PREFACE

The scheme of presenting the large amount of data collected during the 1961-census in Punjab is outlined on the opposite page. It will be seen that Part II-C, in two books, will present Tables on social and cultural topics, and on migration, respectively. Each Table is preceded by a note explaining the concept of terms used and mode of presenting the data.

I am thankful to Shri K. D. Ballal, the Central Tabulation Officer, office of the Registrar General, India, and his staff who checked the Tables for accuracy and made useful suggestions for improvement. Grateful mention is made of Shri R. C. Nigam, the Linguist in that office for his contributing an exhaustive note relating to Table C-V, as also of Shri S. C. Sharma, the Mechanical Tabulation Officer for preparing Table C-I.

In my Tabulation Office I would record my appreciation for Shri Pawan Kumar, the Tabulation Officer, Sarvshri Goverdhan Dass Singla and Kundan Lal Chopra, the Statistical Assistants, and Sarvshri Joginder Nath Suri and Dharam Pal Jain, the Tabulation Assistants, for their hard and careful work in preparing the Tables. Shri Shyam Sunder Sharma, the Editorial Assistant, assisted by Sarvshri Sant Ram, and Raj Kumar, Supervisors, and Sarvshri Harish Chander Kapur and Gurmukh Singh, Sorters, rendered valuable assistance in seeing the report through the Press.

My thanks are due to Shri P. S. Ramachandran, the Manager of the Government of India Press, Simla and his colleagues for the neat printing and get-up of the book, brought out during a period when the pressure on the press was extremely heavy.

INTRODUCTION

The present book, Part II-C(i), furnishes data on the composition of households, age, marital status, education, mother tongue, bilingualism, religion, and Scheduled Castes and Scheduled Tribes. The source of this information are the replies collected for each individual during 1961-census to the following questions in the Individual Slip:—

- Q. 1(b) Relationship to the Head of the Household.
- Q. 2. Age last birthday.
- Q. 3. Marital status.
- Q. 5(b) Religion.
- Q. 5(c) Scheduled Caste/Scheduled Tribe.
- Q. 6. Literacy & Education.
- Q. 7(a) Mother tongue.
- Q. 7(b) Any other language(s).

The instructions given to the enumerators for filling in the above questions are reproduced in Annexure I.

The book contains the following eight Tables:—

- Table C-I Composition of Sample Households by relationship to Head of family classified by size of land cultivated.
- Table C-II Age and Marital Status.
- Table C-III Age, Sex and Education.
- Table C-IV Single Year Age Returns.
- Table C-V Mother Tongue.
- Table C-VI Bilingualism.
- Table C-VII Religion.
- Table C-VIII Classification by Literacy and Industrial Category of Workers and Non-workers among Scheduled Castes and Scheduled Tribes.

All these Tables correspond to the 1951-census Tables in following order:—

1961-census Table	Corresponding Table of 1951-census
C-I	C-I
C-II	C-III
C-III	C-IV
C-IV	C-V
C-V	D-I(i)
C-VI	D-I(ii)
C-VII	D-II
C-VIII	D-III

All the 1961 Tables have been prepared on full count except Table C-I which has been prepared from a 20 per cent sample of Households. In 1951-census, Table C-I was prepared on the basis of one in one thousand households, Table C-III, C-IV and C-V were based on a 10 per cent sample, and D-I(i), D-I(ii), D-II and D-III were prepared on full count.

Each Table is prefaced by a note explaining the contents. The Annexure II contains the questions asked on these topics in the censuses held from 1901 to 1961. Though the general run in the questionnaire for 1961 is about the same, yet several improvements are claimed in the processing and presentation of data this time, as explained below.

- The data are compiled on a bigger count in Table C-I and on full count in all other Tables.
- In Table C-I, Households for rural areas have been classified according to the chief economic activities of the household, i.e., households (a) engaged neither in cultivation nor in household industry, (b) engaged in household industry only, and (c) engaged in cultivation. Households engaged in cultivation have been further

distributed according to the sizes of area cultivated by them:

- Less than 1 acre
- 1.0 to 2.4 acres
- 2.5 to 4.9 „
- 5.0 to 7.4 „
- 7.5 to 9.9 „
- 10.0 to 12.4 „
- 12.5 to 14.9 „
- 15.0 to 29.9 „
- 30.0 to 49.9 „
- 50+
- Unspecified

- 3. Quinquennial age groups have been adopted in conformity with the recommendations of the United Nations for population census.
- 4. In the Table on Literacy, the literate persons have been further classified into: Literate (without educational level); Primary or Junior Basic; and Matriculation and above. For urban areas, the class

‘Matriculation and above’ has been divided into:

- (i) Matriculation or Higher Secondary ;
- (ii) Technical Diploma not equal to Degree;
- (iii) Non-Technical Diploma not equal to Degree;
- (iv) University Degree or Post Graduate Degree other than Technical Degree; and
- (v) Technical Degree or Diploma equal to Degree or Post Graduate Degree in (a) Engineering, (b) Medicine, (c) Agriculture, (d) Veterinary and Dairying, (e) Technology, (f) Teaching, and (g) Others.

- 5. In 1951-census only total number of Scheduled Castes and Tribes was given, while this time their classification into nine industrial categories of Workers and Non-workers has also been presented.

A special census of technically qualified persons was also taken alongwith the 1961-census. The Tables prepared from the data thus collected are presented as an Appendix to Table C-III.

The Industrial Categories of 1961-census have been discussed at length in the Introduction to Part II-B(i).

ANNEXURE I

EXTRACT FROM INSTRUCTIONS TO ENUMERATORS

In the case of the head of the household write ‘Head’. All relationships in this question should be recorded in respect of that person. In the case of relations write the relationship in full. Do not use words like nephew, niece or uncle, but state whether brother’s or sister’s son or daughter (for nephew or niece) or father’s or mother’s brother (uncle). ‘Son’ will include ‘adopted son’ or ‘step son’; similarly for a daughter. In the case of visitors, boarders or employees write ‘visitor’, ‘boarder’, or ‘employee’ as the case may be.

If on the check or revisional round between the 1st and 5th March 1961 the head of the household as recorded previously is found to have died, the person in the household who succeeds him by common consent as the Head should be recorded as Head and the relationships in all other slips will have to be suitably corrected. The slip of the dead head of household will, of course, be cancelled.

In the case of places like messes, boarding houses, chummeries, where people live together with no ties of relationship, the manager or superintendent or the person who by common consent, is regarded as the head should be recorded as Head of the household. Other members should be recorded as ‘unrelated’ in this question.

Write age in years completed last birthday. For infants below one year of age write ‘O’. You will find many persons who cannot state their age correctly. You should assist them to state the correct age. If you are not able to elicit correct age directly, you should stimulate their memory by referring to historical incidents or religious events, etc. You may use any local calendar of such events that may have been prepared for the purpose.

For a person who has never been married write ‘NM’. For a person married, whether for the first or another time, write ‘M’. Write ‘M’ also for persons who are recognised by custom or society as married

and for persons in stable *de facto* union. Even if a marriage is disputed in the locality write ‘M’ if the person concerned says he or she is married or in stable *de facto* union. For a widowed person whose husband or wife is dead, and who has not been married again, write ‘W’. For a person who has been divorced in a lawful manner, either by decree of a law court or by a regular social or religious custom but who has not remarried, or a person who has been separated from wife or husband and is living apart with no apparent intention of living together again, write ‘S’. For a prostitute return her marital status as declared by her.

- | | |
|-------------------|----------------------|
| | For Hindu .. write H |
| | Muslim .. write M |
| Q. 5(b) Religion. | Christian .. write C |
| | Jain .. write J |
| | Buddhist .. write B |
| | Sikh .. write S |

For others write the answers actually returned.

The answer to this question will be recorded only if a person belongs to a Scheduled Caste or Scheduled Tribe. If the person belongs to a Scheduled Caste or Scheduled Tribe obtaining in your State, or in your District write the name of the caste or tribe to which he belongs. For all others, write ‘X’ in this column.

Do not write the names of Scheduled Castes in general terms as ‘Harijan,’ ‘Achhut’. You should ascertain the name of the caste when it is returned and write it. If a person is negligent and insists on calling himself merely ‘Harijan’ tell him that this description will not earn the person any benefits under the Constitution permitted to Scheduled Castes and Scheduled Tribes. This may persuade him to give out the correct name.

Scheduled Castes can belong only to the Hindu or Sikh religions. If a person belongs to a Scheduled Caste, there will be either ‘H’ or ‘S’ in the answer to question 5(b). Scheduled Tribes may belong to any religion.

For a person

Q. 6 Literacy & Education.

- 1. Who can neither read nor write or can merely read but can not write in any language ... write O
- 2. Who can both read and write ... write L

The test for reading is ability to read any simple letter either in print or in manuscript i.e., if the person can read one of the examples in the Enumerator's Handbook with facility he may be taken to have passed the test for reading. The test for writing is ability to write a simple letter. The test for literacy is satisfied if the person can with understanding both read and write.

If the person can both read and write and has also passed a written examination or examinations as proof of an educational standard attained, write the highest examination passed instead of 'L'.

Write the mother tongue in full including dialect as returned by the person
Q. 7(a) Mother Tongue. enumerated. Mother tongue is the language spoken in childhood by the person's mother to the person or mainly spoken in the household. If the mother died in infancy write the language mostly spoken in the person's home in childhood. In the case of infants and deaf mutes give the language usually spoken by the mother.

After recording the mother tongue enquire whether the person knows any other language(s), Indian or foreign, and write the language(s) returned by him against this question. In case he does not know any other language put 'X'.

The number of languages recorded against this question should not be more than two. These languages should be other than his mother tongue which he speaks and understands best and can use with facility in communicating with others. Such language or languages will exclude dialects of the same language.

Q. 7(b) Any other language(s).

TABLE C-I

COMPOSITION OF SAMPLE HOUSEHOLDS BY RELATIONSHIP TO HEAD OF FAMILY CLASSIFIED BY SIZE OF LAND CULTIVATED

This Table has been prepared from a 20 per cent sample of Households and corresponds to Table C-I of the 1951-census, which was based on a sample of 1 in 1,000. The present Table is more dependable because it is based on a much bigger sample.

The Table presents data on the composition of households in the State, in three Administrative Divisions, and in each District, separately for Total, Rural and Urban areas. For Rural areas, details are given also for the households (a) engaged neither in cultivation nor in household industry, (b) engaged in household industry only, and (c) engaged in cultivation. Households engaged in cultivation have been further divided according to the following sizes of area cultivated by them:—

- Less than 1 acre
- 1·0 to 2·4 acres
- 2·5 to 4·9 acres
- 5·0 to 7·4 acres
- 7·5 to 9·9 acres
- 10·0 to 12·4 acres
- 12·5 to 14·9 acres
- 15·0 to 29·9 acres
- 30·0 to 49·9 acres
- 50+
- Unspecified

4.

Information on the size of households is presented in Table B-XVII appearing in Part III (Household Economic Tables) of the 1961-census Punjab publications.

A *Household* for the purpose of census was defined as “the entire group of persons who commonly live together in the same Census House and take their meals from a common mess, unless the exigencies of work prevent them from doing so. In some Census Houses there may be more than one group of persons, each group with a common mess. In such cases, each group has been regarded as a separate Household”. Institutions like boarding houses, messes, in-door hospitals and jails are accordingly also households though of unrelated persons living together. Such institutions were, however, excluded while drawing the sample.

The members of the households are grouped under (a) family members; heads of the households, who can be both male and female; their spouses; married sons and other relations; and relations other than married persons, and (b) non-family members.

The number of heads of households (cols. 7 and 8) should logically be the same as the number of sampled households (col. 3). However, in some cases, the heads of households are ‘absentees’ and to that extent the number of heads is shorter than the number of households.

Among other things, the Table indicates the strength of the joint-family system, and it is a topic of sociological interest.

TABLE C-II
AGE AND MARITAL STATUS

TABLE C-II
AGE AND MARITAL STATUS

This Table corresponds to Table C-III of 1951-census. Last time it was prepared on a 10 per cent sample of the slips. This time it has been compiled on full count. The quinquennial age groups have been adopted in conformity with the recommendations of the United Nations for population census, and they differ from those in the Table for 1951.

This Table presents data for the State, the three Administrative Divisions and each District; and for Total, Rural and Urban areas. The population under each age group has been cross-tabulated into (i) Never married, (ii) Married, (iii) Widowed, and (iv) Divorced or Separated. Those, who did not return their marital status, have been lumped under 'Unspecified Status'.

This Table is of great demographic importance. It throws light on whether the proportions in various marital status conditions have increased or decreased since the last census, and whether any trend is observed in the age of marriage. It also gives an indication of mortality in different marital statuses and in different age groups. The data on married females by age groups can also be utilized for forecasting the future births from age specific birth rates.

TABLE C-III
AGE, SEX AND EDUCATION

This Table has been prepared in three parts: Part A—for All Areas; Part B—for Urban Areas; and Part C—for Rural Areas. Under each Part, details are given for the State, for the three Administrative Divisions and for each District.

The Table corresponds to Table C-IV of the 1951-census. Last time only 10 per cent sample population was classified into various age groups, cross-tabulated into literates and illiterates. This time this classification into age groups has been done on full count. The literate population has been further classified into (i) Primary or Junior Basic, and (ii) Matriculation and above.

The test for *Literacy* adopted was the ability to read and write a simple letter. A person who fulfilled this test was taken as 'Literate'. In case he had attained any educational standard, the highest examination passed was recorded. The qualifications thus recorded have been divided into six educational levels for the population enumerated in Urban areas. The sixth level (Technical Degree or Diploma equal to Degree or Post-Graduate Degree) has been further divided into seven sub-groups. The various educational levels, and the relevant certificates, diplomas or degrees, are shown below.

Educational Level	Certificate, Diploma or Degree

APPENDIX TO TABLE C-III
PERSONS WITH DEGREES OR EQUIVALENT QUALIFICATIONS IN SCIENCE OR TECHNOLOGY

On a request from the Council of Scientific and Technical Research, the Registrar General, India, decided to undertake a special Census of Scientific and Technical Personnel alongwith the 1961-census. Every person found to have attained any of the following qualifications was supplied with a card by the Enumerator during the period of 10th February to 28th February, 1961, when he visited the household for general enumeration of 1961-census.

1. *Science*—Anyone holding a B.A. or B.Sc., M.A. or M.Sc., or Higher Degree (Ph. D., etc.) in Science subjects like Physics, Mathematics, Chemistry, Agriculture, Geology, Geophysics, Geography, etc.

2. *Engineering*—Anyone holding a recognised Degree or Diploma in Engineering.
3. *Technology*—Anyone holding a Degree or Diploma in technical subjects like Commercial Technology, Leather Technology, Textile Technology, Glass and Ceramics Technology, Food Technology, etc.
4. *Medicine*—A person holding a Degree or Diploma in Medicine and/or Surgery.

Undergraduate scientists or mechanics or technicians, even though holding certificates, were not covered in this survey.

A specimen of the questionnaire (card) adopted for this purpose is given below.

CENSUS OF INDIA 1961 : SCIENTIFIC & TECHNICAL PERSONNEL

Only a person with a recognised Degree or Diploma in Science, Engineering, Technology or Medicine should fill in this card.
READ CAREFULLY BEFORE FILLING IN. TICK (✓) WITHIN BRACKETS PROVIDED WHERE APPLICABLE.

CENSUS LOCATION CODE

1. NAME 2. DATE OF BIRTH
3. DESIGNATION & OFFICE ADDRESS
(if employed)
4. PERMANENT ADDRESS

8. ACADEMIC QUALIFICATIONS (ANSWER FULLY)

5. (a) Male	()	Degree/Diploma	Subjects taken	Division	Year of Passing
(b) Female	()				
6. (a) Never Married	()				
(b) Married	()				

7. On Feb.1,1961 were you:

- (a) Employed? ()
if so, monthly total income Rs.
(b) Full time student? ()
(c) Unemployed? ()
if so, how long?Yrs.....mths.
(d) Retired? ()

If employed fill in Qs 9-12

9. Nature of employment:
(a) Teaching in School ()
(b) Teaching in College ()
(c) Technical, in industry ()
(d) Technical outside Industry ()
(e) Non-technical ()

10. Any Research Assignment?
Yes ()/No ()

Date_____

11. Where employed?

- (a) Public Sector ()
(b) Private Sector ()
(c) Self employment ()

12. How employed?

- (a) Permanent ()
(b) Temporary ()
(c) On contract ()
(d) Research Scholar etc. ()
(e) Otherwise ()

The location code on the card was filled in by the Enumerator, and also the code number allotted to Punjab by the Registrar General, on the right hand corner of the card.

The cards were to be filled in by the Scientific and Technical personnel themselves and returned to the Enumerators on their revisional round from 1st March to 5th March, 1961, for onward transmission to the Registrar General, India. The Enumerators were, however, instructed to ask the Scientific and Technical persons to fill in the card in their presence in case they had not done so even up to their revisional round. Those who showed their inability to fill in the cards on the spot were asked to fill up the cards and post them direct to Registrar General, India, as they were reply paid. The cards thus collected were processed and tabulated in Delhi, and the following eight Tables were supplied to the Superintendent of Census Operations, Punjab, for publication:—

- Table I : Classification by Branch of Science or Technology.
Table II : Type of Activity and Marital Status.
Table III : Years when Degrees were obtained.
Table IV : Holders of Degrees in Engineering or Technology and also Degrees in

Selected Branches of Physical Sciences.

- Table V : Nature and Sector of Employment.
Table VI : Total Monthly Income of Employed Persons.
Table VII : Tenure and Sector of Employment.
Table VIII : Age of Unemployed Persons and Period of Unemployment.

Limitation of Data—The information presented in the above mentioned eight Tables will be of considerable interest and use to the Planners, but it has some limitations. Firstly, the large body of Enumerators drawn from different departments were of varying mental calibre. In spite of our best efforts at explaining the contents of the card, and instructions to leave a card with every Scientific or Technical person, they gave the cards mostly to such persons as were holding some Scientific and Technical jobs. Secondly, the response from the Scientific and Technical personnel was poor. Only a limited number of cards were received by the Enumerators or in the office of the Registrar General, India. Consequently the data prepared from the cards does not compare with the Tables prepared from the 1961 general census returns.

TABLE C-IV
SINGLE YEAR AGE RETURNS

TABLE C-IV

SINGLE YEAR AGE RETURNS

This Table classifies the entire population according to single year age returns for the State, for each Administrative Division and for each District, and for Total, Rural and Urban areas, separately.

The Table corresponds to Table C-V of 1951-census, which was prepared on 10 per cent sample basis.

Ages stated to be above 100 years have been grouped together.

This Table should be useful particularly to the Census Actuary for computing mortality rates of the earlier censuses and for preparing Life Tables.

TABLE C-V
MOTHER TONGUE

TABLE C-V

MOTHER TONGUE

The Notes and Appendices I and II, as given below, have been prepared by Shri R. C. Nigam, the Linguist, in the office of the Registrar General, India; and the Appendix III was compiled by the Central Tabulation Officer, also in the Registrar General's office.

NOTE 1

(i) The following mother tongues arranged in alphabetical order in Col. 1 of the Table given below as per Table C-V have been classified in the Linguistic Survey of India. The Linguistic Survey of India Classification No. is mentioned against each mother tongue in Col. 3.

(ii) If in Col. 3, no Classification No. is given against any mother tongue of Col. 1 then it would mean that the name refers to either old or middle Indo-Aryan language or a language group or branch or family name from the Linguistic Survey of India.

(iii) Wherever a tongue is mentioned in Col. 3, it is to be understood that the mother tongue is either a dialect or another name or form of the tongue mentioned against it in Col. 1 which in its turn has been classified by the Linguistic Survey of India in the appropriate place for that tongue

(iv) If in Col. 1, there is a tongue which bears no Classification Number in the Linguistic Survey of India, then in Col. 2 the name of the classified language or group will be given of which the mother tongue of Col. 1 is either a dialect or another name or form. In such a case, the number of classified language of Col. 2 has been given in Col. 3.

(v) In Col. 2, standardized spellings according to Linguistic Survey of India have been given against each mother tongue of Col. 1.

APPENDIX III

SHOWING PERCENTAGE CHANGE IN EACH DECADE (1911-1961) OF POPULATION OF NUMERICALLY MOST IMPORTANT LANGUAGES (INCLUDING MOTHER TONGUES GROUPED UNDER THEM)

NOTES :—

* Indicates that the total population of the District on which language figures have been worked out is less than its total population according to Table A-II of 1961-census, for the reason that transfers of isolated villages or groups of small villages could not be fully taken into account for want of the availability of language statistics for such portions.

** Denote the Districts of which the total population on which the language figures have been worked out is more than its total population according to Table A-II of 1961-census, for the same reason as stated above.

(a)=Absolute figures

(b)=Percentage variation during the decade

(c)=Percentage to total population

BILINGUALISM

TABLE C-VI

BILINGUALISM

This Table deals with the bilingualism, *i.e.*, subsidiary languages spoken by persons in addition to their mother tongues, and the figures have been presented for the State, for the three Administrative Divisions and for each District.

Cols. 2 and 3 show the total number of speakers of the main language (mother tongue), whereas columns 4 and 5 show only the number of persons who speak a subsidiary language in addition to the mother tongue. Col. 6 gives details of the subsidiary languages of the persons shown under cols. 4 and 5.

This Table corresponds to Table D-I (ii) for the 1951-census.

TABLE C-VII
RELIGION

TABLE C-VII

RELIGION

This Table corresponds to Table D-II for the 1951-census.

It has been prepared for the State, for the three Administrative Divisions and for each District; and separately for Total, Rural and Urban areas. Information is given of the persons professing six main religions separately (Buddhists, Christians, Hindus, Jains, Muslims and Sikhs). The remaining persons have been grouped under 'Other Religions and Persuasions' (cols. 18 and 19), and their details are given in the Supplement to this Table, appearing at page 354.

Information is lacking on religion for 840 persons (584 males and 256 females) who have been shown in columns 20 and 21.

TABLE C-VIII

SCHEDULED CASTES AND SCHEDULED TRIBES

PART A—CLASSIFICATION BY LITERACY AND INDUSTRIAL CATEGORY OF WORKERS AND NON-WORKERS AMONG SCHEDULED CASTES

PART B—CLASSIFICATION BY LITERACY AND INDUSTRIAL CATEGORY OF WORKERS AND NON-WORKERS AMONG SCHEDULED TRIBES

TABLE C-VIII

SCHEDULED CASTES AND SCHEDULED TRIBES**PART A—CLASSIFICATION BY LITERACY AND INDUSTRIAL CATEGORY OF WORKERS AND NON-WORKERS AMONG SCHEDULED CASTES****PART B—CLASSIFICATION BY LITERACY AND INDUSTRIAL CATEGORY OF WORKERS AND NON-WORKERS AMONG SCHEDULED TRIBES**

This Table has been prepared in two parts: Part A, for Scheduled Castes; and Part B, for Scheduled Tribes. Figures have been given separately for the State, for the three Administrative Divisions, and for each District; and for Total, Rural and Urban areas. Part B shows the data for the State, for Jullundur Division and for Lahaul & Spiti District only: the Scheduled Tribes in the State are in Lahaul & Spiti District only.

The Scheduled Castes and Scheduled Tribes population has been distributed into nine Industrial Categories of 'workers', and 'non-workers'. These Industrial Categories have been explained at length in the Introduction to Part II-B(i)—General Economic Tables, of the Punjab 1961-census publications.

Literacy figures for the Scheduled Castes and Scheduled Tribes have been given for the first time. The term 'Literacy' has been defined in the flyleaf to Table C-III appearing at page 80.

In addition to this Table, a number of special Tables showing data for each Scheduled Caste and Scheduled Tribe, prepared for the first time, appear in Part V-A of the Punjab 1961-census publications.

The Table C-VIII corresponds to Table D-III of 1951-census, where merely the number of Scheduled Castes and Scheduled Tribes was given.
