Note—In case of earlier censuses two sets of figures are furnished for State and Bolangir district in Subsidiary Tables A-I. 2, 3, 4 and 5. The first set of figures takes into account the new definition of towns of 1961 Census in addition to the territorial changes in the district, while the second set shows only the territorial changes in the district. As the figures for the first set and the second set are similar in case of other districts, only one set of figures is shown against them.
