purposes of Census tabulation are given below :—

Rural Tracts.

No. 32—All the villages and panchayats not treated as Census towns in Polavaram taluk.

No. 33—All the villages and panchayats not treated as Census towns in Chintalapudi taluk.

No. 34—All the villages and panchayats not treated as Census towns in Kovvur taluk.

No. 35—All the villages and panchayats not treated as Census towns in Eluru taluk.

No. 36—All the villages and panchayats not treated as Census towns in Tadepalligudem taluk.

No. 37—All the villages and panchayats not treated as Census towns in Bhimavaram taluk.

No. 38—All the villages and panchayats not treated as Census towns in Tanuku taluk.

No. 39—All the villages and panchayats not treated as Census towns in Narasapur taluk.

City Tracts.

No. 5—Eluru City in Eluru taluk.

Non-City Urban Tracts.

No. 7.—Kovvur and Nidadavole towns in Kovvur taluk, Tadepalligudem and Pentapadu Agraharam towns in Tadepalligudem taluk, Bhimavaram, Undi, Viravasaram and Akividu towns in Bhimavaram taluk.

No. 8—Tanuku, Penukonda, Velpur, Attile, Relangi, Maruter and Penumantra towns in Tanuku taluk.

No. 9—Narasapur, Palacole, Achanta and Mogaltur towns in Narasapur taluk.

3. The livelihood classification is based on the principal means of livelihood of the self-supporting persons, the principal means of livelihood for earning and non-earning dependants being the same as that of the self-supporting persons on whom they are dependant.

4. "The principal means of livelihood" is the means of livelihood which provides the largest or the major part of the income in the case of self-supporting persons who have more than one means of livelihood. In the case of other self-supporting persons it is the only means of livelihood.

5. A person has been regarded as "Self-supporting" if the income secured by the person is sufficient at least for his (or her) own maintenance at the level of living adopted by him (or her) at the time of the Census. The income secured may be in cash or kind. Anyone who is not a "Self-supporting" person in this sense has been regarded as a dependant. An 'earning' dependant is a person who secures an income which is not sufficient to support him (or her). A person who does not secure any income either in cash or kind, is a 'non-earning dependant.'

6. The non-earning dependants include persons performing housework or other domestic or personal services for other members of the same family household, but do not include "unpaid family workers" or persons who take part along with the members of the family household in carrying on cultivation or a home industry as a family enterprise. These latter persons have been classed as either self-supporting or earning dependants according to the share of income attributable to them.

7. The self-supporting persons shown in Livelihood Class VIII include also persons who derive their income otherwise than through productive activity, i.e., persons coming under the following groups, details for which are given in the fly-leaf to Economic Table B-III:—

(1) Persons living principally on income from non-agricultural property ;

(2) Persons living principally on pensions, remittances, scholarships and funds ;

(3) Inmates of jails, asylums, alms houses and recipients of doles ;

(4) Beggars and Vagrants ; and

(5) All other persons living principally on income derived from non-productive activity.

VIII. Other services and miscellaneous sources.

3. WEST GODAVARI DISTRICT.

B-II—Secondary means of Livelihood.

This table gives for the district the number of persons, in each of the eight livelihood classes mentioned in Economic Table B-I, who possess a secondary means of livelihood; and cross classifies them (according to the nature of such means of livelihood) under the same eight livelihood classes.

2. The secondary means of livelihood shown for self-supporting persons is the means of livelihood next to their principal means of livelihood. In respect of earning dependants, it is the means of livelihood which provides the earning, or the largest part of their income if they have more than one source of income.

3. Non-earning dependants and self-supporting persons who have no secondary means of livelihood are excluded from this table.

3. WEST GODAVARI DISTRICT.

B-III—Employers, Employees and Independent Workers in Industries and Services by Divisions and Subdivisions.

This table gives figures for each Census tract in the district. The areas comprised in each Census tract denoted by its number in column (1) have been specified in Table B-I. In this table the Self-supporting persons in the four Non-Agricultural Classes given in Economic Table B-I are distributed in the various divisions and subdivisions of Industries and Services under the Indian Census Economic Classification Scheme, according to their secondary Economic Status, namely, Employer, Employee and Independent worker.

2. (An) Employer (is) a person who employs other persons in order to carry on the business from which he secures his livelihood and pays them a salary or wage in cash or kind.

3. (An) Employee (is) a person who ordinarily works for some other person for a salary or a wage, whether in cash or in kind in order to earn his livelihood.

4. (An) Independent worker (is) a person who works on his own without being employed by anyone for a salary or wage and who does not also employ anyone else in order to earn his livelihood.

5. Under the New Indian Census Economic Classification Scheme all Employers and Independent workers have been classified with reference to the Commodity produced or services performed by them individually. As regards Employees, all persons engaged in Production, Commerce, or Transport (and not being Domestic servants) have been classified with reference to their own activity and without reference to that of their employer. Domestic servants have been classified in one subdivision without reference to the nature of their work. All other Employees (including all managerial and supervisory employees, clerical services, messengers, watchmen and unskilled labour of every description) have been classified with reference to the commodity produced or services rendered by their Employers.

6. The Non-Agricultural Classes classified in Economic Table B-I correspond to the divisions and subdivisions into which they are distributed in this table as follows :—

Livelihood Classes.	Divisions and subdivisions of the Indian Census Economic Classification Scheme.
Class V—Production other than cultivation.	Division 0.—Primary Industries not elsewhere specified. Division 1.—Mining and Quarrying. Division 2.—Processing and Manufacture of Foodstuffs, Textile, Leather and products thereof. Division 3.—Processing and Manufacture—Metals, Chemicals and Products thereof. Division 4.—Processing and Manufacture—Not elsewhere specified.
Class VI—Commerce.	Division 6.—Commerce.
Class VII—Transport.	Subdivisions 7-0 to 7-4 of Division 7.—Transport, Storage and Communications.
Class VIII—Other Services and Miscellaneous sources.	Division 5.—Construction and Utilities. Division 7.—Transport, Storage and Communications with the exception of subdivisions 7-0 to 7-4. Division 8.—Health, Education and Public Administration. Division 9.—Services not elsewhere specified.

Class VIII also includes persons who derive their principal means of livelihood from miscellaneous sources (otherwise than through economic activity), e.g., income from investments, Pensions and family remittances, proceeds of begging and other unproductive activities. These are not, however, included in this table as it is limited to Industries and Services. Hence there will be a difference to this extent between the total self-supporting persons of the Non-Agricultural Classes in Economic Table B-I and the total of this table. The reconciliation will be effected by adding the figures given in the next paragraph.

7. Details of persons who derive their principal means of livelihood otherwise than through productive activity and who are included under livelihood Class VIII mentioned in Economic Table B-I are given below :—

DETAILS OF PERSONS WHO DERIVE THEIR INCOME OTHERWISE THAN THROUGH PRODUCTIVE ACTIVITIES.

Tract No.		Total.	Persons living principally on income from non-agricultural property.		Persons living principally on pensions, remittances, scholarships and funds.		Inmates of jails, asylums, almshouses and recipients of doles.		Beggars and vagrants.		All other persons living principally on income derived from non-productive activities.

3. WEST GODAVARI DISTRICT.

SMALL-SCALE INDUSTRIES.

I—Distribution of Small-scale Industries by Tracts.

This table gives for each census tract, the number of small-scale industrial establishments under categories, non-textile and textile, with details for perennial and seasonal establishments.

2. The table covers only those establishments, to which the Factories Act does not apply. It relates, therefore, to all associate activities, where articles are produced, repaired or otherwise treated

for sale, use or for disposal. Small mines not covered by the Indian Mines Act have also been included. The table does not include plantation industries of any kind.

3. The areas covered by each census tract in the district denoted by its number in column (1) have been given in the fly-leaf to Table B-I.

Tract No.	Total number of Establishments.		Number of Non-Textile Establishments.				Number of Textile Establishments.			
	Total.	Non-Textile.	Textile.	Perennial (9 months and over).		Less than 3 months and over 9 months.	Perennial (9 months and over).		Less than 3 months and over 9 months.	Less than 3 months.

3. WEST GODAVARI DISTRICT.

II—Employment in Textile Establishments.

This table gives for each census tract the number of persons employed in the textile establishments shown in Table I. The occupations have been grouped with reference to the scheme of grouping adopted in the I.C.E.C. Scheme.

3. The areas covered by each census tract in the district have been given in the fly-leaf to Economic Table B-I.

NOTE.—The symbols 'W.T.' and 'P.T.' adopted in this table stand for 'Whole Time' and 'Part Time.'

2. 'Boys' and 'Girls' referred to in the table, refer to persons below 15 years of age.

3. WEST GODAVARI DISTRICT.

Section (ii)

Rural Statistics.

This is an abstract giving a complete list of villages and towns in each taluk in the district with sex-wise distribution of population in each livelihood class in the villages alone. Among the other items of statistical information furnished, those relating to occupied houses, house-holds, inmates of institutions and houseless persons and literates, were obtained from the National Register of Citizens prepared for each village from the information recorded in the enumeration slips. Village-wise statistics of textile

and non-textile establishments collected in the course of the Census of Small-Scale Industries and the number of leprosy cases and doubtful cases are also given in the abstract.

2. For detailed explanation of the livelihood Classes I to VIII see fly-leaf of General Population Table A-V.

3. The areas included in each Census tract in the district have been furnished in the fly-leaf to Table B-I.

4. A list of villages with a population exceeding 5,000 but treated as rural is given below :—

Villages with a population exceeding 5,000 but treated as rural in West Godavari district.

1. Polavaram taluk—	4. Eluru taluk—	6. Bhimavaram taluk—	8. Narasapur taluk—
(1) Polavaram.	(1) Bhimadole.	(1) Rayakuduru.	(1) Podur.

PART II

C—HOUSEHOLD AND AGE (SAMPLE) TABLES.

C-I—Household (size).

This table has been prepared in respect of a population covering the members of sample households selected from the entries in the National Register of Citizens on the basis of one household for every one thousand households. The sample households selected include roughly every tenth household in every hundredth house-numbering block in the Rural areas and every fiftieth household in every twentieth house-numbering block or locality in Urban areas.

2. The Agricultural and the Non-Agricultural Classes refer to the four agricultural and the four non-agricultural classes given in Table A-V. The Backward Classes include

the Scheduled Castes, the Scheduled Tribes and other classes not treated as non-backward by the State Government for the purpose of 1951 Census. Anglo-Indians are included among the non-backward classes.

3. Columns (2) to (5) of the table relate to all the households and household population in the entire tract while columns (6) to (17) relate to the sample households selected.

4. The figures have been given for each Census Tract denoted by its number in column (1). The areas covered by each Census tract have been specified in the fly-leaf to Table B-I.

Tract No.	Total number of households.	Total household population.			Total number of sample households.	Sample households.			
						Sample of household population.

3. WEST GODAVARI DISTRICT.

C-II—Livelihood Classes by Age-groups.

This table shows the livelihood distribution by age-groups for rural, urban and district totals in respect of a sample population based on a ten per cent sample taken out when the enumeration slips were initially sorted. The ten per cent sample was taken out as follows :—

Each enumeration pad which consisted generally of 100 enumeration slips was broken and the slips relating to displaced persons which had been noticed during the process of the preliminary scrutiny were removed from the pack of slips for being dealt with separately. The pack was then "cut" as in a card-game. The lower portion was placed above the upper portion and the slips

were dealt into two pigeon-holes, one marked "G" and the other marked "S" as follows :—

The first five slips were placed in the pigeon hole "G" then one slip was placed in the pigeon-hole "S". Thereafter for every nine slips placed in the pigeon-hole "G", one slip was placed in the pigeon-hole "S" until the total number of slips left was less than 9 and these residuary slips were all put into hole "G". All the slips contained in the pigeon-hole marked "S" were taken out, counted and marked as 'Sample' slips.

2. No smoothing formula has been adopted in preparing the table as in previous Censuses and the figures have been tabulated as actually returned in suitable age-groups.

3. The figures under age '0' represent infants below one year.

3. WEST GODAVARI DISTRICT.

C-IV—Age and Literacy.

This is yet another table prepared in respect of the 10 per cent samples of the general population (vide fly-leaf to Table C-II).

2. Age groups 0 and 1 to 4 given in Table C-II have been combined into one age-group, and the age-group 5 to 14 has been split into two sub-groups 5 to 9 and 10 to 14. Persons of age-group 0 to 4 are treated as illiterate.

3. The figures are given for each census tract denoted by its number in column (1). The areas covered by each census tract have been specified in the Fly leaf to Table B-I in the district but not analysed by religion as in the previous censuses.

4. 'Literates' are those who are able to read and write any simple letter in any language.

5. Persons who are partly literate, i.e., persons who are able to read only, have been included among the illiterates. Details for such persons are given below :—

Tract No.					Total.			Age, 5—9.		Age, 10—14.		Age, 15—24.		Age, 25—34.

D—SOCIAL AND CULTURAL TABLES.

D-I—Languages.

(i) *Mother-tongue.*

This table shows for each census tract in the district denoted by its number in column (1) the languages spoken as mother-tongue and the number of persons speaking each one of them. The areas covered by each Census tract have been specified in the fly-leaf to Table B-I.

2. Mother-tongue means the language spoken by the person from the cradle. In the case of infants and deaf mutes the mother-tongue of the mother is taken as the mother-tongue.

D-II—Religion.

3. The details for religions other than the major religions, i.e., tribal and non-tribal are given below :—

This table shows for each census tract denoted by its number in column (1), the distribution of population sex-wise among the major religions, namely, Hindus, Sikhs, Jains, Buddhists, Zoroastrians, Muslims, Christians and Jews. The other religions are classified into tribal and non-tribal and only the totals are given in the table.

2. The areas comprised in each census tract have been specified in the fly-leaf to Table B-I.

Tract No.	Total population.				Hindus.		Jains.		Muslims.		Christians.		Jews.		Other religions.			
	P.	M.	F.	(2)	M.	F.	M.	F.	M.	F.	M.	F.	M.	F.	Tribal.		Non-Tribal.

D-VII—Livelihood Classes by Educational Standards.

This table shows the distribution of the literate population sex-wise among the eight livelihood classes by educational standards, separately for each census tract (vide fly-leaf to Table B-I) (Rural and Urban) in the district as well as for the district.

2. A person who can read and write a simple letter in any language has been treated as literate.

Educational standard.	(1)	Agricultural Classes.									
		Persons.		I. Cultivators of land wholly or mainly owned and their dependants.		II. Cultivators of land wholly or mainly unowned and their dependants.		III. Cultivating labourers and their dependants.		Total.	
		(2)	(3)	Males.	Females.	(4)	(5)	Males.	Females.
