INTRODUCTORY NOTE

The Provisional Population Totals for All India based on 1991 Census count was published by the Registrar General, India as "Paper 1 of 1991" under "Series - 1, India" in March 1991 giving total population, population by sex, growth rate of population and literacy at All India and State/Union Territory levels. This was followed by the publication of "Paper 2 of 1991" under "Series - 1, India" in August 1991 which contained Rural-Urban distribution of Provisional Population Totals. Another publication, "Paper 3 of 1991" under the same series was published in November 1991 giving details of workers and their distribution among the Provisional Population Totals. ||

It may also be mentioned here for readers' information that "Data Users Service Cell" has been set up at Registrar General, India's office which could be contacted in the following address for much more information other than what this Directorate may provide you by way of printed materials and your personal contacts as well.

NEW DELHI - 110 011

The Directorates of Census Operations in each State/UT also published the "Provisional Population Totals" in March/April 1991 and subsequently a "Supplement to Provisional Population Totals" for their States/Union Territories separately giving rural-urban distribution of Provisional Population Totals and among them the workers and their distribution.

The Directorate of Census Operations of Tamil Nadu has brought out the Provisional Population Totals as "Paper 1 of 1991" in April 1991 and "Supplement to Paper 1 of 1991" under Series 23 in March 1992. Both these publications are widely circulated and there has been an allround appreciation from Planners, research organisations, Government and Private bodies and the like as they contain very important and useful data.

Now that the Final Population Totals and other related information are available, it has been decided to disseminate stage by stage, the 1991 Census data in variety of formats for the use of the Government bodies, private organisations, researchers, research organisations and all others who are interested in such of these informative data. To start with, a set of following tables are released herewith, which we hope will be of much use in whomsoever hand this booklet finds its place.

1. Primary Census Abstract for State and Districts;
2. Taluk level data on population, literates and SC/ST;
3. Population, literates and SC/ST for C.D. Blocks;
4. Population, literates and SC/ST in UAs, Cities/Towns;
5. Number of Taluks, C.D. Blocks, Towns, Urban Agglomerations and Villages in Districts

Much more information are being processed and we hope that these will be released shortly. Besides, all the information are stored in our computer system and will be made available to users in floppies if they so desire.
