STATISTICS.		8 <i>Rural Statistics</i> —(Information regarding area, number of occupied houses, literacy, distribution of population by livelihood classes, cultivated area, small-scale industrial establishments and incidence of leprosy in villages) with appendix giving a list of villages with a population exceeding 5,000 but treated as rural ..	91
PART I.		<i>Section (iii).</i>	
3 'A' <i>General Population Tables</i> —		9 <i>Urban Statistics</i> —(Information regarding area, number of occupied houses, literacy, distribution of population by livelihood classes, small-scale industrial establishments and incidence of leprosy in each ward of each census town and city)	239
A-I—Area, Houses and Population	14	PART II.	
A-II—Variation in Population during fifty years ..	15	10 'C' <i>Household and Age (Sample) Tables</i> —	
A-III—Towns and Villages classified by Population ..	17	C-I—Household (size)	272
A-IV—Cities and Towns classified by Population with variations since 1901	19	C-II—Livelihood Classes by Age-groups	274
A-V—Towns arranged talukwise with Population by Livelihood Classes	22	C-IV—Age and Literacy	276
4 'E' <i>Summary Figures by taluks</i>	24	11 'D' <i>Social and Cultural Tables</i> —	
5 'B' <i>Economic Tables</i> —		D-I—Languages—	
B-I—Livelihood Classes and Sub-classes	27	(i) Mother-tongue	280
B-II—Secondary means of Livelihood	32	(ii) Bi-lingualism	283
B-III—Employers, Employees and Independent Workers in Industries and Services by Divisions and Subdivisions	36	D-II—Religion	290
6 <i>Small-scale Industries Tables</i> —		D-III—Scheduled Castes and Scheduled Tribes, ..	292
I—Distribution of Small-scale Industries by tracts ..	63	D-IV—Migrants—Tract where enumerated	294
II—Employment in Textile Establishments for Census tracts	64	D-VI—Non-Indian Nationals	300
III—Employment in Non-Textile Establishments for Census tracts	69	D-VII—Livelihood Classes by Educational Standards ..	302
7 'L' <i>Incidence of Leprosy by Livelihood Classes for taluks.</i>	88	12 <i>District Occupational Abstract</i> —(Abstract showing means of livelihood groups and sub-groups under non-agricultural occupations and the number of self-supporting persons engaged in them)	314

The following Corrigendum to Table D-III published at pages 292 and 293 of the 1951 Census Handbook of East Godavari district is issued.

CORRIGENDUM.

For the figures given in columns (2), (3) and (4) against the tracts mentioned in column (1) Substitute figures as follows :—

Tract number.				FOR			SUBSTITUTE		
				Persons.	Males.	Females.	Persons.	Males.	Females.
				Column (2)	Column (3).	Column (4).	Column (2).	Column (3).	Column (4).

2. The circumstances leading to the substitution of revised figures are briefly as follows:—

At the time of sorting the enumeration slips in 1951, the sorters were given a list of the 77 Scheduled Castes shown in Roman type in the list in paragraph (ii) below. No instructions were given to the sorters as to how the slips were to be treated in the case of persons who returned themselves by a generic Scheduled Caste name such as Harijan or Depressed Class or Adivasi or by a recognised synonym such as Pulacheruman, Eralan, Kudan, Rolan, Alen, Paramban (for Cheruman), with the result that sorters in Tabulation Offices classified the communities according to their own interpretation. Consequently, a number of Scheduled Caste members who had returned themselves by generic names or by synonymous names were left out of the Scheduled Castes count. This situation came to the notice of the Government of India, who decided after careful consideration that persons who had returned themselves by generic or synonymous Scheduled Caste names should be counted as Scheduled Castes and that the Census Tables already published should be revised, where necessary, to show the correct position. In order to arrive at the correct figures of Scheduled Castes population a fresh sorting of the 1951 Census slips was accordingly organised in Madras.

(ii) Before commencing the sortings a list of synonymous names, (i.e.) names synonymous with those of the communities published in the 'Constitution (Scheduled Castes) Order, 1950' was prepared in consultation with the Collectors of districts and went to the State Governments

of Madras and Andhra for acceptance. The list as finally accepted by the State Governments was got approved by the Government of India. Castes printed in Roman characters in the list below have been declared to be scheduled Castes in the composite Madras State (as it existed before the formation of the Andhra State) by the Constitution (Scheduled Castes) Order, 1950 issued by the President under Article 341 (1) of the Constitution of India. The names in *italics* represent the synonyms of the names printed above them in Roman characters. The approved generic names adopted are the three names, Harijan, Depressed Class and Adivasi shown under Generic names, in the list below:—

- | | |
|---|---|
| 1 Adi-Andhra. | 36 Koosa. |
| 2 Adi-Dravida. | 37 Koraga— <i>Kapada Koraga, Soppu Koraga, Vastra Koraga, Tippi Koraga, Vanti Koraga</i> |
| 3 Adi-Karnataka. | 38 Kudubi— <i>Kariya</i> . |
| 4 Ajila. | 39 Kudumban. |
| 5 Arunthathiyar. | 40 Kuravan— <i>Koodaikatti Nakkiar, Koodakatti Nattar, Narikuravan, Jogi, Yavanar, Kadukutti, Valliammaikuttam, Kakkalan, Veduvar</i> . |

 71 Sapari.
 72 Semman—*Tolmestri, Tondaman*.
 73 Thoti—*Odiya Thoti, Joyi, Joyar*.

- 74 Tiruvalluvar.
 75 Valluvan—*Paraiyan Toda, Alvar Dasari, Tavida Dhari, Valluva Pandaram, Paniseivan or Panisavan, Nandan*.
 76 Valmiki.
 77 Vettuvan—*Vettuva Vellala, Vettaikaran, Viragu, Pannadai, Villi, Kodi, Peringala, Pulaya Vettuvan*.

GENERIC NAMES.

Harijan,
 Depressed Class
 Adivasi

(iii) Separate population figures have been ascertained for the following individual castes, the names of which are likely to be considered for inclusion in or exclusion from the existing lists of Scheduled Castes.

ANDHRA STATE :

1 Pombala

2 Valmiki (Agency areas).

MADRAS STATE :

- 1 Perumkollan
 2 Vathiriyar.
 3 Vedan.
 4 Araya.

- 5 Valan.
 6 Mukkuvan.
 7 Koliyan (recommended by Madras Government.)
 8 Kurichchan.

The population figures of the communities, Valmiki and Kurichchan have been included in the re-sort of Scheduled Castes population figures as they already find a place in the 'Constitution (Scheduled Castes) Order, 1950' while those relating to the other communities have not been included.

Separate figures for the above communities are given in the Table below:—

Tract number.	POMBALA.			VALMIKI.

MADRAS,
 Date the 8th December 1955.

J. I. ARPUTHANATHAN,
 Superintendent of Census Operations, Madras.

P R E F A C E

The Government used to compile and publish District Manuals for each district prior to 1905. The manuals became obsolete within a few years of their publication, containing as they did not only matter of a more or less permanent character such as physical characteristics, history, religion and ethnography, as also statistical matters which soon became out of date. The Government decided to replace the District Manuals by another publication known as the District Gazetteer, consisting of two volumes, A and B. The A volume contained descriptive matter and such general figures, as might be necessary to explain the text, and the B volume contained detailed statistics. They also decided that the B volume should be brought out periodically, especially after each decennial census. Between 1905 and 1927 A volumes for thirteen districts were published. In 1927 they were discontinued. B volumes for all the districts were published between 1906 and 1915. They were continued to be published even after the 1931 census. They were not published for the 1941 census.

Village Statistics, containing the results of the census for every village in the State, were first compiled and published in 1872, at the instance of Mr. C. E. Gover, who was then Census Officer in Madras. His successor, in 1882, considered that this publication led to needless expenditure and trouble in printing the tables village-wise, but the Government decided that the Village Statistics should continue to be published. The practice of issuing Village Statistics at every census was followed subsequently. The Village Statistics merely showed the number of occupied houses and population of each village and town by religions.

The idea of preparing the present volume, viz., the District Census Handbook for each district was put forward by Sri R. A. Gopalaswami, I.C.S., Registrar-General, India, and ex-officio Census Commissioner of India, as part of a plan intended to secure an effective method of preserving the census records prepared for areas below the District level. He proposed that all the district census tables and census abstracts prepared during the process of sorting and compilation should be bound together in a single manuscript volume, called the District Census Handbook, and suggested to the State Governments that the handbook (with or without the addition of other useful information relating to the district) should be printed and published, at their own cost, in the same manner as the Village Statistics in the past. In accepting this suggestion, the Government of Madras decided to print and publish the more important portion of statistical data relating to the district and to preserve the rest of the records in a manuscript volume for any future use, to which they may be put.

2. The statistical data embodied in the District Census Handbook have to be understood from the background of the changes introduced in the 1951 census. The most important and fundamental change introduced in the 1951 census consists in the substitution of an economic classification of the people for the classification based on Religion and Communities

adopted in the past. The people were divided into two broad livelihood categories, the Agricultural and the Non-Agricultural. Four agricultural classes and four non-agricultural classes were prescribed as shown below :—

Agricultural Classes—

- I. Cultivators of land, wholly or mainly owned, and their dependants,
- II. Cultivators of land, wholly or mainly unowned, and their dependants;
- III. Cultivating labourers and their dependants,
- IV. Non-cultivating owners of land, agricultural rent receivers and their dependants.

Non-Agricultural Classes—

Persons (including their dependants) who derive their principal means of livelihood from—

- V. Production other than cultivation,
- VI. Commerce,
- VII. Transport, and
- VIII. Other services and miscellaneous sources.

Each of the above eight livelihood classes were divided into three sub-classes with reference to their economic status as below :—

- (i) Self-supporting persons,
- (ii) Non-earning dependants, and
- (iii) Earning dependants.

These livelihood sub-classes have been defined in detail in the fly-leaf notes attached to Economic Table B-I included in this Handbook.

All non-earning dependants are economically passive, all earning dependants are economically semi-active. All self-supporting persons are ordinarily economically active but the classes and groups specified below constitute an exception to this rule—

- (1) Self-supporting persons of Agricultural Class IV,
 - (2) Self-supporting persons of Livelihood Class VIII, who derive their principal means of livelihood from any source other than through economic activity, viz.—
 - (a) Non-working owners of non-agricultural property ;
 - (b) Pensioners and remittance holders ;
 - (c) Persons living on charity and other persons with unproductive occupations ;
- and
- (d) Inmates of penal institutions and asylums.

Economically active persons engaged in cultivation are either cultivators or cultivating labourers. Economic Table B-I gives particulars of the population classified according to the eight livelihood classes and the three sub-classes mentioned above.

Economically active persons engaged in industries and services have been classified with reference to the nature of the commodity produced or service performed. They are further divided into three sections, viz., Employers, Employees and Independent Workers,

Economic Table B-III gives particulars of the economically active persons classified under the divisions and subdivisions of industries and services of the Indian Census Economic Classification Scheme.

Table C-I, included in this Handbook covers the population of sample households and Tables C-II and C-IV cover a 10 per cent sample population. The method adopted for extracting these samples has been described in detail in the fly-leaf notes attached to the relevant tables.

3. *Scheme of the Census Handbook.*—The Handbook has been divided into two parts : Part I consists of three sections, namely, Section (i) containing the General Population Tables (A-series), the Economic Tables (B-series), Summary figures for Taluks (Table E), Tables I, II and III relating to Small-scale Industrial Establishments and Table L showing the Incidence of Leprosy, Section (ii) containing the Rural Statistics, and Section (iii) containing the Urban Statistics, and Part II containing the Household (size) Table C-I, and Tables showing Livelihood Classes and Literacy by Age-groups (C-II and C-IV), the Social and Cultural Tables (D-series) and an abstract of non-agricultural occupations in the district. Among the tables included in the Handbook, Table A-IV—Towns classified by population with variations since 1901, Economic Table B-II—Secondary means of Livelihood under each livelihood class and Table C-II—Livelihood classes by age-groups furnish information at the district level. The other population tables in the A-series, the summary figures for taluks (Table E) and the infirmity (Table L) showing the incidence of leprosy furnish information for each taluk in the district with a district total. The rural statistics in Part I—Section (ii) furnish basic information in respect of every village and town arranged according to census tracts. In addition to the total population of the villages, and its distribution among the eight livelihood classes, information regarding the number of literates, the cultivated area, the number of small-scale industrial establishments under categories, textile and non-textile and the number of leprosy cases and doubtful cases has been included.

The urban statistics in Part I—Section (iii) furnish similar information except that relating to cultivated area in respect of every unit classified as city or census town in the district with ward wise data. All other tables included in the Handbook provide information for units called census tracts with totals for the district.

4. *Census Tracts.*—A distinctive feature of the census statistics is its rural/urban break-up designed with a view to compare the conditions and characteristics of the rural and urban population. The rural areas of each district were therefore kept distinct from the urban areas. For facilitating tabulation these areas were divided into a number of rural and urban tracts. As far as possible, the rural area in each taluk was constituted into a single rural tract. In a few cases however where the taluks were small in size with reference to their population, the rural areas of more than one taluk were taken together as a single rural tract. The urban tracts have been formed out of areas declared as cities and census towns in each district. Every city was treated as a separate tract. Towns other than cities were grouped together to form non-city urban tracts. Wherever possible, the towns in each taluk were constituted into a single non-city urban tract. In cases where the towns in a taluk had a population of less than 50,000 the towns in more than one taluk were grouped

together to form a non-city urban tract. All the rural tracts in the State have been assigned numbers in one series, the non-city urban tracts in another series and the city tracts in a third series. In all the tables where the data have been furnished for tracts, the tracts have been denoted by numbers that have been assigned to them. A list of tracts into which the district has been divided and the areas comprised in each is furnished in the fly-leaf note to Economic Table B-I relating to the district.

The districts, taluks and villages mentioned in the Tables and Abstracts have been shown along with the census location code numbers assigned to them for purposes of census operations.

The numbers given to the Tables in this publication correspond to those given in the State Census Report.

Elaborate notes explaining the scheme of each Table have been introduced in the fly-leaf attached to each with a view to enable the reader to get a precise idea of the data furnished in the Table.

5. *Tables relating to Small-scale Industries.*—In the year 1950 a census of Small-scale Industries was instituted under the orders of the Government. The object was to get some idea about small industries such as cottage and home industries, small establishments, workshops, etc., where articles were produced, repaired or otherwise treated for sale, use or disposal and small mines. The enquiry was confined to establishments to which the Factories Act was not applicable. Individuals who worked on their own and did not employ other people were left out of account. From the data collected three Tables were prepared and they have been included in the Handbook. Information giving villagewise and wardwise information for Small scale Industries have been incorporated in the rural and urban statistics. The details collected and embodied in the Tables are not to be considered accurate or exhaustive, as the enumeration staff employed had not been trained for the purpose and some cases of under-enumeration were noticed. However, the figures given in the Tables may be sufficient to give an insight into the nature of the industries prevalent in the different parts of the district.

6. Opportunity has been taken to put in a short introductory note detailing the salient points connected with the district, such as the physical features, climate, rainfall, irrigation and drainage facilities, roads and other communications, crop statistics, education, industries and other matters of general interest. The information contained in the introductory note is based on the materials furnished by Collectors of districts and Departments of Government. The District Gazetteer was also freely referred to. The relevant paragraph of the 1951 Census Report discussing the growth of population in the district has also been incorporated in the proper place.

A district map showing taluk boundaries, physical features, important roads and places with a population exceeding 5,000 is also attached.

It is hoped that this Handbook will serve as a book of reference on matters relating to the district and that it will be found useful both by Departments of Government and the public.

J. I. ARPUTHANATHAN,
Superintendent of Census Operations, Madras.

INTRODUCTION
TO
EAST GODAVARI DISTRICT

I. (a) *Situation and physical characteristics.*—The East Godavari district lies on the east coast between 16°30' and 18°30' of the northern latitude and 80°25' and 82°35' of the eastern longitude. It is bounded on the north by the Visakhapatnam district and the States of Orissa and Madhya Pradesh, on the east and south by the Bay of Bengal and on the west by the Hyderabad State and West Godavari district. The

district consists of 12 taluks comprising the agency taluks of Nugur, Bhadrachalam, Rampachodavaram and Yellavaram and the taluks of Rajahmundry, Peddapuram, Pithapuram, Tuni, Ramachandrapuram, Kakinada, Razole and Amalapuram.

The Revenue Divisions in the district and the taluks comprised in each Revenue Division are detailed below :—

Name of Revenue Divisions.	Headquarters of Revenue Division.	Taluks comprised in the Revenue Division.	Area of the taluk in square miles.	Headquarters of the taluk.
Bhadrachalam	Bhadrachalam	Bhadrachalam	911	Bhadrachalam.
		Nugur	593	Nugur.
Rajahmundry	Rajahmundry	Rajahmundry	378	Rajahmundry.
		Ramachandrapuram	289	Ramachandrapuram.
		Rampachodavaram	710	Rampachodavaram.
Peddapuram	Peddapuram	Peddapuram	602	Peddapuram.
		Tuni	183	Tuni.
		Pithapuram	138	Pithapuram.
		Yellavaram	850	Yellavaram.
Amalapuram	Amalapuram	Amalapuram	353	Amalapuram.
		Razole	291	Razole.
Kakinada	Kakinada	Kakinada	384	Kakinada.
Total ..			5,682	

Nugur taluk is a narrow projection jutting northwards from the north-western corner of the district between the States of Madhya Pradesh and Hyderabad. The Bhadrachalam taluk is also a projection between the States of Madhya Pradesh, Orissa and Hyderabad. Rampachodavaram taluk lies to the east of Bhadrachalam taluk and Yellavaram taluk is to the east of Rampachodavaram taluk. These four taluks form the agency tract of the district and are inhabited mainly by hill tribes. Rajahmundry taluk lies on the left bank of the River Godavari just above the head of the delta. Peddapuram is an inland taluk to the east of Rajahmundry taluk. Tuni, Pithapuram, Kakinada, Amalapuram and Razole taluks are on the sea coast. Ramachandrapuram taluk lies to the south of Rajahmundry taluk and west of Kakinada taluk.

The eastern ghats cover nearly half the area of the district. The district may broadly be divided into three natural zones, the agency or hill tracts, the delta and the uplands. The Eastern Ghats rise by gentle gradations from the level of the coast and they spread throughout the agency taluks of Nugur, Bhadrachalam, Rampachodavaram and Yellavaram up to the river Godavari in the northern part of the district. The deltaic portion consists of the Amalapuram and Razole

taluks, and portions of Kakinada, Ramachandrapuram and Rajahmundry taluks. The uplands comprise the taluks of Tuni, Pithapuram, Peddapuram and portions of Rajahmundry, Kakinada and Ramachandrapuram taluks.

(b) *Rivers.*—The chief river is the Godavari which skirts the entire district on its western side from north to south. Rising at Triambak, a village about 70 miles north-east of Bombay and only 50 miles from the Arabian Sea, it flows south-east and reaches the district at the north-western corner of Nugur taluk. It flows on the western boundary of Nugur taluk, and the western and southern boundary of Bhadrachalam taluk receiving several streams flowing from the hills of Nugur and Bhadrachalam taluks. The river then flows between the mountains of Rampachodavaram Agency and the West Godavari Agency and enters the open country above Rajahmundry. At Dowls-waram below Rajahmundry the river divides itself into two, viz., the eastern branch going by the name of Goutami Godavari and the western branch under the name of Vasishta Godavari. The Goutami Godavari flows eastwards along the southern boundaries of Ramachandrapuram and Kakinada taluks separating them from Razole and Amalapuram taluks and

enters the sea by several mouths at Point Godavari. The Vasistha Godavari flowing southwards on the western boundary of Razole taluk enters the sea at point Narsapur. Long before this it gives off a branch called Vinateyam which flows eastwards and then southwards up to the sea on the eastern boundary of Razole taluk making the southern part of the Razole taluk into a sort of island. Several islands of a permanent character stand in various parts of the river. The river constantly forms new temporary islands and modifies old ones. Islands liable to these changes are called *Lankas*. They are rendered very fertile by the silt deposited by the river.

The next river which is worthy of note in the district is the Eleru which is formed by the union of three streams a little to the north east of Yellavaram in Yellavaram taluk. The river flows south and enters Peddapuram taluk. At a point a little above Viravaram, separates again into several streams, the westernmost of which continuing its course under the parent name flows along the western boundary of Pithapuram taluk enters the Kakinada taluk, joins the Biccavole drain and enters the sea. The other two streams flow into the Pithapuram taluk, unite again under the name of Gorika Nadhi and reach the sea near Uppada.

(c) *Forests*.—The forests occupy an area of 1,989.11 square miles. This is more than a third of the area of the entire district. The forests consists of 1880.48 square miles of reserved forests under the control of the Forest Department, 85.33 square miles of forests taken over from estates, and 23.30 square miles of private forests. The reserved forests in Yellavaram, Rajahmundry and Rampachodavaram taluks and the private forests in Rampachodavaram taluk contain timber and bamboos. The reserved forests in Peddapuram taluk contain fuel and bamboo growth. The forests in Peddapuram and Yellavaram taluks are scrub jungles. The estate forest taken over in Pithapuram contains Palmyrah and cashew, and the estate forest taken over in Tuni contains scrub jungle. The reserved forests in Bhadrachalam and Nugur are of deciduous species and bamboos. The forests in Kakinada taluk are mangroves and the forests in Amalapuram taluk contain casuarina trees and mangroves. The taluk-wise distribution of forests is furnished below :—

Name of taluk.	Reserved forests in square miles.	Estate forests taken over square miles.	Estate forests not taken over square miles.	Total square miles.
Nugur	424	..	..	..
	92 (unreserved under the Forest department)			516.00
Bhadrachalam ..	462	..	..	..
	299 (unreserved under the Forest department).			761.00

Name of taluk.	Reserved forests in square miles.	Estate forests taken over in square miles.	Estate forests not taken over in square miles.	Total in square miles.

Total	1,880.48	85.33	23.30	1,989.11

(d) *Climate and rainfall*.—The hottest months are April to June. The south-west monsoon arrives in June and continues for some three months. In September and October land and sea breezes alternate and the weather becomes sultry pending the arrival of the north-east monsoon in October. The coastal taluks get more rain during the north-east monsoon than the interior taluks. But it is vice versa during the south-west monsoon. The average annual rainfall and the number of rainy days in a year for each taluk are furnished below :—

Name of taluk.	Average annual rainfall in inches.	Average number of rainy days in the year in inches.
Nugur	58.06	72.1

(e) *Soils*.—The southern part of the district is flat being formed by the silt carried down by the Godavari and is very fertile. Sandstones predominate the central portion and the south-west border of the district, gneissose the east of the inland border and alluvium elsewhere. There are five classes of soils namely alluvial, permanently improved, black regar, red ferruginous and arenaceous soil. The taluk-wise distribution of soils in thousands of acres is furnished below :—

Taluk.	Alluvial.	Permanently improved.	Black regar.	Red ferruginous.	Arenaceous.
Rajahmundry ..	0.3	0.4	42.5	104.8	..
Peddapuram ..	8.4	0.3	16.5	103.0	..
Pithapuram ..	..	..	..	..	..
Tuni	..	..	..	..	..
Ramachandrapuram.	115.3	..	..	12.5	0.1
Kakinada	46.5	..	4.0	34.2	30.5
Razole	85.2	..	..	..	15.6
Amalapuram ..	104.9	..	..	..	..
Total	360.6	0.7	63.0	251.5	46.2
<i>Agency.</i>					
Rampachodavaram.	..	..	..	1.3	..
Yellavaram	..	..	0.6	14.8	..

The deltaic character of the District accounts for the large extent of alluvial soil, the most valuable of all. This soil is also found in Peddapuram taluk through which the Eleru flows. The red ferruginous soil is next most extensive and occurs in the uplands. The black regar is next in extent and occurs in all taluks except Amalapuram, Razole, Rampachodavaram, Pithapuram and Tuni. The arenaceous soil, the worst of all, comes last in extent and occurs mostly along

the coast in Amalapuram and Razole taluks. In the Agency tracts the prevailing soil is ferruginous.

(f) *Irrigation and drainage facilities and liability to famine*.—The principal sources of irrigation in the district are river channels, tanks, spring channels and drains. Spring channels are small streams taken from springs in lake beds, hill sides, valleys, etc. A few of the tanks in Rajahmundry and Peddapuram taluks are fed by jungle streams. All other tanks are rainfed and are therefore precarious sources. Godavari river receives most of the supply in the south-west monsoon. But local rainfall is also necessary to enable the irrigation of the whole ayacut under it. The low level lands suffer submersion when there are heavy floods in the river. The Godavari anicut system irrigates Razole, Amalapuram, Ramachandrapuram and Kakinada taluks and a portion of Rajahmundry taluk. There are spring channels in Rajahmundry taluk irrigating 534 acres. Razole taluk is also irrigated by the Peravaram pumping scheme and the Amalapuram taluk is likewise served by the Polavaram island project. Most of Rajahmundry taluk is irrigated only by rainfed tanks. Certain pumping schemes are under consideration to provide irrigation facilities to this taluk. The wet lands in Peddapuram taluk are mostly irrigated by tanks. There are also river channels in the taluk taking off from the Eleru river irrigating 17,211 acres. There are also spring channels in Peddapuram taluk irrigating 356 acres. In Pithapuram and Tuni taluks there are no irrigation facilities except a few minor tanks. The formation of reservoir in the Tandava river in the Tuni taluk to provide irrigation facilities to these taluks is under consideration. Wells are used to irrigate arecanut gardens in Amalapuram and Razole taluks. Elsewhere temporary wells are dug to irrigate dry crops such as ragi, cholam, maize, etc.

enters the sea by irrigation sources, the ayacut (Godavari). The Va area served by major irrigation sources in the taluk below for each taluk in the district:

Name of taluk.	Number of minor irrigation sources.	Ayacut of minor irrigation sources.	Ayacut of major irrigation sources.
		Acres.	Acres.
Nugur	16	382	..

Amalapuram	..	..	92,650
Total ..	1,052	37,260	128,673

The district is surplus in food grains.

(g) *Area cultivated with food and commercial crops.*—Ramachandrapuram, Amalapuram, Kakinada and Razole have the largest extent of paddy cultivation. Paddy is the chief food crop. Cholan is cultivated on a considerable scale in Bhadrachalam and Nugur taluks and on limited extents in other parts. Maize, cumbu, ragi, korra, varagu and samai are the other food crops raised in the district. Greengram, redgram, blackgram, bengalgram and horsegram are the pulses cultivated in the district. Chillies, sugarcane, groundnut, gingelly, cotton and tobacco are the commercial crops of the district. Tobacco is chiefly grown in the Rajahmundry taluk. The area cultivated in 1940-41 which was a normal year for the district with the various food crops, pulses and commercial crops in each taluk is furnished in *Annexure I*.

(h) *Communications*—(i) *Roads.*—There are 1,808 miles of roads in the district including 10 miles of Public Works Department roads and 165 miles of Municipal roads. The classification and talukwise distribution of the roads other than Public Works Department and Municipal roads are given below:—

Name of taluk.	High-National ways.	High-Provincial ways.	District Major Roads.	District Other Roads.	Village Roads.	Total.
Nugur	..	..	63	..	..	63
Bhadrachalam ..	..	..	69	..	..	69
Rampachodavaram ..	..	..	43	..	..	43

Amalapuram	..	..	72	22	136	230
Total ..	69	21	784	393	866	1,633

Communications in the Agency tracts are difficult on account of unbridged jungle streams crossing the roads. The village roads in the district are inadequate.

(ii) *Railways.*—The district has 79½ miles of broad gauge railway. The Calcutta-Madras line goes across this district from Rajahmundry to Tuni traversing the taluks of Rajahmundry, Ramachandrapuram, Kakinada, Pithapuram and Tuni. A branch line from Samalkot junction connects Kakinada, the district headquarters. Only the taluk headquarters of Rajahmundry, Kakinada, Pithapuram and Tuni are connected by railway. The nearest railway station to Bhadrachalam is Dornakal in the Hyderabad State.

(iii) *Post and Telegraphs.* The district has 24 sub-post and telegraph offices, one departmental telegraph office, one non-combined head office, 33 non-combined sub-post offices and 410 branch post offices. Their talukwise distribution is given below:—

Name of taluk.	Branch post offices.	Non-combined sub-post offices.	Head offices non-combined.	Sub-post and telegraph offices.	Departmental telegraph office.

Total ..	410	33	1	24	1

11. (a) (i) *Growth of population.*—The particulars of the population of the district and taluks in the years 1941 and 1951 and the percentage of variation are given below:—

Name of taluk.	Population.		Percentage of variation.
	1941.	1951.	
East Godavari District ..	2,076,840	2,414,808	16.3
Nugur	30,463	35,366	16.1
Bhadrachalam	69,634	77,620	11.5
Rampachodavaram	36,235	40,273	11.1
Yellavaram	50,214	54,525	8.6
Rajahmundry	252,572	321,984	27.5
Peddapuram	250,465	287,764	14.9
Pithapuram	124,555	147,070	18.1
Tuni	95,607	116,971	22.3
Ramachandrapuram	308,159	346,056	12.3
Kakinada	296,495	3,5,502	19.9
Razole	279,029	314,910	12.9
Amalapuram	283,412	316,767	11.8

The growth of population in the district during the decade 1941-51 as revealed at the Census is 16.3 per cent as against 14.4 per cent for the Madras State. The agency portion has recorded an increase of 11.4 per cent, while the upland and deltaic portions have recorded increases to the extent of 20.8 per cent and 14.2 per cent, respectively. The variations in the

taluk populations in the Agency tracts range from 8.6 per cent in Yellavaram to 16.1 per cent in Nugur. The variations in the upland taluks range from 14.1 per cent in Peddapuram to 27.5 per cent in Rajahmundry, in the deltaic taluks the variations range from 11.8 per cent in Amalapuram to 19.9 per cent in Kakinada. Yellavaram Agency has shown only a moderate increase of 8.6 per cent. In Bhadrachalam, Rampachodavaram and Nugur taluks, which are all in the Agency tracts, as well as in the Rajahmundry taluk, there has been large extension of cultivation of Virginia tobacco and labourers from the Plains have migrated into these areas. This accounts for the large increase in population in these taluks. At the time of the Census enumeration there were many labourers who had come from the Plains for harvesting the tobacco crop. In Bhadrachalam and Nugur taluks there have also been immigrants from the Plains, who have settled down for cultivation purposes, there being large extents of uncultivated land in these areas.

In Rajahmundry taluk, labourers from Visakhapatnam and Guntur districts have come for working under the Indian Leaf Tobacco Development Company, and other tobacco companies. There are also immigrants, who have settled down in the upland area of this taluk for cultivation. The fact that East Godavari is a large surplus district for rice is another attraction for immigrants. There has been a large increase of population in Rajahmundry municipality which is a vital trade centre of this district, as it is at the head of the Godavari Eastern delta and also the most convenient centre for timber and all forest produce from the Agency tracts. It is also a large educational centre, and the headquarters of the District Judge. The Andhra Paper Mills, which is now owned and managed by the State Government has attracted an increased number of workers and other employees. The large increase of 27.5 per cent in the population of Rajahmundry taluk cannot, therefore be a matter for surprise. In Pithapuram as well as in Tuni taluks, there are large numbers of migrants from the Visakhapatnam district, which is a deficit district for food. Tuni has a large market and is a trade centre, through which a considerable amount of Agency produce is disposed of. This has attracted a large number

of immigrants from the adjoining Visakhapatnam district, and this explains the large increase of 22.4 per cent in this taluk. The delta taluks are prosperous, but they have shown only moderate increases, except for Kakinada taluk, which has registered an increase of 19.9 per cent. Apart from the growth of population in Kakinada town, which is the district headquarters, and a trade and educational centre, large numbers of evacuees from Burma have settled down in this taluk, and there are also labourers from Visakhapatnam district.

(Extracted from Census Report, Part I.)

(ii) *Vital statistics.*—A statement showing the particulars of births and deaths and deaths due to various causes in the district for the decennium 1941-1950 is given in *Annexure II*.

Both the average birth and death rates of 29.8 and 20.2 per mille respectively for the decade under review were less than those for the State—31.7 and 21.2 respectively. The death rates registered show a downward trend. The average infant mortality rate is 171.9 per 1,000 live births against 153.6 for the State. The average death rate from fevers was 6.7 per mille of population as against 5.4 for the State. The fever mortality represents on the average a third of total deaths and is therefore an important cause of death. While the average death rates from smallpox and respiratory diseases were about normal, those for cholera, dysentery and diarrhoea were below normal. The district was free from plague. The maternal mortality rate has consistently been high and the average for the decade was 9.7 per 1,000 births as against 8.11 for the State.

(b) *Medical Relief.*—There are nine Government and two local fund hospitals and 56 dispensaries of modern medicine in the district. More dispensaries in Razole and Pithapuram taluks will be opened soon. In the Agency tracts the Government have sanctioned three itinerating dispensaries at Gowridevipeta, Gangavaram and Vaiedinagaram. They are yet to be started. A statement showing the list of hospitals and bed strength and the dispensaries in the various taluks is shown below:—

Taluk headquarters medical institution.	Hospitals.		Bed strength—number of beds.	Dispensaries.		
	Government.	Local Fund.		Government.	Local Fund.	Rural.
Nugur (Agency)	1	..	6	1	..	..

Amalapuram	1	..	22	..	2	6
Total ..	9	2	505	5	24	27

Besides, there are a Mission Gosha Hospital and a T.B. Sanatorium at Rajahmundry. There are X-Ray facilities in the Government Headquarters Hospital, Kakinada and in the T.B. Sanatorium at Rajahmundry. There is a Mission Leprosy Hospital at Ramachandrapuram with 165 beds.

(c) *Water-supply and drainage arrangements.*—There is no underground drainage system anywhere in the district. Kakinada and Rajahmundry towns have protected water-supply. Water from wells is used for drinking purposes. In the deltaic areas, except in the summer months, water from the channels and channel-fed tanks is also used. The number of wells sunk by Government in each taluk is given below :—

Bhadrachalam—24, Rampachodavaram—27, Yellavaram—18, Rajahmundry—81, Poddapuram—107, Pithapuram—51, Tuni—60, Ramachandrapuram—240, Kakinada—51 and Razole—118. There are about 2,134 wells in Amalapuram taluk including private wells. There are no facilities for drinking water-supply in Nugur and Bhadrachalam taluks other than the hill streams.

(d) *Fairs and Festivals.*—The particulars of the fairs and festivals in each taluk of the district are furnished below :—

<i>Fairs.</i>	
1 Nugur taluk	(1) Shandy at Cherla—Held on every Sunday. (2) Shandy at Albaka—Every Monday. (3) Shandy at Venkatapuram—Every Tuesday. (4) Shandy at Porur—Every Saturday.
2 Bhadrachalam taluk.	Nil.
3 Rampachodavaram taluk.	Nil.
4 Rajahmundry taluk.	Nil.
5 Poddapuram taluk.	(1) General Shandy—Poddapuram—Every Sunday. (2) General Shandy—Jaggampeta—Every Monday. (3) General Shandy—Yeloswaram—Every Thursday.
6 Pithapuram taluk.	General Shandy and Cattle Shanty—Pithapuram—Every Saturday.
7 Tuni taluk	General Shandy—Tuni—Every Sunday.
8 Ramachandrapuram taluk.	Weekly Shandy at Draksharama—Every Monday.
9 Kakinada taluk	Fair at G. Mamidada—Every Saturday.
10 Razole taluk	Weekly Shandy at Malkipuram—Every Sunday.

Fairs—cont.

11 Amalapuram taluk.	Weekly Shandy at Ambajipeta—Every Wednesday.
<i>Festivals.</i>	
1 Nugur taluk	Sri Venkateswara-swami Kalyanam at Venkatapuram celebrated in March every year.
2 Bhadrachalam	(1) Vaikunta Ekadasi Bhadrachalam village—December-January. (2) Sri Rameswami Bhadrachalam village—March-April.
3 Rampachodavaram taluk.	Nil.
4 Rajahmundry taluk.	(1) Mahasivaratri festival—Kotilingadu of Rajahmundry—February-March. (2) Car festival—Dowleshwaram in Maghamasam. (3) Korukonda festival—In Palgumamasam. (4) The Godavari pushkaram at Rajahmundry is a very important festival which comes off once in 12 years. Lakhs of pilgrims from all over India come here for the holy bath in the Godavari at that time.
5 Poddapuram taluk.	(1) Maridamma festival—Poddapuram in June. (2) Nukamma festival—Kandrakota in March. (3) Ruppamma festival—Yeloswaram in April (Village Goddess).
6 Pithapuram taluk.	Sri Kunti Madhavaswami festival—Pithapuram in February.
7 Tuni taluk	Sri Satyanarayanaswamivari festival—A. Annavaram in May every year.
8 Ramachandrapuram taluk.	(1) Sivaratri festival—Kotipalli—February-March. (2) Subramanya Shasti Festival—Bicavolu. (3) Sivaratri festival—Draksharam—February-March.
9 Kakinada taluk	(1) Sivarathri festival—Phimavaram village—February-March. (2) Chollangi festival—Chollangi village on the New Moon day.
10 Razole taluk	(1) Sri Venkateswara-swamivari festival—Vadapalli village in the month of Chaitra. (2) Pallakunnavari festival—Vanapalli—In the month of Vaishaka. (3) Sri Lakshminarasimhaswamivari Kalyanam Antervodi village on Magha Sudda Ekadasi every year.
11 Amalapuram taluk.	(1) Sivarathri festival—Muktoswaram village in the month of Magha according to Telugu calendar. (2) Balayogi festival—Mummidivaram village on Sivarathri day. Balayogi gives public audience on this day.

III. *Educational institutions.*—A statement showing the particulars of the various kinds of educational institutions in each taluk of the district and their strength as on 31st March 1951 is furnished in *Annexure III.*

IV. *Industry*—(i) *Cottage and small-scale.*—A statement showing the important cottage and small-scale industries in each taluk and the approximate number of persons employed in them is furnished in *Annexure IV.*

(ii) *Large-scale industries.*—There are no large-scale industries in the Agency taluks of Nugur, Bhadrachalam, Rampachodavaram and Yellavaram and in Tuni taluk. The large-scale industries in the other taluks and the number of persons employed therein are furnished below :—

Nature of industry.	Number of Factories.	Number of persons employed.
Rajahmundry taluk—		
Paper Mill	1	472
Fruit Canning	1	81
Printing and Publishing	4	101
Engineering—General	15	784
Food except beverage	7	215
Tobacco	3	3,365
Basic metal industries and brass vessels.	24	400

Coach Building	3	129
Tobacco	2	207
Fibre works	18	467
Tile works	5	196
Razole taluk—		
Rice Mills	9	101

V. *Items of general importance.*—The headquarters of the district is at Kakinada.

Rajahmundry, Kakinada, Amalapuram and Poddapuram are the four Municipalities in the district.

There is an Agricultural Research Station at Samalkot.

Kakinada is a sea port. Coastal and ocean-going cargo vessels call at this port. There is a Sugar Factory at Pithapuram, called the Kirlampudi Sugar Factory. At Samalkot is situated the Deccan Sugar and Abkari Company, Limited, which manufactures sugar and the famous Parry's sweets. The concern is managed by Messrs. Parry and Company.

The Andhra Paper Mills are located at Rajahmundry.

Uppada, a seaside village in Pithapuram taluk is famous for its silk and handloom industry.

The Dowleshwaram anicut across the Godavari is one of the important irrigation works in the Madras State.

The Coringa Island Project in the Kakinada taluk which has been sanctioned by Government will bring under cultivation an area of 11,650 acres of waste land under wet cultivation.

The Gannavaram Aqueduct was recently constructed on the Vainatheyam Godavari for the extension of the Gannavaram main canal up to Sakkinetipalli lock. A cement concrete road admitting two-way vehicular traffic has been constructed on the side of the aqueduct thereby giving quick means of communication from Razole to Bobbarlanka and to Amalapuram taluk.

There are ancient temples at Draksharama and Kotipalli in Ramachandrapuram taluk. The annual festivals at these temples attract a large number of pilgrims.

Antarvedi in Razole taluk is a great pilgrim centre where the Kalyanam Festival of Lakshminarasimhaswami celebrated on Makha Suddha Ekadasi day every year attracts very large crowds from various parts.

Parnasala, Bhadrachalam and Sriramagiri in Bhadrachalam taluk are important places of pilgrimage situated on the banks of the Godavari. Pilgrims from all over India visit these places. Ryali Jagannathakesavaswamivari temple in Razole taluk is of historic and cultural importance and is visited by people from several parts.

There are ancient Buddhist Stupas at Adurru village in Razole taluk. These monuments are in a state of ruins.

2. EAST GODAVARI DISTRICT.

2. EAST GODAVARI DISTRICT.

PART I.

Section (i).

A. GENERAL POPULATION TABLES.

A-I—Area, Houses and Population.

This table shows for the rural and urban areas of each taluk and for the district, the area, the number of inhabited villages and towns, occupied houses and the total population with distribution by sex.

2. The district area shown in column (2) of this table is that supplied by the Surveyor-General of India. Area figures furnished by the Central Survey Office, Madras, have been adopted for the taluks. The total area of the taluks, as furnished by the Central Survey Office, Madras, shown within brackets in column (2), differs from the area of the district furnished by the Surveyor-General.

3. "Village" is the revenue administrative unit within defined boundaries. This table gives particulars in respect of all villages obtaining one or more groups of habitations. Villages with no habitations are not included in this table.

4. "Town" is a place of usually not less than 5,000 inhabitants, possessing distinct urban characteristics. Cantonments have been treated as forming part of the towns in which they are situated.

5. "House". Every dwelling with a separate main entrance has been treated as a house for census purposes.

2. EAST GODAVARI DISTRICT.

A-II—Variation in Population during fifty years.

This table compares the population of the district and of each taluk in the district as ascertained at the Census of 1951 with the corresponding figures of the five previous Censuses. The figures recorded at the previous Censuses have been adjusted for subsequent territorial changes, if any, in order to afford a correct basis for comparison. The

adjusted figures show the population of taluks and the district as constituted at present.

2. The main territorial changes that occurred during the decade is the transfer of Polavaram taluk from this district to West Godavari district.

2 EAST GODAVARI DISTRICT.

A-III—Towns and Villages classified by Population.

I This table shows the total number of inhabited towns and villages in each taluk of the district distributed on population basis under three main heads with sub-heads under each as follows:—

(1) Towns and villages with less than 2,000 population—

- (a) population with less than 500.
(b) population between 500 and 1,000.
(c) population between 1,000 and 2,000.

(2) Towns and villages with population of 2,000 to 10,000—

- (a) with population of 2,000 to 5,000.
(b) with population of 5,000 to 10,000.

(3) Towns and villages with population of 10,000 and above—

- (a) with population of 10,000 to 20,000.
(b) with population of 20,000 to 50,000.
(c) with population of 50,000 to 100,000.
(d) with population of 100,000 and above.

II. For definition of a "Town" and "Village" see fly-leaf to Table A-I.

2. EAST GODAVARI DISTRICT.

A IV—Cities and Towns classified by Population with variations since 1901.

This table shows the population and distribution of sex of cities and towns of the district at each of the last six enumerations.

2. The following towns have been treated as cities for the 1951 Census:—

(1) Kakinada.

(2) Rajahmundry.

3. The cities and towns have been arranged in this table according to their population in 1951 under the following six classes:—

Class.	Limit of population.
I	1,000,000 and over.
II	50,000 to 100,000.
III	20,000 to 50,000.
IV	10,000 to 20,000.
V	5,000 to 10,000.
VI	Under 5,000.

4. Where possible, the former population of places treated for the first time as towns in 1941 and at this Census, has been extracted from Village Statistics. Where this could not be done, the columns have been left blank.

5. The population of towns for previous Censuses are those then recorded. No adjustments have been made for intervening changes in area.

6. Municipality, Panchayat and Cantonment are indicated by the use of the letters (M), (P), (C), respectively within brackets.

7. Towns newly appearing at this Census have been printed in *italics*.

2. EAST GODAVARI DISTRICT.

A-V—Towns arranged Talukwise with Population by livelihood classes.

This table shows the analysis of the Urban population in towns by livelihood classes, instead of by communities as in the previous Census.

2. Under the Indian Census Economic Classification Scheme, the people have been divided into two broad livelihood categories, viz., Agricultural Classes and the Non-agricultural classes. There are four Agricultural classes and four Non-agricultural classes as shown below :—

(i) *Agricultural classes.*

I. Cultivators of land wholly or mainly owned; and their dependants.

II. Cultivators of land wholly or mainly unowned; and their dependants.

III. Cultivating labourers and their dependants.

IV. Non-cultivating owners of land; agricultural rent receivers; and their dependants.

(ii) *Non-agricultural classes.*

Persons (including dependants) who derive their principal means of livelihood from :—

V. Production (other than cultivation).

VI. Commerce.

VII. Transport.

VIII. Other services and miscellaneous sources.

3. In this table the figures for the agricultural livelihood classes I to III are not given separately but have been clubbed together.

4. The towns in each taluk of the district are arranged in the order of their population.

5. Municipality, Panchayat and Cantonment are indicated by the use of the letters (M), (P), (C), respectively within brackets.

6. For the definition of a "Town" see fly-leaf to Table A-I.

7. Towns newly appearing at this Census have been printed in *italics*.

2. EAST GODAVARI DISTRICT.

E—Summary Figures by Taluks.

The data contained in this table have been given for each taluk in the district.

2. The areas shown in column (2) of the table for the district and the taluk total are the latest figures furnished by the Central Survey Office, Madras. The areas given for "urban" are those furnished by the District Officers. The areas for "rural" have been obtained by deducting the figures for "urban" from those for district and taluk "total".

3. The district area furnished by the Surveyor-General, India, which has been shown in Table A-1, could not be adopted in this table as Talukwise figures have not been furnished by him. The district areas given by the Surveyor-General differ in varying degrees from those furnished by the Central Survey Office, Madras.

4. Previous census figures of population have been adjusted with reference to the merger of States, transfer of enclaves, and inter district transfers, if any. The rural and urban population figures have been taken as they were at the 1941 and 1931 Census and as they are at the present census, regardless of the changes of rural areas into urban areas and *vice versa* from census to census, for the purpose of calculating percentage variation between 1931 and 1941 and between 1941 and 1951. For calculating density for "rural" and "urban" for 1941, the areas of the towns newly formed at the present census rounded to the nearest square mile have been deducted from the areas given for urban in column (2) for 1951 and added to the areas given for "rural", in the districts and taluks where new towns have been recognized.

5. In respect of Nugur, Bhadrachalam, Rampachodavaram and Yellavaram taluks which have no urban areas, the figures represent the total alone.

Taluk.	Area in sq. miles.	Population.				Percentage Variation.		Density.	
		1951.		1941.		1941-51.	1931-41.	1951.	1941.
		Persons.	Males.	Females.	Persons.

2. EAST GODAVARI DISTRICT.

B-I—Livelihood classes and sub-classes.

This table shows by rural/urban break-up for each census tract in the district the distribution of population, sex-wise, among the eight livelihood classes and the three sub-classes, viz., self-supporting persons, non-earning dependants and earning dependants under each livelihood class into which the economic characteristics of the people have been classified under the I.C.E.C. Scheme—vide fly-leaf to Table A-V.

2. The areas comprised in each of the Census tracts into which this district has been delimited for the purposes of Census tabulation are given below :—

Rural Tracts.

Tract No. 22 Nugur and Bhadrachalam.	All the villages and panchayats not treated as Census towns in Nugur and Bhadrachalam taluks.
Tract No. 23—Rampachodavaram and Yellavaram.	All the villages and panchayats not treated as Census towns in Rampachodavaram and Yellavaram taluks.
Tract No. 24—Rajahmundry ..	All the villages and panchayats not treated as Census towns in Rajahmundry taluk.
Tract No. 25—Peddapuram.	All the villages and panchayats not treated as Census towns in Peddapuram taluk.
Tract No. 26—Pithapuram.	All the villages and panchayats not treated as Census towns in Pithapuram taluk.
Tract No. 27—Tuni ..	All the villages and panchayats not treated as Census towns in Tuni taluk.
Tract No. 28—Ramachandrapuram.	All the villages and panchayats not treated as Census towns in Ramachandrapuram taluk.
Tract No. 29—Kakinada ..	All the villages and panchayats not treated as Census towns in Kakinada taluk.
Tract No. 30—Razole ..	All the villages and panchayats not treated as Census towns in Razole taluk.
Tract No. 31—Amalapuram.	All the villages and panchayats not treated as Census towns in Amalapuram taluk.

Non-City Urban Tracts.

No. 4—Dowlaiswaram town in—Rajahmundry taluk, Ramachandrapuram, Mandapeta, Biccavola, Anaparty and Draksharama towns in Ramachandrapuram taluk, Samalkot town in Kakinada taluk.	
No. 5—Peddapuram, Yellawaram and Kirlamoudi towns in Peddapuram taluk, Pithapuram and Gollaprolu towns in Pithapuram taluk and Tuni town in Tuni taluk.	
No. 6—Razole and Kothapeta towns in Razole taluk, Amalapuram, Mummidiavaram and Machavaram towns in Amalapuram taluk.	

City Tracts.

No. 3—Rajahmundry City in Rajahmundry taluk.	
No. 4—Kakinada City in Kakinada taluk.	

E.G.—4A

3. The livelihood classification is based on the principal means of livelihood of the self-supporting persons, the principal means of livelihood for earning and non-earning dependants being the same as that of the self-supporting persons on whom they are dependant.

4. "The principal means of livelihood" is the means of livelihood which provides the largest or the major part of the income in the case of self-supporting persons who have more than one means of livelihood. In the case of other self-supporting persons, it is the only means of livelihood."

5. A person has been regarded as "self-supporting" if the income secured by the person is sufficient at least for his (or her) own maintenance at the level of living and adopted by him (or her) at the time of the Census. The income secured may be in cash or kind. Anyone who is not a "Self-supporting" person in this sense has been regarded as a dependant. An 'earning' dependant is a person who secures an income which is not sufficient to support him (or her). A person who does not secure any income either in cash or kind, is a 'non-earning dependant'.

6. The non-earning dependants include persons performing housework or other domestic or personal services for other members of the same family household, but do not include "unpaid family workers" or persons who take part along with the members of the family household in carrying on cultivation or a home industry as a family enterprise. These latter persons have been classed as either self-supporting or earning dependants according to the share of income attributable to them.

7. The self-supporting persons shown in Livelihood Class VIII include also persons who derive their income otherwise than through productive activity, i.e., persons coming under the following groups, details for which are given in the fly-leaf to Economic Table B-III :—

- (1) Persons living principally on income from non-agricultural property ;
- (2) Persons living principally on pensions, remittances, scholarships and funds ;
- (3) Inmates of jails, asylums, alms-houses and recipients of doles ;
- (4) Beggars and vagrants ; and
- (5) All other persons living principally on income derived from non-productive activity.

B-1—Livelihood classes and sub-classes.

• The areas comprised in each census tract are given in the fly-leaf prefixed to this table.

2. EAST GODAVARI DISTRICT.

B-II—Secondary means of livelihood.

This table gives for the district the number of persons, in each of the eight livelihood classes mentioned in Economic Table B-I, who possess a secondary means of livelihood; and cross classifies them (according to the nature of such means of livelihood) under the same eight livelihood classes.

2. The secondary means of livelihood shown for self-supporting persons is the means of livelihood next in importance to their principal means of livelihood. In respect

of earning dependants, it is the means of livelihood which provides the earning, or the largest part of their income if they have more than one source of income.

3. Non-earning dependants and self-supporting persons who have no secondary means of livelihood are excluded from this Table.

2. EAST GODAVARI DISTRICT.

B-III—Employers, Employees and Independent Workers in Industries and Services by Divisions and Subdivisions.

This table gives figures for each Census tract in the district. The areas comprised in each Census tract denoted by its number in Column (1) have been specified in the fly-leaf to Table B-I. In this table the Self-supporting persons in the four Non-agricultural Classes given in Economic Table B-I are distributed in the various divisions and subdivisions of Industries and Services under the Indian Census Economic Classification Scheme, according to their secondary Economic Status, namely, Employer, Employee, and Independent worker.

2. (An) Employer (is) is a person who employs other persons in order to carry on the business from which he secures his livelihood and pays them a salary or wage in cash or kind.

3. (An) Employee (is) a person who ordinarily works for some other person for a salary or a wage, whether in cash or in kind in order to earn his livelihood.

4. (An) Independent worker (is) a person who works on his own without being employed by anyone for a salary or wage and who does not also employ anyone else in order to earn his livelihood.

5. Under the New Indian Census Economic Classification Scheme all Employers and Independent workers have been classified with reference to the Commodity produced or services performed by them individually. As regards Employees, all persons engaged in Production, Commerce, or Transport (and not being Domestic servants) have been classified with reference to their own activity, and without reference to that of their employer. Domestic servants have been classified in one subdivision without reference to the nature of their work. All other employees (including all managerial and supervisory employees, clerical services, messengers, watchmen and unskilled labour of every description) have been classified with reference to the commodity produced or services rendered by their Employers.

6. The Non-agricultural classes classified in Economic Table B-I, correspond to the divisions and subdivisions into which they are distributed in this table as follows :—

Livelihood Class.	Divisions and Subdivisions of the I.C.E.C. Scheme.
Class V—Production other than cultivation.	Division 0. Primary Industries not elsewhere specified. Division 1. Mining and Quarrying. Division 2. Processing and Manufacture of Foodstuffs, Textiles, Leather and products thereof. Division 3. Processing and Manufacture—Metals, Chemicals and Products thereof. Division 4. Processing and Manufacture—Not elsewhere specified.
Class VI—Commerce.	Division 6. Commerce.
Class VII—Transport.	Subdivisions 7-0 to 7-4 of Division 7.—Transport, Storage and Communications.
Class VIII—Other Services and Miscellaneous sources.	Division 5. Construction and Utilities. Division 7.—Transport, Storage and Communications with the exception of subdivisions 7-0 to 7-4. Division 8.—Health, Education and Public Administration; and Division 9. Services not elsewhere specified.

Class VIII also includes persons who derive their principal means of livelihood from miscellaneous sources (otherwise than through economic activity), e.g., income from investment's, pensions and family remittances, proceeds of begging and other unproductive activities. These are not, however, included in this table as it is limited to economically active persons engaged in Industries and Services. Hence there will be difference to this extent between the total self-supporting persons of the Non-Agricultural class in Economic Table B-I and the total of this table. The reconciliation will be effected by adding the figures given in the next paragraph.

7. Details of persons who derive their principal means of livelihood otherwise than through productive activity and who are included under livelihood Class VIII mentioned in the Fly-leaf to Economic Table B-I are given below :—

2. EAST GODAVARI DISTRICT.

SMALL-SCALE INDUSTRIES TABLES.

I—Distribution of Small-scale Industries by Tracts.

This table gives for each census tract, the number of small-scale industrial establishments under categories, non-textile and textile, with details for perennial and seasonal establishments.

2. The table covers only those establishments, to which the Factories Act does not apply. It relates, therefore, to all a sociate activities, where articles are produced, repaired or otherwise treated for sale, use or for col. 1 have been given in the Fly-leaf to Table B-I.

Tract No.	Total number of establishments.			Number of non-textile establishments.			Number of textile establishments.			Number of textile establishments.			
	Total.	Non-textile.	Textile.	Perennial (nine months and over).	Six months and over but less than nine months.	Three months and over but less than six months.	Perennial (nine months and over).	Six months and over but less than nine months.	Three months and over but less than six months.	Less than three months.	Less than three months.	Less than three months.	Less than three months.

INFIRMITY.

Incidence of Leprosy.

This table shows for each taluk in the district the incidence of Leprosy among the Population, males and females, by the eight livelihood classes. 3. Information regarding the number of leprosy cases and doubtful cases in each village/town of each tract has been given in the appropriate Rural and Urban Statistics.

2. Figures are given separately for Leprosy cases and Doubtful cases. The former refers to clear cases of Leprosy while the latter to suspected cases of Leprosy.

2. EAST GODAVARI DISTRICT.

Section (ii).

Rural Statistics.

This is an abstract giving a complete list of villages and towns in each taluk in the district with sex-wise distribution of population in each livelihood class in the villages alone. Among the other items of statistical information furnished, those relating to occupied houses, households, inmates of institutions and houseless persons and literates, were obtained from the National Register of Citizens prepared for each village from the information recorded in the enumeration slips. Village-wise statistics of textile and non-textile establishments collected in the course of the Census of Small

Scale Industries and the number of leprosy cases and doubtful cases are also given in the abstract.

2. For detailed explanation of the livelihood classes I to VIII see fly-leaf of general population Table A-V.

3. The areas included in each Census tract in the district has been furnished in the fly-leaf to Table B-I.

4. A list of villages with a population exceeding 5,000 but treated as rural is given as an appendix.

Names of villages with a population exceeding 5,000 but treated as rural.

2. EAST GODAVARI DISTRICT.

PART II

C—HOUSEHOLD AND AGE (SAMPLE) TABLES.

C-I—Household (size).

This table has been prepared in respect of a population covering the members of sample households selected from the entries in the National Register of Citizens on the basis of one household for every one thousand households. The sample households selected include roughly every tenth household in every hundredth House-numbering block in the rural areas and every fiftieth household in every twentieth House-numbering block or locality in urban areas.

2. The Agricultural and the Non-Agricultural classes refer to the four agricultural and the four non-agricultural classes given in Table A-V. The Backward Classes include

the Scheduled Castes, the Scheduled tribes and other classes not treated as non-backward by the State Government for the purpose of 1951 Census. Anglo-Indians are included among the non-backward classes.

3. Columns (2) to (5) of the table relate to all the households and household population in the entire district while columns (6) to (17) relate to the sample households selected.

4. The figures have been given for each Census Tract in the district denoted by its number in column (1). The areas covered by each census tract have been given in the fly-leaf to Table B-I.

Tract No.	Total number of households.	Total number of household population.			Total number of sample households.	Sample households.

2. EAST GODAVARI DISTRICT.

C-II—Livelihood Classes by Age-groups.

This table shows the livelihood distribution by age-groups for rural, urban and district totals in respect of a sample population based on a ten per cent sample taken out when the enumeration slips were initially sorted. The ten per cent sample was taken out as follows :—

Each enumeration pad which consisted generally of 100 enumeration slips was broken and the slips relating to displaced persons which had been noticed during the process of the preliminary scrutiny were removed from the pack of slips for being dealt with separately. The pack was then “cut” as in a card-game. The lower portion was placed above the upper portion and the slips were

dealt into two pigeon-holes one marked “G” and the other marked “S” as follows :—

The first five slips were placed in the pigeon-hole “G.” then one slip was placed in the pigeon-hole “S.” Thereafter for every nine slips placed in the pigeon-hole “G.” one slip was placed in the pigeon-hole “S” until the total number of slips left was less than 9 and these residuary slips were all put into hole “G.” All the slips contained in the pigeon-hole marked “S” were taken out, counted and marked as ‘Sample’ slips.

No smoothing formula has been adopted in preparing the table as in previous Censuses and the figures have been tabulated as actually returned in suitable age-groups.

The figures under age ‘0’ represent infants below one year.

2. EAST GODAVARI DISTRICT.

C-IV—Age and Literacy.

This is yet another table prepared in respect of the ten per cent samples of the general population. (vide fly-leaf to Table C-II).

2. Age groups 0 and 1 to 4 given in Table C-II have been combined into one age group, and the age group 5 to 14 has been split into two sub-groups 5 to 9 and 10 to 14. Persons of age-group 0 to 4 are treated as illiterate.

3. The figures are given for each Census tract in the district denoted by its number in column (1). The areas covered by each Census tract have been specified in the fly-leaf to Table B-I.

4. 'Literates' are those who are able to read and write a simple letter in any language.

5. Persons who are partly literate, i.e., persons who are able to read only, have been included among the illiterates. Details for such persons are given below :—

Tract No. (1)	Total.			Age 5—9.		Age 10—14.		Age 15—24.		Age 25—34.

2. EAST GODAVARI DISTRICT.

D—SOCIAL AND CULTURAL TABLES.

D-I—Languages.

(i) *Mother-tongue.*

This table shows for each Census tract in the district, denoted by its number in column (1) the languages spoken as mother-tongue and the number of persons speaking each one of them. The areas covered in each Census tract have been specified in the fly-leaf to Table B-1.

2. Mother-tongue means the language spoken by the person from the cradle. In the case of infants and deaf-mutes the mother-tongue of the mother is taken as the mother-tongue.

2. EAST GODAVARI DISTRICT.

D-II--Religion.

This table shows for each Census tract denoted by its number in column (1) the distribution of population sexwise among the major religions, namely, Hindus, Sikhs, Jains, Buddhists, Zoroastrians, Muslims, Christians and Jews. The other religions are classified into tribal and non-tribal and only the totals are given in the table.

2. The areas comprised in each Census tract have been specified in the fly-leaf to Table B-I.

3. The details for religions other than the major religions, i.e., tribal and non-tribal are given below :--

EAST GODAVARI DISTRICT.

D-III—Scheduled Castes and Scheduled Tribes.

This table furnishes the numbers of the Scheduled Castes and Scheduled Tribes sexwise enumerated in each Census tract (rural or urban) in the district.

2. The areas covered by each Census tract denoted by its number in column (1) have been given in the fly-leaf to Table B-I.

3. List of Scheduled Castes relating to Madras State as given in "The Constitution (Scheduled Castes) Order, 1950" is given below :—

1. Adi-Andhra.	21. Dom or Dombora, Padi,	39. Kudumban.	58. Pallana.
2. Adi-Dravida.	Pano.	40. Kusavati.	59. Parabada.
3. Adi-Karnataka.	22. Ghasi, or Hoshi, Reddi	41. Kucheban.	60. Parudi.
4. Ajila.	Sachandhi.	42. Madari.	61. Panam.
5. Arunthathiyar.	23. Gadagati.	43. Madiga.	62. Paruchama.
6. Baira.	24. Godara.	44. Maila.	63. Pannandi.
7. Bakula.	25. Godda.	45. Mala (including Agency	64. Panayan.
8. Bandi.	26. Gosangi.	Malas).	65. Parayan.
9. Bariki.	27. Haba.	46. Mala Dasu.	66. Pelayan.
10. Bayam.	28. Holaya.	47. Mahasani.	67. Pathirar Vannan.
11. Bellara.	29. Jagoli.	48. Matangi.	68. Ranayan.
12. Byagari.	30. Jambuvulu.	49. Mayilan.	69. Samagaru.
13. Chachati.	31. Kadon.	50. Moger.	70. Samban.
14. Chakkiliyan.	32. Kalladi.	51. Mochi.	71. Sapara.
15. Chahavadi.	33. Kamakkan.	52. Mundala.	72. Semman.
16. Chamar.	34. Karimpalam.	53. Nadeyaya.	73. Thori.
17. Chandala.	35. Kodabo.	54. Nayadi.	74. Tiruvalluvan.
18. Cheruman.	36. Kosu.	55. Pagadai.	75. Valluvan.
19. Darvasi.	37. Koraga.	56. Ponda.	76. Valmiki.
20. Devanabakulathan.	38. Kudubi.	57. Pakya.	77. Vettuvan.

4. List of Scheduled Tribes relating to Madras State as given in "The Constitution (Scheduled Tribes) Order, 1950" is given below :—

1. Arunadan.	11. Halva.	27. Kurumans.
2. Bagata.	12. Jadapa.	28. Manna Dhora.
3. Bhottadas—Bodo Bhottada, Muria Bhottada and Sano Bhottada.	13. Jatapus.	29. Mauna.
4. Bhumas—Bhuri Bhumia, and Bodo Bhumia	14. Kammara.	30. Mukha Dhora—Nooka Dhora.
5. Chenchu.	15. Kattunayakan.	31. Muria.
6. Gadabas—Boda Gadaba, C. rllam, Gadaba, Franji Gadaba, Jolia Gadaba, Olaro Gadaba, Pangi Gadaba and Pranga Gadaba.	16. Khattis—Khatti, Kommarao and Lohura.	32. Paigarapu.
7. Gondi—Modya Gond and Rajo Gond.	17. Kodu.	33. Palasi.
8. Goudus—Bato, Bhirithya, Dudhokouria, Hato, Jatako and Joria.	18. Kommar.	34. Panayan.
9. Kosalya Goudus—Bosothoraya Goudus, Chitti Goudus, Cangayath Goudus, Doddu Kamariya, Dudu, Kamaro, Ladiya Goudus and Pullosoriya Goudus.	19. Konda Dhoras.	35. Porjas Bodo Bonda, Daruva, Didua, Jodia, Mundili, Pengu, Pydi and Saliya.
10. Magatha Goudus—Bernia Goudu, Bodo Magatha, Dongayath Goudu, Ladiya Goudu, Ponna Magatha and Sano Magatha.	20. Konda Kapus.	36. Reddi Dhoras.
	21. Kondareddis.	37. Savaras—Kapu Savaras, Khutto Savaras and Maliya Savaras.
	22. Kondhs—Dasaya Kondhs, Dongria Kondhs, Kuttiya Kondhs, Tikirja Kondhs and Yenity Kondhs.	38. Sholaga.
	23. Kota.	39. Toda.
	24. Kotia—Bartika, Benthe Oriya, Dhulia or Dulia, Halva Paiko, Putiya, Sanrona and Sidho Paiko.	40. Inhabitants of the Lacadive, Minicoy and Amindivi Islands who, and both of whose parents, were born in these islands
	25. Koya or Goud with its subsects—Raja or Rasha Koyas, Lingadhari Koyas (ordinary) and Kottu Koyas.	
	26. Kudiya.
