P R E F A C E

The Government used to compile and publish District Manuals for each district prior to 1905. The manuals became obsolete within a few years of their publication, containing as they did not only matter of a more or less permanent character such as physical characteristics, history, religion and ethnography, as also statistical matters which soon became out of date. The Government decided to replace the District Manuals by another publication known as the District Gazetteer, consisting of two volumes, A and B. The A volume contained descriptive matter and such general figures, as might be necessary to explain the text, and the B volume contained detailed statistics. They also decided that the B volume should be brought out periodically, especially after each decennial census. Between 1905 and 1927 A volumes for thirteen districts were published. In 1927 they were discontinued. B volumes for all the districts were published between 1906 and 1915. They were continued to be published even after the 1931 census. They were not published after the 1941 census.

Village Statistics, containing the results of the census for every village in the State, were first compiled and published in 1872, at the instance of Mr. C. E. Gover, who was then the Census Officer in Madras. His successor, in 1882, considered that this publication led to needless expenditure and trouble in printing the tables villagewar, but the Government decided that the Village Statistics should continue to be published. The practice of issuing Village Statistics at every census was followed subsequently. The Village Statistics merely showed the number of occupied houses and population of each village and town by religions.

The idea of preparing the present volume, viz., the District Census Handbook for each district was put forward by Sri R. A. Gopalaswami, I.C.S., Registrar-General, India, and ex-officio Census Commissioner of India, as part of a plan intended to secure an effective method of preserving the census records prepared for areas below the district level. He proposed that all the district census tables and census abstracts prepared during the process of sorting and compilation should be bound together in a single manuscript volume, called the District Census Handbook, and suggested to the State Governments that the handbook (with or without the addition of other useful information relating to the district) should be printed and published, at their own cost, in the same manner as the Village Statistics in the past. In accepting this suggestion, the Government of Madras decided to print and publish the more important portion of statistical data relating to the district and to preserve the rest of the records in a manuscript volume for any future use, to which they may be put.

2. The statistical data embodied in the District Census Handbook have to be understood from the background of the changes introduced in the 1951 census. The most important and fundamental change introduced in the 1951 census consists in the substitution of an economic classification of the people for the classification based on Religion and Communities

adopted in the past. The people were divided into two broad livelihood categories, the Agricultural and Non-Agricultural. Four agricultural classes and four non-agricultural classes were prescribed as shown below :—

Agricultural Classes—

- I. Cultivators of land, wholly or mainly owned, and their dependants,
- II. Cultivators of land, wholly or mainly unowned, and their dependants,
- III. Cultivating labourers and their dependants,
- IV. Non-cultivating owners of land, agricultural rent receivers and their dependants.

Non-Agricultural Classes—

Persons (including their dependants) who derive their principal means of livelihood from—

- V. Production other than cultivation,
- VI. Commerce,
- VII. Transport, and
- VIII. Other services and miscellaneous sources.

Each of the above eight livelihood classes were divided into three sub-classes with reference to their economic status as below :—

- (i) Self-supporting persons,
- (ii) Non-earning dependants, and
- (iii) Earning dependants.

These livelihood sub-classes have been defined in detail in the fly-leaf notes attached to Economic Table B-I included in this Handbook.

All non-earning dependants are economically passive, all earning dependants are economically semi-active. All self-supporting persons are ordinarily economically active, but the classes and groups specified below constitute an exception to this rule :—

- (1) Self supporting persons of Agricultural Class IV,
- (2) Self-supporting persons of Livelihood Class VIII, who derive their principal means of livelihood from any source other than through economic activity, viz.—
 - (a) Non-working owners of non-agricultural property ;
 - (b) Pensioners and remittance holders ;
 - (c) Persons living on charity and other persons with unproductive occupations ;
 and
 - (d) Inmates of penal institutions and asylums.

Economically active persons engaged in cultivation are either cultivators or cultivating labourers. Economic Table B-I gives particulars of the population classified according to eight livelihood classes and three sub-classes mentioned above.

Economically active persons engaged in industries and services have been classified with reference to the nature of the commodity produced or service performed. They are further divided into three sections, viz., Employers, Employees and Independent Workers.

Economic Table B-III gives particulars of the economically active persons classified under the divisions and subdivisions of industries and services of the Indian Census Economic Classification Scheme.

Table C-I included in this Handbook covers the population of sample households and Tables C-II and C-IV cover a 10 per cent sample population. The method adopted for extracting these samples has been described in detail in the fly-leaf notes attached to the relevant tables.

3. *Scheme of the Census Handbook.*—The Handbook has been divided into two parts ; Part I consists of three sections, namely, Section (i) containing the general population tables (A series), the Economic Tables (B series), Summary figures for Taluks (Table E), Tables I, II and III relating to Small-scale Industrial establishments and Table L showing the Incidence of Leprosy ; Section (ii) containing the Rural statistics, and Section (iii) containing the Urban statistics ; and Part II containing the Household (size) Table C-I, and Tables showing Livelihood classes and Literacy by Age-groups (C-II and C-IV), the Social and Cultural Tables (D series) and an abstract of non-agricultural occupations in the district. Among the tables included in the Handbook, Table A-IV—Towns classified by population with variations since 1901, Economic Table B-II—Secondary means of livelihood under each livelihood class and Table C-II—Livelihood classes by age-groups furnish information at the district level. The other population tables in the A series, the summary figures for taluks (Table E) and the Infirmity (Table L) showing the incidence of leprosy furnish information for each taluk in the district with a district total. The rural statistics in Part I—Section (ii) furnish basic information in respect of every village and town arranged according to census tracts. In addition to the total population of the villages, and its distribution among the eight livelihood classes, information regarding the number of literates, the cultivated area, the number of small-scale industrial establishments under categories, textile and non-textile and the number of leprosy cases and doubtful cases has been included.

The Urban statistics in Part I, Section (iii) furnish similar information except that relating to cultivated area in respect of every unit classified as city or census town in the district with ward-wise data. All other tables included in the Handbook provide information for units called census tracts with totals for the district.

4. *Census Tracts.*—A distinctive feature of the census statistics is its rural urban break up designed with a view to compare the conditions and characteristics of the rural and urban population. The rural areas of each district were therefore kept distinct from the urban areas. For facilitating tabulation these areas were divided into a number of rural and urban tracts. As far as possible, the rural area in each taluk was constituted into a single rural tract. In a few cases however where the taluks were small in size with reference to their population, the rural areas of more than one taluk were taken together as a single rural tract. The urban tracts have been formed out of areas declared as cities and census towns in each district. Every city was treated as a separate tract. Towns other than cities were grouped together to form non-city urban tracts. Wherever possible, the towns in each taluk were constituted into a single non-city urban tract. In cases where the towns in a taluk had a population of less than 50,000 the towns in more than one taluk were grouped

together to form a non-city urban tract. All the rural tracts in the State have been assigned numbers in one series, the non-city urban tracts in another series and the city tracts in a third series. In all the tables where the data have been furnished for tracts, the tracts have been denoted by numbers that have been assigned to them. A list of tracts into which the district has been divided and the areas comprised in each is furnished in the fly-leaf note to Economic Table B-I relating to the district.

The districts, taluks and villages mentioned in the Tables and Abstracts have been shown along with the census location code numbers assigned to them for purposes of census operations.

The numbers given to the Tables in this publication correspond to those given in the State Census Report.

Elaborate notes explaining the scheme of each Table have been introduced in the fly-leaf notes attached to each with a view to enable the reader to get a precise idea of the data furnished in the Table.

5. *Tables relating to Small-scale Industries.*—In the year 1950 a census of Small-scale Industries was instituted under the orders of the Government. The object was to get some idea about small industries such as cottage and home industries, small establishments, workshops, etc., where articles were produced, repaired or otherwise treated for sale, use or disposal and small mines. The enquiry was confined to establishments to which the Factories Act was not applicable. Individuals who worked on their own and did not employ other people were left out of account. From the data collected three Tables were prepared and they have been included in the Handbook. Information giving village-wise and ward-wise information for Small-scale Industries have been incorporated in the rural and urban statistics. The details collected and embodied in the Tables are not to be considered accurate or exhaustive, as the enumeration staff employed had not been trained for the purpose and some cases of under enumeration were noticed. However, the figures given in the Tables may be sufficient to give an insight into the nature of the industries prevalent in the different parts of the district.

6. Opportunity has been taken to put in a short introductory note detailing the salient points connected with the district, such as the physical features, climate, rainfall, irrigation and drainage facilities, roads and other communications, crop statistics, education, industries and other matters of general interest. The information contained in the introductory note is based on the materials furnished by Collectors of districts and Departments of Government. The District Gazetteer was also freely referred to. The relevant paragraph of the 1951 Census Report discussing the growth of population in the district has also been incorporated in the proper place.

A district map showing taluk boundaries, physical features, important roads and places with a population exceeding 5,000 is also attached.

It is hoped that this Handbook will serve as a book of reference on matters relating to the district and that it will be found useful both by Departments of Government and the public.

J. I. ARPUTHANATHAN,
Superintendent of Census Operations, Madras.

21. RAMANATHAPURAM DISTRICT.

INTRODUCTION TO RAMANATHAPURAM DISTRICT

I. (a) *Situation and physical characteristics.*—The Ramanathapuram district lies between 9° 5' and 10° 25' of the northern latitude and 77° 20' and 79° 28' of the eastern longitude. The district was constituted in 1910, portions of the Old Madurai and Tirunelveli districts having been taken to form the new district. It is bounded on the north by the districts of Madurai,

Tiruchirappalli and Tanjore. The Palk Bay skirts it on the east. The Gulf of Mannar and Tirunelveli district are on its southern boundary. The United State of Travancore and Cochin abuts the district on the west on its south-western corner. The district consists of nine taluks comprised in three Revenue Divisions as detailed below:—

Name of revenue division.	Headquarters of the revenue division.	Taluks comprised in the revenue division.	Area of taluk (square miles).	Headquarters of the taluk.
1 Devakottai	Devakottai	1 Tirupattur	567	Tirupattur.
		2 Sivaganga	657	Sivaganga.
		3 Tiruvadanai	548	Tiruvadanai.
2 Sivakasi	Sivakasi	1 Srivilliputtur	437	Srivilliputtur.
		2 Sattur	580	Sattur.
		3 Aruppukkottai	615	Aruppukkottai.
3 Ramanathapuram	Ramanathapuram	1 Paramakudi	440	Paramakudi.
		2 Mudukalathur	647	Mudukalathur.
		3 Ramanathapuram	334	Ramanathapuram.
Total			4,825	

The district lies on the sea-coast with a projection into the west wedging between Madurai and Tirunelveli districts. The taluks of Srivilliputtur, Sattur and Aruppukkottai are situated from west to east in this projection. Mudukalathur and Ramanathapuram taluks are on the south above the Gulf of Mannar. The Ramanathapuram taluk narrows down towards the east and extends into the sea between the Gulf of Mannar on the south and the Palk Bay in the north terminating in the island of Rameswaram which is separated from the mainland by the Pamban passage. Tiruvadanai is another sea coast taluk.

The Western Ghats lie on the western and the northern parts of Srivilliputtur taluk. They are continuations of the Main Ghats lying in the United State of Travancore-Cochin. Low hills skirt their base with higher undulating hills in their rear. Along the sky-line the range is about 5,000 feet in elevation. Except for this range and a few detached hills such as the Piranmalai in Tirupattur taluk, the district is an uninteresting plain presenting few natural features. Sattur taluk and a large portion of Aruppukkottai taluk are black cotton plains. There are extensive sandy belts on the coast. The submarine extensions in the east are marked by numerous reefs, shoals and coral islands. The most famous of these are the island of Rameswaram and the Adam's Bridge. The general character of the coast, the rapid growth of the Dhanushkodi Promontory, and the existence of

raised beaches at Mantapam with fresh coral adhering to them indicate that this part of the country is extending rapidly. The country generally slopes in a south-easterly direction.

(b) *Rivers.*—The Vaigai is the chief river in the district. It enters the district in Sivaganga taluk and flows in a south-easterly direction across Sivaganga, Paramakudi and Ramanathapuram taluks and empties itself into the Ramanathapuram tank the surplus of which flows into the sea near Uchipuli.

The Arjuna Nadi and Sevalaperi rivers flow across Srivilliputtur and Sattur taluks and join the Vaippar in the latter taluk and enter the Tirunelveli district 14 miles east of Sattur.

The Mudangiar is a drainage channel in Srivilliputtur taluk and the Uppodai is a drainage channel in Sattur taluk.

The Vijaya Nadi and Mannarkottai Nadi are two affluents of the Arjuna Nadi in Sattur taluk.

The Gundar flows through Aruppukkottai and Mudukalathur taluks and enters the Gulf of Mannar.

The Kanal odai is a drainage channel in Aruppukkottai taluk.

The Manimuthar and the Tenar rivers flow through Tirupattur and Tiruvadanai taluks. The former is known as the Virasuli river in the latter taluk.

The Sargunaiar drains some of the Periyar fed areas of Madurai district and flows on the north of Sivaganga taluk and thence across Tiruvadanai taluk feeding several tanks along its course.

The Pambar is another river in Tiruvadanai taluk.

The Uppar river takes its source in the eastern boundary of Madurai district and joins the Vaigai near Manamadurai in Sivaganga taluk.

Name of taluk.	Reserve forest.	Estate forest taken over.	Estate forest not taken over.	Private forest.	Total.
Tirupattur	..	38-28	Not known.	Not known.	38-28
Sivaganga	..	20-28	Do.	Do.	20-28
Tiruvadanai	..	2-42	Do.	Do.	2-42
Srivilliputtur	72-411	..	11-72	3-84	87-971

Ramanathapuram	..	..	Do.	Do.	..
Total ..	72-411	71-94	11-72	3-84	159-911

The reserve forest in Srivilliputtur taluk contains scrub jungle and deciduous species. The estate forests in all the taluks are also of the denuded type.

The Kṛithamal river takes off from the Vaigai near Madurai, passes through Sivaganga taluk, enters the Mudukalathur taluk and after absorbing a small rivulet named Paralaiar, discharges itself into the Ragunathakaveri near Perayar.

(c) *Forests.*—The particulars of area and classification of forests in each taluk of the district are given below :—

The private forests in Srivilliputtur taluk contain cardamom plantations.

(d) *Climate.*—The district as a whole is very dry. The heat is mitigated to some extent by the sea breeze in the coastal areas. April to June are the hottest months. There is some rainfall during the north-east monsoon.

The particulars of the average annual rainfall and the average number of rainy days in a year in each taluk are furnished hereunder—

Name of taluk.	Average annual rainfall in inches.	Average number of rainy days in a year.
Tirupattur	37-32	51-8
Sivaganga	33-85	47-3

A statement showing the monthly mean of daily maximum and daily minimum temperature, highest recorded and lowest recorded temperature and monthly

For the year ..	87.7	77.7	99	67	37.14	86.8	78.5	94	70	40.04

(e) *Soils.*—The district consists of a large expanse of laterite or red soil with black cotton soil in the southern half, i.e., Sattur, Aruppukkottai, Mudukalathur and Ramanathapuram taluks. The coast is fringed with sand dunes with swamps at their back.

(Srivilliputtur hills consist of schistose rocks of Archæan age with di-basic intrusions. Traces of graphite are common.) The percentage distribution of soils, in the taluks of the district is furnished below :—

Taluk.	Wet.				Dry.			
	Black loam.	Black sand.	Red loam.	Red sand.	Black loam.	Black sand.	Red loam.	Red sand.
Srivilliputtur	7-0	..	2-0	..	63-0	1-0	24-0	3-0
Sattur	2-2	0-4	..	..	81-4	1-2	1-4	13-4
Aruppukkottai	18-9	3-3	1-6	1-8	55-3	1-0	3-7	14-5
Paramakudi	..	34-5	..	..	..	65-5	..	..
Tiruvadanai	..	24-0	..	..	..	76-0	..	..
Mudukalathur	..	..	..	..	37-4	..	..	62-6
Sivaganga	..	..	37-8	..	..	..	62-2	..
Ramanathapuram	9-0	..	18-0	..	43-5	..	1-0	28-5

Srivilliputtur and Sattur taluks consist of black loam with a strip of red soil along the foot of the hills. The black cotton soil is perhaps an alluvial deposit overlying a substratum of Kankar. The red soils are poor but are fertile where irrigation exists.

(f) *Irrigation and drainage facilities and liability to famine.*—There are no perennial rivers. The chief irrigation sources are the Vaigai, the Vaippar and the Arjuna Nadi. There are hill streams and rainfed tanks. Wells are also used for irrigation.

Tirupattur taluk.—A few tanks only are fed by rivers; all the rest depend on rain. The fortunes of the ryots are dependant on the character of the seasonal conditions. Droughts are common.

Sivaganga taluk.—There are a few tanks in the Vaigai basin. Most of the tanks in the taluk are rainfed and their ayacut is greater than the capacity of the tanks. The tanks therefore require several fillings. The rivers Uppar and the Sarugani feed some tanks in the taluk. Several wells have been sunk to supplement tank irrigation.

Tiruvadanai taluk.—There are 24 riverfed tanks. The other tanks are all rainfed.

Srivilliputtur taluk.—The hill streams from the Ghats provide some irrigational facilities to villages at the base of the hills; the rest of the taluk depends on rainfed tanks. The taluk has the largest number of wells for irrigation. Failure of seasonal rains causes distress.

Sattur taluk.—There are three major tanks and the rest are precarious minor irrigation tanks under which only one crop is raised.

Aruppukkottai taluk.—Ten tanks are fed by the Gundar river, and one by the Girudamal Nadi. The rest are rainfed tanks. The people have to depend upon rainfall for the success of their crops.

Ram.—2A

Paramakudi taluk.—There are 70 riverfed tanks. The rest are rainfed tanks requiring two or three fillings for the crop to mature. Continued rainfall is necessary to provide two or three fillings and this rarely happens. Hence frequent failure of crops occurs.

Mudukalathur taluk.—There are 47 riverfed tanks and 528 rainfed tanks. The rainfall is scanty and failure of crops occurs frequently. The ryots migrate to Tanjore district during harvest seasons.

Ramanathapuram taluk.—There are thirteen riverfed tanks; the others are rainfed requiring two to three fillings to enable the ryots to raise a successful crop. The rainfall is generally scanty and it is difficult to get successful crops.

On the whole, the district depends upon seasonal rains. The rainfall has been poor for the past four or five years and distress conditions have resulted.

The particulars of the number of minor irrigation sources and their ayacut in respect of the tracts not covered by the estates taken over and the ayacut of major irrigation sources are furnished below :—

Name of taluk.	Number of minor irrigation sources.	Ayacut of minor irrigation sources.	Ayacut of major irrigation sources.
		ACS.	ACS.
Tirupattur	..	..	9,330-25
Sivaganga	2	18	39,763-45

Ramanathapuram	7	306	21,159-94
Total	342	25,310	155,322-73

(g) *Food and commercial crops.*—Paddy is the chief food crop. Millets are also grown but in smaller extents. Groundnut and cotton are the chief commercial crops.

A statement showing the area cultivated with food crops, pulses and commercial crops in each taluk for the year 1948-49 which is the most recent normal year for the district is furnished in *Annexure I*.

Name of taluk.	National Highways (miles).	Provincial Highways (miles).	Major district roads (miles).	Other district roads (miles).	Village roads (miles).	Total (miles).
Tirupattur	..	16	107	79	79	281

Ramanathapuram	8	..	31	24	17	80
Total ..	95	71	546	233	221	1,166

The Municipal roads, the Major district roads and the other district roads are kept in good condition but not the village roads. The National Highways and Provincial Highways are in satisfactory condition.

There are adequate communications in Srivilliputtur and Sattur taluks and in what is known as the "Chettinad Area" in Tirupattur taluk. The communication facilities in Tiruvadanai, Mudukalathur and other taluks are inadequate.

(ii) *Railways.*—There are 226½ miles of metre gauge railway of the Southern Railway traversing the district.

The main line from Madras to Dhanushkodi runs through the taluks of Tirupattur, Sivaganga, Paramakudi and Ramanathapuram and terminates at Dhanushkodi. A line branches off to Rameswaram from Pamban on the main line.

A line from Madurai connects with the main line at Manamadurai junction in Sivaganga taluk.

(h) *Communications*—(i) *Roads.*—Several roads from the district lead to Madurai, Tirunelveli and Tiruchirapalli districts. There are 1,388 miles of roads in the district including 222 miles of Municipal roads. Their taluk-wise distribution and classification except in the case of Municipal roads is given below :—

The south-east line from Tiruchirapalli to Tuticorin traverses the taluks of Sattur and Aruppukkottai.

A chord line branches off from the south-east line at Virudhunagar in Sattur taluk and proceeds to Tenkasi in Tirunelveli district across Sattur and Srivilliputtur taluks. A line recently laid connects Karaikudi with Arantangi in Tanjore district.

There is an out agency for parcels and goods at Aruppukkottai served by Virudhunagar station. There is an out agency for parcels and goods at Devakottai town served by Karaikudi station. There is an out agency for passengers, luggage, parcels and goods at Karaikudi town served by Karaikudi station. There is an out agency for parcels and goods at Tirupattur served by Karaikudi station. The taluk headquarters of Sivaganga, Paramakudi, Ramanathapuram, Sattur and Srivilliputtur have railway communications.

(iii) *Posts and Telegraphs.*—The particulars of the number of Post and Telegraph offices in each taluk are given below :—

II. (a) (i) *Growth of population.*—The particulars of population of the district and the taluks in 1941 and 1951 and the percentage of variation are furnished below :—

Name of district and taluk.	Population.		Percentage of variation.
	1941.	1951.	
Ramanathapuram district.	1,990,681	2,080,519	4.5
Tirupattur	281,988	296,868	5.3
Sivaganga	225,436	232,953	3.3
Tiruvadanai	180,299	185,624	3.0
Srivilliputtur	261,449	303,662	16.1
Sattur	278,877	314,944	12.9
Aruppukkottai	229,284	242,777	5.9
Paramakudi	178,680	181,593	1.6
Mudukalathur	198,549	158,125	-20.4
Ramanathapuram	156,119	163,979	5.0

"The recorded population has registered a low increase of 4.5 per cent, as compared with 7.6 per cent during the previous decade.

Sattur and Srivilliputtur are the best taluks in this district from the point of view of agriculture and they are also important from the point of view of industry and trade. The increase of 12.9 per cent in Sattur and 16.1 per cent in Srivilliputtur are therefore fully explicable. In Sattur, Sivakasi and Virudhunagar, all in Sattur taluk, there are many Match factories and they are also important trade centres. In Srivilliputtur taluk, Rajapalayam has grown as an industrial and trade centre, and there are also a few textile mills here. It is also a large handloom weaving centre. It has attracted a large number of immigrants from the adjoining dry areas in Tirunelveli district. In the rest of the district, the rainfall is always poor and precarious and these areas have been hit hard by the failure of the North-east monsoon since 1947-48, with the result that there was a large scale emigration of labouring classes to the adjoining districts of Madurai, Tiruchirapalli and Tanjore. There is also considerable migration from these taluks to Ceylon. These factors explain the low increases in these taluks. Mudukalathur has shown a large decrease to the extent of 20.4 per cent. The factors which have contributed to this are the adverse seasonal conditions referred to above and the prevalence of smallpox and cholera in an epidemic form in October 1950; both those factors leading to emigration on a large scale to adjoining districts. This is also a backward and unattractive taluk with poor communications."

(Extracted from Censes Report—Part I.)

(ii) *Vital statistics.*—A statement showing the number of births and deaths and deaths under various causes in the district for the decennium 1941-50 is furnished in *Annexure II*.

The average birth and death rates registered during the decade were 31.0 and 20.9 per mille, respec-

tively, the corresponding rates for the State being 31.7 and 21.2. A downward trend in the registered death rates is noticed during the decade, the rate declining from 24.1 in 1943 to 17.7 in 1949 and 20.3 in 1950. The district experienced severe cholera epidemic in 1943 and 1948 which was responsible for causing 7,813 deaths in those two years out of a total of 10,069 cholera deaths registered in the decade. The average death rates from smallpox, dysentery and diarrhoea during the decade were a little less than those for the State, while those from fevers and respiratory diseases were slightly more than the average for the State. The maternal mortality rates show a steady decline from 8.0 in 1944 to 5.6 in 1950.

(b) *Medical relief.*—A list of medical institutions in each of the taluks of the district with their bed strength is given below :—

Name of institution.	Number of beds.
1. Tirupattur taluk—	
Municipal Hospital, Karaikudi	10
Local Fund Women and Children Hospital, Kanadukathan.	23
Local Fund Hospital, Kondanoor	9
Local Fund Hospital, Keelasevalpatti	6
Local Fund Hospital, Women and Children Hospital (Poolankurichi).	12
Local Fund Dispensary, Kanadukathan	..
Kallal	..

Madugupatti	..
3. Tiruvadanai taluk—	
Government Dispensary, Devakottai	2
Municipal, Women and Children's Hospital, Devakottai.	21
Local Fund Dispensary, Shanmuganathapuram, Rajasingamangalam, Tiruvadanai, and Tondi.	..

Name of institutions.	Number of beds.	Indigenous Medicine.
3. Tiruvadani taluk— <i>cont.</i>		
Local Fund Dispensary, Tiruppalakkudi		
Rural Dispensaries for Indigenous Medicines—Sundarapandiapatnam, Uppoor, Sarugani.		
4. Srivilliputtur Taluk—		
Government Hospital, Srivilliputtur	16	
Local Fund Hospital, Watrap		
Government Hospital, Rajapalayam	16	
Rural Dispensary, Seithur		
5. Sattur taluk—		
Local Fund Dispensary, Sattur		
K.N.M. Municipal Hospital, Virudhunagar	20	
Government Hospital, Virudhunagar	16	
Special Police Force Dispensary, Sivakasi		
Rural Dispensary, Sivakasi	2	
Municipal Siddha Dispensary, Virudhunagar		
Local Fund Dispensary, Elazirampannar		
Rural Dispensaries, Amathur, Mangalam		
6. Aruppukkottai taluk—		
Government Hospital, Aruppukkottai	8	
Municipal Maternity Hospital, Aruppukkottai	8	
Local Fund Dispensary, Tiruchuli		
Local Fund Dispensaries Kuriapatti		Indigo
Rural Dispensaries, Mandapasalai		nous.
Narikudi		Medicine.
7. Paramakudi taluk—		
Government Dispensary, Paramakudi	2	
Local Fund Dispensary (Males) Ilayangudi		
Local Fund Dispensary for Women and Children Ilayangudi	6	
Local Fund Dispensary, Parthibanoor		Indigo-nous Medicine.
Rural Dispensary, Bogaloor		
Nainarkoil		Do.
8. Mudukulathur taluk—		
Government Dispensary, Mudukulathur		
Local Fund Dispensary, Kamuthi		
Rural Dispensaries, Abiramam		
Kadaladi		Indigo-nous Medicine.
Perunalai		
Sayalkudi		
Sikkal		
Peraiyur		
9. Ramanathapuram taluk—		
Government Headquarters Hospital, Ramanathapuram	100	
Government Hospital, Rameswaram	8	
Local Fund Dispensaries, Dhanushkodi Kilakarai and Mantapam		
Rural Dispensaries, Devipatnam		Indigo-nous Medicine.
Tiruppullani		
Pamban		
Pudumadam		
Panaikulam		

(e) *Fairs and Festivals.*—A list of fairs and festivals in each of the taluks of the districts is given below :—

Name of centre.	Name of festival.	Duration.
<i>Tirupattur taluk.</i>		
Ariyakudi	Vasantautsavam	15 days in June.
Araliparai	Manjuvirattu (Bull-baiting) festival	10 days in February.
Karaikudi	Kuppudayamman festival	10 days in May.
Kiranipatti	Chitra festival	10 days in April.
Kunnakudi	Panguni Uthiram festival	10 days in March.
Tirukoshtiyur	Teppam festival	One day in November.
Tirupattur	Car festival	10 days in May.

There is a Mission Hospital and Home for leprosy patients at Dayapuram in Manamadurai in Sivaganga taluk with 300 beds. There is a Mission Leprosy Hospital at Kilanjunai.

There is a minor X-Ray set at the Government Headquarters Hospital at Ramanathapuram.

(c) *Water-supply and drainage arrangements.*—There is protected water-supply only in Virudhunagar Municipality in the district. There is protected water-supply in Karaikudi giving supply on a limited scale. Elsewhere the chief sources of drinking water are wells and ponds. There is open drainage arrangement in the municipalities of Virudhunagar, Sivakasi, Sattur and Srivilliputtur. The particulars of the number of drinking-water wells constructed by Government under the Rural Water-supply Scheme in each taluk are furnished below :—

Name of the taluk.	Number of drinking-water wells constructed.
Tirupattur	126
Sivaganga	68
Tiruvadana	65
Srivilliputtur	330
Sattur	75
Aruppukkottai	124
Paramakudi	134
Mudukulathur	99
Ramanathapuram	137

(d) *Sanitation and Public Health.*—The Municipalities and some of the Major Panchayat Boards have their own health staff. The District Health Staff attends to vaccination, inoculation and sanitation, enforce the provisions of the Public Health Act and make sanitary arrangements during festivals in non-municipal areas.

There are Maternity and Child Welfare Centres at the following places :—

Name of taluk.	Name of centre.
Sivaganga	Tirupachetti.
Sattur	(1) Sattur.
	(2) Tiruthangal.
Srivilliputtur	(1) Srivilliputtur.
	(2) Keelarakulam.
	(3) Achankulam.
	(4) Managasori.
Aruppukkottai	Johilpatti.
Paramakudi	Paramakudi.
Mudukulathur	(1) Abiram.
	(2) Kamuthi.
Ramanathapuram	Alankulam.

Name of centre.	Name of festival.	Duration.
<i>Sivaganga taluk.</i>		
Nattarasankottai	Chitra festival	2 days in April.
Manamadurai	Chitra festival	10 days in April.
<i>Tiruvadana taluk.</i>		
Saruganiyur	Thiriyar Narkarunai Thirunal	3 days in April.
<i>Srivilliputtur taluk.</i>		
Srivilliputtur	Temple festivals	July-August and December-January.
Venkateswarapuram	Garudotsavam festival	September-October.
<i>Paramakudi taluk.</i>		
Nainarkoil	Vasantotsavam	10 days in June.
<i>Mudukulathur taluk.</i>		
Ervadi	Santhanakoodu festival	12 days in July.
Melakodumalur	Panguni Uthiram festival	March.
<i>Ramanathapuram taluk.</i>		
Rameswaram and Dhanushkodi	Adi Amavasi and Mahalaya Amavasi	15 days in January and throughout the year.

III. *Educational institutions.*—A statement showing the type and number of educational institutions in each taluk and their strength as on 31st March 1951 is furnished in *Annexure III.*

IV. *Industries.*—(i) *Cottage and small-scale.*—A statement showing the important cottage and small-scale industries in each taluk and the number of persons employed in them is given in *Annexure IV.*

Name of district.	Name of taluk.	Name of establishment.	Number of establishment.	Number of persons employed.
Ramanathapuram	Srivilliputtur	Cotton Ginning	11	472
		Spinning and Weaving	6	1,282
		Handloom Weaving	16	536
		Cigar Factories	3	226
		Cotton Ginning	16	1,045
		Dhall Mills	21	325
		Oil Mills	8	153
		Printing Presses	25	723
		Match Works	70	3,535
		Cigar Factories	3	167
		Metal Works	15	161
		Ship-Building and repairing	1	182
		Bricks and Tiles	2	135
	Ramanathapuram			
		Sivaganga		

V. *Items of general importance.*—The seats of the Collector, the District Superintendent of Police, the District Health Officer, the Executive Engineer, Ramanathapuram Division, the District and Sessions Judge and the President, District Board, are at Madurai. The seat of the District Medical Officer is at Ramanathapuram, that of the District Agricultural Officer, is at Sattur, that of the District Magistrate after the separation of the Judiciary at Devakottai and those of the Divisional Engineer (Highways) and District Prohibition Officer at Sivaganga.

Rajapalayam, Aruppukkottai, Virudhunagar, Srivilliputtur, Karaikudi, Devakottai and Sivakasi are the Municipalities in the district.

Virudhunagar, Sivakasi, Rajapalayam and Sattur are the chief centres for cotton trade.

There is a Steamer ferry service from Dhanushkodi to Talaimanner in Ceylon and this is the commonest route to Ceylon. Dhanushkodi has a pier and the ferry steamer berths alongside the pier.

(ii) *Large-scale industries.*—There are no large-scale industries in the taluks of Tirupattur, Tiruvadana, Aruppukkottai, Paramakudi and Mudukulathur. The large-scale industries in the other taluks and the number of persons employed in them are detailed below :—

Sattur taluk has a number of match factories situated at Sattur and Sivakasi. There are a dozen ginning factories in Sattur taluk.

Rameswaram, the island of that name in Ramanathapuram taluk, is one of the most important places of pilgrimage in all India. It is resorted to by Hindus from all parts of the country. The place is associated with the name of the Great Hero Sri Rama whose invasion of Lanka is exhaustively narrated in the great epic, Ramayana. The temple at Rameswaram is said to have been dedicated by Sri Rama himself. Its majestic towers and skillfully carved sculptures are among the finest architecture of South India. The pillared corridors of the temple 4,000 feet in length are unique in their beauty.

Tiruppullani and Tirutharakosamangai.—These centres attract considerable number of devotees throughout the year. Pilgrims visiting Rameswaram and Dhanushkodi visit these centres also.

21. RAMANATHAPURAM DISTRICT,

NOTE—

1. Colleges of Arts and Science.—Tirupattur Taluk (1)—at Karaikudi; Sivaganga Taluk (1)—at Sivaganga; Sattur Taluk (1)—at Virudhunagar.
2. Training College.—Tirupattur Taluk (1)—at Karaikudi.
3. High Schools for Boys.—Tirupattur Taluk (8)—at Karaikudi—2, Pallatur—1, Kondanur—1, Kallal—1, A. Thekkar—1, Kilasevalpatti—1 and Tirupattur—1; Sivaganga Taluk (3)—at Sivaganga—1, Manamadurai—1 and Nattarasankottai—1; Tiruvadanai Taluk (3)—at Devakkottai—2 and Thondi—1; Srivilliputtur Taluk (5)—at Srivilliputtur—2, Rajapalayam—2, and Watrap—1; Sattur Taluk (6)—at Virudhunagar—2, Sattur—2, Sivakasi—1 and Tirutanga—1; Aruppukkottai Taluk (3)—at Aruppukkottai—2 and Reddipatti—1; Paramakudi Taluk (2)—at Paramakudi—1 and Ilayangudi—1; Mudukalattur Taluk (2)—at Abiram—1 and Kamudi—1; Ramanathapuram Taluk (3)—at Ramanathapuram—2 and Kilakari—1.
4. High Schools for Girls.—Tirupattur Taluk (1)—at Karaikudi; Sivaganga Taluk (1)—at Sivaganga; Tiruvadanai Taluk (1)—at Devakkottai; Srivilliputtur Taluk (2)—at Srivilliputtur—1 and Rajapalayam—1; Sattur Taluk (2)—at Sattur—1 and Virudhunagar—1; Ramanathapuram Taluk (1)—at Ramanathapuram.
5. Training School (Ordinary) for Boys.—Sattur Taluk (1)—at Sattur.
6. Training School (Ordinary) for Girls.—Srivilliputtur Taluk (1)—at Srivilliputtur.
7. Basic Training Schools for Boys.—Srivilliputtur Taluk (1)—at Mallipudur; Aruppukkottai Taluk (1)—at Jogipatti; Ramanathapuram Taluk (1)—at Ramanathapuram.
8. Basic Training Schools for Girls.—Aruppukkottai Taluk (1)—at Palayam patti; Ramanathapuram Taluk (1)—at Ramanathapuram.
9. Schools for handicapped children (for the deaf and dumb).—Tirupattur Taluk (1)—at Karaikudi; Sivaganga Taluk (1)—at Dayapuram (for children suffering from leprosy).
10. Special school (for Tamil studies).—Tiruvadanai Taluk (1)—at Devakkottai.

Besides the above, the Biological Research Station is situated at Kurisadai and a Fishery Research Station at Mandapam, both in Ramanathapuram taluk. There is also an Engineering College at Karaikudi. The Electro-Chemical Research Institute of India is proposed to be established at Karaikudi and buildings for it are under construction.

21. RAMANATHAPURAM DISTRICT.

PART I

Section (I)

A—GENERAL POPULATION TABLES.

A-I—Area, Houses and Population.

This table shows for the rural and urban areas of each taluk and for the district, the area, the number of inhabited villages and towns, occupied houses and the total population with distribution by sex.

2. The district area shown in column (2) of this table is that supplied by the Surveyor-General of India. Area figures furnished by the Central Survey Office, Madras, have been adopted for the taluks. The total area of the taluks as furnished by the Central Survey Office, Madras, shown within brackets in Col. 2 differs from the area of the district furnished by the Surveyor-General.

3. "Village" is the revenue administrative unit within defined boundaries. This table gives particulars in respect of all villages containing one or more groups of

habitations. Villages with no habitations are not included in this table.

4. "Town" is a place of usually not less than 5,000 inhabitants, possessing distinct urban characteristics. Cantonments have been treated as forming part of the towns in which they are situated. The following places not having the population minimum of 5,000 have been treated as towns for the reason that they possess definitely urban characteristics:—

- (1) Pudukayal—In Tirupattur taluk.
- (2) Pandalkudi—In Aruppukkottai taluk.
- (3) Kilasevalpatti—In Tirupattur taluk.

5. "House"—Every dwelling with a separate main entrance has been treated as a house for census purposes.

Taluk.	Area in Sq. miles.	Villages.	Towns.	Occupied houses.

21. RAMANATHAPURAM DISTRICT.

A-II—Variation in Population during fifty years.

This table compares the population of the district and of each taluk in the district as ascertained at the Census of 1951 with the corresponding figures of the five previous Censuses. The figures recorded at the previous Censuses have been adjusted for subsequent territorial changes, if any, in order to afford a correct basis for comparison. The adjusted figures show the population of taluks and the district as constituted at present.

2. The following villages which formerly formed part of Tirumangalam taluk of Madurai district were transferred

to this district during the decade 1941 to 1951 and were attached to the taluks specified against them.

Sattur taluk—
(1) Vellore.

Srivilliputtur taluk—
(2) Mathur.
(3) Thambipatti.
(4) Kodikulam.
(5) Ayakulam.

(6) Marukulamkatham.
(7) Thulukkappatti.
(8) Ammapatti.

21. RAMANATHAPURAM DISTRICT.

A-III—Towns and Villages classified by Population.

I. This table shows the total number of inhabited towns and villages in each taluk of the district distributed on population basis under three main heads with sub-heads under each as follows :—

(1) Towns and villages with less than 2,000 population :—

- (a) Population with less than 500.
(b) Population between 500 and 1,000.
(c) Population between 1,000 and 2,000.

(2) Towns and villages with population of 2,000 to 10,000—

- (a) With population of 2,000 to 5,000.
(b) With population of 5,000 to 10,000.

(3) Towns and villages with population of 10,000 and above—

- (a) With population of 10,000 to 20,000.
(b) With population of 20,000 to 50,000.
(c) With population of 50,000 to 100,000.
(d) With population of 100,000 and above.

II. For definition of a "Town" and "Village" see fly-leaf to Table A-I.

21. RAMANATHAPURAM DISTRICT.

A-IV—Cities and Towns classified by Population with variations since 1901.

This table shows the population and distribution of sex of cities and towns of the district at each of the last six enumerations.

2. Rajapalayam is the only town which has been treated as city for the 1951 Census.

3. The cities and towns have been arranged in this table according to their population in 1951 under the following six classes:—

Class.	Limits of population.
I	100,000 and over.
II	50,000 to 100,000.
III	20,000 to 50,000.
IV	10,000 to 20,000.
V	5,000 to 10,000.
VI	Under 5,000.

4. Where possible, the former population of places treated for the first time as towns in 1941 and at this Census, has been extracted from Village Statistics. Where this could not be done, the columns have been left blank.

5. The population of towns for previous Censuses are those then recorded. No adjustments have been made for intervening changes in area.

6. Municipality, Panchayat and Cantonment are indicated by the use of the letters (M), (P), (C), respectively within brackets.

7. Towns newly appearing at this census have been printed in *italics*.

* This district was not formed in 1901.

21. RAMANATHAPURAM DISTRICT.

A-V—Towns arranged talukwise with Population by Livelihood Classes.

This table shows the analysis of the Urban population in towns by livelihood classes, instead of by communities as in the previous Censuses.

2. Under the Indian Census Economic Classification Scheme, the people have been divided into two broad livelihood categories, viz., the Agricultural Classes and the Non-agricultural Classes. There are four Agricultural Classes and four Non-agricultural Classes as shown below :—

(i) *Agricultural Classes.*

- I. Cultivators of land wholly or mainly owned and their dependants.
- II. Cultivators of land wholly or mainly unowned and their dependants.
- III. Cultivating labourers and their dependants.
- V. Non-cultivating owners of land, agricultural rent receivers and their dependants.

(ii) *Non-Agricultural Classes.*

Persons (including dependants) who derive their principal means of livelihood from—

V. Production (other than cultivation).

VI. Commerce.

VII. Transport.

VIII. Other services and miscellaneous sources.

3. In this table the figures for the agricultural Livelihood Classes I to III are not given separately but have been clubbed together.

4. The towns in each taluk of the district are arranged in the order of their population.

5. Municipality, Panchayat and Cantonment are indicated by the use of the letters (M), (P), (C), respectively within brackets.

6. For the definition of a "Town" see fly-leaf to Table A-I.

7. Towns newly appearing at this census have been printed in *italics*.

21. RAMANATHAPURAM DISTRICT.

E—Summary figures by Taluks.

The data contained in this table have been given for each taluk in the district.

2. The areas shown in column (2) of the table for the district and the taluk 'total' are the latest figures furnished by the Central Survey Office, Madras. The areas given for 'urban' are those furnished by the District Officers. The areas for 'rural' have been obtained by deducting the figures for 'urban' from those for district and taluk 'total'.

3. The district area furnished by the Surveyor-General, India, which has been shown in Table A-I, could not be adopted in this table as talukwise figures have not been furnished by him. The district areas given by the Surveyor-General differ in varying degrees from those furnished by the Central Survey Office, Madras.

4. Previous census figures of population have been adjusted with reference to inter-district transfers. The rural and urban population figures have been taken as they were at the 1941 and 1931 Censuses and as they are at the present Census, regardless of the changes of rural areas into urban areas and *vice versa* from census to census, for the purpose of calculating percentage variation between 1931 and 1941 and between 1941 and 1951. For calculating density for 'rural' and 'urban' for 1941, the areas of the towns newly formed at the present Census rounded to the nearest square mile have been deducted from the areas given for urban in column (2) for 1951 and added to the areas given for 'rural', in the districts and taluks where new towns have been recognized.

E—Summary figures by Taluks.

21. RAMANATHAPURAM DISTRICT.

B—ECONOMIC TABLES.

B-I—Livelihood Classes and Sub-classes.

This table shows by rural/urban break-up for each census tract in the district the distribution of population, sex-wise, among the eight livelihood classes and the three sub-classes, viz., self-supporting persons, non-earning dependants and earning dependants under each livelihood class into which the economic characteristics of the people have been classified under the Indian Census Economic Classification Scheme—vide fly-leaf to Table A-V.

2. The areas comprising each of the Census tracts into which this district has been delimited for the purposes of Census tabulation are given below :—

Rural Tracts.

No. 185—Tirupattur	.. All the villages and panchayats not treated as census towns in	Tirupattur taluk.
No. 186—Sivaganga	.. Do.	Sivaganga taluk.
No. 187—Tiruvadanai	.. Do.	Tiruvadanai taluk.
No. 188—Srivilliputtur	.. Do.	Srivilliputtur taluk.
No. 189—Sattur	.. Do.	Sattur taluk.
No. 190—Aruppukkottai	.. Do.	Aruppukkottai taluk.
No. 191—Paramakudi	.. Do.	Paramakudi taluk.
No. 192—Mudukalathur	.. Do.	Mudukalathur taluk.
No. 193—Ramanathapuram	.. Do.	Ramanathapuram taluk.

Non-City Urban Tracts.

No. 58—Tirupattur, Karaikudi, Kandanur, Kottaiyur, Pudukkottai, Pallattur, Kilasevelpatti and Singampunari towns in Tirupattur taluk.
No. 59—Sivaganga, Tiruppuvaim, Manamadurai and Nattarasankottai towns in Sivaganga taluk.
No. 60—Srivilliputtur, Watrap and Sattur towns in Srivilliputtur taluk.
No. 61—Sattur, Virudhunagar and Sivakasi towns in Sattur taluk.
No. 62—Aruppukkottai, Palayampatti, Pandalkudi and Mallanginar towns in Aruppukkottai taluk.
No. 63—Paramakudi, Ilayangudi and Rameswaram towns in Paramakudi taluk.
Kamudi and Abiramam towns in Mudukalathur taluk.
Ramanathapuram, Kilakarai and Rameswaram towns in Ramanathapuram taluk.

City Tracts.

No. 29—Rajapalayam city in Srivilliputtur taluk.
--

3. The livelihood classification is based on the principal means of livelihood of the self-supporting persons, the

principal means of livelihood for earning and non-earning dependants being the same as that of the self-supporting persons on whom they are dependant.

4. "The principal means of livelihood" is the means of livelihood which provides the largest or the major part of the income in the case of self-supporting persons who have more than one means of livelihood. In the case of other self-supporting persons, it is the only means of livelihood.

5. A person has been regarded as "Self-supporting" if the income secured by the person is sufficient at least for his (or her) own maintenance at the level of living and adopted by him (or her) at the time of the Census. The income secured may be in cash or kind. Anyone who is not a "Self-supporting" person in this sense has been regarded as a dependant. An "earning" dependant is a person who secures an income which is not sufficient to support him (or her). A person who does not secure any income either in cash or kind, is a 'non-earning dependant'.

6. The non-earning dependants include persons performing housework or other domestic or personal services for other members of the same family household, but do not include "unpaid family workers" or persons who take part along with the members of the family household in carrying on cultivation or a home industry as a family enterprise. These latter persons have been classed as either self-supporting or earning dependants according to the share of income attributable to them.

7. The self-supporting persons shown in Livelihood Class VIII include also persons who derive their income otherwise than through productive activity, i.e., persons coming under the following groups, details for which are given in the fly-leaf to Economic Table B-III :—

- (1) Persons living principally on income from non-agricultural property ;
- (2) Persons living principally on pensions, remittances, scholarships and funds ;
- (3) Inmates of jails, asylums, alms houses and recipients of doles ;
- (4) Beggars and vagrants ; and
- (5) All other persons living principally on income derived from non-productive activity.

21. RAMANATHAPURAM DISTRICT.

21. RAMANATHAPURAM DISTRICT.

B-II—Secondary means of Livelihood.

This table gives for the district the number of persons, in each of the eight livelihood classes mentioned in Economic Table B-I, who possess a secondary means of livelihood; and cross-classifies them (according to the nature of such means of livelihood) under the same eight livelihood classes.

2. The secondary means of livelihood shown for self-supporting persons is the means of livelihood next in

importance to their principal means of livelihood. In respect of earning dependants, it is the means of livelihood which provides the earning, or the largest part of their income if they have more than one source of income.

3. Non-earning dependants and self-supporting persons who have no secondary means of livelihood are excluded from this table.

21. RAMANATHAPURAM DISTRICT.

B-III—Employers, Employees and Independent Workers in Industries and Services by Divisions and Subdivisions.

This table gives figures for each census tract in the district. The areas comprised in each census tract denoted by its number in column (1) have been specified in the fly-leaf to Table B-I. In this table, the self-supporting persons in the four non-agricultural classes given in Economic Table B-I are distributed in the various divisions and subdivisions of Industries and Services under the Indian Census Economic Classification Scheme, according to their secondary Economic status, namely, employer, employee, and independent worker.

2. (An) Employer (is) a person who employs other persons in order to carry on the business from which he secures his livelihood and pays them a salary or wage in cash or kind.

3. (An) Employee (is) a person who ordinarily works for some other person for a salary or a wage, whether in cash or in kind in order to earn his livelihood.

4. (An) Independent worker (is) a person who works on his own without being employed by anyone for a salary or wage and who does not also employ anyone else in order to earn his livelihood.

5. Under the New Indian Census Economic Classification Scheme all employers and independent workers have been classified with reference to the commodity produced or services performed by them individually. As regards employees, all persons engaged in Production, Commerce, or Transport (and not being domestic servants) have been classified with reference to their own activity and without reference to that of their employer. Domestic servants have been classified in one subdivision without reference to the nature of their work. All other employees (including all managerial and supervisory employees, clerical services, messengers, watchmen and unskilled labour of every description) have been classified with reference to the commodity produced or services rendered by their employers.

6. The non-agricultural classes classified in Economic Table B-I, correspond to the divisions and subdivisions into which they are distributed in this table as follows :—

Livelihood Class.	Division and subdivisions of the Indian Census Economic Classification Scheme.
Class V—Production other than cultivation.	Division 0.—Primary Industries not elsewhere specified. Division 1.—Mining and Quarrying. Division 2.—Processing and Manufacture of Foodstuffs, Textiles, Leather and Products thereof. Division 3.—Processing and Manufacture—Metals, Chemicals and Products thereof. Division 4.—Processing and Manufacture—Not elsewhere specified.
Class VI—Commerce.	Division 6.—Commerce.
Class VII—Transport.	Subdivisions 7-0 to 7-4 of Division 7—Transport, Storage and Communications.
Class VIII—Other Services and Miscellaneous sources.	Division 5.—Construction and Utilities. Division 7.—Transport, Storage and Communications with the exception of subdivisions 7-0 to 7-4. Division 8.—Health, Education and Public Administration; and Division 9.—Services not elsewhere specified.

Class VIII also includes persons who derive their principal means of livelihood from miscellaneous sources (otherwise than through economic activity), e.g., income from investments, pensions and family remittances, proceeds of begging and other un-productive activities. These are not, however, included in this table as it is limited to economically active persons in industries and services. Hence there will be a difference to this extent between the total self-supporting persons of the non-agricultural classes in Economic Table B-I and the total of this table. The reconciliation will be effected by adding the figures given in the next paragraph.

21. RAMANATHAPURAM DISTRICT.

B-III—Employers, Employees and Independent Workers in Industries and Services by Divisions and Subdivisions.

7. Details of persons who derive their principal means of livelihood otherwise than through productive activity and who are included under livelihood class VIII mentioned in the fly-leaf to Economic Table B-I are given below :—

Tract No.	Total.		Persons living principally on income from non-agricultural property.		Persons living principally on pensions, remittances, scholarships and funds.		Inmates of jails and asylums, almshouses and recipients of doles.		Beggars and vagrants.		All other persons living principally on income derived from non-productive activities.

SMALL-SCALE INDUSTRIES.

I—Distribution of Small-scale Industries by Tracts.

This table gives for each Census tract, the number of small-scale industrial establishments under categories, non-textile and textile, with details for perennial and seasonal establishments.

where articles are produced, repaired or otherwise treated for sale, use or for disposal. Small mines not covered by the Indian Mines Act have also been included. The table does not include plantation industries of any kind.

2. The table covers only those establishments, to which the Factories Act does not apply. It relates, therefore, to all associate activities, its number in column (1) have been given in the fly-leaf to Table B-I.

Tract No.	Total number of establishments.			Number of non-textile establishments.						Number of textile establishments.			
	Total.	Non-Textile.		Perennial (nine months and over).	Six months and over but less than nine months.	Three months and over but less than six months.	Less than three months.	Perennial (nine months and over).	Six months and over but less than nine months.	Three months and over but less than six months.	Less than three months.

PART II

C—HOUSEHOLD AND AGE (SAMPLE) TABLES.

C-I—Household (size).

This table has been prepared in respect of a population covering the members of sample households selected from the entries in the National Register of Citizens on the basis of one household for every one thousand households. The sample households selected include roughly every tenth household in every hundredth House-numbering Block in the Rural areas and every fiftieth household in every twentieth House-numbering block or locality in urban areas.

2. The Agricultural and the Non-Agricultural classes refer to the four agricultural and the four non-agricultural classes given in Table A-V. The Backward Classes include

the Scheduled Castes, the Scheduled Tribes and other classes not treated as non-backward by the State Government for the purpose of 1951 Census. Anglo-Indians are included among the non-backward classes.

3. Columns (2) to (5) of the table relate to all the households and household population in the entire district while columns (6) to (17) relate to the sample households selected.

4. The figures have been given for each Census tract denoted by its number in column (1). The areas comprised in each Census tract have been given in the fly-leaf to Table B-I.

Tract No.	Total number of households.	Total household population.			Total number of of sample households.	Sample of household population.

21. RAMANATHAPURAM DISTRICT.

C-II—Livelihood Classes by Age-groups.

This table shows the livelihood distribution by age-groups for rural, urban and district totals in respect of a sample population based on a ten per cent sample taken out when the enumeration slips were initially sorted. The ten per cent sample was taken out as follows :—

Each enumeration pad which consisted generally of 100 enumeration slips was broken and the slips relating to displaced persons which had been noticed during the process of the preliminary scrutiny were removed from the pack of slips for being dealt with separately. The pack was then "cut" as in a card-game. The lower portion was placed above the upper portion and the slips were dealt into two pigeon-holes one marked "G" and the other marked "S" as follows :

The first five slips were placed in the pigeon-hole "G", then one slip was placed in the pigeon-hole "S." Thereafter for every nine slips placed in the pigeon-hole "G", one slip was placed in the pigeon-hole "S" until the total number of slips left was less than 9 and these residuary slips were all put into hole "G." All the slips contained in the pigeon-hole marked "S" were taken out, counted and marked as 'Sample' slips.

No smoothing formula has been adopted in preparing the table as in previous Censuses and the figures have been tabulated as actually returned in suitable age-groups.

The figures under age '0' represent infants below one year.

Age-group.	Livelihood classes.									
	Agricultural classes.

C-IV—Age and Literacy.

3. The figures are given for each Census tract denoted by its number in column (1) in the district. The areas covered by each Census tract have been specified in the fly-leaf to Table B-I.

4. 'Literates' are those who are able to read and write any simple letter in any language.

5. Persons who are partly literate, i.e., persons who are able to read only, have been included among the illiterates. details for such persons are given below :—

21. RAMANATHAPURAM DISTRICT.

D-VII—Livelihood Classes by Educational Standards.

This table shows the distribution of the literate population sex-wise among the eight livelihood classes by educational standards, separately for each Census tract (vide fly-leaf to Table B-I) in the district as well as for the district. 2. A person who can read and write a simple letter in any language has been treated as literate.
