Shaikh, Textile Labour Association, Ahmedabad. | Rs. 14,000/- approximately.                                                                                                                         |   |
|                                 | (b) Technical Tripartite Conference of the ILO. to examine Draft Model Code of Safety Regulations for Factories held in Sept. Oct. 1948 as Geneva. |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                     |   |

872

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [21st FEB. 1949]

**Shri H. V. Kamath:** On how many such delegations or missions were members of this House associated?

**Mr. Speaker:** He can study from the statement, I believe.

**Pandit Mukut Bihari Lal Bhargava:** Does the list include the results achieved by these delegations?

**The Honourable Shri K. C. Neogy:** No, Sir. The honourable member did not ask for that information.

**Shri H. V. Kamath:** In view of the importance of the matter, may I request you to see that copies of the statement are supplied to the members of the House?

**Mr. Speaker:** I will take that into consideration.

**Shri Deshbandhu Gupta:** May I know what is the total expenditure incurred by Government?

**The Honourable Shri K. C. Neogy:** It is very difficult to give the exact total of the expenditure. I should like to explain the position. For instance, when a delegation is sent to a particular country, where there is an embassy of ours already functioning, some of the expenditure might be undertaken on account of the embassy. Some of the members of the delegation may belong to the embassy itself, and some officers may be sent from here. All the information indicating the expenditure directly incurred by the Government of India on account of officers, and others, who went straight from India, has been supplied as far as available. It is very difficult to get a picture of the total expenditure.

**Shri M. Ananthasayanam Ayyangar:** In the matter of selection of members, is the Standing Committee for Commerce taken into confidence?

**The Honourable Shri K. C. Neogy:** I do not think so, and I should like to tell the House that these delegations are in most cases in the nature of official delegations and the question of selection of officers to form the delegation in consultation with the Advisory Committee is somewhat inappropriate.

**Pandit Mukut Bihari Lal Bhargava:** Does the Government intend to publish a report of the achievements of these delegations?

**The Honourable Shri K. C. Neogy:** If the honourable member were to put questions specifically with regard to the delegations in which he is interested, I shall endeavour to do so.

**Pandit Mukut Bihari Lal Bhargava:** My question is: Does the Government contemplate to publish the achievements obtained by these various delegations from time to time?

**The Honourable Shri K. C. Neogy:** As a matter of fact, I have today to answer some questions as regards the results achieved by some of the delegations. It is open to the honourable member to put questions like that.

**Shri M. Ananthasayanam Ayyangar:** May I ask if at least the subject matter of those delegations discussed in the Commerce Ministry Standing Committee and briefs are supplied after taking the opinion of the members of the Standing Committees?

**The Honourable Shri K. C. Neogy:** I suppose the Government will be given some liberty of action in this matter, and I am afraid, I cannot give an assurance that in every such case the brief to be supplied to a delegation will have to be placed before the Advisory Committee and approved by it.

**Shrimati G. Durgabai:** May I know, Sir, whether it is still necessary to send goodwill missions and delegations of this kind to countries where our embassies are already functioning, and whether it would be possible to carry on the

negotiations through our embassies and thus effect some kind of economy in the expenditure.

**Mr. Speaker:** The honourable member is making clearly a suggestion.

**Shri M. Tirumala Rao:** With regard to sending delegations to international conferences, is it the policy of the Government to send as far as possible the officials of their own Department?

**The Honourable Shri K. C. Neogy:** That depends on the nature of the questions that come up for discussion, and Government certainly would like to have a discretion in this matter.

**Shri Mahavir Tyagi:** As far as the commercial delegations are concerned, may I know if they are initiated by the Ministry themselves or in pursuance of some request from the commercial community or initiated by the officers who go.

**The Honourable Shri K. C. Neogy:** I think in all these various ways.

**Shri Raj Bahadur:** Are there any prescribed rules or criteria by which the selection to these good will missions is made?

**The Honourable Shri K. C. Neogy:** Ability and suitability.

\*523. [POSTPONED TO BE ANSWERED ON 24TH FEBRUARY 1949.]

#### INDIA'S REQUIREMENTS OF COPRA

\*529. **Seth Govind Das:** (a) Will the Honourable Minister of Commerce be pleased to state what is the total requirement of Copra for India?

(b) Is it a fact that Ceylon refused to accept the rates which it has given to the United Kingdom and Pakistan for its Copra?

(c) Is it a fact that the Government of India are contemplating to reopen negotiations on this matter with the Government of Ceylon?

**The Honourable Shri K. C. Neogy:** (a) The total requirement of Copra for India is about 370,000 tons per year out of which approximately 200,000 tons are met from indigenous production and the rest from imports.

(b) Yes Sir.

(c) The matter is under consideration.

**Seth Govind Das:** Is any effort being made so that we may have all our requirements met from our country and not relying on imports?

**The Honourable Shri K. C. Neogy:** I understand that there is a special committee dealing with the coconut industry. I take it that that Committee is engaged in examining this question.

**Shri A. Karunakara Menon:** May I know what steps are being taken to increase the indigenous production of copra?

**The Honourable Shri K. C. Neogy:** I am afraid that is a question which will have to be put to my honourable friend the Minister for Agriculture.

**Shri L. Krishnaswami Bharathi:** May I know what are the countries from which copra is imported?

**The Honourable Shri K. C. Neogy:** Mostly from Ceylon, also from Seychelles and Malaya and to some extent from Fiji.

#### REPORT OF TRADE DELEGATION TO MIDDLE EAST

\*530. **Seth Govind Das:** (a) Will the Honourable Minister of Commerce be pleased to state whether any report has been submitted by the Indian Trade Delegation that went to the Middle Eastern Countries recently?

(b) What are the chances of improving India's trade with the Middle East?

(c) What are the Indian goods that are most in demand in the Middle East and what are the goods which India can get from those countries without difficulty?

**The Honourable Shri K. C. Neogy:** (a) The honourable member is presumably referring to the Trade Delegation which recently visited Afghanistan and Iran. If so, interim reports have already been submitted. More detailed reports are under preparation.

(b) India's trade with the Middle East has been largely affected by the shortage of exportable surpluses in India and, recently, in the case of Iran and Afghanistan, by difficulties with regard to transport following on Partition. Efforts are however being made to study these markets and to increase the quotas of such goods as textiles, tea, and jute goods which are largely consumed in these countries. It is hoped that in course of time transport difficulties via the land route between India and Iran and Afghanistan will also be removed, leading to the resumption and development of commercial relations with these countries.

(c) I lay on the table a statement giving the requisite information.

#### STATEMENT

*Indian goods which are most in demand in Afghanistan and Iran and the goods which India can import from these countries.*

#### INDIAN GOODS MOST IN DEMAND—

*Afghanistan.*—Cotton textiles, tea and sugar.

*Iran.*—Cotton textiles and tea.

#### GOODS WHICH INDIA CAN OBTAIN FROM AFGHANISTAN AND IRAN WITHOUT ANY DIFFICULTY—

*Afghanistan.*—Fruits (and some quantity of long-staple cotton in future).

*Iran.*—Dry fruits like almonds, pistachos and dates; gums of various kinds, medicinal herb, hides and skins; raw wool. Minerals like iron, copper, lead, manganese and red oxide. Manufactured goods like felt carpets, shawls and silks.

**Seth Govind Das:** The Honourable Minister said that an interim report has been received. By what time is the final report expected to be received and will it be laid on the table of the House?

**The Honourable Shri K. C. Neogy:** I shall consider this question when the report is received.

**Seth Govind Das:** By what time will they be received?

**The Honourable Shri K. C. Neogy:** I hope they will be received in the near future.

**Shri H. V. Kamath:** Is there any proposal before the Government to form a South Asian customs union with a view to stimulating trade and commerce in this region?

**The Honourable Shri K. C. Neogy:** I am afraid not.

#### TRADE BETWEEN INDIA AND EIRE

**\*531. Seth Govind Das:** (a) Will the Honourable Minister of Commerce be pleased to state what is the result of Mr. Krishna Menon's visit to Eire to consider the ways and means of developing Indo-Eire trade?

(b) Has Mr. Krishna Menon submitted any report of his observations on his tour to Eire?

(c) What are the prospects of developing trade with Eire?

**The Honourable Shri K. C. Neogy:** (a) The talks were exploratory in nature and Mr. Krishna Menon is still continuing negotiations with Eire.

(b) and (c). Government are awaiting his report on the subject.

**Shri H. V. Kamath:** When did Mr. Krishna Menon go to Eire?

**The Honourable Shri K. C. Neogy:** He went some time in December, 17th or so.

**Shri H. V. Kamath:** What are the commodities that could be exchanged between India and Eire to their mutual benefit?

**The Honourable Shri K. C. Neogy:** The exports from India to Eire are tea, gunny bags and gunny cloth, and so on. So far as imports are concerned, some articles of food like milk stuff.

**Shri H. V. Kamath:** Does the Honourable Minister propose to send a trade delegation there or invite a trade delegation from Eire?

**The Honourable Shri K. C. Neogy:** That will depend on the report of our High Commissioner.

**Shri B. Das:** Will my honourable friend lay on the table of the House Mr. Krishna Menon's report when it is received?

**The Honourable Shri K. C. Neogy:** Until I have seen the report, I am afraid, I am not in a position to give that promise.

**Shri B. Das:** What is the objection to laying it on the table of the House?

**Mr. Speaker:** That is hypothetical at this stage.

**Shri M. Ananthasayanam Ayyangar:** Was Eire one of the countries that participated in the Geneva talks and whether any international, multilateral trade agreements were entered into with Eire?

**The Honourable Shri K. C. Neogy:** How does that arise?

**Shri M. Ananthasayanam Ayyangar:** I want to know what is the need to enter into separate talks now if it is already a party?

**The Honourable Shri K. C. Neogy:** I am afraid my honourable friend is under a misapprehension as regards the scope of the Geneva talks. The Geneva talks related to matters of tariff. In the present instance we are concerned with the question of exchange of commodities. It has nothing to do with tariffs at all.

**Shri M. Ananthasayanam Ayyangar:** Was it a party to any tariff agreement with India?

**The Honourable Shri K. C. Neogy:** No, as far as I remember.

#### MR. SYDNEY COTTON'S FLIGHT OVER INDIAN TERRITORY

**\*532. Shri K. Hanumanthaiya:** Will the Honourable the Prime Minister be pleased to refer to the answer to starred question No. 22 asked on the 9th August, 1948 regarding Mr. Sydney Cotton's flight over Indian territory and state what further action the Government of India propose to take in this matter?

**Dr. B. V. Keskar** (Deputy Minister for External Affairs and Commonwealth Relations): Mr. Sydney Cotton is no longer in the Indian sub-continent. The question whether any further action against him is feasible is under consideration.

**Shri K. Hanumanthaiya:** Is the Government aware that a case is pending against Mr. Sydney Cotton in England at the instance of the British Government? May I know at what stage that case is pending?

**The Honourable Shri Jagjivan Ram:** (a) (i) Prior to its integration with the Orissa Province, Talcher State had its own enactment for the collection of coalmines labour welfare cess. The Ruler of the State was responsible for the administration of the State Welfare Fund. By the issue of a notification dated the 4th November 1948, the Central Government extended the operation of the Coalmines Labour Welfare Fund Act, 1917 to this State. Arrangements are in train for taking over the administration of the Coalmines Labour Welfare Fund in the State.

(ii) The Central Government is responsible for the administration of the Coalmines Labour Welfare Fund so far as the Ebb (1b) River and Rampur collieries in Orissa Province are concerned.

(b) Separate figures relating to cess collections for individual collieries are not being maintained. However, the estimated cess collections based on coal despatches from the Ebb (1b) River and Rampur collieries during 1945-46 to 1947-48 are given below:

|         |                |
|---------|----------------|
| 1945-46 | ... Rs. 23,268 |
| 1946-47 | ... Rs. 18,548 |
| 1947-48 | ... Rs. 19,865 |

Details of cess collections in respect of the collieries in Talcher are not yet available.

(c) The Government of Orissa have no control over the Coalmines Labour Welfare Fund constituted under a Central Government enactment. Till such time as the Central Government take over administration of the Fund in Talcher, the Government of Orissa will exercise control over the State Fund.

#### COMMONWEALTH PRIME MINISTERS' CONFERENCE TO BE HELD IN LONDON

\*1440. **Shri H. V. Kamath:** Will the Honourable the Prime Minister be pleased to state:

(a) whether his attention has been drawn to a P.T.I.-Reuter report, dated 9th March, 1949 from London to the effect that a Commonwealth Prime Ministers' Conference is likely to be held in London next month;

(b) if so, whether India has been invited to participate in the Conference; and

(c) what the objects of the proposed conference are?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): (a) to (c). The Prime Minister proposes to make a statement on this matter tomorrow afternoon.

**Shri H. V. Kamath:** May I ask, Sir, on the strength of the precedent established already in connection with a question about the International Monetary Fund or the World Bank, whether after the statement is made tomorrow, questions will be allowed on the Statement.....

**Mr. Speaker:** The question at present is hypothetical; but in cases of statements, no questions are allowed.

**Shri H. V. Kamath:** Then I will put the questions now.

**Mr. Speaker:** No. The Deputy Minister says that the Prime Minister is going to make a statement; that is the answer to his question. Let him await the statement, and then, of course, he may give fresh notice of fresh questions.

**Shri H. V. Kamath:** There is no time.

**Shri Mahavir Tyagi:** May not this question be postponed for some other date?

**Mr. Speaker:** Even if the question is postponed, there is no guarantee that it will come for oral answer.

**Shri H. V. Kamath:** I have seen the list of questions for the 31st March, there are only 19 questions or so that day, and if you will allow me, I would request you to have it postponed to the 31st.

**Mr. Speaker:** Well, the difficulty is that the honourable member has already put the question.

**Shri H. V. Kamath:** I was not aware that the reply would be that a statement is going to be made.

**Mr. Speaker:** I have not allowed any questions to be put on statements made.

**Shri H. V. Kamath:** There was the question of the International Bank some weeks ago.

**Mr. Speaker:** I will consider the position. At present, let the matter stand over.

**Shri H. V. Kamath:** Is it postponed to the 31st?

**Mr. Speaker:** No. The honourable member has put the question and the answer has been given. I will consider the whole matter in due course.

#### PROPERTY IN THE NAME OF SHRI SUBHAS CHANDRA BOSE OR PROVISIONAL GOVERNMENT OF FREE INDIA WHEN THE AZAD HIND FAUJ SURRENDERED

\*1441. **Shri H. V. Kamath:** Will the Honourable the Prime Minister be pleased to state:

(a) what property, together with its value, stood in the name of Netaji Subhas Chandra Bose or the Provisional Government of Free India in the Azad Hind Bank or elsewhere in East Asia when the Azad Hind Fauj surrendered; and

(b) how it has been disposed of since?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): (a) and (b). It has not been possible to ascertain the details of the property standing in the name of Netaji Subhas Chandra Bose at the time when the Azad Hind Fauj surrendered. Funds in banks and elsewhere were chiefly in Japanese currency which subsequently became valueless. There appears to have been a large quantity of gold, jewellery and other valuables. Much of this disappeared during the disturbed conditions which prevailed at the time. Some of it was recovered from officials and others connected with the I.N.A. and the India Independence League. Bank records have often been lost or destroyed. Movable property disappeared in the general scramble at the end of the war. A part of it was confiscated by the British Military authorities.

Three years ago, the present Prime Minister visited Malaya and enquired into this matter. He constituted a fund made up of purses received by him during his visit and of some gold which had previously been confiscated by the British Military authorities. At his suggestion the Supreme Commander in Malaya at that time, Lord Mountbatten, agreed to hand over this gold to the Trust created for giving relief to Indians in Malaya. This Trust still functions.

**Dr. B. V. Kesar:** We are not aware to what stage the case has reached. There is a case; that much we know.

**Shri K. Hanumanthaiya:** Has the Government of India received any reply to their representation in this matter from the U. K. Government?

**Dr. B. V. Kesar:** Yes.

**Shri M. Tirumala Rao:** Is it not possible for the Government to institute any proceedings against a man who commits some offence in India and gets out of the country?

**Mr. Speaker:** I do not allow that. It is a matter of law and he can refer to the law.

**Shri S. Nagappa:** How could Mr. Sydney Cotton enter India when there was enough guard to guard the Indian territory?

**Mr. Speaker:** Order, order.

**Shri K. Hanumanthaiya:** Has the U.K. Government taken a serious view of the matter?

**Mr. Speaker:** He can ask what the reply is.

**Shri K. Hanumanthaiya:** Thank you, Sir. May I know what is the purport of the reply?

**Dr. B. V. Kesar:** I am unable to say anything further except that the matter is under active consideration.

**Shri H. V. Kamath:** Is it a fact that because India was inadequately equipped in squadrons and radar equipment Cotton could not be intercepted?

**Mr. Speaker:** Order, order. Next question.

#### RECOMMENDATIONS RE WORKING OF INSURANCE COMPANIES

†\*533. **Prof. N. G. Ranga:** (a) Will the Honourable Minister of Commerce be pleased to state what are the main recommendations of the Superintendent of Insurance upon the working of Insurance Companies, especially for protecting the policy holders minimising working expenses and profits and ensuring the safety of investments?

(b) What recommendations were made by the Insurance Advisory Committee?

(c) Which of them have been accepted by Government?

(d) Do Government propose to establish Control Boards as recommended by the Committee?

**The Honourable Shri K. C. Neogy:** (a) No recommendations have been made by the Superintendent of Insurance on these points.

(b) The Insurance Advisory Committee has recommended that the Insurance Act should be amended generally on the lines contemplated in the Insurance (Amendment) Bill that was withdrawn in January 1948, and has suggested further tightening up of the details in some of those provisions. These provisions, as the honourable member is probably aware, prescribed restrictions on investments of the funds of the life insurance companies, prohibited interlocking of insurance companies and banks and aimed at preventing "cornering" of control over insurance companies and also laid down "maximum" limits for expenses. The cumulative effect of all these proposals would be to safeguard the policyholders' interest. In one important matter *viz.*, limitation of the

expenses of insurers, this Committee has recommended that, instead of the provision in the Bill in this respect, there should be two statutory associations—one for life and the other for general insurance business, each with a Control Board on which there would be Government nominees also for the purpose, *inter alia* of determining, after the end of each year, what should be appropriate limits for the expenses of individual insurers having regard to all the circumstances in that year and recommending action to the Department of Insurance to be taken against insurers not complying with such determination. A provision for inspection by Government of an insurer's books at any time has also been recommended.

(c) The Government are accepting all these main recommendations.

(d) Government will be introducing in the course of this session the necessary legislation to implement the recommendations accepted by them. The question of these Boards being established does not arise until after the House has considered the measure.

#### EXPORT OF LINSEED, LINSEED OIL, CASTOR SEED AND CASTOR OIL

\*534. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Commerce be pleased to state as to what quantities of Linseed oil, Linseed, Castor oil and Castor seed have been exported out of India during the years 1946-47 and 1947-48?

(b) For what quantities of Linseed oil, Linseed, Castor oil and Castor seed, preliminary export quotas have already been granted during the year 1948-49 and for what quantities more final quotas are expected to be given?

(c) What is the total consumption in India of Linseed oil and what is the surplus available for export?

**The Honourable Shri K. C. Neogy:** (a) I lay on the table a statement giving the requisite information. The Statistics furnished relate to exports from undivided India, but as exports took place mostly from the Indian Ports, they represent exports from Indian Dominion.

(b) 3,669 metric tons of Linseed Oil and 8,387 metric tons of Linseed have been licensed for export against the advance quotas for 1948-49. Castor oil is decontrolled and no licence is required for its export. The total quota of Castor Seed fixed for export during 1948 was 16,000 tons. In addition 975 tons of castor seed have been fixed for Germany and a further quota of 1,000 tons for Japan. The supplementary allocations for 1948-49 are 3,652 metric tons of Linseed Oil and 10,944 tons of Linseed respectively. Licences for these are being issued at present.

(c) The total annual consumption in India of Linseed Oil both for edible and industrial purposes is estimated at approximately 80,000 tons. The surplus available for export is about 30,000 tons in terms of oil per annum, provided the crop is normal.

†Answer to this question laid on the table, the questioner being absent.

## STATEMENT

*Export of Linseed Oil, Linseed Castor Oil and Castor Seed during 1946-47 and 1947-48*

| Commodities | Quantity in tons |         |
|-------------|------------------|---------|
|             | 1946-47          | 1947-48 |
| Linseed Oil | 1,213            | 13,270  |
| Linseed     | 51,922           | 66,861  |
| Castor Oil  | 1,068            | 22,563  |
| Castor Seed | 5,791            | 4,961   |

**Pandit Lakshmi Kanta Maitra:** What is the exportable surplus of castor oil and castor seed?

**The Honourable Shri K. C. Neogy:** I would not be able to give that figure off hand. But, I could give the figure of exports in 1947-48. It was 22,563 tons of castor oil and 4,961 tons of castor seed.

**Shri M. Ananthasayanam Ayyangar:** In spite of the decontrol of castor oil and castor seed, how far has the export duty upon oils in general adversely affected the export of castor oil and castor seed?

**The Honourable Shri K. C. Neogy:** So far as castor oil is concerned, the export duty did affect our export trade and that is the reason why that duty was taken off.

**Shri Gopikrishna Vijayavargiya:** Is the Government doing anything to consume this oil in India in the paint industry and other industries connected with this oil?

**The Honourable Shri K. C. Neogy:** As a matter of fact one of the factors that have led to a reduction in the availability of these oils for export is that the internal consumption has increased. I would not be able to answer offhand the specific point raised by my honourable friend.

**Shri Gopikrishna Vijayavargiya:** May I know if Government are doing anything to develop these industries which are connected with oil?

**The Honourable Shri K. C. Neogy:** I do not suppose that Government is sponsoring any industry for this particular purpose, but I take it that there are industries already engaged in the line to which my honourable friend refers.

## DISABILITIES OF INDIAN EMPLOYEES OF ANGLO IRANIAN OIL COMPANY

†\*535. **Shri V. C. Kesava Rao:** Will the Honourable the Prime Minister be pleased to state whether any representations have been received from Indians employed by the Anglo-Iranian Oil Company at Bahrein regarding their disabilities and if so, what action has been taken in the matter?

**Dr. B. V. Keskar** (Deputy Minister for External Affairs and Commonwealth Relations): Complaints have been received from one or two individuals and some ex-employees of the Bahrein Petroleum Company. The question of taking adequate measures to safeguard the interests of Indians employed in the Oil Companies at Bahrein, has been engaging the attention of the Government for some time. Recently two of the members of the Indian delegation to the United Nations General Assembly in Paris, on their way back to India, were deputed to visit Bahrein and Kuwait and acquaint themselves with the conditions of the Indian employees there and their report is awaited. It is further proposed to appoint representatives of the Government of India to look after Indian interests in the Persian Gulf.

## FUTURE OF GOA

†\*536. **Shri V. C. Kesava Rao:** Will the Honourable the Prime Minister be pleased to state whether any representations have been made to or any discussions have taken place with Portugal regarding the future of Goa?

† Answer to this question laid on the table, the questioners being absent.

**Dr. B. V. Keskar** (Deputy Minister for External Affairs and Commonwealth Relations): The honourable member's attention is drawn to my answer given to question No. 312 addressed to me by Seth Govind Das on the 11th February 1949.

## HOUSING FACILITIES FOR INDUSTRIAL WORKERS

†\*537. **Shri V. C. Kesava Rao:** Will the Honourable Minister of Labour be pleased to state what progress has been made in the matter of providing housing facilities for industrial workers in Textiles, Coal-mining, Jute and Cement?

**The Honourable Shri Jagjivan Ram:** Very little, I regret to say, but the difficulties in regard to building materials have been overwhelming and we have been compelled, in this matter, to concede a higher priority to refugees.

## IMPLEMENTATIONS OF PROVISIONS OF MINIMUM WAGES ACT IN DELHI

## AND AJMER MERWARA

\*538. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Labour be pleased to state whether the Government of India or the Provincial Government of Ajmer-Merwara have received any proposals from the general public or the Labour Officer for the inclusion of Textile Industry in the Province within the purview of the Minimum Wages Act?

(b) If so, have Government taken any decision thereon?

(c) What steps have been taken in the Chief Commissioners' Provinces of Ajmer-Merwara and Delhi for setting up a machinery for the fixation of Minimum Wages in respect of those industries which are already included in the schedule to the Minimum Wages Act, and by which time is it likely to come into existence in these areas?

**The Honourable Shri Jagjivan Ram:** (a) Yes. Such representations have been received by the Chief Commissioner, Ajmer-Merwara.

(b) The matter is under consideration.

(c) In Ajmer-Merwara a survey has just been completed and action is being taken to set up the required machinery, which is expected to come into existence by the end of April 1949.

In Delhi the preliminary work has been completed and the steps required to be taken to set up the required machinery are under examination. It is expected that the machinery will be established before December 1949.

**Pandit Mukut Bihari Lal Bhargava:** What is likely to be the composition of this Board?

**The Honourable Shri Jagjivan Ram:** I am sorry I cannot tell you at the moment.

**Pandit Mukut Bihari Lal Bhargava:** When did these survey operations commence in Ajmer and Delhi?

**The Honourable Shri Jagjivan Ram:** I cannot give you the dates but the survey has been completed.

## STRAINED RELATIONS BETWEEN LABOUR AND CAPITAL IN AJMER-MERWARA

\*539. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Labour be pleased to state whether Government are aware that the relations between labour and capital in the textile industry in Ajmer-Merwara are very strained, and that there have been a number of conflicts between them leading to strikes and notices of strike in Beawar, Bijainagar, etc.?

(b) What steps have so far been taken by the Local Government and the Government of India to improve their relations in these areas?

† Answer to this question laid on the table, the questioners being absent.

(c) What are the average basic wages and dearness allowance of a labourer in textile industry in Ajmer-Merwara?

(d) Have the Government of India any information as to what are the labour conditions existing in the textile industry in Ajmer-Merwara and have they set up any machinery to keep watch over and submit periodical reports on the same to the Local Government and the Government of India?

(e) Have the Local Government taken any steps or exerted any influence upon the mill-owners to improve the existing labour conditions?

(f) Do Government of India or the Local Government intend to set up any machinery to see that the various labour relief and reforms measures necessary under various enactments are given effect to in this Province?

(g) Is there any machinery existing in Ajmer-Merwara for compilation and publication of the Cost of Living Index in Ajmer-Merwara and if not, do Government contemplate setting up one at an early date and if not, why not?

**The Honourable Shri Jagjivan Ram:** (a) Until recently the relations between labour and capital in Ajmer-Merwara were far from satisfactory. The position has, however, improved in the last quarter during which there has been no strike or lockout in the textile industry. As against 77 strikes in 1947, there were 31 strikes in 1948 which were all of very short duration.

(b) Besides the Government conciliation machinery consisting of the Labour Officer, Ajmer-Merwara, Works Committees have been constituted in the textile mills with a view to bringing about amity and eradicating causes of friction in the day to day working of the mills. An Industrial Tribunal and a Provincial Labour Advisory Board have also been set up by the Local Government.

(c) Average wages and dearness allowance in the textile industry are as below:

|                                  | Average wages | Dearness allowance |
|----------------------------------|---------------|--------------------|
| Weaving and Spinning Department. | Rs. 18        | Rs. 34             |
| Blowroom and Mixing Department.  | Rs. 11        | Rs. 20             |

(d) The Labour Officer, Ajmer-Merwara, keeps a watch on the labour situation and submits weekly, fortnightly, monthly and quarterly reports, copies of which are forwarded by the Local Government to the Government of India.

(e) The answer is in the affirmative.

(f) To ensure better administration and stricter enforcement, the feasibility of having a separate Factory Inspectorate for Ajmer-Merwara is under consideration.

(g) Under the Cost of Living Index Scheme of the Government of India, a Family Budget Enquiry was conducted at Ajmer in 1943-44. Thereafter Weekly Retail Prices are collected and forwarded by the Local Government to the Director, Labour Bureau, for the compilation of cost of living index numbers which are published monthly in the Indian Labour Gazette.

**Pandit Mukut Bihari Lal Bhargava:** Is the scale of dearness allowance and wages the lowest in India?

**The Honourable Shri Jagjivan Ram:** I cannot give a reply offhand. I have not compared the figures.

**Shri S. Nagappa:** In view of the strike mentality of the labourers, is there any scheme under the contemplation of the Government in order to see that the worker becomes ultimately the owner of the factory in course of time by making the share capital as and when they earn.

**Mr. Speaker:** It does not arise out of this question.

**Pandit Mukut Bihari Lal Bhargava:** Is it a fact that one of the mills in Ajmer Province that is at Bijainagar, has declared a lockout from the 1st of February?

**The Honourable Shri Jagjivan Ram:** I have no information. I will ascertain that.

#### EXPENDITURE ON RELIEF AND REHABILITATION OF REFUGEES

**\*540. Giani Gurmukh Singh Musafir:** (a) Will the Honourable Minister of Relief and Rehabilitation be pleased to state what total expenditure has been incurred on the officers staff, etc., of the Ministry of Relief and Rehabilitation, its attached offices and allied organisations established for the purpose of re-settlement and rehabilitation of refugees from Pakistan during the financial years 1947-48 and 1948-49 (up-to-date)?

(b) What expenditure has been incurred during the period mentioned in part (a) above on the relief, welfare and resettlement of refugees under each of the following items:

- building houses and shops for refugees;
- granting loans for resettlement; and
- giving financial aid in any other form?

**The Honourable Shri Mohan Lal Saksena:** (a) and (b). A statement is laid on the table of the House.

#### STATEMENT

*Expenditure incurred by the Ministry of Relief and Rehabilitation, etc., under various heads*

(a) Expenditure incurred on the Officers Staff of the Ministry of Relief and Rehabilitation.

Expenditure so far reported is:

|                         |                        |
|-------------------------|------------------------|
| 1947-48                 | 18 Lakh 33 thousands.  |
| 1948-49 (Upto 31-12-48) | 38 Lakhs 88 thousands. |
| Total.                  | 57 Lakhs 21 thousands. |

(b) Un-to-date figures of expenditure has not been received from all Provinces and States. Expenditure so far reported is given below:

(i) *Expenditure incurred on Building Houses and Shops for Refugees:*

|                 |                  |
|-----------------|------------------|
| 1947-48         | Nil              |
| 1948-49         | 1 Crore 52 lakhs |
| Upto (31-12-48) | 44 thousands.    |

(ii) *Expenditure incurred on granting loans for Resettlement:*

|                         |                       |
|-------------------------|-----------------------|
| 1947-48                 | 35 Lakhs 40 thousand. |
| 1948-49 (Upto 31-12-48) | 2 Cro. 69 lakhs       |
|                         | 71 thousands.         |

Total. 3 Crores 5 lakhs 11 thousands.

In addition education loans to the extent of £12,022 per annum in U.K. and \$57,440 per annum in U.S.A. have been sanctioned.

(iii) *Expenditure incurred on giving Financial Aid:*

|                         |                      |
|-------------------------|----------------------|
| 1947-48                 | 27 thousands.        |
| 1948-49 (Upto 31-12-48) | 1 Lakh 55 thousands. |
| Total.                  | 1 Lakh 82 thousands. |

A total grant of Rs. 6 lakhs 14 thousands has been sanctioned for educational institutions in which refugees students are studying and Rs. 1 lakhs 63 thousands have been sanctioned as a grant to refugee students in IX and X classes.

+ Answer to this question laid on the table, the questioner being absent.

## REPATRIATION OF INDIANS IN SOUTH AFRICA

\*541. { **Shri Amiya Kumar Ghosh:**  
**Shri Jadubans Sahay:**

(a) Will the Honourable the Prime Minister be pleased to state whether Government are aware that the South African Government as a measure of repatriation of the Indians in South Africa have resorted to the policy of deporting Indians convicted of certain offences?

(b) What steps, do Government propose to adopt in order to counteract the repatriation policy of South Africa?

**Dr. B. V. Keskar** (Deputy Minister for External Affairs and Commonwealth Relations): (a) Government are not aware that Indians in any number have been deported to India by the Union Government of South Africa as a matter of policy. During the last few months two Indians were deported to India. They were convicted of offences for which they were liable, under the existing law of the Union, to be deported to India.

(b) It is not in the public interest to say what Government may do if a certain contingency arises. It should be remembered that Indians in South Africa, except possibly for a small number, are South African nationals.

## INDIANS EMPLOYED ON STAFF OF U. N. O.

\*542. **Shri K. Hanumanthaiya:** Will the Honourable the Prime Minister be pleased to state:

(i) the number of Indians employed on the staff of the United Nations Organization;

(ii) the number of Indians who should be employed in the Secretariat of the United Nations Organization according to quota; and

(iii) the amount of money that is being annually paid to the United Nations Organization by the Government of India?

**Dr. B. V. Keskar** (Deputy Minister for External Affairs and Commonwealth Relations): (i) The number of Indians employed in the United Nations Secretariat on the 15th of January 1949 was nineteen.

(ii) The number of Indians who should be employed in the United Nations Secretariat on the basis of the proportion of India's contribution is thirty-two.

(iii) Amounts payable by the member Nations to the United Nations are fixed by the General Assembly of the United Nations on the basis of a percentage contribution for each Member Nation. For the year 1948, the contribution of India amounted to Rs. 37,31,000. This excludes about Rs. 8,04,000 paid on behalf of Pakistan, the recovery of which is now being effected.

In addition, an advance is also made to the Working Capital Fund of the United Nations. A sum of Rs. 26,15,000 was paid on this account in 1946 and this amount is being carried forward annually as India's advance to the Working Capital Fund.

India's share of contribution to the United Nations for the year 1949 is in the neighbourhood of Rs. 44,81,000.

**Shri K. Hanumanthaiya:** May I know why the full quota of employment of Indians has not been completed?

+ Answer to this question laid on the table, the questioner being absent.

**Dr. B. V. Keskar:** The number of Indians to be employed has been the subject of negotiation between the U. N. Secretariat and the Government of India and we have pressed regularly our case that more and more Indians should be employed according to our quota.

**Shri B. Shiva Rao:** Is it not a fact that countries whose contribution to the United Nations is much smaller than that of India have far better representation on the Secretariat of the United Nations Organisation?

**Dr. B. V. Keskar:** Yes, it is true.

**Shri L. Krishnaswami Bharathi:** Who makes these appointments to the staff of the U. N. O. Secretariat?

**Dr. B. V. Keskar:** There is a kind of Commission, which chooses or selects persons for appointment to the U. N. Secretariat.

**Seth Govind Das:** Is there any Indian already on that Selection Board for the selection of these Indians?

**Dr. B. V. Keskar:** I am not aware.

**Shri H. V. Kamath:** Which are those countries that have been assigned or have got a larger representation as regards employment than the quota allotted to them on the basis of their contribution to the United Nations Organisation?

**Dr. B. V. Keskar:** I have not got the figures of the persons employed according to different nationalities but if my honourable friend wants the information it can be procured.

**Shri L. Krishnaswami Bharathi:** Are the appointments made in consultation with the Government of India or at their instance; do we suggest the names for the staff? How exactly are the appointments made?

**Dr. B. V. Keskar:** The appointments are made directly by the United Nations Organisation but the names recommended by the Government of India are taken into consideration by them.

**Shri K. Hanumanthaiya:** Will the Government of India take steps to have their representative on the Selection Commission?

**Dr. B. V. Keskar:** I require notice of that.

**Begum Aizaz Rasul:** May I know if this appointment board is appointed by rotation every year or is it a permanent board?

**Dr. B. V. Keskar:** It is a board appointed by the U. N. Assembly.

**Begum Aizaz Rasul:** Is it appointed newly every year or is it a permanent board?

**Dr. B. V. Keskar:** It is a permanent body.

**Shri M. Tirumala Rao:** Have Government received any complaints from qualified Indians who sought employment in the United Nations but could not get it?

**Dr. B. V. Keskar:** Yes. I might in this connection inform honourable members with regard to some future appointments to the United Nations. The Selection Board has asked the Government of India through its Federal Public Service Commission to select a number of Indians for appointment in the United Nations Secretariat.

\*543. [WITHDRAWN.]

## RETURN OF MUSLIMS FROM PAKISTAN TO INDIA

**\*544. Shri M. Ananthasayanam Ayyangar:** Will the Honourable Minister of Relief and Rehabilitation be pleased to state:

(a) The average number of Muslims who are re-migrating from West Pakistan to India daily;

(b) the total number of such migrants who have refused to be repatriated even when they were arrested;

(c) the steps Government propose to take to prevent such re-migration; and

(d) the steps proposed to be taken to send these people back to Pakistan?

**The Honourable Shri Mohan Lal Saksena:** (a) Government have no definite information as to the number of Muslims who returned to India before 19th July, 1948, the date on which the Permit System was introduced. It is, however, estimated that during the three months ending June, 1948, nearly 52,000 Muslims returned to India by the Jodhpur Railway route alone. The number of Muslims who are coming from West Pakistan to India for permanent resettlement is estimated at eight per day. This figure represents the daily average of Permits issued between 19th July, 1948 and 31st January, 1949.

(b) The information is being called for.

(c) Permits for resettlement are granted only after the Provinces/States concerned agree to the permanent return of the Muslims concerned. Muslims who come on temporary permits are not allowed to settle down in India.

(d) The honourable member is referred to the 'Influx from Pakistan (Control) Ordinance, 1948 (No. XXXIV of 1948)' and the Rules framed thereunder, which provide for the removal of such persons from India.

**Shri H. V. Kamath:** What restrictions are placed by Government on those Muslims who re-migrate from Pakistan to India, not for permanent settlement, but merely as birds of passage?

**The Honourable Shri Mohan Lal Saksena:** Muslims come here on the basis of temporary permits and they are required to report to the police officers of the districts to which they go. If they want to go to another district, they have to get another permit and after the requisite period they are required to go back to Pakistan.

**Shri Mahavir Tyagi:** May I know if this is the procedure also in the case of Hindus migrating to Pakistan from India?

**The Honourable Shri Mohan Lal Saksena:** I am not in a position to say but I know that many of the Indians are going on temporary permits.

**Sardar Hukum Singh:** Is it a fact that a large number of Muslims who migrated to Pakistan have come back and have resettled in Gurgaon and Ambala districts to the prejudice of those refugees who had been given lands and houses there?

**The Honourable Shri Mohan Lal Saksena:** I believe it is not so.

**Shri R. K. Sidhva:** Since a large number of Hindus are migrating to Pakistan, may I know the approximate number?

**Shri S. Nagappa:** What are the conditions imposed by the Pakistan Government to the Hindu migrants who migrate to Pakistan?

**The Honourable Shri Mohan Lal Saksena:** No conditions are imposed when they apply for permits. Only temporary permits are granted.

**Sardar Hukum Singh:** Do these Hindus also include Sikhs?

**The Honourable Shri Mohan Lal Saksena:** I think so.

## RECOVERY OF MOVABLE PROPERTY FROM PAKISTAN

**\*545. Sardar Hukum Singh:** (a) Will the Honourable Minister of Relief and Rehabilitation be pleased to state how many permits to enter Pakistan were issued to non-Muslims to enable them to collect their movables in Pakistan?

(b) What percentage of their movable property could they recover?

(c) How many of them returned without being able to recover their movable property?

**The Honourable Shri Mohan Lal Saksena:** (a) Thirty-three permits were issued to non-Muslims by the Custodian of Evacuee Property, West Punjab, during the period 1st December, 1948 to 10th February 1949. No permits have been issued by the Custodians of Evacuee Property, North West Frontier Province, Sind and Baluchistan, and the States of Bahawalpur and Khairpur which have acceded to Pakistan. There is no Custodian of Evacuee Property in Eastern Pakistan.

(b) and (c). Thirty-three permits were operated during the same period, twenty-nine for lockers and four for movables. In the case of lockers recovery was cent per cent. In the case of household effects recovery varied, depending on whether household effects were lying with friends and were intact or had been taken over by the rehabilitation authorities.

**Sardar Hukum Singh:** How many were taken by Sikhs and what happened to them there?

**The Honourable Shri Mohan Lal Saksena:** I have no information on the subject. I would require notice of the question.

**Shri H. V. Kamath:** Is it a fact that many Muslims have removed themselves from India to Pakistan along with their movable property, but yet continue to enjoy the income from their immovable property in India?

**The Honourable Shri Mohan Lal Saksena:** Yes, there are cases where Muslims have gone to Pakistan but so far they have had some members of their families here; or some of them are managers and some of them are remitting money derived from this property.

**Shri H. V. Kamath:** Is it Government's policy to allow such Muslims to make the best of both worlds?

**Mr. Speaker:** Order, order.

**The Honourable Shri Mohan Lal Saksena:** The honourable member must be aware that any foreigner can own property in India but steps are being taken to see that this thing is not allowed.

**Shri Mahavir Tyagi:** But not in Pakistan!

**Shri Biswanath Das:** Are similar facilities afforded by the Government of India to Hindus and Sikhs who have left Pakistan?

**The Honourable Shri Mohan Lal Saksena:** In the case of Eastern Pakistan, there is no such restriction and there are Hindus who are in India and they are getting revenue or income from their property in East Pakistan.

**Shri Biswanath Das:** May I know whether similar facilities are given by the Provincial Governments of West Punjab, Sind and the Frontier?

**The Honourable Shri Mohan Lal Saksena:** There may be some cases where money might have been remitted but generally, I think this is not being allowed.

## DESECRATION OF A HINDU TEMPLE IN KARACHI

**\*546. Sardar Hukum Singh:** (a) Will the Honourable the Prime Minister be pleased to state whether it is a fact that a famous Hindu temple in Karachi was desecrated and the idols broken soon after the signing of the Indo-Pakistan agreements there?

(b) If so, have Government lodged any protest with the Government of Pakistan and if so, what is the reply received?

**The Honourable Shri N. Gopalaswami Ayyangar** (Minister for Railways and Transport): (a) Presumably the honourable member is referring to the desecration of the Panchmukhi Hanuman Temple at Karachi on the 13th January, 1949. If so, the reply is in the affirmative.

(b) We sent a telegram of protest to the Pakistan Government and requested that steps be taken to punish the offenders, to restore the sanctity of the original temple, and to protect it from similar desecration in future. The Government of Pakistan have expressed their regret for the action of the culprits who were arrested immediately after the incident. After investigation four of these persons are now standing trial in the court of the City Magistrate, Karachi.

**Sardar Hukam Singh**: Is it alleged that any provocation was offered by this Temple?

**The Honourable Shri N. Gopalaswami Ayyangar**: So far as our information goes, no provocation was offered by the temple.

**Shri Brajeshwar Prasad**: Is it a fact that the Hindu witnesses in whose presence the idols were broken are now being threatened by the Government of Pakistan and they are being asked to leave the country?

**The Honourable Shri N. Gopalaswami Ayyangar**: We have had such an allegation made by one of the chaprassis in the High Commissioner's office, who was one of those who resided in the premises of the temple.

**Shri H. V. Kamath**: Was this outrage perpetrated when the Honourable Minister for Transport happened to be in Karachi?

**The Honourable Shri N. Gopalaswami Ayyangar**: Within a few hours after he took off from Karachi!

**Seth Govind Das**: May I know what happened to the temple where this image was broken, and is the Pakistan Government willing to restore the image and repair that temple?

**The Honourable Shri N. Gopalaswami Ayyangar**: On that part of our protest we have not yet had a reply from the Pakistan Government. We certainly would press the matter with them.

**Shrimati G. Durgabai**: May I know what is the time that had elapsed before they had given any kind of information on this point?

**The Honourable Shri N. Gopalaswami Ayyangar**: I think we sent our protest about the 17th January and as we did not get a reply till the 25th, we reminded them, and I think we got their reply very soon after.

**Shri Deshbandhu Gupta**: Is it a fact that the propaganda carried on by the Pakistan papers against idol worship as such is responsible for such outrages?

**The Honourable Shri N. Gopalaswami Ayyangar**: I am not quite so sure because our information is that this attack was not made by the general Muslim community but by persons who are connected with the Defence Guards, or what they call the Pakistan National Guards.

**Shri H. V. Kamath**: At the recent Inter-Dominion Conference did the question of religious and cultural rights of minorities come up for discussion?

**The Honourable Shri N. Gopalaswami Ayyangar**: It did come up and there is a clause in the agreement which obliges the Governments to respect cultural and educational and other rights of minorities in each Dominion.

**Shri H. V. Kamath**: Not religious rights?

**The Honourable Shri N. Gopalaswami Ayyangar**: Religious rights too.

**Shri L. Krishnaswami Bharathi**: Will Government lay on the table the correspondence between the Government of India and the Pakistan Government on this subject?

**The Honourable Shri N. Gopalaswami Ayyangar**: I have practically given all the correspondence that has taken place. They were in the shape of telegrams and I have given you the whole of it.

OCCUPATION OF M. C. A. QUARTERS IN NEW DELHI BY NON-M. C. AS.

**\*547. Shri Sita Ram S. Jajoo**: (a) Will the Honourable Minister of Works, Mines and Power be pleased to state whether M.C.A. Quarters in New Delhi are occupied by non-M.C.As?

(b) If so, how many and since when?

(c) To whom were they originally allotted?

(d) What steps have been taken or are being taken by Government to eject the unauthorised occupants?

**The Honourable Shri N. V. Gadgil**: (a) Yes; a few of them.

(b) 16. It is not possible to give exact dates of occupation by non-M. C. A's.

(c) A statement containing the required information is placed on the table of the House.

(d) Eviction notices have been issued against all the non-entitled occupants.

## STATEMENT

| Sl. No. | Name of the Member.                          | Particulars of Bungalows originally allotted. | Whether entitled to attend the budget session. | Whether the Member is occupying the bungalow himself. | Remarks.                                                                                             |

| 16 | Mrs. Dakshayani Velayudhan.             | 1-Windsor Place.      | Yes. | Yes. | Part of the residence is occupied by a private person.                         |

**Shri Sita Ram S. Jajoo:** Is it a fact that houses are still standing in the name of certain members though they have ceased to be members of the Assembly as for instance His Excellency Mr. M. S. Aney?

**Mr. Speaker:** He need not mention names.

**The Honourable Shri N. V. Gadgil:** This information is contained in the statement laid on the table.

**Shri Deshbandhu Gupta:** Is it a fact that some of these bungalows perhaps two—are occupied by the officials of the Relief and Rehabilitation Ministry?

**The Honourable Shri N. V. Gadgil:** That information is also contained in the statement.

**Shrimati Dakshayani Velayudhan:** What is the position of the Chief Commissioner of Delhi Province as regards the disputes about M. L. A's. quarters.

**The Honourable Shri N. V. Gadgil:** It does not arise out of this.

**Shri H. V. Kamath:** Did the Honourable Minister some time late in 1947 or early in 1948 permit M. C. A's. to share accommodation with refugees?

**The Honourable Shri N. V. Gadgil:** It is true.

**Mr. Mohd. Tahir:** Is it a fact that although a member of the House has surrendered the bungalow to the office, still Government is not taking possession of the bungalow?

**The Honourable Shri N. V. Gadgil:** Only one such case has occurred and steps are being taken to recover possession of the same. At the same time the House knows that it is the general desire of the Government that nobody should be thrown on the streets without alternative accommodation being given.

**Shri Deshbandhu Gupta:** Will the Honourable Minister give the number of members who are not occupying their bungalows at the moment but still the bungalows continue to be in their names?

**The Honourable Shri N. V. Gadgil:** Sixteen. I have already given the number.

**Shri Mahavir Tyagi:** In view of the reply given by the Honourable Minister that the Government had permitted M. L. A's. to share their bungalows with the refugees, may I know if they had also permitted the M. L. A's. to realise rents from the refugees and if so whether it is the full rent that is, what Government realize from them?

**The Honourable Shri N. V. Gadgil:** I do not think the House expects me to give a detailed reply to this question. (An Honourable Member: "Why not?") What the Government did was, in view of the acute accommodation situation then and the suffering of the refugees, Government allowed not only the members of the Constituent Assembly but also Government servants to share accommodation, and to the extent to which accommodation was shared it was expected that rent would be charged. But there are cases in which this concession has been abused.

**Shri M. Tirumala Rao:** May I know the number of bungalows which are still continuing in the name of persons who were once M. L. A's. but who are no longer M. L. A's. or who have left Delhi?

**The Honourable Shri N. V. Gadgil:** It is there in the statement.

**Mr. Speaker:** He has said it more than once.

**Shri Mahavir Tyagi:** To protect the honour and self-respect of the M. C. A's. will the Honourable Minister please give the names of such M. C. A's. who have let out their bungalows, so that the aspersion may not be cast on all?

**The Honourable Shri N. V. Gadgil:** I am quite prepared to satisfy the curiosity of the honourable member outside the House.

**Honourable Members:** No, the House wants it.

**The Honourable Shri N. V. Gadgil:** I require notice of that question.

**Shri Sita Ram S. Jajoo:** Is it a fact that allotments to certain members have been cancelled but they are still occupying those houses?

**The Honourable Shri N. V. Gadgil:** I do not know the exact position but the allotment is made by the House Committee appointed by the Honourable the Speaker. The precise role of my Ministry is to put 108 bungalows at the disposal of this Committee. Whenever we get information that the allotment has been cancelled we go and take possession of the bungalow.

**Shri Sita Ram S. Jajoo:** Do Government execute the recommendations of the House Committee?

**The Honourable Shri N. V. Gadgil:** The House Committee does the allotment and Government has nothing to do with it. We put 108 houses at the disposal of the Committee.

**Shri R. K. Sidhva:** Is it at the sole disposal of the House Committee to allot the houses?

**Mr. Speaker:** The honourable member knows about it.

#### ISSUING OF EXPORT TRADE LICENCES

**\*548. Shri Mahavir Tyagi:** (a) Will the Honourable Minister of Commerce be pleased to state whether it is a fact that Government have decided not to issue export-trade licences to persons who have not been income-tax payers for the last five years?

(b) Which authority issues export and import permits to the applicants, and on what conditions?

**The Honourable Shri K. C. Neogy:** (a) No Sir.

Attention of the honourable member is invited to the Public Notice No. 1(2) PTC/49, dated the 8th January 1949, issued by the Chief Controller of Imports, a copy of which is laid on the table.

(b) (i) I lay on the table a statement giving the requisite information.

(ii) In regard to the policy for grant of licences, attention of the honourable member is invited to the reply to Starred Question No. 305 by Pandit Mukut Behari Lal Bhargava given by me on the 11th February, 1949, on the floor of the House.

## STATEMENT

GOVERNMENT OF INDIA

MINISTRY OF COMMERCE

OFFICE OF THE CHIEF CONTROLLER OF IMPORTS

New Delhi, the 8th January, 1949

No. 1(2)ITC/49

## PUBLIC NOTICE

The Government of India have decided that with effect from the licensing period January-June, 1949 applications for import and export licences whether from quota holders, manufacturers, established importers or exporters or newcomers will not be considered unless the applicant has lodged certificates of Income-tax Verification in the prescribed form with such of the following licensing offices to which they make their applications for import or export licences:

- (1) Chief Controller of Imports, New Delhi,
- (2) Chief Controller of Exports, New Delhi,
- (3) Deputy Chief Controller of Imports and Exports, Bombay,
- (4) Deputy Chief Controller of Imports and Exports, Calcutta,
- (5) Import Trade Controller, Madras,
- (6) Export Trade Controller, Madras, and
- (7) Export Trade Controller, Amritsar.

(i) The certificates shall be in the form appended to this Notice. The applicant or his authorised agent should fill in the particulars as required in the form, on as many copies as are required, with one additional copy to be maintained by the Income-tax Office and present them to the Income-tax authority specified in (ii) below. The Income-tax authority will then verify the particulars from their record, subscribe the necessary verification certificates on all copies and return them to the applicant, leaving one copy for their record.

(ii) Except in the case of applicants assessed or assessable to tax in the cities of Bombay, Calcutta, Madras and Delhi, the form after being filled in should be sent by the applicant or by his authorised agent for verification to the Income-tax Officer of the Circle, Ward or District where the applicant is assessed or assessable to income-tax. In the case of applicants from Bombay or Calcutta the form should be sent to the Headquarters Assistant Commissioner of Income-tax in those cities and in the case of those from Madras and Delhi to the Inspecting Assistant Commissioner of Income-tax.

(iii) It will be noticed that the certificate calls for particulars of assessable incomes and taxes paid for a period of last five years including the income-tax year 1948-49. This certificate once produced, will be regarded as valid for all applications for import and export licences made by the applicant throughout the calendar year 1949.

(iv) For proprietary and partnership firms which have commenced business after 1st April, 1948, it will be necessary to lodge certificates of income-tax verification with the Import and Export licensing authorities for the proprietor or proprietors and for each of the partners, as the case may be.

(v) The certificate when obtained should be sent by the applicant or his authorised agent to the licensing authority concerned in a cover clearly superscribed "INCOME-TAX VERIFICATION CERTIFICATE". Each certificate after receipt in the Office of the Licensing Authority concerned will be registered and a registration number will be allotted in respect of it and communicated to the applicant who will quote the registration number prominently on all applications for import and export licences made thereafter.

2. The following classes of applicants will be specifically exempt from the necessity of producing the income-tax verification certificates:

- (a) Such Government and semi-Government institutions as are not liable to income-tax.
- (b) Firms, individuals or companies in Indian States where no income-tax is levied and who have no place of business in the Indian Provinces.
- (c) Companies, public or private, which are incorporated under the Indian Companies Act after the 1st April, 1948. Such companies should produce a certificate from the Registrar of Companies concerned showing the date of their incorporation.
- (d) Other types of persons who are not otherwise liable to income-tax, under section 4(3) of the Indian Income-tax Act.
- (e) Firms and individuals claiming to be exempt from income-tax should give particulars of their income and state fully the circumstances in which they claim to be exempted from the tax.

(f) Applicants claiming exemption from the production of income-tax verification certificate will also be allotted registration numbers in the same way as those who are required to produce the Income-tax Verification Certificate; but the allotment of registration numbers to them will be done at the Headquarters Office of the Chief Controller of Imports, instead of by the respective licensing authorities, and requests for registration by such applicants should be addressed to that office at New Delhi in a cover superscribed "Exemption from Income-tax Verification Certificate". After the registration number has been allotted and communicated to the applicant he should similarly quote that number on his applications for an import or export licence submitted to the proper licensing authority.

3. The Income-tax authorities concerned have made arrangements for the issue of these verification certificates from the 25th January, 1949. Arrangements have been made for the prompt issue of the verification certificates by the Income-tax authorities and for the registration of these certificates by the licensing authorities and for the communications of these registration numbers to all the licensing officers.

4. Nothing stated in this Public Notice applies to applicants for import and export licences for small values not exceeding Rs. 5,000 in c.i.f. and f.o.b. values, respectively.

5. Similarly in the case of persons, firms or companies who had their past import or export business or had been residing in what is now Pakistan and are therefore unable to comply with the requirement of this notice, application for import or export licences will be considered without the production of the income-tax verification certificate. They should, however, produce sufficient evidence to show that they had their place of business or had been residing in what is now Pakistan and are therefore unable to produce the verification certificate.

6. Should Government decide from time to time to exempt any other clauses of individuals or firms from having to produce the certificate of income-tax verification, such decision will be duly announced.

G. R. KAMAT,

Joint Secretary to the Government of India.

## FORM OF CERTIFICATE OF INCOME-TAX ASSESSMENT TO BE PRODUCED BY AN APPLICANT FOR IMPORT AND EXPORT LICENCES.

To be filled in by the applicant for import and/or export licences.

1. Name and business address of the applicant.
2. Year in which the business was established.
3. Name and address in which the applicant is assessed to income-tax.
4. Whether the applicant is assessed to income-tax as:
  - (a) Individual,
  - (b) Hindu Undivided Family,
  - (c) Company,
  - (d) Firm, or
  - (e) Association of persons.
5. The income Tax Circle/Ward/District in which the applicant is assessed to income-tax.
6. (a) Reference No. (or G.I.R. No.) of the assessment.  
(b) Particulars of income-tax paid:

| Year of assessment for purpose of Income-tax | Income as assessed by the Income-tax Authority concerned. | Income-tax demanded by the Income-Tax Authority concerned | Income-tax paid. |
|----------------------------------------------|-----------------------------------------------------------|-----------------------------------------------------------|------------------|
| 1944-45                                      | .                                                         | .                                                         | .                |
| 1945-46                                      | .                                                         | .                                                         | .                |
| 1946-47                                      | .                                                         | .                                                         | .                |
| 1947-48                                      | .                                                         | .                                                         | .                |
| 1948-49                                      | .                                                         | .                                                         | .                |

(NOTE.—Amounts of income-tax shown in Columns 3 and 4 above should include all forms of tax, viz., Income-Tax, Super Tax, (Capital Gains Tax), Surchage, Excess Profit Tax, and Business Profit Tax).

- (c) If any income-tax as demanded remains unpaid, reasons for it should be clearly stated.
- (d) Whether the Company or Firm or Hindu Undivided Family on which the assessment was made has been or is being liquidated, wound up, dissolved, partitioned or being declared insolvent as the case may be.
7. In case there has been no income tax assessment, whether returns submitted under Section 22(1) or (2) and 18A(3) of the Indian Income Tax Act and if so, the amount of income returned or tax paid for each of the five years mentioned in 6(b) above.
8. The name and address of Branch(es) of the applicant.

I declare that the above information is correct and complete to the best of my information and belief.

Date.....

Signature of the Applicant  
or his authorised agent

#### TO BE FILLED IN BY INCOME TAX OFFICER.

In my opinion, the applicant mentioned above has been doing everything possible to pay the tax demands promptly and regularly and to facilitate the completion of the pending or outstanding proceedings.

Signature of the Income tax Officer

Circle/Ward/District .....

#### STATEMENT

*Showing the authorities issuing export and import licences*

##### EXPORT

- (1) Chief Controller of Exports, New Delhi.
- (2) Deputy Chief Controller of Exports, Calcutta.
- (3) Deputy Chief Controller of Exports, Bombay.
- (4) Export Trade Controller, Madras.
- (5) Export Trade Controller, Amritsar.
- (6) Export Trade Controllers at various State Ports.
- (7) Director General of Industry and Supply, New Delhi.
- (8) Secretary to the Government of India, Ministry of Food, New Delhi.

##### IMPORTS

- (1) Chief Controller of Imports, New Delhi.
- (2) Deputy Chief Controller of Imports, Calcutta.
- (3) Deputy Chief Controller of Imports, Bombay.
- (4) Import Trade Controller, Madras.
- (5) Import Trade Controllers at various State Ports.
- (6) The Steel Import Trade Controller, Calcutta.
- (7) The Development Officer (Tools), Directorate General of Industry and Supply, New Delhi.

#### RESTORATION OF AUTOMOBILES LEFT BY NON-MUSLIMS IN WEST PUNJAB

\*549. **Sardar Hukam Singh:** (a) Will the Honourable Minister of Relief and Rehabilitation be pleased to state the number of motor cars and motor lorries left by Non-Muslims in the West Punjab or forcibly taken possession of by the Government of West Punjab?

(b) What is the total value of such vehicles?

(c) How many of these have been returned to the owners?

(d) Is it a fact that their return to the rightful owners has been refused in spite of the Inter Dominion Agreements?

(e) What steps do Government propose to take to bring these vehicles to the Indian Dominion and to return them to the rightful owners?

**The Honourable Shri Mohan Lal Saksena:** (a) to (c). The information is being collected and will be laid on the table of the House in due course.

(d) The Government have no information.

(e) Under the Karachi agreement the two Deputy High Commissioners (Jullundur and Lahore) have to plan the movement of movable property from one Dominion to the other. A procedure is being evolved and is expected to come into operation soon.

#### IMPORT OF COPRA AND COCOANUT OIL FROM CEYLON

\*550. **Mr. K. A. Mohamed:** Will the Honourable Minister of Commerce be pleased to state:

(a) whether Government have entered into any agreement with the Government of Ceylon for the import of Copra or Coconut Oil during the year 1949; and

(b) if so, the quantity of Copra and Coconut Oil to be imported and the cost thereof?

**The Honourable Shri K. C. Neogy:** (a) No Sir.

(b) Does not arise.

**Mr. K. A. Mohamed:** May I know whether there were any negotiations going on in this connection.

**The Honourable Shri K. C. Neogy:** Yes.

**Mr. K. A. Mohamed:** May I know the result of the negotiations?

**The Honourable Shri K. C. Neogy:** We could not come to any settlement.

**Mr. K. A. Mohamed:** May I know the rate proposed by the Government and the rate demanded by the Ceylon Government?

**The Honourable Shri K. C. Neogy:** It is rather a complicated matter. It is not merely the rates but the periods of the agreement that are involved. If my honourable friend would give notice I would give a complete answer.

#### USE OF GOPALPUR PORT IN ORISSA

\*551. **Shri Lakshminarayan Sahu:** Will the Honourable Minister of Works, Mines and Power be pleased to state to what use is the port of Gopalpur in Orissa put now by Government?

**The Honourable Shri N. V. Gadgil:** Gopalpur is a minor Port under the administrative control of the Government of Orissa. It is presumably used as a minor Port.

**Srijut Kuladhar Chaliha:** May I know what tonnage of ships can use the Port?

**The Honourable Shri N. V. Gadgil:** I require notice.

## EMPLOYMENT OF WOMEN FOR UNDER-GROUND WORK IN KOREA COAL MINES

**\*552. Shri R. L. Malviya:** (a) Will the Honourable Minister of Labour be pleased to state whether Government are aware that the labourers in the coal-mines in Korea State (Central Provinces) are casual labourers who are used to work along with their families, and that due to the prohibition of the employment of women for under-ground work with effect from 1st January, 1949, there has been considerable dissatisfaction among them?

(b) Is it a fact that a representation has been made by the Chhattisgarh Colliery Workers' Federation of Manendragarh, Korea State (Central Provinces), to Government to provide alternate employment to the women labourers of Korea Coal Fields?

(c) If so, what steps have so far been taken by Government in the matter?

**The Honourable Shri Jagjivan Ram:** (a) This matter was brought to Government's notice last month by the honourable member himself.

(b) Yes. The honourable member during the course of the discussion suggested that some houses for miners might be constructed out of the Korea Coal Mines Labour Welfare Fund so that employment may be found for the female labour.

(c) The suggestion will be considered only after the Government have taken over the administration of the Coal Mines Labour Welfare Fund in Korea State.

**Shri R. L. Malviya:** How long will Government take to take over the administration of the Coal Mines Labour Welfare Fund of Korea State?

**The Honourable Shri Jagjivan Ram:** The matter is already being examined and as soon as all our Central Acts are enforced in the states which have merged with provinces we will take over the administration of the Coal Mines Labour Welfare Fund of Korea State.

**Mr. Speaker:** The question hour is over.

## (b) WRITTEN ANSWERS

## COAL MINES LABOUR WELFARE FUND

**\*553. Shri R. L. Malviya:** (a) Will the Honourable Minister of Labour be pleased to state the total amount collected towards the "Coal-Mines Labour Welfare Fund" up to December, 1948 and the expenditure under various heads viz., (i) housing; (ii) health, sanitation and anti-malaria measures; (iii) hospitalisation; (iv) education; (v) improvement of standard of living including recreational facilities and (vi) facility for work?

(b) What steps have so far been taken by Government to educate the coal-mine labourers and their children?

(c) What is the cost incurred towards the administration of the Labour Welfare Fund?

(d) What is the number of labour quarters constructed so far and what is the amount spent for the purpose?

(e) What is the scheme of Government for construction of labour quarters and will it be completed within the specified period?

**The Honourable Shri Jagjivan Ram:** (a) The following are the amounts collected during the years from 1944-45 to 1947-48:

Rs.

The estimated income during 1948-49 is Rs. 75,00,000. Information regarding the actual amount collected during that year upto December, 1948 and the expenditure incurred under the various heads so far is being collected and it will be laid on the table of the House.

(b) As part of a scheme for the welfare of women and children in the coalfields, Demonstration Centres are being opened at different places in the coalfield areas as opportunity occurs and finances permit where craft education is being imparted to women and the alphabets are being taught to miners' children. Visual education is provided by the mobile cinema unit maintained by the Fund. The Fund's mobile shop vans and mobile canteens which visit the collieries periodically are provided with loud speakers and the Fund's officers give talks for the benefit of mining population. A scheme for providing adult education to miners is under examination and it is proposed to construct schools for miners' children in townships which are being built as part of a general scheme for housing the coal miners.

(c) The following is the expenditure incurred towards administration of the Coal Mines Labour Welfare Fund during the years 1944-45 to 1946-47:

|         | Rs.    |
|---------|--------|
| 1944-45 | 22,555 |
| 1945-46 | 67,215 |
| 1946-47 | 88,255 |

(d) So far construction of 98 quarters for miners has been completed. 750 quarters are nearing completion. Information regarding actual expenditure incurred is not readily available. I may however mention that the estimated cost per house is Rs. 4,000.

(e) I would invite the attention of the honourable member to the reply given by me on 2nd April, 1948 to question No. 1177 on the subject asked by Shri V. C. Kesava Rao in which I had explained the scheme of the Government for construction of miners' quarters in coalfields. The execution of the scheme was to be completed in about 5 years. The period is likely to be prolonged in view of the anti-inflation measures now undertaken by Government.

## LABOUR WELFARE FUND OF KOREA STATE IN C. P.

**\*554. Shri R. L. Malviya:** (a) Will the Honourable Minister of Labour be pleased to state what steps have been taken by Government to take over the Labour Welfare Fund of Korea State in the Central Provinces?

(b) What is the total amount of the fund collected, what was the expenditure incurred and what was the balance received by Government?

(c) Is it a fact that most of the fund is spent on anti-malaria measures and if so, what amount has been spent on this head?

(d) Is it a fact that anti-malaria activities in Korea were carried on by the Bengal Nagpur Railway Administration and if so, what was the total expenditure and what percentage has been contributed from the fund?

**The Honourable Shri Jagjivan Ram:** (a) The Government have asked the Coal Mines Welfare Commissioner to visit Korea and to submit in consultation with the local authority concerned detailed proposals for collection and administration by the Central Government of the Welfare Fund.

- (i) printing machine and newsprint;
- (ii) fountain pens;
- (iii) diesel oil tractors;
- (iv) cloth;
- (v) sugar; and
- (vi) oil engines?

**The Honourable Shri K. C. Neogy:** I lay on the table of the House a statement giving the required information as far as available.

N. A.—Not available.

The statistics exclude the direct foreign trade of the Pakistan provinces of Sind and East Bengal with effect from the 1st and the 15th August 1947 respectively. The sea-borne trade of India with Pakistan is included from 1st March 1948. From 1st April 1948 imports on Government account have also been included. The foreign sea-borne trade of Kutch has been included from 1st June 1948.

# CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE)

## DEBATES

## (PART I—QUESTIONS AND ANSWERS)

Tuesday, 29th March, 1949

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock, Mr. Speaker (The Honourable Mr. G. V. Mavalankar) in the Chair.

## STARRED QUESTIONS AND ANSWERS

## ORAL ANSWERS

## REORGANISATION OF MILITARY ACCOUNTS DEPARTMENT

**\*1443. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Finance be pleased to state whether any decisions regarding the reorganisation of the Military Accounts Department have been arrived at and if not, what are the reasons for the delay?

(b) Has the question of the formation of new sub-offices and their location and the location of existing offices, which was under the consideration of Government, been settled? If not, why not?

**The Honourable Dr. John Matthai:** (a) The answer is in the negative. The permanent set up of the Military Accounts Department is dependent upon the post-war permanent strength and disposition of the Armed Forces which have not yet been settled.

(b) For the same reasons, the answer to this part of the question is also in the negative. In this connection, the attention of the honourable member is invited to my reply to Starred Question No. 343.

**Shri R. K. Sidhva:** May I know whether his predecessor on the 10th August made a reply that this matter was receiving active consideration of Government?

**The Honourable Dr. John Matthai:** As I said in my reply, this question is bound up with the determination of the final strength and disposition of the Armed Forces. Since now we are still in a rather indeterminate kind of position regarding the future strength of the Army, the question continues to remain under consideration.

**Shri R. K. Sidhva:** But is it under consideration? His predecessor on the 10th August stated that the matter was under consideration.

**Mr. Speaker:** I think it is no use putting that question. The honourable member knows the progress of events in India.

## WORKING OF DEFENCE SCIENCE ORGANISATION

**\*1444. Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Defence be pleased to state the progress made in the working of the Defence Science Organisation?

(b) Is there any liaison between this organisation and the eminent scientists in the country?

**The Honourable Sardar Baldev Singh:** (a) and (b). I would refer the honourable member to Section V of the printed statement of the Activities of

†Answer to this question laid on the table, the questioner being absent.

So far as information is available the total annual income of the Korea Coal Mines Labour Welfare Fund is about Rs. 4 lakhs.

(d) Anti-malaria measures in Korea are carried out by the Bengal Nagpur Railway Administration. I have given the figures of total expenditure incurred in the reply to part (c). The entire expenditure is met out of the Korea Coal Mines Labour Welfare Fund.

LABOUR WELFARE FUND ADVISORY COMMITTEE OF KOREA STATE IN C. P.

\*555. **Shri R. L. Malviya:** (a) Will the Honourable Minister of Labour be pleased to state whether Government propose to take any steps to include a representative of labour from Korea Coalfields in the Advisory Committee of the Coal Mines Labour Welfare Fund to safeguard the interests of labour in this field and if so, when?

(b) Have Government any scheme for the welfare of labour in Korea coal-field, and if so, what?

(c) Is it a fact that the Labour Welfare Fund Advisory Committee of Korea represented to the Government of India through the Government of the Central Provinces for the sanction of Rs. 1,000 per month for the education of labour in Korea Coalfield and if so, with what result?

**The Honourable Shri Jagjivan Ram:** (a) This point will be considered after the Government have taken over the administration of the Korea Coal Mines Labour Welfare Fund.

(b) Government have arranged for the execution through the agency of the Bengal Nagpur Railway Administration of anti-malaria measures expenditure on which is being met from the Korea State Coal Mines Labour Welfare Fund. Further Welfare Schemes will be considered after the administration has been taken over.

(c) No such representation has so far been received. Honourable member, however, mentioned this during discussion.

\*556. [POSTPONED TO BE ANSWERED ON 24TH FEBRUARY, 1949.]

## CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) DEBATES

### (PART I—QUESTIONS AND ANSWERS.)

*Tuesday, 22nd February, 1949.*

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock, Mr. Speaker (The Honourable Mr. G. V. Mavalankar) in the Chair.

### STARRED QUESTIONS AND ANSWERS

#### (a) ORAL ANSWERS.

#### ESTABLISHMENT OF DEFENCE SCIENCE ORGANISATION

\*557. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Defence be pleased to state whether it is a fact that Government have prepared a plan to establish a Defence Science organisation to conduct research in connection with the Army, Navy and Air Force?

(b) Is it contemplated under this scheme to manufacture all kinds of weapons in India instead of importing them?

(c) Has the service of any foreign scientist been requisitioned and if so, what are the details?

(d) How far has this plan progressed?

**The Honourable Sardar Baldev Singh:** (a) Yes.

(b) No, this is not one of the functions of the Defence Science Organisation.

(c) Professor P. M. S. Blackett of the Manchester University was invited by the Government of India for a short stay in this country and discussions were held with him on the general principles relating to the scientific problem of defence in relation to the needs of the Indian Armed Forces.

(d) The Defence Science Organisation has just been started. A start has been made by appointing a Scientific Adviser to the Ministry of Defence. Provision has also been made for the recruitment of about 40 senior scientists and 100 junior scientists. Funds have also been provided for the establishment of a laboratory for defence research.

**Shri R. K. Sidhva:** In answer to (b) the Honourable Minister said that this is not one of the objects. May I know what is the object?

**The Honourable Sardar Baldev Singh:** The object of this scientific organisation is not to manufacture arms and equipment. Its object is absolutely different.

**Shri R. K. Sidhva:** Is the object to carry out improvements in arms and ammunition?

**The Honourable Sardar Baldev Singh:** Yes, to carry on research.

**Shri R. K. Sidhva:** May I know whether Dr. Kothari, the Special Scientist in the Defence Ministry, has made any report in this matter?

**The Honourable Sardar Baldev Singh:** Dr. Kothari has been appointed the Scientific Adviser and is the principal man in this organisation. His reports are submitted occasionally to the Department.

**Shri S. Nagappa:** In answer to (d) the Honourable Minister said that they have just begun the organisation. May I know when Government expect to have a complete scientific defence organisation?

**Shri H. V. Kamath:** Are any foreign scientists proposed to be employed directly or as advisers?

**The Honourable Sardar Baldev Singh:** As I have already stated, we have not directly employed any foreign scientists. But the question is open; if it is found necessary, then we will employ them, otherwise not.

**Pandit Lakshmi Kanta Maitra:** May I know if Prof. Blackett was consulted over this matter when he came over here?

**The Honourable Sardar Baldev Singh:** Yes, all these appointments and the scientific organisation that we have now established, has been done in consultation with Prof. Blackett.

**Shri S. Nagappa:** Sir, what I wanted to know was whether there was a plan—a five years' or ten years' scheme—in order to see that they complete the work in this respect as early as possible?

**Mr. Speaker:** Scientific progress can never be complete. Next question.

#### PRIVILEGE TICKET ORDER CONCESSION

\*558. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether it is a fact that Government have sanctioned a concession, similar to the Privilege Ticket Order obtaining in the case of Railway employees, with retrospective effect from 1st January, 1948 to all civil Government employees?

(b) If so, is this concession extended to all low paid staff such as peons, havildars, sweepers, etc.?

(c) If not, do Government contemplate giving similar concessions to this class of employees?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) Yes.

(b) The concession is admissible to all non-railway Central Government servants provided they have been in continuous service for one year and are full-time Government servants, and are not in receipt of any other concession of a similar nature. The concession is not at present admissible to sweepers who are paid from contingencies.

(c) This is under consideration.

**Shri R. K. Sidhva:** Sir, am I to understand that the peons, havildars and sweepers are not entitled to this concession of passes?

**Mr. Speaker:** I think he excepted the sweepers.

**The Honourable Shri Satyanarayan Sinha:** Those who are paid out of contingencies are not included. Others are.

**Shri R. K. Sidhva:** May I know whether the question of peons and havildars is being considered?

**The Honourable Shri Satyanarayan Sinha:** I said the other question was also under the consideration of the Government.

**Shri R. K. Sidhva:** But what is the object in excluding those classes of people? When Government have sanctioned it for all the employees, may I know why these peons and havildars are excluded?

**Mr. Speaker:** The matter is under consideration, and Government have not come to any conclusion yet.

**Shri S. Nagappa:** May I ask whether Government would consider the desirability of including those people that are paid from contingencies also?

**Mr. Speaker:** That is what he said. It is under the consideration of Government. The honourable member does not listen to the answer carefully and is in a hurry to put a question.

**Shri R. K. Sidhva:** While giving this concession, Government have allowed it to everybody excepting these peons. Why did they exclude them at that time?

**Mr. Speaker:** That is a matter which has been continuing from long past. But it is under consideration.

**Shri R. K. Sidhva:** I understand it, but when they sanctioned the scheme why did they omit this class?

**The Honourable Shri Satyanarayan Sinha:** I do not know. I cannot answer that question.

#### USE OF CROWN EMBLEM BY HIGH COURTS

\*559. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether it is a fact that the High Courts in India still show the Crown Emblem on their publications and Gazettes?

(b) If so, do Government propose to issue instructions to substitute it by the Emblem of the Dominion of India?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) Yes.

(b) Steps are being taken for the replacement of the Crown Emblem by the new State Emblem. In some cases legislation is necessary for the purpose.

**Shrimati G. Durgabai:** Will the Honourable Minister be pleased to tell us whether he has any information of any High Court or High Courts in India who have already effected this change?

**The Honourable Shri Satyanarayan Sinha:** They have been informed about it and all the High Courts are going to effect the change. Bombay and West Bengal may have to bring in some legislation because according to the Letters Patent Act that emblem is used in those Provinces; therefore, unless the Letters Patent Act is amended it cannot be done.

**Shri R. K. Sidhva:** May I know if all the High Courts are not governed by one Letters Patent Act and why Bombay and West Bengal alone have to introduce legislation?

**Mr. Speaker:** I do not think this matter should be pursued because it is a matter of legislation.

**Shri H. V. Kamath:** Sir, why have our Temples of Justice lagged behind the times?

**Mr. Speaker:** Order, order.

**Seth Govind Das:** Is it not a fact, Sir, that besides the High Courts, in lower Courts and in many other places this emblem is still being used? Is Government giving instructions to remove this emblem from everywhere?

**The Honourable Shri Satyanarayan Sinha:** I think all possible steps are being taken in this direction. The High Courts have also been informed. I hope in the near future all these emblems will be replaced by the State Emblem.

**Shri R. K. Sidhva:** Sir, with your permission I want to point out that there is some typographical mistake in Question No. 560. Instead of 'Delhi Cantonment station', it should be 'Delhi Cantonment Road'.

**Mr. Speaker:** I do not know how the mistake came in.

**Shri R. K. Sidhva:** I myself cannot say just now whether it is my mistake or the mistake of the office, but the mistake is there.

**Mr. Speaker:** The original mentions 'station'.

## THEFT OF TELEGRAPH WIRE FROM DELHI CANTONMENT

\*560. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether it is a fact that there has been continuous theft of Telegraph wires from Delhi Cantonment station?

(b) How many such cases have been recorded and how many cases were detected after investigation?

(c) What is the total loss of this article?

(d) Are these wires kept in the open or in godowns and what are the safety measures taken by Government to stop such thefts?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) No.

(b) to (d) Do not arise.

**Shri R. K. Sidhva:** May I know whether on the Delhi Cantonment Road there have been many thefts of these wires and whether some arrests have been made?

**The Honourable Shri Satyanarayan Sinha:** So far as the godowns in Delhi are concerned, no theft of copper wire has been reported because the stocks are generally kept in an enclosed space guarded by chowkidars.

**Shri R. K. Sidhva:** Has Government's attention been drawn to thefts on the road side?

**The Honourable Shri Satyanarayan Sinha:** I would like notice of that.

## MUNICIPAL CORPORATION FOR DELHI

\*561. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Health be pleased to state whether the Government of India have any proposal for raising the Municipal Committee of Delhi to the status of a Corporation to have jurisdiction over the municipal areas of Delhi, New Delhi, Civil Lines and the suburban towns?

(b) Do Government intend to introduce legislation for this purpose and if so, when?

**The Honourable Rajkumari Amrit Kaur:** (a) and (b). As a result of the recommendations of the Delhi Municipal Organisation Enquiry Committee, the question of amalgamating all municipal bodies in the Delhi urban area and constituting a single Municipal administration is under the consideration of Government. In this connection I would invite the honourable member's attention to the reply I gave to starred question No. 445 on the 17th February, 1949.

## EXTENSION OF LIFE OF DELHI MUNICIPAL COMMITTEE

\*562. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Health be pleased to state whether Government are aware that the population of Delhi has greatly increased owing to the influx of refugees from West Punjab, N. W. F. P. and Sind and that there is discontent and dissatisfaction for prolonging the life of the Municipal Committee inasmuch as a large section of the population remains unrepresented?

(b) For what reasons was extension granted to Delhi Municipality in July, 1948?

(c) What is the basis of Municipal franchise at present?

(d) Do Government propose to hold Municipal elections on the basis of adult franchise, and if so, what steps have been taken or are being taken to implement the same?

**The Honourable Rajkumari Amrit Kaur:** (a) Government are aware of the large influx of refugees into Delhi. They have no information, however, that

## STARRED QUESTIONS AND ANSWERS

901

there is any discontent or dissatisfaction because the life of the Delhi Municipal Committee has been extended. Of the eight members recently nominated by the Chief Commissioner to fill vacant seats four are refugees.

(b) General elections for the Delhi Municipal Committee were due to be held between March and July 1948. But the life of the Committee was extended for a period of one year from August 1948 because (i) owing to communal disturbances the preparation of electoral rolls could not be undertaken and (ii) the future of Municipal administration in the Delhi urban area was, at the time, under the consideration of Government as a result of the recommendations of the Delhi Municipal Organisation Enquiry Committee.

(c) The honourable member's attention is invited to Part II of the Delhi Municipal Committee Election Rules, 1944, a copy of which is laid on the table of the House.

(d) Government will naturally consider the question of the introduction of adult franchise in Municipal elections.

## STATEMENT

## DELHI MUNICIPAL COMMITTEE ELECTION RULES, 1944

## PART II

## Qualification of voters

2.1. No person shall be entitled to vote in an election unless he is enrolled and registered as a voter of the ward in which the election is to be held.

2.2. No person shall be enrolled in the electoral roll as a voter unless he has during the six months immediately preceding the first day of November next before the election been a resident of the municipality of Delhi and is an adult and—

(1) In the case of males—

(i) is on the first day of November preceding the election the owner of premises situated within the ward whereon house tax has been assessed to the extent of at least two rupees four annas a year; or

(ii) is on that date and has been during the whole of the then last preceding six months an adult, inhabiting as an occupier premises within municipal limits of which the monthly rent as taken for the purpose of the assessment of house tax is not less than three rupees; or

(iii) has passed the school leaving certificate or the matriculation or any higher examination of any British or Indian university recognised by their respective Governments, or is a Munshi, a Maulvi, Ratan, Parbhakar, Bhushan, Shastri, or Pragma or has passed any higher examination in Oriental languages of any recognised Indian university; or

(iv) has paid income-tax during the year preceding the election; or

(v) is in receipt of a regular pension from Government.

(2) In the case of females—

(i) is on the first day of November preceding the election the owner of premises situated within the ward whereon house tax has been assessed to the extent of at least two rupees four annas a year; or

(ii) is on that date and has been during the whole of the then last preceding six months an adult, inhabiting as an occupier premises within municipal limits of which the monthly rent as taken for the purposes of the assessment of house tax is not less than three rupees; or

(iii) has passed the middle school or any higher examination; or

(iv) has paid income-tax during the year preceding the election.

*Explanation I.*—For the purposes of this section, premises means a set of quarters for which a single rent is paid.

*Explanation II.*—In the case of joint ownership every amount of two rupees four annas per annum of house tax assessed shall entitle one adult joint owner to be a voter.

*Explanation III.*—Every three rupees per mensem of rent shall entitle one adult inhabitant of any premises being a member of the family of the principal occupier thereof to be a voter.

*Explanation IV.*—In case of firms, the names of the firm shall not be entered but the names of as many partners shall be registered as are qualified in respect of the premises occupied by the firm.

*Explanation V.*—A joint stock company shall be regarded as a person and entitled to vote provided the name of its representative duly authorised in this behalf by such joint stock company has been communicated to the Secretary by a registered notice before the fourteenth day of September :

Provided that in no case shall any person be entitled to exercise more than one vote in any constituency.

**Pandit Mukut Bihari Lal Bhargava:** Will any legislation be necessary for holding elections on adult franchise?

**The Honourable Rajkumari Amrit Kaur:** Executive power vests under the present conditions. There is no question of legislation.

#### ANTI-TUBERCULOSIS CAMPAIGN IN DELHI AND AJMER-MERWARA

\*563. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Health be pleased to state what steps, if any, have been taken by the Government of India to counteract the menace of Tuberculosis in the Centrally Administered areas of Ajmer-Merwara and Delhi?

(b) When do Government expect to have the production of vaccine stepped up and have sufficient number of trained workers to undertake mass vaccination?

**The Honourable Rajkumari Amrit Kaur:** (a) A statement is laid on the table of the House. Attention is also invited to the reply given to part (b) of starred question No. 776 asked by Shri H. V. Kamath on the 16th March, 1948.

(b) The quantity of B.C.G. vaccine manufactured by the B.C.G. Laboratory, Guindy, Madras, is considered sufficient for the requirements of the country. Sufficient number of trained workers to undertake mass vaccination will be available after the six teams promised by the United Nations International Children's Emergency Fund have worked in India for one year. They are expected shortly and they will train Indian workers.

#### STATEMENT

*Steps taken or proposed to be taken to counteract the menace of Tuberculosis in Ajmer-Merwara and Delhi*

##### Ajmer-Merwara—

(1) Patients suffering from tuberculosis are examined twice a week i.e. on Mondays and Thursdays in the Anti-Tuberculosis Clinic started in 1944 in the Victoria Hospital, Ajmer. Sputum, X-rays and Blood Sedimentations rates of suspected cases are carried out free of cost. X-ray diagrams of very doubtful cases are taken free of charge. The two Tuberculosis Wards—one for males and another for females comprising 10 beds each, attached to the Victoria Hospital, Ajmer, afford some relief to the inhabitants of Ajmer-Merwara. The Hospital gives them shelter, food and medicine to alleviate their most urgent symptoms. Besides this a private sanatorium run by the Missionaries of the Methodist Episcopal Church known as "Madar Union Sanatorium", is situated at Madar, five miles from Ajmer. It has got 125 beds (including 19 cottages) and affords full facilities for giving the most modern and up-to-date scientific treatment for the relief and cure of the tuberculosis patients.

(2) In the Ajmer-Merwara Medical and Public Health Post War Five Years Plan which is under consideration, there is a scheme for the establishment of a Tuberculosis Clinic in the Victoria Hospital, Ajmer. This Clinic will work in close co-operation with the Madar Union Sanatorium. The Sanatorium authorities have agreed to allot 40 beds at their Sanatorium for the treatment of poor patients who will be sent there from the Victoria Hospital Tuberculosis Clinic or from other Health Centre in the District. All these patients will get free treatment including diet and the Government will pay a subsidy of Rs. 50,000 per annum to the Sanatorium for the purpose. In addition the Sanatorium authorities have also agreed to reserve 10 special beds for paying patients in addition to 40 beds. The scheme is under consideration.

(3) It is proposed to extend the scheme of B.C.G. Vaccination Programme to Ajmer-Merwara during the year 1949.

##### Delhi—

(1) The Silver Jubilee Tuberculosis Hospital had accommodation for 96 patients. Forty beds have been added recently to meet heavy demands from the general public of Delhi, and the refugees. In addition there are three Tuberculosis Clinics for out-door treatment. To these Clinics "Care and After Care Committees" have been attached, which provide for the treatment of patients in their respective wards of the city. The Provincial Tuberculosis Association, Delhi, spends a sum of Rs. 38,000 on these "Care and After Care Committees" on account of the pay and allowances of staff and also for the free supply of milk to the indigent patients. A Scheme for the expansion and reorganisation of Tuberculosis Hospital in Delhi is under consideration. A Scheme is also under preparation to have three additional Tuberculosis Clinics for Diagnosis and care and after-care treatment of patients.

(2) In consideration of the valuable work which the Ramakrishna Mission Tuberculosis Clinic is doing to the public, a non-recurring grant of Rs. 40,000 was paid to the Mission in 1945-47 towards the construction of the Clinic. Another non-recurring grant of Rs. 54,000 has been sanctioned to the Mission towards the cost of electrical and sanitary fittings, medical appliances and furniture.

(3) B.C.G. Vaccination was started in Delhi in October, 1948, with the co-operation of the World Health Organisation team and the Indian team is already trained and the work is proceeding satisfactorily. School children are being tested and vaccinated. Nearly over 8,000 tests and 2,000 vaccinations have been done so far. The vaccination is becoming increasingly popular and it is found that one team for vaccination is not enough for Delhi. Arrangements have been made to have a second team trained for extending the vaccination programme in the Province.

**Shri H. V. Kamath:** In view of the recommendations of the Chopra Committee which have just been published, do Government propose to take steps in the direction of developing the Ayurvedic treatment of this disease?

**The Honourable Rajkumari Amrit Kaur:** That question will arise when the policy of Government in regard to the Chopra Committee recommendations has been announced.

**Seth Govind Das:** When is Government going to take the report into consideration and when are they going to come to a conclusion as far as the Chopra Committee is concerned?

**The Honourable Rajkumari Amrit Kaur:** The report, as honourable members are aware, has just come out. I think copies have been circulated.

**Seth Govind Das:** No, no.

**Shri H. V. Kamath:** We have just seen the report published in the newspapers.

**The Honourable Rajkumari Amrit Kaur:** Well, then, it will be circulated. We have only just got it and the matter is under our consideration.

**Seth Govind Das:** Is it not a fact that this question has been under contemplation for a very long time and the Chopra Committee gave its report after a very long time? Under these circumstances, are Government going to announce any policy with respect to Ayurved before the termination of this session of the Assembly?

**The Honourable Rajkumari Amrit Kaur:** The Chopra Committee report was actually given in last August, but the appendices did not come in till October, so that printing could not be taken in hand till October and printing has only just been finished. Honourable members are aware as to why the delays took place in the actual submission of this report and honourable members are also aware that when reports come in they have to be circulated to the Provincial Governments for their opinion. All this takes time, but I can assure the House that I shall try to take a decision in this matter as early as possible.

**Shri H. V. Kamath:** As part of the treatment of tuberculosis—preventive, no less than curative—what steps do Government propose to take to provide nutritious diet to the people of this country?

**Mr. Speaker:** Order, order.

**IMPLEMENTATION OF RECOMMENDATIONS OF BHORE COMMITTEE IN DELHI  
AND AJMER-MERWARA**

**\*564. Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Health be pleased to state what measures have so far been taken by the Government of India to implement the recommendations of the Bhole Committee in the Centrally Administered areas of Ajmer-Merwara and Delhi?

(b) Have any definite schemes been prepared and given effect to in these areas?

(c) If so, what are they and what expenditure, recurring and non-recurring has been provided for such schemes?

**The Honourable Rajkumari Amrit Kaur:** (a) to (c). A number of Schemes have been drawn up in accordance with the recommendations of the Bhole Committee for the Centrally Administered Provinces of Ajmer-Merwara and Delhi. A statement showing the Schemes and details of the Budget provision for them is laid on the table of the House. Some Schemes have already been given effect to or will be given effect to very shortly and all the other Schemes are expected to be implemented early in the next financial year.

**STATEMENT**

|                                                                         |                                      | Budget Provision during 1949-50               |                   |                   |

| 1. Establishment of two primary health centres at Nerela and Najafgarh. | } Lump provision of Rs. 24.50 lakhs. | ..                                            | 1,23,000          | 5,26,000          |
| 2. Irwin Hospital—Extension of Ward Block V-48 Beds.                    |                                      | 8,000                                         | 34,000            | 1,74,000          |
| 3. Improvement of drinking wells .                                      |                                      | ..                                            | 66,000            | ..                |
| 4. Infectious Diseases Hospital Delhi                                   |                                      | ..                                            | ..                | 4,00,000          |
| 5. Nurses Home, Irwin Hospital .                                        |                                      | ..                                            | ..                | 3,00,000          |

**POPULARISING NATIONAL SAVINGS CERTIFICATES**

**†\*565. Prof. N. G. Ranga:** (a) Will the Honourable Minister of Finance be pleased to state what means and methods are being adopted to popularise National Savings Certificates?

(b) Are any voluntary organisations of peasants, workers and urban middle-classes being invited to co-operate in this work?

(c) Is any commission being given to those who tour among the people and canvass for subscription?

(d) If so, what is the rate of commission?

(e) How do the subscriptions of the year 1948 compare with those for 1947 and 1946?

**The Honourable Dr. John Matthai:** (a) The savings movement is developed through organisation of savings groups and by publicity through the Press, posters, Broadcast appeals and other forms of propaganda.

(b) Yes. Small Savings Committees with non-official members function in urban and rural areas in many parts of the Country.

(c) No. But the question of reviving the authorised agency system is under consideration.

(d) Does not arise.

(e) It will be misleading to compare the sales in 1948 with the sales in 1946 and 1947 owing to the partition of the Country. If allowance is made for this, the gross sales in 1948 compare favourably with those of previous years.

**EDUCATION OF THE BLIND**

**†\*566. Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Education be pleased to state what steps have been taken to educate the visually handicapped?

(b) How many institutions are being run by the Government of India for this purpose?

(c) What are the trades which are being taught to them and how many are usefully employed at present?

**The Honourable Maulana Abul Kalam Azad:** (a) To further the cause of the education of the blind in India, a common Braille Code for major Indian Languages, known as Uniform Indian Braille has been drawn up, and its use has been recommended to all the Institutions for the Blind in India. To publish suitable literature and text-books for the blind, a Central Braille Printing Press is being set up. Expert advice is being given, whenever necessary, to all the existing institutions for the blind. Attempts are being made for giving grants-in-aid to all the institutions for the blind for transcribing books in Braille, pending the establishment of the Press.

*Deepavali*, a periodical, devoted to the education and welfare of the blind, is being published in Braille as well as in ink-print and is being distributed to all the institutions free of charge.

Tangible apparatus and appliances imported by the public institutions for the blind, for the use of their trainees, have been exempted from the payment of Customs Duty.

(b) At present there is no institution for the blind run by the Government of India. The Government of India, are, however, considering the question of provincializing the existing Institution for the Blind in Ajmer-Merwara as early

as possible. Besides, the establishment of a National Centre for the Blind in Dehra Dun, is making good progress.

(c) Trades, such as cane-weaving, basket-making, coir-matting, carpet-making, loom-weaving, elementary carpentry, elementary book-binding, broom-making, etc., are taught in almost every institution. From available information, approximately 1,000 blind men who have received training in the existing institutions are usefully employed.

#### TRAINING OF R. I. N. OFFICERS AND RATINGS

†\*567. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Defence be pleased to state whether there is any arrangement with the United Kingdom to train R.I.N. Officers and ratings?

(b) What is the number of such personnel being trained and for how long have these facilities been offered?

(c) When is it expected that India would be able to train its own navy personnel?

**The Honourable Sardar Baldev Singh:** (a) Yes.

(b) The total number is 313, comprising 93 officers and 220 ratings. Under existing arrangements, facilities will be available for the initial training of cadets up to 1951. Arrangements for the specialist training of officers and ratings are made as and when necessary.

(c) By 1954. Training of all ratings, except 1st class rates has already commenced in India and it is hoped that within the next three years training of all ratings will be possible in India.

#### NEW MINT AT ALIPORE

†\*568. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Finance be pleased to state when the construction of the new Mint at Alipur will be completed?

(b) Is it proposed to amalgamate it with the existing mint at Calcutta?

(c) What are the special features of the Alipur Mint?

(d) What research is being done for the electro-refining of silver?

**The Honourable Dr. John Matthai:** (a) Completion in all respects particularly of the new silver refinery which has not yet begun may take another two to three years but the new Mint is expected to commence operation in certain departments in a few months.

(b) Yes; it will replace the existing Calcutta Mint which is no longer suitable for modern requirements.

(c) The special features of the new Alipore Mint are:

(i) The installation of special equipment for the processing of pure nickel and the production of pure nickel coins;

(ii) The installation of modern plant and equipment, enabling minting and the production of medals to be effected in the most economical manner;

(iii) The installation of a ventilation scheme which will appreciably improve the comfort conditions of the workmen;

(iv) The installation of Producer Gas Plant, which will enable the Mint to produce its own gas from coke for certain processes;

(v) The minting capacity of the new Mint will be larger than that of the existing Mint.

† Answer to this question laid on the table, the questioner being absent.

(vi) The installation of a Silver Refinery to recover pure silver from Quaternary Alloy coins.

(d) A large amount of research work on the electrolytic refining of Quaternary Alloy Silver has been undertaken during recent years by the Assay Department of the India Government Mints. This has resulted in the evolution of a practical process for such work, parts of which have since been patented and it is proposed to use them in the Silver Refinery of the new Alipore Mint.

#### EXPANSION OF PRIMARY EDUCATION IN AJMER-MERWARA

\*569. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Education be pleased to state whether the Government of India have received any schemes for the expansion of primary education within the Municipal limits of Ajmer and Beawar from these Municipalities and if so, what action has been taken thereon?

(b) Do Government intend to make any provision for recurring and non-recurring expenditure for the expansion of primary education in these areas in the next year's budget?

(c) Have Government taken any decision in the matter of taking over primary and secondary education into their own hands from the Municipalities and Local Boards in the Province of Ajmer-Merwara? If so, in what stages will it be done and by which time is the scheme likely to be completed, and if not, why not?

آنریبل مولانا ابوالکلام آزاد : (a) سے (c) کی میونسپل حد بندی کے اندر پرائمری ایجوکیشن کو پھیلانے کی ایک اسکیم گورنمنٹ کو ملی ہے جو لوکل میونسپل کمیٹی نے بھیجی تھی۔ اس پر غور کیا جا رہا ہے۔ گورنمنٹ آف انڈیا نے تجویز کیا ہے کہ اپنے دوست وار دیپوٹمینٹ پلان کو کام میں لاتے ہوئے یونیورسل کمپلری بیسک ایجوکیشن اجمیر-مروارا کے پورے پرائمری میں شروع کر دے۔ کام کا نقشہ بنایا جا رہا ہے اور اُمید کی جاتی ہے کہ نئے فائینشیل برس سے اس پر عمل شروع ہو جائیگا۔

یہ سوال کہ پرائمری اور سیکنڈری ایجوکیشن کو میونسپل کمیٹی اور لوکل بورڈ کے ہاتھوں سے لے لیا جائے گورنمنٹ کے سامنے آچکا ہے اور نئی اسکیم کے سلسلے میں اسے جانچا جا رہا ہے۔

**The Honourable Maulana Abul Kalam Azad:** (a) to (c). A scheme for the expansion of primary education within the Municipal limits of Beawar was received from the local Municipal Committee and is under consideration. The Government of India propose to introduce universal compulsory basic education by stages throughout Ajmer-Merwara as part of their post-war educational development plan. Details are being worked out and it is expected that the scheme will come into operation from the beginning of the next financial year. The question of taking over primary and secondary education from the hands of the Municipalities and Local Boards is being examined in this connection and is still under consideration.

श्री एच० वी० कामत : क्या माननीय शिक्षा मंत्री यह बतलाने की कृपा करेंगे कि दिल्ली, अजमेर मेरवाड़ा और कुर्ग में निकट भविष्य में प्राथमिक शिक्षा को लाजिमी बनाने की योजना सरकार के सामने है ?

908 CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [22ND FEB. 1949]

**Shri H. V. Kamath:** Will the Honourable Minister please state whether Government have under consideration any scheme for the introduction in the near future of compulsory primary education in the Provinces of Delhi, Ajmer-Merwara and Coorg?

آنریبل مولانا ابوالکلام آزاد : ہاں - کوشش کی جارہی ہے - دہلی میں شروع ہو

چکی ہے -

**The Honourable Maulana Abul Kalam Azad:** Yes. Efforts are being made. This has already been started in Delhi.

श्री एच० वी० कामत : और अजमेर मेरवाड़ा और कुर्ग में ?

**Shri H. V. Kamath:** And what about Ajmer-Merwara and Coorg?

آنریبل مولانا ابوالکلام آزاد : نئے فائنڈیشنل برس سے شروع کی جائے گی -

**The Honourable Maulana Abul Kalam Azad:** This will be introduced with effect from the ensuing financial year.

#### INDIANS EMPLOYED IN INTERNATIONAL MONETARY FUND AND INTERNATIONAL BANK

\*570. **Shri K. Hanumanthaiya:** (a) Will the Honourable Minister of Finance be pleased to state whether India has become a member of the International Bank?

(b) Have any Indians been appointed on the staff of the International Monetary Fund and the International Bank?

(c) If so, what are their names, their posts and the salaries drawn by them?

**The Honourable Dr. John Matthai:** (a) and (b). Yes, Sir.

(c) I lay a statement on the table of the House showing the names of Indian officers, the posts held by them and the salaries drawn.

#### STATEMENT

| Name of Officer                    | Post held                                                                                | Pay                                                                |
|------------------------------------|------------------------------------------------------------------------------------------|--------------------------------------------------------------------|
| <i>International Monetary Fund</i> |                                                                                          |                                                                    |
| Dr. Gyan Chand                     | Chief of Finance Division.<br>Resigned 15th September, 1948                              | Salary (net of taxes):<br>\$9,700 p. a. (inclusive of allowances). |
| Prof. J. J. Anjaria                | Assistant Chief, Far East Division.<br>Resigned October 8, 1948                          | Salary (net of taxes):<br>\$8,250 p. a. (inclusive of allowances.) |
| Dr. P. J. J. Pinto                 | Economist, Far Eastern Division.<br>Resigned 24th November 1948                          | Salary (net of taxes):<br>\$5,210 p. a. (inclusive of allowances). |
| Mr. B. R. Shenoy                   | Research Department Technical Representative in Far East. Joined in early January, 1949. | Salary (net of taxes):<br>\$9700 p. a.                             |
| Miss N. K. Ambegaokar              | Assistant. Joined early October 1948                                                     | Salary \$ 4,200 p. a. inclusive of allowances).                    |
| <i>International Bank</i>          |                                                                                          |                                                                    |
| Mr. S. R. N. Badri Rao             | Economist                                                                                | Salary \$5,440 p. a.<br>Allowance Nil.                             |

**Shri K. Hanumanthaiya:** Is the Government of India satisfied regarding the quota of appointments for India?

**The Honourable Dr. John Matthai:** I am not satisfied in this sense. I think the number of Indians now on the staff of the Monetary Fund is small, but I do not put the responsibility down to the Fund. I have seen no indication of any sort of unwillingness on the part of the Fund. The real difficulty is that they insist on the officers spending a period of five years on the staff and our officers have shown a general reluctance to stay so long. In the statement I have laid on the table, there are five officers on the staff of the International Monetary Fund. Out of the five, I think already three have left or have indicated their desire to come back.

**Shri K. Hanumanthaiya:** Has wide publicity been given, so that people in India may apply for these posts?

**The Honourable Dr. John Matthai:** A great deal of publicity has been given.

**Shri L. Krishnaswami Bharathi:** Who appoints them?

**The Honourable Dr. John Matthai:** References come from the International Monetary Fund both to the Reserve Bank and to the Central Government and we make every effort to see that people with suitable experience of banking or work of an economic kind are contacted.

**Shri R. K. Sidhva:** What kind of publicity is given, may I know? Do they advertise in the newspapers when these posts are to be filled?

**The Honourable Dr. John Matthai:** We do not advertise.

**Shri S. Nagappa:** May I know the general terms on which our country has become a member of this Fund and what is the borrowing capacity that is allowed?

**Mr. Speaker:** Order, order. The question does not arise out of this.

**Shri K. Hanumanthaiya:** Will Government be pleased to state steps to sufficiently advertise the vacancies, so that people may apply?

**Mr. Speaker:** Order, order. This is a suggestion for action.

**Pandit Lakshmi Kanta Maitra:** Do I take it that some representative from the Finance Department is also put in there besides the representative from the Reserve Bank?

**The Honourable Dr. John Matthai:** Put in where?

**Pandit Lakshmi Kanta Maitra:** In the organisation of the International Monetary Fund.

**The Honourable Dr. John Matthai:** As a matter of fact, the Indian officers who have been on the staff of the Monetary Fund have been partly Reserve Bank officers and partly economists and a few, I think, with experience of finance.

**Shri Ajit Prasad Jain:** May I know how the selection is made?

**The Honourable Dr. John Matthai:** The selection is made by the Reserve Bank and the Central Government in consultation with each other.

#### MACHINERY FOR SECURITY PRINTING PRESS, NASIK FOR PRINTING STAMPS

\*571. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Finance be pleased to state whether the present machinery at the Security Printing Press at Nasik is sufficient to print all the stamps of all denominations? If not, why not?

(b) Are any stamps at present being printed in foreign countries and if so, of what denomination and what is the cost per thousand stamps?

(c) In what country are they printed and were any contracts made and tenders invited for printing?

(d) Do Government intend to supplement their present machinery with new machines so as to cope with the demand?

**The Honourable Dr. John Matthai:** (a) Yes.

(b) No.

(c) Does not arise.

(d) Additional machinery is on order both to augment the printing capacity by the present process, and to equip the Press for printing by the photogravure process.

**Shri R. K. Sidhva:** May I know, in view of the answers to (a), (b) and (c) which the Honourable Minister stated in the negative, why stamps of various denominations were printed in foreign countries, particularly that of the effigy of Mahatma Gandhi? I want to know that.

**The Honourable Dr. John Matthai:** That is the only case where stamps since 1925 have been printed abroad.

**Shri R. K. Sidhva:** If we have the complete machinery here, may I know why they were made outside India?

**The Honourable Dr. John Matthai:** I think this matter was explained in the last Session. But I am repeating the information given. It was thought necessary, and rightly, that stamps commemorating Mahatma Gandhi should be of the highest possible quality since it was expected that there would be demand all over the world for the stamps. We decided therefore to have the stamps printed by the most up-to-date and efficient process.

**Shri R. K. Sidhva:** May I know whether new denominations expected to be out shortly will be printed in Nasik?

**The Honourable Dr. John Matthai:** Yes.

**Pandit Lakshmi Kanta Maitra:** May I know whether we are still printing stamps for the Pakistan Government?

**The Honourable Dr. John Matthai:** No.

#### SCHEDULED CASTE CANDIDATES RETURNED AFTER FOREIGN STUDIES

\*572. **Shrimati Dakshayani Velayudhan:** (a) Will the Honourable Minister of Education be pleased to state how many Scheduled Castes candidates sent on Central Government scholarship have returned after completing their studies abroad?

(b) What were the subjects in which they were sent to specialise?

(c) How many of the candidates have been absorbed in the Government of India services?

(d) Is it a fact that these scholars were sent abroad to get technical training in subjects prescribed by the Government of India?

(e) Is it a fact that candidates who were sent for training in Public Health Engineering and who were sponsored by the Ministry of Health were told that there was no such line in the Health Ministry?

Total ... 21

(c) Three.

(d) Only seven of these were sent abroad to get technical training in the lines prescribed by the Government of India. The remaining 14 were sent under the Scheduled Castes Scholarship Scheme for 1945-46 and the courses of studies were prescribed to suit the students in particular keeping in view the requirements of the country in general.

(e) No. Public Health Engineering is one of the subjects for which the scholarships are awarded by the Ministry of Health.

**Shrimati Dakshayani Velayudhan:** I want the English translation of the answer.

(The Honourable Shri Satyanarayan Sinha read out the English translation of the answer.)

श्री एच० वी० कामत : यह हरिजन विद्यार्थी नाना प्रकार की तालीम पाने के लिये किन किन मुक्तों में भेजे गये थे ?

Shri H. V. Kamath: What are the countries in which these Harijan students were sent for receiving training in different subjects?

अनुरिबल مولाना अबुलकलाम आज़ाद : اس کے لئے نوٹس کی ضرورت ہے -

The Honourable Maulana Abul Kalam Azad: I would like to have notice for that.

Shrimati Dakshayani Velayudhan: How many of the candidates who came back were sent to the provinces?

अनुरिबल مولाना अबुलकलाम आज़ाद : اس کے لئے نوٹس چاہئے -

The Honourable Maulana Abul Kalam Azad: I would like to have notice for that too.

श्री अजीत प्रसाद जैन : क्या सरकार के पास इस किस्म का कोई रिकार्ड है कि बाहर के मुमालिक से जो तालीम पाकर आते हैं उन में से कितनों को यहां नौकरी मिल गई या काम पर लगा दिया गया और कितने खाली हैं।

Shri Ajit Prasad Jain: Have Government any such record showing as how many candidates returned from abroad have been absorbed here; and how many are still out of employment?

अनुरिबल مولाना अबुलकलाम आज़ाद : میں نے ابھی انریبل ممبر کا جواب دیتے ہوئے بتایا ہے کہ سات اسکالر ہیں جن کو براہ راست گورنمنٹ آف انڈیا نے بھیجا تھا - ان میں سے تین کو کام پر لگا دیا گیا ہے - ایک کو آفر کیا گیا ہے اور باقی کے لئے کوشش ہو رہی ہے -

The Honourable Maulana Abul Kalam Azad: I have just stated in my reply to the honourable member that there are seven scholars who were sent on Central Government scholarship. Out of these, three have been absorbed, an offer has been made to another and efforts are being made for the remaining ones.

Shri S. Nagappa: May I ask what will happen to the other 14 that have returned from foreign countries after having the necessary qualifications?

Mr. Speaker: What will happen!

Shri S. Nagappa: Whether the Government are going to absorb them in the Centre or in the provinces?

अनुरिबल مولाना अबुलकलाम आज़ाद : ان کی ذمہ داری گورنمنٹ پر نہیں ہے - لیکن گورنمنٹ کے علم میں یہ بات آئی ہے کہ مختلف پرائنٹوں میں اور پرائیویٹ فرموں میں انکو کام مل گیا ہے -

The Honourable Maulana Abul Kalam Azad: Government are not responsible for this. But this has come within the knowledge of Government that they have been able to secure employment in different provinces and private firms.

Shrimati Dakshayani Velayudhan: How many out of these 21 are unemployed at present?

अनुरिबल مولाना अबुलकलाम आज़ाद : سات اسکالر جنہیں گورنمنٹ آف انڈیا نے بھیجا تھا - ان میں سے تین کو کام پر لگایا جا چکا ہے - ایک کو کام کا آفر کیا گیا ہے - چودہ اسکالر وہ ہیں جنہیں پرائنٹوں میں اور پرائیویٹ فرموں میں کام مل گیا ہے -

The Honourable Maulana Abul Kalam Azad: Out of the seven scholars sent by the Government of India, three have since been employed; and an offer has been made to one. The remaining fourteen scholars are those who have been employed by the various Provincial Governments and firms.

श्री एच० वी० कामत : मोटे हिसाब से क्या हरिजन विद्यार्थियों की तादाद गैर हरिजनों से कम से कम आधी है या नहीं ?

Shri H. V. Kamath: May I know if roughly speaking the number of Scheduled Caste candidates is not at least the half of the Non-Harijans?

अनुरिबल مولाना अबुलकलाम आज़ाद : اسکا اس سوال سے کیا تعلق ہے -

The Honourable Maulana Abul Kalam Azad: How does it arise, out of this question?

Shrimati Dakshayani Velayudhan: Since how long have these three candidates been unemployed?

अनुरिबल مولाना अबुलकलाम आज़ाद : میں ٹھیک تائم نہیں بتا سکتا - میرا خیال ہے کہ اس برس میں وہ لوگ کام پر لگ جائیں گے -

The Honourable Maulana Abul Kalam Azad: I cannot specify the exact period. I think these people will be employed during the course of this very year.

#### RADIO STATIONS IN INDIA

\*573. Shri Brajeshwar Prasad: Will the Honourable Minister of Information and Broadcasting be pleased to state:

- the number of Radio Stations in the country;
- the places where they are located;
- the number of Radio Stations that are likely to be established in 1949;
- the places where they are likely to be established;
- the salary which has been fixed for Station Directors;
- how many Programme Assistants and Transmission Assistants have been appointed up till now; and
- what the salaries of these two posts are?

The Honourable Shri R. R. Diwakar: (a) to (g). A statement is laid on the table of the House.

#### STATEMENT

- Fourteen.
- New Delhi, Bombay, Calcutta, Madras, Lucknow, Tiruchirapalli, Patna, Cuttack, Shillong-Gauhati, Nagpur, Vijayawada, Baroda, Allahabad and Jullundur.
- Three.
- Ahmedabad, Dharwar and Calicut.
- Scale of pay: Rs. 760-40-1,000-1,000-E.B.-1,050-1,050-1,100-1,100-1,150-1,200.
- Selection Grade: Rs. 1,250-50-1,500.
- 135 Programme Assistants and 45 Transmission Assistants.
- Programme Assistant: Rs. 230-15-340-E.B.-20-400-E.B.-20-500.  
Transmission Assistant: Rs. 250-15-340-E.B.-20-400.  
Selection Grade: Rs. 400-20-500.

**Seth Govind Das:** With reference to parts (b), (c) and (d) of the question, may I ask whether the Government are aware that there are certain stations where the equipment is of such low power that the transmission does not go beyond 100 miles and if so, whether the Government contemplate to change the equipment?

**The Honourable Shri R. R. Diwakar:** It does not arise, I suppose.

**Shri Mahavir Tyagi:** Does discretion lie with the Honourable Minister to lay on the table of the House only a few figures in answer to a question?

**Mr. Speaker:** The Honourable Minister is bound to give such information as he can and in such manner as he can. The best course will be for such questions to be treated as unstarred questions and put starred questions after studying the answer. Instead of that the question has been put as a starred question and this difficulty has arisen. Only the other day the House complained that the answers were too long, and today the complaint is that the answers are too short. I think it is better for honourable members to study the answers furnished.

**Shri H. V. Kamath:** May I know whether any steps have been taken to usher in television in our country?

**The Honourable Shri R. R. Diwakar:** Not yet.

#### LOANS FROM INTERNATIONAL MONETARY FUND

**\*574. Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of Finance be pleased to state what are the conditions on which loans from the International Monetary Fund have been obtained?

(b) How much money has been distributed province-wise and on what conditions?

(c) How much has the Province of Orissa got by now and have any special conditions been laid down?

**The Honourable Dr. John Matthai:** (a) The terms and conditions on which a member country may purchase currency from the International Monetary Fund are laid down in Article V of the Articles of Agreement copies of which will be found in the Library of the House. The main criteria are (i) that the purchase of the currency required is needed for making current payments and (ii) that the conditions which have led to the necessity for such purchase are of a temporary nature.

(b) Purchases from the International Monetary Fund are utilised to meet the deficit in India's balance of payments and the question of the currencies obtained being distributed province-wise does not arise.

(c) Does not arise.

**Shri M. Ananthasayanam Ayyangar:** What is the amount of the loan outstanding at present?

**The Honourable Dr. John Matthai:** In the statement I made to the House early in the Session, I gave the figure of 80 million dollars. That figure has slightly increased.

**Shri M. Ananthasayanam Ayyangar:** May I know how the Government propose to liquidate this loan?

**The Honourable Dr. John Matthai:** That is a problem which I would like to place before the House in the course of my Budget statement.

**Shri Mahavir Tyagi:** Does food form the main item of purchase for which the money from this Fund is required?

**The Honourable Dr. John Matthai:** The honourable gentleman may wait till the Budget discussion.

**Shri Kishorimohan Tripathi:** What is the interest paid?

**The Honourable Dr. John Matthai:** In regard to purchases from the International Fund, it should be noted that the Fund does not really lend any money. It is really an exchange between one kind of currency and another. What we pay is in the nature of a service charge which varies with the period.

**Shri Mahavir Tyagi:** Is it a fact that the loan we have had from the organization is less than the money we have contributed towards it?

**The Honourable Dr. John Matthai:** Yes.

#### EXPENDITURE ON CONSTRUCTION OF ROADS IN JAMMU AND KASHMIR STATE

**\*575. Shri M. Ananthasayanam Ayyangar:** (a) Will the Honourable Minister of States be pleased to state what is the total amount of money spent on construction of roads in the Jammu and Kashmir State?

(b) What are the arrangements with the State Government regarding the expenses?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** (a) An expenditure of Rs. 2,45,12,500 has been incurred on the construction of roads (including roads for defence purposes) in Jammu and Kashmir State.

(b) The expenditure incurred on that portion of the Jammu-Pathankot Road which is in State territory is recoverable from the State. The incidence of expenditure on roads for defence purposes is not yet settled.

**Srijut Kuladhar Chaliha:** Is there a chance of realizing the money from the State?

**The Honourable Shri Satyanarayan Sinha:** Of course.

**Shri S. Nagappa:** What is the mileage of roads that have been constructed?

**The Honourable Shri Satyanarayan Sinha:** I would like to have notice of this question.

**Dr. V. Subramaniam:** Are the roads constructed by the Government of India or by the Government of Kashmir?

**The Honourable Shri Satyanarayan Sinha:** The roads were constructed by the Government of India, of course. They are being financed from Indian revenues and the cost of the portion which lies within the State is recoverable from the State.

**Dr. V. Subramaniam:** Have the roads been constructed for civil purposes or for military purposes?

**The Honourable Shri Satyanarayan Sinha:** Both.

#### A. I. R. NEWS BULLETINS IN DOGRI AND KASHMIR

**\*576 Shri Mahavir Tyagi:** (a) Will the Honourable Minister of Information and Broadcasting be pleased to state if it is a fact that two news-bulletins separately in Dogri and Kashmeri are broadcast daily for Kashmir?

(b) Is it further a fact that recently the All India Radio authorities have started broadcasting a third bulletin in Hindustani also for Kashmir?

**The Honourable Shri R. R. Diwakar:** (a) and (b). The reply to both the parts of the question is in the affirmative.

**Shri Mahavir Tyagi:** What is the extra staff engaged for broadcasting these bulletins and broadcasts?

**The Honourable Shri R. R. Diwakar:** I want notice for this question.

**Shri Mahavir Tyagi:** Is it a fact that the staff for this news bulletin was for the first time engaged temporarily for propaganda in the Hyderabad State?

In spite of efforts made to that end, no other funds or jewellery have thus far been recovered.

**Shri H. V. Kamath:** Have Government taken any steps in the direction of getting in touch with Netaji Subhas Chandra Bose, wherever on earth he might be today?

**Dr. B. V. Keskar:** Government's view based on information is that Netaji Subhas Chandra Bose is no more.

**Shri H. V. Kamath:** Is it Government's final view that Netaji Subhas Chandra Bose is dead?

**Dr. B. V. Keskar:** Yes, Sir.

**Shri H. V. Kamath:** Does the Deputy Minister remember, Sir, that on the floor of this House the Honourable the Home Minister stated on the 10th October 1946—I am quoting Sir, from the official proceedings—the Honourable the Home Minister stated that the Government of India have no view either way, whether he is alive or dead. Is the Government's view the same or different, today?

**Dr. B. V. Keskar:** As there was a controversy with regard to the death of Netaji Subhas Chandra Bose, the Honourable the Home Member said that. The Government's views are based on information that is available.

**Shri H. V. Kamath:** Has the Deputy Minister's attention been drawn to the latest report from London, published in a Bombay weekly that the British Government is rumoured to be very much perturbed over some confidential information that has come into its possession quite recently that Netaji Subhas Chandra Bose, the great Indian revolutionary leader and head of the famous I.N.A. Resistance Movement is alive and is waiting for an opportunity to return to his homeland?

**Mr. Speaker:** That will be no concern of ours. Order, order.

**Shri H. V. Kamath:** Is it a fact that Col. Habib-ur-Rahman, on whose testimony.....

**Mr. Speaker:** Order, order. We are not concerned with that.

**Shri H. V. Kamath:** Is any of his property or assets referred to in the question in the custody of the Supreme Commander of the Allied Forces in Japan, that is, the S.C.A.P. authorities, today?

**Dr. B. V. Keskar:** As stated in the first part of the reply, gold, jewellery and other things have been constituted into a trust in Malaya. In other places, such as Burma, Siam, etc. we have not been able to trace any property belonging to Netaji Subhas Chandra Bose.

**Shri H. V. Kamath:** It has been stated that some property was confiscated by the British Government. May I know how much was confiscated?

**Dr. B. V. Keskar:** I do not know the exact amount. It may be a few lakhs. But that amount has been made over to this trust.

**Shri H. V. Kamath:** Who are the members of this trust, Sir?

**Mr. Speaker:** Next question.

#### KOSI PROJECT

\*1442. **Babu Ramnarayan Singh:** Will the Honourable Minister of Works, Mines and Power be pleased to state:

(a) whether it is a fact that he has just visited the area of the proposed Kosi project; and

(b) whether Government propose to consider the desirability of giving this scheme the first priority and if so, what steps Government propose to take in the matter in the coming financial year?

**The Honourable Shri N. V. Gadgil:** (a) and (b). I visited Barahkshetra on the 13th and 14th March 1949 and inspected the proposed site for the high dam a little above Barahkshetra and the proposed site of the barrage near Chatra. The investigations are still in progress. But it seems that the project can be divided into two parts and it is hoped that the project report on the barrage may be ready within the next few months, although the project report on the high dam may well take another year or so for completion. I understand that the dam and the barrage when completed will provide complete flood protection for several thousand square miles, irrigation for about three or four million acres and hydro-electric power which may well be of the order of 1½ or 2 million kilowatts. The cost of the complete project may well exceed Rs. 100 crores and the time required for its completion may well be 11 years. The barrage part of this project, on the other hand, is likely to provide partial flood protection, irrigation for about two million acres and hydro-electric power to the extent of 100,000 kilowatts within a period of three to four years at a cost of about rupees thirty crores.

I have been greatly distressed by what I heard about the sufferings of the people in the Kosi flood affected areas and will try my best to expedite sanction to the barrage part of the scheme as early as possible. But Government cannot definitely commit themselves unless and until the project report on the barrage has been completed and examined by the Government of India in consultation with the Governments of Nepal and Bihar.

**Dr. Mono Mohan Das:** What percentage of the cost will be borne by the Nepal Government?

**The Honourable Shri N. V. Gadgil:** It is too early to say anything on that.

**Dr. Mono Mohan Das:** Has any agreement been reached with the Nepal Government?

**The Honourable Shri N. V. Gadgil:** The whole project is just being investigated, and the Nepal Government has been wholeheartedly co-operating with the Central Water Powers, Irrigation and Navigation Commission. When investigations are completed and a stage is reached when it will be advisable to open negotiations, it will be done.

**Dr. Mono Mohan Das:** When does he expect the report referred to?

**The Honourable Shri N. V. Gadgil:** About the barrage?

**Dr. Mono Mohan Das:** Yes.

**The Honourable Shri N. V. Gadgil:** In the next few months, as stated in the answer.

**Shri Mahavir Tyagi:** Will you be good enough to grant special permission for question No. 1432† being answered now?

**Mr. Speaker:** I think the honourable member might refer to the answer.

#### UNSTARRED QUESTION AND ANSWER

##### ARTICLES IMPORTED INTO INDIA

121. **Dr. P. S. Deshmukh:** Will the Honourable Minister of Commerce be pleased to state what is the total quantity and price of the following articles imported from various countries in the years 1946-47, 1947-48 and 1948-49:

**The Honourable Shri R. R. Diwakar:** Usually such staff is temporarily engaged.

**Shri Mahavir Tyagi:** Is there any difference between the languages used in this Kashmir bulletin and the bulletin issued here in Hindustani in India?

**The Honourable Shri R. R. Diwakar:** Does the honourable member require information about the Hindustani language or Kashmeri and Dogri languages?

**Shri Mahavir Tyagi:** Hindustani language.

**The Honourable Shri R. R. Diwakar:** I think as regards Hyderabad, a slight difference in language is there.

**Shri Mahavir Tyagi:** When we were already giving bulletins in two Kashmeri languages, why was the necessity felt for having another bulletin in Hindustani language for Kashmir?

**The Honourable Shri R. R. Diwakar:** The Hindustani language bulletin is for Hyderabad and today it is being taken advantage of for Kashmir by relaying.

**Shri Mahavir Tyagi:** Is the staff fully employed in this work?

**The Honourable Shri R. R. Diwakar:** I think so.

#### STAFF TRAINING SCHOOL OF ALL-INDIA RADIO

**\*577. Shri Mahavir Tyagi:** (a) Will the Honourable Minister of Information and Broadcasting be pleased to state whether there is a staff training school attached to the All India Radio?

(b) What are the qualifications of the Director of this staff Training School?

(c) Does he know any Indian language and if so, which?

**The Honourable Shri R. R. Diwakar:** (a) Yes.

(b) The director of the Staff Training School is a B.A. (Hons.) of the Madras University and a Ph.D. of the Edinburgh University. He has had extensive broadcasting experience at the B.B.C. and other broadcasting organisations in Europe. He has good knowledge of Indian and Western music and has several compositions to his credit.

(c) He knows Malayalam, Tamil and Hindi.

**Shri Mahavir Tyagi:** Is it the same gentleman, who was getting Rs. 625 in the State before he was employed here?

**Mr. Speaker:** Order, order.

**Shri Mahavir Tyagi:** Is it a fact that his pay is more than Rs. 1,250 at present?

**Mr. Speaker:** Whatever it may be, I do not propose to have any discussion about individual cases.

**Shri Mahavir Tyagi:** Was the post advertized before he was appointed?

**The Honourable Shri R. R. Diwakar:** Certainly.

**Shri Mahavir Tyagi:** Is it a fact that the Government sent only his papers before the Public Service Commission and they have objected to his appointment?

**The Honourable Shri R. R. Diwakar:** I would like to have notice of this question.

**Shri Mahavir Tyagi:** Is it a fact that for this training school, lecturers from Cuttack and other places are invited to deliver lectures for only an hour, at Government expense?

**The Honourable Shri R. R. Diwakar:** I think it is according to requirements.

**Shri Mahavir Tyagi:** Is it a fact, Sir, that one Mr. K. Brown and Mr. Robert Stimson of the B.B.C. . . . .

**Mr. Speaker:** I will not allow questions on administrative details.

**Shri Mahavir Tyagi:** Is it a fact, Sir, that some representatives of the B.B.C. who were doing propaganda during the Hyderabad Police action were invited to give lectures to the students of this Training School?

**The Honourable Shri R. R. Diwakar:** Which particular persons were invited? I would like to have notice of this question.

**Shrimati G. Durgabai:** May I know what is the total amount of expenditure on this Training School and how are admissions made? Is it in proportion to the requirements of the broadcasting stations?

**The Honourable Shri R. R. Diwakar:** It is according to requirements.

#### COMMUNICATION FROM GOVERNMENT OF ASSAM *re* CONTROL OF PRODUCTION OF OPIUM

**\*578. Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of Finance be pleased to state whether Government have received any communication from the Government of Assam regarding the control of the production of opium?

(b) What steps have Government now taken or propose to take in order to control and, if need be, to stop cultivation of poppy in the State of Malwa and other States where poppy is cultivated?

**The Honourable Dr. John Matthai:** (a) Yes.

(b) The Government of India have made a recommendation to the Madhya Bharat and Rajasthan Unions, the States of Jammu and Kashmir and Tehri-Garhwal to effect a cut of 10 per cent. in the area under poppy cultivation in their jurisdictions, as an earnest of their endeavours to implement the common objective of the ultimate limitation of production of opium to medical and scientific needs. In order to consider the formulation of a long-term policy, the Government of India propose to convene a Conference of their own representatives and those of the Provincial and States Governments as soon as possible.

**Srijut Kuladhar Chaliha:** May I know what are the medicinal needs of India of opium?

**The Honourable Dr. John Matthai:** My honourable friend, I think, raised this matter with me in the course of the discussion I had with the Assam deputation.

**Shri Sita Ram S. Jajoo:** May I know if the Government of Madhya Bharat have been consulted in regard to this matter?

**The Honourable Dr. John Matthai:** Yes.

#### CONSUMPTION OF *Bhang*, *Charas* AND *Ganja* IN CENTRALLY ADMINISTERED AREAS

**\*579. Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of Finance be pleased to state what is the total annual consumption of (i) *Bhang*; (ii) *Charas*; and (iii) *Ganja* in the Centrally Administered areas of Delhi, Ajmer-Merwara and Coorg?

(b) What is the average *per capita* consumption of each of these drugs in each of the above Centrally Administered Areas?

(c) Do Government propose to lay on the table of the House a comparative statement showing the consumption of each of these drugs for the last 10 years in the different provinces of India?

**The Honourable Dr. John Matthai:** (a) to (c). The information is being collected and will be laid on the table of the House as soon as possible.

**PERMANENT GOVERNMENT SERVANTS FROM PUNJAB NOW SERVING UNDER  
GOVERNMENT OF INDIA**

**\*580. Master Nand Lal:** Will the Honourable Minister of Home Affairs be pleased to state:

(a) the number of permanent Government servants from the areas now under the West Punjab Government (Pakistan) whose services were loaned to the Government of India by the Government of the Undivided Punjab and were serving under the Government of India before the partition of the country took place and who have not completed five years continuous service in the grade of Assistant or in higher grade in the Secretariat on the 22nd October, 1948?

(b) the number of permanent employees of the Punjab Government who registered themselves with the Transfer Bureau for appointment under the various Ministries and were nominated as such by the Bureau to the various Ministries after the 15th August, 1947; and

(c) whether any enquiries have been made by the Government of India from the Government of East Punjab whether that Government was in a position to absorb permanently such persons after the term of their employment under the Government of India and if so, with what results?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** (a) The information is being collected and will be placed on the table of the House in due course.

(b) The responsibility for the resettlement of employees of the Government of Undivided Punjab who opted for service in the East Punjab is that of the Government of that Province. They are not eligible for registration at the Transfer Bureau. Before this decision was communicated to the Transfer Bureau, however, fifteen such employees had already been registered at the Bureau and two nominated to posts of Assistants.

(c) No.

**ACQUISITION OF LAND FOR DELHI IMPROVEMENT TRUST ON NAJAFGARH ROAD**

**\*581. Sardar Hukam Singh:** (a) Will the Honourable Minister of Health be pleased to state whether any land on the Najafgarh Road, Delhi, has been acquired for the Improvement Trust, Delhi?

(b) What are the public purposes for which it has been acquired?

(c) Is it a fact that the land so acquired is proposed to be given to the Delhi Cloth Mills?

**The Honourable Rajkumari Amrit Kaur:** (a) Yes.

(b) For the execution of the Delhi Improvement Trust's Industrial Area Scheme.

(c) Most of the land acquired under the Scheme has been disposed of partly to the Delhi Cloth and General Mills, Ltd., and partly to other industrialists. The disposal of the remaining land is under the consideration of the Trust.

**Sardar Hukam Singh:** May I know which other firms have been given this land? Were any land on the Najafgarh Road, given to any others besides the Delhi Cloth and General Mills, Limited?

**The Honourable Rajkumari Amrit Kaur:** I would like to have notice of that question.

**Shri H. V. Kamath:** Did any other firm apply for any part of this land?

**The Honourable Rajkumari Amrit Kaur:** I would like to have notice of that question.

**Dr. V. Subramaniam:** What is the acreage of land still remaining for disposal?

**The Honourable Rajkumari Amrit Kaur:** I think the area still for disposal is 25.84 acres.

**Mr. Naziruddin Ahmad:** Is it a fact that the land was originally acquired for a large number of small industrialists?

**The Honourable Rajkumari Amrit Kaur:** I am not aware that it was acquired in the first instance for small industrialists.

**Shri M. Tirumala Rao:** Is the land given to the Delhi Cloth and General Mills, Limited, for any public purpose?

**The Honourable Rajkumari Amrit Kaur:** No: it is for their purposes.

**Dr. V. Subramaniam:** May I know at what rate was this area sold?

**The Honourable Rajkumari Amrit Kaur:** I can give the rates: Rosli at Rs. 120 per *bigha*, Nehri at Rs. 217-8-0 per *bigha*, Ghair Mumkin at Rs. 100 per *bigha*, Banjar at Rs. 100 per *bigha* and Chahi at Rs. 150 per *bigha*.

**Shri Deshbandhu Gupta:** May I know whether Government has received any representation from the people to whom this land belonged protesting against the acquisition?

**The Honourable Rajkumari Amrit Kaur:** I would like to have notice of that question. I am not aware that we have had any complaints.

**Shri Deshbandhu Gupta:** Will Government enquire into the matter whether the people whose land has been acquired have been very adversely affected?

**The Honourable Rajkumari Amrit Kaur:** Sir, it is up to anybody who has any complaints always to send them to Government.

**Shri R. K. Sidhva:** May I know whether the rates which were given by the Honourable Minister are in accordance with the prevailing market rates? I have not followed the rates.

**Mr. Speaker:** I presume the lands were acquired under the Land Acquisition Act.

**The Honourable Rajkumari Amrit Kaur:** The amount of compensation is determined under the Land Acquisition Act as amended again by the Schedule to the United Provinces Town Improvement Act of 1919.

**Sardar Hukam Singh:** What is going to be the fate of those small holders who want to put up small factories for themselves?

**The Honourable Rajkumari Amrit Kaur:** They will have to make representations and the matter will be considered.

**Pandit Lakshmi Kanta Maitra:** May I enquire if the Delhi Cloth Mills approached the Government of India for the acquisition of this land for their purposes?

**The Honourable Rajkumari Amrit Kaur:** Yes, naturally.

**Pandit Lakshmi Kanta Maitra:** Do I take it that the acquisition said to be made exclusively for the Improvement Trust was made solely for the purpose of this industrialist concerned?

**The Honourable Rajkumari Amrit Kaur:** Certainly not for any particular industrialist.

**Dr. V. Subramaniam:** Is that area reserved for industrial purposes?

**The Honourable Rajkumari Amrit Kaur:** I have already given the answer in reply that this was given for the execution of the Delhi Improvement Trusts Industrial Area Scheme.

**Mr. Speaker:** I think we may proceed to the next question.

## SALE OF LAND IN DELHI TO GOVERNMENT SERVANT'S CO-OPERATIVE SOCIETIES

\*582. **Sardar Hukam Singh:** (a) Will the Honourable Minister of Health be pleased to state whether it is a fact that in 1940-41 or thereabout, the State Education, Health and Lands Department sanctioned a scheme for the sale of 400/500 plots of land near Purana Qilla to Government Servants Co-operative Societies and the scheme was postponed for the duration of war?

(b) Is it proposed to revive that scheme now and if not, why not?

**The Honourable Rajkumari Amrit Kaur:** (a) and (b). The honourable member's attention is invited to the answer I gave to part (b) of Starred Question No. 359 asked on the 14th February, 1949.

## COMPULSORY PRIMARY EDUCATION

\*583. **Shri A. V. Thakkar:** (a) Will the Honourable Minister of Education be pleased to state whether Government have in contemplation any scheme for the introduction of compulsory primary education in (i) the Centrally Administered Areas, (ii) the Provinces; and (iii) the State Unions or single States of the Union of India, in the year 1950 or in the following year?

(b) If not, when are they likely to take this into consideration?

**آنریبل مولانا ابوالکلام آزاد:** (a) اور (b) کمپلسری پرائمری ایجوکیشن اسکیم کام میں لائی گئی ہے اور نقشہ کے مطابق کام ہو رہا ہے۔ اس کا پورا حال اس جواب سے معلوم ہو جائے گا جو ۱۷ فروری ۱۹۴۹ء کو شری وی. سی. کیشوراؤ کے سوال نمبری ۴۵۴ کا دیا جا چکا ہے۔

**The Honourable Maulana Abul Kalam Azad:** (a) and (b). The scheme of compulsory primary education is already in operation. For details the honourable member's attention is invited to the reply given on the 17th February, 1949 to starred question No. 454 by Shri V. C. Kesava Rao.

**مسٹر تجمل حسین:** کیا یہ کمپلسری پرائمری ایجوکیشن فری ہوگی؟

**Mr. Tajamul Husain:** Will this compulsory primary education be given free?

**آنریبل مولانا ابوالکلام آزاد:** یقیناً۔

**The Honourable Maulana Abul Kalam Azad:** Surely.

**مسٹر تجمل حسین:** مکمل پروہیشن ہو جانے کے بعد کیا حکومت کے پاس اتنا روپیہ رہیگا کہ وہ فری کمپلسری پرائمری ایجوکیشن دے سکے۔

**Mr. Tajamul Husain:** After total prohibition, will Government be able to meet the cost involved in imparting free compulsory primary education?

**Mr. Speaker:** Order, order. This is all hypothetical at this stage.

## REVISION OF DISTRICT AND STATE GAZETTEERS

\*584. **Shri A. V. Thakkar:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether Government have in contemplation or under consideration the revision of all District and State Gazetteers in the country?

(b) If not, do Government propose to consider the matter?

**The Honourable Shri Satyanarayan Sinha:** This question has been referred to the Minister of Education and he will give the reply in due time.

**Shri H. V. Kamath:** When?

**آنریبل مولانا ابوالکلام آزاد:** میں آپکی اجازت سے اسکا ایسی جواب دے سکتا ہوں۔

**میں سپیکر:** ہاں ٹیک واپس ہے:

**آنریبل مولانا ابوالکلام آزاد:** (a) اور (b) - امپیریل گزیٹیر کا آخری ایڈیشن ۱۹۰۸ء میں نکلا تھا۔ دستور کے گزیٹیر بھی قریب قریب اس زمانے میں پراونشل گورنمنٹوں نے چھپوائے تھے۔ انہیں دیوانہ کرنے کا سوال پچھپائی گورنمنٹ کے سامنے کئی مرتبہ آیا۔ لیکن خرچ کے بچت کے خیال سے چھوڑ دیا گیا۔ اب گورنمنٹ دیکھے گی کہ جیسے ہی مناسب موقع آئے اس کام پر دھیان دیا جائے۔

**The Honourable Maulana Abul Kalam Azad:** With your permission, Sir, I shall answer this question.

**Mr. Speaker:** Yes. The Honourable Minister may do so.

**The Honourable Maulana Abul Kalam Azad:** (a) and (b). The last edition of the Imperial Gazetteer of India was published by the Clarendon Press, Oxford, in 1908. The District Gazetteers were also published about that time by the Provincial Governments. Efforts to revise them seem to have been made from time to time but abandoned on grounds of economy. As soon as Government find an opportunity the matter will be considered.

**شری ایچ. وی. کامت:** کیا मौजूदा सरकार ने कभी इस पर विचार किया है?

**Shri H. V. Kamath:** Have the present Government ever considered over this?

**آنریبل مولانا ابوالکلام آزاد:** نہیں۔ گورنمنٹ کو ایسی موقع نہیں ملا ہے کہ وچار کرے۔

**The Honourable Maulana Abul Kalam Azad:** No. Government have had no time to consider it so far.

**شری ایچ. وی. کامت:** क्या विचार करने का गवर्नमेंट का इरादा है?

**Shri H. V. Kamath:** Do Government contemplate to consider over it.

**آنریبل مولانا ابوالکلام آزاد:** جب مناسب موقع آویگا تب گورنمنٹ دیکھیگی۔

**The Honourable Maulana Abul Kalam Azad:** When the proper time comes Government will see to it.

**شری ایچ. وی. کامت:** मुनासिब मौका कब आवेगा?

**Shri H. V. Kamath:** When will that proper time come?

**Mr. Speaker:** Order, order.

## RETURN OF ROADS, BUILDINGS AND FORESTS TO HIMACHAL PRADESH

\*585. **Dr. Y. S. Parmar:** (a) Will the Honourable Minister of States be pleased to state whether the roads, buildings and Bushahr (Himachal) Forests, belonging to Himachal Pradesh, have been returned to that Government?

(b) If not what steps have Government taken or propose to take to secure their early return?

(c) Are Government aware that stores are being removed from the Forest Department in Bushahr before handing over and if so, what steps are Government taking to stop the same?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) and (b). The Control over the Hindustan-Tibet road and the Simla-Tatapani road and ancillary buildings and over Bushahr Forests which are managed by the East Punjab Government under the provisions of a lease between the Provincial Government and the Ruler of Bushahr State has not yet been handed over to the Himachal Pradesh. The question is, however, under consideration and a decision is expected to be reached very soon.

(c) This question has also been brought to the notice of the Government of East Punjab and is being simultaneously taken up.

#### QUALIFYING TEST FOR STENOGRAPHERS

**\*586. Shrimati G. Durgabai:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether it is a fact that the stenographers now attached to the Government of India Secretariat and attached offices are required to qualify for confirmation in the Federal Public Service Commission test to be held in May 1949?

(b) If so, have any temporary stenographers been exempted from the above test?

(c) If so, for what reasons and what is their total number?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) Yes, since 1st January 1948. This applies also to temporary stenographers who were in service before that date.

(b) and (c). Approximately 150 stenographers have been exempted from the test since they have already passed suitable proficiency tests and have continued to work as stenographers.

**Shrimati G. Durgabai:** May I know whether it is a fact that stenographers attached to the Government of India Secretariat who have passed similar tests conducted by the Provincial Governments are also required to take this test?

**The Honourable Shri Satyanarayan Sinha:** Our policy has been not to recognise the tests conducted by the Provincial Governments. It is only the Federal Public Service Commission which conducts such tests and they are recognised by the Government of India.

**Shri H. V. Kamath:** With regard to the proficiency tests to which the Honourable Minister referred, is it a fact that the proficiency test was a mere periodical test and whether stenographers who passed in the first test, but failed in the second and thus had a final failure to their credit have also been exempted, but those who have passed, but were on probation are required to qualify in the test?

**The Honourable Shri Satyanarayan Sinha:** I would like to have notice.

**Shrimati Dakshayani Velayudhan:** Is it a fact that some candidates who have passed the retention test and not any test for confirmation are also exempted?

**The Honourable Shri Satyanarayan Sinha:** Yes; they are also exempted.

**Shri H. V. Kamath:** Was any test in stenography conducted by the Central Government for the purpose of confirming all temporary stenographers after the posts were excluded from the purview of the Federal Public Service Commission?

**The Honourable Shri Satyanarayan Sinha:** Yes; a test is going to be held in May.

**Shri M. Tirumala Rao:** Will the Government review the whole position regarding the large number of stenographers which comes to 700, so that no injustice is done to people who are in service for a long time?

**Mr. Speaker:** It is only a suggestion.

**Shrimati Dakshayani Velayudhan:** How many candidates above the age of 50 are asked to sit for the examination?

**The Honourable Shri Satyanarayan Sinha:** I would like to have notice.

**Shrimati G. Durgabai:** Will the Honourable Minister give any reasons why they do not recognise the tests conducted by the Provincial Governments even if they conform to the standards of the test . . . . .

**Mr. Speaker:** We are entering into an argument. I think we will proceed to the next question.

#### REPORT OF COMMITTEE ON INDIGENOUS SYSTEMS OF MEDICINE

**\*587. Shri Biswanath Das:** Will the Honourable Minister of Health be pleased to state:

(a) whether the committee on the Indigenous Systems of Medicine has submitted its report;

(b) if so, when; and

(c) the action taken so far on the report?

**The Honourable Rajkumari Amrit Kaur:** (a) Yes.

(b) In August 1948.

(c) The printing of the Report could not be completed till very recently and the Report was published on the 20th February 1949. The Report is now under the consideration of Government.

**Shri Biswanath Das:** May I know whether the Government propose to make the report available to the members of this House after it is printed?

**The Honourable Rajkumari Amrit Kaur:** Yes, Sir.

**Seth Govind Das:** Besides sending the report to the Provincial Governments as was just said by the Honourable Minister in reply to another question, is the Government going to send this report to accredited institutions like the All-India Ayurvedic Sammelan for their opinion also?

**The Honourable Rajkumari Amrit Kaur:** The Government will follow the usual procedure in the matter of reports.

**Seth Govind Das:** The question is not that. There was a lot of criticism...

**Mr. Speaker:** He is making a suggestion that the report may be sent to such bodies.

**Seth Govind Das:** It may be a suggestion in another way; but I wanted to have information.

**Mr. Speaker:** It is enough that a suggestion is made.

**Seth Govind Das:** The information was required on account of criticism regarding the personnel appointed for that Committee.

**Mr. Speaker:** He is entering into an argument.

**Shri Biswanath Das:** May I know when they would take up this report for consideration?

**The Honourable Rajkumari Amrit Kaur:** I have already said that the report is under the consideration of the Government.

**Shri Biswanath Das:** May I know whether they would think if placing this before the Standing Committee of the Department for their opinion?

**The Honourable Rajkumari Amrit Kaur:** The report will in due time be placed before the Standing Committee for Health.

**Shri H. V. Kamath:** When will it reach the stage of active consideration?

**Shri Biswanath Das:** May I know whether they would take the opinion of Universities on this report?

**The Honourable Rajkumari Amrit Kaur:** I do not think it will be necessary to call for the opinion of the Universities.

**Dr. V. Subramaniam:** Will this report be sent to private Ayurvedic colleges also?

**The Honourable Rajkumari Amrit Kaur:** It will be sent to whoever wants to see it in addition to those to whom it has to be sent under Government regulations.

#### ☐ MERGER OF BIKANER, JAIPUR AND JODHPUR IN RAJASTHAN

\*588. **Maulana Hasrat Mohani:** (a) Will the Honourable Minister of States be pleased to state whether Government of India are aware that the people of Bikaner, Jaipur and Jodhpur are opposing the merger of the said States in Rajasthan and have been urging that a plebiscite be held on the issue of merger?

(b) Is it a fact that the Deputy Prime Minister refused to meet the deputation of Bikaner people who are opposed to merger?

**The Honourable Shri Satyanarayan Sinha (Minister for State):** (a) No.

(b) No.

**Maulana Hasrat Mohani:** Has any representation been received from Mr. Subhakaran Surane an ex-M.L.A. of the Bikaner States giving details of allegations referred to in my question?

**The Honourable Shri Satyanarayan Sinha:** I would like to have notice.

**Mr. Speaker:** He wants notice. Does the honourable member wish to put any further questions?

**Maulana Hasrat Mohani:** Is Government aware that Mr. Surane in his representation makes very serious allegations about some very high officials of the State?

**Mr. Speaker:** Order, order. I am afraid the honourable member is giving information. What information does he want?

**Shri Gopikrishna Vijayavargiya:** Does the Government know that big popular organizations in Rajputana have unanimously passed resolutions in favour of merger?

**The Honourable Shri Satyanarayan Sinha:** Yes.

**Mr. Tajamul Husain:** Why is it that Maulana Hasrat Mohani is against the merger of States when he has declared himself to be a socialist?

**Mr. Speaker:** Order, order.

**Shri R. K. Sidhva:** Surely, a member can put a question under the rules?

**Mr. Speaker:** I do not allow this question.

**Mr. Tajamul Husain:** On a point of order.

**Mr. Speaker:** There is no point of order. We shall proceed to the next question.

#### PRIVY PURSES OF PRINCES

†\*589. **Sreematty Annie Mascarene:** (a) Will the Honourable Minister of States be pleased to state whether Indian rulers, who agree to the merger of the states with the Indian Dominion, are given a guaranteed annual amount from the Indian treasury?

(b) Is it a fact that the Indian princes whose states merge with the Indian Union are liable to direct taxation in India on their income and properties?

(c) What immunity, if any, or privileges are granted to such princes?

(d) Were the people of the Indian States, whose rulers have agreed to the merger with the Indian Union, been consulted?

(e) Are the Indian States regarded as the private estates of rulers?

(f) What are the names of States which have so far merged in the Indian Union; and what is the total liability of the Indian Union for the subsidies and pensions, guaranteed to the outgoing princes?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** (a) Yes, but the Privy Purse is paid from the treasury of the Province in which the State is merged and from the Central Government treasuries where the administration is directly taken over by the Central Government.

(b) Yes, except in cases where exemption is provided for either in the agreement or otherwise. Privy purses are exempted from all taxes.

(c) Attention of the honourable member is invited to my reply to Shri Kishorimohan Tripathi's question No. 206, dated 13th August, 1943.

(d) Yes.

(e) No.

(f) A statement showing the names of the States which have so far merged with the Indian Dominion and the total liability so far accepted in respect of the privy purse of the Rulers of those States is placed on the table of the House.

#### Statement

1. *States merged with the Province of Madras—*  
Banganapalle.  
Pudukkottai.
2. *States merged with the Province of East Punjab—*  
Dujana.  
Pataudi.  
Loharu.
3. *States merged with the Province of C. P. and Berar—*  
Nandgaon.  
Baster.  
Nanker.  
Udaipur.  
Sakti.  
Chuikhadan.  
Raigarh.  
Kawardha.  
Sarangarh.

† Answer to this question laid on the table, the questioner being absent.

Korea.  
Kairagarh.  
Surguja.  
Jashpur.  
Changbnakar.  
Makrai.

4. *States merged with the Province of Bihar—*

Seraikella.  
Kharasawan.

5. *States merged with the Province of Orissa—*

## MERGER OF BHARATPUR STATE

\*590. Shri Jaspat Roy Kapoor: Will the Honourable Minister of States be pleased to state:

(a) whether the question of merger of the State of Bharatpur with the Union of Rajasthan or the United Provinces is under the consideration of Government;

(b) whether Government are aware that there is a strong feeling among the people of Bharatpur State in favour of merger with the United Provinces; and

(c) whether, before taking final decision in the matter, the wishes of the people of Bharatpur will be ascertained?

The Honourable Shri Satyanarayan Sinha (Minister of State): (a) to (c). Bharatpur is at present a part of the Matsya Union. The question of the breaking up of Matsya Union and taking out Bharatpur for merger with another unit can be considered only after the formation of Rajasthan Union is finalised. If and when that stage is reached, the wishes of the people will be taken into account.

Shri Jaspat Roy Kapoor: Will the wishes of the people be ascertained through the State Bharatpur Praja Mandal?

The Honourable Shri Satyanarayanan Sinha: Oh, yes.

Shri Mahavir Tyagi: Has the Honourable the Deputy Minister received.....

Mr. Speaker: Order, order.

Shri Mahavir Tyagi: Will the Honourable Minister for State be pleased to inform the House whether he has received any representation from the people of Bharatpur expressing their desire to merge the State in the United Provinces?

The Honourable Shri Satyanarayan Sinha: A statement to that effect has been received.

Shri Raj Bahadur: Is it a fact that the Congress organization, both Provincial and local functioning in the Matsya Union, passed resolutions asking the Government to merge Bharatpur with the United Provinces?

Mr. Speaker: That has been put and replied to.

Shri H. V. Kamath: As regards the shape, form and contour of the proposed Rajasthan Union is the matter under consideration?

The Honourable Shri Satyanarayan Sinha: Yes.

Shri H. V. Kamath: Is it a fact that Ajmer-Merwara is to be excluded from this Union?

The Honourable Shri Satyanarayan Sinha: The whole thing has not been finalized.

Shri Jaspat Roy Kapoor: Is the Government aware of the fact that very strong cultural ties exist between the people of Bharatpur and those of Mathura and Agra districts in U. P.?

Mr. Speaker: Order, order. The honourable member is advancing arguments.

## PERSONAL ESTATES OF NIZAM OF HYDERABAD

\*591. Shri Jaspat Roy Kapoor: (a) Will the Honourable Minister of States be pleased to state whether it is a fact that His Exalted Highness the Nizam of Hyderabad has voluntarily handed over his personal estate to the Government of the State?

(b) What is the total annual income from the said estate?

(c) What amount, if any, out of this income will be paid to His Exalted Highness the Nizam?

The Honourable Shri Satyanarayan Sinha (Minister of State): (a) Yes. The Nizam has agreed to hand over the control of the Sarf-i-Khas to the Hyderabad Government to be administered as part of the Diwani.

(b) The total gross annual income from the Sarf-i-Khas is estimated to be about Rs. 2½ to 3 crores.

(c) No amount is payable to the Nizam out of Sarf-i-Khas revenues.

Mr. Tajamul Husain: Since we have actually conquered Hyderabad...

Mr. Speaker: He need not go into the reasons!

Mr. Tajamul Husain: Why do Government propose to pay anything to the Nizam since we have conquered that country?

Mr. Speaker: This is not in the question at all!

Shri H. V. Kamath: Will the entire income from the Sarf-i-Khas be expended for public purposes?

**The Honourable Shri Satyanarayan Sinha:** I would like to have notice.

**Sri Aji Prasad Sam:** Is any sum to be paid to the Nizam in compensation for handing over the State?

**The Honourable Shri Satyanarayan Sinha:** I have said no sum out of this is to be paid out.

**Sri Aji Prasad Sam:** If any sum at all from whatsoever fund?

**Mr. Speaker:** That will be beyond the scope of the question.

**Mr. Naziruddin Ahmad:** What is the net income of this State? The gross income has been stated in the answer.

**The Honourable Shri Satyanarayan Sinha:** I would like to have notice of the question.

**Sri Raj Bahadur:** May I know what is the total income by way of Privy Purse and otherwise, that is being drawn by the Nizam?

**Mr. Speaker:** Order, order. This is outside the scope of the present question.

**Shri Mahavir Tyagi:** Is the Nizam going to be appointed the Rajpramukh of Hyderabad?

**Mr. Speaker:** Order, order.

**Sarimati G. Durgabai:** May I know the total extent of this estate—whether it is the biggest of all the other personal estates?

**The Honourable Shri Satyanarayan Sinha:** I would like to have notice.

#### STATE POLICE FORCE IN HYDERABAD

**\*592. Shri Jaspat Roy Kapoor:** (a) Will the Honourable Minister of States be pleased to state what is the total number of State Police force in Hyderabad?

(b) What is the number therein of those who are not normal residents of the State?

(c) Was any communal bias exhibited by a section of the police during the recent disturbances?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** (a) Approximately 34,000.

(b) and (c). An enquiry has been made of the Government of Hyderabad whose reply is awaited.

**Shri K. Hanumanthaiya:** Are Arab nationals among the Hyderabad troops?

**The Honourable Shri Satyanarayan Sinha:** May be. I do not know.

**Shri S. Nagappa:** Is it a fact that one community of the people alone has manned the whole police department in Hyderabad?

**The Honourable Shri Satyanarayan Sinha:** I would require notice of that.

#### RELEASE OF PROF. IBRAHIM OF HYDERABAD

**\*593. Shri Jaspat Roy Kapoor:** (a) Will the Honourable Minister of States be pleased to state whether it is a fact that one Prof. Ibrahim of Hyderabad was released on his profession of change of heart, but after release he went to Pakistan whence he made a broadcast hostile to India?

(b) If it is a fact that he went to Pakistan, was he given the necessary permit by Government and if so, why?

(c) If he was not given any permit, how did he manage to leave India?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** (a) Yes.

(b) and (c). Permits for Pakistan are issued by the Pakistan High Commissioner in India and not by the Government of India.

**Shri H. V. Kamath:** Which was the authority that was satisfied that Prof. Ibrahim had undergone a change of heart?

**The Honourable Shri Satyanarayan Sinha:** Does it arise?

**Mr. Speaker:** It does not arise, but can the Minister answer it?

**The Honourable Shri Satyanarayan Sinha:** Of course the application must have been made.

**Mr. Speaker:** If the Honourable Minister is in the know of it, he may answer, otherwise he may ask for notice.

**Shri Jaspat Roy Kapoor:** Is there any method by which the migration of such persons can be checked from India to Pakistan?

**Mr. Speaker:** The question is too general and hypothetical.

**Shri M. Tirumala Rao:** Does that professor possess any property in Hyderabad?

**The Honourable Shri Satyanarayan Sinha:** I would like to have notice.

**Shri Mahavir Tyagi:** Does the Professor belong to the Razakar organization?

**The Honourable Shri Satyanarayan Sinha:** I would like to have notice. I do not know.

#### FAMINE CONDITIONS IN KUTCH

**\*594. Shrimati Dakshayani Velavudhan:** (a) Will the Honourable Minister of States be pleased to state whether Government are aware that people died of starvation in the newly-created Chief Commissioner's Province of Kutch in the month of December 1948?

(b) Is it a fact that the poorest sections of the people were living on wild grass and tree roots, as grain was not available?

(c) Is it a fact that no grain has been sent to many villages in Kutch for the last eleven months?

(d) What is the quantity of grain ration distributed now in the villages in Kutch and what was the quantity that was distributed per head in December 1948?

(e) What is the agency that distributes grains to the people of Kutch?

(f) Had the Chief Commissioner of Kutch given any assurance to the people that the grain distribution by the Grain Distribution Company would be abolished?

(g) If the answer to part (f) above be in the affirmative, why was that promise not carried out?

(h) Who are the controlling authorities of this Grain Distribution Company?

(i) Has the Chief Commissioner made any arrangements for relief work among the famine stricken people?

(j) Is famine a recurring phenomenon in Kutch, and if so, what steps are taken by Government to prevent the same?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** (a) and (b). No.

(c) No.

(d) 12 ozs. per head of grain is distributed now. The same quantity was distributed in December, 1948.

(e) The distribution of foodgrains is done under the direct supervision and control of the Director of Food Supplies, Kutch.

(f) to (i). The Grain Distribution Company which functioned under the previous administration is no longer in-charge of the transport and stocking of foodgrains in Kutch.

(i) Yes.

(j) Yes. Urgent steps have already been taken and are being taken to construct more irrigation tanks and wells and deepen the existing ones so as to provide water for cultivation, other long-term measures are also under consideration.

Mr. Speaker: The question hour is over.

#### (B) WRITTEN ANSWERS

##### EXTRA TEMPORARY NON-MUSLIM EMPLOYEES OPTED FOR PAKISTAN

\*595. Shri S. Nagappa: (a) Will the Honourable Minister of Defence be pleased to state the total number of non-Muslim Extra Temporary Employees permanently living in the Indian Dominion who opted for service in Pakistan?

(b) How many of such personnel have withdrawn their option for service in Pakistan?

(c) Are they allowed the same privileges as they were enjoying before partition?

(d) If not, why not?

The Honourable Sardar Baldev Singh: (a) No figures are available, as E.T.E. personnel were not required to opt for one Dominion or the other.

(b) to (d). Do not arise.

##### CONSTRUCTION OF HOUSES IN BASTI-THAN-SINGH NAGAR KAROL BAGH, DELHI

\*596. Shri Damodar Swarup Seth: Will the Honourable Minister of Health be pleased to state:

(a) whether it is a fact that plans for the building of houses in the area known as Basti Than-Singh-Nagar, near Anand Parbat, Karol Bagh, Delhi, are not being passed;

(b) whether the area referred to above has provision for streets, sanitation and roads in the existing sites; and

(c) whether Government propose to permit temporary constructions in the above-mentioned area to such of the legal holders of the building plots as are prepared either to pay to Government the costs of sanitary installations and other developments in the area or to demolish the temporary buildings without claiming for compensation when so required and if not, why not?

The Honourable Rajkumari Amrit Kaur: (a) Yes.

(b) The area has at present no provision for sanitation, streets or other services.

(c) For the following reasons temporary buildings in this area cannot be permitted:

(1) A layout for the area has already been approved by the Delhi Improvement Trust and a Development Scheme is to be framed shortly.

(2) In the absence of proper arrangements for sanitation, roads and other services erection of temporary structures will create unhygienic conditions.

(3) If temporary structures are permitted it will not be easy to resume possession of the land with the result that the execution of the Trust's schemes will be delayed.

The Honourable Dr. John Matthai: A statement giving the information is laid on the table of the House.

\*(Permanent supernumerary posts are being created to protect the rights of permanent men who are without permanent posts on partition.

## FORMATION OF UNIONS AND MERGER OF STATES WITH PROVINCES

32. **Shri K. Hanumanthaiya:** Will the Honourable Minister of States be pleased to state:

- the number of Indian States which have merged with Provinces;
- the number of States which have formed Unions; and
- the number of States which remain as separate units, and the names, extent and population of each of such States?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) to (c). The attention of the honourable member is invited to Appendix XIX of 'The White Paper on Indian States' a copy of which is in the Library.

Since the issue of 'The White Paper' the following changes have occurred:

- Mayurbhanj State has merged with Orissa.
- Bilaspur State has been constituted into a Chief Commissioner's Province.
- Kolhapur and Baroda are merging with the Bombay Province with effect from 1st March and 1st May 1949 respectively.
- Datta has merged with Bombay.
- The administration of Sirohi State has been taken over and entrusted to the Government of Bombay as agents of the Central Government.

## PRIVY PURSES OF PRINCES

33. **Shri K. Hanumanthaiya:** Will the Honourable Minister of States be pleased to state:

- the number of Princes whose States have merged with Provinces and the amounts of privy purses, fixed for them;
- the number of Princes whose States have formed into Unions and the amounts of privy purses fixed for them; and
- the number and names of Princes whose States remain as separate units and the amounts of privy purses that are being drawn by them annually?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) to (c). As regards the number of Princes whose States have merged, formed into Unions and remain as separate units, the attention of the honourable member is invited to my reply to his question No. 32.

As regards the privy purse of Rulers, I refer the honourable member to the reply given to question No. 34 by Shri R. K. Sidhva on the 10th August, 1948.

The Government of India have no information regarding privy purse amounts drawn by Rulers whose States remain as separate units.

## ASSISTANT ACCOUNTS OFFICERS, ACCOUNTANTS AND CLERKS IN RAILWAY

## AUDIT DEPARTMENT

34. **Shri Damoder Swarup Seth:** Will the Honourable Minister of Finance be pleased to state: (i) the number of permanent and temporary posts of Assistant Accounts Officers and Accountants attached to; (ii) the number of permanent Assistant Accounts Officers and Accountants and Subordinate Railway Audit Service Examination qualified clerks borne on the cadre of; and (iii) the number of unqualified clerks holding the posts of Accountants in each of the circles of the Railway Audit Department on the dates immediately preceding and succeeding the date of partition of India and as on 1st January, 1949?

## Southern Circle.

## DOMESTIC SCIENCE IN DELHI GIRL SCHOOLS

35. **Shri Damoder Swarup Seth:** Will the Honourable Minister of Education be pleased to state:

(a) whether it is a fact that household science has been prescribed as one of the compulsory subjects for the sixth to the eighth classes in all the Girls' Schools at Delhi;

(b) the average number of periods per week provided for teaching household science in these schools;

(c) whether Government are aware that no arrangements have been made by any of the school authorities to provide the girl students with requisite articles such as coal, angithi, utensils, etc., for the study of household science, and that the girl students are required to bring them from their homes; and

(d) if so, whether Government propose to see that the requisite articles are provided by the school authorities, at the cost of the girl students, if considered necessary?

**The Honourable Maulana Abul Kalam Azad:** (a) Yes.

(b) (i) Primary Schools—6 periods of about 35 minutes each.

(ii) Middle Schools—6 or 7 periods. (Class VI to VIII).

(iii) High or Higher Secondary Schools—6 or 7 periods.

(c) and (d). A circular was issued by the Education Department, Delhi Province, Delhi, in April, 1947, asking all Managements to provide Domestic Science equipment in Schools. Most of the schools have complied with these instructions, while the few that remain are purchasing the necessary equipment.

## SHORT NOTICE QUESTION AND ANSWER

**HUNGER STRIKE BY SINDHI HARIJAN REFUGEES IN SABARMATI AND AHMEDABAD**

**Shri A. V. Thakkar:** Will the Honourable Minister of Relief and Rehabilitation be pleased to state:

(a) whether it is a fact that refugee Harijans from Sind living in Sabarmati and Ahmedabad have gone on hunger strike;

(b) if so, the number of men, women and children;

(c) when the strike was undertaken and whether it has now been abandoned;

(b) If no steps have been taken, when do Government propose to start the work?

**The Honourable Maulana Abul Kalam Azad:** (a) Government of India have at present no proposal under consideration to collect ancient Sanskrit documents from Jogjakarta. It is not possible for the Indian Government to undertake a research of this type in a foreign country. When conditions improve efforts will be made to obtain information.

(b) Under the present political conditions in Indonesia, it is not considered practicable to send any Mission there to prepare a list of manuscripts of interest to India.

#### LINK OF INDIAN CURRENCY WITH U. K. STERLING

†\*1449. **Shri S. Nagappa:** Will the Honourable Minister of Finance be pleased to state whether the Indian currency is still linked with the U.K. sterling?

**The Honourable Dr. John Matthai:** No, Sir. It was delinked by an amendment of the Reserve Bank of India Act in 1947.

#### APPOINTMENTS TO INDIAN ADMINISTRATIVE SERVICE

†\*1450. **Lala Raj Kanwar:** Will the Honourable Minister of Home Affairs be pleased to state:

(a) the number of appointments to the Indian Administrative Service since the assumption of office by the present Government;

(b) the number of vacancies in the above service still to be filled up; and

(c) the probable date by which all such vacancies are likely to be filled up?

**The Honourable Sardar Vallabhbhai Patel:** (a) 141.

(b) 251.

(c) August, 1949.

#### BAN ON USE OF TITLES IN OFFICIAL COMMUNICATIONS AND PUBLICATIONS

†\*1451. **Lala Raj Kanwar:** Will the Honourable Minister of Home Affairs be pleased to state:

(a) whether Government have recently imposed a ban on the use, in official or demi-official correspondence, official publications, etc., of titles awarded by the previous Government or Governments; and

(b) if so, whether this ban applies to (i) titles awarded to Rulers of Indian States by the Moghul Emperors, previous Hindu Kings and the British Government; and (ii) titles awarded by the Rulers of Indian States to their subjects with or without the approval of the previous Government?

**The Honourable Sardar Vallabhbhai Patel:** (a) and (b). The orders issued are as follows:

"No reference should hereafter be made in official documents to titles against the names of any Indians.

It is not proposed that titles should be surrendered; only their use in official documents should be stopped.

These orders do not apply to Ruling Princes".

†Answer to this question laid on the table, the questioner being absent.

#### ABOLITION OF CAPITAL PUNISHMENT

†\*1452. **Lala Raj Kanwar:** Will the Honourable Minister of Home Affairs be pleased to state:

(a) the number of capital punishments awarded province-wise during each of the last five years;

(b) the names of countries in which capital punishment has been abolished during recent years;

(c) whether the present or the previous Government have ever considered the question of abolition of capital punishment, and if so, with what results; and

(d) if not, whether Government propose to consider the question?

**The Honourable Sardar Vallabhbhai Patel:** (a) A statement is laid on the table of the House.

(b) As far as I can ascertain, Cuba abolished capital punishment in 1940, New Zealand in 1941, and Switzerland in 1943.

(c) The proposal has been carefully examined on a number of occasions and given up.

(d) The present is considered inopportune for the abolition of capital punishment.

#### STATEMENT

*Number of persons sentenced to death by the High Courts or other authority concerned*

#### WARRANT OF PRECEDENCE

†\*1453. **Lala Raj Kanwar:** (a) Will the Honourable Minister of Home Affairs be pleased to lay on the table of the House a copy of the Warrant of Precedence as in force at the present time?

(b) What position is assigned therein to (i) Rajpramukhs and Up-Rajpramukhs of States Unions (ii) Other Rulers of Indian States and (iii) Members of the Central and Provincial Legislatures?

**The Honourable Sardar Vallabhbhai Patel:** (a) A copy of the Warrant of Precedence is placed on the table of the House.

†Answer to this question laid on the table, the question being absent.

- (d) the reason for the hunger strike;
- (e) what occupations have been provided for the employment of the working persons among the hunger strikers; and
- (f) how many persons have been provided with work and since how many months?

**The Honourable Shri Mohan Lal Saksena:** (a) to (d). 250 Harijans comprising of 130 males and 120 females went on hunger strike on the 11th February, 1949 and broke the fast on the 16th February, 1949, on the Commissioner's assurance that their case will be represented to Government for redress. The striker's demands were:

- (i) Free rations.
- (ii) Rent free accommodation.
- (iii) Constructional charges in Camp hutments.
- (iv) Relaxation of rules regarding security for rehabilitation loans.
- (e) A Weaving Centre has been started and yarn has been provided for weaving. Some of the refugees have been engaged on labour in local refugee camps.

(f) The information is being collected and will be laid on the table of the House in due course.

**Shri S. Nagappa:** May I know the duration of this hunger strike?

**Several Honourable Members:** 11th to the 16th.

## CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) DEBATES

### (PART I—QUESTIONS AND ANSWERS)

(Wednesday, 23rd February, 1949)

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock, Mr. Deputy Speaker (Shri M. Ananthasayanam Ayyangar) in the Chair.

### STARRED QUESTIONS AND ANSWERS

#### (a) ORAL ANSWERS

#### MEASURES TO CHECK ADULTERATION OF AGMARK GHEE

**\*597. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Agriculture be pleased to state whether it is a fact that at the Sixth Agmark Ghee Conference, which met in Delhi, a resolution was passed to the effect that the minimum punishment for perpetration of fraud upon the public by the sellers of Agmark Ghee should be three months' rigorous imprisonment?

(b) Is it a fact that this conference was presided over by the Secretary of the Ministry of Agriculture?

(c) What steps have been taken to implement the resolution referred to in part (a) above?

(d) Have Government taken any steps to bring down the price of Agmark Ghee?

(e) Have the Provincial Governments been taking effective steps to check adulteration?

(f) Was this point considered at the Conference and if so, with what result?

**The Honourable Shri Jairamdas Doulatram:** (a) No such resolution was passed at the Conference. A misunderstanding has probably occurred due to the fact that a resolution was passed at this Conference recommending that all offences whereby the public is being defrauded by selling other ghee under the plea or guise that it is Agmark ghee should be punished with minimum of three months' rigorous imprisonment with or without fine. A copy of the resolution is placed on the table of the House. It draws attention to the unauthorised practice of selling ordinary ghee as Agmark ghee, by either imitating the method of marking and packing Agmark ghee or using counterfeit agmark labels or tampering with the contents of tins filled with genuine Agmark ghee.

(b) Yes.

(c) The Implementation of the resolution involves an amendment of the Agricultural Produce (Grading and Marketing) Act, and the matter is under consideration.

(d) The price of Agmark Ghee is ruled by the price of ordinary or non-Agmark ghee.

(e) It is difficult to generalise as the administration of the Pure Food Laws by the Provincial Governments is not uniform.

(f) Yes, a resolution was passed recommending that the Provincial and State Pure Food Laws should be rigorously enforced by (i) extending the provisions of these laws to all places in the Provinces/States, (ii) collecting and analysing a larger number of check and inspection samples, and (iii) awarding adequate punishment to the offenders.

## STATEMENT

SIXTH AGMARK GHEE CONFERENCE, 1948

(RESOLUTIONS PASSED)

*Resolution No. 1.—Extension of Agmark grading*

This Conference recommends that grading of ghee under the Agmark should be expanded by :

- (i) intensive propaganda in favour of sale and consumption of graded ghee,
- (ii) banning of inter-provincial movement of ungraded ghee,
- (iii) fixing on a triennial basis a percentage of graded ghee for export to other areas, so that a reasonable proportion of the total Agmark ghee graded may remain within the producing area for local consumption,
- (iv) permitting liberal export of ghee graded by producers' co-operative societies, and
- (v) allowing special standards in the beginning, wherever necessary, *provided* the P. A. Test is made compulsory and that ghee packed under these special standards bears a distinguishable Agmark label.

*Note.*—Pandit Radhakant Malaviya and Mr. B. S. Deshpande opposed part (i) of the Resolution and desired that their opposition should be recorded on the ground that no further propaganda should be undertaken till we were thoroughly satisfied that the ghee we put on the market under the Agmark Scheme was absolutely pure and of the correct quality and approved by the public.

Part (ii) of the Resolution was also opposed by a few members including Pandit Malaviya and Mr. Deshpande.

*Resolution No. 2.—Check on quality control of Agmark ghee*

The Conference recommends that for checking the quality of Agmark ghee, measures should be taken to tighten up further, the quality control arrangements by—

- (i) check sampling at least 25 per cent. of the total number of melts instead of 15 per cent. at present,
- (ii) analysing completely 50 per cent. of the melt samples against 35 per cent. at present and all check samples and subjecting 5 per cent. of the total samples so analysed to P.A. test at the control laboratories. But the percentage for P.A. test may be raised to 10 after all the packers' laboratories have been fully equipped for performing that test,
- (iii) making arrangements for expeditious analysis of the samples by opening regional laboratories and strengthening the staff and other arrangements at the existing control laboratories,
- (iv) requesting the municipal and public health authorities effectively to assist in checking the quality of Agmark ghee, and
- (v) issuing Letters of Authority for collecting check samples to persons in responsible positions, such as members of the Central and Provincial Legislatures, Officers of public bodies like Go-Sewak Sangh, Wardha, and others.

*Resolution No. 3.—Self-supporting basis for Agmark Scheme*

This Conference recommends that with a view to strengthen quality control and make the Agmark Scheme self-supporting, steps should be taken to—

- (i) strengthen the staff and other arrangements at the control laboratories and to organise regional laboratories as early as possible, and
- (ii) increase the Agmark label charge to 10 annas per maund with effect from 1st October, 1948.

*Resolution No. 4.—Heavy penalty for unlawful use of Agmark labels*

Having regard to the fact that several cases have occurred in the past and are still occurring where public is being defrauded by selling ghee under the plea or guise that it is Agmark ghee, either by counterfeiting Agmark labels or by tampering with the contents of tins sealed with genuine Agmark labels or by using labels imitated in accordance with the Agmark design or by other means, this Conference is of emphatic opinion that all such

offences should be punished with a minimum of 3 months' rigorous imprisonment with or without fine and that informants of cases resulting in successful prosecution should be suitably rewarded.

*Resolution No. 5.—Popularising Agmark ghee*

This Conference recommends that with a view to promoting grading under the Agmark standards, the following steps should be taken for increasing the sale of Agmark ghee :

- (i) the Agmark packers should be requested to limit their margin of profit on Agmark ghee and aim at larger turnover and also pack greater quantities of Agmark ghee in small containers for the benefit of private household consumption,
- (ii) local bodies should be moved to charge octroi and other taxes on Agmark ghee at reduced rates and to issue licences for its sale more freely at concessional fees. They should also be moved to include propaganda on the benefits of Agmark ghee in their health campaigns, and
- (iii) the Defence Ministry, Railways, Jails, Hospitals, Government hostels, college hostels, hotels and public messes should be moved to give preference to Agmark ghee in the programme of their purchases.

*Note.*—Pandit Radhakant Malaviya and Mr. B. S. Deshpande opposed parts (ii) and (iii) of the Resolution.

*Resolution No. 6.—Publicity for Agmark ghee*

The general view of the packers was that having regard to the conditions brought about by the restrictions imposed by Provincial and State Governments on the free export of ghee, it would be premature to undertake publicity of Agmark ghee on behalf of or for ghee packers. This Conference recommends that no packers' publicity fund be opened at present in view of the restrictions imposed by the Provincial and State Governments on free movement of ghee. It is, however, of opinion that in view of the importance of promoting production and consumption of pure ghee in the country, the Government of India be moved to undertake extensive and sustained publicity for popularising production and consumption of ghee in accordance with Agmark standards.

*Note.*—Pandit Malaviya and Mr. Deshpande expressed the opinion that such publicity should be undertaken only after improving the existing machinery for grading of ghee.

*Resolution No. 7.—Co-operative organisation of Producers*

The Conference recommends that the Provincial and State Governments be requested to take steps to organise the primary producers of ghee into Co-operative Ghee Production and Sale societies which should be encouraged to take up grading of ghee under the Agmark system.

*Resolution No. 8.—Improved Method of Manufacture*

This Conference recommends that the Provincial and State Governments be requested to undertake intensive propaganda in the villages for adopting improved methods of manufacture and storage of ghee so as to improve its quantitative and qualitative output.

*Note.*—An opinion was also expressed by a section of the Conference that the present method of preparing ghee which leaves the *matha* for consumption by the producer and his family should be maintained as it provided an article of great nutritive value for the rural areas.

The experts who attended the Conference, however, did not hold the view that there would be any wastage of nutritive properties if improved methods, as opposed to indigenous, were introduced for producing ghee.

*Resolution No. 9.—Research on Quality of ghee*

The Conference recommends that in view of the extreme necessity for a comparatively easy and simple test for detection of adulteration in ghee, the Government institutions, scientific organisations, such as Indian Council of agricultural Research, research laboratories, and universities interested in research, be requested to take up research work on the quality and purity of ghee.

**Resolution No. 10.—All India and Regional Specifications of Agmark ghee**

The following Resolution recommended by the Sub-Committee was considered by the Conference:

The undermentioned specifications for grading of ghee under the Agmark may be adopted:

**(a) All-India**

|                                                           | Winter.<br>(October-March) | Summer.<br>(April-September) |

| Moisture content                                          | Not more than 0·5%             | Not more than 0·5%        |
| Percentage of free fatty acids calculated as oleic acid:— |                                |                           |
| (a) Special Grade                                         | Not more than 1·4              | Not more than 1·4         |
| (b) General Grade                                         | Not more than 2·3              | Not more than 2·4         |

"In case of all-India specifications these will apply to areas where ghee grading is in force at present. For new areas specifications may be prescribed whenever considered necessary after examination of control samples of ghee produced in them.

"Ghee possessing values different from those prescribed in the above specifications may also be allowed to be graded under the Agmark provided its purity is established after performing the Phytosteryl Acetate test and other tests for detecting presence of vegetable and animal fats other than milk fat. If the chemist at the grading station is satisfied about the purity of such ghee after performing the special tests, Agmark labels may be applied on it without waiting for approval from the Control Laboratory.

"Saponification value and unsaponifiable matter may also be determined by the chemist at his discretion for judging the purity or otherwise of the ghee."

The Conference recommended that the all-India and Regional specifications for Agmark ghee proposed in the draft Resolution be further examined by an expert Committee of scientists appointed by the Government of India which should give an opportunity to Provincial and State representatives and selected packers to express their views on the proposed specifications.

**Resolution No. 11.—One uniform specification of ghee**

(i) The Conference recommends that instead of separate specifications for cow, buffalo or mixed ghee, the Provincial Food Laws should prescribe one specification for ghee which should mean pure clarified milk fat prepared exclusively from the milk of cow, buffalo or both.

(ii) Such specifications should be, as far as possible, uniform throughout the country, making allowances for regional differences based on scientific findings.

(iii) The specifications should not be based merely on common presumptive tests, but should also have provision for performance of special tests for judging the purity of ghee.

**Resolution No. 12.—Rigorous enforcement of Pure Food Laws**

The Conference recommends that the Provincial/State Pure Food Laws should be rigorously enforced by—

- extending the provisions of these laws to all places in the Provinces/States,
- collecting and analysing a larger number of check and inspection samples, and
- awarding adequate punishment to the offenders.

**Resolution No. 13.—Allowance for Regional Agmark Standards under Pure Food Laws**

The Conference recommends that the Government of India should suggest to the Provincial Governments that for the operation of their Pure Food Laws due recognition may be given to the regional standards fixed by the Government of India for Agmark ghee, provided that such ghee is sold in properly sealed tins bearing genuine and distinctive Agmark labels.

**Resolution No. 14.—Allotment of tin plate instead of containers**

This Conference recommends that for packing Agmark ghee, tin plates should be allotted in place of fabricated containers. This allotment of tin plate would be made to the manufacturers of fabricated containers. This allotment of tin plate would be made to the manufacturers of fabricated containers to be nominated by the packers out of the list of approved manufacturers kept by the office of the Director General, Industry and Supply. This allotment would be made on *pro rata* basis according to the total supply of tin plate for the quarter as compared to its demand and also taking into consideration the requirements of other industries. Each packer would be entitled to recommend 3 names of approved manufacturers in order of preference and, as far as possible, his demand would be met from amongst that list. These recommendations would be sent by the packers to the Agricultural Marketing Adviser to the Government of India, who would then forward them to the Director General, Industry and Supply, after the necessary co-ordination. The Director General, Industry and Supply should try to fix prices of different types of containers for the different regions in which the fabricators nominated by the packers are located, and, in doing so, would take into consideration the prices, if any, mutually agreed upon between the packers and the manufacturers of containers. Agmark ghee packers who have proper fabricating plants of their own should be allotted their quota of tin plate direct subject to their fabricating capacity.

**Resolution No. 15.—Improvement of packers' laboratories**

This Conference recommends that—

- packers should fully equip their laboratories for the performance of P.A. test before the end of 1948. The Agricultural Marketing Adviser should assist them in the matter by communicating the names of firms who have stock of the equipment required and by rendering such assistance as is possible by arranging imports from abroad,
- packers whose laboratories are already fully equipped should begin to examine as far as possible about 20 per cent. of their melts on the P.A. test from the beginning of the new season,
- packers grading over 6,000 maunds of ghee should employ one additional chemist during October-March for coping with the additional work required in the performance of P.A. test.

**Resolution No. 16.—Action to be taken on receipt of misgrading report**

The Conference recommends that packers should, on receipt of a misgrading report, take prompt and effective action for preventing sale of such misgraded ghee provided that the misgrading report reaches the packer in reasonable time.

**Resolution No. 17.—Re-examination of rejected melts**

This Conference recommends that requests for re-examination of rejected melts should be entertained by the Agricultural Marketing Adviser on the following conditions:

- A written request should be made by the packers within 3 days of the date of written intimation of rejection by the Chemist-in-Charge or 7 days of written intimation of rejection by the Control Laboratory,
- (a) in case of rejection by the Chemist-in-Charge, the unsealed stock of the rejected melt would be kept under the custody of the Chemist-in-Charge, pending receipt of results of re-examination,
- (b) in case of rejection by the Control Laboratory, the sealed stock will not be disposed of until the results of re-examination are known;

Provided the packer would be free to dispose of the rejected stock as ungraded ghee meanwhile, if such disposal is justified by the fluctuations in prices.

942

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [23RD FEB. 1949]

- (iii) the packer should give a written undertaking to the effect that he would pay a sum of Rs. 50 as fee for re-examination of a melt, in case the results of the second examination confirm the original report of either the Chemist-in-Charge or the control laboratory,
- (iv) in future the Chemist-in-Charge should take samples from the melt in triplicate, one to be analysed by him; the duplicate to be sent to the control laboratory; and the third to be delivered, after proper sealing, to the packer,
- (v) on receipt of the request for re-examination from the packer, the Agricultural Marketing Adviser would make arrangements for drawing check samples independently from the disputed lot and for further analysis.

*Resolution No. 18.—Audit of advance deposit Accounts*

This Conference approves the procedure adopted for the maintenance of accounts of advance deposits received from the packers and agrees to the auditing of such accounts at a cost to be approved annually by the Accountant General, Central Revenues.

*Resolution No. 19.—Adoption of Standard Contract in case of bulk sales by the packers*

This Conference recommends that the Agmark ghee packers may be requested to undertake the sale of Agmark ghee in bulk on the basis of the Standard contract form prepared by the Agricultural Marketing Adviser as far as possible and with such modifications as may be considered desirable in the standard contract form so prepared.

*Resolution No. 20.—Organisation of packers into Unions*

The Conference is not in a position to express any opinion on the organisation of authorised packers into unions for having joint arrangements for grading ghee, as it was a matter entirely between the packers and the Agricultural Marketing Adviser. The Conference therefore, recommends that the question about organising joint Agmark laboratories for the Agmark ghee packers should be resolved after further discussion between the Agricultural Marketing Adviser on the one hand and the Agmark ghee packers on the other.

**Shri R. K. Sidhva:** May I know whether the Government's attention has been drawn to adulterated ghee packed in tins with the *bona fide* Agmark and if so, what steps have Government taken in this direction?

**The Honourable Shri Jairamdas Doulatram:** The attention of Government has been drawn to this and this matter was discussed at the conference at which the above resolution was passed. All the resolutions have been sent to the members of the Standing Committee of the Legislature and their opinions are awaited with regard to what type of action is to be taken. The Conference recommended that the cooperation of local bodies should be taken and their officers authorised to collect samples and send them on to the laboratories. The number of laboratories is to be increased, because at present it is very insufficient. The Conference also suggested that members of both the Central and Provincial legislatures should be authorised to collect and send these samples for checking at the laboratories. All these steps are intended to be taken.

**Shri R. K. Sidhva:** What are the provinces or states in which the Adulteration of Food Act exists?

**The Honourable Shri Jairamdas Doulatram:** I would not be able to say how many but I believe quite a number of provinces have got Pure Food Laws.

**Shri R. K. Sidhva:** Do the provinces take steps to enforce these laws?

**The Honourable Shri Jairamdas Doulatram:** I would not be able to answer in detail. As I said in my reply the conference asked them to take certain measures and to enforce the pure food laws.

**Shri H. V. Kamath:** Has it come to the notice of the Honourable Minister that this ghee bearing Agmark is adulterated with Vanaspati?

**The Honourable Shri Jairamdas Doulatram:** Yes, we have received complaints.

**Shri H. V. Kamath:** How many such adulterators of ghee have been arrested in Delhi within the last one year?

**The Honourable Shri Jairamdas Doulatram:** I would not be able to give you the number.

**Shri H. V. Kamath:** Have any arrests been made at all?

**The Honourable Shri Jairamdas Doulatram:** I would not be able to say that.

**Shri B. P. Jhunjhunwala:** What is the process by which it is made sure that this ghee is pure before it is sealed with the Agmark?

**The Honourable Shri Jairamdas Doulatram:** There is a certain agency in the laboratories attached to the place where the Agmark ghee is packed. An analysis is made before the ghee is packed.

**Shri B. P. Jhunjhunwala:** Is analysis made of all the ghee which is sent to the market? Are samples taken from all the ghee for analysis? Or are there centres where this is done?

**The Honourable Shri Jairamdas Doulatram:** There are centres where the sampling takes place. As I said the number of laboratories is very limited. It is only when the number of laboratories is increased that proper checking can take place.

**Shri B. P. Jhunjhunwala:** How many such centres are there?

**Shri Deshbandhu Gupta:** Is the Honourable Minister aware that some of the chemists working in these laboratories have worked out formulæ by which they can produce adulterated ghee of the same specific gravity, etc., as the pure ghee?

**The Honourable Shri Jairamdas Doulatram:** That is possibly so.

DELAY IN DISPOSAL OF APPLICATIONS FOR GRANTS OF LICENCES BY AIR TRANSPORT LICENSING BOARD

\*598. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Communications be pleased to state who is the Chairman of the Air Transport licensing Board and what his salary is?

(b) Does he attend all the meetings of the Board?

(c) Is it a fact that applications for the grant of licences are delayed in disposal?

(d) During the year 1948, how many applications for licences were received and what are the dates of receipt and disposal?

(e) Have there been complaints regarding delay?

**The Honourable Mr. Rafi Ahmad Kidwai:** (a) Shri K. S. Menon is the Chairman of the Air Transport Licensing Board. His salary is Rs. 3,500 per mensem.

(b) Yes, Sir.

(c) There have been unfortunately some delay, which have been mainly due to the procedure laid down in the Indian Aircraft Rules, 1937, for the disposal of applications of licences. The question of suitably amending the Rules is under consideration.

(d) I lay on the table a statement giving the required information.

(e) There have been complaints of delay but these delays were due to the procedural Rules.

*Applications received during the Calendar year 1948*

| Serial No.                                                                                                                                   | Name of applicant                   | Route for which applied for                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | Date of receipt in Civil Aviation Department                                                                                                                                     | Date of disposal        |

**Shri R. K. Sidhva:** When are those rules likely to be amended?

**The Honourable Mr. Rafi Ahmad Kidwai:** I hope within a month the draft will be ready.

**Shri R. K. Sidhva:** May I know whether any official of this Licensing Board has been prosecuted and if so, for what offence?

**The Honourable Mr. Rafi Ahmad Kidwai:** Does it really arise out of this question?

**Mr. Deputy Speaker:** Very remotely or indirectly.

**Shri Ajit Prasad Jain:** May I know if the Chairman is a whole-time or part-time officer and whether he has got enough work to do as the Chairman of the Board?

**The Honourable Mr. Rafi Ahmad Kidwai:** Mr. Menon is a whole time officer. We were aware that there is not sufficient work for a wholetime officer and recently we have decided upon a change in the constitution of the Board.

**Seth Govind Das:** Is it not a fact that the Pay Commission had suggested that the highest pay in this country should be Rs. 3,000, whereas this officer is getting a pay of Rs. 3,500? Is the pay of those officers who are getting more pay than Rs. 3,000 going to be reduced?

**Mr. Deputy Speaker:** A portion of the question can be answered.

**The Honourable Mr. Rafi Ahmad Kidwai:** What portion, Sir?

**Mr. Deputy Speaker:** Why Rs. 3,500 is the salary of this officer and not Rs. 3,000.

**The Honourable Mr. Rafi Ahmad Kidwai:** He has been under contract service before the Pay Commission's recommendation was announced.

**Shri Ajit Prasad Jain:** May I know whether it is under the contemplation of the Government to abolish this post as held by a wholetime officer?

**The Honourable Mr. Rafi Ahmad Kidwai:** That is so.

**Lala Achint Ram:** What is the term for which this Chairman was required to serve?

**The Honourable Mr. Rafi Ahmad Kidwai:** He was appointed for three years.

### RAILWAY PROJECTS TO CONNECT DEESA WITH KUNDLA AND RANLIWARA

**\*599. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Railways be pleased to state whether it is a fact that Government have authorised a final location survey for construction of railway lines to connect Kundla in the Cutch State with Deesa on the Palanpur Deesa branch of the B.B. & C.I. Railway and Deesa with Raniwara on the Jodhpur Railway?

(b) If so, what is the total mileage of each line and what is the total estimated cost? When is the survey likely to be completed?

(c) Do Government intend to proceed with the construction of these railway lines after the survey is completed or hold it over?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) Yes.

(b) The approximate length of the line between Kundla and Deesa is 174 miles and that between Deesa and Raniwara 46 miles. Field work for the survey is expected to be completed in April and the Survey Reports are likely to be ready by October, 1949. The exact mileage and the total estimated cost of the Project will be available only after the surveys have been completed.

(c) After scrutiny of the Survey Reports, the matter will again be placed before the Central Board of Transport for a decision whether the construction of the lines could be proceeded with.

**Shri R. K. Sidhva:** May I know whether it is the intention of the Government to help to construct a broad gauge line between Kundla and Jind as recommended by the West Coast Ports Committee in this regard?

**The Honourable Shri N. Gopalaswami Ayyangar:** I believe, Yes.

**Shri R. K. Sidhva:** Is it under survey?

**The Honourable Shri N. Gopalaswami Ayyangar:** Yes.

### CONSTRUCTION OF WHARVES AT KUNDLA

**\*600. Shri R. K. Sidhva:** Will the Honourable Minister of Transport be pleased to state whether Government have taken steps to survey the construction of wharves at Kundla and if so, what are the details of such survey and when is the actual construction work likely to be started?

**The Honourable Shri N. Gopalaswami Ayyangar:** Arrangements for the survey of Kundla Creek are in hand and construction work will be started after the survey has been completed and the final location of the jetties settled.

**Shri R. K. Sidhva:** When is that likely to be settled?

**The Honourable Shri N. Gopalaswami Ayyangar:** I cannot give a firm date but I expect it would take a few months.

### CONSTRUCTION OF A NEW SHIP BUILDING YARD NEAR CALCUTTA

**\*601. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether the Government of West Bengal has sent a report to the Government of India on the construction of a new ship-building yard near Calcutta?

(b) If so, what are the recommendations made in that report and have Government considered the same?

(c) What is the maximum tonnage capacity of vessels likely to be built in the proposed yard and what is the approximate cost of construction of the same?

(d) Does the report contemplate the yard and the vessels to be built by Government or by other agency?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Yes, Sir.

(b) to (d). The Government of India intend to employ shortly a foreign expert naval engineering firm to advise them on the suitability of a site for the establishment of a new shipbuilding yard. The reports received from the Governments of West Bengal and Bombay and any other reports that may hereafter be received will be placed before the expert for consideration.

**Shri R. K. Sidhva:** What will be the tonnage of the steamers in this yard that will be built?

**The Honourable Dr. Syama Prasad Mookerjee:** Nothing has yet been decided. Several proposals have been made which will have to be considered.

**Shri R. K. Sidhva:** Will it be an entirely government yard or will it be partly government and partly private?

**The Honourable Dr. Syama Prasad Mookerjee:** As I said, we have only received certain proposals and the whole matter will be considered and decided after we have the expert report.

**Shri R. K. Sidhva:** What is the intention of the Government? Do they want themselves to take the construction work?

**The Honourable Dr. Syama Prasad Mookerjee:** The intention is to have another shipbuilding yard if possible.

**Shri R. K. Sidhva:** I refer to intention in the sense whether Government want to construct it.

**The Honourable Dr. Syama Prasad Mookerjee:** The intention is that Government should organize it and own it.

**Shri S. V. Krishnamoorthy Rao:** From what country is the foreign expert coming?

**The Honourable Dr. Syama Prasad Mookerjee:** France.

**Shri Mihir Lal Chattopadhyay:** When was the proposal received?

**The Honourable Dr. Syama Prasad Mookerjee:** It was received about two or three months ago.

**Shri Satis Chandra Samanta:** What is the proposed location of the shipbuilding yard?

**The Honourable Dr. Syama Prasad Mookerjee:** Various locations have been proposed.

**Shri Satis Chandra Samanta:** Is Gewaukhali one of the locations?

**The Honourable Dr. Syama Prasad Mookerjee:** Yes, it is one of the locations suggested.

#### IMPROVEMENT OF CATTLE BREED

†\*602. **Shri Uppendranath Barman:** (a) Will the Honourable Minister of Agriculture be pleased to state what efforts Government are making to improve plough cattle and milch cattle in India?

(b) What steps are being taken to supply breeding bulls to undeveloped areas?

(c) How much have Government spent for the above purpose in 1948 and what is their plan for 1949?

**The Honourable Shri Jairamdas Doulatram:** (a) The efforts made by Government to improve cattle relate (i) breeding (ii) disease control (iii) feeding (iv) Scientific management (v) education in Dairying. A brief note giving

† Answer to this question laid on the table. the questioner being absent.

further information is placed on the table of the House, also a list of specific schemes for improvement of cattle in different provinces.

(b) Help in the procurement of breeding bulls is rendered to whenever required. According to information so far received about 3,700 bulls have been issued by the various Governments during the last five years.

(c) Apart from research stations, a sum of Rs. 3,10,000 was spent by Central Government in 1948-49 on work directly related to improvement of cattle and Rs. 2,46,000 are proposed to be spent in 1949-50. Information as to amounts spent by Provincial Governments are not available.

#### STATEMENT

##### *Steps taken to improve cattle*

The improvement of cattle requires attention on a number of complicated details which may be classified into details connected with (a) feeding, (b) disease control, (c) breeding and (d) management, apart from education, propaganda, etc. The Animal Husbandry Departments of provinces are constituted for giving attention to all these matters.

**Breeding.**—In regard to breeding, farms are established for the production of bulls which are distributed in the villages on some sort of premium system. Bulls are also purchased from approved breeders and distributed. The total number distributed is however very small and inadequate for the requirements. On the average only one approved bull is available where 250 are needed. A small proportion of scrubs is castrated every year.

**Disease Control.**—In regard to disease control preventive inoculation is carried out as a matter of routine. Inoculations are also carried out in the face of outbreaks and quarantine arrangements are made. Here also the size of the undertaking (number of hospitals and veterinary surgeons) is far short of requirements.

**Feeding.**—About feeding propaganda is carried on about the necessity for the preservation of surplus fodder as silage and demonstrations are given on this work in the established farms.

**Management.**—Scientific methods of management are demonstrated in Government Farms, which breeders are free to visit.

**Education.**—Hyderabad and all provinces except Orissa have Veterinary Colleges of their own, though some of them were started only recently. Training in cattle improvement is given in these as well as in Agricultural Colleges. Advanced and post-graduate training and training in dairying are provided in Central Institutes.

**Propaganda.**—A number of Cattle Shows are held every year and prizes are given to encourage the breeding and rearing of 1st Class cattle. At every opportunity like Cattle Fairs and Shows, propaganda lectures with help of magic lantern slides are delivered by the staff of Animal Husbandry Departments in order to educate farmers on scientific methods of breeding, feeding, management and disease control.

**General.**—As instances of general steps taken for cattle improvement, special mention may be made of two. These are Cattle Improvement Acts which empower livestock officers to castrate bulls which are not approved. Another is Control of Contagious Diseases Acts which enable the Veterinary Departments to take proper measures for prevention and spread of contagious diseases. A third item of interest is the introduction of co-operative societies for the marketing of animals and animals produce like Co-operative Milk Societies, Ghee Societies, etc.

**Contribution from the Centre.**—The Centre helps provinces by carrying out fundamental research and by providing general co-ordination and guidance. The Central Institutes carry out research on animal disease, animal nutrition, animal breeding and dairying. The Veterinary Institute at Izatnagar also produces and distributes biological products required for treatment of contagious diseases. The Indian Council of Agricultural Research is the organisation for the promotion and co-ordination of research and development. On this body, all provinces and States are represented and joint action is taken on problems of common interest to All India or to more than one province.

##### *Schemes which the Provincial Governments are implementing to improve plough and milch cattle*

**Bihar.**—(i) Scheme for improving village cattle by Tharparkar Bulls.

(ii) Scheme for distribution of 400 bulls in key villages.

- (iii) Scheme for opening Bachauer Breeding Cattle Farm in Pusa.  
 (iv) Scheme for opening Haryana Breed cattle farm in Shahabad District.  
 (v) Scheme for opening two artificial insemination centres in Province.
- Orissa.**—(i) Expansion of Provincial Livestock Breeding Farms.  
 (ii) District livestock Breeding Farms.  
 (iii) Contribution of Utkal Gomangal Samiti for supplying Breeding Bulls, etc.  
 (iv) Improvement of Gaushalas.  
 (v) Supply of milk to Cuttack town.
- Madras.**—(i) Premium Scheme :  
 Approved bulls at stud maintained by ryots and institutions are admitted into premium scheme for a period of three years in the first instance under certain conditions. A premium of Rs. 200 (Rs. 220 in the case of Ongole and buffaloe bulls) is paid per annum per each bull.
- (ii) Livestock Research Station at Hosur and Guntur.  
 These stations maintained milch and draught breeds like Sindhi and Ongole for milk, Hallikar and Kangayam for draught and research work and to improve both these qualities by selective breeding and proper feeding.
- (iii) The scheme for the improvement of Kangayam breed of cattle.
- U. P.**—(i) Distribution of (a) pure bred bulls of dual purpose breed for example Haryana, Kenkatha and Sindhi, (b) purely draught and milch breeds, i.e., Kherigarh, Ponwar and Sahiwal according to the requirements of various areas of province for upgrading local cattle.
- (ii) Development of cattle in key villages in Meerut District.
- (iii) Supply of pure bred cows and bulls to Gowshalas at subsidised rates for cattle breeding and dairy purposes.

#### CONSTRUCTION OF NEW AERODROMES

\*603. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Communications be pleased to state the number of aerodromes that existed in India at the end of the last World War in 1945?

(b) How many of these aerodromes have been closed down?

(c) What is the number of aerodromes still existing and which of them are used for civil aviation purposes?

(d) Have Government taken any decision to construct new aerodromes in connection with the Civil Aviation development programme?

(e) If so, which are they, and by what time and in what order are they likely to be set up?

(f) Is Ajmer included in the list of such aerodromes and if so, by what time is the aerodrome likely to be constructed there, and if not, why not?

**The Honourable Mr. Rafi Ahmad Kidwai:** (a) 421 aerodromes including Fair Weather Landing Grounds existed in the Indian Dominion (including Pakistan) at the end of the last World War.

(b) About 200 aerodromes and Fair Weather Landing Grounds have since been abandoned. This figure also refers to pre-partition India.

(c) The number of aerodromes and landing grounds at present in India used for civil aviation purposes is 136. The remainder belong to the Defence Services.

(d) Yes, Sir.

(e) A statement of new aerodromes proposed to be constructed is laid on the table of the House. It was originally proposed to complete the construction programme within a period of ten years. In view of the anti-inflation policy of the Government, the position is being reviewed and the construction programme may have to be slowed down. It is not possible to determine the order of priority for the construction of aerodromes as it depends on the need

of air-transport in the area as determined by applications by Air Transport Companies for the operation of air services.

(f) Yes, Sir. Ajmer is included in the list of new aerodromes to be constructed. It is expected that the aerodrome will be erected within the next two years. Preliminary work in connection with the selection of a site has already been carried out.

#### STATEMENT

**Shri H. V. Kamath:** Did the British destroy or dismantle any aerodromes before quitting India?

**The Honourable Mr. Rafi Ahmad Kidwai:** I require notice for that.

**Pandit Mukut Bihari Lal Bhargava:** May I know where the site is being located for the aerodrome at Ajmer—at what distance from Ajmer?

**The Honourable Mr. Rafi Ahmad Kidwai:** I require notice. I have not got the information on the file before me. I can supply the information to the honourable member later.

**Srijut Kuladhar Chaliha:** What was the cost involved of the two hundred aerodromes that have been abandoned?

**The Honourable Mr. Rafi Ahmad Kidwai:** I will require notice for that question also.

**Shri H. V. Kamath:** Is there any proposal before Government to construct at least landing grounds where pucca aerodromes cannot be built?

**The Honourable Mr. Rafi Ahmad Kidwai:** As I have said, wherever any company wants to start a service and we think it is necessary we take the necessary measures.

**Shri Ajit Prasad Jain:** With regard to part (b) of the question, may I ask when the decision to close down two hundred aerodromes was taken and what was the procedure adopted in deciding which of the aerodromes should be closed?

**The Honourable Mr. Rafi Ahmad Kidwai:** That decision was taken some time in 1946.

**Shri B. N. Munavalli:** Do Government propose to have an aerodrome for civil aviation in Hubli?

**The Honourable Mr. Rafi Ahmad Kidwai:** The suggestion was made and it is under consideration, but there is no prospect of constructing a landing ground immediately.

952

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) | 23RD FEB. 1949

**Shri S. Nagappa:** Is there any scheme under contemplation of Government to open an aerodrome in Guntakkal in the Madras Presidency?

**The Honourable Mr. Rafi Ahmad Kidwai:** If that is the suggestion then I will consider that.

**Pandit Mukut Bihari Lal Bhargava:** How many years will the programme now take? The original programme was ten years.

**The Honourable Mr. Rafi Ahmad Kidwai:** The programme is being re-examined and I think after some time I will be able to supply this information.

**Shri Ajit Prasad Jain:** May I know whether this Government has re-ascertained whether the aerodromes which were closed in 1946 were correctly closed down?

**The Honourable Mr. Rafi Ahmad Kidwai:** I may inform the honourable member that recently we have asked the Department to see if we can take back some of the aerodromes that were abandoned.

**Srijut Kuladhar Chaliha:** What has become of the 200 aerodromes that have been closed down—have the materials been taken away and the aerodromes dismantled altogether?

**The Honourable Mr. Rafi Ahmad Kidwai:** I cannot say, but as I have already said, whenever we receive any information that any aerodrome is serviceable then we examine it.

**Shri Radhavallabh Vijaivergiya:** In the list of the new aerodromes proposed to be constructed are any to be constructed in Madhya Bharat?

**The Honourable Mr. Rafi Ahmad Kidwai:** No, there is none.

#### MANUFACTURE AND IMPORT OF NEEDLES AND CYCLES

\*604. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether there are any factories in India manufacturing needles and cycles?

(b) If so, what is their annual output and if not, are Government taking any steps or do they intend to take any steps to start such factories at an early date?

(c) What quantity of needles and how many cycles are imported annually into India?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) There are two factories manufacturing complete bicycles and two others manufacturing spare parts for bicycles. As regards needles, I presume the honourable member refers to sewing needles, sewing machines needles or latch needles for hosiery machinery. If so, there are no factories at present manufacturing them.

(b) Annual output of bicycles for the years 1947 and 1948 is 48,827 numbers and 64,740 numbers respectively. Government do not intend to start any factory for the manufacture of needles.

(c) A statement is laid on the table of the House.

#### STATEMENT

I. *Cycles.*—Value of cycles, parts of cycles and accessories excluding rubber tyres imported in India.

|          |                  |
|----------|------------------|
| 1945-46. | Rs. 1,08,71,442. |
| 1946-47. | Rs. 2,78,08,970. |
| 1947-48. | Rs. 4,44,36,792. |

Only value of imports are available.

II. *Needles.*—These are not separately recorded in the Sea Borne Trades Returns. It is therefore not possible to furnish the import figures.

**Seth Govind Das:** May I know how many cycles are still imported into this country every year from foreign countries?

**The Honourable Dr. Syama Prasad Mookerjee:** In 1945-46 we imported 76,145 bicycles; in 1946-47 2,12,554; in 1947-48 2,61,358.

**Seth Govind Das:** What is Government doing with respect to the production of cycles here so that there may not be any need to import cycles into this country?

**The Honourable Dr. Syama Prasad Mookerjee:** Our annual demand is about three lakhs and we are now producing about 60,000. We are giving all possible facilities so that production in India may increase, but meanwhile we have allowed free import of cycles into this country.

**Seth Govind Das:** Have Government received any application from any private party who wants to establish more cycle factories in India?

**The Honourable Dr. Syama Prasad Mookerjee:** Whenever applications are received we consider them. In fact we are giving all possible assistance to existing factories also.

**Seth Govind Das:** I was asking whether any fresh applications are pending before Government for importing machinery for starting cycle factories?

**The Honourable Dr. Syama Prasad Mookerjee:** We have received an application from a Calcutta firm which intends to set up a factory for the manufacture of cycles in collaboration with another foreign firm on a big scale. That is under examination.

**Pandit Mukut Bihari Lal Bhargava:** Is it a fact that the existing factories are not manufacturing cycle wheels, chains and spokes but are only importing them and assembling them here?

**The Honourable Dr. Syama Prasad Mookerjee:** Certain parts are being imported, but we are trying to help them to manufacture those parts as well in India. So far as chains are concerned there is a proposal to have a factory for the manufacture of chains here.

**Shri Khandubhai K. Desai:** Have Government taken steps to certify the quality of the indigenous production?

**The Honourable Dr. Syama Prasad Mookerjee:** We leave it to the riders.

**Pandit Thakur Das Bhargava:** What special facilities are being afforded for the manufacture of cycles?

**The Honourable Dr. Syama Prasad Mookerjee:** We are releasing steel regularly, we are assisting them in obtaining import licences for components which are not being manufactured here. So far as the manufacture of chains is concerned, we are trying to encourage a particular factory to start manufacture.

**Shri Mihir Lal Chattopadhyay:** Do Government exercise any form of control in the matter of fixation of prices of cycles manufactured in India?

**The Honourable Dr. Syama Prasad Mookerjee:** It is not necessary because the price of a cycle manufactured in India is about Rs. 130 and the price of the imported ones varies from Rs. 180 to Rs. 320.

**Mr. Frank Anthony:** In the absence of Government control to see that uniform standards are maintained, is it a fact that many of these cycles are regarded as dangerous to life and limb?

**The Honourable Dr. Syama Prasad Mookerjee:** We have not received any formal complaints.

**Seth Govind Das:** Is it not a fact that certain parties could not go ahead with their scheme of cycle production because sufficient steel quota would not be given to them at a certain period?

**The Honourable Dr. Syama Prasad Mookerjee:** I do not think so. We have tried to assist as far as possible.

**Mr. Naziruddin Ahmad:** In view of the entire absence of cycle lamps and bells in New Delhi, is it desired to manufacture them in the factories?

**Mr. Deputy Speaker:** It is a matter of opinion.

**Shri B. P. Jhunjhunwala:** Apart from the assembling of the parts which are imported and assembled here in those factories, what are the main parts which are actually being manufactured in the cycle factories here and what is their value when compared to the parts which are imported from the foreign countries?

**The Honourable Dr. Syama Prasad Mookerjee:** There are about five main parts which are not manufactured here or manufactured in limited quantity. They are: (i) Cold-drawn strips, (ii) solid-drawn steel tubes, (iii) Steel balls, (iv) Chains and free wheels and (v) Spokes. The rest are manufactured here.

**Shri H. V. Kamath:** Is there any proposal before the Honourable Minister to encourage the use of cycle rickshaws?

**The Honourable Dr. Syama Prasad Mookerjee:** That is a subject for the Transport Ministry to consider.

**Begum Aizaz Rasul:** May I know the approximate amount of money spent every year in the import of needles?

**The Honourable Dr. Syama Prasad Mookerjee:** I have not got the figures. But so far as the imported value of cycles is concerned, that has gone up tremendously. In 1945-46 it was.....

**Mr. Deputy Speaker:** The honourable member wants to know about needles.

**The Honourable Dr. Syama Prasad Mookerjee:** No, Sir. I have not got that information.

**Babu Ramnarayan Singh:** Are Government considering any steps to increase the number of cycle factories?

**Mr. Deputy Speaker:** That question has already been answered.

#### LAND RECLAMATION SCHEME

\*605. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Agriculture be pleased to state what amount the Government of India are likely to spend on land reclamation scheme in the year 1949-50 and how much time will be necessary for the finalisation and implementation of the scheme?

(b) Will the amount be spent from the Centre or from Provincial revenues or partly from the Centre and partly from the Provinces and if so, in what proportion and on what terms?

(c) Will this reclamation scheme include the waste, uncultivable lands in the Centrally Administered Provinces of Delhi and Ajmer-Merwara?

(d) If so, what will be the extent of the area from each of these Provinces and the amount to be spent by the Central Government thereon?

(e) If not, why have these Provinces not been included in the scheme?

**The Honourable Shri Jairamdas Doulatram:** (a) to (e). A tentative scheme for reclamation of about 62 lakhs acres of land during the next seven years has been prepared. This scheme involves expenditure in dollar currency areas on purchase of machinery and it is proposed to approach the International Bank for a loan for that purpose. The scheme will be discussed with the Bank's delegation and finalised in the light of those discussions and the honourable member would appreciate that a state has not yet been reached when the details of the scheme which is in a formative stage could be published. If the administrative authorities of any area wish its waste lands to be included in the scheme, the

proposal will be considered on its merits. The amount of expenditure to be incurred on the scheme during 1949-50 will be known when the Scheme is finalised.

**Shri Ajit Prasad Jain:** May I know on what basis this figure of 62 lakhs of acres has been arrived at?

**The Honourable Shri Jairamdas Doulatram:** On the basis of reports we have received from various Provinces and States.

**Shri S. Nagappa:** On what basis will this land be reclaimed, that is, on the basis of collective farming, or on co-operative basis or on some other basis?

**The Honourable Shri Jairamdas Doulatram:** That is a matter which will have to be discussed with the Provinces. Probably co-operative basis may be a common basis, but that is a matter which the Provinces will have to decide in the light of local circumstances.

**Shri S. Nagappa:** I want to know on what basis it has been brought under cultivation. Has it been done on co-operative basis or on the basis of collective farming or some other basis?

**The Honourable Shri Jairamdas Doulatram:** This deals with a scheme which has yet to come into operation.

**Pandit Mukut Bihari Lal Bhargava:** May I know whether the scheme includes any lands from Delhi and Ajmer-Merwara?

**The Honourable Shri Jairamdas Doulatram:** Not at present.

**Pandit Mukut Bihari Lal Bhargava:** Why, Sir, may I know? Why have uncultivated and waste lands from this area not been included?

**The Honourable Shri Jairamdas Doulatram:** There are about six crores of acres of such land in this country which need reclamation. We cannot take up the entire area at once; a certain amount of selection has to be made. There are details about this proposal which may not be discussed. We have placed the whole scheme in detail before the Standing Committee of the Legislature; they have approved of the scheme. We have been discussing this question continuously with Finance and the advice we received is that in view of the fact that it is yet tentative, and that the matter has yet to be discussed with the Bank and details finalised, it would not be in the public interests to discuss it at present.

**Pandit Mukut Bihari Lal Bhargava:** Is it not the direct responsibility of the Centre to improve agricultural conditions in Ajmer-Merwara and Delhi?

**The Honourable Shri Jairamdas Doulatram:** Yes, but as I have said, it depends upon various considerations, as to how the various Provinces and States are to be served. It is not possible to select the entire area which at present exceeds six crores of acres. But it does not mean that Ajmer may not be included. If any area wishes to be included, the matter can be discussed and considered.

**Pandit Mukut Bihari Lal Bhargava:** Have any surveys been made in this area so far?

**The Honourable Shri Jairamdas Doulatram:** I do not think so.

**Shri L. Krishnaswami Bharathi:** May I know what is the total acreage of land included under the proposed scheme in the Madras Province?

**The Honourable Shri Jairamdas Doulatram:** As I have stated, it is not in the public interests to discuss details because the scheme is tentative.

**Shri L. Krishnaswami Bharathi:** It is not a detail; I want a rough idea as to whether any land is included at all. I understand no land has been included.

the Ministry of Defence during 1948-49, copies of which are already in the hands of honourable members, and to what I said on this subject in the course of the debate on the Defence Services Estimates on the 7th March, 1949.

#### GRANT FOR TUBERCULOSIS HOSPITAL IN ASSAM

\*1445. **Srijiit Kuladhar Chaliha**: Will the Honourable Minister of Health be pleased to state whether any grant has been made for the establishment of a Tuberculosis hospital with modern equipments in Assam?

**The Honourable Rajkumari Amrit Kaur**: No special grant has been made by the Government of India for the establishment of a Tuberculosis hospital with modern equipment in Assam. One of the development schemes of the Assam Government approved by the Government of India is the scheme for the extension of the Shillong Chest Hospital at an estimated total cost of Rs. 14,64,000 which can be met from the overall grants made by the Government of India to the Assam Government from year to year for their development schemes.

**Srijiit Kuladhar Chaliha**: Has any Medical Officer from the Centre ever visited Shillong or any other town of Assam in this connection?

**The Honourable Rajkumari Amrit Kaur**: Not in connection with the T.B. Hospital, no.

**Shri H. V. Kamath**: How many tuberculosis hospitals and clinics are there all over India?

**The Honourable Rajkumari Amrit Kaur**: I could furnish that information to the honourable member.

**Shri H. V. Kamath**: What is the incidence of tuberculosis in our country, Sir?

**The Honourable Rajkumari Amrit Kaur**: It is difficult to give absolute statistics, but I think we estimate that quite half a million die of T.B. every year.

#### SUPPLY POSITION OF RAW FILM AND RESTRICTION ON CONSUMPTION OF FILMS

†\*1446. **Seth Govind Das**: (a) Will the Honourable Minister of Information and Broadcasting be pleased to state what is the present supply position of raw film?

(b) What are the steps that are being taken by Government to combat the scarcity of raw film?

(c) Do Government propose to consider the advisability of restricting the length of pictures and the number of positive copies to limit the consumption of raw stock?

**The Honourable Shri R. R. Diwakar**: (a) Imports during the two years ending 31st March, 1949 averaged 150 million feet per annum. The total imports during the calendar year 1948 were however 115 million feet. This was due to reduced imports from U.K. Thus a relative shortage of raw film in India was felt during the latter part of 1948 but that is expected to be made up in 1949. Precise information regarding stocks carried over by dealers is not available.

(b) Possibilities of increased imports are being explored.

(c) Government have under consideration a proposal to restrict the length of feature films and trailers. There is no proposal to limit the number of

†Taken up in the second round. Printed serially in the day's Debate.—Ed. of D.

positive copies. In considering any such measure, factors other than economy in the consumption of raw film have also to be taken into account.

**Seth Govind Das**: Are the Government aware that a few years ago, a restriction was imposed on every Film company not to make a film beyond a certain length and that has been relaxed now? Are the Government going to impose the same thing again?

**The Honourable Shri R. R. Diwakar**: Yes; the answer has already been given under part (c). "Government have under consideration a proposal to restrict the length of feature films and trailers."

**Seth Govind Das**: What would be the length? Is there any proposal?

**The Honourable Shri R. R. Diwakar**: The matter is under consideration. There are proposals of restricting it to 11,000 feet.

**Seth Govind Das**: Is there any proposal for the establishment of any factory in India for producing this raw film that is all imported at present?

**The Honourable Shri R. R. Diwakar**: I think this question should be addressed to the Minister for Industry and Supply.

**Shrimati G. Durgabai**: May I know, arising from the answer to part (c), whether the provincial Governments are consulted in this matter and if so, which are the provinces that have agreed to this proposal?

**The Honourable Shri R. R. Diwakar**: Yes; provincial Governments are being consulted and many of them have supported this proposal.

#### FORMULATION OF UNIFORM POLICY OF FILM CENSOR

†\*1447. **Seth Govind Das**: Will the Honourable Minister of Information and Broadcasting be pleased to state:

(a) whether Government are aware of the difficulties and inconvenience caused to film producers due to different ways of applying the censor code by different provincial governments; and

(b) whether there is any plan to establish a Central Censor Board for films in order to formulate a uniform policy of film censor in India?

**The Honourable Shri R. R. Diwakar**: (a) Yes.

(b) The question of establishing a Central Board of Censors is under consideration.

**Seth Govind Das**: By what date is it expected that this Central Censor Board will come into existence?

**The Honourable Shri R. R. Diwakar**: It requires some legislation and legislation is under consideration.

**Shri H. V. Kamath**: What fate will overtake the Provincial Boards after the Central Board is established?

**The Honourable Shri R. R. Diwakar**: The whole thing is under consideration; I cannot immediately say. Central Censorship naturally means that the provincial Censor Boards will be subordinate or will be completely abolished.

**Seth Govind Das**: May I take it that by the next session of the Assembly, the Government will come to certain definite conclusions as far as the Central Censor Board is concerned?

**The Honourable Shri R. R. Diwakar**: I cannot give any particular date.

#### ANCIENT SANSKRIT DOCUMENTS IN JOGJAKARTA

†\*1448. **Shri S. Nagappa**: (a) Will the Honourable Minister of Education be pleased to state what steps the Government of India have taken to discover the ancient Sanskrit documents in Jogjakarta?

†Taken up in the second round. Printed serially in the day's Debate.—Ed. of D.

†Answer to this question laid on the table, the questioner being absent.

**Shri Radhavallabh Vijaivergiya:** What is the total area reclaimed last year and what is the target figure fixed for the next year, Sir?

**Mr. Deputy Speaker:** The Honourable Minister has said that it is not in the public interests to discuss it. I will proceed to the next question.

#### IMPORT OF TRACTORS

\*606. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Agriculture be pleased to state the number of Tractors imported into India during the last three years from foreign countries?

(b) What is the number of Tractors which the Government of India now intend to import and what are the countries from which such tractors are proposed to be imported?

(c) What are the names of the Provinces to which the Tractors so far imported have been sent, together with the number of Tractors allotted to each Province?

**The Honourable Shri Jairamdas Doulatram:** (a) The number of tractors imported or purchased by Government during the last three years was 569.

(b) The Government of India have under consideration a large scale land reclamation scheme for which a considerable number of tractors would have to be imported. Decisions regarding number of tractors and countries of import will be finalised by next month.

(c) A statement showing the distribution of the 569 tractors is placed on the table.

#### STATEMENT

*Tractors imported and distributed by Ministry of Agriculture during 1946, 1947 and 1948*

| Party to whom supplied                               | Number supplied |
|------------------------------------------------------|-----------------|
| Bombay Government . . . . .                          | 30              |
| U. P. Government . . . . .                           | 136             |
| Bihar Government . . . . .                           | 27              |
| Madras Government . . . . .                          | 4               |

| (4) Test Purposes . . . . .                          | 2               |
| Unallocated . . . . .                                | 2*              |
| <b>TOTAL</b> . . . . .                               | <b>569</b>      |

\*These two tractors have been received against an Indent from the undivided Punjab Government and supply is being withheld pending Partition Secretariat's decision regarding allocation of machinery ordered by the undivided Punjab Government before partition.

**Pandit Mukut Bihari Lal Bhargava:** Have any tractors been sent to Ajmer and Delhi Provinces out of these?

**The Honourable Shri Jairamdas Doulatram:** No tractors have been sent to Ajmer.

**Shri Brajeshwar Prasad:** When are tractors likely to be manufactured in this country?

**The Honourable Shri Jairamdas Doulatram:** That is not a question for my Ministry, but I understand that there is a scheme for the eventual manufacture of tractors—but it is at a preliminary stage.

**Shri Sita Ram S. Jajoo:** How many of these tractors have been sent to Indian States?

**The Honourable Shri Jairamdas Doulatram:** The figures are given in the statement laid on the table.

**Shri Sita Ram S. Jajoo:** Is it a fact that some of the States did not take the allotted quota?

**The Honourable Shri Jairamdas Doulatram:** There are some States which did not receive the full quota which they demanded; nor have the Provinces received the full quota which they demanded because the number available is not sufficient.

**Shri Sita Ram S. Jajoo:** What I want to know is, are there any States which did not accept the allotted quota of tractors?

**The Honourable Shri Jairamdas Doulatram:** There is no State which has not accepted the quota allotted to it.

**Sardar Hukam Singh:** Have the Government taken into consideration the fact that by introducing a large number of tractors, a very large number of agricultural labour will be thrown out of employment?

**The Honourable Shri Jairamdas Doulatram:** As a matter of fact, tractors are being used in areas where there is no hand-labour and tractors are doing the work which ordinary hand-labour cannot do.

**Shri H. V. Kamath:** What, Sir, is the basis of allotment of these tractors?

**The Honourable Shri Jairamdas Doulatram:** The needs of the provinces.

**Shri H. V. Kamath:** Has every province or State been called upon to reclaim land and also experiment in collective farming?

**The Honourable Shri Jairamdas Doulatram:** We wrote to all the provinces asking them what area has to be reclaimed. After getting replies we made the allocation.

**Shri Ram Chandra Upadhyaya:** How many Fordson tractors were used?

**The Honourable Shri Jairamdas Doulatram:** I would not be able to give the number of each particular make, but if the honourable member wants information, I will supply.

**Shri Ram Chandra Upadhyaya:** Were they (Fordson tractors) found useful?

**The Honourable Shri Jairamdas Doulatram:** No.

**Shri B. P. Jhunjhunwala:** May I know whether Government have had time to ascertain the working of these tractors?

**The Honourable Shri Jairamdas Doulatram:** They are being tested continuously.

**Srijut Kuladhar Chaliha:** May I know if the tractors have brought ruinous results in some cases in certain places?

**The Honourable Shri Jairamdas Doulatram:** I am not aware of that.

**Srijut Kuladhar Chaliha:** Is he aware that in Assam the use of tractors has ruined about 10,000 acres?

**The Honourable Shri Jairamdas Doulatram:** I would not be able to speak of Assam. All that I can say is that there are about twenty tractors there which are out of repair.

**Shri Biswanath Das:** Have Government seen the views expressed by that famous scientist of international reputation, Prof. Einstein, against the use of tractors, and have they examined the truth or otherwise of his statement?

**The Honourable Shri Jairamdas Doulatram:** I do not think that he has expressed himself in those definite terms, but whatever may be his view, we are finding some need for the use of tractors and in many areas there is no hand-labour and without the use of tractors we would not be able to plough that land.

#### OUTSTANDING CLAIMS ON VARIOUS RAILWAYS

**\*607. Seth Govind Das:** (a) Will the Honourable Minister of Railways be pleased to state how many claims are outstanding for more than six months on various Railways?

(b) What is the total amount involved?

(c) What steps are being taken to expedite the disposal of such claims?

**The Honourable Shri K. Santhanam:** (a) 64,755 claims were outstanding for over six months on 1st January, 1949 on all the Indian Government Railways.

(b) The total amount involved in these cases is approximately Rs. 3,34,27,000.

(c) In addition to constant endeavours to improve the position on railways in regard to disposal of claims cases, exceptional measures have recently been sanctioned and introduced as from 1st January, 1949 for the early liquidation of all arrears and the speedier settlement of current claims. These measures include the summary disposal of claims over three months old where *prima facie* evidence of railway's responsibility exists; arrangements for the almost immediate disposal of new claims not exceeding Rs. 200 and powers to Station Masters and other supervising staff at the more important stations to settle at the time of delivery certain claims not exceeding Rs. 50.

**Shri H. V. Kamath:** What about the settlement of claims for compensation for goods lost or damaged in respect of railway consignments prior to partition of India?

**The Honourable Shri K. Santhanam:** My statement includes the claims arising before partition of India.

**Seth Govind Das:** Is it not a fact that most of these claims which are outstanding are of the time when India was not partitioned?

**Mr. Deputy Speaker:** That has been answered.

**Shri R. K. Sidhva:** May I know how many claims have been disposed of after the introduction of the new system?

**The Honourable Shri K. Santhanam:** The new system was introduced on 1st January, 1949 and it is too early to give figures. I shall be able to supply figures if a question is put at a later date.

**Seth Govind Das:** How many claims are of the period when India was not partitioned and how many after India was partitioned?

**The Honourable Shri K. Santhanam:** I require notice.

**Lala Achint Ram:** What is the maximum time-limit for the disposal of applications for claims?

**The Honourable Shri K. Santhanam:** It depends on the merits of each case. Some cases may take a longer time; others could be disposed of quickly. We are trying to dispose of all claims as quickly as possible.

**Shri B. P. Jhunjhunwala:** What is the total amount of compensation paid by Government during the last year against claims?

**The Honourable Shri K. Santhanam:** I require notice.

**Pandit Mukut Bihari Lal Bhargava:** What is the average time taken for the settlement of these claims?

**The Honourable Shri K. Santhanam:** I have not got the figures worked out. If the honourable member would put a separate question, I shall try to answer it.

**Shri Raj Bahadur:** Arising out of the answer to part (b) of the question, can the Honourable Minister give us the total amount involved for the corresponding period last year?

**The Honourable Shri K. Santhanam:** I require notice.

**Seth Govind Das:** Is there a general complaint from the public and have Government been receiving it regularly, that the Department is taking too much time for disposing of these claims?

**The Honourable Shri K. Santhanam:** As a result of these complaints, we have taken the new measures. These measures have come into operation from 1st January 1949. Honourable members will do well to watch the result of these measures.

#### NEW BUSES FOR DELHI TRANSPORT SERVICE

**\*608 Seth Govind Das:** (a) Will the Honourable Minister of Transport be pleased to state how many new buses have been introduced in Delhi since the nationalisation of the Delhi Transport Service?

(b) What are the plans on hand to improve the Delhi Transport Service?

**The Honourable Shri K. Santhanam:** (a) In addition to sixteen new vehicles included in the fleet taken over from the G.N.I.T. Company though not brought on to the road by that company, sixty-six new vehicles have already been brought on to the road and deliveries of sixty more are expected by 31st March, 1949.

(b) The more important immediate measures that are now on hand for improving the Delhi Transport Service are: (i) construction of shelters and queue rails at bus stops; (ii) rationalisation of bus fares; (iii) provision of facilities for regular cleaning of vehicles; (iv) better workshop facilities for maintenance of vehicles; (v) prevention of overcrowding in vehicles; and (vi) opening up of new routes connecting refugee colonies and suburban areas.

It is also proposed to vest the administration of the D.T.S. in a Statutory Corporation to be called the Delhi Road Transport Authority, and steps are being taken to initiate necessary legislation to this end.

**Seth Govind Das:** Have Government fixed the date by which they expect to replace most of the old buses, because they are not in a proper condition?

**The Honourable Shri K. Santhanam:** All the old buses are being replaced steadily and by 31st March, 1949, we expect that the service will be in a reasonably satisfactory condition.

**Shri H. V. Kamath:** Has the Honourable Minister at any time travelled *incognito* in one of these buses during the rush hours to see what a delightful joy ride it can be?

**The Honourable Shri K. Santhanam:** I have inspected these buses during rush hours and steps have been and are being taken to relieve the rush by putting in more buses during those hours.

**Seth Govind Das:** Are Government aware that most of these accidents that are taking place are on account of the bad condition of buses which are still running?

**The Honourable Shri K. Santhanam:** It is not correct, Sir.

**Shri R. K. Sidhva:** May I know whether these new buses which have been introduced are running on petrol or diesel oil?

**The Honourable Shri K. Santhanam:** On petrol, so far as I am aware.

**Shri Deshbandhu Gupta:** Have Government considered the desirability of constructing some waiting sheds for the passengers?

**The Honourable Shri K. Santhanam:** Decisions to that effect have already been taken.

**Shri R. K. Sidhva:** May I know whether Government have taken into consideration the economical condition of running buses by petrol and diesel oil, and has Government's attention been drawn to the fact that in Bombay all the buses are run on diesel oil?

**The Honourable Shri K. Santhanam:** All these matters are being taken into consideration.

**Shrimati Dakshyani Velayudhan:** Does the Improvement Plan include the improvement of the lighting conditions on the roads and bus stands?

**The Honourable Shri K. Santhanam:** The attention of the Delhi Municipal Committee will be called to that matter.

**Mr. Frank Anthony:** Is Government aware that drivers of these Government buses are among the most reckless of drivers and that they drive without any regard for road manners?

**The Honourable Shri K. Santhanam:** I do not accept that allegation.

**Begum Aizaz Rasul:** May I know what is the total amount of expenditure involved in the nationalisation of this Bus Service?

**The Honourable Shri K. Santhanam:** I require notice.

**Shri Deshbandhu Gupta:** May I know whether there are any seats reserved for ladies in the new buses?

**The Honourable Shri K. Santhanam:** I think some seats are reserved. If the honourable member will put a question I will give him the accurate information.

#### MANUFACTURE AND IMPORT OF LOCOMOTIVES

\*609. **Seth Govind Das:** (a) Will the Honourable Minister of Railways be pleased to state how many locomotives have so far been received from Canada and the U.S.A.?

(b) What is the output of locomotives in Kanchanpara Factory in India?

(c) What are the expected imports from Canada and the United States of America in the near future and their value?

(d) Do Government propose to increase the production of locomotives in India and if so, what steps are being taken in this respect?

**The Honourable Shri N. Gopalswami Ayyangar:** (a) Since partition, sixty-two locomotives have been received from Canada and U.S.A. upto 31st

December, 1948. Of these thirteen have been received from Canada and forty-nine from U.S.A.

(b) The Locomotive Building Workshop which was originally proposed to be constructed at Kanchanpara will now be located at Chittaranjan near Asansol. The workshop is designed for the manufacture of 120 Steam Locos and 50 spare boilers per year. The workshop is still in the stage of construction and is expected to start work in January, 1950 in the manufacture of locomotive parts.

(c) 337 more locomotives are expected to be received from Canada after 31st December, 1948 and their value will be approximately Rs. 15.25 crores. As regards the United States of America, 270 locomotives are expected to be received and their total value will be approximately Rs. 12.55 crores.

(d) Yes. A Government workshop for the manufacture of locos is under construction at Chittaranjan. The East Indian Railway's Singhbhum Workshop at Tatanagar has also been sold to Messrs. Tatas for development as a Loco Building Shop.

**Seth Govind Das:** By what year the Government expect that the import of locomotives can be stopped and we shall have our own locomotives in this country?

**The Honourable Shri N. Gopalswami Ayyangar:** I think in about five years' time we shall be able to stop the import of locomotives altogether.

**Seth Govind Das:** May I take it that every year the import of locomotives will be reduced so that within five years we shall have our entire requirements manufactured here?

**The Honourable Shri N. Gopalswami Ayyangar:** That is so. As soon as we begin to manufacture our own locomotives which will be in the year 1951, the number of locomotives to be imported will be reduced year after year.

**Shri Sita Ram S. Jajoo:** May I know how many are meant for the metre gauge?

**The Honourable Shri N. Gopalswami Ayyangar:** For the metre gauge there will be 203 in this programme.

**Shri Sita Ram S. Jajoo:** I am asking about the 62 locomotives imported already.

**The Honourable Shri N. Gopalswami Ayyangar:** I have told the House that we have imported some and that we are going to import others. This programme will be completed in 1950-51. Out of the number we shall be importing, 203 are for the metre gauge.

**Shri Sita Ram S. Jajoo:** My question is, whether out of the 62 imported, are there any for the metre gauge?

**The Honourable Shri N. Gopalswami Ayyangar:** I have not got the exact number here. There are some for the metre gauge.

**Shri H. V. Kamath:** Pending the construction of locomotives in our own country, do the Government propose to divert their attention a little more from Canada and the United States to Czechoslovakia and France so far as those imports are concerned?

**The Honourable Shri N. Gopalswami Ayyangar:** We have no preferences in these matters as between countries. If we placed our orders with the United States and Canada last year, it was because of prices and of early delivery dates. Those were the two main considerations which decided us in placing those orders in those two countries.

**Shri Mahavir Tyagi:** Are the engines ordered from America, bar-framed engines and not plate-framed engines? May I know whether the engines are of a design which did not exist in India before?

**The Honourable Shri N. Gopalaswami Ayyangar:** All I can say is that, even if they did not exist in India, these designs worked well in the conditions of India. It was after consultation with our experts and our consulting engineers in London that these orders were finalised.

**Seth Govind Das:** For future imports, will Government see that the orders are placed with countries from which we can get the cheapest locomotives?

**The Honourable Shri N. Gopalaswami Ayyangar:** I can assure honourable members that orders will be placed in future with full regard to our own interests.

**Shri Mahavir Tyagi:** May I know if there are workshops here in India at which repairs to the bar-frame engines could be carried out?

**The Honourable Shri N. Gopalaswami Ayyangar:** They are, I believe, repairable in our own workshops.

**Shri Mahavir Tyagi:** Is it not a fact that the mechanical engineers were not consulted before these engines were ordered for?

**The Honourable Shri N. Gopalaswami Ayyangar:** That statement is not based upon any foundation. I am here to contradict it. The mechanical engineers did say something about some of these engines. Whatever they said was examined by experts both here and in London and if we decided on the present set of engines it is because of expert advice both here and abroad.

**Shri Mahavir Tyagi:** May I know whether the mechanical engineers objected to these designs and said that they were not suitable for India?

**The Honourable Shri N. Gopalaswami Ayyangar:** There was a conference at which certain mechanical engineers aired certain opinions and those opinions were taken into account by the Railway Board and referred to experts. It was then that the matter was settled.

**Shri Mahavir Tyagi:** Is it not a fact that those designs were first made by an engineer who is not a mechanical engineer, but a bridge-expert, a civil engineer?

**The Honourable Shri N. Gopalaswami Ayyangar:** I think they were designed by mechanical engineers. Probably the honourable member has got at the back of his mind the fact that the Engineer member of the Railway Board is supposed to be a civil engineer. I can tell him that he possesses high mechanical engineering qualification.

**Shri B. P. Jhunjhunwala:** Is it a fact that some engines are lying idle because of defective design and construction?

**The Honourable Shri N. Gopalaswami Ayyangar:** I do not think so.

**Srijut Kuladhar Chaliha:** May I know whether the engines obtained from the United States have been put on the track?

**The Honourable Shri N. Gopalaswami Ayyangar:** Yes, about 15 of them are on the lines.

**Srijut Kuladhar Chaliha:** On what railways, please?

**The Honourable Shri N. Gopalaswami Ayyangar:** Some of them are on the G.I.P.R. and others on the E.I.R.

**Shri Mahavir Tyagi:** I shall take my chance at the time of the passing of the Demands for Grants.

## IMPORT OF FIFTY-TON BORING MACHINES

†\*610. **Prof. N. G. Ranga:** Will the Honourable Minister of Industry and Supply be pleased to state:

(a) for what purposes the 50-ton boring machine which is manufactured by a Yorkshire Factory for India would be used;

(b) how many more such machines have been ordered for and at what cost;

(c) when they are expected to be received in India; and

(d) by whom they are to be utilised?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Government have no information.

(b) and (c). A statement is laid on the table of the House.

(d) By the Government Locomotive Workshop, Chittaranjan.

## STATEMENT

*Number of boring machines for which orders have been placed with Messrs. Craven Bros., U. K., and George Richards, U. K., for the Government Locomotive Workshop, Mihijam (Chittaranjan)*

|                      | Description                         | Quantity | Delivery date   | Contract | Rate   |
|----------------------|-------------------------------------|----------|-----------------|----------|--------|
| (a) M/s Craven Bros. | Boring machines                     | 3        | Jul.Sep./49     | £ 25,914 | F.O.B. |
|                      | Tyre Borers and motors.             | 2        | Oct.Dec./49     | £ 22,500 | F.O.B. |
| (b) George Richards. | Boring machines with spares.        | 2        | Sept.Oct./49    | £ 6,366  | F.O.B. |
|                      | Cylinder boring machine with spares | 4        | Aug./49-Jan. 50 | £ 32,638 | F.O.B. |
|                      | Boring machines                     | 2        | Oct.Nov./49     | £ 12,354 | F.O.B. |

## MANUFACTURE OF PLASTIC GOODS

†\*611. **Prof. N. G. Ranga:** Will the Honourable Minister of Industry and Supply be pleased to state:

(a) the ascertained demand of India for plastic goods as indicated by imports, etc.;

(b) whether there is any local manufacture of plastic goods;

(c) whether the proposed Bangalore factory for plastics with Rs. 8 lakhs worth of new machinery, which is being manufactured by a Berkshire factory, is to receive any State help and if so, what; and

(d) whether Government have any plans for the construction of any more factories for manufacture of plastic goods and if so, where?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) A statement is laid on the table of the House.

(b) Yes, Sir; including electric accessories, telephone and radio components, toilet goods, etc.

(c) Yes, Sir. Assistance will be given for acquiring of construction materials and for importation of raw materials.

(d) No, Sir.

† Answer to this question laid on the table, the questioner being absent.

| Periods                                | STATEMENT          | Value of imports | Remarks                                                                                                                                  |
|----------------------------------------|--------------------|------------------|------------------------------------------------------------------------------------------------------------------------------------------|
|                                        |                    | Rs.              |                                                                                                                                          |
| Three years preceding the World War II |                    | 5,000,000        | Figures for the years 1946-49 relate to imports made at Bombay and Calcutta. The import figures at the port of Madras are not available. |
| 1943-46                                | Raw materials      | 50,000,000       |                                                                                                                                          |
| 1946-47                                | Manufactured goods | 82,000           |                                                                                                                                          |
| 1947-48                                | Raw materials      | 2,110,000        |                                                                                                                                          |
|                                        | Manufactured goods | 95,000           |                                                                                                                                          |
| 1948-49                                | Raw Materials      | 3,153,000        |                                                                                                                                          |
|                                        | Manufactured goods | *59,000          |                                                                                                                                          |
|                                        |                    | †512,000         |                                                                                                                                          |

\*Bombay Nil upto November 1948.

Calcutta 59,000 upto January 1949.

†Bombay 398,000 upto November 1948.

Calcutta 114,000 upto January 1949.

#### MANUFACTURE OF BISCUITS

†\*612. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Industry and Supply be pleased to state how many biscuit making factories are installed in various provinces, what is their present capacity and what is the total amount invested thereon?

(b) How many new plants have been sanctioned and for which provinces?

(c) Has the installation of new biscuit making plants been prohibited and if so, in which provinces?

(d) Is the country self-sufficient in biscuits?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) 89 factories (including seven in the State Unions). Their production capacity is about 25,000 tons per annum.

Total investment is between 1½ to 2 crores of rupees.

(b) No sanction of the Government of India is necessary for establishing new plants. Licences for the import of new plants were granted to seven firms during 1945-48 for installation in the following Provinces and States:

|             |   |
|-------------|---|
| Bombay      | 1 |
| Patiala     | 1 |
| Bhopal      | 1 |
| Kapurthala  | 1 |
| West Bengal | 1 |
| Delhi       | 1 |
| Jaipur      | 1 |

(c) No, Sir. As, however, India's requirements will be adequately covered by the existing factories and the new factories for which licences for import of plant have been issued, Government have decided that no fresh licences for import of biscuit making plants for setting up new factories should be granted upto October, 1949. Apart from this there is at present an acute shortage of flour due to our current deficit in food grain supplies.

(d) The installed capacity is sufficient to meet the requirements of the country.

† Answer to this question laid on the table, the questioner having exhausted his quota

#### EXPORT AND HIGH PRICES OF SUGAR

†\*613. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Agriculture be pleased to state the reasons for the high prices of sugar in India?

(b) What steps do Government propose to take to increase India's export trade in sugar?

**The Honourable Shri Jairamdas Doulatram:** (a) The high price of sugar in India is mainly due to (i) low yield of cane per acre, (ii) low yield of sugar by maund of cane, (iii) the high price of sugarcane which is the main item of the cost, (iv) increased cost of labour, and (v) higher manufacturing expenses.

(b) India did not have much of an export trade in sugar in the past. Before the war India was deficit in sugar and during the war period only about 15,000 tons was being exported every year to some of the Persian Gulf and of the Middle East Countries. The price of sugarcane being the major item in the price of sugar, unless the yield and sucrose content are increased and the cost of production reduced substantially, it is not possible to produce sugar at competitive rates. The cost of manufacturing sugar has also to be lowered by increasing manufacturing efficiency and utilisation of bye-products. These matters are being considered by Government and the Indian Sugarcane Committee.

#### MANUFACTURE OF MACHINE TOOLS

†\*614. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Industry and Supply be pleased to state the steps proposed to be taken by (i) Government and (ii) private industry, for the manufacture of machine-tools?

(b) What help do Government propose to give to new entrants in this industry?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) and (b). Attention of the honourable member is invited to the information furnished in reply to Question No. 59 by Prof. N. G. Ranga on the 2nd February, 1949.

#### NATIONALISATION OF PRIVATE TELEPHONE COMPANIES

†\*615. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Communications be pleased to state the number of private telephone companies working in India?

(b) What is the total investments made in these companies and when is it expected to nationalise all these companies?

**The Honourable Mr. Rafi Ahmad Kidwai:** (a) None in India; but two in Indian States—one at Jamnagar (Saurashtra) and the other at Madanganj (Kishanganj).

(b) Exact investments are not known. Approximate figure for the former is Rs. 1,50,000 while for the latter it is Rs. 15,000.

The question of taking over these systems is engaging the attention of the Government.

#### RECOMMENDATIONS OF MARKETING OFFICERS' CONFERENCE

†\*616. **Prof. N. G. Ranga:** (a) Will the Honourable Minister of Agriculture be pleased to state the main recommendations of the Marketing Officers' Conference held on the 18th and 19th October, 1948?

† Answer to this question laid on the table, the questioner being absent.

(b) What action has been taken regarding the establishment of licensed warehouses?

(c) How many warehouses licensed and State owned are there in the country?

(d) How far has the work of standardisation of contract terms progressed?

**The Honourable Shri Jairamdas Doulatram:** (a) A copy of the main resolutions passed at the Marketing Officers Conference held in October, 1948, is placed on the table.

(b) Regulation of licensed warehouses is a Provincial subject and so Provincial Governments have been requested to undertake Legislation regarding licensed warehouses and enforce its provisions. Bombay, Central Provinces, and Berar and Travancore have already the necessary legislation. It is expected that Madras and Gwalior will shortly be undertaking such legislation. The question of adequate inspection and grading machinery has been discussed with Bombay Government.

(c) There are two warehouses in India, both licensed one in Travancore.

(d) The question of undertaking legislation on standard contract terms on an All India basis was considered in the year 1946, but the Central Government were advised that they were not competent to undertake such legislation. The Provincial Governments were therefore, requested to take it up. The matter is still under consideration of the Provincial Governments.

Standard contracts have, however been laid down for trading in wheat, linseed and groundnuts. These have been informally adopted only by a few trade associations and shippers purely on voluntary basis.

### STATEMENT

#### RESOLUTIONS PASSED AT THE CONFERENCE

##### *Item No. 2(a) of the Agenda.—Marketing Surveys*

**Resolution.**—This Conference recommends that having regard to the necessity of devoting more time and energy for undertaking and executing the actual marketing improvement work, the work on preparing marketing survey reports should be slowed down and the following programme is recommended for adoption:—

I. Publication of survey reports for the Indian Union before the end of 1949:—(i) Maize, (ii) Millets, (iii) Chillies, (iv) Pulses, (v) Mangoes, (vi) Meat, (vii) Poultry, (viii) Fibres, (ix) Sesamum and Niger Seed, (x) Agricultural Produce Exchanges, (xi) Rice, (xii) Milk, (xiii) Groundnuts, (xiv) Fish, and (xv) Fish Guide.

II. The all-India survey reports are exhaustive and detailed and as such they tend to be bulky. The Conference, therefore, recommends that it is very essential to prepare summaries of these reports with charts, maps, diagrams and statistical tables for the use of those who cannot afford to spend time for studying the main reports. These summaries should be prepared simultaneously, with the main reports and published expeditiously even by making special arrangements for printing, as for instance through the survey of India Press. It is also recommended that these summaries should be published in all regional languages.

III. The Conference further recommends that the Provincial and State Marketing Officers should prepare and publish for their respective areas reports on the following before the end of 1949:—(i) Rice, (ii) Milk, (iii) Groundnuts, and (iv) Fish.

These reports should be as detailed as possible for the Province or State concerned containing all aspects of marketing phenomena in respect of the commodity or subject concerned.

Along with the publication of the Provincial reports, summaries of the reports on each of the above commodities should also be simultaneously published for the information of those who cannot afford to spend time to study the full detailed report of the province or State. These summaries should also be simultaneously published in the regional languages of the provinces.

IV. The Conference also recommends that the Provincial and State Marketing Officers should complete and supply to the Centre reports on the following subjects before the end of 1949:—(i) Co-operative Marketing, (ii) Hides, and (iii) Linseed.

V. The Conference requests Central, Provincial and State Governments to strengthen their Marketing Staff in order to fulfil the programme recommended above.

##### *Item No. 2(b)(i) of the Agenda.—Grading and Control of Quality of agricultural produce entering export trade*

**Resolution.**—Having regard to the complains frequently received from the Indian Government Trade Commissioners about uncertain and indifferent qualities of products exported from India to foreign countries and with a view to build up and enhance the reputation of Indian products abroad, the Conference recommends that steps should be taken by legislation to regulate the quality of exports in accordance with the Agmark standards prescribed under the Agricultural Produce (Grading and Marking) Act. It is further resolved that pending the passing of such a legislation Section 19 of the Sea Customs Act, under which tobacco and Sann Hemp are compulsorily required to be graded before export, should be extended to as many agriculture and animal husbandry products as possible, giving the first preference to oilseeds and vegetable oils.

##### *Item No. 2(b) (ii) and (iii) of the Agenda.—Grading and Control of Quality of produce entering intra and inter-provincial trade*

##### *Resolution—*

**Improvement of Agmark Machinery.**—This Conference recommends that the machinery for Agmark grading and check control should be improved by more frequent inspection of grading premises and collecting and analysing a larger number of check samples. The Conference further considers that as large a part as possible of the responsibility of correct Agmark grading should be entrusted to the Provincial and State Governments in commodities like ghee and edible oils in which there have been several complaints about adulterated produce having been packed under the Agmark standards. It is, however, understood that the Central Government should continue to function as a co-ordinating and check control agency over the work which may be entrusted to Provincial and State Governments under this recommendation.

**Compulsory Grading of Vegetable Oils and setting up Government Laboratories at Ports.**—The Conference also resolves that as recommended by the Indian Oilseeds Committee, (i) early steps should be taken to compel all power mills crushing oilseeds to grade and mark their edible oils in accordance with the Agmark standards and (ii) the Government of India be moved to set up laboratories at port towns to issue certificates of quality of oils sold in the port markets and exported abroad.

**Extension of Agmark Grading.**—The Conference recommends that having regard to the importance of grading in seeing that the primary producer gets a price for the type and quality of his produce in his market on parity with rates prevailing for the same type and quality in a terminal or key market like Bombay or Calcutta, the Provincial and State Marketing Officers should make special efforts for increasing the activities of Agmark grading in all agricultural products for which Agmark specifications have been notified in the *Gazette of India*.

##### *Item No. 2(c) of the Agenda.—Regulation of Markets*

**Resolution.**—The Conference recommends that with a view to protect the interests of farmers in their markets, and to promote orderly marketing in the interest of all, the Provincial and State Governments be moved to—

- (i) Enact necessary legislation where one does not exist,
- (ii) Arrange for the regulation of all the important assembling markets as soon as possible,
- (iii) Entrust the administration of the regulated markets to the Provincial and State Marketing Officers or to other officers with requisite marketing experience in Provinces and States where there are no Marketing Officers, and
- (iv) Employ only persons with adequate qualifications and experience in marketing as Secretaries or Superintendents of Market Committees.

2. The Conference also recommends that the Agricultural Marketing Adviser to the Government of India should undertake a special survey on the working of regulated markets in different Provinces and States and prepare a further revised model bill and rules for the regulation of markets. It is emphasised in this connection that the Provincial and State Marketing Officers should fully co-operate in this work by supplying such information and data as may be required for their Provinces and States.

##### *Item No. 2(d) of the Agenda.—Co-operative Marketing*

**Resolution.**—The Conference recommends that with a view to securing a better return to the cultivator for his produce and saving undue profits made by the middlemen, Governments in Provinces and States be moved—

- (i) to encourage organisation of producers' co-operative societies for the pooling, grading, processing, if necessary, storage, transport and marketing of their produce,
- (ii) To encourage the organisation of consumers' co-operative stores and to link them up with producers' marketing societies, and
- (iii) to authorise the Provincial and State Marketing Officers to exercise the powers of the Joint Registrars of Co-operative Societies in so far as producers' Marketing co-operatives are concerned; or in the alternative to attached officers of the Co-operative Departmental experienced in Agricultural Marketing to the Provincial or State Marketing Staff for undertaking on a more extensive scale the work of organising marketing co-operatives.
- (iv) To utilise the services of marketing co-operatives and consumers' co-operative stores for the distribution of controlled commodities to as large an extent as possible.

*Item No. 2(e) of the Agenda.—Regulation of Produce Exchanges*

*Resolution.*—The Conference recommends that with a view to provide proper facilities for genuine hedging and to eliminate speculation in commodities,

- (a) enactment of a Central legislation is necessary for controlling and regulating the operations of Produce Exchanges on a uniform basis throughout the Indian Union, and
- (b) Central Government may be moved to expedite the enactment of the necessary legislation, if necessary under Section 103 or Section 104 of the Government of India Act, 1935.

*Item 2(f) of the Agenda.—Establishment of licensed Warehouses*

*Resolution.*—The Conference recommends that—

- (i) the Provincial and State Governments be moved to enact legislation on the lines of the Licensed Warehouse Bill (Model) and make arrangements to enforce its provisions, and
- (ii) the Central Government be moved to organise, under the guidance of the Agricultural Marketing Adviser, an expert advisory and co-ordinating service for assisting the Provinces and States in organising licensed warehouses on lines similar to those existing in foreign countries like U. S. A.

*Item No. 2(g) of the Agenda.—Weights and Measures*

*Resolution.*—(a) With a view to protect the interests of farmers and facilitate trading and pending recommendations of the Indian Standards Institution concerning the general reorientation of Government of India's policy on Weights and Measures, this Conference recommends that Provincial and State Governments be moved—

- (i) to undertake necessary legislation, if one does not already exist, on the lines of the Government of India Act of 1939, for enforcing standard weights and measures,
- (ii) to draw out a definite plan to enforce the standard weights and measures in all parts of the Province or State within as short a period as possible and not exceeding five years,
- (iii) to arrange for the expeditious manufacture and distribution of weights and measures; and supply of iron for manufacturing weights and material for manufacturing measures,
- (iv) to restrict the use of capacity and volume measures for trading only in liquids and semi-liquids,
- (v) to permit the use of only the Indian system of weights, i.e. standard maund, seer, chattrak, etc., for trading in internal markets and to restrict the use of *avoirdupois* weights, i.e. ton, cwt., and lb., for trading in port towns only in commodities entering the export trade,
- (vi) to lay down that all prices shall be quoted on the basis of prescribed units of weights or measures, and
- (vii) to entrust the administration of the Weights and Measures Act to the Provincial and State Marketing Officers, where this has not been already done.

(b) The Conference further recommends that the Government of India be moved to expedite the work of the Indian Standards Institution, concerned with the prescription of standards of weights and measures and to arrange for their effective adoption on all India basis.

*Item 2(h) of the Agenda.—Standardisation of contract terms for both internal trade and export*

*Resolution.*—The Conference recommends that with a view to securing improvement in quality of agricultural produce, eliminating trade disputes and smoothening the operation of trade between distant markets steps be taken—

- (i) to prescribe standard contracts on an all-India basis for important staple commodities, the contract terms being on a pure basis,
- (ii) to convene a conference of important trade associations interested in agricultural produce for—
  - (a) considering the possibilities of a general adoption of standard contract terms by the trade as associations on a voluntary basis, and
  - (b) discussing difficulties, if any, in enforcing all-India standard contracts in any particular region or regions,
- (iii) to enforce the use of standard contract terms by legislation, if it is not found feasible to secure a general acceptance of all-India standard contracts on a voluntary basis as in (ii) above, and
- (iv) to secure the adoption of Indian standard contract terms for the export trade.

*Item No. 2(i) of the Agenda.—Containers and Storage*

*Resolution.*—The Conference recommends that—

- (i) the Provincial and State Governments be moved to initiate research for evolving suitable containers for different types of perishable products like fruits and vegetables dairy products and fish and that the Directorate of Marketing and Inspection should also undertake such research on an all-India basis in co-operation with the Forest Research Institute, Dehra Dun and other Central or Provincial Research Institutes and co-ordinate researches undertaken by the Provincial and State Governments with the object of evolving new types of suitable containers which would reduce the damage to the contents to a minimum,
- (ii) the Directorate of Marketing and Inspection should organise, in co-operation with the Storage Directorate of the Ministry of Food, an expert Advisory service for constructing improved warehouses or improving the existing ones with the object of reducing the storage loss to the minimum and to assist the smooth operation of the licensed warehouses in the Provinces and States,
- (iii) the Provincial and State Governments be moved to encourage and assist the producers' and consumers' co-operative to construct their own warehouses on modern lines, and
- (iv) the Central, Provincial and State Governments be moved to organise a chain of cold stores for storing perishable produce and also cold storage facilities at the important consuming and distributing railway stations like Delhi, Bombay, and Calcutta, etc.

*Item 2(i) of the Agenda.—Containers and Storage*

*Resolution.*—The Conference recommends that—

- (i) The Provincial and State Governments through their Marketing Officers or others where there are no Marketing Officers should arrange to collect and disseminate through the local radio stations, daily information on prices, arrivals, dispatches and stocks at the principal assembling and distributing markets, taking due care to see that the data on prices are related to Agmark standards or other known and accepted standards of quality,
- (ii) The Provincial and State Governments be moved to arrange to provide radio sets at least in such of the groups of villages which are important for the production of principal staple and marketable crops, and,
- (iii) The Central Government should organise an elaborate Market Intelligence Service for the country as a whole.

*Item 3 of the Agenda.—Arrangements for propaganda and publicity for Agmark products and promoting improved methods of marketing*

*Resolution.*—The Conference recommends that the Central, Provincial and State Governments be moved to undertake propaganda and publicity in English, Hindi and regional languages in the following manner—

970

## CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [23RD FEB. 1949]

- (1) Preparing and exhibiting clay models showing the improved methods of marketing vis-a-vis the existing practices, e.g. regulated markets, co-operative marketing, standards of weights and measures, Agmark grading, adulteration, etc.,
- (2) Descriptive and pictorial handbills, posters and leaflets regarding Agmark and other improved methods,
- (3) Periodical lectures and broadcast talks on Agmark commodities and improved methods of marketing,
- (4) Cinema slides and short films on Agmark products, regulated markets and co-operative marketing,
- (5) Publicity vans for popularising the improved methods in villages,
- (6) Participation in shows and exhibitions,
- (7) Samples of Agmark graded products for exhibition in foreign countries, and
- (8) A sustained publicity in the press.

Item 4 of the Agenda.—Rail and road transport—present difficulties and suggestions for improvements

**Resolution.**—The Conference recommends that the Provincial and State Governments be moved to (i) give the highest possible priority for the construction of all weather feeder roads in agricultural areas for facilitating the movement of agricultural produce to assembling markets or despatching stations, and (ii) popularise and assist in the use of pneumatic tyres for bullock carts and to assist in the manufacture and utilisation of country craft intended for transporting agricultural produce.

The Conference also recommends that the Rail Transport and Steamship Authorities be moved to (i) introduce a unified rates policy for different classes of goods for the whole country, having due regard to the intrinsic value of the different agricultural products and the need for moving these products over longer distances with the object of securing a more competitive price to the primary producer, and (ii) provide adequate number of ventilated and insulated wagons and space and refrigerated transport for perishable products like fruits, vegetables, eggs, fish, milk, butter, etc.

The Conference also recommends that the Central Government be moved to examine the possibility of making it obligatory for all transport agencies to provide for suitable and covered accommodation for agricultural and animal husbandry products at despatching and receiving ends and during transit.

Item 5 of the Agenda.—Organisation of Central and Provincial Marketing Staff on a permanent basis

**Resolution.**—The Conference recommends that having regard to the fact that duties of Marketing Officers at the Centre and in the Provinces and States are of a permanent nature, the Central, Provincial and State Governments be moved to make their marketing organisations permanent without any further delay.

The Conference also recommends that adequate Marketing staff should be immediately appointed in those Provinces and States where either no staff or inadequate staff is maintained at present.

The Conference also recommends that the Government of India be moved to take early decision on the recommendations made by the Vijayaraghavacharya Marketing Sub-Committee and in particular to constitute the all-India Agricultural Marketing Board as recommended by that Sub-Committee without any further delay.

Item 5 of the Agenda.—Arrangements for training candidates for marketing work

**Resolution.**—The Conference recommends that having regard to the frequent and repeated requests from Provincial and State Governments for facilities for training their officers in Agricultural Marketing, the Directorate of Marketing and Inspection should set up a special organisation for training marketing officers for Provinces and States.

## PRODUCTION OF GRAM

†\*617. Prof. N. G. Ranga: (a) Will the Honourable Minister of Agriculture be pleased to state the quantity of gram produced in different provinces in the year 1948?

(b) How much of it was marketed?

(c) How much gram was imported in the year 1948?

(d) What was the price of gram prevailing in different provinces?

† Answer to this question laid on the table, the questioner being absent.

(e) Why is there such a great disparity in controlled prices of gram in East Punjab?

(f) Have Government allowed free movements of East Punjab gram to other parts of the Country?

(g) Are adequate transport facilities being provided for such movements?

(h) Are any efforts being made to organise Cooperative Societies to procure as well as market the gram?

**The Honourable Shri Jairamdas Doulatram:** (a) A Statement (I) showing the required information for 1947-48 is placed on the table of the House.

(b) No information is available as to how much of last year production was brought into the market.

(c) No gram was imported on Government account during 1948.

(d) A Statement (II) showing the required information is placed on the table of the House.

(e) Maximum controlled prices of gram have been fixed for different districts and areas in the East Punjab after taking into consideration their respective distances from the main gram producing areas. The difference in prices so fixed is mainly intended to cover the transport and incidental charges involved in the movement of stocks from the producing areas to the non-producing or deficit areas. In fixing such differentials, discretion is left to the local authorities as they are in a better position to fix these according to prevailing local conditions.

(f) From 1st October, 1948 gram has been brought under the Basic Plan and inter-Provincial/State movement can now take place only on a Government to Government basis. Prior to that date the question of exercising control over inter-Provincial/State movements of gram was left entirely to the discretion of local Governments and the East Punjab Government permitted exports of gram only on Government account.

(g) Movements of gram under the Basic Plan fall in Class I (B) of Railway Priority and in this class adequate transport facilities are provided by Railways.

(h) As gram is now under the Basic Plan, the responsibility for selecting the channel of its procurement and distribution rests with Provincial/State Governments. It is understood that in United Provinces efforts are already being made to utilise Co-operative Societies for such purposes.

## STATEMENT I

Estimated production of Gram in the Different Provinces of the Indian

Union, 1947-48

('000 tons).

| Provinces                              | Production |
|----------------------------------------|------------|
| Ajmer-Merwara . . . . .                | 11         |
| West Bengal . . . . .                  | 53         |
| Bihar . . . . .                        | 425        |
| Bombay . . . . .                       | 78         |
| C. P. and Berar . . . . .              | 227        |
| Delhi . . . . .                        | 4          |
| Madras . . . . .                       | 17         |
| Orissa . . . . .                       | 4          |
| East Punjab . . . . .                  | 802        |
| United Provinces . . . . .             | 1,724      |
| Total Indian Union Provinces . . . . . | 3,345      |

## DEVELOPMENT OF VILLAGE FORESTS

†\*618. **Shri Amiyo Kumar Ghosh:** (a) Will the Honourable Minister of Agriculture be pleased to state what steps Government have taken to develop village forests so as to provide the villagers with adequate fuel supplies in those areas, where fuel is not available?

(b) What area of the Province of Bihar has been selected for such development?

(c) Do Government propose to consider the desirability of advancing adequate funds to the Provincial Government and entrusting this work to them?

**The Honourable Shri Jairamdas Doulatram:** (a) The development of village forests is within the administrative charge of Provincial Governments. The Government of India have, however, frequently impressed on the Provinces, the need to develop such forests.

(b) The information required has been called for from Bihar Government and will be placed on the table of the House.

(c) The work of developing village forests has already been entrusted to the Provincial Governments and it is not held up for lack of grants from the Central Government.

## WAGONS FOR TRANSPORT OF RAW MATERIALS FOR PAPER MANUFACTURE

†\*619. **Shri Amiyo Kumar Ghosh:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether Government are aware of the decline in paper production since the partition of the country?

(b) If so, do Government propose to give more wagons for transporting raw materials for paper manufacture on a higher priority?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) There was a slight decline in paper production since the partition, on account mainly of shortage of bamboos, grass, etc., which previously used to come from areas now in Pakistan. From January, 1948, however, there was some improvement in production due to an improvement in the labour situation. The total production during 1948, therefore, shows an overall increase over the 1947 figure.

(b) Yes. The question is under consideration.

## EXPRESS TRAIN TO CARRY MAIL AND PASSENGERS BETWEEN HOWRAH AND SILIGURI

\*620. **Srijut Kuladhar Chaliha:** (a) Will the Honourable Minister of Communications be pleased to state whether Government are aware that letters from Calcutta take about eight days to reach Assam?

(b) If so, do Government propose to arrange to run an express train from Howrah to Siliguri to carry mails and passengers to Assam within a reasonable time?

**The Honourable Mr. Rafi Ahmad Kidwai:** (a) No, Sir. Letters posted at Calcutta for transmission by the surface route ordinarily reach Gauhati on the fourth day of their despatch from Calcutta and Dibrugarh on the fifth day. Air Mails posted in Delhi, Madras, Calcutta and Bombay are delivered at Gauhati and Shillong next day.

(b) No, but it may be stated that the timings of the train-cum-steamer service via Manihari Ghat to Naksalbari by train No. 53 Up and 336 Fast Passenger have been revised so as to provide a through connecting service between Howrah and Siliguri, taking only about 30 hours. The possibility of

† Answer to this question laid on the table, the questioner being absent.

(\*) Relate to the third week of December 1948.

974

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [23RD FEB. 1949]

utilising these trains for mails is being examined. The question of reducing the transit time of mails for Assam and North Bengal by forwarding them over the direct E.B. Railway route through East Pakistan is also being reconsidered.

**Shri H. V. Kamath:** Have there not been some instances where this very reasonable record of eight days has been beaten hollow and paled into insignificance?

**Mr. Deputy Speaker:** The Honourable Minister is unable to understand its hollowness.

**Srijut Kuladhar Chaliha:** May I state that I received certain letters which were lying with the postal authorities for more than eight days?

**The Honourable Mr. Rafi Ahmad Kidwai:** I accept that. I have myself sent letters posted in Delhi to be delivered in Delhi. They have taken three days.

## RICE PRODUCTION IN ASSAM

**\*621. Srijut Kuladhar Chaliha:** Will the Honourable Minister of Food be pleased to state what quantity of rice is expected to be available in Assam in 1949-50 and the quantity that it will be necessary to import to Assam from outside the Province?

**The Honourable Shri Jairamdas Doulatram:** It is not possible now to forecast the production for 1949-50. Even the final forecast for 1948-49 is not yet available. Normally Assam is surplus in rice and not deficit.

**Srijut Kuladhar Chaliha:** May I know if there was scarcity of rice in August last year?

**The Honourable Shri Jairamdas Doulatram:** There was no particular scarcity, but there was difficulty of securing for particular areas and the Centre gave them a small amount of 5,000 tons, but just before that Assam gave us 8,000 tons.

**Shri B. P. Jhunjhunwala:** What is the surplus of rice in Assam?

**The Honourable Shri Jairamdas Doulatram:** I would not be able to give the exact figure, but Assam has rarely needed any help from the Centre. Usually it is able to send out something but for the difficulty of communications.

**Shri H. V. Kamath:** What has been the population increase in Assam over what it was in 1941?

**Shri Mahavir Tyagi:** Is it a fact, Sir, that a big businessman who wanted to import rice from Nepal was refused the license to import rice into India?

**The Honourable Shri Jairamdas Doulatram:** Not that I know of.

**Shri Raj Bahadur:** What is the average annual surplus of rice from Assam?

**The Honourable Shri Jairamdas Doulatram:** I cannot give the exact figure. They rarely needed help from the Centre.

**Shri Mahavir Tyagi:** I would like to know why the businessman was refused the license to import—It was not rice; it was paddy?

**Dr. Mono Mohan Das:** May I ask if there are lots of cultivable lands lying fallow in Assam, and if so, what steps have been taken by the Provincial Government to cultivate these lands?

**The Honourable Shri Jairamdas Doulatram:** The question would have to be replied to by the Provincial Government. It would not be correct for me to try and explain why the Provincial Government did or did not take particular steps.

## CZECHOSLOVAKIAN CONSULTING ENGINEER'S OFFICE IN INDIA

**\*622. Seth Govind Das:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether it is a fact that the Government of Czechoslovakia is contemplating to set up a Consulting Engineer's Office in India?

(b) What are the advantages that the Government of India and the various Provincial and State Governments got from the visit of a Technical Mission from Czechoslovakia?

(c) What are the benefits India is going to get from Czechoslovakia in the technical field?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) No, Sir.

(b) The Government of India and Provincial Governments had had discussions with the members of the Mission on electrification schemes, problems of utilisation of low-grade Indian coals, the manufacture of synthetic fuel oils and chemicals, and the extent of availability of machinery and technical skill from Czechoslovakia for Indian Industries.

(c) Czech technicians have offered their assistance in repairing and reconditioning surplus and reparation machine tools for use in the proposed machine tool factory and in the establishment of such factory. Their offer is under examination.

**Seth Govind Das:** Has the gist of all these opinions from Czechoslovakian Engineers been circulated to various Provinces?

**The Honourable Dr. Syama Prasad Mookerjee:** They are available to the provinces.

**Shri H. V. Kamath:** May I know what are the terms and conditions on which these technicians have offered assistance to India?

**The Honourable Dr. Syama Prasad Mookerjee:** That matter is still under examination and I would not like to discuss the matter here.

## ROAD LINK BETWEEN SILIGURI AND ASSAM via COOCH BIHAR

**\*623. Srijut Kuladhar Chaliha:** (a) Will the Honourable Minister of Transport be pleased to state whether the road link from Siliguri to Assam via Cooch Bihar has been completed?

(b) If not, when is it going to be completed?

(c) What is the length of this road?

(d) Have bridges been constructed and ferry arrangements been made across the rivers on the road?

**The Honourable Shri K. Santhanam:** (a), (b) and (d). The honourable member may kindly refer to the reply given to his starred question No. 436 on the 24th August, 1948. Temporary bridges for use in the dry season have since been put up at the unbridged crossings over the three major rivers (Kaljani, Gadadhar and Raidak).

(c) About one hundred and sixty-four miles from Siliguri to Golakganj.

## SUPPLY OF COAL TO TOBACCO GROWERS OF GUNTUR AND KRISHNA DISTRICTS BY RAIL

**\*624. Prof. N. G. Ranga:** Will the Honourable Minister of Industry and Supply be pleased to state whether Government will continue to supply all the coal needed by the tobacco-growers and barn owners (of Guntur and Krishna Districts) by rail alone?

+ Answer to this question laid on the table, the questioner being absent.

(b) (i) and (ii). The attention of the honourable member is invited to the footnote of the Warrant.

(iii) The Warrant is confined to officials and diplomats and does not include members of the Legislatures.

# MINISTRY OF HOME AFFAIRS NOTIFICATION

New Delhi, the 16th October 1948

No. 16/10/48-Public.—The following revised table with respect to the rank and precedence of persons named therein, which has been approved by His Majesty King George The Sixth, is published for general information.

Surgeons-General.

Director-General of Industry and Supply.

Director-General of Disposals.

Director-General of All-India Radio.

RIN, Commodores Incharge, Naval Posts or areas.

RIAF, Group Commander (S) of the rank of Air Commodore

**The Honourable Dr. Syama Prasad Mookerjee:** The question assumes that the Tobacco Growers and Barn Owners of Guntur and Krishna Districts are now getting their entire coal supplies by the all rail-route. The fact, however, is that a portion of their total coal allotment is now being sent by sea and a portion by the all-rail-route. Supplies by rail will be continued for so long as the rail transport position permits of this being done. If it deteriorates at any time later, more coal will have to be sent to these consumers by the sea route.

#### LATE ARRIVAL OF FRONTIER MAIL AT RATLAM

**\*625. Shri V. S. Sarwate:** (a) Will the Honourable Minister of Railways be pleased to state whether Government are aware that the Frontier Mail running from Delhi reaches as a rule late at Ratlam, with the result that passengers for stations both ways on the Khandwa-Ajmer line miss the connecting trains and are detained at Ratlam for several hours?

(b) If the reply to part (a) above be in the affirmative, what steps are proposed to be taken in the matter?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) No. During the first half of February, it arrived before time on one day, at the right time for five days and within 20 minutes of right time on seven days. It was late by 31 minutes for one day and 1 hour 15 minutes on one day.

(b) Does not arise.

#### BOOKING CLERKS AND TICKET COLLECTORS AT PANIPAT AND KARNAL RAILWAY STATIONS

**\*626. Master Nand Lal:** (a) Will the Honourable Minister of Railways be pleased to state what was the average number of tickets sold and collected monthly at Panipat and Karnal Railway Stations respectively in the years 1947 and 1948?

(b) How many booking clerks and how many ticket collectors are working at each of these stations?

(c) Is it a fact that the accounts of the booking offices of these stations are not completed daily and if so, accounts of how many months remain to be completed at each of these stations?

(d) Do Government propose to consider the question of increasing the number of booking clerks and ticket collectors at these stations?

**The Honourable Shri K. Santhanam:** (a) A statement giving the required information is laid on the table of the House.

(b) There are three booking clerks at each station. The number of ticket collectors at Panipat is four and at Karnal one.

(c) Booking office accounts at these stations are closed daily and there are no arrears.

(d) This is already being considered by the Railway Administration.

#### STATEMENT

*Average number of tickets sold and collected monthly at Panipat and Karnal railway stations in the years 1947 and 1948*

|         | Average number of tickets sold per month |          | Average number of tickets collected per month |          |
|---------|------------------------------------------|----------|-----------------------------------------------|----------|
|         | 1947                                     | 1948     | 1947                                          | 1948     |
| Panipat | 27,446                                   | 1,15,188 | 32,147                                        | 1,02,852 |
| Karnal  | 19,012                                   | 41,704   | 19,282                                        | 40,754   |

#### SOCIAL GUIDES AT RAILWAY STATIONS

**\*627. Master Nand Lal:** Will the Honourable Minister of Railways be pleased to state:

- the names of Railway stations where social guides are working;
- the number of social guides appointed so far; and
- how far this scheme is successful?

**The Honourable Shri K. Santhanam:** (a) and (b). A statement giving the information asked for by the honourable member is placed on the table of the House.

(c) It is too early to pass a judgment on the experiment. The services of the social guides have, however, been appreciated in many places, especially the women passengers.

#### STATEMENT

*Number of social guides appointed on Railways and names of stations where they are working*

|                                          |    |                                                                                                                                |

**Shri H. V. Kamath:** Is this job of social guides a whole-time or a part-time occupation?

**The Honourable Shri K. Santhanam:** It is a whole-time occupation.

**Shri Mahavir Tyagi:** May I know what kind of work they are performing?

**The Honourable Shri K. Santhanam:** They are expected to help women passengers and other poor passengers at the booking offices, to see that they get their seats in the railway trains and do such other service as may be necessary for them.

**Shri Jaspat Roy Kapoor:** Are there any lady social guides to help the lady passengers?

**The Honourable Shri K. Santhanam:** Many of the social guides are ladies.

**Shri L. Krishnaswami Bharathi:** May I know the pay of the social guides?

**The Honourable Shri K. Santhanam:** I shall require notice for that question.

**Shri R. K. Sidhva:** May I know, Sir, whether these guides have been recruited from the services or from the Social Service Organizations?

**The Honourable Shri K. Santhanam:** They have been recruited on the advice of the Social Service Organizations.

**Shrimati G. Durgabai:** May I know what is the total number of these lady guides and whether they are working in all the stations?

**The Honourable Shri K. Santhanam:** The total number is 89 so far.

**Shri Deshbandhu Gupta:** Is it a fact that most of these social guides are not trained and are not conversant with the rules and regulations governing different railways and are unable to help the passengers?

**The Honourable Shri K. Santhanam:** The suggestion will be considered, Sir.

**Shri L. Krishnaswami Bharathi:** Does the service of social guides include also purchasing the tickets for the ladies?

**The Honourable Shri K. Santhanam:** Yes, Sir. I am sorry I made a mistake. The total number is not here, but the number for the Eastern Punjab Railway is 89 and various other railways have got different numbers.

**श्री० गोकुल भाई दौलतराम भट्ट :** क्या हर जंक्शन स्टेशनों में ये सोसियल गाइड्स रहते हैं।

**Shri Gokulbhai Daulatram Bhatt:** Are social guides available at every Junction Station?

**The Honourable Shri K. Santhanam:** Not yet.

**श्री० गोकुल भाई दौलतराम भट्ट :** मैं नें जवाब सुना नहीं। क्या जवाब नहीं है ?

**Shri Gokulbhai Daulatram Bhatt:** I have not heard the reply. Is there any answer?

**The Honourable Shri K. Santhanam:** Social guides are not available at every station, but only at some important stations.

**श्री० गोकुल भाई दौलतराम भट्ट :** क्या मारवाड़ स्टेशन में सोसियल हैं या नहीं?

**Shri Gokulbhai Daulatram Bhatt:** Are there any social guides posted at Marwar Junction?

**The Honourable Shri K. Santhanam:** I do not know whether there is a social guide in the Marwar Station, but if the honourable member will put a question, I am prepared to find out and give the information.

**Lala Achint Ram:** Do the Social guide inspectors report cases of corruption also?

**The Honourable Shri K. Santhanam:** Yes, Sir.

**श्री० गोकुल भाई दौलतराम भट्ट :** स्टेशन के साथ सोसियल गाइड्स का मेल-मिलाप है या नहीं ?

**Shri Gokulbhai Daulatram Bhatt:** Does the station Staff Co-operate with the social guides or not?

**The Honourable Shri K. Santhanam:** They are expected to work in close co-operation with the other staff.

**श्री० गोकुल भाई दौलतराम भट्ट :** क्या स्टेशन स्टाफ उनको मदद दे रहें हैं।

**Shri Gokulbhai Daulatram Bhatt:** Are they being assisted by the station staff?

**The Honourable Shri K. Santhanam:** Generally, they do, but there may be differences between them as in the case of other staff.

**श्री० गोकुल भाई दौलतराम भट्ट :** क्या आप समझते हैं कि अजमेर में जो एक सोसियल गाइड है वा सारे दिन भर काम चलाता है।

**Shri Gokulbhai Daulatram Bhatt:** Do you think that the one social guide at Ajmer station has got to work for the whole day?

980

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [23RD FEB. 1949]

**The Honourable Shri K. Santhanam:** Sir, I cannot say anything about what happened at the Ajmer Station.

श्री० गोकुल भाई दौलतराम भट्ट : मैं आमतौर से कह रहा हूँ कि जहाँ-जहाँ सोसियल गाइड्स हैं वहाँ कितने हैं और कितने घन्टे उनको काम करना पड़ता है। सारे स्टेशनों का काम वह अच्छी तरह से कर लेते हैं ?

**Shri Gokulbhai Daulatram Bhatt:** I am asking a general question as to how many guides are employed at different stations, and for how many hours they have to work there? Are they in a position to look after the work at all the stations efficiently?

**The Honourable Shri K. Santhanam:** If the honourable member will ask a particular question about any particular place, I shall be glad to get the information.

## (B) WRITTEN ANSWERS

## REFUGEE MATRICULATES APPOINTED AS POSTMEN IN DELHI

**\*628. Master Nand Lal:** (a) Will the Honourable Minister of Communications be pleased to state how many refugee matriculates have been appointed as postmen in Delhi since partition?

(b) After how many years service can a postman sit for an examination to qualify himself for the post of postal clerk?

**The Honourable Mr. Rafi Ahmad Kidwai:** (a) Fifty-four.

(b) Permanent postmen with five years' continuous service can sit for the examination for promotion to clerical cadre as departmental candidates.

## FLIGHT OF AEROPLANES FROM CALCUTTA TO GAUHATI OVER PAKISTAN TERRITORY

**\*629. Srijut Rohini Kumar Chaudhuri:** (a) Will the Honourable Minister of Communications be pleased to state whether Government are aware that the planes carrying passengers, mails, etc., from Calcutta to Gauhati halt at Bagdogra only for three days in the week?

(b) Are the planes flying to Gauhati and Mohonbari (Dibrugarh) on other days allowed to fly over Pakistan territory?

(c) Is it a fact that the flying distance between Bagdogra and Gauhati would be very much curtailed if the planes were allowed to fly over Pakistan territory?

(d) Is it a fact that the hours of journey and fares for passengers could be substantially reduced if a straight flight was allowed from Calcutta to Gauhati over Pakistan territory?

**The Honourable Mr. Rafi Ahmad Kidwai:** (a) No, Sir. The Calcutta-Baghdogra-Gauhati-Mohanbari service halts at Baghdogra on all seven days of the week.

(b) Does not arise.

(c) No, Sir. The direct route between Baghdogra and Gauhati does not cross Pakistan territory.

(d) Yes, Sir. The flying time between Calcutta and Gauhati would be reduced by one hour and twenty minutes and the passenger fare by Rs. 49 if the service were to operate direct from Calcutta to Gauhati over flying Pakistan territory.

## SURCHARGE ON AIR MAIL LETTERS FROM CALCUTTA TO GAUHATI

**\*630. Srijut Rohini Kumar Chaudhuri:** (a) Will the Honourable Minister of Communications be pleased to state whether it is a fact that a letter for which no air surcharge is paid, takes four days to go from Calcutta to Gauhati nowadays, whereas it took only two days before partition?

(b) If so, do Government propose to restore the system of carrying letters by air without charging air surcharge as in the year 1948?

**The Honourable Mr. Rafi Ahmad Kidwai:** (a) Yes.

(b) Government are examining the possibilities of giving air conveyance to unsurcharged letters.

## CONVERSION OF COCHIN HARBOUR INTO NAVAL BASE

**\*631. Mr. K. A. Mohamed:** Will the Honourable Minister of Transport be pleased to state:

(a) whether the Cochin Harbour is to be converted into a naval base;

(b) whether it is a fact that the preliminary work for this conversion has now been undertaken; and

(c) if so, whether Government propose to open any other port on the West Coast to take the place of this harbour?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) There is a proposal to develop a Naval Base at Cochin Harbour.

(b) Yes.

(c) The Cochin Port will continue to be available for commercial purposes. Government are however, considering on other grounds the possibility of establishing an additional major port between Mormugao and Cochin.

## CONSTRUCTION OF NATIONAL HIGHWAYS

**\*632. Mr. K. A. Mohamed:** Will the Honourable Minister of Transport be pleased to state:

(a) whether Government propose to construct National Highways;

(b) if so the details of the proposed Highways;

(c) the estimated cost of this work;

(d) whether it is a fact that different provinces and states have been directed to survey and prepare preliminary estimates for their portions of these Highways; and

(e) whether any portion of any Highway has been completed?

**The Honourable Shri K. Santhanam:** (a) The Central Government accepted with effect from the 1st of April, 1947, and as explained further in the answer to part (d) of this question, provisional financial responsibility for the construction, improvement, and maintenance of a system of roads designated as National Highways. Whether and the extent to which this responsibility will continue will depend on the provisions of the New Constitution.

(b) A list of roads at present included in the National Highway system is placed on the table of the House

(c) Rs. 25.5 crores for construction and development during the five years ending 31st March, 1952, but actual expenditure will depend on availability of funds.

(d) The answer is in the affirmative so far as Provinces are concerned. The Central Government have not assumed financial liability for National Highways passing through Indian States, save to the extent to which they were already liable under agreements entered into with individual States before the 1st April, 1947.

(e) Except for certain gaps where no roads exist and for the absence of bridges over some rivers, the National Highway system is complete. The following are the important works on National Highways which have been completed since the Government of India assumed Financial liability for this class of roads:

(i) Construction of a through road-link between Assam and the rest of India.

(ii) Construction of a bridge over the Poonpcon river on the Grand Trunk Road in Bihar.

#### STATEMENT

*List of National Highways [As on 26th January, 1949]*

1. *Grand Trunk Road North.*—Delhi-Amritsar-Pakistan border (312 miles).
2. *A. Jullundur to Kashmir Border.*—94 miles.
2. *Grand Trunk Road East.*—Delhi-Agra-Kanpur-Calcutta (941 miles).
3. *Bombay-Agra Road.*—741 miles.
4. *Bombay-Madras Road.*—Via Poona-Belgaum-Bangalore (840 miles) and Chittoor.
5. *Calcutta-Madras Road.*—Via Balasore and Vizagapatam. From junction with No. 6 at the Subarnarekha river, on boundary between Bihar and Mayurghanj State (954 miles).
6. *Bombay-Calcutta Road.*—Dhulia (on No. 3) Nagpur-Raipur-Sambalpur to junction with No. 2 at Sepahigachi near Arambagh (1,010 miles).
7. *Benares-Cape Comorin Road.*—Moghal Serai-Mangawan-Rewa-Jubbulpore-Lakhnadon-Nagpur-Hyderabad-Bangalore-Krishnagiri Salem-Dindigul-Madura-Cape Comorin (1,554 miles).
8. *Delhi-Rajputana-Gujarat-Bombay Road.*—Via Jaipur-Ajmer-Udaipur-Modassa, and Baroda (1,001 miles).
9. *Poona-Sholapur-Hyderabad-Bezwada.*—504 miles.
10. *Delhi-Rohatak-Hansi-Hissar-Fatahbad-Sirsa-Fazilka.*—278 miles.
- 11 to 21.—(omitted—being in Pakistan).
22. *Ambala-Kalka-Simla-Tibet Border.*—293 miles.
23. *Rajputana to Sind Border.*—Shown on map as from junction with No. 8 South of Pali to Pakistan Border (alignment not decided; to be reconsidered).
24. *Delhi-Bareilly-Lucknow.*—320 miles.
25. *Lucknow-Kanpur-Jhansi-Shivpuri* (on No. 3).—236 miles.
26. *Jhansi-Saugor-Lakhnadon* (on No. 7).—250 miles.
27. *Allahabad-Mangawan* (on No. 7).—64 miles.
28. *Avadh-Tirhat Road.*—Lucknow-Gorakhpur-Muzaffarpur-Monghyr Ghat Gauges left bank (site of Gandak bridge not settled) (389 miles).
- 28-A. *Branch of No. 28 to Razul for Nepal.*—50 miles.
29. *Gorakhpur-Ghaziपुर-Benares.*—128 miles.
30. *MOHANIA* (on No. 2).—Bikramganj-ARAH-Sone Bridge, Patna-Bakhtyarpur-junction with National Highway No. 31 (160 miles).
31. *BARHI-RAJAULI-Nawadah-Bakhtyarpur-Mokameh Road Rail Bridge across GANGA.*—Junction with National Highway No. 28—Monghyr-Khagana-Narayanpur-Purnea-Siliguri-Cooch Behar-Jogigopa or other site of Brahmaputra Bridge (595 miles).
- 31-A. *Siliguri-Rangpo-Gangtok* (to Sikkim).—58 miles.
32. Blank.
33. *Barhi* (on No. 2).—Ranchi-Bundu-South of Chahdil-South of Jamshedpur-Swaspur—Junction with No. 6 at Subarnarekha river (234 miles).
34. *North Bengal Highway.*—Burdwan-Tildinga—on to Siliguri avoiding Pakistan territory (211 miles).

35. *Calcutta-Jessore-Pakistan* (low priority for development) (47 miles).
36. *From No. 25 to Agypa on No. 37* (low priority for development).
37. *Assam Trunk Road.*—Golpara (or other site of Brahmaputra bridge)—Gauhati-Jorhat-Diburgarh-Saikhoa Ghat (429 miles).
38. *Makum-Dibgoi-Ledo-Lekapani* (three miles from Ledo).—34 miles.
39. *Assam Burma Road.*—Eauduar (on No. 39) Dimapur-Imphal (279 miles).
40. *Shillong to Dawki.*—104 miles.
41. Blank.
42. *Sambalpur-Cuttack.*—170 miles.
43. *Raipur-Vizianagram* (junction with No. 5).—335 miles.
44. Blank.
45. *Madras-Trichinopoly-Dindigul.*—258 miles.
46. *Ranipet* (on No. 4) to *Krishnagiri* (on No. 7).—84 miles.
47. *Salem* (on No. 7) *Cochin.*—225 miles.
48. Blank.
49. *Madura* (on No. 7).—Danushkodi.—101 miles.
50. *Poona-Nasik.*—123 miles.

*Note.*—The detailed alignments of many of these roads have not yet been finalized. Some changes in the National Highway system may also be necessary following the initiation of development plans now contemplated, the merging of States with Provinces, and other causes.

#### SUBSIDIES TO AIRWAY COMPANIES

**\*633. Mr. K. A. Mohamed:** Will the Honourable Minister of Communications be pleased to state:

(a) whether the different companies conducting air services in India are given subsidies by Government;

(b) if so, the names of such companies receiving subsidies and the amounts thereof; and

(c) whether it is a fact that the Air India Service operating between Madras and Trivandrum is demanding contribution from the Travancore Government for the loss incurred by them in that service?

**The Honourable Mr. Rafi Ahmad Kidwai:** (a) Air Transport Companies operating inter-air services in India are not given any subsidies.

(b) Does not arise.

(c) Under an agreement reached in 1946 between Air-India on the one side and the States of Mysore, Cochin and Trivandrum on the other, the Governments of the three States have agreed to bear the losses arising from the operation of the Madras-Bangalore-Cochin-Trivandrum service for a period of five years, in an appropriate proportion.

#### AMALGAMATION OF LOCAL POSTAL SYSTEMS IN STATES WITH INDIAN POSTAL DEPARTMENT

**\*634. Mr. K. A. Mohamed:** Will the Honourable Minister of Communications be pleased to state:

(a) the names of the acceding States which have local postal systems of their own; and

(b) whether it is the intention of Government to amalgamate these postal services with the Government of India Postal Department?

**The Honourable Mr. Rafi Ahmad Kidwai:** (a) Gwalior, Patiala, Jind, Nabha, Chamba, Travancore, Cochin, Jaipur, Udaipur (Mewar), Kishangarh, Charkhari, Shahpura, Orchha, Morvi, Barwani, Rajkot and Bundi.

(b) The question is under consideration.

#### REVIEW OF INDIA'S FOOD POSITION IN THE LIGHT OF WORLD FOOD PRODUCTION

**\*635. Shri Biswanath Das:** Will the Honourable Minister of Agriculture be pleased to state:

(a) whether the attention of Government has been drawn to a news item circulated by Reuter published in the Delhi papers on the 7th February, 1949 that world production of rice for 1948-49 harvest, as reported by the Department of Agriculture of the United States of America has reached the prewar level of 7470 million Bushels compared with the 7060 million Bushels last year and is almost identical with the four years average of prewar years and that India with her expected harvest of 1550.4 million Bushels—the largest for several years—is an exception in Asia along with Pakistan in having a good crop;

(b) whether the facts mentioned in part (a) above are substantially correct;

(c) whether Government are aware that there was a bumper crop of other cereals in most American countries;

(d) the prices per maund of eighty pounds or forty seers of wheat, rice, maize and barley at which these commodities were purchased from each of the American and Asiatic Countries and Australia during the years 1946-47 and 1947-48 and the duty paid in each case, showing separately the prices charged by countries connected with the United Nations Organisation and by those not connected with the United Nations Organisation; and

(e) whether Government propose to review the food position in the light of these facts?

**The Honourable Shri Jairamdas Doulatram:** (a) Yes.

(b) The Government have at present no detailed information to check up the reports about total world production of rice. Final rice forecast reports for 1948-49 have not yet been received from Provinces and States but the available information shows that the outturn of rice in the Indian Union would be about the same as last year. The crop has suffered in Madras due to deficient winter rains while in Bombay, C.P., and West Bengal the crop is reported to have suffered on account of untimely rains in November. It might be added that in 1947-48 also our rice crop was below average.

(c) The available information shows that U.S.A. harvested during 1948 a record crop of maize as well as the second largest wheat crop in its agricultural history. The production of oats in the U.S.A. in 1948 was also high. In Canada too production of other cereals during 1948 showed an appreciable increase as compared with the previous year.

(d) Statement showing the required information in respect of 1946-47 is placed on the table of the House.

As regards 1947-48 it is regretted the information cannot be disclosed at this stage in the public interest.

(e) The food position is continually reviewed from time to time in the light of all available information.

#### STATEMENT

*Average price (c.i.f.) paid per maund of wheat, rice, maize and barley during April 1946 to March 1947 to countries which are connected/not connected with U. N. O.*

| Commodity                                        | Price |    |    |
|--------------------------------------------------|-------|----|----|
|                                                  | Rs.   | A. | P. |
| <i>I.—Countries connected with U. N. O.</i>      |       |    |    |

NOTE.—There is no duty levied on imports of Foodgrains into India.

#### CONSERVATION OF STEEL

**\*636. Shri M. Ananthasayanam Ayyangar:** (a) Will the Honourable the Minister of Industry and Supply be pleased to state what measures Government have taken to relieve the acuteness of the steel shortage situation in India?

(b) What measures have the Government of India taken to enforce steel conserving methods calculated to prevent misuse and waste?

(c) Has the attention of Government been drawn to the report of the Committee of Experts appointed by the British Parliamentary and Scientific Committee to go into the question of conserving steel resources in the United Kingdom and if so, have they considered the recommendations contained in that report aimed at utilising the available quantity of steel in the most economical way?

(d) Do Government propose to consider taking similar or other steps to secure the same end in this country?

(e) Has the attention of Government been drawn to the reports of a process stated to have been evolved by a German engineer in India which is credited with resulting in 50 per cent. saving in steel for structures and the total elimination of steel in reinforced concreting by the use of specially designed steelless concrete slabs?

(f) Do Government propose to examine the possibility of utilising this device to relieve steel shortage?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Government are trying to increase the indigenous production of steel and also to get as much steel as possible from imports.

(b) Government have taken the following steps:

(i) Use of steel for any purpose other than that for which it is released has been made an offence under the Iron and Steel (Control of Production and Distribution) Order.

(ii) Steel is released only for essential uses and after careful scrutiny of the demands.

(iii) The field officers of the Directorate General of Industries and Supplies make periodical inspections of steel Processing factories to check that steel is not being misused.

(c) Government have not received a copy of the Report, but have asked for it.

(d) Government will, after examination of the suggestions made in the Report, adopt such of them as are found to be practicable.

(e) and (f). Government are aware of the process evolved for producing light weight steel structurals and are examining their suitability.

#### CONTRACTS FOR RAILWAY BOOKSTALLS

**\*637. Giani Gurmukh Singh Musafir:** (a) Will the Honourable Minister of Railways be pleased to state the name or names of the firms or Companies who are working as contractors for the bookstalls on the station premises of the following Railways:

East Indian Railway, Bombay Baroda and Central India Railway, Great Indian Peninsula Railway, Bengal Nagpur Railway, Oudh-Tirhut Railway, Bengal and Assam Railway, M. S. M. Railway and South Indian Railway?

(b) On which of the State Railways are Messrs. A. H. Wheeler and Company of Allahabad working as bookstall contractors?

(c) What licence fee are this company paying as bookstall contractors on different Railways?

(d) Is it a fact that Messrs. A. H. Wheeler and Company are paying as royalty  $3\frac{1}{4}$  per cent. on the sale proceeds in the stalls?

(e) Is it a fact that recently a new policy has been adopted by the Railway authorities not to invite tenders for Railway bookstalls but to renew the contracts to Messrs. A. H. Wheeler and Company?

(f) If the answer to part (e) above be in the affirmative; what are the reasons for it?

**The Honourable Shri K. Santhanam:** (a) to (f). A statement is laid on the table.

#### STATEMENT

(a) The names of the bookstall contractors on the different railways asked for by the honourable member are given below:

|               |   |                                                                                                                                                                                        |
|---------------|---|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| E. I.         | } | Messrs. A. H. Wheeler and Company.                                                                                                                                                     |
| B. B. & C. I. |   |                                                                                                                                                                                        |
| G. I. P.      |   |                                                                                                                                                                                        |
| B. N.         |   |                                                                                                                                                                                        |
| O. T.         |   |                                                                                                                                                                                        |
| Assam         | } | Messrs. Kulkarni Bros.<br>Messrs. Higginbothams.<br>Messrs. Higginbothams.<br>Messrs. Swadesamitram.<br>Messrs. Matrubhumi Printing and Publishing Co., and<br>Messrs. Mangalavilasam. |
| M. & S. M.    |   |                                                                                                                                                                                        |
|               |   |                                                                                                                                                                                        |
|               |   |                                                                                                                                                                                        |
| S. I.         |   |                                                                                                                                                                                        |

(b) Assam, B. B. & C. I., B. N., E. I., G. I. P. and O. T. Railways.

(c) and (d). The licence fee is in the form of a royalty not exceeding  $3\frac{1}{4}$  per cent. of gross turnover of each bookstall.

(e) The policy as recommended by the Central Advisory Council for Railways and accepted by the Railway Board is not to invite tenders but to license bookstalls to experienced contractors preference being given to those who have rendered satisfactory service in the past, the licensing fee being fixed on the experience of the past five years. The contracts of Messrs. Wheeler and Company on certain railways have been renewed in pursuance of this policy.

(f) As the sale of newspapers, books, periodicals, etc., is in the nature of a necessary amenity to the travelling public, it is considered that in giving contracts, service should be the main consideration.

#### BHUBANESHWAR AS HALTING STATION FOR CALCUTTA—MADRAS AIR MAIL SERVICE

**\*638. Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of Communications be pleased to state whether it is under the contemplation of the Government of India to make the airport of Bhubaneswar (Orissa) a halting station for the air mail planes now operating daily between Calcutta and Madras?

(b) If not, what are the reasons for it?

**The Honourable Mr. Rafi Ahmad Kidwai:** (a) and (b). Bhubaneswar is already a scheduled halt on the Calcutta-Madras Bangalore service. If the honourable member is referring to the night air mail service which recently commenced operation, I might explain that the service from Calcutta does not operate direct to Madras, but operates to Nagpur where the mails intended for Madras are loaded in the aircraft going to Madras. The conveyance of air mails by night between the cities of Bombay, Delhi, Calcutta and Madras via Nagpur works as one scheme and it is not possible to introduce Bhubaneswar or any other place into it.

#### NEW RAILWAY LINES FOR ORISSA AND ORISSA STATES

**\*639. Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of Railways be pleased to state how many new railway lines have been constructed in Orissa and Orissa States during the year 1948?

(b) How many will be taken up this year?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) The honourable member's attention is invited to the reply given by me on 2nd February, 1949 to part (a) of starred question No. 46.

(b) No provision has been made in the Budget for 1949-50 for construction of any new railway lines in Orissa or Orissa States.

#### NEW POST OFFICES, TELEGRAPH OFFICES AND TELEPHONE EXCHANGES IN ORISSA AND ORISSA STATES

**\*640. Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of Communications be pleased to state how many new post offices have been opened in Orissa and Orissa States during the year 1948?

(b) How many telephone exchanges and how many telegraph offices have been opened in Orissa and Orissa States during the year 1948?

**The Honourable Mr. Rafi Ahmad Kidwai:** (a) 109.

(b) One Telegraph Office at Asokapatnam was opened but no Telephone Exchange.

#### IMPORT AND SALE OF FOREIGN CLOTH

**\*641. Shri Damoder Swarup Seth:** Will the Honourable Minister of Industry and Supply be pleased to state:

(a) the quantity of cloth imported into India from each of the countries abroad during the period from 1st January, 1948 to 30th June, 1948, 1st July, 1948 to 31st December, 1948, and 1st January, 1949 to 15th February, 1949 and the cost thereof;

(b) whether Government are aware that foreign cloth has replaced Indian cloth practically in all varieties in the retail shops;

(c) whether no prices per yard for sale are sealed by Government on foreign cloth; and

(d) whether Government propose to mark the ceiling prices of foreign cloth before it is allowed to be marketed and if not, why not?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) The desired information is being collected and will be placed on the table of the House in due course.

(b) No, Sir.

(c) Foreign cloth is not controlled and prices are not stamped on such cloth.

(d) The quantity of foreign cloth imported into this country is less than one per cent. of Indian production and is generally specialised production. In view of this, it is not considered necessary to price mark it.

#### FIXATION OF PRICES OF CLOTH

**\*642. Shri Damoder Swarup Seth:** Will the Honourable Minister of Industry and Supply be pleased to state:

(a) the criteria prescribed for fixing the prices per yard of cloth; and

(b) whether Government are aware that the prices now being marked after the introduction of the rationing of cloth are in many cases 20 to 30 per cent. more than those at which the corresponding varieties were available in the market before rationing was introduced.

**The Honourable Dr. Syama Prasad Mookerjee:** (a) The question of fair prices for Cotton Textiles has recently been considered by the Tariff Board and the controlled prices which are in force with effect from 1st January, 1949 are based on the formulae recommended by that Board. These prices have been calculated on (i) average return per lb. of yarn at 4 pies per spindle shift and (ii) return at Rs. 1/4/- per loom shift of yarn woven.

(b) No. The present controlled prices are much lower than the prices which prevailed during the period of decontrol.

#### BLACK MARKETING IN KEROSENE OIL

**\*643. Shri Damoder Swarup Seth:** Will the Honourable Minister of Industry and Supply be pleased to state:

(a) whether Government are aware that whereas kerosene oil is not available on ration cards for weeks together, it can at all times be procured from 10 annas to 14 annas per bottle; and

(b) whether Government propose to freeze forthwith all stocks of kerosene oil and take up its entire distribution from the existing agents to put a stop to its black marketing and if not, why not?

**The Honourable Dr. Syama Prasad Mookerjee:** The question should have been addressed to the Honourable Minister of Works, Mines and Power. It has accordingly been transferred to the list of questions for 1st March, 1949 when the Honourable Minister of Works, Mines and Power will answer it.

#### FIXATION OF PRICES OF IMPORTED BICYCLES

**\*644. Shri Damoder Swarup Seth:** Will the Honourable Minister of Industry and Supply be pleased to state:

(a) the average ceiling price per cycle of different makes in November, 1948, December, 1948 and January, 1949;

(b) the reasons for the increase in prices, if any, of imported cycles; and

(c) whether Government propose to mark the ceiling prices of all imported bicycles and if not, why not?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) There is no control over selling prices but they ranged from Rs. 185 to Rs. 325 for foreign cycles and Rs. 127 to Rs. 130 for Indian makes.

(b) There has been no increase. On the other hand there has been a slight decrease from the prices prevailing in November, 1948.

(c) No, Sir. Since cycles have been placed under Open General Licence from soft currency areas, it is expected that the prices will still go down appreciably and soon find their level.

#### PRICES OF COAL IN DIFFERENT COLLIERIES

**\*645. Shri R. L. Malviya:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether Government are aware that the quality of coal raised in Korea Collieries is superior to that raised in the Central Provinces and better in some respects than Bengal and Bihar Coal and used to fetch a higher price than that of the selected 'A' grade Coal of Bengal and Bihar?

(b) Do Government propose to lay a statement on the table of the House showing the comparative pre-award and post-award prices of coal in Korea, Bengal, Bihar and Central Provinces?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) The Korea coals do not come up to the standards of selected grades from Bengal-Bihar fields but along with C.P. coals are known to approximate to grade II of Jharia coals.

The prices of Korea coals as fixed by the Korea Durbar in 1945 were higher than the price of selected grade 'A' coal from Bengal/Bihar coal fields as fixed by Government of India.

(b) A statement is laid on the table.

## STATEMENT

Pre-award and post award prices of coal in Korea, C. P., Berar and Orissa and Bengal/Bihar

| PRICES BEFORE THE AWARD            |            |                           |                             |
|------------------------------------|------------|---------------------------|-----------------------------|
|                                    | Korea      | C. P., Berar and Orissa   | Bengal/Bihar                |
| Steam coal, Rubble and Smithy nuts | Rs. 14/1/- | *Rs. 12/1/- to Rs. 14/1/- | †Rs. 10/5/- to Rs. 13/5/-   |
| Run of Mine, dust coal and slack   | Rs. 13/1/- | *Rs. 10/1/- to Rs. 13/1/- | †Rs. 9/5/- to Rs. 12/5/-    |
| PRESENT PRICES                     |            |                           |                             |
|                                    | Korea      | C. P., Berar and Orissa   | Bengal/Bihar                |
| Steam coal, Rubble and Smithy nuts | Rs. 15/3/- | *Rs. 15/6/- to Rs. 17/8/- | †Rs. 13/13/- to Rs. 16/13/- |
| Run of Mine, dust coal and slack   | Rs. 14/3/- | *Rs. 14/6/- to Rs. 16/8/- | †Rs. 12/13/- to Rs. 15/13/- |

NOTE.—Copies of relevant price notifications are attached.

Explanation.—

\*There are different prices for different groups of collieries in C. P., Berar and Orissa.

†The prices in case of Bengal and Bihar differ by grades.

## NOTIFICATION

Dated the 31st March, 1945

In exercise of the powers conferred by sub-clause 1 of clause 4 of the Korea State Colliery Control Order, 1944 and in supersession of the notification dated the 31st January, 1945 published in the State Gazette Extraordinary of the same date, the Korea Durbar are pleased to fix as follows the prices at which coal may be sold by colliery owners:—

| Run of mine, Dust Coal and Slack—per ton. | Steam Coal, Rubble and Smithy nuts—per ton. |
|-------------------------------------------|---------------------------------------------|
| Rs. 13-1-0                                | Rs. 14-1-0                                  |

Note.—The prices given above are delivery free of rail at or at the loading point nearest to the colliery, or free of tramway at the colliery or free of road vehicles at the colliery.

2. The Prices do not apply to retail sales of less than one ton on any one day for delivery by road.

Explanation.—The prices given above are—

(a) per ton of 2,240 lbs.;

(b) exclusive of stowing Excise Duty, soft coke cess excise duty and any other additional excise duty, cess or import which the Korea Durbar may hereafter declare to be payable by consumers of coal but are inclusive of all other cesses or imports; and

(c) exclusive of middleman's commission.

(2) When delivery is free on rail, the weight charged for shall be the weight ascertained at a railway weigh bridge and when delivery is free on tramway or road vehicle the weight shall be ascertained in such manner as may be prescribed in British India.

By order,  
SOHAN LAL SRIVASTAVA,  
Dewan, Korea State.

No. 4-CD (1)/46

GOVERNMENT OF INDIA

DEPARTMENT OF INDUSTRIES AND SUPPLIES

New Delhi, the 9th January 1946.

## NOTIFICATION

No. 19.—In exercise of the powers conferred by Clause 4 of the Colliery Control Order, 1945, and in supersession of the notification of the Government of India in the Department of Supply, No. 953, dated the 14th July 1944, as subsequently amended, the Central Government is pleased to fix as follows the prices at which coal may be sold by colliery owners:—

I. Collieries in Bengal and Bihar.

(a) Coal.—

| Grade of coal    | Price                            |       |                                    |       |
|------------------|----------------------------------|-------|------------------------------------|-------|
|                  | Run-of-mine, Dust Coal and Slack |       | Steam Coal, Rubble and Smithy Nuts |       |
|                  | Rs.                              | A. P. | Rs.                                | A. P. |
| Selected Grade A | 12                               | 5 0   | 13                                 | 5 0   |
| Selected Grade B | 11                               | 5 0   | 12                                 | 5 0   |
| Grade I          | 10                               | 7 0   | 11                                 | 7 0   |
| Grade II         | 10                               | 1 0   | 11                                 | 1 0   |
| Grade III-A      | 9                                | 11 0  | 10                                 | 11 0  |
| Grade III-B      | 9                                | 5 0   | 10                                 | 5 0   |

NOTE 1.—For the purposes of the above table the grade of any coal will be determined as follows:—

Coal from Seams of the Raniganj Series.

If the ash and moisture content thereof—

- (i) does not exceed 17·5 per cent . . . . . Selected Grade A.
- (ii) exceeds 17·5 per cent; but does not exceed 19 per cent. . . . . Selected Grade B.
- (iii) exceeds 19 per cent; but does not exceed 24 per cent. . . . . Grade I.

Coal from any other Seams.

If the ash content thereof—

- (i) does not exceed 15 per cent. . . . . Selected Grade A.
- (ii) exceeds 15 per cent but does not exceed 17 per cent. . . . . Selected Grade B.
- (iii) exceeds 17 per cent; but does not exceed 20 per cent . . . . . Grade I.
- (iv) exceeds 20 per cent; but does not exceed 24 per cent . . . . . Grade II.
- (v) exceeds 24 per cent; but does not exceed 28 per cent . . . . . Grade III-A.
- (vi) exceeds 28 per cent; but does not exceed 35 per cent . . . . . Grade III-B.

Mineral having an ash content in excess of 35 per cent, shall not be vendible as coal.

NOTE 2.—The price at which all coal produced in the Bagrakote Colliery may be sold shall be Rs. 30 per ton f. o. r. Bagrakote.

(b) Coke—

| Grade of Coke                                                                                                                        | Price                               |    |     |
|--------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------|----|-----|
|                                                                                                                                      | Rs.                                 | A. | P.  |
| Soft Coke—not exceeding 45 per cent ash content                                                                                      |                                     |    |     |
| Hard Coke—from Bye-product, Beehive and country ovens,<br>and from Kulti Coke Ovens of Messrs. Indian<br>Iron and Steel Company Ltd. | } Large Rubble or<br>Smithy over ½" | 17 | 0 0 |
| (i) if the ash content exceeds 24 per cent but does not exceed 30 per cent                                                           |                                     | 24 | 0 0 |
| (ii) If the ash content does not exceed 24 per cent                                                                                  |                                     | 30 | 0 0 |
| Coke Breeze                                                                                                                          | Under ½"                            | 4  | 0 0 |

NOTE (i).—The prices given under (a) and (b) are for delivery free on rail at, or at the loading point nearest to the colliery, or free on tramway at the colliery, or free on road vehicle at the colliery.

(ii) The prices do not apply to retail sales of less than one ton on any on day for delivery by road.

## II. Collieries in Baluchistan.

| Area in which colliery situated | Lease holder of colliery | No. of Lease | Price for  |            | Station at which prices apply |
|---------------------------------|--------------------------|--------------|------------|------------|-------------------------------|
|                                 |                          |              | Slack coal | Large coal |                               |
| 1                               | 2                        | 3            | 4          | 5          | 6                             |
|                                 |                          |              | Rs.        | A. P.      | Rs. A. P.                     |
| Quetta                          | R. S. Tikamdas           | 58           | 29 12 0    | ..         | Quetta.                       |
| Do.                             | Do.                      | 59           | 29 12 0    | ..         | Ditto.                        |
| Do.                             | Do.                      | 126          | 29 12 0    | ..         | Ditto.                        |
| Do.                             | Mr. Sorabji              | 128          | 29 12 0    | ..         | Ditto.                        |
| Do.                             | Mr. Wilayat Hussain      | 73           | 29 12 0    | ..         | Ditto.                        |
| Do.                             | Do.                      | 77           | 29 12 0    | ..         | Ditto.                        |
| Do.                             | Do.                      | 92           | 29 12 0    | ..         | Ditto.                        |
| Do.                             | Do.                      | 98           | 29 12 0    | ..         | Ditto.                        |
| Mach.                           | All leases               | ..           | 24 8 0     | 26 8 0     | Mach.                         |
| Sharigh                         | R. S. Tikamdas           | 61           | 18 4 0     | 20 4 0     | Sharigh                       |
| Do.                             | Do.                      | 56           | 19 4 0     | 21 4 0     | Ditto.                        |
| Do.                             | Do.                      | 103          | 24 4 0     | 26 4 0     | Ditto.                        |
| Do.                             | Do.                      | 154          | 18 12 0    | 20 12 0    | Ditto.                        |
| Do.                             | Mr. Nanak Chand Chooni   | 116          | 20 4 0     | 22 4 0     | Ditto.                        |
| Do.                             | Do.                      | 145          | 17 12 0    | 19 12 0    | Ditto.                        |

| 23. M/s. The Hirdagarh Collieries, Ltd., Hirdagarh Colliery                                                                    |                                  |                                    |
| 24. Any other colliery                                                                                                         | 10 1 0                           | 11 1 0                             |

NOTE.—(i) The prices given above are for delivery free on rail at, or at the loading point nearest to the colliery, or free on road vehicle at the colliery and are inclusive of all tramway charges.

(ii) The prices do not apply to retail sales of less than one ton on any one day for delivery by road.

## V. Collieries in Assam.

| Name of colliery                                                 | Grade of coal or coke | Price |       |
|------------------------------------------------------------------|-----------------------|-------|-------|
|                                                                  |                       | Rs.   | A. P. |
| The Assam Railways and Trading Co. Ltd.'s Margherita Collieries. | Run-of-mine           | 20    | 0 0   |
|                                                                  | Dust Coal             | 20    | 0 0   |
|                                                                  | Hand picked coal      | 30    | 0 0   |
|                                                                  | Hard coke             | 75    | 0 0   |

| Name of Colliery                                                               | Grade of Coal or Coke | Price  |
|--------------------------------------------------------------------------------|-----------------------|--------|
| Nazira Coal Co. Ltd's Borgen Colliery                                          | Run-of-mine           | 30 0 0 |
| Dilli Colliery Company's Dilli Colliery                                        | Run-of-mine           | 35 0 0 |
| Cherra-Chattack Ropeway Co.'s Cherapunji Colliery                              | Run-of-mine           | 22 0 0 |
| Messrs. A. K. Bhattacharjya & Md. Haniff Ltd.'s Dogring Colliery (Garo Hills). | Run-of-mine           | 21 0 0 |
| Messrs. Assam Bengal Cement Coy.'s Bershora Colliery                           | Run-of-mine           | 25 0 0 |

NOTE.—The prices given above are for delivery free on rail at the colliery, except that the price in the case of the Dilli Colliery Company's coal is free on road vehicles at the colliery and the price in the case of the Cherra-Chattack Ropeway Company's coal is free on ropeway at the colliery. The price in case of Dogring Colliery (Garo Hills) is for delivery ex-stocks at Rangrisah Ghat. The price in case of Bershora colliery is ex-Bershora Ghat.

Explanations. (i) The prices given in the above tables are—

(a) per ton of 2,240 lbs.;

(b) exclusive of Stowing Excise duty, Rescue Station Excise duty, Soft Coke Cess Excise duty, and any other additional Excise duty, cess or impost which the Central Government may hereafter declare to be payable by consumers of coal, but are inclusive of all other cesses or imports; and

(c) exclusive of middleman's commission.

(ii) When delivery is free on rail, the weight charged for shall be the weight ascertained at a railway weighbridge, and when delivery is free on tramway or road vehicle the weight shall be ascertained in such manner as may be prescribed by the Coal Commissioner.

C. L. COATES,

Deputy Secretary to the Government of India.

| Grade IIIA       | 13                               | 3 0   | 14                              | 3 0   |
| Grade IIIB       | 12                               | 13 0  | 13                              | 13 0  |

P. R. NAYAK,

Deputy Secretary to the Government of India.

+PSOs of the Naval and Air Headquarters of Commodore and Air Commodore ranks.

NOTE.—Raj Pramukhs of Saurashtra, Matsya, Vindhya Pradesh, Rajasthan, Madhya Bharat and Patiala and East Punjab States Union and Rulers of Indian States enjoying a salute of 17 guns and over, should be treated for the purpose of precedence on the same footing as Governors of Provinces.

The other Princes should be fitted into suitable places in the Warrant of Precedence in accordance with their importance and status.

\*The Officer holding the post of Secretary to the Governor-General should be graded with Secretaries to the Government of India provided he has been Secretary to the Government of India before being appointed to the Governor-General's Staff.

+Should a PSO hold the rank of a Lieutenant-General, his seniority in the Warrant of Precedence will continue to remain the same as laid down for "Officers of the rank of Lieutenant-General or equivalent rank" in article 16 of the Warrant of Precedence.

H. V. P. JENGAR, Secy

#### SCHOLARSHIPS TO EAST PUNJAB SCHEDULED CASTES STUDENTS

\*1454. Prof. Yashwant Rai: Will the Honourable Minister of Education be pleased to state:

(a) whether it is a fact that the Scheduled Caste Scholarship Board awards scholarship to Harijan students in India;

(b) whether it is a fact that no applications have been entertained this year from the East Punjab, because they were late and not in time;

(c) whether Government are aware that the results were declared very late by the East Punjab University due to partition troubles; and

(d) if so, whether Government propose to consider the desirability of awarding the scholarships to the students?

آنریبل مولانا ابوالکلام آزاد : (a) کا جواب ہاں ہے :

(b) نہیں ایسٹ پمبھاب کے بہت سے امیدواروں کی درخواستیں وقت پر مل گئیں۔ ان میں سے ۶۳ امیدواروں کو اس برس کے لئے چلنا گیا۔

(c) ہاں۔

(d) جو درخواستیں مانگی جاتی ہیں ان کے دو پارت ہوتے ہیں۔ پہلے پارت کا تعلق صرف اس بات سے ہوتا ہے کہ شیدیولڈ کاسٹ ہونے کا سرٹیفیکیٹ بھیج دیا جائے اور یہ بات بتلائی جائے کہ امیدوار کی پچھائی تعلیم کی کیا حالت ہے۔ دوسرے پارت کا تعلق یونیورسٹی کے امتحان کے ساتھ ہے۔ کہ یہ بات بتلائی جائے کہ امیدوار امتحان میں شریک ہوا اور اس طرح کا نتیجہ نکلا۔ درخواست کے لئے جو تاریخ تھہرائی جاتی ہے اس کا تعلق صرف پہلے پارت سے ہوتا ہے اور دوسرے سے نہیں ہوتا ہے۔ دوسرے پارت کے لئے کوئی تاریخ نہیں تھہرائی جاتی ہے۔ صرف یہ ہدایت کی جاتی ہے کہ جو امتحان کا نتیجہ نکلے وہ تین ہفتے کے اندر پارت دو کے ماتحت بھیج دیا جائے۔

معاملہ کی صورت پر غور کرنے کے بعد آنریبل ممبر تسلیم کریں گے کہ یونیورسٹی کے امتحان کا نتیجہ پہلے نکلے یا دیر سے نکلے اس کا کوئی لگاؤ امیدوار کے درخواست کے پہلے پارت سے نہیں ہے۔ اور اس سے درخواست بھیجنے میں کوئی رکاوٹ نہیں ہوتی۔ ایسے حالات میں گورنمنٹ کے لئے ضروری نہیں ہے کہ وہ تھہرائی ہوئی تاریخ کے بعد کی درخواستوں پر غور کرنے کی ضرورت سمجھے اور اس کے لئے دوسری تاریخ تھہرائے۔ جو درخواستیں تھہرائی ہوئی تاریخ کے اندر منسٹری کو مل گئیں وہ دوسری پرائنٹوں کی درخواستوں کے ساتھ سائیکشن بورڈ کو بھیج دی گئیں۔

The Honourable Maulana Abul Kalam Azad: (a) Yes.

(b) No. Applications from most of the candidates from the East Punjab were received in time and 63 of them were selected for scholarships this year.

(c) Yes.

(d) The last date fixed for receipt of applications refers only to part I of the application which contains evidence of a student's belonging to the Scheduled Caste community and particulars about his past academic career. The result of the last examination taken by a student is to be mentioned by him in Part II of the application. No last date is fixed for sending Part II of the application which may be sent by a student within three weeks after his examination result is announced. In view of this and of what is stated at (b) above it was not thought necessary for the Government to consider any late applications from the East Punjab.

श्री बलवन्त सिंह मेहता : क्या यह स्कलरशिप देशी रियासतों के विद्यार्थियों को भी दिये जाते हैं ?

Shri Balwant Sinha Mehta: Are these scholarships also awarded to students from Indian states?

آنریبل مولانا ابوالکلام آزاد : جو ریاستیں صوبوں میں مل گئیں ہیں وہ تو پرائنٹوں میں آجاتی ہیں۔ اور جو الگ ہیں ان کا تعلق وہاں کی گورنمنٹوں سے ہے

The Honourable Maulana Abul Kalam Azad: Those states which have merged with the Provinces, come within the Province concerned; while those which maintain their separate entity have their connection with their local Governments.

प्रो० यशवन्त राय : इस वर्ष पंजाब में कितने बर्जीफे दिये गये हैं ?

Prof. Yashwant Rai: How many scholarships have been awarded to Punjab this year?

آنریبل مولانا ابوالکلام آزاد : تریسٹھ۔

The Honourable Maulana Abul Kalam Azad: Sixty-three.

प्रो० यशवन्त राय : कितने विद्यार्थियों ने दरखास्त की थी ?

Prof. Yashwant Rai: What was the number of students who applied?

آنریبل مولانا ابوالکلام آزاد : ۱۰۵ (ایک سو پانچ)۔

The Honourable Maulana Abul Kalam Azad: 105.

#### FOREIGN-RETURNED SCHOLARS TRAINED IN PHARMACEUTICAL SCIENCE

\*1455. Prof. N. G. Ranga: (a) Will the Honourable Minister of Health be pleased to state whether Government are maintaining any register of foreign-returned scholars and researchers in pharmaceutical science and if so, how many are on their registers?

(b) If not, do Government propose to maintain such a register?

(c) What steps are being taken to employ them and utilise their expert, and specialist knowledge and training?

(d) How many of them have been absorbed in Government service?

(e) Is any effort being made to place them in private employment?

+ Answer to the question laid on the table, the questioner being absent.

GOVERNMENT OF INDIA  
MINISTRY OF INDUSTRY AND SUPPLY  
NOTIFICATION

*New Delhi, the 10th October, 1947*

No. 669.—In exercise of the powers conferred by clause 4 of the Colliery Control Order, 1945, as continued in force by section 17 of the Essential Supplies (Temporary Powers) Act, 1946 (XXIV of 1946), the Central Government is pleased to direct that the following further amendment shall be made in the notification of the Government of India in the Department of Industries and Supplies, No. 19, dated the 9th January, 1946, namely :—

In the said notification, in the table set forth in item IV "Collieries in the Central Provinces and Berar and in Orissa" shall be deleted and the following table substituted in its place, namely :—

| Name of colliery and name of proprietor                                                                                          | Price                                  |                                          |
|----------------------------------------------------------------------------------------------------------------------------------|----------------------------------------|------------------------------------------|

P. R. NAYAK,

*Deputy Secretary to the Government of India.*

GOVERNMENT OF INDIA  
MINISTRY OF INDUSTRY AND SUPPLY  
NOTIFICATION

*New Delhi, the 22nd April, 1948*

No. 112.—In exercise of the powers conferred by clause 4 of the Colliery Control Order, 1945, as continued in force by section 17 of the Essential Supplies (Temporary Powers) Act, 1946 (XXIV of 1946), the Central Government is pleased to direct that the following further amendment shall be made in the notification of the Government of India in the Department of Industries and Supplies, No. 19, dated the 9th January, 1946, namely :—

In the said notification, in the table set forth under item IV—"Collieries in the Central Provinces and Berar and in Orissa" for the existing entry against 28, the following entry shall be substituted :—

|                             |           |           |
|-----------------------------|-----------|-----------|
|                             | Rs. A. P. | Rs. A. P. |
| "28. Any Colliery in Orissa | 14 6 0    | 15 6 0"   |

P. R. NAYAK,

*Deputy Secretary to the Government of India.*

GOVERNMENT OF INDIA  
MINISTRY OF INDUSTRY AND SUPPLY  
NOTIFICATION

*New Delhi, the 31st January, 1948*

No. 30.—In exercise of the powers conferred by Section 4 of the Extra Provincial Jurisdiction Act, 1947 (XLVII of 1947) read with sub-clause (1) of clause 4 of the Korea State Colliery Control Order, 1944 and in supersession of the Korea State's notification dated the 15th November, 1947 the Central Government is pleased to fix as follows the prices per ton at which coal may be sold by colliery owners in Korea :—

|                                    |           |
|------------------------------------|-----------|
|                                    | Rs. A. P. |
| Run of Mine, Dust Coal and Slack   | 14 3 0    |
| Steam coal, Rubble and Smithy Nuts | 15 3 0    |

Note.—I. The above prices are for delivery free on rail at, or at the loading point nearest to the colliery, or free on road vehicles at the colliery.

II. The prices do not apply to retail sales of less than one ton on any one day for delivery by road.

Explanation—

I. The above prices are :—

(a) per ton of 2,240 lbs.;

(b) exclusive of stowing Excise duty, soft coke cess duty and any other Additional Excise Duty, Cess or Impost which may hereafter be declared to be payable by consumers of coal but are inclusive of all other cesses or imposts; and

(c) exclusive of Middleman's Commission.

II. When delivery is free on rail, the weight charged for shall be the weight ascertained at a railway weigh-bridge, and when delivery is free on tramway or road vehicle the weight shall be ascertained in such manner as may be prescribed by the Coal Commissioner.

P. R. NAYAK,

*Deputy Secretary to the Government of India.*

FIXATION OF PRICE OF KOREA COAL

\*646. **Shri R. L. Malviya:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether it is a fact that the Government of Korea State had increased the wages of employees in their coal mines and the selling price of coal by Rs. 3/5/- per ton?

(b) Are Government aware that this selling price of coal was increased by the State by Rs. 3/5/- per ton after consultation with the representatives of the colliery owners and one of the members of the Central Provinces Fact Finding Committee?

(c) Is it a fact that the Government of India confirmed the selling price of coal thus increased by the Korea State but after the merger of Korea State with the Central Provinces on the 18th January, 1948 the Government of India reduced this increased selling price of coal by Rs. 2/3/- per ton?

(d) If so, why were the prices so reduced?

(e) Do Government propose to re-examine the question?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) In 1947 Korea State notified increased wages and other concessions for their colliery labour having regard to increased wages and other concessions allowed at that time by Government of India to colliery workers in Bengal, Bihar, C.P. and Berar and other coalfields. That State also simultaneously notified an increase in price of Korea coals by Rs. 3/5/- per ton.

(b) No, Sir.

(c) The increased prices notified by Korea were allowed by Government of India to remain in force till a revision could be effected after an investigation into the production cost of Korea coal was completed by their Cost Accounts Officer.

(d) On an examination the prices as revised by Korea State in November, 1947 proved inordinately high. It was, therefore, found necessary to reduce the prices on the accepted basis of actual cost of production per ton plus a reasonable element for profit as was done in the case of other coal fields in India.

(e) Yes, if factual evidence is furnished by collieries to justify a revision.

RECOMMENDATIONS OF PORTS TECHNICAL COMMITTEE

\*647. **Shri Biswanath Das:** Will the Honourable Minister of Transport be pleased to state:

(a) whether the relative economics of transport by sea and by rail was investigated as recommended by the Ports (Technical) Committee;

(b) if so, whether Government propose to place their findings on the table of the House;

(c) what are the schemes of improvement of minor ports of Orissa framed by the Provincial Government and what are the criticisms of the Ports Technical Committee on such schemes as per Recommendation number 13 at page 40 of their Report of 1946;

(d) the extent to which the schemes referred to in part (d) above have been put into operation; and

(e) the action taken by Government on para. 64, pages, 29 and 30, of the Report on the question of sand movement in the coast and also accumulation of silt brought down to the coast by big rivers like the Mahanady and Godawary?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) and (b). As a preliminary to the investigation of the relative economics of transport by sea and by rail, an examination is now in hand regarding the reasonableness of the freight charged on coastal shipping in respect of certain selected commodities.

(c) to (e). The improvement of minor ports is a matter for the Provincial Government and the Government of India have no information of the schemes framed by the Provincial Government. Para. 73 of the Ports (Technical) Committee Report mentioned a scheme of the Orissa Government for the improvement of the Port of Chandbali only near Cuttack. The Ports (Technical) Committee was of the view that the Port cannot be developed except at crippling expense in view of the littoral sand drift. At the instance of the Provincial Government however the Central Waterpower, Irrigation and Navigation Commission are now examining the practicability of developing a minor port on the Dhamra River in substitution for Chandbali.

MANUFACTURE OF RADIOS

\*648. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether the Official Committee have recommended the manufacture of fifty thousand cheap and twenty thousand expensive radios?

(b) If so, what action do Government intend to take in this matter?

(c) What arrangements do Government intend to make to provide cheap radios for villages?

(d) Have Government got any scheme for popularising radio news and songs among village folks?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) The Development Committee for Radio Transmitters and Receivers Industry constituted by this Ministry has made this recommendation.

(b) and (c). The matter is under consideration.

(d) Yes, Sir. This matter is being examined by the Information and Broadcasting Ministry.

ASSAM RAIL LINK IN JALPAIGURI DISTRICT

\*649. **Shri Upendranath Barman:** Will the Honourable Minister of Railways be pleased to state whether the Assam Railway link will pass through a good part of the tea planted area in the District of Jalpaiguri?

**The Honourable Shri N. Gopalaswami Ayyangar:** Out of forty-five miles length of the Assam Rail Link Project lying in the District of Jalpaiguri, less than three miles will lie in the tea planted area.

DISPARITY IN PRICES OF GRAM IN ROHTAK AND DELHI

\*650. { **Ch. Ranbir Singh:**  
          **Giani Gurmukh Singh Musafir:**

(a) Will the Honourable Minister of Food be pleased to state whether Government are aware that gram is being sold in Rohtak Mandi at Rs. 8/- a maund?

(b) Are Government also aware that in Delhi gram is being sold to the consumer at Rs. 14/- per maund?

(c) If the replies to parts (a) and (b) above be in the affirmative, what step do Government propose to take to do away with the disparity of the level of the prices of gram at various places?

**The Honourable Shri Jairamdas Doulatram:** (a) and (b). Yes, there is disparity in the prevailing market prices of gram in Rohtak and Delhi.

(c) Gram now forms part of cereal ration in Delhi and is issued at Rs. 10/8/- per maund retail. In non-rationed areas also supply of gram is being made through relief quota shops. It has been decided to ban free trading of all rationed grains including gram, as also its import into Delhi. These measures, it is hoped, will bring down the prices of gram in Delhi.

#### REDUCTION OF EXCISE DUTY ON POWER ALCOHOL

\*651. **Seth Govind Das:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether it is a fact that the Government of India are considering a proposal for the reduction of excise duty on power alcohol or the grant of a subsidy to the industry?

(b) Is it a fact that Government are contemplating to enforce compulsory admixture of power alcohol in suitable areas in the country?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) With a view to developing the power alcohol industry, Government are examining the necessity of granting relief, if any required to this industry. As a preliminary, they deputed a Cost Accounts Officer to investigate into the cost of production of power alcohol in U.P. distilleries. He has submitted a report which is under examination.

(b) Yes.

#### UNSTARRED QUESTION AND ANSWER

##### PAY SCALES OF EMPLOYEES OF SHAHDARA-SAHARANPUR LIGHT RAILWAY

36. **Lala Achint Ram:** Will the Honourable Minister of Railways be pleased to place on the table of the House a statement showing the current salary grades of different categories of employees in Traffic, Engineering, Loco, Medical and Carriage Departments of the Shahdara-Saharanpur Railway and the corresponding grades on State Railways?

**The Honourable Shri K. Santhanam:** The Railway Ministry have no information regarding the scales of pay of staff of the Saharanpur Shahdara Light Railway as that Railway is owned and managed by a Private Company.

#### SHORT NOTICE QUESTION AND ANSWER

##### REPORTED STATEMENT BY PRIME MINISTER ON 'WHITE AUSTRALIA' POLICY

**Shri H. V. Kamath:** Will the Honourable the Prime Minister be pleased to state:

(a) whether the attention of Government has been drawn to a Press Trust of India—Reuter report appearing in the *Hindustan Times*, dated the 10th February, 1949 (Page 1, Column 4), to the effect that "in the view of Dr. Evatt, External Affairs Minister of Australia, the Prime Minister of India supported the 'White Australia' policy"; and

(b) if so, how far is it correct?

**The Honourable Shri Jawaharlal Nehru:** (a) Yes.

(b) It is not quite clear what Dr. Evatt meant by the report attributed to him. Presumably this is based on some newspaper report which appeared in Australia. In the course of an interview with an Australian newspaper correspondent some time ago I stated that I could understand an emigration policy based on economic considerations with a view to maintain certain standards and ways of living but that I thought a racial policy was wrong and to be deprecated.

**Shri H. V. Kamath:** Was this matter of the "White Australia" policy discussed or raised at the Commonwealth Prime Ministers Conference held in October last and did India make a suggestion to the effect that Australia should abandon the policy before she agreed not to quit the Commonwealth?

**The Honourable Shri Jawaharlal Nehru:** No, Sir; the subject was not raised at all.

**Shri H. V. Kamath:** Have there been any diplomatic exchanges between India and Australia before or after Dr. Evatt's statement was made on this subject?

**The Honourable Shri Jawaharlal Nehru:** We enquired into this matter and we found that Dr. Evatt expressed to our representative that he regretted that he has not been quite understood.

**Shri H. V. Kamath:** How long, Sir, does India propose to remain in the Commonwealth along with member States like Australia and South Africa dominated by this neo-imperialist and megalomania and racist balderdash?

**Mr. Deputy Speaker:** That question does not arise.

60350

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE)

DEBATES

(PART I—QUESTIONS AND ANSWERS)

Thursday, the 24th February, 1949.

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock, Mr. Deputy Speaker (Shri M. Ananthasayanam Ayyangar) in the Chair.

STARRED QUESTIONS AND ANSWERS

ORAL ANSWERS

DEDUCTION OF SUBSCRIPTIONS TO TRADE UNIONS DIRECTLY FROM SALARIES OF EMPLOYEES

\*652. **Shri R. K. Sidhva:** Will the Honourable Minister of Labour be pleased to state the names of companies, corporations and concerns which deduct subscriptions to the Unions registered and recognised under the Trade Union Act directly from the salaries of the employees and pass the amounts on to the Union authorities?

**The Honourable Shri Jagjivan Ram:** We have no information. Under the Payment of Wages Act the employers cannot deduct such subscriptions from the wages of the employees.

**Shri R. K. Sidhva:** May I know if such a system prevails in the Labour Unions in England?

**The Honourable Shri Jagjivan Ram:** I doubt very much.

**Shri R. K. Sidhva:** Are the Government opposed to the subscriptions being deducted from the salaries of the members of the Unions?

**The Honourable Shri Jagjivan Ram:** Vehemently.

MIGRATION OF NON-MUSLIMS FROM SIND

\*653. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Relief and Rehabilitation be pleased to state the number of non-Muslims still remaining in Sind and whether they desire to come to India?

(b) What arrangement has been made for their transport to India?

(c) At what places are they mostly living?

(d) How many refugees have migrated during the year 1948?

(e) What is the transport facility existing at present for their migration?

**The Honourable Shri Mohan Lal Saksena:** (a) to (e). There are about 2.5 lakh non-Muslims still remaining in Sind, mostly in the Upper Sind, Hyderabad and Tharparkar districts. It is understood that a substantial proportion of them desire to evacuate to India. Evacuation is at present possible only by sea and arrangements are made from time to time for the necessary shipping to carry the displaced persons from Karachi to Indian ports. I may inform the

House that the Government of India have decided not to use the word 'refugees' and in its place to use the words 'displaced persons' or *Sharanarthi*.

(d) About seven Lakhs.

(e) Normal railway transport to reach Karachi from where they are evacuated to India by sea.

**Shri R. K. Sidhva:** May I know whether representation has been made by these displaced persons that they would like to go to Cutch from the Mirpur side, which the Honourable Minister has referred to and required certain arrangements to be made, and may I know whether the Government contemplate considering this question favourably?

**The Honourable Shri Mohan Lal Saksena:** As a matter of fact, the Government have been considering this question. Because of the water famine, it is not possible and it is not thought desirable to evacuate them to Cutch.

**Shri H. V. Kamath:** Is it a fact that many of them are desirous of leaving Pakistan for India and the Pakistan Government is standing in their way and they are being kept there under duress more or less?

**The Honourable Shri Mohan Lal Saksena:** It is not correct to say so. Most of them, who want to evacuate, own cattle. The Pakistan Government has prohibited cattle being taken out, and that may act as a force standing in their way. That is the only consideration. There is no other law by which they are prohibited.

**Shri R. K. Sidhva:** If they migrate, will their cattle which is their only wealth be allowed to be taken?

**The Honourable Shri Mohan Lal Saksena:** As a matter of fact, under the present conditions, the Pakistan Government is prohibiting the export of any cattle.

**Shri Ajit Prasad Jain:** May I know whether the Hindus remaining in Sind are of the poorest section of society, mostly Harijans, who deserve much larger assistance than what is being provided by the Government of India?

**The Honourable Shri Mohan Lal Saksena:** It is true most of these persons are Harijans. It is not correct to say that they want to come out and they are not given assistance. If they want to come out without the cattle, they can be taken out.

**Shri Raj Bahadur:** Is it a fact that a large number of Hindus left behind in Sind are being forcibly converted to Islam?

**The Honourable Shri Mohan Lal Saksena:** It is not so. My submission is that about 400 persons have been converted and from enquiries made, I think, that is the normal conversion.

**Shri H. V. Kamath:** How many of them?

**The Honourable Shri Mohan Lal Saksena:** 453.

**Sardar Hukam Singh:** We have been told that the Pakistan Government is prohibiting the Hindus remaining in Sind from taking out their cattle. May I know what is the policy of our Government regarding this: whether our Government will allow Muslims to take away their cattle?

**The Honourable Shri Mohan Lal Saksena:** No muslims are going out with their cattle.

**Shri H. V. Kamath:** How many of the two and a half lakhs are urban people and how many rural?

**The Honourable Shri Mohan Lal Saksena:** About one lakh are urban and about one and a half rural.

**Sardar Hukam Singh:** My question has not been answered. I enquired what was the policy of our Government if the Muslims wanted to go to Pakistan with their cattle.

**The Honourable Shri Mohan Lal Saksena:** Is it not a hypothetical question, Sir?

**Mr. Deputy Speaker:** That is a hypothetical question.

**Shri R. K. Sidhva:** What is the intention of our Government, as the Government of Pakistan is not making it convenient for them to bring their cattle?

**The Honourable Shri Mohan Lal Saksena:** As a matter of fact, we can negotiate with the Pakistan Government. Their contention is this: a large number of cattle have been slaughtered and therefore on account of shortage of cattle, they are not allowing cattle to be taken out.

**Shri Kishorimohan Tripathi:** Were the 453 persons converted by force?

**The Honourable Shri Mohan Lal Saksena:** I have no information.

**Babu Ramnarayan Singh:** With regard to this matter of conversion, will the Honourable Minister enquire what was the reason, what was the occasion of this conversion at this moment.

**The Honourable Shri Mohan Lal Saksena:** As a matter of fact, it is not possible to make enquiries like that. But we gather from the reports and we have been informed by the High Commissioner there, that in a large number of cases, the conversion has not been forcible.

**Seth Govind Das:** Has our High Commissioner there got some figures of the conversion before partition and after partition? The Honourable Minister said that it is normal conversion. How do we know that that is normal conversion?

**The Honourable Shri Mohan Lal Saksena:** That is an impression.

**Shri Raj Bahadur:** Is it a fact that directly or indirectly restrictions are placed on Hindus in the practice and profession of their religion?

**Mr. Deputy Speaker:** That does not arise from this question. Next question.

#### ANNUAL MEETINGS OF CENTRAL BOARD OF IRRIGATION

\*654. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Works, Mines and Power be pleased to state whether the annual meeting of the Central Board of Irrigation was held at Delhi in 1947 and also in 1948?

(b) What were the proposals discussed in the 1947 conference and how many of them were executed?

(c) Are these conferences of engineers from all over India convened only to exchange views on various irrigation problems or for specific purposes?

(d) What is the cumulative result of such meetings?

**The Honourable Shri N. V. Gadgil:** (a) Yes.

(b) and (c). The Central Board of Irrigation is not entrusted with the execution of works. The Board comprises Chief Engineers Irrigation and Hydro-electric from all over India and they meet once a year to discuss the results of research carried out in the Central and Provincial Irrigation Research Stations and other developments in technique that have taken place during the year. They also lay down the research programme for the following year. The recommendations of the Board are purely advisory.

(d) The cumulative result of these meetings has been the extensive development in India of research connected with irrigation and river control problems and a general development in the technique connected with irrigation.

engineering. The personal contacts established by these meetings which have been a regular feature for the last nineteen years have brought together irrigation engineers from different parts of the country and it is often that problems that arise in one part of the country are solved as a result of the experience already gained on similar problems in other parts of the country.

**Shri R. K. Sidhva:** May I know whether the Central Board of Irrigation has recommended that factories be set up for the manufacture of power plants in India, so that their production may be stepped up by not later than 1951? If that is so, what steps have been taken and whether the target of 1951 will be fulfilled?

**The Honourable Shri N. V. Gadgil:** That is one of the recommendations which is being considered.

**Shri R. K. Sidhva:** The point is whether the target will be borne in mind. I want to know whether by 1951 it will be completed.

**The Honourable Shri N. V. Gadgil:** It will be borne in mind; but whether it will be possible is another question.

**Shri R. K. Sidhva:** I want to know whether the Government consider this a serious matter and whether the Government have taken any steps. That is the question.

**The Honourable Shri N. V. Gadgil:** I have already replied: The Government is considering.

**Shri R. K. Sidhva:** With what results? When the Government themselves consider the position serious, I want to know what steps have been taken, when this recommendation was made last year.

**Mr. Deputy Speaker:** The Honourable Minister has already said that all possible steps are being taken. Next question.

#### INDIAN NATIONALS IN WAR ZONE IN CHINA

\*655. **Shri R. K. Sidhva:** (a) Will the Honourable the Prime Minister be pleased to state the number of Indian nationals in the fighting area in China?

(b) How many are in Shanghai, Hongkong, Nanking and Canton?

(c) Are our nationals affected in any way on account of the war in China?

(d) Have Government made sufficient arrangements for their safety and evacuation, if necessary, in the event of emergency?

(e) If so, what are the details of the arrangements made?

**Dr. B. V. Keskar** (Deputy Minister for External Affairs and Commonwealth Relations): (a) The number of Indian Nationals in areas where there have been fighting are as follows:

|     |          |       |
|-----|----------|-------|
|     | Peiping  | 18    |
|     | Tientsin | 42    |
|     | Tsingtao | 53    |
| (b) | Shanghai | 562   |
|     | Hongkong | 2,500 |
|     | Nanking  | 98    |
|     | Canton   | 12    |

(c) Our nationals have not suffered any special disabilities but inevitably some of the consequences of the war affect them also.

(d) and (e). The question was answered by the Prime Minister on the 8th of this month in reply to a short notice question by Shri H. V. Kamath.

**Shri H. V. Kamath:** Have any Indians lost their lives in these riots and disturbances that have swept over large tracts of China recently?

**Dr. B. V. Keskar:** Not to our knowledge.

#### METAL DEPOSITS IN STATES

\*656. **Seth Govind Das:** (a) Will the Honourable Minister of Works, Mines and Power be pleased to state whether the attention of Government has been drawn to a letter to the Editor in the *Hindustan Times* dated 6th December, 1948 regarding precious and rare metal deposits in various states?

(b) If so, what is the information of the Geological Department on such deposits?

(c) Do Government propose to instruct the Geological Department to conduct inquiries and undertake a preliminary survey of such States?

**The Honourable Shri N. V. Gadgil:** (a) Yes.

(b) A list of the published and unpublished reports of the Geological Survey of India containing the geological information on the deposits referred to is laid on the table.

(c) The Geological Survey of India is conducting investigations systematically all over India, including the States referred to in the letter. In the current Field Programme (1948-49), the Department is taking up the following investigations in the States referred to:

(i) Daribo Copper Mines. Alwar.

(ii) Investigation of Limestone deposits in Kotah State (and in Jhalawar State) for cement making.

(iii) Investigations for oil, limestone and salt in Kangra District, Mandi and Suket States.

(iv) Examination of lead-zinc-silver mines at Zawar, Udaipur State.

**Seth Govind Das:** Are Government aware that as far as Vindhya Pradesh is concerned, and as far as Bastar State is concerned which has just been merged in the Central Provinces, there are big deposits, and that in Bastar State there are oil deposits too? Are Government making any particular efforts to have investigations made in Vindhya Pradesh and Bastar State?

**The Honourable Shri N. V. Gadgil:** So far as these areas are concerned, they will be taken up for investigation in due course.

**Seth Govind Das:** When will be the "due course" because the Honourable Minister has just given information about certain States which are now under investigation? When will these particular areas be taken in hand?

**The Honourable Shri N. V. Gadgil:** I cannot say just now. It may be possible within a period of five years.

**Shri H. V. Kamath:** Is it a fact that in some of these States the Rulers, before accession, merger or integration, converted some of these precious and rare metal deposits into private property?

**The Honourable Shri N. V. Gadgil:** I require notice of that.

**Shri R. K. Sidhva:** What is the number of Geologists in the Government of India?

**The Honourable Shri N. V. Gadgil:** There are 120.

**Shri Raj Bahadur:** Is the Honourable Minister aware that substantial deposits of mica and copper ore are obtainable in Bharatpur State?

**The Honourable Shri N. V. Gadgil:** It may be so. I cannot say.

**Shri R. K. Sidhva:** Would Government consider this number of 120 sufficient for survey purposes?

**The Honourable Shri N. V. Gadgil:** As a matter of fact an extension programme has been put up before the Government and it is being considered.

#### ENFORCEMENT OF PROVISIONS OF ELECTRICITY SUPPLY ACT.

†\*657. **Shri V. O. Kesava Rao:** (a) Will the Honourable Minister of Works, Mines and Power be pleased to state what action Government have taken to enforce the provisions of the Electricity Supply Act, 1948?

(b) What progress has been made by the Provincial Governments in the regulation of rates and acquisition of power houses?

† Answer to this question laid on the table, the questioner being absent.

**The Honourable Shri N. V. Gadgil:** (a) In October 1948, the Provincial Governments were requested to take immediate action to implement the provisions of sections 1, 3, 4, 57, 58 and 77, the VI Schedule and the Table appended to the VII Schedule of the Electricity (Supply) Act, 1948, which came into force from 10th September 1948. In addition, the Government of India are actively considering the question of the constitution of the Central Electricity Authority under section 3 of the Act.

(b) The financial provisions of the Electricity (Supply) Act, 1948, which govern private undertakings, come into force only from the commencement of the accounting year of the Licensee following the passing of the Act. Consequently, Provincial Governments will not be in a position to take steps to regulate the rates of private undertakings till a period of one year is over following the application of the Act.

The Act does not empower Provincial Governments to acquire Power Houses except under certain conditions.

#### NATIONAL MEMORIAL TO MAHATMA GANDHI AT RAJGHAT

\*658. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Works, Mines and Power be pleased to state whether Government of India have taken any decision to erect a suitable National Memorial to Mahatma Gandhi, Father of the Nation, at Rajghat, the place where his remains were cremated?

(b) If so, has any scheme been evolved, and if not do Government propose to consider the advisability of taking suitable action in the matter?

**The Honourable Shri N. V. Gadgil:** (a) Yes. It has been decided to lay out a park and erect a memorial on the site at Rajghat where Mahatma Gandhi's body was cremated.

(b) Government have recently sanctioned a scheme costing Rs. 4,55,000 for protecting an area of about 12 acres at Rajghat against inundation by means of bunds. The area so enclosed will be raised by 3' by earth filling. Two terraces will be made inside the plot by raising the central 2 acres by another 4' and the inner-most 1/5th acre by a further 3'. The terraces so formed will be grassed and hedges and shrubs grown around them. Flowers and trees will also be planted. The platform for the Samadhi will be surfaced with marble with a railing all round and 20' away from it. Water supply and staff quarters will also be provided.

The form of the memorial itself has not yet been decided.

**Seth Govind Das:** Have the Government received various designs of the memorial and has any of them been approved so far?

**The Honourable Shri N. V. Gadgil:** Various designs are still with the Government of India and invitations will be issued for many more designs.

**Seth Govind Das:** By what time is it expected that this work will begin?

**The Honourable Shri N. V. Gadgil:** It will take some time. I cannot give any idea because we want to have the best possible memorial. Naturally it will entail some time.

**Shri L. Krishnaswami Bharathi:** What will be the estimated cost of raising the area so enclosed by 3' by earth filling?

**The Honourable Shri N. V. Gadgil:** I have already said Rs. 4,55,000.

**Shri H. V. Kamath:** In view of the fact that Mahatma Gandhi devoted his whole life to the service of *Dandya Narayan*, will this national park be

open to the poorest, the lowliest and the lost, freely, and without let or hindrance?

**The Honourable Shri N. V. Gadgil:** Obviously!

**The Honourable Shri Jawaharlal Nehru:** May I say a word or two about this matter of the memorial at Rajghat? Some of us are of the opinion that it would be far more fitting that this memorial should be as little of a memorial as possible—of the usual type of memorials. What I mean is that it should retain the simplicity and ruggedness that exists there today, and not be converted into a pleasure garden with marble and the rest of it. What exactly the final form should be is a matter for very careful consideration. But there is that to be considered; whether it should retain its present form subject to certain changes or whether we should put up something ornate. For my part I am entirely against ornateness.

**Seth Govind Das:** Are Government considering putting the kind of exhibition which is now being shown as the Gandhi Mandap Exhibition on a permanent basis?

**The Honourable Shri Jawaharlal Nehru:** As regards a real exhibition of all things pertaining to Gandhiji, I suppose the Gandhi Memorial Fund will consider that matter. It may have to be a big exhibition but our little experience of the present small exhibition has led us to certain conclusions. First of all, that the way this exhibition has been organised—I mean to say the structure that has been built and the internal organisation—has been so good and so much in keeping with, if I may say so, Gandhiji's own idea on the subject, that we should like to give some permanent habitation to it. We cannot keep this present structure there, partly because it is on low-lying ground and partly because it is not strong enough to resist rain and tempests, etc. It was built hurriedly. It is a very beautiful structure but it is very weak and cannot withstand any strong winds. So the idea is that that structure should be removed to a place just across the road not far from it on the higher ground, and erected in a more permanent way, but having the same external appearance as it has got now, but more permanent.

**Shri H. V. Kamath:** In view of the educative and edifying value of the Gandhi Mandap Exhibition, is it proposed to make it a moving one and take it around the country?

#### EFFORTS BY HIGH COMMISSIONER FOR INDIA IN LONDON FOR SECURING LODGING FOR INDIAN STUDENTS

\*659. **Pandit Mukut Bihari Lal Bhargava:** Will the Honourable the Prime Minister be pleased to state what has been or is being done by the High Commissioner for India in London, to get lodging for Indian students in boarding houses and hostels?

**Dr. B. V. Keskar** (Deputy Minister for External Affairs and Commonwealth Relations): The High Commissioner for India in London affords every possible assistance in arranging accommodation for Indian students in the United Kingdom. A Welfare Officer has been specially appointed in his office for this purpose. Hostels have been started for Indian students in London and Edinburgh and it is proposed to establish another hostel in London to serve as a Reception and Transit Camp. A hostel for Indian women students has also been taken over on lease.

**Shri H. V. Kamath:** Have any instances come recently to the notice of Government where Indian students have been refused admission into British boarding houses by landladies there?

**Dr. B. V. Keskar:** I am not aware of any.

**Mr. Frank Anthony:** Are there any cases of students going abroad for further studies without having secured reservations in institutions and colleges?

**Dr. B. V. Keskar:** Yes, there have been many such cases and probably this is one of the reasons why we have to cope with these difficulties and there are complaints that students do not receive admission. Generally it happens that students go without making prior arrangements or writing to the High Commissioner's Office and afterwards they complain that they have not got admission in the institution they wanted to join.

**Shri H. V. Kamath:** Is not the Minister aware of any homes which are open to Whites and closed to coloured peoples?

**Mr. Deputy Speaker:** It does not arise out of this question.

**Shri H. V. Kamath:** It does in connection with boarding houses.

**Shri Ajit Prasad Jain:** May I know whether there are any Indian students in London without any accommodation or with inadequate accommodation and if so, what is their number?

**Dr. B. V. Keskar:** London at present is a very crowded place and it is possible that not only Indian students but other Indians also like the British people suffer for want of accommodation.

**Pandit Hirday Nath Kunzru:** Is it a fact that when some students succeeded in gaining admission to a university or college through their own efforts, the Indian Embassy asks the institution concerned why they granted admission without previous reference to them?

**Dr. B. V. Keskar:** We do not know of any such instance. If it is brought to our notice we will look into it.

#### PROVISION FOR WORKERS' QUARTERS IN CONSTRUCTION OF NEW FACTORIES

†\*660. **Prof. N. G. Ranga:** (a) Will the Honourable Minister of Labour be pleased to state whether it is the policy of Government to insist upon the construction of workers' houses or quarters with the necessary sanitary and other public conveniences as a condition to be fulfilled simultaneously with the construction of new factories?

(b) How many new factories have been constructed and licensed since 1945?

(c) How many of them are provided with the complement of workers' quarters?

(d) What progress has so far been made in general, in the implementation of Government's policy in ensuring construction of workers' houses wherever new factories are constructed?

**The Honourable Shri Jagjivan Ram:** (a) Not at present.

(b) There is no provision in the Factories Act, 1934 for the licensing of factories but the information collected from the annual Provincial reports on the working of the Act, shows that the numbers of factories brought on the registers during the years 1945, 1946 and 1947 were 1387, 1463, and 1583 respectively.

(c) We have no information.

(d) Government are preparing a scheme for the construction of industrial housing, the details of which will be announced after they have been fully worked out.

## EVACUEE'S PROPERTY IN INDIA AND PAKISTAN

†\*661. **Shri M. Ananthasayanam Ayyangar:** (a) Will the Honourable Minister of Relief and Rehabilitation be pleased to state what is the total extent of property left by non-Muslims in Pakistan who have migrated to India?

(b) What arrangements have been made to manage that property or to dispose it of?

(c) What is the corresponding extent of property left behind by Muslims who migrated to Pakistan from India?

**The Honourable Shri Mohan Lal Saksena:** (a) The information is not available.

(b) Both the Dominions have appointed Custodians of Evacuee Property to look after the interests of evacuee owners. Evacuee Property, both movable and immovable, situated within the jurisdiction of a Custodian vests in him for the purposes of management.

At the Inter-Dominion Conference held in Karachi in January, 1949 both the Governments have agreed to: (i) allow sales and exchanges of urban immovable property belonging to evacuees, and (ii) the restoration of movable property in all cases where the property has not been requisitioned or acquired for a public purpose, or the export of which has not been banned under the general orders of the Dominion Government. For any property which is acquired or requisitioned for a public purpose, the evacuee owners are entitled to the payment of fair compensation. When export is forbidden the property has to be sold inside the Dominion concerned.

As regards Eastern Pakistan, Evacuee Property Management Boards are to be set up in Districts or areas from where a substantial exodus has taken place. These Boards will assume management of properties only on the definite request of the owners. Their functions will be of a managerial character.

(c) A statement giving the information so far received is laid on the table of the House.

## STATEMENT

*Extent of Property left behind by Muslims who have migrated to Pakistan from India*

|             |                                                                                                                                                                                         |

| Rajkot      |                                                                                                                                                                                         |

† Answer to this question laid on the table, the questioner (Mr. Deputy Speaker) being in the Chair.

## STARRED QUESTIONS AND ANSWERS

LABOUR INVESTIGATION COMMITTEE'S REPORT ON TANNING INDUSTRY  
†\*662. **Shri S. Nagappa:** (a) Will the Honourable Minister of Labour be pleased to state what is the report of the Labour Investigation Committee regarding the Tanning Industry?

(b) What are the steps taken to rectify the defects in the industry?

**The Honourable Shri Jagjivan Ram:** (a) A copy of the report is available in the Library of the House. The main defects in the tanning industry mentioned in the report are: (i) the low level of, and lack of uniformity in, basic wages and dearness allowance, and (ii) unsatisfactory working conditions, inadequacy of protective equipment and absence of welfare and medical facilities.

The defects mentioned in part (2) above are mostly confined to the small unregulated factories which were not covered by the Factories Act, 1934.

(b) Under clause (a) of sub-section (i) of section 3 of the Minimum Wages Act, 1948, the appropriate Governments are required to fix before the 15th March, 1950, minimum rates of wages in respect of employments mentioned in Part I of the Schedule which include employment in tanneries and leather goods manufactories. Appropriate wages will, therefore, be fixed by the prescribed date. Apart from these statutory measures, Government have recently set up a Tripartite Committee on Tanneries and Leather Goods Manufactories. The Committee at its first meeting held on the 10th and 11th December, 1948, recommended a uniform scale of wages, bonus and dearness allowance to workers in the organised sector of the industry until their fixation on a statutory basis under the Minimum Wages Act, 1948. These recommendations have been forwarded to the employers covered by the recommendations. The constitution of two separate Sub-Committees of the aforesaid Industrial Committee for the un-organised sector of the industry for dealing with (i) Tanneries and (ii) Leather Goods Manufactories is under consideration at present. As regards unsatisfactory working conditions the Factories Act, 1948, provides for proper standards in regard to health, safety and welfare.

## USE OF ELECTRICITY IN INDIA

†\*663. **Shri S. Nagappa:** Will the Honourable Minister of Works, Mines and Power be pleased to state what percentage of the population in India are having the benefit of electricity?

**The Honourable Shri N. V. Gadgil:** According to recent estimate the percentage of population in Indian Dominion enjoying the amenities of electric supply is about 1.4.

## ENQUIRY INTO CONDITIONS OF AGRICULTURAL LABOUR

\*664. **Shrimati Dakshayani Velayudhan:** (a) Will the Honourable Minister of Labour be pleased to state whether Government have appointed a special officer to enquire into the agricultural labour conditions in this country?

(b) Has he submitted any report?

**The Honourable Shri Jagjivan Ram:** (a) No. An officer of the Labour Ministry will be in general charge of the enquiry.

(b) The enquiry will commence within the next few months and is expected to be completed within a year.

**Shri M. Tirumala Rao:** With reference to part (a) of the question, was there any informal conference of certain individuals recently on this subject?

† Answer to this question laid on the table, the questioner being absent.

**The Honourable Shri Jagjivan Ram:** No.

**Shri Ajit Prasad Jain:** What is going to be the scope of this enquiry?

**The Honourable Shri Jagjivan Ram:** To investigate into the rates of earnings of the agricultural labourers in the villages.

**Shrimati Dakshayani Velayudhan:** Was any resolution passed at a conference held recently of the labour ministers to the effect that they will conduct an enquiry regarding agricultural labour?

**The Honourable Shri Jagjivan Ram:** The decision was made long ago and that is why we are going to have the enquiry.

**Shri B. Das:** In view of the inflation in the wages of agricultural labour, has the Honourable Minister included in the terms of reference that this enquiry should be province-wise and not as an all-India matter?

**The Honourable Shri Jagjivan Ram:** Obviously the provincial governments will be associated with the enquiry.

**Shri H. V. Kamath:** Has the number of landless agricultural labourers shown a tendency to increase or decrease during the last three years?

**The Honourable Shri Jagjivan Ram:** It is very difficult to say for the last three years but I will refer my honourable friend to the two past censuses. If he will compare the figures of the Census of 1931 with that of 1941 he will come to the inference that the number of agricultural labourers is on the increase.

**Shri Mohan Lal Gautam:** Do the Government propose to introduce any Bill to improve the conditions of the agricultural labourers?

**The Honourable Shri Jagjivan Ram:** That will be decided only after we receive the report of this enquiry.

**Dr. Mono Mohan Das:** May I know if any officer has been deputed by the Labour Minister to inquire into the question of forced labour (Begar) in India and if so, what is the name of the officer and when is he going to submit his report?

**Mr. Deputy Speaker:** How does it arise out of this question?

**Shri Mahavir Tyagi:** Is the Honourable Minister aware that these agricultural labourers who reside in the villages have no proprietary rights on their houses in which they have been living for centuries? I wanted to know if the Government is aware that these agricultural labourers have no houses of their own.

**The Honourable Shri Jagjivan Ram:** It is true that a very large percentage of them do not possess their own lands but it cannot be characterised that they do not have their own houses.

**Shri Biswanath Das:** May I know if the Honourable Minister has fixed any programme for this special officer and whether he thinks that one special officer will be able to carry on the work?

**The Honourable Shri Jagjivan Ram:** I have already replied that no special officer is going to be appointed but someone from the Ministry will be in general charge of the investigation. If I am permitted I may explain the scheme. The scheme is that in every province he will take the assistance of one or two well known persons. There will also be one supervisor, four investigators and eight deputy investigators who will investigate into the earnings or wages of the agricultural labourers in collaboration with the officers of the provincial governments.

**Shrimati Dakshayani Velayudhan:** Dr. Ambedkar had proposed the appointment of a Committee some years ago. I would like to know whether the Honourable Minister has considered about that.

**The Honourable Shri Jagjivan Ram:** I think that question may be put to Dr. Ambedkar and not to me.

**Shrimati Dakshayani Velayudhan:** Why should I ask Dr. Ambedkar when the Honourable Minister is in charge of Labour?

**The Honourable Shri Jagjivan Ram:** I have said that we are going to have an enquiry. I am not very much enamoured of a committee or commission.

**Babu Ramnarayan Singh:** When will the work of investigation begin and when is it expected to be completed?

**The Honourable Shri Jagjivan Ram:** I have already answered that question.

**Mr. Tajamul Husain:** Under the new Constitution which we are going to frame only those can become voters who reside in a house. Most of these agricultural labourers do not reside in houses. I want to know whether they can become voters.

#### INDO-JAPANESE TRADE CONTRACTS

**\*665. Seth Govind Das:** (a) Will the Honourable Minister of Commerce be pleased to state whether it is a fact that large contracts in respect of Indo-Japanese trade have been entered into already?

(b) What are the goods India is going to get from Japan?

**The Honourable Shri K. C. Neogy:** (a) Yes.

(b) I lay on the table a statement containing the requisite information.

#### STATEMENT

##### REVISED TRADE PLAN

##### Imports from Japan

|                                                                              | \$         |
|------------------------------------------------------------------------------|------------|
| (1) Raw silk . . . . .                                                       | 500,000    |
| (2) Silk manufactures . . . . .                                              | 250,000    |
| (3) Cotton manufactures—Yarn . . . . .                                       | 3,000,000  |
| Fabrics . . . . .                                                            | 2,000,000  |
| (4) Rayon manufactures—Yarn . . . . .                                        | 1,000,000  |
| Fabrics . . . . .                                                            | 250,000    |
| (5) Wool manufactures . . . . .                                              | 500,000    |
| (6) Industrial leather goods . . . . .                                       | 500,000    |
| (7) Ferro alloys . . . . .                                                   | 200,000    |
| (8) Industrial machinery and parts . . . . .                                 | 11,229,586 |
| (9) Bicycles and parts . . . . .                                             | 110,000    |
| (10) Electrical appliances and mfgs. . . . .                                 | 253,150    |
| (11) Sewing machines . . . . .                                               | 270,000    |
| (12) Instruments, surgical and scientific, apparatus and appliances. . . . . | 150,000    |
| (13) Drugs and medicines . . . . .                                           | 300,000    |
| (14) Dyes and pigments . . . . .                                             | 125,000    |
| (15) Paper and paper products . . . . .                                      | 250,000    |
| (16) Rubber manufactures . . . . .                                           | 300,000    |
| (17) Hardwood and Mfgs. (including plywood) . . . . .                        | 100,000    |
| (18) Pottery and porcelain . . . . .                                         | 100,000    |
| (19) Glass ware and glass products . . . . .                                 | 200,000    |
| (20) All other items included in the Open General Licence No. XIII . . . . . | 5,000,000  |

TOTAL . . . . . 26,587,736

**The Honourable Rajkumari Amrit Kaur:** (a) and (b). Particulars regarding Government scholars who have returned after training are maintained. Six candidates trained in Pharmaceutical Chemistry three of whom were sponsored by provincial Governments and three by the Central Government have returned after training.

(c) to (e). The Central Government have circulated to the Provincial Governments particulars regarding the three Central candidates. One of them has already found employment with a private firm in Bombay. The other two have not yet found employment but efforts on their behalf continue. Information regarding the placement of the three provincial scholars is being called for from the Provincial Governments concerned. Under the terms of their scholarship if no Government employment is found for a Government scholar within three months of his return he is at liberty to accept private employment.

#### HOUSES DESIGNED BY MR. MACPHERSON OF JODHPUR STATE

†\*1456. **Prof. N. G. Ranga:** Will the Honourable Minister of Health be pleased to state:

(a) whether the attention of Government has been drawn to the new type of houses designed by Mr. Macpherson, the former Superintending Engineer of Jodhpur State;

(b) whether it is a fact that these houses are built mostly of local materials such as bamboos, chunam and earth;

(c) whether it is a fact that its cost is not more than Rs. 1,500 each;

(d) whether its durability is estimated to be more than 50 years; and

(e) whether Government propose to take any steps to study its designs, cost, etc., and begin to build such houses for the benefit of the poor sections of our people?

**The Honourable Rajkumari Amrit Kaur:** (a) Yes.

(b) It is understood that the principal materials used are lime, sand and bamboo.

(c) Information has been called for and will be placed on the table of the House when received.

(d) Experience of similar methods of construction has shown that the life of these houses depends on good maintenance. In tenant-owned houses it can safely be assumed to be 15 to 20 years.

(e) Yes. Detailed information has been called for and the possibility of utilising the designs will be studied.

#### FUNDS FOR CONSTRUCTION OF NATIONAL HIGHWAYS AND ROADS

\*1457. **Dr. V. Subramaniam:** (a) Will the Honourable Minister of Finance be pleased to state whether it is a fact that the Central Government are taking away from the petrol tax collected Re. 0-9-6 of the tax and merge the proceeds with the general revenue of the Centre and allots from the general revenue every year funds required for National Highways and roads in areas administered by the Centre?

(b) Is this fund, which is allotted every year for National Highways, a non-lapsing fund or a lapsing fund?

†Answer to this question laid on the table, the question being adjourned.

**The Honourable Dr. John Matthai:** (a) The customs and excise duty on motor spirit merges in general revenues but a sum equal to 2½ annas a gallon is paid into the Central Road Fund for road development. Funds for the construction and maintenance of National Highways are provided in the capital and revenue budget respectively and not from the Road Fund.

(b) The unspent provision for National Highways lapses at the end of each financial year like the provision on other services.

**Dr. V. Subramaniam:** Have Government any intention of creating a non-lapsing Road Fund for National Highways?

**The Honourable Dr. John Matthai:** Not at present.

**Shri H. V. Kamath:** In connection with the development of these National Highways, have any reports been received by the Honourable Minister whether there are any highway robbers in our country?

**Mr. Speaker:** Order, order.

**Shri Mahavir Tyagi:** May I know if this money is spent directly by the Central Government through their P.W.D. or is it spent by the provincial Governments?

**The Honourable Dr. John Matthai:** It is a question which should be addressed to my Honourable colleague the Minister of Transport, but having been in charge of it myself, I can give an answer. The expenditure on National Highways is incurred by the Central Government but the provincial P.W.D. is used as the agency for execution.

**Shri Mahavir Tyagi:** On what basis is this fund distributed to various provinces?

**The Honourable Dr. John Matthai:** May I suggest that the best course would be for the honourable member to put down a question for the Minister of Transport.

#### SPECIAL TRIBUNAL IN HYDERABAD

\*1458. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of States be pleased to state whether a special Tribunal has been appointed for the purpose of conducting trials of accused persons who were responsible for murder, loot and arson in Hyderabad before and during the Police Action?

(b) If so, what are the names of the members of the Tribunal and what is the number of the accused so far to be tried by this Tribunal?

(c) What are the powers of the Tribunal?

**The Honourable Sardar Vallabhbhai Patel:** (a) Yes.

(b) and (c). The information has been called for and will be placed on the table of the House when received.

**Shri R. K. Sidhva:** Will this Tribunal's decision be final or will it be appealable to any higher court?

**The Honourable Sardar Vallabhbhai Patel:** The accused is entitled to appeal to the High Court of the State.

**Shri H. V. Kamath:** Is the question of the trial of Mir Laik Ali and his Ministers and also of Kasim Razvi still under Government's active consideration?

**The Honourable Sardar Vallabhbhai Patel:** The investigation is going on. When it is completed, the trial will take place.

**Shri H. V. Kamath:** Does the SCAP organisation take a hand in the fixation of the export prices?

**The Honourable Shri K. C. Neogy:** Yes. The SCAP actually fixes the price, but I understand a variation is under consideration at least in regard to certain categories of goods.

**Shri H. V. Kamath:** How far are the export prices different from the home market prices?

**The Honourable Shri K. C. Neogy:** I am afraid I am not in a position to answer that question straightaway.

**Shri Mahavir Tyagi:** Are these contracts entered into between Government and government or by private parties?

**The Honourable Shri K. C. Neogy:** The agreement is between the Government of India as one of the five sterling countries and the SCAP authorities, but the actual implementation of the agreement is to be left to private merchants.

**Shri B. Das:** Has the Honourable Minister laid down a policy about the import of essential goods or luxury goods from Japan?

**The Honourable Shri K. C. Neogy:** I do not know what my friend means by a 'policy'. As a matter of fact it is a specific agreement between the two countries, in which different categories of articles have been specified and the value also of each such article has been specified by both sides.

**Seth Govind Das:** What is the value of the essential articles and what is the value of the luxury articles or such articles which are not very necessary for our country?

**The Honourable Shri K. C. Neogy:** It is very difficult to categorise articles into those two classes. For instance I find that industrial machinery and parts count for the largest share so far as our imports from Japan are concerned. Similarly there are instruments and other like things. Then there are drugs and medicines and industrial leather goods. I should take it that so far as essential commodities are concerned they represent a very large bulk of the whole thing.

**Shri Gopikrishna Vijayavargiya:** What is the value of the money involved in the total goods coming?

**The Honourable Shri K. C. Neogy:** I have said I am placing a statement on the table. This is given there and I suggest that the honourable member studies the statement.

**Seth Govind Das:** Cannot the Honourable Minister give the sum total value?

**The Honourable Shri K. C. Neogy:** Surely, but not according to the classification that my honourable friend suggested. The sum total is this: Exports to Japan are expected to value about Rs. 5 and odd crores and imports from Japan would be to the approximate value of Rs. 9 crores.

**Shri M. Tirumala Rao:** Does this contract require the previous sanction of General MacArthur?

**The Honourable Shri K. C. Neogy:** The SCAP authorities are parties to this agreement.

**Shri Deshbandhu Gupta:** Have Government taken sufficient care to see that such imports are not allowed as would be prejudicial to our own industry?

**The Honourable Shri K. C. Neogy:** Definitely. As a matter of fact the agreement is based upon an inter-Ministerial report as regards the needs of this country, and the Ministry of Industry and Supply definitely played a

very important part in deciding upon the commodities that we need from Japan and the quantities of each such category of articles.

**Seth Govind Das:** May I know why the value of the export is so little and why the value of the import is so much? Is it because we require more goods from there while we have not much to export to Japan?

**The Honourable Shri K. C. Neogy:** I take it my honourable friend is interested in the question of the balance of payment. For the information of the House I might say that India has a credit balance in her favour from Japan to the extent of £ 5½ million (sterling) on account of certain previous transactions which were entered into before the SCAP negotiated this agreement.

**Shri Ramnath Goenka:** What about Question No. 661, Sir?

**The Honourable Shri Mohan Lal Saksena:** The honourable member was not in his seat.

**An Honourable Member:** It was your own question, Sir.

**Mr. Deputy Speaker:** I am not particular about my question. It will be printed in the Proceedings.

**Shri Ramnath Goenka:** What about supplementaries?

**Mr. Deputy Speaker:** Supplementaries are ruled out. The question has been passed over. The honourable member was not alert.

#### POLICY RE PARTICIPATION OF POLITICAL PARTIES IN TRADE UNION MOVEMENT

\*663. **Shri Satish Chandra:** Will the Honourable Minister of Labour be pleased to lay on the table of the House a statement explaining the policy of Government regarding the participation by political parties in the Trade Union movement and more particularly the steps Government propose to take to meet the growing communist challenge to industrial truce?

**The Honourable Shri Jagjivan Ram:** I lay on the table of the House a statement showing Government's policy in the matter.

#### STATEMENT

Government have repeatedly made it clear that any challenge to the authority of the State will be strongly and promptly dealt with. Legitimate trade union activity is permitted and encouraged but any attempt to sabotage the national interest will not be tolerated.

**Shri Mahavir Tyagi:** As the question pertains to a very important topic of the day may I request the Honourable Minister to read out the statement if it is small?

**Shri Ajit Prasad Jain:** May I know whether under the present Trade Unions Act it is open to an employer to recognize more than one Union?

**The Honourable Shri Jagjivan Ram:** The Trade Unions Act does not provide for recognition: it provides only for registration and it is open to the employers to recognize more than one Union at present.

**Shri Ajit Prasad Jain:** Is it also a fact that some of the employers are playing one Union against another and thus creating chaos amongst labour?

**The Honourable Shri Jagjivan Ram:** It is a fact to a certain extent.

**Shri H. V. Kamath:** Is the Honourable Minister in a position to give us figures showing the number of Unions affiliated to the I.N.T.U.C., the Hind Mazdoor Sabha, and the F.T.U.C?

**The Honourable Shri Jagjivan Ram:** I fail to see how it arises out of this question. But there is another question and I am supplying the figures in respect of that question.

#### ENCOURAGEMENT TO SHIP-BUILDING INDUSTRY

†\*667. **Shri Moturi Satyanarayana:** Will the Honourable Minister of Commerce be pleased to state what encouragement is being given by Government to encourage ship-building industry in India?

**The Honourable Shri K. C. Neogy:** This question relates to a matter that pertains to the portfolio of my Honourable Colleague, the Industry and Supply Minister, and may please be addressed to him.

#### ENCOURAGEMENT TO COASTAL TRAFFIC

†\*668. **Shri Moturi Satyanarayana:** (a) Will the Honourable Minister of Commerce be pleased to state whether Government have proposals to encourage companies to take up coastal traffic; and

(b) whether Government have already undertaken (if so, with what result), or propose to undertake any investigation regarding the possibilities of using coastal traffic for carrying commodities at cheaper cost?

**The Honourable Shri K. C. Neogy:** (a) It is Government's declared policy to secure a progressive increase in the share which Indian Shipping enjoys in the coastal trade, and ultimately to reserve that trade exclusively for Indian shipping. The initiative for acquiring tonnage, however, rests with Indian Shipping Companies, and Government have announced that they would not only freely license such Indian-owned ships for the coastal trade but would also render all assistance possible, in the acquisition of additional tonnage by providing exchange facilities and the assistance of India's trade and diplomatic representatives abroad.

(b) The possibility of the development of sailing vessels' traffic with a view to increased use of such vessels for purposes of coastal movement is the subject of an investigation by a special committee set up by the Government.

An investigation is now being undertaken as to whether there is any scope for reduction in the prevailing freight rates of coastal steamers, notwithstanding the present high cost of operation.

#### INDO-PAKISTAN BORDER INCIDENTS

\*669. **Sardar Hukam Singh:** (a) Will the Honourable the Prime Minister be pleased to state what were the terms of the agreement reached between the Deputy Commissioners of Amritsar and Lahore at Khalra on the 20th December 1948 as regards border incidents?

(b) How many border incidents have taken place since that date?

(c) What is the number of casualties in the incident which occurred on the 31st January, 1949 on the Indo-Pakistan border linking the Districts of Amritsar and Lahore?

(d) Has any representation or protest been made to the Government of Pakistan and if so, with what result?

(e) Do Government propose to award any compensation to the victims of this raid?

**Dr. B. V. Keskar** (Deputy Minister for External Affairs and Commonwealth Relations): (a) to (e). We have asked for exact information from the Government of the East Punjab and are still waiting for it. It will be laid on the table of the House as soon as possible.

† Answer to this question laid on the table, the questioner being absent.

#### REHABILITATION OF REFUGEES FROM EAST BENGAL

\*670. **Lala Achint Ram:** (a) Will the Honourable Minister of Relief and Rehabilitation be pleased to state the exact number of refugees who have come from East Bengal up to 31st December 1948 per month since the exodus began?

(b) How have these refugees been settled province-wise in the country?

(c) Has any agreement been arrived at between the Governments of India and Pakistan for the protection and management of the property left by these refugees in East Bengal?

**The Honourable Shri Mohan Lal Saksena:** (a) About eighteen Lakhs. Monthly figures of exodus from East Bengal are not available.

(b) The honourable member is referred to the reply given by me to part (b) of Unstarred Question No. 7 by Shri Arun Chandra Guha on the 11th February, 1949.

(c) At the Inter-Dominion Conference held in Calcutta in April 1948, and in Delhi in December 1948, it was decided that the Governments of East and West Bengal should enact legislation for the setting up of Evacuee Property Management Boards in districts or areas from where a substantial exodus had taken place. These Boards will assume management of evacuee property only on the definite request of the owners who declare their intention to return to their original homes as soon as normal conditions have been restored to the satisfaction of both the Governments. Their function will be of a managerial character and they will not have the power to alienate the property entrusted to them. These Boards are to consist of members of the minority community. The East and West Bengal Governments were required to legislate by the 31st January, 1949 and the Boards were to be set up as soon thereafter as possible. It is understood that the matter is under the active consideration of both the Governments and that the Boards will be set up after the necessary legislation has been passed.

**Shri Mihir Lal Chattopadhyay:** Out of the eighteen lakhs what is the number of the refugees who are residing in Calcutta?

**The Honourable Shri Mohan Lal Saksena:** I could not give the exact number of refugees residing in Calcutta. If the honourable member wants the total number of refugees in West Bengal I can give him.

**Shri Mihir Lal Chattopadhyay:** Can he give us some figure as to the number of people who have been repatriated from Calcutta?

**The Honourable Shri Mohan Lal Saksena:** I have no definite information except what I gave on the last occasion that about 5,000, as I had been informed, had left Calcutta.

\* **Shri Mihir Lal Chattopadhyay:** May I know what steps are being taken by Government to remove the congestion in the City of Calcutta?

**The Honourable Shri Mohan Lal Saksena:** I would require notice of this question.

**Shri B. P. Jhunjhunwala:** May I ask whether the people who have migrated from East Bengal to India are mostly *vaki's*, merchants, doctors or whether are mostly villagers?

**The Honourable Shri Mohan Lal Saksena:** As a matter of fact those who have come belong to what may be called the middle classes and they generally are from amongst the lawyers, government servants and other such persons.

**RETURNING FACILITIES TO KASHMIR REFUGEES BELONGING TO PAKISTAN  
CONTROLLED TERRITORIES**

**\*671. Lala Achint Ram:** (a) Will the Honourable the Prime Minister be pleased to state whether the Government of Pakistan is providing adequate facilities to those refugees who want to return from India to the "Pakistan-controlled territory" of Jammu and Kashmir State before the plebiscite is held?

(b) Have Government taken any steps to provide free transport facilities for return to their homes of such refugees who had to leave their hearth and home under compulsion?

(c) Do Government propose to grant scholarships to the children of such refugees who want to make provision for their education in India?

**The Honourable Shri Jawaharlal Nehru:** (a) Details of arrangements for the return of refugees from Jammu and Kashmir State to their homes in the part of the State which is not under the control of the Government of India or the State Government have not yet been worked out. A condition precedent to such return is that refugees returning to this area should have the requisite measure of security. The matter is engaging the attention of the Government of India and the U. N. Commission.

(b) The matter primarily concerns the Government of Jammu and Kashmir. Government of India will give whatever assistance they can.

(c) Government have no scheme for the purpose. If refugees are to be encouraged to return to their home, the need for the grant of scholarship for study in India will hardly be necessary. In cases when necessity arises Government will be prepared to consider the question then.

**Shri H. V. Kamath:** Is the Honourable the Prime Minister in a position to assure the House that no plebiscite whatever will be held in Kashmir unless and until all the Kashmiri refugees in India have returned home, all outsiders expelled, and all other terms and conditions of the cease fire agreement have been implemented by Pakistan in letter as well as in spirit?

**The Honourable Shri Jawaharlal Nehru:** The Prime Minister can only draw the attention of the honourable member to documents that have appeared. He will give no other assurances.

**Sardar Bhopinder Singh Man:** May I know what is the total number of these refugees and whether they are willing to go back to the raider-held territory?

**The Honourable Shri Jawaharlal Nehru:** That is rather a guesswork—one can have one's guess; I imagine that the total number of refugees from all parts of Kashmir State will be about half a million or so.

**Sardar Bhopinder Singh Man:** May I know whether they are willing to go back in the present conditions?

**The Honourable Shri Jawaharlal Nehru:** Obviously, I cannot give a definite answer. The answer to that is, I suppose, that they will be willing to go back when they are assured that proper security will be provided for them. Now, the test of that security will be for us and for them to judge. We have laid the greatest stress on this fact that there must be adequate security to induce the people to go back. We cannot drive them back; they can only go back when they can feel that they can go back in security.

**Shri Deshbandhu Gupta:** Is the Honourable the Prime Minister in a position to give the number of muslim refugees who had left Kashmir and gone over to Pakistan and have since returned to Kashmir?

**DISCHARGED QUESTIONS AND ANSWERS**

**The Honourable Shri Jawaharlal Nehru:** No, Sir, I cannot give that. There are, I take it, two types of refugees: one is the type that went and stayed in Pakistan; the others were those who temporarily went and came back. Large numbers went and came back within a few weeks of their going. It is very difficult to have their figures, I am afraid.

**Shri Deshbandhu Gupta:** Since the cease fire?

**The Honourable Shri Jawaharlal Nehru:** I rather doubt if any major migrations have taken place since then.

**Shri Deshbandhu Gupta:** Is it a fact that quite a number of tribal people have left Kashmir? May we have some idea of the number?

**The Honourable Shri Jawaharlal Nehru:** Tribal people, from the information received by us, are leaving and some have left, I do not know about the numbers involved.

**Shri Mahavir Tyagi:** May I know if the Government have in their view some steps to encourage these refugees to reach Kashmir before votes are taken?

**The Honourable Shri Jawaharlal Nehru:** Honourable members must remember that there are any number of preliminaries to be attended to before that question really arises. Obviously, we are interested in these refugees returning and giving them facilities for returning and the creation of conditions which make it easy for them to return there and settle down before the question of a plebiscite arises.

**Shri Mahavir Tyagi:** Can their votes not be taken here in India in that case?

**Mr. Deputy Speaker:** It does not arise. Next question.

**Babu Ramnarayan Singh:** I have got some very important question, Sir.

**Mr. Deputy Speaker:** You may go on.

**Babu Ramnarayan Singh:** As I understand from the answer of the Prime Minister, the refugees can return if they are assured of security. May I know who can give this assurance, Sir?

**The Honourable Shri Jawaharlal Nehru:** Perhaps the honourable member might help in the task.

**DISCHARGE OF INDIANS FROM BURMA GOVERNMENT SERVICE**

**\*672. Shri Biswanath Das:** Will the Honourable the Prime Minister be pleased to state:

(a) whether the attention of Government has been drawn to the *Reuters* news published in Delhi papers dated 7th February 1949 that about 2,500 Indians are going to be discharged from Burma Government Service forthwith being non-Burman nationals;

(b) the steps taken in this regard to safeguard their rights for compensation as also for their safe transport to India.

(c) whether the Government of Burma had intimated this to the Government of India before; and

(d) if so, whether Government propose to place the correspondence on the table of the House?

**Dr. B. V. Keskar:** (Deputy Minister for External Affairs and Commonwealth Relations): (a) Yes, Sir. The press report, however, is not correct. The Government of Burma have announced their intention of reducing their ministerial establishment substantially, as a measure of economy and non-Burman nationals, particularly those holding higher posts, form one of the

categories that are to come under retrenchment. There is no possibility of immediate retrenchment of non-Burmans.

(b) Employees whose services are terminated on grounds of alien nationality are granted proportionate pension and certain other concessions, including leave and leave salary under the general orders issued by the Government of Burma. The question of making arrangements for their safe transport to India does not arise.

(c) and (d). No, Sir.

**Shri Biswanath Das:** May I know the result of such concessions that have been offered or promised? Just now the Honourable the Deputy Minister spoke of certain concessions. Would he kindly give us some idea as to the sum total of those concessions?

**Dr. B. V. Keskar:** Sir, I have not understood the question. I have detailed the concessions given; I cannot give any figures as to how much it amounts to. The concessions given, as I have already said, are that these men are given proportionate pension and concessions probably with regard to leave, that is they get long leave prior to retirement as officers are given here also. But it is not possible to give any figures as to how much it amounts to—it depends on the posts they hold.

**Shri Ajit Prasad Jain:** Are there any Indians who still remain in the service of the Government of Burma after the discharge of these 2,500?

**Dr. B. V. Keskar:** As I have just said, very few are being discharged immediately. Certain proposals have been announced by the Government of Burma that they propose to discharge non-Burmans from Government service, but immediately there is no prospect of a larger number of them being discharged.

**Mr. Frank Anthony:** Can Indians qualify for Burmese citizenship?

**Mr. Deputy Speaker:** That does not arise here.

**The Honourable Shri Jawaharlal Nehru:** Sir, the way the question has been put rather confuses the issue. Any person, I suppose, qualifies under the terms of the appropriate nationality law for the citizenship of that country. The question is whether people of Indian origin living in Burma can, under the new law, become Burmese citizens. At the present moment there is no specific Indian nationality law. People of Indian origin in Burma can, under the law, if they fulfil certain qualifications become Burmese citizens. Up till recently there was no such thing as a Burmese citizen or an Indian citizen, technically or legally speaking; they were British subjects—all of them. Now, since Burma became an independent country and the rules have been made by the Burmese Parliament on this issue, no doubt those who fulfil those rules can become Burmese citizens.

**Mr. Tajamul Husain:** Is there any Burmese in the service of the Government of India or in the service of any Provincial Government?

**The Honourable Shri Jawaharlal Nehru:** I think it is rather unlikely; there might be perhaps a few persons, but very, very few.

May I just say one word, Sir, in regard to all these questions about Burma? Honourable members must realise that all these questions and all these matters are hardly in keeping with the existing situation. Very serious things are happening in Burma and we can hardly discuss at length petty matters affecting individual services etc., when the whole attitude of the State is in a ferment. The House will no doubt extend its deepest sympathy to the troubles of the Burmese people at the present moment. This is no time for us to enlarge on petty difficulties.

**Shri Deshbandhu Gupta:** May I know whether the Honourable the Prime Minister is in a position to give us some information as to the extent to which the life and property of Indians living in Burma is involved in the present outbreak of Karens trouble there?

**Mr. Deputy Speaker:** It does not arise. I will call the next question.

MUSLIM HOUSES SEALED BY CUSTODIAN OF EVACUEES PROPERTY, DELHI

**\*673. Shri Damodar Swarup Seth:** Will the Honourable Minister of Relief and Rehabilitation be pleased to state:

(a) the number of houses belonging to Muslims lying vacant and sealed by the Custodian of Evacuees Property, Delhi, in the Pul Bangash and other areas separately as on 1st October, 1947, 1st January, 1948, 1st July, 1948 and 1st January, 1949;

(b) the reasons, for not allocating these houses to those in need of them;

(c) the probable time for which they are still proposed to be kept vacant; and

(d) the order and manner in which the allotment of houses, if any, will be carried out?

**The Honourable Shri Mohan Lal Saksena:** (a) A statement is laid on the table of the House.

(b) and (c). Houses available for allotment are allotted to displaced persons in need of them. Of the 138 houses which were found vacant and sealed by the Custodian of Evacuees Property, 124 have been allotted and occupied by the allottees; the remaining number are subject to claims of restoration. These claims are being determined. As soon as other claims have been decided, the available number will be allotted.

(d) Fresh allotments of houses are made to:

(i) those displaced persons in whose favour previous allotments did not prove effective and who are still in need of accommodation;

(ii) those displaced persons from Provinces other than West Punjab who were registered as refugees upto 29th February 1948 and according to the prescribed Provincial percentages;

(iii) displaced persons from West Punjab registered upto 10th December 1947;

(iv) a number of shelterless widows, a few of the men of the Armed Forces posted on active duty, and persons displaced due to fire in the Kingsway Camp are given special priorities.

Houses of low category rejected by the allottees and those in villages are allotted to shelterless, poor displaced persons irrespective of fixed priorities and provincial percentages. The orders of allotment are given effect to in the order in which they are made by the small Enforcement Police Squad attached to the Custodian's Office.

#### STATEMENT

Number of houses belonging to Muslims lying vacant and sealed by C.E.P., Delhi in the Pul Bangash and other areas on different dates.

|                             | Pul Bangash Area. | Other Areas. | Total. |
|-----------------------------|-------------------|--------------|--------|
| (i) On 1st October, 1947 .  | Nil.              | Nil.         | Nil.   |
| (ii) On 1st January, 1948 . | Nil.              | Nil.         | Nil.   |
| (iii) On 1st July, 1948 .   | 62                | 46           | 108    |
| (iv) On 1st January, 1949 . | 26                | 4            | 30     |

**Shri Deshbandhu Gupta:** May I know whether it is a fact that a large number of the priorities given by the Custodian of Evacuee's Property last year in the matter of allotment to refugees have not yet been respected and there is a long outstanding list of refugees who have got no possession in spite of high priorities?

**The Honourable Shri Mohan Lal Saksena:** I do not think it is correct to say that. The fact is that those persons who were allotted according to these priorities could not get possession because the houses were already occupied by others and in view of the recent decision by the Committee of the Cabinet that these persons should not be disturbed until alternative accommodation is provided to them, effect has not been given to the order in which these persons had been allotted houses.

**Shri Deshbandhu Gupta:** What is the number of allotments made during every month or say during the last three months?

**The Honourable Shri Mohan Lal Saksena:** I am answering a similar question later on, but my information is that the remaining houses, which are about 6,000 in number, will be allotted within six weeks.

**Shri H. V. Kamath:** Have the houses left behind by Hindus and Sikhs in Pakistan been commandeered or forcibly occupied by the authorities there or are they still vacant? Have Government any information on the subject?

**The Honourable Shri Mohan Lal Saksena:** May I know how it arises from this question?

**Shri H. V. Kamath:** Because they are houses of non-Muslims—whether there is reciprocity at all?

**Mr. Deputy Speaker:** It does not arise.

**Shri Deshbandhu Gupta:** Is it a fact that the Advisory Committees appointed to advise the Custodian of Evacuee's Property have been dissolved?

**The Honourable Shri Mohan Lal Saksena:** Some of the Advisory Committees have been dissolved, but I do not know to which particular one the honourable member is referring.

**Shri Deshbandhu Gupta:** All the Advisory Committees—I mean the Central Advisory Committee and the Sector Advisory Committees.

**The Honourable Shri Mohan Lal Saksena:** I would like to have notice of the question.

**Shri Deshbandhu Gupta:** Could they be dissolved without reference to the Honourable Minister?

**The Honourable Shri Mohan Lal Saksena:** As a matter of fact, I do not know whether that particular Committee has been dissolved because there was one Advisory Committee which was appointed at the very start and that was functioning for some time. I do not know whether it is functioning now.

**Shri Deshbandhu Gupta:** The Honourable Minister may take it that all Advisory Committees including the Central Advisory Committee which was appointed from the very start have been dissolved long ago.

**The Honourable Shri Mohan Lal Saksena:** The honourable member is giving information. I thought he was seeking information.

**Shri B. L. Sondhi:** And you are denying it!

#### APPOINTMENT OF CANDIDATES REGISTERED WITH EMPLOYMENT EXCHANGES

†\*674. **Prof. N. G. Ranga:** Will the Honourable Minister of Labour be pleased to state:

(a) whether any preference in giving appointments is shown by various

† Answer to this question laid on the table, the questioner being absent.

Departments to candidates who register themselves at the Labour Exchanges and who are recommended by such Exchanges;

(b) for what appointments and up to what salaries the Exchanges register applicants for employment in Government service;

(c) whether any new Exchanges are being opened; and

(d) how many new Exchanges were opened in 1948 and in which provinces were they opened?

**The Honourable Shri Jagjivan Ram:** (a) No preference is given, but the various Departments of the Government of India are required to notify their vacancies, other than those recruited through the Federal Public Service Commission, first to the Transfer Bureau of the Ministry of Home Affairs and then to the Employment Exchanges of the Ministry of Labour. Persons registered at the Transfer Bureau have the first claim on vacancies under the Central Government and those registered at the Employment Exchanges are considered only when the Transfer Bureau is unable to nominate or recommend suitable candidates.

(b) The Employment Exchanges register all categories of employment-seekers for all jobs, without limit as to salaries.

(c) No new Exchanges are being opened, except a District Employment Office at Mercara (Coorg) and twenty District Employment Offices in U.P. These latter are being opened by the Government of the United Provinces.

(d) In 1948, two new Employment Offices were opened (i) the Sub-Regional Employment Exchange at Kidderpore in West Bengal; and (ii) the District Employment Office in Karnal in East Punjab.

#### ARREST OF INDIAN NATIONALS IN JOHORE, MALAYA

\*675. **Shri H. V. Kamath:** Will the Honourable the Prime Minister be pleased to state:

(a) whether it is a fact that some Indian nationals have been recently arrested in Johore by the Malayan police under emergency regulations;

(b) if so, their number; and

(c) the grounds on which the arrests have been made?

**Dr. B. V. Keskar** (Deputy Minister for External Affairs and Commonwealth Relations): (a) Yes, Sir,

(b) Twenty two Indians were arrested, of whom eight have subsequently been released.

(c) They were arrested under the Emergency Regulations for the alleged payment of protection money to terrorists.

**Shri Brajeshwar Prasad:** How do Government propose to secure their release?

**Dr. B. V. Keskar:** We are enquiring into the matter, but the honourable member must be aware that action taken by foreign governments for their own security purposes cannot be dealt with as we would in any other circumstances.

**Seth Govind Das:** Has our representative there sent some report about these arrests?

**Dr. B. V. Keskar:** Yes. He has met most of the arrested persons and has had a talk with them, and he is trying his best to secure their release.

**Shri H. V. Kamath:** Any information as to whether those who are still in jail are going to be tried or repatriated?

**Dr. B. V. Keskar:** These arrests are under emergency regulations; so I think they are being detained and not being tried.

## REFUGEES IN DELHI AND ALLOTMENT TO OTHER PROVINCES

†\*676. **Dr. P. S. Deshmukh:** Will the Honourable Minister of Relief and Rehabilitation be pleased to state:

- the number of refugees allotted to the different provinces; and
- the number of refugees that have settled down in Delhi?

**The Honourable Shri Mohan Lal Saksena:** (a) A statement is laid on the table of the House.

(b) According to the census of refugees held in October, 1948, there were 3,82,224 refugees living in Delhi.

## STATEMENT

*Number of Refugees allotted to different Provinces*

| <i>Provinces.</i>       | <i>Number of Refugees Allotted.</i>                                                                                                                   |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| East Punjab . . . . .   | 13 Lakhs urban <i>Plus</i> the entire rural population of West Punjab and rural population of Punjab extraction from other parts of Western Pakistan. |
| U. P. . . . .           | 4 Lakhs.                                                                                                                                              |
| Bombay . . . . .        | 5 Lakhs.                                                                                                                                              |
| C. P. . . . .           | 3 Lakhs.                                                                                                                                              |
| Bihar . . . . .         | 50,000.                                                                                                                                               |
| Orissa . . . . .        | 25,000.                                                                                                                                               |
| Assam . . . . .         | 2.5 Lakhs.                                                                                                                                            |
| Delhi . . . . .         | 2.5 Lakhs.                                                                                                                                            |
| Ajmer-Merwara . . . . . | 0.5 Lakhs.                                                                                                                                            |

## EXPENDITURE ON CAMPS AND EMPLOYMENT OF REFUGEES IN GOVERNMENT SERVICE.

†\*677. **Dr. P. S. Deshmukh:** Will the Honourable Minister of Relief and Rehabilitation be pleased to state:

- the monthly expenditure incurred on each Refugee camp run by Government;
- the number of refugees for whom employment in Government service has been found so far; and
- whether these posts were created for the refugees or whether they were normal posts under Government?

**The Honourable Shri Mohan Lal Saksena:** (a) The average expenditure per head is approximately Re. 1 per day. The information for individual camp is not available.

(b) Reports so far received show that about 15,804 persons have been absorbed in Central and Provincial Governments.

(c) The vacancies were out of normal posts under Government.

RECOMMENDATIONS OF CONCILIATION BOARD AND FACT FINDING COMMITTEE  
RE COAL MINE LABOUR UNREST

\*678. **Shri R. L. Malviya:** (a) Will the Honourable Minister of Labour be pleased to state whether it is a fact that in view of the growing discontent prevailing among the coal-mine labourers, the Government of India set up a Board of Conciliation for Bengal and Bihar and a Fact Finding Committee

for the Central Provinces to investigate into the causes of labour unrest there and suggest remedies therefor?

(b) Were the reports of the Board and the Committee referred to in part (a) above accepted and the recommendations implemented *in toto*?

(c) Were the wages of coal-mine employees increased in terms of these recommendations and was the selling price of coal also increased by Rs. 3/8/- per ton in the case of Bengal and Bihar and by Rs. 3/-/- per ton in the case of the Central Provinces?

(d) Is it a fact that the increase in the wages of employees and the selling price of coal was effected with the consent of the mine owners and the representatives of labour?

**The Honourable Shri Jagjivan Ram:** (a) Yes.

(b) The recommendations of the Board of Conciliation for the Bengal and Bihar and the Fact Finding Committee for Central Provinces and Berar were accepted by the Government and the Industry. In this connection the attention of the honourable member is invited to the Government Resolutions No. LR. 2 (103) dated the 12th May 1947 and No. LR. 2(111) dated the 10th October 1947. The collieries have generally implemented the recommendations made by the Conciliation Board and the Committee. Officers of the Central Industrial Relations Machinery look into cases where colliery owners are not implementing any of the recommendations and take steps to rectify them.

(c) The answer is in the affirmative except that in respect of Central Provinces and Berar the increases in coal prices ranged from Rs. 2/13/- to Rs. 3/7/-.

(d) The answer is in the negative so far as revision of the selling prices of coal is concerned. As regards wages, the increase was agreed to by the representatives of the employers and the workers on the Conciliation Board.

## POSTPONED STARRED QUESTIONS AND ANSWERS

(Postponed from 21st February, 1949)

## PRIME MINISTER'S VIEWS ON NATIONAL LANGUAGE

\*528. **Pandit Mukut Bihari Lal Bhargava:** Will the Honourable the Prime Minister be pleased to state whether the views expressed by him on the question of National language at the Usmania University were his own personal views or the considered views of the Government of India on the subject?

**The Honourable Shri Jawaharlal Nehru:** It is not clear to what part of my speech the honourable member refers. The views expressed by me were certainly my own. The question has not been considered by the Government of India in any detail, but the broad approach of the Government is as indicated by me.

**Seth Govind Das:** Is the Honourable Minister aware that whenever he expresses his views, it is very difficult for the public to understand whether he expressed them as Prime Minister or as an individual?

**The Honourable Shri Jawaharlal Nehru:** It is sometimes difficult for me to make that out either.

**Seth Govind Das:** May I know whether this matter has been under the consideration of the Cabinet and whether the Cabinet has come to certain conclusions as far as the national language is concerned?

**The Honourable Shri Jawaharlal Nehru:** I have just said in reply to this question that the Cabinet has not considered this specific question in any detail.

**Seth Govind Das:** Is the Honourable Minister aware that whenever this question was raised in the Constituent Assembly, he himself said that this matter would be left to the Constituent Assembly and the Government or the Legislature would not decide this matter until it is fully dealt with in the Constituent Assembly?

**The Honourable Shri Jawaharlal Nehru:** No, Sir. I am not aware of that. I never said any such thing. What I said was, so far as the Constitution is concerned, the provisions in it will naturally be dealt with by the Constituent Assembly, which is a very different thing from other aspects of the question.

**Seth Govind Das:** Is the Honourable Minister aware that certain amendments to article 99 which deals with the question of language have been sent in to be moved in the Constitution which will decide the question of national language?

**The Honourable Shri Jawaharlal Nehru:** I have not understood the question.

**Seth Govind Das:** I want to explain my question. [Interruption]

**Seth Govind Das:** I wanted to know from the Prime Minister [Interruption]

**Mr. Deputy Speaker:** Order, order.

**Seth Govind Das:** I wanted to know from the Prime Minister whether he is aware of the fact that certain amendments to article 99 of the Constitution have been sent by the members of the Constituent Assembly which relate to the question of national language and that the question is to be decided by the Constituent Assembly as a whole?

**The Honourable Shri Jawaharlal Nehru:** Yes, Sir. I am fully aware of that fact.

#### PAKISTAN'S REFUSAL TO INDIAN HIGH COMMISSIONER FOR LAYING WREATH ON MAHATMA GANDHI'S STATUE IN KARACHI

\*556. **Shri H. V. Kamath:** Will the Honourable the Prime Minister be pleased to state:

(a) whether it is a fact that the Government of Pakistan declined permission to the Indian High Commissioner in Karachi to lay a wreath at the foot of Mahatma Gandhi's Statue there on Sarvodaya day, the 30th January 1949; and

(b) if so, whether any protest has been lodged with the Government of Pakistan, and with what result?

**The Honourable Shri Jawaharlal Nehru:** (a) Yes. Our High Commissioner informed the Foreign Secretary of the Pakistan Government on January 24th that he would like to lay flowers at the foot of the statue of Mahatma Gandhi and a garland round the neck on the evening of January 30th. On the night of January 29th, he was informed that this would not be appreciated.

(b) No formal communication was sent on behalf of the Government of India to the Government of Pakistan. The High Commissioner, however, informed us that he would himself write to the Pakistan authorities on this subject.

**Shri H. V. Kamath:** Is it a fact that on an earlier occasion permission was refused by the Pakistan Government for the immersion of Gandhiji's ashes in the Sindhu river?

**Mr. Deputy Speaker:** The question hour is over.

**Shri Deshbandhu Gupta:** Sir, I rise on a point of order. When once a question has been put and supplementaries are being asked, I think the practice has been to have them answered even if the question hour is over.

**Mr. Deputy Speaker:** The practice unfortunately has been otherwise. Exactly at 11-45 A.M. the question hour will be over, whether it is in the middle of a question or otherwise.

#### UNSTARRED QUESTIONS AND ANSWERS

##### EXPENDITURE ON REFUGEE CAMPS, EDUCATIONAL INSTITUTIONS AND LOAN ADVANCES

**37. Pandit Mukut Bihari Lal Bhargava:** Will the Honourable Minister of Relief and Rehabilitation be pleased to state:

(a) the amount spent by the Government of India, both recurring and non-recurring on refugee camps still maintained by them;

(b) the number of institutions started by Government for the education of refugee boys and girls and the amount spent thereon, both recurring and non-recurring;

(c) the amount spent in advancing loans to refugees in the various parts of the country;

(d) the number of Hindu and Sikh Government servants who opted for India and the number who have already been absorbed in Central and Provincial services; and

(e) the approximate number of refugees who still remain to be rehabilitated either in service or in businesses?

**The Honourable Shri Mohan Lal Saxena:** (a) and (b). The information is being collected and will be laid on the table of the House in due course.

(c) 3 crores 5 lakhs and 11 thousand.

(d) 1 lakh 88 thousand one hundred and seventy one. Hindu and Sikh Government servants had opted out for India. Nearly all of them have since been absorbed in Central and Provincial services.

(e) The information is not available

##### TRADE UNIONS AND ALL INDIA TRADE UNION FEDERATIONS

**38. Shri Satish Chandra:** Will the Honourable Minister of Labour be pleased to state according to the latest available figures:

(a) the total number of registered Trade Unions in the country;

(b) the total membership of all these unions;

(c) the number of All-India Trade Union Federations along with their names, and the names of various political parties which influence, dominate or exercise their control on these Federations in each case; and

(d) the total membership of the Trade Unions affiliated to each of these Federations?

**The Honourable Shri Jagjivan Ram:** (a) According to the latest available information, the total number of registered trade unions in India is 2,278. The information relates to the financial year 1947-48 except in the case of West Bengal the information for which relates to 1946-47. The figures do not include the number of registered trade unions in the East Punjab as no information is available for this Province.

(b) Information regarding membership is available only in respect of registered unions which have submitted returns. A detailed statement showing the number of registered unions, the number of unions which have submitted returns and the membership reported is placed on the table.

(c) At present there are three All India Organisations of workers which are invited to the various labour conferences and committees, namely (i) the Indian National Trade Union Congress, (ii) the All India Trade Union Congress and (iii) the Hind Mazdoor Sabha. In regard to their party affiliation I would leave it to the member to draw his own conclusions from the speeches delivered by the Labour leaders belonging to these organisations.

(d) Early in 1948, the Government of India conducted an enquiry to ascertain whether the All India Trade Union Congress or the Indian National Trade Union Congress was the most representative organisation of organised workers in India for the purpose of the selection of workers' representatives for the International Labour Conference. This enquiry showed the membership of the All India Trade Union Congress to be 8,15,011 and that of the Indian National Trade Union Congress 9,73,179. Since then the Hind Mazdoor Sabha has come into existence. Government have no information regarding the present membership of these three organisations.

## STATEMENT.

*Registered Trade Unions in the Dominion of India on the 31st March, 1948.*

| Province.                             | No. of unions on the register on 31-3-48. | No. of unions submitting returns. | Total membership of the unions submitting returns. |
|---------------------------------------|-------------------------------------------|-----------------------------------|----------------------------------------------------|
| Ajmer-Merwara . . . . .               | 11                                        | 10                                | 4,881                                              |

R.g.—Figures are not available for East Punjab.

\*Information relates to 1946-47.

†The figures are based on the interim report and the information is not complete. In 1946-47 the Province had 210 unions out of which 121 submitted returns showing a total membership of 139,115.

# CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) DEBATES

## (PART I—QUESTIONS AND ANSWERS)

*Friday, 25th February, 1949*

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock, Mr. Deputy Speaker (Shri M. Ananthasayanam Ayyangar) in the Chair.

### USE OF THE WORD "GENTLEMEN" WHILE ANNOUNCING THE SPEAKER TO THE HOUSE

**Sardar Bhopinder Singh Man:** Mr. Deputy Speaker, I want to draw your attention to an omission on the part of your Marshall. While announcing your arrival here, he addresses only the "gentlemen" here and not the "ladies".

**Shri H. V. Kamath:** "Gentlemen" includes "ladies", Sir.

**Mr. Deputy Speaker:** I will ask him to correct.

### STARRED QUESTIONS AND ANSWERS

#### (a) ORAL ANSWERS

#### BUILDINGS REQUISITIONED FOR USE OF MILITARY PERSONNEL

\*679. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Defence be pleased to state how many buildings have been requisitioned and de-requisitioned from 1st September, 1948 to date at Bombay, Deolali, Lonavla, Poona, Madras, Ranchi, Patna and Calcutta?

(b) How much rent has been paid by Government as rent to landlords for all the buildings so far requisitioned in the above places and how much has been recovered from tenants?

(c) Have Government ascertained whether all buildings so far requisitioned are occupied by military officials only?

**The Honourable Sardar Baldev Singh:** (a) No building has been either requisitioned or de-requisitioned during this period at Deolali, Lonavla, Madras, Ranchi and Patna. Two buildings have been de-requisitioned in Bombay and Calcutta and one requisitioned in Poona.

(b) It is regretted that the information is not readily available, but I should mention that rent is not recoverable in respect of all requisitioned buildings. For example, rent is not recovered when such buildings are allotted to personnel entitled to rent-free accommodation or are used for storage of Defence Stores.

(c) It is not strictly correct to say that requisitioned buildings can be occupied only by military officials, for there are also civilians among those

entitled to a share of the accommodation requisitioned for the Defence Ministry. It is however known that in a few cases in the Bombay area some ex-service-men are still occupying accommodation which was allotted to them before their release. Action is in hand to de-requisition these buildings.

**Shri R. K. Sidhva:** Arising out of the answer to (b), may I know what are the difficulties in supplying the information called for?

**The Honourable Sardar Baldev Singh:** As I said, it will take a long time to collect and give the information required by the honourable member.

**Shri R. K. Sidhva:** In the last session, a similar question was put and a similar answer was given. May I know at what time I would be given the information? It is a very important matter, and probably the information is intentionally avoided. May I repeat the answer given on the last occasion, which was:

"It is regretted that the information is not readily available." Today also the same answer is given. May I know, if at some stage I shall be given this information?

**The Honourable Sardar Baldev Singh:** If the honourable member wants information for a particular station, I will be able to get it, but if information is required for buildings in all the towns of this country, it is a difficult job.

**Shri R. K. Sidhva:** But don't the military authorities keep account of the buildings?

**The Honourable Sardar Baldev Singh:** If the honourable member is interested, I can put that information at his disposal, but it will be wasting the time of the House to give such a long reply here. I can supply him if he wants that information.

**Shri R. K. Sidhva:** The point is: may I know how much loss is occurring to the State by having certain buildings kept vacant and paying rent to the landlords? I want to know whether landlords are paid rent when the houses are kept vacant. To that extent, may I know whether Government have considered the loss incurred by the State and what steps are they taking to avoid it?

**The Honourable Sardar Baldev Singh:** Does the honourable member require the amount?

**Shri R. K. Sidhva:** Yes.

**The Honourable Sardar Baldev Singh:** I will require notice.

**Shri H. V. Kamath:** In Bombay, Sir, has a hotel called the "Grand View Hotel" in Reclamation Area been requisitioned by Government for the accommodation of Government servants?

**The Honourable Sardar Baldev Singh:** Not to my knowledge, so far as the Defence Ministry is concerned. I do not think we are having anything to do with the buildings; I think it is in charge of Works, Mines and Power.

**Shri Deshbandhu Gupta:** May I know whether it is a fact that in several Cantonments, a large number of buildings are lying vacant and are not being made use of?

**The Honourable Sardar Baldev Singh:** Certainly, because a large number of troops are in Jammu and Kashmir.

#### TRANSACTION OF GOVERNMENT FINANCES BY IMPERIAL BANK OF INDIA

\*680. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Finance be pleased to state whether Government finances are transacted by the Imperial Bank where no branches of the Reserve Bank exist?

(b) If so, what are the names of such places?

(c) Do Government receive any interest on their deposits with these Banks?

(d) How much Government money is in deposit with the Imperial Bank?

**The Honourable Dr. John Matthai:** (a) Yes. - The Imperial Bank of India act as agents of the Reserve Bank for the conduct of Government business at all centres in the Provinces of India where the Imperial Bank have a branch and there is no office of the Banking Department of the Reserve Bank.

(b) I place on the table of the House a list containing the information required by the honourable member.

(c) Since the inception of the Reserve Bank in 1935, no Government balances are kept with the Imperial Bank, and the net effect of the Government transactions (payment and receipts) at their branches is adjusted daily with the Reserve Bank. The question of the Government receiving any interest on deposits with the Imperial Bank of India does not, therefore, arise. No interest is also received from the Reserve Bank as the Government are required to deposit free of interest all their cash balances with the Reserve Bank under the Reserve Bank of India Act.

(d) This question does not arise.

#### STATEMENT

List of branches of the Imperial Bank of India where Government business is transacted.

1920 CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [29TH MARCH 1949]

**PRESS REPRESENTATIVES RECEIVING PAYMENTS FROM STATE OFFICIALS BOTH IN HYDERABAD AND DELHI**

**\*1459. Shri Mahavir Tyagi:** Will the Honourable Minister of States be pleased to state whether it is a fact that some of the press representatives have been found mentioned in the Nizam of Hyderabad's papers as having been receiving payments from the state officials, both in Delhi and Hyderabad, before and after the Police action was taken?

**The Honourable Sardar Vallabhbhai Patel:** Some names do appear in the Government records but I do not consider it would be fair to disclose the names in the absence of evidence to show that the amounts were actually received by the persons to whom the payments purport to have been made. I should like to add that in the administrative conditions of the State at the time the possibility of diversion of funds from their intended purpose cannot be ruled out.

**Shri Mahavir Tyagi:** May I know if those representatives who were stationed at Delhi and who got subsidies from the Nizam, are still on the roll of recognised representatives here?

**The Honourable Sardar Vallabhbhai Patel:** It is not possible for me to ascertain whether these people actually received the subsidies, and therefore I have not answered his question.

**RETIREMENT BENEFITS AND GRATUITY IN CASES OF PREMATURE DEATH OF GOVERNMENT SERVANTS**

**\*1460. Shri Satis Chandra Samanta:** (a) Will the Honourable Minister of Finance be pleased to state whether Government have come to any decision about paragraphs 199 and 199A of the Pay Commission's Recommendations regarding retirement benefits and gratuity in case of premature death of a Government servant and if not, why not?

(b) How long will they take to come to a final decision?

(c) Do Government propose to give any gratuity to the heirs of the Government servants who died before their retirement since the announcement of the Pay Commission's Report and if not, why not?

(d) What is the number of Central Government servants, who died before their retirement since the announcement of the Pay Commission's Report?

**The Honourable Dr. John Matthai:** (a) and (b). The recommendations of the Central Pay Commission regarding retirement benefits are still under consideration and Government expect to come to a decision shortly.

(c) No. It is not the usual practice to give retrospective effect to financial concessions.

(d) Government have no information.

**CADETS IN INDIAN MILITARY ACADEMY**

**\*1461. Shri Ari Bahadur Gurung:** (a) Will the Honourable Minister of Defence be pleased to state the number of Cadets who have been in the Indian Military Academy since the inception of the Post-war Regular Commission Course, i.e., for the second, third, fourth, fifth, sixth and the seventh courses respectively?

(b) How many Cadets have so far received permanent commissions after the inception of these courses?

**The Honourable Sardar Baldev Singh:** (a) and (b). I lay a statement on the table of the House.

| Courses | Number of Cadets who joined for training. |                                                            | Number of Cadets who received permanent commission | Remarks                |
|---------|-------------------------------------------|------------------------------------------------------------|----------------------------------------------------|------------------------|
| 2nd     | 247                                       | plus 42 relegated from the previous Course<br>(Total 289*) | 204                                                | *45 left for Pakistan. |
| 3rd     | 204                                       | plus 20 relegated from the previous Course<br>(Total 224*) | 193                                                | *67 left for Pakistan. |
| 4th     | 207                                       | plus 15 relegated from the previous Course<br>(Total 222)  | } These courses are still running.                 |                        |
| 5th     | 186                                       |                                                            |                                                    |                        |
| 6th     | 160                                       |                                                            |                                                    |                        |
| 7th     | This course will commence in July 1949.   |                                                            |                                                    |                        |

**BANK FAILURES IN BENGAL**

**\*1462. Shri Arun Chandra Guha:** Will the Honourable Minister of Finance be pleased to state:

(a) whether Government are aware of the failures of many banks including some Scheduled Banks in Bengal;

(b) whether Government have enquired into the circumstances leading to such failures;

(c) the amount of deposits and the number of depositors involved in these Bank crashes; and

(d) whether Government intend to take any steps to recover the depositors' money?

**The Honourable Dr. John Matthai:** (a) Yes.

(b) No formal enquiry has been conducted but the causes are well known. Most of the Banks followed unsound policy in the matter of investments, branch expansion and attraction of deposits.

(c) No information regarding non-scheduled banks is available. As regards scheduled banks, information regarding the number of depositors is not available, but the demand and time liabilities of six scheduled banks on the dates nearest to the dates of suspension of payment amounted to Rs. 6,02,24,000.

(d) This is a matter primarily for the consideration of the High Court which has granted a moratorium to these Banks.

**Shri Arun Chandra Guha:** Have the Government made any enquiries about the conduct of those persons who were responsible for these banks?

**The Honourable Dr. John Matthai:** I am waiting for the report that is being prepared under the directions of the High Court. Until that is received, I am not in a position to take any action.

**Shri Arun Chandra Guha:** Have the Government started any enquiry about the personal properties of those persons responsible for the banks?

**The Honourable Dr. John Matthai:** I take it that when the report, which is now being prepared under the orders of the High Court, is available, it will throw a good deal of light on the financial affairs of the company including such questions as those raised by the honourable member.

**Shri R. K. Sidhva:** Arising out of answer to (c), where the Honourable Minister stated that the Government money is not deposited with the Imperial Bank, may I know whether the money is not deposited at even those branches of the Imperial Bank where there are no offices of the Reserve Bank.

**The Honourable Dr. John Matthai:** What is happening is that payments and receipts are adjusted each day, and whatever balance is left is adjusted with the Reserve Bank with reference to the balances held by the Imperial Bank with the Reserve Bank. It is a book transfer.

**Shri R. K. Sidhva:** May I take it that these branches of the Imperial Bank have no cash deposits of the State?

**The Honourable Dr. John Matthai:** Government keep no balance with the Imperial Bank.

**Shri R. K. Sidhva:** I mean, how much surplus, the highest amount, which is in all these Branches? May I have some idea of it?

**The Honourable Dr. John Matthai:** Government are not keeping their balances with the Imperial Bank; they are keeping them with the Reserve Bank.

**Shri B. Das:** May I know if the various reserve funds of the Government of India and the Railway and the municipalities are kept in the Reserve Bank of India or they are kept in the Imperial Bank of India on Reserve Bank account?

**The Honourable Dr. John Matthai:** With the Reserve Bank.

**An Honourable Member:** Has the Reserve Bank certain branches where it keeps the cash balances and does ordinary monetary transactions?

**The Honourable Dr. John Matthai:** Under the Reserve Bank of India Act, we are expected to keep all our cash balances with the Reserve Bank free of interest.

**An Honourable Member:** May I know whether the Government is dealing direct with the Imperial Bank or the Imperial Bank as the agent of the Reserve Bank?

**The Honourable Dr. John Matthai:** Imperial Bank as the agent of the Reserve Bank.

**Shri Mahavir Tyagi:** Why has this agency not been given to any other bank which is Indian and why preference has been given to the Imperial Bank of India?

**The Honourable Dr. John Matthai:** It is an arrangement under the Reserve Bank of India Act, for which I am not responsible.

**Shri R. K. Sidhva:** May I know how much money is kept for the day to day monetary transactions at those branches?

**Mr. Deputy Speaker:** No money is kept direct. The Honourable Minister has already answered.

**Shri R. K. Sidhva:** My point is: is it not a fact that lakhs of rupees are kept with those branches over which no interest is derived, whether you call it cash balances or any balance.

**Mr. Deputy Speaker:** That is under the statute, as has already been said by the Minister.

**Shri Mahavir Tyagi:** Have the Government a proposal under their consideration to change the Reserve Bank with regard to its relationship with the Imperial Bank of India?

**The Honourable Dr. John Matthai:** As I told the House during the debate on the Banking Bill, I am having the position of the Imperial Bank under the Imperial Bank of India Act examined.

### NEW SCHEME FOR AWARD OF SCHOLARSHIPS FOR STUDIES ABROAD

\*681. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Education be pleased to refer to the answer to starred question No. 404 asked on the 23rd August, 1948 regarding scholarships awarded for studies abroad and state whether the new scheme for award of scholarships has since been formulated?

(b) Have any new students been sent in 1948 overseas under the Overseas Scholarship Scheme and if so, how many?

(c) How many of the students who have returned after theoretical education in foreign countries have been absorbed either in service or in business?

(d) Has any effort been made to give practical education to these students after they passed out from Colleges and Universities?

آنریبل مولانا ابوالکلام آزاد : (a) ہاں - اورسٹیز اسکالرشپ اسکیم اب سنہ ۱۹۴۹ء سے جس تھنگ پر چلائی جائے گی اس کا فیصلہ ہو گیا ہے اور نئے سرے سے امیدواروں کے چناؤ کا انتظام کیا جا رہا ہے -

(b) ہیں - کوئی نیا اسکالرشپ نہیں چنا گیا اور نہ بھیجا گیا - ہاں جو اسکالرشپس برسوں میں چنے جا چکے تھے اور اڈمیشن کا یا پیسینج کا انتظام نہ ہو سکے کی وجہ سے نہیں جاسکے تھے ان کے بھیجنے کا انتظام کیا گیا - ان کی تعداد باؤن تھی -

(c) دو سو بیس سنٹرل اسکالرز اس وقت تک واپس آ چکے ہیں - ان میں سے ایک سو تو کام پر لگ گئے ہیں - باقی کے لئے کوشش کی جا رہی ہے - ایک سو تیس پراونشیل اسکالرز واپس ہوئے - ان میں سے چونستہ کام پر لگا دیئے گئے -

(d) پریکٹیکل ٹریننگ اورسٹیز تعلیم کا ایک ضروری حصہ ہے جو حالت اور ضرورت کے مطابق ویدیاتھیں کو دی جاتی ہے -

**The Honourable Maulana Abul Kalam Azad:** (a) Yes; the lines on which the Overseas Scholarships Scheme is to run in its revised form from 1949 onwards have been decided. Arrangements for fresh selections for 1949 are already in progress.

(b) No; except 52 scholars who had already been selected in previous years but could not be sent earlier for want of admission or passage facilities.

(c) Out of 220 Central Scholars so far returned from abroad, 109 have been employed; out of 133 returned Provincial scholars, 64 have been employed.

(d) Practical training forms generally an integral part of the overseas studies and is imparted to the students, wherever necessary and available, according to the recommendations of the sponsoring authorities.

شری آر - کے - سدھوا : میں جناب وزیر صاحب سے یہ جاننا چاہتا ہوں کہ انہوں نے جو یہ کہا کہ نئی اسکیم منظور ہو چکی ہے اس کے لئے ایپلیکیشنس کب منگوائی جاوینگی -

**Shri R. K. Sidhva:** I want to enquire from the Honourable Minister that as he has stated that the new scheme has been approved, so, when the applications for this will be invited?

آنریبل مولانا ابوالکلام آزاد : میں سمجھتا ہوں کہ شاید درخواستیں اکتوبر میں منگوائی جائیں گی۔

**The Honourable Maulana Abul Kalam Azad:** I think that probably the applications will be invited in the month of October.

شری آر۔ کے۔ سدھوا : کوششیں تہی - کے جواب میں جناب وزیر صاحب نے یہ کہ پریکٹیکل ایجوکیشن کی بہت ضرورت ہے - میں پوچھنا چاہتا ہوں کہ اس کے لئے ہندوستان میں کچھ انتظام کیا گیا ہے -

**Shri R. K. Sidhva:** In answer to part (d) of the question, the Honourable Minister has stated that there is a great necessity of practical education. I wish to ascertain if any arrangements for this have been made in India?

آنریبل مولانا ابوالکلام آزاد : اب جو نئی اسکیم چلائی جائیگی اس میں یہ بات رکھی گئی ہے کہ جو سکالر چنے گئے جائیں ان کو کچھ دنوں تک بھیجے گئے ہوں ایک خاص طرح کی ٹریننگ دی جائے -

**The Honourable Maulana Abul Kalam Azad:** In the new scheme that will be introduced it has been decided that the scholars who may be selected may be given a special training for some time before being sent.

श्री मोहनलाल गौतम : यह कहा गया है कि १२२० में से सिर्फ १०९ लगाये गये हैं। वापस आये हुएों में जो १११ बाकी हैं उनके बारे में गवर्नमेंट क्या सोच कर रही है।

**Shri Mohan Lal Gautam:** It is alleged that out of 220 students only 109 have been employed. Out of those who have returned 111 are still unemployed. What thought the Government is giving to them?

آنریبل مولانا ابوالکلام آزاد : ان میں سے ۵۰ کو جگہیں آخر کی گئی ہیں - اور انٹرویوز کے لئے بلایا گیا ہے - باقی کے لئے کوشش کی جا رہی ہے - لیکن آنریبل ممبر کے سامنے یہ بات رہنی چاہئے کہ یہ اسکیم اس تعلق پر پچھلی گورنمنٹ نے چلائی تھی - اور اس میں کوئی شبہ نہیں کہ بہتر پلاننگ کے ساتھ نہیں چلائی تھی جس کی وجہ سے مشکلیں پیش آ رہی ہیں - لیکن موجودہ گورنمنٹ پوری کوشش کر رہی ہے -

**The Honourable Maulana Abul Kalam Azad:** Fifty have been offered posts and called for interview. Efforts are being made for the rest. But the honourable member must bear this in mind that the scheme was launched by the previous Government and there is no doubt that it was not launched with better planning, with the result that difficulties are cropping up. But the present Government is making fullest efforts.

شری دیپس بلدھو گپتا : کیا یہ امر واقعہ نہیں ہے کہ جو یہ ۱۱۱ واپس آئے ہیں ان کو واپسی کے بعد کام دیا گیا ہے وہ کام نہیں ہے جس کے لئے وہ موزوں تھے یا جس کے لئے وہ باہر بھیجے گئے تھے ؟

**Shri Deshbandhu Gupta:** Is it not a fact that after their return these 111 students have not been given the same work for which they were best suited or for which they were sent abroad?

آنریبل مولانا ابوالکلام آزاد : نہیں - میرے خیال میں ایسی بات نہیں ہے

**The Honourable Maulana Abul Kalam Azad:** No, it is not so, so far as I am aware.

شری دیپس بلدھو گپتا : کیا اس کے برعکس ہے -

**Shri Deshbandhu Gupta:** Anything contrary to this?

آنریبل مولانا ابوالکلام آزاد : نہیں جہاں تک ایجوکیشن منسٹری کے علم میں ہے انہیں زیادہ تر انہیں کاموں پر لگایا گیا ہے جس کے لئے وہ بھیجے گئے تھے - ہو سکتا ہے کہ کچھ لوگوں کو اس کام پر نہ لگایا جا سکا ہو اور مجبوری کی وجہ سے دوسرے کام پر لگایا ہو - ایسا ہو سکتا ہے - لیکن یہ میں کہہ سکتا ہوں کہ بڑی تعداد کو انہیں کاموں پر لگایا گیا ہے -

**The Honourable Maulana Abul Kalam Azad:** No. As far as Ministry of Education is aware they have been mostly employed on the duties for which they were sent. It is just possible that some of them may not have been appointed at their proper posts but appointed on other work. It is just possible it may be so, but this I can say that a majority of them have been appointed at their proper places.

श्री महावीर त्यागी : क्या इनको सरकारी कामों पर लगाया गया है या प्राइवेट फर्मों में लगाया गया है ?

**Shri Mahavir Tyagi:** Have they been appointed on Government posts or in private firms?

آنریبل مولانا ابوالکلام آزاد : صرف ۱۷ ایسے ہیں جو پرائیویٹ فرموں میں لگائے گئے ہیں - باقی سرکاری کاموں پر لگائے گئے ہیں -

**The Honourable Maulana Abul Kalam Azad:** Only 17 have been employed in private firms, the rest have been given Government service.

श्री महावीर त्यागी : जितने लोग बाहर तालीम के लिये भेजे गये थे क्या गवर्नमेंट ने उन पर उनकी तालीम में जो सरफा हुआ है वह पूरा अपने खजाने से दिया है।

**Shri Mahavir Tyagi:** Have the Government met from its treasury all the expenses incurred on their education by the students sent abroad?

آنریبل مولانا ابوالکلام آزاد : یقیناً - یہ اسکیم اس انتظام سے چلائی گئی تھی -

**The Honourable Maulana Abul Kalam Azad:** Certainly. This scheme was introduced with this very arrangement.

श्री महावीर त्यागी : जो लोग कि उस तालीम के बाद सरकारी काम पर नहीं लगाये गये, क्या गवर्नमेंट ने कोई ऐसा इन्तजाम किया है कि जहां पर वह

کام करें या तो उन फर्मों से वह सरफा वापिस लिया जाय या वह अपने काम की तनखाह में से वापिस कर ?

**Shri Mahavir Tyagi:** Have the Government made any arrangement that those students who after receiving education have not been appointed on Government posts be made to refund the money spent on their education from their pay or the firms where they are employed be asked to refund the money?

آنریبل مولانا ابوالکلام آزاد : نہیں - اس اسکیم میں کوئی ایسی بات نہیں رکھی گئی -

**The Honourable Maulana Abul Kalam Azad:** No, there was nothing like this in the scheme.

श्री अजित प्रसाद जैन : क्या आनरेबल मंत्री यह बतलाने की मेहरबानी करेंगे कि नयी स्कीम में क्या क्या खास तजवीज हैं और पुरानी स्कीम से वह किस तरह मुस्तलिफ़ हैं ?

**Shri Ajit Prasad Jain:** Will the Honourable Minister be pleased to mention the salient features of the new scheme and how far these differ from the old one?

آنریبل مولانا ابوالکلام آزاد : یہ میں پوری تفصیل تو ابھی نہیں بتا سکتا - اس کے لئے نوٹس کی ضرورت ہے -

**The Honourable Maulana Abul Kalam Azad:** I cannot give the full details just now. I require notice for this.

श्री राज बहादुर : क्या माननीय शिक्षा मन्त्रि यह बताने की कृपा करेंगे कि इन २२० में रियासती विद्यार्थी कितने हैं ?

**Shri Raj Bahadur:** Will the Honourable Minister be pleased to state that out of these 220 students how many come from States?

آنریبل مولانا ابوالکلام آزاد : نوٹس کی ضرورت ہے -

**The Honourable Maulana Abul Kalam Azad:** Notice is required for this.

شری دیپن بندھو گپتا : کیا نئی اسکیم میں اس بات کا انتظام کیا گیا ہے کہ جو ویدارتھی باہر بھیجے جاویں گے ان سب کو کام پر لگایا جا سکے اور ایسا نہ ہو جیسا کہ پچھلی گورنمنٹ کے وقت میں ہوا -

**Shri Deshbandhu Gupta:** Has a provision been made in this new scheme that all the students who will be sent abroad will be employed, lest it may come out to be as happened in the time of the previous Government?

آنریبل مولانا ابوالکلام آزاد : پچھلی اسکیم میں جو خرابیاں رہ گئی تھیں اس کی بڑی وجہ یہ تھی کہ تھیں طرح کا نقشہ نہیں بنایا گیا تھا - اس لئے جو لوگ اب وہاں سے پڑھ کر آتے ہیں ان کو کام پر لگانے میں مشکل پیش آرہی ہے - اب نئی اسکیم میں یہ بات سامنے رکھی گئی ہے کہ صرف اتنے ہی آدمی باہر بھیجے جائیں جن کو واپس آنے پر فوراً کام پر لگایا جا سکے -

**The Honourable Maulana Abul Kalam Azad:** The defects that cropped up in the previous scheme were mainly due to the fact that a proper plan had not been drawn up. So difficulty is being felt in providing suitable work to the persons who return from there after finishing their studies. Now in this new scheme this fact has been taken into consideration that only as many persons be sent abroad as could be employed immediately after their return.

बाबू रामनारायण सिंह : क्या मंत्री महोदय ऐसा कोई समय बतला सकते हैं जब कि हिन्दुस्तान में ऐसा बन्दोबस्त हो जाय कि यहां से विद्यार्थियों को बाहर जाने की जरूरत न रहे बल्कि बाहर के विद्यार्थी यहां पर पढ़ने के लिये आवें ;

**Babu Ramnarayan Singh:** Can the Honourable Minister foretell the time when India may have such facilities that our students may not be obliged to go abroad but students from other countries may come here instead to get their education?

آنریبل مولانا ابوالکلام آزاد : نئی اسکیم جو اب چلائی گئی ہے اسی بنیاد پر چلائی گئی ہے جو روپیہ پہلے پرانی اسکیم پر خرچ کیا جا رہا تھا اس کا ایک بہت بڑا حصہ ملک کے اندر کے انسٹی ٹیوشنوں پر خرچ کیا جائیگا تاکہ انکی طاقت بڑھے اور بہت جلد وہ وقت آجائے کہ باہر بھیجنے کی ضرورت ہی باقی نہ رہے -

**The Honourable Maulana Abul Kalam Azad:** The new scheme that has been introduced is based on this very principle. A major portion of the money that was being spent on the previous scheme will now be spent on the institutions in this country, so that they may be strengthened and a time may soon come when there may not be any necessity of sending students abroad.

شری آر - کے - سدھوا : کیا جناب رزیر صاحب یہ بتاویں گے کہ یہ صحیح ہے کہ اسکات لینڈ میں ہندوستان کے لڑکوں کی ایک میٹنگ ہوئی تھی جس میں ان کے پریسیڈنٹ مسٹر جے - سی گپتا نے یہ کہا تھا :

"We have received 15 letters from returned State Scholars who are walking on streets of New Delhi and seeking for jobs."

اور اگر یہ بات صحیح ہے تو گورنمنٹ ان لڑکوں کے لئے کیا کوشش کر رہی ہے -

**Shri R. K. Sidhva:** Will the Honourable Minister be pleased to state that is it a fact that the Indian students in Scotland held a meeting in which the President Mr. J. C. Gupta stated as follows:

"We have received 15 letters from returned State Scholars who are walking on streets of New Delhi and seeking for jobs"

If this fact is correct, then what efforts the Government are making for these students?

آنریبل مولانا ابوالکلام آزاد : میں نے ابھی آپ سے عرض کیا کہ پچھلی اسکیم کی غلطیوں کے لئے ہم ذمہ دار نہیں ہو سکتے - ہم جو کچھ کر سکتے تھے کر رہے ہیں ہم نے اس کے لئے ایک خاص بورڈ بنایا ہے اور خاص طور سے کوشش کی جا رہی ہے کہ ایک اسکالر بھی بیکار نہ رہے -

**The Honourable Maulana Abul Kalam Azad:** I have just stated that we cannot be held responsible for the shortcomings of the previous scheme. Whatever we could do is being done. We have formed a Special Board for this and special efforts are being made so that not a single scholar may remain unemployed.

**Mr. Deputy Speaker:** I have heard for the past two days similar letters read out by Mr. Sidhva. It will be better, as we have popular Government functioning, if he writes to the Government with regard to these details and avoids questions here on the matters. There are many questions on the Order Paper to be gone through during the question hour.

**श्री मोहनलाल गौतम :** क्या गवर्नमेंट अपनी नयी स्कीम में इस बात का ख्याल रखेगी कि जिन तुलबा को बाहर भेजा जाय वह हिन्दुस्तान में जितनी तालीम यहां हासिल कर सकते हैं उसको हासिल कर लें ?

**Shri Mohan Lal Gautam:** Will the Government make a provision in the new scheme that the students who are sent abroad may receive all the education that they can get here in India?

**آنریبل مولانا ابوالکلام آزاد :** اس بات کا پورا خیال رکھا گیا ہے -

**The Honourable Maulana Abul Kalam Azad:** Fullest attention has been paid to this.

#### BASIC EDUCATION SCHEME IN DELHI PROVINCE

\*682. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Education be pleased to state whether Government have started a Basic Education Scheme in Delhi Province and if so, how many schools under this scheme have been opened and how many boys have been admitted?

(b) Is the scheme confined to rural areas only or to urban areas also and if it is confined to rural areas, what is Government's plan for its extension to urban areas?

(c) What is the number of children in the Delhi Province of the ages of 6 to 11 in rural and urban areas respectively?

**آنریبل مولانا ابوالکلام آزاد :** (a) ہاں دہلی پراؤنس کی دیہاتی آبادیوں میں بیسک ایجوکیشن اسکیم کا کام شروع کر دیا گیا ہے - ایک سو اسکول کھولے جا چکے ہیں اور پچاس اسکول اپریل میں کھلنے والے ہیں - ان اسکولوں میں بچوں کی تعداد چار ہزار کے لگ بھگ ہے -

(b) ہاں اس وقت اسکیم صرف دیہاتی آبادی کے اندر چلائی گئی ہے - کیوں کہ یہ کام ایک کے بعد ایک قدم اُٹھا کر ہی پورا کیا جا سکتا ہے - ایک مرتبہ میں نہیں کیا جا سکتا - سروسٹ گروئنڈز کے سامنے دہلی شہر کے لئے کوئی خاص پلان نہیں ہے - البتہ دہلی میونسپل کمیٹی ایک پلان بنا چکی ہے اور دس اسکول شہر میں کھولے جا چکے ہیں -

(c) آخری سانس ۱۹۴۱ میں لیا گیا تھا اس کے بعد سے آبادی کی حالت بہت کچھ بدل چکی ہے - اس لئے تھپک تھپک تعداد بتلانا مشکل ہے - البتہ ایسا

اندازہ کیا جاتا ہے کہ دہلی پراؤنس میں ۶ سے ۱۱ برس کی عمر کے بچوں کی تعداد ایک لاکھ پچیس ہزار کے قریب ہوئی - ان میں سے چالیس ہزار کے قریب دیہاتی آبادیوں کی تعداد سمجھنی چاہیے -

**The Honourable Maulana Abul Kalam Azad:** (a) The Basic Education Scheme has been introduced in the rural area of the Delhi Province. About 100 schools have been opened already and 50 more will be opened in April, 1949.

The number of pupils (boys and girls) in these schools is 4,000 approximately.

(b) Yes. At present the scheme is confined to rural area only. Facilities for Basic Education are being expanded by stages and at present the Government have no plan for introducing Basic Education in the urban area of Delhi. It may be added for information that the Delhi Municipal Committee has 10 Basic Schools.

(c) As the last Census was taken in 1941 and many changes have taken place since then, only approximate figures can be given. The number of children inclusive of refugees in the Delhi Province of the ages of 6—11 is in the neighbourhood of 1,25,000 of which about 40,000 are in rural area.

**श्री एच. वि. कामत :** इन बेसिक एजुकेशन की शालाओं में छात्रों और

छात्राओं की संख्या कितनी है ?

**Shri H. V. Kamath:** What is the number of boy and girl students in these schools for basic education?

**آنریبل مولانا ابوالکلام آزاد :** میں نے ابھی آپکو جواب دیتے ہوئے تعداد بتائی ہے

کہ ان اسکولوں میں بچوں کی تعداد چار ہزار کے لگ بھگ ہے جس میں کہ بچے اور بچیاں دونوں شامل ہیں -

**The Honourable Maulana Abul Kalam Azad:** I have just stated the number in replying to you. The number of children in these schools is about four thousand, which includes both boys and girls.

**श्री एच. वि. कामत :** उनमें से छात्रों और छात्राओं की तादाद कितनी है ?

**Shri H. V. Kamath:** What out of them are the numbers respectively for boy and girl students?

**آنریبل مولانا ابوالکلام آزاد :** اس کے لئے نوٹس کی ضرورت ہے یہ فکر میں ابھی نہیں بتا سکتا -

**The Honourable Maulana Abul Kalam Azad:** Notice is required for this. I cannot give figures just now.

**Mr. Deputy Speaker:** Mr. Poker.

**Several Honourable Members rose—**

**Mr. Deputy Speaker:** I cannot allow all the members to stand at the same time, and any honourable member putting a question before he is asked to do so. There must be some amount of order maintained in the House. I have called Mr. Poker.

**Mr. B. Poker:** May I just suggest that in view of the importance of this question, you may be pleased to ask the honourable Minister for Education to give the substance of his answer in English, if he is so pleased, or otherwise to make arrangements to have it interpreted?

**Mr. Deputy Speaker:** That is nothing new. The honourable member was not here when such an arrangement was agreed to. Every time the honourable member comes, he puts forward this claim. I know that whenever an honourable member wants an answer, the Honourable Minister has made arrangements for translating his answers in English and if the honourable member had only asked me, I would have asked the honourable minister to read the translation.

**Mr. B. Paker:** I did ask you, Sir.

**Mr. Deputy Speaker:** He must have done so earlier.

**Shri Mahavir Tyagi:** We wanted to put supplementary questions, but the honourable member raised a point of order, therefore we did not stand up.

**श्रीमती जी० दुर्गाबाई :** जनाव, आपने अभी वी० के जवाब में कहा कि एजुकेशन मिनिस्टर्स की कानफ्रेंस हुई थी। इसके बारे में जो रिकमंडेशनस हुई उनके बारे में क्या मैं जान सकती हूँ कि अरबन एरिया में भी स्कीम लगाने की कोई रिकमंडेशन दी गयी या नहीं ?

**Shrimati G. Durgabai:** Sir, you have just stated in reply to (b) that there was a conference of the Education Ministry. As regards its recommendations may I know if any recommendation was made for the extension of the scheme to the urban area or not?

**आनंदिल मल्ला अबुलकलाम आज़ाद :** मैंने अभी आप से कहा कि यह काम ऐसा नहीं है जो एक महीने में पूरा किया जा सके - एक के बाद एक आया जा सकता है - अभी एजुकेशन मिनिस्ट्री ने यह महसूस किया कि सब से ज्यादा ضروری काम दीहाती आबादी का है - इसे शुरू किया गया है - दिल्ली शहर के लिये कोणी खास नक्शा अभी हमारे सामने नहीं है - दिल्ली म्यूनिसिपालिटी ने काम शुरू कर चुकी है और 10 स्कूल शहर में खोले जा चुके हैं - हमें कुछ दिनों انتظار करना पड़ेगा -

**The Honourable Maulana Abul Kalam Azad:** I have just told you that this is not the kind of job that could be accomplished at once. We can go step by step. The Ministry of Education felt that for the present work among the rural population was the most important. So, it has been taken up. We have no special plan for Delhi city before us yet. The Delhi Municipality has started this work and 10 schools have already been opened in the city. We should have to wait for some days.

**श्रीमती जी० दुर्गाबाई :** मैं क्या यह भी जान सकती हूँ कि जो देहात में यह बेसिक स्कूल खोले जाते हैं उनके लिये सरकारी तर से कुछ ग्रांट मिलेगी ?

**Shrimati G. Durgabai:** May I also know if any Government grant will be available for these basic schools which are being started in the villages?

**आनंदिल मल्ला अबुलकलाम आज़ाद :** ग्रांट का سوال ही पैदा नहीं होता - बिसक एजुकेशन स्कीम की पूरी कामे डाय गवर्नमेंट पर है - गवर्नमेंट ही ये स्कूल खोल रही है और تمام खर्च उठा रही है -

**The Honourable Maulana Abul Kalam Azad:** The question of grant does not arise. The entire responsibility for the basic education scheme rests upon the Government. It is the Government that is opening these schools and bearing the entire expenditure.

**श्री दीक्ष बंधु गुप्ता :** क्या मैंने ये दरिअत कर सका हूँ कि इस बिसक एजुकेशन में अदलत एजुकेशन के लिये भी कोणी अंतظام किया गया है ?

**Shri Deshbandhu Gupta:** May I enquire if any arrangements have also been made for adult education under this basic education (scheme)?

**आनंदिल मल्ला अबुलकलाम आज़ाद :** ضرूर - ایسا ہی نقشہ سامنے رکھ کر سکیم چلائی گئی ہے - لیکن ابھی وہ صورت پیدا نہیں ہوئی ہے کہ اقلیت ایجुकیشن پوری طرح سے دی جا سکے - کچھ حلقوں میں ہم شروع کر چکے ہیں اور روز بروز اسے پھیلا رہے ہیں -

**The Honourable Maulana Abul Kalam Azad:** Certainly. The scheme has been started with just such a plan in view, but things have not taken that shape yet when adult education could be imparted to a full extent. We have made a beginning in some areas and are extending it day by day.

**श्री महावीर त्यागी :** इस बुनियादी तालीम में किन किन दस्तकारियों की तालीम दी जाती है ?

**Shri Mahavir Tyagi:** What industries are taught under this basic education?

**आनंदिल मल्ला अबुलकलाम आज़ाद :** اس کے لئے نوٹس کی ضرورت ہے -

**The Honourable Maulana Abul Kalam Azad:** This requires notice.

**श्री महावीर त्यागी :** क्या मैं यह दरियाफत कर सकता हूँ कि इस स्कीम में इस बात का लिहाज रखा गया है, जैसा कि महात्मा गांधी जी चाहते थे कि यह स्कूल अपना खर्च खुद इन दस्तकारियों की आमदनी से उदास्त कर सकें ?

**Shri Mahavir Tyagi:** May I enquire whether this scheme has any regard for the fact, as desired by Mahatma Gandhiji, that these schools should be in a position to pay their own way with the help of the income from these industries?

**आनंदिल मल्ला अबुलकलाम आज़ाद :** नहीं - गवर्नमेंट ने इस स्कीम पर पूरी तरह ध्यान दिया - वह इस निश्चय पर पहनचपी है कि ये दस्तकारियाँ तालीम के लिये बहुत مفید हैं - लेकिन उन से ये امید नहीं करनी चाहते कि ये अपना सारा खर्च पूरा कर सकें -

**The Honourable Maulana Abul Kalam Azad:** No. The Government gave their full consideration to this scheme. It came to the conclusion that these industries are very useful for education but it should not be expected of them that they should be able to meet their entire expenditure.

**मस्तर तजमल حسین :** کیا میں یہ پوچھ سکتا ہوں کہ جب کہ اس اسکیم کو چلانے کے لئے مہانما گاندھی جی کی یہ ایڈوائس تھی کہ دستکاروں سے جو روپیہ ملے وہ

اس میں لگایا جائے۔ تو ان اسکولوں کا جو سالانہ خرچہ ہوگا اس میں حکومت کو کتنا خرچ کرنا پڑیگا۔

**Mr. Tajamul Husain:** May I enquire, in view of the fact that Mahatma Gandhiji's advice with regard to the bringing into operation of this scheme was that the income obtained from the industry should be expended thereon, how much of the annual expenditure on these schools will have to be borne by the Government?

آنریبل مولانا ابوالکلام آزاد: میں اس وقت تعداد تو نہیں بتا سکتا۔ لیکن بہت خرچ ہوگا؟

**The Honourable Maulana Abul Kalam Azad:** I cannot give the amount just now, but the expenditure would be considerable.

#### EVACUATION OF NON-MUSLIMS OF SKARDU, KASHMIR

\*683. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Defence be pleased to state the number of non-Muslims who were residents of Skardu after the fall of Skardu (Kashmir Frontier)?

(b) Is it a fact that they are confined in a Fort without being provided with sufficient food and cloth?

(c) Have Government made any enquiries about their whereabouts and safety?

(d) Have Government explored means to evacuate them?

**The Honourable Sardar Baldev Singh:** (a) According to the information available with us the number of non-Muslim residents of Skardu after its fall was 173.

(b) It is understood that these non-Muslims are still being kept in Fort Skardu but no definite information regarding their food and cloth situation is available.

(c) On receiving reports that these non-Muslims were being ill-treated, a protest was made to the Government of Pakistan.

(d) The matter was raised at the Inter-Dominion C-in-C's Conference and it was stated by the Pakistan representative that owing to climatic conditions and the distance involved it would not be possible to repatriate the persons before Spring 1949.

**Shri R. K. Sidhva:** May I know if there has been any fatality in the number of these persons who are kept in Fort Skardu?

**The Honourable Sardar Baldev Singh:** We have got no definite information but it is reliably reported that after the fall of Fort Skardu, the hostiles killed most of the male Sikhs, but the exact number is not known.

**Shri R. K. Sidhva:** May I know, Sir, whether the names of these 173 are available for the information of the relatives?

**The Honourable Sardar Baldev Singh:** No, Sir. Not at present.

**Shri H. V. Kamath:** As regards these people who have been confined within the Skardu Fort, were they not released even after the Cease Fire agreement was signed?

**The Honourable Sardar Baldev Singh:** As I stated, arrangements are being made to repatriate them to India.

**Dr. Mono Mohan Das:** May I know, Sir, whether Col. Thapa, who was in charge of the Skardu Garrison, when it fell to the Pakistan armies, has been released from Pakistan?

**The Honourable Sardar Baldev Singh:** I have not got any definite information, but arrangements are being made for the release of all the military personnel that were in possession of the Pakistan Armies.

#### REPORT re MILITARY ADMINISTRATION OF HYDERABAD

\*684. **Prof. N. G. Ranga:** Will the Honourable Minister of States be pleased to state:

(a) whether any half-yearly report of the Military administration of Hyderabad is proposed to be published;

(b) whether the enquiries into the financial dealings in India and abroad of the Laik Ali administration have been completed;

(c) if so, what the main findings are;

(d) what happened to the sums in London transferred by the Hyderabad envoy to United Nation Organisation to the account of a Pakistan Official; and

(e) whether the Hyderabad funds deposited in the Reserve Bank etc. in Pakistan by Hyderabad representatives have been recovered by the State?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) No.

(b) No.

(c) Does not arise.

(d) and (e). Appropriate steps are being taken to safeguard the interests of the State in all these matters.

#### OPIMUM SEIZED IN COURSE OF SMUGGLING

\*685. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Finance be pleased to state the total quantity of opium seized while being smuggled from India into (i) Ceylon, (ii) Burma and (iii) China?

(b) What has become of the opium so seized and what is the value thereof?

(c) What were the steps taken against the smugglers?

**The Honourable Dr. John Matthai:** (a) The total quantity of opium seized in the course of smuggling from India to Burma and China during the year 1948 was 3 maunds 36 seers and 25 maunds 5 seers respectively. No case of attempted smuggling of opium from India to Ceylon was detected during that year.

(b) The seized opium was sent to the Government of India's Opium Factory at Ghazipur, except in one case in which, under the orders of the Magistrate, the drug was delivered to the Provincial Excise authorities. The value of the seized opium during 1948 was Rs. 5,03,205.

(c) The smugglers were ordinarily handed over to the Police and prosecuted. In cases where ownership could not be established or in very minor cases the seized opium was confiscated and penalties imposed by the Customs authorities under the Sea Customs Act.

† Answer to this question laid on the table, the questioner being absent.

## PRIVILEGE TICKET-ORDER CONCESSION TO NON-RAILWAY GOVERNMENT SERVANTS

†\*686. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether the Privilege Ticket-Order Concession for Civil Government employees has come into force?

(b) Is it a fact that payments are made after the journeys are performed?

(c) Do Government propose to consider the question of issuing concession vouchers instead of paying in cash?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) Yes. The P.T.O. Concession for non-railway Central Government servants has been introduced with effect from 1st January, 1948.

(b) Yes.

(c) Payment in cash is only an interim arrangement. The P.T.O. forms (or concession vouchers, as referred to by the honourable member) are being printed. They will be issued shortly.

\*687. [WITHDRAWN.]

## ANTI-ILLITERACY DRIVE IN DELHI AND AJMER-MERWARA

\*688. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Education be pleased to state what steps the Government of India have taken so far, or intend to take now to wipe out illiteracy in the rural areas of Delhi and Ajmer-Merwara?

(b) Do Government intend to make any arrangements for primary education of illiterate adults—male and female—in the Provinces of Delhi and Ajmer-Merwara?

(c) If so, what are the details of the scheme and when is it likely to be implemented and if not, why not?

آنریبل مولانا ابوالکلام آزاد : (a) سے (c) جہانگیر ایسے بچوں کی پڑھائی کا تعلق ہے جو اسکول جانے کی عمر کے ہیں آنریبل ممبر اس جواب کو دیکھ لیں جو خود انہی کے ایک سوال نمبری ۴۵۶ کے جواب میں ۱۷ فروری ۱۹۴۹ کو دیا جا چکا ہے۔ گورنمنٹ آف انڈیا نے دہلی اور اجمیر میروارہ کے لئے ایک اسکیم سوشل ایجوکیشن کی بنائی ہے جس کا مقصد یہ ہے کہ ۲۵ - برس تک کی عمر کے آدمیوں کی پڑھائی تک کا انتظام کیا جائے اور پانچ برس کے اندر کم سے کم پچاس فیصدی آدمیوں کو لکھنا پڑھنا اور اپنے دیس کی باتوں کو سمجھنا بوجھنا سکھا دیا جائے دہلی پرائس میں یہ کام شروع ہو چکا ہے اور اجمیر میروارہ میں نئے فنانسنگل برس سے شروع ہو جائے گا۔

**The Honourable Maulana Abul Kalam Azad:** (a) to (c). So far as children of school going age are concerned, the attention of the honourable member is drawn to answers given to parts (c), (d) and (e) of his own Starred Question No. 456, dated the 17th February, 1949. The Government have also prepared a scheme of Social Education for Delhi and Ajmer-Merwara, which aims at achieving the target of 50 per cent. literacy for adults between the ages of 12

† Answer to this question laid on the table, the questioner being absent.

to 45, in the course of the next five years. The scheme has already been introduced in Delhi and will be started in Ajmer-Merwara from the next financial year.

**Mr. Deputy Speaker:** The answer may be translated now.

**Shri H. V. Kamath:** Nobody asked for it, Sir.

**Mr. Deputy Speaker:** Mr. Paker already asked last time. I do not want any honourable member not to understand what the Honourable Minister says.

(The Honourable Shri Satyanarayan Sinha read out the English translation of the Answer.)

श्री एच० वि० कामत : क्या जनाव मोहतरिम वजीर तालिम यह बतलाने की मेहरबानी करेंगे कि दिल्ली और अजमेर मेरवाड़ा में देहाती और शहरी इलाकों में फी सदी कितने लोग निरक्षर हैं ?

**Shri H. V. Kamath:** Will the Honourable Minister for Education be pleased to state what is the percentage of the illiteracy in the rural as well as urban areas of Delhi and Ajmer-Merwara?

آنریبل مولانا ابوالکلام آزاد : میں یہ فکر اسوقت تو نہیں بتلا سکتا۔

**The Honourable Maulana Abul Kalam Azad:** I cannot give these figures just now.

**Shri C. M. Poonacha:** May I know, Sir, what was the reason that the other Centrally Administered areas were not included in this adult education scheme?

آنریبل مولانا ابوالکلام آزاد : اب صرف تیسرا ایویا وہ جاتا ہے کرگ کا - وہاں سے پانچ اسکالر اہ باد کے ٹریننگ کالج میں داخل کئے گئے ہیں اور یہ امید کی جاتی ہے کہ بہت جلد وہ اپنی تعلیم وہاں پوری کرلیں گے اور اس کے بعد کرگ میں کام شروع کیا جا سکے گا۔

**The Honourable Maulana Abul Kalam Azad:** Now there remains only the third area of Coorg. Five scholars from there have been admitted into the training college at Allahabad. It is expected that they would soon complete their education there, after which it will be possible to start work in Coorg.

श्री सीता राम एस० जाजू : क्या पन्त पिपलोदा इसमें शामिल नहीं होगा ?

**Shri Sita Ram S. Jajoo:** Will Pant Piploda not be included therein?

## STATES NOT YET REPRESENTED IN CONSTITUENT ASSEMBLY

\*689. **Shrimati Dakshayani Velayudhan:** Will the Honourable Minister of States be pleased to state:

(a) whether there are any States that have not sent their representatives to the Constituent Assembly after acceding to the Indian Union;

(b) the names of those States; and

(c) the reasons for their not sending representatives to the Constituent Assembly?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) and (b). Bhopal and Jammu and Kashmir States have not sent representatives to the Constituent Assembly.

(c) Generally speaking it is for the States to decide whether they should send their representatives to the Constituent Assembly.

**Shri Brajeshwar Prasad**: What about Hyderabad?

**The Honourable Shri Satyanarayan Sinha**: The Nizam has not yet formally signed the Instrument of Accession.

**Shri H. V. Kamath**: Is the Minister aware that Vindhya Pradesh and Patiala and East Punjab States Union have also not sent representatives to the Constituent Assembly?

**The Honourable Shri Satyanarayan Sinha**: I have said that Bhopal, Jammu and Kashmir have not sent representatives.

**Shri H. V. Kamath**: What about Patiala, and East Punjab States Union and Vindhya Pradesh?

**Mr. Deputy Speaker**: The honourable member has said that Patiala has sent representatives.

**An Honourable Member**: No, no.

**Shri H. V. Kamath**: Does the Government propose to call upon Bhopal, Jammu and Kashmir to send representatives to the Constituent Assembly in time for the next session?

**The Honourable Shri Jawaharlal Nehru**: No.

**Shri H. V. Kamath**: What about Vindhya Pradesh?

**The Honourable Shri Jawaharlal Nehru**: Reference has been made to Kashmir, Hyderabad and Bhopal. The House will realise that each of these cases stands on a particular footing. While we welcome their representatives here, we cannot request them to send representatives because the conditions are special in each case and have to be dealt with in a special manner.

**Shri H. V. Kamath**: Not even Bhopal, Sir?

**The Honourable Shri Jawaharlal Nehru**: I am sorry. In Bhopal certain changes have taken place and are taking place and I am not in a position to say at what stage that particular matter is.

**Sardar Bhopinder Singh Man**: Is it a fact that Faridkot, Nabha, Kapurthala and other States which have integrated with Patiala had one representative here before their integration and that too has been taken away by the Rajapramukh of Patiala?

**The Honourable Shri Satyanarayan Sinha**: I want notice.

**The Honourable Shri Jawaharlal Nehru**: I am afraid my colleague and I are not in a position to answer this question. We have not got sufficient data before us.

#### PAKISTAN'S COMPLAINT IN SECURITY COUNCIL *re* HYDERABAD

**\*690. Pandit Mukut Bihari Lal Bhargava**: Will the Honourable Minister of States be pleased to state what policy the Government of India have so far pursued and intend to follow in future, in connection with the complaint lodged by Sir Mohammed Zafrullah, Pakistan's Foreign Minister, in the U.N.O. regarding Hyderabad State?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): The Government of India have throughout taken the stand that the United Nations Organisation has no jurisdiction to deal with the matter and that after the complaint has been withdrawn by the Nizam it is not necessary for India to be represented at the Security Council proceedings. The Government of India adheres to this view.

**Shri H. V. Kamath**: Has Mr. Zafrullah Khan's application or complaint lodged by him in the U.N.O. been kept alive by the U.N.O.?

**The Honourable Shri Jawaharlal Nehru**: So far as we know, the U.N.O. never lets anything go out; they remain in their files for ever and ever. Whether it is alive or not is for the U.N.O. to say.

#### RE TRANSFER OF BANK BALANCES OF HYDERABAD IN FOREIGN COUNTRIES

**\*691. Pandit Mukut Bihari Lal Bhargava**: Will the Honourable Minister of States be pleased to state whether Government have taken any steps to secure the re-transfer of Hyderabad State Treasury Bank balances in foreign countries which were illegally transferred to the personal accounts of various officials of the late Government of the Nizam?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): Yes.

#### RECOGNITION OF INDIAN UNION FLAG BY STATES

**\*692. Shrimati Dakshayani Velayudhan**: (a) Will the Honourable Minister of States be pleased to state whether the States that have joined the Indian Union are expected to replace the State flags by the Union flag?

(b) If not, are they allowed to hoist their State flags along with the flag of the Indian Union?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) and (b). Acceding States are now part of the Union of India and the National Flag of India is also their National Flag. There is no intention however that within a State the National Flag should supplant the distinctive flag of the Ruler of that State.

#### FORMATION OF HOUSE CONSTRUCTION CORPORATION

**\*693. Pandit Mukut Bihari Lal Bhargava**: (a) Will the Honourable Minister of Finance be pleased to state whether the Government of India have taken any decision to form a House Construction Corporation on commercial lines, and if so, by what time is it likely to come into existence and what will be the total capital required therefor?

(b) What will be the extent of Government's investment in it or will the shares of the said Corporation be open to the public or will it be wholly a Government concern?

(c) Do Government intend to bring any legislation for the purpose and if so, by which date are they likely to introduce the same in the Parliament?

**The Honourable Dr. John Matthai**: (a) No.

(b) and (c). Do not arise.

#### STUDENTS TO BE SENT ABROAD FOR TECHNOLOGICAL EDUCATION

**\*694. Srijut Kuladhar Chaliha**: (a) Will the Honourable Minister of Education be pleased to state the number of students going to be sent abroad for technological education in the year 1949-50 from different provinces of the Indian Union?

(b) What is the number allotted to each province?

آنریبل مولانا ابوالکلام آزاد : (a) اور (b) ایسے و دیار تھیں کا نمبر ابھی نہیں بتایا جا سکتا۔ ابھی یہ بات معلوم کی جا رہی ہے کہ پراونشیل گورنمنٹوں کو ٹرینڈ آدمیوں کی کیسی اور کتنی ضرورت ہو گی۔ گورنمنٹ آف انڈیا کی منسٹریوں یونیورسٹیوں اور ٹیکنالوجیکل انسٹیٹیوٹوں میں سے بھی اس بارے میں بات چیت چل رہی ہے جب یہ بات معلوم ہو جائیگی کہ کس جگہ کتنی مانگ ہے اور کتنے آدمیوں کو اس برس بھیجنا ہے۔ تو پھر اس بات کا فیصلہ ہوگا کہ پراونٹوں کا کیا کوٹا ہونا چاہئے۔

**The Honourable Maulana Abul Kalam Azad:** (a) and (b). Requirements of Provincial Governments in regard to trained personnel are being ascertained. Ministries of the Government of India, Universities and Technological Institutions, etc., are also being consulted. As soon as the various demands are received, quota to be allocated to the different provinces will be determined.

श्री सीता राम एस० जाजू : क्या प्रान्तीय सरकारों के साथ रियासतों का सवाल भी सोचा गया ?

**Shri Sita Ram S. Jajoo:** Was the question of the States also taken into consideration along with the Provinces?

آنریبل مولانا ابوالکلام آزاد : ہاں ریاستیں بھی اس لائن میں آجاتی ہیں۔

**The Honourable Maulana Abul Kalam Azad:** Yes, the States also come in this category.

श्री एच० वि० कामत : क्या माननीय शिक्षा मंत्री यह बतलाने की कृपा करेंगे कि किस बिना पर हर एक प्रान्त का कोटा तय किया जाता है ?

**Shri H. V. Kamath:** Will the Honourable Minister for Education kindly state on what basis the provincial quota is fixed?

آنریبل مولانا ابوالکلام آزاد : اس لئے کوئی ایک اصول نہیں بتایا جا سکتا۔ یہ دیکھا جائیگا کہ کس پراونٹ کو کتنی ضرورت ہے اور آئندہ پانچ برس کے اندر کتنے کاموں کو آگے بڑھانا ہے اور اس کے لئے کتنی آدمی چاہیں ان باتوں کو دیکھ کر تعداد مقرر کی جائیگی۔

**The Honourable Maulana Abul Kalam Azad:** For this, no definite principle can be quoted. The number would be fixed after taking into consideration the needs of the Provinces and in the next five years which works are to be carried forward and for them how many people would be required.

**Srijut Kuladhar Chaliha:** May I know what is the sum allotted for each province at least?

آنریبل مولانا ابوالکلام آزاد : میں نے ابھی کہا کہ اس بارے میں کوئی کوٹا مقرر نہیں کیا گیا ہے۔ اب دیکھا جائیگا۔ کہ کونسے سمجھوتے ایسے ہیں کہ جن کے لئے ہم کو آگے پانچ برس میں ٹرینڈ آدمیوں کی ضرورت ہے اور کس جگہ کی مانگ کتنی ہے اس کو دیکھ کر کوٹا مقرر کیا جائیگا۔

**The Honourable Maulana Abul Kalam Azad:** I have just stated that no quota in this respect has been fixed. Now it will be seen for what subjects we stand in need of trained personnel in the next five years, and what are the demands of the various places. The quota will be fixed after taking this into consideration.

श्री देशबन्धु गुप्ता : क्या दिल्ली और अजमेर भी इस फहरत में शामिल हैं -  
**Shri Deshbandhu Gupta:** Are Delhi and Ajmer also included in the list?

آنریبل مولانا ابوالکلام آزاد : یقیناً۔

**The Honourable Maulana Abul Kalam Azad:** Certainly.

श्री रामचन्द्र उपाध्याय : क्या रियासतों से, जैसे सूबों से पूछा गया है, पूछा जायगा ?

**Shri Ram Chandra Upadhyaya:** Like the Provinces will the States also be asked their opinion?

آنریبل مولانا ابوالکلام آزاد : تمام ریاستوں سے نہیں لیکن بعض ریاستیں جو اب شامل ہو چکی ہیں وہ پراونٹوں کی صف میں آ جاتی ہیں۔

**The Honourable Maulana Abul Kalam Azad:** Not from all the States but from some of those states which have merged and so these come in the category of the Provinces.

श्री रामचन्द्र उपाध्याय : मेरा सवाल यह है कि उनसे पूछ लिया गया है

या नहीं ?

**Shri Ram Chandra Upadhyaya:** My question is whether they have been consulted or not?

آنریبل مولانا ابوالکلام آزاد : کارروائی ہو رہی ہے اور جس طرح صوبوں سے پوچھا گیا ہے ان ریاستوں سے بھی پوچھا جا رہا ہے۔

**The Honourable Maulana Abul Kalam Azad:** Action is being taken and the States are also being consulted on the same lines as were the Provinces.

श्री एच० वि० कामत : कोटा एजुकेशन मिनिसट्री मकरर करती है या कोई

खास सेलेशन बोर्ड है ?

**Shri H. V. Kamath:** Is the quota fixed by the Education Ministry or is there any special Selection Board?

آنریبل مولانا ابوالکلام آزاد : کوٹہ (quota) ایجوکیشن منسٹری نہیں تقسیم کریگی بلکہ کوٹہ کمیٹی (quota committee) تقسیم کریگی جس میں سنٹرل گورنمنٹ کی شریک ہونے والی سبھی منسٹریاں اور فنانس (Finance) منسٹری کا ایک نمائندہ شامل ہونگے۔

**The Honourable Maulana Abul Kalam Azad:** The quota will be distributed not by the Education Ministry but by a Quota Committee on which all participating Ministries of the Central Government and a representative of the Ministry of Finance will work.

CASES OF CORRUPTION IN CENTRAL GOVERNMENT SERVICES

\*695. **Shri K. Hanumanthaiya:** (a) Will the Honourable Minister of Home Affairs be pleased to state how many cases of corruption in Central Government Services were brought to the notice of Government in 1948?

+ A revised by the Honourable Minister of Education.—Ed. of D.

- (b) How many of these cases were tried?  
 (c) In how many cases were the accused found guilty?  
 (d) What punishments were meted out to the offenders?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) 476.

(b) 106 cases were sent up for trial; 19 cases were decided, 11 ending in conviction and 8 in acquittal. The remaining 87 cases are still under trial.

(c) Thirteen.

(d) In the cases ending in judicial conviction, sentences ranging from surety for good behaviour for a sum of Rs. 100 to rigorous imprisonment for one year in addition to a fine of Rs. 500 were passed. In the two cases decided departmentally one public servant was removed from service and another punished by being made to pay additional house rent as he had sublet the house allotted to him by Government.

#### DEPUTATION TO RUSSIA TO STUDY METHOD OF TACKLING MULTI-LINGUAL PROBLEM

\*696. **Shri V. C. Kesava Rao**: (a) Will the Honourable Minister of Education be pleased to state whether there is any proposal before the Government of India to send a deputation to U. S. S. R. to study the ways in which Russia has tackled her multi-lingual problems?

(b) If the answer to part (a) above be in the negative, do Government propose to consider this matter?

**The Honourable Maulana Abul Kalam Azad**: (a) and (b). No. But the Government are examining a proposal to send to U.S.S.R. and several other countries a small deputation of educationists to study their methods of Social Education. Should such a deputation be sent, it will be asked to study the question mentioned by the honourable member.

#### PERSONS EMPLOYED THROUGH TRANSFER BUREAU

\*697. **Shri R. K. Sidhva**: Will the Honourable Minister of Home Affairs be pleased to state how many applications were received in the Transfer Bureau and how many persons have secured employment during the year 1948.

**The Honourable Shri Satyanarayan Sinha** (Minister of State): During the calendar year 1948, the number of persons registered at the Transfer Bureau was 6,683. Of these 4,331 are definitely known to have been absorbed in various Departments of the Government of India. 1,378 other candidates were also nominated during this period but reports about their absorption or otherwise have not so far been received from the appointing authorities.

#### FINANCIAL AID TO REFUGEES BY REHABILITATION FINANCE ADMINISTRATION

\*698. **Pandit Mukut Bihari Lal Bhargava**: Will the Honourable Minister of Finance be pleased to state:

(a) what financial aid in the form of grants or loans has been given by the Rehabilitation Finance Administration so far to the refugees and what the basis and objects, and the terms and conditions of such financial aid are; and

(b) whether the aid has been given to refugees settling in all the provinces or whether the same has been given on the recommendation of the Provincial Governments or in any other manner?

+ Answer to this question laid on the table, the questioner being absent.

+ Answer to this question laid on the table, the questioner having exhausted his quota.

**The Honourable Dr. John Matthai**: (a) The Rehabilitation Finance Administration gives only loans and not grants. The object of these loans is to enable displaced persons to settle in business or industry. Up to the 5th January, 1949, loans aggregating Rs. 48,93,500 were sanctioned by the Administration. The following are the terms and conditions on which loans are sanctioned:

*Interest*.—Six per cent. per annum but if the financial position of the Administration permits some rebate may eventually be given in respect of interest charges;

*Repayment*.—in annual instalments spread over a period of not exceeding ten years;

*Guarantors*.—where possible, one or more guarantors are taken;

*Additional security*.—such as insurance policies, shares, immovable property, etc., is taken where available.

(b) A displaced person settling anywhere in the Provinces of India is eligible for a loan. A displaced person settling in an acceding State is also eligible for a loan, if the State concerned is agreeable to giving the Administration similar powers in regard to realisation of loans as it has in India. The loans so far sanctioned are in favour of displaced persons who have settled in the Provinces of Delhi, U.P., East Punjab, Bombay, West Bengal, Ajmer-Merwara, and C.P. and in the States of Tehri Garhwal, Patiala, Kotah, Bharatpur and Gwalior.

In all cases the Administration makes its own investigation but the Provincial or State Government concerned is also consulted in cases where this appears necessary or advisable.

**Shri B. Das**: What is the total amount of grants and loans advanced so far under the two categories (a) grants, (b) loans?

**The Honourable Dr. John Matthai**: I said in the answer that the amount sanctioned so far as loans amounts to 48 lakhs of Rupees.

**Shrimati Renuka Ray**: What is the total amount of these loans given to refugees from Eastern Pakistan?

**The Honourable Dr. John Matthai**: I have not the exact figure now but the total number of applications that have been so far sanctioned, comes to somewhere about 370. Out of that I should say about 50 are loans which have been sanctioned in respect of East Pakistan.

**Sardar Bhopinder Singh Man**: Are doctors and lawyers given the benefits of this scheme? If not, why not?

**The Honourable Dr. John Matthai**: As regards professional people, the assistance is given directly by Government.

**Shrimati Renuka Ray**: Is it proposed to raise the amount of loans given to refugees from Eastern Pakistan in the near future.

**The Honourable Dr. John Matthai**: If loan applications come from Eastern Pakistan they will be given the same consideration as applications coming from elsewhere.

**Shri Ram Chandra Upadhyaya**: Were any loans advanced to persons in the Matsya Union? If so, how much?

**The Honourable Dr. John Matthai**: I am not in a position to give the answer. But I could give the honourable member the answer if he wants it.

**Shri Arun Chandra Guha:** As for the non-Scheduled Banks, will Government enquire about the amount of deposits involved?

**The Honourable Dr. John Matthai:** For the moment the enquiry is confined to the Scheduled Banks, which are in trouble.

**Shri Arun Chandra Guha:** The Honourable Minister has given only the time and demand liability of those banks but not the larger liabilities.

**The Honourable Dr. John Matthai:** I shall be able to tell the honourable member when the full report is available.

**Shri Arun Chandra Guha:** Is there any scheme of Government whereby the depositors' money may be guaranteed, something like the Federal Insurance Corporation of America?

**Mr. Speaker:** Order, order. I presume liquidation proceedings are pending?

**The Honourable Dr. John Matthai:** That is so.

**Mr. Speaker:** Then the matter becomes *sub judice*.

**Dr. P. S. Deshmukh:** Has the Reserve Bank issued instructions not allowing the Scheduled Banks to give any cash credit to individuals or firms?

**The Honourable Dr. John Matthai:** Does that question arise?

**Dr. P. S. Deshmukh:** So far as the Bengal Scheduled Banks are concerned, the remaining Scheduled Banks, are they . . .

**Mr. Speaker:** That does not arise, except if we refer to the duty of the Reserve Bank, as the honourable member seems to think, to help these banks in the matter of cash.

**Dr. P. S. Deshmukh:** So far as the remaining Scheduled Banks are concerned, as a result of the working of the Banks in the Bengal Presidency, have any instructions been issued to the rest of the Scheduled Banks not to give cash credits?

**The Honourable Dr. John Matthai:** Not to my knowledge.

**Shri L. Krishnaswami Bharathi:** The Honourable Minister said that there was a moratorium. Are we to understand that there are actually liquidation proceedings? A moratorium is different from liquidation proceedings.

**The Honourable Dr. John Matthai:** I am glad that my honourable friend has raised that question. That is the correct position.

**Shri Arun Chandra Guha:** Has not the Reserve Bank any special responsibility to help these Scheduled Banks whenever they are in trouble?

**Mr. Speaker:** Order, order. That is an argument.

**Shri R. K. Sidhva:** How many of the Scheduled Banks failed?

**The Honourable Dr. John Matthai:** Six.

**Shri R. K. Sidhva:** May I know whether the Reserve Bank made periodical inspections under the rules? If so, how many times?

**The Honourable Dr. John Matthai:** I am not in a position to give the answer straightaway. But I could get the information.

**Shri Arun Chandra Guha:** Have Government any information that these banks were running in a very bad way and a crisis was impending any moment?

**The Honourable Dr. John Matthai:** I expect the Reserve Bank in the ordinary course of its duties would have got into touch with the position in Bengal, and when the crisis actually arose, as far as my information goes, the Reserve Bank went to their assistance to the best of its ability as far as circumstances permitted.

**Shri Arun Chandra Guha:** Would the Government enquire into the conduct of those persons to see whether any investment was on their own personal name or put into some other *Benami* transaction?

**The Honourable Dr. John Matthai:** As soon as the auditors' report is available, I am prepared to go into all these questions. (*Interruption.*)

**Mr. Speaker:** Order, order. I think we may go to the next question.

#### RECONSTRUCTION SCHEME FOR FAILED BANKS IN WEST BENGAL

**\*1463. Shri Arun Chandra Guha:** Will the Honourable Minister of Finance be pleased to state:

(a) whether in view of the recent bank failures in West Bengal, Government have any reconstruction scheme so that the realisable assets of these banks may be capitalised to form a new bank; and

(b) whether Government have any scheme to help the smaller banks, particularly those of West Bengal?

**The Honourable Dr. John Matthai:** (a) A decision on the feasibility of setting up a Bank of Reconstruction can be taken only after the financial position of the banks which closed their doors is known with more accuracy, but it seems unlikely that such a bank could effectively be set up.

(b) There is no special scheme, but the assistance of the Reserve Bank of India is available under Sections 17 and 18 of the Reserve Bank of India Act. Assistance under section 17 is confined to scheduled banks against prescribed securities. Section 18 covers assistance to other banks as well and accommodation under this section is available when in the Reserve Bank's view an emergency has arisen. The general policy is to assist sound units in the banking system to enable them to tide over any crisis beyond their control. The Reserve Bank also offers advice and guidance to scheduled as well as non-scheduled banks by issue of circulars from time to time on important aspects concerning bank management.

**Shri Arun Chandra Guha:** Will the Government consider the desirability of looking into the affairs of those small banks and take effective steps so that there may not be any more banking crises or bank failures?

**The Honourable Dr. John Matthai:** As far as these banks which have now suspended operation are concerned, I think we have in them a big enough problem. I think the best thing is to concentrate whatever resources we have on giving assistance to these banks if circumstances permit.

**Shri Arun Chandra Guha:** I am speaking of those banks that are still working but are not on a sound footing and there is a fear of a crisis any day.

**The Honourable Dr. John Matthai:** We are keeping a watch on the situation.

**Shri R. K. Sidhva:** Arising out of (a) what is the procedure when there is a false panic or rush on the bank? Does the Reserve Bank come to the assistance of such banks?

**The Honourable Dr. John Matthai:** The reserve Bank watches the situation and if they find in the circumstances that assistance is called for they give it.

**Shri R. K. Sidhva:** Have they paid any substantial amounts to these banks in West Bengal?

**The Honourable Dr. John Matthai:** In the case of some banks, they have offered some assistance.

**Shri Arun Chandra Guha:** Will the Government consider the advisability of taking over those small banks or giving them sufficient guarantee so that they may be run on a sound footing?

**Mr. Speaker:** Order, order. The honourable member is making suggestions.

## REVENUE FROM ENHANCED EXCISE DUTY ON TOBACCO, CIGARETTES AND TEA

\*699. **Dr. P. S. Deshmukh:** (a) Will the Honourable Minister of Finance be pleased to state the revenue realised from the enhanced excise duty on tobacco, cigarettes and tea separately?

(b) What was the revenue for the same period before enhancement?

(c) When did the enhanced rates come into effect?

**The Honourable Dr John Matthai:** (a) to (c). The year of enhancement has not been specified by the honourable member, but apparently the reference is to the enhancement in the rates of excise duty made by the Indian Finance Act, 1948. These rates of duty took effect from the 29th February, 1948. A comparative statement showing the revenue realised on these commodities during the period from March to November, 1947 and 1948 is laid on the table of the House. There was no excise duty on cigarettes prior to the 29th February, 1948.

## STATEMENT

*Revenue realised on Tobacco, Cigarettes and Tea from March to November 1947 and 1948*

| Commodity              | March to November |          |
|------------------------|-------------------|----------|
|                        | 1947              | 1948     |
|                        | Rs.               | Rs.      |
| Unmanufactured tobacco | 12,07,45          | 14,75,54 |
| Cigars and charoots    | 10,79             | 12,34    |
| Cigarettes             | ..                | 4,69,56  |
| Tea                    | 1,58,23           | 3,76,75  |

## TRAVELLING EXPENDITURE OF MINISTERS

\*700. **Sardar Hukam Singh:** (a) Will the Honourable Minister of Home Affairs be pleased to state what is the total expenditure incurred by each of the Ministers as well as the Ministers of State including their personal staff during the last financial year and the current year up-to-date on account of travelling?

(b) What are the figures for the corresponding periods in the years 1944-45 and 1945-46?

(c) Do Government propose to effect any economy to reduce this expenditure?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) and (b). The information is being collected and will be placed on the table of the House when ready.

(c) No journey at Government expense is undertaken by Ministers which is not in the public interest. The need for economy is always kept in view.

**Shri Deshbandhu Gupta:** Have Government considered the advisability of Ministers discontinuing travelling in special saloons?

**The Honourable Shri Satyanarayan Sinha:** How does it arise?

**Shri Deshbandhu Gupta:** It does as a measure of economy.

† Answer to this question laid on the table, the questioner being absent.

**The Honourable Shri Satyanarayan Sinha:** It is under the consideration of the Government.

**Shri H. V. Kamath:** Have there been any instances where the friends and relatives, near or distant, of Ministers and Ministers of State have formed a part of the entourage of these Ministers when travelling?

**The Honourable Shri Satyanarayan Sinha:** I think it is not correct.

**Shri H. V. Kamath:** What are the rates of travelling allowance prescribed for the Ministers and Ministers of State?

**The Honourable Shri Satyanarayan Sinha:** I would like to have notice.

**Shri Mahavir Tyagi:** Is it a fact that Ministers are paid their travelling allowances and other facilities only when they go on official visits and not on party propaganda or private visits?

**The Honourable Shri Satyanarayan Sinha:** I would like to have notice.

**Srijut Kuladhar Chaliha:** As regards (c) has any economic committee been formed and what is its report?

**Mr. Deputy Speaker:** Does the honourable member expect the Minister to read out the report? Every one knows that an Economic Committee is there and the matter is being considered. He has answered that long ago.

## PAY AND ALLOWANCES OF MINISTERS OF STATE

\*701. **Sardar Hukam Singh:** (a) Will the Honourable Minister of Home Affairs be pleased to state what is the total yearly expenditure on account of pay and other allowances of the Ministers of State?

(b) How much is each of them getting separately as pay and other allowances?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): (a) and (b). Ministers of State are entitled to draw a salary of Rs. 3,000 per mensem. They are not entitled to free furnished houses or any other allowances except travelling allowance on tour. Information, regarding the travelling allowances drawn by them is being collected and will be placed on the table of the House in due course.

**Shri H. V. Kamath:** Are there Ministers of State with portfolio and Ministers of State without portfolio?

**The Honourable Shri Satyanarayan Sinha:** How does it arise?

**Mr. Deputy Speaker:** It does not arise.

**Shri Mahavir Tyagi:** How is that the Ministers of State are paid less than Cabinet Ministers?

**Mr. Deputy Speaker:** How does that arise?

**Shri Mahavir Tyagi:** I want to know why the distinction has been made. Why are the "pays" different?

**Mr. Deputy Speaker:** That does not arise out of the question. This relates to the total yearly expenditure on account of pay and other allowances of Ministers of State. The Honourable Minister has already answered that.

**Shri Mahavir Tyagi:** I want to know if there is a difference between the "pays" of the Honourable Cabinet Ministers and the Ministers of State?

**Mr. Deputy Speaker:** He has said so.

**Shri Mohan Lal Gautam:** Is the Minister of State without portfolio entitled to travelling allowances?

**The Honourable Shri Satyanarayan Sinha:** He is a Minister of State though without portfolio.

**Shri H. V. Kamath:** Has any Bill been brought before the Assembly in respect of the salary and emoluments of the Ministers of State?

**Mr. Deputy Speaker:** It is not necessary under the rules and nothing has been brought.

**Shri H. V. Kamath:** Which are the rules?

**Mr. Deputy Speaker:** The honourable member knows much better than others! Next question. It is no use persisting with the matter when the Honourable Minister has not the information.

#### NEWSPAPERS AND PERIODICALS SUSPENDED IN 1948

**\*702. Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of Home Affairs be pleased to state how many newspapers and periodicals have been suspended under the orders of the Government of India during the year 1948?

(b) What is the number of journalists arrested or prosecuted or convicted during the same period under the Emergency Press Laws in each Province or State or in the Centrally Administered areas?

(c) How many appeals have been preferred by the accused persons in law courts and how many of them were successful throughout the country?

(d) What compensation if any, has been given to each of the journalists under detention for the maintenance of their families?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** (a) to (d). The information is being collected and will be laid on the table of the House in due course.

#### PRIVATE PROPERTIES OF RULERS OF ORISSA STATES

**\*703. Shri Lakshminarayan Sahu:** Will the Honourable Minister of States be pleased to state what has been done regarding the private properties of the former rulers of Orissa States?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** I invite the honourable member's attention to the reply given by me to his question No. 347, answered on the 14th February, 1949.

**Shri Sita Ram S. Jajoo:** Is it a fact that many of the Rulers converted State property into private property before the merger or integration?

**Mr. Deputy Speaker:** I think this question has already been answered.

**Shri H. V. Kamath:** Does Government propose to persuade the Rulers of these Orissa States to follow the example of the Nizam in surrendering private property?

**Mr. Deputy Speaker:** No such suggestions have been made with respect to officers to give up their salaries. It does not arise out of the question.

**Shri Santanu Kumar Das:** Has the Government received and considered a complaint from the Orissa States Council regarding the private property of the Rulers of the Orissa States?

**Mr. Deputy Speaker:** It does not arise out of this question.

**Shri Ram Chandra Upadhyaya:** Have any rules been framed to settle the property of the Rulers?

**Mr. Deputy Speaker:** I would suggest to Honourable Members that they may reserve all these questions to a later date when the Honourable Minister in charge will be in a position to give them an answer.

#### CENSUS OF UNEMPLOYED PERSONS

**\*704. Shri Lakshminarayan Sahu:** Will the Honourable Minister of Home Affairs be pleased to state whether the Government of India have considered the suggestion of taking a census of unemployed persons throughout the country?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** No.

**Shri Deshbandhu Gupta:** Do Government propose to do so now?

**The Honourable Shri Satyanarayan Sinha:** I have already said "no". There is a great difficulty in having a census of these unemployed people and therefore Government is contemplating having some kind of "sample" census in this regard.

**Shri Deshbandhu Gupta:** Do Government regard this as one of the first obligations of a nationalist Government?

**The Honourable Shri Satyanarayan Sinha:** It does, but as I pointed out, there is a great difficulty.

#### CASES OF CORRUPTION IN VARIOUS MINISTRIES

**\*705. Shri Damoder Swarup Seth:** Will the Honourable Minister of Home Affairs be pleased to state the number of cases under corruption reported and tried departmentally and in courts of law and the number out of them in which orders of discharge, dismissal or conviction were passed in each of the various Ministries of the Government of India and their subordinate or attached offices during the year 1948?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** The information is being collected and will be laid on the table of the House in due course.

#### COMMUNIST MENACE IN HYDERABAD

**\*706. Shri Jaspal Roy Kapoor:** (a) Will the Honourable Minister of States be pleased to state what is the total number of communists arrested so far in Hyderabad?

(b) Is it a fact that a large number of them are still in hiding and fomenting trouble, and if so, what is their estimated number?

(c) What steps are Government taking in the matter?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** (a) 3,932.

(b) No, but a certain number are either in hiding or have left the State. It is not possible to estimate their number.

(c) All possible steps are being taken but it is not in the public interest to disclose their nature.

#### MANAGEMENT OF LADY HARDINGE MEDICAL COLLEGE AND HOSPITAL

**\*707. Babu Ramnarayan Singh:** Will the Honourable Minister of Health be pleased to state the relationship between the Government of India and the Association for the conduct and management of the Lady Hardinge Medical College and Hospital?

**The Honourable Rajkumari Amrit Kaur:** The management of the Lady Hardinge Medical College and Hospital, New Delhi, is vested in a registered Association. The Government has no direct control but certain Government officials are *ex-officio* members of the Governing Body. A list of the members is placed on the table of the House.

+ Answer to this question laid on the table, the questioner being absent.

*List of members of the Governing Body of the Lady Hardinge Medical College for Women and Hospital for Women, New Delhi.*

- (1) The Director General of Health Services, Dr. K. C. K. E. Raja.
- (2) The Chief Commissioner, Delhi, Shri Shankar Prasad, I.C.S.
- (3) The Chief Engineer, Central Public Works Department, Mr. B. S. Puri, I.S.E.
- (4) The Secretary to the Government of India in the Ministry of Education and Educational Adviser to the Government of India, Dr. Tara Chand, M.A., D.Phil.
- (5) The Chief Medical Officer, Women's Medical Service. (Vacant.)
- (6) A representative elected by the members of the All India Association of Medical Women, Dr. J. J. Jhirad, M.B., B.S. (Lond.).
- (7) The Surgeon to H. E. the Governor General of India, Colonel B. Chatterjee.
- (8) One prominent Indian gentleman of Delhi, Mr. Suraj Narain, Bar-at-Law.
- (9) One Local Medical Officer, Lt.-Col. Barkat Narain, Director of Health Services.
- (10) One prominent Indian lady of Delhi, Mrs. Raksha Saran.
- (11) Mrs. Ammu Swaminadhan, Member, Constituent Assembly.
- (12) The Honourable Shri K. Santhanam, Minister of State for Transport and Railways.
- (13) Shri Deshbandhu Gupta, Member, Constituent Assembly.
- (14) A prominent business man of Delhi, Sheikh Abdus Salam, (Salam Trading Company, Sadar Bazar, Delhi).
- (15) Mr. K. R. K. Menon, Secretary to the Government of India, Ministry of Finance.
- (16) Lt.-Col. T. C. Puri, Deputy Director General of Health Services.

**Shri B. Das:** Is it not under contemplation to convert the Lady Hardinge College and Hospital into a Government institution?

**The Honourable Rajkumari Amrit Kaur:** A reorganization committee of the Lady Hardinge College was appointed and it has been preparing a report. That report is ready I understand but it has not yet been officially submitted to the Government.

#### CURTAILMENT OF POST-WAR DEVELOPMENT SCHEMES

**\*708. Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of Finance be pleased to state whether it is a fact that the Government of India have instructed the various Provincial Governments and States to curtail their various post-war development schemes?

(b) What has been the result of such instructions so far?

**The Honourable Dr. John Matthai:** (a) and (b). The subject covered by these questions will be dealt with in the Budget statement.

**Shri H. V. Kamath:** Have Government also instructed the Provincial Governments to go slow with their zamindari abolition and prohibition schemes?

**Mr. Deputy Speaker:** I believe the whole thing will be dealt with in the Budget statement.

**The Honourable Dr. John Matthai:** I would ask the honourable member to wait.

#### SCHOLARS SENT ABROAD FOR ADVANCED TECHNICAL TRAINING

**\*709. Shri Mahavir Tyagi:** (a) Will the Honourable Minister of Education be pleased to state the number of scholars sent abroad for advanced technical training by Government during the years 1945-47?

(b) What is the estimate of average expenditure on each such scholar?

(c) How many of them have completed their course of training and returned?

(d) Out of those who have returned, how many have been absorbed in Government employment?

آنریبل مولانا ابوالکلام آزاد: (a) ۷۳۶ - اس میں ۲۱۵ سنٹرل اسکالرس ہیں اور ۳۲۱ پروونشیل -

(b) ہر اسکالر کے لئے دھائی برس کی مدت سامنے رکھ کر خرچ کا جو اندازہ لگایا گیا ہے وہ یونائیٹڈ سٹیٹس کے لئے ۲۸ ہزار - یو - کے - کے لئے ۱۹ ہزار - اسٹریلیا اور نیوزی لینڈ کے لئے ۱۲ ہزار ہے - سنٹرل اسکالرس کا پورا خرچ سنٹرل گورنمنٹ اٹھاتی ہے اور پروونشیل اسکالرس کا آدھا - باقی کا آدھا پروونشیل گورنمنٹیں دیتی ہیں -

(c) ۲۲۰ سنٹرل اور ۱۳۳ پروونشیل - کل ۳۵۳ -

(d) ۱۵۶ - ۹۲ سنٹرل اور ۶۴ پروونشیل - ان کے علاوہ ایک تعداد ایسے اسکالرس کی بھی ہے جو اگرچہ مرکزی کاموں پر نہیں لگائے جا سکے لیکن کاموں پر لگ گئے ہیں -

**The Honourable Maulana Abul Kalam Azad:** (a) 736, out of which 415 are Central Scholars and 321 are Provincial Scholars.

(b) The average estimated expenditure on each scholar calculated on a 2½ years basis is Rs. 28,000 (Rupees twenty-eight thousand only) for the United States of America, Rs. 19,000 (Rupees nineteen thousand only) for the United Kingdom and Rs. 14,000 (Rupees fourteen thousand only) for Australia and New Zealand. The expenditure on Central Scholars is borne entirely by the Government of India, whereas the expenditure on Provincial Scholars is shared by them equally with the Provincial Governments.

(c) 353, comprising 220 Central Scholars and 133 Provincial Scholars.

(d) 156, namely 92 Central Scholars and 64 Provincial Scholars.

श्री एच. वी. कामत : क्या यू. के., यू. एस. एं., आस्ट्रेलिया और न्यूज़ीलैंड के अलावा दुनिया के और किसी मुल्क में हमारे विद्यार्थी भेजे गये थे ?

**Shri H. V. Kamath:** Were any of our scholars sent to other countries of the world other than the United Kingdom, United States of America, Australia and New Zealand?

آنریبل مولانا ابوالکلام آزاد : یہ فگرز جو اس وقت بتائے گئے ہیں وہ پرانے اسکیم سے تعلق رکھتے ہیں - اب نئی اسکیم جو چلائی جائیگی اس میں اور بہت سی جگہوں میں بھیجنے کا ارادہ ہے -

**The Honourable Maulana Abul Kalam Azad:** The figures which I have just given relate to the old scheme. Now under the new scheme to be enforced, it is proposed to send them to many other places.

श्री रामचन्द्र उपाध्याय : क्या इन में कुछ रियासतों से भी हैं ?

**Shri Ram Chandra Upadhyaya:** May I know if it consists of States' scholars also?

آنریبل مولانا ابوالکلام آزاد : نہیں یہ صرف سنٹرل اور پروونشیل گورنمنٹوں سے ہیں - سٹیٹس سے جو گئے ہیں ان کی تعداد الگ ہے -

**The Honourable Maulana Abul Kalam Azad:** No. This comprises of only Central and Provincial Government scholars. There is a separate number of scholars sent from the states.

**श्री राज बहदुर :** क्या कुछ विद्यार्थी रूस भी भेजे जायेंगे ?

**Shri Raj Bahadur:** Will any scholars be sent to Russia also?

آنریبل مولانا ابوالکلام آزاد : یہ تو اس پر موقوف ہے کہ کن کن سبجکٹس کے لئے سامنے برس میں بھیجنا ہے اور اس کے لئے کن ملکوں کی تعلیم ضروری ہو گئی -

**The Honourable Maulana Abul Kalam Azad:** This all depends upon the nature of the various subjects for which the scholars may have to be sent abroad during the next year and the particular countries in which they would have to undergo training.

**श्री एच० वी० कामत :** माननीय शिक्षा मंत्री के ख्याल में रूस कौन से सबजेक्ट में आगे बढ़ा है ?

**Shri H. V. Kamath:** May I know in what particular subject, in the opinion of the Honourable Minister, Russia has advanced?

**श्री महावीर त्यागी :** यह जो एक एक तालिबान पर अट्ठाइस अट्ठाइस हजार रुपया सर्फ करने की स्कीम गवर्नमेंट चला रही है, क्या गवर्नमेंट इस बढ़े हुए खर्च को मद्दे नज़र रखते हुए इस बात का भी खयाल रखेगी कि आइन्दा इतना बड़ा सर्फ सिर्फ उन्हीं स्टूडेंट्स पर किया जाय जिन्हें गवर्नमेंट अपने काम में ले सके।

**Shri Mahavir Tyagi:** Since the Government are spending about Rs. 28,000 on each scholar, will they keep it in view that in future such a huge amount is spent in respect of those scholars only whom the Government are in a position to employ under them?

آنریبل مولانا ابوالکلام آزاد : نئی اسکیم اس بات کو سامنے رکھ کر بنائی گئی ہے -

**The Honourable Maulana Abul Kalam Azad:** This has been kept in view while preparing the new scheme.

**श्री रामचन्द्र उपाध्याय :** क्या गवर्नमेंट के पास ऐसा भी कोई तरीका है जिससे वह मालूम कर सके कि जो विद्यार्थी गये हैं वह पढ़ रहे हैं या नहीं और तरक्की की है या नहीं ?

**Shri Ram Chandra Upadhyaya:** Have the Government any means at their disposal by which they can know whether or not the scholars who have gone are studying; and if they have made any progress or not?

آنریبل مولانا ابوالکلام آزاد : آنریبل ممبر کو معلوم ہونا چاہئے کہ گورنمنٹ وہاں ویدیارتھوں کو بھیج کر سونہیں جاتی ہے ۔ وہاں گورنمنٹ کے افسر ہیں جو خاص اس کام کے لئے مقرر کئے گئے ہیں

**The Honourable Maulana Abul Kalam Azad:** The honourable member should know that the Government do not cease to take interest after sending the scholars abroad. The Government have got their Officers there who have been specially deputed to look after this job.

#### FACILITIES FOR EDUCATION IN MOTHER TONGUE IN PRIMARY AND SECONDARY STAGES

**\*710. Shri G. S. Guha:** Will the Honourable Minister of Education be pleased to state:

(a) whether it is a fact that at the recent meeting of the Central Advisory Board of Education, it has been decided that facilities for instruction in the mother tongue, where it is different from the State language, should be provided if there are at least 40 children in a Junior basic school, and also in the secondary stage if there are sufficient pupils to justify the existence of a separate school;

(b) whether it is a fact that these recommendations were adopted unanimously with the participation of representatives from all the Provincial Governments;

(c) whether the attention of Government has been drawn to complaints against the violation of these recommendations by certain provincial Governments in respect of the languages of the minorities within their territorial jurisdiction; and

(d) what are the principal languages spoken in the different provinces and the population speaking each of those languages in them?

آنریبل مولانا ابوالکلام آزاد : (a) اور (b) سنٹرل ایڈوائیزری بورڈ نے ایسا فیصلہ کیا ہے

گورنمنٹ آف انڈیا نے اس بارے میں جو ریزولوشن اگست ۱۹۴۸ میں منظور کیا تھا اسکی ایک کاپی ہاؤس کے ٹیبل پر رکھدی جاتی ہے

(c) ہاں ایمووکیشن منسٹری کے پاس برابر اس طرح کی شکایتیں مختلف صوبوں سے آتی رہی ہیں - اور منسٹری ان پوائنٹوں کی گورنمنٹوں کو اس بارے میں لکھتی رہی ہے -

(d) آنریبل ممبر کو اس کا جواب ستے ٹیسٹیکل ہیلڈ بک نمبر ۲ پارٹ ۲ اور ۳ سے مل سکتا ہے -

**The Honourable Maulana Abul Kalam Azad:** (a) and (b). Yes. Attention is drawn to this Ministry Resolution No. D.3791/48-D.I., of the August, 1948 which is placed on the table.

(c) Yes. This Ministry have been receiving, from time to time, complaints against the violation of the rights of the linguistic minorities in several Provinces.

(d) In this connection honourable member's attention is invited to Statistical Handbook No. 2, parts II and III.

No. D. 3791/48-D.I.

GOVERNMENT OF INDIA

MINISTRY OF EDUCATION -

New Delhi 3, dated the ..... August, 1948

## RESOLUTION

SUBJECT:—Medium of Instruction in Educational Institutions

The principle that a child should be instructed, in the early stage of his education, through the medium of the mother tongue has been accepted by the Government. All educationists agree that any departure from this principle is bound to be harmful to the child and therefore to the interests of society. Unfortunately the application of this educationally sound principle in practice raises some difficulties. One question is what is to be considered as the mother tongue through which education has to be imparted. As is well known in every Region, Province and State in India a number of dialects are spoken. Children learn these dialects at home; are they to be all adopted as media of education? Unfortunately their number is large and most of them are without literature and therefore without necessary pabulum to nourish education. There are, however, about a dozen languages more or less developed which possess literatures and which seem to be marked out to become such media.

Here a second difficulty arises. Although in some Province one of these languages is predominant, in others speakers of two, three or four of them live together, and there is hardly a province in which besides a principal language there are not considerable number of inhabitants speaking other languages.

In the Madras Province four principal languages are used, viz., Tamil, Telugu, Malayalam and Kanarose and in the city of Madras there are numerous speakers of both Telugu and Tamil. Similarly in the Bombay Province there are Marathi, Gujarati and Kanarose speaking people, and in the city of Bombay a mixed population of Marathi, Gujarati, Urdu and Hindi speakers. In Bihar and U. P. there are certain districts and cities where along with Hindi, Bengali is spoken by many. Calcutta again is a sort of cosmopolitan town with a mixed population speaking a number of languages. In Orissa, Oriya is the main language but in some parts Telugu is used. The Central Provinces have large areas of Marathi and Hindi speaking inhabitants. Nagpur is a city of mixed speakers of Hindi and Marathi. East Punjab has two languages Hindi and Punjabi.

Conditions like these make it impossible for any State or Province to adopt any single language as the medium of instruction. An attempt to adopt one language in a Province where groups of people speaking different languages reside, and to impose it on all, is bound to lead to discontent and bitterness. It will affect interprovincial relations and set up vicious circles of retaliation. Provincialism will grow and Indian nationalism will suffer.

The History of European countries is a warning. England sought to impose English on Ireland, Germany on Poles, Eastern European countries their particular languages on pockets of inhabitants speaking foreign languages. In every case the results have been disastrous.

In the case of India there does not exist any justification for adopting a policy which Europeans followed to their discomfiture. All Provincial languages are Indian languages and there is little reason why any Province in India should seek to deprive children inhabiting that Province of their fundamental right to receive education through the medium of the mother tongue.

It is obvious that if a Province has adopted any particular language as the language of administration, it will be to the interest of those whose mother tongue is different, to learn it in order to claim participation in the life and privileges of the people of the Province.

The principle of teaching through the mother tongue than is of general application, but practical consideration suggests two limitations.

In the first place the principle applies mainly to the first stage of education, i.e., the stage of compulsory primary education, or to the group of children at the junior basic stage from the ages of 6 to 11, for the reason that at the stage of compulsory education children should not be forced to study a language which is not their mother tongue. In the higher stages after the junior Basic it will be necessary for pupils to learn the language of the Province.

Secondly, employment of the mother tongue for the education of the children whose numbers are extremely small will create administrative and financial difficulties; hence it is desirable that a minimum number should be fixed for the use of their languages. The Provincial or State Government should not only refrain from forcing any particular language on such groups, but should place the same facilities of education at their disposal as it does for the other children.

The Government of India is of opinion that in the larger interests of the country it is desirable that the policy enunciated above should be followed by all Provincial and State Governments.

TARA CHAND.

**Dr. Mono Mohan Das:** May I know whether it is a fact that the Teipur Local Board in Assam has stopped the grant to the Bengalee Girl's School there, because the medium of instruction was Bengalee and not assamese?

**آنریبل مولانا ابوالکلام آزاد:** میں اس خاص واقعہ کے متعلق کچھ نہیں کہہ سکتا لیکن بہار گورنمنٹ کے متعلق شکایتیں منسٹری کے پاس آئی ہیں۔

**The Honourable Maulana Abul Kalam Azad:** I cannot say anything about this particular incident but complaints have reached the Ministry about the Bihar Government.

**श्री एच० वी० कामत:** मध्य स्टेज के मुतालिक जिसका जिक्र टुकड़ा (ए) में किया गया है, मातृ भाषा में शिक्षा देने के लिये उन स्कूलों में पर्याप्त संख्या कितनी होनी चाहिये?

**Shri H. V. Kamath:** For the secondary stage, mentioned in part (a), what should be the requisite number in those schools to enable education to be imparted in the mother tongue?

**آنریبل مولانا ابوالکلام آزاد:** اس لئے نوٹس چاہئے۔

**The Honourable Maulana Abul Kalam Azad:** I would require notice.

**श्री एच० वी० कामत:** जनाब डिप्टी स्पीकर, मेरा सवाल यह था कि प्राथमरी शिक्षा में जैस संख्या ४० होनी चाहिये, वैसे सेकेंडरी स्टेज में पर्याप्त संख्या कितनी होनी चाहिये?

**Shri H. V. Kamath:** Mr. Deputy Speaker, my question was what should be the requisite number in the secondary stage, just as it is to be 40 in the case of primary education?

**آنریبل مولانا ابوالکلام آزاد:** اس کے متعلق سنٹرل ایڈوائزری بورڈ نے اپنے الہ آباد کے اجلاس میں یہ طے کیا ہے کہ اگر کافی تعداد وہاں ایسے لوگوں کی ہے جو ایک خاص زبان میں سکندری سٹیج میں اپنی تعلیم جاری رکھنا چاہتے ہیں تو ان کو بھی موقع دیا جائے مگر اس لئے کوئی خاص تعداد مقرر نہیں کی گئی ہے۔

**The Honourable Maulana Abul Kalam Azad:** With regard to this the Central Advisory Board decided at their Allahabad meeting that if there is a sufficient number of such boys who wish to continue their education at the secondary stage in some particular language they too should be afforded the opportunity to do so, but no set number has been fixed.

**Shri Biswanath Das:** May I know whether the Honourable Minister has received any complaint from the district of Singhbhum especially from Tata-nagar and other areas also, to the effect that even students at the primary stage are forced to learn Hindi as against Oriya?

**آنریبل مولانا ابوالکلام آزاد:** میں نے ابھی کہا ہے کہ کئی پرائنٹوں سے شکایتیں آچکی ہیں اب جس خاص واقعہ کے متعلق آنریبل ممبر ذکر کر رہے ہیں اس کے متعلق میں کچھ نہیں کہہ سکتا لیکن جن پرائنٹوں سے شکایتیں آئی ہیں گورنمنٹ آف انڈیا نے ان پرائنٹوں کا دھیان ان شکایات کی طرف دلیا ہے۔

**The Honourable Maulana Abul Kalam Azad:** I have just stated that complaints have been received from several provinces. Now I cannot say anything about the particular instance mentioned by the honourable member but the Government of India have drawn the attention of those provinces, from which complaints have been received, to those complaints.

**Shri Arun Chandra Guha:** Arising out of part (c) of the question what has been the reaction of the defaulting provinces to the protests sent by the Government of India to these provinces? Some provinces have violated the instructions of the Government of India and the Government of India has sent protests or circulars to those provinces. What action has been taken by these provinces on those circulars?

آنریبل مولانا ابوالکلام آزاد: گورنمنٹ آف انڈیا اس بارے میں یہی کہہ سکتی ہے

کہ صوبوں کو توجہ دالئے اور نتیجہ کا انتظار کرے

**The Honourable Maulana Abul Kalam Azad:** All that the Government of India can do in this respect is to draw the attention of the provinces and wait for the result.

**Shri Arun Chandra Guha:** What action have those provinces taken on those circulars of the Government of India?

**Mr. Deputy Speaker:** They are considering them.

श्री एच० वि० कामत : सूबे दिल्ली और पूर्वी पंजाब में मातृ भाषा कौन सी मानी जाती है ?

**Shri H. V. Kamath:** What is the mother tongue in Delhi Province and the East Punjab?

آنریبل مولانا ابوالکلام آزاد : جن جن جگہوں میں جو انکی مدرتنگ ہے وہ ہی مانی جاتی ہے۔

**The Honourable Maulana Abul Kalam Azad:** Whatever has been the mother tongue in those areas will be regarded as such.

श्री सान्तनु कुमार दास : दो रियासतें सरायकलां और खुरसवां बिहार में शामिल हो गई हैं । वहां पर जो उड़िया बच्चे हैं उनको उड़िया पढ़ने की इजाजत क्यों नहीं मिली ?

**Shri Santanu Kumar Das:** Two states, Serai Kalan and Khuraswan, have merged with Bihar. Why are the Oriya children there not allowed to read Oriya?

**Mr. Deputy Speaker:** How does any honourable member expect the Honourable Minister to remember the details of every place? He may put a specific question for answer on the floor of the House or he may write a letter to the Honourable Minister to elicit his reply.

श्री एच० वि० कामत : सूबा दिल्ली के १०० स्कूलों में से कितने स्कूलों में हिन्दी में तालीम दी जाती है और कितने में उर्दू में ?

**Shri H. V. Kamath:** Out of the hundred schools in the Delhi Province, in how many of them instruction is imparted in Hindi and in how many in Urdu?

آنریبل مولانا ابوالکلام آزاد : اس کے لئے نوٹس چاہئے

**The Honourable Maulana Abul Kalam Azad:** This requires notice.

مولانا حسرت موہانی : کیا میں دریافت کر سکتا ہوں کہ یو پی سے بھی آنریبل منسٹر کے پاس کوئی ایسی شکایت آئی ہے وہاں پر وہ کسی دوسرے کی بات ماننے کے لئے تیار نہیں ہیں۔

**Maulana Hasrat Mohani:** May I enquire if the Honourable Minister has also received any such complaint from U.P.? There they are not prepared to agree to any proposal from any other quarter.

آنریبل مولانا ابوالکلام آزاد : ہاں یو پی سے بھی شکایت آئی ہے

**The Honourable Maulana Abul Kalam Azad:** Yes, complaint has also been received from U.P.

#### (b) WRITTEN ANSWERS

##### CONVERSION OF GOVERNMENT MEDICAL STORES DEPOT, KARNAL, INTO AN INDEPENDENT PERMANENT DEPOT

**\*711. Giani Gurmukh Singh Musafir:** Will the Honourable Minister of Health be pleased to state the policy adopted by Government to build up the Government Medical Stores Depot, Karnal, into a permanent independent Depot?

**The Honourable Rajkumari Amrit Kaur:** A small depot was set up at Karnal during the last war for storing medical supplies required for the A.R.P. organisation. On the termination of the war, this Depot was used as a storage Depot for the Central Reserve of quinine and it has now been decided to expand it into a regular Medical Stores Depot to supply the requirements of the Hospitals and Dispensaries in the East Punjab, Delhi and neighbouring areas which were served before the partition by the Government Medical Store Depot, Lahore. The Karnal Depot has already started functioning.

##### PURCHASE OF STOCK FOR GOVERNMENT MEDICAL STORES DEPOT, KARNAL

**\*712. Giani Gurmukh Singh Musafir:** Will the Honourable Minister of Health be pleased to state whether it is a fact that the purchases of stocks for the Government Medical Stores Depot, Karnal, are not made from the dealers of the East Punjab, but from Bengal, Bombay and Madras?

**The Honourable Rajkumari Amrit Kaur:** The medical stores required by the different Government medical store depots including the depot at Karnal are purchased by the Director General of Industries and Supplies on whom indents are placed by the Director General of Health Services. The Director General of Industries and Supplies arranges for the purchase of stores after calling for quotations, on terms most favourable to Government, and not necessarily with reference to the location of the firms.

##### RETRENCHMENT OF TEMPORARY PERSONNEL

**\*713. Maulana Hasrat Mohani:** (a) Will the Honourable Minister of Home Affairs be pleased to state the number of temporary personnel under the Government of India who have been retrenched since the 15th August, 1947?

(b) Is it a fact that Government are considering the retrenchment of more personnel in the near future and if so, what is the extent to which such retrenchment will be made and the time it will take?

(c) Is it a fact that no retrenchment has so far been done in the Gazetted ranks and if not, what is the total number of such officers retrenched?

(d) Have Government taken any steps to provide alternative employment to the retrenched personnel and if so, what are they, and how far have they proved effective?

(e) What is the criterion for retrenchment?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** (a) to (c).

Up-to-date information is being collected from the various Ministries of the Government. A statement will be laid on the table of the House in due course.

(d) Retrenched employees, provided they are graduates, have put in at least three years' service were not above 28 years of age at the time they entered Government service and are declared suitable by the Ministry concerned, are eligible for the facilities provided by the Transfer Bureau under the Ministry of Home Affairs. Others are eligible for registration at the Employment Exchanges.

(e) Persons who are not qualified and are not eligible for confirmation are retrenched first in order of juniority. Others are classified into three classes:

(i) outstanding, (ii) fit for permanent appointment, and (iii) the rest. If retrenchment of this category of employees becomes necessary, those in a lower class of priority are discharged before others in a higher class are affected.

#### ENGINEERING OFFICERS IN ARMY AND NAVY

\*714. **Shri P. Kunhiraman:** Will the Honourable Minister of Defence be pleased to state:

(a) whether it is a fact that there is a shortage of Engineering Officers in the R.I.E., the I.E.M.E., the R.I.N. and the Military Engineer Service; and

(b) whether Government propose to place on the table of the House a statement showing the sanctioned Engineering Officer strength of the R.I.E., the M.E.S., the I.E.M.E. and the R.I.N. and the number of Officers actually employed against the sanctioned strength?

**The Honourable Sardar Baldev Singh:** (a) and (b). Yes, there is a shortage but it would not be in the public interest to disclose the actual deficiencies in the various branches of the Armed Forces. Various measures are being taken to meet the shortage.

#### UNSTARRED QUESTIONS AND ANSWERS

##### FIREARMS LICENCES ISSUED IN DELHI FROM AUGUST TO DECEMBER, 1947

39. **Shri Damodar Swarup Seth:** Will the Honourable Minister of Home Affairs be pleased to state how many licences for firearms were issued by the then District Magistrate of Delhi between August and December, 1947?

**The Honourable Shri Satyanarayan Sinha** (Minister of State): 3,037.

##### GAZETTED AND NON-GAZETTED STAFF OF MINISTRY OF FINANCE

40. **Prof. Yashwant Rai:** Will the Honourable Minister of Finance be pleased to state:

(a) the number of Gazetted officers in his Ministry;

(b) the number of Superintendents;

(c) the number of Assistants; and

(d) the number of senior grade and Junior grade clerks and stenographers?

**The Honourable Dr. John Matthai:** (a) 194 (excluding Superintendents).

(b) 59.

(c) 484.

(d) 770.

#### SHORT NOTICE QUESTION AND ANSWER

##### ARRESTS OF MEMBERS OF ALL-INDIA RAILWAY MEN'S FEDERATION IN CONNECTION WITH THREATENED RAILWAY STRIKE

**Shri L. Krishnaswami Bharathi:** Will the Honourable Minister of Railways be pleased to state:

(a) whether it is a fact that some members of the union affiliated with the All-India Railway Men's Federation were arrested recently in connection with the threatened Railway strike;

(b) if so, their number; and

(c) whether it is a fact that the All-India Railwaymen's Federation, recently in their general-body meeting, under the Presidentship of Shri J. P. Narain resolved against the projected strike of railwaymen?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) It is a fact that certain arrests have been made recently under the Provincial Public Safety Acts, and that the individuals arrested include some members of Unions affiliated to the All-India Railwaymen's Federation.

(b) So far as information is available about 50 members of Unions affiliated to the A.I.R.F. were among those arrested. Most of them have been or are being released. According to information which has already reached us, the number released till yesterday was 29.

(c) Yes.

**Shri B. Das:** Are Government releasing such men who have pronounced Communist views in spite of their membership of this Trade Union?

**The Honourable Shri N. Gopalaswami Ayyangar:** No.

**Shri L. Krishnaswami Bharathi:** Is it intended that the cases of the remaining 21 members will also be considered and they will be released in due course of time provided they are not reported to be taking steps towards the strike?

**The Honourable Shri N. Gopalaswami Ayyangar:** Their cases are being considered and I am almost sure that some of them must have already been released. The cases of others will be considered.

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE)  
DEBATES

(PART I—QUESTIONS AND ANSWERS)

*Monday, 28th February, 1949.*

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock, Mr. Chairman (Shri S. V. Krishnamoorthy Rao) in the Chair.

DECLARATION BY MEMBERS

The following member made the Declaration under Rule 4:

Shri Pranalal Thakorlal Munshi (Baroda State).

STARRED QUESTIONS AND ANSWERS

(a) ORAL ANSWERS

FIVE YEAR MILK PLAN

\*715. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Agriculture be pleased to state whether it is a fact that Government have proposed a five year Milk plan for all provinces?

(b) If so, what is the total production of milk envisaged under such a plan and has the plan been approved of by the provinces?

(c) If so, when is this plan likely to come into operation in each province?

(d) What is the total cost of the plan and how is the cost proposed to be met?

**The Honourable Shri Jairamdas Doulatram:** (a) Yes.

(b) 313 lakh maunds.

(c) The Provinces are considering the plan.

(d) The capital expenditure for giving effect to all the projects proposed in the Plan is estimated at Rs. 55 crores spread over a period of five years. A major portion of this expenditure will be in the form of investments by private individuals and bodies participating in the Plan, and the balance may have to be met by Provincial Governments in the form of loans and subsidies. The expenditure will have to be met from the Provincial revenues or from the Block grants for development placed at their disposal by the Government of India.

**Shri R. K. Sidhva:** Is it a fact that to implement the scheme a large number of technicians will be required? If so, what is their number and what steps will be taken to see that these technicians are available?

**The Honourable Shri Jairamdas Doulatram:** A very large number of technicians will be required and the provincial governments have been asked to take steps in that direction.

**Shri R. K. Sidhva:** May I know whether under the plan there is a scheme for the colonisation of dislodged animals? What steps have been taken in that direction? What are these dislodged urban cattle meant for?

**The Honourable Shri Jairamdas Doulatram:** These steps are intended to be implemented by the provincial governments. A very large scheme for dislodging cattle from the city area is now being put into operation in Bombay.

The cattle which are at present in or near the inhabited area are being removed to about twenty or thirty miles from the city and a large dairy farm is being put up there. All the milk will be brought from that area in trains to the city. Similar schemes are also under contemplation for other large cities.

**Shrimati G. Durgabai:** In view of the reply given by the Honourable Minister, what do the Government intend to do with regard to their imports of milk powder?

**The Honourable Shri Jairamdas Doulatram:** This question does not directly arise. However, I might say that the army requires a certain quantity and specific quality of milk powder for which there are no arrangements in our own country for its manufacture and so we are helpless in this matter, because the Defence Department requires a certain quantity and quality of milk powder which is not available in India.

**Shri Mahavir Tyagi:** From what I can understand from the reply of the Honourable Minister the plan is to produce more milk and not milk powder, I believe. May I know how they expect to add to the production of milk in the country? Are they going to import some animals from outside or do they expect that the same animals which happen to exist in the country today will produce more milk?

**The Honourable Shri Jairamdas Doulatram:** Both these things may be taken.

**Shri Mahavir Tyagi:** I am anxious to know how within five years you can create so much extra milk in the country? Are you going to import extra animals from outside?

**The Honourable Shri Jairamdas Doulatram:** This plan when it is examined will be found to relate to increasing the milk supplies in the towns and cities and this particular plan does not cover the rest of the population or the rest of the area.

**Shri Mahavir Tyagi:** Is it not a fact that the milk which will be supplied to the towns will deprive, to that extent, the villagers of their milk?

**The Honourable Shri Jairamdas Doulatram:** Part of the scheme relates to the importing of milk from the villages to the cities and another part of the scheme relates to the creation of new dairy farms from which the cities will receive their supplies.

**Shri Mahavir Tyagi:** How do the Government expect to substitute the loss of milk to the villagers?

**The Honourable Shri Jairamdas Doulatram:** By increasing the yield and quantity of milk through better breeds, better feed and other steps.

**Shri V. C. Kesava Rao:** May I know whether there are any non-official organisations for producing milk and if so, whether Government is giving them any help in this matter?

**The Honourable Shri Jairamdas Doulatram:** There is a good number of private dairy farms. If any non-official organisation is in need of assistance the Government will give them all possible help.

#### POSTAL AND TELEGRAPH EMPLOYEES UNIONS

\*716. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Communications be pleased to state the number of Postal and Telegraph Employees' Unions registered and recognised by Government?

(b) Have any representations been received by Government for the recognition of newly-started Unions?

(c) Is the All India Postmen and Lower Grade Staff Union recognised by Government?

#### STARRED QUESTIONS AND ANSWERS

(d) Is there any other Union with a similar name recognised by Government?

**Shri Khurshed Lal** (Deputy Minister for Communications): (a) There are seventeen recognised unions out of which only three are registered under the Indian Trade Unions Act.

(b) Yes.

(c) Yes.

(d) No.

**Shri R. K. Sidhva:** What is the policy of the Government regarding the recognition of these unions? Are they automatically recognised as unions under the Trade Unions Act?

**Shri Khurshed Lal:** No. As there are a number of trade unions in the department overlapping we are now trying to have the unions reorganised on a rational basis so that they can be recognised.

**Shri R. K. Sidhva:** May I know whether out of the seventeen recognised unions there is one by name Extra-departmental Officials of the Postal Department, which has also been recognised?

**Shri Khurshed Lal:** No, Sir.

**Shri Harihar Nath Shastri:** Have the Government received any final reply from various unions in regard to their scheme of reorganisation, for which they were required to reply by the 31st January, 1949?

**Shri Khurshed Lal:** The report has been received and is under examination.

#### UNAUTHORISED SALE OF R. A. F. AIRCRAFTS BY CAPTAIN F. H. ROWAN

\*717. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Communications be pleased to refer to the answer given to my starred question No. 322 asked on 19th August 1948 regarding the unauthorised sale of two R.A.F. aircrafts by Captain F. H. Rowan and state the date on which it was detected that Captain F. H. Rowan an Aeronautical Inspector in the Civil Aviation Directorate, had cheated Government?

(b) What was the price at which he got the two Proctor Aeroplanes belonging to the R.A.F. condemned as scrap?

(c) What was the actual amount credited to Government treasury by this transaction and what was the original value of these planes?

(d) Has the extradition warrant against Captain Rowan been executed and if not, why not?

**Shri Khurshed Lal** (Deputy Minister for Communications): (a) The information was first received by Government in September, 1946.

(b) Rs. 287-8-0.

(c) The amount actually credited to Government treasury was Rs. 287-8. The original value of the two aircrafts was Rs. 1 lakh approximately.

(d) Completion of certain formalities in connection with the extradition proceedings taken against Captain Rowan is still pending and necessary action is being taken in the matter.

**Shri R. K. Sidhva:** Is it not a fact that in reply to my question on the 19th August last the Minister stated that the competent court has been moved for the issue of extradition warrants against Captain Rowan? May I know since then what steps have actually been taken to see whether this warrant has been executed?

**Shri Khurshed Lal:** I may inform my honourable friend that so far as one accused in this case is concerned the case against him is pending in a court at

1074 CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [28TH FEB. 1949]

Kanpur. So far as Captain Rowan is concerned we have not yet been able to lay our hands on him but the External Affairs Ministry is taking action to ascertain his whereabouts and secure him.

**Shri R. K. Sidhva:** Has the External Affairs Ministry been able to inquire as to his whereabouts and what is the latest position in this matter?

**Shri Khurshed Lal:** They have not been yet able to trace him.

#### SCHEME FOR MAKING INDIA SELF-SUFFICIENT IN RUBBER PRODUCTS

**\*718. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Industry and Supply be pleased to state the total production and consumption of rubber products in India?

(b) What quantities of rubber products are still imported from foreign countries?

(c) Is it a fact that the Indian Rubber Board contemplate preparation of a Rs. 15 crore scheme for making India self-sufficient in rubber products?

(d) Who are the promoters and directors of this Board and have Government given them any aid and if so, to what extent?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) A statement showing the total production in India of rubber products during 1948 is laid on the table of the House. About 75 per cent. of the indigenous production is consumed in the country.

(b) Mainly tyres and tubes to the value of about Rs. 12 lakhs are being imported from abroad.

(c) The Chairman of the Board, at the Board's meeting held on 24th November, 1948 stated that a 15 crore scheme would have to be planned to make India self-sufficient in raw rubber. A Sub-Committee of the Board has been appointed to examine the subject.

(d) The Indian Rubber Board has been constituted under section 4 of the Rubber (Production and Marketing) Act, 1947 (XXIV of 1947). It consists of 23 members of which 10 represent rubber growers, 3 rubber manufacturers, 1 rubber dealers and the rest the Central Government and the Governments of Madras, Travancore and Cochin. Government have not given any financial aid to this Board so far. The Board is financed through a Cess levied on raw rubber produced in the country.

\*The figures given above are 9 months actuals and 3 months estimates.

**Shri R. K. Sidhva:** Is there any financial aid given by the Government to any of these concerns in the rubber industry?

**The Honourable Dr. Syama Prasad Mookerjee:** No, Sir.

**Shri R. K. Sidhva:** May I know whether the price of rubber is controlled by the Government and if so whether they intend to continue the control of prices?

**The Honourable Dr. Syama Prasad Mookerjee:** The price of Indian rubber is fixed by Government on the recommendation of the Board. It is now Rs. 90.8-0 per lb.

**Dr. P. S. Deshmukh:** What is the annual revenue from the rubber cess?

**The Honourable Dr. Syama Prasad Mookerjee:** It is about Rs. 1,35,000.

**Shri C. M. Poonacha:** Is the restriction placed on further cultivation of rubber still continuing?

**The Honourable Dr. Syama Prasad Mookerjee:** There are no restrictions now, so far as my information goes.

**Srijiit Kuladhar Chaliha:** Is there any scheme before the Reserve Bank to prevent such failures in Bengal?

**The Honourable Dr. John Matthai:** The new Banking Act provides all reasonable safeguards.

#### RESULT OF F. P. S. C. EXAMINATION FOR R. I. N.

**\*1464. Shri Lakshminarayan Sahu:** Will the Honourable Minister of Defence be pleased to state how many cadets have been selected for entry into the permanent cadre of the Commissioned ranks of the Royal Indian Navy as a result of the competitive examination held in November, 1948, by the Federal Public Service Commission and what is the order of their merits in the examination?

**The Honourable Sardar Baldev Singh:** Of those who passed the F.P.S.C. examination held in November, 1948, eleven were selected for entry into the permanent cadre of the commissioned ranks of the R.I.N. The position in order of merit of these cadets in the list of those who passed the F.P.S.C. examination was 5th, 6th, 9th, 13th, 14th, 25th, 33rd, 35th, 39th, 49th and 59th respectively. I should like to make it clear, however, that the F.P.S.C. examination is only a qualifying examination. The present selection procedure in the R.I.N. requires candidates first to qualify in a written examination held by the F.P.S.C. and those who pass this examination are interviewed and subjected to certain special tests by a Services Selection Board, whose recommendation is the final criterion for selection.

**Shri Lakshminarayan Sahu:** What are the special tests that they are subjected to afterwards?

**The Honourable Sardar Baldev Singh:** It would be very difficult to describe the tests that the candidates are subjected to by the Selection Board. There are a large number of tests and if the honourable member is interested to know the details I could give them later.

**Shri Lakshminarayan Sahu:** Could the Honourable Minister give a general idea of the tests?

**The Honourable Sardar Baldev Singh:** It is very difficult to give an idea. There are physical tests which are carried on for four days and the honourable member can understand what the tests could be. Besides physical tests there are other tests connected with the requirements of the service.

**Shri Ajit Prasad Jain:** What was the difference in marks between the candidate who stood first in the examination and the last candidate admitted to the cadre?

**The Honourable Sardar Baldev Singh:** I require notice.

**Shri Mahavir Tyagi:** Does any responsible officer of the Defence Department also sit with the Federal Public Service Commission when they make their selection?

**The Honourable Sardar Baldev Singh:** I could not say. It is a written test and the paper is set by the F.P.S.C. It is a qualifying test only.

**Mr. Frank Anthony:** May I know whether there are any cases of candidates who having passed the written and special tests had failed in the medical examination?

**The Honourable Sardar Baldev Singh:** There may be such cases: I could not say offhand.

**Pandit Hirday Nath Kunzru:** What is the maximum number of marks assigned to the interview and what is the minimum number of marks required for success at the interview?

**The Honourable Sardar Baldev Singh:** As I have stated in reply to the main question, the examination that is held by the F.P.S.C. is a qualifying test only and the candidates have to undergo the tests carried out by the Services Selection Board. It is not possible for me to say whether the number of marks that a candidate secures in the examination held by the F.P.S.C. carries any weight or not.

**Pandit Hirday Nath Kunzru:** I did not ask any question about the F.P.S.C. I wanted to know what was the maximum number of marks assigned to the interview test and what was the minimum mark that should be obtained by a candidate interviewed by the Selection Board in order to be successful in the interview test.

**The Honourable Sardar Baldev Singh:** I could not say offhand but if the honourable member wants the information I can get it for him.

**Mr. Frank Anthony:** Are these candidates required to be medically examined in the first instance before they sit for any written test?

**The Honourable Sardar Baldev Singh:** A preliminary medical test is held in the beginning but the final medical test is held only when a candidate is sure to be taken. For those who have been selected after the physical tests, a medical test is again held.

**Srijiit Kuladhar Chaliha:** What is the prescribed period of training necessary to make an efficient naval officer?

**The Honourable Sardar Baldev Singh:** It depends on the course. In certain cases it is two years and in other cases it is four years.

**Shri Raj Bahadur:** The Honourable Minister stated that the first candidate to be chosen was fifth in order of merit. May I know on what special test the first four candidates failed to be selected?

**The Honourable Sardar Baldev Singh:** As I have stated, it was only a qualifying test. It is very difficult for me to say in what particular tests the first four candidates failed.

**Shri Raj Bahadur:** Are these special tests based on the qualities of the head or heart or parentage?

**Mr. Speaker:** Order, order. These are matters of details.

**Dr. P. S. Deshmukh:** May I know if there is a psychiatrist in the employment of the Government who examines and interviews these candidates?

**The Honourable Sardar Baldev Singh:** Yes.

**Dr. P. S. Deshmukh:** Is the Honourable Minister aware that the results of a psychiatrist's examination are now looked down upon and are not considered so reliable nowadays?

**The Honourable Sardar Baldev Singh:** They are as reliable as they have been in the past.

**Pandit Hirday Nath Kunzru:** Is it a fact that only abnormal candidates are interviewed by the psychiatrist and the rest of the candidates are interviewed by the psychologist?

**Shri H. V. Kamath:** May I know where the psychiatrists have been trained?

**Mr. Speaker:** Order, order. Next question.

#### NOMINATION OF LADY MEMBERS ON CANTONMENT BOARDS

**\*1465. Sreematty Annie Mascarene:** Will the Honourable Minister of Defence be pleased to state whether Government have nominated any lady members, in place of official members on any Cantonment Board in India?

**The Honourable Sardar Baldev Singh:** Yes, one at Mhow.

## RECOMMENDATIONS OF RAILWAY RE-ORGANISATION COMMITTEE

\*719. **Pandit Mukut Bihari Lal Bhargava:** Will the Honourable Minister of Railways be pleased to state whether the Government of India have accepted wholly or partially the recommendations of the Railway Reorganisation Committee and if so, whether any steps have been taken so far to implement all or any of them?

**The Honourable Shri N. Gopalaswami Ayyangar:** The honourable member is presumably referring to the report of the Indian Railway Enquiry Committee. The recommendations of that Committee are now under consideration of Government.

**Shri B. Das:** Will Government allow a day for discussion of the Railway Enquiry Committee Report after the same is published and circulated to the Members of the House?

**The Honourable Shri N. Gopalaswami Ayyangar:** I shall certainly consider the feasibility of getting a day allotted for the discussion of this Report after consulting the Leader of the House. I expect copies of the Report will be available very soon.

**Shri Raj Bahadur:** May I know the date on which the Report was submitted to the Government and the time for which it has been under consideration of Government?

**The Honourable Shri N. Gopalaswami Ayyangar:** The Report was signed, I think, on the 6th of November. Cyclostyled copies of the Report were received about the 26th of November.

**Shri B. P. Jhunjhunwala:** May I know when the Government is likely to finish the consideration of this Report?

**The Honourable Shri N. Gopalaswami Ayyangar:** As a matter of fact a number of recommendations have already been considered. Others have been remitted to railway administrations either for disposal or for remarks. That is why I said the Report was actively under consideration.

## PRICES OF SALT

\*720. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Industry and Supply be pleased to state the actual rates of salt prevailing in the various Provinces and Unions of States during the years 1947-48 and 1948-49?

(b) Are Government aware that in several Provinces during the last twelve months, the price of salt has risen very high and salt has been sold at the rate of Re. 1/- to Rs. 3/- per seer?

(c) If so, what are the reasons which lead to such high prices and what are the measures adopted by Government to bring down the prices and the results achieved?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) A statement showing the prices of salt prevailing in the various provinces during the years 1947-48 and 1948-49 and in some of the important Unions of States during the year 1948-49 is placed on the table of the House. No authoritative information regarding prices of salt in the Unions of States during 1947-48 is readily available.

(b) No such complaints from any authoritative source have come to Government.

(c) The reply to first part of the question does not arise in view of the reply to part (b). Government nevertheless, consider that the prevailing prices in several areas admit of reduction. Constant watch is being kept over

## STARRED QUESTIONS AND ANSWERS

stocks and prices of salt in different parts of the country. Institution of statutory control over prices in some provinces has somewhat improved the situation. A zonal scheme of distribution has, moreover, recently been put into operation to ensure regular supply and to stabilise the prices to a reasonable level in all parts of the country. Production in 1948 has been about 20 per cent. above that of 1947 and sufficient imports are being allowed to make up the overall deficit.

## STATEMENT

Price of salt during 1947-48 and 1948-49 in the various Provinces and during 1948-49 in the Union of States.

**Shri H. V. Kamath:** Is the Honourable Minister aware of blackmarketing in salt as well?

**The Honourable Dr. Syama Prasad Mookerjee:** I am not aware, Sir.

**Shri B. P. Jhunjhunwala:** What is the percentage of salt imported during last year?

**The Honourable Dr. Syama Prasad Mookerjee:** In 1947, 100 lakhs maunds of salt were imported; in 1948, 87 lakhs maunds of salt were imported. In 1947 India produced 513 lakhs maunds of salt; in 1948, 635 lakhs maunds.

**Shri H. V. Kamath:** Are any attempts being made to promote the manufacture of rock salt?

**The Honourable Dr. Syama Prasad Mookerjee:** Rock salt is not available in India. We have been told that in Himachal Pradesh there is a certain place where it is available but that it is of an inferior type. That matter is under investigation.

**Pandit Mukut Bihari Lal Bhargava:** Is there any scheme before Government for making India self-sufficient in salt and if so in how many years?

**The Honourable Dr. Syama Prasad Mookerjee:** I answered it last time. In 1951 we expect we will be self-sufficient.

**Pandit Mukut Bihari Lal Bhargava:** How does the price of imported salt stand in comparison with that of salt produced in India?

**The Honourable Dr. Syama Prasad Mookerjee:** The prices were somewhat higher. But at that time the import was allowed only from Aden. We have now allowed salt to be imported to India from other soft currency areas as well and prices are now going down.

#### MONOPOLY IN SALT TRADE

\*721. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Industry and Supply be pleased to state what margin of profit the monopolists for the import of salt into provinces from Sambhar Lake are authorised to charge?

(b) Do Government propose to revise their policy and put an end to the system of monopoly and allow free trade in this essential commodity.

(c) What persons or associations have been recognised by Government in Sambhar as competent to deal in the manufacture, storage and export of salt?

(d) Who are they, on what basis are they recognised and what is the margin of profit that such associations and individual traders are allowed.

(e) Is it a fact that a nominee of Rajasthan has been recently permitted to import salt direct from Sambhar?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Detailed information on margins of profit allowed to licensed wholesale traders nominated by district Magistrates in the provinces has not yet been received from the Provincial Governments. It is understood, however, that usually on an average a profit of 5 per cent. over the cost price is being allowed to the Provincial Governments' nominees, who also act as whole-salers.

(b) On the basis of past experience and until the transport position definitely improves, Government do not consider that the revision of this policy of licensing nominees will benefit the consumer. It may cause glut in some areas and scarcity in others.

(c) and (d). Salt manufacture at Sambhar is the monopoly of Government. The manufactured salt is removed and stored through a Departmental transport agency. As regards the despatch of salt, the bulk is distributed through a few Salt Companies of Sambhar approved by the Central Government, who work on a commission basis. A statement showing the names and details of these Companies is laid on the table of the House. The general principles followed regarding the recognition of traders are as follows. They should be

*bona fide* salt traders at the Sambhar Sources for several years or have been actively engaged in salt despatches from Sambhar making their living mainly from this work. Such traders have to form themselves into Associations to be recognised by Government. *Bona fide* refugee Salt traders who, previous to the partition of the country, were engaged in the salt trade at the sources in the West Punjab or Sind and have now settled at Sambhar and formed into similar Associations have also been recognised for the distribution work at Sambhar. These Associations are allowed to charge one anna per maund as commission, which works up to about 5 per cent. of the cost price plus the price of bag, which are advanced by these distributing agents on behalf of the district nominees.

(e) Yes.

#### STATEMENT

##### Names of Registered Salt Associations at Sambhar Lake

- |                                                                       |                                                                                                                                                                            |
|-----------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. The Salt Merchants Association, Ltd., Sambhar Lake                 | These are associations of salt traders at Sambhar sources who indentured for salt from Sambhar in the years prior to 1941.                                                 |
| 2. Shree Shakambar Salt Merchants, Association Ltd., Sambhar Lake     |                                                                                                                                                                            |
| 3. The Shakambar Salt Traders, Ltd., Sambhar Lake                     |                                                                                                                                                                            |
| 4. The Chamber of Sambhar Traders, Ltd., Sambhar Lake                 |                                                                                                                                                                            |
| 5. Messrs. Bharat Salt Syndicate, Sambhar Lake                        |                                                                                                                                                                            |
| 6. Messrs. National Salt Trading Company, Sambhar Lake.               |                                                                                                                                                                            |
| 7. The Warcha Registered Salt Traders Association Ltd., Sambhar Lake. | These are Khewra Salt dealers who have been evacuated from West Punjab and have now been rehabilitated in Sambhar. The areas they used to supply are now fed from Sambhar. |
| 8. The Kalabagh Salt Trading Association Ltd., Sambhar Lake           |                                                                                                                                                                            |
| 9. The Sindhi Salt Traders, Association Ltd., Sambhar Lake.           | These are refugees from Sind and have been rehabilitated in Sambhar.                                                                                                       |
| 10. The Salt Suppliers Syndicate Ltd., Sambhar Lake.                  |                                                                                                                                                                            |
|                                                                       | These are residents of Sambhar, who make their livelihood out of salt by negotiating sales and arranging loading and despatches.                                           |
|                                                                       |                                                                                                                                                                            |

**Pandit Mukut Bihari Lal Bhargava:** Is it a fact that the zonal scheme has resulted in accumulation of large stocks of salt in Sambhar?

**The Honourable Dr. Syama Prasad Mookerjee:** No; the zonal scheme is working satisfactorily.

**Pandit Mukut Bihari Lal Bhargava:** What is the present stock of salt in Sambhar?

**The Honourable Dr. Syama Prasad Mookerjee:** I am afraid I have not got the figure; but the zonal scheme has certainly helped us to make salt reach the different Provinces more speedily than it used to before.

**Shri Sita Ram S. Jajoo:** Was any enquiry ever conducted against the salt companies in Sambhar for black-marketing or resorting to any other malpractice?

**The Honourable Dr. Syama Prasad Mookerjee:** Since complaints have been received we have modified the arrangement and these companies are not allowed to sell to anybody they choose but they have got to sell only to nominees of Provincial and State Governments.

**Shri Sita Ram S. Jajoo:** I want to know whether any enquiry was conducted?

**The Honourable Dr. Syama Prasad Mookerjee:** There was no enquiry as such, but we found that the system was not working satisfactorily and we have now changed the system.

**Dr. Mono Mohan Das:** Is it a fact that the Association of the Sambhar salt traders made a representation to the India Government that they can sell salt at one anna per seer in any part of the Indian Union, if they are given adequate scope by the Government?

**The Honourable Dr. Syama Prasad Mookerjee:** We have reduced their margin of profit. Of course they have made several complaints but we are not prepared to re-examine the matter now.

**Srijut Kuladhar Chaliha:** May I know what is the total output of salt in the Sambhar Lake area?

**The Honourable Dr. Syama Prasad Mookerjee:** The Government factories produce about one-third of the total quantity produced in India.

**Shri Sita Ram S. Jaipoo:** In view of the fact that salt is a very essential commodity for human consumption do Government propose to further reduce the margin of profit?

**Mr. Chairman:** Order, order. It is a suggestion.

**Shri V. C. Kesava Rao:** May I know whether any co-operative society has been entrusted with the work of distributing this salt?

**The Honourable Dr. Syama Prasad Mookerjee:** The question of distribution is left in the hands of the Provinces.

#### LAND RECLAMATION AND SOIL CONSERVATION

\*722. **Seth Govind Das:** (a) Will the Honourable Minister of Agriculture be pleased to state what are the decisions taken at the recent conference of the Central, Provincial and State representatives on the question of land reclamation and soil conservation?

(b) What are the plans to implement the decisions reached at the Conference?

**The Honourable Shri Jai Ramdas Doulatram:** (a) and (b). Honourable member may kindly refer to the reply given to Question No. 305 put by the honourable member Pandit Mukat Bihari Lal Bhargava on the 23rd February, 1949.

#### SPECIALISED CROP SEEDS

\*723. **Seth Govind Das:** (a) Will the Honourable Minister of Agriculture be pleased to state what are the various varieties of crop seeds specialised in the Indian Agricultural Research Institute?

(b) Have these varieties so far been tried anywhere by agriculturists on a large scale?

(c) What steps do Government propose to take to popularise the use of such specialised seeds on a large scale?

**The Honourable Shri Jai Ramdas Doulatram:** (a) A list of the important varieties of different crop plants evolved at the Indian Agricultural Research Institute is laid on the table.

(b) Yes.

(c) The Institute multiplies the seeds on a small scale in its own farms for distribution to the Departments of Agriculture of Provinces and States who, in turn, multiply them on a large scale for supply to cultivators. Government have asked the Provinces and States to intensify efforts to cover maximum area under cereals with improved seeds. Recently officers were sent round to several Provinces and States to discuss details for this purpose. Some Provinces have planned to cover substantial areas under principal foodgrain of the Province with improved seed within five years.

† Answer to this question laid on the table, the questioner being absent.

#### STATEMENT

##### LIST OF N. P. SEEDS UNDER DISTRIBUTION

##### Cereals

1. *Wheat*.—N.P. 4, 12, 52, 80-5, 101, 111, 114, 120, 121, 125, 165, and 201.

A number of newly evolved wheat strains are now undergoing yield trials in some of the Provinces and States.

2. *Oats*.—N.P. 1, 2, Hybrid 1, 2, 3 and X-27.

3. *Barley*.—N.P. 13 and 21.

##### Pulses

4. *Gram*.—N.P. 2, 6, 17, 25, 28, 53, and 58.

5. *Peas*.—N.P. 3, 8, 15, 16, 17, and 29.

6. *Mung*.—N.P. 18, 23, 28, 31, 25, and 36.

7. *Urud*.—N.P. 4, 6, 7, and 14.

8. *Lentil*.—N.P. 11, 47 and Hybrid I.

9. *Arhar*.—N.P. 15, 16, 24, 51, 64, 69, and 80.

A number of wilt resistant strains have been evolved and will soon be tested for their field performance.

##### Sugar Plants

10. *Sugarcane*.—A number of varieties are under distribution, the most important being Co. 285, 312, 313, 331, 413, 419, 421, 453, and 527.

##### Oil Seeds

11. *Linseed*.—N.P. 12, 121, 124, Hybrid 10, 55, and 68.

A number of rust resistant strains are being tested in the different linseed growing tracts. Work on breeding dual purpose strains—seed and fibre—is also in progress.

12. *Safflower*.—N.P. 30.

##### Fibre Crops

13. *Hibiscus*.—N.P. 3, 6 and Sabdariffa 5.\*

##### Spices

14. *Chilli*.—N.P. 34, 41, 46A, and 51.

##### Narcotics

15. *Tobacco*.—N.P. 18, 28, 58, 63, Hybrid 142, 147, Harrison's special, Adcock, Gold Dollar, Bonanza, Ameralo 5.

\* Possibility of this as a substitute for jute is being investigated.

#### REQUIREMENTS AND PRODUCTION OF FOODGRAINS

\*724. { **Shri Upendranath Barman:**  
**Shri Satis Chandra Samanta:**

Will the Honourable Minister of Agriculture be pleased to state:

(a) the total area under (i) Wheat; (ii) Rice; and (iii) Millets during the years 1945-46 to 1947-48;

(b) the average production of each of the above cereals during these years;

(c) the deficit between production and requirement for food explaining the basis of calculation;

(d) the total quantity by which actual ration falls short of 12 ounces per capita; and

(e) the names of surplus and deficit Provinces of the Indian Union?

**The Honourable Shri Jai Ramdas Doulatram:** (a) to (c). Statements showing the required information are placed on the table of the House.

(d) The actual ration did not fall short of 12 ozs. per capita in any of these years.

(e) Normally Assam, Coorg, Orissa and C. P. and Berar are surplus provinces; other provinces have been receiving help from the Centre.

## STATEMENT I

Area under cereals in the Indian Union (including Hyderabad) from 1945-46 to 1947-48  
(reporting areas only)

| ('000 acres) |         |         |         |                             |
|--------------|---------|---------|---------|-----------------------------|
| Cereals      | 1945-46 | 1946-47 | 1947-48 | Average (2)<br>(3) and (4). |
| 1            | 2       | 3       | 4       | 5                           |
| Wheat        |         |         |         |                             |
| Rice         | 24,546  | 24,348  | 20,209  | 23,034                      |
| Millets (a)  | 58,112  | 60,987  | 59,656  | 59,585                      |
|              | 66,584  | 64,460  | 60,399  | 63,815                      |
| Total        | 149,242 | 149,795 | 140,264 | 146,434                     |
| Barley       |         |         |         |                             |
| Maize        | 6,247   | 7,082   | 7,127   | 6,819                       |
| Gram         | 7,785   | 7,888   | 7,755   | 7,809                       |
|              | 15,177  | 16,971  | 18,498  | 16,882                      |
| Grand Total  | 178,451 | 181,736 | 173,644 | 177,944                     |

(a) Includes jowar, Bajra and Ragi only

## STATEMENT II

Production of Foodgrains in the Indian Union (including Hyderabad) during 1945-46 to 1947-48

| ('000 tons)                   |         |         |         |                              |

## STATEMENT III

Deficits of cereals in the Indian Union (including Hyderabad and Kashmir) during 1945-46 to 1947-48

|                                  | 1945-46 | 1946-47 | 1947-48 |
|----------------------------------|---------|---------|---------|
| 1                                | 2       | 3       | 4       |
| (1) Estimated population ('000)  | 339,085 | 343,047 | 347,602 |
| (2) Adult Equivalent ('000)      | 291,613 | 295,020 | 298,422 |
| (3) Requirements ('000 Tons)     | 43,953  | 44,467  | 45,103  |
| (4) Production ('000 tons)       | 45,975  | 47,068  | 47,663  |
| (5) Net Availability ('000 tons) | 40,228  | 41,185  | 41,705  |
| (6) Deficit ('000 tons)          | 3,725   | 3,282   | 3,398   |
| (3)-(4)                          |         |         |         |

## NOTES.—

1. The population has been estimated from the 1931 and 1941 census figures on the assumption of a constant annual increase equal to the average annual increase observed in the decade 1931-1941.

2. Adult equivalents have been calculated at 86 % of the total population.

3. Requirements have been calculated on the basis of daily consumption of 1 lb. per adult for farm population (70% of entire population) and 12 oz per adult for non-farm population (30% of entire population).

4. Production figures have been taken from Statement II.

5. 87½ % of gross production has been assumed to be the net quantity available for human consumption 12½ % being allowed for seed requirements and wastage etc.

6. The production during the crop year 1945-46, after allowing for seed, wastage, etc. is assumed to be available for consumption during 1946 and so on.

## MEASURES TO INCREASE FOOD PRODUCTION

\*725. { Shri Upendranath Barman:  
Shri Satis Chandra Samanta:

Will the Honourable Minister of Agriculture be pleased to state:

(a) the steps Government are taking for increasing food production during the years 1948-49, 1949-50 and 1950-51:

(b) how much new land is proposed to be brought under cultivation and their distribution province by province; and

(c) the expected production from each province from new lands—explaining the basis for such estimates?

The Honourable Shri Jairamdas Doulatram: (a) The honourable member may kindly refer to the reply given to part (b) of question No. 176 on the 7th February, 1949.

(b) and (c). A statement giving the required information in regard to the existing schemes is placed on the table of the House. This scheme is under further examination with a view to accelerating production.

## STATEMENT

*Produce-value and year-wise the acreage of new land proposed to be brought under cultivation by Provincial Governments during 1948-1949, 1949-50 and 1950-51 the anticipated additional yield of foodgrains therefrom and the basis of such estimates.*

| Sl. | 10      | Madras               | 43,000   | 7,679                        | 22,321   | 1,00,000 | 22,321                       | 2,00,000 | 44,643   | 44,643                       | 44,643   | 343,000            | 74,643                  | 5/28 tons for 1st year; 25/112 tons during succeeding years.                                      |
| Total   |                      | 3,49,490 | 74,582                       | 1,55,567 | 6,35,976 | 1,55,567                     | 8,74,308 | 2,29,379 | 2,29,379                     | 2,29,379 | 18,59,774          | 4,59,528                |                                                                                                   |

NOTE.—The yield per acre varies according to soil and climatic conditions in each Province. The above estimates have been framed by the Provinces in the light of their local experience. The all India average for new land is calculated at 1/3 ton per acre.

## CULTIVATION OF FINER VARIETIES OF COTTON

\*726. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Agriculture be pleased to state the progress made in the cultivation of finer varieties of cotton in India?

(b) When is India expected to be self-sufficient in the finer varieties of cotton?

**The Honourable Shri Jairamdas Doulatram:** (a) The production of long and medium staple varieties of cotton in the Indian Union increased from 17.5 lakh bales in 1946-47 to 21.6 lakh bales in 1947-48. The production of cotton of all staples in these two years increased from 25.0 lakh bales and 31.9 lakh bales respectively. Comparable figures for 1948-49 are not yet available.

(b) Plans are being considered to make India self-sufficient in three years in regard to a part of long staple cotton and in five years in regard to medium staple cotton. With regard to African-cotton, the plans may take a little longer time.

**Shri R. K. Sidhva:** Was there any Egyptian cotton imported last year, and if so what is its quantity?

**The Honourable Shri Jairamdas Doulatram:** So far as imports are concerned, I have no information; that question will have to be put to the Commerce Ministry.

**Shri V. C. Kesava Rao:** Have any experiments been carried out in the Indian Council of Agricultural Research in regard to cotton, and if so are they put into practice?

**The Honourable Shri Jairamdas Doulatram:** Yes, they are being put into practice in a large number of Provinces.

**Dr. P. S. Deshmukh:** Is the Honourable Minister aware whether there is any demand for short staple cotton from outside—from America, for instance?

**The Honourable Shri Jairamdas Doulatram:** I could not say. That would be for the Commerce Ministry to reply whether and from where there is demand for short staple cotton.

**Dr. Mono Mohan Das:** What percentage of local demands in India is met by local produce and what percentage is met by imports?

**The Honourable Shri Jairamdas Doulatram:** I could not give the figures straight off. But I understand that with regard to local production last year it was about 23 lakh bales as against 28 lakhs expected.

**Dr. Mono Mohan Das:** What is the total consumption in the country?

**The Honourable Shri Jairamdas Doulatram:** About 40 lakh bales. This aspect of the question does not relate to my Ministry.

**Dr. V. Subramaniam:** Has any research been made to grow cotton of different colours?

**The Honourable Shri Jairamdas Doulatram:** Some research is being carried on in the Delhi Institute with regard to the Russian varieties of cotton which, I think, are coloured red.

## CLAIMS FOR DAMAGE TO GOODS IN TRANSIT ON RAILWAYS

\*727. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Railways be pleased to state the amount claimed against the State Railways for damage to goods in transit during the last official year?

(b) Is it a fact that there has been an increase in the damages claimed?

(c) Is it a fact that there is no standard form for submission of claims for damages?

**The Honourable Shri K. Santhanam:** (a) Indian Government Railways do not maintain statistics of amounts claimed, as frequently the extent of loss, damage etc., is not specified by the claimants. Statistics of compensation payments are, however, maintained. During the official year 1947-48 these amounted to Rs. 1,29,58,684, of which Rs. 12,08,129 represented payments as compensation for damage and breakage.

(b) Yes. It is unfortunately true that there has been an abnormal increase in the claims compensation bill of the Indian Government Railways.

(c) Most of the Indian Government Railways have recently introduced a standard form, available at larger stations in which claims up to Rs. 200 can be preferred. This is part of a new procedure for the expeditious settlement of such claims. The M. & S. M. and B.B. & C.I. Railways have not yet introduced the form, but are being told to do so.

**Dr. P. S. Deshmukh:** Is the Honourable Minister convinced that it is not desirable to maintain the statistics that are not being maintained at the present moment?

**The Honourable Shri K. Santhanam:** All the statistics which can be maintained are being maintained.

**Shri Raj Bahadur:** May I know the percentage of increase in the amount of damages claimed from the Railways?

**The Honourable Shri K. Santhanam:** I do not quite understand. Percentage increase over what?

**Shri Raj Bahadur:** Over last year.

**The Honourable Shri K. Santhanam:** I require notice of that.

**Shri Kishorimohan Tripathi:** What steps do Government propose to take to minimise the compensation against damages?

**The Honourable Shri K. Santhanam:** We are taking all possible steps to stop pilferage and loss and damage, and we are also taking steps to settle claims quickly.

**Shri L. Krishnaswami Bharathi:** What are the reasons for this large increase in loss amounting to Rs. 1 crore?

**The Honourable Shri K. Santhanam:** During the strain involved in the war and later due to the communal conflict, losses and pilferage and thefts have increased, and the result is the large number of claims.

**Shri L. Krishnaswami Bharathi:** Was any action taken against the Railway officials for negligence of duty?

**The Honourable Shri K. Santhanam:** Wherever negligence can be proved, action has been taken.

#### LOCOMOTIVES IN USE ON RAILWAYS

\*728. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Railways be pleased to state the number of Locomotives in stock and in use on all the Railways in India and how many of them are of Indian manufacture and how many of foreign manufacture?

(b) In the case of those of Indian manufacture, what is the name of the Workshop in India where they were manufactured?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) The total number of locomotives on line on the Indian Government Railways during October 1948

was 7224, and the number in use was 5701. The information regarding the number of locos of Indian manufacture is not available but most are of foreign manufacture.

(b) Locomotives have been manufactured at the Ajmer workshops of the B.B. & C.I. Railway.

#### WORKSHOP FOR MANUFACTURE OF LOCOMOTIVES

\*729. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Railways be pleased to state whether Government of India have taken any decision regarding the location of a locomotive manufacturing workshop in place of Kanchrapara, where at one time it was intended to be located?

(b) If so, where and at what cost? Has any detailed scheme of the said Workshop been prepared?

(c) If so, how much capital is intended to be invested therein and in what time?

(d) What progress, if any, has been made towards the implementation of the scheme and by which time is the said workshop intended to produce the first locomotive?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) Yes.

(b) and (c). The workshop is being constructed at Chittaranjan in West Bengal at an estimated cost of Rs. 14 crores approximately, to be completed by 1951.

(d) The construction of the new workshop and the staff colony is well in hand. The machinery and plant for the manufacture of locos are on order and are being received. The first locomotive is expected to be turned out of the shops by the end of 1951.

**Dr. Mono Mohan Das:** May I know what are the factors or considerations which led the Government to change the site of the factory from Kanchrapara?

**The Honourable Shri N. Gopalaswami Ayyangar:** The main reason was that Kanchrapara was too near the border between Pakistan and us.

#### WORKSHOPS MANUFACTURING LOCOMOTIVES

\*730. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Railways be pleased to state what is the number of locomotives, which are in the process of manufacture in India and what is the name of the workshop where they are being manufactured?

(b) Is there any workshop in India, which is at present manufacturing complete locomotives and if so, what is the number of such workshops? Where are they situated and what is their total annual output?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) 10XT/1 locomotives are under manufacture in the Ajmer workshops of the B.B. & C.I. Railway.

(b) Only the Ajmer workshop of the B.B. & C.I. Railway is manufacturing locomotives in India at present. The actual output during the past twelve months has been four locomotives.

#### DEVELOPMENT OF AJMER LOCOMOTIVE WORKSHOP

\*731. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Railways be pleased to state whether it is a fact that the Ajmer locomotive workshop is the only one that is at present manufacturing B.G. and M.G. locomotives?

† Answer to this question laid on the table, the questioner having exhausted his quota.

(b) What is the approximate cost of the locomotive of each variety produced by this workshop and how does that cost compare with the price of locomotives purchased from outside India?

(c) Have Government any plan for the development of the locomotive workshop at Ajmer and if so, what are the details of such schemes and if not, why not?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) Yes.

(b) The Ajmer workshop completed 2 Y.B.(M.G.) locos during 1945 at a cost of Rs. 1,63,631 each. The estimated cost of the 10XT/1 locos is likely to be approximately Rs. 2 lakhs each. The present approximate average cost of an imported B.G. and M.G. loco is as under:

|      |     |     |                 |
|------|-----|-----|-----------------|
| B.G. | ... | ... | Rs. 5.3 lakhs.  |
| M.G. | ... | ... | Rs. 4.30 lakhs. |

(c) There is no plan at present for the development of the Ajmer Workshops for loco manufacture. In view of the schemes to have separate workshops for loco building at Chittaranjan and Singhbhum and in view of the difficulties that exist in developing Ajmer as a repair-cum-manufacturing workshop, it has been decided that, as soon as the Ajmer Workshop has completed its present commitments, it will cease to manufacture locomotives and concentrate on repair work only.

#### WAGONS AND PASSENGER RAILWAY COACHES

†\*732. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Railways be pleased to state what is the number of wagons and passenger coaches of each description in use at present on railways?

(b) What is the number of each description of coaches, (i) which are in the process of manufacture in the workshops in India, and (ii) for which orders have been placed in foreign countries? By what time are the latter expected to be received?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) and (b). A statement giving the information required by the honourable member is being tabled.

#### STATEMENT

Passenger Coaches and Wagons in service on Class I, II and III Railways as on 31st March, 1948

(Including E.P., Assam and E.I. Railways)

| Coaching Vehicles for public use including other coaching vehicles and brakevans. | Class I Railways   | B.G.  |  |
|-----------------------------------------------------------------------------------|--------------------|-------|--|
|                                                                                   |                    | M.G.  |  |
|                                                                                   |                    | N.G.  |  |
|                                                                                   |                    | Total |  |
|                                                                                   | Class II Railways  | M.G.  |  |
|                                                                                   |                    | N.G.  |  |
|                                                                                   |                    | Total |  |
|                                                                                   | Class III Railways | M.G.  |  |
|                                                                                   |                    | N.G.  |  |
|                                                                                   |                    | Total |  |

† Answer to this question laid on the table, the questioner having exhausted his quota.

|                                           |       | Covered Wagons | Open Wagons                 | Tank Wagons | Special wagons other than Tank Wagons |
|-------------------------------------------|-------|----------------|-----------------------------|-------------|---------------------------------------|
| Class I Railways                          | B.G.  | 87,952         | 52,438                      | 2,401       | 9,895                                 |
|                                           | M.G.  | 33,089         | 6,086                       | 796         | 3,495                                 |
|                                           | N.G.* | 2,795          | ..                          | ..          | ..                                    |
| * Including Special wagons and brakevans. |       |                |                             |             |                                       |
| Class II Railways                         | M.G.  | 3,703          | Included in covered wagons. | ..          | 101                                   |
|                                           | N.G.  | 2,365          | Do.                         | ..          | 23                                    |
| Class III Railways                        | M.G.  | 193            | Do.                         | ..          | ..                                    |
|                                           | N.G.  | 1,506          | ..                          | ..          | 19                                    |

(b) (i) 272 coaches (in terms of 4-wheelers) are in the process of construction in Railway workshops. The numbers of each description of these coaches are as under:

|                                   | B.G. | M.G. |
|-----------------------------------|------|------|
| Class II                          | 12   | ..   |
| Class III                         | 36   | 106  |
| Composite Classes I, II and III   | 8    | ..   |
| Luggage and Class III             | ..   | 22   |
| Specials                          |      |      |
| Postal and Class III or Brakevans | 10   | 22   |
| Parcel vans                       | 2    | ..   |
| Others                            | 50   | 4    |
| Total                             | 118  | 154  |

Besides these, 100 class III coaches and 174 coach body shells are under manufacture by firms in India.

(ii) 112 Electric Multiple coaches of classes I and III are on order in U.K. The delivery of these coaches is 2 per week commencing from January 1950.

#### CONSTRUCTION OF NATIONAL HIGHWAYS

†\*733. **Shri Amiyo Kumar Ghosh:** Will the Honourable Minister of Transport be pleased to state:

(a) what mileage of National Highways falls within the Province of Bihar; and

(b) whether any construction of National Highways has been started in any of the provinces and if not, when Government are going to take up the construction?

**The Honourable Shri K. Santhanam:** (a) About 1230 miles.

(b) Yes, work on National Highways has been started in all the provinces, including Bihar.

About 60 miles of new road have already been constructed to a light specification, of which sixteen miles are in Bihar, and improvement works on other stretches, with a total aggregate length of about 200 miles, are nearing completion. In addition, construction of a major bridge in Bihar has been completed and road work on a combined rail and road bridge is nearing completion.

#### BRIDGE OVER RIVER SONE NEAR DELHI-ON-SONE

†\*734. **Shri Amiyo Kumar Ghosh:** Will the Honourable Minister of Transport be pleased to state whether Government propose to construct a bridge over the River Sone near Dehri-on-Sone, in order to connect the Grand Trunk Road?

† Answer to this question laid on the table, the questioner being absent.

**The Honourable Shri K. Santhanam:** Yes, in due course. It will not, however, be possible to take up the work during next year owing to financial stringency and shortage of materials.

#### TRAINING OF INDUSTRIAL MANAGERS, ACCOUNTANTS AND ADMINISTRATORS

†\*735. **Prof. N. G. Ranga:** Will the Honourable Minister of Industry and Supply be pleased to state:

(a) whether anything has been done by Government to implement their assurance that special efforts will be made to train industrial managers, accountants and administrators;

(b) whether it is proposed to start any special college or to encourage certain Universities to open special faculties in these subjects?

(c) whether any scholars have been sent abroad to become specialists in these subjects; and

(d) whether any officers have been specially deputed to work as apprentices in some of the principal industrial and commercial institutions to gain the required expert knowledge?

**The Honourable Dr. Syama Prasad Mookherjee:** (a) to (d). The assurance referred to by the honourable member relates to the statement in our Industrial Policy that Government are considering steps to create a body of men trained in business methods and management. The context in which this was stated is that Government would, as a rule, run its own industrial undertakings through the medium of public corporations. Before such a body of men is created, we should make an estimate of the types and numbers likely to be required for the purpose and this can be done only when our industrial projects reach a sufficiently advanced stage. So far, only the Sindri project has reached this stage and action to train men required for this factory has been taken. In the case of other industries, action will be taken as soon as project reports are received and examined. I may add that in all our project report agreements with foreign firms, provision has been made by which the firms are required to provide facilities for the training of technical and other staff during the period of construction. I intend to appoint, at the appropriate time, a small Committee to advise Government on the method of selection of the persons to be trained and the manner of training.

#### PAYMENT OF BONUS FOR FOODGRAINS PROCURED INTERNALLY

†\*733. **Prof. N. G. Ranga:** (a) Will the Honourable Minister of Food be pleased to state whether it is a fact that in the Memorandum of January 1948 to the Standing Finance Committee, the Ministry of Food had stated that their scheme of payment of bonus by the Government of India on internal procurement of food grains would not involve further expenditure beyond 1948?

(b) How far has that intention been fulfilled?

(c) Is that subsidy proposed to be continued in 1949 also and if so, on what basis and at what proposed cost?

**The Honourable Shri Jairamdas Doulatram:** (a) In the Memorandum referred to by the honourable member it was stated "According to the present intentions, the proposal is not likely to involve further expenditure beyond 1948".

(b) It has not been possible to discontinue the bonus on procurement as on account of reimposition of controls and dollar limitations it is necessary to have the maximum amount of procurement.

† Answer to this question laid on the table, the questioner being absent.

#### STARRED QUESTIONS AND ANSWERS

(c) Yes, on the same basis as last year. The approximate cost would be Rs. 422 lakhs.

#### SUBSIDIES FOR IMPORTED FOODGRAINS

†\*737. **Prof. N. G. Ranga:** Will the Honourable Minister of Food be pleased to state whether the 1948 basis for allocation of the cost of subsidy on imported food grains between Central and Provincial Governments in the ratio of 2:1 is being continued?

**The Honourable Shri Jairamdas Doulatram:** The ratio 2:1 was in force only upto 30th September 1948. Under the Revised Food Policy operative from 1st October, 1948 the Government of India is bearing 3/4th of the subsidy on imported food grains issued to Provinces and 1/4 of the subsidy on issues to States. At present this arrangement will continue in the case of Provinces upto the end of December 1949 while in the case of States the matter is still under consideration.

#### ADOPTION OF WORLD WHEAT AGREEMENT BY ALL COUNTRIES

†\*738. **Prof. N. G. Ranga:** Will the Honourable Minister of Food be pleased to state what steps are being taken to see that the World Wheat Agreement will come to be adopted by all countries?

**The Honourable Shri Jairamdas Doulatram:** The representatives of India in Washington have been instructed to make every effort to see that a world wheat agreement is satisfactorily concluded.

#### TRAINING OF PERSONS FOR EMPLOYMENT IN CIVIL AVIATION

†\*739. **Shri Amiyo Kumar Ghosh:** (a) Will the Honourable Minister of Communications be pleased to state the number of persons trained during the year 1948 for employment in civil aviation?

(b) What steps do Government propose to take for training more persons for the purpose?

**Shri Khurshed Lal** (Deputy Minister for Communications): (a) 464 persons have so far been trained in the different branches of Civil Aviation during 1948-49.

(b) A School for the training of Communication personnel has been in operation in Saharanpur for more than 2 years. A Civil Aviation Training Centre has been established in Allahabad for the purpose of training Commercial pilots, Ground Engineers and Flying Control staff. The first batch of trainees under the Commercial Pilot's course will start their training in the course of the next month. The Ground Engineers Training Unit is expected to commence working in about 6 months.

#### FLYING CLUBS IN INDIA

†\*740. **Shri Amiyo Kumar Ghosh:** (a) Will the Honourable Minister of Communications be pleased to state how many flying clubs are there in the Indian Union and what is the basis on which subsidies are granted to them?

(b) Do Government propose to open more flying clubs and if so, will any of them be located in the Province of Bihar?

**Shri Khurshed Lal** (Deputy Minister for Communications): (a) I lay on the table a note giving the required information.

(b) With the funds available, the intention of the Government of India for the present is to develop and subsidise one flying club at each Provincial Capital. Bihar has already a flying club at Patna.

† Answer to this question laid on the table, the questioner being absent.

## STATEMENT

## NOTE

There are nine flying clubs in the Provinces in India with headquarters at Delhi, Benares, Madras, Calcutta, Patna, Bhubaneswar, Lucknow, Nagpur and Jullundur and three clubs in the States, namely, Mysore and Jodhpur Flying Clubs and the Hyderabad State Aerob Club. The nine clubs in the Provinces are in receipt of financial assistance from the Government of India on the scale mentioned in para. 2 below; the 3 clubs in the States have not yet been brought into the scheme due to lack of funds.

2. Financial and other assistance is granted to clubs on the following scale provided Government is satisfied that the clubs are well organised, have local support and adequate technical personnel and equipment:

- (i) The clubs are allowed to operate from a Government Civil Aerodrome. A capital grant is made where necessary to assist the club concerned to provide a hangar, workshop and office. Free housing in Government hangars is provided at aerodromes in cases the club has not erected its own hangar; no landing fees are charged.
- (ii) Government loans to each club a minimum of four and a maximum of six training aircraft.
- (iii) A fixed annual subsidy is paid to each club at a uniform rate which for 1948-49 was Rs. 30,000.
- (iv) In order to enable the clubs to offer flying training at rates within the reach of the average citizen, Government contributes part of the operating cost in the shape of a subvention at the rates given below for every flying hour, and a special bonus of Rs. 250 is paid for each pilot trained upto the 'A' licence and an hourly bonus of Rs. 5 per hour for all flying in excess of 1,000 hours per annum.

Hourly subvention in respect of flying by—

- (a) Members undergoing pre-entry training for admission to Civil Aviation Centre, Allahabad ... Rs. 25
- (b) Other members—Indian Nationals—
  - (i) 23 years of age and under—
    - For Piper or other light aircraft ... Rs. 15
    - For Tiger Moth or other heavier aircraft ... Rs. 20
  - (ii) Over 23 years of age ... Nil.
- (c) Other members—Foreign Nationals ... Nil.

## RESUMPTION OF TRAIN SERVICE WITH WEST PUNJAB

\*741. **Sardar Bhopinder Singh Man:** (a) Will the Honourable Minister of Railways be pleased to state whether the attention of Government has been drawn to a leader in the *Delhi Statesman*, dated 23rd January, 1949 and the views expressed in several subsequent issues of that paper favouring the resumption of direct passenger train service with West Punjab?

(b) If the answer to part (a) above be in the affirmative, has the suggestion been considered by Government and if so, with what results?

(c) If the suggestion has not yet been considered, when do Government propose to review the position?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) Yes.

(b) and (c). The Government are watching the situation continuously. Their present attitude with regard to this matter was fully explained by me in the course of my reply to the general discussion on the Railway Budget on the 21st instant.

**Sardar Bhopinder Singh Man:** Have the Government taken up this issue with the Pakistan Government, and if so, what has been their reaction to this proposal?

**The Honourable Shri N. Gopalaswami Ayyangar:** We have not yet taken any initiative in this matter.

**Shri Brajeshwar Prasad:** Has the Pakistan Government taken any initiative in this matter?

**The Honourable Shri N. Gopalaswami Ayyangar:** No.

## RAILWAY SIDINGS FOR WEST JHAGRAKHAND AND RAJNAGAR COLLIERIES

\*742. **Shri R. L. Malviya:** (a) Will the Honourable Minister of Railways be pleased to state whether it is a fact that the proposal for the construction of Railway Sidings for West Jhagrakhand Colliery in the Korea State and the nearby Rajnagar Colliery in Rewa State has been sanctioned by the Bengal Nagpur Railway and are now pending with the Railway Board, Government of India, for finalisation?

(b) If so, when were the proposals received and how long will they take to finalise them?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) The estimate for the construction of railway sidings at the present-day cost of construction has just been prepared by the Bengal-Nagpur Railway, and they are examining the financial implications.

(b) In view of the reply to part (a), the question does not arise.

**Dr. P. S. Deshmukh:** Has any provision been made for the construction of the sidings in the next year's budget?

**The Honourable Shri N. Gopalaswami Ayyangar:** The estimate not being ready and having not been considered, no provision has been made in the Budget.

## DELHI AGRICULTURAL COLLEGE

\*743. **Dr. P. S. Deshmukh:** Will the Honourable Minister of Agriculture be pleased to state:

- (a) the year in which the Agricultural College at Delhi was started;
- (b) the number of students admitted in each year since it was started;
- (c) the Provinces, States or Centrally administered areas from which they come, from the commencement of the college; and

(d) the total number of students studying at present in that College?

**The Honourable Shri Jai Ramdas Doulatram:** (a) 1947.

(b) A statement (No. I) giving the details for each class for each year is laid on the table of the House.

(c) A statement (No. II) giving the names of 15 States and 8 Provinces and the 5 Centrally administered areas is laid on the table.

(d) 126.

## STATEMENT I

Number of admissions in the Central College of Agriculture, Delhi.

| Year | Class          |          |          | Total |
|------|----------------|----------|----------|-------|
|      | Pro-University | 1st year | 2nd year |       |
| 1947 | 69             | 17       | ..       | 86    |
| 1948 | 59             | 1        | 2        | 62    |

## STATEMENT II

Number of students admitted in Central College of Agriculture State and Province-wise

|                                                  | Class          |           |           |         |          |         |
|--------------------------------------------------|----------------|-----------|-----------|---------|----------|---------|
|                                                  | Pro-University |           | 1st year  |         | 2nd year |         |
|                                                  | 1947-1948      | 1947-1948 | 1947-1948 | 1947-48 | 1947-48  | 1947-48 |
| <i>States</i>                                    |                |           |           |         |          |         |
| (1) Patiala . . . . .                            | 2              | 2         | ..        | ..      | ..       | ..      |
| (2) Bundi . . . . .                              | 1              | 1         | ..        | ..      | ..       | ..      |
| (3) Travancore . . . . .                         | 4              | 6         | ..        | ..      | ..       | 1       |

**Dr. P. S. Deshmukh:** May I know the total number of students coming from the Centrally Administered Areas for the current year?

**The Honourable Shri Jairamdas Doulatram:** I would not be able to give that at present.

**Shri Brajeshwar Prasad:** Is there any agricultural college in Bihar?

**The Honourable Shri Jairamdas Doulatram:** I am not aware.

**Mr. Chairman:** Order, order. It refers only to Centrally Administered Areas.

**Shri Deshbandhu Gupta:** Has this college been affiliated to the Delhi University?

**The Honourable Shri Jairamdas Doulatram:** Yes. I think correspondence is going on; the final decision has not yet been taken.

**Shri H. V. Kamath:** Do the applications for admission to this college show that our women are interested in the study of agriculture?

**Dr. Mono Mohan Das:** Is there any arrangement for training of students who come from outside to this college?

**The Honourable Shri Jairamdas Doulatram:** Sometimes we receive applications from Ceylon.

**Dr. Mono Mohan Das:** Are they entertained?

**The Honourable Shri Jairamdas Doulatram:** Yes, they are entertained.

**Shri Mahavir Tyagi:** Have any non-English knowing boys from agricultural families been admitted into this college?

**The Honourable Shri Jairamdas Doulatram:** I am not aware of that.

**Shri Deshbandhu Gupta:** Is it a fact that the Principal of the Agriculture College is an *ex-officio* member of the Executive Council of the Delhi University?

**The Honourable Shri Jairamdas Doulatram:** Yes.

**Shri Deshbandhu Gupta:** Is it a fact that he was not allowed to participate in the Vice-Chancellor's election?

**The Honourable Shri Jairamdas Doulatram:** Yes.

**Shri Deshbandhu Gupta:** Reasons for same?

**The Honourable Shri Jairamdas Doulatram:** That would be for the University to explain.

**Shri B. P. Jhunjhunwala:** What is the qualification for a student to be admitted into the Agricultural College?

**The Honourable Shri Jairamdas Doulatram:** I cannot give it to you from memory.

**Shri Mahavir Tyagi:** Is there any agricultural farm attached to this college, and are students given some practical training there in agriculture?

**The Honourable Shri Jairamdas Doulatram:** They are given practical training at the Agricultural Research Institute.

**Shri H. V. Kamath:** How many women applied for admission to the College during the last year?

**Mr. Chairman:** Order, order.

**Shri H. V. Kamath:** Is it out of order? It is asking for information.

**Mr. Chairman:** Next question.

## STUDENTS' STRIKE IN DELHI AGRICULTURAL COLLEGE

**\*744. Dr. P. S. Deshmukh:** (a) Will the Honourable Minister of Agriculture be pleased to state whether any students of the Agriculture College at Delhi had gone on strike and if so, when, how many and for what reasons?

(b) What steps did Government take to redress the grievances of students?

**The Honourable Shri Jairamdas Doulatram:** (a) Yes. On 8th November, 1948, all the students of the college decided to abstain from their classes. Their main grievances were that fees charged were high, their study tour expenses should be borne by Government, they should manage their own mess,

**Sreematty Annie Mascarene:** Are Government prepared to nominate more lady members?

**The Honourable Sardar Baldev Singh:** It depends on the vacancies. There was one vacancy at Mhow and one lady has been nominated.

**Shri R. K. Sidhya:** When vacancies arise, will the Government consider appointing more lady members?

**The Honourable Sardar Baldev Singh:** My honourable friend is a member of the committee and knows what the rules are. There are certain number of vacancies that are allotted to the nominees of the armed forces and out of this quota if there is no officer available then only the vacancy goes to a lady member.

**Shri H. V. Kamath:** Is Committee recently appointed to go into the question of cantonment boards empowered to go also into the question of nominating more women members on the boards?

**The Honourable Sardar Baldev Singh:** Mr. Sidhya is a member of the Committee. It should be left to him.

#### EDUCATION OF GIRLS IN CANTONMENT AREAS

**\*1466. Sreematty Annie Mascarene:** (a) Will the Honourable Minister of Defence be pleased to state which of the Cantonment Boards in India are maintaining girl's schools and up to which standard do they impart education in these schools?

(b) Which Cantonment Boards are maintaining schools for co-education?

(c) Has any Cantonment Board introduced compulsory free education for girls and if so, when and if not, why not?

(d) What steps have been taken by such Boards to spread education among girls since the attainment of independence?

**The Honourable Sardar Baldev Singh:** (a) to (d). I lay a statement on the Table of the House.

#### STATEMENT

| S. No. | Cantonment  | Whether Girls' School is maintained | Standard of the School                                       | Whether co-education is maintained | Is education of girls free and compulsory | Steps taken to spread education among girls                              |

water facilities at hostel, should be improved and teaching staff should be strengthened.

(b) It is proposed to reduce the fee and the Provinces and States have been consulted about the payment by them of a capitation charge. Meanwhile, collection of fee at the old rate has been suspended. Other grievances have been redressed.

**Mr. Tajamul Husain:** Do I take it that Government have given in to the student strikers?

**The Honourable Shri Jairamdas Doulatram:** All legitimate grievances ought to be redressed by a democratic Government.

**Shri Deshbandhu Gupta:** How long did it take the grievances to reach the Honourable Minister?

**The Honourable Shri Jairamdas Doulatram:** It took some time.

**Shri B. Das:** The suspension of payment of college fee by students of the Agriculture College and the condonation thereof by the Government of India—will that not set a bad example to other college students who may resort to similar strike?

**Mr. Chairman:** Order, order. It is a matter of opinion.

**Shri Mahavir Tyagi:** Has the Government considered the possibility of changing the medium of education in these agricultural colleges from English to Hindustani?

**The Honourable Shri Jairamdas Doulatram:** That would be possible in provincial colleges. In a Central college where people come sometimes from outside and from all over India, that would naturally not be possible.

**Shri Deshbandhu Gupta:** Is it a fact that the representation of these students was lying in the office for several months and the strike could have been averted if it had been brought to the notice of the Honourable Minister by his office earlier?

**The Honourable Shri Jairamdas Doulatram:** It was not lying for several months, but it was probably for three or four weeks, but I do admit that if it had been brought to my notice, the strike could have been averted.

**Shri C. M. Poonacha:** Has it been decided to locate this college permanently in Delhi or is there any proposal to shift it to some other place?

**The Honourable Shri Jairamdas Doulatram:** The question of the future of the college is under examination and the matter will be decided in consultation with the Standing Committee of the Legislature.

#### TRACTORS, HARVESTERS, OIL ENGINES, FISHING BOATS AND ELECTRIC PLANTS IMPORTED IN 1948

\*745. **Dr. P. S. Deshmukh:** (a) Will the Honourable Minister of Industry and Supply be pleased to state the number according to horse power of tractors, harvesters, oil engines, fishing boats and electric plants with their value obtained from foreign countries during the year 1948?

(b) What steps, if any, are being taken for the manufacture of any of the above types of machinery in India?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) and (b). Two statements are laid on the table of the House.

#### STARRED QUESTIONS AND ANSWERS

##### STATEMENT I

*Tractors and harvesters obtained by Ministry of Agriculture in 1948 together with their value, horse power, and the countries of manufacture*

\* These items were purchased in 1948 by the D.G.(I.&S.) from manufacturers' agents in India. It is not known how many of these items were actually imported by the firms concerned in 1948 and how many before 1948.

NOTE.—Information regarding machineries obtained by private parties during 1948 is being collected and will be laid on the table of the House when ready.

##### STATEMENT II

*Tractors.*—The Government of Orissa are contemplating the establishment of a factory in Orissa in association with private enterprise. They have asked the Central Government to participate in the scheme. This is now under consideration.

Messrs. Marshall Sons & Co. (India) Ltd., Calcutta have informed that they have an intention of setting up a factory. They have not, however, sent us their concrete scheme so far.

*Harvesters.*—At present, Government are mainly concentrating on tractors and the manufacture of harvesters will be considered later.

*Oil engines.*—The installed capacity for the manufacture of diesel oil engines in the country at present is 1,200 engines per annum. A few factory for the manufacture of diesel oil engines in India has been completed by Messrs. Kirloskar Oil Engines Ltd. The factory has already manufactured pre-types and will go into bulk production shortly. This will raise the capacity in the country from 1,200 to 4,500 engines per year.

*Fishing boats.*—There are 11 builders capable of fabricating fishing boats (self-propelled) at the various ports of India.

*Electric plants.*—There is already an organised industry in India for the manufacture of Ac3 phase squirrel Cage motors from one to 30 H.P. in aggregate of 30,000 units on an average. The expansion of this industry is under way and it is expected that by the end of 1950 the yearly capacity of the industry will have been raised to 250,000 H.P. or 50,000 units. The above capacity is expected to be sufficient for the country's requirements in the

**Shri H. V. Kamath:** Do the figures that are available to the Honourable Minister show that the percentage of literacy in cantonment areas is higher than that in the adjoining *basti* or city areas?

**The Honourable Sardar Baldev Singh:** I require notice of that question. I cannot say offhand.

**Sreematty Annie Mascarene:** Are there any schools for girls in all cantonment areas?

**The Honourable Sardar Baldev Singh:** The statement gives the details of the girls schools in different cantonments.

## APPOINTMENTS IN ALL INDIA RADIO AFTER 15TH AUGUST, 1947

[\*1467. **Shri Deshbandhu Gupta:** (a) Will the Honourable Minister of Information and Broadcasting be pleased to state in separate categories station-wise the total number of officers (Programme Assistants, Transmission Assistants, Programme Executives, Assistant Station Directors, Station Directors, News Editors and Assistant News Editors) appointed in the All India Radio during the period from 15th August, 1947 to 28th February, 1949?

(b) How many of them were appointed without being approved by Selection Boards, departmental or otherwise, and what were the reasons for the same?

(c) How many of them are still not approved by the Selection Boards?

(d) What is the number of persons serving on the staff today who still hold temporary posts and whose period of service exceeds one year and two years respectively?

**The Honourable Shri R. R. Diwakar:** (a) A statement giving the information is laid on the table of the House.

(b) Appointments to posts of Programme Assistant and Transmission Assistant are made on the recommendations of the Selection Boards. All

Higher appointments, viz., those of Station Director, Assistant Station Director, Programme Executive, News Editors and Assistant News Editors are made through the Federal Public Service Commission.

Appointments of twenty-seven Programme Assistants and fourteen Transmission Assistants were made temporarily without going through the Selection Board procedure; out of these twelve Programme Assistants and five Transmission Assistants were appointed on promotion within the Department, while two Programme Assistants and two Transmission Assistants were taken over from the Baroda State Service. These temporary appointments were made to meet the emergent needs of staff in connection with All India Radio's Development Plan. The Partition necessitated emergency recruitment owing to heavy depletion of staff and further no less than six new stations were opened within the course of a year.

(c) Seventeen Programme Assistants and ten Transmission Assistants.

(d) Forty-four and sixteen respectively.

**Shri Deshbandhu Gupta:** With reference to the reply to part (b), may I know whether any meeting of the Selection Board was called ever since it was appointed, and whether it is a fact that the Selection Board was appointed in May-June, 1947 and that no appointment has been made after consultation with the Selection Board up till now?

**The Honourable Shri R. R. Diwakar:** They were temporary appointments; their emoluments as well as their permanent nature had not been fixed. Therefore, these were not put before the Selection Board.

**Shri Deshbandhu Gupta:** Is it not a fact that prior to the appointment of this Board, all temporary appointments were also made in consultation with the Selection Boards?

**The Honourable Shri R. R. Diwakar:** I have no information.

**Shri Deshbandhu Gupta:** Will the Honourable Minister look into it?

**The Honourable Shri R. R. Diwakar:** Yes.

**Shrimati G. Durgabai:** May I know how many provincial broadcasting stations have selection boards and how many boards have non-official members?

**The Honourable Shri R. R. Diwakar:** Selection Boards are not permanent bodies, but they are appointed for the occasion. It has now been decided that there will be also non-official members on these Selection Boards.

**Shrimati G. Durgabai:** My question is whether the Selection Boards that are already functioning contain non-official members?

**The Honourable Shri R. R. Diwakar:** No.

**Shri Deshbandhu Gupta:** Is it not a fact that all the members of this Selection Board, which consisted of officials and non-officials, were local men and it was possible to call a meeting at a very short notice?

**The Honourable Shri R. R. Diwakar:** As already pointed out, as the appointments were of a temporary nature and the emoluments, etc., were not fixed, they were not brought before the Selection Board.

**Seth Govind Das:** Are there any persons in these temporary appointments who were famous for their anti-Indian views in the past?

**The Honourable Shri R. R. Diwakar:** I have no knowledge.

**Shri Deshbandhu Gupta:** May I know whether there are a number of persons who have been working as temporary employees for more than three years?

**The Honourable Shri R. R. Diwakar:** I have no knowledge. I have already stated that there are people who are there for more than one and two years. I may now say that most of these posts have been referred already either to the F.P.S.C. or to the Selection Boards.

**Shri H. V. Kamath:** What is the maximum period for which an appointment is regarded as temporary?

**The Honourable Shri R. R. Diwakar:** It is usually one year.

**Shri Deshbandhu Gupta:** Is it a fact that this Selection Board was dissolved without ever bringing any case before it?

**The Honourable Shri R. R. Diwakar:** Because there was no work, it was dissolved.

## PROMOTIONS TO NON-GRADUATES IN GOVERNMENT OF INDIA

\*1468. **Shri Deshbandhu Gupta:** Will the Honourable Minister of Home Affairs be pleased to state:

(a) the number of non-Graduates holding appointments as Superintendents and above in the Ministry of Defence and other Ministries on 15th March, 1949 and who fall in the category of temporary Government servants;

(b) whether it is a fact that orders have recently been issued that only Graduates should be appointed to these posts and if so, whether it will apply to future appointments or will have retrospective effect; and

(c) whether it is a fact that in some instances persons having more than 9 years' service to their credit and having served as superintendents for several years are also being reverted to the posts of Assistants held by them previously under the said order?

†Was not reached during the question hour.

**The Honourable Sardar Vallabhbhai Patel:** (a) and (c). Information is being collected and will be laid on the table of the House in due course.

(b) Posts of Superintendents are filled by promotion from Assistants. No one who is not a Graduate unless he is a permanent clerk is eligible for the post of an Assistant, and no one who is not eligible to be an Assistant can be promoted as Superintendent. Instructions have been issued to enforce this rule in respect of persons not yet confirmed as Superintendents. Such persons will be replaced as and when suitable and qualified substitutes are available.

#### ESTABLISHMENT OF NAVAL STATIONS

**\*1469. Srijut Kuladhar Chaliha:** (a) Will the Honourable Minister of Defence be pleased to state the places where Government are going to establish Naval Stations on the East and West Coasts of India?

(b) Is it a fact that Bombay harbour is not capable of receiving training ships of the tonnage of Nelson and, as such, it was not possible to buy such training ships?

(c) Have Government any proposal to lay the Keels of (i) Battleships; (ii) Cruisers; (iii) Aircraft-carriers; (iv) Destroyers; (v) Submarines; (vi) Sloops; (vii) Corvetts and Frigates; (viii) Minesweepers; (ix) Oil Tankers; (x) Depot Ships; (xi) Repairships; (xii) Gun-Boats; (xiii) Trawlers; (xiv) Petrol Carriers; and (xv) Hospital Ships?

(d) If so, what is the programme and how many years do they want to complete it?

(e) What is the ultimate cost involved in the scheme and what is the yearly cost involved?

(f) What was the amount of Naval Expenditure in the year 1939 in the United States of America, United Kingdom, France, Germany and Japan and what it is now (except Germany and Japan)?

**The Honourable Sardar Baldev Singh:** (a) Government have no proposal in view regarding a new naval station either on the West or on the East coast.

(b) No. In not acquiring such a ship as a training ship Government were not influenced by this consideration, but by other vital issues such as dockyard facilities, cost of maintenance of such a vessel, etc.

(c) No.

(d) and (e). Does not arise.

(f) I lay a statement on the table of the House.

#### STATEMENT

A. Naval expenditure in the year 1939.

| Country  | Year    | Expenditure          |
|----------|---------|----------------------|
| U. K.    | 1939    | £149,399,000         |
| U. S. A. | 1939-40 | \$773,049,151        |
| France   | 1939    | Francs 9,637,000,000 |
| Japan    | 1939-40 | Yen 826,752,432      |

Naval Expenditure in respect of Germany is not available after 1933-34. Expenditure during that financial year was Marks 186,243,200.

#### B. Present Naval Expenditure:

| Country  | Year    | Expenditure     |
|----------|---------|-----------------|
| U. K.    | 1948-49 | £153,000,000    |
| U. S. A. | 1948-49 | \$3,686,733,250 |

Information with regard to the naval expenditure of the other countries mentioned in the question are not available.

#### RATE OF EXCHANGE OF RUPEE INTO STERLING

**\*1470. Shri Biswanath Das:** Will the Honourable Minister of Finance be pleased to state why our expenditure during the year has been converted at 1 shilling and 5 31/32 pence in place of the usual conversion proportion of 14 shillings to the rupee?

**The Honourable Dr. John Matthai:** Sterling transactions are adjusted in the accounts at the average rate of exchange, the average rate for each month being the average of the daily Calcutta telegraphic transfer rates on London during the month. The average rate for the current year is likely to be 1 sh. 5-31/32 d. the rupee, the rate adopted for the revised estimate. As it is not possible to forecast the rate for the coming year provision is always made at the conventional rate of 1 sh. 6 d. the rupee in the Budget.

**Shri Biswanath Das:** May I know whether Government have considered the strong feeling against this exchange ratio of 14 s. for the rupee, which existed even before the 15th August, 1947?

**The Honourable Dr. John Matthai:** What is the kind of feeling the honourable member is referring to?

**Mr. Speaker:** The feeling against the ratio.

**The Honourable Dr. John Matthai:** Is the honourable member raising a supplementary out of this question or referring to the question of the suitability of the present rate of exchange?

**Shri Biswanath Das:** I could have the information either on this question or on the other question.

**The Honourable Dr. John Matthai:** I do not understand the question.

**Mr. Speaker:** That is partly my difficulty too.

**Shri Biswanath Das:** Do Government realise the strong feeling in this country against the ratio of 1½ sh. to the rupee that existed also before the 15th August, 1947?

**The Honourable Dr. John Matthai:** Perhaps I better explain the position. As the honourable member knows, the link between the rupee and the sterling no longer exists consequent on the amendment of the relevant section of the Reserve Bank of India Act. At present our exchange ratio really is the result of the rate that we have adopted under the International Monetary Fund Agreement in relation to gold and dollar, so that our relation to sterling is derived from our relation to gold and dollar.

**Shri Biswanath Das:** May I know the basis on which this exchange ratio of 5-31/32 pence has been fixed?

**The Honourable Dr. John Matthai:** That is the average rate of the exchange during the year in question—the rate based on transactions actually put through.

**Shri Raj Bahadur:** What has been the financial effect of the reduction by 1/32 pence in the value of the rupee?

**The Honourable Dr. John Matthai:** I am quite unable to understand the question.

**Shri R. K. Sidhva:** May I know whether Government are not free to reconsider the question of the equivalent of the rupee in the sterling at 1 shilling 4 pence as before?

**The Honourable Dr. John Matthai:** I said in answer to that question that we are now linked through the International Monetary Fund.

**Shri Raj Bahadur:** May I know how much more the Government had to pay on account of the reduction by 1/32 pence in the value of the rupee?

**Mr. Speaker:** The Honourable Minister has said that it is based upon the average of the actual transactions.

#### GOLD AND SILVER IMPORTED FROM U.S.A. UNDER 'LEASE-LEND'

**\*1471. Shri Biswanath Das:** Will the Honourable Minister of Finance be pleased to state:

(a) the quantity of gold as also the quantity of silver imported into India in the name of "lease-lend" from the United States of America during the war;

(b) the use to which such gold and silver was put;

(c) whether India has to pay back the "lease-lend" gold and silver; and

(d) if so how?

**The Honourable Dr. John Matthai:** (a) 226 million ounces of silver were obtained from the U.S. Government during the war on lend/lease. No gold was imported on this basis.

(b) Part of the silver was utilised for coinage, a portion of it was sold to the market and the rest remained with Government.

(c) The silver was obtained on the understanding that it would be returned in kind, ounce for ounce, within five years of the date on which the U.S. President declared the end of the emergency.

(d) This will be considered at the proper time.

**Shri R. K. Sidhva:** May I know how much was used for coinage?

**The Honourable Dr. John Matthai:** About 123 million ounces.

**Shri R. K. Sidhva:** What is the proportion in the rupee of the silver that is used?

**The Honourable Dr. John Matthai:** As the honourable member probably knows, there is no current silver coinage being minted. But the silver coin that we used to have before contained about 50 per cent. of silver.

**Shri R. K. Sidhva:** The Honourable Minister said that part of it is used in coinage. On what coinage is it used?

**The Honourable Dr. John Matthai:** That was before in the quaternary coinage.

**Shri Biswanath Das:** May I know whether any portion of this silver was put into auction or sale and if so how much?

**The Honourable Dr. John Matthai:** I think about 47 million ounces were sold in the market.

**Shri Biswanath Das:** May I know the rate at which it was sold and the profit if any, that was made?

**The Honourable Dr. John Matthai:** Rs. 127 per 100 tolas.

**Shri Biswanath Das:** What arrangements are Government making to meet the demand if and when it comes for repayment to U.S.A.

**The Honourable Dr. John Matthai:** We have got a certain amount of silver with us. It might be necessary to collect the quaternary coins that contain silver and have them refined, but the problem has not yet arisen as the President of the United States has not yet declared that the emergency is at an end. It is only five years after such declaration that the problem arises.

**Shri Biswanath Das:** I quite see the point, but knowing as we do the rise in the price of silver now what will be the loss to India in this regard?

**The Honourable Dr. John Matthai:** This problem arises at an indefinite time in the future.

#### CONSTITUTION OF CANTONMENT BOARDS IN SECUNDERABAD AND MHOW

**\*1472. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Defence be pleased to state whether Cantonment Boards have again been constituted in the Cantonments of Secunderabad and Mhow and if so, from which dates?

(b) Do the Boards consist of purely official Members or some elected members also?

(c) What is the strength of official and elected members on these Boards?

(d) Has the Cantonments Act been applied *in toto* to these Cantonments or have any changes been made while applying the Act to these two Cantonments?

(e) What is the total civilian population of these two Cantonments?

**The Honourable Sardar Baldev Singh:** (a) No Cantonment Board has yet been constituted at Secunderabad. In Mhow, the Cantonment Board constituted prior to 14th August, 1947 is functioning.

(b) and (c). In view of answer at (a) above these questions do not arise in the case of Secunderabad Cantonment. As regards Mhow, the Cantonment Board consists of both official as well as elected members, as below:

Officer Commanding the station—President;

One Magistrate of the First Class nominated by Holkar Durbar;

Health Officer, Executive Engineer—Ex-Officio member;

Four Military Officers nominated by the Officer Commanding the Station;

Seven elected members.

(d) The Cantonments Act 1924, was applied with a few verbal changes to enable the powers of the Central Government under the Act to be exercised by the appropriate authorities in the State.

(e) The population as per census of 1911 is given below:

Secunderabad—40,044.

Mhow—35,261.

**Shri H. V. Kamath:** Has the Committee recently appointed by Government to revise the Cantonment Boards Act held any meeting so far?

**The Honourable Sardar Baldev Singh:** Not as yet.

**Shri H. V. Kamath:** Have the zonal Committees started functioning at all?

**The Honourable Sardar Baldev Singh:** I could not give definite information about it, but if the honourable member is interested I can get the information.

**Shri Radhavallabh Vijaivergiya:** Is the Honourable Minister aware of the long and continued agitation by the Mhow people for the removal of the Executive Officer of the Mhow Cantonment Board?

1936 CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [29TH MARCH 1949]

**The Honourable Sardar Baldev Singh:** I am not aware of it.

**Shri H. V. Kamath:** Does Government propose to expedite the work of the Committee appointed recently?

**The Honourable Sardar Baldev Singh:** The honourable member knows that Government is very anxious to expedite the work of this Committee.

#### EXPENDITURE ON CANTONMENTS AND MILITARY LANDS DEPARTMENT

\*1473. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Defence be pleased to state the total amount estimated to be spent in the year 1949-50 for the Cantonments and Military Lands Department and the sub-head to which it is debited?

(b) How much of the total expenditure is needed to meet the pay and allowances of the Director of Cantonments, the Deputy Director of Cantonments, the Deputy Assistant Director of Cantonments, the Military Estates Officers Grades I and II and towards half the pay of Executive Officers?

(c) How much of the total expenditure is needed to cover the establishment of officers of this Department?

(d) What steps are Government taking to review the expenditure of this Department and effect economies in it?

(e) Has the Economy Committee gone into the question of retrenchment in the Cantonment and Military Lands Department?

**The Honourable Sardar Baldev Singh:** (a) A sum of Rs. 15,05,000 has been provided for on this account under sub-heads L and O of Main-head 3 and sub-head C of Main-head 4 of Major Head 58 (Demand No. 76) of the Defence Services Estimates for 1949-50.

(b) Rs. 2,72,809.

(c) I presume the Honourable member wishes to know the provision made for expenditure on the Ministerial establishment. If that is so, the answer is Rs. 2,26,998.

(d) I am not aware that a special review is called for. The need for the staff sanctioned has been examined from time to time and, in regard to other expenditure, the necessity for it is very carefully considered before any sanction is accorded.

(e) No, as the Economy Committee is concerned only with appointments the expenditure on which is met from the Civil Estimates.

**Shri R. K. Sidhva:** As regards part (e) do not the Government consider the Cantonment and Military Lands Department as a municipal administration and do Government propose to place its expenditure before the Economy Committee?

**The Honourable Sardar Baldev Singh:** No, Sir, that is not the intention at present.

**Shri R. K. Sidhva:** May I know the reason?

**The Honourable Sardar Baldev Singh:** I have already explained the reason that at present the Cantonment Boards are not financed from Civil Estimates.

#### RECEIPTS FROM AIR SURCHARGE ON LETTERS AND POST CARDS

\*1474. **Prof. K. T. Shah:** Will the Honourable Minister of Finance be pleased to state:

(a) whether the attention of Government has been drawn to the letter to the Editor, appearing in the *Bombay Chronicle*, dated the 9th March, 1949

(City Edition), by Dr. M. S. Patel, with regard to the cost of production of a post card, and if so, whether Government propose to explain the difference in the cost, namely, 8-2 pies as stated by him while replying to the general debate on the Budget on the 5th March, 1949;

(b) whether the cost mentioned by him includes any service charges of the collection, conveyance and delivery, as well as the *pro-rata* overhead charge of the postal administration;

(c) how this cost of production as stated by him, including, or excluding service charges and overhead expenses, compares with corresponding cost of a post card in (i) the United Kingdom; (ii) the United States of America; and (iii) Canada; and

(d) what are the gross receipts derived from air surcharge on letter and post card mail in the years 1947-48 and 1948-49 up to 31st December, 1948.

**The Honourable Dr. John Matthai:** (a) and (b). Yes. The cost of 8-2 pies represents the total cost of a post card and includes all charges such as manufacture, handling, conveyance and overheads. Revised calculations taking into account the latest figures of expenditure show that the cost is 9-3 pies per post card.

The actual cost of production of a post card is estimated to be 4-25 pies.

(c) In the United Kingdom the cost of production and handling of a post-card is 1-5955 d. or 1-4 annas, in the United States of America 0-026 dollars or approximately 1-4 annas and in Canada it is 0-02349 dollars or 1-2 annas, according to the information obtained from their respective administrations.

(d) Account of revenue from air mail surcharge is not maintained separately. It is, however, estimated that the revenue from surcharge alone (excluding ordinary surface postage) on all air mail letters in 1947-48 was 90 lakhs and for nine months in 1948-49 Rs. 62 lakhs.

**Prof. K. T. Shah:** May I ask the Honourable Minister whether he fixes these postal rates on a commercial basis with a view to recover the total cost at least or on the basis of the post office being a public utility service?

**The Honourable Dr. John Matthai:** That raises a general question of policy to which I am not in a position to give a reply. The honourable member should put the question to the Minister concerned.

**Prof. K. T. Shah:** May I know what are the postal rates in respect of post cards in the United Kingdom, the United States and Canada, and how they compare to ours?

**The Honourable Dr. John Matthai:** I have not the exact information. I looked into it some time ago when the honourable member was making a severe attack on me in respect of this matter, and my recollection is that in the U.K. and in the U.S.A. it is higher, but about Canada I have no information.

**Prof. K. T. Shah:** How do these charges compare to the respective *per capita* income of the countries concerned?

**The Honourable Dr. John Matthai:** I should have thought the relevant point was how these rates compared with our costs.

**Pandit Hirday Nath Kunzru:** Is it a fact that a post card in the United States costs only one cent, which means 2 pice in terms of Indian money?

**The Honourable Dr. John Matthai:** I have not got the exact figure with me, perhaps I might find it out and tell the honourable member.

**Shri H. V. Kamath:** What are the various items that are comprised in what is comprehensively called service and handling charges?

**The Honourable Dr. John Matthai:** Manufacture, handling, conveyance, overheads, delivery, all that sort of thing.

**Shri H. V. Kamath:** What is the cost of each of these various items?

**The Honourable Dr. John Matthai:** You mean a breakdown of those?

**Shri H. V. Kamath:** Yes.

**The Honourable Dr. John Matthai:** If the honourable member really wants to have it, I am prepared to have a complete analysis made.

**Shri H. V. Kamath:** It will take a long time.

**Mr. Naziruddin Ahmad:** Will the Honourable Minister be pleased to state the cost of paper, the cost of printing and the cost of service separately?

**The Honourable Dr. John Matthai:** That is the cost of production analysed?

**Mr. Naziruddin Ahmad:** Yes.

**The Honourable Dr. John Matthai:** I have not got it here. I will have to work it out.

#### SLUMS IN DELHI

\*1475 **Shri H. V. Kamath:** Will the Honourable Minister of Health be pleased to state:

(a) how many slums there are in Delhi through which even conservancy carts cannot pass; and

(b) what progress has so far been achieved in the slum clearance scheme of the Delhi Improvement Trust?

**The Honourable Rajkumari Amrit Kaur:** (a) Information is being collected and will be laid on the table of the House in due course.

(b) A statement showing the present position regarding the various slum clearance schemes of the Delhi Improvement Trust is laid on the table of the House.

#### STATEMENT

*Present position regarding the various slum clearance schemes of the Delhi Improvement Trust*

| Nazul. | Complete or practically complete—<br>Nil.                     |

|        | Under execution—                                              |
|        | 1. Basti Ara Khasan.                                          |
|        | 2. Ahata Kidara Scheme.                                       |
|        | 3. Yamuna Village Slum Clearance.                             |
| Trust  | Complete or practically complete—                             |
|        | 1. Hathi Khana Slum Clearance.                                |
|        | Under execution—                                              |
|        | 1. Delhi Ajmeri Gate Slum Clearance Scheme.                   |
|        | 2. Paharganj Circus Scheme.                                   |
|        | 3. Motia Khan Slum Clearance Scheme.                          |
|        | 4. Serai Pirani Idga's Slum Clearance and Development Scheme. |

**Shri Deshbandhu Gupta:** May I know whether it is a fact that the Delhi Improvement Trust has not been able to clear any slums ever since it came into existence?

**Mr. Speaker:** That is an expression of opinion on his part.

**Shri Deshbandhu Gupta:** It is a matter of fact.

**Mr. Speaker:** May be, but what is the information that he wants?

**Shri Deshbandhu Gupta:** I want to know whether it is a fact that the Delhi Improvement Trust has not done any work so far as slum clearance is concerned.

**Mr. Speaker:** I do not think that question can be allowed. The Honourable Minister has already replied.

**Shri H. V. Kamath:** Has the Delhi Improvement Trust any scheme or plan to demolish old dilapidated structures and build anew?

**The Honourable Rajkumari Amrit Kaur:** Yes, Sir. The Delhi Improvement Trust has many schemes for Delhi, but I would have honourable members remember that owing to the inordinate influx of refugees into Delhi many of our schemes are completely held up.

**Shri H. V. Kamath:** Is it a fact that in many parts of Old Delhi there are exposed drains and latrines?

**The Honourable Rajkumari Amrit Kaur:** I would have to have notice of that question.

**Shri Deshbandhu Gupta:** May I know the amount spent by the Delhi Improvement Trust on slum clearance during the last ten years or ever since it came into existence?

**The Honourable Rajkumari Amrit Kaur:** I can give that information to the honourable member—I have not got it with me just now.

**Babu Ramnarayan Singh:** What amount of land is in possession of the Delhi Improvement Trust and how long has it been in its possession?

**Mr. Speaker:** Does the honourable member want the total area of land?

**Babu Ramnarayan Singh:** Yes, Sir, and I also want to know for how long it existed in their possession.

**The Honourable Rajkumari Amrit Kaur:** I could furnish that information also to the Honourable Member if he so desires.

**Shri H. V. Kamath:** Sir, one more question.

**Mr. Speaker:** Let us go to the next Question. The Honourable Minister cannot be expected to have all these details on hand.

**Shri Deshbandhu Gupta:** I want some information, Sir: I want to know the total area of land acquired by the Improvement Trust for its different improvement schemes.

**The Honourable Rajkumari Amrit Kaur:** I cannot carry all the details in my head, but I will furnish the honourable member with the information if he so desires.

**Shri H. V. Kamath:** Has the Minister at any time taken a walk through the streets of Delhi to see for herself these filthy slums?

**Mr. Speaker:** Order, order.

#### BENGAL REGULATION ACT OF 1818

\*1476. **Shri H. V. Kamath:** Will the Honourable Minister of Home Affairs be pleased to state the number of times Bengal Regulation Act of 1818 has been invoked since 15 August, 1947.

**The Honourable Sardar Vallabhbhai Patel:** The Central Government has passed orders for the detention of eight persons under the Bengal Regulation of 1818 since the 15th August, 1947.

**Shri H. V. Kamath:** Does Government propose to repeal this black Act?

**The Honourable Sardar Vallabhbhai Patel:** Well, it depends upon the new Constitution that is being considered at present by the Constituent Assembly, and the Constituent Assembly is free to remove that portion of the legislation from the Constitution.

**Shri H. V. Kamath:** Am I to understand, Sir, that no previous Acts have been repealed without reference to the Constituent Assembly?

**The Honourable Sardar Vallabhbhai Patel:** Some legislation may have been repealed—I do not think I would be correct in answering that no legislation has been repealed.

**Shri H. V. Kamath:** My point was, does Government propose to repeal this Act without reference to the Constituent Assembly?

**The Honourable Sardar Vallabhbhai Patel:** Government do not propose to repeal this part of the legislation till the Constituent Assembly considers it.

**Shri H. V. Kamath:** Is it not a fact that till some years ago all Congress leaders condemned this as a black Act?

**Mr. Speaker:** Order, order. The honourable member is arguing.

**Dr. P. S. Deshmukh:** Is it a fact that the Provincial Governments are making rather a 'liberal' use of this legislation even today?

**The Honourable Sardar Vallabhbhai Patel:** No order has been passed by the Provincial Legislatures under this regulation and therefore it cannot be used by them.

#### STRENGTH OF STATES ARMIES BEFORE MERGER

**\*1477. Dr. P. S. Deshmukh:** (a) Will the Honourable Minister of States be pleased to state the total strength of the Armies maintained before merger by the Indian States that have now been merged?

(b) What steps have been taken to absorb the personnel of these armies in the Indian Army?

(c) Have any of them been discharged and if so, how many?

(d) What is the number of those who have been absorbed and how were they absorbed?

(e) Have their salaries been raised or reduced?

(f) Have Government seen that their action does not entail any hardship to these persons?

**The Honourable Sardar Vallabhbhai Patel:** (a) A statement showing the authorised strength of units of Merged States before merger has been placed on the table.

(b) In the case of the Merged States of Himachal Pradesh, Gujarat and Kutch, the regular State Forces Units have been inspected by a team of officers detailed by the Indian Army and action has already been taken to effect their absorption. A board of officers has already visited Kolhapur and executive orders for the integration of the units of this State will be issued shortly by Army Headquarters.

(c) to (f) The present position is that these forces are still maintained on the same scales of pay and establishments as immediately before the States were merged in the Provinces or were constituted into Chief Commissioner's Provinces. When the steps mentioned in answer to part (b) above are completed, these forces will be absorbed in the Indian Army. In doing so, it is Government's intention that the interests of the personnel of these Indian States Forces should be adequately safeguarded.

**Shri M. Tirumala Rao:** With regard to part (b), we see that the Hyderabad army is being disbanded by the 1st of April. Is there any intention to absorb that army with the Indian army?

**The Honourable Sardar Vallabhbhai Patel:** The Hyderabad question is entirely separate.

#### ESTABLISHMENT OF NATIONAL INDIAN NEWS AGENCY

**\*1478. Dr. P. S. Deshmukh:** (a) Will the Honourable Minister of Information and Broadcasting be pleased to state whether there is any News Agency called the National Indian News Agency?

(b) If so, when was it formed?

1942

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [29TH MARCH 1949]

(c) Have Government taken any part in establishing it?

(d) Who are the promoters and directors of this News Agency?

**The Honourable Shri R. R. Diwakar:** (a) Government have no information that there is any News Agency called the National Indian News Agency.

(b) to (d). Do not arise.

**Shri R. K. Sidhva:** May I know whether any News Agency is subsidised by the Government in cash or in kind?

**The Honourable Shri R. R. Diwakar:** No.

**Shri R. K. Sidhva:** May I know whether the Associated Press are to that extent subsidised by getting more service to the Government officers?

**The Honourable Shri R. R. Diwakar:** No.

**Shri R. K. Sidhva:** May I know how much service Government subscribe for the Reuters and the Associated Press?

**The Honourable Shri R. R. Diwakar:** According to rates.

**Shri R. K. Sidhva:** Do they contribute for one service or more than that?

**The Honourable Shri R. R. Diwakar:** I want notice.

#### INSTRUCTIONS RE. FIXATION OF SENIORITY AND ABSORPTION OF "INDIA OPTED" GOVERNMENT EMPLOYEES

\*1479. **Shri Damodar Swarup Seth:** Will the Honourable Minister of Home Affairs be pleased to state whether detailed instructions about the fixing of the seniority and the final absorption of the "India-opted" Government employees brought over to the Indian Union from areas now in Pakistan have since been issued by Government?

**The Honourable Sardar Vallabhbhai Patel:** Instructions have been issued in respect of persons posted as Assistants in the Central Secretariat. As regards others, the question is still under consideration and general instructions will be issued as soon as possible.

#### UNSTARRED QUESTIONS AND ANSWERS

##### EXPENDITURE ON EACH CATEGORY OF SERVICES UNDER CENTRAL GOVERNMENT

122. **Dr. P. S. Deshmukh:** (a) Will the Honourable Minister of Finance be pleased to lay on the table of the House a statement showing the number of and the total amount of expenditure on each category of services under the Central Government beginning from the year 1938-39 upto the year 1948-49 (both years inclusive)?

(b) What are the newly created departments, what were their dates of creation and what expenditure was incurred on them during each of the years upto 1948-49?

**The Honourable Dr. John Matthai:** (a) The labour involved in collecting the information will not be commensurate with the results to be achieved thereby.

(b) A statement will be laid on the table of the House as soon as the information has been collected.

#### UNSTARRED QUESTIONS AND ANSWERS

1943

##### TIME TAKEN FOR LAYING OF KEELS OF SHIPS IN U.K. OR U.S.A.

123. **Srijut Kuladhar Chaliha:** Will the Honourable Minister of Defence be pleased to state how many years the keels of the following classes of ships take for completion in the United Kingdom or in the United States of America:

(i) Battleship;

(ii) Aircraft-Carrier;

(iii) Heavy Cruiser; and

(iv) Light Cruiser?

**The Honourable Sardar Baldev Singh:** (i) to (iv). The actual laying of the keel does not take more than three to six months in any of the types of vessel mentioned. However, prior to laying the keel, considerable planning and designing have to be undertaken and the time taken on these depends largely on whether the ship is designed as an entirely new type or a modification of an existing class of vessels.

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE)

DEBATES

(PART I— QUESTIONS AND ANSWERS).

Wednesday, 30th March, 1949.

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock. Mr. Speaker (The Honourable Mr. G. V. Mavalankar) in the Chair.

(a) ORAL ANSWERS

ORGANISATION OF COTTAGE INDUSTRIES IN PROVINCES

\*1480. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether the Government of India have asked all provincial Governments to speed up organisation of cottage industries within their respective spheres?

(b) If so, which Provincial Governments have responded and with what result?

(c) Has any cottage industry been started in villages with a view to make villages self-sufficient?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) The need for the rapid organisation and expansion of cottage industries was stressed in the First Meeting of the All-India Cottage Industries Board in which all provincial and State Governments were represented.

(b) and (c). Cottage Industries is a very wide field, and it is difficult to make a comprehensive statement of all activities. A brief statement of the action which is being taken by the provincial Governments is laid on the table of the House.

STATEMENT

*Steps taken by Provincial Governments to speed up the development and expansion of Cottage Industries*

**Madras.**—With a view to impart training to the villagers in the production of useful articles by up-to-date methods, the Government of Madras drew up a plan as early as in 1946 to start nearly 200 Demonstration and Training Centres in 32 important industries all over the province. 43 such centres were actually started in 1947. In the light of the experience gained, it has recently been decided to concentrate attention on the development of six basic industries namely, Blacksmithy, Woodwork, Pottery, Light Metal Casting, Tanning and Leather Goods Manufacture and Sheet Metal Work, and to develop them under private management. The Provincial Government will of course help them with raw materials, appliances and technical guidance.

The Provincial Government also initiated a scheme in 1946 for the intensive development of *Khadi* in selected areas with the main aim at securing self sufficiency in regard to cloth in terms of *Khadi*. Under this scheme, the Provincial Government have distributed so far cotton worth nearly Rs. 3 lakhs to spinners and collected 4½ lakhs of lbs of handspun yarn and had nearly 12 lakhs of yards of *Khadi* cloth produced.

(1945)

**Bombay.**—The Government of Bombay are making a rapid progress in the organisation of village industries on co-operative basis. They are carrying out schemes for promoting village industries through their Co-operative Departments as well as through a Non-official Industries Committee. A sum of Rs. 10,37,000 has been spent during the past two years for the village Industries Committee schemes. A sarvodaya scheme has also been planned for selected areas in the province which aim at the general uplift of the areas to be developed and also making them self-sufficient as far as possible.

**West-Bengal.**—The Government of West Bengal are taking steps to develop the following cottage industries:

- (i) Handloom Cotton Weaving.
- (ii) *Khadi*.
- (iii) Handloom Silk Weaving.
- (iv) Silk Reeling Industry.
- (v) Rearing Industry.
- (vi) Utilization of Silk Waste.
- (vii) Wool Weaving.
- (viii) Jute Weaving.
- (ix) Brass and Bell Metal Industry.
- (x) Cutlery Industry.
- (xi) Horn Industry.
- (xii) Mother-of-Pearl Button Industry.
- (xiii) Tanning and Leather Industries.
- (xiv) Pottery.
- (xv) Palm *Gur* Industry.
- (xvi) Handmade Paper Industry.
- (xvii) Lac Industry.

The Provincial Government have expressed the view that it is neither feasible nor desirable to make village self-sufficient and national welfare will be maximised by promoting industries in the most economic sites.

**United Provinces.**—The Government of U. P. have inaugurated a large number of schemes to speed up the development of cottage industries. The following are some of the important schemes:

- (i) Development of *Khadi*.
- (ii) Development of *Gur* and Cottage Oil.
- (iii) Development of training and production centres in the villages by means of tuitional class.

The *Khadi* are being run in co-operation with the Gandhi Ashram. The Provincial Government are training villagers in the production of *Khadi* and have made arrangements for the sale of their produce and also for the sale of surplus yarn and cloth. The *Gur* and Oil schemes are for improvement in the production of *Gur* and Oil by means of simple improved appliances and the use of better clarifying agents. Steps have also been taken for stocking *gur* conveniently so that the villagers may not have to sell what they produce on account of the fear of deterioration. The tuitional classes, 90 of which are already working and 30 more are going to be started shortly, are training-cum-production centres for villagers in important cottage industries like weaving, dyeing, carpentry, smithy, Basketry and tanning.

**C. P. and Berar.**—Steps for the development of Oil Ghani industry in villages has been started by the Provincial Government. The aim of the scheme is to make villages self-sufficient in their requirements of pure edible oils. They are also considering other schemes for developing villages towards self-sufficiency.

**Bihar.**—The Government of Bihar are organising Multipurpose Co-operative Societies in large numbers with a view to developing cottage industries. Besides these, there are 120 Weavers Co-operative Societies, 5 Societies of Shoe makers and 12 Blacksmith and Carpenters Co-operative Societies. The Provincial Government are also pushing up through Rural Welfare Centres industries like paper making, bee-keeping, spinning and weaving.

**Orissa.**—The Government of Orissa are attempting to develop the following cottage industries.

- (i) Salt manufacture.
- (ii) Weaving.
- (iii) Spinning.
- (iv) Oil Pressing.
- (v) Bell Metal.
- (vi) Needle Work.
- (vii) *Gur*.
- (viii) Coir.

The Provincial Government have made arrangements to supply the villagers with suitable equipment and have also started training schools to train students in the up-to-date methods of manufacture. In addition, to this Grant-in-aid are also given to private institutions.

**Assam.**—The Government of Assam are taking steps to speed up the organisation and expansion of the following cottage industries:

- (i) Ceramics.
- (ii) Hand-made paper.
- (iii) Fisheries.
- (iv) Bee-keeping.
- (v) Soap Manufacture.
- (vi) Sericulture.
- (vii) Hand-loom Weaving.

The Provincial Government is giving industry loans to help in the promotion of small scale industries. Stipends are also given to students engaged in various cottage industries. Trading Co-operatives are also organised throughout the Province with a view to provide a trade channel for cottage industries products.

**East Punjab.**—Government have taken the following steps to develop cottage industries:

(a) An industrial Development Board has been set up to investigate the extent to which each industry can be developed on cottage basis. Action on some of the recommendations of the Board has been taken. The Board is likely to complete its work in a month or so, after which its other recommendations will be considered.

(b) A scheme to make villages self-sufficient in regard to their cloth requirements, has been introduced as an experimental measure. This scheme will make an unit of 25 villages self-sufficient by organising spinning and weaving.

(c) To encourage cottage industries 14 centres with 1000 spinners and 100 weavers have been opened. These will produce cloth for themselves and also for selling to others. One Handloom Marketing Organisation has also been set up. It supplies the necessary designs and the raw-materials to the village handloom weavers and gets cloth woven from them through its various branch depots for marketing it after getting it finished. This organisation has been functioning since 1935 and is doing useful work for the village weavers.

(d) A number of grainage stations for producing silk seed has been started. The seed is distributed to the rearers in the villages, who produce necessary cocoons, which are again purchased by Government and reeled and disposed of further. Sanction has also been given for opening 8 centres, wherein the villagers will collect their dead animals, which will be flayed and the bones, horns, hoofs and skins will be collected separately while the flesh will be converted into manure for the benefit of villagers.

(e) A number of demonstration parties to impart training to the villagers in various crafts that can be taken up on cottage basis like basket making, ban and rope making, leather goods manufacture, weaving, dyeing and calico printing, vegetable oil refining etc. are also functioning.

**Shri R. K. Sidhva:** May I know whether the Provincial Governments have been informed to help refugees by this Board in the Cottage Industry?

**The Honourable Dr. Syama Prasad Mookerjee:** We have not referred specifically to refugees. Of course in our Resolution we did indicate that by organisation of cottage industries the refugees can be helped. If necessary, we may also address on this point.

**Shri R. K. Sidhva:** Is it not a fact that in one of the meetings it was recommended that in Refugee Camps workshops should be opened for cottage industries purposes? If so, what steps have been taken in that direction?

**The Honourable Dr. Syama Prasad Mookerjee:** I think the honourable member is referring to certain assurances given by the Relief and Rehabilitation Minister. But what we have now done is that our Ministry and the Relief and Rehabilitation Ministry, so far as Cottage Industries Development Board is concerned, are now working together.

**Babu Ramnarayan Singh:** May I know some of the important articles produced by the Cottage Industries Department?

**The Honourable Dr. Syama Prasad Mookerjee:** We have no Cottage Industries Department producing any articles but we are encouraging production of Cottage Industries by private individuals.

**Shri Mahavir Tyagi:** Are Government giving any subsidies or grants or loan advances to various Provincial Governments to encourage Cottage Industries in respect of their areas?

**The Honourable Dr. Syama Prasad Mookerjee:** No loan has yet been granted but that is under examination.

**Shri H. V. Kamath:** Was the All-India Village Industries Association founded by Mahatma Gandhi invited to participate in this Conference?

**The Honourable Dr. Syama Prasad Mookerjee:** They were but there were certain difficulties and they were not prepared to agree to come as an Association. But again we have been negotiating with them and I believe they are prepared to join now.

**Shri Biswanath Das:** Are the Government aware of the fact that since before 15th August 1947 during British Rule there were specific grants annually for the development of Cottage Industries in the provinces?

**The Honourable Dr. Syama Prasad Mookerjee:** I believe the honourable member is referring to distribution of grants from the Development Fund which the Government of India placed at the disposal of provinces. That is continuing even now.

**Shri C. M. Poonacha:** Who is responsible for the development of Cottage Industries in the Centrally Administered areas? Is it the Central Government or the Local Government?

**The Honourable Dr. Syama Prasad Mookerjee:** The Local Administration, of course under the direction of the Central Government if necessary.

**Shri Ram Chandra Upadhyaya:** Has Government in view any definite industries for this purpose?

**The Honourable Dr. Syama Prasad Mookerjee:** We have not. We have given sufficient latitude to provinces. In fact Cottage Industries can develop only through the efforts of the Provincial Governments and Provincial organizations.

**Srijut Kuladhar Chaliha:** May I know if any spinning and weaving machinery have been distributed for the purpose by the Centre to the Provinces?

**The Honourable Dr. Syama Prasad Mookerjee:** I do not think it has been asked for from the Centre.

**Shri Biswanath Das:** May I know the quantum of money provided in the budget for distribution as also the allotment among provinces during 1948/49?

**The Honourable Dr. Syama Prasad Mookerjee:** No grant is earmarked for particular province. Lump grant is made and each province is entitled to spend such sums for various purposes including cottage industries.

**Shri Biswanath Das:** It is not an answer to my question. The question was what was last year's grant and what was the allotment to provinces?

## STARRED QUESTIONS AND ANSWERS

1949

**Mr. Speaker:** To that, the reply is that grants are given in lump and not for specific purposes. That means this is included in lump grants.

**Shri Biswanath Das:** I do not want the purpose.

## ARTICLES SEIZED BY DELHI ENFORCEMENT POLICE

\*1481. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Industry and Supply be pleased to state what are the articles which have been seized by the Delhi Enforcement Police during the year 1948 and what is the value thereof?

(b) What has become of the seized articles and in how many cases was infringement of control orders detected?

(c) How many persons were prosecuted for this offence?

(d) Do Government intend to intensify their efforts through the Enforcement Police?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) to (c.) A statement is laid on the Table.

(d) Yes.

## STATEMENT

| Articles seized by Delhi Enforcement Police during 1948 | Value of articles seized during 1948 by Delhi Enforcement Police. | What has become of the articles.                                                                                                             | In how many cases infringement of control orders was detected. | How many persons were prosecuted for this offence. |
|---------------------------------------------------------|-------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------|----------------------------------------------------|
| 1                                                       | 2                                                                 | 3                                                                                                                                            | 4                                                              | 5                                                  |
|                                                         | Rs.                                                               |                                                                                                                                              |                                                                |                                                    |
| 1. Cotton Cloth .                                       | 25,00,000                                                         | Cloth worth about Rs. 17,000 confiscated, 8 cases pending involving cloth worth Rs. 4,00,000; rest returned to the accused after conviction. | 130 cases.                                                     | 370 Persons.                                       |
| 2. Potatoes .                                           | 35,000                                                            | Rs. 5,000 worth approximately confiscated; rest released after conviction.                                                                   | 20 cases.                                                      | 57 Persons.                                        |
| 3. Iron and steel.                                      | 4,00,000                                                          | A small portion has been released and the remainder is pending decision of the cases.                                                        | 21 (including 4 cases of over-charging).                       | 35 Persons.                                        |
| 4. Match Boxes.                                         | 35,500                                                            | Matches worth about Rs. 14,700 confiscated; rest returned.                                                                                   | 10 Cases.                                                      | 28 Persons.                                        |
| 5. Rice . . .                                           | 15,000                                                            | Rice worth Rs. 6,700 confiscated. 2 cases are still pending.                                                                                 | 20 Cases.                                                      | 28 Persons.                                        |
| 6. Wheat . . .                                          | 18,000                                                            | Wheat worth Rs. 6,500 confiscated; rest returned.                                                                                            | 6 Cases.                                                       | 25 Persons.                                        |
| 7. Paper . . .                                          | 14,000                                                            | Cases pending in court.                                                                                                                      | 17 (including 4 of printing contraventions).                   | 38 Persons.                                        |
| 8. Coal . . .                                           | 1,000                                                             | Pending investigation.                                                                                                                       | 5 Cases.                                                       | 11 Persons.                                        |
| 9. Cement . . .                                         | 2,000                                                             | Pending investigation.                                                                                                                       | 2 Cases.                                                       | 4 Persons.                                         |
| 10. Atta (Hour) .                                       | 2,500                                                             | Atta worth Rs. 1,000 confiscated.                                                                                                            | 12 Cases.                                                      | 20 Persons.                                        |

**Shri R. K. Sidhva:** May I know what is the total amount of these articles which were seized?

**The Honourable Dr. Syama Prasad Mookerjee:** The total is not given here but the figures are all mentioned.

|                | Rs.       |
|----------------|-----------|
| Cotton Cloth   | 25,00,000 |
| Potatoes       | 35,000    |
| Iron and Steel | 4,00,000  |
| Match Boxes    | 35,000    |
| Rice           | 15,000    |
| Wheat          | 18,000    |
| Paper          | 14,000    |
| Coal           | 1,000     |
| Cement         | 2,000     |
| Atta           | 2,500     |

**Shri R. K. Sidhva:** What has become of these articles?

**The Honourable Dr. Syama Prasad Mookerjee:** I cannot say.

**Shri R. K. Sidhva:** Have the Courts seized and confiscated them?

**The Honourable Dr. Syama Prasad Mookerjee:** That information is also given under column 3 if the honourable member refers to the statement.

**Shri R. K. Sidhva:** I want to know how much worth of goods were confiscated.

**The Honourable Dr. Syama Prasad Mookerjee:** Cotton cloth worth about Rs. 17,000 have been confiscated, and Rs. 4 lakhs worth returned to accused after conviction. Potatoes worth Rs. 5,000 confiscated, rest released after conviction. Iron and Steel, a small portion released and remainder is pending decision of the Court. Matches worth Rs. 14,700 confiscated. Rice worth Rs. 6,700 confiscated, 2 cases pending. Wheat worth Rs. 6,500 confiscated. Paper cases are still pending in court. Coal and Cement cases are pending investigation. Atta worth Rs. 1,000 have been confiscated.

**Shri R. K. Sidhva:** Arising out of (c) may I know how many were sentenced to fine and how many for imprisonment?

**The Honourable Dr. Syama Prasad Mookerjee:** I have not got the figure of actual conviction.

**Shri R. K. Sidhva:** What is the maximum imprisonment for anyone of these cases?

**The Honourable Dr. Syama Prasad Mookerjee:** I have not got it.

**Shri Deshbandhu Gupta:** Are any Officers involved in these prosecutions?

**The Honourable Dr. Syama Prasad Mookerjee:** No.

**Shri R. K. Sidhva:** My question was how many were prosecuted?

**The Honourable Dr. Syama Prasad Mookerjee:** About 200.

#### PRODUCTION AND MAINTENANCE COST OF GOVERNMENT COLLIERIES

\*1482. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Industry and Supply be pleased to state the number of coal mines owned by Railways and their production in the years 1946, 1947 and 1948?

(b) What is the average production from Government-owned collieries as compared with private-owned collieries?

(c) What is the cost of maintenance of Government collieries as compared with private-owned collieries?

**The Honourable Dr. Syama Prasad Mookerjee:**

| (a) | Year | Number of Railway Collieries | Production in Tons |
|-----|------|------------------------------|--------------------|
|     | 1946 | 11                           | 3,946,002          |
|     | 1947 | Ditto                        | 3,687,421          |
|     | 1948 | Ditto                        | 2,950,507          |

(b) Government-owned Colliery—3,527,977 Tons.

Private-owned Colliery—26,195,440 Tons.

(c) The cost of maintenance of Government-owned collieries during the three years ending 1947-48 is as follows:

|         |               |
|---------|---------------|
| 1945-46 | Rs. 3,345,133 |
| 1946-47 | Rs. 3,117,332 |
| 1947-48 | Rs. 2,416,694 |

The figures of cost of maintenance of private-owned collieries are not available.

**Shri R. K. Sidhva:** May I know whether the expenditure on maintenance of government collieries is higher than that of private ones?

**The Honourable Dr. Syama Prasad Mookerjee:** Yes.

**Shri R. K. Sidhva:** What are the reasons please?

**The Honourable Dr. Syama Prasad Mookerjee:** Better terms and better maintenance.

**Shri R. K. Sidhva:** Would not Government have the same charge for maintenance as private collieries? Then what are the reasons for the higher costs?

**The Honourable Dr. Syama Prasad Mookerjee:** It is a fact that the cost of maintenance of government collieries is higher; and in fact, we are investigating the question as to whether we can reduce this expenditure.

**Shri R. K. Sidhva:** Why was the production less in government collieries than in the private collieries?

**The Honourable Dr. Syama Prasad Mookerjee:** One of the reasons was that it was thought undesirable to raise more coal than would be transported. In fact on 31st December 1948, there was only 86,411 tons at the pit head stocks of government collieries, whereas in private collieries there was as much as 1,130,000 tons.

**Shri R. K. Sidhva:** The Honourable Minister stated that the question of cost of maintenance will be considered by a Ministry. Will it be considered by his Ministry or by the Ministry of Works, Mines and Power?

**The Honourable Dr. Syama Prasad Mookerjee:** By my Ministry.

**Shri H. V. Kamath:** Which mines produce what in the opinion of experts may be called best quality coal?

**The Honourable Dr. Syama Prasad Mookerjee:** Railway collieries.

**Shri H. V. Kamath:** Situated where?

**The Honourable Dr. Syama Prasad Mookerjee:** I have not got the information; but if the honourable member wants, I can get the necessary information.

**Babu Ramnarayan Singh:** What is the basis on which the cost of production is calculated in Government collieries? I want to know if there is any profit, and if not, how is the cess to be imposed, which is to be imposed on the profit?

**The Honourable Dr. Syama Prasad Mookerjee:** If the honourable member will please wait till question No. 1489 is answered, he will find all the information given there. I have given there a tabulated statement showing the profit in respect of each of the collieries maintained by the Government of India.

**Shri Brajeshwar Prasad:** What are the reasons for the decline in the production in the government collieries from year to year? From 1946-47, and again in 1947-48 there has been a decline.

**The Honourable Dr. Syama Prasad Mookerjee:** That I have just explained. I may also tell the honourable member that that is also under investigation now, to see whether we cannot increase the production in relation to the demand.

#### BUILDING FOR RAILWAY CLEARING ACCOUNTS OFFICE

\*1483. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Railways be pleased to state when the Railway Clearing Accounts Office building was built in Delhi-Kishanganj?

- (b) Is it a fact that the whole of this building was gutted by fire?
- (c) How many quarters have been built for the staff of this office and how many persons are employed in this Office?
- (d) Where is the office now located?
- (e) Is it a fact that a portion of the office is located in the staff quarters?
- (f) Has this arrangement deprived any staff of their living accommodation?
- (g) Do Government contemplate constructing a new building for this office and if so, when and why has it been held over?

**The Honourable Shri K. Santhanam:** (a) A temporary building was constructed in 1942 for the Railway Clearing Accounts Office and additions were made in 1944.

(b) No. Only part of the office was burnt.

(c) 500 staff quarters have been built. The present strength of staff is—

|                         |      |
|-------------------------|------|
| Class I and II Officers | 9    |
| Class III               | 1702 |
| Class IV                | 240  |
| Total.                  | 1951 |

- (d) Still at Delhi Kishanganj.
- (e) Yes.
- (f) Yes.
- (g) The question of permanent location of this office is under consideration. A new building will be provided when the location is settled.

**Shri R. K. Sidhva:** What is the reason for the delay in deciding upon the permanent location of this office?

**The Honourable Shri K. Santhanam:** We were waiting for the report of the Indian Railway Enquiry Committee; they have made certain recommendations and those recommendations are now under examination.

**Shri R. K. Sidhva:** May I know whether the employees made a complaint that it is the quarters of the staff in which this office is situated and so they have been put to great inconvenience? Will these quarters be allowed to be used by the employees?

**The Honourable Shri K. Santhanam:** Yes, as soon as we get another building for the office we shall naturally vacate these quarters.

**Shri R. K. Sidhva:** May I know what was the opinion of the committee that was appointed in 1946, regarding this office? Did they decide to close down this office or to continue it?

**The Honourable Shri K. Santhanam:** I think, Sir, that the opinion of that committee has been superseded by the latest report of the Indian Railway Enquiry Committee.

**Shri Kishorimohan Tripathi:** Did the Government enquire into the cause of the fire? If so, what was the cause?

**The Honourable Shri K. Santhanam:** So far as we are aware, it was the result of mob violence, on 7th March, 1946.

**Shri R. K. Sidhva:** May I know whether the decision of the Special Officer has been superseded by the present recommendations?

**The Honourable Shri K. Santhanam:** The whole matter is under consideration.

**Shri R. K. Sidhva:** May I know whether the Staff Association made a representation to the Committee to enable them to give oral evidence, and is it a fact that that oral evidence was refused?

**The Honourable Shri K. Santhanam:** All the evidence is contained in the report.

**Shri R. K. Sidhva:** May I know whether the evidence was taken, as desired by the Association?

**Mr. Speaker:** Is the report published?

**The Honourable Shri K. Santhanam:** Yes.

**Shri R. K. Sidhva:** There is no evidence in the report about this, whether the Staff Association made a representation for oral evidence and whether it was.

**Mr. Speaker:** I think the honourable member is perhaps going beyond the scope of the question. If Government appoints a committee, I presume it is the authority of that committee to decide what evidence to take and what not to take. I do not think Government is responsible for exclusion of evidence, or is in any way concerned about it.

**Shri R. K. Sidhva:** The enquiry and the recommendations are before the Government and I only wanted to know whether that enquiry is complete with the full evidence.

**Mr. Speaker:** But Government is not expected to have any concern with the actual working of the committee. Next question. Mr. Kesava Rao.

(Shri V. C. Kesava Rao was absent)

**Shri H. V. Kamath:** Question No. 1486 is in the name of Shri Kesava Rao. The Honourable Minister as well as many of us are interested in this question. May I request you to have it read?

**Mr. Speaker:** That will come in, if I admit it, in the next round,† after all the questions are finished. Question 1487.

†The question was not reached during the question hour and the answer was laid on the table of the House.—Ed. of D.

## PREVENTION OF RINDER-PEST

\*1484. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Agriculture be pleased to state in which places in India Rinder-Pest has broken out in an epidemic form?

(b) Have statistics been collected of the total number of cattle dying of this disease?

(c) Is any research being conducted to prevent such animal diseases?

(d) Is this disease prevalent in other countries with large cattle population?

**The Honourable Shri Jairamdas Doulatram:** (a) Rinder-Pest appears in some form or other in all Provinces and States of India.

(b) Yes. The annual mortality from this disease is estimated at about 100,000 of bovines.

(c) Research work for finding suitable sera and vaccines has been conducted at the Indian Veterinary Research Institute, Izatnagar. Goat tissue virus has proved to be very effective and is being widely used all over the country as a preventive. Observations on rabbit virus and egg virus have also been recently undertaken at the Indian Veterinary Research Institute, as these appear to give better results. About one crore of doses are annually used to protect cattle against the disease and it is estimated that at least 10 lakhs of cattle are saved from fatal attack each year.

(d) This disease occurs in almost all the Asiatic and Middle East countries.

## DISTRIBUTION OF AGRICULTURAL MACHINERY TO PROVINCES THROUGH STOCKIST AGENTS

\*1435. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Agriculture be pleased to state whether it is a fact that agricultural machinery imported into India by Government is distributed to the Provincial Governments through private firms and if so, what are the firms distributing them?

(b) Why is it not possible for the Government of India to hand it over directly to the Provincial Governments?

(c) What are the terms offered to these firms?

**The Honourable Shri Jairamdas Doulatram:** (a) The agricultural machinery imported by the Government of India on behalf of the Provinces and States is distributed by the Ministry of Agriculture through appointed stockist-agents who are also the manufacturers' agents in India. A list of the eleven firms acting as agents is placed on the table.

(b) The machinery imported from abroad has to be serviced before despatch to the Provincial Governments. The expenditure involved in maintaining all the year round standing arrangements for godowns, servicing the machinery and the investment in purchasing and stocking spare parts would be so large that for temporary work of this type it is considered more economical to have this done through the manufacturers' agents. Moreover, in respect of the machinery purchased by the Government of India direct in the U.S.A. and U.K. the manufacturers allow to Government the dealers' commission on the understanding that the rupee equivalent of the same will be paid to their agents in India. Ordinarily the manufacturers pay a commission varying from 20 per cent. to 35 per cent. to their agents in India but the Government of India do not pay the entire commission ordinarily due to the agents from their manufacturers owing to the fact that the Government machinery is received in bulk

† Answer to this question laid on the table, the questioner being absent.

## STARRED QUESTIONS AND ANSWERS

and because the agents do not have to finance its purchase. They have accordingly concluded an agreement with the agents whereby the agents are paid their remuneration on a reduced basis.

(c) A statement showing the terms of the Agreement with the firms is placed on the table.

## STATEMENT

*List of Firms acting as Stockist-Agents of Agricultural Machinery on behalf of the Government of India*

- (1) M/S. Marshal, Sons & Co. (India) Ltd., Calcutta.
- (2) M/S. William Jacks & Co. Ltd., Bombay/Calcutta.
- (3) M/S. Tractors (India) Ltd., Calcutta.
- (4) M/S. Construction Equipment Co., Bombay.
- (5) M/S. Pashbhai Patel & Co., Bombay.
- (6) M/S. Volkart Bros., Bombay.
- (7) M/S. Larsen & Toubro Ltd., Bombay.
- (8) M/S. Sanghi Brothers, Jodhpur.
- (9) M/S. Intercontinent (Travancore) Ltd., Bombay
- (10) M/S. Punjab Hardware Stores, Delhi.
- (11) M/S. Wilcox (Buckwell-India) Ltd., New Delhi.

## STATEMENT

*Terms of the agreement with Stockist-Agents appointed by the Government of India*

You will accept delivery of all agricultural machinery and tractors for agricultural purposes received from abroad and delivered to you by Government or their Clearing Agents. Normally only machinery manufactured by your Principals would be delivered to you but Government reserve to themselves the right to deliver any make of machinery to you under this Agreement.

You will not pay for the machinery and tractors delivered to you but shall only act as the Agent of the Government in respect of the following services:

- (a) Warehousing,
- (b) unpacking where necessary,
- (c) servicing to ensure that the equipment received is complete in all respects and ready to go into the field,
- (d) repacking where necessary, and
- (e) despatch under instructions to be issued from time to time by the Director for Agricultural Machinery.

Your responsibility under sub-clause (e) above would be deemed to have been fully discharged by the delivery F.O.B. or F.O.B. nearest station of despatch. You will however, if so desired by the consignees, arrange to pay freight and insurance of the goods while in transit, the cost of such insurance and freight to be realised by you from the consignees direct.

In consideration of the services mentioned above Government will pay you a remuneration calculated on the landed cost of each machine as advised by the Department of Industries and Supplies on the scale:

- 15 per cent. on the first—Rs. 7,500
- 12½ per cent. on the next—Rs. 30,000.
- 10 per cent. on the next—Rs. 25,000.
- 5 per cent. on the balance.

This commission shall be calculated in respect of each individual machine or tractor separately.

You will remit to Government, in full, any commission, discount or other payments received by you from the manufacturers in respect of the machinery and tractors delivered to you and handled by you under this Agreement.

1956 CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [30TH MARCH 1949.

You will be responsible for the safety of the equipment handled by you under this Agreement, while in your custody.

You will submit to the Director for Agricultural Machinery a written statement of all receipts of machinery and tractors under this Agreement within one week of receipt of the stores by you. The Director for Agricultural Machinery will issue written instruction regarding the despatch of the materials and would at the same time indicate the landed cost against each item to enable you to submit your bill for remuneration. You will submit bills for remuneration after deliveries are effected and quote on such bills the Railway Receipt or Bill of Lading number, wagons number or Steamers name, as proof of despatch of materials. You will attach with each bill a certificate from your auditors certifying that in respect of the machinery and/or tractors covered by the bill you have not received any payment whatsoever direct from manufacturers or, if such payment has been received, you have remitted the full amount into a Government Treasury. Your bills, if duly supported by the above information and documents, would be passed promptly for payment and forwarded to the Accountant General, Central Revenues, New Delhi, for payment to be made to you.

In the event of any question or dispute arising out of or in any way relating to this agreement or any of its clauses, the same will be referred to two arbitrators, one to be nominated by the Government and the other by you. In the event of the arbitrators refusing or failing to agree the matter will be referred to an umpire to be appointed by the arbitrators in writing before proceeding on the reference, whose decision will be final and binding on both the parties. The provisions of the Indian Arbitration Act 1940, and the rules framed thereunder and any statutory modifications thereto shall be deemed to apply to and be incorporated in this Agreement.

(N.B.—'You' stands for stockist-agents).

#### OF SUGAR PRODUCTS AND CONFECTIONARY INDUSTRY

\*1486. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Industry and Supply be pleased to state what steps are being taken to improve and consolidate the indigenous confectionary industry in India?

(b) Have any representations been received from the Indian Confectionary Manufacturers Association and if so, what action was taken by Government on these representations?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Some time back Government of India constituted a Panel to examine the present condition of the Sugar Products and Confectionary Industry and make recommendations for its development. The Panel has recently submitted its report which is under consideration of Government.

(b) Yes, Sir. A statement showing the main representations made by the Association and the action taken thereon is placed on the table of the House.

#### STATEMENT

| Association's Representations<br>1                                                                                                                                                                        | Action taken<br>2                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. The Association strongly urged that the Government of India should allot an adequate quota of tinplates to the industry and allow the confectioners to have their choice in selecting the fabricators. | The Association has been informed that owing to shortage of tin-plates in the country, it is not possible to increase the allocation till the supply position has eased. It is, however, hoped that with the improvement in the import position of tin-plates the difficulty will be overcome to a very large extent. The Government of India have agreed to the Association's request that the Confectioners should have their choice in selecting their fabricators. The Association has, however, been asked to take necessary steps to standardise their containers and persuade as many fabricators as possible to specialize in their manufacture. |

† Answer to this question laid on the table, the questioner being absent.

1

2

2. The Association strongly urged:—

- (i) that an adequate quota of wagons under a movable class of priority should be allotted for the booking of confectionary throughout India. These are under consideration of the Government of India.
- (ii) that the Government of India should completely restrict imports of confectionary into the country, and
- (iii) the Government of India should remove the ban on export of chocolate confectionary.

#### SORTING IN R. M. S. SECTIONS

\*1487. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Communications be pleased to state whether it is a fact that there are standing orders to the effect that no R.M.S. section should be allowed to proceed without socket labels and that sorting should not be allowed to be done on floor or table?

(b) Are Government aware that various R.M.S. Sections are working with limited accommodation and without sorting facilities and that the aforesaid orders are not being observed?

(c) If so, what action do Government intend to take or are taking to have the aforesaid orders carried out strictly?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) Departmental rules require that sorters of R.M.S. sections should be equipped with ready printed sorting case labels, showing destinations for which sorting is to be done, to be fixed by them in the sockets of the mail van sorting case before commencing the sorting work. Articles are sorted into the compartments of the sorting case so labelled, except for an overflow due to congestion in space or inadequacy of sorting cases, when sorting partially on the floor or lodges of the sorting case, though discouraged by the Department instructions, has sometimes to be resorted to.

(b) and (c). Paucity of R.M.S. mail vans with adequate accommodation and sorting facilities often necessitates improvised sorting arrangements. The position as it stands after the partition of the country has been reviewed and orders have been placed for additional R.M.S. mail vans of an improved type. Further, the sorting procedure as a whole is being revised and simplified with a view to relieving congestion in sorting sections of the R.M.S.

#### IMPORT OF SALT FROM PAKISTAN

\*1488. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether any salt has been imported into India from Pakistan territory after partition; and, if so, what is the quantity?

(b) Has the Government of Pakistan charged any duty on the import of salt into India?

(c) Do the Government of Pakistan levy excise duty on salt for all salt produced within their territory?

(d) Are there any other articles where excise or customs duty are charged by the Government of Pakistan over which Government of India levy no excise or customs duty?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Yes. About 50 lakh maunds since partition upto the end of February 1949.

(b) The Government of Pakistan charge an excise duty of Rs. 2-8-0 per maund on salt imported from West Punjab across the land border. No duty is charged on salt imported by sea from Karachi.

(c) Yes.

(d) It is understood that the Pakistan Government levy an excise duty on betelnuts and 'Yarn' (Power Loom) and export duty on Mesta Fibre, raw hides and skins, and cotton seeds. No duty is levied by India on these commodities.

**Shri R. K. Sidhva:** Arising out of (d), may I know whether this salt imported into India from Pakistan is from Khewara?

**The Honourable Dr. Syama Prasad Mookerjee:** From Khewara it was 21,81,850, and from Karachi, by sea, it was 28,19,935 mds.

**Shri R. K. Sidhva:** What was the duty Sir?

**The Honourable Dr. Syama Prasad Mookerjee:** Rs. 2-8-0 per maund.

**Shri H. V. Kamath:** Was this question of duties and tariff wall in general, discussed at any of the recent Inter-Dominion conferences?

**The Honourable Dr. Syama Prasad Mookerjee:** The whole question is now going to be discussed.

#### INDUSTRIAL CONCERNS OWNED BY GOVERNMENT

**\*1489. Shri Kishorimohan Tripathi:** (a) Will the Honourable Minister of Industry and Supply be pleased to state the industries and industrial concerns which are either partly or wholly owned by the Government of India?

(b) What are the percentages of shares owned by Government in the cases of partly-owned industries?

(c) What are the amounts invested in the case of each of the said industries?

(d) What was the net income from the said industries during the years 1946, 1947 and 1948?

(e) How do these incomes compare with those earned by private industries of the same nature for the same periods?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) to (e). A statement is laid on the table of the House.

#### STATEMENT

| S. No. | Industrial concerns either partly or wholly owned by the Government of India. [Part (a)]                                                                  | Percentages of Govt. owned shares in case of partly owned industries. [Part (b)] | Amounts invested [Part (c)]                                                              | Net income during the year 1946-47 and 48. Comparison with the income of private industries of the same nature. [Part (e)]                                                                                               | Under construction. Production has not started yet. | Rs. | Does not arise.                                                                                                                                                                   |

| Indian Telephone Industries manufacturing telephone equipment. (Wholly owned by the Government of India).                                  | 3 P & T. Workshops at Calcutta, Bombay and Jubbulpore exclusively meant for the manufacture of telegraph and telephone stores required by the Department. (Wholly owned by Govt. of India). | Air India International which operates a scheduled air service between India and U.K. (Partly owned by the Government of India). |
| It is proposed to form the I.T.I. into a company in which 90 % shares will be owned by the Govt. and the remaining 10 % by A.T.E. Co. Ltd. | ..                                                                                                                                                                                          | 49%                                                                                                                              |
| Rs. 25 lakhs during 1948-49 approx. (Budgeted)                                                                                             | 23,07,940/-                                                                                                                                                                                 | Government share of the capital is Rs. 98 lakhs.                                                                                 |
| Work of the factory started only in July, 1948, and it is still in the formative stage.                                                    | Accounts of these workshops are not maintained on commercial lines and no balance sheet is prepared annually to reckon the profit or loss.                                                  | The company started functioning in June, 1948. Their financial returns are not yet available.                                    |
| Does not arise.                                                                                                                            | Does not arise.                                                                                                                                                                             | Does not arise.                                                                                                                  |
| No capital has been invested as work is entrusted to contractors.                                                                          | Does not arise.                                                                                                                                                                             | Does not arise.                                                                                                                  |

**Shri Kishorimohan Tripathi:** Have any of the Government concerns been running at a loss?

**The Honourable Dr. Syama Prasad Mookerjee:** Some at a loss; some at a profit.

**Shri Kishorimohan Tripathi:** Have there been any labour strikes in any of the industries owned by Government?

**The Honourable Dr. Syama Prasad Mookerjee:** There have been some strikes sometimes, but not to the unfortunate extent as in the case of private industries.

**Shri H. V. Kamath:** Will the Honourable Minister tell us what percentage of the capital is owned by foreign concerns in those industrial concerns which are partly owned by Government?

**The Honourable Dr. Syama Prasad Mookerjee:** I have given all the information in the statement.

**Shri H. V. Kamath:** Even foreign capital?

**The Honourable Dr. Syama Prasad Mookerjee:** There is no foreign capital.

**Shri H. V. Kamath:** None at all?

**Lala Achint Ram:** What are the industries running at a loss?

**The Honourable Dr. Syama Prasad Mookerjee:** I have given all the figures in the statement.

**Shri B. P. Jhunjhunwala:** Taking all the industries together, may I know whether Government is making profit or loss in these industries?

**The Honourable Dr. Syama Prasad Mookerjee:** We have not been looking at things on a commercial basis.

**Shri B. P. Jhunjhunwala:** Whether it is on a commercial basis or not, can the Government say whether taking all these industries together, they have been running at a loss or profit?

**The Honourable Dr. Syama Prasad Mookerjee:** I can say with regard to collieries, for instance, that the loss was Rs. 54 lakhs and profit Rs. 60 lakhs. Taken as a whole, they have been running at a profit.

**Shri H. V. Kamath:** Am I to understand that in the partly-owned Government concerns there is no foreign capital at all, or is it that the figures in the statement do not contain this information?

**The Honourable Dr. Syama Prasad Mookerjee:** There is no foreign capital yet in any of these factories.

**Dr. P. S. Deshmukh:** Are the provincial governments at liberty to start their own industries if there is no substantial help required from the Centre?

**The Honourable Dr. Syama Prasad Mookerjee:** Yes, they can start their own industries. Certainly. But of course if they require help in regard to raw materials, capital goods etc. previous approval of Government has to be taken.

**Shri B. P. Jhunjhunwala:** Has Government given any dividends to shareholders in such industries as are partly owned by Government and partly by private persons?

**The Honourable Dr. Syama Prasad Mookerjee:** I believe that the shareholders are Government.

EMPLOYEES OF NEUTRAL CONTROL, I.R.C.A.

\*1490. **Shri Harihar Nath Shastri:** Will the Honourable Minister of Railways be pleased to state:

(a) Whether it is a fact that the staff of the I.R.C.A. are not treated as Railway employees; and

(b) whether the clerks under Neutral Control have been fixed in the lowest scales of pay?

**The Honourable Shri K. Santhanam:** (a) and (b). The replies are in the affirmative. The clerks under Neutral Control have merely routine functions and the scales have been fixed in accordance with the qualifications required to perform them.

**Shri Harihar Nath Shastri:** Is it a fact that the I.R.C.A. staff is required to frame rules in regard to commercial and technical subjects and to look after the inter-change of Neutral staff from one Railway to another? If so, why are they not treated as railway employees?

**The Honourable Shri K. Santhanam:** The I.R.C.A. is technically a non-government body. Therefore, the staff of Neutral Control are not treated as railway employees. Their pay has, however, been fixed in the prescribed scales with the approval of the Railway Board.

**Shri Harihar Nath Shastri:** Again, the question that I desire to ask is that in view of the fact that these people employed in the I.R.C.A. are required to perform duties.

**Mr. Speaker:** Order, order. The honourable member is trying to argue. The reply is that I.R.C.A. is not a Government body, therefore they are not treated as railway employees. That is how I understood the Honourable Minister. Why they should not be treated as such is a different question altogether. Let him put another question for information.

**Shri Harihar Nath Shastri:** Is it a fact that a representation was made to the Railway Board on behalf of the employees of the I.R.C.A. in regard to their grievances and also to request that in view of the fact that they perform duties that normally railway employees were required to perform, they should be put on the regular railway service?

**The Honourable Shri K. Santhanam:** The question of the future of the I.R.C.A. is under consideration. But as at present constituted, it is entirely an independent organisation and the staff of the I.R.C.A. are staff over which the Railway Board has no control whatsoever. I am not aware of the representation, but there may have been such representations.

**Shri Harihar Nath Shastri:** Is the question of the re-organisation of the staff of the I.R.C.A. receiving the attention of Government?

**The Honourable Shri K. Santhanam:** It all depends upon the future of the I.R.C.A. If it is amalgamated with the Railway Board, naturally its staff also would become railway staff. But till then they will be treated as independent staff of the I.R.C.A.

COMPENSATION PAID FOR SETTLEMENT OF RAILWAY CLAIMS

\*1491. **Shri R. L. Malviya:** (a) Will the Honourable Minister of Railways be pleased to state the total amount of compensation paid for settlement of claims during the years 1947-48 and 1948-49 by each of the Railways?

(b) What is the amount, out of the total, which has been paid on account of decrees passed by courts of law?

1964 CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [30TH MARCH 1949]

(c) Out of the total decretal amount paid, how much was paid in execution of decrees passed *ex parte* against each of the Railways?

(d) What was the cost of litigation on claims for compensation borne by each of the Railways?

(e) What are the amounts paid towards the costs of suits and interest to the decree-holders by each of the Railways?

(f) What is the number of claims for compensation instituted against each of the Railways during the years 1947-48 and 1948-49?

(g) How many of these cases have been decided in favour of each of the Railways?

(h) What steps have Government taken so far or propose to take for expediting settlements of Railway claims?

(i) What action do Government propose to take against the officers found guilty of laches in settlement of claims?

**The Honourable Shri K. Santhanam:** (a) to (g). A statement setting out the information as readily available for the year 1947-48 is laid on the table of the House. Figures for the year 1948-49 have not yet been compiled as the year is not over yet and will be laid on the table of the House when ready.

(h) I would invite the honourable member's attention to my reply given on the floor of the House to part (d) of Starred Question No. 749 asked by Shri B. N. Munavalli on the 28th February 1949.

(i) The work of all Claims Officers and senior staff concerned is subjected to close scrutiny from time to time and Railways have already been instructed to take action as found necessary.

| (b) Amount of the total which has been paid on account of decrees by Courts of Law.                                   | *         | 25,037    | 1,900     | 2,04,468  | 11,449   | *         | 23,815    | *         | 29,975   |
| (c) Out of the total decretal amount paid, how much was paid in execution of decrees <i>ex parte</i> against each Ry. | *         | *         | 76        | *         | 1,244    | *         | Nil.      | *         | Nil.     |
| (d) Cost of litigation of claims for compensation borne by each Railway.                                              | 12,733    | 15,904    | 10,152    | 1,55,000  | 2,022    | 22,096    | 2,287     | 57,787    | 7,421    |
| (e) Amount paid towards the cost of suits and interest to the decree holders by each of the Railways.                 | *         | *         | 266       | *         | 301      | *         | 4,739     | *         | 4,763    |
| (f) Number of court cases for claims instituted against the Railways during the year.                                 | No. 1,379 | 1,847     | 1,503     | 4,905     | 445      | 5,098     | 867       | 3,590     | 201      |
| (g) How many of these cases have been decided in favour of each railway.                                              | No.*      | 52        | 47        | 576       | 39       | *         | 191       | *         | 53       |

\*Not available. Statistics are not maintained.

**Shri Kishorimohan Tripathi:** Is it a fact that most of the cases on account of claims could not have gone to court if the claims had been settled in proper time?

**Mr. Speaker:** It is a matter of opinion.

**Shri Arun Chandra Guha:** What is the amount of claims paid in 1947-48 and the amount of claims paid in 1938-39?

**The Honourable Shri K. Santhanam:** The figures for 1947-48 according to the railways are given in the statement laid on the Table. I have not got the figures for 1938-39, but if the honourable member wants, I am prepared to supply.

**Pandit Mukut Bihari Lal Bhargava:** What is the average time taken for the settlement of these claims?

**The Honourable Shri K. Santhanam:** I do not think the average has been worked out.

**Shri Deshbandhu Gupta:** Can he give at least the figures for 1947-48 and 1948-49, so that we may have an idea of same and if any supplementaries have to be asked, they may be asked?

**The Honourable Shri K. Santhanam:** I have given figures for 1947-48 according to each Railway. If you want, I can read them out.

**Shri Deshbandhu Gupta:** I want the total.

**Mr. Speaker:** Are any totals made up?

**The Honourable Shri K. Santhanam:** Total amount of compensation paid are as follows:

|                       | Rs.       |
|-----------------------|-----------|
| Assam Railway         | 6,22,048  |
| B. N. Railway         | 23,36,119 |
| B. B. & C. I. Railway | 10,04,000 |
| E. I. Railway         | 39,84,484 |
| E. P. Railway         | 2,88,841  |
| G. I. P. Railway      | 16,99,367 |
| M. S. M. Railway      | 12,01,957 |
| O. T. Railway         | 15,39,895 |
| S. I. Railway         | 5,11,146  |

**Shri Arun Chandra Guha:** Is it not a fact that the claims paid in 1947-48 are four or five times more than that paid in 1938-39?

**The Honourable Shri K. Santhanam:** The honourable member is probably correct. I have not got the figures.

**Mr. B. Pocker:** May I know what is the percentage of cases in which suits are decreed against the Railways and what is the percentage of cases in which suits are dismissed as against the Railways?

**The Honourable Shri K. Santhanam:** I have got in the statement figures giving the number of court cases for claims instituted against the railways during the current year and the number of cases decided in favour of each railway, but the other figures I have not got, but I am prepared to supply them to the honourable member.

**Shri Arun Chandra Guha:** Has the Government enquired into the cause of this abnormal rise in the amount of claims paid by Railways?

**The Honourable Shri K. Santhanam:** Yes, Sir. The confusion which occurred in the year 1947-48 and the pilferage and loss that occurred led to

these enormous claims. Steps have been taken, as I have already informed the House, to liquidate all the claims and to see that the claims bill is reduced as quickly as possible.

**Shri Mahavir Tyagi:** May I know if any part of these losses is realized from the officials due to whose neglect they occurred?

**The Honourable Shri K. Santhanam:** I do not know if any loss can be traced to any particular official.

**Shri Mahavir Tyagi:** But is an enquiry held in every case?

**The Honourable Shri K. Santhanam:** Every case is investigated as to how an article has been lost. It is traced from the beginning to the end, but because there are a large number of officials from the beginning to the end, it is difficult to fix the responsibility on a particular official or officials.

**Shri B. P. Jhunjhunwala:** What is the litigation cost that Government has to pay on the whole?

**The Honourable Shri K. Santhanam:** The cost of litigation is given in the statement:

|                         | Rs.      |
|-------------------------|----------|
| Assam Railway           | 12,733   |
| B. N. Railway           | 15,904   |
| B. B. and C. I. Railway | 10,152   |
| E. I. Railway           | 1,55,000 |
| E. P. Railway           | 2,022    |
| G. I. P. Railway        | 22,096   |
| M. S. M. Railway        | 2,287    |
| O. T. Railway           | 57,787   |
| S. I. Railway           | 7,421    |

**Shri Deshbandhu Gupta:** Is it a fact that . . . .

**Mr. Speaker:** Order, order. I wish to go to the next question.

**Shri Deshbandhu Gupta:** Just one question.

**Mr. Speaker:** There are so many who wish to put one question each.

#### SUPPLY OF TATAS COAL TAR TO DISTILLERS

\*1492. **Shri R. L. Malviya:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether it is a fact that a representation has been made to Government by distillers like the Bengal Chemical and Pharmaceutical Works, Limited, Shalimar Tar Products and other companies to make Tata's coal tar available to them for distillation? If so, what steps have been taken or are proposed to be taken by Government in the matter?

(b) What are the various uses of coal tar and the quantity produced in India?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Representations have been made by the distillers association to make Tatas tar available to them for distillation. The matter has been taken up with Tatas and they have informed that the position of coal tar would improve by April, 1949.

(b) The production of tar in India is nearly 62,000 tons to 65,000 tons per annum out of which Tatas production is about 40,000 tons.

Coal tar is used for producing the following:

(i) Creosote oil (light).

(ii) Creosote oil (heavy).

- (iii) Phenol.
- (iv) Napthalene.
- (v) Road tar.

**Shri H. V. Kamath:** Arising out of the answer to part (b) of the question, is it a fact that coal tar has often been used for blackening and disfiguring undesirable and hateful objects?

**Mr. Speaker:** Order, order.

**Dr. P. S. Deshmukh:** Is there any possibility of manufacturing more coal tar anywhere? Have Government any scheme in this regard.

**The Honourable Dr. Syama Prasad Mookerjee:** Tata's have a definite scheme for which they have fixed up plants and they will increase production by April 1949. I know of no other scheme.

**Shri S. V. Krishnamoorthy Rao:** Is there any scheme to manufacture dye-stuffs from coal tar?

**The Honourable Dr. Syama Prasad Mookerjee:** We have a plan now for the manufacture of dye-stuffs but that has not matured yet.

**Pandit Mukut Bihari Lal Bhargava:** What is the total quantity of coal tar imported into India?

**The Honourable Dr. Syama Prasad Mookerjee:** I have not the figures here.

**Shri Ram Chandra Upadhyaya:** May I know whether Tata's is using the coal tar as fuel?

**The Honourable Dr. Syama Prasad Mookerjee:** There was that complaint made sometime ago when on account of wagon difficulties they were not in a position to use fuel oil. Of course that has been checked now.

#### LAND RECLAMATION IN C. P. AND BERAR BY TRACTORS

\*1493. **Shri R. L. Malviya:** Will the Honourable Minister of Agriculture be pleased to state:

(a) how many tractors have been lent to the Government of the Central Provinces and Berar for reclamation purposes and on what terms;

(b) the capacity of the tractors and how much land has so far been reclaimed; and

(c) how much land in the Central Provinces is to be reclaimed and how long it would take to complete the reclamation programme?

**The Honourable Shri Jairamdas Doulatram:** (a) The Central Tractor Organisation of the Ministry of Agriculture is operating 96 tractors for reclamation purposes in the Central Provinces and Berar during the current season. The work is being done on a 'no-profit no-loss' basis.

(b) The Tractors used in the C. P. are rehabilitated tractors taken over from the Disposals Directorate. Each tractor can reclaim approximately half an acre per hour. A total area of 12,716 acres was reclaimed in the C.P. up to 21st March, 1949.

(c) During the current season a total area of 60,000 acres is proposed to be reclaimed in C.P.

The total area of weed-infested land in the C.P., requiring reclamation operations is 6,00,000 acres. It is proposed to reclaim the entire area within a period of seven years under another scheme, which is at present under the consideration of the Government of India.

**Shri Kishorimohan Tripathi:** May I know if Government propose to reclaim land in the merged States in the Central Provinces?

**The Honourable Shri Jairamdas Doulatram:** I believe that at present there is no scheme for those areas but all the land which is available in the Central Provinces, including the merged areas will be ultimately reclaimed under the new scheme.

**Shri R. K. Sidhva:** May I know whether the tractor capacity as stated by the Honourable Minister is actual or does it relate to that which is required to be reclaimed only by each tractor?

**The Honourable Shri Jairamdas Doulatram:** This has been worked out as a result of experience.

**Shri B. P. Jhunjhunwala:** What is the cost of reclamation per acre for each tractor? That is, what is the cost of the tractor for reclaiming one acre of land before it is ready for plantation?

**The Honourable Shri Jairamdas Doulatram:** We are calculating on the basis of Rs. 8-8-0 for ploughing per tractor hour, but the actual cost will be estimated at the end of the operations and the Provincial Government will be charged the actual expenses and not the estimated expenses.

**Shri H. V. Kamath:** What is the Honourable Minister's estimate of the total land available for reclamation in the whole of India?

**The Honourable Shri Jairamdas Doulatram:** Well, it is said that there are about six crores of acres.

**Shri Ajit Prasad Jain:** May I know how much food has been grown on the land reclaimed by these tractors in the Central Provinces?

**The Honourable Shri Jairamdas Doulatram:** The average is one-third of a ton per acre.

**Pandit Mukut Bihari Lal Bhargava:** May I know what portion of the cost is borne by the Provincial Government on these reclamation schemes and what portion is borne by the Central Government?

**The Honourable Shri Jairamdas Doulatram:** The entire cost is borne by the Provincial Government.

#### OPERATORS IN CENTRAL TRACTOR ORGANISATION

\*1494. **Shri H. V. Kamath:** Will the Honourable Minister of Agriculture be pleased to state:

(a) the hours, conditions of work and pay scales of tractor operators employed in the Central Tractor Organisation;

(b) whether any representations have been received from them in this regard; and

(c) if so, what action Government propose to take in the matter?

**The Honourable Shri Jairamdas Doulatram:** (a) Tractor Operators in the Central Tractor Organisation have to work for 8 hours a day. In view of the short ploughing season, it is necessary to operate the machines up to 10 hours per day and for this purpose two operators, one driver and the other mate, are attached to each tractor. These two operators between themselves are required to work the machine for 10 hours provided that no individual, either driver or mate, works for more than 8 hours a day.

A statement giving the scale of pay, dearness allowance, leave and T. A. for the operators is placed on the table of the House.

(b) and (c). A representation was received recently from the workers of two units engaged on heavy reclamation operations in the Central Provinces. This was due to a misunderstanding on the part of certain workers that they were required to work for ten hours per day. This misunderstanding has been removed.

# STATEMENT

Pay scales, allowances etc. of the Tractor Operators.

|                                                          | Basic pay | Usual Dearness and other compensatory allowances. | Leave                                                                                              | Travelling allowance.                                             |
|----------------------------------------------------------|-----------|---------------------------------------------------|----------------------------------------------------------------------------------------------------|-------------------------------------------------------------------|
| Operators employed on heavy reclamation operations.      | Rs.       |                                                   |                                                                                                    |                                                                   |
| (i) Tractor Drivers                                      | 90-5-120  | About Rs. 60/- p.m.                               | Casual leave is admissible at the rate of 20 days in a year.                                       | Second class railway fare is admissible while travelling on duty. |
| (ii) Mates                                               | 60-5/2-75 | About Rs. 60/- p.m.                               | Earned leave on average pay is admissible at the rate of one eleventh of the period spent on duty. |                                                                   |
| Operators employed on mechanical cultivation operations. |           |                                                   |                                                                                                    |                                                                   |
| (i) Tractors Drivers                                     | 75-3-105  | Rs. 45/- p.m.                                     |                                                                                                    |                                                                   |
| (ii) Mates                                               | 60-5/2-75 | Rs. 45/- p.m.                                     |                                                                                                    |                                                                   |

Note.—In addition, the staff employed on heavy reclamation operations is granted field allowance at the rates indicated below while on operational duties :—

|                 |                                                                                                                              |
|-----------------|------------------------------------------------------------------------------------------------------------------------------|
| Tractor Drivers | Rs. 0-2-4.8 per hour for actual hours of driving.                                                                            |
| Mates           | Rs. 0-1-6 per hour the machine works plus additional driving bonus at Rs. 0-1-6 for every hour he actually drives a tractor. |

**Shri H. V. Kamath:** How many tractors go into operation daily here?

**Mr. Speaker:** Here—that is in Delhi?

**Shri H. V. Kamath:** Here, in Delhi.

**The Honourable Shri Jairamdas Doulatram:** There are three tractors under the Central Government for operations in the Centrally Administered areas.

**Shri Brajeshwar Prasad:** What is the total number of the tractor operators?

**The Honourable Shri Jairamdas Doulatram:** For the heavy tractors, there are 180 drivers and 180 mates; and there are 280 drivers and 280 mates for the light tractors.

**Sreematty Annie Mascarene:** May I know whether Government has lent tractors to States and if so which of them?

**The Honourable Shri Jairamdas Doulatram:** Government is operating in the Madhya Bharat and Matsya Unions and it is also willing to operate in any other State.

## RULES FOR RECRUITMENT OF INSPECTORS OF POST OFFICES AND R.M.S.

\*1495. **Shri H. V. Kamath:** Will the Honourable Minister of Communications be pleased to state:

(a) whether it is a fact that rules for recruitment to the cadre of Inspectors of Post Offices and R.M.S. were changed in 1938;

(b) if so, whether there was a further revision in 1943; and

(c) whether any officials who topped the list of successful candidates were, in spite of the revised rules, not selected?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) to (c). Before, 1938, the method of recruitment was by means of a qualifying examination of candidates nominated by the Divisional Officers. In 1938, the procedure was revised and recruitment by means of a competitive written examination was introduced. In 1943, the method of recruitment by written competitive examination was replaced by one of a qualifying written examination followed by selection by a Selection Board by interview. The reason for this revision was that a purely written examination did not provide for assessment of certain qualities essential for the nature of work required of Inspectors, namely, personality, mental alertness and good physique. The revised procedure gave rise to complaints, as in several cases candidates who had attained high positions in the written examination, failed to be selected by the Selection Board. The position has now been rectified. Henceforth the examination will be in two parts, written examination followed by the interview of a Board. Marks will be awarded in both parts and the order of merit will be according to total marks in the two parts. To remove hardship, all the persons who had obtained qualifying marks in the 1943 and 1944 examinations are being allowed to appear in the next examination which is due to be held this Summer.

**Shri H. V. Kamath:** Was the anomalous position rectified only very recently?

**Shri Khurshed Lal:** Yes.

**Shri H. V. Kamath:** When?

**Shri Khurshed Lal:** Only last year.

## POSTS OF CHECK SUPERVISORS IN R. M. S.

\*1496. **Shri H. V. Kamath:** Will the Honourable Minister of Communications be pleased to state:

(a) whether it is a fact that posts of Check Supervisors in the R.M.S. were created over five years ago;

(b) if so, whether they have been made permanent;

(c) whether the question of converting posts of supervisors into lower selection grade appointments was considered two years ago; and

(d) whether the procedure for appointment to these posts is uniform throughout India, and if not, what are the variations?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) The posts were created in October, 1944.

(b) No.

(c) Yes.

(d) Yes, the procedure is uniform.

## EFFICIENCY DRIVE IN POSTS AND TELEGRAPHS DEPARTMENT

\*1497. **Shri H. V. Kamath:** Will the Honourable Minister of Communications be pleased to state:

(a) whether it is a fact that the Posts and Telegraphs Department recently launched an efficiency drive and set up a complaints section; and

(b) if so, what results have been achieved?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) Yes.

(b) The result is reflected in the improved working of the Department, which is indicated in the Brochure distributed recently to the honourable members.

**Shri H. V. Kamath:** Did this efficiency drive reveal that all the employees were uniformly efficient, or was at least one inefficient employee discovered?

**Shri Khurshed Lal:** The efficiency drive was designed more to discover the defects in the working of the organisation.

**Shri H. V. Kamath:** Were any defects revealed at all?

**Shri Khurshed Lal:** Yes and the drive resulted in an improvement in the working.

**Shri Mahavir Tyagi:** Also in the telephones?

**Shri Khurshed Lal:** Oh, yes.

**Shri H. V. Kamath:** May I know whether inefficient employees were taken to task as a result of the drive?

**Shri Khurshed Lal:** As I said this drive was designed not with regard to individuals but with regard to the system and the working of the system.

**Shri H. V. Kamath:** What were the defects revealed by the drive?

**Shri Khurshed Lal:** To answer that question I will have to cover the entire field of the activities of the department.

**Shri H. V. Kamath:** If the question be relevant, Sir, you may call upon the Honourable Minister to answer the question.

**Mr. Speaker:** Order, order. I do not propose to allow it. Next question.

#### PURCHASE AND SALE PRICES OF IMPORTED CEREALS

\*1498. **Shri Kishorimohan Tripathi:** (a) Will the Honourable Minister of Food be pleased to state the average price per ton of cereals imported as at ports of arrival during the years 1947 and 1948?

(b) At what price per ton were the sales made during the same period?

(c) What was the loss or gain per ton?

**The Honourable Shri Jairamdas Doulatram:** (a) A statement (No. I) showing the pool price, which represents the average cost of different food grains for delivery export Commissioner Transit shed, during the years 1947 and 1948 is laid on the table of the House.

(b) Two statements (Nos. II and III) showing the selling prices of different imported foodgrains to recipient Administration during the period from 1st January, 1947 to 31st December, 1947 and from 1st January, 1948 to 30th September, 1948 are laid on the table of the House. The subsidised rates for the period 1st October, 1948 to 31st December, 1948 have not yet been fixed as the necessary data has not yet been received from the Provincial and States Governments. In the meantime they are being charged the full landed cost and necessary readjustment would be made later.

(c) The total amount of subsidy borne by the Government of India during 1947-48 amounted to Rs. 17.12 crores. It roughly works out to Rs. 64 per ton for all cereals and for all recipient areas. The amount estimated to be paid during 1948-49 is Rs. 22.52 crores or Rs. 80 per ton for all cereals and for all areas.

\*Rates under fixation

**Shri Kishorimohan Tripathi:** May I know if the entire loss on subsidy as stated has gone towards the relief of the consumer?

**The Honourable Shri Jairamdas Doulatram:** Yes, the provincial governments are not allowed to make any profit.

**Dr. P. S. Deshmukh:** Is it a fact that the food grains imported now are imported at a lower rate than they were imported in the previous years?

**The Honourable Shri Jairamdas Doulatram:** During the last two or three months the prices have fallen.

**Dr. P. S. Deshmukh:** Would it not result in any saving in the subsidy that is proposed to be paid in 1949?

**The Honourable Shri Jairamdas Doulatram:** It will make a saving.

**Babu Ramnarayan Singh:** Has the Honourable Minister got any reports from the provinces as to whether all the previous stocks have been exhausted?

**The Honourable Shri Jairamdas Doulatram:** The stock in no province or state has been exhausted. We take care to see that every state and province has got stocks.

#### INDIA'S SHARE OF ROLLING STOCK AFTER PARTITION

\*1499. **Shri Mahavir Tyagi:** (a) Will the Honourable Minister of Railways be pleased to state the total number of wagons and passenger bogies on all Government railways which was apportioned as India's share immediately after the partition of the rolling stock with Pakistan was effected?

(b) How much rolling stock was added to it afterwards?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) As a result of partition of coaching and goods stock on the B. A. and N. W. Railways, 2,889 carriages out of a total of 6,649 belonging to the pre-partition railways and 24,893 wagons out of a total of 62,430 have come to India's share. The actual numbers of coaches and wagons on all the Indian Government Railways on 31st March, 1948 were—

Carriages—17,036.

Wagons—1,96,620.

(b) From 1st April, 1948 to 31st January, 1949, 52 locomotives, 167 carriages and 2,272 wagons have been added and brought into service on the Indian Government Railways.

**Shri Mahavir Tyagi:** May I know if any periodical enumeration of the rolling stock is made by different railways and, if so, when was it last made?

**The Honourable Shri N. Gopalaswami Ayyangar:** I do not understand what the honourable member means by periodical enumeration. If he would clarify that I can answer the question.

**Shri Mahavir Tyagi:** By that I mean the checking of the number of the rolling stock on each railway, whether they are working or out of work, how many new ones have been purchased, whether they are existing on the railways or somewhere else at some other station.

**The Honourable Shri N. Gopalaswami Ayyangar:** There is a daily account kept of coaches and wagons which are in existence on every railway. There is also an account kept of coaches and wagons which are sent over to other railways and also all coaching and wagon stock which have been taken over by the particular railway. There is a regular account kept.

**Shri Mahavir Tyagi:** When the partition of the rolling stock was made between us and Pakistan, was it only a paper transaction or the figures were checked by enumerating the rolling stock on the various railways?

**The Honourable Shri N. Gopalaswami Ayyangar:** What was decided was the total number which should be allocated to India and Pakistan. Individual checking of particular wagons and coaches has not yet been completed.

**Shri Mahavir Tyagi:** May I take it that it was only a partition of the figures and it was not verified that the number allotted to us was actually on the side of India at that time?

**Mr. Speaker:** The Honourable Minister has said that the number is yet to be checked and the checking is going on.

**Shri Mahavir Tyagi:** I only wanted to know whether the number allotted was existing actually on our side or whether it was to be taken over.

**The Honourable Shri N. Gopalaswami Ayyangar:** If it would give satisfaction to the honourable member I may inform him that as a matter of fact we have more coaches and wagons on the B. G. in India than we are entitled to under the total allocation and Pakistan has a smaller number at the moment.

**Shri Mahavir Tyagi:** That is a different matter. I do not want to know whether you have a bigger share or not. I wanted to know whether you are in possession of the number of wagons which was allotted to you?

**The Honourable Shri N. Gopalaswami Ayyangar:** We have a larger number on our side which means that we are in actual possession of a larger number.

**Shri Arun Chandra Guha:** When this allocation was made may I know whether the coaches and wagons were calculated simply as they were given on paper or were counted and calculated as they were existing and running?

**The Honourable Shri N. Gopalaswami Ayyangar:** I do not think those who participated in the division actually went to each wagon or coach and checked it. They certainly took the number as they appeared in the books and made the division.

**Shri R. K. Sidhva:** May I know whether the wagons containing various consignments booked for Pakistan stations are allowed to go through to the Pakistan stations or they are unloaded at the border of India and the goods are reloaded into Pakistan wagons?

**The Honourable Shri N. Gopalaswami Ayyangar:** They go through. As a matter of fact these figures of the actual numbers in each Dominion will not vary if the wagons do not go through.

**Shri R. K. Sidhva:** Within what period these wagons are returned to our Dominion?

**The Honourable Shri N. Gopalaswami Ayyangar:** They come back whenever there is necessity for the wagons to come back with their proper load.

**Shri R. K. Sidhva:** Has there been complaints of delay in the return of such wagons?

**The Honourable Shri N. Gopalaswami Ayyangar:** There may be delays due to various causes—due to distances, or delays in loading and unloading and so on.

#### RECORD OF WAGONS GOING TO AND RETURNING FROM PAKISTAN

\*1500. **Shri Mahavir Tyagi:** (a) Will the Honourable Minister of Railways be pleased to state whether any record is kept of the wagons that go to Pakistan and of those that return from Pakistan?

(b) What is the present position with regard to the exchange of wagons with Pakistan?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) Regular records are kept of the wagons interchanged between Indian and Pakistan Railways, both by the adjoining Indian Railways and by the Director of Wagon Interchange in New Delhi.

(b) On the 24th of March 1949, the Indian Railways had on their Broad Gauge system 720 more wagons than owned by them and on the Metre Gauge 108 wagons, other than War Department stock, less than owned by them. The War Department Metre Gauge stock has not yet been finally divided between India and Pakistan.

**Shri Mahavir Tyagi:** Is it a fact that at Amritsar an officer keeps a record of the wagons which go to Pakistan and the wagons which return from Pakistan?

**The Honourable Shri N. Gopalaswami Ayyangar:** Yes.

**Shri Mahavir Tyagi:** I was anxious to know as to what is the result at that exchange—whether our wagons which went to Pakistan have actually returned.

**The Honourable Shri N. Gopalaswami Ayyangar:** I have already given that in the answer. As a matter of fact, on the broad gauge we have at the moment more wagons than we are entitled to.

**Srijut Kuladhar Chahha:** What is the position of the wagons that go to Eastern Pakistan? Do they come back to Assam? May I also know what is the reason for the shortage of wagons for the carriage of goods there?

**The Honourable Shri N. Gopalaswami Ayyangar:** As a matter of fact, the position in Assam is greatly complicated by the fact that we have not yet settled accounts as to the War Department stock a large portion of which is in use in that part of the country.

**Shri H. V. Kamath:** With regard to the wagons whose figures have been given by the Honourable Minister for the 24th March 1949 are all of them in perfect rolling order or have some of them been marked sick by the Railway Inspectors, and if so how many?

**The Honourable Shri N. Gopalaswami Ayyangar:** I cannot vouch for every individual wagon out of that being in perfect order.

**Begum Aizaz Rasul:** May I know the lines on which these wagons are plying?

**The Honourable Shri N. Gopalaswami Ayyangar:** On all lines which I suppose connect India and Pakistan. They are running on all those lines.

**Begum Aizaz Rasul:** What are those lines?

**The Honourable Shri N. Gopalaswami Ayyangar:** All over the country.

**Shri H. V. Kamath:** Have any of them been marked out of order or sick by the railway authorities?

**The Honourable Shri N. Gopalaswami Ayyangar:** If they were actually sick and were unfit for use they would not have been used there.

**Begum Aizaz Rasul:** Are there any other lines besides those between East and West Bengal that are operating between India and Pakistan?

**Mr. Speaker:** On the Western Pakistan side, there are lines.

**Begum Aizaz Rasul:** Do not they stop at Amritsar?

**Mr. Speaker:** Oh, yes. That has been answered by him.

**Begum Aizaz Rasul:** Then how does the question arise as to the wagons going to Pakistan?

Mr. Speaker: There are regular goods trains from India to Pakistan—wagons are going and coming.

#### MANUFACTURE OF BONE MEAL

\*1501. Prof. N. G. Ranga: Will the Honourable Minister of Industry and Supply be pleased to state:

(a) whether any estimate has been made of the total supplies of bones available in India and if so, what it is;

(b) what portion of the bones, crushed bones and bone grist is being utilised in India by Indian concerns for the manufacture of bone meal for manurial purposes;

(c) how many concerns are interested in preparing bone meal and what assistance is being given to them by Government; and

(d) whether Government are considering the establishment of Government factory or factories for the manufacture of bone meal?

The Honourable Dr. Syama Prasad Mookerjee: (a) The annual output is estimated to be nearly a million tons but the collection is estimated to be two to three lakh tons every year.

(b) There is no manufacture of bone meal as such as bone mill machinery in India is not designed to crush all bones into bone meal. Bone meal is a by-product obtained in the process of crushing bones and it is estimated that 25 per cent of the bones crushed is available in the form of bone meal.

(c) Fifty seven. Assistance in procurement of raw-materials, transport facilities and disposal of bone meal stocks, is being given.

(d) No, Sir.

#### NON-PAYMENT OF INCREMENTS AND ACCOMMODATION TO E. P. RAILWAY STAFF

\*1502. Shri Deshbandhu Gupta: Will the Honourable Minister of Railways be pleased to state:

(a) whether it is a fact that the staff of the East Punjab Railway has not been given any increments since August 1947 and if so, the reasons for same?

(b) what arrangements have been made to provide quarters to them;

(c) the number of persons who have been provided accommodation in Government quarters since August 1947; and

(d) the number of those who applied for the same?

The Honourable Shri N. Gopalaswami Ayyangar: (a) No. It is only in the case of certain pre-1931 staff whose service records have not yet been received from Pakistan that increments have been delayed. Their cases are under consideration.

(b) A statement showing the position is laid on the table of the House.

(c) 8,941.

(d) 12,856.

#### STATEMENT

In addition to a large number of permanent quarters already in existence in August 1947, the following arrangements have been made for accommodating the staff of the E. P. Railway:

- (i) 610 members of the staff have been accommodated in buildings taken on hire from the Defence Ministry at Muradnagar and Jullundur Cantt.

\* Answer to this question laid on the table, the questioner being absent.

- (ii) 356 quarters at Delhi Kishangunj, originally meant for the staff of the Railway Clearing Accounts Office have been taken over for the E. P. Railway staff.
- (iii) 196 pucca quarters and 255 kutcha quarters have been built since August, 1947.
- (iv) 47 Nissen huts have been provided for housing staff.
- (v) Tented accommodation has been provided for 1,222 members of the staff.
- (vi) 514 pucca quarters are under construction at present.
- (vii) 500 pucca quarters are programmed for construction during 1949-50.

Shri Deshbandhu Gupta: With regard to the reply given to part (a) may I know the number of those who are so affected and who have not yet been given increments and whose cases are still under investigation?

The Honourable Shri N. Gopalaswami Ayyangar: I am afraid I have not got the number with me, but the cases consist of pre-1931 staff whose records have not yet been received.

Shri Deshbandhu Gupta: Is it a big figure—thousands or hundreds?

The Honourable Shri N. Gopalaswami Ayyangar: I am afraid I would not commit myself to any figure. But I think a considerable number have been given their increments wherever records have been received; and in the case of others even if the records have not been received, if such persons have put in one year's service since they came over the question of giving them increments is under consideration.

Shri Deshbandhu Gupta: What steps are being taken to secure their records? Do Government hope to get their records?

The Honourable Shri N. Gopalaswami Ayyangar: Yes. As a matter of fact at every Inter-Departmental Conference this question is raised and the promise is made from the other side that these will be made available as quickly as possible.

Shri Mahavir Tyagi: Are there cases where the pay of the railway government servants have been doubled during this time?

The Honourable Shri N. Gopalaswami Ayyangar: I think my honourable friend will find that in some cases it is even more than double the original pay. It all depends on how the Central Pay Commission's scales work out with reference to each individual and his previous pay.

Shri Mahavir Tyagi: I want to know if they have been doubled on account of their getting a higher grade within this period because of so many posts falling vacant.

Mr. Speaker: I am afraid the question will be too general for an answer.

Shri Mahavir Tyagi: Is the Honourable Minister aware that in Pakistan they have not given the pay of the higher grades and they earn only 30 per cent more than the basic pay which they were drawing in their original grades?

The Honourable Shri N. Gopalaswami Ayyangar: I do not think we have limited ourselves by any such percentage. We have given each man what became his due on the application of the Central Pay Commission scale.

Shri Deshbandhu Gupta: With reference to the reply given to part (c) is it a fact that out of 8,900 persons most of them have been given accommodation outside Delhi?

The Honourable Shri N. Gopalaswami Ayyangar: Yes, a good many have been given accommodation outside Delhi.

Shri Deshbandhu Gupta: Are any transport arrangements being made by Government to get them to Delhi every day—are any transport facilities provided to them?

**The Honourable Shri N. Gopalaswami Ayyangar:** Does the honourable member refer to transport other than railway transport?

**Shri Deshbandhu Gupta:** Any special train or local train?

**The Honourable Shri N. Gopalaswami Ayyangar:** I should like to have notice of that question.

**Shri Deshbandhu Gupta:** Will Government consider that please?

**The Honourable Shri N. Gopalaswami Ayyangar:** Certainly.

**Shri H. V. Kamath:** Did the Honourable Minister state that this issue was raised at every Inter-Dominion Conference?

**The Honourable Shri N. Gopalaswami Ayyangar:** Practically at every conference.

**Shri H. V. Kamath:** Was it so baffling of solution that it had to be raised every time?

**Mr. Speaker:** Order, order.

**Srijut Kuladhar Chaliha:** I have been authorised to put questions 1503 and 1504 standing in the name of Srijut Rohini Kumar Chaudhuri who is absent. May I put them?

**Mr. Speaker:** After the round! if the authority is valid.

#### EXPANSION SCHEME FOR INDIAN AGRICULTURAL RESEARCH INSTITUTE, DELHI

\*1503. **Srijut Rohini Kumar Chaudhuri:** (a) Will the Honourable Minister of Agriculture be pleased to state whether it is a fact that a good number of students from abroad, namely from China, Burma, Ceylon and Siam, seek admission into the Indian Agricultural Research Institute, Delhi for training in Agricultural Research?

(b) What action has been taken already and what steps will be taken in the near future in order to make the Institute an up to date Centre for advanced agricultural education?

**The Honourable Shri Jairamdas Doulatram:** (a) Yes. There is demand from these countries for the training of their nominees at this Institute.

(b) A five year expansion scheme for this Institute was sanctioned in 1946 and is being implemented within such resources as become available from year to year. When the existing sections have been strengthened, the new Divisions organised and all the equipment and apparatus obtained, as envisaged in the scheme, the facilities for research and advanced training will be considerably increased.

#### IMPROVEMENT OF CATTLE BREEDING AND INCREASING MILK SUPPLY IN DELHI PROVINCE

\*1504. **Srijut Rohini Kumar Chaudhuri:** (a) Will the Honourable Minister of Agriculture be pleased to state what steps are being taken to improve cattle breeding and to augment the supply of milk in Delhi Province?

(b) Do Government help private concerns and Joint Stock Companies to establish dairy farms in Delhi City or its neighbourhood?

**The Honourable Shri Jairamdas Doulatram:** (a) A statement is laid on the table of the House.

(b) Yes.

† The questions were not reached during the question hour and the answers were laid on the table of the House. --Ed. of D.

#### STATEMENT

*Steps being taken to improve cattle and augment milk supply in Delhi Province*

(1) A Dairy Development Officer has been appointed for giving free technical advice and other assistance to milk producers and distributors.

(2) Survey has been carried out of the milk production and supply position for preparation of specific schemes.

(3) Twenty Haryana bulls are distributed to cattle breeders in the Province for improving local cattle. A sum of Rs. 10,000 is spent annually for the purpose. Buffalo bulls are also distributed as and when required.

(4) Cattle shows are held in villages.

(5) The supply of milk to Delhi is being augmented by providing transport and other facilities to accredited supplies for importing milk from within a radius of about 25 miles of the city.

(6) Private parties are being encouraged for establishing Dairy Farms. Technical advice and assistance in procurement of cattle, building materials etc. and also loans in deserving cases are being given.

#### POSTCARDS AND LETTERS CARRIED BY AIR AND SURFACE ROUTES

\*1505. **Prof. K. T. Shah:** Will the Honourable Minister of Communications be pleased to state:

(a) the number of postcards and letters carried by the ordinary surface transport in the years 1945-46, 1946-47, 1947-48, and 1948-49 upto 31st December, 1948 in India;

(b) those carried by air during the same period; and

(c) whether postcards and stamped envelopes are produced on paper imported or locally made?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) and (b). Statements giving the information are laid on the table of the House.

(c) Postcards are printed on paper produced in the Country. Indigenous paper is used for inland embossed envelopes and imported paper for airmail envelopes, inland and foreign.

#### STATEMENT

*an Estimated number of letters and postcards carried by surface routes*

(In millions)

|                   | Letters |         | Postcards |         |
|-------------------|---------|---------|-----------|---------|
|                   | Inland  | Foreign | Inland    | Foreign |
| 1945-46           | 810.27  | 15.60   | 691.03    | 2.74    |
| 1946-47           | 847.62  | 29.42   | 887.42    | 3.92    |
| 1947-48           | 703.37  | 37.15   | 762.23    | 29.84   |
| (for India only). |         |         |           |         |
| 1948-49           | 572.98  | 35.19   | 636.98    | 25.24   |
| for 9 months      |         |         |           |         |

(b) Estimated number of letters and postcards carried by air  
(In millions)

#### STATISTICS RE PLACE OF ORIGIN AND DESTINATION OF POST CARDS AND LETTERS

\*1506. Prof. K. T. Shah: Will the Honourable Minister of Communications be pleased to state the number of postcards and letters (i) originating and delivered in rural areas exclusively, (ii) originating in rural areas but delivered in urban areas; (iii) originating in urban areas but delivered in rural areas; and (iv) originating and delivered in urban areas only in the years 1946-47 and 1947-48?

Shri Khurshed Lal (Deputy Minister of Communications): These statistics are not available.

#### STATISTICS RE POST CARDS AND LETTERS

\*1507. Prof. K. T. Shah: Will the Honourable Minister of Communications be pleased to state:

(a) the number of postcards and letters (i) originating and delivered within the same Province; (ii) going beyond the provincial boundaries and (iii) carried as between places where both in the place of origin and at the destination, or in either of them, there are air ports, in the years 1946-47 and 1947-48; and

(b) whether it is proposed to increase the number of air ports or air stations in the country, and if so, the programme for such increase in the next five years?

Shri Khurshed Lal (Deputy Minister of Communications): (a) Detailed Statistics of the kind required by the honourable member are not available.

(b) The honourable member's attention is invited to reply given on the 23rd February, 1949 to parts (d) and (e) of Starred Question No. 603 by Pandit Mukut Bihari Lal Bhargava.

Shri H. V. Kamath: Is it possible within the limits of human and ministerial capacity to make these statistics available?

Shri Khurshed Lal: Everything is possible, but the cost will be considerable.

#### FIRMS MANUFACTURING BICYCLES

\*1508. Dr. P. S. Deshmukh: (a) Will the Honourable Minister of Industry and Supply be pleased to state the names of firms manufacturing bicycles in India with the annual output of each?

(b) Is any additional factory proposed to be opened in the near future?

(c) Are Government taking any steps to improve the quality of Indian-made cycles or to manufacture those of a better quality?

The Honourable Dr. Syama Prasad Mookerjee: (a) A statement is laid on the table of the House.

(b) Yes, Sir. Two new firms are contemplating setting up production.

(c) Government offers technical advice from time to time.

#### STATEMENT

Figures of production during 1948.

| S. No. | Name of the firms.                               | Number. | Nature of production.            |
|--------|--------------------------------------------------|---------|----------------------------------|
| 1.     | M/s. Hind Cycles Ltd., Bombay.                   | 40,000  | *Complete cycle and spare parts. |
| 2.     | M/s. Hindustan Bicycle Mfg. & Corp. Ltd., Patna. | 15,000  | do.                              |
| 3.     | M/s. India Cycles Ltd., Calcutta.                | 7,040   | *Spare parts only.               |
| 4.     | M/s. Govind Seth Metal Works, Ltd., Calcutta.    | 2,000   | * do.                            |
|        | Total                                            | 64,740  |                                  |

\*Spare parts equivalent to complete cycles.

#### (b) WRITTEN ANSWERS

##### MURDERS IN TRAINS AND COMPENSATION PAID DURING LAST FOUR YEARS

\*1509. Shri L. S. Bhatkar: Will the Honourable Minister of Railways be pleased to state:

(a) the number of murders committed in trains during each of the years 1945-46, 1946-47, 1947-48 and 1948-49; and

(b) the amount of compensation paid on account of Railway accidents during each of the years as mentioned in part (a) above?

The Honourable Shri N. Gopalaswami Ayyangar: (a) and (b). A statement giving the information is placed on the table of the House. The large number of murders in 1947-48 are due to the disturbed condition of the country at the time. I should mention that there is, however, no connection between the number of murders committed in trains and the compensation paid on account of railway accidents under Section 82A of the Indian Railways Act.

#### STATEMENT

|                                                             | 1945-46      | 1946-47      | 1947-48       | 1948-49      |
|-------------------------------------------------------------|--------------|--------------|---------------|--------------|
| Number of murders committed                                 | 7            | 36           | 200           | 20           |
| Amount of compensation paid on account of Railway accidents | 1,21,791 4 0 | 2,69,826 9 6 | 4,97,990 10 0 | 3,25,294 7 0 |

#### STORES TO BE RECOVERED FROM PAKISTAN

\*1510. Shri R. K. Sidhva: Will the Honourable Minister of Transport be pleased to state whether there are any stores or other materials to be recovered from Pakistan as per terms of agreement after partition and if so, what are the details thereof?

The Honourable Shri N. Gopalaswami Ayyangar: Substantial quantities of Defence, Railway, and Posts and Telegraphs stores and equipment are still due to be received from Pakistan in accordance with the agreements reached at the time of the partition. It is not possible to give details of these stores as they cover a very wide field. The items run into thousands.

#### PERSONS EMPLOYED IN AND EXPENDITURE OF MINISTRIES OF FOOD AND AGRICULTURE

\*1511. Dr. P. S. Deshmukh: Will the Honourable Minister of Food be pleased to state:

(a) the date on which the Ministries of Food and Agriculture were created; and

(b) the number of persons employed in each of the years since their creation together with the total amount of expenditure incurred on the Ministries in each year upto and including 1948-49?

**The Honourable Shri Jairamdas Doulatram:** (a) The Department of Food, now known as the Ministry of Food, was created on the 2nd December, 1942 and Ministry of Agriculture was created on the 1st September, 1945.

(b) Two statements showing the number of persons employed and expenditure incurred in each of the Ministries of Food and Agriculture are laid on the table of the House.

#### STATEMENT I

Number of Persons employed and expenditure incurred on the Ministry of Food during each of the years commencing from the date of its inception.

| Year            | Number of persons employed |              | Total Number employed | Total Expenditure for the year. |
|-----------------|----------------------------|--------------|-----------------------|---------------------------------|
|                 | Gazetted                   | Non-Gazetted |                       |                                 |
| 1942-43         |                            |              |                       | Rs.                             |
| 1943-44         | 93                         | 440          | 533                   | 2,10,005                        |
| 1944-45         | 101                        | 662          | 763                   | 25,69,584                       |
| 1945-46         | 97                         | 872          | 969                   | 38,90,852                       |
| 1946-47         | 158                        | 1315         | 1473                  | 52,87,847                       |
| 1947-48         | 187                        | 1616         | 1803                  | 71,82,682                       |
| (upto 14-8-47)  |                            |              |                       |                                 |
| 1947-48         | 176                        | 1470         | 1646                  | * 24,19,864                     |
| (since 15-8-47) |                            |              |                       |                                 |
| 1948-49         | 152                        | 1650         | 1702                  | *29,68,000                      |
|                 | 107                        | 1151         | 1258                  | *48,73,600                      |

NOTE. \*Figures are subject to final adjustments.

#### STATEMENT II

Number of persons employed in each of the year since the creation of the Ministry of Agriculture together with the total amount of expenditure incurred on the Department in each year upto and including 1948-49

(A) Number of persons employed.

|           | Gazetted | Non-gazetted | Total. |
|-----------|----------|--------------|--------|
| On 1-9-45 |          |              |        |
| On 1-4-46 | 36       | 228          | 264    |
| On 1-4-47 | 42       | 319          | 361    |
| On 1-4-48 | 50       | 433          | 483    |
| On 1-3-49 | 58       | 538          | 596    |
|           | 63       | 493          | 556    |

(B) Total expenditure incurred on the Ministry proper.

|          | Re.       | Remarks         |
|----------|-----------|-----------------|
| *1945-46 |           |                 |
| 1946-47  | 6,03,823  | *For the period |
| 1947-48  | 13,95,307 | from 1-9-45 to  |
| 1948-49  | 10,65,311 | 31-3-46 only.   |
|          | 25,59,635 |                 |

N. B.—The above information is regarding Secretariat staff only. As regards attached and subordinate offices information is being compiled and will be laid on the table of the House later.

#### RETIRED AND SUPERANNUATED PERSONS EMPLOYED IN MINISTRY OF AGRICULTURE

\*1512. **Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of Agriculture be pleased to state the number of retired and superannuated persons employed in the Ministry as Advisers?

(b) What are their qualifications, dates of appointment, age and emoluments?

(c) What is the number of non-Scientists and Scientific men employed in the Ministry of Agriculture?

**The Honourable Shri Jairamdas Doulatram:** (a) Four.

(b) A statement giving the information is laid on the table of the House.

(c) Presumably the honourable member wishes to know the number of technical and non-technical persons employed in the Ministry in non-Secretariat posts. All the non-Secretariat posts are held by technically qualified persons and their number is 38.

#### STATEMENT

| Name                   | Qualifications                                                                              | Date of appointment. | Age | Emoluments.                     |
|------------------------|---------------------------------------------------------------------------------------------|----------------------|-----|---------------------------------|
|                        |                                                                                             |                      |     | Rs. A. P.                       |

#### BENEFIT TO CULTIVATORS FROM RESEARCHES IN AGRICULTURE

\*1513. **Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of Agriculture be pleased to state whether it is a fact that Government's policy is to carry the results of researches in agriculture to cultivators?

(b) What are the measures taken in that direction?

(c) Is there any scientific and technical information service for this purpose?

(d) Are pamphlets and brochures published on the model of the Farmers' Bulletin of the United States of America?

(e) If not, do Government propose to consider the desirability of setting up a Research Bureau with sufficient number of Research Officers to prepare such pamphlets for distribution in the different languages of India?

**The Honourable Shri Jairamdas Doulatram:** (a) Yes.

(b) The results achieved are communicated to the Provinces and States Governments who are expected to bring them to the knowledge of the cultivator. The question of organising an Extension service is under consideration.

(c) A Scientific and Technical Information Service at the Indian Agricultural Research Institute has been sanctioned and will begin to function shortly.

(d) The Indian Council of Agricultural Research publishes a monthly journal, namely, *Indian Farming* in English and *Kheti* in Hindi which are written in popular language.

(e) A proposal to establish an Information Bureau in the Agriculture Ministry for the purpose of collecting and collating particulars of all research and developmental activities throughout India is under consideration. It will be for this Bureau to disseminate information by publication of pamphlets or journals.

#### AGE LIMIT FOR RETIREMENT OF POSTS AND TELEGRAPH DEPARTMENT EMPLOYEES

\*1514. **Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of Communications be pleased to state whether it is a fact that the staff of the Posts and Telegraph Department have been granted extension of age limit for retirement up to the age of 60 years?

(b) Is it a fact that class IV staff of the Posts and Telegraph Department have been granted extension up to the age of 65 years?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) According to the existing rules a ministerial servant of the Central Government who was in permanent employment on the 31st March, 1938 should ordinarily be retained in service, if he continues to be efficient, up to the age of 60 years.

(b) No.

#### COAL PRODUCTION

\*1515. **Shri B. L. Malviya:** Will the Honourable Minister of Industry and Supply be pleased to state:

(a) the quantity of different grades of coal produced in the country during the years 1945-46, 1946-47, 1947-48;

(b) the country's resources of higher grade and metallurgical coal, and their annual consumption;

(c) the quantity of grades III-A and III-B coal consumed by the Railways during the years 1944-45 to 1948-49;

(d) whether it is a fact that the Railways have decided to stop consumption of grades III-A and III-B coal and if so, why;

(e) whether it is a temporary measure or a permanent decision;

(f) whether Government are aware that due to stoppage of consumption of grades III-A and III-B coal, a number of collieries have been and are being closed;

(g) if so, what proposals Government have got to revive these coal mines; and

(h) if not, whether Government propose to make enquiries and grant relief to the collieries?

**The Honourable Dr. Pyama Prasad Mookerjee:** (a) and (b). Statements are placed on the table of the House.

|             |              |
|-------------|--------------|
| (c) 1945-46 | 869,708 Tons |
| 1946-47     | 341,986 "    |
| 1947-48     | 347,457 "    |

No information is available for the year 1944-45; in 1948-49, supply of Grade III-A and III-B coal to the Railways was eliminated.

(d) Yes, from May 1948 for the main reason that the use of inferior coal led to a decline in the efficiency of locomotives, resulting in engine failure, loss in speed etc., the boilers and fire boxes of these locomotives being designed to burn only better qualities of coal.

(e) Till new locomotives are ordered to burn this type of coal.

(f) The quantity of Grade III-A and III-B coal displaced from the Railway programme was only about 360 000 tons. But despatches of these grades during 1948 were 400,000 tons in excess of the despatches in 1947, showing that non-consumption of these grades by Railways have no such immediate effect.

(g) and (h). Do not arise.

#### STATEMENT I

*Quantity of different grades of coal produced in the country*

| Grade                   | 1945-46   | 1946-47   | 1947-48   |
|-------------------------|-----------|-----------|-----------|
|                         | (Tons)    | (Tons)    | (Tons)    |
| Selected 'A' . . . . .  | 5,935,773 | 5,880,448 | 6,371,929 |
| Selected 'B' . . . . .  | 6,589,540 | 7,287,465 | 7,537,180 |
| Grade I . . . . .       | 3,362,406 | 4,303,399 | 4,135,511 |
| Grade II . . . . .      | 4,148,308 | 3,739,325 | 3,690,157 |
| Grade III 'A' . . . . . | 933,723   | 858,095   | 797,987   |
| Grade III 'B' . . . . . | 3,182,459 | 1,978,026 | 1,789,522 |

#### STATEMENT II

*Resources and consumption of higher grade and metallurgical coal*

|                              | Resources (Reserves) | Consumption       |
|------------------------------|----------------------|-------------------|
|                              | (In million tons)    | (in million tons) |
| High Grade Coal . . . . .    | 2,100                | 1 7 Per annum     |
| Metallurgical Coal . . . . . | 700 to 750           | 7 8 " "           |

#### FACILITIES FOR RECLAMATION OF WASTE LAND

\*1516. **Shri Balwant Sinha Mehta:** (a) Will the Honourable Minister of Agriculture be pleased to state what facilities are provided to private enterprise to reclaim waste land?

(b) Are such bodies financed by Government and if so, on what basis?

(c) Are all such facilities provided to Indian States also?

**The Honourable Shri Jairamdas Doulatram:** (a) The honourable member may kindly refer to reply given to part (d) of question No. 64 on the 2nd February 1949.

(b) The subsidy for land reclamation has hitherto been given only to cultivators for reclaiming the land which belongs to them. No subsidy has so far been given to private bodies who undertake reclamation work for cultivators.

(c) The question is under the consideration of Government.

## HIGHWAY BETWEEN PORT KANDLA AND AHMEDABAD

\*1517. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Transport be pleased to state whether Government intend to build a highway between Port Kandla and Ahmedabad and if so, have plans and estimates been prepared?

(b) When is the work likely to be taken in hand, and when is it likely to be completed?

(c) Will the road be parallel to the proposed railway line on this route?

**The Honourable Shri K. Santhanam:** (a) Kandla will have to be connected by a National Highway, but its alignment has not yet been decided. Plans and estimates will be prepared after a decision is taken.

(b) and (c). These questions do not arise at present.

## CONTROL ON SELLING PRICES OF COAL

\*1518. **Shri Mahavir Tyagi:** Will the Honourable Minister of Industry and Supply be pleased to state whether it is a fact that coal dealers were agreeable to sell a number of wagon-loads of coal to the Ministry of Relief and Rehabilitation at rates cheaper than those fixed by Government but the supply could not be made as the control orders were that none could sell at rates lower than those fixed?

**The Honourable Dr. Syama Prasad Mookerjee:** The facts of the case were that the Ministry of Relief and Rehabilitation placed orders on certain middlemen for the supply at control rates of slack coal for brick burning. In return for these orders a certain percentage was offered by some as donation to the Refugee Fund. This was treated as tantamount to the sale of coal below the statutory prices and a violation of the Colliery Control Order.

## COUNTRIES CARRYING MAIL BY AIR WITHOUT SURCHARGE

\*1519. **Prof. K. T. Shah:** Will the Honourable Minister of Communications be pleased to state—

(a) in what countries of Europe, America, Asia, Africa or Australia there is, for inland as well as overseas purposes, universal conveyance of all types of letter mail by air with or without any surcharge on account of air carriage; and

(b) what subsidy or remuneration is allowed by the Governments of those countries for the conveyance of letter mail by air, by water, or by land within the country?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) and (b). Government have no accurate information readily available. It is being collected and will be laid on the table of the House in due course.

## HAND DECORTICATOR INVENTED BY PRODUCERS ORGANISATION

\*1520. **Babu Ramnarayan Singh:** (a) Will the Honourable Minister of Agriculture be pleased to state whether it is a fact that in certain parts of the country a hand Decorticator invented by the Producers Organisation is profitably working as remover of groundnut husk from seeds?

(b) If so, what is the encouragement which Government are affording for popularising it?

**The Honourable Shri Jai Ramdas Doulatram:** (a) Yes, it is in use in some parts of the Bombay Presidency.

(b) The type of hand decorticator now in use is not considered very suitable. The Indian Oilseeds Committee has announced a prize of Rs. 2,000 which will be granted to any person or body who designs the best model of decorticator at a cost not exceeding Rs. 100. The designs are to be received before the 31st October, 1949 after which the best design received will be selected by the Committee and steps will be taken for propagating its use.

## UNSTARRED QUESTION AND ANSWER

## VACANT GAZETTED POSTS IN MINISTRIES OF FOOD AND AGRICULTURE

124. **Dr. P. S. Deshmukh:** Will the Honourable Minister of Food be pleased to state:

(a) the number of vacancies that occurred in the Gazetted posts in the Ministries of Food and Agriculture during the years 1947-48 and 1948-49;

(b) whether any new posts have been created either during 1947-48 or 1948-49; and

(c) if so, what they are and what the scales of pay are?

**The Honourable Shri Jai Ramdas Doulatram:** (a) The number of vacancies that occurred in the Gazetted posts during 1947-48 and 1948-49 was 64 and 32 respectively in the Ministry of Food and 24 and 33 respectively in the Ministry of Agriculture.

(b) and (c). Two statements showing the designation of the posts and the scales of pay for each of the Ministries of Food and Agriculture for the year 1947-48 and 1948-49 are laid on the table of the House.

## STATEMENT I

*Designation of the new posts created in the Ministry of Food during 1947-48 and 1948-49 and the scale of pay*

| 3. No. | Designation of post              | No. of post created | Scale of pay                                                             |
|--------|----------------------------------|---------------------|--------------------------------------------------------------------------|
| 1      | 2                                | 3                   | 4                                                                        |
|        |                                  | (1947-48)           | Rs.                                                                      |
| 1      | Director of Purchase             | 2                   | 1000—50—1300—60—1600.                                                    |
| 2      | Director, Grains                 | 2                   | 1000—50—1300—60—1600.                                                    |
| 3      | Counsellor (Food) Karachi        | 1                   | 2000 fixed.                                                              |
| 4      | Additional II Secretary Karachi  | 1                   | 900 fixed.                                                               |
| 5      | Additional III Secretary Karachi | 2                   | 1. 320—15—380—20—500.<br>2. 350—350—380—380—30—590—<br>EB—30—770—40—850. |
| 6      | Deputy Director                  | 2                   | 600—40—1000—1000—1050—1050—<br>1100—1100—1150.                           |
| 7      | Asstt. Director                  | 12                  | 350—350—380—380—30—590—<br>EB—30—770—40—850.                             |
| 8      | Officer-in-Charge Supply Depot.  | 1                   | Ditto.                                                                   |
| 9      | Liaison Officer                  | 5                   | Ditto.                                                                   |
| 10     | Statistical Officer              | 1                   | 250—15—400—20—500.                                                       |
| 11     | Private Secretary to Secretary   | 1                   | 300—20—400.                                                              |
| 12     | Inspector                        | 1                   | 160—10—330.                                                              |

| 1  | 2                                             | 3                    | 4                                          |
|----|-----------------------------------------------|----------------------|--------------------------------------------|
|    |                                               | (1948-49)            |                                            |
|    |                                               |                      | Rs.                                        |
| 1  | Joint Secretary                               | 1                    | 3,000.                                     |
| 2  | Food Attache (Indian Embassy) Washington.     | 1                    | 1100—50—1300—60—1600—100—1800.             |
| 3  | Additional Regional Food Commissioner, Bombay | 1                    | 1300—60—1600.                              |
| 4  | Director, Grains                              | 1                    | 600—40—1000—1000—1050—1050—1100—1100—1150. |
| 5  | Joint Director                                | 1                    | 800—40—1000—1000—1050—1050—1100—1100—1150. |

| 4       | Under Secretary                              | 1            | 800—50—1150.                 |
| 5       | Assistant Private Secretary to H.M.          | 1            | 530—30—710.                  |
| 6       | Deputy Cattle Utilisation Adviser            | 1            | 1000—50—1400—plus S. P. 150. |
| 7       | Deputy Livestock Adviser                     | 1            | Ditto.                       |

*N. B.*—The above information is regarding Secretariat staff only. As regards attached and subordinate offices information is being compiled and will be laid on the table of the House later.

## CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) DEBATES

## (PART I—QUESTIONS AND ANSWERS)

Thursday, 31st March, 1949

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock, Mr. Speaker (The Honourable Mr. G. V. Mavalankar) in the Chair.

## STARRED QUESTIONS AND ANSWERS

## ORAL ANSWERS

## REORGANISATION OF C. P. W. D.

\*1521. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Works, Mines and Power be pleased to state whether any steps have been taken to reorganize the Central Public Works Department?

(b) Has the Economy Committee examined the strength of the staff in the Public Works Department?

**The Honourable Shri N. V. Gadgil:** (a) Yes. The steps taken to reorganize the C.P.W.D. include the following:

- a planning circle has been formed to secure standardization and more efficient control over designs, estimates, specifications and rates;
- the Chief Architect's Branch has been reorganised by the augmentation of the architectural staff to obtain better work;
- A Class II Engineering Service (Civil and Electrical has been constituted in place of the cadre of non-gazetted Sub-Divisional Officers, Temporary Engineers and Temporary Subordinates;
- With a view to improving the efficiency of the Department, departmental examinations were conducted for the Section Officers, who had no recognised engineering qualifications, to assess their suitability for permanent retention in the Department;
- A Central Works Advisory Board has been set up to advise the Central P.W.D. in regard to the registration of contractors of classes I-A and I-B categories and award of contracts for large works.
- It has been proposed to set up a Chief Technical Examiner's and a Chief Surveyor of Works Organization but the proposals have been held in abeyance for the time being on account of the Economy Drive.

(b) Yes, but its report has not yet been received.

**Shri R. K. Sidhva:** Besides these measures which the Honourable Minister has stated, may I know in view of the large number of prosecutions of officials, high and low, in his Ministry whether he has also taken steps to make improvements in that direction, and if so of what nature?

**The Honourable Shri N. V. Gadgil:** As regards this question if you permit me to answer it I will answer.

**Mr. Speaker:** Yes.

**The Honourable Shri N. V. Gadgil:** The fact is that all steps that were possible have been taken to root out corruption. Prosecutions have been launched, disciplinary actions have been taken against several people. But that is all *post facto*. In order to prevent chances of corruption some methods have been devised. Some of them are maintenance of a list of approved contractors, insistence on the contracting firm to have qualified engineers; for the officers who are expected to sanction contracts a maximum limit has been fixed; a committee of three persons has been constituted to revise the whole matter and then make recommendations; and finally any contract for more than Rs. 5 lakhs must come to the Minister before it is finally sanctioned.

#### EXPENDITURE ON EMBASSIES AND HIGH COMMISSIONER'S OFFICERS

**\*1522. Dr. Mono Mohan Das:** Will the Honourable the Prime Minister be pleased to state the expenditure incurred by Government on each of our Embassies and High Commissioner's offices in foreign countries during the year ending March, 1949?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): A statement showing the expenditure incurred on our Embassies and High Commissioner's offices in foreign countries inclusive of that incurred on foreign publicity during the year ending March, 1949 is placed on the table.

#### STATEMENT

*Showing the approximate expenditure on the Embassies, Legations, Offices of the High Commissioners and Deputy High Commissioners and the Liaison Mission at Tokyo during the year 1948-49.*

|                                                       | Rs.       |
|-------------------------------------------------------|-----------|
| Indian Embassy, Washington . . . . .                  | 22,86,800 |
| Indian Embassy, Moscow . . . . .                      | 8,41,300  |
| Indian Embassy, Paris . . . . .                       | 4,16,800  |
| Indian Embassy, China . . . . .                       | 6,80,900  |
| Indian Embassy, Brussels . . . . .                    | 2,98,900  |
| Indian Embassy, Egypt . . . . .                       | 7,23,000  |
| Indian Embassy, Iran . . . . .                        | 6,52,100  |
| Indian Embassy, Nepal . . . . .                       | 2,13,200  |
| Indian Embassy, Afghanistan . . . . .                 | 4,54,400  |
| Indian Embassy, Brazil . . . . .                      | 4,37,900  |
| Indian Embassy Turkey . . . . .                       | 6,74,100  |
| Indian Embassy, Prague . . . . .                      | 1,95,100  |
| Indian Embassy, Italy . . . . .                       | 1,20,600  |
| Indian Embassy, Rangoon . . . . .                     | 4,38,900  |
| Legation Berne . . . . .                              | 4,93,700  |
| Legation, Bangkok . . . . .                           | 2,47,000  |
| Legation, Stockholm . . . . .                         | 1,31,400  |
| High Commissioner, London . . . . .                   | 45,40,000 |
| High Commissioner, Ottawa (Canada) . . . . .          | 4,12,100  |
| High Commissioner, Canberra (Australia) . . . . .     | 2,12,600  |
| High Commissioner, Colombo . . . . .                  | 2,08,500  |
| High Commissioner, Karachi . . . . .                  | 5,38,100  |
| High Commissioner, Johannesburg (S. Africa) . . . . . | 1,34,200  |
| Deputy High Commissioner, Lahore . . . . .            | 2,93,300  |
| Deputy High Commissioner, Dacca . . . . .             | 1,42,800  |
| Liaison Mission, Tokyo . . . . .                      | 3,26,000  |

**Dr. Mono Mohan Das:** May I know whether there is any possibility in the near future of our High Commissioners being replaced by Ambassadors?

**The Honourable Shri Jawaharlal Nehru:** That depends entirely on the future constitutional set-up and the relationship existing between India and England and various Dominion Governments. This matter was discussed at the last Dominion Conference. There is no bar to their being called Ambassadors even now. But after some discussion so far as we were concerned we said that we were perfectly agreeable to either term—we attach as much importance to each. Finally we decided to retain the present designation. But the status of the High Commissioners was raised to that of Ambassadors. So they are Ambassadors in everything except that their name is High Commissioner.

**Dr. Mono Mohan Das:** Regarding the Cultural Attaches of the Embassies may I know what are the subjects in which they are expected to have a special knowledge?

**Mr. Speaker:** Order, order. I am afraid the honourable member is arguing.

**Seth Govind Das:** Is it not a fact that the expenditure of our Embassies is much less than the expenditure of the Embassies of other important countries of the world like U.S.A., Russia and Great Britain?

**Dr. B. V. Keskar:** That is a fact.

**Seth Govind Das:** Is it not a fact that certain of our Embassies are in great difficulties on account of the high cost of living in the countries they are because we are not able to provide them with sufficient funds?

**Dr. B. V. Keskar:** It is a fact that many of our Ambassadors and our staff in the Embassies in countries, especially those suffering on account of inflation, find themselves in great difficulty on account of the high cost of living.

**Shri R. K. Sidhva:** May I know whether the Deputy Minister will kindly state in which of the Embassies the expenditure is highest compared with the others?

**Dr. B. V. Keskar:** Amongst Embassies Washington is the highest.

**Shri R. K. Sidhva:** What was the total amount of expenditure?

**Dr. B. V. Keskar:** A little more than Rs. 22 lakhs.

**Shri R. K. Sidhva:** In England what is the expenditure?

**Dr. B. V. Keskar:** A little more than Rs. 45 lakhs.

**Shri H. R. Guruv Reddy:** Is any sumptuary allowance allowed to any of the Embassies?

**Dr. B. V. Keskar:** There is a sumptuary or entertainment allowance not to the Embassy but to the Ambassador; it is a normal thing in all Embassies all over the world.

**Shri H. R. Guruv Reddy:** Is it subject to audit?

**Dr. B. V. Keskar:** All the expenditure of the Embassy—and not merely sumptuary allowance—is subject to audit.

**Shri R. K. Sidhva:** I understood the Deputy Minister as saying that the highest figure was America which is Rs. 22 lakhs whereas he gave the figure of Rs. 45 lakhs for England.

**Dr. B. V. Keskar:** My honourable friend asked the highest figure for Embassies and that is why I said Washington. The High Commissioner's office in London is not considered an Embassy.

**Seth Govind Das:** May I know whether Government propose to do something with respect to the difficulties of our Embassies abroad as far as their expenses are concerned?

**Dr. B. V. Keskar:** It is a difficult problem. In view of the present economic condition we are not able to provide, as we would like, our Embassies with all the facilities that are necessary. But within our means and as far as possible we will try to improve the conditions and facilities for them.

**Shri Biswanath Das:** If that is the picture of the difficulties of our Embassies in some of the countries as has been stated by the Deputy Minister may I know why subsequently so many Embassies have been started without ensuring necessary finance?

**Dr. B. V. Keskar:** The opening of an Embassy is not always dependent on a question of finance. In certain places we have to open an Embassy or a Legation because we have to keep up our relations with different countries of the world. Whatever our difficulties there are circumstances in which we are forced to open a mission.

#### EMPLOYMENT OF CHILD LABOUR

†\*1523. **Shri V. C. Kesava Rao:** Will the Honourable Minister of Labour be pleased to state whether the investigations on the employment of child labour in India is complete and if so, what are the findings?

**The Honourable Shri Jagjivan Ram:** The honourable member is referred to my answer to his question No. 600, dated the 30th August, 1948. Reference was made to the Provincial Governments and Local Administrations to ascertain the incidence of child labour below the prescribed age limit in the various industries. From replies so far received, it is observed that children below the prescribed age are still being employed in the following industrial occupations:

(1) Carpet Weaving, (2) Soap industry, (3) Leather tanning industry, (4) Bidi Making, (5) Mica cutting and splitting, (6) Carpet Weaving, (7) Cloth printing, dyeing and weaving, (8) Manufacture of Matches, explosives and fire works, (9) Wool-cleaning, (10) Printing Press and book binding work, (11) Thread Ball industry, (12) Metal button industry, (13) Ceramic industry, (14) Rubber industry, (15) Mineral Oil industry, (16) Cement industry and (17) Silk industry.

Further information will be laid on the table of the House when all replies are received.

#### FINDINGS OF INDIAN MERCHANT MARINE OFFICERS COMMITTEE

†\*1524. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Commerce be pleased to state what are the findings of the Indian Merchant Marine Officers Committee?

(b) What steps have been taken to implement these recommendations?

**The Honourable Shri K. C. Neogy:** (a) and (b). I have already made available to the House copies of the five Interim Reports of the Merchant Navy Training Committee which they have submitted so far. I also place on the table of the House a statement summarising the recommendations made by the Committee in these reports and the action which Government have taken on them. The main recommendations of the Committee are as follows:

(1) Establishment of a post-sea Nautical and Engineering College to provide advanced technical instruction to candidates preparing for the Merchant Navy professional examinations. Government have already set up this College and it started functioning from the 1st October, 1948.

† Answer to this question laid on the table, the questioner being absent.

(2) Revision of the system of training on the *Dufferin* by the adoption of a new curriculum prescribing higher standard of training, raising the pre-admission qualification to Matriculation and age limits to 15 to 17 years and the reservation of the *Dufferin* only for the training of executive cadets, when the existing batch of engineer cadets, leave the ship. All these recommendations have been accepted and implemented.

(3) Adoption of a new system of training for marine engineers under which boys possessing the Intermediate Science qualification and between 16 and 19 years of age are to be placed in approved Marine Engineering Workshops for three years training and then trained for one year in a residential Marine Engineering College to be built in Calcutta. These recommendations have also been fully accepted and are in the process of implementation. The first batch of boys under the revised scheme will be placed in workshops in July 1949 for three years' training. Preliminary steps for the establishment of the College in Calcutta have also been taken in hand. The college will commence functioning in July 1952.

(4) Placing of some suitable young men between 16 and 18 years of age and possessing at least the Matriculation qualification on board ships without pre-sea training on the *Dufferin* with a view to meeting the immediate shortage. Government have accepted this but have as an improvement decided to give even these boys intensive pre-sea training for three months at the Nautical and Engineering College, Bombay. The first batch of thirty-one boys completes its training to-day and arrangements have been made to have them placed on board ships for further training. Selections are being made for the second batch, which will commence its training on the 18th April, 1949.

#### STATEMENT

##### *Recommendations of the Merchant Navy Training Committee and Action taken by Government.*

| Recommendations<br>1                                                                                                                                                                                          | Action taken<br>2                                                                                                                                                                                                                       |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>First Interim Report submitted on the 20th December 1947.</i>                                                                                                                                              |                                                                                                                                                                                                                                         |
| 1. Government should establish a post-sea Nautical and Engineering College, to impart advanced pre-examination technical instruction to candidates preparing for the Merchant Navy Professional Examinations. | Government have fully implemented this recommendation and have set up such a college with effect from the 1st October 1948.                                                                                                             |
| 2. A large number of boys should be apprenticed on foreign-going ships directly i.e., without pre-sea training on the <i>Dufferin</i> or in any other establishment.                                          | Ninety boys will be placed on ships for such training, but as a measure of improvement Government have decided to give even these boys intensive pre-sea training for three months at the Nautical and Engineering College.             |
| <i>Second Interim Report submitted on the 6th February 1948.</i>                                                                                                                                              |                                                                                                                                                                                                                                         |
| 1. Furnished details regarding the requirements of the engineering section of the Nautical and Engineering College and urged its establishment at an early date.                                              | As mentioned above, the college has already been established by Government.                                                                                                                                                             |
| 2. Recommended that about 300 boys should be placed directly on ships.                                                                                                                                        | Number 300 was found on examination to be on the high side having regard to the actual need of the merchant navy and also to the accommodation available on boardships for the apprentices. Hence it was decided to place only 90 boys. |

2. Recommended as a short term measure, the establishment of a pre-sea training establishment in addition to the *Dufferin* in one of the old R. I. N. training establishments.

*Third Interim Report submitted in April, 1948.*

Recommended the establishment of a Merchant Navy Training Board in India to co-ordinate the activities of the various training institutions and to review their work from time to time.

*Fourth Interim Report submitted on the 22nd June 1948.*

1. The *Dufferin* should in future train only executive Officers. Accepted by Government and implemented.
2. Academic qualifications for entry to the *Dufferin* should be raised to the Matriculation Examination. Accepted and implemented.
3. Age limits should be raised from 13 years 8 months—16 years to 15—17 years. Accepted and implemented.
4. The *Dufferin* should concentrate on vocational training and only such academic subjects should be taught as have a direct bearing on the Merchant Navy Profession. Accepted. A revised curriculum has accordingly been drawn up.
5. Period of training should be reduced from three years to two. Accepted and implemented.
6. Number of boys for training in the Executive branch should be raised from 25 to 80 after the existing engineering boys have gone out of the *Dufferin*. Accepted.
7. For engineering training boys between the ages of 16 and 19 years and possessing the Intermediate Science qualification should be accepted in future. Accepted.
8. 80 such boys should be trained in approved marine engineering workshops in Calcutta and Bombay for three years in the first instance. Accepted. The first batch of boys under this scheme will join the workshops in June this year.
9. While the boys are in workshops their practical training should follow a common curriculum and should be thoroughly supervised by qualified technical officers. They should also be given theoretical instruction in the evenings at appropriate institutions. Accepted. A common curriculum is being drawn up. For theoretical instruction in the evenings arrangements have been made with the Victoria Jubilee Institute in Bombay and Bengal Engineering College at Sibpore in Calcutta. After the Marine Engineering College has been established in Calcutta, it will impart theoretical instruction in the evenings and arrangements with the Sibpore College will come to an end.

*Fifth Interim Report submitted on the 18th August 1948.*

1. Gave full details about the requirements of a Marine Engineering College. Accepted in principle by Commerce and Finance Ministries.
2. Recommended the appointment of a Director of Marine Engineering training to improve and supervise arrangements for the practical training of boys in workshops and to undertake the work in connection with the establishment of the Marine Engineering College. Accepted. The Director of Marine Engineering Training College has already been appointed.

Every endeavour was made to obtain an establishment from the R. I. N. and in fact the matter was taken up even at the Ministerial level. It was however, found that the R. I. N. were themselves in urgent need of more establishments and they could not lend us any.

The Merchant Navy Training Committee is considering this matter further and their final recommendation is awaited. It is understood that the Committee will examine in this behalf Capt. Hamilton, the Captain Superintendent of the Nautical and Engineering College who was formerly a member of the United Kingdom Merchant Navy Training Board.

HOUSES BUILT FOR REFUGEES FROM PAKISTAN

\*1525. **Srijut Kuladhar Chaliha:** (a) Will the Honourable Minister of Relief and Rehabilitation be pleased to state the number of houses built in the Province of Delhi, East Punjab, Bengal and other parts of the Indian Union for displaced persons?

(b) Is the number of houses sufficient for those displaced persons from Pakistan and if not, what steps are Government going to take to accommodate them permanently?

**The Honourable Shri Mohan Lal Saksena:** (a) A statement is laid on the table of the House.

(b) It is hoped that the existing houses, the houses already constructed, those under construction and proposed to be constructed by Government and allottees of plots, together with the houses vacated by Muslim evacuees will meet the requirements of displaced persons from Pakistan.

STATEMENT

Showing number of Houses built or likely to be built for Displaced Persons.

| Provinces.        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |

| Bombay.           | It has been decided to build a township for displaced persons at the site of the existing Kalyan Camp. All preliminary details regarding acquisition of lands, preparation of master plan and layouts etc., have been taken in hand. The township will provide housing accommodation to about one lakh of displaced persons. Government has decided to develop colonies of refugees at the existing Chembur and Mulund Camps by reconditioning the barracks into family tenements and constructing new houses. These colonies will accommodate 20,000 displaced persons. It is proposed to build a refugee colony at Dapodi near Poona. The colony will provide accommodation to 6,000 to 7,000 refugees. It is proposed to convert the existing South Deolali and Jawahar Camps into a township for displaced persons with a view to accommodate about 80,000 displaced persons. A scheme to construct a model village at Wadaj near Ahmedabad to house 6,000 Harijan refugees is also under consideration. |

| Bikaner.          | No houses have been built so far.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| Matsya.           | 300 houses have been built. It is proposed to construct 850 houses at Bharatpur and 450 in Alwar.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| Vindhya Prad.     | Nil.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| esh Rewa.         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Baroda.           | Kutha blocks containing about 400 rooms with G. C. I. sheets and tiles roofing have been constructed in Hasri and near Outram lines camps in the Baroda city 100 rooms at Navsari and equal number at Billimoria and 50 rooms Sidhpur have also been constructed.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

Jodhpur. Nil.  
 Jaisalmer. Nil.  
 Bilaspur. Nil.  
 Kutch. Nil.  
 Udaipur. 120 houses have been built, 300 houses are under construction.  
 Himachal Pradesh, Simla. Nil.  
 Patiala and East Punjab States Union. Nil.

**Srijut Kuladhar Chaliha:** What is the number of houses built in West Bengal?

**The Honourable Shri Mohan Lal Saksena:** The number for West Bengal is nil.

**Shri Arun Chandra Guha:** Has any house been built in Bengal or Assam for East Bengal refugees?

**Mr. Speaker:** He has said it is nil.

**Shri Deshbandhu Gupta:** What is the number of houses that have been built and completed in Delhi Province?

**The Honourable Shri Mohan Lal Saksena:** It is 3,000.

**Shri Deshbandhu Gupta:** Do I understand from the Honourable Minister that all these houses have been completed, or are they under construction?

**The Honourable Shri Mohan Lal Saksena:** They have been completed and others are under construction.

**Srijut Kuladhar Chaliha:** May I ask why no house has been built in Bengal for rehabilitating the refugees who have come from East Bengal?

**The Honourable Shri Mohan Lal Saksena:** Because the schemes for building houses had not been received earlier now they have been received and approved and loans have been sanctioned to the extent of Rs. 5 crores.

**Sardar Bhopinder Singh Man:** Is it a fact that only those people got the houses which were constructed who could give the highest bid and had the ready cash money with them?

**The Honourable Shri Mohan Lal Saksena:** Where, in Delhi?

**Sardar Bhopinder Singh Man:** All over East Punjab.

**The Honourable Shri Mohan Lal Saksena:** In regard to East Punjab it is not the highest bid. It is the highest bid in regard to the first instalment. For instance, if the price was Rs. 10,000 whoever paid the first instalment was allotted the house.

**Sardar Bhopinder Singh Man:** Is it a fact that the first instalment was in almost every case Rs. 10,000?

**The Honourable Shri Mohan Lal Saksena:** I would require notice.

**Shri Arun Chandra Guha:** In view of the fact that the Honourable Minister, on a previous occasion, gave figures of East Bengal refugees who have gone to Assam, Bihar and other Provinces, has the Government any scheme to take up with those Governments the question of arranging housing for those refugees?

**The Honourable Shri Mohan Lal Saksena:** In fact in Bihar some houses have already been built and others are proposed to be built. In regard to Assam we have not yet received any schemes but I hope they will be coming shortly.

**Shri Ram Chandra Upadhyaya:** What is the reason for not building a single house in the Matsya Union?

**The Honourable Shri Mohan Lal Saksena:** Because many of the houses left by the evacuees were available for lodging the displaced persons.

**Srijut Kuladhar Chaliha:** What is the number of houses going to be built under the scheme in Bengal?

**The Honourable Shri Mohan Lal Saksena:** I could not give you the number.

**Shri Arun Chandra Guha:** Have the Government any scheme for Assam and the adjacent States of Tripura, Cooch-Bihar and Mayurbhanj?

**The Honourable Shri Mohan Lal Saksena:** I have already informed the House that so far as Assam is concerned, we have not received any schemes—I hope they will be coming shortly.

**Sardar Bhopinder Singh Man:** Has the Government any proposal with it to provide housing for those poor people who could not bid at the auction?

**The Honourable Shri Mohan Lal Saksena:** Yes, Sir.

**Shri G. S. Guha:** Has any scheme been received from the Tripura State regarding refugees who have gone from Eastern Pakistan to that State?

**The Honourable Shri Mohan Lal Saksena:** So far no scheme has been received.

#### APPEALS PENDING BEFORE PRIVY COUNCIL

**\*1526. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Law be pleased to state the total number of civil and criminal cases pending before the Privy Council as on 15th August, 1947?

(b) How many have been disposed of since that date and how many are still pending disposal?

(c) Have any new civil or criminal appeals been filed in the Privy Council after 15th August, 1947 and if so, how many?

**The Honourable Dr. B. R. Ambedkar:** (a) The total number of civil and criminal appeals pending before the Privy Council on the 15th August, 1947 was 155.

(b) Sixty-seven appeals have been disposed of since that date. The number of appeals awaiting disposal is 140.

(c) Yes; 52 appeals were filed before the Privy Council after the 15th August, 1947.

**Shri R. K. Sidhva:** May I know whether it is the intention of the Privy Council to send two Lords from London to India to dispose of all these cases?

**The Honourable Dr. B. R. Ambedkar:** I have no such communication of the intentions of the Privy Council.

**Shri R. K. Sidhva:** Is it a fact that the Registrar of the Privy Council has commissioned an Indian advocate, under instructions from the Lord Chancellor, to explore the possibility of disposing of these cases?

**The Honourable Dr. B. R. Ambedkar:** I have no such knowledge.

**Shri R. K. Sidhva:** Will the Honourable Minister make inquiries about this matter?

**The Honourable Dr. B. R. Ambedkar:** I think it is quite unnecessary to make an inquiry.

**Shri R. K. Sidhva:** Are there any Privy Councillors in India today?

**The Honourable Dr. B. R. Ambedkar:** I believe there are one or two.

**Shri R. K. Sidhva:** How many will form a Bench if the cases are to be disposed of?

**Mr. Speaker:** The honourable member is going into details.

**Shri M. Ananthasayanam Ayyangar:** May I know whether these 52 new appeals that were filed after 15th August 1947 were filed before or after an Act was passed here?

**The Honourable Dr. B. R. Ambedkar:** They must have been filed before the Act was passed.

**Shri M. Ananthasayanam Ayyangar:** Because they were filed only a short time before the Act was passed, are any attempts made to get them transferred to the Federal Court?

**The Honourable Dr. B. R. Ambedkar:** I do not think it is possible to get them transferred.

**Pandit Thakur Das Bhargava:** With reference to part (c) of the answer, may I know how many of them were criminal appeals?

**The Honourable Dr. B. R. Ambedkar:** I am afraid I have no information. If my honourable friend is particular about it he will have to give notice.

**Shrimati G. Durgabai:** May I know whether there is any classification made in regard to pending appeals? That is, appeals which are quite ready for disposal and those which are just admitted.

**The Honourable Dr. B. R. Ambedkar:** I am afraid I have no information.

**Shri M. Ananthasayanam Ayyangar:** May I know from the Honourable Minister how long, in the ordinary course, these appeals will take to be disposed of by the Privy Council?

**The Honourable Dr. B. R. Ambedkar:** It is quite impossible for me to say. It depends on each appeal. Some appeals may take a very short time, some, as my honourable friend knows, have taken years together.

**Pandit Mukut Bihari Lal Bhargava:** Is there any Civil Court in India at present from which appeal lies exclusively to the Privy Council?

**The Honourable Dr. B. R. Ambedkar:** I do not think there is any.

**Pandit Mukut Bihari Lal Bhargava:** Is not the Judicial Commissioner's Court Ajmer, one such?

**The Honourable Dr. B. R. Ambedkar:** Yes.

**Pandit Mukut Bihari Lal Bhargava:** Is the Government prepared to end this anomaly?

**The Honourable Dr. B. R. Ambedkar:** I think this anomaly will be ended very soon.

**Shrimati G. Durgabai:** May I know whether Government is taking any steps to invest the Federal Court with criminal jurisdiction also?

**The Honourable Dr. B. R. Ambedkar:** That is a matter which will be considered in another place.

**Shri Mahavir Tyagi:** May I know what time will the Government take to withdraw the vesting of final jurisdiction in the Privy Council of a foreign Country?

**The Honourable Dr. B. R. Ambedkar:** That depends upon the decisions in another place.

**Shri R. K. Sidhva:** May I know whether Mr. V. R. Bengali an Indian Solicitor practising in London, has been entrusted by the Privy Council to dispose of these cases?

**The Honourable Dr. B. R. Ambedkar:** I have no information on the point at all

#### INDIA'S REPRESENTATION ON INTERNATIONAL COURT

**\*1527. Shri R. K. Sidhva:** Will the Honourable Minister of Law be pleased to state whether there is any case on behalf of India pending before the International Court and whether any one represents India in that court?

**The Honourable Dr. B. R. Ambedkar:** No case on behalf of India is pending before the International Court of Justice. There is no Indian in the Court nor is India represented therein by any non-Indian. A Judge of the Court does not represent the country to which he belongs.

#### RESULT OF POSTAL AND RAILWAY EMPLOYEES STRIKE BALLOT

**\*1528. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Labour be pleased to state the result of the strike ballots taken by the Postal and Railway employees in January, 1949?

(b) What arrangements are made by the respective Unions to see that free and independent ballot is taken?

(c) Do Government take any steps to verify that ballot is held in secret and without any force or pressure?

(d) Have Government received any representation anonymous or otherwise from some union employees that during the recent ballot free voting was not permitted?

(e) If so, what action have Government taken in this connection?

**The Honourable Shri Jagjivan Ram:** (a) I lay on the table a statement giving such information about the strike ballots by the Postal and Railways employees as is available. Government cannot, of course, vouch for the accuracy of the figures in this statement.

(b) Government have no information.

(c) No. Government are not concerned with ballot arrangements.

(d) Two representations have been received—one from the E. I. Railway and the other from the O.T. Railway unions.

(e) No action has been taken since the Railway Administrations are not associated with any form of voting nor are they expected to provide facilities for free voting.

**Shri R. K. Sidhva:** The Honourable Minister stated in reply to (c) that Government are not interested. When Government are interested in the sense that these ballots are taken against Government industrial concerns, may I know whether they intend to verify if these votings were correct or not?

**The Honourable Shri Jagjivan Ram:** No, Sir.

**Shri R. K. Sidhva:** May I know the reasons?

**The Honourable Shri Jagjivan Ram:** No useful purpose is going to be served by that.

**Shri R. K. Sidhva:** But will Government be satisfied that these ballots were genuine?

**Mr. Speaker:** It is an argument.

**Shri R. K. Sidhva:** I want to know why, when the ballot is taken against the Government itself, Government do not propose to take any action to see whether the ballot was a free voting?

**The Honourable Shri Jagjivan Ram:** Sir, May I explain? Whether the result of the ballot is in favour of a strike or against a strike is the real point, and if the ballot is in favour of strike Government will be prepared to face the strike or meet the situation in any possible way. So, it is not necessary to bother about the ballot.

**Shri R. K. Sidhva:** Sir, it is not question of facing or not facing the result of the ballot. What I wanted to know is this, Sir, whether the Government will take at that stage any steps to see that there is free voting.

**Mr. Speaker:** At present, it is all problematical. Next question.

#### INDIAN TEA MARKET EXPANSION BOARD

**\*1529. Shri H. V. Kamath:** Will the Honourable Minister of Commerce be pleased to state:

(a) when Government propose to terminate the contracts of the European officers of the Indian Tea Market Expansion Board; and

(b) why the Secretariat of the board is attached to the Bengal Chamber of Commerce?

**The Honourable Shri K. C. Neogy:** (a) I would invite the attention of the honourable member to what I stated in this behalf during the debate on the Bill for the setting up of a Central Tea Board. The question is being examined in the light of those considerations.

(b) under the statute governing its constitution, the Indian Tea Market Expansion Board is free to make such arrangements for handling its secretarial work as it considers appropriate, and this arrangement presumably was considered by it to be most suitable.

#### TELEPHONIC CONNECTION BETWEEN DELHI AND KATMANDU

**\*1530. Shri Brajeshwar Prasad:** (a) Will the Honourable the Prime Minister be pleased to state whether there is any telephonic connection between Delhi and Katmandu?

(b) Is there any proposal to establish such communication?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): (a) There is no telephonic connection between Delhi and Kathmandu.

(b) No.

**Shri Brajeshwar Prasad:** Is there any proposal to have any telephonic connection between Delhi and Kathmandu?

**Dr. B. V. Keskar:** Not for the moment.

#### SOIL CONSERVATION EXPEDITION TO NEPAL

**\*1531. Shri Brajeshwar Prasad:** (a) Will the Honourable Minister of Works, Mines and Power be pleased to state whether any soil conservation expedition, organized by the Central Waterpower, Irrigation and Navigation Commission, Government of India, went to Nepal in the year 1948 to study the land utilization methods in the Kosi catchment area in connection with the proposed dam across the Kosi at Barahshetra?

(b) Who were the members of the above-mentioned expedition?

(c) How much cost had the Government of India to incur over this expedition?

(d) Has any report been submitted by it?

(e) Do Government propose to place a copy of the report on the table of the House?

**The Honourable Shri N. V. Gadgil:** (a) Yes.

(b) (i) Shri J. Banerji, I.F.S., Project Officer, Soil Conservation and Afforestation station.

(ii) Shri Gajai Singh, Surveyor.

(iii) Shri S. K. Choudhri, Meteorologist.

(iv) Shri M. L. Banerji, Botanist.

(v) Shri C. L. Puri, Medical Officer.

(vi) Shri K. C. Vora, Supervisor.

(c) Rs. 19,210.

(d) Yes.

(e) Since the report relates to a foreign State it cannot be made public without the consent of that State.

#### LEGISLATION TO STOP APPEALS TO PRIVY COUNCIL

**\*1532. Shri Brajeshwar Prasad:** (a) Will the Honourable Minister of Law be pleased to state whether the attention of Government has been drawn to the news dated Ottawa, January, 28, published in the *Statesman*, dated 30th January, 1949 that a Bill has been introduced, by Mr. Stuart Garson, Canadian Minister of Justice, in the Canadian Parliament to abolish preferring of appeals to the Privy Council in London?

(b) Is similar legislation also contemplated by the Government of India?

(c) If the answer to part (b) above be in the affirmative, when is such legislation likely to be brought before the Constituent Assembly (Legislative)?

**The Honourable Dr. B. R. Ambedkar:** (a) The Government have seen the report.

(b) and (c). The Government have no intention of bringing forward similar legislation before the Constituent Assembly (Legislative), but the honourable member is doubtless aware of the provision suggested in para. (3) of Article 308 of the Draft Constitution which will be considered in due course by this Assembly in its constitution-making capacity.

#### CLOSING OF PAKISTAN BURMA BORDER

**\*1533. Prof. N. G. Ranga:** Will the Honourable the Prime Minister be pleased to state:

(a) whether Government are aware that the Government of Pakistan have closed the Pakistan-Burma border and if so, the reasons therefor;

† Answer to this question laid on the table, the questioner being absent.

**STARRED QUESTIONS AND ANSWERS**

2010 CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [31<sup>TH</sup> MARCH 1949]

**Dr. P. S. Deshmukh:** What is the strength of this Military Mission in Germany? How many people are engaged in it?

**Dr. B. V. Keskar:** I am sorry, I have not got the exact figure before me. If the honourable member means by "strength" the number of persons employed in the office of the Mission, I would find out, if the honourable member is interested.

**Shri H. V. Kamath:** Till the break-up of the Four-Power Commandatura in Berlin, did the Indian Military Mission have cordial relations with all the four zones?

**Dr. B. V. Keskar:** Yes, Sir.

**Shri Raj Bahadur:** What is the expenditure incurred by this Indian Military Mission?

**Dr. B. V. Keskar:** I would require notice. I think it is given in the other statement which I have laid on the table of the House.

#### COMMISSIONER GENERAL FOR COMMERCIAL AND ECONOMIC AFFAIRS IN EUROPE

\*1536. **Shri H. V. Kamath:** Will the Honourable Minister of Commerce be pleased to state the emoluments, functions and powers of the Commissioner General for Commercial and Economic Affairs in Europe?

**The Honourable Shri K. C. Neogy:** The emoluments of the Commissioner General for Commercial and Economic affairs, which have been fixed on the basis of those admissible to a Class I Ambassador, are as follows:

(a) Pay. Rs. 3,500/- p.m.

(b) Free furnished accommodation.

(c) Free heating of residence in winter. He also receives a representation allowance of Rs. 3,500/- p.m.

2. His functions and powers are:

(a) Participation in trade negotiations on behalf of the Government of India.

(b) Direction, inspection and co-ordination of the work of Commercial Establishments of Indian Missions and preparation of annual and periodical reports on commercial, trade and economic activities.

(c) Organising Trade representatives' offices in territories where such offices have not yet been set up and training officers selected to man these posts.

(d) Scrutiny of annual reports submitted by Commercial Officers.

(e) Reparation work.

(f) Such other matters relating to trade, commerce and industry as might be entrusted to him by the Government of India.

3. Whereas, the Head of the Mission remains in administrative charge of all commercial Officers under him, the Commissioner General exercises general powers of direction and superintendence over such officers with respect to matters pertaining to commerce and trade. The Commissioner General's sphere of activities extends to the whole of Europe excluding the United Kingdom and Eire.

**Shri Mahavir Tyagi:** Are there any Commissioner Generals for Commercial and Economic Affairs in India?

**The Honourable Shri K. C. Neogy:** Not that I know of.

**Shri Mahavir Tyagi:** May I know how many such commissioners have we sent to foreign countries?

**Shri Mahavir Tyagi:** How many foreign Commissioners have we sent outside?

**The Honourable Shri K. C. Neogy:** There is only one.

**Shri B. Das:** Has any interim report been received from the Commissioner General, and will it be available to this House?

**The Honourable Shri K. C. Neogy:** Reports are now and again being received by the Ministry of Commerce, but I do not know whether they will be of such general interest as to deserve to be placed on the table of the House. I am prepared to allow my honourable friend an opportunity of looking into any reports, in which he may be interested.

**Shri K. Hanumanthaiya:** Is this a temporary office or a permanent one?

**The Honourable Shri K. C. Neogy:** It is an entirely temporary arrangement.

**Shri M. Tirumala Rao:** Does the Purchasing Mission stationed in London work under this gentleman or under the High Commissioner?

**The Honourable Shri K. C. Neogy:** No; it has nothing to do with the Commissioner General.

**Shri S. V. Krishnamoorthy Rao:** What is the number of officers whose work this officer co-ordinates in Europe?

**The Honourable Shri K. C. Neogy:** I am afraid I am not in a position to give the number straightaway. But, I can give my honourable friend the names of the countries where there is no trade representative on behalf of the Government of India, and the affairs of which countries will be directly looked after by this officer: Soviet Russia, Greece, Norway, Sweden, Denmark, Holland, Spain, Italy and Belgium. In other countries on the Continent we have our representatives.

**Shri R. K. Sidhya:** The Honourable Minister stated that the report will be available to Mr. B. Das if he so desires. May I know whether it would be available to him alone or to any honourable member who wants?

**The Honourable Shri K. C. Neogy:** To any member that is interested.

**Shri M. Tirumala Rao:** Which is the headquarters of this officer?

**The Honourable Shri K. C. Neogy:** At present, Paris.

**Pandit Mukut Bihari Lal Bhargava:** Is there any planned coordination or work between this Commissioner and the various delegations that are sent from India from time to time?

**The Honourable Shri K. C. Neogy:** Yes, with the delegations that go to those countries with which he is concerned.

#### PREVENTION OF DETERIORATION OF RIVER BED ON ACCOUNT OF THE IRRIGATION PLAN OF DAMODAR VALLEY PROJECT

\*1537. **Shri Basanta Kumar Das:** Will the Honourable Minister of Works, Mines and Power be pleased to state:

(a) whether the plan of work regarding the five main purposes of the Damodar Valley Projects has been finally decided upon or admits of modifications in course of progress of the work;

(b) whether the attention of Government has been drawn to the criticism that the plan of irrigation by utilising the river water would be a serious detriment to the natural scouring of the lower portion of the river and that recourse to other methods of irrigation such as tube-well irrigation would avert the above contingency and save a few crores of rupees by the avoidance of many constructions;

(b) whether Government have considered the need for closing the Indo-Burma border;

(c) whether Government are in constant touch with the border tribal peoples; and

(d) whether their relations with these peoples are quite satisfactory?

**Dr. B. V. Kesar** (Deputy Minister of External Affairs): (a) Yes, the frontier is said to have been closed in order to stop Communist infiltration into East Pakistan.

(b) No, because there have been no developments necessitating the consideration of this question.

(c) Yes.

(d) Yes.

#### CONSTRUCTION OF QUARTERS FOR GOVERNMENT SERVANTS

\*1534. **Shri H. V. Kamath**: (a) Will the Honourable Minister of Works, Mines and Power be pleased to state whether it is the policy of Government to construct clerks' quarters away from the Secretariat in such places as Timarpur, Factory and Lodi Roads?

(b) What is the difficulty in constructing new houses in the vacant space nearabout Rouse Avenue, Hardinge Avenue and Talkatora road?

(c) Are Government aware that poor-paid subordinates should be given quarters as near to the offices as possible considering their economic condition, and the conveyance problem in Delhi?

(d) What has happened to the proposal to construct multi-storied buildings in New Delhi for Government servants?

(e) When will the work be taken up and how long will it take to complete it?

**The Honourable Shri N. V. Gadgil**: (a) For want of suitable open land near the Secretariat, clerks' quarters have necessarily to be constructed in those places, where land is available.

(b) There are no vacant spaces in Rouse Avenue, Hardinge Avenue or Talkatora Road, which are either allotted for some purpose or occupied already by temporary hutments.

(c) Yes.

(d) and (e). Two storeyed flats for officers and two-storeyed quarters for clerks and peons are already under construction. The attention of the honourable member, is in this connection, invited to the statement placed on the table of the House in answer to part (b) of starred question No. 112 answered on the 3rd February 1949.

**Shri R. K. Sidhva**: May I know whether any transport facilities are given to these clerks while attending duty in view of the distance of the residence?

**The Honourable Shri N. V. Gadgil**: If the honourable member means some cycle allowance or merely provision of bus allowance.....

**Shri R. K. Sidhva**: I mean the provision of a bus allowance.

**The Honourable Shri N. V. Gadgil**: I would require notice for that question.

**Shri R. K. Sidhva**: Is there any cycle allowance or conveyance allowance given for these clerks who come to office?

**The Honourable Shri N. V. Gadgil**: As I said, Sir, I cannot answer this question off-hand, but generally speaking when the clerk or the employee

#### STARRED QUESTIONS AND ANSWERS

2009

has to live at a distance of more than 5 miles from the place where he has to work, some sort of allowance is granted.

**Mr. K. T. M. Ahmed Ibrahim**: Is it not a fact, Sir, that when subordinate officials are transferred to Delhi, they find it absolutely impossible to find any accommodation and it takes more than two years for the Government to provide them with any kind of accommodation?

**The Honourable Shri N. V. Gadgil**: Government is quite conscious of that.

**Shri R. K. Sidhva**: May I know whether Government have recently stopped the allowances of a wife because the husband is also employed in the Service? Is it correct, Sir?

**The Honourable Shri N. V. Gadgil**: I require notice for that question.

#### INDIAN MILITARY MISSION IN BERLIN

\*1535. **Shri H. V. Kamath**: Will the Honourable the Prime Minister be pleased to state for how long Government propose to continue the Indian Military Mission in Berlin?

**Dr. B. V. Kesar** (Deputy Minister of External Affairs): The Indian Military Mission will continue to look after Indian interests in Germany as long as Military occupation lasts during which period normal diplomatic relations are not possible.

**Shri H. V. Kamath**: Is it not a fact, Sir, that the Indian Military Mission in Berlin was originally appointed more or less as a liaison between the Allied Military Governments and the Indian Prisoners-of-War?

**Dr. B. V. Kesar**: Yes, Sir.

**Shri H. V. Kamath**: Are there any Indian Prisoners-of-War left in Berlin today, Sir?

**Dr. B. V. Kesar**: I do not think so.

**Shri H. V. Kamath**: Does this Indian Military Mission, Sir, have direct access to all the four zones of Germany?

**Dr. B. V. Kesar**: Our Military Mission is in contact with all the four zones, that means, the powers that control the four zones.

**Shri H. V. Kamath**: During the last few months, Sir, of the cold war between the East and the West over Berlin, did the Indian Military Mission have access to the Russian zone as well directly, and not through the British zone?

**Dr. B. V. Kesar**: I have no information in regard to that.

**Shri H. V. Kamath**: Could the information be supplied by the Honourable the Prime Minister?

**Mr. Speaker**: There is no information on the point he says.

**Shri Mahavir Tyagi**: What are our interests in Germany which the Mission is looking after?

**Dr. B. V. Kesar**: The interests are various. First of all, it is the duty of the Mission to safeguard the interests of Indian nationals and at the beginning the Mission's main work was to try to liberate the Indian Prisoners-of-war and other Indians who were held as prisoners during war-time and there are various commercial interests involved. India had a fairly good trade with Germany before the war.

**Shri H. V. Kamath**: What is the number of Indians among ..?

| Provincial Schemes—                    |           | Houses. | Rs.         |

## CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) DEBATES.

### (PART I—QUESTIONS AND ANSWERS)

Friday, 1st April, 1949.

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock, Mr. Speaker (The Honourable Mr. G. V. Mavalankar) in the Chair.

### STARRED QUESTIONS AND ANSWERS.

#### ORAL ANSWERS

#### OFFICIALS ON DEPUTATION TO STATES AND STATES UNIONS

\*1540. **Shri R. K. Sidhva:** Will the Honourable Minister of States be pleased to state the number of officials, Gazetted and non-Gazetted, supplied by the Government of India and Provincial Governments for services in various States, and States Unions ever since their integration?

**The Honourable Sardar Vallabhbhai Patel:** The information is being collected and will be laid on the table of the House when it is complete.

#### ALLOWANCES TO MAHARAJAS FROM STATES AFTER APPOINTMENT AS GOVERNORS

†\*1541. **Shri V. C. Kesava Rao:** Will the Honourable Minister of Home Affairs be pleased to state whether Indian Maharajas when they are appointed as Governors or given other posts are eligible to draw allowances from their States?

**The Honourable Sardar Vallabhbhai Patel:** Yes.

#### UPLIFT OF HARIJANS

†\*1542. **Shri V. C. Kesava Rao:** Will the Honourable Minister of Health be pleased to state what steps Government have taken to implement the non-official resolution of Shri V. I. Munuswamy Pillai on the subject of the amelioration of the condition of Scheduled Castes adopted by the House on the 2nd December, 1947?

**The Honourable Rajkumari Amrit Kaur:** A statement showing the details of measures taken by the Central and Provincial Governments was laid on the table of the House on the 8th April 1948 in reply to a short notice question by Seth Govind Das. A further statement showing the progress made since then is laid on the table of the House.

#### STATEMENT

*Summary of the various measures taken by the Central and Provincial Governments in connection with the uplift of Harijans*

| Name of Province or Centrally Adminis-tered area | Progress made since the last statement was laid on the table of the House                                                                                                                                                                                                     | Remarks, if any |
|--------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| 1                                                | 2                                                                                                                                                                                                                                                                             | 3               |
| 1. Delhi . . . . .                               | (i) <i>Housing.</i> —Provision has been made in the Andha Moghul Area Scheme and Serai Rohilla Schemes I and II for the housing of pig-keepers, potters and other poor classes. In fact, in all the schemes of the Delhi Improvement Trust provision is made for quarters for |                 |

† Answer to this question laid on the table, the questioner being absent.

1

2

3

poor classes including Harijans. As the land disposal rules of the Trust do not provide for allotment of land by communities, the desired object of ameliorating the conditions of backward classes is obtained by zoning for specific purposes. An area of 6.22 acres in Basti Rehgar in the Western Extension Scheme of the Delhi Improvement Trust has recently been transferred to the R. and R. Ministry for the construction of houses for Harijan displaced persons.

(ii) *Water Supply*.—No separate arrangements are made for Harijans. Water supply is, however, provided in the various improvement schemes and is available to all without restriction of community.

(iii) *Education*.—A scheme providing for free education to the Scheduled Caste students studying in the various Secondary Standards, is under the consideration of the Local Administration.

## 2. Ajmer-Merwara

*General Welfare*.—A Harijan Welfare Board has been formed in Ajmer-Merwara. The Board started working in August 1948 and has held a number of meetings. According to resolutions passed in the meetings of the Board copies of the U. P. Removal of Social Disabilities Act, 1947 as extended to Ajmer-Merwara were sent to the various officers of the Administration and they were asked to co-operate in bringing the offenders to book and ameliorating the lot of Harijans in general. The Board has put up the following proposals for the uplift of the Depressed Classes in Ajmer-Merwara:

- (1) Setting up of model colonies for Harijans.
- (2) Setting up of adult schools, reading rooms, grant of scholarships and free-ships.
- (3) Imparting of vocational training in leather works tailoring, weaving and spinning etc.
- (4) Giving subsidies to industrial co-operative societies formed by the Harijans.
- (5) Allotment of lands, grant of taccavi loans for seed, digging of wells, etc.

These proposals have been approved by the Chief Commissioner's Advisory Council and are under the consideration of the Local Administration.

## 3. Coorg

(i) *Housing and Water Supply*.—The Coorg Administration has granted house-sites to Harijans in 45 villages, and provided wells in 21 villages for the exclusive use of Harijans.

(ii) *General Welfare*.—A village Development Officer was appointed for the whole of Coorg with effect from the 1st September 1948 to enquire into the needs of Harijans and other depressed classes. Steps are being taken to give immediate effect to his recommendations wherever possible.

Two Bills viz., (1) for the removal of social disabilities and (2) to authorise entry into Hindu Temples have been passed by the Coorg Legislative Council and assented to by the Governor-General. These will be published as Acts shortly and will be brought into force.

1

2

3

(iii) *Education*.—All Harijan and other depressed class students have been exempted from the payment of school fees up to the S. S. L. C. examination. Sanction of the Government of India has also been obtained for spending a sum of Rs. one lakh annually towards the supply of free meals, books, dress, etc. to these students. About 1500 students are likely to benefit from this scheme during the year 1949-50.

(iii) 2. A committee consisting of four non-official members with the Assistant Commissioner of Coorg as the Chairman and the Village Development Officer as the Secretary, has been set up for formulation of a five year plan for ameliorating the conditions of the Scheduled Castes, in all directions with particular reference to the following aspects:—

- (i) Provision of house-sites
- (ii) Provision of drinking water wells, etc.
- (iii) Grant of land for cultivation.
- (iv) Education.
- (v) Formation of co-operative societies.
- (vi) Colonisation schemes and co-operative farming.

## 4. Central Government Educational facilities to Scheduled Castes.

The Government of India give grants to Provinces etc. for their Development Programmes regarding Scheduled Castes which envisage award of scholarships, construction of hostels, grants to libraries and free supply of books and slates to children. In 1944, the Government of India approved a grant of Rs. 3 lakhs a year for a period of five years with effect from 1944-45 for grant of scholarships to Scheduled Caste students for post Matric studies in Scientific and Technical subjects in India and abroad. A Board with Sir Maurice Gwyer as chairman was constituted to assist and advise the Government of India and administer the scholarship funds. The following statement shows the progress of the scheme during the last four years:—

| Year    | Number of fresh scholarships awarded | Number of scholarships renewed | Total number of scholarships | Total amount sanctioned |
|---------|--------------------------------------|--------------------------------|------------------------------|-------------------------|
|         |                                      |                                |                              | Rs.                     |
| 1944-45 | 114                                  | ..                             | 114                          | 47,697                  |
| 1945-46 | *216                                 | 76                             | 292                          | 2,11,962                |
| 1946-47 | 311                                  | 216                            | 527                          | 4,70,397                |
| 1947-48 | 412                                  | 243                            | 655                          | 5,39,307                |
| 1948-49 | 293                                  | 328                            | 621                          | 4,32,317                |

Includes expenditure on 22 Overseas scholars.

\* Excluding 22, 1945-46 Overseas S. C. Scholarship holders.

As this is the last year of the scheme, the question of its continuance is receiving urgent consideration of the Government and it is expected that the scope of the Scheme will be expanded and more funds will be made available.

*Emoluments of Sweepers*.—The Central Government have issued orders increasing the pay and allowances to all whole-time sweepers to the level of those admissible to other class IV servants.

| 5. Madras      | Information has been asked for from the Provincial Government and will be furnished in due course.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                           |
| 6. Bombay      | <i>Housing.</i> —The Bombay Government have sanctioned a scheme for the construction of buildings for backward classes through the agency of building societies. That Government have also formulated plans for slum clearance in the backward areas.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | A provision of Rs. 2,00,000 for 1949-50 has been made for slum clearance. |
| 7. West Bengal | <i>Housing.</i> —Certain sections of the Scheduled Castes have been declared to be aboriginal castes for purposes of the Bengal Tenancy Act so as to restrict any alienation of their lands by transfer, lease, sale, mortgage, etc. With a view to keeping them on land, there is a scheme of legal assistance including free legal advice to them in civil and criminal cases concerning their lands. In connection with the settlement of crown lands, the Scheduled Castes who are generally petty cultivators possessing uneconomic holdings, and landless agricultural labourers, are given preference under the existing rules in the Crown Estate Manual.<br><i>Water Supply.</i> —The following special measures have been taken for the Scheduled Castes in general and Santals in particulars, in certain areas of the Province :<br>(i) Rs. 15,400 and Rs. 25,000 have been allotted during the current year to the Dist. Magistrates, Bankura and Midnapore respectively, for the construction of cement concrete and masonry wells in non-tubewell areas.<br>(ii) Rs. 2,500 and Rs. 10,000 have been allotted for the present to District Magistrates, West Dinajpur and Malda, respectively, for the construction of ring or masonry wells.<br>(iii) Eleven tubewells at a total cost of Rs. 64,786 have been sunk in the Bariad area of Malda district, which is mostly inhabited by Santals.<br>(1) Stipends (including Overseas stipends).<br>(2) Maintenance Grants to Scheduled Caste Schools.<br>(3) Building grants to Scheduled Caste Schools and hostels.<br>(4) Grants for the purchase, preparation and improvement of playgrounds.<br>(5) Grants for the purchase of school furniture and teaching appliances.<br>(6) Grants to Scheduled Caste Schools for the purchase of library books.<br>(7) Prize grants.<br>(8) Maintenance of 4 Scheduled Caste hostels for College students in Calcutta.<br>(9) <i>Per capita</i> grant for Scheduled Castes Students residing in general hostels attached to various Colleges in Calcutta or Muffasil towards meeting the charges for seat and furniture rent.<br>(10) Capitation grant to hostels for Scheduled Caste students of schools and colleges in Muffasil.<br>(11) Examination fees and book grants for poor and meritorious students. |                                                                           |

| 1                    | 2                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 3 |

|                      | (12) Miscellaneous expenditure such as travelling allowance of member of the Scheduled Caste Education Advisory Committee and other unforeseen and occasional charges.<br><i>General Welfare.</i> —With a view to safeguard the legitimate interests of the aboriginal castes or tribes and to look after their welfare (i) the Member, Board of Revenue, West Bengal, has been authorised to give special attention to their cases, (ii) Special Officers have been appointed by Government in certain areas, (iii) a separate cadre of gazetted officers to be recruited from the aboriginal tribes has been created, and (iv) Aboriginal Welfare Boards are functioning in certain places.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |   |
| 8. United Provinces. | The total provision specifically made for the uplift of depressed classes in the United Provinces in the budget for 1948-49 amounts to Rs. 19,23,164. In addition, the Provincial Government spend about Rs. 2,00,000 on a leather scheme and Rs. 3,500 on the development of <i>chirsa</i> ; these schemes also benefit the Harijans.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |   |
| 9. East Punjab       | <i>Education.</i> —The East Punjab Government have drawn up a detailed scheme for providing educational facilities for Harijan students including grant of scholarships, fee concessions, and cost of books, etc.<br><i>General Welfare.</i> —The East Punjab Government have created a special fund known as the Harijan Welfare Fund with an initial deposit of Rs. 8 lakhs from the Provincial revenues. The fund is proposed to be raised to Rs. 23 lakhs in a period of 10 years by an annual grant of Rs. 1½ lakhs from the Provincial revenues.<br>One Provincial Harijan Welfare Officer and 12 Dist. Harijan Officers have been appointed to protect the interests of Harijans, for establishing liaison between the authorities and the residents, to assist the Government in the allotment of land and securing of taceavi and other loans, etc. Over 5,000 families of Harijans displaced from Pakistan have been allotted land for temporary cultivation.<br>One Provincial Panchayat Officer and three Assistant Panchayat Officers have been employed to promote and look after the interest of Harijans in villages. A Harijan Provincial Welfare Board has been established and steps are being taken to form District and Tehsil Harijan Welfare Associations. All schemes etc. designed to ameliorate the conditions of Harijans will, in future, be considered by these bodies. An Act known as the East Punjab (Removal of Religious and Social Disabilities) Act, 1948, has also been placed on the statute book of the Province. |   |

10. Bihar

**Education.**—A total number of 628 stipends ranging from Rs. 5 p.m. to Rs. 30 p.m. have been granted to Scheduled Caste students of various classes—primary, secondary, and university, including medical and engineering students. Books grant of Rs. 8,500 and University examination fees of Rs. 1,500 have also been granted to College and school students during 1948-49. A provision of Rs. 40,000 for school and hostel contingencies also exists during 1948-49.

The following provision has been made for 1949-50:

|                      |          |
|----------------------|----------|
| (a) Stipends         | 1,05,216 |
| (b) Books grant      | 8,500    |
| (c) Univ. Exam. fees | 2,000    |
| (d) Contin-gencies.  | 15,304   |

Total . . . 1,31,020

11. Central Provinces and Berar.

**Housing.**—The Provincial Government have issued instructions to the District authorities to compel municipal and other local bodies to undertake the work of providing houses for the sweepers and to draw up a five year scheme for the purpose.

**Water Supply.**—A scheme has been drawn up for sinking wells for improving rural water supply. Under this scheme the Provincial Government would contribute half the cost of a well in each village, the remaining half being found by local contribution. This scheme will benefit the Scheduled Castes, among others.

**Education.**—Backward classes, including Scheduled Castes, enjoy a number of concessions viz., monthly stipends for students of all classes—primary, middle, university including professional students, maintenance grants to Scheduled Castes institutions and hostels; grants for buildings and furniture for schools and hostels for Depressed Classes; Exemptions from the payments of fees and grants for the purchase of books, etc. Seats for Scheduled Caste Students are reserved in Schools and hostels.

The following provision has been made in 1949-50:

Grants-in-aid 44,410  
Scholarships 49,840

Total . . . 94,250

**General Welfare.**—The Provincial Scheduled Castes (Removal of Civil Disabilities) Act, 1947 (XXIV of 1947) aims at removing the disabilities imposed by social custom, usage or otherwise and confer the same rights on the members of the Scheduled Castes with regard to their access to, entry into, or enjoyment of, wells, shops, hotels tanks, ponds, bathing ghats and other public places, conveyances and institutions as are available to other classes and communities of Hindus.

2. Assam

**Education.**—Special provision has been made for education of the backward people including the Harijans. Annual grant of Rs. 5,972 to the Harijan Sevak Sangh has been increased to Rs. 9,972 since 1948-49 for the spread of education amongst the tea-garden labourers. Special attention is also being paid to the education of the Scheduled Castes by way of granting aids to schools, awarding scholarships and granting free and half free studentships.

| 1          | 2                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | 3 |

| 13. Orissa | <p><b>Housing.</b>—Steps are being taken to provide houses for the Scheduled Caste employees of the local bodies etc. The Government have sanctioned Rs. 8,00,000 to provide 800 quarters to accommodate 800 sweeper families employed under municipalities.</p> <p><b>Water supply.</b>—In connection with the problem of water supply in rural areas the Government are taking steps to provide wells which will be open to the Scheduled Castes. A provision of Rs. 5 lakhs exists in the budget of 1948-49 for the purpose.</p> <p><b>Education.</b>—Monthly stipends are given to Scheduled Caste students in schools and colleges and also annual grants for purchase of books, stationery, etc. Scheduled Caste students are exempt from payment of fees. Grants for payment of examination fees of University students have been given.</p> |   |

## COLONISATIONS OF ANDAMAN AND NICOBAR ISLANDS

\*1543. Shri V. C. Kesava Rao: Will the Honourable Minister of Home Affairs be pleased to state:

- the steps that have been taken to colonise Andaman and Nicobar Islands;
- the total number of people who can be settled in these islands; and
- whether any economic survey has been made and if so, what are its findings?

The Honourable Sardar Vallabhbhai Patel: (a) and (c). A party of experts was recently sent to the Islands to investigate the possibilities of colonising and developing them. Their reports have been received and are under examination. In the meanwhile a small number of refugees has been sent to the Islands to settle on lands that are already vacant in the settled area.

(b) It is not possible to make any estimate till the reports referred to above have been examined.

## LEPROSY RESEARCH INSTITUTE AT JORHAT, ASSAM

\*1544. Srijut Kuladhar Ohaliha: (a) Will the Honourable Minister of Health be pleased to state whether Government are aware that the Province of Assam has about the highest incidence of lepers, and if so, have Government considered the necessity of establishing a Leprosy Research Institute in Assam at Jorhat?

(b) Are Government aware that a colony for treating lepers was established by the American Baptists Missionaries at Jorhat and is still there?

(c) If so, do Government propose to take it over and start a Leprosy Research Institute there

The Honourable Rajkumari Amrit Kaur: (a) and (c). The incidence of leprosy in the province of Assam though fairly high is well below the highest in India. Government have appointed a Committee which will recommend *inter alia*, the location of a Central Leprosy Teaching and Research Institute. The Committee will, no doubt, fully consider the claims of Jorhat.

(b) Yes.

† Answer to this question laid on the table, the questioner being absent.

**Srijut Kuladhar Chaliha:** Is Assam the third in India in incidence of leprosy?

**The Honourable Rajkumari Amrit Kaur:** The incidence was surveyed in some of the most infected areas in the province and of a population of 45,916, 1,454 were detected out of which 363 were infectious and 1,104 non-infectious and the rate of incidence was 3.18. In other places it goes up to as high as five per cent. so I might say Assam would really come fourth in India.

**Shri H. V. Kamath:** Is there any medical college or colleges in India where there is a special course in leprosy?

**The Honourable Rajkumari Amrit Kaur:** No, Sir. But there is research in leprosy being done in many of the provinces in India now, and also of course in the Tropical School of Medicine in Calcutta.

**Shri H. V. Kamath:** Am I to understand that there is no course in leprosy, in any medical college in India?

**The Honourable Rajkumari Amrit Kaur:** There is no special course for leprosy, but of course students are taught about leprosy just as they are taught about many other diseases.

**Shri Upendranath Barman:** Has the Honourable Minister got the figures of incidence in West Bengal?

**The Honourable Rajkumari Amrit Kaur:** Yes. As far as West Bengal, Orissa and parts of Madras are concerned, the incidence varies. As I said, from two per cent. it goes up to five per cent. in some places.

**Srijut Kuladhar Chaliha:** Is there any scheme of skin clinics for treatment of leprosy?

**The Honourable Rajkumari Amrit Kaur:** Research is being done both in the Institute of Hygiene and in the Tropical School of Medicine.

#### APPOINTMENT OF CENTRAL SUBORDINATE SERVICES COMMISSION

† \*1545. **Lala Raj Kanwar:** Will the Honourable Minister of Home Affairs be pleased to state:

(a) what stage the question of appointment of the Central Subordinate Services Commission has reached; and

(b) what the composition of this commission is likely to be, and when its members are likely to be selected?

**The Honourable Sardar Vallabhbhai Patel:** (a) and (b). Before setting up Central Subordinate Services Commission an Officer on Special Duty was appointed to (i) collect the relevant data with regard to the nature and volume of work the Commission will have to handle and to (ii) suggest the most suitable organisation for the Commission. The preliminary work of collecting and analysing information from various Central Offices scattered through out India is nearly complete.

Final decisions as to the composition of the Commission and selection of Members will be taken after receipt of the report and recommendations of the Officer on Special Duty who hopes, shortly, to complete his task.

#### CANDIDATES INTERVIEWS AND SELECTED BY F. P. S. C.

† \*1546. **Lala Raj Kanwar:** Will the Honourable Minister of Home Affairs be pleased to state:

(a) the names of Members of the Federal Public Service Commission, with brief qualifications, date of appointment, and salary drawn by each member;

† Answer to this question laid on the table, the questioner being absent

#### STARRED QUESTIONS AND ANSWERS

(b) the number of candidates interviewed by the Federal Public Service Commission during each of the past three years;

(c) the total number of candidates selected by the Commission for various services after interview during the above period; and

(d) the number of cases in which the recommendations of the Commission were not carried out, during the above period?

**The Honourable Sardar Vallabhbhai Patel:** (a) to (d). Two statements containing the required information are laid on the table of the House.

#### STATEMENT I

Showing the names of the Members of the Federal Public Service Commission, their qualifications in brief, dates of appointments and salary drawn by each of them.

| Name                                 | Qualifications                                                                                                                                                                                                            | Date of Appointment                           | Salary   | Remarks                                                                     |
|--------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------|----------|-----------------------------------------------------------------------------|
|                                      |                                                                                                                                                                                                                           |                                               | Rs. p.m. |                                                                             |
| <b>Permanent Members—</b>            |                                                                                                                                                                                                                           |                                               |          |                                                                             |
| 1. Mr. R. N. Banerjee (Chairman)     | Serving member of the Indian Civil Service (M.A.)                                                                                                                                                                         | 14-1-49                                       | 4,000    |                                                                             |
| 2. Mr. Javad Hussain                 | Retired Provincial Civil Service (Madras) Held 'listed' post in the Superior Scale of I.C.S. Was Member of the Madras Public Service Commission before appointment on the Federal Public Service Commission (Bar-at-Law.) | 14-3-47                                       | 3,500    |                                                                             |
| 3. Mr. W. R. Puranik                 | Retired Judge of Nagpur High Court (B.A., L.L.B.)                                                                                                                                                                         | 1-4-47                                        | 3,500    |                                                                             |
| 4. Mr. K. Zachariah                  | Retired Indian Educational Service Officer (Director, Public Instruction, Bengal (M.A.))                                                                                                                                  | 1-4-47                                        | 3,500    | On deputation to the E.A. & C.R. Ministry for a year from 1st December 1948 |
| <b>Temporary Additional Members—</b> |                                                                                                                                                                                                                           |                                               |          |                                                                             |
| 1. Mr. S. G. Grubb                   | Retired P. C. S. (Madras) Held 'listed' post (B.A.)                                                                                                                                                                       | 9-12-46                                       | 3,500    |                                                                             |
| 2. Mr. Jiwan Lal Kapur               | Advocate, Punjab High Court (M.A., L.L.B.)                                                                                                                                                                                | 4-12-47                                       | 3,500    |                                                                             |
| 3. Mr. S. C. Tripathi                | Retired member of the Indian Educational service (Director, Public Instruction, Orissa) (B.A.)                                                                                                                            | 5-6-48                                        | 3,500    |                                                                             |
| 4. Mr. Balwant Singh Puri            | Secretary General of the Indian Red Cross Society.                                                                                                                                                                        | from 1-6-48 to 31-7-48 and again from 18-8-48 | 3,500    |                                                                             |

## STATEMENT II

Showing the numbers of candidates interviewed and selected by the Federal Public Service Commission during the years 1946 to 1948 and of cases in which the recommendations of the Commission were not carried out during this period.

| Year | Number of candidates interviewed | Number of candidates selected | Number of cases in which recommendations of the Commission were not carried out. |
|------|----------------------------------|-------------------------------|----------------------------------------------------------------------------------|
| 1946 | 4126                             | 757                           | Nil                                                                              |
| 1947 | 5092                             | 1998                          | 3                                                                                |
| 1948 | 5790                             | 1612                          | 5                                                                                |

Note.—Figures under column 3 include 103, 690 and 314 candidates placed in reserve during 1946-47 and 1948 respectively.

## NUMBER OF GOVERNMENT EMPLOYEES AND EXPENDITURE ON THEM

\*1547. Lala Raj Kanwar: Will the Honourable Minister of Home Affairs be pleased to state:

(a) the total number of (i) Gazetted and (ii) non-Gazetted Government servants at present serving under the Government of India; and

(b) the total annual expenditure incurred in meeting the salary and allowances of such Government servants?

The Honourable Sardar Vallabhbhai Patel: (a) and (b). The required information is not readily available and its collection will involve an expenditure of time and labour incommensurate with the results to be obtained.

## REPORT ON ADMINISTRATION OF DURGHA KHWAJA SAHEB, AJMER

\*1548. Shri R. K. Sidhva: (a) Will the Honourable Minister of Home Affairs be pleased to state whether Government have appointed a committee to enquire into a report on the administration of the Durgah Khwaja Sahab of Ajmer?

(b) If so, who are the members of the Committee and what are their terms of reference?

(c) What has necessitated Government to appoint such a committee?

The Honourable Sardar Vallabhbhai Patel: (a) to (c). I draw the attention of the honourable member to the Government of India Resolution on the subject a copy of which is placed on the table of the House.

GOVERNMENT OF INDIA  
MINISTRY OF HOME AFFAIRS  
RESOLUTION

New Delhi, the 14th January 1949

No. 5512/48-Public.—The Government of India have found that the administration of the Durgah Khawaja Sahib, Ajmer,—one of the holiest Muslim Shrine in India—and its temporal affairs have since a long time been seriously affected by factions and departure of majority of members of the Committee of Management after the partition of India have nearly brought about a deadlock. It has therefore been decided that the entire position should be reviewed so that the interests of the devotees of the Shrine as well as the property attached to it should be looked after in a manner befitting the position that the

† Answer to this question laid on the table, the questioner being absent.

## STARRED QUESTIONS AND ANSWERS

2029.

Durgah occupies. In pursuance of this object, the Government of India are pleased to appoint a Committee with the following terms of reference namely:—

- To enquire into an report on the administration of the Durgah Endowment by the Durgah Committee since its constitution under the Acts XXIII of 1936 and XII of 1938;
- To examine the spiritual and temporal relationships between the Durgah Committee, the Dewan or the Sajjadanashin and the Mutawali, and to recommend such measures concerning the terms of grant of the Jagirs and the distribution of perquisites of office as may appear necessary to ensure harmonious working; and
- To recommend such measures as appear necessary to secure, by efficient management of the Durgah Endowment, the conservation of the Shrine in the interest of the devotees as a whole.

2. The Constitution of the Committee is as under:—

## Chairman

Mr. Justice Ghulam Hasan, Judge of the Allahabad High Court.

## Members

Mr. Mohd. Yamin Khan of Meerut.

Nawab Mehmud Yar Jung of Begumpet, Hyderabad, Deccan.

Mr. Mustafa Kamil Kidwai, Additional Deputy Secretary, Judicial Department of the Government of the United Provinces, will act as Secretary to the Committee.

3. The Committee will be holding its preliminary meeting very shortly to decide (i) the details of procedure for the meetings, (ii) the places to be visited and (iii) the manner of recording evidence for the purpose of enquiry. The decisions arrived at will be announced in a Press Communique.

## LOAN FOR CONSTRUCTION OF NEW CAPITAL FOR EAST PUNJAB

\*1549. Shri R. K. Sidhva: (a) Will the Honourable Minister of Finance be pleased to state whether the Government of East Punjab have applied for a loan for constructing the new capital for East Punjab and if so, what is the amount applied for?

(b) Have Government considered the proposal and if so, with what result?

(c) Is it a fact that pending construction of the new Capital the East Punjab Government have planned to build the entire Secretariat and other buildings at a cost of nearly eighty lacs of rupees?

(d) If so, have the Government of India contributed any sum towards this cost?

The Honourable Dr. John Matthai: (a) and (b). No official request has so far been received from the Provincial Government, but the question of the construction of the new Capital has been discussed with them a number of times. The Provincial Government have been asked to go ahead with the preliminary measures and they have been told that the extent of Central assistance will be considered at the proper time.

(c) The Government of India have no information.

(d) Does not arise.

## POLICE ACTION IN HYDERABAD

\*1550. Shri R. K. Sidhva: (a) Will the Honourable Minister of States be pleased to state what is the total cost incurred by the Government of India in the Police Action in Hyderabad?

(b) Will the amount so incurred be recovered from the Hyderabad State Treasury?

(c) What is the total amount spent by Laik Ali Ministry in propaganda in India and foreign countries?

(d) How much amount was spent and set aside for representation to the United Nations Organisation to represent Hyderabad case by the Laik Ali Ministry?

**The Honourable Sardar Vallabhbhai Patel:** (a) An estimate of the expenditure incurred in connection with the Police Action is being compiled.

(b) The matter is under consideration.

(c) About O.S. Rs. 50 lakhs.

(d) About O.S. Rs. 3½ lakhs.

Of course, this does not in any way include the large amount kept by the Hyderabad agent in England, who kept it on his own account for some time and then transferred it to the Pakistan Government after spending half of it.

**Shri R. K. Sidhva:** May I know whether it is proposed to recover this amount from Laik Ali, if it was illegal?

**The Honourable Sardar Vallabhbhai Patel:** It is difficult to say that. I am not aware that he is worth so much.

**Shri Upendranath Barman:** Apart from these Rs. 3½ lakhs which the Honourable Minister mentioned in reply to (d), there was a large amount kept apart by the Agent General. May I know what was that amount?

**The Honourable Sardar Vallabhbhai Patel:** About £3 million of which half was spent by him and half was transferred to the Pakistan account.

**Shri Arun Chandra Guha:** Out of these Rs. 50 lakhs, how much was spent in U.K., how much in Pakistan and how much in U.S.A.?

**The Honourable Sardar Vallabhbhai Patel:** Details are not available.

**Shri H. V. Kamath:** Is it not a fact that this amount of Rs. 50 lakhs which was spent for propaganda in foreign countries by the Laik Ali Ministry was contrary to the terms of the Standstill Agreement which had transferred Foreign Affairs to the Union Government?

**The Honourable Sardar Vallabhbhai Patel:** The whole policy adopted by Laik Ali Ministry was contrary to the Standstill Agreement.

**Shri Mahavir Tyagi:** Have Government got any figures with regard to the money spent out of these Rs. 50 lakhs for propaganda in India?

**The Honourable Sardar Vallabhbhai Patel:** I have no information as to how much of this amount was spent in India, but I can get the information and supply it.

**Mr. K. T. M. Ahmed Ibrahim:** Is there any arrangement to reimburse provincial governments for the money spent by them in connection with the Hyderabad police action?

**The Honourable Sardar Vallabhbhai Patel:** That question is under consideration.

**Shri Deshbandhu Gupta:** May I know whether Government has got a list of agents through whom money was spent in India?

**The Honourable Sardar Vallabhbhai Patel:** No.

**Seth Govind Das:** Is there any investigation being made about those persons through whom this money was spent in India?

**The Honourable Sardar Vallabhbhai Patel:** It is very difficult to say, because one cannot say with certainty that the money actually reached the persons in whose name it was debited, because there were intermediaries and, it is not sure, whether they were honest persons. It is disclosed that in certain cases the money did not reach the persons for whom it was intended.

## PRINTING OF STAMPS

**\*1551. Dr. Mono Mohan Das:** (a) Will the Honourable Minister of Finance be pleased to state whether all our stamps are printed in this country and if not, what percentage of them is printed here and what percentage comes from foreign countries?

(b) What is our total expenditure for these foreign printed stamps?

(c) What steps have been taken by Government for printing all our stamps in this country?

**The Honourable Dr. John Matthai:** (a) to (c). I would refer the honourable member to the reply given on 22nd February 1949 to Starred Question No. 571 by Mr. Sidhva.

**Dr. Mono Mohan Das:** May I know what are the reasons for not putting on sale the archaeological series of stamps today?

**The Honourable Dr. John Matthai:** I must have notice of that. I cannot answer it straight away.

**Shri H. V. Kamath:** As regards the final selection from among the designs submitted to Government, was a decision taken by the Cabinet Ministers or the Finance Minister himself, or were some philatelic artists consulted in the matter?

**The Honourable Dr. John Matthai:** This is a matter that officially concerns my honourable colleague, the Minister of Communication.

**Mr. Speaker:** That question does not arise out of this.

**Shri H. V. Kamath:** I am concerned with the new designs for the stamps.

**Mr. Speaker:** This relates to the printing expenses.

**Shri Arun Chandra Guha:** Do any foreign Governments print their stamps in our Security Press in Nasik?

**The Honourable Dr. John Matthai:** No.

## LOANS TAKEN BY PROVINCES FROM GOVERNMENT OF INDIA

**\*1552. Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Finance be pleased to state the amounts due to the Government of India from the Provinces on account of loans taken?

(b) What is the interest charged and what are the terms of repayment?

**The Honourable Dr. John Matthai:** (a) and (b). A statement is laid on the table.

†Answer to this question laid on the table, the questioner being absent.

## LABORATORY TO TEST FOOD STUFFS FOR ARMY PERSONNEL

† \*1553. **Shri V. C. Kesava Rao:** Will the Honourable Minister of Defence be pleased to state whether a testing laboratory is maintained to test the food-stuffs received for the use of the Army personnel?

**The Honourable Shri N. V. Gadgil** (Minister of Works, Mines and Power): Yes. In fact there are five such laboratories.

## EXCHANGE OF STUDENTS WITH RUSSIA

\*1554. **Shri H. V. Kamath:** Will the Honourable Minister of Education be pleased to state:

(a) whether the attention of Government has been drawn to a report appearing in the *Hindu*, dated the 13th October, 1948 (on page 8, column 5 thereof) under the caption "Exchange of students with Russia";

(b) whether the report is correct; and

(c) if so, the reasons for the recommendation of the Home Ministry, as a consequence of which the scheme for exchange of students between India and Russia had to be abandoned?

آنریبل مولانا ابوالکلام آزاد : (a) کا جواب ہاں ہے -

(b) اور (c) - جو رپورٹ اخبار میں نکلی تھی وہ پوری طرح درست نہیں ہے - اصلی معاملہ جو پیش آیا تھا وہ یہ تھا کہ چند ہندوستانی و دیارتہیوں نے یہ معلوم کرنا چاہا تھا کہ اگر وہ تعلیم کے لئے ریشیا جانا چاہیں تو انہیں ضروری آسانیاں مل سکتی ہیں یا نہیں - گورنمنٹ نے اس بارے میں پوچھ گچھ کی تو معلوم ہوا کہ ضروری آسانیاں کے بارے میں ہندوستانی و دیارتہیوں کو بھروسہ نہیں دلایا جا سکتا - چنانچہ جن لوگوں نے ریشیا جانے کا ارادہ کیا تھا انکو ایسا ہی لکھا گیا -

**The Honourable Maulana Abul Kalam Azad:** (a) Yes.

(b) and (c). The report which appeared is not fully correct. What actually happened was that some Indian students wanted to know whether the necessary facilities would be available to them if they proceeded to Russia for further studies. Government made enquiries into the matter and it was learnt that for the present it could not be said definitely whether the required facilities would be available. The students concerned were informed accordingly.

श्री एच० वि० कामत : क्या और किसी मुल्क के साथ इस तरह की एक्स्चेंज स्कीम मंजूर हो गई है ?

**Shri H. V. Kamath:** Has any such 'Exchange Scheme' been agreed upon with any other country?

آنریبل مولانا ابوالکلام آزاد : ہاں بعض ملکوں کے ساتھ اس طرح کی کارروائی ہو رہی ہے - جہاں تعلیم کی آسانی ہے -

**The Honourable Maulana Abul Kalam Azad:** Yes, we are in touch with certain countries where educational facilities are available.

श्री एच० वि० कामत : कितने मुल्कों के साथ ऐसी स्कीम मंजूर हो चुकी है ?

**Shri H. V. Kamath:** With how many countries has this scheme been agreed upon?

آنریبل مولانا ابوالکلام آزاد : میں ابھی جواب نہیں دے سکتا اس کے لئے نوٹس

چاہئے -

† Answer to this question laid on the table, the questioner being absent.

**The Honourable Maulana Abul Kalam Azad:** I cannot reply this off hand. I would like to have notice for this.

**Shri M. Ananthasayanam Ayyangar:** Is it not a fact that even without any particular course of studies in any of these subjects, students who are sent there to study various subjects, leave those subjects and study only communistic principles even there?

آنریبل مولانا ابوالکلام آزاد : آنریبل ممبر اس بارے میں اپنی معلومات کے مطابق رائے قائم کر سکتے ہیں -

**The Honourable Maulana Abul Kalam Azad:** The honourable member can form an opinion in this connection according to the enquiries made by him.

श्री महावीर त्यागी : क्या मैं यह जान सकता हूँ कि विद्यार्थियों को जब गवर्नमेंट की तरफ से यह कहा गया कि वहाँ तालीम का पूरा भरोसा नहीं दिया जा सकता तो क्या क्या दिक्कतें हाथल हुई गवर्नमेंट के भरोसा देने में ?

**Shri Mahavir Tyagi:** May I know that when the students were informed by the Government that the requisite training facilities could not be made available there, what were the difficulties that stood in the Government's way?

آنریبل مولانا ابوالکلام آزاد : بہت بڑی دقت تو زبان کی ہے - روس کی جنگی بھی یونیورسٹیاں ہیں ان میں نہچے سے اوپر تک Medium of instruction روسی زبان ہے - ہمارے دیارتہی جو وہاں جا سکتے تھے انگریزی کو لیکر چا سکتے تھے - اس کے علاوہ دھن سہن کی وہاں بہت دقت ہے - اور بھی بہت سی دقتیں ہیں -

**The Honourable Maulana Abul Kalam Azad:** The main difficulty is in respect of language. The medium of instruction in vogue in all the Russian Universities is the Russian language from the lowest to the highest standard. Our students who could go there, knew English only. Apart from this, there is a great difficulty of living there; and there are many other difficulties.

सेठ गोविन्द दास : किन किन देशों के साथ इस समय विद्यार्थियों के एक्स्चेंज के सम्बन्ध में लिखा पढ़ी हो रही है ?

**Seth Govind Das:** May I know the names of the countries with whom the Government are in touch at present with regard to the exchange of students?

آنریبل مولانا ابوالکلام آزاد : رشین گورنمنٹ کے ساتھ اس کی کوئی لکھا پڑھی نہیں ہوئی ہے -

**The Honourable Maulana Abul Kalam Azad:** The Russian Government have not been addressed on this subject.

सेठ गोविन्द दास : मैं यह पूछता था कि किन देशों के साथ इस सम्बन्ध में लिखा पढ़ी हो रही है ।

**Seth Govind Das:** What I wanted to know is which of the countries have been addressed on this subject?

آنریبل مولانا ابوالکلام آزاد : جہاں تک مجھے معلوم ہے اس وقت کسی خاص ملک کے ساتھ اس طرح کی بات چیت نہیں ہو رہی ہے - ہمارا بورڈ بیٹنے کا اور اس معاملہ کا فیصلہ کر رہا ہے کہ کن کن سبجیکٹس کے لئے کن کن ملکوں میں ہمیں اپنے دیارتہی بھیجنے چاہئیں - تب ہی اس بات کا فیصلہ ہو سکیگا -

**The Honourable Maulana Abul Kalam Azad:** So far as I am aware of, no such talks are in progress with any particular country. Our Board will sit and

## STATEMENT

Amounts due to the Government of India from the Provinces on account of loans taken on 1st April 1948.

| Province                    | Nature of Loan                                                   | Amount of Loan | Interest                                               | Terms of Repayment                                                                                                                             |

Interest payable half-yearly. Date of repayment not yet settled.                                                               |
| Assam                       |                                                                  | Nil            |                                                        |                                                                                                                                                |

- (b) how much of the stolen property has been recovered up to date;  
 (c) the nature and number of prosecutions launched in connection with the thefts, together with their results; and  
 (d) the measures that have been taken, or are being taken to prevent the recurrence of such thefts?

**The Honourable Shri N. V. Gadgil** (Minister of Works, Mines and Power):

(a) There have been no thefts of arms or ammunition from Ordnance Factories. As regards Ordnance Depots, I lay a statement on the table of the House.

(b) None.

(c) All the losses have been reported to the civil police. Convictions have been secured in four cases while in a fifth case the accused died while under trial. Decisions in three cases tried by Court Martial are awaited. So far, one person has been discharged from service in connection with the thefts.

(d) Security arrangements (including patrol by armed guards and rigid enforcement of the security rules) at all factories and depots have been tightened and frequent checks are also carried out to ensure that stocks accounts are correctly maintained.

#### STATEMENT

##### Arms and Ammunition stolen from Depots

| Name of Depot             | Quantity of Arms      | Quantity of Ammunition                |
|---------------------------|-----------------------|---------------------------------------|
| Ordnance Depot, Kirkee    | 3 Pistols             | ...                                   |
| C. O. D. Jubbulpore       | ...                   | 500 rounds                            |
| Ammunition Depot, Amla    | ...                   | 36 Hand Grenades                      |
| C.O.D. Delhi              | 2 Pistols<br>3 Rifles | 5 rounds                              |
| C.O.D. Pulgaon            | ...                   | 2 Boxes explosives                    |
| Ordnance Depot, Jamalpur  | 1 Bayonet             | 1 Charger and 26 rounds of ammunition |
| Ammunition Depot, Gurgaon | ...                   | 100 rounds                            |

**Shri H. V. Kamath:** How many of these Ordnance Depots are in charge of non-Indians?

**The Honourable Shri N. V. Gadgil:** I require notice of that.

**Seth Govind Das:** Is it a fact that the largest number of arms have been stolen from the Central Ordnance Depot, Jubbulpore, and is Government still receiving complaints that those thefts are still going on there?

**The Honourable Shri N. V. Gadgil:** As already replied there have been fewer thefts now, and as regards thefts still going on in the Jubbulpore Ordnance Depot, I require notice.

**Shri Kishorimohan Tripathi:** Is it a fact that in the case of most of these thefts the culprits were non-Indians?

**The Honourable Shri N. V. Gadgil:** Some of them were undoubtedly non-Indians.

**Shri R. K. Sidhva:** Since the tightening up of the security measures, have there been any thefts?

**The Honourable Shri N. V. Gadgil:** They have considerably improved matters.

**श्री महावीर त्यागी :** जो हथियार चुराये गये वह किस किस के थे : बन्दूकों थीं, तोपें थीं, स्टेन गन थीं या बम थे ?

**Shri Mahavir Tyagi:** What was the description of the arms stolen; were those Guns, Sten Guns or bombs?

**The Honourable Shri N. V. Gadgil:** The thefts are of these articles: three pistols from Kirkee, two pistols and three rifles from Delhi and one bayonet from the Central Depot, Jubbulpore.

**Shri H. V. Kamath:** Do the figures received show whether the thefts have been confined to certain regions or are they uniformly distributed all over the country?

**The Honourable Shri N. V. Gadgil:** The names of the depots all over the country are Kirkee, Jubbulpore, Amla, Delhi, Phulgaon, Jamalpore and Gurgaon.

**Shri H. V. Kamath:** Where thefts have occurred?

**The Honourable Shri N. V. Gadgil:** Yes, Sir.

**Shri Mahavir Tyagi:** In the circumstances, may I know whether Government is taking all action to stop these thefts?

**The Honourable Shri N. V. Gadgil:** The action taken is given in part (d) of the question.

#### RECOMMENDATIONS OF ECONOMIC PROGRAMME COMMITTEE

† \*1557. **Shri S. Nagappa:** (a) Will the Honourable Minister of Finance be pleased to state what are the recommendations of the Economic Programme Committee of which the Prime Minister of India is the Chairman?

(b) How far have Government implemented these recommendations?

**The Honourable Dr. John Matthai:** The Honourable the Prime Minister will answer this question in due course.

#### PROSCRIBING OF HINDI BOOKS

\*1558. **Shri H. V. Kamath:** Will the Honourable Minister of Home Affairs be pleased to state:

(a) whether Government have proscribed two Hindi books published by the Vidya Mandir Limited, New Delhi, namely "Swadhin Bharat ki Pramukh Samasyaen" by Sahityaratna R. P. Gondal, and "Pathik" by Shri Guru Dutt; and

(b) if so, the reasons for the ban and forfeiture of the two books?

**The Honourable Sardar Vallabhbhai Patel:** (a) and (b). The honourable member's attention is invited to my reply to parts (c) and (d) of Shri Damodar Swarup Seth's Starred Question No. 823, asked on the 2nd March, 1949.

**Shri H. V. Kamath:** Is it a fact that these two books advocated violence, communalism or Communism?

**The Honourable Sardar Vallabhbhai Patel:** The honourable member knows the reason why the books have been banned.

**Shri H. V. Kamath:** I do not know.

**The Honourable Sardar Vallabhbhai Patel:** They were banned for that reason.

#### APPOINTMENTS MADE WITHOUT CONSULTING F. P. S. C.

† \*1559. **Shri Ajit Prasad Jain:** Will the Honourable Minister of Home Affairs be pleased to state:

(a) whether it is a fact that some departments of the Government of India have made some appointments without consulting the Federal Public Service Commission or contrary to their recommendations; and

(b) how many such appointments have been made, department-wise, for a period exceeding one year but not three years and for periods exceeding three years?

**The Honourable Sardar Vallabhbhai Patel:** (a) Yes.

† Answer to this question laid on the table, the questioner being absent.

decide this matter as regards the various subjects and the particular countries to which the students should be sent for receiving training therein. It is then only that this could be decided.

**Shri Brajeshwar Prasad:** Was the Russian Government approached through the Russian Ambassador in India to provide facilities for those applicants?

**آنریبل مولانا ابوالکلام آزاد:** اس بارے میں میں ابھی کچھ نہیں کہہ سکتا۔

**The Honourable Maulana Abul Kalam Azad:** I cannot answer this at the moment.

**سٹھ گوویند داس:** کیا سرکار اس بات پر بھی विचार कर रही है कि बाहर उन्ही विषयों के विद्यार्थियों को भेजना चाहिये जिन विषयों की तालीम हम हिन्दुस्तान में नहीं दे सकते।

**Seth Govind Das:** Are Government also considering this that the students should be sent abroad for training in those subjects only for which facilities are not available in India?

**آنریبل مولانا ابوالکلام آزاد:** تھیک ہے - یہی گورنمنٹ کی پالیسی ہے۔

**The Honourable Maulana Abul Kalam Azad:** Yes. This is the policy of the Government.

**श्री एच० वि० कामत:** रूस के साथ इस एक्स्चेंज के मुतालिक किसने पहला कदम उठाया। हिन्दुस्तान ने या रूस ने।

**Shri H. V. Kamath:** May I know who initiated this exchange of students with Russia, whether India or Russia?

**آنریبل مولانا ابوالکلام آزاد:** ایکسچینج کے متعلق جیسا ابھی میں نے آپ سے کہا سوال نہیں اٹھا تھا - جو چیز ہمارے سامنے آئی تھی وہ صرف یہ تھی کہ جو ویدیارتھی وہاں جانا چاہتے تھے ان کے لئے انکوائری کی جائے۔

**The Honourable Maulana Abul Kalam Azad:** Just as I have informed you, the question with regard to exchange had not arisen. The only thing that came up before us was that an enquiry should be made for the sake of those students who wanted to go there.

**مسٹر تجمل حسین:** آنریبل منسٹر نے ابھی یہ فرمایا ہے کہ وہاں پر بہت سی دقتیں ہیں - کیا یہ بھی وہاں پر دقت ہے کہ کھانا وہاں پر بہت مشکل سے ملتا ہے اور دودھ تو بالکل نہیں ملتا ہے اور آندے بھی نہیں ملتے ہیں - اور یہ دقت خصوصاً ہندوستانی لڑکوں کو پیش آرہی ہیں۔

**Mr. Tajamul Husain:** The Honourable Minister has just now stated that there are many difficulties there. Is it also not one of the difficulties existing there that food is scarcely available; milk is altogether out of question and even eggs are not available, and these difficulties are particularly experienced by the Indian students?

**श्री महावीर त्यागी:** कहीं ऐसा तो नहीं है कि रूस की हुकूमत ने अपने विद्यार्थी हमारे यहां भेजने पसन्द किये हों और हमने इन्कार किया हो या उनके रास्ते में दिक्कतें डाली हों।

**Shri Mahavir Tyagi:** Is it not so that the Russian Government would not have desired to send their students to this country; and we might have either refused or put difficulties in their way?

**آنریبل مولانا ابوالکلام آزاد:** نہیں اس طرح کی کوئی بات نہیں ہے۔

**The Honourable Maulana Abul Kalam Azad:** No; there is nothing like this.

**श्री महावीर त्यागी:** क्या इस वक्त रूस के विद्यार्थी यहाँ पढ़ रहे हैं।

**Shri Mahavir Tyagi:** Are any of the Russian students studying here at present?

**آنریبل مولانا ابوالکلام آزاد:** جہاں تک مجھے معلوم ہے کوئی نہیں۔

**The Honourable Maulana Abul Kalam Azad:** So far as I am aware of, there is none.

**श्री एच० वि० कामत:** क्या रूस की यूनिवर्सिटियों में अंगरेजी की पढ़ाई बिल्कुल नहीं होती

**Shri H. V. Kamath:** Is English not at all taught in the Russian Universities?

**آنریبل مولانا ابوالکلام آزاد:** جہاں تک مجھے معلوم ہے وہاں کسی بھی انسٹیٹیوٹ میں انگریزی ذریعہ تعلیم نہیں ہے۔

**The Honourable Maulana Abul Kalam Azad:** So far as I am aware of English is not the medium of instruction in any of the Institute there?

**Shri S. V. Krishnamoorthy Rao:** Are there any arrangements in any of the Indian Universities to teach Russian to those students who wish to go to Russia? If not such arrangements should be made.

**آنریبل مولانا ابوالکلام آزاد:** ہاں اس طرح کی کوشش کی گئی ہے کہ باہر کی زبانوں کی تعلیم ہو - جہاں تک روسی زبان کا تعلق ہے میں سمجھتا ہوں کہ دہلی یونیورسٹی اس کے لئے کوشش کر رہی ہے۔

**The Honourable Maulana Abul Kalam Azad:** Yes, efforts have been made to teach foreign languages. So far as the Russian language is concerned, I understand that the Delhi University is trying to arrange for it.

#### EXPANSION OF NAVY

**\*1555. Shri H. V. Kamath:** Will the Honourable Minister of Defence be pleased to state:

(a) whether any programme for the expansion and development of the Indian Navy is under Government's active consideration;

(b) if so, what its details are; and

(c) what decisions were taken at the Conference of Naval Officers held recently in Delhi?

**The Honourable Shri N. V. Gadgil (Minister of Works, Mines and Power):**

(a) Yes.

(b) It would not be in the public interest to disclose the details.

(c) The recent Naval Officers' Conference in New Delhi was a periodical meeting of a routine nature and the decisions taken were of a purely administrative character.

**Srijut Kuladhar Chaliha:** May I know if it is in the public interest to be informed of naval affairs and whether it is not in the public interest to be taken into confidence?

**Mr. Speaker:** Order, order.

#### ARMS AND AMMUNITION STOLEN FROM ORDNANCE FACTORIES AND DEPOTS

**\*1556. Shri H. V. Kamath:** Will the Honourable Minister of Defence be pleased to state:

(a) the quantity of arms and ammunition stolen from each of the Ordnance Factories and Depots since 15th August, 1947;

(e) whether it is a fact that Mr. Zils offered to dub them in their translations free of charge;

(f) if so, why the offer was not accepted; and

(g) what is holding up the work of translation and exhibition of these documentaries?

**The Honourable Shri R. R. Diwakar:** (a) The Government of India have undertaken, at the request of the United Nations Information Centre, New Delhi, to distribute Indian Language versions of three documentary films entitled "Mother", "Child" and "Community" for exhibition in India as and when required.

(b) Steps are being taken to dub the documentaries in Hindustani.

(c) They were considered quite useful for the purpose for which they were intended.

(d) No.

(e) No.

(f) Does not arise.

(g) The work has been held up pending recruitment of staff for the Films Division's section which will handle Indian language versions of films.

**Shri Kishorimohan Tripathi:** In what Indian language is it proposed to dub the films?

**The Honourable Shri R. R. Diwakar:** In Hindustani first.

**Shri S. V. Krishnamoorthy Rao:** Are Government aware of the adverse criticism in this regard and while dubbing the films do Government propose to take note of them?

**The Honourable Shri R. R. Diwakar:** I am aware that there has been some adverse criticism and while dubbing the Government will look into the matter.

#### PUBLICATION OF PAMPHLET, GUIDE OR BOOK ON BODH GAYA.

\*1563. **Mr. Tajamul Husain:** (a) Will the Honourable Minister of Education be pleased to state whether any pamphlet, guide or book has been published by the Archaeological Department on Bodh Gaya?

(b) If the answer to part (a) above be in the negative do Government propose to publish a pamphlet, guide or book on Bodh Gaya?

**آنریبل مولانا ابوالکلام آزاد:** (a) کا جواب نہیں ہے۔ لیکن پیچھے انڈیا آفس لندن نے General Alexander Cunningham کی جو کتاب مہا بودھی شایع کی تھی اس میں گیا کے مندر کے بارے میں بہت کچھ لکھا گیا ہے۔

(b) گورنمنٹ آف انڈیا کا آرکیالاجیکل ڈیپارٹمنٹ صرف ان بھی تواریخی یادگاروں کے لئے گائیڈ بک کی قسم کی تقریج تیار کرتا ہے جو اس کی حفاظت میں ہیں۔ بودھ گیا مندر اس کی حفاظت میں نہیں ہے۔

**The Honourable Maulana Abul Kalam Azad:** (a) No, Sir. But under the auspices of the late India Office, London, General Alexander Cunningham, the first Archaeological Surveyor of India, published his Mahabodhi containing an exhaustive research on the Maha Bodhi temple at Bodh Gaya.

(b) The Bodh Gaya temple is not a protected monument, and the Archaeological Department of the Government of India does not publish Guides on monuments which are not under its control.

**مسٹر تجمل حسین:** میں آنریبل منسٹر سے یہ جاننا چاہتا ہوں کہ اگر بودھ گیا مندر کا تعلق گورنمنٹ آف انڈیا کے آرکیالاجیکل ڈیپارٹمنٹ سے نہیں ہے تو پھر کس سے ہے۔ اور کیا اس کے متعلق گائیڈ یا کوئی کتاب لکھنے کا خیال حکومت کو ہے یا نہیں۔ جس طرح سے کہ نالندہ یونیورسٹی کے متعلق گائیڈ موجود ہے؟

**Mr. Tajamul Husain:** May I know from the Honourable Minister that in case the Bodh Gaya temple is not under the control of the Archaeological Department of the Government of India; then under whom is it? And whether or not the Government contemplate to publish any guide or book in connection therewith, just like the one on the Nalanda University?

**آنریبل مولانا ابوالکلام آزاد:** ان چیزوں کی حیثیت دوسری ہے۔ اور یہ براہ راست آرکیالاجیکل ڈیپارٹمنٹ کی حفاظت میں ہیں۔ جیسا کہ میں نے آنریبل ممبر کی توجہ اپنی دلائی۔ گیا کا مندر گورنمنٹ کی حفاظت میں نہیں ہے۔ جو اس کا پرائیویٹ ٹرسٹ ہے وہ اس کی حفاظت میں ہے۔

**The Honourable Maulana Abul Kalam Azad:** These things have altogether a separate entity, and are directly under the control of the Archaeological Department. Just as I have already informed the honourable member, the Bodh Gaya temple is not under the control of the Government. It is protected by its Private Trust.

#### EXCAVATION OF VIKRAMSHILA, BHAGALPUR DISTRICT, BIHAR

\*1564. **Mr. Tajamul Husain:** (a) Will the Honourable Minister of Education be pleased to state whether Government propose to excavate the great University of Buddhist times, Vikramshila, in Bhagalpur District of Bihar?

(b) If so, when and if not, why not?

**آنریبل مولانا ابوالکلام آزاد:** (a) کا جواب ہاں میں ہے۔

(b) آرکیالاجیکل ڈیپارٹمنٹ کی وہ برانچ جو کھدائی کے لئے ہے اتنے فزڈ اور تکنیکل سٹاف نہیں رکھتی کہ اس طرح کے کاموں کو تیزی سے شروع کر سکے۔ ایک سکیم اس بارے میں تیار کی گئی ہے اور گورنمنٹ اس بارے میں غور کر رہی ہے۔ جب کافی فنڈز کا انتظام ہوگا تو گورنمنٹ اس طرح کے کاموں کو فوراً ہاتھ میں لے گی اور دیکھیں گی کہ کونسی جگہوں میں پہلے کام کرنا ضروری ہے۔ اگر دیکھتے ہیں کہ بعد معلوم ہو کہ بھاگلپور ضلع میں جو وکرم شلا کی جگہ ہے اس کی کھدائی دوسری جگہوں کی کھدائی کے کام سے پہلے کرنی چاہئے تو گورنمنٹ ضرور اس پر فیصلہ دیگی۔

**The Honourable Maulana Abul Kalam Azad:** (a) Yes.

(b) The Excavations Branch of the Department of Archaeology, as constituted at present, has very limited technical staff and funds at its disposal. A scheme for strengthening its staff is under the active consideration of Government. If it is sanctioned and sufficient funds are available, exploration is proposed to be undertaken to determine the comparative importance of known sites. If exploration shows that the site of Vikramshila is of greater importance than others, priority will be given to it for excavation in the programme of the fieldwork.

(b) The period for which the information is required has not been stated by the honourable member. Information for the period since the 15th August 1947 is, however, being collected and will be laid on the table of the House in due course.

#### EDITORIAL STAFF IN PUBLICATIONS DIVISION, MINISTRY OF INFORMATION AND BROADCASTING

\*1560. **Shri K. Hanumanthaiya:** (a) Will the Honourable Minister of Information and Broadcasting be pleased to state how many people are working on the editorial side of the journals issued by the Publications Division?

(b) How many of these persons had any previous (i) journalistic and (ii) editorial experience?

**The Honourable Shri R. R. Diwakar:** (a) Sixteen.

(b) (i) twelve; (ii) eleven.

**Shri K. Hanumanthaiya:** What is the reason for choosing for appointment a large number of persons who have had no editorial or journalistic experience?

**The Honourable Shri R. R. Diwakar:** There are only three, as the honourable member can see. They had very high academic qualifications. They were taken as assistant editors and they were later trained.

**Seth Govind Das:** Were these posts advertised or these appointments were made through personal negotiation?

**The Honourable Shri R. R. Diwakar:** Except one which is under consideration all of them have been filled through the Federal Public Service Commission.

**Shri Mahavir Tyagi:** How many of them were Hindustani-knowing?

**The Honourable Shri R. R. Diwakar:** Those who are working on Hindi or Hindustani journals know Hindi or Hindustani.

**Shri Mahavir Tyagi:** How many of them are such?

**The Honourable Shri R. R. Diwakar:** I would like to have notice of that.

**Shri K. Hanumanthaiya:** How many of them are Kannada-knowing?

**The Honourable Shri R. R. Diwakar:** Since there are no Kannada journals there are no Kannada editors.

#### ABOLITION OF RICKSHAW-PULLING

\*1561. **Shri Kishorimohan Tripathi:** (a) Will the Honourable Minister of Health be pleased to state what steps Government are proposing to take to abolish rickshaw-pulling by law or otherwise?

(b) What is the medical opinion on rickshaw-pullers and rickshaw-pulling as a profession?

**The Honourable Rajkumari Amrit Kaur:** (a) and (b). Rickshaw-pulling no doubt involves hard physical exertion especially on the hills. Medical opinion has held that rickshaw-pulling like any other hard form of manual labour is not injurious in itself to health provided the puller is of good physique, does not suffer from any disease of the heart or lungs and works under conditions which are favourable for the maintenance of health. In practice, however, these conditions are hardly fulfilled. Inasmuch, therefore, as Government is not in favour of continuing this form of human labour, the attention of Provincial Governments is being drawn to the desirability of substituting other forms of transport for rickshaws as quickly as possible.

**Shri Kishorimohan Tripathi:** Is it a fact that most of the rickshaw-pullers generally suffer from either tuberculosis or paralysis?

**The Honourable Rajkumari Amrit Kaur:** I have no figures either to refute

or concur with the statement. As far as cases in Delhi are concerned we have not got statistics to prove that they contract tuberculosis.

**Dr. P. S. Deshmukh:** Before stopping rickshaw-pulling have Government thought of any substitute employment for these people?

**The Honourable Rajkumari Amrit Kaur:** Naturally that is a matter which we are taking up with all the provincial governments.

**Shri M. Tirumala Rao:** What is the alternative form of transport which Government are contemplating with regard to transport on the hills to substitute rickshaw-pulling. Just now the Honourable Minister was saying that they were considering alternative forms of transport. What form of transport they are thinking of to substitute rickshaws at hill stations?

**Mr. Speaker:** The Honourable Minister had in mind the centrally administered areas.

**Shri Ram Chandra Upadhyaya:** Is Government aware that there are about 300 rickshaws in Delhi? Do Government intend to abolish it here in Delhi?

**The Honourable Rajkumari Amrit Kaur:** I am aware that there are a number of rickshaws in Delhi?

**Shrimati Ammu Swaminadhan:** Are the cycle rickshaws that one sees in Delhi easier to manipulate than hand-drawn rickshaws? Has the Government considered that question?

**Mr. Speaker:** That is a suggestion for action.

**Shrimati Ammu Swaminadhan:** I am only asking whether the cycle rickshaws are less harmful to the health of the people than hand-pulled rickshaws. It is not a suggestion for action.

**Mr. Tajamul Husain:** The Honourable Minister told us that the attention of the provincial governments has been drawn in this connection. If the provincial Governments take no action at all, will the central Government do anything in the matter?

**Mr. Speaker:** I am afraid the question is hypothetical.

**Shri H. V. Kamath:** As a step towards the furtherance of the policy of Government about which the provincial governments have been apprised already, does the Honourable Minister propose to ban rickshaw-pulling in the centrally administered areas?

**The Honourable Rajkumari Amrit Kaur:** I have already said that the matter is under consideration.

#### TRANSLATION AND EXHIBITION OF DOCUMENTARY FILMS

\*1562. **Shri Kishorimohan Tripathi:** Will the Honourable Minister of Information and Broadcasting be pleased to state.

(a) whether the documentary films "Mother", "Child" and "Community", were taken over from the United Nations Film Board by the Government of India for exhibition in India in their vernacular dubbings;

(b) whether the documentaries in question have been dubbed in their vernacular versions or not;

(c) whether it is a fact that the documentaries were appreciated a great deal by the United Nations authorities dealing with them and by the Honourable Minister of Health;

(d) whether it is a fact that the producer of these documentaries, Mr. Paul Zils, has given a master copy for translations free of charge;

مستتر تجمل حسین: یہ جو بھاگلپور میں بدھست یونیورسٹی ہے اس کی حالت جو ہے وہ بہت ہی خراب ہو رہی ہے لوگ وہاں سے اینٹ اور پتھر لے جا کر گھر بناتے ہیں۔ کیا اس بات کو مدنظر رکھتے ہوئے حکومت یہ ضروری نہیں سمجھتی ہے کہ اس معاملہ کو ہاتھ میں لے؟

**Mr. Tajamul Husain:** In view of the fact that the condition of this Buddhist University in Bhagalpur is fast deteriorating, as the people are removing its bricks and stones for the purpose of constructing their own houses; does not the Government consider it necessary to take up this matter?

آنریبل مولانا ابوالکلام آزاد: گورنمنٹ اس کے متعلق ایکشن لے چکی ہے۔

**The Honourable Maulana Abul Kalam Azad:** Government have already taken action in this matter.

**Shri M. Tirumala Rao:** May I know if Government is making full use of the knowledge of one Swami Pranavananda who has made a special study of this Vikramshila University?

آنریبل مولانا ابوالکلام آزاد: نہیں میں ابھی اس بارے میں کچھ نہیں کہہ سکتا۔

**The Honourable Maulana Abul Kalam Azad:** No. I cannot say anything in this respect at the moment.

**Shri K. Hanumanthaiya:** What is the amount required for this excavation?

آنریبل مولانا ابوالکلام آزاد: یہ تو اس وقت کہنا مشکل ہے۔ لیکن اس طرح کے کاموں کے لئے کافی فنڈز چاہئیں جو کہ آرکیالاجیکل ڈیپارٹمنٹ کے قبضے میں نہیں ہیں۔

**The Honourable Maulana Abul Kalam Azad:** It is difficult to specify this at the moment. But a large amount of funds is required for such purposes which has not been placed at the disposal of the Archaeological Department?

**Shri K. Hanumanthaiya:** I did not follow the answer.

**Mr. Speaker:** It requires a large amount of funds and the Archaeological Department has not got the funds at its disposal. I believe this matter was discussed in the Education grant and he mentioned the sum of Rs. 50,000.

**Shri B. P. Jhunjhunwala:** Has Government taken any action to find out whether any prior action is required before the excavation of Vikramshila at Bhagalpur?

آنریبل مولانا ابوالکلام آزاد: ہاں جیسا کہ میں نے ابھی کہا ہے اس کے متعلق آرکیالاجیکل ڈیپارٹمنٹ کے جو سرکلز بہار اور بنگلہ میں ہیں وہ بھی ضروری کارروائی کر رہے ہیں سنٹرل ڈیپارٹمنٹ کے سامنے بھی یہ چیز ہے اور جو جگہ بھاگلپور میں سمجھی گئی ہے اور خیال کیا جا رہا ہے کہ اصلی سائٹ یہی ہے اسکی حفاظت کی بھی کارروائی کی گئی ہے۔ باقی ابھی یہ معاملہ اس سٹیج میں نہیں ہے کہ اس کے بارے میں کام چاندنی شروع کیا جائے۔

**The Honourable Maulana Abul Kalam Azad:** Yes; just as I have stated now, the Archaeological Department's circles in Bihar and Patna are taking necessary action in the matter. This is also under the consideration of the Central

Government; and action has been taken to protect the site which has been explored in Bhagalpur and is considered to be the original one. Further, this matter has not as yet reached that stage when work in respect thereof may be undertaken without any delay.

श्री एच० वि० कामत : क्या राष्ट्रीय उन्नति और मूल्य चैन के दृष्टिकोण में इस खुदाई के काम के लिये इतना पैसा खर्च करना निहायत जरूरी है।

**Shri H. V. Kamath:** Is it very necessary to find such a large amount for this excavation from the point of view of national development and prosperity?

مستتر تجمل حسین: شہنشاہ اشوک کا جو پرانا کیپٹل جو پاتلیپتر کے اندر ہے کیا حکومت یہ خیال رکھتی ہے کہ اشوک کے اس کیپٹل کو جو پاتلیپتر میں ہے ایکسکویٹ کرے؟

**Mr. Tajamul Husain:** Do Government contemplate to excavate the old capital of the King Asoka which is in Patliputra?

آنریبل مولانا ابوالکلام آزاد: حکومت اس طرح کے بہت سے خیال رکھتی ہے مگر سب سے پہلا سوال فنڈز کا ہے۔

**The Honourable Maulana Abul Kalam Azad:** Government keep many such things in view, but the primary question is the availability of funds.

#### RECRUITMENT OF BRITISH PERSONNEL TO ARMED FORCES ACADEMY AND INDIAN MILITARY ACADEMY

\*1565. **Shri Ari Bahadur Gurung:** (a) Will the Honourable Minister of Defence be pleased to state the reasons for the recruitment of British personnel again to the Staff of the Armed Forces Academy and the Indian Military Academy?

(b) What are the terms and conditions under which their services have been procured?

(c) Is it proposed to appoint Indian Instructors as their "understudies", and if not why not?

**The Honourable Shri N. V. Gadgil** (Minister of Works, Mines and Power): (a) and (c). British personnel have been employed only where suitable Indian personnel do not exist. The policy is to train Indian personnel to take the place of British personnel as soon as possible.

(b) I would invite the honourable member's attention to my reply to part (c) of Starred Question No. 268 asked by Seth Govind Das on the 25th November 1947.

**Shri Ari Bahadur Gurung:** How long do the Government propose to retain them?

**The Honourable Shri N. V. Gadgil:** Till the Indian Personnel is trained.

#### MAINTENANCE OF GORKHA REGIMENTS

\*1566. **Shri Ari Bahadur Gurung:** Will the Honourable Minister of Defence be pleased to state the cost incurred per annum for the maintenance of the Gorkha Regiments in India?

**The Honourable Shri N. V. Gadgil** (Minister of Works, Mines and Power): I regret it would not be in public interest to disclose this information.

2046

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [1ST APRIL 1949]

RECRUITMENTS OF GORKHAS IN ARMY

\*1567. **Shri Ari Bahadur Gurung:** Will the Honourable Minister of Defence be pleased to state whether it is a fact that since the last six months the number of Gorkhas recruited by our Indian Recruiting Depot at Kunarghat has been diminishing considerably?

**The Honourable Shri N. V. Gadgil** (Minister of Works, Mines and Power): No.

**Shri H. V. Kamath:** Is it a fact that Gurkhas are recruited by British officers on Indian soil for the British Army.

**The Honourable Shri N. V. Gadgil:** I require notice of that.

**Shri Ari Bahadur Gurung:** May I know whether it is a fact that a large number of Gurkhas are recruited at Khundraghat for the British Imperial troops?

**The Honourable Shri N. V. Gadgil:** They are recruited at several places and one of them is Khundraghat.

**Shri Mahabir Tyagi:** I want to know whether we have agreed to allow the British Imperialist Government to recruit Gurkhas here?

**The Honourable Shri N. V. Gadgil:** Does it arise out of the question, Sir?

**Mr. Speaker:** No, it does not.

INTEREST ON LOANS PAID AND RECEIVED BY GOVERNMENT

\*1568. **Shri Kishorimohan Tripathi:** Will the Honourable Minister of Finance be pleased to state:

(a) the total amount of annual interest which Government have to pay on loans raised; and

(b) the total amount of annual interest which they receive on loans which they have advanced?

**The Honourable Dr. John Matthai:** (a) The amount varies from year to year but for this year the payments are estimated at Rs. 48.1 crores.

(b) The total amount of interest recovered on loans and advances other than advances to Commercial departments of the Central Government is estimated at Rs. 6.18 crores.

**Sreematty Annie Mascarene:** May I know whether any loan has been advanced to States and if so on what conditions?

**The Honourable Dr. John Matthai:** I am not aware of any loan which has been given to States, but I will look into it.

**Pandit Hirday Nath Kunzru:** Is the State Government of Jammu and Kashmir being given any loans?

**The Honourable Dr. John Matthai:** I believe so, but I cannot give the exact figures.

**Shri Khandubhai K. Desai:** May I know how much interest the Government gets from the commercial Departments of the Government?

**The Honourable Dr. John Matthai:** The commercial Departments of the Government pay an interest on the loans advanced to them which corresponds to the weighted average interest on Government borrowings at the time.

**Shri Krishna Chandra Sharma:** What is the basis of the loan advanced to the Kashmir Government?

**The Honourable Dr. John Matthai:** I am not in a position to give the information straightaway.

**Mr. Speaker:** It also goes beyond the scope of the question.

**Shri Kishorimohan Tripathi:** I do not want to put the question No. 1569.

AUGMENTING WATER SUPPLY IN KAROL BAGH, DELHI

\*1570. **Shri H. V. Kamath:** (a) Will the Honourable Minister of Health be pleased to state whether Government are aware that many people in Karolbagh, even those living on the ground floor experience much difficulty in summer in respect of free water supply especially now when the population has nearly doubled?

(b) What arrangements have been or are proposed to be made to augment the regular supply in all areas of Karolbagh?

(c) Have Government considered the question of having the water reservoir on the hill nearby and if not, why not?

(d) Is it a fact that even two-storeyed buildings will get water supply at all hours on the second storey if the reservoir is located on the hill nearby called Anand Parbat?

(e) If so, when do Government propose to investigate the aforesaid possibility?

**The Honourable Rajkumari Amrit Kaur:** (a) Yes.

(b) to (e). An order has been placed for new cast iron mains for augmenting the water supply in Karolbagh, and construction of two reservoirs on the top of the hills nearby and one elevated reservoir is to be taken up shortly. After these works are completed a regular supply of water is expected to be available in the whole area including two-storeyed buildings. A booster pump has also been provided to increase the water supply in two storeyed houses and high level areas along Pusa Road.

**Shri Deshbandhu Gupta:** How long will it take to finish this work?

**The Honourable Rajkumari Amrit Kaur:** I could not give the honourable member the exact time, but I hope that this construction will not take too long.

**Shri H. V. Kamath:** Does the Honourable Minister anticipate or fear any scarcity of water in the coming summer months?

**The Honourable Rajkumari Amrit Kaur:** Yes indeed, and the scarcity of water is not confined to any one area; it is an all-round problem for Delhi.

**Shri H. V. Kamath:** What measures are being taken by Government to ensure the citizens against the scarcity of water?

**The Honourable Rajkumari Amrit Kaur:** We are trying to provide hand-pumps, we are also trying to resuscitate some of the public wells in Delhi. Recently we sent the Engineer-Secretary of the Delhi Joint Water and Sewage Board to England, and thanks to the very great help given to us by our High Commissioner in England we hope to have a water plant machinery here within six months, so that by next year I hope there will be no water shortage in Delhi.

**Shri H. V. Kamath:** So the position is that this year we are not sure of adequate supply?

**The Honourable Rajkumari Amrit Kaur:** There will be scarcity this summer.

**Shrimati Ammu Swaminadhan:** What steps are Government taking to see that water is not wasted so that the water supply will not run out to a great extent?

**The Honourable Rajkumari Amrit Kaur:** We appeal constantly to people to be careful in this matter.

**Shri M. Tirumala Rao:** Will Government take steps to minimize the use of water during summer months by postponing the session of the Constituent Assembly?

**Mr. Speaker:** Order, order.

**Shri H. V. Kamath:** Does the staff of the Health Ministry or of any other Department go round the city to see how many taps are dripping all day and night?

**Mr. Speaker:** I think, these are unnecessary details.

#### EXPENDITURE ON WAR PREPARATIONS IN HYDERABAD

**\*1571. Pandit Mukut Bihari Lal Bhargava:** Will the Honourable Minister of States be pleased to state what amount the Laik Ali Government in Hyderabad State spent upon preparation of war with the Indian Union and what the particulars of such expenditure are?

**The Honourable Sardar Vallabhbhai Patel:** From the information available about O.S. Rupees eight crores and sixty-five lakhs were spent on war preparations. It is not in the public interest to disclose details.

**\*1572 and 1573. [WITHDRAWN].**

#### REPLACING KING'S EFFIGY ON COINS AND CURRENCY NOTES

**\*1574. Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Finance be pleased to state whether it is proposed to replace the existing effigy of the King on the coins and currency notes of various denominations?

(b) If so, from which date and what emblem is intended to replace the King's effigy?

(c) What denominations of coins and currency notes are intended to be issued in place of the existing ones? Is it intended to recall the existing currency?

**The Honourable Dr. John Matthai:** (a) Yes.

(b) In the notes the King's effigy will be replaced by the Asoka Pillar and the new design notes are expected to be put into circulation within the next few months. Changes in the design of coins including the replacement of the King's effigy are under consideration.

(c) No change is proposed in the existing denominations at present; nor is it proposed to demonetise the existing currency which will continue to be fully legal tender along with the new design notes and coins.

**Shri H. V. Kamath:** How many designs, Sir, have so far been received so far as the coins are concerned?

**The Honourable Dr. John Matthai:** I am not in a position to give the information straightaway, but the matter is being considered.

**Shri H. V. Kamath:** Has the Government set up a committee of numismatic experts or artists to go into this question before a final decision is reached?

**The Honourable Dr. John Matthai:** Government have a Committee.

**Shri Mahavir Tyagi:** Is it the intention of the Government to withdraw the currency which bears the King's effigy as soon as their own currency is issued?

**The Honourable Dr. John Matthai:** No such intention.

**Shri M. Tirumala Rao:** Is there any proposal before the Government to replace the King's effigy by that of Mahatma Gandhi on these coins and currency notes?

**The Honourable Dr. John Matthai:** No. That matter was considered, but I think on the whole the Government felt that the sentiment in the country would be more respected by keeping Mahatma Gandhi out of things like currency notes.

#### DISCOVERY OF OLD SILVER COINS IN SRI NAGAR FORT, BUNDELKHAND

**\*1575. Dr. Mono Mohan Das:** Will the Honourable Minister of Education be pleased to state:

(a) whether it is a fact that old silver coins weighing several maunds were discovered during excavations in the ancient Fort of Sri Nagar in Hamirpur District, Bundelkhand; and

(b) if so, whether Government propose to make a statement about it?

آنریبل مولانا ابوالکلام آزاد : (a) گورنمنٹ کو اس بارے میں کوئی خبر نہیں ملی ہے ہمیریور کا شہری نگر فورٹ ان عمارتوں میں سے نہیں ہے جنگی آرکیولوجیکل ڈیپارٹمنٹ کے ذریعے حفاظت کی جاتی ہے اور نہ آرکیولوجیکل ڈیپارٹمنٹ نے وہاں کسی طرح کی کھدائی کا کام کیا ہے -

(b) پیدا نہیں ہوتا -

**The Honourable Maulana Abul Kalam Azad:** (a) Government have no information. Sri Nagar Fort in Hamirpur District is not a protected monument and no excavations have been carried out there by the Department of Archaeology.

(b) Does not arise.

#### VISIT OF EXPERT "DEMONSTRATION MALARIA TEAMS" FROM ABROAD

**\*1576. Dr. Mono Mohan Das:** Will the Honourable Minister of Health be pleased to state:

(a) whether it is a fact that four expert "Demonstration Malaria teams" are coming to India from abroad in connexion with India Government's anti-malaria campaign for 1949;

(b) if the answer to part (a) above be in the affirmative, from what countries they are coming; and

(c) what will be the total expenditure in this connection?

**The Honourable Rajkumari Amrit Kaur:** (a) to (c). A statement is laid on the table of the House.

#### STATEMENT

*Expert Demonstration Malaria Teams coming to India from abroad.*

The World Health Organisation in collaboration with the United Nations International Children's Emergency Fund and Food and Agriculture Organisation have offered their Assistance in the Field of malaria control in India. Their assistance will consist of the provision of expert malaria demonstration and control teams and consultants in order to survey

selected areas in India, organise and carry out malaria control and to train local personnel who will be made available by the Provincial and State Governments concerned. The World Health Organisation/United Nations International Children's Emergency Fund will also provide insecticides, drugs and equipment necessary for the purpose. The salaries of the personnel of the foreign teams and their passage expenses to and from India as well as the bulk of the cost of equipment will be met by the World Health Organisation/United Nations International Children's Emergency Fund. On her part, India will meet the incidental expenses of the personnel of the foreign teams, including their board and lodging and their travel within India and also the expenses in connection with the parallel Indian teams and other requisite ancillary staff.

2. The World Health Organisation has allocated one team and a consultant (Malaria Engineer) for 2 months. The team will work in Terai (U. P.). The Malaria Engineer will take part in the instructional work in the one week malaria courses for Class I Engineers specially arranged at the Malaria Institute of India, Delhi. If, after the courses are finished, the World Health Organisation Consultant has any time left, it is proposed to arrange for him a visit to the various Provincial Headquarters especially the centres, where the multi-purpose projects are being executed.

3. The United Nations International Children's Emergency Fund has allocated two teams, one for Bombay Province and the other for Malnad (Mysore). As the malaria control projects are directed towards increasing food production: the F.A.O. will also provide a malariologist who will be drafted to the Jeypore hill tracts (Orissa). Each team is expected to consist of 1 leader, and 1 public health nurse.

4. On the assumption that the foreign teams will work in India for a period of one year, the total expenditure is estimated as follows:

| Area                                | Estimated cost to be borne by India |           |               |          | Foreign Teams. | Estimated cost to be borne by WHO/ UNICEF in respect of insecticides, equipment etc. (but excluding cost of salaries and passage of foreign teams which will also be met by W.H.O.) |
|-------------------------------------|-------------------------------------|-----------|---------------|----------|----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                     | Indian Teams                        |           |               |          |                |                                                                                                                                                                                     |

\*India's share of the cost of the foreign teams is arrived at as follows:—

- (1) There will be three teams working for 12 months each team having 2 members.
- (2) There will be a consultant from the F.A.O. who will be here for 12 months.
- (3) The WHO consultant will be in India for 2 months.
- (4) The cost of subsistence allowance per day is Rs. 25 per head.

**Dr. Mono Mohan Das:** May I know whether these "Demonstration Malaria teams" coming from abroad have developed a new and special method for fighting malaria, which is unknown in this country?

**The Honourable Rajkumari Amrit Kaur:** They have had considerable experience as for example both in South America and in Italy so that they have come out with definite experience which perhaps our people have not so far had.

#### EXPORT DUTY ON JUTE COLLECTED AT CALCUTTA PORT

\*1577. **Dr. Mono Mohan Das:** (a) Will the Honourable Minister of Finance be pleased to state what is the total amount of export duty on jute collected from the Port of Calcutta in the year 1948-49?

(b) What percentage of this amount is given to West Bengal Government?

(c) Did the Government of West Bengal make any representation to the Centre for increasing their share in the said export duty on jute?

(d) If so, what is the result of the representation?

**The Honourable Dr. John Matthai:** (a) The total collections up to the 15th March 1949 amounted to Rs. 7,21,16,000.

(b) Twenty per cent of the net proceeds of the export duty on jute is distributed among the jute growing provinces in proportion to the respective amounts of jute grown therein. In 1948-49 West Bengal's share of the amount assigned to the Provinces is estimated at 45.39 per cent.

(c) Yes.

(d) After a careful consideration of the West Bengal Government's representation it has been decided that the existing allocation should continue for the coming year and that for the future, arrangements should be made to have an expert enquiry conducted into the allocation of the duty so that the revised allocation may take effect when the new constitution comes into force.

**Dr. Mono Mohan Das:** Is it a fact that formerly Bengal used to get 67 per cent. of the total export duty on jute?

**The Honourable Dr. John Matthai:** Yes. When the main jute-growing area was transferred to Pakistan the whole basis of the allocation of the jute export duty had to be reconsidered and on that basis the particular proportions which are now in force were introduced.

**Pandit Lakshmi Kanta Maitra:** Is it not a fact that every single ounce of jute that is produced in Eastern Pakistan has to be processed in the Indian Union and the whole jute duty comes from the export of the processed jute?

**The Honourable Dr. John Matthai:** That is the contention which has been put forward by the West Bengal Government, and there is a certain amount of force in that contention. That is the reason why Government have decided that this whole question should be re-examined.

**Pandit Lakshmi Kanta Maitra:** May I also enquire of the Honourable Minister if he has himself caused an enquiry to be made into the question that every ounce of jute that goes out of this country is processed in the Indian Union in West Bengal?

**The Honourable Dr. John Matthai:** These are matters which will necessarily come up for consideration when the enquiry is instituted.

**Shri Upendranath Barman:** Is it a fact that for the present the consideration of the collection of duty is not taken into account while making the allocation to different Provinces, or is it that only the question of production of jute is taken into account?

**The Honourable Dr. John Matthai:** I take it the honourable member's point is whether in determining the present allocation the fact that practically all the manufactured jute is produced in West Bengal, was taken sufficiently into account. That I take it is the honourable member's question?

**Shri Upendranath Barman:** Yes.

**The Honourable Dr. John Matthai:** If that is so, the answer is that when it was decided to allocate a certain proportion of the export duty on jute to Provinces, at the time it was made the basis of allocation was the proportion of raw jute grown. That basis has been retained, but the other point has now been raised by the West Bengal Government and we would like to examine it.

**Dr. Mono Mohan Das:** Is the appointment of a committee under the consideration of Government for the re-examination of these allocations?

**The Honourable Dr. John Matthai:** That is what I have said in my reply, that we are setting up an expert committee.

**Pandit Lakshmi Kanta Maitra:** Do I take it that the Honourable Minister is making an *ad hoc* grant temporarily for the purpose till a new committee is set up and a decision reached?

**The Honourable Dr. John Matthai:** Yes, we are giving Rs. 50 lakhs as an *ad hoc* grant to supplement this allocation, this will continue for the present year.

**Shri Upendranath Barman:** Is it the case that at the time when the award was made regarding allocation of jute duty, only the question of the production of jute was considered and not the collection of duty?

**The Honourable Dr. John Matthai:** That was the basis that was adopted at the time, a basis for which I accept no responsibility.

#### APPOINTMENTS GIVEN TO ARTISTS FOR PROGRAMMES ON A. I. R.

**\*1578. Shri B. N. Munavalli:** Will the Honourable Minister of Information and Broadcasting be pleased to state:

(a) whether artists from all parts of India are allowed to have their programmes fixed on the All India Radio; and

(b) whether appointments are made with the artists on the invitation by the All-India Radio or on the applications received from the artists?

**The Honourable Shri R. R. Diwakar:** (a) All-India Radio utilises artists from all parts of India for its programmes.

(b) Both.

**Seth Govind Das:** Have the Government been receiving complaints from the Provinces that artists of some repute are never approached by the All-India Radio?

**The Honourable Shri R. R. Diwakar:** I am not aware.

**Shri H. V. Kamath:** Does the All-India Radio maintain a blacklist of artists and speakers so far as their employment in the All-India Radio is concerned?

**The Honourable Shri R. R. Diwakar:** I am not aware.

**Shri H. V. Kamath:** Does the All-India Radio maintain a list of persons whose statements or speeches are not to be given publicity on the Radio?

**The Honourable Shri R. R. Diwakar:** I am not aware of it.

**Shri Mahavir Tyagi:** Is there any permanent staff of artists on the roll of the A.I.R.

**The Honourable Shri R. R. Diwakar:** There is a very small artists staff of that type but usually it is on a temporary basis that artists are engaged.

**Shri B. N. Munavalli:** What is the time usually required to dispose of the applications sent by the artists?

**The Honourable Shri R. R. Diwakar:** The procedure is that when the applications are received, if it is found that an artist is likely to be of use then he is called for an interview, and the application disposed of.

**Shri B. N. Munavalli:** How is the Government ascertaining as to whether the artists are of use or not?

**The Honourable Shri R. R. Diwakar:** Well, there is a description of qualifications of artists and there is also a history of artists as also a list of known artists.

**Shri M. Tirumala Rao:** Has the All-India Radio ever extended an invitation to famous artists from South India like Shrimati M. S. Subbulakshmi and Shri D. Venkataswamy Naidu who are known not only in India but also outside?

**The Honourable Shri R. R. Diwakar:** I do not exactly know but I think they are invited.

**Shri R. K. Sidhya:** Is there any restriction on the use of the Radio by the Constituent Assembly Members?

**The Honourable Shri R. R. Diwakar:** I do not think so.

**Seth Govind Das:** Sir, may I know when was this list of Artists prepared? And is it a fact that the list which was prepared at the time of Mr. Bokhari still continues, and most of the artists invited to the All India Radio are from that list?

**The Honourable Shri R. R. Diwakar:** Lists are often being revised and there is no permanent list of the type referred to by the honourable member.

#### NEWSPAPERS SERVED BY PHOTOGRAPHIC SERVICE

**\*1579. Shri Mahavir Tyagi:** (a) Will the Honourable Minister of Information and Broadcasting be pleased to state the number of newspapers served by Government's Photographic Service?

(b) How many of these newspapers are in English and how many in the Indian languages?

**The Honourable Shri R. R. Diwakar:** (a) The press Information Bureau's photographic publicity unit supplies photographs to 102 newspapers in India excluding official journals, photographs are also supplied by this unit for distribution abroad.

(b) Thirty-nine of these newspapers in India are in English and sixty-three in Indian languages.

**Seth Govind Das:** Out of these sixty-three newspapers in Indian languages how many newspapers are in Hindi and how many in other provincial languages?

**The Honourable Shri R. R. Diwakar:** I would like to have notice.

**Shri S. V. Krishnamoorthy Rao:** Is any fee recovered for the supply of these photos?

**The Honourable Shri R. R. Diwakar:** No.

#### STRENGTH OF STAFF OF RESERVE BANK OF INDIA

**\*1580. Shri R. K. Sidhya:** (a) Will the Honourable Minister of Finance be pleased to state the number of officers, clerks, peons and all other staff in the Reserve Bank of India in the years 1939, 1942, 1947 and 1948 together with the total pay bill of each class of staff separately for the above years?

(b) What is the corresponding increase in work as compared with the increase in staff?

**The Honourable Dr. John Matthai:** (a) A statement (No. I) giving the information regarding the number of employees of each class separately and the total pay bill for each year is laid on the table of the House. Information regarding the total pay bill separately for each class is being collected and will be laid on the table of the house in due course.

(b) The increase in the number of staff is due to the increase in the work of the various departments of the Bank owing to rise in (1) Notes issues; (2) Public Debt; (3) Number of Scheduled Banks; and (4) Government receipts and disbursements. A statement (No. II) showing statistics in respect of (1), (2) and (3) is placed on the table of the House. The increase in the staff is also partly accounted for by the opening of the following new departments and offices:

- (1) Exchange Control Department after the outbreak of the war in 1939;
- (2) Department of Research & Statistics in 1945;
- (3) Department of Banking Operations in 1945;
- (4) New office at Dacca and fullfledged Issue Department at Delhi during the year 1947-48;
- (5) Public Debt Offices at Karachi, Lahore and Dacca in 1948.

**STATEMENT II**  
*Showing the number of officers, superintendents etc., in the bank and the annual pay bill of the staff for years 1939, 1942, 1947 and 1948.*

**Shri R. K. Sidhva:** What is the total strength of the staff in 1948, as compared to that in 1939?

**The Honourable Dr. John Matthai:** Details are given in the Statement.

|                                        |       |
|----------------------------------------|-------|
| Number of officers in June, 1939 was   | 51    |
| Number of officers in December, 1948   | 148   |
| Other supervisory staff, June 1939     | 143   |
| Other supervisory staff, December 1948 | 345   |
| Clerical staff, June, 1939             | 1,638 |
| Clerical staff, December, 1948         | 3,578 |
| Menial staff in June, 1939             | 742   |
| Menial staff in December, 1948         | 1,339 |

**Shri Arun Chandra Guha:** What are the special responsibilities of the Reserve Bank towards the Scheduled Banks?

**The Honourable Dr. John Matthai:** Does the question arise?

**Mr. Speaker:** No.

## INCOME TAX DUE FROM PAKISTAN UNDER PARTITION AGREEMENT

†\*1581. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Finance be pleased to state what was the amount assessed and received from the Government of Pakistan as the share of Income Tax under the terms of the Partition Agreement?

(b) Has the entire amount of our share been received or is any sum towards income-tax outstanding from Pakistan?

**The Honourable Dr. John Matthai:** (a) The amount of income-tax collected in Pakistan and divisible between the two Dominions has not yet been communicated by the Pakistan Government.

(b) Does not arise.

## ALLOWANCES TO MARRIED COUPLES IN GOVERNMENT SERVICE

†\*1582. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Finance be pleased to state whether it is a fact that the dearness and other allowances given to women staff in the service of the Government of India have been stopped on the ground that their husbands who are in the service of the State draw similar allowances?

(b) How many such cases exist where husbands and wives are both in the service of the Government of India in Delhi?

† Answer to this question laid on the table, the questioner having exhausted his quota.

**The Honourable Dr. John Matthai:** (a) Yes, if she draws a lower rate of pay than her husband in which case the husband only draws the allowances.

(b) The information is not readily available.

## SUBSIDIES TO NEW AGENCIES

†\*1583. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Information and Broadcasting be pleased to state whether any subsidy is given to any news agencies in India; and if so, to which and what were the subsidies given during each of the years 1946-47, 1947-48 and 1948-49?

(b) Has the Reuters News Agency in India applied to the Government of India for any facility to be given in India?

**The Honourable Shri R. R. Diwakar:** (a) No subsidy is given to any news agency in India.

(b) No.

## HOUSES OF RULERS OF STATES IN DELHI

†\*1584. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of States be pleased to refer to the statement laid on the table of the House on 16th March, 1949, containing the information promised in reply to a supplementary raised on Starred Question No. 227 asked on 9th February, 1949, regarding the houses of Rulers of States in Delhi in which it is stated that Government have no information as to whether the houses of Bikaner, Hyderabad, Travancore, Baroda, Jaisalmer, Jaipur, Kashmir, Bahawalpur, Tehri, Cochin and Sikar are the Rulers' private property or state property and state what decision Government intend to take in this respect?

(b) In whose possession are these houses at present?

(c) What use is made of these houses?

**The Honourable Sardar Vallabhbhai Patel:** (a) Government of India have to deal with questions of State and private property only in the case of Rulers of merged or Union States. In that connection the question of Bikaner, Jaisalmer, Jaipur and Baroda houses is under consideration. Bahawalpur House was leased to the American Embassy last year. The question of other houses will be considered when it arises.

(b) and (c). A statement containing the information is placed on the table of the House.

## STATEMENT

| Particulars of house       | In whose possession it is                | What use is made of it                                                                                                                                                     |
|----------------------------|------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1                          | 2                                        | 3                                                                                                                                                                          |
| Bikaner House . . . . .    | With the Bikaner State authorities.      | Is used, apart from certain people staying in the house with the permission of the Ruler, for the residence of the Ruler, members of his family and officers of the State. |
| 2. Jaipur House . . . . .  | With the Jaipur State authorities.       | Ditto.                                                                                                                                                                     |
| 3. Tehri-Garhwal . . . . . | With the Tehri-Garhwal State authorities | Is used for the residence of the Ruler and members of his family.                                                                                                          |

‡ Answer to this question laid on the table, the questioner having exhausted his quota.

| 1                             | 2                                     | 3                                                                                                       |
|-------------------------------|---------------------------------------|---------------------------------------------------------------------------------------------------------|
| 4. Hyderabad House . . . . .  | With the Hyderabad State authorities. | A portion of the House is being utilised by the office of the Indian States Finances Enquiry Committee. |
| 5. Travancore House . . . . . | U.S.S.R. Embassy.                     | Occupied by the U.S.S.R. Embassy.                                                                       |
| 6. Bahawalpur House . . . . . | American Embassy.                     | Occupied by the American Embassy.                                                                       |
| 7. Baroda House . . . . .     | With the Baroda State authorities.    | At present the office of U.N.C.I.P. is located.                                                         |
| 8. Jaisalmer House . . . . .  | With the Government of India.         | Being used for administrative purposes.                                                                 |
| 9. Kashmir House . . . . .    | Ditto.                                | Ditto.                                                                                                  |
| 10. Sikar House . . . . .     | Ditto.                                | Ditto.                                                                                                  |
| 11. Cochin House . . . . .    | International Labour organisation.    | International Labour office is located in this house.                                                   |

#### PRIORITY FOR BOOKING OF GOODS ON STATES' RAILWAYS

\*1585. **Shri Sita Ram S. Jaico:** (a) Will the Honourable Minister of States be pleased to state whether the Indian States Railways adopt the general policy of the railway administration as regards restricting movements and bookings of certain commodities from time to time?

(b) Have the Indian States Railways the same priority list of booking goods?

(c) If the answer to part (b) above be in the affirmative, do Indian States Railways also accord higher and 100 per cent. priority to basic industries, viz., textile, iron and steel and cement?

**The Honourable Sardar Vallabhbhai Patel:** (a) to (c). Government of India do not exercise any statutory control over the general policy of the States/Unions Governments concerned in this matter. But the Governments of the States and Unions have been advised to follow the priority list applicable to the Indian Government Railways and are expected to follow that list as far as practicable.

#### NATIONAL PLANNING COMMISSION

\*1586. **Shri H. V. Kamath:** Will the Honourable Minister of Finance be pleased to state when Government propose to set up the National Planning Commission?

**The Honourable Dr. John Matthai:** I would invite the attention of the honourable member to the reply given by the Honourable the Prime Minister on the 19th March, 1949, on the question of setting up a Ministry of Economic Affairs. Although Government have accepted in principle the setting up of a Planning Commission, certain preliminary steps require to be taken before such an authority is set up, and they have therefore constituted an Economic Committee of the Cabinet and also an Economic Co-ordination Section.

#### ARMS AND AMMUNITION LYING IN INDONESIA

\*1587. **Shri Damodar Swarup Seth:** Will the Honourable Minister of Defence be pleased to state:

(a) whether any arms and ammunition lying in Indonesia on the Indian Government Account were sold to the Dutch Government; and

(b) if so, the value thereof as also the date of sale?

† Answer to this question laid on the table, the questioner being absent.

**The Honourable Shri N. V. Gadgil** (Minister of Works, Mines and Power):

(a) No.

(b) Does not arise.

#### UNSTARRED QUESTIONS AND ANSWERS

##### REGULAR AND TEMPORARY COMMISSION GRANTED SINCE 15TH AUGUST, 1947

**126. Shri S. Nagappa:** Will the Honourable Minister of Defence be pleased to state the number of regular and temporary commissions in the Armed Forces granted since the 15th August, 1947?

**The Honourable Shri N. V. Gadgil** (Minister of Works, Mines and Power): I lay a statement on the table of the House.

#### STATEMENT

| Number of various commissions granted in the Armed Forces since 15th August 1947.             |      |       |           |       |
|-----------------------------------------------------------------------------------------------|------|-------|-----------|-------|
|                                                                                               | Navy | Army  | Air Force | Total |
| Permanent Commissions . . . . .                                                               | 28   | 2,076 | 130       | 2,234 |
| Short Service Commissions (3 years) . . . . .                                                 | 140  | 327   | —         | 467   |
| (4 years) . . . . .                                                                           | —    | —     | 54        | 54    |
| (3 years) . . . . .                                                                           | 2    | 548   | —         | 550   |
| (1 year) . . . . .                                                                            | —    | 183   | —         | 183   |
| Extended Service Commissions (4 years: regular service plus 5 years in the Reserve) . . . . . | —    | —     | 408       | 408   |
| Temporary Commissions . . . . .                                                               | 1    | 51    | —         | 52    |
| TOTAL . . . . .                                                                               | 171  | 3,185 | 592       | 3,948 |

#### FOREIGN STUDENTS STUDYING SANSKRIT IN INDIAN UNIVERSITIES

**127. Shri Balwant Sinha Mehta:** Will the Honourable Minister of Education be pleased to state what is the total number of foreign students studying Sanskrit in Indian Universities?

**The Honourable Maulana Abul Kalam Azad:** Only two foreign students studied Sanskrit in Indian Universities during the current academic year. Both of them are in the University of Poona.

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE)  
DEBATES

(PART I—QUESTIONS AND ANSWERS)

Monday, 11th April, 1949

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock, Mr. Speaker (The Honourable Mr. G. V. Mavalankar) in the Chair.

STARRED QUESTIONS AND ANSWERS

(a) ORAL ANSWERS

STEPS TO IMPROVE CONDITION OF TECHNICIANS

**\*1588. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether the Honourable Minister at the annual general meeting of the Indian Chemical Manufacturers' Association held at Calcutta in the last week of December, 1948, remarked about the treatment meted out to Technicians in India?

(b) If so, how many such persons are affected and what steps do Government intend to take to improve their conditions?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) I referred generally to the cases of technicians who failed to find employment in the country.

(b) No list is available.

**Shri R. K. Sidhva:** May I know what terms are offered to technicians who are trained in foreign countries?

**The Honourable Dr. Syama Prasad Mookerjee:** It depends on the nature of work done and the terms often vary from firm to firm.

**Shri R. K. Sidhva:** What are the steps that Government intend to take about employing these people?

**The Honourable Dr. Syama Prasad Mookerjee:** We are pressing upon the industries to absorb as many foreign qualified technicians as possible, and we are employing them ourselves whenever necessary.

**Mr. Homi Mody:** Is it a fact that the number of foreign qualified Indians is greatly in excess of what can be absorbed by Government or by industry? If so, will Government consider the advisability of stopping sending people abroad, unless employment is assured for them?

**The Honourable Dr. Syama Prasad Mookerjee:** I do not think it is correct to say that the number is greater but there is certainly some maladjustment. As far as Government are concerned, they have decided that when Government scholars are sent abroad for foreign training it will be decided beforehand as to how they will be absorbed on their return. That policy will be adhered to in future.

**Shri R. K. Sidhva:** May I know how many industrial concerns have engaged these foreign qualified technicians?

**The Honourable Dr. Syama Prasad Mookerjee:** It is not possible to say that.

**Shri M. Tirumala Rao:** Do Government maintain a list of these foreign qualified young men to see whether they are absorbed?

**The Honourable Dr. Syama Prasad Mookerjee:** We are maintaining a list now and we are in touch not only with the scholars but also with the firms.

CLOTH AND YARN SOLD TO PAKISTAN UNDER INTER-DOMINION  
TRADE AGREEMENT\*

\*1589. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Industry and Supply be pleased to state the total quantity of cloth and yarn to be sold to Pakistan during the year under the Inter-Dominion Trade Agreement of May, 1948 and the supplementary agreement of 10th November, 1948 and the rates at which they are sold?

(b) Is the payment made in cash or kind? If it is in kind, what are the articles Pakistan has agreed to supply to India?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) 400,000 bales of cloth and yarn are to be sold to Pakistan under the Inter-Dominion Trade Agreement. One fourth of this total quantity would be in the form of yarn.

For cloth supplied to them, Pakistan will pay to the Government of India the controlled ex-mill price plus the fixed exporter's margin of fifteen per cent. plus the export duty of ten per cent. as also the usual excise duty on cloth. For yarn, Pakistan will pay the controlled price plus exporter's margin of ten per cent.

(b) Pakistan would pay by Irrevocable Letters of Credit payable to the Government of India.

**Shri R. K. Sidhva:** Is payment made against delivery or after some period?

**The Honourable Dr. Syama Prasad Mookerjee:** Yes, letters of credit are to be opened in banks here and delivery will be on payment.

**Shri R. K. Sidhva:** Have they taken delivery so far and are they taking delivery according to agreement? Or are there any arrears?

**The Honourable Dr. Syama Prasad Mookerjee:** No, they are taking much less; only about 4,000 or 5,000 bales have been taken up till now.

**Shri R. K. Sidhva:** What will happen if they do not take delivery within the period of delivery?

**The Honourable Dr. Syama Prasad Mookerjee:** That will be considered; it is possible that it may lapse.

**Shri R. L. Malviya:** Is it a fact that cloth is smuggled to Pakistan? If so, may I know how much has been seized and how many persons have been prosecuted and convicted?

**The Honourable Dr. Syama Prasad Mookerjee:** I do not think it arises out of this.

**Shri R. K. Sidhva:** Is there any provision in the agreement in the event of their taking no delivery? Will it lapse?

**The Honourable Dr. Syama Prasad Mookerjee:** There is no specific provision. The understanding is that if the cloth is not removed within time it will lapse.

## FISH FREEZING PLANTS FROM U.S.A.

\*1590. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Agriculture be pleased to state whether it is a fact that four fish freezing plants have arrived in India from America and if so, what is the total cost thereof and where are they to be installed?

(b) Are these plants to be run and maintained by Government or given over to private agencies and if the latter, on what conditions?

(c) What are the economic advantages to be gained by installing such plants?

**The Honourable Shri Jairamdas Doulatram:** (a) Only one plant has been ordered, the machinery and equipment from the U.S.A. and the insulation cork from Portugal. The cost will be about rupees five lakhs. The plant will be installed at the Sassoon Docks, Bombay. Part of it has already arrived and part is expected within a couple of months.

(b) The plant, which is being installed for conducting research and experiments in the most suitable methods of preservation and storage of fish under tropical conditions, will be maintained by Government and run under the control of the Central Fisheries Research Station, Bombay.

(c) Fish being a highly perishable commodity cannot be transported over any distances in the fresh state. Unless, therefore, properly preserved by treatment in a cold storage plant or with ice, fish has to be consumed at or near the fishing centres. Cold Storage plants even in the colder climates of Europe and America have provided a solution of the very complex problems involved in the transport of fresh fish, and reduced spoilage to the minimum. The proposed Cold Storage plant is being installed at Bombay for obtaining essential data for the working of such plants under tropical conditions.

**Shri R. K. Sidhva:** With regard to the import of this fish-freezing plant may I know how many ammonia compressors have been indented and whether they have arrived?

**The Honourable Shri Jairamdas Doulatram:** I would require notice.

**Shri V. O. Kesava Rao:** May I know whether the Madras Government have made a request for a fish-freezing plant?

**The Honourable Shri Jairamdas Doulatram:** They are introducing a plant in their area.

**Shri R. K. Sidhva:** May I know the capacity of this plant?

**The Honourable Shri Jairamdas Doulatram:** Five hundred tons.

**Sreematty Annie Mascarene:** If the catch is far below the demand how are they going to preserve the fish?

**The Honourable Shri Jairamdas Doulatram:** We are trying to increase the catch.

**Shri R. K. Sidhva:** May I know if any more plants are ordered or expected?

**The Honourable Shri Jairamdas Doulatram:** I shall require notice.

REPORT OF AMERICAN EXPERTS ON DEVELOPMENT OF GROUND WATER RESOURCES  
IN GANGETIC PLAIN

\*1591. **Dr. Mono Mohan Das:** (a) Will the Honourable Minister of Agriculture be pleased to state what is the report that has been submitted by the two American experts who carried on research on tube-wells in this country?

(b) What are the opinions of the Irrigation Advisers of different Provincial Governments to whom the report was submitted for examination?

**The Honourable Shri Jairamdas Doulatram:** (a) Messrs. Johnston International of California were invited by the Government of India to carry out a survey and submit a report on the Development of ground water resources in the Gangetic plain. The gist of the survey conducted by the Irrigation Engineer sent by the firm is that ground water supplies in the Gangetic plain are excellent and can be economically tapped for irrigation purposes. The American firm is prepared to undertake the construction of a minimum of 1,000 tube-wells per year in the Gangetic area covering the East Punjab, United Provinces, and Bihar. They have submitted tentative estimates of cost per well of an average discharge of 3.4 cusecs.

(b) Their opinions were not called for. But the Provincial Governments concerned have expressed their view in favour of a scheme on similar lines. No final decision has been taken regarding the specific proposal contained in the Report.

**Dr. Mono Mohan Das:** What is the average life of such a tube-well?

**The Honourable Shri Jairamdas Doulatram:** I think it is about 25 years.

**Dr. Mono Mohan Das:** What is the minimum number of years for which these tube-wells must work in order to realise the cost on them?

**The Honourable Shri Jairamdas Doulatram:** I am afraid I have not got that figure.

**Dr. Mono Mohan Das:** May I know whether tube-well irrigation is more or less costly than canal irrigation?

**The Honourable Shri Jairamdas Doulatram:** It is not a question of its being more or less costly. Where canal irrigation is possible that is preferable; but where it is not possible we have to go in for tube-wells with a view to utilise the resources that are under the ground.

**Dr. Mono Mohan Das:** Will tube-well irrigation be successful in the different provinces?

**Mr. Speaker:** Order, order.

**Seth Govind Das:** Have Government made any plan in regard to these tube-wells and has it been sent to the provinces where it is to be executed?

**The Honourable Shri Jairamdas Doulatram:** There is a plan for the Gangetic plain, i.e., East Punjab, Bihar and U.P. because surveys there have shown that there are underground resources of water. Surveys have to be undertaken in the other provinces and States to find out whether such resources exist there.

**Seth Govind Das:** When is this survey in other provinces going to commence?

**The Honourable Shri Jairamdas Doulatram:** That is a matter for the Geological Survey which is under the Works, Mines and Power Ministry.

**Shri Mahavir Tyagi:** Are there any firms in India who can do the boring of tube-wells in the Gangetic plain?

**The Honourable Shri Jairamdas Doulatram:** Yes, there are.

**Shri Mahavir Tyagi:** Why did not Government contact them when they complied with the previous plan of boring tube-wells in the U.P.?

**The Honourable Shri Jairamdas Doulatram:** To the extent that the Indian firms have the requisite material they will be used. But in the case of American firms they will be able to bring a large supply of equipment which is not available here, whereas the Indian firms will have to import all that equipment. The American firms have greater facilities but, as I said, no final decision has been taken.

**Shri Mahavir Tyagi:** Will these equipments be purchased through Indian agents?

**The Honourable Shri Jairamdas Doulatram:** They will be purchased through the Indian Supply Mission in Washington.

**Shri B. P. Jhunjhunwala:** Why is the life of a tube-well so short? Does the water dry up or is it that the tube-well does not draw water?

**The Honourable Shri Jairamdas Doulatram:** There is a certain encasement which is to be used on these tube-wells, and that has to be renewed after 25 years.

**Shri M. Tirumala Rao:** May I know the number of tube-wells that have been sunk so far?

**The Honourable Shri Jairamdas Doulatram:** In the course of training our pupils constructed about 40 tube-wells.

**Shri Raj Bahadur:** Sir, the Honourable Minister has stated that apart from the Gangetic Plain, similar tapplings were carried on in a State. May I know the name of the State?

**The Honourable Shri Jairamdas Doulatram:** I do not remember the name of the State.

**Shri Mahavir Tyagi:** May I know why the Government is making these purchases in America while there are firms who are prepared to tender for the supply of these equipments here in India?

**The Honourable Shri Jairamdas Doulatram:** We are not making any purchases. The whole question is under examination and we have not yet come to any decision.

#### COMPLAINT BOOKS AT RAILWAY STATIONS

**\*1592. Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Railways be pleased to state whether complaint books have been maintained at all railway stations?

(b) Is action taken on the complaints entered in these books?

**The Honourable Shri K. Santhanam:** (a) No. Complaint books have been maintained at important stations only.

(b) The instructions are that every complaint should be immediately enquired into and suitable action taken.

**Shri H. V. Kamath:** Against which railway were the largest number of complaints received last year?

**The Honourable Shri K. Santhanam:** I am afraid I have not those figures.

**Shri R. K. Sidhva:** May I know whether the complaint book is placed in a conspicuous place or kept with the Station Master?

**The Honourable Shri K. Santhanam:** Formerly, there were more than one complaint book in one station. Now they have been consolidated and there will be one complaint book with the Assistant Station Master.

**Prof. N. G. Ranga:** Are any steps taken to inform the complainants of the results of the complaints that they have made?

**The Honourable Shri K. Santhanam:** Yes, Sir. The instructions are that the authorities responsible should write to each complainant informing him of the action taken.

**Shri M. Tirumala Rao:** Who will deal with these complaints? The Managers of Railways or the Special Officer appointed by the Railway Board at Headquarters?

**The Honourable Shri K. Santhanam:** It is the duty of each railway administration to deal with these complaints.

**Dr. P. S. Deshmukh:** Is there any specified penalty for non-production of complaint books when required?

**The Honourable Shri K. Santhanam:** Action will be taken against the Assistant Station Master or the Station Master if there is such a refusal.

**Babu Ramnarayan Singh:** Have the people in the villages been informed of the existence of these complaint books and if so, how?

**The Honourable Shri K. Santhanam:** At each station where there is a complaint book, notices are put up at all places informing the people where the complaint book is kept.

## FORCED LANDING OF DAKOTA NEAR JAMMU

\*1593. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Communications be pleased to state whether it is a fact that on or about the 16th January, 1949 a Dakota of the Indian National Airways carrying military stores and passengers which left Delhi for Srinagar had to make a forced landing near Jammu?

(b) How many passengers and how much cargo were carried by the said aircraft?

(c) Have the whereabouts of the aircraft been located?

(d) What efforts were made to search for the plane?

**Shri Khurshed Lal:** (Deputy Minister of Communications): (a) A Dakota belonging to the Dalmia Jain Airways carrying passengers and cargo crashed near Banihal Pass on the 16th January, 1949. It carried no military stores.

(b) The aircraft carried 9 passengers, 4 crew and a freight of 3,514 lbs.

(c) Yes, Sir.

(d) Aircraft of the Royal Indian Air Force and Dalmia Jain Airways and ground parties organised by the army went out in search of the missing plane and succeeded in locating the wreckage on the 20th January, 1949.

**Shri R. K. Sidhva:** May I know whether any official enquiry has been made and what is the result of that enquiry?

**Shri Khurshed Lal:** As soon as the plane was located, officers of the Civil Aviation Department went to make enquiries but even up till now most of the wreckage is under snow and the enquiry cannot be completed until the ice melts.

**Shri R. K. Sidhva:** May I know who constituted the enquiry?

**Shri Khurshed Lal:** There is no enquiry committee. The Chief Inspector of Accidents went there.

**Shri R. K. Sidhva:** May I know whether actually an enquiry committee was set up by Government and who were the individuals?

**Shri Khurshed Lal:** It was the duty of the Chief Inspector of Accidents to investigate into this. Immediately after the wreckage had been located, he went there, and did a part of the enquiry. But the enquiry will not be completed till the ice has melted.

**Shri R. K. Sidhva:** Even under the rules, is not Government bound to make a legal enquiry into the matter?

**Mr. Speaker:** That is what he has said.

**Shri R. K. Sidhva:** He said an official went to see!

**Mr. Speaker:** That is an enquiry!

**Shri R. K. Sidhva:** That is not an enquiry.

**Mr. Speaker:** Order, order.

**Shri Mahavir Tyagi:** Was the plane equipped with wireless apparatus?

**Shri Khurshed Lal:** Yes.

**Shri Mahavir Tyagi:** Did it send any wireless message before the forced landing?

**Shri Khurshed Lal:** Some such message was received.

**Shri H. V. Kamath:** Is it a fact that another plane, which took off ten minutes before this plane, had returned from Banihal Pass?

**Shri Khurshed Lal:** I cannot say about the time but one plane which could not locate the landing ground at Srinagar returned.

**Shri R. K. Sidhva:** What were the number of occasions that wireless messages were received?

**Shri Khurshed Lal:** I require notice.

**Mr. Frank Anthony:** How old was the apparatus and how long was it in service?

**Shri Khurshed Lal:** I require notice.

**Shri Raj Bahadur:** How many passengers were hurt or killed?

**Shri Khurshed Lal:** All the passengers were killed.

## LOANS GIVEN TO PROVINCES FOR 'GROW MORE FOOD' SCHEMES

\*1594. **Shri S. Nagappa:** Will the Honourable Minister of Agriculture be pleased to state what is the total amount of loan given from the Government of India to each province to develop agriculturally?

**The Honourable Shri Jai Ramdas Doulatram:** A statement showing the loans sanctioned by the Government of India during the years 1943-44 to 1948-49 for 'Grow More Food' schemes is laid on the table of the House. Block loans are also given to the Provinces for general development and some part of these loans may have been used by Provinces for agricultural development. Information about this is being collected and will be laid on the table of the House in due course.

† Answer to this question laid on the table, the questioner being absent

STATEMENT  
Loans sanctioned by the Government of India during 1943-49 for G. M. F. Schemes.

| Name of the Province. | 1943-44<br>Loan | 1944-45<br>Loan | 1945-46<br>Loan | 1946-47<br>Loan | 1947-48<br>Loan | 1948-49<br>Loan | Grand Total<br>1943-44 to<br>1948-49<br>Loan |
|-----------------------|-----------------|-----------------|-----------------|-----------------|-----------------|-----------------|----------------------------------------------|
| Assam                 | Rs. 9,01,867    | Rs. 10,86,100   | Rs. 13,08,453   | Rs. 1,50,700    | Rs. .           | Rs. .           | Rs. 34,47,122                                |

| Madras                | 45,00,000       | 16,25,000       | 45,62,500       | 85,00,000       | ..              | ..              | 1,91,87,500                                  |
| N. W. F. P.           | ..              | 12,59,300       | 14,31,000       | ..              | ..              | ..              | 26,90,300                                    |
| Orissa                | 5,77,300        | 14,67,600       | 21,70,147       | 16,54,785       | 30,00,000       | ..              | 88,69,332                                    |
| Punjab                | ..              | ..              | ..              | ..              | ..              | ..              | ..                                           |
| Sind                  | ..              | ..              | ..              | ..              | ..              | ..              | ..                                           |
| T. P.                 | ..              | ..              | ..              | ..              | ..              | ..              | ..                                           |
| Ajmer-Merwara         | ..              | ..              | ..              | ..              | ..              | ..              | ..                                           |
| Baluchistan           | ..              | 2,34,250        | 3,66,700        | 7,91,220        | 3,25,000        | 4,62,950        | 21,80,120                                    |
| Coorg                 | ..              | 1,66,400        | 10,54,000       | 10,25,000       | ..              | ..              | 22,45,400                                    |
| Delhi                 | ..              | ..              | ..              | ..              | 3,73,250        | ..              | 3,73,250                                     |
|                       | ..              | 54,000          | 60,000          | 45,000          | 50,000          | 2,50,000        | 4,59,000                                     |
| Total                 | 1,64,44,167     | 1,29,40,620     | 2,00,51,584     | 2,03,43,513     | 1,36,38,750     | 7,12,950        | 8,41,31,584                                  |

## TECHNICAL ADVISER FOR DECORTICATION AND REFINING OF SEEDS

†\*1595. **Shri S. Nagappa:** Will the Honourable Minister of Industry and Supply be pleased to state whether Government have invited any Technical Adviser from abroad to advise them in matters relating to decortication of seeds and refining equipment, and technique?

**The Honourable Dr. Syama Prasad Mookerjee:** No, Sir.

## GAZETTED OFFICERS TRIED FOR CORRUPTION IN RAILWAYS

\*1596. **Shri Kishorimohan Tripathi:** (a) Will the Honourable Minister of Railways be pleased to state how many gazetted officers were tried for corruption in the Railways during the year 1947-48?

(b) How many of them were convicted?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) Eighteen during the period from 1942-48.

(b) Four.

**Shri Kishorimohan Tripathi:** Were all these officers connected with Wagon Supply convicted?

**The Honourable Shri N. Gopalaswami Ayyangar:** I would require notice of that question.

## EXPENDITURE ON RECOVERY OF MUSLIM ABDUCTED WOMEN

\*1597. **Lala Achint Ram:** (a) Will the Honourable Minister of Transport be pleased to state the extent of the machinery employed by the Government of India and the amount which the Government of India are spending per mensem on the recovery of Muslim abducted women in India?

(b) What is the total expenditure so far incurred by Government on this work?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) With regard to the machinery employed by the Government of India on the recovery of abducted women in India, attention is invited to the reply given to Question No. 1101, on 16th March, 1949. The exact amount of expenditure incurred per mensem on the recovery of Muslim abducted women in India cannot be stated, because recoveries are not confined to women professing any particular faith or religion.

(b) Till recently no separate account was maintained for the recovery of abducted women, as this was considered part of the work of evacuation and, before September last the expenditure on recoveries in India was incurred mainly by the Dominion of Pakistan, whereas recoveries in Pakistan were conducted and paid for by the Government of India. It is therefore not possible to state how much money has so far been spent on recovery of abducted women, as such.

## RAILWAY LINE TO BASTER STATES

\*1598. **Shri R. L. Malviya:** Will the Honourable Minister of Railways be pleased to state:

(a) whether Government have got any plan to connect Baster State with a Railway line,

(b) if so, what the plan is and how long they would take to implement it;

(c) whether it is a fact that sometime past the Hyderabad State proposed to construct a railway line in Baster State;

† Answer to this question laid on the table, the questioner being absent

(d) if so, whether Government have obtained the plan; and

(e) whether they propose to execute it?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) Yes.

(b) The following four proposals are under consideration:

(i) Raipur-Dhamtari-Jagdalpur;

(ii) Nagpur-Naghbir-Bhanpratappur-Jagdalpur;

(iii) Nagpur-Naghbir-Bhairamgarh-Jagdalpur; and

(iv) Ramgundam-Bhairamgarh-Jagdalpur;

and in all cases from Jagdalpur onwards to meet Raipur-Vizianagram Chord at Kottavalasa or Rayaghada. Survey Reports of these projects are under examination and a comprehensive memorandum will, in due course, be placed before the Central Board of Transport to enable them to take a decision on the most economical rail connection required for tapping the mineral wealth of the area. At this stage the Government are, therefore, not in a position to state how long it would take to implement the plan.

(c) Yes.

(d) Yes; the Hyderabad proposal was to construct a railway from Ramgundam on their system to the Bailadilla iron ore deposits. This forms part of proposal (iv) of the reply to part (a) of the question.

(e) As already stated in reply to part (b), the project will be considered by the Central Board of Transport along with the three other projects, before a decision is taken.

**Shri Kishorimohan Tripathi:** Has the Hyderabad proposal which has come to the Government been sanctioned by the Central Government?

**The Honourable Shri N. Gopalaswami Ayyangar:** No; it is being examined along with the rest.

**Seth Govind Das:** Can Government fix roughly sometime either next year or the year after when this project will be taken in hand? At least by what time Government expect to complete it?

**The Honourable Shri N. Gopalaswami Ayyangar:** We have made no provision for any of these projects in 1949-50 but in the course of this year I think the Central Board of Transport will take some decision and will try to implement that decision in the course of 1951-52.

**Shri M. Tirumala Rao:** What is the length of the line which this project involves and the proximate cost?

**The Honourable Shri N. Gopalaswami Ayyangar:** I shall give the honourable member that information by a separate letter.

**Prof. N. G. Ranga:** Is any of these proposed lines intended to connect those places with the Vizagapatam Harbour?

**The Honourable Shri N. Gopalaswami Ayyangar:** The project on the eastern side meeting either at Raipur or Kottavalasa is the nearest.

**Prof. N. G. Ranga:** Which will be the shortest line out of these four?

**The Honourable Shri N. Gopalaswami Ayyangar:** The first three are North to South Lines and the fourth is an East to West line. Judging merely by the length of the lines on the map I should say that the east to west line will be the shortest.

# RUNNING OF FAST TRAINS ON KATNI-BINA LINE

**\*1599. Shri R. L. Malviya:** (a) Will the Honourable Minister of Railways be pleased to state whether Government have got any plan to change the rails on the Katni-Bina branch line with a view to run express and mail trains on this section?

(b) If so, how far has the plan been carried out and how long would it take to complete it?

(c) What existing or fresh express or mail trains do Government propose to run on this section?

**The Honourable Shri K. Santhanam:** (a) The old rails of Katni-Bina Branch line are being changed to enable engines with heavier axle loads to run on the section.

(b) Out of a total length of 163 miles, relaying of 71 miles has been completed. Relaying of another 57 miles is expected to be completed in 1949-50 financial year. The balance of 35 miles is programmed to be relaid in 1950-51.

(c) Two passenger trains each way run at present on this branch. It is not contemplated to run Mail or Express trains, in addition.

**Seth Govind Das:** Are Government aware that there is no fast train in that province either between Katni and Bina or between Nagpur and Jagdalpur? Are Government going to leave that province as it is without any fast trains?

**The Honourable Shri K. Santhanam:** Fast trains are not provided on a provincial basis.

**Seth Govind Das:** Are Government aware that other provinces have some fast trains and have some inter-communication between themselves through fast trains?

**Mr. Speaker:** It is an argument.

**Dr. P. S. Deshmukh:** Has Government any plan for the utilisation of these old rails? Are they going to be utilized for laying other lines?

**The Honourable Shri K. Santhanam:** As I have already pointed out some old rails from other sections also are being used on these lines. We are using old rails as much as possible. Sometimes these old rails become unusable and then they are scrapped.

**Shri H. V. Kamath:** How many passengers were carried on the Katni-Bina section during the last year?

**The Honourable Shri K. Santhanam:** I do not think it arises out of the question.

**Shri H. V. Kamath:** Has the passenger traffic on the Katni-Bina section increased during the last three years?

**The Honourable Shri K. Santhanam:** I do not know but a survey showed that there was no scope for either an express or mail train.

## STOCKING AND PRESERVATION OF IMPORTED FOOD GRAINS

**\*1600. Shri R. L. Malviya:** (a) Will the Honourable Minister of Food be pleased to state what is the process adopted by Government to stock and preserve the imported food grains?

(b) What quantity of the imported food grains has been spoiled in Government godowns and rendered useless for human consumption, during the years 1945, 1946, 1947 and 1948?

(c) What is the percentage of loss of food gains to the total imports and what are the reasons for the loss?

(d) What steps have Government taken or propose to take to protect and preserve the food grains from destruction?

**The Honourable Shri Jairamdas Doulatram:** (a) and (d). Imported food grains which have to be stored by the Central Government are kept in damp-proof and ventilated godowns, arranged in stacks with dunnage below, to allow aeration on all sides of each stack. The stocks are periodically inspected by technical staff who dust the bags with insecticide and also fumigate, where stocks require fumigation. The grain is, as a rule, issued in the order of quality, that is, that which cannot stand long storage is issued earlier.

(b) and (c). A statement is laid on the table of the House.

## STATEMENT

*Quantity of grain spoilt and its percentage to total imports*

| Year | Quantity spoilt (in tons) | Percentage of loss to total imports | Reasons for loss.                                             |
|------|---------------------------|-------------------------------------|---------------------------------------------------------------|
| 1945 | Figures not available     |                                     |                                                               |
| 1946 | 61.057                    | .0028                               | Due to insects and damp and at times to delayed distribution. |
| 1947 | 236.47                    | .01                                 |                                                               |
| 1948 | 6265.57                   | .22                                 |                                                               |

**Shri R. K. Sidhva:** With reference to part (b) of the question what is the percentage of loss?

**The Honourable Shri Jairamdas Doulatram:** In 1946 it was .0028, in 1947 it was .01 and in 1948 it was .22 per cent.

**Seth Govind Das:** Is it not a fact that the amount of grain which is spoilt by this stocking is practically the same as we are importing every year?

**The Honourable Shri Jairamdas Doulatram:** No. But it is true that grain gets spoilt in course of time during storage and in the course of transit from the central storage godown to the ration shops.

**Dr. P. S. Deshmukh:** Has the Food Department any idea of grains being spoilt on account of other causes and if so, what is the approximate amount of damage?

**The Honourable Shri Jairamdas Doulatram:** There are no other causes except time taken in storage and transit.

**Dr. P. S. Deshmukh:** Is the Honourable Minister aware that a good deal of stock is spoilt in the Defence Department?

**Mr. Speaker:** That relates to a different department.

**Dr. P. S. Deshmukh:** The Food Department ought to know this.

**Shri Kishorimohan Tripathi:** Will Government consider the desirability of procuring paddy in the place of rice to avoid loss of grain?

**The Honourable Shri Jairamdas Doulatram:** It all depends on what we are able to procure. There is not very much choice left to us with regard to importing paddy or rice.

## FAILURES OF RAILWAY ENGINES

**\*1601. Dr. V. Subramaniam:** (a) Will the Honourable Minister of Railways be pleased to state whether it is a fact that engine failures are far above the target in all Indian Railways?

(b) What is the target and the actual engine failures in each Railway in India, during the war period, before the war for an equal period, and after the war to date?

(c) What are the reasons for this?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) and (b). It is the aim of every railway not to have any engine failure. The information required by the honourable member regarding the number of engine failures is being collected and will be placed on the table of the House when ready.

(c) For purposes of statistics, engine failures are classified under the following heads:

(i) Defective design.

(ii) Defective material.

(iii) Bad workmanship:

(a) in Shops,

(b) in Sheds.

(iv) Mismanagement by crew.

(v) (a) Bad Fuel, (b) Bad water.

(vi) Miscellaneous.

**Dr. V. Subramaniam:** What are the measures taken by Government to arrest engine failures?

**The Honourable Shri N. Gopalaswami Ayyangar:** Every engine failure is investigated and its cause ascertained and steps are taken to avoid the defects which may have brought about the failure.

**Mr. Frank Anthony:** What proportion of engine failures is due to bad fuel?

**The Honourable Shri N. Gopalaswami Ayyangar:** As I have told the House already the number of failures under each of these different heads is being collected and will be placed on the table of the House.

**Seth Govind Das:** How many of these engine failures are to give comfort and a little rest to the drivers who drive those engines?

**The Honourable Shri N. Gopalaswami Ayyangar:** Does the honourable member mean failure to give them rest?

**Seth Govind Das:** Failure for the purpose of rest.

**The Honourable Shri N. Gopalaswami Ayyangar:** If the honourable member is interested in that aspect I will ask that figures are collected in that respect also.

## USE OF CATTLE DUNG AS MANURE

**\*1602. Pandit Mukut Bihari Lal Bhargava:** Will the Honourable Minister of Agriculture be pleased to state:

(a) the total quantity of cattle dung produced in India in a year, and what percentage of this cow dung is being used for manure and fuel purposes respectively;

(b) whether the Government of India have taken any steps to see that cattle dung is not used for fuel purposes so that the whole of it may be used for manurial purposes only;

(c) the value and quality of cattle dung as manure compared to various types of fertilisers manufactured in India and/or imported from outside; and

(d) the steps taken by the Government of India so far to encourage and ensure the utilisation of the whole of cattle dung for manurial purposes and the cost incurred thereon in the years 1947-48 and 1948-49?

**The Honourable Shri Jairamdas Doulatram:** (a) Accurate statistics regarding the quantity of cattle dung produced in India are not available but it is estimated at about 800 million tons green weight per year, equivalent to 160 million tons dry weight. It is estimated that roughly 40 to 60 per cent. of the cow-dung is being used for purposes of fuel and the balance as manure.

(b) So long as alternative fuel in sufficient quantities is not made available it will be difficult to stop the use of cattle dung as fuel to encourage the greater utilisation of cattle dung as manure and to minimise its use for fuel. Village Compost Schemes have been started in almost all Provinces under which subsidies and prizes are awarded for greater production of manure and all Provinces and States have been asked to encourage planting of quick growing trees.

(c) The question of the value of different forms of organic manures as compared with inorganic manure is being examined by a Committee of specialists appointed by the Government of India.

(d) Two statements showing (i) the action taken by the Government of India and (ii) the subsidy given to the Provinces for operating village compost schemes during 1947-48 and 1948-49 are placed on the table of the House.

## STATEMENT I

(TABLE I)

*Note on the progress of village compost schemes in India*

The work relating to the composting of rural wastes such as cow dung, farm wastes and litter was taken up by the Government of India in 1944 under Grow More Food Campaign. The progress of work during the last five years is given below :

| Year            | Number of Rural Compost Centres. | Production of Rural compost Tons. | Government of India subsidies. |    |    |
|-----------------|----------------------------------|-----------------------------------|--------------------------------|----|----|
|                 |                                  |                                   | Rs.                            | A. | P. |
| 1944-45         | 1,828                            | 2,10,000                          | 4,89,450                       | 0  | 0  |
| 1945-46         | 4,247                            | 5,20,000                          | 3,38,856                       | 0  | 0  |
| 1946-47         | 7,569                            | 8,29,000                          | 6,66,848                       | 0  | 0  |
| 1947-48         | 27,950                           | 12,58,986                         | 5,28,432                       | 0  | 0  |
| (Indian Union). |                                  |                                   |                                |    |    |

| (Estimates).    |                                  |                                   |                                |    |    |

(TABLE II.)

*Showing progress made under the Village Compost Schemes during 1947-48.*

| Serial No. | Provinces                   | Number of village centres | Production during the year |
|------------|-----------------------------|---------------------------|----------------------------|
| 1          | 2                           | 3                         | 4                          |
| 1          | Ajmer Merwara               | Nil.                      | Nil.                       |
|            |                             | (700)                     | (1,40,000)                 |
| 2          | Assam                       | Nil                       | Nil                        |
|            |                             | (33,560)                  | (67,12,000)                |
| 3          | West Bengal                 | 9,081                     | 16,730                     |
|            |                             | (40,000)                  | (80,00,000)                |
| 4          | Bihar                       | Nil                       | Nil                        |
|            |                             | (68,070)                  | (1,37,34,000)              |
| 5          | Bombay                      | 1,311                     | 70,267                     |
|            |                             | (21,350)                  | (42,70,000)                |
| 6          | Central Provinces and Berar | Nil                       | Nil                        |
|            |                             | (39,980)                  | (77,96,000)                |

| 1  | 2                | 3          | 4             |
|----|------------------|------------|---------------|
| 7  | Coorg            | 175        | 9,885         |
|    |                  | (300)      | (60,000)      |
| 8  | Delhi            | Nil        | Nil           |
|    |                  | (300)      | (60,000)      |
| 9  | Madras           | 2,295      | 41,600        |
|    |                  | (34,830)   | (69,66,000)   |
| 10 | Oriassa          | 866        | 23,674        |
|    |                  | (26,650)   | (53,30,000)   |
| 11 | East Punjab      | 222        | 80,000        |
|    |                  | (15,000)   | (30,00,000)   |
| 12 | United Provinces | 14,000     | 10,16,830     |
|    |                  | (1,02,470) | (2,40,94,000) |
|    | Total            | 27,950     | 12,58,986     |
|    |                  | (3,82,810) | (7,65,62,000) |

N. B.—Figures within brackets indicate total potential capacity for each area.

## STATEMENT II

*Showing subsidy given during 1947-48 and 1948-49 on Village Compost Schemes.*

| Name of the Province        | Amount sanctioned during 1947-48 |   |   | Amount sanctioned during 1948-49 |   |   |
|-----------------------------|----------------------------------|---|---|----------------------------------|---|---|
|                             | Rs.                              |   |   | Rs.                              |   |   |
| Ajmer Merwara               | Nil                              |   |   | 5,200                            | 0 | 0 |
| Assam                       | 13,467                           | 0 | 0 | 24,360                           | 0 | 0 |
| West Bengal                 | 80,000                           | 0 | 0 | Nil                              |   |   |
| Bihar                       | Nil                              |   |   | Nil                              |   |   |
| Bombay                      | 2,40,790                         | 0 | 0 | 2,78,075                         | 0 | 0 |
| Central Provinces and Berar | Nil                              |   |   | 36,030                           | 0 | 0 |
| Coorg                       | 10,875                           | 0 | 0 | 5,625                            | 0 | 0 |
| Madras                      | 12,000                           | 0 | 0 | Nil                              |   |   |
| Oriassa (Combined Scheme)   | 25,000                           | 0 | 0 | Nil                              |   |   |
| East Punjab                 | Nil                              |   |   | 55,158                           | 8 | 0 |
| United Provinces            | 1,66,300                         | 0 | 0 | 75,000                           | 0 | 0 |
| Total                       | 5,28,432                         | 0 | 0 | 4,79,448                         | 8 | 0 |

**Seth Govind Das:** May I know how much money the Government is investing on fertiliser factories and how much subsidy the Government proposes to give for this manure?

**The Honourable Shri Jairamdas Doulatram:** I would not be able to say how much is being contributed for setting up the fertiliser factory. I suppose my honourable colleague the Minister for Industry and Supply might be able to give the figure.

**Seth Govind Das:** May I know how much the Government is proposing to give as subsidy and other help in the shape of money for making this manure?

**The Honourable Shri Jairamdas Doulatram:** So far as compost is concerned, as much as a Province requires.

**Shri H. V. Kamath:** What are the various methods by which the total annual output of cattle dung is estimated?

**The Honourable Shri Jairamdas Doulatram:** By calculating the population of cattle.

**Pandit Mukut Bihari Lal Bhargava:** May I know the answer to the question as regards the comparative value of cattle dung as manure when compared with chemical fertiliser?

**The Honourable Shri Jairamdas Doulatram:** It is a matter which will be examined by a committee of specialists which has been appointed.

**Shri B. P. Jhunjhunwala:** Has any attempt been made for growing trees in any Province so as to utilise the wood as fuel in place of cow dung and save the cow dung for manurial purposes?

**The Honourable Shri Jairamdas Doulatram:** I think in U.P. and Bombay special progress has been made in quick growing trees.

**Shri H. V. Kamath:** Which are the various species of animals included in 'cattle'?

**The Honourable Shri Jairamdas Doulatram:** All bovines.

**Shri S. V. Krishnamoorthy Rao:** Have any attempts been made to find an equally cheap substitute for fuel so that the cow dung might be spared for manure?

**The Honourable Shri Jairamdas Doulatram:** As I just now said we are trying to increase the production of what are called quick growing trees which grow in two or three years. As soon as sufficient number of such trees are grown in the villages the people will use their wood as fuel and the cow dung will be spared for manurial purposes.

**Shri Mahavir Tyagi:** Have Government considered the possibility of declaring as illegal the use of cattle dung as fuel?

**The Honourable Shri Jairamdas Doulatram:** This has been considered and rejected because the people generally are not ready for it.

**Shri Mahavir Tyagi:** What is the type of trees which the Forest Department has recommended to be grown for the purpose of fuel in the villages?

**The Honourable Shri Jairamdas Doulatram:** I am afraid I do not remember the names.

**Shri R. K. Sidhva:** May I know whether sheep and goat come under the category of cattle or not?

**Mr. Speaker:** He said bovines.

**Shri R. K. Sidhva:** But under what category do sheep and goat come?

**The Honourable Shri Jairamdas Doulatram:** They would not be included under 'bovines'.

#### MACHINE FOR SEPARATING MANURING SUBSTANCE FROM CATTLE DUNG

**\*1603. Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Agriculture be pleased to state whether the Government of India are aware that one Professor N. V. Joshi of Poona has invented a machine by which the manuring substance in cattle dung can be separated and the residue used for fuel purposes?

(b) If so, what is the total cost of manufacturing such a plant?

(c) Have Government any plan for encouraging the use of such a plant in the rural areas of the country?

**The Honourable Shri Jairamdas Doulatram:** (a) Yes.

(b) The estimated cost is Rs. 1,000 per plant per house.

(c) The matter is under investigation at the Indian Agricultural Research Institute. Some further experiments on the process are being conducted. The

question of encouraging the use of this plant in the rural areas will be considered when the experiment is completed.

**Prof. N. G. Ranga:** Is it not a fact that this experiment is supposed to have been made during the last two years but no beginning has yet been made?

**The Honourable Shri Jairamdas Doulatram:** The experiment has been made, but, as I said, the question of finding out whether it will be economically sound has yet to be experimented on a little larger scale. Originally the plant was worth Rs. 250. Later on it was found that a slightly bigger plant will have to be employed for experimenting on a larger scale. The bigger plant is now in use and after the results of the experiment are known we will be able to use it for villages.

**Prof. N. G. Ranga:** Is it a fact that the scheme which was required to be prepared a year ago is not yet ready to be submitted to Government?

**The Honourable Shri Jairamdas Doulatram:** I would not be able to say yes or no to that.

#### ALLOTMENT OF PIG IRON, STEEL, HARD COKE AND STEAM COAL TO FOUNDRIES AND STEEL PROCESSING FACTORIES

**\*1604. Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether it is a fact that pig iron and steel are released to foundries and steel processing factories by the Government of India and hard coke and steam coal by the Provincial Governments?

(b) If so, are Government aware that for want of co-ordination in the matter of allotment by the Government of India and the Provincial Governments, the foundries are not able to work to their full capacities, as at times they are short of one or the other commodity?

(c) What steps do Government intend to take in the matter?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Yes, Sir.

(b) Government have received complaints about the inadequacy of allotments of hard coke but not about pig iron. The reasons for inadequate allotments of hard coke are (1) a general shortage of hard coke in the country and (2) transport difficulties.

(c) Steps are being taken to increase the production of hard coke, to improve the transport position and to correlate the allotments of pig iron to the allotments of coke and coal.

**Pandit Mukut Bihari Lal Bhargava:** Is it not a fact that hard coke is being supplied to *hulwais* and others for fuel purposes?

**The Honourable Dr. Syama Prasad Mookerjee:** I do not think so.

**Shri H. V. Kamath:** When can the House expect to have the summary of the Steel Experts' report promised by the Honourable Minister some days ago?

**The Honourable Dr. Syama Prasad Mookerjee:** Tomorrow or the day after.

#### DECOMPOSITION OF IMPORTED FOOD GRAINS

**\*1605. Dr. Mono Mohan Das:** (a) Will the Honourable Minister of Food be pleased to state whether it is a fact that 550,000 tons of imported food grains held by the Centre as reserve, have decomposed owing to long storage and delayed distribution?

(b) In what places were these grains stored?

(c) Has any inquiry been made into the matter?

(d) What was the reason for such long storage and delayed distribution?

**The Honourable Shri Jairamdas Doulatram:** (a) No.

(b) to (d). Do not arise.

**Prof. N. G. Ranga:** What has been the experience of Government in regard to the loss due to the storage? Has it come down during the last four years or has it remained the same?

**The Honourable Shri Jairamdas Doulatram:** I cannot say it remains the same but last year there was a special feature. We had a certain quantity of maize which no Province would accept. We tried to give it to Madras and Bombay but beyond a certain quantity they could not accept. A certain amount had to remain unused and it got deteriorated, and we sold it to starch factories for about Rs. 2 lakhs.

**Shri H. V. Kamath:** If not quite decomposed as stated in part (a) of the Question, is it a fact that a lot of grain was unfit for human consumption?

**The Honourable Shri Jairamdas Doulatram:** No, Sir.

**Shri R. K. Sidhva:** May I know whether any quantity was decomposed?

**The Honourable Shri Jairamdas Doulatram:** I have given the figures in a statement which has been placed on the table of the House in reply to an earlier Question dealing with deterioration of foodgrains. As I said, last year a certain quantity—about 5,000 tons—remained unused because no Province would take it, and we sold it to the starch factories.

**Prof. N. G. Ranga:** May I know if any effort is being made to convert grain which is thus spoiled for human consumption, into cattle feed?

**The Honourable Shri Jairamdas Doulatram:** Yes, we also make it available for *gaushalas* for cattle feed.

**Shri M. Tirumala Rao:** May I know what was the loss involved in this decomposed maize which was disposed of for Rs. 2 lakhs?

**The Honourable Shri Jairamdas Doulatram:** I would not be able to work it out now because no particular quantity purchased at a particular rate got spoiled; at the end of 1½ years a certain quantity out of all the purchases remained unused.

#### EFFECT OF VANASPATHI ON HEALTH

\*1606. **Dr. Mono Mohan Das:** (a) Will the Honourable Minister of Agriculture be pleased to state the results of the experiments already carried out in the Government Laboratory of Izzatnagar on mice about the nutritive value of Vanaspathi (vegetable ghee)?

(b) Is it a fact that the results were prominently exhibited at the All-India Government Food and Cattle Show, 1947?

(c) Is it a fact that the experiments at Izzatnagar definitely proved that the continued use of Vanaspathi is injurious to health?

**The Honourable Shri Jairamdas Doulatram:** (a) to (c). The investigation being conducted at the Indian Veterinary Research Institute as well as at other centres are still in progress and therefore it is not yet possible to state the results achieved.

**Dr. Mono Mohan Das:** Is it not a fact that the experiments carried out on mice in Izzatnagar conclusively proved that the consumption of Vanaspathi is very harmful as there was death of 50 per cent. of mice fed on Vanaspathi?

**The Honourable Shri Jairamdas Doulatram:** Yes, that was the result arrived at at Izzatnagar some time ago, but the result arrived at Bangalore was different. In view of the difference of opinion, further experiments were carried on.

**Dr. Mono Mohan Das:** May I know what conclusion was arrived at in the experiments at Bangalore?

**The Honourable Shri Jairamdas Doulatram:** The result was that it was not harmful, whereas at Izzatnagar result was that it was harmful.

**Dr. V. Subramaniam:** Will the Government come to some conclusion within a reasonable time and if so what time will they take to do so?

**The Honourable Shri Jairamdas Doulatram:** We have been promised results by October or November this year.

**Shri H. V. Kamath:** Is it a fact, Sir, that at the All-India Food and Cattle Show, 1947, was exhibited a poster like this showing the results of the Izzatnagar laboratory experiments? Is it Government's view that rat's poison is man's food?

**Mr. Speaker:** Order, order.

**Shri H. V. Kamath:** Is it Government's policy, after having experimented on three generations of mice, to await the result of experiments on three generations of men before arriving at a final decision?

**The Honourable Shri Jairamdas Doulatram:** That would be a question of nearly 75 years!

**Shri H. V. Kamath:** Is it Government's policy to wait for three generations of men.....

**Mr. Speaker:** Order, order.

**Seth Govind Das:** Are Government contemplating at least to stop the hydrogenation of this vegetable oil so that it may not be mixed with pure ghee.

**The Honourable Shri Jairamdas Doulatram:** That matter is under the consideration of Government.

#### PETROL SHORTAGE IN KARNATAK

\*1607. **Shri B. N. Munavalli:** Will the Honourable Minister of Transport be pleased to state:

(a) whether the attention of Government has been drawn to a statement appearing in the *Times of India*, Bombay, dated 14th March, 1949 under the heading "Petrol Shortage in Karnatak-Road Transport affected" issued by the Secretary of the Karnatak Chamber of Commerce;

(b) whether it is a fact that there has been a shortage of petrol during recent months which has affected the transport of timber, grains, oilseeds, and cotton, throughout Karnatak, dislocating the trade thereby;

(c) if so, what the reasons for it are; and

(d) whether Government have taken any steps in the matter and if so, what they are and when they were taken?

**The Honourable Shri K. Santhanam:** (a) Yes.

(b) to (d). At the instance of the Government of India, emergency restrictions on the civil consumption of petrol were imposed by Provincial Governments early in March so as to conserve stocks in the event of a Railway strike. Instructions were issued on the 18th March, 1949 to remove forthwith all such restrictions. Twenty-five tank wagons have also been transferred from Calcutta for distributing petrol from the Bombay port. The present stock position in Karnatak is reported to be satisfactory.

2080.

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [4TH APRIL 1949]

## POSTS AND TELEGRAPHS WORKERS WHO HAVE GONE ON STRIKE

\*1608. **Shri H. V. Kamath:** Will the Honourable Minister of Communications be pleased to state:

(a) whether any Post and Telegraph workers have gone on strike since 9th March, 1949;

(b) if so, how many; and

(c) the number of arrests, preventive or otherwise, that have been made in this connexion since the aforesaid date?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) and (b). Nil.

(c) Thirteen.

## RAILWAY WORKERS WHO HAVE GONE ON STRIKE

\*1609. **Shri H. V. Kamath:** Will the Honourable Minister of Railways be pleased to state:

(a) whether any workers on the Indian railways have gone on strike since 9th March, 1949;

(b) if so, how many on each of the different railways;

(c) whether any attempts at sabotage have taken place; and

(d) the number of arrests, preventive or otherwise, that have been made in this connexion since 9th March, 1949?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) Yes.

(b) 67 on the B.B. and C.L., 200 on the S.I. and 39 on the Assam Railway.

(c) Yes.

(d) The number of arrests among Railwaymen made since 9th March, 1949 is 402.

**Shri H. V. Kamath:** On which Railways were there attempts at sabotage?

**The Honourable Shri N. Gopalaswami Ayyangar:** The sabotage incidents which occurred were scattered all over the country. If by sabotage the honourable member is referring to such things as placing obstacles on the line, removal of fish plates and bolts and nuts or patrol men being attacked or assaulted, we have had incidents reported from a number of railway lines.

**Shri H. V. Kamath:** Was no single Railway immune from any of these occurrences? Were all Railways affected or was there any single Railway which was not affected?

**The Honourable Shri N. Gopalaswami Ayyangar:** I cannot remember that any particular Railway was absolutely immune from small incidents of this kind.

## TENDERS FOR SUPPLY OF TIMBER TO GUN CARRIAGE FACTORY, JUBBULPORE

\*1610. **Shri H. V. Kamath:** Will the Honourable Minister of Industry and Supply be pleased to state:

(a) whether tenders were invited for the supply of timber to the Gun Carriage Factory, Jubbulpore; if so, upto what date;

(b) whether Messrs. Da Silva and Company, Jubbulpore, applied for a copy of the tender form, and paid Rs. 20 for the same, as prescribed;

(c) whether some ten days after the receipt of the fee, Messrs. Da Silva and Company were informed that no tender forms were available, and were asked to send their tender on their own letter head; and

(d) whether the tender sent by them immediately thereafter was rejected on the ground of its late receipt?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Yes. Tenders were invited by advertisement due for opening on 19th November, 1948.

(b) Yes.

(c) The firm were informed telegraphically on 15th November, 1948 that they could quote on their own letter head as the tender forms had been sold out.

(d) No. The offer of Messrs. Da Silva was not considered because they had not quoted for the sizes required.

**Shri H. V. Kamath:** Is it a fact that the application of Messrs. Da Silva and Company, with the fee, was received on the 6th of November, but no reply was sent to them till the 15th of November, and then they were asked to apply on their own letter head because tender forms were not available?

**The Honourable Dr. Syama Prasad Mookerjee:** I have not got the date, but the tender was received within the due date and considered.

**Shri H. V. Kamath:** Is it not a fact that they were informed that their tender was rejected because of late receipt?

**The Honourable Dr. Syama Prasad Mookerjee:** No, that cannot be true.

**Shri Mahavir Tyagi:** How many tender forms were sold and how many tenders received?

**The Honourable Dr. Syama Prasad Mookerjee:** About 150 forms were sold in all. Normally about 50 forms are usually cyclostyled, and the forms had to be cyclostyled thrice as the demand was great.

**Shri H. V. Kamath:** Is it a fact that by the 6th November all the tender forms were sold out?

**The Honourable Dr. Syama Prasad Mookerjee:** In any case I may assure the House that this tender was received within the due date and it was rejected on grounds other than those stated by the honourable member.

**Shri H. V. Kamath:** What were the grounds?

**The Honourable Dr. Syama Prasad Mookerjee:** Because lower quotations were accepted. I may tell the House that actually the total purchase made was for Rs. 6,87,500 out of which lowest quotations were accepted to the order of Rs. 6,78,500. The higher quotation was accepted in only one case the value of which was Rs. 9,000. The extra amount involved between the higher quotation and the lower quotation in that case was only Rs. 1,125; the reason for accepting the higher quotation was facility of transport.

**Shri H. V. Kamath:** Whose tender was accepted?

**The Honourable Dr. Syama Prasad Mookerjee:** That is immaterial. I have not got the name.

## POSTS OF REGIONAL FOOD COMMISSIONERS

\*1611. **Dr. P. S. Deshmukh:** Will the Honourable Minister of Food be pleased to state:

(a) the date on which the posts of Regional Food Commissioners were created;

(b) how many they were; and

(c) how many Regional Commissioners there are at present?

**The Honourable Shri Jairamdas Doulatram:** (a) and (b). The following six posts of Regional Food Commissioners were created on the dates shown against each:

R.F.C., Eastern Region, Calcutta, 10th March 1943.

R.F.C., Bombay Region, Bombay, 20th April 1943.

R.F.C., Punjab Region, Lahore, 10th April 1943.

R.F.C., U.P. Region, New Delhi, 10th April 1943.

R.F.C., Madras Region, Madras, 12th April 1943.

R.F.C., Rajputana Region, Ajmer, 10th April 1943.

(c) Three.

**Shri R. K. Sidhva:** What are the salaries and allowances of these Regional Commissioners?

**The Honourable Shri Jairamdas Doulatram:** I am afraid I have not got the exact figures but I think the salary is somewhere about Rs. 1,600 to 1,800.

**Shri R. K. Sidhva:** May I know if out of these officers any were superannuated?

**The Honourable Shri Jairamdas Doulatram:** Yes, one was superannuated but then the pension is included in their salary.

**Dr. P. S. Deshmukh:** When are these remaining three Regional Commissioners proposed to be discontinued?

**The Honourable Shri Jairamdas Doulatram:** On the contrary I feel that there should be more men to keep us in touch with what is happening in the Provinces both with regard to their needs of food and as regards procurement and the food situation generally.

**Prof. N. G. Ranga:** What are their functions?

**The Honourable Shri Jairamdas Doulatram:** Their function is more or less that of liaison between the Centre and the Provinces. They have to find out what the Province's need is, they have to find out how far procurement is progressing and they have to assist the Provinces with regard to movement of food grains in accordance with the plan of the Centre for the supply of food to Provinces.

**Prof. N. G. Ranga:** Is it also their function to see whether the food supplied by the Central Government is really suited to the local needs and how much of it is wasted or lost?

**The Honourable Shri Jairamdas Doulatram:** All that is included in their duties.

**Shri R. K. Sidhva:** Is it their function to examine the quality arrived at the port?

**The Honourable Shri Jairamdas Doulatram:** Yes, that also.

**Dr. P. S. Deshmukh:** If the Honourable Minister is convinced of the necessity of these Regional Food Commissioners, why did he allow the three posts to fall vacant? What are the reasons?

**The Honourable Shri Jairamdas Doulatram:** Some of them fell vacant. One fell vacant because of partition. We had one at Lahore and therefore we had to discontinue the post of Regional Food Commissioner on partition and we had to appoint somebody on a lower level, a Deputy Regional Food Commissioner.

**Dr. P. S. Deshmukh:** Does the Honourable Minister consider their existence necessary even when we stop import of food from outside?

**Mr. Speaker:** That will be hypothetical at this stage.

**Dr. P. S. Deshmukh:** No, Sir, it has been announced and I am asking a direct question. Is it intended that the posts would be continued even after 1951?

**Mr. Speaker:** That depends upon the situation in 1951.

**Shri M. Tirumala Rao:** Is the Madras official in charge of this post a retired and superannuated gentleman?

**The Honourable Shri Jairamdas Doulatram:** He was at Madras but at present he is working here in the Directorate of Food, Delhi. I do not know if the honourable member is referring to Mr. Menon.

**Shri R. K. Sidhva:** Is the Bombay Regional Commissioner also superannuated?

**The Honourable Shri Jairamdas Doulatram:** I do not know whether he is superannuated, but I think he retired probably before his time.

**Dr. P. S. Deshmukh:** Would the future vacancies be filled with reference to the Federal Public Services Commission?

**The Honourable Shri Jairamdas Doulatram:** These are temporary appointments.

#### TRACTORS FOR BOMBAY PROVINCE

\*1612. **Shri B. N. Munavalli:** (a) Will the Honourable Minister of Agriculture be pleased to state what is the acreage of reclaimable waste land in Bombay Province, including the merged states therein?

(b) What is the number of tractors loaned to Bombay Province by the Central Tractor Organization of India?

(c) Are Government aware that in Bombay Province, especially in Belgaum and Dharwar districts, the demand for tractors by the agriculturists is growing more and more and the Government of Bombay has not been able to satisfy that demand?

(d) Do Government propose to provide the Government of Bombay with more tractors?

**The Honourable Shri Jairamdas Doulatram:** (a) The total area of reclaimable waste land in the Bombay Province including the merged States is approximately 1.1 million acres and is made up of 300,000 acres of culturable waste land and 800,000 acres of Hariali infected lands.

(b) The Bombay Government have not asked for the loan of any tractors from the Central Government. They have their own tractors.

(c) The Provincial Government who were consulted in the matter have stated that due to the necessity of equitable distribution of tractors throughout the Province, only 50 per cent. of the demand from the districts of Belgaum and Dharwar could be met.

(d) The Government of India will be prepared to arrange for the procurement of additional tractors, if so desired by the Provincial Government.

**Prof. N. G. Ranga:** How do Government allow the import of these tractors? Is it on Government account or on private account?

**The Honourable Shri Jairamdas Doulatram:** On Government account.

**Prof. N. G. Ranga:** Are we to understand that Government does not allow any profiteering in the importation of tractors by allowing private parties to obtain agencies and importing them?

**The Honourable Shri Jairamdas Doulatram:** On the contrary, whenever Government places any orders the manufacturers give a certain commission to the Central Government. We do not allow all that commission to the agents but a smaller amount. Those commission agents are entitled to a commission, under their agreements with the manufacturers.

**Seth Govind Das:** Is there any factory in India which manufactures tractors or any parts of tractors, and is any factory for the manufacture of these two materials under consideration?

**The Honourable Shri Jairamdas Doulatram:** Yes, there is a proposal to have a tractor manufacturing company in India.

**Shri B. N. Munavali:** May I know how many tractors are there in Bombay and how many have been provided to Dharwar and Belgaum?

**The Honourable Shri Jairamdas Doulatram:** Dharwar was given probably 13 tractors and Belgaum 12. The total number of tractors we gave to Bombay was 61 and they were to receive 55 more, but they cancelled that order. But now they have again asked us to supply 55 tractors.

**Sardar Bhopinder Singh Man:** Does the Central Tractor Organisation only reclaim the waste land or does it also do subsequent ploughing, etc.?

**The Honourable Shri Jairamdas Doulatram:** Where the provinces require, we also do the subsequent ploughing.

**Seth Govind Das:** Is there any proposal for a factory which will prepare only parts of tractors because that is easy to prepare?

**The Honourable Shri Jairamdas Doulatram:** There is no such proposal. The proposal is to have complete tractors manufactured.

**Dr. P. S. Deshmukh:** What is the amount intended to be spent on purchase of tractors during the current year?

**The Honourable Shri Jairamdas Doulatram:** I am afraid I would not be able to give the figures straightoff.

#### OILS USED IN SOAP INDUSTRY

**\*1613. Shri Lakshminarayan Sahu:** Will the Honourable Minister of Industry and Supply be pleased to state:

(a) the quantity of oils consumed by the soap industry in India during the last three years; and

(b) whether attempts have been made to find substitutes for the oils so used, in order to save them for direct consumption and for export?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) About 250,000 tons.

(b) Yes, Sir. Provincial Governments have been requested to encourage Mowra plantation so that sufficient Mowra oil may take the place of the edible oils now used for soap making.

#### PRODUCTION AND CONSUMPTION OF INDIGENOUS DETERGENTS

**\*1614. Shri Lakshminarayan Sahu:** Will the Honourable Minister of Industry and Supply be pleased to state:

(a) the varieties and quantities of other indigenous detergents, such as *shikaye* and soap-nuts, which have been produced and consumed in India during the last three years;

(b) whether soaps produced from oil are superior to *shikaye* and others as detergents; and

(c) whether any attempts have been made to process the other detergents?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Government have no information.

(b) Yes, Sir.

(c) No, Sir, not to Government's knowledge.

**Shri H. V. Kamath:** Is it a fact that many soaps produced from oil are deleterious to the human skin and that men like Mahatma Gandhi and Bernard Shaw have discouraged the use of such soap?

Does Government propose to popularise the use of gram flour, *besan* mixed with milk or buttermilk instead of soap as a cleansing agent?

**The Honourable Dr. Syama Prasad Mookerjee:** There is no ban on the use of those ingredients.

**Shri H. V. Kamath:** I am asking whether Government propose to popularise them.

#### USE OF OIL-CAKES AS MANURE

**\*1615. Shri Lakshminarayan Sahu:** Will the Honourable Minister of Agriculture be pleased to state:

(a) whether oil cake is used as manure for crops;

(b) if so, the several crops and the quantities of cake used as manure during the last five years; and

(c) whether any steps have been taken to promote consumption of oil cakes as food and discourage its use as manure?

**The Honourable Shri Jairamdas Doulatram:** (a) Yes.

(b) A statement showing the available information is placed on the table of the House.

(c) No.

## PROCESSING OF OIL CAKES

**\*1616. Shri Lakshminarayan Sahu:** Will the Honourable Minister of Industry and Supply be pleased to state:

(a) whether it is a fact that oil cake, like groundnut cake, is exported from India to some foreign countries and whether the same is processed into biscuits and other products and imported into India; and

(b) if so, whether attempts are being made to process oil cake into such products in India to replace the imported products?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) No, Sir. The export of such oil cakes as can be processed into edible products is prohibited at present.

(b) Yes, Sir. The question of processing oil-cakes into edible products is receiving the attention of the Indian Oilseeds Committee and the Council of Scientific and Industrial Research.

## RICE IMPORTED FROM BURMA

**\*1617. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Food be pleased to state whether the Burmese Government shipped any rice to India in the month of March, 1949 and if so, what was the quantity?

(b) What was the rate paid and was the quantity checked on arrival in India?

(c) Is any further shipment of rice expected from Burma?

**The Honourable Shri Jairamdas Doulatram:** (a) Yes. Approx. 72,000 tons.

(b) A statement showing the rates paid for various qualities of Burma rice is laid on the table of the House. All consignments of foodgrains are checked for quality and weight at the port of unloading.

(c) Yes.

## STATEMENT

*Prices paid to Burma for rice imported from that country (per long ton of 2240 lbs. bagged f.o.b.).*

|                                                              |          |           |
|--------------------------------------------------------------|----------|-----------|
| (i) White rice                                               | £38      | = Rs. 507 |
| (ii) Milcher Boiled                                          | £39      | = Rs. 520 |
| (iii) Superior grades of aughandhi and vahura and glutinous. | £39/10   | = Rs. 526 |
| (iv) Long boiled                                             | £40/10/- | = Rs. 540 |
| (v) Broken                                                   | £25/12/4 | = Rs. 342 |
| (vi) Paddy                                                   | £25/12/1 | = Rs. 342 |

**Shri R. K. Sidhva:** What was the quantity that was expected to be shipped from Burma in the month of March against 72 thousand tons received?

**The Honourable Shri Jairamdas Doulatram:** 72 thousand tons.

**Shri R. K. Sidhva:** No, Sir. What was the agreement reached for shipment in the month of March?

**The Honourable Shri Jairamdas Doulatram:** I am afraid I have not got that information.

**Shri R. K. Sidhva:** The quantity was two lakhs. May I know if it is likely to be received during the current month and whether the conditions in Burma are such as to allow shipments to reach India safely?

**The Honourable Shri Jairamdas Doulatram:** The total allocation from Burma up to June was 2,61,000 tons. We have received 1,84,000 tons and the balance up to June which is due is 77,000 tons. We hope to be able to receive this.

## STARRED QUESTIONS AND ANSWERS

2089

**Shri R. K. Sidhva:** What is the total six-monthly quota that was agreed to and what is the balance against it?

**The Honourable Shri Jairamdas Doulatram:** It was 2,61,000. Out of that we have received, 1,84,000 and the balance of 77,000 is expected.

## RULES FOR RECOGNITION OF UNIONS OF WORKERS ON RAILWAYS

**\*1618. Prof. Shibban Lal Saksena:** (a) Will the Honourable Minister of Railways be pleased to lay on the table of the House the rules for the recognition of Unions of workers on State Railways and Company owned Railways?

(b) What is the minimum percentage of the total workers employed in a Railway who must enrol themselves as members of a Union before it can be recognised by that Railway Administration?

(c) What is the minimum number of recognised Unions on different State Railways and the minimum total overall membership of these Unions, which must be affiliated to a Railwaymen's Federation before it can be recognised by the Government of India?

(d) What is the minimum percentage of workers in a particular category of Railway staff on a particular Railway who must enrol themselves as members of a Union of that particular category of Railway workers on that Railway, and what must be its minimum overall total membership before it can be recognised by that Railway Administration?

(e) What additional conditions, if any, are required to be fulfilled by such a Union of a particular category of Railway servants if its membership includes Railway servants of that category on all the various State Railways?

**The Honourable Shri K. Santhanam:** (a) The rules for recognition of Unions of workers on the Indian Government Railways are contained in parts B and C of Appendix XIII to the State Railway Establishment Code, Volume I, a copy of which is kept in the Library of the House. Government have no information about the rules for the recognition of Unions functioning on Company-owned and Company-managed Railways as they exercise no control over such railways in this matter.

(b) No minimum percentage of the total number of employees on Railways, who must enrol themselves as members of a Union before it can be granted recognition, has been prescribed so far.

(c) No minimum number of recognised Unions of Indian Government Railways or minimum total overall membership of these Unions, which must be affiliated to a Railwaymen's Federation before it can be recognised by the Government, has been laid down. Till now, the Government have had dealings only with the All-India Railwaymen's Federation.

(d) As stated in answer to part (b) of this question, no minimum percentages have been laid down for membership of any Union before it could be recognised by the Railway Administration.

(e) Recognition to Unions is granted by the head of each Railway Administration, and it follows from this that the question of recognition of a Union operating on more than one railway does not arise.

**Prof. Shibban Lal Saksena:** Have Government any proposal under consideration to revise these rules of recognition?

**The Honourable Shri K. Santhanam:** We are considering the matter.

**Prof. Shibban Lal Saksena:** By what time may we expect that they will finalise the rules?

**The Honourable Shri K. Santhanam:** At an early date.

**Mr. Frank Anthony:** What is the Government's reason for singling out the All-India Railwaymen's Federation for sole recognition?

## STATEMENT

Quantities of oilseeds used as manure during the five years ending with 1948-49 and the Crops on which they were applied, in various Provinces

| Province.           | 1944-45<br>Tons.<br>2             | 1945-46<br>Tons.<br>3                             | 1946-47<br>Tons.<br>4             | 1947-48<br>Tons.<br>5              | 1948-49<br>Tons.<br>6              | Crop on which used<br>7                                                                                         |

**The Honourable Shri K. Santhanam:** From 1930 onwards it is the one all-India organisation with a recognisable following.

**Mr. Frank Anthony:** Is it not a fact that many of the Unions affiliated to the Federation are Communist-controlled or Communist-directed?

**The Honourable Shri K. Santhanam:** Not many. There were some such unions which have recently been disaffiliated.

**Shri Mahavir Tyagi:** Is it a fact that recognition was accorded when the Railways were not Government Railways?

**The Honourable Shri K. Santhanam:** I would require notice.

**Shri Mahavir Tyagi:** May I know if it is the right of these unions to go on strike?

**The Honourable Shri K. Santhanam:** At present, they are controlled by the Industrial Disputes Act, which entitles them to go on strike.

**Shri Mahavir Tyagi:** Are the other employees of Government in other Departments given the same right?

**The Honourable Shri K. Santhanam:** They are. Those who are not in the supervisory grade—officers, etc.—barring those people, even the other employees are at present entitled to go on strike.

**Shri Mahavir Tyagi:** Are Government prepared to give the same facility to the officers of the Secretariat here?

**The Honourable Shri K. Santhanam:** It is a matter to be addressed to the Labour Minister.

#### UNIONS AND FEDERATIONS OF RAILWAY WORKERS

\*1619. **Prof. Shibban Lal Saksena:** (a) Will the Honourable Minister of Railways be pleased to lay on the table of the House a statement showing the names of all the Unions on various Railways and of All India Railway Unions and Federations which are recognised by Government with their total membership and also what percentage that membership forms of the total number of workers for whom membership of that Union or Federation is open?

(b) Are Government aware that many of these Unions show inflated and bogus membership?

(c) What steps do Government propose to take to find out their correct membership?

**The Honourable Shri K. Santhanam:** (a) A statement showing the names of the unions recognised by Indian Government Railways with their total membership and the percentage that the membership bears to the total number of the non-gazetted staff employed on the Railway concerned in 1947-48 is laid on the table of the House. Though Government have not yet formally recognised any all India Union or Federation the Railway Ministry have had contacts and consultations with the All-India Railwaymen's Federation, which has been the most representative organisation of Railway labour, since 1930.

(b) The reply is in the affirmative.

(c) The matter is under consideration in connection with the revision of the Indian Trade Unions Act.

#### STATEMENT

List of unions recognised by Indian Government Railways showing the membership of each union and the percentage that the membership bears to the total number of non-gazetted staff employed on the railway concerned in 1947-48.

| Railway               | Serial No. | Name of Union                                                                        | Membership claimed by the Union | Percentage of the total No. of non-gazetted staff employed on the Railway concerned. |

\*Information regarding the total No. of Loco Transportation staff on the S.I.Rly. is not available.

**Prof. Shibban Lal Sakseena:** How long do Government propose to take to arrive at a decision on this matter?

**The Honourable Shri K. Santhanam:** The revision of the Indian Trade Unions Act was considered at the recent Conference of Labour Ministers and I understand it is under active consideration by the Labour Ministry.

**Prof. N. G. Ranga:** Is it the policy of Government to restrict recognition only to this All-India Railwaymen's Federation?

**The Honourable Shri K. Santhanam:** It has been a matter of fact, not policy. If another organisation of importance arises, the matter will be considered at that stage.

**Mr. Speaker:** The question hour is over.

### (b) WRITTEN ANSWERS

#### APPOINTMENT OF FOREIGN TRAINED SCHOLARS IN INDIAN AGRICULTURAL RESEARCH INSTITUTE

\*1620. **Srijut Rohini Kumar Chaudhuri:** Will the Honourable Minister of Agriculture be pleased to state:

(a) whether a number of Central Government scholars trained in the various branches of Agricultural Science in the United Kingdom and the United States of America have been selected by the Federal Public Service Commission for appointment in the Indian Agricultural Research Institute; and

(b) whether during the last few years the research activities of the Indian Agricultural Research Institute have increased and whether new lines of research have been formulated?

**The Honourable Shri Jairamdas Doulatram:** (a) Yes.

(b) Yes. A note showing the development and the new lines of research undertaken at the Institute during the last few years is placed on the table.

#### STATEMENT

Note on researches which have been developed or undertaken at the Indian Agricultural Research Institute

1. *Agromony.*—The Research work of the Division has been augmented in the following directions:

(1) *Phosphate series.*—Experiments have been started to test the value of placement of phosphate, compared to broadcast, as to its economic utilization by the crops. It is observed that fertilizer placed at 3" depth in rows 6" apart, by augmenting

the crop yield, results in economy of fertilizer. Different forms of phosphate, indigenous and exotic, are being tried to test the availability of phosphorus to the crops so that indigenous sources may be tapped for use as phosphatic manure in the country.

(2) *Fertility Building Experiment.*—Two more series of experiments with organic and inorganic manures have been started to work out methods of raising the fertility levels of fields which basically are poor in their crop production capacity. Indications are that green manures supplemented with phosphate at sowing time raise up the fertility index of the soil.

(3) *Sugarcane Agronomy.*—Regular varietal and manurial experiments have been begun on sugarcane crop.

New Lines of investigations developed in the Division are as under:

(i) *6-Acre Cultivator holdings.*—These holdings were laid out at the Indian Agricultural Research Institute, New Delhi and Agricultural Sub-station, Karnal, with the object of comparing the economic returns from improved practices of manuring, cultivation, rotation, etc., as evolved at the Institute as against the common system of cropping by the cultivator. The cereal crops in the rotations are, wheat and maize at Delhi, and rice and maize at Karnal.

(ii) *Cultural Experiments.*—Trials on cultural practices have been begun with the object of reducing wilt incidence in gram, better development of tubers in potatoes, early maturity of sugarcane, better utilization of manures by berseem, sugarcane and wheat crops and effect of shallow and deep cultivation on soil structure and plant development.

(iii) *Vegetable crops.*—Trials of new hybrids having larger potato size to *phulwa* have been begun. Other crops under observation are new varieties of brinjals, peas and tomatoes.

(iv) *Grasses and legumes.*—A new agrostological section has been started in the Division to study the economic value of the indigenous grasses and legumes for fodder, soil improvement and soil conservation purposes. Along with indigenous material grasses received from foreign countries are also under observation. Some selections have been made from these materials for trial in the Provinces and States.

II. *Botany Division.*—The activities in Botanical Research have increased and new lines of research on the following aspects are in progress:—

(1) Cytogenetical research in Plant Breeding.

(2) Physiological research for crop improvement.

(3) Collection and introduction of new plants for direct trials or for use in plant breeding.

III. *Chemistry Division.*—The new lines of work and development and increasing the scope of work in the Chemistry Division undertaken by the Institute are as follows:—

The following new sections have been established and the investigation on new lines is being carried:—

(a) *Soil Survey.*—To study the importance of soil classification in relation to crop production, irrigation, and land utilization.

(b) *Micro-nutrient studies.*—To ascertain the causes of diseases in plants due to deficiency of minor elements.

(c) *Physical Chemistry.*—To study the properties of clays and fundamental research on soil colloids.

(d) *Physics.*—Spectroscopic analysis to determine the minute traces of micro-element.

(e) *Biochemistry.*—To study nutrition value of fodder and feeds.

(2) The lines of work in the following fields have been strengthened:

(a) Investigations on soil fertility.

(b) Survey of root nodule organisms and preparation of cultures.

(c) Increasing the phosphate availability of indigenous phosphates.

(d) Preparation of synthetic insecticides.

(e) Survey of plants for their insecticidal value.

(3) Development:

(a) Increasing the post-graduate facilities.

(b) Utilisation palm juice for the preparation of gur.

IV. *Mycology Division*.—The activities of the Division of Mycology and Plant Pathology have greatly increased during the past few years both as regards training, research and 'advisory'. A short account of the activities is listed below:—

(a) *Research*.—In addition to the previous lines of research, new lines of research have been initiated during the last two years and include—

- (1) Study of loose smut of wheat and its physiologic races;
- (2) Determination of losses caused by diseases of wheat, sugarcane and potato;
- (3) Rusts of linseed, gram, bajra, lentil, sunhemp, etc., etc.;
- (4) Studies on fungicides;
- (5) Diseases of gram, wilt of linseed, lentil, pea, pigeon-pea, etc.;
- (6) Late blight of potato and study of airborne fungal spores;
- (7) Intensive work on virus diseases of potato, tomato, sunhemp and vegetable crops.

Improved varieties of crops evolved at this Institute are being tested for disease resistance on a much larger scale. A scheme on the production of partially disease-free seed potato has been successfully completed and it has been shown that the potato yields can be considerably increased by the distribution of even partially disease-free seed material to the cultivators. A record yield of 427 maunds per acre has been obtained in this connection.

Large number of cultures have been added to the culture collection and a very large number supplied to different research Institutes and Universities in India and abroad. There has been an addition in the number of specimens to the Herbarium; also a number of *Exsiccoti* sets have been added to it.

V. *Entomology Division*.—During the last three years the research activities of the Entomology Division has increased in several directions so much so that the Section of Entomology has been raised to the status of Division of Entomology consisting of the sections of Insect Parasitology, Insect Taxonomy, Insect Ecology, and Insect Toxicology. In each of these sections entirely new lines of research have been taken up.

*Insect Parasitology*:—

*The biological control of the potato tuber moth by an exotic larval parasite, Bracon gelechiæ*.—The larval parasite, *Bracon gelechiæ*, which has been recently imported from Canada, is being successfully mass produced on the larvæ of the rice moth, *Corcyra cephalonica*, in the Parasite Laboratory of the Indian Agricultural Research Institute. Preliminary experiments are very encouraging and this parasite can be quite useful to keep the potato tuber moth, that causes colossal losses wherever potato is grown and stored, under check under Indian conditions. Arrangements are being made to release the parasites in potato storage godowns in Bihar, where this pest is causing serious losses to potato tubers stored in godowns.

*The biological control of the sugarcane and jowar stem borers*.—Experiments have been in progress in the Parasite Laboratory for the last two years, to find out suitable Laboratory hosts for the mass breeding of some of the promising parasites of sugarcane borers. Recently a good alternate host has been discovered for the first time, to mass breed *Stenobracon deesse*, a larval parasite of the top, stem and root borers of sugarcane and also the stem borer of *Jowar*. The success of the mass multiplication of *Stenobracon* has potentialities for controlling not only the Sugarcane borers, but also the maize stem borer, *Chilo Zonellus*, which is a very serious pest of maize and *jowar* which are the poor man's food in our country. Field experiments with this parasite will be carried out during the coming season.

*Insect Taxonomy*.—In the realm of insect taxonomy, new lines of work have already been started in identifying members of the important family of pulse beetles by their genitalic structure and promising results are in the offing. Larval and pupal identification of various pests by the external morphology (including Chetotaxy) are in progress.

*Insect Ecology*.—The rise and fall of animal population has been studied under controlled conditions with such organisms as protozoa. We in this Institute have been studying for the past few years the rise and fall in insect population under natural conditions. Now we are starting an entirely new line of study on the population fluctuation of an insect under several controlled conditions of temperature and humidity. We have studied the ecology of grain storage and showed the comparative utility of ventilated stores

The behaviour of flies towards light, an important ecological factor, has been taken up. The effect of light, both quantity and quality, on adults and all the developmental stages of flies are being studied in detail. The influence of light and darkness of the

activities of flies, viz., flight feeding, pairing and egg laying are being observed. The results show that development of larvæ and growth of pupæ were themselves influenced by light and ultimate emergence from puparia required light. The preference of various coloured lights of equalized physical intensities by flies showed that blue light was liked most while yellow repelled them to a great extent. This may be of great importance in applied Entomology, especially for fly control in their favourite breeding places like dairies, staples and poultry yards.

*Insect Toxicology*.—Research on insect toxicology was practically non-existent in the Institute but now a number of problems are being tackled and a number of results have been obtained. The effect of temperature on the effectiveness of fumigants has been studied and it has been found that fumigation of stored grain should be carried out at higher temperature whereas the post-fumigation temperature should be kept as low as possible. It has been proved that specific susceptibility of insects to HCN is correlated with the amount of HCN absorbed. As regards the work in progress we are tackling the problems of (a) the effect of temperature on the toxicity of DDT dusts and (b) the effect of formulation on the toxicity of insecticidal sprays. None of these lines have ever been tackled in India.

VI. *Agricultural Engineering Division*.—New research as applied to mechanization of agriculture and the design of improved implements and methods so far as they apply to the ordinary cultivator in the main has been started with the formation of the Division of Agriculture Engineering.

#### PROGRESS IN RESEARCH ON MAIZE CROP

\*1621. **Shri Balwant Sinha Mehta**: (a) Will the Honourable Minister of Agriculture be pleased to state what progress has so far been achieved in research on Maize crop by the Indian Agricultural Research Institute?

(b) Is it a fact that one of its varieties is a forty day crop?

(c) If so, why is it not extensively grown where the availability of water, in view of the grain scarcity in the country?

**The Honourable Shri Jairamdas Doulatram**: (a) A statement is laid on the table showing the progress achieved so far in respect of research work on Maize carried out at the Indian Agricultural Research Institute.

(b) No. The earliest variety is a 65 days crop.

(c) Does not arise.

#### STATEMENT

*Note on Research on Maize carried out at Indian Agricultural Research Institute*

Research on maize crop was taken up at the Indian Agricultural Research Institute in April, 1946. Nearly 250 collections of varieties of Maize from all over India and also from countries such as U.S.A. and Australia, where great progress in maize research has been made, are under study.

In breeding work in desirable varieties has been under way for the last two years and this work has to be continued for another two or three years for the planning of single and double crosses for trials on a large scale in different Provinces.

For immediate results certain reputed commercial hybrids from U.S.A. and Australia were tried at Delhi and, on the basis of results obtained, steps have now been taken to import seed in sufficient quantity of four double crosses from Australia for trials in different maize growing tracts of India. Fundamental research on hybrid vigour is under progress.

#### INVESTIGATIONS OF INDIAN CENTRAL COCONUT COMMITTEE

\*1622. **Shreematty Annie Mascarene**: Will the Honourable Minister of Agriculture be pleased to state:

(a) the result of the investigation of the Indian Central Coconut Committee during the last ten years;

(b) whether the root and leaf diseases of the coconut tree are brought under control; and

(c) the extent of the areas affected by the disease?

**The Honourable Shri Jairamdas Doulatram:** (a) The Committee was set up only in February, 1945. The results of the investigations of the Committee are given in its reports for the period 1945-46 and 1946-47, copies of which are available in the Library of the House. A copy of the report for the period 1947-48 is not yet available, but will be placed in the Library of the House as soon as it is ready. A copy of a brochure recently prepared by the Committee is also available in the Library.

(b) Not yet. It has not yet been possible to apply the control measures on a wider scale as the work was at an experimental stage. It is now proposed to apply the measures on a 10 acre plot in Travancore and Cochin for purpose of demonstration.

(c) The area affected by the disease is approximately two lakh acres.

#### TRANSPORT OF WHEAT FROM EAST PUNJAB AND U. P. TO DELHI FOR PERSONAL USE

**\*1623. Shri Damodar Swarup Seth:** Will the Honourable Minister of Food be pleased to state:

(a) whether transport of wheat from Eastern Punjab and the United Provinces to Delhi for purely personal use is prohibited either by the Government of India or by the respective provincial Governments; and

(b) whether Delhi Province is a deficit area so far as its own requirement of wheat is concerned?

**The Honourable Shri Jairamdas Doulatram:** (a) Yes, by both East Punjab and U.P. except that U.P. Government have been permitting upto ten seers in the case of railway passengers for *bona fide* consumption; this limit is being reduced to two seers.

(b) Yes.

#### OVERCHARGING BY RAILWAY COOLIES ON E. P. RAILWAY

**\*1624. Dr. Raghu Vira:** Will the Honourable Minister of Railway be pleased to state:

(a) the number of Railway coolies detected in each of the last three months by Social Guides on the East Punjab Railway while over-charging passengers beyond the rates fixed; and

(b) the number of cases in which action was taken by the authorities?

**The Honourable Shri K. Santhanam:** (a) Four cases of railway coolies over-charging passengers were detected by social guides on the E.P. Railway during the last three months, two of these being in December, 1948 and two in January, 1949. There was no such case during February, 1949.

(b) Suitable action was taken in all these cases by the railway administration.

#### INSUFFICIENT AMOUNT OF CHANGE AT RAILWAY BOOKING OFFICES

**\*1625. Dr. Raghu Vira:** Will the Honourable Minister of Railways be pleased to state:

(a) whether Government are aware that railway passengers are put to considerable inconvenience for lack of sufficient change at Booking Offices and are sometimes refused tickets on that ground; and

(b) if so, whether Government propose to take any action in the matter?

**The Honourable Shri K. Santhanam:** (a) Government have information readily available in respect of only E.P. Railway who report that only one incident of lack of sufficient change at the booking office at Delhi Main station

came to light recently. In respect of other railways information has been called for and will be placed on the table of the house when received.

(b) So far as Delhi Main station is concerned, instructions have been issued to increase the imprest cash allowed to the booking office. In regard to other railways action will be taken if found necessary.

#### CRIME ON B. N. RAILWAY

**\*1626. Shri Santanu Kumar Das:** (a) Will the Honourable Minister of Railways be pleased to state the number of thefts, burglaries and dacoities which took place during the year 1947-48 on the Bengal Nagpur Railway?

(b) How many such cases have been detected by the Railway Police and what preventive measures have been taken in this regard?

(c) How many cases could not be detected and for what reasons?

**The Honourable Shri K. Santhanam:** (a) Information available indicates that there were 939 cases of thefts, two dacoities and three burglaries in the calendar year 1947 and that in the calendar year 1948 there were 1,537 cases of thefts, two dacoities and one burglary.

(b) 736 cases in 1947 and 927 cases in 1948 were detected by the railway police. Armed railway protection police now escort all important mail and passenger trains.

(c) 208 cases in 1947 and 613 cases in 1948 could not be detected. This is due mainly to the miscreants decamping from running trains or making good their escape before the arrival of the railway police.

#### REMOVAL OF FIRST AND SECOND CLASS COACHES FROM TRAINS ON B. N. RAILWAY

**\*1627. Shri Santanu Kumar Das:** (a) Will the Honourable Minister of Railways be pleased to state whether the Bengal Nagpur Railway have removed the first and second class coaches from trains?

(b) If so, when did they give effect to this change?

(c) Which are the trains on B.N. Railway running without first and second class coaches?

(d) Is any sleeping accommodation provided for long journey passengers in these trains?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) and (b). First and Second Class accommodation was removed from trains on the Bengal Nagpur Railway, as also other Indian Railways, from 1st January, 1949. If the reference is to the removal of Class I and Class II coaches, the reply is in the negative except that Class I accommodation has been withdrawn from the Howrah-Puri passenger trains with effect from 15th October, 1948, as the Class I accommodation was very meagrely utilised and there was a very strong need to augment Class III accommodation to reduce overcrowding.

(c) If the reference is to Class I and II coaches, 5-Down—6 Up Howrah-Puri passenger trains do not have Class I accommodation, as already stated in reply to parts (a) and (b) above.

(d) Not yet.

#### NEW VILLAGE POST OFFICES IN ORISSA

**\*1628. Shri Santanu Kumar Das:** (a) Will the Honourable Minister of Communications be pleased to state whether Government intend to open new Post Offices in the villages of Orissa?

(b) Is it a fact that there is want of accommodation for Post Offices and for the lower grade staff?

(c) What is the number of Post Offices functioning in private houses?

(d) What is the amount being spent every year towards rent of such Post Offices?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) Yes.

(b) In the opening of Departmental Post Offices, difficulty is generally experienced in securing office and residential accommodation. In the case of Extra Departmental Branch Post Offices, the office accommodation is provided by the Extra Departmental Agent and the lower grade staff attached to them make their own arrangements for stay.

(c) and (d). It is presumed that the honourable member desires to know the number of Extra Departmental Branch Post Offices which are situated in the houses of the Extra Departmental Agents. The number of such offices in Orissa is 478. No rent is paid since the allowance paid is inclusive of rent for the post office.

#### TRAVELLING ALLOWANCE TO TRAVELLING TICKET EXAMINERS

**\*1629. Mr. Tajamul Husain:** Will the Honourable Minister of Railways be pleased to state what amount of consolidated travelling allowance is paid per month to Travelling Ticket Examiners in the East Indian Railway, Bengal Nagpur Railway and East Bengal Railway?

**The Honourable Shri K. Santhanam:** On the Bengal Nagpur Railway, Travelling Ticket Examiners are paid Daily Allowance and not Consolidated Travelling Allowance.

By the East Bengal Railway the honourable member is presumably referring to that portion of the ex-Bengal Assam Railway which is now in the Indian Dominion.

A statement showing the Consolidated Travelling Allowance paid to Travelling Ticket Examiners of the East Indian Railway and the Indian Dominion portion of the ex-B.A. Railway is placed on the table of the House.

#### STATEMENT East Indian Railway

| Category                                    | Rate of consolidated travelling allowance.<br>Rs. A. P. |
|---------------------------------------------|---------------------------------------------------------|
| Travelling Ticket Examiners (Special Grade) | ... 31 4 0 p.m.                                         |
| Travelling Ticket Examiners, Grade I        | ... 25 0 0 p.m.                                         |
| Travelling Ticket Examiners, Grade II       | ... 18 12 0 p.m.                                        |

Those Travelling Ticket Examiners who prior to the introduction of the Crew system were substantive holders of permanent posts of Travelling Ticket Inspectors are paid consolidated travelling allowance at the rates shown below:—

| Category                                             | Rate of consolidated travelling allowance.<br>Rs. A. P. |
|------------------------------------------------------|---------------------------------------------------------|
| Staff drawing less than Rs. 100                      | ... 43 12 0 p.m.                                        |
| Staff drawing Rs. 100 and over but less than Rs. 200 | ... 62 8 0 p.m.                                         |
| Staff drawing Rs. 200 and over                       | ... 83 12 0 p.m.                                        |

*Sealdah Division of the E. I. Railway which was formerly a part of the Bengal Assam Railway*

Here the duties of Travelling Ticket Examiners are performed by employees designated as Crew men and Crew in-charges. The rates of consolidated travelling allowance paid to them are as follows:—

| Category                       | Rate of consolidated travelling allowance<br>Rs. A. P. |
|--------------------------------|--------------------------------------------------------|
| Crew-in-charge (old scale)     | ... 10 per cent. of pay.                               |
| Crew-in-charge (revised scale) | ... 25 0 0 p.m.                                        |
| Crew men (old scale)           | ... 10 per cent. of pay.                               |
| Crew men (revised scale)       | ... 18 12 0 p.m.                                       |

*Assam Railway (formerly part of the B. A. Railway)*

On this Railway Travelling Ticket Examiners on the old scale of pay Rs. 75—5—30—10—200 are granted consolidated travelling allowance as below:—

| Category                                             | Rate of consolidated travelling allowance.<br>Rs. A. P. |
|------------------------------------------------------|---------------------------------------------------------|
| Staff drawing less than Rs. 100                      | ... 43 12 0 p.m.                                        |

Crew-in-charge and Crew men on the revised scales of pay are granted consolidated travelling allowance of Rs. 25 and Rs. 18-12 p.m. respectively.

#### CLAIMS FOR GOODS BOOKED FROM PAKISTAN TO INDIA DURING DISTURBANCES

**\*1630. Giani Gurmukh Singh Musafir:** (a) Will the Honourable Minister of Railways be pleased to state whether Government have honoured the claims of displaced persons who booked their goods from Pakistan to India during the disturbances?

(b) If the answer to part (a) above be in the affirmative, how much amount has so far been paid to these persons in respect of such claims, and how many claims are still pending?

(c) What are the reasons for such claims remaining pending?

(d) If the answer to part (a) above be in the negative, what steps do Government propose to take to compensate the loss of these displaced persons?

**The Honourable Shri K. Santhanam:** (a) All claims cases are considered and decided on merits and no distinction is made between claims preferred by displaced persons and other claimants.

(b) Separate statistics to show the number of claims or the amounts involved paid to displaced persons are not maintained by railways.

(c) The claims the honourable member has in mind presumably refer to consignments booked from one Dominion to the other. The reason for a number of these claims remaining pending is to be found in the refusal of the Pakistan Railways to deal with them on the basis of agreed directives reached prior to partition. Consequently a revised method for dealing with such claims has been formulated and the Indian Government Railways are awaiting the making over of all relevant files by the Pakistan Railways.

(d) Does not arise.

#### FIXATION OF SUGAR CANE PRICES IN PROVINCES

**\*1631. Dr. P. S. Deshmukh:** (a) Will the Honourable Minister of agriculture be pleased to state what is the rate fixed by Government for the purchase of sugarcane in each of the Provinces of United Provinces and Bihar?

(b) Is there any rate fixed by the Government for the Provinces of Madras and Bombay and if not, why not?

(c) What is the actual rate at which sugar-cane has been purchased by factories in Madras and in Bombay?

(d) What steps do Government propose to take to remove the disparity between Bombay and United Provinces and Bihar?

(e) What redress have Government been able to give to the complaints made by the sugarcane growers in the Nasik district and if not, why not?

**The Honourable Shri Jairamdas Doulatram:** (a) Rs. 1-10-0 and Rs. 1-13-0 per maund in United Provinces and Bihar respectively.

(b) In Madras cane prices have been fixed at Rs. 1-11-9 per maund for factories having over 1,200 tons crushing capacity, Rs. 1-11-0 per maund for factories having between 300 and 1,200 tons crushing capacity and Rs. 1-8-8 per maund for factories having less than 300 tons crushing capacity. The Bombay Government have not fixed any price of cane either in factory areas or outside, as the factories have their own cane plantations.

(c) In the case of Madras, at the same rate as is fixed by the Madras Government. As regards Bombay the question does not arise as the quantities of cane purchased by factories outside their own plantations are insignificant.

(d) Unlike the United Provinces and Bihar factories, Deccan factories have their own plantations. The prices of sugarcane therefore cannot be the same.

(e) Fixation of cane price is mainly the concern of the Provincial Government. The Government of Bombay was asked to inquire into and deal with the complaint received from Nasik District.

## UNSTARRED QUESTIONS AND ANSWERS

### NUMBER OF SPINDLES AND LOOMS IN RAJASTHAN UNION

**123. Shri Balwant Sinha Mehta:** (a) Will the Honourable Minister of Industry and Supply be pleased to state the number of spindles and looms working in the Rajasthan Union?

(b) Did the Government of Rajasthan make any request for allocation of additional spindles and looms and was the request met with?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Spindles—17,560, Looms—804.

(b) The Government of Rajasthan did make a request for additional spindles and they were informed that an additional allotment outside the Expansion Plan settled in 1946 could only be permitted, if they furnished definite proof of availability of machinery in reasonable time. So far, the Government of Rajasthan have failed to furnish any such evidence.

### ADJUSTMENT OF ACCIDENTS BETWEEN B.B. AND C.I. AND MEWAR STATE RAILWAYS

**129. Shri Balwant Sinha Mehta:** (a) Will the Honourable Minister of Railways be pleased to state how much money has so far been realised by the B. B. and C. I. Railway from Mewar State Railway for transit of M. S. Railway wagons over the Berach Junction Railway Bridge near Chittorgarh?

(b) What is the actual cost of the bridge?

(c) Is there any contract between the B. B. and C. I. Railway and the M. S. Railway and if so, when is it coming to an end?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) The information readily available relate to the three years from 1945-46 to 1947-48 and are as given below:

| Year    | Rs. | A.    | P.  |
|---------|-----|-------|-----|
| 1945-46 | ... | 4,408 | 9 0 |
| 1946-47 | ... | 5,254 | 2 0 |
| 1947-48 | ... | 5,354 | 8 0 |

(b) The bridge having been constructed more than fifty years ago, the actual cost incurred is not readily available. The approximate cost, it is estimated, was Rs. 2,00,000.

(c) Yes, there is an agreement between the B.B. and C.I. Railway and the Mewar State Railway (now Rajasthan Railway), which is terminable on 6 months notice.

### PRODUCTION, CONSUMPTION, IMPORT AND EXPORT OF OILSEEDS

**130. Shri Lakshminarayan Sahu:** Will the Honourable Minister of Agriculture be pleased to state:

(a) the quantity of various oil-seeds (i) produced in, (ii) imported into (iii) consumed in and (iv) exported from, India during the last three years;

(b) the quantity of oil and oil-cake consumed in, and exported from, India during the same time;

(c) the quantity of oil and oil-cake consumed in India by (i) human beings, (ii) cattle and (iii) industries, during the same period;

(d) the various industries, which used oils and oil-cakes and the quantities thereof during the same period; and

(e) whether attempts have been made to conserve oil and oil cakes for human and cattle consumption in India and for export abroad and find substitutes for local industrial uses?

**The Honourable Shri Jairamdas Doulatram:** (a) to (d). Four statements giving the information available are placed on the table of the House.

(e) Having regard to the over all world shortage of oils and fats, exports of oils outside India are restricted and the quantity to be exported is decided only after taking into account the various factors, such as the internal supply position, indigenous demand both for edible and industrial purposes and the demand from various foreign countries. It is also the policy of the Government to allow export more in the form of oil than of seed with a view to augment the production of oil and cake in the country. The Government have already taken steps to obtain information regarding the availability of Mohwa, Nahore and Karanjia seeds so that the non-edible oils derived from these sources could partly replace the edible oils for soap-making.

As regards oil-cakes India exported on an average about four lakh tons of oil-cakes during pre-war years. Since then there has been a considerable increase in the consumption in India of oilcake both as cattle feed and as manure. With a view therefore to conserving the available supplies exports of oil-cakes from India with the exception of Mohwa-cakes are completely prohibited.

## STATEMENT I

\* Consumption is calculated on the basis of Production *minus* net exports.

## 2103

*Quantity of oil and oilcakes consumed and exported from India.*  
(In 8 '000 tons)

Exports during 1945-46 to 1947-48 (In tons)

### STATEMENT III

*Estimated consumption of oils and oilcakes in India (In '000 tons)*

#### STATEMENT IV

(In '000 tons)

(a) Mohwa, noam etc.

(b) Includes quantities for the manufacture of brake fluid, hair-oils and other miscellaneous uses.

### IMPROVEMENT IN YIELD OF PADDY AND WHEAT

131. **Shri Satis Chandra Samanta:** (a) Will the Honourable Minister of Agriculture be pleased to state what is the expected increase in yield of paddy and wheat per acre by (i) the use of manures and fertilisers; (ii) improved seeds; and (iii) major and minor schemes of irrigation—province by province?

| 1       | 2                                                                                                                                      | 3                             | 4                                                                                                                               |
|---------|----------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Myraore | (1) Ammonium sulphate at the rate of 12½ to 30 lbs. N increases yield from 13 to 20%<br>(2) Superphosphate gives an increase from 4—8% | Cakes give an increase of 15% | (1) Green manuring gives an increase of 10—50%<br>(2) Compost at the rate of 5 tons per acre gives an increase from nil to 5.0% |

## STATEMENT II

Showing the increase in yield of Wheat per acre due to manuring.

| Provinces of Tract | Application of inorganics | Application of cakes | Application of green manures etc. |
|--------------------|---------------------------|----------------------|-----------------------------------|
| 1                  | 2                         | 3                    | 4                                 |

## Irrigation conditions.

|                                                             |                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

(b) What are the quantities of fertilisers to be put per acre and the corresponding increase in yield per acre?

(c) What are the plans of Government to procure and distribute these fertilisers?

(d) What doses of Nitrogenous, Phosphatic, and Potassic fertilisers have been found to give best yields of paddy and wheat in different provinces and what is the corresponding increase in yield thereby?

(e) What are the places where such experiments have been made?

(f) Is there any publication in which the results of such experiments have been recorded?

(g) If so, do Government propose to place a copy of the publication on the table of the House and if there is none, do Government propose to give references?

**The Honourable Shri Jairamdas Doulatram:** (a) (i) The increase from the use of improved seeds varies between 5 per cent. to 10 per cent. in case of different cereal crops in different regions.

(ii) The increase in yield due to irrigation, whether from major or minor irrigated projects is between 50 per cent. to 100 per cent. in case of rice and wheat depending on the regional rainfall. It is regretted that information province-wise is not available.

(iii) With regard to manures and fertilisers information will be given in answer to part (b) of this question.

(b) The quantity of fertilizers to be applied per acre and the corresponding increase in yield per acre vary with the soil type, climatic condition and nature of crops grown and also whether the crops are irrigated or un-irrigated. A detailed statement giving the results of manual experiments conducted in the various provinces is placed on the table of the House.

(c) All the quantities of nitrogenous fertilisers allocated to India by the International Emergency Food Council are imported on State account and are pooled with the indigenous supplies and supplied to Provincial Governments. The scheme has been in operation since 1943-44; is run on 'No profit no loss' basis, and will continue so long as imports are considered necessary. As regards phosphatic fertilisers, the Government of India have recently started a scheme under which superphosphate and bonemeal are also distributed by the Government of India to the Provinces and States at prices fixed.

(d) and (e). Information has already been given in reply to (b) above.

(f) and (g). Copies† of three publications containing information referred to are placed on the table of the House.

#### STATEMENT I

*Showing the increase in yield of paddy with the application of manures in different parts of India.*

(Increase percentage in yield per acre)

| Province | Application of inorganic fertilizers.                                                      | Application of cakes                                                                   | Application of green manure etc.                          |
|----------|--------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------|-----------------------------------------------------------|
| 1        | 2                                                                                          | 3                                                                                      | 4                                                         |
| Bengal   | Ammonium sulphate at the rate of 20—40 lbs. N per acre, increases yield from 12.0 to 44.0% | Groundnut and mustard cake at 20—40 lbs. N per acre increases yield from 24.0 to 41.0% | Green Manuring increases yield by 22% and F.Y.M. by 10.0% |
| Madras   | Ammonium sulphate at the rate of 30—45 lbs. N. per acre increases yield from 15—35%        | Cakes supplying Nitrogen 20 to 60 lbs. per acre, increase yield from 15—45%            | Green manuring with 60—90 lbs. N increases yield by 100%  |

† Not printed in the day's Debate. Copies placed in the Library of the House—*Ed. of D.*

| 1                    | 2                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 3                                                                           | 4                                                                                                                                                                                                       |
|----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Bihar                | Ammonium sulphate 20-40 lbs. Nitrogen per acre increases yield from 13 to 60%                                                                                                                                                                                                                                                                                                                                                                            | ..                                                                          | (a) Green manuring sann or Dhaincha supplying 40 lbs. N increases yield by 20%<br>(b) Combination of superphosphate and green manuring supplying 40 lbs. P2O5 and 40 lbs. N increases yield from 35—50% |
| Assam                | Ammonium sulphate at the rate of 60 lbs. N. per acre increases yield by 32.0%                                                                                                                                                                                                                                                                                                                                                                            | ..                                                                          | ..                                                                                                                                                                                                      |
| Orissa               | (a) Ammonium sulphate at the rate of 30-45 lbs N per acre gives an increase of 20—29%<br>(b) Superphosphate at the rate of 30 lbs. P2O5 increases yield from nil to 29.0%                                                                                                                                                                                                                                                                                | Cakes at the rate of 15—45 lbs. N per acre, increase yield of paddy.        | Green manuring with Dhaincha at 30-45 lbs. N per acre, increases yield from 12—33%                                                                                                                      |
| Bombay               | Profitable responses have been obtained with sulphate of ammonia at the rate of 30—40 lbs. N                                                                                                                                                                                                                                                                                                                                                             | Groundnut cake at the rate of 48 lbs N per acre gives an increase of 47—69% | ..                                                                                                                                                                                                      |
| United Provinces     | (1) Ammonium sulphate at 50 lbs. N per acre increases yield by 32.0%<br>(2) Superphosphate or Bone-meal do not give any appreciable increase in yield. The max. increase is only 8.0%<br>(3) Niciphos at the rate of 25—50 lbs. N increases yield from 20—30%<br>(4) At Gorakhpur in U. P. Niciphos at the rate of 50 lbs. N & P2O5 gave an increase of 80%                                                                                              | Cakes at the rate of 20—60 lbs. N., increase yield from 7—48%               | (1) Compost at the rate of 25—50 lbs. N per acre increases yield of 9—18%<br>(2) Green manuring like sannhemp and Dhaincha gave an increased yield of 57—90%                                            |
| Karnal (East Punjab) | (1) Ammonium sulphate at the rate of 40 lbs. N per acre increases yield by 24—28%<br>(2) Superphosphate at the rate of 40 lbs. P2O5 per acre increases yield from nil to 15.0%<br>(3) Combination of N.P. at 40 lbs. N & 40 lbs. P2O5 increases yield from 12 to 24%<br>(4) Combination of N. K. at the rate of 40 lbs. N and 60 lbs. K2O increases yield from 20—30%<br>(5) Complete fertilizers at the rate of 40 : 40 : 60 increase yield from 12—30% | ..                                                                          | ..                                                                                                                                                                                                      |
| Central Provinces    | Ammonium sulphate at the rate of 10—20 lbs. N gives an increase of 20—70%                                                                                                                                                                                                                                                                                                                                                                                | Cakes at the rate of 20—60% N per acre increase yield from 26—101.0%        | ..                                                                                                                                                                                                      |

## CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE)

### DEBATES

#### (PART I—QUESTIONS AND ANSWERS)

Tuesday, 5th April, 1949

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock, Mr. Speaker (The Honourable Mr. G. V. Mavalankar) in the Chair.

#### STARRED QUESTIONS AND ANSWERS

##### (a) ORAL ANSWERS

##### EXPENDITURE ON EMPLOYMENT EXCHANGES

**\*1632. Dr. Mono Mohan Das:** Will the Honourable Minister of Labour be pleased to state:

(a) the total expenditure that has been incurred by Government during the year 1948-49 for maintaining the "Employment Exchange" with its branch offices all over the country; and

(b) the total number of people that have been given employment during 1948-49 by the "Exchange"?

**The Honourable Shri Jagjivan Ram:** (a) For the first ten months of 1948-49 (April 1948 to January 1949) an expenditure amounting to a gross total of Rs. 28,69,600 was incurred for maintaining the Employment Exchanges spread all over the country. The Central Government's share towards this expenditure is Rs. 18,07,680 only.

(b) 2,33,039 persons were found jobs during the same period by the Employment Exchange Organisation.

**Dr. Mono Mohan Das:** What is the expenditure per capita incurred by Government on people who receive employment through these Exchanges?

**The Honourable Shri Jagjivan Ram:** It is 12.2 rupees.

**Dr. Mono Mohan Das:** May I know if any fee is charged at the time of registration or of employment?

**The Honourable Shri Jagjivan Ram:** No fee is charged at any stage.

**Dr. Mono Mohan Das:** May I know how many training and vocation centres are working now under these Exchanges?

**The Honourable Shri Jagjivan Ram:** I have not got the figures about the centres.

**Prof. N. G. Ranga:** Are any steps being taken to provide these Employment Exchange facilities to migratory agricultural labour?

**The Honourable Shri Jagjivan Ram:** Some of the provincial Governments are starting district employment officers and our programme is to register all categories of labour including agricultural labour.

**Shri V. C. Kesava Rao:** Is there any proposal to make this organisation permanent?

**The Honourable Shri Jagjivan Ram:** In the Labour Ministers' Conference a decision was taken to make this organisation permanent. But with regard to the centre there is at present a constitutional difficulty, employment being in the State list. If in the draft constitution it is included in the concurrent list that difficulty may be removed.

**Shri Mahavir Tyagi:** May I know what part of this expenditure was incurred on publicity and on advertising the achievement of the department?

**The Honourable Shri Jagjivan Ram:** For expenditure under the separate heads I shall require notice.

#### FOREIGN DEPUTATIONS SENT DURING 1948-49

\*1633. **Dr. Mono Mohan Das:** (a) Will the Honourable the Prime Minister be pleased to state how many foreign deputations have been sent during the year 1948-49 and to what countries?

(b) What is the total expenditure incurred by the Government for sending such deputations to foreign countries?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): (a) and (b). A statement giving the required information is placed on the table of the House.

#### STATEMENT

| Sponsoring Ministry | Number of Foreign deputation | Purpose of deputation                                                                                                 | Country to which sent | Cost incurred            |
|---------------------|------------------------------|-----------------------------------------------------------------------------------------------------------------------|-----------------------|--------------------------|

companies are getting the same conditions of service regarding pay and other benefits as the seamen of other nationalities?

(b) If the answer to part (a) above be in the negative, what steps are proposed to be taken for the benefit of Indian seamen?

**The Honourable Shri K. C. Neogy:** (a) and (b). The wages and certain other conditions of service of Indian seamen employed by foreign companies are not as favourable as those enjoyed by seamen of other nationalities. This disparity does not obtain in the coastal trade, but only in the overseas trades, as in the coastal trade non-Indian crews are not generally employed. The conditions on which Indian seamen are employed are primarily a matter for resettlement between employers and the seamen themselves. But Government have used their good offices as and when appropriate occasions arose in securing improvement in such conditions. The wages of Indian seamen have increased by 400 per cent. since 1939. Government can reasonably claim that this improvement has in no small measure been due to their efforts. It is the intention of Government to have the conditions of employment of Indian seamen progressively improved till they reach the standards prescribed for them in the various Maritime International Labour Conventions adopted in 1946. To secure this objective Government use their good offices with the Maritime Boards that have been formed in Calcutta and Bombay and at International Labour Conferences where their representatives endeavour to secure the early ratification of the various International Conventions by other countries, whose ships employ Indian seamen.

**Shri V. C. Kesava Rao:** May I know the comparative wages paid to seamen in America, Britain, China and India?

**The Honourable Shri K. C. Neogy:** I have the figures for the U.K. So far as the U.K. is concerned, the wages of an Indian deck-hand before the war used to be Rs. 25 per month; now the wages stand at Rs. 125. So far as the British rates are concerned, the pre-war rate was Rs. 135, and now it has been raised to Rs. 270 per month.

**Shri B. N. Munavalli:** On how many occasions were the good offices of Government used and with what results?

**The Honourable Shri K. C. Neogy:** A number of international conferences have taken place at which such questions were discussed and also in the organisation of the Maritime Boards which have now been functioning, and recently Government have decided to participate in the Maritime Boards which were of a bipartite character previously and now with the admission of Government representatives on these Boards they will be tripartite in character. It is these Boards which will be concerned with detailed negotiations in this behalf with the employers.

**Prof. Shibban Lal Saksena:** Is there any difference in the kind of work performed by the Indian seamen and the other seamen for the difference in wages to be so great?

**The Honourable Shri K. C. Neogy:** That is really the justification put forward by the employers.

**Shri R. K. Sidhva:** The Honourable Minister stated that Indian seamen today draw 400 per cent. more wages. May I know the comparative figures of the other countries?

**The Honourable Shri K. C. Neogy:** I have given the figures. In the case of the U.K. seamen it rose from 135 to 270 and in the case of the Indian seamen it rose from 25 to 125.

**Prof. N. G. Ranga:** Are any steps being taken to provide welfare facilities for Indian seamen in London and Liverpool?

**The Honourable Shri K. C. Neogy:** That does not directly arise—but yes.

**Srijut Kuladhar Chaliha:** May I know whether the amenities given to our seamen are the same as those given to European seamen on board the ships?

**The Honourable Shri K. C. Neogy:** Not exactly the same in character.

**Prof. Shibban Lal Saksena:** May I know if there is any difference in the hours of work of the Indian seamen and the British seamen?

**The Honourable Shri K. C. Neogy:** There used to be a difference in the hours of work, but we have definitely insisted upon equality so far at least as hours of work are concerned.

**Dr. V. Subramaniam:** May I know whether they are employed by the companies on an annual basis and the number of days of work which they must put in?

**The Honourable Shri K. C. Neogy:** As far as I know they are not employed on an annual basis.

**Prof. N. G. Ranga:** Is there any disparity in the food supplied to the Indian seamen and the English seamen?

**The Honourable Shri K. C. Neogy:** As far as I am aware, yes.

**Prof. N. G. Ranga:** Has there been any improvement in the food supplied to Indian seamen?

**The Honourable Shri K. C. Neogy:** Yes, that has been my information.

**Shri V. C. Kesava Rao:** May I know whether the training of seamen is included in the terms of reference of the Indian Merchant Navy Officers Training Committee?

**The Honourable Shri K. C. Neogy:** That is so; as a matter of fact the Committee is just now engaged on an inquiry into this particular question; they have reported on other matters but their report on this particular question is awaited.

**Shri R. K. Sidhva:** May I know whether steps have been taken to remove the distinctions existing between rest houses for Indian seamen and European seamen?

**The Honourable Shri K. C. Neogy:** All this is under consideration.

**Prof. Shibban Lal Saksena:** May I know the number of Indian seamen employed on British and other liners?

**The Honourable Shri K. C. Neogy:** I am afraid I cannot give the number straightway.

#### MEMBERSHIP OF I.N.T.U.C., A.I.T.U.C. AND SOCIALIST GROUP

\*1636. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Labour be pleased to state the total membership of the affiliated Unions of the I.N.T.U.C., A.I.T.U.C. and the Socialist group (labour)?

(b) How many strikes were sponsored by each one of them during 1948?

(c) Which of the three is recognised by Government?

**The Honourable Shri Jagjivan Ram:** (a) Information regarding the total number of affiliated unions and membership as on the 31st December, 1948 was called for from the Indian National Trade Union Congress, All-India Trade

Dr. Mono Mohan Das: May I know whether trade delegations are included in the list?

Dr. B. V. Keskar: Yes, Sir.

## STARTING LOTTERIES FOR REHABILITATION OF REFUGEES

\*1634. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Relief and Rehabilitation be pleased to state whether any institution or concern has suggested to Government to start lotteries for the purpose of rehabilitating displaced persons?

(b) If so, has such a proposal been considered and with what result?

**The Honourable Shri Mohan Lal Saksena:** (a) Yes.

(b) The proposal has not been approved.

**Shri R. K. Sidhva:** May I know the reasons why it is not approved?

**The Honourable Shri Mohan Lal Saksena:** I think I gave the reasons before. They are:

(i) Government do not subscribe to the view that the end justifies the means. Lotteries only appeal to the gambling instincts and should not be encouraged by Government on moral grounds;

(ii) Those who will gamble (and there may be refugees among them) may not be in a position to afford to do so.

(iii) Government accepted the task of rehabilitation of refugees as a sacred trust to be discharged out of its general resources. It could not be held that lack of funds alone was responsible for delay in this work;

(iv) For a Government to resort to a lottery for raising funds was to admit its bankruptcy and would adversely affect its credit both inside and outside the country;

(v) It might affect contributions by the public towards loan floated by Government and towards certain other national funds;

(vi) It is not the policy of Government to raise separate funds to meet any particular expenditure;

(vii) The sale of tickets would have to be limited to India only as sale of tickets in foreign countries might involve exchange complications;

(viii) Government having in recent years banned the sale of lottery tickets of certain foreign countries (Burma, Malta and Goa) could not now sell lottery tickets in foreign countries;

(ix) The expectation that the lottery would raise large amounts is not justified and might prove to be wrong.

**Shri R. K. Sidhva:** May I know whether the Prize Bond system of the present Government comes within the category of lottery?

**The Honourable Shri Mohan Lal Saksena:** The Honourable Member is aware that the present Government is not responsible for introducing the Prize Bond system. It was introduced by the previous Government during the war.

**Shri R. K. Sidhva:** But is not the system being continued?

**Mr. Speaker:** That is a matter of opinion.

**Shri V. C. Kesava Rao:** Has any scheme of rehabilitation been held up for want of funds?

**The Honourable Shri Mohan Lal Saksena:** Unless the honourable member refers to any particular scheme I cannot reply off-hand.

## CONDITIONS OF SERVICE OF INDIAN SEAMEN EMPLOYED IN FOREIGN COMPANIES

\*1635. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Commerce be pleased to state whether Indian seamen employed by foreign

2120 CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [5TH APRIL 1948]  
Union Congress and the Hind Mazdoor Sabha. The respective claims of these organisations are given in the statement below:

| Name of the organisation.            | Number of unions | Membership on 31st Dec. 1948 |
|--------------------------------------|------------------|------------------------------|
| Indian National Trade Union Congress | 797              | 936,933                      |
| All-India Trade Union Congress       | 727*             | 6,38,727*                    |
| Hind Mazdoor Sabha                   | 339              | 6,18,802                     |

These figures have not yet been verified.

\* The figures include Unions in French India and Unions which have since disaffiliated or sought disaffiliation.

(b) Government have no information of the number of strikes sponsored by each organisation. The total number of strikes, however, during the quarters ending the 31st March and the 30th June 1948 were 360 and 353 respectively. The provisional figures for the period July to December, 1948, are as follows:

| Month     | Total number of strikes |
|-----------|-------------------------|
| July      | 26                      |
| August    | 35                      |
| September | 70                      |
| October   | 90                      |
| November  | 89                      |
| December  | 85                      |

(c) All of them have been recognised by Government.

**Prof. N. G. Ranga:** Is it not a fact that the A.I.T.U.C. as well as the Hind Mazdoor Sabha have disavowed all responsibility for implementing the Industrial Truce?

**The Honourable Shri Jagjivan Ram:** This is not equally true in the case of both the organisations. The All-India Trade Union Congress from the very beginning did not accept the Industrial Truce Resolution. The Hind Mazdoor Sabha accepted it in writing. As to how far they have implemented it I am not in a position to give any definite reply at this stage.

**Shri R. K. Sidhva:** May I know under part (b) how many strikes were successful and how many failed?

**Mr. Speaker:** Successful? It is a matter purely of opinion.

#### EXPORT OF MICA

\*1637. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Works, Mines and Power be pleased to state whether it is a fact that the exports of Mica have declined and if so, why?

(b) What action is being taken in the matter?

**The Honourable Shri N. V. Gadgil:** (a) No.

(b) Does not arise.

**Mr. K. T. M. Ahmed Ibrahim:** May I know what steps have been taken for the implementation of the recommendations of the Mica Enquiry Committee?

**The Honourable Shri N. V. Gadgil:** The matter is under consideration.

**Dr. V. Subramaniam:** What is the total tonnage of export allowed of mica—the quantity produced and the quantity exported?

**The Honourable Shri N. V. Gadgil:** For which particular year?

**Dr. V. Subramaniam:** For last year.

**The Honourable Shri N. V. Gadgil:** In 1947 the quantity of mica export was 192,671 cwt. During 1948 it has gone up to 349,488 cwt.

**Prof. N. G. Ranga:** Are any steps being taken to provide processing facilities to the mica miners and also dollar exchange so that they can import the necessary machinery for developing processing here?

**The Honourable Shri N. V. Gadgil:** That also is under consideration because this is one of the recommendations of the Mica Enquiry Committee.

**Babu Ramnarayan Singh:** Are any steps being taken to see that mica may be consumed in this country?

**The Honourable Shri N. V. Gadgil:** To the extent possible this will be done.

#### INDIAN CONSULATES AND EMBASSIES

\*1638. **Shri Brajeshwar Prasad:** (a) Will the Honourable the Prime Minister be pleased to state how many Consulates and Embassies have been established after the last Budget Session?

(b) What are the names and salaries of those who have been appointed either as Ambassadors, Consuls or Consul-Generals?

(c) What are the names of the places where these Consulates and Embassies have been established?

(d) What is the total number of officers in each such Consulate and Embassy?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): A statement is laid on the table of the House.

## STATEMENT

Showing Embassies, Legations, Consulates-General, Consulates etc. opened since the 31st March 1948.

## Summary of Missions opened after Budget Session in February-March 1948.

|                          |                                                            |
|--------------------------|------------------------------------------------------------|
| (i) Embassies            | 5 (Afghanistan, Turkey, Czechoslovakia, Italy and Brazil). |
| (ii) Legations           | 1 (Sweden).                                                |
| (iii) Consulates-General | 3 (New York, San Francisco and Kashgar).                   |
| (iv) Consulates          | 2 (Saudi Arabia (Jedda) and South Siam (Songkhla)).        |
| (v) Vice-Consulates      | 2 (Zahidan (Iran) and Medan (Sumatra)).                    |

**The Honourable Shri Jawaharlal Nehru:** Sir, may I seek your guidance in regard to certain questions which involve enormous labour in the preparation of their answers? The question which has just been answered by a statement being laid on the table has been asked, I think, roughly about a dozen times in slightly varying forms. This represents 95 per cent. the same, with something slightly different. We have to go through the same labour again and again and we have to employ additional staff for it. There is one question in today's list by the honourable member Prof. Shibban Lal Saksena—I think it is No. 1638—the information we are going to supply in respect of which covers about thirty to forty pages of typed material. We have actually had to engage special staff for preparing it, not to speak of the large volume of printed papers and documents to be supplied—so that I just wanted to seek your guidance and the guidance of the House as to how we are to deal with these questions which come again and again and which involve so much labour which I think is hardly necessary. Any specific point we are always prepared to answer; but this kind of wide encyclopaedic information on every occasion makes it difficult for us to function.

**Mr. Speaker:** The aspect pointed out by the Honourable the Leader of the House has also caused an amount of anxiety and consideration on my part while admitting questions. If the question has been previously answered substantially in respect of the same matter, I generally disallow the question on the ground that the question has been answered already. But if there is, as he pointed out, some variation in the question, it becomes difficult to rule out that question. I have also recently advised the Members to put in unstarred questions in respect of certain information that they want, but that does not, of course, meet the difficulty pointed out by the Honourable the Leader of the House, because whether it is starred or unstarred, the amount of labour in collecting the information is the same. I think the best course would be for honourable members themselves when they put any questions to study the previous records. I may also mention that a new system has been introduced since last year, namely that of publishing the Questions and Answers as a separate volume with a separate index for them. This was done with a view to avoid the difficulty that arises as to whether questions have been previously put on that subject or not. Members may as well take advantage of that. That is one thing.

Sometimes questions are admitted before other questions which are also admitted are answered in the House and the supplementaries put supply the answer to questions previously admitted. That also sometimes happens. Then it becomes impossible to take out the admitted Question from the list of Questions. That is also one of the reasons why there is a repetition of the same question over and over again. But in cases of the type, which the Honourable the Leader of the House has pointed out, I think it is always open to Government to say that the time and trouble involved is not commensurate with the advantages of the information which they could give. They may also as well point out the relevant records from which the information can be had.

I am supported herein by a previous ruling, as the Secretary points out to me.

I do recognise the necessity of honourable members considering, in the new set up, the nature of the information that they should have and the length of Questions which they should put. One rule allows me to disallow questions

which are of excessive length; that also I am trying to do. But after all, in all this, one requires the co-operation and proper understanding of the attitude on the part of members. I do not think I can give any further general view of the matter.

**Shri Biswanath Das:** May I just make a representation?

**Shri H. V. Kamath:** Sir, we may discuss this after the Question Hour is over.

**Mr. Speaker:** That is what I think. The honourable member may well do that by seeing me in the Chamber at any convenient time.

**Shri Biswanath Das:** Sir, I do not want to utilise that opportunity.

**Mr. Speaker:** Next question, No. 1639.

**Shri Brajeshwar Prasad:** To save the time of the House, I would not put this Question.

**Mr. Speaker:** All right. Next Question.

**Shri Brajeshwar Prasad:** The same, Sir.

**Mr. Speaker:** I may say one thing about these Questions. If he does not put the Questions they will not find a place at all in the reports.

**Shri Brajeshwar Prasad:** I do not attach much importance to it.

**Mr. Naziruddin Ahmad:** It does not save the time of the House at all. We spend one hour, and the Ministers have undergone all the labour, so it does not save anybody's time.

**Mr. Speaker:** It saves the time of the Question Hour. Next Question.

#### INDUSTRIAL HOUSING SCHEME

\*1641. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Labour be pleased to state whether any scheme has been prepared by Government to provide houses for the working classes in various parts of the country?

(b) Do Government intend to ask the industrialists to contribute towards the cost of such a scheme?

**The Honourable Shri Jagjivan Ram:** (a) The Government of India have recently approved a general scheme of Industrial housing, the details of which will be published shortly. In addition, the Government of India have a scheme for the construction of houses for coalminers, which is being administered by the Coal Mines Welfare Fund.

(b) As regards the main Industrial Housing Scheme, a due share of the cost will be recovered from employers.

So far as the housing of colliery miners is concerned, the cost is met by the levy of an excise duty on coal and coke despatched from the collieries.

**Shri R. K. Sidhva:** Do Government intend, as far as part (b) is concerned, to recover the amount from industrialists by legislation or by some executive orders?

**The Honourable Shri Jagjivan Ram:** It will be decided on experience whether legislation is necessary or whether it may be done by executive order with the co-operation of the employers.

**Shri R. K. Sidhva:** Do Government intend to take steps to ask the existing industrialists to build houses for the workers where they do not exist?

**The Honourable Shri Jagjivan Ram:** It covers both the existing and new industries.

## SCIENTIFIC RESEARCH IN UNIVERSITIES

\*1642. **Shri V. C. Kesava Rao:** Will the Honourable the Prime Minister be pleased to state what steps are being taken to stimulate scientific research in the universities especially Atomic Physics?

**The Honourable Shri Jawaharlal Nehru:** The Universities have to perform the dual functions of training scientific workers and of conducting fundamental and applied research. The Government of India are stimulating scientific research in universities by—

(1) sanctioning grants-in-aid for buildings and equipment required for research, the expansion of special research departments and the conduct of approved research schemes;

(2) the discovery and training of talented persons through post-graduate schemes and fellowships.

Grants-in-aid totalling over Rs. 28 lakhs have been sanctioned for this purpose during 1948-49.

Fellowships have been awarded for research in nuclear physics. A National Professorship of Physics has been created at the Indian Academy of Sciences, Bangalore. A conference of university representatives and eminent scientists convened by the Atomic Energy Commission met in New Delhi on the 20th and 21st January, 1949, and discussed the drafting of suitable syllabuses for the teaching of nuclear physics, chemistry and mathematics in our universities to equip the students for higher research in these subjects. A Committee of experts is now drawing up draft syllabuses for the teaching of these subjects in our universities.

**Shri V. C. Kesava Rao:** What are the Universities in which nuclear physics is being taught at present?

**The Honourable Shri Jawaharlal Nehru:** I could not straightaway give a precise answer, but certainly Calcutta, Allahabad and some others.

**Shrimati G. Durgabai:** May I know whether the Andhra University is one of the Universities in which this Department to conduct atomic research is being undertaken?

**The Honourable Shri Jawaharlal Nehru:** I do not know.

**Shri V. C. Kesava Rao:** May I know whether the subject of scientific research is included in the terms of reference of the University Commission?

**The Honourable Shri Jawaharlal Nehru:** I am afraid I do not know, but to some extent I suppose it must be so because there are very eminent scientists on the University Commission.

## FUNCTIONS OF CENTRAL LABOUR ADVISORY COUNCIL

\*1643. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Labour be pleased to state what are the functions of the Central Labour Advisory Council?

(b) Have the Provincial Governments been advised to form such councils for the provinces and if so, what are the provinces where such councils are functioning?

**The Honourable Shri Jagjivan Ram:** (a) The functions of the Central Advisory Council of Labour are set out in para. 3 of the Ministry of Labour Resolution No. IR. 86(9), dated the 29th September 1948, a copy of which is in the Library of the Legislature.

(b) Yes. Provincial Laboratory Advisory Boards have been set up in all the Provinces except Orissa. The Government of that Province are considering the question of constituting a Board.

## COMPLAINTS RE CLAY-MIXING WITH GROUNDNUT EXPORTED FROM INDIA

\*1644. **Shri M. Ananthasayanam Ayyangar:** Will the Honourable Minister of Commerce be pleased to state:

(a) how many complaints have been received so far by the Government of India regarding clay-mixing in groundnuts exported abroad;

(b) what action Government have taken or propose to take against such exporters;

(c) whether Government are aware that clay-mixing is an established process with the foreign-owned and the big groundnut exporting firms; and

(d) whether Government are aware that hand-decorticators, as introduced by the Groundnut Organisation, eliminate all clay from groundnuts?

**The Honourable Shri K. C. Neogy:** (a) One complaint was received from a representative of a Canadian firm, who visited India in 1948.

(b) No action could be taken in the matter as particulars of the firm or firms responsible for this practice have not been furnished to the Government of India.

(c) Government have no information in the matter.

(d) No.

**Shri H. V. Kamath:** Is the Minister aware of the fact that the Agriculture Ministry, in their marketing report on groundnut, at page 193, have published a photograph regarding the method of mixing clay with groundnuts?

**The Honourable Shri K. C. Neogy:** Well, I know the Agriculture Ministry is examining this aspect of the matter.

**Prof. N. G. Ranga:** What steps are being taken to prevent any such adulteration?

**The Honourable Shri K. C. Neogy:** The Agricultural Marketing Adviser is considering what steps could be taken by that Ministry for the purpose of checking the quality of our exports of this kind.

**Shri M. Ananthasayanam Ayyangar:** In answer to part (d), I heard the Honourable Minister say, "No". My question was "whether Government are aware that hand-decorticators, as introduced by the Groundnut Organisation, eliminate all clay from groundnuts?". If the Honourable Minister does not know already, would he make inquiries and find out if that is a better process?

**The Honourable Shri K. C. Neogy:** As a matter of fact, I did see a photograph of a machine of this kind, but I would invite my honourable friend's attention to an answer given by my honourable colleague the Minister of Agriculture to a question asked by Babu Ramnarayan Singh on the 30th March last in which this is what my honourable colleague stated:

"The type of hand decorticator now in use is not considered very suitable. The Indian Oilseeds Committee has announced a prize of Rs. 2,000 which will be granted to any person or body who designs the best model of decorticator at a cost not exceeding Rs. 100. The designs are to be received before 31st October 1949, after which the best design received will be selected by the Committee and steps will be taken for propagating its use."

**Shri M. Ananthasayanam Ayyangar:** Is the Government aware that continued mixing of clay reduces our market for groundnuts in foreign countries?

**The Honourable Shri K. C. Neogy:** I am perfectly aware of the undesirable practices that obtain in this matter, but I should like to tell the House that the very terms of agreement between the Indian supplier and the foreign buyer do provide for a percentage of impurities. As a matter of fact, a model contract which goes by the name of Marseilles contract permits impurities up to two per cent. Then in regard to exports to the U.K., they are generally made on the basis of contract terms formulated by the Incorporated Oilseeds Association and this contract fixes the price on pure basis and permits discount at prescribed scale for impurities. The specific complaint to which I have made reference is to the effect that impurities are mixed just to come up to the permissible percentage of impurities. It is not as if the impurities exceed the permissible limit.

**Babu Ramnarayan Singh:** Our export of oilseeds is divided into advanced quota and supplementary quota. May I know the advantages of this system?

**The Honourable Shri K. C. Neogy:** I wonder whether this arises out of the question. As a matter of fact, I have written a letter to my honourable friend explaining the very point.

**Babu Ramnarayan Singh:** Yes, Sir. I have received that letter. But may I know the reasons why this classification has been adopted?

**The Honourable Shri K. C. Neogy:** Advanced quotas are generally granted in respect of the first half year.

#### LICENCES FOR EXPORT OF GROUNDNUT TO ITALY

\*1645. **Shri M. Ananthasayanam Ayyangar:** Will the Honourable Minister of Commerce be pleased to state:

(a) whether some groundnut exporters were given licences to export groundnuts to Italy in dollars and others in sterling;

(b) if so, why this distinction was made;

(c) whether Government are aware that the exporters in dollars suffered losses because of this distinction;

(d) whether it is a fact that the foreign-owned and the big exporting firms were allowed to sell groundnuts in sterling to Italy and the producers were asked to sell in dollars alone; and

(e) whether Government would reconsider the matter?

**The Honourable Shri K. C. Neogy:** (a) During 1948, a quota of 5,500 tons of groundnut in terms of oil for export to Italy was fixed by the International Emergency Food Council, the entire quota being allowed to be exported to Italy against sterling. The quotas were given 90 per cent. to established shippers and 10 per cent. to newcomers. Apart from the quotas fixed by the I.E.F.C., the Government of India set aside a further quota for export to hard currency countries. Some shippers asked for a portion of the hard currency quota to be given to them for export to Italy on the ground that that country was anxious to pay in dollars for additional supplies over and above the I.E.F.C. allocation.

(b) From what has been explained, it will be clear that no distinction was made and only such shippers got licences for export to Italy against dollars as specially asked for it.

(c) to (e). Do not arise.

**Shri M. Ananthasayanam Ayyangar:** Were all persons who wanted permits to be given for export in dollars granted licences?

**The Honourable Shri K. C. Neogy:** Yes, but then in some cases the parties could not produce evidence of sale. In those cases, licences could not be confirmed.

**Shri B. P. Jhunjhunwala:** What was the special reason for some of the shippers asking for export to hard currency areas?

**The Honourable Shri K. C. Neogy:** It is known to them, not to me.

**Babu Ramnarayan Singh:** Except good price, what are the other considerations which weigh with Government in allowing export to one country in preference to another?

**The Honourable Shri K. C. Neogy:** In this particular instance, as we needed dollars very much, we did allow licences on the promise of payment in dollars.

**Shri Mahavir Tyagi:** Was the whole of the surplus quota given to such shippers as were anxious to export to countries where they could earn hard currency?

**The Honourable Shri K. C. Neogy:** I do not know about the whole being given. Quotas were allocated on the basis of demands that they put forward and on the basis of proof of sale they could produce.

**Shri Mahavir Tyagi:** Was the surplus also given on the basis of 90 to 10?

**The Honourable Shri K. C. Neogy:** No.

**Shri Mahavir Tyagi:** Is it a fact that most of the surplus quota went to foreign shippers and the big companies here?

**The Honourable Shri K. C. Neogy:** As a matter of fact, so far as exports to hard currency areas are concerned, in this instance Italy was also treated as hard currency area because payment was to be made in hard currency. In so far as such exports are concerned, we generally observe no distinction. Our look out is to earn as much hard currency as we can.

**Shri Mahavir Tyagi:** Is it a fact that foreign firms in India were given quota for soft currency and producers were given for hard currency?

**The Honourable Shri K. C. Neogy:** I have already said that no such distinction was ever made.

**Shri B. P. Jhunjhunwala:** Arising out of the answer that it is for the exporters to know why they are wanting quotas for hard currencies, do not the Government see, in the interests of more things being exported to dollar countries, when there is an application for exporting in sterling, that this thing should also be exported?

**The Honourable Shri K. C. Neogy:** As a matter of fact we are doing our best in every way possible to improve our exports to dollar countries.

**Shri M. Ananthasayanam Ayyangar:** May I know if any of the firms for whom permits were granted for export for sterling offered to export for dollars also?

**The Honourable Shri K. C. Neogy:** Yes, some of them did.

**Shri M. Ananthasayanam Ayyangar:** What was the inducement for them to obtain permits for export in dollars when the latter could not be so profitable as export for sterling?

**The Honourable Shri K. C. Neogy:** It is because the purchaser in Italy was anxious to get additional quotas outside the International allocation and was prepared to pay in dollars.

**Prof. N. G. Ranga:** Has the attention of the Government been drawn to the recommendation made by the Oilseeds Committee that so far as the ten per cent. is concerned, preference should be given to the growers and growers' co-operatives?

**The Honourable Shri K. C. Neogy:** There is another question on that particular point, but I have not seen the formal proceedings of the Oilseeds Committee though I know the substance of the discussion that took place on that occasion and I am answering a question specifically on this point.

**CLAUSE RELATING TO INCOME-TAX IN APPLICATION FORMS FOR EXPORT QUOTAS**

**\*1646. Shri M. Ananthasayanam Ayyangar:** Will the Honourable Minister of Commerce be pleased to state:

(a) why the clause relating to income-tax is included in the application forms for export quotas;

(b) whether the clause is applicable to all applications or whether there are any exceptions;

(c) whether any investigation is made to find out if the clause is correctly answered; and

(d) whether any cases of incorrect answers have been detected and if so with what results?

**The Honourable Shri K. C. Neogy:** (a) The clause relating to the payment of income-tax is included in the application form for export licences for a number of reasons. Firstly, it helps the Licensing Officers in making sure that the firm which is applying is not a bogus one and further that the same firm does not apply for licences in a number of names. Secondly, it enables the Licensing Officers to judge the financial standing of the applicant which is relevant in determining the firm's ability to handle the trade. Finally, it is a part of Government policy not to afford any kind of patronage to firms or individuals who are dodging the payment of income-tax.

(b) This clause is applicable to all classes of applicants except those mentioned (i) in paragraphs 2(a) (b) (c) and (d), 4 and 5 of the Public Notice No. 1(2)-ITC/49, dated 8th January 1949, and (ii) in the Public Notice dated the 3rd February 1949, copies of which are laid on the table.

(c) The Income-Tax Officer of the circle in which the firm or individual is situated certifies the correctness of the answers given by the applicant.

(d) No such case has come to the notice of Government.

No. 1(2)ITC/49

GOVERNMENT OF INDIA

MINISTRY OF COMMERCE

New Delhi, the 8th January 1949

**PUBLIC NOTICE**

The Government of India have decided that with effect from the licensing period January-June 1949 applications for import and export licences whether from quota holders, manufacturers, established importers or exporters or newcomers will not be considered unless the applicant has lodged certificates of income-tax verification in the prescribed form with such of the following licensing offices to which they make their applications for import or export licences:

1. Chief Controller of Imports, New Delhi.
2. Chief Controller of Exports, New Delhi.
3. Deputy Chief Controller of Imports and Exports, Bombay.
4. Deputy Chief Controller of Imports and Exports, Calcutta.
5. Import Trade Controller, Madras.
6. Export Trade Controller, Madras, and
7. Export Trade Controller, Amritsar.

(i) The certificates shall be in the form appended to this Notice. The applicant or his authorised agent should fill in the particulars as required in the form, on as many copies as are required, with one additional copy to be maintained by the Income-Tax Officer and present them to the Income-Tax authority. The Income-Tax authority will then verify the particulars from their record, subscribe the necessary verification certificates on all copies and return them to the applicant, leaving one copy for their record specified in (ii) below.

(ii) Except in the case of applicants assessed or assessable to tax in the cities of Bombay, Calcutta, Madras and Delhi, the form after being filled in should be sent by the applicant or by his authorised agent for verification to the Income-tax Officer of the Circle, Ward or District where the applicant is assessed or assessable to income-tax. In the case of applicants from Bombay or Calcutta, the form should be sent to the Headquarters Assistant Commissioner of Income-tax in those cities and in the case of those from Madras and Delhi to the Inspecting Assistant Commissioner of Income-tax.

(iii) It will be noticed that the certificate calls for particulars of assessable incomes and taxes paid for a period of last five years including the income-tax year 1948-49. This certificate once produced, will be regarded as valid for all applications for import and export licences made by the applicant throughout the calendar year 1949.

(iv) For proprietary and partnership firms which have commenced business after 1st April 1948, it will be necessary to lodge certificates of income-tax verification with the Import and Export licensing authorities for the proprietor or proprietors and for each of the partners, as the case may be.

(v) The certificate when obtained should be sent by the applicant or his authorised agent to the licensing authority concerned in a cover clearly superscribed "INCOME TAX VERIFICATION CERTIFICATE". Each certificate after receipt in the office of the licensing authority concerned will be registered and a registration number will be allotted in respect of it and communicated to the applicant who will quote the registration number prominently on all applications for import and export licences made thereafter.

2. The following classes of applicants will be specifically exempt from the necessity of producing the income-tax verification certificate:

- (a) Such Government and semi-Government institutions as are not liable to income-tax.
- (b) Firms, individuals or companies in Indian States where no income-tax is levied and who have no place of business in the Indian Provinces.
- (c) Companies, public or private, which are incorporated under the Indian Companies Act after the 1st April 1948. Such companies should produce a certificate from the Registrar of Companies concerned showing the date of their incorporation.
- (d) Other types of persons who are not otherwise liable to income-tax, under section 4(3) of the Indian Income-tax Act.
- (e) Firms and individuals claiming to be exempt from income-tax should give particulars of their income and state fully the circumstances in which they claim to be exempted from the tax.
- (f) Applicants claiming exemption from the production of income-tax verification certificate will also be allotted registration numbers in the same way as those who are required to produce the Income-tax Verification Certificate; but the allotment of registration numbers to them will be done at the Headquarters Office of the Chief Controller of Imports, instead of by the respective licensing authorities, and requests for registration by such applicants should be addressed to that office at New Delhi in a cover superscribed "Exemption from Income-tax Verification Certificate". After the registration number has been allotted and communicated to the applicant he should similarly quote that number on his applications for an import or export licence submitted to the proper licensing authority.

3. The Income-tax Authorities concerned have made arrangements for the issue of these Verification Certificates from the 25th January 1949. Arrangements have been made for the prompt issue of the Verification Certificates by the Income-tax authorities and for the registration of these certificates by the licensing authorities and for communication of these registration numbers to all the licensing officers.

4. Nothing stated in this Public Notice applies to applicants for import and export licences for small values not exceeding Rs 5,000 in c.i.f. and f.o.b. values, respectively.

5. Similarly in the case of persons, firms or companies who had their past import or export business or had been residing in what is now Pakistan and are therefore unable to comply with the requirement of this notice, application for import or export licences will be considered

without the production of the Income-tax Verification Certificate. They should, however, produce sufficient evidence to show that they had their place of business or had been resided in what is now Pakistan and are therefore unable to produce the verification certificate.

6. Should Government decide from time to time to exempt any other classes of individuals or firms from having to produce the certificate of income-tax verification, such decision will be duly announced.

G. R. KAMAT,

*Joint Secretary to the Government of India.*

**FORM OF CERTIFICATE OF INCOME-TAX ASSESSMENT TO BE PRODUCED BY  
AN APPLICANT FOR IMPORT AND EXPORT LICENCES**

*(To be filled in by the applicant for import and/or export licences.)*

1. Name and business address of the applicant.
2. Year in which the business was established.
3. Name and address in which the applicant is assessed to income-tax.
4. Whether the applicant is assessed to income-tax as :
  - (a) Individual,
  - (b) Hindu Undivided Family,
  - (c) Company,
  - (d) Firm, or
  - (e) Association of persons.
5. The Income-Tax Circle/Ward/District in which the applicant is assessed to income-tax.
6. (a) Reference No. (or G. I. R. No.) of the assessment.  
(b) Particulars of income-tax paid :

| Year of assessment for<br>purposes of Income-tax. | Income as assessed<br>by the Income-tax<br>Authority concerned. | Income-tax demanded<br>by the Income-tax<br>Authority concerned. | Income tax paid. |
|---------------------------------------------------|-----------------------------------------------------------------|------------------------------------------------------------------|------------------|
| 1                                                 | 2                                                               | 3                                                                | 4                |
| 1944-45                                           | .                                                               | .                                                                | .                |
| 1945-46                                           | .                                                               | .                                                                | .                |
| 1946-47                                           | .                                                               | .                                                                | .                |
| 1947-48                                           | .                                                               | .                                                                | .                |
| 1948-49                                           | .                                                               | .                                                                | .                |

(Note.—Amounts of income-tax shown in columns 3 and 4 above should include all forms of tax, viz., Income-Tax, Super Tax (Capital Gains Tax), Surchargo, Excess Profit Tax and Business Profit Tax.)

(c) If any income-tax as demanded remains unpaid, reasons for it should be clearly stated.

(d) Whether the Company or Firm or Hindu Undivided Family on which the assessment was made has been or is being liquidated, wound up, dissolved, partitioned or being declared insolvent as the case may be.

7. In case there has been no income-tax assessment, whether returns submitted under sections 22 (1) or (2) and 18A(3) of the Indian Income Tax, Act, and if so, the amount of income returned or tax paid for each of the five years mentioned in 6 (b) above.

8. The name and address of Branch(es) of the applicant.

I declare that the above information is correct and complete to the best of my information and belief.

Signature of the applicant or his  
authorised agent.

Date .....

**(TO BE FILLED IN BY INCOME-TAX OFFICER.)**

In my opinion, the applicant mentioned above has been doing everything possible to pay the tax demands promptly and regularly and to facilitate the completion of the pending or outstanding proceedings.

Signature of the Income-tax Officer.

Circle/Ward/District .....

**GOVERNMENT OF INDIA  
MINISTRY OF COMMERCE**

*New Delhi, the 3rd February, 1949*

**PUBLIC NOTICE**

With reference to para. 6 of this Ministry's Public Notice, dated the 8th January 1949, regarding the production of Income-tax verification certificates by applicants for import and export licences with effect from the licensing period January—June 1949, it is notified for general information that the Government of India have decided that applications for (i) import licences for goods which are liberally licensed for imports from any source (including Capital Goods and Heavy Electrical Plant) and (ii) export licences for goods for export to hard currency areas will be taken into consideration and sanctioned, if otherwise eligible, irrespective of whether the applicant has lodged his income-tax verification certificates. This decision has been taken to facilitate maximum possible imports of the liberally licensed commodities and the maximum possible exports to hard currency areas.

G. R. KAMAT,

*Joint Secretary to the Government of India.*

**Prof. N. G. Ranga:** Is it not a fact that so far as the ten per cent. reserved for newcomers is concerned, the Indian Oilseeds Committee suggested that this clause regarding income-tax should not be insisted upon?

**The Honourable Shri K. C. Neogy:** As I said before, I have not received the formal proceedings of the Oilseeds Committee, and their recommendations will certainly be taken into consideration when they are received.

**Shri M. Ananthasayanam Ayyangar:** May we know from the Honourable Minister in general terms why any exception is made in clause (b)?

**The Honourable Shri K. C. Neogy:** The one point that I should like to mention is that so far as exports to hard currency areas are concerned, no such condition is insisted upon. That is the most important relaxation that we have made. Then there are others, e.g., there is a relaxation in favour of refugees from Pakistan. Then in respect of licences for values not exceeding Rs. 5,000, no such condition need be complied with. There are other cases too. If my honourable friend would read the two notifications, he would see the different categories of exemptions.

**Shri M. Ananthasayanam Ayyangar:** May we know whether any exemption that has been made in the case of hard currency areas has proved unsatisfactory and those persons to whom permits were granted were not able to comply and committed default?

**The Honourable Shri K. C. Neogy:** So far as export to hard currency areas is concerned, the position has not improved appreciably in spite of the inducements that we have given to the trade. But, it is hoped that in the near future we will be able to find out the result of this relaxation.

**Shri Deshbandhu Gupta:** May I know whether this clause is included in regard to import licences also?

**The Honourable Shri K. C. Neogy:** Yes.

**Shri Deshbandhu Gupta:** May I know whether it is a fact that even Newspapers are asked to furnish this information before quotas are granted?

**The Honourable Shri K. C. Neogy:** Yes; it is very difficult to make an exception in the case of newspapers.

**Shri Deshbandhu Gupta:** Is it a fact that quotas to newspapers are given on the basis of circulation and not on the basis of the Income-tax paid by the individual paper?

**The Honourable Shri K. C. Neogy:** Yes; if there is any grievance on this score, I should like to look into it.

**Shri V. C. Kesava Rao:** May I know if this clause is to be satisfied in the case of new-comers also?

**The Honourable Shri K. C. Neogy:** It is expected to be normally satisfied by new-comers also. But, as I stated on a previous occasion, the mere non-payment of Income-tax is not a positive disqualification. If a party produces a certificate from the Income-tax authorities stating that no Income-tax is payable by him, then, that might be a sufficient compliance with this rule.

#### FACILITIES TO PRODUCERS FOR EXPORT OF GROUNDNUT

\*1647. **Shri M. Ananthasayanam Ayyangar:** Will the Honourable Minister of Commerce be pleased to state:

(a) whether Government have considered or are considering the grant of facilities for export of groundnut to producers individually or to organizations of producers;

(b) whether Government are aware of the benefits that would accrue to the producers by gradual elimination of middlemen; and

(c) if so, whether Government will clearly enunciate their policy in this regard?

**The Honourable Shri K. C. Neogy:** (a) Government would certainly look with favour upon attempts which producers of groundnut individually or organizations of such producers make for the direct marketing of their groundnut in overseas countries. Experience has, however, shown that producers as a class have not been able to establish the necessary overseas connections without which entry into the export trade is impossible, and they were able to qualify for only an insignificant share of the quota earmarked for newcomers which was licensed on the strength of orders from overseas buyers.

(b) and (c). So long as the necessity to control the export trade by the grant of licences continues, Government's objective would be to maintain as far as possible a pattern of trade which would have existed but for the control, and which is likely to survive after the control has ceased to exist. The experience of such commodities as are not subject to export control, including certain oils and oilseeds, shows that the export trade is, under a system of free competition largely if not wholly, carried on by merchants rather than producers. Government do not, therefore, consider it desirable in the over-all interests of the country's export trade to force the entry of any class of people into the particular trade at the expense of another. As I have said before, however, Government would look with favour upon any efforts which the producers make in this direction; and other things being equal, any applications which producers or organisations of producers make for export licences would continue to receive special and sympathetic consideration.

**Prof. N. G. Ranga:** Is it not also the policy of Government to give every possible encouragement to the co-operative organisations of the producers?

**The Honourable Shri K. C. Neogy:** Yes. So far as the Ministry of Commerce is concerned, it is very difficult for us to give any positive lead in this matter. I think my honourable friend will have to look to the Ministry of Agriculture more than to the Ministry of Commerce for this.

**Shri M. Ananthasayanam Ayyangar:** Will the Trade Commissioners be instructed to render such facilities as giving information in foreign countries and act as liaison officers in the case of genuine organisations of producers who want to export?

**The Honourable Shri K. C. Neogy:** At the present moment, the number of such organisations is so small that no occasion has arisen for sending any special instructions to that effect. But, I welcome my honourable friend's suggestion and we will certainly communicate it to our Trade Commissioners.

#### CONSTRUCTION OF HOUSES FROM COAL MINES LABOUR WELFARE FUND

\*1648. **Shri Kishorimohan Tripathi:** (a) Will the Honourable Minister of Labour be pleased to state what amount has been allotted for construction of workers' houses under the Labourers' Welfare Fund?

(b) How much has been spent so far?

(c) How many houses have already been constructed under this scheme?

(d) How many houses are proposed to be constructed under the scheme?

**The Honourable Shri Jagjivan Ram:** (a) Out of a cess of 6 annas levied under the Coal Mines Labour Welfare Fund Act on every ton of coal and coke despatched by rail from collieries in the Indian Dominion, one anna four pies are credited to the housing account of the Fund. The estimated annual receipts of the housing account is about Rs. 22 lakhs.

(b) About 15.3 lakhs.

(c) I would invite the attention of the honourable member to my reply to parts (a) and (b) of starred question No. 785 put by Shri R. L. Malviya on the 1st March, 1949.

(d) 50,000.

#### EXPENDITURE ON EMBASSIES, PUBLICITY AND PROPAGANDA ABROAD

\*1649. **Sardar Hukam Singh:** (a) Will the Honourable the Prime Minister be pleased to state what is the total sum spent by the Government of India on the Staff of the various Indian Embassies abroad during the year ended 31st March, 1949?

(b) What is the total sum spent on publicity and propaganda in foreign countries during the year ended 31st March, 1949?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): (a) The total sum spent during the last twelve months on Embassies is approximately Rs. 70,14,900.

(b) The total sum spent on publicity and propaganda during the last year is approximately Rs. 24,38,900. It is difficult to assess the effect of our publicity abroad but the publicity organisation has endeavoured to counteract misrepresentation of India abroad and to put forward the Indian point of view.

#### FORMATION OF MUTUAL DEFENCE PACTS AND POWER GROUPS

\*1650. **Shri H. V. Kamath:** Will the Honourable the Prime Minister be pleased to state:

(a) whether the attention of Government has been drawn to the formation of power groups and blocs entering into Mutual Defence Pacts, such as the Atlantic or the Mediterranean Pacts; and

(b) if so, what India's position in regard to any such pact is?

\* † Answer to this question laid on the table, the questioner being absent.

**The Honourable Shri Jawaharlal Nehru:** (a) Government's attention has been drawn to the recently published Atlantic Pact; they are not aware that any Mediterranean Pact has been or is in process of being concluded.

(b) The Government of India understand that the Atlantic Pact is in the nature of a regional arrangement within the frame-work of the United Nations Charter. India is far removed from the Atlantic region, and the Government of India is not affected by the Atlantic Pact.

**Shri H. V. Kamath:** Has the Honourable the Prime Minister's attention been drawn to a statement of the British Foreign Secretary Mr. Ernest Bevin in Washington the other day when addressing the Press Corps there, emphasising the connection between the North Atlantic community and India and Asia through Britain, and if so whether there is any fear that India's association with the Commonwealth might even indirectly link her up with the Atlantic Pact?

**The Honourable Shri Jawaharlal Nehru:** I regret I have not seen that particular speech to which reference is made. But, so far as this House is concerned, I think there need be no fear or apprehension about our being indirectly linked with the Atlantic Pact because of something else.

**Shri H. V. Kamath:** Is it a fact that Lord Listowel, one of the four extraordinary Envoys recently sent by Britain to the four corners of the earth made a statement, on his way back, publicly mooted the idea of a Pacific Defence Pact?

**The Honourable Shri Jawaharlal Nehru:** Again, I am sorry I have not read that statement of Lord Listowel. But the fact remains that there is no such thing being discussed at all. Some people with a vivid imagination may talk about it; but in reality, there is no such thing so far as the Government of India is concerned.

**Shri H. V. Kamath:** Will this House be consulted before any major decisions of policy are taken if at all by the Commonwealth Conference, or will the Assembly be confronted with a *fait accompli*?

**The Honourable Shri Jawaharlal Nehru:** How does this arise out of the Atlantic Pact?

**Shri H. V. Kamath:** Has India taken any steps or does she propose to take any steps in the direction of promoting an Inter-Asian Pact for mutual aid within the frame-work of the United Nations Charter?

**Mr. Speaker:** Order, order. The question is restricted to the Atlantic Pact.

**Shri H. V. Kamath:** It covers all Mutual Defence Pacts, Sir.

**Mr. Speaker:** It covers the Atlantic Pact only.

**Prof. N. G. Ranga:** Was the Government of India informed by the British Government before or after they had concluded this Atlantic Pact?

**The Honourable Shri Jawaharlal Nehru:** There is a system of information being circulated from time to time between the various Governments and so we have been kept informed of the various stages. I do not know what particular thing the honourable member is referring to. We do receive information of what is happening in foreign countries.

**Prof. N. G. Ranga:** In regard to this particular pact, keeping in mind the kind of informal contacts that are supposed to prevail between the various Dominions in this Commonwealth, was any specific effort made by the British Government to consult or ascertain the views of the Government of India with regard to this Atlantic Pact?

**The Honourable Shri Jawaharlal Nehru:** We were kept informed. It was not directly our concern. I remember, for instance, four or five days before the publication of the document, we were informed that that is going to be

published five or six days later; previously too, at various stages. It was not consultation. We were not in it at all. It is a question of sending information.

**Mr. Tajamul Husain:** As we are at present a member of the Commonwealth, and as some members of the Commonwealth are involved in the Atlantic Pact, are we also, as a member of the Commonwealth, not involved in the Atlantic Pact?

**The Honourable Shri Jawaharlal Nehru:** The honourable member is correct; we are not.

**Shri H. V. Kamath:** In view of the fact that Britain and Canada are parties to the Atlantic Pact, may I know if there is any unwritten pact or tradition or convention according to which member States of the Commonwealth or States which are associated with the Commonwealth are bound by obligations of mutual defence in the event of war or external aggression?

**The Honourable Shri Jawaharlal Nehru:** I am a little surprised at the honourable member's question. These matters have been debated and publicly declared so many times. There is no such thing written or unwritten.

#### TERMS OF REFERENCE AND SCOPE OF ENQUIRY OF U.N.C.I.P.

**\*1651. Shri H. V. Kamath:** Will the Honourable the Prime Minister be pleased to state:

(a) the terms of reference and the scope of inquiry of the United Nations Commission for India and Pakistan;

(b) the nature of consultations that have so far taken place between the U.N.C.I.P. and the representatives of India and Pakistan; and

(c) what stage the settlement of the Kashmir problem has reached?

**The Honourable Shri Jawaharlal Nehru:** (a) The honourable member's attention is invited to the relevant part of the Security Council's Resolution dated April 21, 1948, a copy of which is placed on the table.

(b) There have been oral discussions between representatives of the Government of India and the Commission, also correspondence. From time to time, I have kept the House informed of the result of these negotiations.

(c) As the House already knows, the Government of India have accepted the Commission's resolutions dated the 13th August 1948 and 5th January, 1949. The text of these two resolutions and of papers elucidating the Government of India's acceptance of them will be found in the Documents regarding Kashmir which I presented to the House on 3rd February 1949. Discussions regarding a truce agreement as envisaged in Part II of the Commission's resolution of 13th August, 1948 are still in progress. The Secretary General of the United Nations has, after the necessary consultations, nominated Admiral Chester Nimitz as Plebiscite Administrator.

*Resolution on the India-Pakistan question submitted jointly by the Representatives of Belgium, Canada, China, Colombia, the United Kingdom and the United States of America, adopted at the Two Hundred and Eighty-Sixth Meeting of the Security Council, 21 April 1948.*

The Security Council,

Having considered the complaint of the Government of India concerning the dispute over the State of Jammu and Kashmir, having heard the representative of India in support of that complaint and the reply and counter complaints of the representative of Pakistan,

Being strongly of opinion that the early restoration of peace and order in Jammu and Kashmir is essential and that India and Pakistan should do their utmost to bring about a cessation of all fighting,

Noting with satisfaction that both India and Pakistan desire that the question of the accession of Jammu and Kashmir to India or Pakistan should be decided through the democratic method of a free and impartial plebiscite,

Considering that the continuation of the dispute is likely to endanger international peace and security;

Reaffirms the Council's Resolution of January 17th,

Resolves that the membership of the Commission established by the Resolution of the Council of January 20th, 1948, shall be increased to five and shall include in addition to the membership mentioned in that Resolution, representative of—and—that if the membership of the Commission has not been completed within ten days from the date of the adoption of this Resolution the President of the Council may designate such other Member or Members of the United Nations as are required to complete the membership of five,

Instructs the Commission to proceed at once to the Indian sub-continent and there place its good offices and mediation at the disposal of the Governments of India and Pakistan with a view to facilitating the taking of the necessary measures, both with respect to the restoration of peace and order and to the holding of a plebiscite by the two Governments, acting in co-operation with one another and with the Commission and further instructs the Commission to keep the Council informed of the action taken under the Resolution, and to this end.

Recommends to the Governments of India and Pakistan the following measures as those which in the opinion of the Council are appropriate to bring about a cessation of the fighting and to create proper conditions for a free and impartial plebiscite to decide whether the State of Jammu and Kashmir is to accede to India or Pakistan.

#### A. Restoration of Peace and Order

1. The Government of Pakistan should undertake to use its best endeavours :
  - (a) To secure the withdrawal from the State of Jammu and Kashmir of tribesmen and Pakistani nationals not normally resident therein who have entered the State for the purposes of fighting and to prevent any intrusion into the State of such elements and any furnishing of material aid to those fighting in the State.
  - (b) To make known to all concerned that the measures indicated in this and the following paragraphs provide full freedom to all subjects of the State, regardless of creed, caste, or party, to express their views and to vote on the question of the accession of the State, and that therefore they should co-operate in the maintenance of peace and order.
2. The Government of India should :
  - (a) When it is established to the satisfaction of the Commission set up in accordance with the Council's Resolution of 20 January that the tribesmen are withdrawing and that arrangements for the cessation of the fighting have become effective, put into operation in consultation with the Commission a plan for withdrawing their own forces from Jammu and Kashmir and reducing them progressively to the minimum strength required for the support of the civil power in the maintenance of law and order,
  - (b) Make known that the withdrawal is taking place in stages and announce the completion of each stage;
  - (c) When the Indian forces shall have been reduced to the minimum strength mentioned in (a) above, arrange in consultation with the Commission for the stationing of the remaining forces to be carried out in accordance with the following principles :
    - (i) That the presence of troops should not afford any intimidation or appearance of intimidation to the inhabitants of the State,
    - (ii) That as small a number as possible should be retained in forward areas,
    - (iii) That any reserve of troops which may be included in the total strength should be located within their present Base area.
3. The Government of India should agree that until such time as the plebiscite administration referred to below finds it necessary to exercise the powers of direction and supervision over the State forces and police provided for in Paragraph 8 they will be held in areas to be agreed upon with the Plebiscite Administrator.
4. After the plan referred to in paragraph 2 (a) above has been put into operation, personnel recruited locally in each district should so far as possible be utilized for the re-establishment and maintenance of law and order with due regard to protection of minorities, subject to such additional requirements as may be specified by the Plebiscite Administration referred to in paragraph 7.
5. If these local forces should be found to be inadequate, the Commission, subject to the agreement of both the Government of India and the Government of Pakistan, should arrange for the use of such forces of either Dominion as it deems effective for the purpose of pacification.

#### B. Plebiscite

6. The Government of India should undertake to ensure that the Government of the State invite the major political groups to designate responsible representatives to share equitably and fully in the conduct of the administration at the Ministerial level, while the plebiscite is being prepared and carried out.
7. The Government of India should undertake that there will be established in Jammu and Kashmir a Plebiscite Administration to hold a Plebiscite as soon as possible on the question of the accession of the State to India or Pakistan.
8. The Government of India should undertake that there will be delegated by the State to the Plebiscite Administration such powers as the latter considers necessary for holding a fair and impartial plebiscite including, for that purpose only, the direction and supervision of the State forces and police.
9. The Government of India should at the request of the Plebiscite Administration make available from the Indian forces such assistance as the Plebiscite Administration may require for the performance of its functions.
10. (a) The Government of India should agree that a nominee of the Secretary-General of the United Nations will be appointed to be the Plebiscite Administrator.  
(b) The Plebiscite Administrator, acting as an officer of the State of Jammu and Kashmir, should have authority to nominate his Assistants and other subordinates and to draft regulations governing the Plebiscite. Such nominees should be formally appointed and such draft regulations should be formally promulgated by the State of Jammu and Kashmir.  
(c) The Government of India should undertake that the Government of Jammu and Kashmir will appoint fully qualified persons nominated by the Plebiscite Administrator to act as special magistrates within the State judicial system to hear cases which in the opinion of the Plebiscite Administrator have a serious bearing on the preparation for and the conduct of a free and impartial plebiscite.  
(d) The terms of service of the Administrator should form the subject of a separate negotiation between the Secretary-General of the United Nations and the Government of India. The Administrator should fix the terms of service for his Assistants and subordinates.  
(e) The Administrator should have the right to communicate direct with the Government of the State and with the Commission of the Security Council and, through the Commission with the Security Council, with the Governments of India and Pakistan and with their Representatives with the Commission. It would be his duty to bring to the notice of any or all of the foregoing (as he in his discretion may decide) any circumstances arising which may tend, in his opinion, to interfere with the freedom of the Plebiscite.
11. The Government of India should undertake to prevent and to give full support to the Administrator and his staff in preventing any threat, coercion or intimidation, bribery or other undue influence on the voters in the plebiscite, and the Government of India should publicly announce and should cause the Government of the State to announce this undertaking as an international obligation binding on all public authorities and officials in Jammu and Kashmir.
12. The Government of India should themselves and through the Government of the State declare and make known that all subjects of the State of Jammu and Kashmir, regardless of creed, caste or party, will be safe and free in expressing their views and in voting on the question of the accession of the State and that there will be freedom of the Press, speech and assembly and freedom of travel in the State, including freedom of lawful entry and exit.
13. The Government of India should use and should ensure that the Government of the State also use their best endeavours to effect the withdrawal from the State of all Indian nationals other than those who are normally resident therein or who on or since 15 August 1947 have entered it for a lawful purpose.
14. The Government of India should ensure that the Government of the State release all political prisoners and take all possible steps so that :
  - (a) all citizens of the State who have left it on account of disturbances are invited, and are free, to return to their homes and to exercise their rights as such citizens;
  - (b) there is no victimization;
  - (c) minorities in all parts of the State are accorded adequate protection.
15. The Commission of the Security Council should at the end of the plebiscite certify to the Council whether the plebiscite has or has not been really free and impartial.

#### C. General Provisions

16. The Governments of India and Pakistan should each be invited to nominate a Representative to be attached to the Commission for such assistance as it may require in the performance of its task.

17. The Commission should establish in Jammu and Kashmir such observers as it may require of any of the proceedings in pursuance of the measures indicated in the foregoing paragraphs.

18. The Security Council Commission should carry out the tasks assigned to it herein.

**Shri H. V. Kamath:** Is it not a fact, Sir, that the liquidation of the so-called Azad Kashmir Government and the disbandment of the so-called Azad Kashmir forces were among the conditions of the New Year's Cease Fire Agreement which was entered into in accordance with the previous United Nations Resolution of August 13th?

**The Honourable Shri Jawaharlal Nehru:** The honourable member is getting a little mixed up with the Cease Fire and other things. So far as the Cease Fire was concerned, it was a pure and simple Cease Fire, but of course, behind that Cease Fire, there were other developments, certain resolutions which had been passed by the Security Council and certain resolutions by the United Nations Commission on Kashmir. In those arrangements were involved, according to us the disbandment and disarming of the forces in what is termed 'the Azad Kashmir territory'. As for the liquidation of the certain Azad Kashmir Government, the question did not arise, because we have never acknowledged the existence of any such thing.

**Shri H. V. Kamath:** What is the position, Sir, with regard to Pakistan troops on any part of Kashmir territory?

**The Honourable Shri Jawaharlal Nehru:** These are simple facts given very clearly in the resolution itself.

**Shri H. V. Kamath:** Has the Prime Minister's attention been drawn to the anti-Indian tilt in the B.B.C. broadcast last night on this issue?

**The Honourable Shri Jawaharlal Nehru:** I have read something in the newspapers about it this morning.

**Shri Mahavir Tyagi:** Has the Honourable the Prime Minister come across the news on the All-India Radio to the effect that we were delaying the settlement of the Kashmir affair with the hope that the United Nations Commission for Kashmir will decide that the plebiscite would not come and further that if the plebiscite is held, the Pakistan people and the Pakistan Government were confident that they will win the Plebiscite?

**The Honourable Shri Jawaharlal Nehru:** I am sorry, I have not been listening to the Radio, but apart from what has been said, I should like to make it perfectly clear that any such solution or suggestion made on behalf of any person is completely devoid of any foundation. We are bound by the declarations made by us, and by the commitments we have accepted. Those commitments are that a Plebiscite should be held under certain conditions and those conditions are stated with extreme accuracy and clarity in the resolutions and *aide memoires*. By that we stand and we do not stand by anything else.

#### COUNTRIES WITH WHICH INDIA HAS ENTERED INTO TREATIES, PACTS OR AGREEMENTS

\*1652. **Shri H. V. Kamath:** Will the Honourable the Prime Minister be pleased to state:

(a) the names of countries with whom India has entered into treaties of friendship, pacts of non-aggression, or agreements of trade and commerce; and

(b) with which other countries such treaties, pacts or agreements are under consideration?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): (a) and (b). The Government of India have neither entered into nor are they considering entering into any pact of non-aggression. Regarding trade agreements and treaties of friendship and commerce, attention is invited to Question No. 414 by Pandit

Mukut Bihari Lal Bhargava and the reply given to Parts (c) and (d) by the Commerce Minister on February 16th. I lay a statement on the table of the House giving the latest information on this subject.

#### STATEMENT

(a) (i) *Treaties of Friendship, etc.*—Switzerland.—A Treaty of Friendship and Establishment with Switzerland was signed on 14th August 1948.

(ii) *Agreements of Trade and Commerce.*—(1) Anglo-American Zone of Germany, (2) Switzerland, (3) Yugoslavia, (4) Czechoslovakia, (5) Pakistan, (6) Japan, (7) Afghanistan.

The Agreements with Nos. 3, 4 and 7 above are subject to ratification.

(b) (i) *Treaties of Friendship and Commerce under consideration.*—(1) Philippines, (2) United States of America, (3) Bhutan, (4) China, (5) Yemen, (6) Afghanistan, (7) Iran, (8) Czechoslovakia.

(ii) *Agreements of Trade and Commerce under consideration.*—(1) Italy, (2) France, (3) U. S. S. R., (4) Poland, (5) Sweden, (6) Finland, (7) Soviet Zone of Germany, (8) Hungary, (9) Belgium, (10) Austria, (11) Ceylon, (12) Egypt, (13) East Africa, (14) Iran, (15) Australia, (16) Tibet, (17) Iraq, (18) Siam.

**Shri H. V. Kamath:** In view of the general world drift towards war, what are the reasons for not entering into pacts of non-aggression with other countries?

**Dr. B. V. Keskar:** The reasons were discussed and very clearly stated by the Government in the various discussions that took place with regard to our foreign policy.

**Shri M. Ananthasayanam Ayyangar:** Are there any onerous obligations imposed upon us by any treaty of friendship; if so, what are they?

**Dr. B. V. Keskar:** I cannot say. There is a certain treaty with Nepal by which we pay a certain amount. It all depends on what the honourable member considers by the term 'onerous'.

**Shri H. V. Kamath:** How far has the draft treaty of friendship with the U.S.A., to which reference was made by the Honourable the Prime Minister in his reply to my honourable friend Seth Govind Das on the 11th February, 1949, progressed?

**Dr. B. V. Keskar:** It is in course of negotiation. If my honourable friend will see the statement, which I have laid on the table, he will find the various particulars required by him.

**Shri H. V. Kamath:** Is there a similar draft treaty under active consideration of Government with the U.S.S.R.?

**Dr. B. V. Keskar:** No, Sir.

**Shri H. V. Kamath:** In view of the unfortunate world split between two blocs led by the U.S.A. and U.S.S.R. on either side, why is it that Government is considering a treaty of friendship with the U.S.A., and not also with the U.S.S.R.?

**Dr. B. V. Keskar:** In answer to a previous question some time ago, I had already indicated that there was a proposal and negotiations are going to begin with regard to a trade treaty with the U.S.S.R.

**Shri H. V. Kamath:** That is different. What about a friendship treaty?

**Dr. B. V. Keskar:** I may inform the honourable member that we are trying to enter into treaties of friendship with all countries and not only with U.S.S.R. and U.S.A.

**Prof. N. G. Ranga:** Was any initiative taken at any time by the U.S.S.R. in regard to this?

**Dr. B. V. Keskar:** No. With regard to trade: 'Yes'.

**Shri H. V. Kamath:** Who took the initiative in the case of the proposed treaty with the U.S.A.?

**Mr. Speaker:** We will go to the next question.

IMMOVEABLE PROPERTIES SOLD AND REGISTERED AFTER KARACHI AGREEMENT

**\*1653. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Relief and Rehabilitation be pleased to state whether after the Karachi Agreement in January 1949 in the Inter-Dominion Conference any immoveable properties in India and Pakistan have been sold and registered; and, if so, how many and what is the total value thereof?

(b) Has any displaced person approached the Government of India for granting facilities to proceed to Pakistan to dispose of their properties, and, if so, with what result?

(c) Is it a fact that those who went to Pakistan in pursuance of the Karachi Agreement were not allowed to sell or register the properties?

**The Honourable Shri Mohan Lal Saksena:** (a) Three exchanges and one sale have so far been reported. The value of the property affected is reported to be Rupees One Lakh and Rs. 5,000 respectively. In addition the Custodians of Evacuees Property Delhi, East Punjab and U. P. have confirmed a number of transactions which were entered into long before the Karachi Agreement.

(b) No.

(c) Presumably the honourable member is referring to the registration of sales or exchanges at Karachi. If so, it may be stated that the registration of sales and exchanges could not take place in Karachi because the office of the Custodian was not functioning there properly. As soon as this came to notice the matter was taken up at a meeting of the Inter-Dominion Commission and the Pakistan Members of the Commission promised to put things right.

**Shri R. K. Sidhva:** Was this question discussed this week before the Inter-Dominion Conference. If so, with what result?

**The Honourable Shri Mohan Lal Saksena:** The honourable member must have read in the papers that this question was not discussed at this Conference, and it is proposed to be discussed at another meeting to be held towards the end of this month.

**Shri R. K. Sidhva:** May I know what is the reason for delaying an important matter like this? It was discussed both in Delhi and Karachi. May I ask why it has been postponed to the end of this month?

**The Honourable Shri Mohan Lal Saksena:** The reason was that the Honourable Minister in charge of Relief and Rehabilitation in Pakistan, Mr. Shahbuddin, could not come because of some previous engagement.

**Shri R. K. Sidhva:** May I know, Sir, if it is a fact that after the Karachi Conference the Pakistan Government issued a Press Note that no person will be allowed to remain in Pakistan for selling his property after 15 days and whether Government drew attention in this recent Conference which took place as to why they violated the agreement that was arrived at Karachi, and if so, with what result?

**The Honourable Shri Mohan Lal Saksena:** As a matter of fact the honourable member must have read in the papers that this question was taken up by the Inter-Dominion Conference which met on the 12th March 1949 and the Pakistan representatives have agreed that in regard to Karachi, the period has been extended to one month.

**Shri R. K. Sidhva:** May I know why this period has been extended to one month? That condition did not exist when the Karachi Agreement was entered into.

**The Honourable Shri Mohan Lal Saksena:** The reason advanced by Karachi for not extending the period for Karachi was that there was not sufficient accommodation available in Karachi.

**Shri R. K. Sidhva:** Was any protest raised by our Government against changing of this agreement, which was originally agreed upon by both countries?

**The Honourable Shri Mohan Lal Saksena:** Not only was a protest made, but the question was reconsidered and as a result of that, this notification has been modified.

**Shri Deshbandhu Gupta:** Has the attention of the Pakistan Government been invited to the general complaint that propaganda is carried on in Pakistan Press particularly in the West Punjab against the selling of evacuees property?

**The Honourable Shri Mohan Lal Saksena:** Yes.

**Shri Deshbandhu Gupta:** With what result?

**The Honourable Shri Mohan Lal Saksena:** They also have drawn our attention to certain statements made by certain leaders here which are just more or less on the same lines as they have written against the sale of Muslim property.

**Shri R. K. Sidhva:** May I know, Sir, if in this week's Conference any result has been achieved regarding the pensions of Pakistan evacuees?

**The Honourable Shri Mohan Lal Saksena:** Yes.

**Shri R. K. Sidhva:** With what result?

**The Honourable Shri Mohan Lal Saksena:** It has been agreed that those persons whose pension papers had been transferred up to the 31st December 1947, will be paid by the Dominion to which they have come and as regards others, the liability will be of the other dominion.

**Shri R. K. Sidhva:** The Honourable the Leader of the House raised an important matter about the Questions and you told Mr. Das to see you in your chamber. My submission is that, as the question has been raised on the floor of the House, it may be answered and the Members' difficulties taken note of by the Leader of the House.

**Mr. Speaker:** That can be done in my Chamber. Such of the Members as want to make any suggestion are welcome to discuss the matter with me. Let us proceed with the business of the House as the first step in co-operation.

(b) WRITTEN ANSWERS

FINALISATION OF PRELIMINARY ELECTORAL ROLLS

**\*1654. Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Law be pleased to state by which date the preliminary electoral rolls are likely to be finalised in various parts of the country?

(b) What time is likely to be taken in the printing of the final electoral rolls and is it proposed to print them in India or outside?

**The Honourable Shri Satyanarayan Sinha (Minister of State):** (a) and (b). The preliminary electoral rolls under the new Constitution are expected to be finalised and printed by the end of 1949. It is proposed to print them all in India.

2144

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [5TH APRIL 1949]

## INDIA'S TRADE WITH CANADA

\*1655. **Shri Lakshminarayan Sahu:** Will the Honourable Minister of Commerce be pleased to state whether the trade between India and Canada (imports and exports) has increased or decreased since India's independence, with reasons in either case?

**The Honourable Shri K. C. Neogy:** Both imports and exports have decreased. The decrease can be ascribed to:

(1) Restriction of imports into India from dollar areas and Canada's policy of increasing exports to the U.S.A. and other countries in North America.

(2) Imports restrictions imposed by Canada during the period from November 1947 to December 1948 necessitated by her foreign exchange difficulties.

(3) Diversion of a portion of Canada's trade with pre-partition India to the areas now included in Pakistan.

## NATURALISATION AND IMMIGRATION LAWS FOR INDIANS IN U.S.A.

\*1656. **Shri Lakshminarayan Sahu:** Will the Honourable the Prime Minister be pleased to state:

(a) the latest law passed by the United States Congress affecting the rights of Indians with regard to (i) naturalisation in, and (ii) immigration into, the United States of America;

(b) the number of Indians in the United States of America at the time when the new law was passed;

(c) the number of such resident Indians who were naturalised before and after the new law was passed;

(d) the number of Indians who were (i) admitted into and (ii) naturalised in the United States of America since the law was passed;

(e) whether and in what respects Indians who were already in the United States of America at the time of the passing of the law have a better claim to naturalisation than new entrants; and

(f) whether a new Bill has been introduced in the Congress to eliminate racial discriminations in the immigration and naturalisation laws of the United States of America?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): (a) The latest law on the subject is Public Law 483, approved by the 79th Congress on July 2, 1946.

(b) According to the last official Census of 1940, the number of permanent residents descended from races indigenous to India was 2,405. Further official figures have not yet been compiled.

(c) The total number of Indians naturalised before passage of the law was 48. This figure includes persons of Indian descent outside India and Europeans domiciled in India at the time they immigrated. The total number of Indians naturalised since passage of the law up to 30th June 1948 was 47. Figures after 1st July 1948 have not yet been compiled.

(d) The number of persons of Indian descent and debitable to Indian quota admitted between the 1st July 1947 and the 30th June 1948 is 236. Figures after the 1st July 1948 have not yet been compiled. Figures of naturalisation granted to Indians admitted after the passage of law have not been compiled as such but the total number naturalised up to 30th June 1948 is 47, as stated in (c) above.

(e) There is no difference in regard to their respective rights but legally settled residents may count their period of stay towards the minimum residential requirement of five years for the submission of petitions declaring their intention to become United States citizens.

(f) Yes; that Bill does not appear to affect persons of Indian descent materially.

## REDUCTION IN CURRENCY EXCHANGE TO INDIANS RETURNING FROM INDO-CHINA

\*1657. **Shri V. N. Pillai:** (a) Will the Honourable the Prime Minister be pleased to state whether it is a fact that the Government of India have reduced the sum of Rs. 300, usually given in exchange for local currency in Indo-China for travel expenses to Indians who return to India; to Rs. 150 and, if so, why?

(b) In view of the great difficulty experienced by Indians due to want of adequate funds for travel expenses, what action do Government propose to take?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): (a) and (b). The sum which was originally Rs. 250 (not Rs. 300)—has been reduced for Rs. 150 which is now considered adequate.

## INCORPORATION OF SOUTH WEST AFRICA IN UNION OF SOUTH AFRICA

\*1658. **Shri Lakshminarayan Sahu:** (a) Will the Honourable the Prime Minister be pleased to state whether the Government of South Africa intends to take action to incorporate or otherwise assimilate South West Africa in the Union of South Africa?

(b) Has such an action the approval of the Government of India and of the United Nations?

(c) If not, what action, if any, have the Government of India taken to prevent the action of the South African Government?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): (a) to (c). The Government of the Union of South Africa have introduced a Bill in their Parliament with a view to giving representation to South West Africa in the Union Parliament. The spokesmen of the Union Government have repeatedly averred that the proposed arrangement for the closer union of South West Africa with the Union does not mean incorporation. The position of South West Africa was considered by the General Assembly of the United Nations in 1946, 1947 and 1948 and on each occasion the General Assembly recommended that South West Africa be placed under a trusteeship system. The Indian Delegation at the United Nations General Assembly supported this recommendation. The Government of India are strongly of opinion that this recommendation of the United Nations General Assembly should be given effect to, and their representatives will press for this in the General Assembly whenever this question is considered there. There is no other action that they can take by themselves in this matter.

## NEGOTIATIONS BETWEEN NEPAL, U.S.A. AND U.K. RE AIR BASE IN NEPAL

\*1659. **Pandit Mukut Bihari Lal Bhargava:** Will the Honourable the Prime Minister be pleased to state:

(a) whether it is a fact that negotiations are going on between Nepal and the Governments of the United States of America and United Kingdom for the establishment of an air base in Nepal in return for substantial financial aid and technical assistance;

(b) whether it is also a fact that the United States of America is negotiating for the development of Nepal's vast mineral resources and hydro-electric potentialities; and

(c) whether the United States of America has offered assistance to Nepal for developing Nepal's land communications with India?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): (a) to (c). The Government of India have no knowledge of any such negotiations.

## PERMITS FOR ENTRY OF INDIANS FROM FRENCH INDIA

\*1660. **Shri P. Kunhiraman:** Will the Honourable the Prime Minister be pleased to state:

(a) whether it is a fact that the Government of India have decided to introduce permit system from the 1st April, 1949 for the entry of French Indians into India;

(b) if so, for what reasons; and

(c) whether it applies to all French settlements in India?

**Dr. B. V. Keskar** (Deputy Minister of External Affairs): (a) and (c). A copy of a press note issued on the subject on the 28th March 1949, relating to travel between India and Pondicherry and Karikal, is placed on the table of the House.

(b) The system has been introduced for security reasons and also to check smuggling that may follow the termination of the Customs Union Agreement with effect from 1st April 1949.

## PRESS COMMUNIQUE

Consequent on the termination of the Customs Union Agreement with the French Settlements in India from the first April, 1949, it has been decided to cancel from that date the exemption granted under the Indian Passport Rules, 1921, to persons domiciled in India, proceeding from the French Establishments of Pondicherry and Karikal and persons domiciled in foreign possessions in India proceeding to India from those Establishments. Such persons will therefore, be subject to the provisions of the Indian Passport Rules, 1921 with effect from the first April, 1949 and will have to obtain a travel document validated by the competent authority for entry into India or the French Establishments of Pondicherry and Karikal, as the case may be. To avoid inconvenience and expense, a special type of identity document has been prescribed for which a fee of only Re. 1 will be charged.

2. The above action has been decided upon to facilitate the checking and detection of smuggling and other evasions of import and export control regulations.

New Delhi, the 28th March, 1949.

## TRANSFER OF PENSION DOCUMENTS FROM PAKISTAN

\*1661. **Giani Gurmukh Singh Musafir:** (a) Will the Honourable Minister of Relief and Rehabilitation be pleased to state whether it is a fact that Government have decided to continue the pensions of those Central Government pensioners, who got their pension documents transferred from Pakistan to India before 15th August 1947 and to restrict the pensions of those Central Government pensioners whose documents were transferred after the 15th August, 1947?

(b) If the answer to part (a) above be in the affirmative, what are the grounds for the adoption of such a policy?

(c) Will the pensioners who applied for the transfer of their pensions before 15th August, 1947, but got their pensions transferred after that date, be affected by such orders?

**The Honourable Shri Mohan Lal Saksena:** The question should have been addressed to the Honourable Minister of Finance. It has accordingly been transferred to the list of Questions for the 6th April 1949 when the Honourable Minister of Finance will answer it.

## CAMPS FOR REFUGEES IN UNITED STATES OF RAJASTHAN

\*1662. **Shri Balwant Sinha Mehta:** (a) Will the Honourable Minister of Relief and Rehabilitation be pleased to state how many displaced persons

from Pakistan are residing in each of the various camps in the United States of Rajasthan?

(b) How many of them are supplied with free ration and how many purchase their own?

(c) What is the arrangement for rehabilitating them in various vocations?

(d) What is the daily expenditure incurred by Government on each of these camps?

(e) What is the total number of school-going children in these camps?

(f) Have facilities been provided for these children to attend schools and if not, why not?

**The Honourable Shri Mohan Lal Saksena:** (a) and (d). A statement is laid on the table of the House.

(b), (e) and (f). The information is not available and has been called for.

(c) The arrangements are:

(i) Grant of land for cultivation.

(ii) Provision of residential accommodation.

(iii) Construction of shops.

(iv) Grant of loans for providing gainful occupations.

(v) Vocational and Technical training for about 1,000 displaced persons.

## STATEMENT

Number of displaced persons from Pakistan in each of the various Camps in United States of Rajasthan and Daily Expenditure thereon.

| Name of the Camp         | Population | Daily expenditure |
|--------------------------|------------|-------------------|
|                          |            | Rs.               |
| Wdaipur . . . . .        | 4,128      | 1,737             |
| Nathdwara . . . . .      | 728        | 305               |
| Kankroli . . . . .       | 647        | 262               |
| Chitorgarh . . . . .     | 1,660      | 675               |
| Bhilwara . . . . .       | 1,664      | 690               |
| Gulab Pura . . . . .     | 542        | 217               |
| Kotah . . . . .          | 6,000      | 2,290             |
| Bundi . . . . .          | 233        | 95                |
| Ghoti Sadri . . . . .    | 203        | 91                |
| Destitute Home . . . . . | 50         | 100               |
| Total . . . . .          | 15,855     |                   |

## TRAINING IN COST ACCOUNTANCY IN U.K. AND U.S.A.

\*1663. **Shri G. S. Guha:** Will the Honourable Minister of Commerce be pleased to state whether it is proposed to encourage training of qualified Indians in higher Cost Accountancy in the United Kingdom?

**The Honourable Shri K. C. Neogy:** Yes Sir. The Government of India announced as far back as 1946, that with a view to encouraging training of qualified Indians in higher Cost Accountancy in U.K. and also in U.S.A., they would do their best to secure for them admission to appropriate firms or institutions in these countries through their representatives stationed in these countries and also grant such priority passage and exchange facilities as may be necessary and feasible, and this policy continues to be observed.

## RESEARCH IN MANUFACTURE OF RADIO VALVES

**\*1664. Shri G. S. Guha:** (a) Will the Honourable the Prime Minister be pleased to state whether any research is being conducted under the Council of Scientific and Industrial Research in radio valves for developing a type more suitable for Indian conditions?

(b) If so, do the Scientists employed in the work have foreign scientific and technical training?

(c) If such research workers have no foreign training, is it in the contemplation of Government to give them or some of them advance scientific and technical training in countries like the United States of America or the United Kingdom?

**The Honourable Shri Jawaharlal Nehru:** (a) Yes. A research scheme on investigations on manufacture of radio valves in India is being financed by the Council of Scientific and Industrial Research.

(b) The scheme is being worked under one of the eminent physicists of India, Dr. S. K. Mitra, Ghosh, Professor of Physics, University of Calcutta. Dr. Mitra was educated in England and has since been abroad on several occasions. The research workers working with him have not had any foreign training.

(c) No. Not at this stage.

## EXPORT OF LIMESTONE FROM ASSAM FOR MANUFACTURE OF CEMENT IN EASTERN PAKISTAN

**\*1665. Shri G. S. Guha:** (a) Will the Honourable Minister of Works, Mines and Power be pleased to state the names of places where there are limestone quarries in Assam?

(b) Is it a fact that limestone for the Assam-Bengal Cement Company's factory at Chhattack, East Pakistan, is taken from the quarries in the Khasi Hills in Assam?

(c) If so, is there any agreement between the two Dominions regarding the export of a specified percentage of the quantity of cement produced in the factory to Assam or any other part of the Indian Dominion?

**The Honourable Shri N. V. Gadgil:** (a) As permits for limestone quarries are granted by the Provincial Government, the information asked for is not available with the Government of India.

(b) The reply is in the affirmative so far as I am aware.

(c) Not to my knowledge.

## PETROLEUM IN TRIPURA STATE

**\*1666. Shri G. S. Guha:** (a) Will the Honourable Minister of Works, Mines and Power be pleased to state whether any petroleum mine has been discovered in the Tripura State?

(b) If so, when is the work of boring likely to commence?

**The Honourable Shri N. V. Gadgil:** (a) There are indications of the existence of petroleum in Tripura State. But no actual mine has yet been sunk.

(b) This point is under consideration.

## BUSINESS OF ALLIANZ UND STUTTGARTER LIFE INSURANCE BANK LTD., IN INDIA

**\*1667. Shri Arun Chandra Guha:** Will the Honourable Minister of Commerce be pleased to state:

(a) whether the Government of India in the year 1939 undertook to maintain the current business of The Allianz Und Stuttgarter Life Insurance Bank Limited and have since then been collecting the premiums of the existing policies;

(b) whether before that Government had satisfied themselves that the assets of the Company in India were sufficient to meet the claims of the policies;

(c) whether Government directly or indirectly gave any assurance that the normal policy conditions would be given effect to;

(d) when valuation was made and what the recommendation of the Actuary was;

(e) what led Government to impose a provisional cut of 20 per cent. on all claims;

(f) whether Government now propose to hand over the company to some other company on the basis of 20 per cent. cut;

(g) whether Government have got any proposal from the Committee of Policy-holders to run the company as a mutual company; and

(h) whether Government propose to consider this proposal before deciding to hand over the company to any other company on the basis of 20 per cent. cut?

**The Honourable Shri K. C. Neogy:** (a) On the outbreak of the war in 1939 with a view to safeguarding the interests of the policyholders of the 'Allianz', the Government authorized Messrs. A. F. Ferguson and Company, Chartered Accountants, to carry on the existing business of the company under the Government's superintendence, direction and control.

(b) The exact financial position could not be ascertained without making an actuarial valuation of the company. The Government, however, satisfied itself by a rough estimate that there were sufficient assets of the Company in the country to justify the expectation that generally speaking claims could be met as they arose.

(c) No such undertaking was given.

(d) The valuation was made as at 30th September 1940. The actuary recommended a cut of 10 per cent. on all policy payments.

(e) In order to provide adequate margin of safety for factors not specifically provided for by the actuary, a cut of 20 per cent. on all policy benefits was imposed by the Government.

(f) The question of handing over the business of the company to some sound insurer if the policy holders will benefit thereby, is under consideration of Government. The restoration of the 20 per cent. cut in policy benefits, either partly or wholly, will depend on the results of the next actuarial valuation to be undertaken in the near future.

(g) A proposal to run the Company as a mutual company was received from the so-called Policyholders' Committee.

(h) The proposal will be considered before Government take a final decision to hand over the business to some other insurer.

## STATUTORY BODIES ON WHICH LEGISLATURE IS REPRESENTED

**\*1668. Prof. Shibban Lal Saksena:** (a) Will the Honourable the Prime Minister be pleased to lay on the table of the House the names of all the Statutory Bodies like University Bodies, Scientific Institutes, Advisory Boards, Standing Committees attached to various Ministries and other bodies to which the Constituent Assembly of India (Legislative) elects its representatives since

15th August, 1947 together with the names of the present representatives and the period for which they will serve there?

(b) What is the percentage of attendance of these members on these various bodies since 15th August, 1947?

The Honourable Shri Jawaharlal Nehru: (a) The requisite information is given on pages 29—38 of the printed Brochure published by the Office of the Constituent Assembly of India (Legislative) entitled "Committees of the Central Legislature and other bodies on which the Central Legislature is represented". Copies of this brochure are available in that office.

(b) A statement showing the attendance of members on the various Standing Committees is laid on the table.

## STATEMENT

| Ministry    | Date                   | Names of members attending                                                                                                                                                                                 | Percentage of attendance |
|-------------|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| 1           | 2                      | 3                                                                                                                                                                                                          | 4                        |

## REHABILITATION OF REFUGEES IN BHARATPUR STATE

\*1669. Shri Raj Bahadur: Will the Honourable the Minister of Relief and Rehabilitation be pleased to state:

(a) the number of displaced persons allocated for rehabilitation in the territories comprising the former state of Bharatpur;

(b) the number of displaced persons who actually went there for rehabilitation and the number rehabilitated there (i) in villages and (ii) in town, separately;

(c) the number of displaced persons who went there for settling but returned together with the reasons why they so returned;

(d) the total amount of money so far spent there for the purpose of rehabilitation;

(e) the strength of the staff of the rehabilitation department for the said area together with the monthly cost of its maintenance; and

(f) the qualifications and experience of the official head of the said rehabilitation department there?

**The Honourable Shri Mohan Lal Saksena:** (a) to (f). The allocated quota of displaced persons for Matsya Union is 1,00,000. No separate allocation for the several units in the Union has been made. Information in respect of areas formerly comprising Bharatpur State is not available.

#### IRREGULARITIES IN HANDLING OF FINANCES ALLOTTED FOR RELIEF AND REHABILITATION IN BHARATPUR STATE

**\*1670. Shri Raj Bahadur:** (a) Will the Honourable Minister of Relief and Rehabilitation be pleased to state whether there have been any complaints of irregularities of a serious nature in the handling of finances allotted by the Government of India for the work of relief and rehabilitation in the territory formerly comprising the state of Bharatpur?

(b) If so, have Government instituted any enquiry into this matter?

(c) What are the facts revealed by the enquiry so far?

**The Honourable Shri Mohan Lal Saksena:** (a) The Ministry of Relief and Rehabilitation have received no information so far.

(b) and (c). Do not arise.

#### RATE WAR AMONG SHIPPING LINES

**\*1671. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Commerce be pleased to state whether it is a fact that a "freight-war" between two shipping lines is going on for the last 10 days?

(b) If so, which companies are involved in it?

(c) Has any urgent message been sent by the Indian Shipping Company to the Honourable Minister in this respect?

(d) What are the reasons for this competition?

(e) What action do Government propose to take in the matter?

**The Honourable Shri K. C. Neogy:** (a) Yes; a rate war has been in progress in the India/U.K./Continent trades between two Dutch Lines which have left the Conference, on the one hand, and fifteen other Lines which are members of the Conference, on the other, from about the 10th March 1949.

(b) The Lines involved include two Indian companies, viz., Scindia Steam Navigation Co. and India Steamship Co., and several British, American and Continental Lines.

(c) Yes: Certain communications have been received from the two Indian companies affected urging Government to consider what assistance could be given to them to meet their difficulties if the rate war is protected.

(d) So far as Government's information goes, the reasons for the Dutch Lines leaving the Conference and engaging in the rate war are, firstly, the admission into the Conference against the opposition of the Dutch Lines, of the Danish Line, the East Asiatic Co. (India) Ltd. and secondly, the refusal of the other Lines in the Conference to concede the Dutch Line's claim that they should have, if the Danish Line was admitted, an assured substantial share in certain sectors of the India/U.K./Continent trade.

(e) The entire question is at present under consideration in the light of the suggestions made by the companies, but no final decisions have yet been taken regarding the action to be taken by Government. I can assure the House, however, that Government will do everything appropriate and possible to ensure that the position of Indian shipping in this trade is not materially injured.

#### CENSORING OF FILMS CONTAINING INDIAN NATIONAL FLAG AND SLOGANS IN EASTERN PAKISTAN

**\*1672. Shri H. V. Kamath:** Will the Honourable the Prime Minister be pleased to state:

(a) whether the attention of Government has been drawn to a report appearing in the *Nation* of Calcutta, dated the 22nd March, 1949 (page 8, column 6) to the effect that "East Pakistan Censors have preferred Indian Films containing Indian Dominion Flag and National slogans not to be shown in Pakistan"?

(b) If so, whether it is correct; and

(c) what action Government have taken or propose to take in the matter?

**The Honourable Shri Jawaharlal Nehru:** (a) and (b). Yes, Sir. The Government of India have seen the press report and have also received a representation from the Bengal Motion Picture Association drawing attention to the refusal by the East Bengal Board of Film Censors (Pakistan) to certify Indian Films containing scenes and dialogues regarding the Indian National Flag or national slogans.

(c) The Deputy High Commissioner for India in Dacca is being asked to take up the matter with the East Bengal Government.

#### CONSTRUCTION OF COW SHEDS IN M.C.A. BUNGALOWS

**\*1673. Ch. Ranbir Singh:** Will the Honourable Minister of Works, Mines and Power be pleased to state:

(a) whether Government are aware of the fact that the members of this House are not permitted to construct cow sheds in their bungalows even at their own cost by the Government;

(b) whether Government are aware of the fact that the by-laws of the Municipal Committee do not bar such construction;

(c) whether Government are aware of the fact that the conditions regarding drains, sewer connection and the superficial floor area of 40 square feet (8x5) necessary for permission exist; and

(d) if so, whether Government propose to allow the construction of cow sheds in the bungalows wherever possible and if not, why not?

**The Honourable Shri N. V. Gadgil:** (a) There is no bar to the construction of cow sheds by the members of the Assembly in their bungalows at their own cost, provided the construction is done according to the current Municipal bye-laws and there is sufficient suitable space in the compound of the bungalow for the construction of the cow shed.

(b) The bye-laws of New Delhi Municipal Committee do not bar the construction of cow sheds generally provided they are properly constructed with drainage arrangements and at a prescribed distance from the house.

(c) Conditions with regard to drains and sewer connection exist on Ferozshah Road, but suitable gross area of 72·2 sq. feet required for the construction of a cow shed, according to the New Delhi Municipal Committee's bye-laws, is not available in the compound of M.L.As. bungalows on Ferozshah Road.

(d) The question whether Government should continue to construct cow sheds at their cost in Government bungalows in New Delhi is under examination in consultation with the Health Ministry. As already stated, however, there is, no bar to tenants putting up cow-sheds, at their own cost in conformity with the Municipal bye-laws.

#### ABDUCTED NON-MUSLIM WOMEN TAKEN TO AFGHANISTAN

\*1674. **Giani Gurmukh Singh Musafir:** (a) Will the Honourable the Prime Minister be pleased to state whether Government are aware that a number of abducted non-Muslim women have been taken across the western border of Pakistan to Afghanistan where they are now captives of landlords and Nawabs?

(b) If the answer to part (a) above be in the affirmative, have Government brought this matter to the notice of the Afghanistan Government and if so, with what result?

(c) If the answer to part (a) above be in the negative do Government propose to enquire into the matter?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) Government have received reports that a number of abducted non-Muslim women have been taken over the Pakistan border into Afghanistan.

(b) and (c). The matter was taken up with the Afghan Government during June 1948 and they have repeatedly given their assurance to help India as far as possible in the recovery of abducted women from areas under their control. As the task of locating the abducted women is fraught with many practical difficulties, it will take some time before any tangible results are achieved.

#### RECOMMENDATIONS OF ECONOMIC PROGRAMME COMMITTEE

\*1674-A. **Shri S. Nagappa:** (a) Will the Honourable the Prime Minister be pleased to state what are the recommendations of the Economic Programme Committee of which the Prime Minister of India is the Chairman?

(b) How far have Government implemented these recommendations?

**The Honourable Shri Jawaharlal Nehru:** (a) There is no Economic Programme Committee of which the Prime Minister is Chairman. Presumably the honourable member is referring to the National Planning Committee which was set up some ten years ago by the President of the National Congress and of which the Prime Minister was Chairman. This Committee has made various recommendations from time to time during these years. I could not finalise its work. It has however recently published a large number of volumes containing the reports of its Sub-Committees.

(b) Government have noted the suggestions made from time to time and will take into consideration the recommendations whenever the question of overall planning is considered.

#### POSTPONED STARRED QUESTION AND ANSWER

(Postponed from 28th March, 1949)

#### ESTABLISHMENT OF NATIONAL HOUSING CORPORATION

\*1422. **Shri H. V. Kamath:** Will the Honourable Minister of Relief and Rehabilitation be pleased to state:

(a) whether it is a fact that Government propose to establish a National Housing Corporation; if so, when;

(b) how the necessary finances for the same are going to be raised; and

(c) the purpose and functions of the proposed corporation?

**The Honourable Shri Mohan Lal Saksena:** (a) to (c). The general proposal is under consideration.

#### UNSTARRED QUESTIONS AND ANSWERS

##### INDUSTRIAL WORKERS AND UNIONS

132. **Dr. P. S. Deshmukh:** Will the Honourable Minister of Labour be pleased to state:

(a) the total number of industrial workers in India in 1945-46, 1946-47, 1947-48 and 1948-49;

(b) the names of Unions with their membership; and

(c) which of these Unions have been recognised by Government?

**The Honourable Shri Jagjivan Ram:** (a) A statement showing the average daily number of workers employed in factories, mines, railways and plantations in the years 1945, 1946 and 1947 is attached. Later figures are not available.

(b) Information is available only in respect of registered trade unions having a membership of 1,000 or more. This is furnished in the Labour Year Book for 1946, a copy of which is available in the Library of the Legislature.

(c) As regards the unions recognised by the Government of India as employer, attention is invited to the statement laid on the table of the House on the 16th March 1949 in furtherance of my reply to Shri V. C. Kesava Rao's question No. 278 on the 14th February 1948.

#### STATEMENT

##### Industrial Employment in India

|              | 1945      | 1946       | 1947       |
|--------------|-----------|------------|------------|
| Factories    | 26,12,977 | 24,71,873† | 22,79,897‡ |
| Mines        | 3,86,299  | 4,12,719   | 1,67,293   |
| Railways*    | 9,96,874  | 10,16,835  | 8,28,548   |
| Plantations† | 10,93,551 | 12,81,048  | 11,72,828  |

N. B.—The figures for 1945 and 1946 relate to British India, while those for 1947 relate to the Indian Dominion. While the figures for factories and mines cover the provinces and centrally administered areas only, the figures for Railways and Plantations cover Indian States also.

\* The figures relate to the Financial Years 1945-46, 1946-47 and 1947-48.

† For the Punjab and the N. W. F. P. the figures relating to 1945 have been taken since later figures are not available.

‡ In the cases of certain districts like Darjeeling the figures for the previous year have been taken as later information is not available.

§ For East Punjab an estimate based on the statistics relating to 1945 has been taken.

## REFUGEES IN CAMPS IN DELHI AND AJMER-MERWARA

**133. Shri A. V. Thakkar:** Will the Honourable Minister of Relief and Rehabilitation be pleased to state:

(a) the total number of residents of each of the camps for displaced persons in the Provinces of Delhi and Ajmer-Merwara as on some particular date in March or April, 1949;

(b) the total number of persons in each camp in receipt of free rations and the approximate daily expenditure incurred thereon;

(c) the total number of persons purchasing their own rations; and

(d) the date or dates by which people of each camp will be fully self-supporting in the matter of rations?

**The Honourable Shri Mohan Lal Saksena:** (a) to (c). A statement giving the information in respect of Delhi Province is laid on the table of the House. As regards Ajmer-Merwara the information is being collected.

(d) Distribution of free rations to able bodied persons and their dependants will be discontinued on the 8th April, 1949. It is hoped that in Ajmer-Merwara such discontinuance will be possible by the 31st October, 1949.

## STATEMENT

| Name of the camp in Delhi | Population as it stood on 19.3.49 | Number in receipt of free rations | Daily expenditure. | Number purchasing their own rations |
|---------------------------|-----------------------------------|-----------------------------------|--------------------|-------------------------------------|
|                           |                                   |                                   | Rs.                |                                     |
| Kingsway                  | 21,458                            | 16,930                            | 12,698             | 4,528                               |
| Humayun's Tomb            | 3,027                             | 2,670                             | 2,006              | 357                                 |
| Kalkaji                   | 1,409                             | 1,156                             | 867                | 253                                 |
| Safdar Jang               | 1,319                             | 1,247                             | 936                | 72                                  |
| Wavell Canteen            | 225                               | 174                               | 131                | 51                                  |
| Purana Qilla              | 4,404                             | ..                                | ..                 | 4,404                               |
| Anand Parbat              | 3,926                             | ..                                | ..                 | 3,926                               |
| Bela Road                 | 2,234                             | ..                                | ..                 | 2,234                               |
| Tis Hazari                | 2,064                             | ..                                | ..                 | 2,064                               |
| Kotla Ferozshahi          | 1,477                             | ..                                | ..                 | 1,477                               |
| Schools                   | 815                               | ..                                | ..                 | 815                                 |

## REFUGEES IN CAMPS IN C.P. AND BERAR

**134. Shri A. V. Thakkar:** Will the Honourable Minister of Relief and Rehabilitation be pleased to state:

(a) the total number of residents of each of the camps for displaced persons located in the Central Provinces and Berar as on some particular date in March or April, 1949;

(b) the total number of persons in each camp in receipt of free rations and the approximate daily expenditure incurred thereon;

(c) the total number of persons purchasing their own rations; and

(d) the date or dates by which people of each camp will be fully self-supporting in the matter of rations?

**The Honourable Shri Mohan Lal Saksena:** (a) to (c). The information has been called for.

(d) It is hoped that this will be possible by the end of October, 1949.

## REFUGEES IN CAMPS IN MADHYA BHARAT AND MATSYA UNIONS

**135. Shri A. V. Thakkar:** Will the Honourable Minister of Relief and Rehabilitation be pleased to state:

(a) the total number of residents of each of the camps for displaced persons situated in Madhyabharat and Matsya Unions as on some particular date in March or April, 1949;

(b) the total number of persons in each camp in receipt of free rations and the approximate daily expenditure incurred thereon;

(c) the total number of persons purchasing their own rations; and

(d) the date or dates by which people of each camp will be fully self-supporting in the matter of rations?

**The Honourable Shri Mohan Lal Saksena:** (a) to (c). The information has been called for.

(d) It is hoped that this will be possible by the end of October, 1949.

## REFUGEES IN CAMPS IN U.P.

**136. Shri A. V. Thakkar:** Will the Honourable Minister of Relief and Rehabilitation be pleased to state:

(a) the total number of residents of each of the camps for displaced persons located in the United Provinces as on some particular date in March or April, 1949;

(b) the total number of persons in each camp in receipt of free rations and the approximate daily expenditure incurred thereon;

(c) the total number of persons purchasing their own rations; and

(d) the date or dates by which people of each camp will be fully self-supporting in the matter of rations?

**The Honourable Shri Mohan Lal Saksena:** (a) to (c). The information has been called for.

(d) It is hoped that this will be possible by the end of October, 1949.

## COMMODITIES IMPORTED FROM AND EXPORTED TO PAKISTAN

**137. Pandit Mukut Bihari Lal Bhargava:** Will the Honourable Minister of Commerce be pleased to state the quantities and value of each commodity imported from and exported to Eastern and Western Pakistan by the Indian Union during the year ended December 1948?

**The Honourable Shri K. C. Neogy:** A statement giving the requisite information as far as available from the foreign sea-borne trade returns for the nine months ending December, 1948, is laid on the table of the House. Similar statistics for the calendar year ending December, 1948, are not available as Pakistan was declared as a 'foreign territory' only with effect from the 1st March, 1948.

Figures relating to Indo-Pakistan trade by land are not available at present. Arrangements for the systematic collection of such statistics are however being made.

## STATEMENT

Quantity and value of the Principal Articles imported into India by sea from Pakistan Western and Eastern, during the nine months April to December, 1948

| Articles                                                                  | Unit  | Pakistan Western |           | Pakistan Eastern |       |
|---------------------------------------------------------------------------|-------|------------------|-----------|------------------|-------|
|                                                                           |       | Quantity         | Value     | Quantity         | Value |
| (1)                                                                       | (2)   | (3)              | (4)       | (5)              | (6)   |
|                                                                           |       |                  | Rs.       |                  | Rs.   |
| 1. Animals, living . . . . .                                              | No.   | 15               | 7,950     | ..               | ..    |
| 2. Apparel (excluding hosiery, etc.)—                                     |       |                  |           |                  |       |
| (a) Apparel (including drapery, etc.) . . . . .                           | Value | ..               | 14,715    | ..               | 65    |
| (b) Other sorts of apparel . . . . .                                      | ..    | ..               | 10,742    | ..               | 752   |
| 3. Books, printed and printed matter . . . . .                            | Cwt.  | 31,063           | 3,03,740  | 7                | 9,279 |
| 4. Books and shoes . . . . .                                              | Pair  | 3,094            | 6,108     | ..               | ..    |
| 5. Brushes and Brooms . . . . .                                           | Dozen | 521              | 12,134    | ..               | ..    |
| 6. Building and engineering materials, other than of iron, steel or wood— |       |                  |           |                  |       |
| (i) Cement—                                                               |       |                  |           |                  |       |
| (a) Portland . . . . .                                                    | Ton   | 39,842           | 44,80,374 | ..               | ..    |
| (b) Other kinds . . . . .                                                 | ..    | 6,884            | 7,17,141  | ..               | ..    |
| (ii) Other kinds of Building, etc. . . . .                                | Cwt.  | 1,451            | 3,640     | ..               | ..    |
| 7. Buttons of all sorts . . . . .                                         | Value | ..               | 48,085    | ..               | 861   |
| 8. Chemicals and Chemical preparation—                                    |       |                  |           |                  |       |
| (a) Potassium Compounds . . . . .                                         | Cwt.  | 14,757           | 7,00,645  | ..               | ..    |
| (b) Sodium compounds . . . . .                                            | ..    | ..               | ..        | ..               | ..    |
| (c) Sodium Carbonate . . . . .                                            | Cwt.  | 1,417            | 29,073    | ..               | ..    |
| (d) Other sorts of chemicals . . . . .                                    | Value | ..               | 1,84,022  | ..               | ..    |
| 9. Clocks and watches and parts thereof . . . . .                         | ..    | ..               | 12,712    | ..               | 2,875 |
| 10. Cork manufactures . . . . .                                           | Cwt.  | 163              | 22,143    | ..               | ..    |

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE)  
DEBATES

(PART—I—QUESTIONS AND ANSWERS)

Wednesday, 6th April, 1949

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock, Mr. Speaker (The Honourable Mr. G. V. Mavalankar) in the Chair.

STARRED QUESTIONS AND ANSWERS

(a) ORAL ANSWERS

PLANS FOR TRAINING NURSES

\*1675. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Health be pleased to state the plans of Government for training more nurses to meet the present shortage?

(b) What is the number of nurses being trained every year?

The Honourable **Rajkumari Amrit Kaur:** (a) and (b). A statement containing the information asked for is laid on the table of the House.

STATEMENT

(a) A scheme for additional residential accommodation for Nurses including Student Nurses has been sanctioned for the Irwin Hospital, New Delhi. To provide for the teaching of the increasing number of student nurses in the Centrally Administered Areas, Sister Tutors are being trained in as large a number as possible in Delhi and abroad. A College of Nursing for higher training in Nursing has been started in Delhi. The larger hospitals provide training for probationer Nurses. In areas where there are no such training hospitals the Local Administration has been deputing candidates for training in adjoining provinces.

In the provinces, plans are under consideration to provide for the training of auxiliary nursing personnel and of an additional number of student nurses in existing training centres. New training centres are also being established. Various Dufferin and Mission Hospitals have been asked to train student nurses at Government expense. Steps are being taken to make the profession more attractive by increasing the salaries and reducing the hours of work where they are unduly long.

| (b) Name of province/<br>Administration | Average number of nurses<br>trained annually. |

| <b>Total</b>     | <b>1102</b> |

**Shri V. C. Kesava Rao:** May I know whether any nurses are being sent to foreign countries for higher training?

**The Honourable Rajkumari Amrit Kaur:** Yes, they are.

**Shrimati G. Durgabai:** May I know whether the All-India Nursing Council which is supposed to have taken up the recruitment of nurses has started its work, if not, when is it going to start the work?

**The Honourable Rajkumari Amrit Kaur:** The All-India Nursing Council has just been formed, and its first meeting is going to be held shortly.

**Shri V. C. Kesava Rao:** May I know whether there is any proposal to train public health nurses?

**The Honourable Rajkumari Amrit Kaur:** I do not know what the questioner means by "public health nurses". If he means Lady Health Visitors, they are already being trained.

**Shri H. V. Kamath:** How many nurses are required, in the Minister's view, to meet the needs of a sick nation such as India is today?

**Mr. Speaker:** The question is vague.

**Dr. P. S. Deshmukh:** What is the number of nurses who are receiving this higher training at present?

**The Honourable Rajkumari Amrit Kaur:** The average number of nurses trained annually is 1102 and out of this, a great many do receive higher training.

**Shrimati G. Durgabai:** May I know what is the total number of male nurses working today?

**The Honourable Rajkumari Amrit Kaur:** I have not got the figure of male nurses available here.

**Shri V. C. Kesava Rao:** May I know the training capacity of the Nursing College, Delhi.

**The Honourable Rajkumari Amrit Kaur:** Delhi trains 112 nurses annually and it is hoped to increase that number in the coming year.

**Shrimati Ammu Swaminadhan:** In view of the fact that more young ladies are coming forward for training as nurses, may I ask the Honourable Minister whether there are enough training centres in India to meet the needs of all those who are coming forward?

**The Honourable Rajkumari Amrit Kaur:** I have to admit that the centres available for training are not enough, but the provinces are forging ahead with plans for further training and the Centre is forging ahead likewise.

**Shri Mahavir Tyagi:** Is there any arrangement for the training of village nurses, that is to say, those who do not know English?

**The Honourable Rajkumari Amrit Kaur:** Yes, Sir.

**Shri S. V. Krishnamoorthy Rao:** Has Government fixed any target date to implement the recommendations of the Bhore Committee Report in this connection?

**The Honourable Rajkumari Amrit Kaur:** Yes. Government is trying to implement the Bhore Committee recommendations as quickly as possible.

**Shri Mahavir Tyagi:** May I conclude that the nurses from the villages who do not know English are actually admitted to the training schools, of which mention is made in the answer?

**The Honourable Rajkumari Amrit Kaur:** Nurses that are trained for villages are naturally not admitted into the hospitals, because the hospital training requires a certain amount of English knowledge, but arrangements are made to train nurses in the languages of the country.

**Shri V. S. Sarwate:** How many nurses are admitted from the States?

**The Honourable Rajkumari Amrit Kaur:** I would have to have notice of that question.

#### ALLOCATION OF INCOME-TAX PROCEEDS TO PROVINCES

†\*1676. **Seth Govind Das:** Will the Honourable Minister of Finance be pleased to state:

(a) whether it is a fact that the allocation of income-tax proceeds to various provinces has been changed; and

(b) if so, what are the details of the past and the present allocations of income-tax proceeds to various provinces?

**The Honourable Dr. John Matthai:** (a) Yes, Sir.

(b) A statement is laid on the table.

#### STATEMENT

| Name of Province | Percentage of the Provincial share of Income-tax under the Government of India (Distribution of Revenues) Order, 1936 | Percentage of Provincial share of Income-tax after the Partition |
|------------------|-----------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------|

## DELHI SPECIAL POLICE ESTABLISHMENT

†\*1677. **Lala Raj Kanwar:** Will the Honourable Minister of Home Affairs be pleased to refer to the reply to Starred Question No. 77 asked by Shri Kishorimohan Tripathi on the 10th August, 1948 regarding the working of the Delhi Special Police Establishment and state:

- (a) the date of the organisation of this establishment;  
 (b) the composition of the said establishment;  
 (c) the number of cases registered by the said establishment from the date of its organisation till 31st December, 1948 or till the last date upto which figures are available;

(d) of the above cases how many relate to Gazetted or Commissioned officers and how many to non-Gazetted or non-commissioned officers, and how many of these have ended in conviction; and

(e) what action is being taken to prosecute or otherwise punish the remaining offenders who have not yet been brought to trial or otherwise proceeded against?

**The Honourable Sardar Vallabhbhai Patel:** (a) June, 1941.

(b) A statement (No. I) is laid on the table of the House.

(c) 1854 up to 28th February 1949.

(d) and (e). Of the above cases, information about 122 cases is not fully available on account of the non-receipt of complete records from Lahore, the pre-partition Headquarters of the S.P.E., and of some cases pending disposal in Pakistan. A statement (No. II) showing the disposition of the remaining 1732 cases is laid on the table of the House.

† Answer to this question laid on the table, the questioner being absent.

## BALANCE OF PAYMENTS WITH U. S. A.

\*1678. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Finance be pleased to state the present position of the balance of payments account with the U.S.A.?

(b) If it is unfavourable to India, how will the deficit be made up?

(c) What was the amount of Indian exports to dollar areas during the year 1948?

**The Honourable Dr. John Matthai:** (a) During the eleven months January—November 1948 India had a deficit in her balance of payments with the United States of Rs. 60.63 crores=\$181.89 million. Later figures are not available but the balance continues to be unfavourable.

(b) The deficit in the past was met by borrowing from the International Monetary Fund and by spending the multilaterally convertible sterling placed at India's disposal under the Sterling Balances Agreements. In the future we hope also to borrow from the International Bank for Reconstruction and Development.

(c) According to the Sea-borne Trade Accounts, the value of Indian exports to the dollar areas during the calendar year 1948 amounted to Rs. 106.92 crores=\$320.76 million.

**Shri R. K. Sidhva:** May I know whether we can draw on sterling reserve for dollars?

**The Honourable Dr. John Matthai:** We can draw only on the amount of sterling that has been released to us in convertible form.

**Shri R. K. Sidhva:** What is the reason for this adverse trade balance in dollars?

**The Honourable Dr. John Matthai:** Because our exports are coming down and our imports are going up.

**Shri M. Ananthasayanam Ayyangar:** May I ask the Honourable Minister what is the total quantity of imports during the same calendar year 1948 from dollar areas?

**The Honourable Dr. John Matthai:** I have not got the information here, but I will give it to the honourable member.

**Shri M. Ananthasayanam Ayyangar:** These borrowings are intended for current expenses. How does the Honourable Minister propose to pay the loans that he has borrowed from the International Monetary Fund and Bank?

**The Honourable Dr. John Matthai:** That is one of the problems which I am anxiously considering at the moment.

**Shri M. Ananthasayanam Ayyangar:** Has the Honourable Minister any idea of reducing the quantity of imports which could otherwise be dispensed with as far as possible?

**The Honourable Dr. John Matthai:** That is one of the directions in which we are pursuing this problem, that is to say, try and expand our exports as far as possible and reduce our imports.

**Shri M. Tirumala Rao:** What is the rate of interest we are paying for the borrowing from the International Monetary Fund?

**The Honourable Dr. John Matthai:** As I told the House some time ago, the rate of interest varies according to the period for which the loan has been in operation. So it is not possible for me to tell straightaway what is the rate of interest.

**Shri M. Tirumala Rao:** But what is the average rate of interest ranging between one figure and the other?

**The Honourable Dr. John Matthai:** It is very difficult for me to give an accurate figure.

**Shri T. T. Krishnamachari:** May I ask the Honourable Minister if he could tell the House how much of this adverse balance of Rs. 60.63 crores represents imports of capital goods?

**The Honourable Dr. John Matthai:** I am not in a position to give the information straightaway, but I will collect it for the honourable member.

**Shri R. K. Sidhva:** May I know whether European countries are buying from India and re-selling for their benefit of dollars?

**The Honourable Dr. John Matthai:** I am not aware of anything of the kind happening.

**Shri M. Ananthasayanam Ayyangar:** How much have we drawn so far from the multi-lateral convertible sterling that is available to us from Great Britain?

**The Honourable Dr. John Matthai:** The extent to which we have drawn from the sterling releases?—I would ask the honourable member not to press to answer that question.

**Shri M. Ananthasayanam Ayyangar:** May I ask the Honourable Minister if he will lay, for general information, a scheme whereby he intends to increase the exports and decrease imports?

**The Honourable Dr. John Matthai:** It is not possible for me to do anything during the present session. But, as soon as the House meets again, I shall be in a position to make a full statement on the problem more or less on the lines on which I made a statement at the beginning of this session as to how the balance of payment stands and the extent to which we would be able to meet it, etc.

**Shri Mahavir Tyagi:** May I know the proportion between consumers goods and producer goods had from America?

**The Honourable Dr. John Matthai:** That is the question that my honourable friend Mr. Krishnamachari put. I have not got the precise information here. I would collect that.

**Shri Mahavir Tyagi:** May I then ask as to how much of this pertains to Government purchases in America?

**The Honourable Dr. John Matthai:** I have not got the information ready; that must be a relatively small figure.

**Shri B. P. Jhunjhunwala:** Is it a fact that some of the consumers goods which could otherwise be dispensed with were imported as an anti-inflationary measure, and if so whether there has been any reduction in the inflation thereby and what is the policy of the Government in the future in this respect?

**The Honourable Dr. John Matthai:** The policy of the Government with regard to imports is so to regulate it that it is brought in conformity with our exchange resources, with the internal demand in the country and with the repercussion of it on industrial production inside the country.

#### ACTIVITIES OF COMMUNISTS IN HYDERABAD

\*1679. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of States be pleased to state whether it is a fact that serious disturbances and murders take place in the district of Warangal and other districts on Hyderabad (Deccan) border due to communist activities?

(b) If so, what steps have Government taken to check this menace?

(c) What is the total strength of the Communist in this area?

(d) How many citizens of these districts have been murdered and what is the amount of properties looted by Communists during the year 1948?

(e) Has any representation been made to the Government of India by the people of this area to take control of these districts with a view to restore peace and tranquillity; and, if so, with what result?

**The Honourable Sardar Vallabhbhai Patel:** (a) The situation was bad but since January 1949 the situation has been fast returning to normal.

(b) Does not arise.

(c) It is not possible to estimate the total strength of communists. The number of communists so far arrested in the State is about 4,000. Most of the remainder have left these areas and some have gone underground.

(d) I regret, I am unable to give the total figures for this period as no information is available in regard to the period before the Police action.

(e) A number of representations have been received about the communist menace in Hyderabad and suitable action was taken with the result that the situation is now in hand.

**Shri R. K. Sidhva:** May I know the number of villages looted by these Communists? Is there any figures available?

**The Honourable Sardar Vallabhbhai Patel:** It is not possible for me to go into details.

**Shri R. K. Sidhva:** May I know whether the Laik Ali Ministry, in alliance with the Razakars, helped these Communists?

**The Honourable Sardar Vallabhbhai Patel:** There are some suspicions that the Ministry assisted the Communists.

**Shri R. K. Sidhva:** May I know whether any amount has been spent from the Hyderabad Treasury to aid the Communists?

**The Honourable Sardar Vallabhbhai Patel:** So far as I am aware, there is no such expenditure.

**Shrimati G. Durgabai:** May I know whether among those who were murdered, there are cases of women also and whether there were also cases of abduction of women?

**The Honourable Sardar Vallabhbhai Patel:** The Communists in their atrocities made no distinction between men and women.

**Shri H. V. Kamath:** Is it not a fact that these Communists formed a treacherous alliance with the Razakars and resisted our police action in Hyderabad?

**The Honourable Sardar Vallabhbhai Patel:** They were in alliance; there is no doubt.

**Shri H. V. Kamath:** Is there any reason to suspect that the Communists in Hyderabad have infiltrated into any of the Government services there?

**The Honourable Sardar Vallabhbhai Patel:** There is no information about that.

**Shrimati G. Durgabai:** I just wanted to know whether there were any cases of abduction of women, whether those women were recovered and whether any attempt has been made to recover those women?

**The Honourable Sardar Vallabhbhai Patel:** I have no information about that; I shall enquire.

**Shri R. K. Sidhva:** May I know whether recently in the garb of congress men, communists openly condemned communism and secretly consolidated their position?

**Mr. Speaker:** These are matters of inference.

**Shri M. Tirumala Rao:** May I know whether Warangal and Nalgonda districts have been completely brought under the control of the military administration?

**The Honourable Sardar Vallabhbhai Patel:** Not completely, but very nearly.

#### EXPEDITION OF ANTHROPOLOGISTS TO ANDAMAN AND NICOBAR ISLANDS

\*1680. **Shri Brajeshwar Prasad:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether it is a fact that a batch of anthropologists has been sent by the Government of India to the Andaman and Nicobar Islands to study the aboriginal population?

(b) What is the total number of aboriginal and non-aboriginal population in these Islands?

(c) Who are these aboriginals?

(d) Is their population increasing or decreasing?

+ Answer to this question laid on the table, the questioner being absent.

(e) What are the names of these anthropologists who have been sent to the Andaman and Nicobar Islands?

(f) What will be the cost of this expedition?

(g) How long are these anthropologists going to stay in these Islands?

(h) Are the members of this expedition all officials?

(i) If not, who are the non-official members in this delegation?

**The Honourable Sardar Vallabhbhai Patel:** (a), (e), (g), (h) and (i). A small staff of the Anthropological Survey of India headed by Dr. B. S. Guha, Anthropological Adviser to the Government of India visited the islands for preliminary investigation early in 1948 and stayed there for about two months.

(b) and (c). The principal aboriginal tribes in the Andaman islands are:—  
(1) Andamanese, (2) Jarawas, (3) Onges, and (4) Sentinelese. The exact number of aborigines is not known but it is believed that there are between 2,000 and 5,000 of them. The aborigines of the Nicobar Island known as Nicobarese number between 12,000 and 15,000. Non-aboriginals in the Andamans number about 12,000. There are no non-aboriginals in the Nicobars.

(d) The population of aborigines in the Andamans is believed to be decreasing but the population of the Nicobarese is on the increase.

(f) The expedition cost about Rs. 1,800.

#### EDUCATIONAL INSTITUTIONS IN ANDAMAN AND NICOBAR ISLANDS

\*1681. **Shri Brajeshwar Prasad:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether there are any schools in the Andaman and Nicobar Islands?

(b) If the answer to part (a) above be in the affirmative, what is the number of these institutions?

(c) How many students are there in these institutions?

(d) If the answer to part (a) above be in the negative, do Government propose to establish educational institutions in these islands; and, if so, when?

**The Honourable Sardar Vallabhbhai Patel:** (a) and (b). Yes. There are 20 schools in the Islands.

(c) At present there are one thousand five hundred and seventy-one students in the schools.

(d) Does not arise.

#### REHABILITATION OF REFUGEES IN ANDAMAN AND NICOBAR ISLANDS

\*1682. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether it is a fact that Government sent a delegation to the Andaman and Nicobar Islands to examine whether refugees could be settled there?

(b) If so, what are the recommendations of the delegation and what is the decision of Government thereon?

(c) Do Government propose to place the report of the delegation on the table of the House?

**The Honourable Sardar Vallabhbhai Patel:** (a) to (c). I presume, the honourable member is referring to the expert team referred to in my reply to starred question No. 469. Their report has been received and is under examination. A copy will be laid on the table of the House in due course.

† Answer to this question laid on the table, the questioner being absent.

**Shri R. K. Sidhva:** May I know whether the Relief and Rehabilitation Ministry has put forward a scheme before the Cabinet for the loan of a passenger ship for communication between the Andamans and India, and if so, has that been considered?

**The Honourable Sardar Vallabhbhai Patel:** I am not aware.

**Sardar Bhopinder Singh Man:** Will the Nicobar and Andaman islands be opened to all refugees from whatever part of Pakistan they come, or have they been exclusively reserved for people from a particular part?

**The Honourable Sardar Vallabhbhai Patel:** No; it has not been reserved for any people coming from any area or belonging to any community.

**Shri K. Hanumanthaiya:** How many people could be settled in that area?

**The Honourable Sardar Vallabhbhai Patel:** If you mean the refugees, they have not been settled there at all. The total settled population is 12,000.

**Shri M. Tirumala Rao:** Is there any proposal to transfer the administration of the Andamans to the West Bengal Government?

**The Honourable Sardar Vallabhbhai Patel:** The Central Government is quite capable of administering the area.

**Sardar Bhopinder Singh Man:** Out of these refugees who have been settled, what proportion is the agricultural refugees?

**The Honourable Sardar Vallabhbhai Patel:** Only a beginning has been made. About 250 people have been sent. We have not yet settled them. It is difficult to say now. It is only an experiment.

**Sardar Bhopinder Singh Man:** What is the basis of allocation of agricultural lands to these refugees who are being settled?

**The Honourable Sardar Vallabhbhai Patel:** No refugees have been settled yet.

**Sardar Bhopinder Singh Man:** I mean the agricultural refugees who have gone there.

**The Honourable Sardar Vallabhbhai Patel:** As I told you, about 250 people have been sent as an experiment; they have not yet been settled.

**Shri H. R. Guruv Reddy:** What is the capacity of these islands for refugees being settled?

**The Honourable Sardar Vallabhbhai Patel:** It all depends on the capacity of the refugees to accommodate themselves.

**Shri H. V. Kamath:** Has the old notorious cellular jail in the Andamans been closed down? If so, for what purpose is the building used today?

**The Honourable Sardar Vallabhbhai Patel:** Most of the cellular accommodation has been out of use now, it is not fit for residential accommodation.

**Dr. P. S. Deshmukh:** What is the total number of refugees the Government intend to settle in the Andamans during the course of the year?

**The Honourable Sardar Vallabhbhai Patel:** It is not possible for the Government to say anything. It depends on the condition of the refugees and their willingness and capacity to settle down in a distant place like that.

**Dr. P. S. Deshmukh:** May I know if the Honourable Minister is aware that some of the refugees from Karachi who were Port Trust workers, have applied and shown their willingness to go to the Andamans, and if so, how that application has been treated?

**The Honourable Sardar Vallabhbhai Patel:** Many people have shown their willingness to go there. But they do not go and some of them who go, come back.

2188

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [6TH APRIL 1949]

**Shri H. V. Kamath:** Is there any proposal to change the names of these two islands?

**Mr. Speaker:** The honourable member has perhaps tabled a question on that?

**Shri H. V. Kamath:** I have not.

**Dr. P. S. Deshmukh:** Would the Honourable Minister be pleased to give a chance to these Port Trust workers from Karachi, give them a trial if they are prepared to go?

**Mr. Speaker:** I do not think that question arises.

**Babu Ramnarayan Singh:** Have any steps been taken to rehabilitate those villages which have been destroyed by the Japanese and if so what are the steps?

**The Honourable Sardar Vallabhbhai Patel:** No efforts have been made. It is not possible to make any efforts to rehabilitate the villages.

**Shri H. V. Kamath:** What about my question, Sir?

**Mr. Speaker:** No answer.

**Dr. P. S. Deshmukh:** I would like to have a reply to my question, Sir

**Mr. Speaker:** I have disallowed that. Next question.

## IMPORT OF BULLION

\*1683. **Shri Kishorimohan Tripathi:** (a) Will the Honourable Minister of Finance be pleased to state the names of the countries whence bullion is imported into India?

(b) What are the agencies which carry on the import?

(c) What was the total value of bullion imported during the year 1948?

(d) How do the purchasing rates of bullion outside India compare with its selling rates inside India?

(e) What are the reasons for the difference in the two sets of rates?

(f) Did Government take any steps to minimise the said difference?

**The Honourable Dr. John Matthai:** (a) and (c). I would invite the attention of the honourable member to the Sea-borne Trade Accounts of India, copies of which are available in the Library of the House.

(b) Bullion has been imported by bullion merchants and others who held import licences on the 6th March 1947, from which date the issue of licences has been discontinued.

(d) The spot prices on the Bombay Bullion Exchange, the Chief market for bullion in India, on the 31st March 1949 were as follows:

Gold.....Rs. 110 per tola or Rs. 293/5/4 per ounce.

Silver.....Rs. 174 per 100 tolas or Rs. 4/10/4 per ounce.

The United States Treasury price of gold is \$35 or Rs. 115/12/9 per oz: the U.K. Treasury price being £ 8/12/3 or Rs. 114/13/4 per oz.

The official prices of silver in New York and London are 71½ cents and 43½ d. or Rs. 2/5/10 and Rs. 2/6/8 per ounce respectively.

(e) Bullion prices in India are free market quotations while in the chief markets outside India the prices are controlled official quotations at which bullion is not freely available as it is in Bombay.

(f) Government keep the position constantly under review.

† Answer to this question laid on the table, the questioner being absent.

## RESEARCH IN EFFECTS OF TOBACCO IN HUMAN SYSTEM

\*1684. **Shri H. V. Kamath:** Will the Honourable Minister of Health be pleased to state:

(a) whether experimental research has been or is being conducted in India or abroad with a view to ascertaining the effects of tobacco on the human system; and

(b) if so, with what result?

**The Honourable Rajkumari Amrit Kaur:** (a) and (b). Government are not aware of any experimental research that has been or is being conducted in India on the effects of tobacco on human system, but researches have been carried out in the United Kingdom, United States of America and other European countries. The results of these researches appear to show that most people may indulge in the moderate use of tobacco for many years without harm but its excessive use is followed in many individuals by a number of symptoms, some of them trivial, others indicating grave changes in important organs.

**Shri H. V. Kamath:** Does Government propose to conduct any scientific researches upon this subject in this country?

**The Honourable Rajkumari Amrit Kaur:** No. That is implied in the reply that I have given.

**Sardar Bhopinder Singh Man:** The Honourable Minister stated that normal smoking does not injure the health. May I know what is the standard of normal smoking?

## POLICE FIRING ON CITIZENS IN MAYURBHANJ

\*1685. **Shri H. V. Kamath:** Will the Honourable Minister of States be pleased to state:

(a) whether the attention of Government has been drawn to a statement of four members of the Bihar Legislative Assembly, published in the *Indian Nation*, dated the 13th February, 1949 (page 6, column 4) about police firing on peaceful citizens in Mayurbhanj;

(b) if so, whether that statement is correct; and

(c) if not, what the facts of the situation are?

**The Honourable Sardar Vallabhbhai Patel:** (a) Government have seen a statement by four members of the Bihar Legislative Assembly about a Police firing in Mayurbhanj State.

(b) No.

(c) The factual position is stated in the Press communique of the 18th February 1949 issued by the Orissa Government.

**Shri H. V. Kamath:** Is it a fact that these simple Adibassis are being exploited by certain interested parties for their own self-aggrandisement?

**Mr. Speaker:** Order, order.

**Shri H. V. Kamath:** What is the position there today? Has peace been restored in that region?

**The Honourable Sardar Vallabhbhai Patel:** The position is quite good.

## LEAVE TERMS OF EXTRA-TEMPORARY EMPLOYEES

\*1686 **Shri Harihar Nath Shastri:** (a) Will the Honourable Minister of Defence be pleased to state whether any distinction has been made between extra-temporary employees clerical and non-clerical categories on monthly rates, as regards leave terms?

(b) Has casual leave, admissible to non-clerical monthly staff since 1943 been now discontinued?

**The Honourable Sardar Baldev Singh:** (a) Yes. The categories in question are three:

- (i) Extra temporary employees (clerical) who elected the unified scales of pay;
- (ii) Extra temporary employees (clerical) who did not elect the unified scales of pay;
- (iii) Extra temporary employees (non-clerical) (i) get the same leave concessions as are admissible to temporary clerks on the regular establishments.

The leave terms to categories (ii) and (iii) are less liberal than those admissible to (i).

(b) Yes. This was a war-time measure and was withdrawn on the 1st October 1947 along with other war time concessions.

**Shri Harihar Nath Shastri:** Since when has such a distinction in regard to leave terms of clerical and non-clerical staff been in operation?

**The Honourable Sardar Baldev Singh:** It existed from the very beginning.

**Shri Harihar Nath Shastri:** What are the reasons that induced the Government to effect such distinctions later on?

**The Honourable Sardar Baldev Singh:** It depended as I have already stated on the different categories in which the employees are working. There are different rules for different categories of employees.

**Shri Harihar Nath Shastri:** In view of the fact that such distinctions did not exist before, as the Honourable Minister has just stated, I want to know what are the reasons that induced him later on to change the previous rule and effect these distinctions.

**The Honourable Sardar Baldev Singh:** I have stated this was a wartime measure but for the information of the honourable member I may state that the whole question is under examination.

**Shri Mahavir Tyagi:** May I know what is the difference between the two categories, temporary and extra-temporary?

**The Honourable Sardar Baldev Singh:** If the honourable member wants to know the difference between the two categories, I may state that there are different rules which govern each category and I could give the honourable member a detailed information if he so desires.

**Shri Mahavir Tyagi:** May I know if this extra-temporary cadre was started during war time and if so, how long do Government intend to continue it?

**The Honourable Sardar Baldev Singh:** This practice is not a new one and certain employees who are entitled for permanent promotions are promoted from this category.

**Prof. Shibban Lal Saksena:** How long can a man remain in extra-temporary cadre before he is made temporary?

**Mr. Speaker:** Very vague question.

**Shri Mahavir Tyagi:** Which of them is secure, temporary or extra-temporary?

**Mr. Speaker:** That will be a matter of opinion.

## CIVILIAN EMPLOYEES OF A. I. G. S., BENGAL AREA

\*1687. **Shri Harihar Nath Shastri:** (a) Will the Honourable Minister of Defence be pleased to state what is the total strength of civilian employees in A.I.G.S., Bengal Area?

(b) How many of them are (i) permanent, (ii) extra-temporary and (iii) temporary?

**The Honourable Sardar Baldev Singh:** (a) 448.

(b) (i) Nil.

(ii) 429.

(iii) 19.

**Shri Harihar Nath Shastri:** Will the Honourable Minister please state the duration of service of extra-temporary and temporary staff in the A.I.G.S. Bengal Area?

**The Honourable Sardar Baldev Singh:** I cannot say off-hand but if the honourable member wants detailed information, I would be prepared to give him.

**Shri Harihar Nath Shastri:** In view of the fact that surplus labour employed during war has already been considerably retrenched do Government contemplate to absorb the existing extra-temporary and temporary staff in permanent cadre?

**The Honourable Sardar Baldev Singh:** That is being considered.

## REORGANISATION OF R. I. A. F. EQUIPMENT DEPOTS ON CIVILIAN BASIS

\*1688. **Shri Harihar Nath Shastri:** (a) Will the Honourable Minister of Defence be pleased to state what the policy of Government is in regard to the reorganisation of the Equipment Depots in the R.I.A.F. on a civilian basis?

(b) What were the recommendations of the Nationalisation Committee on this question?

**The Honourable Sardar Baldev Singh:** (a) It is not proposed to reorganise them on a civilian basis. Approximately 30 per cent. of the posts in the technical, clerical and Equipment Assistant trades in Equipment Depots are however held by civilians in practice.

(b) The Nationalization Committee did not make any recommendations in this behalf.

**Prof. Shibban Lal Saksena:** Will the Honourable Minister kindly give the number of storekeepers in this Department?

**The Honourable Sardar Baldev Singh:** I require notice of that.

**Prof. Shibban Lal Saksena:** Is the Honourable Minister aware that it is cheaper to employ civilians as storekeepers than R.I.A.F. men?

**Mr. Speaker:** Order, order.

## QUALIFICATIONS OF A CIVILIAN STOREKEEPER IN R. I. A. F.

\*1689. **Shri Harihar Nath Shastri:** (a) Will the Honourable Minister of Defence be pleased to state the minimum qualifications required for recruitment to the cadre of civilian storekeepers in the R.I.A.F.?

(b) Are they required to possess the same qualifications and pass the same examination for entry into service as prescribed for Assistants in the Central Secretariat?

(c) Have the recommendations of the Pay Commission in regard to their pay scales been implemented?

**The Honourable Sardar Baldev Singh:** (a) Candidates for appointment as civilian storekeepers in the R.I.A.F. are required to be graduates of recognised Universities.

(b) Yes, they were recruited as a result of the same examination but vacancies of Assistants in the Secretariat were offered to those securing the highest positions and posts in this cadre were offered to those next below.

(c) Yes.

**Shri Harihar Nath Shastri:** Have Government received any representation on behalf of the Civilian Storekeepers in R.I.A.F. to the effect that they have been getting lower salaries than actually prescribed by the Pay Commission and if so, have the Government looked into these complaints and with what results?

**Mr. Speaker:** Order, order. I may make it once more clear to honourable members that it is not the practice in this House nor is it conducive to good administration to ask questions on details of administrative matters or to try to support the representations of Government subordinates. If they want to support any representations, they may approach the Minister privately and make such representations as they like. I would not allow that question. It is in support of the representations of those employees.

**Prof. Shibban Lal Saksena:** Will the Honourable Minister give the information as to whether the Pay Commission recommendations in this regard have been complied with?

**Mr. Speaker:** It is also asking the same thing again in a different form. He may put any other question. Only questions of principles might be put.

**Shri Harihar Nath Shastri:** I do not know how far I shall be entitled to put the question that I want to put. I want to know whether it is a fact that there are a number of instances in which the recommendations of the Pay Commission have not been implemented in the case of these Storekeepers.

**The Honourable Sardar Baldev Singh:** I admit there are a number of instances where the recommendations of the Pay Commission have not been given effect to but I may point out that it is not that we want to ignore the recommendations but there are several practical difficulties which we have not been able to overcome at present.

#### ALLOTMENT TO NEPAL FROM POST-WAR RECONSTRUCTION FUND

**\*1690. Shri Ari Bahadur Gurung:** Will the Honourable Minister of Defence be pleased to state the amount of the Post-War Reconstruction Fund which has been given to the Nepal Government by India, being the total amount of share of those Gurkhas who served in the Indian Army during the war?

**The Honourable Sardar Baldev Singh:** Rs. 54,16,210 has been allotted to Nepal as their share of the Post-War Reconstruction Fund.

**Sardar Bhopinder Singh Man:** Out of this fund that has been allotted to the Nepal Government out of Post-War Reconstruction Fund has any amount been kept in India for the benefit of Indian Gurkhas also?

**The Honourable Sardar Baldev Singh:** I would like to verify this information before replying that question but as far as this present figure is concerned, this is the amount which we have handed over to the Nepal Government.

**Shri H. V. Kamath:** Has the British Exchequer borne any part of the burden in view of the fact that the Indian army of which the Gurkhas were but a part was a purely British instrument during the war?

**Mr. Speaker:** I do not know how the question arises.

**Shri H. V. Kamath:** Because it is allotted to those Gurkhas who served in the Indian army during the war.

**Mr. Speaker:** It is stretching it too much.

**Shri Mahavir Tyagi:** May I know whether directions have been given to the Government of Nepal in regard to the items on which this money is to be spent?

**The Honourable Sardar Baldev Singh:** General instructions have been conveyed; but we have got really no control. We cannot give any directions to the Government of Nepal. We have placed this amount at their disposal; and we have sent them proposals or items on which this amount can be spent.

**Shri Mahavir Tyagi:** Has a similar amount been allotted for the help of soldiers—Gurkhas and others—here in India?

**The Honourable Sardar Baldev Singh:** Yes.

**Dr. P. S. Deshmukh:** What is the date on which this payment was made?

**The Honourable Sardar Baldev Singh:** I could not say it off-hand, but I can give the date, if the Honourable Member wants, later.

**Dr. P. S. Deshmukh:** May I know the year in which it was paid?

**The Honourable Sardar Baldev Singh:** I have not got the date on which this payment was made; but it was paid, some time in 1945.

**Shri Mahavir Tyagi:** Is it one lump sum or a recurring one?

**The Honourable Sardar Baldev Singh:** One lump-sum.

**Sardar Bhopinder Singh Man:** Have Government any information as to whether the proposals which they send for spending this money, are adhered to by the Government of Nepal?

**The Honourable Sardar Baldev Singh:** I have no information.

**Srijiit Kuladhar Chaliha:** Is there any organisation to see that amounts allotted for different schemes are being spent really for that purpose?

**The Honourable Sardar Baldev Singh:** In Nepal?

**Srijiit Kuladhar Chaliha:** Yes.

**The Honourable Sardar Baldev Singh:** As I said in answer to a supplementary question, we have handed over this amount to the Government of Nepal, and we have absolutely no control, except that we have pointed out that these are the purposes for which this money should be used. Whether it is used for those purposes or not, it is not possible for me to say.

#### NEWSPAPERS AND PERIODICALS FOR GURKHA REGIMENTS

**\*1691. Shri Ari Bahadur Gurung:** (a) Will the Honourable Minister of Defence be pleased to state whether Government propose to lay on the table of the House a list of newspapers and other periodicals recommended for the Gurkha Regiments in India?

(b) Is it a fact that the *Gorkha* published from Darjeeling has been banned in the Gurkha Regiments?

**The Honourable Sardar Baldev Singh:** (a) There is no such list. All regiments, including the Gurkha Regiments, can subscribe to any newspapers and periodicals which are not banned by Government.

(b) No.

**Shri Mahavir Tyagi:** Which papers are banned by Government?

**The Honourable Sardar Baldev Singh:** Notice is required.

## PERIODICAL FOR GURKHAS IN INDIAN ARMY

\*1692. **Shri Ari Bahadur Gurung:** Will the Honourable Minister of Defence be pleased to state whether any periodical or magazine is being published for the Indian Army Gurkhas?

**The Honourable Sardar Baldev Singh:** Yes. The *Jawan*, a bi-weekly newspaper is published in, among other languages, Roman Gurkhali for the benefit of the Gurkhas in the Indian Army.

**Shri H. V. Kamath:** Is the *Fauji Akhbar*, published in all the main Indian languages?

**The Honourable Sardar Baldev Singh:** Yes, it is being published in eight or nine different languages.

**Shri H. V. Kamath:** And not in Nepalee or Gurkha language?

**The Honourable Sardar Baldev Singh:** Not in the Gurkha language.

**Shri R. K. Sidhva:** Is it a free publication, or is subscription required?

**The Honourable Sardar Baldev Singh:** As far as the troops are concerned, it is a free publication.

**Prof. N. G. Ranga:** Has there been any change made since August, 15th, in the editorial policy of these newspapers?

**The Honourable Sardar Baldev Singh:** Yes, if honourable members have occasion to see the papers, they will themselves realise that there has been a complete change in the policy.

**Shri H. V. Kamath:** Is there an editorial board or committee for these papers?

**Mr. Speaker:** It is obvious.

**Dr. P. S. Deshmukh:** May I know whether the Roman script is the only script that continues to be taught to the soldiers in the army?

**The Honourable Sardar Baldev Singh:** At present it is the only script taught.

**Shri Mahavir Tyagi:** May I know in what manner a change has been effected, after 15th August? Has the editorial board been changed or have the editors' views been changed?

**Mr. Speaker:** I am afraid that is going into details. Next question.

## MAINTENANCE COST OF AN AIR FORCE SQUADRON

\*1693. **Shri Ari Bahadur Gurung:** (a) Will the Honourable Minister of Defence be pleased to state what is the cost incurred per annum for the maintenance of one air force squadron?

(b) Does the expenditure vary in the case of different squadrons?

**The Honourable Sardar Baldev Singh:** (a) and (b). The cost of maintenance of an Air Force Squadron varies with different squadrons depending upon its role the type of aircraft used, etc.

**Shri R. K. Sidhva:** What is the minimum cost?

**The Honourable Sardar Baldev Singh:** That depends for which particular squadron the honourable member wants this information. For instance, if it is a twin engine transport squadron, the cost is over Rs. 60 lakhs.

**Mr. Frank Anthony:** Is it a fact that the cost of most of the squadrons is being kept down by making use of out-of-date aeroplanes discarded by progressive air forces abroad?

**Mr. Speaker:** The question is: Is it a fact that the expenditure is attempted to be kept down by the use of out-of-date craft, rejected by those who are having progressive air-forces?

**The Honourable Sardar Baldev Singh:** No, I do not think the honourable member's information is correct. As far as we are concerned, we try to get the best possible aircraft. There are difficulties in the way, and sometimes there is considerable raid for getting the most up-to-date aircraft.

**Mr. Frank Anthony:** Are we not getting, very largely, types discarded by the British Air Force?

**The Honourable Sardar Baldev Singh:** It is true we are continuing to use aircraft used during the last war. But it is also true that we have recently acquired new types of aircraft.

## LICENCES FOR EXPORT OF RARE INDIAN ART PIECES

\*1694. **Shri Mahavir Tyagi:** Will the Honourable Minister of Education be pleased to state:

(a) whether Government have issued any licences for the export of pieces of rare Indian Art;

(b) if so, how many and to whom; and

(c) what articles are to be exported and where?

آنریبل مولانا ابوالکلام آزاد: (a) نہیں گورنمنٹ آف انڈیا نے سنہ ۱۹۴۷ء کے ایکسپورت کنٹرول ایکٹ کے ماتحت اس طرح کی چیزوں کے لئے کوئی لائسنس جاری نہیں کیا۔

(b) اور (c) سوال کے یہ حصے پیدا نہیں ہوتے ہیں۔

**The Honourable Maulana Abul Kalam Azad:** (a) No, Sir. Government of India have not issued any licence under the Antiquities (Export Control) Act of 1947 for the export of pieces of rare Indian art.

(b) and (c). Do not arise.

## PURCHASE OF IMRE-SCHEWAGAR MUSEUM

\*1695. **Shri Mahavir Tyagi:** (a) Will the Honourable Minister of Education be pleased to state whether Government have purchased the Imre-Schewagar Museum situated on Alipur Road, Old Delhi?

(b) If so, what was the price paid for it?

(c) Who is in-charge of it now?

(d) Is any inventory of the exhibits being maintained?

آنریبل مولانا ابوالکلام آزاد: (a) اس میوزیم کا صرف ایک حصہ گورنمنٹ نے خریدا ہے۔ پورا میوزیم نہیں خریدا ہے۔

(b) جو چیزیں خریدی گئیں ان کے لئے ۱۹۹۹ روپیہ دیا گیا۔

(c) آرکیولوجیکل ڈیپارٹمنٹ۔

(d) کا جواب ہاں ہے۔

**The Honourable Maulana Abul Kalam Azad:** (a) Government have purchased only a selection of antiquities from the Imre-Schewagar collection.

(b) The purchase was made at a price of Rs. 1,99,900/-.

(c) Department of Archaeology.

(d) Yes.

श्री महावीर त्यागी : क्या इस सामान के खरीदने से पहले जनाब ने अपने महकमे की स्टैंडिंग कमेटी से मशवरा लिया था ।

**Shri Mahavir Tyagi:** May I know from the Honourable Minister whether the Standing Committee attached to his Ministry was consulted by him before the purchase of these articles?

آنریبل مولانا ابوالکلام آزاد : میں نہیں سمجھتا کہ اس طرح کی چیزوں کے لئے یہ سوال پیدا ہوتا ہے کہ سٹینڈنگ کمیٹی سے مشورہ لیا جائے - اگر سٹینڈنگ کمیٹی اس وقت ہوئی ہوگی تو اس سے مشورہ لیا گیا ہوگا - میں قطعی طور پر نہیں کہہ سکتا -

**The Honourable Maulana Abul Kalam Azad:** I do not think if this question arises at all that the Standing Committee should be consulted in all such matters. If the Standing Committee had held any meeting at that time, then it must have been consulted. I cannot say this definitely.

श्री महावीर त्यागी : क्या आनरेबल मिनिस्टर इस बात पर रोशनी डालेंगे कि जो सामान खरीदा गया है वह किस किस किसम का है ।

**Shri Mahavir Tyagi:** Will the Honourable Minister please throw light on the details of the articles that have been purchased?

آنریبل مولانا ابوالکلام آزاد : میں پوری تفصیل اس وقت پیش نہیں کر سکتا لیکن جنہی چیزیں خریدی گئی ہیں وہ پوری طرح جانچ اور دیکھ بھال کے بعد خریدی گئیں اور یہ سمجھا گیا کہ یہ پرانی تواریخی چیزیں ہیں اور ان کی بہت قیمت ہے -

**The Honourable Maulana Abul Kalam Azad:** I cannot give the full details at the moment. But whatever articles were purchased, these were purchased after thorough scrutiny, and it was thought that these are valuable historical antiquities.

شری آر کے سدھوا : میں پوچھنا چاہتا ہوں کہ وہ کونسی اعلیٰ اور خاص چیز تھی جس کے لئے یہ میڈیم خریدنے کی ضرورت محسوس ہوئی -

**Shri R. K. Sidhva:** May I know what were those rare and unique articles that necessitated the purchase of this Museum?

آنریبل مولانا ابوالکلام آزاد : چیزوں کی فہرست میں اس وقت پیش نہیں کر سکتا مگر اس کے لئے نوٹس چاہئے -

**The Honourable Maulana Abul Kalam Azad:** I cannot give the details of the articles in question. I would like to have notice for that.

**Shri M. Tirumala Rao:** Can we have the number of art pieces—paintings, sculptures—purchased—arising out of answer to (d) of the question?

آنریبل مولانا ابوالکلام آزاد : نہیں - میں اس وقت توکل نمبر پیش نہیں کر سکتا -

**The Honourable Maulana Abul Kalam Azad:** No. I cannot give the total number at the moment.

POST OF STAFF SURGEON AND SUPERINTENDENT, WILLINGDON HOSPITAL,  
NEW DELHI

\*1698. **Shri H. V. Kamath:** Will the Honourable Minister of Health be pleased to state:

(a) whether the post of Staff Surgeon and Superintendent, Willingdon Hospital, New Delhi, was advertised by the Federal Public Service Commission;

(b) if so, whether the post was filled according to the recommendation of the Federal Public Service Commission; and

(c) if not, why not?

**The Honourable Rajkumari Amrit Kaur:** (a) Yes.

(b) No.

(c) In the opinion of Government it was necessary to appoint to the post a more senior officer with greater administrative experience.

**Shri H. V. Kamath:** Is it a fact that the person appointed to this post has been out of professional practice—I mean in surgery and medicine—for the last eight or nine years, and has been engaged in work with the Secretariat, Health Ministry, during those years?

**The Honourable Rajkumari Amrit Kaur:** The information of the honourable member is wrong. It is true that he has been in the Secretariat for a few years—four or five—but he has not been out of touch with clinical work.

**Shri T. T. Krishnamachari:** May I ask the Honourable Minister whether the person now appointed is one who has been doing general medical or surgical practice or has been a specialist in any particular branch of it?

**The Honourable Rajkumari Amrit Kaur:** He is a general all-round surgeon, and he is specially qualified in diseases of the ear, nose and throat.

**Shri Mahavir Tyagi:** Is it a fact that his name along with the names of others was sent to the Public Service Commission and the Commission recommended another person for the job?

**The Honourable Rajkumari Amrit Kaur:** That has already been answered in reply to the original question.

**Mr. Speaker:** Did the Honourable Minister say that these cases went up to the Public Service Commission?

**The Honourable Rajkumari Amrit Kaur:** Yes, Sir. The post was advertised and the recommendation came from the Public Service Commission.

**Shri H. V. Kamath:** What were the reasons for disregarding the recommendations of the Commission in this case?

**The Honourable Rajkumari Amrit Kaur:** That has already been given in reply to part (c) of the question.

**Shri M. Ananthasayanam Ayyangar:** If the officer was employed here in the Secretariat may I know how he was in touch with Surgery and Medicine?

**The Honourable Rajkumari Amrit Kaur:** He is a highly qualified man who has done years of experience in hospitals, and it was only because of the war coming and the fact that his services were needed in the Directorate that he was not appointed to this post two years previously. He had really in one way an unwritten lien on the post.

**Shri H. V. Kamath:** Is it a fact that the person appointed was the holder of an emergency commission throughout and he was appointed in spite of the fact that competent I.M.S. permanent cadre men were available?

**The Honourable Rajkumari Amrit Kaur:** No, Sir, that is not the case.

**Shri Mahavir Tyagi:** May I know the difference in pay as between the post he held in the Secretariat and the one he holds now? How much more is he getting now?

**The Honourable Rajkumari Amrit Kaur:** Actually he now gets very much less pay.

**Shri H. V. Kamath:** Apart from the experience he has had in the Health Ministry during the last five years, has he had any professional experience during this period?

**Mr. Speaker:** I do not think it is justifiable now to go into the individual merits of the case; the general principles have been already stated. Next question.

#### APPROVAL OF BUDGET OF DELHI AND AJMER-MERWARA BY CHIEF COMMISSIONERS ADVISORY COUNCILS

\*1697. **Pandit Mukut Bihari Lal Bhargava:** Will the Honourable Minister of Home Affairs be pleased to state whether the financial proposals forwarded by the Local Administration in the Chief Commissioner's Provinces of Ajmer-Merwara and Delhi to be incorporated in the Budgets for the years 1948-49 and 1949-50 were placed before the Advisory Councils to the Chief Commissioners for discussion?

**The Honourable Sardar Vallabhbhai Patel:** The proposals were placed by the Chief Commissioner, Delhi, before his Advisory Council but not by the Chief Commissioner, Ajmer-Merwara.

**Shri Mukut Bihari Lal Bhargava:** May I know the reasons for this omission?

**The Honourable Sardar Vallabhbhai Patel:** Perhaps the Chief Commissioner of Ajmer-Merwara took a different view and put a different interpretation on the rules. He gives his reasons as follows:

- (i) Budget estimates in respect of standing charges are generally a repetition of previous year's estimates;
- (ii) The budget as a whole cannot be placed before the Advisory Council before it is put to the Constituent Assembly (Legislative);
- (iii) New items of expenditure for schemes which are sanctioned by the Government of India for this province (Ajmer-Merwara) are as a rule first sent to the Advisory Council of the Chief Commissioner for discussion and advice, and the amount involved on account of the scheme, etc. is then incorporated in the budget estimates;
- (iv) Additional grants asked for from the Government of India for 1948-49 were mainly due to the increase in pay and allowances on account of the revision of pay scales and as such it was not considered necessary to place these grants before the Advisory Council.

I may inform the honourable member that appropriate instructions have been issued to place the estimates before the Council in future.

**Shri Deshbandhu Gupta:** Is it a fact that even the Chief Commissioner of Delhi could not put the budget proposals before the Advisory Council at a time when any changes could be made by the Council?

**Mr. Speaker:** That is giving information and not asking a question.

**Dr. P. S. Deshmukh:** May I know the approximate total revenue expected for Ajmer-Merwara and Delhi in 1948-49 and 1949-50?

**Mr. Speaker:** That must be in the budget estimates placed before this House.

**Shri Deshbandhu Gupta:** Will the Honourable Minister issue instructions to the Chief Commissioners of Delhi and other areas that hereafter the budget proposals should be placed before their respective Advisory Councils in good time so that they can make their recommendations to the Finance Ministry for consideration?

**The Honourable Sardar Vallabhbhai Patel:** The question will be, "What is good time." But I shall try to meet the wishes of the honourable member.

#### CIVIL AND CRIMINAL CASES IN AJMER-MERWARA COURTS

\*1698. **Pandit Mukut Bihari Lal Bhargava:** Will the Honourable Minister of Home Affairs be pleased to state:

(a) the number of Judges and Magistrates existing in the Province of Ajmer-Merwara in the years 1938-39, 1942-43, 1947-48 and 1948-49;

(b) the number of Small Cause Court suits, civil suits, civil appeals and criminal appeals pending in various courts in the years mentioned above;

(c) the total number of criminal cases launched by the Crown and by private complainants and tried by the various Magistrates in the years mentioned above;

(d) the number of civil and criminal appeals instituted and disposed of by the various courts of the Judicial Commissioner in the aforesaid years; and

(e) the average time taken in disposing of a civil case, a criminal case and an appeal by the various courts during the aforesaid years?

**The Honourable Sardar Vallabhbhai Patel:** (a) to (d). I place on the table of the House a statement giving the information asked for by the honourable member.

(e) I regret I am unable to furnish this information. The time and expenditure involved in obtaining it would not be commensurate with the results likely to be achieved.

#### STATEMENT

|                             | 1938-39 | 1942-43 | 1947-48 | 1948-49 |
|-----------------------------|---------|---------|---------|---------|
| (a) Judges and Magistrates  | 59      | 50      | 41      | 43      |
| (b) Small Cause Court Suits | 1,476   | 1,169   | 1,257   | 1,264   |
| Civil Suits                 | 581     | 842     | 973     | 1,189   |
| Civil Appeals               | 274     | 95      | 309     | 430     |
| Criminal Appeals            | 21      | 15      | 14      | 62      |
| (c) Crown                   | 8,556   | 5,628   | 11,124  | 18,053  |
| Private Complaints          | 1,963   | 2,200   | 3,054   | 4,184   |
| (d) Civil Appeals           | 40      | 111     | 69      | 27      |
| Criminal                    |         |         |         |         |
| Magistracy                  | 145     | 87      | 101     | 103     |
| Judiciary                   | 36      | 17      | 23      | 35      |
| Total                       | 181     | 104     | 124     | 138     |

Information about the disposal of these appeals is not readily available.

## ADDITIONAL DISTRICT AND SESSIONS JUDGE IN AJMER-MERWARA

**\*1699. Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether any Additional District and Sessions Judge functioned during the years 1938-39 to 1948-49 in the Province of Ajmer-Merwara, and if so, for what period and what was the amount of work done by such Judge during his tenure of office?

(b) What is the number of civil appeals pending in the Court of the District Judge?

(c) Have Government any intention to appoint an Additional District Judge to expedite the disposal of the pending work and if so, from which date?

**The Honourable Sardar Vallabhbhai Patel:** (a) and (b). I place on the table of the House a statement giving the information asked for by the honourable member.

(c) The proposal to appoint an additional District Judge is under consideration.

## STATEMENT

(a) During the years 1938-39 and 1946-47, there was an Additional District and Sessions Judge.

Number of Cases dealt with—

| Year.   | Civil | Criminal | Sessions |
|---------|-------|----------|----------|
| 1938-39 | 288   | 369      | 25       |
| 1939-40 | 207   | 168      | 19       |
| 1940-41 | 100   | 28       | 15       |
| 1941-42 | 96    | 44       | 11       |
| 1942-43 | 108   | 11       | 8        |
| 1946-47 | 267   | 1        | 2        |

(b) 412.

SETTLEMENT *re* PAYMENT FOR DEFENCE STORES AND INSTALLATIONS LEFT BY  
BRITAIN

**\*1700. Shri Mahavir Tyagi:** (a) Will the Honourable Minister of Finance be pleased to state whether a settlement was reached between the United Kingdom Government and the Government of India regarding the payment for defence stores and installations left behind in India by the United Kingdom Government?

(b) If so, what was the total amount due from India?

(c) Is it a fact that India had accepted liability on behalf of Pakistan also?

(d) If so, what is the share of Pakistan in the liability agreed upon?

**The Honourable Dr. John Matthai:** (a) The reply is in the affirmative. A reference is invited to the White Paper on Sterling Balances presented to the Assembly by my predecessor on the 9th August 1948.

(b) Rs. 133.33 crores (£100 million).

(c) Yes. Under the Karachi Inter-Dominion (May 1948) Agreement, India was to find the rupee finance for the initial payment to U.K. and Pakistan was to reimburse India the value of H.M.G. installations and stores located in Pakistan on 15.8.47 and for H.M.G. stores sent to her after that date.

(d) Rs. 13.73 crores for H.M.G. stores and installations in Pakistan on 15th August, 1947 and Rs. 3.26 crores for H.M.G. stores sent to her between 15th August and 30th June, 1948.

**Prof. N. G. Ranga:** How much of this sum has been recovered from the Pakistan Government?

**The Honourable Dr. John Matthai:** About 2½ crores.

**Prof. N. G. Ranga:** What are the terms under which the Pakistan Government is expected to pay us? In how many years and in what instalments?

**The Honourable Dr. John Matthai:** Payment was to be made immediately on the settlement of this issue. There is no difference of opinion as far as that is concerned. But as regards the implementation of the agreement reached, they have raised certain practical difficulties which are under examination, and I believe those questions were examined recently at the Inter Dominion conference; and we hope fairly soon to reach a satisfactory solution of the question.

**Prof. N. G. Ranga:** Is there any likelihood of our receiving at least a good portion of this outstanding sum from the Pakistan Government during the current year?

**The Honourable Dr. John Matthai:** I should not like to commit myself on that question.

**Shri R. K. Sidhva:** Have the Government of India consented to a very long period of payment by Pakistan of this money by instalments?

**The Honourable Dr. John Matthai:** No, Sir.

**Dr. P. S. Deshmukh:** What is the total outstanding to be recovered from Pakistan?

**The Honourable Dr. John Matthai:** The honourable member will have noticed from the answer that they have to pay us 13.73 crores for stores and installations in Pakistan on the date of partition. Since then stores worth about 3.26 crores have been sent. These are the amounts they owe us out of which, as I said in reply to Prof. Ranga, they have paid us about 2½ crores.

**Shri H. V. Kamath:** Was this matter discussed at the latest Inter-Dominion Conference which concluded the day before yesterday?

**The Honourable Dr. John Matthai:** Yes, I understand it was.

**Shri T. T. Krishnamachari:** Considering the fact that these 133 crores were not paid out in entirety but certain adjustments with regard to the pre-partition dues of India were made, what is going to be the basis on which the liability of Pakistan is to be determined?

**The Honourable Dr. John Matthai:** The position at present is that the liability that has been fixed upon Pakistan in respect of installations and stores actually in Pakistan on the 15th August is 13.73 crores; and the amount that they owe us in respect of stores transferred since then is 3.26 crores. So these are the figures after allowing for any adjustments required.

**Shri T. T. Krishnamachari:** May I ask whether this amount will be paid out in full by them irrespective of the fact of the overall payment made by us to the United Kingdom? There was a certain amount of adjustment regarding the pre-partition liabilities.

**The Honourable Shri N. Gopalaswami Ayyangar:** This particular amount which the Honourable the Finance Minister referred to, that is Rs. 16 crores and odd, has got to be paid by them immediately. Part of it was payable within 30 days of the amount being fixed at the time of the sterling balances negotiations. With regard to the actual payments, only Rs. 2 crores and odd have been

received. The payment of the balance was discussed at the last Inter-Dominion Conference and the representative of Pakistan required a little time to verify certain details. With regard to the actual implementation, that will be done in Karachi in the course of the next month and it is hoped that payment will be assured after that.

**Shri T. T. Krishnamachari:** I am afraid the Honourable Minister has not understood my point. The whole transaction was interlocked with the payment of certain pre-partition dues to India by the United Kingdom. What is the position of the claims of Pakistan on those dues? Are they to be set off against the payment to be made by Pakistan in respect of their own share with regard to these defence installations? If the Honourable Minister cannot give the answer, I will be prepared to accept a statement later on.

**The Honourable Dr. John Matthai:** I will give him a statement later on.

**Shri K. Hanumanthaiya:** Is the Government claiming any interest on this outstanding amount until such time it is paid up?

**The Honourable Dr. John Matthai:** That has not been considered.

**Shri K. Hanumanthaiya:** Why has it not been considered?

**The Honourable Dr. John Matthai:** Because the expectation has been that the amount will be paid immediately but the implementation has presented difficulties and these are under examination and the basis on which the implementation is to be arranged is a matter for consideration.

**Shri K. Hanumanthaiya:** Since the period is extending month by month, will the Government consider the desirability of claiming interest?

**The Honourable Dr. John Matthai:** It is a matter to be discussed at Inter-Dominion level.

**Shri Mahavir Tyagi:** In what manner are we meeting the total liability against the United Kingdom as referred to in part (a) of my question?

**The Honourable Dr. John Matthai:** Well, we have made the payment in the first instance, and the idea was that the payment we have made would be reimbursed to us by Pakistan.

**Shri Mahavir Tyagi:** May I know if the cash payment that we have made has been struck off from the sterling balances?

**The Honourable Dr. John Matthai:** The amount we have paid up—£100 millions—goes out of the sterling balances.

**Dr. P. S. Deshmukh:** Are there any payments that we are likely to make, or we are bound to make, to Pakistan in the near future?

**The Honourable Dr. John Matthai:** I am not aware of any that we have to make. There are, however, certain issues that are still outstanding, but I am not in a position to give a definite answer.

**Shri K. Hanumanthaiya:** Will the question of payment of interest be taken into consideration at the next Inter-Dominion conference?

**The Honourable N. Gopalaswami Ayyangar:** Yes.

**Pandit Hriday Nath Kunzru:** Why was this sum due from Pakistan not debited to Pakistan's share of the sterling balances?

**The Honourable Dr. John Matthai:** That was the basis on which payment was to have been made by Pakistan. I believe the arrangement that was arrived at was that Pakistan's share—the amount they owe us—would be met by them by transfer of a corresponding amount of Sterling from their No. 2 Account to our No. 2 Account.

**Shri Mahavir Tyagi:** Are there any other such amounts in the knowledge of the Finance Minister that we have taken upon ourselves on behalf of Pakistan?

**The Honourable Dr. John Matthai:** The honourable member will be aware that among the supplementary demands that I placed before the House last week there was a figure of somewhere Rs. 20 crores, representing pre-partition liabilities. Part of this Pakistan had to pay, but for various reasons, which I have already explained, we paid it in the first instance.

**Dr. P. S. Deshmukh:** Is it a fact that the Ministry of Finance has been a little too prompt in making payments for monies due from Pakistan?

**The Honourable Dr. John Matthai:** If the honourable member is referring to Pakistan's share in the pre-partition liabilities, he will remember what I said in that connection when the supplementary demands were before the House: that most of them were payments due to our own people and any delay would have reacted on them adversely. It was out of consideration for them that we decided to pay in the first instance.

**Shri Mahavir Tyagi:** May I know if the Standing Finance Committee was consulted?

**The Honourable Dr. John Matthai:** These demands were placed before the Standing Finance Committee before they were presented to the House.

#### INCORPORATION OF ANDAMAN AND NICOBAR ISLANDS IN WEST BENGAL

\*1701. **Dr. Mono Mohan Das:** Will the Honourable Minister of Home Affairs be pleased to state whether it is a fact that the Government of West Bengal sent a representation to the Government of India for incorporating Andaman and Nicobar Islands within the Province of West Bengal and if so, with what results?

**The Honourable Sardar Vallabhbhai Patel:** The reply is in the negative.

**Dr. Mono Mohan Das:** Is there a proposal before Government to rename the islands of the Andaman and Nicobar as "Subhas-Dwipa" after the name of Netaji Subhas Chandra Bose?

**The Honourable Sardar Vallabhbhai Patel:** I invite the honourable member's attention to the statement made by Sarat Chandra Bose where he has publicly stated that it would be an insult to the name of his brother to associate his name with these islands.

#### BAN ON THE *Dawn*

\*1702. **Dr. Mono Mohan Das:** (a) Will the Honourable Minister of Home Affairs be pleased to state the occasions and dates on which ban on the newspaper *Dawn* of Karachi was imposed and the dates on which such ban was lifted during the period from 15th August, 1947 to date?

(b) What are the other newspapers of Pakistan on which ban was imposed?

(c) What are newspapers of Pakistan which are still banned in the Indian Union?

**The Honourable Sardar Vallabhbhai Patel:** (a) The ban was imposed on the 4th September, 1948, and withdrawn on the 12th February, 1949.

(b) and (c). (1) *Zamindar*; (2) *Nawa-i-Waqt*; (3) *Ehsan*; (4) *Inqilab*; (5) *Imroz*; (6) *Nawa-i-Pakistan*; (7) *Jadid-e-Nizam*; (8) *Musلمان*; (9) *Jang*; and (10) *Anjam*.

**Dr. Mono Mohan Das:** What are the reasons for the imposition of this ban?

2204

CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [6TH APRIL 1949]

**The Honourable Sardar Vallabhbhai Patel:** The ban was imposed as they were publishing false and inflammatory material, tending to create communal trouble.

**Shri Deshbandhu Gupta:** May I know the names of the papers published in India which are banned in Pakistan?

**The Honourable Sardar Vallabhbhai Patel:** I have no information.

**Shri M. Tirumala Rao:** Has the paper *Dawn* given any assurance that it would not indulge in recrimination before the ban was withdrawn?

**The Honourable Sardar Vallabhbhai Patel:** We have asked for no assurance.

**Shri M. Tirumala Rao:** Was Government satisfied that its conduct would be better than before?

**The Honourable Sardar Vallabhbhai Patel:** In accordance with the general policy of Government to try and improve relations between the two Dominions as far as possible, we thought it better to give it an opportunity.

## INCOME-TAX ALLOCATION TO WEST BENGAL

\*1703. **Dr. Mono Mohan Das:** (a) Will the Honourable Minister of Finance be pleased to state the total amount of Income-tax collected from the Province of West Bengal during the year 1948-49?

(b) What percentage of this amount has been given to West Bengal Government?

(c) Did the West Bengal Government make any representation to the Centre for increasing this amount if so, with what result?

**The Honourable Dr. John Matthai:** (a) The total amount of income-tax collected in West Bengal during the year 1948-49 can be known only after the close of the year.

(b) The share of provinces in the proceeds of income-tax is not determined on the basis of the amount collected in each Province.

(c) The West Bengal Government made a representation in regard to the allocation of twelve per cent. made to them as their share in the divisible pool of income-tax. After a careful examination it has been decided that the existing allocation should continue for the next year and that for the future arrangements should be made to have an expert enquiry conducted into the allocation of income-tax so that the revised allocation may take effect when the new constitution comes into force.

**Dr. Mono Mohan Das:** What are the reasons for bringing down the share of West Bengal in the divisible pool of income-tax?

**The Honourable Dr. John Matthai:** The Government proceeded on the basis on which the Niemeyer Award was made. On the same basis, the resulting figure would have been less than 12 per cent. But in view of special difficulties that the West Bengal Government faced, we made a certain adjustment in their favour and raised the figure.

**Shri Upendranath Barman:** Will Government state the basis adopted by Otto Niemeyer in deciding this?

**The Honourable Dr. John Matthai:** As far as I can recollect, the principal basis on which Sir Otto Niemeyer made his award was on the population basis.

**Shri Upendranath Barman:** Is it a fact that though the population of Bombay Presidency according to the census of 1931 was definitely less than that of United Bengal, still the same allocation of 20 per cent. was made for that province?

**The Honourable Dr. John Matthai:** If the honourable member is asking me to defend the Otto Niemeyer Award I am not concerned to do it. What I am trying to explain is that as a provisional measure we decided to take the existing basis and make certain adjustments with reference to such difficulties. The whole matter is coming up again for enquiry.

## (b) WRITTEN ANSWERS

## PLAGUE VACCINE SUPPLIED TO CALCUTTA

\*1704. **Dr. Mono Mohan Das:** Will the Honourable Minister of Health be pleased to state:

(a) the institutions in which plague vaccine is prepared in India;

(b) what quantity of plague vaccine was supplied to Calcutta in the year 1947-48 when plague broke out in that city;

(c) the total cost of the vaccine supplied to Calcutta and the source from which the cost was realised; and

(d) the quantity of plague vaccine supplied to Calcutta during the year 1948-49?

**The Honourable Rajkumari Amrit Kaur:** (a) The Haffkine Institute, Bombay.

(b) and (d). 40,60,000 ccs of plague vaccine were supplied to the Government of West Bengal, by the Haffkine Institute, Bombay, when plague broke out in Calcutta. The supply was actually made in April, 1948.

(c) The cost of vaccine supplied was Rs. 261,714/3/- and was met by the Government of West Bengal.

## SCHOLARS RETURNED AFTER STUDIES ABROAD IN ENGINEERING SUBJECTS

\*1705. **Shri Basanta Kumar Das:** Will the Honourable Minister of Education be pleased to state:

(a) the number of scholar engineers, central and provincial, who have returned after studies abroad during the period from 1st January, 1948 to 31st March, 1949;

(b) How they have been employed;

(c) how many of them are still unemployed and by what time they are likely to be employed; and

(d) whether any scholar is being sent abroad for education in engineering during 1949, and if not, the reasons therefor?

**The Honourable Maulana Abul Kalam Azad:** (a) 69 central scholars and 57 provincial scholars.

(b) A statement showing the employment position of returned central scholars is laid on the table of the House. The responsibility for the placement of returned provincial scholars rests with the Provincial Governments concerned. Out of the 57 Provincial Scholars, 41 have, however, been employed.

(c) 30 central scholars and 10 provincial scholars are still unemployed. Every effort is made by Government to secure suitable employment for central scholars as early as possible. It is, however, very difficult to indicate any time limit for it.

(d) The subjects for which scholars will be sent abroad during 1949 are under consideration. It is, however, hoped that some scholars will be sent for studying Engineering subjects also.

*Employment position of the overseas scholars (selected for engineering subjects) who returned during 1949.*

| Serial No. | Name of Scholars   | Employment position                                                                                                        |

| 1          | N. Venkatesan      | Appointed as Project Officer, Central Electricity Commission, Simla.                                                       |
| 2          | K. R. K. Iyengar   | Appointed as Technical Officer, Civil Aviation Department.                                                                 |
| 3          | N. Gopal Krishna   | Appointed as Lecturer, Delhi Polytechnic.                                                                                  |
| 4          | R. N. Banerjee     | Joined the Bengal Engineering College as Associate Assistant Professor of Electrical Engineering.                          |
| 5          | F. N. Patel        | Appointed as Civilian Workshop Officer, Ministry of Defence.                                                               |
| 6          | S. N. Vinzo        | Appointed as Assistant Executive Engineer, C. W. N. C.                                                                     |
| 7          | M. M. Mukherjee    | Permitted to rejoin Jadavpur Technical Engineering College.                                                                |
| 8          | B. S. S. Vijayan   | Appointed as Reader in Chemistry, Delhi University.                                                                        |
| 9          | S. D. Bhasin       | Employed as Chemical Engineer, Banares Hindu University.                                                                   |
| 10         | S. Ramanaratham    | Appointed as Senior Scientific Officer, Civil Aviation Department.                                                         |
| 11         | P. Dayal           | Appointed as Assistant Director of Supplies, Bombay.                                                                       |
| 12         | N. K. Agarwal      | Appointed as Assistant Director of C. W. N. C.                                                                             |
| 13         | R. A. P. Iyengar   | Appointed as Assistant Station Engineer, A. I. R., New Delhi.                                                              |
| 14         | A. G. John         | Appointed as Assistant Engineer in A. I. R.                                                                                |
| 15         | T. R. Kapur        | Joined Burmah Shell & Co.                                                                                                  |
| 16         | P. S. Rao          | Appointed as Assistant Development Officer.                                                                                |
| 17         | J. N. Ray          | Appointed as Assistant Engineer, A. I. R.                                                                                  |
| 18         | K. Ramachandran    | Appointed at Jupiter Airways Ltd.                                                                                          |
| 19         | R. K. Thiagarajan  | Appointed as Assistant Technical Engineer.                                                                                 |
| 20         | J. Simon           | Appointed as Senior Shift charge Engineer in Sindri Fertiliser Factory.                                                    |
| 21         | K. C. Sharma       | Ditto.                                                                                                                     |
| 22         | T. J. Manickam     | Appointed as Junior Architect, C.P. W. D.                                                                                  |
| 23         | Q. C. Gupta        | Appointed as Technical Officer, Civil Aviation Department.                                                                 |
| 24         | S. P. Sharma       | Appointed as Assistant Station Engineer, A. I. R.                                                                          |
| 25         | V. Narayana Rao    | Appointed as Assistant Engineer, A. I. R.                                                                                  |
| 26         | K. S. Ganapathi    | Appointed as Assistant Works Manager.                                                                                      |
| 27         | P. K. V. Pejathaya | Appointed as Assistant Executive Engineer.                                                                                 |
| 28         | A. S. Jayaraman    | Appointed as Civilian Mechanical Engineer.                                                                                 |
| 29         | S. K. Mudle        | Has been offered the post of Assistant Development Officer (Grade II), D.G.I. & S.                                         |
| 30         | N. Krishnamurthy   | Offered the post of Assistant Executive Engineer, East Punjab Government and Assistant Engineer Government of C.P. & Berar |

| 1  | 2                    | 3                                                                   |
|----|----------------------|---------------------------------------------------------------------|
| 31 | J. Shanker           | Offered the post of Civilian Workshop Officer, Ministry of Defence. |
| 32 | Saranjit Singh       | Offered the post of Assistant Executive Engineer in Hirakund Dam.   |
| 33 | B. R. Sen            | Offered the post of Assistant Engineer, C. P. W. D.                 |
| 34 | K. C. Thomas         | Offered the post of Project Officer, Damodar Valley Corporation.    |
| 35 | P. R. Desikachar     | Offered the post of Assistant Station Engineer, A. I. R.            |
| 36 | P. V. Balakrishnan   | Offered the post of Technical Officer, Civil Aviation Department.   |
| 37 | M. P. Chaudhri       | Offered the post of an Assistant Engineer in A. I. R., Allahabad.   |
| 38 | R. Dayal             | Offered the post of an Assistant Development Officer, D. G. I. & S. |
| 39 | S. K. De Purkayastha | Offered a post of Assistant Engineer A. I. R., Shillong.            |
| 40 | K. R. Narayana Row   | Released from the Bond.                                             |
| 41 | J. P. Kapur          | Released from the Bond.                                             |
| 42 | M. Mitra             | Under consideration.                                                |
| 43 | B. N. S. Murthy      | Under consideration.                                                |
| 44 | A. A. Krishnan       | Ditto.                                                              |
| 45 | S. Hore              | Ditto.                                                              |
| 46 | P. M. Mehta          | Ditto.                                                              |
| 47 | A. M. Jacob          | Ditto.                                                              |
| 48 | B. G. Talwar         | Ditto.                                                              |
| 49 | M. K. Raja           | Ditto.                                                              |
| 50 | S. Radhakrishnan     | Ditto.                                                              |
| 51 | B. N. Bhargava       | Ditto.                                                              |
| 52 | R. N. Datta          | Ditto.                                                              |
| 53 | D. B. Das            | Ditto.                                                              |
| 54 | D. P. Gupta          | Ditto.                                                              |
| 55 | K. R. Chakravarty    | Ditto.                                                              |
| 56 | V. J. Joseph         | Ditto.                                                              |
| 57 | K. B. Menon          | Ditto.                                                              |
| 58 | N. K. Murthy         | Ditto.                                                              |
| 59 | C. R. Subramanian    | Ditto.                                                              |
| 60 | N. G. Uke            | Ditto.                                                              |
| 61 | O. P. Agarwal        | Ditto.                                                              |
| 62 | P. K. Charlu         | Ditto.                                                              |
| 63 | B. Prakash           | Ditto.                                                              |
| 64 | B. J. Ramakrishna    | Ditto.                                                              |
| 65 | S. N. Mitra          | Ditto.                                                              |
| 66 | S. S. Soin           | Ditto.                                                              |
| 67 | M. Raja Rao          | Ditto.                                                              |
| 68 | N. Soudhi            | Ditto.                                                              |
| 69 | R. S. Kachwaha       | Ditto.                                                              |

## PRICE OF SILVER

\*1706. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Finance be pleased to state what is the rate of silver per pound in India, Pakistan, New York, London, Hongkong, Tokyo and Africa?

(b) What is the reason for the high price prevailing in India?

(c) Do Government intend to take any action with a view to bring down the prices of silver and if not, why not?

**The Honourable Dr. John Matthai:** (a) to (c). I would invite the attention of the honourable member to the replies given by me earlier today to Shri Kishorimohan Tripathi's starred question No. 1683. Quotations for bullion in Pakistan, Hongkong, Tokyo and Africa are, however, not available.

## GOVERNMENT BUILDINGS LYING VACANT AT SABATHU CANTONMENT

\*1707. **Shri Deshbandhu Gupta:** Will the Honourable Minister of Defence be pleased to state:

(a) whether it is a fact that Sabathu Cantonment situated in the Simla Hills was considered a very popular hill-station by Government and used to be reserved for British Troops and for the families of the B.O.Rs. before 15th August, 1947;

(b) whether it is a fact that there are over 50 Government buildings consisting of barracks both single and double storeyed, family quarters and bungalows capable of providing accommodation for 1000 single beds and 100 officers' families, lying vacant there;

(c) whether it is a fact that most of this accommodation has not been availed of by Government since August, 1947;

(d) whether Government have received a representation from the residents of that place drawing the attention of Government to this fact;

(e) whether any suggestion has been made to Government that in case Government do not propose to make use of this accommodation for the troops it may be made the capital of Himachal Pradesh;

(f) whether the Government of East Punjab has also approached the Ministry of Defence to place this accommodation at their disposal; and

(g) if the answers to parts (d) (e) and (f) above be in the affirmative, what action have Government taken in the matter?

**The Honourable Sardar Baldev Singh:** (a) Yes.

(b) and (c). No. Single accommodation for 403 Indian Troops is lying vacant but this is earmarked for the troops returning from Jammu & Kashmir.

(d) to (f). No.

(g) Does not arise.

## CAMBRIDGE EXAMINATIONS

\*1708. **Shri H. V. Kamath:** Will the Honourable Minister of Education be pleased to state whether the holding of Senior and Higher Cambridge examinations will be discontinued in India with effect from 1950?

**The Honourable Maulana Abul Kalam Azad:** The Government of India are not responsible for holding the Cambridge Examinations in India which are conducted by the Cambridge Local Examination Syndicate. We have no information about any proposal to discontinue the examinations.

## UNAUTHORISED CONSTRUCTIONS IN DELHI

\*1709. **Babu Ramnarayan Singh:** (a) Will the Honourable Minister of Health be pleased to refer to the answer to part (c) of starred question No. 1273 asked on 21st March, 1949 regarding unauthorised construction in Delhi and state whether Government have decided to demolish the houses which were not constructed by displaced persons but were occupied by displaced persons?

(b) With reference to the answers given to parts (d) and (e) of the same starred question, why was not the decision of Government given effect to by any of the bodies referred to in the question?

(c) Why was not any of the 8413 houses, examined from the health point of view and regularised in accordance with the decision of Government?

(d) Have Government got any report from those local bodies which were required to give effect to Government's decision?

**The Honourable Rajkumari Amrit Kaur:** (a) Unauthorised constructions put up by persons other than displaced persons will be dealt with in the normal course of the law.

(b) and (c). Necessary steps have been or are being taken by the local bodies to implement Government's decision. As, however, cases of unauthorised construction require detailed investigation, the local bodies concerned will naturally take some time to dispose of them. None of the constructions has so far been regularised as they have not yet been brought upto specifications.

(d) Yes.

## PENDING SCHEMES OF DELHI IMPROVEMENT TRUST

\*1710. **Babu Ramnarayan Singh:** (a) Will the Honourable Minister of Health be pleased to refer to the answers to parts (a) and (b) of starred question No. 1274 asked on 21st March, 1949 regarding the schemes of the Delhi Improvement Trust and state as to how many of the remaining schemes are still pending and how many have been dropped?

(b) What are these pending schemes and since how long have they been pending?

(c) What steps have been taken to speed up those schemes?

(d) With reference to the answer to part (c) of the same starred question have Government received any representation from the people whose lands were acquired for giving them priority in the disposal of the land after the area is improved?

**The Honourable Rajkumari Amrit Kaur:** (a) to (c). None of the schemes has been postponed or dropped. They are at different stages of execution.

(d) No such representations were received by Government. It is understood that the Delhi Improvement Trust received eleven applications of which ten were accepted and one rejected.

PENSION AND GRATUITY TO EMERGENCY COMMISSIONED OFFICERS  
PROMOTED FROM JUNIOR RANKS

\*1711. **Shri Deshbandhu Gupta:** Will the Honourable Minister of Defence be pleased to state:

(a) whether it is a fact that there is a disparity in the pension and gratuity of Emergency Commissioned Officers of the same ranks promoted from junior ranks:

(b) whether it is a fact that Emergency Commission Officers promoted from J. C. Os. of all branches of the Indian Army are eligible for pension on completion of ten years qualifying service whereas those of the I.A.M.C. are eligible for the same after 21 years of service;

(c) whether it is a fact that Emergency Commissioned Officers promoted from J.C.Os. of all branches of the Army are eligible to pension of Rs. 150/- on completion of 15 years qualifying service whereas those of I.A.M.C. are entitled only to a gratuity of Rs. 6,750/-; and

(d) if the answers to parts (a), (b) and (c) above be in the affirmative, whether Government propose to take action to remove this disparity which is the cause of discontent among I.A.M.C. Officers?

**The Honourable Sardar Baldev Singh:** (a) The question is not clear. I presume the honourable member wants to know whether the pensionary terms applicable to Emergency Commissioned Officers promoted from the ranks are the same in all Branches in the Army or there are differences. If so, the answer is that the pensionary terms are the same in all Branches, except in the case of medical officers who belonged to the I.M.D. The difference in the case of such medical officers' arises from the fact that I.M.D. personnel used to be governed by pension rules modelled on the civil pension rules and not by the army pension rules.

(b) Yes; but the rate of pension after ten years of qualifying service in other branches of the Army is Rs. 75/- while the rate of pension admissible to the medical officers of the I.A.M.C. (ex-I.M.D.—Indian Cadre) is Rs. 160 after 21 years' qualifying service.

(c) Yes.

(d) The pension rules applicable to the I.A.M.C. have been examined very carefully and the rules were liberalised recently. Government are satisfied that no further liberalisation is justified.

#### TEMPORARY EMPLOYEES QUALIFIED IN MINISTERIAL SERVICES (THIRD DIVISION) EXAMINATION

**\*1712. Shri Deshbandhu Gupta:** Will the Honourable Minister of Home Affairs be pleased to state:

(a) the number of temporary employees who appeared and actually qualified in the Ministerial Services Third Division examination held in the year 1947;

(b) the number of qualified candidates who have already been nominated against permanent vacancies; and

(c) whether Government propose to absorb all the qualified candidates, against permanent vacancies and if not, why not?

**The Honourable Sardar Vallabhbhai Patel:** (a) 1319 temporary employees qualified in the 1947 examination.

(b) Candidates upto the rank of 650 have been nominated.

(c) No. In view of the Government's obligations to provide permanent appointments to displaced Government servants from areas now constituting Pakistan, including permanent employees of Sind, Baluchistan and North-West Frontier Province, and to other categories of temporary employees, it has not been possible to absorb permanently all persons who qualified in the 1947 Clerks' grade examination.

#### APPOINTMENT OF CANDIDATES QUALIFIED IN MINISTERIAL SERVICE (THIRD DIVISION) EXAMINATION HELD IN 1947

**\*1713. Shri Deshbandhu Gupta:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether the Ministries/attached offices have since been authorised to make proposals, in respect of candidates who qualified in the Ministerial Services Third Division examination held in 1947 and are below the rank of 650, against the remaining permanent and quasi-permanent vacancies?

(b) Have the Ministries/attached offices since been authorised to make appointments from among the candidates of 1947 examination below the rank of 650, in place of the candidates who have left for Pakistan?

**The Honourable Sardar Vallabhbhai Patel:** (a) No such authority has been given nor is it considered necessary in the light of further re-examination of the whole position.

(b) No, Sir.

#### AUDIT OF RECEIPTS AND EXPENDITURE ON RAILWAYS

**\*1714. Shri Damodar Swarup Seth:** Will the Honourable Minister of Finance be pleased to state:

(a) the percentage of the total expenditure incurred on the Audit Department (under the control of the Auditor General of India) attached to the Railway Department to the gross Railway receipts and expenditure during the financial years ending 31st March 1929, 1931, 1933, 1937, 1941, 1945 and 1948;

(b) whether it is a fact that the programme of audit on the Railways has not been keeping pace with the increase in both the receipts and expenditure; and

(c) whether Government propose to review the position?

**The Honourable Dr. John Matthai:** (a) Percentage of the total expenditure incurred on Railway Audit to the gross railway receipts and expenditure is:

| Year | Percentage |
|------|------------|
| 1929 | ·023       |
| 1931 | ·042       |
| 1933 | ·049       |
| 1937 | ·045       |
| 1941 | ·021       |
| 1945 | ·011       |
| 1948 | ·011       |

(b) Since the outbreak of the war the receipts and expenditure of the railways have been increasing rapidly and the expansion of the Railway Audit Department has not kept pace with the same. Moreover during the war years recruitment difficulties were serious. Though the best possible use has been made of the man power at the disposal of the Railway Audit Department, it has not always been possible to fully implement the audit programme having regard to the great increase of receipts and expenditure of the railways.

(c) Yes, the position is already under review of the Auditor General.

## MEDIUM OF INSTRUCTION IN UNIVERSITIES

**\*1715. Shri Lakshminarayan Sahu:** Will the Honourable Minister of Education be pleased to state:

(a) whether the question of the medium of instruction in Indian Universities has been referred to the Indian Universities Commission presided over by Dr. S. Radhakrishnan;

(b) whether the Government of India has advised or directed the Indian Universities in which English is the medium not to change it for some years;

(c) whether it is a fact that the Nagpur University has decided to replace English by local regional languages from the academic year 1949-50.

(d) whether the Nagpur University has decided to replace the current scientific terminology by the one compiled by Dr. Raghuvira; and

(e) whether any other universities have undertaken a similar change of medium and if so, which?

**The Honourable Maulana Abul Kalam Azad:** (a) Yes.

(b) The Committee on the Medium of Instruction appointed by the Government of India recommended that steps should be taken during the next five years for the gradual replacement of English as medium of instruction and examination at University stage by the language of the State or Province or Region. The Central Advisory Board of Education considered this recommendation during its last meeting in January, 1949, and resolved that in view of the appointment of the Universities Commission which is expected to submit its report by September this year, no final decision on the report of this Committee need now be taken.

(c) According to information available with the Government, it is proposed to introduce Hindi and Marathi as medium of instruction in the first year class of Colleges from July, 1949, and extend their use to higher classes year by year.

(d) No. But the matter is under consideration of the University.

(e) The University of Annamalai has introduced Tamil, the regional language, as medium of instruction in Intermediate Art course.

Banaras University has decided that Hindi should be an additional medium of instruction in all subjects except English and modern Indian Languages in Inter and B.A. classes from July, 1948. It is also decided that from 1950 Hindi alone will be the medium of instruction for those students whose domicile is Eastern Punjab, U.P., C.P., Bihar and Rajputana.

University of Calcutta has allowed students to answer question papers either in English or their mother tongue.

## GRANTS GIVEN TO LAKSHMINARAYAN INSTITUTE OF TECHNOLOGY, NAGPUR

**\*1716. Shri Lakshminarayan Sahu:** Will the Honourable Minister of Education be pleased to state:

(a) the amount of grants paid to the Lakshminarayan Institute of Technology, Nagpur, each year since the grant was first made;

(b) whether the medium of instruction in the Institute has been English;

(c) whether it is intended to substitute English by local languages and if so, which of them and from what date;

(d) whether it is intended to adopt the scientific terminology invented by Dr. Raghuvira;

(e) the number of pupils in the Institute in the year 1948-49, who were non-Hindus and were from Provinces or States other than the Central Provinces separately;

(f) whether the will of the late Lakshminarayan restricted the admission to the Institute to Hindus domiciled in the Central Provinces for six years; and

(g) whether and how this limitation has been surmounted in order to enable the Institute to admit non-Hindus from other provinces?

**The Honourable Maulana Abul Kalam Azad:** (a) The institution was given an advance grant of Rs. 1,00,000 for buildings and Rs. 10,000 for equipment in 1947-48 for the first time and further advance grant of Rs. 1,00,000 for buildings and Rs. 90,000 for equipment in 1948-49. The institution has also received interest free loan of Rs. 28,000 in 1947-48 and Rs. 1,00,000 in 1948-49 for construction of students' hostel.

On the recommendations of the All India Council for Technical Education, the Government of India propose to give to the Lakshminarayan Institute of Technology, Nagpur, a total non-recurring grant of Rs. 5,07,000 for buildings, Rs. 2,51,000 for equipment and an interest free loan of Rs. 2,07,000 for construction of students' hostel, with a view to improving and expanding the existing facilities for technological studies.

(b) Yes.

(c) and (d). The question of medium of instruction in Technological Institutions and whether the present Scientific terminology will remain or will be superseded by any other Scientific terminology or terminologies is one affecting the whole country and not this institution alone. No decision can be taken in the matter with reference to any single institution.

So long as the question has not been finally decided the Government do not think it proper that there should be any change in the medium of instruction or Scientific terminology at any of the Technical Institutions.

(e) Fifty one students and twelve research students. All of them are Hindus from Central Provinces and Berar.

(f) Yes.

(g) In order to overcome the limitation imposed by the will of the late Shri Lakshminarayan, the Nagpur University propose to treat the Government grant as contribution for non-Hindu and non-Provincial students, and are devising a formula which would be acceptable to the Central Government.

## SCHOOLS IN DELHI

**\*1717. Prof. Yashwant Rai:** (a) Will the Honourable Minister of Education be pleased to state whether it is a fact that communal schools still exist in Delhi?

(b) Is it a fact that Government give 90 per cent. grant-in-aid to such schools with communal names?

(c) Have Government received any deputation or memorandum from the Teachers' Association regarding the nationalisation of these schools?

(d) Is it a fact that Government have already nationalised the Municipal and District Board Schools of Delhi Province?

**The Honourable Maulana Abul Kalam Azad:** (a) No. There are, however, some schools which bear communal names. But admission in these schools is open to all communities irrespective of caste or creed.

(b) The Government grant to aided schools in Delhi Province is 90 per cent. of the net approved expenditure minus income from fees and fines.

(c) No.

(d) The Government have taken over fourteen Secondary Schools which the Delhi Municipal Committee were unable to maintain but the Primary Schools are still run by the Committee and have not been Provincialised. The question of provincialising the District Board Schools is under the consideration of Government.

#### AUCTIONING OF LANDS LEASED TO *Malis* IN AMBALA

\*1718. **Dr. Mono Mohan Das:** (a) Will the Honourable Minister of Defence be pleased to state whether the attention of Government has been drawn to the news, published in *The Statesman* dated the 15th March, 1949 on page 2, column 7, under the sub-heading, "Ambala *Malis* to lose their homes", stating "families of Purbia *Malis* are faced with the loss of their means of livelihood and homes as a result of higher prices paid for their leased plots at the annual auction this year (by refugees). The refugees are due to take over these lands on April 1, etc."?

(b) Is it a fact that a plot which previously fetched Rs. 230/- per annum was auctioned for Rs. 2,250/- and another smaller plot which was auctioned for Rs. 2/8/- per annum, fetched Rs. 36/-?

(c) Has any representation been made, on behalf of the *Malis*, to the Deputy Director, Military Lands and Cantonments, Government of India, who visited Ambala recently?

(d) What have the Government done or propose to do in this matter?

(e) Is it a fact, that for generations, these *mali* families, have been living on those leased lands of the Government and they have built their own huts and sunk wells on the land?

**The Honourable Sardar Baldev Singh:** (a) Yes.

(b) Yes.

(c) Yes.

(d) Government have examined the matter and find that bids which appear abnormally high have been recorded only in a small number of cases. These cases are being examined.

(e) It is a fact that a number of these families have held the lands continuously for many years although they have had to bid for the plot in open auction every four years. Huts have been built and in some cases wells have been sunk.

#### BRITISH OFFICERS IN INDIAN ARMY

\*1719. **Shri H. V. Kamath:** Will the Honourable Minister of Defence be pleased to state how many British officers there are in the Indian Army, and how many of them on the technical side?

**The Honourable Sardar Baldev Singh:** 197, of whom 120 are employed with the Technical Arms.

#### GOVERNMENT OF INDIA PENSIONERS

\*1720. **Prof. Shibban Lal Saxena:** (a) Will the Honourable Minister of Finance be pleased to state the total number of ex-Government employees, Indian and non-Indian, who are residents in India and are in receipt of pensions after retirement from service from the Government of India?

(b) What is the total amount of pensions paid to these employees annually?

**The Honourable Dr. John Matthai:** (a) The information required is not readily available.

(b) Rupees ten crores per annum approximately.

#### EXAMINATION FOR SELECTION OF ASSISTANTS TO FILL PERMANENT VACANCIES

\*1721. **Shri Raj Bahadur:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether it is proposed to hold an examination in the near future for selection of assistants to fill permanent vacancies from amongst the temporary assistants employed in the Central Secretariat and its attached offices?

(b) If so, will the examination be of a competitive or a qualifying nature?

**The Honourable Sardar Vallabhbhai Patel:** (a) Yes; an examination is likely to be held before the end of this year.

(b) The examination will be competitive, but limited to certain categories of persons. Details will be found in the Instructions for the Initial Constitution of Grade IV of the Central Secretariat Service, copies of which are available in the Library of the House.

#### PERMANENT AND QUASI PERMANENT VACANCIES OF ASSISTANTS IN MINISTRIES

\*1722. **Pandit Mukut Bihari Lal Bhargava:** Will the Honourable Minister of Home Affairs be pleased to state:

(a) the total number of permanent and quasi-permanent vacancies of Assistants in different Ministries of the Government of India during the years 1935 to 1948 (Ministrywise year to year) and also the number of Departmental clerks confirmed against the 50 per cent. quota reserved for them during those years; and

(b) whether persons other than Departmental clerks were confirmed against the vacancies reserved for the later in any Ministry/Ministries?

**The Honourable Sardar Vallabhbhai Patel:** (a) The information is not readily available and its collection will involve expenditure of time and labour incommensurate with the results likely to be secured.

(b) Yes; but the confirmations have been made in accordance with the rules in force.

#### SALE OF GOA LOTTERY TICKETS IN INDIA

\*1723. **Dr. P. S. Deshmukh:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether Government are aware of the existence of Goa lotteries which are freely canvassed and sold in India?

(b) Are there any rules governing the sale of these and similar lottery tickets in India?

(c) If so, do Government propose to place a copy of these rules on the table of the House?

**The Honourable Sardar Vallabhbhai Patel:** (a) Government are aware of the existence of Goa lotteries but their information does not indicate that these lotteries are being freely canvassed and sold.

(b) and (c). There are statutory rules prohibiting the bringing of Goa lottery tickets and circulars into India. Copies of the relevant notifications are placed on the table of the House.

No. P.T.L. (F)/136/40

## COMMUNICATIONS DEPARTMENT

P &amp; J. BRANCH

Dated the 30th November, 1940

## NOTIFICATION

No. PTL/F-136/40.—In exercise of the powers conferred by the Indian Post Office Act, 1896 (VI of 1898), the Central Government is pleased to direct that the following further amendment shall be made in the Indian Post Office Rules 1933, namely:—

After rule 222 of the said Rules, the following rule shall be inserted namely:—

"223. The officers noted below \* are empowered to search or cause search to be made for lottery tickets and lottery circulars, in course of transmission by post, of which the bringing into British India from the Portuguese Settlements in India through the medium of the Post Office is prohibited. The said officers shall return to the senders all postal articles found to contain such lottery tickets and lottery circulars."

- (1) The Superintendent, the Deputy Superintendent and the Assistant Superintendents of Foreign Post, at Bombay.
- (2) The Presidency Postmaster, the Deputy Presidency Postmaster and the Assistant Presidency Postmasters, at Bombay.
- (3) The Postmasters, Belgaum and Ratangiri.
- (4) The Sub-Postmasters, at Vapi, Una, Castle Rock, Londa, Malvan and Vengurla.
- (5) The Head Sorters, B-16 Section and B-23 Out Section of the R.M.S.

## FINANCE DEPARTMENT (CENTRAL REVENUES)

## NOTIFICATION

## CUSTOMS

New Delhi, the 30th November, 1940

No. 59.—In exercise of the powers conferred by section 19 of the Sea Customs Act, 1878 (VIII of 1878) the Central Government is pleased to prohibit the bringing into British India of lottery tickets and lottery circulars purporting to relate to lotteries conducted in the Portuguese settlements in India.

M. SLADE,

Joint Secretary to the Government of India.

Copy of Notification, dated New Delhi, the 27th March, 1942 from Government of India Department of Communications, Posts and Telegraphs.

P.T.L. (F)/136/40.—In exercise of the powers conferred by the Indian Post Office Act 1898 (VI of 1898), the Central Government is pleased to direct that the following further amendment shall be made in the Indian Post Office Rules, 1933, namely:—

For sub-rule (3) of rule 44 of the said Rules, the following sub-rule shall be substituted, namely,

"(3) Lottery tickets, if printed and distributed in India on behalf of foreign lotteries, and circulars relating to lotteries of any kind, shall not be transmitted by post."

## SALE OF FRENCH PRIZE BONDS

\*1724. **Dr. P. S. Deshmukh:** (a) Will the Honourable Minister of Finance be pleased to state whether Government are aware of the issue of Prize Bonds guaranteed by the Republic of France?

(b) Are Government aware of the circular letter issued by the International Investment Corporation of Pondicherry canvassing these Prize Bonds?

(c) Are Government aware that the bonds are being sold taking 20 Francs per Rupee at the exchange rate?

(d) Is it a fact that the present exchange rate is above 80 Francs per Rupee?

(e) Do Government permit sale of such bonds and other securities of foreign origin in India freely?

(f) If not, how do Government regulate the matter?

(g) What steps have Government taken or propose to take in the matter?

**The Honourable Dr. John Matthai:** (a) and (b). Government have seen a circular letter on the subject by the International Investment Corporation of Pondicherry, but are not aware whether the statements in that circular are correct.

(c) That is the rate at which the Rupee equivalent of the prizes in French Francs has been shown in the circular.

(d) The present exchange rate is 78.6 francs per Rupee.

(e) to (g). The sale of such bonds in India is unlawful and anyone found guilty of selling them is liable to prosecution.

## ATTACK ON RAJAORI (JAMMU) BY PAKISTANI RAIDERS

\*1725. **Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of States be pleased to state whether it is a fact that 3,000 Hindu women of the town of Rajaori in the Reasi District of Jammu in the Jammu and Kashmir State performed "Jauhar" in the Tehsil building of Rajaori, on 11th November, 1947, when Rajaori was besieged by Pakistani 'raiders' assisted by the local Muslims of Rajaori and the 14,000 Hindus assembled together in the Tehsil found after 16 hours of resistance that there was no chance of escape from the Muslim marauders?

(b) Is it a fact that all the 14,000 Hindus assembled in the Tehsil building were killed by the Muslims?

(c) Is it also a fact that not more than 50 men could escape in this 'raid'?

**The Honourable Sardar Vallabhbhai Patel:** (a) to (c). Enquiries have been made of the Jammu and Kashmir Government and the information will be laid on the table of the House in due course.

## MEMORIAL TO HINDUS OF RAJAORI (JAMMU)

\*1726. **Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of States be pleased to state whether it is a fact that the Interim Government of Sheikh Mohammed Abdulla has decided to erect a suitable Memorial in the Rajaori Tehsil building in memory of the 3,000 Hindu women who burnt themselves alive to save their honour and 11,000 Hindus who were massacred by the Muslims on that day, similar to the Memorial being erected by the Abdulla Government in Baramulla in memory of Mr. Maqbul Ahmad Sherwani, who died fighting in Baramulla?

(b) If so, when was the decision arrived at and what is the plan of the Memorial?

(c) If no such decision has been taken, why not?

**The Honourable Sardar Vallabhbhai Patel:** (a) to (c). Enquiries have been made of the Jammu and Kashmir Government and the information will be laid on the table of the House in due course.

## TUBERCULOSIS SANATORIA IN CENTRAL PROVINCES

\*1727. **Seth Govind Das:** Will the Honourable Minister of Health be pleased to state how many Tuberculosis Sanatoria are maintained in the Central Provinces by Government and whether there is a proposal to open more of such Sanatoria there?

**The Honourable Rajkumari Amrit Kaur:** No Tuberculosis Sanatorium is at present maintained in the Central Provinces by Government. The Provincial Government have, however, included a scheme for the establishment of such a Sanatorium in their Post-War Development plans.

## HIGH RENTS FOR HOUSES IN JUBBULPORE CANTONMENT AREA

\*1728. **Seth Govind Das:** (a) Will the Honourable Minister of Defence be pleased to state whether Government are aware of the fact that the Rent Control Order has been lifted in the Jubbulpore Cantonment Area whereas it is still in force in the Jubbulpore Municipal Area?

(b) Has it been brought to the notice of Government that enormous increase in the rent of houses is being demanded by the house-owners who are troubling the tenants in the area with renewed threats of ejectment?

(c) If so, what action do Government propose to take in the matter.

**The Honourable Sardar Baldev Singh:** (a) No, Sir. The Provincial Rent Control Order was never operative in the Jubbulpore Cantonment Area.

(b) and (c). Yes. Government are taking action to apply the Provincial Act for regulating the rent of houses in the Cantonment areas in the Central Provinces.

## CHANGE OF MEDIUM OF INSTRUCTION IN HYDERABAD

\*1729. **Seth Govind Das:** (a) Will the Honourable Minister of States be pleased to state whether any changes with respect to the medium of instruction are being made in the Educational Department of Hyderabad under the Military Administration there?

(b) If so, are the public of Hyderabad being consulted or their wishes and demands being considered in this connection?

**The Honourable Sardar Vallabhbhai Patel:** (a) and (b). Information is not available but has been asked for from the Hyderabad Administration.

## GRANTS GIVEN TO ANJUMAN-E-TARAQQI-E-URDU

\*1730. **Seth Govind Das:** (a) Will the Honourable Minister of Education be pleased to state the basis on which the annual grant of Rs. 40,000 has been given to Anjuman-Taraqqi-Urdu?

(b) Have Government in their possession information regarding the membership of this Anjuman?

(c) If so, what is the number of members at present?

(d) Has the number increased or decreased after the partition of the country?

(e) Have Government granted this money for any specific purpose?

(f) Are Government aware that the principal activities of this Anjuman are now confined to the business of books and periodicals?

(g) Have Government received any reports and accounts of this institution?

(h) Are Government aware as to how the previous grants made by them to this Anjuman have been utilised?

**The Honourable Maulana Abul Kalam Azad:** (a) and (e). Government have given this grant to the Anjuman-e-Taraqqi-e-Urdu in consideration of the fact that the Anjuman since its inception about 44 years back had published about 200 books on History, Biography, Philosophy, Science, Economics Education etc., and had compiled Dictionaries. Besides, it was felt that the Anjuman would prove very helpful in evolving a language simple and easy to learn. The Anjuman also propose to prepare books which would make it easy for persons knowing Urdu to become acquainted with Hindi literature and has also decided to popularise the Devanagiri script among the Urdu knowing persons which work is very necessary in the interest of the country.

(b) to (d). After partition, the Anjuman had decided that as it was formed in India and had received contributions largely from Indian nationals, no officer of the Anjuman had any right to transfer it to Pakistan. If people in Pakistan desired to form such an Anjuman, they were free to do so, but they would have to form a new Anjuman for the purpose. In accordance with this decision, the members of the Anjuman as well as its various branches in the provinces have been working in India since the partition.

(f) No.

(g) Yes.

(h) This is the first grant that Government have given to this body.

## ANJUMAN-E-TARAQQI-E-URDU AND ALL-INDIA HINDI SAHITYA SAMMELAN

\*1731. **Seth Govind Das:** Will the Honourable Minister of Education be pleased to state the reasons which led Government to put Anjuman-e-Taraqqi-e-Urdu on par with the All India Hindi Sahitya Sammelan in giving grants?

**The Honourable Maulana Abul Kalam Azad:** Government have not looked at the matter from the angle suggested in the question. The Anjuman-e-Taraqqi-e-Urdu asked for a Government grant in 1946. Afterwards, Hindi Sahitya Sammelan also asked for a Government grant. Government took the matter into consideration and decided after taking into account the various factors which are usually considered at the time of giving Government grants.

## SHIFTING OF HEAD OFFICE OF ANJUMAN-E-TARAQQI-E-URDU TO PAKISTAN

\*1732. **Seth Govind Das:** (a) Will the Honourable Minister of Education be pleased to state whether Government are aware of the fact that the Head Office of Anjuman-Taraqqi-Urdu was shifted to Pakistan at the time of partition of India and it is still functioning at Karachi?

(b) Are Government aware that the founder President of this Anjuman, Dr. Abdul Huq, went to Pakistan, started its activities there and toured many cities in Western Pakistan?

**The Honourable Maulana Abul Kalam Azad:** (a) and (b). Government did not give the grant until they were satisfied that the Anjuman had no connection whatever with Pakistan and that its former Secretary, Maulvi Abdul Haque, had nothing to do with it. The Anjuman had decided in a meeting which was held on the 5th October, 1948, that this Anjuman belongs to the Indian Union and that it has no connection with any organisation in Pakistan.

## BOOKS PUBLISHED BY ANJUMAN-E-TARAQQI-E-URDU

\*1733. **Seth Govind Das:** (a). Will the Honourable Minister of Education be pleased to state whether he has a list of books and other literature published by Anjuman-e-Taraqqi-e-Urdu?

(b) Is Anjuman supplying its books and publications to Pakistan also?

**The Honourable Maulana Abul Kalam Azad:** (a) Yes.

(b) No; the Anjuman in the Indian Union has nothing whatsoever to do with any organisation in Pakistan.

## ESTABLISHMENT OF NATIONAL CENTRAL LIBRARY

\*1734. **Seth Govind Das:** (a) Will the Honourable Minister of Education be pleased to state whether Government have taken any step so far for the collection of all Hindi books and other publications at some central place as is the case of all English books and publications in the British Museum Library, London?

(b) Are Government aware of any resolution moved by Mr. P. N. Saprū and passed by the Council of State in 1941 or 1942 in this connection?

(c) In case any such resolution has been passed, what action has been or is proposed to be taken on it?

(d) Is any action being taken in this connection by the committee appointed for opening a copy-right centre?

**The Honourable Maulana Abul Kalam Azad:** (a) No, Sir. But the Government have under consideration the question of establishing a Central Reference Library in Delhi with a copyright Section attached to it.

(b) In March, 1942 the Council of State adopted a resolution moved by Mr. P. N. Saprū recommending an amendment of the law so as to ensure that a copy of every work printed in the Country in Hindi is supplied to the Library of the Hindi Sahitya Samelan and of every printed work in Urdu to the Anjuman Taraqqi-i-Urdu.

(c) No action has so far been taken on the Resolution.

(d) The Expert Committee set up to work out the details for the establishment of a National Central Library have been asked to report on the setting up of a copyright section also in the Library and their report is awaited.

#### STUDY OF HINDI LANGUAGE AND LITERATURE IN DELHI UNIVERSITY

**\*1735. Seth Govind Das:** Will the Honourable Minister of Education be pleased to state what steps have been taken to encourage the study of Hindi language and literature in the Post Graduate classes in the University of Delhi?

**The Honourable Maulana Abul Kalam Azad:** There is a combined Department of Sanskrit, Hindi and Bengali in the University. The University have also instituted an M. A. course in Hindi language and Literature.

#### DEPARTMENT OF NATIONAL SAVINGS

**\*1736. Shri G. S. Guha:** (a) Will the Honourable Minister of Finance be pleased to state how the Department of National Savings including its provincial branches is now constituted?

(b) Why is the head office of the department established at Simla?

(c) When was the present National Savings Commissioner appointed, what is his pay and what pay was he drawing before his present appointment?

(d) Was the National Savings Commissioner appointed on the recommendations of the Federal Public Service Commission and what are his qualifications?

(e) Is it proposed to revive the old "authorised agency system" and if so, for what reasons?

(f) What is the rate of commission paid to "authorised agents"?

**The Honourable Dr. John Matthai:** (a) A statement is laid on the table.

(b) Mainly due to shortage of accommodation in Delhi.

(c) The present National Savings Commissioner was appointed in June 1948. His present pay is Rs. 1,800 p.m. and the pay he was drawing as P.N.S.O. Bombay before his appointment as National Savings Commissioner was Rs. 1,200 p.m.

(d) No, Sir. He is a member of the Bombay Educational Service and was Provincial National Savings Officer Bombay for four years.

(e) Yes, Sir. The question of reviving the authorised agency system is under consideration as a potential factor which is likely to help the savings movement.

(f) The rate of commission that used to be paid was 2-1/2 per cent.

#### STATEMENT

*Office of the National Savings Commissioner.*

| Details of Appointment            | Number of Posts. | Prescribed Scales of Pay                    |
|-----------------------------------|------------------|---------------------------------------------|
|                                   |                  | Rs.                                         |
| National Savings Commissioner     | 1                | 1,600—100—1,800                             |
| Dy. National Savings Commissioner | 1                | 1,000—50—1,400 (Post now held in abeyance). |
| Secretary                         | 1                | 650—30—800                                  |
| Superintendents                   | 2                | 400—20—500                                  |

## FORMER SECRETARY OF STATE'S SERVICES

\*1737. **Shri G. S. Guha:** (a) Will the Honourable Minister of Home Affairs be pleased to state, if the former Secretary of State's Services, such as the Indian Civil Service, the Indian Police and the Indian Forest Service, are still in existence?

(b) If not, have the members of those services been absorbed in any of the new all-India Service or Services with special concessions regarding their pay and conditions of service, or do they form separate categories by themselves?

(c) Are any posts specially reserved for the ex-members of the Secretary of State's Services or the members of the new Administrative Services?

**The Honourable Sardar Vallabhbhai Patel:** (a) and (b). The former Secretary of State's Services have ceased to exist as such, but members of those Services, who continued in service after the transfer of power are governed more or less by the same conditions of service.

(c) The Statutory reservation of posts for the Secretary of State's Services no longer exists. There is no reservation of any posts for the Indian Administrative Service.

## ABOLITION OF SPECIAL PAY TO CLASS IV SERVANTS

\*1738. **Prof. Shibban Lal Sakseena:** (a) Will the Honourable Minister of Finance be pleased to state whether the special pay of Rs. 5 paid to class IV servants has been ordered to be abolished from 1st March, 1949 and if so, what are the reasons?

(b) What is the total amount of saving which will accrue to Government by the abolition of this extra pay?

**The Honourable Dr. John Matthai:** (a) The matter is still under consideration.

(b) The information is not readily available.

## CUSTOMS DUTY ON COMMODITIES EXPORTED TO AND IMPORTED FROM PAKISTAN

\*1739. **Dr. Mono Mohan Das:** (a) Will the Honourable Minister of Finance be pleased to state what are the commodities that are exported to Pakistan from India without any export duty?

(b) What are the commodities that are exported into India from Pakistan without any export duty?

**The Honourable Dr. John Matthai:** (a) All commodities except raw jute including Bimlipatam jute and Mesta fibre, jute manufactures, raw cotton, rice, tea, cotton cloth, manganese ore, cigarettes, cigars and cheroots (which are the commodities included in the Indian Export Tariff) are allowed export to Pakistan free of export duty.

(b) According to the information available with the Government of India, the Government of Pakistan allow the export to India, free of export duty, of all commodities except raw jute including mesta fibre, jute manufactures, raw cotton, rice, tea, raw hides, raw skins, cotton seeds, cement, fish and bamboos.

## EUROPEANS IN I.C.S., I.P.S. AND I.F.S.

\*1740. **Lala Raj Kanwar:** (a) Will the Honourable Minister of Home Affairs be pleased to state the number of European Members of (i) the Indian Civil Service, (ii) the Indian Political Service and (iii) the Indian Foreign Service, who are still serving in India, both at the Centre and in the Provinces?

(b) are such officers drawing pay and allowances in accordance with their previous terms of appointment or have been engaged on fresh terms on contractual basis?

**The Honourable Sardar Vallabhbhai Patel:** (a) (i) Three at the Centre and nineteen in the provinces.

(ii) One.

(iii) None.

(b) All these officers continue to draw pay and allowances in accordance with their original terms of appointment.

#### EMPLOYEES OF BENGAL AIR DEPOT

**\*1741. Shri Harihar Nath Shastri:** (a) Will the Honourable Minister of Home Affairs be pleased to state whether a circular was issued in the past by the Government of India that the services rendered by employees of the Bengal Air Depot, now known as the Titagarh Air Depot, would be recognised as war service and that they would be given all facilities extended to personnel released from war service?

(b) If so, does that condition still exist?

**The Honourable Sardar Vallabhbhai Patel:** (a) Yes.

(b) Yes.

#### HELP TO VICTIMS OF RAZAKARS IN HYDERABAD

**\*1742. Prof. N. G. Ranga:** Will the Honourable Minister of States be pleased to state:

(a) whether any effort is being made by the Military administration of Hyderabad to ascertain the losses in life and property inflicted by the Razakars and State authorities upon the people;

(b) whether any attempts are being made to compensate them; and

(c) whether any one has so far been compensated by the State administration?

**The Honourable Sardar Vallabhbhai Patel:** (a) Yes.

(b) and (c). Compensation for losses sustained is not being paid as a general rule but monetary assistance is being freely given in deserving cases. The State Government is also rehabilitating those who have suffered losses.

#### CENTRAL GOVERNMENT PENSIONERS WHO HAD THEIR PENSION DOCUMENTS TRANSFERRED FROM PAKISTAN TO INDIA

**\*1742-A. Giani Gurmukh Singh Musafir:** (a) Will the Honourable Minister of Finance be pleased to state whether it is a fact that Government have decided to continue the pensions of those Central Government pensioners, who got their pension documents transferred from Pakistan to India before 15th August 1947 and to restrict the pensions of those Central Government pensioners whose documents were transferred after the 15th August, 1947?

(b) If the answer to part (a) above be in the affirmative, what are the grounds for the adoption of such a policy?

(c) Will the pensioners who applied for the transfer of their pensions before 15th August, 1947, but got their pensions transferred after that date, be affected by such orders?

**The Honourable Dr. John Matthai:** (a) and (b). All pensioners who got their pensions transferred before or after the 15th August, 1947, are being paid in the normal course and no restrictions have been placed on those who got their pensions transferred after the 15th August, 1947.

(c) Does not arise.

## UNSTARRED QUESTIONS AND ANSWERS

### HINDU UNDIVIDED FAMILIES ASSESSED TO INCOME-TAX

**138. Pandit Mukut Bihari Lal Bhargava:** Will the Honourable Minister of Finance be pleased to state the number of Hindu undivided families assessed to income-tax during the assessment years 1946-47 and 1947-48 on incomes graded as under:

|       |                                               |
|-------|-----------------------------------------------|
| (i)   | over Rs. 150,000/- but not over Rs. 200,000/- |
| (ii)  | „ Rs. 200,000/- „ „ „ Rs. 300,000/-           |
| (iii) | „ Rs. 300,000/- „ „ „ Rs. 400,000/-           |
| (iv)  | „ Rs. 400,000/- „ „ „ Rs. 500,000/-           |
| (v)   | „ Rs. 500,000/- ?                             |

**The Honourable Dr. John Matthai:** The number of Hindu Undivided Families assessed to income-tax in the Dominion of India during the assessment year 1947-48 and in undivided India during the assessment year 1946-47 was:

| Grades of total income | 1947-48 | 1946-47 |
|------------------------|---------|---------|
|                        | No.     | No.     |
| Rs. 1,00,000—1,99,999  | 216     | 203     |
| Rs. 2,00,000 and over  | 122     | 68      |

Information by the grades of income mentioned by the honourable member is not available from our statistics.

### RESIDENTIAL HOUSES REQUISITIONED BY COLLECTOR OF DELHI

**139. Master Nand Lal:** Will the Honourable Minister of Works, Mines and Power be pleased to lay on the table of the House a statement showing:

(i) the number of residential houses requisitioned by the Collector of Delhi during the year 1948-49;

(ii) the public purpose, stated either in the notices or in the order, for which each accommodation was requisitioned;

(iii) the disposal of those requisitioned accommodation; and

(iv) the person at whose request the requisition was made?

**The Honourable Shri N. V. Gadgil:** The information is being collected and will be laid on the table of the House in the due course.

# CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE)

## DEBATES

### (PART I--QUESTIONS AND ANSWERS)

*Thursday, 7th April, 1949.*

The Assembly met in the Assembly Chamber of the Council House at a Quarter to Eleven of the Clock, Mr. Speaker (The Honourable Mr. G. V. Mavalankar) in the Chair.

#### STARRED QUESTIONS AND ANSWERS.

##### (a) ORAL ANSWERS

##### SHORT SUPPLY OF WAGONS FOR TRANSPORT OF CEMENT

**\*1743. Shri R. K. Sidhva:** (a) Will the Honourable Minister of Railways be pleased to state whether it is a fact that due to short supply of wagons, cement could not be moved to places where it was urgently wanted during the year 1948?

(b) Is it a fact that the Cement Marketing Company of India have made representations to Government about the short supply of wagons?

(c) How many wagons were made available for this commodity each month during the year 1948 for movement to various places?

(d) What is the average annual requirement of wagons for transport of cement, so as to meet the full requirements of trade and house constructions?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) There is no report to show that cement could not be moved to places where it was urgently wanted during 1948, due to short supply of wagons.

(b) Yes.

(c) The total number of wagons loaded with cement during the year 1948 on Indian Government Railways was 53,570 broad gauge and 8,889 metre gauge. Monthly figures are shown in the statement laid on the table of the House. The tonnage despatched was more than the production.

(d) Information is not available. It may be stated that based on the expected production of cement the monthly requirements during the second quarter of 1949 amount to 7,430 broad gauge and 4,116 metre gauge wagons. The Indian Government Railways have been instructed to meet in full the requirements of Cement Factories for movement of cement from January, 1949.

#### STATEMENT

*Number of wagons loaded on the Indian Government Railways during 1948.*

|                     | B. G.         | M. G.        |
|---------------------|---------------|--------------|
| January . . . . .   | 4,260         | 979          |
| February . . . . .  | 4,343         | 491          |
| March . . . . .     | 4,421         | 317          |
| April . . . . .     | 4,391         | 671          |
| May . . . . .       | 4,161         | 536          |
| June . . . . .      | 4,032         | 819          |
| July . . . . .      | 3,857         | 885          |
| August . . . . .    | 4,765         | 907          |
| September . . . . . | 4,581         | 817          |
| October . . . . .   | 4,723         | 834          |
| November . . . . .  | 4,991         | 697          |
| December . . . . .  | 5,045         | 966          |
| <b>Total</b>        | <b>53,570</b> | <b>8,889</b> |

**Shri R. K. Sidhva:** Has any complaint been received from any concern or company or corporation about the non-supply of wagons?

**The Honourable Shri N. Gopaldaswami Ayyangar:** I said that complaints were received, some orally and some in a written form.

**Shri R. K. Sidhva:** What is the position now as regards the supply of wagons?

**The Honourable Shri N. Gopaldaswami Ayyangar:** It is perfectly satisfactory.

**Shri R. K. Sidhva:** Is it a fact that due to shortage of wagons the Cement Marketing Company had to import cement from Karachi by sea, with the result that import duty had to be paid on it? If wagons were sufficient what was the reason for getting it from Karachi with additional import duty paid to Pakistan?

**The Honourable Shri N. Gopaldaswami Ayyangar:** I do not know about the particular thing mentioned by the honourable member but I can inform him that we have had a written communication from the Cement Marketing Association of India that this thing has been working very satisfactorily and they have not felt any difficulty of any substantial nature.

**Shri R. K. Sidhva:** Has there been supply of cement from Karachi by steamer?

**The Honourable Shri N. Gopaldaswami Ayyangar:** I understand that is so.

**Shri Sita Ram S. Jajoo:** Did Government receive any complaint from the Madhya Bharat Government that cement could not be moved in that area due to shortage of wagons?

**Shri Ramnath Goenka:** Is it a fact that cement is in short supply now?

**The Honourable Shri N. Gopaldaswami Ayyangar:** That question should be addressed to my Honourable colleague in charge of Industry and Supply.

**Babu Ramnarayan Singh:** When the Honourable Minister said that the position about supply of wagons is satisfactory, may I know whether the public feels like that or is it only the Honourable Minister's own feeling?

**Mr. Speaker:** Obviously, it is his own view.

#### MATCH FACTORIES.

\*1744. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Industry and Supply be pleased to state the total number of match factories in India and whether the production from these factories is sufficient to meet the demands in India?

(b) Are match sticks imported from foreign countries or manufactured from Indian wood?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) 165. Their production is sufficient for India's requirements.

(b) Indian wood is used for the purpose.

**Shri R. K. Sidhva:** Has any order been placed for a new match factory from foreign countries?

**The Honourable Dr. Syama Prasad Mookerjee:** Not to our knowledge.

**Shri Mohan Lal Gautam:** What percentage of the capital invested in these factories is owned by non-Indians?

**The Honourable Dr. Syama Prasad Mookerjee:** The five factories of WIMCO belong to foreign countries.

**Shri R. K. Sidhva:** Has the WIMCO any Indian shareholders? If so, what is their percentage?

**The Honourable Dr. Syama Prasad Mookerjee:** I think they have some, but the majority of the shares are owned by foreign interests.

**Shri R. K. Sidhva:** Is it a fact that Government some years ago insisted on WIMCO having a larger number of Indian shareholders? If so, with what result?

**The Honourable Dr. Syama Prasad Mookerjee:** There has not been any recent approach made; not in my time.

#### MANUFACTURE OF SOAP

\*1745. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Industry and Supply be pleased to state the quantity of Washing Soap and Toilet Soap produced by organised industry in the various provinces and states in India?

(b) What is the estimated production of Soap (Washing) by cottage workers in various provinces?

(c) What is the total installed capacity of soap-making plants for manufacturing washing and toilet soaps, in the various provinces of the country?

(d) Is the country self-sufficient so far as the production of soaps, washing and toilet, is concerned?

(e) What was the quantity of washing and toilet soap imported into India during 1946-47 and 1947-48?

(f) Were Indian-made soaps exported to foreign countries in the years 1947 and 1948 and if so, what was the quantity?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) to (c). A statement is laid on the table of the House.

(d) Yes, Sir.

(e) 245 and 517 tons respectively.

(f) Yes, Sir. 1,310 and 1,466 tons in 1947-48 and from April 1948 to October 1948 respectively.

#### STATEMENT

| Province                       | Installed Capacity (in tons.) | Production in 1948 (in tons) |               |                                    |
|--------------------------------|-------------------------------|------------------------------|---------------|------------------------------------|
|                                |                               | Organised factories          |               | Cottage and small scale factories. |
|                                | (Organised factories.)        | Washing soaps.               | Toilet soaps. | Washing soaps.                     |
| Bombay                         | 78,900                        | 19,444                       | 10,560        | 7,200                              |
| West Bengal                    | 37,060                        | 25,800                       | 3,000         | 2,000                              |
| United Provinces               | 11,850                        | 7,400                        | 1,570         | 10,000                             |

| Travancore                     | ..                            | ..                           | ..            | 600                                |
| TOTAL                          | 149,750                       | 67,484                       | 16,390        | 76,200                             |

**Shri R. K. Sidhva:** Is it a fact that there was a dearth of Indian made soap for want of caustic soda? As the supply of caustic soda is made freely may I know if all the soap factories are now self-sufficient?

**The Honourable Dr. Syama Prasad Mookerjee:** The honourable member is quite right; the position is now satisfactory.

**Shri H. V. Kamath:** With reference to part (d) of the question, what is the *per capita* requirement of soap and how is self-sufficiency to be determined in this matter?

**The Honourable Dr. Syama Prasad Mookerjee:** I do not think any statistics are kept. The more soap people can use the better for them.

**Shri H. V. Kamath:** Is it a fact that washing soap is used as toilet soap by the poorer classes of people in this country? If so, how can one determine their requirements of washing and toilet soaps?

**Mr. Speaker:** That is an argument.

**Shri T. T. Krishnamachari:** May I know what the policy of Government is in regard to the expansion of this industry? Are they now permitting new factories on a large scale to be put up. If so, how many will be put up in the near future?

**The Honourable Dr. Syama Prasad Mookerjee:** At present the production is more than sufficient for India's requirements, except for medicated soap which we do not manufacture and for which certain inquiries are now in progress. In fact the soap manufacturers wanted better facilities for export of soap to Pakistan, which also we have allowed.

**Shri T. T. Krishnamachari:** Is the Honourable Minister aware that a Danish concern is putting up a very big soap factory in Madras? Have Government given them permission for this?

**The Honourable Dr. Syama Prasad Mookerjee:** If any permission is wanted for capital issues the matter will be considered.

**Shri S. V. Krishnamoorthy Rao:** What are the steps that have been taken by Government to make the country self-sufficient in caustic soda?

**The Honourable Dr. Syama Prasad Mookerjee:** The production of caustic soda has increased now and we are arranging for increased production through the existing manufacturers like Tata's and others. And the position is now satisfactory.

**Shri S. V. Krishnamoorthy Rao:** In what period do Government expect to make the country entirely self-sufficient?

**The Honourable Dr. Syama Prasad Mookerjee:** In the course of the next two years we expect to get at least 25 per cent. more increase, and it will take at least five years or so to make it self-sufficient.

**Shri R. K. Sidhva:** May I know if the quantity of imported soap has been reduced since this improvement in our indigenous industry?

**The Honourable Dr. Syama Prasad Mookerjee:** As a matter of fact in 1948 the import of soap—household and laundry was only 4 tons, toilet soap, 1.9 tons and other sorts, 1.9 tons. In all only 4.2 tons were imported. This is in thousands.

**Shri Mahavir Tyagi:** Has not the free import policy of caustic soda adversely affected the manufacture of caustic soda in this country?

**The Honourable Dr. Syama Prasad Mookerjee:** No, it has not adversely affected the production; but, of course, so far as soda ash is concerned, there has been a large accumulation and import policy has been adjusted accordingly.

**Shri M. Tirumala Rao:** Is it the policy of Government to provide facilities for foreign firms to come and set up factories in this country with regard to soap?

**The Honourable Dr. Syama Prasad Mookerjee:** Not with regard to soap.

#### REVENUE FROM TRUNK TELEPHONE CALLS

\*1746. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Communications be pleased to state the total revenue from Trunk Telephone calls during the years 1946, 1947 and 1948?

(b) How much of this revenue is from the Government of India (each Ministry separately) and how much is from Provincial Governments?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) The amounts of trunk call revenue during the years, 1946-47, 1947-48 and April to December, 1948 are Rs. 239 lakhs, Rs. 224 lakhs and Rs. 205 lakhs respectively.

(b) Separate accounts are not maintained, Ministry by Ministry, and as such the information asked for is not available from the records of the Department. The Ministries of the Central Government and Provincial Governments have furnished approximate figures for amounts of expenditure on trunk calls during these years and two statements showing them are placed on the table of the House.

#### STATEMENT

(i) The amounts of expenditure incurred by each Ministry of the Government of India.

(Value in rupees).

| Name of Ministry                 | 1946     | 1947     | 1948                  | Remarks                                                    |
|----------------------------------|----------|----------|-----------------------|------------------------------------------------------------|
| 1. Information and Broad-Casting |          | 52,876   | 46,788                | 78,830                                                     |
| 2. Prime Minister's Secretariat  | Nil.     | Nil.     | *8,576                | *From 1st April 1948 this office came into existence.      |
| 3. E. A. and C. R.               | 6,677    | 13,388   | 15,998                |                                                            |
| 4. Finance                       | 48,792   | 58,255   | 6,002                 |                                                            |
| 5. Home                          | 19,337   | 28,688   | 18,950                |                                                            |

| 11. Coorg                                                | Nil.                  | Nil.                  | Nil.                  | There is no telephone system in Coorg.                                                                        |
| 12. Ajmer-Merwara                                        | Do.                   | Figures not supplied. | Figures not supplied. |                                                                                                               |

**Shri R. K. Sidhva:** May I know the reasons why a separate account for each Ministry is not kept?

**Shri Khurshed Lal:** The Telephone Department does not keep separate accounts for each Ministry. We collect our telephone bills and after that the tickets are destroyed.

**Shri R. K. Sidhva:** Since they send the bills to each Ministry every month an entry to that effect is made in the books. Otherwise how do they make the entries against the Ministry concerned if there is no separate account for each Ministry?

**Shri Khurshed Lal:** It is not the departmental practice to make accounts for each Ministry or department. The trunk call bills are destroyed six months after the bills are collected.

**Shri R. K. Sidhva:** May I know, Sir, to whom are the bills sent every six months? Do they not send open letters to each Ministry about the telephone bill?

**Mr. Speaker:** How does this arise? It is covered by the answer given. They send departmental bills to the various departments, but in posting the accounts they do not post their accounts Ministry-wise; and after six months the bills are destroyed.

**Shri R. K. Sidhva:** So the account is for each Ministry?

**Mr. Speaker:** No, no. The matter is very clear.

**Shri Khandubhai K. Desai:** What is the reduction in the revenue receipts for the last two years?

**Shri Khurshed Lal:** I do not see much reduction because in 1946-47 it was 239 lakhs; in 1947-48 it was 224 lakhs and 205 lakhs in 1948. Besides it must be remembered that there in 1947-48 the division of India took place and the figures for 1948 are only for nine months.

**Shri R. K. Sidhva:** What is the revenue from the public?

**Shri Khurshed Lal:** The public contribute approximately 81 per cent. of the trunk call revenue.

**Shri H. V. Kamath:** In any of these three years, did any of the bills remain unpaid, or were any written off as irrecoverable?

**Shri Khurshed Lal:** I would like to have notice of that question.

#### RECOMMENDATIONS OF PANEL ON SILK INDUSTRY

\*1747. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Industry and Supply be pleased to state what steps have been taken to implement the recommendations of the Panel on Silk Industry?

(b) What is the present area under mulberry cultivation and what is the target aimed at?

(c) What is the number of silk looms in India working on a cottage industry basis?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) to (c). A statement is laid on the table.

#### STATEMENT

(a) The most important recommendation of the Panel on Silk Industry is the setting up of a Central Silk Board, so constituted as to bring together the knowledge and interests of all Silk producing parts of the Country for the development of the Sericultural industry in India.

Necessary legislation to this effect has already been got through and it is expected that the Board will begin functioning very shortly.

The other recommendations of the Panel relate to the planning of the future expansion of the industry—firstly, by consolidating the present position and later, by increasing the acreage under mulberry cultivation and indigenous production of raw-silk. These suggestions will be considered by the Central Silk Board when it starts functioning and necessary measures taken to implement them.

(b) The area under mulberry cultivation is 1,20,000 acres and the target is 1,27,500 acres. These figures do not include Kashmir where the basis of calculation is the number of trees. The present number is 14,00,000 while the target to be attained is 20,00,000 trees in the next 5 years.

(c) There are about 1,50,000 handlooms working on silk on cottage industry basis.

**Shri V. C. Kesava Rao:** What is the area under mulberry cultivation, other than Mysore and Kashmir?

**The Honourable Dr. Syama Prasad Mookerjee:** So far as the total quantity is concerned, it has increased since 1945 from 16 lakhs to 30 lakhs pounds. The area is mentioned in the statement.

**Shri Mihir Lal Chattopadhyay:** Has the indigenous silk industry received a setback owing to the importation of silk from outside?

**The Honourable Dr. Syama Prasad Mookerjee:** The honourable member is aware that there has been a difference between the price of Indian silk and the price of imported silk. The whole matter has been investigated by the Tariff Board and their report is under examination by Government.

**Shri V. C. Kesava Rao:** May I know what assistance is proposed to be given for marketing silk goods made under the cottage industry basis?

**The Honourable Dr. Syama Prasad Mookerjee:** The Silk Board is meeting towards the end of this month and all these matters will be considered by the Board, and the recommendations of the Board will be examined by Government.

**Shri Mihir Lal Chattopadhyay:** Is it under the contemplation of Government to give protection to the indigenous silk industry?

**The Honourable Dr. Syama Prasad Mookerjee:** Protection is being given now, but unfortunately that protection is not adequate. What Government will do will depend on the results of the report of the Tariff Board. I am not in a position to make an announcement on that.

**Shri H. V. Kamath:** Is it a fact that in the preparation of *khadi* silk, the silk worm is not killed or subjected to a violent death as in the ordinary process?

**Mr. Speaker:** Order, order.

**Shri Arun Chandra Guha:** How far has the import of foreign silk and silk yarn affected the Indian cottage industry for silk?

**The Honourable Dr. Syama Prasad Mookerjee:** It has not affected adversely now. Of course, as I said, the difference in prices is certainly very large, and Government will have to consider taking some steps for giving protection.

**Shri Arun Chandra Guha:** How long will it be for Government to take these steps?

**The Honourable Dr. Syama Prasad Mookerjee:** It will be a fortnight since we received the report of the Tariff Board and it will probably take another fortnight for Government to come to a decision.

**Shri M. Tirumala Rao:** Has the importation of foreign artificial silk affected the indigenous silk industry?

**Mr. Speaker:** Order, order. This question has been put before.

**Shri Mihir Lal Chattopadhyay:** Is the import of silk allowed?

**The Honourable Dr. Syama Prasad Mookerjee:** It is but with a heavy import duty.

#### LOSS OF FOOD STUFFS.

\*1748. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Food be pleased to state whether the food stuffs lost due to bad storage during the last financial year are covered by insurance?

(b) If the answer to part (a) above be in the affirmative, what is the amount claimed and received?

**The Honourable Shri Jairamdas Doulatram:** (a) No.

(b) Does not arise.

#### DELIVERY OF AIR MAIL LETTERS AND TELEGRAMS BY MOTOR CYCLE MESSENGERS.

\*1749. **Shri V. C. Kesava Rao:** (a) Will the Honourable Minister of Communications be pleased to state whether it is proposed to employ motor cycle messengers for the delivery of air-mail letters and telegrams?

(b) In which of the cities is this system proposed to be introduced?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) Since all letters and postcards are being carried now by air over all air routes, and there is no longer a separate Air Mail as such, the question does not arise so far as delivery of air mail is concerned. In connection with delivery of telegrams, motor cycles are at present used at New Delhi, Nagpur, Calcutta and Madras for the conveyance by Despatch-riders from the Central Telegraph Offices to zonal delivery centres established in the town, wherefrom door-to-door delivery is effected by a separate set of telegraph messengers travelling on bicycles or on foot.

(b) The system of conveyance of telegrams described at (a) is proposed to be extended shortly to Bombay, Lucknow, Kanpur, Ahmedabad, Muzaffarpur, Cuttack and Ranchi.

**Shri R. K. Sidhva:** May I know whether, since this new system was introduced, letters have been delivered 24 hours later than what it used to be before this system was introduced?

**Mr. Speaker:** Order, order. The honourable member is giving information.

**Shri R. K. Sidhva:** May I know what is the position since this new system has been introduced about delivering letters?

**Shri Khurshed Lal:** The introduction of the new system was effected on 1st April. Involving as it did a complete change over from the old system of carrying mails, it did cause some confusion. But it is hoped things will settle down by the 15th of April.

**Shri H. V. Kamath:** Have reports reached the Deputy Minister that many ordinary telegrams, and sometimes even "express" telegrams, take longer to reach their destination than letters by air?

**Shri Khurshed Lal:** My information is that the delivery of telegrams has been considerably expedited.

**Shri M. Tirumala Rao:** Are Government satisfied that 95 per cent. of the mails carried over land before are being carried properly by airmail today?

**Shri Khurshed Lal:** There is no question of 95 per cent. of mails carried over land now being carried by air. As the Honourable Minister for Communications has stated, the number of letters which will be carried by air routes will be 25 per cent of the total mail in the country. All the letters where there are air routes will be carried by air, and as I said, it is hoped that by the 15th April arrangements will be complete.

**Shrimati G. Durgabai:** Is Government aware of the fact that the advantage gained by sending these letters early by airmail is lost by delivering them late by sticking to the old system?

**Shri Khurshed Lal:** I do not know how the advantage is lost. But if the honourable member will point out the difficulty to me I will try to remove it.

**Shri Deshbandhu Gupta:** Is it a fact that ever since the introduction of the new system, letters are being delivered which are not stamped at destination?

**Shri Khurshed Lal:** I do not know if that practice has already been adopted in Delhi. But it is the idea to avoid fixing delivery stamps on letters in important towns, because that causes delay.

**Shri Deshbandhu Gupta:** Is it realized that it is difficult for addressees to know the time that their letters were received at the place of destination?

**Mr. Speaker:** Order, order. The honourable member is arguing.

#### OUTPUT OF PAPER MILLS.

\*1750. **Seth Govind Das:** (a) Will the Honourable Minister of Industry and Supply be pleased to state how much paper has been imported into India during the year 1947-48 and from what countries it was imported?

(b) What is the expected output of Indian paper during 1948-49?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) 45 719 tons, mainly from the Scandinavian Countries, the United States of America, the United Kingdom, Newfoundland and Labrador, Czechoslovakia, France and Belgium.

(b) 97,655 tons.

† Answer to this question laid on the table, the questioner being absent.

## COMMUNICATIONS WITH ANDAMAN AND NICOBAR ISLANDS

\*1751. **Shri Brajeshwar Prasad:** (a) Will the Honourable Minister of Communications be pleased to state whether there is any aerodrome in Andaman and Nicobar Islands?

(b) If not, do Government propose to have one and if not, why not?

(c) Are these Islands connected with the rest of India by Telephone and Telegraph and if not, do Government propose to establish such connection?

(d) If so, when and if not, why not?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) and (b). There are two Aerodromes, one at Port Blair and the other at Car Nicobar—The Aerodrome at Port Blair is not in a serviceable condition; the other is useable—The question of restoring the Aerodrome at Port Blair to a serviceable condition is under consideration.

(c) and (d). The Islands are connected with the rest of India by wireless telegraph but not by telephone. No proposal for a telephone link is being considered as there has been no demand for it.

## ALLOWANCES TO EMPLOYEES OF TATA AIRCRAFT LTD., TITAGHAR (WEST BENGAL).

\*1752. **Shri Harihar Nath Shastri:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether it is a fact that he recommended to the Ministry of Finance to pay house rent and compensatory allowances to the employees of the Tata Aircraft Limited, Titaghar (West Bengal);

(b) If so, when was the recommendation made?

(c) Has the recommendation been accepted and if so, with effect from what date?

(d) If not, why not?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) to (d). It has since been decided to allow House Rent and Compensatory allowances to the employees of Tata Aircraft Ltd., Titaghar on the same basis as these allowances are being paid to Ishapore Ordnance Factory employees, and formal orders will be issued shortly.

## PRODUCTION, IMPORT AND EXPORT OF CLOTH.

\*1753. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Industry and Supply be pleased to state the estimated total quantity of cloth production in India in the year 1949-50, attributable to (i) textile mills and (ii) handloom industry?

(b) What is the estimated yardage of cloth to be imported in 1949-50?

(c) What was the total quantity of cloth produced in India and imported from foreign countries and consumed in India in the year 1948-49?

(d) How much cloth was exported to Pakistan in the year 1948-49 in exchange of cotton bales or otherwise, and how much is expected to be exported to Pakistan in the year 1949-50?

† Answer to this question laid on the table, the questioner being absent.

(e) What quantity of cloth was exported to other foreign countries in the year 1948-49 and is likely to be exported in 1949-50?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) to (e). A statement is laid on the table.

## STATEMENT

(a) In 1948-49 the mills produced about 4,310 million yards of cloth, while the handloom industry produced about 1,250 million yards. The production in 1949-50 is likely to be somewhat less, because of the shortage of cotton.

(b) In 1948-49 the quantity of cloth imported from abroad was about 42 million yards. There is no ceiling for the import of cloth from the Sterling areas. It is difficult to say what the total imports this year will be; but it is not very likely to exceed 50 million yards.

(c) Already answered *vide* (a) and (b).

(d) A quantity of 177.07 million yards of cotton piece-goods including 80.07 million yards of handloom cloth was exported to Pakistan during the period of 11 months ending February, 1949. Under the Inter Dominion Agreement a quota of 1,87,500 bales of cloth was due for supply by 31st March, 1949, and 1,12,500 bales during April-August, 1949.

(e) A total quantity of 173.60 million yards of cotton piece-goods was exported to foreign countries other than Pakistan during the period of 11 months ending February, 1949. As for 1949-50 the target is 500 million yards.

## MANUFACTURE OF SYNTHETIC DYE-STUFFS

\*1754. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether there are any factories here in India manufacturing synthetic dye-stuffs?

(b) If so, where are they situated and what is their annual out-put?

(c) What quantity of this material is annually imported from foreign countries and what is the price thereof?

(d) Have the Government of India any plans for encouraging the manufacture of this material in India?

(e) If so, what are the details of such a scheme, and when is it likely to materialise?

(f) By what time is India likely to be made self-sufficient in this industry?

(g) Are experts available for developing this industry in India?

(h) If not, have the Government of India any scheme in view to avail of foreign technical assistance and if so, from which countries and on what terms?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Yes, Sir.

(b) One, Messrs. Naranarayan Dye-stuff and Chemical Works Ltd., at Calcutta and the other, Messrs. Associated Research Laboratories at Bombay. The present production of these two will be about 22 tons only against their capacity of about 25 tons.

(c) 5,900 tons approximately at about Rs. 16,796 per ton.

(d) and (e). A scheme for the manufacture of dye-stuffs under the auspices of the Governments of West Bengal and Bihar and the Damodar Valley Corporation is under consideration. Tatas have a plan for production in co-operation with I.C.I. No final decision has so far been taken in the matter.

(f) It is not possible to predict by what time India is likely to be self-sufficient in dye-stuffs.

2238 CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE) [7TH APRIL 1949]

(g) Highly qualified experts are not at present available in India.

(h) The Government of India are negotiating with certain foreign firms regarding the feasibility of setting up the manufacture of certain dyes. Efforts are also being made to obtain technical assistance from Czechoslovakia, Italy and Switzerland. The terms on which foreign technical assistance will be available cannot be stated at this stage.

**Shri H. V. Kamath:** Is it not a fact that in pre-war days a major part of the dye-stuff imports came from Germany and if so, may I know what is the position today as regards imports of this commodity from Germany?

**The Honourable Dr. Syama Prasad Mookerjee:** We are not getting much from Germany now but we have some German experts here to advise us with regard to the possibility of establishing factories for dye-stuffs.

**Shri H. V. Kamath:** Where do the present imports come from?

**The Honourable Dr. Syama Prasad Mookerjee:** From the United Kingdom and some countries on the Continent. I am sorry I have not got the details.

**Shri S. V. Krishnamoorthy Rao:** What is the value of the import of dye-stuffs?

**The Honourable Dr. Syama Prasad Mookerjee:** It would be Rs. 16,796 (the cost per ton) multiplied by 5,900 (tons), which comes to roughly about eight crores of rupees.

**Shri M. Tirumala Rao:** Arising out of part (g) of the question in reply to which it was said that there are no experts available in India, are Government taking advantage of the large number of students that are being sent abroad on government scholarships for training? Have they trained any students in this dye-industry?

**The Honourable Dr. Syama Prasad Mookerjee:** If available that will be experts that is experts of the type who may help us in organising this industry in India. As I have already indicated this whole matter is now under our investigation.

**Shri H. V. Kamath:** In view of the fact that German dye-stuffs were regarded as the best in pre-war days, have any attempts been made by Government to obtain imports from Germany instead of from the United Kingdom?

**The Honourable Dr. Syama Prasad Mookerjee:** If available that will be considered but we are more anxious to see that a factory is established in India, so that we may not have to import large quantities.

**Shri B. P. Jhunjhunwala:** How do the dyes imported from foreign countries compare in quality with the dyes which used to be imported from Germany?

**The Honourable Dr. Syama Prasad Mookerjee:** I am afraid I cannot say what difference there is.

**Shri Mahavir Tyagi:** What are our trade relations with Germany May I know whether we are taking full advantage of their technical assistance?

**The Honourable Dr. Syama Prasad Mookerjee:** As the honourable member knows Germany is occupied and is under the control of various countries. Negotiations have to be made with various countries and that is being done.

**Shri Mihir Lal Chattopadhyay:** What is the target year by which it is expected that indigenous dye-stuffs will be manufactured in India?

**The Honourable Dr. Syama Prasad Mookerjee:** It is not possible for me to reply to that. I have already indicated that it is a costly affair and it will cost at least 20 crores.

**Shri Mahavir Tyagi:** Is it the policy of the Government to trade with those countries which were at war last time with the British Empire?

**Mr. Speaker:** It is too general a question.

#### ABOLITION OF ISTIMRARDARI AND JAGIRDARI SYSTEMS IN AJMER-MERWARA

\*1735. **Pandit Mukut Bihari Lal Bhargava:** (a) Will the Honourable Minister of Agriculture be pleased to state whether Government have received the report of the Sub-Committee appointed by the Advisory Council to the Chief Commissioner, Ajmer-Merwara, on the question of abolition of Istimrardari and Jagirdari systems in the Province of Ajmer-Merwara?

(b) If so, when and what action has been taken or is intended to be taken thereon?

**The Honourable Shri Jairamdas Doulatram:** (a) Not yet.

(b) Does not arise.

**Pandit Mukut Bihari Lal Bhargava:** May I know whether the Government has enquired of the Chief Commissioner when the sub-committee of the Advisory Council submitted this report and why it has not been forwarded to the Government of India so far?

**The Honourable Shri Jairamdas Doulatram:** Government have made enquiries of the Chief Commissioner who said that he would require about two months more, because he wanted to examine the report thoroughly in consultation with some of his officers.

**Pandit Mukut Bihari Lal Bhargava:** Was the information called for from the Chief Commissioner as to when the report was submitted by the Advisory Council to him?

**The Honourable Shri Jairamdas Doulatram:** Enquiry as to the date when the Advisory Committee submitted the report was not made. We were told that the report will be sent on to Government and we could expect it within two months.

**Shri R. K. Sidhya:** To what extent does the report of the sub-committee differ from the report of the select Committee of this House on the Istimrari system?

**The Honourable Shri Jairamdas Doulatram:** This report of the Advisory Committee deals with the question of the abolition of the system whereas the select committee reported with regard to the relationship between the tenants and the Istimrardars.

**Prof. Shibban Lal Saksena:** In view of the fact that the proposed tenancy legislation regarding Ajmer Merwara has been deferred till the next session, will the Government give any indication of their intention to promulgate some of the important provisions of the Bill by an ordinance?

**The Honourable Shri Jairamdas Doulatram:** That matter is under consideration.

**Prof. Shibban Lal Saksena:** By what time can we expect Government's decision in the matter?

**The Honourable Shri Jairamdas Doulatram:** I could not state the time; probably within two weeks' time.

**Shri Mohan Lal Gautam:** Is the Government aware that the relations between the zamindars and the tenants are getting from bad to worse every day?

**The Honourable Shri Jairamdas Doulatram:** Yes.

**Shri Mohan Lal Gautam:** What steps do Government propose to take to put an end to this state of affairs?

**The Honourable Shri Jairamdas Doulatram:** As I said, the question of issuing an ordinance dealing with this matter is under consideration.

**Shrimati G. Durgabai:** What bearing will this report of the sub-committee have on the report of the Select Committee on this question?

**Mr. Speaker:** Order, order. These are matters on record. The honourable member may compare the records.

**Shri Mahavir Tyagi:** Do the malguzardars pay any land revenue to the Government: if so, from when?

**The Honourable Shri Jairamdas Doulatram:** They pay some land revenue to the Government and I think it was fixed in 1878.

#### FOOD STUFFS LEFT BY U. S. A.

\*1756. **Shri Lakshminarayan Sahu:** (a) Will the Honourable Minister of Industry and Supply be pleased to state what was the value of foodstuffs left in India by the Government of U.S.A. for disposal?

(b) how much money has been realised for it and how much has been spent out of it in salaries of the staff and other incidental expenditure, both direct and indirect?

(c) Do Government propose to lay on the table of the House a balance sheet showing the income and expenditure, direct and indirect, from the very beginning?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Book value of Foodstuffs left in India by U.S.A. was Rs. 8.38 crores (approximately).

(b) and (c). The total sale value realised is about Rupees 3.45 crores. It is not possible to make a separate estimate of the expenditure involved on the custody and disposals of foodstuffs, because there was no separate organisation for foodstuffs.

**Shri R. K. Sidhva:** I do not want to put question No. 1757, Sir.

#### PACKAGES IN CENTRAL LOST PROPERTY OFFICE OF B. B. & C. I. RAILWAY

\*1758. **Shri R. K. Sidhva:** (a) Will the Honourable Minister of Railways be pleased to state what was the total number of packages in the Central Lost Property Office of the B., B. & C. I. Railway in Delhi as on 10th March, 1949?

(b) Is it a fact that there were several packages belonging to the Government of India and that no delivery was taken for months and if so, what are the reasons?

(c) Is it a fact that some of the Railways' own packages were lying undelivered for months?

**The Honourable Shri K. Santhanam:** (a) The total number of packages in the Central Lost Property Office of the B., B. and C. I. Railway in Delhi on the 10th March 1949 was 3,696.

(b) Yes, there were several packages belonging to the Government of India, which had remained on hand for some months. Some have since been delivered and action is being taken to deliver the others. The reason why the Government consignees did not apply for delivery have not been ascertained, but the responsibility of the railway staff who failed to take action to bring about delivery is being examined.

(c) Certain railway materials which had not been connected also remained undelivered for some months. Disposal has since been arranged.

**Shri R. K. Sidhva:** What were the articles of which delivery was not taken and for how many months?

**The Honourable Shri K. Santhanam:** Seven bales and eleven cases belonging to the Ministry of Relief and Rehabilitation and the Manager of Publications, Government of India, respectively. There were also twenty-seven tents and fifty boxes, nine unconnected and unclaimed, which appear to be military stores. The seven bales of old cloth belonging to the Ministry of Relief and Rehabilitation and eleven cases of goods for the Manager of Publications were brought to their notice. The question itself arose as a result of my visit to the Lost Property Office and my attempt to dispose of all these goods.

**Shri R. K. Sidhva:** Were these bales of piece goods which the Honourable Minister said contained woollen and cotton goods, meant for refugees, sent by philanthropic persons from Bombay? If that is so, what steps Government intend to take in order to take serious action in this matter against the persons concerned?

**The Honourable Shri K. Santhanam:** The Ministry of Relief and Rehabilitation was connected and the bales were delivered the very next day.

**Shri R. K. Sidhva:** What was the reason of the Relief and Rehabilitation Ministry for not taking delivery of the bales?

**The Honourable Shri K. Santhanam:** I have already stated in reply to part (b) that the responsibility of the railway officials who kept them undelivered is being examined.

**Shri R. K. Sidhva:** Were the railway receipts available to the Relief and Rehabilitation Ministry and were these receipts presented to the railway authorities and if so, why was not delivery given?

**The Honourable Shri K. Santhanam:** It is not the case that all these things came directly to Delhi. They were at various stations on the B. B. and C. I. Railway and from those stations they were sent to the Lost Property Office. If the railway receipts had been produced and the parcels claimed, the packages would have been delivered. There must be some fault somewhere, either due to the loss of the railway receipt or something else, which led to these goods not being claimed.

**Shri R. K. Sidhva:** Were there any packages belonging to the Railways themselves which were not taken delivery of for several months?

**Mr. Speaker:** That matter has been dealt with in the debates.

**The Honourable Shri K. Santhanam:** On the B.B. and C.I. Railway 241 iron sleepers, 17 pairs of metre gauge wheels, one tablet box and four springs all of which are railway stores were lying unconnected. Strict rules have now been issued that none of such things should be sent to the Lost Property Office.

**Shri H. V. Kamath:** Have any complaints reached the Honourable Minister that at times the goods or packages deposited in the Lost Property Office are not delivered to claimants but are lost for ever?

**The Honourable Shri K. Santhanam:** No, Sir. Every attempt is made to get in touch with the people who either send them or who are the consignees and it is only when these efforts fail that they are auctioned.

**Shri M. Tirumala Rao:** Is there a system of local delivery of parcels in practice in Delhi as there is in Madras and other cities?

**The Honourable Shri K. Santhanam:** Yes, it has recently been instituted.

**Shri R. K. Sidhva:** May I know who were the consignors of those railway materials which were not taken delivery of and whether payment was made before delivery was taken?

**The Honourable Shri K. Santhanam:** I am afraid I have no information on that point.

**Shri R. K. Sidhva:** Will the Honourable Minister make an enquiry and inform the House whether payment was made before delivery was taken?

**The Honourable Shri K. Santhanam:** I can make an enquiry.

#### SHORTAGE OF RAW COTTON

\*1759. **Dr. Mono Mohan Das:** (a) Will the Honourable Minister of Industry and Supply be pleased to state what are the causes for the present shortage of raw cotton in the country?

(b) Have Government approached the United States of America Import Export Bank for a loan to purchase cotton from the United States of America?

(c) What steps have been taken by Government to meet this shortage?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) The present shortage of raw cotton is attributed to the following causes:

(i) A substantial portion of the areas growing cotton of desirable varieties (long and medium staple) are now included in Pakistan.

(ii) Under the 'Grow More Food Campaign' many areas originally under cotton cultivation were diverted to food crop.

(b) No, Sir.

(c) (i) Efforts have been made to import foreign cotton from East Africa, Egypt, Sudan and Pakistan.

(ii) The Government of India are also taking steps to increase the present acreage by bringing back to cultivation those lands which had gone out of cotton cultivation but were diverted to non-food crops as also those lands lying fallow.

(iii) Restrictions have been placed on exports of cotton except for hard currency areas for which only short staple cotton can be exported.

(iv) Under the Inter-Dominion Agreement Pakistan has agreed to supply to the Indian Dominion 6.5 lakh bales of cotton.

**Dr. Mono Mohan Das:** Is it a fact that some of the mills had to close down actually for want of cotton?

**The Honourable Dr. Syama Prasad Mookerjee:** That stage has not yet actually been reached but the cotton position is certainly serious.

**Dr. Mono Mohan Das:** What is the prospect during the current year—will the production increase or decrease?

**The Honourable Dr. Syama Prasad Mookerjee:** So far as the current year is concerned the present reports indicate that while the anticipated production was about 27 lakhs we will get about 23.5 lakhs.

**Shri Deshbandhu Gupta:** Is it a fact that the price is fixed by Government for the purchase of cotton but cotton is not available at that price and factories are forced to buy in black market at a much higher price?

**The Honourable Dr. Syama Prasad Mookerjee:** There is no question of forcing them to buy. But of course *kapas* is not controlled and many mills have purchased *kapas* at prices which will be higher in relation to the prices fixed for cotton by Government.

**Prof. N. G. Ranga:** Is the import price of cotton higher than the local price?

**The Honourable Dr. Syama Prasad Mookerjee:** Undoubtedly the price of the imported cotton is higher than that of Indian cotton.

**Prof. N. G. Ranga:** How is it that Government have fixed a lower price for the cotton produced here resulting in lower production while they are paying a much higher price for the imported cotton?

**The Honourable Dr. Syama Prasad Mookerjee:** That depends on the varieties of cotton in the first place, and secondly on the cost of production in India. There are many articles in respect of which we are paying more and importing them from outside at higher price as for example steel.

**Shri R. K. Sidhva:** May I know whether Government has purchased any cotton from Egypt during this period?

**The Honourable Dr. Syama Prasad Mookerjee:** Yes, we have purchased from Egypt 200,000 bales.

**Shri R. K. Sidhva:** What is the rate compared with U.S.A.?

**The Honourable Dr. Syama Prasad Mookerjee:** The rates are pretty high—about Rs. 900 to Rs. 1,100.

**Shri Khandubhai K. Desai:** Was the situation accentuated by the export of about 7 lakhs of bales in 1947?

**The Honourable Dr. Syama Prasad Mookerjee:** In 1947 we exported about 10 lakhs bales—not 7 lakhs—but of course the policy was changed and during 1948-49 we do not expect to export more than about 2 lakhs bales of varieties not needed by Indian mills. This year even this is being restricted.

**Shri Upendranath Barman:** What is the acreage of cotton which has been diverted to food crops, in which area, and to what food crops?

**The Honourable Dr. Syama Prasad Mookerjee:** I have not got the information here, but so far as my memory goes it is 5 lakhs acres.

**Srijut Kuladhar Chaliha:** Have Government taken any steps to improve cotton growing in Garo Hills in Assam?

**The Honourable Dr. Syama Prasad Mookerjee:** I cannot say exactly about Garo Hills but I am in touch with the various Provinces and I have called a Conference—the Agriculture Minister and myself—which is meeting in Delhi next week where all these questions will be considered.

**Shri Arun Chandra Guha:** Have the Government selected any particular areas or regions within the Indian Union for increasing the cultivation of cotton and if so what are those areas?

**The Honourable Dr. Syama Prasad Mookerjee:** We have not selected any particular areas, but the areas are known. As I have indicated in my reply the areas which can be brought under cotton cultivation to increase the present acreage is under consideration in consultation with the Indian Central Cotton Committee and the Provincial Governments.

**Shri Arun Chandra Guha:** What are those areas which can be profitably used for the cultivation of cotton?

**The Honourable Dr. Syama Prasad Mookerjee:** You mean what are the Provinces? C.P. and Berar is one of the biggest areas.

**Shri Arun Chandra Guha:** None in West Bengal and Assam?

**Mr. Speaker:** Mr. Tyagi:

**Shri Mahavir Tyagi:** Have Government examined the possibility of meeting the shortage of cotton by encouraging the mass production of silk in the villages as village industries?

**The Honourable Dr. Syama Prasad Mookerjee:** The honourable member knows that the cost of silk produced in India is much higher and I do not think there will be any buyers for the silk produced among the masses.

**Dr. P. S. Deshmukh:** What is the exact price at which Pakistan cotton is going to be imported?

**The Honourable Dr. Syama Prasad Mookerjee:** Pakistan does not control cotton and the price varies between Rs. 700 and Rs. 900 plus the duty which we have to pay.

**Dr. P. S. Deshmukh:** Has Government any scheme to assist cotton growers to grow it better and on a larger scale?

**The Honourable Dr. Syama Prasad Mookerjee:** One possibility will be the fixation of reasonable prices which will be related to the food prices, and that is the matter which we are going to discuss next week here.

**Srijut Rohini Kumar Chaudhuri:** Is it a fact that the export of cotton from Garo Hills, which used to produce a large quantity, has been stopped since after partition owing to difficulties of transport through Pakistan?

**The Honourable Dr. Syama Prasad Mookerjee:** You mean export outside India?

**Srijut Rohini Kumar Chaudhuri:** No, from that part to the rest of India.

**The Honourable Dr. Syama Prasad Mookerjee:** I have no information that cotton which is available in Assam is not coming on account of transport difficulties.

#### POST OFFICES IN VILLAGES HAVING POPULATION OF 2,000 OR MORE

**\*1760. Lala Achint Ram:** Will the Honourable Minister of Communications be pleased to refer to the answer to starred question No. 1179, asked on 18th March, 1949, regarding the opening of village post offices and state:

- the number of villages or towns having a population of 2,000 or more;
- the number of such places having Branch Post Offices; and
- the number of villages in the country having daily, biweekly, weekly or fortnightly mail service respectively?

**Shri Khurshed Lal (Deputy Minister of Communications):** (a) 16,252.

(b) 10,818 Branch Post Offices.

(c) The information is not readily available and it is felt that the labour and expense involved in its compilation will not be worthwhile.

#### COMPLAINTS TO DELIVERY OF LETTERS AND MONEY ORDERS

**\*1761. Lala Achint Ram:** Will the Honourable Minister of Communications be pleased to state the number of complaints received by or cases come to the notice of the department per month during the period from January to December, 1948 regarding (i) wrong delivery of letters; (ii) late delivery of mails; (iii) late delivery of money orders and (iv) non-delivery of money orders?

**Shri Khurshed Lal (Deputy Minister of Communications):** A statement containing the required information as far as available is laid on the table of the House.

#### STATEMENT

Number of complaints received in the year 1948 per month regarding (i) wrong delivery of letters (ii) late delivery of mails (iii) late delivery of money orders and (iv) Non-delivery of money orders.

| Month     | Wrong delivery of letters | Late delivery of mails | Late delivery of money orders | Non-delivery of money orders |
|-----------|---------------------------|------------------------|-------------------------------|------------------------------|
| January   | 291                       | 1,438                  | 3,203                         | 8,631                        |
| February  | 302                       | 1,323                  | 2,785                         | 7,384                        |
| March     | 364                       | 3,239                  | 3,348                         | 7,884                        |
| April     | 395                       | 2,062                  | 3,629                         | 9,700                        |
| May       | 402                       | 2,049                  | 3,537                         | 7,735                        |
| June      | 411                       | 1,856                  | 3,364                         | 12,610                       |
| July      | 481                       | 1,897                  | 3,380                         | 10,414                       |
| August    | 502                       | 1,888                  | 4,458                         | 11,166                       |
| September | 593                       | 2,018                  | 4,353                         | 10,676                       |
| October   | 402                       | 1,793                  | 3,401                         | 9,431                        |
| November  | 412                       | 1,876                  | 3,490                         | 9,932                        |

**Shri Mahavir Tyagi:** What happens to the money in respect of money orders which are not delivered?

**Shri Khurshed Lal:** We try to send it back to the remitters.

**Dr. P. S. Deshmukh:** What is the income derived by Government in recent years on account of money orders not being delivered at all?

**Shri Khurshed Lal:** I would require notice of that question.

**Srijut Rohini Kumar Chaudhuri:** After the introduction of the new system are the money orders now carried by air?

**Shri Khurshed Lal:** No.

**Prof. N. G. Ranga:** Why not?

**Mr. Speaker:** Order, order.

**Srijut Rohini Kumar Chaudhuri:** Even if surcharge is paid?

**Mr. Speaker:** There is no question of surcharge now.

#### DANGER TO RAILWAY LINE BETWEEN HALDIBARI AND MANDALGHAT STATIONS IN RAINY SEASON

**\*1762. Shri Upendranath Barman:** (a) Will the Honourable Minister of Railways be pleased to refer to the reply to starred question No. 855, asked on the 31st March, 1949 regarding the precautions against the railway line between Haldibari and Mandalghat stations being breached in rainy season and state whether the Director General of Railways, Pakistan has furnished the information asked for?

(b) Is it a fact that the Honorary Secretary, Indian Tea Planters Association, had communicated the danger to the Railway to the Government of West Bengal?

(c) Has the Government of West Bengal informed the Ministry of Railways about the same?

(d) Do Government propose to enquire into the matter irrespective of any information received from Pakistan?

**The Honourable Shri N. Gopaldaswami Ayyangar:** (a) The Director-General of Railways (Pakistan) has since advised that the Eastern Bengal Railway do not apprehend any immediate threat to the Railway line between Haldibari and Mandalghat and that they are investigating whether the Teesta channel is likely to cause any damage to the Railway line in the near future. A further report is awaited.

(b) Yes.

(c) Yes.

(d) It will not be correct for this Government to make an independent enquiry at this stage. It is for the working Railway in Pakistan to make necessary enquiries and take adequate steps to prevent damage to the Railway line.

**Shri Upendranath Barman:** Is it stipulated, according to the working arrangement with Pakistan, that if any damage is done to our railway even by the introduction of new elements, still they will be responsible to maintain the Section?

**The Honourable Shri N. Gopaldaswami Ayyangar:** They are under an obligation to maintain the line in proper order and I think even in the case of a question like the strengthening of a bridge they have obligations in the matter under the agreement.

#### PRICE OF NEWSPRINT

**\*1763. Dr. P. S. Deshmukh:** (a) Will the Honourable Minister of Industry and Supply be pleased to state what is the world market price of newsprint based on New York prices?

(b) What is the price obtaining in India per ton?

(c) What steps do Government propose to take to bring the Indian prices in line with the world market price?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) It is about £28 per ton in New York.

(b) The contract price of newsprint imported from Canada, U.S.A. and Newfoundland is about \$44 per ton c.i.f. and that from Scandinavia and other countries of Europe ranges from \$50 to £60 per ton c.i.f. Indian port. Accordingly two sets of ceiling retail prices of newsprint have been fixed—one for European and the other for non-European newsprint. The ceiling price for European newsprint is fixed at 7½ annas per lb. or £78½ per long ton and that for non-European is fixed at 6 annas per lb. or £63 per long ton. At present the newsprint is actually selling at below the ceiling price.

(c) As India has to depend for more than two-thirds of her requirements of newsprint on Scandinavian and other European countries where the prices are higher than those obtaining in Canada and U.S.A., it is difficult to bring the Indian prices in line with the world price based on the New York price. The question of revision of the existing ceiling retail prices in India with a view to lowering them, if possible, is being examined by Government.

**Dr. P. S. Deshmukh:** Is the Honourable Minister aware that the U.S.A. has purchased the whole produce of newsprint from Canada?

**The Honourable Dr. Syama Prasad Mookerjee:** Government have no information.

**Shri H. V. Kamath:** What steps, Sir, have so far been taken or are being taken to promote the manufacture of newsprint in India itself?

**The Honourable Dr. Syama Prasad Mookerjee:** A factory is being established in the C.P. which will produce about 80,000 tons per year.

**Shri Deshbandhu Gupta:** Is it a fact that this year the imports from Canada have been cut down and the newspapers are required to pay a higher price as they have to import Scandinavian newsprint?

**The Honourable Dr. Syama Prasad Mookerjee:** On account of dollar difficulties, my Honourable colleague the Finance Minister has had to impose a cut.

**Shri H. V. Kamath:** Is there a proposal to start more factories to manufacture newsprint or is Government content with one factory in C.P.?

**The Honourable Dr. Syama Prasad Mookerjee:** Government will not start any factory, but the question of having more factories will be explored after we have seen how this one will work.

#### CO-ORDINATION BETWEEN STATE RAILWAYS AND GOVERNMENT RAILWAYS

**\*1764. Shri Sita Ram S. Jajoo:** (a) Will the Honourable Minister of Railways be pleased to state whether Government contemplate to co-ordinate the administrations of the Indian States Railways with that of the Government of India Railways, so that the whole Railway system of the country is brought on a uniform basis?

(b) If so, what steps have so far been taken in this direction?

**The Honourable Shri N. Gopaldaswami Ayyangar:** (a) and (b). This question is a part of the larger question of the fitting of States and Unions of States into the Union of India and their constitutional relations and financial integration with the latter. The whole matter is under examination by a Committee on the receipt of whose recommendations Government will take their decision.

**Shri Sita Ram S. Jajoo:** By what time do Government expect to receive the recommendations of the Committee?

**The Honourable Shri N. Gopaldaswami Ayyangar:** By the end of May, I have been informed.

#### CLAIMS PENDING IN DELHI AND FERROZEPUR RAILWAY DIVISIONS

**\*1765. Ch. Ranbir Singh:** Will the Honourable Minister of Railways be pleased to lay on the table of the House a statement showing:

(i) the number of claims pending for disposal in Delhi and Ferozepur Divisions as on the 15th August, 1947, 31st December, 1947, 31st December, 1948 and 31st March, 1949 in each Division;

(ii) the number of cases during those periods recommended to the Assistant Commercial Officer (Litigation) by the Divisions for compromise;

(iii) the result of those compromise cases in the Courts; and

(iv) the cost (showing Counsel's fee separately) in each of those compromise cases?

**The Honourable Shri K. Santhanam:** A statement showing the information required by the honourable member is placed on the table of the House as desired.

† Answer to this question laid on the table, the questioner being absent.

## STATEMENT

Claims statistics on the E. P. Railway from 15th August, 1947 to 31st March, 1949

| Date               | Number of claims cases including court cases pending disposal | Number of court cases included in 2 |
|--------------------|---------------------------------------------------------------|-------------------------------------|
| (1)                | (2)                                                           | (3)                                 |
| 15th August 1948   | 10,098                                                        | 330                                 |
| 31st December 1947 | 11,383                                                        | 559                                 |
| 31st December 1948 | 14,675                                                        | 1,319                               |
| 31st March 1949    | 8,408                                                         | 1,426                               |

## NOTE.—

(i) Claims statistics are not maintained Division-wise but for the railway as a whole, and therefore, the total figures have been shown.

(ii) There is a Law Officer (not Assistant Commercial Officer, Litigation), on the E. P. Railway to advise on legal points, and to represent the railway in law courts whenever possible, 260 cases were recommended for compromise to the Law Officer by the Commercial Officers dealing with claims cases, during the period 15th August, 1947 to 31st March, 1949.

(iii) The result of the cases recommended for 'compromise' is as under :—

|                                                                 |     |
|-----------------------------------------------------------------|-----|
| Total number of cases compromised                               | 58  |
| Total number of cases contested and dismissed                   | 50  |
| Total number of cases contested and decreed against the railway | 29  |
| Number of cases pending in court                                | 126 |

(iv) Thirty-five of the compromised cases were compromised with the assistance of practising lawyers. The cost, including Counsel's fee shown separately, is given below :—

| Station    | Compromise cases handed over to lawyers | Total cost including counsel's fee | Lawyer's fee paid or payable |                                                    |
|------------|-----------------------------------------|------------------------------------|------------------------------|----------------------------------------------------|
| (1)        | (2)                                     | (3)                                | (4)                          |                                                    |
|            |                                         | Rs. A. P.                          | Rs. A. P.                    |                                                    |
| Simla      | 5—SML/48                                | 26 0 0                             | 20 0 0                       | According to the schedule fixed by the High Court. |
|            | 1—SML/49                                | 12 4 0                             | 11 4 0                       | Do.                                                |
| Delhi      | 194—DLI/48                              | 432 8 0                            | 430 8 0                      | Do.                                                |
|            | 303—DLI/48                              | 24 12 0                            | 23 12 0                      | Do.                                                |
|            | 307—DLI/48                              | 28 12 0                            | 27 12 0                      | Do.                                                |

## LITIGATION BRANCH OF E. P. RAILWAY

\*1766. Ch. Ranbir Singh: Will the Honourable Minister of Railways be pleased to state:

(a) the number of officers, Inspectors and staff employed in the Litigation Branch of the Eastern Punjab Railway as on the 15th August, 1947, 1st April, 1948 and 31st March, 1949 together with the reasons for the increase, if any;

(b) the number of legal practitioners employed during the period from the 15th August, 1947 to the 31st March, 1949 together with (i) the number of cases dealt with by each legal practitioner, (ii) the amount paid as fee to that practitioner in each case and (iii) the amount in dispute; and

(c) the expenditure of the Litigation Branch of the Ferozepur and Delhi divisions before and after the partition to date together with the average number of cases dealt with in a year in those divisions before the partition for a period of three years and the reasons for any increase or decrease in expenditure?

The Honourable Shri N. Gopalaswami Ayyangar: (a) A statement containing the information is placed on the table of the House.

(b) The information is being collected and a statement will be placed on the table of the House in due course.

(c) There was and is, no litigation branch in Delhi and Ferozepur divisions. Before the partition the litigation work of the whole of the N.W. Railway was directed from Lahore and after the partition it is directed from the headquarters of the E.P. Railway at Delhi. Statistics for the prepartition period were maintained in Lahore and are not now available. For the post-partition period, the expenditure on the litigation branch of the E.P. Railway, which consists of the Ferozepur and Delhi divisions only, is:

From 15th August, 1947 to 31st March, 1948—16,070.

From 1st April, 1948 to 31st March, 1949—62,990.

†Answer to this question laid on the table, the questioner being absent.

## STATEMENT

The number of officers, Inspectors and staff employed in the Litigation Branch of the Eastern Punjab Railway on 15th August 1947, 1st April 1948 and 31st March 1949, is as under :—

|                              | 15th<br>August<br>1947 | 1st<br>April<br>1948 | 31st<br>March<br>1949 |
|------------------------------|------------------------|----------------------|-----------------------|
| Officers                     | 1                      | 1                    | 1                     |
| Litigation Inspectors        | 1                      | 1                    | 2                     |
| Asstt. Litigation Inspectors | 2                      | 2                    | 5                     |
| Clerks including Head Clerk  | 4                      | 4                    | 12                    |

The increase in the strength of the staff was necessitated by the increase in the number of cases in Courts on the E. P. Railway as shown below :—

|                                                        | 15th<br>August<br>1947 | 1st<br>March<br>1948 | 31st<br>March<br>1949 |
|--------------------------------------------------------|------------------------|----------------------|-----------------------|
| Number of cases pending in courts on E. P. R.          | 330                    | 681                  | 1,426                 |
| Number of cases pending in courts on foreign Railways. | 392                    | 934                  | 2,406                 |
| TOTAL                                                  | 723                    | 1,615                | 3,832                 |

## ESTABLISHMENT OF SALT INDUSTRY IN BHARATPUR

\*1767. **Shri Raj Bahadur:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether Government are aware that the territory formerly comprising the state of Bharatpur has enormous potentiality and scope for establishing salt industry on a major scale, and that there used to be an extremely thriving salt industry there before the British suppressed it?

(b) If so, do Government propose to consider the advisability of taking steps to revive the industry?

(c) Is there any ban or restriction existing on the manufacture of salt in Bharatpur by private enterprise?

(d) If so, do Government propose to remove the ban or restriction in order to encourage the revival of the industry?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Certain areas in Bharatpur State are reported to have large potentialities for manufacture of salt. This area actually produced about twelve lakh maunds per year till 1979, when manufacture was discontinued in accordance with an agreement concluded with the then Maharaja of Bharatpur, in consideration of an annual payment by the Government of India.

(b) Government are already examining this question.

(c) Yes, in accordance with the old agreement on large scale manufacture but there is complete freedom on small scale manufacture in areas not exceeding 10 acres.

(d) Yes, the question of cancelling this agreement is under consideration of Government of India.

**Shri Raj Bahadur:** Do Government propose to consider applications for the manufacture of salt on a large scale by private enterprise?

**The Honourable Dr. Syama Prasad Mookerjee:** We will be prepared to consider this after the agreement has been cancelled.

## MANUFACTURE OF SHOES, RAZORS AND PIERCING SAWS

\*1768. **Shri Raj Bahadur:** (a) Will the Honourable Minister of Industry and Supply be pleased to state the present state and the total output of and the number of persons employed in the following industries: (i) shoe-making industry; (ii) razor-making industry; and (iii) piercing-saw-making industry?

(b) Are Government aware that these industries have received a set back on account of import of these goods from foreign countries?

(c) What is the total value of import of shoes, razors and piercing saws from foreign countries?

(d) Do Government propose to consider the advisability of affording adequate protection to these industries in the country?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) and (c). Two statements are laid on the table of the House.

(b) Government have no such information.

(d) No such request has been received.

## STATEMENT I

|                                  | Present state<br>of the<br>industry           | Total output<br>in 1948    | No. of persons<br>employed in<br>1948 |
|----------------------------------|-----------------------------------------------|----------------------------|---------------------------------------|
| Shoe-making<br>industry          | There are about<br>9 mechanised<br>units      | About 6,128,000<br>pairs   | No statistics<br>available            |
| Razor-making<br>industry         | Not manufactured<br>in an organised<br>manner | No statistics<br>available | Do.                                   |
| Piercing saw-<br>making industry | Do.                                           | Do.                        | Do.                                   |

\*Under the Zonal Scheme some portion of Rajputana has come under S. Nos. 7 and 8 and the rest under S. No. 11.

16 Sambhar Zone Areas\*

\*These wagons were despatched to the areas in the Sambhar Zone, which could not be fed from Sambhar due to transport difficulties during the Congress Session at Jaipur.

170  
Grand Total 3,050

Note:—One B. G. Wagon contains 550 maunds of Salt.

## ZONAL SYSTEM FOR DISTRIBUTION OF SALT

\*1772. **Seth Govind Das:** Will the Honourable Minister of Industry and Supply be pleased to state whether the provinces have been consulted prior to the preparation of the new zonal system for the distribution of salt?

**The Honourable Dr. Syama Prasad Mookerjee:** Yes.

## SUPPLY OF SALT FROM KHARAGODA

\*1773. **Seth Govind Das:** (a) Will the Honourable Minister of Industry and Supply be pleased to state whether Kharagoda salt is being supplied on private orders also in addition to Government orders?

(b) If so, how many wagons have been supplied on Government orders and how many on private orders?

(c) Are private orders held in abeyance until Government orders are complied with?

**The Honourable Dr. Syama Prasad Mookerjee:** (a) Yes.

(b) During the past six months, 80 wagons were supplied to the Government of Jammu and Kashmir and 2 wagons to the Ministry of Defence, Government of India and 2,334 wagons to private dealers approved by the Provincial Governments or the States.

(c) There was no occasion to hold in abeyance any supply to approved private dealers to meet Government demands.

## SUPPLY OF BOMBAY SALT TO JUBBULPORE AND U. P.

\*1774. **Seth Govind Das:** Will the Honourable Minister of Industry and Supply be pleased to state whether it is a fact that Bombay salt is now to be supplied to the Jubbulpore District where Kharagoda salt was hitherto being consumed and Kharagoda salt will be supplied to the seven districts of the United Provinces, where salt from Bombay and other sources was being consumed so far?

**The Honourable Dr. Syama Prasad Mookerjee:** Yes. The matter is being re-examined.

## CIVIL AERODROMES IN ASSAM

\*1775. **Shri G. S. Guha:** (a) Will the Honourable Minister of Communications be pleased to state in what places in Assam and the adjoining States there are aerodromes for civil use?

(b) Are there any aerodromes under construction in Assam and if so, when are they expected to be completed?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) In Assam and the adjoining States, there are civil aerodromes at Agartala, Gauhati, Tezpur, Jorhat, Dibrugarh, Manipur Road, Kumbhirgram and Tuliha.

(b) No new aerodromes are under construction in Assam. The aerodrome at Gauhati is however being further developed and the construction of a new runway, hangar, office and residential buildings is in progress. It is expected that these works will be completed within a period of two years. The other existing Aerodromes will also be developed progressively in keeping with the demand from air transport operators and the availability of funds.

**Shri G. S. Guha:** Are arrangements being made at the Gauhati aerodrome for night landing facilities?

† Answer to this question laid on the table, the questioner being absent.

## STANDARD QUESTIONS AND ANSWERS

**Shri Khurshed Lal:** I do not know. As far as I know no arrangements exist.

**Shri G. S. Guha:** Do these facilities exist at any other aerodrome in Assam?

**Shri Khurshed Lal:** Not that I am aware of.

**Shrijiut Kuladhar Ohaliha:** May I know whether the aerodromes at Jorhat, Mohanbari and other places are being repaired properly and kept in condition?

**Shri Khurshed Lal:** During the war a large number of aerodromes were constructed by the Army in Assam. All of them are not in use now. The ones which I have mentioned are being kept in proper condition; others are not.

**Srijut Robini Kumar Chaudhuri:** Is it a fact that a large number of aeroplanes fly between Gauhati and other places and that on account of there being no proper air field the planes have sometimes to come back without landing in that place? What arrangements are being made to remedy this?

**Shri Khurshed Lal:** We are maintaining these aerodromes. If any planes are now flying to any aerodromes which were built by the military and which are now in disuse, I would like to have information of that and I will see what can be done.

## FLIGHT OF CIVIL AEROPLANES BETWEEN CALCUTTA, AGARTALA AND GAUHATI OVER PAKISTAN TERRITORY

\*1776. **Shri G. S. Guha:** (a) Will the Honourable Minister of Communications be pleased to state whether any agreement has been arrived at with Pakistan regarding direct flight of Indian civil aeroplanes between (i) Calcutta and Agartala, and (ii) Calcutta and Gauhati?

(b) How many scheduled air services are going to be licensed to fly between Calcutta and Assam, and from when?

(c) Is it proposed to connect any of the frontier tracts of Assam with Gauhati by air in future?

**Shri Khurshed Lal** (Deputy Minister of Communications): (a) Under the International Air Services Transit Agreement to which both India and Pakistan are parties, Indian airlines can operate between Calcutta and Agartala and Calcutta-Gauhati over Pakistan territory. Beyond notifying Pakistan Government, no fresh agreement with them is necessary for this purpose.

(b) A scheduled air service on the Calcutta-Baghdogra, Gauhati-Mohanbari route is at present in operation between Calcutta and Assam under the authority of a provisional licence granted by the Air Transport Licensing Board. Applications for the grant of long term licences for the operation of services on other routes between Calcutta and Assam are at present under the consideration of the Board.

(c) Gauhati is already connected by air with Dibrugarh. The question of providing connections between Gauhati and other points in the frontier tracts of Assam will be considered if there is adequate traffic demand for them.

**Shri Upendranath Barman:** Is the Government contemplating any connection between Delhi and Gauhati without flying over Pakistan?

**Shri Khurshed Lal:** There is under active consideration a proposal to have a daily service from Delhi to Assam via Patna.

## CONSTRUCTION OF A MAJOR PORT AT KANDLA

\*1777. **Shri G. S. Guha:** (a) Will the Honourable Minister of Transport be pleased to state whether the construction of a major port at Kandla has been finally decided?

(b) Have Government considered the desirability of establishing a west coast major port at a greater distance from the frontier?

(c) Do Government propose to improve and develop the minor sea-ports in the west and east coasts of the country?

(d) Is there any proposal of constructing a minor sea port at Digha in West Bengal?

**The Honourable Shri K. Santhanam:** (a) Yes.

(b) Yes. Due consideration was given to that aspect before selecting Kandla as the site for a major port on the West Coast.

(c) The improvement of minor ports is a matter for the Provincial Governments. The Ports (Technical) Committee appointed by the Government of India in 1946, was, however, asked to report on steps necessary to develop minor ports in order to meet probable demands of coastal shipping traffic. The Committee approved of certain schemes of development of minor ports under the consideration of the Provincial or State Governments concerned. The Government of India agreed with the recommendations of the Committee in the matter, and commended them to the Governments concerned. The West Coast Major Ports Development Committee also made certain recommendations regarding minor ports on the Kathiawar Coast and these recommendations were accepted by the Government of India and commended to the Saurashtra Government for necessary action. The West Coast Major Port Development Committee has also been asked *inter-alia* to report on the improvements necessary in communications to the existing ports between Mormugao and Cochin and on the other measures for the development of or provision of additional facilities in these ports, and their report in the matter is awaited.

(d) The Government of India have no information.

**Shri B. K. Sidhva:** May I know at what stage the preparation of estimate and survey is at present in regard to the Kundla port?

**The Honourable Shri K. Santhanam:** The survey I understand is nearing completion.

**Shri B. K. Sidhva:** And the estimate? May I know whether the estimate has been prepared and, if so, what will be the cost?

**The Honourable Shri K. Santhanam:** It is only after the survey report comes to us, we shall know the estimates.

**Shri B. K. Sidhva:** May I know besides the survey of the port whether any survey of railway connection between Kundla and Ahmedabad and Kundla and Delhi has also been taken in hand and if so with what result?

**The Honourable Shri K. Santhanam:** Yes, Sir. Railway surveys are also nearing completion.

**Shri B. K. Sidhva:** When are they likely to be completed?

**The Honourable Shri K. Santhanam:** In a short time. I cannot give the exact date.

**Prof. N. G. Ranga:** What are the minor ports on the east coast, whose development is contemplated?

**The Honourable Shri K. Santhanam:** As I have answered, the Government of India do not contemplate the development of any minor ports by themselves. They have commended development of certain ports as recommended by the Ports (Technical) Committee to the Provincial Governments and it depends upon the provincial and State Governments as to which ports are to be developed and how far.

**Prof. N. G. Ranga:** Is there any financial arrangement between the Central and the provincial governments with regard to the development of these minor ports, or is it completely the responsibility of the provincial governments?

**The Honourable Shri K. Santhanam:** As far as I am aware, it is completely the responsibility of the provincial governments to develop the minor ports.

**Shri T. T. Krishnamachari:** May I ask the Honourable Minister if the Government have assured themselves that there is adequate supply of water in this particular area before proceeding further with the development of this port?

**The Honourable Shri K. Santhanam:** A Committee is being appointed to investigate this very question and Government will certainly assure themselves before deciding that there are sufficient facilities for water.

**Shri K. Hanumanthaiya:** Is Government contemplating to develop any port south of Bombay?

**The Honourable Shri K. Santhanam:** Yes, Sir. The Committee has been entrusted with the task of finding a port to be developed as a major port between Bombay and Cochin.

**Srijut Kuladhar Chaliha:** Whether the Government of India have received any proposal from the Government of Bengal for the improvement of the port of Digha?

**The Honourable Shri K. Santhanam:** I have already replied that we have no information on the point.

**Shri B. N. Munavalli:** When is the report of the expert committee as regards major ports expected?

**The Honourable Shri K. Santhanam:** I cannot say anything about the committee. I think it has been working for a long time and some measurements are being taken at Mangalore, Bhatkal and other ports and as soon as the measurements are completed, the committee will be reporting.

**Shrimati G. Durgabai:** May I know whether any plans for the development of Cocanada port have been taken up?

**Mr. Speaker:** Order, order. I think it is no use going into individual ports now. There is no limit to such questions.

**Shri Arun Chandra Guha:** Is there any scheme of developing minor ports in the Bengal coast?

**Mr. Speaker:** The question has been replied to.

#### NEGOTIATIONS FOR IMPORT OF WHEAT AND RICE

\*1778. **Dr. P. S. Deshmukh:** (a) Will the Honourable Minister of Food be pleased to state whether it is a fact that Government have negotiated for import of wheat and rice?

(b) Is it a fact that a four-year agreement on behalf of the Government of India has been signed after the announcement of the Honourable Minister that no foodgrains would be imported into India after 1951?

(c) Is it a fact that by this agreement India will be compelled to buy 10 lakh tons of wheat per year for a period of 4 years beginning with 1949-50 and ending with 1953-54?

(d) Have any steps been taken to stop the Indian representative from signing the agreement?

(e) Is there any such agreement proposed with regard to the import of rice?

(f) Are there any negotiations going on?

(g) If so, what stage has this negotiation reached?

(h) Is there any present agreement to import any rice after 1951 and if so, how much and at what rate?

(i) If not, do Government propose to enter into any agreement or to stick to the decision of not importing any foodgrains after 1951?

(c) The new alignment via Churaibari (and not Kurti) is further from the border than that originally suggested by the State. Topographical considerations preclude making any further change.

#### ACCOUNTS OF KANCHRAPARA WORKSHOPS REMODELLING SCHEME

\*1780. **Shri Mahavir Tyagi:** (a) Will the Honourable Minister of Railways be pleased to state whether there was a muddle involving an amount of several lakhs of rupees in the financial and accounting transactions of the Kanchrapara workshop remodelling scheme?

(b) Is it a fact that Government had ordered an investigation into the aforesaid muddle and that they have received the results of this investigation?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) and (b). After the closure of the Kanchrapara Locomotive Building Works, due to the decision to change their location to Mihijam, certain claims for payment were received from contractors. The Railway Board thereupon ordered a special inspection of the accounts concerned. This inspection disclosed certain serious irregularities relating to—

(i) Sanction of discriminatory rates for the carriage of bricks in favour of two contractors. Amount involved—Rs. 1.90 lakhs.

(ii) Excessive 'on account' payments for bricks. Amount involved—Rs. 6.97 lakhs. (This amount is reported to have since been recovered from the contractors.)

(iii) Sale of cement at less than controlled rates. The sale-proceeds credited to the Railway, however, represent the full book value including supervision charges. Amount involved—Rs. 70,000.

(iv) Fraudulent removal of materials from stores due to absence of a proper system of store keeping. Amount involved—Rs. 1.32 lakhs. The officer in immediate charge of the Store Depot had already been dismissed by the E.I. Railway, and is reported to have left the country.

Explanations were called for from the officers concerned other than the Depot Store Keeper referred to in (iv) who had already been dismissed. The explanations were received in September, 1948. As a result of the examination by the Board of these explanations in detail, charges were framed against 4 officers. One of these has replied to the charges, and replies from the others are awaited. The charges will be disposed of according to rules in the usual course.

#### UNSTARRED QUESTION AND ANSWER

##### BAN AGAINST HARIJANS DRAWING WATER FROM RAILWAY WELL AT DELHI CANTONMENT STATION

140. **Ch. Ranbir Singh:** (a) Will the Honourable Minister of Railways be pleased to state whether Government are aware of the fact that Harijans (sweepers) are not allowed to draw water from the railway well on the Delhi Cantonment Railway Station?

(b) Is it also a fact that there is no other well near the Railway Station?

(c) If so, what steps do Government propose to take to eradicate this evil?

**The Honourable Shri N. Gopalaswami Ayyangar:** (a) It is true that the local railway staff were not permitting Harijans to draw water from the well at the Delhi Cantonment Railway Station. On a complaint being made however to the Railway Administration sometime back, this unauthorised practice was stopped and Harijans now draw water from the well without hinderance.

(b) There is no other well near the railway station, but there are two water hydrants at each end of the platform.

(c) Does not arise.

#### STATEMENTS LAID ON THE TABLE

[INFORMATION PROMISED IN ANSWER TO CERTAIN QUESTIONS DURING THE CURRENT AND PREVIOUS SESSIONS OF THE CONSTITUENT ASSEMBLY OF INDIA (LEGISLATIVE)—LAID ON THE TABLE OF THE HOUSE, TODAY]

Supplementary to Shri Biswanath Das's Starred Question No. 28 of 11th August, 1948.

DESIRABILITY OF USING TRACTORS AND CHEMICAL FERTILISERS

#### STATEMENT

Increase in yield of paddy with the application of manures in different parts of India.

(Increase percentage in yield per acre.)

| Province | Application of inorganic fertilizers                                                                                                                                                                      | Application of cakes                                                                     | Application of green-manure, etc.                                                                                                                                                                                                    |
|----------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1        | 2                                                                                                                                                                                                         | 3                                                                                        | 4                                                                                                                                                                                                                                    |
| Bengal   | Ammonium sulphate at the rate of 20-40 lbs. N per acre, increases yield from 12.0 to 44.0%.                                                                                                               | Groundnut and mustard cake at 20-40 lbs. N per acre, increases yield from 24.0 to 41.0%. | Green manuring, increases yield by 23% and F. Y. M. by 10.0%.                                                                                                                                                                        |
| Madras   | Ammonium sulphate at the rate of 30-45 lbs. N per acre increases yield from 15-35%.                                                                                                                       | Cakes supplying Nitrogen 20 to 60 lbs. per acre, increase yield from 15-45%.             | Green manuring, with 60-90 lbs. N, increases yield by 100%.                                                                                                                                                                          |
| Bihar    | Ammonium sulphate 20-40 lbs. Nitrogen per acre increases yield from 13-60%.                                                                                                                               | ..                                                                                       | (a) Green manuring Sann or Dhaincha supplying 40 lbs. N, increases yield by 20%.<br>(b) Combination of superphosphate and green manuring supplying 40 lbs. P <sub>2</sub> O <sub>5</sub> and 40 lbs. N, increases yield from 35-50%. |
| Assam    | Ammonium sulphate at the rate of 60 lbs. N per acre, increases yield by 32.0%.                                                                                                                            | ..                                                                                       | ..                                                                                                                                                                                                                                   |
| Orissa   | (a) Ammonium sulphate at the rate of 30-45 lbs. N, per acre, gives an increase of 20-29%.<br>(b) Superphosphate at the rate of 30 lbs. P <sub>2</sub> O <sub>5</sub> , increases yield from nil to 29.0%. | Cakes at the rate of 15-45 lbs. N per acre, increases yield of paddy.                    | Green manuring with Dhaincha at 30-45 lbs. N per acre, increases yield from 12-33%.                                                                                                                                                  |
| Bombay   | Profitable responses have been obtained with sulphate of ammonia at the rate of 30-40 lbs. N.                                                                                                             | Groundnut cake at the rate of 48 lbs. N per acre, gives an increase of 47-69%.           | ..                                                                                                                                                                                                                                   |

| 1           | 2                                                                                                                                                 | 3                               | 4                                               |
|-------------|---------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|-------------------------------------------------|
| Bihar—Contd | (3) Am. sulphate at the rate from 10—64 lbs. in presence of P and K at the 20 lbs. P205 and K20 gave a response from 10.4 to 15.1 lb. per lbs. N. |                                 |                                                 |
|             | (1) Sulphate of Ammonia at the rate of 40—80 lbs. N increases yield from 30—90%.                                                                  | Cakes increase yield by 27—30%. | (1) Green manuring increases yield from 24—32%. |
|             | (2) P205 at 66 lbs. per acre increases yield by 16.0%.                                                                                            |                                 | (2) F. Y. M. increases yield by 43%.            |
|             |                                                                                                                                                   |                                 | (3) Leaf compost increases yield by 33%.        |

dus Alluvium (Karnal). (1) Ammonium sulphate at 40 lbs. N increases yield by 34%.

(2) P205 at 80 lbs. increases yield by 22%.

(3) N, K at the rate of 40 : 80 increases yield by 26%.

(4) N, P at the rate of 40 : 80 increases yield by 30%.

(5) N, P, K increase yield by 15%.

(Response lb. Per lb. N P205 or N-P205).

| Bombay | Application of sulphate of ammonia at the rate of 20—40 lbs. N per acre gives an increase from 70—207 lbs. of seed cotton per acre. | Application of castor cake at the rate of 300 to 400 lbs. per acre gives an increase of 13 to 20 lbs. seed cotton per acre.               | Application of 25 tons of F. Y. M. per acre gives an increase of 85 lbs. seed cotton per acre.                                                                                                                                                                                                                                                                                                                                                                                              |
| C. P.  | Application of sulphate of ammonia at the rate of 20—40 lbs. N per acre gives an increase from 43—220 lbs. seed cotton per acre.    | Application of cotton and groundnut cakes at the rates of 200 to 560 lbs. per acre increases yield from 40—337 lbs. seed cotton per acre. | (1) Compost at 25 tons per acre increases yield by 30 lbs. of seed cotton per acre.<br>(2) F. Y. M. at 1.8 to 3.6 tons per acre increases yield of seed cotton from 68—91 lbs. per acre.<br>(3) Green manuring plus sulphate of ammonia increases yield from 30 to 200 lbs. per acre.<br>(4) F. Y. M. plus sulphate of ammonia increases yield by 80 lbs. per acre.<br>(5) Super in combination of either green manure, F. Y. M. or castor cake, increases yield from 90—116 lbs. per acre. |
| Madras | Application of sulphate of ammonia at the rate of 20—30 lbs. N per acre increases yield from 70—118 lbs. per acre.                  |                                                                                                                                           | (1) F. Y. M. at the rate of 5 tons per acre since 1909, has increased yield by 437 lbs. per acre.<br>(2) F. Y. M. at the rate of 70 tons per acre increases yield from 91 to 270 per acre.                                                                                                                                                                                                                                                                                                  |
| U. P.  | Application of sulphate of ammonia at the rate of 20—40 lbs. per acre increases yield from 91 to 178 lbs. per acre.                 | Application of castor cake at 300 lbs. per acre increases yield by 54 lbs. per acre.                                                      | F. Y. M. at 4 tons per acre increases yield by 80 lbs. per acre.                                                                                                                                                                                                                                                                                                                                                                                                                            |

| 1                     | 2                                                                                                             | 3                                                                      | 4                                                                                 |
|-----------------------|---------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| United Provinces      | (1) Ammonium sulphate at 50 lbs. N per acre, increases yield by 32.0%.                                        | Cakes at the rate of 20—60 lbs. N, increase yield from 7—48%.          | (1) Compost at the rate of 25—50 lbs. N per acre, increases yield of 9—18%.       |
|                       | (2) Superphosphate or Bonemeal do not give any appreciable increase in yield. The max. increase is only 8.0%. |                                                                        | (2) Green manuring like sann hemp and Dhaincha gave an increased yield of 57—90%. |
|                       | (3) Niciphos at the rate of 25—50 lbs. N, increases yield from 20—30%.                                        |                                                                        |                                                                                   |
|                       | (4) At Gorakhpur in U. P. Niciphos at the rate of 50 lbs. N and P205, gave an increase of 80%.                |                                                                        |                                                                                   |
| Karnal (East Punjab.) | (1) Ammonium Sulphate at the rate of 40 lbs. N per acre increases yield by 24—28%.                            |                                                                        |                                                                                   |
|                       | (2) Superphosphate at the rate of 40 lbs. P205 per acre, increases yield from nil to 15.0%.                   |                                                                        |                                                                                   |
|                       | (3) Combination of N.P. at 40 lbs. N and 40 lbs. P 205, increases yield from 12 to 24%.                       |                                                                        |                                                                                   |
|                       | (4) Combination of N. K. at the rate of 40 lbs. N and 60 lb. K2O, increases yield from 20—30%.                |                                                                        |                                                                                   |
|                       | (5) Complete fertilizers at the rate of 40 : 40 : 60, increase yield from 12—30%.                             |                                                                        |                                                                                   |
| Central Provinces     | Ammonium sulphate at the rate of 10—20 lbs. N, gives an increase of 20—70%.                                   | Cakes at the rate of 20—60% N per acre, increase yield from 26—191.0%. |                                                                                   |
| Mysore                | (1) Ammonium sulphate at the rate of 12½ to 30 lbs. N increases yield from 13 to 20%.                         | Cakes give an increase of 15%.                                         | (1) Green manuring gives an increase of 10—50%.                                   |
|                       | (2) Superphosphate gives an increase from 4—8%.                                                               |                                                                        | (2) Compost at the rate of 5 tons per acre gives an increase from nil to 5.0%.    |

| IRRIGATION CONDITIONS                                        |                                                                                                                                                                                                                                                                                                                                                                                                                  |                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| Black Soil Tract (Bombay, C. P. Hyderabad and Central India) | (1) Ammonium sulphate at the rate of 5 to 54 lb. N per acre gives a response from 5.7 to 11.8 lb. of wheat per lb. of N.<br>(2) Ammonium sulphate at the rate from 37 to 110 lbs. N per acre, gave a yield of wheat from 1066 lb. to 1244 lbs. per acre<br>(3) Niciphos II gave response from 7.1 to 8.5 per lb of N and 7.5—20.4 per lb. of N and P and 14.7 lb. per 1 lb of N and 303 lbs. P205 as Niciphos I. | Oil cakes gave a response from 6.9 to 11.8 lbs. of wheat grain per lb. of N.                          | (1) F. Y. M. gave a response from 4.9 to 6.2 lbs. of wheat grain per lb. of N.<br>(2) Poudrettee and Night soil at 30 lbs. N per acre gave a response of 11.3 and 16.0 lbs. of grain per lb. of N.<br>(3) Compost at the rate from 37—110 lbs. N per acre gave a yield from 1303 to 1881 lbs per acre.<br>(4) F.Y.M. at above rate gave yield from 1422—1532.<br>(5) Night soil at above rate gave a yield from 1348 to 1837.<br>(6) An average increase of 99 lb. per acre in yield due to green manuring was calculated from 63 trials. |
| Gangetic Alluvium (U.P.)                                     | (1) Ammonium sulphate at the rate from 10—50 lbs. N per acre gave a response from 3.8 to 43.0 lb. per lb. of N.<br>(2) Nitrate of soda at the rate from 12—18 lbs. N per acre gave a response of 13.2 lb. per lb. of N.<br>(3) Nitrochalk at 16 lbs. N gave a response of 15.9 lbs. per lb. N.<br>(4) Calcium cyanamide at the rate of 25 lbs. N per acre gave a response of 85.5 lbs. per lb. of N.             | Cakes at the rate from 50—100 lbs. N per acre gave response from 4.0 to 5.8 lbs. per lb. of Nitrogen. | (1) F. Y. M. at 60 lbs. N gave response of 3.6 lbs. per lb. N.<br>(2) Compost at 80 lbs. N gave response of 2.7 lbs. per lb. N.<br>(3) Green manuring gave an increase yield from 123 to 333 lbs. per acre over control.                                                                                                                                                                                                                                                                                                                  |
| Bihar                                                        | (1) Am. sulphate at the rate of 16 lbs. N gave a response of 13.4 lbs. per lb. N.<br>(2) For similar dose in form of sodium nitrate response was 4.1 lbs. per lb. N.                                                                                                                                                                                                                                             |                                                                                                       | F. Y. M. at the rate of 20 lbs. N per acre gave a response of 1.4 lb. per lb. of N.                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

|                  | 1                                                                                                                  | 2                                                                                                        | 3                                                                 | 4 |
|------------------|--------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------|---|
| Punjab . . . . . | Application of sulphate of ammonia at the rate of 15—75 lbs. N per acre increases yield from 70—322 lbs. per acre. | Toria and mustard cake at the rate of 420—560 lbs. per acre increases yield from 3 to 364 lbs. per acre. | F. Y. M. at 5 tons per acre increases yield by 118 lbs. per acre. |   |
| Bind . . . . .   | Application of sulphate of ammonia at the rate of 15—75 lbs. N per acre increases yield from 78—361 lbs. per acre. |                                                                                                          |                                                                   |   |

*Prof. Shibban Lal's Starred Question No. 530 (a) of 26th August, 1948.*

#### ABOLITION OF TITLES CONFERRED BY BRITISH INDIAN GOVERNMENT

Number of officers in the various Ministries of the Government of India who still hold titles conferred by the late British Indian Government. 208\*

Number of officers who have relinquished these titles after the 15th August 1947 . . . . . 1

Number of officers who have removed these titles from their name-plates in offices after the 15th August 1947 . . . . . 196

\* These include officers of non-Indian domicile.

*Shrimati Dakshayani Velayudhan's Starred Question No. 114 of 3rd February, 1949.*

#### CONSTRUCTION OF CINEMA HOUSES IN DELHI PROVINCE

(a) Three persons in Delhi and ten persons in Ajmer-Merwara had applied for licences for constructing cinema houses since August 1947.

(b) Two licences in Delhi and one in Ajmer-Merwara were issued. The construction of the two cinema buildings in Delhi was sanctioned by the Delhi Municipal Committee and the New Delhi Municipal Committee before Government decided to discourage luxury construction such as cinemas, etc.

(c) No.

(d) Yes.

(e) Government do not propose to interfere in such cases.

*Sardar Bhopinder Singh Man's Starred Question No. 131 of 4th February, 1949:*

#### NURSES IN GOVERNMENT HOSPITALS CONTRACTING TUBERCULOSIS

(a) Thirty-five.

(b) Five.

(c) In most of the cases the sources of infection were not traceable. In three cases the incidence of T.B. was due to history of T.B. in the family, and in three other cases due to attack of Pleurisy and Broncho-Pneumonia.

*Supplementaries to Sardar Bhopinder Singh Man's Starred Question No. 144 of 4th February 1949*

#### LOAN APPLICATIONS RECEIVED BY REHABILITATION FINANCE ADMINISTRATION

*Dr. Bakshi Tek Chand's Supplementary*

The Interim Report† has been laid on the table of the House on 21st March, 1949.

*Sardar Bhopinder Singh's Supplementary*

Agriculture is not a business or industry of the type contemplated by the Rehabilitation Finance Administration Act.

*Shri Mahavir Tyagi's Supplementary*

Loans have been given to refugees from East Bengal as well.

† See Constituent Assembly of India (Legislative) Debates (Part II—Proceedings other than Questions and Answers).

*Dr. V. Subramaniam's Starred Question No. 236 of 24th February, 1949.*

Note.—Figures for the Calendar Years 1947 and 1948 are not available.

*Shri R. K. Sidhva's Supplementary to Starred Question No. 444 of 17th February, 1949*

PAYMENT OF DEPOSIT AMOUNTS BY JWALA BANK LIMITED, AGRA

It is not clear to which section of the Reserve Bank of India Act the Honourable Member has made a reference. The Bank was inspected between the 23rd April and about the 15th May 1947 and during that period the bank's head office at Agra and its Bombay branch were visited by the Inspecting Officer on all working days, when the inspection of the bank's books and accounts at these two offices was carried out.

*Master Nand Lal's Starred Question No. 580(a) of 22nd February, 1949*

PERMANENT GOVERNMENT SERVANTS FROM PUNJAB NOW SERVING UNDER GOVERNMENT OF INDIA.

Number of permanent servants from the areas now under the West Punjab Government (Pakistan) whose services were loaned to the Government of India by the Government of the Undivided Punjab and were serving under the Government of India before the partition of the country took place and who have not completed five years continuous service in the grade of Assistant or in higher grade in the Secretariat on the 22nd October 1943 is six (including two Superintendents).

*Shri Jaspal Roy Kapoor's Starred Question No. 592 of 22nd February 1949*

STATE POLICE FORCE IN HYDERABAD

(a) The total strength of the Hyderabad State Police Force is 23,867 and not 24,000 as was previously stated.

(b) The number of persons in the Police Force who are not residents of the State is 62. They are expected to be discharged soon.

*Shri Aniryo Kumar Ghosh's Starred Question No. 618(b) of 23rd February, 1949*

DEVELOPMENT OF VILLAGE FORESTS.

The reply is in the negative.

*Shri Damodar Swarup Seth's Starred Question No. 641 (a) of 22nd February, 1949.*

IMPORT AND SALE OF FOREIGN CLOTH.

Statement showing the total quantity and value of Cotton piecegoods imported into India by sea from foreign countries during each of the six monthly periods is 1st January to 30th June 1948 and 1st July to 31st December 1948.

## RETRENCHMENT OF TEMPORARY PERSONNEL

|                                                                           |        |
|---------------------------------------------------------------------------|--------|
| (a) Number of temporary personnel retrenched since 15-8-1947              | 14,644 |
| (b) Number of approximate temporary personnel to be retrenched in future. | 390    |
| (c) Total number of Gazetted officers retrenched                          | 129    |

Supplementary to Seth Govind Das's Starred Question No. 834 of 3rd March, 1949:  
NEW STATE-OWNED STEEL WORKS FOR INCREASING PRODUCTION OF STEEL

## Summary of the Project Reports of the three Consultants

1. Introduction.—In pursuance of the decision of Government in May, 1948, Koppers Co., and Arthur G. McKee and Co., of the U.S.A., and the International Construction Co., of the U.K., were appointed as Consultants for making a preliminary technical survey and report on two alternate schemes for the establishment of Steel Plants in India.

The terms of reference were to make a preliminary survey and report on two alternate schemes for the establishment of (1) one plant of one million ton capacity, and (2) two plants of half a million ton capacity, each with facilities for doubling these capacities, and to advise on selection of sites, facilities for transport, water-supply, power, acquisition, preparation and transportation of raw-materials, their conservation and utilisation, types of iron and steel materials to be manufactured in relation to estimated present and future demands and co-ordination of existing and new plants.

The three Consultants have since submitted detailed and exhaustive reports in accordance with their terms of reference which will enable Government to compare the relative merits of the three technical reports and decide which scheme, if any will be more suitable. Their recommendations are summarised below under relevant headings.

2. Demand and Supply.—The three Companies differ to some extent in their estimates of the present and future demands for steel products, e.g., Koppers' estimate the 1948 demand to be 2,608,000 tons, the International Construction Co.'s estimate for 1949 is only 2,046,289 tons and McKees' estimate for 1955 is 2,698,000 tons per annum. Koppers' estimate for 1953 demand is increased to 3,427,000 tons, while the International Construction Co., estimates the 1958 demand to be 3,200,000 tons. There is thus considerable variation in the estimates given by the three Consultants Koppers being more liberal in their estimates than the other two.

The variation in the estimates of the three Consultants is due to the fact that Koppers have adopted assumptions different from those of the other two. The International Construction Co., have based the 1949 estimate on information given to them by the Iron and Steel Controller; so also McKees' estimate for 1955 which shows an increase of 650,000 tons approximately on the International Construction Co.'s estimate of 1949. The I.C.C.'s estimate for 1953 shows a further increase of 500,000 tons on McKees 1953 figure. Koppers have adopted different assumptions in that they have based their estimates not only on information given by the Iron & Steel Controller and other informed officers of the Central Government but also on the basis of independently developed reports on key industries and rollers. Their estimates are naturally, therefore, more optimistic and indicate the possibility of a much greater demand between 1949 and 1953. In fact, their estimate for 1953 is higher than McKees' estimate for 1955 and I.C.C.'s estimates for 1958.

With regard to the supply position, all the three Consultants have accepted that the existing production capacity in this country is not more than 1,128,000 tons which leaves a deficit of not less than a million tons on the present demand, even on the most conservative estimate. They have, therefore, confirmed the necessity of the erection of an additional plant or plants of not less than one million ton capacity.

3. Expansions and Renovation schemes of Existing main producers.—All the three Consultants have examined the proposed expansion programmes of the existing main steel producers. As a result of their examination they all strongly recommend that Government should support these expansion schemes though Koppers have made some reservations on certain aspects of the schemes.

The expansion programmes of the main producers are briefly given below:

Tatas.—Tatas' expansion programme comprises two stages. In the first stage, a sum of Rs. 6.1 crores is proposed to be spent on repair and replacement of existing equipment to rehabilitate the production capacity of the Plant to reach the 1939-46 level. There has been a serious drop in production at Tatas due to the continued deterioration of their equipment worked to capacity during the war years without adequate replacements.

The second stage of expansion is estimated to cost Rs. 8.3 crores. Under this stage, Tatas will add a skelp mill, a Fretz-Moon tube/pipe mill and a special steel plant for making alloy and tool steel. Both I.C.C. and McKees have recommended the second stage without reservations. Koppers have, however, made reservations that the design of the proposed tube/pipe mill should be re-examined before actual authorisation.

Scob.—Scob's proposed expansion programme involves an estimated expenditure of about Rs. 17 crores. Rs. 5 crores is required for expanding their present works in order to increase their production by 200,000 tons per annum. All the three Consultants have unanimously recommended this part of the programme.

A further Rs. 12 crores expenditure has been estimated for expanding their production by another 220,000 tons. This, as distinguished from the initial expenditure of Rs. 5 crores, has been termed the second stage of expansion. The International Construction Co., and McKees have recommended the second stage also without any reservation. Koppers, have, however, pointed out, that this second stage is supported only by data of a general nature and cannot, therefore, be accepted as conclusive, even though on the basis of estimated costs the additions required for the second stage involve a capital outlay of Rs. 500 only per gross ton which is substantially less than the capital outlay of a completely new plant. Koppers, therefore, consider that the second stage of Scob's proposed expansion scheme merits full support but nevertheless must be re-examined before Scob are authorised to proceed with this stage.

**Mysore.**—Mysore's proposed expansion programme when completed will give a production of 100,000 tons as against their present capacity of 24,000 tons. This is subject, however, to the supply of 30,000 tons of blooms from the existing producers or from the new steel works. The programme is already under way and as it will go far to satisfy the South Indian demand for additional rolled products, merits, in the Consultants' opinion, Government support.

**Secondary Producers and re-rollers.**—All the three Consultants have considered the requirements of the secondary producers and the re-rollers. They have estimated their future capacity at about 600,000 tons. Their requirements of billets and bars will be met partly as a result of the expansion of the existing steel plants but mainly from the proposed new steel plants.

All the three Consultants have pointed out that even if the above expansion programmes are implemented it will still leave a deficit of over one million tons per annum between demand and supply and have, therefore, unanimously supported the scheme for new steel plants.

**4. Raw Materials.**—All the three Consultants have confirmed that the two main raw materials, iron ore and coal, will be available in adequate quantities and that India's reserves, with careful utilisation, are more than sufficient for the life of existing steel plants, and new steel plants up to 2 million tons capacity.

**Iron Ore.**—Both McKees and I.C.C. consider India's Iron ore reserves in the C.P. and Bihar to be almost inexhaustible and of the highest quality. Koppers while accepting this position consider that there is a definite and urgent need for engineering operations at each known undeveloped iron ore deposit with a view to securing authentic proof of the extent of deposit as well as to mark out the readily recoverable ore and to secure truly representative samples.

All the three Consultants have agreed that iron ore deposits available in Bihar, the C.P., and Orissa are sufficient in quantity for erection of new steel plants in these Provinces and are also of suitable quality. (The Iron content is not less than 58 per cent in any of these areas. The iron content of Tatas' Noamundi Ores is approximately 60 per cent. All the three Consultants have confirmed the existence of iron ore in Madras. They have, however, recommended the erection of the steel plant in this Province for other reasons.)

**Coal.**—All the three reports have confirmed that the reserves of coking coal will be ample if used only for the manufacture of coke, for at least 150 years after taking into account the requirements of the present steel plants and the proposed new plants.

All the three reports have assumed that initially good coking coal will only be available from the Jharia, Giridih and Raniganj coal fields.

Koppers accordingly have assumed that coking coal will be available from these fields only. I.C.C. and McKees, however, have presumed that C.P., and Orissa coal will be suitable for mixing with the coal of the above fields for coking purposes in a 30 per cent. and 17 per cent. mixture.

All the three reports have also stressed the need to preserve the good coking coal available in Bihar purely for coking purposes and have recommended that this coal should not intensification of research work in the coal fields of Orissa and the C.P.

**Limestone and Dolomite.**—All the three reports have confirmed that there are adequate supplies of these raw materials in India, particularly in the C.P., Orissa and Bihar. Koppers, however, consider that investigation should be undertaken with a view to establishing deposits (flux stones) of suitable analysis and quality. McKees and I.C.C. have presumed that each deposits will be available near the sites recommended by them.

**Manganese.**—I.C.C., and McKees have accepted the general presumption that India's supply of this item is almost inexhaustible. Koppers have, however, stated that it is difficult to apprise the situation but consider that reserves have not been proved and that India is not particularly endowed with this ore, at least in the high-grade category. In fact they recommend that export of high grade ore should be scrutinised meticulously.

**Magnesite and Fluor Spar.**—Neither McKee nor I.C.C. have made any special mention of these raw materials, presumably because the requirements of these raw materials in a steel plant are negligible (10,000 tons of magnesite and 3,000 to 5,000 tons of Fluor Spar per annum are required for a million ton plant.) Koppers, have, however, confirmed that there are sufficient deposits of Magnesite in India, while Fluor Spar deposits are worthy of development for at least a part of the desired tonnage. Magnesite is available in Madras while Fluor Spar is available in the C.P.

**Refractories.**—All the three Consultants have stated that the present refractory production is very inadequate for the construction and maintenance of the New Steel Works, and for the extension of the existing works. They have, therefore, recommended that new refractory works should be built without delay.

**5. Plant or Plants.**—In submitting their alternative schemes both Koppers and I.C.C. have strongly recommended the adoption of the two-plant scheme for the same reasons, viz., greater flexibility in production, more rapid construction, decentralisation, and greater flexibility for doubling at a later date. These facilities, they consider, outweigh the lower capital cost of an one-plant scheme. McKee have submitted plans for both schemes, but without any comments.

**Differences in Types of Plants.**—Two of the Consultants specify one plant for the manufacture of rails, structurals, billets and bars, with the second plant to produce plates, strip and sheets. The third Consultant specifies one plant to manufacture rails, heavy and medium structurals, and plates, with the second plant to produce medium structurals, light rails, billets, bars and merchant products. This Consultant is of the opinion that a strip mill is not warranted in the first stage of the project.

**6. Estimated Capital Costs.**—As the plants and types of products recommended differ and as the rolling mills proposed are not uniform, there is a difference in the estimated capital costs of the three Consultants. Further, the capacity of the various plants proposed also differs in so far as they are related to the types of products proposed. The Consultants have also adopted different assumptions and methods of estimating in giving their total costs. If, however, common factors are taken into account, there is substantial agreement among the Consultants in their estimates of capital costs per ton of finished product, which works out approximately to Rs. 1,000 per ton.

For one plant of 500,000 to 600,000 tons capacity the estimated capital costs will be between Rs. 50 and 60 crores. This does not include the cost of the town, labourers' quarters, additional railway facilities for the transport of raw materials and finished products, new refractory plants etc.

**Operating Costs 7.**—As in the case of the estimated capital costs of the plants, the estimated operating costs of the products as submitted by the Consultants also differ. The variation in the estimates of the operating costs is obviously due to differences in the assumptions regarding cost of a few major factors e.g., supervision and labour costs, percentage of wastage allowed, types of products produced, credit allowed for various by-products etc.

A preliminary study shows that if allowances are made for these factors, the differences in the estimate of operating costs per ton of finished steel are much narrower than they appear at first sight. Thus, the estimated operating costs of production of bars and rods ranges from about Rs. 100 to 125 per ton. These are exclusive of interest on capital and depreciation. Assuming, as all the Consultants do, that the latter would normally be the same as the operating costs, the cost of production of finished steel (bars and rods) would range somewhere between Rs. 200 and 250 per ton.

**8. Location.**—All the three Consultants have selected sites in Orissa and the C.P., for the two-plant scheme. The actual sites recommended are:

#### C. P.

|                         |    |    |    |    |                             |
|-------------------------|----|----|----|----|-----------------------------|
| Bilhai                  | .. | .. | .. | .. | { Recommended by I. C. C. } |
| Tandula                 | .. | .. | .. | .. | { " " Koppers }             |
| A site in Drug district | .. | .. | .. | .. | { " " McKee }               |
| Orissa                  |    |    |    |    |                             |
| Bonaigarh               | .. | .. | .. | .. | { " " I. C. C. }            |
| Hirakud                 | .. | .. | .. | .. | { " " Koppers }             |
| Barakote                | .. | .. | .. | .. | { " " McKee }               |

McKee for their one-plant scheme prefer the C.P. to Orissa. Koppers have expressed no opinion on this point.

Before selecting these two provinces for the proposed sites, all the three Consultants have considered the advantages and disadvantages of all centres which have been recommended by the various official authorities.

All the three Consultants have ruled out any site in Madras for the present, due to the distance and transport difficulties in sending coking and steam coal from the present coal-mining areas, there being no known deposits of coking coal in the South and very few deposits of other coal (the only working mine at present is Singhareni, Hyderabad). I.C.C., have, however, added that, if and when further additional steel capacity is required, selection of a site in South India should merit careful consideration.

The site at Monghyr has also been ruled out by all the three Consultants, due to the high cost of assembly of raw materials and distribution of finished steel.

I.C.C. have considered Bermo and Sindri in Bihar, Bonaigarh in Orissa, Bilhai in the C.P., and Durgapur in West Bengal.

Koppers have considered Sindri in Bihar, Hirakud in Orissa, Tandula in C.P., and Durgapur in West Bengal.

McKee have considered Sindri in Bihar, Sambalpur and Barakote in Orissa, a site in Drug District in the C.P., and Durgapur in West Bengal.

All the three Consultants have ruled out Durgapur on the ground of dispersal—it is too near the existing steel plants—and also on the ground that the existing steel plants are situated to distribute their products in the Calcutta region whereas any new steel plant will have to accommodate to a greater extent the demands of the rest of India. They all estimate that the cost of freight on raw-materials and distribution will be higher at Durgapur than at the sites recommended.

Sindri has also been ruled out by all the three Consultants as it will suffer from the same defect as Durgapur from the point of view of dispersal and marketing of products. I.C.S., have estimated that the cost of assembly of raw-materials and cost of distribution of finished steel will be cheapest at Sindri with the exception of Bermo (Bihar) whereas Koppers have estimated that these costs for Sindri will be higher than those for the sites in the C.P. and Orissa. McKee have estimated that these costs for Sindri will be about the same as those for the sites in the C.P. and Orissa.

Koppers and McKee have recommended the C.P. and Orissa sites not only from the point of view of dispersal and strategic reasons but also because their combined estimates for costs of assembly of raw-materials and cost of distribution of finished products are less for the sites in these areas as compared to other sites in Bihar and West Bengal. I.C.C. whose estimate for Sindri and Bermo are less than that for the C.P. and Orissa sites, nevertheless prefer the C.P. and Orissa sites because of dispersal, strategic reasons and being away from the present congested transport system.

The selected sites in Orissa and the C.P., recommended by the three Consultants, are more or less in the same area. McKee have preferred Barakote to Sambalpur (Hirakud) as with the construction of a railway from the present terminus in Talcher coal fields the cost of assembly and distribution will be less than in Sambalpur, both sites possessing all other facilities.

Koppers have preferred Hirakud (Sambalpur) to Barakote, the reason being better water supply.

I.C.C. have selected Bonaigarh which is nearer to Barakote than Hirakud and is dependent on water from the river Brahmani as is Barakote. They have preferred this site as its assembly and distribution costs will be less than those of the other two sites (Sambalpur and Barakote).

In the C.P., I.C.C. have selected Billai, a site 16 miles west of Raipur in the district of Drug, while McKee have specified a site without name in the district of Drug, also 16 miles west of Raipur. It appears, therefore, that these two Consultants have selected the same site. Koppers have specified a site in Taudula region which lies within the same area. Both McKee and I.C.C. have selected the site on the ground that the cost of assembly, etc., will be cheaper at this site than in other sites in the C. P.

All the three Consultants in selecting these sites have confirmed that water supply will be adequate, that they lie in regions where the rail-road system will be expanded for reasons of public welfare entirely separate from the demands of the proposed steel plants, and that they possess definite advantages from the point of view of decentralisation and strategic importance.

*Prof. N. G. Ranga's Supplementary to Sardar Hukam Singh's Starred Question No. 1007 of 9th March, 1949*

#### PROMOTIONS TO POSTS OF SUB-DIVISIONAL OFFICERS IN C. P. W. D.

The Central Engineering Service, Class II, in the Central Public Works Department has been constituted with effect from 1st September 1948. This Service has merely replaced the posts of S. D. Os. which existed in the C.P.W.D. before the constitution of Class II Service. Consequently S.D.Os. who had rendered several years service in the C.P.W.D. have been appointed to Class II Service temporarily. Several displaced persons from Pakistan have also been appointed to that Service. Direct appointments to Class II Service, but not promotions made thereto from amongst the cadre of permanent Section Officers, require the approval of the Federal Public Service Commission. The Commission's approval has already been sought to the temporary appointment of the S.D.Os. to Class II for a period not exceeding 3 years. The approval of the Commission is still awaited.

Out of the total of 304 men appointed in Class II Service, 114 posts are permanent. Out of permanent posts, 12 are proposed to be recruited through the F.P.S.C. and the rest are being filled up by promotion of permanent section Officers and appointment of temporary S.D.Os. on the basis of merit with the concurrence of the Commission.

Draft Rules for recruitment to Class II Service have been prepared and are being finalised in consultation with the Commission. In future recruitment to Class II Service will be made in accordance with those rules.

*Pandit Thakur Das Bhargava's Starred Question No. 1012 of 10th March, 1949.*

#### ISSUE OF INSTRUCTIONS RE AGE OF RETIREMENT

Number of persons from the attached and sub-ordinate offices of the Ministry of States who were retired from service at the age of 55 years under the old interpretation of Fundamental Rule 56(b) (i) after it had been interpreted differently in 1946 is thirty-four.

*Shri Lakshminarayana Shahu's Starred Question No. 1191 of 18th March, 1949.*

#### ALLOWANCES TO GUARDS WORKING ON SMALL QUICK TRANSIT TRAINS.

(a) On the East Indian Railway Guards working on Smalls Quick Transit trains were being paid a consolidated allowance of Rs. 150 p.m. plus a consolidated allowance representing pay for 4 Sundays per month. S.Q.T. Guards on other Railways were not being paid any consolidated allowance.

(b) Guards working S.Q.T. trains are now entitled to a 'mileage allowance' the value of which will be computed as follows:

First 40 miles at double the mileage, next 40 miles at  $1\frac{1}{2}$  times the mileage and balance for actual mileage, the allowance for 100 miles being Rs. 1-8-0.

*Shri H. V. Kamath's Starred Question No. 1918 of 18th March, 1949.*

#### PAY SCALES OF HEADMASTERS IN SEALDAH DIVISION OF E. I. RAILWAY.

(a) Yes.

(b) The designation "Head Mate" is a legacy of the ex-Bengal Assam Railway. The Central Pay Commission did not make any recommendations regarding these designations or descriptions.

(c) Yes.

(d) The difference in the prescribed scales is due to their old scales having been different. The matter of treating both categories uniformly is under consideration.
