MAP

P R E F A C E

This part of the 1961 Census publication contains Cultural and Migration Tables which are based on the data collected at the Census of 1961. The former consist of eight and the latter of six tables in all. The enclosed *Note* gives a broad description of the various tables and explains the scheme of their presentation as also the implication of various terms and concepts used therein. Each table is preceded by a fly-leaf which contains further elucidation of the data presented in the table.

I gratefully acknowledge the valuable help I

received from Shri K. D. Ballal, I. A. S., Central Tabulation Officer, New Delhi, who scrutinised the tables. I am also thankful to Shri R. C. Nigam, Linguist, Office of the Registrar General, India, who was good enough to check the language tables and suggest improvements therein.

I also place on record my appreciation of the good work done by Shri S. P. Arora, Tabulation Officer and the staff of the Tabulation Office, Srinagar who took considerable pains in compiling and tabulating the data.

Srinagar :
August 13, 1965

M. H. KAMILI

NOTE

The results of the Census of 1961 are being presented in a series of publications which have been listed elsewhere in this volume. The present publication part II-C contains (I) Social and Cultural Tables, and (II) Migration Tables, also known as C & D Series respectively.

Social and Cultural Tables (C-Series)

The series consists of 8 tables detailed below:-

- C-I Composition of Sample Households by relationship to head of family classified by size of land cultivated
- C-II Age and Marital status
- C-III Age, Sex and Education
Parts
A, B
& C.
- C-IV Single Year Age Returns
- C-V Mother-Tongue
- C-VI Bilingualism
- C-VII Religion
- C-VIII Classification by literacy and industrial Part-A category of workers and non-workers among Scheduled Castes

Table C-III is accompanied by an appendix consisting of eight tables which contain detailed particulars of Scientific and Technical personnel in respect of :-

1. Sex
2. Age-groups
3. Type of activity
4. Marital Status
5. Year of obtaining Post-graduate Degrees in Physical Sciences and Degrees in Engineering, Technology, etc.
6. Nature and Sector of Employment in each branch of Science or Technology
7. Monthly income by each sector of Employment
8. Tenure and Sector of Employment in each branch of Science ; and

9. Age and period of un-employment of persons qualified in any branch of Science or Technology, etc. etc.

This data was collected through an ancillary enquiry which was conducted during the enumeration period of 1961 Census. It is recognised that the coverage has not been quite adequate but even as it is the data collected has a significance of its own.

Table C-VIII which has been prepared by other States in two parts, one relating to Scheduled Castes and the other to Scheduled Tribes, consists of Part-A only, as there are no scheduled tribes in Jammu and Kashmir. Besides Part-A of this table, special tables have also been prepared on Scheduled Castes in a separate publication entitled Volume VI, Part V—A.

Of the above 8 tables, except C-I which is based on 20 percent sample only, all others have been prepared on full count. Each table consists of 12 units, namely, the State, two divisions and nine districts. Further, C-V and C-VI are the only tables in which the data has not been presented separately for total, rural and urban. In the case of Table C-V *Mother-Tongue*, the data for the State is given separately for total, rural and urban, but so far as the divisions and districts are concerned, figures for total alone have been exhibited. Similarly, in the case of Table C-VI—Bilingualism, rural and urban figures have not been presented separately either in respect of State or its divisions and districts.

Table C-I which is based on 20% sample, has been prepared from the data given in Household Schedules and the Census Population Record. Information given in the latter regarding relationship with the head of the household is based on the entry recorded against Question 1 (b) of the individual enumeration slip. All other tables have been compiled from the replies to Questions 2, 3, 5 (b), 5 (c), 6, 7 (a), 7 (b) and 8 to 12 of enumeration slip. Instructions issued at the time of 1961 Census for recording replies against these Questions have been reproduced in Annexure I at the end of this note along with the copies of Household Schedule, the Census Population Record and Individual slip.

The scope of each table and the explanation of various terms used therein have been given in the Fly-leafs which precede each table.

Migration Tables (D—Series)

This series consists of 6 tables, D-I to D-VI, as detailed below:-

- D-I Non-Indian Nationals
- D-II Place of Birth
- D-III Migrants classified by place of Birth and duration of residence in place of enumeration
- D-IV Migrants to cities classified by sex, broad age-groups, educational levels and in case of workers also by occupational divisions and groups
- D-V Cities showing population born locally, migrants from rural areas and migrants from other towns and cities

D-VI Distribution of Industrial Categories of workers and non-workers by Place of Birth

Two of the tables D-IV and D-V pertain to the cities of Srinagar and Jammu, the only urban areas of the State with a population of one lakh and over. Other tables give the data for the State, its divisions and districts and among these D-VI presents, in addition, information regarding these two cities also.

The sources of the data incorporated in the Migration Tables are the replies recorded in the individual enumeration slip against Questions 2, 4 (a), 4 (b), 4 (c), 5 (a), 6 and 8 to 13. Instructions issued for recording replies against these Questions also appear at the end of this note.

As in the case of C-Series, each table is preceded by a Fly-leaf explaining the lay-out and method of presentation of the data. The Fly-leaf also elaborates some of the terms and concepts on which the table is based.

ANNEXURE I

RELEVANT QUESTIONS AND INSTRUCTIONS TO ENUMERATORS

Q. 1 (b)—Relationship to the Head of the Household—

In the case of the Head of the household write *Head*. All relationship in this question should be recorded in respect of that person. In the case of relations write the relationship in full. Do not use words like nephew, niece or uncle, but state whether brother's or sister's son or daughter (for nephew or niece) or father's or mother's brother (uncle). *Son* will include *adopted son* or *step son*; similarly for a daughter. In the case of visitors, boarders or employees write *visitor*, *boarder*, or *employee* as the case may be.

If on the check or revisional round between the 1st and 5th March the Head of the household as recorded previously is found to have died, the person in the household who succeeds him by common consent as Head should be recorded as Head and the relationships in all other slips will have to be suitably corrected. The slip of the dead Head of household will, of course, be cancelled.

In the case of places like messes, boarding houses, Chummeries, etc; where people live together with no ties of relationship, the manager or superintendent or the person who by common consent is regarded as the Head should be recorded as Head of the household. Other members should be recorded as *unrelated* in this question.

Q. 2—Age in completed years last birthday—

Write age in years completed last birthday. For infants below one year of age, write *O*. You will find many persons who cannot state their age correctly. You should assist them to state the correct age. If you are not able to elicit correct age directly, you should stimulate their memory by referring to historical incidents or religious events, etc. You may use any local calendar of such events that may have been prepared for the purpose.

Q. 3—Marital Status—

For Never married	write	NM
Married	write	M

Widowed	write	W
Separated or Divorced	write	S

For a person who has never been married write *NM*. For a person married, whether for the first or another time, write *M*. Write *M* also for persons who are recognised by custom or society as married and for persons in stable de facto union. Even if a marriage is disputed in the locality write *M* if the person concerned says he or she is married or in stable de facto union. For a widowed person whose husband or wife is dead, and who has not been married again, write *W*. For a person who has been divorced in a lawful manner, either by decree of a law court or by a regular social or religious custom but who has not re-married, or a person who has been separated from wife or husband and is living apart with no apparent intention of living together again, write *S*. For a prostitute return her marital status as declared by her.

Q. 4 (a)—Birthplace—

1. If born in village or town in which enumerated ... write PL
2. If born in another village or town of district in which enumerated ... write D
3. If born in another district in the State of enumeration ... write name of district
4. If born in another State in India ... write name of district and State if name of district is known, otherwise write name of State.
5. If born in a country outside India, e. g. Pakistan or any other country ... write name of country

6. Persons born at sea or in air or in railway carriages or on road transport e.g. buses, etc., should be entered as such.

Q. 4 (b) - Whether born in village or town—

1. If born in village write R
2. If born in a town which is considered a town at the present time even it was not so considered at the time of birth ... write U

Q. 4 (c) - Duration of Residence—

1. For a person born in another village or town or city in which enumerated ... write X
2. For a person born in another village or town or city of district of enumeration or who was not born in the district of enumeration ... write the number of completed years this person has been in the village/town of enumeration.

(Do not take into account periods of temporary absence on leave or holiday or tour or business).

3. If the duration of residence is less than one year ... write O

If the duration of residence is one year or over ... write the actual number of completed years of residence.

Q. 5 (a) - Nationality—

1. For Indian nationals write I
2. For other nationals write the nationality in full.

Q. 5 (b) - Religion—

For Hindu	write	H
Muslim	write	M
Christian	write	C
Jain	write	J
Buddhist	write	B
Sikh	write	S

For others write the answers actually returned.

Q. 5 (c) - Scheduled Castes and Scheduled Tribes—

If the person does not belong to any Scheduled Caste or Scheduled Tribe, write X in this column. If the person gives out that he is a member of a particular caste which is a Scheduled Caste, find out the name of the Caste in the list of Scheduled Castes. If the name of the Caste as given by him tallies with or is locally considered to be equivalent to the name of the Caste, then the name of the Caste as it appears in the list should be recorded in this column and then the letters (S.C.) should be written after the name of the Caste. Do not write the names of Scheduled Castes in general terms as *Harijan*, *Achhut*. You should ascertain the name of the caste when it is returned and write it. If a person is negligent and insists on calling himself merely *Harijan*, tell him that this description will not earn the person any benefits under the Constitution permissible to Scheduled Castes and Scheduled Tribes. This may persuade him to give out the correct name.

Scheduled Caste can belong only to the Hindu or Sikh religions. If a person belongs to a Scheduled Caste, there will be either H or S in the answer to question 5(b).

Q. 6 - Literacy and Education—

1. Illiterate or Literate

For a person

1. Who can neither read nor write or can merely read but cannot write in any language ... write O
2. Who can both read and write ... write L

The test for reading is ability to read any simple letter either in print or in manuscript, i.e. if the person can read one of the examples in the Enumerator's Hand book with felicity he may be taken to have passed the test for reading. The test for writing is ability to write a

simple letter. The test for literacy is satisfied if the person can, with understanding, both read and write.

II. Standard of Education—

If the person can both read and write and has also passed a written examination as proof of an educational standard attained, write the highest examination passed instead of L.

Q. 7 (a) - Mother-tongue—

Write the mother-tongue in full including dialect as returned by the person enumerated. Mother-tongue is language spoken in childhood by the person's mother to the person or mainly spoken in the household. If the mother died in infancy write the language mostly spoken in the person's home in childhood. In the case of infants and deaf mutes give the language usually spoken by the mother.

Q. 7 (b) - Any other language (s) -

After recording the mother tongue enquire whether the person knows any other language (s), Indian or Foreign, and write the language (s) returned by him against this question. In case he does not know any other language put X.

The instructions relating to Questions 8 to 12 are not reproduced in full as they have been reproduced in detail in the Introductory note to B -Series Tables in part II-B. They are, therefore, summarised below for the convenience of the reader.

Q. 8 to 11 Working - These questions apply only to workers. A person working both as cultivator and as an agricultural labourer should be entered both in Q-8 and Q-9, but in Q-8 and Q-10 if working both as cultivator and at household industry. If a person is working in any possible combination of 8, 9, 10 and 11 he will be entered in the appropriate places. If he is doing just one kind of work, he will be entered in only one of the four Questions 8 to 11.

Work includes not only actual work but effective supervision and direction of work. As for non-workers, persons like beggars, pensioners, agricultural or non-agricultural royalty, rent or dividend receivers, earning an income without participating in any productive work should not be treated as working unless they also work in cultivation, industry, trade, profession, business or commerce.

A public or social service worker actively engaged in public service or a political worker, who is also actively engaged in furthering the political activity of his party will be regarded as a worker and entered fully in Q. 11.

Q. 8 - Working as Cultivator—

For a person working as cultivator write C. For all others put X.

Q. 9 - Working as Agricultural Labourer—

Write AL for a person working as agricultural labourer. For others put X.

Q. 10 (a) and 10 (b) - Household Industry—

If a person is working in Household Industry write (i) the nature of work done by him in the Household Industry against Q. 10 (a) and (ii) the nature of the Household Industry against 10 (b). Otherwise put X in both Questions 10 (a) and 10 (b).

A Household Industry should relate to production, processing, servicing, repairing or making and selling of goods. It does not include professions such as pleader, or doctor or barber or washerman or astrologer.

Q. 10 (c) - If employee in Household Industry—

Write EE for a person working as a paid employee in another person's Household Industry. For all others put X.

Q. 11 - Doing work other than 8, 9 or 10—

If a worker is not working as a cultivator or as an agricultural labourer or at any Household Industry write the actual work he is doing. If a person is working as a cultivator or as an agricultural labourer or at Household Industry and also does some other work (including dairying or livestock raising, orchard or plantation etc., as distinct from cultivation of crops) write the other work he does in this question. If he is engaged in more than one work and neither of them relates to any of the three categories mentioned above write the work on which he devotes more time.

Q. 11 (a) - Nature of work—

Describe fully the nature of the work done by the person himself giving full and precise information as to the nature of work done by him either in the vernacular or in English or in vernacular transliteration of English.

Q. 11 (b) - Industry, Business, Trade, Profession or Service—

For a worker, the nature of whose own work has been recorded in Question 11 (a) describe in detail the nature of industry, business, trade, profession or service in which he works. Vague

TABLE C—I

**COMPOSITION OF SAMPLE HOUSEHOLDS BY RELATIONSHIP TO HEAD
OF FAMILY CLASSIFIED BY SIZE OF LAND CULTIVATED**

TABLE C—I

FLY-LEAF

The data given in the table is the first of its kind and has not been collected at any previous Census held in the State. The table is of sociological interest and presents a broad economic picture in the joint family system.

The data presented in the table has been compiled on 20% sample basis and gives the number of sample households, their total and sex-wise population, the numbers of male and female heads of households and of their spouses, as also the sex-wise numbers of married, never married, widowed and divorced or separated

relations and unrelated persons.

In the case of urban areas, the data only indicates the structure and the composition of households and does not portray their economic activities. So far, however, as the rural areas are concerned, the households have been classified into three categories, viz. (a) those engaged neither in cultivation nor household industry, (b) those engaged in household industry only and (c) those engaged in cultivation. The last named category has further been classified by size of holding groups besides those whose size class is not known.

TABLE C—II

AGE AND MARITAL STATUS

TABLE C--II

FLY-LEAF

The table gives valuable demographic data of age structure and marital status separately for total, rural and urban population. The age groups conform to international requirements.

The table will prove helpful in ascertaining whether the proportions in the various marital status conditions have increased or decreased since last Census and whether any trend is discernible in the age of marriage. The data of married

females by age-group can also be utilised for forecasting future births from age specific birth rates.

The table has been prepared on full count and not on 10% sample basis as was done elsewhere in 1951 when no Census was held in the State. In 1941 and earlier Censuses religion was the basis of tabulation and data regarding age and marital status was tabulated by various communities.

C-II-AGE AND MARITAL STATUS—contd.

Table C—II

TABLE C—III PARTS A, B & C

AGE, SEX AND EDUCATION

•

TABLE C—III

FLY—LEAF

The table gives the statistics of literate population by age, sex, and educational levels as also the sex-wise number of illiterate persons in each age group. In all, the following ten age groups, besides an additional one relating to persons who did not specify any age have been adopted—

0-4, 5-9, 10-14, 15-19, 20-24, 25-29, 30-34, 35-44, 45-59, and 60 and above.

The table has been split up into three parts, each giving figures upto the district level. Part A relates to all areas, Part B to the urban sector and Part C to the rural areas.

Parts A and C are designed to give for each age group sex-wise figures of total, literate and illiterate population. The statistics of literates have, however, been tabulated by three educational levels, namely—

- (i) Those who have not passed any examination
- (ii) Those who have passed Primary or Junior Basic examination and
- (iii) Those who have passed Matriculation and higher examinations.

In the case of urban areas where the incidence of literacy is comparatively high and larger facilities for higher education are available, a more elaborate and comprehensive description of the educational levels has been attempted. Part B of the table therefore gives the distribution of literate persons by the following seven major categories :—

- 1. Literates without educational standards.

- 2. Those who have passed Primary or Junior Basic examination
- 3 Those who have passed Matriculation or Higher Secondary examination
- 4. Persons possessing technical diploma not equal to degree
- 5. Persons possessing non-technical diploma not equal to degree
- 6. Those possessing University degree or Post graduate degree other than technical degree
- 7. Those possessing technical degree or diploma equal to degree or Post-graduate degree.

The last category has further been sub-divided into 7 divisions, viz, Engineering, Medicine, Agriculture, Veterinary and Dairying, Technology, Teaching and others. It is hoped that these statistics will prove of great use for making an assessment of the man power available for the implementation of various developmental schemes.

A reference to the previous Census Reports, except that of 1951 when no census was held in the State, will show that figures of literacy were usually being given by communities. In 1961, the community-wise tabulation of data on literacy has not been undertaken. Another distinguishing feature of the table is that it gives the educational standards of literate persons instead of classifying them among those literate in English, Urdu, other Vernaculars or *able to read* etc., as was the practice in the past.

APPENDIX TO TABLE C—III

APPENDIX TO TABLE C-III

FLY-LEAF

Side by side with the collection of basic data on literacy, an attempt was also made at the instance of the Council of Scientific and Industrial Research to compile statistics about the particulars of the employed and un-employed scientific and technical personnel. Printed cards of the following description containing questions

on sex, marital status, nature of employment, monthly income, period of un-employment etc. etc., were accordingly distributed among the enumerators for being delivered to persons possessing scientific and overall technical qualifications.

CENSUS OF INDIA 1961 : SCIENTIFIC & TECHNICAL PERSONNEL

Only a person with a recognised Degree or Diploma in Science,
Engineering, Technology or Medicine should fill in this card.

READ CAREFULLY BEFORE FILLING IN. TICK (✓) WITHIN BRACKETS PROVIDED WHERE APPLICABLE.

CENSUS LOCATION CODE

1. NAME2. DATE OF BIRTH

3. DESIGNATION & OFFICE ADDRESS
(if employed)

4. PERMANENT ADDRESS

8. ACADEMIC QUALIFICATIONS (ANSWER FULLY)

5. (a) Male/ ()
(b) Female ()
6. (a) Never ()
Married/
(b) Married ()
7. On Feb. 1, 1961
were you:
(a) Employed? ()
if so, monthly
total income
Rs. ()
(b) Full time ()
student?
(c) Unemployed? ()
if so, how long?
Yrs mths.
(d) Retired? ()

If employed fill in Qs 9-12

9. Nature of employment :
(a) Teaching in School ()
(b) " in College ()
(c) Technical, in Industry ()
(d) " outside Industry ()
(e) Non-technical ()
10. Any Research Assignment?
Yes ()/No ()

11. Where employed ?
(a) Public Sector ()
(b) Private Sector ()
(c) Self employment ()
12. How employed ?
(a) Permanent ()
(b) Temporary ()
(c) On contract ()
(d) Research Scholar etc. ()
(e) Otherwise ()

DateSignature

In order to ensure that the cards were delivered only to such persons who actually possessed qualifications of scientific and/or technical nature, the enumerators were asked to note the following definitions :—

1. Science—Anybody holding B. A., or B. Sc., M. A., or M. Sc., or higher degrees (Ph. D. etc.) in science subjects like Physics, Mathematics, Chemistry, Agriculture, Geology, Geo-Physics, Geography, etc.

2. **Engineering**—Anyone holding recognised Degree or Diploma in Engineering.

3. **Technology**—Anyone holding Degree or Diploma in technical subjects like Chemical Technology, Leather Technology, Textile Technology, Glass and Ceramic Technology, Food Technology etc.

4. **Medicine**—Persons holding Degree or Diploma in Medicine and/or Surgery.

Thus Under-Graduates scientists (i.e. those who had not got any Bachelor's Degree) or Mechanics and Technicians even though holding certificates were not treated as persons possessing scientific or technical qualifications.

The enumerators were instructed to examine the qualifications, if any, recorded against Question 6 of the individual slip and to deliver a printed card to the concerned person or to the Head of the Household if these qualifications come under the above definitions. The cards were to be delivered at the time of the enumeration from 10th February 1961 to 28th February 1961 and were to be received back duly filled in sometime between 1st March 1961 and 5th March 1961 when the enumerators re-visited the household in connection with the revisional round. Persons possessing scientific and technical qualifications were, however, given the option of despatching the card direct to the Registrar General, India, without affixing any postage stamps, as the card was devised in the form of *Business Reply Card*.

At our request, the Office of the Registrar General, India, supplied 40,000 cards for distribution among scientific and technical personnel. Of these, 32,000 were distributed among the enumerators and the remaining 8,000 kept in reserve with the District Census Officers and Charge Superintendents. In the case of urban areas, where the incidence of literacy is more pronounced and facilities for higher education are available, 20 cards were supplied to each enumerator. So far as the rural areas are concerned, cards were distributed among the enumerators employed in certain selected villages only.

According to the information made available to the Registrar General, India, only 1,158 cards were filled in by the personnel concerned and submitted direct or through the District Census Officers to the Office of the Registrar General, India.

The information given in the cards was tabulated in Delhi and in all 8 tables bringing out the following characteristics of the technical personnel were prepared :—

1. **Union & State Table I**—Classification by each branch and sub-branch of Science or Technology. Altogether 58 main branches of study have been adopted and under each the number of people qualified in a particular branch of specialisation has been indicated.
2. **State Table II**—Type of activity and marital status of persons in each branch of Science or Technology.
3. **State Table III**—Year of obtaining Post-graduate Degrees in Physical Sciences and Graduates and Doctorates Degrees in Engineering and Technology and selected branches of Medicine.
4. **State Table IV**—Persons holding Degrees in Engineering and Technology and also holding Degrees in selected branches of Physical Sciences.
5. **State Table V**—Nature and Sector of employment of persons in each branch of Science or Technology.
6. **State Table VI**—Total monthly income of persons employed in each branch of Science or Technology classified by sector of employment.
7. **State Table VII**—Tenure and sector of employment of persons in each branch of Science or Technology.
8. **State Table VIII**—Age and period of un-employed persons qualified in any branch of Science or Technology.

TABLE C—IV
SINGLE YEAR AGE RETURNS

TABLE C—IV

FLY-LEAF

Tabulation by single year age returns was attempted for the first time elsewhere in India in 1951 when no census was taken in Jammu and Kashmir State. On that occasion, however, the tabulation was undertaken on 10% sample basis only whereas the table presented in this volume relates to the entire population.

It will be seen from the table that data in respect of persons above the age of 100 years has been lumped together and shown as *Over 100*. The sub-joined table indicates the district-wise distribution of single year age returns of male and female population above the age of 100—

Single year age returns	Anantnag District		Srinagar District		Baramulla District		Doda District		Udhampur District		Jammu District		Poonch District	
	Males	Females	Males	Females	Males	Females	Males	Females	Males	Females	Males	Females	Males	Females
101	4	2	4	..	5	..	1	..	..	..	..	..	10	6

120	3	2	5	9	7	1	5	3	..	1	..	..	..	..
121	..	..	..	..	..	..	..	1	..	..	..	..	..	..
122	..	..	1	..	..	..	..	..	..	..	..	..	..	..
123	1	..	..	..	..	..	..	..	..	..	..	..	..	..
125	5	1	..	..	..	1	..	..	..	..	..	..	..	..
130	1	..	1	1	1	..	2	..	..	..	..	..	..	..
140	1	..	..	..	1	..	..	..	..	..	..	..	..	..
150	1	1	1	2	..	..	..	..	..	..	..	..	..	..
158	1	..	..	..	..	..	..	..	..	..	..	..	..	..
175	1	..	..	..	..	..	..	..	..	..	..	..	..	..

Note :— There is no person beyond the age of 100 years in the districts of Ladakh and Kathua.

It is hoped that the table will be found useful for demographic analysis, assessment of

mortality rates, compilation of life tables and projections of demographic trends etc.

TABLE C—V

MOTHER - TONGUE

TABLE C—V

FLY-LEAF

(By R. C. Nigam, Linguist, Office of the Registrar General, India)

Note 1.

(i) The following mother tongues arranged in alphabetical order in Col. 1 of the table given below as per Table C-V have been classified in the Linguistic Survey of India. The Linguistic Survey of India Classification No. is mentioned against each mother tongue in Col. 3.

(ii) If in Col. 3 no Classification No. is given against any mother tongue of Col. 1 then it would mean that the name refers to either old or middle Indo-Aryan language or a language group or branch or family name from the Linguistic Survey of India.

(iii) Wherever a tongue is mentioned in Col. 3 it is to be understood that the mother tongue is

either a dialect or another name or form of the tongue mentioned against it in Col. 1 which in its turn has been classified by the Linguistic Survey of India in the appropriate place for that tongue.

(iv) If in Col. 1, there is a tongue which bears no classification number in the Linguistic Survey of India then in Col. 2 the name of the classified language or group has been given of which the mother tongue of Col. 1 is either a dialect or another name or form. In such a case the number of classified language of Col. 2 has been given in Col 3.

(v) In Col. 2 standardized spellings according to Linguistic Survey of India has been given against each mother tongue of Col. 1.

Alphabetical order of mother tongues classified by the Linguistic Survey of India 1	Classified name in the Linguistic Survey of India 2	Classification No. in the Linguistic Survey of India 3
Agarwali	Marwari	713
Assamese	Assamese	552
Balti	Balti	59
Banarasi	Western Bhojpuri	525
Bengali	Bengali	529
Bhadrawahi	Bhadrawahi	847
Bhalesi	Bhalesi	848
Bharmauri/Gaddi	Gadi/Bharmauri	843
Bhili	Bhili	677

Telugu	Telugu	319
Tibetan	Tibetan	58
Urdu	Urdu	585

Note 2.

The following mother tongues arranged in alphabetical order as per Table C-V and are indicated by asterisk and dagger or dagger alone in that Table have been tentatively classified or reclassified by the Linguist in the manner stated

below :

(T) against the mother tongue in column 1 indicates that it has been tentatively classified, (TR) means that it has been tentatively reclassified by the Linguist.

Alphabetical order of the mother tongues indicated by asterisk and dagger or dagger alone in Table C—V	Manner in which tentatively classified or reclassified by the Linguist
1	2
Askardi (T)	Balti
Bunjwali (T)	Kashmiri
Kaghani (TR)	Kohistani
Konkani (TR)	A Language of the Southern Group of Outer Sub-Branch of the Aryan Sub-Family.
Mirpuri (T)	Lahnda
Rajputi (T)	Dogri

Note 3.

Mother tongues outside the Indian Sub-continent which have been printed in italics in the Table have been arranged by the Linguist according to

(a) mother tongues of other Asian countries and
(b) mother tongues of each of the other continents in the following manner :

1	2
Other Asian Countries	Afghani/Kabuli/Pakhto/Pashto/Pathani, Arabic/Arbi, Persian, Turkish/Turkistani, Yagistani, Yarkandi
Europe	Dutch, English, French, German, Hungarian, Italian, Spanish

Note 4.

The following mother tongues which appear in the table have been found unclassifiable by the

Linguist for want of any dependable information on them so far :

Bahthi	Bakerwali	Bhali	Bilni	Boria
Chetori	Darwi	Desbadi	Deshi	Deswayi
Jord	Kalwi	Khasal	Khasbodi	Kumadri
Ladhari	Logli	Madwali	Marajee	Mehari
Ordial	Pathlu	Punjwali	Rowdhari	Sarodi
Tilali	Zindhari			

Note 5.

Column 2 shows variant spellings or forms

of mother tongue returns which are rationalized to the names given against them in Column 1.

Column 1	Column 2
Rationalized forms of names of mother tongues as listed in Table C—V	Variant forms of the names of mother tongues recorded during enumeration and / or transcription
Agarwali	Agarwala
Askardi	Askurdi
Assamese	Assami, Assamies
Bakerwali	Bakarwali
Bhadrawahi	Badarwahi, Badarwali, Baderwahi, Bhadrwahi
Bharmauri/Gaddi	Gadi, Gadhi, Gadhiali
Bihari	Behari
Boria	Bhoria
Brokpa	Barkhapa, Brukpa
Budhi	Bodhi
Bunjwali	Bunchwali, Bonjwali
Chameali	Chamaya, Chamya
Champa	Champali
Dakani/Musalmani	Dakhani
Garhwali	Garwali, Gadwahi, Gadwali, Gashwali
Gojri	Gogri
Gilgiti	Gilgati
Gorkhali	Gorkhi, Gurkhali, Gurkha
Gujarati	Gujrati
Jatki	Jat
Kaghani	Kagani, Kangani
Kandiali	Kandi
Kannada	Kanaries
Karnataka	Karnatiki
Kishtwari	Kashtwari
Konkani	Kankoni, Kunkani
Kumauni	Kumoani, Kumanau
Marathi	Maharashtri, Marthi, Marhati, Marahati
Oriya	Oria, Uriya
Pathlu	Patholo
Poguli	Chogli, (Pogli)
Punchhi	Poonchi, Punchi
Shina	Sheena
Siraji—Kashmiri	Saraji, Suraji
Telugu	Telegu, Telgu
Tibetan	Tibti, Tibeti

TABLE C—VI

BILINGUALISM

TABLE C—VI

FLY-LEAF

The table on bilingualism was introduced as early as 1931 but its scope was then limited to only such of the subsidiary languages as were in common use in the State or elsewhere in India. In 1951, however, the restriction of common usage was relaxed but bilingualism was still limited to other Indian languages only. A distinguishing feature of

the present table is that it gives the number of speakers of all the subsidiary languages whether Indian or Foreign which may be spoken in addition to the mother tongue. Another improvement on the corresponding table of 1951 is that the sex-wise break up of speakers of subsidiary languages has also been furnished this time.

TABLE C—VII

RELIGION

TABLE C—VII

FLY-LEAF

This is an important sociological table giving the community-wise population of the State and of each of its constituent districts as also of their respective rural and urban sectors. Before 1951, Religion was treated as the unit of tabulation and most of the demographic data such as marital status, literacy and other characteristics was tabulated by the communities. Further the classification of the population was being presented by religion

down to the village level. In 1951, no data regarding race, caste, etc. was collected and livelihood classes were adopted as the unit of tabulation. At the present Census the industrial classification has been given greater emphasis and most of the data has been presented on this basis. Another distinguishing feature of the 1961 table is that the figures have this time been tabulated separately for rural and urban areas of each district.

SUPPLEMENT TO UNION TABLE C—VII

TABLE C—VIII PART A

CLASSIFICATION BY LITERACY AND INDUSTRIAL CATEGORY
OF WORKERS AND NON-WORKERS AMONG SCHEDULED CASTES

TABLE C—VIII PART A

FLY-LEAF

According to tabulation plan prescribed for 1961 Census, Table C-VIII is to consist of two parts, one dealing with Scheduled Castes and the other relating to Scheduled Tribes. As there are no Scheduled Tribes in Jammu and Kashmir, only part A of the table has been compiled for this State.

The table gives for the State, its constituent districts and their respective rural and urban sectors the sex-wise population of literate and illiterate Scheduled Castes and the classification of workers by nine industrial categories. It also contains the number of non-workers of each sex in the above territorial units.

Further, consolidated figures of all the castes

put together have been presented under each category of workers and literate and illiterate persons. Information on these particulars separately for individual caste is contained in Volume VI, S. C. T. I. Part A which has already been published.

A distinguishing feature of this table when compared with earlier Censuses is that the classification of workers by Industrial categories has been confined to Scheduled Castes only and the tabulation of data for important communities, as was done in the past, has been dispensed with. The table is important as it will be the basis for the allocation of reserved seats in Parliament and State Legislatures.

TABLE D—I

NON-INDIAN NATIONALS

TABLE D—I

FLY-LEAF

The table gives the sex-wise figures of non-Indian nationals enumerated in the State at the Census of 1961. With a view to reducing the size of the table which should have become unwieldy if the number of nationals of each country had been separately tabulated, the figures of the nationals of the Continent as a whole and of only a few of its countries have been specified. The sex-wise numbers of all other nationals in each Continent have been grouped together under the heading 'elsewhere'. Thus in the case of nationals of Asia outside India

(including U.S.S.R.), only the figures of neighbouring countries, viz. Afghanistan, Burma, Ceylon, China, Nepal, Pakistan, Singapore-Malaya and British Borneo and U.S.S.R. have been tabulated separately and the data relating to the nationals of other Asian countries has been lumped together and classified as 'elsewhere'. The names of the countries, which have thus been omitted have, however, been listed in the appendix appearing at the end of the table which also gives the sex-wise number of the nationals of each such country.

TABLE D—II
PLACE OF BIRTH

TABLE D—II

FLY-LEAF

The table gives the distribution of population by birth place and corresponds to Table D—IV of 1951 and Imperial Table VI of 1941. An important change introduced in the table is the classification of the population by rural and urban birth places. Persons about whom this information was not available have been included under "unclassifiable".

Further, the data has also been cross tabulated so as to indicate separately the number of persons of each sex enumerated in the rural and urban areas. It is hoped that the table will be found of great use for studying the movement of population from rural to urban areas and vice versa.

TABLE D—III

MIGRANTS CLASSIFIED BY PLACE OF BIRTH AND DURATION
OF RESIDENCE IN PLACE OF ENUMERATION

TABLE D-III

FLY-LEAF

The table gives sex-wise figures of migrants classified by place of birth and the duration of residence at the place of enumeration. In view of the fact that no census was held in Jammu and Kashmir in 1951, the data will be found of immense value in making an assessment of the large scale immigrations which took place in the wake of the tribal raids of 1947 and consequent upon the splitting up of the State by the Cease-Fire Line. The migrants have been classified into the following six groups according to the length of their residence at the places of enumeration :—

1. Less than 1 year
2. 1-5 years
3. 6-10 years
4. 11-15 years
5. 16 years and over
6. Period not stated

The data has further been presented by broad

categories of places of birth, as indicated below :—

1. Born elsewhere in the district of enumeration.
2. Born outside the districts of enumeration but within the State.
3. Born in other States of India
4. Born in Nepal
5. Born in Pakistan
6. Born in other countries outside India
7. Birth place unclassifiable.

The place of origin of such of the migrants whose birth place was in other districts of the State of enumeration or in other States of India has been classified by rural, urban and unclassifiable. Further, figures of each of the States in India have been presented separately but in the case of foreign countries except Nepal and Pakistan, these have been lumped together and exhibited in a consolidated form.

TABLE D—IV

**MIGRANTS TO CITIES CLASSIFIED BY SEX, BROAD AGE GROUPS,
EDUCATIONAL LEVELS AND IN CASE OF WORKERS ALSO BY
OCCUPATIONAL DIVISIONS AND GROUPS**

TABLE D—IV

FLY-LEAF

This table is designed to indicate certain broad characteristics of migrants to cities with a population of more than one lakh. It gives the occupational distribution of workers and their classification by sex and broad age groups cross tabulated by

educational standards. Data in respect of non-workers has been given at the end of each city after all the occupational divisions of workers have been exhausted.

TABLE D—V

CITIES SHOWING POPULATION BORN LOCALLY, MIGRANTS FROM RURAL AREAS AND MIGRANTS FROM OTHER TOWNS AND CITIES

TABLE D--V

FLY-LEAF

The data given in the table relates to the two cities of Srinagar and Jammu and excludes all other urban areas of the State. It indicates the extent of immigration in each of the two cities from rural/urban areas of

- (a) the district of enumeration,
- (b) other districts of Jammu and Kashmir, and
- (c) other States in India.

The immigrants falling in each of these categories have further been classified into two groups according as their duration of residence in the City has

been less than 3 years or more.

It is important to note here that

- (i) the figures of population given in columns 3 to 5 of the table exclude persons whose birth places have not been recorded as either *rural* or *urban*, whose duration of residence has not been stated and who are born in place of birth *unclassifiable* and
- (ii) the table relates to persons born within the country.

TABLE D-VI

**DISTRIBUTION OF INDUSTRIAL CATEGORIES OF WORKERS
AND NON-WORKERS BY PLACE OF BIRTH**

TABLE D--VI

FLY-LEAF

The table is designed to indicate the industrial classification of workers and non-workers, both of those born at the place of enumeration as also of migrants from within and outside the State. The table has been split up into three parts, one giving data for total population and the other two in respect of those inhabiting the rural and urban sectors. The data has been tabulated separately for the State, each of its divisions and districts and the two cities of Srinagar and Jammu

The population has further been classified into the following eight groups on the basis of birth place.

- A. Born in India.
- B. Born in countries in Asia beyond India (including U. S. S. R.)
- C. Born in countries in Europe (excluding U. S. S. R.)
- D. Born in countries in Africa.
- E. Born in countries in two Americas.
- F. Born in countries in Oceania.
- G. Born at sea.
- H. Unclassifiable.

Those born in India have been sub-divided into two categories according as their birth place is within Jammu and Kashmir or elsewhere in India. Figures in respect of the first of these have further been tabulated separately for those :--

- a) born in place of enumeration ;
- b) born elsewhere in the district of enumeration, and
- c) born in other districts of the State.

In the case of countries outside India which fall in group B to F, the data has been presented for some selected countries only. Figures of other countries from which the number of migrants has been comparatively small have been lumped together and shown against 'Elsewhere' under each group.

Appendix II appearing at the end of the table, however, gives the names of all such countries as also of the districts and cities of the State in which

migrants from the former have been returned. The appendix further indicates the industrial classification of the migrants by sex in run on lines instead of being presented in tabular form.

The rural part of the table has been abridged by limiting the presentation of data only in respect of those (a) born within the State of enumeration and (b) born in four other States in India which have contributed relatively larger number of migrants to the State. The names of these four States vary from division to division and district to district, the criterion being the selection of States claiming largest number of migrants than others in the division or district concerned.

The other two parts of the table giving the total and urban figures are more exhaustive and indicate the classification of workers and non-workers falling in each of the 8 groups A to H referred to above. The only abridgement made in this case is, however, that such of the States in India which have contributed less than 1% of the total immigrant population in the State, division or district, as the case may be, have been omitted. Appendix I of the table gives the name of each such State together with the classification of the migrant by rural, urban and industrial categories. The data has, however, been presented in run on lines and relates to total only with urban figures inserted below the total figures.

Data regarding the cities has been fully exhibited except that unclassifiable migrants whose number is less than 5% of total population in the group concerned have been left out.

Wherever the line for unclassifiable in column 2 is omitted in any of the three parts of the table, it should be assumed that the figure under this category is less than five percent of the total population in the particular main group in column 1 (AI, AII, B. C. etc).

Such of the States / Union territories under group A-II and the Continents / countries under groups B, C, D, E and F from which migrants are not reported have been omitted from the table.

D-VI DISTRIBUTION OF INDUSTRIAL CATEGORIES OF WORKERS AND NON-WORKERS BY PLACE OF BIRTH

Note :—The rural part is prepared only for those Born in India and that too for those born within the State of enumeration for the following categories :
(a) Born in place of enumeration
(b) Born elsewhere in the district of enumeration
(c) Born in other districts of the State
In addition, 4 numerically most important States of immigration (adjoining or distant) are given for each district and exhibited in the descending order of migrants. This selection for rural table has been made for each district separately by considering the immigrants in the Rural Table and not in the Total Table. However, the figures shown against Group A—II are for the total migrants except unclassifiable born in States in India beyond the State of enumeration.
Figures for unclassifiable are omitted, they being less than 5% of the total population in that group.
