FLYLEAF TO TABLE SCT I

This table prepared in two parts, Part A dealing with Scheduled Castes and Part B dealing with Scheduled Tribes, gives for each Caste and Tribe separately for rural and urban areas of state and districts the sex-wise distribution of population into workers in the nine industrial categories and non-workers, the industrial categories being

- I Working as Cultivator,
- II Working as Agricultural Labourer,
- III Working in Mining, Quarrying, Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities.

- IV Working at Household Industry,
- V Working in Manufacturing other than Household Industry,
- VI Working in Construction,
- VII Working in Trade and Commerce,
- VIII Working in Transport, Storage and Communications and IX Working in Other Services.

In Table SCT I Part A, the information regarding the number of workers in each Scheduled Caste engaged in special occupations like 'Tanning and currying of hides and skins' and 'Scavenging' is also given by sex.

NOTE

This part of the 1961 Census Report deals exclusively with the data relating to Scheduled Castes and Scheduled Tribes. The preparation of the tables presented in this report showing the age and sex composition, marital status, economic activity, literacy etc. of each of the Scheduled Caste and Scheduled Tribe is a novel feature of the 1961 Census.

In the past Indian Censuses it was customary to record the caste, race or tribe of each individual. Tabulation of various data was done by castes, races and tribes. This practice was abandoned in the census of 1951 where only the details of 'special groups' instead of 'caste', 'race' or 'tribe' were gathered. The 'special groups' related to Scheduled Castes, Scheduled Tribes and some other backward classes. Also the tabulation of different data by castes was avoided in the 1951 Census. This departure may be attributed to the fact that the 1951 Census was the first Indian Census after the emergence of India as a Secular Democratic Republic which aimed at the removal of the barriers between different castes and races providing equal opportunities for each citizen irrespective of his caste, race or creed. In other words, the significance of castes and races began to diminish in all fields in independent India and the census also naturally avoided the question on castes. The Constitution of India has, however, provided certain special measures for the benefit of the members of the Scheduled Castes and Scheduled Tribes who were denied equal opportunities with members of other communities for several years in the past. The members of Scheduled Castes and Scheduled Tribes are availing themselves of the special facilities provided in all walks of life in accordance with the constitutional safeguards. In this context it will be useful to have the various social, cultural and economic data relating to these communities in order to understand their backward nature and to assess the improvement in their living conditions as a result of the various concessions allowed to them. Hence it was appropriate to distinguish the Scheduled Castes and Scheduled Tribes and other backward communities in the 1951 Census. But no attempt was made in the 1951 Census to tabulate the data

in respect of each Scheduled Caste and Scheduled Tribe. The 1961 Census has gone a long way in making up this deficiency. In the 1961 Census the name of the caste or tribe was recorded in the Individual Slip in the case of all persons who belonged to any of the Scheduled Caste or Scheduled Tribe as defined in the notification issued by the President of India, which is reproduced in the appendix to this note. A number of tables giving the social, cultural and economic characteristics of each Scheduled Caste and Scheduled Tribe have been prepared and presented in this report. The question in the Individual Slip and the instructions issued to the enumerators in 1961 Census relating to Scheduled Castes and Scheduled Tribes are reproduced below.

“ The answer to this question will be recorded only if a person belongs to a Scheduled Caste or Scheduled Tribe. If the person belongs to a Scheduled Caste or Scheduled Tribe obtaining in your State or in your district write the name of the caste or tribe to which he belongs. For all others write 'X' in this column. A list of Scheduled Castes and Scheduled Tribes obtaining in your State or in your district is given elsewhere in these instructions.

If the person belonging to a Scheduled Caste or Scheduled Tribe returns his caste or tribe by a synonym or generic name of a caste or tribe as given in your list, write the name as returned and the name of the relevant caste or tribe, as per printed list, within brackets.

Do not write the names of Scheduled Castes in general terms as 'Harijan, Achhut'. You should ascertain the name of the caste when it is returned and write it. If a person is negligent and insists on calling himself merely 'Harijan' tell him that this description will not earn the person any benefits under the Constitution permissible to Scheduled Castes and Scheduled Tribes. This may persuade him to give out the correct name.

NOTE

Scheduled Castes can belong only to the Hindu or Sikh religions. If a person belongs to a Scheduled Caste, there will be either 'H' or 'S' in answer to question 5 (b) Religion. Scheduled Tribes may belong to any religion."

This report contains 6 tables relating to Scheduled Castes and 8 tables relating to Scheduled Tribes. Of the two additional tables in the case of Scheduled Tribes one deals with religion and the other deals with mother tongue and bilingualism. The table dealing with the religion of Scheduled Castes has been omitted because all the members of the Scheduled Castes enumerated in Kerala belong to the Hindu religion. Table showing the mother tongue and bilingualism of Scheduled Castes has not been prepared.

In the case of Scheduled Castes and Scheduled Tribes one table each has been prepared from the Household Schedules, based on a 20% sample. All the other tables were prepared from Individual Slips on full count. The table based on the Household Schedules shows the size of land cultivated in rural areas by Scheduled Caste and Scheduled Tribe households. These tables were prepared by the Mechanical Tabulation Unit of the Registrar General's Office, New Delhi.

The following are the tables presented in this report.

- SCT I Part A — Industrial classification of persons at work and non-workers by sex for Scheduled Castes
- SCT I Part B — Industrial classification of persons at work and non-workers by sex for Scheduled Tribes
- SCT II Part A — Age and marital status for Scheduled Castes
- SCT II Part B — Age and marital status for Scheduled Tribes
- SCT III Part A (i) — Education in urban areas only for Scheduled Castes

SCT III Part A (ii) — Education in urban areas only for Scheduled Tribes

SCT III Part B (i) — Education in rural areas only for Scheduled Castes

SCT III Part B (ii) — Education in rural areas only for Scheduled Tribes

SCT IV Part B — Religion for Scheduled Tribes

SCT V Part A — Sample households engaged in cultivation classified by interest in land and size of land cultivated in rural areas only for members of Scheduled Castes (Households of members of Scheduled Castes in a 20% sample of all households)

SCT V Part B — Sample households engaged in cultivation classified by interest in land and size of land cultivated in rural areas only for members of Scheduled Tribes (Households of members of Scheduled Tribes in a 20% sample of all households)

SC I — Persons not at work classified by sex, type of activity and educational levels for Scheduled Castes

ST I — Mother tongue and bilingualism for Scheduled Tribes

ST II — Persons not at work classified by sex and type of activity for Scheduled Tribes

The salient features of these tables have been explained in the respective flyleaves.

Besides presenting the data collected during the 1961 Census enumeration a special study of the various Scheduled Castes and Scheduled Tribes of the State has been made by field enquiries and the details gathered from this investigation are presented in Part V B — Ethnographic notes.
