PREFACE

It has been the practice since 1951 to publish for each District a Census Handbook, containing the Census Statistics for each village and town in the District together with certain administrative statistics collected from the various Departments of the State Government. This publication was compiled by the Census Department and published by the State Government. The contents of the District Census Handbook have been considerably improved during the subsequent Censuses and in 1971 this publication is being brought out in three separate parts.

PART-A :

Village and Town Directory.

PART-B :

Village and Townwise Primary Census Abstract; and

PART-C :

Analytical Report and Administrative Statements and District Census Tables

The history and origin of the District Census Handbook have been given in the Introductory Note of this volume.

The present volume of Part-A has two sections-Village Directory and Town Directory. In the Village Directory, basic information relating to the villages such as, Educational, Medical, Drinking water supply, Electricity, Communications, Post and Telegraphic facilities as well as information on area, staple-foods, etc., are given.

In the second section, details regarding the Status, finance, Civic amenities, Educational, and other particulars regarding Trade, Commerce, Industry and Banking are also given. The population particulars of the towns as per 1971 Census together with the population of these towns since 1901 and Religious composition of the population in 1971 are also furnished.

The details other than population particulars presented in these statements have been obtained from the concerned Departments of the State Government for which I am thankful to the Collector. I am also grateful to the Revenue subordinates as well as the Municipal Commissioners for the assistance that they have rendered.

I take this opportunity to express my gratitude to Sri A. Chandra Sekhar, Registrar General, India, for the guidance given to me and for continuing the publication of the District Census Handbooks during 1971 Census also.

K. CHOCKALINGAM,
Director of Census Operations,
Tamil Nadu & Pondicherry.

ACKNOWLEDGEMENT

It is my pleasant duty to acknowledge the able assistance given by the following Officers and Staff of my Office in the preparation of this Volume.

1. Shri. V. Selvaraj, I. A. S., Deputy Director
2. Shri. V. R. Chandran, Deputy Director
3. Shri. M. Panchapakesan, Investigator
4. Shri. Anser Ahmed, Tabulation Officer
5. Smt. R. Rukmani, Computer
6. Shri. P. Victor Jayaraj, U. D. C.
7. Shri. N. B. Muruganandam, U. D. C.
8. Shri. Madasamy, Assistant Compiler
9. Smt. Muniammal, Assistant Compiler
10. Shri. A. Rajamani, Artist

K. CHOCKALINGAM,
Director of Census Operations.

TIRUCHIRAPALLI DISTRICT VILLAGE AND TOWN DIRECTORY

INTRODUCTORY NOTE

General:

The District Census Handbook for each district presenting the Census data for the villages and towns of the District is being published from 1951 Census. Till then, the village statistics showing merely the number of houses and population by religion in respect of each village and town were published as supplement. In 1951, the general population tables, economic tables and village-wise and town-wise statistics relating to Taluks were presented as Part-I and Social and Cultural Tables as Part-II. In 1961 also, the District Census Handbook was published in two volumes. In volume-I, all the Census tables giving taluk-wise data with a narrative report were published and Volume-II was confined to present village-wise and town-wise statistics known as Primary Census Abstract which gives the basic data like population, literates, scheduled castes, scheduled tribes and the industrial classification of workers and non-workers. As these data are finalised in the first stage of tabulation itself in 1971 Census, it has been decided in this Census to present the District Census Handbook in 3 Parts.

Part-A contains the Village and Town Directory which will show the land use pattern data, basic amenities available in the villages and the conditions of the towns.

Part-B contains the Village and Town P. C. A. while Part-C presents the administrative statistics collected and compiled from various departments, Census tables and a short analytical report. The method of preparing the District Census Handbook in 3 parts is also to facilitate the timely publication of the basic data relating to villages and towns which are required by various departments and research scholars.

Method of presentation:

The present volume being Part-A presents the Village and Town Directory as the titles suggest. It lists out all the villages and towns in the State.

The Village Directory is presented at the taluk level and Town Directory at district level. The Village Directory is presented first followed by the Town Directory.

Village Directory:

In the Village Directory, for each taluk, a statement showing the villages, their extent, the amenities like Educational, Medical, Drinking Water Supply, Communications, Postal and Telegraphs, etc., available within each village and the land use pattern are given. In addition to this, particulars in regard to staple

(viii)

food, land use data and certain other miscellaneous information such as the existence of veterinary hospital, co-operative societies, banks etc., are also furnished. An alphabetical list of villages has also been prepared indicating the Location Code Number of the village for purpose of quick reference. Apart from these, the land use particulars of places comprising of Non-city urban units (Non-municipal area) is given as Appendix I. A taluk-wise abstract showing the total number of institutions and number of villages where such basic amenities like Educational, Medical, Drinking Water Supply, Communications, Postal and Telegraphs, etc., are available has also been prepared and given as Appendix II.

The particulars relating to Village Directory have been collected from the concerned Tahsildars for each revenue village as a whole and particulars in respect of places comprising of Non-City Urban Units (Non-Municipal Units) and Municipal Units have not been furnished in the Village Directory Statement. The details of the data furnished in different columns of the Village Directory and the method of collection of the data on land use pattern etc. are indicated below:-

(1) *Location Code Number:* Numbers have been assigned to the administrative units of district, taluk and village to denote their location. By a combination of these numbers, it would be possible to know the exact location of an area. The district number is given along with the name of the district on the cover page and the taluk number is shown against the taluk name in the concerned pages. The villages in each taluk are arranged in the Location Code order.

The village number has been given against the name of the concerned unit and the numbers have been assigned in Arabic numerals for each taluk separately.

Educational Amenities :

Primary School	...	Upto Vth Standard
Middle School	...	Upto VIIIth Standard
High School	...	Upto XIth Standard

Power Supply: Villages having electrification facilities for agricultural purposes only are also taken as electrified and a suitable indication in this regard has been noted in the remarks column.

Communications: Villages having Railway Station within a mile are taken as served by train facilities. Villages connected by road are also indicated in this column.

Staple Food: Food of the majority population of the village during the major portion of the year is taken as staple food.

Forest: This includes all actually forested area, the lands classified or administered as forests under any legal enactment dealing with forests whether

(ix)

state owned or private. If any portion of such land is not actually wooded but put to some agricultural use, that portion has been included under the appropriate heading of cultivated or uncultivated land.

Irrigated and unirrigated land: Irrigated and Unirrigated covers all agricultural land and includes net area sown with crops and orchards and also current and other fallows.

As far as possible, the extent of irrigated land under different types of irrigation as river, tank and well and the total area irrigated have also been indicated.

Cultivable waste: This includes lands fit for cultivation, whether or not taken up for cultivation or once taken up for cultivation but not cultivated for more than five years in succession. Such lands may be either fallow or covered with shrubs and jungles which are not put to any use. They may be assessed or unassessed and may lie in isolated blocks or within cultivated holdings. Lands under thatching grasses, bamboo bushes and other groves for fuels etc. which are not included under orchards or forests shall also come under this head. All grazing lands whether they are permanent pastures and meadows or not; village common and grazing lands within the forest areas are included in this column.

Area not available for cultivation: This includes land not available for cultivation such as barren and uncultivable land and land put to non-agricultural use. Land put to non-agricultural use are lands occupied by buildings, roads and railways or under water e. g. Rivers and Canals and other lands put to uses other than agricultural purposes.

Barren and uncultivable lands cover all lands, like mountains, deserts etc. lands which cannot be brought under cultivation unless at a high cost, whether such land is in isolated blocks or within cultivated holdings.

Town Directory

Town Directory presents important and useful information like civic and other amenities available in the towns. The details relating to each of the towns have been presented in the form of 7 statements as given below :

Statement I: Status, Growth History and Functional Category of Towns.

Statement II: Physical Aspects and Location of Towns (as on 1969)

Statement III: Municipal Finance (as on 1968-69)

Statement IV: Civic and other amenities (as on 1969)

Statement V: Medical, Educational, Recreational and Cultural Facilities in Towns (as on 1969)

Statement VI: Trade, Commerce, Industry and Banking (as on 1969)

(x)

Statement VII: Population by religion (as per 1971 Census)

Location Code Number: To distinguish the town from the village the Location Code Numbers have been given in Roman numerals and these numbers have been assigned in a continuous order for the District as a whole.

Census Definition of Towns: Places having the following characteristics have been treated as urban:-

1) A Municipal Corporation area or a Municipal area, a Town Committee or notified Area Committee or a Cantonment Board;

2) If it does not have the above administrative status then it should have the following urban characteristics.

- a) A minimum population of 5,000 (estimated for 1971)
- b) A density of not less than 400 per sq. km. i. e. 1000 per sq. mile.
- c) 75% of the male working population should be in non-agricultural sector.

Even, places which do not satisfy the above criteria, if in the opinion of the concerned Collector are fit to be declared as urban have been treated as urban. The urban area having population of less than one lakh is known as "Town" and the area having population of more than one lakh is called "City".

The number of towns covered by the Directory in Tiruchirapalli District are 32. Among these the areas treated as towns for the first time during this Census are given in Annexure (1).

Definition of concepts and terms used in Town Directory

Urban Agglomeration:

An urban agglomeration is a continuous urban spread constituting a town and its adjoining urban outgrowths or two or more physically contiguous towns together with continuous, well recognised urban outgrowths, if any, of such towns.

The details of urban agglomerations in this district with its constituent units are given in Annexure (2).

Standard Urban Areas:

Rural and Urban areas contiguous to the towns and cities having population of 50,000 and more which have at present influence and inter-action with the core town and also places which are likely to have such influence and inter-action have been delineated as standard urban areas. Thus, all areas contiguous to the core towns of population of 50,000 and above, having any or all of the following characteristics have been included.

(xi)

a) Predominant urban land use,

b) Intensive inter-action with the urban centres as reflected in commutation for the purposes of work and secondary education facilities; extension of city bus service; sale of commodities, like milk, dairy products, vegetables (other than those transported by rail or truck-haul) and purchase of food grains, cloths and general provisions etc. by the consumers directly

c) Anticipated urban growth as a result of locational decisions relating to industry, market, transport and communications, administrative and servicing functions;

d) Existence of big village with a large proportion of working force engaged in non-agricultural industrial categories.

Thus, the standard urban area can be defined in short as the projected growth area are city, as it would be in 1991, taking into account not only the towns and villages which would get merged into the city but also the intervening areas which are potentially 'urban'.

The list of Standard Urban Areas in this district are given in Annexure (3).

Statement I: Civic Administration Status:

It denotes whether a town is a corporation or a municipality or a Panchayat or a township.

Functional Category:

Based on the percentage of workers in broad types of economic activities, the functional category for the town has been determined. The workers are characterised into 9 industrial categories which is based on the nature of economic activities carried on in an establishment. The following are the 9 industrial categories.

- I. Cultivators
- II. Agricultural Labourers.
- III. Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and Allied activities
- IV. Mining and Quarrying
- V. Manufacturing, Processing, Servicing and Repairs.
 - a) Household Industry
 - b) Other than Household Industry
- VI. Construction
- VII. Trade and Commerce
- VIII. Transport, Storage and Communications and
- IX. Other Services.

(xiv)

In col, 13, under 'Others' the total number of Training Schools, Agricultural Institutes, Blind Schools, Arts and Crafts Schools, Deaf and Dumb Schools are furnished. The above data were collected from the Director of Public Instruction.

For other cols. the figures were obtained from local officials.

Statement VI:

In this statement, Trade, Commerce, Industry and Banking facilities in the towns as on 1969 are furnished. Banking particulars were obtained from the Reserve Bank of India. The number of agricultural and non-agricultural credit societies were collected from the Registrar of Co-operative Societies.

Statement VII:

The religion wise population as per 1971 Census are furnished and these have been compiled from the Census records.

Total area irrigated in the District — 2,30,081 hectares

Tank — 81,167 hectares

Well — 68,079 hectares

River — 14,672 hectares

Canal — 1,249 hectares

Others — 64,914 hectares

NOTE

Taluk 1: Perambalur

(1) The Village Directory particulars furnished against L. C. No. 58 relate only to the portions of the Village which are treated as rural.

(2) The Village Directory particulars for the Villages bearing L.C. Nos. 63, 64 and 78 are not separately available for rural and urban.

Taluk 3: Ariyalur

(1) The Village Directory particulars for the village bearing L. C. No. 130 are not separately available for rural and urban.

Taluk 4: Lalgudi

(1) The Village Directory particulars furnished against L. C. Nos. 2, 3 and 74 relate only to the portions of the Village which are treated as rural.

Taluk 5: Thuraiyur

(1) The Village Directory particulars for the Village bearing L. C. No. 144 are not separately available for rural and urban.

Taluk 6: Musiri

(1) The Village Directory particulars for the Villages bearing L. C. Nos. 2, 4, 10 and 115 are not separately available for rural and urban.

Taluk 7: Karur

(1) The Village Directory particulars furnished against L.C. Nos. 29, and 71 to 74 relate only to the portions of the Village which are treated as rural.

(2) The Village Directory particulars for the Villages bearing L. C. Nos. 30 and 88 are not separately available for rural and urban.

Taluk 8: Kulithalai

(1) The Village Directory particulars for the Villages bearing L. C. Nos. 4 to 6 and 89 are not separately available for rural and urban.

Taluk 10: Tiruchirapalli

(1) The Village Directory particulars furnished against L. C. Nos. 5, 7 and 37 to 39 relate only to the portions of the Village which are treated as rural.

(2) The Village Directory particulars for the Village bearing L. C. No. 17 are not separately available for rural and urban.

Taluk 13: Thirumayam

(1) The Village Directory particulars for the Village bearing L. C. Nos. 9, 13 and 95 are not separately available for rural and urban.

ERRATA
