FOREWORD

Our Constitution provides certain safe guards for Scheduled Castes and Scheduled Tribes. Such communities are notified by a Presidential Order. For the purpose of the 1981 Census, Scheduled Castes and the Scheduled Tribes Orders (Amendment) Act, 1976 was adopted. Salient features of this Act have been given in the general note. The data, thus collected, processed on computer and the special tables for the Scheduled Castes and Scheduled Tribes have been generated and published in the hope that these will be useful for the planning and implementation of welfare measures in respect of these socially and economically backward communities.

PREFACE

The processing of data collected during the 1981 Census for Scheduled Castes and Scheduled Tribes was planned to be carried out on computer on full count. This volume contains the special tables for Scheduled Castes/Scheduled Tribes. The tables presented in this volume for Scheduled Castes and Scheduled Tribes are more or less on the same pattern as adopted in 1971 Census with additional information based on the new concepts adopted in 1981 Census. The tables contain data for 13 out of 16 districts. The data for three districts viz., Tiruchchirappalli, Pudukkottai and Tirunelveli could not be processed as the schedules were damaged by flood.

The Director of Census Operations, Shri A. P. Muthuswami, I.A.S., under whose guidance the entire operations were carried out, deserves all credit for the success of the operations. But he had to leave the Organisation for taking up other important assignment before the volume in question could be made ready for the press. I must record my deepest sense of gratitude to Shri P. Padmanabha, ex-Registrar General, India and Shri V. S. Verma, Registrar General, India for their valuable guidance and sincere help to us at every stage to bring out this publication intime. I also thank the officers and staff of the Data Processing Division, Census Division and Printing Cell of the office of the Registrar General, India associated with this task.

The processing of the data was undertaken by the Data Processing Division of the Registrar General's Office under the able guidance of S/Shri A. Sen Gupta, Joint Director (Data Processing), K.R. Unni, Joint Director (Programming) with the help of their staff. The Census Division had taken over the responsibility of scrutiny of the tables, preparation of general note and fly-leaves of this publication and this work was very ably carried out under the supervision of Shri N. Rama Rao, Assistant Registrar General (Census & Tabulation). Shri V. P. Rustagi, Deputy Director, Shri P.C. Pande, Research Officer and Babu Lal, Assistant Director of Census Operations, with the help of their able assistants took keen interest in finalizing the tables and getting them ready for printing.

The data was first taped in our Direct Data Entry Centre under the supervision of S/Shri M. Panchapakesan, Deputy Director and A.V. Vallinathan and Thomas Machado, Assistant Directors. The computerised tables received from the office of the Registrar General, India were scrutinised and edited by Smt. B. Jayalakshmi, Tabulation Officer, Smt. R. Rani Bai, S/Shri P. Ramakrishnan and R. Prakash, Statistical Assistants. Shri B. P. Jain, Assistant Director (Printing) and his colleagues in the Printing Cell have helped in seeing the volume through the press.

SPECIAL TABLES FOR SCHEDULED CASTES AND SCHEDULED TRIBES

General Note

The present volume provides data pertaining to individual Scheduled Castes and Scheduled Tribes. The Special tables for Scheduled Castes and Scheduled Tribes are being published separately since the 1961 Census. The 1981 Census Scheduled Castes and Scheduled Tribes special tables covered under Part—IX give the data on industrial categories of main workers, marginal workers, type of activity of marginal workers and non-workers, age, sex, marital status, educational levels etc. for State and District level for each caste and Tribes. Most of the tables included in this volume correspond to those published in Part—V(A) volume of 1971. A few more tables relating to Marginal workers and in respect of those seeking/available for work have also been introduced for the first time in the 1981 census.

SCHEDULED CASTES AND SCHEDULED TRIBES

In the Indian censuses prior to 1931, information was collected and published for each caste and tribe separately. In the 1931 Census, tabulation of data for individual communities was limited to : (i) exterior castes (ii) primitive castes and (iii) all other castes with the exception of (a) those whose members fell short of four per thousand of the total population and (b) those for which separate figures were deemed to be unnecessary by the local government.

In the 1941 Census, 'group totals' were tabulated for Scheduled Castes/Tribes and Anglo-Indians. Separate totals were furnished only for a few selected individual tribes.

When preparations for the 1951 Census were undertaken, the Government of India had already accepted the policy of official discouragement of community distinctions based on caste. They decided, therefore, that no general race, caste or tribe enquiries should be made but an enquiry should be made regarding race, caste or tribe only to the extent necessary for providing information relating to certain special groups of the people who are referred to in the Constitution of India. The relevant Articles are extracted below :

SCHEDULED CASTES

341 (1) :—The President may with respect to any State, and where it is a State specified in Part A or Part B of the First Schedule, after consultation with the Governor or Rajpramukh thereof, by public notification, specify the castes, races or tribes or parts of or groups within castes, races or tribes which shall for the purposes of this Constitution be deemed to be Scheduled Castes in relation to that State.

341 (2) :—Parliament may by law include in or exclude from the list of Scheduled Castes specified in a notification issued under clause (1) any caste, race or tribe or part of or group within any caste, or tribe, but save as aforesaid a notification issued under the said clause shall not be varied by any subsequent notification.

SCHEDULED TRIBES

342 (1) :—The President may with respect to any State, and where it is a State specified in Part A or Part B of the first Schedule, after consultation with the Governor or Rajpramukh thereof, by public notification, specify the tribes or tribal communities of parts of or groups within tribes or tribal communities which shall for the purposes of this Constitution be deemed to be Scheduled Tribes in relation to that State.

342 (2) :—Parliament may by law include in or exclude from the list of Scheduled Tribes specified in a notification issued under clause (1) any tribe or tribal community or part of or group within any tribe or tribal community, but save as aforesaid a notification issued under the said clause shall not be varied by any subsequent notification.

From the 1951 census onwards the census questionnaire contains items of enquiry to ascertain whether the respondent belongs to a Scheduled Caste or a Scheduled Tribe and if yes, the name of the Scheduled Caste/Tribe to which he belongs with a view to collecting information for discharging the Constitutional obligations towards these communities.

In the Individual Slip (Universal) adopted for the 1981 Census, question 9 makes an enquiry about the Scheduled Caste or Scheduled Tribe status and question 10 about the name of the specific Scheduled Caste/Tribe. Likewise, question 3 of the household scheduled enquires whether the head of the household belongs to a Scheduled Caste or Scheduled Tribe and question 4, the name of the Scheduled Caste/Tribe of the head of the household, if the answer to question 3 is in the affirmative.

The statutory lists of Scheduled Castes and Scheduled Tribes are notified in pursuance of Articles 341 and 342 of the Constitution. The list of Scheduled Castes and Scheduled Tribes were notified for the first time under the Constitution (Scheduled Castes) Order, 1950, the Constitution (Scheduled Castes) (Part C States) Order, 1951, and the Constitution (Scheduled Tribes) Order, 1950, the Constitution (Scheduled Tribes) (Part C States), Order, 1951. These lists have been modified or amended or supplemented from time to time. On the reorganisation of the States, the Scheduled Castes and Scheduled Tribes, Lists (Modification), Order came into force from 29th October, 1956. Thereafter, a few orders specifying Scheduled Castes/Tribes in respect of a few individual states also came into force. For instance, the Constitution (Jammu and Kashmir) Scheduled Castes Order was issued in 1956, while the Constitution (Dadra & Nagar Haveli) Scheduled Castes and Scheduled Tribes Orders were issued in 1962. In Uttar Pradesh, the Scheduled Tribes were notified for the first time in 1967 vide the Constitution (Scheduled Tribes) (Uttar Pradesh) Order, 1967. Likewise, the Constitution (Pondicherry) Scheduled Castes Order was enforced in 1964. In the case of the Union Territory of Goa, Daman & Diu, the Scheduled Castes and Scheduled Tribes Order was issued in 1968, Likewise, the Constitution (Nagaland) Scheduled Tribes Order came into force in 1970. Later, the Scheduled Castes and Scheduled Tribes Order (Amendment) Act, 1976, came into force. The main purpose of this Amendment Act was to remove the area restrictions in respect of most of Scheduled Castes and Scheduled Tribes. The Amendment Act of 1976 did not include the lists of Scheduled Castes and Scheduled Tribes in respect of States/Union Territories like Chandigarh, Delhi, Jammu & Kashmir and Pondicherry which were not affected by the Act.

Each enumerator was furnished with a list of Scheduled Castes and Scheduled Tribes in relation to his State/Union Territory as notified under the Scheduled Castes and Scheduled Tribes Order (Amendment) Act, 1976, and other relevant Acts and Orders. If the person enumerated belongs to a Scheduled Caste or a Scheduled Tribe he/she was recorded as such. If the persons belonging to a Scheduled Caste or a Scheduled Tribe returned his/her caste or tribe by a synonym or generic name of a caste or a tribe, he/she was reckoned as Scheduled Caste or Scheduled Tribe only if the name found placed in the list furnished to the enumerator. The general terms, like Harijan/Girijan or Achhut/Adivasi were not reckoned as belonging to Scheduled Caste or Scheduled Tribe as the case may be. In such cases the name of the caste/tribe, was ascertained fully and if that name found place in the list furnished to the enumerator he/she was treated as Scheduled Caste or Scheduled Tribe as the case may be. If the person merely claimed to be a Scheduled Caste or Scheduled Tribe, but said that he/she did not belong to any of the notified communities applicable to the area, as reflected in the list supplied to the enumerator, he/she was not reckoned belonging to a Scheduled Caste or a Scheduled Tribe. Scheduled Castes could belong to Hindu or Sikh religion, whereas Scheduled Tribes could belong to any religion.

The list of Scheduled Castes and Scheduled Tribes as used by the enumerator in Tamil Nadu is given in Appendix.

In the present volume, Special tables relating to Scheduled Castes and Scheduled Tribes are presented in two sections. The first set of tables gives detailed information for Scheduled Castes followed by Scheduled Tribes tables. This volume covers six tables for Scheduled Castes and Seven tables for Scheduled Tribes. Each table is preceded by a note (fly-leaf) which explains the broad features and mode of presentation of data.

It is for the first time that the processing of data collected during the 1981 census of India has been done on the electronic computer except some minimal manual tabulation relating to General Population Tables, Primary Census Abstract, Data on Household Population by religion of the Head of Household and Household population by language mainly spoken in the Household. The special tables for Scheduled Castes Scheduled Tribes are based on the informations collected through question nos. 3 to 16 (except question 13) of 1981 Individual Slip (Universal). Although the present data for Scheduled Castes Scheduled Tribes have been generated on cent per cent basis, there may be some marginal differences in totals which are mainly due to different methods adopted in tabulation and rounding off.

This volume excludes three districts namely, Tiruchchirappali, Padukkottai and Tirunelveli for which Individual Slips could not be keyed in as the slips were damaged. Therefore, the State tables have been generated excluding these three districts.

**SC-1 : INDUSTRIAL CATEGORY OF MAIN WORKERS, MARGINAL WORKERS, NON-WORKERS
AND SEEKING/AVAILABLE FOR WORK BY SEX FOR SCHEDULED CASTES**

NOTE

This table presents the following data for each Scheduled Castes; main workers by industrial category, marginal workers, non-workers and those seeking/available for work by sex with rural-urban break-up. The table also gives the main workers by sex in special occupations-tanning and currying of hides and skins and scavanging. The table corresponds to table SC-I Part A and B of 1971 with additional information on the special occupations etc. For detailed information on the concepts relating to economic activity adopted in 1981 Census, one could refer to the volume, Census of India, 1981, Part-II-A & B General Population Tables and Primary Census Abstract, Series-20, Tamil Nadu. However a brief account is given below:-

Main workers were those who had worked for the major part of the year preceding the date of enumeration i.e. those were engaged in any economically productive activity for 183 days or six months or more during the year. Marginal workers were those who worked any time at all in the year preceding the enumeration but did not work for a major part of the year i.e., those who worked for less than 183 days or six months. Non-workers were those who had not worked any time at all in the year preceding the date of enumeration. Data on seeking/available for work relate to only marginal workers and non-workers.

The table is presented for the State and its districts.

Figure 1 consists of two rows of scatter plots. The top row shows the relationship between the number of children (1 to 8) and the number of parents (1 to 8). The bottom row shows the relationship between the number of children (1 to 8) and the number of parents (1 to 8). The plots show a positive correlation between the number of children and the number of parents.

Figure 1 consists of 24 scatter plots arranged in a 3x8 grid. Each plot shows the relationship between the number of children in the household (x-axis, 0-10) and the number of children (y-axis, 0-10). The plots are labeled with the number of children in the household (0-10) on the x-axis and the number of children (0-10) on the y-axis. The first row shows a positive correlation for all eight plots. The second row shows a positive correlation for the first six plots, but the seventh and eighth plots show a negative correlation. The third row shows a positive correlation for the first six plots, but the seventh and eighth plots show a negative correlation.

**SC-4 : MARGINAL WORKERS OF SCHEDULED CASTES BY MAIN ACTIVITY CROSS-
CLASSIFIED BY INDUSTRIAL CATEGORY OF MARGINAL WORK AND SEX**

NOTE

This table presents the data on marginal workers among Scheduled Castes (Combined) by type of main activity, industrial category of marginal work and by sex. The data are presented separately for rural and urban areas. The marginal workers with their main activity are further cross-classified into industrial sector of activity.

This is a new table as the data on marginal workers were collected for the first time in 1981 Census. The data have been presented for State and its Districts.
