ACKNOWLEDGEMENT

It is my pleasant duty to acknowledge the able assistance given by the following Officers and staff of my office in the preparation of this volume.

1. Sri V. Arumugam, Deputy Director of Census Operations
2. Sri M. K. Subramanian, Asst. Director of Census Operations (Tech.)
3. Sri M. Panchapakesan, Investigator
4. Sri R. Narayanan, Tabulation Officer
5. Sri V. V. Manohar, Senior Technical Assistant
6. Sri S. Ethiraj, Statistical Assistant
7. Sri M. Jayaraman, Statistical Assistant
8. Sri G. Winston Paul Samuel, Computer
9. Sri R. Thirunavukkarasu, „
10. Sri S. Vivekalingam, „
11. Sri M. B. Arumugam, „
12. Sri R. Arumugam, „
13. Sri M. Rajasekaran, Asst. Compiler
14. Sri A. Rajamani, Draughtsman
15. Sri N. Chandran, „

K. CHOCKALINGAM,
Director of Census Operations.

PREFACE

GENERAL

The District Census Handbook for each District containing all basic details of population for all villages and towns in the District along with other administrative statistics, was first brought out by Census Organisation in 1951 and was published by the State Government. The contents of the Handbook was improved upon during 1961 Census, and was found to be useful as a reference book for research scholars, State and Central Governments, Local Bodies and Private Institutions. During 1971 Census also, it was decided to improve the contents of the District Census Handbook further and continue this useful publication by the State Government.

As a consequence, the District Census Handbook of 1971 Census is being published in three volumes viz., Part A—Village and Town Directory, Part B—Village and Townwise Primary Census Abstract and Part C—Analytical Report and Administrative Statements and District Census Tables. The present volume viz., Part B, gives Village and Urban Blockwise Primary Census Abstract which is similar to the information contained in Village and Town Directory published in 1961.

PRESENTATION OF STATISTICS FOR REVENUE VILLAGE/PANCHAYAT

The Primary Census Abstract, as it is called, presents data for each village or segment of a village in the "Villagewise Primary Census Abstract" and for each "Enumerator Block" of a Town in the "Urban Blockwise Primary Census Abstract". The data are given by sex and industrial categories of workers besides non-workers. In the case of towns, the total figures for each ward and the town total are also given at the end of the concerned Enumerator Block figures.

In the 1961 Census Handbook, the data for rural areas were presented for each Panchayat while figures were presented for villages alone wherever these were not constituted into a separate Panchayat. With a view to ensure comparability and to enable data users to derive the figures either for a Revenue village or Panchayat according to their requirements, the data are now presented for segments of villages also wherever portions of one village happen to form part of two or more Panchayats. For example, if portions of a revenue village bearing L. C. No. 12 forms part of two Panchayats, the figures are given separately for each portion of the village against L. C. No. 12 a/b and b/b. The total figures for the entire revenue village may be obtained by adding the figures given against both the segments viz., 12 a/b and 12 b/b. If instead, the Panchayat figures are required, the cross references for the other segment of the Panchayat, if any, printed in the Appendix to the Villagewise Primary Census Abstract may be taken note of and the figures for concerned Location Code numbers added to arrive at the total figures for the respective Panchayats.

CHANGES IN THE INDUSTRIAL CATEGORIES, 1961—71

The Industrial categories of workers for which the data are presented in this Volume are :

- | | |
|-----|--|
| I | Cultivators |
| II | Agricultural Labourers |
| III | Livestock, Forestry, Fishing, Hunting & Plantations,
Orchards and Allied activities |

(vi)

IV	Mining and Quarrying
V	Manufacturing, Processing, Servicing and Repairs
	(a) Household Industry
	(b) Other than Household Industry
VI	Construction
VII	Trade and Commerce
VIII	Transport, Storage and Communications and
IX	Other Services.

In this table, the departure from 1961 Census Table is in respect of assigning a separate category to Mining and Quarrying, i.e. category IV as against a combined category of Mining, Quarrying, Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and Allied activities in 1961. The 1961 category IV—Household Industry is now included in category V—Manufacturing, Processing, Servicing and Repairs—treating it as a sub-category. [V (a)]. At the 1961 Census, "Household Industry" covered establishments falling under Divisions "0" and "1" of the National Industrial Classification e.g. Cattle rearing, Orchard keeping, Plantations etc., apart from Divisions "2" and "3". At the 1971 Census, Household Industry is confined to Divisions '2' and '3' only i.e., it covers Manufacturing, Processing, Servicing or Repairing services only.

MODE OF PRESENTATION

The consolidated figures for the district and each taluk are given in the beginning for Total, Rural and Urban areas under the caption 'District Primary Census Abstract'. An alphabetical list of revenue villages is then given along with the Census Location Code Numbers of 1971 and 1961 to enable comparison. Then the Villagewise Primary Census Abstract is printed. In the appendix given at the end of the Villagewise Primary Census Abstract, the Panchayats consisting of portions or whole of 2 or more revenue villages are furnished with necessary cross-references of Location Code numbers, so as to enable collection of data for Panchayats. Then follows the Urban Blockwise Primary Census Abstract. In the appendix to the Urban Blockwise Primary Census Abstract, the details of the number of House Numbering Ward/Block and the name and numbers of streets as well as the door numbers which constitute each Enumerator Block are given. This arrangement is followed for each taluk and independent sub-taluk in the district.

MAPS

Apart from the District Map given as frontispiece, map relating to each taluk showing details of Revenue Village numbers along with their boundaries are also printed and appended at the appropriate places. As compared with the maps presented in 1961 District Census Handbook several improvements have been effected in the maps presented in this volume. The depiction of revenue village boundaries in the maps is a notable change in 1971 Census. All towns are shown in the District and Taluk maps with shading screens and also spheres according to the population size of towns.

AREA FIGURES

In the District Primary Census Abstract, the area figures are given in Square Kilometres for Total, Rural and Urban areas. In the Villagewise Primary Census

(vii)

Abstract, the area figures for each Location Code Unit are given in Hectares. The area figure for each town is also given at the end of the Urban Blockwise Primary Census Abstract in Square Kilometres. In the District Primary Census Abstract, the area figures of the District Total represent the "Geographical Area" figures supplied by the Surveyor-General. Figures for Urban areas are those supplied by the Local Bodies. The Urban area of a district has been arrived by adding the urban area figures of each taluk within the district. Area figures for the rural areas of District/Taluk are derived by subtracting the urban area figures from the total area of the District/Taluk. The total of the area figures of the taluks will not tally with the district figures because the taluk area figures represent the 'land use' area and are derived from the figures supplied by the Tamil Nadu Directorate of Survey and Land Records, while those of the district represent "Geographical Area" supplied by the Surveyor-General of India. The total of the village areas given in the Villagewise Primary Census Abstract may not tally with the rural area of the taluk given in the District Primary Census Abstract as the taluk area figures take into account hills, forests, rivers, etc., whereas the village area may not include the same. For conversion, the ratio is 100 Hectares = 1 Sq. Km.

URBAN AGGLOMERATIONS

During 1971 Census, a new concept called "Urban Agglomeration" has been introduced. It is common knowledge that in several places, around a core City or a statutory Town, there is sub-urban growth consisting of railway and other residential colonies, university campuses, port areas, industrial areas, etc., and these areas are sometimes outside the statutory limits of the core City or Town. It may not be altogether realistic to treat such areas lying outside the statutory limits as separate entity and it will be more appropriate if such areas are reckoned along with the core City or the statutory Town concerned. Such continuous urban spread including all the contiguous urban areas around it would be more appropriately treated as an integrated urban area. This integrated urban area is called 'Urban Agglomeration' in the 1971 Census and it had replaced the concept of 'Town Group' used in 1961 Census. Thirty two Urban Agglomerations have accordingly been formed in this State. A list of such Urban Agglomerations in Thanjavur District is given in the appendix together with the constituent units of each Urban Agglomeration. In the Urban Blockwise Primary Census Abstract the consolidated particulars relating to the Urban Agglomeration are printed just above the figures relating to the core City or Town of the Urban Agglomeration concerned and then the figures relating to the constituent units of that Agglomeration that lie in the taluk are printed in the ascending order of the Location Code Numbers. Then the particulars in respect of the other urban units in the taluk are printed. In cases where the constituent parts of an Urban Agglomeration spread to more than one taluk or district, cross references for such units are noted at the end of the Urban Blockwise Primary Census Abstract for information.

It is hoped that the pattern of presentation of basic Census particulars for each district as explained above and adopted in this volume would be found convenient by data users.

I place on record my gratefulness to Shri A. Chandra Sekhar, Registrar General, India, for the continued publication of the District Census Handbooks at the 1971 Census also and for improving the contents of the District Census Handbooks.

K. CHOCKALINGAM,
Director of Census Operations.

*Note :—These represent "geographical area" figures supplied by the Surveyor-General. Figures for urban area are those supplied by the local bodies. Area figures for rural area are derived by subtracting the urban area from the total area of the district. The total of the area figures of the taluks will not tally with the district figures because the former represent "land use" area and are derived from the figures supplied by the Director of Land Records.

Note :—Area figures for village and town areas are those supplied by the Assistant Director of Survey Land Records of the District concerned (in consultation with the Tahsildars of the Taluks concerned) and Local bodies respectively. The total of the area figures of the village and town areas will not tally with the taluk figures furnished by the Director of Land Records because taluk area given by Director of Land Records takes into account hills, forests, rivers etc., where as village and town area may not include the same.

CENSUS ABSTRACT—concl'd.

Index Map of
THANJAVUR DISTRICT

South

A map of the Pudukkottai District in the Madras Presidency, India. The map shows the district's boundaries and its location relative to neighboring districts: Sivakasi to the north, Kumbakonam to the northwest, Karaikal (Pondicherry) to the northeast, and the Bay of Bengal to the east. Within the district, several towns are marked: Papanasam, Nannilam, Mannargudi, Nagapattinam, Chidambaram, Pudukkottai, and Rethurai. The Palk Strait is labeled at the bottom.

Note :—Area figures for village and town areas are those supplied by the Assistant Director of Survey Land Records of the District concerned (in consultation with the Tahsildars of the Taluks concerned) and Local bodies respectively. The total of the area figures of the village and town areas will not tally with the taluk figures furnished by the Director of Land Records because the taluk area given by Director of Land Records takes into account hills, forests, rivers etc., where as village and town area may not include the same.

Note :—Area figures for village and town areas are those supplied by the Assistant Director of Survey & Land Records of the District concerned (in consultation with the Tahsildars of the Taluks concerned) and Local bodies respectively. The total of the area figures of the village and town areas will not tally with the taluk figures furnished by the Director of Land Records because the taluk area given by Director of Land Records takes into account hills, forests, rivers etc., whereas village and town area may not include the same.

CENSUS ABSTRACT—concl'd.

Note :—Area figures for village and town areas are those supplied by the Assistant Director of Survey & Land Records of the District concerned (in consultation with the Tahsildars of the Taluks concerned) and Local bodies respectively. The total of the area figures of the village and town areas will not tally with the taluk figures furnished by the Director of Land Records because taluk area given by Director of Land Records takes into account hills, forests, rivers etc., whereas village and town area may not include the same.

*Note :—*Area figures for village and town areas are those supplied by the Assistant Director of Survey & Land Records of the District concerned (in consultation with the Tahsildars of the Taluks concerned) and Local bodies respectively. The total of the area figures of the village and town areas will not tally with the taluk figures furnished by the Director of Land Records because taluk area given by Director of Land Records takes into account hills, forests, rivers etc., whereas village and town area may not include the same.

Note :—Area figures for village and town areas are those supplied by the Assistant Director of Survey & Land Records of the District concerned (in consultation with the Tahsildars of the Taluks concerned) and Local bodies respectively. The total of the area figures of the village and town areas will not tally with the taluk figures furnished by the Director of Land Records because taluk area given by Director of Land Records takes into account hills, forests, rivers etc., whereas village and town area may not include the same.
