\*In 1951 there was no Kerala State but only Travancore-Cochin State. Kerala State was formed with effect from 1-11-1956 as per the States Reorganisation Act, 1956.

- I 1 The territories specified in Sub-sections of Sections 4 and 5 of the States Reorganisation Act, 1956 are extracted below :—
- 4 As from the appointed day there shall be added to the State of Madras the territories comprised in the Agasteeswaram, Thovala, Kalkulam and Vilavancode taluks of Trivandrum district and the Shencottah taluk of Quilon district; and thereupon :
- (a) the said territories shall cease to form part of the existing State of Travancore-Cochin;
- (b) the territories comprised in the Agasteeswaram, Thovala, Kalkulam and Vilavancode taluks shall form a separate district to be known as Kanyakumari district in the State of Madras.
- (c) the territories comprised in the Shencottah taluk shall be included in, and become part of Tirunelveli district in the State of Madras.
- 5 1 As from the appointed day there shall be formed a new Part 'A' State to be known as the State of Kerala comprising the following territories, namely :—
- (a) the territories of the existing State of Travancore-Cochin excluding the territories transferred to the State of Madras by section 4; and
- (b) the territories comprised in—
- (i) Malabar district excluding the Islands of Laccadive and Minicoy; and
- (ii) Kasaragod taluk of South Kanara district and thereupon the said territories shall cease to form part of the States of Travancore-Cochin and Madras respectively.
- 2 The territories specified in clause (b) of Sub-section (1) shall form a separate district to be known as Malabar district in the State of Kerala."

- II In exercise of the powers conferred by the Madras District Limits Act, 1865 the Government of Kerala with effect from 1 January, 1957 had altered the jurisdiction of Malabar district and formed three new districts Cannanore, Kozhikode and Palghat comprising the Malabar district of the States Reorganisation Act, 1956 excluding Fort Cochin and newly formed Chowghat taluks and inclusive of Chittur taluk of Trichur district. With effect from 15-3-1957 South Wynad taluk and 5 villages of Ponnani taluk were transferred to Kozhikode district and Chowghat taluk of Trichur district respectively.

Details regarding constituent units given in col. 1 are noted in Appendix I (Statement B) to Table A-I on page 110—113.

- (a) From 1-10-1956 territorial re-distribution in respect of taluks and villages in the Trichur district was effected for the purpose of administration of the Revenue Department. On the same date the new taluks, 'Cochin', 'Kanayannur' and 'Alwaye' were formed. From 1 January, 1957 Chowghat taluk (portion of Ponnani taluk of Malabar district) and Fort Cochin taluk of Malabar district were transferred to the Trichur district. On 15-3-1957, 5 villages of Ponnani taluk were transferred to the existing Chowghat taluk. With effect from 1 April, 1958, a new district by name 'Ernakulam' with headquarters at Ernakulam comprising the taluks of Alwaye, Parur, Kunnathunad, Kanayannur and Cochin of Trichur district and Muvattupuzha and Thodupuzha taluks of Kottayam district was formed. The outlying Pattom lands of Fort Cochin village were transferred to the respective taluks and districts with effect from 1 October, 1959.
- (b) From 1-10-1956 territorial re-distribution of taluks and villages in the Kottayam district was effected. 2 new taluks 'Kanjiappally' and 'Udumbanchola' were formed with effect from 1-10-1956. On 1 November, 1956 'Kuttanad' taluk was formed and allowed to continue under the revenue jurisdiction of Kottayam district till the formation of the Alleppey district (i.e. 17-8-1957).
- (c) From 1-10-1956 territorial re-distribution of taluks and villages in the Quilon district was effected. As per the States Reorganisation Act, 1956 Shencottah taluk was transferred to the Madras State. On 1 November 1956 a new taluk was formed by name 'Chengannur'. A new district by name 'Alleppey' with Alleppey as headquarters comprising the Shertalai, Ambalapuzha, Thiruvalla, Chengannur, Mavelikkara and Karthigappally taluks of Quilon district and Kuttanad taluk of Kottayam district was formed with effect from 17 August, 1957.
- (d) As per the States Reorganisation Act, 1956 Thovala, Agasteeswaram, Kalkulam and Vilavancode taluks of Trivandrum district of the Travancore-Cochin State were transferred to the State of Madras.

\*Shencottah taluk transferred to Madras under the States Reorganisation Act, 1956, is Shencottah taluk of 1951 of Quilon district, except Aryankavu, Idappalayam and Kazhuthayurutti village of Pulivara Pakuthy, Achancoil village of Achanputhur Pakuthy and a portion of Shencottah Pakuthy with a population of 20.

VILLAGES CLASSIFIED BY POPULATION

A-III VILLAGES CLASSIFIED BY POPULATION

Fly-leaf

This table corresponds to Table A-III of 1951 and Imperial Table III of previous censuses with the difference that the 1961 Table is confined to villages only. The number and population of towns in the different ranges presented in Table A-IV of 1961 will have to be added to the respective ranges of this table to make it correspond to above mentioned tables of previous years.

of Table A-I. Column 2 of Table A-III does not take into account the number of inhabited *mauzas* or villages that have gone to make up urban areas. An account of the number of *mauzas* that have been fully or partly incorporated in urban areas has been given in fly-leaf to Table A-I.

The statement below gives the percentages of population living in villages of various population sizes with reference to the total rural population in each State/Union Territory, 1961.

For the definition of 'village' attention is invited to the fly-leaf

\*For the territory transferred from the Purnea district of Bihar, the 1951 figures relating to percentage distribution of villages and population were based on data furnished by the Superintendent of Census Operations, Bihar. The number of villages involved in the transfer is 723, but as the details of 7 villages are not available, the percentages worked out for the various ranges have been calculated on the basis of 716 villages only.

† There is a difference of 0.18 in population column due to the unclassifiable population of 4,650.

‡ It includes 3 villages with an estimated combined population of 781 (M. 411, F. 370) of Tirap Frontier Division for which details are not available. The percentage figures in cols. 3, 5, 7, 9, 11 and 13 and cols. 4, 6, 8, 10, 12 and 14 do not add up separately to 100 for the same reason.

NOTE: As there was no census in 1951, the figures for 1941 have been shown for Jammu and Kashmir. In North-East Frontier Agency no census was conducted in 1951. N Stands for 'Negligible figures'.

The following statement shows the distribution of population in each class of villages in all-India among the 10,000 villages of each class in all-India and of 10,000 States and Union Territories:

The figures in cols. 3—9 for villages and cols. 11—17 for population do not add up to 10,000 for the same reason.

A-III VILLAGES CLASSIFIED BY POPULATION

NOTES FOR THE TABLE

1 A Census of Goa, Daman and Diu was taken by Portuguese Government as on 15 December, 1960. The figures represent 'present population' on that date. Figures appearing in this volume are the result of tabulation of the schedules done in the Mechanical Tabulation Unit of the Registrar General's Office. A Census of Dadra and Nagar Haveli was taken as on 1 March, 1962. The figures for these territories have not been adjusted as on 1 March, 1961.

2 As separate population of 3 villages of Tirap Frontier Division of North-East Frontier Agency is not available, these have been excluded from the range-classification.

The figures of North-East Frontier Agency are provisional.

3 There are 13 inhabited villages in West Bengal and Sikkim (11 in West Bengal and 2 in Sikkim) merged in Tea-Estates and Forest units for which separate population is not available. These have been accounted for in the merged units for range-classification (See details at @ (ii) foot note on page 240).

TOWNS AND TOWN GROUPS CLASSIFIED BY POPULATION  
IN 1961 WITH VARIATION SINCE 1901

A-IV TOWNS AND TOWN GROUPS CLASSIFIED BY POPULATION IN 1961  
WITH VARIATION SINCE 1901

Fly-leaf

This table corresponds to Table A-IV of 1951 and Imperial Table IV of previous censuses. Cities, town groups and towns have been grouped into six classes according to size: I—those with a population of over 100,000; II—those with a population of 50,000 to 99,999; III—those with a population of 20,000 to 49,999; IV—those with a population of 10,000 to 19,999; V—those with a population of 5,000 to 9,999 and VI—those with a population of less than 5,000. According to the Indian Census convention any place with a population exceeding 100,000 is known as a city. Town group and towns have been defined in the fly-leaf to Table A-I. It should be remembered that there are a number of cases where two or more urban units which have not been separately treated as towns have been taken together to make a town, in which the components are denoted by lower case roman numerals like (i), (ii) etc. Where the components are separate census towns, they are together called a town group and the components are denoted by alphabets (a), (b) etc. In striking 'Class Totals' a town group has been taken as a unit not only for 1961 but also for previous censuses. The total for any class in any past census has been worked out as the total of towns of that particular class in that particular census. They include towns which might have been individually withdrawn from urban status in a preceding or succeeding census. But a constituent of a town group has been reckoned not according to its own class in a particular census but according to the class of the town group as a whole in that census. In other words, the class of a town group

and not that of any of its components, determined its eligibility for inclusion in a particular class total in a particular census. In the case of merger of towns, the merged unit is considered as absorbed in the unit in which it merged. So the unit and not the merged town, has been presented according to its class in each census. Where, however, a rural area has been merged with an urban area in a particular census the population of only the urban area in censuses preceding that particular one, has been taken as the basis for deciding the class.

The area of each town is given in both square miles and square kilometres. In addition to the decade variation the percentage decade variation has also been computed and added in a separate column.

Wherever the population of a town or city in a previous census has had to be adjusted with reference to 1961, a note has been inserted explaining the procedure and extent of such adjustment. Where a city occurs in a town group, it finds its place as a constituent of the town group and is not repeated as a city separately. The decadal growth of each component of a town group has also been attempted wherever possible.

The following statement gives the growth in the number of cities and towns and their population in India, 1901-61:

The above statement will be more readily appreciated if expressed in terms of indices of growth in each class with 1901

as base (1901=100) as in the following statement:

\*The constituents of a town group have been classified according to their own population and not according to the population of the town group.

Three towns of Goa, Daman and Diu were in existence before 1950 and have been shown only in col. 14; as their population is not ascertainable they could not be assigned to their appropriate class.

The following statement gives the movement of population and indices of growth (1901=100) in cities and towns by size

£Does not include the population of towns given in Annexure A on page 264.

† Does not include the population of towns given in Annexure B on pages 264-265.

‡The 1961 population of declassified towns Kalgudi (population 236) and Benakal (population 191) is nil. These were temporary labour camps set up at the (N) Means town added in 1961.

N.A. Indicates that corresponding 1951 rural population of 1961 new town is not available.

Note: Excludes Laccadive, Minicoy and Amindivi Islands, Dadra and Nagar Haveli and North-East Frontier Agency which are entirely rural.

\* The following States/Union Territories have been excluded:

(i) As there are no deleted towns in 1961:

1. Orissa 2. West Bengal 3. Andaman and Nicobar Islands 4. Delhi 5. Himachal Pradesh 6. Manipur 7. Tripura 8. Goa, Daman and Diu 9. Pondicherry 10. Nagaland and 11. Sikkim.

(ii) As these units are entirely rural:

1. Laccadive, Minicoy and Amindivi Islands 2. Dadra and Nagar Haveli and 3. North-East Frontier Agency.

† The 1961 population is nil as the 1951 town Sadiya ceases to exist due to its erosion by the river Brahmaputra.

‡ The 1961 population of declassified towns Kalagudi and Benakal is nil.

NOTE: (i) A list of those deleted towns of 1961 for which correct comparable population for 1961 is not available is given in Annexure 'A' on page 264, showing against each the 1951 population. These towns have been excluded from this statement both for 1951 and 1961.

(ii) In Jammu and Kashmir 7 towns of 1941 population 18,633 (equivalent population 23,625 in 1961 excluding Nowshehra Cantt. which was abolished) which are not towns in 1961 have been treated as deleted in 1951.

## STATEMENT 22

Number and population of places counted as towns in 1951 but removed from the list of towns in 1961, arranged by State and size class

\*1951 figures have been worked out by taking arithmetic mean of population of continuing towns of 1941 and 1961.

NOTE : The constituents of a town group have been classified according to their own population and not according to the population of town group. Excludes Laccadive, Minicoy and Amindivi Islands, Dadra and Nagar Haveli and North-East Frontier Agency which are entirely rural.

Statement 27 gives the number of towns of each class during 1901-61. The treatment of a town group and a merged town in preparing the data contained in statements 27 and 28 is stated below:

1 A town group has been treated as a continuing physical entity in the previous decades as a single unit and classified according to the population of the town group in that census.

2 In the case of a merged town of previous census, it has been treated as a separate unit from the one in which it is merged and these two units are classified according to their population. This procedure has been applied to towns which are single units in 1961 but if any such town is a constituent of town group, it has not been disturbed.

NOTE: 3 towns of Goa, Daman and Diu existed before 1950 but as their population is not ascertainable they could not be assigned to their appropriate class and have been left out in working out the percentage in this statement for India and Goa, Daman and Diu.

Excludes Laccadive, Minicoy and Amindivi Islands, Dadra and Nagar Haveli and North-East Frontier Agency which are entirely rural.

The statement below gives the percentage of area enjoyed by each class of town to total urban area in States/Union Territories together with density (population per square mile) in each class of town in 1961 :

## STATEMENT 29

A-IV TOWNS AND TOWN GROUPS CLASSIFIED BY POPULATION IN 1961  
WITH VARIATION SINCE 1901

NOTES FOR THE TABLE

- 1 Names of towns treated as such for the first time in 1951, which continue as towns in 1961, have been marked with an asterisk on their left. Names of towns treated as such for the first time in 1961 have been printed in *italics*.
- 2 The figures in square miles and square kilometres in column 2 of the table denote the area as in 1961 of the town/town group given above them. Area figures of 'All Classes' and each 'Class' are similarly given in column 2. The area figures are those supplied by the local authorities.
- 3 Constituents of town group are serialised by alphabets (a), (b) etc. and parts of town are shown as (i), (ii) etc. These are arranged in descending order of population under the town group/town.
- Towns and town groups have been classified in six ranges of population as given in the fly-leaf according to their respective populations in the 1961 Census. Constituents of a town group or parts of a town have not been separately classified in the ranges.

The total number of towns and town groups in the various class ranges in India according to the 1961 Census is:

|                       | No. of<br>Town Groups | No. of<br>Towns |                    | No. of<br>Town Groups | No. of<br>Towns |

- In each class range the towns and town groups are arranged according to descending order of population in 1961.
- 4 The following abbreviations are used to denote the civic status of towns; in the case of towns which have no civic status either the space is left blank or 'N.M.' has been recorded:

- 5 A census of Goa, Daman and Diu was taken by Portuguese Government as on 15 December, 1960. The figures represent 'present population' on that date. The figures relating to Goa, Daman and Diu appearing in Paper No. 1 of 1962 (Final Population Totals) were based on the figures supplied by the Statistical Deptt., Goa. Figures in this table are the result of the tabulation of the schedules done in the Mechanical Tabulation Unit of Registrar General's Office.
- Panjim, Daman and Diu were in existence before 1950 but their data are not presented for earlier censuses as the same are not available. The population of towns in this territory relates to 1950 and 1960 but for class totals they have been taken as of 1951 and 1961 respectively.
- 6 As no census was taken in Jammu and Kashmir in 1951, towns of 1941 which did not continue in 1961 have been treated as deleted in 1951. The continuing towns of 1941-61 are treated as towns for 1951 also and their population for 1951 has been taken as the arithmetic mean of the population of 1941 and 1961.

7 The population of Greater Bombay (M.C.), Madras (M.C.) and Calcutta (M.C.)—which by themselves constitute entire urban districts in 1961—in Tables A-II and A-IV varies in respect of some of the back censuses due to the fact that population for these censuses of the rural areas which merged in these units could not be adjusted in Table A-IV as it gives population of urban areas only where as adjustments of such mergers have been made in Table A-II which shows districts which include rural as well as urban areas.

8 Urban area of West Bengal given in two places of decimal in Table A-I is 658.08 Sq. miles and in Table A-IV, 'All Classes' is 660.17 Sq. miles. Thus there is a difference of 2.09 Sq. miles in the two tables due to the following reasons:

(i) The area of 'All Classes' in this table exceeds the urban area in Table A-I by 2.75 Sq. miles on account of Dum-Dum Aerodrome Area non-municipal town. A very small portion of it is included in North Dum-Dum and Dum-Dum municipal towns while major portions fall within Rajarhat P.S. (Rural) and Barasat P.S. (Rural). The area of these separate parts is not known. In Table A-I, therefore, the major portion of the town is included in rural area. In this table the area (*viz.*, 2.75 Sq. miles) and population of Dum-Dum Aerodrome Area are shown in Class VI. Hence the excess of 2.75 Sq. miles in this table.

(ii) In the case of Noapara, Barrackpore, Baranagar and Titagarh police stations, the urban area of the police stations in Table A-I is greater than the actual urban area of 'all towns' of these police stations by 0.66 Sq. mile for the following reasons:

- municipal area figures have been adopted as furnished by the municipal authorities while police station figures are based on last published jurisdiction lists;
- river areas appertaining to the police stations have not always been included in the municipal area figures and
- several municipalities fall in the jurisdiction of more than one police station.

9 Area figures of some sub-urban units and Port Areas included as urban in Gujarat are not separately available.

The area of Mokhasa Mutyalampadu and Malkapuram towns is included in the 'Rural' area of Krishna and Visakhapatnam districts respectively of Andhra Pradesh as the same is not available for these towns separately.

Area figures of Valpoi, Mapuca, Vasco-Da-Gama, Bicholim, Sanguem, Pernem, Quepem and Chauri towns in Goa, Daman and Diu are not separately available.
