(i) Census concepts: Rural and Urban areas, Urban Agglomeration, Census House/Households, Scheduled Castes/Scheduled Tribes, Literates, Main Workers, Marginal Workers, Non-workers, etc.	3-5
(ii) History of the District Census Handbook including scope of village and Town Directory and Primary Census Abstract.	6-11
(iii) Introduction, History of the district and its formation, physical features, Mineral resources, climate and rainfall, forest, land and land use, irrigation, agriculture, animal husbandry, fisheries, trade and commerce, transport and communications, electricity, education, industries, public health, temples and places of tourist and historic importance.	12-21
(iv) Brief analysis of the Village/Town Directory data based on inset tables	22-47

PART A

VILLAGE AND TOWN DIRECTORY

Section I: Village Directory

Note explaining the codes used in village Directory.	49
1) Kovilpatti C.D. Block	50-51
(i) Alphabetical list of villages	53
(ii) Village Directory Statement	55
2) Kayattar C.D. Block	56-63
i) Alphabetical list of villages	65
ii) Village Directory Statement	66-67
3) Vilattikulam C.D. Block	68-77
i) Alphabetical list of villages	79
ii) Village Directory Statement	80-81
4) Pudur C.D. Block	82-91
i) Alphabetical list of villages	93
ii) Village Directory Statement	94-95
5) Ottappidaram C.D. Block	96-105
i) Alphabetical list of villages	107
ii) Village Directory Statement	108-109
6) Tuticorin C.D. Block	110-119
i) Alphabetical list of villages	121
ii) Village Directory Statement	123
	124-127

	Page No.
7) Srivaikuntam C.D. Block	129
i) Alphabetical list of villages	131
ii) Village Directory Statement	132-137
8) Karunkulam C.D. Block	139
i) Alphabetical list of villages	141
ii) Village Directory Statement	142-147
9) Tiruchendur C.D. Block	149
i) Alphabetical list of villages	151
ii) Village Directory Statement	152-153
10) Udangudi C.D. Block	155
i) Alphabetical list of villages	157
ii) Village Directory Statement	158-161
11) Alwarthirunagari C.D. Block	163
i) Alphabetical list of villages	165
ii) Village Directory Statement	166-171
12) Sattankulam C.D. Block	173
i) Alphabetical list of villages	175
ii) Village Directory Statement	176-179
Annexure-I Statement showing the C. D. Blocks included in various taluks	181
Appendix-I C.D. Block Abstract of Educational, Medical and other amenities.	182-185
Appendix-II Land utilisation data in respect of Non-Municipal Towns.	186-188
Appendix-III C.D. Blockwise list of villages where no amenities are available.	189
Appendix-IV List of villages according to the proportion of Scheduled Castes and Scheduled Tribes to the total population by ranges.	190-216

SECTION II Town Directory

Note explaining the codes used in Town Directory.	219-221
Statement-I Status and Growth History.	222-229
Statement-II Physical Aspects and Location of Towns, 1989.	230-234
Statement-III Municipal Finance, 1988-89.	235-238
Statement-IV Civic and other amenities, 1989.	239-242
Statement-IV-A Civic and other amenities in notified slums, 1989.	243-246
Statement-V Medical, Educational, and Cultural facilities, 1989.	247-253
Statement-VI Trade, Commerce, Industry and banking, 1989.	254-257
Appendix Towns showing their outgrowths with population.	258

PART B Primary Census Abstract

A: District Primary Census Abstract- C.D. Block-wise	259
B: Village and Townwise Primary Census Abstract by C.D. Block.	260-299
1. Kovilpatti C. D. Block.	
(i) Village Primary Census Abstract	
(ii) Urban Primary Census Abstract	300-311
2. Kayattar C.D. Block	
(i) Village Primary Census Abstract	
(ii) Urban Primary Census Abstract	312-323
3. Vilattikulam C.D. Block	
(i) Village Primary Census Abstract	
(ii) Urban Primary Census Abstract	324-335
4. Pudur C.D. Block	
Village Primary Census Abstract	336-347
5. Ottappidaram C.D. Block	
Village Primary Census Abstract	348-359
6. Tuticorin C.D. Block	
(i) Village Primary Census Abstract	
(ii) Urban Primary Census Abstract	360-367
7. Srivaikuntam C.D. Block	
(i) Village Primary Census Abstract	
(ii) Urban Primary Census Abstract	368-375
8. Karunkulam C.D. Block	
Village Primary Census Abstract	376-383
9. Tiruchendur C.D. Block	
(i) Village Primary Census Abstract	
(ii) Urban Primary Census Abstract	384-387
10. Udangudi C.D. Block	
(i) Village Primary Census Abstract	
(ii) Urban Primary Census Abstract	388-395
11. Alwarthirunagari C.D. Block	
(i) Village Primary Census Abstract	
(ii) Urban Primary Census Abstract	396-403
12. Sattankulam C.D. Block	
(i) Village Primary Census Abstract	
(ii) Urban Primary Census Abstract	404-411

Appendix-III Taluk Primary Census Abstract.	546-547
District Primary Census abstract for SC/ST - C.D. Block Town-wise.	548-551
	552-587

Foreword

Publication of the District Census Handbooks (DCHs) was initiated after the 1951 Census and is continuing since then with some innovations/modifications after each decennial Census. This is the most valuable district level publication brought out by Census organisation on behalf of each state Government/union Territory administration. It inter-alia provides data/information on some of the basic demographic and socio-economic characteristics and on the availability of certain important civic amenities/facilities in each village and town of the respective districts. This publication has thus provided to be of immense utility to the planners, administrators, academicians and researchers.

The scope of the DCH was initially confined to certain important census tables on population, economic and socio-cultural aspects as also the Primary Census Abstract (PCA) of each village and town (ward-wise) of the district. The DCHs published after the 1961 Census contained a descriptive account of the district, administrative statistics. Census tables and village and Town Directories including PCA. After the 1971 Census, two parts of the District census Handbooks (part-A) Comprising village and town Directory and Part-B comprising village and Town PCA) were released in all the states and union Territories. The third Part (c) of the District census Handbooks comprising administrative statistics and district census tables, which was also to be brought out, could not be published in many States/UTs due to considerable delay in compilation relevant material. In 1981, some new features alongwith the restructuring of the formats of village and Town Directory were introduced in the DCHs. These were published in two parts for each district after the 1981 Census. While Part-A comprised village and Town Directories the PCA of villages and towns (ward-wise) including Scheduled Caste and Scheduled Tribe PCA upto tehsil/town level were provided in Part-B. To illustrate all the amenities except electricity, were brought together in the village Directory and if an amenity was not available in the referent village, the distance in broad ranges from the nearest place having such amenity was given. Information on some new items such as adult literacy centres, primary health sub-centres and community health workers in the village were provided so as to meet some of the requirements of the Revised Minimum Needs programme. Similarly, information on approach to the village was also provided for the first time in 1981 in the village Directory so as to give an idea about the number of inaccessible villages in each district. In case of Town Directories also, keeping in view the requirements of the Minimum Needs programme, a statement IV-A on slums was provided so as to enable the planners to chalk out the programmes for providing better civic and other amenities in the slums. In this statement details on civic and other amenities were reported for the slums, of Class I and Class II towns. Apart from this, one column on the Scheduled Caste and Scheduled Tribe Population and another on adult literacy classes/centres were added in statements IV and V respectively.

The manner of presentation of the DCHs for the 1991 Census is by and large the same as followed in 1981. However, the format of PCA has been restructured slightly in the 1991 Census for the benefit of data users. Nine-fold industrial classification of main workers

has been given as against four-fold industrial classification presented in the 1981 Census. In addition to this the sex-wise population in the 0-6 age-group has also been included in PCA for the first time with a view to enabling data users to compute more realistic literacy rate as all children below 7 years of age have been treated as illiterate at the time of the 1991 census. It is expected that the above mentioned modification will help the planners in chalking out more effective developmental programmes.

One of the most important innovations in the 1991 census is the community Development Block-level presentation of data in the village Directory and PCA instead of the traditional Tehsil/Taluk/PS level presentation. It is expected that the presentation of village Directory and PCA data at C. D. Block level will help the planners in formulation of micro-level developmental plans, as the C.D. Block is the lowest administrative unit for developmental planning

In order to facilitate the task of administrators, planners and researchers intending to use Village Directory/PCA data, either from the magnetic tapes/floppies or from the published records, both the computer and manual codes for each village have been provided for the 1991 Census along with the corresponding codes of 1981

This publication is a joint venture of the State Government/UT administration and the census organisation. The data have been collected and compiled under the direction of Shri K. Sampath Kumar, Director of Census operations, Tamil Nadu, on behalf of the State Govt./UT administration which has borne the cost of printing. The task of planning, designing and coordination of the publication was initiated by Dr. K.P. Ittaman, former Deputy Registrar General (Social Studies) and Shri M.M. Dua, Joint Director. For the sake of uniformity in presentation of information/data and for preparation of analytical note depicting the salient features emerging from a micro-level analysis of Census/Non-census data, a model District Census Handbook from each State and Union Territory was thoroughly scrutinised in the Social Studies Division under the guidance of Shri M.K. Jain, the present Deputy Registrar General (S.S.). This task was carried out by Shri A. K. Singh, Deputy Director who was assisted by Shri N.S. Soam, Assistant Director and his staff. Technical guidance in the preparation of the maps was initially provided by Dr. B.K. Roy, former Deputy Registrar General (Map) and later by Mrs. Minati Ghosh, the present Deputy Registrar General (Map).

I am thankful to all those who have contributed to this project ,

A. R. Nanda
Registrar General, India

New Delhi

June 11, 1992.

PREFACE

The District Census Hand book is the most useful publication for the public, social workers, researchers, academicians, administrators, local bodies and the government officials for various official and nonofficial purposes. It gives data for the village/panchayat at the lowest level to the district level including panchayat union/taluk covering demographic, social, economic and cultural aspects. There had been an endeavour to make it as comprehensive as possible, to provide data on various aspects since its inception and by 1961, it reached the dimensions of a compendium for the district. The Registrar General, India, in his foreword has kindly traced out the improvements brought out from time to time since 1961 to the latest 1991 Census while the history of the District Census Hand book in this state is narrated in the introductory chapter to this volume.

The District Census Hand book is a joint venture of the Census Organisation and the Government of Tamil Nadu. The scope of District Census Hand book has been widely increased and restructured in 1981 to meet the minimum Needs and Revised Minimum Needs Programmes of the Planning Commission. Broadly Keeping up the 1981 main structure, the formats of the Primary Census Abstract have been restructured slightly for the benefit of data users. The nine-fold industrial classification of main-workers as done at the 1961 and 1971 Censuses has been revived instead of the four-fold classification of the 1981 Census. Population in the age-group 0-6 by sex has been given in order to enable computation of realistic literacy rate as all children below 7 years are treated as illiterates. One of the most important innovations of the 1991 Census is the presentation of data at the community development Block/Panchayat union level to help planners in the formulation of micro-level developmental plans at the lowest level. In this State, for development planning, the lowest administrative unit is the "panchayat union". This time, for the benefit of data users of village Directory and PCA data from the magnetic tapes/floppies or from the published records, the computer code as well as the Manual code as of 1991 Census and the corresponding location code of 1981 Census are given.

The District Census Hand book is now being published in one volume (Part:A - village and Town Directory and Part:B - Village and Townwise primary Census Abstract), as Part A&B.

Part- A deals with a brief description of the district-its and major characteristics in relation to the economic resources like forestry, agriculture, industries, social, cultural, religious and historical aspects apart from certain basic amenities like drinking water, education, medical, post and telegraph, market day(s), communications etc., and if any of these facilities are not available to any village, distance range of the nearest place from where available; power supply approach to the village nearest town to the village, health and family planning centres, primary health sub-centres and community health workers in the village. Information on approach to village is also provided to identify inaccessible villages in the dis-

tract. These exhaustive data on infra-structure in relation to amenities available to the villages and land-use pattern are meant to meet the requirements of "micro-level" local area development planning at the lowest administrative unit viz, CD Block/Panchayat union Level. This is the reason why this time are data being published at C.D. Block/Panchayat union-level instead of the traditional taluk level,

In the Town Directory, information on class of town, area of the town, number of households, population and growth rate of the town at each of the censuses from 1901 to 1991, sex-ratio at the 1971, 1981 and 1991 Censuses, physical aspects of rainfall and minimum and maximum temperatures recorded, distance from State and District headquarters, nearest city, communication facilities like Railway station, Bus-route, inland navigation, Municipal finance, civic and other amenities like protected water supply, electric connections by type, fire-fighting service, road length by type, system of sewerage, number of latrines by type, total population and SC/ST population, Medical, educational facilities by type, recreational and cultural facilities like stadia, cinema, drama community hall, public libraries and reading rooms, adult literacy classes/centres, working women's hostels, three important commodities manufactured, exported and imported; a special table on civic and other amenities available in all notified slums in Class-I and Class-II towns included with a view to ascertain the availability of basic amenities and to meet the Minimum Needs and Revised Minimum Needs Programmes.

Part-B deals with the Primary Census abstract for all the villages in the rural areas and ward wise for urban areas. This time the PCA data like village and town Directory data are arranged by C.D. Block/Panchayat union-wise giving area of the village (in Hectares), area of town (in Sq. Kms.) no of occupied residential houses, households, population by sex, scheduled Caste and Scheduled Tribe Population literates, Main workers and their distribution into nine industrial Categories, (as against the town industrial categories published in 19881) marginal workers, non worker and the populations in the age group 0-6 by sex.

Further, if a village is covering more than one Panchayat, break up figures for each segment of the village following different Panchayat also given.

It is hoped that with the modification now brought out in the village Directory, Town directory and PCA and Publication of data C.D. Block/Panchayat Union wise would go a long way in helping the planners to chalk out more effective developmental programmes at micro-level for local area developmental plan as the C.D. Block/Panchayat Union is the lowest administrative unit for the developmental planning.

In the process of collection of data of this volume, various State and Central Government Departments have extended their kind co-operation particularly with regard to infra-structural amenities for part-A village and Town Directory, History and general features of the district etc., I convey my grateful thanks to all of them. The PCA data presented in Part-B of this volume were collected during the Census Operations in February-March, 1991 the reference date being the sunrise of 1st March, 1991.

I remain grateful to the Director of Census operations, Shri K. Sampath Kumar, who closely guided us in every aspect of this work. He had been a source of strength and inspiration for us. We owe a deep sense of gratitude to him for this kindness in dealing with our practical difficulties, his patient advice and formula of solutions for even small problems which we brought to his attention.

I wish to record my deep sense of gratitude to late Sri. M. Mangayarkarasi, Census operations, Sri Ch. Purnachandra Rao, D.D.C.O. has shouldered the responsibility of scrutinising the draft report and presenting the data with meticulous care to accuracy, Sri. P. G. Sankaran, Statistical Assistant, is chiefly responsible for preparing the analytical note, inset tables, draft write up and arrangement of the volume in order. In the compilation and processing of village Directory and Town Directory data, assistance were provided by Smt. R. Rani Bai and Smt. A. M. Mangaiyarkarasi, Sri. A. V. Raman Investigators and their assistants, respectively.

The PCA data for the district were processed at the Regional Tabulation office, Tirunelveli under the supervision of Sri. V. Jebamani, Regional Deputy Director of Census operations assisted by Sri S. Suveeharan and Smt. A. Roshan, Statistical Assistants who were deputed from this Directorate.

Finalisation of PCA for panchayat unionwise and providing computer codes for villages were attended to by Sri R. Lakshminarayannan and Smt. M. V. Rajalakshmi, Investigators and staff of the Census section. The district and taluk maps in this publication give the administrative units upto village level, the location of Towns and cities communication facilities, etc. This time in the taluk map, the boundaries of each of the C.D. block units, namely "Panchayat Unions" have been shown separately to synchronise the presentation of data.

I convey my grateful thanks to Shri, A. R. NANDA, I.A.S., Registrar General and census commissioner, India for his valuable guidance and advice I received from him through out. I am thankful to Sri. N. Rama Rao, Deputy Register General (C & T) who has been a source of strength and constant help and guidance on all technical matters like a "Ready-Reckoner", I also thank Dr. K. P. Ittamaan, former Deputy Register General (S.S) and Sri. M.M. Dua Joint Director, for planning, designing and co-ordinating the formats. I thank Sri. M. K. Jain, Deputy Registrar General (S.S), Sri. N. S. Soam, Asst. Director and his Staff for and Sri. A.K. Singh, Deputy Director Scrutinising and approving the pattern of presentation in conformity with all Indian pattern. My thanks are also due to Dr. B.K Roy, former Deputy Registrar General (map) and Mrs, Miniati Ghosh, Deputy Registrar General (map) for providing technical guidance in the preparation of Maps.

I further, thank Shri N. Manjini, Assistant Director of this Directorate for initiating computerisation of manuscripts in National Informatic Centre for making this publication easier. I am grateful to staff of National Informatic Centre at Madras for rendering timely assistance in allotting required computer terminals in order to computerise the data.

I have pleasure in acknowledging the able assistance rendered by the following officials of my office in the preparation of this volume.

ANALYTICAL NOTE

Census Concepts

Rural and Urban areas

It is customary to classify a place as rural or urban in every Census and present data separately for rural and urban areas. Urban areas which are specifically defined for Census purposes are determined on the basis of certain demographic and economic criteria. The rest are treated as rural areas. At the 1991 Census, the same criteria adopted for determining the urban areas at the 1981 Census have been continued. The urban areas of 1991 Census are:

- All places with a Municipality, Corporation or Cantonment board or Notified town area, Committee, etc.
- All other areas which satisfied the following criteria:
 - A minimum population of 5,000
 - At least 75 percent of male main workers engaged in non-agricultural and allied activities:
 - A population density of at least 400 per sq.km.(or one thousand per square mile)

The above definition adopted for both 1981 and 1991 Census varies slightly from those of 1961 and 1971 Censuses. In the 1961 and 1971 Censuses, the male population engaged in the activities of fishing, logging etc., were treated as engaged in non-agricultural pursuits and hence have been taken into account with those engaged in non-agricultural pursuits for applying the test of the 75 percent non-agricultural workers criterion. But in the 1981 Census as well as in the 1991 Census, they have been treated on par with agricultural activities for applying the test for this criterion. Prior to the 1981 Census, certain places with less than 5,000 population were treated as urban areas on the basis of certain consideration like density, social and historical importance etc., at the discretion of the Director of Census Operations in consultation with the State Government. On the other hand, the tests on demographic and economic criteria were strictly applied at the 1981 and 1991 Censuses and no area was classified as urban area on other considerations.

Urban Agglomeration

This concept was adopted for the first time in the 1971 Census and continued in the 1981 and 1991 censuses also.

An Urban Agglomeration is a continuous urban spread constituting a city or town and its adjoining urban outgrowths (OG) or two or more physically contiguous towns together with continuous well recognised urban outgrowths, if any, of such towns. In certain cases, large housing colonies, University campuses, port areas, Military camps, etc., would have come up around a city or town but falling out side the statutory limits of the city or town. They may be lying inside the boundaries of a village or villages which are contiguous to the city or town. These villages could not be treated as urban as they do not satisfy the urban criteria. But at the same time the colonies etc., mentioned above deserve to be treated as an integrated urban area. Therefore, all such towns together with their urban outgrowth will have to be treated as one urban unit and called urban Agglomeration. As no outgrowth (OG) as defined above, has been recognised in Tamil Nadu, all the constituent units of urban agglomerations are also independent urban units or towns in the state.

Census House

A Census house is a building or part of a building having a separate main entrance from the road or common courtyard or staircase etc., used or recognised as a separate unit. It may be occupied or vacant. It may be used for residential or non residential purposes or both.

Household

A household is a group of persons, who commonly live together and would take their meals from common kitchen, unless the exigencies of work prevented any of them from doing so. There may be a household

of persons related by blood or a household of unrelated persons or having a mix of both. Examples of households with unrelated members are boarding houses, messes, hostels, residential hotels, rescue homes, jails, ashrams etc. These are called institutional Households.

Scheduled Castes/Scheduled Tribes

For the enumeration of Scheduled Castes and Scheduled Tribes in census, the names of Scheduled Castes and Scheduled Tribes as recognised in Tamil Nadu based on the Scheduled castes and Scheduled Tribes orders (Amendment) Act of 1976 (Central Act, 108 of 1976) was followed. The enumerators were instructed to record a person as belonging to Scheduled Caste and Scheduled Tribe provided the name given by the person was found in the list supplied to them.

Literates

A literate is defined as "a person who can both read and write with understanding in any languages". A person who could merely read but cannot write, is not a literate. It is not necessary that a person, to be considered as a literate, must have received any formal education or have passed any minimum educational standard. In the 1991 Census, all children of the age of 6 years or less are treated as illiterate whereas in the 1981 Census all children of the age of 4 years or less were treated as illiterate.

Definition of work

Work may be defined as participation in any economically productive activity. Such participation may be physical or mental in nature. Work involves not only actual work but also effective supervision and direction of work. It also includes unpaid work on farm or in family enterprise.

Main workers and Marginal workers

The dichotomy of worker and non-worker of 1961 and 1971 Censuses had been dropped and the trichotomy of main worker, marginal worker and non-worker was introduced in the 1981 census and this has been continued in the 1991 census also. A worker was identified with reference to a reference period preceding the census. The reference period prescribed was one year preceding the date of enumeration. Certain types of work such as agriculture, household industries, like gur making etc. were carried on, either throughout the year or only during certain seasons or part of the year, depending on the local circumstances. In such cases what we were concerned with was the broad time spent during the agricultural season preceding the enumeration. Workers can be full-time workers or marginal workers. If a person had done any work during the reference period and if he had not worked for the major part of the year, i.e., if he had worked for 183 days or more he was considered to be a full-time worker (Main Worker). If a person had done any work during the reference period and if he had not worked for the major part of the year, i.e., if he had worked for less than 183 days, he was considered to be a marginal worker. Persons who had not participated in any economic activity even for a day during the last one year preceding the day of enumeration were considered as non-workers.

All the main workers had been classified under one of the four main categories in the 1981 census, while in 1991 census, they have been classified under one of the nine industrial categories as was done in 1971 census. They are I. Cultivators (C); II. Agricultural Labourers (AL) III. Live Stock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities, IV. Mining and Quarrying, V(a). Manufacturing, Processing, Servicing and Repairs in Household Industry, V(b). Manufacturing, Processing, Servicing and Repairs in other than Household Industry, VI. Construction, VII. Trade and Commerce, VIII. Transport, Storage and Communication, IX. Other Services.

The definitions of these nine industrial categories of workers are as given below:

I. Cultivators (C)

For the purpose of census, a person is considered as Cultivator if he/she is engaged in cultivation of land, owned or taken on lease from Government or from private persons or institutions for payment in money, kind or share. Cultivation includes supervision or direction of cultivation.

II. Agricultural Labourer (AL)

A person who works on another person's land for wages in money, kind or share should be regarded as agricultural labourer. He/she has no risk in the cultivation, but he/she merely works on another person's land for wages. An agricultural labourer has no right of lease or contract on land on which he/she works.

III. Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities

Persons who were reported as workers in Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities are treated as workers under this category.

IV. Mining and Quarrying

Persons who were reported as workers in Mining and Quarrying are treated as workers under this category.

V(a). Manufacturing, Processing, Servicing and Repairs in Household industry

Household industry is defined as an Industry conducted by the head of the household himself/herself and/or by the members of the household at home or within the village in case of rural areas and within the precincts of the house only in the case of Urban areas. The larger proportion of workers in household industry should consist of members of the household including the head. The household industry should not be run on the scale of a registered factory which would qualify to be registered under the Indian Factories Act. Mere selling of food items or other edibles, should not be regarded as household industry.

V(b). Manufacturing, Processing, Servicing and Repairs in other than Household Industry

Persons reported as workers in household industry other than those mentioned in V(a) were treated as workers in this category.

VI. Construction

Persons working as plumbers, masons, electricians, painters and others engaged in construction work were treated under this category.

VII. Trade and Commerce

Persons engaged in work such as wholesale or retail business or trade were treated in this category.

VIII. Transport, Storage and Communication

Persons who were reported as drivers, conductors, technicians, fitter, welder and other communication workers were treated under this category.

IX. Other services

Persons engaged in services other than those mentioned in I to VIII categories fall under this category. Workers who could not be classified in any of the above I to VIII categories are treated as those engaged in other services.

Non-workers

All persons who have not been treated as workers i.e., persons who have not worked any time at all during the reference period of one year preceding the date of enumeration have been considered as non-workers. Thus, non-workers cover all persons who are engaged in unpaid household duties and who do no other work or have not done any work at all during the last one year, full time students and children attending school, all dependents such as infants or children not attending school or a person permanently disabled from work because of illness or old age, persons retired from service or rentiers, beggars, vagrants etc., convicts in jails or inmates of a penal, mental or charitable institution and all other non-workers not falling under any of the above categories.

STORY OF THE DISTRICT CENSUS HANDBOOK

After the census of 1951, the Government of India offered to handover to the State Government the Census tables and other data prepared during the Census and suggested that they might be published along with any other useful information relating to each district as separate volume. The State Government accepted the proposal and the first publication of the District Census Handbook was brought out at the cost of the State Government.

The District Census Handbook of 1951 was found to be very useful and it was therefore decided not only to continue the series for the 1961 Census but also to improve on its content so that each district Census Handbook contained certain basic economic data for the smallest administrative unit in the district and be an useful reference book for scholars and other data users.

After the 1971 Census also, the publication of the series of District Census Handbook was continued. The publication of the 1971 District Census Handbook was in three parts, viz., Part-A, Part-B, Part-C. Part-A relating to Village and Town Directory. Part-B relating to Village and Townwise Primary Census Abstract and Part-C comprising District Census Tables and certain administrative statistical tables.

The tradition of bringing out the Census Handbook was continued by the State Government during the 1981 Census also. In this series some individual feature besides restructuring of the formats of the village Directory had been adopted bearing in mind the requirements of data for the socioeconomic programmes of the Government. The comparability of data with the 1971 census data had also been kept in view.

The present 1991 District Census Handbook will be published in one Volume comprising Part-A- Village and Town Directory and Part-B- Village and Townwise Primary Census Abstract.

SCOPE OF VILLAGE AND TOWN DIRECTORY STATEMENTS AND PRIMARY CENSUS ABSTRACT

The District Census Handbooks are the only publications which incorporate the data down to the level of a village and level of a town which are constantly referred to by the data users.

The Village Directory statement gives the list of villages by C.D.Block and for each village the area, no. of households and population, availability of amenities and land use. The information on amenities available in the village includes educational, medical, drinking water, post and telegraph, market, rail/road or other communication facilities and power supply. Land use is shown as area under forests, irrigation, unirrigated land, culturable waste and area not available for cultivation.

Appendix - I gives C.D.Blockwise abstract of educational, medical and other amenities available viz., the number of villages having various levels and types of educational institutions such as middle schools, adult literacy centres, etc., various types of medical institutions such as dispensaries, primary health centres, maternity and child welfare centres, family planning centres, community health workers etc. and the number of such institutions, various types of drinking water sources, such as tap, well, tank, tube-well, river, fountain, canal, etc. post and telegraph offices, bus-stops, railway-station, power supply etc. and also the number of villages not having such amenities.

Appendix - II gives for each non-municipal town (Census Towns) the area under forest, irrigated and unirrigated land, culturable waste (including gauchar and groves) and area not available for cultivation.

Appendix - III is only the list of villages where no amenities relating to education, medical, drinking water, post and telegraph, communication, power supply and market/hat and public health facilities etc. are available.

Appendix - IV gives the list of villages according to the proportion of SC/ST to the total population by ranges. Part-A of the Appendix gives the villages according to the proportion of SC population. The information is presented by the ranges viz. 0-5, 6-10, 11-15, 16-20, 21-30 and 31 + percent and above, and Part-B according to the proportion of ST population ranges viz. 0-5, 6-15, 16-25, 26-35, 36-50 and 51 + percent and above.

The Town Directory gives important and very useful information like civic and other amenities available

in all the towns in the district, statutorily notified as well as non-municipal or census towns. The details relating to each of the towns have been presented in seven statements viz. Statements I to VI and IV-A.

In all the statements except IV-A, the towns are arranged in the alphabetical order for the district. The Town Directory does not cover strictly military areas. It may, however, cover cantonment areas but not strictly military areas or military establishments within the cantonment which are required to be left out. However, basic statistics of the cantonment as a whole have been provided. In the Town Directory, codes have been given for the data on amenities and civic administration for want of space. The relevant explanations for the codes adopted have been given in the beginning of the Town Directory Statements.

The concept of 'urban agglomeration' was introduced for the first time in 1971 replacing the concept of 'town group' of 1961. The concept of Urban Agglomeration has been continued at the 1981 and 1991 censuses also. An Urban Agglomeration may be explained as follows: "It must form a continuous urban spread constituting a town and its adjoining urban outgrowth or two or more physically contiguous towns together with continuous well recognised urban outgrowth, if any, of such towns".

An Urban Agglomeration includes two or more independent census towns. The names of the Towns/Urban Agglomeration have been arranged in the alphabetical order. The particulars of the individual town which constitutes one of the units of agglomeration have not been furnished separately because the particulars have already been furnished, where they occur together under the name of agglomeration. The following remarks have been given against such town within brackets:

"(See the name of the main town of the agglomeration)"

By adoption of this method, the reader can get an idea of the particulars of the urban agglomeration in total and also separately.

Statement I: Status and Growth History

This statement provides some basic data based on the primary Census Abstract for the towns and urban agglomerations of 1991 census. For analysing the town directory data at the State level and All India levels some new columns have been introduced in the 1981 census. The new items are :- Class of town, area, number of households, population and growth rate at each census since 1901, density and sex ratio at the 1971, 1981 and 1991 censuses are also provided in this statement. At the 1991 census, a new item - the name of C.D.Block is also provided in the statement.

Class of the towns are presented according to the 1991 census population of the town as follows:

<u>Population</u>	<u>Class</u>
100,000 and above	I
50,000 to 99,999	II
20,000 to 49,999	III
10,000 to 19,999	IV
5,000 to 9,999	V
Below 5,000	VI

Location Code Number for Towns

To distinguish the town from the village, the Location Code Numbers for Towns have been given in Roman Numerals and these numbers have been assigned in a continuous order for the district as a whole. In the present 1991 census, name of C.D.Block has been included with a view to locate the town in the appropriate C.D.Block.

Statement II: Physical aspects and Location of Towns, 1989

Under physical aspects, annual rainfall and temperature particulars are furnished. These particulars

were obtained from the Commissioner of Statistics, Tamil Nadu, Madras. If the information is not available for any particular town, the nearest town for which it is available is given. For Col.(9), nearest city with population of one lakh and more is furnished according to 1991 census. For the other columns, figures obtained from the Municipal Commissioners and Panchayat Union Commissioners are given. The zero within brackets in columns, 10 and 11 denotes that the referent town itself is enjoying road transport facilities. In column 12, name of the navigable river/canal and its distance is indicated as follows: "Cauvery(R)-5". In this case, 5 is the distance in Kms., of the navigable river Cauvery from the referent town. In brackets 'R' for river and 'C' for canal have been given.

Statement III: Municipal Finance, 1988-89

The civic administration status of the town, the receipt through tax, properties and powers, Government grants, loans, advances and other sources and the expenditure on general administration, public safety, public health, public works, public institutions and other public services are given in this statement. The sources of the receipts and expenditure are furnished in terms of rupees in hundreds.

Statement IV: Civic and other amenities, 1989

The civic and other amenities existing in the towns as in the town 1989 are given. The data were obtained from the Municipal Commissioners and Panchayat Union Commissioners of the Concerned towns.

Column - 3: Civic administrative status

It is a new column introduced in this statement to facilitate analysis during the 1981 census.

Column - 4: Population

It is also a new column introduced in this statement to measure the amenities in respect of population, based on 1991 census population data.

Column - 5: Scheduled Caste and Scheduled Tribe population

It is introduced to know the size of the population of the weaker sections of the community in the towns based on 1991 census population data.

In this statement, road length, system of sewerage, number of latrines, method of disposal of night soil, protected water supply (source of supply, system of storage with capacity) and fire fighting service information are also collected from the Municipal Commissioners and Panchayat Union Commissioners.

Electrification

In this column electrification particulars were obtained from the Tamil Nadu Electricity Board through the Municipal Commissioners and Panchayat Union Commissioners. The details are furnished below:

i) Domestic connections

This refers to the number of services given to house for domestic purposes like fans, lighting, etc.

ii) Industrial connections

This refers to the number of services effected to L.T. (Low Tension) Industries such as workshop, flour mills, oil mills, grinding machines, cotton ginning and engineering industries etc.

iii) Commercial connections

This refers to the service given to shops, business houses, public institutions like offices, schools and commercial establishments.

iv) Road lighting points

This refers to the number of points of street lights which are maintained by the board and for which consumption charges are paid to the board by respective local bodies. For some panchayats, the number of

services effected along has been furnished under street lights and not the points.

v) Other connections

This refers to the number of services effected for agricultural purposes, huts, public water supply systems, cottage industries etc.

Statement IV-A: Civic and other amenities, notified slums, 1989

This is a new statement on civic and other amenities in the notified or recognised slums of Class I and II towns introduced during 1981 census. Generally in cities or towns having slums, the local authority such as Municipality or Municipal Corporation or even the Development Authority notified the recognised slums. Such notifications are linked up with the availability of funds from the Statement Government for slum clearance.

Name of the slum and the details of the area, population, length of the paved roads, system of sewerage, number of different types of latrines and method of disposal of night soil etc. are given in this statement.

Statement V: Medical, Educational, Recreational and Cultural facilities, 1989

In this statement, medical, educational, recreational and cultural facilities of the towns as in 1989 are furnished. The data for educational and medical facilities were obtained from the Municipal Commissioners and Panchayat Union Commissioners for the concerned towns, and from the Director of Secondary Education and Director of Public Health respectively. In medical facilities columns, the number of Hospitals/Dispensaries/T.B. clinics etc. and number of beds in medical institutions etc. are furnished.

In educational facilities columns, the number of Arts/Science/Commerce colleges, Medical colleges, Engineering colleges and Polytechnics were obtained from the State Education Departments are furnished.

Column 10: Recognised shorthand, typewriting and other vocational training institutions.

Particulars were obtained from the District Industries Officers and Directorate of Employment and Training Officers. The term, recognised refers to institutes recognised by some statutory authority like Education Department, Commerce Department, Labour Department etc. of the Government or by semi-Government or autonomous bodies, public sector project etc.

Column 16: Number of working women's hostel with number of seats.

This is a new column introduced during the 1981 census. Consequent on the increase in the employment of women in urban areas the housing need of working women has been considered as an important subject for study.

Cinema in column 18 refer only to the permanent cinema theaters and do not include the touring cinema.

Column 19 : Community Halls have been added in this column as they are fast becoming a common feature of the urban land scope.

Statement VI: Trade, Commerce, Industry and Banking in 1989

In this statement, Trade, Commerce, Industry and Banking facilities in the town as in 1989 are furnished. Banking particulars were obtained from the Reserve Bank of India. The information on number of agricultural and non-agricultural credit societies was collected from the Registrar of Co-operative Societies through the Municipal Commissioners and Panchayat Union Commissioners of the concerned towns.

SCOPE OF PRIMARY CENSUS ABSTRACT

The Primary Census Abstract as it is called, presents basic data for each village or segment of a village (in cases where such village segments form different panchayats) in the "Villagewise Primary Census Abstract" and for each ward/division of a town in the "Urban Primary Census Abstract". The format of the Primary Census Abstract for the villages and towns in 1991 has been slightly modified as compared to the 1981 Primary Census Abstract.

The Primary Census Abstract gives the details on area, number of occupied residential houses, number of households, total population, population in the age-group 0-6, SC/ST population, literates, total main workers, distribution of main workers by 9 industrial categories, marginal workers and non-workers in respect of each unit with male, female breakup. In 1981, the main workers were classified into four categories whereas in the 1991 census they are classified into 9 industrial categories as in 1961 and 1971 censuses. For the first time in this Census, the population in the age group 0-6 with sex breakup presented in PCA in order to arrive at effective literacy rate, after excluding such persons as all the persons below seven years are treated as illiterates in this census. The urban/village Primary Census Abstract gives this information for each village and each urban ward. Till 1981 Census, the Primary Census Abstract was presented for each taluk and for each town in a district. But, in the 1991 census, the Primary Census Abstract for each CD Block is presented for the first time in the Indian Census. Besides these, separate Primary Census Abstract for Scheduled Castes and Scheduled Tribes which contain similar details as those in the PCA for general population are presented for District/Community Development Block/UA/City/Town.

With a view to enable data users to derive the figures for Panchayat the data are presented for segments of villages also, wherever such segments constitute different Panchayat, the segment wise data have to be used separately or added with the data of some other segment so as to derive panchayat data. For example a revenue village bearing L.C.No 9 constitute two different panchayats, the figures are given separately for each portion of the village constituting these panchayats against L.C.No 9 a/b and 9 b/b. The total figures for the entire revenue village can be arrived at by adding the figures given against both the segments viz. 9 a/b and 9 b/b. If, instead, the panchayat figures are required, the data for the concerned village segment or segments relating to the panchayats concerned are to be added up to arrive at the total figures for the respective panchayats. An appendix presented in the case of the Urban Primary Census Abstract gives 1991 population, Scheduled Caste and Scheduled Tribes population for each enumerator block of the town. This may be useful for administrative purposes and such data are also required by urban planners and researchers for conducting special studies in selected blocks.

Mode of presentation

At the beginning, the District Primary Census Abstract containing data for District and C.D.Blocks (for Total, Rural Urban areas) as also towns under each C.D.Block and at the end Census, the C.D.Blocks is the main unit of presentation of data instead of taluk which was the main unit till 1981 Census. The District PCA is followed by alphabetical list of villages for each C.D.Block in the district. This is followed by Village/Urban PCA. In the Village/Urban PCA, data for the first C.D.Block for total, rural and urban areas separately, followed by data for villages and census towns falling under each C.D.Block are presented. Thereafter, similar data for second, third and subsequent C.D.Blocks in the district are presented. At the end of the C.D.Block, the Urban PCA containing data at ward level for all the towns and cities besides the data for UAs are presented. In an appendix to the Urban blockwise PCA, the population and Scheduled Castes/Scheduled Tribes figures for each Enumerators Block of every town/city in the district are given. After the appendix to Urban PCA, the Talukwise PCA containing data for the District and each taluk in the district with Total, Rural and Urban breakup is presented, as such data are also sought after. This is followed by two annexures. Appendix-I contains Details of Community Development Blocks falling under each taluk and Appendix-II contains names of the villages/segment of villages constituting each town in the district.

Maps

Apart from the District Map given as frontispiece, maps for each taluks showing the villages their 1991 Location Code numbers and their boundaries are presented. The boundaries of the C.D.Blocks falling in the taluks are also shown. As compared with the maps presented in 1971 and 1981 District Census Handbook, some improvements have been effected in the maps presented in this volume. All towns are shown in the district and taluk maps with shading screens and also spheres according to the population size of towns.

Area figures

In the District Primary Census Abstract, the area figures are given in square kilometers for total, rural and urban areas. In the villagewise Primary Census Abstract the area figures for each revenue are given in hectares upto two decimals. The area figures for each town is given in Sq.Km in the Urban Primary Census Abstract.

In the District Primary Census Abstract the area figures of the district total represent the "Geographical Area" figures supplied by the Surveyor General of India. Figures for urban areas and villages are those supplied by the local bodies and revenue authorities. The total of the urban (area) of a district has been arrived at by adding the urban area figures of each town within the district. Area figures for the rural areas of district are derived by subtracting the urban area figures from the total area of the district. The area figures of each C.D.Block represent the area figures that are published in the concerned departmental publication of the State Government. The area figures of the C.D.Blocks will not added up to the district area figures because, C.D.Block area figures represent the "Land use" area, while in case of the district represent "Geographical Area", supplied by Surveyor General of India. The total of the village areas given in the Village/Urban Primary Census Abstract may not tally with the rural area of the C.D.Block given, as the C.D.Block area figures include hills, forests, rivers etc. whereas the village area may not include the same. One sq.km consist of 100 hectares.

It is hoped that the pattern of presentation of basic census particulars for each district as explained above and adopted in this volume would be found convenient by data users.

Part-A & B :

Brief analysis of the village and town directory data based on inset tables.

A brief analysis relating to certain population characteristics is made utilising the information collected in the village and town directory. A number of tables have been generated for this purpose. The tables are generated at the district/C.D.Block level for the rural areas and in regard to urban areas, townwise particulars are presented.

CHIDAMBARANAR DISTRICT — AN OUT LINE

INTRODUCTION

Chidambaranar district was bifurcated from the erstwhile Tirunelveli District and named after the great patriot and freedom fighter. V.O.Chidambaram Pillai. The district was formed in 1986 vide G.O. MS.No.1314 dated 27.9.1986. The district has glorious past. Tuticorin became the citadel of freedom struggle in the early 20th century. In 1906 V. O.Chidambaram Pillai launched the first swadeshi ship in British India. The immortal and soul - stirring poems of the greatest Tamil poet Subramania Bharathi greatly influenced chidambaram pillai's struggle and sacrifice. Further, the first banner of revolt was raised against British rule by the poligar Veerapandia katta Bomman of Panchalankurichi. The then collector of Tirunelveli was also shot dead at Maniyachi in this district by Thiru. Vanchinathan during freedom struggle. In recognition of his Service towards, freedom struggle the Maniyachi Railway station was renamed as Vanchi Maniyachi. The port at Tuticorin and the Lord Murugan Temple at Tiruchendur are other attractions in the district. Though the main occupation in the district is cultivation, of late, large scale industries are also coming up. The thermal power plant at Tuticorin, SIPCOT Industries, chemical Industries and Spinning Mills are some of the major industries. This district has also other attractions like Krishnapuram for its beautiful temple sculpture, large ancient temples at Tiruchendur, Srivaikuntam besides historical places of Panchalankurichi, Ottappidaram, Maniyachi, Ettayapuram and Kayathar.

HISTORY OF THE DISTRICT

The history of this district is wound up with that of the Pandyas just like Madurai and Ramanathapuram areas bearing Tuticorin and the Coastal line leading Kanniyakumari.

Tamil literature of the period, Thevaram, Seevagasinthamani and Periapuranam mention the pearls of this region but not their sources. From the writings of Megasthenes, the Greek Ambassador and other foreign travellers, it is seen that the Pandya Kingdom was in a prosperous conditions during that period. Korkai, a port town about 15 kms south of Tuticorin, was the capital of Pandya Rulers. Tuticorin formed a part of the Pandya Kingdom during 7th to 9th centuries and fell into the hands of the Cholas during the 10th and 12th centuries (1000-1200 AD). Hence, it is possible that the Chola invasion of Ceylon (Sri Lanka) was launched from Tuticorin, as it being the nearest sea base to Ceylon. The port at Korkai served as a port also to Arabic Merchants but it placed into insignificance due to silting (as it stood on the mouth of the river Tambraparani). In 1532 the portugese sailed into Tuticorin. Their adventure was to spread christianity in the fishery coast (the coastal area of Kanniyakumari to Tuticorin). The great missionary St. Francis Xavier came to Tuticorin in 1542. The Portugese began to oppose the Dutch in 1602. In 1649 the Dutch captured Tuticorin and Tiruchendur Temple. Many European Visitors, particularly English travellers, meticulously recorded their impressions of Tuticorin in the 17th century. The lucrative pearl fishery that flourished under the Dutch is vouchsafed by Jean De Lan-Came. After about a century of political supremacy in the area the Dutch came into conflict with the English East India company in the later half of the 18th century. On 1st june 1825 after neraly 4 decades of intermittent conflicts the English East India Company took over the administration of Tuticorin and its dependencies on Kayalpattinam, Alwarthirunagari, Punnakayal and Manappad.

Other areas, particularly in the taluks of Kovilpatti, Ottapidaram and Vilattikulam, the Pandya rule continued till the end of 15th Century, with short spells under Chola and Mohamedan rules. In 1063 AD the Tirunelveli territory including the present Chidambaranar district was conquered by Rajendra chola who held it under his power for a short period. After the Chola rule, the area passed on to the Mohamedans who kept it under their rule till 1365 AD. The territory once again came under the Pandya rule at the time of Parakrama Pandya Deva who was helped by the Vijayanagar Kings. By 1520 AD. the Pandya dynasty was ousted by the Nayaks of Vijayanagar. The Nayaks ruled this area from Madurai as the captial during the 16th and 17th centuries and early part of the 18th century. Rani Mangammal ruled over this area from 1688 to 1704 AD as a representative of Vijayanagar Kings. The last ruler of Nayaks died in 1731 AD and after that the area fell into the hands of Mohamadens whose power lasted till 1805 AD. During the Nayak rule Poligars of feudal chiefs were well established and had firm foundation of their power.

With the fall of the Nayaks, the territory passed on to the hands of Carnatic Nawab in 1736 AD. Mohamed Ali and Chanda Sahib were the claimants to the throne of Carnatic in which the areas of Madurai and Tirunelveli were included. The British supported Mohamed Ali while the French allied with Chanda Sahib. The British being pre-occupied with Tippu Sultan of Mysore included the Poligars in the south rose in rebellion against Nawab of Carnatic and caused lot of disturbances. The poligars at the time numbered 32 in Tirunelveli area including the present Chidambaranar District. Each poligar had a strong Fort and armed forces. They were chiefs under the Vijayanagar rulers. After the fall of Vijayanagar Kings, they quarelled with each other. Though the authority of the Nawab was acknowledged they evaded payment of tribute and rebelled. Kattabomma Nayakkan of Panchalankurichi was the foremost raised the banner of revolt against the East India company. The Poligars of Nagalapuram, Gollarpatti, Elayerampanai, Kadalgudi, Kulathur and Pulithever of Avadayapuram joined hands with Kattabomma Nayakan. The English had the support of the Poligars of Ettayapuram, Uttumalai. Chokkampatti, Thalavankotteri, Maniyachi and Melmandi Major Bannerman attacked the Fort at Panchalankurichi in 1799 AD against the stiff resistance of Kattabomman. Kattabomman escaped but was later caught by Tondaiman Raja of Pudukottai and handed over to the British who hanged him at Kayathar. The properties of the rebel poligars were distributed among the poligars who supported the British. The two brothers of Kattabomman who were kept in jail started a second revolt and fought the British along with Marudhu brothers of Sivaganga at Kalayarkoil in 1801 AD. The revolt failed and they were caught and hanged.

During the latter half of the 18th century, the East India Company was frequently at war with the poligars on behalf of the Carantic Nawab in Tirunelveli and Madurai. With the fall of Tippu Sultan in 1799 AD, the British Concentrated their forces in the south and suppressed the Poligars. At about this time, the Nawab of Carnatic became power less and left the management of the territory to the British. The Nawab was pensioned off and the management of the revenue of Tirunelveli was made over to the British in 1801 under a treaty. Thus, the British rule which started during the second half of the 18th century lasted till 1947.

For Revenue Administration. Chidamabaranar District is divided into 2 Revenue Divisions as indicated below:-

<u>Revenue Division</u>	<u>Taluks in each division</u>
Tuticorin	1. Tuticorin 2. Tiruchendur 3. Srivaikuntam 4. Sattankulam
Kovilpatti	1. Vilattikulam 2. Kovilpatti 3. Ottappidaram

For the purposes of election, Chidambaranar is divided into 7 Assembly constituencies and 3 Parliamentary Constituencies as given below:-

I. Parliamentary Constituencies

1. Sivakasi
2. Tirunelveli
3. Tiruchendur

II Assembly Constituencies

1. Kovilpatti

2. Vilattikulam
3. Ottappadaram
4. Srivaikuntam
5. Tuticorin
6. Sattankulam
7. Tiruchendur

Ottappidaram is a Reserved Constituency for Scheduled Castes- Kovilpatti Assembly Constituency comes under Sivakasi Parliamentary constituency. Kanniyakumari Assembly Constituency of Kanniyakumari District also comes under Tiruchendur Parliamentary Constituency.

The District comprises 2 Municipalities, 20 Town panchayats, 12 Panchayat Unions and 408 village Panchayats. Chidambaranar District has a geographical area of 4621 sq. km Population of the district as per 1991 census is 1,455,920 comprising 709,760 males and 746,160 females' out of this, 856,229 live in rural areas while 599,691 live in urban areas. There are 28 towns 428 inhabited and 6 uninhabited villages. The density of the population as per 1991 census is 315. Sex-ratio of this district is 1,051 which is very much higher than that of the state's sex ratio which is only 974. Literacy rate of the district is 73.02% which is higher than that of the state's literacy rate of 62.66. The percentage of urban population of this district viz., 41.19 is also on the higher side compared to the state average which returned at 34.15 percent.

As the district is formed recently, there are no changes in the jurisdiction of the district or taluks since its inception.

PHYSICAL FEATURES

The district is bounded by Ramanathapuram District and Kamarajar District on the North, Bay of Bengal on the East and Kanniyakumari District on the south and Tirunelveli-Kattabomman District on the West.

Tambaraparani river which has its origin in the Western ghats in Tirunelveli-Kattabomman and Kanniyakumari Districts, traverses through this district and enters the sea at Punnakayal. Best irrigated lands are found on both sides of Tambaraparani River in Srivaikuntam and Tiruchendur Taluks. In the North and North-Western Parts of the district the soil is black and best suited for cultivating cotton, pulses, cholan and cumbu. The eastern coastal area is sandy with Palmyrah palms. In the coastal taluks of Tiruchendur, Srivaikuntam, Sattankulam, there are sandy belts created by winds which look like hillocks and known as "Theri". There are grand inland lakes close to "Theri". The vast expanses of water known as "Tharuvai" are found and are used for cultivation. The Coastal line extends over 140 kms. from Vembar in the north upto a point in Kuttam. Tuticorin port is the second major port in the state. Tuticorin coast line is also famous for pearls and chunk fishing from early centuries. Upto Tiruchendur, the slope of the coast is low. The first prominent break is the sand stone cliff at sea-shore in Tiruchendur. The Coast line drops then to a shallow bend till it reaches Manapad. The coast line takes an abrupt south-west turn near Kulasekarapattinam in Tiruchendur Taluk.

Except Vallanad and kurmalai Hills, there are no other hills or mountains worth mentioning.

MINERAL RESOURCES

Black-loam, red sandy and alluvial soils are found in the district. Kovilpatti, Vilattikulam and Ottappidaram taluks have black-loamy soil. Red-sandy soil is found in Sattankulam and parts of Tiruchendur and Tuticorin Taluks. In Srivaikuntam and parts of Tiruchendur Taluks alluvial soil is available. Alkaline and saline are also found. Acidic soil is found (1.15%) in Tuticorin, Srivaikuntam and Alwarthirunagari blocks. Alkaline soil is found predominantly in Udangudi and Tiruchendur blocks. Saline soil is found in Tiruchendur, Kovilpatti and Ottappidaram blocks.

High grade coral limestones are found in the coast from Tuticorin to Pamaban. Shell-lime stones are found near Arasur in Tiruchendur Taluk. Dolomite which finds use in the manufacture of respiratory products,

magnesia, etc. occur near Vallinayakapuram in Kovilpatti Taluk. Alluvial gypsum occurs in Kovilpatti taluk which is utilised mainly for cement manufacture.

CLIMATE AND RAINFALL

The climate is generally hot and dry. The maximum temperature ranges from 29.6 degree c to 41.3 degree c. The minimum temperature ranges from 18.5 degree c to 26.7 degree c. The months of April and May are the hottest months. The coastal areas due to proximity to the sea enjoy cool breeze. The lowest temperature is recorded in the months of December and January. From the beginning of February, the Temperature starts rising up and continues to rise in the months of March, April and May. Towards the middle of June, the South-West monsoon sets in. Winds travel West to East with light showers. By July-August winds with greater velocity and carrying sand start blowing and cause damage in the redsands soil tracts. With the onset of the North-East monsoon by October-November the temperature takes a downward trend and the region experiences a fair climate accompanied by showers. The details of the rainfall during 1989 are as follows:

Months	Rainfall (millimetre)
January	33.1
February	N.A
March	358.3
April	425.4
May	61.4
June	79.1
July	145.1
August	61.0
September	462.1
October	1271.0
November	1973.3
December	496.4
	<u>5366.2</u>

FOREST

The total extent of forest in the district is 11,001.92 hectares which works out to 2.47 percent of the total geographical area of the district. A Deer Sanctuary is maintained in the hills of Vallanad Except Vallanad and Kurmalai hills, there are no other hills or mountains.

LAND AND LAND USE

The district has fertile soil in scattered areas. In the north and north-west, black soil which is very much suited for raising cotton is found i.e. in parts of Kovilpatti, Vilattikulam and Srivaikuntam Taluks. In the coastal areas of Tiruchendur and Sattankulam, sandy soil is found. Lands utilised under various purposes are as follows.

Category	area in hectares	Percentage
Geographical area	4,59,054	100.00
Forest	11,002	2.4

Category	area in hectares	Percentage
Barren uncultivable land	19,944	4.3
Non-agricultural land	68,573	15.0
Cultivable waste land	20,154	4.4
Permanent pastures and other grazing lands	5,052	1.1
Miscellaneous trees	7,910	1.7
Current fallows	34,940	7.6
Other fallows	40,291	8.8
Net area sown	2,51,188	54.7

The net area sown is 54.7% which indicates the predominance of agriculture in the district. The area under cultivable waste is only 4.4% which can be reclaimed for cultivation.

IRRIGATION

There are no reservoirs in this district. However, Papanasam and Manimuthar dams which are located in the Tirunelveli-Kattabomman district under Tambraparani system are the main sources of irrigation. In the river Tambraparani there are 4 channels viz. Maruthur Melakkal, Maruthur Keelakkal from Manimuthar Anaicut, North main canal and south main canal from Srivaikuntam Anaicut. Water is released through Manimuthar canal whenever the water level in the dam exceeds 80 feet. There are 161 major irrigation tanks and 521 minor irrigation tanks. The total extent of wet lands is 27,016 hectares and extent of dry land is 3,38,168 hectares.

AGRICULTURE

Paddy is mainly cultivated in Srivaikuntam, Sattankulam and Tiruchendur taluks. Cumbu, Cholan, Kuthiraivel and pulses are raised in the dry tracts of Kovilpatti, Vilattikulam, Ottapidaram and Tuticorin taluks. Cotton is being cultivated mainly in Kovilpatti, Ottapidaram and Tuticorin taluks. Groundnut cultivation is mainly undertaken in Kovilpatti and Tiruchendur taluks. Groundnut cake of Kovilpatti is being used as manure and cattle feed.

Among the sugar producing trees. Palmyrah takes the first place. Palmyrah is grown mostly in Tiruchendur, Srivaikuntam, Sattankulam and Vilattikulam Taluks. Banana and Vegetables are raised in Srivaikuntam and Tiruchendur Taluks.

The main crops and the area covered during 1991-92 are as follows:

Crops	In Hectares
Paddy	32,113
Cumbu	19,595
Cholan	9,993
Cotton	52,492
Black gram	27,278
Green gram	11,858
Pulses	40,856
Millets	31,865
Chillies	9,234
Banana	7,049

Corriander 11,282

There is an Agricultural College at Killikulam in Srivaikuntam Taluk.

ANIMAL HUSBANDRY.

According to Livestock Census of 1989, the district livestock population was 816,910, contributing 3.11% of the state's livestock population. The poultry numbered, 489,447 which is 2.68% of the state's poultry population. The cattle population is high at Tiruchendur, Kovilpatti and Srivaikuntam taluks. Kovilpatti taluk ranks first in sheep population

Variety of Veterinary Institutions are available in the district during 1991:

1. Clinical centre	1
2. Veterinary Hospitals	2
3. Veterinary Dispensaries	22
4. Veterinary sub-centres	73

There are no livestock farms poultry centres and special projects in the district at present.

FISHERIES

Marine fishing, pearl and chunk fishing were famous in this district from time immemorial. Tuticorin is the main centre for deep sea fishing in the district which has a lengthy Coast-line of about 140 kms, Prawn is an export. Variety of fish which is largely available in this Coastal area, earning considerable amount of foreign exchange. These Varieties of Prawns are available in large quantities in the deep sea where the water is less salty. There are 4 Assistant Directors of Fisheries incharge of Pearl-chunk fishing, Fishermen Training Institute and for technological guidance. There is a fishseed-farm at Kadamba. Service Centre/Base workshop of this district is situated at Tuticorin. Fish is produced and supplied to the poor at cheaper rates. There is also a Fish curing Centre at Punnakayal. There are 374 mechanised boats, 1,415 vallams and 930 Kattamarans in the district. About 9,000 Fishermen were directly engaged in fishing in these vessels. The Tamil Nadu Fish Development Corporation has proposed to set up an Aquaculture at Tharuvaikulam. The Tamil Nadu Government has also proposed to set up a Prawn Culture Estate at Tuticorin. There is also a Fishermen College in this district at Tuticorin. The Estimated Marine Fish production of this district for the year 1990-91 was 43,835 tonnes. Guide lights in Marine fishing are installed in six villages. Fish being a perishable commodity, marketing of fish very much depends upon the availability of cold storage facility. A five ton ice-plant and 15 ton cold storage facility are available at Tuticorin. At the Tuticorin training centre, 1158 persons were trained upto 1991 and during 1992, 50 persons were trained. Under free Housing Scheme for fishermen, 2,248 houses were constructed during 1975-76 to 1991-92 covering 31 villages of both V.O Chidambaranar and Tirunelveli Kattabomman districts. In the Tuticorin region there are 40 fishermen co-operative societies catering to the needs of fishermen by way of obtaining loans from the Government and distributing the same to its members for purchase of fishing materials.

TRADE AND COMMERCE

Even before Independence people of this district were very much Interested in Trade and Commerce. The starting of a Swadeshi Steam Ship Company by the Late Shri V. O. Chidambaram Pillai would show their anxiety and enthusiasm in Maritime trade. Early Tamil History in the Sangam Age speaks that pearls and chunks available in coastal parts were sent abroad from Tuticorin. The Tamil Literature Thevaram, Seevaga Sinthamani and Periapuranam mentioned about the Pearls. Korkai was one of the ancient important pearl fishery centres. Chillies, groundnut, cotton and safty matches from the district are transported to other parts of the state for marketing. The eastern coastal belt around Tuticorin provides a good market for the export of salt and fish. The Export of prawn/fish is earning good foreign exchange. Tuticorin and Kovilpatti are the main business centres of the district. The palm jaggery, palm-leaf products and fish are also exported to foreign

countries. M/S Spic (Southern Petro-chemical Industries) is manufacturing fertilizers which are marketed all over the state and in other states as well.

There are about 161 Banks including 74 Nationalised Bank and 25 Co-operative Bank branches functioning in this district. There are also about 158 primary Agricultural co-operative Credit Societies.

TRANSPORT AND COMMUNICATION

This district has adequate communication facilities by road, rail, sea and air. Road transport is mainly operated by the State owned Kattabomman Transport corporation and other state Transport corporations such as Nesamani Transport corporation, Pandian Roadways Corporation and Thiruvalluvar Transport Corporation. According to the Regional Transport officer, 211 routes are operated by the State owned Transport Corporations and 107 routes are operated by private transport. The total length of the National Highways running through the district is 81 km. The entire district is linked by rail except Vilattikulam and Sattankulam. Recently, in the year 1985, Tuticorin was linked by a Broad Gauge railway line from Tirunelveli which is open for goods traffic only. The Tuticorin port is also one of the biggest ports in India mainly used for Cargo. The Tuticorin Air-Port at Vagaikulam was also opened for traffic on 30-4-92 by Vayudoot Service.

The district has 53 Telephone Exchange covering 10,640 Connections. There are also 71 public Booths operated by Private persons serving the needs of communication of the people. Postal and Telegraphic facilities available in the district are as follows:-

Post Office with Telegraph Facilities	44
Higher Selection Grade Post Offices	3
Lower Selection Grade Sub-Offices	11
Time-Scale Sub-Offices	64
Extra Departmental Sub-Offices	11
Extra Departmental Branch Offices-Stationery	206

STD call facilities are available from almost all the Urban areas to other parts of the country.

ELECTRICITY

The Tuticorin Thermal Power Station is the biggest power station in Tamil Nadu Electricity Board with 3 units of 2 tonne M.W. each generating 50 million units of energy daily. The first unit was commenced in July 1979, and the 2nd in December, 1980 and the 3rd in March, 1982. This power station is meeting about 1/3rd of the power demand of Tamil Nadu. All the Villages and Harijan Colonies have been electrified. There are about 22,000 Connections for agricultural purposes. About 12,000 huts have been energised.

EDUCATION

In this district, percentage of effective literacy (excluding children in the age group 0-6) is 73.02; among males 82.02 and females 64.57. The number of educational institutions available in this district are as follows:

Primary Schools	1,067
Middle Schools	292
High Schools	61
Higher Secondary Schools	77
Training Schools	3

There are also 11 Colleges in this district. There is also a private Engineering College at Nallatinputhur. There are 3 Polytechnics one each at Nallatinputhur, Tuticorin and Tiruchendur. An Agricultural College and Fisheries College are also functioning in this district. There is an Industrial Training Institute at Tuticorin. A Polytechnic exclusively for women is also functioning at Ettaiyapuram.

Both the Government of India and the Government of Tamil Nadu are providing financial assistance to Scheduled Caste and Backward Class students at pre-matric and post-matric stages by sanctioning scholarships and loan Scholarships.

INDUSTRIES

The district constitutes 70% of the total salt production of the State and meet 30% of salt requirement of our country. There are two Industrial Estates one at Kovilpatti with 11 units and the other at Tuticorin with 20 units. The former is managed by SIDCO and the latter by SIPCOT. Small scale industries such as match industries, food-based and metal-based industries are generally concentrated in Kovilpatti and Tuticorin Taluks. There are 2,202 small scale Industries registered in the district. There are about 12 major Industries in the district. They are engaged in the production of cotton and staple yarn, caustic soda PVC Resin, Fertilizers, Soda Ash, Carbondioxide Gas in liquid form etc. The important major industries are Southern Petrochemicals Industries Corporation Ltd., Tuticorin Alkaline Chemicals, Dharangadhara Chemical works, Loyal Textiles Ltd., Madura Coats Ltd. and Lakshmi Mills. The Public Sector undertakings are the Thermal power unit, Heavy Water Plant and Port Trust. The small Scale service institute has set up a branch office at Tuticorin which is catering to the needs of small scale Industries in Ramanthapuram, Tirunelveli-Kattabomman and Kanniyakumari district. Two Research Centres, viz. Research Centre for Marine Salt and Salt and marine Chemical Research Centre have been established at Tuticorin by the Central and state Government respectively. Vilattikulam Taluk is declared as industrially backward taluk for state investment subsidy of 15% on fixed assets. The district has Coastal line of 140 Kms and territorial water covering thousands of hectares. Fishing is an important occupation in the district, engaging not less than 60,000 working fishermen. Among the 17 fishing centres in the district, Tuticorin is the major fishing centre. The district also contributed to pearl Fishing and chunk Fishing. About 35,00 tonnes of marine fish are being produced in the district. A fisheries College is established at Tuticorin under the auspices of Tamil Nadu Agricultural University.

The Government is also encouraging unemployed youth and others to start industries giving financial assistance and technical guidance. State Bank of India is the "Lead-Bank" and is acting as the District co-ordinator between the banks and the Government Agencies for the preparations of credit plan for the district, monitoring the smooth implementation of all Government sponsored Programmes like JVV, IRDP, MAPP, Self-employment Scheme, THADCO, etc. The Annual Credit plan for 90-91 has (Rs. 69.36 Crores) to be financed by Commercial Banks.

PUBLIC HEALTH

The district headquarters hospital is put up at Tuticorin. There are also Government hospitals with bed facilities at all the Taluk Centres and also at Kalankarai and Ettaiyapuram. There are also 47 Primary Health Centres located in various parts of the district.

TEMPLES AND PLACES OF TOURIST AND HISTORIC IMPORTANCE

The following are the important places of tourism and historic importance.

TUTICORIN

This is the District Headquarters. Major industries Such as SPIC, Chemical Industries, Heavy Water Plant and Thermal plant are located here. It is also called "Pearl City" in view of the pearl fishing being conducted periodically. The city is also famous for the production of Salt.

TIRUCHENDUR

This is one of the six sacred abodes of (ARUPADAI VEEDU) Lord Muruga situated on sea-shore. The

temple was constructed in the 17th Century. The height of the temple gopuram (gopuram-tower) is 157 ft. The temple is noted for its architectural and sculptural beauty. The important temple festival like "Soora Sam-haram" and "Vishakam" etc, attract lakhs of pilgrims from various parts of the state.

MANAPAD

This is also located on the sea-shore at the Bay of Bengal about 18 km from Tiruchendur. An ancient Roman Catholic Church is here where the Cross is said to have been brought from Jerusalem. This Church is also associated with St. Xavier, the famous missionary from West. Since there are other small temples here this place is called as "Chinna Jerusalem" (Small Jerusalem)

KALUGUMALAI

This place is famous for the Jain cave temple and Jain architecture. There is also Murugan Temple called 'Kalugasalamoorthy Koil' which belongs to the 18th Century.

OTTAPPIDARAM

This is the birth place of the famous freedom fighter Thiru V. O. Chidambaram Pillai

ETTAIYAPURAM

This is the birth place of Mahakavi Subramaniya Bharathiyar who wrote a number of patriotic songs which kindled Patriotism in the minds of many and in turn influenced them to join the freedom struggle. His house was made as "Bharathiyar Memorial" by the Government of Tamil Nadu. The Palace of the Ettayapuram Poligar is also here. A Polytechnic exclusively for women was also started here by the Government of Tamil Nadu during Bharathiyar's Birth Centenary.

PANCHALANKURICHI

This is the captial of the poligar Veera Pandiya Kattabomman who raised the banner of revolt aganist the British. There is a temple for Veera Jakkamal which is the family deity of Veera Pandiya Kattabomman. The temple Festival in the month of May is celebrated as a Government festival. In 1974, a fort was constructed in memory of Veera Pandiya Kattabomman.

NAVA THIRUPATHI

There are nine Vasihanvite temples in and around Srivaikuntam Town Situated within a radius of about 30 km. Nine temples Called as "NAVA Thirupathi" are as follows:

1. Srivaikuntam
2. Varagunamangai
3. Thirupuliangudi
4. Perungulam
5. Mangalakurichi
6. Erratai Thirupathi
7. Thenthiruperi
8. Thirukkalur
9. Alwarthirunagari

These Places are also important from architectural point of view.

KORKAI

This is an ancient port town which is mentioned in the ancient Tamil Literature. This was once the cap-

tial of Pandiya Kingdom. Pearls were exported to Greek and other countries in the Sangam Age, from this port. Now it is a small village. The sea has receded to the village Punnaikkayal which became the port in later period.

KRISHNAPURAM

A vaishnava Temple at Krishnapuram is famous for its architectural and sculptural beauty.

According to Hindu Religious and Chartiabale Endowments Department, 35 temples earn Rs, 10,000 per month and 1,008 temples earn less than Rs, 10,000 in the district.

VANCHI MANIYACHI

The original name of the place is Maniyachi which has been renamed as "Vanchi Maniyachi" in memory of the brave man Vanchi who shot dead the then Collector of Tirunelveli here.

ENTERTAINMENTS

Tuticorin is having an All India Radio and T. V. Realy Station. There are 30 permanent Cinema theatres and 23 touring theatres and 5 semi-permanent theatres providing entertainment to the people of the district.

BRIEF ANALYSIS OF THE VILLAGE AND TOWN DIRECTORY AND P.C.A DATA BASED ON INSET TABLE

A brief analysis relating to Certain population characteristics is made utilising the information collected in the village and town directory and P.C.A A number of tables have been designed for this purpose. The tables are generated at the district and C.D Block level for the rural areas and in regard to urban areas town-wise particulars are presented.

Table 1-A
POPULATION AND NUMBER OF VILLAGES, 1991

Sl.No	Name of C.D.Block	Population			No. of villages	
		Persons	Males	Females	Total	Inhabited
1	2	3	4	5	6	7
1	Kovilpatti	93,371	46,013	47,358	45	45
2	Kayattar	84,042	40,911	43,131	54	54
3	Vilattikulam	77,617	38,088	39,529	59	58
4	Pudur	73,256	35,653	37,603	55	54
5	Ottappidaram	108,458	53,446	55,012	62	61
6	Tuticorin	47,514	23,210	24,304	23	23
7	Srivaikuntum	73,316	35,445	37,871	31	31
8	Karunkulam	77,546	37,395	40,151	33	32
9	Tiruchendur	30,733	14,235	16,498	9	9
10	Udangudi	35,931	16,908	19,023	14	13
11	Alwarthirunagari	90,845	42,967	47,878	31	31
12	Sattankulam	63,600	28,533	35,067	18	17
District		856,229	412,804	443,425	434	428

Table 1-A furnishes details of population by sex for each of the C. D. Blocks of Chidambaranar District. It is seen that Ottappidaram is a thickly populated C. D. Block in the district where as Tiruchendur is a thinly populated C.D. Block. Ottappidaram C. D. Block has the maximum number of villages viz., 62 while Tiruchendur has the lowest number of villages viz.. 9.

Table 1-B
POPULATION AND NUMBER OF TOWNS, 1991

Sl. No.	Name and civic administration status of town	Population		
		Persons	Males	Females
1	2	3	4	5
1	Alwarthirunagari (TP)	8,685	4,182	4,503
2	Arumuganeri (TP)	23,453	11,073	12,380
3	Attimarappatti (VP)	12,201	6,253	5,948
4	Ayanadaippu (VP)	2,099	1,076	1,023
5	Eral (TP)	9,376	4,604	4,772
6	Ettaiyapuram (TP)	12,167	5,975	6,192
7	Kalugumalai (TP)	13,122	6,523	6,599
8	Kayalpattinam (TP)	24,428	10,753	13,675
9	Kayattar (TP)	8,106	4,030	4,076
10	Korampallam (VP)	2,818	1,445	1,373
11	Kovilpatti (M)	78,834	39,229	39,605
12	Kulasekarappattinam (VP)	7,829	3,579	4,250
13	Mappilaiurani (VP)	13,327	6,623	6,704
14	Milavittan (VP)	10,679	5,389	5,290
15	Mudalur (VP)	5,853	2,683	3,170
16	Mullakkadu (VP)	2,271	1,128	1,143
17	Muttayyapuram (VP)	26,005	13,668	12,337
18	Nazareth (TP)	15,814	7,573	8,241
19	Palayakayal (VP)	4,925	2,461	2,464
20	Paramankurichi (VP)	9,877	4,563	5,314
21	Sattankulam (TP)	14,270	6,972	7,298
22	Sawyerpuram (TP)	12,518	5,961	6,557
23	Srivaikuntam (TP)	17,459	8,423	9,036
24	Tiruchendur (TP)	27,420	13,718	13,702
25	Tuticorin (M)	1,99,854	1,00,883	98,971
26	Tuticorin (VP)	5,912	2,996	2,916
27	Udangudi (TP)	19,915	9,877	10,038
28	Vilattikulam (TP)	10,474	5,316	5,158
All towns		5,99,691	2,96,956	3,02,735

Table 1(B) furnishes townwise and sexwise population and total, a number of towns in Chidambaranar District. Tuticorin (M) has the highest urban population in the district while Aanadaippu (VP) has the lowest urban population. More towns are found in Tuticorin (9) and Tiruchendur (8) taluks.

Table 2
NEW TOWNS/TOWNS DECLASSIFIED, MERGED IN 1991 CENSUS

Name of Town (1)	Population (2)
(a) Added	NIL
(b) Declassified	NIL
(c) Wholly merged with other	NIL

It can be seen from the table 2 given above neither a new town has come up nor an old town declassified or any merge of towns has taken place in this district during the 1981-91.

TABLE 3
DECADAL CHANGE IN DISTRIBUTION OF POPULATION

DECADAL CHANGE IN DISTRIBUTION OF POPULATION												
		Population						Percentage of decadal (1981-91) Variation			Percentage of urban population	
		1981			1991			Total	Rural	Urban	1981	1991
Sl. No.	Total	Rural	Urban	Total	Rural	Urban						
1	2	3	4	5	6	7	8	9	10	11	12	13
1	Kovilpatti	2,47,652	1,52,969	94,083	2,88,473	1,76,244	1,12,229	+16.77	+15.22	+19.29	38.08	38.90
2	Vilattikulam	1,55,125	1,46,542	8,583	1,61,347	1,50,873	10,474	+4.01	+2.96	+22.03	5.53	6.49
3	Ottappidaram	1,09,959	1,09,959	—	1,09,627	1,09,627	—	-0.30	-0.30	—	—	—
4	Tuticorin	2,89,680	43,667	2,46,013	3,22,680	47,514	2,75,166	+11.39	+8.81	+11.85	84.93	85.28
5	Srivaikuntam	1,83,864	1,42,560	41,304	1,95,140	1,50,862	44,278	+6.13	+5.82	+7.20	22.46	22.69
6	Tiruchendur	2,64,194	1,38,456	1,25,738	2,77,242	1,39,821	1,37,421	+4.94	+0.99	+9.29	47.59	49.57
7	Sattankulam	1,00,707	81,600	19,107	1,01,411	81,288	20,123	+0.70	-0.30	+5.32	18.97	19.84
District		13,50,581	8,15,753	5,34,828	14,55,920	8,56,229	5,99,691	+7.80	+4.90	+12.13	39.60	41.19

Table-3 indicates the decadal change in distribution of population for the different taluks in Chidambaranar District. The increase in population during 1991 over that of 1981 is only 7.80% compared to that of state's average of 15.39%. Kovilpatti taluk as recorded the highest percentage of decadal variation with 16.77% increase followed by Tuticorin taluk with 11.39% while the lowest percentage of increase in population has been recorded in Sattankulam taluk. Population of Ottappidaram taluk has decreased by 0.03% during 1981-91.

Urban population in the differnt taluks have shown marginal increases during 1991 over that of 1981. Tuticorin taluk has recorded the highest percentage of urban population (85.28%) to total population of the taluk.

TABLE 4
PERCENTAGE DISTRIBUTION OF VILLAGES BY POPULATION RANGES, 1991

Sl. No.	Name of C.D. Block	No. and percentage of inhabited villages	No. and percentage in each range (Figures in parenthesis indicate percentage of villages in each range)					
			Less than 200	200 to 499	500 to 1999	2000 to 4999	5000 to 9999	10,000 and above
			4	5	6	7	8	9
1 Kovilpatti		45 (100.00)	—	3(6.67)	24(53.33)	15(33.33)	3(6.67)	—
2 Kayattar		54 (100.00)	—	7(12.96)	34(62.96)	13(24.08)	—	—
3 Vilattikulam		58 (100.00)	—	9(15.52)	40(68.97)	8(13.79)	1(1.72)	—
4 Pudur		54(100.00)	2(3.70)	10(18.52)	31(57.41)	10(18.52)	1(1.85)	—
5 Ottappidaram		61(100.00)	—	2(3.28)	41(67.21)	16(26.23)	2(3.28)	—
6 Tuticorin		23(100.00)	2(8.70)	3(13.04)	7(34.78)	7(30.44)	3(13.04)	—
7 Srivaikuntam		31(100.00)	1(3.23)	2(6.45)	14(45.16)	12(38.71)	2(6.45)	—
8 Karunkulam		32(100.00)	—	2(6.25)	14(43.75)	12(37.50)	4(12.50)	—
9 Tiruchendur		9(100.00)	—	—	4(44.45)	2(22.22)	3(33.33)	—
10 Udangudi		12(100.00)	—	—	7(53.84)	3(23.08)	3(23.08)	—
11 Alwarthirunagari		31(100.00)	—	1(3.23)	12(38.71)	13(41.93)	5(16.13)	—
12 Sattankulam		17(100.00)	—	—	5(29.41)	7(41.18)	5(29.41)	—
District		428(100.00)	5(1.17)	39(9.11)	234 (54.67)	118(27.57)	32(7.48)	—

Table 4 provides distribution of villages by population ranges C.D. Block-wises in the district. It is seen that the maximum number of inhabited villages viz., 234 are in the population range of 500-1999 i.e., 54.67%. There are 51.17% villages in the population range of less than 200 and 32.48% villages in the range of 5,000-9,999.

TABLE 5
DISTRIBUTION OF VILLAGES BY DENSITY

Range of Density (per Sq.Km)	Total number of villages in each density range	Percentage of villages in each density range
1	2	3
0-10	—	—
11-20	2	0.47
21-50	13	3.04
51-100	71	16.59
101-200	161	37.61
201-300	77	17.99
301-500	52	12.15
501+	52	12.15
Not Known	—	—
Total	428	100.00

Table 5 gives the distribution of villages by density. Maximum number of villages are in the density range of 101-200 per sq. km. i.e., 37.61%. Villages with the density ranges of 301-500 and 501+ constitute 12.15% in each range.

TABLE 6-A
SEX RATIO FOR RURAL POPULATION OF C.D. BLOCKS, 1991

Sl. No.	Name of C.D. Block	Number of Females per 1,000 Males
(1)	(2)	(3)
1.	Kovilpatti	1,029
2.	Kayattar	1,054
3.	Vilattikulam	1,038
4.	Pudur	1,055
5.	Ottappidaram	1,029
6.	Tuticorin	1,047
7.	Srivaikuntam	1,068
8.	Karunkulam	1,074
9.	Tiruchendur	1,159
10.	Udangudi	1,125
11.	Alwarthirunagari	1,114
12.	Sattankulam	1,229
District		1,074

Table 6-A provides useful data on the sex ratio for rural population by C.D. Blocks in Chidambaram District. It is seen that Sattankulam C.D. Blocks has the highest number of (1,229) females per 1,000 males while Kovilpatti and Ottappidaram C.D. Blocks have the lowest sex ratio i.e., 1,029 females per 1,000 males in this district respectively. Further, it can be seen that the sex ratio of females are higher in respect of all the C.D. Blocks in the district. This reflects the migratory character of male members from this district in search of employment to other parts of the country and world wide.

TABLE 6-B
SEX RATIO FOR TOWNS, 1991

Sl. No.	Name and Civic Administration Status of Towns	Number of Females per 1,000 Males
(1)	(2)	(3)
1.	Alwarthirunagari (TP)	1,077
2.	Arumuganeri (TP)	1,118
3.	Attimarappatti (VP)	951
4.	Ayanadaippu (VP)	951
5.	Eral (TP)	1,036
6.	Ettayapuram (TP)	1,036
7.	Kalugumalai (TP)	1,012
8.	Kayalpattinam (TP)	1,272

TABLE 6-B
SEX RATIO FOR TOWNS, 1991 (contd.)

Sl. No.	Name and Civic Administration Status of Towns	Number of Females per 1,000 Males
(1)	(2)	(3)
9.	Kayattar (TP)	1,011
10.	Korampallam (VP)	950
11.	Kovilpatti (M)	1,010
12.	Kulasekarappattinam (VP)	1,187
13.	Mappilaiurani (VP)	1,012
14.	Milavittan (VP)	982
15.	Mudalur (VP)	1,182
16.	Mullakkadu (VP)	1,013
17.	Muttayyapuram (VP)	903
18.	Nazareth (TP)	1,088
19.	Palayakayal (VP)	1,001
20.	Paramankurichi (VP)	1,165
21.	Sattankulam (TP)	1,047
22.	Sawyerpuram (TP)	1,100
23.	Srivaikuntam (TP)	1,073
24.	Tiruchendur (TP)	999
25.	Tuticorin (M)	981
26.	Tuticorin (VP)	973
27.	Udangudi (TP)	1,016
28.	Uttikulam (TP)	970
All Towns		1,019

Table 6 B shows the number of females per 1,000 males for each town in the district. It is seen that Kayalpattinam (TP) has the highest number of (1,272) females per 1,000 males followed by Kulasekarappattinam (1,187) Muttayyapuram (VP) has the lowest sex ratio of 903 females per 1,000 males.

TABLE 7
PROPORTION OF SCHEDULED CASTE POPULATION TO TOTAL POPULATION IN THE VILLAGES

Percentage of Scheduled caste Population to total population	No. of villages in each range	Percentage of villages in each range
(1)	(2)	(3)
NIL	17	3.96
5 or less	60	14.02
6 to 10	53	12.38
11 to 15	40	9.35
16 to 20	40	9.35
21 to 30	79	18.47
31+	139	32.47
Total	428	100.00

Table 7 gives the proportion of Scheduled Caste population to total population in the villages by ranges. A total of 139 villages out of 428, have registered higher percentage of Scheduled Caste in the range of 31+. They form 32.47% of the total villages in the District. Villages having a percentage range of 21 to 30% of Scheduled Caste constitute the next big chunk viz., 18.47%.

TABLE 8
PROPORTION OF SCHEDULED TRIBE POPULATION TO TOTAL POPULATION IN THE VILLAGES

Percentage of Scheduled Tribe Population to total population	No. of villages in each range	Percentage of villages in each range
(1)	(2)	(3)
Nil	385	89.95
5 to less	41	9.58
6 to 15	2	0.47
16 to 25	—	—
26 to 35	—	—
36 to 50	—	—
51+	—	—
Total	428	100.00

It can be seen from table 8 that the Scheduled Tribe population is very insignificant. There are only 2 villages having Scheduled Tribe population between 6-15 range while in 41 villages their population is in the range of below 5 and majority (385) of villages have no Scheduled Tribe population.

TABLE 9

PERCENTAGE OF SCHEDULED CASTE/SCHEDULED TRIBE POPULATION IN TOWNS, 1991

Sl. No.	Name of town	Total population	Total SC population	Total ST population	Percentage of SC population to total population	Percentage of ST population to total population
1	2	3	4	5	6	7
1.	Alwarthirunagari	8,685	1,335	68	15.37	0.78

20.	Paramankurichi	9,877	2,084	18	21.10	0.18
21.	Sattankulam	14,270	1,269	6	8.89	0.04
22.	Sawyerpuram	12,518	1,639	—	13.09	—
23.	Srivaikuntam	17,459	1,918	193	10.99	1.11
24.	Tiruchendur	27,420	2,738	17	9.99	0.06
25.	Tuticorin	1,99,854	13,316	436	6.66	0.22
26.	Tuticorin	5,912	891	—	15.07	—
27.	Udangudi	19,915	976	2	4.90	0.01
28.	Vilattikulam	10,474	1,703	26	16.26	0.25
All Towns		5,99,691	58,814	1,841	9.81	0.31

This table gives the percentage of Scheduled Caste and Scheduled Tribe population for each town in the district. Ayanadaippu (VP) has recorded the highest percentage of 48.45 Scheduled Caste population while Eral (TP) recorded the highest percentage of 1.71 of ST population. The lowest percentage of SC/ST population is recorded in Eral (TP) and Udangudi (TP) respectively. Scheduled Caste population has been recorded in all the towns of the district whereas no Scheduled Tribe population has been reported in Kayattar (TP), Kulasekarappattinam (VP), Mudalur (VP), Sawyerpuram (VP), Kayalpattinam (TP), Ayanadaippu (VP), Korampallam (VP), Milavittan (VP), Mullakkadu (VP), Palayakayal (VP) and Tuticorin (VP) respectively during 1991 census.

TABLE 10-A

LITERACY RATES FOR RURAL POPULATION OF C.D. BLOCKS BY SEX, 1991
(Excluding children in the age group 0 - 6)

Sl. No.	Name of C.D. Blocks	Percentage of Literates		
		Persons	Males	Females
1	2	3	4	5
1.	Kovilpatti	64.69	78.22	51.65
2.	Kayattar	54.41	68.87	40.92
3.	Vilattikulam	63.39	75.44	52.00
4.	Pudur	63.04	77.39	49.63
5.	Ottappidaram	63.55	76.08	51.50
6.	Tuticorin	74.56	84.81	64.88
7.	Srivaikuntam	71.49	80.69	63.09
8.	Karunkulam	61.14	73.80	49.48
9.	Tiruchendur	76.81	83.12	71.52
10.	Udangudi	80.75	83.87	78.05
11.	Alwarthirunagari	75.26	81.50	69.79
12.	Sattankulam	77.34	82.15	73.59
District		67.27	77.89	57.57

Table 10(A) shows the literacy rate for rural population of C.D. Blocks by sex in Chidambaranar district. The literacy rate of the rural population of this district is 67.27%. The highest literacy rate is found in Udangudi C.D. Block i.e., 80.75% while Kayattar C.D. Block indicates the lowest literacy rate of 54.41% in the district. Among males and females, the highest literacy rate is noticed in Tuticorin C.D. Block and Udangudi C.D. Block viz., 84.81% and 78.05% respectively. The lowest literacy rates among males and females are found in Kayattar C.D. Block viz., 68.87% and 40.92% respectively.

TABLE 10-B

LITERACY RATES FOR TOWNS, 1991 (EXCLUDING CHILDREN IN THE AGE GROUP OF 0-6)

Sl. No.	Name and Civic Administration Status of Town	Percentage of Literates		
		Persons	Males	Females

22.	Sawyerpuram (TP)	85.21	89.15	81.69
23.	Srivaikuntam (TP)	82.99	90.72	75.83
24.	Tiruchendur (TP)	79.12	84.36	73.89
25.	Tuticorin (M)	86.20	91.15	81.16
26.	Tuticorin (VP)	62.41	68.55	56.14
27.	Udangudi (TP)	82.83	87.93	77.90
28.	Vilattikulam (TP)	67.97	79.28	60.43
ALL TOWNS		81.14	87.67	74.77

Table 10(B) shows the literacy rates for the urban population by sex in Chidambaranar district. The literacy rate of the urban population of the district is 81.14%. The highest rate is found in Nazareth (TP) with 89.15% and the lowest rate is found in Tuticorin (VP) with 62.41%. The highest literacy rate among males and females are found in Nazareth (TP) with 91.82% and 86.74% respectively whereas the lowest literacy rates among males and females are noted in Tuticorin (VP) with 68.55% and Kalugumalai (TP) with 53.35% respectively.

Table 11-A

PERCENTAGE OF MAIN WORKERS, MARGINAL WORKERS AND NON-WORKERS FOR RURAL POPULATION OF C.D. BLOCKS, 1991

Sl. No.	Name of C.D. Block	Percentage of											
		Main workers to total population			Marginal workers to total population			Total workers to total population			Non-workers to total population

Table 11(A) gives us the percentage of Main workers, Marginal workers and Non-workers for the rural population in Chidambaranar District, C.D. Block wise. The percentage of main workers, marginal workers and non-workers in the district are 44.91, 2.67 and 52.42 respectively. It is seen that Main workers are found in high proportion (55.14%) in Kayattar C.D. Block and low in Udangudi C.D. Block, i.e., 28.48%. Percentage of marginal workers are found high in Sattankulam C.D. Block, i.e., 6.00% whereas low in Karunkulam C.D. Block with 1.48%. Non-workers are found in higher percentage in Udangudi C.D. Block (65.98%) and low in Kayattar C.D. Block viz., 43.29%.

Table 11(B) furnishes information about work force by sex for all the urban areas of the district. The percentages of main workers, marginal workers and non-workers for the district are 32.07, 0.98 and 66.95 respectively. The highest percentage of main workers is reported in Ettaiyapuram (TP) with 50.73%. The lowest percentage of main workers is reported in Kayalpattinam (TP) with 20.75%. Ayanadaippu (VP) has recorded the highest percentage of marginal workers with 16.53% whereas Palayakayal (VP) has been reported with 0.10% which is the lowest among all the urban areas of the district. Likewise, the highest and lowest percentages among non-workers are reported in Kayalpattinam (TP) and Ettaiyapuram (TP) with 78.95% and 47.56% respectively. In general, females outnumbered their counterpart in respect of marginal workers except being Kayalpattinam (TP) and Sawyerpuram (TP) where male marginal workers are reported higher than females.

Table 12

DISTRIBUTION OF VILLAGES ACCORDING TO THE AVAILABILITY OF DIFFERENT AMENITIES

Sl. No.	Name of C.D. Block	Number of inhabited villages	Number (with percentage) of villages having one or more of the following amenities	Educational	Medical	Drinking water	Post and Telegraph	Market/hat	Communication	Approach by pucca road	Power supply

District		428	413 (96.50)	179 (41.82)	428 (100.00)	263 (61.45)	12 (2.80)	297 (69.39)	281 (65.65)	428 (100.00)	

Table 12 furnishes the community development blockwise distribution of inhabited villages in the district according to the availability of different amenities. Among the total 428 inhabited villages in the district, the amenities of drinking water and power supply are available in all the villages. The amenity of education is available to 413 villages, which works out to 96.50% communication and post and telegraph facilities are available to 297 and 263 villages accounting for 69.39% and 61.45% respectively. Approach by pucca road is available to 65.65% villages (281). Medical amenity is available to only 179 villages out of 428, which works out to 41.82% Market/Hat facility in the district is not satisfactory and it has recorded only 2.80% viz., 12 inhabited villages only are having the amenity of Market/Hat.

Table 13

DISTRIBUTION OF RURAL POPULATION SERVED BY DIFFERENT AMENITIES

District		856,229	845,121 (98.70)	492,245 (57.49)	856,229 (100.00)	689,669 (80.55)	50,580 (5.91)	788,293 (92.07)	662,161 (77.33)	856,229 (100.00)	

Table 13 indicates the proportion of rural population of inhabited villages served by different amenities. The total population of the inhabited villages in the district is 856,229 and all of them avail the amenities of drinking water and power supply. The amenities of education, communication and post and telegraph are availed by 98.70%, 92.07% and 80.55% respectively of the rural population of the district. Approach by pucca road is available to 77.33% of the rural population. Only 57.49% of the total rural population of the district are served with the important medical amenity. The lowest percentage recorded in the district is on market/hat amenity which works out to only 5.91%.

Table 14
DISTRIBUTION OF VILLAGES NOT HAVING CERTAIN AMENITIES ARRANGED BY
DISTANCE RANGES FROM THE PLACES WHERE THESE ARE AVAILABLE

Villages not having the amenity of	Number of villages where the amenity is not available and available at distance of			Total (colmn.2-4)
	-5 Kms	5-10 Kms	10+ Kms	
1	2	3	4	5
1. Education	15	—	—	15
2. Medical	181	53	15	249
3. Post & Telegraph	154	11	—	165
4. Market/Hat	144	182	90	416
5. Communication	88	18	25	131

Table 14 shows the distribution of villages not having certain amenities arranged by distance ranges from the places where such facilities are available. Out of 15 villages which do not have the amenity of education within their villages itself avail the same at -5 kms. Similarly the medical amenity is available by 181 villages at a distance of -5 kms, 53 villages at 5-10 kms, and 15 at 10+ kms. The amenity of Post and Telegraph which is not available in the respective villages itself is 165. Out of 165 villages, 154 villages avail the amenity at -5 kms and 11 villages at 5-10 kms. respectively, 416 villages which are not having the amenity of Market/Hat in the district in their respective villages itself do avail the same for 144 villages at -5 kms, 182 villages at 5-10 kms. and 90 villages at 10+ kms. As regards the amenity of communication, 88 villages avail the amenity at -5 kms, 18 villages at 5-10 kms, and 25 villages avail at 10+ kms from their respective villages.

Table 15

Table 15 furnishes the distribution of inhabited villages according to the distance from the nearest town and availability of different amenities. Among the total 428 inhabited villages in the district, 91 villages located in the distance range of 0-5 kms from the nearest town have the amenities of drinking water and power supply 100.00%, education 93.41%, pucca road by 83.52%, post & telegraph by 59.34%, communication 85.71%, medical by 48.35% and market/hat by 5.49%. Similarly all the 189 villages which are located in the distance range of 6-15 kms from the nearest town have the amenities of drinking water and power supply by 100%, education by 95.24%, pucca road by 71.96%, post and telegraph by 62.43%, medical by 42.86%, communication by 53.44% and market/hat by 2.12% of the villages. The inhabited villages which are located in the distance range of 16-50 kms from the nearest town in the district avail the amenities of drinking water, power supply and education by 100%. The other amenities, such as, post and telegraph by 61.49%, pucca road by 46.42%, medical by 36.49%, communication by 79.73% and market/hat by 2.03% of the total inhabited villages in this range.

Table 16

DISTRIBUTION OF VILLAGES ACCORDING TO POPULATION RANGE AND AMENITIES AVAILABLE

Popula- tion range	Number of inhabited vil- lages in each range	Number (with percentage) of villages having the amenity of							
		Educa- tion	Medical	Drinkin g water	Post & Tele- graph	Mar- ket/Hat	Commu- nication	Ap- proach by pucca road	Power supply

Total	428	413 (96.50)	179 (41.82)	428 (100.00)	263 (61.45)	12 (2.80)	297 (69.39)	281 (65.65)	428 (100.00)

The above table shows the distribution of inhabited villages according to different population size ranges and amenities available. Among the four categories of population ranges, 44 inhabited villages come under the population range of below 499 and to these villages, drinking water and power supply are available to all the villages. One third of these villages(33) in this range avail the amenity of education, communication by 19 villages, pucca road by 16 villages, post and telegraph by 4 villages and only 2 villages have medical amenity. Non of the 44 villages has the amenity of market/hat under this population range. In the population range of 500-1999, there are 234 inhabited villages and all the villages have the amenities of power supply and drinking water for all (Cent percent) villages. Among the other amenities availed by the villages are education by 231 villages, communication by 159 villages, pucca road by 146 villages, post and telegraph by 122 villages, medical by 71 villages. Out of 234 inhabited villages in this population range, only two villages have market/hat facility. There are 118 inhabited villages in the population range 2000-4999 and all these villages are provided with the amenity of drinking water, power supply. Out of 118 villages, 117 have the amenity of education. The other amenities of post and telegraph, pucca road, communication and medical are availed by 107, 91, 90 and 78 villages respectively. Market/hat facility is enjoyed by only 8 out of 118 villages.

In the population range of 5000+, there are 32 villages and all the Villages have the amenities of drinking water, power supply and education, 30 villages avail the facility of post and telegraph, communication by 29 villages, pucca road by 28 villages, medical by 28 villages whereas market/hat facility is available to only 2 villages in this population range.

Table 17

DISTRIBUTION OF VILLAGES ACCORDING TO LAND USE

Sl. No.	Name of C.D. Block	Number of inhabited villages	Total area	Percentage of culti- vable area to total area	Percentage of irrigated area to to- tal cultivable area
1	2	3	4	5	6
1.	Kovilpatti	45	39,034.25	58.84	9.91
2.	Kayattar	54	53,003.65	45.07	17.71
3.	Vilattikulam	58	61,450.28	73.18	2.36
4.	Pudur	54	48,804.32	76.17	4.60
5.	Ottappidaram	61	72,907.08	79.26	8.81
6.	Tuticorin	23	22,706.22	52.86	17.66
7.	Srivaikuntam	31	20,744.76	42.33	72.23
8.	Karunkulam	32	33,027.02	35.15	33.94
9.	Tiruchendur	9	5,621.67	51.93	53.32
10.	Udangudi	13	10,213.86	50.73	40.53
11.	Alwarthirunagari	31	20,066.37	55.02	48.59
12.	Sattankulam	17	26,566.21	52.24	19.19
Total		428	414,145.69	60.90	15.25

Table 17 gives the distribution of inhabited villages according to land use. The total area of the 428 inhabited villages in the district is 414,145.69 hectares of which available area to total area work out to 60.90%. The percentage of irrigated area to the total cultivable area works out to 15.25%. Ottappidaram, Pudur and Vilattikulam C.D. Blocks possess the maximum cultivable area to the total area in the district viz., 79.26%, 76.17% and 73.18% respectively.

Karunkulam, Srivaikuntam and Kayattar C.D. Blocks have recorded the lowest percentage of 35.15%, 42.33% and 45.07%, cultivable area to the total area respectively in the district. Whereas the highest being 79.26 in Ottappidaram C.D. Block. Srivaikuntam and Tiruchendur C.D. Blocks have got the highest percentages of 72.23 and 53.32 irrigated area to the total cultivable area in the district while Vilattikulam, Pudur, Ottappidaram and Kovipatti C.D. Blocks have recorded the lowest percentages of 2.36%, 4.60%, 8.81%, and 9.91% respectively.

Only 3 C.D Blocks have percentage of cultivable area to total area over than that of the districts average of 60.90. Like wise 8 C.D Blocks exceeded the district's average of 15.25% irrigated area to the total cultivable area.

PART - A
II. Town Directory

Note explaining the codes used in the Town Directory Statement

Class of towns by population

<u>Population</u>	<u>Class</u>
1,00,000 and above	I
50,000 - 99,999	II
20,000 - 49,999	III
10,000 - 19,999	IV
5,000 - 9,999	V
Below 5,000	IV

Civic administration status of the town

M.Corp	—	Municipal Corporation/Corporation
M	—	Municipality
TP	—	Town Panchayat
VP	—	Village Panchayat
TC	—	Town Committee/Town Area
CB	—	Cantonment Board/Cantonment
SC	—	Scheduled Castes
ST	—	Scheduled Tribes

Type of Road

PR	—	Pacca Road
KR	—	Katcha Road

System of Sewerage

S	—	Sewer
OSD	—	Open Surface Drains
BSD	—	Box Surface Drains
SD	—	Silk Drains
CD	—	Cesspool method
PT	—	Pit System

Method of disposal of night soil

H	—	Head Loads
B	—	Baskets
WB	—	Wheel Barrows
ST	—	Septic tank latrines
S	—	Sewerage

System of storage of water

OHT	—	Overhead tank
SR	—	Service reservoir
IG	—	River infiltration gallery
BWP	—	Borewell pumping system
PT	—	Pressure tank

Source of drinking water

TW	—	Tube well water/Hand pump
T	—	Tap

W	—	Well
TK	—	Tank
<u>Medical facilities</u>		
H	—	Hospital
D	—	Dispensary
HC	—	Health Centre
FC	—	Family Planning Centre
TB	—	T.B.Clinic
NH	—	Nursing Home
O	—	Others
A	—	Ayurvedic
U	—	Unani
Hom	—	Homeopathic
<u>Educational facilities</u>		
A	—	Arts only
S	—	Science only
AS	—	Arts and Science only
C	—	Commerce only
AC	—	Arts and Commerce only
ASC	—	Combined for all categories Arts, Science and Commerce
L	—	Law
<u>Recognised shorthand, typewriting and other vocational Institutions</u>		
SH	—	Shorthand
Type	—	Typewriting
Sh.Type	—	Shorthand and Typewriting
O	—	Others
<u>Put Libraries and reading rooms</u>		
PL	—	Public Libraries
RR	—	Reading Rooms
