"A provision was made that the Andhra Legislative Assembly Members may meet in a particular place at a particular time to decide the question of capital, according to the wishes of the people. That had been done. Similarly with regard to the location of the High Court also it is the wish of the people that its location should be decided by the representatives of the people of Andhra, I mean, the Andhra Legislative Assembly Members. That is the proper way in which things should be done. Some hon. Members have waxed eloquent on the Sri Bagh Pact. What is the Sri Bagh Pact? It was an agreement entered into between two parties by which either the choice of the capital or the High Court was given to the Rayalaseema people. So far as the capital is concerned the democratic procedure has been followed. The Andhra Members met and we have decided upon a particular place for the same. When such is the thing, why can't we follow the same procedure here also? Why should we leave the choice of the location of the Andhra High Court to a Governor or the Government or the President? I am really surprised to find that those who were so very anxious to bring about this state of affairs here are now coming on with amendments which would take away the right of the Andhra Legislators from choosing their own High Court in a suitable place. It is my humble opinion that this composite Assembly cannot express its opinion regarding the location of the Andhra High Court. This Assembly cannot choose between any two of the places recommended by Justice Wanchoo for the location of the Andhra High Court. The final choice should be left to the representatives of the Andhra public. That is why the Communist Party have given their amendment. What does it say? It says—

"This House recommends to the Parliament of India that clause 36 of the Andhra State Bill be amended so as to provide that the High Court of Andhra and the Judges and division courts thereof shall sit at such place or places in the State of Andhra as the Legislative Assembly of that State may decide."

As Mr. Ramamurthi had observed the choice should be left to the Andhra Legislative Assembly, the composite Assembly cannot discuss this question. That is my submission. In the same manner as we have been called upon to choose the capital of Andhra let the Government of India or the President issue a special directive to all the Andhra Legislators to choose a place for their own High Court. We shall immediately meet and decide on a suitable place. If conditions permit we shall move on the very appointed day. I have no objection. But the only democratic method should be for us to choose the final location of the High Court.

"Of course as hon. Members know the Andhra Legislature is composed of diverse political elements. One cannot say whether on the appointed day we shall have a popular Ministry or not. In the case of there being no popular Ministry, what is the only course left? We shall have the Governor's rule. Where

[Sri T. Nagi Reddi]

[21st July 1953]

can the Legislature be summoned then? That is why my amendment to Sri T. N. Venkatasubba Reddi's amendment has been put. That covers this possibility. In the event of there being Governor's rule, I have fixed a definite date, viz., 1st June 1954. On no account could we remain without our own Andhra High Court beyond 1st June 1954. Hon. Members on an impartial observation will not fail to see the reasonableness behind my amendment. I would request all Andhra Members irrespective of their party affiliations to vote unanimously for this amendment and show to the Government of India that Andhras as a whole had expressed their unanimous desire that the final choice of the location of the High Court should be entirely left to them and that they are anxious enough to move to their own territory within the shortest possible time. Therefore experienced members like Sri Koti Reddi and others may cast their votes in favour of my amendment.

"I would like to mention one more point before I close, Sir. It is true that Mr. Justice Wanchoo had recommended either Tirupathi or Guntur as a suitable place for the location of the Andhra High Court. It is here I enter my protest. The exact location of the Andhra High Court should be left to be decided by the representatives of the Andhras for whom the High Court and all its connected courts are intended. Let us not overlook that fact. Are we not the best judges of our own affairs? If on the other hand the Government of India think that the Andhra High Court also should be moved on the appointed day to Andhra territory, I say, well and good. Let them immediately call for a conference of Andhra Legislators after the present session is over or sometime afterwards. We shall then decide the location of the High Court as we did the capital. If other conditions are also favourable by all means let us have our own High Court in our own territory on the day when our new State is born.

"In the fervent hope that all hon. Members will definitely not fail to see the reasonableness of my amendment and vote unanimously for the same irrespective of party feelings, I shall conclude, Sir."

11 a.m. * SRI T. VISWANATHAM:—"I already stated that for the present myself and my party have decided to keep the provisions as they are at present. Let it not be imagined that we are not anxious to have the Andhra High Court in our own area. But hon. Members may be aware of the impracticability and difficulties that have arisen, direct or otherwise out of our trying to move the Andhra Secretariat and the Legislature to a place different from Madras, where all along we have been running a combined administration."

SRI P. RAMAMURTHI:—"On a point of order, Sir. I am afraid that Sri Viswantham is thinking that we are discussing the amendment to the clause requiring a date to be fixed for the location of the High Court. We are now on the clause which seeks to provide a seat for the Andhra High Court."

[21st July 1953]

* SRI T. VISWANATHAM:—"Let me inform Mr. Ramamurthi that I was speaking only on the practical difficulties involved in moving the High Court to Andhra on the appointed day. I do not want to enter into any dispute with any one. It was on the grounds of practicability that myself and my party decided in favour of preserving the *status quo* till such time as the Andhra Legislature decided the exact date of location of the Andhra High Court. A suggestion had been put forward that the decision regarding the location of the Andhra High Court itself should be left to the Andhra legislators to decide, and not to the Chief Justice or Governor. A section opposes discretion being given to the Governor to decide upon the exact location of the Andhra High Court on the advice of the Chief Justice. A careful scrutiny of the clause will reveal that not only the High Court but even the division courts thereof shall sit at such place or places in the State of Andhra as the Chief Justice may, with the approval of the Governor of Andhra, decide. It is not merely a clause. It is a comprehensive clause which relates not merely to the location of the principal seat of justice but also to certain other matters connected with it and also with the arrangement connected with the selection of suitable places for the functioning of division courts also. These are matters which concern the Chief Justice only and of course to some extent Government also. But can it be said that it falls under the purview of the Legislature? For instance, can we pass a resolution in the Andhra Legislature saying that such and such a place shall, after some day, form the site of the office of the Chief Engineer? Is it not a domestic matter that should be decided by the chief of that department and the Government? Can such a small matter, which falls within the purview of day-to-day administration be discussed in the Legislature? Surely not. These are things that are being decided by Government in their day-to-day administration. Why should we, legislators, bother over those trivial details as the location of the office of the Chief Engineer or any such matter connected therewith? Those who are conversant with the ordinary running of administration will realize that the Legislative Assembly is not the best medium to consider these questions but that these are matters which are generally left to the executive administration. What do we find in this clause? I see nothing overriding our powers in it. The power to decide the location of the High Court and division courts has been given to the Chief Justice, who is the head of the department of justice. Is it any wonder that he is given such a power? After all he alone is the competent judge in these domestic matters under his charge. That is why myself and my party do not oppose it. That is why we did not want to interfere with the present arrangement. We allowed the *status quo* to continue for some more time. As soon as things settle down, we will lose no time in moving the High Court to our own Andhra. Let no one have any misgivings on that score.

"Sir, some friends have expressed the fear that the Governor's rule may come into being on the 1st October 1953. No doubt,

[Sri T. Viswanatham] [21st July 1953]

Sir, it is true that the Andhra Legislature is composed of diverse political parties no one commanding an absolute majority to form the Government. After all, Sir, in our democracy the Governor is only the constitutional head. He carries on the administration with the advice of a Council of Ministers. The Governor has got to call the leader of the majority party in the Legislature to form the Government. On my own behalf and on behalf of the party I represent, let me assure those hon. Friends who have expressed the fear that the Governor's rule may come into being on the 1st October 1953 in Andhra, that no such thing shall ever happen. There will be a Ministry. Though it may not command a big majority, yet it will have a workable majority. I do not think it is an insurmountable difficulty. We will have a popular Ministry. The Government will be there. The Assembly will be there. We will be there. The Ministers will be there. In fact I expect lively discussions in our new Legislature, for as you know, Mr. Speaker, I am one of those who are fond of lively discussions on the floor of the House always. I am anxiously looking forward for that day, I mean, 1st of October 1953, though personally speaking I would prefer the 2nd instead of the 1st. (Cheers.)

"As a matter of fact it may be seen from the Constitution that nowhere is it stated that the place of the High Court of a State shall be determined by its Legislature. In fact it is a thing that is to be decided by the Chief Justice and the Government. To suit his administrative convenience and taking into account all other relevant factors, the Chief Justice shall determine the place of the High Court and the division courts. There is nothing unnatural in this. We are not taking away the democratic right of the Andhra Legislature by giving power to the Chief Justice to decide the location of the High Court. Because of the impracticability of moving the Andhra High Court on the appointed day itself and the incidental difficulties that such a procedure may involve, we have decided in favour of the clause as it stands."

* THE HON. SRI C. SUBRAMANIAM:—"Sir, I have listened with great respect to the speech of the hon. Member Sri T. Viswanatham and I may say that I agree with him. With regard to the location of the High Court and the division courts I am inclined to agree with Sri Viswanatham that the same should be left to the discretion of the Chief Justice and not to the Legislature. Nowhere in the Constitution is it stated that the location of High Court of a State shall be determined by its Legislature. There is no constitutional bar against the Chief Justice determining the location of the High Court and the division courts under his jurisdiction. In fact the Government have got the power to change the location of courts to suit their administrative convenience. But that, of course, would be done only in consultation with the Chief Justice.

"Let not Mr. Nagi Reddi and others have any misgivings whether there would be Governor's rule in the new Andhra State at the outset. Let me tell Mr. Nagi Reddi that for my part

[21st July 1953] [Sri C. Subramaniam]

would very much appreciate a popular Ministry functioning from the very outset. The new Andhra State should have a popular Chief Minister and Ministers like Sri Viswanatham so that lively discussions of a more lively character than ours will take place in the new Andhra Legislature. Let us hope for the best. I would very much appreciate a popular Government functioning in our sister Andhra State at the time the new State is born.

"Let me now come to the present controversy? What is it? Some object to the power being given to the Governor to choose the place of the High Court and division courts in consultation with the Chief Justice?

"My own view is that the provision as it is giving the power to the Governor to locate the initial seat of the High Court will suffice. But if you want to take a vote and decide about it in this Assembly, I should say that it should be left to the Andhra Members to decide about it and the Members of the residuary Madras State should not impose their decision and their views on the Andhra Members. Taking an impartial and impersonal view of the whole thing, I am inclined to think that it is for the hon. Members coming from the Andhra to decide on it. But practical convenience is in favour of the provisions made in the draft Bill. If necessary I have no objection and I think it would be better also to amend the clause to read 'The Governor in consultation with the Chief Justice of Andhra', because the Governor is responsible personally not only for the Executive but he is the head of the whole State and it is but fair that the Governor should be given the power to locate the seat of the High Court in consultation with the Chief Justice. That may be a proper thing and we should not bring in the Members of the Assembly or the Assembly as such into the picture. The ultimate responsibility and the ultimate power vest in the Assembly as the representatives of the people and they can always change the place. But the initial choice should be left to the Governor. I would therefore appeal to the hon. Members coming from the residuary Madras State that we should not impose either our views or our decision on this matter. It should be left to the Andhra Members to take a decision on this."

* SRI P. RAMAMURTHI:—"Sir, I want just to clarify one point. I do not want it to be understood that there is any interference in the internal affairs of the future Andhra State by the Members who are not Members of the Andhra State. Here we are not deciding the question of the location of the High Court. But we are deciding a certain principle and that principle, we feel, should be a democratic one. The Andhra Members must have a voice in that. Therefore, this is not a question of interference. I am unable to accept the suggestion."

THE HON. SRI C. RAJAGOPALACHARI:—"Division courts also?"

[Sri P. Ramamurthi] [21st July 1953]

SRI P. RAMAMURTHI:—"I will omit reference to division courts and recast the amendment as follows:—

'That this House recommends to the Parliament of India that clause 36 of the Andhra State Bill be amended so as to provide that the High Court of Andhra shall sit at such place in the State of Andhra as the Members of the Legislative Assembly of that State may decide at a meeting.'

MR. SPEAKER:—"The question is—

'That this House recommends to the Parliament of India that clause 36 of the Andhra State Bill be amended so as to provide that the High Court of Andhra shall sit at such place in the State of Andhra as the Members of the Legislative Assembly of that State may decide at a meeting.'

The amendment was put and declared lost.

MR. SPEAKER:—“ The result of the voting is Ayes 66, Noes 66 and Neutral 103.

“ I think this is the first time here that the Speaker has got to exercise his casting vote. Under the Constitution the Speaker should not vote in the first instance, but he has got a casting vote. But the convention is that he should give the reason for the way in which he exercises his casting vote to avoid any imputation of partiality. In England the principle has been laid down that the casting vote should be so exercised as not to change the position. In other words, the *status quo* should be maintained. So I give my vote against the amendment. The final result is—

‘ Ayes 66, Noes 67 and Neutral 103.’ ”

The amendment is lost.

The amendment of Sri T. Nagi Reddi (No. 91) was put and lost.

MR. SPEAKER:—“ I am now going to put Mr. G. Latchanna's amendment (No. 92) to vote. The question is—

“ This Assembly recommends that for the words ‘ at such place or places ’ the words ‘ in any of the two centres indicated by Justice Wanchoo and in the light of Sri Bagh Pact ’ be substituted.”

The amendment was put and declared lost. A poll was demanded. The division bell was then rung.

MR. SPEAKER:—“ I shall now read the amendment.”

SRI T. VISWANATHAM:—“ One amendment has already been lost.”

MR. SPEAKER:—“ It is only a view. There is difference between amendment and view.”

SRI T. VISWANATHAM:—“ In that case there will be no finality to any view.”

MR. SPEAKER:—“ Does Visala Andhra come within the scope of the Bill? ”

[21st July 1953]

SRI T. VISWANATHAM:—“ With regard to Visala Andhra, for example, to-morrow I may move another amendment, and say that that is my view. When once we vote for a thing we must stick to the general principle thereof; if not to the letter of it, at least to the spirit of it. When a question has been decided, we have to rule out other things covered by it.”

MR. SPEAKER:—“ Let the hon. Member explain what he means.”

SRI T. VISWANATHAM:—“ It is decided that the High Court of Andhra and the Judges and division courts thereof shall sit at such place or places in the State of Andhra as the Chief Justice may, with the approval of the Governor of Andhra, appoint. How can we have another amendment, because a view has been taken . . . ”

MR. SPEAKER:—“ When was it taken? ”

SRI T. VISWANATHAM:—“ One amendment has just now been thrown out.”

MR. SPEAKER:—“ The amendment to clause 36 given notice of by the Leader of the Opposition was thrown out by the House.”

SRI T. VISWANATHAM:—“ The House having given its verdict on that amendment . . . ”

MR. SPEAKER:—“ That is altogether different. What does the hon. Member want now? Does he want the Sri Bagh Pact to be honoured? That is the amendment of the hon. Member Sri Latchanna.”

SRI T. VISWANATHAM:—“ I thought that amendment having been rejected, clause 36 stood.”

MR. SPEAKER:—“ The present amendment is perfectly in order.”

SRI C. V. K. RAO:—“ On a point of order, Sir. I want a clarification. In regard to an earlier amendment, you said that in order to maintain the *status quo* you exercised your casting vote against that amendment. How can we take up another amendment now to that clause. I want to know whether it is in order to take up this amendment now.”

MR. SPEAKER:—“ The House may or may not accept this amendment.”

SRI P. RAMAMURTHI:—“ Sir, we have not yet taken the original clause for voting. There are other amendments on the order paper. After all the amendments are disposed of, the original clause may be taken up.”

MR. SPEAKER:—“ That is what I am doing.”

[21st July 1953]

SRI N. RAMAKRISHNA AYYAR:—"When once Kurnool has been chosen as the capital, can it be said now that the High Court shall sit in any of the two centres indicated by Justice Wanchoo—Tirupati or Guntur?"

MR. SPEAKER:—"This House has nothing to do with all that. If hon. Members want to throw out this amendment, they can throw it out. It is entirely in their hands."

Voting on the amendment of Sri G. Latchanna (No. 92) then commenced.

The amendment was lost.

MR. SPEAKER:—“ Hereafter I will simply ask hon. Members to stand in their places and count their number. I am not going to allow any more divisions. This division has unnecessarily been asked for.

“ We are now on amendment No. 93.”

SRI VAVILALA GOPALAKRISHNAIAH:—“ I do not know what happened to clause 28, Sir.”

MR. SPEAKER:—“ We will come to that afterwards.”

SRI VAVILALA GOPALAKRISHNAIAH:—“ Sir, if clause 28 is accepted *in toto* my amendment need not be here at all. That is my submission. We have not yet passed the first clause, clause 28. That is the most vital clause. Clause 36 is only a consequential clause.”

MR. SPEAKER:—“ I think the hon. Member has given notice of an amendment to clause 28 also. Then let him not move this amendment.”

SRI VAVILALA GOPALAKRISHNAIAH:—“ My amendment is about the date.”

MR. SPEAKER:—“ Let the Hon. the Leader of the House explain what Mr. Gopalakrishnaiah wants.”

THE HON. SRI C. SUBRAMANIAM:—“ Let the hon. Member state whether he is pressing his amendment or not. It is for the Member to say whether he wants to press his amendment or not. If he does not want to press, he need not.”

SRI VAVILALA GOPALAKRISHNAIAH:—“ Sir, you asked the Leader of the House to explain what I wanted. But he said that if I wanted to press the amendment, I might do so. My submission is that clause 36 is subsequent to clause 28. If clause 28 is not passed . . .”

MR. SPEAKER:—“ We will take up clause 28 afterwards. I will now put the amendment to the vote of the House.”

21st July 1953]

* THE HON. SRI C. SUBRAMANIAM:—“ The amendment of 12-10 Sri Vavilala Gopalakrishnaiah has nothing to do with clause 28. This clause relates to the seat of the High Court and he is suggesting Guntur for that. It has nothing to do with clause 28 at all.

“ The amendments of Messrs. Vavilala Gopalakrishnaiah (Nos. 93 and 94), T. Lakshminarayana Reddi (No. 95), N. Gopala Menon (No. 96), H. Satyanarayana Dora (No. 97), K. Krishna Rao (No. 101) and K. Venkaiah (No. 102) were, by leave, withdrawn.

“ Now, Sir, we may resume our discussion on clause 28.”

MR. SPEAKER:—“ I have no objection. We shall take up clause 28 now.”

Clause 28.

* SRI P. RAMAMURTHI:—“ Sir, after discussion and consultation among various sections of the House, I move the following amendment to amendment No. 81 given notice of by Messrs. T. N. Venkatasubba Reddi and Ramakrishna Ayyar:—

‘ Add at the end the words “ which shall not be later than June 1, 1954.” ’

“ My amendment seeks to specify the date for the constitution of the Andhra High Court. The amendment as amended will read as follows:—

‘ For sub-clause (2), substitute the following:—

“(2) The President shall, as soon as may be convenient or on the passing of a resolution by the State Assembly of the Andhra State appoint by notification in the Official Gazette a date for the purpose of sub-clause (1), which shall not be later than June 1, 1954.” ’

This is a very simple amendment.

MR. SPEAKER:—“ Is it an agreed amendment? ”

SRI P. RAMAMURTHI:—“ Sir, there is a large measure of agreement, but I am afraid there has not been unanimity.”

* SRI T. N. VENKATASUBBA REDDI:—“ I think it is not advisable to add these words for the reason that if it is found convenient to transfer the High Court by 1st June 1954, it is open to the President or to the Assembly to take immediate steps for the purpose. If we fix the date now, it will add to the already great difficulties of organising a Capital, for we may have to find another town for the establishment of the High Court in a hurry. So, we must not fix a definite date by which time the High Court should move to a new place. There must be some laxity so that the President or the Andhra Assembly may decide the question. I think, therefore, my amendment need not be amended further in the interest of the new State.”

[21st July 1953]

MR. SPEAKER:—“First I will put the amendment of the Leader of the Opposition to the vote of the House. If it is carried, then I will put the amendment of Sri Venkatasubba Reddi, as amended, to the vote of the House. The question is—

‘Add at the end of Sri Venkatasubba Reddi’s amendment (No. 81) the words “which shall not be later than June 1, 1954”.’

The amendment was put and carried.

MR. SPEAKER:—“I will now put the amendment as amended to the vote of the House. The question is—

‘For sub-clause (2), substitute the following:—

“(2) The President shall, as soon as may be convenient or on the passing of a resolution by the State Assembly of the Andhra State appoint by notification in the Official Gazette a date for the purpose of sub-clause (1), which shall not be later than June 1, 1954.”’

The amendment, as amended, was put and carried.

The amendments of Messrs. P. Ramamurthi (No. 75), D. Seetharamiah (No. 76), G. Yellamanda Reddi (No. 77), Vavilala Gopalakrishnaiah (No. 78), N. Gopala Menon (No. 79), K. Rajagopala Rao (No. 82), C. R. Ramaswamy (No. 83), D. Seetharamiah (No. 84), K. Venkaiah (No. 85) and M. Veerabhadram (No. 86) were, by leave, withdrawn.

MR. SPEAKER:—“We will now take up clause 38.”

Clauses 38 and 41.

The following amendments were moved by the hon. Members in whose names they were standing and duly seconded:—

* THE HON. SRI C. SUBRAMANIAM—

“103 These clauses should be amended so as to provide that the pending proceedings to be transferred from the Madras High Court to the Andhra High Court, Mysore High Court shall be those specified in lists prepared by the Chief Justice of the Madras High Court and notified by the Chief Justice of India.”

SRI T. VISWANATHAM—

“104 This House recommends that clause 38 be amended so as to vest the Andhra High Court with jurisdiction and power to hear and decide all pending proceedings at the stage at which they would be on the date of their transfer from the Madras High Court and that sub-clause (2) of clause 38 be deleted.”

Sub-clauses (1) and (2).

SRI T. PRAKASAM—

“105 This House recommends that sub-clauses (1) and (2) be deleted.”

21st July 1953]

Sub-clause (3).

SRI K. VARADACHARI:—

“106 Insert the following proviso:—

‘Provided that in the case of writs or any proceedings of a like nature pending in the High Court of Madras the Chief Justice of Madras and the Chief Justice of Andhra High Court shall decide jointly in which High Court the writ or other proceedings shall be retained or to which Court the same is to be transferred.’”

* SRI T. VISWANATHAM:—“Sir, my amendment is very simple. It relates to a situation which will arise after the High Court of Andhra is established. According to the provision made in the present Bill, even after the formation of the Andhra High Court, it is expected that appeals and reviews over certain decisions given by the Madras High Court shall continue to remain within the jurisdiction of the Madras High Court. The position, therefore, will be that although we have got for original jurisdiction and some other matters a separate Andhra High Court, still with regard to certain appeals and review petitions, we have to come again to Madras. It is a situation which cannot be contemplated with any sense of satisfaction. If this provision is made, several anomalies will arise and similar questions may be taken up and contradictory judgments given by the Andhra High Court on the one side and the Madras High Court on the other, on points arising in appeals. Therefore, if the appellate jurisdiction is vested in the Madras High Court, any amount of confusion will be created. So, I submit that as soon as the Andhra High Court is formed, all pending proceedings should be transferred to the Andhra High Court and that High Court should be vested with the power of continuing those proceedings from the stage at which they were transferred. Only one difficulty might arise with regard to review petitions. Review is a matter falling within certain clauses of the Civil Procedure Code. When once the Central Government pass this Act and say that all proceedings shall be transferred, the Andhra High Court itself, under the Civil Procedure Code, will get the power of suitably amending the concerned provision to provide for review petitions. Even assuming that the Andhra High Court, under its powers, cannot change the rules with regard to review petitions, still the Government of India who are creating the Andhra High Court for the first time can provide for a suitable amendment of the Civil Procedure Code. The result of it would be this. The procedure, after the formation of the High Court, if my amendment is to be accepted, is that all matters which arise within the territories of the Andhra State and which are within the jurisdiction of the Andhra High Court, will be transferred to the High Court of Andhra, including writ proceedings. There is no difficulty even with regard to writ proceedings. Article 226 would apply to the Andhra High Court also. So writ proceedings also can be transferred to the Andhra High Court. All these can be transferred according to the place of original and cause of action.”

12-20 P.M.

[21st July 1953]

My amendment, stated without technical language, will be to this effect. All proceedings which are pending before the Madras High Court shall be transferred to the Andhra High Court as soon as that High Court is created. Naturally, lists will follow. We have got sufficient time. So arrangements should be made to transfer all cases. There is no reason why appeals and review proceedings should remain with the Madras High Court. It will create a lot of anomaly besides causing considerable inconvenience to the litigants and to those who represent the litigants. To avoid these only, I have moved my amendment."

* THE HON. SRI C. SUBRAMANIAM:—"I would like to have some clarification from the hon. Member Sri Viswanatham. My amendment No. 103 also deals with the transfer of cases. His amendment No. 104 deals with a substantial thing, and it is a little bit vaguely worded. It says 'all pending proceedings' should be transferred. It is not clear whether it refers to proceedings that have arisen in areas within the Andhra territory or all the proceedings pending in the Madras High Court relating to other areas as well. This has to be clarified. Further I would like to know from him if he is agreeable to my amendment which is not excluded by his amendment."

SRI T. VISWANATHAM:—"I am sorry for the omission of a small phrase which has to be added to the effect, 'all pending proceedings in respect of matters arisen within the Andhra territory'. This is what I had in my mind. With your permission. I would like to suggest this verbal addition to my amendment. Surely I never meant that all proceedings pending in the Madras High Court should be transferred. That was not my intention."

* THE HON. SRI C. SUBRAMANIAM:—"There is the other question also. We have to lay down a principle. When we say that all matters relating to, or that have arisen in, the Andhra territory should go over to the Andhra High Court, we have to take into consideration certain factors. There may be a case in which the cause of action may have arisen partly in the Madras territory and partly in the Andhra territory. We have to consider all such border-line cases. Therefore there should be some authority who should finally transfer these cases. That is why I have suggested in my amendment that the Chief Justice of Madras will prepare a list of cases and proceedings which will go to the Andhra High Court and which will be notified by the Chief Justice of India. Thus there will be scrutiny of the list by the Supreme Court also. The Government's intention is that the matter of transfer of these cases should not be made a contentious affair and when the list is scrutinized and notified by the Chief Justice of India, it should be considered as final. If for the purpose of convenient hearing, the parties want a transfer of cases afterwards, it should be on an application for transfer of the case on other grounds and not on the ground that there has been wrongful transfer. That principle should be laid down. That is why I have suggested my amendment so that there may not be some sort of suspense with regard to these

21st July 1953]

[Sri C. Subramaniam]

transfers. If this is accepted, there may not be much difficulty with regard to Mr. Viswanatham's amendment recommending the deletion of sub-clause (2) which relates to appeals from the judgment of High Court, i.e., Letters Patent Appeals, etc. As regards the point whether certain cases which were decided in the Madras High Court, have to be decided by that Court itself in appeal also or whether they should be transferred to the Andhra High Court, I wish to submit that after all, the same High Court is being split up into two. It is not a case of two separate and new High Courts dealing with these cases. The same High Court is being split up and there may not be any technical objection to the Andhra State High Court dealing with Letters Patent Appeal, etc., on the ground that these should be disposed of by the same High Court which dealt with them originally. So I am agreeable to the deletion of this sub-clause."

THE HON. SRI C. RAJAGOPALACHARI:—"I submit that in order to avoid all ambiguity about the matter, these two amendments should be clubbed together and passed as one resolution so that one may not be in conflict with the other."

* SRI T. VISWANATHAM:—"I am thankful to the suggestion made by the Chief Minister. But my trouble is this. The Civil Procedure Code already provides for cases in which the cause of action arises partly in one territory and partly in another. My point is, if the Chief Justice makes a list of cases, it is certainly liable to be questioned by parties. Because, certain decisions are there and certain interpretations have been given even in the Civil Procedure Code with regard to such cases of transfer and jurisdictional matters. That is the reason why I say that the preparation of a list determining the jurisdiction once for all by the Chief Justice is not quite correct. The Chief Justice has got the right to classify certain appeals to be sent over to one Court and certain others to be sent over to other Courts. But, here the position is not the same. Here, we deal with two different territories. If a decision was taken according to the existing law and if there was doubt, then it must be left to the litigants in that particular case to argue out the case. Each case must be decided on its own merits. That is the reason for my amendment. Amendment No. 103, moved the Hon. Minister will cause difficulty which we want to avoid. Each case has got to be decided on its own merits. Therefore, the Hon. Minister's amendment is not acceptable to me."

* THE HON. SRI C. SUBRAMANIAM:—"We have to consider cases where criminal jurisdiction is involved. As far as the Civil Procedure Code is concerned, it is open to the parties concerned to make a motion for transfer of a case for the sake of convenient disposal. We must consider the position with reference to the Criminal Procedure Code. Take a case where a murder is committed in Adoni or an incident takes place in Adoni and the man is brought to Bellary Hospital and he dies there, and

[Sri C. Subramaniam] [21st July 1953]

a case is pending in the Bellary District Court. If that case has to be disposed of how is it to be decided as to where the cause of action arose? Is it to be decided with reference to the place where the incident took place and where the rioting and stabbing took place, viz., Andhra territory or the place where ~~death~~ took place, viz., Bellary? In such cases, if a decision was taken one way or the other it may be open to the parties to argue that the transfer was made wrongly and that the conviction or decision made on that basis will not be binding on them and so it should be reopened. Our intention is to close the matter once for all as far as the transfer of cases is concerned. That is why we say that the list prepared by the Chief Justice of Madras and notified by the Chief Justice of India should be final and no conviction or order or decision passed or taken on transfer of proceedings should be questioned as such. Of course, it is provided in the Civil Procedure Code that cases may be transferred on regular applications praying for transfer on the ground of convenient disposal. We are not superseding this provision on which applications can be made. So far as criminal proceedings are concerned, the position is entirely different. At every stage, people may go to the Supreme Court stating that a particular order was made by a Court which has no jurisdiction as the transfer itself was wrong. In order to avoid all these things, we want to state clearly here itself that the list as prepared by the Chief Justice of Madras and as notified by the Chief Justice of India should be final."

* SRI T. VISWANATHAM :—" There is some confusion. Even in respect of criminal cases, the Supreme Court has got jurisdiction and there will be no difficulty. What I want to stress is this. When we make a departure from the existing practice, further difficulties may arise. In the case of jurisdiction, transfer of cases, etc., it must be left to the parties and litigants to put forward and argue their respective cases. Each case will have to be decided on its own merits. For different sets of facts, a common rule cannot be made. We have been getting on for years and years with regard to cases in which the cause of action arose partly within the jurisdiction of one area and partly within the jurisdiction of another area.

12-30 p.m. " I submit, Sir, the matter may be left to the new High Court to deal with as soon as it is formed. Of course, by this statutory, transfer, if any party is affected, it will be open to that party to raise the point of jurisdiction in the Court. As a matter of fact, if the Andhra High Court is not to do it but even before the formation of the Andhra State, the Chief Justice of Madras High Court should decide which cases according to law should be transferred to the Andhra High Court and which should not be transferred, we will be landing ourselves in further difficulty. There is no cross purpose between me and Mr. Subramaniam in our aims. I only submit that Mr. Subramaniam's amendment, if passed, will create more difficulties because it will deviate from the existing provisions of law and practice."

21st July 1953]

* THE HON. SRI C. SUBRAMANIAM :—" Suppose we lay down principles on which the allocation of the pending cases should be made. Who is the authority to carry out those orders? It has not been provided in the Bill. Is it Mr. Viswanatham's intention that in each case, an Andhra party should go over to the Madras High Court with a request that his case is one to be decided by the Andhra High Court and so it must be transferred to that Court? Having laid down certain rules, we must decide the authority who should carry out those rules. So, all that we suggest is that the Chief Justice of the Madras High Court should make out a list of cases which would come under the principles laid down by the Government of India in the Andhra State Bill and should send them to the Supreme Court so that the Chief Justice of India may notify those cases. After all, when the Andhra High Court is formed, it should have some work to do. Even before the 'prescribed date' all the work that should go to the Andhra High Court should be decided so that the new High Court may take up all pending cases. Therefore there is no question of the Andhra High Court as such not exercising a function which it should. Even the joint High Court in Madras will have some judges who, though they may remain here for the time being, may have to go to the Andhra High Court when it is formed. Taking all these things into consideration, we have provided that the Chief Justice of Madras High Court will decide the cases subject to the ratification of the Supreme Court."

SRI T. VISWANATHAM :—" The difference is considerably narrowed. My amendment is merely a verbal one which may be incorporated in clause 1 and the Government amendment may be taken up later."

MR. SPEAKER :—" I would suggest that both the amendments be clubbed together."

SRI T. VISWANATHAM :—" Unless mine is put first, the second does not follow."

* THE HON. SRI C. SUBRAMANIAM :—" Having agreed to the principle, we shall draft it properly with the assistance of the officials concerned and we can take it up later."

' The further consideration of the amendment was postponed.'

MR. SPEAKER :—" There are no amendments to clauses 39, 40 and 41."

Clause 42.

* THE HON. SRI C. SUBRAMANIAM :—" Sir I move—
" 108 This clause should be amended so as to empower the Governor of Madras to authorize the expenditure in the Andhra and Madras States, for the period beginning with the appointed day and ending with the 31st March

[Sri C. Subramaniam] [21st July 1953]

1954, and to add that the formalities prescribed in Article 205 of the Constitution in connexion with the Supplementary Grants for the financial year 1953-54 shall be sufficient authority for all expenditure incurred during such period."

SRI T. PRAKASAM:—"Sir, I move—

'109 This House recommends that provision be made to the effect that under clause 42, it is only the person who will be appointed as Governor of Andhra before the appointed day should have authority to authorize withdrawals from the Consolidated Fund of Andhra State for any expenditure considered necessary for that State and also to include another provision enabling or authorizing the Andhra State Legislative Assembly to take a vote on account for the rest of the financial year in respect of the expenditure of Andhra State.'"

The amendment was duly seconded.

SRI E. L. RAGHAVA MUDALIAR:—"Sir, I move—

"110 In clause 42, omit the words "and the Consolidated Fund of the State of Madras" occurring after the words "State of Andhra" and also omit the words "or the State of Madras, as the case may be."'"

The amendment was duly seconded.

MR. SPEAKER:—"All the amendments are before the House for discussion."

* SRI T. VISWANATHAM:—"Sir, Mr. Prakasam's amendment is a very simple one and it does not conflict with the Government amendment, with regard to the period for which the Governor should get the power of withdrawing money from the Consolidated Fund of the State. All that I say is on the day of the formation of the Andhra State, the Governor of Andhra, whoever the person may be, should be able to issue orders. The Governor of Madras need not issue those orders and there can be no difficulty at all in this arrangement.

* SRI M. HANUMANTHA RAO:—"Sir, I oppose the first amendment moved by the Government because it extends the period from three to six months. The Governor of course must have the right to spend money from the Consolidated Fund of the State for a period of three months due to that period being transitional. At the same time, it is not necessary that the period should be extended to six months and I am surprised at Mr. Viswanatham's explanation when he says that he does not mind extension of time. Because I feel that Mr. Prakasam's amendment itself suggests that the Andhra Governor must be empowered to spend for a period of three months only. For the rest of the period, viz., three months, the Andhra Governor will have to take a vote on account

[21st July 1953] [Sri M. Hanumantha Rao]

from the Assembly. I do not have any objection to the Governor of Andhra or the Governor-designate being empowered to withdraw moneys from the Consolidated Fund of the State. That proposal I completely agree to and support heartily. But with regard to the period, I have very serious objection and it must be three months and nothing more.

"Another point, I wish to refer to, is that the same process is suggested in the Government amendment with regard to Madras State also. I feel, Sir, it is quite unnecessary here. In the transitional stage, there should be provision no doubt for withdrawing moneys only for a period of three months. Why should it be extended? The State is there; the Legislative Assembly is there and it can continuously arrange its sittings to settle these things. That is why it is still more objectionable in the case of Madras to have the period extended to six months. With these words, Sir, I oppose the Government amendment and support Mr. Prakasam's amendment."

* SRI K. KRISHNA RAO:—"Mr. Speaker, Sir, I have to oppose Mr. Prakasam's amendment for this reason. Mr. Prakasam wants to invest the would-be-Governor of Andhra with the power of drawing money. That means a Governor who is not assisted by a Council of Ministers, good, bad or indifferent. It also means that the Governor is not responsible to anybody and he can take all the money. At least in the residuary State, there is a Governor assisted by a Council of Ministers, good, bad or indifferent. You have got them. Why do you want to invest a person who is going to be the Governor at a future date with power to draw money? Please don't do it. This is opposed to the very fundamental principles of democracy. With regard to the Government amendment, I do not see any reason why it should go beyond three months. The original thing is all right. There is no point in extending it up to 31st March 1954."

SRI K. VARADACHARI:—"Sir, I am sorry to say that the 12-40 hon. Member Sri K. Krishna Rao is under a misapprehension. Sri p.m. Prakasam's amendment seeks to authorize the Governor of the Andhra State to incur expenditure as contemplated in this clause; because, on the appointed day, there will be a Governor for the Andhra State and the moment he takes oath of office, he can also sign the apportionment of expenditure from the Consolidated Fund. Therefore, there is absolutely no difficulty for the Governor of the Andhra State functioning in this matter. The apprehension of the hon. Member Sri Krishna Rao appears to be that no one will be appointed as Governor for some time. It is not so. The Governor will be appointed on or before 1st October and he will take the oath of office and at the same time he will begin sanctioning expenditure. Therefore, there is no difficulty about it and the hon. Member Mr. Prakasam need not be confronted with the difficulty pointed out by Mr. Krishna Rao."

* SRI V. R. NAGARAJAN:—"Sir, the original clause 42 speaks of only three months, whereas the amendment now sought

[Sri V. R. Nagarajan] [21st July 1953]

to be moved by the Hon. Finance Minister asks for a further period to be given to the Governor to deal with the finances of the States until 31st March 1954. I submit, Sir, whether it is one Governor that is going to deal with both the Provinces or whether there will be another Governor, that cannot be a very important matter in this connexion. On any account, time should not be given for more than three months, because the effect of granting this time will be that the Legislature will not be sitting until 31st March 1954. It would be nullifying the good work that this or the other Legislature may do, and we may not be called upon to deal with the finances of the State for the rest of the year. So it is very necessary that the time asked for should never be until 31st March 1954, but it should cease by 31st December 1953. That is my submission, Sir."

SRI E. L. RAGHAVA MUDALIAR:—"Sir, I feel that by this Bill, the rights of the residuary Madras Legislature should not be affected. So far as the new Andhra State is concerned, it is but meet that such a provision should be there. I do not understand why such a provision should be made for the residuary State at all. I think that if the amendment of the Hon. Finance Minister is accepted, the Legislature will be abdicating its functions and it will be a negation of the very democracy itself. Of course, there may be some technical difficulty. If the Assembly of the Residuary State cannot meet before the appointed day, they could meet on the appointed day or on the subsequent day, and it can vote on account and discuss. Therefore, I submit that all reference to the State of Madras and to the Consolidated Fund of the Madras in clause 42 shall be omitted."

* SRI VAVILALA GOPALAKRISHNAIAH:—"Sir, I stand here to oppose the amendment of the Hon. Sri Subramaniam and to support the hon. Member Mr. Prakasam's amendment. Sir, the Hon. Mr. Subramaniam's amendment negatives the whole thing and leaves the appropriation of the amounts into the hands of the Madras Governor, not only for three months, but for the whole of the remaining year, i.e., six months. My submission is this. The amendment of Mr. Prakasam states that it must be left to the Governor of the Andhra. But it must be left in the hands of the Andhra Governor and it should be only for three months and the Governor should be asked to face the Assembly and ask the Assembly for the power to withdraw from the Consolidated Fund. Though the spirit of clause 42 as it stands is good, they have authorized the Madras Governor to withdraw funds. When two parties are there and when the division is going on, naturally there will be some misunderstandings. As Mr. Krishna Rao said, at least there is a Cabinet in the composite State. There won't be an Andhra Ministry on the formation of the Andhra State. So the whole allotment may be more unfavourable to Andhra."

"Sir, the Central Government have appointed a Special Officer and he may be appointed as the Governor on the 1st October or even before. Before that, he must be authorized to withdraw or incur expenditure from the Consolidated Fund. When the

21st July 1953] [Sri Vavilala Gopalakrishnaiah]

Governor appointed for the Andhra State takes up his office, the Consolidated Fund has to be divided, as the Consolidated Fund of the Andhra State and the Consolidated Fund of the residuary Madras State. So I request this House and Parliament to take that aspect into consideration. We know there is every doubt that there may not be any Ministry in the Andhra State immediately. We are afraid that there will be Governor's rule. Of course, we do not wish it. As a matter of fact we wish it should be a democratic State and the Assembly should be functioning. Now we see day-to-day changes and day-to-day manoeuvres in politics; something may happen, I can only say it will be 'politics'; some tricks will happen and that is why I say the Andhra State Governor should be authorized to allot funds for three months. If he cannot then convene the Assembly and get funds sanctioned, the President may decide on the next step. But as things stand now, let the Andhra Governor have three months only for expending sums. It should be the Andhra Governor and not the Madras Governor. That is my submission, Sir."

SRI PILLALAMARRI VENKATESWARLU:—"Sir, I hope there will be no objection either to the Hon. Sri Rajagopalachari or the Hon. Sri Subramaniam to leave matters to the Andhra State, the Andhra Governor and the Andhra Cabinet. But unfortunately, both in the Bill as well as in the amendment suggested the Hon. the Finance Minister seeks to vest powers in the Madras Governor . . ."

THE HON. SRI C. SUBRAMANIAM:—"It is because of some legal difficulties."

SRI PILLALAMARRI VENKATESWARLU:—"Sir, the principle of authorizing the Madras Governor to spend for the Andhra State from the Consolidated Fund is in itself wrong. If there is any legal difficulty, the Hon. Sri Subramaniam may set it right in a legal way and in a legal manner and if necessary, the Constitution may also be amended. In this connexion, I submit that the Central Government, as we are given to understand, are thinking of forming a number of new States on linguistic basis, by amending the Constitution itself, if need be. They will be making provision for the Governors of these new States to spend from the Consolidated Fund of the previous composite State. I therefore feel that there is no need to empower the Governor of Madras to authorize the expenditure in the Andhra State from 1st October 1953 till 31st March 1954. I also want clarification from the Hon. Finance Minister Sri C. Subramaniam why in the Madras State also they want the Governor to authorize the expenditure. We would like to understand the principles so that if they are good we can carry them to the Andhra State. I would like to know what is it that is uppermost in their minds in empowering the Governor to authorize the expenditure in the Madras State instead of convening the Assembly and passing the budget. After all there is no fear that there won't be a Cabinet in Madras. If it is in the mind of the Hon. Sri C. Subramaniam

[Sri Pillalamarri Venkateswarlu] [21st July 1953]

that there may not be a Cabinet even in Madras after the separation of Andhra, there is no ground for it. I do not wish that it should happen, and I wish that the Hon. Sri C. Rajagopalachari and the Hon. Sri C. Subramaniam and others should represent the Government in Madras, and Sri Sanjeeva Reddi in Andhra, instead of having Governor's rule. Therefore, the provision regarding Madras may be deleted and as far as the Andhra affairs are concerned, they may be left to the Andhra Assembly. I support the amendment moved by Sri T. Prakasam and hope there may not be any occasion for the Governor to authorize expenditure for more than three months. Even before that there may be a Cabinet for the Andhra State also, and they will take a vote on account for the rest of the financial year. As regards the fears expressed by Sri K. Krishna Rao, I would like to point out that it is no good to allow the affairs of Andhra State to the Governor of another State, however efficient that Governor or that Cabinet may be. It is a question of principle. We want that the Governor of Andhra should be empowered to authorize the expenditure. With these few words, Sir, I support the amendment moved by Sri T. Prakasam and oppose the amendment moved by the Hon. Sri C. Subramaniam on behalf of the Government."

* THE HON. SRI C. RAJAGOPALACHARI:—"Mr. Speaker, I am rising only to make a few observations explaining why this clause is included in the Bill at all and that will make the position clear. I am very grateful to Sri K. Krishna Rao for what he said because it is just what I wanted to point out. He made it clear that it would be absurd to authorize a person whom we call Governor-Designate or Special Officer, with the power of spending out of the Consolidated Fund. According to Mr. Vavilala Gopalakrishnaiah the bag is there. But the question is who is to authorize expenditure. That is the problem that has arisen now with reference to the transition period. Now, Sir, we have already passed a vote on account which will cover expenditure up to 30th September 1953 and we cannot spend a pie on the morning of 1st October. Hon. Members are confusing this matter with the formation of a Cabinet either with A or B. We need not worry about that and that has nothing to do with reference to the problem we have now. The question of constitutional procedure, i.e., authorization of expenditure up to 30th September 1953, we have authorized already. There is no question that arises now on that account. But we have to decide for expenditure from the 1st of October onwards. No one can operate without proper sanction after that date. We have to pay officers, we have to pay for buildings, for the convening of the Assembly, for the Governor himself, etc. Everything has to be paid for. We must have therefore a legal sanction to cover expenditure from the 1st of October onwards. Now, the Government of India have drafted this Bill providing only for the first three months from the 1st of October. We must make a previous provision, and the previous provision for expenditure can only be done through a constituted Government and this Government is in position now. The residuary State of

21st July 1953] [Sri C. Rajagopalachari]

Madras is in position with a Governor, Ministry, Assembly, and all that. So, this authorized expenditure for the first three months for the present composite State of Madras, i.e., Governor, Assembly and all the rest, is already provided for by a statutory provision. The minimum has been provided for, viz., for three months. Now, our proposal is that this House should recommend a provision to cover six months because it would be a difficult thing even more in the Andhra State than even in the residuary Madras State, to prepare another budget now within the next three months to cover a period immediately following the three-month period provided for. So we suggested six months. Whether it should be three months or six months or whether it should be for three months in the Andhra State and for six months in the Madras State or six months in the Andhra State and three months in the Madras State, that is a matter for difference of opinion. But so far as the first limited period of three months goes, there should not be any misunderstanding. It is absolutely necessary. So the provision in the draft Bill should stand at least as far as it has been provided for. The only question is whether it should be extended to six months.

"There is another point that must be made clear. If any expenditure is to be incurred in Andhra even for this temporary period, the Government of Madras is not going to be so stupid as to authorize the expenditure without any consultation with the officer who is to deal as Governor later on in the Andhra State. But it cannot be put in the Statute or in the Constitution. These consultations will certainly take place and as soon as the Legislative Assembly of Andhra comes into being, they can alter anything; they can cancel everything and pass a new vote on account. It is absolutely necessary that we make some previous provision. When we decided to accept the original provision in clause 42 providing for a three-month period, the Andhra members felt that even in the three months they might not be able to prepare a budget, put it before the Legislative Assembly and get it through, and that the period might be six months. If they want to try they can try."

* SRI T. VISWANATHAM:—"I did not say that on the 1st of October itself the Governor of the new State should authorize the expenditure. There would be some difficulty. That is why I say that the provision in regard to the Consolidated Fund is absolutely necessary. The question is, who should sign? The expenditure is for the Andhra State and therefore the Governor of Andhra should sign. When he will sign is the question posed by the Hon. Chief Minister. Surely, he will sign on the day he takes the oath of office. Suppose there is a minor. The power of the major guardian lapses on the day the minor attains majority and he can sign for himself then. He can take the oath of office on the 1st of October and can sign the first order."

* THE HON. SRI C. RAJAGOPALACHARI:—"Is it the 1 p.m. opinion of Sri Viswanatham, in view of the present position he has

[Sri C. Rajagopalachari] [21st July 1953]

taken that after the new Government is formed and Governor is in a position to sanction the expenditure that he should sign the sanction formally or is it his contention, as put down in the amendment proposed by Sri Prakasam that even *before* the Special Officer is made Governor, *he* should sign any expenditure for Andhra and not anyone else? That is where I have got to object. We cannot stipulate that any expenditure in respect of Andhra should be signed by the Governor or the Governor-designate before the appointed day. For instance, suppose we have got some initial expenditure to be incurred in Kurnool for some purpose, are we to act on the Special Officer's sanction alone? Apart from the fact that we had written to New Delhi that the Special Officer should come here as soon as possible to expedite some initial urgent business, what I should like to submit is, that a stipulation that he alone should sign the expenditure in respect of Andhra and none else is not correct. Of course the Special Officer may arrive in time or somewhat earlier. That is a matter for executive arrangement. No doubt he will acquaint himself with all relevant matters in respect of Andhra. As a matter of fact without his knowledge and approval we could not authorize any expenditure in respect of Andhra *after* the appointed day. Therefore the best that could be done is, to meet the wishes of the Opposition also to let him countersign the expenditure authorized on behalf of Andhra by the Governor of Madras for a period of three months from the appointed day."

* SRI T. VISWANATHAM:—"The meaning of Mr. Prakasam's amendment does not concern the particular person that is going to be appointed as the Andhra Governor. In fact the Governor-Designate is as new to us as the Madras Governor. But what I say is, when he is appointed as the Governor of the Andhra State and as soon as he takes the oath of office, he alone should sanction the expenditure in respect of his (Andhra) State and not the Governor of an alien State, I mean, Madras."

* THE HON SRI C. SUBRAMANIAM:—"I will explain the position, Sir. Already we have provided for some initial exigencies. It is not as if either the Madras Governor or the Andhra Governor authorizes the expenditure of a block grant like Rs. 2 crores or Rs. 3 crores. In any case, some sort of budget will have to be prepared both for the residuary State and for the Andhra State which should become operative from October 1st. On the basis of the budget, expenditure would have to be sanctioned by the Madras and Andhra Governments. The Andhra State which will come into existence on the 1st of October cannot be expected to present its budget at once. So some sort of provisional budget for Andhra for a limited period (say three months) will have to be prepared by us. That is why the Government of India had made the provision that for three months beginning from 1st October 1953, the Governor of Madras shall have the power to authorize expenditure from the Consolidated Fund in respect of both Andhra and Madras. It is not as if the Centre had not taken note of all the relevant matters connected with this particular clause. In fact

[21st July 1953] [Sri C. Subramaniam]

so far as this clause was concerned it was they who had suggested that this procedure be followed. We had nothing to do with that. After all, let not hon. Members think, preparation of the budget can be done so easily. We have got to prepare a budget for the State as a whole, let it be Andhra or Madras. Each Government will have to scrutinize carefully the probable expenditure under each head and prepare the budget. In view of the practical difficulties involved in asking the Andhra Government to prepare the budget immediately, this authorization of expenditure for the Andhra State from the Consolidated Fund had been done and the period too had been limited to three months.

"It is now contended that the expenditure in respect of Andhra could be authorized only by its own Governor from the appointed day and some say it should be done only by the Andhra Governor even before the appointed day. As we all know under the Constitution, the Governor is only the constitutional head. He has to act only on the advice of the Council of Ministers. He cannot sanction the expenditure straightway without being advised by his Council of Ministers. For the Ministry to begin to function it will take some time. There is bound to be a vacuum in the meantime when no expenditure, not a pie, could be spent. Only to avoid the vacuum which prevents any expenditure being incurred from 1st of October 1953 till the Legislature meets and the budget is presented, the Government of India after careful consideration of all practical difficulties involved in the matter, decided that the present procedure be followed. What is it that we suggest now? After all as hon. Members know we had passed through a Budget session (of course only a vote on account was taken for a six-month period).

"So far as the residuary State is concerned a provisional Budget will have to be presented for the remaining part of the year. That may be some time in November or so. The Finance Department would be working out the details for the full-fledged Budget for 1954-55 right from October of this year itself. Therefore if another Budget were to be presented in November 1953 for covering the period till 1st April 1954, then that amounts to saddling the Secretariat with too much work. Let me not be mistaken as though we shirk our responsibility. So far as this is concerned I leave the choice to the Leader of the Opposition. I have explained the practical difficulties involved in the matter. If he is of the opinion that we have got to meet for a Budget session some time in November or so for passing the Budget for the remaining part of the financial year 1953-54 and then again meet in February or March 1954 for passing the full budget for 1954-55, I have no objection. I am agreeable to the reduction of the six-month period to three months in respect of the Residuary State, as is put in the clause.

"The case of Andhra is different. As I had already explained some sort of provisional budget will have to be prepared for them by us to cover some initial months beginning from the appointed day. In view of its impracticability, the power to sanction the

[Sri C. Subramaniam] [21st July 1953]

expenditure for three months from 1st October 1953 has been vested in the Governor. Let not hon. Members imagine that the power of the Andhra Legislature to sanction their own expenditure had been taken away. In fact it has not been done so. All these things could be discussed threadbare when the 'Demands for Supplementary Grants' come up before the Andhra Legislature. As a matter of fact the Andhra Government have got to come before the Andhra Legislature, under the Constitution, for ratification. Only in view of the practical difficulties involved in presenting an interim budget for three months by the Government of Andhra so soon after their commencement of office, I had moved that the present stipulation of three months' expenditure being sanctioned for the Andhra State by the Madras Governor be extended to six months. Hon. Members on an impartial consideration of administrative difficulties will never fail to see the reasonableness behind the Government amendment. After all, Sir, no new scheme is going to be started by either the Andhra or the Madras State during the interim period. They would be only pursuing their existing schemes. It is nothing short of impossibility for them to have two Budget sessions and that too within three months after the inauguration of the new State. As far as the Residuary State is concerned, I had already explained. I leave the choice to the Leader of the Opposition regarding the same.

1-10 P.M. "With regard to Sri Prakasam's amendment that they should go before the Legislative Assembly for a vote on account, it is for them to decide. But regarding the first part of the amendment that the Governor should have authority to authorize withdrawal will, I am sure, lead to practical difficulties and to all sorts of legal hurdles, and however much Sri Viswanatham may be clear in his mind about the whole position, constitutional difficulties cannot be overcome, and that is why the Government of India after a very careful consideration have made such a recommendation."

* SRI T. VISWANATHAM:—"Mr. Speaker, Sir, let me assure the Leader of the House that I was not so very forgetful when I was making the suggestion that it is the Governor of Andhra that must sign the order. I know we cannot create any vacuum. I know that the Secretariat of the composite State will prepare a statement of expenditure and revenue for the purpose and I assume that they will do it, and I also assume that I am not creating a vacuum by the proposals I have made, because the present Ministry is bound to do it; but the point is that the Governor of Madras cannot sign an order for the Andhra State. If at all the President in his superior power may get powers reserved to himself for the purpose. It is only the Governor of the State concerned that can sign. I submit that on the 1st October or prior to that the Madras Governor will not be the Governor of Andhra and I feel that instead of avoiding legal troubles, we will be getting into more troubles."

21st July 1953]

THE HON. SRI C. RAJAGOPALACHARI:—"If, Sir, that is the point, it may be provided that on the 1st October, the Governor of Andhra shall countersign the order and he is bound to do so."

* SRI T. VISWANATHAM:—"The point is that the details will be there and the Finance Department can put it up before him on the 1st of October."

THE HON. SRI C. SUBRAMANIAM:—"But how is he to act without the advice of his Ministers and when will the Ministers come into existence?"

* SRI T. VISWANATHAM:—"It is an overriding executive power which the Governor is vested with for authorizing such withdrawal from the Consolidated Fund; it is on the advice of the present Secretariat and the present Ministry."

THE HON. SRI C. SUBRAMANIAM:—"How can we advise your Governor?"

* SRI T. VISWANATHAM:—"There is no use parrying the issues in that manner. As a matter of fact, the present Government have taken a very great interest in framing the provisions of the Bill from top to bottom without the knowledge and without consulting the Andhra Members who are outsiders so far as the Bill is concerned; they are doing that and it follows that they should do the rest of it also."

* THE HON. SRI C. SUBRAMANIAM:—"I am afraid that I shall have to answer the insinuation that has been made by the hon. Member. Let me tell him that we had nothing to do with the framing of clause 42; it was, as a matter of fact, sent to us now for the first time, and it was why we have made a suggestion in that regard. I wish to assure him that we had no hand in it."

* SRI T. VISWANATHAM:—"Whether they had any voice or not with regard to this clause, it is a fact known to all hon. Members that the Government of India were consulting this Government and the newspapers contained daily reports about it and they were stating that the Ministry were considering it clause by clause. In so far as you did it, I submit we will not grudge your doing it further. The question as to where is the Government and who is the Governor and whom is he going to consult is all irrelevant because we are taking it for granted that you who have taken so much responsibility in the matter should at the time of the division continue the work until the Governor of Andhra signs the order, but the Governor of Madras cannot, I submit, sign for the Andhra State. To us one gentleman is as new as the other. It is merely a constitutional point that even if the Madras Governor signs prior to the appointed day, it cannot apply to the new State. If the Andhra Governor cannot sign before taking office, he will sign on the 1st of October. My whole point is: how can the Governor of Madras sign for the Andhra State?"

[21st July 1953]

THE HON. SRI C. SUBRAMANIAM:—"That is why the Parliament is giving such a power."

* SRI T. VISWANATHAM:—"My point is that such a power should not be given. It should not give power to the Governor of one State to sign the order for another State. That is why it has been suggested that reasonable provisions should be made enabling the Governor to sign the order. So far as I am concerned, I am quite prepared for the order in respect of three months but our amendment is slightly different because we want the State Assembly to meet and then take a vote on account. It may be a full-fledged budget or a vote on account. In my humble opinion a full-fledged budget will be impossible. The Assembly will meet, hear opinions and take advice of the Members of the Legislature, take into consideration the various viewpoints and act. There is no question of vacuum here because Sri Prakasam's amendment provides that the Assembly should take a vote on account for the rest of the year; the amendment is not saying that we should wait for six months because we meet and dispose of the budget."

THE HON. SRI C. RAJAGOPALACHARI:—"If that is the point, I suggest the amendment should be framed properly."

* SRI T. VISWANATHAM:—"I am sorry, Sir, that mine is not an amendment. It only says 'provision should be made enabling . . .'. The object is there and I have left the question of bringing out the object and of framing it to expert hands. I have not said that provision 'shall be made . . .' because the employment of suitable language is the monopoly of the Government experts."

SRI P. RAMAMURTHI:—"On the question, Sir, whether it should be three or six months, we should agree not to extend the time-limit and therefore, I suggest that we stick to the original three months provided in the original Bill."

* THE HON. SRI C. SUBRAMANIAM:—"Sri Viswanatham wants only three months' sanction for the Andhra State and the Leader of the Opposition also thinks that a like thing will do for us. So, as far as the Residuary State is concerned, I propose that my amendment may be permitted to be withdrawn."

MR. SPEAKER:—"With reference to Amendment 109, what is the position?"

* THE HON. SRI C. SUBRAMANIAM:—"It relates to the Andhra State and if they think there will not be any vacuum, I have nothing to say about it. The Legal Department of the Government of India will further scrutinize it in view of the objections and I am sure that whatever is reasonably possible will be done."

"The view has also been expressed that it is derogatory to the Andhra State that the Madras Governor should sign the order. The Government of India may be informed about it and they will scrutinize and if possible change the formula to the effect that the

21st July 1953] [Sri C. Subramaniam]

Governor of Madras should not sign and somebody else; it may be the President should sign. In any event, it should not be the Governor of Madras. That seems to be the view."

The amendment of the Hon. Sri C. Subramaniam (No. 108) was, by leave, withdrawn.

MR. SPEAKER:—"With reference to Amendment No. 109, is the hon. Member removing the words 'before the appointed day?'"

* SRI T. VISWANATHAM:—"I wish to submit, Sir, that it is not as if I have suggested an amendment to a clause or anything of that nature. I have merely made a suggestion that the person who is going to be nominated as the Governor before the appointed day, it is he that should have the power of signing it on the 1st October. That is the recommendation that has been proposed. Apart from the question of derogation, I feel that, under the Constitution, the Governor of one State cannot authorize expenditure in another State."

* THE HON. SRI C. RAJAGOPALACHARI:—"Let me make one more attempt to explain to Sri Viswanatham that we are unnecessarily making too much of a small matter. Everybody agrees that the matter should be thrashed out by the present Government before the 1st October; the present Government and the present Ministry will have to go into them, the present Government includes representatives of Andhras, good, bad and indifferent—just as is the case regarding representatives of the Residuary State also. It is a common Government. Regarding this item No. 109 whether it is called a resolution or an expression of opinion it is so worded that it gives rise to the possible construction, I think a very reasonable construction, that it proposes to authorize the Governor-designate to operate on the Consolidated Fund. I think it is not proper. Let us, therefore, withdraw both items 108 and 109. I can give the assurance on behalf of the Government that we will represent to the Government of India that objection has been taken in the House that the authorization of expenditure after 1st October should technically and properly be signed by the new Governor when he is in office and not by the Governor of Madras and this may be taken into consideration by them and the Bill properly drafted."

The amendment of Sri T. Prakasam (No. 109) was, by leave, withdrawn.

Amendment No. 110 standing in the name of Sri E. L. Raghava Mudaliar was, by leave, withdrawn.

Clauses 43 to 45.

MR. SPEAKER:—"There are no amendments to these 1-20 clauses." p.m.

[21st July 1953]

Clause 46.

THE HON. SRI C. SUBRAMANIAM:—"As a matter of fact, the amendments to clause 46 and the Seventh Schedule overlap each other. We can come to them at the end and shall get on with the other clauses."

MR. SPEAKER:—"As requested by the Leader of the House, we shall take up clause 46 and the Seventh Schedule at the end."

Clause 47.

* THE HON. SRI C. SUBRAMANIAM:—"I move the following amendment:—

'Sub-clause (1) should be amended so as to provide that, if the contract is for purposes unconnected with the Residuary State, but is partly for purposes connected with the Andhra State/Mysore State or both those States and for the purposes of a State other than the States of Andhra, Mysore and Madras, it shall be deemed to have been made in the exercise of the executive power of the Andhra State/Mysore State or of the Andhra State respectively.'"

SRI T. VISWANATHAM:—"May I suggest that as this is a long Chapter dealing with contracts and assets and liabilities, we can take it up to-morrow."

MR. SPEAKER:—"I agree. The House will now adjourn and reassemble at 4 p.m. to-day to discuss the adjournment motion."

(After lunch—4 p.m.)

II.—ADJOURNMENT MOTIONS—cont.

(4) POLICE FIRING IN TUTICORIN AND DALMIAPURAM.

MR. SPEAKER:—"The motion reads as follows:—

'That the business of the House be adjourned to discuss a definite matter of urgent public importance, viz., Police firing on the 15th July 1953 in a number of places in the State such as Tuticorin and Dalmiapuram, resulting in the death of nine innocent persons and serious injuries to many.'"

SRI S. S. KOLKEBAIL:—"I rise on a point of Order, Sir. I am supporting the motion. But after the resolution was moved in the House, a Committee is enquiring into the matter. So the matter is *sub judice*."

MR. SPEAKER:—"Only when the matter is before the Court, it is *sub judice*. This is merely an enquiry. The Committee is not going to give a judgment. So the matter is not *sub judice*."

* SRI P. RANGASWAMI REDDIAR:—"Mr. Speaker, Sir, on the 15th July 1953, the Police opened fire near Tuticorin and at

21st July 1953]

[Sri P. Rangaswami Reddiar]

Dalmiapuram against the volunteers and sympathizers of the Dravidian Progressive Federation. Long before the 15th July, that is, towards the end of May 1953, the Dravidian Progressive Federation held a conference at Lalgudi and passed a resolution to the effect that immediately or within a reasonable time the name of Dalmiapuram should be changed into Kallakudi which is the original Tamil name. They also passed a resolution to the effect that as a token protest against the remark made by the Hon. the Prime Minister of India characterizing the movement at Tiruttani regarding the boundary question by the Tamilians as 'non-sense', they should do some agitation and stop all the trains so that the Prime Minister may feel that the South Indians resented his remark. Naturally, the Government ought to have known these two resolutions long before the agitation actually started. Since the Dravidian Progressive Federation did not receive any reply and the Government did not take any steps to change the name of Dalmiapuram into Kallakudi, they wanted to demonstrate and agitate over these two issues. From the newspaper reports and also from the statement of the Hon. the Chief Minister made on the floor of this House on the 16th instant, we understand that there was absolutely no necessity for opening fire. The only reason given by the Hon. Chief Minister was that in the afternoon there was a very big crowd, that the situation was unmanageable and that therefore the Police had to open fire. Even though the Hon. the Chief Minister said that he was glad for having received the report as early as possible (before making the statement), he did not give any reason as to how the mob was infuriated in the afternoon. He simply said that the mob was rather infuriated, that the situation was becoming uncontrollable and that therefore the Police had to open fire. That is all what I find from the newspaper reports regarding the statement made by the Hon. the Chief Minister on the floor of this House. How all of a sudden on the afternoon of 15th July 1953, the mob became infuriated and became unmanageable is a thing to be considered by the hon. Members of this House. So far as my enquiries go, what happened was this: 'In the morning a batch of some volunteers entered into the premises of the Dalmiapuram Railway station and pasted a paper containing the name Kallakudi against the name Dalmiapuram in the sign-board and then some laid on the track in order to stop the train. The volunteers were arrested and removed by the Police. Similarly, another batch entered and did the same thing. The Police arrested and removed the second batch also. When the third batch entered the premises led by one Kannadasan, a member of the Dravidian Progressive Federation, the Police did not adopt the same method but began to beat him indiscriminately and also broke one of his hands. The mob seeing this violent attitude on the part of the Police protested and shouted that the Police should not indulge in such brutal acts. The Police did not care for the protest of the public and they continued their acts. The mob tried to enter the premises and on seeing the mob the Police wrongly imagined that there would be violence and disorder. They opened fire indiscriminately. Sixty-four rounds were fired with the result that innocent passengers sleeping in the

[Sri P. Rangaswami Reddiar] [21st July 1953]

third-class compartments in the upper berth (I may call the luggage carrier "the poor man's berth"), that is the place intended for keeping the luggage, were shot dead, and another passenger sitting within the compartment was also shot dead. The Police had no business to resort to firing in such an indiscriminate fashion. Many people were injured and two or three persons died on the spot. Some died in the hospital later. These are the circumstances under which the Police opened fire and I have to submit to this House that the reason given by the Hon. the Chief Minister on the 16th that the crowd entered the premises in large groups, that the situation was becoming unmanageable and that therefore the Police had to open fire is not true.

"Now, with regard to the Tuticorin affair, it was a token protest both in Tuticorin and other places against the remark of the Prime Minister of India, which I have already mentioned, characterizing the Tamilian movement in Tiruttani as 'non-sense.' The members of the Federation wanted to stop the trains so that the Hon. the Prime Minister of India may know the agitation in the South. The demonstrations were organized by the Dravidan Progressive Federation and were held in a peaceful manner. I may submit in this connexion that in our State the total population is 5 crores and 70 lakhs. There are only two movements, the Dravidian Progressive Federation and the Dravida Kazhagam to promote the interests and welfare of the Dravidians. If the name of a Northerner is sought to be perpetuated in the heart of Tamil Nad simply because he has invested some capital here to run a business, it would be a shame for the Tamilians and nobody can tolerate such a thing. It is but just and proper that the station should be renamed as Kallakudi and it is equally just and proper for the Tamilians in Tiruttani to agitate the question of boundary in Chittoor district. After all, both the Andhras and the Tamils have equal rights to safeguard their respective boundaries and in order to show their protest the Tamilians started an agitation. That agitation cannot be easily characterized as 'non-sense'. The volunteers of the Federation wanted to take the lead and expressed their protest in an effective manner. Throughout the State they organized demonstrations in as peaceful a manner as possible as was done before by members of other parties during similar agitations. Now, the Hon. the Chief Minister said on the 16th that these matters cannot be prejudged, that he has appointed a Committee to enquire into these matters in detail and that it was not proper for us to discuss them on the floor of this House. So to say, the Hon. the Chief Minister has already given a verdict on this matter. I will just read one sentence from the statement made by the Hon. the Chief Minister on the 16th—

"But at present, I submit that any action such as the one proposed would be prejudging the action of the Police officials who are undergoing a great amount of risk and who are doing their work bravely, promptly, properly and courageously under difficult conditions."

4-10 p.m. "If this is the attitude of the Hon. Chief Minister, there cannot be any surprise about the result of the enquiry that is going on for the past two days. How can it be said that the Police and other officials are doing their work bravely and properly? As I

[21st July 1953] [Sri P. Rangaswami Reddiar]

have already said in the beginning, there was sufficient notice to the Government long before the agitation. I understand reliably that the district officials were not there on the spot. The district officials and the Government ought to have known that large crowds are likely to gather in such circumstances. If the officials apprehended any serious occurrence, they ought to have allowed only the volunteers to enter the premises of the Dalmiapuram Railway Station and effectively prevented the public from entering the premises. On the other hand, they allowed the crowd and the volunteers to enter the premises. When the Police indulged in unnecessarily beating one of the leaders and a protest came from the public, the Police resorted to opening fire. The entire blame for not taking proper steps in advance to prevent such unfortunate incidents and unpopular acts rests with the Government. We understand from reports and enquiries that the opening of fire by the Police in Dalmiapuram on the 15th July was a wanton act. Somehow or other they wanted to open fire with cause or without cause and put the blame on somebody else. It is an unfortunate thing. Ordinarily people may not even resort to travel by train hereafter, because innocent passengers are shot like that. Such unpopular acts are not justified. Our Government in the Centre as well as in the State seem to think that once they come into power, they have no use for the people. The people look upon such an attitude with resentment. When a major organization like the Dravidian Progressive Federation makes a representation on behalf of the people to the Government, it is for the Government to investigate the question, scrutinise the just aspirations and do the needful. If they fail to do so, people resort to peaceful demonstrations to draw the attention of the Government and get redress for their grievances from them. The whole question has to be investigated. As was pointed out by the Leader of the Opposition on the 16th July, an enquiry by a committee consisting of the Personal Assistant to the District Magistrate, Tiruchirappalli, and the Principal Subordinate Judge of Tiruchirappalli will not infuse confidence in the public. This is an important question affecting the people of this State, and a committee enquiring into it should consist of non-officials and the enquiry should be an open enquiry. Otherwise people will lose confidence and the enquiry will be a mockery."

SRI S. SWAYAMPRAKASAM:—“ Mr. Deputy Speaker, Sir, the main purpose of this adjournment motion is to invite public attention to the serious danger to civil liberty and freedom because of the recent acts of the Government and their officials. Here the facts are very simple. The crowd at Tuticorin and Dalmiapuram obviously sympathized with the object of the Dravidian Progressive Federation. In one place, it was as a protest against the new elementary education introduced by the Chief Minister, even without consulting his own colleagues so far as my information goes. In another place, it was a protest against the change of one name for another. These may be the reasons why the crowd gathered there. In order to record their protest, they resolved in these places to stop trains by pulling the alarm chain and squatting on the railway track. Whether the method adopted by the people there was wise or not I am prepared to say.”

***SRI A. GOVINDASWAMI NAYAGAR:**—“ Sir, on a point of Order—கனம் அங்கத்தினர் ஸ்ரீ சுயம்பிரகாசம் அவர்கள் ஆரம்பக் கல்விக்காக ரயில் நிறுத்தம் செய்யப்பட்டதாகச் சொல்லுகிறார். ஆரம்பக் கல்வித் திட்டத்திற்கும், ரயில் நிறுத்தத்திற்கும், எந்தவிதமான சம்பந்தமும் கிடையாது. தமிழர்களை அவமதிக்கும் முறையில் இந்தியப் பிரதமர் பேசிக்கொண்டே வருவதைக் கண்டிக்கத்தான் ரயில் நிறுத்தம் செய்யப்பட்டது என்பதை அவருக்கும் தெரிவித்துக்கொள்ளுகிறேன்.”

MR. DEPUTY SPEAKER:—“ This is not a point of order. The hon. Member Sri Swayamprakasam may continue.”

4-30
p.m.

SRI S. SWAYAMPRAKASAM:—“ As far as facts are there, I take it that one of the objects of the agitators at Tuticorin is this. Somehow they resolved to stop the trains to achieve their object, whatever their object may be. Whether it is Mr. Govindasami Nayagar's object or anybody's object, I am not worried. I am not also worried about the legal aspect of it. I am not worried whether the method adopted was wise or not. I am not here to determine whether the method adopted was lawful or not. But assuming for the sake of argument that the method adopted there is unlawful, we must know whether force was necessary in the circumstances. That is the point we have to decide. The second

[21st July 1953] [Sri S. Swayamprakasam]

point is whether force to the extent of opening fire was necessary. These are the things we have to decide in this adjournment motion. So far as my information goes, I see that opening of fire in these two places was not necessary at all. I invite the attention of hon. Members of the House to the speech of the Hon. Minister here when he opposed the adjournment motion. He was very vehement when he said that if hon. Members had read the letters of the official organ of the Dravida Kazhagam and the Dravida Munnetra Kazhagam, they would see that they were bent upon doing certain mischief. In that connection also the Chief Minister used the word 'silly'. From that we have to infer that he ought to have taken precautions, and he has issued instructions (so far as my information goes) to open fire. Whether the Police officials have got statutory powers to use force in certain circumstances, and whether a police officer and the District Magistrate have got statutory powers to use force in certain circumstances, is a question we have to decide. Whether in Tuticorin and Dalmiapuram they exercised the powers entrusted to them under the statute, or they have followed the executive instructions issued by the Chief Minister, is another question we have to decide. In that connection alone, I am inviting the attention of hon. Members to the speech delivered the other day by the Chief Minister. He was referring to these two official organs. He was seeing the articles in *Viduthalai* and other papers inciting people to acts of violence. So, naturally he was referring to these articles for the purpose of showing to the House that these people were bent upon doing certain mischief. I am using his own argument. He was sure that they were going to adopt certain methods, e.g., pulling the alarm chain of the trains, etc. So, he had instructed the police people to open fire when occasion arose. If the Hon. the Chief Minister had issued instructions, we want to know what those instructions are. We want them to be placed before the committee. That is exactly why we wanted a committee of non-officials to go into the question. I am glad to the extent that the Chief Minister did not lose time to appoint some committee. Whether the committee of officials is or is not useful, is another question. But he has appointed a committee. Our demand is for the appointment of a non-official committee. From the evidence of the District Magistrate, we understand that the age of the District Magistrate is about 34. Two young people have been appointed as District Magistrates. They say they are taking up the responsibility. They have used force. They are not expected to understand the real circumstances. In this connexion I invite the attention of hon. Members to the fact that they were not prepared to disperse the crowd by tear gas. Tear gas would have been sufficient to disperse the crowd. But the executive instructions have been followed by the officials at Dalmiapuram and Tuticorin. We say for everything that we are following England. There the fundamental rights of people are not mentioned in the Constitution. We have got fundamental rights in our Constitution. Not only there is no mention of fundamental rights there, but Parliament is the sovereign body, omnipotent and all powerful. Even there, the Ministers are responsible to the people.

4-56 P.M. SRI P. B. K. RAJACHIDAMBARAM:—“ Mr. Deputy Speaker, Sir, I hail from that part of Tamil Nad, called Chola Nad, with an ancient history and a culture also. The Hon. the Chief Minister knows that very great kings like Manuneethi Chola ruled over that territory. He also knows how justice was meted out during the reign of King Manuneethi Chola, who never cared who was the culprit, whether it was his own son or somebody else. When a poor cow, a dumb cow, saw that its own calf was run over by the chariot of the young prince, it went and sought audience with the King. Unfortunately, there was not the District Superintendent of Police of Coimbatore or the Collector to stop away the cow from having an audience with the king. The king gave an audience, and when he found that his own son had done a mistake, he never hesitated to punish his own son. Coming from that part of the country, I want to say that when we, as elected representatives of the public, came forward with a complaint saying that the lives of innocent people had been taken away, not by an accident but by a deliberate act of the subordinates of the Government, the Hon. the Chief Minister made a statement on the floor of the House, which I was pained to read. With your permission, Sir, let me quote from his speech. He is reported to have said—

‘ If they begin to doubt the correctness of the act immediately and ask for the appointment of a non-official committee, it would be prejudging the action of the people concerned.’

Then, I want to know whether, by the very act of appointing a committee to enquire into the real facts, we are going to prejudge their action. If the honour of the officials who are concerned with the shooting is so sacred, then even an enquiry should not be ordered by the Hon. the Chief Minister. But in the same statement he says—

‘ The persons entrusted with the task of conducting the enquiry are judicial officers not connected with the executive administration.’

With due respect to the Hon. the Chief Minister, I do not see why such a statement which is not true should be made on the floor of the House. As far as the Dalmiapuram incident is concerned, I find that the District Magistrate and another Subordinate Judge have been appointed to go into the question. It is a known fact that the district magistrate is the authority who is entrusted with the maintenance of law and order in the district. Does the Hon. the Chief Minister want us to believe that the district magistrate had nothing to do with all the incidents that took place in Dalmiapuram? Does he want us to believe that an impartial enquiry will be conducted by the District Magistrate who also is responsible for this unfortunate incident?

[Sri P. B. K. Rajachidambaram] [21st July 1953]

say, ‘ Had only the District Magistrate and the District Superintendent of Police the prudence to correctly assess the situation and had they taken necessary steps, this unfortunate incident of shooting might have been averted! Further, till this day the Government or the District Officers have not come forward with a statement about the number of persons killed. I know, as matter of fact, that as soon as the shooting took place, the young Sub-divisional Magistrate, may be probably that was the first instance when he had to order a shooting, I do not know, whether on his own initiative or under the orders of the Government did not even take steps to remove the dead bodies or the injured persons to the hospital. It was the private parties that took the injured and dead persons to the hospital and other places. That is why the authorities could not say how many died and how many were injured, and they had to collect information. That is why the District Magistrate had to delay sending his report to the Government. Is it not an irresponsible way of dealing with the dead and injured persons, especially after this incident?

“ That night when I went to Dalmiapuram, I heard that that morning about 36 persons, including Sri Karunanidhi, the great novelist and playwright, had been arrested and detained in the Police station. To my great surprise, I heard that till 10-30 in the night they had not been given any food. Then I went and saw the Police officer in charge of the Police station. Then only he remembered those poor people who were arrested and kept in the lock-up. Then he agreed that we could supply them food. But, Dalmiapuram being an out-of-the-way place, we could not give them food, and those poor persons had to be satisfied with some fruits. Is this the way to treat these persons who were arrested and put in the cell?

“ Sir, I have already clearly stated that the District Magistrate is not the person to conduct an enquiry into this matter. So, at least now, will the Hon. the Chief Minister come forward with a statement saying that the present enquiry will be stopped and that the enquiry will be conducted by a judicial officer who has nothing to do with the executive work, as he has already agreed in his statement on the floor of the House?”

* SRI N. RATHINA GOUNDER:—“ கனம் உதவிச் சபாநாயகர் அவர்களே! இன்று சாதனைத் தில் நம்பிக்கைக் கொண்ட நமது சர்க்கார் சமீபத்தில் கையாண்ட மிருகத்தனமான செயலைக் கண்டிக்கும் முறையில் கொண்டுவரப்பட்டிருக்கும் தீர்மானத்தின் மீது நான் சர்க்காரின் செயலை வன்மையாகக் கண்டித்துப் பேச வேண்டியதாக இருக்கிறது.

21st July 1953] [Sri P. B. K. Rajachidambaram]

"Another point is this. When the Hon. the Chief Minister does not want us to go into the question and take part in this debate because, he says, we will be prejudging the action of the officers or we will be interfering with this enquiry—he has not hesitated to praise the acts of the brave policemen and the officers who have done this brave act of shooting down innocent railway passengers. He says—

'I shall certainly order a fuller enquiry that may be necessary in the case. Any discussion on the matter at present would be prejudicing the action of brave officials and policemen who were doing their work properly and bravely under difficult conditions.'

I want to know whether such an observation will not really prejudice the enquiry conducted by an officer who is also responsible for this unfortunate shooting incident. I don't see why the Hon. the Chief Minister should have chosen to make such an inconsistent statement on the floor of the House, in his anxiety just to safeguard the interests of these young and inexperienced officials who have been let loose in the country, with high powers. Certain facts I want to bring to the notice of the Hon. the Chief Minister, and I hope he will consider those points when he is giving his reply to the debate. This unfortunate shooting incident took place between 2 p.m. and 3 p.m. When did the information reach the District Magistrate? When did the District Magistrate reach the spot and when did he send his report to the Government? I say the District Magistrate reached the spot four hours after the incident, and after spending a few hours at the spot; he took all those concerned with the shooting back to Tiruchirappalli, 23 miles away, sat at a conference, concocted evidence, prepared documents, and then made a report to the Government after midnight. I want to know whether the Hon. the Chief Minister is going to deny this. I emphatically say that the District Magistrate reported the matter to the Government just after midnight, that is, after so many hours since the incident took place. Why such an inordinate delay took place on the part of the District Magistrate should be considered. Still, the very same District Magistrate is appointed to sit in judgment over the action for which he is also primarily responsible.

"The Hon. the Chief Minister in his statement says that he had been following the writings and the speeches of the persons responsible for all these demonstrations and that he was not astonished at the turn of events because he himself thought that such a course of action might be taken by those people. As far as the Dalmiapuram incident is concerned, some months back a conference was held, which was attended by thousands of people, and a resolution was passed saying that a demonstration would be staged at Dalmiapuram. A number of meetings were held throughout the district, and in every meeting the sponsors of this movement were telling the people that they were going to stage a demonstration. In spite of all these things, the local officials kept quiet, and were not prepared to meet the situation. As one who was present at Dalmiapuram the next day after the unfortunate incident and who has seen the excellent arrangements made by the Police and the District Magistrate a day after the firing incident, I can boldly

"என்று சொல்லிக்கொண்டிருக்கும்போது போராட்ட வீரர்களை சர்க்கார் மிருகத்தனமாகச் சுட்டுக் கொன்றது ரொம்பவும் கண்டிக்கத்தக்கதாகும். மக்களின் விருப்பத்தை நிறைவேற்ற வேண்டியது சர்க்காரின் கடமையே தவிர, அவர்களின் சாத்வீகக் கிளர்ச்சியை பலாத்காரத்தால் அடக்கிவிட முயல்வது ரொம்பவும் தப்பாகும். தென்னாட்டின் இயக்கங்களை யெல்லாம் பற்றி இந்திய முதல் மந்திரி 'சில்லி', 'நான் சென்ஸ்', என்றெல்லாம் சொல்லி வந்திருப்பது கண்டிக்கத்தக்கதாகும்.

* DR. K. B. MENON:—"Mr. Speaker, Sir, we have not the full facts before us and therefore it is not possible to speak on the merits of the case. Hence I would like to confine myself to a few general remarks about the shooting that has resulted in the loss of life of the citizens. No one will question the right of the State to use force in the normal discharge of its duties. As a matter of fact, a modern State is an incarnation, an embodiment of force."

MR. SPEAKER:—"I now fix a time-limit of five minutes for each Member."

* DR. K. B. MENON:—"No one will question the right of the State to use force, but the issue is not the use of force, but how and when it was used, whether there was restraint, and whether minimum force was used. These are the issues that are at stake now. As far as I can understand, public opinion does not countenance the use of force by the Police which resulted in the loss of life of citizens. When a man is shot down by the agents of law appointed by the State, it is very difficult to pacify the public mind on the issue. Shooting in India has a long history and there are also bitter associations with that history. These shootings are fresh in public mind. The public have not yet forgotten those days when such things happened during British regime. These things happen even after we have gained our independence. Now people ask the question, 'What is the difference between British regime and Congress Raj?'. It is very natural for them to ask that question and it is for the Congress to answer that question."

"Often, the excuse put forward by the police is that shooting was done for reasons of self-defence. Even in the case of self-defence, my submission is that shooting should not be ordered to kill. In such cases, shooting should be ordered below the knee. As shooting was done at random and in a reckless way, even persons who are innocent died as a result of shooting, as it has happened in the present case."

"My second submission is that whenever and wherever shooting may happen, there should be public enquiry and not a judicial enquiry. Judicial enquiry does not have the status of public enquiry. In the present case, I submit the enquiry that has been ordered is not at all a public enquiry and not even a judicial enquiry. I should call it an executive enquiry. An executive enquiry can never satisfy the public. In cases where the loss of citizens' lives happens, there should always be a popular and public enquiry."

SRI S. C. C. ANTHONY PILLAI:—"Mr. Speaker, Sir, let me also add my voice of protest to the general condemnation against the repressive measures adopted by the Government against peaceful agitators. It was said by one of the hon. Members that this agitation was confined to the question of changing of names. But judging from the chain of events, we find that these demonstrations were with regard to two matters, viz., the new education

[21st July 1953] [Sri S. C. C. Anthony Pillai]

policy followed by the Government and also the question of changing the name of a particular place. As this agitation has sprung up from the education policy of the Government, it may be relevant to refer to that policy. But I would reserve my remarks to a later occasion so far as that policy is concerned."

"The Hon. Mr. Rajagopalachari, the Chief Minister, referred a few days ago to the fact that he anticipated that there would be some kind of demonstrations and that it would be necessary to deal with them firmly. There was no intelligent anticipation. I for my part fail to understand or appreciate the intelligence. Rather, I would prefer to say that there was lack of intelligence on the part of the Government in anticipating these demonstrations. That is the impression one would get if he takes into account the manner in which the Government prepared themselves to meet this movement of the Dravida Kazhagam and Dravida Munnetra Kazhagam. They have a strong hold in certain localities of the State. Their movement did not spread throughout the State. So it would have been possible for the Government to mobilise their forces in sufficient numbers to meet the situation in those localities. The fact is these demonstrations were not intelligently anticipated, and so there was not intelligent preparation to meet the situation. If we read the newspaper reports, we find that the police were not fully prepared and even milder equipment like tear gas equipment was not supplied to the police to prevent the breach of law and order. When such an incident has happened under the regime of a person like the Hon. Mr. Rajagopalachari, one has to come to the conclusion that there was no intelligent anticipation, but there was excessive use of force. That is the conclusion to which any average citizen will come to under the present circumstances. When the Government knew in advance the type of demonstration and the length of time for which it will be in force and all those things, and when the Government did not take adequate steps to meet them, one is compelled to come to the conclusion that the Government wanted these things to go on and wanted to suppress the demonstrators by the use of excessive force."

"The demonstrators seem to have announced in advance that they would be demonstrating only for a particular period of time, i.e., up to 5-30 p.m. or so. Due to natural calamities, sometimes trains run late by many hours. Similarly, they could have waited till 5-30 p.m. and after that, trains might have been allowed to move. By adopting this method, no harm would have been done to anybody and the shooting also could have been avoided. The Hon. Mr. Rajagopalachari very often uses on the floor of the House certain facile phrases during question time and other occasions also. When we ask for anything to be done, he says that the Government will be abdicating their functions if they accede to our request. I want to ask, 'Can the people abdicate their sovereignty?' In this particular movement, we must see the autocratic manner in which the Government want to implement their policy. One may say that such demonstrations may be all

right during foreign rule and that in the present context when there is our own Government, these things are not necessary as these matters could be raised by the Opposition Members in the Legislature. But I would like to say that such an argument cannot hold good when we consider the present incidents and the action taken by the Government."

Mr. SPEAKER:—"The hon. Member's time is up."

* SRI P. RAMAMURTHI:—“ Mr. Speaker, Sir, when I gave notice of the adjournment motion five days back, I was confining myself to one particular subject and that subject was the action of the subordinate officials at Tuticorin and Dalmiapuram in ordering shooting at an unarmed crowd as a result of which certain people have died. I am not now bothered about the number of people dead. I am not going to enter into a dispute with regard to the number of people that died. Subsequently when to-day the motion has been taken up for discussion, I am afraid that the subject on which I wanted to concentrate has been diverted and a number of speeches have been made on the floor of the House, both on this side and on the other side of the House, on the merits of the particular movement and the incidents that have happened as a result of that movement. There will be, I am sure, and there are big differences of opinion with regard to the aims of that movement and with regard to the forms that the struggle should take. For example, some of us feel that the unity of the democratic movement in this country, the unity of the peasant movement in the country, the movement of the working classes in the country, which are struggling against a common enemy, against the feudal reaction and imperialism must be maintained and any kind of action to disrupt this unity will not help the people of India or the people of Tamil Nad itself. But I am not going to enter into a discussion on this aspect of the question. I have got great faith in our people because I have moved with them, the people of Tamil Nad, the people of Andhra and the people of Malabar and I also know that it is possible for me by means of argument and persuasion to make them realize the truth of anything. Now coming to the incident of the 15th, the question here is whether the shooting at both the places was justified and for this purpose, let me tell you, Sir, I am not going to rely on the report of the enquiry that is now going on, because I do not want to give an opportunity to the Chief Minister to say ‘we are having certain facts, certain allegations have been made and certain statements have been made on the floor of the House and the matter is still under enquiry and under such circumstances, when a complete picture of the incidents is not available, I cannot accept your statement.’ But we have certain facts, certain unassailable facts from the Chief Minister and let us look into those facts of the case. It is an admitted fact that on the 15th, two young officials, both in the thirties, were on the spot where the incidents took place and ordered firing. Are we to believe that these officials have had no experience of dealing with people? I have often addressed a number of hostile audiences. I have addressed meetings in a number of places where there were terribly hostile audiences who wanted to shout me down and threw stones at me. Did I say then, had I a gun I would have managed the crowd? (Interruption by the Hon. Sri C. Rajagopalachari. ‘We have got immense faith in the goodness of the people.’) Unfortunately all these officials having

been trained under British Imperialism, having been trained by the Congress Ministry in 1946-51 have a particular mentality. It is the mentality that has no faith in the people. They want that they should be obeyed by the people. After all, can we forget that between 1948 and 1951 there were a number of shootings in this Province. In Salem 28 young men were shot dead.

“ Sir, when I was in Kashmir talking to responsible Government officials and responsible members of the Kashmir National Conference, one gentleman asked me—I was ashamed to hear that—‘when 28 of the finest flowers of Indian youth were shot down in Salem Jail then it is called patriotism, why when somebody dies in spite of best efforts that we have made, it is called communalism?’ I could not answer this. In Salem, people were shot down. In Andhra people were shot down; in Tanjore people were shot down; in Malabar people were shot down. What was the attitude of our Chief Minister then? He himself said that a certain mentality had been developed in the officials by the Bureaucracy and called it the wooden bureaucracy. To-day, simply because our Rajaji has assumed office as Chief Minister, are we to believe that suddenly their entire mentality changes overnight and that everything changes? I cannot understand that. The Hon. Chief Minister himself does not believe it, but he has to defend them on the floor of this House. That is exactly the position to-day.

“ But, had the Chief Minister, for example, understood that that is their mentality and felt that therefore it was very necessary to assuage public feeling, and to put the officers in their proper places if he had gone into the whole question and ordered a public enquiry into all these allegations and tried to find out the causes of the shootings, then the officers’ mentality would have been different. But that is not the case.

“ Sir, the other day, the Hon. Chief Minister told us that these officials who are doing a brave act are heroic people and ‘we cannot do anything which would redound to their discredit’. I would like to ask ‘is shooting on unarmed people a brave act, a heroic act?’ I cannot imagine a more cowardly act than these shootings. (Applause from Opposition Benches.) After all, some people had thrown stones. What does it matter? If they had the guts, the capacity to brave that and if they had taken steps to talk to the people, to persuade them and appeal to them, I could understand these ‘brave men’. But most cowardly, at the slightest commotion they resorted to shooting on the people and such men are defended on the floor of this House and called brave men. Then, the connotation, the meaning of ‘bravery’ is entirely different for Rajaji from what I understand by that word.

“ Sir, I will take up the other question. We are asked not to prejudge the issue. Who has been trying to prejudge the issue? Is it the Chief Minister or is it we who prejudge the issue? All that we have stated is that we want to be sure of a public enquiry which will be above board, completely; an enquiry must be conducted by a Committee against the personnel of which nobody could say anything and about which everybody would be agreed

[Sri P. Ramamurthi]

[21st July 1953]

that 'this is an impartial committee; these are people who can go into the question without being influenced by other consideration! What does Rajaji tell us? He tells us that the 'executive have got to be protected'. Whatever the Government, whatever the party, is it the first and fundamental duty to protect the executive? Well, I have got a different conception. The first and foremost duty of any party that has got a modicum of claim to the welfare of the people is to protect the interests of the people first and not the executive. That is how we understand it. If the executive acts properly, then certainly the interests of the people will be far more paramount and they will get the first place for protection. We cannot think in terms somehow or other of protecting the executive. Therefore, Mr. Rajaji's entire consideration, the whole outlook with which he approaches this problem is the stand that this executive has got to be protected. In 1946 to 1951, the previous Congress Ministries also shot down people in Golden Rock, in Tanjore and in various other places. They also had the same consideration—that the working class should be shot down—Sivaraman in Tanjore and hundreds of other people in other places were shot dead. They also said that the executive must be protected; it did not matter if people were shot dead. That is the same mentality handed down to us by the British Government.

"Sir, we are supposed to be free, we are supposed to have won freedom. Nonetheless, I must point out that Mr. Rajaji is still suffering from an intellectual slavery to the British Imperialistic ideology, to that same ideology, to the same ideas that have been handed to him who is an admirer of the British systems and that is despite the fact we are supposed to have won freedom.

"We are now concerned with the fact whether the executive at that time—I am not going into the question of the entire executive—acted properly. There were certain officers who have behaved in a particular way. Have they behaved properly and in the interests of the people? That is the specific question with which we are concerned. What is the evidence? What is the un rebutted evidence? Evidence available so far, statements which cannot be contradicted and the facts are, that two men unconnected with the people who have never to do anything with the people, these men suddenly lost their heads and ordered firing. They have got the power to order firing, when according to them, some people were throwing stones. What is the story of the other side? One constable was injured and immediately, according to their own statement, the officer said, "Go on, shoot down." Granting that the situation had become uncontrollable, granting that he was an officer who was incapable of going and talking to the people and persuading them, granting all that, what were the other methods? Was the crowd asked to disperse and did they wait till the crowd dispersed? It is common ground, admitted on all hands, that there were other ways of dealing with this situation.

"Sir, firing was ordered. That question is not disputed. Why was not tear gas provided? It will be told by them that at Tuticorin and in the other place tear gas squads were not available and that there was no stock of tear gas.

21st July 1953]

[Sri P. Ramamurthi]

"Here is Rajaji who tells us that he had the foresight, long before—for the last one month—reading the literature and writings of these people in the papers conducted by them, he had the fore-thought to imagine that some such thing would develop. He also tells that he had dealt with large mass movements. Therefore, knowing full well, having had enough experience of dealing with large masses, he expected that some such thing would happen. I would like to ask: if the Hon. Mr. Rajagopalachariar had expected some such thing to happen—I am sure he did expect, why were not instructions given and why was it not possible to see that sufficient supplies of tear-gas bombs were also made available at every place so that resort to firing need not have been had? It is precisely because they can make the charge, where the people do not behave well, they can shoot. The mentality behind is 'we have the power and the tear-gas which makes the people run away because of asphyxia; we have got 'danda' in our hands; with that 'danda' we shall try to suppress the people'.

5-40
p.m.

"Sir, let me now turn to the question of public enquiry. The other day when I moved the adjournment motion on the arrest of Mr. Annathorai and certain other leaders, I had warned at that time that the Hon. Mr. Rajagopalachariar, having dealt with public affairs, having been connected with mass movements, ought to know what exactly would be the reactions of the people. We know, for example, in August 1942 the moment the leaders of the Indian National Congress were arrested—Mr. Rajagopalachariar thought that that movement was different and it is a different matter and we are not concerned with it, immediately the people got infuriated. So, in dealing with these mass movements, I wish to tell him, 'Don't follow the policies that have been followed by the British Government'. They will lead us into more and more troubles and they will lead us into a situation when we cannot discuss dispassionately our differences in a calm and cool atmosphere, so that the democratic movement as a whole in this country can go forward and the attention of the people may not be diverted from the basic issues which are affecting them tremendously, viz., mass unemployment, land to the tiller, indebtedness of the peasantry, etc. On all these questions, the people want to struggle and struggles are taking place. But your actions will lead us to a situation when the attention of the people will be diverted from the basic issues. Your actions are definitely calculated for the purpose that the people's problems will not come more and more to the forefront because the Government as it is constituted to-day is not capable of solving any of the problems. They can only aggravate them. The Hon. Mr. Rajagopalachariar says, 'I have ordered a public enquiry. Why do you organize all these things'. Having done all these things, a public enquiry is ordered. What is the sort of public enquiry that is now instituted? Leave alone the officers with whom I am not now concerned and the hon. Member, Sri P. B. K. Rajachidambaram, has dealt with them clearly. People are arrested and kept in jail. As far as the common people are concerned, they have shot them. All these things have created

[Sri P. Ramamurthi]

[21st July 1953]

a terror in their minds. The officers who are responsible for shooting in Tuticorin and Dalmiapuram are sitting there in the public enquiry. After all we know these officers and we are accustomed to these officers. The Hon. Mr. Rajagopalachariar knows, being himself a criminal lawyer, what the method of the prosecution is and how exactly the police cook up evidence. (The Hon. Sri C. Rajagopalachari: 'I was a defence lawyer also.') You might have been a defence lawyer and you might have known how to cook up defence case also and I am not now concerned with that. Having known the police officers and how they cook up prosecution evidence, we still depend upon their evidence. They are perfectly free to cook up evidence and place their so-called evidence before the Court. So far as the public enquiry is concerned, terror regime having been started, people having been shot dead and most of the important people having been removed to the jail, a public enquiry is now started so that the truth can be sifted. How do you expect to get at the truth? This is the sort of public enquiry we have now. For example, in Tuticorin, when the public enquiry was started, our comrade who attended the enquiry told me, when he wanted to cross-examine the official witnesses, he was told, 'You cannot cross-examine the official witnesses and their statement must be accepted.' When the public are denied even this, we still call it a public enquiry. As far as the public are concerned, they can go and sit there. It is a farce of a public enquiry. In this sort of enquiry, no truth will come out and it will only result in whitewashing the whole affair. I am not now concerned with the movement and all that. I am concerned with lives and facts. Unless these police officials, these bureaucrats, these Government officials are told that they cannot deal with the people in this manner, the people's democratic movement in this country cannot go forward and the people will not be able to assert their rights under the reign of terror. That is why I demand that there must be a proper enquiry with public men who are unconnected with the affair and who may not be amenable to the pressure of officialdom and that is the least that the Government can do. If they cannot do, it means it is an attempt to screen the officers and somehow or other protect them. Therefore, Sir, I press my adjournment motion."

* THE HON. SRI C. RAJAGOPALACHARI:—"Mr. Speaker, Sir, at the outset I must point out that I am at a great disadvantage relatively. While I may have the advantage of having information from official quarters, I have not the advantage of the perfect freedom of language which the Opposition could enjoy. The Opposition generally has little limitations in such matters. But to-day they have shown that they can enjoy even more liberty than ordinarily is enjoyed by the Opposition when dealing with such matters, when the Government is extremely tolerant of such virulence of language. If only we exercised our imagination, if even in the Assembly such language could be indulged in, we could see what could be indulged in outside, in the countryside, not to speak of the newspapers for which I think, if I may use a common phrase, I have given the longest rope in the last few

[Sri C. Rajagopalachari]

months. So far as language-newspapers are concerned, I have not made the least attempt to interfere or to correct or to limit the freedom of language that is enjoyed by them. It is hardly to be called freedom in common parlance. I am using that phrase here for the sake of clear understanding and I shall not call it a licence or violent language. I just call it freedom and that is enough for the purpose at present. We know what freedom of language is and we have an illustration of it. Not only can they use such language but the Opposition is entitled to make any kind of allegations in such a debate. Anything might be said but I cannot answer them with a sense of responsibility in view of the enquiry. They can allege freely; I cannot answer freely. I will have to keep in mind always the fact that we must await the result of the enquiry, to say what exactly took place. I cannot talk away as Mr Ramamurthi or some other Members have done. As regards the allegations, it is of course perfectly open to the Members of the Opposition to say that ten people died and this and that. I tried to interrupt, even against my immediate inclination, as it was concerned with the number of lives. Loud observations were made enlarging the number of dead. People outside may accept the figures because it had been said on floor of the House. It was that wrong impression that I wanted to correct. That was why I interrupted to say to them. 'Look here, my friends. It is only six, four in Tuticorin and two in Dalmiapuram. It is not ten. It is only six.' It was only to correct a major misconception in the matter that I rose. With regard to other allegations that 'so and so stood there,' 'so and so had wished to do a particular thing,' 'a circular had been issued to shoot down people,' 'detailed instructions had been given to shoot down only the Communists and this and that'—I cannot go on contradicting and examining their allegations one after another. In fact it was not necessary. I cannot reply off-hand just as the Opposition alleges off-hand. A Chief Minister or a Minister as such is bound by certain restrictions, whereas Opposition Members are not bound by such restrictions. So let it not be understood because I did not controvert those various allegations that were made, I am admitting them or anything of that kind. The other day I gave a very brief statement of facts, I mean facts, regarding the incident that took place in Tuticorin and Dalmiapuram. Here again the opposition have re-stated their viewpoints, of course in much more vehement language. I could have really done full justice to the discussion, if I had the time, to go into the actual details and the ascertainment of facts. I should have read the note that I had received as regards what exactly took place, how the events developed and all that. I have some more definite information on that subject to-day than what I had the other day when I made that brief statement, at the time the motion was first moved in the House. I had time to make further enquiries into the matter. I have more details with me now. But of course if I were to read that now I could be blamed for wasting the time of the House. So I shall not do so. The Opposition instead of waiting for more details, which would be forthcoming after the full enquiry

5-50
p.m.

[Sri C. Rajagopalachari] [21st July 1953]

is over, is now pressing the motion. So I shall deal with the motion now. I would have to deal with the matter straight. I would try not to take up the time of the House reading reports about facts and incidents lest I would be charged with having talked out the motion. It would have been more satisfactory if I could deal with the arguments in detail. But in the present atmosphere it would not be right for me to do so.

"Let me now ask, what is the net result of this debate now? I am rather a little bit confused, on account of the line taken by the Opposition because as a somewhat experienced man with reference to human feelings and emotions, I can well analyse the reasons and the causes that led to the present strange double approach. I shall only state my own impression. I find two lines of analysis, I think 'approach' would be a better word. One is that the whole of this commotion (I am using a neutral word) was due to the desire of the 'community' or the 'nation' that is called the 'Dravidian nation' trying to overcome the domination, as it is stated of the people called the 'people of North India', that it was the main cause for the demonstration, that the names of stations were named wrongly, that a particular station was named as Dalmiapuram, that the leaders of the 'Dravidian Nation' thought that it should be altered to 'Kallakudi' and that this alone was the sole motive behind the whole agitation and that this had nothing to do with the educational scheme, that we should not confuse it with the educational scheme and all that.

"It had been stated that the purpose of the agitation could be traced to the desire of the so-called 'Dravidian' people to rebel against North Indian domination or sovereignty. Somebody stated that the 'Dravidians' wanted to establish their own independence and the independence of the Dravidians as a whole both in the cultural, political and other fields. Great emphasis had been laid on this by a speaker from the Opposition side who said: 'This debate is not the end of the matter. We must carry on our agitation. We must continue in spite of difficulties. We must maintain it as a general agitation to see to it that the 'Dravidian' nation is carved out as an independent people from the rest of India, that the Upper India people, should be separated from us and we should consider them as our enemies, our conquerors and exploiters and we should get rid of them. That is our main object. This debate is only a part of our agitation'. That seems to be the aspect from which this matter has been approached by some people and that was last emphasized by a speaker from that block who said: 'Never mind the deaths. We can bear it all. But we must maintain the battle so to say, between the Dravidians and the North Indians.' That is one colour given to this commotion. Equally important, though not followed by many speakers, were the speeches of the two speakers. I mean, Mr. Kalyanasundaram and Mr. Ramamurthi. They were not quite happy, if I may be permitted to make such observations, with the line that was taken by the Dravida Kazhagam members. It was but natural, Sir. The Communist Party is not only an intellectual party but a party not to be moved by domestic passions.

21st July 1953] [Sri C. Rajagopalachari]

They are far more moved by international politics. They are far more inclined to look upon the whole world as field for exploitation and total exploitation (cheers) They do not desire the world to be split up into parts. They want total exploitation, nothing short of that. I agree with them in a certain sense. I quite agree that their object is a nobler object than that of self-styled Dravidians. Their object is nobler than that of dividing the so-called Dravidians from the so-called Aryans. The point they wished to make was that this commotion, that is to say, shooting down of some 'Dravidians', was not in reality intended to quell the Dravidian agitation. 'Do not be misled, my friends, by such a false notion' this is the purport of the speech made by the Communist Party members. They made it of course in a more oratorical way, than I can ever command. It is a habit with me always to speak a little less oratorically than I would be inclined to. But this time the Communist members have tried to speak a little more oratorically than was necessary for the occasion. I admit I cannot attain that pitch,—they want to make out that the whole of this drive was intended to shoot the Communists down, where they were in large numbers. That is the great point that Mr. Kalyanasundaram wanted to make. He began by saying, 'Look at the place where the shooting took place. There are Harveys. Harveys are in Madurai.' What had Madura to do with Melur and Tuticorin, I really do not know. What had Harveys to do with the shooting in Tuticorin—I cannot understand. Yet, Mr. Kalyanasundaram's argument was that Harveys were there and that was why the shooting had taken place. Because the Communists were there and because the Communists are my enemy No. 1, they had been shot. He did not actually say that. But that was in the back of his mind. I know that. Then what about the shooting at Dalmiapuram? Because the Dalmia Cement Works were there and the Communists were working there, the shooting had taken place in Dalmiapuram. Let me say, Sir, that this kind of approach is a strange misinterpretation of the whole agitation. Let me now come to the point.

"The movement of the 'Dravidians' had much more to do with the commotion than the Communist fear. The commotion was started not to fight the North Indians, as is alleged by some. I quite understand and appreciate the 'Dravidian' interpretation because though it is not wholly correct, it is partially correct. The movement of the 'Dravidians', as they call themselves, had some real purpose behind it. Let me prick the bubble of the other theory. It was said the whole agitation started because Mr. Nehru had used the word 'silly' (Mr. Govindaswami Nayagar was heard to remark 'nonsense') in some connexion. Let me tell my friends of the 'Dravida Kazhagam' and 'Dravida Munnetra Kazhagam' that I understand them better than what some others here do. Their opposition is not against Mr. Nehru. Why bring in the name of poor Nehru? I am using, Mr. Speaker, the word 'poor' in a relative sense. The whole movement is directed against me . . ."

[21st July 1953]

MR. SPEAKER:—"It is now 6 o'clock and the debate will terminate. I wish to know under what rules the Hon. Chief Minister wants to continue."

THE HON. SRI C. RAJAGOPALACHARI:—"I am sorry Sir, I have been stopped at a very interesting point."

MR. SPEAKER:—"The debate is terminated. The House will now adjourn and meet again at 8-30 a.m. to-morrow."

The House then adjourned

Ways and Means Advances.—During 1952-53, the Government of India gave a total ways and means advance of Rs. 23.31 lakhs, of which a sum of Rs. 6.31 lakhs was repaid before the 31st March 1953, leaving a balance of Rs. 17.00 lakhs at the end of the year.

(iii) and (iv)—Grants.

A. Post-war Development Schemes and Grow More Food Schemes.—From 1947-48 to 1949-50, the Government of India were giving block grants to the State Government for financing their Post-war Development Schemes and Grow More Food Schemes. The allotment for grants made by the Government of India was mainly with reference to the funds expected to be available with them. (The Development Schemes included also specific Rural Reconstruction Schemes and Government Khadi Schemes.)

From 1950-51, the Government of India discontinued the grants for Post-war Development Schemes. However, they have continued to give grants for approved Intensive Cultivation

Explanatory remarks.—(a) The Government of India originally fixed the maximum grant for Grow More Food Schemes for 1949-50 at Rs. 150 lakhs. Subsequently, they imposed a new condition that the subsidy cost of intensive cultivation schemes should first be met from the Procurement Bonus that was given by them. Under the revised orders, only the excess of the total subsidy cost on Intensive Cultivation Schemes, if any, over and above the bonus fund can be met from the separate Grow More Food grant. In 1949-50 there was a large balance in the bonus fund. Consequently, the subsidy cost of Rs. 194 lakhs incurred under Grow More Food Schemes had to be counted against the bonus fund only and the grant was not utilized.

(b) The amount represents the subsidy cost which was in excess of the accumulations in the bonus fund.

(c) Subsidy cost met from the accumulations in the bonus fund.

(d) Represents amounts so far adjusted by the Accountant-General, Madras, based on reconciliation of accounts. Further claims are pending adjustment.

B. Grants for the welfare of schedule tribes.—Since 1951-52, the Government of India are giving grants to meet in part the cost of Special Development Schemes undertaken for the welfare of the scheduled tribes and for the administration of scheduled areas. The amounts realised in 1951-52 and 1952-53 on this account were Rs. 4.00 lakhs and Rs. 8.61 lakhs respectively.

C. Grants-in-aid for Community Projects.—In the Revised Estimate for 1952-53, this Government took credit for a cash grant-in-aid of Rs. 28.82 lakhs from the Government of India for Community Projects. The amount actually adjusted in the accounts has not yet been reported by the Accountant-General.

D. Grants for famine relief measures.—The Madras Government have been asking the Government of India for a grant of Rs. 10 crores for meeting the abnormal expenditure incurred on famine relief measures in 1951-52 and 1952-53. The Government of India have so far agreed to give only a half grant for gratuitous relief, namely, the running of gruel centres in the famine-stricken areas, subject to a maximum of Rs. 48 lakhs.

[21st July 1953]

(On the basis of the actual expenditure incurred to end of March 1953, the half grant actually sanctioned for this purpose was Rs. 47 lakhs.) As already indicated, the Government of India gave also a loan of Rs. 2 crores in 1952-53 towards the expenditure on relief works and a ways and means advance of Rs. 17 crores on 31st March 1953 in order to clear the overdraft with the Reserve Bank of India, part of which was due to the holding of large stocks of food grains and fertilizers on this Government's account.

THE MADRAS LEGISLATIVE ASSEMBLY.

Wednesday, 22nd July 1953.

The House met in the Assembly Chamber, Government Estate, Mount Road, at half-past eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

I.—QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

Opening of a first-grade college for women at Cannanore.

* 790 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Education be pleased to state whether the Government have received the copies of two resolutions adopted by the Kerala Mahila Samajam, Cannanore, on 9th December 1952 requesting the Government to open a first-grade college for women at Cannanore; and if so, the action taken thereon?

THE HON. DR. M. V. KRISHNA RAO :—“ Yes. In view of the opening of an aided Second-grade Arts College at Kozhikode, by the management of the Providence High School, Kozhikode, and in view of the difficult financial position of the State, the proposal was deferred. The attention of the hon. Member is invited to the answer given to Question No. 275 on 4th December 1952.”

SRI K. P. GOPALAN :—“ Sir, in view of the fact that so many girl students are compelled to stop their studies for want of a college in Cannanore and suburbs and in view of the fact that it is very difficult to get admission in the Colleges and in view of the fact that the Municipal High School Parents' Association has promised to collect one lakh of rupees for the purpose of starting a College in Cannanore, will the Government be pleased to reconsider this question? ”

THE HON. DR. M. V. KRISHNA RAO :—“ The Parents' Association, Cannanore, had made an offer and wanted a college to be started before the present Second-grade Arts College was started by the management of the Providence High School. In view of the starting of this college, the question of starting a Government College has been deferred and girls are also admitted in the boys' colleges. But as the hon. Members know there is an overall increase in the demand for colleges, and the question will be taken up for consideration when the financial position improves.”

DR. K. B. MENON :—“ Since there are very few First-grade Colleges in Malabar, is it not in the public interest that the Mahilas are not selfish enough to ask for the starting of a College for themselves? ”

[22nd July 1953]

THE HON. DR. M. V. KRISHNA RAO :—" I agree with the hon. Member but the financial conditions do not permit the starting of a College just now."

SRI T. C. NARAYANA NAMBIAR :—" In answering the question, the Hon. Minister said that there is a girls' college at Kozhikode and in view of that, the opening of a new college at Cannanore is not possible. Is it not a fact that Kozhikode is in South Malabar and Cannanore is in North Malabar, more than 100 miles away, and it will not be possible for the girls of North Malabar to utilize the concession given in Kozhikode? "

THE HON. DR. M. V. KRISHNA RAO :—" I am not convinced that Malabar is educationally backward either in the elementary education stage or in the collegiate stage. There are six colleges in one district of Malabar and it would be difficult to open more."

SRI C. H. KANARAN :—" Malabar being a separate cultural national entity, will the Government consider the question of opening a college very soon? "

THE HON. DR. M. V. KRISHNA RAO :—" I have stated, Sir, that with the improvement of the financial position, this proposal will be taken up."

SRI T. C. NARAYANA NAMBIAR :—" In my question I did not say that Malabar is educationally backward. As far as education is concerned, Kozhikode is in South Malabar and in view of the fact that thousands of girls have completed their education and are not able to get collegiate education, will the Hon. Minister be pleased to reconsider this question? "

THE HON. DR. M. V. KRISHNA RAO :—" I have conceded that there is increasing demand for colleges both for boys and girls so far as Malabar is concerned."

Roads for Harijans in Wandiwash.

* 794 Q.—SRI D. DASARATHAN: Will the Hon. the Minister for Education be pleased to state whether any roads have been formed for Harijans since 1950 in Wandiwash?

THE HON. DR. M. V. KRISHNA RAO :—" Lands for the formation of a road from the cheri to the main village of Kilvillivalam, Wandiwash taluk, have been acquired during the year 1951. Instructions have been issued to the Collector of North Arcot to take up the work during the current year as early as possible."

SRI D. DASARATHAN :—" In view of the fact that the Harijan Welfare Department finds it very difficult for want of finance to provide the cheris with roads and other facilities, will the Government be pleased either to increase the Harijan Welfare Fund or instruct the other Departments to take interest for providing the cheri people with roads and other facilities? "

22nd July 1953]

THE HON. DR. M. V. KRISHNA RAO :—" Because there was not sufficient money in the Harijan Welfare Fund, it was thought that we could get this done from the Famine Fund."

Agricultural implements and electrical goods stored in Andhra areas.

* 843-A Q.—SRI PRAGADA KOTAIAH: Will the Hon. the Chief Minister be pleased to state whether it is a fact that stores including agricultural implements and electrical goods were moved during the last two months from areas in Andhra to areas in residuary Madras, if so, what is the total value of such goods moved; and for what purposes they were moved?

THE HON. SRI C. RAJAGOPALACHARI :—" The answer to the first part of the question is in the negative; the other parts of the question therefore do not arise. Instructions have been issued to Heads of Departments that there should be no room given even for suspicion of this kind. They have been requested to give their personal attention to this matter and to see that subordinate officers do not order any movements of valuable machinery or stores which are not necessary in the course of ordinary maintenance or for sanctioned works or schemes. Heads of Departments have also been told that they should not order any movements of machinery or stores on any substantial scale without the previous approval of the Government. We have got reports, Sir, to show that no transport of machinery or stores from the residuary Madras area to the Andhra area or *vice versa* has been made in the Electricity Department. The position of the Food and Agricultural Department is also the same."

SRI K. RAJAGOPALA RAO :—" May I know, Sir, whether the Hon. the Chief Minister looked into the press reports in which it is categorically stated that lorries of the Civil Supplies Department were transferred very recently from the Vijayavada unit to the Madras unit? "

THE HON. SRI C. SUBRAMANIAM :—" I will make a statement with regard to that when the concerned adjournment motion comes up before the House."

SRI PRAGADA KOTAIAH :—" Is it not a fact that electrical goods from Pakala in Chittoor district have been transferred to the residuary State very recently? "

THE HON. SRI C. RAJAGOPALACHARI :—" As far as I could get information and give information, I have done it already, Sir. If any particular instances are brought to my notice, I shall make an enquiry."

SRI V. BALAKRISHNAN :—" Has the division of the mov-¹³⁻⁴⁰ables between the two States already commenced? a.m."

THE HON. SRI C. RAJAGOPALACHARI :—" No, Sir. The point is that they think that we are stealing."

[22nd July 1953]

SRI M. HANUMANTHA RAO :—“ Do the Government deny that three tractors were carried from Vijayavada to Madras recently? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ I have already stated that merely making an allegation is of no use. I would like to have definite information about the allegations or suspicions and then I will make enquiries.”

Purchase of Comer Chassis.

* 843-B Q.—SRI M. VEERABHADRAM : Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether it is a fact that the Government have placed orders through the South India Automotive Corporation, Limited, to buy Comer Chassis; and

(b) if so, for how many and at what cost?

THE HON. DR. U. KRISHNA RAO :—“ (a) The answer is in the affirmative.

“ (b) Orders were placed for the supply of 35 chassis at a cost not exceeding Rs. 25,379 per chassis for delivery at Madras. As a result of the Government of India's decision to reduce import duty on motor vehicles, the suppliers have subsequently agreed to allow a reduction of Rs. 2,340 in the price of each chassis imported after the reduction in import duty.”

* SRI M. VEERABHADRAM :—“ Who are the directors of this concern? ”

THE HON. DR. U. KRISHNA RAO :—“ I should like to have notice of a separate question.”

SRI C. V. K. RAO :—“ Has this South India Automotive Corporation ever been dealing in the sale of chassis and may I know if Mr. Muthiah Chettiar, Raja of Chettinad, has anything to do with this company? ”

MR. SPEAKER :—“ I think the question becomes personal.”

THE HON. DR. U. KRISHNA RAO :—“ I will answer the first part of the question. This company is dealing in the Buick group of vehicles—Comer, Hillman and other products of the Buick group.”

SRI T. VISWANATHAM :—“ With regard to the remark which has just been made by the Hon. Speaker, I think a Member is entitled to know whether any sitting Member of this House has got any connexion with any particular firm with which the Government have dealings. I do not think it can be classed merely as a personal question. I would like to say that the Hon. Minister might answer the question.”

THE HON. DR. U. KRISHNA RAO :—“ I am not aware of any such connexion. If the hon. Member puts a separate question, I will make enquiries and answer.”

[22nd July 1953]

Allopathic hospital and maternity centre at Irikkoor firka, North Malabar.

* 844 Q.—SRI T. C. NARAYANA NAMBIAR : Will the Hon. the Minister for Health be pleased to state—

(a) whether the Government have any proposal to open an Allopathic hospital and maternity centre in Irikkoor firka, North Malabar;

(b) whether the Government have received any representation to restart the hospital at Irikkoor bazaar where there are hospital buildings belonging to the Government; and

(c) whether the Government have any proposal to convert the Local Fund Dispensary at the Headquarters of the Taliparamba sub-taluk into a Government hospital?

THE HON. SRI A. B. SHETTY :—“ (a) The answer is in the negative.

“ (b) The rural dispensary of Modern Medicine at Irikkoor was kept closed for want of a Medical Practitioner of Modern Medicine. In August last the inhabitants of Blathur Desam sent in a petition to the Malabar District Board to restart the dispensary at the place. As the practitioner of Modern Medicine was not available, a dispensary of Indigenous Medicine was opened at Irikkoor and it is now functioning in the buildings belonging to Malabar District Board.

“ (c) The answer is in the negative.”

SRI T. C. NARAYANA NAMBIAR :—“ Why is it that modern medical practitioners are not available? Were any advertisements made in the local press? ”

THE HON. SRI A. B. SHETTY :—“ Practitioners of modern medicine are unwilling to go and settle in rural areas and take charge of rural dispensaries for several reasons. The subsidy given to them is not sufficiently attractive, the amenities available are not sufficient and their income from private practice is very small.”

SRI T. LAKSHMINARAYANA REDDI :—“ Have the Government any proposal to open a few naturopathy hospitals in rural areas as they are cheap and effective? If there is no such proposal, will the Government give at least some grant to naturopathy private practitioners? ”

THE HON. SRI A. B. SHETTY :—“ No separate dispensary is necessary for naturopathy. Nature cures most of the diseases.”

SRI T. C. NARAYANA NAMBIAR :—“ Irikkoor firka is in the remotest interior with no transport facilities and medical centres. Instances have been brought to the notice of the Government during the last two budget sessions in which pregnant women who were carried from Irikkoor to Cannanore for delivery died on the way. Since Irikkoor is a place with more than half a lakh of

[22nd July 1953]

people and there are no transport facilities, will the Hon. Minister be pleased to order the opening of a maternity centre and an allopathic medical centre there?"

THE HON. SRI A. B. SHETTY :— "It is the business of the District Board to open maternity centres. The Government give maintenance grants and building grants."

SRI K. P. GOPALAN :— "Is it a fact that the Government have neglected to open hospitals and dispensaries in the interior parts of the Malabar district? In so many villages with a population of 50,000 and 60,000 there is not even a single dispensary. Will the Government be pleased to convert the Taliparamba Local Fund Dispensary into a Government Hospital?"

THE HON. SRI A. B. SHETTY :— "All the Taluk Headquarters Hospitals in Malabar have been provincialized. It is not so in the case of many other districts where there are still a number of Taluk Headquarters Hospitals remaining to be provincialized."

Number of murder cases in South Kanara in 1951-52.

* 845 Q.—SRI M. S. MOGRAL: Will the Hon. the Minister for Finance be pleased to state—

(a) the number of murder cases reported in the year 1951-52 in the district of South Kanara;

(b) how many of them have been given up as undetected;

(c) how many have been charge-sheeted; and

(d) how many of them ended in acquittal and how many ended in conviction?

THE HON. SRI C. SUBRAMANIAM :— "(a) Twenty-six cases of murder were reported to the police during 1951-52 in the South Kanara district.

"(b) Four cases were referred as undetected.

"(c) Nineteen cases were charged by the police.

"(d) Seven cases ended in conviction and 12 ended in acquittal."

SRI M. S. MOGRAL :— "May I know how many deaths have been reported by the police as deaths due to accident or disease?"

THE HON. SRI C. SUBRAMANIAM :— "I do not have the figures here. A separate question may be put."

Repairs to the Maniyara bridge in Payyannur firka, North Malabar.

* 846 Q.—SRI K. P. GOPALAN: Will the Hon. the Minister for Local Administration be pleased to state—

(a) whether it is a fact that the Maniyara bridge in Koramamsam in Payyannur firka, North Malabar, is completely broken down and damaged; and if so, since how long it is lying in the damaged state; and

[22nd July 1953]

(b) whether the Government have taken any steps hitherto either to repair the bridge or to build a new bridge?

THE HON. SRI N. SANKARA REDDI :— "(a) The bridge has not completely broken down but is in a bad and dangerous condition. It is in that condition for about two years.

"(b) The bridge work could not be taken up now for want of funds."

SRI K. P. GOPALAN :— "I visited the place and saw the bridge myself. The bridge is completely damaged. But the Hon. Minister says that it is not completely damaged. In view of the fact that so many students have to go to the other side of the bridge to attend the school and also because there is a ration shop on the other side to which the people have to go after crossing the bridge, will the Hon. Minister be pleased to enquire into the matter and expedite the construction of the bridge? I want a direct answer from the Hon. Minister."

THE HON. SRI N. SANKARA REDDI :— "This is a report from the Engineering Department. When the bridge was inspected, perhaps it was not completely broken down. The bridge is within the jurisdiction of the Payyannur major panchayat. If proposals are made by the panchayat, the Government will give necessary help for constructing the bridge."

SRI K. VINAYAKAM :— "The Hon. Minister told us, Sir, 8-50 a.m. that the bridge had been in that damaged condition for the past two years. Does the Hon. Minister believe that it will be included at least in the Five-year Plan so that repairs to the bridge might be carried out?"

THE HON. SRI N. SANKARA REDDI :— "The proposals must come either from the panchayat board or the district board, and the Government will then give the necessary help. Many bridges and roads are like this in our country."

SRI R. SIDDANNA GOWD :— "Does this bridge fall within the jurisdiction of any panchayat, Sir?"

THE HON. SRI N. SANKARA REDDI :— "I have already answered it."

Educational facilities to the children of village officers.

* 847 Q.—SRI Y. AUDINARAYANA REDDI: Will the Hon. the Minister for Education be pleased to state—

(a) why the Government have not extended the educational facilities that have been extended to the Non-Gazetted Officers' children to the children of village officers and servants; and

(b) under what category the Government classify the village officers and servants, i.e., as Non-Gazetted Officers or as any other class of servants of the Government?

[22nd July 1953]

THE HON. DR. M. V. KRISHNA RAO :—“(a) On account of financial stringency, Sir.

“(b) They are classified as part-time Government servants.”

SRI PRAGADA KOTIAH :—“Will the Government, Sir, consider the question of extending the same educational facilities to the servants of the co-operative institutions?”

THE HON. DR. M. V. KRISHNA RAO :—“The suggestion will be considered. But they are not Government servants, I believe.”

SRI M. KALYANASUNDARAM :—“Sir, are these village officers who are classified as part-time Government servants free to contest elections?”

(No answer.)

SRI S. DEIVASIGAMANY :—“Sir, the village officers are paid very poor salaries. Will the Government think of giving their children a concession in the matter of school fees at least in the near future?”

THE HON. DR. M. V. KRISHNA RAO :—“I have already said that it is only on account of financial stringency, we are not able to extend the concession to village officers.”

SRI V. R. NAGARAJAN :—“Sir, having extended educational facilities to various classes of public servants who are much better placed in life than these village officers, would the Government seriously think of giving the concession to these poor village officers?”

THE HON. DR. M. V. KRISHNA RAO :—“I have already answered it.”

SRI K. ARANGANATHAN :—“May I know, Sir, whether they are Government servants?”

THE HON. DR. M. V. KRISHNA RAO :—“I have already answered it.”

SRI T. VISWANATHAM :—“Sir, in view of the fact that they are treated as part-time Government servants, will the Government at least give them part concession?” (Laughter.)

SRI M. S. MOGRAL :—“May I know whether the Government would recognize the succession principle in the case of these village officers, and whether the Government would give them fee concessions by some other method?”

THE HON. DR. M. V. KRISHNA RAO :—“No doubt, Sir, free education has got to be given to children up to 14 years of age according to the Constitution. But financial conditions prevent the Government from applying this principle.”

[22nd July 1953]

SRI P. PUNDARIKAKSHACHARYULU :—“Sir, have the Government estimated the amount of loss that would be incurred by them if the concession is to be extended to the children of village officers also?”

THE HON. DR. M. V. KRISHNA RAO :—“I have not got the figures here.”

SRI M. NARAYANA KURUP :—“Sir, is not the Hon. Minister aware that the village accountants are classified as Government servants though not the headmen and the peons?”

THE HON. DR. M. V. KRISHNA RAO :—“They have been defined as part-time Government servants.”

SRI C. V. K. RAO :—“విద్యార్థులకు మొత్తం అన్నింటికీ ప్రభుత్వానికి financial stringency అనే సాకు ప్రజలమీద వేస్తూవున్నట్లయితే, దేశములో ఉన్న వారందరికీని విద్య ఎట్లా వస్తుందంటే?”

THE HON. DR. M. V. KRISHNA RAO :—“ఇది ప్రభుత్వానికి, ప్రజలకు సంబంధించిన అంశ విషయం.”

SRI K. VINAYAKAM :—“Sir, in view of the fact that there is only one village officer per village and the number of villages is also not much, the financial commitment may not be a big drain upon our total expenditure to be incurred from the education budget. So, I would request the Government of Madras to reconsider their decision. Will the Government be pleased to reconsider their decision to grant educational concessions to the children of these village officers also?”

THE HON. DR. M. V. KRISHNA RAO :—“When financial conditions improve, it will be time to reconsider this question along with similar questions.”

Compensation for taking over temple tanks for fish culture.

* 848 Q.—SRI S. S. KOLKEBAIL : Will the Hon. the Minister for Agriculture be pleased to state—

(a) whether it is a fact that the Government have taken up some temple tanks for fish culture; and

(b) if so how many and whether the Government are paying any compensation to the temple authorities?

THE HON. DR. R. NAGAN GOUDA :—“(a) Yes.

“(b) Twelve temple tanks have been taken over by the Fisheries Department. Compensation is being paid to the temple authorities in respect of all the tanks except six. In these excepted cases, the temple authorities preferred to hand them over without payment of compensation.”

SRI S. S. KOLKEBAIL :—“Is fish considered a vegetable (laughter) or a non-vegetable?”

THE HON. DR. R. NAGAN GOUDA :—“Take it as a vegetable.”

[22nd July 1953]

Royalaseema students in Medical Colleges.

* 849 Q.—SRI D. SEETHARAMIAH: Will the Hon. the Minister for Health be pleased to state—

(a) the number of Royalaseema students selected for Medical Colleges for 1950-51, 1951-52 and 1952-53; and

(b) what is the percentage of such selection to the total number of candidates selected for this course?

THE HON. SRI A. B. SHETTY:—“(a) 37, 36 and 39 candidates from the Royalaseema area were admitted to the Medical Colleges in the State during the years 1950-51, 1951-52 and 1952-53, respectively.

“(b) The percentage of the seats obtained by them to the total number of admissions during the above years is 12.3, 11.9 and 12.3, respectively.”

SRI D. SEETHARAMIAH:—“Sir, will the Government accept the recommendation of Mr. Justice Wanchoo regarding the admission of Andhra students in the Medical Colleges of Madras State?”

THE HON. SRI A. B. SHETTY:—“It is a matter for consideration.”

Reversion of officers in the Police department.

* 850 Q.—SRI T. GANAPATHY (on behalf of Sri K. T. Kosalam): Will the Hon. the Minister for Finance be pleased to state—

(a) whether it is a fact that about 30 Deputy Superintendents of Police, 30 Inspectors and 30 Sub-Inspectors of Police have been reverted recently; and

(b) if so, what are the reasons?

THE HON. SRI C. SUBRAMANIAM:—“(a) & (b) There has been no large scale reversion of Deputy Superintendents of Police in recent months. Eight Deputy Superintendents of Police, 27 Inspectors and 72 Sub-Inspectors have reverted after 1st October 1952 for want of vacancies due to abolition of temporary posts and return of senior officers who were till recently on deputation to Hyderabad and the Government of India.”

SRI V. R. NAGARAJAN:—“Would the Government be able to tell this House how many Sub-Inspectors there are who, after having put in a service of five years as Sub-Inspectors, have been reverted?”

THE HON. SRI C. SUBRAMANIAM:—“This question has been repeated ever so many times and answers have been given.”

SRI VAVILALA GOPALAKRISHNAIAH:—“What is the number language-war?”

[22nd July 1953]

THE HON. SRI C. SUBRAMANIAM:—“On 1st October 1953, we will know it.”

SRI V. BALAKRISHNAN:—“Sir, until the reinstatement of these officers to the posts held by them, will the Government stop direct recruitment of officers?”

THE HON. SRI C. SUBRAMANIAM:—“I cannot give a general assurance like this. The situation in each case will be considered as it arises.”

SRI VAVILALA GOPALAKRISHNAIAH:—“Sir, I am sorry on 1st October, the Hon. Mr. Subramaniam cannot reply to me. I ask him to reply now. How many people were reverted in the categories of Deputy Superintendents of Police, Inspectors of Police, and Sub-Inspectors of Police, language-war?”

THE HON. SRI C. SUBRAMANIAM:—“I am sure the hon. Member will be more pleased to hear the answer from some other Minister in his own language.” (Laughter.)

Exemption to untrained teachers.

* 851 Q.—SRI Y. MANJAYA SHETTY: Will the Hon. the Minister for Education be pleased to state—

(a) whether the Government have laid down any rules for exempting untrained teachers working in Elementary and Higher Elementary Schools of the State from undergoing training; and if so, what those rules are; and

(b) whether it is a fact that those untrained teachers have to apply to Educational authorities every year for exemption?

THE HON. DR. M. V. KRISHNA RAO:—“(a) & (b) Under the rules relating to the grant of recognition to elementary schools untrained teachers are exempted from the training qualification till qualified teachers become available. In the case of unqualified teachers who are too old to undergo the training exemption is granted on a permanent basis. In the case of temporary exemptions fresh applications should be made.”

SRI Y. MANJAYA SHETTY:—“Will the Government consider the desirability of exempting all those teachers who have put in at least ten years of service, from undergoing training?”

THE HON. DR. M. V. KRISHNA RAO:—“Opportunity is given to such people as are young to undergo training. If they are old, they are exempted permanently.”

SRI T. ANANTHA PAI:—“May I know the number of trained and untrained teachers in the elementary schools of the State?”

THE HON. DR. M. V. KRISHNA RAO:—“I require notice, Sir.”

[22nd July 1953]

SRI E. L. RAGHAVA MUDALIAR :—" May I know who are all considered to be too old to undergo training? "

THE HON. DR. M. V. KRISHNA RAO :—" Those who are above 40 years of age, according to common sense. There is no time-limit. Each case is considered separately."

SRI R. SIDDANNA GOWD :—" In view of the paucity of trained hands, will the Government be pleased to open more training schools? "

THE HON. DR. M. V. KRISHNA RAO :—" It is being done, Sir."

Number of Communist convicts in jails.

* 852 Q.—SRI C. KANDASAMI : Will the Hon. the Minister for Law be pleased to state how many Communist convicts are still undergoing imprisonment in the various jails of the State?

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" In March 1953, 107 prisoners convicted under the ordinary penal law, viz., the Indian Penal Code, who were reported to be members of the Communist Party, were undergoing imprisonment in the several jails in this State. I may add that after the preparation of this answer, some more were released, and the number as on 18th July 1953 is 73."

SRI C. KANDASAMI :—" May I know how many convicts there are from Tamil districts? "

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" A separate question may be given notice of."

SRI M. KALYANASUNDARAM :—" Some time ago the Government promised to repatriate all these prisoners to their respective linguistic areas. That they have done. But they also promised to repatriate the prisoners from Salem Jail to their respective districts like Madurai, Coimbatore and Tiruchirappalli. How far have they progressed in that direction? "

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" As far as practicable, it has been done."

SRI C. KANDASAMI :—" On a previous occasion, the Hon. the Chief Minister promised to review the cases of the convicts and see that some of them were released. Has he done so? "

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" As I submitted, he has done so. That is why the number has been reduced to 73."

SRI T. C. NARAYANA NAMBIAR :—" My hon. Friend Sri Kalyanasundaram was saying that as per the assurance given by the Hon. the Chief Minister on the floor of the House that the prisoners would be repatriated to their respective regions, the

[22nd July 1953]

repatriation took place. But is it a fact that after repatriation, some of the prisoners were sent back to jails other than in their own districts? "

THE HON. SRI C. RAJAGOPALACHARI :—" That arose out of certain action taken by the prisoners and the necessary consequences to look after them properly."

SRI S. RAMALINGAM :—" In an interview at Tanjore, the Hon. the Chief Minister promised to me that he would consider the question of releasing the convicts at Tanjore."

MR. SPEAKER :—" How does it arise out of this question? "

SRI S. RAMALINGAM :—" They are also prisoners like Communist prisoners."

MR. SPEAKER :—" I have no objection if the Hon. Minister is prepared to answer."

(There was no answer.)

SRI M. HANUMANTHA RAO :—" The Hon. the Chief Minister was comparing October 1st with August 15. In view of this most auspicious occasion, will the Government see to it that all political prisoners are released and cases against them are withdrawn? "

THE HON. SRI C. RAJAGOPALACHARI :—" General amnesty in relation to 15th of August cannot exactly be made a parallel to October 1st. When really we reach October 1st and when the Andhra State Bill is passed, the new Government will certainly take steps."

SRI V. BALAKRISHNAN :—" Will not October 1st pass out of the hands of the present Chief Minister? "

THE HON. SRI C. RAJAGOPALACHARI :—" That is exactly my difficulty, Sir."

SRI M. KALYANASUNDARAM :—" In view of the importance of October 1st, will the Hon. the Chief Minister review the cases of at least those prisoners who were connected with the Andhra State agitation? "

MR. SPEAKER :—" A separate question on this subject is on the agenda."

THE HON. SRI C. RAJAGOPALACHARI :—" There is a short notice question to-day which I will be answering."

Number of wells constructed in Tiruvallur taluk.

* 853 Q.—SRI M. DHANMALINGAM : Will the Hon. the Minister for Rural Welfare be pleased to state—

(a) the total number of wells constructed in the selected areas of Tiruvallur taluk, Chingleput district, in 1952; and

(b) of these how many were constructed in cheris; and how many in the villages?

[22nd July 1953]

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“(a) 10 wells.

“(b) Near the Harijan quarters the number is 5, and near the caste Hindu quarters 5.”

SRI M. DHARMALINGAM :—“In view of the fact that the Harijans will have to pay contribution if the construction of wells is taken up under the Rural Welfare Scheme, will the Government consider the desirability of issuing a specific instruction to the Collectors to sanction the construction of drinking water wells under the Rural Water-supply Scheme?”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“I am speaking on behalf of the Rural Welfare Department. On behalf of this department, instructions have already been given that facilities should be given to Harijan quarters. As a matter of fact, instructions have been given to the effect that in regard to drinking water wells, care should be taken to see that separate wells for Harijans and other communities are not constructed as they are likely to perpetuate the caste distinction and that ordinarily no new well should be dug within a distance of one furlong from an existing public well, unless there be any compelling reasons such as shortness in supply in the existing wells and that in any case nothing should be done which would tend to accentuate caste distinctions. As far as possible, the needs of the Harijans are met in this respect.”

Sri Soundareswaraswamy temple at Kamarasavalli.

* 854 Q.—SRI K. R. VISWANATHAN : Will the Hon. the Minister for Religious Endowments be pleased to state—

(a) whether the Government received any complaint, dated 10th February 1953, from the villagers of Kamarasavalli regarding the mismanagement of Sri Soundareswaraswami temple at Kamarasavalli; and

(b) the action taken thereon?

THE HON. SRI K. VENKATASWAMI NAIDU :—“(a) No, Sir.

“(b) Does not arise.”

Construction of a road connecting the Payyanloor-Pulingom road with Coorg.

* 855 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Local Administration be pleased to state whether there is any proposal with the Government to construct a road connecting the Payyanloor-Pulingom road in North Malabar with Coorg?

THE HON. SRI N. SANKARA REDDI :—“There is no such proposal.”

[22nd July 1953]

SRI K. P. GOPALAN :—“Are the Government aware that it will be a very important road which shortens the distance from Malabar to Coorg and that it would create better facilities for commercial crops grown in that area? Will the Government be, therefore, pleased to include this road also in the new scheme?”

THE HON. SRI N. SANKARA REDDI :—“A road of fifteen miles in length has to be formed in Coorg area and the Coorg Government have pleaded inability to construct that road. A bridge also will be necessary on the river which runs between Coorg and Madras.”

Representations from the members of the Kudumbi community.

* 856 Q.—SRI C. H. KANARAN : Will the Hon. the Minister for Education be pleased to state—

(a) whether the Government have received any memorandum signed by more than 40 members of the Kudumbi community to include them in the backward community list and give them educational facilities given to backward communities; and

(b) if so, what action has been taken by the Government?

THE HON. DR. M. V. KRISHNA RAO :—“(a) Yes.

“(b) The question of inclusion of the Kudumbi community in the list of backward classes will be considered after the recommendations of the Backward Classes Commission are known.”

SRI C. H. KANARAN :—“Did the Government take any step in this matter? Did the Government recommend the inclusion of this community in the list of backward communities?”

THE HON. DR. M. V. KRISHNA RAO :—“When the Commission receives the views of the Government, this will also be communicated, but the decision will be arrived at after getting the decision of the Commission.”

SRI P. PUNDARIKAKSHACHARYULU :—“Sir, what is the policy or principle involved in declaring a particular community a backward community?”

THE HON. DR. M. V. KRISHNA RAO :—“The list of the backward communities was added to from time to time. But now, in view of the appointment of the Backward Classes Commission by the President, we have to wait till the Commission goes into the whole question.”

Representations from the members of the Kudumbi community, Tellicherry.

* 857 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Education be pleased to state whether the Government received a memorandum recently from the Kudumbi community of Tellicherry requesting the Government to include them among the backward scheduled castes; and if so, the action taken thereon?

[22nd July 1953]

THE HON. DR. M. V. KRISHNA RAO :—“ The hon. Member is referred to the answer to question No. 856 on the same subject.”

SRI K. P. GOPALAN :—“ What are the criteria adopted by the Government in deciding that a particular community should be included in the list of backward communities? ”

THE HON. DR. M. V. KRISHNA RAO :—“ Backwardness involves educational backwardness and backwardness in other respects also.”

Cloth purchased for the Police department.

* 858 Q.—SRI G. SATYANARAYANA : Will the Hon. the Minister for Finance be pleased to state—

(a) the number of yards of cloth purchased by the Government for the Police department during the year 1951-52; and

(b) out of that how many yards were mill cloth, how many yards of cloth were imported from foreign countries and what was the cost in rupees?

THE HON. SRI C. SUBRAMANIAM :—“ (a) 381,076-1/8 yards of cloth were purchased for the Police Department during 1951-52.

“ (b) The whole of the quantity is mill cloth and no cloth was imported from foreign countries.”

SRI G. SATYANARAYANA :—“ మౌలికము చెప్పిన సమాధానం ఏమిటా ఉంచుకుని ముందునుంచి ప్రభుత్వానికి కావలసిన బట్ట, చేనేత పాకి, క్రామిక స్థానానికి పంపడానికి ప్రయత్నం చేస్తారా? ”

SRI C. V. K. RAO :—“ This is what the hon. Member wants to know. In future, will the Government take care to get cloth from the handloom weavers in order to provide employment for them? ”

THE HON. SRI C. SUBRAMANIAM :—“ This relates to 1951-52 and not for the present year. With regard to the present requirements, the hon. Members are aware that we are trying to find out the suitability of a new pattern of cloth woven from hand-spun yarn and mill-spun yarn put together. This will be utilised in the Police department if it is found suitable according to the physical duties which the various officials have got to do.”

SRI K. VINAYAKAM :—“ Will the Government consider the desirability of supplying the police officials with khaki made of khaddar? ”

THE HON. SRI C. SUBRAMANIAM :—“ That is exactly what I said, viz., that a new pattern of cloth made by a mixture of hand-spun yarn and mill-spun yarn is being evolved. If it is found suitable, it will be given to the Police department also.”

Permits to ply buses from Cannanore to Taliparamba.

* 859 Q.—SRI T. C. NARAYANA NAMBIAR : Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether the Government have received any representation regarding the refusal of the Regional Transport Authority, Kozhikode, to grant the applications to issue permits to ply buses from Cannanore to Taliparamba direct; and

(b) if so, what action has been taken?

THE HON. DR. U. KRISHNA RAO :—“ (a) The answer is in the negative.

“ (b) Does not arise.”

SRI T. C. NARAYANA NAMBIAR :—“ Are the Government aware that a lot of inconvenience is caused to the passengers on either side of the Baliapatam bridge and the distance is about 6 to 7 furlongs, and if so, will the Government be pleased to consider the question of giving permission to ply buses from Cannanore to Taliparamba direct? ”

THE HON. DR. U. KRISHNA RAO :—“ Sir, proposals for extension of existing routes of certain buses of Malabar Roadway Service and Jaya Sree Transport, now terminating at Cannanore, from Cannanore to Taliparamba and for extension of the route of the buses at present plying between Taliparamba and Pappinisseri, from Pappinisseri to Cannanore were referred to the Road Transport Officer by the C.R.T. Board to whom reports were submitted by the R.T.O., Kozhikode. Since, however, the power to vary the conditions of permits of stage carriages has since been delegated to the R.T.Os. and since the files regarding the proposals mentioned above were transferred to the R.T.O., Malabar, action has to be taken by the R.T.O., Malabar, afresh, such as publishing a notification, calling for representations from other operators, etc.

“ So far as opening of a new route from Cannanore to Taliparamba is concerned no representation has been received. One Sri Kasthuri Kunhappa of Chirakkal has proposed the introduction of a new route between Tellicherry and Taliparamba via Cannanore. The proposal will be considered by the R.T.A., Malabar. Sri Abdurhaman Abdulla Sait has proposed the introduction of new services between Cannanore and Payangadi which is a new route over the Baliapatam bridge. The proposal was considered by the R.T.A. but the subject was adjourned by R.T.A. till the proposals for extension of existing services over the Baliapatam bridge are disposed of. The necessity for introducing new or additional services from Taliparamba to Cannanore will be examined after the proposals for extension of the existing services now terminating at either side of Baliapatam bridge have been disposed of.”

[22nd July 1953]

SRI K. P. GOPALAN :—“ Is it a fact that the Malabar Regional Transport Authority did not recommend fresh permits in order to help monopoly bus-owners who have already got a number of buses in particular areas? ”

THE HON. DR. U. KRISHNA RAO :—“ I do not think that is the policy of the Government. During the discussion on the Surcharge Bill, Member after Member got up and said that new permits should not be issued and that the old permits must continue to be in force as otherwise the already meagre profits that they were getting will dwindle.”

Construction of a bridge over the Kunderu, Guntur district.

* 860 Q.—SRI PRAGADA KOTIAH : Will the Hon. the Minister for Public Works be pleased to state—

(a) whether there is a request from the District Board, Guntur, to construct a bridge over the Kunderu passing between Ipurupalem and Thotavaripalem; and

(b) if so, what action has been taken on the same?

THE HON. SRI N. RANGA REDDI :—“ (a) Yes.
“ (b) The matter has been referred to the Chief Engineer (Irrigation)-I for report and his reply is awaited.”

SRI PRAGADA KOTIAH :—“ In view of the fact that the people of the villages are experiencing considerable difficulty in crossing this river, will the Hon. Minister for Public Works look into the matter and do something? ”

THE HON. SRI N. RANGA REDDI :—“ That is why it has been sent to the Chief Engineer for report.”

Grant of subsistence loans to tailors, etc., in Rayalaseema.

* 861 Q.—SRI D. SEETHARAMIAH : Will the Hon. the Minister for Rural Welfare be pleased to state—

(a) on what grounds tailors, barbers, proprietors of small shaving saloons and masons are excluded from the definition of artisans in the matter of granting subsistence loans in Rayalaseema; and

(b) whether the Government propose to reconsider the question?

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“ (a) No subsistence loans are granted by the Government to any village artisan in the famine-stricken areas. If ‘ Subsistence loans ’ refer to the loans granted under the Madras Cottage Industries Loans and Subsidy Rules, 1948, on personal security to village artisans in the famine-stricken areas of Rayalaseema, it is true that tailors, barbers, proprietors of small shaving saloons and masons have been excluded from the scope of the grant of loans as they are not eligible for

22nd July 1953]

the loans. These professional classes are not engaged in the pursuit of any cottage industry. They are not ‘ artisans ’ in the real sense of the term, as they are not engaged in the production of any goods but only render manual or professional service.

“ (b) No.”

SRI D. SEETHARAMIAH :—“ Sir, a number of applications from Chittoor and other districts in Rayalaseema have been submitted for the subsistence loans and the cottage industries loans and none of the applicants have been paid. Will the Government please expedite the sanction of these loans? ”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“ I am afraid the hon. Member is confusing cottage industries loan with subsistence loan. Under the Madras Cottage Industries Loans and Subsidy Rules, 1948, the Director of Industries and Commerce is empowered to grant loans up to Rs. 500 on collateral security to persons who want either to start new cottage industries or to develop an existing cottage industrial unit. Naturally, the Director of Industries has to examine the worth of those who offer collateral security and take a decision on the grant of loan. However, in the famine-stricken areas of Rayalaseema to enable the famine-affected artisans, it has been provided as a special case to grant loans up to Rs. 100 only to the artisans on personal security to enable them to eke out a living.”

SRI P. V. R. GAJAPATHY RAJU :—“ What is the basis on which collateral security is accepted by the Director of Industries? ”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“ I have already explained the basis. The persons must be starting new industries or must be developing the existing cottage industrial unit. In such cases only, collateral security is required from the person who wants the loan.”

SRI B. SANKARIAH :—“ కరువు ప్రదేశంలో ఉండేటటువంటి వీధులకు ఈ కరువునందు రక్షించడానికి గదా ఈ సహాయం చేసేది. అటువంటప్పుడు ఈ వైద్యుల tailors మొదలైన వారికి అప్పులిచ్చుటకు ప్రభుత్వం అలోచిస్తుందా? ”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“ వీధులకు చేసే సహాయం అంటే, ఉండు చిన్న పరిశ్రమలు, గృహపరిశ్రమలకు మూలమే ఈ department పనిచేస్తుంది. వారికి కొన్ని ప్రత్యేక నిబంధనలు నియమా వళి ఉన్నవి. దాని కొరకు ప్రభుత్వంవారు ఈ అప్పు విచ్చాటు చేస్తున్నారు.”

SRI M. VEERABHADRAM :—“ ఈ artisans కి అప్పు యివ్వడానికి ఏర్పాదన్నారు. మరో విధంగా వారికి అప్పులిచ్చుటకుకాని, ప్రభుత్వముగాని మార్గం చూపిస్తారా? ”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“ అందుకే ఈ మార్గం చూపిస్తున్నాం.”

[22nd July 1953]

SRI R. SIDDANNA GOWD :—“ Was the qualification the only guiding principle in recruiting these District Munsifs or do their practice and experience they have acquired in the profession also guide the selecting authorities and form part of the qualification? ”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ All those form part of the qualifications.”

SRI M. JAGANNATHAN :—“ In view of the fact that some of the District Munsifs are found dosing during the time of argument, will the Government take care to see that Munsifs are appointed after careful medical examination? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ The dosing is the result of the quality of the arguments.” (Laughter.)

SRI R. S. ARUMUGAM :—“ தகுந்த qualification உள்ளவர்கள் ஹரிஜனங்களில் யாரும் இல்லாவிட்டால், ஹரிஜன கிருஷ்ணவர்களுக்கு ஏன் அந்த உத்தியோகங்களைக் கொடுக்கக் கூடாது என்று, கனம் மந்திரி அவர்கள் சொல்வார்களா? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Recognition of the primary Harijan backwardness even in a converted Christian is to a large extent done in the matter of educational concessions but not in such matters.”

Reports regarding forest offences.

* 864 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Agriculture be pleased to state—

(a) whether there are any executive instructions issued to rangers and forest guards that they should as and when a forest crime is committed report invariably to a Magistrate; or whether it is left to the said forest authorities to report or desist from reporting to the Magistrates occurrences of forest crimes or breaches of forest rules; and

(b) whether any interval is fixed by the Government between the time of occurrence of a forest crime or breach of forest rules and the time of reporting of the same to the Magistrate; and if so, what is the period so fixed and allowed?

THE HON. DR. R. NAGAN GOUDA :—“ (a) The general instructions issued for the guidance of the Forest Subordinates in the prosecution of forest offences, do not require that when a forest offence is committed, it should invariably be reported to the Magistrate. The District Forest Officer is empowered to decide whether the case should be prosecuted or compounded or withdrawn. If the District Forest Officer's orders are to prosecute the case is reported to a Magistrate. Also when the District Forest Officer's orders are to compound and the offenders fail to pay the compounding fee within 30 days of the date of receipt of the notices demanding the compounding fee, the case is reported to a Magistrate.

“(b) No, Sir.”

[22nd July 1953]

SRI K. KRISHNA RAO :—“ Is there any time limit fixed, after the date of the occurrence of the offence, for the report of the occurrence of the offence to the District Forest Officer concerned who is to decide the course in the matter? ”

THE HON. DR. R. NAGAN GOUDA :—“ No, Sir, he takes action immediately.”

SRI T. LAKSHMINARAYANA REDDI :—“ Are the Government aware that one forest guard and one watcher cannot protect the forest properly and will the Government increase the staff by one more watcher for every beat? ”

THE HON. DR. R. NAGAN GOUDA :—“ It all depends upon the intensity of the forest areas.”

SRI V. K. RAMASWAMI MUDALIAR :—“ Are the Government aware of the fact that these forest crimes have increased after the abolition of the forest panchayats? ”

THE HON. DR. R. NAGAN GOUDA :—“ Forest offences are detected more efficiently. That is why it looks as though there are more offences.”

SRI M. S. MOGRAL :—“ May I know how many forest officers have been suspended for corruption during the last three years? ”

THE HON. DR. R. NAGAN GOUDA :—“ The hon. Member can give notice of a separate question.”

House rent and other allowances to Prohibition guards.

* 865 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Prohibition be pleased to state why Government are not giving housing allowance, washing allowance and shaving allowance to the Prohibition guards in Malabar?

THE HON. SRI V. C. PALANISAMI GOUNDER :—“ The Prohibition guards throughout the State are not paid any washing or shaving allowance but are given House Rent Allowance at the rates sanctioned in the G.O. Ms. No. 379, Finance, dated 3rd April 1951.”

SRI K. P. GOPALAN :—“ May I know whether the Government have given washing allowance and shaving allowance to these people any time before and if so will the Minister say why it is stopped? Will the Government also consider the question of reviving it? ”

THE HON. SRI V. C. PALANISAMI GOUNDER :—“ Will the hon. Member enlighten me as to the date of the order giving the allowance? ”

SRI C. KANDASWAMI :—“ If the Government are not giving shaving allowance, will they tolerate it if the Prohibition staff grow beard? ”

[22nd July 1953]

SRI K. VINAYAKAM :—“ The Minister has told the House that the Government are not giving any washing or shaving allowance to the Prohibition guards. Is it because they make their own allowances in some way or other? ”

THE HON. SRI V. C. PALANISAMI GOUNDER :—“ I am not of that view.”

9.30 a.m.

MR. SPEAKER :—“ The hon. Member, Sri Yellamanda Reddi, has given notice of a short notice question. There was no time to roneo it and circulate it to hon. Members. I shall read the question and if the Hon. Minister is prepared to answer, he may answer. I shall allow five minutes for this question. The question is—

“ Will the Hon. the Chief Minister be pleased to state—

(1) whether any representations have been made to the Government by the Members of this House with the request that all prosecutions launched in connexion with the Andhra State agitation in December last be withdrawn; and

(2) if so, the action taken thereon.”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, I am not sure whether any such representations were made. But the question itself may be treated by me as a representation. It is not possible to condone very grave crimes said to have been committed by all sorts of people, taking advantage of the confusion created by violent political agitation. This Government would be opening itself to a serious charge, if they did anything by way of creating a law and order difficulty for the new State at the very outset by an indiscriminate and all-comprehensive withdrawal of prosecutions for very grave crimes in which evidence is found to be available. Further, I would like to leave the advantage arising out of a general amnesty to the new Government and should not like to appropriate the credit to myself.”

SRI M. KALYANASUNDARAM :—“ Sir, if the leaders of important political parties in Andhra who are now represented in this House jointly make a representation for the withdrawal of the cases connected with the Andhra State agitation, will the Government be pleased to consider that and order their release before 1st October so that they could also participate in that function? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, I have partly answered the point raised, in the last part of my answer.”

SRI M. KALYANASUNDARAM :—“ If the leaders agree, can it be done? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, the Government of Andhra is still only a potential entity. Some leaders may agree and some others may not agree.”

22nd July 1953]

SRI T. VISWANATHAM :—“ Sir, does the Chief Minister remember that I was one of those who wrote to him about this a long time ago after the decision by the Prime Minister was announced that the Andhra State would be formed? I did really send a representation to the Hon. Chief Minister that those who are connected with the agitation should be let out and that is, Sir, with regard to the first portion. My question is, does he consider that the grave crimes about which he talks are just as grave or more grave than those offences for which prosecutions were launched, arrests were made and detentions were ordered and then proceedings withdrawn in the Chittoor area? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, any case, really not grave, will not be considered by me grave. I am referring to very grave cases like looting property, damaging railways and such things which had been committed. But this question should be really considered by the new Government and I am sure it will be considered by them very liberally. I do not think it would be proper for me to saddle the new Government with jail deliveries of robbers, decoits, etc.”

SRI G. YELLAMANDA REDDI :—“ Sir, are these cases graver than those of 1942? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, I did not release the 1942 prisoners.”

SRI K. GOVINDA RAO :—“ Sir, are the Government aware that all this agitation took place as a consequence of the failure of the Government to form the State earlier and save the life of Potti Sriramulu and will they realize that it is their duty to withdraw the cases which are still pending? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, crimes arising out of immediate passion can be considered altogether in a different way from crimes like removing of rice bags, looting of property and the like.”

SRI P. RAMAMURTHI :—“ Sir, is the Hon. Chief Minister aware that the people who indulged in removing rice bags did not take them for themselves but distributed them to the people in Vijayawada. All these things arose out of a momentary passion in a particular movement. Is it not very necessary, in view of the fact that the Andhra State is to be established now, to see that normal atmosphere is restored and all these cases are not kept pending? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, we are getting into a mere argument. It is possible to explain away every burglary on the socialist principle that property is distributed to other people who needed it very much. We cannot really take up that position. Really, the point is whether this should be considered fully by the new Andhra Government or by this Government in advance.”

[22nd July 1953]

SRI P. RAMAMURTHI :—" Sir, does the Hon. Chief Minister consider the release of those people who were convicted or against whom cases were kept pending by the then Government and who were released by the new Congress Governments that were formed in 1946, a wrong thing? "

THE HON. SRI C. RAJAGOPALACHARI :—" Sir, I do not think that in 1942 cases of this kind arose."

SRI T. NAGI REDDI :—" Sir, when a particular movement is withdrawn or when particular steps are taken by the Government to establish new conditions in the State, the general tradition is that the prisoners concerned are released. It has been done by the British Government and the Congress Government also. Will the Hon. Chief Minister take this into consideration and release the men before the 1st October so that we may start the new Andhra State in friendly conditions? "

THE HON. SRI C. RAJAGOPALACHARI :—" I do not really understand why hon. Members are so apprehensive about the new Andhra Government. In any case, let me point out that while the so-called tradition referred to by Sri Nagi Reddi has unfortunately been built up, I think it is time we stopped the feeling that such acts are generally condoned and that criminals can expect condonation as soon as something political takes place."

SRI K. VINAYAKAM :—" Sir, since Mr. Viswanatham has mentioned about Chittoor, I am tempted to put this question. Is it not a fact that the participants in the Chittoor agitation are still behind the bars and is it not a fact that the Hon. Chief Minister has not shown any different kind of treatment—one to agitators in Chittoor district and another to the agitators in Andhra area? "

THE HON. SRI C. RAJAGOPALACHARI :—" Sir, those who have really committed graver offences, like interfering with railway track, etc., are behind the bars, very probably. But those who have committed mere agitational offences have been released as far as my information goes."

SRI V. BALAKRISHNAN :—" Sir, will the Hon. Chief Minister consider why he should not share the credit for a general amnesty with the new Government by the release of those who are not guilty of violent and grave crimes? "

THE HON. SRI C. RAJAGOPALACHARI :—" Sir, I am quite prepared to accept the proposition of Mr. Balakrishnan."

SRI VAVILALA GOPALAKRISHNAIAH :—" అయ్యో, Chief Minister గారు 1942 వ సంవత్సరంలో కులశేఖరపట్టణం కేసు విషయంలో తాను defend చేస్తూ నేరం దేశభక్తితో చేశారని సమర్థిస్తూ rules చేయటం ప్రయత్నం చేశారు. ఇప్పుడు చేసిన నేరం విడుదల అంది? ఇప్పుడు ఈ పరిస్థితులు వచ్చాయి కనుక ఇందుకు rules చేయకూడదా అని అడుగుతున్నాను."

[22nd July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—" Sir, Mr. Gopalakrishnaiah refers to what I did as a private person and says that I agitated for clemency for a particular prisoner who was under sentence of death. The case was quite different. Commutation of sentences of death to one of transportation for life is being granted every day even now. The question of withdrawing cases of grave offences is quite a different matter."

SRI PILLALAMARRI VENKATESWARLU :—" Sir, the Hon. Chief Minister is not willing to release the prisoners or withdraw the cases only to allow the future Andhra Government to have the credit. May I suggest to him that the would-be members of the Andhra Government would also be pleased if the Chief Minister shared the credit as he has shared the credit for the formation of the new State? "

THE HON. SRI C. RAJAGOPALACHARI :—" Sir, after so much of discussion, I shall look into the matter."

MR. SPEAKER :—" Question-time is over. Answers to the remaining questions will be printed in the proceedings."

Famine relief measures in Chingleput district.

* 866 Q.—SRI M. DHARMALINGAM : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether any representation has been received from the M.L.Cs. and M.L.As. of Chingleput district with regard to declaring this district as famine-affected district and for relief measures as that of other famine-affected areas;

(b) if so, what action the Government have taken in the matter; and

(c) whether the nature of the action taken has been communicated to any one of the representatives?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" (a) Yes.

" (b) The Government considered that in view of the improved seasonal conditions in the district, no action was necessary.

" (c) A reply was sent on 29th January 1953 to this effect to Sri V. K. Ramaswami Mudaliar, M.L.A., who was one of the signatories to the representation."

The Sathanur Anicut.

* 867 Q.—SRI K. ARANGANATHAN : Will the Hon. the Minister for Public Works be pleased to state the stage of Sathanur Anicut and when it will be completed and the total number of acres that will be brought under cultivation by this anicut?

[22nd July 1953]

THE HON. SRI N. RANGA REDDI :—" The scheme is under consideration of the Government. It is expected to benefit 20,000 acres. It cannot be said now when the scheme will be sanctioned."

Opening of a Sub-Registry office at Pattambi.

* 868 Q.—SRI K. M. SEETHI : Will the Hon. the Minister for Religious Endowments and Registration be pleased to state—

(a) when the opening of a Sub-Registry office at Pattambi in South Malabar was sanctioned;

(b) whether it has been opened; and

(c) if the reply to (b) is in the negative the reason for it?

THE HON. SRI K. VENKATASWAMI NAIDU :—" (a), (b) & (c) The Government recently considered the question of opening a sub-registry office at Pattambi as a Part II scheme for 1953-54, but decided that it should be deferred and taken up as a Part II scheme for 1954-55. The Government thought that, in view of the impending formation of the Andhra State, all schemes which are not imperatively and immediately essential should wait."

Retrenchment of workers in the Andhra Scientific Company, Masulipatnam.

* 869 Q.—SRI G. ANJANEYULU : Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether any representation was received by the Government regarding the retrenchment of workers in the Andhra Scientific Company, Masulipatnam, by the Andhra Scientific Works Union, Masulipatnam, in January 1953; and

(b) if so, what steps the Government have taken in the matter?

THE HON. DR. U. KRISHNA RAO :—" (a) & (b) No representation was received by the Government or the Commissioner of Labour from the Andhra Scientific works (workers) Union. The Labour Officer, Vijayawada, received a memorandum purported to be a representation from 46 retrenched workers of the company. The Labour Officer contacted the representatives of the union and found that the retrenchment was effected after consultation with the Works Committee and with their approval. As there was no discrimination, victimization or unfair labour practice while effecting retrenchment, no further action was taken in the matter."

[22nd July 1953]

Free permission for the penning of cows in Bukkapatnam range.

* 870 Q.—SRI T. LAKSHMINARAYANA REDDI : Will the Hon. the Minister for Agriculture be pleased to state whether the Government have any proposal to give free permission for the penning of cows in Bukkapatnam range?

THE HON. DR. R. NAGAN GOUDA :—" No, Sir."

Offences relating to animal sacrifices.

* 871 Q.—SRI P. S. NALLA GOUNDER : Will the Hon. the Minister for Finance be pleased to state—

(a) how many offences of animal sacrifice have been committed this year in temples;

(b) how many of them have been punished in courts;

(c) whether such offences are increasing; and

(d) whether active steps are being taken to enforce the law in this regard?

THE HON. SRI C. SUBRAMANIAM :—" (a) The number of offences committed under the Madras Animals and Birds Sacrifices Prohibition Act, 1950, was 2 in 1952, and 7 during the period January to March 1953.

" (b) One case of 1952 ended in conviction. All the 7 cases of 1953 are pending.

" (c) Not appreciably.

" (d) Yes, Sir."

Compensation to U. V. Narayana Marar injured in Salem Jail.

* 872 Q.—SRI V. R. KRISHNA AYYAR : Will the Hon. the Minister for Law be pleased to state whether the Government have received any representations on behalf of one U. V. Narayana Marar for grant of some solatium or compensation in view of his being incapacitated at the Salem Jail shooting when he was an inmate of the said jail?

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" The answer is in the negative."

Lease of some lands belonging to Sri Ekanthalingaswami temple, Thirumalapuram, Tirunelveli.

* 873 Q.—SRI M. G. SHANKER : Will the Hon. the Minister for Religious Endowments be pleased to state—

(a) whether the lease of certain landed properties of Sri Ekanthalingaswami temple at Thirumalapuram, Tirunelveli district, was stayed by the Government;

[22nd July 1953]

(b) when the Government's stay order was issued and when the lease was confirmed; and

(c) what action the Government have taken for the failure to give effect to the Government's stay order by the concerned authorities in the district?

THE HON. SRI K. VENKATASWAMI NAIDU :—“(a) Yes. The order of the Commissioner, Hindu Religious and Charitable Endowments (Administration) Department, regarding the lease of the lands of the temple was stayed.

“(b) The stay order of the Government was issued on 12th July 1952. The lease was confirmed on 11th August 1952.

“(c) The Commissioner has taken action against the persons concerned for failure to communicate Government's stay orders to the temple authorities in time.”

Manufacture of neera in Vijayavada taluk.

* 874 Q.—SRI M. LAKSHMANASWAMY: Will the Hon. the Minister for Prohibition be pleased to state—

(a) whether the Government have sanctioned neera for Vijayavada taluk in Krishna district;

(b) if the answer is in the affirmative the reasons for selecting this taluk in the district;

(c) the number of neera centres that were working by the end of February 1953 in the State; and

(d) the policy adopted in opening those centres?

THE HON. SRI V. C. PALANISAMI GOUNDER :—

“(a) & (b) Yes, Sir. Government have permitted the sale of sweet toddy for consumption as a beverage in the Vijayavada taluk on the representation made to Government by certain tappers' association and certain Members of Legislature.

“(c) The sale of sweet toddy for beverage purposes is allowed in

(1) the whole of Tirunelveli and Ramanathapuram districts.

(2) Kakinada taluk, Narasapur taluk, Visakhapatnam taluk Vijayavada taluk and Nuzvid taluk.

(3) Area covered by the T. Sundupalli Jaggery Society, Cuddapah district.

(4) The Palm Gur Training School, Cuddalore.

Japanese method of cultivation in South Kanara district.

* 881 Q.—SRI M. S. MOGRAL: Will the Hon. the Minister for Agriculture be pleased to state what steps the Government have taken to popularise the Japanese method of paddy cultivation in South Kanara district?

[22nd July 1953]

THE HON. DR. R. NAGAN GOUDA :—“ Sixty-four villages distributed in the taluks of Udipi, Kasaragod, Puttur and Mangalore have been selected by the Director of Agriculture for carrying on propaganda for the promotion of the Japanese methods of rice cultivation as modified to suit the local conditions. Technical leaflets on this new method have been printed in English and Kannada and are being distributed extensively to the paddy cultivators through the Agricultural field staff.

“ The Government have instructed the Director of Agriculture to make all possible arrangements for the supply of fertilisers which are to be used intensively under the new method. He has also been instructed to make arrangements for the granting of loans necessary for the purchase of fertilisers for which purpose a sum of Rs. 1,00,000 has been allocated to the South Kanara district.”

Superintendent of the Government Hospital for Women and Children, Egmore.

* 882 Q.—SRI C. RAJAM RAMASAMI : Will the Hon. the Minister for Health be pleased to state—

(a) whether the Superintendent of the Government Hospital for Women and Children, Egmore, is an up-graded Professor, and if so, the reason for allowing him to be the Superintendent of the Hospital and also to permit him to have private consultation practices in the hospital itself; and

(b) whether there is any proposal to appoint a Deputy Superintendent in the above hospital and make him responsible for the administrative work, under the Superintendent?

THE HON. SRI A. B. SHETTY :—“ (a) The Obstetrics and Gynaecology Department of the Government Hospital for Women and Children, Madras, has been upgraded and a post of Director was sanctioned for the Department. The Committee constituted by the Government of India for the selection of the Director recommended Dr. R. K. K. Thampan, B.A., M.B., F.R.C.S. (Edin.), F.R.C.O.G., Professor of Midwifery, Madras Medical College, for the above post. The Committee further recommended that the Director should also be the Superintendent of the Hospital. Dr. Thampan has accordingly been appointed as Director of the Upgraded Department and Superintendent of the Hospital. Being a Clinical Professor, Dr. Thampan is entitled to consulting practice under the rules. But it was considered that Professors in the Upgraded Departments should be allowed restricted practice in the ‘ Pay Clinics ’ only. Dr. Thampan has therefore been allowed restricted practice at the ‘ Pay Clinic ’ in the hospital, subject to certain conditions prescribed by the Government.

“ (b) The Professor of Clinical Obstetrics in the Hospital has already been designated as Deputy Superintendent of the

[22nd July 1953]

Hospital with a definite delegation of certain administrative duties, in order to relieve the Superintendent of a portion of his routine work.”

Industrial dispute between the workers and managements of talkie houses in Salem town.

* 883 Q.—SRI S. PAKKIRISWAMI PILLAI : Will the Hon. the Minister for Industries and Labour be pleased to state when the award of the Industrial Tribunal, Coimbatore, in connexion with the industrial disputes between the workers and the managements of talkie houses in Salem town, was published; whether the said award is now implemented; and, if so, from what date?

THE HON. DR. U. KRISHNA RAO :—“ The award of the Industrial Tribunal, Coimbatore, in the disputes relating to the Cinema talkies in Salem was published on 17th July 1951 and it was not implemented by the employers. The workers applied to the Government for the recovery of the amounts due to them from the employers under the award and the Collector of Salem was instructed to recover the amounts as arrears of land revenue and disburse the amounts to the workers concerned. Recovery has been made in certain cases and has to be completed in those remaining.”

Basic wages to the workers in the Public Works Department workshops in the State.

* 884 Q.—SRI T. POTHARAJU : Will the Hon. the Minister for Public Works be pleased to state—

(a) whether there exists any difference in the basic wages to the workers working at Madras, Vijayavada and Dowlaiswaram workshops, and the reasons for such differences;

(b) what are the scales that are in force and since which year the said scales are in force;

(c) whether the Government have received any representations from the trade unions of the said workers requesting the Government to implement the Madras workshop scales throughout the Province; and

(d) if so, what the Government propose to do?

THE HON. SRI N. RANGA REDDI :—“ (a) Yes. The difference is due to the fact that the wages have been fixed taking into account various factors such as cost of living, availability of labour, local market rates, etc., which vary from place to place.

“ (b) The categories of personnel and the pay scales thereof and the dates of introduction are far too many to be furnished conveniently.

“ (c) Yes.

“ (d) In view of the position explained in the answer to clause (a), the Government were unable to accede to the request.”

(a) where the Indian Students' Union and Hostel are located;

(b) for what purpose is a grant given annually to this hostel by the Government; and

(c) what are the conditions attached to that grant?

THE HON. DR. M. V. KRISHNA RAO:—“(a) In London.

“(b) & (c) An annual grant of Rs. 3,000 is paid by this Government to this institution subject to the conditions that the grant is devoted entirely to meet the expenses of the Hostel and that a duly audited statement of receipts and expenditure of the institution for each year is forwarded to this Government for information.”

Assignment of land to the Pudukkottai Livestock Farm for grazing purposes.

* 890 Q.—SRI V. BALAKRISHNAN: Will the Hon. the Minister for Agriculture be pleased to state—

(a) whether the Pudukkottai Livestock Farm has applied for the assignment of 500 acres for use as grazing ground of the farm cattle;

(b) if so, when and in what area; and

(c) the present stage of the requests?

THE HON. DR. R. NAGAN GOUDA:—“(a) & (b) The Director of Animal Husbandry reported in February 1953 that he had provisionally selected about 500 acres of land in Kaspas forest area at Pudukkottai for the purpose of the Livestock farm.

“(c) The Director has reported that the small tank in the selected site would not yield sufficient water and therefore requested to sanction necessary expenditure for conducting trial borings with a view to sink sufficient number of wells in the area. He has been asked to furnish in consultation with the Chief Conservator of Forests further particulars. His reply is awaited.”

Water-supply scheme to Penukonda town.

* 891 Q.—SRI T. LAKSHMINARAYANA REDDI: Will the Hon. the Minister for Health be pleased to state—

(a) whether the drinking water-supply scheme has been sanctioned to Penukonda town;

[22nd July 1953]

- (b) if so, why it is not implemented; and
 (c) what is the amount spent on this scheme?

THE HON. SRI A. B. SHETTY :—“(a) The investigation of water-supply scheme for the Penukonda Panchayat was sanctioned in July 1949.

“(b) The investigation has been completed and the question of sanctioning the preparation of detailed plans and estimates is now under consideration. The execution of the scheme will be taken up after the detailed plans and estimates are prepared and sanctioned by the Government.

“(c) An expenditure of Rs. 2,618 exclusive of centage charges has been incurred on the investigation of the scheme.”

Rates charged by licensees for distributing electricity.

* 892 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether all the licensees for distributing electricity are charging uniform rate; and

(b) if the rate is not uniform, the different rates charged by each and the reasons for the same?

THE HON. SRI N. RANGA REDDI :—“(a) The answer is in the negative.

“(b) Each licensee has got a graded system of rates for power supplied for different purposes and information regarding these rates is available in the respective official booklets published by the licensees.

“The rates differ for the following reasons :—

(1) The rates at which the licensees purchase energy for distribution, from the Government Electricity Department vary with the quantum of offtake, load factor, etc., as also with each system both thermal and Hydro-Electric, etc., from which the supply is made.

(2) An undertaking with a purely urban load has to put up only short lines and each line feeds a number of consumers and so fetches the maximum revenue for the minimum capital expenditure. So, it can afford to sell energy at lower rates than another undertaking whose consumers are both rural and urban and which has to put up long lines to feed the scattered rural loads and so has an income which is comparatively small compared to the capital cost of the works.

(3) Under the Electricity (Supply) Act, 1948, the licensee is allowed a certain reasonable return on his capital investment and if the clear profit of the licensee for any year exceeds the said reasonable return, he has to reduce his rates and if the said clear profit falls short of the reasonable returns, he can increase his rates, without reference to Government.”

[22nd July 1953]

Contributions by the Tiruchirappalli Municipality and District Board for Cyclone Relief Fund.

* 893 Q.—SRI M. KALYANASUNDARAM: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether any contributions were made by the Tiruchirappalli Municipality and Tiruchirappalli District Board for Cyclone Relief Fund;

(b) what were the amounts contributed by each; and

(c) how the amounts were utilized?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“(a) & (b) The Tiruchirappalli Municipality contributed a sum of Rs. 15,000 to the Madras State Cyclone Relief Fund. No amount was contributed by the Tiruchirappalli District Board to the Fund.

“(c) The amount contributed by the Tiruchirappalli Municipality is utilized for affording cash grants of Rs. 5 to Rs. 15 to each of the families affected by the cyclone to rebuild their damaged houses within the Tiruchirappalli town.”

Construction of the causeway across the River Pennar at Siddhout.

* 894 Q.—SRI P. NARASIMHA REDDI: Will the Hon. the Minister for Local Administration be pleased to state—

(a) how long ago was the construction of the causeway across the River Pennar at Siddhout, Cuddapah district, sanctioned;

(b) the stage at which the work stands at present; and

(c) when it will be completed?

THE HON. SRI N. SANKARA REDDI :—“(a) The proposal to construct a causeway across the Pennar near Siddhavattam (Siddhout) was included in the Seven Years' Programme of road development financed out of the allocations to this State in the Central Road Fund which was approved by the Government of India in 1938. The sanction of the Government of India for the debit to this Government's share in the Central Road Fund of the cost of the work according to the detailed estimate was obtained in 1944. Since then, the cost of the work has been increased considerably from Rs. 99,850 to Rs. 6,46,000 on account of the adoption of the enhanced schedule rates which are far in excess of those provided for in the original estimate in 1943-44 and also on account of the proposal to suit the I.R.C. Standard such as increase in the width of the road. The sanction of the Government of India for debiting to the Central Road Fund the revised cost of the work has just been received and communicated to the President, District Board, Cuddapah, who has been asked to submit necessary application for the grant.

“(b) The work is in progress.

“(c) The work will be completed soon.”

[22nd July 1953]

Supply of water to the Willingdon Reservoir, Vriddhachalam taluk.

* 895 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the Public Works Department Supervisor in charge of the Willingdon Reservoir, Vriddhachalam taluk, South Arcot district, withheld the supply of water to the reservoir from river Vellar through the supply channel during the rains in November and December 1952;

(b) whether the Government received any complaints with regard to the above matter; and

(c) the action taken by the Government thereon?

THE HON. SRI N. RANGA REDDI :—“(a) The supply of water from the river to the reservoir was withheld on the night of 9th December 1952 and on no other occasion in November or December 1952.

“(b) & (c) Complaints were received in the matter by the Executive Engineer, South Arcot Division, long after the event. The closing of the headsluice of the channel being found to have been necessary in the interests of the banks and other works connected with the channel, no action was called for on the complaints.”

Remission given in North Arcot, South Arcot and Chingleput districts.

* 896 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the total remission given to the districts of North Arcot, South Arcot and Chingleput for fasli 1361; and

(b) what action has been taken by the Government to obviate the necessity for granting large remissions to North Arcot, South Arcot and Chingleput districts?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“(a) The total remission given to the districts of North Arcot, South Arcot and Chingleput for fasli 1361 was as follows :—

North Arcot—Rs. 16,21,891.

South Arcot—Rs. 6,68,414-14-0.

Chingleput—Rs. 13,14,145.

“(b) The remission in the three districts was occasioned by the scarcity of water for irrigation purposes consequent on the failure of rains. In order to provide water for irrigation purposes Irrigation works—Public Works Department—Minor Irrigation and Tank Improvement Works have been taken up. Wells have also been sunk by the ryots under the subsidy scheme.”

[22nd July 1953]

Accommodation for the students in Government Basic Training schools, Parvatipur.

* 897 Q.—SRI K. GOVINDA RAO: Will the Hon. the Minister for Education be pleased to state whether the Government are considering a proposal to provide more accommodation for the students in the Government Basic Training school, Parvatipur, Srikakulam district?

THE HON. DR. M. V. KRISHNA RAO :—“The answer is in the affirmative.”

Supply of electricity to Kuthuparamba and other places in North Malabar.

* 898 Q.—SRI V. R. KRISHNA AYYAR: Will the Hon. the Minister for Public Works be pleased to state whether any representations from the M.L.A. of that constituency have been received in 1952 or 1953 urging Government to supply electricity to Kuthuparamba (North Malabar) and to nearby panchayat area; and if so, what final decision has been taken thereon by the Government?

THE HON. SRI N. RANGA REDDI :—“Yes. A major ten-year scheme for extension of supply from Cannanore to Badagara, Quilandy, etc., villages is under the consideration of Government. When this has been sanctioned and executed, a second point of supply will be given to the West Coast Electric Supply Corporation, Limited, to enable them to extend supply of electricity to Kuthuparamba and nearby panchayat areas.”

Leasing of the waste lands belonging to landlords in Malabar.

* 899 Q.—SRI T. C. NARAYANA NAMBIAR: Will the Hon. the Minister for Land Revenue be pleased to state the action taken by the Government to lease the waste lands belonging to the landlords in Malabar for cultivation?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“The Madras Land Utilization Order, 1950, authorises Collectors to take over for purposes of cultivation lands which are left waste by landholders without reasonable cause and lease them to other ryots who may be willing to take them up. Such leases are generally for three years. In implementing the provisions of the Madras Land Utilization Order in Malabar district, the Collector has been asked to concentrate on fairly large-size areas of arable lands to start with as the experience thus gained, will be useful in tackling the smaller bits of waste lands scattered all over the district. Lists of such waste lands attracting the provisions of the order have been prepared and the Revenue Divisional Officers have been asked to proceed with the implementation of the Order. It may, however, be noted that action under the Madras Land Utilization Order is taken only in cases where the parties are not amenable to

[22nd July 1953]

persuasion, and about 71 acres of waste land in Palghat taluk have been brought under cultivation by persuasion. Also the mere publication of the Order has induced the landholders in the district in many cases, to bring the waste lands in their possession under the plough.

“Section 52-B of the Malabar Tenancy Act, 1929, empowers the Government to direct the landlord of any waste land to lease it for agricultural purposes. The question of authorising officers and framing rules under Section 52-B of the Malabar Tenancy Act, 1929, is under the consideration of the Government.”

* 900 Q.—SRI D. SEETHARAMIAH: Will the Hon. the Minister for Health be pleased to state—

(a) when the water-supply scheme of Vayalpad town was taken up;

(b) at what stage it is at present; and

(c) when it will be completed?

THE HON. SRI A. B. SHETTY:—“(a) The execution of the scheme was taken up sometime before 1940; but due to the War, the work was suspended and resumed in 1949.

“(b) All the items of work relating to the scheme except some minor items and distribution system have been completed. Further work on the distribution system will be taken up on receipt of pipes and specials for which an indent is being placed.

“(c) The work is expected to be completed by the end of 1954.”

Educational concessions to the students of backward classes.

* 901 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Education be pleased to state the action taken by the Government in cases where the managements fail to comply with rule 92 of the Madras Educational Rules regarding educational concessions to students of backward classes?

THE HON. DR. M. V. KRISHNA RAO:—“So far, no case has come up to the notice of the Education Department where managements have failed to comply with the provisions of rule 92 of the Madras Educational Rules regarding fee concessions.”

Closing of gruel centres for weavers in Cuddapah.

* 902 Q.—SRI K. RAMIAH: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the Collector of Cuddapah has recently ordered the closing of gruel centres started for the benefit of weavers in distress; and

(b) if so, the reasons for the same?

[22nd July 1953]

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) The Collector, Cuddapah, has ordered the closure of 16 gruel centres which were opened in the rural areas of Cuddapah district. Three gruel centres opened in the urban areas are functioning.

“(b) The policy of the Government is to open special gruel centres for weavers' families only in big urban weaving centres.”

Closure of gruel centres for weavers in Cuddapah.

* 903 Q.—SRI P. NARASIMHA REDDI: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the Government have ordered the closing down of gruel centres in all the handloom weavers' centres which are in rural areas;

(b) whether the Government have ordered the closing down of the gruel centres in the following weavers' villages: Pullampet, Kothapet, Puttanavaripalle and Singareddipalle in Cuddapah district; and

(c) if so, the reasons for the same?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) Yes.

“(b) Yes.

“(c) In the opinion of the Government, it is necessary to run gruel centres for weavers' families only in big urban weaving centres. As the four centres referred to were in rural areas, they were ordered to be closed down.”

Appointment of contractors for midday meals in the Labour Schools of North Arcot.

* 904 Q.—SRI D. DASARATHAN: Will the Hon. the Minister for Education be pleased to state—

(a) whether midday meals contractors have been appointed for the Labour schools of North Arcot district for the year 1953-54; and

(b) if so, how many of them are Harijans and how many of them are Caste-Hindus?

THE HON. DR. M. V. KRISHNA RAO:—“(a) Yes, except for one school. In the one school the Headmaster is attending to this work as neither a Harijan nor a Caste-Hindu is available to take up this work.

“(b) Out of 150 contractors appointed, 143 are Harijans and 7 are Caste-Hindus.”

THE HON. SRI M. A. MANICKAVELU NAICKER:—“ Survey operations have already commenced in the Pattukkottai taluk and are expected to commence in the Arantangi taluk, by about January 1954.”

Construction of anicuts on the Gomukhi and Manimuktha rivers in South Arcot.

* 907 Q.—SRI L. ANANDAN: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether there is any scheme to construct anicuts on the Gomukhi and the Manimuktha rivers in Kallakurichi taluk in South Arcot district; and

(b) if so, the size of the ayacut proposed to be irrigated and the cost of the project and when it is proposed to be taken up for execution?

THE HON. SRI N. RANGA REDDI:—“ (a) & (b) Proposals for the construction of reservoirs across the two rivers were recently examined but they could not be pursued in view of the large capital outlays involved and the poor returns and benefits anticipated. The Chief Engineer is however examining further whether the schemes can be modified so that smaller schemes may be executed at less cost with prospects of a reasonable yield of foodgrains.”

Representations from the residents of Appavoonagar in Saidapet area.

Remittances of liquidation charges of liquidated co-operative societies.

109 Q.—SRI P. VENKATASUBBIAH: Will the Hon. the Minister for Co-operation be pleased to state what action has been taken on the suggestion made on 24th July 1952 in the supplementary question to starred question No. 204 to remit liquidation charges direct to the Government by the collection Agent?

A.—The suggestion was examined in consultation with the Registrar of Co-operative Societies. It is reported that the amounts collected in the liquidated societies are remitted first into the Treasury under the Personal Deposit Account of the liquidator. Afterwards there is no question of withdrawals of the moneys in cash from the Personal Deposit account. It is only a book adjustment from one head of account to another in the Treasury. There is therefore no scope for the misappropriation of liquidation charges. The Government do not therefore propose to act upon the suggestion.

Malvi Project, Bellary district.

110 Q.—SRI K. KOTRA BASAVANNA GOUD: Will the Hon. the Minister for Public Works be pleased to state the stage at which the Malvi Project, Bellary district, recently investigated, now stands, when it will be taken up and whether it will be taken up in the near future?

[22nd July 1953]

A.—The remarks of the Board of Revenue on the revenue, Grow More Food and administrative aspects of the scheme are awaited. It cannot be said now whether the scheme will be taken up.

Increments to teachers in Harijan Welfare Schools, Malabar.

111 Q.—SRI M. CHADAYAN: Will the Hon. the Minister for Education be pleased to state why the increments to Harijan Welfare School teachers of Malabar district are pending for six years from 1948 to 1953 without being sanctioned and paid to them?

A.—The pay of Harijan Welfare School teachers was revised in G.O. No. 78, Finance, dated 6th February 1947. Increments could be sanctioned only after the initial pay fixation statements were approved by Accountant-General as the arrear claims were more than one year old. This presented some difficulty as certain points had to be clarified involving long correspondence between the Collector and the Accounts Department. Instructions have been issued for the early sanction and payment of the increments.

Minor Irrigation staff in Malabar.

112 Q.—SRI M. CHADAYAN: Will the Hon. the Minister for Land Revenue be pleased to state whether the Minor Irrigation department in Malabar district is temporary and if so, why it is not permanent?

A.—Yes. No permanent Minor Irrigation staff has been sanctioned for the Malabar district as the few irrigation works in the district are almost all private ones.

Permits for transport vehicles in Wynaad taluk.

113 Q.—SRI M. K. PADMAPRABHA GOUNDER: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) the number of applications received from the local people of Wynaad taluk for permits for transport vehicles during the last six months; and

(b) whether in granting such permits local people are preferred to lorry owners from outside the taluk?

A.—(a) Nine applications were received for the grant of public carrier permits.

(b) The Regional Transport Authority is guided by the provisions of section 55 of the Motor Vehicles Act while considering the grant of public carrier permits.

[22nd July 1953]

Grants for digging wells in Nellore district.

114 Q.—SRI K. SHANMUGAM: Will the Hon. the Minister for Land Revenue be pleased to state—

(c) the amount set apart for this scheme for the years 1950–53 in Kandukur and Podili taluks;

(d) the amount so far disbursed in Kandukur and Podili taluks; and

(e) the number of applications received from Harijans, the number granted and the number rejected, with the general reasons therefor?

A.—The answer a is placed on the table of the House.

Rural dispensaries in Nellore district.

115 Q.—SRI K. SHANMUGAM: Will the Hon. the Minister for Health be pleased to state—

(a) the number of rural, unani and ayurvedic dispensaries respectively existing at present within the area of the Nellore District Board and the villages where they are located;

(b) whether any additional dispensaries of the abovementioned classes are now proposed to be started in the district, and if so, in what villages; and

(c) how many new rural dispensaries the Government propose to open in 1953–54 and where?

A.—(a) In Nellore district there is one unani dispensary in the village of Sitharamapuram, and there are 24 ayurvedic rural dispensaries, one in each of the 24 villages mentioned below:—

1 Arur.	13 Peddapavani.
2 Bitragunta.	14 Pothakamur.
3 Chakalakonda.	15 Ramapuram.
4 Chendrasekharapuram.	16 Surveypalli.
5 Dachur.	17 Tadivaripalli.
6 Dornal.	18 Thangella.
7 Khambaladinne.	19 Tharlupadu.
8 Kondapi.	20 Vadlamopur.
9 Mudivarthipalem.	21 Varagali.
10 Masunavaripalem.	22 Vakad.
11 Mulumudi.	23 Vidavafur.
12 Nidugurthi.	24 Zuvvaladinne.

[22nd July 1953]

- (b) & (c) The initiative for opening rural dispensaries is generally taken by the local body concerned. The commitment involved in opening a new rural dispensary is Rs. 780 per annum for payment as subsidy to the Rural Medical Practitioner or Rs. 1,260 to the Rural Medical Practitioner and the Maternity Assistant if there is a maternity assistant. Rs. 800 for medicine and Rs. 140 for contingencies. If the local body is able to pay the above subsidies from its own funds, it can open rural dispensaries without any sanction from Government. Government sanction is necessary only when a portion of the subsidies referred to above is expected to be paid by Government. In such cases, the Government pay the subsidy to the Rural Medical Practitioner and the Maternity Assistant, while the cost of medicine and contingencies is subsidized by the local body.

The District Board, Nellore, has proposed to open seven rural dispensaries to be subsidized by Government during 1953-54 in the following villages:—

- | | |
|--------------------|---------------|
| 1 Isakapalli. | 5 Tallur. |
| 2 Machavaram. | 6 Nanavada. |
| 3 Kamireddipad. | 7 Zangumalli. |
| 4 Peda Alavalapad. | |

The matter is under consideration.

Income and expenditure of the proposed Andhra and Non-Andhra States.

124 Q.—SRI VAVILALA GOPALAKRISHNAIAH: Will the Hon. the Minister for Finance be pleased to state the income and expenditure of the proposed Andhra and Non-Andhra State districtwar and itemwar from the years 1945-46 to 1952-53 for each financial year?

A.—The Government accounts are maintained for the entire State under the various heads of account and not by districts. The time and labour that would be involved in compiling a districtwar statement of receipts and expenditure would be disproportionate to the public interest that would be served thereby. Further the figures can only be approximate on account of the fact that various adjustments are made by the Accountant-General in Madras for the State as a whole, without being allocated by districts. Figures for the years 1945-46, 1946-47 and 1947-48 were compiled by the

[22nd July 1953]

Dhar Commission and embodied in its report. Figures for 1948-49 were furnished to the Legislature in connexion with a Legislative Assembly question in July 1952—*vide* pages 99-104 of the Legislative Assembly Proceedings, dated 23rd July 1952. Figures for 1949-50 and 1950-51 have not been compiled. The statement showing the receipts and expenditure in the Telugu districts and other districts in 1951-52 compiled recently at the instance of Sri Justice Wanchoo has since been published by the Government of India.

A statement of the distribution of revenue and expenditure in the two areas for the year 1952-53 (Revised Estimate) will be found on pages 24-31 of the Budget Memorandum for 1953-54.

Alleged delay in lifting the quota of rice for the State.

125 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Minister for Finance be pleased to state whether it is a fact that this State failed to lift its quota of rice in 1952 from Orissa, Madhya Pradesh or from any other Province and if so, the reasons for the same?

A.—The entire quota of 86,274 tons of rice allotted to this State from other States in India for 1952 has been moved, except a small balance of 5,272 tons. The delay in the movement of this balance is due to the receipt of intimation of allotment late in December and the disturbances in the Andhra area which held up movements for some time. It is expected that this balance will be imported soon.

Repairs to the breach in the Ramapuram bund in Chiruthazham amsam, Chirakkal taluk.

- (55) *Arantangi Water-supply Scheme*.—Work completed and handed over except for certain minor works to be done.

Housing and Town-Planning Schemes.

132 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Health be pleased to state why no provision was made for housing and town-planning schemes recommended by the Post-War Reconstruction Committee?

[22nd July 1953]

A.—The Government examined the recommendations of the Post-War Reconstruction Committee relating to housing and town-planning and in view of the financial difficulties it was decided that the programme for the first five-year period might be limited to the—

- (1) training of personnel,
- (2) amendment of the Town-Planning Act so as to make it more comprehensive and more effective, and
- (3) execution of all sanctioned Town-Planning Schemes.

The Madras Provincial Town-Planning Enquiry Committee constituted by the Government in 1947 examined these questions in detail. Some of the recommendations of the Committee were accepted by the Government and suitable orders were issued. The question of amending the Town-Planning Act with reference to the recommendations of the Committee is under consideration. To implement the scheme as indicated above, immediate provision of funds was not necessary.

Expenditure for the Post-War Development Schemes.

133 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Finance be pleased to state the amounts reserved for expenditure on Post-War Reconstruction Schemes, but diverted for expenditure under the following heads of expenditure under the budget—Demand XI, XII, XIII and XIV in the budget during the five years 1945–46 to 1949–50?

A.—The Government had built up a Revenue Reserve Fund of about Rs. 31 crores at the end of 1945–46, from out of the revenue surpluses, during the war years, to be utilized for expenditure on Post-War Development Schemes and for covering possible deficits in the Revenue Account in the post-war period. A sum of Rs. 506 lakhs was diverted in 1946–47 to the Revenue Account to make up the deficit in that year, which was occasioned by the large net outlay on State Trading Schemes debited to the Revenue Account in that year. But this diversion was recouped to the Fund almost in full by the transfer of a sum of Rs. 490 lakhs from the Revenue Account in the next year, 1947–48. A small sum of Rs. 5 lakhs was again transferred to the Revenue Account in 1948–49 to meet the revenue deficit in that year. During the years 1946–47 to 1949–50, a sum of about Rs. 2½ crores accrued to the Fund by way of interest on the investments made out of the surplus balance in the Fund. Thus, the balance at the credit of the Revenue Reserve Fund at the end of 1949–50 was about Rs. 33.50 crores. No part of the

[22nd July 1953]

Fund was specifically utilized for meeting the expenditure under the Demands for Security Services mentioned in the question.

Motor vans used for health propaganda.

134 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Health be pleased to state—

(a) the number of motor vans for public health propaganda that are allotted to various districts in the State and the number of such vans allotted to and serving in Nellore district;

(b) how many mobile epidemic control units are functioning in the State now and what the headquarters of these units are and how many motor vans in running order with necessary staff and equipment are attached to these units now; and

(c) how many jeeps are kept in charge of the Public Health department and of these, how many are assigned for use of the Public Health Officers of Nellore district now?

A.—(a) There are three vans attached to Nutrition Units of this department one working in Poonamallee Health Unit (Chingleput district), one in Musiri firka (Tiruchirappalli district) and the other in Hindupur firka (Anantapur district). These are being used for Nutrition Education and Publicity.

There is one van working in the Government Training School for Health Visitors.

No van is allotted to Nellore district.

(b) There are four mobile epidemic control units in the State, each consisting of ten Health Inspectors, five peons, one driver and one cleaner. They are at present stationed to combat cholera epidemics prevailing, as follows:—

Two vans in South Arcot;

one van in North Arcot; and

one van in Salem.

There is no fixed headquarters for these units but they are moved from district to district according to the prevailing emergency and the need for all-out effort to combat the epidemic outbreaks as and when they occur. All the vans are in working condition and are used for epidemic control work.

(c) There are twenty-seven jeeps in charge of Public Health department; of these eleven jeeps are working in Anti-Malaria schemes, while the remaining sixteen have been allocated to various District Health Officers in the State, needing jeeps for the discharge of their duties. No jeep is assigned for the use of the District Health Officer in Nellore district. During the recent

[22nd July 1953]

cholera epidemic in Nellore district in January-February 1953 as the services of a jeep were found urgently needed in view of the inaccessibility of the affected villages by other means of transport, the jeep attached to the District Health Officer, Guntur, was temporarily diverted to Nellore district and this was later withdrawn after the epidemic emergency was over.

Schedule of rates for preparing estimates in the Public Works Department.

135 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Public Works be pleased to state with reference to the remarks in page 18 of Appropriation Accounts, 1946-47, and Audit Report, 1948, under the heading "Audit of Public Works transactions"—

(a) whether there is any special schedule of rates for various items of work and for various materials for use in the preparation of estimates and checking of bills by the Public Works Department Highways and Electricity departments; and if so, in what cases; and

(b) whether the special schedule is strictly adhered to now?

A.—(a) A common schedule of rates is prepared and brought up to date every year, and it is applicable to all civil works of the Public Works, Highways and Electricity departments of the State Government. Certain percentages are added to the above rates in the case of works in hilly and Agency areas. Only for project works of the Electricity department a special schedule of rates is prepared. As regards electrical works of the Electricity department, no schedule of rates is prepared but a list of current market rates for all line materials based on the latest competitive quotations received from firms is prepared and kept up to date and these rates are adopted for preparation of estimates.

(b) Yes.

Hydro and thermal electric stations.

136 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Public Works be pleased to state the number of hydro and thermal electrical stations, the number of units of electricity that were scheduled to be generated in the Five-Year Plan of the Post-War Reconstruction Committee for the period 1945-46 to 1949-50 and the new hydro and thermal electrical stations set up and the number of additional units of electricity that were generated and supplied to consumers during the said quinquennium by the State Government?

[22nd July 1953]

A.—The particulars are given below :—

- (i) Number of hydro and thermal electrical stations programmed to be set up in the Five-Year Plan of the Post-War Reconstruction Committee for 1945-46 to 1949-50 are :

- (a) New stations—two (viz., Hagari thermal and Nellore thermal); and
(b) Extensions to existing stations—three (viz., Pykara, Papanasam and Vijayavada).

Hagari thermal scheme was later dropped when supply from Jog was made available for Ceded districts.

- (ii) Number of units scheduled to be generated in the five-year period, if the schemes had commenced operation according to programme was 112 millions.
(iii) Number of new hydro and thermal stations set up during the five-year period—Nil.
(iv) Number of additional units generated during the five-year period—Nil.

Road construction in the State.

137 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Local Administration be pleased to state the mileage of road construction under National Highways, Provincial Highways, district roads and village roads scheduled by the Post-War Reconstruction Committee in the Five-Year Plan drawn up for the period 1945-46 to 1949-50; and the actual mileage of new road construction under the respective heads during the quinquennium?

A.—The programme for the development of road communications drawn up in the old Five-Year Plan covers the period 1947-48 to 1951-52. Information regarding the mileage of roads scheduled for construction in the Five-Year Plan and that actually constructed is furnished in the statement below :—

Class of road. (1)	Mileage proposed in the Five-Year Plan. (2)	Mileage constructed. (3)
National Highways	M. 19	M. F. 2 4
* Provincial Highways including Major District Roads.	538	272 5
† Other District Roads	3,275	2,196 1
† Village Roads	6,788	

* Separate figures for Provincial Highways and Major District Roads are not available.

† Separate figures for other district roads and village roads are not available.

Industries under the Five-Year Plan of the Post-War Reconstruction Committee.

138 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Industries and Labour be pleased to state the names of industries that were scheduled for being started, the number of industrial units proposed for being set up as per the Five-Year Plan of the Post-War Reconstruction Committee for the period 1945-46 to 1949-50 and the names of industries and the number of industrial units actually started and functioning in the said quinquennium by the State Government?

A.—I. The names of industries scheduled for being started and the number of units proposed to be set up as per the Five-Year Plan of the Post-War Reconstruction Committee are as follows :—

- (1) *Cottage Industries.*—Porcelain and semi-porcelain service centres for supply of standardized body and glaze and other materials :—Three units in Malabar, Visakhapatnam and Tiruchirappalli districts were proposed under the scheme.
- (2) *Cottage Industries.*—Service centres for the supply of standard body and glaze and other materials for manufacture of stoneware and reekingham wares :—Three units were proposed under the scheme one each in Kurnool, South Arcot and Tirunelveli districts.
- (3) Development of the ceramic industry as a small-scale industry (Glass Bangle Industry) :—The scheme envisaged the development of glass bangle and bead industry as a rural industry on efficient and up-to-date lines in Madras City.
- (4) Manufacture of special quality hand-made paper :—The scheme envisaged four hand-made paper units at Vijayavada in Krishna district, at Gazulapalle in Kurnool district, at Bugga in Cuddapah district and another at some other convenient centre.
- (5) Manufacture of fibre and pressed boards :—Three units were proposed for location where wattle bark as waste product was available from tanneries in abundance, such as Tiruchirappalli or Salem, Cromptet and Elluru.

II. The names of industries and number of units actually started—

- (1) The Development of Ceramic Industry as a small-scale industry (Glass Bangle Industry).

Centres were opened for the training of workers in the manufacture of glass bangles and beads by up-to-date methods at Kalahasti in Chittoor district and Kasargod in South Kanara district. These are functioning.

[22nd July 1953]

(2) Manufacture of special quality hand-made paper.

The three units established for manufacture of special quality hand-made paper at Vijayavada, Gazulapalle and Bugga were not successful economically and were closed down and the scheme was dropped.

Post-War Reconstruction Committee.

139 Q.—SRI K. KRISHNA RAO: Will the Hon. the Chief Minister be pleased to state—

(a) whether a Post-War Reconstruction Committee was constituted to work out amounts to be allotted for various purposes in the second Five-Year Plan of the State from 1950-51 to 1954-55;

(b) the targets of expenditure under various heads of Post-War Reconstruction fixed for the period 1950-51 to 1954-55 and the amounts spent under the respective heads of Post-War Reconstruction in 1950-51, 1951-52 and 1952-53 up to 31st December 1952; and

(c) in view of the All-India Five-Year Plan recently approved by the Union Parliament, is it proposed to scrap the plans in (a) and replace them by new ones?

A.—(a) to (c) No Post-War Reconstruction Committee was constituted to work out figures for the second Five-Year Plan. In 1944, a Post-War Reconstruction Committee was formed to advise the Government generally on post-war planning and based on the recommendations of the Committee, a Five-Year Plan of Post-War Reconstruction and Development Schemes was drawn up by the Government for the period 1947-48 to 1951-52. Subsequently the Planning Commission, which was set up by the Government of India in 1950 wanted this Government to prepare a Five-Year Plan for the period from 1951-52 to 1955-56. The Plan for 1951-56 was drawn up by the Government in consultation with the Heads of Departments. This plan superseded the previous plan. The targets of expenditure under the various heads for the 5 years and expenditure for 1951-52 are given in the Appendix II to the Detailed Budget Estimates for 1953-54. The details of actual expenditure incurred from 1st April to 31st December 1952 are not yet available.

Government Discretionary Grants.

140 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Finance be pleased to state—

(a) the purposes for which discretionary grants are given by the Director of Harijan Welfare, the rules governing those grants, and the details for the expenditure on this account for 1950-51; 1951-52 and 1952-53; and

[22nd July 1953]

(b) whether any such discretionary grants are placed at the disposal of heads of departments other than His Excellency the Governor, District Collectors and Director of Harijan Welfare and if so, who they are and the amount entrusted to each of them for 1950-51; 1951-52 and 1952-53?

A.—(a) Discretionary grants are given by the Director of Harijan Welfare for the following purposes:—

- (1) to assist societies, institutions or individuals in educating members of the communities eligible for help by the Harijan Welfare Department or improving their social and economic conditions;
- (2) for payment of contributions to newspapers, periodicals and other publications intended for and actually engaged in educating the communities eligible for help by the Harijan Welfare Department;
- (3) to encourage athletic associations among members of the communities eligible for help by the Harijan Welfare Department, and the provision of games requisites for them; and
- (4) to help members of the communities eligible for help by the Harijan Welfare Department who are in distress on account of a fire, flood, cyclone, epidemic or other similar sudden calamity.

The rules governing these grants are that—

- (i) the grants should not be made for supplementing the grants paid by the Education Department in respect of aided elementary schools; and
- (ii) the annual aggregate expenditure on the payment of these grants shall not exceed Rs. 3,000.

The expenditure incurred by the Director of Harijan Welfare is—

	RS.
1950-51	3,001
1951-52	2,771
1952-53 (to end of December 1952 only)	2,127

Separate allotments are made to the Director of Harijan Welfare for sanction of grants, towards expenditure on ameliorative measures for Backward Classes also. The expenditure incurred by the Director of Harijan Welfare on this account is—

	RS.
1949-50	2,990
1950-51	325
1951-52	300
1952-53	500

[22nd July 1953]

- (b) Discretionary grants are also generally placed at the disposal of the Deputy Inspector-General of Police, Railways and Criminal Investigation Department and the Director of Fisheries.

The amount entrusted to the Deputy Inspector-General of Police, Railways and Criminal Investigation Department is in connexion with the management of the habitual offenders settlements. The expenditure is incurred for payment of rewards to settlers for good conduct and to bright pupils in settlement schools and for providing sanitation, amusements to children, etc. The amount entrusted to the Director of Fisheries is intended to enable him to provide for unusual expenditure that may be urgently necessary in connexion with pearl fishery operations, such as payment of rewards to informants regarding concealed pearls, rewards for deeds of special merit during diving operations, contributions to poor divers subjected to special losses, compensation for accidental damages to boats, etc

A sum of Rs. 1,200 was placed at the disposal of the Deputy Inspector-General, Railways and Criminal Investigation Department for each of the years 1950-51, 1951-52 and 1952-53. No amount was placed at the disposal of the Director of Fisheries for 1950-51, 1951-52 and 1952-53.

Government grants to private institutions.

141 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Education be pleased to state—

(a) the names of the institutions to which grants are made under the head “37-S—Miscellaneous—A (i) (8)—Other Grants (including grant to the Indian Academy of Sciences, Bangalore)”;

(b) the amount paid each year to each of these institutions from 1946-47 to 1952-53; and

(c) the purposes for which these grants are ear-marked in each case and the conditions attached to them in each case?

A.—(a) & (b) A statement^a is placed on the table of the House.

(c) Grants in almost all the cases are based on the merits of each case and no conditions as such are attached to the drawal of the grants which are sanctioned in the interest of advancement of various activities in the field of education.

Remission of revenue.

142 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Land Revenue be pleased to state the special reasons that led to the grant of total remission aggregating to—

(a) Rs. 12.20 lakhs, Rs. 16.20 lakhs, Rs. 10.16 lakhs and Rs. 18.05 lakhs, respectively, in faslis 1357, 1358, 1359 and 1360, in North Arcot district;

(b) Rs. 15.22 lakhs, Rs. 17.36 lakhs, Rs. 12.51 lakhs and Rs. 13.39 lakhs, respectively, in faslis 1357, 1358, 1359 and 1360, respectively, in South Arcot district; and

(c) Rs. 8.05 lakhs, Rs. 9.32 lakhs, Rs. 9.00 lakhs and Rs. 8.48 lakhs, respectively, in faslis 1357, 1358, 1359 and 1360 in Chingleput district,

when the total remission on the aggregate in all the Rayalaseema districts taken together amounted only to Rs. 7.79 lakhs, Rs. 13.50 lakhs, Rs. 3.75 lakhs and Rs. 11.70 lakhs in faslis 1357, 1358, 1359 and 1360, respectively?

A.—The main reasons for the grant of large amounts as remissions in the districts of Chingleput, North Arcot and South Arcot for faslis 1357 to 1360 were the following :—

- (1) The demands in these three districts were greater than those in the Rayalaseema districts and, therefore, the remissions granted in the latter districts will not compare favourably with those granted in the former; and
- (2) these three districts were affected in their entirety while only parts of Rayalaseema were affected during these faslis. Further the production was nearly normal in the case of the Rayalaseema districts during 1947-50 and below normal from 1950-51 while it was below normal in the districts of Chingleput, North Arcot and South Arcot during the faslis in question.

Vellore District Inferior Government Subordinates' Association.

143 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Finance be pleased to state whether the Government have received a copy of the resolutions of the III Conference of the Nellore District Inferior Government Subordinates' Association held on the 21st September 1952 at Nellore; and if so, what action was taken on the resolutions dealing with—

- (a) increase of the house rent allowance;
- (b) enhancement of the daily allowance while on tour; and
- (c) sanction of Duffadars for Tahsildars?

A.—Copy of the resolutions has not been received by the Government. The other questions do not arise.

[22nd July 1953]

Fourth Conference of the Madras State Government Inferior Subordinates Association.

144 Q.—SRI K. KRISHNA RAO: Will the Hon. the Chief Minister be pleased to state whether the Government have received a copy of the resolutions of the IV Annual Conference of the Madras State Government Inferior Subordinates' Association held on the 19th October 1952 at Madras; and if so, what action was taken on the resolutions dealing with—

- (a) increase of pay and dearness allowance of attenders;
 - (b) leave facilities of inferior subordinates;
 - (c) confirmation of peons who have put in five years' service;
 - (d) promotion of peons as attenders and lower division clerks;
- and
- (e) provision of housing for inferior Government subordinates?

A.—A copy of the resolutions of the IV Annual Conference of the Madras Inferior Subordinates' Association was received by the Government and considered. The action taken on the resolutions is indicated below under each of the items mentioned in the question.

- (a) & (b) The requests for increase in the scale of pay and rate of dearness allowance of attenders and for liberalization of leave facilities of inferior (now last grade) subordinates contained in the resolutions will involve considerable extra cost to the Government and will also have repercussions in respect of other classes of low-paid employees. In view of the present financial position, the Government decided that it would not be possible to grant the requests.
- (c) Under the existing orders, temporary posts are made permanent after they have been in existence for more than five years continuously if they are required for the normal work of the Department. Peons can, therefore, be confirmed even now after five years' service if their work is satisfactory. The Government accordingly decided that no action was necessary on this request.
- (d) There is provision even in the existing rules for appointment of peons as attenders and clerks by transfer, provided that they possess the prescribed qualification. The Government considered that it would not be desirable to exempt peons generally from possessing the prescribed qualifications for promotion as attenders or clerks as such a course would impair the efficiency of the services considerably. In deserving cases, the relevant rules are relaxed and peons are promoted as attenders even if they do not possess the prescribed qualifications.
- (e) The request is under consideration in the Public Works Department.

A reply on the above lines has been sent to the Association.

Appointment of Sub-Inspectors in the Prohibition Department.

145 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Prohibition be pleased to state with reference to the answer to unstarred question No. 85 (G. 41), dated 2nd December 1952—

(a) the number of vacancies in the Sub-Inspector's cadre in 1951-52 and 1952-53 that had to be filled by promotion of clerks in the Prohibition department;

(b) the number of clerks who were recommended for being promoted as Sub-Inspectors in those vacancies by the Board of Revenue; and

(c) the reasons that led to the reduction in the number of clerks promoted to executive line as Sub-Inspectors in 1951-52 and 1952-53?

A.—(a) to (c) No clerk was appointed as Sub-Inspector during the period 1951-52 and 1952-53 except one Sri M. Appukuttan Nair, whose appointment as Sub-Inspector was approved by Government. The reason for non-appointment of clerks as Sub-Inspectors is as follows:—

In 1950 it was provisionally ordered by Government that no clerk or Superintendent from the office of the Board of Revenue (Excise) should be appointed as Sub-Inspector or Assistant Inspector. Then after examining the question in 1951, it was ordered that further recruitment of clerks as Sub-Inspectors might be made subject to the condition that prior approval of Government should be obtained whenever a clerk was to be appointed as Sub-Inspector. The Board of Revenue (Excise) has now recommended the names of 32 clerks for appointment as Sub-Inspectors. The matter is under the consideration of the Government.

Discretionary grants.

146 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Finance be pleased to state—

(a) the objects, purposes and need for the creation of 'Discretionary grants' with His Excellency the Governor and District Collectors and the rules regulating the expenditure of discretionary grants;

(b) whether the expenditure under these heads is subject to audit;

(c) the districtwar total expenditure in each district under Discretionary grants in the years 1949-50, 1950-51, 1951-52 and 1952-53 up to the 31st December 1952; and

(d) the details of expenditure yearwar under 'Discretionary grant' with the Governor during the years 1949-50, 1950-51, 1951-52 and 1952-53 up to 31st December 1952?

[22nd July 1953]

A.—(a) *Discretionary grants by the Governor.*—These are petty grants and charitable donations to local institutions of a public or quasi-public character and individuals that deserve assistance from public funds. The expenditure may not be of a recurring nature and subscriptions of a purely private nature should not be paid from the allotment for discretionary grants.

Discretionary grants by Collectors.—The objects on which Collectors may make discretionary grants and the restrictions subject to which the payments may be made are laid down in Article 213 (ii) of the Madras Financial Code, Volume I, which is extracted in Annexure I to this answer.*

(b) Yes.

(c) & (d) The information is furnished in Annexure II to this answer.

Meetings of Police Officers and Legislators.

147 Q.—SRI K. KRISHNA RAO: Will the Hon. the Chief Minister be pleased to state with reference to the acceptance of the suggestion and issue of orders about secret meetings between Police Officers and Legislators alluded to on 23rd March 1950 by the then Finance Minister (vide page 511, Volume II of Legislative Assembly Proceedings)—

(a) whether such secret meetings are held periodically in any or all districts; if so, the names of the districts where they are held; the dates when they were held between 1st April and 31st December 1952 and the questions discussed at such meetings and decisions taken; and

(b) whether sitting fee and travelling allowances are paid to legislators for attendance at meetings in (i) the rates of sitting fee and travelling allowance and (ii) the total amounts paid in 1950–51, 1951–52 and 1952–53 up to 31st December 1952?

A.—(a) Orders were issued in April 1950 for the holding of monthly meetings of the Collector, District Superintendent of Police and Local Legislators in the Krishna, Guntur, East and West Godavari districts in the first instance, and later in the Kurnool district also. The idea was that at these conferences, the general law and order situation in the district and questions arising therefrom could be discussed.

These monthly conferences were, however, discontinued in the first half of 1951 when fear of violent Communist trouble subsided.

(b) Legislators attending these monthly conferences were permitted to draw travelling allowance at the rates laid down by Government for non-official members of Second-class Committees. No information is available

about the total amounts paid in 1950–51, 1951–52 and 1952–53 up to 31st December 1952 and Government do not consider it worthwhile collecting the information.

Drainage works in municipalities.

148 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Health be pleased to state the names of municipalities at present without drainage works in which—

(a) the investigation is not complete;

(b) the investigation is complete, but the estimates have not been sanctioned;

(c) the estimates have been sanctioned but the works have not been commenced; and

(d) the works are in progress; together with the year in which the first investigation was completed in each case?

A.—A statement ^a is placed on the table of the House.

Grants for water-supply and drainage works.

149 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Health be pleased to state—

(a) the total grants made to local bodies for water-supply and drainage works in 1950–51 and 1951–52 year-wise;

(b) the names of the local bodies to whom grants have been made and the amount granted in each case; and

(c) the works actually begun and the stage at which water-supply and drainage works for which grants have been given stand?

A.—(a) to (c) A statement ^b is placed on the table of the House.

Special Armed Police Units.

151 Q.—SRI K. KRISHNA RAO : Will the Hon. the Chief Minister be pleased to state with reference to the legal, constitutional and other points raised by Sri T. K. T. N. R. Tatachari on 10th March 1948 reported on page 591 of Volume X of the Proceedings of the Legislative Assembly—

(a) whether rules have been framed defining the scope, functions and purpose of the Special Armed Police including the Malabar Special Police, and if so will the Government place a copy of such rules on the table of the House;

(b) whether the State Government have addressed the Union Government to bear the entire expenditure of the Special Armed Units including the Malabar Special Police incurred on

(i) salaries and allowances,

(ii) buildings to house these units, and

(iii) weapons and ammunition supplied to these units;

22nd July 1953]

(c) if so, whether the Union Government have agreed to bear the cost, and if so, from which date and for what items; and

(d) whether rules and regulations have been framed regarding, (1) recruitment, (2) conditions of service, (3) remuneration and allowances and (4) duties of the Special Armed Unit and the Malabar Special Police and if so, will the Government furnish the House with a copy of such rules and regulations?

A.—(a) & (b) The answer is in the negative.

(c) Does not arise.

(d) No rules have been framed defining the duties of the Malabar Special Police and Special Armed Police men but they are meant generally to assist the normal police in the maintenance of law and order. The method of recruitment, conditions of service, pay and allowances, etc., of the Malabar Special Police personnel are governed by the special rules for that force at pages 333 to 348 of the Madras Services Manual, Volume III, which is a printed publication and a copy of which is available in the Library of the Madras Legislature.

A copy* of the *ad hoc* rules issued in respect of the Special Armed Police is placed on the table of the House.

Feeding charges of Armed Police Units.

152 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Finance be pleased to state—

(a) whether the Armed Police Units are provided with meals, coffee and tiffin at Government cost when they are engaged in active operations;

(b) if so, the cost per diem incurred

(i) in the case of an officer; and

(ii) in the case of a person other than officer; and

(c) the total cost of feeding Special Armed Police Units and the Malabar Special Police from 1st January to 31st December 1952?

A.—(a) The answer is in the affirmative.

(b) The rates of feeding charges are as follows:—

(i)

If deputed for duty in Madras City.

If deputed for duty to military stations outside Malabar in the case of Malabar Special Police and outside headquarters in the case of Special Armed Police Units.

	Rs. A.		Rs. A.
Subedars ..	2 12 per head per day.	2	4 per head per day.
Jamedars ..	2 8 Do.	2	0 Do.

[22nd July 1953]

(ii) Rs. 20 per head per mensem if deputed for duty in Madras City and Rs. 18 per head per mensem if deputed for duty to mufassal stations outside Malabar in the case of Malabar Special Police and outside headquarters in the case of Special Armed Police Units.

(c) The total cost of feeding Malabar Special Police and Special Armed Police for the period from 1st January to 31st December 1952 is as follows:—

	RS.	A.	P.
Special Armed Police	7,27,383	14	6
Malabar Special Police	1,04,464	5	3

Reorganisation of the Special Armed Police Units.

153 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Finance be pleased to state—

(a) whether the strength of the Special Armed Police has been reduced since 17th July 1952; and

(b) if so, the number of units so reduced and the monthly savings effected thereby?

A.—(a) The answer is in the affirmative.

(b) Sixteen active companies and one Headquarter Company of the Special Armed Police were abolished, resulting in the reorganization of four Special Armed Police Units into three. The monthly saving consequent on the abolition of the 17 companies is rupees 2,09,318-7-0.

Lignite deposits in South Arcot.

154 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Industries and Labour be pleased to state at what stage stands at present—

(i) utilizing large blocks of power;

(ii) obtaining valuable by-products;

(iii) obtaining various chemicals from the lignite deposits in South Arcot district alluded to in answers to question No. 216, dated 17th April 1951, in the Legislative Council (vide page 1049 of Volume IV of the Council Proceedings)?

A.—Bulk samples of lignite have been taken from a shaft of 175 feet deep. The Government have decided to work an Experimental Quarrying Scheme for determining the engineering feasibility and the economic desirability of open cut mining of the lignite deposits of South Arcot district with the aid of machinery lent by the Government of India. Small scale laboratory tests on the samples of lignite have revealed the possibility

[22nd July 1953]

of its utilization for generation of power and manufacture of various chemicals and by-products. Large scale experiments have to be conducted to confirm the results already obtained and further work will be carried out shortly after the excavation of lignite from the pilot quarry.

Iron and steel plant in the State.

155 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Industries and Labour be pleased to state the stage at which the question of the Government setting up an Iron and Steel Plant in this State with the ores available at Salem and Sandur alluded to in answer to question No. 216, dated 17th April 1951 in the Legislative Council (vide page 1049 of Volume IV of the Council Proceedings) stands at present?

A.—The matter is still under the consideration of the Government. Samples of Salem iron ores and South Arcot lignite have been sent to the United States Bureau of Mines and Messrs. Lurgi Company of Germany for plant scale tests and report on the economic feasibility of an iron and steel industry in this State and their reports are awaited.

Teachers' Association meetings.

156 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Education be pleased to state—

(a) whether the attendance at the Central classes for elementary school teachers is compulsory;

(b) if these Central classes are held on non-working days, are the teachers paid overtime allowance for attendance on such non-working days; and

(c) whether any penalties are imposed on teachers who do not attend Central classes and, if so, the nature and scale of such penalties?

A.—(a) The attendance of the teachers at the Central classes otherwise known as Teachers' Association meetings is compulsory.

(b) The meeting is held once a month. That day is treated as a working day for the schools. Hence the question of payment of overtime allowance does not arise.

(c) Absence of a teacher from the Teachers' Association meeting shall be debited to his casual leave account or if there is no casual leave to the teacher's credit, to the leave admissible to him under the ordinary leave rules. In case, there is no leave to the credit of the teacher, grant will not be assessed for the teacher unless specially exempted for satisfactory reasons.

Calyx drills available with the Industries department.

157 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) the purposes for which and the days for which in each case of the four Calyx drills alluded to on page 43, paragraph 12 of the Administration Report of the Department of Industries and Commerce for the year ending 31st March 1951 were used from October 1949 to October 1952;

(b) after the date up to which information was furnished in answer to unstarred question No. 10 (b), dated 31st July 1952, whether any of the four Calyx drills available with the Industries department was used for putting down bore holes in any of the three places mentioned in the answer to prospect coal in the Godavari Valley; and

(c) when the report suggesting test drilling for coal alluded to on page 6 of the Administration Report of the Department of Industries and Commerce for the year ending 31st March 1951 was received by the Government, and what action was taken by the Government for test drilling for coal in the localities suggested?

A.—(a) Details are given in the annexure ^a.

(b) No, Sir.

(c) The report was received in November 1951. The Government have examined the report and have decided to take up the work of test drilling of coal in the Godavari Valley in 1954.

Cholera cases in the rural areas of Nellore district.

158 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Health be pleased to state—

(a) the number of persons in rural areas of Nellore and Kovur taluks of Nellore district who were affected by cholera and the number of cases which ended fatally in 1951-52 and 1952-53 (so far); and

(b) the number of ambulance vans attached to the Government Headquarters Hospital, Nellore, and how many persons affected by cholera were conveyed from the rural areas of Nellore and Kovur taluks to the Headquarters Hospital for treatment in 1951-52 and 1952-53 (so far)?

A.—(a) The number of attacks and deaths from cholera in Nellore and Kovur taluks during the years 1951-52 and 1952-53 (up to week ending 21st March 1953) are given below :—

Taluk.

(1)	Year.

[22nd July 1953]

(b) No ambulance vans were attached to the Government Headquarters Hospital, Nellore, and no cholera cases from Nellore and Kovur taluks were conveyed by Ambulance vans to the said hospital.

Expenditure on the Government Headquarters Hospitals.

159 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Health be pleased to state—

(a) the amount spent by the Government during the two quinquenniums ending 1947 and 1952 on

(i) construction of additional wards for in-patients in various Government District Headquarters Hospitals in the State;

(ii) construction of additional buildings for X-ray Blood-banks; operation theatres and out-patient waiting rooms in the various Government District Headquarters Hospitals in the State including cost of works in progress; and

(b) the amount spent under items enumerated in (a) (i) and (a) (ii) of the Nellore District Headquarters Hospital during the two quinquenniums ending 1947 and 1952 including cost of works in progress, if any?

A.—(a) & (b) A statement ^a is placed on the table of the House.

Distribution of the Telugu Journal 'Padipantalu'.

160 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Agriculture be pleased to state—

(a) how many copies of each issue of 'Padipantalu', a Telugu magazine published by the Agricultural department, are printed;

(b) out of the number in (a) how many are (i) issued to subscribers; (ii) issued as complimentary copies; (iii) sold by retail sale and (iv) left unsold; and

(c) whether it is a fact that ryots who ask for seeds, manure and pumpsets from Agricultural department are forced to purchase copies of 'Padipantalu' if their applications for seeds, etc., are to be considered?

A.—(a) & (b) The number of copies printed of each issue of the journal 'Padipantalu' varies according to the demand from time to time. A statement ^b showing the total number of copies printed, issued to subscribers, issued as complimentary copies and for reference to departmental staff and sold by sales agents during the period of one year from January to December 1952 is attached. The Director of Agriculture has reported

^a Printed as Appendix XII on pages 1065-1066 *infra*.

^b Printed as Appendix XIII on page 1067 *infra*.

that the copies left unsold including the copies returned by sales agents is 'nil' and this is being verified.

(c) No such compulsion is used.

Purchase of seed paddy in Nellore district.

161 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Agriculture be pleased to state—

(a) with reference to unstarred question No. 108 (966), dated 8th December 1952, the rate in rupees, annas and pies per maund or per ton at which seed paddy of different varieties was acquired or purchased from ryots of Nellore district in fasli 1361 by the Agricultural department; and

(b) the rate in rupees, annas and pies per maund or per ton at which seed paddy acquired or purchased in (a) was sold to ryots of Nellore district in fasli 1362?

A.—(a) & (b) During fasli 1361, seed paddy of I sort (B.C.P. 1, B.C.P. 2, G.E.B. 24 and Co. 25 varieties) were purchased at Rs. 12-12-8 and that of II sort (MTU. 9, MTU. 15 and MTU. 16 varieties) at Rs. 11-11-10 per maund of 82-2/7 lb., inclusive of the seed-farm premium. They were sold at the following rates during fasli 1362 :—

Shortages under the State Trading Schemes.

162 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Finance be pleased to state in the matter of capital outlay on schemes of State Trading as per the final accounts given in "Appropriation Accounts, 1949-50 and Audit Report, 1951"—

(a) the explanation for shortages in closing stock in each case;

(b) the cost price of the several items of shortages for various years;

(c) the reason for delay in the regularization of shortages; and

(d) the action taken in the matter of each item of shortages in the case of the following (references to the Appropriation Accounts, 1949-50 and Audit Report, 1951) :—

1 Page 445 foot-note (3)—Rice;

2 Page 446 foot-note (4)—Wheat and Wheat products;

3 Page 447 foot-note (4)—Other grains;

[22nd July 1953]

4 Page 448 foot-note (4)—Government depot for rice;

5 Page 450 foot-note (4)—Dehydrated potatoes and sweet-potatoes;

6 Page 457 foot-note (3)—Paddy and other seeds;

7 Page 458 foot-note (4)—Manures (other than chemical manures);

8 Page 459 foot-notes (3 and 4)—Iron and Steel for agricultural implements; and

9 Page 460 foot-note (4)—Chemical Fertilizers?

A.—(a) The shortages in the closing stock as exhibited in the *pro forma* Accounts of the State Trading Schemes comprise the following :—

(i) Shortages in rail transit;

(ii) Other types of transit losses;

(iii) Shortages due to long storage; and

(iv) Stocks in transit not brought to credit in the account at the time of closing. (This is not a real shortage.)

(b) The particulars required are given in the appended statement^a.

(c) In respect of shortages under rail transit (which constitute a large part of the total shortages) claims are preferred with the Railways. The settlement of the claims and the payment of compensation by the Railways take a long time due to the procedure observed by the Railways. Only when the claims are finally rejected by the Railways, the question of the responsibility of the officials concerned has to be examined with special reference to the reasons given by the Railways for the rejection of the claims. Wherever necessary, proposals have to be submitted for the write-off of the shortages to the concerned authorities. All this involves correspondence by the Board of Revenue with all the district officers, consignors, consignees, Reception Officers at Ports, etc., and the delay involved is inevitable.

(d) The shortages due to natural causes such as dryage, long storage, etc., are written off from the accounts by the competent authorities, after thorough investigation. When responsibility for shortages can be fixed on the officers, necessary recoveries are ordered from their pay after following the procedure prescribed for such recoveries. The Board of Revenue (Civil Supplies) and the Director of Agriculture have issued strict instructions to the Collectors and other subordinates as to the importance of the prompt settlement of such shortages. Periodical reports showing the

progress of the settlement of unaccounted items are prescribed, and by a review of these reports, officers are pulled up, wherever any slackness is detected. The progress since made in the regularization of the shortages shown in the Appropriation Accounts, 1949-50 is indicated in column (5) of the appended statement.

Overtime remuneration in connexion with the revision of electoral rolls.

163 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Finance be pleased to state—

(a) with reference to answer to unstarred question No. 53 (964) (c) on 25th November 1952, what rate of overtime remuneration is payable to—

(i) employees of Central Government Departments;

(ii) employees of all State Government Departments; and

(iii) employees of municipalities and local boards who are entrusted with the work of enumeration in connexion with the revision of electoral rolls in certain selected areas, in out of office hours; and

(b) what are the total amounts paid as overtime remuneration for the purpose mentioned in (a) in 1952-53 so far, to the various categories of employees detailed in (a)?

A.—(a) There is no distinction between employees of the Central Government, employees of the State Government and the employees of the local bodies in the matter of payment of remuneration or allowances to them for work done as enumerators and supervisors in connexion with the revision of electoral rolls. The remuneration and allowances paid are as follows:—

(1) The enumerators are paid remuneration or honorarium for bringing up to date the National Registers of Citizens and for preparing the lists of additions, corrections and deletions to the electoral rolls with reference to the number of households in respect of which the work was done and on the following basis, viz.:—

(a) In non-municipal areas other than the suburbs of Madras City.—Rs. 5 for local areas in which the number of households is below 250, and Rs. 10 for local areas in which the number of households is 250 or above. "Local area" means a village or panchayat or township or cantonment or municipality.

(b) In mufassal municipalities and suburbs of Madras City.—Rs. 20 for every 350 households (proportionate amounts for fractions of 350 households).

22nd July 1953]

[The total amount of remuneration for each local area is fixed on the basis in (a) and (b) above and then divided among the enumerators in the proportion of the number of households allotted to each, subject to the condition that no enumerator should get less than Rs. 5.]

(c) In Madras City.—The remuneration is paid at the rate of Rs. 20 for every 300 households and proportionate amounts for fractions of 300 households.

(2) The enumerators and supervisors are also paid the following allowances which are only compensatory allowances, viz.:—

(a) in the City, enumerators and supervisors who are allotted their enumeration areas far away from their places of residence are paid out of pocket expenses at a flat rate of rupee one per day.

(b) A daily allowance of Rs. 2 is paid to the enumerators and supervisors in the mufassal on such days when they had to travel more than 5 miles from their headquarters on enumeration and supervision work.

(c) Travelling and other allowances as ordinarily admissible for all journeys made by them for over 5 miles beyond their jurisdiction for such purposes as attending instruction classes at taluk headquarters or for returning the National Registers, etc., to the Tahsildars.

(d) In unavoidable cases where the supervisor is required to work beyond his jurisdiction, travelling allowance as admissible to an officer of his grade under the Madras Travelling Allowance Rules is paid to him.

(b) The collection of the information required will involve much time and labour as a very large number of officers have to be addressed; the time and labour involved will not be commensurate with the results.

Gandikota Project.

164 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Public Works be pleased to state—

(a) when the investigation of the Gandikota Project was taken up by the State Government;

(b) when the levels were taken and plans completed;

(c) the estimated cost of the Project;

(d) the area that is expected to be served by this project and of this the portion that lies in Nellore district and the portion that lies in Cuddapah district;

[22nd July 1953]

(e) why this project was recommended to the Planning Commission and not taken up straightway by the State Government and when the project was referred to the Planning Commission; and

(f) the principles followed by the State Government in referring projects to the Union Government or their commissions in New Delhi, instead of the State Government themselves proceeding with the sanction and construction of the projects on their own initiative and responsibility?

A.—(a) & (b) The investigation of the scheme was started in December 1943 and the preparation of plans and estimates was completed by the end of December 1950.

(c) 8.16 crores.

(d) 150,000 acres partly wet and partly dry in the Cuddapah district only.

(e) & (f) The resources of the State are not adequate to take up costly projects without the assistance of the Government of India. In order that a scheme may be eligible for assistance from the Central Government it should first be included in the Five-Year Plan of the Planning Commission. Further the Government of India have issued instructions that their approval should be obtained by State Governments before sanctioning any project costing over rupees one crore. The Gandikota Project which is estimated to cost Rs. 8.16 crores requires the prior approval of the Government of India for execution. The project was proposed in the supplementary proposals of the State Government in August 1951 for inclusion in the Five-Year Plan of the Planning Commission.

Capital expenditure during the quinquennium ending 31st March 1952.

165 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Finance be pleased to state—

(a) whether and if so how much of the revenue of the State whether current or past has been spent on capital expenditure by the Government of Madras during the quinquennium ending 31st March 1952; and

(b) whether the State Government have made specific representations to the Union Government: (i) to provide grants to meet capital expenditure of the State out of the capital resources of the Union Government; and (ii) to allow the State Government to float loans in the open market to meet capital expenditure?

A.—(a) Although the revenues of the State are not generally utilized for expenditure on schemes of a capital nature, expenditure on small irrigation and industrial development works are met from revenues. Besides, the net outlay on State Trading Schemes initially

[22nd July 1953]

recorded in the Capital account, was transferred to the Revenue Account during the years 1947-48 and 1948-49. The following statement shows in one view, the capital expenditure met from revenues for the quinquennium ending with 31st March 1952—

(b) (i) The State Government have made representations to the Union Government asking them to render financial assistance in the shape of loans, for meeting the capital expenditure of the State. Particulars of the loans taken from the Union Government for financing capital expenditure since 1947-48 are given on pages 34-35 of the Budget Speech for 1953-54.

(ii) This Government have power under Article 293 of the Constitution of India to borrow from the public for the purpose of meeting capital expenditure, subject to the approval of the Union Government. Open market loans have accordingly been raised year to year—see page 33 of the Budget Speech for 1953-54.

Village Production Councils.

166 Q.—SRI K. KRISHNA RAO: Will the Hon. the Chief Minister be pleased to state the constitution, aims and objects of the Village Production Councils, and the names of the districts in which they are already formed and the number of councils so far formed?

A.—A statement * is laid on the table of the House.

Vital statistics in municipal towns.

167 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Health be pleased to state—

(a) the names of the three municipal towns, and the three districts that occupy the first three ranks in returning high death rates in their respective areas in the State of Madras for 1950-51 and 1951-52 and the respective death rates;

[22nd July 1953]

(b) the names of the three municipal towns and the three districts that occupy top ranks in returning high mortality under (i) enteric fever, (ii) respiratory diseases, (iii) cholera and (iv) smallpox in the State of Madras for 1950-51 and 1951-52 and the respective rates of mortality;

(c) the names of the three municipal towns and the three districts that occupy top rank in returning high (i) infantile mortality and (ii) maternal mortality for 1950-51 and 1951-52 and the respective rates of mortality; and

(d) the steps taken in each case in (a), (b) and (c) to reduce mortality figures?

A.—The information required is furnished in the appended statement* for the calendar years 1950 and 1951, as Vital Statistics of this State are prepared for calendar years.

II.—PRIVILEGE MOTION RE CERTAIN REMARKS OF THE CHIEF MINISTER OF MYSORE RE A RESOLUTION OF THE MADRAS LEGISLATIVE ASSEMBLY.

9.40 a.m. MR. SPEAKER :—“ The hon. Member Sri T. Viswanatham has given notice of a privilege motion. It reads as follows :—

“ I move that the following remarks of the Chief Minister of Mysore on the proceedings of this House made by him in the Mysore Council on 20th July 1953 and reported in the *Hinda*, dated 21st July 1953, page 8, constitute a breach of privilege and contempt of this House and that therefore this matter be referred to a Committee of Privileges and appropriate action be taken on their report :—

“ The decision taken by the Madras Assembly was not a real test or final opinion of the Madras Assembly . . . In the view of the speaker the resolution adopted by the Madras Assembly by a snap vote carried no weight or sanction with either the Government of India or the Government of Mysore.”]

Before I call Mr. Viswanatham to explain, I must tell the House that the Members of the Assembly and the Council enjoy certain privileges and have freedom of speech. Mr. Viswanatham has brought in a privilege motion because a speech was made, not outside the Council, but inside the Mysore Council. The Members here have got freedom of speech. I want to know from Mr. Viswanatham how he can reconcile both.”

THE HON. SRI C. RAJAGOPALACHARI :—“ Perhaps hon. Members of this House have privileges which Members of other Houses have not got.”

SRI T. VISWANATHAM :—“ Sir, the gist of the offence is this. The Hon. Chief Minister of Mysore State made a statement on the floor of the Legislative Council and this House has been brought into contempt by his saying that the vote does not

represent the view of the House. Whether he says in the Council or whether he says on a public platform or in the All-India Congress Committee”

MR. SPEAKER :—“ The speech on a public platform is different from the speech in the Council. There is a vast difference between the two.”

THE HON. SRI C. RAJAGOPALACHARI :—“ Does a reply from one Member to another Member in this House amount to a contempt, one against another? There is freedom of speech enjoyed in this House. That House in Mysore is equally entitled to that freedom.”

* SRI T. VISWANATHAM :—“ The Mysore Council and the Mysore Chief Minister are perfectly entitled to say that my view is wrong. But it is altogether a different thing for them to say that the vote does not represent the view of this House, and it is bringing this House into absolute contempt. If you say, for example, that the Mysore Council is different and therefore the Mysore Chief Minister is at liberty to say what he pleases, shall I ask whether we are at liberty to bring into contempt the House of Commons because we have privileges here? ”

MR. SPEAKER :—“ What action can they take? ”

SRI T. VISWANATHAM :—“ The matter will be taken up through the Embassy.”

MR. SPEAKER :—“ Here is a Speaker to control the speeches. What action will the House of Commons take against us? Same is the case in regard to our Parliament.”

* SRI T. VISWANATHAM :—“ Parliament cannot take action. But if the Parliament of one country tries to cast aspersions on the Parliament of another country, the matter will be taken up through well known channels, e.g., the Embassies and the fact that it is spoken on the floor of a Legislature does not mitigate the offence; it may only affect the action to be taken.”

MR. SPEAKER :—“ Suppose this has happened outside the Council? ”

SRI T. VISWANATHAM :—“ In the United Provinces, there was such a case. The only difficulty there was that because the gentleman was outside its territorial jurisdiction, the writ could not be enforced. But actually there was contempt of the House and the House had every right to proceed against him.”

MR. SPEAKER :—“ The Mysore Chief Minister has referred to the ‘ snap vote ’.”

SRI T. VISWANATHAM :—“ I request you to refer to the first sentence that the vote does not represent the view of this House.”

[22nd July 1953]

MR. SPEAKER :—“ Yesterday there was a debate and the Leader of the Opposition did not press for a vote. Mr. V. R. Nagarajan wanted to move a censure motion; of course he did not move it. Suppose the House accepted the censure motion and the Chief Minister says that it is only a snap vote and he won't resign. Is it a contempt of this House? ”

SRI T. VISWANATHAM :—“ Referring to the first sentence, please read the second sentence that the resolution adopted by a snap vote does not represent the real view of the House. I submit, Sir, he has brought this House into contempt.”

* THE HON. SRI C. SUBRAMANIAM :—“ Suppose now on the floor of this House, I say that that vote was taken when most of the Members were not present and so it did not really represent the views of the whole of this Assembly, there is no aspersion cast on the Assembly or on any Member of this House. The word ‘ snap vote ’ is a phrase which is ordinarily used to indicate a vote taken suddenly without notice whatsoever. There is nothing unparliamentary about it. The Chief Minister of Mysore is entitled to hold certain views and ventilate them. I do not think we should take notice of what the Mysore Chief Minister said in his own Assembly and discuss it here.”

SRI T. VISWANATHAM :—“ I think, Sir, the Hon. Sri C. Subramaniam is not quite right when he says he can cast a reflection on the vote taken the other day. It is an offence even under our own rules. One can say whether it is right or wrong or whether it is in the public interest or not. But one cannot pass a reflection on the House. Sir, you are the custodian of the rights and privileges of this House. If you feel that there is no case and if others also feel that there is no case, why should I bother? ”

SRI T. NAGI REDDI :—“ Sir, we all know that that resolution to which the Chief Minister of Mysore has referred has been voted upon in this House after full consideration by the House. Usually a snap vote . . . ”

MR. SPEAKER :—“ What is a ‘ snap vote ’? ”

* SRI T. NAGI REDDI :—“ ‘ Snap vote ’ is a vote taken suddenly when Members do not know when voting will take place and when the House suddenly decides upon a division. Certainly that particular motion can be said to be not representing the opinion of all the Members of the House. Now, Sir, the resolution under reference was not passed by a snap vote. It was passed after mature consideration and the Chief Minister of Mysore must have known as an experienced parliamentarian that it was not a snap vote. He should not have made that statement and cast a reflection on this House. I hope you will come forward to say that the Chief Minister of another State had no business to say whether it represents the view of this House or not. We have

22nd July 1953] [Sri T. Nagi Reddi]

passed that resolution after mature consideration. If the resolution has been passed by a snap vote, of course I have a right and he has a right.”

MR. SPEAKER :—“ Let not the hon. Member go into the merits of the subject.”

SRI T. NAGI REDDI :—“ As the opinion of this House has been very badly criticised by the Chief Minister of Mysore State, I think it is a contempt of this House. Therefore it is right we express that he had no business to cast a reflection on the decision of this House.”

SRI PILLALAMARRI VENKATESWARLU :—“ We would like to know, Mr. Speaker, what the term ‘ snap vote ’ means according to May's Parliamentary Practice.” 9-50 a.m.

MR. SPEAKER :—“ I will give the definition not from ‘ May's ’ but from ‘ Hansard's Digest ’—

‘ *Snap Division*.—A sudden and, by most Members, unexpected division generally engineered by the Opposition in the hope of catching the Government unawares and defeating it thereby.’

‘ *Snap vote*.—The phrase “ snap vote ” is not a term of Parliamentary procedure and has no special technical significance. It is an expression in common use, perhaps most frequently in journalists' reports, for a sudden or unexpected vote, a vote not envisaged by the “ whip ” for the day, perhaps even a vote on a trivial point, carefully engineered to trap a government who had not expected that it would be necessary to have their supporters available at that particular moment.’

“ I wish to know whether the Hon. Chief Minister has got to say anything on this matter.”

THE HON. SRI C. RAJAGOPALACHARI :—“ I only rise to request Sri Viswanatham not to press his motion.”

SRI T. VISWANATHAM :—“ May I just say a few words. I did not particularly refer to one or two more sentences wherein it is stated that the Hon. Chief Minister of this State was charged with partisan attitude and things like that. I did not particularly refer to that. The Chief Minister of Mysore may condemn me or any particular person. That may not be a breach of privilege. But to say that ‘ that the vote of the House on a particular amendment was a snap vote and that it did not reflect the full opinion of the House ’, I submit, Sir, with all seriousness, certainly amounts to a grave breach of privilege of the House as a whole, viewed in the light of Parliamentary conventions and etiquette.

“ Mr. Speaker, my argument is made all the more strong by your quotation, Sir. (Cheers.) You have been good enough to observe that a ‘ snap vote ’ is one that is envisaged by the Opposition, not only envisaged, but carefully engineered also to trap the Government at a time when they had not expected a division. Therefore, Sir, the observation of the Chief Minister of Mysore is made all the more grave. Of course, Sir, the Chief

[Sri T. Viswanatham] [22nd July 1953]

Minister of Mysore is at liberty to speak against me, or any person in particular or against the Chief Minister of Madras also in *person*. We can also do so. I do admit that the Mysore Legislators enjoy the same privileges as we do here. But what has the Chief Minister of Mysore done? He categorically said that the 'snap vote of *this* House (when the fact was that this House had already given its verdict) did *not* represent the full view of the House.' That is why I say, Sir, that the prestige of *this* House, as a whole, has been affected and that the observation of the Mysore Chief Minister certainly amounts to a breach of privilege of the House. Under any interpretation of Parliamentary procedure, such a remark does constitute a breach of privilege of this House. I do hope, Mr. Speaker, that you would agree with me. I do hope that you will refer the same to the Committee of Privileges."

THE HON. SRI C. SUBRAMANIAM :—" I do not think, Mr. Speaker, that this is a matter affecting the privilege of the House, as Mr. Viswanatham so eloquently put it. I would only request Sri Viswanatham to withdraw his motion and not press it."

SRI T. VISWANATHAM :—" I only wanted to show to the House that the remark of the Mysore Chief Minister amounted to a breach of privilege of this House. I have, of course, no objection, to take the advice of Sri Subramaniam that we shall not talk of what the Mysore Chief Minister has said any more provided the discussion that has already taken place serves the purpose for which my motion was moved. His remarks and my motion may therefore be treated as *non est*."

MR. SPEAKER :—" I think this is the first time a motion of this kind has been brought before this House. In the history of this Legislature this is the first time that we have a motion like this before us. Only yesterday I had to exercise my casting vote. That was also the first time the Speaker of this House had to exercise his casting vote."

" Coming to the present motion, I am inclined to think that the members of the Mysore Legislature have got the same freedom of speech as we, Members of this House, have, nothing more and nothing less. All enjoy the same privileges that have been given to us with regard to 'freedom of speech' under our Constitution. I shall read the relevant portion from May's Parliamentary Practice. It says :

' The absolute privilege of statements made in debate is no longer contested but it may be observed that the privilege which formerly protected members against action by the Crown now serves largely as protection against prosecution by individuals or corporate bodies. Subject to the rules of order in debate, a member may state whatever he thinks fit in debate, however offensive it may be to the feelings, or injurious to the character, of individuals; and he is protected by his privilege from any action for libel, as well as from any other question or molestation.'

22nd July 1953] [Mr. Speaker]

Again it is said—

' Speech and action in Parliament may thus be said to be unquestioned and free. But this freedom from external influence or interference does not involve any unrestrained licence of speech within the walls of the House.' "

SRI T. VISWANATHAM :—" But the speech of the Hon. Chief Minister of Mysore though it is not directed against any individual Member here, certainly is a reflection upon the whole House. That is why I say it amounts to a breach of privilege of the House."

MR. SPEAKER :—" It includes a corporate body also. That is what I have read. I am now going to give my ruling."

" I rule that no *prima facie* case has been made out."

III.—ADJOURNMENT MOTION.

REMOVAL OF CIVIL SUPPLIES LORRIES, ETC., FROM VIJAYAVADA.

MR. SPEAKER :—" The other day the hon. Member Sri Yellamanda Reddi gave notice of an adjournment motion. Sri M. Hanumantha Rao also has given notice of an adjournment motion. I would like to know whether the Leader of the House has got anything to say on this."

* THE HON. SRI C. SUBRAMANIAM :—" Sir, an allegation has been made in one of the resolutions that some lorries from the Vijayavada fleet had been taken away and that too because the place is in Andhra territory. It is an absolutely baseless statement. As a matter of fact the fleet in the Andhra area has been strengthened to a certain extent. Sir, these allegations have been made not only because of a misconception of facts but because certain posts there had been abolished."

" I do request of hon. Members to verify the facts before they move adjournment motions. Let them not bring in baseless issues on the floor of the House. If they have to elicit some information let them put short-notice questions and get answers or get the facts in consultation with me. After ascertaining facts, let them move their motions."

SRI M. HANUMANTHA RAO :—" No, Sir. This incident has already been reported in some of the newspapers and the Government have not till now contradicted it."

THE HON. SRI C. SUBRAMANIAM :—" Is it ' Andhra Prabha ' or ' Patrika ' ? "

MR. SPEAKER :—" Some Telugu newspapers."

SRI M. HANUMANTHA RAO :—" Both ' Andhra Prabha ' and ' Andhra Patrika ', Sir."

[22nd July 1953]

MR. SPEAKER :—" The practice in Parliament is whenever an hon. Member brings an adjournment motion and the Hon. Minister concerned denies the fact of the concerned subject, the hon. Member concerned should withdraw his motion. May I know what the hon. Member wants to do? "

SRI M. HANUMANTHA RAO :—" In view of the fact that the Hon. Minister has denied my allegations, I withdraw my motion."

IV.—GOVERNMENT MOTION.

MOTION UNDER RULE 24 OF THE ASSEMBLY RULES.

* THE HON. SRI C. SUBRAMANIAM :—" Under rule 24 of the Assembly Rules, I move—

' That rule 24 of the Assembly Rules be suspended and the House do resolve to transact Government business and continue the discussion on the Andhra State Bill on Thursday, the 23rd July 1953.'

" Sir, in fact we had hoped that this discussion on the Andhra State Bill would have come to an end yesterday or even day-before-yesterday. But it had to continue, because hon. Members had moved, numerous amendments. Otherwise we could have allotted 23rd instant as a non-official day."

10 a.m. SRI VAVILALA GOPALAKRISHNAIAH :—" When we are discussing the lorry affair, if we come to another subject, then I cannot have an opportunity to have my say, Sir."

MR. SPEAKER :—" We have already passed on to the next subject."

SRI VAVILALA GOPALAKRISHNAIAH :—" I want to say something by way of explanation, Sir."

MR. SPEAKER :—" The motion has been withdrawn already."

SRI K. VINAYAKAM :—" He has missed the lorry! Sir." (Laughter.)

SRI VAVILALA GOPALAKRISHNAIAH :—" I have not missed the lorry. Mr. Vinayakam has missed the lorry!"

MR. SPEAKER :—" Let the hon. Member come to my room and I will explain the procedure. The hon. Member should resume his seat."

SRI VAVILALA GOPALAKRISHNAIAH :—" Since I am not allowed to have my say, Sir, I walk out."

The hon. Member walked out.

SRI P. RAMAMURTHI :—" Sir, last week itself when some hon. Members asked for the conversion of the non-official day into an official day, I very reluctantly agreed to it and at that time it was stated that the Andhra State Bill had got to be passed,

[22nd July 1953]

[Sri P. Ramamurthi]

I do agree that the Andhra State Bill has to be passed. But, I believe, Sir, that nothing is lost if we have a non-official day to-morrow and take up the discussion of the Andhra Bill day-after-tomorrow. After all, we have come to the financial provisions. One day's discussion or two days' discussion will be enough and we shall certainly finish the Bill by the end of this week and therefore we may continue the non-official business."

* THE HON. SRI C. SUBRAMANIAM :—" I am sorry, Sir, that the hon. Leader of the Opposition is taking this attitude. As soon as the Andhra State Bill is over, we can take up the non-official business, but we should not be interrupted in the middle of the proceedings with regard to the Andhra Bill. We are expected to send it by the 24th instant to Delhi. Even now we are a little bit late. To-day is 22nd. Therefore we should hurry it up and I request the hon. Leader of the Opposition to accommodate us a little more."

SRI P. RAMAMURTHI :—" I would like to ask Mr. C. Subramaniam whether he can allot two days immediately after the Andhra State Bill is over."

* THE HON. SRI C. SUBRAMANIAM :—" Any request made by the hon. Leader of the Opposition will always have a favourable consideration at my hands." (Laughter.)

SRI P. RAMAMURTHI :—" Here a request has already been made. What is the fun of saying 'it will receive favourable consideration'?"

* THE HON. SRI C. SUBRAMANIAM :—" It is simply because we do not know the nature of the business and whether, as a matter of fact, we will require two days. I will take into consideration all that and in consultation with the Leader of the Opposition I will allot the requisite number of days."

MR. SPEAKER :—" The question is—

' That rule 24 of the Assembly Rules be suspended and the House do resolve to transact Government business and continue the discussion on the Andhra State Bill on Thursday, the 23rd July 1953.' "

The motion was put and carried.

V.—GOVERNMENT BILL.

THE ANDHRA STATE BILL, 1953—cont.

MR. SPEAKER :—" The agreement we reached yesterday was that clause 46 and the Seventh Schedule should be taken up at the end. We shall now take up clause 47."

SRI S. DEIVASIGAMANY :—" On a point of information, Sir. May I know when the discussion on the elementary education scheme will be taken up? "

[22nd July 1953]

* THE HON. SRI C. SUBRAMANIAM :—" It was agreed that soon after the Andhra State Bill the adjournment motion can be taken up and it will be done accordingly."

SRI P. RAMAMURTHI :—" The other day itself I had asked the Leader of the House whether he would allot a day for the discussion on the elementary education scheme. The subject matter of the adjournment motion is entirely different. It does not deal with the new education scheme."

* THE HON. SRI C. SUBRAMANIAM :—" The hon. Member was mentioning about the adjournment motion. With regard to the other request, there will be a complete day for discussion of the new elementary education scheme. I will consider and give my answer later."

SRI T. VISWANATHAM :—" Mr. Speaker, on a point of information, Sir. Before the actual discussion on the elementary education policy takes place or the adjournment motion is discussed, can we have a statement placed on the table of the House describing this new policy? Several questions are raised and nobody knows what it is exactly."

SRI P. RANGASAMY REDDIAR :—" How long is this session likely to last? "

THE HON. SRI C. SUBRAMANIAM :—" It entirely depends upon how quickly hon. Members transact business."

SRI P. RANGASAMY REDDIAR :—" The Hon. Leader of the House is anxious to send the Bill as early as possible to the Parliament. That is why I put the question. If we do not co-operate, are we to understand that the discussion on the Andhra State Bill is likely to last up to the 15th August? "

* THE HON. SRI C. SUBRAMANIAM :—" My estimate has gone completely wrong. I thought that the discussion would be over in four or five days. We are going on leisurely discussing the clauses. Clause 46 and the Seventh Schedule, which have been left over, have to be considered. Therefore, I am not in a position to give a correct estimate of the time."

DR. K. B. MENON :—" The suggestion made by the hon. Member Sri T. Viswanatham has not been answered. Will the Government be pleased to place a report on the table of the House about the new education scheme before it comes up for discussion? "

THE HON. SRI C. RAJAGOPALACHARI :—" Sir, the position is somewhat confusing. There is an adjournment motion. There is also a suggestion that we should have a general debate, so to say, on the subject. If the adjournment motion covers a large amount of ground, there may be no need for another general debate. But if the adjournment motion is not to be pressed, we may have the general debate and then we will have the papers

[22nd July 1953] [Sri C. Rajagopalachari]

which are necessary. We will have to get the papers ready. But I can place all the orders issued by the Department. That will be made available in a kind of White Paper. But some time should be allowed for printing, if a number of copies are required. The whole thing may be left to me and I will keep the hon. Members informed about the scheme if a debate is to come. But if an adjournment motion is to come, it is not possible to do all that."

SRI V. R. NAGARAJAN :—" One of the adjournment motions regarding the elementary education scheme is pending and I have given notice of it. Does the Hon. the Chief Minister assure us one day's debate so that we may not press for the discussion in the meantime? But if the Government cannot give any such assurance and there is a likelihood of their saying that there would be no time, we would like to discuss it even before the discussion of the Andhra State Bill comes to an end."

SRI P. RAMAMURTHI :—" I am sorry, Sir, that the Hon. the Chief Minister tries to confuse this adjournment motion with the general debate. The adjournment motion deals with the specific failure of the Government to consult this House before introducing a fundamental change in the educational system. Therefore that is entirely different from a general debate. In fact, I have been pressing the Leader of the House to give us an opportunity to discuss the entire scheme. Therefore, I would suggest that these two matters should be treated separately."

* THE HON. SRI C. SUBRAMANIAM :—" It is a question of allotting a day for a full discussion on the subject. Even the fact that we did not consult the House or even the Leader of the Opposition may be raised in that discussion. It is not necessary that the question should be raised by way of an adjournment motion in respect of a scheme which has already been introduced and which is in operation. No purpose will be served by discussing it by way of an adjournment motion."

MR. SPEAKER :—" If an opportunity is given for a full dress debate, the Leader of the Opposition and the Leader of the Tamil Nad Toilers' Party need not press it."

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, 10-10 a.m. Mr. Ramamurthi put forward the proposition that we should be precise about the scope of the adjournment motion. But in spite of every assurance that he may give, when we take up an adjournment motion of this kind the discussion on it is likely to be desultory and probably relevantly cover a very large amount of ground. If the only issue is why this House was not consulted, I can give the answer in two sentences. But the idea underlying the amendment is to get an opportunity for discussion, technically under the rules. I have no objection to keeping the two matters separate, but I think it cannot be done."

MR. SPEAKER :—" I think the Leader of the Opposition and the Leader of the House can meet, chalk out an agreed programme and give it to me."

[22nd July 1953]

SRI S. SWAYAMPRAKASAM :—" Sir, we do not have full details about the new elementary education scheme. So I suggest that at least one typed copy of the details may be made available for reference by the Members."

Clause 47.

* THE HON. SRI C. SUBRAMANIAM :—" Sir, I move the following amendments :—

122. Sub-clause (1) should be amended so as to provide that, if the contract is for purposes unconnected with the Residuary State, but is partly for purposes connected with the Andhra State/Mysore State or both those States and for the purposes of a State other than the States of Andhra, Mysore and Madras, it shall be deemed to have been made in the exercise of the executive power of the Andhra State/Mysore State or of the Andhra State, respectively.

An Additional sub-clause should be added to clause 47 of the Bill so as to provide that any sums of money received or payable in pursuance of this clause, by one of the three States of Madras, Andhra and Mysore under contracts not dealt with in sub-clause (3) and relating to more than one of these States, shall be apportioned between the States concerned in such manner as may be agreed upon between the States concerned, or in default of such agreement, as the President may, by order, direct."

SRI PILLALAMARRI VENKATESWARLU :—" The second amendment has not been circulated."

MR. SPEAKER :—" It is on that, the hon. Member raised a point of order the other day."

* THE HON. SRI C. SUBRAMANIAM :—" It was circulated on 20th July 1953.

" Clause 47 as it stands provides for inter-State contracts to which the existing Madras Government are a party. Even if a contract is not for purposes relating to the residuary Madras State but is only for purposes of either the Andhra State or the Mysore State or both the States, the Government of the residuary State will come into the picture. For instance, there is the Machkund Scheme in Orissa with which the residuary State will not have anything to do after separation. So, my first amendment provides that the Government of the State or States for whose purposes the contract relates shall be deemed to have entered into the contract.

" As regards my second amendment, a contract may relate to more than one State, and there is no provision for the apportionment of the rights and liabilities between the States concerned on the basis of the benefit derived by each State from the contract. So I want to insert a clause to provide for the apportionment of all rights and liabilities in respect of such contracts."

[22nd July 1953]

* SRI T. VISWANATHAM :—" Sir, there is no doubt that the Government must be enabled to function in the normal manner up to the 1st of October even with regard to matters that might relate solely to the Andhra or Mysore State. I perfectly agree that the provision proposed in the second amendment is absolutely necessary. Even under the general law, contracts entered into by the composite Madras State for purposes solely relating to the Andhra State shall be deemed to be contracts entered into by the Andhra State. However, a specific provision has been inserted in the Bill. I want to take this occasion to point out that this provision should not be taken advantage of for entering into contracts involving large sums of money. I want the Government to proceed with the works for which provision has been made in the budget and which they are carrying on. I want an assurance from this Government that they will not enter into any large-scale contracts, for most of us are outside the confidence of this Government and we do not know what contracts are going to be entered into and for what purposes. The Government surely have got information, but we are at a disadvantage.

" It does not mean that we are suspicious. But at the same time, it is necessary that we must get an assurance from the Government that they will not enter into large-scale contracts which may, in the opinion of the Andhra Government, not be quite beneficial, but which may be necessary in the opinion of the present Cabinet. Therefore, all that I say is that no large-scale contracts or liabilities shall be undertaken just now in respect of matters which will solely be the concern of the future Andhra State."

* SRI T. N. VENKATASUBBA REDDI :—" Sir, I think the intention of the Government is to clarify clause 47 so as to provide that the liability of any contracts undertaken shall be the liability of the State for which these contracts were undertaken."

THE HON. SRI C. SUBRAMANIAM :—" It is not with reference to liability alone. Initially it shall be deemed to have been entered into by the States. In regard to the apportionment of the liability, the second amendment is to decide, after separation, which State should bear which liability."

* SRI T. N. VENKATASUBBA REDDI :—" Even if the contracts have been entered into by the Madras Government, they shall be deemed to have been entered into by the Andhra State and the Mysore State. But in the amendment this is not clear."

THE HON. SRI C. SUBRAMANIAM :—" My amendment reads—

" Sub-clause (1) should be amended so as to provide that, if the contract is for purposes connected with the Andhra State, Mysore State or of the Andhra State, respectively."

* SRI T. N. VENKATASUBBA REDDI :—" Sir, it is not about the State. But it is to be deemed that the contracts have

[Sri T. N. Venkatasubba Reddi] [22nd July 1953]

been entered into by the States. I have in mind the Machkund Project, and I do not know whether it will be correct to say here, 'to whichever State it relates' instead of merely saying Andhra State."

* THE HON. SRI C. SUBRAMANIAM :— " Suppose it is a case of Mysore State alone. Neither the Andhra nor the Residuary State comes into the picture. In that case, it will go to Mysore. If we leave out clause 47 as it stands, we will find that except in cases where they are exclusively Andhra or exclusively Mysore, the Madras State will be deemed to have entered into that contract. This amendment is for the purpose of pointing out that where the Residuary State has nothing to do with the contract, the Andhra State and the Mysore State must deal with it. (After a pause.) I have not entered into the drafting portion of this clause. I am only suggesting an amendment to amend this clause. I am sure the draftsman in the Government of India will put it in the proper place and in the proper order.

" Sir, Mr. Viswanatham wanted an assurance from the Government that no large-scale commitments should be made in respect of contracts which solely related to Andhra, pending separation. I can assure the hon. Member that not only large-scale contracts but even small-scale contracts, if they are not urgent and essential, are postponed. It is the policy of this Government, unless it is absolutely essential for the purpose of carrying on any work which is in progress, not to enter into any liability which will be the liability of the Andhra State. So also in respect of the Residuary State, we try to postpone things as far as possible. I can very easily give this assurance to Mr. Viswanatham."

MR. SPEAKER :—" I shall now put the Government amendments to the vote of the House. The question is—

' 122. Sub-clause (1) should be amended so as to provide that, if the contract is for purposes unconnected with the Residuary State, but is partly for purposes connected with the Andhra State, Mysore State or both those States and for the purposes of a State other than the States of Andhra, Mysore and Madras, it shall be deemed to have been made in the exercise of the executive power of the Andhra State/Mysore State or of the Andhra State, respectively.

' An Additional sub-clause should be added to clause 47 of the Bill so as to provide that any sums of money received or payable in pursuance of this clause, by one of the three States of Madras, Andhra and Mysore under contracts not dealt with in sub-clause (3) and relating to more than one of these States, shall be apportioned between the States concerned in such manner as may be agreed upon between the States concerned, or in default of such agreement, as the President may, by order, direct."

The amendments were put and carried.

22nd July 1953]

Clause 48.

* THE HON. SRI C. SUBRAMANIAM :—" Sir, I move both the amendments standing in my name, namely—

' 125. This clause should be amended so as to provide that, where the cause of action did not arise within the territory of the Residuary State, but arose partly within the Andhra State/Mysore State or partly within both those States and partly within a State other than the States of Andhra, Mysore and Madras, the liability shall be that of the Andhra State/Mysore State, or of the Andhra State, respectively.

' 125-A. This clause as amplified with reference to the amendment already tabled by the Government may be numbered as sub-clause (1) and the following inserted as sub-clause (2) :—

" (2) This section shall have effect subject to the provisions relating to apportionment of liabilities contained in the Seventh Schedule."

SRI T. NAGI REDDI :—" The amendment standing in my name relates to clause 46. It does not come under clause 48."

MR. SPEAKER :—" Then it will be taken up later."

* SRI T. VISWANATHAM :—" Sir, I oppose this clause and also the amendment. Contractual liability is totally different from other actionable wrong. The actionable wrongs may be the result of remissness of the present Government. Surely this Government cannot ask the future Andhra Government to take over the liability for the torts of this Government. If the wrong act is due to the own remissness, they should themselves bear the liability unless they are able to show that the future Andhra Government will have something to do with the joint liability. There can be no such thing as the division of liability in this matter. It is on account of the acts of commission and omission of the Madras Government, the actionable wrong has arisen. Therefore this Government must bear the consequences of the actionable wrong of this Government. The Andhra Government would not be parties to the acts of commission and omission of this Government. The matter relating to contracts is quite different. The wrongs committed and other damages incurred by this Government should not be made the liability of the Andhra Government. I do not contemplate that others should be made liable for the actionable wrongs of this Government."

* THE HON. SRI C. SUBRAMANIAM :—" Sir, even after the 1st October, there may be suits pending in Andhra. Suppose there is a suit pending in the Andhra area against the Government for damages. It will not be possible to contend that they are not answerable to the wrongs done by the previous Government? Whatever has been done, the future Andhra Government have a responsibility to take it over. An argument like the one advanced will not be accepted in a court of law. If any Government becomes liable, by means of a judgment of a court of law,

[Sri C. Subramaniam] [22nd July 1953]

for some damages, then the matter has to be examined and the liability fixed as between the two Governments. It is only for that purpose, this amendment is put here. Certain actions have been taken and certain actionable wrongs have become suable or have already been sued upon. In this case, it should be possible to scrutinize and find out the liability as between the two States. If Mr. Viswanatham should object to-day, I am afraid he is objecting to a good principle which will be helpful to the Andhra State also to a large extent. I would submit to him that there is nothing wrong in providing for this. After all, there may be certain suits pending. I do not know their number. But in the interests of both the States such a provision is necessary. It will not be possible to say 'I am not liable for the acts done previous to 1st October. That is why this provision is made here.'

10-30 a.m. SRI T. VISWANATHAM :—" It may apply to the liabilities already passed. Certainly we will bear them. But what about the other actionable wrongs? "

* THE HON. SRI C. SUBRAMANIAM :—" All the liabilities will not be effaced on the 1st of October in respect of pending suits and actionable wrongs. The hon. Member cannot go to a court and say that the State has been divided and that, therefore, the suit should be dismissed."

* THE HON. SRI C. RAJAGOPALACHARI :—" The proposition about contracts refers only to cases where there was an agreement and there was a breach thereof. Supposing some land has been trespassed on and supposing there is no acquisition of land or some land has been injured by some work, all these things would come under this clause. Suppose somebody fell down from a ladder because the ladder was not good. In that case, of course, the Government of Andhra would write to this Government that they should not pay the damages but that this Government should pay them. That would be reasonable. But the question of a statutory provision as to who should be primarily responsible in the matter is decided by this. The merits may be gone into by the two Governments."

SRI T. VISWANATHAM :—" The term 'actionable wrong' has a definite connotation so far as I have not forgotten my law, and it does not refer to the kind of thing which the Hon. the Chief Minister refers to."

* THE HON. SRI C. RAJAGOPALACHARI :—" Let me be instructed by the younger lawyer. Supposing there is trespass on land and occupation of land by works, it would be an actionable wrong."

SRI T. VISWANATHAM :—" It is criminal trespass under the Criminal Procedure Code. Actionable wrong is different."

* THE HON. SRI C. SUBRAMANIAM :—" In spite of his saying that he remembers what actionable wrongs are, I am afraid he

[Sri C. Subramaniam] 22nd July 1953]

wants to forget all wrongs and, therefore, he has forgotten actionable wrongs also. That apart, it is not going to injure the interests of the Andhra State. It is a necessary provision because there are some suits pending in the Andhra territory as well as here. Liability in respect of them as to which State will be primarily responsible has to be fixed by a statutory provision. With regard to the apportionment of liability, it should not be said simply because it is in the Andhra territory, that the Andhra State alone should be liable. That is why I have made the suggestion that it should be further subject to adjustments between the two States. In respect of a pending suit or actionable wrong, if the hon. Member Sri Viswanatham says that after 1st of October, nobody would be liable for it, it will be a wrong attitude. As the Hon. the Chief Minister pointed out, in respect of a certain liability, it may be that the Madras Government are primarily liable to pay the entire sum, or it may have to be shared between the three different States. For that also, I am making a provision in the amendment. So, the hon. Member should not object to this. He seems to smell something when there is nothing."

MR. SPEAKER :—" The question is—

' 125. This clause should be amended so as to provide that, where the cause of action did not arise within the territory of the Residuary State, but arose partly within the Andhra State/Mysore State or partly within both those States and partly within a State other than the State of Andhra, Mysore and Madras, the liability shall be that of the Andhra State/Mysore State, or of the Andhra State, respectively.

' 125-A. This clause as amplified with reference to the amendment already tabled by the Government may be numbered as sub-clause (1) and the following inserted as sub-clause (2) :—

" (2) This section shall have effect subject to the provisions relating to apportionment of liabilities contained in the Seventh Schedule."

The amendments were then put and carried.

MR. SPEAKER :—" Shall we now take up clause 49? "

SRI T. NAGI REDDI :—" Sir, clause 46 has not yet been passed . . . "

MR. SPEAKER :—" We came to an agreement that we would take it up at the end."

SRI T. NAGI REDDI :—" Sir, this clause has some connexion with clause 46 and the Seventh Schedule also. So, we may take this up later."

THE HON. SRI C. SUBRAMANIAM :—" I have no objection, Sir."

MR. SPEAKER :—" Then, we shall now take up clause 50."

[22nd July 1953]

Clause 50.

* SRI T. VISWANATHAM :—" Sir, I move the following amendment which stands in my name :—

' 133. *This House recommends that provision be made in clause 50, that Laws or provisions in Laws relating to financial commitments or common financing or banking institutions of all classes passed by the Madras Legislature on and after 14th July 1953 or the rules thereunder shall not be applicable to the territories to be included in the Andhra State, until they are ratified or adapted by a meeting of the Andhra State Legislature after the State is formed.*

" Sir, it is necessary that an adaptation order should be made. We have got clause 50 for extending the application of laws to the Andhra territory also. I have no objection so far as the laws which have been passed so far are concerned. But we began these partition proceedings and the legislation here on the 14th of this month. It may be that the Government would like to introduce certain laws which will involve the new State also along with the Residuary State in financial commitments. I submit that any law which involves the future Government in financial commitments or which relate to common financing or banking institutions like the Land Mortgage Bank should not be made applicable to the Andhra State area until it is ratified by the Andhra State Legislature. We don't say that the law itself should not be discussed here. Sitting here as Members of a common State Legislature, we shall try to see that the law is just and proper. Even if we take part in the passing of such laws, still I want that an exception should be made, so far as the Andhra territories are concerned, that their territorial application shall be confined only to the Residuary State until such laws are ratified by the future Andhra State Legislature. I say so because it may be that laws involving financing institutions like the Central Land Mortgage Bank are passed. We do not know what laws the Government have in their mind. They have not yet introduced all the Bills. Therefore, I deem it necessary that an exception should be made in that matter."

SRI C. V. K. RAO :—" Sir, I second the amendment of the hon. Member Sri Viswanatham. It is quite justified because, as far as voting is concerned on certain matters concerning Andhra, the Residuary State Members are remaining neutral. As the hon. Member Sri Viswanatham says, we do not know what type of Bills are going to be introduced in the next few days. It may be that they have an adverse effect on the new Andhra State. As such, either the Government should at present stop introducing any kind of legislation applying to the Madras State as a whole or the new Andhra State should not be bound by these legislations. There is every justification for the Andhra Members to accept this amendment."

22nd July 1953]

* SRI K. KRISHNA RAO :—" With regard to this amendment, I want a further clarification from the hon. Member Sri Viswanatham. The point is whether this Legislative Assembly can transact business for the whole of the State after we pass this Bill. After we pass this Bill, whatever we do will have to be confined to the Residuary State in which case the Andhra Members can get away. In fact, the Andhra Legislative Assembly can function straightway after we pass this Bill. I want the matter to be a bit cleared, because to-morrow we are going to pass the Entertainment Tax Bill. If we pass that Bill, will it apply to the Residuary State only and not to Andhra?

" There may be some other Bills like this. There is the Bill relating to extension of time for collecting sales tax. With regard to these Bills, what will be the position so far as the Andhra State is concerned in the period between 14th July 1953 and 1st October 1953? Am I to understand that the Andhra State should be deprived of these sources of income? It is not clear how it will work. Therefore, I would like hon. Member Sri Viswanatham to clarify the position and also tell us as to what will be the status of the Andhra Members of this Assembly after we pass this Andhra State Bill." 10-40 a.m.

MR. SPEAKER :—" We do not pass this Bill. We are only giving our views. That is all."

* SRI T. VISWANATHAM :—" There is some confusion. I do not say that we should not pass any legislation. I do not say that legislation dealing with finance as such should not be passed. I would ask my friend Mr. Krishna Rao and the Members of the House to carefully see the wording of my amendment. I have used the phrase, 'financial commitment'. For instance, newspapers have published a report that the Government are going to introduce a Bill to the effect that while the Residuary State Bank will have the right to collect the loans advanced by it, the guarantee should be divided between the Andhra and the Residuary States. Why should the Andhra State bear the liability of the guarantee while the Residuary State have the right to collect the loans? These newspaper reports may be wrong or may be right. Certainly if the law allows a particular thing to be done, it can be done. What I say is this. If by chance for any administrative reasons it is considered necessary that we should ask the Andhra State to bear certain financial commitments, I submit that such laws as involve the future Andhra State in these commitments shall not come into operation until they are ratified by the future Andhra Assembly. My amendment does not refer to any other matter. I am also mindful as other hon. Members that legislation must proceed until September 30th. We would like to discuss all other Bills. I would even ask the Government to introduce as many Bills as they like. All those Bills, except those which involve the future Andhra Government in financial commitments shall be binding on the Andhra State. The Bills relating to entertainment tax and sales tax are entirely different. They relate to regular administrative and financial matters on the receipt side; it does not

[Sri T. Viswanatham] [22nd July 1953]

amount to a commitment. They have all got money in them and there is no commitment in them. But in the case of the Central Land Mortgage Bank, the position is different. While the Residuary State will have the right to collect loans, the Andhra State is asked to bear the liability. I had in my mind only such instances where the future State is likely to be committed to a particular financial liability. I believe that with regard to this Bank, certain negotiations are going on between the Directors of the Bank, the Government and the Registrar of Co-operative Societies and that they have not been able to come to an agreement so far. It is only to safeguard against such measures I have moved my amendment. Government need not stop all legislations now. We will not cease to be Members of this Assembly till 30th September. Till then, we will take part in all the discussions in the House."

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, I am not replying, but am only participating in the debate. I submit Mr. Viswanatham has taken up a very wrong attitude in this matter. Government have to go on; legislation has to go on, until 1st of October. Matters have to be discussed, debated and conclusions arrived at in the House if and when necessary. The Government will not undertake controversial matters which would wrongly commit the new State unnecessarily. If, however, any measure is necessary and if the new State has necessarily to be committed to a particular thing, it will be done with the co-operation of the Members belonging to the Andhra area. That is the way in which things have to be done generally. I am glad, hon. Member Sri Krishna Rao has taken up a very correct attitude in this case, as he has done on a previous occasion. I wanted as a matter of fact my Colleague Mr. Subramaniam to say exactly what Mr. Krishna Rao has said. He has made the position clear. We have clearly to understand the whole position. What does Mr. Viswanatham want? When we make laws, he says that we should have at the same time a parliamentary Bill to state that retrospectively those laws shall not be binding on the new State. That is the proposal which he is really making now. He wants that all laws previously passed even with the consent of the Legislature Members belonging to the Andhra area must be repudiated. That will be an extraordinarily wrong position for anybody to take. Mr. Viswanatham's anxiety may be quite genuine, but he should meet the situation in a different way and not by a statutory provision. At the time when such Bills or provisions as he refers to, come up for discussion in the House, he may point out that they are unreasonable measures and the House will certainly reject those proposals. But, a statutory provision laying down that certain measures shall not be binding or shall not apply to the new State should not be made. When any such Bills are introduced in this House, it is open to Mr. Viswanatham to point out that those measures should not be binding on the new State as they will involve the new State to certain financial commitments, and that those measures must apply only to the residuary State which should bear the financial commitment and so on. The Government will certainly take all these things into account. Even if and when unreasonable measures are

22nd July 1953] [Sri C. Rajagopalachari]

brought forward, there are other means of rectifying the errors. But, we cannot so to say ask the Government to cease to function on the 14th July on the parallel of Mithakshara Law according to which as soon as a person gives a notice that he wishes to cease to be a member of a joint family, it will take effect from the date of notice. Mr. Viswanatham's amendment very much corresponds to that, viz., that 'on and from 14th July, we shall cease to function'. It would be neither right nor at all necessary to take such an attitude."

* SRI T. VISWANATHAM :—" I am glad the Hon. Chief Minister closely followed what Mr. Krishna Rao said, and has also commended him, but I am sorry he did not exactly follow what I said. I said only what the Chief Minister said. I never said that we shall cease to function. We shall continue to be legislators, we shall take part in the discussion in the Legislature in respect of the various Bills that may be brought forward here until 30th September. Till that time, we are prepared to sit here every day and pass legislative measures. The Hon. Chief Minister says that this is not the proper time to raise such matters and if any such legislation was introduced at a future date in the House, I must raise these objections. When we are considering the Andhra State Bill, this is the first occasion when we came to know that certain measures which are likely to involve the Andhra State in financial commitments are contemplated. That being the case, it is our duty to point out such newspaper reports which are not contradicted by the Government and express our opinion. It is in this context I wish to submit that it is absolutely necessary for me to bring this fact to the notice of this House. I know the Chief Minister will certainly be reasonable and will agree with me when I say that when such measures are introduced, we must have certain safeguards. There will be no difficulty in restricting territorial operation of certain Acts. There will be absolutely no legal difficulty also in doing this. It is said that this is a small point and can be raised when any such Bill is introduced here. By all means, I will raise this point on a subsequent occasion also. It is said that if my amendment was accepted, retrospective effect will have to be given by a Parliament Act and so there will be difficulty and all that. I am surprised at the horror expressed against retrospective effect, because, after the Congress assumed office, there were nothing but measures giving retrospective effect."

* THE HON. SRI C. RAJAGOPALACHARI :—" I am sorry, hon. Member Sri Viswanatham has not really understood the position. It is not possible or good to provide a Government or Legislature with a law and powers to make a law and at the same time to ask the Parliament to say that those laws passed previously will not apply, and will be infructuous. It is not the way to deal with the subject. There are certain matters which relate to the Andhra State only and certain matters which relate to the prospective Residuary State of Madras. There are also certain matters which relate to both the States. If in view of the urgency any such matter comes up before the House and the House passes a Bill or

[Sri C. Rajagopalachari]

[22nd July 1953]

a resolution on the matter after considering the merits, it should not be made infructuous. That is why I say that the amendment of Mr. Viswanatham is not correct."

10-50
a.m.

* THE HON. SRI C. SUBRAMANIAM :—" Sir, Imaginary fears are more dangerous than real fears. That is proved by the arguments advanced by Mr. Viswanatham. Because of these imaginary fears, he even thinks that after 1st October 1953, when there will be a new Andhra State with its own Government, the residuary State will have jurisdiction over that area. He was saying that he read somewhere in some newspaper—I do not know which newspaper it is—that a Bill is going to be introduced authorizing this Government, that is the residuary Government, to collect their dues from the Andhra area after the formation of the new State. Sir, certainly after separation, this Government cannot operate as a Government as such in that area. It will cease to have any territorial jurisdiction over that place as a Government. It may be that as any other individual, the Government may have to go to the Court, sue and get a decree in certain matters. That is a different thing. If Mr. Viswanatham has got any fears that we would operate as Government there, it is quite unthinkable and it is not possible also.

" Mr. Viswanatham has evidently in mind the division of the banking institutions, the Co-operative Land Mortgage Bank, the State Co-operative Bank and other institutions; they are going to be divided. Now they are operating under a special law, under the Co-operative Societies Act, and are covering the entire State. How they are to be divided is under the consideration of the Government, and it is possible to divide them and make them function as two separate institutions in the two states. We have given certain guarantees to these institutions. For example, the Co-operative Land Mortgage Bank has raised debentures to the tune of several crores of rupees and these debentures have been guaranteed by the present Madras Government. When the Andhra State is formed and the Land Mortgage Bank is also separated, the State Bank that will be formed there will be collecting dues in respect of loans due to the bank from that area with respect to the debentures raised. The Government as such have nothing to do with the collection of dues. It is the banks that have lent money and they have to realise the loans. In the case of failure on the part of banks to realise the dues and as a result unable to pay the debenture-holders, then only the guarantees of the Government come into operation. Therefore, the Government as such have nothing to do with the division of co-operative institutions. In respect of guarantees, of course the Government have to do something and certainly this is not the clause that should deal with it. We have passed over clause 49. If Mr. Viswanatham would go through the amendment suggested by Government in respect of clause 49, he will find that it deals with guarantees which the State Government have given in respect of the liabilities of the State as a whole. We have passed over these amendments so that it may be taken up later on because it concerns the division of assets and liabilities. I may tell

22nd July 1953]

[Sri C. Subramaniam]

Mr. Viswanatham that the present clause has nothing to do with guarantees. Then, Sir, suppose we pass a law which will be operating up to 30th September 1953. After that date, whether it is a law for the benefit of the Andhra State or to its detriment according to Mr. Viswanatham, it should not be operative till such time as the new Andhra State Legislature meets and enacts a new law. Do you want such a thing to happen? It is always open to the Andhra Legislative Assembly after the 1st October to change the laws in whatever manner they like. Certainly till such time, there must be some law operating in that area. If you say until the State Legislature ratifies the existing laws, there should be no law in respect of that area, it will be to the disadvantage of the Andhra area itself. Suppose we pass a law in respect of the co-operative institutions. If that Act cannot be effective until the new Legislature ratifies it, how will the new institutions function? Therefore, we consider that some law should be there and if the Andhra Government feel that it requires some changes, it is always open to that Legislature to make them when they meet. So, Sir, this amendment is not at all acceptable.

" For the last two days, Sir, I am finding that Mr. T. Viswanatham wants some sort of a vacuum to be created. Yesterday, he was pleading for a vacuum. To-day he pleads for another vacuum. I respectively submit it is not quite good and the clause as it stands is all right. The residuary State will have no jurisdiction whatsoever over the new State."

SRI T. VISWANATHAM :—" I do not want to reply to the vacuum business. I am not at all an ignorant man."

THE HON. SRI C. SUBRAMANIAM :—" Imaginary fears have clouded your vision."

* SRI T. VISWANATHAM :—" He is not adding to his credit by saying so. The explanation given by the Leader of the House makes my fears real. They are not imaginary. The Government have some plans. Let them disclose them. In a way, I am not prepared to discuss the matter now because, this could be taken up along with clause 49 which we have passed over. It has really something to do with this amendment, as the Leader of the House said."

* THE HON. SRI C. SUBRAMANIAM :—" Clause 50 has nothing to do with your amendment. Clause 49 relates to guarantees given by the State Government in respect of the entire State. Clause 50 is about the territorial extension of laws which are applicable now to the entire State."

* SRI T. VISWANATHAM :—" I am sorry he has not understood me at all. (The Hon. Sri C. Subramaniam : 'How can I understand you!') You will understand me if you are reasonable. Originally, I based my opinion on certain newspaper reports. Now my fears are justified after hearing the Hon. the Finance Minister who says that the Government are considering the introduction of some Bill. We must have full knowledge of the Bill

[Sri T. Viswanatham]

[22nd July 1953]

which they want to introduce with regard to the continuance of certain laws. My head is full of things and is never a vacuum. The mistake is somewhere else."

SRI C. V. K. RAO :—" Sir, the Hon. Mr. Subramaniam has said that if something is passed here and if it is considered detrimental to the Andhra State, steps may be taken by them to rectify it. By this statement, he is strengthening our suspicions. What I really want is no legislation which will have a bad effect on the coming Andhra State should be taken up, when our minds are full with the Andhra Bill now. That is what we want. Just in the morning we had a discussion on snap votes and all that. Now, this Government will no doubt be interested only in the residuary State. There is no denying the fact. I shall be glad to be convinced that they are also interested in the future Andhra State. It has come to our notice that they have issued a number of circulars to the district authorities that only after the formation of Andhra State important matters should be taken up.

11
a.m.

" Sir, it appears to some of us that they will go ahead with matters which are convenient to them and will not do so, if they are inconvenient. After all there are only two months more. Within this period, we do not know what piece of legislation is going to be brought in here. The hon. Mr. Viswanatham must have some information and that is why he is opposing this move. Now, if the piece of legislation is controversial, then it will find objection from our side. Let the Government use their discretion beforehand and not bring in such legislation, but bring in only legislation which is of general application, instead of telling us that if there is anything wrong and if we find that it will not be in the interests of the Andhra State then it can be nullified. That will not be possible. Let the Government use their discretion. Our minds are engaged at the moment with the Andhra Bill. I think with that object only Mr. Viwanatham has brought this amendment. I am also supporting it only with that thing in mind."

* SRI K. KRISHNA RAO :—" Sir, though this amendment is given with the best of intentions, it is liable for misinterpretation and put to wrong use. Soon after the announcement of the formation of the Andhra State, many works have been stopped. The argument put forth by the Hon. Chief Minister is that 'I do not wish to load the forthcoming Andhra State with any financial commitments. Therefore, I have stopped all works.' A number of electrical works in Krishna and West Godavari districts have been stopped. I should like the Government to be very careful with regard to these cases. The very same reply is being given even to this day. Even with regard to wells, it has been said that only after the establishment of the Andhra State fresh allotments would come in and then only you can have wells. I should like to see whether we are exercising economies at the expense of the legitimate expenditure for good purposes that have to be undertaken

22nd July 1953]

[Sri K. Krishna Rao]

in the Andhra State. Therefore, let us see that if really co-operative banks ought to have some kind of special provisions, by which they will not be adversely affecting borrowers in Andhra, let them be specific, instead of allowing the provision to be abused."

* SRI PILLALAMARRI VENKATESWARLU :—" Sir, the position was made clear in a way by the Hon. the Chief Minister. But after the explanation of the Hon. Sri Subramaniam, the position is a bit confused. When such pieces of legislation come up, we can consider whether they can be made applicable . . ."

MR. SPEAKER :—" Notices of new bills have already been received and they will be circulated to hon. Members. I think this is the last joint sitting. We may sit till the 27th. I do not think there is another sitting. The Bills will come up before the House by then."

SRI PILLALAMARRI VENKATESWARLU :—" Sir, as for the information given by the Hon. Finance Minister, it seems the Government have certain proposals on the issue of land mortgage banks. It will be all the more dangerous to have legislative measures . . ."

* THE HON. SRI C. SUBRAMANIAM :—" Sir, I have already stated that with regard to these guarantees, we have put them in clause 49. Let us not be imagining all sorts of things. It is not as if by any law passed by this legislature we can create any guarantee against the Andhra Government as such. If it is to be the Andhra Government's guarantee, either the Andhra Government should agree to it or in the partition Bill it should be provided for. Therefore, by no stretch of imagination it can be assumed that any Bill we pass will affect the Andhra State. It should be made in the parliament as part of the Partition Bill. So, let hon. Members have no imaginary fears that we are going to bring in legislation to throw a liability on the Andhra State."

* SRI PILLALAMARRI VENKATESWARLU :—" Sir, these are the recommendations going before the Parliament. There is no use in simply referring to imaginary fears. Let us clear what the piece of legislation will be and in regard to that Mr. Viswanatham has raised a point particularly regarding land mortgage banks and to justify these fears, the Hon. Mr. Subramaniam has made his explanation. It has been made clear to us that the Government are contemplating, perhaps an executive order, to effect a change in the Land Mortgage Act and that is why fears are being expressed. I do not say that we should not pass any Bill applicable to the Andhra State. But I do not understand why the Hon. Finance Minister cannot give a definite assurance on the point raised by Mr. Viswanatham. If some such assurance is given, we can appreciate the position."

MR. SPEAKER :—" I will put the amendment to the vote of the House."

[22nd July 1953]

SRI T. VISWANATHAM :—" I know the result, Sir. That is why we wanted a guarantee."

THE HON SRI C. SUBRAMANIAM :—" Sir, I really am unable to understand what sort of guarantee the hon. Viswanatham wants."

SRI T. VISWANATHAM :—" I have already stated my position . . ."

* THE HON. SRI C. SUBRAMANIAM :—" I want to know what exactly is the assurance that is wanted from the Government. The hon. Member cannot ask me to give an assurance on a vague matter about which he himself is not definite. If it is any particular matter in regard to which assurance is sought, I am prepared to consider it. But anyway, we do not want to do any action which will in any way injure the Andhra State."

MR. SPEAKER :—" The hon. Member Mr. Viswanatham is pressing his amendment. I have already allowed enough discussion."

SRI T. VISWANATHAM :—" Sir, I am pressing the amendment. But, what I want is, only if it involves any new financial commitments, we do not like that this House should pass any Bill by a majority. The Hon. Finance Minister himself says something about guarantees and liabilities in regard to co-operative societies. We want exactly what it is he is going to do. If he is able to give an assurance on behalf of the Government that any such legislation will not involve any fresh commitment to the Andhra State, I will agree. Or else, let the amendment be put to the vote of the House and let me be defeated."

* THE HON. SRI C. SUBRAMANIAM :—" Sir, there is nothing more to add. As far as guarantees are concerned, we have made specific proposals in the amendment to clause 49. When that comes, and if there is anything wrong in the proposals, I am prepared to consider any alternative suggestion. When we come to clause 49, if any guarantee or assurance is required from this Government we will consider it then and if Mr. Viswanatham wants any alternative arrangement, we will consider."

11-10 a.m. MR. SPEAKER :—" The question is—

' 133. This House recommends that provision be made in clause 50, that Laws or provisions in Laws relating to financial commitments or common financing or banking institutions of all classes passed by the Madras Legislature on and after 14th July 1953 or the rules thereunder shall not be applicable to the territories to be included in the Andhra State, until they are ratified or adapted by a meeting of the Andhra State Legislature after the State is formed.' "

The amendment was put and lost.

22nd July 1953]

Clause 51.

* SRI K. KRISHNA RAO :—" Mr. Speaker, I move—

' 134 (i) For the existing clause, substitute the following :—

" For the purpose of facilitating the application in relation to the State of Andhra, Madras or Mysore of any law made before the appointed day, the appropriate Government may before the 1st day of April 1954, place before the Legislatures of the States concerned respectively adaptations and modifications of the law, whether by way of repeal or amendment, as may be deemed necessary, and upon the enactment by the Legislatures of the States concerned on the basis of such proposals placed by the respective Governments, with the necessary modifications as may be deemed necessary by the Legislatures concerned, such law shall have effect, subject to the adaptations and modifications so made until altered, repealed, or amended by the Legislatures of the States concerned on any future date."

' (ii) The explanation under the clause is to stand as it is.'

Sir, my idea is that according to the clause as it is, there is power given to the Government to enact laws and I want that power should be exercised only by the Legislature of the Andhra. My amendment seeks only to see that the Government do not make laws and that the Andhra Legislature should make the laws on the basis of the proposals put in by the Government."

SRI G. BAPANAYYA :—" I second the amendment moved by my hon. Friend Sri K. Krishna Rao."

* THE HON. SRI C. SUBRAMANIAM :—" This is only a provisional power given to the Government for adaptation of laws soon after 1st of October. For example, certain enactments applying to the whole of the Madras State will have to be adapted to apply to the whole of the Andhra State. Such adaptations are contemplated in this clause and not new laws or new principles. The adaptation of laws is a well known thing and it was done after the partition of Pakistan and India also. It is not as if we want to make new laws or completely change the existing laws. Because of the partition, certain laws will become inconsistent and they have to be adapted. There is the Supreme Court decision regarding the scope of adaptation also and the hon. Member Sri K. Krishna Rao need not have any apprehension that under this guise we will be making new laws or taking away the existing laws. The powers of Government are restricted, and under the guise of adaptation Government cannot enact new laws."

SRI K. KRISHNA RAO :—" Sir, the wording of the clause is not so simple. It reads : ' . . . make such adaptations and modifications of the law, whether by way of repeal or amendment, as may be necessary or expedient, . . . ' "

[22nd July 1953]

* THE HON. SRI C. SUBRAMANIAM :—" The hon. Member should have read the clause from the beginning, ' For the purpose of facilitating the application in relation to the State of Andhra, Madras or Mysore of any law made before the appointed day, We cannot make any modification without reference to the purpose and that is only for the purpose of facilitating the application of laws. The hon. Member may say that he does not want this clause. It is only for the purpose of facilitating the application of existing laws.' "

SRI K. KRISHNA RAO :—" Sir, I am not pressing my amendment."

The amendment was, by leave, withdrawn.

Clause 52.

SRI P. RAMAMURTHI :—" Mr. Speaker, I move—

' This House recommends to the Parliament of India that clause 52 of the Andhra State Bill, 1953, be deleted.'

I only wanted that the Government should suffer instead of enabling the courts to adapt the law."

SRI M. HANUMANTHA RAO :—" I second the amendment moved by my hon. Friend Sri P. Ramamurthi."

* THE HON. SRI C. SUBRAMANIAM :—" There are hundreds of statutes and by some mistake one or two may be missed. Such statutes must be adapted and by this clause the courts are given the power to adapt them."

SRI P. RAMAMURTHI :—" I am not pressing my amendment, Sir."

The amendment was, by leave, withdrawn.

Clause 53.

SRI VAVILALA GOPALAKRISHNAIAH :—" Mr. Speaker, I move—

' 136. Add after the words " specify the authority, officer or person," the following " but not an official post ".'

S K. RAMIAH CHOUDARY :—" I second the amendment."

SRI K. KRISHNA RAO :—" Mr. Speaker, I move—

' 137 (i) Omit the words " as may be mentioned in that notification and such law shall have effect accordingly.'

' (ii) Insert the following provisos :—

" Provided that it shall not be competent for the Governor to vest in any authority, officer or person who in normal conditions was not vested with such functions or such authority, and was not, in the usual course of Government, discharging such functions prior to the appointed day;

[22nd July 1953]

[Sri K. Krishna Rao]

Provided further that such notification shall not have the effect of amending, repealing, or modifying the operation of any law which was in force in the regions covered by the State of Andhra previous to the appointed day.' "

SRI M. HANUMANTHA RAO :—" Sir, I second the amendment."

SRI VAVILALA GOPALAKRISHNAIAH :—" I only want to add ' but not an official post ' after the words ' The Governor . . . may specify the authority, officer or person . . . ' I need not say anything more, Sir."

* SRI K. KRISHNA RAO :—" The clause as it is gives scope for a doubt. The clause reads : ' The Governor as respects the State of Andhra and the Rajpramukh as respects the transferred territory may, by notification in the Official Gazette, specify the authority, officer or person who as from the appointed day shall be competent to exercise such functions exercisable under any law in force . . . ' My point is that the officers who were previously exercising such functions, viz., a Collector exercising his functions, a Magistrate exercising his functions, etc., those officers only must be allowed to exercise the functions. For example, a Judge should not be invested with the powers of a Collector, to take an extreme case, the District Superintendent of Police should not be invested with the powers of a Magistrate or the District Collector should not be invested with the functions of the District Board. I want the clause to be clear. My amendment therefore says that such officers as were discharging their normal functions prior to the appointed day, should continue to exercise those functions. It should not be that what was done previously by one officer could be done by another officer. Another point is that it should not have the effect of the law, because in the clause it is said ' such law '. Is he to promulgate orders or is it law that he has to promulgate? That is rather doubtful by the use of the word ' law ' in the last sentence of the clause. I therefore request that my amendment may be accepted."

* THE HON. SRI C. SUBRAMANIAM :—" In the existing laws, the authority to exercise certain functions is also mentioned. It is not known whether such offices will be continued in the new Andhra State because certain offices may be merged in other offices. For example, under the Public Health Act, the Director of Public Health is given the power to take action. But in the Andhra State, instead of a Director of Public Health, a common officer, viz., Director of Public Health and Medical Services known as Director of Medical Services may exercise the functions. For this purpose, the Governor in respect of the Andhra State and the Rajpramukh in respect of the Mysore State may specify the authority, officer or person who can exercise the functions. In order to remove the difficulty which might arise by combining two offices or by abolishing certain posts, the power to specify the authority, officer or person who can exercise the functions, is given to the Governor in respect

[Sri C. Subramaniam]

[22nd July 1953]

of Andhra and to the Rajpramukh in respect of Mysore. The amendment of Sri K. Krishna Rao, if accepted, will nullify all powers. I therefore submit that this amendment cannot be accepted."

11-20
a.m.

SRI VAVILALA GOPALAKRISHNAIAH :—" I expect the Hon. Finance Minister would say something on my amendment, Sir, by way of clarification. Then I may perhaps withdraw."

THE HON. SRI C. SUBRAMANIAM :—" I have nothing to say on his amendment except to say that it has no meaning." (Laughter.)

SRI VAVILALA GOPALAKRISHNAIAH :—" In view of the Hon. Finance Minister not being able to understand my amendment, I am not pressing my amendment, Sir." (Laughter.)

The amendment was, by leave, withdrawn.

MR. SPEAKER :—" Is the hon. Member Sri Krishna Rao pressing his amendment?"

SRI K. KRISHNA RAO :—" No, Sir."

The amendment of Sri K. Krishna Rao was, by leave, withdrawn.

MR. SPEAKER :—" There are no amendments or resolutions to clauses 54 and 55. I shall now pass on to clause 56."

Clause 56.

SRI T. NAGI REDDI :—" Mr. Speaker, Sir, some of us have not studied clauses 54 and 55 which deal with legal provisions. I would request you, Sir, to give us a few minutes when we will acquaint ourselves with the relevant matters. Some of us are anxious to speak a few words in respect of clause 55. Of course I do admit there are no amendments. But nevertheless I would request you to give us some time, say, five minutes."

* THE HON. SRI C. SUBRAMANIAM :—" Sir, in fact this Bill had been circulated to hon. Members a fortnight ago. If even by this time they had not studied the relevant clauses, we can't be wasting the precious time of the House. Already we have dragged the next clause leaving 54 and 55 as there are no amendments to them."

SRI PILLALAMARRI VENKATESWARLU :—" Always the Hon. Finance Minister is in a hurry, Sir."

SRI T. VISWANATHAM :—" Sir, already yesterday we had disposed of a clause dealing with the High Court for Andhra and matters connected therewith. I do not know why this separate clause has come up."

[22nd July 1953]

SRI K. VINAYAKAM :—" On a point of order, Sir. The other day when I wanted to move an amendment on a particular clause, I was not allowed to do so, because I had not given notice of the same previously. Now I find both Mr. Nagi Reddi, Venkateswarlu and others are practically given some time to study the clauses now, and move amendments later on (I suppose so). How can such a distinction be shown? In fact Mr. Nagi Reddi and Mr. Venkateswarlu were so vociferous on that day when I just began to move an amendment."

MR. SPEAKER :—" How can I answer a hypothetical question? I do not know whether Mr. Nagi Reddi or others will move any amendment now."

SRI T. NAGI REDDI :—" Let me tell Mr. Vinayakam that we did not object to his moving any amendment. In fact we objected to it because he wanted to move an amendment at the time the voting was to take place. Because the voting was just to commence, we objected to that strongly. That is the reason and nothing more than that, Sir."

" As a matter of fact we are not moving any amendments to the present clause 54. We want the Government only to clarify certain points in clause 55, for instance, why they want to provide for additional parties in legal proceedings, etc."

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, clause 55 deals only with a technical matter. There is nothing substantial in this clause. I never thought that the Opposition would take any time of this House on a simple technical clause as this one. In fact the Law Ministry of the Government of India wanted to insert this technical provision only to simplify the procedure. This technical provision had been inserted only to minimise litigation on the question of partition itself. There is nothing more than that."

THE HON. SRI C. SUBRAMANIAM :—" Let me explain still further by giving an illustration, Sir. For instance take Bellary. Seven taluks of Bellary had been added on to Mysore and three to Andhra. The jurisdiction of the Courts in Bellary district, as it is now, may override this division. So in cases where suits are pending in the Courts in the transferred area but wherein the cause of action lies in the Andhra area, it is provided by this clause that the case shall be transferred to a Court which has got jurisdiction over the area wherein the cause of action to the suit had taken place and it had also been provided that the Chief Justice shall decide the exact Court to decide the suit."

* SRI T. VISWANATHAM :—" I am sorry, Sir, the matter is not so simple as the Hon. Leader of the House thinks. It is not a simple matter concerning jurisdiction of Courts alone. I am sorry, Sir, that at the time of giving notice of amendments to the various clause, this particular clause has escaped my notice. I am

[Sri T. Viswanatham]

[22nd July 1953]

sorry for the remissness. This is the first time I hear in the history of civil jurisprudence, a court of law being empowered to bring in additional words or alter words in the provisions of law.

11-30 a.m. "In such matters of jurisdiction, the litigant public must be given perfect liberty to get a decision of the court and the opinion of the Chief Justice of the High Court at Madras as an individual should not be allowed to prevail."

THE HON. SRI C. SUBRAMANIAM :—" I would like to point out that the words used are ' the decision of the Chief Justice ' and not ' the opinion of the Chief Justice '."

* SRI T. VISWANATHAM :—" If there is a doubt, the litigant will file a petition and the High Court will hear and decide as to where the jurisdiction lies. Administratively also, the Government amendment would not be fair. The Chief Justice may be doing it in pursuance of accepted decisions or he may be going a little out of the way but the parties must have the right of audience, must be heard in the presence of each other, and in the open Court. I wonder why for the first time a principle like this is being introduced. Therefore, on principles of jurisprudence, I object to the provision. The Courts have got the right to decide and will be the forum to decide. I submit, Sir, it is wrong to give the power to a single individual."

* THE HON. SRI C. RAJAGOPALACHARI :—" I am rather sorry that such a progressive minded member as Sri T. Viswanatham is pleading for the very old practice of continuous and unending litigation upon preliminary matters. What the Law Ministry in Delhi has tried to do here is to draft a provision by which procedure may be simplified and not complicated as a result of the partition. Here is a partition of the whole State and a number of partitions will follow that partition. Litigation will have to be partitioned. If that partition of litigation is to become itself a litigation it will be an unending series of waste of time and money for the subjects that have to be governed by the two Governments. The Law Ministry has tried to simplify matters in accordance with the modern principle that litigation should be reduced to the minimum."

MR. SPEAKER :—" We shall pass on to clause 56."

Clause 56.

SRI K. VARADACHARI :—" I move the following amendments :—

' 138. This House resolves that in sub-clause (1) for the words " for a period of two years ", the words " for a period of not less than ten years " shall be substituted.

' 139. For the words " two years ", the words " five years " shall be substituted.' "

[22nd July 1953]

SRI VAVILALA GOPALAKRISHNAIAH :—" I am moving my two amendments, Sir :—

' 141. (i) For the words " two years ", substitute the words " at least five years ".

' (ii) For the words " the Jails and other institutions specified in Part I and Part II respectively of the Eighth Schedule . . . State of Andhra " substitute the words " the institutions specified in Part II of the Eighth Schedule ", and

' 142. In sub-clause (1) for the words " two years ", substitute " twenty-five years ".

' Delete the words " the jails and " and renumber Part II as Part I and insert the paragraph 16 of the Annexure I of the Report of the Partition Committee for Formation of Andhra Province, 1950, as Part II.' "

MR. SPEAKER :—" With regard to amendment No. 143, the hon. Member Sri G. Yallamanda Reddi is not in his place. So we shall pass on to the next amendment."

SRI E. L. RAGHAVA MUDALIAR :—" I am not moving my amendment."

* SRI K. VARADACHARI :—" Sir, in moving these amendments to clause 56, my only wish is to enhance the period during which the jails in the Madras State shall be available for the use of the prisoners of the Andhra State. The Bill provides for only ' two years.' It will not be possible for the new State to construct all the jails necessary to accommodate all prisoners and detenues within two years from the date on which the new State comes into being. Therefore I strongly plead that the Madras Government may consent to a period of either ten years or five years, which I have moved in my amendments. The minimum period of five years at least may be consented to. In this connection I also wish to make it clear that in the Andhra State we are not going to have prisons on the lines of the horrid types we find at present in the Madras State. We shall be having jails provided with all modern amenities to the convicts and therefore it will take some time and it will also involve huge expenditure for designing and constructing such beautiful jails in the new Andhra State. (Laughter.) Therefore, I submit that the Government may generously accept my amendment providing for a period of ten years or at least five years."

* SRI VAVILALA GOPALAKRISHNAIAH :—" Mr. Speaker, Sir, I am speaking on Schedules VIII and IX. When the previous Partition Committee met in 1950, they made the following recommendations :—

' Special arrangements in respect of certain institutions in Madras City :—

(1) The provisions of this paragraph shall be in force for 25 years commencing on the appointed day and shall have effect with respect to such Government hospitals and educational institutions in Madras City as before the appointed day served the areas included in both the Provinces.

[Sri Vavilala Gopalakrishnaiah] [22nd July 1953]

(2) There shall be reserved for the Andhra Province either—

(a) the specific number of places reserved for residents in the Andhra Province immediately before the appointed day ; or

(b) if a specific number of places was not so reserved, a number of places as near as may be equal to the average number of places filled by residents in the Andhra Province during the three years immediately preceding the appointed day.

(3) The charge for admittance to the aforesaid institutions shall be the same for persons from both the Provinces. Provided that the excess of the recurring expenditure in any year over the receipts during that year in respect of each such institution shall be divided between the two Provinces in proportion to the number of persons admitted from each Province.

(4) If for any five consecutive years after the appointed day, the Andhra Province fails to fill any of the places so reserved the right of that Province to that place shall lapse.

So, it is clear that the Committee recommended a period of 25 years in respect of the institutions in the Madras City. There are two things. One is about the jails and the second about the other institutions. My submission with regard to the jails is we won't like to be the guests of the Madras State for a long time. We will be having our own jails. When the Madras Government sent their prisoners to Amraoti Jail or some other jail in another Province, nobody knew about the health of the prisoners. If the Government were asked about it, they would simply say 'We do not know'. There are enough jails in the Andhra Province. There is a jail in Visakhapatnam. There is another jail in Rajahmundry and as Mr. Justice Wanchoo has suggested, the Visakhapatnam jail can be utilised to accommodate the women prisoners also. So there is no need for sending our prisoners to the jails in other Provinces. I know the practical difficulties. I have been a prisoner in a number of jails in two Provinces and I had been a victim of those difficulties. I am speaking all this not only from the administrative point of view but also from the prisoner's point of view. So I would like to omit the reference to 'jails' in that clause. As Mr. Justice Wanchoo has suggested, there may be a Borstal School in Visakhapatnam or Nellore. In Nellore there is a jail and it can be converted into a district jail. In 1949-50 there was a jail at Masulipatnam and it can also be used. So far about the jails. As regards the medical institutions and Colleges, many Colleges were constructed out of joint assets.

11-40 a.m. "The Government have not at all introduced any Bill to amend the Andhra University Act."

* THE HON. SRI C. SUBRAMANIAM :—"The clause under discussion relates to jails and I do not know why he is bringing in the University."

SRI VAVILALA GOPALAKRISHNAIAH :—"The Eighth and Ninth Schedules include not only jails but also other institutions like the Government College of Indigenous Medicine, Madras. From this the Hon. Finance Minister will understand the relevancy of my reference to the Andhra University Act. I am dealing not only with jails but also with other institutions. I want that the institutions in the Madras and Mysore States should be made available to the Government of Andhra for a period of twenty-five

22nd July 1953] [Sri Vavilala Gopalakrishnaiah]

years as recommended in paragraph 16 of Annexure I of the Report of the Partition Committee for formation of Andhra Province, 1950."

SRI T. NAGI REDDI :—"Sir, I am surprised that the very first clause in the Part relating to Administrative and Miscellaneous Provisions should relate to jails. It shows the type of State in which we are existing, and it looks as though administration begins with jails."

THE HON. SRI C. RAJAGOPALACHARI :—"It is the original clause of the Government of India."

* SRI T. NAGI REDDI :—"I do not know whether the Government of India's opinion reflects the opinion of this State Government also. The Government are very anxious to take up jails first and the rest of the administrative matters later."

"We are very much surprised at the Government's anxiety to keep the jails in the residuary State and Mysore State open for the people of the Andhra State. I wish that the same anxiety is displayed in other respects also. Many of us have had the experience of living in jails far away from our homeland. I have lived in Tiruchirappalli, Vellore and Cuddalore jails."

THE HON. SRI C. SUBRAMANIAM :—"If the hon. Member is opposing the amendment, we are prepared to support him."

SRI T. NAGI REDDI :—"The point here is that it is not generally good for one State to send its prisoners to another State, and there will arise quite a number of complications. The question of educational institutions, hospitals, etc., is entirely different."

THE HON. SRI C. RAJAGOPALACHARI :—"Jails also can be used as educational institutions."

SRI T. NAGI REDDI :—"I quite realise that jails also can be used as educational institutions. I have seen Rajaji using the jail as an educational institution when he was in the Tiruchirappalli Jail."

"I am glad that the Government have separated jails from public utility services like educational institutions and hospitals. Both Congressmen and Communists had been in jail and we had seen the anxiety of prisoners in jails far away from their homeland to be in jails nearer their homeland so that their relatives may be able to meet them often. From the administrative point of view also, I think the amendments should not be accepted. Their acceptance will only lead to further complications later on between the States, and we should not give scope for the development of such a situation because we want a friendly and brotherly neighbouring State."

* SRI P. RAMAMURTHI :—"Sir, I request Sri Vavilala Gopalakrishnaiah to consider one hundred times before he presses his amendment. His amendment makes provision for keeping Andhra prisoners in the jails of the residuary Madras State for a period of twenty-five years. Two years itself is sufficiently bad."

[Sri P. Ramamurthi] [22nd July 1953]

I do not want to make any disparaging remark about the future Government. But we do not know what the future jail laws are going to be in the Madras State or in the Andhra State. It is quite possible that the Andhra Government may pass some laws about the treatment of Andhra prisoners and ask the Madras jail officials to administer them in respect of Andhras in the Madras State. This is not practicable. Many of us have had experience of living in jails far away from our homeland. In 1940-41 prisoners from various provinces were sent to Deoli and we know what a tremendous amount of justifiable agitation there was. Even to-day we are agitating for the transfer of the prisoners in the Salem Jail to jails nearer their respective homeland."

THE HON. SRI C. SUBRAMANIAM :—"The Leader of the Opposition is trying to convince the already-convinced people."

SRI P. RAMAMURTHI :—"I am convincing Sri Vavilala Gopalakrishnaiah. We do want to have a bond of unity between the Andhra people and the Tamil people. But let us not have this criminal link for forging that bond of unity; there are lots of other ways by which we can cement the unity between the two peoples. Therefore I request Sri Vavilala Gopalakrishnaiah not to press his amendment."

The amendments standing in the name of Sri Vavilala Gopalakrishnaiah, Nos. 141 and 142, were, by leave, withdrawn.

The amendments standing in the name of Sri K. Varadachari, Nos. 138 and 139, were put and lost.

Clause 57.

The following amendments were moved by the Members in whose names they were standing and duly seconded :—

SRI T. PRAKASAM :—

145. "This House recommends that provision be made to delete from clause 57 the words 'such facilities . . . by order of the President' and for insertion of the following :—

(1) All the facilities enjoyed by the people and the Government of Andhra as existed before the appointed day, for a period of 25 years commencing from the appointed day.

(2) There shall be reserved for Andhra either

(a) The specific number of places reserved for residents in Andhra immediately before the appointed day; or if a specific number of places was not so reserved, a number of places as near as may be equal to the average number of places filled by residents in Andhra during the three years preceding the appointed day.

(3) The charges to be made for admittance to the places aforesaid shall be calculated on a cost basis only, but no account being otherwise taken of Capital Expenditure before the appointed day;

22nd July 1953] [Sri T. Prakasam]

Provided that the charges made for admittance or service by the said institutions shall in no case exceed that made in respect of other persons resident outside Madras.' "

SRI K. VARADACHARI—

146. "This House resolves that in clause 57, after the words 'for such period', the words and figures 'not being less than 10 years' shall be substituted."

SRI M. R. APPA RAO—

148. "In clause 57, line 5, for the words 'such facilities . . . President', substitute the words 'the same facilities as were existing before the appointed day for ten years and on the same terms and conditions as were existing before the appointed day.' "

SRI T. VISWANATHAM :—"Sir, I think that Schedule 9 ¹¹⁻⁵⁰ will have to be taken up along with this clause." a.m.

THE HON. SRI C. SUBRAMANIAM :—"It is not necessary to take that up along with this clause. This clause relates to the period during which the facilities should be made available."

* SRI K. VARADACHARI :—"Sir, this clause makes a generous gesture in regard to facilities to be given to the Andhra State in respect of certain institutions which are described in the Ninth Schedule, Parts I and II. I am only saying that the period fixed in this clause is too insufficient and, therefore, I have asked for a period of 10 years. Among the institutions we find that there are institutions relating to educational matters and research subjects. The period fixed is too short for the purpose of carrying out the gesture contained in this clause. We must at least have a period of 10 years, if we really want to give effect to the intention behind this clause."

SRI M. R. APPA RAO :—"In the Ninth Schedule, the list provides only for 16 common institutions, while there are nearly 62 common institutions in the State. The next point is that the provision of the two year period is, to say the least, very short. I think that at least 10 years or 15 years should be provided. In the present state of the Andhra State finances, it will not be possible to build all these institutions within 15 years."

SRI T. PRAKASAM :—"I do not want to speak on my amendment, Sir."

SRI R. SIDDANA GOWD :—"Sir, I have given notice of certain amendments, and the amendments are as follows."

MR. SPEAKER :—"When the Ninth Schedule is taken up for discussion, the hon. Member can move his amendments."

SRI T. VISWANATHAM :—"Sir, this is a very important clause in my opinion for the reason that the City of Madras has been excluded from the territories of the new Andhra State."

[Sri T. Viswanatham] [22nd July 1953]

It is a real difficulty, and that has been appreciated by the Government, by the previous Partition Committee, and by Mr. Justice Wanchoo. Similar situations arose when Orissa was formed into a new State and when Sind was formed into a separate State. In paragraph 16 of the Second Schedule to the Government of India (Constitution of Sind) Order, 1936, it has been provided as follows :—

‘ 16. (1) The provisions of this paragraph shall, for the twenty-five years commencing on the appointed day, have effect with respect to Government hospitals and educational institutions in Bombay (including any therapeutic institutes, borstal institutions and reformatory schools) which before the appointed day, served Sind as well as the rest of Bombay.’

Sir, you will be pleased to see that though there are borstal institutions, reformatory schools also were included in the case of Sind and also in the case of Orissa. The reservation made is as follows :—

‘ (2) There shall be reserved for Sind either—

(a) the specific number of places reserved for residents in Sind immediately before the appointed day ; or

(b) if a specific number of places was not so reserved, a number of places as near as may be equal to the average number of places filled by residents in Sind during the three years immediately preceding the appointed day.’

Provision for charges has also been made. That is—

‘ (3) The charge to be made for admittance to the places aforesaid shall be calculated on a cost basis, account being taken of the pensions which will ultimately be payable to and in respect of the staff and of debt outstanding on, or incurred after, the appointed day, but no account being otherwise taken of capital expenditure incurred before the appointed day.’

This is the provision made for 25 years in the order relating to the formation of Sind.

“ In paragraph 12, Part I, of the Third Schedule to the Government of India (Constitution of Orissa) Order, 1936, it is stated—

‘ 12. (1) The provisions of this paragraph shall, for the twenty-five years commencing on the appointed day, have effect with respect to Government hospitals and educational institutions in Bihar (including any therapeutic institute or reformatory school) which before the appointed day served both Bihar and Orissa.

(2) There shall be reserved for Orissa either—

(a) the specific number of places reserved for residents in Orissa immediately before the appointed day ; or

(b) if a specific number of places was not so reserved, a number of places as near as may be equal to the average number of places filled by residents in Orissa during the three years immediately preceding the appointed day.’

“ The Partition Committee took these things into consideration,

“ Mr. Justice Wanchoo in paragraph 20 of his report says—

‘ 20. . . . When this matter was considered by the Partition Committee presided over by Shri P. S. Kumaraswamy Raja in 1950, the following provision was made at paragraph 16 of Annexure (1) of that committee's report :—

‘ (1) The provisions of this paragraph shall be in force for twenty-five years commencing on the appointed day and shall have effect with respect to such Government hospitals and educational institutions in Madras City as before the appointed day served the areas included in both the provinces.

22nd July 1953] [Sri T. Viswanatham]

(2) There shall be reserved for the Andhra Province either—

(a) the specific number of places reserved for residents in the Andhra Province immediately before the appointed day or

(b) if a specific number of places was not so reserved, a number of places as near as may be equal to the average number of places filled by residents in the Andhra Province during the three years immediately preceding the appointed day.

‘ (4) If for any five consecutive years after the appointed day the Andhra Province fails to fill any of the places so reserved the right of that Province to that place shall lapse.’

The Government of India, at the time of the creation of Sind and Orissa Provinces, felt that it was necessary to make provision for twenty-five years. The Partition Committee appointed here also felt that that was necessary. Mr. Justice Wanchoo also thought that some such a provision was necessary. I need not, therefore, specially advocate the importance of, and necessity for, such a provision. As I submitted, Sir, the question arises much more pertinently with reference to the creation of the Andhra Province than with reference to Sind and Orissa. Because, here we have been running a common administration for a much longer time than the other Provinces were running in Patna and Bombay. Buildings and institutions have been built to serve the common needs of both, and very few people expected that all on a sudden the Andhras would be asked to go out without having any benefit out of these common institutions.

“ Sir, if you consider all these things in relation not merely to general institutions but specialised institutions, and if you consider also the specific fact that there is shortage of buildings for Governmental purposes and it will be very difficult and very costly to rebuild those buildings in the Andhra territory, you will appreciate that a provision like this is absolutely necessary.

“ So far as buildings other than buildings for educational institutions are concerned, it may be that the Andhra State will be able to construct its own buildings as the counterparts of the present common institutions and buildings in the City of Madras and elsewhere in the residuary State. But in regard to educational institutions, particularly Engineering and Medical institutions, the necessity is very great. So, I submit the Government of 1949-50 felt that the 25-year period was reasonable. That is why Sri Prakasam has mentioned the period of 25 years. At the time of partition, we should try to be as generous as possible to each other.”

THE HON. SRI C. SUBRAMANIAM :—“ I am glad to hear it from the hon. Member.”

* SRI T. VISWANATHAM :—“ You will always be glad when you hear me. We should always be generous to each other and particularly those who are in charge of larger finances and larger territory have got a greater amount of generosity to show. If, therefore, now and then we ask for something, it should not be

[Sri T. Viswanatham] [22nd July 1953]

understood as a proof of acrimony or debate. We are parting after a long period of association and at the time when we should part the major partners might even err on the side of liberality. There is nothing wrong in doing a good thing. I say it is a matter of right for us. But, at the same time, because the Prime Minister of India, rightly or wrongly, came to the conclusion that there were overriding political considerations why the Andhras should go out of the City of Madras—although it is a Telugu-speaking area just as it is a Tamil-speaking area—we agreed to it. We have not created a furor about it. We have said that we abide by his order and construct the buildings for our Capital in due course of time. You know, the Government know, and the majority of Members here know that it will not be possible for the Andhra State to build the counterparts of these common institutions for a very very long time indeed. Our greater concern will be with regard to food production schemes by which alone we can save this State and also other States. (Interruption.) We want to produce more food and give more food not only to the Andhra State but also to the deficit areas in Bellary, Mysore, Travancore, Malabar, etc., wherever there is deficit. In a period of two or three years the Andhra State may produce rice that is enough to feed all the stomachs, south of the Vindhyas. Only the opportunity must be given. We shall never allow it to be said of us that we won't be generous in the matter of supplies of food. It shall never be said that the Andhras deny food to others. That is what we have and we give. Similarly, the others must give what they have. Now they have common institutions built out of common funds and serving a common purpose for more than 150 years. Therefore, in the amendment I have increased the number of institutions which are now serving a common purpose. Of course, the 25-year period may be a general rule, but it may not be necessary for us in respect of some of them. Some institutions here are Government institutions and for want of accommodation elsewhere we may have to continue them for some time. But no Government will like to run its offices in the territory of another State for long. Therefore, provision is necessary only with respect to some of the institutions mentioned in my amendment. But with regard to specialized institutions some of which have not been mentioned in this Schedule and which I have added, which are absolutely necessary and which we cannot build immediately the Andhra State is formed, we want this provision, as I said, for some time. The clause itself is very vague. It is much better to make a provision like the one made in the Sind and Orissa Orders and as recommended by the Partition Committee of 1950 and by Mr. Justice Wanchoo. I, therefore, submit that the Government should fix a period for this purpose. Some friends have suggested ten years. I have suggested twenty-five years and I have followed only better company in suggesting it. Therefore, the Government must show a gesture at this time. Otherwise, the position will be very difficult for us. Partition is not intended to create difficulties for the Andhra State and dissatisfaction in the minds of the Andhras, but is intended to strengthen the Andhras. The strengthening of the Andhras will also strengthen the whole of South India."

22nd July 1953]

* SRI V. R. NAGARAJAN :—" Mr. Speaker, Sir, I rise to oppose the amendment that has been moved, for this reason. We are now discussing clause 57 which provides for the continuance of facilities in certain State institutions. Looking up the list in Parts I and II of the Ninth Schedule, I find that all the institutions mentioned therein will be necessary for the Tamilians themselves after partition, that is, from 1st October 1953. It is out of generosity, magnificent generosity, if we may call it, that the Central Government have made a provision like this, so that both the States may, after 1st October 1953, come to an understanding as to the period of years for which this concession will have to be given to the Andhra friends. I would respectfully submit that we cannot be giving such facilities for eternity. If the Andhras are going to urge for the fixation of a period of 25 years, I think they will be trying to give the City of Madras by the one hand and take it away by the other. Therefore, under no circumstances, can we, the Tamilians, part with the facilities which are urgently required for our students. Year after year so many applicants coming from the various districts of Tamil Nad go without seats in most of the institutions. That is a matter on which we cannot dilate, and the difficulties which are experienced are known only to ourselves. Members of the Assembly sitting on this side know the difficulties. People are not able to get seats in the Medical College or the Engineering College. Therefore, the provision that has been made here can be stuck to, namely, the time given for the two Governments to come to an understanding will be fixed as the 1st January 1954. If it will not be possible for the two Governments to come to an understanding by that date, and if the House thinks it will be an insufficient time, I have no objection to this time being extended. But in no case shall we agree to enlarge the time given for the enjoyment of the facilities available here by the Andhra friends. I do not utter my sentiments out of jealousy but I am prompted by a desire to safeguard the interests of friends in Tamil Nad."

* SRI K. V. RAMESAM :—" Mr. Speaker, Sir, it is not a question of generosity but a question of necessity for the new State. It is admitted that there are no facilities for the new State to start with. Therefore it is that there is absolute need for reservation of seats in the various institutions of the State. Further, it has been brought to the notice of the House that the list of schools and institutions, which finds a place in the Ninth Schedule, is not exhaustive, and there are very many institutions the names of which have got to be incorporated in this Part so as to enable the students of Andhra to have recourse to these institutions."

" In this connexion, I wish to state that according to clause 4, 12-10 as amended, a Boundary Commission has been recommended. If p.m. the Parliament agrees to appoint this Boundary Commission and if they recommend that Bellary has to be included in Andhra, any decision that we take now here should be without prejudice to that recommendation of the Boundary Commission."

" Coming to the subject under discussion, I wish to state that all these institutions have been built up with the joint efforts and

[Sri K. V. Ramesam] [22nd July 1953]

finances of the composite State. Therefore there is no question of generosity. In respect of these institutions, sufficient compensation has not been given. Therefore, as a matter of right, the Andhras have got a claim over these institutions. They have a right to demand that a certain number of seats has to be reserved in these institutions for the Andhras. It is admitted that the new State is backward industrially, economically and educationally. Unless adequate provision is made in the Bill to enable the Andhras to have instruction in the various institutions in the residuary State as well as in the transferred territory, it may not be possible for the new State to make any progress in the near future. When Orissa and Sind States were formed, similar facilities were provided in educational and other institutions. So there are precedents. The amendment recommending that Andhras should be given facilities in the educational and other institutions in the residuary State and transferred territories for a period of 25 years, is a very reasonable and modest one and I commend it to the acceptance of the House."

* SRI R. SIDDANNA GOWD :—" Mr. Speaker, I am sorry for the ungenerous remarks made by hon. Member Sri Nagarajan. We, the Members of the proposed Andhra State, do not want any sympathy from him. We also do not want any generosity to be extended to us. I wish to remind the Members of the House that the several institutions located in the composite State of Madras were built by the common funds and efforts of the Andhra as well as the Tamilian, Kannada and Malayalee people. Let my learned friend kindly remember this aspect. It is well-known that the Andhra State which is to be born on the 1st of October will be an infant State. It is also equally well-known that the residuary State is not sending us with very good finances and that we are asked to go with a big deficit. Under these circumstances, the Andhra State cannot be expected to build up its institutions for some years to come. It is therefore necessary that we should be given some facilities in the educational institutions of the Madras State, such as the Engineering College, Medical Colleges, Law College and other institutions like the Serum Institute, King Institute, etc. Even Mr. Justice Wanchoo has suggested in his report at page 11 that these facilities should be provided to the new Andhra State for a period of 25 years, in the institutions mentioned in the Ninth Schedule to the Andhra State Bill. Some hon. Members have suggested that these facilities should be given for 25 years and some have suggested 20 years and so on. I consider that a period of 15 years would be enough. I am sorry my learned friend has opposed this modest request of the Andhra people. (Mr. Deputy Speaker occupied the Chair.) I am sure that he will not be followed by other friends from Tamilnad. Now the Rayalaseema area has also been included in the Andhra State. At present, all the institutions in Rayalaseema are affiliated to the Madras University. After the inauguration of the Andhra State, these institutions may be affiliated to the Andhra University. There should be a special provision in respect of the students coming from the Rayalaseema. They should be given all facilities in the educational

22nd July 1953] [Sri R. Siddanna Gowd]

institutions in Madras like the Presidency College, which are manned and maintained by the Madras Government. It is also necessary that these students should be given special preference in professional colleges, like the Engineering College, Medical Colleges, etc. In view of the critical financial position of the Andhra State, it will be very difficult for them to build up these institutions. It will take about 10 to 15 years for them to have their own institutions. It would be most uncharitable on the part of my friends coming from the residuary Madras State to oppose this modest resolution. I appeal to their generous instincts and request them not to oppose this resolution, so that the students from Andhra, especially those coming from the Rayalaseema may be given facilities in the institutions in the residuary State for a period of 15 years. Thank you, Sir."

* SRI P. RAMAMURTHI :—" Sir, I would like, in the first 12-20 P.M. place, to make an earnest appeal to friends on both sides not to import any passion into this very simple question. The question is one of according educational facilities for the future generations of our country. It is an admitted fact that opportunity must be provided for all people in this country—I am not speaking about any particular State—for education, technical education, etc. It is absolutely essential that the country as a whole must progress. The Andhra people have now come into their own and they are having their own Province. We have seen the justness of their demand and have conceded it. But just because they are having their own Province, let us not say, 'all right, you have your own State; it is now your task to develop your own educational institutions; if you cannot develop it in a minimum period, it is your own fault and we cannot help it.' That cannot be our attitude. Here in the composite State, certain institutions have developed and they are located in certain places. And it happens that many of these institutions which have been built by the utilisation of composite revenues, will remain here as soon as the Andhra State is formed. It is a fact that there are students in these institutions from the Andhra parts and so certain facilities are actually available to them to-day. But to-morrow, on the 1st October, when the linguistic separation takes place, what would happen to those who would normally be admitted to these institutions if there were no partition? During the interim period, when the Andhra State has not yet developed its institutions—certainly we want them to develop and I dare say that the Andhra people and the Andhra Government will develop their institutions—we should not treat this question of facilities from the point of view of Tamils versus Andhras. Certain facilities are now available. If these are stopped suddenly, what will happen to the general development of the Andhra people as part of the entire country and as part of the entire Indian people? Sir, there need be no acrimony on this issue. We will certainly agree that certain facilities will have to be given to them for some time. These are matters which have been specifically left to be decided by an agreement between the two Governments, and if no agreement is reached between the two Governments, the President will

[Sri P. Ramamurthi]

[22nd July 1953]

decide the matter. I understand that even the Partition Committee composed of representatives from all parts of the State—Mr. M. Bhaktavatsalam, Mr. T. T. Krishnamachari, Mr. P. S. Kumaraswami Raja and some Andhra Congressmen and also, I believe, Mr. Madhava Menon—itsself recommended that for a period of 25 years some facilities should be provided. Subsequently somebody else made some other recommendations. Having regard to all these facts I feel some facilities must be given but not for 25 years, because the Andhra State, I am sure, will develop all its institutions much earlier than 25 years. I do not think that this is a very difficult proposition for us to agree to a period of ten years as provided in the amendment of Mr. K. Varadachari. I would like that amendment to be accepted and I commend it."

* SRI K. VINAYAKAM :—" Mr. Deputy Speaker, Sir, with great respect to the sentiments expressed to-day by Mr. Goud and Mr. Ramamurthi, I have to oppose this amendment in the strongest language that I can command. I would not like to be misconstrued that I am anti-Andhra in outlook. The pity is that I love my country as much as Andhras love theirs. And so if I try to safeguard the interests of my area, that is the residuary Madras State, I should not be misunderstood by my Andhra friends. In the matter of continuance of educational facilities in certain institutions, it is provided that the two Governments concerned must come to an agreement on the first day of January 1954. I believe, Sir, that the Government of the residuary State will try to safeguard the interests of their people and so also the Andhra Government will try to safeguard their interests. Under these circumstances, I do not think that any reasonable agreement would be reached by them. The Andhra Government will plead for a longer number of years while the residuary State will plead for a lesser number of years with the result the President at his sweet will will decide the matter. Being a resident of the residuary State of Madras, I would plead that to-day this Assembly must decide for how many years these facilities are going to be given to the Andhras. To quote their own commonplace phrase, they say: 'Avvakavala, buvvakavala'. They want a State of their own and at the same time they want facilities from our State. Mr. Goud was expressing sentiments that the Madras City was constructed by the common efforts of Tamils, Andhras, Malayalees and Kannadigas. I would like to bring to the notice of the House that the Andhras are not going away without any compensation for giving up the City of Madras. They are getting a compensation and when they are getting it, I do not see any reason why they should be given any more facilities in our institutions. We have our own boys to be admitted in our institutions. What is it that the Andhras are lacking? They have their own medical colleges, engineering colleges, law college and if they want some facilities in some advanced technical institutions like those mentioned in the Ninth Schedule, a time limit within which the facilities should cease to be given, should be fixed by us. If that is left to be decided by the future Governments, lot of misunderstanding will result and no agreement will be reached at that stage."

22nd July 1953]

[Sri K. Vinayakam]

" Then, Sir, some friends have given notice of amendments to enlarge the scope of the provisions of the Ninth Schedule. Even those amendments, we strongly oppose for the simple reason that they have got their own full-fledged institutions. I may in this connection bring to the notice of the house an incident which occurred recently in Tirupathi. Tamil students were denied admission in the Sri Venkateswara College. The Principal had the audacity to tell the Tamils living in Chittoor district that they will not be admitted to the college because they were Tamils. He says that only Andhras can be admitted. There is no reason why we should be generous to friends who are not generous to us. Still Chittoor is a disputed area and who knows Tirupathi may come to the residuary State. (Some hon. Members: 'Never.') We shall see that. That is why I say we should not give any kind of concession to these friends. Tirupathi College has been built from funds which have accumulated through the visits of pilgrims to that place—not only Tamils and Telugus but pilgrims even from Northern India. It is these people who have contributed for the building of this institution. Such being the case Tamils are singled out and are now denied admission. Sir, there is also a training school which is meant for both Tamil and Telugu boys in Chittoor. The Tamil section is now abolished and I have also given notice of a short-notice question to the Minister for Education asking whether there is any proposal with the Government to abolish the Tamil section in this training school. I am still awaiting his reply. This is the mentality which my Andhra friends have developed towards us and still they want more facilities. We oppose even those facilities mentioned in the Ninth Schedule and now they come forward and plead and appeal to our generosity and want us to be very kind to them."

" That is why, Sir, we say with all respect to all friends and International Communists, like Mr. Ramamurthi who has been pleading for the whole nation, for the future generation—I can understand their sentiments—that we cannot go on giving concessions to the Andhras. We people from the residuary Madras State are now in difficulties. Our children are being denied seats in their medical college, law college and the rest of them. We cannot be admitting Andhra students into our institutions at the same time looking pitifully at Tamilians being denied admissions in their institutions. That is why we strongly oppose this move and the Government of Madras must be very firm on this issue and see that no concession of any kind is extended to them."

12-30
p.m.

SRI C. V. K. RAO :—" Mr. Deputy Speaker, Sir, Mr. Vinayakam has argued like Shylock demanding his pound of flesh from the Andhras. He should remember that the cultural relationship between the Tamils and Andhras must be developed. That can only be done in common institutions like the Educational institutions and others and if he adopts a bellicose attitude"

THE HON. SRI C. RAJAGOPALACHARI :—" Sir, I never thought Mr. C. V. K. Rao could ever speak so gently and sweetly."

[22nd July 1953]

SRI K. VINAYAKAM :—“That is because, Sir, he stands to gain by adopting that attitude.”

SRI T. VISWANATHAM :—“Sir, that is the view of the average ‘generous minded’ Tamilian.”

THE HON. SRI C. RAJAGOPALACHARI :—“The average Tamilian mind is always generous and is still hopeful of generosity everywhere.”

SRI C. V. K. RAO :—“Sir, after nearly one year of tutelage under the Chief Minister of Madras we should have learnt a modicum of sweet reasonableness.”

THE HON. SRI C. RAJAGOPALACHARI :—“Please maintain it.”

SRI C. V. K. RAO :—“So, I think my argument may be quite short. My Tamil friends must see that these common institutions are used both by Andhras and the people of the residuary State.

“We do not want any advantages at the cost of the people of the residuary State. There will be greater advantages in that method. Very soon my hon. Friend, Mr. Vinayakam, will lose the bellicose attitude when the residuary State is formed. I plead, Sir, that it should not be looked as if somebody is taking away somebody else’s rights; it should not be looked as if somebody is robbing somebody else’s advantages. It should be looked as providing equal rights for all in all the institutions. I would also like to stress that when the institutions in the Andhra State spring up, equal rights must be provided in a reciprocal way, both for the Andhras and the Tamil friends.

“There is another advantage. It will not be a loss in the sense that many of the people from the neighbouring State will be coming to the headquarters of Madras and they will also spend money there; that way also, from a financial standpoint it will be useful. From every angle it will be useful to extend facilities for a longer period. Not that all the facilities will be exploited. The concession will be only in cases where they are badly needed for the people—people who would like to come and stay for educational purposes, to undergo treatment in medical institutions. Sir, I think very soon, the Andhra State will provide more institutions and very soon I think the institutions that are being encouraged by the Andhra State in Madras may grow far bigger and bigger and become not only institutions of a particular State, but institutions that are intended for all the neighbouring States, for Tamil friends, the Andhra friends and Malayalee friends, making these institutions common for as long a period as possible. For that very reason Mr. Justice Wanchoo has stipulated a particular period and for the same reasons particular periods were stipulated when Orissa and Sind were separated. It is not as if somebody will exploit some other State or somebody will lose his rights in that State. I hope my hon. Friend, Mr. Vinayakam, will sober down after having listened to me and will not be insistent in the matter. He is already winking at me.”

[22nd July 1953]

SRI C. RAJAM RAMASWAMI :—“Sir, this clause is a very important clause and it very seriously affects the rights and interests of the members of the residuary State. The clause is good enough, but it gives powers to the President to fix the privileges to be enjoyed by the Andhras in the particular institutions. We are all opposed to being too generous. It is always, ‘heads I win, tails you lose’; that is the attitude of the hon. Mr. Viswanatham. Whatever he demands is only for the interests of the Andhra State. Only the residuary State should be generous and not the Andhra State. My own feeling is that opportunity has been taken to enlarge the scope of the institutions in the ninth schedule. If hon. Members would just read the institutions he has referred to, it will produce an amusing reading. For instance, he has even included block of buildings as ‘institutions.’ He refers to the Madras Penitentiary, Old and New High Court Buildings, the Central Record Office, and all sundry items, practically leaving no building untouched in the residuary State. The object of clause 57 is to provide facilities in certain specific establishments. The institutions included in the ninth schedule covers more than enough and it is fair that they should have no more demands and should not make demands on other institutions and enlarge the scope of the schedule by adding even buildings. I do not understand what exactly he wants by adding buildings which are not at all institutions.

“The hon. Mr. Vinayakam protests against this and I hope every hon. Member of the residuary State will agree with him; generosity should not be wasted and it should be mutual and reciprocal. I am sure, Sir, the Hon. Chief Minister will point out during the course of the debate that what has been provided for is more than enough. I hope our Communist Friends by trying to bolster up this claim will only be betraying us; I hope at least the Tamilnad friends will sail with us and reject the amendment.”

* SRI P. VENKATASIVIAH :—“Mr. Deputy Speaker, after 12-40 p.m.
all what the Andhras are asking is not very much. It is not unjust. It is quite just. If we go through the entire Bill, we will find there is one clause which specifies our territory and it is with that territory that we are beginning our State. All the other clauses pertaining to institutions and so many other things are framed in such a form that those institutions had to be gradually evolved and developed. When the Bill itself takes into cognizance that all such institutions have to be evolved, I do not see why our Tamil friends or even others should have any objection. When the Central Government drafted this Bill, they had in mind that the Andhras had to be given time to evolve their own institutions. After all, Mr. Viswanatham was asking for the privilege for only one generation; and 25 years in the life of a State is not very much and it is also difficult to develop in a few years’ time all these institutions that we to-day find in Madras and which are developed by the resources of the composite State and by all the people residing in the composite State. They have taken quite a number of

[Sri P. Venkatasiviah] [22nd July 1953]

years, about five to six generations. During the course of the past 100 years, these institutions developed here and we did not get such an opportunity to develop our own institutions and we do feel and genuinely feel that we were neglected for a very long time. After a large amount of agitation, it is only very recently some institutions have been started in the Andhra area, for example, the Medical College, the Engineering College, the Law College, etc. These were started only very recently and they do not have provision for admitting larger number of students. So, what we want is that our students be accommodated in these institutions for some years to come. Mr. Vinayakam says that these are all Tamil institutions. All of a sudden, on October 1st, these institutions will become Tamil institutions! That is a very wrong conception. It is a misnomer to call these institutions of the residuary State. I should object to it.

"In fact, the Andhra State is going to be formed as a residuary State as per the provisions of this Bill, because we are losing some of our territory, money, institutions, etc. Some go to the Madras State and some go to the Mysore State. Some have already gone to the Orissa State and some are in Telangana. Therefore, what we are getting is only a residuary Andhra State. Our Tamil friends need not really think that we are getting something which is not due to us.

"The hon. Member, Mr. C. R. Ramaswami, was mentioning about buildings. He said that Mr. Viswanatham wanted to include in the Eighth and Ninth Schedules buildings like the High Court. I feel what Mr. Viswanatham had in his mind is that the High Court is not yet separated and that even after the separation of the High Court, probably records, etc., may have to continue to be in Madras for some years. Of course, the point of money also is there. Lakhs and lakhs of rupees have been spent out of the common revenues on these buildings. The hon. Member Mr. Vinayakam says we are getting very fat compensation. We are not getting any compensation. If he thinks that we are getting one crore or two crores of rupees as compensation for these buildings which were constructed during the course of the last 100 years, I think it is rather very unjust. Does Mr. Vinayakam want us just to get out of these buildings with a begging bowl in our hands? I plead: 'You please allow us to stand in good stead. If you do not divest us of the responsibility of developing all these institutions just presently, i.e., during the next four or five years, what would immediately suffer is the production of food. After all for the political, economic and cultural life of any particular people, they have to actually work and earn their living and it is the hub of all other activities of life. And if it is not properly developed, culture and all other things do not develop. So, I plead: Please allow us to produce food for you also as Mr. Viswanatham has said. Certainly all these years we have been supplying you food and there is no doubt about that. Till now no Member has contradicted it. You have not paid us anything. I know that you are not going to be self-sufficient in the matter of food in the near future."

[22nd July 1953]

MR. DEPUTY SPEAKER:—"The hon. Member need not discuss food here."

SRI T. NAGI REDDI:—"Sir, the Member is not going into the problem of either food or production. The point is, if the Andhras are not allowed the use of these institutions for some years to come, what would happen is that the money would have to be spent for the buildings of these institutions and therefore the Nation as a whole will suffer in the production of an essential article like food and it is very relevant to the subject under discussion."

MR. DEPUTY SPEAKER:—"Let the hon. Member confine his remarks to the clause under discussion and not speak on other points."

SRI P. VENKATASIVIAH:—"Therefore, Sir, let them give us a little time to produce food for them, for us and for all others who need it. We have enough resources for it. Therefore I beg of our Tamil friends in this House, particularly Mr. Vinayakam, not to object to this clause. As Mr. Varadachari has said, if the twenty-five-year period is very long—it is not really a long period, any period not less than ten years might be accepted. I would also request the Government to come forward with some such proposal so that all this discussion about Tamil institutions and Telugu institutions, this kind of wrangling, might cease and we can go to the next subject."

SRI P. THIMMA REDDI:—"Mr. Speaker, there has been a 12-50
doubt in the minds of the Andhra public for a long time past that p.m.
their affairs had not been clearly explained to the public at large either by the Government or by the Press through its columns. Our affairs have been allowed to sink and get sunk. This has given rise to certain misconceptions in the minds of the non-Andhra people. For instance, Mr. Vinayakam, had said something about Chittoor and Tirupati which reveals his ignorance of facts. Whenever he gets an opportunity Mr. Vinayakam springs up from his seat to raise his claim for Chittoor. May be his case is a good case! But let him understand the position clearly regarding Tirupati. May I ask Mr. Vinayakam whether he knows what exactly is the position both in Tirupati Venkateswara College and Chittoor Training School? He had made allegations that no Tamilians are to be found in both these institutions? Does Mr. Vinayakam know who is the Principal of Venkateswara College? Does he know whether he is a Tamilian or a Telugu? Let him first understand facts and then begin to abuse. Does he know who is the Chairman of the Board that select students for admission into Tirupati Venkateswara College? Let me reveal the fact. The Chairman is not a Telugu but a full-blown Tamilian by name Thigaraja Mudaliar. When this is the fact, how can we accept the allegation of Mr. Vinayakam, which is nothing short of a baseless allegation? Are hon. Members aware how selection is being made to this college? The Committee sits here, in far-off Madras, they get a list of students who had applied, all sorts of things happen, so many factors are brought into play and the

[Sri P. Thimma Reddi] [22nd July 1953]

students are selected. Can it be said that no single Tamilian had so far been selected? In reality many students are Tamils. Of course this remark of Mr. Vinayakam did not embarrass me. Perhaps in his agitation for Chittoor and Tirupati also incidentally, he might have been overcome by his emotions. But I was rather surprised when even a considerate member like Sri Rajam Ramaswami joined hands with him in echoing the same feelings. When the real state of affairs is quite different, these friends make these allegations. Have we not, I mean, we Andhras, then have our own say in the matter? What is the position in which the Andhras stand now? Is it not a fact that our area is barren, devoid of any expert educational institution? Is it our fault? Have not the Andhras time and again raised their voices in protest against the partisan attitude of the Madras Government in the matter of the setting up of educational institutions? What have the Madras Government done all along? What do we find in this Madras City? It is full of all expert educational institutions. All along you had developed this place saying that this was the only convenient place wherein students rush for seats. Under the plea of 'convenient place' this city had been developed and we had been neglected throughout. When such is the state of affairs now and when we are about to separate, is it any wonder, that we ask for our boys and girls, at whose expense these educational institutions had been erected, a guarantee of educational concessions for ten or twenty years? Are we not justified in asking for the same? Can it be justified if our claim is not cared for? Let me say categorically that we, Andhras, do not want to stay a day longer in your institutions after we equip ourselves also to your extent. Give us enough money to build enough institutions to suit our needs. But what is being done now? Some sort of evasive reply is being given. The Government have not placed on the table of the House a statement containing in full the names of all educational institutions and other institutions in the whole State. So it is not possible for us to have a comprehensive picture of the whole thing and we are completely in the dark. What is the use of taking some few selected institutions and saying that till such time as may be mutually agreed upon between the two Governments, concessions would be shown to the Andhra students in the matter of admission, research and so on? That is why I say any decision of ours regarding this clause would be an *ex parte* decision. We are not having before us the full picture. When such is the case, what is the meaning in our discussing this clause? This is but an *ex parte* decree that this Government is executing. That is how I can put it.

"A word about other institutions. I know there are several institutions which are hopeless, which are bad and which need thorough re-shuffling. For instance take the office of the Chemical Examiner. (Hon. Sri C. Rajagopalachari was heard to remark: 'If the institutions are bad, then why claim them!') All kinds of spurious drugs come for examination. Interested people come here, and use their influence. This sort of thing should not be allowed to continue.

22nd July 1953] [Sri P. Thimma Reddi]

"That is why, I say, Sir, let us not insert a provision which is nothing short of an *ex parte* decree. Even learned friends like Tenneti Viswanatham could not make out the exact meaning of this clause. Let the Hon. Minister concerned explain. Let him supply us with a list of all institutions. Let him not give us the names of some selected institutions and ask us to approve of the same. After all why are the Ministers there? It is to give us, the representatives of the people, a clear picture of all things. Why should anything be hidden from us? So long as we are backward (and that is due only to the partisan attitude of this Government from the beginning) let the usual concessions that had hitherto existed continue to be given even after separation. We do not want to stay here a day longer, when we are also provided with sufficient funds to build sufficient number of such institutions in our own area. But that means enormous money. That is why I say: 'Let us adjust between ourselves.' Let us request the Centre to immediately appoint an expert committee to go into the question of our educational needs. Let the Centre provide us with sufficient grants to build our own institutions. But till then, for God's sake, do not show a bi-partisan attitude. Do not distinguish between Tamil and Telugu. We have seen the repercussions in one section of people in Tamilnad due to the recently evolved educational policy of the Government. Let not such happenings be allowed to result in respect of Andhras also."

MR. DEPUTY SPEAKER:—"The hon. Member's time is up."

SRI P. THIMMA REDDI:—"Just a word or two, Sir. As I had said previously the wording of the clauses in the Bill is so vague. Learned friends like Sri Viswanatham also are not able to understand the exact meaning of some of the clauses. Ever since this Bill was first moved here and we began discussion on it, I had been enquiring my friends in the Congress Party as to the exact meaning of some of the clauses. Of course they give one answer there. But as soon as they come here into the House, they give an entirely different version. That is why, I say, even so far as this clause is concerned, any decision taken would be an *ex parte* one since we are not supplied with full data regarding the number of institutions in the State. Similar is the case with regard to assets and liabilities division between the two States of Andhra and Madras. How are we to give our opinion when we do not have a clear picture as to the *exact* assets and liabilities of the composite State? That is why I say let the Hon. Minister concerned come and explain the full facts. Otherwise there is no meaning in our discussing those clauses."

MR. DEPUTY SPEAKER:—"I fix a time-limit of five 1 p.m. minutes for each speaker as many hon. Members want to take part in the debate."

SRI T. NAGI REDDI:—"I won't be able to finish within five minutes, Sir."

[22nd July 1953]

* THE HON. SRI C. SUBRAMANIAM :—“ I wish to submit, Sir, that there has been enough of debate and this sort of debate that has been going on, one trying to override the other, is quite unnecessary. Apart from that, it is time that we wind up this debate. Sri Nagi Reddi may be asked to speak on behalf of the opposition.”

(At this stage Mr. Speaker occupied the Chair.)

SRI T. PRAKASAM :—“ Mr. Speaker, Sir, there has been a great excitement over these matters unnecessarily. If it were left to me, I would say ‘ don’t give anything by way of even concession to the Andhras.’ I would have been satisfied with that. Unnecessarily passions have been worked up. What is the real position, Sir? Why have I asked your permission to speak a few words, Sir? The Madras residuary State is not an Andhra State, is not a Tamil State, is not a Malayalam State, is not any other State. It is a residuary State of all those people who have been living in this area. Therefore, it is wrong to suppose that any particular section of Tamilians or Andhras or Malayalees have got an exclusive right to this Madras residuary State. It is rightly called ‘ the residuary State.’ It must continue to be a ‘ residuary State ’ until its status is finally decided in future, if it is to be decided at all. At one time, Sir, it was claimed to be a Tamil State. On that, this dispute was raised, not before any ordinary individual. There was the Dhar Commission. Before that Dhar Commission evidence was recorded on behalf of the Andhras, Tamils, Gujarathis, Malayalees and others. That Commission came to the conclusion that Madras City does not belong either to the Andhras or to the Tamilians. Whoever might have built it originally, both the Andhras and the Tamilians have come together, have developed the whole area and they must be treated on an equal footing. Therefore, it is a joint State. On that basis, the Commission said that it must be made into a Chief Commissioner’s Province as in the case of Bombay. This is the real position, Sir, with regard to this residuary Madras State. When Pandit Jawaharlal Nehru, the Prime Minister, made his speech in Parliament declaring that the Andhra State may be formed excluding the Madras City, we believed that Madras might be treated as a Tamil State. Madras City has not been treated as a Tamil State. (Laughter.) There is no use of simply laughing over any matter. I am talking about facts on record. They cannot be got over by the mere statement made by anyone including Pandit Jawaharlal Nehru. Mr. Nehru did not know exactly what the position was so far as the residuary Madras State was concerned. He has not declared, Sir, until now, that it is a Tamil State, although it was the intention of some of the greatest leaders of Tamil Nad that it should be declared so. We have no faith in certain things. It was in the residuary Madras State that Sri Potti Sriramulu fasted himself unto death. Whether we have got any faith in fasting or not, here is an example of a great man who sacrificed his life for the sake of a principle. He was in Madras and he owned a house in Madras. He was a great disciple of Mahatma Gandhi. He believed in his doctrines. He thought that

[22nd July 1953]

[Sri T. Prakasam]

the Andhra leaders were quarrelling among themselves with regard to the Madras City. So he came forward saying that so far as Madras City was concerned although it was originally an Andhra City, they were not claiming it as their own exclusive area. He based his claim on the report of the Dhar Commission. On the basis of that report he said that it should be declared as a joint State. Sir, we have been arguing here, forgetting our own position. Now, I ask where is the question of generosity so far as these institutions are concerned? There is no question of generosity. It is a question of our right. Instead of saying, ‘ We are going to sit tight in all these places because all these institutions have been built by us with our money and we refuse to go ’, following the advice of Mahatma Gandhi and other great non-violent leaders, we say ‘ Alright, Sir, we are going out to some distant place, Kurnool, which we have chosen as our Capital.’ Where is the need for us to say like that until the Boundary Commission comes? When the Boundary Commission comes, everything will be settled. We will know where Tirupati is, where Chittoor is, and so on. I am going to let in evidence before the Boundary Commission along with Sri K. Vinayakam who is on the other side. He will find out the real position only then and not until then. As regards the right to these institutions, our right is there. Our enjoyment has been there. Our possession has been there until now. It has not been disturbed by anybody. Merely because we say ‘ We have chosen our Capital on our own account. We are going there. Give us some facilities for our children here ’, is this the way in which the matter should be dealt with?

“ History is there and the facts are there. We are all alive 1-10
to-day and the whole principle will be known soon. There is no p.m.
question of generosity or mercy that has to be shown by Sri Rajagopalachariar or anybody else. It is a question of right. When we asked for some concessions as it were in these amendments, everybody got up and opposed. Mr. Vinayakam with his big voice can say anything. Mr. Siddanna Gowd pointed out what I have been attempting to point out. How the whole of the residuary Madras State has come into being, what compensation we should be given or would be given—these and similar questions will come up in due course. It is only a question of time. This is only a preliminary point in drawing a boundary line. It need not have taken so much time for Pandit Jawaharlal Nehru to carve out this Andhra State.

“ Mr. Vinayakam says so much about Chittoor, Tiruttani, Tirupati and so on. The Partition Committee went into this matter. I request Mr. Vinayakam to look into the Partition Committee records and find out whether any one representing the Tamilians on that Committee stated anything about Chittoor. Chittoor was put into the list of undisputed districts and the whole enquiry was on that basis. Not a word was said by Mr. Vinayakam or any one else to the effect that Chittoor or part of Chittoor belongs to non-Andhras.

[Sri T. Prakasam] [22nd July 1953]

" I submit that there is no cause for any excitement or bitterness in the matter. As I said in the beginning, we have no quarrel with the Tamil friends. How can we have any quarrel? Over concessions so much time has been taken. The word 'concession' was used. Give some facilities to us—that was the request. Suppose we were not partitioning. Would the Tamilians have refused these concessions to Andhras or any other people? No, they would not have refused. To-day 40 lakhs of Andhras are in out and out Tamil areas, and they have to continue there. (Interruption by the Hon. Sri C. Rajagopalachariar.) 'Willingly' says Rajagopalachariar. The relationship is there and that is why I say that Tamilians and Andhras cannot be characterised as different classes of people. The way in which the matter is represented and approached is highly questionable so far as we are concerned. We have lived together, worked together and done all that was necessary to get freedom for our country and we have succeeded in every respect.

" I am hoping that the day will not be far off when a boundary commission will come and several matters including the exact constitutional position of the residuary Madras State will come up for enquiry and settlement. The status of Madras itself will be settled. Until then, let there be no guess work, let there be no procrastination in these matters.

" I am sorry I was obliged to intervene in the debate having regard to the talk that had been going on for such a long time. Mr. Nagi Reddi is getting angry and I do not want to stand in the way of his speaking."

* SRI T. NAGI REDDI :—" Mr. Speaker, Sir, I am also anxious to keep the debate on a level which will not rouse passions. At the same time we should go into facts as they are. It is true that Andhra State will have certain already existing institutions and also in due course build up its own institutions. But the whole question is whether the State has enough institutions to carry on immediately or whether, due to various factors of history, it is necessary for the Andhra State to continue to enjoy the use of certain institutions in the residuary Madras State. People might go under the impression that the Andhra State has every kind of institution that a State requires. For example, the Government have not included the Engineering College in the Schedule. It might be said that there is an Engineering College in Anantapur and that therefore there is no need for the Andhras to continue the use of the Engineering College in Madras."

THE HON. SRI C. SUBRAMANIAM :—" There are two Engineering Colleges in Andhra."

* SRI T. NAGI REDDI :—" I would like my Tamilian friends to note that the Engineering College in Anantapur is only a college in name. It is located in the dilapidated buildings of a former meat factory. There is no elbow room and there is no place even for conducting examinations. So the students

22nd July 1953] [Sri T. Nagi Reddi]

of Anantapur Engineering College come to Madras for their examinations. We should go deep into these facts, see whether there is any necessity for the Andhras to enjoy some facilities in the institutions of the residuary State for some years to come, and decide the question in the most friendly manner possible.

" We must remember, Sir, that for various reasons Madras has been our capital for something like 100 years. Because Madras has been our capital, and Madras happened to be centrally situated for the whole of the Madras Province, all institutions essential for the whole State developed only in Madras City. This fact has to be taken into consideration. The money of the undivided State has been spent on these institutions. I would not like to say anything for melo-dramatic effects as it is always the case with Sri Vinayakam. I have already told Vinayakam that applause can be got on sentimental grounds for a temporary period. Let me warn him that some day this will work like a boomerang against people like him who are unjust, unreasonable, and who go against the interests of the people. This boomerang will certainly work against Mr. Vinayakam's own interests in the long run. That is why looking into things carefully and without passion, we of the Communist party come forward and say, because of historical factors, it is necessary that the Andhra State, which is now being separated from Madras State, should be given certain facilities for a certain number of years. Every reasonable man has accepted it. Mr. Vinayakam came forward and said all that he had to say. I would not have referred to him but for the fact that Mr. Rajam Ramaswami said that Mr. Vinayakam had put the case of the Tamilians excellently and most reasonably. This is the reason why I have taken so much time to speak on this. It is stated that it is impossible to give facilities in these institutions, and that whatever facilities are sought to be given as per the Schedule, are themselves too much. Every reasonable man including the Partition Committee of 1950 has said that certain rights should be given. It is not, Sir, any generosity. It is the rights of men who have lived in Madras City as citizens. It is the rights of men who have been responsible for all progress here. It is the rights of men who have developed these institutions here. The institutions have been developed by friends in Tamil Nad and friends in Andhra. It is our right and duty, and it is also the right and duty of the Tamilians to provide us with the facilities existing in Madras. That is the reason why the Partition Committee in 1950 stated that for 25 years facilities should be given to the Andhras. What is the change that has taken place after 1950? Has any revolution taken place? Have more institutions been built in Andhra? Has the number of colleges increased? Has the number of seats become more in the colleges now? If we can say that we have now greater facilities . . . (Interruption by the Hon. Sri C. Subramaniam.) The question of compensation is entirely a different matter. I would not like to go into the question of compensation now. If we are to go into the question of compensation, we will have to take up buildings after buildings, roads after roads, wells after wells, etc. If the question is to be posed in that way, then

1-20
P.m.

[Sri T. Nagi Reddi]

[22nd July 1953]

I am sure the atmosphere will become vicious and poisonous, and we will not be able to go to the truth of the matter. I am not asking account for every pie that has been spent on the educational institutions. I am not asking that every one of the items should be given back to us. I am only asking that till such time as we can develop our own institutions—till such time as our own institutions become reasonably good for us to continue there and not come and fall upon you here—please allow us to be here as a matter of right and not generosity. It is not a question of generosity; we are not begging with a begging bowl in hand. If they are to say that we have no right, then I would say, 'let us put this proposition before a third party and tell him the facts.' We have been told that we are a joint family. If it is a joint family, let us divide on the basis of joint family and let us have the rights and facilities which a divided Hindu family will get. If this is not the way in which we are to look at things, I am sure that this attitude will not help us in our future good relations. It is asked, 'why should we give our seats to Andhras and say to Tamilians they have no seats.' The fact of the matter is that neither the Andhras nor the Tamilians have been provided with enough seats in the colleges. Is it not a fact that out of 1,600 applicants to the Anantapur College, only 700 or 600 were taken in? This is a difficulty not only in Andhra or Madras, but all over the country. As legislators it is our duty, and it is also the duty of the Government to try and mitigate this difficulty. The Government must try to increase the facilities all round. The dearth of colleges in a particular State, should not be the reason why people, who have had certain rights all these years, and who have yet to develop their own institutions, should be denied certain rights which they had been enjoying in that State. I would like Mr. Vinayakam also to try and develop this line of thought. There must be mutual consent. Let us co-operate with each other, and develop our institutions in the best manner possible. Then he said 'I love my country.' I would request him not to hate the other country. Mr. Vinayakam said it in strong language and with great vehemence. I too love my country. But that does not mean that I hate the other country. The manner in which and the vehemence with which Mr. Vinayakam spoke is a very clear indication to raise passions and to hate all other people. This is not in my grain. This is not in my blood. I am sure he is not going to make any impression with all his vehemence. My love for the Tamilians, my respect for them will continue, and my future relations with them will certainly be good. I have lived in Madras for quite a number of years. From the IV class up to the Intermediate class I had been here. Probably I have more Tamilian friends than Andhras. I can tell him that whatever may be his relationship with Andhras, my relationship with the people here will certainly be friendly. Mere passions will not rouse the common man of Tamil Nad. Passions cannot be raised unnecessarily by such utterances. Such things do not also help.

"Sir, we have asked for the separation of the State as our natural right. It is our national right. The freedom movement has

22nd July 1953]

[Sri T. Nagi Reddi]

taught us that it is our right. We have asked for it, and we have got it. I may inform Mr. Vinayakam that he also will get his Tamil State when the Kanarese part of the residuary State is removed, and Malabar tacked on to Travancore-Cochin. I certainly wish that Tamil Nad should function in a friendly spirit with her neighbours. Why should Mr. Vinayakam say 'we Tamilians have certain rights.' The Madras State will have to give certain rights to Malayalis and Kannada people. This kind of haranguing would not do. Let people think in a reasonable manner. I would request Government to look into these things very carefully. We have been in Madras for quite a long time, especially the people of Rayalaseema. Except for the single college in Anantapur, no college has been developed in Rayalaseema. These are all facts. Therefore, I would request Government to consider the amendment of Mr. K. Varadachari and agree to his amendment. We may send a unanimous resolution to the Government of India so that the two States may function smoothly."

VI.—HALF-HOUR DEBATE *RE* FLOODS IN MALABAR.

MR. SPEAKER :—"I have allotted five minutes to each of the hon. Members who want to participate in this debate. Sri Narayana Kurup will initiate the debate." 1.30 p.m.

* SRI M. NARAYANA KURUP :—"Mr. Speaker, Sir, the recent floods in Malabar, for reasons of their own, have not attracted much attention either of this House or of people outside. Of course, we are under a very great handicap because there are no English dailies to champion our cause and our voice in the Cabinet is very feeble. Though the situation cannot be compared with that of Tanjore some time ago, I feel that the present situation in Malabar is a very serious one. In the first week of July there were unprecedented rains, accompanied by violent storm, in Malabar. In six days, 26 inches of rain were recorded of which 10 inches fell in between 24 hours of 6th July and 7th July. The average rainfall during this period in the previous year was only 9 inches. The worst affected area was the northern region which was very much on a par with sea level. Sir, miles and miles were flooded. In and around one place, Payoli, 20 square miles of land were submerged under 15 to 20 feet of water. People had to resort to boats to go from one place to another. There was heavy loss of cattle and in some places, it is reported, the mouths of the rivers were blocked by dead bodies. A number of houses and hutments collapsed. Even a number of school buildings fell down. The only redeeming feature was that except in two or three places there was not much loss of human lives. The severity of the rain can be imagined from the fact that an elephant died benumbed with cold. There was absolutely no communication from place to place. Schools and colleges were closed to make room for refugees, and I have seen two or three camps where more than a thousand people were living as destitutes. The Hon. the Land Revenue Minister has given some data. Of course, he himself confesses

[Sri M. Narayana Kurup] [22nd July 1953]

that due to lack of communication, the figures are not complete. The data given by him refer to only three taluks out of ten, and even that errs very much on the side of moderation, because in Chirakkal taluk itself more than a thousand houses had fallen, according to the personal enquiries made by some of our friends. Even then the figures given by him show the seriousness of the situation. He has said that some steps are being taken and help has been given, but we are not in the know of things as to how much help has been given. From newspaper information, I gather that about Rs. 10,000 have been sanctioned, which is only a drop in the ocean. The Hon. Minister must at least sanction as many lakhs as there are thousands. One important fact which I wish to bring to his notice is that almost all the houses belong to the Harijans. This opportunity has been taken advantage of by persons who refuse now entrance to places where the original buildings stood, and even with the help of Rs. 30 which the Government have sanctioned, they are not allowed to build their own hutments there. I would request the Hon. Minister to immediately address himself to this question. There are poramboke lands in these places and if we just allow a few cents and order the Collector to give them on lease or otherwise to these poor Harijans, much help can be given to them."

SRI T. C. NARAYANA NAMBIAR :—" Mr. Speaker, Sir, it is extremely difficult to bring before the House the enormous loss that the poor people of Malabar had to incur consequent upon the recent floods. Some thousands of houses were completely washed away in North Malabar alone. In my constituency of Taliparamba alone, 408 houses were completely washed away and some hundreds of houses were partially damaged. In the little village of Narath alone, 120 houses belonging to the Harijans were completely washed away. The meagre and inadequate financial help that has already been given to these poor Harijans is not at all sufficient for their rehabilitation. In a letter which I have just now received, it is stated that in certain cases only Rs. 10 were given, in some others Rs. 15, and in only four cases Rs. 30. I ask the Hon. the Minister for Land Revenue to consider how it is possible in these days to construct a house with Rs. 30 or Rs. 10. The greatest calamity that has ever befallen Malabar is the recent flood and the havoc caused by it. I would request the Hon. Minister to order immediately an enquiry to correctly estimate the losses sustained due to the floods. In this connection, I have to bring one most pertinent and important point to the attention of the Government. Some reactionary landlords are utilising this opportunity to evict the tenants. In the All Party United Relief Committee meeting that was held at Cannanore where the Revenue Divisional Officer and the Tahsildar were present, I brought to the notice of the authorities concerned that some of the landlords were utilising this situation for eviction of tenants. When the Revenue Divisional Officer went to a certain village to distribute the grant, the village munsif—who himself happens to be a landlord—and some other landlords were reported to have told the Revenue Divisional Officer that the property belonged to the landlord concerned who would construct

[22nd July 1953] [Sri T. C. Narayana Nambiar]

the houses, and that help by the Government need not be given to the parties. To that extent, help was refused to certain Harijans. Now, neither are the landlords going to construct houses nor have the Harijans some other residence to go to. It is a very serious situation and I hope the Government will see that any Harijan who was living in a house prior to the floods is not evicted. Under no circumstances should such a thing happen in Malabar. Therefore, necessary steps will have to be taken immediately. Some thirty years ago there was a heavy flood and the British Government were then ruling. Even they immediately granted remission of rent and waram, and financial help was also adequately given. Similarly, I hope the present Government will come to the rescue of these poor people who have been, for no fault of theirs, thrown to the streets without home or shelter.

" Another point is this. Due to drought the poor peasants got some loans from their neighbours and sowed some seeds, but seedlings have not grown. Even the few seedlings that grew were completely washed away. Some of the peasants who wanted to transplant the seedlings have already plucked them and even they have been washed away. From a report just received from Walancheri, I find that 25,000 banana plants have been washed away. The landlords are demanding eight annas for one plant and some thousands of rupees have already been paid to the landlords. Unless the Government immediately enquire into the matter and give adequate help, there will be a great calamity in Malabar. So, I request the Hon. Minister to do the needful."

1-40
p.m.

* SRI K. P. GOPALAN :—" Mr Speaker, Sir, my constituency is one of the worst flood-affected places in Malabar. In certain places, about two hundred houses were destroyed and about four hundred houses have been damaged. Most of these houses belong to Harijans. Many of the houses belonging to poor Harijans have been washed away. To a great extent cultivation has been affected. For example, the recent floods have greatly affected one particular amsam in Chirakkal and another place which will yield about 8 lakh paras of paddy in a year.

" I wish to make one special appeal to the Government. Whenever floods come, it is the poor Harijans who are mostly affected. Besides taking steps to give immediate relief to these people, the Government must take some permanent measures to prevent the houses of these Harijans from being washed away every year. The Government should provide adequate sums of money which should be available for the relief of the victims. I have visited several places affected by these floods. In one place I found about 100 Harijans who have lost their houses and everything that they had. One seer of rice was distributed among those people. All those people were simply crying for help. The Government must start a number of gruel centres. In one amsam, there are about 600 agricultural labourers. All of them have been thrown out of employment as they cannot cultivate their lands immediately. The Agricultural Department of the Government

[Sri K. P. Gopalan] [22nd July 1953]

must distribute seeds and manure to the poor peasants. The Government should give loans to these poor peasants. It is the duty of the Government to help the victims. It is also the duty of the patriotic citizens to help the poor people. That is why we have started a non-official Relief Committee and we are also trying our level best to collect money for giving relief to these poor people. I request the Government to give full powers to the Collector of Malabar to spend as much money as he feels necessary for affording relief to them. In Badagara and other places many houses were destroyed. In coastal places like Beypur, people have been suffering very much on account of sea erosion. The Government must take immediate steps to prevent sea erosion in those places. I appeal to the Hon. Revenue Minister to realise the gravity of the situation and provide greater sums of money for giving relief to the poor victims of the floods. With these words, I resume my seat."

* DR. K. B. MENON :—" Mr. Speaker, Sir, I have not got very many facts to add to what Members have already given. I have been receiving letters from North Malabar where the havoc of the floods has been the greatest, especially in places like Payyoli and Perambara to which reference has already been made by some hon. Members. One fact was not brought to the notice of the House. In the coastal areas like Beypur, Nattika, Ponnani and other places, many of the houses have collapsed and people have been actually thrown in the streets. Particularly in Ponnani, a school collapsed and a number of children died and many were injured and admitted in the hospital. I hope the Government will take care of these injured persons. The Collector has granted a sum of Rs. 10,000 and odd. The Revenue Minister has given a personal assurance that he would sympathetically look into the matter. He must give more money; perhaps double or even treble. The amount that has now been sanctioned will not be sufficient to give adequate relief to those people whose houses have collapsed. In this connection I must point out that the Minister for Malabar has not issued even a statement on the subject. I would like him to take more interest in the matter.

"I wish to bring one outstanding fact about Malabar before the House. Malabar bears the brunt of monsoon winds and rain and she gets on an average about 125 inches of rain. People will naturally think that there is plenty of water there. If they think so, it will be very wrong. Because there are no facilities for storing and preserving this water, we do not have enough water even for drinking during seasons of drought and delayed monsoon. That is the position. I request that some Expert Committee of Engineers may be appointed by the Government to find out convenient places in valleys or dips where reservoirs can be constructed and where water can be stored. If some arrangement could be made for storing water, I am sure water could be easily diverted even to the East Coast for the use of the peasants in Tamilnad. We shall be very glad if some such arrangement is made. I know

22nd July 1953] [Dr. K. B. Menon]

a bit of the mind of the Hon. Chief Minister on this subject. So, I hope the Government will pay immediate attention to this most urgent issue."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" Mr. Speaker, one word in explanation. Reference was made by Dr. K. B. Menon about the statement to be issued by the Minister for Malabar. Evidently he referred to me."

MR. SPEAKER :—" Yes, he referred to the Minister for Malabar. Is there a Minister for Malabar? (Laughter.) The Hon. Minister is Minister for Law."

SRI T. C. NARAYANA NAMBIAR :—" Dr. Menon meant Minister from Malabar."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" Sir, sitting as I am on the Treasury Benches I cannot issue statements like Dr. Menon or other Opposition Members. What I can do is to meet my Colleague the Revenue Minister and see that relief is granted and that I have done. Like hon. Members Dr. Menon and others, I cannot be issuing statements. They issue statements quite often to wreck the party in power merely because they do not agree with the programme of the party. I am sorry that Dr. Menon made this remark. He ought not to have done that, since I will not be getting an opportunity to explain my stand as he would get. I have to weigh every word that I use. I hope he will not resort to this kind of remarks a second time. Thank you, Sir."

* DR. K. B. MENON :—" May I just say a word, Sir? I know the Hon. Minister cannot issue statements blaming the Government. I only wanted him to issue a statement about the actual facts and the actual suffering that the people are undergoing in that part of the country in order to console them."

* THE HON. SRI M. A. MANICKAVELU NAICKER :—" Mr. Speaker, Sir, I am glad I am given this opportunity to place before this House all the information available with me regarding the damage caused by the recent floods in Malabar. I hope all the short notice questions given notice of on the subject will be covered by my statement and disposed of. It is a pity that not only nature but also Nature behaves capriciously. Last month, that is in June, in Srikulam it rained in a concentrated manner and there was about 20 inches of rain, which has resulted in great havoc. The same thing has been repeated in Malabar after a gap of a few days. I feel in this connection that in our prayer for rain we must add a rider that we must have rain in required quantities and it should be properly distributed among the various areas.

[Sri M. A. Manickavelu Naicker] - [22nd July 1953]

1-50
P.M.

The Malabar district received the heaviest rainfall between the 4th and 7th July 1953. It is reported that the floods were widespread over the coastal and western taluks and that a large number of houses, mostly thatched huts, have collapsed. I give below the details with regard to some of the places :—

Kozhikode Municipality.—Over 2,500 persons residing in the low-lying areas had to vacate their houses. A relief committee was formed, subscriptions were collected and food was given to the evacuees. The evacuees went back to their homes on the 10th instant.

Beypur.—There was some soil erosion in this place on account of which 147 coconut trees belonging to the fishermen were uprooted. Nine families had to remove their huts to prevent them from being washed away by the floods. Monetary relief was sanctioned for each of the nine families for the reconstruction of their houses.

Kurumbranad.—In Badagara, the sea advanced about a furlong eroding a considerable portion of the foreshore land on the southern side of the Port Office, destroying 11 huts and uprooting nearly 100 coconut trees and causing damage to the fish-curing yard. The Collector has sanctioned liberal relief to the inmates of the houses.

Several cases of huts collapsing or on the verge of collapse in the interior areas have also been reported. The death of some 15 or 16 heads of cattle is also reported.

Chirakkal.—This is the worst-affected taluk. About 330 houses were either destroyed or damaged. Local relief committees are rendering all possible help. The Collector has placed money at the disposal of the Revenue Divisional Officer for giving necessary relief.

Ponnani.—This is another badly affected taluk. One hundred and thirty-five huts have collapsed here and about 700 persons have been rendered homeless. Two hundred houses were also rendered temporarily unfit for occupation. The Collector has issued orders for distribution of a large sum of money to those who are unable to reconstruct their houses without financial assistance. I shall mention the rates later.

The Collector has stated that full details have not yet been received because communications, which are difficult even in normal times, during this season, were cut off by the floods and the interior places were inaccessible. From the first report, it was found that one or two lives have been lost. One child was drowned in a hut where there was an accumulation of rain water. Another death was due to a catamaran capsizing.

22nd July 1953] [Sri M. A. Manickavelu Naicker]

The Collector sanctioning monetary relief according to the following scale and he is incurring the expenditure subject to approval :—

Reconstruction of houses—

(a) Harijans	...	Rs. 30 per family.
(b) Others	...	Rs. 20 ..

Repairs to houses :—

(a) Harijans	...	Rs. 20 per family.
(b) Others	...	Rs. 10 ..

I have received a telegram this morning which says :

Rain generally beneficial in Palghat and Walluvanad taluks, the two paddy growing taluks. Gruel centres have been ordered to be opened wherever necessary. Relief is given and already money is freely given on an adequate scale.

So, Sir, the Collector has full discretion to give relief. Only with regard to repairs and putting up of huts, a certain scale has been prescribed. But for the other kinds of relief such as opening gruel centres, he has got complete discretion. He knows the conditions obtaining in each place and I am sure he will do the needful.

The hon. Member who initiated the debate deplored that there is not sufficient publicity for Malabar. There is no publicity for the Malabar floods, he said. I do not know which other place got better publicity. He also said that Malabar is under a handicap because there is no proper representation for it in the Cabinet. I do not exactly catch what he says but this is what I understand. He has a grievance that the Cabinet will not do for Malabar as much as is expected. I can only tell him that the handicap for Malabar is that it is having a Minister in the Cabinet from Malabar. On the other hand, Tanjore has not got even one. I am referring to Tanjore because there was a comparison between the Tanjore floods and the recent Malabar floods. Tanjore had no God-father in the Cabinet but Malabar has one.

"Sir, he also wanted that permission should be given to put up huts on porambokes. I will certainly look into the matter and do whatever that is possible.

"Mr. T. C. Narayana Nambiar said that there is lot of damage, that full details are not forthcoming and that the Government must do their utmost to give relief. I am awaiting some reports. As soon as the reports are received, I will do what I can.

"He also referred to evictions. I thought evictions would come only under the Malabar Tenancy Act but they have come here also! These are only evictions caused by floods and relief will be given to the affected persons. But there must be some motive for the hon. Member to refer to evictions here. Some people take advantage of Nature's evictions and try to see that those evicted are not rehabilitated. We will certainly look into this matter also and see that no injustice is done and will not allow any subterfuge efforts to delay relief.

[Sri M. A. Manickavelu Naicker] [22nd July 1953]

"Then, Sir, my Harijan friends will feel quite happy and satisfied that there are so many Caste Hindu Members here who have suddenly become so very compassionate towards Harijans. Perhaps that is because only Harijans have been affected by the floods much and are numerous."

SRI T. C. NARAYANA NAMBIAR:—"Because they are working under them."

* THE HON. SRI M. A. MANICKAVELU NAICKER:—"I do not blame those Members. I am glad they have taken up the cause of the Harijans who have been affected. The Government are doing their very best to help them and the help these people render them will be a sort of solace to them in their distress. That Government are particularly interested in them can be seen from the fact that there is a difference in the scale of relief, the Harijans getting Rs. 30 and others only Rs. 20. So, let not those hon. Members go away with the idea that they alone have the monopoly of putting forth the case of Harijans. The Government are also trying to help them and my Harijan friends cannot be dissatisfied with the Government."

"Sir, this is all that I wish to say at this stage. Any more information that I get will be given to the House as soon as it is received, even without a request from hon. Members for the same. As I have said already, we shall try to do our best to help those who have been affected by the floods."

MR. SPEAKER:—"The House will now adjourn and meet again at 8.30 a.m. tomorrow."

The House then adjourned.

APPENDIX V.

[Vide answer to unstarred question No. 130 asked by Sri K. Krishna Rao at the meeting of the Legislative Assembly held on 22nd July 1953, page 941 supra.]

The Public Health Schemes that were taken up under the Post-war Reconstruction and Development Schemes and the results obtained thereunder are given below :—

1. *Training of Health Visitors.*—The scheme provides for the training of Health Visitors in the Government Training School for Health Visitors, Madras, by granting stipend to the students at Rs. 25 per mensem. Seventy-three students were so far trained since 1948 and the scheme is being continued.

2. *Expansion of Malaria Bureau.*—Under the Post-war Reconstruction and Development Schemes. "Expansion of Malaria Bureau was created in this department towards the close of 1945 more or less on the lines laid down in the report of the Health Survey and Development Committee. Besides a Central Malaria Laboratory at Madras and four Regional Malaria Organizations at Bellary, Visakhapatnam, Tanjore and Coimbatore, there are at present 39 Malaria Control Schemes in the various parts of this State spread over an aggregate area of nearly 11,500 square miles benefiting a population of about 2.3 millions. Eleven of these anti-malaria schemes are intended chiefly for assisting land colonization and development, four schemes are functioning in connexion with multi-purpose projects in progress in the State, to secure freedom from Malaria which otherwise may impede the progress of these projects.

After the introduction of Anti-malaria Schemes, Malaria transmission has been stopped in several areas and a fillip has been given to colonization and food production in previously deserted areas. Large areas in the Wynaad and the Agencies previously uninhabited on account of the prevalence of Malaria have now been colonized, as malaria has ceased to exist as a menace. Several thousand acres of virgin soil have been brought under the plough. In Gandama-naickanur Zamin area alone, 1,000 acres have been brought under cultivation. The freedom from Malaria has assisted the Grow More Food Campaign and the people now freed from Malaria have the time and energy for more useful pursuits.

3. *Expansion of Health Service.*—Affording of medical aid and public health services by a twenty-year plan under which no village will be more than 5 miles from the nearest rural dispensary, while in thickly populated areas, a Health Centre will serve 10,000 to 12,000 people are the main objects contemplated in this scheme. One hundred and fifty combined Medical and Public Health Primary Centres and 25 group centres were sanctioned for the first quinquennium commencing from 1948. Out of these, 80 primary health centres were opened in 1948 in the districts of Kurnool, Guntur, North Arcot, Coimbatore and South Malabar. Further implementation of the scheme and the opening of group centres were deferred on account of financial stringency of Government. The

[22nd July 1953]

30 centres continue to function with the exception of one centre in North Arcot which was closed down for want of medical personnel. Useful Public Health work has been done by the scheme. Approximately 250 villages are being served by all the Primary Centres benefiting a total population of about 6 lakhs.

Poonamallee Health Unit.—This was started in 1935 and included in the Post-war Development Scheme No. 92. The unit at present consists of four centres and serves a population of 60,000 comprised in 36 Revenue villages in an area of 35 square miles. It continues to do useful work in all directions of Public Health administration and particularly under Maternity and Child-Welfare immunization. It is a field training centre for Sanitary Inspector students and other Public Health post-graduates. It also serves as a model demonstration centre to show as to what an organized Public Health administration would do to improve the health of the rural population.

4. Nutritional Research.—Intensive nutrition work in selected areas, and extending its scope to other areas based on the achievement of the results are the chief aims of the scheme. The scheme as reorganized and included under the Post-war Development Schemes of the State, has been fully implemented, during the year 1951-52.

Extensive diet and nutrition surveys have been carried out by the three nutrition units functioning at Poonamallee Health Unit, Tiruchirappalli and Anantapur, to assess the dietary patterns of the families representing different socio-economic status, and also to appraise the nutritional status, of the people especially children. About 1,800 families have been surveyed for their diets till the end of 1952. The people are also being educated on nutritional matters to make their diet nutritious, and balanced by taking locally available cheap nutritious foods.

Two Nutrition clinics attached to the District Headquarters Hospitals started functioning during 1951. The Nutrition Bureau, Madras, has undertaken the training of personnel on the subject of food and nutrition. The Nutrition laboratory, attached to the Nutrition Bureau has been equipped for carrying out routine analysis of foods and for work on problems of applied Nutrition. The scheme submitted by this Department for the training in Scientific Nutrition of lay personnel, etc., by the Central Nutrition Bureau has been approved by Government. A conference on Nutrition was held on 11th August 1952 to review the progress of Nutrition work, carried out in the State. Measures are being taken to implement the decisions arrived at the conference.

5. Health Education and Publicity.—Only one Upper Division Clerk has been sanctioned under this scheme. The staff takes part in exhibitions in Madras City and in mufassal. The scheme is progressing.

6. Rural Water-supply.—Under the Rural Water-supply Scheme, wells are sunk in accordance with the programme prepared by Collectors and approved by the Government. Twelve thousand

[22nd July 1953]

five hundred and eighty-one wells have been completed from 1948-49 (commencement of the Five-Year Programme) to October 1952 and 5,077 works are in progress.

7. Water-supply and Drainage Schemes.—(1) **Kozhikode Water-supply Scheme.**—All works except sterilization of mains, fittings of taps to fountains and providing chemical treatment plant were completed. Plans and estimates for the first stage of the treatment works have been sanctioned by the Government and the works have been taken up for execution.

(2) **Coimbatore Drainage Scheme.**—Except providing pipe line for digestion tank, erection of pumping plant for supernatant liquor well and digested sludge well, all other works have been completed.

(3) **Coimbatore Water-supply Scheme.**—All works except laying of duplicate main for about 4,000 feet, laying of the 24" and 14" feeder mains have been completed.

(4) **Cochin Water-supply Scheme.**—Out of the 25 numbers of additional public fountains to be constructed, 22 fountains were connected. The scheme is in operation.

(5) **Karamadai Water-supply Scheme.**—Pump house, elevated R.C. Reservoir, deepening of well, laying and jointing of distribution pipe line and connection for 7 public fountains completed. Erection of pumpset has to be done.

(6) **Mangalore Water-supply Scheme.**—The original work with Gurgur as source was abandoned and the estimate for the new scheme with Nethravathi as source is under scrutiny by the Chief Engineer (General and Buildings). Twenty thousand R.ft. of 20" diameter C.I. "C" class pipes required for the pumping main have been received and will be laid.

(7) **Salem (Mettur) Water-supply Scheme.**—The scheme has been handed over to the municipality early in 1952. Certain minor items such as fixing up the drainage pump, etc., are yet to be completed. Supply and erection of auxiliary pumpset at Intake tower remains to be done.

APPENDIX VII.

[Vide answer to unstarred question No. 146 asked by Sri K. Krishna Rao at the meeting of the Legislative Assembly held on 22nd July 1953, page 958 supra.]

Annexure I.

The Collector has power to make discretionary grants for the following objects from the amount allotted to his district out of the budget provision each year for the following public objects:—

(1) Construction or improvement of public baths and bathing places and bathing ghats.

(2) Improving river landings and foot bridges.

(3) Building culverts and bridges on village cart-tracts and foot-paths or village roads for which no Government grant is available from any other source.

(4) Constructing, repairing, or improving wells or other sources of drinking water for the poorer classes.

(5) Construction or improvement of ponds in panchayat forest for the use of cattle. (This is subject to the condition that the Collector is satisfied that the forest panchayat is unable, for reasons beyond its control, to meet the expenditure.)

(6) Provision and maintenance of playgrounds for village elementary schools and the formation and maintenance of village playgrounds.

(7) Provision of sites for, or improvements of burial and burning grounds and repair of paths leading to such grounds, and provision of additional land for village communal purposes (e.g., thrashing floor or cattle stand).

(8) Provision of ballacuts or boats for crossing streams and canals which are liable to sudden floods.

(9) Contributions towards the relief of poor people whose houses have been burned or who are suffering from the effects of a flood, cyclone or other sudden calamity when relief is immediately required and there is no time to obtain a grant from the Board of Revenue or the Government from the provision under 'Famine Relief' or any other appropriate head.

(10) Contributions to help poor people to obtain materials for building huts, when they are obliged to vacate their houses on account of plague or any other epidemic diseases.

(11) Rewards to persons who have supported law and order in a specially meritorious way, or displayed special courage or public spirit in saving or attempting to save human life.

(12) Extinguishing of fire, including grant of rewards to persons other than members of the Madras Fire Services who show special courage and public spirit and incur risks in putting out fires.

(13) Raising seedlings for tree-planting in villages.

22nd July 1953]

(14) Any other object which in the Collector's opinion is calculated to promote public well being and contentment.

(15) Award of prizes to the agriculturists for the encouragements of improved farming and livestock production.

The expenditure is subject to the following restrictions:—

(1) Only real village necessities are eligible grants and no grant should be given for any work unless it is a necessity in the particular locality.

(2) Every grant should be non-recurring, i.e., it should not involve any further commitment whatever.

(3) The annual aggregate expenditure in any district should not exceed Rs. 1,000.

NOTE.—This limit has been temporarily raised to Rs. 2,000.

(4) In addition to the above amount, Collectors may incur expenditure on the object specified in item (15), subject to the limits mentioned below:—

[22nd July 1953]

Explanatory Note.

Foodgrains are moved from different sources of supply according to the allotment from the Government of India and also from procurement sources internally. In the case of rice, stocks are received from Orissa, Punjab, Assam, Madhya Pradesh, Uttar Pradesh, Delhi, Ajmer etc., and from overseas. The purchase prices vary with reference to the sources of supply. Freight charges and incidentals also vary with reference to the source and destination stations. The value of the shortages given in the above statement includes freight charges, incidentals, and surcharge, if any, levied. In regard to rice and paddy, the cost price is worked out on the basis of the total value of stock handled during the year and an average rate is adopted. In regard to wheat, wheat products, milo and overseas millets, the average pooled rates prevalent for the grain during the concerned year is adopted. An average rate for all pulses prevalent during the relevant period has been taken for pulses. Towards freight and incidentals, an uniform rate of Rs. 8 per maund has been adopted.

APPENDIX XV.

[Vide answer to unstarred question No. 166 asked by Sri K. Krishna Rao at the meeting of the Legislative Assembly held on 22nd July 1953, page 971 supra.]

A Village Production Council consists of five to ten members, representing the following classes :—

- (i) cultivators in the village ;
- (ii) artisans in the village ;
- (iii) suitable representatives from existing panchayats and co-operative institutions ; and
- (iv) representatives of bodies that may have been created by the Agricultural department.

The Tahsildar will also nominate a suitable village official of the place to act as Secretary to the Council.

The aims and objects of the Village Production Councils are as follows :—

- (i) Framing programmes of production to be achieved at each harvest by the village ;
- (ii) assessing results attained at each harvest ;
- (iii) taking steps to bring under cultivation land at present lying uncultivated ;
- (iv) arranging for the cultivation of land not cultivated or managed by the owners ;
- (v) assisting in securing minimum standards of tillage to be observed in the village with a view to increasing production ;

(d) In the ultimate analysis, the reduction of general death rate in the districts and municipalities under item (a) of the question is possible only if and when the long-term plan of provisions of hygienic environment—including proper housing, protected water-supplies, adequate drainage, sanitary excretal disposal and safe food supply is implemented. However, programmes for improvement of rural and urban water-supplies and drainage in urban areas are being implemented to the extent funds have been provided and the maternity and child-welfare services are being extended as far as funds are available.

2. In the municipalities, where high mortality rates from enteric fever were recorded in 1950 and 1951, anti-typhoid inoculations among contacts, isolation of cases in hospitals wherever possible, chlorination of water-supply sources were carried out.

3. In the areas affected by cholera, intensive anti-cholera inoculation drive was carried out by detailing additional Health Inspectors, Cholera Inspectors and Cholera Overseers. Cholera cases were isolated in temporary isolation sheds and disinfection of infective discharges and materials, chlorination of water-supplies were carried out. Propaganda on methods of prevention of infection was also done by means of distribution of pamphlets, posters, etc. Besides these temporary measures, the execution of the five-year water-supply and drainage schemes in urban and rural areas have been undertaken. Provision of public and private sanitary conveniences by enforcing necessary sections of the Madras Public Health Act is being pushed through vigorously.

4. In the areas where high mortality rates from smallpox were recorded in 1950 and 1951, and in other areas also, intensive primary vaccinations and revaccinations among the vulnerable groups were carried out by augmenting the permanent staff by temporary trained vaccinators. Wherever possible, temporary sheds were put up for isolation and treatment of smallpox patients.

5. The high mortality rates from respiratory diseases in municipalities mentioned under section (b) of the question are mostly due to overcrowding and congestion. Steps are generally taken to improve housing conditions by periodical inspection of houses and enforcing provisions of the Madras Public Health Act, clearance of slums, etc., as far as practicable under the limited finances available to local authority. In Nilgiris district, climatic conditions favour high incidence of respiratory diseases.

6. In view of the high infant and maternal mortality rates recorded in the municipalities and districts, the maternity and child-welfare services have been extended as far as funds of the local authority permitted. In the places mentioned in answer to item (d) of the question 31 maternity and child-welfare centres were established during 1950 and 1951.

THE MADRAS LEGISLATIVE ASSEMBLY.

Thursday, 23rd July 1953.

The House met in the Assembly Chamber, Government Estate, Mount Road, at half-past eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

I.—QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

Postponement of the election to the Baliapatam Panchayat Board.

* 908-A Q.—SRI K. P. GOPALAN: Will the Hon. the Minister for Local Administration be pleased to state why the Government have suddenly issued orders to postpone the election to the Baliapatam Panchayat Board in North Malabar originally fixed for 6th July 1953?

THE HON. SRI N. SANKARA REDDI:—"Government ordered that the elections to the panchayats in the Malabar District should be postponed till the rigour of the monsoon was over and consequently the elections to the Baliapatam Panchayat were postponed by the Inspector of Municipal Councils and Local Boards."

SRI K. P. GOPALAN:—"May I know, Sir, when was the postponement order passed and when was it published in that area?"

THE HON. SRI N. SANKARA REDDI:—"Sir, after the monsoon broke out, it was practically impossible to conduct elections in North Malabar. I cannot give the exact date. Some time ago the orders were issued and the Inspector of Municipal Councils and Local Boards postponed the elections and they will be taken up again in August."

SRI R. SIDDANNA GOWD:—"Sir, under whose recommendations were the elections postponed?"

THE HON. SRI N. SANKARA REDDI:—"Sir, it was postponed on some representations of the people of Malabar, including our Hon. Minister."

SRI S. DEIVASIGAMANY:—"Sir, are the Government aware of the great amount of inconvenience and trouble that would be caused to the people by the postponement of these elections?"

THE HON. SRI N. SANKARA REDDI:—"Sir, hon. Members should know what monsoon in Malabar is. It is not like in other areas, say in Madras. It is practically impossible to conduct elections when there are rains in Malabar. It will be raining continuously for three or four days."

[23rd July 1953]

SRI K. VINAYAKAM :—“ May I know, Sir, what exactly are the reasons which actuated the Hon. Minister for Law to write to the Hon. Minister for Local Administration so as to persuade him to postpone the elections? ”

THE HON. SRI N. SANKARA REDDI :—“ The elections to panchayat boards had to be postponed because of the monsoon, Sir.”

SRI K. P. GOPALAN :—“ In the order published by the Regional Inspector of Local Boards, it is stated that the elections are postponed ‘ owing to rain and some other reasons ’. May I know from the Hon. Minister what those ‘ some other reasons ’ are? ”

THE HON. SRI N. SANKARA REDDI :—“ Sir, they are that voters cannot be made to stand during rain or in the rain.”

Compensation to the victims of the Railway accident at Molakalacheruvu.

* 908-B Q.—SRI D. SEETHARAMIAH : Will the Hon. the Chief Minister be pleased to state what steps the Government have taken to move the Central Government for securing adequate and speedy compensation for the victims of the railway accident at Molakalacheruvu, Madanapalle taluk?

THE HON. SRI C. RAJAGOPALACHARI :—“ The Central Government have very promptly appointed a Claims Commissioner for settling claims for compensation for the victims of the railway accident. The Claims Commissioner took charge of the post on 1st July 1953.”

SRI C. V. K. RAO :—“ Sir, may I know how many died in the railway accident? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, I am not prepared for all kinds of questions like that. I have answered the question about the appointment of the Claims Commissioner.”

SRI T. LAKSHMINARAYANA REDDI :—“ May I know, Sir, what is the time given to the sufferers in the accident to apply for compensation? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ There are definite rules about these matters, Sir. It is under these rules that applications will be made and the Claims Commissioner will go into them and pay compensation under these rules.”

Expenditure in connexion with the tour of the President of India.

* 909 Q.—SRI C. KANDASWAMI (on behalf of Sri M. Kalyanasundaram) : Will the Hon. the Minister for Finance be pleased to state the total expenditure incurred by the Government in making bandobust arrangement for the tour of the President in different parts of our State during February 1953?

23rd July 1953]

THE HON. SRI C. SUBRAMANIAM :—“ The total expenditure incurred by the Government in making bandobust arrangements for the tour of the President in different parts of this State during February 1953 was Rs. 45,792.”

SRI T. NAGI REDDI :—“ Sir, is it not the Government of India that generally incurs all the expenditure, when the President of the Republic tours the States? ”

THE HON. SRI C. SUBRAMANIAM :—“ Sir, this is expenditure incurred by the State Government.”

SRI K. VINAYAKAM :—“ Sir, may we know whether the tour in question of the President of the Indian Republic was a private one for, he had been visiting a lot of pilgrim centres? Or, was it an official one in the interests of the State? ”

THE HON. SRI C. SUBRAMANIAM :—“ Sir, the President toured in his capacity as President.”

SRI V. BALAKRISHNAN :—“ Sir, why should the State incur expenditure on the President's tours? Should not the Government of India incur such expenditure? ”

THE HON. SRI C. SUBRAMANIAM :—“ Sir, this is expenditure incurred by the State for providing bandobust arrangements. There is no provision that the Government of India should bear this expenditure.”

* 910 Q.—SRI C. KANDASWAMI :—“ This question may be adjourned to to-morrow, Sir.”

* 911 Q.—THE HON. SRI A. B. SHETTY :—“ Sir, this question may be put off.”

X-ray treatment in the State.

* 912 Q.—SRI S. VEMIAH : Will the Hon. the Minister for Health be pleased to state—

(a) the number of X-ray cases treated in 1949-50; and 1951-52; and

(b) the number of cases of free X-ray treatment of poor people in the State?

THE HON. SRI A. B. SHETTY :—

	1949-50.	1951-52.
“(a) 153,026		161,108
“(b) 142,311		151,416”

SRI R. SIDDANNA GOWD :—“ Sir, to how many districts do these figures relate? ”

THE HON. SRI A. B. SHETTY :—“ Sir, X-ray treatment is given in two of the City hospitals and also at Madurai and at Visakhapatnam.”

[23rd July 1953]

Murder cases in Kottayam taluk.

* 913 Q.—SRI K. MADHAVAN NAMBIAR: Will the Hon. the Minister for Finance be pleased to state—

(a) whether the Hon. Minister for Law received any memorandum from Sri T. K. Raju at Tellicherry in the month of January 1953, regarding the negligence on the part of police authorities in investigating certain murder cases in Kottayam; and

(b) if so, what steps the Government have taken thereon?

THE HON. SRI C. SUBRAMANIAM:—“(a) The answer is in the affirmative.

“(b) A report has been obtained from the Inspector-General of Police. The report shows that no such murders as alleged were committed, and that there was no negligence on the part of the police in the investigation of the cases. One of the alleged murders is reported to be a case of suicide; in the second, the person said to have been murdered is still alive, and has been traced; and in the third, the woman alleged to have been murdered has been missing, and the report shows that there is no evidence to show that it is a case of murder.”

8-40
a.m

SRI K. MADHAVAN NAMBIAR:—“In Dharmatam village in Tellicherry taluk, one woman named Panchali was not seen for the last few months. It was suspected that it was a case of murder due to the quarrels amongst the neighbours. Did the Government conduct any investigation; if not, will they investigate the matter now?”

THE HON. SRI C. SUBRAMANIAM:—“It was on mere suspicion in respect of the other case also that allegation was made that it was a case of murder. Fortunately or unfortunately it was found later that the man was living and still alive. So again, an allegation is made simply because a woman is missing that she is murdered. There is absolutely no ground to suspect that the woman is murdered.”

DR. K. B. MENON:—“Are the Government aware that of late there has been an increase in the number of murders in those areas which used to have the least crime report? Is there any particular reason for this?”

THE HON. SRI C. SUBRAMANIAM:—“I am not in a position to answer this question as it does not arise out of the main question.”

* 914 Q.—

MR. SPEAKER:—“Question No. 914 will be taken up tomorrow.”

Electricity extension schemes.

* 915 Q.—SRI K. T. KOSALRAM: Will the Hon. the Minister for Public Works be pleased to state—

(a) how many electricity extension schemes districtwar were sanctioned by the previous Government headed by Sri P. S. Kumaraswamy Raja during 1949 to 1952;

23rd July 1953]

(b) how many of them were taken up for execution by that Government; and

(c) how many have since been given up by the present Government?

THE HON. SRI N. RANGA REDDI:—“(a), (b) & (c) Electricity Extension schemes are investigated, sanctioned and executed as a routine process, solely with reference to the funds available for expenditure on such schemes from time to time. The number of schemes investigated and executed are very large and the costs of the schemes themselves vary from a few hundreds to even a crore of rupees. The time and labour involved in collecting the historical and statistical information required by the hon. Member will not be commensurate with whatever object is sought to be achieved.”

SRI K. T. KOSALRAM:—“May I know, Sir, whether the Government are going to take up those schemes since the present Government loan has been over-subscribed?”

THE HON. SRI N. RANGA REDDI:—“A separate question may be put, Sir.”

SRI T. NAGI REDDI:—“The question is about the electricity extension schemes districtwar sanctioned by the previous Government during the years 1949 to 1952 and the districts would be not more than 4 or 5. I hope the Government would be able to give us the information without much trouble and I do not see any reason why the trouble should not be taken?”

THE HON. SRI N. RANGA REDDI:—“I may submit, Sir, that the number of districts is not 4 or 5 as mentioned by the hon. Member. The information is required for the whole State. That is why I said that the time and labour involved in collecting the historical and statistical information required by the hon. Member will not be commensurate with whatever object is sought to be achieved.”

SRI S. DEIVASIGAMANY:—“In view of the fact that electricity schemes are always very remunerative, will the Government consider at least in the future extending these electricity schemes to the districts?”

THE HON. SRI N. RANGA REDDI:—“Where the schemes are remunerative, they are being taken up for implementation when the financial position justifies the taking up of such schemes.”

SRI V. R. NAGARAJAN:—“May I bring to the notice of the Government that there are a very large number of disappointees in the district of South Arcot and if there are any schemes to be implemented now, will the Government consider taking up the schemes in South Arcot district?”

[23rd July 1953]

THE HON. SRI N. RANGA REDDI :—" Sir, I believe it is a private company that is supplying electricity in South Arcot district."

SRI V. R. NAGARAJAN :—" Electricity is supplied to the licensee by the Government."

THE HON. SRI N. RANGA REDDI :—" Even so, extension schemes must be taken up by the company."

Petition regarding grant of lands to Chetty families in Wynaad.

* 916 Q.—SRI KUNHIRAMA KIDAV (on behalf of Sri M. K. Padmaprabha Gounder) : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether a petition, dated 16th October 1952, was received by him from Athimuttathu Govindan Chetty and Appu Chetty of Moopainad amsam, Wynaad taluk, requesting the Government to give lands to the Chetty families from whom lands were taken for the Wynaad Colonization Scheme; and

(b) if so, what action has been taken thereon?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" (a) Yes, Sir.

" (b) No action was taken by the Government as it was only a copy of the petition addressed to the Collector of Malabar."

Grant to Pudusseri Aided Elementary School, Palghat taluk.

* 917 Q.—SRI K. C. GOPALAN UNNI : Will the Hon. the Minister for Education be pleased to state—

(a) whether the Education Grant to be paid to Pudusseri Aided Elementary School in Palghat taluk, Malabar, was withheld for more than nine months in 1952-53; and if so, for what reasons;

(b) whether the Government received any representation from the Taluk Teachers' Union and the concerned teachers regarding the same; and

(c) what action the Government propose to take or have already taken in the matter?

THE HON. DR. M. V. KRISHNA RAO :—" (a) No. The grant was withheld for about six months only. Grant for May to October 1952 was released on 16th January 1953. It is reported that in June 1952 the registered manager of the school wanted to effect change of management. However, as there was some protest from the public and as the District Munsif of Palghat issued an injunction order restraining payment, the grant could not be paid till matters were settled and the injunction order was withdrawn by the District Munsif only in December 1952.

" (b) No. It is reported that the Director of Public Instruction has received a representation only from the teachers of the school in the matter.

23rd July 1953]

" (c) As the grant has been paid to the school up to February 1953, no further action is considered necessary in the matter."

Perambalur Panchayat Board.

* 918 Q.—SRI K. R. VISWANATHAN (on behalf of Sri M. Palanimuthu) : Will the Hon. the Minister for Local Administration be pleased to state—

(a) whether any representation was received by the Government from the public of Perambalur, Tiruchirappalli district regarding the division of wards in the Perambalur Panchayat Board;

(b) if so, what steps have been taken so far on it; and

(c) how many seats have been reserved for Harijans?

THE HON. SRI N. SANKARA REDDI :—" (a) No.

" (b) Does not arise.

" (c) No seat has been reserved for the members of the Scheduled Castes as in two wards they are the sole voters and in another ward they are in absolute majority."

Lease of fishing rights to Fishermen Co-operative Society, Gudivada.

* 919 Q.—SRI G. RAMA RAO : Will the Hon. the Minister for Agriculture be pleased to state whether the Fishermen Co-operative Society at Gudivada, Krishna district, represented to the Government this year to lease out the fishing rights in the tanks of Gudivada taluk for fasli 1362 and if so what action the Government took on the representations?

THE HON. DR. R. NAGAN GOUDA :—" No."

SRI G. RAMA RAO :—" I myself wrote on behalf of the co-operative society to the Government in this respect and I do not know why the Hon. Minister is denying this."

THE HON. DR. R. NAGAN GOUDA :—" No, Sir. At the time the question was asked, there was no representation made to the Government. On the other hand, the Assistant Director of Fisheries recommended the lease to the Fishermen Co-operative Societies and a number of tanks, waterways and branch channels have been given to the society and their lease amount comes to Rs. 2,730 now."

SRI K. RAJAGOPALA RAO :—" May I know whether the Government are giving priority to Fishermen Co-operative Societies in leasing these tanks?"

THE HON. DR. R. NAGAN GOUDA :—" Yes, Sir."

SRI P. VENKATASUBBIAH :—" May I know, Sir, under what conditions tanks are leased to the Fishermen Co-operative Societies?"

[23rd July 1953]

THE HON. DR. R. NAGAN GOUDA :—“ Usually the amount of lease is determined by taking the average for the previous three or four years.”

High school at Kunisseri, Palghat taluk.

* 920 Q.—SRI K. C. GOPALAN UNNI : Will the Hon. the Minister for Education be pleased to state—

(a) whether the Government have received any application from Sri Seetharama Ayyar, Kunisseri, Palghat, for permission to open a High School at Kunisseri;

(b) whether it is a fact that the said gentleman has offered to furnish the necessary security, provide buildings and all equipments for the opening of the High School; and

(c) what action the Government have taken in the matter?

THE HON. DR. M. V. KRISHNA RAO :—“ (a) to (c) An application, dated 17th December 1952, was received by the District Educational Officer, South Malabar, from Sri Seetharama Ayyar for opening a High School at Kunisseri. As the application did not contain all the required particulars, Sri Seetharama Ayyar was asked to furnish the additional particulars. In his reply, he reported that he had dropped the proposal of opening a High School at Kunisseri on the ground that it would affect the progress of the Higher Elementary School under his management.”

Rehabilitation scheme for the tribal people of Pathapatnam.

* 921 Q.—SRI L. LAKSHMANA DAS : Will the Hon. the Minister for Rural Welfare be pleased to state—

(a) whether any rehabilitation scheme for the tribal people of Pathapatnam constituency is ready for implementation; and

(b) if so, when it will be implemented?

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“ (a) No. “ (b) Does not arise.”

SRI L. LAKSHMANA DAS :—“ In view of the fact that there are many tribesmen in Pathapatnam, Marangi and other places, will the Government consider the desirability of taking up some schemes for the amelioration of these people? ”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“ After the new Government is formed in the Andhra State, Sir.”

Suicide cases among the Police forces.

8-50 a.m. * 922 Q.—SRI T. POTHA RAJU : Will the Hon. the Minister for Finance be pleased to state the number of persons in armed forces, i.e., constables, Malabar Special Police and Special Armed Police of our State, who have committed suicide in the year 1951-52; the causes for such suicides and the measures the Government propose to take if any, to avert such things in future?

[23rd July 1953]

THE HON. SRI C. SUBRAMANIAM :—“ There were no cases of suicide in the Malabar Special Police during the year 1951-52.

“ Two constables of the Special Armed Police, Bellary Unit (since abolished) and one constable of the Special Armed Police Unit, Red Hills, committed suicide during 1951-52.

“ One of the constables of the Bellary Unit committed suicide on account of certain misunderstandings in family affairs. No records are available to show the reasons for the suicide of the other constable. The constable of the Special Armed Police Unit, Red Hills, is stated to have got disgusted with life and committed suicide.

“ Strict supervision is being exercised in respect of arms and ammunition issued to Special Armed Police men and surprise checks are also made to ensure that they do not come into possession of unauthorized arms and ammunition.”

Action taken on G.O. Ms. No. 698, Health, dated 4th March 1952.

* 923 Q.—SRI M. VEERABHADRAM : Will the Hon. the Minister for Health be pleased to state what is the further action taken by the Government with regard to the items Nos. 4, 5, 8, 10 and 14 of G.O. Ms. No. 698, Health, dated 4th March 1952?

THE HON. SRI A. B. SHETTY :—“ Paragraph 1 (4) and (5) of G.O. No. 698, Health, dated 4th March 1952—The scheme referred to therein, namely, constitution of a leave reserve for certain classes of hospital workers in the three collegiate hospitals, viz., King George Hospital, Visakhapatnam, Government General Hospital and Government Stanley Hospital, Madras, has since been sanctioned.

“ Paragraph 1 (8) of G.O. No. 698, Health, dated 4th March 1952—The Government have since decided to bring into regular establishment all other hospital workers now borne on contingent establishment except Gurkha watchmen and gate peons who are on a fixed pay and punka-pullers who are part-time employees.

“ Paragraph 1 (10) of G.O. No. 698, Health, dated 4th March 1952—The rules have already been revised by the Director of Medical Services and printed copies of the same will soon be available.

“ Paragraph 1 (14) of G.O. No. 698, Health, dated 4th March 1952—The proposals referred to have since been received from the Director of Medical Services and orders issued thereon.”

SRI M. VEERABHADRAM :—“ The Hon. Minister for Health had more than once admitted that our hospitals are now-a-days overcrowded and that the staff employed there were having heavy work. In view of that, will the Government consider the desirability of raising the salaries of the low-paid employees in the hospitals? ”

[23rd July 1953]

THE HON. SRI A. B. SHETTY :—" A separate question may be put, Sir."

Construction of a dam near Puliyanalai on the Kollimalai, Tiruchirappalli district.

* 924 Q.—SRI N. RAJAGOPAL : Will the Hon. the Minister for Public Works be pleased to state—

(a) whether there is a proposal to construct a dam near Puliyanalai on the Kollimalai (Musiri taluk, Tiruchirappalli district); and

(b) whether it has been included in the Five-Year Scheme and whether it will be taken up immediately?

THE HON. SRI N. RANGA REDDI :—" (a) The proposal was considered and found not feasible because of inadequacy of supplies for a new scheme which would not affect existing interests.

" (b) Does not arise."

Levy of land revenue on poramboke lands given to Harijans.

* 925 Q.—SRI T. C. NARAYANA NAMBIAR : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the Government received in February 1953, any representation from Sri P. Chadayan, a Harijan teacher, Secretary, Co-operative Society, Mattul, North Malabar, regarding enhancement of land revenue for poramboke leased to Harijans; and

(b) what action was taken on the representation?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" (a) Yes. The Government received a petition on 4th March 1953.

" (b) The petitioner was asked to approach the Collector of Malabar and then the Board of Revenue before coming up to the Government in the matter."

Inclusion of Kaikolan or Karikala Bhaktas among Backward classes.

* 926 Q.—SRI G. SATYANARAYANA : Will the Hon. the Minister for Education be pleased to state whether the caste known in Andhra Desa as Kaikolan or Karikala Bhaktas has been included in the Scheduled or Backward classes and if not, why members thereof are not allowed the benefits given to Scheduled or Backward classes under the Constitution?

THE HON. DR. M. V. KRISHNA RAO :—" The community 'Kaikolan' has been included in the list of Backward classes. Pupils of the community 'Karikala Bhaktas' are also eligible for half-fee concessions.

" So far as appointment to public services is concerned, the 'Kaikolan' community alone has been included in the list of Backward classes."

[23rd July 1953]

Inclusion of the Settibalija community among Backward classes.

* 927 Q.—SRI S. NARAYANAPPA : Will the Hon. the Minister for Education be pleased to state—

(a) whether any representation has been received from Rayalaseema for the inclusion of the Settibalija community of Rayalaseema in the Backward Classes list; and

(b) if so, what action has been taken in the matter?

THE HON. DR. M. V. KRISHNA RAO :—" (a) Yes.

" (b) The Government consider that pending the general revision of the list of Backward Classes with reference to the recommendations of the Backward Classes Commission, no action is called for in the matter."

SRI S. NARAYANAPPA :—" Sir, the Rangaraju community in Markapur division in Kurnool had been included in the list of Backward Classes recently two months back considering their backwardness in society. But the Settibalija community which is as backward as the other community, in Anantapur district who have been agitating since a long time have so far not been classified as backward. May I know the reason for the same, Sir?"

THE HON. DR. M. V. KRISHNA RAO :—" There is difference of opinion as to whether this community is backward or not in the districts. That is why the Government thought that it would be better to leave the issue to be decided by the Backward Classes Commission."

Bridge over the Mambram river, Kottayam taluk.

* 928 Q.—SRI T. C. NARAYANA NAMBIAR (on behalf of Sri V. R. Krishna Ayyar) : Will the Hon. the Minister for Local Administration be pleased to state whether the Government have received any representation from the public of Mambram (Kottayam taluk) regarding the construction of a bridge over the Mambram river; and, if so, whether any decisions have been taken; and, if so, what they are?

THE HON. SRI N. SANKARA REDDI :—" Government have not received any representation. The President, District Board, Malabar, has received a representation from the President, Pathiriyad Panchayat, in this regard. He has called for a report from the Divisional Engineer (Highways), Kozhikode."

SRI T. C. NARAYANA NAMBIAR :—" In view of the fact that this bridge when completed would serve a very useful purpose, connecting the remote recesses of Kottayam and Chirakkal taluks will the Government expedite the construction of the same immediately?"

THE HON. SRI N. SANKARA REDDI :—" The question will be considered, Sir."

[23rd July 1953]

Forest offences.

* 929 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Agriculture be pleased to state with reference to the two types of cases mentioned in the Administration of the Forest Department, i.e., of cases taken to courts in paragraph 32 and new cases mentioned in paragraph 34 of the Administration Report for 1951—

(a) whether the figures of cases in paragraph 34 include cases taken to Court or whether they relate only to cases compounded by Forest officials without any reference to any court of law ;

(b) why, when the figure for cases taken to court was 18,592 (paragraph 33) and cases compounded numbered 42,319 (paragraph 35) as per the Administration Report for Forests for 1950, and the ratio of the two figures does not exhibit wide variation from 1946 to 1950, the corresponding figures for 1951 are 16,505 and 53,150 in 1951 respectively; and

(c) the corresponding figures as in (b) for the year ending 31st March 1952 and for the year ending 31st March 1953?

THE HON. DR. R. NAGAN GOUDA :—“(a) The figures of cases mentioned in paragraph 34 of the Administration Report of the Forest Department for 1951 are the total number of cases which include the cases taken to court and cases compounded by Forest officials.

“(b) The cases numbering 42,319 are the total number of cases which include the cases compounded and the cases taken to court and not cases compounded only. The cases are generally compounded by Forest officers and only where parties are not willing to pay the compounding fees, they are taken to courts. The ratio of the figures therefore depends on the attitude of the persons apprehended.

“(c) For the year ending 31st March 1952, the corresponding figures are 20,644 and 49,826 respectively. Figures for the year ending 31st March 1953 are not ready.”

SRI K. KRISHNA RAO :—“Are any steps being taken by Government or instructions have been given to have these cases compounded and not take them to a court of law?”

THE HON. DR. R. NAGAN GOUDA :—“It all depends upon the nature of the cases, Sir. It is left to the District Forest Officer to decide the matter. If any material had been seized or if he thinks it fit to take the case to a court of law, then the case goes to the Magistrate.”

SRI R. SIDDANNA GOWD :—“Sir, are the cases of illicit cutting of trees and the illicit grazing by animals differently classified?”

THE HON. DR. R. NAGAN GOUDA :—“I would like to have notice for this question.”

SRI T. LAKSHMINARAYANA REDDI :—“Are the Government aware of the fact that various Forest officials are booking

23rd July [1953]

cases even though the wood is found outside the forest reserve, or in the houses of the ryots? Will the Government take immediate steps to prevent such abuse at least hereafter and see to it that the officials are properly instructed?”

THE HON. DR. R. NAGAN GOUDA :—“Wherever and whenever such cases are brought to the notice of Government, proper action will be taken.”

Sales tax and licence fees for dealing in handspun yarn in Guntur.

* 930 Q.—SRI PRAGADA KOTAIAH : Will the Hon. the Minister for Rural Welfare be pleased to state whether illegal collection of sales tax and licence fees for dealing in handspun yarn has been made by the Commercial Tax authorities in Guntur district; whether any representation has been received by the Government in that behalf and the action taken thereon by the Government?

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“No.”

SRI PRAGADA KOTAIAH :—“Is it not a fact that in Guntur district the Commercial Tax Officers illegally collected sales tax from small dealers dealing in handspun yarn, when it was specifically announced previously that handspun yarn would be exempted from Sales Tax levy?”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“No, Sir, handspun yarn had always been exempted from sales tax levy.”

House Surgeons attached to Coimbatore Headquarters Hospital.

* 931 Q.—SRI N. K. PALANISWAMI : Will the Hon. the Minister for Health be pleased to state—

(a) for how many years a House Surgeon can serve in a particular Headquarters Hospital;

(b) how many House Surgeons are remaining in Coimbatore Government Hospital for more than that period; and

(c) why they are retained even after the specific period?

THE HON. SRI A. B. SHETTY :—“(a) Each House Surgeon or House Physician shall ordinarily hold office for a period of one year but may be continued beyond the period so long as there are no new applicants for the posts. Candidates who have already completed one year's house surgery may be appointed as paid House Surgeons or House Physicians if there are vacancies subject to the condition that preference is given to fresh candidates who have not done house surgery or who have not held previously paid posts of House Surgeons or House Physicians.

“(b) Four.

“(c) Because fresh graduates are not available to fill up all the posts.”

[23rd July 1953]

(Sri V. Balakrishnan expressed a desire to put a question by pointing his hands towards the Speaker.)

MR. SPEAKER :—" It is very unparliamentary for an hon. Member to express his desire to put a supplementary question by pointing his hands towards the Chair. The proper course that hon. Members should adopt whenever they desire to put a question is to stand in their places. That is the proper method to catch the eye of the Speaker."

SRI V. BALAKRISHNAN :—" I am sorry, Sir."

9-a.m. AN HON. MEMBER :—" Is it a fact, Sir, that the age-long discretion of the Director of Medical Services to effect a transfer within a period of three years has been withdrawn and if so, may I know when it was withdrawn and the reason why it has been withdrawn? "

THE HON. SRI A. B. SHETTY :—" This is a question about the appointment of House Surgeons and House Physicians."

SRI N. K. PALANISWAMI :—" May I know, Sir, whether in the Coimbatore Headquarters Hospital a particular community is given preference both in regard to appointment as doctors and admission as patients? "

THE HON. SRI A. B. SHETTY :—" This matter, Sir, has no relation to the question now before the House."

* 932 Q.—

MR. SPEAKER :—" This question will be taken up tomorrow."

Retrenchment of clerks.

* 933 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Finance be pleased to state, of the clerks shown as retrenched in answer to question No. 213 (16), dated 2nd December 1952, in the Assembly—

(a) how many had passed the Madras Public Service Commission examination;

(b) whether the retrenched personnel will be provided with appointments in Government offices as and when vacancies arise; and

(c) whether recruitment to Government clerical services is stopped till the retrenched personnel is re-absorbed into service in Government offices?

THE HON. SRI C. SUBRAMANIAM :—" (a) It is presumed that the hon. Member refers to the competitive examinations held in February and June 1952 for the purpose of regularising the services of the temporary clerks in the Civil Supplies Departments. The total number of Civil Supplies personnel (clerks and typists) who appeared for the two examinations, the number of persons who were selected out of them and the number of persons who had passed the

[23rd July 1953]

examinations out of the staff shown as retrenched in reply to Question No. 213 (16), dated 2nd December 1952, are as follows :—

	Number of persons who appeared for the examinations.	Number of persons selected.	Number of persons selected out or those shown as retrenched in reply to Question No. 213 (16) dated 2nd December 1952.
(1)	(2)	(3)	(4)
For the Examination held in February 1952	93	69	49
For the Examination held in June 1952	869	436	

" (b) The personnel of the Civil Supplies Department consist of—

(1) persons drafted from other departments and having a lien in those departments; and

(2) outsiders.

Persons drafted from other departments and who have been retrenched from the Civil Supplies Department have reverted to their parent departments. Such persons who are still in the Civil Supplies Department will be reverted likewise as and when they are retrenched from the Civil Supplies Department. So far as the outsiders are concerned out of those who have come out successful in the Special Competitive examinations some have joined new posts to which they have been allotted by the Commission, while the remaining persons have been allotted to other departments without prejudice to their appointment in the Civil Supplies Department.

" (c) No."

SRI S. DEIVASIGAMANY :—" May I know, Sir, how many persons who have passed the Madras Public Service Commission Examination are still awaiting appointment? "

THE HON. SRI C. SUBRAMANIAM :—" I am sorry, Sir, I cannot give the exact number of people who are still awaiting appointment."

SRI K. KRISHNA RAO :—" When there are already persons who have been retrenched and who have not been provided with jobs, may I know whether fresh men are taken while the retrenched men have not been provided with jobs? "

THE HON. SRI C. SUBRAMANIAM :—" We have also to consider suitability; simply because a person has been retrenched it does not mean, he can be taken into any Department."

[23rd July 1953]

SRI V. RAMA RAO :—“ May I know, Sir, whether the Government will give some more chances for these experienced people who are under orders of ousting now? I wish to know, Sir, whether the Government will give them some more chances to pass the Service Commission Examination? ”

THE HON. SRI C. SUBRAMANIAM :—“ If it is for the purpose of appearing for the examination, that is being considered on merits on the application of each candidate.”

SRI K. KRISHNA RAO :—“ Is it not true that having been found fit and having been retained all these years that they had been in service these persons are better than those coming through the so-called examination of the Public Service Commission? ”

THE HON. SRI C. SUBRAMANIAM :—“ These, Sir, were emergency appointments, appointments made on a purely temporary basis and they have got to be later selected for absorption in permanent posts and for this they have to pass this examination.”

SRI VAVILALA GOPALAKRISHNAIAH :—“ Is it a fact, Sir, that in the Guntur district when the Public Service Commission allotted a particular candidate to the Sales Tax department, he was refused to be taken into the department because some other person related or in some way connected with the officer would be affected and, therefore, he was not appointed? ”

THE HON. SRI C. SUBRAMANIAM :—“ It is a very bad insinuation, Sir; but if the hon. Member will write to me the facts of the case, I will look into it and find out whether it is a fact.”

Recommendations of the Land Reforms Committee.

* 934 Q.—SRI G. RAMA RAO : Will the Hon. the Minister for Land Revenue be pleased to state whether there is any proposal with the Government to bring about any land reforms according to the suggestions made by the Land Reforms Committee (the Subramanyam Committee) appointed by the Government previously, and if so, when?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ The recommendations of the Land Revenue Reforms Committee are under the examination of the Government and it may take some time before final decisions are taken by the Government on them.”

SRI G. RAMA RAO :—“ May I know, Sir, how long this has been under the consideration of the Government and how much more time they will take for coming to a particular conclusion? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ It has been under consideration for some time and it will take some more time because just now we are pre-occupied with emotional matters.”

23rd July 1953]

SRI B. SANKARAYYA :—“ ఈ భూసంస్కరణలకు సంబంధించినంతవరకు కమిటీలను నియమించడం కేవలం ప్రజలను మధ్య పెట్టుకోవడానికే, ఇదివరలో ఈ కమిటీలు ఇచ్చిన రిపోర్టులను అందుచేత ప్రభుత్వంవారు ఆమలు జరుపుటకు పూనుకొనుట లేదని ప్రజలు అనుకోకున్నారు అది సజమేనా? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ The report of the Committee was placed on the table of the House and the hon. Member would have read it, I suppose; we are also reading it and are preparing notes.”

SRI G. RAMA RAO :—“ May I, in this connexion, draw the attention of the Hon. Minister to the fact that the A.I.C.C. has passed a resolution in respect of fixing a ceiling in respect of landholding and having regard to that fact will the Government fix a ceiling limit for landholders so that lands in excess of the ceiling limit in their possession may be distributed to the landless poor without the payment of market value? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ The question of a ceiling limit is one of the important issues, Sir.”

SRI V. R. NAGARAJAN :—“ In view of the fact that this urgent problem is being delayed inordinately by the Government, may I urge upon the Hon. Minister to take up at least some of the salient recommendations of the Committee and fix up the ceiling limit for landholding because, Sir, there is no meaning in allowing any amount of lands to be held after the passing of the Zamindari Abolition Act in the State? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ I may assure the hon. Member that I am more anxious than the hon. Member to give effect to certain reforms but we are placed in such circumstances that we cannot pay our attention to this now.”

SRI T. NAGI REDDI :—“ May I know, Sir, if there is any chance at all of this report being the basis of an enactment or is it going to be postponed from time to time for various reasons, the immediate reason now being the division of the State? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ The hon. Member will know about it by and by.”

Disciplinary action against students by the Police.

* 935 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Education be pleased to state—

(a) whether the power of initiation of disciplinary action against students under the Madras Educational Rules entrusted to the Police—vide answer to question No. 24 on 8th November 1949 in the Legislative Assembly, still continue and if so, what is the exact position to-day in regard to the power of Police to set in motion the various penal provisions of the Madras Educational Rules against students in schools and colleges in the State; and

[23rd July 1953]

(b) whether it is a fact that college students of the V.R. College, Nellore, have been and are subjected to Police surveillance for having participated in anti-detention agitation?

THE HON. DR. M. V. KRISHNA RAO :—“(a) The answer to the first part of this clause is ‘No’. The second part does not arise.

“(b) No.”

Irrigation under the Peruvalai and Ayyan channels, Lalgudi taluk.

* 936 Q.—SRI N. RAJAGOPAL: Will the Hon. the Minister for Public Works be pleased to state whether any representation was received from the ryots of Lalgudi taluk, Tiruchirappalli district, regarding closure of several irrigation sluices in the upper riparian region of Peruvalai and Ayyan channels; and also the special treatment to certain lands and the consequent loss to others and if so, what action has been taken on the same?

THE HON. SRI N. RANGA REDDI :—“Several representations against closure of the upper sluices of the channels were received. Owing to the failure of the monsoon and the unprecedented low flows in the Cauvery during the last irrigation season, the available supplies had to be distributed equitably through a turn system, in the working of which the upper sluices of the channels had to be closed for some days in the week to pass down supplies to the tail-end ayacut. Complaints about insufficiency of supplies to certain lands and special treatment of others were looked into and were found to be baseless in most cases and relief was given where necessary.”

SRI N. RAJAGOPAL :—“May I know what the number of days is on which the sluices were closed and whether any favouritism was shown to certain persons; if so, Sir, may I know why?”

THE HON. SRI N. RANGA REDDI :—“I have already said that no favouritism was shown and wherever complaints were taken to the notice of the authorities, they were examined and they were found to be baseless and not valid.”

Supervisor in the Highways Department in South Kanara.

* 937 Q.—SRI M. S. MOGRAL: Will the Hon. the Minister for Local Administration be pleased to state—

(a) whether a supervisor of the Highways Department was posted to the Panchayat department in South Kanara;

(b) whether he has joined duty so far; and

(c) if not, what arrangements have been made by the Government to post a substitute?

THE HON. SRI N. SANKARA REDDI :—“(a) Yes,

23rd July 1953]

“(b) & (c) As the supervisor first posted to South Kanara district for panchayat works in that district is now on leave, another supervisor has been posted in his place. He is expected to join duty shortly.”

SRI M. S. MOGRAL :—“May I know, Sir, whether the Government have received any representations against the extraordinary delay in investigating panchayat works?”

THE HON. SRI N. SANKARA REDDI :—“Yes, Sir, hitherto all panchayats had to depend upon the Highways Department and other departments and there were some delays but now some arrangement is being made and supervisors are being posted for attending to panchayat works.”

SRI Y. MANJAYA SHETTY :—“Will the Government consider the desirability of appointing a separate engineering establishment for each district to carry on panchayat works speedily, efficiently and effectively?”

THE HON. SRI N. SANKARA REDDI :—“Something towards that end is now being made.”

Administration of forests.

* 938 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Agriculture be pleased to state with reference to the instances of serious damage caused to the forests under the direct control of the Forest department and the suggestions made in the course of the speeches on Forest Demand by Sri Kune Rao, M.L.A. (page 35 of debates, dated 23rd July 1952), Sri K. R. Viswanadham, M.L.A. (page 31, dated 23rd July 1952) and Sri Seethi Sahib, M.L.A. (page 36, dated 23rd July 1952) of the Madras Assembly Debates—

(a) whether the Government have examined the question of entrusting forest administration to forest panchayats;

(b) whether the Government have considered the question of the constitution of District and Taluk Committees of non-officials to check corruption and abuses in Forest department, and if so, with what result; and

(c) whether the Government have examined the question of restoring forest concessions enjoyed by the ryots under the zamindaris and which were withdrawn on the taking over of such forests under the Forest department, and if so, with what result?

THE HON. DR. R. NAGAN GOUDA :—“(a) No, Sir.
“(b) The question is under the consideration of the Government.

“(c) All the privileges enjoyed by the ryots under zamindari have been restored to them except in the matter of goat-browsing which has been prohibited. A Press Note to this effect has also been issued for the information of the public.”

[23rd July 1953]

SRI K. KRISHNA RAO :—“ Specific complaints have been made on the floor of the House, particularly about the villages in Venkatagiri where the forests are so close that any cattle straying away from the village will be liable for being kept in a pound. It was suggested that there should be some provision to leave a portion of the forest near the village for common use. Have the Government taken any steps to see that such reservation is made? ”

THE HON. DR. R. NAGAN GOUDA :—“ The supplementary question does not arise, Sir.”

SRI V. RAMA RAO :—“ Sir, by a recent order, the Government have closed some of the forest areas for goat-browsing. Some representations were made on this issue. Have the Government taken any action to open those areas for sheep-browsing? ”

THE HON. DR. R. NAGAN GOUDA :—“ Sir, you mean the difficulties of the shepherds. That question also does not arise out of this, but I may say that we are looking into the matter.”

SRI K. GOVINDA RAO :—“ In view of the fact that the contractors in various coupes are increasing the scheduled rates of grazing, etc., without any limit and making it difficult for the peasants, will the Government do away with the contractors and entrust the administration of the forest coupes to the department itself? ”

THE HON. DR. R. NAGAN GOUDA :—“ Sir, regarding the question of grazing fees, we are looking into the matter of having uniform rates.”

Loans to village artisans in Rayachoti taluk.

* 939 Q.—SRI Y. AUDINARAYANA REDDI : Will the Hon. the Minister for Rural Welfare be pleased to state—

(a) how many applications the Government have received for grant of loans under the loan granting scheme for village artisans from Rayachoti taluk in 1952; and

(b) how many have been sanctioned and how many have been rejected?

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“ (a) 31 applications have been received for loans on personal security, not exceeding Rs. 100 each.

“ (b) None.”

SRI Y. AUDINARAYANA REDDI :—“ May I know whether the Government consider that it is essential now to grant the loans? ”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“ The fact is that there have been some discrepancies in the applications and the artisans themselves could not give the proper information. So, a special supervisor has been deputed to look into this matter. To be frank, I may mention here, Sir,

23rd July 1953]

that I have not been quite satisfied with this delay and I have asked the Director of Industries and Commerce to personally look into the matter and dispose of the applications without any more delay.”

* 940 Q.—

SRI T. C. NARAYANA NAMBIAR :—“ This question may be taken up to-morrow, Sir.”

MR. SPEAKER :—“ Yes.”

Pincha Project in Rayachoti taluk.

* 941 Q.—SRI Y. AUDINARAYANA REDDI : Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the investigation of the Pincha Project near Mudumpadu village in Rayachoti taluk of Cuddapah district has been completed; and

(b) if so, when the Government will take up its construction?

THE HON. SRI N. RANGA REDDI :—“ (a) Yes, the plans and estimate are being scrutinised by the Public Works Department in consultation with the Revenue Department.

“ (b) The Government will take up its construction when the financial position has eased provided the scheme as finally drawn up is feasible and sound.”

Staff attached to Panchayat Officers.

* 942 Q.—SRI M. S. MOGRAL : Will the Hon. the Minister for Local Administration be pleased to state—

(a) what is the staff sanctioned to each Panchayat Officer;

(b) whether the Government have received representation from the District Panchayat Officers to the effect that the staff allotted to them is inadequate to cope with the work including the auditing of the accounts of the panchayat boards under them; and

(c) if so, what action the Government have taken in the matter?

THE HON. SRI N. SANKARA REDDI :—“ (a) The staff allowed for each District Panchayat Officer (I grade) is not uniform and varies with the number of panchayats in the district. Two peons, 1 attender and 2 to 5 Lower Division Clerks are working under each of these District Panchayat Officers. In addition to this staff, a few Upper Division Clerks are employed under some of the District Panchayat Officers. Additional District Panchayat Officers (II grade) and Deputy Panchayat Officers have each been given, respectively a staff of 2 clerks, 1 attender and two peons, and 1 clerk and 1 peon.

“ (b) & (c) No representations have been received from District Panchayat Officers in the matter, but certain proposals for the sanction of additional staff for attending to the audit of accounts of class II panchayats were received from the

[23rd July 1953]

Inspector of Municipal Councils and Local Boards. The question of sanctioning additional staff for that work is under examination."

SRI M. S. MOGRAI :—" May I know whether the Government will appoint qualified staff for auditing the accounts of the Panchayat Boards? "

THE HON. SRI N. SANKARA REDDI :—" The question will be considered, Sir."

SRI K. VENKAIAH :—" In view of the fact that the Panchayats are very much inconvenienced to prepare the estimates for sanction of roads, etc., will the Government consider the proposal of appointing special overseers in every district? "

THE HON. SRI N. SANKARA REDDI :—" A similar question has already been answered, Sir."

Women's Welfare Centres in Malabar.

* 943 Q.—SRI KUNHI MUHAMED SHAFEE: Will the Hon. the Minister for Rural Welfare be pleased to state the names of the places where Women's Welfare Centres are working in Malabar district?

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—" (1) Nadakkavu, (2) Nagaram (for Scavengers), (3) Bettathputhiangadi, (4) Kodyeri, (5) Mozhikara, (6) Mattanur, (7) Pinarayi and (8) Kakkannasseri."

SRI KUNHI MUHAMED SHAFEE :—" May I know whether these centres are started at the initiative of the women of those places mentioned by the Hon. Minister? "

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—" These centres are started taking into consideration the backwardness and the real needs of the particular place."

SRI KUNHI MUHAMED SHAFEE :—" Sir, from the list just now read, I understand that there are two centres in the Kozhikode town itself but in many of the interior backward areas there are no Women's Welfare centres. The Hon. Minister says that the needs of the locality are taken into consideration. May I know whether these centres are started at the initiative or at the request of the women of those localities concerned or at the initiative of certain officers of those places? "

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—" The initiative of the people of the locality is one of the important considerations. But there must be facilities also available in the place, at least a house for those people to live in must be available. The enthusiasm shown in a particular place is also taken into consideration."

[23rd July 1953]

SRI K. C. GOPALAN UNNI :—" Will the Government consider the opening of more centres if those facilities are given to them, Sir? "

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—" The Department is expanding, Sir. Certainly we will look into the matter."

SRI S. DEIVASIGAMANY :—" May I know what are the subjects which are being taught at these welfare centres? "

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—" Hand crafts which the womenfolk generally take to, reading, writing and some of the small arts like stitching, etc."

SRI KUNHI MUHAMED SHAFEE :—" May I know what are the services rendered by the centres to the backward and the poor people? "

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—" I have just now mentioned them. The chief among them is that they will be taught the three R's, reading, writing and arithmetic."

SRI V. BALAKRISHNAN :—" Sir, are the women given training also in the latest form of cosmetics? " (Laughter.)

SRI K. VINAYAKAM :—" Are these Rural Welfare Women Officers teaching matters like family planning and birth-control to the illiterate women-folk of the villages? "

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—" The hon. Member seems to be specialising in that art. He has already put the same question and I have replied some months ago. All the same, for the satisfaction of the hon. Member, I would like to say that when such advice is sought, it is being given."

Travelling allowance to the Police officials in Nellore

* 944 Q.—SRI K. RAMAIAH CHOWDARY: Will the Hon. the Minister for Finance be pleased to state whether the Government of Madras issued any orders to the District Superintendent of Police of Nellore not to pay travelling allowance to the Police in Nellore district; and if so, why? 9-20 a.m.

THE HON. SRI C. SUBRAMANIAM :—" The answer is in the negative."

" It is rather difficult to understand what exactly the hon. Member has in his mind in putting this question. The drawal of travelling allowance is governed by the Madras Travelling Allowance Rules and the issue of an executive order sanctioning or withholding the payment of travelling allowance to any particular class of Government servants does not arise."

[23rd July 1953]

Government Headquarters Hospital, Anantapur.

* 945 Q.—SRI T. LAKSHMINARAYANA REDDI: Will the Hon. the Minister for Health be pleased to state whether there were any representations from the people of Anantapur on the irregular medical treatment and corruption in Government Headquarters Hospital, Anantapur?

THE HON. SRI A. B. SHETTY :—" Yes."

SRI T. LAKSHMINARAYANA REDDI :—" Is the Hon. Minister aware that even after his visit to Anantapur, corruption has been continuing in the Anantapur Hospital and that one Dr. Narasimhalu Naidu, who was caught redhanded by Government officials, was arrested and kept under suspension? Will the Government take serious steps for putting an end to the corruption prevailing in that hospital? "

THE HON. SRI A. B. SHETTY :—" The X-Branch of the Criminal Investigation Department is investigating the allegations against this officer. When the matter is under enquiry, it does not seem desirable to discuss it."

Water-supply Scheme for Cuddalore.

* 946 Q.—SRI S. S. RAMASAMY PADAYACHI : Will the Hon. the Minister for Health be pleased to state—

(a) whether any priority was assigned to the Cuddalore Municipality in the matter of protected water-supply; and

(b) if so, whether the work has been taken up and at what stage the matter stands?

THE HON. SRI A. B. SHETTY :—" (a) The Cuddalore Municipal Water Supply Improvements Scheme has been assigned the first place in the Priority List drawn up by the Water Supply and Drainage Committee.

" (b) Orders will be issued shortly according administrative approval to the estimates for the scheme and the execution of the scheme will be taken up soon."

SRI R. KUPPUSWAMY :—" May I know from which year water-tax is being collected by the Cuddalore Municipality, and why there has been so much delay in giving the first priority to the Cuddalore Water Supply Improvements Scheme? "

THE HON. SRI A. B. SHETTY :—" I cannot say from which year water-tax is being collected. The Council agreed to raise the water-supply and drainage tax from 3.4 per cent to 9.14 per cent per annum on 24th December 1952."

SRI V. R. NAGARAJAN :—" Will this work be taken up before the end of this calendar year? "

THE HON. SRI A. B. SHETTY :—" I hope so, Sir."

* Question put by another hon. Member on behalf of Sri S. S. Ramasamy Padayachi.

23rd July 1953]

SRI R. KUPPUSWAMY :—" May I bring to the notice of the Hon. Minister that water tax is being collected from 1936 and ask whether the Government will execute the scheme as early as possible? "

THE HON. SRI A. B. SHETTY :—" Yes, Sir, attempts will be made to execute this scheme early."

Talks of the Hon. Minister with textile mill-owners and workers of Coimbatore.

* 947 Q.—SRI R. KUPPUSWAMY: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether the Hon. the Minister for Industries and Labour called for a meeting of the textile mill-owners of Coimbatore and labour leaders of textile mill workers from 28th October 1952 onwards at Madras and discussed several matters regarding bonus, etc.; and

(b) if so, the result of the meeting and full details of the talks?

THE HON. DR. U. KRISHNA RAO :—" (a) Yes, Sir.

" (b) Several matters pertaining to the cordial relationship between the mill owners and the labourers were discussed and it would not be in public interest to give details of the talks and the results."

Dogs maintained by the Police department for investigation purposes.

* 948 Q.—SRI S. VEMIAH: Will the Hon. the Minister for Finance be pleased to state the number of dogs maintained by the Government in the City and the rural parts respectively for the use of the police for the investigation purposes?

THE HON. SRI C. SUBRAMANIAM :—" At present 5 dogs are being maintained by the Government in the City for police purposes. No dog is being maintained in the rural parts."

SRI T. NAGI REDDI :—" What is the amount of expenditure that is incurred on each dog? "

THE HON. SRI C. SUBRAMANIAM :—" Rs. 1-13-0 per dog per day."

SRI S. VEMIAH :—" Who are looking after these dogs—whether police constables or servants specially appointed for this purpose? "

THE HON. SRI C. SUBRAMANIAM :—" Police constables are put in charge of these dogs."

SRI P. G. KARUTHIRUMAN :—" May I know, Sir, how many breeds of dogs there are and which among the several breeds of dogs is found to be most suitable for the purpose? "

[23rd July 1953]

THE HON. SRI C. SUBRAMANIAM :—" I am not an expert in that line. If a separate question is put, I will be able to answer."

SRI V. BALAKRISHNAN :—" Have these dogs proved their usefulness for police purposes?"

THE HON. SRI C. SUBRAMANIAM :—" Yes, Sir. They have proved very useful in certain cases."

SRI M. KALYANASUNDARAM :—" What are the functions of these dogs?"

THE HON. SRI C. RAJAGOPALACHARI :—" It is better not to explain them in the public interest."

Grant of land to political sufferers.

* 949 Q.—SRI N. V. L. NARASIMHA RAO : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the policy of the Government was to grant lands only to poor political sufferers, or to other political sufferers also;

(b) whether the Ministers to whom the land was assigned come under the category; and

(c) how many plots of land that were in possession of the Harijans were granted to political sufferers?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" (a) When the policy of assignment of land to political sufferers was in force, land was granted to political sufferers irrespective of the fact whether the political sufferer was rich or poor.

" (b) They come under the category of political sufferers.

" (c) Two thousand three hundred and ninety-five acres which had been under the sivoijama occupation of Harijans and landless poor persons were granted to political sufferers."

SRI C. PULLA REDDI :—" Is it a fact, that under the rules governing the assignment of land to political sufferers, the land will be resumed if it is not cultivated within three years?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—" The hon. Member is quite right."

SRI K. SUBBA REDDI :—" Is it not a fact that the land allotted to landless poor in Palnad taluk has been reallotted to the political sufferers who are not real political sufferers and who are now residing at Guntur?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—" The Palnad question requires fresh notice."

SRI M. LAKSHMANASWAMY :—" Have the Government any proposal to compensate the landless poor whose lands have been resumed by the Government?"

23rd July 1953]

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Only after the persons acquire a right, the question of compensation arises."

SRI P. SHYAMASUNDAR RAO :—" రాజీయచాధికుడు కానివాడికి, అందుకే Justice Party కి చెందిన ఒక భూస్వామికి తప్పదు గోదావరి జిల్లా వీర వాసరం గ్రామంలో వీడలు సాగుచేసుకుంటున్న భూమి ఒకటి గ్రామానికి స్వతాన భూమిగా ఉపయోగిస్తున్న దిబ్బ ఒకటి రాజీయచాధికుడే ముద్రవేసి భూమిని ఇచ్చినా రనే విషయం ప్రభుత్వంవారి దృష్టికి తీసుకొని రాబడింది. అయితే చానిమీద ఏమి చర్య తీసుకొన్నారు? ఇంకను ఎట్టి చర్య తీసుకోవకపోయినట్లయితే ఇకముందైనా తగు చర్య తీసుకొంటారా?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—" I require notice for this question."

SRI M. NARAYANASWAMI :—" Is it not a fact that Mr. Sanjeeva Reddi has not cultivated the land which he got as a political sufferer for the last three years and that the land still remains with him?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—" The hon. Member seems to know more about it than I do."

SRI T. NAGI REDDI :—" Will the Government call for the information?"

THE HON. SRI C. RAJAGOPALACHARI :—" If we follow the advice of Sri Nagi Reddi, we will be considered to be persecuting."

SRI V. SRI KRISHNA :—" Will the Hon. Minister tell us whether the Government have gone back to the same old policy of their predecessors in respect of the assignment of lands to political sufferers even after they have been once forced to change their previous policy?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Evidently the hon. Member is not reading newspapers. Several press communiques have been released, and the latest communique clarifies all doubts."

SRI T. C. NARAYANA NAMBIAR :—" Have the Government received any representation from Mr. Kottan of Kayaralam in Chirakkal taluk and Mr. Kunhikanna Poduval of Chavayur in Kozhikode taluk, to the effect that rich political sufferers of the leader category are allowed to retain the lands assigned to them as a compensation for their political suffering and that the lands assigned to the rank and file of political sufferers have been taken back or the assignees asked to stop cultivating them?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—" This is a question relating to a particular district, and I want notice."

[23rd July 1953]

SRI V. BALAKRISHNAN :—" In view of the ceaseless accusation and charges against the principle of assignment of land to political sufferers, will the Government be pleased to appoint a small committee to review the matter? "

THE HON. SRI C. RAJAGOPALACHARI :—" A certain thing was done. When we want to disentangle ourselves from it, several difficulties naturally arose and are still arising. I am quite aware of the feeling in the matter and the hon. Members are aware of my own feeling. But we must admit that there are considerable difficulties when we want to do something about what is either wrong or believed to be wrong and when already certain developments have taken place. If we now appoint a committee, it will complicate matters even more."

MR. SPEAKER :—" The question hour is over. The answers to the rest of the questions will be printed in the proceedings."

Nellore Thermal station.

* 950 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Public Works be pleased to state—

(a) the number of units of electricity now generated on an average by the Nellore Thermal station in October, November and December 1952; and

(b) the number of units of electricity that are now sold to, and utilized by consumers for industrial, lighting and agricultural purposes in the months of October, November and December 1952?

THE HON. SRI N. RANGA REDDI :—" (a) 385,420 units monthly on the average.

" (b) Industrial—122,650 units—
Lighting 107,117.
Agricultural 963.
On the average per month."

Collection of property tax in Nellore.

* 951 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Local Administration be pleased to state—

(a) whether it is a fact that the demand for collection of property tax in Nellore by the Nellore Municipality was suspended from 1st October 1951 up to 31st January 1953; and if so, whether the Commissioner, Nellore Municipality, had applied for and obtained approval from the Government for such suspension of demand; and

(b) whether the suspension of demand for collection of property tax was made by a general order of the Government and whether it is applicable to all municipalities in the State covering the period in (a) and if so, whether the Government will be pleased to place a copy of the said order on the Table of the House and furnish reasons for passing such an order?

23rd July 1953]

THE HON. SRI N. SANKARA REDDI :—" (a) No.

" (b) Does not arise."

Grant to Pappinivattam Aided Mopla School, Ponnani taluk.

* 952 Q.—SRI P. K. GOPALAKRISHNAN : Will the Hon. the Minister for Education be pleased to state—

(a) the grant-in-aid yet to be paid to Pappinivattam Aided Mopla School in Ponnani taluk, Malabar district; and

(b) the reason for the delay in making the payment?

THE HON. DR. M. V. KRISHNA RAO :—" (a) No grant-in-aid remains to be paid to the school.

" (b) Does not arise in view of the answer to clause (a)."

Minor irrigation works in Ponnani taluk.

* 956 Q.—SRI E. T. KUNHAN: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the Government have received any representation in the month of December 1952, regarding certain minor irrigation works to be started in Ponnani taluk, Malabar district; and

(b) if so, the action taken by the Government on the matter?

THE HON. SRI N. RANGA REDDI:—“(a) A representation, dated 2nd December 1952 from the hon. Member requesting that two more vents may be opened to the Viyam Dam and that the two channels joining above this dam may be widened and deepened and bunds constructed across them was received in December 1952.

“(b) As the suggestions had been previously examined and considered not feasible or necessary, no further action was called for on the representation.”

Lower division clerks in the Revenue Department.

* 957 Q.—SRI S. RAMALINGAM: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether a large number of temporary lower division clerks (unqualified) in the district and division offices have been ousted or reverted under the recent orders of the Revenue Board; and

(b) the maximum period of service of those ousted or reverted and why they were so ousted or reverted?

[23rd July 1953]

THE HON. SRI M. A. MANICKAVELU NAICKER :—“(a) & (b) Since 1950, the Government have been impressing on the appointing authorities the need to appoint only qualified persons even in the case of temporary appointments. Instructions were also issued that if unqualified persons were appointed as a stop-gap measure for want of qualified persons, they should be replaced by qualified persons as early as possible. With reference to these general instructions the Board of Revenue appears to have issued instructions to the Collectors to replace all temporary unqualified lower division clerks in the District Revenue establishment by qualified persons. The Government have no information regarding the period of service of these unqualified persons who might have been replaced by qualified men. The public interest served by collecting the particulars will not be commensurate with the labour involved.”

Health centre at Brahmawar and dispensary at Cherkadi, Udipi taluk.

* 958 Q.—SRI S. S. KOLKEBAIL: Will the Hon. the Minister for Health be pleased to state whether there is any oral or written representation from the people of Brahmawar, Udipi taluk, South Kanara district for opening a health centre at Brahmawar and a Rural Dispensary at Cherkadi of Udipi taluk?

THE HON. SRI A. B. SHETTY :—“The answer is in the negative.”

Grievances of bus-workers of Nellore town.

* 959 Q.—SRI G. C. KONDAYYA: Will the Hon. the Minister for Industries and Labour be pleased to state whether the representatives of the bus workers in Nellore town represented their grievances to the Government; and if so, with what result?

THE HON. DR. U. KRISHNA RAO :—“Representations from the workers of two bus services in Nellore were received in June 1952, representing their grievances. The Commissioner of Labour held conciliation proceedings and no action was considered necessary.”

Inclusion of “Peruvannan” community as a Scheduled Caste.

* 960 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Minister for Rural Welfare be pleased to state—

(a) whether the Government have received any representation regarding the non-inclusion of “Peruvannan” community in the list of Scheduled Castes; and

(b) if so, what action has been taken?

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“(a) Yes.

23rd July 1953]

“(b) The Government have considered the representation received from the Kerala Peruvannam Sangham, Kozhikode and from Sreenivasodaya Peruvannan Sangham, Azhikode and Vignanodayam Peruvannan Sangham, for including the Peruvannan community in the list of Scheduled Castes but held that there was no case for including the community in the Scheduled Castes list.”

Harijan Uplift Fund for East Godavari.

* 961 Q.—SRI G. NAGESWARA RAO: Will the Hon. the Minister for Education be pleased to state whether it is a fact that the Harijan Uplift Fund allotted to East Godavari district last year was not completely used by the Collector of East Godavari; and if so, why?

THE HON. DR. M. V. KRISHNA RAO :—“The Collector of East Godavari has spent the entire allotments placed at his disposal by the Director of Harijan Welfare, for Harijan Uplift for 1951-52 except in respect of the following two items :—

1. An amount of Rs. 6,428-4-0 under the head ‘Education’ could not be spent as certain arrear bills were not received from the Accountant-General after pre-audit.
2. An amount of Rs. 6,699-15-8 under the head ‘Grants’ towards half the cost of acquisition of house-sites could not be spent, as the award in the land acquisition case relating to Mallam village was taken to the Court and was pending before it.”

Bhairavanttippa Project.

* 962 Q.—SRI S. NARAYANAPPA: Will the Hon. the Minister for Public Works be pleased to state—

(a) how much amount was allotted towards the execution of the Bhairavanttippa Project in 1952-53;

(b) how much amount was spent out of the amount;

(c) the reasons for the non-spending of the entire amount; and

(d) when the Government expect to finish this project?

THE HON. SRI N. RANGA REDDY :—“(a) Rs. 3,09,500;

“(b) Rs. 14,684.

“(c) The work has been suspended as it has not been possible to reach a final agreement with Mysore on certain matters connected with the project, as anticipated at the time of the inauguration of the project.

“(d) Does not arise in view of the answer to clause (c) above.”

Takkavi loans in Perambalur taluk.

* 963 Q.—SRI M. PALANIMUTHU: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the number of applications received from the ryots of Perambalur taluk, Tiruchirappalli district, in 1951-52 and 1952-53 for takkavi loans;

(b) of these, how many were granted; and

(c) how many from Harijan applicants?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) 196 applications were received during 1951-52 and 169 applications during 1952-53.

“(b) Loans were granted to 70 applicants (including 5 Harijans) during 1951-52 and to 66 applicants (including 4 Harijans) during 1952-53.

“(c) The number of applications from Harijans was 20 in 1951-52 and 19 in 1952-53.”

Electricity supply to the rural areas of North Malabar.

* 964 Q.—SRI V. R. KRISHNA AYYAR: Will the Hon. the Minister for Public Works be pleased to state whether the Government have any immediate and definite scheme for supply of electricity to the rural areas of North Malabar, and if so, the details?

THE HON. SRI N. RANGA REDDI:—“A proposal for extension of supply of electricity from Cannanore to Chombal, Mahe (Minor Port), Badagara, Iringal, Kadalur and Quilandy villages in Kurumbranad taluk in North Malabar for agricultural, industrial, domestic and street lighting purposes is under consideration.”

Subsidy wells in Anantapur.

* 965 Q.—SRI T. LAKSHMINARAYANA REDDI: Will the Hon. the Minister for Land Revenue be pleased to state whether the Government have any proposal to grant extension of time for subsidy wells in Anantapur district?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“Presumably the hon. Member means further extension of time for the completion of subsidy wells. There is at present no proposal to alter the final dates fixed for completion of the various schemes.”

Cheries and Harijan hostels visited by the Hon. Minister.

* 966 Q.—SRI P. VENKATASUBBIAH: Will the Hon. the Minister for Education be pleased to state the number of cheries and the Harijan hostels that he has visited in the State from the date of assumption of office till now?

THE HON. DR. M. V. KRISHNA RAO:—“Exact statistics relating to the number of cheries and the Harijan hostels

II.—ADJOURNMENT MOTION *RE* USE OF TEAR GAS, ETC., TO DISPERSE A CROWD IN MADRAS CITY.

MR. SPEAKER:—“Sri S. Deivasigamany and Sri A. Govindaswamy Nayagar have given notice of an adjournment motion. The adjournment motion reads as follows:—

‘This House do stand adjourned to discuss a definite matter of urgent public importance regarding the gravity of the situation arising out of the use of tear gas and the lathi charge by the police on the public on 22nd July 1953 in the City of Madras.’

I have already admitted a short-notice question on this subject, and the answer is expected to-morrow. I wish to know from the hon. Member Mr. Deivasigamany what he wants to say.”

SRI S. DEIVASIGAMANY:—“Sir, in view of the fact that the short-notice question has been admitted, I do not press the adjournment motion.”

SRI A. GOVINDASWAMY NAYAGAR:—“I also do not press my adjournment motion, Sir.”

III.—GOVERNMENT BILL.

THE ANDHRA STATE BILL, 1953—*cont.**Clause 57.*

* THE HON. SRI C. SUBRAMANIAM:—“Mr. Speaker, Sir, the hon. Member Mr. Venkateswarlu has graciously agreed that I might have my chance to reply. This clause relates to the continuance of facilities in the Madras State institutions. Yesterday there was a full discussion on this subject. In continuing to give facilities to Andhras in certain State institutions, it should be borne in mind that it is not as if in every institution in which Andhra students are studying or are getting certain facilities, those facilities should be continued on the same scale and to the same extent as now even after partition. During the administration by the composite State, certain institutions have sprung up for the purpose of serving the State as a whole. Because of the very nature of the institutions, it was not necessary to have a number of such institutions located in various parts of the State. For example take the institute at Guindy. It was not necessary to have two such institutes. One was quite sufficient to serve the entire State. So also the irrigation research laboratory at Poondi. One laboratory was sufficient for the whole State. There is the

[Sri C. Subramaniam] [23rd July 1953]

Serum Institute at Ranipet. It was thought that this one institution was sufficient. In view of the very nature of these institutions, it was thought enough to have only a specific number of institutions situated in certain places. Now after partition, the Andhra State will not have the benefit of these institutions. Therefore it is thought necessary to give them facilities in these institutions for a certain period. But it should be clearly understood that the Andhra State after its formation has no control over the institutions in which these facilities are to be given. The same extent of facilities as at present cannot be continued even after separation. The institutions will be purely the Madras State institutions, and the Andhra State will have absolutely no control over these institutions. We will provide them only with certain facilities for a temporary period so that they may have time to build up their own institutions in their State. The matter should be looked at from this point of view. The clause as it stands in the Bill is as follows :—

57 Continuance of facilities in certain State institutions.—The Government of Madras and the Government of Mysore, in respect of the institutions specified in Part I and Part II, respectively, of the Ninth Schedule shall provide for the Government and the people of the State of Andhra such facilities, for such period and upon such terms and conditions as may be agreed upon between the Governments concerned by the 1st day of January 1954, or, if no agreement is reached by the said date, as may be fixed by order of the President.

There is no specific proposal as to whether it is 10 years or 15 years or 25 years. It is left to the two Governments to come to an agreement. If no agreement is reached between the two Governments, the President will intervene and give his decision after the 1st January 1954. It is initially left for negotiation between the States. The States after negotiation may come to agreement. In these circumstances, it is quite unnecessary in my view to go into details as to the period and the terms upon which facilities should be given. They will be matters for negotiation later on between the two States. I am sure without the intervention of the President it should be possible for the two Governments to arrive at an amicable agreement, unless the same spirit which has been exhibited here continues to prevail even after partition. But I am sure that after the Andhra State is formed, there will be more points for agreement than disagreement. I say that we need not go into the question of the period and the terms upon which facilities should be given in these institutions. The institutions are mentioned in a Schedule. When we go to that Schedule, we shall take up the items for discussion. We shall take up the amendments relating to that Schedule. But this clause only refers to the continuance of the facilities and not the terms and conditions upon which they should be provided. In dealing with this question, two lines of approach were taken yesterday. One approach was a sweet and reasonable argument, viz., an argument appealing to the generosity of the Residuary State saying that the Andhra State will be in difficulties if such facilities are not extended to them. The appeal was that the Madras State (who is supposed to be the elder brother) which had greater facilities, should be generous and give facilities to the

23rd July 1953] [Sri C. Subramaniam]

Andhra State. The other line of argument was, 'what is this question about generosity; it is our right; it is our claim and not anybody's generosity; we claim facilities as a matter of right'. It is good that at least some people took the reasonable attitude of appealing to the generosity of the Residuary State."

* SRI T. VISWANATHAM :—" Sir, there is some misunderstanding about the use of the word 'generosity'. I never admitted that we had no claim. All that I said was that we must be generous to each other in the interpretation of our claims. It is not as if I had no claim."

* THE HON. SRI C. SUBRAMANIAM :—" Whether it is a generous interpretation or not, an appeal was made to the generosity of the Madras State, and this was presented by one hon. Member. This is the point I wish to make. Mr. Viswanatham was good enough to refer to two documents, namely, the Orissa order of separation and the Sind order of separation. I am glad that he attaches some importance to these documents. But it should not be thought that whatever is advantageous to them in those two orders should be taken for application to the Andhra State and whatever is disadvantageous to them should be completely ignored. If he wants to abide by the Sind order and the Orissa order, those orders must be made wholly applicable to Andhra State. He cannot take a particular part and say that it should be applied in the case of the separation of Andhra, and take another part and say that he will not only not accept that part but will also go against it. Such an unreasonable stand should not be taken. Quoting certain provisions which are advantageous and ignoring other provisions which are not, is not the correct stand to take. So also, the Partition Committee's report was relied upon for the purpose of arguing that for 25 years facilities should be given in the institutions of the Residuary State. There also, I respectfully submit it is not as if it should be taken separately as a clause and then said, 'Give me this. As for the rest, I shall ignore it.' Sir, if we are prepared to stand by the Partition Committee Report, let us examine it. But there is no use of taking a part of it and saying, 'Let me have it. As for the other things, let me keep silent.' So also in regard to Wanchoo's Report, we should not take certain recommendations and ignore the others. Let us take things as a whole, because when arriving at decisions, either in the case of the Sind Order or the Orissa Order, or the Partition Committee Report, or Wanchoo Report, they have taken the whole picture. There is no use of picking out certain things here and there and saying, 'Let me have the advantage of this clause alone while I ignore all the other clauses.' Therefore, let us not now, as I already stated, worry about the period. Let us try to negotiate it after the formation of the Andhra State, and if we are unable to agree, there is the President who, I am sure, will issue an equitable order which will be just to all the parties concerned."

"In this connexion, I am sorry our venerable leader Sri Prakasam yesterday took an attitude which was not happy. He

a.m.

[Sri C. Subramaniam] [23rd July 1953]

not only referred to these institutions, but he wanted to claim the continuance of facilities in these institutions for the purpose of supporting his claim to the City itself and other areas as well. I submit it has nothing to do with the status of the City of Madras. We are not going to give facilities to the Andhras in the institutions in the City because they have a claim to the City itself. We are not going to give facilities in the Ranipet Institute because they have certain claims in the Ranipet area. Really it looked a little bit out of place that Sri Prakasam should be referring to the status of the City and other areas. He had a purpose in view. He wanted to impress on this occasion that the Andhras were going to get facilities in these institutions because they had got a claim over the City of Madras. Sir, the question of the status of the City of Madras may have been left undecided. It may have to be decided in the future and I want to make this position clear. Whoever else may have a right over the City of Madras, and whatever may be the rights or claims of persons residing in the residuary State with reference to this City, one thing has been decided clearly once for all that the Andhras shall have no claim over the City of Madras and that question is not going to be reopened. Therefore, to say that the question of the status of the City of Madras has been left open and that it can be reopened later when the Boundary Commission comes or on some future occasion, is not right. The status of the City shall be no concern of the Andhra State. It shall be the concern of the persons living in the residuary State to decide the future of the City of Madras. No outsider will be allowed to have a say in the matter. I want that to be clearly understood, because we are appealing to each other that we should have brotherly feelings and that we should part in a friendly atmosphere. But that friendly atmosphere will be marred if these claims are left open, and not only left open but reiterated in season and out of season. Unless we come to some understanding at least on these fundamental things, there can be no question of a friendly parting or continuing to be friendly after partition. Therefore, in the interests of both the States it is necessary to recognize that, as far as the City of Madras is concerned, the claim of the Andhras as such has been decided once and for all and they shall have no say in the matter."

SRI T. PRAKASAM:—"After the Partition Committee discussions, the matter was taken up by the Government of India for disposal. In disposing of that matter, they stated—the Order of the Government of India is there—that they were in a difficult position to settle this matter and that, until the status of Madras City was settled, they would not take up the partition of the Andhra State. That is an order which is there and the Government cannot get over that order until the status of Madras City is settled. There is no use of saying that it has been disposed of. I agree with the Leader of the House that so far as the Andhra area is concerned, it must be dealt with separately. But so far as the City is concerned, it has got Andhras, the dispute was between the Andhras and the Tamils and it was settled by the Dhar Commission."

23rd July 1953]

* THE HON. SRI C. SUBRAMANIAM:—"Sir, my venerable Friend's memory is quite vivid about the Partition Committee's proceedings. But, unfortunately, much has happened since then. Decisions have been taken and we are now discussing a Bill which gives effect to those decisions. That being so, there is no use of referring to the Partition Committee Report and to what was the oral undertakings given or mental reservations then. We have to face concrete facts here. It is now clearly stated that, as far as Madras City is concerned, the Andhras shall have no claim over it. Only on that basis the Andhra State is being formed. With regard to the other persons living here in the City of Madras or in other parts of the residuary State, it is purely and entirely our concern and we shall look after our affairs quite properly. What we want is that there should be no outside interference. That is what we all beg for and appeal for. Let there be no suspicion in the minds of any persons living in Madras City or in other parts of the Residuary State that they will not be justly and properly treated. They will be justly and properly treated. There is no question about it. Because some Andhras are living in the City or, as a matter of fact, some Andhras are living in the entire State of Tamil, to say that the whole question is left open for decision later on, I respectfully submit, is not an argument which I, on behalf of the Government, can accept. That being so, it should be clearly understood that, if facilities continue to be given in these institutions, it is not on the basis of any claim of any outsider to the City of Madras. It is because of certain difficulties arising out of partition itself. For example, certain institutions are not in existence in the area of the new State and the services of those institutions are essential for that State. That is why these facilities are continued, and it is only in that light the institutions should be selected when we go to the Schedule. It is not as if every institution situated in the residuary State should be available for the Andhras. The institutions should be selected in the light of the fact whether facilities in those institutions are essential for the purpose of carrying on the affairs of the Andhra State. It should not be said, 'In the Presidency College there is Statistics Honours course. We do not have Statistics class in the Andhra University. Therefore facilities should be given here.' Similarly, it should not be said, 'There is an upgraded Professor here. Therefore, we should get admission here.' After all, it is open to any State or any institution to open immediately any of these departments there. Therefore, the criterion should be whether facilities in the particular institution are necessary for the purpose of conducting the affairs of the new State. In some institutions, in the interests of the students themselves, facilities will have to be given because it will not be possible for the new State to open those institutions. Considering all these things only, decisions should be taken, and we should not include all the institutions existing in the Madras City or in the Residuary State. But that is a matter that will be considered when we take up the Schedule. The point here is this. Certain terms should be agreed upon in regard to the affording of facilities in institutions in the

a.m.

Residuary State over which the Residuary State alone shall have control. In case of disagreement, the President shall decide what will be an equitable arrangement. It is only in that light facilities are agreed to be given and it is not in the sense of any demand or claims from any outsider."

SRI T. VISWANATHAM :—" Sir, I think the Bill itself was not framed and the various provisions themselves were not framed on the basis of rights or claims. That being so, I do not understand why the Leader of the House should go on pressing it calling us as outsiders and so on. I should say he has used a most objectionable phrase."

* THE HON. SRI C. SUBRAMANIAM :—" I used the phrase 'outsider' in the restricted sense as between the Residuary Madras State and the Andhra State. It is true that all of us belong to one country and we are all Indians. Then why should this partition come about? People from Andhra wanted to be completely separated from the rest of the Madras State. They are having it and on and from 1st October 1953, there will be a separate Andhra State functioning as distinct from the present Madras State. That is a fact and as far as the Madras State is concerned in a restricted sense, they will be outsiders. I said 'outsiders' only in this restricted sense." (Cheers.)

* THE HON. SRI C. RAJAGOPALACHARI :—" A minute, Sir, for throwing oil on troubled waters ! We are again reverting to the general discussion of the matter. A certain clause has been drafted by the Government of India and their draftsmen, it seems, have provided for all the requirements of the situation. If we go into details as per all the amendments, the ultimate result will be to restrict rather than expand. As it is, the clause gives the largest amount of facility for all proper consideration to be made by the highest authority in the land. I beg and hope that the clause be left as it is."

MR. SPEAKER :—" I shall now put the amendments to the vote of the House."

The amendment of Sri T. Prakasam (No. 145) was put and lost.

The amendment (No. 146) of Sri K. Varadachari was, by leave, withdrawn.

The amendment (No. 148) of Sri M. R. Appa Rao was put and lost.

Clauses 58 to 61.

* THE HON. SRI C. SUBRAMANIAM :—" Sir, I move the following amendment standing in my name :—

' 149 These clauses should be recast so as to make provision on following lines :—

(i) The President may, by a general order, require all persons serving immediately before the appointed day in

23rd July 1953] [Sri C. Subramaniam]

the Andhra area or in the transferred territory, and who, under their existing conditions of service, are not normally liable to be transferred outside the Andhra area or the transferred territory where they are serving, to serve, as from the appointed day, in the Andhra State or the Mysore State, as the case may be. Allocations so made by the President shall be final.

(ii) The President may, by a special order, require any person to whom the provision in (i) above does not apply to serve in the Andhra State.

(iii) Every person who is required to serve as aforesaid in the Andhra State or in the Mysore State, as the case may be, shall—

(a) if immediately before the appointed day he is holding any post in connexion with the affairs of the State of Madras in any area which on that day falls in the State in which he so required to serve, be deemed as from that day to have been duly appointed to that post by the Government of, or by other appropriate authority in, the State concerned in connexion with the affairs of that State;

(b) if immediately before the appointed day, he is not holding any post in any such area, be appointed by the Government of, or by other appropriate authority in, the State concerned to a post in connexion with the affairs of that State.

(iv) Persons required by the President, under the provision in (ii) above, to serve the Andhra State shall be divided by him into two classes, namely, allotted officers and transferred officers.

(v) Allotted officers are officers whose allocation to the Andhra State is final. Transferred officers are officers required by the President to serve in that State for such period not exceeding one year as may be specified by him in each case.

(vi) The President shall classify an officer as an allotted officer, or as a transferred officer, in accordance with the President's opinion as to the officer's suitability for final allotment to the Andhra State, having regard to his acquaintance with Telugu and the nature of his interests in the Andhra State.

(vii) A transferred officer shall, during the period specified in the order by which he is required to serve the Andhra State, in addition to the remuneration which he would have drawn if he had continued to serve the State of Madras, be entitled to such allowance as the President may by a general or special order determine.

[Sri C. Subramaniam] [23rd July 1953]

(viii) A transferred officer shall not be reduced in rank, removed, or dismissed from service except with the concurrence of the Government of Madras. If the Government of Madras does not concur, the officer shall be returned to the State of Madras. In other respects, the conditions of service of a transferred officer shall be the same as they would have been if he had continued to serve the State of Madras."

SRI T. NAGI REDDI:—"Sir, it is very essential that the Government should explain their position even in the beginning."

SRI T. VISWANATHAM:—"Sir, let all the amendments be moved and let the Hon. Chief Minister explain the Government amendment. After that we can have discussion on all the amendments, Sir."

MR. SPEAKER:—"Yes, that can be done."

SRI T. VISWANATHAM:—"Sir, I move the following amendment standing in my name:—

'150 This House recommends that provision should be made in clauses 58 to 60 for adherence to the following principles, in making appointments and allocating personnel:—

(1) All personnel in the higher administrative posts including Secretaries to Government and Heads of Departments should consist of Andhras as far as possible.

(2) Such personnel shall be obtained by—

(a) promotion;

(b) appointment of all Andhras who have been qualified for I.A.S., I.P.S. and I.F.S., since 1950 but have not been provided with;

(c) recalling or requisitioning the services of Andhras serving in other States or under the Union Government; and

(d) by re-employment of suitable retired Andhra Officers.

(3) In case there is still a deficiency of Andhra personnel, it shall be made up by appointing non-Andhra Officers on a contract or deputation basis.

(4) Lower Administrative posts in the Gazetted ranks shall be filled up by Andhras selected by—

(a) promotion from the same cadre,

(b) next by promotion by transfer from other suitable departments.

(5) In all the above cases, personnel at the Secretariat and Headquarters as well as the Regional offices and districts shall be pooled and considered.

(6) In all cases, the appointments made before 1st October 1953 shall be subject to such alterations as the Andhra State may desire after its formation both as regards conditions of service and personnel.'

23rd July 1953] [Sri T. Viswanatham]

We must take into account not only the wording, but also the substance when we deal with any clause or amendment or resolution. I wish to state that certain principles should be laid down in clauses 58 to 60."

SRI P. V. R. GAJAPATHI RAJU:—"I second the amendment."

MR. SPEAKER:—"Now that Sri Viswanatham has formally moved his amendment, he can explain his amendment afterwards."

"I think clauses 58 to 61 must be taken together. Then only we will be able to arrive at some conclusion. So, the amendments to all these clauses may now be moved."

SRI T. NAGI REDDI:—"Sir, I move the following amendment standing in my name:—

'151 This Assembly is of the opinion that the services in Andhra State be filled up with Andhras as far as possible by transfer, promotion and recruitment and the deficiency be made up by taking suitable non-Andhras on contract basis.'

I request the Hon. Chief Minister to bear this small amendment in mind and reply to it so that we may be able to understand him better."

SRI PILLALAMARRI VENKATESWARLU:—"I second the amendment."

SRI M. VEERABHADRAM:—"Sir, I move the following amendment standing in my name:—

'152 The provisions relating to the division of services shall be redrafted on the basis of the following:—

"All the Andhras including the Indian Services who are under the Madras State Government shall be transferred to the Andhra State. All the competent personnel shall be promoted and still if there are vacancies to be filled up, the balance shall be drafted from among the non-Andhras on contract basis."

The amendment was duly seconded.

SRI T. PRAKASAM:—"Sir, I move the following amendment standing in my name:—

'155 This House recommends that provision be made in the Bill to delete the words "with the agreement of the Government of Madras" in sub-clause (1) of clause 60, and to delete sub-clause (6) of clause 60.'

Sri T. Viswanatham seconded the amendment.

[23rd July 1953]

SRI VAVILALA GOPALAKRISHNAIAH :—" Sir, I move the following amendment standing in my name :—

' 159 Insert the following as sub-clause (7) of clause 60 :—

" The Andhra State will have the right to reject the persons within three months after the appointed day." "

The amendment was duly seconded.

MR. SPEAKER :—" What about amendment Nos. 160 and 161? Is Mr. Nagi Reddi moving those amendments? "

SRI T. NAGI REDDI :—" Sir, they do not refer to services question. They relate to the question of University and Colleges. I will move them separately."

MR. SPEAKER :—" Then, amendment Nos. 149, 150, 151, 152, 155 and 159 are now before the House for discussion."

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, it may be useful and facilitate quicker disposal if I begin, with the permission of the Speaker. Amendments which are numbered 149, 150, 151 and 152, so far as I have examined them, cover exactly what the Government want to cover in their amendment No. 149. Even before those amendments were drafted by the various Members, a considerable amount of literature appeared in the daily Press discussing the whole position. In fact, I may at the very outset say that it may not be overdescription if I say that the appointment and promotion of Officers formed the very life principle in the demand for partition. It is therefore quite natural that so much should have been discussed in the daily Press, even before anything was undertaken or even known to have been proposed. So the Government have been at it. The Government is not a single homogeneous institution in this connexion. In this connexion, we must remember that the Government consists of several bodies; one is the official body who not only do their work as in duty they ought to and they have also to remember their own families and their own affairs. The other body consists of various strata of the Government including the Ministers. Then, we have got the Government of India which again consists of several strata of officials and Ministers. It is not enough if we keep in mind that there are officials and that there are Ministers. We must also remember that there are several grades of officials, which are thoroughly classified and so thoroughly classified that they have developed a sense of *esprit de corps* and along with it a sense of mutual isolation as among the Departments. If all these things are taken into account, hon. Members will understand why the Government have been compelled to move a comprehensive amendment in the shape of amendment No. 149 as against the well considered proposal which the Government of India have introduced in the Bill itself. The proposals of the Government of India were the result of considerable deliberation here as well as in Delhi. The Partition Committee, as it is so called, dealt only with officials and it dealt very fully with the matter and very carefully and in detail. A high grade civil servant from the

Government of India, Mr. Sukthankar, came here and not only discussed in correspondence but personally also with officials and officers here and the whole matter was thrashed out thoroughly. The Government of India sent us proposals drawn up in the light of these discussions. But still in view of what has been stated and what we have understood to be the public opinion prevailing in the Andhra and also as seen from the daily Press in the Andhra, the Government of Madras have been compelled to propose this amendment—amendment No. 149—I may divulge without impropriety, probably against the wishes of the Government of India in respect of this matter, and also the considered opinions of the Ministers of the Government of India, in regard to Public Services. Officially the Bill is before the House and the amendments of the Government are also before the House and we will express an opinion thereon, without disrespect to the Government of India. The whole thing will go to the Government of India and they will consider it in the Parliament which will offer facilities for a thorough discussion in respect of this matter.

" Now, Sir, the Government amendment relates to clauses 58 to 61 of the Bill, which deal with the division of the Public Services. From the administrative point of view, the question of manning the posts required in the Andhra State is a very important matter. I must explain the position at some length in order that the House may fully appreciate the issues involved. There are three questions involved here. One is the administrative set up required in each department in the Andhra State, that is, the kinds of posts that are necessary and the number of posts required in each category. The second is the number of posts under the several categories to which personnel must be allocated before the date of the partition and which cannot wait till the Andhra Ministers have been sworn in. The third is the manner in which allocations which have to be made before the date of the partition should be determined. These are the three points on which we should direct attention. The first two questions, viz., the administrative set up required and the numbers of posts under the various categories which cannot wait till the Andhra Ministers have been sworn in, are not difficult to settle, though, in regard to them, there will be some difference of opinion.

" The third question mentioned by me, viz., the manner in which the personnel should be selected to man the posts in the Andhra State to the extent to which such allocations must be made before the date of the partition raises a delicate and more difficult problem. Hon. Members are aware that we appointed a Partition Committee of four officials of this Government to examine and make, in consultation with Mr. Sukthankar, the Officer appointed by the Central Government in this behalf, recommendations on all matters connected with the division of Public Services. After examining the position in respect of the Forest, Revenue, Public Works and Police Departments and also in respect of the All-India Services, that Committee submitted its reports. After very careful consideration, the Government of Madras have come to the

[Sri C. Rajagopalachari] [23rd July 1953]

conclusion that a scheme which stipulates many safeguards, even if it is agreed to by the Government of India, will not work smoothly. The Bill has been drafted after considering all the reports of the Partition Committee and the recommendations of Mr. Sukthankar. We feel that the matter must be settled with due regard to the need for avoiding anything that is likely to perpetuate the existing tension. Hence, this amendment. As to the interests of the non-Andhra officers compelled to serve the Andhra State, the terms on which they are sent to the Andhra State should cause the minimum dissatisfaction among the Andhra leaders and the Andhra members of the Public Services who naturally expect some advantage from the Andhra separation. We have had occasion to understand the mind and aspirations of the Andhra section of the Secretariat Association and the non-gazetted officers because they have submitted memoranda on several occasions, and I think the Andhra public men very much sympathise with the legitimate aspirations of the officers that I have mentioned. The result is that there is a general feeling among the Andhra officials that the partition should be availed of to improve their immediate prospects by promotion to the utmost extent that can be contemplated. The Scheme contemplated in clause 60 of the Bill is that the allocation of the non-Andhras compelled to serve the Andhra State should be permanent unless the President thinks it expedient, presumably at the instance of the Andhra Government or on the representation of the non-Andhra officers concerned, to transfer them to the residuary State and any such transfer would normally take place only after two years from the date of the partition and before the expiry of the third year. This would tie the Andhra Government down for a period of two years to these non-Andhra officers. From the point of view of the Residuary State, a two-year period would be too long for making the necessary adjustments or to be fair in respect of the prospects of the Officers left behind. We consider that we should reduce the number of non-Andhra officers compelled to serve the Andhra State to the utmost extent practicable, and also that they should be sent there only on terms from which it would be quite clear that they have been sent there only for a very brief period which should not normally exceed, in our opinion, one year. It can be less in regard to many posts. At the end of that brief period, the Andhra Government will be free to relieve them without reference to the Government of India, and without even having to convince the President that it is expedient to do so. It is not desirable for the Residuary State to force non-Andhra officers on the Andhra Government. If that is done, there will be difficulties as a consequence. But on the whole, I think the scheme which we advocate and which can be implemented by the clauses proposed in our amendment will solve the problem. It is this, and this will be a good alternative to the one suggested in the Bill:—

(1) All Andhra officers may reasonably be required to serve the Andhra State without being given any choice in the matter except when, in view of the peculiar nature of the posts held by them, it is impossible to provide for them in the Andhra State. The number of such cases will be quite negligible.

23rd July 1953] [Sri C. Rajagopalachari]

(2) Any deficiency in Andhra personnel should in the first instance be made up by promotion or transfer of suitable Andhra officers from other classes or even other Services.

(3) If there is deficiency, even after taking action as I have stated in (2) above, the Government of India should decide whether the gap may be left to the Andhra Government to be dealt with as they like, and if not, it should be filled to the minimum extent that the Government of India consider essential in the interests of the administration of the Andhra State, by ordering suitable non-Andhra officers to serve the Andhra State for a very brief period which should be specified in each case, but not exceeding one year in the case of any officer. 10-10 a.m.

(4) A word about the deputation allowance that is proposed in our amendment. Non-Andhra officers who are sent for a limited period must necessarily have a lien in the Residuary State; and as they will probably have to run double house establishments—one in the Residuary State and one in the Andhra State—it is reasonable and just that they should be given an adequate deputation allowance.

(5) On the expiry of the period fixed for each non-Andhra officer, the Andhra Government can keep him on in their service if they so desire and if the terms they offer him are acceptable to him; and where this is not the case, the Andhra Government may return the officer to the Residuary State.

(6) During the period for which he is required by the President's order to serve the Andhra State, he will be under the full disciplinary control of that State, subject, however, to the condition that any substantial punishment should be ordered only with the concurrence of the Madras Government. Of course, the officer can at any time be returned to the Residuary State, if concurrence is not obtained with regard to the punishment.

(7) Subject to (4) and (6), I have stated the condition of service of a transferred officer while he is serving the Andhra State during the period specified in the President's order must be the same as they would have been if he had remained in the Residuary State.

(8) All Andhra officers as well as non-Andhra officers, if any, who have volunteered to serve the Andhra State and who are selected for service in that State, will stand permanently allotted to the Andhra State without any special terms.

“ In our view, the All-India Services also should be treated on the same lines and for the same reasons; but the Government of India has a different opinion on the matter. Andhra opposition to non-Andhra personnel in the public services of the Andhra State is by no means less pronounced in the case of members of these services than in the case of the members of the State and Subordinate Services; if anything it will be more, as many of these officers will be at or near the top level. In our view, this will be the only wise arrangement in the interests of the non-Andhra

[Sri C. Rajagopalachari] [23rd July 1953]

officers who are ordered without reference to their own option to serve the Andhra State. All the private members' amendments to clauses 58-61 under consideration are designed to avoid non-Andhra officers as far as possible and to avoid any long-term commitments in respect of such officers. Efficiency does not depend only on one's experience and ability, but on the receptivity of the Public and the Subordinate Services and the whole atmosphere. Therefore, even on the question of efficiency, it is not desirable in our opinion, to follow the lines suggested by the Government of India. It is not desirable to keep too great a deal of uncertainty hanging over officials even from the point of view of efficiency. Hence, our proposal that the period should be very brief; nor is it desirable to make the cases of particular officers the cause for difference of opinion between the two State Governments from time to time. Taking all these matters into account, we have proposed our Government amendment.

"The whole matter has to be considered, Sir, in a realistic manner and if this is done, it will be seen that it would be best to adopt the scheme I have just explained. I commend the Government amendment for the acceptance of the House.

"A certain amount of discrimination on the ground of an officer being—I want the lawyer members' attention to this—a certain amount of what is called discrimination in the Constitution, on the ground of an officer being Andhra and non-Andhra is necessary, and we do not think that this is a discrimination such as is prohibited by the Constitution. But the Government of India appear to think that it would be better to avoid statutory distinctions on that basis and to take powers for the Government of India to allocate on that basis, that is to say, to give effect to whatever policy is decided upon finally on this subject, without infringing the Constitution. That is why the Government amendment does not actually refer to Andhra and non-Andhra, but powers are given to the President to allocate after taking all this into account. I think I have made everything quite clear, the amendment is also quite clear. I have explained the intentions and the reasons of the Government in proposing this amendment."

* SRI M. HANUMANTHA RAO :—"Sir, before giving any opinion about the amendment suggested by the Government, I would like that certain points are clarified by the Hon. Chief Minister. In their amendment No. 149, sub-clause (1) it is said that 'those persons who are serving and who are not normally liable to be transferred outside the Andhra area.' I think the Hon. Chief Minister would clarify the position as to actually who are liable for transfer and who are not liable for transfer.

"Sir, in sub-clause (vi) it is said that 'the President shall classify an officer as allotted officer or as transferred officer in accordance with the President's opinion as to the officer's suitability for final allotment to the Andhra State having regard to his acquaintance with Telugu and the nature of his interests in the Andhra State.'

23rd July 1953] [Sri M. Hanumantha Rao]

"Here also I want to be clarified on 'having regard to his acquaintance with Telugu and the nature of his interests in the Andhra State'. Again, Sir, even supposing that all these amendments suggested by the Government are accepted, it would be better to have a clarification of the general position. The Hon. Chief Minister himself has read in his note some two or three provisions in which it is said that Andhras alone must be given priority in promotion and all these things. We in our amendment 151 speak of the same general principal, viz., 'this House is of the opinion that the services for Andhra State be filled with Andhras as far as possible by transfer, promotion and recruitment and the deficiency to be made up by taking suitable non-Andhras on contract basis'. If this general principle is laid down there and is suggested to the Government of India, I think the position would be more clear and it would not lead to any vague interpretation. So, Sir, I would like the Hon. Chief Minister clarifies the position; then we will be in position to consider his amendment. And according to the Chief Minister himself this mentioning of 'Andhras' is not against the Constitution, because in the Constitution, Article 16, Sub-clause (3), I think there is a provision for such mentioning of Andhras or residents and like that. Hence, Sir, I think if we are given clarification about these things, we will be able to give our opinions on the amendment."

* THE HON. SRI C. RAJAGOPALACHARI :—"Sir, in order to clear the doubts of the hon. Member, No. 1 doubt is : who are the people to whom reference is made in the clause read out by the hon. Member? They are district officials who are not liable for transfer outside the district; that is the meaning of that reference. About the other two points, the officials accept appointments on the basis of public service rules and so we are making little change. Then with regard to the other things, it is just to avoid the difficulty that the Hon. Member referred to that we have proposed the amendment in the present Bill. It may be true as the hon. Member claims that the distinction of Andhra and non-Andhra is not unreasonable, discriminatory or unconstitutional. That is also my own view—I think so in my personal capacity. It is unnecessary to fight over an academical question.

"The Government of India seem to think otherwise and they have provided for it in this manner. It is not easy also, hon. Members will agree, to say in any particular case whether a man is Andhra or not. Nobody would doubt about Mr. Bhaskara Rao Naidu being an Andhra; nobody would have a doubt about Mr. Ramakrishna being an Andhra and nobody would have a doubt that my friend Mr. B. V. Subramaniam is an Andhra. Yet, they claim—and legally they are right, that they belong to the City of Madras and should be in the residuary State. So, in every case whether it is a clerk or an officer, we cannot be going into the question of Andhra or non-Andhra. Hence, the power is given to the President to decide it and that is referred to in the Bill. That is as regards doubt number two.

[Sri C. Rajagopalachari] [23rd July 1953]

"As regards the other question whether it should be expressed in a general form as proposed in the amendments or whether it should be expressed in the form proposed by the Government, I will express my opinion on that with all respect. We are sending the opinions of the Members of this House to the Government of India through the proceedings of this House. It will be clear in the proceedings of this House and it will be made further clear in our own letter to the Government of India, because it has already been made clear in the proposed amendments of Sri C. Subramaniam on behalf of the Government, and of Sri T. Viswanatham and Sri M. Hanumantha Rao. Besides, this question having been canvassed in public and in the Press and the amendments referred to above having been definitely proposed here, I have made it clear that the Government amendment is intended to carry out the principles contained in the amendments before the House. There will be no difficulty in understanding the situation and there will be discussion also in Parliament. We shall not simply send general propositions, leaving it to them to work out the principle. It would be more advantageous to accept the Government amendment."

* THE HON. SRI C. SUBRAMANIAM :—"Sir, an officer who is allowed to go to the Andhra State may get greater chance for promotion and he may be placed in a higher position. The officer in the Madras State may feel that he is entitled to be transferred and that he is also eligible for the higher post. He gets a vested right and may go to a court of law under Article 16 (2). So that people may not go to a court of law and obtain writs under the provisions of the Constitution, we have used this language. I think it is better to use this language which will not be open to be questioned in a court of law."

* THE HON. SRI C. RAJAGOPALACHARI :—"Perhaps a little more information as to the number of officers concerned may be useful to hon. Members in the course of the discussion. Sir, I am giving information in respect of higher services, the total number of officers in this State and the number of Andhras :—

	Total number of officers in the State.	Number of Andhras available.

I might also mention that in regard to Deputy Collectors, Andhra is quite surplus."

23rd July 1953]

* SRI P. V. R. GAJAPATHI RAJU :—"Mr. Speaker, I have a suggestion to make in regard to sub-clause (v) of the Government amendment. The Hon. Chief Minister has suggested for the safety of Tamil personnel who may be transferred to Andhra that they will be asked to go on a contract basis for only one year. I am afraid that the satisfaction that would be given to the Tamil personnel if they go for one year, would not be fulfilled as they would not be able to fulfil their utility value to the Andhra State. In one year time, an officer could not put his department in order, if he is a senior officer, and if he is required to go to the residuary State at the end of one year, the concerned department of the Andhra Government would not function successfully. Therefore, my personal view is that even though it is in the interests of the Hon. Chief Minister to protect the Tamil officers as such from the feeling of the Andhras that Andhras alone should be employed, Mr. Hanumantha Rao's amendment allowing the officers on a contract period of an indefinite nature may be accepted. Not for only one year, we can take them for three or five years as the case may be."

THE HON. SRI C. RAJAGOPALACHARI :—"The one year period is for persons who are compulsorily sent. Afterwards it is open for the new Government to give them a fresh contract in regard to time."

SRI P. V. R. GAJAPATHI RAJU :—"May I suggest the adoption of the same conditions as when the Orissa State was formed? If I remember correct, officers who came from Bihar and from the then Madras State to serve in the Orissa State, were given a contract between five to seven years. The Government then agreed to it to give a sense of security to the officers."

THE HON. SRI C. RAJAGOPALACHARI :—"It was by a contract; it was not imposed either on the officers or on the Government."

SRI P. V. R. GAJAPATHI RAJU :—"Then, let us not refer to one year period at all and let us go into that question after the Andhra Government is formed."

* SRI T. VISWANATHAM :—"I am very thankful to the Hon. Chief Minister for giving us a little more information than what is actually contained in the Government amendment. The amendment itself does not contain all that the Hon. Chief Minister just read out."

THE HON. SRI C. RAJAGOPALACHARI :—"I myself read it from my papers and if required, I shall have it typed and given to hon. Members."

* SRI T. VISWANATHAM :—"Then, neither the amendment of the Government nor our amendments are expected to go into the Bill itself. The Government explained their stand in their amendment and we explained our stand in our amendments. In our amendments also we are trying to impress upon the

[Sri T. Viswanatham] [23rd July 1953]

President that certain principles should be followed in passing his orders under sub-clause (2) of clause 58. I perfectly agree that the Act itself need not, and probably should not, contain a distinction between Andhras and non-Andhras. The Act gives a power to the President and in exercising that power, we are asking the President to follow certain principles. Without having them in the Statute itself, we want the President in giving effect to sub-clause (2) of clause 58 to follow certain principles. If it is the intention of the Government, Sir, that portions of their amendment must go into the Statute, I have got great objection. For example, sub-clause (viii) of Government amendment reads—

‘(viii) A transferred officer shall not be reduced in rank, removed, or dismissed from service except with the concurrence of the Government of Madras . . .’

I do not know who will be in charge of the Andhra Government, but it will be impossible for that Government to carry on with such officers when a statutory protection of this type is embodied in the Act itself.

10-30 a.m. “It is one thing to come to certain convenient arrangements and it is another to put in a statutory provision which in fact binds the future Andhra Government and reduces it to the position of a municipal council. What exactly does the Government amendment amount to? I shall read clause (viii). It says—

‘A transferred officer shall not be reduced in rank, removed or dismissed from service except with the concurrence of the Government of Madras. If the Government of Madras does not concur, the officer shall be returned to the State of Madras. In other respects, the conditions of service of a transferred officer shall be the same as they would have been if he had continued to serve the State of Madras.’

I am not arguing on behalf of any community, nationality or anything like that. I am only pointing out that this sort of provision reduces the power of Andhra Government to nullity, with reference to these transferred officers, who due to the guarantee that this provision gives, will always be having their eye turned to the residuary Madras State. The Andhra Government may not be able to carry on with such officers. I am, of course, glad that the Hon. Chief Minister had clarified the position a little further by reading from his notes. May be that the two Governments will come to some mutual agreement with regard to these officers, the duration of their stay in Andhra, the deputation allowance they should be given and all that. But to make a statutory provision in the Bill itself that no transferred officer shall ever be reverted, dismissed or lowered in rank without the concurrence of Madras Government, let me submit once again, is nothing but reducing the future Andhra Government to the position of a municipal council.”

* THE HON. SRI C. RAJAGOPALACHARI :—“ Let Mr. Viswanatham understand that these guarantees to the officers are there in the Constitution itself. After all we have only reproduced here what is found in the Constitution. Moreover let us not forget one fact. We are sending our officers, much against their will in some cases, to Andhra. When we are sending our officers

23rd July 1953] [Sri C. Rajagopalachari]

and that too against their will, it is but natural that we provide them with sufficient safeguards. When they go for a period of one year or so, say, against their will, what is wrong in their expecting to be provided with these safeguards? After all, Sir, we have to give some security for our staff.”

SRI T. VISWANATHAM :—“ Of course, the Constitution provides some safeguards for All-India Service people. But nowhere in the Constitution has it been stated that one Government shall consult the other Government in the matter of reversion, lowering of rank or dismissal of transferred officers.”

* THE HON. SRI C. RAJAGOPALACHARI :—“ I do not want to be indecorous by rising every now and then to interrupt. I would only request Mr. Viswanatham to understand that while after all the object of his amendment as well as that of other Andhra friends is only to promote Andhra men to superior posts, superseding the claims of others, is it not perfectly justifiable that these non-Andhra officers, who are being sent at the most for a period of one year, expect that they should be provided with some safeguards against injustice. There is every justification for their fear that they would be overlooked and some of the Andhras, who are their juniors, will be given promotion thus superseding them. Therefore I would request Mr. Viswanatham to think for a while over what I had said. After all efficiency goes with security and also mutual trust.”

* SRI T. VISWANATHAM :—“ I do of course agree with the Chief Minister that we should trust our officers, that efficiency goes with security and all that. I like only Andhras to man our executive posts as far as possible. Is there anything wrong in our doing so? After all, one of the causes for the agitation for Andhra Province was that the Andhra people were not adequately represented in the services. I understand that a Liaison Officer is being appointed. I do hope that he will have consultation with the leaders of parties and arrive at a satisfactory settlement. Coming to an agreement is a matter of convenience. But to force an issue by making a statutory provision like this is in fact making us powerless. We cannot expect these officers, who always have an eye on the residuary State, to serve us. These guarantees would virtually make the new State powerless.

“ Let the Liaison Officer make his recommendations. He has got to come to certain conclusions, instead of depending upon the official exigencies of these safeguards.”

* THE HON. SRI C. RAJAGOPALACHARI :—“ I would beg of Sri Viswanatham not to go on repeating his argument till his mind gets stuck up in this clause. After all what will the Liaison Officer do? He may say after consultation with all concerned recommend ‘that such and such an officer may go to Andhra or not’. This liaison machinery has nothing to do with official

[Sri C. Rajagopalachari] [23rd July 1953]

safeguards. I do say once again that these statutory assurances are necessary for officers especially when they are going on compulsion."

SRI T. VISWANATHAM :—" But the Constitution does not say anything like this even to All-India Service people."

* THE HON. SRI C. SUBRAMANIAM :—" The hon. Member should know that these I.A.S. or I.C.S. people are permanently allotted to a certain State. They are not like our officers, who are being sent, much against their will to serve in Andhra and that too for a maximum period of one year. After all, when these officers entertain legitimate fears that they may be superseded by Andhra, is it any wonder then that we provide them with certain statutory safeguards? "

THE HON. SRI C. RAJAGOPALACHARI :—" I do not want to rise every now and then. But let me tell Mr. Viswanatham that these officers have already got a lien here in Madras and even according to service rules only this Government and not Andhra can deal with their promotion or reversion."

* SRI T. VISWANATHAM :—" I must of course thank the Chief Minister for his argument. But still I am not convinced that he is correct. The Andhra Government is not going to start with a new Service Code or anything like that. After all we are going to have our own Public Service Commission. We will have the usual service rules that are obtaining in other States. When such is the case, where is the need for any safeguard over and above what the Constitution gives? I would only submit that these safeguards will make those officers look always only to Madras and not to Andhra, the State they have got to serve."

10-40
a.m.

" It is a real psychological thing. It may be said that certain officers have got doubts as to their future. I would beg of them not to come to the Andhra State. Just because one or two officers may entertain such suspicion, let us not add to our troubles. Let me point out to you, Sir, that the Constitution gives them absolute protection and the Andhra Government should not be expected to follow a new line altogether in the matter of dealing with their services quite different from what the combined Government had been doing all these days."

THE HON. SRI C. RAJAGOPALACHARI :—" In fact the Andhra Government may be pressed by officers below and will be quite prepared to do it for their officers."

* SRI T. VISWANATHAM :—" Sir, I am not agreeable that such a provision should be included in the clause itself. I do not think that it will satisfy any one in Andhra. Coming to the principles of my amendment, the Hon. the Chief Minister has already stated that these principles have been canvassed sufficiently in the Press and he has taken note of it. I am thankful to him that he has yielded to some of the public opinion at least. It

23rd July 1953] [Sri T. Viswanatham]

is true that the Andhras want to gain something by these jobs; I feel there is nothing wrong and I do not feel that I need go into that aspect of the matter. We are not even saying that these services should all be manned only by Andhras. We are saying that as far as possible, if the top ranks are given to us it will give us satisfaction. For instance, if it is said that for six or seven years under the present arrangements under the seniority list as it stands to-day, we cannot have our Chief Engineer, it will be difficult for us to accept the position. Even in the small posts of Assistant Secretaries to Government and Superintendents, it will not satisfy us if it is said that we must have a good number of non-Andhras."

THE HON. SRI C. RAJAGOPALACHARI :—" All that you have asked has been given in the clause."

* SRI T. VISWANATHAM :—" But the amendment does not disclose these things. It discloses one thing against the interests of the Andhra Government and it does not contain all the other good things he has read out. They have not been included in the amendment. All these things will be discussed by leaders of parties and the liaison officer and I hope he will adhere to those principles in making the allocation and making the appointment. One thing must be remembered, Sir, and that is that in making arrangements for filling key posts, the Andhras want that the Andhras should man them and the Andhra State cannot contemplate a different position with satisfaction merely in the name of efficiency . . ."

* THE HON. SRI C. RAJAGOPALACHARI :—" I am sorry I have to interrupt the hon. Member; it seems as if we are sitting in Committee. May I suggest to him, Sir, that if the statement that I have made satisfies him we can even add a clause to this amendment saying that suitable provision may be made in terms of the statement read by the Chief Minister which is agreeable to all. If that is done I have no objection."

* SRI T. VISWANATHAM :—" I would suggest that it should be ' suitable provision may be made ' taking into consideration the amendment, the statement of the Hon. the Chief Minister together with the amendments which we have also proposed, not defeating them by the voice vote. Let us all accept them and let them consider what are the suitable provisions that can be made without offending the Constitution and without injuring the security of the officers concerned whether they are permanently allotted or temporarily sent. I shall have no objection to such a thing being done. But, Sir, I will plead with the Hon. the Chief Minister not to reduce the future State to straits and not to send officers whose minds and whose attention will be rivetted to the residuary State."

* THE HON. SRI C. SUBRAMANIAM :—" Mr. Speaker, Sir, let me make it clear to the hon. Member that so far as we are concerned we are agreeable to anything which the Andhras want

[Raja Muthiah Chettiyar of Chettinad] [23rd July 1953]

is very relevant to the discussion that is now before the House, for it is no use sending officers to any part where they have to live in eternal fear. They must be able to discharge their duties fearlessly. I have read all the amendments not now, but even two or three days ago at a small conference of a few members of this House at a private place and of all the amendments, the most comprehensive, the most reasonable and the most sure and secure amendment is that moved by the Hon. Sri C. Rajagopalachari, considering all points of view. Now, I find that Mr. Viswanatham is suggesting a very interesting and curious procedure that these amendments should be added as appendices, which we will not be able to accept. I would like to inform that such a procedure is foreign to the procedure that is adopted by any other Assembly. As the Hon. the Chief Minister has just now pointed out, the Government of India should know exactly what our opinion is, because they have asked for our views. We have necessarily got to take a decision in respect of the officers. The amendment of the Government is that we should lend officers for a particular period. If the officers are prepared to serve permanently in the Andhra area and the Andhra Government is prepared to take them, well and good. But if this is not to be the case and if officers from the residuary Madras State should go, they should go there in complete security. They shall not be subjected to depromotion which will affect them in the future in the transferred State. Mr. Viswanatham's intention seems to be not to take any non-Andhra officers to the new State. We will be very happy indeed if the Andhra Government does not take any non-Andhra officers. No non-Andhra officer is anxious to go there. We, non-officials, want to help the new Government by lending non-Andhra officers. If the officers are not willing to go and we have to help the new Government for an interim period, we have got to devise means and the best means has been devised. The officers will have to serve for a year there. But if you find that they are not good or that they are not loyal, you are at liberty to send them back. That is also provided. If the officers are to discharge their duties fearlessly, they must be given complete security. I wish to point out that many officers from the Tamil area have served with great distinction in Andhra area and have been responsible for many of the irrigation projects and other schemes and I have no doubt that they will serve in the new Andhra State if only they are treated well. I therefore suggest that the Andhra Government can take the officers on contract basis by mutual agreement between the officer concerned and the Government. At the same time, let it be understood that no non-Andhra officer should be compelled. You must take them and place them in a position of complete sense of security. Otherwise, it will be unfair to the officers concerned. There is one other matter which I should like to represent to the Government. There are two classes of officers. With regard to the allotted officers, there is no dispute. The allotted officers are persons who are perfectly Andhras and who have no option but to serve in the Andhra area. Some allotted officers do not want to serve in the Andhra area. I would appeal to them that they should not think in those terms and they should be patriotic and serve the new State loyally and truly as they have served in the composite

[Raja Muthiah Chettiyar of Chettinad] [23rd July 1953]

State till now. With regard to the transferred officers even for temporary period, the residuary Madras State should not force anybody to serve in the new State. The officers should be permitted to make their choice voluntarily. But if no officer is prepared to go voluntarily and if the allocation is to be made by a compulsory order, I would like the Government to take extraordinary circumstances of the officer into consideration. It may be a question of family circumstances or any other situation. It may be that the officer concerned is likely to get a promotion here in the near future. I am not talking with reference to any particular person or particular set of circumstances. But I know that there are several set of circumstances and I would request the Government to seriously consider the circumstances of each officer who is likely to be transferred and see that no harm is done to them. It is in that way that the Government can ensure loyal and dependable service. If you send persons who are fairly willing to serve for a specified period, it will be good. I would also like to say that Mr. Viswanatham's amendments are confusing and would not help the issue. The only amendment which is most comprehensive and which will not offend anybody and which will secure the purpose for which this resolution is intended is the amendment moved by the Government. It will safeguard the interests of the officers and the Government concerned."

* THE HON. SRI S. B. P. PATTABHI RAMA RAO :—" Mr. Speaker, Sir, we have listened to the statements of the Hon. the Chief Minister and other hon. Members about the allocation of the officers to the Andhra State. Much stress has been laid about the promotion of the Andhra officers in their own State and about the distribution of the non-Andhra personnel. They have spoken about the advantages to the officers. I speak, Sir, on behalf of a common man. What type of officers do we require? The common man's point of view must also be taken into consideration in this connection. The common man in Andhra wants a good Government and an efficient set of officers, at any rate, for the first years till everything is settled down. It is the duty of the Government of India to see that efficiency is not impaired under any circumstances in this allocation. I am not pleading for this or that. But I am interested that the Government of India should see that there is an efficient set of officers in the Andhra State. Otherwise the ideal for which the Andhra State is formed, will be frustrated. I would request the Hon. the Chief Minister to consider this point also, namely, that efficiency should be the chief factor in allocating the personnel. No doubt, the Hon. Chief Minister is correct in saying that the Andhras should serve in the Andhra area and that the non-Andhras should not be taken as far as possible. But this question of efficiency in the administration should also be taken into consideration, as the common man is interested only in a good and efficient Government."

SRI T. PRAKASAM :—" Mr. Speaker, Sir, I do not know why the Government have moved this amendment. I earnestly request

[Sri T. Prakasam]

[23rd July 1953]

the Chief Minister to withdraw this amendment, because it does not serve any purpose. No doubt the intention was to have some safeguard for those who may have fears."

THE HON. SRI C. RAJAGOPALACHARI :—" That is only a minor part; the main intention behind the amendment is that Andhras should have a priority in the appointments."

SRI T. PRAKASAM :—" I am able to understand what my Friend says. I am not thinking in a narrow sense. But I ask why there should be any suspicion in the mind of the Chief Minister and those who think with him. Things must go on honestly and in a straightforward manner. There are non-Andhra high officers and they will be respected without any such statutory protection. It creates a suspicion in the minds of the people where there is no suspicion at all."

THE HON. SRI C. RAJAGOPALACHARI :—" Does the hon. Member want me to withdraw the whole amendment or only the protection clauses? "

SRI T. PRAKASAM :—" The statutory protection clauses. Is it not highly objectionable to provide statutory protection for high officers who will not require any protection at all? They are men marked out already who will stand without any statutory protection from any one. Therefore I earnestly appeal to him not to create further trouble. For Heaven's sake, let him not persist in this amendment. He has been persisting in carrying this idea through. This is a wrong idea and it should not be persisted in. No protection is needed for high officers."

* THE HON. SRI C. RAJAGOPALACHARI :—" I think Sri Prakasam should not be misunderstood, as it is likely that he may be misunderstood. When he asked me to withdraw the amendment, I was really surprised. But he really meant withdrawing not the whole amendment but only those clauses of the amendment which refer to the protection of officers. He said that the protective clauses were unnecessary and that they need not be in the Bill. How I wish that that spirit had pervaded the entire discussion on the Bill! I cannot help pointing out that it amuses me in a tragic manner to see that whenever protection is asked for one interest, it is objected to on the ground that it is unnecessary, but when other interests are concerned, minute protective clauses are asked for. When we are dealing with educational institutions and hospitals, they want statutory protection. That means no man even at the age of eighty is able to see things as others see. The same is the case with me also perhaps. All of us are liable to err. We should have the gift of seeing things as other people see; or else we should pray for that gift. We have tried our best to put in a provision which will satisfy everybody. The point is that nobody needs protection and I would agree. But look at the articles of the Constitution. When the whole country assembled in Delhi for framing the Constitution through its representatives and when nobody had any acrimony, they provided certain articles for the protection of the officers. Probably this is a remnant of

23rd July 1953] [Sri C. Rajagopalachari]

the ancient fear of the people when they were serving a foreign Government. That continues in a slight form even now. I do not think these protective clauses will do any harm. The balance of consideration appears to me to be in favour of their inclusion in the Bill in order to create efficiency to which the Hon. Minister Sri Pattabhirama Rao referred. Mr. Pattabhirama Rao very rightly stressed that we ought not to be considering the interests of officers of one grade or category but that we should consider the requirements of the common man who wants good Government. What are the requirements of a good Government in the early stages of the formation of a new State? Some people know how to carry on a business by reason of having done that business for some time, we should keep in mind the need for retaining such men. Should we not also realize that the best of men cannot do a thing properly unless they are trusted? There is a general feeling as Mr. Pattabhirama Rao said, that the first qualification should be that the man should belong to that State. It cannot be neglected. Suppose I give the best of Englishmen. Would people accept? No. They want Indians. Similarly, Andhra people want all the officers to be Andhras, if possible, and the services of non-Andhra people on a contract basis to the extent necessary. That is how we have reduced the position. We should consider the cases of those who go on contract to the Andhra State without lien there and with lien in the residuary State, and they can be reverted to the parent State short of one year even. For that purpose, we have introduced a few clauses.

" Sri Viswanatham suggested that we should send the amendments standing in his name and in the name of Sri Nagi Reddi (Amendment Nos. 150, 151 and 152) to the Government of India. I submit that I am quite willing to accept the spirit of the amendments. But there is a fly in the ointment. I think the item bearing No. 6 in his amendment should be cut out. I have no objection to sending it, but it will not be right for me to say that I have adopted it."

* SRI K. KRISHNA RAO :—" Sir, we will have to study the original clause (i.e., clause 58 of the Bill) before we understand the significance of the Government amendment. Clause 58 speaks of only two services, namely, the Indian Administrative Service and the Indian Police Service. My apprehension (and that is also the apprehension of many people) is that a good number of Police officers will be dumped on Andhra. My apprehension is that they will do it for two reasons. One is that the Chief Minister is always saying that the Andhras are an emotional people, and they are to be corrected by Police officers by shooting them down, just as the Police shot down people at Nellore and Anakapalle and also at Dalmiapuram and Tuticorin. (The Hon. Sri C. Rajagopalachari: 'Did I say that?') He has already created that atmosphere. My apprehension therefore is that there will be much greater Police force in Andhra than Andhra really needs or the circumstances warrant. This is the first point. The second point is that he has got a number of officers who are

11-10
a.m.

[Sri K. Krishna Rao] [23rd July 1953]

absolutely useless, and absolutely unfit to do any work. They are there because they are the nephews of Mr. so-and-so or they are there because they were allowed to be there by the previous men. My point is that not merely he wants to send these people to Andhra, but he wants to ensure to them security and guarantee of the two Governments—guarantee not merely of the Andhra Government, which is given by the Constitution, but also the guarantee of the TAMILIAN RESIDUARY STATE Government in Madras which is always trying to come to their rescue whenever there is . . .”

THE HON. SRI C. RAJAGOPALACHARI:—“Sir, Mr. Krishna Rao is altogether wrong in his suspicions, assumptions and allegations. But I have no objection to his going on in this way.”

SRI K. KRISHNA RAO:—“Sir, I think we are supposed to be a State. The Andhra State is a State. I must state very emphatically that the Andhra State is not the peon of the Madras Government. Let me tell very clearly that we are an independent people, and we are trying to create a Sovereign Government. There is no Government in Andhra now, and that is most unfortunate. The Andhra Ministry is not formed there. It can be formed only on the 1st of October. My question is, do this Government expect that any self-respecting Government would agree to this provision that officers should always act as fifth-columnists inside the Andhra Government knowing full well that their services are quite secure? Is it consistent with the dignity of the Andhra State? Would this Government like to convert the Andhra State Government into a municipal council? No. I think it is absolutely impermissible. I ask the Government whether they have sent to the Government of India their officers, for example, Mr. S. A. Venkataraman, I.C.S., and Mr. S. Y. Krishnaswami, I.C.S., on similar conditions? No. If the Government of India agreed to any such conditions, well, of course, it might be the folly of the Government of India. We are not going to be like the Government of India. There have been any number of feelings quite accentuated. There is a feeling among Andhras—that is a correct feeling—that a man is penalized because he is an Andhra. The Government cannot deny this. Mr. Muthiah Chettiyar wants to make out that the term Andhra invokes in the mind of Tamilians a certain sense of suspicion. Well, it may be wrong. It is because they have been battenning on the riches of the Andhra soil. They cannot have a grievance of it now. With regard to Andhras . . .”

SRI V. BALAKRISHNAN:—“On a point of order, Sir. Is it parliamentary for the hon. Member to say that one section of the officials or the public has been battenning at the expense of the other side? It is an insinuation.”

SRI K. KRISHNA RAO:—“Sir, I never said that one section of the people are battenning at the expense of the other people.

23rd July 1953] [Sri K. Krishna Rao]

In fact a good number of people who have been battenning themselves at the expense of others did not deny this. We have been feeling—most of the educated have been feeling—that we have been denied any kind of opportunity for advancement. I know graduates from the year 1924 have been feeling and have been smarting under great disabilities. My point is that the Madras officers will not come to Andhra for grace. They do come there because there is no alternative. I ask, is the residuary State going to provide for all these officers if the Andhra Government would not take them in? (The Hon. Sri C. Rajagopalachari: ‘There is the budget provision.’) I also know the budget. Unless the Government are going to get showers from the sky, there is no provision for these officers. My point is that they will have to go to Andhra whether they like it or not. There is no place for them if they do not go to Andhra. They will become surplus. Therefore, they will be forced to go to Andhra. It is not a question of their liking to go. This Government want to have some kind of hold over the Andhra Government. That is what I am apprehensive of. This is the position. I think it is absolutely derogatory to, and inconsistent with, the self-respect of Andhras to agree to this condition. We have to create a new State, and we will have lot of difficulties confronting us. For the first two years, the difficulties will be very great. Because it is a new State, there will be any number of difficulties, and people may even ask ‘Why did you divide this State from Madras’. My point is that we do require men who will work wholeheartedly for us. If we are sent men who think that their job would be to serve the Madras Government, then we will never have any kind of grounding for the successful functioning of the State. The Government amendment is highly objectionable, and cannot be accepted.

“I think some kind of machinery should be devised to allocate officers to Andhra, the residuary State and the Mysore State. Mysore State is not mentioned here. Mysore State also should have its quota allotted by the President. We should have men who should depend, for their continuance, only on their services in the Andhra State and only upon the wishes of the Government of Andhra, and on nothing more and nothing less.”

* **SRI T. NAGI REDDI:**—“Sir, we have almost come to a kind of agreed opinion on the question of the division of personnel. The circumstances in which we are passing this amendment and the reality with which we are facing this whole problem should be borne in mind. I think in general the opinions of the Andhra people have been taken into consideration when the Government amendments were framed. Hence, there is the difference between the clause in the Andhra State Bill and the amendments that have been given notice of by the Government. It would be essential for the Andhra State either to-morrow or after some time to take in non-Andhras for certain technical jobs. In exceptional cases, non-Andhras will have to be taken in. For example, if it becomes necessary to take in experts, specialists and engineers

[Sri T. Nagi Reddi]

[23rd July 1953]

for constructing huge projects, we will have to take in non-Andhras. Even after developing our State, we may require some experts. There have been cases of exchange of engineers and expert personnel.

11-20
a.m.

"So, especially now when we have known the strength of the All-India Services in the Madras State, probably, it may become essential to take some of the personnel from the residuary State. Of course, I was also feeling whether a protective clause was necessary or not. But certain historical precedents are there in the light of which we are functioning, and probably it becomes essential that there should be some kind of protection for them to function in the Andhra State and it also depends on how far we on our part will be able to look after the officers who will be coming to our State. But if we were to think that all those non-Andhra officers who will be coming to the Andhra State at present will come only as fifth-columnists, then the atmosphere will be entirely different. This kind of thinking itself that each man who is not an Andhra is going to be anti-Andhra and hence against the interests of the Andhra State is a thing which I would not generally like, and I did not expect that this kind of feeling would be expressed here. As regards the opinion of the Hon. Sri Rajagopalachari, that all the Andhras should be given a chance for promotion, I agree with him, Sir. It has always been the opinion of the Andhras that there are very few Andhras in the lower rung or the higher rung of the Secretariat. For this reason, it is true that the Andhras have felt that they have not been given enough chance. Hence, it was that we felt the necessity for an amendment. Our amendment has been drafted in very simple terms because we do not want to go into every clause and enunciate principles. But a general principle is sought to be enunciated and I think the Government amendment also is based on the same principle. The principle is that, as far as possible, the services in the Andhra State be filled up with Andhras by transfer, promotion and recruitment, and the deficiency be made up by taking suitable non-Andhras on contract basis. I think the same opinion has been expressed by the Government in the different clauses. There is only one thing about which we felt some doubt regarding Government amendment, that is, as to what the expression 'having regard to his acquaintance with Telugu and the nature of his interests in the Andhra State' would mean."

THE HON. SRI C. RAJAGOPALACHARI:—"It is only to put it in legal form."

* SRI T. NAGI REDDI:—"The Hon. the Chief Minister explains that it is only to put it in legal form. As to what we meant by the 'Andhras', he said that his explanation would be forwarded to the Central Government along with our amendment. That being the case, I think we would have nothing to gain by trying to put in new clauses. I think it is in the interests of both the Andhra State and the residuary State. I am sure that the transferred officers will be looked after well and they will be treated just as the Andhras are treated. The only thing is the

23rd July 1953]

[Sri T. Nagi Reddi]

Andhra State will have the advantage of transferring its officers whenever it becomes necessary. There is an advantageous provision in the Government amendment that the transferred officers will be required to serve in the Andhra State only for a period not exceeding one year. This will enable the Andhra Government to make any changes which they may consider essential within a period of one year after the appointed day. If they want any other officers to go to the Andhra area, they can have them with the concurrence of the Governments concerned. But the only point that has been raised is whether the protective clauses should be embodied in the Bill itself. Everybody agrees that protection must be given, but the manner in which it should be given is a matter of controversy. I hope the Government will look into that with certain care and see that real protection is given without increasing the rancour between the States or between the officers. In that way I think the whole clause can be accepted by us. With the passing of this clause unanimously we certainly create a friendly and brotherly feeling which is quite necessary. We certainly thereby create a very good atmosphere which is very essential to-day. I hope this atmosphere will develop further and we can finish the discussion of the whole of this Bill, including even the clause relating to the division of assets and liabilities, if only the same friendly atmosphere continues and the same exchange of opinion continues. By this we will be setting an example to the other States when they think in terms of division and in terms of forming linguistic States. So, if this is agreed to, even though the Hon. Sri Rajagopalachari may now oppose the formation of linguistic States, he would then be one of those who have helped it."

SRI V. R. NAGARAJAN:—"Mr. Speaker, Sir, Member after Member from amongst my Andhra Friends has risen to speak in protest of a very simple provision . . ."

MR. SPEAKER:—"That is not what Sri Nagi Reddi said."

SRI V. R. NAGARAJAN:—"Excepting Sri Nagi Reddi, I suppose."

MR. SPEAKER:—"There is some agreement with regard to this amendment. So, I shall put it to the vote of the House."

* SRI V. R. NAGARAJAN:—"No, Sir. If I am wrong, I shall withdraw it. As far as the non-Andhra personnel of the Services are concerned, they themselves would desire the provision made herein in their own interest, because as early as this problem of the creation of the Andhra State was in the air, speculations, doubts and vacillations were in the air since the people did not know how the future was going to shape itself and how the personnel of the Services would be allocated between the two States. Now, Sir, after the determination to create the Andhra State from the appointed day, we must have a sense of security so far as the non-Andhra personnel of the Services are concerned. It is not quite understandable to us why the insertion of this provision should be grudged by anybody because, after all, it is only a

[Sri V. R. Nagarajan] [23rd July 1953]

necessary safeguard and it will strengthen the non-Andhra personnel who go to strange places instead of serving in their own mother country, so to say.

11-30 a.m. "There are a number of non-Andhra personnel in the services of the composite State who are not quite willing to go elsewhere, except at the orders of the present Cabinet. They are essentially of Tamil, Kannada and Malayala origins. It would be to their own interest and complete satisfaction if they are allowed to be here. If, however, our Andhra friends do not want the services of these people, it is a different matter. If, on the other hand they want the services of these non-Andhra personnel, it is but quite proper and reasonable to ask for certain safeguards. Some members have protested against this. Their protest can only be compared to another matter, which I will presently refer to. In the enforcement of the Prohibition policy, the police officials have to be provided with the necessary arms and ammunition. Suppose people engaged in illicit distillation protest against this saying that those police officials should not be provided with those arms and ammunition, what will be the position? The police require those things in self-defence. The protest of the hon. Members in this case is something like that. Some of the hon. Members even went to the extent of saying that such safeguards should not be given to the non-Andhras and some of them have even termed these officials as fifth-columnists. It is all war language. It is all quite unsuited to peace time, and, especially in a discussion like this. I therefore request that the House may agree to the amendment giving safeguards to non-Andhra personnel."

MR. SPEAKER:—"Mr. Vavilala Gopalakrishnaiah will now speak."

* THE HON. SRI C. SUBRAMANIAM:—"Sir, there has been sufficient discussion on this subject and there has been some amount of agreement also. So, I do not think we need have further discussion on this subject."

MR. SPEAKER:—"After Mr. Vavilala Gopalakrishnaiah has spoken, I will ask the Hon. Minister to reply."

THE HON. SRI C. SUBRAMANIAM:—"I hope he will not spoil the atmosphere." (Laughter.)

* SRI VAVILALA GOPALAKRISHNAIAH:—"The Hon. Finance Minister wants me not to spoil the atmosphere. I do not want to spoil the atmosphere. I want the Government also not to spoil the atmosphere. I wish to bring to the notice of the Government several instances in which officials of various cadres and categories had to suffer. In many cases, when officials are transferred to some of the district offices, some people are asked to go on 15 days or 20 days leave. In such cases, people who are not qualified to go to the Andhra area are transferred and consequently, it adversely affects some who are already serving there as they are told they will lose their seniority. Moreover many troubles arise in regard to the fixation of a particular cadre."

23rd July 1953]

MR. SPEAKER:—"Let the hon. Member come to the subject under discussion."

* SRI VAVILALA GOPALAKRISHNAIAH:—"Yes, Sir, I am coming to it. Already the atmosphere with regard to the personnel is tense and if one is anxious to create a healthy atmosphere, many doubts have to be cleared. I wish to bring to the notice of this House a particular case. There were two Tahsildars who were having the same cadre and the same seniority. One of them was not allowed to serve continuously as Tahsildar for a long time and was posted as a Supply Officer. The other man who was working as Tahsildar continuously was considered senior in that cadre and he was promoted as Deputy Collector and in due course he will become a Collector also. There are many such anomalies which should be removed. In the secretariat, the atmosphere is very tense and people are suffering a great deal. People talk of creating a calm, cool and best atmosphere. If we ask the poor subordinates in the secretariat, this is what they say. 'We are in great trouble. We are not able to open our lips. If we open our lips, disciplinary action will be taken against us. Thus nobody is able to give the correct information. At the same time, they all feel that they are suffering under a severe handicap. Some of them even tell us, 'Please stop your partition business. Because, they are doing every injustice possible to us. Our seniority is not at all recognised' and similar things. Even when Justice Wanchoo asked me whether we wanted any Tamilian Officers, I said that we wanted efficient Tamil Officers. There is no quarrel between Andhras and Tamils. The quarrel is against those at the top, who encourage nepotism and see that their own candidates are posted to the various jobs. I want to stress that the claims of senior officers should not be overlooked. If we go into the history of the movement for the creation of an Andhra Province, we will find many of the Andhras have been deprived of their legitimate chances in the various departments of the Government, be it Revenue Department, Police Department, or any other Department. Because of the injustice done to the Andhras in the matter of representation in the various Government departments, they somehow or other very strongly felt that unless and until they have their own State and unless and until they have a say in the matter of recruitment to the services, they cannot get adequate representation in the Government departments. Though there may be many other reasons for starting the movement, that is the origin of the movement. The seniority of the Andhra Officers should be kept in tact. Many instances may arise in future in which the Andhra Government may have to reconsider their decision with regard to some of the officers. Nothing should stand in the way of their reconsidering such cases. That is why I have moved my amendment, Sir."

MR. SPEAKER:—"The Hon. Leader of the House referred to some agreed formula. May I know what that formula is?"

* THE HON. SRI C. SUBRAMANIAM:—"The agreed formula is this, Sir. Amendment No. 149 will be accepted in the light of

[Sri C. Subramaniam] [23rd July 1953]

the statement made by the Hon. Chief Minister, which is appended here. We have agreed on behalf of the Government to send a communication stating that the spirit of amendments Nos. 150, 151 and 152 has been brought out in Government amendment No. 149 as passed by the House. But it will be specifically stated that it is felt that a statutory safeguard will be necessary in respect of the officers who are compulsorily asked to serve in the Andhra area."

11-40 a.m. MR. SPEAKER:—"What about Mr. Prakasam's amendment?"

THE HON. SRI C. SUBRAMANIAM:—"It all goes, Sir."

* SRI K. VINAYAKAM:—"Mr. Speaker, Sir, I am incapable of spoiling any good situation and I shall refrain from doing so. But I take strong objection to some of the remarks made by my friends like Mr. K. Krishna Rao who said that the Madras Government want to have some strings attached to the terms of deputation of officials. It is not our intention, Sir. I strongly object to his characterization of our officers as fifth columnists. I have been a follower of Mr. Prakasam and Mr. T. Viswanatham and we were all inside the Congress together. And when we left it we formed our own party. But I shall be failing in my duty if I do not bring to the notice of the House the remarks which Mr. Prakasam made in one of his press statements. If I remember aright, he said beyond a shadow of doubt that the future Andhra Government would not want any non-Andhra officials, however efficient they may be."

SRI T. PRAKASAM:—"I have never made any such statement."

SRI K. VINAYAKAM:—"We read it in newspapers and so this kind of fear has been developing in our minds. Now Mr. Prakasam says he did not say so. Sir, this is not the attitude they should develop towards those officers to be loaned to them. (Interruption.) It is not a question of deliberate misunderstanding. Sir, we strongly support the amendment which seeks to give protection to our officers who will serve in the Andhra State."

RAJA MUTHIAH CHETTIYAR OF CHETTINAD:—"Mr. Speaker, Sir, I do not clearly understand what the Leader of the House was saying. He said that the House accepts the amendment. And then how can there be anything added to it at the end or at the beginning? How can we have another amendment?"

MR. SPEAKER:—"We cannot move amendments. This House has no power to amend the Bill. We can only move resolutions to amend the clauses."

RAJA MUTHIAH CHETTIYAR OF CHETTINAD:—"I agree. We are now concerned with amendment 149. What the Leader

[23rd July 1953] [Raja Muthiah Chettiyar of Chettinad]

of the House wants is that the statement also must be there. How can it be there when we have approved of only the amendment 149? I am only asking what should be the procedure."

* SRI V. CHIDANANDAM:—"Mr. Speaker, Sir, however, much the Chief Minister, the Leader of the House and the Raja of Chettinad might try to convince us, the fact remains that this Government are going to suspect the future Andhra Government. Mr. K. Vinayakam was referring to some statements made by Andhra leaders and said that he read them and, therefore, wanted guarantees. He wants guarantees not because of these statements. Some Tamilian high officers might have teased the Andhra subordinates and consequently, the Andhra officers might not have been raised to their regular rank even when they were qualified. So they suspect that they might be ill-treated. But we Andhras are broad-minded and will not do it. I, as a citizen of the future Andhra State, promise that non-Andhra officials that are going to come to the Andhra State will not be teased or punished unjustly. No such guarantees should be statutory. My friend, the Raja of Chettinad was saying that all other amendments were confusing and that the Government amendment alone was the right one. He would not like to understand Mr. T. Viswanatham's amendment. It is unjust that one Government should suspect another Government. Is the present Chief Minister giving us unjust administration? No. So also, the future Andhra Chief Minister will give all justice required to the non-Andhra officials. No suspicions need be there. No safeguards need be made wantonly. All the words relating to safeguard should be removed from the amendment. We can trust one another and live peacefully as neighbours. We are separating as brothers and shall be glad to be friends. I would request the Chief Minister to withdraw all the unnecessary terms from his amendment."

* THE HON. SRI C. RAJAGOPALACHARI:—"Sir, are we still discussing the merits? I was thinking we were discussing the form. There is something in what the Raja of Chettinad said. Although he was not present during the discussion and could not fully appreciate it, there is still something in the objection he has raised to the form in which the amendment should be put because it is not quite tidy to add a statement to a resolution. I suggest, therefore, that we may pass it including it in the resolution of this House. It is only an expression of opinion after all. Therefore I suggest the following amendment:—

"This House is of opinion that clauses 58 to 61 should be recast so as to make provision on the following lines:

And here, amendment No. 149 should come. And then the resolution should continue thus:—

"and this House approves of the statement made by the Chief Minister hereto appended."

MR. SPEAKER:—"I shall put it to the vote of the House. I mean the Government amendment No. 149."

[23rd July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—" It may also be a part of the resolution that this House approves of the statement made by the Chief Minister."

SRI T. VISWANATHAM :—" What about the other amendments? Will the Chief Minister communicate them? "

THE HON. SRI C. RAJAGOPALACHARI :—" When I make a promise, I shall carry it out. It is not in the resolution. It has to be made separately. First this resolution has to be passed. I am giving an assurance on behalf of the Government that we will send a communication to the Government of India in which we will say that the Government amendment carries out the spirit of what is contained in amendments Nos. 150 to 152, subject to objection to the removal of the protection clause."

MR. SPEAKER :—" The question is—

' This House is of the opinion that clauses 58 to 61 should be recast so as to make provision on the following lines :—

(i) The President may, by a general order, require all persons serving immediately before the appointed day in the Andhra area or in the transferred territory, and who, under their existing conditions of service, are not normally liable to be transferred outside the Andhra area or the transferred territory where they are serving, to serve, as from the appointed day, in the Andhra State or the Mysore State, as the case may be. Allocations so made by the President shall be final.

(ii) The President may, by a special order, require any person to whom the provision in (i) above does not apply to serve in the Andhra State.

(iii) Every person who is required to serve as aforesaid in the Andhra State or in the Mysore State, as the case may be, shall—

(a) if immediately before the appointed day he is holding any post in connexion with the affairs of the State of Madras in any area which on that day falls in the State in which he is so required to serve, he deemed as from that day to have been duly appointed to that post by the Government of, or by other appropriate authority in, the State concerned in connexion with the affairs of that State;

(b) if immediately before the appointed day, he is not holding any post in any such area, be appointed by the Government of, or by other appropriate authority in, the State concerned to a post in connexion with the affairs of that State.

(iv) Persons required by the President, under the provision in (ii) above, to serve the Andhra State shall be divided by him into two classes, namely, allotted officers and transferred officers.

(v) Allotted officers are officers whose allocation to the Andhra State is final. Transferred officers are officers required by the President to serve in that State for such period not exceeding one year as may be specified by him in each case.

23rd July 1953]

(vi) The President shall classify an officer as an allotted officer, or as a transferred officer, in accordance with the President's opinion as to the officer's suitability for final allotment to the Andhra State, having regard to his acquaintance with Telugu and the nature of his interests in the Andhra State.

(vii) A transferred officer shall, during the period specified in the order by which he is required to serve the Andhra State, in addition to the remuneration which he would have drawn if he had continued to serve the State of Madras, be entitled to such allowance as the President may, by a general or special order, determine.

(viii) A transferred officer shall not be reduced in rank, removed, or dismissed from service except with the concurrence of the Government of Madras. If the Government of Madras does not concur, the officer shall be returned to the State of Madras. In other respects, the conditions of service of a transferred officer shall be the same as they would have been if he had continued to serve the State of Madras.

' And this House approves of the statement made by the Chief Minister hereto appended.' "

The amendment was put and carried.

The amendments of Sri T. Viswanatham (No. 150), Sri T. Nagi Reddi (No. 151) and Sri M. Veerabhadram (No. 152) were, by leave, withdrawn.

The amendments of Sri T. Prakasam (No. 155) and Sri Vavilala Gopalakrishnaiah (No. 159) were, by leave, withdrawn.

MR. SPEAKER :—" We are now in clause 61. We will take up amendments Nos. 160 and 161."

* SRI V. R. NAGARAJAN :—" On a point of order, Sir. Amendments Nos. 160 and 161 relate to the Universities and educational institutions. On the other hand, clauses 58 to 61 of the Andhra State Bill refer only to the division and allocation of services. I respectfully submit that the subject-matter contained in amendments Nos. 160 and 161 does not legitimately arise in connexion with a discussion by this House of clauses 58 to 61. They have no relevancy at all to those clauses. I would therefore suggest that the amendments will have to form separate entities and they cannot be tagged on to these clauses. I also suggest that the views of the Government may be invited."

MR. SPEAKER :—" The hon. Member, Sri Nagarajan, has raised a point of order. Amendments Nos. 160 and 161 do not relate to the clauses under discussion. Perhaps, we may take them up separately at the end."

SRI T. NAGI REDDI :—" The point raised in the amendments is a very simple one. It is only a question of expression of opinion of the House regarding that."

[23rd July 1953]

THE HON. SRI C. SUBRAMANIAM :—" Sir, I feel this is not the proper clause to which the amendments relate. Now we are considering the service personnel, etc."

MR. SPEAKER :—" I think we can take them up at the end. I pass on to clause 62. (Amendment No. 162 is not moved.) So we shall take up clause 62-A."

Clause 62-A.

SRI T. NAGI REDDI :—" I move the following amendment :—

' 164 This Assembly is of the opinion that a joint Board representing the States of Andhra, Hyderabad and Mysore be set up with the representative of the Central Government as its Chairman on or before the appointed day to look after the rights and liabilities in respect of administration, construction, maintenance and operation of the Tungabhadra Project.' "

The amendment was duly seconded.

SRI T. VISWANATHAM :—" I move the following amendment :—

' 165 This House recommends that in case the division of assets and liabilities is not referred to a neutral Commission of Experts, provision shall be made in the Bill for creating a Statutory Corporation to complete the Tungabhadra Project as designed by the Government of Madras both on its Irrigation and Power sides, as also for the continued management, distribution and enjoyment of the Tungabhadra waters by the States through which the river flows, and provision shall also be made for a division of capital expenditure and liability between Mysore and Andhra States in proportion, to the supplies of water and power and other benefits received.' "

The amendment was duly seconded.

SRI VAVILALA GOPALAKRISHNAIAH :—" I move the following amendment :—

' 166 In sub-clause (1), after the word "appointed day", occurring in the third line, substitute the following :—
" be the rights and liabilities of the State of Andhra subject to such adjustments as may be made by agreement between the Andhra and Mysore State.' "

The amendment was duly seconded.

SRI K. VARADACHARI :—" I move the following amendment :—

' 167 This House resolves that in clause 62-A (3), the last three lines beginning with "but shall not" and ending with "other than Government" shall be omitted.' "

The amendment was duly seconded.

[23rd July 1953]

SRI N. RAMAKRISHNA AYYAR :—" I move the following amendment :—

' 168 In clause 62-A, sub-clause (3), omit the words "but shall not include . . . other than Government".' "

The amendment was duly seconded.

SRI VAVILALA GOPALAKRISHNAIAH :—" I move the following amendment :—

' 169 For the words "be the rights and liabilities of the States of Andhra and Mysore", substitute the words "be the rights and liabilities of the Andhra State".' "

The amendment was duly seconded.

MR. SPEAKER :—" Amendments Nos. 164, 165, 166, 167, 168 and 169 are before the House for discussion."

SRI T. NAGI REDDI :—" There is nothing particular, Sir. If somebody else speaks, I shall speak at the end."

* SRI T. VISWANATHAM :—" Sir, this clause deals with the subject of Tungabhadra Project. I have no doubt that the Government of Madras will see to it that justice will be done as regards the apportionment of the cost and liability with regard to the Tungabhadra Project. Sir, in this connexion, I invite your attention to sub-clause (5) of clause 62-A which says, 'The expression "Tungabhadra Project" or "the Project" means the project agreed to between the Government of Madras and the Government of Hyderabad before the appointed day and so far as the State of Madras is concerned, intended for the supply and distribution of water from the Tungabhadra river by means of high level and low level canals to the districts of Bellary, etc.' I submit, Sir, that this is a very important clause and all the hon. Members should pay attention to it. I say that because the Mysore Chief Minister and some other Ministers on one or other occasions—I am not sure whether it was on the floor of the Legislature or not have said that they do not want the high level canal scheme and that they do not want to execute the scheme for the benefit of the areas which remain in the Andhra State. I think there was a conference, about the details of which the Hon. Minister for Public Works can enlighten us and say what has happened. We want to know what exactly has happened there to the scheme as originally designed by the Government which includes a high-level canal as also power generation. Mysore cannot all on a sudden claim the right to change or alter the design so as to prejudice the rights of the Andhras who remain in the Andhra State. There is general agreement that Government should also back up that opinion. That is why the provision has been worded in this way very acceptable to us. But really the doubt in my mind is that newspapers published a report that there was a conference where our Public Works Minister was also present and the Mysore Government agreed to pay only 30 per cent of the cost or bear the liability up to 30 per cent. If we take the figures and the supplies of water this scheme would give

[Sri T. Viswanatham] [23rd July 1953]

to the transferred areas, you will find that the transferred territory will get the benefit up to 45 per cent, if you consider the acreage, the area localised under perennial crops, the double crops, the cash crops like sugarcane, etc., which will be in the transferred area and the large extent of dry crop area in the Andhra area.

"Therefore, Sir, I have requested for the details of the reported conference.

12
noon.

"No categorical statement can be made by either State that we are not going to accept this or that. It was reported in the newspapers that the Mysore Government was not going to accept more than 30 per cent of the cost and that in regard to power also they were not going to develop it unless it is intended for their Bhadravathi iron works. Therefore, I say that Mysore has gone out of court in making such statements. Before we actually divide on the 1st of October, I want this Government to be very strong in their attitude towards this project. That is all that I have to say on this subject, Sir."

SRI K. GOVINDA RAO :—"On a point of order, Sir, I have given notice of an amendment relating to the Tungabhadra Project."

MR. SPEAKER :—"The amendment is to the Schedule and not to the clause."

SRI K. GOVINDA RAO :—"It has been left out, Sir."

MR. SPEAKER :—"The hon. Member will please send me his original amendment."

SRI T. N. VENKATASUBBA REDDI :—"Mr. Speaker, I hope the fear expressed by Sri T. Viswanatham regarding the division of assets and liabilities relating to the Tungabhadra Project will not be correct and that the two Governments will share the liabilities in a right proportion. There is one important point I want to make. Sub-clause (5) of clause 62-A says, '... intended for the supply and distribution of water from the Tungabhadra river by means of high level and low level canals to the districts of Bellary, Anantapur, Cuddapah and Kurnool, and for the generation of electric energy, both hydro-electric and thermal, and its transmission and distribution to the said districts and includes any extension or further development after that day of that project for the said purposes.' It is very necessary, Sir, that we communicate the opinion of this entire House that the Tungabhadra Project was first designed for the scarcity areas of Rayalaseema. After many years, the irrigation portion of it is almost complete and the hydro-electric project has got to be taken up. As you know, Sir, the State of Mysore is not in need of hydro-electric energy and the hydro-electric energy that is going to be generated at Tungabhadra should be for the use of the transferred territory of Bellary district and the other districts of Rayalaseema referred to in sub-clause (5). It is very necessary that we communicate the opinion of this House that this energy shall be only for the use of these districts and shall

23rd July 1953] [Sri T. N. Venkatasubba Reddi]

not be utilized in any other place. I have no doubt that the Andhra Government will use its share of the hydro-electric energy when it is completed. I request the House to accept to convey this opinion to the Government of India to be included in the Act."

MR. SPEAKER :—"The hon. Member Sri K. Govinda Rao can move his amendment."

SRI K. GOVINDA RAO :—"Mr. Speaker, I move—

'This Assembly is of the opinion that a joint board be set up with representatives of Mysore, Andhra and Hyderabad Governments to administer the construction, maintenance and completion of the Tungabhadra Project.'"

SRI T. NAGI REDDI :—"Sir, the opinion of this House is that the Hon. Minister for Public Works could be able to explain us something regarding the Tungabhadra Project and our relations with the Mysore State. We want to know our agreements with the Mysore Government, if we have reached any on the question of the high level canal and the hydro-electric project to be taken up."

* THE HON. SRI C. RAJAGOPALACHARI :—"Sir, let me make it quite clear that no agreements have been made with the Mysore Government or anything of that kind. As far as I know I can assure the hon. Members belonging to the Andhra area, the position stands thus: It is practically certain that the management and administration of this project will be in the hands of a common board under the guidance of the Government of India and as far as the preliminary arrangements are concerned, the interests of the Andhra area will be completely protected by all the representatives of the Madras Government from time to time and there need be no doubt at all about it. But, one thing has been made clear at the conference though nothing was settled finally, that the original plans of the project should bind all the States concerned."

* SRI T. NAGI REDDI :—"Sir, I am glad that this Bill contains a special clause regarding the Tungabhadra Project. Andhras have been very much disappointed over a number of statements that have been made by the Chief Minister of Mysore from time to time. I do not know whether I can refer to them. But I must say one thing. It has been very prominently published in the Press as a whole that the hydro-electric project on the Tungabhadra will be connected to the Jog Electric Scheme and this has been prominently featured in the Press as having been said by the Mysore Government."

THE HON. SRI C. RAJAGOPALACHARI :—"The common board may not absorb the Jog Project in that way. Why should we object?"

* SRI T. NAGI REDDI :—"The point is that the Tungabhadra Project has been the life line for the Rayalaseema people."

[Sri T. Nagi Reddi] [23rd July 1953]

Rayalaseema is famine-stricken not only now; it was so even before the turn of the century, some time when the McKenzie scheme was drafted. Even McKenzie did not think of limiting the Tungabhadra to a particular place called Rayalaseema. He said that the Tungabhadra waters should be mainly utilized in Bellary, Anantapur, Cuddapah and Kurnool districts. From that time onwards we have passed a number of famines and it is only in that light that the present Tungabhadra Project has been planned and the first stage of the project is almost complete now; low level canals have been dug and water has been let out. Now, we are interested in the high level canal and the hydro-electric project. We are glad that sub-clause (5) in the Bill is very clear that this project is intended for the supply and distribution of water and electric energy to the districts of Bellary, Anantapur, Cuddapah and Kurnool. We hope this will be accepted by the Mysore Government also and give relief to the people of Rayalaseema who have been suffering from famines for a very long time.

12-10
p.m.

"Under these circumstances and in view of the fact that the Hon. Chief Minister of Mysore's statement about the Tungabhadra Project had caused some concern in the minds of the public and also in view of the fact that for the economic development of Rayalaseema it is absolutely essential that the hydro-electric energy that could be derived from this project should be shared by Andhras as well as Mysore people as per the original plan, I do hope, Sir, that the Government of India taking into account the trend of our discussion here, would come forward with an announcement setting up a Joint Board to man the Tungabhadra Project. I do gather that so far as the assets and liabilities division is concerned, the Government of India are going to do the same thing, viz., setting up a Joint Board. Therefore I do hope that our amendment for the setting up of a Joint Board may be accepted by the House unanimously."

* SRI K. KOTI REDDI:—Mr. Speaker, I am glad to find that there is a clause in this Bill with reference to the Tungabhadra Project. Sir, there has been a doubt in the minds of the public of Andhra desh for a long time whether this Tungabhadra Project, which had been thought of for so long a time but which has only now about to be completed and that too not to the full extent contemplated by Colonel McKenzie, would serve the purpose, the purpose being whether it would relieve the people of the Ceded districts from famine, from which evil they had been suffering for a long time past. Let me explain.

"Some of the hon. Members here may not be aware of the great famine in Rayalaseema during 1875-8. The people of Rayalaseema underwent untold sufferings. For the people of the Ceded districts now called Rayalaseema there was no regular and permanent source of water-supply. Only drought, and that alone, was their constant lot. The cry of the people was there for utilizing the waters of Tungabhadra so that they would be relieved from famine and pestilence. But that was not to be. The Government

23rd July 1953] [Sri K. Koti Reddi]

of the time were not quick to respond to their call. No doubt an Irrigation Commission was appointed to carefully investigate if the waters of Tungabhadra could be utilized for the benefit of the people of Rayalaseema. After elaborate enquiry the Irrigation Commission made their recommendations. The result was the scheme adumbrated by Colonel McKenzie which was intended for the benefit of not only the people of the Ceded districts but also those of Nellore district. I see that Mr. Nagi Reddi had not been aware of the same. But what did the Government at the top do then? After careful scrutiny of the recommendations of the Chief Engineer for Irrigation, they said that the project could not be taken up because in their opinion the project if taken up for execution would be unremunerative. They deferred the project. Here I want to say one important thing. I find that whenever the Government was approached for taking up a project, that first of all only looked to the remunerative aspect of the project. After all, Sir, most, if not all irrigation projects are bound to be remunerative in the larger sense. Why should the Government have any doubt on that score? Even a small irrigation project would serve its purpose and would be remunerative, barring of course a very few cases. Therefore what I want to submit, is, that the remunerative aspect alone should not stand in the way of the starting of any irrigation project. After all, what are these irrigation projects intended for? They are intended to ensure regular water-supply to the fields and thus enhance our agricultural output. If the Government are intent on increasing our agricultural output, why should the question of 'remunerative aspect' figure to such a large extent? Under the scheme as adumbrated by Colonel McKenzie there was no question of high level or low level canal. The principle adopted was firstly to provide water-supply not only to wet lands but also to dry lands and secondly to allow water for wet cultivation, only for low lying areas, as they were called. As I said before, in 1907, the project was not taken up for execution because the Government thought that the project would be unremunerative. Then the Congress Ministry came into power for the first time in 1937. Even then we were not given proper consideration. No big project was started. It was only during the Advisers' regime, the pertinent question of how to relieve the famine-distress in Rayalaseema was seriously taken up. Thanks to one of the advisers, I mean Sir S. V. Ramamurthi, the Tungabhadra Project was taken up for execution. But permit me to observe, Sir, that this Tungabhadra Project was somewhat different from the one adumbrated by Colonel McKenzie which sought to benefit not only the whole of Ceded districts but Nellore also. What is this present scheme, Sir, in reality? Not even the whole of the Ceded districts is benefited by this project, leave alone Nellore. This Tungabhadra Project, as it is now being executed, will not serve, as I have just said, the whole of Ceded districts. It will serve only two districts, Kurnool and Bellary and that too only to a limited extent. Had it been executed on the lines of Colonel McKenzie's plan, this question of low and high level canal would not have arisen. What has the Government

[Sri K. Koti Reddi]

[23rd July 1953]

done now? They have taken up only the low level canal. We thought at least a major portion of the Ceded districts would be irrigated by this project. But instead of the 19 lakhs of acres which the Tungabhadra Project ought to irrigate had it been executed according to the original plan, only 3 lakhs of acres are to be irrigated and that too only in Bellary and Kurnool districts. That is how the matters stand at present. Under the original scheme, Nellore also was to be benefited. But due to insufficiency of water Nellore is not in the picture now. The high level canal has not yet been taken up. When it is going to be taken up I do not know. Only when that is completed, there will be water-supply for Anantapur and Cuddapah. After all, Sir, let us not forget, that the districts of Anantapur and Cuddapah are also equally in the famine area. It is of the utmost importance that Cuddapah should be ensured of a proper water-supply from Tungabhadra. The commanded area for irrigation in Cuddapah which is somewhere between 4 to 5 lakhs of acres cannot be allowed to remain dry for ever.

12-20
p.m.

"It was probably considered by financial authorities that if the high level canal is taken up a lot of money will have to be spent. Finally the high level canal was taken up for investigation but to what extent? I am told that investigation is to be taken up to Pennar only. If the Cuddapah area and Anantapur area are to be irrigated under this scheme the waters will have to be taken beyond Pennar and two or three anicuts and aqueducts have to be put up across the rivers. I feel it is feasible to take the waters beyond the Pennar and Anantapur and Cuddapah districts also should be benefited. The Provincial Government need not wait for the appointed day for sanctioning the reinvestigation of the rest of the high level scheme for necessary modifications.

"Regarding the management of this scheme I am not in favour of creating a Corporation, after the experience we have had with regard to the working of the Damodar Valley Corporation. I am glad the Hon. the Chief Minister said that only a Board would be created and that the Board would take up the question of management. Our experience of the working of the Damodar Valley Corporation does not justify that a Corporation should be created because so much of money will be wasted and the representatives of the people will have no voice in its management and will have no opportunity of even criticising the administration. I, therefore, feel that a sort of Board consisting of representatives of the three States of Andhra, Hyderabad and Mysore will do. The Constitution lays down that where a particular waterway passes through a number of States and where any interference is considered to be necessary, the Parliament may entrust the Union Government with powers of regulating waters. A board consisting of representatives of the States concerned under the controlling voice of the Government of India will, I believe, be enough.

"So far as the present Tungabhadra Scheme is concerned, some investigation has been made with regard to the high level

23rd July 1953]

[Sri K. Koti Reddi]

canal up to the Pennar and for the rest of the distance even beyond the Pennar, no regular investigation is necessary because the investigation was already made under the old Tungabhadra Scheme. All that may be necessary is of some modification. Our Government should now be able to induce the Government of India to advance some money for developing that area as the water could be taken to these areas in Anantapur and Cuddapah districts. There is enough water available in the Tungabhadra Reservoir to-day and if a further forty or fifty lakhs is spent, the height of the dam could be raised sufficiently say four or five feet to impound more water for purposes of being made available for this purpose. Provision has been made even according to the present plan for such extension in case the need for more water is found necessary. As there is need for water in Cuddapah and Anantapur districts and also in Bellary and Kurnool, no time should be wasted by this Government and also the future Government and the scheme should be taken up as originally designed by Engineer McKenzie excluding Nellore, if necessary. It was felt that the scheme would be feasible according to the engineers but it is only the Government that was raising some sort of financial difficulty. There are certain areas in Cuddapah which cannot be irrigated under the waters of the Krishna and so also all the commanded area in Anantapur district. These areas can only be irrigated from the waters of the Tungabhadra. Therefore, the question of taking up the high level canal to irrigate these areas should be taken up immediately. Hon. Members are aware that under the scheme of Krishna-Pennar the areas in Cuddapah could be benefited to a certain extent. As a matter of fact, a major portion would be commanded under that scheme also. I am sure a time will come for conserving if necessary these waters for the areas in Bellary and Anantapur and parts of Kurnool to which the waters from the Krishna are not available. Meanwhile the whole of Cuddapah area could be irrigated under the Tungabhadra scheme and I feel that the question of the high level canal should therefore be taken on hand immediately. These areas could be irrigated under Pennar also but there is not enough water in the Pennar even for Nellore and the people of Nellore are complaining that they do not have enough water but if the high level canal is constructed, not only Anantapur and Cuddapah will be benefited but also at least for a time Nellore will get supply and so they need not wait for the Siddeswaram Project. I would therefore urge that provision in this behalf is made for carrying the waters not only up to the Pennar but beyond.

"The question may arise as to how the cost is to be shared. In that connexion, I wish to submit to the House that there are well-known principles according to which the division should be made and this question could be easily decided because the cost of dam is in proportion to the amount of water utilised by the particular area. That is the only criterion. With regard to the canals and distributaries, there also it is not difficult because the guiding principle in respect of common canals is the quantity of water used

[Sri K. Koti Reddi] [23rd July 1953]

in the respective areas without reference to the acreage covered by the scheme. I suppose there need be no dispute about such matters. Another point has been raised with regard to the hydro-electric scheme. The hydro-electric scheme under the Tungabhadra Project was taken up some five or six years ago but during all these years only a small amount has been spent upon it. This year, Sir, there has been a decent provision of Rs. 70 to 80 lakhs.

12-30
p.m.

"I don't know how much of this amount has been spent so far. Probably my hon. Friend Mr. Ranga Reddi will tell us. But, Sir, we have been for a long time expecting the scheme completed for the benefit of the Ceded districts. To our great surprise, our friend the Hon. the Chief Minister of Mysore advances the theory that all the electricity that is going to be produced by the scheme will be utilized by the Mysore State. It is unjust and unfair even to suggest such a thing. We have been telling our people that we would be getting electricity from the hydro-electric scheme from the Tungabhadra Project. So long as the electricity produced from the scheme is utilized by the Mysore State proportionately in Bellary district in the areas that are now to be their's, we have absolutely no objection. Similarly, with regard to the sharing of the waters also, difficulties may arise. It is just possible to utilize the major portion of the Tungabhadra water in Bellary district alone. This would be against the original scheme. Nothing should be done to deprive the districts of Kurnool, Anantapur and Cuddapah of the benefits of the Tungabhadra Project."

MR. SPEAKER :—"The hon. Member has exceeded his time-limit. I call upon the hon. Member Sri Subbarayudu to speak."

* SRI C. SUBBARAYUDU :—"Mr. Speaker, Sir, his Tungabhadra Project has got a long history which every hon. Member is aware of. Since the 19th century, so many Engineers and various Governments have investigated about the utilization of the Tungabhadra water from the present dam site. Mr. Gordon, Mr. Cotton, Mr. McKenzie, Mr. Parameswaram Pillai and finally Mr. Tirumalai Ayyangar have all investigated and the present project is being constructed according to the plan of Mr. Tirumalai Ayyangar. Sir, when we talk of the Tungabhadra high level canal, we have doubts about the high level canal being taken up. There is agitation going on in the whole of Rayalaseema area where there is no other possibility of protecting that large area from recurring famines. So many crores of rupees have been spent and even during the recent famine in Anantapur district, up to the 15th April, one crore and fourteen lakhs of rupees has been spent on famine relief apart from land revenue remissions to the extent of twelve lakhs of rupees. The same is the case with Cuddapah and Bellary districts. In spite of all these things and in spite of the fact that large sums are spent in the investigation of many projects like Krishna-Pennar, Nandikonda and Pulichintala, we are not satisfied with the provision made in the Bill with regard to the completion of the Tungabhadra Project. Though the dam is complete and the major portion of the excavation of the low

23rd July 1953] [Sri C. Subbarayudu]

level canal is also complete except for thirty miles in the Kurnool taluk, so far as the high level canal is concerned, the people of Anantapur and Cuddapah have doubts about the possibility of the high level canal scheme not being taken up. This is because of the attitude of the Mysore Government with regard to water rights and the way in which they are behaving. There must be no delay in the speedy progress of the execution of the high level canal. Last year we had some bitter experience about Kaveri river waters. Quite contrary to agreements, so far as the Chaitravathi river waters are concerned, they have constructed some reservoirs or tanks just near Mysore border and they have obstructed water-supply to Bukkapatnam tank in the Anantapur district, and further obstructing the Bhairavanitippa Project and other schemes. We are suffering on account of that and we are not able to find any other alternative. With regard to the Bhairavanitippa Project, though allotment was made in the last two budgets, the Government is not able to take up the execution of the project due to Mysore Government's attitude. With regard to the utilization of the waters of the Tungabhadra Project, we feel that the Mysore Government want to utilize the water for wet cultivation of the local ayacut so that the areas in Bellary district should get the entire benefit in the guise of protecting large areas of Anantapur and Cuddapah districts. It is therefore necessary that the project, in its original form, should be maintained. Unfortunately, the present Government is responsible for all these things. As I said, many projects were investigated and large sums of money are spent on investigations. Even the Khosla Committee has made some recommendations to investigate Krishna Valley Schemes. So far as the Tungabhadra high level canal scheme is concerned investigation is not completed. Though it is almost completed up to the 78th or 80th mile, we are not in the know of things as to what will be the capacity of the canal, the areas which it will cater and whether it will serve Tadpatri, Anantapur, Dharmavaram, Pulivendla and Jammalamadugu taluks of Anantapur and Cuddapah districts which areas cannot be served either by Krishna or Godavari or any other major river.

"For the last so many years, we have been agitating for the early investigation of the Tungabhadra high level canal scheme so that the future Andhra State may have a chance of pleading for its inclusion in the Five-Year Plan or for the grant of financial aid from the Centre for its early execution. I was told that there is a Cabinet decision to the effect that the investigation need not go beyond the 78th mile. I am unable to understand the reason for it. I also cannot understand why the Andhra Ministers, particularly the Ministers representing Rayalaseema, are not able to convince the Hon. Chief Minister and the other Cabinet Colleagues to complete the investigation of the high level canal scheme so that we may know where exactly we stand and the Planning Commission also could know which areas could be served by this scheme. I hear that there is a proposal to abolish the special division for tank restoration schemes whose headquarters is at Anantapur,

[Sri C. Subbarayudu] [23rd July 1953]

with effect from the beginning of August. I do not understand the reason for the proposal. If there is not sufficient work for the staff, the staff could be diverted to the high level canal scheme so that investigation may be completed early. I know that this canal will give protection to Dharmavaram, Tadpatri, Pulivendla, Jammalamadugu, Gooty and several other taluks and feed a number of tanks.

"I was present at a meeting of the Rayalaseema Development Board a few days ago, and I understood that the proposal was not to go beyond Molagavalli. If the canal is dug further on from this place, it will give protection to Adoni and Dronachalam taluks which cannot be served by any other major irrigation project. In spite of the repeated famines in Rayalaseema and the continuous failure of the monsoon for several years, the Government have not taken care to afford permanent protection to the area. When Sri Jawaharlal Nehru toured our district, he was very sympathetic, kind and generous. At the conclusion of the tour, he asked the question whether there was no permanent solution for protecting the areas against famine, and I do not know what reply the officials gave. After his tour, the Bhattacharya Committee toured Rayalaseema. I do not know what the Madras Government suggested to that Committee regarding the schemes for Rayalaseema for permanently avoiding famine, and what that Committee has recommended to the Central Government. From newspaper reports we see that the Committee has recommended only the putting up of bore-wells, etc. I would like to have a reply from the Hon. Chief Minister and the Hon. Minister for Public Works whether they are earnest and sincere about the completion of the early investigation of the scheme and whether they will order a thorough investigation of it at least now.

"I would like to say a few words regarding the corporation that is proposed for the Tungabhadra Project, to which Mr. Koti Reddi also referred. We know what is happening in the Damodar Valley Corporation. The proposed corporation may be used as a means for the adoption of delay tactics. The high level canal will cost not less than 20 to 25 crores of rupees if we want to give protection to the maximum area possible. Then comes the question of sharing of the cost. I do not know how far Mysore Government will agree to take up the high level canal scheme, immediately when they have got large areas under the low level canal yet to be developed. My request to the State Central Governments is that they should, in consultation with the Government of the Andhra State, give priority to the schemes intended to benefit Rayalaseema, and that they should order the early investigation and execution of the high level canal scheme.

"I have got my own fears about the proposed corporation. From the press reports about the Damodar Valley Corporation, I fear that so many troubles can be created by such so-called autonomous bodies. It is better that the right of execution and maintenance of the project is vested in the Central Government.

23rd July 1953] [Sri C. Subbarayudu]

"In sub-clause (1) of clause 62-A, a period of three years is allowed for the States of Andhra and Mysore to come to an agreement. I think this long period may be utilized for adopting delaying tactics by either of the States. My appeal to the Central Government through this Government is to recognize and give effect to the strong feeling of the people that the High-Level Canal Scheme should be completed very early.

"It is provided in sub-clause (3) (c) of clause 62-A that the rights and liabilities referred to in sub-sections (1) and (2) shall include the rights and liabilities in respect of the administration of the Project and the construction, maintenance and operation thereof, but shall not include the rights and liabilities under any contract entered into before the appointed day by the Government of Madras with any person other than Government. When the rights and liabilities of the Government of the composite State of Madras are transferred to the Andhra and Mysore States, I cannot understand why the rights and liabilities under any contract entered into by the Government of Madras with any person should not also be transferred to those States.

"In conclusion, I appeal to the Hon. Chief Minister and the Hon. Minister for Public Works to order the investigation of the Tungabhadra High-Level Canal Scheme immediately so that the investigation may be completed by the first of October and thereby the Andhra Government enabled to take up the execution of the scheme early. I would like to know from the Hon. Minister for Public Works as to what transpired at the conference regarding the Tungabhadra Project at Delhi and Bangalore."

* SRI VAVILALA GOPALAKRISHNAIAH :—"Sir, while the people of Rayalaseema are expecting to be relieved of distress and famine by the Tungabhadra Project, they are being deprived of the Project itself. The Madras Government have spent about Rs. 18 crores on this project, the rights and liabilities are apportioned between the Andhra and Mysore Governments and the administration of the project goes to the Mysore Government. This is a paradoxical thing. The speeches of the Chief Minister of Mysore are creating many misapprehensions in the minds of the people. I am quite aware of the statement of the Chief Minister about the sharing of the waters. Sri S. V. Ramamurthi, a former Adviser to the Government of Madras during the section 93 regime, said that the project would irrigate 10 lakhs of acres within the Madras State alone.

"The Chief Minister of Mysore now says he can use any amount of water in his own State. When this has been announced by the Chief Minister of Mysore, and when he feels that he can do anything, the Central Government will afterwards come and say that everything has been decided, and that they will maintain the status quo. Even before the formation of the State, let there be a committee consisting of two Members of the Andhra State, two Members of the Hyderabad State, one Member of the Mysore State, and one Member from the Central Government. That

[Sri Vavilala Gopalakrishnaiah]

[23rd July 1953]

committee can take over the Tungabhadra project and administer it. The Rayalaseema people have been suffering from distress, and they have been asking for this project. The Tungabhadra project has come about after so much of agitation and so much of misunderstanding. The Government took up the project for execution and finished it just now. When the project is completed, the sorrowful thing is that water from this project will go to some others. The administration of the project also will go to others. I do not know how things are arranged regarding the supply of electricity from this project. The Government must recommend to the Central Government to constitute a committee to maintain and carry on the administration of this project from the time of partition. That is the object of my amendment."

* THE HON. SRI C. SUBRAMANIAM :—" Sir, I would request hon. Members not to get agitated by statements made by the Chief Minister of Mysore or for that matter by anybody else. As a matter of fact, provision has been made here for the adjustment of rights and liabilities and for the administration of the Tungabhadra Project. I am sure that ultimately a satisfactory formula will be evolved, which will satisfy both Mysore and Andhra. As far as sub-clause (5) is concerned, it makes it quite clear that the original scheme of the project cannot be changed. Considering all these things, we need not think unnecessarily that Mysore will take away a greater quantity of water than it is entitled to. These are all imaginary fears, and we need not worry about them. Dealing with the amendments, I would request Mr. Nagi Reddi not to press his amendment. Because his amendment is quite unnecessary. Clause 62-A provides the method and also the procedure to arrive at a settlement. It is not necessary that we should specifically state that there should be a board. Clause 62-A comes into operation immediately the Bill is passed. There is power for the President to make the necessary directions for the completion of the project and for making other arrangements. Therefore, whatever is necessary will be done by the President till an agreement is reached between the Andhra Government and the Mysore Government. If no agreement is reached with the period provided for here, then the President will make his decision which will be binding on both the Governments. It is therefore unnecessary to make any specific recommendation that there should be a board. Already a tentative decision has been reached to set up some sort of a board for the purpose of completing the project and also for operating it. So, a specific resolution, in the terms in which Mr. Nagi Reddi wants, is superfluous. So also Mr. Viswanatham's amendment is unnecessary."

* SRI T. VISWANATHAM :—" Sir, it is stated in 62-A (1) as follows :—

'All rights and liabilities of the State of Madras in relation to the Tungabhadra Project or the administration thereof shall, on the appointed day, be the rights and liabilities of the States of Andhra and Mysore.'

23rd July 1953]

[Sri T. Viswanatham]

We want to know something about these rights and liabilities, as they would stand on the appointed day. Has any conference been held in this matter? What would be the extent of the liability? It is on this we are most interested. We have already spent Rs. 16 crores. Therefore we want this Government to take care of our interests now that there is no Andhra State functioning. We are anxious that the division, made and the liabilities shared should be on the basis of the advantages and the quantum of water received by both. We want to know what has happened in regard to all these questions."

* THE HON. SRI C. SUBRAMANIAM :—" Sir, I do not think we should go into all these details. What happened at Delhi was that the conference was inconclusive. I can straightaway tell the hon. Member on behalf of the Government that the interests of the Andhra Government in the project will be properly safeguarded by this Government till the appointed day. After the appointed day, I am sure the interests of the Andhras will be more powerfully and ably safeguarded by the Andhra Government. I can assure hon. Members that as far as this Government are concerned, we will certainly safeguard the interests of the Andhras. Mysore is there to take care of itself. We need not go to the help of the Mysore State. Dr. Nagan Gouda is there for the Mysore State. Sir, in view of this assurance, I request Mr. Viswanatham not to press his amendment."

SRI T. VISWANATHAM :—" So far, no rights and liabilities have been ascertained."

* THE HON. SRI C. SUBRAMANIAM :—" They have not been ascertained. Sub-clause (5) has been accepted in a way even by the Mysore Government. Therefore, I respectfully submit that these amendments are not necessary. The clause may remain as it is."

* SRI M. HANUMANTHA RAO :—" Sir, while agreeing with what the Hon. Minister said, I have to say that there is a gap here, and unless this gap is filled up, there is no use. We are all agreed that a board should be appointed to administer and operate the project. After the appointed day, it is left to both the Governments to negotiate and come to an agreement. If they are unable to come to an agreement within three years, the President will intervene. During this period of three years, there may be so many troubles, and the Governments may not be able to come to any agreement. In the meantime the project would actually be in possession of the Mysore Government. So long as the Madras Government are there, till the appointed day, it is all right. But after the appointed day and for more than three years thereafter, if the negotiations should prolong without agreement, then only the President will intervene. The period between the appointed day and three years thereafter is too long. A Board has to be appointed to administer the project during this period. We are all agreed that there should be a board. When we are agreed on this,

[Sri M. Hanumantha Rao] [23rd July 1953]

why should we not herein lay down clearly that a board shall be appointed. If this provision is made, it would certainly be helpful."

SRI C. V. K. RAO :—" Sir, the Hon. Minister Mr. Subramaniam said that some sort of board was being contemplated. What is that board? He also rather vaguely said that a satisfactory formula would be evolved. I would like to have clarification from him. The Chief Minister also, while explaining the position, said that the original arrangements should be binding on all the States together. This statement is also rather vague. I would like to have clarification on these points from the Hon. Minister."

1 p.m. * THE HON. SRI C. SUBRAMANIAM :—" Sub-clause (5) of clause 62-A clarifies this point. It is stated therein as follows :—

"The expression "Tungabhadra Project" or "the Project" means the project agreed to between the Government of Madras and the Government of Hyderabad before the appointed day and, so far as the State of Madras is concerned, intended for the supply and distribution of water from the Tungabhadra river by means of high level and low level canals to the districts of Bellary, Anantapur, Cuddapah and Kurnool, and for the generation of electric energy, both hydro-electric and thermal, and its transmission and distribution to the said districts and includes any extension or further development after that day of that project for the said purposes."

Therefore, the areas to be irrigated are indicated here. This provision will be adhered to and water will be supplied to all the areas contemplated under the project. Mysore will not be allowed to interfere with it. Simply because the project as such is in their area, water will not be allowed to go entirely into that area. So also, as regards the hydro-electric project, power will be generated there and whatever load was expected to be distributed to the Rayalaseema area, now the new Andhra area, that load will be available to the Andhra area. That will be safeguarded.

"With regard to the interim period, sub-clause (4) provides that, as soon as the Andhra State Bill is passed by the Parliament, the President will have power to issue directions, even before the appointed day, for the completion of the project. Therefore, he can issue directions as to the formation of Boards or the necessary machinery for the completion of the project, after the passing of the Andhra State Bill. (Interruption.) I do not know the details about the constitution of a joint Board with the representatives of the Andhra State, the Central Government, etc. I do not know whether they are going to make a provision for the representative of each Government to act as Chairman of the Board, by rotation, for three months or any specified period. If it is merely a question of constituting a Board, I shall straightway accept it. But I may assure the hon. Members that the President is going to give directions as to what should be done. So, let us not prejudge the whole thing. Let us make room for negotiation in the conference. Moreover, the Special Officer for Andhra State Affairs is also coming and he will also be made aware of all these things. He will consult non-official opinion also in the Andhra area and take special care of the Andhras. Under these circumstances, I do not think we need go into details."

[23rd July 1953]

SRI VAVILALA GOPALAKRISHNAIAH :—" I want to know when the Board will be formed."

* THE HON. SRI C. SUBRAMANIAM :—" It may be formed even before the appointed day. Sub-clause (4) provides for this. So, let us not load this clause with unnecessary and superfluous things. Let us leave the discretion to the President. The interests of the Andhras will be properly safeguarded and there will be no room for any complaint."

SRI C. SUBBARAYUDU :—" I would like to know whether the Cabinet will at least now be kind enough to order an investigation of the High Level Canal Scheme for which I pleaded."

THE HON. SRI C. SUBRAMANIAM :—" That is quite a different thing. I shall look into the matter and we shall take good care of it."

SRI N. RAMAKRISHNA AYYAR :—" Sir, myself, Sri Varadachari and certain others have moved an amendment to delete the latter portion of sub-clause (3)."

MR. SPEAKER :—" When I called the hon. Member, he was not here."

SRI N. RAMAKRISHNA AYYAR :—" No, Sir, the amendment has been moved. Since we do not understand what is meant by that expression, we want a clarification on that point."

* THE HON. SRI C. SUBRAMANIAM :—" They want to delete 'but shall not include the rights and liabilities under any contract entered into before the appointed day by the Government of Madras with any person other than Government'. We have already made a provision under clauses 47 and 48 with reference to contracts. Therefore, it is superfluous to mention here 'contracts with third parties'. That is why they are excluded here."

"Sir, there is an agreed amendment and I shall read it. It is as follows :—

"This Assembly is of the opinion that a Board may be set up on or before the appointed day and function under the directions of the President."

MR. SPEAKER :—" Then, I shall not put the other amendments to the vote of the House. They may be treated as withdrawn. The question is—

"This Assembly is of the opinion that a Board may be set up on or before the appointed day and function under the directions of the President."

The amendment was put and carried.

(Clause 63—no amendment.)

[23rd July 1953]

Clause 64.

* SRI T. VISWANATHAM :—" Sir, this clause gives power to the President for removing difficulties just like the famous clauses with which the Madras legislations abound. It says—

'If any difficulty arises in giving effect to the provisions of this Act, the President may by order do anything not inconsistent with such provisions which appears to him to be necessary or expedient for the purpose of removing the difficulty.'

Of course, the President will claim that it is not inconsistent with the provisions. It may appear to him to be necessary. But there are other parties also; they are not taken into consideration. Then, it may sometimes be expedient for one, but inexpedient for the other. Therefore, we have always raised an objection to such a clause as this. In passing some other legislation here, the Government agreed to an amended formula. At least, we may add a provision stating that such orders shall not have effect until they are placed on the table of the Parliament for fourteen days.

1-10 p.m. "This is a proposition which Hon. Mr. Subramaniam himself has made and he should not go back on it. He has agreed to this principle. I only want that such orders should be placed on the table of the Parliament for a period of 14 days."

* THE HON. SRI C. SUBRAMANIAM :—" I am glad that Sri Viswanatham has realized that it is not the Madras Government that have proposed such a clause. It is a general formula that is adopted for removing difficulties, if there were any. It does not mean that the President will completely change the provisions of the Act. This provision is there to remove any unforeseen difficulties that might arise at a future date. If this is an ordinary Bill, I would have agreed with my friend for the removal of this clause. But this is a Bill which is introduced here for the first time and we do not know whether we have comprehended all the difficulties that might arise at a future date. Therefore, it is necessary that the President, who is the supreme head of our State should have the power to remove all difficulties if it becomes necessary. It is not as if the President will interfere in all cases and say that this clause should be there and that clause should not be there and so on. Considering the special nature of this Bill, I request my friend, Mr. Viswanatham not to press his point. After all, Parliament may not be in session. As soon as the Bill is passed, the new State will begin to function from the 1st of October and at that time Parliament may not be in session. So, there is no point in pressing his suggestion."

MR. SPEAKER :—" It is only a suggestion."

SRI T. VISWANATHAM :—" It is an opposition combined with a suggestion, Sir! "

MR. SPEAKER :—" Let us now take up the First Schedule."

[23rd July 1953]

SRI T. VISWANATHAM :—" The Hon. Chief Minister made a reference to Sri T. Bhaskara Rao, whose name is found in the Madras list. May we know something more about his inclusion in the Madras list? "

* THE HON. SRI C. SUBRAMANIAM :—" Sir, in this matter we cannot be guided by the wishes of the people. In such cases, we have to examine the facts, which should be ascertained, and then decide whether a particular Member should be allotted to the residuary State or to the Andhra State. If the Member is not willing to represent the residuary Madras State in the Council of States, the only course open to him is to resign his membership and seek election from any other place. That is the only course open to him. I will put forward another case. Suppose a Tamil Member wants to go to Andhra, will you agree to that? "

SRI T. VISWANATHAM :—" Yes, he is welcome! "

THE HON. SRI C. SUBRAMANIAM :—" For argument's sake you may say that he is welcome. Further, even if you agree, other friends will not agree to it."

SRI T. VISWANATHAM :—" The real difficulty is this. Clause 9 simply makes the allocation. No principle is laid down there. The Hon. Finance Minister said that the allocation is made according to this clause and so it has got to be accepted. I would like to know on what principle this allocation is made. May we be enlightened on this point, Sir? "

* THE HON. SRI C. SUBRAMANIAM :—" For representing a seat in the Council of States, from any particular area, one of the requisite qualifications is that the person should be a voter there. Now, Mr. Bhaskara Rao has been on the electoral rolls of Madras city from the beginning. According to investigations that we have made, we find that he has also been domiciled here and for the past three generations they have been residing in the Madras city. That being so, I do not know how we can hand him over to the Andhra State. If, however, he is not willing to represent the residuary State, he may resign his seat in the Council of States."

SRI T. VISWANATHAM :—" May I know what the objection raised by Mr. Bhaskara Rao is? Has he stated any principle? "

THE HON. SRI C. SUBRAMANIAM :—" The Member has not stated any principle. He has only said that he wanted to represent the Andhra area. That is all the member has stated. He did not state any other principle in his letter. Originally, he was in the Andhra list. Subsequently, after these facts were placed before the Government of India they have changed it and transferred him to the residuary Madras State."

SRI VAVILALA GOPALAKRISHNAIAH :—" What about my amendment recommending that some provision should be made in the Bill to enable certain persons to stand for election? "

MR. SPEAKER :—" Let us take it up at the end."

[23rd July 1953]

THE HON. SRI C. SUBRAMANIAM :—" I shall have it examined, Sir."

SECOND SCHEDULE.

MR. SPEAKER :—" Amendment No. 171 is a consequential amendment, so I pass on to the next Schedule."

THIRD SCHEDULE.

MR. SPEAKER :—" There are no amendments to this Schedule."

FOURTH SCHEDULE.

SRI VAVILALA GOPALAKRISHNAIAH :—" I am not moving my amendment, Sir."

SRI T. VISWANATHAM :—" The Government have promised to take action with regard to my resolution. I suppose it will be a favourable action, Sir."

FIFTH SCHEDULE.

MR. SPEAKER :—" There are no amendments to this Schedule."

SIXTH SCHEDULE.

The hon. Member Sri T. Lakshminarayana Reddi was not in his seat. So his amendment No. 174 was not moved.

THE HON. SRI C. SUBRAMANIAM :—" Any way, I shall have this matter examined to find out whether there has been any omission."

SEVENTH SCHEDULE.

MR. SPEAKER :—" There are about 90 amendments to this Schedule. Shall I ask the hon. Members to move these amendments now so that we may commence discussion on them tomorrow? Or, shall we adjourn now and take them up tomorrow? "

SOME HON. MEMBERS :—" We may adjourn now, Sir."

MR. SPEAKER :—" The House will now adjourn and meet again at 8-30 a.m. tomorrow, Friday, 24th July."

The House then adjourned.

THE MADRAS LEGISLATIVE ASSEMBLY.

Friday, 24th July 1953.

The House met in the Assembly Chamber, Government Estate, Mount Road, at half-past eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

I.—SWEARING-IN OF A NEW MEMBER.

Sri K. Shanmugam was sworn-in.

II.—QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

State expenditure in connexion with the tour of the President of India.

* 910 Q.—SRI C. KANDASAMI : Will the Hon. the Chief Minister be pleased to state—

(a) what is the State expenditure incurred by this State for the tour of the President of the Republic in this State in the month of February 1953; and

(b) what are the details of expenditure item by item?

THE HON. SRI C. RAJAGOPALACHARI :—" (a) Rupees 53,466-4-8.

" (b) A statement * is laid on the table of the House."

SRI C. KANDASAMI :—" May I know how much has been spent on police officers and how much on men? The first item in the statement refers to travelling allowance for police officers and men. I want to know how much has been spent on them separately."

THE HON. SRI C. RAJAGOPALACHARI :—" I am not able to give that information from the papers I have here. But is it important? What does it matter whether it is for officers or for constables? "

SRI M. KALYANASUNDARAM :—" From the statement furnished by the Government it is seen that a sum of more than Rs. 53,000 has been spent by our State alone on the President's visit in addition to expenditure incurred by other bodies. Apart from that, the Central Government also might have spent some money and we do not know all those figures. How does this huge expenditure compare with that incurred on the visits of our former British Viceroys and also is it necessary for our State to undertake to entertain such costly guests in our State? "

[24th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—“ I cannot go into the merits of the constitutional question as to whether a President is necessary or not, how the President is to carry on his functions and how much expenditure is to be incurred upon him. All that is outside my province at the present moment. As regards the expenditure in this State out of the funds of this Government, we are bound to maintain law and order when a person of that position and a functionary of the highest importance in the Republic is travelling in our State.”

SRI C. KANDASAMI :—“ May I know the purpose of the visit of the President to Ramanathapuram district? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ The President of a Republic has many functions which cannot be explicitly understood or put down. But he is bound to travel all over the country and is expected to take an interest in every activity in the country, whatever the groups or the language or the men or the caste or the religion may be.”

SRI C. V. K. RAO :—“ Is there no limit to the expenses to be incurred on the visits of the President to the States? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ There is no constitutional limit. Our expenditure in this State is to provide security. The expenses of the President are governed by the Constitution and by the Parliament.”

SRI A. GOVINDASAMI NAYAGAR :—“ மதச்சார்பற்ற சர்க்காரின் தலைவர் டாக்டர் ராஜேந்திர பிரசாத் முகமதியர்களும், கிறிஸ்தவர்களும், இந்துக்களும் செலுத்துகின்ற வரிப் பணத்தில் இந்துக்கள் கோயில்களுக்குப் பவனி போய் வந்தது நியாயமா? இராமேசுவரத்தில் தர்ப்பணம் செய்யும் போது பிராமணர்களுக்குக் கொடுத்த பணமும், வேங்கடத்தில் காணிக்கை செலுத்திய பணமும் சொந்தச் செலவா அல்லது சர்க்கார் செலவா என்று கேட்கின்றேன்? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ அனேக கிறிஸ்தவப் பள்ளிகளுக்கும், கிறிஸ்தவ கோயில்களுக்கும், முஸ்லிம் கோயில்களுக்கும் அதேமாதிரி செய்து வருகிறார்கள்.”

58-40
[a.m.]

SRI M. KALYANASUNDARAM :—“ Sir, my question was not answered. I did not ask whether the President was necessary or not. I asked : How does this expenditure compare with the previous expenditure on the British Viceroys? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, that comparison cannot be made by me.”

SRI R. SIDDANNA GOWD :—“ Was the incurring of such heavy expenditure justifiable, Sir, in view of the fact that the President of the Republic is so popular, loved and respected all over the country? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, I deprecate questions here which should be put in Parliament if at all allowed.”

24th July 1953]

SRI M. KALYANASUNDARAM :—“ The Hon. Chief Minister made us understand that this huge expenditure was necessary to maintain law and order.”

THE HON. SRI C. RAJAGOPALACHARI :—“ Our expenditure? ”

SRI M. KALYANASUNDARAM :—“ Yes, our expenditure. We have known our President and even as Congress leader he has visited our State several times previously. Why do the Government apprehend any serious threat to law and order because of his visit? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ There is no apprehension of break-down of law and order because of his visit. But our duties with reference to the security of the President are greater than our duties with reference to ordinary citizens, non-official or other. With regard to private persons we can afford to take risk, but about the President of this Union we cannot afford to take such risks.”

Adjudication in the dispute between Sri T. Appu and Commonwealth Trust, Limited, Kozhikode.

* 911 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Industries and Labour be pleased to state whether the Government have received any memorandum from Malabar Trade Union Council, dated 15th November 1952, requesting the Government to order adjudication in the dispute between Sree Tharammal Appu and Commonwealth Trust, Limited, Kozhikode, regarding the bonus for 1948-49, and if so what action the Government have taken in this connexion?

THE HON. DR. U. KRISHNA RAO :—“ Yes, Sir. The Labour Officer, Coimbatore, has reported that the management of the Commonwealth Trust, Limited, Kozhikode, has paid the bonus for the year 1948-49, to Sri Tharammal Appu on 7th March 1953.”

Textile Tripartite Enquiry Committee.

* 914 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Industries and Labour be pleased to state when the Textile Tripartite Enquiry Committee was formed and whether the Committee have submitted their final report to the Government?

THE HON. DR. U. KRISHNA RAO :—“ The Tripartite Textile Enquiry Committee was constituted in June 1951 and it has submitted its final report to Government.”

SRI K. P. GOPALAN :—“ Will the Government be pleased to supply us a copy of the report, Sir? ”

THE HON. DR. U. KRISHNA RAO :—“ The report has been sent for printing and as soon as it is available, Members with have an opportunity of getting a copy.”

[24th July 1953]

SRI K. VINAYAKAM :—" May we know, Sir, what the salient features of the recommendations of the Tripartite Textile Enquiry Committee are? "

THE HON. DR. U. KRISHNA RAO :—" The Government are examining the report and as soon as it is printed, it will be made available to the Members along with the recommendations of the Government."

SRI M. KALYANASUNDARAM :—" When was the report received by the Government and may I know the cause for delay in printing and publishing it? "

THE HON. DR. U. KRISHNA RAO :—" It is a fairly big and voluminous report and it does take time for printing."

SRI T. C. NARAYANA NAMBIAR :—" The Hon. Minister was pleased to say that the report was being printed. Is it not specifically stated in the report that three annas a point should be given as dearness allowance to the workers? And if the report is under scrutiny, why is it that some of the mills in Malabar are exempted from paying the enhanced dearness allowance? "

THE HON. DR. U. KRISHNA RAO :—" The hon. Member is aware that the Committee gave an interim report in which they recommended that all mills which were not paying three annas a point over 100 points according to the Madras scale of cost of living, should pay it. I am not aware of the mills which were exempted. But if the hon. Member puts a specific question, I shall answer."

SRI S. VEMIAH :—" May I know, Sir, the names of Members of this Committee? "

THE HON. DR. U. KRISHNA RAO :—" I can only say this much that the President was Mr. Bhaktavatsalu Naidu and he was assisted by Mr. Vedantam, the Textile Expert. There were Mr. Chinnathurai and Mr. Ramanujam as the labour representatives. I do not remember the names of members representing the managements, but I think there were Mr. Barlow, Mr. Marshall and three from Coimbatore. If the hon. Member puts a separate question, I shall give the details."

SRI T. C. NARAYANA NAMBIAR :—" The Hon. Minister was pleased to give the names of members of the committee. The point is that the Kulapuram Textiles, and some mills in Cannanore, viz., National Textiles, Cannanore Spinning Factory, and some other factories are exempted from paying the enhanced dearness allowance. The interim recommendation of the committee was that this dearness allowance should be paid with retrospective effect from April 1952 and why was it that the Yarn Spinning and Weaving Mills, Pappinisseri, was exempted from paying that rate for seven months till November 1952? "

24th July 1953]

THE HON. DR. U. KRISHNA RAO :—" I cannot off-hand give information. But I remember a few mills in Malabar were exempted from this rate because they were not able to submit to the Enquiry Committee their balance sheets and there was some such difficulty. If the hon. Member gives the names of the companies, I shall be able to furnish the necessary information."

SRI M. KALYANASUNDARAM :—" The question of printing and publishing the report apart, have the Government examined the final recommendations of the committee and have they accepted any of the recommendations? "

THE HON. DR. U. KRISHNA RAO :—" As I said, the Government are examining it and we can come to a conclusion only after the examination is over."

Works Committees in Visakhapatnam district.

* 932 Q.—SRI K. GOVINDA RAO: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) in how many industrial concerns in Visakhapatnam district "Works Committees" were constituted;

(b) of them how many are functioning; and

(c) how many are defunct?

THE HON. DR. U. KRISHNA RAO :—" (a) Works Committees were constituted in Visakhapatnam in 10 industrial concerns.

" (b) Out of 10 Works Committees only three are actively functioning in (1) The Chittivalasa Jute Mills Company, Limited, Chittivalasa, (2) The Nellimarla Jute Mills Company, Limited, Nellimarla, (3) The Vizagapatam Sugars and Refineries, Limited, Anakapalli.

" (c) Works Committees in three industrial concerns have ceased to function, (1) The Anakapalli Match Company, Kasimkota, (2) The Gajapathy Salt Factory, Pudimadaka, (3) The Vizianagaram Press and Mills Company, Limited, Vizianagaram."

SRI K. GOVINDA RAO :—" May I know, Sir, the main functions of these Works Committees? "

THE HON. DR. U. KRISHNA RAO :—" The Works Committees are expected to look into the grievances as put forward by the workers themselves and try to settle these differences on a bipartite basis having discussions with the representatives of the management in the Works Committees."

DR. K. B. MENON :—" May I know the opinion of the Hon. Minister about the work of these Works Committees? "

MR. SPEAKER :—" The hon. Member can put a question on the policy of the Government, but cannot ask for the opinion of a Minister."

[24th July 1953]

DR. K. B. MENON :—“ Have these Works Committees been working satisfactorily in the State? ”

THE HON. DR. U. KRISHNA RAO :—“ Yes, Sir, in many institutions they have been working very satisfactorily. ”

SRI K. P. GOPALAN :—“ Recently the Government have passed an order that before any dispute goes to the Conciliation Board, it must go to the Works Committee. Now, many Works Committees have got their own constitutions and in many constitutions the representatives of the managements are given the veto power and in certain constitutions there is a rule that the discussion should be for one hour. So, consistent with the recent Government Order, will the Government be pleased to see that the Works Committees have their own constitutions and that the workers are given a chance to represent the matter to the Works Committees? For the efficient working of these Works Committees, will the Government be pleased also to change the constitutions suitably? ”

THE HON. DR. U. KRISHNA RAO :—“ Sir, the very purpose of the Works Committee is to enable the workers to put their case effectively before the managements. If it is brought to the notice of the Government that managements are not co-operating in this respect, certainly Government will take action. ”

Cancellation of teaching certificates.

* 940 Q.—SRI T. C. NARAYANA NAMBIAR : Will the Hon. the Minister for Education be pleased to state how many teaching certificates were suspended or cancelled in the State as per Madras Educational Rule 154, during 1948-51, for the alleged communistic activities and how many restored till now?

THE HON. DR. M. V. KRISHNA RAO :—“ A total number of 398 certificates had been either suspended or cancelled for participation in communistic activities out of which 287 certificates have been restored till now and the rest are under consideration. ”

SRI T. C. NARAYANA NAMBIAR :—“ Sir, the number of certificates cancelled or suspended as given by the Hon. Minister is not correct. The number is still larger. Is it not a fact that under Rule 154 of the Madras Elementary Education Rules, the Director of Public Instruction should personally examine and conduct an enquiry into the report made against the teacher concerned either by the management or by the Deputy Inspector? Why were not these mandatory provisions followed in cancelling or suspending the certificates? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ The Government will try to liberalize the whole matter. The Government will try and give as much attention to the requirements

[24th July 1953]

of justice as possible, apart from technical grounds. If we stand on technical grounds, probably all of them can be easily dismissed. But I think the hon. Member will accept my assurance that the matter will be looked into. Short of giving subsistence allowance for carrying on communistic propaganda, we shall do everything. ”

SRI K. RAJAGOPALA RAO :—“ ఏ యే activities ని communist activities గా పరిగణిస్తున్నారు? ఏమైనా ఆరోపణలు వచ్చినపుడు ఆ communist activities యొక్క నిజానిని గురించి enquiry చేస్తున్నారా? ఆ విచారణ ఏ వర్గములమీద ఎలా జరుపుతున్నారు? కాంగ్రెసుకు గీటు ఇవ్వక పోవడం కూడా కమ్యూనిస్టు activity క్రింద పరిగణిస్తున్నారా? ”

THE HON. DR. M. V. KRISHNA RAO :—“ When these certificates were either cancelled or suspended, the Director of Public Instruction was instructed to note that participation in subversive activities by the teachers amounted to a breach of their duty. Only in the cases of those who after enquiry were found to have actually participated in subversive activities, and had been convicted for that, the certificates were cancelled. In other cases the usual procedure was followed. Participation in a gathering or a party was not looked upon as a crime. In fact we had been following a liberal procedure in this matter. As many as 287 certificates have been restored. ”

SRI T. LAKSHMINARAYANA REDDI :—“ Why is it that teachers had been victimized because they belonged to the Teachers' Federation or Council? Why should Government show this kind of discriminatory treatment? Will they put a stop to this discrimination at least now? ”

THE HON. DR. M. V. KRISHNA RAO :—“ It is not because they belonged to an organization but because they indulged in activities which amounted to a breach of their main duty, these teachers had been punished. ”

SRI K. SUBBA REDDI :—“ May I cite a specific case? I know of a case in Palnad where one teacher by name Parabhrama Raju simply because he was a member of the Teachers' Federation and participated in their movement, was served with a notice and his certificate was cancelled. What has the Hon. Minister to say regarding this case, Sir? ”

THE HON. DR. M. V. KRISHNA RAO :—“ I require notice, Sir, for this question. But I wish to add that these cases relate to a period ranging from three to four years back. In fact we have followed a very liberal policy. As many as 287 certificates have been restored. As the Chief Minister has pointed out, we are following a liberal policy. ”

SRI M. KALYANASUNDARAM :—“ I have no desire to dispute the earnestness of the assurance given by the Hon. Chief

[24th July 1953]

Minister. But let me bring to his notice that even to-day, certificates of innocent teachers who had not taken part in any movement whatsoever and who do not belong to any party, had been cancelled. Will the Government put a stop to such vindictiveness?"

THE HON. SRI C. RAJAGOPALACHARI:—"If they are innocent and if action had been taken, then it must be a mistake. Where is the question of "vindictiveness" about it?"

SRI T. NAGI REDDI:—"I may bring to the notice of Government as recently as April (three months back) some teachers have been removed from service simply because they joined the Teachers' Movement?"

THE HON. SRI C. RAJAGOPALACHARI:—"It is not 'movement'. That is a facile phrase. The question is whether these teachers were connected with political organizations or not."

SRI T. NAGI REDDI:—"No. Even in cases where teachers had nothing to do with any political organization, they had been victimized. I know of a specific case. In Anantapur one teacher by name Hanumanthappa simply because he participated in the Teachers' Federation and read a paper during a meeting of the Federation, has been removed from service. Is it not 'victimization' then? If it is not, let me know the meaning of the term 'victimization'?"

THE HON. SRI C. RAJAGOPALACHARI:—"Let not the hon. Member use the word 'victimization' in a loose manner. In some cases it is possible a mistake might have occurred. If the teacher had been wrongly dismissed, it is perfectly open for him to agitate, and send a memorial to the highest authority."

SRI PILLALAMARRI VENKATESWARLU:—"As this is an important question, I would request that we may be allowed to have a half-hour debate on this."

MR. SPEAKER:—"That is not possible. To-day is Friday and we have to adjourn at 1 p.m."

THE HON. SRI C. RAJAGOPALACHARI:—"Apart from that, Sir, I would respectfully submit that we cannot go on allowing half-hour debates on questions which deal purely with personnel and when it is a matter coming under day-to-day administration of the State."

Assignment of waste lands to political sufferers.

* 966-A Q.—SRI K. VENKAIAH: Will the Hon. the Minister for Land Revenue be pleased to state whether the Government have recently passed orders revising their policy in

24th July 1953]

relation to the assignment of waste lands to political sufferers and if so, the reasons for the revision and whether a copy of the orders can be placed on the table of the House?

THE HON. SRI M. A. MANICKAVELU NAICKER:—"No, Sir. The Government merely clarified the existing orders and the clarification so made has been published as Press Note No. 79, dated 2nd June 1953. Therefore Government do not consider it necessary to place a copy of the order on the table of the House."

SRI K. VENKAIAH:—"Is it not a fact, Sir, that at the end of May, the Government issued orders revising their previous policy with regard to assignment of lands to political sufferers? Have they not stated therein that lands will be permanently allotted to political sufferers?"

THE HON. SRI M. A. MANICKAVELU NAICKER:—"The hon. Member is not quite correct in what he stated."

SRI G. BAPANAYYA:—"Are the landless poor being shown preference over political sufferers in the matter of assignment of lands?"

THE HON. SRI M. A. MANICKAVELU NAICKER:—"The hon. Member is quite correct."

SRI T. NAGI REDDI:—"The point is whether the lands are being given to landless political sufferers, or landed-political sufferers or influential political sufferers. I want to know, of these three, who are being given preferential treatment."

THE HON. SRI M. A. MANICKAVELU NAICKER:—"Preferential treatment is given to poor political sufferers" (Laughter.)

SRI V. BALAKRISHNAN:—"Has any infringement been caused over the Government's policy that lands possessed and cultivated by Harijans should not be encroached upon?"

THE HON. SRI M. A. MANICKAVELU NAICKER:—"No, Sir."

SRI K. VENKAIAH:—"In view of the importance of this question, I would request you, Mr. Speaker, Sir, to allow us to have a half-hour debate on this."

MR. SPEAKER:—"No, that is not possible."

Implementation of the Sisma formula in respect of supply of sugarcane.

* 966-B Q.—SRI K. GOVINDA RAO: Will the Hon. the Minister for Agriculture be pleased to state at what stage is the implementation of the *sisma* formula in respect of the cane supplied to the various sugar factories in our State in the year 1952-53?

[24th July 1953]

THE HON. DR. R. NAGAN GOUDA :—“ All the sugar factories in the State except the India Sugars and Refineries, Limited, Hospet, Bellary district, have agreed to pay the sugarcane price for 1952-53 season based on the *sisma* formula. The question of acceptance of the formula by the Hospet factory is under correspondence.

“ An initial payment at the rate of Re. 1-5-0 per maund, the minimum price fixed by the Government of India for 1952-53 season should have already been paid by the factories to the growers for the cane delivered. According to the *sisma* formula, the final payment has to be worked out on the average price of sugar at which the factory sold up to the end of October 1953 and hence the balance amount due to be paid will be notified after October 1953.”

SRI K. GOVINDA RAO :—“ In cases where the mill-owners refused to implement the *sisma* formula, in spite of the fact that the Government have already asked them to adhere to the *sisma* formula, will the Government take action on those mill-owners? ”

THE HON. DR. R. NAGAN GOUDA :—“ So far as we know all the factories in the State have agreed to pay sugarcane price for the 1952-53 season on the basis of *sisma* formula except the Hospet Sugar Factory. The Director of Agriculture was asked to ascertain and report whether the Hospet factory was not paying cane prices on the basis of the *sisma* formula and if so, to suggest the prices which the Government might notify. The Director of Agriculture forwarded a copy of the notification issued by the factory purporting to agree to pay sugarcane price according to *sisma* formula for 1952-53 season, and suggested that the question of notifying prices might be taken up in November 1953. As the notification is very loosely worded and does not amount to accepting the *sisma* formula, the Director of Agriculture has again been asked to get a definite answer from the factory whether it has fully accepted the formula in regard to the payment of prices of cane for the 1952-53 season. The Director of Agriculture's reply is awaited.”

SRI. R. VENKATA JAGGA RAO :—“ కొన్ని factory లు క్రింద పంపిణీ bonus ఇవ్వకండా ఉన్నవి. ముఖ్యంగా పితాపురం లో ఉన్న క్లీర్ షూర్ sugar factory బోనస్ ఇవ్వకుండా నిరాకరిస్తున్న సంగతి ప్రభుత్వానికి తెలుసునా? తెలిసినట్లయితే ఏ చరణ చేసి ఏమి step తీసుకుంటారని అడుగుతున్నాను.”

9 a.m. THE HON. DR. R. NAGAN GOUDA :—“ This question relates to the payment of additional price by the factories in the State for 1952-53 season. As I have said the minimum price of Re. 1-5-0 per maund should have been paid already by the factories. If any factory has not paid the minimum price, the fact may be brought to the notice of the Government and the Government will take suitable action.

24th July 1953]

“ Regarding the payment of extra amount, it will be announced only after the 1st October after calculating the price at which the sugar produced by the mills, has been sold till October.”

SRI K. GOVINDA RAO :—“ In view of the fact that there has been a shortage in the matter of supply of sugarcane to the various sugar factories last year and certain factories had to close down in the middle on account of the low price fixed by the Government, might I ask if the Government will at least this year recommend to the Government of India that the minimum price be increased to Rs. 1-12-0 per maund as suggested by the Provincial Sugarcane Growers' Association taking into account the relatively high cost of production of sugarcane in this State? ”

THE HON. DR. R. NAGAN GOUDA :—“ So far as the season for 1952-53 was concerned, the Government only fixed the minimum price and later on the owners of factories and the growers met together and decided to accept what is known as the *sisma* formula and so, I do not think we can complain about that because they have come to an agreement about it among themselves.”

SRI C. V. K. RAO :—“ Is this *sisma* formula which is figuring so much in this answer a chemical formula or a political formula or any real formula, Sir.”

THE HON. DR. R. NAGAN GOUDA :—“ It is so called because it was suggested by the South Indian Sugar Mills Association of Madras. It is a formula that has been suggested by the mill-owners and which has been accepted not by the Government but by the sugarcane growers themselves who met them in the Sugarcane Advisory Committee in Madras a few months ago. So, Sir, it is not a chemical formula but a formula agreed upon by both the growers and the mills and the price is based upon the recovery of sugar and the price at which the sugar is sold for the season in the year.”

SRI K. GOVINDA RAO :—“ The Hon. Minister has not answered my question, Sir. The fact is that the formula has not satisfied the peasantry even as it is accepted by the Government. Therefore, will the State Government recommend to the Government of India that for the season 1953-54, the price of sugarcane should be raised to Rs. 1-12-0 per maund as suggested by the Provincial Sugarcane Growers' Association? ”

THE HON. DR. R. NAGAN GOUDA :—“ This formula was accepted by the sugarcane growers whose representatives met the factory owners in the presence of the Director of Agriculture. I may say that regarding the price of Rupees 1-12-0 mentioned by the hon. Member according to the *sisma* formula in some factories where good quality sugarcane was supplied, growers got more than Rs. 1-12-0.”

[24th July 1953]

SRI M. KALYANASUNDARAM :—“ In spite of the repeated assertions of the Hon. Minister that the *sisma* formula has been accepted by the sugarcane growers, it is a fact that it has not been accepted by the growers and that is why sugarcane is not forthcoming for crushing by the mills and the fact that so many mills have closed down for that reason will prove that statement. For instance, the Pugalur Sugar Mills have been closed down and that shows that the basis of the formula is not satisfactory. That being so, might I ask if the Government will take steps to revise the *sisma* formula? ”

THE HON. DR. R. NAGAN GOUDA :—“ The price for sugarcane for the next year is not now under consideration. We are now only dealing with the price of sugarcane for the year 1952-53. When the question of fixing the price of sugarcane for the year 1953-54 is taken up the suggestion of the hon. Member will be kept in mind.”

SRI K. ARANGANATHAN :—“ What is the rate per maund as per the *Sisma* formula? ”

THE HON. DR. R. NAGAN GOUDA :—“ It depends upon the recovery of sugar in the factory where the sugarcane is supplied and also the average price at which the sugar produced by the factory has been sold during the year.”

SRI T. N. VENKATASUBBA REDDI :—“ May I know if the average price under the formula was greater or less than the price recommended by the Government of Madras to the All India Sugarcane Growers Association? If it was lower, may I know the reasons why it was lower? ”

THE HON. DR. R. NAGAN GOUDA :—“ The Government fixed only the minimum price and it does not say that the factories should not pay any higher price than that.”

SRI P. PUNDARIKAKSHACHARYULU :—“ May I know, Sir, whether complaints have been received that even the minimum price has not been paid regularly at once on the delivery of stock by the Sri Rama Sugar Mills, Bobbili and what was the action taken by the Government in regard to those complaints? ”

THE HON. DR. R. NAGAN GOUDA :—“ We have had no complaint as yet but now that the hon. Member has given the information, the matter will be looked into.”

Alleged lathi charge by the Police at Theagarayanagar.

* 966-C Q.—SRI S. DEIVASIGAMANY : Will the Hon. the Chief Minister be pleased to state—

(a) whether it is a fact that lathi charge and tear gas were used by the police in Theagarayanagar on the public; and

(b) the reason for the use of the same?

[24th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—“ (a) & (b) It is wrong to bring in the public into the incident. There has been an organized and repeated disregard of law for some days past as is known to the hon. Member.

“ On the 22nd at about 8-15 a.m. a procession consisting of about 300 volunteers of the Dravida Munnetra Kazhagam under the leadership of Sri Annamalai of Kancheepuram, wearing badges and carrying flags formed up near the Thyagarayanagar post office and marched in procession, shouting anti-Government slogans. The processionists were stopped about 25 yards from the Police Station and when questioned whether they had a licence to take out the procession, the leader of the procession denied having obtained a licence and shouted anti-Police and anti-Government slogans such as ‘Down with so and so’ and ‘down with this and that’. They showed a defiant mood and were determined to proceed ahead. At the same time there were unruly and boisterous crowds of about 200 of their comrades and sympathizers on either side of the platform of the road shouting similar slogans and encouraging the demonstrators. They were warned that if they failed to disperse and continued to be defiant, they will be dispersed by force. This warning did not have the desired effect and the unruly crowd wanted the Police party to make way. Hence one tear smoke grenade was thrown among the defiant crowd. At that time the crowds on either side of the road shouted at and rushed towards the Police party necessitating the throwing of another tear smoke grenade on the crowd on the pavement to the right and another on the left. The smoke did not have the desired effect on the unruly elements and the crowd surged forward and the small Police party of about 10 men including the Deputy Commissioner of Police, Law and Order, was in danger of being hemmed in. Thereupon a cane charge was ordered on the crowd of processionists and sympathizers which had the desired effect. The crowds dispersed and Sri Annamalai and 14 other Dravida Munnetra Kazhagam volunteers were taken into custody. They were removed from the scene to the Police Station and a case has been registered against them under section 147, I.P.C., read with section 41 of the City Police Act. They have been remanded to custody till 5th August 1953.

“ About 25 minutes later a group of 10 volunteers again formed themselves in a procession and proceeded along Dr. Nair Road with a view to staging a demonstration in front of the Chief Minister's residence. These volunteers were warned to disperse. As they refused to disperse and as repeated warnings had no effect, they were dispersed by a cane charge. The volunteers broke up and ran away in different directions. This is what happened. Sir.”

SRI S. DEIVASIGAMANY :—“ May I know, Sir, if the incident took place just opposite to the Police Station? ”

[24th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—“ I have read the account as given to me; I think it is somewhere about the Post office and the Police Station. I do not know how they are situated.”

9-10
a.m.

SRI A. GOVINDASAMI NAYAGAR :—“ எதிர்பாராதவிதமாக கண்ணீர்ப்புகை விடுத்ததால் மக்கள் கண் தெரியாமல் இருக்கும் சமயத்தில் தடியடிப் பிரயோகம் செய்ததனால் ஒருவருக்கு மண்டை உடைந்ததும், வேறொருவருக்கு கை முறிந்ததும், இன்னும் சிலருக்கு காயம் ஏற்பட்டதும் சர்க்காருக்குத் தெரியுமா? தடியடிப் பிரயோகத்தினால் காயமடைந்தவர்களை ஆஸ்பத்திரிகளுக்கு எடுத்துச் சென்று அவர்களுக்கு சிகிச்சையளிப்பதும் போலீசாரின் கடமையிலேயா என்று சர்க்காரைக் கேட்டுக் கொள்ளுகின்றேன்? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, those who organize these commotions must to a certain extent accept the natural consequences. The Government are doing all that is their duty to do.”

SRI S. DEIVASIGAMANY :—“ May I know. Sir, how many persons were injured and whether any police constable or police officer was injured? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ There is no case of injury to the police officers. The question is about the dispersal of a crowd which was unlawful.”

SRI C. RAJAM RAMASAMI :—“ As friends opposite are objecting to the use of ‘ tear gas ’, will the Hon. the Chief Minister consider the use of ‘ laughing gas ’ and make people laugh instead of cry? ” (Laughter.)

SRI S. DEIVASIGAMANY :—“ How many members of the public were injured in the assault by the police? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ It is difficult to say, Sir. I don't think there was any serious injury at all. The cane-charge was a very mild one. I thought I need not repeat the word ‘ mild ’ which was in the report itself.”

SRI K. VINAYAKAM :—“ Have the Government taken any trouble to find out what exactly the object of the processionists is and if so whether the Government cannot dispel their fears by explaining their policy much better so that the processionists and the Government may know where exactly they are standing as far as their purposes are concerned? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, I think I understand their object. It is that the Government should resign.”

SRI V. BALAKRISHNAN :—“ Was any application for licence made to take out a procession and refused? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ They had no licence, Sir. That is what I can gather from the report. I

[24th July 1953]

do not think they have applied for a licence. Their object is to demonstrate without applying for the licence. This is going on every day.”

SRI S. DEIVASIGAMANY :—“ I understand that a man is very seriously bed-ridden in the Royapettah Hospital. May I request you, Sir, to give us a half-hour debate on this question? ”

MR. SPEAKER :—“ To-day is Friday. Apart from that, I have since agreed to have a half an hour debate on the cancellation of teachers' certificates tomorrow. We have got also the debate on the new elementary education scheme. In the non-official programme, the third item relates to it. Under rule 22, it can be taken up earlier. Perhaps one day will be allotted for a debate on that subject. You may then discuss whatever you want. So, I cannot allow a half an hour debate now.”

SRI A. GOVINDASAMI NAYAGAR :—“ இந்த கேள்விகளுக்கு அரை மணி நேரம் ஒதுக்குவதாக நேற்று நீங்கள் சொன்னீர்களே? ”

MR. SPEAKER :—“ இதே விஷயம் திங்கட்கிழமை விவாதத்திற்கு வருகிறது. திங்கட்கிழமை non-official day யாக ஒதுக்கப்பட்டிருக்கிறது என்று Leader of the House சொன்னால்தலால் இன்றைக்கு இந்தக் கேள்விக்கு அரை மணி நேரம் ஒதுக்க முடியாமல் இருக்கிறது.”

SRI K. ARANGANATHAN :—“ On a point of information, Sir, திங்கட்கிழமை புதிய கல்வித் திட்டத்தைப்பற்றி விவாதிப்பதற்காக ஒதுக்கப் பட்டிருக்கிறது. ஆனால், இன்று கொண்டுவரப்பட்டிருக்கும் ஒத்திவைப்புப் பிரேரணை நேற்று நடந்த தடியடிப் பிரயோகத்தைப்பற்றியும், கண்ணீர்ப்புகையைப் பற்றியதுமாகும். ஆகையால், இன்றைக்கு அரை மணி நேரம் ஒதுக்கவேண்டுமென்று கேட்டுக் கொள்ளுகின்றேன்.”

MR. SPEAKER :—“ இதுவும் திங்கட்கிழமை விவாதத்திற்கு வரும் விஷயத்தில் அடங்கியிருக்கிறது.”

SRI K. ARANGANATHAN :—“ இது வேறு, அது வேறு. இரண்டு விஷயங்களையும் ஒன்றாகச் சேர்ப்பது சரியல்ல.”

MR. SPEAKER :—“ திங்கட்கிழமை விவாதத்தில் இந்த விஷயமும் வருகிறதா, இல்லையா என்று பாருங்கள் ” (சிரிப்பு.)

Abolition of the posts of Poet Laureates.

* 967 Q.—SRI M. KALYANASUNDARAM (on behalf of Sri P. B. K. Rajachidambaram): Will the Hon. the Minister for Education be pleased to state the reasons for abolishing the posts of Poet Laureates in the Madras State?

THE HON. DR. M. V. KRISHNA RAO :—“ The Government are of the view that real poetry cannot be inspired by this method.”

Abolition of the posts of Poet Laureates.

* 968 Q.—SRI S. VEMIAH: Will the Hon. the Minister for Education be pleased to state the reasons for the abolition of Poet Laureateship?

THE HON. DR. M. V. KRISHNA RAO :—“ Attention is invited to the answer to question No. 967.”

[24th July 1953]

SRI R. KRISHNAN :—" Will the Hon. Minister inform the House whether the Government are taking any other steps to encourage artists for the development of art and culture? "

THE HON. DR. M. V. KRISHNA RAO :—" A ' Sahitya Academy has been formed by the Government of India and steps are being taken in our State to form regional academies."

SRI M. KALYANASUNDARAM :—" I heard the Hon. Minister to say that real poetry cannot be encouraged by this method. Are we to understand that any Government encouragement would mean ' devoid of reality ' ? "

THE HON. SRI C. RAJAGOPALACHARI :—" One thing is clear. Government patronage will not produce poetry, real or unreal, but a certain amount of unreal poetry can be produced by patronage of some kind. But that is not poetry."

SRI T. VISWANATHAM :—" Will the Government consider the suggestion, namely, that they could really inspire poetry and art by taking more artistic and poetic personalities into the Cabinet? " (Laughter.)

THE HON. SRI C. RAJAGOPALACHARI :—" The experience of all countries is against Government patronage."

SRI M. NARAYANA KURUP :—" The Government say that poetry cannot be inspired by this method. Will the Government be pleased to reward inspired poets? "

THE HON. SRI C. RAJAGOPALACHARI :—" That was done. But when we came to a stage when further encouragement by money grants was to be considered, we stopped it. There were a certain number of inspired poets, but we cannot go on manufacturing poets."

SRI S. DEIVASIGAMANY :—" May I know what is the amount that the Government stand to gain by the abolition of these posts? "

THE HON. SRI C. RAJAGOPALACHARI :—" It is not a question of gain, Sir. However, that an incentive to flatterers and others has been stopped is a gain."

Palace servants of the former Pudukkottai State.

* 969 Q.—SRI V. BALAKRISHNAN : Will the Hon. the Chief Minister be pleased to state—

(a) the number and category of servants discontinued from the Palace service of the former Pudukkottai State after merger of Pudukkottai with Madras;

(b) whether the Palace servants belonged to the State Government Service of the former Pudukkottai State Service; and

(c) if the answer to (b) is in the affirmative, the reasons for such discontinuance?

[24th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—" (a) A statement^a giving the information is placed on the table of the House.

" (b) Only those holding pensionable posts belonged to the Pudukkottai State Government Service.

" (c) They have been discharged for want of corresponding posts in the Madras Services after merger."

SRI V. BALAKRISHNAN :—" Was compensation promised to these discontinued employees and if so, may I know whether the promise has been fulfilled during this period of five years and if not, why not? "

THE HON. SRI C. RAJAGOPALACHARI :—" I am sorry. I wish it had been included in the question. I do not wish to examine the file just now for that purpose."

SRI M. KALYANASUNDARAM :—" Are there no corresponding posts in the Governor's House in this State and could not they be usefully absorbed in that establishment? "

THE HON. SRI C. RAJAGOPALACHARI :—" That is already overfilled."

Irrigation canal supplying water to Villupuram lake.

* 970 Q.—SRI V. R. NAGARAJAN : Will the Hon. the Minister for Public Works be pleased to state whether the agriculturists in Villupuram have through their petition, submitted to the Hon. the Minister for Land Revenue in person some months ago, represented to the Government the unsatisfactory nature of the irrigation canal supplying water to the Villupuram lake and if so, what action has been taken thereon?

THE HON. SRI N. RANGA REDDI :—" Petitions on the subject were received by the Government only in March and April 1953 and they have been referred to the Chief Engineer (Irrigation) for report."

SRI V. R. NAGARAJAN :—" In view of the constant encroachments made on the canal by villagers who are not entitled to take to such tampering, may I request the Hon. the Finance Minister to instruct his departmental officials to see that no such tampering takes place to the disadvantage of the ryots of Villupuram lake? "

MR. SPEAKER :—" The question is addressed to the Hon. the Finance Minister."

SRI V. R. NAGARAJAN :—" No. It is addressed to the Hon. the Revenue Minister."

Reduction in prices of yarn.

* 971 Q.—SRI PRAGADA KOTAIAH : Will the Hon. the Minister for Industries and Labour be pleased to state the steps

9-20
a.m.

[24th July 1953]

taken by the Government to reduce the prices of yarn in accordance with the resolution recently passed by the Madras Handloom Committee requesting for reduction of yarn prices?

THE HON. DR. U. KRISHNA RAO :—“ This Government have addressed the Government of India to relate the price of yarn more nearly to the price of cotton, and to equalise as far as possible the price of yarn for handlooms and that for composite mills. The Government of India have justified their method of relating the price of yarn to the price of cotton, which follows the formula evolved by the Tariff Commission. To equalise price, they have levied a cess on mill cloth. I, however, submit that the question of the regulation of the price of yarn is not a live issue now in view of decontrol.”

SRI PRAGADA KOTAIAH :—“ In view of the growing unemployment resulting in utter starvation due to the accumulation of handloom cloth, will the Government be pleased to take steps to supply yarn at prices at which the mills are getting at the spindle point and also introduce small-scale spinning mills for the manufacture and supply of yarn to handlooms? ”

THE HON. DR. U. KRISHNA RAO :—“ I have said that there is decontrol of the price and distribution of yarn. I do not know how the hon. Member wants the Government to help the industry.”

Elections to Pamarru Panchayat Board, Gudivada.

* 972 Q.—SRI G. RAMA RAO : Will the Hon. the Minister for Local Administration be pleased to state—

(a) whether the elections to the major panchayats of Pamarru, Gudivada, were stayed by Government, and if so, under what circumstances;

(b) who gave the petition for postponement of the elections and or, what date; and

(c) whether the petition was referred to the local officials for remarks; and if so, when?

THE HON. SRI N. SANKARA REDDI :—“ (a) Yes, on a representation from some residents that the electoral roll was not published when election proceedings were commenced and that the electoral roll itself was defective.

“ (b) Four residents of the Pamarru Panchayat sent a petition, dated 5th June 1953, in the matter.

“ (c) Yes, on 9th June 1953.”

SRI K. RAJAGOPALA RAO :—“ May I know whether the petition was sent by post or given in person? ”

THE HON. SRI N. SANKARA REDDI :—“ I do not remember whether the petition was sent by post or presented in person.

[24th July 1953]

A report on the petition was called for. The report says that the allegations are incorrect. The Government are proposing to vacate the stay order and hold elections.”

SRI R. SIDDANNA GOWD :—“ Was the opinion of the Collector called for with regard to the defective nature or otherwise of the electoral roll? ”

THE HON. SRI N. SANKARA REDDI :—“ The report referred to is the report from the Regional Inspector who is in charge of the election.”

SRI K. SUBBA REDDI :—“ ఎన్నిక గ్రామాలనుంచి representation లు వచ్చినా విషయం మంత్రిగారు ఈ ఒక్క గ్రామం విషయమై ఎట్లా విన్నవించారు? ”

THE HON. SRI N. SANKARA REDDI :—“ When the allegations are serious, we take notice of them and make enquiries.”

SRI K. RAJAGOPALA RAO :—“ May I know whether any specific period is mentioned in the stay order and, if so, what it is? ”

THE HON. SRI N. SANKARA REDDI :—“ The period need not be fixed.”

SRI G. RAMA RAO :—“ May I know how many people signed the petition and what prompted the Hon. Minister to take such prompt action in this particular matter? ”

THE HON. SRI N. SANKARA REDDI :—“ Four residents of the Pamarru Panchayat signed the petition. The allegations are that the electoral roll was not published when election proceedings were commenced and that the electoral roll itself was defective. If the allegations were true, the election itself would have become invalid.”

SRI M. LAKSHMANASWAMY :—“ Is it not a fact that the Government are issuing such orders wherever it is convenient for their followers without going into the merits of the case? It is clear from the reply of the Hon. Minister.”

THE HON. SRI N. SANKARA REDDI :—“ I do not think there is any truth in the insinuation.”

SRI G. YELLAMANDA REDDI :—“ How is it that the Government fixed the date for the election without scrutinizing whether the electoral roll was correct or not? ”

THE HON. SRI N. SANKARA REDDI :—“ If the election date is fixed without scrutinizing the correctness of the electoral roll, the election will become invalid.”

SRI K. RAJAGOPALA RAO :—“ May I know whether the Government propose to conduct the election early? ”

THE HON. SRI N. SANKARA REDDI :—“ All pending elections will be completed within two months.”

[24th July 1953]

SRI G. RAMA RAO :—“ May I know whether the petitioners are related to the Hon. Minister? ”

THE HON. SRI N. SANKARA REDDI :—“ I have no relatives in that district.”

SRI ALLURI VENKATARAMARAJU :—“ అయ్యా, మేజరు పంచాయతీ ఎన్నికలకు ఎంతో దీర్ఘకాలం అలస్యమైన విషయం ప్రభుత్వం గుర్తించింది. ఉదాహరణకు తూర్పు గోదావరి జిల్లా రాత్రిగ్రామ పంచాయతీ విషయం కూడా ఇందులో ఉంది? ”

THE HON. SRI N. SANKARA REDDI :—“ There are some major panchayats in every district. Elections to major panchayats were conducted by secret ballot and they were taken up only at a late stage.”

SRI T. LAKSHMINARAYANA REDDI :—“ క్రొత్త పంచాయతీలకు ఎప్పుడు ఎన్నికలు జరుపుతారండి? ”

THE HON. SRI N. SANKARA REDDI :—“ That is under the consideration of the Government.”

Opening of new elementary schools.

* 973 Q.—SRI N. SIVARAMI REDDI : Will the Hon. the Minister for Education be pleased to state—

(a) whether the Government have laid down any conditions to be satisfied for the opening of a Board Elementary School in any village in general and if so, what they are; and

(b) whether there is any restriction saying that no such school can be opened in villages with less than 500 population?

THE HON. DR. M. V. KRISHNA RAO :—“ (a) The conditions laid down for the opening and recognition of aided elementary schools are followed in regard to Board Elementary Schools also. These conditions are given in the rules for the grant of recognition and aid to elementary schools under private managements. A copy of the rules is available in the Library of the Secretariat of the Madras Legislature for reference.

“ (b) No. The policy of the Government is to open schools with a population of 500 and above in the first instance. Opening of schools in places with a population of less than 500 is also considered, provided there are sufficient number of school-age children in the village and provided further that there are no schools too close by to which they can conveniently go.”

SRI N. SIVARAMI REDDI :—“ Due to the insistence on the provision of a pukka building by the authorities, many villages are denied the facility of a school. Will the Government be pleased to relax this condition? ”

THE HON. DR. M. V. KRISHNA RAO :—“ With regard to elementary schools, a very liberal policy is followed. As a matter of fact, about three days ago I declared open a small thatched shed for an elementary school.”

[24th July 1953]

SRI V. RAMA RAO :—“ May I know, Sir, whether the Government are aware of the fact that the district boards made indiscriminate and innumerable transfers of teachers, both elementary and secondary, on the eve of their leaving the office? Will the Government reconsider this problem to set things right? ”

THE HON. DR. M. V. KRISHNA RAO :—“ This is a totally different question, Sir.”

SRI Y. MANJAYA SHETTY :—“ The Parliamentary Secretary to the Hon. Minister for Finance is reported to have said, according to a recent press report, that the Government are contemplating the appointment of Graduates as headmasters of elementary schools. May I know whether there is any such proposal under contemplation and, if so, when it will be implemented? ”

THE HON. DR. M. V. KRISHNA RAO :—“ We are thinking of ways and means for improving the quality of elementary education. Therefore we want to consider the proposition of improving the quality of teachers.”

SRI S. NARAYANAPPA :—“ In view of the fact that many District Educational Officers have refused recognition for schools in villages in which there is a population of 500 and below, will the Hon. Minister be pleased to send instructions about the policy stated on the floor of this House? ”

THE HON. DR. M. V. KRISHNA RAO :—“ Yes, Sir, a liberal policy is followed.”

SRI S. DEIVASIGAMANY :—“ Is the Hon. Minister aware of the inordinate delay in the Education Department in implementing the recommendations of the district board in regard to opening of schools? The Chingleput District Board recommended the opening of a school in Labbakandigai village more than a year ago and yet no school has been opened so far.”

THE HON. DR. M. V. KRISHNA RAO :—“ I will look into that particular matter. But generally, encouragement is given in every respect.”

SRI M. S. MOGRAL :—“ Why is there so much delay from the side of the Government in raising elementary schools to higher elementary schools? ”

THE HON. DR. M. V. KRISHNA RAO :—“ I cannot accept the statement that there is delay in every case or generally.”

SRI V. BALAKRISHNAN :—“ Is the Hon. Minister aware, 9-30 a.m. Sir, that though pukka buildings and the requisite number of children are there, the department is painfully slow to appoint teachers even after a period of three or four years? ”

THE HON. DR. M. V. KRISHNA RAO :—“ We do not appoint teachers direct to the elementary schools, Sir.”

[24th July 1953]

SRI M. VEERABHADRAM :—“ Sir, is there any rule prohibiting the opening of a school within one mile of another school, which is there already, even though the two schools may be situated in two separate villages? ”

THE HON. DR. M. V. KRISHNA RAO :—“ A certain amount of planning is necessary whenever we give permission for starting new schools. It is certainly necessary to lay down the minimum distance between one school and another in order to avoid competition. But every encouragement is given taking into consideration the area, its accessibility and the number of children likely to be required for the school.”

MR. SPEAKER :—“ Question time is over. The answers to the rest of the questions will be printed in the proceedings.”

Alleged murder of Sri Eganathan, a Harijan lad.

* 974 Q.—SRI A. RATHINAM: Will the Hon. the Minister for Finance be pleased to state—

(a) whether the Government received representations from various Harijan organizations of India and the father of one Eganathan, a murdered Harijan lad, about the inaction of the police in the matter of investigation into the murder of the said Eganathan; and

(b) whether the Government have taken any action on the representations made to them?

THE HON. SRI C. SUBRAMANIAM :—“ (a) Representations regarding the alleged murder of the Harijan lad Eganathan and the inaction of the police in the matter were received by the Government from Sri N. S. Karuppiiah, father of Eganathan, from Sri S. Raman, brother of Sri N. S. Karuppiiah and from the General Secretary, Pan Malayan Adi-Dravida Federation, Singapore.

“ (b) Yes; an enquiry by the C.I.D. was ordered by the Government. The enquiry showed that there was no evidence to conclude definitely that the deceased had been murdered. There was also nothing to show that the police had failed in their duty.”

Purchase of Gosthani and Meghadrigadda water-works in Visakhapatnam by Government.

* 975 Q.—SRI M. VEERABHADRAM: Will the Hon. the Minister for Health be pleased to state—

(a) whether it is a fact that in the year 1946-47 the Military Department offered the Gosthani and Meghadrigadda water-works in Visakhapatnam to the Government for sale;

(b) if so, at what rate they were offered; and

(c) what was the reply given to them by the Government?

[24th July 1953]

THE HON. SRI A. B. SHETTY :—“ (a) The answer is in the affirmative.

“ (b) The rate offered for Gosthani water-works by the Military Department was Rs. 18.07 lakhs and for Meghadrigadda water-works Rs. 8.58 lakhs.

“ (c) A sum of Rs. 10 lakhs was paid for the Gosthani water-works. The Military authorities were not in favour of selling the Meghadrigadda water-supply installations to the municipality, as they wanted to sell it to the Harbour authorities.”

Cost of palmyra trees on poramboke and assessed dry lands.

* 976 Q.—SRI S. VEMIAH: Will the Hon. the Minister for Agriculture be pleased to state—

(a) whether the cost of palmyra trees existing on porambokes and assessed dry lands has been enhanced in G.O. No. 5738, Development, dated 19th November 1951;

(b) if so, the reasons for the same; and

(c) whether the cost of leaves of palmyra trees has also been enhanced in that Government Order; and if so, to what extent?

THE HON. DR. R. NAGAN GOUDA :—“ (a) Yes.

“ (b) The old rates were fixed long ago and due to rise in the cost of living they were enhanced along with the rates of other trees and forest produce.

“ (c) Yes, by 200 per cent.”

Pattas for the house-sites assigned to the people of Pasalapudi village, Tanuku taluk.

* 977 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state whether the inhabitants of Pasalapudi village, Tanuku taluk, West Godavari district, have made representations to the Government to grant them permanent pattas of the house-sites assigned to them by Zamindar of Nidadavole Estate about 25 years back on which they built houses but are served with eviction orders; and if so, what action was taken by the Government on such representations?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ The answer is in the negative.”

Harijan workers employed in tanneries.

* 978 Q.—SRI M. RAJESWARA RAO: Will the Hon. the Minister for Education be pleased to state the amount from the Harijan Uplift and other Government funds that has been spent for the uplift of Harijans and Harijan Christian workers employed in the tanneries in the State during the years 1946-52 and up to 31st December 1952?

[24th July 1953]

THE HON. DR. M. V. KRISHNA RAO :—“ The Harijan Welfare Department incurred expenditure on the provision of house-sites, pathways, wells, etc., and on the educational facilities of Harijans and Harijan Christians including those workers employed in the Tanneries during the years 1946-52 and up to 31st December 1952. But no separate figures in respect of these items for those working in tanneries are compiled and are not consequently available.”

Irrigation works in Visakhapatnam and Srikakulam divisions.

* 979 Q.—SRI K. GOVINDA RAO: Will the Hon. the Minister for Public Works be pleased to state—

(a) the total allotment for the irrigation works under the Food Production Department in the State for the year 1952-53;

(b) what is the total amount spent so far on irrigation works this year; and

(c) what is the amount sanctioned for Visakhapatnam and Srikakulam divisions in particular?

THE HON. SRI N. RANGA REDDI :—“ (a) Rs. 179 lakhs.

“ (b) Rs. 161 lakhs.

“ (c) Visakhapatnam Rs. 6,24,400 and Srikakulam Rupees 5,71,600.”

Medical aid to Non-Gazetted officers.

* 980 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Health be pleased to state—

(a) whether under the scheme of free medical aid to non-gazetted Government servants, free aid is given to them in non-Government medical institutions; and

(b) whether under that scheme the Government propose to reimburse at least the medical expenses of non-gazetted officers incurred in payment to the private practitioners specializing in certain diseases like tuberculosis, malaria, cancer, etc.?

THE HON. SRI A. B. SHETTY :—“ (a) The concessions granted to non-gazetted officers and their families are applicable to them only when they undergo treatment in State medical institutions. If, however, there is no Government Hospital, a Government servant may undergo treatment in a non-Government medical institution on the advice of his official medical attendant and the charges realized by the institution will be defrayed on his behalf by the Government.

“ (b) The answer is in the negative.”

Exemption to commercial establishments in Anakapalle from the operation of Shops and Establishments Act.

* 981 Q.—SRI K. GOVINDA RAO: Will the Hon. the Minister for Industries and Labour be pleased to state whether

[24th July 1953]

it is a fact that an order has been issued by the Government exempting all commercial establishments situated in the Gandhi Market, Anakapalle (Visakhapatnam district), from the provisions of Madras Shops and Establishments Act, 1947, and if so, why?

THE HON. DR. U. KRISHNA RAO :—“ On a representation made by the Anakapalle Merchants' Association, the Government made enquiries and ascertained that in Anakapalle, one of the biggest jaggery exporting centres in the State, the jaggery market opens at about 10 a.m. and closes at about 9 p.m. during the jaggery season (i.e.), from 1st November to the end of April every year. The Government therefore exempted all commercial establishments situated in the Gandhi Market, Anakapalle, from the provisions of section 13 (1) of the Madras Shops and Establishments Act, 1947, for the period commencing on the 1st November and ending with the 30th April subject to the condition that no commercial establishment shall be opened on any day earlier than 8 a.m. or closed on any day later than 10 p.m. The establishments have not been exempted from any other provisions of the Act.”

Fire-fighting engine for Pattukkottai.

* 982 Q.—SRI M. MARIMUTHU: Will the Hon. the Minister for Finance be pleased to state whether there is any proposal to sanction a fire-fighting engine for Pattukkottai?

THE HON. SRI C. SUBRAMANIAM :—“ The answer is in the negative.”

Extensions to Kadiri Hospital building.

* 983 Q.—SRI K. V. VEMA REDDI: Will the Hon. the Minister for Health be pleased to state—

(a) whether representations were made by the public of Kadiri taluk to the Government for the construction of new hospital buildings and for the extension of the present hospital buildings at Kadiri in Anantapur district for maternity;

(b) if so, whether any allotment is provided in the Budget for 1952-53; and

(c) if not, why not?

THE HON. SRI A. B. SHETTY :—“ (a) Yes.

“ (b) A sum of Rs. 32,300 was provided in the budget for 1952-53, but out of this, a sum of Rs. 32,000 was resumed that year due to curtailment of expenditure on capital works. A provision of Rs. 50,000 has been made in the budget for the current year (1953-54).

“ (c) Does not arise.”

[24th July 1953]

Alleged seizure of badges and licences of cart-drivers by the police.

* 984 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Finance be pleased to state—

(a) whether the police constables seize the metal badges and licences of jutka-drivers, rickshaw-pullers and cart-drivers wherever they are caught by them committing any offence and also retain them indefinitely without filing any complaint before a magistrate; and if so, whether they are authorized or instructed to do so; and

(b) whether the Government are aware of the abuses that the practice of seizing badges and licences referred to in (a) is leading to, and the hardships caused thereby; and if so, what steps the Government have taken in the matter?

THE HON. SRI C. SUBRAMANIAM:—“(a) & (b) Police constables do not seize the metal badges and licences of jutka drivers, rickshaw-pullers and cart drivers wherever they are caught by them committing any offence. Badges are seized only under the following circumstances:—

(i) The badges and licences issued during the official year are current only up to 31st March. In case the licensees fail to surrender them on their expiry, the time-expired badges are seized and the parties are charged.

(ii) Where a licensed puller or driver lends his badge to an unlicensed person and if an unlicensed person is found wearing a badge, then the badges are also seized from such unlicensed persons and both the licensed and unlicensed persons are charged and the badges restored to the person to whom it was issued, immediately after the disposal of the case.”

Loans for cyclone relief in Tanjore.

* 985 Q.—SRI N. SIVARAJ: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) how many applications for loans were received from the cyclone-affected peasants of Tanjore district;

(b) how many were sanctioned;

(c) what are the maximum and minimum amounts sanctioned; and

(d) how many applications of Government servants were sanctioned?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) The total number of loan applications received from the cyclone-affected peasants in the Tanjore district up to 30th April 1953, is 12,675.

“(b) The number sanctioned is 1,047.

[24th July 1953]

“(c) The maximum amount of loan sanctioned is Rs. 1,000 and the minimum Rs. 30.

“(d) One hundred and forty-nine applications of Government servants were sanctioned.”

Major irrigation schemes in Udayarpalayam taluk.

* 986 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the Government have got any major irrigation schemes including the tank restoration schemes under consideration for Udayarpalayam taluk, Tiruchirappalli district;

(b) if so, what they are; and

(c) the names of firkas that may be benefited by the Pullambadi scheme?

THE HON. SRI N. RANGA REDDI:—“(a) Yes.

“(b) The following eight schemes are under various stages of consideration:—

Major irrigation schemes.

1. Construction of an anicut across Sendurai odai.
2. Improvements to Sripurandan tank.
3. Ayacut modification under Ponneri tank and inclusion of new areas under the ayacut.
4. Restoration of Valavaneri tank.
5. Proposal to extend supply to 85 acres in Kattagaram village.
6. Construction of an anicut across Kallar river and excavation of channel.
7. Diversion of Vannankuli odai and formation of a reservoir.

Tank improvement scheme.

8. Raising the F.T.L. of Keelnatham Adian Eri tank.

“(c) The information is not available with the Government. As the scheme has been deferred for the present, the Government consider that no useful purpose will be served in collecting the particulars.”

House-sites for Harijans.

* 987 Q.—SRI T. POTHA RAJU: Will the Hon. the Minister for Education be pleased to state—

(a) (i) what was the amount allotted in the 1951-52 budget to buy house-sites for Harijans, and (ii) how much has been spent districtwise; and

(b) (i) how many applications were received from Harijans of Vijayavada taluk, (ii) how many were sanctioned and (iii) the total expenditure incurred by the Government in Vijayavada taluk?

[24th July 1953]

THE HON. DR. M. V. KRISHNA RAO :—“(a) (i) Rupees 7,11,200.

(ii) A statement showing the amount spent districtwise is laid on the table of the House.

“(b) (i) Two hundred and eighty-four applicants applied for grant of house-sites in Vijayavada taluk in 1951-52.

(ii) Forty-one house-sites were granted.

(iii) A sum of Rs. 3,027 was spent in 1951-52.”

Alleged bribery in cyclone-relief operations, Tanjore.

* 988 Q.—SRI A. K. SUBBIAH: Will the Hon. the Minister for Land Revenue be pleased to state whether in connexion with the recent cyclone-relief operations undertaken by the Government in the district of Tanjore, complaints of bribery have been made against some village munsifs and karnams; and if so, their number and action taken on them?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“In fifteen cases complaints of bribery and corruption were made against village officers in connexion with cyclone-relief operations in the Tanjore district. In nine cases, the charges were not proved. Three cases are still under enquiry. In one case the karnam was removed from service. In two cases, the karnams were suspended one for a period of five months from 22nd December 1952 and the other for the period from 25th December 1952 to 21st March 1953.”

House-rent allowance to Government servants in Udayarpalayam taluk.

* 989 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Finance be pleased to state—

(a) the places in Udayarpalayam taluk where the Government servants are paid house-rent allowance and the criterion for the payment of this allowance;

(b) whether Ariyalur comes within the purview of the places eligible for the grant of this allowance; and

(c) if not, why not?

THE HON. SRI C. SUBRAMANIAM :—“(a) For the purpose of grant of house-rent allowance, places in Madras State have been classified into three groups as indicated below :—

(1) Madras City and its suburbs form Group I;

(2) mufassal municipalities with a population of over 50,000 form Group II; and

(3) all other municipalities and taluk headquarters form Group III.

The amount of house-rent allowance admissible to Government servants varies from one group to another.

[24th July 1953]

Government servants at Udayarpalayam are paid house-rent allowance, as Udayarpalayam is the headquarters of a taluk. Government servants at other places in Udayarpalayam taluk are not eligible for any house-rent allowance.

“(b) & (c) Ariyalur is neither a municipality nor the headquarters of a taluk. Government servants at Ariyalur are not therefore eligible for any house-rent allowance under the existing orders. But the question of extending the scheme of house-rent allowance to places which are headquarters of Revenue divisions but are not covered by the existing orders is under the consideration of the Government.”

Repairs to Anantasagaram tank, Atmakur taluk.

* 990 Q.—SRI G. C. KONDAYYA: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether there is a leakage in the lower level sluice of Anantasagaram tank in Atmakur taluk, Nellore district, for the last four years; and

(b) why the Government did not get it repaired in spite of the repeated requests of the ryots under that tank?

THE HON. SRI N. RANGA REDDI :—“(a) & (b) A leakage occurred in sluice No. 2 of the Anantasagaram tank in July 1952 and not four years back. No representations were received in this regard except the one sent by the Member himself through the Collector of Nellore. Action has been taken to renew the existing shutter and screw-gearing arrangement of the sluice.”

Certificate for fee-concession to children of head teachers of elementary schools.

* 991 Q.—SRI P. K. GOPALAKRISHNAN: Will the Hon. the Minister for Education be pleased to state whether the Government have received any query from the Malabar District Board as to who is to certify that a particular boy or girl is a child of the head teacher of an aided elementary school so as to be eligible for the fee-concession allowed by the Government; and if so, what was the Government's reply to the Board?

THE HON. DR. M. V. KRISHNA RAO :—“No representation has been made to Government by the Malabar District Board in the matter. On a reference made by the Director of Public Instruction orders have been issued that in the case of children of headmasters of elementary schools under private management the Deputy Inspectors of Schools should issue the certificate.”

Alleged suicide by a patient of the Madras Mental Hospital.

* 992 Q.—SRI K. P. GOPALAN: Will the Hon. the Minister for Health be pleased to state whether it is a fact that one patient

[24th July 1953]

in the Mental Hospital, Madras, committed suicide by hanging on a tree by the side of the main road of the hospital at midday on 28th February 1953?

THE HON. SRI A. B. SHETTY :—" The answer is in the affirmative."

Pay and grade of Fire Brigade employees.

* 993 Q.—SRI V. MADANAGOPAL: Will the Hon. the Minister for Finance be pleased to state—

(a) whether he has received any memorandum from the Fire Brigade employees of this State regarding the discrepancies shown to them in fixing up their pay and grade;

(b) if so, what action has been taken on the same; and

(c) if not, what action the Government propose to take in the matter?

THE HON. SRI C. SUBRAMANIAM :—" (a) The Government have not received any memorandum from the employees of the Fire Service Branch about their pay.

" (b) & (c) The question does not arise."

Report of the Bhattacharya Committee.

* 994 Q.—SRI C. SUBBARAYUDU: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) what the recommendations or representations made by this Government to the Bhattacharya Committee were;

(b) whether the Government have received a copy of the report of the Committee; and

(c) if so, whether it will be placed on the table of the House?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" (a) No recommendations or representations were made by this Government to the Bhattacharya Committee.

" (b) Yes.

" (c) It is not in the public interest to place a copy of the report on the table of the House as the report is confidential."

War service candidates serving as judicial officers.

* 995 Q.—SRI V. R. KRISHNA AYYAR: Will the Hon. the Minister for Law be pleased to state—

(a) how many war service appointees now serve as judicial officers in the State;

(b) how many of them have been confirmed in their posts;

(c) whether their war service is given credit to in their judicial service;

[24th July 1953]

(d) whether the policy of the Government in this matter of war service appointments (regarding credit being given for the period of war service) is the same as that of the Government of India; and

(e) whether any representations have been received in 1951 or 1952 from such appointees requesting for a fair deal; and if so, what orders have been passed thereon?

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—

" (a) Twenty-six war service appointees are now serving as District Munsifs in this State.

" (b) None. They will be confirmed in due course in vacancies reserved for the purpose after their seniors in service are confirmed.

" (c) The war service of these candidates is taken into consideration for fixing their initial pay and pension.

" (d) The policy laid down in 1945 by the Government of India was to give credit for the period of war service rendered in matters of seniority, fixation of initial pay and pension of the war service candidates. At present the policy of the Madras Government is to give credit to war service only for fixation of initial pay and pension.

" (e) One of the District Munsifs has made certain representations and it is under consideration."

(b) if so, in which taluks and the amounts sanctioned to each taluk; and

(c) the schemes that were proposed in each taluk and the amounts spent till now?

[24th July 1953]

THE HON. SRI M. A. MANICKAVELU NAICKER :—“(a) Nine road works were sanctioned and executed in the Nellore district in 1952-53.

“(b) & (c) The taluks in which the works were sanctioned, the amount sanctioned and the amount spent are as follows :—

Taluk.	Amount sanctioned.	Amount spent.
	RS.	RS.
1. Podili	50,000	50,000
2. Darsi	1,07,000	1,00,000
3. Kanigiri	1,09,000	84,000

Grant to Madras Corporation.

* 998 Q.—SRI S. PAKKIRISWAMI PILLAI : Will the Hon. the Minister for Health be pleased to state whether the Government have denied provision in the Budget of enough grants to the Corporation of Madras for carrying on a number of sewerage schemes in the city?

THE HON. SRI A. B. SHETTY :—“The answer is in the negative.”

Dearness allowance to officers.

* 999 Q.—SRI V. BALAKRISHNAN : Will the Hon. the Minister for Finance be pleased to state the annual expenditure to the State by the payment of dearness allowance to officers in receipt of salaries of Rs. 500 (rupees five hundred) and over, for years 1951-52 and 1952-53?

THE HON. SRI C. SUBRAMANIAM :—“The expenditure incurred on the payment of dearness allowance to officers drawing a pay of Rs. 500 and over was Rs. 11.09 lakhs in 1951-52 and Rs. 10.81 lakhs in 1952-53.”

Representation by the Kolkarans of Kottayam taluk.

* 1000 Q.—SRI C. H. KANARAN : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the Government received any memorandum from the Kolkarans of all amsams of Kottayam taluk, North Malabar, through the Collector of Malabar regarding their demands, viz., increase in the scale of pay, allowances, etc.; and

(b) if so, what action has been taken by the Government?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“(a) Kolkarans of all amsams in Kottayam taluk submitted a petition, dated 7th August 1952, to the Secretary, Board of

24th July 1953]

Revenue, through the Collector of Malabar, requesting an increase of their pay. They have not submitted any other memorandum or petition to Government on this subject.

“(b) The Board of Revenue, to whom the petition from the Kolkarans has been addressed, has decided that their request for increase of pay cannot be complied with in the present financial position of the State. The Government consider that the scale of pay and allowances now paid to village servants are adequate and agree with the Board that no increase is called for.”

* 1001 Q.—SRI M. NARAYANA KURUP : Will the Hon. the Minister for Education be pleased to state—

(a) whether the Government have received a resolution passed by the Malabar District Board on 16th March 1953 to the effect that the Board could not disburse the salary of elementary school teachers properly because of the delay of the Government in granting subsidies; and

(b) whether the Government have been informed that the majority of elementary school teachers under the Malabar District Board have not yet been paid even their January salary?

THE HON. DR. M. V. KRISHNA RAO :—“(a) & (b) Yes.

A copy of the resolution was received by the Government. But it has to be pointed out that the allegation that the delay in the disbursement of the salaries was due to delay on the part of Government in granting subsidies, to the district board, is not correct. The Government are paying the usual subsidies to which the district board is eligible and in addition, special subsidies also promptly whenever the district board has reported any financial difficulty. It was reported in the middle of February that the salaries of teachers for January 1953 were not paid and the Government sanctioned a special subsidy early in March, within two weeks of the report of the financial difficulty, and the arrears were paid off with reference to this sanction.”

(b) if so, what is the estimated cost of this minor project;

(c) what is the total extent of the acreage of land which may be brought under cultivation;

(d) if not, when the investigation was completed for this scheme;

(e) when it was included in Part II Scheme for Works; and

(f) why it has not been taken up?

THE HON. SRI N. RANGA REDDI :—“(a) As the proposal is under the Chief Engineer (Irrigation) I's scrutiny and has not yet been received by the Government no assurance can be given now about sanction of the scheme.

“(b) The scheme is estimated to cost Rs. 14.12 lakhs for works or Rs. 18,49,360 inclusive of direct and indirect charges.

“(c) The scheme, if sanctioned, is expected to bring an extent of 709 acres of dry lands under wet cultivation and an extent of 400 acres under second crop cultivation besides providing assured irrigation facilities to an existing wet ayacut of 416 acres.

“(d) By about the end of June 1952.

“(e) The scheme was not included in the Part II Scheme proposals for 1953-54.

“(f) Because it has not been ready so far.”

Report regarding eviction from Government lands in Salem.

* 1008 Q.—SRI M. P. SUBRAMANYAM: Will the Hon. the Minister for Land Revenue be pleased to state whether any report has been received from the Collector of Salem regarding the eviction from Government lands of persons cultivating the same for more than ten years?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“In December 1950 the Collector of Salem submitted a report about the encroachments on grazing ground porambores in Krishnagiri taluk and requested instructions for their disposal. Instructions in the matter were issued to him in May 1951. Subsequently the Government have received reports in two cases of encroachments on grazing ground porambores for more than ten years. In two other cases, the Government obtained reports from the Collector of Salem on petitions received from the encroachers who had been cultivating Government lands for more than ten years and who were ordered to be evicted.”

Alleged prohibition of the use of some books by local board libraries.

* 1009 Q.—SRI K. ARANGANATHAN: Will the Hon. the Minister for Education be pleased to state whether there is any order prohibiting panchayat and district board libraries from using books written by certain particular Tamil writers, and if so, the names of the authors and the reasons for prohibiting the same?

THE HON. DR. M. V. KRISHNA RAO:—“The member is referred to the answer to question No. 1006.”

Price of rice in Visakhapatnam.

* 1010 Q.—SRI K. GOVINDA RAO: Will the Hon. the Minister for Finance be pleased to state what is the plan of the Government to check the rapid rise in the price of rice in Visakhapatnam district in recent months?

THE HON. SRI C. SUBRAMANIAM:—“The Government have issued instructions to all the Collectors including the Collector of Visakhapatnam to adopt one or more of the following measures to check the tendency in the rise in the price of rice in the open market:—

- (1) To be on the watch to find out cases of cornering of stocks by merchants and to requisition such stocks.
- (2) To open more fair price shops in areas where prices show a tendency to rise abnormally.
- (3) To ensure that all fair price shops hold adequate stocks for issue to the consumers at the prescribed scale when demanded.

“The Government have also ordered that the scale of rice ration should be increased from 4 ounces to 6 ounces per adult per day in the old statutorily rationed areas of Visakhapatnam and other districts with effect from 28th June 1953.

“The Collector of Visakhapatnam has been permitted to open fair price shops in the urban areas and taluk headquarters stations also and to issue 4 ounces of rice plus 6 ounces of other grains through such shops.”

Kallar settlements.

169 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Education be pleased to state—

(a) how many Kallar settlements there are now in the southern districts of the State, the names of the settlements and the number of men, women and children confined in each settlement;

(b) what are the exact and actual restrictions imposed by the Government in actual practice on the Kallar population—

(i) confined to Kallar settlements; and

(ii) outside the Kallar settlements; and

(c) which department administers the Kallars both within and without settlements?

A.—(a) There are no Kallar settlements in the State.

(b) (i) Does not arise.

(ii) Since the repeal of the Criminal Tribes Act in 1948, no restrictions are imposed by the Government on the Kallar population.

(c) The work relating to the reclamation of Kallars is attended to by the Department of Harijan Welfare.

Distribution of skimmed milk powder.

170 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Health be pleased to state with reference to answer to question No. 20 (unstarred), dated 24th November 1952—

(a) what were the conditions attached by the UNICEF for the donation of the 1,412,500 lb. of skimmed milk powder and for the distribution of the same and whether the officials of UNICEF supervised the distribution of the stuff;

(b) whether it was tested by nutrition experts of the Public Health Department and if so, what was the result of such tests by the nutrition experts regarding the effect of the powder on the digestive and nutritional functions of infants, expectant and nursing mothers;

(c) when the stuff was received by the State Government and how long the Government took to distribute it to the last pound; and whether any balance of the same is now with the Government unutilized; and

(d) how many infants, expectant and nursing mothers received this skimmed milk powder?

A.—(a) The donation of 1,412,500 lb. of skimmed milk powder to this State by the UNICEF was subject to the following conditions :—

(1) That the Government of Madras agree to provide suitable storage space and adequate supervision for

[24th July 1953]

the supplies and also to arrange distribution and to meet the transportation charges arising therefrom within the State of Madras.

- (2) That the supplies are distributed free of charge to undernourished and other deserving groups of children up to the age of 12 years and to expectant and nursing mothers irrespective of caste, creed and political consideration.
- (3) That a plan of operations be prepared and sent to the UNICEF to indicate the proposed administrative arrangements to govern the distribution scheme, the channels through which the supplies will be distributed, and the numbers and categories of recipients.
- (4) That the Government of Madras assume responsibility for sending to the UNICEF the monthly stock and beneficiary reports in the prescribed forms, indicating the progress of the scheme.
- (5) That the Government of Madras invite the Chief of Mission, UNICEF, or his nominated representatives to inspect the operation of the scheme, and also nominate a person to act as State Liaison Officer with UNICEF to be responsible on behalf of Government for the conduct of the scheme.

The officials of the UNICEF visited this State thrice to inspect the distribution of the gift skim milk.

- (b) The supplies of this skim milk powder, as and when received, were examined by the Officers of this Department. No ill-effects on the digestive and nutritional functions of the recipients have been reported by the distributing agencies. The Central Nutrition Bureau also conducted an experimental Scheme of feeding the school children with the milk reconstituted with this UNICEF gift milk powder. The children included in this experimental study showed general improvement in their heights and weights as compared to the children who did not receive any supplementary feeding.

- (c) The total quantity of 1,412,508 lb. skim milk powder was released to this State during 1950-51 in eight different allotments during the period June 1950-May 1951 as per details given below :—

Water rates on crops.

171 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state with reference to answer to question No. 19 (unstarred), on 24th November 1952, what are the present water-rates per acre for—

(a) first crop normal paddy cultivation on wet lands of similar quality;

(b) plantain gardens on wet lands of similar quality;

(c) sugarcane growing wet lands of similar quality in the case of:

(1) Godavari Irrigation System;

(2) Krishna Irrigation System; and

(3) Cauvery Irrigation System;

(d) when the rates were fixed; and

(e) the variations that were made between faslis 1350 to 1360 in the rates for each crop under each of the irrigation systems mentioned above?

A.—(a) No separate water-cess is charged on registered wet lands for the first paddy crop as the wet assessment includes both the water-cess and the land assessment.

(b) The water charge on single crop registered wet lands in areas other than Project areas growing plantain is ordinarily one and half single assessment. In respect of different projects the rates vary and the water charge is ordinarily $1\frac{1}{2}$ times the usual water-rate for first crop.

(c) The water-rate levied on wet lands growing sugarcane in the Godavari and Krishna Irrigation system and Cauvery Irrigation system, is as follows:—

Godavari and Krishna Irrigation system.

	RS.	A.	P.
Polavaram Island Project (East Godavari district)	15	12	0
Deltaic tracts of East Godavari, West Godavari, Krishna and Guntur for first class ...	9	6	0
Deltaic tracts of East Godavari, West Godavari, Krishna and Guntur for second class	7	8	0
Kollair and Uppeteru	6	0	0

Cauvery Irrigation system.

Ryotwari wet	5	0	0
(in addition to the wet assessment)			
Proprietary and minor inam wet	12	8	0

(d) Prior to 1936.

[24th July 1953]

(e) There was no variation between faslis 1350 to 1360 except in the case of Cauvery Irrigation system where the rates of water-cess were revised with effect from fasli 1360 as detailed below:—

Classification.	First crop.	Second crop.	Third crop.	Dufassal crop.
	RS. A.	RS. A.	RS. A.	RS. A.

Unemployed persons in the various industries.

172 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Industries and Labour be pleased to state whether the Government have gathered statistics of the number of employed and unemployed persons month by month in the various industries in Madras State for 1952, and if so, whether the Government will provide the Members of this House with the statistics industry-wise, and month by month?

A.—No, Sir.

Nellore Thermal station.

173 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Public Works be pleased to state with reference to the statement laid on the table of the House as an answer to unstarred question No. 20 regarding the Nellore Thermal Station—

(a) what is the reason for the disparity in the rates charged for consumers for lights in Nellore town and Kovur Panchayat areas on the one hand and Gudur town on the other;

(b) what steps have been taken by the Government to bridge the gap between 30,000 units that the Nellore Thermal Station is designed to supply and 5,900 units that is now supplied to consumers; and

(c) what steps have been taken to increase the units per day supplied to agriculturists above the present figure of 20 units per day?

A.—(a) In the Gudur town area the Government tariff is being adopted. In the Nellore town and Kovur Panchayat areas, the Nellore company licensee was supplying power and on the acquisition of the licensee undertaking the licensee's tariff was ordered to be continued pending examination of the question of revising that tariff so as to bring it into line with the Government tariff, which is being made.

[24th July 1953]

- (b) & (c) The Nellore Thermal Station commenced operation only from 2nd October 1950 and the load development would take time to reach the full station capacity. In February 1953 the average number of units generated per day was well over 14,000 and that supplied to agricultural consumers was about 27 units per day. Due to the financial stringency and the restricted budget provision, progress in the building up of load is bound to be slow.

Price of rice.

174 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Finance be pleased to state the price of purchase by the Government of rice per seer in Nellore district, Krishna district, West Godavari district and in Madhya Pradesh after decontrol and the price per seer at which it was directed to be sold in fair price shops in Nellore district?

A.—There was no procurement of rice after decontrol in Nellore, Krishna and West Godavari districts up to 3rd January 1953 when a levy scheme of procurement was introduced in the latter two districts among others. No rice procured under the levy scheme in these two districts was, however, distributed in Nellore district. The wholesale price of Madhya Pradesh rice received in Nellore district after decontrol worked out to Rs. 20-0-10 per imperial maund but as there was no demand for that rice in Nellore district, a portion of these stocks was transferred to Coimbatore district and the balance is being transferred to Salem district. No stocks of Madhya Pradesh rice were distributed through fair price shops in Nellore district.

Encroachment on the tank-bed lands of Penubarthi tank, Nellore taluk.

175 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether agricultural labourers of Penubarthi village in Nellore taluk were cultivating the tank-bed lands in Penubarthi tank for the past four years;

(b) whether it is a fact that orders have been served on the agricultural labourers restraining them from cultivating the lands they have been cultivating for the past four years; and

(c) if the answer to (b) is in the affirmative the reasons for the issue of such orders?

A.—(a) & (b) Yes, Sir.

(c) Because the encroachments were found objectionable.

Development of Agency areas.

176 Q.—SRI VAVILALA GOPALAKRISHNAIAH: Will the Hon. the Minister for Rural Welfare be pleased to state—

(a) what action has been taken upon the Ten-Year Plan submitted by the Special Agency Development Officer, Sri Malayappan, for the Development of Agency areas and its people; and

(b) whether copies of the plan will be supplied to the Members?

A.—(a) The various recommendations are under examination in the concerned departments and some of them are being implemented.

(b) Copies will be supplied free of cost only to M.L.As. and M.Ps. representing Scheduled areas and Scheduled Tribes.

The Krishna Regulator bridge.

177 Q.—SRI VAVILALA GOPALAKRISHNAIAH: Will the Hon. the Minister for Public Works be pleased to place the report of the Madras Chief Engineer on the proposal for a Krishna regulator bridge on the table of the House; and state—

(a) whether it is a fact that the Government of India have offered to contribute 50 lakhs of rupees for the construction of such a bridge; and

(b) what is the final decision of the Madras Government regarding the scheme?

A.—(a) & (b) No, as the proposals made by this Government have been sent to the Government of India for scrutiny and finalization, that Government being concerned with the bridge part of the work. The Government of India have made no such offer.

The Madras Government have approved the proposals and sent them to the Central Government with the request that that Government may bear the cost of the bridge part estimated at Rs. 80 lakhs.

Filing of charge-sheets against arrested persons.

178 Q.—SRI K. KRISHNA RAO: Will the Hon. the Chief Minister be pleased to state—

(a) in how many cases in the years 1951 and 1952 the police in Madras State have arrested persons, produced them before magistrates and got them remanded to custody but failed to file charge-sheets against such persons at the date or dates fixed by the Magistrate who committed them to custody for filing charge-sheets against such persons; and

(b) how many persons were involved in cases in (a) in 1951 and 1952?

[24th July 1953]

A.—(a) 3,400 in 1951 and 3,169 in 1952.

(b) 4,278 in 1951 and 3,777 in 1952.

(This works out to about .6 per cent of the total cognizable crimes reported.)

Rates of dearness allowance to the teachers in aided secondary schools.

179 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Education be pleased to state—

(a) whether the Government are paying special grants to managements of aided secondary schools to enable them to pay dearness allowance at Government rates to the teachers and other employees of the said schools; and if so, the number of institutions receiving such special grants; and

(b) of the number of institutions receiving such special grants in (a) above what are the names of the institutions which despite the special grants are not paying dearness allowance to the teachers and other employees serving in the respective schools?

A.—(a) & (b) Grants are paid towards one half of the expenditure incurred by managements of aided secondary schools in payment of dearness allowance to the members of the staff at Government rates. No other special grant is paid to the managements towards the expenditure on payment of dearness allowance. All the secondary schools in the State are paying dearness allowance at Government rates.

Employment of convict prisoners in the Tungabhadra Project work.

180 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Law be pleased to state—

(a) the number of convict prisoners whose services were placed at the disposal of the contractors entrusted with the construction of the Tungabhadra Project in 1951 and 1952;

(b) the percentage that the strength of such convict labour constitutes to the total number of workers engaged for the purpose in the years concerned; and

(c) the hours of work for the convict prisoners, daily and per week, in the case of those alluded to in (a) and the rates of wages paid to such convict prisoners in the years mentioned, and the actual recipient of the wages in the case of convict prisoners?

A.—(a) Nil.

(b) & (c) Do not arise.

[24th July 1953]

Reservation of lands to Harijans in Malabar.

181 Q.—SRI T. C. NARAYANA NAMBIAR: Will the Hon. the Minister for Land Revenue be pleased to furnish a village-war list of the lands reserved for assignment to Harijans in Malabar; what extent of lands was leased so far; what extent is yet to be leased; and where; and why their assignment is delayed?

A.—A statement^a showing the particulars is placed on the table of the House.

Amount spent on Grow More Food Scheme.

182 Q.—SRI VAVILALA GOPALAKRISHNAIAH: Will the Hon. the Minister for Agriculture be pleased to state—

(a) the amount of money spent each year from 1942—52 on Grow More Food Campaign in the State;

(b) on what schemes the money was spent and the amount spent on each scheme; and

(c) the results obtained by the schemes?

A.—The answer^b is placed on the table of the House.

Gauging the flow of water at the Gandikota Dam site.

183 Q.—SRI C. SUBBARAYUDU: Will the Hon. the Minister for Public Works be pleased to state—

(a) what is the available quantity of water in the Pennar at the Gandikota Dam site;

(b) whether any readings of the flow were taken and, if so, how many years readings;

(c) whether readings were taken for Pennar and Chithravathi separately and, if so, full particulars of the same;

(d) the capacity of the dam and F.R.L.;

(e) the estimated cost; and

(f) the proposed ayacut?

A.—(a) to (c) Gaugings of the Pennar and Chithravathi were not conducted separately but were taken only at a site below their confluence, where the dam is proposed. The gaugings of the combined river flow were conducted during the years from 1944—45 to 1950—51 and based on them the annual dependable flow available at the site has been determined as about 11,000 m.c.ft.

(d) 6,160 m. c.ft. at Full Reservoir Level plus 655.

(e) Rs. 816 lakhs.

(f) 150,000 acres partly wet and partly dry.

Muttadari system in the Agency areas.

184 Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the amount of land revenue that is derived from each of the agency taluks of East Godavari, namely, Yellavaram taluk, Chodavaram taluk, Bhadrachalam taluk and Nugur taluk;

(b) what is the peishkush derived from muttadars from each of the four taluks mentioned above; and

(c) whether there is any proposal to abolish the Mutta system in the Agency tracts?

A.—(a) & (b) Figures showing the amounts derived by the Government as land revenue and peishkush for fasli 1361 from each of the four taluks referred to are given below :—

Name of taluk.	Land revenue collected.			Peishkush collected.		
	RS.	A.	P.	RS.	A.	P.
Chodavaram ..	6,065	11	5	923	0	0

Nugur ..	42,499	13	9	11,339	15	3
Yellavaram ..	57,554	3	0	2,005	0	0

(c) The question of abolishing the muttadari system in the Agency areas is under the consideration of the Government.

Extent of Government land in the mutta areas of Agency taluks.

185 Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state the extent of Government land that lies tucked up in the mutta areas in Yellavaram taluk, in Chodavaram taluk, in Bhadrachalam taluk and Nugur taluk of East Godavari?

A.—There are no muttas in Bhadrachalam and Nugur taluks of the East Godavari district. There are muttas in Yellavaram and Rampachodavaram taluks in the district. The lands in the mutta areas are at the disposal of the muttadar. The extent of waste lands at the disposal of the Government is—

	ACS.
Bhadrachalam taluk	23,709.33
Nugur taluk	13,084.31
Yellavaram taluk	7,663.24
Rampachodavaram taluk	Nil.

Assignment of waste lands by officers.

186 Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state the extent of assessed waste that can be assigned on patta by a Deputy Tahsildar, a Tahsildar, a Revenue Divisional Officer and a Collector—

(a) in the Agency tracts; and

(b) in the Plains area of the State?

A.—Under the present land assignment policy, the Collectors of districts alone are empowered to sanction assignment of land to individuals subject to a maximum of 5 acres of dry in each case.

Number of bulldozers allotted to the Agency tracts.

187 Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Agriculture be pleased to state—

(a) the number of bulldozers now available under the Government of Madras; and

(b) the number allotted to the Agency tracts of East Godavari?

A.—(a) There are, at present, 165 bulldozers with the Government of Madras.

(b) Seven bulldozers are at present available in East Godavari district for hiring to ryots including those in the Agency tracts. No bulldozer is exclusively allotted for use in the Agency tracts.

Transport of charcoal without permits.

188 Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Agriculture be pleased to state why the Government nowadays permit the transport of charcoal without permits even from the interior Agency tracts where there are lot of reserves and unreserves?

A.—Charcoal transport is permitted because there is no provision under the Timber Transit Rules under which it can be prohibited. No charcoal burning is permitted in any of the Agency reserved forests. In the unreserves there is a lot of podu cultivation and if some of the felled growth is converted into charcoal by the podudar, it does not seem desirable to stop this, as it is better to allow him to make a little money out of this felled growth instead of dissipating the whole of it in smoke.

[24th July 1953]

Police station at Gowridevipeta, Bhadrachalam taluk.

189 Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Finance be pleased to state—

(a) whether he has received any representation from the villagers of Gowridevipeta in Bhadrachalam taluk, East Godavari district, for the retention of the Police station in Gowridevipeta; and

(b) if so, what action has been taken?

A.—(a) & (b) Yes, Sir. The Government gave careful consideration to the representation and decided that the retention of the Police station at Gowridevipeta was not necessary and therefore ordered its abolition.

Members of the East Godavari Agency District Board.

190 Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Rural Welfare be pleased to state what qualifications are taken into account in selecting members for the East Godavari Agency District Board; whether residence in Agency tracts or Agency nativity, or being a Legislator in the State Assembly?

A.—No qualifications are prescribed in the Madras District Boards Act, 1920, as applied to the Agency, for appointment of members of the district board. The selection of members is made with regard to the suitability of the persons for membership.

Fair price shops in Agency taluks.

191 Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Finance be pleased to state the number of fair price shops that are established in each of the four Agency taluks of East Godavari district?

A.—Twenty-two fair price shops were functioning in all the four Agency taluks of East Godavari district till 31st January 1953, as shown below:—

(1) Bhadrachalam taluk	..	18 shops.
(2) Nugur taluk	..	2 "
(3) Rampachodavaram taluk.	2	"
(4) Yellavaram taluk ..		
(Shops did not function after decontrol as there were no sales.)		

Co-operative Credit Societies in East Godavari.

192 Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Co-operation be pleased to state the number of Co-operative Credit Societies now existing in Yellavaram, Chodavaram, Bhadrachalam and Nugur taluks of East Godavari?

Rate of interest on agricultural loans.

194. Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether it is a fact that the rate of interest on agricultural loans has been reduced; and

(b) if so, from what date?

A.—(a) The rate of interest on agricultural loans has not been reduced.

(b) Does not arise.

Firka development work in the Agency tracts of East Godavari..

195 Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Rural Welfare be pleased to state—

(a) what agency tracts in East Godavari he has toured in 1952; and

(b) whether any of the Agency tracts of East Godavari have been selected for Firka Development in 1953?

A.—(a) Purushottapatnam.

(b) None.

Grant of subsistence loans on personal security to artisans.

196 Q.—SRI D. SEETHARAMIAH: Will the Hon. the Minister for Rural Welfare be pleased to state—

(a) how many applications have been received from artisans in famine affected areas of Rayalaseema for subsistence loans on personal security; and

(b) how many have been so far granted such loans in each taluk of Rayalaseema?

A.—(a) No subsistence loans are given by the Government to artisans in the famine affected areas. Presumably the question refers to the loans granted on personal security to artisans in the famine-stricken areas of Rayalaseema. If it is so, five hundred and twenty-six applications have so far been received for the grant of such loans.

Scholarships to Backward class students.

198 Q.—SRI G. LATCHANNA: Will the Hon. the Minister for Education be pleased to state—

(a) the number of applications received for the grant of scholarships from members of the Communities—Backward Classes, Scheduled Classes and Hill Tribes, during the year 1952–53, communitywise;

(b) how many applications were granted, rejected and kept pending, communitywise;

(c) the amounts allocated by the Government for the disbursement of scholarships for the year 1952–53 to each of the above three classes; and

(d) the amount of scholarships actually granted and the total amount that would have been required, if all the applications were granted classwise?

A.—The particulars are not readily available. They have to be gathered and compiled from each district. The work will involve considerable time and labour in several offices and will not be commensurate with the purpose served.

Improvement of Fisheries Industry.

199 Q.—SRI G. LATCHANNA: Will the Hon. the Minister for Agriculture be pleased to state—

(a) the measures proposed by the Government for the improvement of Fisheries Industry in the State; and

(b) where and how far they are implemented and the results thereof?

[24th July 1953]

A.—In 1950-51, the Madras Government sanctioned five new fisheries schemes designed to increase the production of fish and its availability for human consumption. These schemes are being continued from year to year with necessary modifications. The schemes under operation and the results achieved thereunder are as follows :—

Scheme.	Additional production of fish		Where working.
	1950-51.	1951-52.	
1 Intensive seed collection and distribution for exploiting inland waters.	2½ crores of fingerlings were collected.	21½ crores of fingerlings were collected.	In the entire State.
2 Improvement of indigenous craft and tackle.	2½ tons.	13½ tons.	In shore and up to 20 miles off the coast.
3 Salt subsidy scheme ..	40,159 tons.	74,000 tons.	Whole of West and East Coasts.
4 Supply of yarn and other essential articles to fishermen at subsidized rates.	500 tons.	1,500 tons.	Whole State.
5 Provision of quick transport facilities.	650 tons.	898 tons.	Whole State.
6 Scheme for the development of Mettur Fisheries.	(A)	624 tons (B)	Salem district.

Discharge of elementary school teachers during the summer vacation.

200 Q.—SRI G. LATCHANNA : Will the Hon. the Minister for Education be pleased to state—

(a) whether the Government ordered the discharge of elementary school teachers from service during last summer vacation;

(b) if so, the number of teachers that were discharged and the schools from which they were so discharged in the State districtwar; and

(c) why they were so discharged?

A.—(a) Yes. Temporary teachers employed under the emergency provisions by the local bodies are discharged from service on the last working day of the school year before the summer vacation under the orders of Government. These teachers are however paid a proportionate vacation salary according to the length of their service in the schools during the academic year subject to the condition that they must have put in a minimum period of six months' service in the schools in the academic year.

(A) The scheme was sanctioned and implemented only in May 1951.

(B) This represents the total collections. Out of this, 403 tons were despatched to several districts in fresh condition and the balance was converted into cured fish and supplied to Ceded districts.

24th July 1953]

No instructions, similar to those issued to local bodies, have been issued to the managements of aided elementary schools regarding the discharge of temporary teachers during summer vacation. The temporary teachers in these schools are discharged from service with reference to the provisions in the rules relating to elementary schools.

(b) The information is not readily available.

(c) These teachers were employed only in temporary posts under emergency provisions.

Illegal alienation of lands by zamindars.

201 Q.—SRI G. LATCHANNA : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether any representations have been received by the Government recently regarding wrongful and illegal alienations by zamindars of communal lands, private lands, porambores, tankbeds, etc.;

(b) if so, the estates in which such alienations have been made; and

(c) the action taken so far by the Government?

A.—(a) Yes.

(b) & (c) Such alienations will be in a large number of estates. The Government have examined the representations made and instructed the District Collectors and the Managers of Estates to take appropriate action under the Madras Estates Communal, Forest and Private Lands (Prohibition of Alienation) Act, 1947, and the Madras Estates (Abolition and Conversion into Ryotwari) Act, 1948, respectively.

Extent of State-owned lands.

202 Q.—SRI G. RAMA RAO : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the total area of State-owned land, districtwar (Government assessed, unassessed lands);

(b) the total extent cultivated out of (a) in fasli 1362 (districtwar);

(c) the total extent of cultivable Government waste (districtwar);

(d) the total area of private landowners' cultivable waste (districtwar);

(e) the total extent of waste lands declared communal or of Government in all the taken over villages after the abolition of zamindari system (districtwar); and

(f) what is the Government's attitude in the case of landlords' waste lands, not put under cultivation?

[24th July 1953]

A.—(a) to (e) A statement^a showing the districtwar particulars of the total area of land, cultivated area, waste land and cultivable waste for the year 1951-52 covering ryotwari, inam, zamindari, etc., is appended. These statistics do not make any distinction between the Government owned and private land with reference to cultivated area, waste land, and cultivable waste. The figures are composite for Government owned and private land.

(f) The Government have promulgated the Madras Land Utilization Order, 1950, which authorizes them to take over for purposes of cultivation, cultivable waste lands left uncultivated by private owners. Lands ordinarily cultivated from year to year but left fallow due to neglect or inefficiency will be taken under that order.

Extent of settlement wet lands.

203 Q.—SRI G. RAMA RAO : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the total extent of settlement wet lands (lands under wet paddy cultivation) used for housing or other domestic purposes in the State (districtwar) in 1952-53;

(b) whether there is any ban on the construction of houses or sheds, etc., on such lands; and

(c) if so, what steps the Government have taken to strictly enforce the ban?

A.—(a) The information is not available with the Government. It has to be gathered from the villages by personal inspection and enquiry and the work involved will be considerable. Government consider that the time and labour involved will not be commensurate with the purpose to be served.

(b) No.

(c) Does not arise.

Tours of Hon. Ministers.

204 Q.—SRI C. V. K. RAO : Will the Hon. the Chief Minister be pleased to state—

(a) how many Ministers have toured the districts during the last three months; and

(b) for what purpose and how much travelling allowance has each Minister drawn?

III.—PROPOSAL FOR NIGHT SITTING OF THE HOUSE.

SRI VAVILALA GOPALAKRISHNAIAH:—"Sir, I suggest that our Assembly may hold sittings in the nights also just like the House of Commons. I want to know the opinion of the Speaker and also the Government."

MR. SPEAKER:—"I cannot give a reply off-hand. I must consult the Leader of the House and the Leader of the Opposition on all these matters. The hon. Member wants the Assembly to sit from 8 p.m. till 11 p.m. or 12 midnight."

THE HON. SRI C. SUBRAMANIAM:—"For what purpose, Sir?"

MR. SPEAKER:—"He thinks that in a cool atmosphere we can discuss all these things."

THE HON. SRI C. SUBRAMANIAM:—"Is it to transact the present business or any other business of the hon. Member?"

MR. SPEAKER:—"I shall consider the suggestion of the hon. Member Sri Vavilala Gopalakrishnaiah."

IV.—ADJOURNMENT MOTIONS.

(1) LOCK-OUT IN THE T.P.K. BEEDI FACTORY, BADAGARA.

MR. SPEAKER:—"The hon. Member Sri K. P. Gopalan has given notice of an adjournment motion. The motion reads as follows:—

"This Assembly stands adjourned to discuss an urgent matter of public importance, namely, the arrest and beating of workers who offered satyagraha in T.P.K. Beedi Factory, Badagara, on 19th July 1953 as a protest against the lock-out of the factory and the failure of the Government to take necessary action on this matter."

The hon. Member has also given notice of a short-notice question. I have admitted that question. The answer to this question may come up to-morrow or later."

[24th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—" Sir, I wish to bring to your notice that all the men who have been arrested have been produced before the court. They have been prosecuted. The case is *sub judice* now."

MR. SPEAKER :—" The case is *sub judice*, and there ends the matter."

THE HON. SRI C. RAJAGOPALACHARI :—" I shall give you particulars, if you want. The men were charge-sheeted and were produced before the Sub-Magistrate, Badagara, on the 20th July. The charge-sheets are under sections 143 and 448 of the Indian Penal Code. The case has been posted to the 24th July. The arrested persons have been released on bail."

MR. SPEAKER :—" I must tell the Hon. the Chief Minister and the House that he cannot answer the question. It is *sub judice*. When it is *sub judice*, I should not allow any discussion. We must follow certain rules here."

(2) SITUATION CREATED BY THE OUTBREAK OF CHOLERA.

SRI K. T. KOSALRAM :—" Sir, yesterday I gave notice of an adjournment motion to discuss the situation created by the outbreak of cholera. I want to know when that motion will be taken up."

MR. SPEAKER :—" That adjournment motion is clearly out of order. I have already said so to the hon. Member in my Chamber. How are the Government responsible for the outbreak of cholera?" (Laughter.)

V.—GOVERNMENT BILL.

THE ANDHRA STATE BILL, 1953—cont.

MR. SPEAKER :—" We are now on the Seventh Schedule."

SRI T. VISWANATHAM :—" May I suggest, Sir, that we first take up clause 46? After this is disposed of, and if the Government should accept the suggestion we make through a resolution, the matter will be simplified."

MR. SPEAKER :—" We shall then take up clause 46 now. Hon. Members will move their amendments now."

Clause 46.

The following amendments were moved and duly seconded :—

SRI M. KALYANASUNDARAM—

111 " This House recommends to the Parliament of India that sub-clause (2) of clause 46 of the Andhra State Bill, 1953, be amended to provide for any dispute relating to or arising out of such apportionment being referred to the Supreme Court of India."

24th July 1953]

SRI K. KOTI REDDI—

112 " This House resolves that for clause 46, the following be substituted :—

' 46. Apportionment of assets and liabilities.—(1) Subject to the other provisions of this Part, the assets and liabilities of the State of Madras immediately before the appointed day, shall be apportioned between that State and the States of Andhra and Mysore in accordance with the decision of the Financial Commission appointed under sub-section (3) and shall accordingly be accounted for.

(2) Any dispute arising out of such apportionment shall be referred to the President whose decision shall be final.

(3) Before the appointed day the President shall appoint a Financial Commission consisting of three members one of whom shall be a Judge of the Supreme Court who shall be the Chairman of the Commission.

(4) Where the valuation of assets is necessary for the purpose of apportionment, the Financial Commission shall determine the same in accordance with their market value on the appointed day.

(5) Without prejudice to the above and pending the apportionment under sub-section (1) the assets and liabilities of the State of Madras immediately before the appointed day be shared between the States of Madras, Andhra and Mysore in accordance with the provisions contained in the Seventh Schedule.' "

SRI T. PRAKASAM—

113 " This House recommends that provision be made in the Bill to delete the words from 'and Mysore . . . Seventh Schedule' in sub-clause (1) of clause 46, substitute in its place the words 'in accordance with the recommendations of an expert committee with a Judge of the Supreme Court of India as one of its members and that pending the decision of the said Committee a sum of Rs. 10 crores to be credited to the account of the Andhra State Government for ways and means expenditure' and to delete sub-clause (2) of clause 46."

SRI T. VISWANATHAM—

114 " This House recommends the deletion of clause 46 and the insertion of a new clause in its place, providing for the apportionment of the assets and liabilities dealt with in the Seventh Schedule, as also of the current revenues and expenditure, between the States affected by

[Sri T. Viswanatham] [24th July 1953]

this Act, by an order of the President, on the recommendation of a neutral Commission of Experts, presided over by a Judge of the Supreme Court."

or

Alternatively, if the above resolution is not accepted,

"This House recommends to substitute the following in place of the existing sub-clause (2) of clause 46:—

'Any dispute relating to or arising out of such apportionment shall be referred to the Supreme Court,'"

SRI PRAGADA KOTAIAH—

115 *"In regard to the apportionment of assets and liabilities between the States of Andhra, Madras and Mysore, this House recommends to the Union Government the appointment of a Seven-man Committee, consisting of two representatives from each of the States of Andhra and Madras, one from Mysore and two by the Union Government and this Committee to be vested with the necessary powers and jurisdiction to alter the provisions of the Seventh Schedule to this Bill and to finally allocate the assets and liabilities as between the said three States."*

SRI T. N. VENKATASUBBA REDDI—

116 *For the existing clause, substitute the following:—*

"46. Subject to the other provisions of this Part, the assets and liabilities of the State of Madras immediately before the appointed day, shall be apportioned between that State and the States of Andhra and Mysore by an expert Financial Commission."

SRI D. DASARATHA RAMAIAH—

117 (i) *For the words 'in accordance with the provisions contained in the Seventh Schedule' occurring in sub-clause (1), substitute the following:—*

"in accordance with the decision of an expert Finance Commission (to be appointed by the Union Government after the appointed day), consisting of a Judge of the Supreme Court, Auditor-General of India and three non-official experts from each of the Madras, Andhra and Mysore States for the purpose of taking stock of all the existing assets and liabilities of the composite Madras State, and then to divide the same between the Residuary Madras, Andhra and Mysore States on an equitable, just and fair basis, taking into account the needs and reserves of each State. Meanwhile the Accountant-General-Designate of the Andhra State is to be given whatever assets that he may consider necessary for the Andhra State by the Residuary State of

* SRI T. VISWANATHAM :—Sir, before I begin, may I just ask the Hon. the Chief Minister or the Leader of the House one thing—I dare say he has gone through the wording of my amendment and also the amendments moved by several of my Colleagues here. There is a consensus of opinion on this side that instead of going into the various details of questions raised in the Seventh Schedule, the matter might be referred to a Commission. Now, the question as to who should be the members of the Commission is not such an important matter. It should consist of experts, experts in understanding partition work, and somebody who has judicial training to preside over. If the Hon. the Chief Minister is willing to accept this suggestion, I need not take time to advance arguments in favour of the proposal. If he is not willing, of course, we will have to go through the whole process. Instead of going through clause by clause of the Seventh Schedule and advancing various reasons why a Commission is necessary and putting forth various points of view which cannot really be decided on the floor of the House, I submit that the matter may be referred to a Commission. In fact, we felt this morning that this Bill itself could have been referred in the first instance to a Select Committee so that we could have narrowed down the differences instead of doing committee work here, and sometimes letting ourselves go. Unfortunately, the idea did not occur at the proper time. But I believe that much goodwill and temper will now be saved if the matter is referred to an impartial Expert Commission. There are differences in the methods of valuing the assets and liabilities and apportioning them. And we have no material before us. (At this stage, Deputy Speaker occupied the Chair.) Let me, in the first instance, submit to the Hon. the Chief Minister, in order to convince him, that a Commission is necessary, if not for any other reason, at least for want of material. A Schedule has been prepared, but the materials upon which the Schedule has got to be worked out are not before this House. I had sent in interpellations requesting for information before the debate began. Except the reply from the Hon. the

24th July 1953]

[Sri T. Viswanatham]

Finance Minister with regard to certain cash balances in the various treasuries, I got no answer from any other Department. On the other hand I got replies saying, that the Government would not be in a position to supply any information. I shall, in order to substantiate what I said, read the reply which I got from the Additional Secretary to Government. I sent in my queries somewhere on the 16th June, sent also interpellations in the regular course, and also addressed demi-official letters to the Ministers and to the Additional Secretary to Government who was in charge of the work connected with the formation of the Andhra State to supply information so that we could intelligently understand the implications of the Seventh Schedule and the propositions, which as they are stated, may look all right to those who have framed them having some information, but not to us as we have no definite information or even some information on the basis of which this Schedule has been framed. It is easy to say, 'Trust us; it is all right.' If so, the Bill itself is not necessary. The implications have, therefore, got to be fully understood by all the Members. I do not believe that even all the Members on the Government side know these figures. I do not know how far the Ministers themselves know them. Therefore, it is very necessary for us to have full information, and the advantage of having an Expert Commission is this. It will call for facts and figures and will not proceed until they are available. Here we are at a great disadvantage. We have to accept what the Government say, but the Government are not ready to accept what we say. We are also not in a position to assert one way or the other excepting on a few matters of which we have got personal knowledge. Therefore, we are not on an equal footing here at all in any sense of the term to discuss this matter. The knowledge which they have we do not possess on this side. I requested the officer in charge, Sri S. Venkateswaran, I.C.S., to give me some particulars and this is the letter, No. 2001-53-3, Public (Andhra State) which I got on the 23rd July, yesterday :—

'In your letter cited you referred to the proposal that stores, articles and other goods should remain the property of the State in which they are situated and you wanted to know what kind of stores, articles and goods are covered by the proposal. You also wanted to know what is meant by the term "unissued stores". You wanted to know further whether stores indented for a particular work or project are not attached to the sanctioned item of work and where the stores belong to specified works like Pykara and Machkund are kept. I am directed to invite your attention to the "Notes on the clauses of the Andhra State Bill" and to say that any further clarification which you may wish to have on these points may be had during the debate on the Bill in the Assembly.'

I asked for information so that Members might have the advantage of the information before we initiated the discussion. I asked for these things more than one month before we actually took up the Bill for discussion on the floor of the House. More than ten days have elapsed since we took up consideration of this Bill. But answers have not been given except in one instance where the Finance Department was pleased to give some information. The answer of the Additional Secretary which I got yesterday is as you see that we will have information during the debate. So, it means we have to convert this Assembly into a committee or commission.

[Sri T. Viswanatham] [24th July 1953]

I have no objection to it. Let us go into a committee, at any rate. But do not ask us to accept the information without the right to see the records from which they are taken. How can we accept it without the right to put questions in case of doubt for elucidation and get the information? It would not be possible to do it in the Legislature and we cannot do justice for ourselves or the people. The Additional Secretary further goes on to say—

‘I am to state that the information required by you on the position of cash balances has already been given. You have also asked for a statement showing the various places where the unissued stores are kept, the quantity, value and categories of the stores in the various districts, the loans and advances made by the Government to local bodies, societies or agriculturists, and which are outstanding or recovery for each district separately. I am directed to say that the collection of these particulars will take a great deal of time and entail very considerable labour which will not be commensurate with the value of the information obtained. What will be required in connection with the apportionment of assets and liabilities will be the position as it is immediately before the appointed day, i.e., as at the close of business on the 30th September 1953, and the position as it is now or as it was sometime earlier may be different from that on 30th September 1953.’

9-50 a.m. Sir, from this letter, it must be clear to all that we have absolutely no information. The assets and liabilities have to be divided. The Bill was published somewhere on 3rd June or so. The statement of the Prime Minister of India was made on 25th March. Certain of the proposals which are now embodied as a schedule to this Bill were actually the proposals which were given by the Government to Mr. Justice Wanchoo at the time of his enquiry. Therefore, there was lot of scope for these articles and goods to change places and this is admitted by the Additional Secretary himself. That is why we wanted fresh particulars on many of the matters. I requested the other departments also to give me some information on these points. For example I wanted some information regarding the grant of Loans and Advances. The Deputy Secretary to Government, Revenue Department, has written to me like this in his letter No. 53701-L/53-1, dated 3rd July 1953—

‘I am directed to state that the particulars required by you are not readily available and it will involve undue labour and time to collect it. The period for which information is required has also not been stated. In any case, it will not be possible to gather the particulars before 13th July 1953 as required by you.’

That is what the Revenue Department has said. I wrote a similar letter to the Agricultural Department. I got two letters from this department. In the first letter, it was said that it was not possible to give the information and the second letter confirmed that impossibility to give information. This is what is written in the second letter LR. No. 37092-M/53-8, dated 13th July 1953: ‘I am directed to state that the collection of information required by you would entail a great deal of time and labour and it is not possible to get correct information in time to be useful for the purpose indicated by you.’ I then wrote to the Home Department to give me some particulars with regard to the stores available in the various jails. That department has given some information and particulars with regard to these. Therefore we must thank the Home Department for this little mercy. The Health Department sent me a

24th July 1953] [Sri T. Viswanatham]

reply in their letter No. 33578-H/53-5, Health, dated 17th July 1953 to this effect. ‘It is regretted that it will not be possible to collect and furnish the particulars required in your letter cited in time for your use in connection with the discussion of the Andhra State Bill in the ensuing session of the Assembly.’ I wrote a letter to the Chief Engineer for Irrigation. I did not ask for any confidential information from him. I simply asked him, what will be the total outlay on irrigation works up to date in this State and the proposed Andhra area separately. I only wanted figures with regard to the various irrigation works. He replied that he would collect the information, but that he cannot give it without Government permission. On many of the points, like stores, ‘other articles’ loans to be recovered, actual capital outlays and their returns, we have no information. Perhaps, there is plenty of light as far as the Leader of the House and the Government are concerned. But, we on our part are in complete darkness. Whether questions relate to assets and liabilities, or ordinary measures, we must have fuller information. Therefore I want the Hon. Chief Minister and other Members of this House not to import into this discussion any language difference. When we discuss a Bill, we have to know the particulars on which the legislation is sought to be based. This is a very important matter. On our side, there is a general feeling that the matter must be taken before a Commission, because the figures are not available, the implications are not known fully, and because we have no access to the records to which the Government have access. I wish to make my position very clear. When we are asked to divide these stores, should we not know some particulars, their quantity or value or where they are?’

THE HON. SRI C. SUBRAMANIAM :—“ You are not asked to divide them.”

* SRI T. VISWANATHAM :—“ Might be. We may not be asked to divide them. We are asked to take them as they are on 30th September. Well, will it be justice? Are you doing justice to the new State? For example, take the tractors and bull-dozers under the Land Reclamation and Mechanical Cultivation Scheme. Suppose, from information which I have been able to gather from answers given on the floor of the House and from other sources, I say that the total number of units will be about 324 and on 1st April 1953 Andhra districts had 151 of them. Are they there now: will they be there on 30th September 1953?”

THE HON. SRI C. SUBRAMANIAM :—“ We cannot proceed on that basis. We have to consider whether we can proceed with the information that is now available or not. That is what we have to consider. There is no use of going into further details and repeatedly referring to non-availability of information.”

* SRI T. VISWANATHAM :—“ When we say that the stores must be divided, we must know fuller details. Suppose there were 151 units in the Andhra territory and the rest were in the residuary Madras territory, what will be the position with regard to these

[Sri T. Viswanatham] [24th July 1953]

on the date of discussion on this subject? There were 2,125 oil engines and 689 electric motors on 1st April 1953 and Andhra districts had only 692 and 161 respectively out of them. Is it fair to ask us to be content with them? Will they at least be there on 1st October 1953. No doubt, it is a simple proposition to say that the stores remaining in the respective States as on 30th September 1953 will be taken as belonging to them. Do tractors come under articles or stores? In view of the fact that we have no control over the movement of these stores and those in authority and in possession of these stores have the power to move these stores from place to place, conditions might change unfavourably for the Andhra State. Several questions were put on the floor of this House and an unnecessary turn was given by the Hon. Chief Minister while replying to Mr. Vavilala Gopalakrishnaiah, when he, the Chief Minister, said that the stores were not stolen. I would like to know the basis on which this division of stores is contemplated."

THE HON. SRI C. RAJAGOPALACHARI:—"The stores will not be stolen. Things will be carried on normally till the date of partition. That is the basis."

* SRI T. VISWANATHAM:—"The complaint is things are not done normally. I would like to know the value of the stores. What is the value of the agricultural, electricity and other stores? If they are worth only Rs. 3 to 4 lakhs, I shall sit down and I shall not mind what principle you apply for division and it will not matter very much to me. But if they are worth crores, then we must have greater details. According to my information the value will go up to Rs. 12 and more than Rs. 20 crores if we take the grains also into account. I am speaking on this with the figures collected by me from the previous years' budgets. What was the position on the 25th March 1953 when the Prime Minister made his statement? What was the position when proposals were submitted to Justice Wanchoo? What is the position to-day, i.e., the date of discussion on the subject? Finally, what will be the position with regard to these stores on 30th September 1953? When a proposition has been made for the division of stores and when the Government are in a position to alter the conditions, we are entitled to get more information on these. It is only justice that I am asking for and nothing else. For example, they say loans will be recovered by the State wherein the debtors live. But we do not know how much money is going by way of loans to the residuary State and how much money will go to the Andhra State? We are asked to divide liability in proportion to capital outlay on irrigation works. If liability is based on the cost of a work, should we not take into account whether the work has 'returned' the cost? Let us assume that it is not a division between the Tamil State—rather the residuary Madras States, say Andhra and Hyderabad. Even then, suppose a dispute arises. We would certainly like those disputes to be examined and settled calmly and dispassionately by a commission beforehand. I

[24th July 1953] [Sri T. Viswanatham]

want the Chief Minister of this State to look at this question dispassionately just as he would like to do in respect of any other partition matter and nothing more and nothing less. I would ask him to be a judge and if he is going to be a judge, I would ask him if he will proceed without records, without information and without facts. Let him act as a judge for a moment, as he is the Chief Minister of a combined State. That is why, Sir, I am submitting that the matter may be referred to a Commission which will not proceed without reference to records. Otherwise, the position will be unreal. Suppose I say a particular thing. Immediately the Government would say that the hon. Member is wrong. But what is right? That is not known. Why is this provision made directing us to proceed without some rough idea of the figures? Are we not people with some commonsense and intelligence who want to do things with our eyes open? Let it not be argued that a liaison officer is coming tomorrow. I do not know whether he will be entrusted with the task of working out these details. Probably he will be detailed for attending to Services issues. According to the Government proposal in the Bill matters in dispute will be referred to the President and what would the President ask when we go to him? Won't he ask 'what did you do when the matter was discussed in the Assembly? How can we say we did it in ignorance?' On our side, we are totally ignorant and we have got the definite authority of the Government that we must remain ignorant of facts and proceed with the matter. I submit, Sir, this is not a situation which can be contemplated with satisfaction by fair-minded people. For example, let us take the principles laid down in the various partition orders *re*: Orissa, Sind, etc. They treat pre-1921 public debt in one way; the debt on productive works in another way; that on the unproductive works in another way. The Pakistan Division order contemplated a Tribunal. Therefore, it is better, each case is argued on its own merits. I would ask the Chief Minister to detach himself once from his official position, to think he is not the Chief Minister of the residuary State and to act as a judge here for a moment. I ask him whether he is going to proceed with the clauses of this Bill without the materials being placed before us and get them passed? Should we be blamed for giving consent to a Bill, although with open eyes, in complete ignorance? Therefore, my proposition, that is, reference to an Expert Commission, is very good. It will satisfy all parties because no one will have occasion later to feel he has lost the case. A friend opposite says I am repeating myself. I am repeating my arguments because we have an adverse judge and I have to repeat and see the reaction on the judge, the Chief Minister (Laughter). (The Hon. Sri C. Subramaniam: "You have a weak case, and so you repeat your arguments.") Yes, assume I have a weak case, but why do you fight shy of an Expert Commission, when you have a strong case, as you claim? (Laughter.) The question is not how much support my proposition gets or how strong the opposition to it is. We want as full information as possible when we discuss a matter in the Legislature? We want records. You cannot give them. It is not

[Sri T. Viswanatham] [24th July 1953]

a question of our case being weak or strong. The fact is, the Legislative Assembly is not the proper forum to discuss these things. The whole question has to be decided by a commission. The order may of course be passed by the President and I am not ruling him out altogether. The President may be the final arbiter although the Constitution says something different in cases of dispute between two States. It is provided in the Constitution that if there is any difference of opinion between State and State in any such matters, it can go before the Supreme Court on the side of the Original Jurisdiction. I do not insist on that for States cannot go on being at loggerheads with each other. I do not want to invite a situation in which the Andhra or the Madras State will be driven to the Supreme Court. I am agreeable to a decision being given by the President in cases of dispute but only on the recommendation of a Commission. One provision in the Schedule is based on one principle and another on another principle. It is possible to discuss why it is so done and what is their financial effect without records? I feel, Sir, that my proposition to refer the matter to an Expert Commission is very reasonable and it will appeal to all those who are fair-minded. I do not say that the Chief Minister is not fair-minded but I want him to detach himself from the position of champion of the residuary State. What I say to him must appeal to all who have a sense of impartiality. I am not saying that the provisions are totally wrong but they do not take into account the under-development of Andhra areas and other equities. All that I say is that the matter must be referred to an Expert Commission with right to make full and open enquiry and whatever decision is given by the Commission we shall gladly accept."

SRI K. VARADACHARI:—"Mr. Speaker, Sir, I have also given notice of an amendment which is listed as No. 112 . . ."

* THE HON. SRI C. SUBRAMANIAM:—"Sir, may I intervene for a while? Mr. T. Viswanatham has raised a preliminary point whether we can proceed with the consideration of the provisions of clause 46 and the Seventh Schedule without facts being given as he wanted. I wish all remarks may be confined to that aspect of the matter and I shall finally reply. Mr. T. Viswanatham has very comprehensively covered the whole question. If any hon. Member wants to supplement what he has said I have no objection and I shall be only too willing to hear any fresh points that hon. Members may make on this issue. All that I say is let all remarks be confined to this aspect of the matter."

10-10 a.m. SRI K. VARADACHARI:—"Mr. Speaker, my amendment is substantially the same as that of Mr. Viswanatham."

THE HON. SRI C. SUBRAMANIAM:—"Arguments also need not be the same. If there is anything new the hon. Member may speak."

SRI K. VARADACHARI:—"I am unable to catch what the Leader of the House has said."

24th July 1953]

THE HON. SRI C. SUBRAMANIAM:—"I said that I knew that the hon. Member's amendment was substantially the same as that of Mr. Viswanatham. What I was appealing was that arguments also need not be substantially the same. If there was anything new, they may be stated."

* THE HON. SRI C. RAJAGOPALACHARI:—"Mr. Speaker, I am sorry I have to interrupt. The point is some general matters of principle have been raised by Mr. Viswanatham. It is tantamount to this that I am standing in the way of justice and that I should not have a closed mind and so on. This charge, I consider to be very important and should be discussed. Regarding the question as to how to deal with the amendments, it is a different matter and my Hon. Friend the Finance Minister himself will deal with it. Let me tell Mr. Viswanatham that I am more or less ignorant of the details and it is unnecessary, it is unfortunate and is most unpleasant what we have been brought into by whatever causes it may be. It is our misfortune and like a good Hindu I feel it is some past sin of mine, some *karma* for which I have been brought into this matter."

"Sir, let me answer, with the difficulties that I have, to the charges that have been levelled, so to say, against me."

SRI T. VISWANATHAM:—"I made no charges; I made no allegations and I tried to present the case of a plaintiff."

THE HON. SRI C. RAJAGOPALACHARI:—"He has asked me not to have a closed mind. That request is based on a presumption that I have a closed mind just now."

SRI T. VISWANATHAM:—"It is based on the facts as stated in the Bill."

* THE HON. SRI C. RAJAGOPALACHARI:—"Don't make it worse by tendering evidence. The charge is there. Let me tell him that my mind is not closed. May I retort in a gentle way? I ask Mr. Viswanatham to drop the retail mentality and adopt a whole-sale mentality just now. I quite understand his request. But here, it is not like dividing a house. It is not like dividing a piece of land or dividing a number of pieces of land. It is not dividing movable or immovable property. It is dividing the responsibilities and the charges imposed upon a Government, into two Governments and into two responsibilities. It is a division of work and not of property. Let us realise that. Unfortunately a retail property mentality—not only a retail mentality, but also property mentality, has seized everybody in the House on account of the circumstances of the case. I think we should get rid of it. Hon. Member Mr. Viswanatham asked me to get rid of partiality for the residuary State based on language. My mother tongue is known. If really one can get rid of that mentality so easily, why this claim for partition? I made this request to everybody and we could all have gone on together. There is a Bill before us for a division and we must do the best we can in the matter of division."

[Sri C. Rajagopalachari] [24th July 1953]

of one Government into two Governments. It is not a matter of some years' or some months' use of property. It is a matter concerning generations, year after year.

"Now, Sir, the hon. Member has asked for information and he has read the very unsatisfactory—in his opinion—replies that he has received. But what was the demand to which these replies were sent? The request was to give a list of all properties in every place, in every office, in every store and in every department. Is it possible? I wish our Government had been so efficient and I wish our affairs had been so small as could be put in a ledger and into a day-book so that anybody who wants may at any moment look into it. Our affairs are too large and our efficiency has been altogether inadequate. It is not possible even in one single hospital to obtain at once and list all the stores that it has. It will take a number of days. The hon. Member Mr. Viswanatham thinks that information can be got by sending a requisition to a Minister. He has to send that requisition to one who knows a little more than himself, viz., the head of some department who sends it down to various districts. Can we get a list of stores, drugs and all other articles so easily? If he has restricted his request to a few major things, I say I would have at once tried to get it. But he has written to every Minister and every letter is comprehensive. Every letter relates to everything. We know how hon. Members demand and how they are satisfied or are not satisfied. How could I send answers without being accurate? Therefore it is that he is getting those replies. Then again, we have to divide accounts prepared for the division of a property on a particular date. Is it possible to postpone everything? Is it possible to gather concrete lists for the division? A retail mentality like that has been exhibited, I am sorry I have to say it again. It is not possible. We have to take things largely. Let us consider the greater division which India went through. It is nearly the same, though not as big as that. It is quite big compared to a household or a company. It is very big if we go into the stores also. Even the Muslims did not ask for a list of stores when the Muslim League asked for partition. Some principles were evolved during the partition of Pakistan and India and it is mostly those principles that have been put into this Bill. They are also similar to the principles evolved during the time of much smaller divisions, viz., Sind and Orissa. What Mr. Viswanatham wants amounts to this: that the two Government should, like a Mitakshara family, imagine that they have already become separated as the brothers in a Mitakshara family are deemed divided on a mere notice. He wants us to imagine and take it for granted that the two Governments have already come to exist and there should be a Receiver appointed for all the properties so that there may be no misappropriation. He feels that this is the only proper thing to do. But it is not merely impracticable, it is impossible.

"Let me, once again, take my friend into confidence. The day when this division idea was decided upon, that day suspicion began, that day I told the Prime Minister—I hope I am not committing any breach of privilege, 'Please now take over the Government of Madras under the President's Rule and carry on through

[24th July 1953] [Sri C. Rajagopalachari]

the officers, divide the State into two and hand over the two States to the two Governments.' I made this proposal not only once, but reiterated it and pressed it upon him. I did not want that these charges should be levelled, grave charges put in various forms of polite language. It is unpleasant and it is not a thing that any gentleman can tolerate. The other day a charge was made that during the time of partition proceedings the Government were trying to steal some stores for its favoured State. It is wrong. I submit, a gentleman cannot maintain such an opinion. Have we not dealt with one another so long? Have we not lived for years and years together? Have we not found an attitude of justice at least in some of my colleagues? Why then should we be suspected? I deprecate it. It is most unpleasant. So, I told the Prime Minister, 'it would not do to try; please take charge.' But he positively refused, once, twice, thrice. Then, what is one to do? Now the Bill is before the House. Is it possible to put the entire Government in the hands of a Commission and make lists of properties? We have been doing our best in that direction also and at the same time hon. Members' requests come to us: 'Repair this tank, take up this bund, don't wait for partition, all this is necessary and that must be given and this must be done.' What is one to do? Are we to put the whole thing in the hands of a few judges? I consider, with all deference to judges and with all deference to their capacity to deal with matters which immediately fall in their field, it will not be possible for judges to do justice in regard to matters of administration and of Government, of stores and things like that. They could deal with it as if it were a civil dispute between two individuals. That would be their tendency. Government cannot go on like that. We cannot, much as I wish it were possible, under the present circumstances, I submit, put the Government in commission, in the hands of a few judges. What Mr. Viswanatham should ask is—and it is really what is being done now though he does not see it,—'Lay down principles and leave the execution to a committee.' I can understand if the executive is asked to pay proper attention and that is exactly what is being done. But, what Mr. Viswanatham wants is about details so that, if the details are acceptable he would accept the general principles. He wants lists of stores and matters like that before he can agree to the general principles. What I want all of you to agree to is: Let principles as laid down in the clause remain and as to application of the principles to actual facts, it must be a matter of execution, it cannot go into the Bill. Let me take an example. Suppose a man wants to buy half a Madras measure of ghee. He can go to the shop-keeper, ask him to get a sample of the ghee, taste it and then say: 'No, no, this is not ghee. This is groundnut oil or coconut oil.' After this he may select the best and take it. But suppose one wants to buy 50,000 lbs. Can he be going on selecting the best type from every half measure? Is that possible first of all? This amendment looks off like that. It amounts only to that. That is why I say it cannot be accepted by the Government. Leave alone the question of practicability. It is impossible. We cannot be going on furnishing the list of each and every one of our stores. I can well

10-20
a.m.

[Sri C. Rajagopalachari] [24th July 1958]

understand Sri Viswanatham's mind. 'Either you give us a complete list of all your stores or simply postpone the consideration of the whole Bill itself'—that is what Viswanatham's amendment means. That is why I say we cannot accept his amendment. If hon. Members want to make any suggestions, let them make. Let the usual course of things follow."

* SRI T. VISWANATHAM :—" On a point of personal explanation, Sir. The Hon. Chief Minister has made two charges against me. One is that I am not a gentleman. The second is that my amendment reduces itself to postponing the consideration of the whole Bill itself. I deny both. I submit, Sir, with all humility that I am at least as much a gentleman as anybody else. I do submit that it is not fair on the part of the Hon. Chief Minister to call me like that. It has greatly pained me."

THE HON. SRI C. RAJAGOPALACHARI :—" Did I say that you are not a gentleman? I only said that your arguments amounted to calling me a non-gentleman? "

* SRI T. VISWANATHAM :—" If that is so, the two cancel each other, Sir. Let both misunderstandings cancel each other."

"The Hon. Chief Minister has said that my argument is unreasonable. I say mine is quite reasonable. He has not made a correct interpretation of my attitude. Sir, we are not suffering from want of time. There is still two months' time. It is not as if the division would end or should end on the appointed day. Take the case of partition of Pakistan from India. Take again the cases of Sind and Orissa. Were the division of assets and liabilities settled on the day of partition? Is it possible to divide them at one stroke? It is a slow process. We have got to go through all accounts. Adjustments would have to be made on either side. That is how things should go on. I submit, Sir, that I am not taking the case to the Original Side of the Supreme Court, although I am entitled to do so. I say I shall be satisfied with the recommendation of a neutral Expert Commission which will be appointed by the order of the President."

THE HON. SRI C. SUBRAMANIAM :—" Accept the principle without going into the details."

* SRI T. VISWANATHAM :—" What is the principle? There should be one principle. We cannot have too many principles. What does the Seventh Schedule contain? It says that the assets and liabilities of the composite State should be divided in a certain ratio, but the ratio varies from clause to clause covering fifteen or sixteen clauses. Is it not right to know exactly what are the total assets and what portion we will get? That is all we ask. I am prepared to abide by their recommendations. Commissions were appointed in the case of Orissa, Partition Councils and Tribunal in the case of Pakistan. Then why not follow the same procedure in our case also? This is not a question of family partition. This is administrative division—that is what the Hon. Chief Minister has told us. Well, in that case, why is it not stated in the Bill that it is only administrative division? Why do you

[24th July 1958] [Sri T. Viswanatham]

bring in the words 'assets and liabilities'? Well, when you have brought them in, why do you hesitate in allowing us to know exactly what are our assets? I had not even asked for all relevant details, for I do not want myself to be in the midst of a maze of figures. I simply asked the total value of the stores or amount of loans or value of works and their returns both in the residuary State and in the Andhra State. Is it wrong to ask for that? I did not ask for the compilation of the details of all previous administration reports, taluk-war and district-war."

THE HON. SRI C. RAJAGOPALACHARI :—" Let me inform my friend Mr. Viswanatham that I had carefully read his letters and amendments. I maintain it amounts only to what I had previously said, viz., the postponement of the consideration of the whole Bill itself."

* SRI T. VISWANATHAM :—" The Hon. Chief Minister seems to be a little too liberal in his interpretation of my letters. After all, when we are about to separate and lead our lives alone, are we not justified in asking for details regarding our assets? For instance, are we not justified in asking for details regarding electrical stores in Madras and Andhra? In fact I had not asked for minute details. I only wanted the total value of our stores. Only two sets of figures were asked for by me, one for Andhra and one for residuary Madras State. I was exhibiting, in fact not a retail mentality, as the Chief Minister accuses me, but a wholesale mentality. I did not argue clause by clause, phrase by phrase. I wanted the whole thing to go to a Commission appointed by the President of the Union of India. But the Government come in the middle and object. Can the accounts regarding assets and liabilities be settled on the 1st October 1958, the day the Andhra State is born? Will it not drag on? What happened when Pakistan was separated? Did not the Government of India agree to give Rs. 55 crores to Pakistan towards adjustment of assets on the advice of Gandhiji? The figure of Rs. 55 crores was not arrived at on the date of partition, it was arrived at much later. I do once again submit that ours is a just and correct stand. Let it be not said that we agreed to this division of our assets blind-fold, by mistake or in ignorance."

* SRI M. KALYANASUNDARAM :—" Mr. Deputy Speaker, we are now entering upon a very crucial stage of our discussion. Let me voice my support to the proposal of Sri T. Viswanatham though not for the same reason he had advanced. We are in a mood of mutual suspicion, in spite of the best efforts on either side to avoid that kind of difficulty. It is very difficult to get over this suspicion. Charges and counter-charges are bound to be levelled against one another. Attributing an attitude of partisanship to the Hon. the Chief Minister or attributing the 'retail mentality' to my hon. Friend Sri Viswanatham does not help us. The proposals of my hon. Friend Sri Viswanatham would, if accepted, mean that the formula suggested in the Bill would be in the nature of an interim award and it would not in any way prejudice the actions

[Sri M. Kalyanasundaram] [24th July 1953]

of the Government or embarrass them and the Parliament in coming to a decision. We can always reserve the right to make claims and counter-claims later on in a different atmosphere. Now the atmosphere is one of suspicion. All the parties in the residuary State in spite of their differences with the Government think that the Andhra parties are trying to grab as much as possible and so also all the parties in Andhra, whatever may be their differences in the future in their State have a tendency to think that the residuary State is trying to withhold as much as possible from their State. This state of mind and attitude will not be helpful. It has to be remembered that both in the Andhra State and in the residuary State there are people who can take an impartial view of things and be guided by just and equitable principles and help to bring about mutual understanding. In order to pave the way for that, if we can make proposals which will avoid all unnecessary controversy, it would be of much help. In that spirit only I approach the proposal of my hon. Friend Sri Viswanatham and it is in that spirit that I am supporting his proposals."

THE HON. SRI C. SUBRAMANIAM :—" According to you, we will also pass the Schedule."

SRI M. KALYANASUNDARAM :—" Whatever may be our views upon the Schedule, the Central Government is going to make a final decision; it is not at all prejudiced and all that we say is that unnecessary shouting and counter-shouting can be saved."

SRI T. VISWANATHAM :—" I have heard the Hon. the Finance Minister talking about the Seventh Schedule. I have no objection, Sir, because if the Schedule and the clause are parts of the Bill, the amendments are the counter-claims and the whole thing may be made a matter of reference to an Expert Commission. I do not say that it must be omitted but that it should be a part of it."

THE HON. SRI C. RAJAGOPALACHARI :—" I wish to add only one thing; in that case, the question of partition itself may be sent to the Commission."

* SRI M. KALYANASUNDARAM :—" The Hon. the Chief Minister assumes that certain basic principles have been laid down in the Bill and that, I submit, is where we differ. Clause 46 merely says that there is the Seventh Schedule and the Schedule mentions certain formulæ on the basis of which the partition will have to be worked out. As a matter of fact, the schedule has not propounded one basic or fundamental principle. It is making a differential approach to different assets and it is not a single constant principle and to attribute a single principle to it is wrong."

SRI T. NAGI REDDI :—" Mr. Deputy Speaker, Sir, the suggestion was made by the Hon. the Finance Minister that this amendment be discussed first and finished so that we may go to the rest of the provisions. So, Sir, we will take Sri Viswanatham's amendment and finish it."

24th July 1953]

MR. DEPUTY SPEAKER :—" Let us have some more discussion upon the amendment."

* SRI K. VARADACHARI :—" This, Mr. Deputy Speaker Sir, is a question upon which there is bound to be differences of opinion between the two parties to the partition because every partition, whether public or private, which refers to property, is bound to involve pangs of a severe kind, of a very painful kind and it could not be that the manager of a family can assume that the several members in the family will all simply follow the principles he lays down for the partition according to his own likes. Let me submit to the House, Sir, that this clause does not lay down any principle by itself because it simply refers us to the seventh schedule and under this schedule we have 19 paragraphs and under each paragraph, several kinds of principles are sought to be applied in respect of each type of property. Each head is different from the other and different principles are laid down and no uniform principle is found. With regard to the amount of knowledge or accuracy which the Government themselves possess with regard to these things we find, as has been mentioned by the hon. Member Sri Viswanatham, that the Government are unable to formulate any figures under any head with any degree of accuracy for assisting a debate on this Bill. So, in a matter of this kind, the fundamental thing is the principle of natural justice, equity and good conscience and that principle should apply not only in the case of private divisions but also partition of public property. We find a particular provision in the schedule which says that all properties which remained in a particular territory on the appointed day shall belong to the State to which the territory belongs. We find that there are works going on, works on a large scale, public works and things like that, in both the Andhra territory and the Residuary State and the stores feeding the work are also there. If on the particular day, we find that the stores and other things necessary for carrying on the particular work are not available because of the fact that they are situated in another area, what has to be done in such a case? The articles which are necessary for the work are not available. When such questions are raised, they cannot be brushed aside as of no consequence. In the working of these provisions the principles of natural justice must prevail and one should not feel angry or hurt, injured or insulted by a demand that things should be made available for the works to go on. To preserve the goodwill between the parties, the Government should be able to place all their cards on the table before these things are carried out. It may be said as the Hon. the Chief Minister has pointed out that you are asking the whole Madras Government itself to be put in Commission, before a body of judges who may or may not be able to understand these things and who may not be able to decide these things in as short a time as possible. True, I see the force of that contention. These provisions must have been inspired or must have been in a way guided by the Madras Government. Now, whether you have done it deliberately or without having the necessary data, there is one thing which you can easily concede, namely, that you have made a set of proposals. Mr. Viswanatham and the other members who

10-40
a.m.

[Sri K. Varadachari] [24th July 1953]

support this motion make certain proposals. These two proposals might be put together and sent to the Government of India for being discussed by the Parliament to see whether they are reasonable or not. If the Parliament decides in any way, we are bound by that. Therefore, what is the harm in coming to this agreement, namely, that the proposals contained in the Bill and the proposals contained in the amendments may be put together and sent to the Government of India for adoption by the Parliament in the same way in which we have agreed over the question of the Tungabhadra Project? In this manner we can easily dispose of the matter without wasting the time of the House any more. I do not think that there will be any insurmountable difficulty and I request the Hon. the Leader of the House and the Hon. the Chief Minister to agree to the proposal."

SRI G. LATCHANNA :—" I formally move my amendment No. 265."

MR. DEPUTY SPEAKER :—" You need not move the amendment. But you can speak on the amendment of Sri Viswanatham."

SRI G. LATCHANNA :—" Sir, the amendment is in my name."

SRI T. NAGI REDDI :—" If the same kind of amendment is in his name, I do not think it is wrong if he moves his amendment also."

SRI G. LATCHANNA :—" Sir, I move the following amendment :—

265 'This Assembly recommends that in the end of the Seventh Schedule, the following proviso shall be added :—

"Provided the Government of Andhra State shall be at liberty to refer any or all the items of apportionment and any other matter or matters contained in the above schedule for adjudication to a Committee of Experts presided over by a Judge of Supreme Court, to be appointed by the President and these members shall not belong to any of the States concerned."

In moving the above amendment, I have to say a few words, Sir. I would like to suggest to the Government that there is no harm in conceding this proposal by which we will be able to settle all these complicated problems and issues in an amicable manner so that the public may not question the sincerity or genuineness of either side. It is therefore just and proper to request the Government to appoint a Committee of Experts presided over by a Judge of the Supreme Court, which can smoothly set at rest the question of division of the assets and liabilities. We can thereby avoid misunderstandings and ill-feelings between us."

* SRI T. N. VENKATASUBBA REDDI :—" Sir, the very intricate problem of the division of assets and liabilities is before us. The report of Mr. Justice Wanchoo has created a lot of dissatisfaction to both sides, the Andhra State and the residuary

24th July 1953] [Sri T. N. Venkatasubba Reddi]

Madras State. It is for this reason that the amendment of Mr. Viswanatham and various other amendments have been tabled to Clause 46 to refer the question of the division of assets and liabilities to an impartial Committee of Experts. If we examine the Seventh Schedule we find that there are a number of complicated questions and it is but proper that the matter is referred to persons who know about those matters and who can give an impartial judgment. I am sure that neither the members of the Andhra State nor the members of the residuary State will object to a just division. I know that our friends in the residuary State will never want to cheat the Andhra people. In the same way, I am anxious that we should not take away anything that is not our due. For this reason, we request that this problem of the division of assets and liabilities of one composite State which is being divided into two can be left to be decided by a Committee of Experts. The Hon. the Chief Minister just now referred to our 'retail mentality'. I wish to submit to the Hon. the Chief Minister that this 'retail mentality' became inevitable because of a retail dealing of the stores, machinery and other equipments indulged in by Madras Government. When we say stores and other assets, we do not mean small things that run into a few lakhs. We want to take stock of the major equipments that run into several crores. If the Hon. the Chief Minister desires, he can get all the necessary information in a day or two. Is it difficult to get the particulars about the stores and machinery from the Department of Industries and Commerce? Is it difficult to have particulars about the major equipment and stores from the Agricultural Department, or the Medical Department or the Police Department? We are not referring to the stores of the district headquarters hospitals or those in taluk headquarters. We are referring to the wholesale stores that are kept for the use of the composite State at the various central points. If the question of division of these stores and other equipments is left to be decided by an impartial Committee of Experts, there will be no rancour left in the minds of the people of either State. It will help a great deal in maintaining the future relationship between the people of Andhra State and Tamil Nad. On the other hand, if they are to be divided according to the provisions outlined in the Seventh Schedule, I am sure I will be one of the sorry spectators of the bitterness and accusations that will be levelled against each other. I appeal to the Hon. the Chief Minister to see that these assets and liabilities are divided in a just and proper manner and for this purpose I humbly request him to accept this amendment and ask the Government of India to appoint a Finance Commission. Meanwhile, we can go on with the division of the State before the Commission furnishes its report."

* SRI K. V. RAMESAM :—" Mr. Deputy Speaker, Sir, the 10.50 idea of the formation of a committee is not an idea introduced a.m. newly by Mr. Viswanatham. This idea was there even at the time the Andhra Congress legislators met for the first time. It was unanimously decided by them that a committee of experts should be appointed to enable the Ministers as well as the officers to arrive

[Sri K. V. Ramesam] [24th July 1953]

at correct conclusions in matters relating to the division of assets and liabilities. Unfortunately that suggestion was turned down by the Government on the ground that confidential records could not be disclosed to non-officials, however expert they might be. The Government have got certain facts, and on the basis of those facts they have come to certain decisions. But we, Members of the Assembly, are absolutely in the dark as to what the total amount of the assets and liabilities is that has got to be divided. The Seventh Schedule refers to stores, articles and other goods. We do not know what stores, articles and other goods are with the present Government. Therefore the suggestion has been made by some Members that all information about the assets and liabilities should be made available to them. It is the absence of correct information that is agitating the mind of Sri T. Viswanatham and the minds of other Members. When it is not possible to furnish the information, the suggestion for the appointment of a committee of experts to assess the value of all stores, articles and other goods and also the other properties that are not capable of division may be accepted. Division of assets and liabilities by such a committee will give satisfaction to the residuary State as well as the Andhra State. Therefore the amendment of Mr. Viswanatham is justified not only on grounds of expediency but also on grounds of equity, fairness and justice and I appeal to the House to accept it."

* SRI K. KOTI REDDI :—" Mr. Deputy Speaker, Sir, I take it that we are not discussing the provisions in the Seventh Schedule. Since we will have an opportunity of discussing them one by one when the schedule is taken up, I shall confine my remarks to the general question of division of assets and liabilities by an expert committee. Some of the objections raised by the Hon. Chief Minister can be met if the amendment moved by me and supported by others is accepted. It provides that the assets and liabilities should be divided by a Financial Commission, and that pending apportionment by such a Commission, the apportionment shall be in accordance with the provisions contained in the Seventh Schedule. It appears to me to be a very important matter and we should take it into very serious consideration. It is often asked why there should be this meticulous discussion about division of assets and liabilities by the Andhras when they themselves had asked for partition. When we are parting, I do not see why we should not get what is due to us and I do not want even a pie more than what is actually due. There is naturally some difference of opinion as to what is actually due. Why should our friends burke the issue of referring the matter to an impartial committee appointed by the President consisting of two members and presided over by a Judge of the Supreme Court appointed by him? The decision of the Commission shall be final, and after its general approval by the President we must be prepared to accept it. The matter is not so easy as the Hon. the Chief Minister and some others seem to think. I went through the Schedule to find out whether there was any principle on which it was based. But I found that each question was dealt with separately without evolving a common principle. Certain principles are observed in the division

24th July 1953] [Sri K. Koti Reddi]

of a family. We are parting from you for good or bad reasons, and our parting is like a family partition. Therefore I do not see any difficulty in applying the same principles in dividing the assets and liabilities. What are the principles which we apply to the partition of a family? "

* THE HON. SRI C. SUBRAMANIAM :—" We are not going into the principles now. Whether we should discuss the principles or leave them to the Financial Commission is the point, and let us confine our remarks to that. We are entitled to go into the principles when we take up the Seventh Schedule. But if Mr. Viswanatham's amendment is passed, it may not be necessary to go into the principles underlying the provisions adumbrated in the Seventh Schedule."

* SRI K. KOTI REDDI :—" Even if a Financial Commission is appointed, there is nothing wrong in our laying down certain principles for its guidance. That is why I have proposed in my amendment that the Commission shall value each asset on the basis of its market value on the appointed day. The hon. Member Mr. Nagi Reddi in his amendment has asked that the division of the property ought to be made on the basis of population. Two principles should guide the Financial Commission. Wherever it is not possible to apportion properties, that is, wherever it is not possible to separate any items of property and divide them physically each State should get its share according to their market value. The shares to be given to the States should be based on the population ratio. These two principles should guide the Commission. I am prepared to agree to the motion of Mr. Viswanatham, and I am certain that the Expert Commission will certainly be guided by these two principles. These two principles are very reasonable. I do not want to take any more time of this House at present, Sir."

11
a.m.

(At this stage, Mr. Speaker resumed the Chair.)

SRI T. N. VENKATASUBBA REDDI :—" Sir, since this is a very important clause, I would like to know when this will come up for voting."

MR. SPEAKER :—" It will come up for voting at 11-30 a.m. Amendment No. 141 will be taken up separately. I will allow five minutes to each hon. Member."

* SRI T. VISWANATHAM :—" Sir, this is the most important clause. Some more time may be given to hon. Members. After all we will be sitting for three or four days more. If we are able to come to some balanced agreement, the rest of the amendments can be disposed of in half an hour."

SRI PILLALAMARRI VENKATESWARLU :—" Mr. Speaker, Sir, let me not be misunderstood either by the Chief Minister or by the Finance Minister or by any Member of this House. This is an important clause affecting the Andhra and Madras States. It is natural that we express our opinions in such a way that we carry conviction to others as well. Many

[Sri Pillalamarri Venkateswarlu] [24th July 1953]

things will have to be taken into consideration while dividing the assets and liabilities. There may be conflicting opinions. But those expressions of opinion should not be taken to mean that we lack confidence in the Chief Minister or any other Minister. (Interruption by the Hon. Sri C. Rajagopalachari.) We want discussion. But at the same time we wish to explain why we are supporting the motion of Mr. Viswanatham. We want the issues to be referred to an expert financial commission. There is no general agreement on the principles enunciated in the Bill. None of us are accepting the principles in the Bill. The Communist party suggested that population might be the basis for dividing the assets and liabilities. This suggestion has not been accepted. There are some suggestions from the other side—Andhras and others. Those principles are not accepted by us. When that is the situation, how can we go into details? There are conflicting opinions. May I request the Hon. the Chief Minister to take into consideration the general viewpoint of Members from the Andhra side? Almost all of them are demanding that there should be an expert financial commission. Why? It is because the Andhra Government will be able to present their case before them. Mr. Viswanatham has made it quite clear how difficult it is to get information. The Chief Minister has stated that it is impossible to give all the information asked for. If that is so, the Chief Minister would at least give us such information as he can. Even this was not given, and we are asked to go into the Seventh Schedule which deals with so many things on different principles. Not a single principle is being made applicable to any of the cases. Different principles are being accepted for different reasons. If we carefully read the Seventh Schedule, we will see that there is not even a single principle involved in them. Therefore we say that the whole matter should go before a financial commission. Of course that does not mean that we want to shelve the Seventh Schedule itself. We can discuss it because it is only a recommendation. The Central Government may or may not accept our recommendation and even taking it for granted that the Central Government will accept our recommendation, still there is the necessity for us to discuss the Seventh Schedule to express our opinions. I think it is wrong to conclude that if Mr. Viswanatham opposes this clause, there is no need to go into the Seventh Schedule. Let us be clear in our minds. We have been living together in a composite State for a pretty long time. Much has happened in this Madras State. There are many complaints and counter-complaints, and there is a general feeling that injustice has been done to one State. If we are to divide without going into the details and leaving them as they are, the injustice will be perpetuated for ever. Nobody knows how much we have got and how much we have to pay. All these details have been kept back. Without details, I do not know how it would be possible or advisable for us to accept the principle. Whatever may the principle, we must know how much we get. So, Sir, taking all these facts into consideration, I feel there is a good case to refer the whole matter to a financial commission. I have not heard a single objection why this matter should not go to a commission except that

[24th July 1953] [Sri Pillalamarri Venkateswarlu]

judges cannot decide the matter. When a particular principle is contested, how can we decide that in this Assembly? Is it fair, I ask? One section of the Assembly is holding one view and another section holds a different view. When we are separating very soon, how can we say that the details should be accepted as they are? It is not just or fair to decide this issue according to the majority opinion here for the reason that the Andhra State is going to be formed soon and the opinions of that State also should be taken into consideration. If that is not possible it is better to refer the matter to a financial commission who will decide fairly and justly."

* SRI L. LAKSHMANA DAS :—" Mr. Speaker, Sir, this is a very important clause. Here the entire House should agree. I am sure if the amendment of the hon. Member Sri Viswanatham is accepted, there would not be any trouble at all. We are only enunciating a general principle. Even if a joint family divides itself, generally in respect of the properties to be divided, the members of the family will refer the matter to a gentleman of the locality. So also it is always safe both for the Andhra State and the residuary State to provide that an expert commission be appointed to go into the division of assets and liabilities. It will give satisfaction to both the States. We are not in possession of details and therefore, we cannot reach satisfactory agreements. So, it will tend to the harmony of both the States if an expert commission is appointed to go into the matter. I am sure the Hon. the Chief Minister will agree to this good proposal."

* SRI VAVILALA GOPALAKRISHNAIAH :—" Sir, the division of assets and liabilities is the life of this Bill. It is also the main source of conflict of interests. Now, the amendment is for the appointment of a committee consisting of, I propose, one retired Accountant-General and another financial expert, presided over by a Supreme Court Judge. Secondly, we must discuss the Schedule also. We have no information as to the quantity and value of stores and where they are located. For instance, machinery and stores purchased for the Ramapadasagar Project are taken to and utilized for the Bhavani Project, and stores purchased for the Romperu Project are taken to the Tungabhadra Project. The hon. Member Sri Viswanatham asked for details in regard to these things. But they are not available. So, I commend his amendment for the acceptance of the House."

* RAJA MUTHIAH CHETTIYAR OF CHETTINAD :—" Mr. Speaker, Sir, in my humble opinion this amendment is coming so late for discussion though it had been given notice of earlier, astounds and surprises me for the simple reason that the Members who are desirous of getting this resolution passed have on innumerable occasions in the last few days taken the opportunity to press their viewpoints in regard to every detail connected with this Bill. Now when they find that it will split them on the whole thing delayed, they want to press this amendment. The question of the formation of the Andhra State itself was settled for some years, and they are now going to entertain a bill which

[Raja Muthiah Chettiyar of Chettinad] [24th July 1953]

various provisions of this Bill is to see that friction is avoided in the future. It is with that view that many details have been put into this Bill, and this House has been asked to give its opinion. As I said earlier, it would have been nice if this Assembly were to express its opinion that it is for the separation of the Andhra State, and leave it to the Government of India to take all steps necessary for it. Instead of that, we have gone to the second stage of going into every question of detail. Now, having gone through almost all the questions, the remaining one is about the allocation of Rs. 4 crores or Rs. 2 crores, or Rs. 1 crore to the Andhra State. But it is said, 'We shall not discuss all these things; we want a Commission and we shall once again begin to quarrel, and it will go on *ad nauseam*.' Sir, this question of assets and liabilities has been gone into by the Partition Committee much earlier and by Mr. Justice Wanchoo also before whom memoranda relating to stores were submitted by our Andhra Friends. The Partition Committee recommended the allocation of rupees one crore to the Andhra State. The Advisers had left some money and, therefore, Rajaji did not object to the allocation of one crore of rupees recommended by the Partition Committee. Now these people have not even rupees one crore. As we understand it, a sum of Rs. 33 lakhs is due to the Andhra State and a sum of Rs. 66 lakhs to the residuary State. Sir, the Madras Government have no money. But I can assure the Andhra Members that we have the least objection to the Government of Andhra approaching the Government of India for the grant of any number of crores of rupees for building their Capital and for meeting any other expenditure they have to incur. They have our best wishes in this regard. If they have no money to start with, the residuary State also has not much money to give them. That being so, we should not waste our time and the time of the public by having a Commission like the one contemplated and go on quarrelling. Certainly we will have an endless quarrel if we have a Commission. I have heard Members here saying, 'Once we divide, let us divide happily.' Therefore, we should co-operate with each other. If the Andhra Government have no money, we also have no money. With regard to the partition of assets and liabilities, in my humble opinion, even the one crore of rupees that was mentioned was wrong. We have got liabilities. There are many old buildings. Now, our Friends have multiplied the buildings and want a division. I will be very glad if they dismantle the buildings and take their share of them proportionately. We have no objection to it."

THE HON. SRI C. RAJAGOPALACHARI:—"I have great objection to it."

RAJA MUTHIAH CHETTIYAR OF CHETTINAD:—"I am a very orthodox man in politics, more orthodox than the Chief Minister himself. I am not a gambler. He is a gambler in politics. He is prepared to gamble with many schemes, times without number. But he is not prepared to gamble with old buildings."

THE HON. SRI C. RAJAGOPALACHARI:—"The only thing I stand for is non-demolition of what stands." (Laughter.)

24th July 1953]

* RAJA MUTHIAH CHETTIYAR OF CHETTINAD:—"I am indeed grateful to my Leader for trying to be more orthodox than myself on this occasion. While we are vying with each other with regard to orthodoxy, I am indeed proud of the very old historic buildings in the State which have been built by the toils of the people of the old days. Therefore it is that we are anxious that the Andhra State should have good buildings, hospitals and colleges. We are friends, we are good neighbours, and we shall help each other."

"After having gone through all the provisions in detail, when we come to the allocation of seats in the colleges, 2-year period is mentioned as a long one and 25-year period as a short one. After such detailed discussion, to ask for a Commission is really to delay matters. It is tantamount to saying that they do not want the Andhra State. I throw out a challenge now. If they say they do not want the Andhra State, we shall vote for this resolution very willingly."

SRI T. NAGI REDDI:—"I am sorry the hon. Member need not be so sure that his own opinions are being expressed on this side of the House. We have been fighting for the formation of the Andhra State. We shall get it and there is no doubt about it."

* RAJA MUTHIAH CHETTIYAR OF CHETTINAD:—"I am sure that the people of Andhra want the Andhra State. With due respect to the Leaders, I want to say that even when some Leaders did not want the Andhra State, I said that the people wanted it and they would not wait. I know Sri Nagi Reddi and his Party were genuinely, from start to finish, asking for the Andhra State. I do congratulate them on the consistency with which they have spoken both inside and outside this House. Unfortunately, Leaders who are non-Communists never attach great importance to the Communist Party for being united."

THE HON. SRI C. SUBRAMANIAM:—"Why talk about these things now?"

* RAJA MUTHIAH CHETTIYAR OF CHETTINAD:—"Sir, I may tell the Hon. the Leader of the House that it is quite relevant. Now, the Andhras want a Commission to be appointed. Instead of this, it is better for them to say that they do not want the Andhra State. I saw in a Bombay paper in big headlines something like 'C.R. sorry about the great State being dismembered'. We should not revive old controversies. The best method has been suggested in the Seventh Schedule and it should stand as it is. If any amendment is considered necessary, let the Government bring forward the same. More than that nothing should be done. If the Schedule as it stands is carried by a majority, and if the Andhras want to change it, there is another place for them to do it, viz., Delhi. In the Parliament at Delhi, they have their representatives who will not keep quiet. In fact this is only the first round that they are having here. The second round is before the Parliament and the third one is before the President himself. I know if the matter goes against them in the first two rounds, they will surely go before

11-20 a.m.

[Raja Muthiah Chettiyar of Chettinad] [24th July 1953]

the President of the Indian Union with petitions urging for a change in the Schedule. I know they will surely do all those things. That is why I say that they need not bother themselves about this particular Schedule in this House. We can now allow the Schedule to stand as it is. If there is any need for changing it and if they feel that somehow it should be changed, it is for them to take up the matter in the Parliament. That will be the correct and businesslike way in which things have got to be done. Most of the details are given in this Schedule. I think the suggestion for the appointment of a Commission is only a dilatory move, or I should say that it is a move which will bring about chaos after separation of the two States. I do hope that the motion for the setting up of a Commission will not be pressed in view of the fact that they could make representations to the President or the Parliament as the case may be at a later stage, and that the Schedule will be allowed to stand as it is."

* DR. K. B. MENON :—" Sir, I rise to say a few words in favour of the suggestion made by the hon. Member Sri T. Viswanatham, in the hope that it would ease the situation created by the growing bitterness. I perfectly understand that the bitterness is only temporary and after these things are over, it would vanish. But, yet it is there and if some of us have not taken very active part in these discussions, it is for obvious reasons. I feel that the suggestion, that they have not had the time to consider these and that they are not in full possession of facts seems to be reasonable. If they plead for time, I think it should be granted if possible. The business will go on and the money will be made available by the ways and means overdraft of the Reserve Bank and other amounts under current account will be available. When they ask for the appointment of a Commission, I think the Government may very well sympathetically consider the request if the same does not in any way seriously interfere with or damage the interests of the residuary Madras State."

* SRI T. C. NARAYANA NAMBIAR :—" Sir, being a member of the future Residuary State Assembly, I find it my duty to say that we should not allow posterity to say that we were unjust and unreasonable towards our Andhra brethren who are going to have their own State shortly. The question at issue is whether we ought to accept the Seventh Schedule as it is or are we to sit here as experts to discuss the whole matter? I maintain that we are completely ignorant of the facts as it is. So I request . . ."

THE HON. SRI C. SUBRAMANIAM :—" Shall we say that we have no opinion to express? "

* SRI T. C. NARAYANA NAMBIAR :—" We can express our opinion, but it cannot be final. There are so many controversies. It is suggested that this should be referred to a Committee of Experts who should be thoroughly impartial. There are two or three issues to be considered. In this Seventh Schedule, it is stated that in some cases the principle of market value and in some cases of book value and in some other cases that of capital investment are adopted. In the absence of fuller facts, it is not right for us to go into details. Therefore, I request that the matter may be referred to a Committee of Experts who should be impartial."

* SRI N. GOPALA MENON :—" Mr. Speaker, I came to this Assembly with a perfectly open mind and when I listened to the speech of hon. Member Sri Viswanatham, I thought that it was only fair that all the particulars regarding the assets and liabilities of the State should be placed before the House. But, when I heard the Hon. Chief Minister saying that the case of the partition of a State ought not to be regarded as a family partition, that we, cannot as in a family partition bring every article into the hotchpot and divide them and that we ought to think about the rights and responsibilities of the people who are dividing, I thought that it was right that we should view the whole affair from that angle. The suggestion of hon. Member Sri Viswanatham that we should abdicate our functions here as representatives of the people and that we must have a Commission appointed, whether they be experts or judges, to decide this question relating to assets and liabilities that have to be divided among the two States, is a wholly unacceptable suggestion. There is no question of arbitration in these matters. We have to divide the assets and liabilities as best as we can under the existing circumstances. All that we can do in this House is to lay down certain principles on which the assets and liabilities have got to be divided. If Mr. Viswanatham wants the same analogy of a partition suit in a Court of Law under the Mitakshara Law to be applied in this case also, I want to say that even in a court, the judge ordinarily in the first instance defines the share of each of the members of the family and appoints a Commissioner for allotting the various

[Sri N. Gopala Menon] [24th July 1953]

properties to be given to the respective members of the family. Similarly, we have to define the general principles on which this division of assets and liabilities has to take place. In this Seventh Schedule a certain proportion is laid down, as to what the Andhra State has to get, Madras State has to get and Mysore has to get. It is not for us to make out a list of the properties, movable and immovable. A very wholesome principle is laid down in the very first paragraph of this Schedule stating that the lands, stores and articles which are in each territory are to remain there, and that in the case of cash, loans and other movables, they have to be divided in a certain proportion. Regarding certain industrial and commercial undertakings, thinking that it would be unfair if they are allowed to remain in the respective States in which they are at present, it is stated that there should be division of these things in a certain proportion. If there is really to be a dispute, there is always the President to decide the matter. On the whole, the principles laid down in the Seventh Schedule are fair. All that we can do is to lay down the principle and the Government consisting not only of Andhra Members but also of non-Andhra Members will go into the whole question with the assistance of experts, if need be, and settle the matter amicably."

11-30
a.m.

* SRI T. NAGI REDDI :—" Mr. Speaker, Sir, we have come to the most crucial and also the final clause of the Bill. Let us not ignore the opinion that is obtaining now. There is certainly quite an amount of suspicion among Andhras that the whole question of assets and liabilities is not going to be solved to the satisfaction of the new State. Even if I were to say that there is no suspicion, it is not going to help matters. Taking all these facts into consideration and after going very carefully through all the clauses contained in the Seventh Schedule, we have come forward to support this amendment for the appointment of a commission to go into the question of apportionment of assets and liabilities. I would go one step further and say that a principle should be adumbrated as to how the apportionment should be made and that is what our amendment says, viz., that apportionment should be on the basis of population. Leaving that aside for the present, I would come straight to the question as to why I ask for a financial Commission. When the question was first raised, the Chief Minister asked us to think in terms of wholesale mentality and not to have a retail mentality. It is with a wholesale mentality that I am supporting this amendment. It is with that mentality only that I ask for a financial Commission. We, sitting here, do not believe we are experts and try to think we have understood the whole question. Sir, we have been told that clause 46 in part V has a principle. Let me read that clause to the House. It says :

'Subject to the other provisions of this Part, the assets and liabilities of the State of Madras immediately before the appointed day shall be apportioned between that State and the States of Andhra and Mysore in accordance with the provisions contained in the Seventh Schedule.'

If there is any principle here, it is this, that the assets and liabilities of Madras State shall be apportioned with reference to the

24th July 1953] [Sri T. Nagi Reddi]

provisions of the Seventh Schedule. And what is the principle referred to in the Seventh Schedule? I do not call it a principle at all. If at all it should be called so, it contains not one principle, not two principles, but many, many, different principles. I have gone through the Seventh Schedule very carefully and in great detail and clause after clause therein is governed by a new set of principles different from the previous ones. And it is according to these principles that we have been asked to apportion the liabilities and assets between the two States. When we cannot have even the approximate figures of value, or the basis on which all these clauses are framed and we are asked to proceed to divide our assets and liabilities without reference to records, then the only result is suspicion. So, is there anything wrong in demanding a Commission to examine this question? I find that on the question of cash balances in treasuries and credit balances with the Reserve Bank of India, we are asked to divide on the basis of population . . ."

THE HON. SRI C. SUBRAMANIAM :—" We are on amendment 114. You speak about the Seventh Schedule."

* SRI T. NAGI REDDI :—" The Chief Minister wants us to think in terms of principles. I want to say that the Seventh Schedule contains no principles at all, in that it fixes different principles for different clauses. That is only a kind of blind man's apportionment of assets and liabilities. I do not want a blind man's rule. I want people to think in terms of actualities. Clause after clause in the Seventh Schedule varies in principle and hence I say the whole of the Seventh Schedule should be rejected wholesale. It is not with a retail mentality that I am speaking. It is because I speak with a wholesale mentality, there is so much trouble for you. I have said about the credit balances with the Reserve Bank. Take the unissued stores. The Seventh Schedule says any unissued stores of any class shall be divided between the States of Madras, Andhra and Mysore in proportion to the total indents for stores of that class made in the three years immediately preceding the 1st day of April 1953, for the areas respectively comprised in the three States. Here the principle of division is entirely different. The Schedule contains a hundred principles. Where are we to search for the indents for the three years previous to the year of partition in the three States? Again, take the Government Press at Madras. The Andhra share will be given as far as practicable in the form of machinery and for the balance an adjustment may be made in cash on the basis of the book value of the machinery less depreciation where such depreciation is adjusted in the accounts of the Press. What is the depreciation? Where are the records for us to find out the depreciation? For each case, there is a different principle and we are asked to accept that principle. That is why I say a financial Commissioner should be appointed. He will study the public mind and hear the views of the representatives of the people. He can then apportion the assets and liabilities between the two States on the basis of the opinions expressed before him. With due respect to the Chief Minister and the Leader of the House, let me say that the discussion of the Seventh Schedule will not be fruitful."

[Sri T. Nagi Reddi]

[24th July 1953]

if the Government do not agree to the appointment of a financial Commissioner. Otherwise, the Government should at least be prepared to place before the House facts and figures relating to the several items mentioned in the Seventh Schedule, the book value of the machinery, the cash and credit balances with Reserve Bank, etc."

THE HON. SRI C. SUBRAMANIAM:—"The hon. Member is going into details. We are only discussing the preliminary thing."

* SRI T. NAGI REDDI:—"I am also discussing the preliminary unprincipled Seventh Schedule. That is what I want to impress upon the House. I base my whole argument on the fact that the Seventh Schedule is most unprincipled in that it adumbrates different principles for different items. Sir, I was surprised when Mr. Viswanatham read the reply he received from the Government. After all what is the information required about? It was not about details as to how much of quinine was there or about needles or bandages. The information asked for was about the unissued stores with the Madras Government at present and their actual value. The information can be given at least in crores if not in lakhs. We are told it is unnecessary. It is not unnecessary. It is very necessary."

11-40 a.m. "Then it is said that we are dividing work and not property. It is true. All of us have commonsense and I am sure people who have elected us think that we too have commonsense. I did not expect that any installation would be carried away. Nobody is thinking in that line. I am sure even Mr. Muthiah Chettiar will agree with me that no one is thinking of carrying away bricks and mortar. The question is not at all that. It is not a question of property. It is both work and property. If this information is not given, the question of division of assets and liabilities has no meaning and it will be a farce. Some Member was telling, 'let these principles in the schedule be accepted and the commission will go into the details.' If the principles are accepted, there is nothing for the Commission. If that is the case, we believe the Hon. Chief Minister more than any Commission. When once a principle is accepted, I do not think I will have any disbelief in the apportionment of assets and liabilities. It is not a question of suspicion. The question of suspicion comes on account of principles. Therefore, I say that the whole matter stands on a different footing."

"Then, it is said if the division of assets and liabilities is left to a commission, the whole question is postponed, the formation of the Andhra State is postponed and Mr. Nagi Reddi is not interested in the Andhra State. I am very much interested in the formation of the Andhra State and every Andhra is interested in it and the whole world knows it. After all assets and liabilities can be divided even after the Andhra State is formed, i.e., after 1st of October 1953 and it does not matter even if it takes some time. That need not hinder the immediate formation of the Andhra State

[24th July 1953]

[Sri T. Nagi Reddi]

and let not my friends who are going to oppose this amendment go with the impression that we are trying to postpone the formation of the Andhra State."

"Therefore, without going into the details, if we come to an agreement in regard to the fundamental principles, the Commission will go into the details and there will be friendly feeling between the two States. If the amendment is not accepted, I am afraid the friendly atmosphere with which we have begun the discussion on the Andhra State Bill will get poisoned and vicious. I think the Government should accept the amendment moved by Sri T. Viswanatham and avoid the rancour that would probably be the result of non-acceptance. If we are going to proceed in the manner in which are trying in regard to the division of assets and liabilities, certainly we will be creating some misunderstanding. We want the commission to go into the details. We are told that acceptance of this amendment will create chaos. Acceptance of the amendment is the only way of dividing the assets and liabilities in the most friendly manner and of maintaining order and peace. Therefore, Sir, I request that the amendment seeking to appoint a commission may be accepted. Probably the commission may lay down the principles or they may accept our principles or the Government's principles. If the amendment is accepted, we will be parting in a most friendly atmosphere. If it is not accepted, I am afraid, we will have to part with a very heavy heart."

* THE HON. SRI C. SUBRAMANIAM:—"Mr. Speaker, we have come to the most important clause and naturally the most difficult clause also. The attitude of some persons in dealing with a difficult and important problem is to postpone the decisions and that seems to be in the minds of some Members. I respectfully submit, Sir, that will lead to further complications. It is better we discuss and decide however complicated the problem might be and however much it may give rise in the course of discussion to a certain amount of bitterness. I am sure that bitterness won't last and it will be left behind in the Assembly itself and will not be carried beyond. In that hope let us try to solve the difficult problem. In discussing this problem, two matters have been mixed up. One is how and on what principles the assets should be divided and the second is the suspicion created whether these assets will be properly kept and preserved for the purpose of division. It is that suspicion that runs through all the proposals and the speeches that have been made in the House; whether we refer the various issues to a Finance Commission or decide them ourselves here, does not in any way solve this problem. If there is any suspicion that this Government will not preserve the property during this interim period whatever be the principle of division adopted; it has got to be dealt with in an altogether different manner. If there is any suspicion then there is only one method and that had been indicated by the Hon. Chief Minister. The whole State should be left in charge of a third party to effect the division. That is, Governor's rule should be there. That is the only alternative to avoid such a suspicion. A receiver should be appointed to take over our properties and he

11-50 a.m.

[Sri C. Subramaniam] [24th July 1953]

must see to it that the division is properly effected. I do not think that such is the feeling of a majority of members on the other side. I may assure hon. Members that we have nothing to do with the division of property between the Andhra and the residuary State. It is entirely the look-out of the Government of India. We are only concerned with principles now. We only want that we should adhere to certain principles of division and nothing more than that. We are not going to secrete or steal or transfer any property. In fact, we cannot do so straightaway. Records and accounts are to be maintained for the same. At any time anyone can scrutinize them. It is not as if we can remove the whole of Andhra property at one stroke. It is perfectly open to the Andhras to bring forward their own case and argue and claim compensation for this irregularity or that. They may go to the Government of India or even to the Supreme Court for the purpose of getting redress. But that is quite a different thing. We are concerned only with the preservation of the property till the division takes place. Actual division and the manner in which it is to be carried out—all these will be decided by the Government of India. For my own part, I may say to hon. Members that I myself do not know the exact figure regarding our total assets of various categories. Hon. Members on the other side have said what all they wanted to say. It is all due to suspicion. It is all a reflection of their mentality of suspicion that we may not preserve their properties till the division takes place. Sri Vavilala Gopalakrishnaiah is the very embodiment of that suspicious mentality. Let us not go further into that. Let us note that we cannot take away the property surreptitiously. We cannot remove our properties straightaway without following the regular procedure. If a wrong has been done it can be corrected later on. That need not be mixed up with the principle of division. Hon. Members on the other side say: 'You want us to accept the principle. How can we do so without knowing the exact extent of the properties concerned.'

"I submit, Sir, let the principles be first accepted. But Sri Viswanatham cannot accept that principle. He says: 'Get me the exact figures with regard to each and every one of your stores. That which is profitable, I shall take and I leave the rest to you.' That is exactly what he says. That is the principle he wants to adhere to. But I say that should not be the proper course to follow. We must divide not only our assets but our liabilities also. There are of course many principles involved in division. Let me take a concrete example in respect of which two lines of arguments can be advanced. There is the question of loans due to the State from the various parties in our State. We can tackle this question in two ways. We can take it straightaway as an asset and allot it as assets to the respective sharers. We can deal with this in another way. Out of the loans that have been disbursed, some loans may be recoverable. Some may not be so. So it may be decided that each State will be entitled to the dues within its area. The line of argument adopted by Mr. Viswanatham is that what is disadvantageous to him he should not have. That is what he says, to put it shortly. That should not be the line of

[24th July 1953] [Sri C. Subramaniam]

argument which hon. Members should take in effecting a division. We must divide not only our assets but our liabilities also. That is why, I say, first and foremost, let us accept the principles on the basis of which allocation will be made later on. As Mr. Gopala Menon, (as an experienced lawyer, he deals with such cases every day in court) put it, even in a Court of Law whenever such cases come up for decision, the Judge takes into account first the principle of division applicable to the family. He does not go in the first instance into the question of the exact figure of the total assets. The principle of division should be first settled. Then only the receiver or commissioner is appointed to effect the division. That is why I say, Sir, let us first take a decision on the principles, without wasting much time in advancing arguments based on mutual suspicion.

"The actual division will have to be carried out after all the accounts are settled and a proper analysis of all available data relating to the accounts of the composite State is completed. I suppose hon. Members are aware that even while partition of Orissa from Bihar and Madras was effected they followed certain basic principles of division. Even during the deliberations of the Partition Committee of 1949-50, when my venerable friend, Mr. Prakasam was there as a member, these basic principles of division had been agreed upon. After that Mr. Justice Wanchoo came. He had also laid down certain broad principles on which the properties of the composite State are to be divided. That is why, I say, let hon. Members realize the exact position in which we stand now. We, I mean, the Government of Madras, have not framed the Seventh Schedule. Let me reveal the truth that we had nothing to do with the clauses of the Schedule. It is all the concern of the Government of India. They have laid down the principles on which the division is to be effected. It is not as if the Government of India is for the first time dealing with such a division. It is not as if the Andhra State is the first division that is taking place. In fact, there had been the partition of Sind. Take the case of partition of India itself into Pakistan and India. In all these divisions we have followed certain basic principles on which division had been effected. It was in that view memorandum after memorandum was presented on behalf of the parties to Justice Wanchoo and now to say that everything should be left in a state of suspension and that we should not decide upon principles but straightaway appoint a commission not for actual division of properties, but for the purpose of laying down the very principles of division is wrong. If we do that, Sir, let me be permitted to say that we will be a laughing-stock to the Parliament. Then, Sir, Sri Nambiyar said that we are all ignorant about these matters and, therefore it should be left to a body of experts for decision. I feel, Sir, that the whole thing arises from the fact that Members approach these questions in a spirit of suspicion, fear and doubt. That, I submit is not correct. I submit, Sir, it is a wrong approach and it is a wrong thing that we should go behind the Constitution, that we should go behind all the principles of democracy and hand over the entire decision to a body of experts. In this

[Sri C. Subramaniam]

[24th July 1953]

view of the matter, I submit that a Finance Commission will not serve the purpose. Sri Nagi Reddi waxed so eloquent and asked: 'What are these principles; different principles have been formulated for different assets here in the Schedule?' Let me submit to the House, Sir, that two basic principles have been adopted as they have been adopted in all partition matters and the first basic principle is continued in paragraph 1 of the Schedule. Sri Nagi Reddi asked what was it that clause 46 contained except a reference to the Seventh Schedule. Clause 46 and the Seventh Schedule have to be taken together for the purposes of discussion. The principle adopted in paragraph 1 of the Schedule is that the assets standing in each territory shall go to that State and that is the basic principle adumbrated in the clause subject to the other provisions in the Schedule. This I might say, is a principle which is accepted in all cases of division of a State. The application of this general principle may cause certain difficulties with reference to certain type of assets and that is why paragraphs 2 to 11 deal with them and that is why taking into consideration the different assets, other principles have been formulated which would be just and reasonable. In the succeeding paragraphs principles have been adumbrated having regard to the nature of the assets, the value of the assets, the utility of the assets and the necessity of the Andhra State or the Residuary State for sharing them. Sri Nagi Reddi felt that there should be a simple and a single formula. But if you consider the fact that the nature of the assets varies, application of a single formula will work great hardship, either on the Andhra State or the Residuary State. The Finance Commission, it is now said, is not to decide the basis of the division taking into account the nature of the assets. The Commission will have to start from Tirunelveli, village by village, take one Government building after another, because it is all Government property and this process will have to be completed village by village, town by town and district by district and the entire assets should be valued and then the division should be effected on the basis of population. That is the simple formula given by the Communist Members."

SRI T. NAGI REDDI:—"It is not so, Mr. Speaker, Sir, and I will explain. It is not the brick by brick division that we had in mind in putting up our amendment. It has been proposed that the division should be on the basis of population. That is the simple clear way in which the question of division should be dealt with."

* THE HON. SRI C. RAJAGOPALACHARI:—"As the Adviser to the Government of India at this distance, I should like to understand clearly what your position is. Is the verdict of the Commission to be given before partition or not?"

SRI T. NAGI REDDI:—"I said very plainly in my speech that it could not be before the partition, because the time before us is very short; it may take some six months after partition."

THE HON. SRI C. RAJAGOPALACHARI:—"On what basis are we to divide; should not the States concerned know it?"

24th July 1953]

SRI T. NAGI REDDI:—"If this is accepted, the division will be on the basis of what has been stated at present and then the Finance Commission will come and decide the actual basis of division. In other words, the Seventh Schedule is subject to revision by the Commission and till it is finally decided we proceed on the present basis."

* THE HON. SRI C. SUBRAMANIAM:—"With reference to what fell from the hon. Member Sri Nagi Reddi, I wish to submit that this is the amendment which that party has proposed—

'This House recommends to the Parliament of India that the entire Seventh Schedule be amended so as to provide that all assets and liabilities of the existing State of Madras be divided between Madras, Andhra and Mysore in the proportion of their population, viz., 62:75:36:1:25.'

The word 'all' has got a definite connotation and that means that every asset and every liability will have to be taken into account."

SRI T. NAGI REDDI:—"Let me clear the position, Mr. Speaker, Sir. It is wrong to give such a wide interpretation. We had stated unissued stores, goods and articles and various funds including depreciation funds. These are the things that have to be taken into account for purposes of division. It is not as though everything has been stated there. It is not so very bad and so, I would request the Hon. Minister to look into it more carefully."

SRI M. HANUMANTHA RAO:—"The Hon. Minister was preventing speakers from going into details and asked them to confine themselves to principles but in fact, now, he is dealing with details but not with principles. Can I now raise a point of order that he should confine himself to the question of whether a Finance Commission is to be appointed or not?"

* THE HON. SRI C. SUBRAMANIAM:—"When other hon. Members have raised certain points I have to answer them even though they may be irrelevant. Even though it is irrelevant, I have to argue and point out that it is irrelevant. I have read out to the House what proposals Sri Kalyanasundaram and the Leader of the Opposition have made in amendment No. 176 and they represent the Communist Party. I will only leave it to the House to decide what 'all' in the words 'all assets and liabilities' means."

"Whatever is payable by us is a liability and whatever we have in stock by way of property, etc., is an asset. I know, Sir, the Communist Party has got a simple formula for everything and simple remedies for everything but the difficulties and the complexities they create is a thing which everybody in the country has realized. Therefore, let us not be carried away by the simplicity of the formula. Even though it looks simple, it is most complicated and there will be no end to the confusion and complexities that will flow from it."

"I was saying, Sir, that the basic principle is given in paragraph 1 and the other paragraphs 2 to 11 deal with the particular nature of the assets and different principles have been enunciated having regard to the nature of the assets. It is open to hon. Members to discuss those things and say that some other

[Sri C. Subramaniam]

[24th July 1953]

principle should be applied to those things. Paragraph 12 of the Seventh Schedule deals with the allocation of liabilities. There is the public debt payable by the composite State of Madras and paragraph 12 lays down how it should be divided. But there are certain liabilities which will be accruing later on and provision has also been made for them. Paragraphs 18 and 19 explain how a matter should be dealt with in cases of difference of opinion. Let us not be carried away by the simplicity of the Communist amendment that all assets and liabilities should be divided in proportion to the population. It is a complicated amendment. But the provisions in the Seventh Schedule are very simple and if only Mr. Nagi Reddi has got the mind to read it and find out what is the principle involved and why such a solution has been suggested, he will certainly appreciate it. If there is anything wrong, it is always open to the hon. Members to suggest amendments or changes in the application of those principles. Let us not be bamboozled into believing that when we go into these things, there will be quarrel and bitterness. There is no use shirking it. If there is bitterness and if any operation has to be done, let us do it as soon as possible. If we accept the suggestion that a Finance Commission should be appointed to go into the question, each party will be giving memorandum after memorandum and each individual from all over the State will be making representation. Instead of confining this matter to a debate in this House we will be throwing open the door for the entire State to discuss the matter and certainly passions will be roused. We shall discuss the principles outlined in the Seventh Schedule and if we find any change is necessary, we shall make it. Even this Government consider that there is necessity for making certain changes in respect of some paragraphs in the Seventh Schedule. It is not as if we have accepted that Schedule *in toto*. We ourselves have suggested some amendments. Therefore I respectfully beg to submit that amendment No. 114 moved by Sri Viswanatham, instead of helping us to arrive at a peaceful settlement, will only lead to further bitterness and misunderstanding. After all, Parliament is the ultimate authority and they will certainly take into consideration the decisions taken and the views expressed by the hon. Members and they will come to a decision which we will have to accept."

* SRI T. VISWANATHAM :—" Mr. Speaker, Sir, considerable ground has been covered. I am only sorry that the hon. the Leader of the House has not understood the spirit in which I have made the suggestion. He says 'Let there be bitterness. Let us face it'. All right. He is in a majority. He can throw a challenge like that on a minority here. He is a party to the Bill. He has got knowledge of the facts and the implications of the various provisions and he wants to be a judge in his own cause with a majority behind him! I am thankful to Sri Kalyanasundaram for his judicial attitude. I am glad that certain Members on this side, although they belong to the Residuary State, have taken a generous, reasonable and just attitude. They have realized that we are in a minority here and are not in possession of the facts."

24th July 1953]

THE HON. SRI C. SUBRAMANIAM :—" I am always in the right. Only the minority is in the wrong! "

* SRI T. VISWANATHAM :—" I started by saying that apart from the question of minorities and majorities, we have no knowledge about these things. The Hon. Minister, who has been a party to the provisions of the Bill, to the drafting of the various clauses of the Bill and who has sent up the suggestions of this Government to the Government of India, wants us to believe that he has no knowledge of these things. I do not think that such an argument will cut any ground. The hon. Sri Muthiah Chettiar, Sir, is a nice gentleman. He chooses his own time, comes here, makes random remarks and then goes away. But to-day, to our surprise, he is in his seat. (Laughter.) He thinks that if the matter is referred to an Expert Commission, it would reopen clauses discussed yesterday and result in delay and chaos. I invite his attention to the wording of clause 46, namely, 'Subject to the other provisions of this Part'. That is to say, we do not once again touch what we have already disposed of. It is only with regard to the specified items that are mentioned in the Seventh Schedule that the matter would go to an Expert Commission. I do not want to argue with the hon. Sri Muthiah Chettiar, but I only want to correct his impression of the facts. It has been said 12-20 p.m. by the Hon. Sri Subramaniam that this is a most important clause and also a difficult clause. As I said, it is difficult for us. But it is really not difficult for him. It is difficult for us because we are in the Opposition with no facts, no figures and no records. We regret to say we cannot believe that the Government have no facts as the Chief Minister and the Leader of the House say. If they have no facts, why could not they wait? Leave me; take Mr. Nagi Reddi's amendment. Why do the Government not accept it? The Hon. the Chief Minister remarked that we the Andhras start with a particular mentality and he went on commenting on our mentality. Each one has got his own mentality! But we are not discussing mentalities here. We are discussing hard facts and figures. He said that my proposal is like throwing away all the property into a Receiver's hands. I submit it is not. Governments would go on with their administration; only the accounts and records and transactions up to the date of partition will be scrutinized by the Commission for the purposes of division of assets and liabilities. I suppose it was an inspired moment when Sri C. Rajagopalachari, according to his statement, conceived the idea that the Government of this State should be handed over to the President as soon as the Prime Minister made the announcement about the formation of the Andhra State. I wish he had kept up that inspiration and pursued the idea. It would have been better if the Government of India had accepted his proposition. Anyway I want the Government to render to us the things that are due to us. By 'us' I mean not the Andhras but the Members of the Opposition benches. To be in possession of adequate facts and figures is the right of Opposition. To be pleading all the while that the Government are also ignorant is not a correct method and does not show a correct attitude of

[Sri T. Viswanatham] [24th July 1953]

mind. The hon. Sri Subramaniam said that if there were any thought, the Andhra Government might afterwards refer it to the President or the Supreme Court. How? On what basis? We are not in possession facts and figures and on what basis are we to go to the President? Are we to go to him saying that there is some mistake in addition, subtraction or totalling of figures? Once we accept the Seventh Schedule, there will be no case for going to the President or the Supreme Court. There will be no accounts for scrutiny and no record will be kept of the movements of stores to which some reference was made on the floor of this House during question time. It is a matter of not a few lakhs but crores of rupees. In the loan notification, it is said that the Madras Government held stocks of foodgrains and chemical manures worth Rs. 12 crores at the end of March 1953. They are not included in the unissued stores and we do not know to whose credit they will stand. They have been purchased from the general account."

THE HON. SRI C. SUBRAMANIAM:—"The Government have proposed an amendment suggesting that State Trading Schemes should be treated in a different manner."

* SRI T. VISWANATHAM:—"I know they have got to be treated in a different manner. The Government have suggested one method and we may suggest some other method."

"The Government are likely to have more than Rs. 15 crores in irrigation equipment or agricultural stores and electricity stores. It may be said that the stores should go to the State in which they exist on the 30th September. On that date there may not be any stores at all in the Andhra territory. The Hon. Finance Minister asks us to reopen the question afterwards. But to-day I have got a voice to ask him standing face to face. If I do not get anything now, does he mean to say that the Andhra Government will be able to get a single item of record later? It is impossible for the Andhra Government to get anything. Therefore I submit that this matter must be referred to a Commission. I draw the attention of Mr. Muthiah Chettiar to the fact that my suggestion does not delay the formation of the new State. On the 1st of October, there will be a ways and means overdraft and some tentative division of revenues will have been made and the State will begin to function. The Commission can continue its work even after that date and give its verdict. The President of the Indian Union will embody that verdict in an award, and then final adjustments can be made."

"The Hon. Leader of the House said that similar provisions were there in the orders relating to the formation of the Sind and Orissa Provinces. With regard to land, I agree. When a new State is formed from out of an old State, the land comprised in the new State and the residuary State goes to the respective State. But everything else is not the product of nature. Everything else is the product of labour and money and that labour and money come from the people who constitute that State till the date of partition. Land goes by one principle and

24th July 1953] [Sri T. Viswanatham]

the other things must therefore go by a different principle. For the division of other things, the Communist Party has one method and I have got another method. Suppose I advance this proposition in respect of the division of commercial concerns. The total value of all the assets and the total value of all the liabilities should be taken and the excess of one over the other, the net assets as they are called, should be divided between the States of Madras, Andhra and Mysore in the proportion of 62.75 : 36 : 1.25. Is the Hon. Leader of the House in a position to understand fully the implications of it, and on that account will he throw it out by the counting of heads? There are several methods in which these matters have got to be approached. The Government are not prepared to accept the amendment of the Communist Party for the reason that they do not know the effect of it. We also do not know the implications of the provisions in the Seventh Schedule and therefore we do not accept the Schedule. If it is sound argument for them to say that, because they are ignorant about the implications of a proposition, they cannot accept it, it is equally sound for us to reject their propositions on the same ground. The Sind and Orissa Orders to which he referred give one uniform treatment to all the pre-1921 debts, one uniform treatment to all the productive works, one uniform treatment to all the unproductive works, one uniform treatment to all the capital works and so on."

THE HON. SRI C. SUBRAMANIAM:—"I did not say that this Schedule and the allied clauses incorporate *in toto* all that is contained in those Orders. The principles had been worked out, the Government of India have taken all these principles and the changed circumstances into consideration and evolved a principle."

SRI T. VISWANATHAM:—"The Hon. Leader of the House has not added to my information."

THE HON. SRI C. SUBRAMANIAM:—"I can never add to his information."

* SRI T. VISWANATHAM:—"I am sorry we are in that position. When he refers to the Sind and Orissa Orders, should he not trouble himself with the circumstances in which they were passed and the provisions that they contain? Why should he be angry?"

THE HON. SRI C. SUBRAMANIAM:—"I am not at all angry. Why should I be angry with you when you are fighting your cause according to your own lights? I have been a lawyer and I will never get angry."

* SRI T. VISWANATHAM:—"Lawyers also get angry at times. I submit that in my amendment I have suggested one method for dividing the assets and liabilities. The Communist Party's amendment suggests another method, and Sri K. Varadachari's amendment suggests still another method, and the Bill contains one method. I submit that in matters like this, the

[Sri T. Viswanatham] [24th July 1953]

Legislature is not the proper forum to decide. We do not have the facts. We cannot approach the Hon. Speaker and show him any documents saying that the Hon. Leader of the House is wrong and that he had better look into the documents.

12-30 P.m. “The Bill says that all the public debt shall be the liability of the Madras State and Andhra has to pay apparently without a voice, what the Madras State prescribes. What is the difficulty in collecting and furnishing the figures for loans recoverable? The Government try to throw a cloud and keep the whole matter nebulous by saying that Mr. Viswanatham is asking for a maze of figures. This frame of mind will lead us nowhere. They put forward an over-simplified proposition, that the loans will be collected by the State in whose area the debtors reside. I have information that more loans have been granted in one area than in the other out of the combined revenues. Mr. Nagi Reddi said that out of the loans to be collected, 36 per cent should go to the Andhra Government irrespective of the fact of the debtor's residence. What is wrong here? They must know facts and we also must know facts? The same is the case in regard to stores. (Interruption.) There are some principles adumbrated for the division of States. Take the division of East Virginia and West Virginia. The matter went up to the Supreme Court of U.S.A. later. They enunciated certain principles. They said that it should not be looked at from the purely population point of view, but the resources and the developments of the States also must be taken into consideration. Because, it was a division of one State from another. Why does a State want separation? Because, that State has not been developed. It is only the undeveloped State that wants partition. Therefore, the Supreme Court said that the developments and resource of the State should also be taken into consideration, while dividing the assets and liabilities of States. If this House is a Commission, I would have brought the judgment and given an opportunity to the Leader of the House to see things in a just manner. What is the use of bandying words like ‘mentality’, ‘no mentality’, and saying there is suspicion, etc. In matters like this except arguments, nothing useful can be done either here or in Parliament. But if the Government refer the matter to an expert commission, we will have an opportunity to put forward our respective claims in the best manner possible. Take for example the Machkund project dispute. It was not settled in the Madras Legislature or the Orissa Legislature and then endorsed by the Government of India. But a Commission was appointed. The Madras Government engaged a lawyer. The Orissa Government engaged a lawyer. I was present when the dispute was being argued. We know how the case was handled. Simply because we do not have a State to-day, shall we be at a disadvantage? The Government in which the Andhras are in a minority are framing proposals, they are the claimants, and they are the Judges also. We are putting forward for the consideration of this House a simple proposition for fair play. My non-Andhra friends on this side also

24th July 1953] [Sri T. Viswanatham]

are supporting my proposition. It cannot be said that Mr. Ramamurthi and Mr. Kalyanasundaram are willing to forego anything which is due to the Residuary State. But what they want is that justice should be done. Particularly when we feel that justice must be done, and that cannot be done here, our prayer must be granted. We shall take an analogy. Suppose there is a criminal case before a Magistrate. If a party should simply say ‘I apprehend I cannot get justice from this magistrate’, that party's case is transferred to another magistrate. No particular allegations need be made.”

THE HON. SRI C. SUBRAMANIAM :—“When did such a thing exist?”

* SRI T. VISWANATHAM :—“It existed when I was at the bar and when the Hon. Minister was at the bar. Probably he did not take advantage of it. (Laughter.) On the civil side, I know of a case which involved a sum of Rs. 10 or 15 lakhs. The party felt that he would not get justice from the Judge as his son was engaged by the other side in the High Court in another matter. What did he do? He came out with a petition for the transfer of his case. The District Judge said that there was no provision in the Civil Procedure Code for the automatic transfer of the case, and yet, as the party wanted the transfer of his case to some other court, he allowed his petition. When things are done in that manner, and when we are dealing with the affairs of two States, I submit, Sir, that we should be cautious and fair to each other and refer our matters to a Commission. Why should we think there will be bitterness before a Commission? It is here that there will be bitterness if we proceed in this manner. And how can we decide these things here? The Government are the framers of this clause, they are the claimants, and they are the judges. It is up to me to say that this Government are doing all these things because they are in the majority? Why should this Government give me that opportunity to say so? Let me assume that the case of this Government is strong. Let them put their case before the Commission, and let the Commission give them the award. Having put our cases before the Commission, we shall certainly abide by the award of the Commission. Let not the Government think that my motion is a dilatory one. The motion is meant for securing justice. There may be future occasions for separation of States. The Karnataka State may be formed and the Kerala State also may be formed. The difficulties that we now feel will crop up then also. I submit these are considerations which I have been able to place before this House and the Government. If by what I have said I have not convinced my friends of the necessity of placing all matters before a neutral Expert Commission, I do not think I can convince them by any further arguments. I shall only leave things to their good sense, fair play and sense of justice, in the interests of peace, harmony and mutual progress.”

* THE HON. SRI C. SUBRAMANIAM :—“Sir, it is not as if we are going to sit in judgment over our own case. These provisions have been framed by the Government of India and have

[Sri C. Subramaniam]

[24th July 1953]

been sent to us in the form of a Bill for the expression of our opinion. Of course, formally we have to take a vote and find out what is the decision of this House. The opinions expressed here would be taken into consideration by Parliament. Parliament is the final judge. Therefore, there is no question of compulsion on the minority by the majority. We have formally to take a decision. All the relevant points will be taken into consideration by Parliament. If Mr. Viswanatham's case is strong with reference to the Finance Commission, then, Parliament, as the supreme body, will take that into consideration. If Parliament should decide that all matters relating to assets and liabilities should go before a Finance Commission, we are not going to stand against that decision. Let him not accuse us saying that the majority are suppressing the minority. We are not an oppressive majority. We are entitled to express our opinion. The hon. Member Mr. Viswanatham is also entitled to express his opinion. There is no question of oppression. The final authority for all this is Parliament."

MR. SPEAKER:—"I now put the amendment (No. 114) of Mr. Viswanatham to the vote of the House. The question is—

'This House recommends the deletion of clause 46 and the insertion of a new clause in its place, providing for the apportionment of the assets and liabilities dealt with in the Seventh Schedule, as also of the current revenues and expenditure, between the States affected by this Act, by an order of the President, on the recommendation of a neutral Commission of Experts, presided over by a Judge of the Supreme Court.'"

12-40 The amendment was put and declared lost. A poll was
p.m. demanded and the House divided thus—

The amendment was carried.

SRI C. V. K. RAO :—“ Sir, does not the result of this voting show no-confidence in the Government? ”

MR. SPEAKER :—“ It is a question of Telugus versus Tamils.”

SRI T. C. NARAYANA NAMBIAR :—“ It was not a Tamilian question, Sir.”

SRI P. RAMAMURTHI :—“ It has nothing to do with the Government. It is purely a question of adjustment of assets and liabilities.”

MR. SPEAKER :—“ Yes. I think I need not put all the other resolutions to the vote of the House.”

24th July 1953]

All the other amendments except the amendment of Sri T. Nagi Reddi (No. 126) were, by leave, withdrawn.

MR. SPEAKER :—“ To-day being Friday, the House will rise at 1 o'clock. This Bill has been before the House for a long time. We are not able to finish it. So, shall we have night sittings, from 8 p.m.? ”

THE HON. SRI C. SUBRAMANIAM :—“ The House having given a verdict on amendment No. 114, should we consider the Seventh Schedule at all? ”

MR. SPEAKER :—“ What does Mr. Hanumantha Rao say? ”

SRI M. HANUMANTHA RAO :—“ Now amendment No. 114 has been passed. We shall consider what attitude to take with regard to the Seventh Schedule. So, we may discuss the matter to-morrow.”

MR. SPEAKER :—“ A general principle has been arrived at.”

SRI T. NAGI REDDI :—“ If we are sure of this amendment being incorporated in the Bill and acted upon, we need not discuss the Seventh Schedule. All the same we have passed it. Let us have time to think over the matter.”

MR. SPEAKER :—“ All right. We shall take it up to-morrow. The House will now adjourn and meet again at 8-30 a.m. to-morrow.”

The House then adjourned.

[Vide answer to unstarred question No. 18 asked by Sri Vavilala Gopalakrishnaiah at the meeting of the Legislative Assembly held on 24th July 1953, page 1213 supra.]

Prior to 1949-50, there was no co-ordination of Grow More Food activities relating to different departments. It is only from the year 1949-50 after the appointment of the Commissioner of Food Production, Madras, that there has been regular fixation of targets, co-ordination of expenditure and assessment of results. Accordingly, a statement showing the schemewar particulars of actual expenditure and the recorded additional production under Grow More Food as verified by the Revenue Officers during 1949-50, 1950-51 and 1951-52 is furnished in the annexure.

APPENDIX VIII.

[Vide answer to unstarred question No. 206 asked by Sri D. Krishnamurthi Gounder at the meeting of the Legislative Assembly held on 24th July 1953, page 1224 supra.]

G.O. Ms. No. 846, Food and Agriculture, dated 30th August 1949.

Committees—District Food Committees—Conversion of existing Food Committees into Food Production Committees for intensifying food production in the Province—Orders passed.

In connexion with the reorganization of the Grow More Food machinery in this Province for increasing food production, the Government suggested the formation of District Advisory Committees, the main functions of which will be :

- to hear representations of ryots seeking assistance for increasing production of foodgrains in their holdings,
- to review the working of the various Grow More Food Schemes in the district and submit periodical reports to the Provincial Committee at Ministerial level, and
- to make recommendation to the Provincial Committee on Grow More Food measures.

2. The Board of Revenue (Food Production) has considered that there is no need to have separate District Committees and that the existing Food Committees in each district may be utilized for the above purposes by expansion wherever necessary. The

[24th July 1953]

matter was placed before the Cabinet Committee on Food Production at its meeting on 16th August 1949. The Government agree that it would be administratively inconvenient and unnecessary to have two entirely separate District Committees, one to deal with production and the other to deal with procurement and rationing and therefore direct that all the members of the District Food Production Committee should be members of the District Food Committee which will consist of some additional members representing trade and other interests as at present.

The District Food Production Committee will consist of the following :—

- 1 The Collector (Chairman).
- 2 The Revenue Divisional Officers in the district.
- 3 The Executive Engineer, Public Works Department or his representative.
- 4 District Agricultural Officer.
- 5 The Deputy Registrar of Co-operative Societies.
- 6 The Divisional Engineer, Electricity Department or his representative.
- 7 All members of the Provincial Legislature residing in the district.
- 8 Not more than five members representing agricultural interests.

The Collector will have also powers to invite any other person for the meeting of the Committee on occasions when he considers his presence is necessary.

The above members will also be members of the District Food Committee which will consist of the following *additional members* :—

- 1 The District Supply Officer.
2. The District Rationing Officer.
- 3 The District Health Officer.
- 4 The President of the District Congress Committee.
- 5 One representative from the District Mercantile or Commercial Association.
- 6 One representative from the Harijans.
- 7 One lady representative.
- 8 One representative from the millers in the districts of West Godavari, East Godavari, Krishna, Guntur, Tanjore, Nellore, South Arcot, Chingleput and North Arcot only.
- 9 One representative from the millers in the districts of West Godavari, East Godavari, Krishna, Guntur, Tanjore.
- 10 One representative from the District Wholesale Co-operative Stores.

[24th July 1953]

Item 8 above in the list for the District Food Production Committee will be inclusive of items 12, 13 and 14 in the G.O. No. 1047, Food, dated 19th November 1948. This means that a maximum of two more members representing agricultural interests will have to be nominated to the District Food Production Committee and all the five will be on the District Food Committee.

3. The Board of Revenue (Food Production) is requested to issue instructions to the Collectors to see that the meetings of these two committees are held on the same day, one after the other, in order to avoid unnecessary travelling and waste of time.

4. The Board is requested to see that the District Food Production Committees are constituted within a month.

5. The orders issued in paragraphs 1-2 above will modify G.O. No. 1047, Food, dated 19th November 1948, so far as it relates to the constitution of the District Food Committees.

6. The rules in Section III—General in the annexure to G.O. No. 1047, Food, dated 19th November 1948 will apply *mutatis mutandis* to the District Food Production Committees.

7. The Board is requested to submit a review of the working of the District Food Production Committees after three months.

G.O. Ms. No. 1926, Revenue, dated 12th August 1947.

With a view to carry on effective propaganda and enlist greater support from the Village and Taluk Committees and general public for Prohibition work, it has been suggested that District Advisory Councils be constituted with the District Superintendent of Police, the Special Development Officer, all the members of the Madras Legislative Assembly and of the Madras Legislative Council of the district, the Presidents and Secretaries of the District Congress Committees and the District Muslim League Committee and the Head of the Roman Catholic Mission and of the most prominent Non-Roman Catholic Mission in the district as members and the Collector of the district as Chairman. These Councils should be purely advisory bodies, and should meet once a month reviewing the work done in the previous month and discussing and putting forward suggestions for the work of the current month. They should be set up in the districts of North Arcot, Salem and Coimbatore in the first instance. The Collectors are requested to take necessary steps in the matter. The Board is requested to submit a report before 1st December 1947 on the working of the Councils and to state whether similar Councils may be formed in other Prohibition districts also.

2. The Government consider that the Prohibition Committees should be separate and distinct from the Food Committees and that the duties of the Prohibition Committees should not be entrusted to the Food Committees. The meetings of both the Committees could however be held on the same day.

1	Tanjore	2,38,598	15	6	2,35,167	12	6	3,431	3	0	The Collector of Tanjore has reported that the amount shown in column (5) has been drawn from the Treasury but not disbursed, to ryots as they failed to take payment within three months. He has also reported that in respect of these undisbursed amounts applications are now being received from the ryots for payment and they are attended to and the claims will be disposed of without delay. It is further reported that in some cases the parties have represented that they have applied to the Taluk Supply Officers in time for payment of the increased price, that they hold postal acknowledgments in token of their applications but that they have not been paid bonus. On investigation it was found that these applications were submitted in a defective manner in the first instance in that they did not contain the E forms in question and that they were returned to the parties by the Taluk Supply Officers. When they were represented by the applicants after rectification, they became time-barred. There are about twenty cases and more under this category. All such cases are being examined by the Board of Revenue (Civil Supplies) and will be disposed of without delay.

APPENDIX XIII.

[Vide answer to unstarred question No. 219 asked by Sri V. Balakrishnan at the meeting of the Legislative Assembly held on 24th July 1953, page 1230 supra.]

(a) The Advisory Committee of the Town General Hospital and the Government Ranee's Hospital, Pudukkottai, were constituted on 17th September 1951 and 9th August 1952, respectively.

[24th July 1953]

(b) *Terms of appointment.*—Advisory Committee is constituted in order to keep the Director of Medical Services and the Government informed as to the needs of the hospital as viewed by the public. The Committee is an advisory body. It has no executive functions. It has to meet as often as may be necessary for the discussion of topics of interest and importance connected with the hospital. It is open to any member of the Advisory Committee to forward to the Collector of the district any remarks or suggestions which he may have to make or which he may desire to have discussed at a meeting of the Committee. All suggestions and recommendations for the improvement of the hospital and for the welfare of the patients shall be brought before the Committee for consideration and decision by majority. All recommendations of the Committee shall be forwarded to the District Medical Officer for necessary action. The District Medical Officer shall carry out the recommendations of the Committee as far as practicable. If he cannot accept their recommendations he should refer the matter to the Director of Medical Services for orders. The Committee may check hospital accounts, the stock of medicines, furniture, etc., at such of the meetings as it thinks fit. The checking should be done in the presence of the Medical Officer or other member of the staff who is responsible for the charge of the accounts of the articles which are being checked. Individual members of the Committee may arrange with the Medical Officer in charge to visit the hospital at any time during working hours and may record in the visitor's book any remarks and suggestions that they may wish to make. The non-official members shall pay surprise visits once a week by turns by maintaining a rotation roster as in the case of inspection of jails by non-official visitors. An inspection book with the points to be observed on the lines indicated below will be kept at each hospital for the members to write their remarks:—

(1) Are patients treated strictly in the order of their arrival? If there are large crowds at particular hours, is the system of forming queues adopted for out-patients?

(2) Are medicines dispensed promptly and according to turn?

(3) How many, if any, of the patients privately consulted or were treated by the Medical Officer, before admission?

(4) Is the hospital clean and sanitary?

(5) Where diet is supplied, is it satisfactory?

(6) Have the patients any complaints in respect of their treatment by the hospital staff?

(7) Do the statistics of patients indicate that the hospital is popular?

(8) How much time does the Medical Officer spend in the hospital? Is he easily accessible for emergent cases?

(9) Other suggestions for improving the conditions and the procedure of the hospital.

[24th July 1953]

(c) & (d)

Recommendations of the Advisory Committee.

Action taken by Government.

Town General Hospital, Pudukkottai.

- (1) Construction of an overhead tank in the operation theatre to make water available at all times for operation purposes. Orders have been issued accepting the offer of the ex-chairman of the Municipal Council to construct the tank at his cost.
- (2) Installation of a telephone. The matter is under examination.
- (3) Appointment of a Lady doctor to attend to women patients. A Woman Assistant Surgeon has been posted and is working from 17th September 1952.
- (4) Replacement of the existing latrine by flushout septic tanks. The matter is under examination.
- (5) Return of the Hospital Ambulance van sent to famine relief work in Rayalaseema. The van was sent back to the hospital on 26th January 1953.
- (6) Appointment of a Tuberculosis Specialist. Proposals when received from the Director of Medical Services will be considered by the Government.
- (7) Accommodation of the Out-patient department and office in the new building newly constructed and to use the building occupied by the Out-patient department and office as a ward of 60 patients. Do.

Ranee's Hospital, Pudukkottai.

- (8) Installation of a telephone in the hospital. Proposals of the Director of Medical Services on receipt will be considered by the Government.
- (9) Special repairs to buildings. Repairs have already been made.
- (10) Construction of flushout latrines covering drains with cement slabs, provision of roofing to latrines. The matter is under examination by the authorities of Public Works Department.

THE MADRAS LEGISLATIVE ASSEMBLY.

Saturday, 25th July 1953.

The House met in the Assembly Chamber, Government Estate, Mount Road, at thirty-seven minutes past eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

I.—QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

Admission into the Engineering Colleges.

MR. SPEAKER:—"The hon. Member Sri S. Vemiah who gave notice of the question is not in his place. The question and answer together will be printed in the proceedings."

* 1020-A Q.—SRI S. VEMIAH: Will the Hon. the Minister for Public Works be pleased to state—

(a) the total number of students admitted this year into the Engineering Colleges;

(b) the number of Scheduled Castes out of them; and

(c) the number of Backward Class candidates?

THE HON. SRI N. RANGA REDDI:—" (a) to (c) Three hundred and seventy-three students have been selected and allotted to the four Government Engineering Colleges in the State. Out of them 37 belong to the Scheduled Castes and 136 to the Backward Classes other than the Scheduled Castes and Scheduled Tribes."

Formation of the Kerala Linguistic State.

* 1020-B Q.—SRI K. P. GOPALAN: Will the Hon. the Chief Minister be pleased to state whether the State Government have sent any recommendations to the Central Government for the immediate formation of the Kerala Linguistic State?

THE HON. SRI C. RAJAGOPALACHARI:—"No, Sir."

SRI K. P. GOPALAN:—"Will the Government take early steps for the formation of Aikya Kerala in view of the long-cherished demands of the Malayalees?"

THE HON. SRI C. RAJAGOPALACHARI:—"It is not possible for this Government to take sides and initiate a matter of such controversy."

SRI V. R. KRISHNA AYYAR:—"Have the Government given any support to the new-fangled Southern State idea?"

THE HON. SRI C. RAJAGOPALACHARI:—"The Government have given no such support. I have already said that the Government are most unwilling to initiate or take active

[25th July 1953]

part in matters of controversy of that kind. Personally, I may have many views, but even personally, I have not expressed such an opinion."

SRI C. PULLA REDDI :—" Have this Government supported the view that the Travancore State must be merged in Madras State? "

THE HON. SRI C. RAJAGOPALACHARI :—" No, Sir."

SRI M. KALYANASUNDARAM :—" Are the Government taking steps to get back the Tamil territory which is now within the Travancore-Cochin State? "

THE HON. SRI C. RAJAGOPALACHARI :—" No, Sir."

SRI K. VINAYAKAM :—" Is there a larger support from the Malayalees for the integration of their State with the Madras State so as to form the Southern State? "

THE HON. SRI C. RAJAGOPALACHARI :—" I am not able to answer the question."

SRI K. P. GOPALAN :—" Is the view recently expressed by the Hon. Minister coming from Malabar that an integrated Southern State should be formed with a view to sabotage the formation of Aikya Kerala, also the view of this Government? "

THE HON. SRI C. RAJAGOPALACHARI :—" I have already said that this Government have taken no steps and will not take any steps in such matters."

MR. SPEAKER :—" Next question."

SRI T. NAGI REDDI :—" Sir, Members are very anxious to put one or two more supplementary questions. It is an important thing, because naturally after the formation of the Andhra State the question of a Kerala State will come up."

MR. SPEAKER :—" We have to cover many questions. So, the hon. Member may give notice of a separate question."

SRI T. NAGI REDDI :—" Sir, certain statements have been made previously by certain Ministers and hence the necessity for Members to put questions."

THE HON. SRI C. RAJAGOPALACHARI :—" So far as individual Members either of the Government or of the Legislature are concerned, in the present context, this Government, or at any rate, I do not propose to put any restrictions on matters in which they are interested and which come up relevantly before them when they deal with their own parties and with their own organizations. In the light of these remarks, hon. Members should understand what the Hon. Sri Kuttikrishnan Nair said in the Political Conference held recently in Palghat."

25th July 1953]

Alleged transfer of Andhra officers and staff from the Secretariat.

* 1021 Q.—SRI K. KRISHNA RAO : Will the Hon. the Chief Minister be pleased to state— 8-40 a.m.

(a) whether it is a fact that Andhra officers and Andhra Ministerial staff working in the Secretariat at Madras are being transferred on a big scale to the districts from January 1953; and if so, what are the special reasons that have led to such large-scale transfers and the clearing of the Secretariat of Andhra officers and Ministerial staff; and

(b) whether it is a fact that promotions of non-Andhra Government servants to responsible and supervisory posts in the various Government departments have been taking place at an accelerated pace ever since January 1953; and if so, what are the special reasons for such large-scale promotions of non-Andhra personnel in Government service to key posts?

THE HON. SRI C. RAJAGOPALACHARI :—" (a) There is no transfer of officers or staff from the Secretariat to the districts either on a big scale or even on a small scale.

" (b) There has been no promotion of non-Andhra Government servants to responsible and supervisory posts in various Government departments as alleged."

SRI K. KRISHNA RAO :—" Are the Government aware that a number of officers absolutely ignorant of Telugu are posted to Telugu districts, particularly in departments like the Co-operative department, which deal very closely with the people? "

THE HON. SRI C. RAJAGOPALACHARI :—" Is the question now put related to the question already put, namely, that we are doing something now, specially? "

SRI K. KRISHNA RAO :—" Yes."

THE HON. SRI C. RAJAGOPALACHARI :—" If so, I have already answered 'No' Sir."

SRI C. V. K. RAO :—" With regard to the answer to clause (b) of the same question, I would like to have some elucidation. I want to know whether there have been no promotions at all during the period in question."

THE HON. SRI C. RAJAGOPALACHARI :—" Of anybody in the world? "

SRI C. V. K. RAO :—" Only in Madras State."

THE HON. SRI C. RAJAGOPALACHARI :—" In every State promotions cannot be stopped on account of the discussions here. Naturally, there are promotions. But the question was as to particular classes of Government servants and particular operations, and I have said definitely 'No'."

[25th July 1953]

SRI V. BALAKRISHNAN :—" Why should an impending event obstruct the present course of routine administration, which is necessary in the public interests? "

THE HON. SRI C. RAJAGOPALACHARI :—" It should not, and there has not been any such difficulty. Government do not find much difficulty in stopping promotions for a few weeks."

SRI K. SUBBA REDDI :—" How many persons have been given promotion among the non-Andhras and the Andhras? "

THE HON. SRI C. RAJAGOPALACHARI :—" A classification of promotions according to Andhras and non-Andhras is unnecessary now. I have said definitely that there has been no promotion of non-Andhra Government servants as alleged in the question. Any further question as to promotions and classifications of promotions in the Andhra and non-Andhra categories is not desirable now. If there is any complaint, the officers will make complaints."

Cholera in Nellore and Kovur taluks.

* 1022 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Health be pleased to state what permanent measures are taken to prevent the recurring outbreak of cholera in Nellore and Kovur taluks?

THE HON. SRI A. B. SHETTY :—" The following measures have been undertaken to prevent recurrence of the outbreak of cholera :—

(1) As the most important cholera preventive measure is provision of protected water-supplies, a programme of well constructions under the rural water-supply scheme is under execution in Nellore and Kovur taluks. Three wells in Nellore taluk and two wells in Kovur taluk were constructed during the year 1952 and it is proposed to sink seven wells in Nellore taluk and thirteen wells in Kovur taluk during 1953. The wells for the 1953 programme are under execution. In addition, chlorination of all the drinking water wells is done systematically during epidemic times by a special staff appointed for the purpose.

(2) As the construction of sanitary conveniences of the 'flush-out' type is another important preventive measure, propaganda is being carried out for construction of such latrines by the villagers.

(3) As cholera cases in the two taluks occur among, and spread through, agricultural labour migrating from dry taluks of the district, in the months of July and August, and January and February, intensive campaigns every year for protecting this migrating labour with anti-cholera vaccine are being done."

SRI K. KRISHNA RAO :—" In the case of those who are actually stricken with cholera, during the epidemic season, what

[25th July 1953]

steps are taken to arrange for a speedy cure, that is, provision of medical relief in the Headquarters hospital for those in the villages? "

THE HON. SRI A. B. SHETTY :—" Patients in necessary cases are taken to the hospital for treatment."

SRI G. YELLAMANDA REDDI :—" Is there a van attached to the Health Department in Nellore district so that they may take urgent preventive measures? "

THE HON. SRI A. B. SHETTY :—" Whenever there is an outbreak of epidemics, mobile vans are posted to districts."

SRI V. R. KRISHNA AYYAR :—" Is any subsidy given by the Government for the construction of new type sanitary latrines? "

THE HON. SRI A. B. SHETTY :—" No subsidy is given, but water seal slabs are given at concessional rates."

SRI K. KRISHNA RAO :—" Is there a motor ambulance van attached to the Headquarters hospital to enable the patients to be conveyed from their villages to the Isolation Hospital at Nellore? "

THE HON. SRI A. B. SHETTY :—" Yes, Sir; whenever necessary, it is done."

Kodakkal Tile Factory, South Malabar.

* 1023 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether Government received a memorandum from the Secretary, Kodakkal Commonwealth Tile Workers' Union, South Malabar, dated 8th June 1953, about the proposed indefinite closure of the Kodakkal Tile Factory; and

(b) if so, what action has been taken by the Government in this matter?

THE HON. DR. U. KRISHNA RAO :—" (a) & (b) Yes, Sir. The matter is under consideration."

SRI K. P. GOPALAN :—" May I know whether the Labour Officer of Kozhikode has intimated the management of the Kodakkal Commonwealth Tile Factory that they should not close the factory as per section 33 of the Industrial Disputes Act? "

THE HON. DR. U. KRISHNA RAO :—" The hon. Member is aware at what stage this subject is. May I appeal to him, through you, Sir, not to make a difficult matter more difficult by such questions? "

Women employees in the Secretariat.

* 1024 Q.—SRI V. BALAKRISHNAN : Will the Hon. the Chief Minister be pleased to state—

(a) the total number of women employees in the Secretariat; and

[25th July 1953]

(b) the number as per religious and communal denomination and linguistic nativity?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) & (b) A statement^a is laid on the table of the House. I may add there are as many as 105 girl employees in the Secretariat.”

SRI V. BALAKRISHNAN:—“How many of these employees are disappointed spinsters, Sir?”

MR. SPEAKER:—“I do not see how this question arises out of the main question.”

SRI V. R. NAGARAJAN:—“Will the Hon. the Chief Minister be pleased to state why the number of Backward Class candidates is so low and further how many amongst the 67 Hindus are Brahmans?”

THE HON. SRI C. RAJAGOPALACHARI:—“We cannot be dividing candidates now among various sub-communities. The question was about Christians and Hindus and I thought there was no harm in answering that. But further questions with regard to various Hindu sub-communities cannot be permitted, I fear, according to the Constitution. But with regard to Backward Classes and the Harijans who have got a kind of reservation under the Constitution, I have given the figures. There are 8 Backward Class women employees, not candidates as put by the hon. Member, and 2 Harijan women employees in the Secretariat. Considering their alleged backwardness, the position is not bad.”

SRI S. DEIVASIGAMANY:—“Are these women clerks expected to work side by side with the male clerks? Are they given separate seating accommodation? Or, if they are made to sit and work along with the male clerks, will it be conducive to efficient working?” (Laughter.)

THE HON. SRI C. RAJAGOPALACHARI:—“We cannot dispense with these difficulties in life unless we totally exclude one or the other from employment.”

8-50 SRI V. SRI KRISHNA:—“May I know the reasons for the
a.m. extremely disproportionate employment in relation to the population of the various nationalities?”

THE HON. SRI C. RAJAGOPALACHARI:—“I do not understand the word ‘nationalities’ in this connection, Sir.”

SRI V. SRI KRISHNA:—“May I know the reasons for the disproportionate employment in relation to the population of the various linguistic areas?”

THE HON. SRI C. RAJAGOPALACHARI:—“When we are sampling out a particular category like women, in the present state of progress of education, courage and adventure,

^a Printed as Appendix I on page 1413 infra.

[25th July 1953]

we sample out a small category. We cannot get satisfactory results in respect of another basis of analysis. I should congratulate myself that there are 64 Tamil girls ready to work in a place like the Secretariat, 17 Telugu girls ready to work in a place like the Secretariat and there are 19 Malayalam girls which is no surprise to me.” (Laughter.)

SRI S. JAYARAMA REDDIAR:—“We are not against the employment of women clerks. As far as possible, will the Hon. Chief Minister see that they are not entertained as personal clerks to the secretaries?”

THE HON. SRI C. RAJAGOPALACHARI:—“The previous question was based on a principle that we should be careful in selecting equally from various linguistic areas. The present question says that particular categories of employment should not be given to them. Well, in the Secretariat, girls have to be employed mostly in such kind of work and we cannot make them assistant secretaries.”

SRI K. VINAYAKAM:—“Are Government showing any concession, as far as educational qualifications are concerned, to these girl clerks when they offer themselves of posts, as against the male candidates?”

THE HON. SRI C. RAJAGOPALACHARI:—“No concession at all is given to them, Sir.”

Alleged exemption of the Commonwealth Factories in Malabar from the operations of sections 79 to 81 of the Factories Act.

* 1025 Q.—SRI K. P. GOPALAN: Will the Hon. the Minister for Industries and Labour be pleased to state whether it is a fact that the British-owned Commonwealth Factories of Malabar have been exempted by the Government in G.O. Ms. No. 2934, dated 31st May 1949, from the operations of sections 79 to 81 of the Factories Act, 1948, and if so, the reasons for the same?

THE HON. DR. U. KRISHNA RAO:—“The Commonwealth Tile Factories at Olavakkot, Kodakkal, Feroke, Puthiyara, Jappoo, Kudroli and Malpe, the Commonwealth Engineering Works, Mangalore, the Commonwealth Weaving Factories at Kozhikode and Cannanore and the Commonwealth Hosiery Factory at Mangalore, were all exempted from the provisions of Sections 79 to 81 of the Factories Act, 1948. The reason for exemption is that the General Manager of the Commonwealth Trust, Limited, lodged with the Chief Inspector of Factories a leave scheme for these institutions which provide benefits which are not less favourable to the workers than those under Chapter VIII of the Factories Act. The exemption is according to Section 84 of the Act.”

SRI K. P. GOPALAN:—“Sections 79, 80 and 81 relate to the recuperative leave that should be compulsorily given to the

[25th July 1953]

workers. They are entitled to take 15 days' recuperative leave in a year as and when they choose. Now, factories are closed for boiler repairs and other works and the workers are forced to take leave. Is it open to the management, or the Government, according to the Government Order, to deny the recuperative leave and convert it into forced leave and if they do so, will it not be against the Factories Act itself?"

THE HON. DR. U. KRISHNA RAO :—" Section 79 makes provision for lodging a scheme of leave prepared in agreement with the management, the workers of various factories or representatives of workers and with the Chief Inspector of Factories. The Chief Inspector of Factories examined the leave scheme and was satisfied that the agreed leave scheme conferred benefits on the workers not less favourable than those provided in Chapter VIII. The Government agreed with the Chief Inspector of Factories and in exercise of the powers conferred under the Act exempted the above factory. If, however, the hon. Member would tell me in what manner it is disadvantageous to the workers, the Government will certainly consider the question."

SRI K. P. GOPALAN :—" According to the Factories Act, the workers are entitled to take the leave when they choose. According to the Government Order they cannot take the leave when they choose. Moreover, the management are not giving so many other kinds of leave, for instance, in connection with festivals, August 15th Independence Day, and so on. The workers have to go on leave when the management wants them to go. So, I submit that the present Government Order is very much disadvantageous to the workers. May I request the Hon. Minister, whether under these circumstances, he will reconsider the question and cancel this Government Order?"

THE HON. DR. U. KRISHNA RAO :—" So far as I am concerned, I am not aware of any complaint from the workers against this scheme. My information is that the workers themselves have agreed to this scheme. I shall repeat that if the hon. Member gives me instances where the workers do not like this scheme, I shall certainly go into the question."

SRI V. R. KRISHNA AYYAR :—" On account of the fact that these factories are owned by British interests and so leave a bad savour, may I know whether the Government will be prepared to remove this exemption?"

THE HON. DR. U. KRISHNA RAO :—" If I follow the advice of the hon. Member, the sufferers will be the workers themselves."

SRI M. VEERABHADRAM :—" May I know what the extra benefits enjoyed by the workers are under this agreed scheme as against the ones contemplated under sections 79, 80 and 81?"

25th July 1953]

THE HON. DR. U. KRISHNA RAO :—" I would like the hon. Member to put a separate question."

*Quality and quantity of rice despatched from
Vijayavada to Cannanore.*

* 1026 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Finance be pleased to state whether he has received the copy of a letter, dated 24th March 1953, from the President of the Cannanore Producers-cum-Consumers' Co-operative Society, Limited, No. CL 141/53, addressed to the Collector of Malabar, Kozhikode, about the shortage in quantity and bad quality of rice despatched from Vijayavada to Cannanore for distribution there; and if so, what action is proposed to be taken to set right the defects immediately?

THE HON. SRI C. SUBRAMANIAM :—" Yes. The matter is under investigation by the Government."

*Quality and quantity of rice despatched from
Vijayavada to Cannanore.*

* 1027 Q.—SRI M. NARAYANA KURUP : Will the Hon. the Minister for Finance be pleased to state—

(a) whether the Government have received any letter or memoranda, dated 23rd and 24th March 1953, from Cannanore Producers-cum-Consumers' Co-operative Society, Limited, Malabar, complaining against the quality and the heavy shortage of rice despatched from Vijayavada, and if so, what action has been taken; and

(b) whether similar complaints have been received from other societies or any other quarter?

THE HON. SRI C. SUBRAMANIAM :—" (a) Yes. The matter is under investigation by the Government.

" (b) Yes."

SRI K. P. GOPALAN :—" Are the Government aware that the quantity of deficit is valued at Rs. 84,777 in Cannanore and Rs. 1,80,000 or so by 20 Producer-cum-Consumers' Co-operative Societies of Malabar last year? May I know what steps the Government propose to take to make good this loss?"

THE HON. SRI C. SUBRAMANIAM :—" Yes, there have been large-scale shortages in the various consignments. The matter is now under investigation and we are taking all steps necessary to recoup the loss."

SRI T. C. NARAYANA NAMBIAR :—" May I know whether the Government are aware of the fact that rice sent from Vijayavada and classed as first sort was found to be useless and unfit for human consumption and so, much loss was sustained by the Movenchari P.C.C. and other societies?"

[25th July 1953]

THE HON. SRI C. SUBRAMANIAM :—" Yes, Sir. There was some complaint about the quality of the rice also and about the mixture of some foreign matters with it. All these are now under the consideration of the Government."

SRI T. C. NARAYANA NAMBIAR :—" Will the Hon. Minister be pleased to see the sample of rice that I referred to just now and which I will pass on to him, with your permission, Sir? "

MR. SPEAKER :—" Generally, I cannot allow such exhibition. As a special case, I will allow it this time."

THE HON. SRI C. SUBRAMANIAM :—" I have received already, samples of the rice and also complaints about it. We are already aware of the fact. So, no useful purpose will be served by the hon. Member passing on the sample to me just now. It could very well be handed over in my office."

SRI A. APPU :—" May I know whether there is any proposal to send large quantities of broken rice immediately to Malabar and whether the Government are aware of the fact that this broken rice is always found to be useless and unfit for human consumption? "

THE HON. SRI C. SUBRAMANIAM :—" Representations were made that there was a large demand for broken rice in Malabar, especially in Palghat area. In spite of this fact, we have not been able to send large and appreciable quantities of broken rice to that place. As a matter of fact, broken rice is outside the quota allotted to us. It is only private merchants who have been permitted to import broken rice now."

9 a.m. SRI M. NARAYANA KURUP :—" Is it not a fact that these consignments were loaded under the supervision of a Government officer and the shortage was uniform, being about two maunds in all the bags? "

THE HON. SRI C. SUBRAMANIAM :—" I am not prepared to accept it was uniform. There was shortage in almost all the bags and the officials concerned in this transaction also are being dealt with."

SRI M. BAPAI AH CHAUDARY :—" May I know who were the procuring agents for this rice at Vijayavada? "

THE HON. SRI C. SUBRAMANIAM :—" Andhra merchants."

SRI V. K. RAMASWAMI MUDALIAR :—" Does this transaction indicate the affection the Andhras are having for the Malayalees? "

THE HON. SRI C. SUBRAMANIAM :—" It is not the particular affection that the Andhras have for Malayalees that is seen here. It shows their affection for money."

[25th July 1953]

SRI C. V. K. RAO :—" Are they Congress merchants? "

SRI T. NAGI REDDI :—" Does this not show that the merchant class generally are bad people and have no care for people's interests but are mindful only about their interests? "

THE HON. SRI C. SUBRAMANIAM :—" There is a pronounced expression of affection on their part for money in this particular area."

DR. K. B. MENON :—" The ultimate sufferer is the consumer. Therefore, have the Government any scheme for compensating the consumer against any loss? "

THE HON. SRI C. SUBRAMANIAM :—" It is not correct to think that the consumer has to pay for it. We have not included it in the price which the consumer has got to pay. We are trying to recoup the loss from persons who are responsible for this loss."

Government grant to Madras Institute of Technology.

* 1028 Q.—SRI V. R. KRISHNA AYYAR : Will the Hon. the Minister for Education be pleased to state the grant, if any, made by Government to the Madras Institute of Technology in 1951-52 and 1952-53?

THE HON. DR. M. V. KRISHNA RAO :—" No grant was given to the Institute either in 1951-52 or in 1952-53."

SRI V. R. KRISHNA AYYAR :—" In view of the fact that this is perhaps the only institution which gives post-graduate training in engineering will the Government consider the question of giving any subsidy or grant to the Institute? "

THE HON. DR. M. V. KRISHNA RAO :—" At an earlier stage, a sum of Rs. 5 lakhs had been granted to this institution by this Government. The question of giving a further recurring grant is under consideration."

SRI V. R. KRISHNA AYYAR :—" In view of the fact that this institution has made representations even recently about its inadequate financial position and its even having to close down if aid is not forthcoming and in view also of the fact that this is a very important Institute, will the Government give top priority to this consideration? "

THE HON. DR. M. V. KRISHNA RAO :—" The application is being considered."

Rural development firkas of Ongole taluk.

* 1029 Q.—SRI M. NARAYANASWAMI : Will the Hon. the Minister for Rural Welfare be pleased to state—

(a) the total amount spent in the Rural Development firkas of Ongole taluk for the year 1952-53; and

[25th July 1953]

(b) what is the amount spent towards the salaries of the officers and other staff for the same year?

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“(a) Rs. 81,512-0-6.

“(b) Rs. 40,345-4-0.”

SRI M. NARAYANASWAMI :—“With reference to the answer to clause (b) given by the Hon. Minister, will he agree with me that the plans of development are only to develop the officers and not to develop the areas?”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“I emphatically deny that. I cannot agree with the hon. Member. Firka development can be successful only if active co-operation and enthusiasm of the people are forthcoming in those areas where development schemes are introduced. There must be local contributions either in money or in kind or in labour and the Government will supplement them with State finances. If there is no local contribution for the development of those areas, naturally the Government cannot contribute everything in any particular area. It might interest the hon. Member to note that the total value of contributions realised from the public for the works executed during the year 1952-53 is Rs. 9,271-15-0.”

SRI M. NARAYANASWAMI :—“అయ్యో, మంత్రిగారు వంగోలు వచ్చి నప్పుడు ఎర్రచారెం-తిమ్మన్నపాలెం రోడ్డును దర్శించారు. ఆ రోడ్డు ప్రారంభించి నప్పుడు అప్పటి పరిస్థితులలో అక్కడవున్న భూస్వాములకు నష్టంవస్తుందనే ఉద్దేశ్యముతో మంత్రిగారికి ఒక మెమోరాండము యిచ్చారు. ఆతర్వాత ఆ రోడ్డుపని ఆపి వేయబడ్డది. ఆ రోడ్డుపని తిరిగి ప్రారంభించటానికి ప్రజలకు ఉపయోగపడేటట్లు చేయటానికి ప్రభుత్వం ప్రయత్నిస్తుందా?”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“Firka Development పని జరగాలంటే, ప్రభుత్వానికి అక్కడవుండే ప్రజల సహకారము చాలా అవసరము. అట్లా ప్రజల సహకారము పూర్తిగా ప్రభుత్వానికి లభించకపోతే, వసులుసాగవని నేనుముందుగానే మనవిచేసియున్నాను. ఈరోడ్డు పనివిషయంలో అచ్చట ప్రజలలో వారిలోవారికి తగాదాలు రాకుండా పని ప్రారంభించటానికి, ప్రభుత్వానికి సరియైన నమ్మకము కలగాలి. ఈ విషయములో నేను జిల్లా కలెక్టరుతోనూ, యింకను యితర జిల్లా అధికారులతోను విశోధింపగా రాజీమార్గము విర్పాటుచేయమని చెప్పి వచ్చాను. రాజీ యంతవరకు కుదిరినట్లు కనబడదు. అందువల్ల ఈ రోడ్డుపని తిరిగి ప్రారంభించటానికి అవకాశముకలుగలేదు.”

SRI K. V. RAMESAM :—“Is there any development commensurate with the amount spent in the area?”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“Of course, there is, Sir.”

SRI R. SIDDANNA GOWD :—“Is the contribution of Rs. 9,000 made in the shape of voluntary labour or compulsory labour or in the shape of money?”

[25th July 1953]

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“The hon. Member himself is confusing the question. How can voluntary labour be compulsory?”

SRI K. GOVINDA RAO :—“అయ్యో, Firka Development స్కీమును నిర్వహించటములో ప్రజాసహకారము లభించకపోవటానికి కారణము ఏమిటి? ఆ స్కీములో వున్న గొప్పతనమా? లేక మరేమిటో మంత్రిగారు తెలిస్తారా?”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“ప్రజా సహకారం లభించక పోవటానికి కారణము గౌరవనీయులైన గోవిందరావుగారివంటి మిత్రులే.”

Rules under Article 166 (3) of the Constitution of India.

* 1030 Q.—SRI K. KRISHNA RAO : Will the Hon. the Chief Minister be pleased to state with reference to answer to question No. 51 given on 5th November 1952, whether the Government have examined the question of making available such public set of rules under Article 166 (3) of the Constitution of India as can be made public; and whether the Government will place such a set of rules on the table of the House?

THE HON. SRI C. RAJAGOPALACHARI :—“The matter is under consideration.”

SRI K. KRISHNA RAO :—“Have the Government decided that the rules that have to be published are a thing to be particularly manufactured or are they only considering the procedure to be adopted as to the publication of those which can be published?”

THE HON. SRI C. RAJAGOPALACHARI :—“Apart from the insinuation at which I am not surprised, the Government are considering what part of the business rules relates to matters which have to be published and what part does not relate to such matters.”

Repairs to Karriavattam-Alanallur road in Walluvanad taluk.

* 1031 Q.—SRI KUNHI MUHAMED SHAFEE : Will the Hon. the Minister for Local Administration be pleased to state—

(a) whether the Government have received any representations from the inhabitants of Karriavattam and three other amsams of Walluvanad taluk, Malabar district, requesting the Government to repair and make fit for vehicular traffic the old road beginning from Karriavattam on the Perintalmanna-Melatur road and joining at Alanallur on the Melatur-Palghat road; and

(b) the action taken by the Government in the matter?

THE HON. SRI N. SANKARA REDDI :—“(a) Yes.

“(b) The petition was transferred to the President, District Board, Malabar. At the instance of the President, District Board, the Divisional Engineer (highways), Palghat, examined the representation. The proposal to form the road was

[25th July 1953]

dropped in view of a proposal to extend the existing road, Kolaparamba-Vellathur to Thazhicode Karingalathani already included in the Post-War Road Development programme."

SRI KUNHI MUHAMED SHAFEE :—" Are the Government aware that this road is a very important road and connects so many interior villages? Are they aware that this is important from the point of view of marketing in the villages also? "

THE HON. SRI N. SANKARA REDDI :—" The road referred to seems to be somewhat roundabout and circuitous. The second proposal, it is believed, will serve the needs of the people."

SRI V. R. KRISHNA AYYAR :—" In view of the fact that most of the roads in Malabar are roundabout and circuitous on account of the hilly terrain, will the Government consider the question of taking up both the roads? "

THE HON. SRI N. SANKARA REDDI :—" A road costs about three lakhs or even more and many such roads are to be put up in our country. I think two roads in one place cannot be taken up simultaneously."

SRI A. APPU :—" Are the Government aware that the two roads referred to by the Hon. Minister are in two different directions, the road suggested by Mr. Shafee running from west to east and the road suggested by the Minister from north to south and that the road suggested by him is of no use to the general public? "

THE HON. SRI N. SANKARA REDDI :—" The question will be examined."

Appointment of Political sufferers to the State Services.

* 1032 Q.—SRI G. RAMA RAO : Will the Hon. the Chief Minister be pleased to state—

(a) whether any persons were appointed to the State Government service since 1946 on the ground of their being 'Political sufferers' and if so, who they are and in what grades they were appointed; and

(b) whether any public servant was dismissed for being a non-Congressman?

THE HON. SRI C. RAJAGOPALACHARI :—" (a) No one was appointed by the present Government on this ground. Accurate information as to what was done in past years in the matter of appointments in the State Service by way of preference among qualified persons on account of national service in the cause of Independence, other things being equal, is not readily available and the Government consider that the

25th July 1953]

time and labour involved in going into past affairs will not be commensurate with the public interest that will be served thereby.

" (b) None Sir, as far as I can gather."

SRI G. RAMA RAO :—" May I know, Sir, whether there was any case of a person having been dismissed for being a Communist or a Communist sympathiser and whether there had been any case also of a Government servant who contested the election on the Congress ticket after having resigned his job and was re-employed when he lost the election simply because he was a Congressman? "

9-10 a.m.

MR. SPEAKER :—" What has the second part of the question, namely, that somebody lost the election and was re-employed, to do with the question that is now being answered? "

SRI T. NAGI REDDI :—" It is relevant in this way, Sir, that political sufferers who got defeated in the election for certain reasons have been found to be put into the Government service."

MR. SPEAKER :—" They are also political sufferers."

SRI T. NAGI REDDI :—" It is so, Sir."

THE HON. SRI C. RAJAGOPALACHARI :—" What a statement to make! It is totally wrong, false and I think not moved by any sense of justice but only political advantage. I have already said 'None as far as I could gather' in answer to clause (b) whether any public servant was dismissed for being a non-Congressman. If hon. Members can bring to my notice any such case I shall certainly look into the matter. As regards clause (a) I have made it clear that no one was appointed by the present Government on this ground and hon. Members should be satisfied with that categorical answer."

SRI K. VINAYAKAM :—" May I know what is the exact connotation of the phrase 'political sufferers' in the view of the Government and does this category include Congressmen who joined the movement and went to jail or does it also include Communist prisoners or even agitators of the Chittoor kind or something like that or even the Dravida Kazhagam people? "

THE HON. SRI C. RAJAGOPALACHARI :—" As all hon. Members are aware, this category of political sufferers has no practical application under the present Government; therefore, I do not propose to hunt out for a definition but as regards previous affairs, I have in this very answer stated how I understand and how the present Government understand it. Information is not available as to what was done in the past by way of preference among persons qualified by national service in the cause of Independence, other things being equal."

SRI T. NAGI REDDI :—" Is it a fact that all those who worked against the national movement previous to August 1947

[25th July 1953]

will not be categorised as political sufferers? Is it a fact, Sir, that those who worked against the national movement are specially removed from this list?"

THE HON. SRI C. RAJAGOPALACHARI :—"I am not aware of it. We are keeping no such list."

Drain from the Vuyyur Sugar Factory.

* 1033 Q.—SRI G. RAMA RAO : Will the Hon. the Minister for Health be pleased to state—

(a) whether Government were requested by a Member of this House to take steps to prevent the draining into Chandrayya drain of the filthy and dirty waters of the Vuyyur Sugar Factory; and

(b) if so, what action the Government have taken on it?

THE HON. SRI A. B. SHETTY :—" (a) & (b) Action has already been taken by the Executive Engineer, Vijayavada, Collector of Krishna, Executive Officer, Vuyyur Panchayat and the District Health Officer, Krishna, in the matter of stopping the nuisance caused by the letting out of the Vuyyur Sugar Factory effluent into the Chandrayya drain. The Company also has a scheme of land treatment of the effluent and when it materialises, the nuisance complained against will disappear altogether."

SRI G. RAMA RAO :—" Will the Hon. Minister tell the House what action has been taken against the mill authorities? "

THE HON. SRI A. B. SHETTY :—" There is no action taken against the factory. There was a conference convened by the Collector and the mill authorities agreed to dispose of the molasses and effluents into their own fields instead of letting them into the Chandrayya drain and thereby causing nuisance."

Alleged unauthorized occupation of poramboke lands in Gudivada taluk.

* 1034 Q.—SRI G. RAMA RAO : Will the Hon. the Minister for Land Revenue be pleased to state whether the Harijans of Teragudem of Kaikalur taluk represented to Government regarding the unauthorized occupations of R.S. Nos. 62, 63 and 174 (punta poramboke) of Guntakoduru village of Gudivada taluk by ryots adjacent to them, and if so, what action the Government took?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" No representation in the matter was received by the Government. However, on a petition received from the Harijans of Teragudem, hamlet of Perur, by the Collector of Krishna, the Tahsildar, Gudivada, inspected the encroachments by the adjacent ryots, by cultivation of paddy and fodder crops on portions of the lands in R.S. Nos. 62, 63 and 174, channel porambokes, of Guntakodur village, Gudivada taluk, Krishna

district. He found six out of the eighteen encroachments objectionable. Eviction could not be resorted to in view of the High Court's stay order under the Madras Estates (Abolition and Conversion into Ryotwari) Act, 1948, obtained by the Agraharamdars."

SRI G. RAMA RAO :—" May I know, Sir, if the occupier of R.S. Nos. 62-63 sold away a certain portion and will the Government take action against the seller and stop further encroachment upon these lands? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" I have already answered the hon. Member's question; that is a matter which is under the stay orders of the High Court."

SRI P. PUNDARIKAKSHACHARYULU :—" Will the Government consider, Sir, the question of permanently assigning the lands under sivoijama cultivation to the Harijans and landless poor if no objection is taken to it from any quarter whatsoever for permanent assignment? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" When the stay of the High Court is vacated, the Government will do all that is necessary."

SRI P. VENKATASUBBIAH :—" In cases where poramboke lands are occupied by landlords, will the Government take them back and assign them to poor Harijans and landless poor? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" That may be done when the stay order is vacated."

SRI S. NARAYANAPPA :—" In view of the conflicts going on between the landlords and the poor Harijans and landless people who have occupied the poramboke lands, will the Government take immediate steps to put down such conflicts? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" But in trying to resolve conflicts the Government will come into conflict with the High Court."

SRI S. VEMIAH :—" The Hon. Minister stated that six cases were found to be objectionable; may I know the nature of the objections? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" It may be that they are tank-bed lands or it may affect certain roads or pathways."

Retrenchment of road gang coolies.

* 1035 Q.—SRI V. RAMA RAO : Will the Hon. the Minister for Public Works be pleased to state how many road gang coolies under Government departments were retrenched recently in Krishna district and if so, why?

THE HON. SRI N. RANGA REDDI :—" The Highways department is the only department of the Government which employs gang coolies for maintenance of roads. Two

[25th July 1953]

hundred and seventy-seven gang coolies were disbanded during 1952-53 from the five subdivisions of the Krishna division of the Highways Department.

"The Chief Engineer (Highways) found that the system of employing gang coolies for maintenance of roads had outlived its usefulness in the context of the current traffic needs and he introduced certain changes as an experimental measure in some subdivisions. As the result of the changes, 'gang coolies' were dispensed with in the case of roads where the traffic intensity was not heavy enough and in respect of stretches which were either black-topped or cement-concreted.

"Sir, another question put by Sri G. Rama Rao concerns the same subject. I suggest that I might be permitted to answer that question also now."

MR. SPEAKER :—"Yes, I have no objection."

Coolie maistris in the Highways department, Krishna district.

* 1051 Q.—SRI G. RAMA RAO : Will the Hon. the Minister for Public Works be pleased to state whether it is a fact that mile coolies and coolie maistris working in the Highways department in the Krishna district were removed from service this year, and if so, how many such mile coolie workers were removed?

THE HON. SRI N. RANGA REDDI :—"No maistris were removed from service. Some who were employed in acting vacancies had to be ousted when the regular incumbents joined.

"Two hundred and seventy-seven mile coolies were discharged from service in all the five subdivisions of the Krishna division during 1952-53."

SRI V. RAMA RAO :—"Since the abandonment of the system of gang coolies and the introduction of the contract system the condition of the roads has worsened; therefore, will the Government reconsider the introduction of the gang coolie system?"

THE HON. SRI N. RANGA REDDI :—"As I have already stated the Chief Engineer has reported that this system has outlived its usefulness."

SRI P. NARASIMHA REDDI :—"May I know, Sir, in how many divisions this system has been tried and how this particular division was selected for the experiment?"

THE HON. SRI N. RANGA REDDI :—"I suggest that a separate question may be asked."

SRI M. VEERABHADRAM :—"Might I ask if this is the way in which the Five-Year Plan is being implemented?"

Loans to owners of gardens in Tanjore district.

* 1036 Q.—SRI C. KANDASAMI : Will the Hon. the Minister for Land Revenue be pleased to state—

9-20 a.m.

(a) what is the estimate of loss to coconut gardens in Tanjore district in the recent cyclone; and

(b) whether the Government have any proposals to grant the garden owners long-term loans with or without interest?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" (a) The loss to coconut gardens in Tanjore district on account of the cyclone is estimated at Rs. 1.1 lakh. The number of trees involved is roughly estimated at 8½ lakhs.

" (b) Yes. The Government have already distributed loans to the owners of coconut gardens. These loans bear interest at the rate of 5 per cent per annum. Applications for loans involving Rs. 2.67,000 from owners of coconut gardens received from February and March 1953 are under enquiry."

SRI C. KANDASAMI :—"Are the loans of long-term nature or of short-term nature?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—"They are both long term and short term, Sir."

SRI C. KANDASAMI :—"What is the amount of short-term loans and what is the amount of long-term loans?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—"I cannot say that just now. If the hon. Member puts a separate question, I shall answer it."

SRI S. RAMALINGAM :—"The Hon. Minister was pleased to state that there was a proposal to sanction loans. Will the Hon. Minister be pleased to tell us whether any loans were actually sanctioned till now?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—"Proposals for sanctioning loans are under consideration and the amount involved is about Rs. 2,67,000."

SRI S. RAMALINGAM :—"It is more than a year after the cyclone havoc and till now the Government have not given their consideration. Will the Government consider this fact and give the necessary loans early?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—"The garden-owners woke up very late. Applications were received only in February-March, 1953."

SRI A. K. SUBBIAH :—"தேவஸ்தானத்திற்குச் சொந்தமான கிராமங்களில் தென்னமரங்கள் இழந்தவர்களுக்கும் கடன் கொடுக்கப்படுமா?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—"That question has to be addressed to the Hon. Minister for Hindu Religious Endowments."

[25th July 1953]

SRI V. K. RAMASWAMY MUDALIAR :—“ In addition to giving loans, will the Government also see that coconut seedlings are supplied to the poor ryots through the Department of Agriculture? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Yes, Sir, there is a proposal. We have addressed the Agricultural Officer in Malabar for the supply of coconut seedlings to the ryots.”

SRI S. DEIVASIGAMANY :—“ As the interest rate of 5 per cent per annum is rather excessive, will the Government think of reducing the rate of interest? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ I thought the rate of interest was low enough, Sir.”

SRI A. GOVINDASAMI NAYAGAR :—“ வாழைத்தோட்டம் இழந்தவர்களுக்கும் இந்த உதவி அளிக்கப்படுமா? ”

MR. SPEAKER :—“ இந்தக் கேள்வி தென்னமரத்தைப்பற்றியது.”

SRI A. GOVINDASAMI NAYAGAR :—“ புயலினால் வாழை மரங்களும் பாதிக்கப்பட்டன; அதனால்தான் இந்தக் கேள்வியை நான் கேட்கின்றேன்.”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ The question is specifically about coconuts only.”

Expenditure for His Excellency the Governor's tour in Nellore in March 1953.

* 1037 Q.—SRI G. C. KONDAYYA : Will the Hon. the Chief Minister be pleased to state how much expenditure was incurred by the Government on account of His Excellency the Governor's tour in Nellore district in the first week of March 1953?

THE HON. SRI C. RAJAGOPALACHARI :—“ A total expenditure of Rs. 775-3-9 has been incurred by the Government on account of the Governor's tour in Nellore district during the first week of March 1953.

“ I hope, Sir, by reason of such questions put on the floor of the Assembly, the Governor will not be deterred from fulfilling his constitutional functions which include making these most useful visits to various parts of this State.”

SRI G. C. KONDAYYA :—“ What was the purpose of the Governor's visit to Nellore, Sir? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Development of considerable goodwill, Sir.”

SRI B. SANKARIAH :—“ சூரிய நெல் கவர்த்துக்கான நெல் கவர்த்துக்கான சீஸ்ப்பு அக்கட்சி முலமத்தனாடி விவாதி representation ஈடு petition ஈடு சீஸ்ப்புக்கம் சீஸ்ப்பு சீஸ்ப்பு. அலாங்குத்து, வாரி சீஸ்ப்புக்கம் கவர்த்துக்கான சீஸ்ப்பு? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ The visits of the Governors and the President of the Union after the

[25th July 1953]

Constitution are different from the old time visits. In the old days, the Governor functioned as the head of the executive Government. Now, he is a functionary and there is no object in his receiving petitions though he may have no objection to receiving them and sending them on to the Government, just as hon. Members receive petitions and send them to the Government. So far as the objects are concerned, they are very important other than remedying administrative grievances. The Governor has a function which we understand and that is the reason why in the Constitution he is given a place.”

SRI G. C. KONDAYYA :—“ Since the Governor visited only temples and festivals, can the Government afford to spend on such visits? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ There is much gain by visiting temples and festivals. It is there that we get the common average good type of men and women. As regards the desirability of touring, the function is there and tour expenses are provided. I think that indirect influence is much healthier than direct propaganda.”

SRI V. BALAKRISHNAN :—“ Are the Government aware of the feelings of the people that in the present set-up of the Government the Cabinet being responsible for the administration of the country, frequent tours by the Governor are a costly superfluity? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ I do not think that the hon. Member reflects the opinion of the people, judged from the number of people that gather during the Governor's tours.”

SRI P. VENKATESWARLU :—“ The Hon. Chief Minister told us that the Governor was making tours to develop goodwill. May I know, Sir, whether that goodwill is between the Governor and the people or the Government and the people? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ The word ‘goodwill’ is an abstract description of a very real matter, viz., peaceful and good relationship between men and men. It makes no distinctions between one set of people and another set of people.”

Liquor permits to officers.

* 1038 Q.—SRI V. R. KRISHNA AYYAR : Will the Hon. the Minister for Prohibition be pleased to state—

(a) how many Judges of the Madras High Court and gazetted officers under the State hold liquor permits;

(b) how many Members of the Legislative Assembly and the Legislative Council hold such permits; and

(c) how many Police and Prohibition officials hold such permits?

[25th July 1953]

MR. SPEAKER :—" That is a good suggestion. I shall consider it. Does the hon. Member want that the answers should be roneoed and distributed to all members? "

SRI T. VISWANATHAM :—" Not to all, but to the hon. Member who has put the concerned question."

MR. SPEAKER :—" All right. I shall consider that suggestion. The remaining questions and answers to-day will be printed in the Proceedings."

(b) if so, what action has been taken thereon?

THE HON. SRI N. SANKARA REDDI :—" (a) Yes.

" (b) The question of constituting a panchayat for the village is under the consideration of the Inspector of Municipal Councils and Local Boards in whom the power of constituting panchayats is vested."

Exemption to iced fish dealers from sales tax.

* 1041 Q.—SRI KUNHI MUHAMED SHAFEE : Will the Hon. the Minister for Rural Welfare be pleased to state whether the Government have received a memorandum, dated 2nd December 1952, from the Iced Fish Merchants' Association, Tanur, South Malabar, requesting them to exempt the iced fish dealers from sales tax and, if so, what action the Government have taken in the matter?

25th July 1953]

THE HON. SRI S. B. P. PATTABHIRAMA RAO :—" Yes. The Government examined the memorandum in consultation with the Board of Revenue. They saw no grounds to comply with the request of the Association. The Secretary of the Association has been informed accordingly."

Prohibition stations in Malabar.

* 1042 Q.—SRI R. KRISHNAN : Will the Hon. the Minister for Prohibition be pleased to state—

(a) how many Prohibition station-houses are vacant without Sub-Inspectors in Malabar and for how long the stations have been vacant; and

(b) whether there is any proposal to fill up the vacancies of Sub-Inspectors in Prohibition stations in Malabar?

THE HON. SRI V. C. PALANISAMI GOUNDER :—" (a) Out of the 48 Prohibition station-houses in Malabar 12 were vacant for want of Sub-Inspectors, viz., one from November 1952, one from December 1952, 2 from January 1953, 2 from February 1953, 2 from April 1953 and 4 from May 1953.

" (b) Yes, Sir. Orders have already been issued to the officers concerned to fill up the vacancies of Sub-Inspectors in the Prohibition stations in Malabar."

Fair price shops in Madras City.

* 1043 Q.—SRI A. RATHINAM : Will the Hon. the Minister for Finance be pleased to state how many fair price shops were removed in the City of Madras from January to April 1953 and the causes for the same?

THE HON. SRI C. SUBRAMANIAM :—" One hundred and nineteen fair price shops were 'removed.' Out of these, 93 shops were relinquished by the fair price shop-keepers voluntarily, 14 shops were given up by the shop-keepers on detection of serious irregularities and 12 shops were kept under suspension for serious defects noticed in the running of the shops."

Refund of the security amount of the Railway Labour Press, Golden Rock.

* 1044 Q.—SRI M. KALYANASUNDARAM : Will the Hon. the Minister for Law be pleased to state—

(a) whether any representation has been received by the Government for the refund of the security amount forfeited in respect of the Railway Labour Press, Golden Rock, belonging to the Southern Railway Labour Union, Golden Rock; and

(b) the action taken by the Government?

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" (a) & (b) Yes, certain representations in this regard,

[25th July 1953]

including a recent one from the hon. Member himself, have been received and carefully examined by Government. But the party is not entitled to a refund of a security duly forfeited under law."

Persons detained under the Preventive Detention Act.

* 1045 Q.—SRI G. RAMA RAO: Will the Hon. the Chief Minister be pleased to state—

(a) the number of persons who are still being detained by the Government under the Preventive Detention Act in jails;

(b) for what causes they are still being detained; and

(c) if there are none, what has become of Kothapalli Satyanarayana of Bhowtapalli village, Gudivada taluk, who was arrested and sent as a detenu to Cuddalore Central Jail in 1951?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) No one is at present detained by the Government under the Preventive Detention Act.

“(b) Does not arise.

“(c) Sri Kothapalli Satyanarayana is not under preventive detention now. The order of detention against him was revoked on 12th July 1951 when he was in the Madras Mental Hospital for treatment. After release he has been detained in the Mental Hospital as a civil patient with reference to the orders of the Third Presidency Magistrate under section 15 of the Indian Lunacy Act, 1912. He is still a patient in the Madras Mental Hospital.”

Prosecutions under the Removal of Civil Disabilities Act.

* 1046 Q.—SRI A. RATHINAM: Will the Hon. the Minister for Education be pleased to state how many persons have been prosecuted under the Removal of Civil Disabilities Act since its commencement?

THE HON. DR. M. V. KRISHNA RAO:—“Four hundred and twenty-one persons have been prosecuted so far under the Madras Removal of Civil Disabilities Act since its commencement.”

Alleged re-employment of persons punished by the former Pudukkottai Government.

* 1047 Q.—SRI V. BALAKRISHNAN: Will the Hon. the Chief Minister be pleased to state—

(a) how many persons dismissed or removed for corruption, suspicion, etc., from Pudukkottai State service by the former Pudukkottai State administration have been reinstated in service or the order of removal set aside by the Madras State Government after the merger; and

(b) the reasons for such action by the Madras Government?

25th July 1953]

THE HON. SRI C. RAJAGOPALACHARI:—“(a) One person.

“(b) An ex-compounder in the General Hospital, Pudukkottai, was removed from service by the Pudukkottai State Authorities before the merger of the State for having been negligent in his duties. No enquiry had been held and he had not also been given an opportunity to explain. After merger he appealed to the Government for his reinstatement. The Madras Public Service Commission which was consulted in the matter by the Government recommended that the petitioner might be reinstated in service and that the period from the date on which he was relieved till the date of his rejoining might be treated as leave on loss of pay. The Government accepted the view of the Madras Public Service Commission and passed orders reinstating him.”

(a) the area contemplated to be brought under cultivation in the Patamata Pumping Scheme (Krishna district); and

(b) the area cultivated in the year 1952-53?

THE HON. SRI N. RANGA REDDI :—“ (a) An extent of 500 acres.

“ (b) The scheme in question has not yet been completed and brought to beneficial use so as to facilitate the cultivation of paddy. An extent of about 475.97 acres has been under cultivation during 1952-53 with commercial crops.”

Ammayapathi Drinking Water-supply Scheme for Pudukkottai town.

* 1070 Q.—SRI V. BALAKRISHNAN: Will the Hon. the Minister for Health be pleased to state—

(a) whether the Pudukkottai Municipal Council has recommended and submitted a scheme known as ‘Ammayapathi Scheme’ to solve the drinking water problem of Pudukkottai town population;

(b) if so, whether the Government have implemented the scheme; and

(c) if not, the reasons for the delay?

[25th July 1953]

THE HON. SRI A. B. SHETTY :—“ (a) The answer is in the affirmative.

“ (b) & (c) After an inspection by the Sanitary Engineer, the Municipal Commissioner has been asked to modify the proposals and send revised plans and estimates for technical sanction. These are yet to be received from the Municipal Commissioner. Further action will be taken on receipt of the revised proposals from the Commissioner.”

Extension of Tanjore Tenants and Pannaiyal Protection Act to Chidambaram.

* 1071 Q.—SRI A. RATHINAM: Will the Hon. the Minister for Land Revenue be pleased to state with reference to the answer to starred question No. 413 given on 8th April 1953 whether the Government have since decided to extend the Tanjore Tenants and Pannaiyal Protection Act to the Chidambaram taluk?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Yes. The Tanjore Tenants and Pannaiyal Protection Act, 1952, has been extended with effect from 1st July 1953 to a major portion of Chidambaram taluk and six villages of Cuddalore taluk, by means of a notification, dated 1st July 1953.”

House-sites for Harijans in Kallakurichi taluk.

* 1072 Q.—SRI L. ANANDAN: Will the Hon. the Minister for Education be pleased to state the number of Harijans who have been assigned land for house-sites in Kallakurichi taluk which is in Firka Development Area and the total extent of land so assigned in 1952-53?

THE HON. DR. M. V. KRISHNA RAO :—“ House-sites were not assigned to Harijans in Kallakurichi taluk during 1952-53. Only two applications have been received during the period and they are under enquiry.”

Repairs to bridges in East Godavari.

* 1073 Q.—SRI C. V. K. RAO: Will the Hon. the Minister for Public Works be pleased to state—

(a) how many bridges in East Godavari district require repairs;

(b) since when are they in such condition; and

(c) whether any steps were taken to get them repaired for use?

THE HON. SRI N. RANGA REDDI :—“ (a) The bridge over the Pampa River at Annavaram and the bridge over the Yeluru River at Yerravaram require repairs.

“ (b) Since 1949.

“ (c) The bridge over the Pampa River is under reconstruction (estimate Rs. 2.5 lakhs) and it is expected to be opened for traffic on 15th July 1953. The work of reconstructing the

[25th July 1953]

bridge over the Yeluru River (estimate Rs. 7.10 lakhs) will be taken up for execution shortly. The work of forming a link bund in the breached portion of the bridge has been taken up and it is nearing completion."

Jayankondan Taluk Headquarters Hospital.

* 1074 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Health be pleased to state when the Taluk Headquarters Hospital at Jayankondan is to be converted into a Government Hospital under the provincialization scheme?

THE HON. SRI A. B. SHETTY :—" Provincialization of Taluk Headquarters Hospitals is being done, at the rate of 5 or 6 such hospitals every year subject to the financial position of the State. The Provincialization of the hospital at Jayankondan will be taken up in due course."

Backward Classes Advisory Board.

* 1075 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Education be pleased to state—

(a) when the Backward Classes Advisory Board was formed for the last time and the duration of the board thus formed; and

(b) what are the functions of the board?

THE HON. DR. M. V. KRISHNA RAO :—" (a) The Backward Classes Advisory Committee was last constituted in 1951 and its term which was one year expired on 6th February 1952. The term was subsequently extended up to 6th May 1952. The question of reconstituting the Committee is now under the consideration of Government.

" (b) The function of the Committee is to advise the Government on matters relating to the amelioration of the conditions of the Backward Classes."

Agricultural income-tax on plantations.

* 1076 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state when steps for taxing agricultural income-tax on plantations agreed to by the Minister before the Assembly on 10th July 1952 will be taken up and at what stage the matter stands?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" The question of levy of an agricultural income-tax is under consideration of the Government. It will take some time for them to arrive at a final decision."

Tungabhadra High-level Canal.

* 1077 Q.—SRI C. SUBBARAYUDU: Will the Hon. the Minister for Public Works be pleased to state—

(a) how many sluices were provided in the dam at Mallapuram for the Tungabhadra High-level Canal and their maximum discharges;

[25th July 1953]

(b) whether there is any provision to increase the above discharge through the existing sluices;

(c) whether there is any possibility of providing additional sluices for the High-level Canal; and

(d) if so, what will be the approximate cost?

THE HON. SRI N. RANGA REDDI :—" (a) One sluice with 10 vents of 6 feet by 12 feet with their sills at plus 1,585.00. It is designed to discharge 4,000 cusecs with a head of 1 foot. With a greater head, the discharge will be more.

" (b) There is no need. When the reservoir level is above plus 1,600.00 the sluices can, if required, pass more than 3,000 cusecs.

" (c) No. The present sluices are sufficiently large to discharge any reasonable quantity that is likely to be required for the High-level Canal Scheme and to utilize the surplus water that Madras may get in the final allocation.

" (d) This does not arise in view of the answer to clause (c)."

King George Hospital, Visakhapatnam.

* 1078 Q.—SRI M. VEERABHADRAM: Will the Hon. the Minister for Health be pleased to state—

(a) what is the amount allotted in the year 1952-53 to the King George Hospital, Visakhapatnam, for supplying diet to the patients;

(b) whether the amount so allotted was spent completely for that purpose;

(c) if not, whether there is any amount left unspent; and

(d) if so, the reasons therefor?

THE HON. SRI A. B. SHETTY :—" (a) Rs. 2,75,000.

" (b) Yes; an additional amount of Rs. 13,626-6-4 over and above the allotment made for 1952-53 was also spent.

" (c) & (d) Does not arise."

Subsidy for wells for irrigation.

* 1079 Q.—SRI V. GOPALA GOUNDER: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether there is any proposal now pending with the Government for granting subsidies for well sinking and for improvement of old wells for purposes of irrigation; and

(b) if so, when it is likely to be granted to the ryots?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" (a) There is no proposal.

" (b) Does not arise."

[25th July 1953]

College at Penukonda.

* 1080 Q.—SRI T. LAKSHMINARAYANA REDDI: Will the Hon. the Minister for Education be pleased to state whether there is any proposal to start a college at least for Intermediate classes at Penukonda?

THE HON. DR. M. V. KRISHNA RAO:—“There is no proposal to start any college at Penukonda.”

Power generation from Meemutty Waterfalls, Kurumbranad taluk.

* 1081 Q.—SRI V. R. KRISHNA AYYAR: Will the Hon. the Minister for Public Works be pleased to state whether the Government have received any reports or representations about the possibilities of hydro-electric generation from the Meemutty Waterfalls near Perambra in Kurumbranad taluk of the North Malabar district?

THE HON. SRI N. RANGA REDDI:—“Yes. The possibilities were known to the Government Electricity Department. The falls are in the Kuttiyadi basin and are capable of generating only small amount of power whereas more power can be developed on the Kuttiyadi river itself, which will be investigated in due course in order of priority of promising river basins for hydro-electric potential.”

Firka development centres.

* 1082 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Rural Welfare be pleased to state—

(a) whether it is a fact that when new firkas are taken for firka development, the development officers and the staff working in the old firka development centres are removed from such centres and placed in new firkas;

(b) whether it is a fact that items of work undertaken in old firka development centres are left undone and unattended to after new additional firkas are taken up for development;

(c) what are the concrete steps taken by the Government to see that firka development in all firkas, whether old or new, is attended to by the organization of villagers on the basis of self-help and unity and by evoking and harnessing the urge of the villagers for development; and

(d) what concrete steps are taken by the Government to see that rural development is undertaken and continued in villages;

(1) in old firka development centres now discarded; and

(2) in firkas where firka development is not undertaken by the Rural Development Department either before or now?

THE HON. SRI S. B. P. PATTABHI RAMA RAO:—

“(a) & (b) No.

“(c) By organizing village panchayats and Grama Seva Sanghams. It may also be stated that under the Rural Welfare

25th July 1953]

Scheme, works are generally taken up only where the villagers contribute in cash and/or in terms of labour towards the cost of execution of such works. The works are also, as far as possible, given for execution to the villagers to the exclusion of profit earning agencies.

“(d) (1) Does not arise in view of answer to clause (a) above.

(2) The Government plan is to extend the Rural Welfare Scheme to all areas in the State step by step, new areas must await their turn.”

II.—ADJOURNMENT MOTIONS.

(1) CLOSURE OF THE THIRD SHIFT IN KRISHNA JUTE MILLS, ELURU.

MR. SPEAKER:—“I suppose the House may remember that some time ago, I circulated a note to all hon. Members on ‘Adjournment Motions’ explaining when an adjournment motion could be moved, how it should be moved and all that. But I think hon. Members have not gone through it fully. Still adjournment motions are pouring in. I do not know what to do with them. (Laughter.) For instance, I have received notice of an adjournment motion from the hon. Member Sri Satyanarayana which reads as follows:—

‘This House stands adjourned to discuss a definite matter of urgent public importance, viz.—

failure of the State Government under Article 41 of the Constitution, to intervene and stop the closure of the third shift in Krishna Jute Mills, Eluru, which resulted in the unemployment of 650 workers on 20th July 1953.

Let me read Article 41 and see whether this adjournment motion has got any connexion with it. Article 41 says—

‘The State shall, within the limits of its economic capacity and development, make effective provision for securing the right to work, to education and to public assistance in cases of unemployment, old age, sickness and disablement, and in other cases of undeserved want.’”

SRI G. SATYANARAYANA:—“అధ్యక్షా, ఇది Constitution లోని 41 వ ఆర్టికల్ క్రింద వస్తుందని నేను మనవిచేస్తున్నాను. ఎందువల్లనంటే, ఇది ఇటీవల జరిగినది. చాలా ముఖ్యమైనవివరాలు విషయము. విలూరులో ఉన్న ఊరిలో జూబ్ మిల్స్ లో మొదట 15 వందలమంది పనిచేస్తూ ఉండగా, ఆగస్టులో 550 మంది పనివాండ్రను పనినుండి తొలగించడం జరిగింది. దీనిద్వారా వీరిందలి నిరుద్యోగం ఏర్పడినది. ఈలాంటి పరిస్థితులలో ప్రభుత్వం ఆటంకంపాలికి రక్షణ కల్పించు చర్యలను Constitution లోని 41 వ ఆర్టికల్ చెప్పుచున్నది. ఇదివరకే అక్కడ ఉన్న వీటి ఫ్యాక్టరీ, సిగార్ ఫ్యాక్టరీ మొదలగు వాటిలోని పనివాండ్రను తొలగించడం వల్ల నిరుద్యోగమయ్యి పోయిందాగా, దానికి తోడు ఇంక రోజు మందిని ఇతరచర్యలకు జరిగింది. ఇది చాలా విచారకరమైన విషయము. కనుక దీనిని గురించి గవర్నమెంటు తగుచర్య తీసుకోవాలని ఈ విషయాన్ని దృష్టిలో పెట్టుకొని దీనినిగురించి చర్చించుకొను అవకాశమివ్వవలెనని మనవిచేస్తున్నాను.”

MR. SPEAKER:—“I suppose this Krishna Jute Mills is a private concern and not a Government one.”

[25th July 1953]

THE HON. DR. U. KRISHNA RAO :—" Yes, Sir, it is a private concern."

MR. SPEAKER :—" Article 41 has nothing to do with this present lock-out. I rule this motion out of order. I am not going to allow any hon. Member to speak on this motion hereafter."

(2) ASSIGNMENT OF LAND TO POLITICAL SUFFERERS.

MR. SPEAKER :—" I shall now take up the second adjournment motion. It is signed by seven hon. Members. This refers to 'assignment of land to political sufferers'. The House may remember that yesterday there was a short-notice question on the same subject. A number of supplementary questions were put and they were answered. The House has already thus discussed that question. Moreover this is not a matter of urgent public importance. I therefore rule this motion also out of order."

" We shall now take up the next item in the Agenda, viz., the Andhra State Bill. We are now in the Seventh Schedule."

III.—GOVERNMENT BILL.

THE ANDHRA STATE BILL, 1953—cont.

MR. SPEAKER :—" I wish to inform hon. Members that this Bill has been before us for the past 11 days including to-day. I suggest it would be better if we sit an hour or two late to-day and finish the Bill to-day itself. We may have night sittings."

* THE HON. SRI C. SUBRAMANIAM :—" There is this difficulty for us, Sir. We come early morning at 8-30 and sit here till 1-30 p.m. Then we have again to sit from 4 p.m. and go on till 7 p.m. in the Council. Therefore it would be very difficult for us if we have night sittings. I do not think even hon. Members of this House would like to have night sittings. I would only request hon. Members to restrict rather than elaborate their discussions. Then only we can finish our discussion."

* THE HON. SRI C. RAJAGOPALACHARI :—" I just wish to add that I am having every day my own night sittings till 12 o'clock. Besides attending to legislative work, I have to attend to administrative duties also. The day-to-day work of Government has to go on. I have to devote a large part of the nights to official work and it is not possible for me to participate here in night sittings. Of course hon. Members can carry on but the Government would not be able to help in full measure. Further it is possible for hon. Members to be fairly quick in their arguments instead of repeating and even when a matter has been decided, go on reviewing. If we could not finish to-day and if it is found necessary, we will have to sit for a few more days. I have not the least objection. Let me not be misunderstood as though I am trying to shut out any views. I only thought that there was scope for greater speed."

25th July 1953]

MR. SPEAKER :—" Hon. Members should remember that we have besides this Andhra State Bill, six Government Bills."

* THE HON. SRI C. SUBRAMANIAM :—" We hope to finish all those Bills in a day with the co-operation of leaders like Mr. Viswanatham and Mr. Nagi Reddi. All those Bills are non-controversial Bills. They are urgent Bills also. I do hope that Mr. Viswanatham, Mr. Nagi Reddi and others will go through the relevant clauses of those Bills even to-day so that it may facilitate those Bills being passed unanimously later on when we take them up."

SRI M. HANUMANTHA RAO :—" Even under clause 46, some of us have given notice of certain amendments. We would like to speak on those amendments. If the House has given a verdict on Mr. Viswanatham's amendment, it does not mean that other amendments are not to be taken up. Moreover our amendment covers a different ground."

" THE HON. SRI C. SUBRAMANIAM :—" Sir, I remember it was decided yesterday that as soon as Mr. Viswanatham's amendment was passed, it could be taken for granted that all other amendments would be deemed to have been withdrawn."

MR. SPEAKER :—" What has Mr. Viswanatham to say on this? "

SRI T. VISWANATHAM :—" So far as I am concerned, I thought when my amendment was carried yesterday that inasmuch as my amendment included within its scope the Seventh Schedule and inasmuch as the views expressed by hon. Members on the same on the floor of the House would be made available to the Expert Commission for whose appointment my amendment was mainly intended, all other amendments given notice of by hon. Members under the Seventh Schedule would be deemed to have been withdrawn. The Expert Commission would go into all the details connected with the division of assets and liabilities. But now hon. Members want to express their views on the various clauses of the Bill under the Seventh Schedule. That is quite a different matter, Sir."

MR. SPEAKER :—" But hon. Members want their amendments even to be put to vote."

SRI T. VISWANATHAM :—" I only thought that they wanted to express their views. According to my knowledge I do not think they are anxious to have their amendments put to the vote of the House, Sir."

MR. SPEAKER :—" Do they want to move the amendments? "

SRI PILLALAMARRI VENKATESWARLU :—" But some hon. Members have given notice of amendments on different lines. There are two different types of amendments. One is that of Mr. Viswanatham which was carried yesterday. The others relate to the division of assets and liabilities on a population basis."

[Sri Pillalamarri Venkateswarlu] [25th July 1953]

That is why some hon. Members want to speak on the same, Sir. If we close discussion on the same, then it amounts to depriving these members of the opportunity of speaking and expressing their views on their amendments, which cover a different ground from that of Mr. Viswanatham."

9-40 a.m. SRI T. NAGI REDDI :—" The point is this, Sir. Of course, we will offer some remarks. That apart, there are two different types of amendments to clause 46."

MR. SPEAKER :—" What are those amendments? "

SRI PILLALAMARRI VENKATESWARLU :—" Amendment No. 126, Sir."

* THE HON. SRI C. RAJAGOPALACHARI :—" When it is claimed that such an amendment should be put here for discussion, is it the intention to put it to vote or is it the intention to merely talk about it? Now, if it is not the intention to put it to vote, there is no meaning in talking about it for this reason—of course, I do not want to shut out the discussion—either it is barred by the resolution previously passed or it will come when the discussion on the Schedule itself comes. It therefore need not be taken up separately and time spent on it."

SRI T. NAGI REDDI :—" Sir, the point is this. Clause 46 has two sub-clauses. Here it is said that such an apportionment shall be referred to the President whose decision shall be final. But, what is the kind of apportionment that is to be made? That is the question which has to be discussed."

MR. SPEAKER :—" There will be a repetition of arguments on this amendment. Anyhow I will allow it and put it to the vote of the House."

SRI T. NAGI REDDI :—" Sir, the question is whether the apportionment should be in a particular way. There would be many other hon. Members who would be willing to speak because it is a very important matter."

THE HON. SRI C. SUBRAMANIAM :—" I would now request Mr. Nagi Reddi to go through the amendment which has been, rightly or wrongly, accepted by the House yesterday, which reads as follows :—

' This House recommends the deletion of clause 46 and the insertion of a new clause in its place, providing for the apportionment of the assets and liabilities dealt with in the Seventh Schedule, as also of the current revenues and expenditure, between the States affected by this Act, by an Order of the President, on the recommendation of a neutral Commission of Experts, presided over by a Judge of the Supreme Court.'

That means that clause 46 is intended to be deleted and the recommendations made in Amendment No. 114 are to come into effect. Therefore, whereas we may discuss the other principles, we cannot discuss clause 46, because it has been recommended to be deleted and a new clause inserted. Now, leaving alone clause 46, we have to take a decision whether the Seventh Schedule as such should be considered or not. My own view is that the Seventh

25th July 1953] [Sri C. Subramaniam]

Schedule should be discussed and hon. Members may express their opinions on the various paragraphs, instead of wasting our time on clause 46 which has been recommended to be deleted by another new clause."

SRI T. NAGI REDDI :—" The point that we discussed yesterday was about the provision to be made for apportionment of the assets and liabilities dealt with in the Seventh Schedule. My point is that a neutral Commission will have to go into the question of apportionment. The principles on which the neutral Commission will have to decide the question have to be discussed. If we are to hurry up . . ."

MR. SPEAKER :—" We have spent five hours over this question yesterday."

SRI T. NAGI REDDI :—" What principles should guide the neutral Commission to go into the whole question is a matter which was not discussed yesterday. The point is if I now speak, the opposition will certainly have to say something on their side. I would take my chance as one who has moved the amendment and I may be permitted to speak after those who support or oppose the motion have spoken."

THE HON. SRI C. SUBRAMANIAM :—" It is understood, Sir, that we are discussing amendment No. 126 and it will be put to the vote of the House."

* SRI M. HANUMANTHA RAO :—" Mr. Speaker, Sir, even though the House has recommended the appointment of a Finance Commission or an Expert Committee, that Committee which will be appointed by the President will have to be guided by certain principles in apportioning the assets and liabilities of the State. Now, Sir, if we go through the whole of the Seventh Schedule, we do not find any principle at all. If there is a principle at least to most of us it is incomprehensible. In order to substantiate this, I may cite one or two examples, Sir. If we take the cash balances in all the treasuries in the State, they are divided on the basis of population. But when it comes to a question of dividing the un-issued stores, it is mentioned that they will be divided in proportion to the total indents for stores made in the three years immediately preceding the 1st April 1953. So we find there is no common principle involved in the proposed division. That is why I wish to submit that whether one loses or gains, we will have to base the apportionment on certain principles. Even in our society when a joint family is divided, we find that the division of assets and liabilities is based on the number of brothers that are in the family. When a State is divided into two, the same principle will have to be applied. If that is so, the entire assets and liabilities must be divided on the basic principle of population."

" To cite one or two more examples, the shares in the Travancore Fertilizers and Chemicals Limited and the Madras Radio and Electricals Limited are proposed to be divided on the basis of population. But the same population basis is not proposed to

[Sri M. Hanumantha Rao] [25th July 1953]

be adopted for the division of the assets and liabilities of the State Trading Schemes. I am not speaking for any particular part of the State; I am speaking for the composite State of Madras as a whole. It is likely, if it is kept as it is, that every Member will be pleading for that which is advantageous to his State, and nobody will be pleading for a common principle. Hence evolving a common principle is most desirable, and that will avoid so many of the difficulties that have been pointed out in this House.

"There is no common principle of division for the items in the Seventh Schedule; the principle differs from item to item. It is provided in the Schedule that the depreciation reserve funds shall belong to that State in which the concerns to which they relate are situated. For the projects or anicuts in the Andhra area, there is no depreciation fund at all. For example, the Krishna anicut is almost cracking and there is no depreciation fund for its reconstruction. But there are depreciation funds for schemes like the hydro-electric schemes which are constructed from the common funds of the entire State. If we accept population as the basis for dividing some assets, certainly we can apply that basis for all items of assets and liabilities. Hence our amendment proposes that the population basis should be adopted by the Commission of Experts that is going to be appointed.

"In the sixth provision of the Seventh Schedule, it is said that the loans outstanding in an area within a State shall belong to the State in which the area is included. But at the same time, for division of pension liabilities, population basis is proposed. The service personnel coming from the Andhra area is only 15 per cent of the entire State personnel, and naturally the number of pensioners will be less in the Andhra State than in the residuary State. Though it will be a disadvantage to the Andhra Government to apply the population basis in this case, I support it because a common principle has got to be followed to ensure a proper division of assets and liabilities. Objections were raised on the ground that assets like hydro-electric schemes and projects cannot be divided on the basis of population. Hydro-electric schemes, projects and similar things cannot be physically removed from one State to the other. But their value can be taken into consideration and the apportionment made on the population basis by adjustment in the public debt or some such thing. So there is no substance in those objections."

THE HON. SRI C. SUBRAMANIAM :—"Is it the hon. Member's suggestion that all the lands in the respective States should be valued, as that is how I understood him?"

* SRI M. HANUMANTHA RAO :—"Lands are excluded. I referred to the hydro-electric schemes, projects and similar things in various parts of the State. What is excluded according to our conception is roads and buildings. Mr. Justice Wanchoo has recommended that a certain amount must be given to the Andhra State as a compensation for the comparatively less number of buildings in Andhra area. Since a separate formula is suggested in respect

[25th July 1953] [Sri M. Hanumantha Rao]

of buildings, buildings also are excluded. The Hon. Finance Minister was interpreting the words 'all types of assets and liabilities, unissued stores, articles, goods' as to include every pin and ink bottle. We do not actually mean that. For buildings and other things, we have suggested another formula."

THE HON. SRI C. SUBRAMANIAM :—"What are those other things?"

* SRI M. HANUMANTHA RAO :—"They are buildings, hospitals, educational institutions, medical college, engineering college, the equipment therein, etc. These properties are not included. For that, we suggested a different method of distribution. These are not to be divided on the basis of population. Mr. Justice Wanchoo has suggested the grant of Rs. 230 lakhs as compensation to be given by the residuary State. He has also suggested that Madras might be made the temporary capital of the Andhra State for some time to come. But the Communist party did not accept that suggestion. There is no question of having the Andhra State capital temporarily in Madras City. We argued and we stood by our stand that there was no meaning in having our temporary capital here. 'Let us go out', we said, so that there need not be any unnecessary strife at the time of partition. We have suggested that Rs. 4 crores be given to the Andhra State as compensation for the less number of buildings we have in Andhra area. If we keep in view that Mr. Wanchoo's suggestion of keeping the temporary capital here is not accepted then the amount we suggest is perfectly justified. We have so many handicaps to overcome. We have to go out of Madras, and construct our own buildings in our capital. It is a very difficult task. We will have to overcome very many odds in constructing such buildings. Even with this Rs. 4 crores, it will be impossible for us to construct all the required buildings in a new State. Mr. Justice Wanchoo recommended that Rs. 230 lakhs should be given. We say that at least Rs. 4 crores should be given to the Andhra State. This figure is accepted by all reasonable people who desire that the new State also must have some basis to prosper. The new State has to start as a partitioned member of a joint Hindu family. The partitioned member of a joint Hindu family has to start everything afresh, and he also has to prosper. So, what I mean to suggest is that all types of assets and liabilities, unissued stores, articles, goods, etc., mentioned in our amendment should be apportioned on a common basis. We do not want to apply the same principle to buildings, hospitals and educational institutions, since it will be dragging too far and since Mr. Wanchoo himself has separately dealt with them.

"Keeping all these things in view, we will have to see that our assets and liabilities are properly divided. It is the duty of all, not only of the Communist party and not only of the Andhras, but of all people who are seriously considering this question to come to an understanding about it, discuss it thoroughly and evolve a common principle on which our assets and liabilities are to be divided. There is no meaning in suggesting that the principle of

10
a.m.

[Sri M. Hanumantha Rao] [25th July 1953]

population should be applied to a particular thing and not to another. If at all we adopt the method suggested in the Seventh Schedule, certainly we will be going in for strife and unnecessary feelings. Hence, Sir, certain principles have got to be evolved. The most democratic principle and the most convenient principle, which cannot be twisted either this way or that way to suit one's own interests or to suit one item and not another item, is the principle suggested by us. If this principle is accepted, I am sure that even the financial commission or the expert committee that will be appointed to go into this (as recommended by this House yesterday) will come to their conclusions on the same basis. So, I commend our amendment for the acceptance of the House. I hope the Government would accept our proposal."

SRI T. N. VENKATASUBBA REDDI :—" Sir, I want to make a submission to you. I feel that this amendment is re-stating all that was said yesterday, and confusing the amendment that we passed yesterday. I think it is generally agreed to by all the people . . ."

MR. SPEAKER :—" Let not the hon. Member call it an amendment. It is only a resolution."

* SRI T. N. VENKATASUBBA REDDI :—" The general principle that assets and liabilities should be divided on population basis is accepted by everybody and by Mr. Justice Wanchoo. The question is how this should be decided in relation to various other items."

MR. SPEAKER :—" The Government of India will do all that."

* SRI T. N. VENKATASUBBA REDDI :—" I feel, Sir, that we are confusing the amendment that we passed yesterday by discussing now the details given in the Seventh Schedule."

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, we were very much concerned with the time required. We discussed the problem of order, procedure and desirability, and the Speaker took part in it. If the Speaker conceded to pressure, are we now to re-open the whole question of procedure? "

SRI C. V. K. RAO :—" Mr. Speaker, Sir . . ."

SRI S. DEIVASIGAMANY :—" Sir, we had a long discussion yesterday. The same matter is being discussed now."

MR. SPEAKER :—" Is the hon. Member moving for closure? "

SRI S. DEIVASIGAMANY :—" Yes, Sir."

MR. SPEAKER :—" But I have one difficulty here. If the closure is accepted the Hon. Minister cannot reply. We must also hear the reply of the Hon. Minister."

25th July 1953]

SRI C. V. K. RAO :—" Sir, the hon. Member Sri Venkatasubba Reddi raised some objection. My point relates to his objection. He said that we were re-stating all that had been said. No. We are only helping all that had already been said. Yesterday everything was discussed in regard to assets and liabilities and their apportionment. The House passed a resolution that a financial commission should be appointed. A suggestion is made as to the basis on which the expert committee may function. This is a democratic principle and a feasible proposition. When we are putting it to the Government that this is a feasible proposition, the Government need not run away from it. Any Member should appreciate our point of view. It is our duty and responsibility to let the expert committee know on what principles we apportion assets and liabilities. As my friend Mr. Hanumantha Rao has already pointed out, different methods are adopted for different purposes, e.g., loans, stores, other machinery, and so on and so forth. So a common principle has got to be adopted, and this common principle will not in any way confuse or burden the expert committee that will be appointed. I hope that the Government will take it up and recommend it to the Centre as a feasible proposition. After all, the Centre wants to be helped. So, if the Government here say that it cannot be done, we will only be confusing the Centre. We all wanted, by a majority vote yesterday, a special committee to be formed. Now the Government can come forward and say that the principle of division on the basis of population can be a feasible one. That way they can make a suggestion to the Centre. This is all I want to say, Sir."

10-10
a.m.

SRI K. VARADACHARI :—" On a point of order, Sir. The Resolution passed yesterday agreed to the appointment of an Expert Committee. If we are to prescribe the method by which this Committee should function . . ."

MR. SPEAKER :—" I have given a ruling on that and I have allowed the hon. Member to move his amendment. Let not Sri Varadachari re-open it."

SRI PILLALAMARRI VENKATESWARLU :—" Sir, I do not like to go into the points that have already been raised by my hon. Friend Sri Hanumantha Rao. Now, if we go through the amendments, one thing will be very clear and that is that most of the amendments advocate the basis of population for division."

SRI G. NAGABHUSHANAM :—" On a point of order, Sir."

MR. SPEAKER :—" I am not going to allow any points of order now."

SRI PILLALAMARRI VENKATESWARLU :—" If one goes through the amendment of the hon. Member Sri Viswanatham (No. 177), one will find that he agrees to the principle of division on the population basis. He differs only in one clause, namely—

"In apportioning, under paragraph 12 of the Seventh Schedule, the public debt attributable to loans raised by the issue of Government securities, or taken from the Central Government, Reserve bank, or other Bank, account shall be

[Sri Pillalamarri Venkateswarlu] [25th July 1953]

taken of the returns and accumulated surpluses given by the capital works on which the outlays have been made and for which capital accounts are kept by the Government.'

On all the remaining issues, he has agreed to the population basis. With regard to irrigation works and hydro-electric projects, the Government are of the view that division should be on the basis of assets and liabilities. Here lies the main difference between the two propositions. Our proposition is that all the assets including those relating to major projects should be divided on the basis of population. It will be to the advantage of both the States and there will be less troubles and less quarrels. If this principle is accepted, we need not go through all the minor items. Yesterday, the hon. Member Sri Viswanatham paid compliments to the Tamil Nad Communists. They were really just compliments which they richly deserved, while most of the other parties have fallen into communalism and provincialism, the Communist Party alone stood like a rock. They stood for just principles and I hope this House also will stand for the same just principle of dividing the assets and liabilities on the basis of population. With regard to almost all the provisions in the Bill, the population basis was accepted. I do not know why the Government should vary their principle with regard to major irrigation and hydro-electric projects. Sir, the views of the Central Government may differ. But it is we, the two States, that have to bear the brunt of the troubles and quarrels. To avoid all these things, I appeal to all the hon. Members, to whichever State they may belong, to support this view point. With these words, I support the amendment."

SRI T. NAGI REDDI :—" Sir, here is a suggestion which has been accepted with regard to so many clauses. As a matter of fact, even the hon. Member Sri Ramakrishna Ayyar and others have given notice of a number of amendments to the effect that the allocation should be on the basis of population. But we have been told that it is a cumbersome process. I do not think it would be so. Whatever the basis may be, we will have to divide certain things. The basis may be different but the bringing of all those things together will have to take place, whether they be assets or liabilities. When those things are brought together, we can very easily divide them on the basis of population. It is always good and safe to adopt simple principles acceptable to all concerned instead of adopting complex principles on different subjects. We were told yesterday that the Communist Party always seemed to put forth some simple principles, but that the subject was not so simple as that. We believe that this subject which looks as though it is very complex is not complex for the simple reason that the principle to be adopted is that division should be on the basis of population. This principle is also a reasonable one and it should be accepted by all without much controversy.

" Another point is this. If this principle is accepted, it will automatically mean that it is accepted with regard to all the clauses in the Seventh Schedule. This principle may or may not be advantageous to us. I am not at all concerned with it because I have

[Sri T. Nagi Reddi] 25th July 1953]

no facts with me. Without facts, the simple question that we are asked to analyse is how a property has to be divided between the two States. People who have facts available with them may know how much is going to be divided and to whose advantage this principle will be. But we are not in the good books of the Government to get at the facts. What we know is that certain things relating to projects, industries, electricity schemes, public loans, etc., have to be divided between the two States. The Hon. Sri Subramaniam says that he himself does not know these things. I do not know whether he expects us to believe him. Having gone through the whole question for some months, to say that he does not know even the approximate figures is quite unacceptable and unbelievable. In the absence of facts, the only commonsense principle we can evolve is that all the assets and liabilities should be divided on the basis of population. This will ensure reasonable and equitable distribution between the two States. I hope the Government and the House will accept this amendment."

* SRI R. LAKSHMINARASIMHAM DORA :—" Mr. Speaker, 10-20 a.m.
Sir, the question of partition involves us in four issues. The issues for consideration are what are the assets to be divided, who is to divide them, how and in what manner they have to be evaluated and in what proportion they have to be divided? These are the factors, I should say, relevant factors, that we have to consider now. Mr. Viswanatham's amendment has simply laid down that a Tribunal or Commission should attend to this matter. Clause 46 and the Seventh Schedule both lay down the manner in which the assets are to be divided. Mr. Viswanatham's amendment is not clear on other points, viz., on what proportion the properties should be divided. Now how to evaluate the various properties. On these points, there is bound to be sharp divergence of opinion between the various sections of this House and various parties that are concerned with this partition. Now that we are appointing a High Power Financial Commission, I feel it is better if we leave all these things to be considered and decided by it. That is the best organ to say which property should be divided and how they have to be evaluated and in what proportion—whether as suggested by Mr. Wanchoo, according to the population or by any other method—the properties and other assets have to be divided. Unfortunately, one uniform principle has not been adopted in the report submitted by Mr. Justice Wanchoo. That is why there has been so much discussion. My submission to the House is this. In this House, which is disproportionately divided linguistically it is not possible to come to any conclusion. Moreover, this is a matter in which three States, viz., the new Andhra State, the residuary Madras State and the Mysore State are interested and each will be anxious to safeguard its own interest. So, instead of quarrelling among ourselves in the House, it is better if this matter is left over to be considered and decided by the High Power Financial Commission which will be appointed by the President of the Indian Union."

[25th July 1953]

* SRI M. KALYANASUNDARAM :—" Mr. Speaker, I have also given notice of a similar amendment which comes under the Seventh Schedule. I think both the amendments can be taken up together for discussion. In proposing this amendment, the Communist party wants to lay down certain basic principles to which the future Andhra State and the residuary State should be committed. Yesterday, when we voted for the appointment of an Expert Committee, the Tamil Communists and some of the Tamil members of the Praja Socialist Party were alone, to support it . . . Sir, I am corrected by my friend. The Malayalee comrades also were with us. Today I find that hon. Members like Mr. Varadachari, Mr. Venkatasubba Reddi and even to some extent my hon. friend Mr. Viswanatham are feeling a bit inconvenienced due to this proposal. I am not surprised at this. When I was receiving a compliment from Mr. Viswanatham, I had a lurking fear in my mind whether I will receive such compliments till the end."

SRI T. VISWANATHAM :—" When I paid my compliment, it was genuine and it could never be otherwise."

* SRI M. KALYANASUNDARAM :—" I really appreciate the genuineness of the compliments. My only wish is that it should be there till the end, and even after partition. It was genuine yesterday. Now, the Communist party does not want to leave things vague. Yesterday, there were some Tamil Members who were feeling and also saying that the Communists have no love for their Tamil State. Even in 'Dinamani' paper, reference has been made to this."

THE HON. SRI C. SUBRAMANIAM :—" I do not think allegations in newspapers could be referred to and answered on the floor of the House. The hon. Member has got other forums for this purpose."

SRI S. DEIVASIGAMANY :—" May I know how these remarks of the hon. Member are relevant to the subject under discussion? "

* SRI M. KALYANASUNDARAM :—" If it is inconvenient to some of the hon. Members, I cannot help it. These remarks are quite relevant. It is not as if the Communists of Madras State—whether they are Tamils, Andhras or Malayalees—are different to the prosperity of the residuary State. We are as much concerned as anybody else in this House with the future of both the residuary Madras State and the Andhra State. That is why we want to lay down certain principles to which both the residuary State and the future Andhra State should be committed, including my friend Mr. Viswanatham. The principle laid down with regard to the division of assets and liabilities, in clause 46 and also Seventh Schedule, is one of shirking responsibility by the Central Government. That is the main principle underlying the present Bill and to which we should direct our attention. In a smoke of confusion, we should not sidetrack the issue. In partitioning this State, the Central Government want to shirk their responsibility in total and

[25th July 1953] [Sri M. Kalyanasundaram]

also want to set one against the other. That seems to be the principle adopted by them. I appeal to the hon. Members of this House to consider this subtle underlying current behind this Bill. Knowing the Central Government as we do, there ought to be no surprise at this. It is a fact that they are against redistribution of the country on the basis of linguistic States. By incorporating such provisions in the Bill and by creating so many difficulties, they only want to prove to the world that redistribution of States is quite impracticable. That is why I say that the principles and provisions enunciated by them in the Bill will only lead to endless and continuous hostility after partition between these two States.

"That is why we, Communists, are vitally interested in the good relationship that exists between these two States and we want a basic principle which is not against the interests of either the residuary State or the Andhra State but is against the principle of the Central Government." 10-30 a.m.

THE HON. SRI C. SUBRAMANIAM :—" Mr. Hanumantha Rao postulated a theory and formula for buildings, hospitals and capital. Do you accept that? "

* SRI M. KALYANASUNDARAM :—" I shall leave no doubt in the mind of the Hon. the Finance Minister as to that. We want that both the residuary State and the Andhra State should bring pressure on the Central Government to take some responsibility at least in meeting the extra expenditure that may be incurred. That is the main consideration on which we, Communists, proceed. That is why we are not afraid of making any proposal. That is why we are not afraid of what the Tamil or the Andhra Members would think. We do not have any confusion at all. Sir, a wave of commotion was created and passions were roused in the whole of Andhra on the issue of Madras City. What did the Communists do then? "

THE HON. SRI C. RAJAGOPALACHARI :—" You are going into a comprehensive defence of the Communist policy."

SRI M. KALYANASUNDARAM :—" If the Hon. the Finance Minister gives advice to his men not to talk about our policy, I shall restrict my remarks."

THE HON. SRI C. RAJAGOPALACHARI :—" There was not even talking on this side."

* SRI M. KALYANASUNDARAM :—" Sir, when we speak of assets and liabilities the Finance Minister need not try to ridicule us by saying that we want every pin or tag in a district office or the revenue inspector's office in Tinnevely or Ramnad to be taken into account. That is not so. The Finance Minister is only trying to twist the issue. When we say assets and liabilities, we mean industrial undertakings, irrigation projects . . . (The Hon. Sri C. Subramaniam : 'Do you include land?') certainly not land. I

[Sri M. Kalyanasundaram] [25th July 1953]

know Mr. Hanumantha Rao did not say it and we do not want the files or the furniture in the district offices to be divided. We want only those which can yield some revenue."

THE HON. SRI C. SUBRAMANIAM:—"Land is a source of revenue and the most important source of revenue. Why not include that also?"

* SRI M. KALYANASUNDARAM:—"We can attach great importance only to the irrigation schemes and certain industrial undertakings. These are important things in our conception of assets and liabilities. Sir, with this clarification, I support this amendment."

* THE HON. SRI C. SUBRAMANIAM:—"Mr. Speaker, Sir, considerable time was taken by the various Communist Members to explain the stand they have taken and also the basic principles they have adopted. We should not only understand the basic principles but also the strategy involved in the Communist Party's principles. Their supreme end is the Party should not crack. Party unity and party interests are their supreme end."

SRI PILLALAMARRI VENKATESWARLU:—"On a point of order, Sir, do we expect the Hon. Minister to deal with the points that have been raised with reference to the amendment or to deal with the Communist Party? If he wants to deal with extraneous matters, let him say so; we are prepared to discuss and let him accept the challenge."

MR. SPEAKER:—"It is not a point of order."

* THE HON. SRI C. SUBRAMANIAM:—"That is the supreme end of the Communist Party. They try to hide this end under what they call basic principles so that there may not be a crack in the Party itself. That being their supreme end, when it comes to a question whether they should prove faithful to the area from which they come or whether they should be faithful to the Party, they have decided in favour of the Party ends. That is why even at the risk of being traitors to the State, they want their Party ends to be fulfilled. That is the case with reference to the country itself. When it is a question of country's interests versus Party's interests, the Party interests are given preference. So, even at the risk of proving traitors to the country, they maintain their party."

SRI T. NAGI REDDI:—"On a point of order, Sir, this is the most unmannerly and indecent way of attacking us. We are discussing a certain amendment and Mr. Subramaniam, as Finance Minister, must have felt some responsibility in talking about us in this irresponsible way. Such an irresponsible talk on the part of a Minister is most dangerous and I must tell you that I have got a right of reply before the motion is put to vote. You must allow me to speak before that."

* THE HON. SRI C. SUBRAMANIAM:—"I am glad, Sir, he has spoken in a very decent manner. (Sri T. Nagi Reddi: 'Decency will beget decency'.) Sir, I am not accusing them."

25th July 1953]

[Sri C. Subramaniam]

It is an international party and is not confined to one country. It is not confined to one State. The Party is international and it has got its own interests, its own ideals." (Interruption.)

MR. SPEAKER:—"Order, order."

THE HON. SRI C. RAJAGOPALACHARI:—"I rise with your permission, Sir. We need not generate so much heat . . ."

SRI T. NAGI REDDI:—"We did not."

* THE HON. SRI C. RAJAGOPALACHARI:—"Please listen to me and then discard my advice if you do not like it. Sir, I was saying that it was unnecessary to generate so much heat or to continue it even though it had been generated. The thing which the Leader of the House has been saying I have said so many times and hon. Members have not objected. (Sri T. Nagi Reddi: 'It is not relevant here.') It is not a question of relevancy. I have said the Communist Party is essentially an international party. He has said they disregard the interests of the State which perhaps does not sound well."

SRI T. NAGI REDDI:—"May I know from the Chief Minister whether it reasons well if it does not sound well? It is neither sound nor reasonable."

* THE HON. SRI C. SUBRAMANIAM:—"What I said is a statement of truth. From this aspect, I want to analyse the results of voting on the amendments yesterday. When they voted for amendment No. 114, they said democratic principles should weigh in all matters of State. I do not want the House to go back upon that principle. But what democratic principle is involved in handing over the entire thing to two or three people to be appointed by the President whose opinion is to be final? So, there is no question of democracy here. But still they chose to vote in favour of the amendment because they did not want the Party to crack. Having voted for that 'democratic' principle, now they move this resolution—amendment 126—laying down that division should be on population basis."

"Then what is the attitude adopted by Sri Hanumantha Rao? 10-40 a.m.
It is not as if one principle could be adopted for all assets and liabilities. The stand taken by him is, 'Even with regard to that principle I have not included buildings, hospitals, etc., for which different principles should apply. It is stated that a different principle should apply to buildings, capital, hospitals, educational institutions and other equipments. If it is good that we should apply two principles in respect of the two sets of assets and not one principle then taking into consideration the complexity of the matter concerned, and various kinds of assets, differing from each other, built in different ways and worked in different ways, we will have to apply different principles according to the nature of the assets concerned. Therefore, Sir, the Government of India have gone into the whole matter and have suggested equitable and just principles in respect of each asset."

[Sri C. Subramaniam] [25th July 1953]

"Then, Mr. Hanumantha Rao said that Rs. 2.34 crores for the capital is not enough and that Rs. 4.0 crores or some bigger amount should be given to them because they have got to build a new capital. In the interests of the Andhra State, he said the requirements of the Andhra Government should be taken into consideration and on that basis the compensation should be fixed at Rs. 4.0 crores or Rs. 10.0 crores. Therefore, Sir, it is not the population principle only that they want to apply—they want to apply some other principle also, viz., the requirements of the Andhra Government. Sir, not only the requirements of the Andhra Government, but the requirements of the residuary State and the requirements of the people as a whole in this State also have been taken into consideration and the principles have been evolved by the Government of India.

"Then, coming to the question of different assets, it has been said that all assets have been taken into consideration and it does not matter whether it is buildings or some other asset. Sir, land is the most important asset we have and it is also a revenue yielding asset. Are we going to value land also and make adjustments with regard to population? And land cannot be moved from one place to another and adjustments have to be made with reference to the value. But they say land is a different thing. So also everything is different. It is not as if the land is something dissociated from the people residing in the locality. Land has attained value by the labour, industry and skill that have been put into it by the people and the Government and it cannot be said that the same principle should be applied to land also. If land also should be included in the assets and the assets and liabilities should be divided on a population basis, I am prepared to accept the amendment. But they do not want land to be included in the assets because it is inconvenient for them. But they want all other kinds of assets to be included in the assets. After all land by itself has no value. What about the improvements, what about the labour and money spent on it? If we do not take into consideration improvements, skill and money, land is valueless. It is not as if land by itself is valuable. It gets value because of the money put into it and because of the contribution made by the Government in putting up roads for the purpose of approaches to the land, because of the irrigation projects that have been constructed and also in some cases of electricity taken to the land. Land has become valuable because of the contribution made by the Government and the community as a whole. If that be so, why should land alone be treated separately? It is because it is inconvenient for them. Therefore, I respectfully submit that there is no meaning in this amendment and we cannot accept it.

"As a matter of fact, I can point out why certain principles have been adopted in respect of certain assets. For example there is unissued stores and when we take up paragraph (3) of the Seventh Schedule for discussion, I can explain why a certain principle has been adopted. So also the Government Press, the Central Road

25th July 1953] [Sri C. Subramaniam]

Fund, the Zamindari Abolition Fund, Public Debt, etc. I can say why a certain principle is adopted in respect of pensions and why another in respect of State Trading Schemes. In fact, if we apply the principle of population to everything, that will be a great burden even on the Andhra State and it is better they realize it. What is the State Trading Scheme? It relates to the Civil Supplies department which is trading in rice. If the property is to remain where it is and if it should be valued and divided on a population basis, I do not know how it is going to help the Andhra State and whether they will be happy about it. The entire requirement of rice is in the residuary State and the Andhra State is surplus in rice. They do not know their interests and they want to take over liabilities without realizing it. Therefore, Sir, we cannot adopt a uniform principle in respect of all assets. For example, let us take the question of loans. Of course, they have to be collected and shared. The Andhra State is to collect the loans, so also the residuary State and then share them. When it is a question of collection, the Andhra State may not take proper interest. But the residuary State is responsible for all the loans. Therefore, Sir, I say that everything has been gone into and principles have been laid down in the Seventh Schedule. Therefore I respectfully submit that this amendment should be thrown out. When the Schedule is taken up for discussion, it would be time when we can say whether a particular principle should be adopted for a particular asset and the Government also have given notice of an amendment. There is no meaning in this amendment and I am sure the House will agree to reject it."

* SRI M. KALYANASUNDARAM :—"Sir, on a point of personal explanation. The Hon. Leader of the House thought it fit to enter into a wholesale attack on the Communist Party. I can understand the cause for his anger. He is so jealous of the Communist Party because it is able to remain united. What is the basis on which he is preserving the unity of various heterogeneous elements if it is not on parochial passions and prejudices and we are hitting at it. That is why he is so angry. I want to make it clear, Sir, that we are not a whit less patriotic than those people."

* SRI M. HANUMANTHA RAO :—"Mr. Speaker, the Hon. Minister for Finance has distorted my speech and I have got to explain my position. The Hon. Finance Minister was referring to many irrelevant things, one amongst them being the supreme interests of the party. Of course, ours is an international party."

MR. SPEAKER :—"The hon. Member should not repeat what Mr. Kalyanasundaram has said."

SRI M. HANUMANTHA RAO :—"I am not repeating what Mr. Kalyanasundaram has said. But I have got to reply, Sir."

MR. SPEAKER :—"The hon. Member has no right of reply. He can speak only by way of personal explanation."

[25th July 1953]

SRI T. NAGI REDDI :—" I have no objection, Sir, if you allow him on my behalf."

MR. SPEAKER :—" It is not a question of allowing. He cannot reply for another Member."

SRI M. HANUMANTHA RAO :—" Sir, ours is no doubt an international party. It is also a national party. For us there is no conflict between the two. So we are united and we continue to be united."

MR. SPEAKER :—" It is no personal explanation. The hon. Member Sri T. Nagi Reddi will now speak."

SRI C. H. KANARAN :—" On a point of order, Sir."

MR. SPEAKER :—" I shall allow the hon. Member after Sri Nagi Reddi speaks."

10-50 a.m. SRI T. NAGI REDDI :—" I know, Sir, why the Leader of the House came forward with such unreasonable arguments. I know why he came in at such an untimely moment, to attack the Communist Party. I know why he used such vehement language against the Communist Party. I know why he abused us of being selfish and all that. It is not because we the Communists are unreasonable but it is because the Government of which Mr. Subramaniam is the Finance Minister is unreasonable, that Mr. Subramaniam had butted in at an unreasonable moment to use such a vehement language against us. He is sure that the stand he had taken is unreasonable. Let him search his heart and tell me whether he is reasonable. Let him follow the principle which he and the Hon. Chief Minister hold so sacred, I mean, the principle underlined in the Hindu religion. Let him as a true Hindu touch his conscience and say whether he had been right in using such vehement language against us and slandering us (I mean we, the Communists) that we belong to an international party and we have got only parochial interests and not national interests. That is why the Hon. Mr. Subramaniam had charged Mr. Kalyanasundaram with parochial feelings. That is why he had made a distinction between Mr. Kalyanasundaram and Mr. Nagi Reddi. That is why he had said that Mr. Kalyanasundaram being a Tamilnad Communist, had betrayed national interest for the sake of party feelings by having voted for the motion of Mr. Viswanatham yesterday. Of course it is not as if we, the Communists, have no national interests. It is not as if we, the Communists, can never rouse public opinion. It is not as if, Mr. Nagi Reddi, cannot speak for the masses. Nagi Reddi will speak, can speak and will continue to speak for the masses. Let not Mr. Subramaniam think that only he and the Congress Party that he represents can speak for the masses and that the Congress alone cares for the interest of the nation. Of course, I do admit that we belong to an international party. But that does not mean that we care only for party affiliations and not for the interests of the nation. It is because we belong to an international body we want to imbibe

[25th July 1953] [Sri T. Nagi Reddi]

what all we have found good in that body for the promotion of our nation. That is the principle on which we work. Let Mr. Subramaniam carefully take note of this point. Let him not without understanding the principle on which we stand, abuse us by saying that we care only for party solidarity and not for national interests. Of course we do stand for solidarity within our ranks. But never for a moment think that we would be parochial and not care for the interest of the nation. Let me clearly say that it is not the Communist Party but the Congress Party that is parochial in its aims. It is because it has of late exhibited its parochial attitude in some sectors, that we now see the mass uprising. It is the attitude of the Congress and not the Communists to rouse passions against one another. That is exactly what this Government, of which Mr. Subramaniam forms a part, is doing. As I had already said, the people have awakened. It is not possible any longer to deceive them. Let me now come to the point. What is it that we say? What is it that we want? We want justice, and nothing more than that. Whenever we are about to divide, is it not just and equitable that we know what our assets are? Are we not justified in asking for exact figures? Have the figures been supplied to us? Can it be said that it is not possible for this Government to collect a data of all our stores within five days? Surely, the Government can do it. But they do not want to furnish us with figures. And then when we are about to divide, on what principle should we divide? Who is the best judge? Is it not the people? After all, these properties belong to the people and not to any aristocrat. When such is the state of affairs, is it any wonder that we ask that the division of assets and liabilities between Mysore, Andhra and Madras should be on a population basis? Is it not democratic? If it is not, which is democracy then? Time and again it is said that the Congress Party always follows democratic principles? If it is so, why then should it shirk dividing the assets and liabilities on a population basis? After all, what is Government? Is it not said that Government is of the people, by the people and for the people? Why should the Government shrink from dividing the assets then on a population basis? Of course Mr. Subramaniam may say that 'land' is not an asset. To Mr. Subramaniam's mind 'asset' may not include land. But we the Communists look upon the sweat of the common man's labour on land as an asset (Cheers from Communist benches). I had already said, the Government have not been frank with us. When I wrote previously to some departments asking for details with regard to stores, I got the reply that figures would be furnished in the Assembly. What is it that we found in the Assembly? Were we supplied with facts and figures? No, the answer is a blank 'No'. Then how can Mr. Subramaniam ask us not to have any suspicion on them? Of course it is true that some of us are led to have some suspicion because of the recent attitude of Government. Let me be frank about it. For we cannot help it. When we are asked to give our opinion on a particular clause, is it not justice that we should be supplied with exact figures especially when it is a clause dealing with division of assets and liabilities?

[Sri T. Nagi Reddi] [25th July 1953]

Without supplying us with relevant figures, Mr. Subramaniam now comes and abuses Mr. Kalyanasundaram as though he had forsaken national interests and cared only for party interests? Let the people judge, whether myself or Mr. Kalyanasundaram or Mr. Subramaniam had been democratic?

"I am not putting forth any strange argument when I say that the assets and liabilities ought to be divided on a population basis. Not only we the Communists favour such a course, any man caring for justice and equity will do so. May be Andhra is rich in the matter of rice. May be Tamilnad is deficient. May be Andhra is not having any single industry worth the name. May be Tamilnad is full of big industries. Are we asking the division of these immovable assets? No. We only say that the movable assets be divided and that too not on any arbitrary formula but on a population basis. No one can say ours is an unjust stand. I do hope that learned friends like Mr. Viswanatham, Mr. Venkata-subba Reddi and others will lend their support to my motion."

11 a.m. (The Hon. Sri C. Subramaniam rose in his seat.)

SRI T. NAGI REDDI :—"Does it mean, Sir, that the Hon. Minister will be having a right of reply?"

THE HON. SRI C. SUBRAMANIAM :—"I am entitled to reply, Sir."

* SRI T. NAGI REDDI :—"The person who gives notice of an amendment has a right of reply. The Hon. Minister, I am afraid, has no right of reply and therefore, he cannot speak once more."

MR. SPEAKER :—"The hon. Member must go through the rules before he raises the point of order. I have allowed the Hon. Minister to speak."

SRI PILLALAMARRI VENKATESWARLU :—"This motion, I wish to submit to you, Sir, is not a Government motion and therefore, the Hon. Minister has no right of reply."

MR. SPEAKER :—"I have permitted him to speak."

SRI PILLALAMARRI VENKATESWARLU :—"That is why, Sir, I am appealing to you Sir, that he has no right of reply and cannot speak."

* THE HON. SRI C. SUBRAMANIAM :—"Mr. Speaker, Sir, the hon. Member ended up his speech by characterising me as a school boy. Let me tell him, Sir, that I am glad about it and I am a school boy and I will continue to be a school boy because, Sir, unlike the hon. Member, I feel I have yet a lot to learn and I do not think I have learnt all the things which have got to be learnt. Sri Nagi Reddi may feel that he has come to a stage where he knows everything (Sri T. Nagi Reddi: 'But not as little as the Hon. Minister') and I congratulate him and let him continue in that attitude but I shall always take the attitude that I do not know much and I have got to learn much more than I know,

25th July 1953] [Sri C. Subramaniam]

in fact infinitely more than I know and I do not lay claim to knowing everything. In that sense I am a school boy, and I am trying to learn and that is my honest attempt and if other people take a different attitude, I congratulate them and let them have their own attitude and they are entitled to it, Sir.

"Then, Sir, coming to the other point whether facts are necessary for the purpose of laying down principles, even according to Sri Nagi Reddi, facts are not necessary for the purpose of laying down certain principles on the basis of which certain assets should be divided. It is not necessary that we should go into the minutest details, find out and arrive at the value and how it will work. As I have already stated even according to him his amendments have been placed before the House without knowing facts. If he had taken the stand that without having facts in his possession, he cannot decide, there is no place for the amendment at all and he should have merely stated that he was unable to discuss the provision and to make any recommendation. On the other hand if you want to go only to the question if principle without reference to advantages which you may get out of it, the principles should be discussed. To-day at least I am glad he is able to agree to that view. But as far as the facts are concerned, they are quite unnecessary when we are discussing principles. I have already pointed out that it is not possible to accept a blanket formula for everything, buildings, hospitals and things of that kind. When reservation is made in the explanation itself, it will not be possible for any one on this side to accept the amendment and I would therefore, request hon. Members that when the schedule is taken up paragraph by paragraph, they can give their suggestions."

MR. SPEAKER :—"I shall put Mr. Nagi Reddi's amendment No. 126 to vote. The question is—

'This Assembly is of the opinion that all types of assets and liabilities, unissued stores, articles, goods and various funds including depreciation reserve funds be divided between Madras, Andhra and Mysore States in proportion to the population of Madras and Andhra States and of the territory transferred to Mysore State.'

The amendment was put and declared lost. A poll was demanded and the House divided thus :

Ayes 147 ; Noes 135.

The amendment was carried.

[25th July 1953]

11-20
a.m.

SRI PRAGADA KOTAIAH :—" In view of the decision taken by the House with regard to the principle to be adopted for apportioning the assets and liabilities, is it necessary to discuss the Seventh Schedule? Mr. Speaker, Sir, I want a ruling."

SRI T. NAGI REDDI :—" Only the financial aspects of the matter in the Seventh Schedule have been discussed. There are other resolutions of a general nature which have to be discussed."

SRI K. KOTI REDDI :—" The Seventh Schedule is referred to only in Clause 46. Clause 46 is now to be deleted in the face of Sri Viswanatham's amendment which has been accepted by the House. Where is the necessity for the Seventh Schedule to be discussed? "

SRI T. NAGI REDDI :—" Leaving aside financial aspects which have been discussed, there are other provisions in the Seventh Schedule which relate to the location of the capital. There are a number of amendments with regard to that. Amendments Nos. 224, 225, 226, 227, 229 and 230. So this aspect of the Seventh Schedule has to be taken up."

* SRI T. N. VENKATASUBBA REDDI :—" Sir, first of all I would like to submit that in view of the two amendments that we have accepted both yesterday and to-day, it will be contradictory to those amendments if we now go into the details of the Seventh Schedule. So far as Mr. Nagi Reddi's statement that there is one clause relating to the location of the capital is concerned, I wish to state that there is no clause as such. But there is a proviso to paragraph 12 (2) which reads as follows :—

" Provided that any loan taken from the Central Government before the appointed day in connection with the construction of buildings, roads or other works in the city of Kurnool for the temporary capital of the State of Andhra shall, to the extent of the expenditure so incurred until that date be wholly the liability of the State of Andhra."

This is merely a clarification that the debt we take from the Central Government shall be the liability of the new State. That is also one of the financial provisions which will have to be gone into by the neutral Commission. I therefore submit that it is unnecessary for us to go into the Seventh Schedule, because it will be contradictory to our own amendments."

* SRI M. HANUMANTHA RAO :—" Sir, I wish to make one submission. The Seventh Schedule relates mostly to financial aspects and as many of the hon. Members have expressed, it is not necessary to go into those details. But, at the same time, this issue of capital is linked up with the Seventh Schedule. If the Hon. Mr. Speaker is allotting separate time for discussing the question of the capital of the new State, that issue can be separated from the Seventh Schedule. The financial aspects in the Seventh Schedule need not be gone into and the discussion of the capital alone may be taken up."

[25th July 1953]

MR. SPEAKER :—" I would like to hear what the Government have to say in the matter."

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, I do not accept the proposition that, because a vote has been taken and a particular view has been expressed, the thing is closed. We are not dealing with a Bill which we can pass into law. We are only offering our views on matters so that they may be helpful at the time the Bill is taken up in Parliament. Let not technicalities exclude the Members from expressing their views. I did not advise the Leader of the House to go on a technical basis. But there is a limit even to that. The view has been expressed that the apportionment of assets and liabilities should be left to a commission for final disposal and that that commission should adopt the basis of population for the apportionment. The expression of that view does not bar the House from expressing its views on the other provisions in the Seventh Schedule for this reason. Barring the Members belonging to the Communist Party, the vote has gone purely on a linguistic basis. There is no object in repeating the performances over and over again. Therefore it is desirable not to waste any further time on the expression of views. The views are already there. If the Central Government feel that the view expressed by the majority vote in this House either with reference to the appointment of a commission or with reference to the population basis is not the last word on the subject, still there will be some matters which will have to be considered if the Bill is to be based on a different structure. I submit frankly that it is more a matter for the Government to express the difficulties and leave the final decision to the Government of India and Parliament. I therefore submit that we need not waste any further time on the Schedule."

" With regard to capital, a distinction has to be drawn. The provision with regard to capital is included only as a financial provision, and it will be a waste of time to discuss it in that form. But it is open to any Member to bring in any resolution or express any view apart from the Bill if it will be helpful in piloting the Andhra State Bill. That is how I look upon the position."

SRI G. LATCHANNA :—" Sir, the decision we have taken is about the apportionment of assets and liabilities. It is provided in the proviso to paragraph 12 (2) in the Seventh Schedule that a certain expenditure is likely to be incurred on the construction of buildings, roads or other works in the city of Kurnool for the temporary capital of the State. My amendment proposes that the money shall be invested in a different place. This is a different issue altogether."

MR. SPEAKER :—" Is it the hon. Member's contention that we should take up the amendment of Mr. Latchanna (No. 224)? "

SRI T. NAGI REDDI :—" We should take up all the amendments beginning from that amendment (No. 224) relating to changing the place of the temporary capital."

[25th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—" To make it more tidy, all these amendments should be reworded as independent resolutions."

SRI T. NAGI REDDI :—" I have no objection to that."

SRI K. VARADACHARI :—" Sir, my amendment No. 263 seeks to provide that the areas in the Andhra State now served by electricity produced in the Madras State shall be continued to be so served on the existing conditions and terms even after the partition. I have suggested that it may be added as the last paragraph in the Seventh Schedule. It may not be quite relevant to put it in the Seventh Schedule in the present context. I want that it should be discussed as a separate resolution. If the Government give an assurance that the supply of the electricity will be continued, I will withdraw my amendment."

THE HON. SRI C. SUBRAMANIAM :—" Electricity project also is an asset, and according to the decision taken by the House it will also be divided on the population basis. How can we accept any other basis or principle?"

* SRI T. VISWANATHAM :—" Sir, as was rightly pointed out by the Hon. Chief Minister, the Schedule relates to the financial aspect of certain matters, i.e., the apportionment of assets and liabilities. The particular clause in which the word 'Kurnool' occurs is also a financial provision specifying as to who should bear the cost of construction of buildings, roads, etc. Notwithstanding the proposition that has been passed, I say that the Andhra Government must bear the cost. I think the inclusion of that clause in the schedule is due to untidy draftsmanship. It should have been kept separate. Still, the existence of the word 'Kurnool' cannot be taken advantage of to give a right to this House to change the place. The reason is this. The Prime Minister of India laid down a procedure so far as the capital is concerned. It is not a constitutional necessity that the Bill should contain the name of the capital of the State. The Madras Government as well as the India Government thought that we must follow the procedure laid down by the Prime Minister. In pursuance of the Prime Minister's statement, you, Mr. Speaker, were pleased to convene a meeting of the Andhra legislators of this House, and they took a decision. The meeting was not informal and an official record of the proceedings was kept. When a particular procedure was laid down and followed and a decision taken as a preliminary or accessory to the passing of the Andhra State Bill, I submit in all sincerity that we are bound by that decision."

MR. SPEAKER :—" So far as the Speaker is concerned, how can he disallow the amendments? That decision is not binding on the Legislature. Though it may be morally binding, it is not legally binding."

11-40 a.m. * SRI T. VISWANATHAM :—" It is legally, politically, and morally binding. The considerations which prevailed upon you to convene a meeting of the 140 Andhra Members of the Assembly

25th July 1953]

[Sri T. Viswanatham]

still remain. It is by virtue of the decision taken then that the word 'Kurnool' itself has been inserted in the Seventh Schedule. The Government of India know that the location of the capital of a particular State need not form part of any particular Statute. That was the reason why they first ascertained the view of only the Andhra Members of the Madras Legislative Assembly. When the decision was communicated to them, they simply mentioned it. Of course, it is quite open to this Legislative Assembly to come forward with a fresh proposition. It is for the House also to consider whether it is worthwhile that a fresh proposition within one month of passing the original proposition should be considered over and over again by Members who are going to constitute the new Legislative Assembly of Andhra, even before the Andhra State comes into existence, and imperil its coming into existence. After the formation of the Andhra State, there will be plenty of time for the new State to sit calmly and consider where the capital has to be permanently located. Then they will be in a position to appreciate realities better. In my opinion the amendment is out of place. Because, a special procedure was then laid down, you were pleased to follow that procedure. We followed it. The Government of Madras followed it, and the Prime Minister of India also followed it, and followed it up . . ."

MR. SPEAKER :—" I ask whether that resolution is legally binding on this Assembly."

* SRI T. VISWANATHAM :—" I say, Sir, it is binding. That is the view taken by the Government of India. We are all following all the proceedings. They are not informal statements. They are part of the same official records. I submit, Sir, opportunity must not be taken now for a re-agitation and endanger formation of the State. There is no doubt we have got a right to re-agitate. But this is not the time, Sir."

* THE HON. SRI C. RAJAGOPALACHARI :—" I should like to mention, Sir, for the information of hon. Members that so far as this issue is concerned, we both are on common ground that this is not part of the Seventh Schedule. If at all it is to come it must be a distinct proposition, and I might give notice to the hon. Member who was speaking about it that the Members of the Residuary State, in my opinion, should not take part in this discussion or in the voting. I wanted to explain this quite clearly so that our position may be well understood. I do not say that no resolution can be brought before this House. It is too much for me to say that. But I do not think the Members of the Residuary State should take part."

SRI M. KALYANASUNDARAM :—" Sir, on behalf of the Communist party I accept the suggestion of the Hon. the Chief Minister on this issue."

SRI T. PRAKASAM :—" Sir, I am glad that the Chief Minister has made the position clear. I am supporting what Mr. Viswanatham has placed before you in detail. I should have expected

[Sri T. Prakasam] [25th July 1953]

you, Sir, before you allowed all these amendments to be printed and circulated, to point out to Members that the amendments of Mr. Latchanna and others have all been covered by the decision taken in a special session."

MR. SPEAKER :—" It was not a special session. It was only an informal meeting of the Andhra Members."

SRI T. PRAKASAM :—" I stand corrected, Sir. It was a special session of the Andhra legislators."

MR. SPEAKER :—" It was not a special session of the Madras Legislative Assembly."

SRI T. PRAKASAM :—" I agree. That is why I am pointing out to you, Sir, as the Speaker, and as the careful Speaker (laughter) not only ordinary points of difference but points of law and Constitution also. I should have expected you, Sir, when you were acting under the orders of the Prime Minister of India . . . (Interruption.) I stand corrected. I should not have used the word 'orders'. Under instructions from the Prime Minister, in the ordinary course, I was expecting you to say 'this would not arise out of matters that would come before the House', particularly when people without any relevancy to the context, were trying to find out the place where the word 'Kurnool' appeared. That is why I expected you to point out that now. I am telling you that so far as procedure is concerned, Mr. Viswanatham has fully explained. Even speaking from the Constitutional point of view, I am pointing out to you that the whole procedure adopted by you at that time was under instructions given by the Prime Minister of India. So, the matter is closed. It would not come again in this Bill. That was omitted completely. To circumvent that position, various Members re-opened the whole point again. Therefore, Sir, it is out of order. As you say, nobody can prevent a proposition being brought before the House as a wholly separate proposition. Therefore, I object to the methods adopted by various Members who have moved amendments and object to the manner in which they have tried to force this discussion here."

* SRI M. HANUMANTHA RAO :—" Sir, even though the Andhra Members of the Madras Legislative Assembly at an informal meeting decided upon certain things, it cannot be said that they are legally binding or morally binding on this House. They are not legally binding. The Hon. the Prime Minister wanted to make some suggestion. In order to make that suggestion, he wanted the Andhra Members here to say something. Simply because the Andhra Members of the Madras Assembly chose to suggest something at a particular time, it does not mean that whatever is suggested by the Prime Minister or by the Government of India on the basis of that recommendation is binding on us. So, Sir, I say that that decision is not binding on us. We are certainly empowered to discuss the question of capital and

[25th July 1953] [Sri M. Hanumantha Rao]

come to a decision. The final decision can be taken only in Parliament. So, the point of order is not valid. That is my submission."

* DR. K. B. MENON :—" Sir, there seems to be a general 11-50 a.m. consensus of opinion in the House that the decision taken at a meeting of the Andhra Members of the Assembly is morally binding, if not legally binding. A moral obligation, I suppose, is much more weighty than a legal obligation and as such is relatively more obligatory on the House."

MR. SPEAKER :—" If that is so, he may ask Sri Latchanna not to move his amendment."

DR. K. B. MENON :—" I believe, Sir, that to re-open the issue now in this Assembly is not quite fair. I hope that Resolution will not be taken up. I submit some verbal omission or mistake or whatever you may call it in the drafting should not be taken advantage of. The very spirit of it will thereby be broken."

SRI T. NAGI REDDI :—" Sir, we are here on a very important question concerning the life of the Andhra State. It is said that the mention of the City of Kurnool here is by the way. It is not as if it were a casual mention. It is not so very incidental as it looks, because the mention of it is very particular in certain connexion. We find the expression in the Bill 'construction of buildings and other works in the City of Kurnool for the temporary Capital of Andhra'. That means before the formation of the State itself certain constructions are going to take place. Hence, certain financial commitments are there. Naturally, we are very anxious that the matter should be taken up.

" Secondly, we can discuss certain things which are not specifically mentioned in the Bill. For example, there is nothing about the Boundary Commission in the Andhra State Bill. Still, we discussed and passed a certain Resolution on that matter. So, while on the Andhra State Bill, every pertinent question concerning the Andhra State can be brought forward in the State Legislature, and the opinions of the Members ascertained. At present, it looks as though the non-Andhras are not going to take part in the voting. It looks as though only the Andhra Members are going to decide the issue. That is, however, a different matter.

" As regards the question of legality, we, of course, passed a Resolution at an informal meeting of the Andhra Members of the Assembly. Now, we have got a chance to express our opinion here again, since we have had certain new experiences. This is an official meeting of the Assembly. I am sure the opinions of the Members of this House will have greater value when we go into the question. So, I think there is no legal commitment in the Resolution that has already been passed."

SRI G. LATCHANNA :—" Sir, let me submit that this amendment is also based on moral grounds. It is not at all

[Sri G. Latchanna] [25th July 1953]

brought forward with any ulterior motives. The point raised here is whether the same Andhra legislators can change their mind when once they have taken a decision on the subject in the past. But the same Constitutional procedure provides that the House as well as the Andhra Members are at liberty to view things in a practical manner and make any necessary changes. They are at liberty to put forth their viewpoints. We are not doing anything unconstitutional. If we are to consider this question in a moral spirit, I am convinced that all the Members will agree to a change."

* SRI T. N. VENKATASUBBA REDDI :—" The discussion has made one point clear that the hon. Members are taking the opportunity of this meeting of the Madras Legislature to re-open a question, the location of the capital, which was decided at a special meeting of the Andhra legislators, that you were pleased to call at the request of the Prime Minister of India. Now, the hon. Members are taking the opportunity to convert this meeting of the Madras Legislature into a meeting of the Andhra legislators alone."

MR. SPEAKER :—" Only some Members might abstain from voting."

* THE HON. SRI C. RAJAGOPALACHARI :—" I am sorry such a wrong twist should be given to the matter. There are occasions when we have to decide not to participate in a particular question or debate or voting. It is not a question of converting the whole House into the Andhra Legislature. As a matter of fact, the Speaker is in the Chair. The other meeting was presided over by Sri Prakasam. This is a different meeting altogether and we are participating though we may keep quiet. It is not as if we do not participate."

SRI T. N. VENKATASUBBA REDDI :—" It is not illegal. But that would be the result."

MR. SPEAKER :—" Members have abstained from voting on many occasions."

* SRI T. N. VENKATASUBBA REDDI :—" Yes, Sir. But I humbly submit that the Members of the Andhra Legislature have a right to convene a meeting constitutionally and change the location of the capital within six months if they want."

* SRI T. VISWANATHAM :—" I am not going to cover the same ground as has been already covered. But the Hon. the Chief Minister tried to draw a distinction that Sri Prakasam presided over the meeting of the Andhra legislators and not you. If I remember aright, you stated that as you did not know Telugu, you would nominate Sri Prakasam in your place."

25th July 1953]

MR. SPEAKER :—" I am going to give a ruling on this matter. I have heard enough. No doubt, I was asked to convene a meeting of the Andhra legislators and I was asked to preside. But, as has been said by the hon. Member, Sri Viswanatham, as I was ignorant of Telugu, I asked Sri Prakasam to preside over the meeting. But it was not a meeting of the Legislative Assembly. We must make a distinction between that meeting and this meeting. Now, I think the amendment of the hon. Member, Sri Latchanna, fits in with the clause. So, I ask him to move his amendment. (Cheers.) After it is moved and seconded, other hon. Members can move their amendments."

SRI G. LATCHANNA :—" I beg to move the following amendment :—

' 224. This Assembly recommends that for the word "Kurnool" occurring in paragraph 12 (2), the following words shall be substituted :—

" Tirupati or any other place in Chittoor district which may be more conveniently situated in matters deemed to be essential for the Capital of State and with easy communications with the Northern Circars." ' "

The amendment was duly seconded.

(Several hon. Members stood up.)

MR. SPEAKER :—" I can't understand why several hon. Members should stand up. I am on my feet now."

SRI T. NAGI REDDI :—" Sir, if the amendments are moved as separate amendments, all of them can be put to vote one after the other."

MR. SPEAKER :—" The hon. Member cannot have it both ways. Suppose the amendment of Sri Latchanna is that instead of the word 'Kurnool', the word 'Tirupati' be substituted. If that is accepted by the House, the other amendments will not be put to vote."

SRI T. NAGI REDDI :—" Now that we are taking the opinions of the House, unless the hon. Members withdraw their amendments, they should be put to vote."

MR. SPEAKER :—" How can the House accept two motions on the same subject? We must follow certain parliamentary procedure."

SRI PILLALAMARRI VENKATESWARLU :—" Originally it started like this. A resolution was moved that Kurnool be the temporary capital of Andhra. Now it is not here. So let us treat all the resolutions as separate resolutions."

MR. SPEAKER :—" I must tell the hon. Member that the amendment of Sri Latchanna fits in with the clause. I have allowed him to move his amendment. Sri Nagi Reddi may move his amendment also."

[25th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—“ Hon. Members are making, I fear, a mistake. This amendment is really, as I said already, a Resolution to put a view down on paper. The other views would be amendments to that main thing. Let hon. Members remember that an amendment is put to vote before the main proposition. There is no reason for any quarrel about it.”

12 noon.

SRI T. NAGI REDDI :—“ Sir, the main provision only refers to Kurnool. Mr. Latchanna's amendment refers to Tirupati. But, our amendment refers to Vijayavada. So, why not we move our amendments separately, instead of moving them as amendments to the amendment of Mr. Latchanna? ”

MR. SPEAKER :—“ According to the procedure that we are following here, when an amendment is moved in the first instance, other amendments that are moved subsequently have to be moved only as amendments to the first amendment.”

SRI T. NAGI REDDI :—“ My submission to you is this. Let all the amendments be taken up in the order in which they are given in the printed list. I think this is what we did with regard to the other amendments.”

* SRI M. HANUMANTHA RAO :—“ Sir, the original proposal relates to Kurnool. Some of the amendments refer to Tirupati, some refer to Vijayavada and so on. So, it will be better if all these amendments, which are amendments to the original proposal, are taken up separately.”

MR. SPEAKER :—“ Let hon. Member, Sri Latchanna, move his amendment now. The other amendments may be moved afterwards . . . ”

(Some hon. Members stood up in their seat.)

MR. SPEAKER :—“ Let nobody try to teach me about procedure. I am going to follow the procedure that I have already indicated. I am not going to follow any other procedure.”

SRI T. PRAKASAM :—“ Sir, a decision has already been taken on this issue. Some word from some Schedule is taken and on that basis attempts are being made to circumvent the whole affair. It is not fair, it is not proper and it is not just, apart from legality or constitutionality.”

SRI T. NAGI REDDI :—“ Sir, my amendment is a different one. It relates to Vijayavada.”

MR. SPEAKER :—“ The hon. Member may move it.”

SRI T. NAGI REDDI :—“ Sir, I move the following amendment :—

‘ 226. This Assembly is of the opinion that the Capital of the Andhra State be located in Vijayavada.’ ”

SRI PILLALAMARRI VENKATESWARLU :—“ I second the amendment.”

[25th July 1953]

SRI K. GOVINDA RAO :—“ On a point of order, Sir . . . ”

MR. SPEAKER :—“ I am not going to allow any point of order now. Let him raise it afterwards.”

SRI VAVILALA GOPALAKRISHNAIAH :—“ I have given notice of two amendments, viz., Nos. 230 and 235. But I move only amendment No. 235 which reads as follows :—

‘ For the word “ Kurnool ” substitute the words “ Guntur to Vijayavada ”.’ ”

SRI T. NAGI REDDI :—“ I second the amendment, Sir.”

SRI K. GOVINDA RAO :—“ Sir, there is amendment No. 275 (3) which also relates to this question. Let it also be taken up now along with other amendments.”

MR. SPEAKER :—“ Let not the hon. Member move that amendment now. We have already taken up Mr. Nagi Reddi's amendment which also relates to Vijayavada.”

SRI K. GOVINDA RAO :—“ Let my amendment be taken up first, Sir.”

MR. SPEAKER :—“ I cannot do it. Mr. Nagi Reddi has already moved his amendment.”

SRI K. VENKATANARAYANA DORA :—“ అధ్యక్ష, నేను నా 224 వ అమendmentను ప్రతిపాదిస్తున్నాను.”

SRI G. LATCHANNA :—“ The hon. Member says that there is another amendment standing in his name on the same subject, and that it may also be taken up.”

MR. SPEAKER :—“ All right, let him also move his amendment.”

SRI K. VENKATANARAYANA DORA :—“ నా సవరణను ప్రతిపాదిస్తున్నాను—

‘ 231. This Assembly recommends that for the word “ Kurnool ” in sub paragraph (2) of paragraph 12, the word “ Visakhapatnam ” be substituted.’ ”

The amendment was duly seconded.

MR. SPEAKER :—“ Mr. Latchanna will now speak.”

SRI G. LATCHANNA :—“ అధ్యక్ష, ఈ 224 వ సవరణను ప్రతిపాదిస్తూ వానిని గురించి కొన్ని విషయాలను నేను మనవి చేయ వలసివస్తున్నాను. కొంతమంది గౌరవసభ్యులు ఈ సవరణను ప్రతిపాదించవలసిన అవసరంలేకని ఇంచేతుకుండు తెలియజేశారు. భారత ప్రధాన మంత్రి పండిట్ నెహ్రూగారి ఆదేశానుసారంగా ఆంధ్ర శాసన సభ్యులు సమావేశమై ఆంధ్రరాష్ట్ర రాజధాని రాజధాని నగరాన్ని చేర్చునైన తరువాత తిరిగి ఈ సభ్యులను తిరగబోవడం, ఈ సవరణను ప్రతిపాదించడం సమంజసమా అని ప్రశ్నిస్తున్నారు. ఇటువంటి సవరణను ఈ తరుణంలో ప్రతిపాదించడం తెలికంగా తప్పు అని మరికొంతమంది సభ్యులు అభిప్రాయపడుతున్నారు. అటువంటి

సోదర సభ్యులతో అంగీకరింపజాలనందుకు చాలా విచారిస్తున్నాను. ఎట్టి పరిస్థితులలో కర్నూలు తీర్మానం ఆమోదించబడినది, తరువాత ఎటువంటి పరిస్థితులు లేకుండా ఏర్పడినవి అన్న విషయాలను దృష్టిలో ఉంచుకొని ఈ విషయాన్ని పునఃపరిశీలన చేయటం ఎవ్వరికైనా స్వేచ్ఛ ఉన్నదని నా అభిప్రాయము. వెనుక ఒక నిర్ణయంచేసి ఉండవచ్చు. ప్రజాభిప్రాయం అందుకు భిన్నంగా ఉన్నదని తెలుసుకొనిన తరువాత దానిని సవరించుకొనబూసడంలో తప్పు ఎంతయ్యితేనేమిటో మనవిచేస్తున్నాను. కర్నూలు నిర్ణయం జరిగిన తరువాత ప్రజాభిప్రాయం ఏ విధంగా ఉన్నదో తెలుసుకొని దానిని సవరించుటకు మేము నిష్పక్షపాతబుద్ధితో, నిష్కల్మష హృదయంతో ఈ సవరణను ప్రతిపాదిస్తున్నామని మరల గౌరవ సభ్యులందరకు మనవిచేస్తున్నాను. ఆంధ్ర రాష్ట్ర రాజధాని విషయంలో మేము మొదటినుంచి ఒక విస్ఫుటమైన విధానాన్ని అనుసరిస్తున్నాము. మేము కృషికార్లలో పార్టీగా ఏర్పడినప్పటినుంచీ కాకుండా, ఆంధ్ర రాష్ట్ర కాంగ్రెస్ సభ్యులుగా ఉండినప్పటినుంచీ కూడా శ్రీ బాగ్ ఒడంబడికను మన్నించవలెనని చెబుతూ వచ్చాము. తదనుగుణంగా అనేక పర్యాయములు తీర్మానించాముకూడా. అసలు ఈ శ్రీ బాగ్ ఒడంబడిక అనేది ఉత్తర సర్కార్, రాయలసీమ ప్రజలమధ్యల భేదాభిప్రాయాలను తొలగించి ఐక్యతాన్ని పెంపొందించుటకు నుద్దేశించబడిన దనే విషయాన్ని అందరు గుర్తించవలసి ఉంది. ఈ ఉద్దేశ ప్రాంతాల ప్రజలలోను సామరస్యాన్ని పెంపుచేసే నిమిత్తమే మేము ఎంతోకాలంగా రాయలసీమలోనే రాజధానిని ఏర్పాటుచేయాలని, తద్వారా రాయలసీమ వాసులలో దురదృష్టవశాత్తు ఏర్పడిన అనుమానాలను తొలగించవలెనని చెబుతూవచ్చాము. అయితే రాయలసీమలో ఎక్కడ రాజధానిని ఏర్పాటుచేయవలెననే ప్రశ్న వచ్చినప్పుడు ఉత్తర సర్కారులవారికి రాకపోకల విషయంలోను, ఇతరవిధాలా అందుబాటుగా ఉండే చిత్తూరు జిల్లాలో రాజధానిని ఏర్పాటుచేయడం మంచిదని, చిత్తూరు జిల్లాలోని తిరుపతి ఆందుకు తగినదని ఎంతోకాలంగా మేము చెబుతూవచ్చాము.

(At this stage, Srimathi T. Kotamma Reddi occupied the Chair.)

తిరుపతిలో అన్ని సౌకర్యములు ఉన్నవి. తిరుపతిలో రాజధానిని ఏర్పాటు చేసినందువల్ల ఇటు రాయలసీమ వాసులను సంప్రక్షింపవలసిన అటు ఉత్తర సర్కారు ప్రజలకు రాకపోకల విషయంలోను, ఇతర విషయాలలోను గల ఇబ్బందులను తొలగించవచ్చు. అంతేకాదు ఆంధ్ర రాష్ట్ర నిర్మాణాన్ని గురించి సాకల్యంగా అన్ని విషయాలను పరిశీలించి కేంద్ర ప్రభుత్వానికి నివేదించిన న్యాయమూర్తి వాంచూ గారి అభిప్రాయ ప్రకారంగాకూడా తిరుపతి రాజధానిగా ఉండుటకు తగిన ప్రదేశం. ఈ సందర్భంలో వాంచూగారు విమని (వాశార్) జిల్లాకి తెచ్చుకొనవలసినదని గౌరవ సభ్యులకు విన్నవించుకొంటున్నాను. ఆంధ్ర రాష్ట్ర రాజధాని తాత్కాలికంగా కొంతకాలం మదరాసులో ఉండవలెనని, ఇక శాశ్వత రాజధాని విషయంలో విజయవాడ-గుంటూరుల మధ్య ప్రాంతంగాని, తిరుపతిగాని, తగిళుంటాయని వాంచూగారు అభిప్రాయపడ్డారు. వాంచూగారి అభిప్రాయానికిగాని శ్రీ బాగ్ ఒడంబడికకుగాని ఉత్తర సర్కారులవారి సౌఖ్యానికిగాని భంగం రానివిధంగా అందరి అభిప్రాయములను సమన్వయపరచి, సామరస్యం పెంపుచేసే ఉద్దేశంతో మేము తిరుపతిలో రాజధానిని ఏర్పాటుచేయవలసినదని సూచించినాము. అయితే కారణాంతరాలవల్ల గత నెలలో జరిగిన ఆంధ్ర శాసన సభ్యుల సమావేశంలో కర్నూలు నిర్ణయం జరిగినది, అయితే ఆ నిర్ణయం జరిగినతరువాత ప్రజలలో ఎటువంటి సందేహం కలిగింది, పరిస్థితులలో ఎటువంటి విక పరిణామాలు సంభవించాయి అనే యదార్థ విషయాలను మనం విస్తరించ రాదు. వి ఐక్యతాన్ని, సామరస్యాన్ని సాధిస్తామని మనం కర్నూలు నిర్ణయం

చేసినామా, ఆ నిర్ణయంవల్ల దుష్ఫలితాలే సంభవించాయి. కర్నూలు నిర్ణయం రాయలసీమ, ఉత్తర సర్కారు ప్రజల మధ్య సామరస్యాన్ని పెంచేదిగా కాకుండా, దైవమ్మ భేదాలను పెంచేదిగా పరిణమించినదనే విషయం ఎవ్వరు కాదనలేదు. ప్రజలు, పృథికలు ఈ విషయాన్ని సోషిస్టునే ఉన్నాయి. దీనినికూడా మన మెవ్వరం కాదనలేము. ఏదో ఒక నిర్ణయం చేసినతరువాత తప్పేనా, ఒప్పేనా ప్రజా వాచుక్యానికి అంగీకారమైనా, కాకపోయినా దానినే పట్టుకొని ప్రేక్షాడు 12-10 P.M. తామని దానినే బలపరచాలని ఆ నైతిక బాధ్యత మనవైన ఉన్నదని చెప్పడం సరికాదని సవిషయంగా మనవిచేస్తున్నాను. ఒక నిర్ణయం తప్పు అని తెలియ వచ్చినప్పుడు, ప్రజా వాచుక్యం దానిని తిరస్కరించినప్పుడు, దానిని సవరించు కోవడమే విజ్ఞత అని నా భావం. అందుచేతనే, నిష్పక్షపాత బుద్ధితో, నిష్కల్మష హృదయంతో, రాయలసీమ, ఉత్తర సర్కారు ప్రజల మధ్య తిరిగి సామరస్యాన్ని పెంపు చేయవలెననే సంకల్పంతో శ్రీ బాగ్ ఒడంబడికను అనుసరించి, తిరుపతిలోనే రాజధానిని ఏర్పాటు చేయవలెనని మేము అభిప్రాయపడుతున్నాము. ఈ విషయాన్ని ప్రతి కాంగ్రెస్ సభ్యుడు గమనించవలెనని మనవిచేస్తున్నాను. మనమందరకు కలిసి ఇదివరలో చేసిన నిర్ణయంవల్ల వ్యతిరేకమైన ఫలితములు కలిగినవనే విషయాన్ని దృష్టిలో ఉంచుకొని, సర్వులకు అంగీకారయోగ్యమైన తిరుపతిని రాజధానిగా ఆమోదించవలెనని గౌరవ సభ్యులకందరకు, నేను ప్రత్యేకంగా మనవిచేయ దలచుకున్నాను. వెనుకటి నిర్ణయం సరికాదని ప్రజలు మనకు తెలియజేసినారు కాబట్టి, మనము విషయాన్ని పునరాలోచించి అందరకు అంగీకారమైనటువంటి విధంగా మన నిర్ణయాన్ని సవరించుకోవడం ప్రజాస్వామ్య సూత్రాలకు అనుగుణమైనటువంటిదని, ఆ విధంగా వర్తనడం మనందరయొక్క కర్తవ్యం, బాధ్యత అని మనవి చేస్తున్నాను.

“మా ఉద్దేశ్యంపట్ల మిగతా సభ్యులకు వేరువేరు అభిప్రాయాలు కలుగవచ్చును. కాని మా తీర్మానంలో యథార్థాన్ని కప్పిపుచ్చి, లేనిపోని వాగ్దానాలు చేసేటటువంటి అభిప్రాయం లేదని, అటువంటి పద్ధతి ప్రజాస్వామిక విధానానికి విరుద్ధంగా ఉండుట దని, కనుక అటువంటి కఠోర ఉద్దేశ్యాలేవీ ఇంట్లోలేవని మనవిచేస్తున్నాను. ఇది వరలో మనము చేసినటువంటి నిర్ణయంవల్ల సర్కారు ప్రజలకు, రాయలసీమవారికి ఒక విధమైనటువంటి కోపతాపాలయొక్క, ఉద్దేశలయొక్క వాతావరణం కలిగిందనే సంగతి గమనించి దానిని సమన్వయపరచడానికి ఒక ప్రయత్నం తప్పని సరిగా అవసరమని గుర్తించి ఈ తీర్మానం తీసుకురాబడిందని సోదర సభ్యులందరినీ గమనించ గోరు తున్నాను. ఈ విషయాన్ని ఒక సదభిప్రాయముతో పరిశీలించి, రాయలసీమకు ఉత్తర సర్కారులలో ఏర్పడిన భేదాభిప్రాయాన్ని సమన్వయపరచడానికి ఒక ప్రయత్నం తప్పకుండా చేయవలసియుండుననే విషయాన్ని గుర్తించి, మేము ఈ రోజున ఈ ప్రతిపాదన తెచ్చామనే విషయాన్ని గమనింపగోరుతాను. కనుక ఈ ప్రతిపాదన పట్ల మీరందరూకూడా సదభిప్రాయముతో దీనిలోని మంచికెడ్డలు ఆలోచించి, ఈ తీర్మానాన్ని బలపరచవలసినదని కోరుతూ ఇంతటితో విరమిస్తున్నాను.”

* SRI M. NARAYANASWAMI :—“ఉపాధ్యక్షా, కర్నూలు రాజధాని అనే నిర్ణయాన్ని గతములో ఆంధ్ర శాసనసభ్యులందరు ప్రత్యేకంగా సమావేశమై దీర్ఘంగా చర్చించడం జరిగింది. కనుక తిరిగి ఈ విషయాన్ని ఈ రోజున చర్చించాలా, లేదా, అనే సమస్యవైనకూడ చాలా వాదోపవాదాలు, తర్కం భర్తనలు దీర్ఘంగా జరిగిన అనంతరం మనము ఈ రాజధాని సమస్యమీద ఇప్పుడు మరల చర్చకువచ్చాము. ఈ సందర్భమున గౌరవనీయ సభ్యులు లక్షన్నగారు మాట్లాడుతూ, మనం ఇదివరకుచేసిన

కర్నూలు నిర్ణయంవల్ల రాయలసీమవారికిని, సర్కారువారికిని బేధాలు వచ్చాయిగనుక ఆ బేధాలను తొలగించి ఇరువురిని సమన్వయపరచడానికి, రాజధాని కర్నూలులో కాకుండా, తిరుపతిలో ఉండవలసిందనే తీర్మానం తీసుకురావడం జరిగింది, తిరుపతి చాలా సుందరంగా ఉంటుందని, ఆంధ్రప్రదేశ్ లో ఆంధ్రవాదులు ఉంటుందని చెప్పారు. కాని, ఈ కర్నూలు నిర్ణయంవల్ల సర్కారు రాయలసీమ ప్రజలకు విభేదాలు వచ్చాయో లేదా అనే విషయాన్ని ఆలోచించేటప్పుడు, ముఖ్యంగా ఇటీవల పత్రికలద్వారాను, ఉపన్యాసాలద్వారాను ప్రధానంగా సంజీవ రెడ్డిగారు, వారి పార్టీ వారు, ప్రజలలో ఈ విభేదాలను కల్పించేవిధంగా ప్రజలను రెచ్చగొట్టారని చెప్పవలసి యున్నది. ఈ రాజధాని విషయములోనే కాకుండా, ఇతర విషయాలలో కూడ ప్రజలను రెచ్చగొట్టి, ఈ విభేదాలను తీవ్రతరం చేశారు. సర్కారు ప్రజలు ఇక్కడికి ప్రాజెక్టులలో లభిస్తున్నారని, నందికొండ ప్రాజెక్టుకూడ వారికి లభిస్తుంది గనుక, ఆ ప్రాజెక్టుకూడవని చెప్పి ఈ రకమైన ప్రకటనలు ఉపన్యాసాలు చేస్తూ సర్కారు, రాయలసీమ మధ్య విద్వేషాలను, విభేదాలను కల్పించి ప్రజలను రెచ్చగొట్టడానికి సంజీవ రెడ్డిగారు పూనుకొన్నారు. అందుచేతనే ఈనాడు ఇదివరకు నిర్ణయించిన కర్నూలు కాకుండా, ఆందరికి అందుబాటులో ఉండేటటువంటి తిరుపతి రాజధానిగా ఉండవలసిని చెప్పినప్పుడు, నాకు మరియు నాలాంటి కొంతమంది మిత్రులకు దీనిని ఆర్థం చేసుకోవడానికి వీలులేకుండా ఉన్నది. వారి ఉద్దేశ్యము రాజధాని ఆందరికిని అందుబాటులో ఉండవలసిన అయితే, వారి నిర్ణయాన్ని మార్చుకొని ఈ విషయాన్ని ఇంకా బాగా పునరాలోచించి, ఆందరికిని వాస్తవంగా అందుబాటులో ఉండేటటువంటి విజయవాడ-గుంటూరు మధ్య రాజధానిని నిర్ణయించినట్లైతే చాలా బాగుంటుందని మనవి చేస్తున్నాను. ఈ విషయములో కాంచూర్తి ఇచ్చినటువంటి అభిప్రాయాన్ని గుర్తించి ఉంటే బాగుండేది. తరువాత లచ్చన్నగారు, శ్రీ బాగు ఒడంబడికను గురించి చెప్పారు. కాని వారి పార్టీలోని ఒక మిత్రుడే ఆ రోజున ముఖ్యపట్టణం విశాఖపట్టణమైతే బాగుంటుందని దానికి సవరణ ఇస్తూ సూచించారు. దీనినిబట్టి చూస్తే వారి పార్టీ వారినే ఈ శ్రీ బాగు ఒడంబడిక విషయములో convinced చేయలేకపోయారని తెలుస్తున్నది. కనుక శ్రీ బాగు ఒడంబడిక అనేదాన్ని ప్రధానంగా తీసుకోకుండా, ఈ విషయాన్ని ప్రత్యేకంగా పరిశీలించుటవంటి వాచూరి అభిప్రాయాన్నే కాకుండా, ప్రజలందరియొక్క అభిప్రాయాన్ని వారి సౌకర్యాన్ని గుర్తించవలసి యుంటుందని మనవి చేస్తున్నాను. ఇదివరకే ఈ విషయాన్ని దీని ద్వారా చర్చించాము కాబట్టి, ఈనాడు మరల ఈ విషయాలలో లోతుకు వెళ్లడం అంటే కాలం వ్యర్థం అవుతుంది. కనుక ఆంధ్రులందరికీ కూడా ఉపయోగముగా ఉండేటటువంటి, సౌకర్యముగా ఉండేటటువంటి ఎక్కువ డబ్బు ఖర్చుపెట్టవలసిన అవసరములేనటువంటి, వ్యాపారరీత్యాను, ఇతర అన్ని విధాలాను ఉపయోగకరంగా ఉండేటటువంటి పట్టణాన్ని రాజధానిగా నిర్ణయించి ఉంటే బాగుండేది. కర్నూలును బలపరుస్తున్నటువంటి పెద్దరేణ ప్రకాశం గారుకూడ నిన్న మాట్లాడుతూ, మనం ఆదర్శలకు పోతున్నామని చెప్పారు. మనం అవిధంగా అజ్ఞాతవాసం వెళ్లనవసరంలేదని చెప్పమన్నాను. అన్ని విధాల అనుకూలమైనటువంటి గుంటూరు, విజయవాడ పట్టణాలుండగా, అవిశ్వాసం వెళ్లవలసిన అవసరమేమీ ఆర్థికావకాశమేదీ. మనం దీర్ఘంగా ఆలోచించినట్లైతే, మనకు రాజధానికే తగిన పట్టణాలు లేకపోలేదని, గుంటూరు, విజయవాడ పట్టణాలు అందుకు తగిన పట్టణాలని గుర్తించవచ్చును. వ్యాపారరీత్యాను, రైల్వే వాణిజ్యరీత్యాను, ఆంధ్రదేశానికంతకు కేంద్రంగా ఉండే విషయంలోను, అన్ని విధాల గుంటూరు, విజయవాడ ప్రాంతాలు అనుకూలంగా ఉంటున్నవి. అందుచేత రాజధానిగా కూడ, ఈనాడు అన్ని పార్టీలవారు అక్కడనే తమ పార్టీ అధికారులు

పెట్టుకొన్నారు. కర్నూలును పార్టీ వారియొక్క ఆంధ్రలో ఉన్నటువంటి ఒక ఒక చోట కనుక, విశాఖాంధ్ర అనేది ఆంధ్రదేశములో ఉన్నటువంటి గ్రామ సీమలన్నింటి వ్యవస్థాను పరిశీలించిచేటటువంటి పద్ధతిలో విజయవాడలోనే నడుస్తున్నది. అవిధంగా అన్ని విషయాలలోను, ఒక రాజధాని విషయంగాని, పత్రికల విషయంగాని, అన్ని విషయాలలోను మనకు రాజధాని విజయవాడ, గుంటూరు, ముఖ్యంగా విజయవాడ, అన్ని విధాలుగా ఆ కాలంగా ఉంటున్నది. కనుక దానినే విచరణ వేసిందని మన ఆంధ్రమిత్రులను ప్రత్యేకముగా నేను కోరుకున్నాను. నీటి కరువు గురించి మాట్లాడడంలో నీటి కరువు చాలాచోట్ల ఉన్నది. ఆంధ్రదేశంలో ముఖ్యంగా నీటి కరువు చాలా పట్టణాలలో ఉన్నది. రాయలసీమలో ప్రతి ప్రాంతములో నీటి కరువు, తిండి కరువుకూడ ఉండగా సర్కారు జిల్లాలలో అవగా, గుంటూరు జిల్లాలోను, కృష్ణా జిల్లాలోను నీటికరువు ఉన్నది. అయితే విజయవాడలో నీటికరువు కూడ లేకుండా వుంటుంది. కనుక అన్నివిధాల విజయవాడ రాజధానికే తగినపట్టణముగా ఉంటున్నది. అయితే కర్నూలును సూచించినటువంటి ఈ నిర్ణయానికి మన మెట్లా వోటుచేయడం, కర్నూలును సూచించినదాన్ని మన మెట్లా అంగీకరించడం అని సంజీవ రెడ్డిగారు చెప్పమన్నట్లు తెలుస్తున్నది. కాని ఆంధ్రదేశానికంతకు సంబంధించినటువంటి ఈ రాజధాని విషయములో పార్టీ విభేదాలు పెట్టుకొని వ్యవహరించడం ఏ మాత్రం సబబుకాదని మనవిచేస్తున్నాను. ఆంధ్రదేశానికంతకు, ఆంధ్రప్రదేశ్ కంతకు ఏదైతే బాగుంటుంది, ఏదైతే ప్రజాసౌకర్యకంతకు అంగీకరించాను, ఉపయోగకరంగా ఉంటుంది అనే దృక్పథంతో ఆలోచించవలసి యుంటుందేగాని, ఇది కర్నూలును సూచించారని లేక మరొకరు సూచించారని, పార్టీ విభేదాలు, కక్షలు తీసుకొనిరాకూడదు. ఇంతకు ముందు కూడ ఒక సవరణ వోటుకు పెట్టినప్పుడు పార్టీ విభేదాలు పాటించకుండా వోటుచేయడం జరిగింది. అందుచేత దీనిని ఎవరు ప్రవేశ పెట్టారు అనే దృక్పథంతో కాకుండా, ఆంధ్రప్రదేశ్ రాష్ట్రం తన దృష్టిలో పెట్టుకొని, అందరికీ ఉపయోగకరముగా ఉండేటటువంటి నిర్ణయమవుతూ కాదా అని చూడవలసిందని మిత్రులందరికీ మనవి చేస్తున్నాను. ఒకమానము కేంద్రం లో ఒక నిర్ణయం చేశాము. అది చేసినతరువాత ఆ స్థలం ఏ విధముగా ఉందని, అనేకమంది అక్కడకు వెళ్లి పరిశీలించు దూచి వచ్చారు. ప్రజాభిప్రాయం ఏ విధంగా వుందో తెలుసుకొన్నాము. పత్రికలు ఏమి చెప్పమన్నవో విన్నాము. వివిధ పార్టీ వారు ఏ ధోరణిలో ఉన్నారో తెలుస్తున్నది. కొంతకాలము ఇవిన్నీ గమనించిన అనంతరం, మరల ఈ నిర్ణయం గురించి పునరాలోచించే సదవకాశం మనకు వచ్చినది. అందుకేనే ఈ విషయమై ఇప్పుడు మరల కొన్ని సవరణలు తీసుకురావలసిని కోరిక, మన నిర్ణయాన్ని సరిదిద్దకోగల ఈ సదవకాశమున ఇది కర్నూలును తీర్మానముగా అభిప్రాయాన్ని సంజీవ రెడ్డిగారున్ను, వారి పార్టీవారున్ను అందరు ఈ ఉపయోగ విషయాలని, ఆంధ్రదేశముయొక్క, ప్రజలయొక్క శ్రేయస్సును దృష్టిలో నుంచుకొని విజయవాడ ముఖ్యపట్టణముగా ఉండునట్లు మనమందరము దానికి వోటు చేయాలని కోరుకూ విరమిస్తున్నాను."

* SRI G. NAGABHUSHANAM :—" Madam, I do not want to enter into any controversy on this occasion. I agree with Mr. T. Viswanatham and Mr. T. Prakasam. The Sri Bagh Pact was entered into in 1937 for the purpose of creating unity among the Andhras, namely, between the Coastal districts and the Rayalaseema. That was the object of the Pact so that there might not be discontentment among the various sections in the Andhra area. Then, another pact was entered into for the purpose of creating the

[Sri G. Nagabhushanam] [25th July 1953]

same unity in Andhradesa and that was when we chose Kurnool as capital. On that occasion, all the parties in Andhradesa came to the conclusion that Kurnool should be the capital. It was decided by a majority that it should be the capital and as stated already by Mr. Viswanatham, it is out of Court. It should not have been discussed anew but the Speaker has given permission to discuss the question already disposed of. Madam, I submit, in the interests of Andhradesa we have chosen Kurnool as the capital and it must stand. If we make any change now, the reputation of the future Andhra Government will be at stake. The common man will not have any confidence in the State or in the decisions that we may take hereafter. Therefore, the decision we have already taken must stand so that Kurnool may be the capital in spite of any opposition. My Communist friends were suggesting that because Vijayavada was sponsored by them, we did not accept it. That is not the correct view. On the other hand, after due deliberation and taking into account all merits and demerits of the case, we decided that Kurnool should be the capital. Madam, Kurnool is also nearer to Coastal districts than any other place. It has abundant supply of water and there are large quantities of raw materials available there for construction of new capital. And then, it is not correct to say that Vijayavada has got all the amenities. There are very many difficulties with regard to Vijayavada if we locate our capital there. So taking all these merits and demerits into account, on June 5, we took a decision and I pray and request all hon. Members to support Kurnool."

* SRI T. LAKSHMINARAYANA REDDI :—" Madam, it is a fact that the Andhra legislators met and decided Kurnool as capital but the circumstances under which Kurnool was chosen are well known to many Members. I need not explain how the name of Kurnool was not placed before the people and how the people were not able to give their consent later to the decision taken at that meeting. The decision taken at the meeting in June is really not one which will better the conditions of the Andhras. Even now the Assembly can give its correct opinion whether the temporary capital of Andhra is to be located at Kurnool or at Vijayavada. Whatever place is chosen, people should subscribe to that view. Now the Members will give a different verdict if Mr. Sanjeeva Reddi, the President of the Andhra Congress, gives the Congress Members freedom of voting. Anyway, what I feel is that the people are giving the correct and considered view that Kurnool should not be the capital. They want that it should be at some other centrally situated place, even if it be for a period of two or three years. I am saying so because I know their mind. It is not only the Communists that want it at Vijayavada. Even others who do not belong to the Communist Party share the same view. Rightists hold the same view as the leftists in this respect. We who spoke in defence of Vijayavada, held several meetings which were attended by lakhs of people and they supported our proposition. What I say is that in the mind of Mr. Sanjeeva Reddi, the people's interests do not work. Only his self-interest and the interests of the party are predominant in his mind. They are responsible for this

25th July 1953] [Sri T. Lakshminarayana Reddi]

decision on Kurnool. So, his view does not reflect the public view or the right view. Even Pandit Nehru if left to himself will hold that Vijayavada is the proper place. He will not accept the decision of June 5. Of course, if people here bring pressure upon him he would say 'yes' to what they decide. Otherwise, he will agree with us. Therefore, the task before the Assembly is to see that right action is taken, that is, to choose Vijayavada as the capital. After the decision on Kurnool was taken we went to the people and put forth our view about Vijayavada and they acclaimed it. They supported it. The people are behind us. But what did Mr. Sanjeeva Reddi do? When he went to Anantapur, he did not address a meeting in a public place, but held the meeting in the District Board office where there was a small gathering of officials and non-officials. Therefore, Sir, Mr. Sanjeeva Reddi did not elicit the opinion of the people. With my experience during the last three months, I am led to believe that the people are not for Kurnool. It is said that Rayalaseema people must be satisfied under the Sree Bagh Pact. Rayalaseema has been suffering from famines for the past so many decades and they have been agitating for projects to get rid of the famines. Rayalaseema people must be satisfied with projects, but not with a capital. Even if some lakhs or crores of rupees are spent, Kurnool cannot be a good capital and it cannot provide accommodation even for two or three offices. (At this stage, Mr. Speaker resumed the Chair.) The desire of the Rayalaseema people is that their projects must be taken up. They have no quarrel with the people of Circars. The Circar people are not really the same old people who were led by self-interested leadership. When the people of Rayalaseema were suffering from famines, the Circar people came forward with money and foodstuffs. The people of Rayalaseema are sure that, even if the capital is located at Vijayavada, the Circar people will do justice. I therefore earnestly appeal to the Members of all political parties to accept the location of capital at Vijayavada and High Court at Anantapur and see that the projects in Rayalaseema are taken up for execution early. What the Centre gives is only a few lakhs of rupees and it is not enough to construct a good capital. I therefore request the House to accept the amendment."

12-30
p.m.

SRI M. BAPAI AH CHOWDARY :—" Mr. Speaker, it is said by many hon. Members that this question was discussed at length by the Andhra Members of the Madras Legislature for a span of five days and that the merits and demerits of each city or town in Andhra was also discussed at length. I am not going to speak on the merits or the demerits of each city or town in Andhra. But I want to refer to the opinion of the public which was not available at the time when we last met. As you know, Sir, Kurnool was selected overnight and agitation for it was only during that period of five days. Now, Sir, after that decision was taken, hon. Members feel, after they have gone to their constituencies and to their villages, that the pulse of the people is not for Kurnool. Even Mr. Latchanna who fought like a lion for the proposition of Kurnool—though Mr. Thimma Reddi confined himself to arguing on matters like crime,

[Sri M. Bapaiah Chowdary] [25th July 1953]

etc., and the hon. Member who now sponsored the idea of Visakhapatnam as the temporary capital, feel that the pulse of the people is not for Kurnool. Therefore, Mr. Latchanna thinks that the decision must be changed, but at the same time he wants to respect the Sree Bagh Pact also. Sir, I do not want to go at length into the Sree Bagh Pact. But, one thing is clear that he too has to feel the pulse of the people. The selection of Kurnool has created an agitation in Andhra. The very fact that the Krishak Lok Party which fought for Kurnool at that time, now thinks after two months that Tirupati or Visakhapatnam should be the capital, supports the view that the people of Andhra are not happy over the selection of Kurnool. Another point is, immediately it was made known that Kurnool was to be the capital, the Press began to publish the views of the people and even then hon. Members did not come into direct contact with the voters and elicit their opinion. As one newspaper put it, hon. Members are able to sit here by the franchise of the public. When the people in one voice said that Kurnool was not to their taste, hon. Members should have felt that party dictation should not come in their way. If we are abiding our party dictation, it is due to the fact that we are elected to the Assembly and if people do not want it, we have to face another election. It being so, what is the idea in saying that one is abiding by the party decision. The Congress Members who want to abide by the party decision must know that the people who elected them do not accept the decision of Kurnool. That aspect also has to be taken into consideration.

"Then, Sir, the Hon. Sri Pattabhi Rama Rao said, 'I want efficiency' and it was reaffirmed many a time by the Hon. Chief Minister. When we are sending the services to Kurnool, what is the efficiency we can expect from them? Even the Hon. Sri Sankara Reddi speaking in another place yesterday said, 'we cannot accommodate the gazetted officers; we can accommodate some clerical staff'. When a Minister feels that no accommodation can be given to the gazetted officers, what is the efficiency we can expect of them if we want them to live in huts or some hutments as we had in war time? Even considering the question of personnel or efficiency, we have to change our decision of Kurnool.

"Sir, the Government have sent their own Secretary to find out the accommodation in Kurnool. The Secretary, Mr. Lobo Prabhu, has reported that there is no construction of houses on this side of the century and all the buildings that are there were constructed on the other side of the century. We have to consider the financial aspect also. When we are going to spend some crores of rupees on Kurnool town, we should also consider whether there is any city or town which can accommodate all the offices and staff without spending any amount. We can ascertain this by sending Secretaries of Government to Vijayavada or Guntur, whether we can get sufficient accommodation in Guntur or Vijayavada to locate all the offices."

Mr. SPEAKER:—"The hon. Member's time is up. Now, Mr. K. Venkatanarayana Dora will speak."

* SRI N. V. RAMA RAO :—“Sir, it is my strong conviction that the question of selecting a capital should not be on the basis of party issues. That is why I opposed the Kurnool decision last

[25th July 1953] [Sri N. V. Rama Rao]

time in the party meeting. But I did not oppose that Kurnool resolution in the Andhra legislators' meeting held here in this Assembly hall, for choosing the temporary capital of Andhra. That was my grave mistake. So I request you not to attribute my views to any party. The Andhra legislators have taken a decision already on the question of selecting a temporary capital for Andhra. I do not know whether the Central Government is going to accept or change that decision when we send now the decision of this Madras Legislative Assembly regarding the capital of Andhra. But the amendments are there. And a vote will be taken, I suppose. I wish to express my own opinions regarding the amendments. The Central Government asked the Andhra legislators to meet and decide the question of temporary capital, mind you, not permanent capital. I believe most of the Andhra M.L.As. have not understood the significance of the word 'temporary', before the word 'capital'. That is the result of the last meeting of the Andhra legislators. Kurnool was chosen as the temporary capital of Andhra. Let hon. Members understand that we are not going to construct a permanent capital from October 1, but we must go to run the Government from October 1 from a place which can accommodate all Government Headquarter offices. The temporary capital must be within the easy reach of all the people in Andhra State and must give maximum accommodation with minimum expenditure. In my view, therefore, there are only two places in the whole of Andhradesa fit for a temporary capital. They are Vizag and Vijayavada to Guntur. But there comes the question of Sri Bagh Pact. Nearly twenty days before the selection of Kurnool, Sri Kala Venkata Rao issued a statement to the effect that the conditions of Sri Bagh Pact do not apply to the temporary capital and the conditions apply only to a permanent capital. I honestly feel he is correct in this regard. But most of the Rayalaseema M.L.As. are dogmatic in demanding even temporary capital for Rayalaseema. There are many people in Rayalaseema who do not like to have capital in Rayalaseema either temporary or permanent. They mainly want irrigation projects to save themselves from frequent famines. There are three signatories from Rayalaseema to Sri Bagh Pact. They are Sri Pappuri Ramachari, Sri Kalluri Subba Rao and Sri K. Koti Reddi. Dr. Pattabhi Sitaramayya, who is a signatory on behalf of the Circar districts to Sri Bagh Pact, issued a statement to the effect that there is a specific clause in the Sri Bagh Pact stating that the terms of Sri Bagh Pact can be changed by common agreement. Apart from division of opinion among people as well as M.L.As. from Rayalaseema, the signatories of Rayalaseema to Sri Bagh Pact, excepting Sri Koti Reddi, do not want capital either temporarily or permanent for Rayalaseema. In April last Sri Kalluri Subba Rao spoke in a public meeting presided over by Sri Sanjeevi Reddi that Vijayavada, the heart of Andhradesa, should become capital of future Andhra State. Sri Pappuri Ramachari issued statement after statement that the demand for capital in Rayalaseema is unjust and unwise and Vijayavada should be the natural capital of Andhra State.

[Sri N. V. Rama Rao] [25th July 1953]

Among the three signatories of Rayalaseema, two have vehemently opposed the demand for capital in Rayalaseema. The third signatory from Rayalaseema, Sri Koti Reddi, I trust, is not so dogmatic demanding even temporary capital for Rayalaseema.

"Where is the Sri Bagh Pact, I am asking, when the amendment of Sri Lachanna regarding the location of the Andhra High Court in the light of Sri Bagh Pact was defeated in this House the other day? Why was that amendment defeated if we honour Sri Bagh Pact? Sri T. Viswanatham, the proposer of Kurnool resolution, voted against that amendment regarding the seat of High Court in the light of Sri Bagh Pact. Why? And why some Members who supported Kurnool resolution voted against the same amendment? Perhaps the reasons are well known to themselves. Then what is the meaning of saying that they are honouring Sri Bagh Pact by selecting Kurnool as temporary capital for Andhra State?

"Sri Sanjeevi Reddi, the President of Andhra Provincial Congress Committee, and the leader of Andhra Congress Legislature Party, expressed the other day in the Party meeting that he personally likes Visakhapatnam to be the temporary capital. Many a time he expressed this view in his conversations. In this connexion I must say that Sri Sanjeevi Reddi has failed to do his duty as President of Andhra Provincial Congress Committee and as leader of Andhra Congress Legislature Party regarding the question of selecting temporary capital. He should have convened

12-50
p.m.

MR. SPEAKER:—"The hon. Member's time is up. I want to put this question to the vote of the House at 1 o'clock. Sri Viswanatham will now speak."

* SRI T. VISWANATHAM:—"Mr. Speaker, Sir, the hon. Member who preceded me asked why I had voted against the amendment favouring the location of the High Court somewhere in Rayalaseema in the light of the Sri Bagh Pact. I am not sure, Sir, if you are aware of the provisions of the Sri Bagh Pact. One provision was that in the event of the formation of the Andhra State the people of the Circars who are in majority should give the right of choice of the capital to the Rayalaseema people who constitute a minority and they should be asked to exercise their choice whether they would like the capital or the High Court. At the 'informal' meeting, as you were pleased to call it which in fact was an official meeting, they exercised their choice in favour of the capital and having exercised the choice, the clause exhausted itself and that is the reason why we voted in that particular way.

"With regard to the question on hand, I wish to make only one submission. It is only one month ago that the decision has been arrived at. Sometimes it may happen in assemblies and congregations like this, we may take some decision which may not be

25th July 1953] [Sri T. Viswanatham]

entirely satisfactory. But all the same there must be some definiteness at least for some short period. I can understand if the Andhra legislators after the formation of the State and making the State a certainty reopened this question. The Prime Minister wanted the Andhra legislators to meet and give the name of a particular place which they will have for their capital; they were asked to meet and name their choice. The whole matter was official. We could have really saved the acrimony and bitterness had we been told by anybody in authority or by those who had the authority to tell us that whatever the decision that may be arrived at, it may be re-opened at a subsequent time before the State is formed and can be the subject-matter of further discussion. Why were we asked to meet and discuss the question paying us travelling and other allowances? The proceedings were officially recorded and printed and so much money and so much temper could have been saved had we been told that it is subject to further discussion. We could have sat in a calmer atmosphere if we had been told it was an informal meeting and that it is not binding upon anybody. As a matter of fact, the Government of Madras did not think it informal and the Government of India did not think so and therefore, they have introduced a clause saying that money lent for the purpose of buildings, etc., at Kurnool will be a liability of the Andhra Government. As men of commonsense, I appeal to hon. Members not to be keeping on rolling and changing their opinion from day to day because no Government could be carried on in that manner. I have nothing to offer for the proposal of my hon. Friend that the capital should be changed. I am not saying it could not be changed. It could be changed in proper time."

MR. SPEAKER:—"How are the Government responsible for this?"

* SRI T. VISWANATHAM:—"I am not blaming anybody, Sir. The Hon. the Chief Minister having taken up a decision and included a provision in the Bill itself now says that he will remain neutral. I do not blame him either because situations are developing for him and others in such a manner that men who are parties to a particular decision now suddenly become obliged to become neutral. If there is good reason, all of us can change, there is no objection and there is no harm done by it. But the point is what is it that has happened during this one month, during this short space of time to upset everything? After all the State has not been formed. But there is time to choose a good capital and that should depend upon the vote of the House and at that time, we could have an inter-party meeting of the legislators and decide everything in a calm atmosphere. We could do it and there is time. I was, therefore, not prepared to take part in the discussions pertaining to the capital because I thought it was a closed matter and it is not for us to rake up that question now but you were pleased to allow it, Sir. At this rate, even what we said to-day can be upset within a week and it will be like the waves of the seas during the south-west monsoon;

[Sri T. Viswanatham] [25th July 1953]

waves coming one after another, waves upon waves and cross-waves. I do not think that this quick-changing opinions like this will lead to anything good. But still, I do not blame anybody. But I would only submit one thing and that is that having taken a stand upon a particular matter on certain grounds only recently, I do not advise and I do not like my friends to change it so quickly for if a man changes his opinion so quickly he is likely to change once more much more quickly and there will be no finality about it."

SRI T. NAGI REDDI :—" Mr. Speaker, Sir, I have nothing to say for the resolution that has been placed in my name. I have spoken upon that question quite a lot and I have expressed myself freely and Members know it. There is one thing which I want hon. Members to remember. After having passed the resolution at the informal meeting of the Andhra legislators, there is only one change that has occurred. After that, we have gone to the people, we have explained to the people and have ascertained their opinion in the matter and we have also had a report from the Government itself as to the possibilities of Kurnool as a capital of the Andhra State. So, having made a wrong decision a decision which had not the approval of the people and which will entail a great amount of expenditure for the new State which it cannot afford to bear, it is just now the time for the legislators to think over the matter very calmly and carefully and come to a decision which would increase the wealth of the State, which would reduce our own immediate expenditure and would reduce our commitments by way of the loan which we have to take for constructing a new capital when such amounts are required for constructing irrigation projects for increasing the wealth of country. At such a time as this when we require funds for constructing irrigation works to increase production and the wealth of the State, I cannot imagine how we can go on constructing buildings in Kurnool because without having any such construction, it would be impossible for us to house the offices and the staff. There is not a single building where offices could be accommodated and all these have to be put up at considerable cost which the State cannot afford to do having regard to our immediate needs. Having in mind the future development of our city and of our present difficulties in selecting the particular place, we have to make a decision and any decision that we have taken must be reviewed and reconsidered in the light of these things. We have to carry the people with us in what we do, we have to increase the trade in our State, we have to increase the wealth of our State and of our country and that is why in conformity with the wishes of the people we say that Vijayavada should be named as the capital because it is centrally located, is sufficiently developed, does not require a loan to be developed with, it is capable of increasing the wealth of the people and hence I would request the Andhra legislators to change over to Vijayavada and at least now correct the decision which has been taken, and take a decision which will be accepted by the people and appreciated by future generation."

[25th July 1953]

SRI T. PRAKASAM :—" Mr. Speaker, Sir, the Andhras are 1 p.m. called upon to carve out a State for themselves. They have undertaken it and they have to do their duty. All the formalities have been gone through. A full debate was carried on and the Andhra legislators arrived at a particular decision. That decision was the result of the anxiety on the part of the Andhra legislators to see that a real Andhra State was formed—not a State consisting of the coastal districts alone, not a State consisting of only the Rayalaseema area. This proposed Andhra State consists of twelve or thirteen districts—six districts extending on the coastal side and six districts on the west called 'Rayalaseema'. For twenty-five years or more, whenever the question of the separation of the Andhra Province was considered, the Rayalaseema friends were protesting against its formation stating their own grievances and ultimately they got the Sri Bagh Pact. I am not an orthodox man who would feel bound by orthodox views. Here a new State has to be formed. For twenty-five long years our Rayalaseema friends were preventing the formation of an Andhra State. What is it that we should do now? Are we to form an Andhra State, or are we to form a coastal State or are we to form only a Rayalaseema State? I have known every inch of the whole of the Andhra State myself. I know Kurnool, Visakhapatnam, Vijayavada and Guntur also. I belong to more than one district by way of birth or adoption or any one of these things. Therefore, it was not out of any partiality or any love or any particular reason that Kurnool was chosen. Four districts constitute Rayalaseema on the west and a choice was given to them under the Sri Bagh Pact. Whether I am an orthodox man who is bound by the Sri Bagh Pact or not, how are we to start this new State? Are we to start it on a real, true and honest foundation or simply make some show? With all deference to my friends who have been talking of Vijayavada or Guntur and other places, I wish to say that it would have been a total failure if our Rayalaseema friends had not co-operated with us and if this State has not been formed in the manner in which it is being formed now, there would have been no Andhra State at all. We would have broken up long long ago and we have been anxious to pull together without any difference of opinion and form a State. That is why we have come to this stage. Now I wonder how some of my friends thought it fit to bring in a resolution here stating that Tirupati should be the temporary capital and not Kurnool. It passes my comprehension, Sir. What is it that we are doing now? Is this the way in which we should be conducting our business here? Is this the way in which we should form the State? If this is the basis on which we are going to form the State, what is the foundation? The foundation is untruth and unreality. If we leave out the whole of Rayalaseema and deal only with the coastal districts, the whole thing will turn to be an unreal business. Therefore, it is not fair and proper on the part of my friends to have tabled a resolution like this. Now, why should we shift the capital to Tirupati? Tirupati was not accepted even informally at the meeting of the legislators and why should it have been brought now? What

1406

THE ANDHRA STATE BILL, 1953

[Sri T. Prakasam] [25th July 1953]

is our business? Are we really building up a State? I feel that we are not building up a State. On the other hand, we are undermining the foundations of the real basis for establishing the new State. I am sorry I am obliged to say all this. We want to avoid all personal references or sectional differences or party considerations. It was pointed out that Vijayavada is the centre of the Communist Party and all work is being done there. What is there in Vijayavada? No doubt, Sir, ever since this question of the formation of the Andhra State was raised, some persons have invested large sums of money in purchasing properties either in Vijayavada or in some other places hoping that the capital would go there. But when the capital did not go there, naturally they got upset. (Laughter.) I am sorry I have to say all this on the floor of this House though I wanted to avoid all such personal controversies. So far as Vijayavada is concerned, Sir, it is practically my own place. Guntur is a district in which I was born. I claim Guntur to be my own. So far as Vijayavada is concerned, I have no particular hatred."

THE HON. SRI C. RAJAGOPALACHARI:—"You are taking my birth place!" (Laughter.)

1-10 p.m. SRI T. PRAKASAM:—"The hon. the Chief Minister says that I am taking his birth-place! We have not come to Hosur! (Laughter.) So, Sir, I am telling you what I have known in the last few years, not to talk of the long range of period. From what I have known, I cannot give a free certificate either for Vijayavada or for even Guntur for the matter of that. But that was not the consideration at all. Vijayavada or Guntur was left out because we accepted the Sri Bagh Pact which gave the choice of capital or the seat of High Court to our Rayalaseema friends. They chose the capital and chose Kurnool and we accepted it. This is the truth. There must be honesty among ourselves. We are governed by majority rule in this country. If we do not have majority rule, you, Mr. Speaker, will not be able to preside over this House even for one day. Such a sacred rule has been adopted and put into force not only by us, but also in every other country in the world. Even in countries where law and order does not prevail but only disorder prevails, majority rule was adhered to ultimately. Are we to break that now? We ought not to resort to the method of over-reaching one another like lawyers. Among ourselves, there were so many groups. We have managed to bring all these groups together and composed our differences as this is necessary for forming the Andhra State which we are called upon to do. Under these circumstances, I am very sorry to say publicly that we have become disorderly persons. Have we really become disorderly? No. I have been living in the hope that disorder will make room for order. We have succeeded in it to some extent in some places; we have failed to a great extent in other places. This is the first time that we are making an attempt to form the Andhra State. We would have formed the object of ridicule all over the world if we had not been able to come to an

25th July 1953] [Sri T. Prakasam]

agreement on the question of a temporary capital for the State that is to be formed. We would have been ridiculed, disgraced and dishonoured. Such a thing I would not allow to come to pass. We are working together for a particular purpose. Therefore I appeal to my friends to withdraw their amendments.

"Shall I tell Mr. Venkateswarlu about Vijayavada? Vijayavada has been the centre of great events. Even to-day it is the centre of great events. I may tell you, Sir, and through you to the hon. Members that there are areas between Vijayavada and Guntur wherein in broad daylight robberies and dacoities were committed, iron safes were forcibly opened and currency notes worth thousands and thousands of rupees were taken away. In one house after opening the iron safe and taking away the money, the owner was asked to stand on the veranda and there he was shot dead. (An hon. Member: 'Who did these things?') My friend wants me to say who did all these things. They were known persons. They did not come in the night. They came in broad daylight, they came in uniforms and they did these things. The same set of persons went to the next house and the house next to that and repeated this atrocity. The owners of both these houses were tied hand to hand and shot dead together. I am stating facts which were put in the possession of Sri Jawaharlal Nehru and the late Sardar Vallabhai Patel. However, those facts did not weigh with us."

THE HON. SRI C. RAJAGOPALACHARI: (seeing an hon. Member of the Communist Party rising on a point of order):—"The hon. Member is rising on a point of order."

SRI T. PRAKASAM:—"The Chief Minister is a very clever man, very able man. He can manage so many things simultaneously. He was trying to manage me on the one hand and my friend who wants to raise a point of order on the other. What is the point of order? We have had points of order as between the Chief Minister and other friends."

"I am stating hard facts which are on record, and the record is in the hands of the highest persons. Andhra State would not have come to this pass if certain mistakes had not been committed by the Central Government and by those who were responsible for it. We were neglected in every sense and we were forcibly driven out of Madras. We were told that we could not have the capital in Madras City. We have accepted that position. My friends who have raised this question should bear in mind the history of the Andhra people during the last four or five years at least, if not the history of the earlier period. You (referring to the Members who moved the amendments) and I, who are supposed to be representatives or leaders, are not suffering. But the people who are suffering are outside. This country has been brought to a stage at which food and cloth are not available to the common people. Maladministration went on to such an extent that no effort on our part could be successful in putting it

[Sri T. Prakasam] [25th July 1953]

down. At last we have come to this position and we wanted to break off against our own will. Even if we break off, I say we are together. At this time what is it, Sir, that we are going to lose whether the temporary capital is at Kurnool or Visakhapatnam? Visakhapatnam is no doubt an ideal place to some. It is not an ideal place to me. Because some buildings and houses are available in Visakhapatnam, it is said that we should go there. We have gone to Visakhapatnam taking the Andhra University. The country has suffered since then on account of the distance of the Andhra University. This time we have gone to the other extreme. Because I said in a debate in this House that we had gone to a jungle place, that is taken hold of by a learned editor of this Madras City.

1-20
p.m.

"He was making a point of it saying 'Mr. Prakasam himself has gone to a jungle place—aranyam'. That place is jungle for us. Sir, if there is really any happy place for any of us, there is no place like Kurnool. Therefore, I am submitting through you to all my friends to forget their differences and not to carry things any further and not to break this decision regarding Kurnool. The Kurnool decision may be broken just as my friends pointed out that some statue was broken somewhere. This was pointed out during the five-day session here. Because a statue was broken, they thought I would be frightened. (Laughter.) I saw many statues broken not only in this country of ours but elsewhere. In that Great Germany at the two cross roads running for 10 or 15 miles, all along the roads, on mounted horses the statues of Kaiser were installed. That was the only thing that a visitor could see in those days. What happened to those statues? Is there any trace of any statue in Germany to-day? Where is Germany to-day. How Germany has been reduced . . ."

(The hon. Member had not concluded his speech when the Speaker rang the Bell. The hon. Member then resumed his seat.)

MR. SPEAKER:—"We have got only ten minutes more. I will put the amendment of Mr. Latchanna to vote first. If that is carried, I would not put other amendments to vote."

SRI G. LATCHANNA:—"Sir, before my amendment is put to vote, please allow me to say only two words. నా సవరణను కోరుకు వెళ్ళేముందు రెండు మాటలు చెప్పడం కోస్తాను."

SRI K. VINAYAKAM:—"He is withdrawing his amendment, Sir." (Laughter.)

SRI G. LATCHANNA:—"It is Mr. Vinayakam's opinion, Sir. It is very difficult for me to express my opinion in English. So, please allow me to say a few words in Telugu."

MR. SPEAKER:—"Mr. Vinayakam says that the hon. Member is withdrawing his amendment."

25th July 1953]

SRI G. LATCHANNA:—"It is his opinion, Sir."

SRI K. VINAYAKAM:—"I do not follow his Telugu, Sir."

MR. SPEAKER:—"I now put Mr. Latchanna's amendment No. 224 to vote. The question is—

'This Assembly recommends that for the word "Kurnool" occurring in paragraph 12 (2), the following words shall be substituted:—

"Tirupati or any other place in Chittoor district which may be more conveniently situated in matters deemed to be essential for the Capital of State and with easy communications with the Northern Circars." "

The amendment was put and declared lost.

Sri G. Latchanna demanded a poll.

The Hon. Speaker asked the Members who were in favour of the amendment and against it to stand alternatively in their places. As only thirteen members stood in favour of the amendment and more than that number stood against it, poll was refused. The amendment was declared lost.

The following amendment of Mr. T. Nagi Reddi (Amendment No. 226) was put and lost:—

'226. This Assembly is of the opinion that the Capital of the Andhra State be located in Vijayavada.'

The following amendment of Sri K. Venkatanarayana Dora (No. 231) was put to the House and declared lost:—

'This Assembly recommends that for the word "Kurnool" in sub-paragraph (2) of paragraph 12, the word "Visakhapatnam" shall be substituted.'

Sri K. Venkatanarayana Dora demanded a poll.

The Hon. Speaker asked those Members who were in favour of Mr. Venkatanarayana Dora's amendment and against it to stand alternatively in their places.

As only sixteen Members stood in their places in support of the amendment, and more than that number stood against it, poll was refused and the amendment of Mr. Venkatanarayana Dora was declared lost.

The following amendment No. 235 (1) of Sri Vavilala Gopalakrishnaiah was put to the House and declared lost:—

'For the word "Kurnool", substitute the words "Guntur to Vijayavada".'

[25th July 1953]

A poll was demanded and the House divided thus :

The amendment was lost.

SRI T. NAGI REDDI :—" May I know the number of non-Andhras who voted for the amendment? Is it about 6 or 4? "

MR. SPEAKER :—" It is not the duty of the Speaker to count how many non-Andhras voted for the amendment."

SRI PILLALAMARRI VENKATESWARLU :—" What about re-count? I request you, Sir, if it is allowable . . . "

[25th July 1953]

Mr. SPEAKER :—“ No, the result is final.

“ The half-hour debate on the cancellation of teaching certificates scheduled to take place to-day is cancelled. The House will now adjourn and meet again at 8-30 a.m. on Monday, the 27th July 1953.”

The House then adjourned.

(ii) Number of Head Constables who secured a pass in the examination at the completion of training.	98	45
(iii) Number of direct recruits selected for undergoing training as Sub-Inspectors in the Police Training College.	..	142
(iv) Number of direct recruits who secured a pass in the examination at the completion of training.	..	76
(b) Number of Head Constables out of the above who are not promoted even after passing the above tests.	..	121

- [25th July 1953

The figures shown against item (a) (iv) above represents the number of directly recruited Sub-Inspectors who have passed in all the subjects in the examinations held in the Police Training College in October 1952 and March 1953. Those who have failed will be given a second chance to pass the examination.

Most of the Head Constables who completed their training could not be promoted as Sub-Inspectors for want of vacancies. Even though there was no immediate chance of their promotion, the training was arranged, so that those who are nearing 40 years of age (the upper age-limit fixed for training) may not lose their chance of promotion completely.

THE MADRAS LEGISLATIVE ASSEMBLY.

Monday, 27th July 1953.

The House met in the Assembly Chamber, Government Estate, Mount Road, at half-past eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

I.—QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

Flood relief in Kollegal taluk.

* 1082-A Q.—SRI R. SIDDANNA GOWD (on behalf of Sri S. C. Virupakshiah): Will the Hon. the Minister for Land Revenue be pleased to state whether in respect of the floods in the Cauvery in July 1953 in Kollegal taluk in Coimbatore district, he has received a report from the Collector about—

- (a) the number of houses either damaged or collapsed;
- (b) the number of persons rendered homeless; and
- (c) the relief measures extended to flood victims?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) to (c) The Government have no information but have called for a report from the Collector of Coimbatore in the matter.”

SRI R. SIDDANNA GOWD:—“May I know why no report was called for from the Collector immediately?”

THE HON. SRI M. A. MANICKAVELU NAICKER:—“This is a short notice question. I think the hon. Member is blaming me for waiving notice. Notice was given on the 23rd. We have not yet got information.”

SRI PILLALAMARRI VENKATESWARLU:—“May I know why the Government did not call for a report previously, that is, before the short notice question was given?”

THE HON. SRI M. A. MANICKAVELU NAICKER:—“We must get details and not simply get reports saying there were floods. We know there were floods in Kollegal. We must get detailed information and for this we want some time.”

Admission into the Medical Colleges.

* 1082-B Q.—SRI S. VEMIAN: Will the Hon. the Minister for Health be pleased to state—

(a) the number of Scheduled Caste students who have been given admission into the Medical Colleges this year categorically; and

(b) the total number of candidates admitted into the colleges this year?

[27th July 1953]

THE HON. SRI A. B. SHETTY :—“(a) & (b) Out of 355 admissions in all, Scheduled Caste admissions number 21.”

SRI S. VEMIAH :—“May I know the number of backward community candidates and women candidates belonging to Scheduled Castes?”

THE HON. SRI A. B. SHETTY :—“The main question relates to Scheduled Castes, Sir.”

MR. SPEAKER :—“The hon. Member may put a separate question.”

SRI A. RATHINAM :—“May I know what amount is levied by the authorities of medical institutions as caution deposit from the Harijan students this year?”

MR. SPEAKER :—“The hon. Member may put a separate question.”

Promulgation of orders under section 41 of the City Police Act near Assembly buildings.

* 1082-C Q.—SRI K. P. GOPALAN : Will the Hon. the Chief Minister be pleased to state whether it is a fact that orders under section 41 of the City Police Act, Madras, have recently been promulgated by the Commissioner of Police in the area surrounding the Assembly buildings in Madras City; and if so, the reasons for the same?

THE HON. SRI C. RAJAGOPALACHARI :—“An order under section 41 of the Madras City Police Act prohibiting processions, etc., passed by the Commissioner of Police and applicable to the whole of the City is already in force. The Commissioner of Police had good reasons to believe that attempts might be made by certain individuals and organizations to stage demonstrations in thoroughfares and areas that adjoin the Assembly buildings while the Legislature is in session. With a view to maintain public peace which would be endangered by demonstrations and counter-demonstrations of rival sections, the Commissioner made the order under section 41 referred to in the question. The decorum and the orderly proceedings of the House must be protected from disturbance. No new restrictions were placed on the public; the object of passing a separate order was specially to invite the attention of the public to the necessity for a strict compliance with the order in the areas specified during the session of the Legislative Assembly.”

SRI K. P. GOPALAN :—“May I know whether the Police Commissioner obtained the previous order of the Government to promulgate this order?”

THE HON. SRI C. RAJAGOPALACHARI :—“Yes, Sir.”

SRI PILLALAMARRI VENKATESWARLU :—“May I know whether the Government are against peaceful demonstrations as well?”

27th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—“Round about the Assembly, Sir.”

SRI S. DEIVASIGAMANY :—“May I know whether the Government have given instructions to the Police officers to use tear gas and lathis freely?”

THE HON. SRI C. RAJAGOPALACHARI :—“No tear gas was used and no lathi charge was made round about the Assembly.”

SRI K. R. VISWANATHAN :—“May I know whether the order was issued under the orders of the Government or whether the police took the initiative in the matter?”

MR. SPEAKER :—“The Hon. Chief Minister has already answered the question.”

SRI K. R. VISWANATHAN :—“May I know whether the Police Commissioner asked for instructions or whether the Government took the initiative to give instructions to the Police Commissioner in this respect?”

THE HON. SRI C. RAJAGOPALACHARI :—“Further enquiry into the matter is not desirable. I have already stated that the Government issued previous instructions.”

SRI C. PULLA REDDI :—“May I know how many times this section has been applied to the approaches of the Assembly buildings, Sir?”

THE HON. SRI C. RAJAGOPALACHARI :—“I am afraid, as long as there is no permanent law to maintain peace round about the Assembly, we will have to use it many, many times.”

*Supply of periodicals and journals to libraries.**

* 1006 Q.—SRI M. KALYANASUNDARAM : Will the Hon. the Minister for Education be pleased to state—

(a) whether any Government orders are in vogue regulating the supply of periodicals and journals to Government libraries and free reading rooms run by local boards and municipalities;

(b) whether any periodicals or journals are prohibited from such libraries and free reading rooms; and

(c) if so, what are their names and the reasons for their prohibition?

THE HON. DR. M. V. KRISHNA RAO :—“(a) No.

“(b) & (c) Do not arise.”

SRI M. KALYANASUNDARAM :—“Is it a fact that even when representations were made for the supply of periodicals to certain reading rooms and libraries under Government and municipalities, certain periodicals belonging to the Opposition parties were rejected by the Government?”

Starred question postponed from the list for 24th July 1953.

[27th July 1953]

THE HON. DR. M. V. KRISHNA RAO :—" The Government in January 1952 ordered that it was not necessary to maintain a list of periodicals and journals for use in public libraries and reading rooms and that the managements of these institutions should, in future, be permitted to arrange for the purchase of books and periodicals for their libraries in conformity with the provisions in the rules framed under the Madras Public Libraries Act, 1948. The following are the conditions prescribed in the Madras Public Libraries Rules, 1950, in regard to the purchase of books and periodicals for use in aided libraries :—

- (i) The library shall have books and not merely newspapers and current periodicals.
- (ii) The indents for books to be purchased for libraries shall receive the prior approval of the local library authority. The books to be purchased shall conform to the requirements mentioned below :—
 - (a) They shall be of general interest and of cultural value.
 - (b) The books, if they are stories or novels, shall be by standard authors and shall not be in doubtful taste.
 - (c) Books abusing communities or religions shall not be purchased.
 - (d) Books or magazines which are in doubtful taste or which contain undesirable pictures shall not be purchased.

There are no further instructions over and above these ones, Sir."

8-40
a.m.

SRI K. ARANGANATHAN :—" Are the Government aware of the fact that a publication of ' Bhagavat Gita ' by one Anna of the Ramakrishna Mutt was banned from public libraries mistaking the author for Annadurai? "

THE HON. DR. M. V. KRISHNA RAO :—" I am not aware of it, Sir."

THE HON. SRI C. RAJAGOPALACHARI :—" If any more information is wanted, I may be able to give, Sir."

SRI K. KRISHNA RAO :—" Is it a fact that the Director of Public Instruction has instructed all library authorities not to allow journals like ' Visalandhra ' and Soviet journals? "

THE HON. DR. M. V. KRISHNA RAO :—" No such instructions have been issued."

SRI M. KALYANASUNDARAM :—" My question was not only relating to supply of books. I put a specific question with regard to periodicals belonging to the Opposition parties, particularly the Communist Party and the Dravida Kazhagam. There were representations made by Municipal Councillors for the supply of ' Viduthalai ' and ' Janasakthi ' to the reading rooms under the municipalities. They were first rejected by the Municipal Commissioners. Then the matter was referred to the Inspector of Municipal

27th July 1953]

Councils and Local Boards and later it went before the Director of Public Instruction. So, these journals are specifically prohibited. May I know the reasons for this? "

THE HON. DR. M. V. KRISHNA RAO :—" The hon. Member is presumably referring to the state of affairs some time earlier. There was some conflict of views between the municipalities and the Government earlier. But the Government Order of 1952 stated that it was unnecessary to maintain a list of periodicals and journals. The whole question is governed by the instructions that have been read out already by me."

SRI PILLALAMARRI VENKATESWARLU :—" May I know whether the Government are prepared to pass general orders providing that all journals of public interest be supplied to municipal and Government libraries? "

THE HON. DR. M. V. KRISHNA RAO :—" There is a Public Libraries Act and the rules under it are in force in the State. The supply or purchase of these books and periodicals is governed by the provisions of the Act and the rules made thereunder."

SRI A. GOVINDASWAMI NAICKER :—" May I know whether the Government have issued any orders that ' Viduthalai ', ' Dina Thanthi ', ' Nam Nadu ' and ' Janasakthi ' should not be purchased by the Cuddalore Municipality? "

MR. SPEAKER :—" The answer was given in reply to Mr. Kalyanasundaram's question."

SRI PILLALAMARRI VENKATESWARLU :—" My question was whether the Government are prepared to issue orders both to the municipal and Government libraries to see that all journals of public interest are purchased by the authorities concerned? "

THE HON. DR. M. V. KRISHNA RAO :—" Discretion is given to the libraries concerned to be exercised in conformity with the Act and rules made thereunder."

Planning Adviser to report on famine conditions in the State.

* 1083 Q.—**SRI K. T. KOSALRAM** (on behalf of Sri R. V. Swaminathan) : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the Government of India proposed to send a Planning Adviser to the Government of Madras to report about the famine conditions in this State;

(b) whether the Government of Madras refused such advice; and

(c) if so, why?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" (a) No such proposal has been received by the State Government.

" (b) & (c) Do not arise."

[27th July 1953]

Tribunals constituted under the Madras Estates Abolition Act.

* 1084 Q.—

MR. SPEAKER :—“ The hon. Member Sri M. Rajeswara Rao is not in his place. The question and answer will be printed in the Proceedings.”

SRI M. RAJESWARA RAO : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether representations from the Bar and the General Public have been received by the Government regarding the difficulties felt by them as a result of the cumbersome procedure followed and the long delay in disposing of the cases by the Tribunals constituted under the Madras Estates (Abolition and Conversion into Ryotwari) Land Act, 1948; and

(b) if so, the action taken thereon?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ (a) & (b) The answer “ is placed on the table of the House.”

Legal assistance to Harijans of Tamirga village, Gudivada taluk.

* 1085 Q.—SRI G. RAMA RAO : Will the Hon. the Minister for Education be pleased to state whether it was a fact that the Harijans of Tamirga village of Gudivada taluk requested the Government for legal assistance some four months back in respect of a civil suit instituted by Government against the Harijans of the whole village, regarding the dispute of the ownership of land in R.S. Nos. 510 and 495 (a village site poramboke of the Harijans of Mesakamalapalli)?

THE HON. DR. M. V. KRISHNA RAO :—“ No. They requested the write off of Rs. 429-0-6 which was awarded by High Court as costs to Government in an appeal preferred by the Harijans to establish their title to the fields in question. The matter is under consideration.”

SRI G. RAMA RAO :—“ There has been no instance where legal assistance has been given in the State to Harijans even though our Constitution provides for the same and also the State declares it to be its policy. So, will the Government at least consider the waiving of the collection of dues in this case? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ The hon. Member's statement is not correct. There are instances where legal assistance has been rendered. If a separate question is put I shall be able to give the answer.”

SRI M. VENKATASUBBA REDDI :—“ In view of the fact that Harijan Sivoijamadars who have been in possession of land for the last twenty or thirty years have been evicted by the neighbouring rich landholders and in view of the fact that the matter has been referred to the revenue authorities who in turn referred the

[27th July 1953]

matter to courts, will the Government dispose of the matter speedily? And will they also issue orders conferring upon the ryots the right to the land under the Land Assignment Rules? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ The cases are already before the courts. We must await the decisions of the courts.”

Harijan Welfare Officers.

* 1086 Q.—SRI A. RATHINAM : Will the Hon. the Minister for Education be pleased to state whether the Harijan Welfare Officers in the State are all under the direct supervision of the Director of Harijan Welfare?

THE HON. DR. M. V. KRISHNA RAO :—“ The District Welfare Officers are all under the immediate control of the Collectors concerned.”

SRI A. RATHINAM :—“ May I know what are the functions of the Harijan Welfare Officers, how many such officers are there in the State and how many of them are Harijans? ”

THE HON. DR. M. V. KRISHNA RAO :—“ The District Welfare Officers attend to amelioration work relating to the ‘ eligible communities ’ and the number of officers is 23. To say how many of them are Harijans, I require notice.”

Repairs to tanks in shrotriyam villages of Bhogole firka, Kavali taluk.

* 1087 Q.—SRI B. RAMAKRISHNA REDDI : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether any representation was received from the ryots of Adireddipalem, Guravareddipalem, Chintalagirivari Kandri, etc., of Bhogole firka, Kavali taluk, Nellore district, that all shrotriyam villages were not taken by the Government and that their tanks were not repaired for the last twenty years although they repeatedly requested the proprietors to do so; and

(b) if so, what action the Government have taken on these representations?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ (a) & (b) The Government have not received any representation. The Collector received representations in June 1952 from the ryots of Chintalagirivari Khandriga, Bhaskaravari Khandriga and Harellapad shrotriems. He is taking steps to repair the tanks which are in need of repairs. Notices have been issued to the proprietors to undertake and execute repairs to the tanks failing which the repairs will be done by the Government and the cost recovered from the proprietors.”

[27th July 1953]

Pumpsets operating in Kalingarayan channel.

* 1088 Q.—SRI K. R. NALLASIVAM: Will the Hon. the Minister for Public Works be pleased to state what action has been taken by the Government to remove the unauthorized pumpsets operating in the Kalingarayan channel?

THE HON. SRI N. RANGA REDDI:—“The Government are awaiting a report from the Chief Engineer.”

SRI K. R. NALLASIVAM:—“சட்டத்திற்கு விரோதமாக அமைக்கப் பட்டிருக்கும் இஞ்சின்களை எடுத்து வடிகால் எடுமென்ற சர்க்கார் உத்தரவுக்குப் பிழை சட்ட விரோதமாக பம்பு செட்டுகள் ஒடிக்கொண்டிருக்கின்றனவா?”

THE HON. SRI N. RANGA REDDI:—“We are awaiting the report of the Chief Engineer.”

SRI M. KALYANASUNDARAM:—“Representations were made to the Government both on behalf of the ryots of Kalingarayan and Pugalur channels for removing these pumpsets which have been fixed by rich landlords belonging to the Congress party. Then, the Government issued orders, which were published in the Gazette, prohibiting these pumpsets. In spite of the Government Order remaining in force, the pumpsets are still being continued. May I know the reasons for the same?”

THE HON. SRI N. RANGA REDDI:—“I do not know whether the hon. Member is referring to the Pugalur channel. So far as the Kalingarayan channel is concerned, we are awaiting the report.”

SRI V. BALAKRISHNAN:—“Are the Government aware that even in this Kalingarayan channel, there is wholesale unauthorized operation of pumpsets by the wealthy landowners?”

THE HON. SRI N. RANGA REDDI:—“The hon. Member may put a separate question.”

Eviction suits under the Malabar Tenancy Act.

THE HON. SRI M. A. MANICKAVELU NAICKER:—“Sir, questions 1089, 1090 and 1095 relate to the same subject. I shall answer all the three questions together.”

MR. SPEAKER:—“Yes.”

* 1089 Q.—SRI K. P. GOPALAN: Will the Hon. the Minister for Land Revenue be pleased to state how many eviction suits were filed in the Courts of Malabar under the Malabar Tenancy Act within the six months and before 15th March 1953?

THE HON. SRI M. A. MANICKAVELU NAICKER:—
“4,417.”

* 1090 Q.—SRI V. R. KRISHNA AYYAR: Will the Hon. the Minister for Land Revenue be pleased to state what is the total number of suits for eviction filed under the Malabar Tenancy Act between 15th February and 15th March 1953?

27th July 1953]

THE HON. SRI M. A. MANICKAVELU NAICKER:—
“3,078.”

* 1095 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Minister for Land Revenue be pleased to state the number of eviction suits filed in Malabar between 1st January and 28th February 1953 and between 1st March and 16th March 1953?

THE HON. SRI M. A. MANICKAVELU NAICKER:—
“Between 1st January and 28th February 1953—632.”

“Between 1st March and 16th March 1953—2,597.”

SRI K. P. GOPALAN:—“Are the Government aware that several courts have not stayed such suits and are proceeding with the trial and in view of this, will Government issue an Ordinance staying all eviction suits and eviction proceedings pending disposal of the Malabar Tenancy Bill now before the Assembly?”

THE HON. SRI M. A. MANICKAVELU NAICKER:—“Sir, I think the courts act under the law prevailing now. The comprehensive Bill on the subject is before the Joint Select Committee which will be meeting shortly.”

SRI V. R. KRISHNA AYYAR:—“Sir, in view of the fact that the comprehensive Bill does not contain any provisions to tighten up eviction proceedings, would the Hon. Minister in charge agree to be influenced by the large number of eviction suits?”

THE HON. SRI M. A. MANICKAVELU NAICKER:—“Yes, Sir. I will consider.”

SRI M. NARAYANA KURUP:—“Sir, inasmuch as 2,000 suits have been filed in the course of 15 days and many of them are intended to circumvent the possible change under the Tenancy Legislation, will the Government be pleased to stop all evictions by means of an Ordinance?”

THE HON. SRI M. A. MANICKAVELU NAICKER:—“Sir, the issue of an Ordinance is an extraordinary thing which requires to be looked into carefully.”

SRI M. NARAYANA NAMBIAR:—“Sir, do the numbers given include the number of suits in the Hosdrug District Munsif's Court in South Kanara and what was the number of cases there?”

THE HON. SRI M. A. MANICKAVELU NAICKER:—“I want notice, Sir.”

SRI R. KRISHNAN:—“Sir, have the Government got any programme to stop the Jemis from evicting the peasants, who have not been able to pay arrears of rent due to drought?”

THE HON. SRI M. A. MANICKAVELU NAICKER:—“All that will be gone into when we consider the Bill.”

SRI C. H. KANARAN:—“Sir, the Hon. Minister said that the issue of an Ordinance is an extraordinary thing. In Malabar,

[27th July 1953]

eviction itself is an extraordinary thing, because there are a large number of eviction suits. Will Government find a way immediately to stop the eviction suits proceeding further? "

THE HON. SRI M. A. MANICKAVELU NAICKER:—" Sir, if it is so extraordinary as to warrant exceptional action to be taken, it will be taken."

SRI K. MADHAVAN NAMBIAR:—" For how long will the stay order remain, Sir? "

THE HON. SRI M. A. MANICKAVELU NAICKER:—" Until the new legislation is put on the Statute Book, Sir."

SRI V. R. NAGARAJAN:—" Sir, can we know whether there is a specific provision in the existing Malabar Act enabling ryots to pray for a stay order? If there is no such provision, would the Government consider passing an immediate law to prevent such eviction suits being filed? "

THE HON. SRI M. A. MANICKAVELU NAICKER:—" Under the existing law, all eviction suits stand stayed."

SRI V. R. KRISHNA AYYAR:—" Both because three to four thousand suits have been filed in a month and also because of a recent decision of the Madras High Court, which has stripped the tenants because they had been under the impression prevailing in the mufassal courts that they should deposit rents in advance, there has arisen an extraordinary situation now. Would the Hon. Minister consider the question of meeting the extraordinary situation by an extraordinary remedy, viz., an Ordinance? "

THE HON. SRI M. A. MANICKAVELU NAICKER:—" Yes, Sir. For that I may probably be given some time to examine the matter carefully."

Trichembaram Higher Elementary School, Taliparamba.

* 1091 Q.—SRI T. C. NARAYANA NAMBIAR: Will the Hon. the Minister for Education be pleased to state the reasons why the Government withdrew the recognition of the Trichembaram Higher Elementary School in Taliparamba, North Malabar, in the middle of the school-year 1952-53, and gave permission to the newly recognized elementary school without permission to open lower standards also?

THE HON. DR. M. V. KRISHNA RAO:—" The recognition of the Trichembaram Higher Elementary School was withdrawn for the reason that the management of the School violated the provision in the rules relating to the grant of recognition and aid to elementary schools and failed to carry out the orders of the Departmental Officers.

" Permission was given to the newly recognized Elementary School for the opening of standards VI to VIII only, as the Local School Committee had applied for permission to open Higher Elementary School alone in the village, there being no Higher Elementary Schools within a radius of four miles

[27th July 1953]

of the village. The School Committee and a private party have subsequently applied for permission for the opening of Lower Elementary School also and the question of granting them permission is under the consideration of the authorities."

SRI T. C. NARAYANA NAMBIAR:—" I am glad that the lower standards are also recognized. But is it not a fact that the order given first to the department was that permission was accorded to start the higher elementary school in the place of the de-recognized one and is it not a fact that in the spirit of the order given to the department all the eight standards can be started? If so, why was it that the Divisional Inspector of Schools, Coimbatore, gave an order that only three classes can be started? "

THE HON. DR. M. V. KRISHNA RAO:—" The Divisional Inspector of Schools reports that in view of that, permission to open a Higher Elementary School in the locality with standards six to eight was granted by him, as there was no Higher Elementary School within a radius of four miles and children of lower classes were admitted in schools near by. This matter was reconsidered on application made and permission has been given."

Dam across Mampuzha in Kozhikode taluk.

* 1092 Q.—SRI A. APPU: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether there is any proposal to put up a dam across the Mampuzha river in Kozhikode taluk to prevent the influx of salt water into the paddy fields;

(b) whether it is a fact that paddy crops on about 500 acres of wet lands were destroyed as the temporary mud dam was not put up by the Public Works Department this year;

(c) what amount is spent annually to put up this temporary dam here; and

(d) whether there is any proposal with the Government to put up a permanent dam here as early as possible?

THE HON. SRI N. RANGA REDDI:—" (a) Yes.

" (b) A temporary dam was put up this year also and maintained. But as the north-east monsoon was extremely poor this year, the level of fresh water in front of the dam was low, and that of the salt water in the rear of the dam was high. There was, therefore, leakage of salt water through the planks of the locks and whenever the lock was opened for boat traffic, some salt water entered and got mixed up with the fresh water above the dam. As the level of the water was so low, only some low-lying lands on the river margin were affected but not the large extent of high-level

[27th July 1953]

lands. The extent so affected was not so large as 500 acres. The failure of monsoon this year had also its share in the destruction of the crops that occurred.

"(c) The amounts annually spent are—

	RS.
1947-48	4,594
1948-49	8,533
1949-50	3,053
1950-51	1,962
1951-52	1,583
1952-53	1,148

"(d) Yes. The proposal is under consideration."

SRI A. APPU :—" May I know, Sir, in what stage the proposal now is and has an estimate been prepared? "

THE HON. SRI N. RANGA REDDI :—" There was a proposal for an estimated cost of Rs. 3 lakhs; but as it was expected that it would benefit only an extent of 170 acres, that proposal was dropped. The Chief Engineer has, however, reported that the possibilities of opening a regulator bridge proposed to be constructed by the Highways department across the river will be examined when the proposals of the bridge take a definite shape."

Water-supply for Parchur firka in Bapatla taluk.

* 1093 Q.—SRI K. VENKAIAH: Will the Hon. the Minister for Health be pleased to state—

(a) whether steps are being taken to arrange water-supply for the Parchur firka in Bapatla taluk and relieve the scarcity of water in that firka; and

(b) the time that will be taken for the arrangement?

THE HON. SRI A. B. SHETTY :—" (a) During the year 1952-53, 4 works at Cherukur village, 2 works at Upputur village and 5 works, i.e., at (i) Gollapudi, (ii) Bhurayapalem, (iii) Parchur, (iv) Uppalapadu and (v) Annavaram villages in Parchur firka, were programmed for execution and out of these, two works at Cherukur were completed.

"(b) The remaining nine works will be completed during 1953-54."

SRI K. VENKAIAH :—" Sir, in view of the fact that representations have been made to the Government that improvements to Parchur vagu may be made so that the water may be preserved, will the Government consider the proposal? "

THE HON. SRI A. B. SHETTY :—" Yes, Sir."

[27th July 1953]

Subsidy to Tanjore District Board for maintenance of elementary schools.

* 1094 Q.—SRI S. VENKATRAMA AYYAR: Will the Hon. the Minister for Education be pleased to state—

(a) why grant of subsidy towards the maintenance of elementary schools under the compulsory scheme was denied to the Tanjore District Board; and

(b) whether a representation has been made to the Government by the Tanjore District Board in the matter?

THE HON. DR. M. V. KRISHNA RAO :—" (a) The policy of the Government is to give subsidies to local bodies towards the cost of the Scheme of Compulsory Elementary Education, only in cases where there is need for aid from the Government judged from the financial position of the district board concerned. The Tanjore District Board has been having a surplus both in its Elementary Education Fund and its General Fund, and has all along been in a position to meet the cost of the scheme of compulsory education from its funds. The Government did not therefore give any subsidy to the district board towards the maintenance of elementary schools under the compulsion scheme.

"(b) Yes."

SRI V. R. NAGARAJAN :—" Is the system of extending elementary education in this State through the compulsory education scheme still in force, and if so, in how many districts is it in force? "

THE HON. DR. M. V. KRISHNA RAO :—" To the extent to which it was introduced, it is in force. But, further extension was kept in abeyance from 1949."

SRI S. VENKATRAMA AYYAR :—" Are the Government aware that the Tanjore District Board is deficit in the elementary education budget consecutively for the last three years? "

THE HON. DR. M. V. KRISHNA RAO :—" The revised estimate for 1952-53 and the budget estimate for 1953-54 of the elementary education fund of the Tanjore District Board are expected to close with a surplus of Rs. 1,390 and with a deficit of Rs. 9,000 respectively."

SRI V. CHIDANANDAM :—" Has compulsory elementary education been introduced throughout any one of the districts in this State? "

THE HON. DR. M. V. KRISHNA RAO :—" No, Sir."

SRI V. BALAKRISHNAN :—" What are the districts in which it is in force and why has it been kept in cold storage since 1949? "

[27th July 1953]

THE HON. DR. M. V. KRISHNA RAO :—“ In view of the decision to introduce basic education and with a view to review the whole position, it was suspended. Now, the scheme of extending elementary education, with a view to bringing in more children and to serve the purpose of compulsion ultimately, is being implemented.”

Madanapalle Thermal Station.

* 1096 Q.—SRI D. SEETHARAMIAH : Will the Hon. the Minister for Public Works be pleased to state—

(a) when electricity will be supplied from the Madanapalle Thermal Station; and

(b) whether the Government propose to extend the supply of electricity for agricultural purposes to the whole of Madanapalle and Vayalpad taluks?

THE HON. SRI N. RANGA REDDI :—“ (a) Supply of electricity to Madanapalle Town has been given from 15th May 1953.

“ (b) A scheme for supply of power to 24 villages in Vayalpad, Madanapalle and Chandragiri taluks is under the consideration of the Electricity department.”

SRI D. SEETHARAMIAH :—“ Will the Government increase the number of villages from 24, as lift irrigation is the only irrigation in Madanapalle and Vayalpad taluks? ”

THE HON. SRI N. RANGA REDDI :—“ Sir, supply of power is given on a commercial basis. If it is extended to villages, it should be profitable. Certain criteria are specified and if those criteria are satisfied, power will be supplied.”

SRI M. VENKATASUBBA REDDI :—“ May I know, Sir, whether the Government propose to erect thermal stations to facilitate lift irrigation in the famine-affected areas of Anantapur and Kurnool districts? ”

THE HON. SRI N. RANGA REDDI :—“ A separate question may be put, Sir.”

SRI B. SANKARIAH :—“ ఈ తర్వాత వేపనల్లనుండి ఇప్పుడు వ్యవసాయానికి electricity సైతం చేయడానికి అవకాశం ఉంది కూడా, అవకాశ పరిస్థితి గడుస్తూ ఉండే సమయంలో ప్రభుత్వం ఎందుకు సైతం చేయడం లేదు. నెల్లూరు తర్వాత వేపనల్లలో కూడా electricity waste చేస్తున్నారు. అటువంటి వ్యవసాయానికి electricity సైతం చేయడానికి ప్రభుత్వం ఇకముందైనా చర్య తీసుకుంటారా? ”

THE HON. SRI N. RANGA REDDI :—“ Sir, the Government have already been supplying power to agriculturists. But so far as last year is concerned, the Government have evolved a new policy that in respect of the rural extensions, unless the beneficiaries come forward with loans, new rural extensions should not be undertaken.”

27th July 1953]

DR. K. B. MENON :—“ What is the total allotment for extension of electricity to rural areas for this year in the Five-Year Plan and what is the actual amount available? ”

THE HON. SRI N. RANGA REDDI :—“ A separate question may be put, Sir.”

SRI K. VARADACHARI :—“ May I ask, Sir, whether power supply will be continued after 1st October in the Chittoor district? ”

THE HON. SRI N. RANGA REDDI :—“ Yes, Sir.”

Primary schools in South Kanara.

* 1097 Q.—SRI S. S. KOLKEBAIL : Will the Hon. the Minister for Education be pleased to state—

(a) how many villages in South Kanara district are not having even primary schools; and

(b) if so, what action the Government have taken in the matter of providing at least elementary schools to those villages?

THE HON. DR. M. V. KRISHNA RAO :—“ (a) It has been reported to Government that there are 54 schoolless villages with a population of 500 and above in the South Kanara district. No figures are available in respect of villages with a population of less than 500.

“ (b) The Government are encouraging in all possible ways the opening of schools by private agencies and by the district boards.”

SRI S. S. KOLKEBAIL :—“ Is it a fact that the Government have issued an order not to open new schools? ”

THE HON. DR. M. V. KRISHNA RAO :—“ No, Sir.”

SRI T. LAKSHMINARAYANA REDDI :—“ Will the Government consider the desirability of increasing the grants given to private managements and to teachers under private managements so that many aided schools may spring up? ”

THE HON. DR. M. V. KRISHNA RAO :—“ The question of revision of grants to elementary school teachers is under consideration, Sir.”

Alleged detention of Krishnan Nayar, an auto-rickshaw driver, in Kozhikode.

* 1098 Q.—SRI V. R. KRISHNA AYYAR : Will the Hon. the Minister for Health be pleased to state whether the Government have received any representation or complaints in 1953 about one auto-rickshaw driver of Kozhikode, Krishnan Nair by name, having been wrongfully detained in the Kozhikode Government Lunatic Asylum at the instance of the District Medical Officer, Kozhikode, and if so, what action has been taken against the District Medical Officer?

[27th July 1953]

THE HON. SRI A. B. SHETTY :—" Yes. The matter is under consideration."

SRI V. R. KRISHNA AYYAR :—" Has any enquiry been ordered and is it being carried out or has the enquiry concluded? I submit, Sir, that there is no point in merely saying that it is under consideration. May I know what stage of the consideration it has reached? "

THE HON. SRI A. B. SHETTY :—" Since the despatch of this answer, Sir, the matter has been finally disposed of. No action against the District Medical Officer or the Assistant Surgeon will be taken. The District Medical Officer has been permitted to retire."

SRI K. P. GOPALAN :—" In this particular case, Sir, I may submit I myself have gone to the Kozhikode Mental Hospital and found the person very sane. May I ask the Hon. Minister whether the District Medical Officers and the Resident Medical Officers are authorized by the Government to send the patient to the lunatic asylum? "

THE HON. SRI A. B. SHETTY :—" On account of the unruly behaviour of this person, a report was made to the police and the police took him into custody and produced him before the Subdivisional Magistrate. Under the orders of the Subdivisional Magistrate, he was sent to the Mental Hospital for observation under the Indian Lunacy Act."

SRI T. VISWANATHAM :—" Is it one of the methods of this Government to send unruly persons for observation in lunatic asylums? "

THE HON. SRI C. RAJAGOPALACHARI :—" Not all unruly persons."

SRI S. DEIVASIGAMANY :—" What is the final report and is the auto-rickshaw driver suffering from lunacy or is the District Medical Officer suffering from lunacy? "

THE HON. SRI A. B. SHETTY :—" He was discharged, Sir, since it was found that he was not of unsound mind."

SRI S. SWAYAMPRAKASAM :—" The Hon. Chief Minister said that not all unruly persons are sent to the Mental Hospital. Does it not mean that some unruly persons are sent to the Mental Hospital? "

THE HON. SRI C. RAJAGOPALACHARI :—" Some are retired and some are sent to the hospital."

Selection to Engineering Colleges.

* 1099 Q.—SRI D. SEETHARAMIAH: Will the Hon. the Minister for Public Works be pleased to state—

(a) the number of Rayalaseema students selected for Engineering Colleges for 1950-51, 1951-52, 1952-53; and

27th July 1953]

(b) what is the percentage of such selection to the total number of candidates selected for this course?

THE HON. SRI N. RANGA REDDI :—" (a)

Year.	Number of Rayalaseema students selected.
1950-51	38
1951-52	34
1952-53	45

" (b)

Year.	Percentage.
1950-51	10.2
1951-52	9.1
1952-53	12.0

SRI D. SEETHARAMIAH :—" Have the Government considered Mr. Justice Wanchoo's recommendations regarding educational facilities to Andhra students in the residuary State, especially with reference to the Engineering College? "

THE HON. SRI N. RANGA REDDI :—" This does not arise out of this question."

Development of roads in South Kanara.

* 1100 Q.—SRI S. S. KOLKEBAIL: Will the Hon. the Minister for Public Works be pleased to state whether the Government of Madras have implemented the scheme incorporated in the Vipan Scheme of Road Development in South Kanara district; and if so, how many roads have been developed?

THE HON. SRI N. RANGA REDDI :—" Yes. Forty-two out of 47 bridge works recommended in the report have been completed. The remaining five bridge works and the two road works recommended are under various stages of execution."

SRI M. NARAYANA NAMBIAR :—" How many roads have been contemplated under the Vipan Scheme of Road Development in Kasaragod taluk and how many have been completed? "

THE HON. SRI N. RANGA REDDI :—" Notice, Sir."

Andhra Basic Schools.

* 1101 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Minister for Education be pleased to state whether in granting aid to Basic Schools and Basic Training Schools all institutions are given aid on a uniform basis; and if not, why not?

[27th July 1953]

THE HON. DR. M. V. KRISHNA RAO :—"The grants given to Basic Schools and Basic Training Schools are of three kinds, viz., teaching grant, equipment grant and building grant. The teaching grant given to Basic Schools and Basic Training Schools is generally on a uniform scale, the scale of aid being governed by the rules relating to Elementary Schools in the case of Basic Schools and the grant-in-aid code in respect of Basic Training Schools. In exceptional cases, however, grants-in-aid are sanctioned on a more liberal scale for special reasons."

"Equipment grant and building grants are given to Basic Schools and Basic Training Schools on a uniform scale."

SRI M. NARAYANA KURUP :—"May I know, Sir, which are the institutions that are being given grants on a more liberal scale and is it not a fact that some of the institutions are being given full teaching grants while others are granted only two-thirds?"

THE HON. DR. M. V. KRISHNA RAO :—"As I had already said, four out of the thirteen basic training schools are being given full teaching grants. The four institutions are :—

- (1) Basic Training School, Gandhigram.
- (2) R.K. Mission Basic Training School, Perianaickenpalayam.
- (3) Andhra Basic Training School, Tiruvur.
- (4) Basic Training School, Kallupatti.

"It is true that these four institutions are being granted full teaching grants, while others are being given two-thirds of the net cost and one-half of the dearness allowance of the approved expenditure. The reason is as follows :—

"These four institutions above referred to, have been considered as pioneer institutions in the teaching of basic education. They were started well in advance before the Government came to favour basic education. They were in existence before 1948. They had to undergo a lot of difficulties due to shortage of accommodation, shortage of personnel, etc. That is why the Government are giving them full teaching grants taking into account the pioneering work done."

SRI M. HANUMANTHA RAO :—"Sir, is it the policy of Government to open basic schools where there are already some schools running?"

THE HON. DR. M. V. KRISHNA RAO :—"Wherever there is growing need for basic schools, permission will be given."

SRI K. GOVINDA RAO :—"Is it not a fact that some of the basic schools are not allowed to have electricity but only kerosene lights even when electricity is available? Is it due to economy or is it to suit the basic type of the basic education imparted in the basic schools, Sir?"

27th July 1953]

THE HON. DR. M. V. KRISHNA RAO :—"The allegation of the hon. Member is not correct."

SRI P. RAMA RAO :—"శేరిలింగంపల్లిలోని స్కూల్లకు ప్రభుత్వంవారు గ్రాంట్లు ఇచ్చేటప్పుడు, ఆ స్కూల్లలోని విద్యార్థులు చేసిన పనులవల్ల సహా వింజనం ఆదాయాన్ని మాత్రమే ప్రభుత్వంవారు రెక్కలలోనికి తీసుకుంటారా? లేక, ఆ ఆదాయాన్ని అంతా స్కూల్ మేనేజిమెంటు అనుభవించడం జరుగుతుందా?"

THE HON. DR. M. V. KRISHNA RAO :—"It is being taken into account."

SRI S. SWAYAMPRAKASAM :—"The Hon. Minister stated that in certain special cases, liberal grants are being given. May I know what are the special cases and what are the special reasons?"

THE HON. DR. M. V. KRISHNA RAO :—"I have already answered that, Sir."

Repairs to supply channel of Yedallacheruvu, Puthur taluk, Chittoor district.

* 1102 Q.—**SRI R. B. V. SUDARSANA VARMA :** Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether representations have been made to the Government by the ryots to repair the supply channel of Yedallacheruvu in Puthur taluk, Chittoor district, otherwise called as Kattukomma kalva;

(b) if so, what action the Government propose to take; and

(c) whether plans and estimates have been prepared for the work?

THE HON. SRI M. A. MANICKAVELU NAICKER :—"(a) Yes.

"(b) & (c) The plans and estimate for the work are ready. The Collector's report on the revenue, administrative, Grow More Food and financial aspects of the scheme is awaited."

SRI R. B. V. SUDARSANA VARMA :—"Is it not a fact that tenders were called for and subsequently cancelled?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—"I am not aware of the same, Sir. I know that the Superintending Engineer submitted estimates totalling Rs. 71,000 in respect of this scheme. We have got to look into whether the scheme will justify the large expenditure under this head."

Patamata Pumping Scheme, Krishna district.

* 1108 Q.—**SRI T. POTHA RAJU :** Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the Patamata Pumping Scheme at Patamata village of Vijayavada firkā in Krishna district has been completed;

[27th July 1959]

(b) if so, whether the said scheme is working satisfactorily; and

(c) if not, why?

THE HON. SRI N. RANGA REDDI :—“(a) No.

“(b) & (c) Does not arise.”

SRI T. POTHA RAJU :—“I am really astonished to hear the reply given by the Hon. Minister. As far as my information and knowledge go, I know that the scheme had been taken up and partially completed. The Hon. Minister may take some time but I want a definite reply to my answer.”

THE HON. SRI N. RANGA REDDI :—“I invite the attention of the hon. Member to the latter part of his own question ‘completed’.”

Elementary school teachers under the Chittoor District Board.

* 1104 Q.—SRI D. SEETHARAMIAH : Will the Hon. the Minister for Education be pleased to state—

(a) whether the Government have received complaints regarding irregular payment of salaries and unjust transfers of elementary school teachers working under the Chittoor District Board; and

(b) if so, what action has been taken thereon?

THE HON. DR. M. V. KRISHNA RAO :—“(a) No.

“(b) Does not arise.”

SRI D. SEETHARAMIAH :—“Will the Hon. Minister take this opportunity and see to it that the unjust transfers that are being made by the District Board President even now are put an end to?”

THE HON. DR. M. V. KRISHNA RAO :—“It has been reported that owing to administrative exigencies, the President of the District Board made certain transfers in anticipation of the approval of the District Educational Officer. Such transfers were then approved subsequently by the District Educational Officer.”

Power of transfer of employees in the Medical Department.

* 1105 Q.—SRI V. BALAKRISHNAN : Will the Hon. the Minister for Health be pleased to state why and when the powers of the Director of Medical Services to order transfer of employees in the Medical Department within three years were withdrawn?

THE HON. SRI A. B. SHETTY :—“The powers of the Director of Medical Services to transfer employees of the Medical Department within a period of three years have not been withdrawn.”

[27th July 1959]

SRI V. BALAKRISHNAN :—“Have the powers of the Director of Medical Services to order the transfer of employees within a period of three years been since withdrawn?”

THE HON. SRI A. B. SHETTY :—“I have already said that the powers of the Director of Medical Services to transfer employees of the Medical Department within a period of three years have not been withdrawn.”

MR. SPEAKER :—“It is now 9-15 a.m. Hon. Ministers may read the answers to the remaining questions. No hon. Member need put any supplementary questions.”

Malabar Harijan Welfare Committee.

* 1106 Q.—SRI O. KORAN : Will the Hon. the Minister for Education be pleased to state—

(a) the number of members in the Malabar District Harijan Welfare Committee; and

(b) whether there is any Harijan M.L.A. in the Committee?

THE HON. DR. M. V. KRISHNA RAO :—“(a) Eight non-officials besides a few officials.

“(b) None of the non-officials is now an M.L.A. The reorganization of the Committee is under consideration.”

Nagavalli and Vamsadhara Projects.

* 1107 Q.—SRI VAVILALA GOPALAKRISHNAIAH : Will the Hon. the Minister for Public Works be pleased to state at what stage the investigation of the Nagavalli and Vamsadhara Projects is?

THE HON. SRI N. RANGA REDDI :—“The investigation of the Nagavalli Project for the excavation of a right bank channel from above the Thotapalli regulator across the Nagavalli river has been completed and the plans and estimates are under scrutiny by the Engineers. The investigation of the Vamsadhara Project has been started in January 1953 and is now in progress.”

Panchayat Board libraries in Coimbatore district.

* 1108 Q.—SRI P. G. MANICKAM : Will the Hon. the Minister for Education be pleased to state—

(a) how many Panchayat Boards in the Coimbatore district maintain public libraries;

(b) how many Panchayat Boards receive library grants from the Government;

(c) how many Panchayat Boards levy and collect library cess; and

[27th July 1953]

(d) whether the Government propose to take steps to direct the opening and maintenance of panchayat libraries with the aid of Government grants in all the Panchayat Boards that levy library cess?

THE HON. DR. M. V. KRISHNA RAO :—“(a) Forty-six.

“(b) Thirty-five.

“(c) Twenty-seven.

“(d) A proposal as mentioned in this clause is under examination.”

Completion of “Mudaliar channel” in Tiruchirappalli district.

* 1109 Q.—SRI P. RANGASWAMI REDDIAR : Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the ryots in Karur and Kulithalai taluks have been making periodical representations to the Government requesting them to complete the “Mudaliar channel” and whether the ryots have even offered to pay the entire cost of such completion in ten equal annual payments; and

(b) if so, whether the Government have investigated the matter and taken steps in the matter?

THE HON. SRI N. RANGA REDDI :—“(a) Representations were received from the Ryots of Vangal and Kuppichipalayam villages of Karur taluk in this regard but there was no offer to pay the entire cost of the work in any of them.

“(b) The scheme has been deferred for the present by the Government.”

(c) the number of acres irrigated by oil engine and electric pumpsets in that area?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“(a) Acres 5,782.

“(b) Acres 768.

“(c) Acres 995.”

[27th July 1953]

Recognition of “Bhashapraveena” and “Vidyapraveena” of the Andhra University.

* 1111 Q.—SRI V. CHIDANANDAM : Will the Hon. the Minister for Education be pleased to state—

(a) whether “Bhashapraveena” and “Vidyapraveena” of Andhra University are recognized by the State Government as equivalent to Vidwan and Siromani respectively of Madras University; and

(b) if so, whether the Government have published it in the Fort St. George Gazette?

THE HON. DR. M. V. KRISHNA RAO :—“(a) & (b) The qualification prescribed for Pandits and Munshis in the service of the Government other than those employed for translation work in Colleges, is a title of a University in the State in Oriental Learning. The holders of the titles of ‘Vidyapraveena’ and ‘Bhashapraveena’ of the Andhra University as well as the holders of the titles of ‘Vidwan’ and ‘Siromani’ of the Madras University are considered to satisfy this qualification. The need for the Government specially to recognize the titles of one University in the State as equivalent to those of another does not arise. The Madras University has stated that they considered the Andhra University degrees as equivalent to theirs.”

Remission of land revenue in Malabar.

“(d) There are 12 wards attached to the Hospital of Indigenous Medicine and the strength of the nursing staff employed is 19.

“(e) & (f) The answer is in the negative.”

Eligibility for remission of revenue.

* 1120 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state whether it is a fact that in the case of ryots cultivating different holdings under a single survey number, remission to none of the holdings is given, if only one or two of them are held to have yielded crop above the limit of eligibility for remission?

THE HON. SRI M. A. MANICKAVELU NAICKER :—

“Remission is granted only when an entire survey field or a recognized subdivision thereof is left waste or when the crop on the entire area of the survey field has totally failed. It is not granted in cases where the crop on a portion of a survey field has totally failed. It is also not granted with reference to the holdings in a survey field. It may therefore happen that in respect of a survey field containing one or more holdings, remission is denied to all the holdings in the survey field by reason of the fact that the crop on the entire area of the survey field has not failed.”

THE HON. DR. M. V. KRISHNA RAO :—“Children of acting teachers in the service of local bodies will be eligible for fee concessions provided they are appointed regularly, and not under the emergency provisions. General orders have been issued to this effect.”

Rural electrification in Kallakurichi taluk.

* 1132 Q.—SRI A. GOVINDASAMI NAYAGAR (on behalf of Sri L. Anandan): Will the Hon. the Minister for Public Works be pleased to state—

(a) why the taluk of Kallakurichi which is in the Firka Development Area, has not so far come under the Rural Electrification Programme; and

(b) when the said taluk is expected to get electricity for its towns and villages and for its agriculture?

THE HON. SRI N. BANGA REDDI :—“(a) & (b) Although the question of extending the supply of electricity to Kallakurichi taluk was under consideration as early as 1946, power supply was found unrenumerative and had to be deferred till additional loads were canvassed. A major scheme for the supply of electricity to Kallakurichi, Thyagaragam and Chinnassalem villages in Kallakurichi taluk, South Arcot district, has since been sanctioned. But in view of the financial stringency, the work can be taken up for execution only if contributions from the local beneficiaries are forthcoming.”

[27th July 1953]

Copyists and examiners in the Revenue Department.

* 1142 Q.—SRI G. RAMA RAO: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the recommendations of the Board of Revenue made in its reference No. C. 8797/49, dated 8th November 1949, with reference to G.O. Ms. No. 2749, dated 25th October 1949, in respect of the revision of scales of remuneration and enhancement in the rates of copying charges to the copyists and examiners in the Revenue Department have been implemented; if not, why; and

(b) whether the copyists and the examiners of the Judicial Department were made eligible for the leave and pensionary benefits and if so, when; and why similar benefits were not granted to copyists and examiners in the Revenue Department?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) In its reference No. C. 8797 of 1949, dated 8th November 1949, the Board of Revenue communicated to the Collectors G.O. Ms. No. 2749, Revenue, dated 25th October 1949 and also called for amendments to the relevant paragraphs of B.S.O. No. 173 from some of the Collectors. The reference was not intended for the Government and no recommendations were made in it requiring action by Government. Draft amendments to B.S.O. No. 173 were submitted by the Board of Revenue in 1951 with reference to G.O. Ms. No. 2749, Revenue, dated 25th October 1949, and they were approved in G.O. Ms. No. 2740, Revenue, dated 20th October 1951.

“(b) In the Civil Judicial Department the copyists and examiners of copies are of two categories—

(i) those borne on the regular establishment and (ii) others. The copyists who are on the regular establishment have been made eligible for leave and pensionary benefits with effect from 1st January 1950. The examiners of copies who are on the regular establishment are full-time Government servants and as such they are automatically eligible for leave and pensionary benefits like any other Government servant. But the other copyists and examiners who are employed from time to time to cope with the temporary increase in work are paid out of contingent funds and are not therefore eligible for leave or pensionary benefits.

“The copyists in the Judicial Magistrates' Courts and the Presidency Magistrates' Courts, Madras, were made eligible for leave and pensionary benefits with effect from 25th October 1952. But the examiners of copies in the Judicial Magistrates' Courts do not come under ~~any~~ service rules. The question of including them in the Madras Judicial Ministerial Service, fixing their emoluments and extending leave and pensionary benefits to them is under the consideration of the Government.

27th July 1953]

“As regards the reasons for not extending the leave and pensionary benefits to the copyists and examiners of copies in the Revenue Department the attention of the Member is invited to the answer given to Starred question No. 304 on 5th December 1952 on the floor of this House.”

[Note.—An asterisk (*) at the commencement of a speech indicates revision by the Member.]

II.—MOTION UNDER RULE 11 OF THE MADRAS ASSEMBLY RULES (LEAVE OF ABSENCE TO A MEMBER).

SRI S. VENKATRAMA AYYAR:—“Sir, I move—

‘That, under Rule 11 of the Madras Assembly Rules, leave of absence be granted by this House to Sri V. Nadimuthu Pillai, till the 30th September 1953 from the date of his absence.’”

The motion was duly seconded.

MR. SPEAKER:—“The question is—

‘That, under Rule 11 of the Madras Assembly Rules, leave of absence be granted by this House to Sri V. Nadimuthu Pillai, till the 30th September 1953 from the date of his absence.’ I think there is no objection to grant leave of absence. Mr. V. Nadimuthu Pillai is sick now. (After a pause.) I take it that the motion is unanimously passed.”

The motion was carried unanimously.

III.—ADJOURNMENT MOTIONS.

SRI C. V. K. RAO:—“I have given notice of an adjournment motion . . .”

MR. SPEAKER:—“The hon. Member gave notice of an adjournment motion about the supersession of a municipal council. I told him in my Chamber that the District Municipalities Act provided for supersession and that the motion was out of order. Let him not again refer to it in this House.”

“The hon. Member Sri Pillalamarri Venkateswarlu also gave notice of an adjournment motion, and I told him that it was out of order.”

SRI PILLALAMARRI VENKATESWARLU:—“Of course, you said that it was out of order. I would like to ask for a half-hour debate on the subject.”

MR. SPEAKER:—“Let the hon. Member give notice of a short-notice question and I will admit it.”

SRI C. V. K. RAO:—“Sir, you have allowed the other Member to have his say. I request you to read my adjournment motion. You have given a very wrong impression about it.”

MR. SPEAKER:—“I have already given a ruling in my Chamber.”

[27th July 1953]

IV.—GOVERNMENT BILL.

THE ANDHRA STATE BILL, 1953—cont.

Seventh Schedule.

* SRI C. RAJAM RAMASWAMI :—“ Mr. Speaker, Sir, I wish to make a submission. We have passed certain resolutions relating to the Seventh Schedule in regard to the apportionment of assets and liabilities. In sub-paragraph (5) of paragraph 12 of the Schedule, there is a provision for compensating the new Andhra State to the extent of 2.30 crores (two hundred and thirty lakhs of rupees) towards the cost of construction of new Capital and for compensating what is said to have been lost by the Andhras by reason of their losing Madras City. This provision is very different to the resolutions already adopted in regard to assets and liabilities. What is proposed Sir, is only an ex-gratia payment to the new Andhra State to build its Capital and the residuary State has been called upon to pay this sum. Therefore, Sir, I submit that this provision of the Seventh Schedule should be considered and this Assembly should express an opinion on it for the guidance of the Central Government. I have tabled an amendment suggesting the deletion of this sub-clause. Similar amendments have been given notice of by other Members. I request you, therefore, Sir, to take this up.”

MR. SPEAKER :—“ If the hon. Member wants to move the amendment, I have no objection.”

SRI C. RAJAM RAMASWAMI :—“ Sir, I move—
‘ 251 In the Seventh Schedule, sub-paragraph (5) of paragraph 12 shall be deleted.’ ”

The amendment was duly seconded.

* SRI T. VISWANATHAM :—“ Sir, may I submit that the provision of a sum to the Andhra State as a compensation for the relative shortage of buildings is covered by the two resolutions with regard to the division of assets and liabilities already passed by this House? This also will be one of the questions which will be taken into consideration by the Commission. In fact, we also could have suggested amendments. When we passed those resolutions, we thought that whether the sum should be one crore, two crores, eight crores or ten crores should be left over to the expert commission, which will take all things into consideration and make the apportionment. Even the provision made in the Seventh Schedule is made having regard to certain considerations. I submit that this is covered by the two resolutions already passed and I do not think it will be right for us to reopen matters day after day like this.”

SRI T. NAGI REDDI :—“ If we take up one particular provision after the passage of the two resolutions by this House, I think there will be a demand for taking up so many other provisions also. On the question of buildings itself, so many amendments have been tabled.”

27th July 1953]

* SRI C. RAJAM RAMASWAMI :—“ Sir, I do not agree with the arguments put forward by Messrs. Viswanatham and T. Nagi Reddi. This provision for the payment of compensation of Rs. 2.30 crores has been introduced in the Seventh Schedule, probably based on the recommendation of Justice Wanchoo. It is wrong and incorrect to claim any compensation in respect of buildings in Madras City. The residuary State is being asked to pay nearly 2.30 crores. The rights of the citizens of Madras and the people of the residuary State must be considered before any decision is taken.”

SRI T. N. VENKATASUBBA REDDI :—“ I do not know, Sir, wherefrom Mr. Ramaswami got the idea that it refers to the City of Madras. It is not stated there. It refers to buildings all over the State. I think he has misunderstood the provision. This is one of the provisions in the Seventh Schedule. If we take up his amendment, we will have to take up the entire schedule and recast it.”

9-40
a.m.

* SRI T. VISWANATHAM :—“ Sir, there was a point in our opposing this amendment. The point was that we must have an over-all picture of the situation in the division of assets and liabilities or giving a set-off. If we take it bit by bit the over-all picture would be lost. We will have a lop-sided opinion on this side or that side. Suppose certain equitable considerations prevail in regard to clause 12 of the Seventh Schedule, then this particular clause might receive a particular treatment. Suppose on the other hand this clause receives another kind of treatment, the figure in the clause would change. Therefore, all the questions must be taken together. There is no point in taking items one after another. That is why, we submitted that the whole matter should be referred to a committee, which taking all factors into consideration, might make an equitable distribution and give an equitable set-off. That is the reason why we oppose re-opening this matter not merely on technical grounds but also on grounds of commonsense.”

* THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, this is a general question. We must examine this from the general point of view. I wonder if Mr. Viswanatham is practising in courts now. He has a special way of pleading. I very well see that. I was watching the discussion on division of assets and liabilities and it appeared to me at that time that they wanted not to go into the principles but to leave the whole question—not only minor details but the very basic principles of the division of assets and liabilities—to a committee to be appointed. That resolution was carried, as has been mentioned. But the present question, as far as it appears to me, on the face of it, is a creation of a new liability—not a division of existing liabilities or existing assets. It is a creation of a new liability in the name of set-off or compensation. It is imposed upon the whole of the residuary State. I think it is a basic question which is not covered by reference to an expert committee for the division of

[Sri C. Rajagopalachari] [27th July 1953]

assets and liabilities. I can understand the division of assets and liabilities being made by an expert committee. But the question whether help to the Andhra Government to build its own new Capital should be given by the Government of India or should be imposed as a liability on the residuary State, is a slightly different question. I do not mind the whole thing being postponed. The question is that they (the Government of India) have asked us to give our opinion. Are we to give no opinion on this vital matter practically leaving the entire thing to a commission to be appointed?"

SRI T. VISWANATHAM:—"I am sorry, Sir, I cannot agree with the Hon. the Chief Minister. He really ought not to have (though he has a perfect right to do so) intervened. He need not have intervened at this stage."

THE HON. SRI C. RAJAGOPALACHARI:—"This seems to me to be a different question."

* SRI T. VISWANATHAM:—"Sir, the Hon. the Chief Minister says that this is a new liability, and the Government must come to the Legislature for an opinion whether the Government of India should bear the burden or whether the Madras State should bear the burden. May I refer him respectfully to the provisions of the Sind Order and Orissa Order? The committee for apportioning the share of burden decided the shares. It was the committee that decided who should bear which burden. You will find in the Orissa Order that the burden was apportioned between Orissa and India. In the Sind Order you will find 'this is the burden of the Government of India; this is the burden of Sind, and this is the burden of Bombay'. A committee was appointed before, and then certain decisions were taken. Those decisions were embodied in the order. That was the spirit in which we said that all these matters should be referred to a commission. We have already passed two resolutions. To-day, if we say that this is a new liability upon the residuary State, I am sorry I cannot agree to that. It is part of the liability and part of the asset. If you read sub-clause (5), you will find the following words, 'In order to compensate the State of Andhra finally for its relatively smaller share of buildings its share in the liability on account of debt to be apportioned between the States of Andhra and Madras'. This has got a direct relation to the division of assets and liabilities. It is not as if it is a new matter. I do not think, Sir, I can make matters more clear. The language is clear. The intention is clear. The decision of the House taken on the two previous resolutions has made matters very clear. Therefore, I would request the Chief Minister not to introduce unnecessary complications now."

* THE HON. SRI C. SUBRAMANIAM:—"Sir, if the matter had stopped with the first resolution, and we passed that resolution that the Finance Commission should go into the matter and decide the whole division of assets and liabilities, perhaps, the

[Sri C. Subramaniam] 27th July 1953]

arguments advanced by Mr. Viswanatham may be a little bit vapid. But unfortunately we did not stop there. We went further and expressed an opinion that there should be a division of all assets and liabilities according to the population ratio. That is contained in amendment No. 126. In moving and explaining that amendment, Mr. Hanumantha Rao made it clear that that would not apply to buildings and institutions in the City, and that in regard to the question of Capital, a different principle would apply. As a matter of fact, when we discussed amendment No. 126, I was inclined to think that that would not cover the entire assets and liabilities. Even the hon. Member Mr. Hanumantha Rao wanted to exclude buildings in regard to compensation. Apart from all these things, paragraph 12 (5) is a very important one in regard to payment of compensation. I will straightway answer my friend that this clause refers to all buildings. After all, this figure of Rs. 230.4 lakhs is arrived at from Mr. Justice Wanchoo's formula. Mr. Justice Wanchoo has taken this from the Partition Committee's report. The Partition Committee's report refers only to buildings in the City. That is why the hon. Member Mr. Ramaswami is right in referring to buildings in the City. It is not as if something new is stated to-day. This has got something to do with Mr. Justice Wanchoo's recommendation. Therefore, I think this should be discussed, and our view should be expressed."

* SRI T. VISWANATHAM:—"Sir, without entering into any dispute, I must say that if this was their view, they should have raised objection when we were discussing the general proposition with reference to the appointment of a committee or on the one to decide matters on the population basis. When the two concerned resolutions were discussed, neither the Leader of the House nor the Hon. the Chief Minister nor Mr. Ramaswami stated 'this must be excluded from our discussion'. We had no notice that this amendment would now be moved. All of a sudden, we are asked to re-open a matter which was decided, not once but twice. I submit to you, Sir, with all respect that we must pay some regard to the rules of procedure that are followed here."

MR. SPEAKER:—"The hon. Member Mr. Ramaswami wants to explain."

* SRI T. VISWANATHAM:—"This is not a different question. We made a reference to the Seventh Schedule, and then the resolution was passed. This will be very clearly seen, Sir, if you see the language used in amendment No. 114. The words used there are 'assets and liabilities dealt with in the Seventh Schedule'. The objection now raised could have been raised then. It was open to them to raise this objection. They did not."

MR. SPEAKER:—"They want to take this as a separate resolution."

SRI T. VISWANATHAM:—"How can they take it so? Are we not to follow the procedure, here?"

[27th July 1953]

MR. SPEAKER :—" If they want, they can take it as a separate resolution."

SRI T. VISWANATHAM :—" I object to this, Sir. After this is over, can I also come with another request saying 'let me deal with clause 3 as a separate proposition'. It is wrong to do so. We must follow some procedure. That is why I said, Sir, '... assets and liabilities dealt with in the Seventh Schedule'. It is because I wanted to have an over all picture so that all matters can be considered. It is only when we consider all matters in one complete set, we will understand whether the provisions of lump sums or of proportions are large or small. Then only we can come to the conclusion that this is a large or small matter. In the over-all picture before the Commission, the Commission may increase or decrease the figure, if they think it necessary. The whole matter is left to the Commission. We passed the resolution, not once but twice. The Commission has got to come. We discussed this resolution two days before. Now on the third day, if an hon. Member should say 'we shall re-open the matter,' I say it is very clearly out of order. This is not a different proposition, because this proposition is (Interruption.) I cannot enter into any further dispute. If I have not convinced you or the Hon. Minister so far, I cannot convince him or you by any further arguments."

MR. SPEAKER :—" The hon. Member Mr. Nagi Reddi will now speak, and then I will put this question to vote."

9.50 a.m. * SRI T. NAGI REDDI :—" If this is to be taken into consideration, I believe there are a number of other things also in this Bill which have to be reconsidered. For example, there is the question of pension."

THE HON. SRI C. RAJAGOPALACHARI :—" We are discussing the question of liabilities and their division."

SRI T. NAGI REDDI :—" Here also it is a question of division of liabilities."

THE HON. SRI C. SUBRAMANIAM :—" If the hon. Member wants to raise any other question, we shall consider it later."

SRI T. NAGI REDDI :—" Let us go clause by clause into the Schedule."

MR. SPEAKER :—" Whatever the hon. Member wants to be taken up, we shall take up later."

* SRI T. NAGI REDDI :—" I would like the Seventh Schedule to be taken up from the beginning, because when we go into a particular item in the Schedule, we must remember that there are other portions also on the basis of which allocations of assets and liabilities have been made. Therefore, when we consider one particular question, we have to consider the other questions also. Otherwise, it will be unnecessary and unreasonable to consider any item in the Seventh Schedule, because

[27th July 1953]

[Sri T. Nagi Reddi]

we have already passed a Resolution stating that the whole question should be decided by a Financial Commission. If it is a question of discussing any particular issue, let us go step by step. Let us go clause by clause and decide the whole question. Every clause, however small it may be, is based on the previous clause and, therefore, the whole thing should be considered together. There is no question of saying that each clause is separate by itself. That is exactly what should not be the case. That is why I said in the whole of my speeches on Saturday that if we were to take up one clause, we should take up all clauses. Otherwise, we should leave the whole question to a Financial Commission. If it is a question that a particular clause should be deleted, then the Financial Commission should be approached. If it is a question that I should have Rs. 100 crores, then I should go to the Financial Commission. If we were to discuss the whole thing, then we should be discussing the whole basis of the division of assets and liabilities. Then only we will arrive at the proper basis for the decision whether we should have Rs. 2 crores, or Rs. 3 crores, or Rs. 10 crores. It is not simply based on air. Hence, I would say that this question be discussed in full or be left to the Financial Commission."

THE HON. SRI C. SUBRAMANIAM :—" Whether the Financial Commission is going to come or not is quite a different thing altogether. It is a question for Parliament to decide. But here the Assembly will not be doing its duty if it does not express its opinion on such an important clause as this. I respectfully submit this should be discussed, our views expressed on it and a decision taken."

MR. SPEAKER :—" After finishing this, we shall take up other questions."

* SRI T. NAGI REDDI :—" The Hon. Sri Subramaniam has said that we do not know whether the Financial Commission is going to come or not. That is a different matter. I also do not know whether the Financial Commission is going to come or not. If we are to consider the matter in that light, then is it not in the interests of the House that, when we are doubtful whether the Financial Commission is going to come or not, we should sit and discuss the whole of the Seventh Schedule, clause by clause? If we are to proceed in that particular argumentative manner, then it becomes very essential for every Member of this House to get at as many facts as possible regarding the items mentioned in the Schedule so that we may consider the Seventh Schedule as a whole. I submit, Sir, if we are to consider this matter, then we should have much more time than what we have got. Every clause is an important clause. We are going to decide the fate of certain people and we are going to divide the State. We will have to decide it on the basis of certain facts and not in the air. My contention is that if we are to go into one part of the Seventh Schedule, it becomes essential for us to go into the whole of the Schedule."

[27th July 1953]

SRI PILLALAMARRI VENKATESWARLU :—" The point is this. We have discussed the Seventh Schedule and taken a decision by means of the Resolution of the hon. Member Sri Viswanatham that was passed. If we were to accept the contention of the Hon. Sri Subramaniam, it means that we begin to reopen the whole question. Then what about the Resolution which we have already passed? How is it consistent with our discussion here? "

MR. SPEAKER :—" This is a separate entity."

SRI PILLALAMARRI VENKATESWARLU :—" It is not so, Sir. It has some relation to the Seventh Schedule. That Schedule was disposed of the other day. How can we take it up again? "

THE HON. SRI C. SUBRAMANIAM :—" Anyhow, the Speaker has allowed the Resolution. The only question is whether any other question should be taken up. If it is raised properly, we shall discuss it."

SRI V. R. NAGARAJAN :—" On a point of order, Sir. I beg to point out that any discussion on the Seventh Schedule which is purely an appendage to clause 46 will be totally irrelevant. I beseech the Chair to overrule any discussion on that because it is not at all relevant, having been superseded by the Resolution of the hon. Member Sri Viswanatham which has been carried."

MR. SPEAKER :—" This is a separate entity. Let the House give a verdict on it."

* SRI T. VISWANATHAM :—" The point is whether we should not follow certain rules of procedure. I am submitting to you, Sir, it is not a matter of accommodating me or Sri Nagi Reddi by saying, ' If I allow this, I shall allow that also.' But, do we follow any procedure? Shall you say that the matter has been closed? Or, shall you say, ' I will allow you also?' If you should say the latter, then where is the end to all these discussions. What is our programme? Members must have a reasonable expectation of what is going to happen and what is not going to happen. I mentioned in my resolution all the matters dealt with in the Seventh Schedule. Therefore, this discussion should not be allowed again to-day. I appeal to the Chair that it should not be allowed. There is no question of accommodating me or anybody else. But we must accommodate the rules of procedure. We must follow some procedure, and we must have a reasonable expectation of what is likely to come up and what is not likely to come up. The present one is not a different matter at all from what we have discussed. We raised the point of shortage of an asset in a particular State. To meet that point, provision has been made that a certain amount will be specially allotted. It was this Government that included that particular clause in the particular Schedule. To-day to say that it does not form part of assets and liabilities is somewhat strange. It is very wrong of them to say

[27th July 1953] [Sri T. Viswanatham]

so. It is doing us in the eye at an unexpected moment. I strongly protest against this matter being reopened and I submit it is out of order."

* SRI M. HANUMANTHA RAO :—" Sir, apart from the technicality of the whole thing, I would like to remind the Hon. the Chief Minister in this connection about the understanding we had when we were discussing the Capital issue the other day. I made a suggestion to the Chair and the Hon. the Chief Minister also made a suggestion that the Seventh Schedule need not be taken up and that the Capital issue could be separated from that and discussed. On this understanding, the entire House discussed the Capital issue. Now to bring it again before the House is not proper. Only on the understanding that discussion on the Seventh Schedule was closed, we discussed the Capital issue. When the understanding was like that, to reopen the question is not proper. I hope the Hon. the Chief Minister will agree to my suggestion."

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, the only consideration urged by the hon. Member Sri Hanumantha Rao is this. Because we took up the question where the Capital should be, he infers that there was an understanding at that time that no other question unconnected with the Capital and connected with moneys should be considered. I am not aware of any such understanding. If my memory is wrong, we might look up the papers and the statements made. The fact that the Capital issue was an important question weighed with us in saying that it should be examined. We did not negatively rule out by that process all other matters, even if important. That would be a wrong construction put on what was said.

" Apart from all that, I am sorry that so much heat has been generated merely on a matter of technicality on which the Chair should finally give a ruling. On the merits, I would appeal to hon. Members, apart from the question of technicality, to consider this. The whole question was considered complicated because it was a question of division of assets and liabilities. On the ground of its being a complicated matter fit for expert opinion—although we might differ and hold a different opinion as to who should give final orders, whether it should be Parliament or a Commission—it was considered that it was a matter eminently fit for examination by a Committee. We should interpret the resolution of the House on that basis. There was a difference of opinion and there was a majority vote on the question whether the Commission's order should be final in the matter and whether Parliament should have nothing to do with it. So far as that question goes, it is closed.

" Then, the Opposition went further and notwithstanding the previously passed resolution that the question of the division of assets and liabilities should be referred to a Commission, notwithstanding the definite opinion that had already been reached, they discussed the question fully and elaborately and wanted a decision of the House, and opinions were taken from all view-points as to

[Sri C. Rajagopalachari] [27th July 1953]

whether the assets and liabilities should be distributed on a population basis. Now, the Opposition has had the advantage of not only getting a vote on the question of appointment of a Commission to decide all principles but a further decision that the Commission should accept a principle, namely, that the assets and liabilities should be divided on population basis. Now, if that most important deviation from a reference to the Commission as a whole would be legitimate, surely a question which has nothing to do with the existing liabilities is also a matter for consideration.

"Member after Member rose and said, 'You may go to the Commission and argue the matter.' There is no question of argument; the Assembly cannot go to the Commission and argue the matter. Evidence may be taken by the Commission, not by the Assembly. The Bill has been referred for the opinion of the Assembly on various matters. The view has been expressed that the question of division of assets and liabilities should be referred to a Commission. Does it debar the Assembly from giving an opinion on the provision in the Bill that the construction of a new Capital for the Andhra State, in place of Madras, which has been the Capital of the State as a whole, should be a charge upon the residuary State to a certain extent? Has the Assembly no right to express a view on that point? I submit, Sir, on merits it is certainly an important matter. The Commission would say, 'What is it that we should do? What is the view of the Assembly on this matter?' Should we keep the Commission in a vacuum, when it should come to operate, on a matter which is not at all included in the question of division of assets and liabilities? As to the manner in which the division should be made, it has been decided that it should be on a population basis. The hon. Member Sri Viswanatham referred to a previous division where the capital liability was laid on the residuary State in respect of building of a Capital, without reference to the Legislature. There was no question of Legislature then."

* SRI T. VISWANATHAM :—"The matter was not taken to the Legislature. It was taken to a Commission and then the Governor-General passed an Order. That was a most reasonable thing."

"The Hon. the Chief Minister said that this was a new liability. I submit it is a question concerning assets. What is an asset to one will not be an asset to another. Therefore, in order to compensate the other party, certain amount has been provided. I think we have made our position, in substance as also on technical grounds, very clear. If, in spite of this, you, Sir, are pleased to allow a discussion upon this, all that I can say is that, without any sense of disrespect to the Chair, I and those of us who are thinking along with me will not participate in the debate upon this question."

MR. SPEAKER :—"I have allowed this motion."

27th July 1953]

* SRI T. NAGI REDDI :—"Sir, I also would make my position clear. I have said a number of times that we could not go through the whole question unless we possess certain facts and unless there is a Committee. The House having accepted the two major principles on which we should go through the whole question, the position as it exists now is as per the resolution of Sri Viswanatham. Therefore, we too agree with Sri Viswanatham, and refuse to participate in this debate."

[At this stage, all the Andhra Members and a large number of Members of the United Democratic Front and Praja Socialists walked out of the House.]

* SRI C. RAJAM RAMASWAMI :—"Sir, I feel there is considerable confusion on this issue. The Resolution passed by the Assembly reads as follows :—

'This Assembly is of the opinion that all types of assets and liabilities, unissued stores, articles, goods and various funds including depreciation reserve funds be divided between Madras, Andhra and Mysore States in proportion to the population of Madras and Andhra States and of the territory transferred to Mysore State.'

"This Resolution relates to the division of assets and liabilities in proportion to the population. There is no reference at all to the question of payment of any compensation in respect of the buildings in the City of Madras, or for the construction of a new capital for the New Andhra State. Any *ex gratia* payment to the New Andhra State, cannot be a liability of the residuary State. Mr. Justice Wanchoo says in his Report (paragraph 89, page 38)—

'The Partition Committee provided for a lump-sum adjustment of 1 crore rupees for the new State in order to compensate it for buildings in Madras City which are being used for all State purposes. The manner in which the provision was made in the assets and liabilities statement which has been copied in Annexure IV, has deprived the New State of Rs. 36 lakhs out of this, and that will have to be corrected. It appears that the book value of buildings in Madras City which served the whole State is Rs. 320.24 lakhs. This figure should also be doubled in order to arrive at a fair value of these buildings for purposes of adjustment. The value would thus come to Rs. 640.48 lakhs and the share of the New State would come to Rs. 290.4 lakhs.'

Sir, the whole basis of Justice Wanchoo's recommendation is arbitrary and there is no reality about it. The people of Madras are being asked to pay for building the new Capital of the Andhra State. I think it is wrong. If we are to analyse the list of buildings that have been tabulated on page 97 of the book, 'Formation of Andhra Province', we will find that the assets in Madras City have been divided into three categories, A, B and C—

A—Buildings serving Provincial common needs, such as High Court Buildings.

B—Important Residential Buildings like Adyar House, Presidency Hostel.

C—Specialized Institutions like Government Museum, Law College."

SRI C. PULLA REDDI :—"I want to know whether the Chair has given its decision on this question."

MR. SPEAKER :—"I have given my decision and the hon. Member has been allowed to speak."

[27th July 1953]

* SRI C. RAJAM RAMASWAMI :—“ In view of what I have said, I feel justified in reopening this question and all Members should express their opinion as to whether any compensation should at all be paid in respect of the buildings in Madras City. A number of common buildings used for administrative purposes in Madras City have been built out of the surplus funds available from Madras City itself and not out of any surplus arising from the Andhra area. Moreover most of these buildings came into existence in the days of the John Company and the Nawabs of Carnatic, i.e., long before the Circars or the Rayalaseema were added on to the Presidency of Madras. By no stretch of imagination can it be assumed that any of the buildings in Madras City were built with Andhra money. Therefore, there is no justice at all in paying any compensation much less an *ex-gratia* payment.”

SRI K. T. KOSALRAM :—“ Mr. Speaker, Sir, இந்த காம்பன் செஷன் எஞ்சியுள்ள சென்னை ராஜ்யம் கொடுக்கப்படவேண்டியது அவசியமா என்பதைப்பற்றிய விதிக்கு நானும் ஒரு திருத்தம், அதாவது 12-வது பாரகிராப்புக்கு, அதை எடுத்து விடவேண்டும் என்று, கொடுத்திருக்கிறேன். இந்தத் திருத்தம் அவசியமா அல்லது அவசியம் இல்லையா என்பதைப்பற்றி கனம் டி. விசுவநாதம் அவர்களும் இன்னும் மற்ற கம்யூனிஸ்ட் நண்பர்களும் பேசினார்கள். ஆனால் ஒரு தீர்மானத்தை பாஸ் பண்ணிவிட்டால் ”

SRI B. KRISHNAMOORTHY ROW :—“ On a point of order.”

MR. SPEAKER :—“ There is no point of order.”

SRI K. T. KOSALRAM :—“ Sir, இந்த மசோதாவின் ஒவ்வொரு பாரகிராப்பையும் நாம் தீர்மானிக்க வேண்டிய அதிகாரம் இந்த சபைக்கு இருக்கிறது. இந்த சபைக்கு இருக்கின்ற அதிகாரத்தை இந்த சபைக்கு அதிகாரம் இல்லாமல் செய்யவேண்டும் என்று சொல்லுகின்ற வாத்தத்தை கனம் சபாநாயகர் ஏற்றுக்கொள்ளாததற்கு சபையின் சார்பாக நான் அவருக்கு நன்றி செலுத்துகிறேன். இந்த காம்பென்சேஷன் கொடுக்கவேண்டும் என்று இதற்கு முன்னால் கனம் பிரகாசம் அவர்கள் இருந்த பார்ட்டிஷன் கமிட்டியில் ஒரு கோடி ரூபாய் மட்டும் தான் கொடுக்க வேண்டும் என்று சொன்னதை அந்த மந்திரி சபை போட்டிருக்கிறது. அதை அனுசரித்து ஸ்ரீ வாஞ்சுவின் ரிப்போர்ட்டில் கூட ஒரு கோடி ரூபாய் தான் கொடுக்கவேண்டும் என்று இருக்கிறது. ஆனால் இந்த மசோதாவின் இரண்டு கோடி 30 லட்சம் ரூபாய் கொடுக்கவேண்டும் என்று போட்டிருப்பது கூடாது என்றுதான் சொல்லுகிறார்கள். கனம் பிரகாசம் பேசும்போது எஞ்சியுள்ள சென்னை யாருக்கும் சொந்தம் இல்லை என்று சொன்னார். எஞ்சியுள்ள சென்னை என்பது தமிழர்களுக்கு மட்டும் அல்ல என்பதை அவர்கள் சொல்வது மட்டும் அல்ல, நானும் சொல்லுகிறேன், சென்னை எல்லோருக்கும் சொந்தமானது. பிரகாசம் சென்னை நகரில் இப்பொழுது இருக்கிறார். அவரை இங்கு வைத்துக்கொள்வதற்கும் நாங்கள் தயாராக இருக்கிறோம். ஆனால் எஞ்சியுள்ள சென்னை காம்பென்சேஷன் கொடுக்க வேண்டும் என்று சொல்வதைமட்டும் நாங்கள் ஒத்துக்கொள்ளமாட்டோம். இங்கு வெள்ளைக்காரர்கள் கம்பெனியால் கட்டிய கட்டடங்கள் எல்லாம் அப்படியே இருக்கின்றன. அவைகள்தான் அதிகமாக இருக்கின்றன. இவைகளுக்கு காம்பென்சேஷன் கொடுக்கவேண்டுமென்றால் அதற்கெல்லாம் மத்திய அரசாங்கத்தான் கொடுக்கவேண்டும். அப்படி இல்லாமல் எஞ்சியுள்ள சென்னை ராஜ்யத்தான் கொடுக்கவேண்டும் என்று சொல்வது மிக மிக தவறு. இந்த மசோதாவில் அதைப்பற்றி சொல்லியிருக்கவேண்டிய அவசியமில்லை. எஞ்சியுள்ள சென்னை மாகாணம் கொடுக்கவேண்டும் என்று சொல்வது எஞ்சியுள்ள சென்னை ராஜ்யத்தின் துர்ப்பாக்கியம் தான். அத்துடன் தமிழர்களுடைய வோட்டுகளை வாங்கி வந்து கம்யூனிஸ்ட் மெம்ப்ரர்களும் தமிழ் நாட்டை காட்டிக்கொடுக்கும் முறையில் பேசுகிறார்கள்.”

SRI S. DEIVASIGAMANY :—“ Mr. Speaker, Sir, I rise to support the amendment of hon. Member Sri K. T. Kosalram. We must understand that the buildings and other things which are situated in the City of Madras and the Residuary Madras State as a whole form part and parcel of the Residuary State. It is not fair on the part of the Andhras to ask for a compensation in respect of these buildings. If they want any compensation, it is just that they ask the Central Government to pay it. By this amendment, we only seek to assert our rights and any compensation for these buildings will not come in a graceful manner. Therefore I submit that this clause relating to compensation may be deleted and the rest of the Seventh Schedule may be accepted.”

* THE HON. SRI C. SUBRAMANIAM :—“ Sir, the question is a very simple one. As a matter of fact, the Seventh Schedule itself makes a distinction between the assets and liabilities and the buildings as such. If you will kindly refer to paragraph 12, you will find that a clear distinction has been made. This is what sub-paragraph (3) of paragraph 12 says :

“ For the purposes of the allocation under sub-paragraph (2) of this paragraph—(a) only expenditure on assets for which Capital accounts have been kept (excluding the Buckingham Canal and any buildings for which such accounts have been kept) shall be taken into account”

“ Thus they have made a distinction with reference to the assets and liabilities and buildings have been completely excluded from them. That is why we have a separate provision with reference to buildings. So there is no use of simply saying that buildings also come under assets and liabilities and as we have already discussed assets and liabilities question, we should not discuss the question of buildings now. I say they are completely dissociated from each other. It is not as if they form the assets and liabilities. They are treated completely on a different footing. That is why the hon. Member Sri Hanumantha Rao was laying so much stress on his amendment No. 126. He said that assets and liabilities did not include so many other things which he has mentioned in his amendment. He knew well that assets and liabilities did not include

[Sri C. Subramaniam]

[27th July 1953]

everything. That is why he was laying great stress on this point and demanded Rs. 4 crores for the purpose of building the Andhra Capital. Even in apportioning liability, Public Debt, etc., these buildings are not taken into consideration at all. It is said separately that a sum of Rs. 230.4 lakhs has to be paid by the Residuary Madras State. Now we have got to decide whether it is proper to saddle the Residuary State to the extent of Rs. 230.4 lakhs in order to compensate the Andhra State for its relatively smaller share of buildings. We must note that only revenue yielding assets are taken into consideration for division and all other assets are not taken into account. Assets and liabilities have got a certain connotation. Buildings as such are not assets, because they are not revenue-yielding assets. For instance, take the Government Museum. It is not only not revenue-yielding, but it is a liability on us. We have to maintain that building. If you take the list of buildings, which they have taken into consideration, you will find that there are many buildings which are not even used for official purposes in the sense that offices are not located there. There are certain other institutions which are used not only by the Government, but all the citizens. Even outsiders and foreigners are entitled to use them. Thus they are common institutions. Whether any compensation in respect of the buildings used for these institutions has got to be paid or not is a moot point. That is why I say that this House should express an opinion on this moot point. Whoever be the authority—whether it is Parliament or some other independent authority—that goes into the question, must know the views of this Assembly on this question. Then only they can come to a proper decision on this point.

“We must now see how this figure of Rs. 230.4 lakhs was arrived at. We must consider this in the background of the Partition Committee's report which has dealt with this matter in an attitude of compromise. In an attitude of compromise, when there was a sum of Rs. 42 crores in the Revenue Reserve Fund at that time, considering the difficulties of the Andhras in putting up a Capital they said that out of this Rs. 42 crores one crore should be allotted to the Andhras before division. When one crore of rupees was allotted to the Andhra State before division, we have to consider the actual contribution of the Residuary State. Its liability is restricted. Instead of dividing this one crore of rupees between the Andhra State and the Residuary Madras State, it was agreed at that time that Rs. 66 lakhs, that is roughly two-thirds of the sum of Rs. 1 crore, which is the share of the Residuary Madras State may also be given to the Andhra State. We must note that it was at the time of the Partition Committee when we had Rs. 42 crores in the Revenue Reserve Fund. But, what is the position now? We have spent the entire amount of Rs. 42 crores. Where and how we have spent that sum is a bit relevant in this connexion.

10-20 a.m. “If we take into account what has been spent out of the Revenue Reserve Fund and also the loans raised subsequent to 1946, we have spent not 36.25 per cent of these on the Andhra area to which they are entitled on the basis of population. The actual expenditure in Andhra area comes to about fifty per cent.

27th July 1953] [Sri C. Subramaniam]

Out of the money from the Reserve Fund, we have spent more money in the Andhra area. We have incurred a lot of public debt and on whom has this money been spent and in what ratio? So, Sir, even when we had 42 crores of rupees in the Revenue Reserve Fund, we promised to pay only 66 lakhs. Now we are asked to pay 230 lakhs. It is nearly four times more than what we agreed to then. Is it fair? Sir, it will be a little bit relevant to know how this 230 lakhs has been arrived at. I can understand if buildings which are now used for quartering offices in this State are taken into account, if at all we are liable to pay any compensation even in lieu of them. I have already said that it is a very wrong principle to ask for compensation in respect of buildings put up on a grand scale by the British companies and the British Government. For example, take the High Court buildings. We are asked to pay compensation for those buildings. Would we ever put up such costly things if we knew that at a future date, we would have to separate and, therefore, we would have to pay compensation? The British Government in their own interests—in the interests of British judges—wanted to have a comfortable building and so put up a building on that scale. So also, the Fort St. George and the Board of Revenue buildings. They were constructed on a grand scale on a par with British glory. They were intended to make the British officers comfortable and not for providing amenities to the people. So, now if we are asked to pay compensation in respect of not only residential buildings and buildings where our offices are housed but for every conceivable building in the Madras City, it is not fair. There is the Museum; there is the General Hospital. It is not as if they are revenue yielding buildings. The General Hospital does not bring in any revenue. We have to spend huge sums of money for the purpose of maintaining it and for running the hospital. It certainly does not benefit the Government, so to say, to the extent of a pie. Let us take the Partition Committee Report. At page 97, a large list of buildings is given which includes the Government Museum, Law College, Technology and Trade Schools, Government Hospitals for Women and Children, Government Ophthalmic Hospital, Veterinary College, Mental Hospital, Government Tuberculosis Hospital, Presidency College, Teachers' College, the new Engineering College, Grindy and every conceivable building. If we exclude all these buildings, the value of the remaining buildings where Government offices are housed, comes to 86 lakhs of rupees. Even if we double that figure as proposed by Justice Wanchoo it comes only to Rs. 172 lakhs. So granting that we are liable to pay compensation in respect of buildings, we may have to pay only Rs. 60 lakhs. Therefore, on what basis this 236 lakhs has been arrived at is a little bit strange to me. It is for the House to express an opinion on this question. I wanted merely to give out facts relating to the basis on which the figure of 230 lakhs has been worked out. It is most unfair to take all buildings in the City of Madras into account, assess their book value and then double it and claim one-third of it as compensation. I agree, Sir, that the Andhra State has to build its own capital. For that purpose, should the liability be saddled on the Residuary State? If a State is being formed,

[Sri C. Subramaniam] [27th July 1953]

if the Government of India have taken a decision—(the Hon. Sri C. Rajagopalachari: 'At their instance and not at our instance')—yes, at the instance of Andhras and if that separation is considered vital and the Andhras have any claim, they have to make that claim on the Central Government. They must ask the Centre, 'give us some money for the purpose of putting up a capital in view of our poor financial position.' That is a quite different question altogether. But to throw the liability on the residuary State to the tune of nearly 230 lakhs is unjust, inequitable and not warranted by any precedent at all. When Pakistan was formed, were costly buildings in Delhi taken into account for payment of compensation? Did they raise any point about buildings put up when the country remained one and undivided? No such point was made. So also, when Sind was separated from Bombay, did they ask for compensation in lieu of buildings in Bombay? After all, in Bombay there are much more costly buildings than in Madras. Then, when Orissa was separated was any compensation paid by the Madras State to the Orissa State? That being the case, to bring in a new principle when the Andhra State is formed, is, in my humble submission, unjust. We cannot afford to be saddled with such a huge liability when our financial resources are also not bright. Under these circumstances, Sir, I feel that the House must express an opinion on this matter."

MR. SPEAKER:—"I am going to put Mr. Rajam Ramaswami's amendment to the vote of the House. The question is—

'In the Seventh Schedule, sub-paragraph (5) of paragraph 12 shall be deleted.'"

The amendment was put and carried, the non-Andhra Members who were present voting for the amendment.

THE HON. SRI C. SUBRAMANIAM:—"In view of the importance of the issue, I would like to know how many have voted for the amendment."

MR. SPEAKER:—"You want a poll? I shall ask those who oppose the amendment to stand. We can know the number. Hon. Members who oppose the amendment will please stand in their places."

[No one stood up.]

MR. SPEAKER:—"No hon. Member opposes the amendment. All support it."

THE HON. SRI C. SUBRAMANIAM:—"Now that the Seventh Schedule is completed, shall we go back to clause 38 which refers to transfer of proceedings from the Madras High Court to the Andhra High Court?"

MR. SPEAKER:—"If there are no more amendments to the Seventh Schedule, we shall take up the Eighth Schedule first, finish the Schedules and then go back to clause 38 and other clauses left over."

27th July 1953]

SRI K. ADIKESAVALU NAIDU:—"Sir, I have got an amendment, Amendment No. 262. I move—

10.30 a.m.

'Add at the end the following paragraph:—

"(20) The areas in Chittoor district of the Andhra State now served by electricity produced from Mettur Electricity Project (Southern grid) shall be continued to be so served on the existing terms and conditions. Further, the Madras State should supply sufficient power from the Mettur Electricity Project to the Andhra State for all the schemes that are investigated and sanctioned but not executed before the appointed day." "

MR. SPEAKER:—"The motion falls through for want of a seconder. We will take up the Ninth Schedule. All members who have given notice of amendments are not here, and nobody is moving any of those amendments."

The discussion on the postponed clauses 38, 41 and 49 will now be taken up.

Clause 38.

THE HON. SRI C. SUBRAMANIAM:—"Sir, I have an agreed amendment to sub-clause (2) of clause 38. We may take that up with the members present in the House. I move—

'This House recommends that "sub-clauses (2) and (3) of clause 38 may be recast so as to give effect to the following propositions:—

(1) Out of the appeals, applications for review, revision petitions, application for leave to appeal, writ petitions and other proceedings pending in the High Court of Madras, such appeals, applications for review, etc., as, in the opinion of the Chief Justice of Madras and the Chief Justice-designate of Andhra should, having regard to the place of accrual of the cause of action and other material factors, be heard and decided by the High Court of Andhra, shall, on the said Chief Justices passing an order to that effect, stand transferred to the High Court of Andhra. No such order may be made after the expiry of six months from the prescribed day.

(2) The High Court of Madras shall, notwithstanding subsection (1) of section 38, have, and the High Court of Andhra shall not have, jurisdiction to entertain appeals, applications for review, applications for leave to appeal, including leave to appeal to the Supreme Court and other proceedings seeking relief in respect of judgments, decrees and orders passed by the High Court before the prescribed day. Such proceedings may, after they are

[Sri C. Subramaniam] [27th July 1953]

entertained, be included in the order or orders passed by the Chief Justice of Madras and the Chief Justice-designate of Andhra under paragraph (1) and shall accordingly stand transferred to the High Court of Andhra. No such order may be made after the expiry of six months from the prescribed day.'

"Sir, this is only with reference to transfer of pending cases from the Madras High Court to the Andhra High Court after the prescribed date. This is more or less an accepted formula."

SRI P. RANGASWAMI REDDIAR :—"Sir, I want to know whether the proposed amendment refers only to review, writ petitions and other petitions or to second appeals and first appeals also."

10-40 a.m. * THE HON. SRI C. SUBRAMANIAM :—"Sir, proceedings pending in the High Court at Madras with reference to Andhra area shall be transferred to the Andhra High Court, taking into account the accrual of cause of action, etc. With reference to Letters Patent Appeals, because they are appeals against the judgment of the High Court itself, the Government of India Bill says these appeals should be disposed of by the same High Court. After all, only Judges of the Madras High Court are going to be there in the Andhra High Court also; then why not the Judges who are being transferred from the Madras High Court dispose of such appeals in the Andhra High Court? But after the prescribed day some appeals may have to be filed because of the recent judgments and orders and we have said that in respect of these the filing should be done in the Madras High Court and they will be transferred to the Andhra High Court if they concern only the Andhra State."

MR. SPEAKER :—"The question is—

'This House recommends that "sub-clauses (2) and (3) of clause 38" may be recast so as to give effect to the following propositions: (1) Out of the appeals, applications for review, revision petitions, applications for leave to appeal, writ petitions and other proceedings pending in the High Court of Madras, such appeals, applications for review, etc., as in the opinion of the Chief Justice of Madras and the Chief Justice-designate of Andhra should, having regard to the place of accrual of the cause of action and other material factors, be heard and decided by the High Court of Andhra, shall, on the said Chief Justices passing an order to that effect, stand transferred to the High Court of Andhra. No such order may be made after the expiry of six months from the prescribed day.

(2) The High Court of Madras shall, notwithstanding subsection (1) of section 38, have, and the High Court of Andhra shall not have jurisdiction to entertain appeals, applications for review, applications for leave to appeal, including leave to appeal to the Supreme Court and other proceedings seeking relief in respect of

judgments, decrees and orders passed by the High Court before the prescribed day. Such proceedings may, after they are entertained, be included in the order or orders passed by the Chief Justice of Madras and the Chief Justice-designate of Andhra under paragraph (1) and shall accordingly stand transferred to the High Court of Andhra. No such order may be made after the expiry of six months from the prescribed day.'"

The amendment was put and carried, the non-Andhra Members who were present voting for it.

Clause 41.

THE HON. SRI C. SUBRAMANIAM :—"Sir, this is an amendment in respect of the transferred territory of Bellary district. I move—

'This House recommends that "sub-clauses (1) to (3) of clause 41" may be recast so as to give effect to the following proposals :—

(1) *The jurisdiction of the High Court of Mysore shall extend in the whole of the transferred territory with effect from the appointed day, and subject to propositions 2 and 3 below, the jurisdiction of the High Court of Madras shall cease on that day in relation to the transferred territory.*

(2) *Out of the appeals, applications for review, revision petitions, writ petitions and other proceedings pending in the High Court of Madras, the Chief Justice of Madras shall prepare lists from time to time of appeals, etc., which, having regard to the place of accrual of the cause of action and other material factors, should, by reason of the transfer to the State of Mysore of the territory specified in sub-section (1) of section 4, be heard and decided by the High Court of Mysore. The Chief Justice of India shall order the transfer of appeals, etc., included in the said lists to the High Court of Mysore. No such transfers shall be made after the expiry of six months from the appointed day.*

(3) *Notwithstanding paragraph (1) above, the High Court of Madras shall have, and the High Court of Mysore shall not have, jurisdiction to entertain appeals, applications for review, applications for leave to appeal and other proceedings seeking relief in respect of judgments, decrees and orders passed by the High Court of Madras before the appointed day. Such appeals, etc., may, after they are entertained, be transferred by the Chief Justice of India in exercise of power stated above before the expiry of six months from the appointed day.*

(4) *Judgments, decrees, etc., passed by the High Court of Madras in relation to the transferred territory at any time before the expiry of six months from the appointed day shall have effect as judgments, decrees, etc., passed also by the High Court of Mysore.*

[Sri C. Subramaniam] [27th July 1953]

(5) *The existing explanation to the section should be omitted.*

Sir, this is with reference to the transferred territory of Bellary district. With reference to the transferred territory, the Mysore High Court gets jurisdiction even on the appointed day instead of on the prescribed day in the case of the Andhra High Court."

* SRI P. RANGASWAMI REDDIAR :—" Sir, in the case of Mysore, are we to understand that the Madras High Court has power to deal with appeals till the expiry of six months after the appointed day? In the case of filing new appeals against judgments made by the Madras High Court immediately prior to the appointed day, should they be filed in the Mysore High Court or in the Madras High Court? In respect of writ applications and other revision petitions, are they automatically transferred on the appointed day or should they be transferred by the Chief Justice or any authority concerned after the appointed day within six months?"

* THE HON. SRI C. SUBRAMANIAM :—" Six months is only the period within which the order should be passed so that it may not go on indefinitely. But, in practice, as Mysore has got a ready made High Court functioning even before the appointed day, we say that all these appeals, etc., pending will be kept ready and transferred to the Mysore High Court on the appointed day or soon after that by an order of the Chief Justice of India. But some judgments might have been delivered just before the appointed day with reference to which appeals, or review petitions or petitions for leave to appeal, have to be made. In all these cases, we are laying down that, because they relate to the judgments of the Madras High Court, they will again be scrutinized whether they can be disposed of by the Madras High Court or sent to the Mysore High Court. In the case of review petitions, the rule is that the judge who gives the judgment should hear the review petition. So, even though it may be a matter relating to purely transferred territory, it may be decided that the review petition should be disposed of by the Madras High Court. Therefore, Sir, in respect of appeals, revision petitions, etc., entertained after the appointed day, they will be gone into and orders passed whether they should be transferred to the Mysore High Court or retained in the Madras High Court."

* SRI P. RANGASWAMI REDDIAR :—" Sir, just now I heard the Hon. Finance Minister saying that after the appointed day the Madras High Court shall cease to have jurisdiction and the Mysore High Court shall have jurisdiction over all these matters. On and from the appointed day the Madras High Court becomes *functus officio* and I want to know how the Madras High Court can deal with revision petitions, etc."

* THE HON. SRI C. SUBRAMANIAM :—" The Madras High Court becomes *functus officio* only in respect of cases which are pending and have been transferred. But in the case of an appeal

[Sri C. Subramaniam] 27th July 1953]

which has been disposed of, it is not pending if it is re-opened by a review petition or by another appeal in which case it shall not go to the other High Court because this re-opening by way of appeal or revision petition or leave to appeal to the Supreme Court, can be done only in the Madras High Court. Therefore, these cases will be again scrutinized whether they should be transferred to the Mysore High Court or retained in the Madras High Court."

MR. SPEAKER :—" The question is—

'This House recommends that "sub-clauses (1) to (3) of clause 41" may be recast so as to give effect to the following proposals :—

(1) The jurisdiction of the High Court of Mysore shall extend in the whole of the transferred territory with effect from the appointed day, and subject to propositions 2 and 3 below, the jurisdiction of the High Court of Madras shall cease on that day in relation to the transferred territory:

(2) Out of the appeals, applications for review, revision petitions, writ petitions and other proceedings pending in the High Court of Madras, the Chief Justice of Madras shall prepare lists from time to time of appeals, etc., which, having regard to the place of accrual of the cause of action and other material factors, should, by reason of the transfer to the State of Mysore of the territory specified in sub-section (1) of section 4, be heard and decided by the High Court of Mysore. The Chief Justice of India shall order the transfer of appeals, etc., included in the said lists to the High Court of Mysore. No such transfers shall be made after the expiry of six months from the appointed day.

(3) Notwithstanding paragraph (1) above, the High Court of Madras shall have, and the High Court of Mysore shall not have, jurisdiction to entertain appeals, applications for review, applications for leave to appeal and other proceedings seeking relief in respect of judgments, decrees and orders passed by the High Court of Madras before the appointed day. Such appeals, etc., may, after they are entertained, be transferred by the Chief Justice of India in exercise of power stated above before the expiry of six months from the appointed day.

(4) Judgments, decrees, etc., passed by the High Court of Madras in relation to the transferred territory at any time before the expiry of six months from the appointed day shall have effect as judgments, decrees, etc., passed also by the High Court of Mysore.

(5) *The existing Explanation to the section should be omitted.*"

The amendment was put and carried, the non-Andhra Members who were present voting for it.

[27th July 1953]

Clause 49.

10-50 a.m. THE HON. SRI C. SUBRAMANIAM :—" Mr. Speaker, for the benefit of hon. Members I shall read what this clause says: It is as follows:—

'The provisions of sections 46, 47, 48 and 54 and the Seventh Schedule shall have effect subject to any agreement between the States concerned and shall be deemed to have been modified in accordance with such agreement:

Provided that every such agreement if it affects the rights or liabilities of any person other than Government shall be published in the Official Gazettes of the States concerned.'

This clause is not necessary. After moving for its deletion, I shall explain. Sir, I now move—

'That clause 49 be deleted.' "

MR. SPEAKER :—" Motion moved—

'That clause 49 be deleted.' "

* THE HON. SRI C. SUBRAMANIAM :—" I have moved for the deletion of the clause because I think that it will lead to a lot of difficulties and there will be no finality to matters. According to clause 49 it is open to anybody to say 'Let us re-open this case. Let us discuss this matter'. In reality that particular matter would have been already disposed of. But still it would be persisted and if this clause is there, it gives room for any Government to do so. For instance we have provided and the House had given a verdict that for all matters connected with the division of assets and liabilities, an Expert Commission may be appointed. Even after the Expert Commission has finished its enquiry and supposing say, it says that Andhra shall bear this much liability and Madras shall bear this much, some from the Andhra side may butt in and say, in view of the power given under this clause, 'No, no. We cannot bear this much of liability. Let us discuss that matter in detail again'. That is how even settled matters would be re-opened. There will be no finality. That is why I have moved for its deletion."

MR. SPEAKER :—" The question is—

'That clause 49 be deleted.' "

The amendment was put and carried, the non-Andhra Members who were present voting for it.

THE HON. SRI C. SUBRAMANIAM :—" I shall now move certain new clauses to be added after clause 49—

New clauses after clause 49.

THE HON. SRI C. SUBRAMANIAM :—" Sir, I move—

'The following clauses should be added as separate clauses at the end of Part V of the Bill:—

" (i) Expenditure in respect of any liability as between the States of Madras, Andhra and Mysore arising under or by reason of any provision of this Act or of any order made thereunder shall be expenditure charged on the Consolidated Fund of the State of Madras or the State of Andhra or the State of Mysore, as the case may be."

[27th July 1953]

[Sri C. Subramaniam]

" (ii) If immediately before the appointed day, the State of Madras is liable as guarantor in respect of any liability of a co-operative society which is registered under the Madras Co-operative Societies Act (Madras Act VI of 1932) and whose area of operations is limited to the whole or part of the territory specified in sub-section (1) of section (3) of this Act, then, as from the appointed day, the said liability of the State of Madras shall cease, and the State of Andhra shall be liable as guarantor in respect of the said liability of the said society, and expenditure in respect of such liability of the State of Andhra shall be expenditure charged on the Consolidated Fund of the State." "

THE HON. SRI C. SUBRAMANIAM :—" Sir, inasmuch as the two amendments require some explanation, I shall take a few minutes. We have provided previously in the Bill that the liabilities outstanding against us in the residuary area shall be borne by us and those outstanding against the Andhra area shall be borne by them. Suppose we have got to pay up to two crores of rupees for Andhra, say . . ."

SRI P. RANGASWAMI REDDIAR :—" May I know what is the alternative suggested by the Government for clause 49, in view of the fact that the same had been deleted now? "

* THE HON. SRI C. SUBRAMANIAM :—" I forgot to mention one particular point while moving for the deletion of clause 49. I would invite the attention of the hon. Member to paragraph 19 of the Seventh Schedule. It says—

'That the benefit or burden of any assets or liabilities not dealt with in the foregoing paragraphs or in section 47 or section 48 shall be apportioned between the State of Madras and the States of Andhra and Mysore in such manner as the President may by order direct.'

So, in respect of all other matters not specifically covered in the Bill in respect of division of assets and liabilities between Andhra, Madras and Mysore, the President shall have the final say. He will apportion the assets and liabilities by his order. So far as the principle of division of assets and liabilities is concerned the House had already given its verdict saying that an Expert Commission will be appointed to go into all the questions concerning the division of assets and liabilities. The Expert Commission will cover all points covered in the various clauses of the Seventh Schedule. So we see in either case either the President or the Expert Commission is there to decide. Then, where is the need for clause 49 which only tries to re-open settled issues and create bitterness? That is why I moved for its deletion.

" I shall now explain further why I have moved the two amendments which will stand as new clauses. Let us take the case (I am taking a hypothetical issue) wherein we have got to pay Rs. 2 crores, say to Andhra. How are we to pay it? We have to pay it only from the Consolidated Fund of the residuary State. Similarly suppose Andhra has got to pay Rs. 2 crores to us. It has to pay only from the Consolidated Fund of Andhra. But can we

[Sri C. Subramaniam] [27th July 1953]

withdraw any amount from the Consolidated Fund? The express permission of the Legislature has got to be obtained. It is perfectly open for the Legislature to either accept or reject the demand. The Andhra Legislature may say: 'No, no, we cannot accept this liability under a particular head. So we reject this demand.' Then how could the residuary State be paid? Of course there are certain items which could be paid directly out of the Consolidated Fund without taking a vote of the concerned Legislature. For instance, salaries of High Court Judges, charges payable to the Public Service Commission, the charges the Government has got to pay as interest on public debts—for all these items a vote of the Legislature and an appropriation law is not necessary. But suppose a contingency arises wherein the Andhra Legislature refuses to discharge its liability to the residuary State after division. What are we to do? That is why this amendment becomes necessary. The first amendment says—

'(1) Expenditure in respect of any liability as between the States of Andhra, Madras and Mysore, arising under or by reason of any provision of this Act or of any order made thereunder, shall be expenditure charged on the Consolidated Fund of the State of Madras or the State of Andhra or the State of Mysore as the case may be.'

"I shall now explain the need for the second amendment I have moved.

"We have the Land Mortgage Bank in our State. We have the Central Land Mortgage Bank here in Madras. We have also the State Co-operative Bank. These institutions are common throughout the State to agriculturists. Of course, they have taken mortgages of properties for the money they had lent. On the security of these mortgages, debentures have been raised. It is only the debenture money that has been distributed as loan. These debentures are granted by the State. What is to happen when this State is divided into two units, Andhra and Madras? Under the Co-operative Societies Act and the Land Mortgage Banks Act, the Registrar of Co-operative Societies has been given sufficient powers to recover the loans. He need not go to a court of law, obtain a decree and then execute it. The Registrar can straightaway bring the property to sale. After separation, there will be a separate Registrar of Co-operative Societies for Andhra. The jurisdiction of the present Registrar will not extend to Andhra. Then how is he to recover the loans granted to all those in the Andhra area before separation, inasmuch as his jurisdiction may not extend to Andhra? He himself cannot go, execute a decree and recover the loans in Andhra. That is why this second amendment has been inserted. By this amendment a provision is made by which in respect of all liabilities pertaining to Andhra for which the State of Madras has stood as guarantor, that State shall from the appointed day cease to be the guarantor and the State of Andhra shall begin to function as the guarantor. The liability of the State of Madras shall cease from the appointed day and the same shall be borne by the State of Andhra. Similar is the case with reference to State Co-operative Banks. The guarantees with respect to Andhra shall become the sole concern of the State of

[27th July 1953] [Sri C. Subramaniam]

Andhra from the appointed day. The State of Madras shall function as the guarantor only in respect of liabilities pertaining to the residuary Madras State.

"So, even in respect of those things, that is, in respect of moneys which are solely to be within the Andhra area that guarantee should be taken over by the Andhra Government as such, the residuary State being responsible for the other share. That is No. (ii). Therefore, we are making a provision that the liability shall be treated as expenditure charged on the Consolidated Fund of the State. These are the only two provisions which we have to make."

MR. SPEAKER :—"The question is—

'The following clauses should be added as separate clauses at the end of Part V of the Bill :—

"(i) Expenditure in respect of any liability as between the States of Madras, Andhra and Mysore, arising under or by reason of any provision of this Act or of any order made thereunder, shall be expenditure charged on the Consolidated Fund of the State of Madras or the State of Andhra or the State of Mysore, as the case may be.

(ii) If, immediately before the appointed day, the State of Madras is liable as guarantor in respect of any liability of a co-operative society which is registered under the Madras Co-operative Societies Act (Madras Act VI of 1932) and whose area of operations is limited to the whole or part of the territory specified in sub-section (1) of section 3 of this Act, then, as from the appointed day, the said liability of the State of Madras shall cease, and the State of Andhra shall be liable as guarantor in respect of the said liability of the said society, and expenditure in respect of such liability of the State of Andhra shall be expenditure charged on the Consolidated Fund of the State."

The amendment was put and carried, the non-Andhra Members who were present voting for it.

* THE HON. SRI C. SUBRAMANIAM :—"With reference to the list of Scheduled and Backward Classes, I promised to examine and find out whether one item was in the list and whether it had been wrongly omitted. I have verified and found that it is not in the list. It is not open to us now to include or exclude any community in the list of Scheduled Castes and Scheduled Tribes."

* SRI P. RANGASWAMI REDDIAR :—"One of the Backward Classes 'Reddi (Ganjam)', as found from the list maintained by our Government under rule 92 of the Madras Educational Rules, was for a very long time enjoying educational concessions. This community has been removed from the list. I would like to know whether these communities were removed under the advice of our Government at the time of drafting this Bill."

* THE HON. SRI C. RAJAGOPALACHARI :—"There was a reference made to this subject the other day but without giving the name of any particular community. To-day the hon. Member gives

[Sri C. Rajagopalachari] [27th July 1953]

the name of some particular sub-community. I presume the hon. Member does not mean that all Reddis should be classified as backward, but that some particular class called 'Reddi' but having another name also to specify should be so classified. If the matter is given to us specifically, I shall look into the matter."

* SRI P. RANGASWAMI REDDIAR :—" I wanted to bring to the notice of the Government one instance of removal of a backward community. But another hon. Member has complained about some other communities. We are not anxious that as many communities as possible should be included. But once they were included and were enjoying the concessions, I would like to know the special reasons for their removal."

THE HON. SRI C. SUBRAMANIAM :—" Sir, I am afraid that we cannot go into this matter when we are discussing the Bill. If any particular community has been removed wrongly, the matter has to be raised elsewhere. A Commission has been appointed to go into the question of Backward Classes. I do not think it is possible now to say why it has been removed."

Clauses 2 and 1 and the Long Title.

Clauses 2, 1 and the Long Title were put and carried.

THE HON. SRI C. SUBRAMANIAM :—" There are certain amendments which do not relate to any specific provisions in the Bill but are of a general nature like the amendment relating to the Andhra University Act. The hon. Members who walked out may be called in formally."

MR. SPEAKER :—" I have sent word to them."

THE HON. SRI C. RAJAGOPALACHARI :—" I beg to move—

MR. SPEAKER :—" The question is—

'That the proposed Andhra State Bill, 1953, having been considered fully and approved, this House is of the view that the Bill should be amended on the lines indicated in the opinions and resolutions approved by the House.'

The motion was put and carried, the non-Andhra Members who were present voting for it.

V.—NON-OFFICIAL BUSINESS.

MR. SPEAKER :—" We shall now take up non-official business."

(1) THE MADRAS PROHIBITION (AMENDMENT) BILL, 1953.

SRI V. GOPALA GOUNDER :—" Mr. Speaker, Sir, I beg to move for leave to introduce the Madras Prohibition (Amendment) Bill, 1953."

MR. SPEAKER :—" I shall read the relevant rules—

'76. (1) If a motion for leave to introduce a Bill is opposed, the Speaker, after permitting, if he thinks fit, a brief explanatory statement from the member who moves and from a member who opposes the motion, may, without further debate, put the question thereon.

(2) If such a motion is agreed to, the Bill shall be deemed to have been introduced.

'77. As soon as may be after leave to introduce a Bill has been granted, the Bill shall be published in the Gazette.'

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, I understand the object of the Bill. But I think that the shape is misconceived. The object is to make a change in the Criminal Procedure Code in respect of prosecutions under the Prohibition Act. Under the Criminal Procedure Code, statements of certain kinds are not admissible as evidence such as statements made in confession. The hon. Member wants to introduce a provision in the law under which statements of a different class of people also should not be taken as admissible in cases of prosecution under the Prohibition Act. I think the object in view can be achieved only by an amendment of the Criminal Procedure Code. After explaining this, I leave the matter at that. The hon. Member may take advice and do whatever he likes.)

" I have no objection to the introduction of the Bill."

[27th July 1953]

MR. SPEAKER:—"The question is—

'That leave to introduce the Madras Prohibition (Amendment) Bill, 1953, be granted.'

The motion was put and carried and leave granted.

SRI V. GOPALA GOUNDER:—"I introduce the Bill."

(2) THE MALABAR AGRARIAN RELATIONS BILL, 1953.

* SRI V. R. KRISHNA AYYAR:—"Sir, I beg to move for leave to introduce the Malabar Agrarian Relations Bill, 1953."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"I oppose the motion, Sir."

MR. SPEAKER:—"After a brief statement from the mover and the opposer, I will put the motion to vote."

* SRI V. R. KRISHNA AYYAR:—"Mr. Speaker, Sir, the Bill for whose introduction I am seeking the leave of this House is conceived for the benefit of the ryots of Malabar, certain taluks of South Kanara and one taluk of the Nilgiris district. The object of the Bill is to see that the agrarian relations are so readjusted as to produce a contented class of people who will be more interested in agriculture and thereby increase the productivity of the land in the country generally and in Malabar in particular. It is a matter of common knowledge for the Members of this House that in Malabar for long there has been an agitation by the tenant class, particularly the cultivating tenant class, for equitable rent and for some kind of fixity of tenure in respect of their holdings. The Bill contains certain provisions altogether new for giving statutory effect to the cherished desire of the tenants. The Hon. Minister has adopted the unusual procedure of opposing the introduction of the Bill. It is only fair that the House should be given an opportunity to consider the Bill in detail and reject it if it is found unsuitable. To forestall the decision of the House and to oppose even the introduction of the Bill is certainly a novel, unusually extraordinary and unprecedented course for the Hon. Minister to adopt. On former occasions when this House had to consider certain taxation Bills, some Members raised objection even to granting leave for introduction. The Hon. Speaker then pointed out that this course was unusual and rarely adopted, because normally the House must be given an opportunity to discuss the provisions and then reject the Bills if necessary. The House will have an opportunity of discussing the Bill only if leave for introduction is given."

"The Hon. Minister has introduced a Bill for amending the Malabar Tenancy Act. If leave is granted, there will be two Bills side by side, one very progressive and attractive and the other somewhat retrograde. If the real object of the Minister is to see that the two pictures are not presented side by side, I beg to submit this. The Malabar Tenancy Amendment Bill is of a very minor nature and it can hardly satisfy the people. It has already raised serious

27th July 1953] [Sri V. R. Krishna Ayyar]

discontent, as you may be aware from the big *jathas* that were organized as a protest against it. Mere patchwork amendments to that Act can hardly satisfy the people of Malabar. So I have brought forward a Bill which embodies several original features. The existing Malabar Tenancy Act was conceived and passed in 1929, and about twenty-five years have passed since then. There is hardly any use in reconstructing, amending, polishing or doing any patchwork repair to that Act. What was thought to be fair in 1928 or 1929 will hardly be thought justifiable to-day. During these years, there have been considerable changes in agrarian outlook and thought. The responsibilities of the State in protecting the tenant class have been fully appreciated in a Welfare State. We of this Welfare State are thinking of giving protection to the tenant classes in a wider measure and with a larger outlook."

MR. SPEAKER:—"The rule is that the statement should be a brief one."

* SRI V. R. KRISHNA AYYAR:—"The main features of my Bill are as follows. Firstly the cultivating tenants will be given absolute or almost absolute protection in respect of their holdings. Secondly it makes provision for a fair rent which will be really fair as against the provision in the existing Act. Although the present rent is euphemistically called fair rent, it is really exacting. Thirdly my Bill provides for the cultivating classes buying up the rights of the landlords by paying the consideration due either in a lump sum or in instalments as the court may decide and becoming peasant proprietors. Another provision in the Bill is with regard to eviction. Eviction is a common feature in Malabar, and as I pointed out during question hour this morning, three thousand and odd eviction suits were filed in the Court in the course of a month. The main feature of the Bill is to see that eviction is made as difficult and unattractive as possible and virtually confer fixity of tenure upon the tenants."

"Then, another important matter is to see that the waste lands ^{11-30 a.m.} now owned by landlords and not cultivated by them are compulsorily made available for cultivation by cultivators who are willing to take up cultivation of such lands. So, the four primary features are, (1) conferment of fixity of tenure, (2) reduction of the existing high rents and bringing them in proportion to notions of fairness, (3) allowing cultivating tenants to buy up the landlord's rights and (4) making available waste lands for cultivation. I might mention in passing that the Malabar Tenancy Amendment Bill, which has been introduced by the Government, does not touch any of these major propositions. It has just glanced over a few matters only. It can hardly be called satisfactory. So, a comprehensive Bill, which will consolidate the law regarding agrarian relations, and which will progressively bring into harmony the existing notions among the various classes of people in Malabar, is necessary. That is the object of my Bill. It can hardly be said that there is no alternative to the present amending Bill introduced by the Government. Hon. Members can take it from me that this Bill is no parallel or rival to the Bill which has

[Sri V. R. Krishna Ayyar] [27th July 1953]

already been introduced by the Government. It has only attractive provisions. These may not influence the opinion of the Members of the House against the Bill. With the object of vetoing the Bill, this kind of objection has been personally taken by the Hon. Minister even at this stage."

* THE HON. SRI K. P. KUTTIKRISHNAN NAIR :— " Sir, I oppose this motion because of special circumstances. You know that introducing such Bills is the task of the Government, because the Government have to meet expenses from the funds of the State. The subject of Malabar Tenancy was taken up by the Government as early as 1930, and special modifications have been resorted to by Government by amendments to the Act. Recently an amending Bill was introduced in this Assembly, and it is now pending discussion before the Joint Select Committee. Legislation involving the exercise of Government functions and expenditure of Government funds should properly be undertaken by Government. This is the cardinal principle obtaining in all parliamentary practice. That is why, Sir, I am opposing this motion. There are many instances where private Bills were not allowed to be proceeded with in similar circumstances in the British Parliament. I may be permitted to quote two instances in which such Bills were not proceeded with. In 1887 notices were given of a private Bill for settling a scheme of arrangement for the Turkish loans of 1854, 1855 and 1871, but its subject was obviously not one to be dealt with by a private Bill, and so it was not proceeded with. Another instance was in 1900. On the second reading of a private Bill promoted by the Metropolitan Water Companies, Mr. Speaker called the attention of the House to the large and important powers which were proposed to be conferred by it upon a public department, viz., a local Government board, and which, according to the practice of the House, ought to be secured by a public rather than by a private Bill. The Bill was accordingly withdrawn. As I submitted, the funds for enforcing the provisions of the Bill will have to be found from the consolidated fund. For instance, in clause 10 (g) of the Bill, it is stated that every panchayat board and every municipal council shall cause to be maintained, in the prescribed manner, a record of rights in respect of every holding, ulkudi, and kudiyruppu, within their respective territorial limits. You know, Sir, that municipal councils and panchayats cannot afford, in the present circumstances, to discharge any of these functions. Ultimately the Government will have to give them the money for complying with the provisions of this Bill. Apart from this provision, there are several other clauses of the Bill, namely, clauses 10 (b) (i), 11 (i), 14 (b), 23 (i), 24 and 38, which impose additional duties on Revenue officers and on courts in connexion with various matters such as the determination of fair rent, adjudication of disputes between the landlord and the tenant in connexion with the payment of rent, purchase of lands by the tenant and the enquiry into petitions for assignments of arable waste lands. The performance of these duties will necessitate the appointment of additional staff and this will involve increased expenditure from the consolidated fund of the State. Clause 38, expressly provides for

[27th July 1953] [Sri K. P. Kuttikrishnan Nair]

the payment of compensation by Government to the parties whose rights are adversely affected. The compensation payable by the Government will have to be met from the Consolidated Fund of the State. Several provisions of the Bill, I am sorry to say, are not clear. Most of the clauses have to be recast. The Bill is to be re-arranged. You know, Sir, that it may not be profitable for the Legislature or for the public to spend much of their time in scrutinizing this Bill. Moreover, Sir, you know that this is a parallel legislation. Most of the provisions reiterated in this Bill are contained in the existing statute. The proper procedure would have been to bring in an amendment to the amending Bill. All these things can be discussed and scrutinized at the Joint Select Committee meetings. In these circumstances, Sir, I am compelled to oppose this Bill at this stage. In ordinary circumstances, I would not have opposed it. The peculiar circumstances obtaining now warrant that I should oppose this Bill. I will be failing in my duty if I do not oppose the motion. With these words, Sir, I oppose the motion of the hon. Member Sri V. R. Krishna Ayyar."

SRI V. R. KRISHNA AYYAR :— " Mr. Speaker, Sir, on a point of clarification I want to make a very brief statement. The Hon. Minister in his objection to leave being granted for introducing my Bill, was stressing the fact that it involved expenditure from the consolidated fund of the State. There are two distinct stages in the Constitution, to which I would invite the attention of the Hon. Minister. The first stage is the grant of leave to introduce a Bill in the House. When the Bill is to be considered by the House clause by clause or in greater detail, touching the consolidated fund of the State, it would be necessary to obtain the Governor's recommendation for the discussion of the Bill. Therefore, this argument cannot be used as an objection or a veto at this stage. The question of consolidated fund of the State does not come here now. Here it is a case where the House has got to see whether the extraordinary step of granting leave for introducing this Bill should be taken. This is a highly extraordinary step. This should be distinct from the other stage, namely, expenditure out of the consolidated fund of the State. That is a matter for the Governor to consider and not for the Assembly. The Hon. Minister need not usurp the powers of the Governor or indicate any suggestion that Governor's recommendation shall be taken. It is for the private Member to wait upon the Governor and persuade him to give the recommendation. The two stages must be kept separate. The second stage need not be brought in here to confuse the issue. Secondly, the expenditure from the consolidated fund of the State is very small and insignificant. I was listening to the Hon. Minister when he referred to the consolidated fund of the State. The way he referred to the fund suggested that the consolidated fund of the State would be drained by this Bill. Absolutely little more expenditure than is incurred at present is covered by this Bill."

[27th July 1953]

MR. SPEAKER :—" The question is—

' That leave be granted for the introduction of the Malabar Agrarian Relations Bill, 1953.' "

11-30
p.m.

The motion was put and declared lost. A poll was demanded. and the division bell was rung.

MR. SPEAKER :—" I understand that the Hon. the Chief Minister has no objection to the introduction of the Bill."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" We have no objection, Sir, to the introduction of the Bill."

MR. SPEAKER :—" The Hon. Chief Minister wants to say something. As a special case, I shall allow him. I hope the House will not mistake it."

* THE HON. SRI C. RAJAGOPALACHARI :—" The Government having introduced a Bill, a Joint Select Committee having been appointed and as the thing is going on and the present Bill is in substance an amendment to that Government Bill, the Government decided to oppose the introduction of the present Bill. But if the hon. Member still desires that it should be introduced, the Government have no objection."

MR. SPEAKER :—" The question is—

' That leave be granted for the introduction of the Malabar Agrarian Relations Bill, 1953.' "

The motion was put and carried and leave was granted.

SRI V. R. KRISHNA AYYAR :—" I introduce the Bill."

(3) THE MADRAS AGRICULTURISTS' RELIEF (AMENDMENT) BILL, 1953.

SRI M. NARAYANA KURUP :—" Mr. Speaker, Sir, I beg leave to introduce the Madras Agriculturists' Relief (Amendment) Bill, 1953."

MR. SPEAKER :—" Motion moved—

' That leave be granted for the introduction of the Madras Agriculturists' Relief (Amendment) Bill, 1953.

" I want to know what the Government want to say on this matter."

* THE HON. SRI M. A. MANICKAVELU NAICKER :—" In the first instance, I am constrained to oppose the motion, Sir."

MR. SPEAKER :—" I shall allow the hon. Member to make a brief statement and the Hon. Minister to speak afterwards. Then, I will put the motion to the vote of the House."

* SRI M. NARAYANA KURUP :—" Sir, I thought at least this was a non-controversial Bill. Seeing what has happened to the previous Bill, I am really surprised to see that the Hon. the

[27th July 1953] [Sri M. Narayana Kurup]

Revenue Minister should oppose this Bill. It is a simple one-clause Bill. When the present Chief Minister was the Head of the State in 1938, he introduced the first Agriculturists' Relief Act to give protection to agriculturists in a period of depression. But in the working of that Act, it was subsequently found that many of the benefits conferred upon the people by that enactment were taken away by the interpretation put upon some words and phrases by the Courts. In effect, on account of the interpretation put upon the phrase 'rate of interest on debt', possessory mortgages or mortgages with possession were completely excluded from the purview of that Act and the required benefit did not accrue to the agriculturist. Therefore, in 1949 an Amending Bill was brought forward making it applicable to mortgages with possession. Thereby a new section 9-A was incorporated and under that section a new clause was introduced saying that the Act would apply to possessory mortgages and that a mortgagee in possession for a period of thirty years and more was bound to restore the land to the original mortgagor without payment of any mortgage money. In other words, it enacted that the mortgage amount would be deemed to have been discharged if the mortgagee were in possession for thirty years and more. This Act applies to the whole State. But curiously enough, by one sub-section, certain taluks in North Malabar were excluded from the operation of this section and clause. There had been continuous and persistent agitation to remove this anomaly so that the benefit might accrue to all the agriculturists in the State. My Bill seeks to amend only that portion, that is, to delete that sub-clause which excludes certain taluks of North Malabar from the benefits of this section. I believe all the M.L.As. representing the areas affected by this legislation approve of this and have also submitted memoranda to the Government. Therefore, I am only surprised that even at this stage, instead of the Government trying to rectify the original wrong done to these people, oppose this Bill brought forward by a non-official Member. It does not involve any expenses on the exchequer and if the law of Procedure would have permitted, this could have been passed this very day. Therefore, I submit to the Government in all humility that if they feel any doubt, we are only at the stage of introduction of the Bill. The matter may be considered more deeply and if they still feel that public opinion is not in favour of the Amending Bill, they may oppose it. Therefore, I request that the Government may be pleased to withdraw their objection and allow the introduction of this Bill. It is not at all such a complicated Bill as the previous one. I request that the House may be pleased to accord permission to the introduction of my Bill."

* THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, I have to explain my position. The Bill brought forward by the hon. Member is to amend the Madras Agriculturists' Relief Act, 1938. The Act was primarily intended for affording relief to the agriculturists and it was subsequently modified by legislations in 1948 and 1950 with regard to usufructuary mortgages. This was effected by section 9-A. Certain areas in the State were sought to be exempted from the operation of this section. For example,

[Sri M. A. Manickavelu Naicker] [27th July 1953]

South Kanara district and the taluks of Chirakkal Kottayam, Kurumbranad and Wynaad were excluded from the operation of this section. That was done with a purpose. The tenure there is peculiar. In South Kanara, usufructuary mortgage is called 'Arvar'. In the other taluks also, certain peculiarities are there. If the amendment sought to be made by the Bill of the hon. Member is accepted, the benefit will go to the landlord and not to the tenant, because the money is advanced by the tenant to the landlord. The hon. Member has till now been championing the cause of the ryots and agriculturists. I wonder why he has come forward with this Amending Bill, because it is against the interests of the ryots. That is why I am opposing it. I know the convention that a Bill is not opposed at the stage of introduction. But I want to point out to the hon. Member that he will be benefiting the landlord through his Bill.

11-40 a.m. SRI M. NARAYANA KURUP :—" Sir . . . "

MR. SPEAKER :—" No more discussion on this will be allowed."

THE HON. SRI C. SUBRAMANIAM :—" We are not opposing the introduction of this Bill as such. When the Bill comes up for discussion, we can consider other things."

MR. SPEAKER :—" If the motion is not opposed by the Government, it means that leave is given for the Bill to be introduced. The question is—

'That leave be granted for the introduction of the Madras Agriculturists' Relief (Amendment) Bill, 1953.'

The motion was put and carried.

SRI M. NARAYANA KURUP :—" Sir, I introduce the Bill."

B. Resolutions.

MR. SPEAKER :—" Now let us take up the Non-official Resolution standing in the name of Sri A. Ramachandra Reddiar."

SRI A. RAMACHANDRA REDDIAR :—" Sir, I move the resolution that stands . . . "

SRI S. DEIVASIGAMANY :—" There is another Resolution that stands in the name of hon. Member Sri D. Krishnamurthy Gounder regarding the new scheme of Elementary Education. I request that that resolution may be advanced with the leave of the House. Under Rule 22 (3), I move—

'That item IV (3) on the Agenda, namely, the New Scheme of Elementary Education may be taken up before item IV (1), viz., Abolition of zonal system.'

27th July 1953]

* THE HON. SRI C. RAJAGOPALACHARI :—" I already made a suggestion before many of the hon. Members came back to their seats that it would not be proper to take this up to-day. I did not expect the turn of events that took place to-day. Therefore I thought that it was better to take it on another day. I myself was not prepared for it. However, I may tell the hon. Members that immediately after the Government Bills are over, I am prepared to sit down for discussion. I hope hon. Members will leave it at that. There is no point gained by rushing it to-day."

Sri Deivasigamany's motion was, by leave, withdrawn.

SRI PILLALAMARRI VENKATESWARLU :—" Sir, there is another resolution standing in the name of hon. Member Sri K. Venkaiah, i.e., Resolution No. 8. It is a very important resolution and I request that it may be advanced. This can be disposed of in two hours and I appeal to the Government to accept this resolution. Recently, Government have issued orders on this subject which has affected many poor people."

* THE HON. SRI C. RAJAGOPALACHARI :—" I appreciate the earnestness of Mr. Venkateswarlu. The subject-matter of the resolution relates to certain individual administrative acts. I think the resolution on food is far more important than the assignment of some banjar lands somewhere."

SRI PILLALAMARRI VENKATESWARLU :—" I quite agree with the Hon. the Chief Minister that discussion on food is more important. I think for discussing the resolution on food, we will take a day or at least half a day. The resolution that I have referred to will take only 2 hours. If necessary, we can sit for one more hour and discuss this subject. As many of the poor agricultural labourers are being put to great trouble, it is better we take up this resolution for discussion even now."

SRI R. V. SWAMINATHAN :—" On the proposal made by hon. Member Sri Deivasigamany, the Hon. Chief Minister was pleased to state that we will have discussion on the new elementary education scheme. I want to know from the Hon. Chief Minister whether a day will be allotted for this purpose even in this sitting of the House. This resolution stands as a non-official resolution. I want to know from the Hon. Chief Minister whether there will be time to take up this non-official resolution and whether the Government themselves are prepared to bring in a motion on the subject and allot a day for its discussion."

* THE HON. SRI C. RAJAGOPALACHARI :—" It was already promised that we will have discussion on this subject. The only question is when we will have that discussion. Whether it will take a whole day, or half a day, 4 hours or 2 hours is a

[Sri C. Rajagopalachari] [27th July 1953]

different matter altogether. But it will be taken up. Half-an-hour ago, when many of the hon. Members were not here, I thought it not proper to take up this subject to-day. I shall certainly give a day. But the only thing that I want is this. There are a few Government Bills which are technical in character. Immediately after those Bills are finished, this subject will be taken up. Therefore, there is no question of avoiding it."

SRI R. V. SWAMINATHAN :—" Sir, my point has not been answered. This is a non-official resolution. Necessary time may or may not be allotted for this. That is why I wanted to know whether the Government themselves will bring forward a motion on this subject and allot a day for its discussion. Can I have an answer to this point, Sir? "

THE HON. SRI C. SUBRAMANIAM :—" How does the hon. Member expect the Government to bring a motion of this nature? The Hon. Chief Minister has already stated that a day will be allotted for the discussion of this subject."

SRI M. KALYANASUNDARAM :—" Sir, there will be no difficulty in fixing a day. We are not keen that it should be taken up immediately. We want to know whether a full day will be allotted. Later on, it should not be said that there was not sufficient time and the discussion has to be restricted. Especially after the speech of the Hon. Chief Minister, we have a reasonable doubt that discussion may be restricted. If, however, the Hon. Chief Minister assures us that a full day will be allotted, then we can agree."

THE HON. SRI C. SUBRAMANIAM :—" Suppose a day is allotted and the discussion is closed before the full time is over. What are we to do? It is only in that sense, the Hon. Chief Minister said that whatever time is necessary will be given. If it is not finished within a day, it may be taken up on another day."

* THE HON. SRI C. RAJAGOPALACHARI :—" The position is unnecessarily complicated by having some pre-conceived ideas. This is a resolution and it can be taken up at any time. The thing to be considered is this. What will be the business that will stand before the consideration of that resolution? As I said previously, there are a few non-controversial Government Bills. If we finish the consideration of those Bills, there will be no other business for us to consider. Then we can have discussion on that resolution for as long a time as we like."

SRI S. DEIVASIGAMANY :—" If the Hon. Chief Minister is prepared to give us an assurance that a particular day and hour will be fixed for discussion on the resolution, I shall withdraw my request. Otherwise, I am pressing it."

* THE HON. SRI C. RAJAGOPALACHARI :—" I am agreeable to any day the Hon. Speaker may fix for this purpose after to-morrow, as we expect the Government Bills to be over by to-morrow."

27th July 1953]

* SRI T. NAGI REDDI :—" Sir, my suggestion to the Government, through you, is this. We may take up Resolution No. 8 that stands in the name of Mr. Venkaiah. It is a very important resolution. It is not a mere question of assignment of lands to political sufferers. We want that all banjar lands should be allotted to a particular class of people and it should be done quickly. At present, certain lands are being auctioned and we want to bring to the notice of the Government that such auctions are very much in disregard of the interests of the poor agricultural labourers. Therefore, I move—

' That under rule 22 (3) of the Madras Legislative Assembly Rules, Resolution No. 8, standing in the name of hon. Member, Sri K. Venkaiah, be taken up first. '

MR. SPEAKER :—" Motion moved—

' That under rule 22 (3) of the Madras Legislative Assembly Rules, Resolution No. 8, standing in the name of hon. Member, Sri K. Venkaiah, be taken up first. '

THE HON. SRI C. SUBRAMANIAM :—" Mr. Nagi Reddi pointed out to me that we should have some discussion on the food situation. I thought that if we took up Resolution No. 1 which related to the zonal system, smuggling of paddy and rice, etc., we could incidentally consider the food situation also. Unfortunately, we have to allot some time for discussing the new elementary education scheme. I think a discussion on the food situation is more important, and we should give preference to it. Members of various constituencies will be able to express the difficulties experienced in their respective constituencies and we will be able to know the exact position in the State. I have also got information on paper. But I think the Government will be able to get some useful information from the hon. Members direct. For these reasons, I consider the food debate is more important. If, however, the hon. Members do not want a food debate, I have absolutely no objection to taking up the resolution that Mr. Nagi Reddi wants us to take. I would like to have a debate on the Resolution on the Abolition of the Zonal System so that we can discuss the food situation in general and it will be useful also to the public."

11-50
a.m.

* SRI T. NAGI REDDI :—" It is true that food should be discussed before we disperse. To-morrow all official business can be transacted and day after to-morrow probably we may have the new Education policy."

MR. SPEAKER :—" Food is very important. On the 30th we have the valedictory addresses."

* SRI T. NAGI REDDI :—" On the 31st we can have the valedictory addresses and on the 30th we will discuss food."

MR. SPEAKER :—" 30th is the last date we have fixed."

[27th July 1958]

* SRI T. NAGI REDDI :—" We can have 31st as the last day of this session. I have also told the Leader of the House that this matter is as important as food and assignments are going on for quite a long time now. In our districts alone—Anantapur, Cuddapah and Guntur—there have been many cases. (The Hon. Sri C. Subramaniam : 'We are not going to auction till the appointed day') I do not refer to auctions . . ."

* THE HON. SRI C. RAJAGOPALACHARI :—" Why do you want to move the motion and charge us with partiality? Why not you allow the next Government to do the assignment and all the rest."

* SRI T. NAGI REDDI :—" The next Government will come only two months hence. After all postponement by a day is not at all very difficult. On the 30th, we can have a debate on food which is naturally very important and on the 31st we can have the valedictory addresses. There are people who have been cultivating for years . . ."

THE HON. SRI C. RAJAGOPALACHARI :—" I want you to put that suggestion to the new Government. Why do you want us now to do it?"

SRI PILLALAMARRI VENKATESWARLU :—" The Hon. Chief Minister does not understand what exactly we want. That is the very reason why we want a debate on this matter."

* THE HON. SRI C. RAJAGOPALACHARI :—" I was trying to explain to Mr. Nagi Reddi that, if his anxiety was that land should not be put to auction, the Government was quite prepared to put it off and that if his anxiety, on the other hand, was to get an assignment without auction within the short period before us, I consider it embarrassing for this Government to do it. He may consider it. If he still wants, he can move his motion. A motion does not bring about an assignment."

MR. SPEAKER :—" The question is—

'Under rule 22 of the Assembly Rules, Resolution No. 8 standing in the name of Sri K. Venkaiah be taken up first.' "

The motion was put and declared lost.

Mr. Pillalamarri Venkateswarlu demanded a poll and the division bell was rung.

THE HON. SRI C. SUBRAMANIAM :—" We agree to the motion being taken up now."

MR. SPEAKER :—" The Government have agreed and the motion may be moved by Mr. Venkaiah."

ASSIGNMENT OF PORAMBOKES AND BANJAR LANDS.

* SRI K. VENKAIAH :—" Sir, I move the following resolution :— 11-55 a.m.

'This Assembly recommends to the Government to take the following steps in relation to the assignment of the assessed and the unassessed porambokes and banjar lands in the State including the river, drain and tank porambokes as well as the forest banjars either under encroachments or lie unoccupied :—

(i) to cancel all the temporary assignments granted to political sufferers and to treat the local landless political sufferers in different areas on a par with the other local landless poor;

(ii) to convert all the unassessed porambokes and banjar lands into assessed ones;

(iii) to transfer, subdivide and assign the porambokes free of cost to the local landless poor up to an extent of 3 acres provided the total extent including the assigned land owned by the family is less than 5 acres; and

(iv) to appoint special staff wherever necessary to complete the transfer, subdivision and assignment within the next financial year, i.e., within March 1954.'

SRI R. V. SWAMINATHAN :—" Sir, I was in the lobby when I heard the division bell and immediately I entered the Chamber to support the Government. Now I see there is not going to be a division. Every now and then, the Government oppose something and when a poll is demanded they support it. Have not the Government made up their mind and decided their policy with regard to the several resolutions? I cannot understand this."

*SRI V. SRI KRISHNA :—“”

[Sri V. Sri Krishna]

[27th July 1953]

12-10
p.m.

Sir, Resolution 28 stands in my name. It has the same content as the resolution moved by my hon. Friend Sri Venkaiah. So, I rise to support the resolution moved by the Hon. Sri Venkaiah. While doing so, I wish to invite the attention of the Hon. Minister to certain facts. Even according to official figures published in the Directory of Madras, it was stated that something like 90 lakhs of acres are lying as cultivable waste in our Province. According to the answer given recently by the Hon. Minister on the floor of this House, it was said that 69 lakhs of acres lie as cultivable waste. In addition to this an area of 90 lakhs or one crore of acres was said to be taken up for cultivation but left uncultivated for lack of proper facilities. There are some more lands which come under the category of forest banjars. So altogether there are 2 or 2½ crores of acres which can be brought under cultivation provided facilities are given and the lands are assigned to the actual tillers of the soil. But Government have taken steps otherwise discouraging the actual tillers and encouraging those who do not till the land themselves. Even in the times of the British rule there were Sivayijama occupants cultivating banjar lands; but later on when the Congress came to power in G.O. No. 1523, Revenue, dated 11th June 1949. Priority in assignment was given to political sufferers and lands were assigned to those, who happened to be non-cultivators and who had no agricultural bias at all and who had properties amounting to 50 or even 100 acres or so. After that Government Order was passed, naturally the lands were again left without cultivation. Further, the actual tillers of sivayijamas were evicted from the lands and the lands which were previously under cultivation even during British rule were simply allowed to lie waste after the Congress came to power, especially in our district in Romperu area. When these anomalies arose, we approached the Government and brought to their notice that the non-cultivators to whom lands were assigned had left the lands lying waste and so requested the Government to revise their policy and assign the lands to the original cultivators, the landless poor in the neighbourhood. Government were pleased due to the pressure of popular opinion, to change their old policy and give priority once again to the landless poor. The landless poor cultivators got encouraged; they again tilled the land and brought it under cultivation, they raised crops in the land and thereby there was rise in the food production also. But recently, due to certain pressure from the Congress circles, especially after the statements made by Sri Kamaraj Nadar on the Tamil side and Sri Kaleswara Rao on the Andhra side, the Government yielded, changed the revised policy and went back to the same old policy of their predecessors and distributed the lands to political sufferers, even though they had their own patta lands. Not only that, Government have issued orders recently and sent instructions to the local officials that lands even under occupation of Sivoyijamdars which had been under their occupation, cultivation and enjoyment for the last 20 or even 50 years should be put to public auction or sold at the market value. This order is again affecting the actual cultivators, the poorer sections of the Sivoyijamdars and the land will again go into the hands of the people who have their own lands and who can afford to pay the cost of the

27th July 1953]

[Sri V. Sri Krishna]

land. This changed policy of the Government, this reluctance to assign the lands to the landless poor who actually cultivate the land and this partiality to the landlords who do not cultivate the land but who can pay the cost, this policy of the Government is adversely affecting cultivation of the wastes and at the same time the growth of food crops and the increase in food production. Hence we have brought this motion before the House. The clauses mentioned in the motion are really too general and they can be supported by all sections of the House to whatever political party they belong. We have requested the Government to take immediate steps to see that these things are done without delay. The first clause says :

‘ This Assembly recommends to the Government to take the following steps in relation to the assignment of the assessed and the unassessed porambokes and banjar lands in the State including the river, drain and tank porambokes as well as forest banjars either under encroachments or lie unoccupied.’

In the first case we ask the Government to ‘ cancel all the temporary assignments granted to political sufferers and to treat the local landless political sufferers in different areas on a par with the other local landless poor’. Those who deserve to be given lands even among political sufferers should be treated on a par with the local landless poor. We are not barring them from getting lands, but at the same time we want Government to see that those who have got lands previously are not classed in the category of political sufferers eligible for lands. We have no objection to the landless poor political sufferers getting lands. The other thing we want the Government to do is, ‘ to convert all the unassessed porambokes and banjar lands into assessed ones.’ There are very many areas in our district as well as in other districts of our Province which are not yet assessed but which lie unassessed. We only ask the Government to convert these into assessed lands and assign them to local landless poor cultivators. By section (iii) we request Government ‘ to transfer, subdivide and assign the porambokes free of cost to the local landless poor up to an extent of 3 acres provided the total extent including the assigned land owned by the family is less than 5 acres’. Lastly we request Government to ‘ appoint special staff wherever necessary and to complete the transfer, subdivision and assignment within the next financial year, i.e., within March 1954.’

“ Sir, these are the provisions we want the Government to introduce in this Bill. Lands were under occupation of the sivayijamdars for the last 50 or even 55 years. In Romperu area, in a village called Kankatapalem there was one ryot cultivating the land from the year 1900; that means some 53 years back he entered the land. He spent much of his money, sold away his utensils and other properties he had and brought the land under cultivation. Irrigation facilities were given to that land now and he was able to cultivate and get returns only last year. After spending so much of money and labour, some two or three years back the land was assigned to political sufferers and he was prevented from entering the land. Later due representations were made to the Government while refusing to yield possession

[Sri V. Sri Krishna] [27th July 1953]

to the new assignee. But now according to the orders issued recently, that land is going to be sold out at the market value or auctioned. So, after cultivating the land for over 53 years and after spending so much of money the land is to be offered for sale, despite the land being under cultivation and enjoyment of that person for over the last half a century. That is why we request Government to see that this clause is also introduced and that lands under the occupation of the sivayijamadaras be assigned to the local landless poor free of cost. The Government also have got a responsibility to provide them with financial facilities as also irrigation facilities, so that the lands may be brought under cultivation immediately and supplement the food production. I also request Government to redraft their orders on the basis of this resolution and see that the banjar lands are assigned to the landless poor and provide them with credit, irrigation and other facilities so that the 2 crores and odd acres of waste lands in our Province be brought under cultivation to improve food production and relieve unemployment. I request all hon. Members of the House to support this motion without any political bias."

అధ్యక్షా, ఈ బంజరు భూముల సమస్య కొంతమంది పేద ప్రజలకు చాలా చిక్కులను కలుగజేస్తున్నదని చెప్పక తప్పదు. ఈ మధ్య రెవిన్యూ మంత్రిగారు మా నరసాపురం తాలూకాలో పర్యటించిన సందర్భంలో ఈ విషయమే వారితో సాకుల్యంగా చర్చించవలసిన మేము సంకల్పించుకొనినప్పటికీ తగినంతవ్యధి లేకపోయినందువల్ల మేము మొరండలను మాత్రమే ఇవ్వగలిగాము. మా నరసాపురం తాలూకాలో దాదాపు 10 వేల ఎకరముల బంజరుభూమి గత 10, 15 సంవత్సరములుగా పేదరైతులచేత సాగు చేసుకొనబడుచున్నది. అధికాహారోత్పత్తి కార్యక్రమం క్రింద వారికి భూములు ఇదివరలో సాగుచేసుకొనుటకు ఇవ్వబడినవి. ఎంతో వ్యయప్రయాసకోర్చి వీడరైతులు ఈ భూములను ఇప్పటికి ఫలాన్నిభానికి తీసుకొనివచ్చారు. ఈ పరిస్థితులలో ఆ భూములను రాజకీయ పాధితులకు ఇస్తామని, వేలంలో ఎక్కువ పాట పాడినవారికిస్తామని ప్రభుత్వంవారు అనడంవల్ల ఇంతకాలంగా శ్రమ పడినవారికి చాలా అన్యాయం చేయడమవుతుందని ప్రభుత్వంవారికి మనవి చేస్తున్నాము. ఈ విషయమై ప్రభుత్వంవారు ఈ మధ్య పాస్ చేసిన ఉత్తర్వువల్ల పేద వ్యవసాయ కూలీలు చాలా అందోళన చెబుతున్నారు. ఇంతకాలంగా తాము సాగు చేసుకొంటున్న భూములను స్థానికంగా ఉండే భూస్వాములు వేలంలో ఎక్కువ డబ్బును పాడి స్వాధీనం చేసుకుంటారనిమాడూ వారు భయపడుతున్నారు. బంజరుగా ఉన్న భూములను ఎంతో శ్రమపడి ఫలాన్నిభానికి తెచ్చినవారికికాక ఇతరులకు పాటిని ఈ సమయంలో ఇవ్వడంవడం చాలా విచారకరమైనటువంటి విషయం. ఈ ఉత్తర్వులను ప్రభుత్వం వారు సవరించి ఎవ్వరైతే ఇవ్వడు పాటిని సాగుచేసుకుంటున్నారో వారికి ఆ భూములను పట్టాలుగా ఇవ్వవలసిన శ్రీ కొల్లా వెంకయ్యగారు ప్రతిపాదించిన తీర్మానాన్ని బలపరుస్తూ నేను విరమిస్తున్నాను."

అధ్యక్షా, శ్రీ కొల్లా వెంకయ్యగారు తీసుకొనివచ్చిన ఈ తీర్మానాన్ని నేను బలపరుస్తున్నాను. బంజరు భూములను పట్టాలిచ్చే సందర్భంలో ప్రభుత్వంవారు అవలంబిస్తున్న విధానంవల్ల పేద వ్యవసాయ కూలీలు ముఖ్యంగా హరిజనులకు చాలా అన్యాయం జరుగుతున్నదని ప్రభుత్వంవారికి తెలియజేస్తున్నాను. ఈనాడు వేలంలో ఎవ్వరు ఎక్కువ మొత్తానికి పాడగుతుంటారో

వారికి ఈ భూములు దఖలుపడే ప్రమాదంఉంది. గ్రామాలలో ఉండే పెద్ద పెద్ద భాగ్యవంతులతోను, భూస్వాములతోను హరిజనులు సమానముగా వేలం పాడలేని కారణంచేత ఎంతో కష్టపడి ఈనాటికి సాగులోనికి తెచ్చిన భూములు భూస్వాముల స్వాధీనమయ్యే విధానాన్ని ఈ ప్రభుత్వం అవలంబించడం చాలావిచారకరమైన విషయం. ఈ విధానం భూస్వాములకు సహాయకరమేగాను పేద వ్యవసాయదారులకు నష్టదాయకంగాను పరిణమించింది. అనకాపల్లి తాలూకాలో పెదముపిడివాడలో 48 హరిజనులు సాగుచేసుకొనుచున్నటువంటి 25 ఎకరాలభూమిని స్వాధీనంచేసుకొని, ఆ హరిజనులకు ఆ భూమి లేకుండా, ఒక రోజును తీసుకొనివచ్చి, ఆయనను రాజకీయపాధితుడని చెప్పి ఆయనకు ఆ భూముల పట్టా ఇవ్వడం కోసం ప్రయత్నం జరిగింది. ప్రభుత్వము ఆతనికి పట్టా ఇవ్వడానికి సిద్ధంగా ఉన్నది. అంతేకాకుండా, ఆయనకు పట్టాలేకుండానే మూడు నూతులకు well subsidy scheme క్రింద 15 వందల రూపాయలు ప్రభుత్వం మంజూరు చేసింది. దీనివల్ల ప్రభుత్వముయొక్క పక్షపాతం ఏ విధంగా ఉండో స్పష్టమవుతుంది. విదు సంవత్సరాలుగా హరిజనులు సాగుచేసుకొనుచున్నటువంటి 25 ఎకరాల భూమికి వారికి ఈ రోజు వరకు పట్టాలు ఇవ్వలేదు. గత సంవత్సరం మార్చి నెలనంచి, ఇప్పటివరకుమాడూ ఈ విషయమై రెవిన్యూ మంత్రికి అనేక నార్లు పిటిషన్లు తెప్పించి వెళ్ళుకోవడం జరుగుతున్నది. ప్రభుత్వం ఈ విషయంలో ఏదో అర్థమవుతున్నది. పట్టాలిచ్చే అంశంపై ఈ విషయంలో ఏదో అర్థమవుతున్నది. ఏమైతే పట్టి ఆ బంజరు భూములను ఇప్పటివరకు హరిజనులకు ఇవ్వడు జరుగలేదు. అక్కడ ఉన్నటువంటి ధన వసతులు, భూస్వాములు ఈ హరిజనులపైన 144 వ నెక్సనని, 145 వ నెక్సనని పెట్టి పోలీసు కోర్టులకు, సివిల్ కోర్టులకు వారిని తీసుకువచ్చి అనేక రకాలుగా ఇబ్బందులు పెట్టడం జరుగుతున్నది. దీనికంతకు ప్రభుత్వమే బాధ్యత వహించవలసి యున్నదని మనవి చేస్తున్నాను. మరొక విషయం మనవిచేస్తున్నాను. బోనం గ్రామంలో ఒక రైతు అయిదు సంవత్సరాలుగా 5 ఎకరాలు భూమిని దున్నుకొనుచుండగా, ఆ భూమిని ఆ రైతుకు ఇచ్చుటకు బదులు, ఎక్కడో 10 ఎకరాల దూరంలో ఉన్నటువంటి ఒక ధనవంతునికి Agriculture B Form సమోదాచేయడం జరిగింది. ఈలాంటి సందర్భాలు అనేకమైనటువంటివి గ్రామాలన్నింటిలోను జరుగుతున్నాయి. ముఖ్యంగా వీడవాళ్ళకు ఈలాంటి అన్యాయం జరుగుతున్నది. కాబట్టి ప్రభుత్వం తనయొక్క పాలిసీని మార్చుకొని భూములకు వేలం వేసే వద్దతిగాని, డబ్బుకు ఆమ్మడం అనే వద్దతిగాని మారు ని ఎవ్వరైతే భూమిలేకుండా ఉంటారో, వారు హరిజనులైనారో, ఇతర వీడ ప్రజలైనారో ఆటంకంపాటి వారికి ఈ బంజరు భూములు, పొరంబోకులు వగైరా భూములకు పట్టాలు ఇచ్చేటట్లుగా చేయవలసిందని ప్రభుత్వానికి మనవిచేస్తూ ఇంతటితో విరమిస్తున్నాను."

*SRI G. JOSEPH :— అధ్యక్షా, ఈ బంజరు భూముల సమస్య అనేది ఈ 12-28 P.M.

రోజు వ్యవసాయ కూలీలకు చాలా లీనిమైనటువంటి సమస్య. ప్రభుత్వం ఈ నాడు ఈ బంజరు భూములను వేలం పెట్టడం దానివల్ల వ్యవసాయ కూలీలకు చాలా నిరాశ, నిస్పృహ కలుగజేస్తున్నది. వీడ వ్యవసాయ కూలీలు, హరిజనులు ఆరేక కష్ట పట్టాలకు పట్టి, రిటెన్డు మయాలలో నుండి, యుద్ధకాలంలో నుండి గూడ సాగుచేస్తూ వచ్చారు. ఎక్కో వ్యయ ప్రయాసలకు గురియ్యి, ఈ వీడ వ్యవసాయ కూలీలు బంజరు భూములను సాగులోకి తీసుకొనివచ్చినందుననే యీ భూములు ఖరీదుగల వయినాయి. ఈ విషయాన్ని మరిచిపోయి, ప్రభుత్వం అవి ఖరీదుగల భూములని చెప్పి వాటిని వేలం పెట్టుటకు తయారైంది. ఈ బంజరు భూములు మొట్టమొదట గయ్యూర్ భూములక్రింద ఉండినటువంటివాటిని, ఈ నాడు ఖరీదుగల భూములని చెప్పి

[Sri G. Joseph] [27th July 1953]

దానికి కారణమేమిటో అలాచించుకొమ్మని కోరుతున్నాను. వ్యవసాయ కూలీలు అధికంగాను, కారీకంగాను ఎంతో కష్టపడి బంజరుగా ఉన్నటువంటి భూములను ఈ విధంగా సాగులాకి తీసుకరావడమే దీనికి ప్రధాన కారణమని అంగీకరించక తప్పదు. దీనిని ప్రభుత్వం ముఖ్యంగా గుర్తించకలసియున్నది. ఆ విధంగా వ్యవసాయ కూలీలు వృద్ధికి తెచ్చినటువంటి భూములకు ఈ నాడు ప్రభుత్వం విలువకట్టి వేలంవేయమనడం, కాకులను గొట్టి, గడ్డలకు వేసినటువంటి విధానంగా ఉన్నది. ఈ విధానంవల్ల ఈ నాడు, చాలాకాలము నుండి కష్టపడి వృద్ధికి తెచ్చినటువంటి బీద ప్రజాసీతానికి ఆ భూములు దక్కకుండా పోయేటటువంటి పరిస్థితులు ఏర్పడుతున్నాయి, కాబట్టి ప్రభుత్వం ఈ విధానాన్ని మార్చుకొని ఏ వేద ప్రజాసీతమే యీ భూములను సాగు చేస్తున్నారో వారికే అవి ఇచ్చేటట్లు చేయవలసిందని కోరుతున్నాను. వందలకొలది, వేలకొలది ఎకరాలు ఉన్నటువంటి ఈ భూములను భూస్వామి వర్గానికి కట్టిబెట్టేటటువంటి విధానాన్ని మార్చుకొని వేద ప్రజాసీతానికి అడగా ప్రభుత్వం ఉండాలని నేను కోరుతున్నాను. అంతే కాకుండా, ఈ బంజరు భూములు, సానెటింగ్ ఉండేటటువంటి లంకా భూములను కూడా ప్రభుత్వం వేలం వెట్టాలని ఒక నిర్ణయానికి వచ్చినట్లు తెలుస్తున్నది. గుంటూరు జిల్లా కలెక్టరు ఈ సానెటి భూములను వేలము పెడతాము. మీకైతే మార్కెట్టు రేటుకు లేక 80% ధరకు ఇస్తామని ఈ సానెటి వాళ్లకు చెప్పుతున్నట్లు తెలుస్తున్నది. కోల్లూరు, ఈపూరు, ఈపూరులంక సానెటిల తరఫున ఈ వేలం విషయమై మంత్రివర్గం వర్గరకు రాయబారం రావడం జరిగింది. మంత్రిగారు అలాచిప్తామని సమాధానం చెప్పారు. అది చాలా ప్రీతమైనటువంటి సమాధానం. మనూరు పరిశీలన వందలమంది జనాభా, రెండు వందల ఎకరాలుగల ఈ సానెటి భూములు గురించి, వీటిపైన అనేక కారణాలు కట్టి, వీళ్లు ఈ భూములను స్వయం ముగా సాగుచేయడం లేదని, వీటిని అమ్ముకొంటున్నారని, సబ్ లిమిట్ ఇస్తున్నారనే కారణాలు చెప్పి అక్కడ ఉంటున్న caste Hindus ఈ భూములను కాజేయాలనే దురుద్దేశముతో ప్రయత్నిస్తున్నారు. కనుక అటువంటి పీటివ్వడం, కారణాలను అధారంగా తీసుకొని ఆ విధంగా అనుసరించడం అనేది చాలా అన్యాయమని మనవిచేస్తున్నాను. ఈ బీద ప్రజాసీతం సాగుచేస్తున్నటువంటి ఈ సానెటిల క్రింద ఉన్నటువంటి భూములను, ఇతరులకు అట్టిపెట్టడమనేది సరియైనటువంటి విధానం కాదని నేను ధారా గోపాలాశ్రీవంశీ వ్యక్తులకు వందలకొలది ఎకరాలు, వందల సంవత్సరాలు కొలకు యివ్వడం న్యాయంకాదని మనవిచేస్తున్నాను. ఈ tenants కో ఆపరేటివ్ సానెటిలు 20, 30, సంవత్సరాలుగా ఉంటున్నవి. ఇంగ్లీషు ప్రభుత్వంలో register అయినటువంటి ఈ సానెటిలవల్ల, హరిజనులకు అడగా ఉన్నదని చెప్పుకొంటున్నటువంటి ప్రభుత్వం ఈ నాడు అనుసరిస్తున్నటువంటి విధానం ఏమాత్రం సరియైనది కాదని మనవిచేస్తున్నాను. కనుక ఈ సానెటిలక్రింద ఉన్నటువంటి భూములను సాగు చేస్తున్నటువంటివారికే భూములవట్టాలు ఇవ్వడం న్యాయంగా ఉంటుందని, ఆ విధంగా చేయవలసిందని ప్రభుత్వానికి విజ్ఞప్తిచేస్తూ వెంకయ్యగారు తీసుకవచ్చినటువంటి ఈ రిపోర్టాన్ని బలపరుస్తున్నాను.

* SRI K. V. RAMESAM :—“ Mr. Speaker, the principle of making gifts of land to political sufferers who have laid down their lives and lost all their property for the sake of freedom, is undoubtedly based on justice and fairplay. But the point, also referred to by several hon. Members, is that in the allotment of land to political sufferers, poor people who were in occupation were evicted. It must be certainly possible for the Government to see that those lands which were previously in the occupation

27th July 1953] [Sri K. V. Ramesam]

of poor Harijans and other landless people are given back. But we must also bear in mind the general principle that is adopted by the Government in the allotment of lands to political sufferers, viz., that those political sufferers who have laid down their lives or lost everything for the sake of freedom should not go abegging. If they are found to have no property at all to fall back upon, it is, I think, the bounden duty of every citizen and every Government to see that they are rewarded for the services which they have so gloriously rendered to the country. Therefore I feel that it is absolutely necessary that a review of all grants of land to political sufferers should be made. If in the course of such review it is found that those political sufferers have, either unlawfully or by their influence, got valuable lands, they should not be allowed to enjoy them and the lands should be taken back by the Government. But those people who have no property other than these grants and who have really lost everything for the sake of freedom struggle, must be allowed to retain the lands. Lands which are in occupation by the poor landless should not be taken away for the purpose of allotting them to political sufferers. Then the question is as to preference. In my opinion, all the genuine political sufferers must be permitted to retain lands which are already not in occupation and then all the waste lands must be allotted to the landless people without putting them to auction as otherwise there will be no opportunity on their part to till and increase the food production. Therefore, Sir, I suggest that a thorough review of all cases should be immediately ordered and justice done to every party.”

பதிகளும் மக்களை ரொம்பவும் கஷ்டப்படுத்துகிறார்கள். புறம்போக்கு நிலங்களில் உழுது பயிரிட்டு வந்த தாழ்த்தப்பட்ட மக்கள் தற்காலத்தில் அரசாங்கத்தாரால் வெளியேற்றப்பட்டு இருக்கிறார்கள். அந்த நிலங்கள் இன்றையதினம் அரசியல் தியானிகள் என்ற பெயரில் பல பெரிய பணக்காரர்களுக்குக் கொடுக்கப்பட்டுக்கின்றன. ஆனால் அவைகள் எல்லாம் உழுது பயிரிடப்படாமல் கிடக்கின்றன. அதன் காரணமாகத்தான் நாம் இன்றையதினம் வடநாட்டையும், வெளிநாட்டையும், நம் நாட்டின் உணவுத் தேவையை பூர்த்தி செய்ய எதிர்பார்த்துக்கொண்டிருக்கிறோம். ஒரு சில ஜமீந்தார்கள் பல மக்களை விவசாயக் கூலிகளாக நடத்திக் கொண்டிருக்கிறார்கள். விவசாயக் கூலிகள் சாப்பாட்டுக்கு ரொம்பவும் தவித்துக் கொண்டிருக்கிறார்கள். இந்த நிலைமையை அரசாங்கம் வளர விடக்கூடாது. அரசாங்கத்திற்கு வரிப்பணம் கட்டும் பல பொதுமக்களை, அரசாங்கம் ஒரு சில மிராச்தார்களின் நலனைக் காப்பாற்றுவதற்காக, அந்த பொதுமக்களைப் பணத்தைக் கொண்டு போலீஸ்படையை நிருவி அவர்களுக்கு விரோதமாக எவ்விதெவ்விதும் பண்பவும் தப்பாது. மக்கள் பரிசுருந்து வாங்கும் வரிப்பணம் மக்களின் நன்மைக்காகவே உபயோகப்படுத்தப் பட்டேண்டும். ஆனால் இன்றையதினம் மக்களின் நலனை நசுக்க கோடிக்கணக்கான ரூபாய்கள் செலவழிக்கப்படுகிறது. ஆனால் சில டீச்சம் ரூபாய்களை மக்களின் நன்மையை உத்தேசித்துச் செலவிடப்படவேண்டுமென்று சொன்னால் அரசாங்கம் அதற்குப் பணம் ஒதுக்கியென்று சொல்லி வருகிறது.

“ஸ்ரீ வெங்கட்யாய அவர்களின் தீர்மானப்படி தரிசாகக் கிடக்கும் நிலங்களை ஆளுக்கு 3 ஏக்கராத நிலமற்ற ஏழைகளுக்கு வழங்க வேண்டுமென்று கோரப்பட்டிருக்கிறது. இது ரோம்பவும் நியாயமாகும். நிறைந்த தாழ்த்தப்பட்ட ஏழை மக்கள் சமுதாயத்தில் சமத்துவத்தைப் பெற இது மிகவும் உதவி செய்யும். மேலும் அவர்கள் மிகவும் கஷ்டப்பட்டு தங்களுக்கு வேண்டிய உணவுப் பொருளை உற்பத்தி செய்து கொள்வதோடு கூட, நகரப் புறங்களிலுள்ள மக்களின் தேவையையும் ஈடுசெய்யக்கூடிய அளவு மிகவும் அதிகமாக உணவை உற்பத்தி செய்வார்கள். அவர்கள் குடும்பங்களும் பசிபட்டினி இன்றி சுகமாக வாழமுடியும். நாளும் நகரமும் சபீகூமாக வாழமுடியும். நம் நாடு பிறநாட்டை உணவுக்கு எதிர்பார்த்திருக்க வேண்டிய அவசியமும் கிடையாது. நாம் மற்ற பகுதிகளுக்கு உணவை அனுப்பக்கூடிய அளவிற்கு உணவு நிலைமை நம் நாட்டில் சீர்பட்டு விடும். பர்மாவையோ, மத்திய அரபு நாடுகளையோ நாம் உணவுக்கு நம்பி வாழும் அவலங்கெட்ட நிலையும் போய்விடும். ஆகவே தரிசு நிலங்களை தாழ்த்தப்பட்ட ஏழை மக்களுக்கு 3 ஏக்கரா வீதம் தீர்மானத்தில் கண்டபடி கொடுக்க வேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன். கள்ள மார்க்கெட்டை ஒழிக்கக் கூடிய அளவில் உணவு தானியத்தை உற்பத்திசெய்து பஞ்சப் பிரதேசங்களுக்கு எல்லாம் அம்மக்கள் அனுப்பிவைப்பார்கள். தாழ்த்தப்பட்ட மக்களை உயர்த்துவதற்கு நிலங்கள் கொடுத்தாலே போதும். அவர்கள் உழைத்து பயிரிட்டு சமுதாயத்தில் சமநிலையை எய்துவார்கள். தீண்டாமை விலக்குச்சட்டம் அப்பொழுது அமலில் இருக்கவேண்டிய அவசியமேயில்லை. ஹரிஜனங்களுக்கு தனிச்சலுகை கொடுப்பதாக சர்க்காரும் யாரையும் ஏமாற்ற வேண்டிய அவசியமும் இருக்காது. மனிதன் மனிதனாக சுயமரியாதையோடு வாழ்வார்கள். இன்றையதினம் இல்லாமைமயின் கொடுமைதான் அடிமையாக நடக்கும்படி பணிய வைக்கிறது. “ஐயா சாயி, ஒரு கலம் நெல் கொடு. நான் என்ன வேண்டுமேனும் செய்கிறேன்”, என தாழ்த்தப்பட்ட மகன் கெஞ்சிக் கேட்கும் நிலைமை இருக்கிறது. ஆகவே இந்த அடிமை மனப்பான்மை மாறுவதற்கு ஏற்ற சூழ்நிலையை வகுத்துக் கொடுக்க வேண்டுமென்றால் நாம் தாழ்த்தப்பட்ட மக்கள் எல்லோருக்கும் நிலம் அளிக்கவேண்டும்.

“அதுமட்டுமல்ல. இந்த அரசாங்கம் தியாகிகளுக்கு நிலம் அளிக்கிறோம் என்பதாக 10 ஏக்கரா, 20 ஏக்கரா, 50 ஏக்கரா என்று முன்பே நிலமுள்ள பல தியாகிகளுக்கு நிலத்தை வழங்கியிருக்கிறது. தாமதப்பட்ட மக்கள் உழுதுகொண்டிருந்த நிலங்களைப் பிடுங்கி அதுமாதிரியாக வழங்கியிருக்கிறது. ஏழை நிலமற்ற தியாகிகளுக்கு நிலம் கொடுக்கவேண்டாமென்று நான் சொல்லவில்லை. நிலமுள்ள பணக்காரர்களுக்கு ஏழைகளின்

நிலத்தைப் பிடிங்கிக் கொடுப்பதில் பயன் என்னவென்றுதான் நான் கேட்கிறேன். கொடுத்த நிலத்தை அவர்கள் தரிசாகப் போட்டு வைத்திருக்கிறார்களே தவிர அவர்கள் உழுது பயிரிட்டாவது வருகிறார்களா? அதுவுமில்லை. ஆகவே தியாகிகளுக்குக் கொடுத்த நிலங்களைப் பிடிங்கி முன்போலவே பழைய தாழ்த்தப்பட்ட மக்களிடமே அந்த நிலத்தைக் கொடுத்தவிடவேண்டும். கரடுமுரடான நிலங்களை பல வருஷங்களாக உழைத்து உழைத்து தாழ்த்தப்பட்ட மக்கள் வளப்படுத்தி, அந்த நிலங்களைச் சர்க்கார் பிடிங்கி தியாகிகளுக்குக் கொடுப்பது என்பது ரொம்பவும் வருந்தத்தக்க விஷயமாகும். ஆகவே இவைகளை மீண்டும் தாழ்த்தப்பட்ட மக்களிடமே கொடுத்து விடவேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன்.

“ஆகவே கனம் வெங்கம்யா அவர்கள் பிரேரித்திருக்கும் தீர்மானத்தை சபையார் யாவரும் ஏகமனதாக ஒப்புக்கொள்ள வேண்டுமென்று கேட்டுக் கொண்டு என் பேச்சை முடித்துக் கொள்ளுகிறேன்.”

పేదవాళ్లను అన్యాయం చేయవద్దని నేను పరుమాయలు మంత్రివర్గం దృష్టికి తీసుకుని వచ్చాను. అలా విస్తామని కాలయాచన చేస్తున్నారేగాని, పేద ప్రజలకు జీవకోశాధిని నిలబెట్టడమనేది జరగలేదు.

“ఈ విధంగా అన్యాయాలు జరిగినవి అనేకములున్నవి. ప్రభుత్వరకు కొన్ని నేను చెప్పుదలచాను. మా పల్నాడు తాలూకాలో మందాది అనే గ్రామానికి చెందిన Reserve forest భూములను అక్కడవున్న చెంచవాళ్లకు ప్రభుత్వమే సాగు కొరకు యిచ్చారు. వాళ్లు యిప్పటికీ సుమారు ఇరవై సంవత్సరాలుగా యీ భూములను వాగుచేసుకొని జీవించుచున్నారు. ప్రభుత్వమువారు యిటీవల ఆ భూములను వాళ్లవద్ద నుంచి లాగకొని రాజకీయ వాధితులకు యిచ్చారు. ఎన్నో సంవత్సరాలుగా సాగు చేసుకొని జీవించే యీ చెంచవాళ్లను అన్యాయంచేసే రాజకీయ వాధితులకు యివ్వ వద్దని నేను మంత్రిగారికి చెప్పాను. వారు యింతవరకు ఏ చర్యతీసుకోలేదు. చెంచ వాళ్లకు జీవనం పోయినందున అనేక కష్టాలకు గురిఅవుతున్నారు. పిల్లలతో అల్లాడి పోతున్నారు. కాని ప్రభుత్వము తన విధానం మార్చుకోలేదు.

“మరొక విషయం చెబుతున్నాను. సరళులపాడు అనే గ్రామంలో చెరుభక్రింద సుమారు యాభై ఎకరాల భూమివున్నది. అదివరకు సాగుచేస్తున్నవాళ్లు వడ్డనంచి యీ భూములను తీసుకొని యీ భూములు మొత్తం రాజకీయ బాధితులకు ప్రభుత్వం వారు కట్టిపెట్టారు. అక్కడి ప్రజలకును, రాజకీయ బాధితులకును అనేక తగాదాలు, వివరకు విరిసేలుపు ప్రవహిగించుకొనే పరిస్థితి వచ్చింది. ఈ విధంగా ప్రభుత్వం అనేక విధాల కేద ప్రజలను అన్యాయం చేస్తున్నారు. నేను యీ విషయం ప్రభుత్వ దృష్టికి తీసుకొని వచ్చినప్పటికీ ప్రభుత్వంవారు నా విజ్ఞప్తిని వివటానికి నిరాకరించారు. ఈ విషయము మరి నేను స్వయంముగా పభుత్వానికి విజ్ఞప్తి చేశాను. అక్కడి పరిస్థితులు తెలియజేసినను ప్రభుత్వం ఏ చర్యతీసుకోకుండానే రాజకీయ బాధితుల వైపుకే ముగ్గు చూపెడుతున్నారు. కేదవాళ్లు మొర అలకీంచే ప్రభుత్వం కాదని అవలసి వచ్చింది.

“ లంకల భూముల విషయంలో పేదవాళ్లు వ్యవసాయ కూలీలు ఎన్నో సంవత్సరాలుగా సాగు చేసుకుంటున్న భూములుగూడ ప్రభుత్వంవారు లాగుతున్నారు. పేదవాళ్లు పట్ల ప్రభుత్వంవారు చాలా పక్షపాతం చూపేడుతున్నారు. ఒకప్పుడు పేదవాళ్లకు భూములు యిచ్చాము, సాగు చేసుకొమ్మని ఆర్డరులు పంపుతారు. ఆ ఆర్డర్లను మరల కొద్ది రోజులకే కాన్పులు చేశాం, రాజకీయ బాధితులకు యిచ్చామని అంటారు. ఇటువంటి అవకతవక ఆర్డర్లు యీ ప్రభుత్వంవారు యివ్వడమనేది చాలా విచారకరంగావున్నది. ఇటువంటి అవకతవక ఆర్డర్లు యిచ్చేవారు మంత్రి పదవులకు అర్హులూ అని అడుగుతున్నాను. ఈ ప్రభుత్వంవారు ఎప్పుడు దూచినను అవకతవక ఆర్డర్లు, అవకతవక పరిపాంస చేస్తున్నారు. ఇప్పటికీ యిరవై సంవత్సరాలుగా సాగు చేసుకొని జీవించే పేద ప్రజలనుండి యీ రోజున భూములను ఎందుకు లాగుకోవాలి అని అడుగుతున్నాను. ఒకట ప్రభుత్వంవారు వీరకు యీ భూములు ఎందుకు యిచ్చారు? వాళ్లు కట్టపడి బాగుచేసుకొని ఎంతో డబ్బు ఖర్చుపెట్టి యీ రోజుకు ప్రభుత్వంవారు ఒట్టయిస్తారనే ఆశతో సాగు చేసుకొంటూ వుండే సమయంలో నేటికి యీ భూములను రాజకీయ బాధితులకు యిస్తామనడం స్వాభావికం అని అడుగుతున్నాను. ఇందులో reasonableness ఎక్కడ వున్నది అని ప్రభుత్వాన్ని అడుగుతున్నాను. గ్రామములలో చూడగా, గ్రామ మునసబు కరణములు, పేదవాళ్లు నుంచి అన్యాయముగా పట్టా ఒకటింటికి నాలుగు, ఆయిదు, పది రూపాయలు

పట్టా యిప్పిస్తామని అధ్యక్షులు అశలు పెట్టి వసూలు చేస్తున్నారు. ప్రభుత్వోద్యోగులకు లంచాలు యిస్తేనేగాని పట్టా యివ్వరిని ముఖ్యతరచి ఎంతో డబ్బు కాజేస్తున్నారు. ఇదంతా చూస్తే ప్రభుత్వమువారు ఓకరిధంగా corruption కు అవకాశ మిస్తున్నారని అనవలసి వస్తున్నది. ఈ విధంగా అనేక గ్రామాలలో అనేకమంది వేద ప్రజలను అన్యాయము చేసి యీ కరణము ముసలములు డబ్బును అక్రమంగా వసూలుచేస్తున్నారు. ఇప్పటికి ఇరవై సంవత్సరాలుగా నేద్యము చేసుకొని జీవించే వ్యవసాయ కూలీలనుంచి యీనాడు ఆ భూములను లాగుకొని రాజీయ వాధితులకు యిస్తామని ప్రభుత్వంవారు అంటున్నారంటే, యింతకంటే దురన్యాయము, యింతోకంటే పున్నదా అని అడుగుతున్నాను. వేద ప్రజల ఆశలు నిరాశలు చేస్తున్నారు. ఎంతో భూమి పున్న సంజీవిరెడ్డిగారివంటి వాటికి యీ ప్రభుత్వమువారు ఎంతో విశవగల భూమిని కట్టిపెట్టారు. ఇవి భూమి లేని వాళ్ల సంగతి ఎవరు ఆలోచించేటట్టు? వ్యవసాయ కూలీలనుంచి భూములు లాగుతున్నారు. వేదవాళ్ల వద్దనుంచిన్నీ లాగుతున్నారు. ప్రభుత్వము యీనాడు భూములు కట్టిపెట్టే దలచిన రాజీయ వాధితులలో నూటికి తొంభై మంది భూములున్న వారేకాని, లేనివారు ఎవరూ లేరు. దీనికి కారణము ఏమని ప్రభుత్వాన్ని అడిగితే, దానికి అనేక రాజీయ కారణాలున్నవని సమాధానము చెబుతున్నారు. ఈ రాజీయ వాధితులు ఆనాడు స్వార్థపరత్వముతో ఆనాడు జైలుకు వెళ్లి యీనాడు భూములను సంపాదించటానికి తయారైనారు. నిజంగా వీరు ప్రజలకు చేసిన నేప విమిటి అని అడుగుతున్నాను. వారి భూములుండి, యింటివద్ద జీవనము సక్రమంగా నిర్వహించగలిగేవారు జైళ్లలో ఎన్నాళ్లుంటే నేమి? భూమి లేనివారు అవిధంగా జైలుకు వెళ్లితే, యింటివద్ద భార్య బిడ్డల జీవనము ఎట్లా ఆనంది ఆలోచనతో యీ వేదవాళ్ల జైలుకు వెళ్ల నుద్దేశించలేదు లేకపోయిన ఎడల, వేదవాళ్ల రాజీయ వాధితులు ఆయియుండేవారు. కాబట్టి ప్రభుత్వమువారు యీ రాజీయ వాధితులకు భూములు యివ్వడమనే విధానం మార్పుకోవాలని కోరుతున్నాను. ఈ విధంగా భూములు లాగుకోవడంవల్ల ఎన్నో వేద కుటుంబాలు నాశనమయి, కిల్లల దగ్గరనుంచి తిండి లేక అల్లాడి పోతున్నారనే సంగతి ప్రభుత్వమువారు ముఖ్యంగా గుర్తించాలి. కాబట్టి ప్రభుత్వమువారు యీ విషయములో తీవ్రంగా ఆలోచించి యీ రాజీయ వాధితుల సమస్య మరొక విధంగా పరిష్కరించ బడాలి కాని, భూములివ్వడ మనేది మంచిది కాదు. భూములున్నవారికే భూములు యిస్తామంటే, యిక వేద జనుల గతి విమిటా ప్రభుత్వంవారు ఆలోచించాలి.

“మరొక చిన్న ఉదాహరణ యిస్తున్నాను. తమ్మగంట అనే గ్రామములో సుమారు ఆరువందల ఎకరాలు వేదలకు కుమ్ర వద్దలి మీద సాగుకు యిచ్చారు. మరల రెండు నెలలకే oanoel చేసినారు. ఏ కారణాల మూలంగా యిచ్చారు? ఎందువల్ల oanoel చేసారు? కాకినాడ conservator వచ్చి చూచి ఓయి బాబూ! ఆరువందల ఎకరాలు సాగుకు యివ్వడమేనా? అని దురుద్దేశంతో అప్పుడు రిపోర్టు వ్రాపించాడు. ఈ భూముల సారవంతమైనవి కావచ్చు. ఈ భూములు మొత్తానికి ఎకరానికి, పది, పాతిక రూపాయలు యిస్తే ఏ పది ఇరవై వేల రూపాయలూ ప్రభుత్వంకా సంపాదించుకోవచ్చు. గనుక యీ భూములను ప్రభుత్వము కాన్పులు చేశారు. మొదలు యీ భూములు వాళ్లకు యివ్వడము ఎందుకు? యీ రోజున కాన్పులు చేయడము ఎందుకు? ఈ విషయములో న్యాయాన్యాయాలు మంత్రి వర్గానికి తెలియదా! వేద ప్రజలు, వ్యవసాయ కూలీలు యీ భూములను సాగుచేసుకుంటున్నారు. ఈ విషయములో నేను మంత్రిగారికి ఎన్నో విధాల విజ్ఞప్తి చేశాను. వారు నా విజ్ఞప్తి విషయ విజ్ఞప్తి తప్పించుకొనే జవాబు లిస్తారే గాని వేద ప్రజలకు న్యాయము

చేసేటట్లు లేదు. మార్కెటు వాలుకు భూములు యిచ్చే ఎడల భవవంతులతో పోటీ చేయడము యీ వేదవాళ్లకు నీలంతుందా? కాబట్టి ప్రభుత్వమువారు యీ విషయంలో తీవ్రంగా ఆలోచించి వేదవాళ్లకు భూములు యివ్వటానికి ప్రభుత్వ విధానములో మార్పు లేవానిని కోరుతూ ఇంతటితో విరమిస్తున్నాను.”

SRI P. VENKATASUBBIAH:—“అధ్యక్ష మహాశయ, దేశములో 1 p.m. వ్యవసాయ కూలీలుగా పుంటే వారు ఎక్కువగా హరిజనులలోనే పున్నారు. వీరు కడు వేదవాడుగా పుండినందున, ఎక్కువగా వ్యవసాయముమీద ఆధారపడి జీవించుచున్నారు. ఈ వేద హరిజనుల స్థితిగతులు బాగుచేయటానికి రాజ్యాంగ వట్టుముక్రింద ఒక శాసనము తయారుచేయాలని యిప్పటికి పది సంవత్సరాలుగా ప్రయత్నాలు జరుగుచున్నవి. కాని యింతవరకు యీ హరిజన జాతికి వివిధమైన సౌకర్యాల కలుగజేయబడలేదు. వీరి ఆర్థికస్థితి తృప్తికరముగ లేనందున దేశములోని భాగ్యవంతులయిన వారు యీ హరిజనులను అనుచితముగ చూస్తున్నారు. రాజ్యాంగ వట్టుముక్రింద వీరికి స్వతంత్రము యిస్తూ, వీరికి గృహవసతి వగైరాలు కల్పించిలేనేగాని, వీరు స్థితి గతులు బాగుపడవు. ప్రతి విషయములోను వీరు వెదుకబడిన వాడుగా పున్నారు. భాగ్యవంతులే ముందడుగు వేస్తున్నారు. హరిజనులనుగూడ తక్కినవారితోగూడ సరిసమాన స్థాయికి తీసుకురావాలంటే, యిప్పుడు వీరికిగాను ఒక శాసనము తీసుకోవరావలయు ఆ త్వరపరమయియున్నది. లేనియెడల హరిజనులస్థితి యధావ్రతకారంగానే పుంతుంది. ఇప్పుడు రాజ్యాంగములో పున్నటువంటి అనేక విషయాలు పరిశీలించవలసియుంతుంది. ఎక్కడెక్కడ భూములున్నటువంటి వారు అందఱుమీదా భాగ్యవంతులుగా పున్నారని, వేదవాళ్లకు దేశములో తాత్కాలికంగా, సౌకర్యాల వివిధంగానుగూడా లేకుండ ఉంటున్నారు. దేశములో పొరంతోకు భూములున్నది. ఈ భూములు వాలా పట్టుకు భాగ్యవంతులు గ్రామాలలో బలవంతులుగా పుంసమునల్ల వేదవాళ్లకు, హరిజనులకు దక్కకుండా చేస్తున్నారు. ఈ భూములు హరిజనులకు, వేదవాళ్లకు యిచ్చినట్లైతే, వారు ఆర్థికంగా బాగుపడటానికి అవకాశం పుంతుంటి. హరిజనులను ఆర్థికంగాను, సాంఘికంగాను, విద్యావిషయకంగాను ముందుకు తీసుకు రావలసిన వాళ్లకే ప్రభుత్వానిది, ప్రజలది అయియున్నది. భూములు యిచ్చినఎడల ఆర్థికంగా ఒకవిధంగా బాగుపడటానిక పావకాశము కలుగుతుంది. ఈ నాడు భారత దేశములోని 36 కోట్ల జనాభాలో, సుమారు 7 కోట్ల వరకు హరిజనులే పున్నారు. వారి ఆర్థికస్థితి బాగుచేయాలంటే, వారికి భూములిచ్చి భాగ్యవంతులను, బలవంతులను చేయాలి. అట్టి పద్ధతులను యింతవరకేప్పుడో ఆదులు పెట్టవలసినది. ఇప్పుడైనా ప్రభుత్వము ఆలోచించి ఈ తీర్మానాన్ని ఆలోచించి అమలులోనికి తెస్తే హరిజనులకు మేలుకలుగజేసిన వారమవుతాము. దేశములో అనేకకోట్ల పౌరంతోకు భూములు హరిజనులు సాగుచేసుకుంటున్నారు. బలవంతులైనవారు, ప్రభుత్వోద్యోగులను వర్తనచేసుకొని యీ హరిజనులకు యీ భూములు దక్కకుండా విశోవిధంగా లాగివేయటానికి ప్రయత్నిస్తున్నారు. ఇప్పటికే ప్రభుత్వము పరిపరిధిలోగా బిల్లు యిచ్చి కాన్పులచేయడం జరుగుతున్నది. హరిజనులు కల్లాఅధికారి అయిన కల్యాణ వద్దకు వెళ్లి కుడ్యూ, ముర్రో, భూములు లాగుకుంటున్నారని. మొరెకొంటోగా, ఆ కల్యాణ ప్రభుత్వము వారి వద్దకు వెళ్లమంటున్నారు. మీరుగూడా ప్రభుత్వమువారే గదా, మాభూములు మాకు యిప్పించండి అని అడిగితే, మీరు వేస్తేదిఅంతయు నిజమే, మావల్ల విమోచాదు, వైవారిమంచి అద్దర్లు తెచ్చుకొండి అని తెప్పిస్తుంటున్నావు. ఈ ప్రభుత్వ విధానము యీ విధంగా జరుగుతూవుంటే, యీనా మీద హరిజనుల మొరె కలగించేది ఎవరు?

* SRI M. NARAYANA KURUP :—“ Mr. Speaker, I generally agree with the principle underlying this resolution that in the matter of granting lands to political sufferers great injustice has been done. If I remember right, in the original circular issued by the Government there was a stipulation that the applicant should not possess more than five acres of wet land or corresponding dry land. But I don't believe that this stipulation has been observed. Though many in Malabar have not been given lands under this scheme, I think those who are in possession are not at all entitled for the same. In addition, one clause in the circular was greatly abused. The circular stipulated various categories of political sufferers and there was a residuary clause which enabled all persons who had suffered violence at the hands of the police to claim this benefit. I think this particular clause was used or abused to confer benefits on the favourites of the Provincial Congress Presidents who were entitled to grant certificates. Therefore this land gift to political sufferers has been done indiscriminately. It is not those that are entitled to it or really deserve it that are now enjoying. The question of poramboke or other waste land acquires great importance when we consider the condition of the homeless, landless labourers and the Harijans. The benefit of house-sites by Harijans is negligible in Malabar because in Malabar there are not as much of Government lands or poramboke lands which can be given to the landless Harijans. While in the State as a whole when more than a lakh of house-sites have been granted to the Harijans by way of gift or by way of assignment, not one house-site has been given to the Harijans in Malabar and even proposals for acquisition of house-sites have been pending for the last three to five years. I would strongly press the claim of landless poor and Harijans for a dwelling site on the Government lands and porambokes. Sir, the Malabar Tenancy Act is to be amended and it is one of the knotty problems to

27th July 1953] [Sri M. Narayana Kurup]

provide house-sites to these Harijans who can be turned out at the sweet will of the landlord. Therefore, Sir, when we consider the condition of innumerable poor peasants who have not a house-site of their own, it certainly behoves the Government to give the topmost priority to the problem of housing the poor and landless Harijans. I heartily support the general principle underlying this resolution.”

SRI R. V. SWAMINATHAN :—“ Sir, I rise to oppose this resolution. I do not know what the Government are going to say about this resolution, but I oppose this resolution. (‘Hear,’ ‘hear’ from Opposition Benches.) Please hear me. I oppose this resolution for two reasons. The hon. Member who moved this resolution seems to be a Member belonging to the Communist Party. (Sri T. Nagi Reddi: ‘He is’) Very good. Mr. Nagi Reddi confirms that he is a member of the Communist Party. I thank Mr. Nagi Reddi for the same. I could not understand, I am really surprised why Mr. Nagi Reddi and other Communists of all others, support this resolution. They are Communists. Communists never believe in the allotment of three or four acres. They are totally against private ownership. They want collectivisation of all lands. They are for collective farming.”

SRI T. NAGI REDDI :—“ May I know from whom has Mr. Swaminathan learnt this? ”

SRI R. V. SWAMINATHAN :—“ I have learnt it from Mr. Nagi Reddi himself, Sir. (Laughter.) Sir, I am one of those who believe in the equal distribution of land. But on what principle? Surely it is not on the principle on which the Communists want it. I know the Communists do not believe in the spirit of the resolution. They really do not care for the extent of land assigned to political sufferers. They support this resolution only to attack the political sufferers. That is the main reason behind their support to this resolution. Only to attack the political sufferers the Communists and some other members have supported the resolution. The Communists form one group. The others support on some other grounds. My friend, Mr. Narayana Kurup, says that he is supporting the resolution because he thinks that these lands had been assigned only to the favourites of the Provincial Congress Committee Presidents. Let me inform the House that Mr. Narayana Kurup was there at that time in the Provincial Congress Committee. He did not oppose it at that time. But now that he has left the Congress, he is finding fault with it. Time and again, this subject of ‘assignment of lands to political sufferers’ is being discussed and discussed. Yesterday there was a short-notice question under this head. A volley of supplementaries were put and answered. I thought that that subject would come to an end. But to-day it is being re-opened. Is there no end, Sir? After all what is the wrong in assigning lands to political sufferers? Is it not justified? Have not the political sufferers suffered a lot during the period of ‘civil disobedience’? Are they not ‘thyagis’? Well,

[Sri R. V. Swaminathan] [27th July 1955]

then, after independence and when we are masters of our own affairs, is there anything strange if the State Government come forward to reward these 'thyagis' and assign them lands? Why should the Communists oppose the same then? I had already answered. It is only to attack the political sufferers. Nothing more than that. Why did the Communists keep quiet then when the British Government allotted lands for ex-servicemen after the Second World War, in recognition of their loyal service? Why did not the Communists oppose it then? Why should they do so now? It is all only to attack the political sufferers. They complain that such and such of the persons who had been assigned lands have not been cultivating their lands, that so and so is abusing the kind gesture shown by the Government and so on and so forth. One after the other, they go on making some allegation or other. If they have any individual cases let them point out to the Hon. Minister concerned, let them request the Minister to take suitable action or let them bring it to the notice of the Hon. Chief Minister or let them put a short-notice question and elicit information. For God's sake let them not indulge in open attack against political sufferers. Say that lands might be allotted to the landless poor, or something like that. But do not attack the political sufferers wholesale. This is what I would beg of my Communist friends.

"With these words I oppose this resolution *in toto*."

* SRI VAVILALA GOPALAKRISHNAIAH :—“ Mr. Speaker, the assignment of banjar lands is the most acute problem that the Government have got to face. I admit that. As Mr. Swaminathan pointed out I am only attacking the political sufferers, who had misused the land assigned to them, who had derived profit out of it and who had not fulfilled the purpose for which the lands were assigned to them. I am not attacking the principle of assignment of lands to political sufferers. I am only against the misuse of that very principle. No doubt the political sufferers have undergone untold miseries and troubles during the days of the 'Civil Disobedience Movement' and 'Quit India Campaign'. I am not objecting to those 'Political Sufferers' being allotted lands for cultivation purposes. But what is it that is being done? Not all 'Patriots' are assigned lands. I know several instances wherein foul-play and forgery have played their part. Let me cite an instance. One day a person came to Desabhakta Konda Venkatappiah. At that time Desabhakta Venkatappiah was in good mood. The person asked him casually 'Do you remember me? Don't you recognize me? Are you not able to remember that both of us were there in Guntur Jail?'. Desabhakta probably thought that he might have come across this person in the jail. So he replied 'Perhaps, it may be so'. The person immediately asked 'In that case, can you please oblige me with a certificate to that effect'. Thinking that the concerned person might utilise that certificate for some good purpose, in good humour the Desabandu gave him the certificate. What did the person do? He went to the Congress President, proved that

[27th July 1955] [Sri Vavilala Gopalakrishnaiah]

he was a political sufferer, showed the certificate and finally got some lands. Meanwhile I happened to meet him. The first question I put to him was whether he knew what was a cell. The man could not give a ready answer. How can he give? If he had really gone to a jail, he may know what is a cell and a cellar. This is the type of political sufferer which the Congress Government had rewarded. That is why I oppose such kind of assignment tooth and nail. I know another instance in Rajampet taluk, Cuddapah district. A political sufferer, that is how he is termed, had been assigned lands totalling 15 acres. He had erected a compound wall throughout, on all the sides of his 15-acre plot with granite stone. Imagine the cost of such a construction? Imagine how much money he would have spent for cement, concrete, lime, mortar and the like? When he had been able to erect a compound wall, how much wealthy he ought to have been? When such is the case, what is the meaning in assigning lands to him, when he is already so wealthy? Who is a political sufferer? Is he a political sufferer? No, he is not. It is the labourers who work till their sweat gets dried up. Because it is they who suffer and are made to suffer by these 'politicals'. That is why I say when you embark on a policy of 'assignment of lands to political sufferers' assign the same to the 'real sufferers' and not to bogus people who commit all sorts of offences like forgery, etc., to prove their case. Assign lands to the poor, down-trodden, landless poor who will in all earnestness cultivate the lands and eke out their livelihood. That should be the spirit. I shall cite another instance wherein abuse of the privilege shown to the political sufferer is obvious.

"Vast tracts of sivoijama lands are now being encroached upon and annexed to their own not by ordinary poor landless Harijans but by big landlords who own 500 or 600 acres and this is being favoured by the Government. Without any right to the land, they are getting tenancy and other things. These lands must be taken away from them and must be distributed to the landless people. But the whole thing is done in this way. There are some landless Harijan people who are actually cultivating the land. Now, a Congressman comes with police help and says 'This plot of land was granted to me by the Collector or by a Committee. So please evict the man who is cultivating. It is my land. It is a banjar land. It is in my name'. Thus lands under cultivation by poor people are taken away and made over to people who already possessed many acres of land. The village karnam, who is a clever man, is there to help these people. I know certain cases where people who are allotted lands do not even know where they are. It is the karnam who tells them that it is situated somewhere. If land is to be given under the guise of political suffering to people who are already having lands, I say it is not the so-called political sufferer who is suffering but the country is suffering. That is why I say that land must be given only to the landless people. The people who are already cultivating the land must be allowed to be there in spite of its being given to a political sufferer or a Minister or an ex-Minister or an would-be

1-20
P.m.

[Sri Vavilala Gopalakrishnaiah] [27th July 1953]

Minister! (Laughter.) Another issue that I have to explain is this. In some cases, members of the same family form themselves into a Co-operative Society with their kith and kin as members in order to obtain assignments of lands. Vast extents of land are being assigned to such Societies. They are having thousands of acres. What is the idea in assigning lands to a man who could afford the expenditure and in depriving people who have no lands or who have reclaimed waste lands by the sweat of their brow? These abuses must be put an end to. I therefore appeal to the Hon. the Chief Minister and the Hon. the Revenue Minister to see that lands are given to political sufferers who are actually suffering and whose wives and children are dying to-day out of starvation. Grants must be made to such people and not to big and rich people like Sri Sanjeevi Reddi who have got enough of landed properties. In those days, there were some people who went to the jail saying that it is a profit to do so. I know a man has gone to the jail lest he should lose the chance of becoming a Taluk Board Member or becoming a member of the Assembly. So I ask 'Are these people landless people?'. There are plenty of lands. Forest banjar lands are there. There are banjar lands on the Romperu drain. The problem is how best to distribute the lands to really deserving and actually suffering political sufferers and landless people to improve the food production. I can say that if I have to get land because of 'political suffering' I must be given 60 acres of wet land because I have gone to jail a dozen times. It is not for the land that I have gone. I have gone to jail to make the highest sacrifice and I stand by the highest ideals. My only appeal is that land must be distributed to the landless people or labourers who actually cultivate the land. That must be the guiding principle in the matter of land distribution. With these words, Sir, I support this resolution."

THE HON. SRI C. SUBRAMANIAM :—"The resolution states that temporary assignments of land made to political sufferers should be cancelled and that land should be reassigned. There is no question of a general review of grants made to political sufferers. Therefore I would request Mr. Kalyanasundaram to confine himself to the resolution as such and not to go beyond that unnecessarily because there is very little time."

* SRI M. KALYANASUNDARAM :—"எனக்கு சிறிது நேரத்திற்கு முன் பேசிய கனம் அங்கத்தினர் ஆர். வி. சுவாமிநாதன் அவர்கள் பேசிய தால்தான் அதைப்பற்றி நான் பேசுகிறேன். அதற்குள் ஒன்றிரண்டு நிமிஷங்கள் முடிந்துவிட்டன."

MR. SPEAKER :—"நீங்கள் அடுத்த நாளில் தொடர்ந்தும் பேசலாம்."

* SRI M. APPENDIX.

[Vide answer to starred question No. 1084 asked by Sri M. Rajeswara Rao at the meeting of the Legislative Assembly held on 27th July 1953, page 1420 supra.]

(a) Yes.

(b) The following action has been taken by the Government from time to time to minimise the inconvenience :—

(i) Normally the Tribunals should hold their sittings only at the headquarters of each district. In order to avoid inconvenience and expenses to parties, the Government have ordered that if the parties so desire there is no objection to their cases being heard at the headquarters of any neighbouring district. The Government have also ordered that Tribunals should pass orders in urgent cases at their headquarters after hearing the cases at the district headquarters. Further under instructions recently issued by the Government, cheques are being delivered by Tribunals at the headquarters of the district to which a particular payee belongs when the Tribunal sits at that station. If the payee makes a request that the cheques be delivered earlier either at the headquarters of the Tribunal or at the nearest camping station according to his choice, it is being done. On a representation from the Bar Association, Srikakulam, and the Inam Ryots' Association, the Government have ordered that hearing of cases relating to the Srikakulam district, the Tribunal at Vizianagaram should hold its sittings at Srikakulam as Vizianagaram is far away to most places lying north of Srikakulam.

(ii) In order to prevent frivolous and vexatious claims, the Government have ordered the levy of Court-fees on applications from creditors. In addition, the Tribunals have also been instructed to make use of section 35-A of the Civil Procedure Code, to award costs in appropriate cases. A specific rule empowering the Tribunals to award costs has also been framed.

(iii) The Government have decided to step up the total amount of advance compensation payable under section 54-A to Rs. 6½ crores and that out of this a sum of Rs. 3 crores should be paid in bonds. A rule under section 40 (1) of the Abolition Act has been framed for taking powers for the deposit of advance compensation in bonds. Instructions have also been issued to the Estate Abolition Tribunals to adopt the following procedure for quick payment of advance compensation :—

(a) The Tribunal shall set apart—

(1) one-fifth of each of the said amounts for the purpose of meeting the claims of maintenance holders.

(2) such portion of each of the said amounts as, in its opinion, may be required for the purpose of meeting the claims made, within six months from the date on which the amount was deposited in the office of the Tribunal, by the creditors and other

[27th July 1953]

persons (not being sharers and maintenance holders) and apportion the balance among the sharers as far as possible in accordance with the value of their respective interests. The provisions of sections 44 (2), 45 (6), 48, 49, 51, 52 and 53 shall apply in respect of the said balance.

(b) Before paying the amount due to a sharer under clause (a), the Tribunal shall require him to enter into a bond with two sureties undertaking to refund the amount, if any, payable which on final determination of the total amounts payable to the claim out of (i) the amount deposited under section 54-A, subsections (i) and (ii) the amount deposited in bonds, may be found to have been paid to him in excess.

(iv) Till recently there were only three Tribunals with headquarters at Vizianagaram, Chittoor and Madurai. As it is felt that there is heavy work for the Tribunals and to minimise their jurisdiction thereby minimising the inconvenience to parties, a fourth Tribunal with the headquarters at Nuzvid, Krishna district, has been constituted.

THE MADRAS LEGISLATIVE ASSEMBLY.

Tuesday, 28th July 1953.

The House met in the Assembly Chamber, Government Estate, Mount Road, at half-past eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

I.—QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

Closure of the Civil Supplies Unit at Vijayavada.

* 1142-A, * 1142-B and * 1142-C—

THE HON. SRI C. SUBRAMANIAM :—“ There are three questions on the same subject. I will answer all of them together.”

* 1142-A Q.—SRI M. LAKSHMANASWAMY: Will the Hon. the Minister for Finance be pleased to state—

(a) whether the Government have cancelled the Civil Supplies Unit at Vijayavada; and

(b) if the answer is in the affirmative to what place the lorries and other vehicles of the Unit were transferred?

THE HON. SRI C. SUBRAMANIAM :—“ (a) In pursuance of the Decontrol Policy adopted by the Government, two units of lorries (36 in all), were laid off the road in October 1952 as there was no work for them.

“ (b) Some of the lorries were sent to other districts for use in the Mobile Grain Shop Scheme. Some were sent to other districts including Guntur for use in famine relief operations and supplying drinking water. Four vehicles were auctioned at Vijayavada itself as they were unfit for further use. The remaining lorries which either required extensive repairs or were unfit for further use were ordered to be transferred to Madras for repairs or sale. Seven of them have already arrived at Madras and the remaining eleven are on the way. The defunct units did not consist of any vehicles other than lorries.”

* 1142-B Q.—SRI K. SUBBA REDDI: Will the Hon. the Minister for Finance be pleased to State—

(a) whether the Civil Supplies Department Unit at Vijayavada has been abolished; and

(b) how many Civil Supplies lorries were transferred to Madras from Vijayavada?

[28th July 1953]

THE HON. SRI C. SUBRAMANIAM :—“(a) Yes. In pursuance of the policy of decontrol two units of lorries (36 in all) were laid off the road in October 1952 as there was no work for them.

“(b) Eighteen lorries of which 7 have already arrived and 11 are on the way.”

* 1142-C Q.—SRI M. VEERABHADRAM : Will the Hon. the Minister for Finance be pleased to state—

(a) whether it is a fact that the Government have closed the Civil Supplies Department Unit at Vijayavada;

(b) whether the Government have transferred all the movable property or part of it of the same department from Vijayavada to Madras; and

(c) if so, the reasons for the same?

THE HON. SRI C. SUBRAMANIAM :—“(a) It is presumed that the hon. Member is referring to the Civil Supplies transport units. If so, the answer is in the affirmative. In pursuance of the policy of decontrol two units of lorries (36 in all) were laid off the road in October 1952 as there was no work for them.

“(b) Yes.

“(c) The two units at Vijayavada were being used in connexion with the intensive procurement scheme in the Andhra districts. As this scheme was given up in view of the revised food policy of the Government which was announced in June 1952 there was no longer any need for these two units and hence they were abolished last year itself. The serviceable spare parts, accessories, etc., of the lorries of these units were transferred to Bobbili where two Civil Supplies Transport Units are still functioning and to Madras for being stored in the Central Stores for use by the Civil Supplies vehicles throughout the State. Some of the lorries were diverted for use in the Mobile Grainshops Scheme and for use in famine relief operations and in supplying drinking water in Guntur district. The remaining lorries and the unserviceable spare parts and accessories were ordered to be transferred to Madras for the following reasons :—

(a) to avoid incurring expenditure on the staff required for looking after the lorries and stores;

(b) all the remaining lorries either required extensive repairs or were unfit for further use. The lorries which required extensive repairs were ordered to be transferred to Madras for getting them repaired prior to their allotment to other departments requiring them. This was done because there are better workshop facilities in Madras City than

28th July 1953]

at Vijayavada. The lorries unfit for further use and the unserviceable spare parts and accessories were transferred to Madras for being auctioned as it was found that auctioning them at Madras will fetch a better price than auctioning them at Vijayavada.”

SRI M. LAKSHMANASWAMY :—“May I know on what date this particular unit was disbanded?”

THE HON. SRI C. SUBRAMANIAM :—“In October 1952.”

SRI T. VISWANATHAM :—“The Hon. Leader of the House says that the unit was disbanded in October 1952. The complaint is about the recent movement of lorries to the south. After disbanding, did the Government wait for more than six months to move the units?”

THE HON. SRI C. SUBRAMANIAM :—“I have already explained that there were 36 lorries. They were not necessary for the Civil Supplies work and therefore the unit was disbanded. Some of the lorries were being used for other purposes, such as the Mobile Grainshops Scheme, famine relief work and supply of drinking water in scarcity areas. The remaining 18 lorries either required extensive repairs or were unfit for further use. The question of how to dispose of these 18 lorries is under consideration.”

SRI PILLALAMARRI VENKATESWARLU :—“Sir, it was said that the unit was disbanded in October 1952. But all the lorries are being transferred to Madras now. Eleven are still on their way. May I know, Sir, why at this time the lorries are being transferred to Madras?” 8-40 a.m.

THE HON. SRI C. SUBRAMANIAM :—“I have already explained, Sir, that some of them were unfit for any use. They could not be used as lorries as such. The other lorries required extensive repairs. For the purpose of carrying out the repairs, they are being transferred.”

SRI V. BALAKRISHNAN :—“Sir, why should not some of these lorries be spared to the Prohibition Department for quick enforcement of Prohibition laws?”

THE HON. SRI C. SUBRAMANIAM :—“The question of allotment of these lorries to other departments will arise when the lorries are repaired and when they become serviceable.”

SRI T. VISWANATHAM :—“Sir, the simple question is whether movement of these lorries began after the proposal to divide the articles according to the area in which they exist as per the Andhra State Bill, we want an answer without fencing.”

THE HON. SRI C. SUBRAMANIAM :—“I am glad, Sir, the question has been put in a straightforward manner without

[28th July 1953]

fencing. This will not affect the division of assets and liabilities on the area basis. The entire Civil Supplies Transport Unit is attached to the Civil Supplies State Trading Scheme. This will not be on the area basis. Different principles will apply here. Therefore, this will not affect the division in any way whatsoever."

SRI PILLALAMARRI VENKATESWARLU :—" Sir, my question was why such a transfer was being effected at this stage. Why did they not do it in October 1952 itself? "

THE HON. SRI C. SUBRAMANIAM :—" I have explained that in 1952 these lorries could be used for some purpose there, and they are being used even now. As a matter of fact 18 lorries are still being used for other purposes in the same area. But the other 18 lorries could not be used, because they have become unserviceable, and some could not be used at all even after extensive repairs. That is why the movement."

SRI K. RAJAGOPALA RAO :—" May I know, Sir, whether the Government have adopted a similar attitude towards other Civil Supplies Transport Units, or they have transferred only the Vijayavada unit? "

THE HON. SRI C. SUBRAMANIAM :—" As far as the Bobbili Unit is concerned, there is still work going on, and the unit is maintained there. There is no question of disbanding the unit now. But the two units at Vijayavada were disbanded in October 1952. The lorries were being used for other purposes. As a matter of fact, 18 lorries are still being used for other purposes because, they are serviceable. But others have become unserviceable. Therefore the question has arisen as to how to repair them and how to dispose them of."

SRI M. VEERABHADRAM :—" Sir, the Finance Minister told us that some of the lorries had been sent to Guntur. Are they on their way to Madras? "

THE HON. SRI C. SUBRAMANIAM :—" They are serving the Guntur district."

SRI C. PULLA REDDI :—" Are we to understand that there are not repair facilities in Andhra? "

THE HON. SRI C. SUBRAMANIAM :—" There are repair facilities to a certain extent in Vijayavada. But to carry out these extensive repairs, we have got better facilities in Madras."

SRI VAVILALA GOPALAKRISHNAIAH :—" Is it not a fact, Sir, that some tractors were transferred from Vijayavada to Cuddalore, and that they were transported and delivered to the persons for whom they were allotted not by rail but by lorries? "

[28th July 1953]

THE HON. SRI C. SUBRAMANIAM :—" The question about tractors can be put to the Minister in charge of Agriculture. But if the allegation is that these tractors were put in the civil supplies lorries and transported, it is wrong."

SRI M. KALYANASUNDARAM :—" Sir, are these vehicles sent to Madras for repairs, transported by rail? If so, is it not more costly than the cost of the repairs, if carried out in Vijayavada itself? "

THE HON. SRI C. SUBRAMANIAM :—" They are not being transported by rail."

SRI PILLALAMARRI VENKATESWARLU :—" Will the Government, Sir, give an assurance that after the repairs are carried out, or even now at least, these lorries will be sent back to Vijayavada? "

THE HON. SRI C. SUBRAMANIAM :—" The question will arise as soon as the repairs are effected. Then a proper and just decision will be taken regarding their disposal."

Extension of the Grow More Food concessions to the current fasli.

* 1142-D Q.—SRI S. VEMIAH : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the Grow More Food concession has been extended to the current fasli or not; and

(b) if the answer to (a) is in the negative, the reason for the same?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" (a) No.

" (b) The question of extending the Grow More Food concessions to the current fasli, viz., 1363 is under consideration in consultation with the Collectors and the Chief Engineer (Irrigation). Orders will issue in due course."

SRI S. VEMIAH :—" Sir, how long will the Government take to extend the Grow More Food Scheme to the current fasli? The cultivation season has already commenced."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" We are advancing it as far as possible. The reports of certain Collectors have not yet been received. We have reminded them twice or thrice. Very soon the reports will be received."

SRI K. GOVINDA RAO :—" May I know, Sir, why the Grow More Food concession has been dropped now? Is it because there is already enough food in the country? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" It is not dropped. We are considering whether more concessions could be given and whether other changes would be useful."

[28th July 1953]

SRI S. VEMIAH :—"What are the points required by the Government from all the Collectors to extend this concession, Sir?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—
"To make the whole scheme more useful."

SRI G. NAGESWARA RAO :—"అయ్యో, ఈ G.M.F. Campaign క్రింద సాగునీటి అయ్యే భాముల విషయములో పన్నులు, పెనాల్టీలు అధికంగా వేస్తున్నారు. అందువల్ల మన రాష్ట్రములో అధికోత్పత్తి స్త్రీము డెబ్బతిని వుత్పత్తి అధికము కావడము లేదు. అందుచేత ప్రభుత్వంవారు అధిక పన్నులను, పెనాల్టీలను రద్దుచేస్తారా?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—
"A separate question may be put, Sir."

SRI P. PUNDARIKAKSHACHARYULU :—"When the Government are spending more and more on (Grow More Food) why is food production becoming less and less year after year? Is there any defect in the policy or the programme of the Government?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—
"Unfortunately, the people are not co-operating with us."

SRI R. SIDDANNA GOWD :—"What are the measures taken by the Government to accelerate the progress of Grow More Food campaign?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—"That is exactly what we are now considering."

Electricity projects in Cuddapah district.

* 1143 Q.—

MR. SPEAKER :—"The hon. Member Mr. V. Chidanandam is not in his place. The question and answer will be printed in the proceedings."

SRI V. CHIDANANDAM : Will the Hon. the Minister for Public Works be pleased to state—

(a) whether it is a fact that the Government have sanctioned electricity projects (1) from Gandhi to Sidhout town via Machupalli and (2) from Machupalli to Ponnayolu, Venkatayapalli, Kothapalli, Gollapalli and Joti in Cuddapah district;

(b) if so, what is the estimated cost of each of the projects; and

(c) when the Government will take up the projects for execution?

THE HON. SRI N. RANGA REDDI :—" (a) Two schemes for extension of supply of electricity, one from Gandhi to Sidhout town in Siddavattam taluk and another for further extension to Machupalli and Ponnayolu villages in Cuddapah taluk,

[28th July 1953]

have already been sanctioned. Extension of supply of electricity to Venkatayapalli, Kothapalli, Gollapalli and Joti villages has not been sanctioned.

" (b) The scheme for extension of supply of electricity to Sidhout town and other villages is estimated to cost Rs. 3,18,500 and the scheme for extension of supply of electricity to Machupalli and Ponnayolu villages is estimated to cost Rs. 82,600.

" (c) The execution of the schemes will depend on the local contributions to meet the capital cost."

Chezarla New Channel scheme in Atmakur taluk, Nellore district.

* 1144 Q.—SRI G. C. KONDAYYA : Will the Hon. the Minister for Public Works be pleased to state—

(a) why the Government have not completed the new channel scheme by name "Chezarla New Channel" in Atmakur taluk, Nellore district; and

(b) whether the Government have totally stopped the work or whether it is stopped temporarily?

THE HON. SRI N. RANGA REDDI :—" (a) The Chezarla New Channel Scheme for the extension of irrigation under the Chezarla main channel in Atmakur taluk, Nellore district, has already been completed in July 1951. But as the supply in the channel has been inadequate for the development of the full ayacut proposed, a proposal to augment supplies to the new channel direct from Pennar is under examination by the local officers.

" (b) Does not arise."

SRI G. C. KONDAYYA :—"When will the work be completed? Will it be completed at least by the end of the year?"

THE HON. SRI N. RANGA REDDI :—"Examination of the project by the local officers is now taken up."

SRI G. C. KONDAYYA :—"Sir, proposals and estimates have been sent up, and the engineers are awaiting approval. When will the Government approve of the project?"

THE HON. SRI N. RANGA REDDI :—"Notice, Sir."

SRI B. SANKARAYYA :—"ప్రతి చిన్న ఇరిగేషన్ స్కీము కూడా అప్రూవ్ యీ విధంగా అలస్యము అవుతున్నది. ఈ విధంగా అలస్యము కావటానికి కారణము ఏమిటో ప్రభుత్వంవారు తెలిపారా?"

THE HON. SRI N. RANGA REDDI :—"The hon. Member is wrong in his inference that irrigation schemes are postponed only in the Andhra Desa."

[28th July 1953]

Assignment of lands on either side of Romperu drain in Bapatla.

* 1145 Q.—

MR. SPEAKER :—“ The hon. Member Sri Pragada Kotaiah is not in his place. The question and answer will be printed in the proceedings.”

SRI PRAGADA KOTAIAH : Will the Hon. the Minister for Land Revenue be pleased to state the instructions given by the Government to the Romperu Special Deputy Collector, Chirala, recently appointed in respect of the assignment of the assessed waste lands lying on either side of the Romperu drain in Bapatla taluk?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ The Special Deputy Collector is now engaged in gathering statistics which would facilitate the assignment of the land as soon as the Government pass orders on the report of the Committee.”

Alleged torture by the police of the son of B. Neelayya of Ravikampadu, Chintalapudi taluk.

8-50 a.m. * 1146 Q.—SRI M. KUNE RAO : Will the Hon. the Chief Minister be pleased to state—

(a) whether the Government have received any petition from Sri Boppana Neelayya of the village of Ravikampadu, Chintalapudi taluk, West Godavari district, on 12th November 1952, complaining about the sudden death of his son due to torture by the police in Tadikalapudy Police station in the same district on 9th November 1952; and

(b) if so, the action taken thereon?

THE HON. SRI C. RAJAGOPALACHARI :—“ (a) & (b) No petition from Boppana Neelayya was received by Government but they received official intimation that one Sri Boppana Ramulu, son of Boppana Neelayya referred to committed suicide by drowning himself in a well while under police custody in connection with a theft case along with five others. At the instance of the Police officers the Subdivisional First-class Magistrate of Eluru went to the spot at once and held the inquest. The post-mortem revealed that there were no external injuries on the body of the deceased. The verdict was that the deceased committed suicide out of fear of being subjected to police investigation and torture in connexion with the theft case. The medical evidence showed that there were no injuries, internal and external in the body of the deceased and that death was due to asphyxia due to drowning. The Subdivisional Magistrate, Eluru, who was present at the inquest and enquired into the case fully has expressed his opinion clearly that it is a case of suicide.”

[28th July 1953]

SRI M. KUNE RAO :—“ అయ్యో, బొప్పనరాయలు అనే అతనిని అరెస్టు చేసి పోలీసు స్టేషనులో పెట్టినప్పుడు, అయినా పోలీసు కష్టపడినా ఏమిధంగా తప్పించుకునిపోయి సూతిలోబడి చాణాలు తీసుకున్నాడో, ముఖ్యమంత్రిగారు తెలిస్తారా ? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ I think I have placed the entire report on the table of the House.”

SRI C. PULLA REDDI :—“ The hon. Member wants to know how it was possible for the man concerned who had been in police custody to escape and conveniently fall into the well ”

THE HON. SRI C. RAJAGOPALACHARI :—“ There is no convenience about it. In this case about 6 persons were taken to the police station suspected of theft. The enquiry showed that there was a certain amount of rough handling by the head constable—beating and threatening—and the other persons stood it all right as generally they do. The youngster could not probably stand it and got frightened. They were not put in a lock-up. As a matter of fact, they were only interrogated. The youngster went to the well and there is evidence to show that he was seen standing on the parapet wall and that after he fell into it a rope was let down and that he would not hold it and he thus put an end to himself. Youngsters do get excited and frightened and do things like this. However, it is very unfortunate. I may mention for the information of the hon. Members that the head constable has been dismissed.”

SRI M. KALYANASUNDARAM :—“ Sir, no report has been placed on the table of the House as stated by the Hon. Chief Minister.”

THE HON. SRI C. RAJAGOPALACHARI :—“ I have copies of the report. If the hon. Members desire, I shall place them on the table of the House.”

SRI M. KALYANASUNDARAM :—“ From the report read by the Hon. Chief Minister, the whole thing looks improbable.”

THE HON. SRI C. RAJAGOPALACHARI :—“ I don't suppose we are sitting as judges here. I don't believe in very large courts of justice.”

SRI M. KALYANASUNDARAM :—“ I agree that we cannot become an enquiry committee. Even in the report it is admitted that there has been some torture. My inference is that he must have been tortured to death and then the police must have thrown him into the well. Will the Government appoint an Enquiry Committee to enquire into the conduct of the police? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ My inference is that the police head constable could not be so foolish. It does not happen like that, i.e., a policeman committing a

[28th July 1953]

murder and putting the body near about the station itself so that it could be handled by the Opposition parties in the Legislature."

SRI M. KALYANASUNDARAM :—" In order to prepare a good story! "

SRI T. NAGI REDDI.—" I am glad that at least once, the Government have accepted that there has been torture by the police. Within these one and half years, we have had at least 12 such cases of death at the hands of the police. That being so, will the Government take care to see that such officers who are responsible for these are not excused, but are brought to book by holding a proper judicial or non-official enquiry into those incidents and by awarding severe punishments to the guilty? "

THE HON. SRI C. RAJAGOPALACHARI :—" We cannot appoint a Committee of Enquiry for each incident or offence after a lapse of time. What is really useful to society at large is an immediate enquiry by a judicial officer and that has been done in this case. A non-official enquiry will not get us anything more except parties operating in the place. Here in this case, we have had an immediate magisterial enquiry by a magistrate when the body was there, when the doctor was before him, the whole village was before him and everything was before him. The enquiry has produced results, and he has given his verdict. The Opposition Members were kind enough to recognise that at least in one case the Government have not done wrong. The emphasis is rather the other way about on the other side. If anything goes wrong occasionally, we don't shirk exposing it."

SRI T. VISWANATHAM :—" Sir, will the Hon. Chief Minister enlighten us, at what place this belabouring of people took place, was it done in the police compound or in a public place, where was the well situated and what was the distance between the police station compound and the well into which this supposed dead body or living body was thrown? "

THE HON. SRI C. RAJAGOPALACHARI :—" The whole thing is misconceived. As a matter of fact, hon. Members have experience of life to know that intelligent Government servants who wish to commit such offences commit it in a different way and not in this clumsy way. Let them compare these two cases, the probability of an youngster doing away with himself under those circumstances and the probability of a head constable for no reason whatsoever killing somebody who was an accused and then putting the body in a well nearby. As I said, we cannot sit in judgment upon the result of the enquiry on the spot by a responsible officer. His report will be placed on the table of the House. The hon. Members may accept it or may not accept it. But we can do nothing else. The Government are satisfied that the head

[28th July 1953]

constable irregularly took charge of those people and did not record the arrest and did not do his job properly. So he has been dismissed."

SRI T. NAGI REDDI :—" Mr. Viswanatham's question was not answered."

THE HON. SRI C. RAJAGOPALACHARI :—" The report will be placed on the table of the House and it will show details."

SRI V. R. KRISHNA AYYAR :—" May I know whether the question of prosecuting the head constable who rough-handled the person was considered by the Government? Secondly, will the Government take action against the other officers who were responsible for the escape of the boy from police custody for negligence or misconduct and award suitable punishment to them? "

THE HON. SRI C. RAJAGOPALACHARI :—" The evidence was vague. The net result was that we could only find from the judicial report the irregularity that I referred to in taking charge of people without recording the arrest. But as for belabouring and other things, the evidence was variant, discrepant and the like and we cannot expect any prosecution to succeed. We did not want a person who was clearly guilty of misconduct, to get away with an acquittal from a Magistrate and later on coming forward with a claim, even perhaps at the instance of Opposition Members, for restoration to service. In this case, the head constable was dismissed after a departmental enquiry."

SRI K. KRISHNA RAO :—" The Hon. Chief Minister himself has admitted that it is a fact . . . "

THE HON. SRI C. RAJAGOPALACHARI :—" I do not think I should be said to have *admitted* anything. I did not kill the boy." (Laughter.)

SRI K. KRISHNA RAO :—" From the report read by the Hon. Chief Minister it is evident that those persons and the boy were arrested and the fact of the arrest was not entered in the books . . . "

THE HON. SRI C. RAJAGOPALACHARI :—" Hon. Members have some experience of thefts. (Laughter.) It is very difficult . . . "

SRI M. KALYANASUNDARAM :—" Sir, I do not know the implications of this statement of the Hon. Chief Minister."

THE HON. SRI C. RAJAGOPALACHARI :—" You will understand it if only you wait to hear me. If, however, you wish to enjoy the joke, I do not object. Hon. Members have experience of these cases. They have themselves lost things and they have complained to the police and they themselves have on many occasions said, ' Why don't the police take

[28th July 1953]

immediate action and find out the culprit and restore our properties? It is very difficult to investigate such cases and detect culprits. They have first to start on suspicion. The police interrogate the suspected people so that they may know something more about the case. If they are clever, they get a clue. In some cases, a slight slap on the cheek is given to know the facts. In such cases, some people get frightened. Just as in this case, the boy gets frightened and dies and questions are asked here."

SRI S. VEMIAH :—" Sir, I take objection to the statement made by the Hon. Chief Minister that hon. Members have more experience in thefts. I would request the Chair to ask him to withdraw that statement."

THE HON. SRI C. RAJAGOPALACHARI :—" I think something is wrong with the hon. Member in having presumed many things. There was no necessity whatsoever to misunderstand my statement unless indeed one's conscience is guilty." (Laughter.)

SRI V. BALAKRISHNAN :—" May I know whether any compensation or solatium will be paid to the dependants of the deceased person in view of the fact that his death took place under Government auspices? "

THE HON. SRI C. RAJAGOPALACHARI :—" After the distribution of the assets and liabilities, we will consider it, Sir." (Laughter.)

Use of pump-sets in Pugalur channel, Karur taluk.

* 1147 Q.—SRI M. KALYANASUNDARAM: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether any Government Order has been issued regarding the use of pump-sets by some landlords for taking water from Pugalur channel, Karur taluk, Tiruchirappalli district;

(b) if so, what are the instructions contained in the Government Order;

(c) whether those instructions have been implemented by the concerned district authorities; and

(d) the reasons for the delay in case they have not been implemented?

THE HON. SRI N. RANGA REDDI :—" (a) Yes.

" (b) (1) To remove all unauthorised pumpsets or at least to prevent them from functioning.

(2) To cancel permits for the pumpsets functioning and to put up earthen bunds across the offtake channels leading to the pumpsets from the Pugalur channel, to prevent water from reaching the pumping installations.

28th July 1953]

(3) Permits should not be renewed in cases where they were issued under the Grow More Food Campaign after 1943-44.

(4) Permits may, however, be renewed in individual cases in respect of small areas of genuine old cases and old picottah baling wet lands for which permits for mechanical pumping had been previously given (i.e., prior to 1943-44) the areas being limited to old baling wet lands, but subject to stiff safeguards. In the case of baling permits purely by picottahs, renewals will be confined strictly to old cases on an area of about 83 acres.

" (c) & (d) The orders could not be implemented immediately on account of certain practical difficulties in giving effect to the orders and effectively preventing the pumpsets from functioning. The Government have since issued suitable instructions to the Collector in the matter."

SRI M. KALYANASUNDARAM :—" The long reply read out by the Hon. Minister looks very reasonable. But my complaint is ^{9 a.m.} it is more than eight months since the said instructions were issued by the Government. The local authorities are deliberately helping the few landlords. May I know what action the Government propose to take against the officers for the delay in implementing their instructions? "

THE HON. SRI N. RANGA REDDI :—" The Government considered all these cases afresh and issued instructions on 12th May 1953. What has been done by the Collector is this. The Collector has reported that twelve pump-sets were effectively prevented from functioning by taking action under the provisions of the Land Encroachment Act. In respect of another twelve cases, for which the period of permission for pumping had expired, notices were served by the Collector on the parties concerned stating that the permits would not be renewed for fasli 1363 and thereafter and that criminal proceedings would be taken against them for taking water unauthorisedly. Necessary action is being taken by the Collector to cancel the permits in the remaining five cases."

SRI M. KALYANASUNDARAM :—" Even after hearing the reply that the Government have issued instructions subsequently—that is, as early as in May—we still hear that the instructions have not been carried out, though we are in July now. Will the Government issue telegraphic instructions to the Collector to implement the instructions straightaway? "

THE HON. SRI N. RANGA REDDI :—" Telegraphic instructions would not advance the case."

* 1148 Q.—SRI T. LAKSHMINARAYANA REDDI :—" I request a half-hour debate on this important question. You did not allow an adjournment motion on this."

[28th July 1953]

MR. SPEAKER :—" Yesterday, there was a discussion on this question."

SRI T. LAKSHMINARAYANA REDDI :—" No, Sir."

MR. SPEAKER :—" We have a half-hour debate to-day on the question put by Mr. Narayanan Nambiar. Day after to-morrow is the last day of this meeting. Let me hear at least the answer of the Minister."

Assignment of lands to political sufferers and gruel centres in Penukonda taluk.

* 1148 Q.—SRI T. LAKSHMINARAYANA REDDI: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether any lands were granted to satyagrahis in Settipalley in Penukonda taluk, Anantapur district;

(b) whether the Hon. the Minister for Famine visited Penukonda and Kadiri taluks in 1952 or 1953;

(c) how many gruel centres were started in Penukonda taluk in 1952;

(d) how many are working now; and

(e) whether the Government have any proposal to raise the wages of the coolies in the gruel centre?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" (a) Yes.

" (b) There is no Minister for Famine; if the Revenue Minister is meant, the answer is in the negative.

" (c) The total number of gruel centres started in Penukonda taluk in 1952 was 55.

" (d) Nineteen gruel centres are now functioning in Penukonda taluk.

" (e) No mazdoors were employed in the gruel centres in Penukonda taluk. Only cooks are employed on a daily wage of 8 annas each."

SRI T. LAKSHMINARAYANA REDDI :—" In view of the fact that four firkas are affected this year and only two firkas were affected last year and in view of the fact that the Government have reduced the number of gruel centres from 55 to 19, will the Government seriously consider re-opening all the gruel centres and open some more new centres since hundreds and thousands of people are starving for want of food? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" I do not accept what the hon. Member has said. Agricultural conditions have improved this year and we are awaiting the periodical reports. As and when there is necessity, we shall help and we are doing it."

[28th July 1953]

AN HON. MEMBER :—" Are the Government aware that there is enormous delay in the payment of cost of firewood and cart hire and the gruel centres are forced to misappropriate the grains supplied to make payment in time? Will the Government, therefore, see that the cost of firewood and cart hire are paid immediately by the gruel centre manager when supplies are made? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" I have no idea of the length of time or delay involved in the payment. Gruel preparation has not been delayed any way. I shall, however, look into the matter."

SRI T. NAGI REDDI :—" The Minister was replying that conditions have become better this year. May I know whether he is aware of the fact that rains have been almost nil in those areas and crops have not been raised? The position has become still worse than last year. In view of these facts, will the Government immediately come forward with relief measures especially in respect of Anantapur district? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" We are always ready to meet any untoward agricultural conditions. We are doing our best in meeting distress. We are seized of the situation and we are periodically reviewing the situation."

SRI T. LAKSHMINARAYANA REDDI :—" It is really surprising to hear from the Revenue Minister that the situation is improving. I say it is not so. The Famine Commissioner refused to visit the rural areas which are really famine-stricken. I would request the Revenue Minister to visit the places and see how things are and how people there are denied relief. May I know whether some relief will be given to people in these parts? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Certainly we will give relief if they deserve."

SRI R. SIDDANNA GOWD :—" What was the amount of rainfall this time last year and what was the rainfall this year? "

MR. SPEAKER :—" A separate question may be put."

SRI C. SUBBARAYUDU :—" May I know the contents of the latest report from the Collector of Anantapur with regard to seasonal conditions? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" I want notice."

SRI S. VEMIAH :—" I request a half-hour debate on this question because this is a very important question."

MR. SPEAKER :—" We have no time. We have only two more days and it is not possible to allow a half-hour debate. To-day we have already another debate on Mr. Nambiar's question. If there is time we shall take it up."

[28th July 1953]

Hostels for Harijans.

* 1149 Q.—SRI S. VEMIAH : Will the Hon. the Minister for Education be pleased to state—

(a) the number of Boys' and Girls' Hostels for Harijans for which recognition has been accorded this year 1952-53; and

(b) whether the managers whose hostels have been recognized are Harijans by caste?

THE HON. DR. M. V. KRISHNA RAO :—“(a) Recognition was accorded during 1952-53 for 39 boys' hostels, 8 girls' hostels and 2 mixed hostels.

“(b) Twenty-one hostels are managed by Harijans, 26 by non-Harijans and 2 by District Boards.”

SRI M. NARAYANA KURUP :—“Have the Government issued any instructions that the strength of the hostels should not be increased beyond 25 per cent?”

THE HON. DR. M. V. KRISHNA RAO :—“A circular has been issued that without prior permission, the strength of the hostels should not be increased.”

9-10 a.m. SRI M. NARAYANASAMI :—“Sir, in view of the large number of complaints received by the Government with regard to the managements of these hostels, have the Government any new policy of running these hostels?”

THE HON. DR. M. V. KRISHNA RAO :—“Sir, every complaint is looked into and as far as possible rectified immediately. The Government have also started hostels of their own in certain centres.”

SRI S. VEMIAH :—“Sir, may I know whether the Government are aware of the fact that most of the hostels which are in existence for over three years have not been recognised in spite of repeated representations?”

THE HON. DR. M. V. KRISHNA RAO :—“Sir, as many hostels as possible are being recognised every year.”

SRI K. VENKAIAH :—“Sir, may I know whether the complaints given by the students of their living in these hostels are considered by the Government and are steps taken to rectify the mistakes complained of?”

THE HON. DR. M. V. KRISHNA RAO :—“Yes, Sir.”

‘AN HON. MEMBER :—“మంత్రిగారు ఒంగోలు వచ్చి వప్పును చూచి పార్లమెంటు సభకు ద్ర. కేశవ రావుగారు నడుపుతున్న వాట్సన్ గురించి వానికి కొన్ని మమారావలు, పిటిషన్లు ఇచ్చాము. వాటినిగురించి ఏమి చర్య తీసుకున్నారో చెప్పగలరా?”

THE HON. DR. M. V. KRISHNA RAO :—“Sir, I have caused an enquiry to be made and necessary action would be taken. The hon. Member may put a separate question, if necessary.”

[28th July 1953]

SRI M. JAGANNATHAN :—“Sir, in view of the fact that nobody comes forward to start a Harijan hostel at Tindivanam, will the Government make an advance subsidy for starting a hostel in that place?”

THE HON. DR. M. V. KRISHNA RAO :—“That cannot be done, Sir.”

SRI R. S. ARUMUGAM :—“Sir, is it not a fact that the Director of Harijan Welfare suggested to the Government to open a Government Harijan hostel at Palayamkottai in Tirunelveli district and why has it not been opened? May I know whether it is to be opened?”

MR. SPEAKER :—“The hon. Member may put a separate question.”

SRI B. K. NALLASWAMI :—“Sir, Government have ordered that the private-managed hostel at Coimbatore for college boys should be closed down and that no grant would be given to it. There was a proposal that the Government should start a Harijan hostel of their own. I want to know whether the Government have started a hostel at Coimbatore for Harijan-college boys?”

THE HON. DR. M. V. KRISHNA RAO :—“Sir, about the closing down of the particular hostel, etc., I require notice.”

SRI S. DEIVASIGAMANY :—“In his reply, the Hon. Minister mentioned about the existence of ‘mixed’ hostels. Are there different blocks for girls and boys and if so, how many boys and how many girls are studying there?”

THE HON. DR. M. V. KRISHNA RAO :—“Sir, ‘mixed’ was used in the sense of Harijans and other classes.”

SRI M. NARAYANA KURUP :—“Sir, the list of hostels furnished by the Government would go to show that the hostel facilities for Harijans are very unevenly spread over the State. Will the Government take this fact into consideration in giving further sanctions and allow priority to places where there are very little facilities?”

THE HON. DR. M. V. KRISHNA RAO :—“Sir, instructions were issued even in the beginning of last year that priority should be given to areas and districts where there were not adequate number of hostels.”

SRI M. KALYANASUNDARAM :—“Sir, may I know the rate of subsidy given by the Government per boarder in these hostels and may I also know whether the relief given is only to Harijan students or is it another method of providing relief to political sufferers?”

THE HON. DR. M. V. KRISHNA RAO :—“Sir, the boarding grant is Rs. 15 per head in these hostels. As for the other question, I may say it is intended for Harijan boys only and for nobody else.”

[28th July 1953]

SRI G. BAPANAYYA :—“ హరిజన హాస్టల్స్ మేనేజర్లు హాస్టల్స్ ను సరిగా నడుపుట లేదని ఆనేక కంప్లెయింట్లు మీ దగ్గరకు వచ్చాయి. వాటిని గురించి మీరు విచారించారా? ఈ హాస్టల్స్ ప్రస్తుతం వివిధంగా నిర్వహింపబడుతున్నాయో తెలుసుకునేందుకే ఒక Enquiry Committee ని నేనీ ఆ విషయం పరిశీలన చేయిస్తారా? ఈ హాస్టల్స్ ను ఇకముందు క్రమబద్ధంగా తీసుకొనునట్లు చేస్తారా? ”

THE HON. DR. M. V. KRISHNA RAO :—“ There is no need for any enquiry committee. Every complaint was looked into and the general state was also studied. But on account of the financial stringency, Government are not in a position to start more hostels this year.”

SRI V. BALAKRISHNAN :—“ Is it a fact, Sir, that most of the managements do not bring to account private contributions from individuals and bodies? ”

THE HON. DR. M. V. KRISHNA RAO :—“ We can only look into the available accounts. Where there is any mistake, it is immediately attended to.”

SRI M. KALYANASUNDARAM :—“ Sir, do Government think that the amount of Rs. 15 per head is sufficient for maintaining a school-boy at that age and will Government consider increasing that amount? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ This has nothing to do with the pupils' tuition fees. It is only for boarding and maintenance. The business is fairly well managed in spite of so many difficulties. Our country is poor, our people are poor. Make any arrangement and there are some people who want to make a business out of it and there is in fact great protest from the managers about the subsidy rates. Every little group of people offer themselves for exploiting. To-day, we are trying to do our best. There is some mismanagement here and there but we recognise it will be worse if we appoint an Enquiry Committee. We will have to manage things as best we can remembering that our people are poor and many people will try to make something out of managing even Harijan hostels. Still we are coping with the difficulties.”

SRI S. VEMIAH :—“ Sir, the Hon. Minister was pleased to tell us that there are two hostels maintained by the district boards. May I know what those districts are? Will Government consider the desirability of extending the establishment of these hostels by other district boards? ”

THE HON. DR. M. V. KRISHNA RAO :—“ Sir, I think it is in Kurnool that these district board hostels are. The suggestion is always there and it is for the District Boards to start hostels.”

SRI V. SRI KRISHNA :—“ Sir, in view of the importance of the subject, I request that a half-hour debate may be allowed.”

MR. SPEAKER :—“ To-morrow, if there is time.”

Interest on value of foodgrains supplied to Producers'-cum-Consumers' Co-operative Societies in Malabar.

* 1150 Q.—**SRI K. MADHAVAN NAMBIAR** : Will the Hon. the Minister for Finance be pleased to state—

(a) whether Government are calculating interest on the amounts debited to the Producers'-cum-Consumers' Co-operative Societies being the value of foodgrains supplied to them;

(b) if so, at what rate; and

(c) whether there is any rule to claim interest from Government on the value of foodgrains supplied to Government by the Producers'-cum-Consumers' Co-operative Societies?

THE HON. SRI C. SUBRAMANIAM :—“ (a) Yes.

“ (b) Four per cent.

“ (c) There is no question of claiming any interest from Government as no foodgrains are supplied to Government by the Producers'-cum-Consumers' Co-operative Societies involving their funds in any manner.”

Irrigation projects in Perambalur taluk.

* 1151 Q.—**SRI M. PALANIMUTHU** : Will the Hon. the Minister for Public Works be pleased to state—

(a) whether any irrigation project relating to Perambalur taluk, Tiruchirappalli district, is pending with the Government; and

(b) what action has been taken so far in respect of it?

THE HON. SRI N. RANGA REDDI :—“ (a) & (b) Yes. The plans and estimates of the Chinnar Reservoir Scheme are under examination.”

House-sites for Harijans in Atmakur taluk, Nellore district.

* 1152 Q.—**SRI G. C. KONDAYYA** : Will the Hon. the Minister for Education be pleased to state—

(a) how much land for house-sites to Harijans in Atmakur taluk, Nellore district, was given within ten years;

(b) whether there are any petitions from Harijans from different villages in Atmakur taluk, Nellore district, pending with the Government; and if so, since when they have been pending; and

(c) what is the delay due to?

THE HON. DR. M. V. KRISHNA RAO :—“ (a) Nil.

“ (b) & (c) No petitions are pending with the Government. But it is reported that representations have been made by the hon. Member requesting for provision of house-sites for the

[28th July 1953]

Harijans of Vasili and Satanipalli villages of Atmakur taluk. Another case of acquisition in respect of Thatiparthi village is also pending with the Collector. The acquisition proceedings in the case of the first two villages are pending from December 1952 and November 1952 respectively, while in the case of the third village from August 1950. Land acquisition proceedings generally involve considerable delay because many preliminary enquiries have to be made before the proceedings are finalised."

Separation of the Judiciary from the Executive.

* 1153 Q.—SRI V. R. KRISHNA AYYAR: Will the Hon. the Minister for Law be pleased to state whether the Government have received any representation from the Madras Bar Federation regarding the Rajagopalan Committee's Report on the separation of the Executive from the Judiciary and what action has been taken in that behalf?

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"The Secretary of the Provincial Bar Federation has forwarded to Government a copy of the resolutions passed by its Executive Committee. These relate to the rules for recruitment to the magistracy. Before taking a final decision on this matter, Government will take into consideration the Bar Federation's opinions expressed in these resolutions."

Lift irrigation in Guntur district.

* 1154 Q.—SRI P. VENKATASIVIAH: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether any representations were received by the Government from the public or a memorandum from the District authorities of Guntur that nearly 20 villages in Vinukonda taluk should be provided with facility of lift irrigation along both the banks of the Gundlakamma river if electricity is supplied for pump-sets;

(b) if so, what is the action the Government have taken or propose to take; and

(c) whether there is any scheme of extending electric supply to Vinukonda taluk and if so, when it will be executed?

THE HON. SRI N. RANGA REDDI:—" (a) No representations were received by the Government from the public or from the District authorities. A representation on the subject from the hon. Member has, however, been received by the District Collector, Guntur.

" (b) The matter can be investigated only when supply of electricity has been extended up to the Gundlakamma river.

" (c) Yes. The proposal is under examination by the Government Electricity Department."

[28th July 1953]

Alleged shifting of electric machinery, etc., of the Ex-Servicemen Co-operative Metal and Timber Works, Waltair.

* 1155 Q.—SRI M. VEERABHADRAM: Will the Hon. the Minister for Industries and Labour be pleased to state whether it is a fact that the Government have ordered the shifting of machinery such as electric transformer, etc., of the Ex-Servicemen Co-operative Metal and Timber Works, Limited, Kapparada, Waltair R.S., to a place in the southern districts; and if so, the reasons therefor?

THE HON. DR. U. KRISHNA RAO:—"One electric transformer belonging to the Ex-Servicemen Co-operative Workshop at Kapparada, Visakhapatnam, for which they could find no use, and which they could not sell, was ordered to be transferred to the Ex-Servicemen Co-operative Workshop at Olavakode, Malabar district, subject to the condition that the value is paid for."

Alleged complaint against a doctor of the Anantapur Government Headquarters Hospital.

* 1156 Q.—SRI T. LAKSHMINARAYANA REDDI: Will the Hon. the Minister for Health be pleased to state—

(a) whether there were any complaints of corruption against a doctor in the Government Headquarters Hospital, Anantapur, by Sri B. Gopalakrishna and other Municipal Councillors of Anantapur; and

(b) if so, what was the action taken?

THE HON. SRI A. B. SHETTY:—" (a) The answer is in the affirmative.

" (b) The matter is under investigation."

Clerks in the Registration Department.

* 1157 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Religious Endowments be pleased to state—

(a) the percentage of upper division clerks and the percentage of lower division clerks in the Registration Department;

(b) the percentage of both the categories in the Revenue and Public Works Departments; and

(c) the criterion for assessing the requirements of the posts of upper division clerks in these departments?

THE HON. SRI K. VENKATASWAMI NAIDU:—" (a) The total number of clerks in the Registration Department is 2,135 of which 36 are in the upper division. The percentage of upper division and lower division posts are 1.69 and 98.31 respectively.

[28th July 1953]

“(b) Necessary up-to-date figures about the correct percentages are not readily available. It may, however, be stated that the number of upper division posts does not bear a fixed and uniform ratio to the number of lower division posts either in the Registration Department or in the Revenue or Public Works Department.

“(c) The criterion for assessing the required number of upper division posts is the nature of the work that is to be done by clerks. If the duties of a clerk are mainly of a routine nature, the post will be in the lower division and if the clerk is to do noting and drafting and to deal with important subjects the post will be in the upper division.”

Anti-malarial operation in East Godavari.

* 1158 Q.—

MR. SPEAKER :—“The hon. Member Sri Y. V. Krishna Rao is not in his seat. The question and answer will be printed in the proceedings.”

SRI Y. V. KRISHNA RAO : Will the Hon. the Minister for Health be pleased to state—

(a) whether anti-malarial operations have been started in Yellavaram taluk, East Godavari district, as promised in Letter No. 52211 E-2/52-1, Health, dated 12th November 1952; and

(b) whether any officers have been appointed for the purpose and if so, from what date and of which cadre?

THE HON. SRI A. B. SHETTY :—“(a) Yes.

“(b) A Health Officer, Class I with necessary subordinate staff has been sanctioned. The Health Officer joined duty on 12th February 1953.”

Ten per cent cut in the salaries of High Court Judges.

* 1159 Q.—SRI V. R. KRISHNA AYYAR : Will the Hon. the Chief Minister be pleased to state whether the 10 per cent cut imposed by the Madras State Government was accepted voluntarily by the High Court Judges?

THE HON. SRI C. RAJAGOPALACHARI :—“No, Sir. No attempt was made in view of previous experience. I may mention that there was previously a voluntary cut and they all withdrew afterwards. That is what I referred to as ‘previous experience’. Almost all the Judges in India did it.

“I may add the salaries of the High Court Judges have been fixed by the Constitution. Their pay cannot be ordered to be cut by the State Government. We have since withdrawn the orders imposing a temporary cut of 10 per cent on the pay of the State Officers, consequent on the Government of India’s non-acceptance of this Government’s suggestion for a similar cut in the pay of All-India Service Officers. So the question of voluntary cut for Judges cannot arise.”

[28th July 1953]

Zamindar's choultry at Turaiyur.

* 1160 Q.—SRI P. RANGASWAMI REDDIAR : Will the Hon. the Minister for Religious Endowments be pleased to state—

(a) whether it is a fact that the Zamindar’s choultry at Turaiyur was ordered to be taken up by the district board in 1916;

(b) whether the said choultry is still under private management and not under district board; and

(c) if so, why?

THE HON. SRI K. VENKATASWAMI NAIDU :—“(a), (b) & (c) The choultry is under the private management of the Zamindar as hereditary trust. No records are available to show that it was ordered to be handed over to the District Board in 1916.”

Remission of revenue in West Godavari.

* 1161 Q.—SRI B. LAKSHMINARASA RAJU : Will the Hon. the Minister for Land Revenue be pleased to state the area of II Crop zone for the year 1950–51, 1951–52 and 1952–53 for West Godavari and what is the extent for which remissions were granted during those years?

THE HON. SRI M. A. MANICKAVELU NAICKER :—

Year.	Extent of II crop zone.	Area of II crop zone covered by the grant of remission.
	ACS.	ACS.

Health safeguards in Nellore town.

* 1168 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Health be pleased to state what steps have the Government taken to combat high mortality rates and ensure proper sanitary drainage and public health safeguards in Nellore town?

THE HON. SRI A. B. SHETTY :—" Nellore Town has got good facilities for medical aid. It has got four hospitals, a Maternity and Child Welfare Centre with prospects of another centre in the near future and a few Nursing Homes run by Private Medical Practitioners. The high mortality rate in Nellore Town is largely attributable to the rural population from the surrounding parts coming in numbers to the town for medical aid and that too in the late stages of the conditions requiring aid with attendant complications and the deaths among them being recorded in the municipality. If this is excluded, the mortality rate in Nellore town cannot be considered high.

" The existing water-supply scheme is about to be extended to certain new extensions in the town. The municipality is taking steps for providing a system of surface drains to draw off certain badly provided areas in the town."

Housing of Harijans in the City.

* 1169 Q.—SRI A. RATHINAM : Will the Hon. the Minister for Education be pleased to state what are the plans of the Government for housing the Harijans in the City?

THE HON. DR. M. V. KRISHNA RAO :—" In the matter of provision of house-sites to the Harijans in Madras City it has been the policy of the Government—

- (i) to grant the sites in the lands which are at the disposal of the Government free of cost; and
- (ii) to acquire private lands through co-operative societies formed by the Harijans themselves when the Harijans meet the cost of acquisition.

" Under item (i) above there are as many as 22 colonies where sites which were at the disposal of the Government have been assigned to Harijans free of cost. In these colonies Government have also provided the necessary sanitary amenities such as roads, drains, latrines, street lighting, etc.

" Under item (ii) above three colonies have so far been formed through co-operative societies.

28th July 1953]

" The Government have not, however, been able to do much to help the Harijans to construct houses on the sites allotted to them due to the paucity of funds. In four colonies in Madras City the Government themselves have constructed houses which are let out to Harijans."

Disciplinary enquiries against Government officials.

* 1177 Q.—SRI V. CHIDANANDAM: Will the Hon. the Chief Minister be pleased to state—

(a) whether disciplinary enquiries even against officers in the mufassal are conducted by the Tribunal at Madras and why they are not entrusted to the Collector or some other suitable authority in the district itself; and

(b) whether the Government have considered the question of saving which can be effected by enquiry by local officers?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) & (b) Experience has shown that it would be more just and expedient to entrust the enquiries to a quasi-judicial body. It does not necessarily conduct all its enquiries against officers at Madras but it sits at such places as it may determine with due regard to the convenience of the parties concerned and expenses involved. Collectors and other District Officers who could be thought of have no time to spare for conducting these enquiries which are in almost all cases long-drawn and cannot be expedited beyond a certain measure, without giving room to a feeling that justice has not been done to the delinquent officials. It may also be remembered that quite a large number of departmental enquiries deal with a number of cases other than those that go to the Tribunal.”

Government Soap Factory, Kozhikode.

* 1178 Q.—SRI P. KUNHIRAMA KIDAV: Will the Hon. the Minister for Industries and Labour be pleased to state—

Conference of Police Officers of the Coastal Andhra districts.

* 1179 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Finance be pleased to state with reference to answer to question No. 212 given on 25th July 1952 whether there was a

[28th July 1953]

conference of Police chiefs of coastal Andhra districts held after the Eluru Conference and before the date when firings took place in Nellore and a few Andhra towns in December 1952; and if so, whether it is a fact that the plan about Police firings was discussed and decided at that conference?

THE HON. SRI C. SUBRAMANIAM:—“A Conference of the District Superintendents of Police of the Northern Range presided over by the Deputy Inspector-General of that Range, was held at Vijayavada on 7th November 1952. No plan about Police firings was discussed at that conference. It was only a routine annual conference, in no way peculiar to the Coastal Andhra districts. Such Range conferences are convened annually by the respective Deputy Inspectors-General to discuss administrative and crime matters and to exchange views.”

Vemuladevi Project, Narasapuram taluk, West Godavari.

* 1180 Q.—SRI B. LAKSHMINARASA RAJU: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the Government have completed the Vemuladevi Project in Narasapuram taluk, West Godavari district;

Alleged starvation death in Pamarru, Gudivada taluk.

* 1182 Q.—SRI G. RAMA RAO: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether it is a fact that there was a death due to starvation in Pamarru of Gudivada taluk on 3rd March 1953; and

[28th July 1953]

(b) what were the findings of the panchayatdars in respect of the death on 3rd March 1953 and what was the Police report?

THE HON. SRI M. A. MANICKAVELU NAICKER:—

“(a) & (b) The M.L.A. apparently refers to the dead body of an unknown person which was found in Pamarru village on 1st February 1953. The Village Munsif reported the fact to the Police. Thereupon the Police made the necessary enquiries and held an inquest. The panchayatdars could not come to a decision as to the cause of the death. From the enquiries made by the Police it transpired that the deceased was a demented beggar whose death was due to lack of proper nourishment.

“Pamarru is a rich deltaic village of the Gudivada taluk and paddy is the main crop in this area. There is no scarcity of food in this village and in the other deltaic villages of the Krishna district. The death occurred on 1st February 1953 and not on 3rd March 1953. It is possible that due to dementia the person was not taking proper food and thereby died.”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“The Government do not consider it necessary to place on the table of the House G.O. No. 615, Revenue, dated 28th February 1953 which explains the legal position in respect of the various stages in the assignment of land and is intended for the guidance of the subordinates only. The Member however is referred to the Government Press Note No. 79, Public Works (Information and Publicity), dated 2nd June 1953, which clarifies the orders relating to the assignment of land to the political sufferers.”

Relief works in Badvel taluk, Cuddapah district.

(a) whether it is a fact that no relief work was provided either in the whole of Kalasapad Revenue firka or to the north of Munnelli in Munnelli firka in Badvel taluk in Cuddapah district by way of laying roads; and

(b) if so, what was the reason for neglecting that area?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“(a) No. Three road works have been sanctioned to serve the areas mentioned in the question. In addition, three road works are also in progress in Kalasapad and north of Munnelli Firka of Badvel taluk.

Levy of taxes in Rameswaram island.

* 1195 Q.—SRI M. KALYANASUNDARAM: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) what taxes are collected in respect of trees, plants and waste-lands in the island of Rameswaram;

(b) under what provisions of law these taxes are collected;

(c) whether any representations from the people of Rameswaram have been received by the Government requesting the cancellation of these taxes; and

(d) what action the Government propose to take?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) Prior to the taking over of the island villages by the Government under the Abolition Act, the estate authorities were not collecting any rent if there were no trees and no cultivation, and were collecting tree tax at certain prescribed rates on the lands containing trees. After the taking over, the Government are continuing the same practice.

(a) whether investigation was completed and plans and estimate prepared finally for forming a new tank for the village of Itukulapad in Badvel taluk of Cuddapah;

(b) if so, whether the Government have sanctioned the scheme;

(c) if not, why not; and

(d) what is the estimate amount and the proposed ayacut that would come under the same?

THE HON. SRI N. RANGA REDDI:—“(a) Yes.

“(b) & (c) The scheme was not sanctioned as it would affect supplies to two tanks (Amagampalli tank and Yellareddicheruvu) lower down, which were already not receiving enough supplies to irrigate their ayacut.

Assignment of tank-bed lands of Thadikonda village, Guntur district.

* 1198 Q.—SRI V. SRI KRISHNA: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether it is a fact that nearly 145 acres were granted to ex-servicemen in the tank-bed lands of Thadikonda village, Guntur district from the year 1917 to the year 1935;

(b) whether it is a fact that the Revenue Divisional Officer and the Tahsildar had given permission to the local landless poor to cultivate another 250 acres of the same tank-bed lands under Grow More Food Scheme for faslis 1352 to 1356;

(c) whether it is a fact that the occupants continued to cultivate the land until fasli 1360 and paid Single Block Rate;

(d) whether it is a fact that the Collector allowed the appeal filed by the occupants on 6th November 1951 against the eviction orders of the Revenue Divisional Officer; and

(e) (i) whether the Government have received petitions for assignments subsequently; and

(ii) if so, the action taken by the Government?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) About 130 acres were assigned in 1917 to ex-servicemen and another 15 acres to the local police people in 1935.

“(b) Yes, Sir, about 230 acres.

“(c) Yes, Sir.

“(d) The Collector allowed the appeal in respect of occupation in 60 acres of land which was found to be above the Full Tank Level.

“(e) (i) No, Sir.

II.—ADJOURNMENT MOTIONS

(1) TRADE DISPUTE IN SIMPSON GROUP OF INDUSTRIES.

MR. SPEAKER:—"The hon. Member Sri M. Kalyanasundaram has given notice of an adjournment motion which reads as follows:—

'That the business of this House be adjourned for discussing an urgent matter of public importance, viz., the failure of the Government to intervene in the trade dispute between the workers and the management of the Simpson Group of Industries which has led to a strike of about 5,000 workers in the City of Madras.'

He has also given notice of a short notice question and I have admitted it. Let me hear Mr. Kalyanasundaram."

SRI M. KALYANASUNDARAM:—"Sir, we are not aware of the steps taken by the Government to settle the dispute. My object in giving notice of an adjournment motion and also a short notice question is only to strengthen the hands of the Government to bring the management to its senses instead of aiding its obstinacy by providing police bandobust. If the Hon. Minister for Labour agrees to answer the short notice question, I am prepared to withdraw the adjournment motion."

*THE HON. SRI C. RAJAGOPALACHARI:—"Sir, I think the hon. Member may be persuaded to withdraw, if I state the actual state of affairs. There was a sudden strike. At the same time, we were enquiring into the situation and we had decided to refer the matter for adjudication. The delay is only due to a large number of issues having to be examined, analysed and put before the adjudicator and also the selection of a suitable officer to serve as an adjudication tribunal. It is only these things that are delaying and the decision to refer the matter for adjudication has already been arrived at. Meanwhile, I hope that the men will go back to work and that there will be peace. I think that instead of helping, it will hinder it if we discuss a matter of this kind on an adjournment motion. Let the adjudication go on, let the men go back to work and let us do our best to achieve this end without too long an interval and too much of a discussion to spoil the atmosphere. I beg of Mr. Kalyanasundaram in this one instance to withdraw the motion and leave us free to carry on. If necessary, he can agitate afterwards."

SRI M. KALYANASUNDARAM:—"In view of the assurance given by the Hon. Chief Minister, I do not press the adjournment motion. But I request you to admit the short notice question."

MR. SPEAKER:—"I have already admitted it."

28th July 1953]

(2) REINSTATEMENT OF WORKERS OF THIRUVANNOOR COTTON MILL, LTD., KALLAI.

MR. SPEAKER:—"The hon. Member Sri K. P. Gopalan has given notice of an adjournment motion which reads as follows:—

'This Assembly stands adjourned to discuss an urgent matter of public importance, namely, the satyagraha by workers before the Thiruvannoor Cotton Mill, Limited, Kallai, South Malabar, for reinstatement in the mill and the failure of the Government to take necessary steps in the matter.'

I do not know how this matter can form the subject of an adjournment motion. The hon. Member seems to think that as soon as there is a strike, the matter should come up before this House on an adjournment motion! I must tell the House that it is clearly out of order as this is not a matter for which the Government are responsible."

III.—GOVERNMENT BILLS.

(1) THE MADRAS ENTERTAINMENTS TAX (AMENDMENT) BILL, 1953.

*THE HON. SRI S. B. P. PATTABHI RAMA RAO:—"Mr. Speaker, Sir, I beg to introduce the Madras Entertainments Tax (Amendment) Bill^a, 1953, and move—

'That the Bill be taken into consideration at once.'

"The Madras Entertainments Tax (Amendment) Act, 1949 (Madras Act XVII of 1949), was brought into force on the 1st August 1949. Under section 1 (3) of that Act as amended by the Madras Entertainments Tax (Amendment) Act, 1950 (Madras Act XIII of 1950), the Act ceases to be in force from the 31st July 1953. We have brought forward this Amending Bill to extend the Act for a further period of three years up to and inclusive of the 31st July 1956.

"A show tax is being levied on the exhibitions of films held in Madras City at Rs. 2-8-0 for every show, on exhibitions held in municipalities notified in this behalf by the State Government at Rs. 2 for every show, and on exhibitions held in other municipalities at Rs. 1-8-0 for every show. For exhibitions held elsewhere other than those held with the cinematograph apparatus and plant moved from place to place, otherwise called touring cinemas, either in panchayat areas with a population of less than 10,000 at the last census or in non-panchayat areas, the tax levied is Re. 1 for every show.

"The question of continuing the levy of this tax for a further period of three years was examined in consultation with the Board of Revenue. The hon. Members of this House are well aware that the financial position of the Madras State is not very rosy. Considering the fall in revenue from commercial taxes, the State cannot afford to lose the fairly large income derived from this tax. Since the State is going to be partitioned shortly, we thought that the continuance of this Act for a further period of three years will

^a Published in the Fort St. George Gazette, dated 1st July 1953.

[Sri S. B. P. Pattabhi Rama Rao] [28th July 1953]

do for the present, so that later on the Governments of the Andhra and the Residuary States might be left free to examine the position and make any changes that they may desire.

9.50 a.m. “ Before I sit down, Sir, I would like to mention that the hon. Member Sri K. Krishna Rao from Nellore has asked for some information regarding this Bill. As there was no time to collect the material, print and place it on the table of the House, I wish to give it in this House. The first point that he wanted to know is the number of entertainments year-wise from 1949. (I am sorry the information regarding the number of entertainments on which this additional tax was imposed under section 4 (a) of the Madras Entertainments Tax (Amendment) Act, 1949 (Madras Act XVII of 1949), is not available at present. It takes considerable time and labour to gather the statistics and I am sorry I could not do it within this short time. The second point that he wanted to know is the income derived year-wise from 1949. I give the following figures for the information of the House:—

	RS.
1949-1950 (1st August 1949 to 31st March 1950)—Income collected.	3,99,394
1950-1951 for the full year—Income collected.	6,38,540
1951-1952 Do. Do.	6,84,939
1952-1953 Do. Do.	6,86,103

I now request the House to take the Bill into consideration.”

MR. SPEAKER :—“ The motion before the House is—

“ That the Madras Entertainments Tax (Amendment) Bill, 1953, be taken into consideration at once.”

* SRI K. KRISHNA RAO :—“ Mr. Speaker, Sir, I move—

“ That the Madras Entertainments Tax (Amendment) Bill, 1953, be referred to a Select Committee.”

Sir, this Bill is designed to charge not so much the persons who go and see the entertainments, but the proprietors who actually show the entertainments. I think it was in 1949 that the then Finance Minister actually moved this Bill and while moving he gave some reasons as to what prompted the Government of the day to increase the entertainment tax. He said that at that time the Government were engaged in a number of works which they were doing on behalf of the Planning Commission, that they were running short of funds and that was why they were trying to reimburse their revenues by this tax. The very reason why the Assembly at that time gave only one year was proof that they were under the impression that this would last only for a year and that they would be able to have a surplus budget thereafter. But the position was that they actually did so many things with the result they could not balance the budget in the subsequent years also. This shows that the Government originally wanted to have it only for one year and they were banking upon hopes that they would be able to set their House in order so far as the finances of the State were concerned.

28th July 1953] [Sri K. Krishna Rao]

Now, the fact that the Government have not been able to do this is amply confirmed by the fact that they are coming out for renewal. We are entitled to know the actual position, why from 1949 to this date not merely have they not been able to complete the various works which they have planned to do, but they have been running into deficit year after year? We want to investigate into the whole matter and that can be done only by a Select Committee. I want to see whether by this tax we have been encouraging entertainments and the effect it had upon the cinemas and many other shows which are supposed to be taxed or whether it had a restrictive effect upon the entertainments or whether it had any other effect. That can be understood only if a Select Committee actually goes into this Bill in detail, not merely to know how it worked, but what difficulties arose in practice from 1949 to this date. If we are all at all to extend it, we will have to take the experiences gained in the working of the Bill all these years. If any amendments or modifications are needed, if either the taxes are to be enhanced or reduced, all these can be considered only in the light of the working and the experiences we had in these four years. Only a Select Committee will be able to calmly go into the whole matter and say that the measure is in accord with the times. Therefore, I say that this Bill should be referred to a Select Committee.”

SRI VAVILALA GOPALAKRISHNAIAH :—“ I second the amendment moved by my hon. Friend Mr. Krishna Rao.”

* THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“ Mr. Speaker, I am grateful to the hon. Member Mr. Krishna Rao for the suggestions he made. As regards the examination of the Bill thoroughly and also for increasing or decreasing the tax, I submit that we need not have a Select Committee. I have actually borne in mind, when I moved this Bill, all the facts that he has mentioned. I am afraid there is nothing fresh to be examined by the Select Committee except to delay it. We cannot afford to delay this Bill as the present Act expires with the end of July 1953 and hardly four days are left. There is nothing fresh also to be examined in the Select Committee, the Bill having been once examined thoroughly and passed into an Act and this Act has been in operation all these years. If any fresh examination is necessary, certainly it could be done after the separation of the State and the two States can go into it thoroughly and they can make any changes as they desire according to the local conditions existing in each State. Even if this Bill is referred to a Select Committee on the eve of partition and the Select Committee makes certain recommendations, I am afraid they may not be quite acceptable to the new State. Because we are on the eve of separation and the Act is actually in force for the last four years and no complaints have been received, I feel it is not necessary to appoint a Select Committee at this stage. Hence I request the hon. Member Mr. Krishna Rao to withdraw his amendment.

[Sri S. B. P. Pattabhi Rama Rao] [28th July 1953]

"With regard to the Planning Commission and the works which my predecessor Mr. Gopala Reddi had not been able to complete, according to Mr. Krishna Rao, I do not want to go into the merits or demerits of what he said at that time. But the hon. Member Mr. Krishna Rao is well aware of the financial position of the State just at present, how the expenditure is increasing day by day which we could not possibly control in spite of our best efforts and why we need more money immediately. I also request him to keep in view the ways and means position of the State and withdraw his amendment. I request the House to take this Bill into consideration at once."

10
a.m.

* THE HON. SRI C. RAJAGOPALACHARI:—"Sir, the position is this. The hon. Member should understand that the entire proceeds go to local boards. I do not see why this Bill should be delayed. The hon. Member Mr. Kalyanasundaram was suggesting to me whether the Government would be content if it was extended by one year and the matter reconsidered later on. I leave that to the Hon. Minister for consideration."

* SRI T. VISWANATHAM:—"Sir, the Hon. the Chief Minister says that the entire proceeds under the two existing Acts would go to local bodies. I am afraid that is not correct."

* THE HON. SRI S. B. P. PATTABHI RAMA RAO:—"Except 10 per cent, 90 per cent of the proceeds go to local boards. Ten per cent is utilised for collection charges. Practically the net proceeds go to the local bodies."

* SRI T. VISWANATHAM:—"Sir, the whole of the 'Show' tax goes to the Government. It is only to relieve their financial stringency that the Act was passed, and the whole proceeds go to the Government of Madras."

* SRI K. KRISHNA RAO:—"Sir, the Entertainments Tax Act consists of two parts. One is a tax upon the persons who go to the show. The other tax is upon the show itself, which is borne by the proprietors. So far as I am able to see from the proceedings of the Assembly in 1949, I find that this tax does not go to the local bodies. I cannot see that this tax goes to the local bodies."

* THE HON. SRI S. B. P. PATTABHI RAMA RAO:—"I might mention here, Sir, that there are two taxes, namely, (1) tax on the ticket (this is paid by the person who sees the show) and (2) tax on the shows. Hence there are two types of tax."

* SRI K. KRISHNA RAO:—"Sir, I wish to say a few words in reply to what the Hon. Minister has stated. He said that there was no need for examination. We are here to say that we are convinced, after seeing the working of the Act, that there is need for revision. The other thing is that for two years to come the Andhra State will be very busy attending to much more urgent

28th July 1953] [Sri K. Krishna Rao]

things and preliminaries concerning the formation and stabilization of the Andhra State. Therefore, I think that we should be very careful in dealing with these things."

* THE HON. SRI S. B. P. PATTABHI RAMA RAO:—"Sir, I am glad that Mr. Krishna Rao has made out a point which I myself wanted to mention to you. It will take at least two years for the Andhra State to settle down and think afresh of this Act. That is why I am asking time for three years for this Act, in which case there will be plenty of time for the Andhra State to consider and repeal this Act or amend it. Hence, a period of three years is an absolute necessity. I must respectfully submit to the Chief Minister that the period of three years may not be altered. We would like to have time for three years, and this Act has to be in force for three years. As regards examination, I might mention to the hon. Member Mr. Krishna Rao that examination and scrutiny can be had at closer quarters and in a smaller Assembly than this august Assembly. We can then certainly do all that is necessary to improve the Bill. As I have already explained, the Act will expire on the 31st July 1953. Therefore, I would now request the House to take this Bill into consideration."

MR. SPEAKER:—The question is—

'That the Madras Entertainments Tax (Amendment) Bill, 1953, be referred to a Select Committee.'

The amendment was put and lost.

SRI PILLALAMARRI VENKATESWARLU:—"Sir, the Hon. the Chief Minister's suggestion is that the period may be limited to one year. Has he clarified that point?"

MR. SPEAKER:—"We will take this up when we come to the relevant clause. The question is—

'That the Madras Entertainments Tax (Amendment) Bill, 1953, be taken into consideration at once.'

The motion was put and carried.

Clause 2.

* SRI VAVILALA GOPALAKRISHNAIAH:—"Mr. Speaker, Sir, I move the amendment standing in my name, namely,—

'For the figures and words "1st August 1956", substitute the figures and words "31st December 1953".'

Sir, I submit that I differ from the view of the Hon. Minister in charge of the Bill that it will take two years for the Andhra State to settle down. This must be considered immediately. Because this is an emergency Bill. It must be discussed according to the needs and necessities of the States concerned. Mr. Kalyanasundaram and the Hon. the Chief Minister agreed to limit the period to one year. But I propose that it should be still further limited, i.e.,

[Sri Vavilala Gopalakrishnaiah] [28th July 1953]

it must be limited to six months. They have agreed to the principle that the concerned States will have to discuss the Bill. They want to give a long time for discussion and I want to give only a short period. Immediately after October this year, there will be meetings of the respective Assemblies. They can discuss the whole thing threadbare. There is a difference of opinion whether the proceeds go to the local boards or municipalities or both. The Hon. Minister Mr. Pattabhi Rama Rao states that the proceeds go to the local boards. On another occasion, he said the proceeds would go to municipalities. Probably both may be true. If he clarifies the position, I am prepared to accept his suggestion. A doubt has arisen in regard to district boards and municipalities. My point is that the Bill be taken up by the States concerned whether Andhra or Residuary State—after separation. Therefore, Sir, I move my amendment."

* SRI K. VENKAIAH:—"Sir, I second the amendment. While seconding the amendment, I have to say a few words. We know that the purchasing power of the people is going down day by day. If we do not take this factor into consideration, and keep taxes within limits, I am afraid, many entertainment concerns will be closed down. We already know that there is huge unemployment. Unemployment is becoming more and more. In view of this, the whole thing should be considered afresh. So, six months or one year should be fixed as the period. But it should not exceed one year. I support the amendment of Mr. Gopalakrishnaiah."

* SRI R. SIDDANNA GOWD:—"Sir, it is given out by the Hon. Minister who moved the Bill that the entire proceeds of the tax would go to the coffers of the local bodies. The Hon. Minister now denies that my surmise is wrong, and says that only a part of the proceeds will go to the local bodies. It is well known that the financial resources of the local bodies are not good. In view of the fact that the revenues from this tax will go to, or aid the finances of the local bodies of this State, I feel it incumbent on my part to support the Bill in its entirety. I appeal to my hon. friend Mr. Gopalakrishnaiah to withdraw his amendment."

10-10
a.m.

SRI K. V. RAMESAM:—"In supporting the amendment for extending the time up to December 1953, my suggestion is that a period of one year is quite enough. The pros and cons of this legislation have to be fully discussed in the future Legislatures of the respective States. I therefore request the Government to accept the amendment which says that it will be enough if this legislation is extended for a period of one year."

* THE HON. SRI S. B. P. PATTABHI RAMA RAO:—"Before the discussion proceeds further, I wish to clear certain points. As I have already mentioned there are two kinds of taxes. One is collected from the film-goers by way of a tax on tickets which is paid by the public who visit the entertainments. Ninety per cent

28th July 1953] [Sri S. B. P. Pattabhi Rama Rao]

of that tax goes to the local bodies. The other tax that is paid by the exhibitors of films at a very small rate goes entirely to the Government and not to the local bodies."

* SRI PILLALAMARRI VENKATESWARLU:—"I do not know the reasons why the Hon. Minister who is responsible for bringing this Bill has prescribed a period of three years. After all, the State is shortly going to be divided and there will be two separate Legislatures to discuss the matter. If he has got any apprehensions about the formation of a Cabinet in the State of Andhra, then I quite appreciate his bringing forward this measure. If it is not so, I hope the period of one year is quite just and proper. If the Government agree with this view and accept the principle the amendment moved by Mr. Vavilala Gopalakrishnaiah need not be pressed. I hope the Government will be agreeable to this irrespective of the fact whether there will be a Cabinet in Andhra . . .

* THE HON. SRI C. RAJAGOPALACHARI:—"The formation of the Andhra State has nothing to do with this legislation. Even though this Bill may be passed here now, the Andhra Legislature can still change this Bill, abolish it even and give a free hand to the cinema producers and annul the tax also. They can do all those things. It is only a question of time. So I say that instead of an order terminating in the middle of the financial year, it would be better if we have 31st March 1955. I move—

'For the figures and words "1st August 1956" in the proposed sub-section (3), substitute the figures and words "31st March 1955".'

SRI PILLALAMARRI VENKATESWARLU:—"I think a period of one year will be quite sufficient. Meanwhile, the Legislature will meet and decide. Financial year has nothing to do with this."

* THE HON. SRI C. RAJAGOPALACHARI:—"I am surprised at this plea which is put forward on behalf of the picture-makers or exhibitors. It is not a tax on the film-goers. It is a tax on the organisers of films who are making money. This is not a question of the purchasing power of the people. If the big film-producers are not able to make huge profits as before, it is due to many causes. People are tired of bad shows. That is the reason why they don't attend shows as before."

* SRI M. KALYANASUNDARAM:—"It is not a plea for the film-producers or the owners of the cinema houses. If anybody should plead, it is the Government who should plead on their behalf, as most of the producers are supporters of the Congress."

THE HON. SRI C. RAJAGOPALACHARI:—"They are not our enemy!"

[28th July 1953]

SRI M. KALYANASUNDARAM:—"Our suggestion is that we should find out whether they are adequately taxed. That is why we say that for the time being we can extend the legislation for one year. If, however, there is any difficulty for the Government, let us have it till 31st December 1954."

THE HON. SRI C. RAJAGOPALACHARI:—"That is why, I have suggested that the legislation may be in force till 31st March 1955."

* THE HON. SRI S. B. P. PATTABHI RAMA RAO:—"There has been enough discussion on this clause. I would just mention one thing. As Mr. Krishna Rao has pointed out, there may be enough headaches for the new State in the beginning and there may not be enough time to go through such Bills. When once we are separated there may be time, as the Hon. Chief Minister pointed out to consider the legislation before 31st March 1955. The date 31st March 1955 is quite reasonable and I request hon. Member Sri Vavilala Gopalakrishnaiah to withdraw his amendment."

* SRI VAVILALA GOPALAKRISHNAIAH:—"Sir, I was not able to follow the suggestion of Hon. Sri Pattabhi Rama Rao. I do not know whether he was agreeable to my suggestion or to the suggestion made by the Hon. Chief Minister. If it is a question of having the legislation to suit the financial year, then why cannot they have it as 31st March 1954?"

* THE HON. SRI S. B. PATTABHI RAMA RAO:—"If we make it a 1954, there will be hardly any time for anybody to consider it after the new State is formed. We must have some more time. In the initial stages the Andhra State and its Legislature may have to attend to many more important issues. That is why we have suggested the date 31st March 1955 and it may be accepted, Sir."

SRI VAVILALA GOPALAKRISHNAIAH:—"In that case, I withdraw my amendment."

The amendment of hon. Member Sri Vavilala Gopalakrishnaiah was, by leave, withdrawn.

MR. SPEAKER:—"I will now put the Government amendment to the vote of the House. The question is—

'For the figures and words '1st August 1956' in the proposed sub-section (3), the figures and words '31st March 1955' be substituted.'"

The amendment was put and carried.

Clause 2 as amended was put and carried. Clause 1 and the Preamble were then put and carried.

THE HON. SRI S. B. P. PATTABHI RAMA RAO:—"Sir, I beg to move—

'That the Bill as amended be passed into law.'"

28th July 1953]

* SRI T. VISWANATHAM:—"Sir, there is no doubt this legislation benefits the local bodies. It also benefits the sales tax department. In this connexion, I wish to bring to the notice of the Government that the Government are now losing quite a large amount under this head. A large number of seats in the cinema houses are now-a-days kept free for the officials of the Revenue, Police, Commercial Taxes, Electricity, Public Health and various other departments. In the administration of this Act, I request the Hon. Minister to look into this matter and see that seats in cinema houses are made available only to those who actually pay and that no seats are reserved for Government officials or servants of the local bodies. At the present time, many of the seats in the cinema houses are kept vacant for these officials and so the Government have to lose a large sum of money, which they would have otherwise got had those seats been occupied by persons who paid for them. To-day, entertainment tax and even surcharge is collected. In fact, cinemas are not entertainments; they are only a sort of recreation for the poor people and this tax and also the surcharge is recovered from these poor people. That being so, why should the Government lose money on account of their officials occupying many seats in cinema houses without paying for them and deprive the paying persons of their seats? I request the Hon. Minister to take these things into consideration and see that the administration of this beautiful tax is really made beautiful."

* THE HON. SRI C. RAJAGOPALACHARI:—"I am sorry Sri Viswanatham has always an eye on the dark and black things. (Laughter.) Here is a case where people attend entertainments. There are two sides to every question. At times, respectable people are invited to attend cinemas and made to sit there. Then other people think it is good to go and attend cinemas after paying in the box office. When officials go there we need not object to it. The seats will be better arranged, and things will be kept cleaner and tidier if occasionally people like those mentioned by Mr. Viswanatham go and sit there."

* SRI T. VISWANATHAM:—"Will the Hon. Chief Minister then issue instructions to the various departments asking the officials to visit the cinema houses more frequently than now on a free ticket system?"

THE HON. SRI C. RAJAGOPALACHARI:—"I would do that 10-20 a.m. if the pictures were better."

MR. SPEAKER:—"The question is—

'That the Madras Entertainments Tax (Amendment) Bill, 1953, as amended be passed into law.'

The motion was put and carried and the Bill was passed into law.

(2) THE MADRAS BUILDINGS (LEASE AND RENT CONTROL) AMENDMENT BILL, 1953.

* THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—“ Mr. Speaker, Sir, I beg to introduce the Madras Buildings (Lease and Rent Control) Amendment Bill *, 1953 and move—

‘ That the Bill be taken into consideration at once.’

In moving this Bill, I wish to say that it is a very non-controversial and simple Bill seeking to extend the life of the Act by another two years. We shall take stock of the position then and review the whole accommodation problem. I hope the House will accept this simple measure without much opposition.”

MR. SPEAKER :—“ The motion is—

‘ That the Madras Buildings (Lease and Rent Control) Amendment Bill, 1953, be taken into consideration at once.’ ”

SRI V. R. KRISHNA AYYAR :—“ Mr. Speaker, Sir, this Bill is certainly innocuous in that it simply seeks to extend by two years the existing provisions of the Madras Buildings (Lease and Rent Control) Act. But the working of the Act of 1946 has revealed many defects in it, especially the non-implementable character of the various provisions of the Act. As a matter of fact, we find that the only benefit of the Act is that it confers some right upon the subordinate Government officials—and even there only on some officials—to secure buildings when they are transferred from one place to another. I see there is some rule by which the key of the house could be handed over by one officer to his successor. In respect of the other provisions, it does not produce any salutary effect and it is time that the House considered the matter in detail instead of simply re-enacting it so as to make it live for another two years. For example, the provisions regarding eviction require reconsideration; particularly how the various Rent Controllers’ Courts are working has to be gone into. There is a strong feeling that the cheap machinery provided in the Act which does not prescribe any court-fee helps the landlord to get an eviction order by manipulating arrears of rent or by pretending that he requires the house for his own occupation. The latest judgment of the High Court says that if the landlord says he wants it, it means he wants it for bona fide occupation and the statement should be accepted. What is the court-fee that he pays for this order? It is only twelve annas. He gets an eviction order as easily and as cheaply as he desires and the working of the Act has been considerably to the prejudice of the tenantry because if there is no Rent Control Court, there will be the forbidding influence of a heavy court-fee in the ordinary courts. Secondly there will be the normal delays in ordinary courts in getting a decision. But here you get an expeditious decision and a cheap remedy affecting the tenant.

28th July 1953] [Sri V. R. Krishna Ayyar]

“ Secondly, Sir, comes fair rent which is an integral part of this Act. We do not know in how many cases fair rents have been fixed and stuck to. As a lawyer, I have come across several cases wherein when an application is filed for fair rent fixation, consequently an application for eviction lies. Thousands of cases happen like this and in the contest, so to say, the tenant loses and oftentimes, there is an eviction order rather than a fair rent fixation. The provisions in the existing law are so unrealistic and nobody is willing to apply for fixation of fair rent. If we take the cross-section of the number of houses where fair rents have been fixed and the number of houses where fair rents are paid, we will find that the number will be just two or three where that rent is actually paid. In other cases the tenants pay as much as three times the fair rent fixed. So, Sir, it is time we ponder over the whole matter again, reflect and see whether there should be any changes made in the various provisions of the Act. We should not simply re-enact it so as to give it a fresh lease of life for two years by saying there is now a crisis and we shall have it for two years for the present and see about changes later. I take this occasion to say that the existing Act does not work at all satisfactorily and it is time the Government review the matter fully.”

* SRI K. KRISHNA RAO :—“ Mr. Speaker, Sir, the Government have come forward to ask for the extension of the life of the Act. Sir, when the Bill was there, it was, I thought, an obligation on the part of the State to see that the dearth of buildings, pressure on space and pressure on building sites in urban areas was removed by themselves constructing houses or by taking such other measures as would relieve the pressure on buildings. The very fact that the Government have not, after the close of the last war, taken up any such work, indicates that the Government are an irresponsible Government with regard to these amenities which it is their duty to provide to the urban residents in our State. Far from doing this, the Government are doing the very reverse of it. The price of building materials has gone up. The Government are taking up a number of measures by which the poor men’s huts are destroyed. Either the municipality destroys it or the Revenue authorities destroy it in order to ensure that there is no encroachment on the land or the Public Works Department does it ‘ as the hut is constructed without its permission ’ or in some cases, as in the City of Madras, by the City Improvement Trust. Therefore, the policy of the Government seems to be to continue such kinds of measures which are only a commentary on their irresponsible policy. Instead of putting up buildings, instead of making building materials cheaper and instead of giving loans to the poor people for constructing houses, the Government are out to destroy these huts which are the post-war phenomenon of urban areas. I, therefore, suggest that huts also should be included in the Act so that the residents of huts may be given protection from arbitrary eviction. My other point is that even the Government should not have any right to evict poor people who have built huts on Government lands.

[Sri K. Krishna Rao] [28th July 1953]

in many towns until and unless they are shown an alternative site or an alternative method of housing. A number of cases of injustice are coming to the notice of the Government but they are trying to cover them all by bringing in measures of this kind."

* THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—" Mr. Speaker, Sir, I am thankful to hon. Members for the suggestions they have made. I know Mr. Krishna Ayyar has given notice of a Bill and we are already considering certain amendments to the existing Act which are found necessary as a result of its working all these years. I wish to give an assurance to him that his suggestion will be considered when we bring in a comprehensive amending Bill at a later date.

" Then, Sir, Mr. Krishna Rao has been very scathing in his criticism and talking about housing shortage and so on. I would like to differ from what he has said because this Bill only seeks to regulate the relationship between the landlord and the tenant. Of course, his suggestion to include the huts also in the Act will very well be considered by the Government. Now, this Bill only seeks to extend the life of the Act by two years and I am sure the House will agree to the motion. It may not be necessary to have control even for two years because the moment it is found unnecessary, it will be repealed. We are also very anxious to have no control whatsoever in this direction if it can be helped. With these observations, I request that the Bill be taken into consideration."

10-30 MR. SPEAKER :—" The question is—

(3) THE METTUR CANAL IRRIGATION CESS BILL, 1953.

THE HON. SRI M. A. MANICKAVELU NAICKER :—" I beg to introduce the Mettur Canal Irrigation Cess Bill, 1953, and move—

' That the Bill be taken into consideration at once.' "

* SRI VAVILALA GOPALAKRISHNAIAH :—" I move—

' That the Mettur Canal Irrigation Cess Bill, 1953, be referred to a Select Committee.' "

THE HON. SRI C. SUBRAMANIAM :—" Sir, the hon. Member cannot make it a habit of moving amendments to all Bills that they be referred to a Select Committee. He may change this attitude at least now onwards so that there may be a better atmosphere in the Andhra State Legislature."

* SRI VAVILALA GOPALAKRISHNAIAH :—" Sir, I thank the Hon. Minister for his advice. However, whenever Government move any amendment they never consult anybody. So we are trying to have an opportunity of examining it at the Select Committee."

THE HON. SRI C. RAJAGOPALACHARI :—" A little while ago, we were about to accept the hon. Member's amendment. But the hon. Sri Viswanatham came in the way and suggested that it be made a Government amendment. What are we to do? "

SRI T. VISWANATHAM :—" Sir, I suggested the correct procedure only."

* SRI VAVILALA GOPALAKRISHNAIAH :—" Sir, when the Bhavani Reservoir Irrigation Cess Act was passed, the Government said that the cess would be confined to that extent only. Now in this Mettur Canal Bill, the provisions in that Bill are made applicable. That is why we have some doubts and we want a clarification. For that reason only I move my amendment to send this to a Select Committee. As a matter of fact I am not completely aware of the implications. If the implications are made clear in the form of an explanation of objects and reasons or in an explanatory memorandum or some such thing, it would have been all right. The idea seems to be to have an enhanced taxation. I feel if the taxation is to be enhanced, that matter should be gone into thoroughly and therefore I suggest it is better to send it to a Select Committee."

SRI S. VEMIAH :—" I second the amendment, Sir."

* THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, it is pity that my hon. Friend Sri Vavilala did not understand the correct position. This Bill aims at extending the provisions of the Bhavani Reservoir Irrigation Cess Act. That was very elaborately considered at the Select Committee. Now what is proposed in this Bill is to extend the provisions of that Act to the Mettur

[Sri M. A. Manickavelu Naicker] [28th July 1953]

canal. This scheme was started in 1949 and the scheme is to take the canal from the Mettur Reservoir to the districts of Salem and Coimbatore and it will irrigate about 7,500 acres of land and so we are fixing the same rate as we fixed for the Bhavani Reservoir Irrigation, because the lands are not different from those under the Bhavani Irrigation Scheme, the same kinds of crops are raised and all the conditions are similar. Therefore, we are extending the provision of that Act to the Mettur canal area. There is also provision for the rotation of crops just as in the other Act. So it is not a new feature. It is only an extension of the particular provisions of that Act to an enlarged area which will be brought under the Mettur canal irrigation. The hon. Member need not be frightened by the name 'Mettur'; because the water is taken from the Mettur canal, that name was given. About the rates, only the maxima are prescribed. The Government are not going to straight-away charge that in the first year. To begin with we are going to charge only half the rate of the maxima fixed."

* THE HON. SRI C. SUBRAMANIAM :—" May I also add, Sir, the people concerned are satisfied with the provisions and they are happy that the same conditions as prevail under the Bhavani Reservoir Scheme do prevail under the Mettur Canal Scheme also. So, on principle, the objects of the hon. Sri Vavilala cannot be sustained."

* SRI VAVILALA GOPALAKRISHNAIAH :—" Sir, I am happy that persons like the Hon. Sri Subramaniam are satisfied with the taxation and other things. But apart from it, I consulted my friends also who say that it is no concern of me. So, I have the least objection to withdraw my amendment."

The amendment of Sri Vavilala Gopalakrishnaiah was, by leave, withdrawn.

MR. SPEAKER :—" The question is—

'That the Mettur Canal Irrigation Cess Bill, 1953, be taken into consideration at once.'"

The motion was put and carried.

Clause 2.

* SRI K. KRISHNA RAO :—" Sir, I move—

'Insert a new sub-clause under clause 2—

"(2) In section 2 of the said Act, for the last proviso substitute the following :—

'Provided further that the rate of water cess charged under this Act shall be—

not over Rs. 5 per acre in respect of lands to which irrigation from the canal is allowed, but which were not actually irrigated with water from the canal

28th July 1953] [Sri K. Krishna Rao]

not over Rs. 9 per acre in respect of lands irrigation to which is allowed from the canal and actually irrigated with water from the canal.' "

Sir, the principles underlying this Bill are not so simple as they are represented to be. There are two systems under the Mettur Reservoir. One is that particular area which is under the Bhavani Scheme. They have now constructed another canal. They want to impose certain irrigation charges upon these lands which are irrigated by the new canal, namely, the Mettur canal. Previously there was no separate bill for every anicut. For example, there was the Godavari anicut, Nagavalli anicut, the Krishna anicut and so on. There was an old Act under which water charge was fixed. They did not think of a separate bill for every area. Now under this particular canal they want to charge much more than what is applicable to other canals in the Tanjore area. That is, they want to make this canal yield much more. What are the reasons? They say, the capital cost is higher; they say, 'We are a set of "Chettians", we are doing business, we are not a Government, we have incurred so much expenditure; therefore, we want to get this money from the ryots.' That seems to be the explanation which the Government are giving. That was what the British were saying. They were telling that ruling of India was a business for them. It was a profit and loss question for them and the people who said the contrary were arrested. Now, Sir, the position is different. Why don't the Government take another kind of attitude with regard to irrigation systems whatever may be the kind of project under which lands are irrigated. My point is same rate of water cess should be adopted for every project, whether it be in Srikakulam or in Tirunelveli. The Government are adopting particular rates of water cess to particular irrigation systems and so much so the ryots who have the misfortune to live in an area where the irrigation project will be costly, will be saddled with a much higher water rate than in the case of others who are more favourably situated. Considering it in terms of our Andhra for the irrigation projects in Rayalaseema the ryots there must bear a much higher water rate than the ryots, for example, in Godavari and Krishna deltas because the Godavari and the Krishna irrigation systems are cheaper while those in Rayalaseema will be costlier. Therefore what we are trying to do is we are penalizing those persons who have all along been putting up with dry crops and who after much agitation have got an irrigation project, because the cost is extra due to war. Therefore, Sir, I feel such a system must not be allowed to continue to be the policy of the Government, because it is the Andhras who are suffering on account of this policy. Let us take the hydro-electric schemes. Hydro-electric schemes are cheaper to operate while thermal electric schemes are costlier to operate and what happens is persons who take energy from the hydro-electric schemes get it cheaper while persons who take energy from the thermal electric schemes get it costlier. The same principle is applied to the irrigation systems also. I think it is an inequitable principle and it should not be allowed to continue.

10-40
a.m.

[Sri K. Krishna Rao] [28th July 1953]

"Then, the Act says that the permission to cultivate must be got from the Collector. Do you expect the ordinary ignorant rustic from the village, with absolutely no knowledge of moving with Collectors, to go to a lawyer, write a petition and send it to the Collector? If he has not applied, he will not be allowed to cultivate and his land will not be included. Why do you put all these restrictions? So far as my information goes, similar restrictions do not operate under other projects. There is another peculiarity with regard to this particular project. When once the lands are included, whether the ryots take water or not, they will be taxed. This is a wonderful principle. For their sin of remaining in an area which is irrigated, whether the ryots take water or not, they will be taxed and that is the principle here. Therefore, let us begin to correct our errors and let people who take water alone be taxed. It is equitable.

"Then, Sir, there is a kind of opposition on the part of the ryots there to convert the dry lands into wet lands. The reason is the return is more in the case of crops like garlic than in the case of paddy. It looks as if the ryots are not inclined to convert the dry land into wet land. Then why put this compulsion at all? Therefore, the Government should not coerce the ryots to convert their dry lands into wet lands and then penalize them for not utilizing the water. In fact they will take water if it is convenient and advantageous to them. Sir, there are so many such inequitable sections and the provision with regard to the rates of tax should be altered and made more equitable."

The amendment was duly seconded.

* SRI S. RAMALINGAM :—"Mr. Speaker, I move—

'Add the following new sub-clause :—

"In section 2 of the said Act, the second proviso shall apply subject to the following modifications :—

The rate of water cess shall not exceed Rs. 15 per acre for cotton, Rs. 10 per acre for paddy and Rs. 5 per acre for millets."

Sir, my amendment is very simple. The Hon. Minister for Land Revenue while introducing this Bill said that the maxima proposed in the Act would not be levied immediately. I propose that the maximum should be restricted to Rs. 15 instead of Rs. 20 in the case of cotton, Rs. 10 instead of Rs. 15 in the case of paddy and Rs. 5 instead of Rs. 7-8-0 in the case of millets. If the Government want to increase the maximum at any time, they can come before the House and take its permission. I hope the Hon. Minister will accept my amendment."

SRI PILLALAMARRI VENKATESWARLU :—"Mr. Speaker, I second the amendment moved by my hon. Friend Sri S. Ramalingam."

[28th July 1953]

* SRI B. K. NALLASWAMI :—"Mr. Speaker, Sir, as one coming from the constituency which is benefited by this canal, I want to say a few words. Many of my Andhra friends and others who are interested in the Bill gave some amendments. But my constituency gets the benefit of both the Bhavani Sagar Canal and the Mettur Canal and I think the conditions of cultivation and the irrigation facilities are the same. When considering the Bhavani Irrigation Cess Bill, we considered the neighbouring Kalingaraya canal and those in Gobi taluk. Now, if my friend Mr. Ramalingam's amendment is accepted, that will be a great injustice to the other people who may feel that the Government is partial and discrimination is shown between others and the ryots of Mettur canal area. But there is some thing right in what Mr. Ramalingam said. The initial expenditure that the ryots have to incur in the first two or three years will be very high. I therefore request the Government to give them half-rate concession for at least three years to come because almost all the lands are going to be paddy cultivated which require good lot of amount to be invested, about 1,000 rupees per acre.

"Another point on which I want a clarification from the Hon. Minister for Land Revenue, is the ryots are thinking that they are getting water for irrigation of paddy cultivation only and not for other crops, as in the case of Bhavani Sagar Canal.

"A doubt arises in my mind whether there will be restriction of 10-50 a.m. irrigation facilities and whether the ryots would be forced to cultivate millets, cotton or other commercial crops. I hope the Hon. Revenue Minister will clarify. This sort of restriction will cause considerable hardship to the poor ryot. Take for instance a simple case. Suppose a ryot cultivates paddy for this year. To ask him to resort to the cultivation of millets next year will entail hardship on the ryot. All along he would have been accustomed to paddy cultivation. He will be disappointed if he is asked to cultivate millet or cotton. Moreover it is absolutely necessary that he should be given proper notice regarding water-supply. Paddy cultivation requires much more water-supply than cotton or millet cultivation. So I would request the Hon. Revenue Minister to clarify whether all these 45,000 acres are going to be allowed to have paddy cultivation or whether they are going to do what they have done in the case of Lower Bhavani Project, viz., allowing 10,000 acres for paddy cultivation and 2 lakhs of acres for millet and cotton cultivation. If the ryots were to know previously that he should either cultivate paddy or millet, he may make his own initial arrangement. Therefore I would request the Hon. Revenue Minister to clarify the position."

* THE HON. SRI M. A. MANICKAVELU NAICKER :—"Sir, the Godavari delta will become the sole concern of the Andhra Government that is shortly going to come. So the hon. Member Sri Krishna Rao need not worry too much. The Andhra Government would definitely take good care of Rayalaseema."

[Sri M. A. Manickavelu Naicker] [28th July 1953]

"Sir, so far as this Bill is concerned, water is going to be let out shortly for this season (1953-54) up to the 20th mile of the right side channel in the Coimbatore district. The channel would bring water from the Mettur Reservoir. The ryots who are going to be benefited are willing to pay the rates prescribed by us. After all our rates are not exorbitant. In fact some members of the Select Committee toured Bhavani and we had arrived at a unanimous conclusion. There was no difference of opinion against the members of the Select Committee. In the original Bill we have fixed the rates for cotton at Rs. 25 for paddy Rs. 18 and Rs. 10 for millets. Now in the present Bill we have reduced those rates as follows :—

Cotton, Rs. 20 (rupees twenty).

Paddy, Rs. 15 (rupees fifteen).

Millets, Rs. 7-8-0 (rupees seven and annas eight only).

Hon. Members may now see how reasonable these rates are. Moreover the ryots are willing to pay these prescribed rates. I do not know why when both the parties, I mean, the ryots and the Government, agree, hon. Members should butt in.

"I would like to mention one more important point. We are not going to collect the maximum rate at once. We have only fixed the maximum rates. Government will think of collecting the maximum rates only if conditions permit.

"The hon. Member Sri Nallaswami had some doubt whether ryots would be put to undue hardship due to restrictions being placed on paddy cultivation. The hon. Member had told that the present channel may irrigate about 45,000 acres. As far as my knowledge goes, the present channel up to the 20th mile will irrigate only 7,500 acres. With regard to fixing the rotation of crops, the Engineer concerned will look into the matter. Water-supply will be made available for the ryots both for wet as well as dry cultivation. I assure the hon. Member that due notice will be given to the concerned ryots whenever the Government decide on any rotation of crop at a later stage."

SRI B. K. NALLASWAMI :—"Sir, may I correct the Hon. Minister. Including the left and right wings, the channel when completed will irrigate 45,000 acres."

* THE HON. SRI M. A. MANICKAVELU NAICKER :—"At present up to the 20th mile the channel will irrigate only 7,500 acres. When the channel is extended further, it may irrigate some more acres.

"I do hope, Sir, that hon. Members will clearly see after having heard me that our rates are most equitable. The ryots have also agreed to pay according to our rates. I do hope the House will give its unanimous approval."

28th July 1953]

* SRI PILLALAMARRI VENKATESWARLU :—"On a point of information, Sir. The Hon. Minister in explaining the Government stand, said that the Government were not going to charge the maximum rates now. In that case they can as well agree to the amendment given notice of by my friend Mr. Ramalingam. They may agree to his reduced rates. If and when they find at a later stage that the rates should be enhanced, they can come again to get the approval of this House. Instead of now requesting the sanction of the House for maximum rates, I think if the Government were to adopt the reduced rates indicated by Mr. Ramalingam and then come to the House for its enhancement in case they find it necessary later, that would be really very fair."

* THE HON. SRI M. A. MANICKAVELU NAICKER :—"All these things were considered thoroughly and an unanimous conclusion was arrived at, in the Select Committee."

MR. SPEAKER :—"I am going to put the amendments to the vote of the House. I want to know whether Mr. Krishna Rao is pressing his amendment."

SRI K. KRISHNA RAO :—"Yes, Sir."

MR. SPEAKER :—"The question is—

'Insert a new sub-clause under clause 2—

"(2) In section 2 of the said Act, for the last proviso substitute the following :—

'Provided further that the rate of water cess charged under this Act shall be—

not over Rs. 5 per acre in respect of lands to which irrigation from the canal is allowed, but which were not actually irrigated with water from the canal

not over Rs. 9 per acre in respect of lands irrigation to which is allowed from the canal and actually irrigated with water from the canal.' "

The amendment was put and lost.

MR. SPEAKER :—"The question is—

'Add the following new sub-clause :—

"In section 2 of the said Act, the second proviso shall apply subject to the following modifications :—

The rate of water cess shall not exceed Rs. 15 per acre for cotton, Rs. 10 per acre for paddy and Rs. 5 per acre for millets " "

The amendment was put and lost.

Clause 2 was put and carried.

[28th July 1953]

Clause 1.

SRI S. VEMIAH :—" Sir, I move—

'For the words "at once" in sub-clause (3) of clause 1. substitute the words "during fasli 1364 after one successful crop, not binding on those pattadars who own two acres and less".'

"My amendment is very simple, Sir. The Government have been pleased to give water facilities to the ryots. The water-supply may begin from this agricultural season (1953-54). The ryots in return pay irrigation cess. Suppose there is a plot of land which requires some reclamation, there will be no doubt that the said land could be made fit for cultivation only after a considerable amount of money is spent on it. If you ask the pattadar of that small plot of land to pay irrigation cess right from the time the water is let out, then it would mean considerable hardship to him, for the land would be made fit for cultivation only after a year or so. That is why I say let the small pattadars who own less than two acres be shown some concession."

(Mr. Speaker sounded the gong and called on the Minister to reply.)

The amendment was duly seconded.

* THE HON. SRI M. A. MANICKAVELU NAICKER :—" As I had already said, the ryots are anxious to get the water, they have agreed to our rates and Government are also going to let out water shortly. When this is the case I do not see any reason why the hon. Member has brought his amendment. Accepting his amendment would only mean leading to further fragmentation of holdings. Even small pattadars cultivate their lands intensely. They are very eager to get the water-supply for this agricultural season. Moreover the rates we have charged are quite reasonable. Therefore I oppose the amendment of the hon. Member."

11 a.m. MR. SPEAKER :—" The question is—

'For the words "at once" in sub-clause (3) of clause 1, substitute the words "during fasli 1364 after one successful crop, not binding on those pattadars who own two acres and less".'

The amendment was put and lost. Clause 1 was put and carried.

The Preamble was put and carried.

SRI S. VEMIAH :—" Sir, the Hon. Minister was telling us that my suggestion will lead to fragmentation. May I know what steps the Government have taken to avoid this fragmentation in this State? "

* THE HON. SRI M. A. MANICKAVELU NAICKER :—" The Government are considering that. I now move—

'That the Mettur Canal Irrigation Cess Bill, 1953, be passed into law.'

28th July 1953]

MR. SPEAKER :—" The question is—

'That the Mettur Canal Irrigation Cess Bill, 1953, be passed into law.'

The motion was put and carried and the Bill was passed into law.

(4) THE MADRAS TENANTS AND RYOTS PROTECTION (AMENDMENT) BILL, 1953.

* THE HON. SRI M. A. MANICKAVELU NAICKER :—" Mr. Speaker, Sir, I beg to introduce the Madras Tenants and Ryots Protection (Amendment) Bill^a, 1953, and move—

'That the Bill be taken into consideration at once.'

Sir, the object of the Bill is to extend the protection afforded to the ryots for another one year. The original Act giving protection to the ryots had been extended once or twice before and now it expires in October 1953. We want the sanction of the Legislature to extend it by one more year, namely, up to October 1954. Sir, the point is this. Certain estates have not yet been taken over and there are certain other estates which are under stay. Therefore, if the Act expired now, the ryots will be put to great difficulties since the estate holders or inamdars may launch eviction proceedings. So, in order to protect the ryots from such eviction proceedings, the Government propose to extend the Act for a further period of one year."

SRI PILLALAMARRI VENKATESWARLU :—" Sir, I would like to know how many estates have yet to be taken over."

* THE HON. SRI M. A. MANICKAVELU NAICKER :—" I cannot give the exact number. I can only say that there are some estates yet to be taken over."

"SRI V. R. KRISHNA AYYAR :—" Mr. Speaker, Sir, the Hon. Minister when moving this extending bill referred to the question of some estates not yet having been taken over. But then I wish to remind the Hon. Minister in charge of this particular bill that in the operation of the Madras Tenants and Ryots Protection Act, as it is, there is some difficulty experienced by the ryots or tenants under the Malabar Tenancy Act. This Act applies not merely to estates but also to eviction suits and suits for sale of holdings under the Malabar Tenancy Act. Unfortunately, the Madras Tenants and Ryots Protection Act copies for its definitions certain expressions which have already been defined in the Malabar Tenancy Act. For instance, I may say that the definition of 'tenant' in the Tenants and Ryots Protection Act is exactly the same as in the Malabar Tenancy Act. Experience has shown that a person who is actually cultivating is oftentimes not a tenant within the meaning of the Malabar Tenancy Act but a sub-tenant. He might be holding under an othidar or under holders of other tenures, those tenures having the complication of mortgages also.

^a Published in the Fort St. George Gazette, dated 15th July 1953.

[Sri V. R. Krishna Ayyar] [28th July 1953]

Very recently the Madras High Court held that a suit for eviction where relief is claimed under the 'Tenants and Ryots Protection Act, means a suit for eviction of a tenant and that since a mortgagee is not a tenant, the sub-tenant under such a mortgagee in possession or othidar does not get protection whatever because it is not a suit for eviction. These anomalies will have to be gone into. Again, on the question of deposit of two years' rent, there was an impression prevailing that in view of section 55 there was no need to deposit the rent. Under the Tenants and Ryots Protection Act a certain period is specified. That time has long ago expired and suits were being stayed by the mufassal courts. Recently the Madras High Court has held that the Tenants and Ryots Protection Act will operate in respect of certain suits and in those cases in which deposits have to be made the ryots cannot deposit the rent because the time is over. The result is that all these suits are re-opened and revived and are being proceeded with. Thus we have got a number of suits for eviction in the mufassal coming under these two categories, namely, those in which the ryots are holding under tenure-holders which take the complication of mortgages and those who have missed the bus (who have not made the deposit) on account of the wrong impression prevailing in the mufassal courts. The Government should take stock of this situation and not merely mechanically ask for extending the life of the Act by one year or two years. They should take into account the defects, patent and latent. I request the Hon. Minister to look into these matters which oppress the tenants on account of the lack of correct wording of the Tenants and Ryots Protection Act. These are matters of considerable importance. So long as the Malabar Tenancy Bill is being put off, I think the Tenants and Ryots Protection Act will have to be in force. So much so, the Tenants and Ryots Protection Act is a matter of live issue for the tenancy of Malabar. This must be the occasion when Government should review the question and rectify the defects which have been brought about in view of the decisions of the High Court. The slumbering process of mere extension is hardly inexplicable."

SRI G. LATCHANNA :—“ May I know from the Hon Minister whether this Act will cover questions relating to the inam ryots whose occupancy rights are under dispute in view of the large-scale evictions made by many inamdars under the plea of the recent judgment of the High Court Division Bench? Will this Act in any way protect their occupancy rights? ”

* SRI M. NARAYANA KURUP :—“ Mr. Speaker, Sir, the difficulties experienced by the Malabar tenants were brought to the notice of this House when the Hon. the Minister answered a question but through the supplementaries I could not make myself clear and therefore I take this opportunity of explaining it. Section 4 of the Madras Tenants and Ryots Protection Act has to be read in conjunction with Sections 54 and 55 of the Malabar Tenancy Act. If a suit is stayed under Section 4 of the Tenants and Ryots Protection Act, the tenant has to make an initial deposit of two years' rent or the arrears of rent whichever is less and he must further continue to deposit the future rent as and when it accrues due. Of course, under Section 4, a time-limit has been prescribed for such deposits. Section 54 of the Malabar Tenancy Act says that the Tenants and Ryots Protection Act shall continue in force unless it is repealed by a notification in the *Fort St. George Gazette*. Section 55 is very wide in scope. It says that all suits shall stand stayed until the provisions of the Malabar Tenancy (Amendment) Act come into force. The courts have stayed generally all suits under section 55, including suits in which the tenants have to make a deposit under the Madras Tenants and Ryots Protection Act, 1949. The High Court has ruled that the courts have no jurisdiction to stay suits falling under the Madras Tenants and Ryots Protection Act and that the tenants must continue to deposit the rent. The tenants not depositing the rent was due to no fault of theirs. It was the courts that ordered the stay of the suits and therefore the deposit was not made. The time-limit fixed by section 4 has expired and straightaway the tenant has no remedy. When the Statute provides a time-limit, the discretion of the courts is fettered. It is a well known maxim that an act of court shall not prejudice anybody. Now the tenant is prejudiced because the courts have stayed suits and thereby prevented him from depositing the arrears of rent. This is a real difficulty for a large number of tenants. I hope the Government will take steps to give protection to the tenants. I believe that section 7 of the Madras Tenants and Ryots Protection Act can be availed of to remedy this difficulty, as it provides that if any difficulty arises in giving effect to the provisions of this Act, the State Government may do anything which appears to them necessary for the purpose of removing the difficulty.”

* SRI K. GOVINDA RAO :—“ Sir, I have no objection to the passing of this Bill. I want to have some clarification as to how the Madras Tenants and Ryots Protection Act is being implemented

[Sri K. Govinda Rao] [28th July 1953]

in our parts. This Act came into force some time in 1949. In Visakhapatnam and Srikakulam districts, certain estates have been taken over and certain estates have yet to be taken over. I wish to be enlightened by the Hon. Minister as to how the tenants in the estates will be benefited by the operation of this Act. Certain inam villages have been declared as estates and some of them have yet to be acquired by the Government. I wish to know how the tenants in such estates will be benefited by the operation of this Act."

* THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, the simple object of this Bill is to extend the life of the existing Act for one more year. The Act may have to be applied for four or five categories of estates—

(1) estates that have been notified and taken over, but in respect of which further action has been stayed by the High Court under the Estates Abolition Act;

(2) estates which have been notified but not yet taken over under the Estates Abolition Act due to stay orders of the High Court;

(3) estates that have not yet been notified at all;

(4) estates which became such by virtue of the Madras Estates Land (Amendment) Act, 1936; and

(5) other areas including Malabar.

With regard to Malabar, I realize the difficulties that were pointed out by the two hon. Members coming from that district. The land tenures are peculiar, the conditions are peculiar and everything is peculiar in Malabar, and it has to be treated in an altogether different manner. I want the help of the expert Members from Malabar in that matter. A Select Committee has been appointed and it is meeting next month. Whatever suggestions the hon. Members may make for framing the Bill on proper lines will be considered fully. That will be the proper occasion for considering and removing the difficulties of Malabar, and not the present occasion."

MR. SPEAKER :—" The question is—

'That the Madras Tenants and Ryots Protection (Amendment) Bill, 1953, be taken into consideration at once.' "

The motion was put and carried.

Clauses 2 and 1 and the Preamble were put and carried.

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, I move—

'That the Bill be passed into law.' "

MR. SPEAKER :—" Motion moved—

'That the Madras Tenants and Ryots Protection (Amendment) Bill, 1953, be passed into law.' "

28th July 1953]

* SRI VAVILALA GOPALAKRISHNAIAH :—" Sir, I have the least objection to the passing of this Bill. There are several categories of estates as was pointed out by the Hon. Revenue Minister which will not come under the provisions of this Act. There is no sufficient protection for the tenants in the estates, and so the estates must be acquired by the Government as early as possible. The ryots in inam estates also do not have any protection and I request the Government to extend the provisions of this Act to the inam estates also. I appeal to the Hon. Minister to furnish us with information as to how many zamindaris will not come under the provisions of this Act, as then only we will be able to understand the Bill fully."

* SRI S. RAMALINGAM :—" Sir, the Madras Tenants and Ryots Protection Act was passed in 1949, and year after year since then the Government have come before this House for extending the life of the Act for one more year. I request the Government to take over all the estates, which yet remain to be taken over, before the end of this year. I hope that the Government will not come forward next year with a similar Bill."

* SRI PILLALAMARRI VENKATESWARLU :—" Mr. Speaker, Sir, I have no objection to the passage of this Bill. But when such Bills are brought forward, the Government do not care to supply all the relevant facts to the Members. The Hon. Revenue Minister himself has no idea as to how many estates have been acquired and how many yet remain to be acquired. The hon. Member Sri V. R. Krishna Ayyar pointed out that several difficulties were created by the courts also. Whenever such amending Bills are brought forward, we should be supplied with a review of the working of the parent Act. For want of such a review, we are under a serious handicap. Without furnishing any such information, an amending Bill is brought forward and we are asked to vote for it. Because the principle underlying the Bill is good and will do good to the tenant, we are supporting the Bill. But that does not mean that we are actually working the Act. In the course of working of this Act, many defects had been pointed out. Instead of rectifying those defects, the Hon. Minister has come forward for extending the life of that Act for one year. I ask the Government whether they have any definite idea as to when they will take over all the estates, and when they will have no need to come before this House for extending the life of the present Act. (Interruption.) Whatever may be the nature and scope of the Bill, let the Hon. Minister give us some information. Even without making a speech, the Hon. Minister wants us to accept the Bill. It is very wrong on the part of the Cabinet to come forward with a legislation like this. They must take legislation more seriously."

11-20
a.m.

* THE HON. SRI C. SUBRAMANIAM :—" If the Members take it seriously they will come prepared after having studied the

[Sri C. Subramaniam] [28th July 1953]

Bill. (Interruption.) That is quite a different matter altogether. I would request hon. Members to take it more seriously rather than advise us."

* SRI K. KRISHNA RAO :—" Sir, the Leader of the House was telling us that we should be prepared. Well, I may tell you that I addressed a letter to the Revenue Department about some of these Bills."

THE HON. SRI C. RAJAGOPALACHARI :—" Sir, the remark can never apply to Mr. Krishna Rao (laughter). He always comes prepared."

* SRI M. NARAYANA KURUP :—" Sir, the Government have not realised our difficulties. But they are asking us to wait. This cannot wait till the Malabar Tenancy Amending Bill becomes law, because it will be too late then. If tenants are evicted meanwhile, and properties are taken away, that will create more complications. That will necessitate more retrospective legislation. Therefore, as I understand it, it is a matter of immediacy. So, I would request him to look into the matter and not go in for the Select Committee or go in for another Bill; because it will then mean locking the stable after the horse is stolen."

* SRI K. KRISHNA RAO :—" Sir, in regard to all these Bills extending the period of the Acts and also in regard to many technical Bills, we do certainly need a note from the Hon. Minister concerned. Many of them are absolutely new, and the Government cannot expect Members here to know about a Port Trust or about a requisitioned ground or about a canal, or irrigation cess, etc. The Government must give us some material on the basis of which they should expect us to accept these Bills. I do not think it is the intention of the Leader of the House that we should be dumb automata simply to leave things or to say yes or no. We also are expected to be intelligent. We are expected to be educated on these lines. We are entitled to get information on these matters from the Government. Therefore, let him not think that there has been remissness on our part. We have done our job, and it is the job of our Government to furnish us with all the information before they introduce a Bill."

* SRI S. VEMIAH :—" Sir, I wish to point out that the Government are not taking keen interest in the matter of the taking over of all these estates and inams. This piecemeal attempt on the part of the Government creates dissatisfaction in the minds of the ryots and peasants in the estate villages. Therefore, my humble suggestion is that the Government should come forward and expedite the taking over of all these estates and do justice to the peasants."

* SRI K. GOVINDA RAO :—" Mr. Speaker, Sir, I want one more point to be clarified. The Hon. Minister told us that in cases where there were stay orders in regard to estates which were

28th July 1953] [Sri K. Govinda Rao]

yet to be taken over, this Act would be in operation. But my point is that there are what are called 1936 inams which come under the purview of the Rent Reduction Act, but which have not yet been abolished. Perhaps the Government may complete their consideration and come forward with a Bill to abolish inams. This is a thing to be done later. But so far as we are concerned, what is the position of the tenant? I want to know what is the protection that the tenant will have under the provisions of the Tenants and Ryots Protection Act in those villages which are called 1936 inams but which are not abolished. I want a clear and categorical answer to my question."

SRI V. R. KRISHNA AYYAR :—" Sir, I want to clarify a minor point. With all deference to the Hon. the Revenue Minister, I must say that there appears to be some confusion which is pardonable, because the Hon. the Revenue Minister thinks that everything about Malabar is peculiar, and, therefore, he does not care to go into the matter in all seriousness. The Tenants and Ryots Protection Act, which this Bill seeks to extend for another year, has stayed various suits without deposits. In view of the provisions in section 55 of the Malabar Tenancy Act, suits have been stayed even without deposits. Now, on account of the view taken by the High Court of Madras, all these cases are being re-opened, because deposit of rents has been made a condition precedent to the stay of the suit. The result is that several tenants are facing eviction suits. The Hon. the Revenue Minister stated that this matter might be taken up by the Select Committee. There is a confusion here in the understanding of the Ryots Protection Act and also of the Malabar Tenancy Act, and of the scope of the Bill. Directly when the Malabar Tenancy Act comes into force, the Ryots Protection Act would end in Malabar. The provisions of the Ryots Protection Act would automatically not be in operation when the Malabar Tenancy Amendment Bill becomes law. Therefore, the Amending Bill which is now before the select committee will not in the least affect the operation of the Ryots Protection Act now. The Ryots Protection Act will be in force only up to the time the Malabar Tenancy Amendment Bill becomes law. So, we are not to take the suggestions to be made in the Select Committee on the Malabar Tenancy Amendment Bill. That will hardly serve our purpose. We must have an immediate amendment to the Ryots Protection Act (so far as bona fide deposits are concerned) to the effect that even without insisting upon the condition of depositing two years' rent, eviction suits can be stayed. It will then be possible for tenants who are to be protected to stay on in their holdings without being bundled up before time."

* SRI N. GOPALA MENON :—" Sir, I just want to say a few words to clarify the doubts that have been expressed by some hon. Members opposite. It is no doubt true that under the Tenants and Ryots Protection Act the tenant has got to deposit two years' rent if he wants to stay proceedings. But, unfortunately, the tenant thought that with the deposit of two years' rent, he could

[Sri N. Gopala Menon] [28th July 1953]

continue to have the holding without making any further deposit or paying any further rent. The High Court recently clarified the position and said that the tenant had got periodically to make these deposits. If the provision in law has been misconstrued by the tenants, and it has been clarified by the High Court, the blame certainly cannot be attached to the legislation or to the Government. My friend Mr. Krishna Ayyar said that this had nothing to do with Malabar Tenancy Act, and the moment the Malabar Tenancy Amendment Act came into operation, the provisions in the Tenants and Ryots Protection Act would not apply. But there are provisions in the Malabar Tenancy Act for restitution of lands out of which tenants had been unfortunately evicted. There must certainly be a provision for restitution of lands to those tenants who have been evicted unduly under misapprehension of law or for any other reason. Therefore, it cannot be said that there is no connection between the Malabar Tenancy (Amendment) Bill which is now under active consideration of this Government and this Bill. I only wanted to clarify this slight misapprehension."

* SRI M. NARAYANA KURUP :—" Sir, the hon. Member argued to mean that the tenants deposited two years' rent and then discontinued depositing future rent. That is not the case. The Court ordered stay without ordering any deposit. Therefore, it was not the fault of the tenant or misinterpretation or misapprehension of the law obtaining, but it was the Court that had caused this suffering."

* THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, I may state at once that this Bill is not an Amending Bill but is only an Extension Bill. Therefore, we do not take stock of the working of the Act and make provisions if there are any defects found. As for the stay which requires two years' arrears of rent, I think it is but fair. I think the ryot himself will welcome it because if stay is given without payment of rent, afterwards he will find it very difficult to pay. I know, in many cases, ryots are prepared, when the money is available, to make deposits. So, deposit of two years' rent will be good both in the interests of the ryots and the landlords."

" With regard to some expected difficulty arising out of the Malabar Tenancy Act, as my hon. Friend pointed out, there is ample provision in the Malabar Tenancy Bill for meeting that difficulty. Even if it happened that the ryots are deprived of the land, there is scope for restitution. Therefore, the hon. Member need not worry about that."

" One of the hon. Members wanted to have some details. Sir, I have a rough idea of the estates taken over and not taken over. Only I do not have a correct idea so as to give the exact number. If I do not give the exact number, I will be found fault with. Therefore, I am afraid to give the number. I have a rough idea, not that I do not have."

28th July 1953] [Sri M. A. Manickavelu Naicker]

" Coming to the point of the hon. Member, Sri Venkateswarlu, he forgets that as a Member of the Opposition he is supposed to be a watchdog of the proceedings of this House. If he fails to act as the watchdog, why should I help him? It is not for me to wake up an Opposition Member. He must be alert and must do everything possible as a watchdog. I cannot help him in that respect."

Mr. SPEAKER :—" The question is—

' That the Madras Tenants and Ryots Protection (Amendment) Bill, 1953, be passed into law.' "

The motion was put and carried and the Bill was passed into law.)

(5) THE TUTICORIN PORT TRUST (APPLICATION TO MANGALORE)
BILL, 1953.

* THE HON. SRI N. RANGA REDDI :—" Mr. Speaker, Sir, I beg to introduce the Tuticorin Port Trust (Application to Mangalore) Bill*, 1953, and move—

' That the Bill be taken into consideration at once.'

" Sir, in moving this Bill, I would like to say a few words by way of explanation about the need for bringing in this Bill and about one or two important provisions of this Bill."

" So far as the need for the constitution of a Port Trust for Mangalore is concerned, I may submit that the National Harbour Board, in accordance with the recommendations of Sri Nanjundiah, Special Officer appointed to go into the question of survey and development of minor ports, has recommended that a Port Trust just on the lines of the Tuticorin Port Trust be constituted for Mangalore inasmuch as the minor port of Mangalore is second only to Tuticorin and is one of the important minor ports in the Madras State. I may submit, for the information of the hon. Members, that there are two kinds of ports in the Madras State, namely, major ports like Madras and Visakhapatnam which are under the administrative control of the Indian Union and minor ports which are under the management or control of the State. So far as this Bill is concerned, I may straightaway mention that there cannot be any dispute with regard to the principle, namely, that a Board of Trustees should be constituted for managing the minor port of Mangalore. At present, all the members are nominated under a Central Act. But, it is proposed under this new Bill that some sort of local autonomy should be given and that some representation should be given on this Board to the Mangalore Municipal Council and other trading interests in Mangalore. Therefore, I do not think that hon. Members would require an elaborate explanation as to the need for the constitution of this Board. I may also submit that the present Conservancy Board has not got very important powers. Their powers are very limited. But the Board that

[Sri N. Ranga Reddi] [28th July 1953]

is now proposed to be set up would have larger powers of sanctioning works. Therefore, the Board which is proposed to be set up under this Bill would satisfy the people to a very great extent. I may also submit that the trade at Mangalore Port has been flourishing, and the South Kanara Chambers of Commerce has been agitating for the constitution of a Port Trust for a very long time. It is in response to the demand of the South Kanara Chamber of Commerce and various other representations that the Government have introduced this Bill.

"So far as the constitution of the Board is concerned, clause 5 of the Tuticorin Port Trust Act says that the strength of the Board would be not less than 13 and not more than 17. The present Bill proposes the introduction of an elective element, as it were, providing for 8 members, and it also provides for some nominations. Therefore, this is not a controversial measure and I hope that hon. Members would not take much time over the discussion of this Bill. I move that the Bill be taken into consideration at once."

Mr. SPEAKER :—"Motion moved—

'That the Tuticorin Port Trust (Application to Mangalore) Bill, 1953, be taken into consideration at once.'

* SRI K. KRISHNA RAO :—"Mr. Speaker, Sir, this Bill relates to Port Trusts and we are asked to adopt an Act which was framed in 1924 when the British Government were here and an Act which was passed in 1908 when the British were here. One of the great efforts of the British was to see that the entire export trade in our land, the entire shipping, storage and other facilities, were in the hands of European merchants. That is why they saw to it that most of these Port Trusts were manned by Europeans under the guise of a Bengal Chamber of Commerce, or under the guise of perhaps a Madras Chamber of Commerce, and things like that. They also saw to it that these Port Trusts were essentially manned by elements nominated by the Government. Their idea was that they should consist firstly of European merchants, and secondly of Europeans nominated by the Governor, because till very recently all Governors were British Governors. Therefore, they wanted to see that these Port Trusts were a white man's monopoly or British monopoly and nothing more. It was a great struggle to the Indian businessmen to get control over the Port Trusts and most of them perhaps are not finding their places in the current national struggle. But all the same, it is a very big struggle, because let us understand what strategic position a Port Trust holds. Round about the port, there is some land and a good portion of it is given to the Port Trust. Now, whoever has got godowns built upon this land or whoever has got storage facilities thereon is in a very strategic position, and it not infrequently happens that most of these godowns and storage facilities are in the hands of very big British concerns. So, the effect of the Port Trusts being in the hands of Europeans has been disastrous on our trade and commerce. Because the storage facilities are in the hands

28th July 1943] [Sri K. Krishna Rao]

of European businessmen and because the entire shipping trade is in the hands of the British, what happens is that they encourage only British exports, British export houses and British gentlemen like Volkart Brothers. They do not encourage any Indian concern which wants to export goods from India and import goods from abroad. The result of it is that English businessmen have a tight monopoly grip over our trade in India and even over our economy.

"The second point is that because of this monopoly, the Indian banks do not have any kind of facilities for clearing or discounting bills of lading. So also Indian fire and marine insurance companies are put to a lot of trouble. They do not get much business because the business is mostly monopolized by the British fire and marine insurance companies. Most of these shipping concerns who act as intermediaries between the shipping men and the banks do not accept any kind of fire and marine policy which is underwritten and which is given by an Indian fire and marine insurance company. That has been the struggle all along.

"Now, we will have to go into all the provisions of the Act of 1924. There is no good ourselves adopting a Bill which was framed in 1924 and which was intended to encourage British business. Now, because it has been very emphatically said that we have attained nationhood and independence, we must also see that the shackles which the British commerce lays over our economy and over Indian businessmen are removed. We must see that full scope, freedom and liberation are given to Indian businessmen and Indian commerce generally to prosper, and in fact, to get preference. We must see that any efforts made by the British interests to create obstacles to the growth of Indian trade are curbed. If that is to be done, one of the immediate things is to see that the Port Trusts are manned entirely by our men. The Tuticorin Port Trust Act was enacted in 1924. Therefore, if the Government here wanted to show that they were an Indian Government and not a Government in any way influenced by the British, what they should have done was to change the Tuticorin Port Trust Act itself. In fact, the Government of India should have taken steps to get the Madras Port Trust Act amended. Instead of that, we are asked to take a copy of the Bill of 1924 which was intended to shackle Indian business, and adopt it for Mangalore also. This, I say, is wrong because we are under new conditions. We do not have the same old Governors and the same old Executive Council Members, but we have now a Legislative Assembly and a Ministry responsible to the Legislature. Under these circumstances, it was very wrong of the Government to have asked us to adopt without question the 1924 Act, which was intended for protection of interests other than Indian interests, for Mangalore. They should have gone into the whole question afresh and made suitable modifications."

* SRI T. ANANTHA PAI :—"Mr. Speaker, Sir, I am glad that the Government, in response to the considerable public opinion as represented by the various business bodies like the Kanara

[Sri T. Anantha Pai] [28th July 1953]

Chamber of Commerce, have at last come forward with a Bill to create a Port Trust for the port of Mangalore. At the same time, the explanation that has been given in a Note circulated to the Members has created certain misapprehensions in our minds. It is true that the National Harbour Board, in accordance with the recommendations of Mr. Nanjundiah, recommended to this Government the creation of a Port Trust for Mangalore. But, Mr. Nanjundiah had made it very clear that this Port Trust must not be saddled with any responsibility or liability from the very beginning. In fact, certain experiments are now being carried on in Poona, the cost of which is very likely going to be debited to this Port Trust if the Government do not make their intentions clear from the very beginning. Otherwise, it would not be quite fair for the Port Trust to commence its work of managing the port with its own resources and with this liability added on to it. I say this because in the Note that has been circulated it is said that the formation of a Port Trust at Mangalore will itself give the people of Mangalore the opportunity to develop their port with their own resources. It might mean that the Government think that all the development that should take place in Mangalore in future is the responsibility of the citizens of Mangalore and not that of the Government. That might be the interpretation and it is supported by a further Note to the following effect :—

‘Further, number of works estimated to cost in all Rs. 7,25,000 for the improvement of the port are now under consideration. The need for the creation of a Port Trust for the administration of the port has been greater than ever before.’

That means that because of this expenditure which is now likely to be incurred to improve the port, the creation of a Port Trust has become necessary. I only say that it is not fair to the Port Trust that is to be created. The development of the port has nothing to do with the creation of a Port Trust. If the trade requires it or if the trade requires facilities to be provided for the development of a port, that is a responsibility which the State has to take upon itself. But the creation of a Port Trust does not mean that that responsibility should be transferred to the citizens. The citizens themselves, whatever be the name given to it, whether it be a Port Trust or municipality, will not be able to take up the responsibility unless the State also feels the responsibility and gives them assistance throughout. I request the Government to consider this factor very seriously because, if the creation of the Port Trust means that the responsibility for the improvement of the port in future will be the entire responsibility of the Port Trust and that the Government will not be able to come forward with financial help, I am afraid this Port Trust will not help the development of the port or help to make the people take up this responsibility.

“So far as the amendments are concerned, I do not see any need for amending the Bill as it is. For one thing, even if the Tuticorin Act was passed in 1924, the provisions incorporated here are not going to make any difference so far as Mangalore is concerned. Of course, an hon. Member opposite has referred to the

28th July 1953] [Sri T. Anantha Pai]

possible infiltration of British domination over the port of Mangalore. But I have to make it very clear that we in South Kanara are not affected by any British phobia and we are not afraid of any British association with us. We are thankful to all the English firms that are operating in Mangalore and working in close co-operation with us, and we look forward to continued co-operation from them, so long as this does not affect the overall foreign relations of our country. It has also been suggested that representation must be given to people who are interested in trade. I feel that adequate representation has been provided for the Kanara Chamber of Commerce which has on its rolls practically every merchant and everybody who is interested in trade in Mangalore. On the whole, the provisions of the Bill will adequately cover various interests. So, I think the Bill may be passed as it is without any amendments.”

11-50
a.m.

* SRI B. VAIKUNTA BAIJIGA :—“Mr. Speaker, on behalf of the people of Mangalore, I wish to express our gratitude to the Government for having brought forward this measure. I am saying this, because this is something for which the people of Mangalore have been agitating for the past several years. I can undoubtedly and unhesitatingly say that it has come a little too late and not too early. Because, for the past several years, the port of Mangalore has not received the attention that it richly deserves. I might remind the House that, during the past years, there has been a fairly large surplus amount from the port of Mangalore which was diverted to the Common Fund along with the surpluses of other ports which ultimately were diverted by the Government towards the general revenues. It is something which ought to have been used and utilized for the Mangalore Port and other minor ports. Instances of this kind have been making the people of Mangalore feel that a Port Trust would serve them better. To mention a few amenities that are absolutely essential for the port of Mangalore, river dredging has to be attended to, and a lot of silt which has accumulated for decades and has remained there unattended thus rendering the port less useful than before has also to be cleared. Facilities for passengers, especially for those passengers who have got to go a long distance to reach the steamer which will be far away in the ocean are very meagre. For the goods that are landed, shelter is practically nil with the result there has been considerable suffering which could have been avoided. I do not want to go into greater details regarding the many other instances which have led the people of Mangalore to ask for a Port Trust. No doubt, it would have been better and proper if a separate Bill by itself had been brought forward in respect of Mangalore instead of referring to a Bill on Tuticorin of the order of 1924 or thereabouts. Perhaps it was only with a view to minimising the work, this has been done like that. Certainly, this criticism, this adverse criticism, could have been avoided. After all, as I feel it, the manner of doing it is not so important because when the Port Trust comes into force, it will serve the area, irrespective of the fact whether this Bill is put separately or Mangalore is included with the provisions relating to Tuticorin, as is done now.

[Sri B. Vaikunta Baliga] [28th July 1953]

"With regard to the fears expressed by hon. Member Sri Krishna Rao coming from Nellore, I join Mr. Pai in affirming before the House that we do not have the trouble of the kind that he has mentioned. But all the same, so far as the constitution of the Board of Trustees is concerned, the Hon. Minister has mentioned that there is going to be election also. Several of these seats are going to be thrown open for election and representation by the Chamber of Commerce, Western India 'Tiles Manufactures' Association; and the Municipal Council will be given representation. Over and above these seats for the various institutions, nominations will be made by the Government. So, the Government of the day or the party in power at any particular time, will take care of the other interests which will not be attended by these representatives. In short, I wish to support this Bill and request the Government to look after this Bill and also put in proper safeguards to which mention has been made by hon. Member Sri T. Anantha Pai. It will be an infant institution and the Government should not make it carry too much of burden which can legitimately be avoided. The Government must bless it so that the people of Mangalore may husband their resources to their advantage. When Mangalore Port is administered properly, it will be very helpful; and other ports, I must say, will follow suit. It will mean relieving the burden of the Government to some extent and result in making us organized for our own betterment and especially in giving facilities to the people all round. Sir, I once again welcome this Bill and request all the hon. Members to support it unanimously and without any dissension."

* THE HON. SRI N. RANGA REDDI :—" Sir, I am indeed grateful to the hon. Members coming from South Kanara for having supported the various provisions of this Bill. They have dispelled the apprehensions raised by hon. Member Sri Krishna Rao with regard to some of the provisions. I may straightway say that I cannot agree with Mr. Krishna Rao when he said that whatever was done during the days of the British rule is bad, and that it should be revised. There are good things and there are bad things. If any particular thing is bad, it is for us to find out how it is bad and how best it can be rectified. Now let us see whether the criticism of Mr. Krishna Rao is justified. Is this Bill going to support the British elements? Or, is this Bill going to support the Britishers in any way? Will this Bill in any way promote their trade interest? I say for all these questions, 'Not at all, Sir'. The hon. Members from South Kanara have said that there is no British element and that no Britisher is interested in this Bill. There is none of them who will profit by the Bill. I may submit that the constitution of the Board is a sufficient guarantee that no British interest will be allowed to come in. Eight members are to be elected by the various elective bodies. For instance, we have the Mangalore Municipal Council or the South Kanara Chamber of Commerce. What sort of British interest can the hon. Member expect to be in these institutions? With regard to the Western India 'Tiles Manufactures' Association, it will also be represented by its representatives. As

28th July 1953] [Sri N. Ranga Reddi]

regards the nominated elements, three of them will be officials. One will be the Collector of South Kanara, the other will be the local Superintendent of Customs and the third will be a representative of the Southern Railways. None of them are going to support the Britishers. Again, under section 5, it will be seen that one of the trustees will be a representative of the trade unions. Therefore, I submit that there is no reason to suppose that this Board of Trustees will in any way be inimical to the interests of the Indians. I have nothing more to add. I request that this Bill may be taken into consideration at once."

MR. SPEAKER :—" The question is—

'That the Tuticorin Port Trust (Application to Mangalore) Bill, 1953, be taken into consideration at once.' "

The motion was put and carried.

Clause 2.

* THE HON. SRI N. RANGA REDDI :—" Sir, I move—

'For sub-clause (2), substitute the following :—

"(2) The Tuticorin Port Trust Act, 1924 (Madras Act II of 1924), with the adaptations and modifications set out in the Schedule, incorporated in the said Act, shall be called the Mangalore Port Trust Act, 1953. A copy of the Mangalore Port Trust Act, 1953, shall be prepared by the Secretary to Government, Legal Department, and published in the Fort St. George Gazette."

noon.

In moving this amendment I would like to make a few observations. I am indeed grateful to the hon. Member, Mr. Krishna Rao, for having brought to the notice of the Government that the original clause as it stood in the Bill was liable to be misunderstood that it would be a question of delegation of power to the Secretariat for preparing a Bill. Sir, it is only an administrative direction which was given to the Secretariat to prepare the Bill with the adaptations and modifications set out in the Schedule and in the note circulated yesterday to hon. Members this explanation has been given and I hope Members will be satisfied with it "

MR. SPEAKER :—" The question is—

'For sub-clause (2), substitute the following :—

"(2) The Tuticorin Port Trust Act, 1924 (Madras Act II of 1924), with the adaptations and modifications set out in the Schedule, incorporated in the said Act, shall be called the Mangalore Port Trust Act, 1953. A copy of the Mangalore Port Trust Act, 1953, shall be prepared by the Secretary to Government, Legal Department, and published in the Fort St. George Gazette."

The amendment was put and carried.

Clause 2 as amended was put and carried.

[28th July 1953]

Schedule.

* SRI K. KRISHNA RAO :—" Sir, I move—

In paragraph 2 of the Schedule, the following may be added in the Table :—

" Section 5—For sub-section (2), substitute the following :—

All the trustees shall be citizens of India, of whom at least three shall be persons engaged in sea-borne trade at Mangalore and not more than one-sixth may be Government officials.

Section 6—Instead of the words 'one Trustee' in sub-section (3), substitute the words 'two Trustees' and at the end of sub-section (3), add the words 'such election being conducted by secret ballot and even when there is no contest, a person being deemed to have been elected if he obtains an absolute majority of the votes of members present at the meeting when there is no contest'."

Sir, the strength of the Port Trust is between 13 and 17 and the original section says that one-third of the members may be nominated by the Government. What my amendment seeks to do is that that one-third should be reduced to one-sixth because the days of nomination by Government are gone. They were days when the Government said that we were still suckling babies, that we did not know anything of public affairs and that we could not manage our own affairs. It was in such days that there was one-third nomination and the idea to day is old-fashioned and antiquated. I say that it should be made one-sixth.

" There is another provision with regard to which I want to say a word. In the original Act, it is said that not less than one-third shall be Indian nationals. That is what is clearly laid down in the Act. My point is that there should be no place for any one on the Trust who is not a citizen of this country. The Government may alter the provision or may not alter it. From the note which is circulated by the Government it is clear that the exports from Mangalore are coffee, coir and things like that. We know that the coffee trade is largely dominated by European interests and European planters and we do not want any European interests to be there on the Trust. In the Tuticorin Port Trust Act, it is made compulsory that there should be a third of Indian nationals. Now I say all must be Indian citizens.

" Then about representation for trade unions, the procedure at present is this. The trade unions will be asked to select three persons and submit a panel. From out of those three, the Government will select one. My contention is that position was all right in 1924 when the working class in South India or in India was not awakened and was not alive to its own responsibilities. Therefore, I have suggested there should be two people who should be taken into the Port Trust from among those working in the ports. There

28th July 1953] [Sri K. Krishna Rao]

should be two representatives. I have also said that these representatives should be elected at meetings and if there is no contest, there should be a ballot-box and the man should be deemed to be elected only if he secures an absolute majority of the members present at the meeting. Otherwise, what happens is these elections become just faked up ones. They just keep only one man, forcing any other keep away from the election and is said to be returned unopposed. These are the amendments I have proposed and they seek to adapt the existing provisions of the Act to present conditions. In the past, Sir, Municipal Councils had nominated elements. We had lived that day. We have passed those days, when people thought that unless there was a Collector at the head of a district, the whole administration would go to rack and ruin. The Port Trust should be an autonomous body and the people of the locality should have representation. You can give representation to the businessmen of the locality. You can give representation to the Chambers of Commerce, to the trade institutions there. Make the Port Trust more and more autonomous. By my amendment, I want the nominated element to be cut down and the elected element to be increased."

The amendment was duly seconded.

* SRI S. RAMALINGAM :—" Sir, I move—

" Insert the following in paragraph 2 of section 6 (2) (a) of the Act :—

" (iv) Members of the Legislative Assembly from South Kanara district—Two trustees.

(v) Port workers—One trustee '"."

Sir, the Hon. the Minister was pleased to say that the Port Trust will have larger powers in the administration of the port and will practically be an autonomous body subject to the general control of the State Government. On the formation of the port, the Members from the district should have an opportunity to develop their port. Therefore, I have said that the Members of Legislature from South Kanara should be given two seats. So also in the case of workers who work in the port. They should have a share in the administration of the port and all other connected matters. I think the Government will accept the amendment."

* THE HON. SRI N. RANGA REDDI :—" I am sorry I cannot accept the amendment of Mr. Ramalingam. The Bill itself provides for one representative for the trade unions and it should satisfy my friend. There need not be any greater representation for the trade unions. My hon. Friend, Mr. Krishna Rao, has suggested that the Port Trust is being dominated by official elements and that the official elements should be cut down. Let me tell him that Mr. Nanjundiah who was deputed by the National Harbour Board to enquire into the conditions of development of minor ports in the Madras State paid the very highest compliments so far as Madras was concerned that

[Sri N. Ranga Reddi] [28th July 1953]

the administration of minor ports in the Madras State was very good. I do not say that on that account we should retain the official elements. Even at the time of the introduction of the Bill I have submitted that, as far as possible, nomination would be confined to those interests concerned and if I had not mentioned the details, I would like to mention them now so that the hon. Member may be satisfied.

"So far as the nominations are concerned, there will be two persons engaged in sea-borne trade in Mangalore; they will be one to represent the interests of the country craft owners and the other to represent the steamers carrying cargoes and passengers from Mangalore Port; the other three officers I have already mentioned.

"My hon. Friend has suggested that so far as coffee planters are concerned, they are mainly Europeans and if nomination is given to that particular interest, it will be dominated by the European elements. I may submit, Sir, that so far as coffee planters are concerned, they have been working in very close contact with the South Kanara Chamber of Commerce and there is no question of the South Kanara Chamber of Commerce being dominated by these planters and after all it will be the South Kanara Chamber of Commerce that will have a dominating voice with regard to these matters. Therefore, I submit, Sir, there is no reason to fear that the Europeans will have a dominating voice in this Port Trust. So I oppose both the amendments moved by the hon. Sri Krishna Rao and also by Mr. Ramalingam."

SRI K. KRISHNA RAO:—"May I know, Sir, whether the Hon. Minister is opposing even that amendment which says that all the trustees shall be Indian Nationals?"

* THE HON. SRI N. RANGA REDDI:—"Sir, Government have felt that there is no need to have that amendment at present. We are making provision for the applicability of the Tuticorin Port Trust Act to the Mangalore Port Trust also. There is no necessity for the amendment now."

The amendments of Sri K. Krishna Rao and Sri S. Ramalingam were, by leave, withdrawn.

The Schedule was put and carried.

Clause 1 and the preamble was put and carried.

THE HON. SRI N. RANGA REDDI:—"I move—

'That the Tuticorin Port Trust (Application to Mangalore) Bill, 1953, as amended, be passed into law.'

MR. SPEAKER:—"Motion moved—

'That the Tuticorin Port Trust (Application to Mangalore) Bill, 1953, as amended, be passed into law.'

* SRI K. KRISHNA RAO:—"Sir, I take this opportunity to request the Government to develop these ports, because the most

28th July 1953] [Sri K. Krishna Rao]

neglected things in our country are the ports, though South India had been a maritime power in the past—there is a very long history about it. Though there may be a Madras here, a Cochin there, a Visakhapatnam there or a Calcutta there, many of the minor ports have not been developed and they have been left in a neglected condition. Now that Mangalore is going to be developed. I hope this would be a prelude for the development of similar ports in Andhra and in all parts in the East Coast also. If we do that, I think there is very great scope for the improvement of our industries and agriculture in most of the coastal regions. There are some most neglected regions, something akin to agency areas; nobody goes there, nobody knows the woes of the people there. Only when people go and settle there in large numbers that you would improve the sea coast and maritime trade. I hope the Government would try to see that the Mangalore Port develops and also to develop the Indian industry and commerce in those areas."

* SRI VAVILALA GOPALAKRISHNAIAH:—"I am thankful and grateful to the Chair for giving me an opportunity to support the Bill. I want to bring to the notice of the Government two facts. That is, the Kakinada Port requires a Port Trust. Of course, the Hon. Finance Minister and the Hon. Chief Minister may say that 'you are going to have a province, you can do everything to improve Kakinada.' But that is not enough. My other submission is that passengers who want to go to Burmah should be picked up either at Kakinada or at Visakhapatnam. Thousands of people are going to Calcutta or Madras, get themselves into many complications and finally go back to their houses without being able to go to Burmah or other countries. These places are about 500 miles from Andhra area. There is a sea coast of 500 miles in Andhra. There are some ports, especially like Kakinada and Visakhapatnam ports. But passengers are not picked up there. I submit that Government should strive to make the cargo and other ships stop at Visakhapatnam or Kakinada and pick the passengers who want to go to Burmah or anywhere else without putting them to unnecessary trouble or expenditure. I support this Bill wholeheartedly."

* THE HON. SRI N. RANGA REDDI:—"Sir, I would like to assure my hon. Friend, Mr. Krishna Rao that the development of minor ports would be taken up consistent with the financial position of the Madras State. I may also state that the Madras Government have pressed for a particular portion to be given from the centre by way of interest-free loan, so that that amount can be utilized for the development of minor ports. So far as the Mangalore Port itself is concerned, the House would see that nearly Rs. 7 lakhs has been proposed for the improvement of the port. Similarly consistent with our financial position, the minor ports of the Madras State will be attended to. I think the House would be satisfied with the assurance given by the Government."

[28th July 1953]

MR. SPEAKER :—“ The question is—

‘ That the Tuticorin Port Trust (Application to Mangalore) Bill, 1953, as amended, be passed into law.’ ”

The motion was put and carried and the Bill was passed into law.

(6) THE MADRAS PRESERVATION OF PRIVATE FORESTS
(AMENDMENT) BILL, 1953.

* THE HON. SRI M. A. MANICKAVELU NAICKER :—“ I beg to introduce the Madras Preservation of Private Forests (Amendment) Bill, 1953, and move—

‘ That the Bill be taken into consideration at once.’

“ Sir, this Bill is necessitated in this manner. Now in Malabar and South Kanara districts, there are blocks of forests of more than a hundred acres which are situated contiguously and protected from indiscriminate felling of trees. In the working of the Act, some difficulties were found. That is, the owners of these forests circumvent the law by leasing out or mortgaging and also when there are joint-holders and when there are different claimants to it, they take advantage of that and the purpose of the law is defeated.

12-20 P.M. Now it is sought to amend the Act so as to bring the indiscriminate felling in areas under 100 acres under the purview of the law. There is another provision with regard to the date. The Act provides that any alienation of private forest on or after the 16th August 1946 shall be null and void. Some new forests may come into existence and we have altered the date suitably. Therefore, this amending Bill is necessary. I request the House to take the Bill into consideration at once.”

MR. SPEAKER :—“ The motion before the House is—

‘ That the Madras Preservation of Private Forests (Amendment) Bill, 1953, be taken into consideration at once.’ ”

* SRI VAVILALA GOPALAKRISHNAIAH :—“ Mr. Speaker, I move—

‘ That the Madras Preservation of Private Forests (Amendment) Bill, 1953, be referred to a Select Committee.’

Sir, I think my friends from Malabar will be able to speak more exhaustively on this subject than myself. We are not able to understand the implications of this amending Bill. While supporting my amendment, I leave the details to my friends from Malabar.”

SRI T. C. NARAYANA NAMBIAR :—“ Sir, I second the amendment moved by my hon. Friend Sri Vavilala Gopalakrishnaiah.”

* SRI R. KRISHNAN :—“ Mr. Speaker, Sir, ബാറമാനപ്പെട്ട മെമ്പർ ശ്രീ വാവിലാല ഗോപാലകൃഷ്ണ ഐയർ സമ്മേളിച്ച ചെമ്പുതടവാണ്. മലബാറിലെ സ്ഥിതി ആശോചകകയാണെങ്കിൽ നിലവിലുള്ള വനസംരക്ഷണ നിയമങ്ങൾ നമ്മുടെ വന സമ്പത്ത് രക്ഷിക്കുവാൻ മട്ടംതന്നെ പര്യാപ്തമായിട്ടില്ല. ഈ ബില്ലിന്

SRI T. C. NARAYANA NAMBIAR :—“ Sir, in rising to support the amendment, I wish to say a few words. I come from a constituency where there are vast forests and the Government have brought forward this amending Bill to stop illicit felling of trees. It is not as if illicit felling of trees is resorted to for want of a provision in the Act. It is due to lack of co-operation on the part of officers who purposely do not book the people or take cognizance of the offence of illicit felling, by taking bribes. Sir, mine is a constituency where fugitive cultivation is the mainstay of the people. In between the blocks of forests, there are arable lands and I can show many instances where fugitive cultivators are not permitted to cultivate. Another point is, even though the landlords have got vast lands, as my comrade Mr. Krishnan put it, these forests are kept under the ownership of big landlords. As the forests are the national wealth, some legislation will have to be introduced in this regard. As all these cannot be discussed on the floor of the House, I support the amendment referring the Bill to a Select Committee.”

* DR. K. B. MENON :—“ Mr. Speaker, Sir, I accept the invitation of the mover of the amendment to support his amendment. It is a big problem that affects the whole of Malabar which is full of hills and mountains. It is our experience that these forests are not taken good care of and that trees are illicitly cut. When I raised this in a supplementary question, the Hon. Chief Minister evaded the issue. I do not believe that it was a purposeful evasion. But whatever that be, it is a fact that illicit

[Dr. K. B. Menon] [28th July 1953]

cutting of trees by capitalist interests, apart from the poor people, doing it for their day-to-day use is going on on a large scale in the forests of Wynaad and adjoining areas. We do not mind the poor people taking their daily needs from the forests. It is said that the forest laws in Cochin State allow certain amenities to the people. It is a fact and I believe the Government of Madras also would consider giving some of those amenities to our people. It must be considered very carefully for some people may take undue advantage of these concessions and abuse them. Whatever that be, one cannot but point out that the forest laws are not properly enforced, that there is large scale illicit cutting in these forests, that there is not replanting of trees and that the forests in Wynaad and the adjoining areas are being denuded to the extent that there is erosion. Recently a member of the Board of Revenue visited Wynaad in connection with the study of the colonization schemes and we were told that he was also considerably impressed by the denudation of forests in those areas.

12-30 p.m. "In the amendment before the House we have asked for a Select Committee to be appointed in order to go into that problem in detail. If we do not get sufficient votes in the Assembly to carry our amendment through, I would request the Government to take note of what we have said and at least appoint an expert committee which would go into that question in full, study the problems carefully and save the forests of South India."

SRI C. H. SRI V. R. KRISHNA AYYAR :—" Mr. Speaker, Sir, I support the motion that has been brought here in this House for referring this amending Bill to a Select Committee. I wish to impress upon the Hon. Minister who is responsible for this Bill, certain features which call for considerable thought and careful handling. The Madras Private Forests Preservation Act, familiarly known as the M.P.P.F. Act in courts, was passed in the year 1946. Among the various enactments that were passed in a hurry during October 1946, this Act was one. At that time it was explained that the Act would be applicable only for two years and that in the meantime Government would bring forward a comprehensive legislation. At any rate that was the wording used by the then Hon. Minister who piloted the Bill. Two years' period elapsed. Again it was extended. In the meantime no comprehensive forest policy was evolved. No Act embodying any comprehensive forest policy was piloted. We should know that our forests are not merely private property or Government property but they are our nation's wealth. Where are we now? We are in 1953. The Bill was first piloted in 1946. Seven long years have elapsed. Have the Government done anything tangible? Have they evolved any comprehensive forest policy? The answer is 'No.' What do we find here now? An amending Bill merely for the sake of extending the life of the M.P.P.F. Act for another two years more. All these seven long years nothing has been done to mark out or chalk out or delineate any comprehensive or effective forest policy. My first submission therefore to this House and to you, Sir, is that this is not the first time the Government are indulging in the kind of patchwork legislation, if I may use the term. Right from 1946 they have been accustomed to this kind of routine extension to suit the convenience of some Collector who had found some difficulty or other in the workings of the Act. Only to rectify some administrative difficulties in the working of the Act, Government come forward with some verbal amendments. But that should not be the attitude which the Government should adopt. Let them note that we, hon. Members of the House are not interested in this kind of patch-work legislation. South India is famous for its forest wealth. Malabar is noted for its timber not only throughout South India but also throughout India. We want an intensive comprehensive forest policy by which the wealth of our forests would be preserved, nay enriched also. We await such kind of legislation. Let me once again repeat that we are not at all satisfied with patch-work legislation. South India is rich in forests. She is noted in the fields of sericulture and horticulture. Let the Government ponder over this

[Sri V. R. Krishna Ayyar] [28th July 1953]

matter carefully, take some time and bring in a comprehensive legislation. Again and again the cry is afoot from the public that we should conserve and not waste our forest wealth. It was suggested in 1947 in the K.P.C.C. Committee—I do not know whether the Hon. Minister is aware of the same—that effective measures should at once be taken for preserving our forest wealth. Six years have passed. We feel disappointed. Let the Government take note of the same. Let them bring in a comprehensive legislation.

“ Sir, as you are aware, Malabar is noted for its forest wealth. It is reputed for its timber. Timber is exported not only to all parts of South India. They go to Bombay and other northern parts also. There are two kinds of forests in Malabar. One is the reserved forests, that is forests that are owned by Government. The other is called private forest. These private forests, which cover a very wide area in Malabar, are owned by very rich jenmies who are the virtual proprietors of those forests. These jenmies do not very much worry about their forests. As such indiscriminate use of their entire forest wealth is made. They do not take proper action. The Government do not interfere. What is the result? The nation's wealth is reduced, I might even say, abused. Preservation of Private Forests Act should be enforced on correct lines. Promiscuous abuse of the private forests of the jenmis is now going on. That should be stopped.

“ From very early times, ever since 1880 the Madras Government seem to have been too much concerned with the ruinous way in which our forests wealth was being reduced. There is a fund of literature in our Legislature Library on that subject. If one were to go through the literature that is there one will verify for oneself the devastating way in which the forests of Malabar had been ruined. We are now in 1953. Still not a single comprehensive enactment enunciating an effective and definite forest policy had come into existence. What is it that we find defective in this present M.P.P.F. Act? The big merchants, I may call them by the name of ‘ sharks ’, are not punished. With a permit for cutting down hundred trees, they cut down 1,000 trees. Nobody takes note of the same. All the cut pieces are at once transported by lorries. The ‘ sharks ’ amass huge profits. After all who is there to supervise? There are only the petty forest rangers and guards who could easily be brought round by bribing. That is how things go on. I am a little bit happy to note that the Government have of late taken effective steps to root out the rampant corruption in the Forest department. These ‘ sharks ’ are thus let off. But what happens to a small ‘ fish ’, I am using this term in contra-distinction to the term ‘ shark ’, I mean the petty villager who cuts down the branches for either domestic or some other purpose or who tries to cultivate on a patch of reserved forest land. He is brought to book and is punished. As a practising lawyer I am accustomed to these trivial cases in the courts. These gullible folk and innocent cultivators are asked to give

28th July 1953] [Sri V. R. Krishna Ayyar]

applications to the Collector for permission to cultivate. These applications are sent to the Collector by the Forester concerned. Then the Collector says ‘ No permission for cultivation will be granted but prosecution will be launched because you have already cut the trees ’. This kind of harassment is going on. The result is that there is no popular support for the implementation of this particular measure. Nobody can gainsay the fact that forest wealth must be preserved. Even the K.P.C.C. report said that forests must be owned by the Government and not allowed to private or individual owners. It is time that this immediate and fundamental step is given effect to by absorbing all private forests in Malabar by Government and these forests should be made Government forests so that we can have an effective supervision of them and cutting should be done in a regulated manner or according to some scientific procedure. This is the first step to be taken. Even the implementation of this temporary legislation—the M.P.P.F. Act is only a temporary legislation and is awaiting the enunciation of a permanent forest policy—is not being worked out properly because it is now being used for harassment. I have not the slightest hesitation in saying that contiguous forests on one hundred acres must always be preserved irrespective of the fact whether it is owned by the Government or by any private individual. We are not concerned with the ownership or plurality of ownership. But, in practice, how does it work? What happens in Malabar? I do not know whether the Hon. Minister is aware of the terrain of Malabar. I wish he comes to Malabar as frequently as possible. One hundred acres could be made an engine of oppression. You can find jungle, brier and bushes all over Malabar. Now, there is no definition under the M.P.P.F. Act clearly defining what is a ‘ forest ’. Unless you are told what is a forest, one finds it extremely difficult to find out what is a forest. We find paddy fields surrounded by jungles or some bush. In such cases, the prosecution brings home the guilt to the accused person saying ‘ Here is a forest ’. If we say that it is not a forest because there are houses or paddy fields, the Court says that there is no definition for the word ‘ forest ’. It says: ‘ It may be a forest or it may not be a forest. But in the old revenue records of 1930 (the revenue resettlement in Malabar was in that year) it is entered as “ forest ”. Therefore I convict the accused ’. That kind of thing is now taking place. Therefore the first thing that should be done now is that people must be told what exactly are forests which should not be denuded or from where trees should not be cut. The poor cultivator because he cuts a tree for the purpose of clearing a particular area is now penalized for such cutting. It may be that there is just but one tree and all the rest may be grassy area where cultivation could be carried on. Even then he is committed to Court and is called upon to establish that it is not a forest. Some village officer or karnam will come and give evidence that it is a forest. The poor accused has simply to submit himself to a conviction. This is how the Act is being enforced. It is for this reason that I say that the Executive and the Judiciary

[Sri V. R. Krishna Ayyar] [28th July 1953]

must be immediately separated because the Collector of Malabar oftentimes has an eye on accused persons who are acquitted. The real point is that these small 'fry' who just cultivate areas where there may be some bush or some kind of thickets are brought before the courts for violating the M.P.P.F. Act. So the most urgent thing is to tell the people clearly "These areas are forests under the Act. You shall not tamper with that area or cut any trees from that area". For that there must be some kind of notification and if once people know what are forests, they may not cut trees from those areas because they will have previous notice and warning.

"Now, in Malabar, there is extreme pressure of population. On account of this pressure of population, we find people going on cultivating in areas which are not now available. Waste lands have to be brought under cultivation. We find considerable areas of waste lands which are really fit for cultivation because they are arable waste. But if they are directly put under the plough, immediately some forest ranger or guard comes and says 'Unless you shell out some money, I will report the matter to the Collector.' We must therefore know what are waste lands which are cultivable and what are forests which are not cultivable. There is no precise definition of the word 'forest' and that leads to considerable harassment. I therefore submit that these are matters for enunciation in a consolidated and comprehensive forest policy. The second point is that in country parts especially in a district like Malabar where one might find thickets everywhere, it is easy to oppress people. The third point is that there are a large number of areas where clearing has taken place already. They are no longer forests to-day. Once upon a time they might have been forests. But to-day they have been cleared and colonies have been formed and hundreds of people live there. But still, according to the Government records, they are forests. It looks as though these people are allowed to live there because prosecutions can be easily launched. There is no point in enforcing the Act in this manner and subjecting the people to harassment. These matters should be gone into.

"The last point is the conflict between the Malabar Tenancy Act and the M.P.P.F. Act. I invite the attention of the Hon. Minister to this particular aspect. Under section 52-B of the Malabar Tenancy Act, the Government may require the landlord of any waste or forest land to lease it for agricultural purposes to any person. Thus, the State Government may grant a lease of a forest on application. But under the M.P.P.F. Act no lease granted in respect of a forest shall be valid, and such a lease shall be null and void. So there is a conflict between these two statutes. This matter came up for discussion at a meeting of the District Forest Committee when a motion was made to the Collector to grant a lease of the forest. The Collector said, "There is one statute which says that a lease of the forest land can be granted. There is another statute which says that I must prosecute the person who is granted such a lease. I do not know

28th July 1953] [Sri V. R. Krishna Ayyar]

which to follow.' I said that the statute which allowed for more production should be followed. The whole enactment bristles with difficulties and drawbacks. We have to take stock of these matters and then refer the matter to a Select Committee so that the collective wisdom brought into play by the Select Committee may work for the benefit of all. It is my anxiety and concern that these forests must be preserved and must prosper as matters of public ownership. I therefore request the Government to agree to a reference being made to the Select Committee."

* THE HON. SRI M. A. MANICKAVELU NAICKER :—"Sir, the idea behind the amending Bill is to preserve the forest wealth in the districts of Malabar and South Kanara. I have already explained how the existing law is circumvented. Sri V. R. Krishna Ayyar said this was a sort of patch-work. I am also generally against patch-work. But I am constrained to do some patch-work, because of the peculiar situation in which we are

[Sri M. A. Manickavelu Naicker] [28th July 1953]

now in, with the impending partition of the State. A general and comprehensive Bill will take some time. After we put our house in order, we can go into that matter. But because I cannot bring in a comprehensive Bill, I should not be prevented from getting this Bill passed. If this Bill is delayed, the forests will be further denuded and destroyed. Suppose a family of six or seven members owns a forest area of about 500 acres, and the area is so divided among the members that each one gets less than 100 acres. The present Act does not apply to forests of less than 100 acres; this kind of division is made and the Act circumvented. To prevent this circumventing of the Act, I have brought forward this amending Bill. If we are to wait for a comprehensive Bill, more and more of the forests will be destroyed in the meantime."

SRI V. R. KRISHNA AYYAR:—"Sir, certain Bills were passed by this House this morning. There was a sense of urgency about them because the parent Acts are due to expire within a short period and the amending Bills had necessarily to be passed to extend the life of those Acts. There is no such urgency with regard to this Bill, because there is no prospect of immediate large-scale denudation of forests in Malabar. A Select Committee can be appointed to go into this Bill and make a report within one month. A Bill passed on the basis of such a report will certainly be better than the present patch-work. The provisions of the present Act are so vague that any Tom, Dick and Harry who cultivates even arable land can easily be prosecuted. On account of this vagueness, the provisions can be used by the Forest department, which is already corrupt, in an oppressive manner. Besides, the Bill is not so innocuous. All the Members coming from Malabar have said that this Bill should be referred to a Select Committee. So I request the Hon. Revenue Minister to reconsider the matter."

* SRI VAVILALA GOPALAKRISHNAIAH:—"Sir, the impending partition of the State will not stand in the way if the Bill is referred to a Select Committee composed entirely of Members from Malabar."

* THE HON. SRI C. RAJAGOPALACHARI:—"Sir, first of all there is this territorial difficulty. But this may be overcome by taking in only Members coming from the areas to which the Bill relates. Is there a reasonable chance of the Select Committee meeting and making a report before we disperse? I do not think there is anything gained by appointing a Select Committee. If the hon. Members insist on a Select Committee, the Bill will have to be put off, because there is no time for the committee to consider the Bill and report before we disperse. In the meantime, the forests in Malabar and South Kanara will continue to be destroyed. What is there for the Committee to discuss beyond what has already been discussed?"

28th July 1953]

SRI T. C. NARAYANA NABIAI:—"A Select Committee can be appointed with instructions to report before the conclusion of this sitting."

SRI N. GOPALA MENON:—"May I know whether any public interest will suffer by the delay entailed in referring the Bill to a Select Committee?"

THE HON. SRI C. SUBRAMANIAM:—"Then a Select Committee may be appointed with instructions to report by to-morrow morning. The names of Members will be given later."

SRI L. C. PAIS:—"Is it proposed to include only Members from Malabar?"

THE HON. SRI C. SUBRAMANIAM:—"Members from South Kanara also may be included."

THE HON. SRI C. RAJAGOPALACHARI:—"The Hon. Minister in charge of the Bill will select Members coming from the area to which the Bill relates. But it need not be put down as a rule, because that distinction would not be right."

"Sir, the instruction to the Select Committee may be that it should report by to-morrow afternoon instead of to-morrow morning."

MR. SPEAKER:—"The question is—

'That the Madras Preservation of Private Forests (Amendment) Bill, 1953, be referred to a Select Committee with instructions to the Committee to submit its report by the afternoon of to-morrow, 29th July.'

The motion was put and carried.

MR. SPEAKER:—"The names of the Members of the Select Committee and the person nominated by me as Chairman will be announced later." (See page 1612 infra.)

(7) THE MADRAS ESTATES (ABOLITION AND CONVERSION INTO
RYOTWARI) SECOND AMENDMENT BILL, 1953.

* THE HON. SRI M. A. MANICKAVELU NAICKER:—1 p.m.
"Mr. Speaker, Sir, I beg to introduce the Madras Estates (Abolition and Conversion into Ryotwari) Second Amendment Bill, 1953, and move—

'That the Bill be taken into consideration at once.'

SRI VAVILALA GOPALAKRISHNAIAH:—"Sir, I move the amendment standing in my name, namely—

'That the Madras Estates (Abolition and Conversion into Ryotwari) Second Amendment Bill, 1953, be referred to a Select Committee.'

SRI K. GOVINDA RAO:—"I second it."

* Published in the Fort St. George Gazette, dated 1st July 1953.

[28th July 1953]

SRI S. VEMIAH:—"Sir, I move the amendment standing in my name, namely—

'That the Madras Estates (Abolition and Conversion into Ryotwari) Second Amendment Bill, 1953, be circulated for the purpose of eliciting public opinion thereon.'"

The amendment was duly seconded.

MR. SPEAKER:—"The motion of the Hon. Minister and the amendments are before the House for discussion."

SRI G. LATCHANNA:—"అధ్యక్షా, ఈ యొక్క బిల్లు మీద మొత్తంపైన మేము ఎందుకు అభ్యంతరం చెప్పడానికి అవసరం వుండదో అని మొదట భావించాము కాని బిల్లు వివరాలు చూస్తే, ఇందులో మూడవ క్లాజు ప్రకారం ప్రభుత్వం గవర్నమెంట్ అని నేను కోరుతున్నాను."

SRI V. K. RAMASWAMY MUDALIYAR:—"Sir, we are not able to follow the Telugu speech of the hon. Member."

SRI G. LATCHANNA:—"Sir, we felt in the beginning that there would be no objection to accept this Bill. The provision in clause 3 particularly is very mischievous. It is against the assurance given by the Hon. the Chief Minister and the Hon. the Revenue Minister on the floor of the House. This clause gives the power to Government to make an appeal against the Settlement Officer's decision. This power was asked previously when the Rent Reduction Bill was moved. In the present Estates (Abolition and Conversion into Ryotwari) Second Amendment Bill, 1953, clause 3 comes like the Maricha in disguise. Why this provision has come here against the assurances given by the Chief Minister and the Revenue Minister? They will say that power will be used only in the interests of the tenants and not in any other way. But they cannot prevent others from safeguarding their interests. It is nothing but implementing the spirit of the judgment of the Division Bench of the High Court in favour of inamdars. It must be said in one word that the Government are very particular to see that somehow or other the decision given by the Division Bench of the High Court is implemented. This will help the rights and demands of the inamdars against the interests of lakhs of ryots. This will create an awkward situation particularly in Andhra Desa. Just before this Bill, the Irrigation Bill was passed by this House. In discussing that Bill, the Hon. Revenue Minister was pleased to say that it concerned only the Bhavani Project, and that he did not know why the Andhra Members raised objections when the Bhavani Project area people were not raising objections. Sir, this will affect most of the area in Andhra. I only want to remind the Hon. Minister about the assurances the Government gave on the floor of the House recently that they were not going to reconsider the matter. They could say that after due consideration they agreed to reconsider. But I am sorry to say this Government are failing in their repeated

28th July 1953] [Sri G. Latchanna]

promises, assurances and announcements, made often and often during the last 1½ years, to bring forward the Estates Land Act Amendment Bill. They are failing to fulfil their promise of bringing forward the Estates Land Act Amendment Bill. But they are very enthusiastic and energetic to bring forward the present Bill to have powers to themselves in some form or other. This is very bad, and this will create lot of litigation in Andhra Desa. This will lead to nothing but anarchy. If the Government are sincere, and they want to help the people, the only way to do that is to bring forward an amendment to the Definition Section in the Estates Land Act. No other thing will solve the problem. I only request Government to drop this Bill. I have no objection to their omitting this particular clause (clause 3) and passing the rest of the clauses in the Bill. I seriously protest and object to this clause. This clause should not be passed by the House."

* THE HON. SRI M. A. MANICKAVELU NAICKER:—"Sir, the hon. Member for Sompeta is obsessed with the idea that the Government are doing something sinister. He is entirely mistaken. When I explain the provisions, he will, I hope, understand. The first provision is that a person aggrieved by a decision of the Settlement Officer can appeal to the tribunal. According to the Madras General Clauses Act, 1891, 'person' includes any company or association of individuals, whether incorporated or not, but does not include the Government. Now the Government want to make a provision that the Government also can appeal. That is the simple amendment. As it is, only an individual or a corporation can appeal but not Government. The Government are excluded under the provisions of the General Clauses Act. It is thought that the Government also will appeal against the decision of the Settlement Officer when an area is declared as an inam estate. I am sorry the wording in the Statement of Objects and Reasons gives some room for that interpretation. But I may here say that the Government are not interested in appealing against decisions which go against the ryots. But the Government cannot provide that only in certain instances the Government can appeal. There will be a general provision that the Government can appeal when the decision is adverse. I give the assurance that the Government will appeal only in cases where the rights of ryots are adversely affected. But we cannot make a discriminatory provision in the Bill. The second point is that the landholder may have given patta of a communal land or lands which are of a communal nature. It so happens that the ryot cannot appeal against this either for want of finance or for want of knowledge. In such circumstances the Government will step in and will appeal in the interests of the ryots in order to safeguard the lands and preserve them for ryots and communal purposes. This is the second amendment. The third amendment is that under the Rent Reduction Act a certain rent was fixed. But the landlord might have collected more than

[Sri M. A. Manickavelu Naicker] [28th July 1953]

1-10 P.M the amount due under the Rent Reduction Act. For example, if the rent, according to the Rent Reduction Act, is Rs. 60, the landlord might collect Rs. 70. What the Government propose to do is that, in such circumstances, the Government will in the subsequent year, instead of collecting Rs. 60, will collect only Rs. 50. That is to say, the extra amount collected by the landlord will be offset by collecting only Rs. 50 in the subsequent year. Therefore, the advantage goes to the ryot. Further, we have got to pay compensation at the rate at which the landlord is collecting rent. But we can give him compensation only at the rate at which he is entitled to collect it. We want to make provision accordingly.

"Then, there will be some difficulty in recovering the amount from the landlord. So, provision to recover it as an arrear of land revenue has been included in the Bill. The hon. Member from Sompeta need not think that there is something very sinister taking place."

* THE HON. SRI C. SUBRAMANIAM :—"Sir, I shall also ask Sri Latchanna to consider this. The inamdar is always a party before the Tribunal. In some cases, it might be the tenant that is affected. Suppose the decision goes in favour of the inamdar and is adverse to the tenants and to the Government. There should be somebody to make an appeal to the Tribunal. Unfortunately, if the tenants do not take action, nobody else can take action. The tenants may not be interested or they may be induced by some consideration or other not to take further action. In that case, the Government want to step in and take the matter in appeal. If the decision goes against the inamdar, he will, in any event, appeal to the Tribunal because he is a party to the proceeding. Now, we want to provide for a case where the decision goes in favour of the inamdar but the tenants do not take action, whatever the reason might be. In that case, the Government should have the power to step in and take the matter in appeal. That power they do not have now. That is the only provision made in clause 2. It is not as if we want to amend the definition of 'estate' or any other thing. We are not enlarging the scope of the thing. In case of appeals, only parties to the dispute can go in appeal. The Government have no *locus standi*. In certain circumstances the case goes by default because the tenants either take no interest or are purchased away not to go in appeal and sometimes they do not have even knowledge of the provision. So, the Government should have the power to step in and go in appeal. That is the simple provision that has been made here.

"The other provision is this. Where the inamdar or estateholder has collected more money at a higher rate, the Government have got to make extra payment. To that extent, provision is made to collect the extra amount from the compensation payable to the landholder.

28th July 1953] [Sri C. Subramaniam]

"These are the only two provisions contemplated in the Bill. There is no question of favouring the landlord. On the other hand, it is for the purpose of getting at him where there is nobody else to take action against him."

* SRI K. GOVINDA RAO :—"The Hon. the Leader of the House has interpreted clause 2 in a particular way. He has said that only in the case of inam villages where the interests of the peasantry are affected that the Government will step in and appeal to the Tribunal. That is the power they want to have. If that is their idea, they can straightway accept an amendment which stands in the name of the hon. Member Sri Ramalingam."

THE HON. SRI M. A. MANICKAVELU NAICKER :—"It should not be provided in the statute itself."

* SRI K. GOVINDA RAO :—"But to-morrow it is not the statement on the floor of the House that will be useful."

* THE HON. SRI C. RAJAGOPALACHARI :—"Legally we cannot justly or properly frame an Act by which one party is deprived altogether of remedy. The Government may not, as a matter of policy, appeal but the party must be entitled to appeal. We cannot make an one-sided provision for legal remedy. That is the difficulty."

* SRI K. GOVINDA RAO :—"Herein lies the danger. Suppose there is a particular inam village which has been declared an estate by the Settlement Officer. Then does not this Bill provide that the Government can go to the Tribunal and argue that it is not an inam estate?"

THE HON. SRI C. SUBRAMANIAM :—"What we want is that it should be declared an estate. The winning party does not go in appeal."

* SRI S. RAMALINGAM :—"Sir, in the Statement of Objects and Reasons it is stated—

"Although the Government may not be generally concerned with a decision of the Settlement Officer as to whether a particular village is or is not an inam estate . . ."

"Therefore, it is clear that the Government are not particular as to whether a particular village is an inam estate or not. I want to emphasise that it should be provided in the law itself that it is only in cases where the decision of the Settlement Officer goes against the interests of the ryots, the Government will step in. The Government themselves say that that is their intention. So, I do not think there will be any difficulty in accepting my amendment."

* THE HON. SRI M. A. MANICKAVELU NAICKER :—"Sir, the whole inam legislation is in the interests of the ryots. The Estate Abolition Act and the other Amendment Act were all in the interests of the ryots. So, the Government will not act against

[Sri M. A. Manickavelu Naicker] [28th July 1953]

the interests of the ryots. As I have already stated, the appeal provision will be taken advantage of only in the interests of the ryots. But we cannot make a specific provision that an appeal should be made only in such cases. That will be wrong and such a provision cannot be made in the statute."

* THE HON. SRI C. SUBRAMANIAM :—" The actual provision is—

'Against a decision of the Settlement Officer under sub-section (1), the Government may, at any time, and any person aggrieved by such decision may, within two months from the date of the decision or such further time as the Tribunal may in its discretion allow, appeal to the Tribunal'

Therefore, if a village is held to be an inam estate, the inamdar is an aggrieved party and he is entitled to go in appeal. It is not as if a third party should come to his help. Therefore, it is provided where the party aggrieved can go in appeal. But there are certain cases where the aggrieved persons do not take any action. That is, the tenants do not take action because they do not know about the provision or they do not care about it or they are purchased away not to take any further action. In those cases, it is sought to empower the Government to go in appeal. It is only when you lose a case, you appeal. When the decision is in favour of the Government, that is, when a certain village is declared an inam estate, then having won the case, we will not go before an Appellate Tribunal for reversing that decision. No winning party goes in appeal. Therefore, the Government take power to appeal only where the tenants do not appeal for want of knowledge about the provision or due to indifference."

1-2) SRI V. BALAKRISHNAN :—" I would like to know whether
P.m. anybody was handicapped by the absence of these laws."

* THE HON. SRI C. SUBRAMANIAM :—" Yes, Sir, we have been very much handicapped, because we could not go in appeal. As far as the inamdars are concerned, they are all propertied people, they have their legal advisers and they take all matters in appeal. But so far as the tenants are concerned, the same cannot be said. They cannot take the matters in appeal. In many cases, the tenants were unable to appeal and so the inamdars have walked away with the property. That is why it has become necessary to introduce a provision enabling the Government to prefer an appeal on behalf of the tenants."

SRI G. LATCHANNA :—" Mr. Speaker, in spite of the clarification made by the Hon. Ministers for Land Revenue and Finance and the kind clarification made by the Hon. Chief Minister I am sorry to say that I am unable to accept and support this amendment. Because, we have got very bitter experience in this matter. I am not questioning the intentions of the Government and the Hon. Ministers. Their intentions are no doubt good. Now the Government have put the clauses in such a way that they will safeguard the interests of only certain sections of the

28th July 1953] [Sri G. Latchanna]

people. I do not think we can put it in that manner legally. It means that the Government have given their policy and there is nothing more in it. If that is so, we must remember that policies are bound to change from time to time as and when the Cabinet changes. Any Cabinet cannot be said to be permanent, but the Act will remain permanent. But when the Cabinet changes, the policies will change. So we cannot stand on policies, which are likely to change tomorrow or day after tomorrow. When I say this, I am not saying it on presumption. Things have been changed in this manner. When the present Government came into power, they clearly stated that after the judgment of the High Court Division Bench relating to some defect in the definitions section, they were preparing an amending Bill to make clear the position. But till now they have not done that. When we ask them what happened to it, we are told that the Legal Department is on that business. How many years it will take for them to bring this amending legislation is not known. From the time the Tanjore Tenants and Pannaiyals Protection Bill was considered and passed here, we have been repeatedly approaching the Ministers and also sending memoranda after memoranda to the Government, and making appeals on the floor of the House and also outside requesting the Government to clear the awkward position created by the judgment of the High Court so that the poor peasants may be allowed to have occupancy rights and so that there may not be mass evictions. Let them bring their comprehensive legislation or whatever it is, at any time most suited to them. But they should not delay the bringing of necessary legislation to help the poor peasants in their present plight when mass scale eviction has been going on. Hon. Mr. Manickavelu Naicker may be in charge of this Bill and in charge of this portfolio to-day. We do not know who will take charge to-morrow. As we have bitter experience in this matter, we should not allow these things to be left as they are relying on the policy of the Government. There must be specific provisions in the Act itself, for which we have been clamouring. We have had sufficient experience with these Tribunals. Especially after the judgment of the High Court, to which I have just now referred, practically all the judgments of the Tribunal are in favour of the inamdars only and not in favour of the tenants. I can say this emphatically and can challenge anybody on this matter. I earnestly beg the Government not to insist on this clause which is a very dangerous one. It will really kill thousands and lakhs of tenants, particularly in Andhra Desa. When we request the Government to take up some projects in the Andhra area, we are told 'You are getting your own State shortly and you can very well ask that State to take up those projects.' Why should not the Government adopt the same policy with regard to other matters also? This Bill will affect mostly the tenants of the Andhra districts. In Tamilnad, the tenants will not be so many. I do not deny that there will be some tenants in Tamilnad also. But 90 per cent of the tenants are in Andhra Desa. Though the

[Sri G. Latchanna]

[28th July 1953]

intentions of the Government may be good, the practice will be definitely bad. I request the Government to drop at least this clause. I have no objection to the remaining clauses."

* SRI V. K. RAMASWAMY MUDALIAR :—" Mr. Speaker. I wish to say a few words on this amendment. So far as the Government amendment is concerned, it is quite all right. I don't see any reason why Mr. Latchanna should be so vehement in his opposition to this amendment. The rights of both the inamdars and the ryots are sought to be protected here. Though the Hon. Finance Minister said that the Government would care more for the ryots and their interests, it is very clear that no one particular section of people will get preferential treatment. The interests of everybody will be safeguarded. So far as the provisions relating to the communal lands are concerned, it is said that as the ryots are not in a position to contest the suits, the Government will contest them on their behalf. Even now, the revenue officials have got full powers to evict the encroachers on communal lands, and poramboke lands. Even under the old Estates Land Act, the revenue officials were fully armed with powers and the ryots are conscientious enough to take the initiative and the amendment so far as the communal lands are concerned, is not necessary.

" With regard to the recovery of excess payment of compensation, I entirely agree with the Government that whatever was paid in excess must be recovered. In this connection, I wish to state that there should not be any miscalculation by the Tribunal and the compensation should be rightly and properly assessed even in the first instance. Because, I know in many cases of displaced zamindars the compensation amount granted by the Government is attached by the creditors and very little is left to the poor zamindars. That being the case, once a wrong calculation is made and the zamindars are paid compensation in excess, it will be very difficult to recover the excess amount from them afterwards. That is why I say that instead of making a wrong calculation in the beginning and afterwards incurring expenditure and experiencing great difficulty in recovering the excess amount from the zamindars, the Government should take steps to see that even in the first instance the compensation amount is correctly assessed. If this is done, matters will be made easier. That is my submission, Sir."

SRI G. YELLAMANDA REDDI :—" Mr. Speaker, the Hon. Leader of the House, and the Hon. Minister for Land Revenue said that this is a very simple measure and there is no difficulty in it. Though it is stated in the Statement of Objects and Reasons that the Government will contest on behalf of the tenants and ryots, it is not categorically stated in the clause. It is very necessary that they should clearly and specifically mention in the clause itself that they will contest the suits on behalf of the tenants and ryots. If only they are really willing and keen to help the

28th July 1953]

[Sri G. Yellamanda Reddi]

ryots, they would have categorically stated even in this clause that they will only contest on behalf of the ryots and not on behalf of the inamdars. Unless and until they definitely say this in the clause itself, we have only to take it that they are only keen on helping the landlords and inamdars. This is an atrocious clause and should not remain as it is. Probably, the Government want to hide this clause by some other clause which rather seems to help the ryots. For instance, there is the clause relating to the communal lands and the Government say that in respect of these, they will help the ryots. Whatever may be their intentions, I want that the Government must specifically, categorically and definitely say even in the clause itself that they will contest only on behalf of and in favour of the ryots."

MR. SPEAKER :—" The hon. Member may continue his speech later on. Now the Half-hour debate will commence."

IV.—HALF-HOUR DEBATE ON THE CANCELLATION OF TEACHERS' CERTIFICATES IN MALABAR.

SRI T. C. NARAYAN NAMBIAR :—" Mr. Speaker, Sir, I am grateful to the Hon. the Chief Minister as well as the Hon. the Minister for Education for the assurance that the question of restoring the cancelled and suspended certificates would be most sympathetically considered. However, the Chief Minister intervening during question hour said that short of giving subsistence allowance to the Communist teachers, everything possible will be done to do justice. By this answer, an impression was created that we on this side of the House as well as the public, the democratic public, demand the restoration of the certificates because these are Communist workers and we want them to do Communist work. I urge and request the Government to do justice not only to the Communist teachers but to all teachers. It is not a case of Communists versus the Government. It is a question of Government versus democratic opinion. This was the position during the period 1948-49 in Malabar and in other parts of the State. In this connection, I want to invite the attention of the Hon. Minister to one other fact. If the Minister feels that it was due to the so-called Communist trouble in 1948-49 in North Malabar that the certificates were suspended, I most earnestly ask him why was it that certificates of some 100 teachers of Palghat and Walluvanad were suspended where no public meetings were held, where no Communist agitation was taking place and where no peasant trouble started in 1948-52. You may ask, Sir, why these hundred certificates were cancelled and suspended. The main reason is on March 8, 1948, the Malabar aided elementary school teachers met in conference at Tirur in South Malabar and passed a resolution that though the Government had passed orders in 1947 that the teachers would be given the minimum scale it was not

* See Starred question No. 940 answered on 24th July 1953. The Half-hour debate was cancelled on 25th July 1953 but is since taken up to-day.

[Sri T. C. Narayana Nambiar] [28th July 1953]

given and that they in consequence had resolved to go on strike with effect from 15th June 1948. It was on communication of this resolution that the Government wanted to see that the teachers' movement was crushed and, Sir, if you see the names of teachers whose certificates were suspended or cancelled, you will find that most of them were either the Presidents or the Secretaries or Vice-Presidents or treasurers or members of the executive committees of the various branch unions of the Malabar Teachers' Union. The Hon. the Chief Minister was saying that if we stood on technical grounds, probably all the applications might be dismissed. From this I understand that the Government are not going to stick to technicalities. But there is another danger in this. Why I say technicalities have to be adhered to is this. There is, for example, Section 154 of the Madras Educational Rules. That is the only safety valve; that is the only safety section in the rules under which the teacher can claim some security of tenure against the bureaucratic deputy inspector, the District Educational Officer and the Director of Public Instruction. Nearly 600 certificates have been suspended and not one teacher was asked to explain why his certificate should not be suspended or cancelled. According to the rule, the manager or the deputy inspector should report to the Director of Public Instruction about the particular teachers against whom disciplinary proceedings have to be taken and the Director should hold a personal enquiry. Here I can give hundreds of instances where so many villagers and co-workers of the teachers had said that the teachers under suspension were the best teachers and not at all guilty. The pupils, the parents, the managers, the co-workers and the villagers all said that the teacher was not guilty and yet the Divisional Inspector at Coimbatore and the Director of Public Instruction at Madras who are hundreds of miles away from Malabar said that he was unfit. Because these things were done unjustly I request that the certificates should be given back unconditionally.

"I have one thing to say about the procedure adopted. It was in June 1948 that most of the certificates were cancelled. On the 22nd July, a conference was held in Kozhikode over which Mr. K. Kelappan, President of the Malabar Provincial Congress Committee presided, and a resolution was passed that the cancellation was indiscriminate in that even Congress teachers were involved. Sir, during the last Budget session, I drew the attention of the Government to the fact that even certificates of non-teachers were suspended and cancelled. (Laughter.) It will be seen from the notification issued in 1948 that the certificate of one K. Ambukutti Master was suspended. He was never a teacher and how could a thing that does not exist be cancelled? Why I say all this is to show that the whole thing has been done indiscriminately without going into the facts of the case. With regard to the restoration of certificates some of those teachers who were asked to go to the landholders or the police or village magistrates for getting conduct certificates were restored their

[Sri T. C. Narayana Nambiar] 28th July 1953]

certificates. When this gross injustice was brought to the notice of the Government as well as the Education Minister in 1951, a G.O. was sent—No. 2700-B/51-2, dated 19th April 1951—by which a Police constable should report to the educational authorities whether the teacher is good or bad. Sir, it is on this order that so many police constables have been going to the villages and I need not say what they will do when they have got such an authority. I do not understand why the police constables and sub-inspectors are empowered to report about a teacher. We speak of sanctity and purity of education and educational authorities and I am shocked and surprised to see that the police officers are given powers to report on the teachers' conduct and that too at their back without any enquiry whatsoever.

"I am glad, Sir, that the Government and the Education Minister in particular are considering very seriously how these things could be done. I know some arrangements have to be made and it is not my duty to say what they are . . ."

MR. SPEAKER:—"The hon. Member's time is up. I have already allowed him ten minutes. Mr. Lakshminarayana Reddi will speak."

* SRI T. LAKSHMINARAYANA REDDI:—"Mr. Speaker, 1-40
Sir, this matter should be seriously considered by the Government. p.m.
These certificates were cancelled when the Government took repressive measures against progressives, the teachers who remained in villages and who remained in schools. They did not identify themselves with any political party but they appeared as progressives as others. These were booked by the Police and the Divisional Inspectors; they reported that they were communists or had some association with the Communist Party. This is not correct and afterwards, after cancellation of their certificates worst things happened. It is not only in Malabar, but in Anantapur and Cuddapah districts also that these things happened. Many teachers had no association with either the Communist Party or the Rightist or Leftist or any Radical Party. Still their certificates were cancelled. After consideration Government restored a few certificates. What the teachers represented to the authorities, what they represented to the representatives of the people is that all the certificates should be restored. It is the elementary right of the teachers; no Government, no sane Government could refuse to consider this request. It was a political conspiracy. If you go to other countries, you can see how teachers are treated there, whether teachers are suspected as in India. During 1949-50 the teachers had no right to teach boys in the nights. They were watched by the C.I.D. The teacher was booked as Communist. Education was denied to many thousands during that period. The teachers were punished for their progressive ideas. I request Government to consider the cases in Anantapur, Cuddapah and other districts and see that the certificates cancelled are restored.

[Sri T. Lakshminarayana Reddi] [28th July 1953]

"Certificates were also cancelled because the teachers were associated with the Teachers' Federation. The Federation had done something to unite the teachers and strengthen their organisation. It was a genuine attempt. There is one case in my own district where for joining the Federation, the Secretary of the District Teachers' Federation was dismissed. I expect even now the Government which has Rajaji at its head will discontinue such things, give the teachers freedom to join the Federation and to help the progress of the country and the students. Let not repressive steps be adopted by this Government; let the certificates be restored and the dismissed teachers reinstated in service."

IV.—HALF-HOUR DEBATE ON CANCELLATION OF TEACHERS'
CERTIFICATES IN MALABAR—*cont.*

* SRI N. SIVARAMI REDDI:—"Sir, in Andhra Desa, the teachers have got their own organization called the Teachers' Federation and also their own paper called the Upadyaya. But the local authorities have always discriminated and they have

[28th July 1953] [Sri N. Sivarami Reddi]

issued orders that whoever subscribed for this Upadyaya and this organization will be punished. They have called for the explanations of teachers who worked as office bearers or held posts in this organization. They were also punished. Thereupon, the Teachers' Federation filed a suit against this high-handedness in the High Court and the High Court also upheld the cause of the teachers by ordering that a teacher cannot be punished because he is a member of the Teachers' Federation. Not only in Malabar but in Andhra also, Government have taken action against the teachers merely for being office-bearers in this organization.

"According to rule 154 the Madras Educational Rules, if any action is to be taken against the teacher, an explanation has to be called for, but even this rule framed by the Government is violated by the Government in practice. There are many people in Cuddapah district who have lost their certificates, viz., Vijayaramaraju, Rosi Reddi, Sanjeeva Reddi and Lakshmi Reddi. I request the Government who say that they are pursuing a liberal policy to come forward and see that the lost certificates are immediately restored to the teachers."

* THE HON. DR. M. V. KRISHNA RAO:—"Sir, it is stated that the discussion is with reference to the cancellation of certificates of some teachers for political reasons. About 398 certificates were suspended and 200 of them were restored till February 1953. Since then we have been trying to follow a very liberal policy, as I have already stated, in the matter. Most of these certificates cancelled were in Malabar, that is the Coimbatore Educational Division. About 343 were from the Division of Coimbatore. Now during the last two or three months, we have been getting information from the various districts and we are trying to restore as many as possible. We are still in the process of getting information.

"With regard to the history of this question, I wish to clarify one or two things raised by Mr. Nambiar. He has made an allegation that these certificates were not cancelled for any real reason involving law and order, but merely because they were members of an organization, etc. I wish to state . . . "

SRI T. C. NARAYANA NAMBIAR:—"Sir, it is not an allegation. I can produce even copies of the proceedings of the Director of Public Instruction in which it was stated 'teachers having communistic ideas'. I do not know how these ideas are understood by the Director of Public Instruction."

* THE HON. DR. M. V. KRISHNA RAO:—"Sir, in accordance with G.O. No. 1855 of 1950, only the Inspector-General of Police was asked to report to the Education Department cases where there were convictions. There was no interference by the Police Department in the Education Department as such, as has

[Dr. M. V. Krishna Rao] [28th July 1953]

been alleged. The hon. Member will not expect the Government to give a guarantee that the Police Department will not take cognizance of any activities of any citizen which are of subversive nature, be he a teacher or any other person. We have to maintain law and order irrespective of the fact whether he is a teacher or any other person. In no case will a person, whether he is a teacher or otherwise, be allowed to utilize his position for any subversive activities. Some years ago, it so happened that a large number of teachers for participation in subversive activities were duly convicted in courts of law and in those cases their certificates were cancelled. (Interruption by Sri T. C. Narayanan Nambiar.) Please let me have my say. Sir, in such cases alone, certificates were cancelled without the usual formality of framing charges and conducting an enquiry. In all other cases the Education Department itself framed charges and cancelled certificates after conducting an enquiry. Subsequently, so far as the organization is concerned, the Government have passed an order permitting teachers the freedom to join any organization and that cannot be ignored by this House. I find the hon. Member has conveniently chosen to ignore that order. I wish to submit, Sir, that the freedom of organization should not be utilized in any manner to subserve in subversive activities. When subversive activities are undertaken, it is the department dealing with law and order that will have to deal with it."

SRI N. SIVARAMI REDDI :—" On a point of information, Sir."

MR. SPEAKER :—" The Hon. Minister is not yielding."

* THE HON. DR. M. V. KRISHNA RAO :—" Sir, I wish to emphasize that according to the present policy of the Government, the teachers are free to organize themselves. There is no ban against the Federation and I myself declared open a conference of the Federation in Kakinada where the teachers from Andhra met. In spite of that, statements have been made that the Federation is being treated in a partial manner and that the Government are opposed to it. Nobody is penalized to-day because he is a member of the Federation. If in any particular case there is adequate ground for any disciplinary action to be taken against a teacher in a particular place, that should not be mixed up with this and an allegation made against the Government that we are interfering with the freedom of organization. So far as certificates are concerned, for certain reasons at a particular time they were cancelled. Now we are trying to take the assurances of the hon. Members of the various political parties and of the organizations at their full value and we are trying to follow a liberal policy. In fact, wherever there is no direct knowledge that a person is still involved in subversive activities or where a person has not been guilty of anything involving moral turpitude of a very serious nature, a very liberal policy is sought to be followed and it will be for the Government to restore as many certificates as possible,

28th July 1953] [Dr. M. V. Krishna Rao]

if only for one reason, to give an opportunity to the teachers concerned to resume their normal duties as teachers. In this connection, I wish to submit that while freedom of organization is guaranteed to the teachers, it should also follow that in the interests of the general weal of the country, the society and the teachers themselves, they should not allow themselves to become in any manner tools in any subversive activity and become whole-time political workers of parties which are likely—I am not referring to any particular party—to involve them in troubles. That is the view I expressed when I went to Malabar and Kakinada to meet the teachers. Therefore, Sir, the police do not interfere with nor do they consult the Education Department. In cases of positive conviction alone, the Police Department was giving information at that time. Therefore, Sir, in the interests of education itself and in the interests of the teachers, the students and the society as a whole, I have to submit to this Hon. House, that parties leave the teachers alone and do not involve them in very active politics which may sometimes land them in troubles for which they will have naturally to take the entire responsibility. The sufferers will be the teachers. Education also will suffer a set-back. Therefore, I take this opportunity to appeal to all members that the teachers may be left to do their teaching duties unimpeded. So far as the Government are concerned, as I have already stated, we will follow a very liberal policy and will try to restore as many certificates as possible taking the assurances given at their full value."

MR. SPEAKER :—" The House will now adjourn and meet again at 8-30 a.m. to-morrow."

The House then adjourned.

THE MADRAS LEGISLATIVE ASSEMBLY.

Wednesday, 29th July 1953.

The House met in the Assembly Chamber, Government Estate, Mount Road, at half-past eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

I.—QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

Fertilizers received by the Community Project Department.

* 1199 Q.—SRI T. ANANTHA PAI (on behalf of Sri M. S. Mogral) : Will the Hon. the Chief Minister be pleased to state—

(a) what is the total quantity of different fertilizers received by the Community Project Department in South Kanara; and

(b) what is the total quantity distributed to the agriculturists?

THE HON. SRI C. RAJAGOPALACHARI :—

	TONS.
“(a) Urea	95
Triple superphosphate	868
Ammonium phosphate	327
“(b) Up to 27th June—	
Urea	22½
Triple superphosphate	5
Ammonium phosphate	12½

The cultivation season has just commenced in the Project Area.”

Cuddalore Water-supply Scheme.

* 1200 Q.—SRI A. GOVINDASWAMI NAYAGAR: Will the Hon. the Minister for Health be pleased to state—

(a) the order of priority given by the State Government to the Cuddalore Municipal Water-supply Scheme in the compendium of Water-supply Schemes and the order now assigned to it; and

(b) what action the Government propose to take to give immediate relief to Cuddalore?

THE HON. SRI A. B. SHETTY :—“(a) The Cuddalore Municipal Water-Supply improvement Scheme has been assigned the first place in the priority list drawn up by the Water Supply and Drainage Committee.

“(b) Orders will be issued shortly according administrative approval to the estimates for the scheme and the execution of the scheme will be taken up soon.”

[29th July 1953]

SRI A. GOVINDASWAMI NAYAGAR :—" May I know, Sir, for how many years this has been first in the priority list and may I know when the Government propose to avert the water-scarcity and when do they propose to combat diseases like elephantiasis? "

THE HON. SRI A. B. SHETTY :—" The water-supply and drainage committee has given it the first place, Sir."

SRI A. GOVINDASWAMI NAYAGAR :—" My question has not been answered. May I know when the scheme was first thought of? "

THE HON. SRI A. B. SHETTY :—" 1947, Sir."

Language editions of " Madras Information "

* 1201 Q.—SRI N. SIVARAMI REDDI: Will the Hon. the Minister for Education be pleased to state—

(a) why the publications of language editions of ' Madras Information ' are going to be stopped from March 31st of this year; and

(b) the number of persons who may be retrenched as a result of this?

THE HON. DR. M. V. KRISHNA RAO :—" (a) The publication of the language editions of the Madras Information was stopped partly as a measure of economy and partly because the English edition itself was to be published in a smaller form for consumption outside the State, publicity for Government's policies and activities inside the State being provided for adequately by the English and language newspapers.

" (b) The following posts intended exclusively for the publication of the language editions of the journal have been retrenched from 1st July 1953 :—

4 Language journalists.

1 Editor, Dakhini Hind.

1 Assistant Editor, Dakhini Hind.

2 Lower Division clerks."

SRI N. SIVARAMI REDDI :—" Is it not a fact that a Cabinet Sub-Committee recommended the abolition of the post of Director of Information and Publicity and is it also not a fact that in spite of this recommendation, the Hon. Chief Minister had confirmed this post on the eve of partition? "

THE HON. DR. M. V. KRISHNA RAO :—" No, Sir."

[29th July 1953]

Tax for soaking coconut husks in Ponnani taluk.

* 1202 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Minister for Land Revenue be pleased to state— 8-40 a.m.

(a) whether the tax on Government poramboke lands used for soaking coconut husks in Chowghat Subdivision, Ponnani taluk, Malabar, was increased in June 1951 from Rs. 2-1-4 per acre to Rs. 310-15-0;

(b) whether the Government received any memorandum, dated 30th July 1951, from representatives of coconut growers and holders of poramboke lands protesting against this increase;

(c) whether the tax was reduced to Rs. 50 per acre subsequently; and

(d) whether the excess amount of the tax collected was returned and, if not, why?

THE HON. SRI M. A. MANICKAVELU NAICKER :—" (a) The rate of rent for occupation of Government lands in Chowghat sub-taluk was enhanced by the Deputy Tahsildar, Chowghat, to Rs. 250 per acre at the end of fasli 1360.

" (b) Yes.

" (c) Yes.

" (d) The excess collections have not yet been refunded. There are quite a large number of cases in which refunds have to be sanctioned. The signatures of the parties have to be obtained in the refund bills in all these cases and credits have also to be verified. Urgent steps are being taken by the Collector to refund the excess collections."

SRI M. NARAYANA KURUP :—" Was this increase from Rs. 2 to Rs. 250 per acre effected with the knowledge and approval of Government or has it been left to the discretion of the local officials? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" It was done by the local authorities on the basis that the soaking of coconut was done for trade purposes."

SRI M. NARAYANA KURUP :—" Will the Government take action against the local officials who by their conduct thus bring the Government into disrepute? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" There was some scope for enhancement. Probably the officers did not understand the exact scope. I will examine the matter."

DR. K. B. MENON :—" Are the Government imposing this tax in other parts of Malabar and is not this raising of the tax to Rs. 50 a steep rise? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" It has been proposed to reduce the tax to Rs. 50."

[29th July 1953]

SRI C. H. KANARAN :—“ In view of the fact that the coir industry has collapsed in Malabar, will the Government be pleased to reduce this enhancement? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ It has been reduced to some extent. Further reduction will be considered in view of the fact that the coir industry has not been very prosperous.”

SRI R. SIDDANNA GOWD :—“ Is the increase from Rupees 2-1-4 to Rs. 310-15-0 compatible with equity and justice, Sir? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ We are trying to mete out justice, Sir.”

Training centres for village guides under community projects.

* 1203 Q.—SRI A. RATHINAM : Will the Hon. the Chief Minister be pleased to state—

(a) how many Village Guides are being trained for the Community Projects and how many are Harijans; and

(b) how many centres are maintained, how many Principals and Vice-Principals have been appointed and the cost of maintaining each centre?

THE HON. SRI C. RAJAGOPALACHARI :—“ (a) The first batch of Village Guides numbering 93 have completed the training of 6 months and of these 3 are Harijans.

“ (b) Three training centres are maintained. They are located at Peddapuram, Parli and Gandhigram.

The centres at Parli and Peddapuram have got a Principal each, while the Gandhigram centre has got an Honorary Principal and a full paid Vice-Principal.

The estimated expenditure on each centre is as follows :—

	First year.	Second year.	Third year.	Fourth year.

SRI A. RATHINAM :—“ May I know from the Hon. Chief Minister how the Community Project Scheme will help the landless poor and especially the Scheduled Castes? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, this is an all round development plan and the development in the project areas is bound to assist the landless poor in the area.”

SRI K. VINAYAKAM :—“ May I know, Sir, whether in the matter of recruitment, the Communal Government Order is being observed because considering the large number of guides recruited I find the recruitment among the Harijans is very small and negligible? ”

[29th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—“ There is no question of any Communal Government Order in this connexion. But every attempt is made to give an opportunity to all classes to take part in this work. But when we are recruiting people as guides we have to include in our consideration many other points of view besides communal equity and distribution of favours.”

SRI KUNHI MOHAMED SHAFEE :—“ May I know, Sir, the number of guides that were given training in Parli and may I also know whether an independent officer or the District Educational Officer is holding the charge of principal? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, this is purely an administrative detail. I would recommend the hon. Member to write to me and I shall give him the required information.”

SRI K. R. VISWANATHAN :—“ May I know, how many of these guides belong to the backward classes? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ It is not possible for me to have a classified lists of these guides on a communal basis. If the hon. Member has got any specific complaint, I shall look into it.”

SRI R. KRISHNAN :—“ What are the duties of these guides and what is the policy of their service? ”

8-50
a.m.

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, it is an All-India plan and I would commend the hon. Member to read the All-India plan about Community Projects. These guides are very important links in the chain of work and service which is involved in the Community Development Project. They have to learn many things and to teach many things to the local villagers.”

Supply of foodgrains through ration shops in Malabar.

* 1204 Q.—SRI M. NARAYANA KURUP : Will the Hon. the Minister for Finance be pleased to state whether there was any breakdown in the supply of foodgrains through ration shops anywhere in Malabar in the second week of May 1953 and more especially in ration shops under Vadavannur Producers-cum-Consumers Co-operative Society, Palghat taluk?

THE HON. SRI C. SUBRAMANIAM :—“ There was no breakdown of supply of foodgrains as alleged.

“ The facts are that sufficient stocks of rice were not available for issue to the cardholders on 9th May 1953 in some of the ration shops run by the Producers-cum-Consumers Co-operative Society due to the fact that the Society failed to move promptly the stocks allotted to it. The stocks were replenished late on the same day. There was no further trouble.”

[29th July 1953]

SRI M. NARAYANA KURUP :—“ Sir, this is only one of the several instances. In many of the societies stocks are not moved to meet the requirements. Once or twice in a week they are moved in the morning and by the time the distant cart-loaders come, they say that the stock is exhausted. Will the Hon. Minister be pleased to issue instructions that such things do not happen in the future? ”

THE HON. SRI C. SUBRAMANIAM :—“ It depends upon the efficiency of the Producers-cum-Consumers Co-operative Societies concerned. That is why I say we have to take action in respect of some societies by cancelling their wholesalership, but hon. Members make representations that these societies, apart from their efficiency and service, should continue. That is why there is a conflict between the two. We are doing our best in the matter and instructions are always issued to see that sufficient stocks are kept in each shop for supply to all the consumers.”

SRI M. NARAYANA KURUP :—“ May I draw the Hon. Minister's attention to the fact that these things do happen not because of the inefficiency of the societies alone but also on account of the negligence and inefficiency of the supervising officials who are under this Government? ”

THE HON. SRI C. SUBRAMANIAM :—“ Sir, I don't know where the supervising officials come in here. It is only later on that the supervising officials come into the picture with regard to the checking of accounts, etc. But the Producers-cum-Consumers Co-operative Societies have got their own Directors and Managers and if they do not discharge their duties well, it is their own fault.”

SRI K. MADHAVAN NAMBIAR :—“ Sir, is not the Government's trade policy responsible for this breakdown? ”

THE HON. SRI C. SUBRAMANIAM :—“ I do not really understand what the hon. Member means by ' trade policy '. The policy of the Government is to supply as much rice as is required for the consumption of the people.”

SRI KUNHI MOHAMED SHAFEE :—“ May I enquire whether the Hon. Minister knows that the release of stocks and the fixation of prices is being done by the officials of the Supply Department and in most cases these officials cause considerable delay in the release of grains due to their uncertainty in fixing the prices and do not allow the societies to sell the grains which they have already received? ”

THE HON. SRI C. SUBRAMANIAM :—“ I agree that in a few cases delays have been caused due to the non-fixation of prices also, but those instances are negligibly small in number.”

SRI T. LAKSHMINARAYANA REDDI :—“ In view of the serious famine conditions prevailing in Anantapur and Cuddapah districts, will the Government be pleased to open ration shops immediately? ”

[29th July 1953]

MR. SPEAKER :—“ The hon. Member may put a separate question.”

Collection of arrears in estates in Visakhapatnam.

* 1205 Q.—SRI K. GOVINDA RAO : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether any representations were received by the Government with the request that collection of arrears be postponed in the estates taken over in Visakhapatnam and Srikakulam districts in view of the failure of crops this year; and

(b) if so, whether the Government proposed to comply with the request?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ (a) & (b) So far as the estates taken over in the Visakhapatnam district are concerned, no representation for postponement of collection of arrears therein has been received. As regards the estates taken over in the Srikakulam district, please refer to my answer to the hon. Member's question No. 933 (220), given on 28th March 1953.”

SRI K. GOVINDA RAO :—“ In view of the fact that the Government have not taken any responsibility to undertake repairs to irrigation sources in estates which were taken over by the Government, will not the Government consider it obligatory on their part to postpone the collection of arrears in those districts as the crops have failed? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Postponement was done on the representation of the leader of the K.L. Party and the hon. Member. Action was taken to collect six years' arrears but on representations we restricted the collection to one year's arrear and the collection for the current fash was postponed to a later date in June or July.”

SRI K. R. VISWANATHAN :—“ Are the Government aware that in certain estates taken over by the Government, interest on arrears of kist is being collected when there is a demand for postponement of the collection of arrears of rent itself? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ We are making collections as per the rules and not against the rules.”

Construction of roads under the Five-Year Plan.

* 1206 Q.—SRI VAVILALA GOPALAKRISHNAIAH : Will the Hon. the Minister for Public Works be pleased—

(a) to place on the table of the House a copy of the Five-Year Plan of Roads;

(b) if not, the reasons for the same; and

(c) what are the works completed according to the plan and when the other works would be completed?

[29th July 1953]

THE HON. SRI N. RANGA REDDI :—“(a) & (b) The Five Year Plan for development of roads other than National Highways for 1947-52 drawn up by this Government in great detail could be implemented only partially by the end of 1950-51. The Government are, therefore, following the plan in implementing the Planning Commission's plan for the development of roads for the period, 1951-52 to 1955-56. The plan relating to 1947-52 is a bulky document and the Government do not consider it necessary to print it and place copies of it before the Legislature. Copies of this plan are, however, available in the Library of the Legislature for reference by the Members of the Legislature.

“(c) The works are so numerous that the Government do not think that the labour and cost involved in printing the list and placing copies on the table would be commensurate with the object sought to be achieved.”

SRI VAVILALA GOPALAKRISHNAIAH :—“Is it not a fact, Sir, that so many roads were ignored, though according to the plan they had to be undertaken? Apart from the very few copies that are placed in the Legislature Library, are not copies available for the use of the hon. Members? There is the partition of the State and this matter requires to be gone into thoroughly. Will the Government be pleased to supply the copies immediately?”

THE HON. SRI N. RANGA REDDI :—“Ten copies of the Five Year Plan for the development of national highways are placed in the Library of the Legislature for reference.”

SRI VAVILALA GOPALAKRISHNAIAH :—“Is the Hon. Minister satisfied with providing ten copies in the Library? May I know whether copies are available for sale?”

THE HON. SRI N. RANGA REDDI :—“No one has asked a copy for sale. If there is sufficient demand, that question will be considered.”

SRI T. ANANTHA PAI :—“The Hon. Minister for Public Works has seen for himself the difficult means of communications in the South Kanara district. Will the Hon. Minister be pleased to see that this district is given special attention in this matter?”

THE HON. SRI N. RANGA REDDI :—“Special attention is being paid to South Kanara district.”

SRI K. VINAYAKAM :—“Sir, in view of the answer given by the Hon. Minister for Public Works that the Five-Year Plan of the roads is a bulky one and there is not sufficient demand for sale of the copies, will the Government consider the desirability of printing them districtwar so that there may be sufficient demand in the districts and the district people may not go in for a plan for the entire State?”

THE HON. SRI N. RANGA REDDI :—“I do not think it is necessary, Sir. This is the kind of document that has been printed for the whole State. (The document was shown to the hon. Members.)”

29th July 1953]

SRI K. VINAYAKAM :—“Is it bulky, Sir?”

THE HON. SRI N. RANGA REDDI :—“It is bulky.”

SRI K. VINAYAKAM :—“May I know the cost of the book which contains only 250 pages? The book can be easily printed and distributed to the members of the Assembly free of cost. We do not mind paying the cost of the book. I wonder why the Hon. Minister calls it a ‘bulky’ one!”

SRI T. VISWANATHAM :—“May I know whether the view of the Government is that they should not add to the capital cost of the roads because after all the roads are not coming?”

Bhavani Panchayat Board.

* 1207 Q.—SRI B. K. NALLASWAMI : Will the Hon. the 9 a.m. Minister for Local Administration be pleased to state—

(a) whether the division of wards in Bhavani Panchayat has been decided;

(b) whether the Panchayat Board has approved the same; and

(c) if not why?

THE HON. SRI N. SANKARA REDDI :—“(a) Yes.

“(b) Government have no information.

“(c) Does not arise.”

SRI K. SUBBA REDDI :—“గుంటూరు జిల్లా, సర్కార్ గ్రామ పేట తాలూకా, ఏలూరు పంచాయతీ బోర్డును ప్రజాధిపత్యంగా నిర్వహించుగా విభజించారు. ఆట్లా చేయటానికి recommend చేసినది ఎవరండి?”

MR. SPEAKER :—“The main question relates to the Bhavani panchayat, but this supplementary question asks for information about a different panchayat.”

SRI A. RATHINAM :—“Sir, a question similar to my question put by Sri P. Venkatasubbiah is also coming up for answer to-day. Both these questions relate to a very important matter relating to Harijans, and I request you to allow a half-hour debate on the matter.”

MR. SPEAKER :—“When?”

SRI A. RATHINAM :—“To-morrow.”

MR. SPEAKER :—“To-morrow is allotted for valedictory speeches.”

Scholarships to Harijan students.

* 1208 Q.—SRI A. RATHINAM : Will the Hon. the Minister for Education be pleased to state—

(a) the number of applications received from the Harijan students in the State seeking scholarships for the year 1952-53 and of them how many were given and on what basis;

[29th July 1953]

(b) the total amount which would have been required for the sanction of all the scholarships applied for; and

(c) how many students (boys and girls) were not sanctioned?

THE HON. DR. M. V. KRISHNA RAO :—“(a) Forty-thousand and two hundred and thirty-nine students belonging to eligible communities applied for scholarships and of them 17,336 were given the scholarships; scholarships are granted with regard to the applicant's poverty and merit and other conditions prescribed in the notifications regarding grant of scholarships, subject to the availability of funds.

“(b) Rs. 16,40,598.

“(c) Twenty-two thousand nine hundred and three.”

SRI A. RATHINAM :—“Is it a fact that residential scholarships were not sanctioned to all the Harijan students studying in the various high schools of this State for want of funds?”

THE HON. DR. M. V. KRISHNA RAO :—“It is not a fact, Sir.”

SRI P. G. MANICKAM :—“The amount of residential and non-residential scholarships granted in the Coimbatore district every year is much less compared with the amounts granted in the other districts and this fact has been brought to the notice of the Hon. Minister very often. Will the Hon. Minister be pleased to see that scholarships are sanctioned to all the applicants from the Coimbatore district?”

THE HON. DR. M. V. KRISHNA RAO :—“Scholarships are sanctioned according to the availability of funds and distributed in the most even manner among all the districts.”

SRI V. S. SIVAPRAKASAM :—“Is there any proposal under the consideration of the Government for raising the income limit of parents of Harijan students for the purpose of granting scholarships?”

THE HON. DR. M. V. KRISHNA RAO :—“The matter is under consideration.”

AN HON. MEMBER :—“Is any preference shown to the famine-affected areas of Rayalaseema?”

THE HON. DR. M. V. KRISHNA RAO :—“In every manner preference is shown to famine-affected areas.”

Land assignment to Danamanyam Co-operative Agricultural Colonisation Scheme.

* 1209 Q.—

MR. SPEAKER :—“The hon. Member Sri M. Jagannathan is not in his place. The question and answer will be printed in the proceedings.”

29th July 1953]

SRI M. JAGANNATHAN : Will the Hon. the Minister for Co-operation be pleased to state—

(a) whether he has received recently any petition from Sri D. Parasuram, Organizer for the Danamanyam Co-operative Agricultural Colonisation Scheme, requesting for the early assignment of waste lands to the society; and

(b) if so, what action has been taken in the matter so far?

THE HON. SRI D. SANJIVAYYA :—“(a) The answer is in the affirmative.

“(b) The request is under consideration.”

Construction of roads in Ongole taluk.

* 1210 Q.—SRI M. NARAYANASWAMI : Will the Hon. the Minister for Rural Welfare be pleased to state—

(a) the number of roads constructed by the Rural Development Department in Ongole taluk, up to 31st March 1953;

(b) the amount spent by the Government for this purpose;

(c) the amount of local contributions in each case; and

(d) whether any proposals were given up because of local objections?

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“(a) Thirty-three.

“(b) Rs. 1,32,671.

“(c) Rs. 48,073 in all.

“(d) No.”

SRI M. NARAYANASWAMI :—“I think the answer to clause (d) is not correct. There was a road and the Hon. Minister for Rural Welfare accepted on the floor of this House that it was dropped. Will the Hon. Minister reconsider and take up the construction of the road?”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“No road has been dropped; a road cannot be dropped, Sir.”

SRI M. NARAYANASWAMI :—“There was a proposal to construct a road between Errapalem and Timmannapalem. On the recommendation of the Hon. Minister, the proposal was dropped. Will the Hon. Minister be pleased to reconsider the question?”

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—“I did not know that the hon. Member meant that proposal. Regarding the proposal, it has not been dropped and it is being examined. There is plenty of opposition to it. As I said the other day, until the Collector is satisfied that there is no opposition to, or any quarrel over the issue, nothing will be decided.”

SRI P. PUNDARIKAKSHACHARYULU :—“Will the Hon. Minister revise the policy and see that local contributions are not collected in very backward areas?”

[20th July 1953]

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—" There is no compulsion regarding contribution. The contribution may be either in cash or in labour."

SRI G. LATCHANNA :—" Is it not a fact that no allotment of funds is made for the maintenance of roads laid under the rural welfare scheme? "

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—" It is crystal clear that once the roads are laid, they are handed over to be maintained by local boards."

MR. SPEAKER :—" Question No. 1211."

SRI T. NAGI REDDI :—" Question No. 1232 standing in the name of Sri T. Lakshminarayana Reddi relating to the same subject is coming up for answer to-day. I suggest that both the questions may be taken together."

MR. SPEAKER :—" The Hon. Minister will answer question No. 1211 first and then question No. 1232."

Suspension of teachers' certificates in Cuddapah district.

* 1211 Q.—SRI N. SIVARAMI REDDI: Will the Hon. the Minister for Education be pleased to state—

(a) why the teachers' certificates of Sri V. Vijayaramaraju, R. Sanjeeva Reddy, C. Lakshmi Reddy and K. Rosi Reddy of Cuddapah district were suspended;

(b) why the departmental authorities did not call for explanation from the above aggrieved persons as per rule No. 154 of the Madras Educational Rules;

(c) why departmental enquiry was not conducted in the above cases; and

(d) as the certificates are suspended until further orders what is the time limit set for the restoration of the certificates?

THE HON. DR. M. V. KRISHNA RAO :—" (a) The certificates of the teachers were suspended as they were reported to be taking part in subversive activities. This suspension was done before 1950.

" (b) & (c) It was not considered necessary to follow the usual departmental formalities in such cases.

" (d) There is no time limit for the suspension of these certificates. The certificates will be restored when the authorities concerned recommend the restoration of the certificates."

Cancellation of teachers' certificates in Cuddapah and Anantapur.

* 1232 Q.—SRI T. LAKSHMINARAYANA REDDI: Will the Hon. the Minister for Education be pleased to state the number of teachers' certificates cancelled in Cuddapah and Anantapur districts for political reasons from 1948 to February 1953?

[20th July 1953]

THE HON. DR. M. V. KRISHNA RAO :—" No teacher's certificate was cancelled in Cuddapah and Anantapur districts for political reasons from 1948 to February 1953."

Representation regarding Members of Legislature being made visitors to jails.

* 1212 Q.—SRI V. R. KRISHNA AYYAR: Will the Hon. the Minister for Law be pleased to state whether the Government have received any representation in 1952 from any of the M.L.As. from Malabar requesting that Members of the House should be made ex-officio visitors of jail within the districts in which the constituencies are situated; and if so, what action has been taken thereon? 9-10 a.m.

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" The answer to the first portion of the question is in the affirmative. The Government do not favour the proposal."

SRI V. R. KRISHNA AYYAR :—" May I know, Sir, the reason which has induced the Government to take up that attitude? "

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" The Government consider that it is not good to give all the non-official functions to M.L.As. It is also necessary to encourage others who take an interest in these things and appoint them to these non-official committees."

SRI V. R. KRISHNA AYYAR :—" May I know, Sir, why the Government do not consider it good to have M.L.As. as non-official jail visitors while non-officials are considered good? Since there is no limit to the number of visitors, why not the M.L.As. of each taluk in which the sub-jail is situated, be also appointed ex-officio jail visitors? "

THE HON. SRI C. RAJAGOPALACHARI :—" It is very embarrassing as long as friends of M.L.As. are in prison."

SRI V. BALAKRISHNAN :—" What is the maximum number of jail visitors for each district? "

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" Ordinarily two are appointed."

SRI R. KRISHNAN :—" എം. എൽ. എ.മാർ ജയിലിൽ കിടന്നു വരികയുള്ള സമയത്ത് അവരെ കമ്മിറ്റിയിൽ അംഗമാക്കി മാർ ജയിലിൽ നടക്കുന്ന അതിമതിക്കാരന്മാർ പുറത്തു കൊണ്ടുവന്നുവെച്ചു എന്ന ഒരു കൊണ്ടുവന്നു അവരെ ഇറക്കിയിട്ടുണ്ടോ? "

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" Certainly not. If the M.L.As. write to me, they will be allowed to visit any jail that they want to visit "

SRI SAKA VENKATA RAO :—" M.L.A. നെ ഫീൽഡ് വിജിലൻസ് സർവ്വീസ് കമ്മിറ്റിയിൽ അംഗമാക്കി മാർ ജയിലിൽ നടക്കുന്ന അതിമതിക്കാരന്മാർ പുറത്തു കൊണ്ടുവന്നുവെച്ചു എന്ന ഒരു കൊണ്ടുവന്നു അവരെ ഇറക്കിയിട്ടുണ്ടോ? "

[29th July 1953]

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ The question is whether they should be appointed as honorary visitors. They can go to any jail. If only they send me a letter in the matter, I will permit them to visit any jail. If there are any complaints, they can bring them to my notice, and I can rectify them.”

SRI M. KALYANASUNDARAM :—“ May I know, Sir, if the fact of being a Member of this House is a disqualification to be appointed as a jail visitor? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ No, Sir. The disqualification, if we may use that harsh term, arises out of personal interest and not out of being a Member of this House. The Government are naturally interested in jails. They cannot escape it.”

SRI V. R. KRISHNA AYYAR :—“ May I know, Sir, what prompts the Chief Minister to make the insinuation that so long as there are in jails friends of M.L.As., M.L.As. are disqualified, while non-officials including Ministers also might have friends in jails? ”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ Sir, we want to see the jail administration conducted on proper lines. If interested persons go and visit jails, they may create trouble. It is not good even if he be a non-official visitor, if he interferes with the administration of the jail. The Government will be compelled to remove him from the list.”

SRI KUNHI MUHAMED SHAFEE :—“ Sir, the Hon. the Law Minister was stating that if M.L.As. wanted to visit jails, they could do so. Does the visitor require any permission from the Jail Superintendent, or, whenever they want to visit any jail, they can go and approach the Jail Superintendent and then visit the jail? ”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ They have simply to send a letter to me. I will instruct the Superintendent to intimate to them and give them all facilities.”

SRI M. KALYANASUNDARAM :—“ Sir, I have to take strong objection to the use of the word ‘trouble’. The Hon. Minister has given permission to some Members to visit jails. What was the trouble that was created? Why should he be afraid of facing facts? There may be criticism of Government. If criticism of Government means trouble, what is the nature of the trouble that was created? ”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ Sir I am afraid the hon. Member has misunderstood me. I said ‘if persons interested’ create trouble, we will see that even if they are honorary visitors, they are removed from the list. That is what I submitted.”

[29th July 1953]

SRI K. VINAYAKAM :—“ Sir, is it a fact that only Members belonging to the United Democratic Front of the Legislature are excluded from the list of Jail Visitors while Members belonging to the Congress party have been recruited to the jail visitors committee? ”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ It is not a fact, Sir.”

SRI M. HANUMANTHA RAO :—“ Sir, is it to create jobs for defeated Congressmen that this policy is adopted in appointing jail visitors as in the case of Community Projects? ”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ It is not so. I may even say that if all the honorary posts are to be given to the M.L.As., the public may accuse us of creating an artificial caste.”

SRI T. VISWANATHAM :—“ Sir, am I to understand that some M.L.As. are made visitors while others are left out? If some M.L.As. have been left out, it is really a grievance.”

THE HON. SRI C. RAJAGOPALACHARI :—“ If it is the hon. Member's suggestion that all M.L.As. should be deprived of their normal rights to visit jails, I shall see that it is done.”

Letting of houses by the Accommodation Controller, Madras.

* 1213 Q.—SRI A. RATHINAM : Will the Hon. the Minister for Accommodation Control be pleased to state—

(a) how many houses belonging to private parties were let by the Accommodation Officer in the City of Madras; and

(b) how many families of Harijans are allowed by him to live with caste Hindus?

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—“ (a) It is not known for what period the information is required. The number of houses allotted by the Accommodation Controller for the last three years is as follows :—

Year.	Number of houses allotted.
1950	488
1951	556
1952	555
Total	1,699

“ (b) As the allottees are not expected to give their caste, the Accommodation Controller will not be in a position to know whether the applicant is a Harijan or Caste Hindu before the house is allotted to him. As such it is not possible to furnish the information asked for.”

[29th July 1953]

SRI A. RATHINAM :—“ May I know, Sir, whether there is any use to the public other than the Government servants in having the Accommodation Control office in the City? What is the annual expenditure incurred on account of this Accommodation Control office, and why do the Government not have any plan to construct buildings of their own at least for their own servants? ”

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—“ The question does not arise out of the question already put. I want notice, Sir.”

SRI V. BALAKRISHNAN :—“ Sir, in view of the policy of the Government to encourage the mixed construction of houses in the villages, will the Government be pleased to initiate a scheme for mixed construction of houses by allotment of houses to mixed communities? ”

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—“ I do not quite exactly understand the question put. There is no distinction now. There has not been any case brought to our notice to show that they should not live together.”

SRI K. KRISHNA RAO :—“ Sir, the Hon. Minister was saying, Sir, ‘ I do not know the reason why this question is put’. Are we to get the special sanction of the Hon. Minister before we put our questions or is the Speaker to take the special sanction of the Hon. Minister before a question is allowed by him? ”

MR. SPEAKER :—“ The answers to the rest of the questions will be read by the Hon. Ministers. No supplementary questions will be allowed.”

Scholarships to Scheduled Class students.

* 1214 Q.—SRI P. VENKATASUBBIAH : Will the Hon. the Minister for Education be pleased to state—

(a) whether any applications for residential and non-residential scholarships of the Scheduled Class students have been rejected this year for want of funds; and

(b) if so, the number of applications received and the number rejected?

THE HON. DR. M. V. KRISHNA RAO :—“ (a) Yes.

“ (b) Number of applications received including those for renewals—40,239. Number rejected—22,903.”

Supply of lorries to ryots to transport manure, seeds, etc., in Kottayam taluk.

* 1215 Q.—SRI V. R. KRISHNA AYYAR : Will the Hon. the Minister for Agriculture be pleased to state whether the Government have received any request from the Kottayam taluk Agricultural Advisory Committee in 1952 for supply of lorries at concessional rates through the District Agricultural Office for the use of the ryots for transporting manure, seeds, etc., and if so, what order has been passed thereon?

[29th July 1953]

THE HON. DR. R. NAGAN GOUDA :—“ No, but a representation on the subject has been received from the hon. Member which is under consideration.”

Tariff concessions to Indian hand-woven carpets.

* 1216 Q.—SRI B. K. NALLASWAMI : Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether the Government of Madras have received any representations from the carpet merchants, Bhavani, to recommend to the Central Government to show tariff concessions to Indian hand-woven cotton carpets as is shown to the other handloom products; and

(b) whether any recommendation has been made so far?

THE HON. DR. U. KRISHNA RAO :—“ (a) Yes, Sir. Representations were received by Government from the Handloom Carpet Manufacturers' Association, Bhavani, and the Kaithari Jamakkalam Thayarippur Sangham, Bhavani, complaining about the refusal of the Railway authorities to accept booking of handloom carpets at half parcel rates.

“ (b) Yes, and as a result of the same, the Railway authorities have agreed to extend the half-rate concession to consignments of handloom carpets booked by parcel or passenger trains, with effect from 15th May 1953.”

MR. SPEAKER :—“ Question No. 1217.”

SRI VAVILALA GOPALAKRISHNAIAH :—“ I put the question, Sir. But I wish to make a small alteration. The alteration is, in clause (c) instead of the words ‘ District Magistrate ’ the words ‘ Divisional Magistrate ’ should be substituted.”

MR. SPEAKER :—“ The hon. Member cannot correct his question now.”

THE HON. SRI C. RAJAGOPALACHARI :—“ It would be very helpful, if the question is corrected, Sir.”

MR. SPEAKER :—“ But it would be quite unparliamentary to do so now.”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, when a question of fact is involved and when one officer is mentioned and we get all information about it, if a sudden change of the name or identity of the officer is proposed another officer being put in, the matter gets complicated. However, I will just answer it as it stands and the hon. Member may ignore my answer to clause (c).”

Orders under section 144 in Guntur town.

* 1217 Q.—SRI VAVILALA GOPALAKRISHNAIAH : Will the Hon. the Chief Minister be pleased to state—

(a) whether an order under section 144 of the Criminal Procedure Code was promulgated in Guntur town on 16th June 1953;

[29th July 1953]

and (b) whether there were lathi charges in that connexion;

(c) whether the District Magistrate used a cane himself?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) Yes. On 16th June 1953, an order under section 144, Criminal Procedure Code, was promulgated by the Subdivisional Magistrate, Guntur, prohibiting any assembly of five or more persons within a distance of 250 yards from the factory of Messrs. British India Tobacco Corporation, Limited. The order was made applicable to the branch factory also on the next day. The object was to prevent intimidation of workmen and staff who were willing and wanting to work and to prevent annoyance to the public and disturbance of public tranquillity.

“(b) It is true that there was a lathi charge on that day. The crowd did not disperse in spite of the prohibitory order. After several warnings, the Police had to use tear gas to disperse the mob. This had no effect. A mild lathi charge was therefore made and the mob dispersed soon after.

“(c) It is not true that the District Magistrate used a cane himself. By the time he reached the spot, the lathi charge was over, and the mob had dispersed and were leaving the place.

“I may add the situation has now settled down and it is hoped these questions and answers will not undo the conciliation process.”

SRI VAVILALA GOPALAKRISHNAIAH:—“I want a half-hour debate on this question, Sir.”

MR. SPEAKER:—“No, it is not possible.”

Mangalagiri Weavers' Co-operative Society, Guntur district.

* 1226 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Co-operation be pleased to state—

(a) whether it is a fact that orders have been passed by Government superseding the Board of Management of the Mangalagiri Weavers' Co-operative Society at Mangalagiri,

[29th July 1953]

Guntur district; and if so when the orders were passed; and what were the charges levelled against the Board sought to be superseded; and what was the explanation of the Board on the charges; and whether the approval of the Guntur District Co-operative Central Bank, Limited, was obtained for the supersession;

(b) whether it is a fact that a party headed by the Senior Inspector of Co-operative Societies and a posse of police invaded the office of the Mangalagiri Weavers' Co-operative Society on the morning of 20th March 1953 and forcibly took possession of the offices, stocks and records of the society, and if so, why was the police utilized for the purpose; and

(c) whether it is a fact that the office, stocks, records in (b) were taken possession of in the absence of the office-bearers of the society and whether the clerks were threatened with arrest if they did not surrender the office, stocks and records to the Senior Inspector of Co-operative Societies?

THE HON. SRI D. SANJIVAYYA :—“(a) Yes, Sir. The Committee of the Society was superseded by the Registrar of Co-operative Societies in his proceedings, dated 10th March 1953. A copy* of the above proceedings containing information in regard to the charges levelled against the Board of Directors, the explanation offered by it, and the Registrar's conclusions thereon is placed on the table of the House. According to section 43 (5) of the Madras Co-operative Societies Act, only consultations with the financing bank and not its concurrence is required, and this has been fulfilled in this case.

“(b) The President of the Society did not turn up on the date fixed for handing over charge to the Special Officer as directed in the order of supersession. The Special Officer assumed charge himself on 20th March 1953 from the employees who handed over all the properties of the Society in their charge. In order to prevent any breach of peace, the Deputy Registrar, Guntur, arranged for Police bandobust; and

“(c) Neither the President nor the acting President was present and they evaded handing over charge. The Special Officer took charge of the properties of the Society from the persons who were in actual possession of them. There is no information whether the clerks were threatened with arrest if they did not hand over the office, stocks and records to the Special Officer.”

Malabar rice stocked in Tirunelveli district.

* 1243 Q.—

MR. SPEAKER:—“The hon. Member Sri K. T. Kosalram is not in his place. So the question together with the answer will be printed in the proceedings.”

SRI K. T. KOSALRAM: Will the Hon. the Minister for Finance be pleased to state—

(a) the quantity of stock of Malabar rice in Tirunelveli district during January 1953 with wholesale dealers and Government godowns;

(b) whether the Collector of Tirunelveli reported to the Board of Revenue and the Government that the stocks are deteriorating;

(c) what were the instructions of the Board as well as the Government to the Collector in this matter;

(d) how long was it stocked;

(e) when the release order for sale was issued;

(f) the price at which the stock was disposed of;

(g) what was the loss incurred in this disposal; and

(h) who is responsible for this loss?

THE HON. SRI C. SUBRAMANIAM:—“(a) There was no stock of Malabar rice in Government godowns in Tirunelveli district in January 1953. A quantity of 84,222 maunds and 17 seers of Malabar rice was held by private wholesalers in the district in that month.

“(b) Yes.

“(c) As the reports received from the Collector of Malabar and the Board in the first instance about the condition of the stocks of Malabar rice imported into Tirunelveli district did not indicate that the stocks had so deteriorated that they could not be preserved for some months the Government

[29th July 1953]

issued orders about the middle of March 1953, that the old stocks should be cleaned properly at Government's cost and preserved carefully to meet the increased demand for rice during the lean months commencing from June 1953. Later on, the Government received reports from private merchants that the stocks were fast deteriorating and that it would not be possible to find a sale for the rice at the prices fixed by the Government. The Government then ordered that the stocks should be disposed of in the open market at a reduced price of 10 annas per Madras measure. Based on the above orders, the Board issued necessary instructions to the Collector of Tirunelveli.

"(d) The stocks were in storage for a total period ranging from 8 to 11 months in Malabar and Tirunelveli districts. In Tirunelveli district alone, the stocks were in storage for a period from 3 to 4 months.

"(e) The Government issued order authorizing the sale of the old stocks of Malabar rice in the open market at reduced price on 7th April 1953.

"(f) A small portion of the stocks (about 2,000 maunds) was sold at the pool rates (i.e., about As. 15 per Madras measure for first sort and As. 12-6 per Madras measure for second sort). The remaining stocks were disposed of in the open market at the reduced price of 10 annas per Madras measure.

"(g) The loss in the transaction is estimated at about Rs. 5.35 lakhs.

"(h) It is not possible to say that any one person or set of persons are responsible for the loss. Due to reduced offtake through fair price shops on account of availability of rice in the open market at reasonable prices and due to the initial anxiety, the stocks remained undisposed of for a long time."

Andhra Paper mills.

* 1244 Q.—SRI C. PRABAKARA CHOWDARY: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) the present average monthly rate of production of paper in the Andhra Paper Mills;

(b) what proportion of the production is purchased by this State Government;

(c) whether the Government are purchasing the paper at any concessional price and if so what that concession is;

(d) what are the net profits earned by the Mills during the years 1949-50, 1950-51 and 1951-52;

(e) whether there are any proposals with the Government pending approval for the disbursement of bonus to the employees; and if so, what percentage of the net profits is earmarked for the distribution of bonus;

29th July 1953]

(f) whether there are any representations from the workers' union requesting for the revision of scales of wages of workmen in consideration of profits earned during the last three years and, if so, the action taken thereon;

(g) whether it is a fact that 3 or 4 hundred tons of rags were purchased for the mills in the year 1950-51, while the average consumption of the mills is only 60 to 70 tons a year and that huge surplus stocks of rags purchased are wasted in the dust or are being eaten by the white ants; and who is the officer responsible for this purchase;

(h) what is the number of workmen employed in the mills and the number of workmen employed by the contractors within the mill premises;

(i) whether there is any proposal with the Government to introduce the Workmen's Insurance Scheme in the mills; and

(j) whether there is a labour welfare officer in the mills?

THE HON. DR. U. KRISHNA RAO :—“(a) One hundred and thirty-eight tons per month.

“(b) About 66 per cent of the total production by the mills.

“(c) A uniform selling rate for all Government indentors throughout the Union is fixed by the Director-General of Supplies and Disposals in consultation with paper manufacturers. The only difference in the selling rate by the mills is with regard to unbleached varieties of paper which is sold to the public at As. 10-1 per pound f.o.r. destination and to this State Government at As. 8-1 per pound f.o.r. Rajahmundry.

“(d) The net profits earned by the mills are—

During	1949-50	...	...	15,400	0	0
	1950-51	...	...	1,20,606	14	10
	1951-52	...	...	1,78,610	18	1

“(e) Yes, Sir. The percentage of the net profits to be earmarked for the distribution of bonus is under the consideration of the Government and orders will issue soon.

“(f) Yes, Sir. But the request was negated as it was considered that wages cannot be enhanced according to profits earned by Government commercial concerns.

“(g) During the year 1950-51 a total quantity of about 167 tons of rags were purchased while the consumption by the mills during that year was 111 tons. Hence the purchase cannot be considered to be excessive as it is most essential to carry reserve stocks in the mills especially in these days of transport difficulties. No rags were either eaten by white ants or deteriorated in quality as the major portion of the rags

[29th July 1953]

were stocked inside the chopper room and only a small portion was kept in the open over a well plastered flooring."

"(h) The number of workers employed within the mills premises is 434 men and 63 women while the number of workers employed by contractors is about 50 per day on an average."

"(i) As the Andhra Paper Mills are already contributing the employers' special contribution under section 73-A of the Employees State Insurance Act, 1948, with effect from 24th February 1952, there is no proposal to introduce Workmen's Insurance Scheme in the mills."

"(j) No, Sir, for the present."

MR. SPEAKER :—" Hon. Member Sri T. Nagi Reddi had given notice of a short-notice question. I had no time to roneo and circulate it to the hon. Members. The Hon. Minister is, however, prepared to answer it. He will now read the question as well as the answer. After that, I will allow a few supplementary questions."

SRI M. SUBBA REDDI :—" Sir, question No. 1220 was not answered. It is a very important question and should be answered in public interest."

SRI V. CHIDANANDAM :—" That question stood in the name of the hon. Member, Sri Kotaiah. When the Hon. Speaker took up that question, Sri Kotaiah was not in his seat. So the next question was taken up. As the matter is very important, I request that question may be answered now, Sir."

MR. SPEAKER :—" When a particular question is taken up and the hon. Member in whose name that question stands is not in his seat, the practice is to print both the question and the answer in the official proceedings and not to ask the Hon. Minister to read the answer on the floor of the House. If, however, any other hon. Member was authorized to put the question on behalf of the absent member, that hon. Member should get up and say, 'I put the question on behalf of so and so'. In this case, when I took up that question, nobody said that he was putting that question on behalf of Mr. Kotaiah. That being so, it will be a very bad precedent to allow that question to be answered at this stage."

(Hon. Members Sri M. Subba Reddi and Sri V. Chidanandam stood up in their seats.)

MR. SPEAKER :—" Order, order. I am not going to allow the answer to be read now. The Hon. the Education Minister will now read the short-notice question of Sri T. Nagi Reddi and also the answer to that question."

THE HON. DR. M. V. KRISHNA RAO :—" The question put by Sri T. Nagi Reddi, M.L.A., is as follows :—

'Will the Hon. Minister for Education be pleased to state whether the Government have any proposal to amend the

29th July 1953]

University Acts of Madras and Andhra, to enable the educational institutions in the Andhra area, which are now affiliated to the Madras University, to be affiliated to the Andhra University from the appointed day in view of the formation of the Andhra State."

The following is my answer to the question, Sir :—

'The question of amending the Madras University Act does not arise. The Andhra University Act has to be amended with a view to re-affiliating certain educational institutions in the Andhra area, which are now affiliated to the Madras University, to the Andhra University. We are considering the possibility of putting the matter through.'

SRI T. NAGI REDDI :—" Now, that the Andhra State is going to be formed by 1st October, may we know whether the Act will be amended so as to affiliate all these Colleges before 1st October to the Andhra University and will the Government make arrangements to see that along with the formation of the Andhra State, the Colleges are automatically affiliated to the Andhra University? "

THE HON. DR. M. V. KRISHNA RAO :—" We are considering the possibility of putting it through, either through the Assembly or otherwise before the formation of the State."

SRI T. VISWANATHAM :—" The answer of the Hon. Minister was a little vague. It must be more specific. There are one or two methods of doing it. There is still one day and this is a unanimous measure and this can be put through to-morrow. The Hon. Minister said that the matter is being put through. I am saying how this can be put through. An amending Bill can be brought even to-morrow so that simultaneously with the formation of the Andhra State, the educational institutions in the Andhra area, which are now affiliated to the Madras University, may be affiliated to the Andhra University. I want to know from the Hon. Minister whether any proposal is under his contemplation in this regard? "

THE HON. SRI C. RAJAGOPALACHARI :—" It was seriously considered whether we could rush it through in this House but considering that there are many groups of people who are not in this House who may give their opinion, I should suggest the latter alternative as the better way, namely, it may be pushed through in Parliament. We need not express an opinion on it and there may be no opposition at all in Parliament to the measure."

SRI PILLALAMARRI VENKATESWARLU :—" I understand that the Bill is already ready."

THE HON. DR. M. V. KRISHNA RAO :—" Through whom?"

SRI PILLALAMARRI VENKATESWARLU :—" Through the proper channel." (Laughter.)

[29th July 1953]

THE HON. SRI C. RAJAGOPALACHARI:—"The hon. Member understands it through an improper channel." (Laughter.)

SRI PILLALAMARRI VENKATESWARLU:—"If the Government have no objection and if they are really serious to see that the educational institutions in Rayalaseema are affiliated immediately to the Andhra University, I assure them that it will be passed within five or ten minutes to-day or to-morrow."

THE HON. SRI C. RAJAGOPALACHARI:—"It is possible that everything can be got done if all of us agree. I do not want to create difficulties. Hon. Members should accept my assurance. We would have been glad to get through the Bill. But there are some people who raise objection to rushing through things like that. It is not good. After all, the result is going to be the same whether we do it here or there. In Parliament there will be no opposition to the measure and it will be more legitimate to discuss it there than to do it here by suspending rules and creating a precedent."

SRI T. NAGI REDDI:—"Can we not have it along with the formation of the Andhra State? We want the colleges in Rayalaseema to be automatically affiliated to the Andhra University on the formation of the new State. If this could be assured, then the question of getting things passed officially, etc., we do not mind."

THE HON. SRI C. RAJAGOPALACHARI:—"How can there be any objection to it? How can we object to it?"

SRI T. VISWANATHAM:—"We are only anxious that the Madras Government should communicate the unanimous wish of this House that these colleges in Rayalaseema should be affiliated to the Andhra University and the Government of India may do the necessary thing at the time of passing the Andhra Bill in the Parliament."

THE HON. SRI C. RAJAGOPALACHARI:—"A letter, an administrative letter, is quite possible and we can do that. The Andhra colleges will be in the Andhra area after the appointed day and the University is there. I cannot imagine any difficulty arising."

SRI PILLALAMARRI VENKATESWARLU:—"There is no provision made to this effect in the Andhra State Bill. That is why all these doubts have arisen."

MR. SPEAKER:—"The Chief Minister has already given an assurance and that should suffice."

SRI T. VISWANATHAM:—"Sir, now that that question is disposed of, I want to know what has happened to the two or three short-notice questions I have given notice of. They were not returned to me but no answer has been given so far. One of them relates to the State Loan, i.e., whether the Government

[29th July 1953]

authorized Commercial Tax Officers to contact businessmen to contribute to the State Loan; the second relates to certain Government Orders that non-clinical professors in medical colleges should be re-appointed up to the age of 60 . . ."

MR. SPEAKER:—"As far as the Chair is concerned, I have admitted them and passed them on to the departments concerned."

THE HON. SRI C. RAJAGOPALACHARI:—"I have received a number of such questions some of which can be answered immediately and some cannot be. By 'answered' I mean necessary information can be given. I try to accommodate as much as possible. I do not think I can do more than what I have done. Some short-notice questions I have already answered. For those on which I must have further time, I must be given due notice."

SRI T. VISWANATHAM:—"My question was simple. For example, I have asked whether the Government have passed orders saying that non-clinical professors may be re-appointed until they reach the age of 60."

THE HON. SRI C. RAJAGOPALACHARI:—"I must at least answer correctly. I must know the conditions. Does the hon. Member imagine that it is a household that I am running and that I know all that is happening? It is a very large business and I must know whether an order has been passed and I do not know the position. I would have otherwise answered straight off."

SRI T. VISWANATHAM:—"What is the use of putting short-notice questions? It is now three days."

THE HON. SRI C. RAJAGOPALACHARI:—"I object to the hon. Member's remarks. Otherwise, what is the use of the rule? The rule has been made after understanding all the difficulties of Government. We have followed it for years and years. It is impossible for me to accommodate a particular gentleman who puts a question. I have got so many other things to do at the same time and I would go all wrong if I attend only to questions, without usual notice."

SRI T. VISWANATHAM:—"It is no question of accommodation. It is a right of the House and we do not depend upon any accommodation. A short-notice question has been put three days back which demands a simple answer whether certain orders have been passed or not. Instead of giving that reply, the Chief Minister is side-tracking the whole issue."

THE HON. SRI C. RAJAGOPALACHARI:—"I am sorry, I am not side-tracking the issue. I want to save time. If the hon. Member is thinking that it is his right to give a short-notice question, I have a right not to waive notice."

[29th July 1953]

SRI M. KALYANASUNDARAM :—" Before the close of question time, I would invite your attention, Sir, to the short notice question which was admitted yesterday. It is not answered to-day. We have got only one more day before us in this sitting."

MR. SPEAKER :—" If possible, it will be answered to-morrow."

SRI M. KALYANASUNDARAM :—" In the meantime I have received information that the workers' organizations and the strike committees have decided to withdraw the strike but that the management is creating trouble by not opening the gates. If the question is taken up now, it will be convenient."

MR. SPEAKER :—" It will be taken up to-morrow if possible."

Hydro-electric projects in the State.

239 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Public Works be pleased to state with reference to the answer given to Unstarred Question No. 18 (155) given on 24th November 1952—

(a) the names of the river basins in this State for which hydro-electric charts were prepared by the Hydro-metric Subdivisions of the Electricity Department so far;

(b) whether these river basins were selected solely with a view to furnish bases for constructing hydro-electric power generating stations in every one of these river basins;

(c) what was the total expenditure incurred for preparing the charts mentioned in (a) from 1948-49 up to date inclusive of establishment and supervision charges of the Hydro-metric subdivisions;

(d) of the hydro-electric schemes of river basins in (a) what are the names of the river basins in the cases of which construction of hydro-electric stations are considered likely to yield best and most economic results and what is the minimum percentage of net return on gross capital outlay on hydro-electric scheme that is considered necessary to term a scheme economical and likely to yield best results;

(e) of the river basins in (a) the names of those (i) in the case of which the hydro-electrical possibilities are considered poor; and (ii) which are considered likely to yield best and most economical results;

(f) what are the names of the river basins where new hydro-electrical stations are proposed to be constructed in the next ten years and the order of priority and what is the probable year in each case when the Government propose to ensure supply of power from these stations; and

(g) in the case of the hydro-electrical possibilities of the river basins of this State whether it is a fact that the Government have consulted experts of the U.S.A. and whether they have come to the conclusions about the river basins in (d) and (e) after such experts have furnished their considered opinion?

A.—(a) Preparation of hydro-dynamic charts (not hydro-electric charts) have been completed in respect of 74 river basins in this State. The list is too long to permit of mention of names.

(b) The answer is in the affirmative.

(c) There has been no specific expenditure or supervisory charges incurred on the work since the spare time of the existing staff sanctioned for other purposes has been utilized to the extent possible.

(d) & (e) The normal criterion for an economical (or remunerative) project is the yield of a minimum net return of 4 per cent on the gross capital outlay (to

[29th July 1953]

cover interest charges after meeting operation and maintenance and depreciation charges) from the tenth year of operation onwards. Preparation of hydro-dynamic charts is only a preliminary stage in the objective and systematic study of the hydro-electric resources of all the river basins in the State and considerable further work such as correlation with rainfall and river flow data and detailed site investigation, will be necessary before any hydro-electric schemes can be declared as economically feasible. The classification of all the river basins as economical or poor, for the hydro-electric power development has to await the results of the hydro-metric surveys. For the present, the Kundah river basin and the Periyar lake have been found to hold out promise of the best and most economic results.

(f) The following new hydro-electric schemes are under various stages of consideration :—

- 1 Kundah Hydro-Electric Scheme in Nilgiris.
- 2 Krishna-Pennar Hydro-Electric Scheme (combined with the Irrigation Scheme).
- 3 Upper Moyar Hydro-Electric Scheme in Nilgiris.
- 4 Cholatipuzha Hydro-Electric Scheme in Malabar.
- 5 Kundipuzha Hydro-Electric Scheme in Malabar.
- 6 Kundah Extensions in Nilgiris.
- 7 Upper Bhavani in Nilgiris.
- 8 Niralapallam in Nilgiris.
- 9 Coonoor-Karteri-Kallarpallam in Nilgiris.
- 10 Kedarihalla in Nilgiris.
- 11 Kuttiyadi in Malabar.
- 12 Punnapuzha in Malabar.
- 13 Porandalar-Palar in Palni Hills.

It is not possible now to forecast the order of priority and the probable year in each case when supply can be ensured from these stations.

(g) The answer is in the negative.

Podu cultivation in the Agency tracts.

240 Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether there is "Podu Cultivation" or shifting cultivation now in practice in the Agency tracts; and

(b) what is the rate per acre, charged by the Government from such cultivators?

29th July 1953]

A.—(a) Yes; "Podu" cultivation is being carried on in the unreserve areas of the agency in Visakhapatnam district, in Bhadrachalam and Yellavaram taluks in the East Godavari district and in the hilly tracts of Pathapatnam taluk and Seethampeta Agency of Palkonda taluk and Parvatipur Agency in the Srikakulam district.

Retrenchment among Revenue Divisional Officers.

241 Q.—SRI Y. V. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether any posts of Revenue Divisional Officers were retrenched in 1952 in the State;

(b) if so, the number thus retrenched; and

(c) the reasons for the same?

A.—(a) Certain posts held by Deputy Collectors were abolished.

(b) & (c) A statement* showing the required particulars is placed on the table of the House.

Schools and pupils studying in Malabar.

242 Q.—SRI T. C. NARAYANA NAMBIAR: Will the Hon. the Minister for Education be pleased to state—

(a) the number of children of school-going age in Malabar and the number that attend the schools;

[29th July 1953]

(b) the number of elementary schools and high schools in Malabar and the number under Government, district board, municipal councils and private managements and the number of children in each;

(c) the number of trained and untrained teachers of different grades and the number of women under different managements; and

(d) the amount spent by the various agencies for the year 1946-47 and 1950-51 and the amount given by the Government as teaching and other grants to the various agencies?

A.—(a) to (d) A statement^a furnishing the particulars required in clauses (a) to (d) of the question so far as they are available is placed on the table of the House.

Food levy rates in Guntur.

243 Q.—SRI K. VENKAIAH: Will the Hon. the Minister for Finance be pleased to state—

(a) whether any representations have been received during 1952-53 by the Government from Guntur district for the revision of the food levy rates in Guntur district;

(b) whether any rates other than the Government rates have been proposed in the representations;

(c) if so, the rates proposed;

(d) whether any reasons for the revision have been advanced; and

(e) the steps taken by the Government?

A.—(a) & (b) The answer is in the affirmative.

(c) & (d) The representations were made mostly in general terms either for complete exemption from levy or for reduction in the scales of levy explaining the bad conditions of agriculture and the consequent low yields in different parts of the district. A specific representation was also received by Government suggesting the following rates of levy in bags of 2 maunds per acre for Guntur district:—

	Above 5 and below 10 acres.	Above 10 and below 15 acres.	Above 15 and below 25 acres.	Above 25 and below 40 acres.	Above 40 acres.
Tenali taluk	3½	5	6	7½	} All surplus from land- lords.
Other taluks	3	4½	5	6½	

(e) The Government considered in consultation with the Collector of Guntur that the scales fixed for Guntur district were reasonable and that no revision was therefore necessary.

House-sites for Harijans in Guntur district.

244 Q.—SRI K. VENKAIAH: Will the Hon. the Minister for Education be pleased to state—

(a) whether any representations have been received during 1952-53 by the Government from Guntur district in relation to the acquisition and the grant of house-sites to Harijans;

(b) whether any cases of delay have been brought to the notice of the Government in relation to acquisition and grant of house-sites in the representations;

(c) the suggestions for avoiding the delay proposed in the representations; and

(d) the steps taken by the Government?

A.—The hon. Member brought to the notice of the Government certain delays in the Land Acquisition proceedings for providing house-sites for Harijans in the Guntur district and has made some suggestions in this regard. The question of speeding up the land acquisition proceedings has been taken up by Government in consultation with the Director of Harijan Welfare and the Board of Revenue and the matter is still under consideration.

Information to employees of Foreign Embassies in Madras.

345 Q.—SRI P. SHYAM SUNDAR RAO: Will the Hon. the Chief Minister be pleased to state—

(a) whether the Government have issued instructions to their officers about supplying information to officers and employees of Foreign Embassies in Madras; and

(b) if so, whether the Government will place the instructions on the table of the House?

A.—(a) & (b) I have already informed the House in reply to similar questions that the Government have drawn the attention of the District officials to the necessity of observing the proper channels of correspondence with foreign consular and diplomatic officials on any matter outside of a factual or statistical nature as would ordinarily be available to the general public. The Government have also cautioned the District officials not to be led into any discussion on political or administrative issues when and if approached by foreign consuls or others of that type, who could not be courteously put away.

Harijan Welfare work in Tirunelveli district.

246 Q.—SRI P. URKAVALAN: Will the Hon. the Minister for Education be pleased to state—

(a) what is the total amount of different kinds of allotments and grants sanctioned by the Harijan Welfare Department for the Harijan Welfare work in Tirunelveli district during the period of Sri R. Subrahmanyam (formerly District Welfare Officer of Tirunelveli district, now Deputy Director of Harijan Welfare of Madras); and

(b) what are the details of expenditure for all these allotments and grants for different categories of works itemwise (such as acquisition of house-sites, burial grounds and formation of roads, sanction of scholarships, appointment of teachers, etc.), and sub-castewise (such as Pallas, Parayas and Chukkiliyas, etc.)?

A.—(a) Sri R. Subrahmanyam worked as District Welfare Officer, Tirunelveli, during the period from February 1950 to September 1952 which falls mainly during the official years 1950–51, 1951–52 and part of 1952–53. The allotments sanctioned by the Harijan Welfare Department for the Harijan Welfare work in Tirunelveli district during the said period are given in Statement I^a enclosed.

(b) The particulars are given in Statement II enclosed.

Construction of new roads by district boards.

247 Q.—SRI E. K. SANKARA VARMA RAJA: Will the Hon. the Minister for Local Administration be pleased to state the amounts allotted to the various district boards in the State for the construction of new roads in the years 1951–52 and 1952–53?

A.—Separate figures showing the amounts of grants sanctioned to district boards for formation of new roads only are not available.

A statement^b showing the grants given to district boards during 1951–52 and 1952–53 is placed on the table of the House.

Tungabhadra Hydro-Electric Scheme.

248 Q.—SRI C. SUBBARAYUDU: Will the Hon. the Minister for Public Works be pleased to state—

(a) the plan of the Hydro-Electric Scheme of Tungabhadra and the full particulars of the plan regarding the power generated, cost, water utilized, etc.; and

(b) whether the above one is a continuous generating scheme?

^a Printed as Appendix X on pages 1768–1776 *infra*.

^b Printed as Appendix XI on page 1777 *infra*.

29th July 1953]

A.—(a) & (b) The Tungabhadra Hydro-Electric Scheme as finalized comprises—

(1) A power-house at the foot of the Tungabhadra Dam with two 9,000 K.W. units and provision for two more similar units in the future.

(2) A second power-house at about the 15th mile of the irrigation canal near the Hampi ruins with two 9,000 K.W. units and provision for one more unit of the same capacity in the sixth year of operation and a further unit later on depending upon load development.

(3) A power transmission grid connecting the power-houses with the consuming centres in the Bellary, Anantapur, Kurnool and Cuddapah districts.

The scheme is estimated to cost Rs. 733.01 lakhs initially rising to Rs. 794.41 lakhs at the end of ten years. The water utilized for power generation is taken from the reservoir formed by the Tungabhadra Dam. The scheme is a continuous generating scheme with a firm power output of 32,000 K.W. A seasonal power up to 60,000 K.W. will be available during the irrigation period.

Staff of the Secretariat.

249 Q.—SRI V. BALAKRISHNAN: Will the Hon. the Chief Minister be pleased to state—

250 Q.—SRI V. BALAKRISHNAN: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the expenditure incurred by the Government for digging of drinking water wells in Pudukkottai division, Tiruchirappalli district, as per each taluk since 3rd March 1948;

(b) the amount granted as takkavi loans as per each taluk since 3rd March 1948;

(c) the amount granted as loans for purchase of plough-bulls as per each taluk since 3rd March 1948;

(d) the amount spent on Famine Relief works as per each taluk since 3rd March 1948 giving details of expenditure;

^a Printed as Appendix XII on pages 1778–1780 *infra*.

[29th July 1953]

(e) the amount spent on Minor Irrigation Works since 3rd March 1948 as per each taluk and when, where and how spent;

(f) the amount spent on gruel centres since 3rd March 1948 as per each taluk and when and where such gruel centres were opened; and

(g) the number of Famine Relief works executed through contractors and by departments directly?

A.—(a) to (g) The answer^a is laid on the table of the House.

Gruel centres for handloom weavers.

251 Q.—SRI V. BALAKRISHNAN: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the number of gruel centres exclusively for handloom weavers in each district of the State for years 1951-52 and 1952-53; and

(b) the number of gruel centres in agricultural areas in each district of the State for years 1951-52 and 1952-53?

A.—(a) & (b) It is presumed that in clause (b) of his question also, the Member refers only to the gruel centres opened for the relief of handloom weavers. Special gruel centres exclusively for the relief of weavers were opened only in fasli 1362 (1952-53). The following statement shows the number of such centres opened in each district:—

Tiruchirappalli Food Production Committee.

257 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Finance be pleased to state—

(a) the number of meetings called for during the financial year 1952-53 of the Tiruchirappalli Food Production Committee;

(b) the number of times when the meetings did not transact any business for want of quorum;

(c) the number and nature of the recommendations made by the committee during 1952-53 to the Government and accepted and acted upon by the Government; and

(d) the expenditure on this account in 1952-53?

A.—(a) There were six meetings during the year.

(b) On five occasions the meetings had to be postponed for want of quorum. But the members present at the meetings carried on informal discussions about seasonal conditions and achievements under the Intensive Cultivation Schemes.

(c) Two requests were made at the meeting held on 28th February 1953. One was for the postponement of the recovery of the subsidy under the New Well Subsidy Scheme in Pullambadi and Peruvalappur firkas of Lalgudi taluk and Thathiangarpettai firka of Musiri taluk till June 1954 and the other was for the letting in of water into the Nandiyar channel from the Cole-roon as a temporary measure during the present season in order to save about 5,000 acres of wet lands in Lalgudi and Udayarpalayam taluks.

Request No. 1.—The Government have already ordered that the collection of loan instalments due in fasli 1362 be postponed to fasli 1363 in all the affected

[29th July 1953]

areas, which include 19 villages of Thathiangarpet firka. No concession has been granted in respect of villages in Pullambadi and Peruvallappur firkas. Following these orders recovery of subsidy loans under all the Well Subsidy Schemes has been postponed in all the affected areas till the kist season of fasli 1363.

Request No. II.—The Chief Engineer (Irrigation) did not recommend the scheme since any division of Coleroon water to Nandiyar would be detrimental to the lower down legitimate ayacut.

(d) The Government have incurred an expenditure of Rs. 448-2-0 during the year 1952-53 by way of payment of travelling allowance to the members of the Committee.

Construction of an irrigation channel to Ravulakollu and other villages in Siddhout taluk.

258 Q.—SRI V. CHIDANANDAM: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the Government investigated the possibility of a project at Dharbakona near Donglasani and to lead a channel to irrigate lands of villages Ravulakollu to Zuvvalapalli in Siddhout taluk in previous years;

(b) if so, what was the result of the investigation;

(c) what the opinion of the Engineers was;

(d) the extent that was proposed to be brought under the project;

(e) the amount of estimated cost; and

(f) whether any other site was investigated and found more suitable to irrigate more acres?

A.—(a), (b) & (c) The possibility of taking a channel from the left bank of Pennar to irrigate lands in Ravulakollu, Zuvvalapalli, etc., villages was examined and dropped in 1950, as it was reported that spring channels taking off from the Pennar were not much of a success, that the scheme would be prohibitively costly and that the channel would get submerged by the Krishna-Pennar Project when the latter was executed.

(d) The ayacut anticipated was 700 acres.

(e) About Rs. 5.6 lakhs.

(f) The answer is in the negative.

Alleged famine conditions in Pudukkottai division

259 Q.—SRI V. BALAKRISHNAN: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the report submitted by the District authorities with regard to famine and drought conditions in Pudukkottai division of Tiruchirappalli district for the year 1952-53;

[29th July 1953]

(b) the steps suggested by the District Authorities; and

(c) the steps accepted by the Government?

A.—(a) & (b) The Collector of Tiruchirappalli reported that consequent on the cyclone and rains of November-December 1952 there was no need to take up immediate action in regard to relief works in Pudukkottai division. The Collector, however, recommended that the collection of the kist due in January 1953, be spread over to February, March and April 1953 and the kist collected in easy instalments.

(c) The Collector of Tiruchirappalli was permitted to postpone the collection of land revenue and cesses due January 1953 in the taluks of Kolathur and Tirumayam. Subsequently orders were issued sanctioning special remissions to 137 villages in Tirumayam taluk and 143 villages in Kolathur taluk of Pudukkottai division. Orders were also issued postponing in these taluks:—

(i) the collection of loan instalments due in fasli 1362 to fasli 1363;

(ii) the collection of the unremitted kist of fasli 1361 to fasli 1363; and

(iii) the collection of cesses due in fasli 1362 to fasli 1363.

(b) how many of them in each category have been absorbed fully into the corresponding Medical Service of Madras State;

(c) how many of them have been given the Madras State scales of pay;

(d) how many of them have not been given the Madras State scales of pay;

(e) how many of them have been transferred outside Pudukkottai without Madras State scales of pay; and

(f) why they are paid the Pudukkottai State scales of pay and asked to do the Madras State quantum of work?

A.—(a) Males—3.

Females—8.

(b) Males—2.

Females—8.

(c) All of them have been allowed the scale of pay admissible to those with similar qualifications in the Madras State.

Recommendations of the Land Revenue Reforms Committee.

261 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the action taken by the Government on the recommendations of the Land Revenue Reforms Committee in paragraphs 249, 250 and 354 of their first report given on pages 76 and 100 of their first report, respectively;

(b) the number of cases, the names of districts and the number of villages covered, where occupancy rights were conferred on agricultural labourers "in occupation of the" present house-sites for over a long period of time; and

(c) the number of cases, the names of districts and the number of villages covered, where alternative house-sites were provided for agricultural labourers?

A.—(a) The matter is under examination of the Government.

(b) & (c) Do not arise.

Assignment of land in Udayarpalayam taluk.

262 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the number of applications received from the ex-service personnel in Udayarpalayam taluk for assignment of land year-war after the Second World War;

(b) the number to whom lands have been assigned; and

(c) the number of pending cases and the number rejected?

A.—(a), (b) & (c) The information is not available with the Government.

Expenditure on capital works.

263 Q.—SRI T. VISWANATHAM: Will the Hon. the Minister for Finance be pleased to state the amount taken from Current Revenues and spent on Capital Works during the years 1910–1952 stating the particulars of the amount spent and the nature of the capital work on which it was spent?

A.—The current Revenues of the State are not generally utilized for expenditure on schemes of a capital nature. However, expenditure on small irrigation and industrial development works are usually met from revenues. The net outlay on State Trading Schemes initially recorded in the capital account was transferred to the revenue account during the years 1943–44 to 1948–49. The net outlay in subsequent years has been retained in the Capital Section, the intention being to transfer the

[29th July 1953]

net result of the transactions to the revenue account, after the accounts of the State Trading Schemes are finally closed.

A statement^a of capital expenditure met from revenues from 1920–21 to 1951–52 is annexed. The figures for the earlier years are not readily available, and it is not considered worthwhile to compile them.

Cash balances in Government treasuries.

264 Q.—SRI T. VISWANATHAM: Will the Hon. the Minister for Finance be pleased to place a statement on the table of the House regarding the cash balances and securities as on the 1st of every month separately for each district for the years 1950, 1951, 1952 and 1953 with the following particulars:—

(i) the amount of the cash balance in each treasury; and

(ii) the amount in Reserve Bank or branches of the Imperial Bank?

A.—(i) The amount of cash balance in each treasury is the working balance kept at the treasury for day-to-day transactions. At the close of each year, the Government prescribe a maximum normal balance for each treasury for the subsequent year, which is about Rs. 7½ lakhs for all the treasuries during the period May to November (non-kist season) and about Rs. 10 lakhs, during the period April and December to March—vide statement^b annexed, relating to the year 1953–54. Actually, the treasuries have been able to work with a balance less than the prescribed normal balance. It is not considered necessary to furnish the cash balance at the end of each month for a series of years in respect of each treasury, as the monthly and yearly variations are small. Securities belonging to the Government are not allocated on the basis of districts. The value of securities held in the Cash Balance Investment Account of the Government as also on behalf of the earmarked funds for the State as a whole is given every year in the Statement of Assets and Liabilities and the Statement of Fund Accounts, printed as Appendices to the Budget Memorandum (See pages 146–157 of the Budget Memorandum for 1953–54).

(ii) The amount in Reserve Bank or Branches of the Imperial Bank.—The amount held in the branches of the Imperial Bank of India is not the property of the Government. The transactions of the Government taking place at the branches of the Imperial Bank are taken initially against the Bank's own funds and advised by the Banks subsequently for credit or debit

[29th July 1953]

against the Government's accounts with the Reserve Bank at Calcutta. The cash balance in the Reserve Bank represents the running account of the Government with the Bank and it is not considered necessary to compile these monthly balances, as it will involve a good deal of labour which will not be commensurate with the usefulness of the information.

Medical and Health Department Stores in the State.

265 Q.—SRI T. VISWANATHAM: Will the Hon. the Minister for Health be pleased to state—

(a) what are the categories and quantities and values of the medical stores and stores intended for use by the Medical and Public Health Department at present;

(b) the places where such stores are stored;

(c) the categories, quantities and values of the stores in each of such places as on 1st April 1953;

(d) whether any further indents have been made for such stores and, if so, for what categories, quantities and values; and

(e) whether the Government have any forecast of the variations likely to occur by 1st October 1953 in each of such places in the figures referred to above; and, if so, to what extent and the reasons therefor?

A.—(a) to (c) Apparently the Member wants these particulars for use in connexion with the discussion of the Andhra State Bill. It is impossible to collect the information in time for the above purpose. Further, the time and labour involved in the collection of the required particulars will not be commensurate with the result to be achieved.

(d) The usual annual indent for 1953-54 is sent to the Deputy Assistant Director-General (Medical Stores Depot), Madras, for compliance.

(e) After 1st October 1953, there will not be any appreciable reduction in the purchase of stores.

Grant of Government loans in districts.

266 Q.—SRI T. VISWANATHAM: Will the Hon. the Minister for Land Revenue be pleased to state the amounts of loans given under the Agriculturists Loans Act or other special loans separately for each district?

A.—The information is not readily available and it will involve undue labour and time to collect it. The period for which the information is required has also not been stated.

II.—MOTION UNDER RULE 48 OF THE MADRAS ASSEMBLY RULES DISAPPROVING THE NEW EDUCATION POLICY OF THE GOVERNMENT.

MR. SPEAKER:—“The hon. Member, Mr. Kalyanasundaram, has given notice of a motion under Rule 48. It says:

“This House does not approve of the policy of the Government with regard to the new Education Scheme which was brought into force without consulting the House.”

The House is aware that for making a motion of this kind, the consent of the Speaker must be obtained first. Then the House also should give its permission. If 75 members rise in favour of leave being granted then Mr. Kalyanasundaram can move his motion and on a date to be fixed by the Speaker. The House is also aware that we have fixed to-day for the discussion of the same subject and we will have a full-dress debate on it. I want to know what the hon. Member says. If this motion is accepted, then the other debate will have to be postponed.”

SRI M. KALYANASUNDARAM:—“I have no desire, Sir, to have the other debate postponed. But I wish to explain the reasons that prompted me to give notice of this motion.”

MR. SPEAKER:—“If the hon. Member had given notice of it long ago, I could understand the reasons whatever they be. But he has done so after seeing the subject included in to-day's agenda. If the hon. Member wants to press his motion, he may.”

SRI M. KALYANASUNDARAM:—“It is not that, Sir; I am not afraid of pressing the motion; I can move it and there will be 75 members to support it.”

MR. SPEAKER:—“Let not the hon. Member lose his temper.”

* SRI M. KALYANASUNDARAM:—“I am only expressing my opinion a little bit vehemently. The purpose of my motion is not to express want of confidence or to censure the Government. I feel that the only course left open to Members is to bring in a motion like this. It is because the Government motion is very vague and indefinite. If they make a motion in a straightforward way seeking the approval of the House for the scheme, then it is open to us to move proper amendments to get the motion rejected by the House. The motion of the Government says that the scheme be taken into consideration and we do not know what kind of amendments we should move and whether they will be admitted or ruled out of order. I do not know your mind with regard to the amendments. If I know it, then I can consider the question of not pressing my motion.”

[29th July 1953]

MR. SPEAKER :—" The amendments are these. Mr. Gopalan's amendment says :

' Add the following at the end :—

" and on such consideration this Assembly recommends to the Government that the modified scheme of Elementary Education be dropped."

I have admitted it. Then comes Mr. Swayamprakasam's amendment. I have accepted them. Mr. Govindaswami Nayagar's amendment also has been admitted as modified. I have also admitted several other amendments like Mr. Palaniandi's and others.)

SRI M. KALYANASUNDARAM :—" It is good of you, Sir. If one more point is clarified I shall withdraw my motion. Last time when we were discussing the adjournment motion . . ."

9-50 a.m. SRI VAVILALA GOPALAKRISHNAIAH :—" Sir, I have also given an amendment."

MR. SPEAKER :—" When did you give? "

SRI VAVILALA GOPALAKRISHNAIAH :—" Just now, Sir."

MR. SPEAKER :—" It is not possible for me to accept it now."

SRI M. KALYANASUNDARAM :—" Sir, if the time given for the discussion is enough, I shall consider withdrawing my motion."

MR. SPEAKER :—" If 75 members stand in favour of it and leave of the House is granted, I shall admit the motion."

SRI M. KALYANASUNDARAM :—" Sir, all sections of the House, including the other sections (pointing to Government Benches) are anxious to have a full debate on this important question. I want to know the Speaker's mind with regard to the time that will be allowed for discussion."

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, we have agreed to all that is possible to be done. Nobody shirks to do anything. I must submit to the Speaker that to-day we are meeting in the other House also for further consideration of the Andhra State Bill, and I must be there. I think there must be some time given to me for lunch and getting ready for the other House, I mean as ready as a man in my position can get ready—by 'my position' I mean my age. The next question is we must have a debate as full as possible on this. I do want an hour for replying and other adjustments may be made on that basis."

SRI M. KALYANASUNDARAM :—" Then I would submit, Sir, that the debate be extended by one more day. Let the discussions be over to-day and hon. Members on this side will finish to-day. Government reply and voting may be taken up to-morrow."

[29th July 1953]

MR. SPEAKER :—" No, we cannot have it to-morrow. It is proposed to have valedictory speeches to-morrow. It is an important function."

SRI M. KALYANASUNDARAM :—" Sir, I attach very great value to the function you arrange. If the valedictory address could be had in the afternoon, it would be more helpful."

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, I hope that hon. Members would realize that this is not a party matter. The subject-matter of the debate that is proposed is a matter on education and we should have a calm and proper discussion. At this stage, I may say that merely postponing the debate and treating it as a party matter for getting votes is not conducive either to education or to the proper understanding of the situation, even from the political point of view. We are parting; another State has to be formed. Members are eager that we must part at least with goodwill in the processes of parting at least. I do not think that this vote on education will have any value if hustled like this."

MR. SPEAKER :—" I think it will be enough if the debate is extended to four hours instead of two hours."

SRI M. KALYANASUNDARAM :—" Sir, I submit the time is not enough."

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, I have already said because I wish to do justice to the debate, I want an hour on a rough calculation. But, if it is going to be 2 o'clock, I am afraid it will be pretty late for me to go to the other House, as it is. If it is extended, there will be much more difficulty. Therefore hon. Members will regulate the discussion. There is no need to repeat what others have said. We could certainly touch on salient points within that time, if we tried."

AN HON. MEMBER :—" Sir, there are two more important issues that are coming up for discussion by this House and they are food . . ."

MR. SPEAKER :—" I am not going to allow the hon. Member to speak. I will call him afterwards."

SRI M. KALYANASUNDARAM :—" I am glad that the Hon. Chief Minister attaches so much importance to goodwill. It would be good if he could put it in practice by agreeing to my proposal to extend the debate. Out of the four hours one hour will be given to the Hon. Chief Minister and we are left with only three hours. Even in this three hours, members of the Government party will take some time and so what is the time left to the Opposition? This will not be sufficient at all, Sir."

1678 MOTION UNDER RULE 48 OF THE MADRAS ASSEMBLY RULES
DISAPPROVING THE NEW EDUCATION POLICY OF THE
GOVERNMENT

[29th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—" 'Goodwill' is not between Mr. Kalyanasundaram and me, but goodwill between the two States that will be formed."

* SRI T. VISWANATHAM :—" I want to know whether we will have the three hours or whether some time will be taken on the other Bills? "

MR. SPEAKER :—" No, they want to drop all those things."

* SRI T. VISWANATHAM :—" Then you suggest three hours would be sufficient for us, that is to say, in three hours we should educate the Chief Minister." (Laughter.)

THE HON. SRI C. RAJAGOPALACHARI :—" If it is a question of education, I would require much more time." (Renewed laughter.)

* SRI T. VISWANATHAM :—" There is no doubt he takes more time to educate us. I think as suggested by the hon. Sri Kalyanasundaram we can take this matter tomorrow. I do not know why the Hon. Chief Minister who is generally above these things, should suddenly say that 'it is not a question of votes.' " (A voice : 'Collection and gathering of votes.')

THE HON. SRI C. RAJAGOPALACHARI :—" That is what I am afraid."

* SRI T. VISWANATHAM :—" You are unnecessarily afraid then. We are all interested in the matter, because this is a common scheme. It is not as if it affects only the residuary State, but it affects the Andhra State also."

THE HON. SRI C. RAJAGOPALACHARI :—" Let me explain. Let the new State be formed and then we will have complete discussion in the two Legislatures later on."

* SRI T. VISWANATHAM :—" I think the Hon. Chief Minister's suggestion is that the scheme may be taken up after the formation of the new States. I have no objection to that."

* THE HON. SRI C. RAJAGOPALACHARI :—" I most cordially welcome this. The atmosphere is bad and Education is the last subject that should be a party affair and party affair at this juncture, when so many interests are actively engaged. I would very much like to be present in the galleries when they discuss this in the Andhra Assembly; I should very much wish Mr. Viswanatham to be in the galleries when that subject is discussed here. I cordially welcome that. Moreover there will be considerable advantages also in the discussions."

* SRI T. VISWANATHAM :—" Sir, there has been a little misunderstanding. After the formation of the Andhra State, this subject won't be discussed in the Andhra Assembly, because we would not have the scheme there. My suggestion was that in view of the formation of the new State, the Hon. Chief Minister may

GOVERNMENT

very well drop the scheme now, so that we can discuss the matter in a calmer atmosphere. If this suggestion is accepted, the arguments would be narrowed down and we can easily finish the subject to-day."

DR. K. B. MENON :—" Since the Hon. Chief Minister will take one hour and the leaders of the different parties another hour, members will be left with only two hours. I suggest to the Hon. Chief Minister, would it not be better if we allowed a couple of hours to-morrow for the same debate."

SRI M. KALYANASUNDARAM :—" I strongly deprecate, Sir, the efforts of the Hon. Chief Minister in his attempts to bring party politics in the debate on education. There is no question of party politics and all the parties are objecting to it, including his own party. If it is not a question of party discipline, I am sure some members of his party will take objection." (Treasury Benches : 'No, no.' Opposition Benches : 'Yes, yes.')

MR. SPEAKER :—" Order, order."

THE HON. SRI C. RAJAGOPALACHARI :—" It is not party politics, it is obvious."

SRI M. KALYANASUNDARAM :—" I am afraid there is much of artificiality in the support to this. I want to make one thing clear. This morning when we were in your Chamber, it did not at all strike me that the matter would be decided like this. We came to an understanding that a seven hours' debate would be allowed on this subject."

MR. SPEAKER :—" I never said that."

SRI G. LATCHANNA :—" Sir, are we discussing the motion? "

SRI T. VISWANATHAM :—" I entirely agree with the Hon. Chief Minister that it should not be made a party matter. I only request him to withdraw the whip issued to his party."

THE HON. SRI C. RAJAGOPALACHARI :—" Unless the hon. Member has got the wrong papers through unlawful means."

SRI M. KALYANASUNDARAM :—" It is an important whip, Sir. Members have been requested to vote for the Government."

SRI PILLALAMARRI VENKATESWARLU :—" Mr. Speaker, the Hon. Leader of the House just now informed us that the other Bills would be dropped. That is a very serious matter. Particularly the Madras Estates (Abolition and Conversion into Ryotwari) Second Amendment Bill, 1953, affects us and it affects the zamindars also. The Government, having decided to bring forward certain Bills, cannot now go back and drop them."

THE HON. SRI C. SUBRAMANIAM :—" I would respectfully ask my friend, Mr. Venkateswarlu, to talk it over with Mr. Latchanna and if he agrees I have no objection."

1680 MOTION UNDER RULE 48 OF THE MADRAS ASSEMBLY RULES
DISAPPROVING THE NEW EDUCATION POLICY OF THE
GOVERNMENT

[29th July 1953]

MR. SPEAKER :—" This is no point of order at all. The Government can bring in or drop Bills at any time.

" We are having five hours' sitting every day and one hour is taken for questions. So, there are four hours left and I am allotting four hours for the new education policy and I think it will be enough."

SRI T. NAGI REDDI :—" The question is whether we should discuss the motion in all seriousness or not."

MR. SPEAKER :—" We discuss everything in all seriousness."

SRI T. NAGI REDDI :—" It is true. That is why we must have enough time to discuss the education policy thoroughly as has been adumbrated now, especially when the State is going to be divided and this new scheme of elementary education is going to be enforced in the Andhra area also. After the Hon. Chief Minister explains his policy, naturally it is the opinion of the Members including the leaders of parties that they should be given enough time to explain their views. It is only then that we can understand the whole scheme of elementary education. As it is if only three hours are allotted, I am afraid we will be discussing the educational policy on party lines. The Hon. Chief Minister does not want such a discussion and I do not want such a discussion. Hence I request the Hon. Speaker and the Hon. Chief Minister to see that enough time is allotted and if possible we can carry it over to to-morrow. We can have the valedictory addresses day after to-morrow. I hope the Hon. Chief Minister will try to understand our difficulties and accept our suggestion."

* THE HON. SRI C. RAJAGOPALACHARI :—" It is open to the Andhra State to do whatever they like with their affairs. I do not see why Mr. Nagi Reddi is so seriously interested in a discussion by this House in the present state of affairs which will not have the least effect on the new State. I can understand Mr. Kalyanasundaram debating about it. I cannot understand Mr. Nagi Reddi debating about it. It is no use wasting more time on a mere question of having more time allotted for the debate."

MR. SPEAKER :—" I have allotted four hours and we can have a full-dress debate."

SRI M. KALYANASUNDARAM :—" Before we take up this matter, I want to make a submission. My difficulty is with regard to the time allotted for the discussion. I have given notice of another motion and I am agreeable to withdraw it because I do not want to postpone the discussion on the subject. But, last time when I requested you in person for two days for discussion on this subject, you were kind enough to suggest that we could have an evening session also which would give us on the whole seven hours and I agreed to it."

MOTION UNDER RULE 48 OF THE MADRAS ASSEMBLY RULES 1681
DISAPPROVING THE NEW EDUCATION POLICY OF THE
GOVERNMENT

29th July 1953]

MR. SPEAKER :—" The difficulty is we cannot have an evening session to-day because of the meeting of the Council."

SRI T. NAGI REDDI :—" The Hon. Chief Minister told us that the Andhra State could decide on the question as they liked. But the new scheme is going to be introduced in the Andhra State also. The point is we must have enough time to discuss the whole matter. It is not a question of the new State discussing it or not. We shall discuss it there if it is to be introduced in the Andhra State. But as it is being introduced in the present composite State, we should discuss it in all seriousness."

MR. SPEAKER :—" We can have a full-dress debate in four hours. We can have the discussion up to 2 p.m. and prolong it up to 2-30 p.m. if necessary. Let us see."

SRI M. KALYANASUNDARAM :—" Sir, I am not pressing my motion. But with regard to the time, I am sorry I have to repeat my request."

Sri Kalyanasundaram's motion under rule 48 was withdrawn.

MR. SPEAKER :—" I have allotted four hours for this debate. We may take ten or fifteen minutes more in the end. Now, we will go to the next item on the agenda."

III.—GOVERNMENT MOTIONS.

- (1) MOTION UNDER RULE 81 OF THE MADRAS ASSEMBLY RULES re
SELECT COMMITTEE ON THE PRESERVATION OF PRIVATE FORESTS
(AMENDMENT) BILL, 1953.

* THE HON. SRI M. A. MANICKAVELU NAICKER :—" Mr. Speaker, I move—

That leave of the House be granted in pursuance of sub-rule (2) of rule 81 of the Madras Assembly Rules, for increasing the composition of the Select Committee on the Madras Preservation of Private Forests (Amendment) Bill, 1953 (L.A. Bill No. 23 of 1953), from 15 members to 16 members and that Sri Kunhi Muhamed Shafee be appointed a member of the Select Committee."

MR. SPEAKER :—" The question is—

' That leave of the House be granted, in pursuance of sub-rule (2) of rule 81 of the Madras Assembly Rules, for increasing the composition of the Select Committee on the Madras Preservation of Private Forests (Amendment) Bill, 1953 (L.A. Bill No. 23 of 1953), from 15 members to 16 members and that Sri Kunhi Muhamed Shafee be appointed a member of the Select Committee.'

The motion was put and carried.

[29th July 1953]

* THE HON. SRI M. A. MANICKAVELU NAICKER :—" Mr. Speaker, I move—

'That leave of the House be granted for the Select Committee appointed to consider the Madras Preservation of Private Forests (Amendment) Bill, 1953 (L.A. Bill No. 23 of 1953), to sit on a day to be fixed by the Chairman.'"

MR. SPEAKER :—" The question is—

'That leave of the House be granted for the Select Committee appointed to consider the Madras Preservation of Private Forests (Amendment) Bill, 1953 (L.A. Bill No. 23 of 1953), to sit on a day to be fixed by the Chairman.'"

The motion was put and carried.

SRI K. GOVINDA RAO :—" Mr. Speaker, I have got to make a submission. There is an important clause in the Madras Estates (Abolition and Conversion into Ryotwari) Second Amendment Bill, 1953, which is very important and which should be immediately passed into law. We do not know why the Government are going back."

MR. SPEAKER :—" Because they have no time, they have dropped it."

* THE HON. SRI C. RAJAGOPALACHARI :—" It should be made clear on behalf of the Government that we were very anxious to get it through yesterday. But it is the demand of the Opposition that has delayed it."

SRI T. NAGI REDDI :—" I am sorry the Hon. Chief Minister has said that the demand of the Opposition has postponed it. So far as we are concerned, I must point out we have not at all pressed for postponement. We only wanted to make some suggestions. We did not want to postpone it. We wanted to pass it into law because of clause 3 of the amending Bill."

* THE HON. SRI C. RAJAGOPALACHARI :—" We cannot have both the cake and the eating of it."

SRI G. LATCHANNA :—" Are we to understand that the Government have withdrawn the Bill?"

* THE HON. SRI C. RAJAGOPALACHARI :—" The position is the Government were very anxious to get it through quickly even yesterday. But points had been raised which made it impossible to dispose of it yesterday. Now the question is to choose which to get through during the short time we have. If all

29th July 1953] [Sri C. Rajagopalachari]
hon. Members want that the Bill should be taken up, I would have had no objection, otherwise I would be thoroughly misunderstood. I want the motion on the elementary education scheme to be taken up to-day and there is no time for the other Bill. But if hon. Members will give me a firm assurance that I shall not be misunderstood, the other Bill may be taken up. I do not think I shall escape the misunderstanding."

MR. SPEAKER :—" What has the Leader of the House to say? There are other resolutions to be moved by the Government."

THE HON. SRI C. SUBRAMANIAM :—" We have decided not to proceed with them. We will now take up the motion on the Elementary Education Scheme."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" The Government have decided to withdraw the Madras Estates (Abolition and Conversion into Ryotwari) Second Amendment Bill, 1953."

SRI T. NAGI REDDI :—" Government cannot withdraw the Bill on their own account. The House should give them permission to withdraw." 10-10 a.m.

MR. SPEAKER :—" I would request hon. Members to follow the rules of the Assembly carefully. Under rule 22 of the Assembly Rules the Government can, if on any day they think it fit to do so, drop the Bill and can pass on to the next item of business."

(Sri K. Venkaiah rose on a point of order.)

MR. SPEAKER :—" When I am on my feet the hon. Member must give way."

THE HON. SRI C. RAJAGOPALACHARI :—" Showing of hands amounts to standing, Sir."

SRI K. VENKAIAH :—" Day before yesterday we discussed one non-official matter, I mean 'Assignment of lands to political sufferers'. It is not finished yet. To-day we are nearing the end of our session. By to-morrow the session may come to a close. Therefore in view of that subject being a very important one, I request you, Mr. Speaker, to allot one or two hours for discussion of the same to-day itself."

MR. SPEAKER :—" It will be continued on another non-official day."

SRI K. VENKAIAH :—" But the Government have not allotted any other non-official day for this session."

MR. SPEAKER :—" How can I compel them?"

[Mr. Speaker] [29th July 1953]

"We shall now take up the discussion of the new scheme of Elementary Education. The Hon. Minister may move his motion."

(2) MODIFIED SCHEME OF ELEMENTARY EDUCATION.

THE HON. DR. M. V. KRISHNA RAO :—"Sir, I move—

'That the Modified Scheme of Elementary Education be taken into consideration.'"

SRI V. R. KRISHNA AYYAR :—"On a point of order. As the arrangement stands at present, four hours have been allotted for discussion on this motion of which the Hon. Chief Minister has taken the lion's share by requesting that he might be allotted one hour for arguing his case and for reply. The Leaders of Parties might take two hours. Then it reduces the time-limit of the 300 and odd hon. Members who want to speak on this important subject. Every one has got something to say. They can talk only for a couple of minutes or so . . ."

MR. SPEAKER :—"I cannot help it. I shall take up the amendments one by one. Let the hon. Member concerned formally move it, and let it be formally seconded."

The following amendments were then moved and duly seconded :—

1. SRI K. P. GOPALAN :—"Add the following at the end :—

'and on such consideration, this Assembly recommends to the Government that the Modified Scheme of Elementary Education be dropped.'"

2. SRI S. SWAYAMPRAKASAM :—"Add the following at the end :—

'and on such consideration this Assembly recommends to the Government that the Modified Scheme of Elementary Education be dropped as it is without the sanction of the Legislature and is against the interest of the people at large.'"

4. SRI M. LAKSHMANASWAMY :—"Add the following at the end :—

'and on such consideration, this House disapproves of the Modified Scheme of Elementary Education.'"

4. SRI M. LAKSHMANASWAMY :—"Add the following at the end :—

'Taking into consideration—

(i) the separation and formation of the new State;

29th July 1953] [Sri M. Lakshmanaswamy]

(ii) the hasty action of the Government in introducing this new measure without the previous sanction of the Legislature;

(iii) the effects on education caused due to the extension of working hours to teachers; and

(iv) its adverse effects over the future generation of the State—

this House recommends that the Modified Scheme of Elementary Education be dropped.'"

5. SRI M. PALANIYANDI :—"Add the following at the end :—

'and on such consideration, this Assembly recommends to the Government to increase the school hours to the number it was before the Modified Scheme was introduced and during that increased period training in handicrafts be given and secondly that the Modified Scheme do provide better wages to the teachers engaged in elementary schools.'"

6. SRI D. SEETHARAMIAH :—"Add at the end the following :—

'and a committee consisting of the members of this House be set up to recommend reforms of the present Elementary Education.'"

7. SRI T. C. NARAYANA NAMBIAR :—"For the words 'taken into consideration', substitute the word 'dropped'."

8. SRI P. RANGASWAMI REDDIAR :—"For the words 'taken into consideration', substitute the words 'dropped at once'."

9. SRI K. R. VISWANATHAN :—"For the words 'taken into consideration', substitute the words 'stayed and referred to an expert committee of officials and non-officials in the educational field.'"

MR. SPEAKER :—"The main motion as well as the amendments are now before the House for discussion."

• THE HON. DR. M. V. KRISHNA RAO :—"Mr. Speaker, I do not wish to take up the time of the House for long. I shall confine myself to the salient points of the new Elementary Education policy and I do hope that you, Hon. Speaker, will give me sufficient time to present my case."

"All these various amendments and objections and difference of views have been raised because a doubt, rather I can say a misconception, has been created in the minds of hon. Members that

[Dr. M. V. Krishna Rao] [29th July 1953]

this House had been kept in the dark all along about this Modified Scheme of Elementary Education, and therefore it has come as a surprise to them. That is why the Government is being taken to task now. The other objection relates to the merits of this policy. The relative defects, excluding its merits, are brought to the forefront. I shall now deal with the first objection, to which I had previously made a reference. I would like to inform hon. Members as to what happened soon after this Government came into existence and we had a Budget session in July last. We discussed then the Education Demand in great detail and it was brought to the notice of the Government that the most pressing problem of the day was the problem of universalizing elementary education, that proper education should be assured to every child in our country, that all children who are not able to take advantage of primary education should be given ample opportunities and that it was the first duty of the State to make proper arrangements for the same. In reply I placed before the House some details regarding what the Government was contemplating to do in this connexion and how they were prevented from proceeding rapidly in this matter in view of the various difficulties, financial and otherwise that faced a State like ours. I said, Sir, 'that the feasibility of arranging classes in two shifts of half-day each, leaving the other half for the children to engage themselves in their home craft or occupation and allowing the children to do a little more work in the farm or garden, was being actively considered by the Government.' I said, Sir, that a scheme such as the present one 'might probably be evolved and implemented soon especially in the rural areas.' Then again, Sir, I wish to take this House into confidence as to what happened at the time the new Director of Public Instruction took charge before the Budget session. He was requested to go into this question fully and to consider the feasibility of having in three-hour shift in elementary schools, thus spreading elementary education throughout our State, I mean, in each and every village. The question of how best the time left over might be utilized by the child, how best the child could be made to move in a proper atmosphere so that our children may in course of time grow as useful citizens of Free India capable of participating in the various activities that could contribute to the economic prosperity of our Mother India, was also left to the Director of Public Instruction to be carefully gone into.

10-20
a.m.

"The Director of Public Instruction had taken the best part of one year to go into this question and he placed before the Government his view that the limitation of the elementary school hours to three was absolutely sound, that within these hours it was possible to cover the entire curricular part of the education that was being taught during the five years from the first standard to the fifth standard and that it would provide an opportunity to expand the number of schools and at the same time give more extensive instruction. Under the circumstances, these details were worked out and they were ready in April. Now, I ask 'was this House kept in the dark with regard to this?' We had a Budget session

[Dr. M. V. Krishna Rao]

29th July 1953] in March 1953 and in the course of the general discussion that preceded the Education Demand debate I intervened and stated on the floor of this House—

'There is also a proposal to reduce the school hours during the day at the elementary stage to three hours a day and to provide for some spare time in the other part of the day for children to go and learn the crafts of their parents if they have one and for those who have none it is proposed to create facilities for their watching and learning some work in the farm or in a workshop. These proposals are under the active consideration of the Government and the details are being worked out.'

In such categorical and definite terms, Sir, the Government placed this proposal before the House. After that there was a discussion and I do not remember that any objection was raised to the proposal. The Government did not therefore think it necessary to bring it for special sanction again after the Budget session was over and because the academic year was commencing this July a conference of all the District Educational Officers in the State, the Presidents of the District Boards and all other people concerned was held in the first week of June. In consultation with them and after securing their approval and after meeting the various difficulties and doubts that were raised and after working out many details, this scheme has been put into operation in all parts of the State except in municipalities, that is, in all places including major panchayats in about 35,000 schools out of 38,000 schools in the State, in the primary stage from first standard to the fifth standard. Now, Sir, it is stated that the Legislature was kept absolutely in the dark. I wish to submit with all respect to this House that there was no such intention. It was not kept in the dark at all but the Government took up very seriously the challenge that was presented, namely, the elementary education problem in our country. I have stated that this problem is a challenge to any State and particularly to an advanced State like Madras in present-day India, because Article 45 of the Constitution lays down that the State shall endeavour to provide, within a period of ten years from the commencement of the Constitution, for free and compulsory education for all children until they complete the age of fourteen years. Many experts and many committees have gone into this question and we have been in touch with all leading experts with regard to the working out of the details."

MR. SPEAKER :—"The Hon. Minister will please accommodate other hon. Members also."

* THE HON. DR. M. V. KRISHNA RAO :—"Mr. Speaker, Sir, I may be allowed at least half an hour."

MR. SPEAKER :—"Half an hour is too much. I will allow the Hon. Minister fifteen minutes."

THE HON. DR. M. V. KRISHNA RAO :—"The Constitution has therefore laid on us a special responsibility for universalizing primary education."

[Dr. M. V. Krishna Rao] [29th July 1953]

" Now, I wish only to refer to the question of cost in education. By all computation, in our country 20 per cent of the population are of school-going age. Fifty per cent of them are not able to go to the schools. We have in our State 4,000 villages which have no schools in spite of the fact that we are spending 9 crores of rupees on elementary education. According to calculations, it is found that an expenditure of Rs. 8 to Rs. 10 *per capita* of the population is necessary for universalizing elementary education in the country. The minimum estimate for the whole country works out from Rs. 300 or 400 crores to Rs. 800 crores per annum and in our own State even if we spend the entire Budget income on elementary education, it will be impossible to universalize elementary education. This question was examined at length in 1951 by our Government and it was found that within ten years unless Rs. 15 crores were spent every year in addition to the present expenditure on primary education, we cannot universalize elementary education. Therefore we had to evolve a scheme by which we could spend whatever was possible to our maximum advantage.

" Now, this limitation of hours is nothing new. It has been before the country. It has been practised in some other countries and it is not new to our own State. The Madras University appointed a Committee for reorganization of education in our State. That Committee of which the Vice-Chancellor of the Madras University, Dr. A. Lakshmanaswami Mudaliar, was the Chairman recommended the shift system in the elementary stage (one in the morning and one in the evening) and they said that in a predominantly agricultural country like ours this shift system will enable the children to get the benefits of schooling and at the same time help them to be of use to their parents. This also enabled a large number of children being admitted in the same school and helped the students who were coming from distant places to attend the school in time. There are hundreds of schools in which this system is already operating for the last three years. Our former Education Minister Sri Avinashilingam Chettiar accepted the scheme of having two shifts of $3\frac{1}{2}$ hours each and there is very little difference so far as the duration is concerned between this scheme and that scheme. Therefore, I wish to submit that the main feature of the scheme which is the limitation of school hours to three is not anything new or revolutionary and it is accepted that it will not in any way reduce the standard of education. I hope the hon. Members would have gone through the brochure that has been circulated to them. They will find that out of 24 periods in the week, 21 periods will be utilized and the entire curricular subjects will be taught without any reduction whatsoever. Therefore, the fear that the new scheme will reduce the standard of education is not well founded.

" A controversy has been raised with regard to the proposals for the utilization of the time of the child in the other half of the day. The policy of basic education, which has been accepted by the Central Government and by the State, is well known to you

29th July 1953] [Dr. M. V. Krishna Rao]

all, Sir. The present Government are committed to the policy of basic education and we appointed an *ad hoc* Committee last year to go into the question as to how to make this education more efficient and how to spread it. The Committee has submitted its proposals and the Government are taking up the question of expanding the number of basic training schools and the number of basic schools. As a matter of fact, this summer, 1,200 teachers have been trained in basic education and provision has been made for training graduates also this summer. So, the present policy of this Government is not calculated to go against the background of the policy of basic education. On the other hand, the proposals with regard to the utilization of the spare time of the children are calculated to create an atmosphere which will be favourable ultimately for the promotion of the policy of basic education. It will also meet the convenience of the large number of parents who are poor and who are not able to send their children to the school. The children will be of some help to them when they attain the age of 9 or 10 and they are not able to spare their children throughout the day. Now if there is a three-hour session, the father can easily afford to send his child to the school. Therefore there is a possibility of increase in the number of school children. It is our duty to tell the working class people, who are not able to send their children to school because of lack of convenience, that this three-hour session enables them to send their children to the school. 10-30 a.m.

" It is a well known fact that out of every one hundred children that join an elementary school, only thirty-seven remain till the completion of the fifth standard. All the rest drop out on the way. Why? Because the parents require their children after a certain age and they do not find it profitable to send them to the school because of their economic condition. The reduced-hour scheme will enable such parents to send their children to the school.

" With regard to the staff of schools, it is a well known fact that most of our schools have either one or two teachers. The average may be put at three. Very few schools have got the full complement of teachers. Therefore almost every teacher has got to undertake plural class teaching, and this is one of the causes that militate against the success of our elementary education scheme. Under the modified scheme we can have one teacher for every class, and this eliminates the evil of plural class teaching. One or two classes may be held in the forenoon and the other classes in the afternoon. Where there is the full strength of teachers for the classes, each class will be divided into two sections held alternately in the morning and afternoon. The number of pupils in each class will be reduced and they will get better attention. It should be possible for us to do propaganda for getting more children into the schools. Theoretically this increases the potential; we can almost double the utility of the buildings, teachers, time and the finances at our disposal. At least 75 per cent of the children who are now outside the school can be brought into the school within a limited period if we make an honest effort to

[Dr. M. V. Krishna Rao] [29th July 1953]

introduce the scheme, without detriment to the present standard. I submit that elementary education will become more efficient by the elimination of plural class teaching and by the reduction of the number of pupils in each class without in any way reducing the curriculum that has been obtaining till now. After the completion of the fifth standard, a pupil will be absolutely fit to join the first form in any school.

“ With regard to the utilization of the out-of-school hours, much misunderstanding has arisen without any basis. The activities will be play, observation and satisfaction of the curiosity in regard to what the pupils have observed. Pupils of standards four and five will be encouraged to participate slowly in the creative and useful activities in the village. There is no question of compelling any child to take up any particular craft. Most of the parents who are poor know how to utilize the services of their children. The children of parents who do not make any arrangements of their own will be taken round to the various crafts including agriculture, so that from a tender age they may be enabled to grow up without any bias against manual labour which is acknowledged to be one of the banes of present-day education.

“ The modified scheme is introduced only at the elementary stage. It may be said that it will be more advantageous to extend it to the later stage also. That will have to be considered on its own merits. A radical reform of the secondary school stage will have to be brought in so that the boys may grow up capable of taking part in building up the prosperity of the country. So far as children are concerned, the object is only to give them an opportunity to come into contact with the rest of the village. There is no question of caste, there is no question of compulsion to take up the hereditary occupation and there is no question of rigidity and regimentation. All this is either genuine misconception or deliberate political misconception. I take this opportunity for clearing the doubt of those who entertain a genuine doubt. It is too late in the day to think that every child will be compelled to take up the occupation of the parent. Universalization of elementary education and the elimination of the divorce between education and manual labour are sought to be attempted in this scheme. This scheme embodies the principle of basic education. This gives a new orientation to education and will lead to the universalization of elementary education. With these words, I commend the motion for the acceptance of the House.

‘ That the modified scheme of elementary education be taken into consideration.’ ”

அதனால் தான் காங்கிரஸ்காரர்கள் ஜவளிக்கடை முன்னிலையிலும் கள்ளுக் கடை முன்னிலையிலும் மறியல் செய்தார்கள். அவ்விதம் மறியல் செய்து தங்களுடைய அதிருப்தியை தெரிவித்தார்கள். அதைப் போலவே இப்பொழுது இந்தக் கல்வி திட்டத்திற்கு அதிருப்தியைக் காட்டவேதான் மறியல் செட்கிறார்கள். ஆகவே இந்தக் கல்வித் திட்டத்தை உடனே வாபஸ் வாங்க வேண்டும். இதற்கு ஒரு உதாரணம் சொல்வதுண்டு. ஒரு அரசன் அழகாக இருந்தால் நல்லாட்சி செய்தால் அவன் வெளியே வரும்போது மக்கள் அவரைப் பார்க்கலாம் என்று கட்டளையிடுவார்கள். ஆனால் நல்லாட்சி நடத்தாமலும் அரசன் குஷ்டமாக இருந்தாலும் அவனை வெளியே பார்க்கக் கூடாது என்பதற்காக அவன் வெளியில் பவனி வரும்போது மக்கள் அவனைப் பார்க்க வெளியே வரக்கூடாது என்று உத்தரவிடுவான். அதைப் போலிருக்கிற இப்பொழுது நடப்பது. நல்லாட்சியாக இருந்தால் இவைகளெல்லாம் நடப்பானேன். நமது ஆட்சிக்கு குஷ்டம் பிடித்திருக்கிறது. ஆகவே இப்பொழுது போடப்படும் திட்டங்கள் மக்களை பாதிக்கும் அளவில் இருக்கிறது. அதனால் தான் மக்களை அருகில் வரவேண்டாமென்று ராஜாஜி சொல்லுகிறார், பயப்படுகிறார். ஆகவே இந்தக் கல்வித் திட்டத்தை உடனே வாபஸ் வாங்கவேண்டும். இப்பொழுது ஆறு மணி நேரம் படிக்கும் பொழுதே குழந்தைகள் முன்னுக்கு வர முடியவில்லை. இன்னும் மூன்று மணி நேரம் என்று வைத்து விட்டால் எந்த அளவில் குழந்தைகள் முன்னேற்றமடைய முடியும் என்பதைப் பார்க்க வேண்டும்.

“மற்றும் தகப்பனுடைய தொழிலைக் கற்றுக்கொள்ள வேண்டும் என்று இருக்கிறது. இந்த சுதந்திர நாட்டில் தகப்பன் கலெக்டராக இருந்தால் மகனும் கலெக்டராக வரவேண்டும் என்றும், ஜட்ஜாக இருந்தால் மகனும் ஜட்ஜாக வர வேண்டும் என்ற எண்ணமும் இருப்பது சகஜம் தானே. பிறகு வண்ணன் குழந்தைகள் வண்ணரைத் தொழிலைத் செய்ய வேண்டியது என்பதிலும், கூவரகன் மகன் கூவரத் தொழிலைத் செய்ய வேண்டியது என்பதிலும் வேண்டுமென்பதிலும் என்ன நியாயம் இருக்க தான் செய்து கொண்டிருக்க வேண்டுமென்பதிலும் என்ன நியாயம் இருக்கிறது. ஆகவே தகப்பன் கீழ் தொழில் செய்தால் அவன் மகன் முன்னேற்ற கிறது. ஆகவே தகப்பன் கீழ் தொழில் செய்தால் அவன் மகன் முன்னேற்ற மடையவே முடியாது. குழந்தைகள் ஆறு மணி நேரம் சிறையில் இருக்க முடியாது. இப்பொழுது மூன்று மணி நேரம் தொழில் பயிலவேண்டும் என்றிருக்கிறது. இதனால் தொழிலில் முன்னேற்றமடைந்து விடும் என்று கனம் ஆச்சாரியார் சொல்லுகிறார். எந்த விதத்தில் என்று கேட்க நான் ஆசைப்படுகிறேன். இந்தக் கல்வித் திட்டம் பொருளாதாரத்தை வெகுவாக பாதிக்கும். மக்களுடைய கனம் ஆச்சாரியார் சொல்லுகிறபடி தொழிலில் இந்த வருமானத்தில் கனம் ஆச்சாரியார் சொல்லுகிறபடி தொழிலில் முன்னேற்றமடைய முடியுமா என்று பார்க்கவேண்டும். எந்த நிலைமையில் முன்னேற்றமடைய முடியும் என்பதைப் பார்க்கவேண்டும். கூவரகன் குழந்தைக்கு கூவரம் செய்ய வருமா என்பதைப் பார்க்க வேண்டும், கனம் ஆச்சாரியார் அவர்கள் தான் கூவரம் செய்து கொண்டு பரிசோதனை செய்து பார்க்கவேண்டும். (சிரிப்பு.) வண்ணன் குழந்தை அழுக்கை சரியாக வெளுத்து வரத் தெரியுமா என்று பார்க்கவேண்டும். ஆகவே தகப்பன் தொழிலை மகன் கற்றுக் கொள்ள முடியும் என்பது சரியல்ல. ஆகவே இந்த திட்டத்தினால் தொழிலாளர்கள் மிகவும் பாதிக்கப்படுவார்கள் என்பதை நான் கனம் ஆச்சாரியார் அவர்களுக்கு மிகப் பணிவுடன் சொல்லிக் கொள்ள ஆசைப்படுகிறேன். இந்த திட்டத்தில் அக்காரம் என்ன வேலை செய்யவேண்டும் என்பதையே சொல்லவில்லை. அவர்கள் கோவிலில் மணி அடிக்க வேண்டுமா? அவர்கள் மத்திய ஆசிரியாலிலிருந்து ஆடுமாடுகளை ஓட்டி வந்தவர்கள் தானே. ஆடு மாடுகளை ஓட்டி வந்து இங்கு குடியேறினார்கள் தானே.

“தமிழ்நாட்டிலுள்ள மக்கள் இந்தக் கல்வித் திட்டத்தை எதிர்க்கிறார்கள். அரசியல் கட்சிகள் எதிர்க்கின்றன. அவர்களின் பிரதிநிதிகளாகிய நாங்கள் எதிர்க்கின்றோம். பள்ளிக்கூடத்தில் பாடம் போதிக்கும் ஆசிரியர்கள் எதிர்க்கின்றார்கள். காமராஜர் எதிர்க்கின்றார். ஓமர்தாரார் எதிர்க்கின்றார். இப்படி எல்லோரும் ஒருமுகமாக எதிர்க்கும்போது எதிர்ப்பவர்களையெல்லாம் பித்தடைக்காரர்கள் என்று குற்றம் சாட்டுகிறார் நமது முதல் மந்திரி, ஆச்சாரியார். ஆனால் அவர் திட்டத்தை குழந்தைகள் வரவேறு

கிறார்கள் என்று சொல்லிக் கொள்ளுகிறார். இந்தத் திட்டத்தை எந்தக் குழந்தைதான் வரவேற்காது என்று நான் கேட்கிறேன்? மூன்று மணி நேரப்படிப்பு போக பாக்கியுள்ள நேரத்தில் அவர்கள் கோல் விளையாடுவார்கள். நாகை மரத்தில் ஏறுவார்கள். கிணற்றில் விழுந்து சாவார்கள். காலையிலேயே தோட்டம் துறவுக்குப் போய்விடுகின்ற உழைப்பாளிகள், விவசாயிகள் தங்கள் குழந்தைகள் என்ன பண்ணிக் கொண்டிருக்கிறது என்று கண்டார்கள். நேற்றையதினம் ஒரு சம்பவம் நிகழ்ந்திருக்கிறது. பெண்ணைத் தூர் என்ற கிராமத்தில் இரண்டு குழந்தைகள் 6, 7 வயது உள்ளவர்கள் கிணற்றில் விழுந்து இறந்திருக்கிறார்கள். ஆகவே இந்தக் கல்வித் திட்டம் குழந்தைகளை பலியிடுவதற்காக வந்த கல்வித் திட்டமாகும். குழந்தைகளை உருப்படாமல் அடித்து, வர்ணசிரம் திட்டத்தை நாட்டில் நிலை நாட்டுவதற்காக கனம் ஆச்சாரியரால் கொண்டு வரப்பட்டிருக்கிறது. நேற்றைய தினம் ஆந்திர மசோதாவின் மீது வேட்டு எடுக்கையில் தமிழ்நாடு கம்யூனிஸ்டு கட்சி மெம்பர்கள் துரோகமாக ஆந்திரர்களுக்குச் சாதகமாக வேட்டுப்போட்டு விட்டார்கள் என்று நிதி மந்திரி அவர்கள் குற்றம் சாட்டினார். ஆனால் மக்கள் எல்லோருக்கும் விரோதமாக, தமிழ்நாட்டிலுள்ள மாணவர்களுக்கு எல்லாம் விரோதமாக, ஜனநாயகத்திற்கு விரோதமாக, கனம் ஆச்சாரியரால் கொண்டுவரப்படும் திட்டம் தமிழ்நாட்டுக்கே துரோகம் செய்கிறதா அல்லது ஆகாதா. ஆகவே இந்தத் திட்டத்தை வாய் வாய்க்கொள்ளவேண்டும். வாயல் வாங்கும் வரை ஆச்சாரியரின் வீட்டிற்கு முன்னால் மறியல் செய்வது என்று தினம் தினமும் 50, 60 தோழர்கள் மறியல் செய்து சிறைக்குச் சென்று கொண்டிருக்கிறார்கள். அவர்களை வைத்துக்கொள்ள சிறையில் இடமில்லை. அவர்களுக்கு உணவு அளிக்க வசதி கிடையாது. கனம் மந்திரி மாணிக்கவேலிடம் சென்று முறையிடச் சென்ற தோழர்கள் போகும் வழியிலேயே கைதி செய்யப் பட்டு விட்டார்கள். ஆச்சாரியரின் வீட்டுக்கு முன்னால் மறியல் செய்யப் போகும் தோழர்கள் எல்லோருக்கும் வீட்டுக்கு 7 பர்லாங் தூரத்திலேயே சம்பந்தி உபசாரம் செய்வதுபோல போலீசாரால் அழைத்துச் செல்லப்படுகிறார்கள். கனம் மந்திரிகளின் வீட்டில் போய் மறியல் செய்யக் கூடவா உரிமை கிடையாது இந்த ஜனநாயக நாட்டில். ஜனநாயக முறையில் நாட்டை ஆளுகின்ற ஆச்சாரியரின் வீட்டிற்கு முன்னால் மறியல் செய்யக் கூடவா உரிமை கிடையாது. தப்பு, தப்பு. தவறாகச் சொல்லி விட்டேன். ஆச்சாரியாருக்கும் ஜனநாயகத்திற்கும் என்ன சம்பந்தம். அவர் ஜனநாயக முறையிலா நாட்டை ஆளுவதற்கு முன் வந்தார். கவர்னரின் நியமனத்தை பண்ணிக்கொண்டு அவர் தான் கொல்லப்படுவ வழியாக அரசியல் அதிகாரத்தைக் கைப்பற்றிக் கொண்டு விட்டாரே. அவரிடம் ஜனநாயகத்தைப் பற்றி பேசுவதை விட, நீங்கள் எப்படி வேண்டுமென்றாலும் போங்கள். எங்கள் குழந்தையின் தலையில் மாதிரம் கல்லைத் தூக்கிப் போடாதீர்கள் என்று நான் சொல்ல விரும்புகிறேன். இந்தக் கல்வித் திட்டத்தை நீங்கள் வாயல் வாங்காவிட்டால் நாங்கள் சும்மா ஓய்ந்திருக்கப் போகிறோம். எங்கள் ஜில்லாவில் வரி கொடா இயக்கத்தை நாங்கள் உடனடியாக ஆரம்பிக்கப் போகிறோம். அது வெற்றியடையும். தற்போது நடந்து கொண்டிருப்பது போல இனிமேல் மந்திரிகள் பவனி வரமுடியாது. ஆசிரியர்கள் எல்லோரும் சர்க்காருக்கு விரோதமாக கிளர்ச்சி செய்யப்போகிறார்கள் என்று நான் சொல்லிக் கொள்ள ஆசைப்படுகிறேன். இந்தத் திட்டத்தை நல்லது என்று சொன்னால் கனம் ஆச்சாரியர் தனது மந்திரி பதவியை ராஜினாமா செய்யட்டும். நானும் செய்கிறேன். இருவரும் தேர்தலுக்கு நிற்போம். இக்கல்வித் திட்டம் ரொம்பவும் நல்லது என்று சொல்லிக்கொண்டு வேட்டு வாங்கி வெற்றி பெற்று அவர் திரும்பவும் பதவிக்கு வருவாரா என்று நான் கேட்கிறேன்? ஆகவே உடனடியாக இந்தக் கல்வித் திட்டத்தை வாய் வாய்க்கவேண்டும். இல்லாவிட்டால் மக்கள் கிளர்ச்சியின் மூலம் இந்த சர்க்காரை மாற்றியமைக்கும் என்று சொல்லிக்கொண்டு என் பேச்சை முடித்துக்கொள்ளுகிறேன்.”

SRI S. SWAYAMPRAKASAM :—“ Mr. Speaker, Sir, the action of the Government in having introduced the modified

[29th July 1953] [Sri S. Swayamprakasam]

scheme of elementary education has created a stir in the minds of the people at large. After the scheme was introduced, not only in towns but also in villages, people had been taking out processions as a protest against the introduction of this scheme. They opposed the modified scheme of elementary education. The chief idea is to know how the scheme works in the villages. Before we could go into the merits of the scheme, the scheme was brought into force. It is working now. I do not know whether instructions have been issued to teachers and managements. So many circulars have been prepared and issued. We do not know which circular was prepared and sent and on what date. I take it that these circulars have been prepared only two days back.”

THE HON. DR. M. V. KRISHNA RAO :—“ Sir, on a point of information. The scheme was set out in some circulars very early in June.”

SRI S. SWAYAMPRAKASAM :—“ Sir, it may be some other circulars, and not the circular that I am now referring to. There is no date in the circular that I refer to.”

THE HON. DR. M. V. KRISHNA RAO :—“ Sir, I wish to correct a wrong impression. Details of the scheme were issued in a circular early in June. That circular has been reprinted. I am sorry that no date is given in the circular reprinted. This is a mistake.”

SRI S. SWAYAMPRAKASAM :—“ I am glad that the Hon. Minister is pleased to say that one circular was issued early in June and the reprint does not contain the date of the circular. My point is that so many circulars have been issued. We are asked to go through them. We studied them. Sir, everybody knows that the scheme is that of the Chief Minister. Because, in the circular he says that he has got the help of the Education Minister and the Director of Public Instruction. So, I take it that the scheme is that of the Chief Minister. After the introduction of the new scheme, the Chief Minister has delivered very many speeches in very many places. The intention of his scheme is well-known. My appeal to him is that he need not take so much time as one hour to reply. I know that the qualification for a Chief Minister is not to yield to any agitation at any time. To people on his side, he need not yield. When we on this side of the House appeal to him to allow us to have some say on the scheme, I hope the Chief Minister will agree. The Education Minister has said so much about this scheme. I appeal to the Chief Minister not to speak for long on this scheme, because the scheme is already in the field. The time that will be taken by the Chief Minister will thus be utilised by Members on the Opposition side.

[Sri S. Swayamprakasam] [29th July 1953]

"Now I come to the scheme itself. Much agitation is going on in the State. It may be said that the agitation is due to the activities of the Dravida Kazhagam or Dravida Munnetra Kazhagam. They are agitating on the political issue or communal issue. Leave that alone. It is said that this scheme is the result of a long cherished desire in the country for a change in the scheme of elementary education. Mahatma Gandhi's name has been dragged into this scheme. There is need for basic education, and so the element of basic education is there. I find from the circular that it is quite different from basic education. Everybody will admit that the scheme that has been introduced now has nothing to do with basic education. Some aspect of basic education may be there. Only in consideration of the aspect that some children are allowed to go out of the school, it can be said that it has got something to do with basic education. The shift system has been in vogue. The Education Minister said that this scheme was quite different from the shift system. The circular issued already is different from the shift system which was hitherto permitted in schools. The new elementary education scheme has nothing to do with the shift system, and it has got nothing to do with basic education."

THE HON. DR. M. V. KRISHNA RAO :—"The Director of Public Instruction says that the old shift system was 3½ hours or 4 hours. That is quite different from the present scheme"

SRI S. SWAYAMPRAKASAM :—"My objection is that there is no point in dragging Mahatma Gandhi's name under cover of Basic Education and shift system. There was no opposition to the shift system. But the present education scheme has nothing to do with basic education and nothing to do with the shift system. On the Government side they give their explanations. On this side, it may be a political and communal organization taking advantage of the situation. Let alone all these things. Let us examine the merits and demerits of the scheme. Three salient points are given in the circular. The three items are, (1) children will be kept inside the school for only three hours a day, (2) there will be two sessions of three hours each per day, and (3) the children will be given back into the lap of the home, the village and the community during rest of the day.

11 a.m. "These are the three points mentioned in the circular that has been prepared by experts, I am told. Now, let us examine these three points. Let me first take up the third point that the children will be given back into the lap of the home. Sir, what is actually happening in the villages? We can write so many things on paper. But what is taking place in the village in practice? Taking the Madras State as a whole, most of the people are agriculturists. The Government themselves admit in the circular that opposition may come from the middle and upper class people. That is because they themselves are not doing any work.

[Sri S. Swayamprakasam] 29th July 1953]

So, their children during the out-of-school hours will not have the opportunity of learning anything. I shall just read the relevant portion from the circular—

"Some opposition is to be expected from the middle and upper middle class parents who are not generally employed in productive and manual occupations. But parents from the lower middle and poorer classes are sure to welcome the scheme."

So the intention of the Government is to give some benefit to lower middle and poorer classes. That means the scheme is not of any use to the middle and upper middle class people. Let us examine the position of the poor and lower middle classes. To take, for instance, an agriculturist, what is his function? I can very confidently speak about it because I am an agriculturist myself. I know ploughing. Till I entered college, I was actually ploughing the field. So, I know what is meant by ploughing. The field is not very near the home. It is in some distant place. To reach the field one must pass through channels and various bunds. Early morning at 5 o'clock the agriculturist goes to the field. Now, is it the intention of the Government to wake up these young children at 5 a.m. so that they may follow their father to the field? Then, what is the agriculturist's wife doing? At about 8 a.m. she takes to the field food for her husband. She goes there at 8 a.m. passing through all channels. Meanwhile, when the boy is allowed to go away after three hours' study in the school, he will have to go to the mother who is elsewhere and also the father who is elsewhere, passing through so many channels. If, on the other hand, the child accompanies the mother, it will be a hindrance to her when she is carrying the food for her husband. Further, if the child is taken to the field when ploughing is actually going on, it will be a hindrance to the parents, because they will have to look after the child. Then, what will happen to the child during the out-of-school hours? The scheme says that opportunity is given to the young mind to observe things, and to observe ploughing. What is the meaning of saying that a 5-year old child will observe the ploughing? In effect, the parents will not be allowed to devote much time to the art of ploughing. That will be the net result. Then, all the year round the agriculturist does not have any work. So, in what way is the agriculturist benefited? In what way does the child stand to benefit? Let alone the agriculturist. We will take a blacksmith. There may be one such family in a village and even for that one family there will not be enough work. For instance, some of the agriculturist M.L.As. have known that the agriculturist has to use a spade. But the blacksmith, when he prepares a spade, is not able to find a market for his produce. So, day by day he becomes an unemployed man in the village. Then, take the potter. How far is his profession popular? Even in villages people have begun to purchase aluminium jars. So, the potter is unemployed now. Take the carpenter. He does not get employment. Sometimes he has to go a few miles off to find a job. Is it the intention of the Government to send the boy, after three hours' study in the school, to his parents to learn some work? Originally, it was said that the intention of the Government was

[Sri S. Swayamprakasam] [29th July 1953]

to enable the boy to go and learn the work of the parents. Now, they have modified it by saying that it need not be the work or profession of the parents, but that the child can go and learn the work of any profession he likes.

"Take again arts and crafts. In a particular village it is assumed that there may be a craftsman to teach all young children going to him. That seems to be the argument in so many circulars that have been supplied to us, as if the craftsman has got sufficient employment in the village. The intention of the Government seems to be to make these children take to one profession, which is a very popular profession in the country, namely, the begging profession. All artisans are becoming beggars now. Now all these children also will be learning the art of begging and will be becoming beggars. Throughout the State young children are begging at bus-stands and in trains also, because parents are unable to maintain them. So, the effect of the scheme will be that so many children will be made expert beggars in course of time. The third point made in the circular that the children could learn some work in the out-of-school hours will not help them. It will only spoil the future of the children."

MR. SPEAKER :—"The hon. Member has already taken 14 minutes. There is only one more minute for him."

SRI S. SWAYAMPRAKASAM :—"The Hon. Minister interrupted me and so, I may be given four more minutes."

MR. SPEAKER :—"No, only one more minute will be given."

SRI S. SWAYAMPRAKASAM :—"Then it is said—

'The pupils will be divided into two batches. One batch will attend the morning session on one day and the afternoon session on the next day.'

So, out of 30 hours the boy will be in the school for 3 hours. For 27 hours the boy will be out of school. What will they do during that period? I have some experience about it. But there are some bachelors and unmarried people also who may not have had the opportunity of educating children. They may not realise the situation. But I know how children are educated. Even with 5-hour period all the subjects cannot be taught. Even during the 5 hours, certain latitude must be given to the young children to play now and then. Certain things have to be repeated again and again so that the point may be grasped by the young mind. Now, under the new education scheme, within three hours all the subjects which were till now taught in five hours will have to be taught. That will only spoil the mind of the young children.

"It is said that the children will be kept inside the school only for three hours. In the three-hour period the teachers are put to much hardship. One argument advanced by the Government is that by having two sessions the number of children going to school will be greater."

MR. SPEAKER :—"The hon. Member's time is up. Hon Member Sri Jeevanandam will now speak."

கொள்ளுகிறேன். இந்தப் புதிய கல்வி திட்டத்தைக்கொண்டு வரும்போது, சட்ட சபை அங்கத்தினர்களைக் கலந்து கொள்ளவில்லை. அறிஞர்களைக் கலந்துக் கொள்ளவில்லை. ஏதோ என்னமோ, தனக்கு 40, 50 வ ஷங்கனாகவே சிந்தனைபுல இந்த எண்ணம் உருவாகி இருந்தது. ஆகவே கொண்டுவந்தேன் என்று அவர் சொல்லுவது சரியா என்பதை சபையார் கவனிக்க வேண்டும. கனம் ராஜாஜியின் கல்வி திட்டத் திற்கு மாறாக காங்கிரஸ்காரர்களே அபிப்பிராயப் படுகிறார்கள். காங்கிரஸ் தலைவர் காமராஜர் அபிப்பிராயப்படுகிறார். எப்பொழுதும் ரொம்பவும் நிதானமாக எழுதக்கூடிய ஹிந்து பத் திரிகை கூட இந்தக் கல்வி திட்டம் சரியானது அல்ல என்று அபிப் பிராயம் தெரிவித்திருக்கிறது. இப்படி பல துறைகளிலிருந்தும், பல தரப்பி லிருந்தும் எதிர்ப்புகள் வந்துகொண்டே யிருக்கிறது என்ற காரணத்தால் இந்த திட்டத்தைக் கொண்டுவர வேண்டுமென்றுதான் நான் கேட்கிறேன். கனம் ராஜாஜியை கூட கல்வித் துறையில் மிகவும் அனுபவமும், ஆராய்ச்சியும் மிக்கவர்கள் எல்லோரும் இதை எதிர்க்கும்பேது கனம் ராஜாஜி அவர்கள். இதில் என்ன நலமை வந்துவிடப்போகி தென்று கருதுகிறார்கள் என்றுதான் எனக்குத் தெரியவில்லை. ஏற்கெனவே ஆசிரியர்கள் தங்களுக்குச் சம்பளம் போதவில்லையென்று கிளர்ச்சி செய்து கொண்டிருக்கிறார்கள். அப்படி ஒரு குழு போது அவர்களுடைய வாழ்க்கைக்கு மிகவும் குறைந்த சம்பளம் கூட உயர்த்திக் கொடுக்கக் கூட வராத இந்த சர்க்கார் இப்பொழுது அவர்கள் செய்துக்கொண்டிருக்கும் வேலை நேரத்தை அதிகப்படுத்த வருகிறது. அதை அவர்கள் எதிர்க்கிறார்கள். யார் எப்படி எதிர்த்தாலும், இந்தக் கல்வி திட்டத்தை அமுல் நடத்தியே தீருவேன் என்று ராஜாஜி பிடியாதமாக நிறைவேற்றுவதன் காரணம் என்ன? ஆந்திரா பிரிந்துவிட்டால் தான் பதவியில் இருக்க முடியாது. ஆகவே காமராஜர் எதிர்த்தாலும், ஓமந் தாரார் எதிர்த்தாலும் இதைக்கொண்டு வந்துவிட வேண்டுமென்றே தான் அவர் இதைக் கொண்டுவருகிறாரென்று கருதவேண்டியிருக்கிறது. எங்களைக் காட்டிலும் காங்கிரஸ் கட்சியில் இருப்பவர்கள் பலமாக இந்தக் கல்வி திட்டத்தை எதிர்க்கிறார்கள் என்றால் இந்தக் கல்வித் திட்டத்தில் அப்படி என்ன தான் நன்மை இருக்கிறதென்று நான் கேட்கிறேன்? “நீங்கள் உங்கள் கட்சியின் சார்பில் ஒரு கமிட்டியின் பரிசீலனைக்கு விட வேண்டுமென்று தானே திருத்தம் கொடுத்திருக்கிறீர்கள். நீங்கள் அப்படி அவர் என்னிடம் பேசும்பொழுது சொன்னார். அவர் பெயரை சொல்லவிரும்ப வில்லை. ஆனால் இன்றையதினம் அவர் கட்சிக் கட்டுப்பாட்டை மீறி எங்களுக்கு வோட்டுப் போடுவாரா என்றுதான் நான் கேட்கிறேன். இன்று காலைப் பத்திரிகையில்தான் பார்த்தேன். காங்கிரஸ் பார்டி கூடி இந்தக் கல்வி திட்டத்திற்கு எகோபித்த ஆதரவைக் கொடுப்பது என்பதாக முடிவு செய்யப் பட்டிருக்கிறதாக. ஆகவே கல்வி திட்டத்தில் அபிப்பிராய பேதம் இருந்தாலும் கூட ராஜாஜியின் ஆட்சி பலவீனப்பட்டால், காங்கிரஸின் பலம் கிழிந்துள்ளது என்று நாம் எண்ணவேண்டியிருக்கிறது. ஆகவே நிர்வாகக் கமிட்டியில் எதிர்த்துப் பேசின பலபேர்கள்கூட இன்றையதினம் இதை சபையில் ஆதரிக்கத்தான் போகிறார்கள். மக்களின் நலனை அவர்கள் முதன்மையாகக் கருதியிருந்தால் இப்படி அவர்கள் செய்வார்களா என்று நாம் பார்க்கவேண்டும். கட்சியின் நலன் அவர்களுக்கு மக்களின் நலனை விடப் பெரியதாக இருக்கிறது என்பதை இங்கே பார்க்கிறோம். ஆனால் கம்யூனிஸ்டு கட்சி அப்படியல்ல. சட்டசபைக்கு வெளியிலும் சரி, உள்ளே யும் சரி மக்களின் நலனைக் கருத்தில் கொண்டு போராடும். போராட் டத்தை நடத்தும். மக்களின் நலனை கருத்தில் கொண்டு இந்த திட்டத் திற்குள் ஆராய்ந்து பார்க்கும்போது இந்த திட்டம் மக்களுக்கு எந்தவித தீர்ப்பு நன்மை பயக்கப் போகிறதென்று பார்க்கவேண்டும். கனம் ராஜ தால் புதிய கல்வித் திட்டப்படி இன்னொரு 80 மாணவர்கள் படித் அதே பள்ளிக்கூடத்தில் இந்த திட்டம் வசதியளிக்கிறதென்று. மேலும் புதிய ஆசிரியர்களை நியமிக்கவும் வசதி கிடையாது. கட்டடம் கிடையாது.

சர்க்காரிடத்தில் போதுமான பணமும் கிடையாது. ஆகவே இந்த திட்டத்தினால் அவைகளை சமாளிக்க முடியும் என்பதோடு நிற்கவில்லை. காலையில் பள்ளிபோன மாணவன் மாலை யில் தொழிற்கல்வி கற்றுக் கொள்ள வசதி ஏற்படுகிறதென்றும் சொல்லுகிறார். 7 வயதிலிருந்து 11 வயதிற்குள் இருக்கின்ற இளம் மாணவனுக்கு எந்தத் தொழிற் கல்வியை கற்றுக்கொள்ள வசதி ஏற்படுமென்றுதான் நான் கேட்கிறேன். சின்னஞ் சிறுகுழந்தைகள் தொழில் கற்றுக்கொள்ள முடியுமா? நமது மாகாணத்தில் இரண்டாயிரம் தொழிற்கல்வி பாடசாலைகள்தான் இருக்கின்றன ஆகவே இவைகளில் எல்லோருக்கும் தொழிற்கல்வி போதிக் முடியாது. ஆகவே இந்தக் கல்வி திட்டத்தின் மூலம் தொழிற்கல்வியைப் பரப்ப முடியுமென்று கனம் ராஜாஜி சொல்வது வெறும் கற்பனையாக முடியுமே தவிர நடைமுறையில் எந்தவிதமான பலனையும் நிச்சயமாக அளிக்காது. 12 வயதிற்கு உள்பட்ட எந்த மாணவனும் எந்தத் தொழிலையும் கற்றுக் கொள்ளுவான் என்ற நம்பிக்கை எங்களுக்கு கொஞ்சம் கூட கிடையாது. தொழிற்கல்வியைப் பிணைத்து, படிப்பு நேரத்தையும் குறைத்திருப்பதால், தற்பொழுது என்பது மாணவர்களாவது படித்து முன்னேறுகிறார்கள். ஆனால் 160 மாணவர்கள் படித்து முன்னேறுமுடியும் என்று சர்க்கார் எண்ணுகிறதே அதில் ஒரு சில மாணவர்கள் கூட முன்னேறு முடியா தென்ற நான்கள் கருதுகிறோம். பள்ளிக்கூட நேரம் குறைந்து போவதால் மாணவர்கள் ரொம்பவும் விளையாட்டு புத்தியாகவே போய்விடுவார்கள். மேலும் குறைந்த காலத்தில் அதிக பாடத்தை போதிப்பதால் போதிக்கப் படுபவைகளையும் கூட அவர்களால் கற்றுக்கொள்ள முடியாதென்பதும் உண்மை. இன்றையதினம் கிராமாந்திரங்களில் காணப்படும் வறுமையின் காரணமாகத்தான் பல மாணவர்கள் பள்ளிக்குப் போகமுடியவில்லை. மேலும் இந்த புதிய கல்வி திட்டத்தால் ஆசிரியர்களின் நிலைமை இன் னமும் மோசமாகப் போகிறது. ஆசிரியர்களின் நிலைமையையும் சர்க்கார் உயர்த்துவதற்கு முன் வரவில்லை. மாணவர்களுக்கு பள்ளிக்கூடம் சிறைச் சாலையாக இருக்கக் கூடாதென்பதை ஒப்புக்கொள்ளுகிறோம். பழைய கல்வி திட்டத்தினால் நாட்டுக்கு எவ்விதமான நன்மையும் கிடையாதென் பதை ஒப்புக்கொள்ளுகிறோம். ஆனால் புதிய கல்வி திட்டத்தினால் அந்தக் குறைகள் எதுவும் போக்கடிக்கப் படாததோடு இன்னும் பல குறைகளும் உண்டாவதற்கு வசதிதான் அளிக்கிறது. இன்றையதினம் மாணவர்கள் பெற்றோர் தொழிலைச் செய்யலாம் என்னும்போது பெற்றோர்களே தொழில் இன்றி நாட்டை விட்டு சாப்பாட்டுக்கு வசதியின்றி வெளியேறக் கொண்டிருக் கிறார்கள் என்பதையும் நாம் மறந்துவிடக்கூடாது. நாட்டில் தாண்டவ மாடும் பஞ்சத்தையும், வேலையில்லாத திண்டாட்டத்தையும் போக்கடிப்ப தற்கு வராமல் இந்த சர்க்கார் ஏதோ பெரிய நன்மை தரப் போவதாகக் கருதி இந்தக் கல்வி திட்டத்தைக் கொண்டுவந்திருப்பதை நான்கள் எதிர்க்கிறோம். ஆசிரியர்கள் எதிர்க்கிறார்கள். மக்கள் வெறுக்கிறார்கள். ஆகவே பலதிறையிலும் எதிர்ப்பு இருக்கும்போது கனம் ராஜாஜியைச் சாரியார் ஜனநாயகத்திற்குப் புறம்பாக இதைக் கொண்டுவந்து அமுல் நடத்துவது ரொம்பவும் அநீதியானது. அக்கிரமமானது. ஆகவே இதை உடனடியாக வாபஸ் வாங்கவேண்டுமென்று கேட்டுக்கொண்டு என் பேச்சை முடித்துக்கொள்ளுகிறேன்.

DR. K. B. MENON:—“Sir, there is a virulent and violent 11-25
opposition to the scheme and that makes one analyse the reason a.m.
for the same. To say that there has been an injection of politics
into the discussion and that heat is roused exclusively on account
of that is simplifying the issue. I feel that the virulent opposi-
tion was largely due to the way in which the scheme was intro-
duced. It was pounced on the nation overnight. Leaflets may have
been issued, but I am quite sure that neither the House nor the
people outside were aware that such a scheme was going to be
introduced. The scheme has been introduced in an undemocratic

[Dr. K. B. Menon]

[29th July 1953]

way. The Chief Minister seems to believe in individual inspiration and timeold methods. He should remember that we are living in a democratic age in which thinking is done on a mass scale and action is taken also on a mass scale. He should have taken the House into confidence. He should have taken the people into confidence. He should have consulted experts. He should have referred the matter to a Committee. He should have introduced the scheme in selected places and after watching the results, he should have introduced it on a State-wide basis. The fact that it was not done so is perhaps one of the reasons for the violent and virulent opposition to this scheme. It is not claimed by the Hon. Chief Minister in the literature circulated to us that according to Article 45 of the Constitution only this scheme has been introduced. This article says that within ten years, all the children of school-going age should be given compulsory education. It is stated that according to the existing system, about 50 per cent of the children of school-going age are going without education. If that is the only objective of the scheme, then the criticism of the scheme would have come in a very different way. But that is not the claim that is made here. A different claim is made in the literature supplied to us. It is stated that we are really on the brink of a historic change. It is not really a change of the educational practice. It is a change in the whole of our life and so to say in our progress. When such tall claims are made, we are sceptical about them. We are not certain in what direction the next move of the Government will be. That is another reason for the opposition against this scheme. I do admit that education should be kept above politics. I do admit that it is a technical subject. I also admit that education is a subject that touches the nation at vital points, and so it should be very carefully and very guardedly discussed and decisions taken on it.

"Coming to the technical side of this question, one of the claims made is that the school hours will be cut by half as the children will be in school only for three hours, and in the remaining three hours they will be provided with some useful work. I ask, what is the quality of the present-day education? In my opinion, 'no education' is better than defective education, which will give a bad kick. There should not be any adulteration in education. One must be very careful to see that education is not adulterated or lowered in quality.

11-30
a.m.

"The second point that I wish to urge is about the reduction in the number of hours of work. The Chief Minister claims that the remaining period of time may be used for craft education. I do not believe in children of tender ages of five and six being given craft education. I believe that at that tender age the child is accustomed only to play and it is for play that the child longs. So, it is detrimental to the growth of the child's mental capacity if it is related to an occupation. Relating a child to an occupation at that tender age seems to me to be very unwise from pure educational point of view. From that point of view, I must condemn the cutting out of school hours. Cutting of the hours by half means

29th July 1953]

[Dr. K. B. Menon]

that the child is left to itself for the rest of the time, even though it may be in a field or in a smithy or with a village craftsman. Modern educational theories are based on the fact that all the waking hours the child should be guided. The child is helpless, is new to the world. This is a wonder world to the child and what is to be done is to watch the child all through its waking hours and guide it. This will be lost if the hours are lost and the claim that is made that schools are prison-houses and the child should be relieved from the prison-houses is of course true, I admit. But the fault of that is not in the long hours but is in the environment and the school. If proper schools are opened, if proper curriculum is set and if proper teachers are employed, I am quite sure that these schools will no longer be prison-houses.

"The next claim made in the scheme is the integration of the home with the school. I am afraid that the Chief Minister is giving a definition to integration which is not quite correct from a technical point of view. Integration of the home with the school is based on the fact that the waking hours of the child should be watched as I said. The child should be watched by the teachers and parents and should be guided. Then the mental capacity of the child grows up. If that is the object of integration, that integration is very different from what the Chief Minister means when he talks of sending children to the parental roofs. This is not at all objective. When we talk of the integration of the home with the child, there is no conception of compulsion at all. The child is free. The only thing is the teacher or the parent is supposed to guide the child. In the school the guidance of the child is done under controlled conditions. In the home also it is done under controlled conditions to the extent that the parent teaches the child. Our integration of the child with the home is done in an entirely different way and the manner also is very different.

"Next comes the claim about dignity of labour. I am afraid that the claim is rather fantastic. I do not think that any child can be taught dignity of labour in the class room. I do not believe that even adults can be taught dignity of labour in the class room. I believe dignity of labour is a social product. It arises from certain social and economic conditions. Until and unless we are able to change our existing social and economic conditions dignity of labour can never be created. Social ideals can be changed only when social and economic conditions are changed. Therefore, to leave the child with the potter or the blacksmith for being taught dignity of labour is rather fantastic.

"Finally, Sir, about the injection of politics into the scheme, I wish to say that it is not the people that are injecting politics into the scheme but it is the Government that are doing it. The suggestion to have village councils to watch the new scheme or to implement the new scheme will, I think, be injecting politics into education. I do not know how an efficient education council can be set up in villages. We know the capacity of the villagers. We know what a village is. So, if village councils are set up in order

[Dr. K. B. Menon]

[29th July 1953]

to watch the scheme and also guide education in villages, I have only to say that it will be a sight for the Gods to see. I wish the Government do not set up village councils. It may be possible to have such councils for a district or for a State. But to think of it for a village is not quite correct. Even in the recent appointments to the Provincial Education Council, the Government have injected politics by putting in only Congressmen. The Government say that education should be above politics. If education is to be really above politics, the Government should take the co-operation and help of all the parties in the House and not of one party alone."

SRI S. S. RAMASWAMI PADAYACHI:—“கனம் சபாநாயகர் அவர்களே, இன்றைக்கு கனம் ராஜாஜி அவர்களால் கொண்டு வரப்பட்ட கல்வி திட்டத்தை எதிர்க்கும் முறையில் சில வார்த்தைகளைச் சொல்ல ஆசைப்படுகிறேன். கனம் ராஜாஜி இந்த திட்டத்தைக் கொண்டுவருவதனால் அதனால் மக்கள் ஏதோ நன்மை அடையப் போவதாகவும் நாட்டில் மக்கள் நல்ல முறையில் வாழ முடியும் என்றும், அதனால் மக்கள் முன்னேற்ற மடைவதற்கு பெரிய வசதி இதில் அடங்கி இருப்பதாகவும் அவர் நினைக்கிறார். இன்றைக்கு நாட்டில் 80 லட்சம் பிள்ளைகளுக்கு கல்வி வசதி செய்து கொடுக்க வண்டியதாக இருக்கிறது. அதற்கு வேண்டிய பணம் அவர்களிடம் இல்லை. அதனால் 40 லட்சம் பிள்ளைகள்தான் கல்வி வசதி யடைய முடிகிறது. இவ்வித நிலைமையில் இந்த சட்டசபையை கலந்தாலோசிக்காமல் இதை அவசரமாகக் கொண்டுவந்தது அவசியம் இல்லை. இந்த திட்டத்தினால் நாட்டில் மக்கள் விவசாயத் துறையில் முன்னேற்றமடைய முடியும் என்றும், கிராமங்களில் குழந்தைகள் முன்னேற்றமடைய வசதி இருக்கிறது என்றும், மக்கள் சிறந்த வாழ்க்கையை நடத்த வசதி இருக்கிறது என்றும் இப்படியெல்லாம் கனம் ராஜாஜி சொல்லுகிறார். இந்த நிலைமையில் இந்த திட்டம் கிராமங்களில் அமுலுக்கு வந்திருக்கிறது. இது வரையிலும் கிராமங்கள் முன்னேற்றமடையவில்லை. அந்த நிலைமையில் இன்றைய தினம் கிராமங்கள் இருக்கின்றன. அதிகம் பின்னேற்ற மடைந்திருக்கிறது என்பது அரசாங்கத்திற்கு நன்றாகத் தெரியும். பெற்றோர்களுடைய தொழிலை குழந்தைகள் கடைபிடிக்க முடியும் என்ற நம்பிக்கையில் இதைக் கொண்டு வந்திருக்கிறார். அப்படி பின்பற்றி பின்னால் நன்றாக வாழ முடியும் என்று கருதப்படுகிறது. இதுவரையில் எந்த விதமான முன்னேற்றமும் அடையவில்லை என்பதையும் அரசாங்கம் அறிந்திருக்கிறது. இந்த நிலைமையில் நாடு இருக்கும்போது மக்கள் முன்னேற்றமடைய முடியாமல் அதற்கு இடஞ்சல் இருக்கவேண்டும் என்ற கெட்ட எண்ணத்துடன் அரசாங்கம் இந்த திட்டத்தைக் கொண்டுவந்திருக்கிறது என்று சொல்லிக் கொள்ள ஆசைப்படுகிறேன். இந்த நிலைமையில் குழந்தைகள் பெற்றோர்களுடைய குலத்தொழிலைக் கற்றுக்கொள்ளலாம் என்றும் தகப்பனையே பின்பற்றி மகன் நடப்பான் என்ற தப்பான அவசரமான ஒரு முடிவிற்கு அரசாங்கம் வந்திருக்கிறது என்றுதான் நான் கருதுகிறேன். இந்த நிலைமையில் இந்த திட்டத்தைக் கைவிட வேண்டும் என்று நான் மீண்டும் வற்புறுத்துகிறேன். இந்த திட்டத்திற்கு நாட்டில் எதிர்ப்பு திரண்டு வந்திருப்பதை நன்றாகத் தெரிந்து கொண்டும் இதை அவசரமாகக் கொண்டு வந்திருக்கிறார்கள். அதனால் நாட்டில் எதிர்ப்பு நடக்கிறது. சிறைச் சாலைக்கு கணக்கற்றவர்கள் செல்லுகிறார்கள். நாளுக்கு நாள் அந்தக் கணக்கு ஏறிக்கொண்டேவருகிறது. இன்னும் ஜனநாயக ரீதியில் அதிகமான எதிர்ப்பு இருந்துகொண்டே யிருக்கிறது. அது அரசாங்கத்திற்கு தெரியவில்லையா? இன்றைக்கு கனம் ராஜாஜி ஆட்சி வந்து ஒன்றிரண்டு வருஷமாகிறது. இதுவரையில் நல்ல ஆட்சி நடந்து வந்தது. இப்பொழுது ஆந்திரப்பிரிவினை குழப்பம் ஏற்பட்டிருக்கிறது. அதன் பிறகு ஒரு குழப்பத்தை ஏற்படுத்த வேண்டுமென்ற ஒரு எண்ணத்துடன்தான் இந்த திட்டத்தைக் கொண்டுவந்திருக்கிறார் என்று சொல்லிக் கொள்ள ஆசைப்படுகிறேன். இதுவரையில் நல்ல ஆட்சி நடந்துவந்தது.”

ஒத்துழைத்து வந்தோம். நல்ல ஆட்சி நடக்கிறது என்று பத்திரிக்கைகள் எழுதி வந்திருக்கின்றன. அக்டோபர் மாதத்தில் ஆந்திரப் பிரிவினைக்குப் பிறகு தான் இருக்கமாட்டோம் என்ற எண்ணம் இருப்பதால் அதற்குள் ஒரு குழப்பத்தையும் ஏற்படுத்த வேண்டுமென்ற எண்ணத்துடன்தான் இதைக் கொண்டு வந்திருக்கிறார். அதற்காக ஆட்சியில் எதிர்ப்பு இருக்கவேண்டும். அதற்கு வேண்டிய சக்தியை திரட்டி வைக்க வேண்டும் என்ற எண்ணத்தில் இதைக் கொண்டுவந்திருக்கிறார் என்று சொல்லிக்கொள்ள ஆசைப்படுகிறேன். இவ்வளவு எதிர்ப்பு இருந்தும் கட்சி பூசல் இருந்தும் இந்தக் கல்வி திட்டத்தை நிறைவேற்ற வேண்டிய சந்தர்ப்பம் வந்திருக்கிறது. ஆகவே நான் கனம் ராஜாஜி அவர்களை ஒன்று கேட்டுக்கொள்ளுகிறேன். நாட்டில் நல்லுக்கும் ஏழை மக்களின் நன்மைக்கும் பிற்பட்ட இனத்தவர்களின் நன்மைக்கும் இந்தக் கல்வி திட்டத்தை வாபஸ் பெறவேண்டும் என்று மீண்டும் அவரை நான் கேட்டுக்கொள்ளுகிறேன். ஆனால் கனம் ராஜாஜி ஆட்சி இருக்கக் கூடாது என்று நான் சொல்லவில்லை. எங்களுடைய எதிர்ப்பு எல்லாம் கட்சி இருக்கக்கூடாது என்பது இல்லை. கல்வி திட்டத்திற்குத்தான் எதிர்ப்பு இருக்கிறது. இன்றைக்கு நம்பிக்கை இல்லா தீர்மானத்தை ஏன் வாபஸ் வாங்கிவிடும்? கனம் ராஜாஜியின் ஆட்சியில் எங்களுக்கு ஆட்சேபணை இல்லை. இந்த திட்டம் மக்களுக்கு நன்மையே அளிக்காது. மக்கள் எதிர்ப்பு இருக்கும்படி அரசாங்கம் நடக்கக்கூடாது. அரசாங்கத்தைக் கைப்பற்ற வேண்டும் என்ற எண்ணம் எங்களுக்குக் கிடையாது என்று சொல்லிக்கொண்டு என்னை பேச அனுமதித்ததற்கு என்னுடைய நன்றியை செலுத்திக்கொண்டு இத்துடன் என்னுடைய பேச்சை முடித்துக்கொள்ளுகிறேன். வணக்கம்.”

SRI S. C. C. ANTHONY PILLAI:—“Mr. Speaker, Sir, a great deal of opposition has been generated against the introduction of the Modified Elementary Education Scheme. These oppositionists are of various types; some think that the present scheme, if implemented and carried through, would mean stabilisation of the caste system. There are some even within the Congress ranks who think that these oppositions are merely for their own party games.”

“Sir, the scheme has been conceived whimsically by the Hon. Chief Minister and implemented in haste. It is now suggested to refer the matter to a Committee so that whatever repentance there is, it may be made at leisure to that Committee. The Hon. Minister for Education speaking on the floor of this House tried to justify his position by saying, ‘in fact some effort had been made to consult this House and consult the public.’ With regard to this claim, I would like to refer him to what his leader, the Hon. Chief Minister has said which is a direct contradiction to what the Education Minister has said. Addressing the Conference of District Educational Officers, held at the Madras Secretariat, this is what the Hon. Sri C. Rajagopalachari is reported to have said:

“We have in this State introduced many important reforms and measures. We have dealt with such difficult things, as temple-entry, closing down of all toddy and arrack-shops, de-control, etc. No one would have let us do them if we had organised consultations and debates. The disputes and controversies would have effectively smothered the ideas and no reforms would have emerged, neither the opening of the temples to the Harijans nor Prohibition nor de-control.”

This direct statement by the Hon. Chief Minister, that it is dangerous to consult people, that if you consult the people, you cannot make any progress or effect any change, contradicts the statement of the Hon. Dr. Krishna Rao. The opposition is now sought to be

[Sri S. C. C. Anthony Pillai] [29th July 1953]

removed by suggesting that a Committee may be appointed to consider the scheme. I would like to refer also to this 'Guide' which has been prepared by the Education Department where it is said that an 'assurance is given, a categorical assurance, that the scheme will be extended to Higher Elementary Schools also within a year and to municipalities and major panchayats'. This Modified Scheme is carried through in the teeth of opposition without any reference to any kind of criticism or modifications that may be suggested. If, for instance, they had stated that the scheme is only for reduction of school hours, this scheme would not have roused so much heat and opposition. The normal working now is 25 periods per week. The central issue from an educational angle is that this shall be reduced to 18 hours and the teachers are asked to teach within a period of 3 hours what they were normally doing in 5 hours. This Scheme does not take into consideration that the teacher would be jaded in the evening if he is compelled for hours together to repeat the same things both in the morning and in the evening sessions.

"A lot of pious platitudes have been uttered and exaggerated claims have been made for the scheme: 'Only about 50 per cent of our children are now in educational institutions; the shift system would spread education by drawing in more students; educational facilities would be improved; the quality of education would improve, etc.' Though the Hon. the Chief Minister is humble in words, his claim in fact is that this big education reform is based on the Basic Education Scheme of Mahatma Gandhi. 'I have improved on that scheme', he says. The Hon. Chief Minister's disciple the Hon. Dr. Krishna Rao says that 'the child would be sent home for a larger number of hours; the child is now sent home for 19 hours; under the scheme he is going to be there for two more hours. This would encourage the child to be in the economic and social environment in which he lives'"

THE HON. SRI C. RAJAGOPALACHARI:—"The hon. Member Sri Anthony Pillai may not call Dr. Krishna Rao my disciple; he is my colleague."

SRI S. C. C. ANTHONY PILLAI:—"I am ready to accept the correction, Sir. Let me say that this is a tall claim that if the child is with his parents for extra two hours, it is going to mean greater attention being paid by the child to his economic and social environment. Already the child is at home for 19 hours. Apart from that he is there for full 140 days out of the 365 days. If the 19 hours that the child is fully with his parents have not been able to inculcate that attitude to life, namely, that he should pay some respect and dignity to manual labour, the extra two hours is not going to make much difference in the attitude of the child. What so many hours, so many days and generations have not achieved is not going to be made up by this extra two hours. This

29th July 1953] [Sri S. C. C. Anthony Pillai]

will only reduce the quality of the education of the boys. This reduction in hours means refusal to consider the main problem of education, namely, improvement of education.

"I can visualise the Hon. Chief Minister saying that the present system of education is tending to create a large number of educated unemployed, who will not put their hands to any kind of manual labour; he can also say that education should be adapted to the existing economic order. Previously, the Madras State was sending her educated men to Bombay and Delhi to fill the Secretariats and journalistic and other professions; it was possible for them to get employed there. But with the coming into being of Independent India, when Hindi is the national language, there is less and less chance of our educated people getting employed in other States"

MR. SPEAKER:—"The hon. Member's time is over Mr. Narayana Nambiyar."

* SRI T. C. NARAYANA NAMBIAR:—"Mr. Speaker, I 11-59
am afraid the time is not enough to deal with so important a sub- a.m.
ject, when the Hon. Chief Minister takes one hour to justify his scheme and the Hon. Minister for Education has taken nearly half an hour to present his case,"

THE HON. SRI C. RAJAGOPALACHARI:—"So many of you have made so many points without any repetition. Have I not to reply? If you had not made so many points, I could reply briefly. But you did not do that."

* SRI T. C. NARAYANA NAMBIAR:—"Sir, the *mangalyasutram* of Chandramati could be seen only by Harischandra. In the same way, the benefits of this scheme and the merits or the demerits and the achievements or calamities that may arise out of this scheme can be judged correctly only if we take out experience into consideration. In this connection, I maintain that the various educational organizations and teachers' organizations have got a most important part to play in this scheme. In spite of all this, no organization was consulted. Even the South Indian Teachers' Union in Madras, I emphasize the word 'even', which is a federated body of various organizations did not support this scheme. As far as Malabar is concerned, the Malabar Aided Elementary School Teachers' Union on May 25th passed a resolution that they would resist the implementation of the scheme because it was anti-national, anti-teacher and anti-social. The Teachers' Union of Malabar said that they did not want a clash with the Government. Keeping in view the peculiar circumstances of Malabar, they recommended that the scheme should be kept in abeyance."

"Sir, it is said that this scheme will pave the way for basic education. The fundamental principle of basic education or the

[Sri T. C. Narayana Nambiar] [29th July 1953]

educational scheme that the Government of India want to implement is said to be education through useful crafts. Sir, here Government have at present a scheme in which craft learning is somewhere and class learning is elsewhere. The Hon. Chief Minister in his Foreword to the pamphlet circulated to Members referred to Mr. Herbert Spencer. The present scheme has no relation to the principle recommended by Mr. Herbert Spencer. In Mr. Herbert Spencer's scheme, there are five steps which the teachers should adopt: preparation, to remove the preoccupants of the mind of the child, presentation of the new, associating the present with the actual experience and then generalizing. The present scheme of elementary education has no bearing on basic education as such. According to the present scheme, some will be taught in the class-room and some somewhere else. It was in 1937 or so, the Haripura Congress appointed a committee which recommended the implementation of the basic education scheme. The aim was that as ours is a vast country, we could not impart this basic education to the children unless we were prepared to spend more money. The scheme which is now sought to be implemented, according to my calculations on the basis of our past experience, will take about 318 years for completion. As the Hon. Minister for Education has put it, the Government are not in a position to implement it. Besides, even the meagre elementary education which is now being given will not progress. Therefore I feel that a trick is being played. It is not a new scheme and it is not a basic education scheme. It is trickery. The basic education scheme has collapsed. Schools are being closed and lakhs of children are outside the schools. Have we money to impart this basic education to every child? We have no money. To get money the Government have to tax, but they are not prepared to tax the rich. There is the challenge of the Constitution that all children of school-going age in our country should be sent to school within ten years. This scheme of three hours inside the school and three hours outside the school is a paper scheme and is a peril to the children's progress.

"Sir, there is one more point on which I want to say a few words. I have received many letters from various teachers' organizations stating how the scheme is impracticable, how it will give trouble later on and how the meagre elementary education that is being given now will be retarded. Some hundreds of teachers from various parts of Malabar met in a conference recently, prepared memoranda and requested the Government to withdraw the modified scheme of elementary education. I am not going into those memoranda, but I hope I can submit all these letters to the Hon. Chief Minister.

(The hon. Member was seen holding up a bundle of papers.)

"It is stated that this scheme will be introduced in the elementary schools. As far as the lower elementary schools are concerned, I think this new scheme will disrupt the whole working. In the higher elementary schools, the teachers are asked to work

29th July 1953] [Sri T. C. Narayana Nambiar]

for five hours. In the lower elementary classes of the higher elementary schools the teachers are asked to work for six hours. Can disruption go further? That is how it is being worked now. Sir, teachers are being dismissed even now. I request the scheme be dropped."

MR. SPEAKER :—"The hon. Member's time is up. Now the hon. Member the Raja of Chettinad will speak."

(The hon. Member Sri T. C. Narayana Nambiar presented a petition from the people of Nattika firka, South Malabar, about the new Elementary Education Scheme.)

(The hon. Member Sri P. Rangaswami Reddiar presented a petition from the people of Turaiyur constituency about the new Elementary Education Scheme.)

RAJA MUTHIAH CHETTIYAR OF CHETTINAD :—"Mr. Speaker, Sir, the new scheme of elementary education sponsored by the Government of Madras . . ."

12 noon.

SRI PILLALAMARRI VENKATESWARLU :—"Say whether you are supporting or opposing?"

RAJA MUTHIAH CHETTIYAR OF CHETTINAD :—"I know what to do, my friend. I need not take any lessons from you. After having been here all these years, you ought to know that."

SRI PILLALAMARRI VENKATESWARLU :—"Opposing, I suppose."

* RAJA MUTHIAH CHETTIYAR OF CHETTINAD :—"Wait and see. Have patience. I am not going to be bamboozled by you."

"Sir, the new elementary education scheme has come into prominence because of personalities more than the scheme itself. If the scheme had been introduced by a person of much less importance than the Hon. Chief Minister, I mean, our Rajaji, probably this scheme would have even remained unnoticed for some time. Probably it might have drawn public attention only some time later. But we have to take stock of what all had happened and I am not here to question the sincerity of the Government. I am cautiously using the term 'Government' in the place of Rajaji. A number of, I might even say thousands, references had been made against a particular individual who leads the Government. Let us first of all clearly understand the principle behind the scheme. It is because many had not understood the principle but had only concentrated their attention on personalities, that so much confusion and cry had been caused. Let us try to focus our attention on the details of the scheme and examine it dispassionately. Let us not concentrate our attention on personalities. The particular individual who leads the Government may be here to-day or may go tomorrow. May be that some members want him to go. But that is quite a different

[Raja Muthiah Chettiyar of Chettinad] [29th July 1953]

matter altogether. Let us examine the details of the scheme. I am sure that one and all will agree with me when I say that the principle behind the scheme is a good one though there may be some defects here and there. No one can dispute the sincerity of the scheme. Let me not be taken to mean that I am completely in favour of all parts of the scheme. What I wish to say is I thoroughly appreciate the motive behind the scheme. I welcome the sincerity behind it. After all, Sir, what is the purpose behind it? It is to increase the number of school-going children. Sir, are we not anxious that there should be compulsory universal elementary education? Can any one deny it? Are we not aware of the fact that we are short of money, short of school-buildings, short of teachers and all that? Well, when such is the case and when the hands of Government are crippled for want of finance to construct more school buildings, what is wrong in their arranging shifts in the elementary schools to admit a large number of pupils? Then why this hue and cry against such a shift system? That is why, I say, Sir, if hon. Members were patient and careful enough to go through the fundamentals of the scheme, they will fall in line with me and appreciate the principle behind it, viz., the spread of elementary education, which is one of our most cherished aims.

“ Let me now come to the agitation proper. A great deal of public attention has been focussed on the agitation against the modified scheme of elementary education. No doubt the leaders of the agitation started it with a good motive behind. They wanted to demonstrate public feelings against the new elementary education scheme. It is perfectly legitimate that they had some fears that such and such a type of modified scheme may not mean well for the society. They thought perhaps that their criticisms might not be taken due notice of by Government. No doubt the leaders meant well. But once the agitation was started, other factors came into play. The situation went out of control. It is really unfortunate that it took a bad turn and some lives were lost. That is really sad indeed. But let not people misunderstand that Rajaji will not take heed of constructive criticisms. Time and again here in this House as well as outside, Rajaji had said that he would always appreciate well-meant criticisms. He was always amenable to reason. No doubt the agitators started their campaign well. They wanted to start a constitutional agitation but it transformed into an unconstitutional one. No one likes that the peace and tranquillity of our State should be disturbed. I am not using the Government phrase of ‘ law and order ’. That is Government phraseology. I shall not use that lucid phrase. I say the ‘ peace and tranquillity ’ of the State should not be disturbed. The agitation has served its purpose. No one can deny that fact. What did the agitators want to do? They wanted to focus public attention. That has been achieved. In fact the agitation has attracted public attention beyond their expectation. That is why I now say that the leaders of the agitation can put a stop now to their agitation inasmuch as they have already focussed public attention on this modified scheme of

29th July 1953] [Raja Muthiah Chettiyar of Chettinad]

elementary education. Let not the peace and tranquillity of our State be disturbed any longer. Let the Government be allowed some time to go through all the criticisms levelled against the scheme in a calm atmosphere.”

MR. SPEAKER :—“ One minute more for the hon. Member.”

RAJA MUTHIAH CHETTIYAR OF CHETTINAD :—“ I shall try to finish within a minute, Sir, that you have been pleased to allow me. I was saying and in fact I was appealing for the calling off of the agitation. Let no one misunderstand that the Government, I mean Rajaji, will not take due notice of criticisms. Time and again, Rajaji has observed both here and outside that he will always be amenable to well-meant criticisms. After all, Sir, the scheme has been put into operation only just now in all the elementary schools. We must watch the results. Rajaji has said that it will take some 16 or 18 months for him to watch the result. Let us watch the result. Let the Government be allowed some time to review the whole scheme in the light of the public criticisms against it in a calm manner.”

MR. SPEAKER :—“ The hon. Member's time is up.”

* RAJA MUTHIAH CHETTIYAR OF CHETTINAD :—“ Just a word and I have done, Sir. Let the leaders call off the agitation. There is no question of prestige involved in it. It is not prestige that Rajaji now wants. He need not attain any more prestige hereafter, after his glorious past achievements. That is why I say ‘ let Rajaji be given some time to review the whole matter in detail in the light of the public criticisms against the modified elementary education scheme ’. Thank you, Sir.”

* SRI K. UPPI :—“ Mr. Speaker, Sir, of late much din and noise is raised over the new scheme of elementary education. Even extremely unpleasant incidents have taken place. One who looks at it dispassionately fails to find if there is any cogent reason for such agitation and why such a high price should be paid. It would seem that if the scheme is worked out, the whole nation would be ruined in a day and that it is going to set fire to the entire State. After all, what is there in the scheme? When we analyse the scheme, what we find is that the present hours of teaching of the young children are to be reduced by from five hours to three hours. At present, five hours are being devoted every day; hereafter children between the ages of seven and ten need be kept in schools only for three hours. This is all the scheme. What will be the effect? If we further go into the matter, we find that in a week instead of 25 hours hereafter the child will be kept in school for 18 hours. After all there will be a reduction of only seven hours. If we take the primary schools in our country, even without this scheme, how many hours are the children actually taught now? In the villages small children attend the classes in the morning and during the interval many

12-10
p.m.

[Sri K. Uppi]

[29th July 1953]

of them go home for reasons best known to all. Majority of them come to the school without any food in the morning and somehow or other sit for three hours in the class and when they are let off, in the interval many of them go away in search of food and never come in the afternoon. They attend actually for only three hours. Nobody has spoken about this. I say that if legally the children are made to sit only for three hours a day, the State will not be a loser nor the children as the scheme is not going to entail any extra expenses for the State. This scheme is worth trying from another aspect also. The number of children that will have to be taught at a time will only be half of the number that are taught now. So, the teacher can devote more individual attention to the children. Sir, it is next said that the quality of education will deteriorate and will be far below the present-day standard. I say it will be better. Children who are taught at home for one or two hours a day are found fit for the V standard or the II Form. As number is reduced and the teacher is enabled to pay more individual attention to the children certainly the standard of education will be far better. It has been said very often that the present system of education was intended by its British authors only for the purpose of manufacturing clerks for the British administration of this country and that we have to change the system of education, lock, stock and barrel. Attempts have been made during the past several years but nobody was able to evolve a suitable programme. Now, at last, this is an attempt made by Rajaji. Sir, somebody must begin and Rajaji has begun. The real reason or motive for the opposition by some political parties seems to be that because Rajaji has tackled it, they should oppose. We can easily find that the opposition is really for political reason, if we analyse dispassionately the speeches of some of the hon. Members. I need not defend Rajaji. Rajaji can take care of himself! (Laughter.) Some hon. Members said that the scheme should have been tried only in certain particular areas. This is not a matter for research to be done in research institutions or laboratories. If the scheme is tried as an experiment in particular areas, say, firstly in the City of Madras and then extended from one district to another, it may take years before it will be extended to districts. This means another 25 years. The whole nation cannot wait for a quarter of a century. As I have said, the advantages of the scheme are many. With the existing teachers and equipments 30 per cent or 50 per cent more of the children will have the opportunity of attending the school. The scheme is worth trying and any defects found may be remedied or removed or rectified. With these words, Sir, I support the scheme."

* SRI T. VISWANATHAM :—" Sir, the Hon. the Chief Minister in his introduction to the pamphlet ' the modified Scheme of Elementary Education ' has said that he is a humble adventurer. That is to say, he has taken upon himself practically the sole responsibility for changing the method of education. It is true that a man has got a right both for himself and also to test

29th July 1953]

[Sri T. Viswanatham]

his ideas with reference to the experience of others. But when an individual is occupying the position of a Chief Minister, his right to effect changes in a democratic set-up is somewhat circumscribed."

THE HON. SRI C. RAJAGOPALACHARI :—" Please do not misunderstand the emphasis. The emphasis was on the humility but not on adventure! "

* SRI T. VISWANATHAM :—" It is a very humble adventure 12-20
no doubt. Even a humble adventure has set five crores of people P.m.
of this State thinking. So many schools and several lakhs of children and also the parents of these children are affected. That is the reason why in all countries where educational ideals and practices are sought to be changed, they make slow experiments. Nobody says that the present education system is good and all people are agreed about it. But how is the change to be effected? I submit it must be by a slow process of experimentation and interchange of experience between place and place. The Hon. Chief Minister has not made any experiment. According to his own statement, all that he has done is to consult the Director of Public Instruction. I believe he is the present Director. He has not had, I am sorry to say, much experience in the field of education, particularly elementary education, for he has been mostly in the Law College. Therefore his experience need not be pitted against the experience of others who are handling elementary school children. We are aware that Mahatma Gandhi wanted to effect a change in the school course, particularly in the elementary stage; he tried to make education craft-centred. But the real emphasis should be not on craft-centredness, school-centredness or course-centredness but on child-centredness. There was a vision in the mind of this humble adventurer about this child-centredness and craft-centredness. All activities must be within the school in order to release the self-expression of the child. That is what great educational reformers throughout the world have been trying. If we want to develop the initiative of the child and make the child the centre of education and not the courses and crafts, the course must be done in the school. It is the school that must be reformed; instead of making them passive instruments, we must make them active instruments for self-expression. That is the way in which experiments have been carried on in this world. We should like experiments to be made, but not in the way of sending children to craft centres out of the school for concentrating their interest upon some craft. All crafts are not organized and all village crafts are not in a systematic state of development. On the other hand, on account of the impact of Western civilization, these have crumbled and the initiative of village craftsmen has completely deteriorated. It will be idle to expect that the children sent out of the school will become craft-centred and increase their spirit of enquiry. I agree with the Hon. Chief Minister that the children must see and develop the spirit of enquiry, for thus alone is knowledge gained. But it is the school that must be made the field of education and not, as he has himself admitted, by this wandering scheme as it were. Children are made to stay in the school for three

[Sri T. Viswanatham] [29th July 1953]

hours, and for three hours they are allowed to wander. I submit the object which the Hon. Chief Minister has in his mind will not be realized by this wandering scheme. If facilities for learning crafts are provided within the school and the children trained, that will increase the initiative and self-expression of the children and we will be going in the right direction. I am not very much enamoured of the modified scheme. I do not mean to say that the existing system is quite good. But what he has done solely on his armchair theory just in consultation with a few educationists is not the proper method of doing things, and that is my objection to this scheme."

MR. SPEAKER:—"As a large number of Members want to take part in the debate, I fix a time-limit of five minutes for each speaker."

SRI K. KOTI REDDI:—"Mr. Speaker, Sir, if there is so much of opposition to this scheme, I believe the Chief Minister himself is responsible for it because he has claimed too much for his scheme. If the realities of the present situation are put before the public, I do not believe there will be any difficulty in getting the scheme accepted. What is the situation to-day? According to the Constitution, elementary education ought to be made compulsory within a limited number of years. Unless it is made compulsory, we cannot provide elementary education for all the children within the time prescribed by our Constitution. We find from records that only about 48 per cent of the school-age children are in the school. Unless we spend at least Rs. 20 crores, we cannot provide all the school-age children with even the unsatisfactory elementary education that we are now having. But we cannot afford to spend so much. At one time the venerable gentleman, Sir M. Visveswarayya, said that he would consider the expenditure on elementary education as rather a capital expenditure and that he was even prepared to borrow money for spreading elementary education. But I believe our Government are not prepared to go to that extent. The finances of our Government are limited. I am afraid that they cannot really afford to spend on elementary education for the next ten years to come anything more than the Rs. 9 crores that they are now spending.

"I do not think that the scheme is really so sinister as it is made to appear to the public. About twelve years ago I discussed with one of the Deputy Directors of Public Instruction, who later on became the Director of Public Instruction, the question of how we could provide elementary education to all the school-age children. He said that one way out of the difficulty was to have the double-shift system. I have been feeling that in the present circumstances the only way for universalizing elementary education is to have the double-shift system. Double-shift system does not necessarily imply the reduction of the school hours to three. If we can afford to spend more money and double the present number of teachers,

[29th July 1953] [Sri K. Koti Reddi]

we can have the shift system with the same equipment and accommodation and for the same number of hours. But, as I said, we cannot afford to spend more. So the only other way of dealing with the problem is the way adopted by the Hon. Chief Minister.

"What is the position to-day? A majority of the people in rural areas are agriculturists. I do not believe that the children who are now in our schools are averse to doing manual labour. Little children in poor families are really helping their families. I do not think little children can give any great help in the carrying on of any craft. In agricultural families, the father, mother and other adult members have to be out in the fields. Children of elementary school age can help their parents by looking after the younger children who are left at home, by carrying food from the house to the fields for those who work in the fields and by tending sheep and goat. It is in these matters that school children can help their parents. In order to provide scope for rendering this help, this scheme has become necessary. If only the Hon. Chief Minister has said this, there could not have been so much opposition to it."

(The Speaker sounded the gong and the hon. Member resumed his seat.)

அதனால் அவர்கள் கற்கும் சிறிது பாடத்தையும் மறந்துவிட நேரிடும். மேலும் 5 மணி நேரம் இருந்த போது என்ன பாடம் சொல்லிக்கொடுக்கப்பட்டதோ அந்தப் பாடங்களில் எதுவும் குறையாது என்று சொல்லுகிறார்கள். ஆகவே மூன்று மணிக்குள்ளாக அந்தப் இளம் மாணவர்கள் மூளையில் எல்லாப் பாடத்தையும் புகுத்தினால் அவர்களால் புரிந்துகொள்ள முடியுமாவென்று நான் கேட்கிறேன்.

“முதல் அமைச்சர் அவர்கள் இத்திட்டத்தை விளக்கிப் பேசும்பொழுது இப்பொழுது நடைமுறையில் இருக்கும் திட்டம் அர்த்தம் விளங்காத சொற்களை மாணவர்கள் மனதில் புகுத்தி அதைத்திரும்ப சொல்லவைத்து அதற்கு மார்க் பேருவதோடு நின்றுவிடுகிறது என்று சொல்லி இது உண்மையான பொருள்படக்கூடிய அறிவைப் புகட்டும் முறையாகாது என்று குறிப்பிட்டார். கல்லூரிகளில் மாணவர்களைச் சேர்க்கும் பொழுதும் அவர்களுக்கு உத்தியோகம் வழங்கும் பொழுதும் மார்க்குகள் மட்டுமே பிரதானமாகக் கவனிக்கப்படுகிறது என்று முதல் அமைச்சர் அறியாததில்லை.

“மேலும் காலையில் பள்ளிக்குச் சென்று வந்த மாணவன் மாலை யில் சர்க்காரின் திட்டப்படி தொழில் கல்வி கற்றுக்கொள்ள வசதி ஏற்படுமென்று எப்படிச் சொல்லமுடியும். அதை மேல்பார்வை பார்ப்பதற்கு புதிய முறையில் ஒரு ஏற்பாடும் கிடையாது. ஆகவே மாணவர்கள் கடைநடத்தை உள்ளவர்களாக ஆகிவிடுவார்களே தவிர சர்க்கார் நினைப்பதைப் போல ஒழுங்காக இருக்கமாட்டார்கள். கிராம மாணவர்களின் பெற்றோர்களும் படித்தவர்களாக இல்லாததால் அந்த மாணவர்கள் படித்த கல்வியையும் மறந்து விடுவார்களே தவிர உண்மையில் படிப்பை மேலும் மேலும் வளர்த்துக்கொள்வதற்கு வசதியே கிடைக்காது. ஆகவே இத் திட்டப்படி மாணவர்களின் நிலைமை கொஞ்சம் கூட முன்னுக்கு வர வசதியில்லை. தொழிற்கல்வியையும் அந்தச்சிறு வயதில் அவர்களால் கற்றுக்கொள்ள முடியாது. ஆகவே பிரபோக்கான நிலைமையில் உள்ள மாணவர்கள் பிரபோக்கான நிலைமையிலேயே இருந்துகொண்டிருப்பார்கள். முற்போக்கான நிலைமையில் இருந்து கொண்டிருக்கிற மாணவர்கள் முற்போக்கான நிலைமையிலேயே இருந்து கொண்டிருப்பார்கள். ஆகவே பெரிய பிள்ளை உண்டு பண்ணும் இந்தக் கல்வி திட்டத்தை வாபஸ் வாங்கவேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன்.”

12-35 SRI A. RATHINAM:—“கனம் சபாநாயகர் அவர்களே, இந்தச் சபையில் 64 அங்கத்தினர்கள் இந்த ராஜ்யத்திலுள்ள ஒரு கோடி லூரிஜனங்களின் பிரதிநிதிகளாக இருக்கிறார்கள். அந்த ஒரு கோடி மக்கள் தான் இந்தக் கல்வி திட்டத்தினால் மிக மிக அதிகமாக பாதிக்கப்படுகிறார்கள். ஆனால், அவர்களுக்குச் சரியான சலுகை கொடுக்கப்படவில்லை. எனவே எனக்குப் பேசுவதற்கு அதிக அவகாசம் கொடுக்கவேண்டுமென்று கேட்டுக் கொள்ளுகின்றேன்.

“இந்த ராஜ்யத்திலுள்ள தாழ்த்தப்பட்ட மக்களுக்கு அரசியல் சட்டத்தில் பத்து ஆண்டுகளுக்கு சலுகை அளிக்கப்பட்டிருக்கிறது. அமெரிக்காவிலே எப்படி அப்பகாம் லிங்கன் அடிமைத்தனத்திலிருந்து நீக்கோக்களுக்கு ஒரு விமோசனம் அளித்தாரா? அது முறையில், மதிப்பிற்குரிய டாக்டர் அம்பேத்கார் அவர்கள் மத்திய சர்க்காரின் சட்ட மந்திரியாயிருந்த காலத்தில் சட்ட மன்றத்திலே எங்களுக்கு மிகவும் கஷ்டப்பட்டு, பத்து ஆண்டுகளுக்குச் சலுகை கிடைக்கும்படிச் செய்திருக்கின்றார். அதன் மூலமாக நாங்கள் இன்றைக்கு ஓரளவு ஆரம்பக்கல்வி பெற்று வருகிறோம்.

“ஆயிரம் ஆயிரம் ஆண்டுகளாக ஆரியர்கள் சனாதன தர்மத்தை நிலைநாட்டிவிட்டு, மத அடிப்படையில், ஜாதி அடிப்படையில் வருணசீரம் அடிப்படையில் படிப்பு அற்றவர்கள் படிக்கவே கூடாது, அவர்களுக்கு படிப்பே சொல்லிக் கொடுக்கக்கூடாது என்ற கட்டுத்திட்டங்கள் இருந்ததினாலே நாங்கள் அழிக்கப்பட்டோம். ஆனால், டாக்டர் அம்பேத்கார் எங்களுக்கு சட்ட மன்றத்திலே வாதாடி பத்து ஆண்டுகள் சலுகை அளித்திருப்பதை,

[29th July 1953]

[Sri A. Rathinam]

இந்தப் புது கல்வித்திட்டத்தின் மூலம் நசுக்கப் பார்க்கிறார்கள். ஆதி திராவிடர்கள், மற்றும் தாழ்த்தப்பட்டவர்கள் படிக்காமல் இருக்கவேண்டுமென்ற எண்ணத்தினாலேதான் இந்தப் புதுக் கல்வி திட்டம் கொண்டு வந்திருக்கிறார்கள் என்று நாங்கள் நம்புகிறோம்.

“இந்த ராஜ்யத்திலுள்ள ஒரு கோடி மக்களாகிய நாங்கள் ஆரம்பக் கல்வி படித்து வருகிறோம். ஆனால், எங்களுக்கு மூன்றுமணி நேரம் தான் ஆரம்பக் கல்வி, பாக்கி மூன்று மணி நேரம் குறிப்பத் தொழில் செய்வேண்டுமென்று சொல்லப்பட்டிருக்கிறது. ஆனால், எங்களுக்கு நிலம் கிடையாது. விவசாயக் கூலிகளாகத்தான் நாங்கள் வேலை செய்துவருகிறோம். எங்களுடைய பிள்ளைகள் ஆடு மாடுகள் மேய்க்கத்தான் போகவேண்டும். ஆகையினால், அவர்கள் கல்வி அறிவைப் பெறமுடியாது. ஆடு, மாடுகளை மேய்த்துக்கொண்டிருக்கக்கூடிய நிலைதான் இக் கல்வித் திட்டத்தினால் ஏற்படும்.

“எங்கள் வகுப்பைச் சேர்ந்தவர்கள் 8-வது வகுப்பு வரை வாசித்து விட்டு, இ.எஸ்.எல்.ஸி. சர்க்கார் பரிட்சை எழுதினாலும் மறுபடியும் அவர்களை 6-வது வகுப்பில்தான் சேர்த்துக் கொள்ளுகிறார்கள். அப்படியிருக்கும்போது, இந்தப் புதிய கல்வி திட்டத்தின் மூலம், பிள்ளைகள் 5-வது படித்தாலும், எங்கள் பிள்ளைகளை 2-வது வகுப்பில்தான் சேர்த்துக்கொள்ளுவார்கள். ஆகவே, ஆதித் திராவிடர்களும், மற்ற தாழ்ந்த வகுப்பினர்களும் கல்வியில் முன்னேறவே முடியாது. அந்த முறையில்தான் இந்தக் கல்வி திட்டம் வகுக்கப்பட்டிருக்கிறது.

“பிள்ளைகள் காலையில் மூன்று மணி நேரம் படிக்கிறார்கள். அவர்களுக்கு பகல் ஒரு மணிக்கு பகல் உணவு இல்லவசமாக இப்பொழுது அளிக்கப்படுவது நீடித்திருக்குமா என்று தெரியவில்லை. ஆறு மணி நேரம் படிப்பு இருந்தபோது, ஆதித்திராவிடப் பிள்ளைகளுக்கு ஆரம்பக் கல்வி பாடசாலைகளில் இல்லவசமாகப் பகல் உணவு அளிக்கப்பட்டது. ஆகவே, அந்த முறையில் பார்த்தாலும் தாழ்த்தப்பட்ட பிள்ளைகளுக்கு கேடு விளைவிக்கக்கூடியதாகவே இருக்கிறது இந்த திட்டம்.

“மாலை யில் மூன்று மணி நேரம் படிக்கும் பிள்ளைகளுக்கு படிப்பு அவ்வளவாக மூளையில் ஏறக்கூடியதாக இருக்காது. ஏனென்றால், பிள்ளைகள் மாலை நேரத்தில் விளையாடக்கூடிய நேரமாயைபால், அப்பொழுது அவர்களுக்கு பாடத்தை மூளையில் திணித்தால், அது அவர்களுக்கு நன்மையாக இருக்காது.

“உபாத்தியாயர்கள் கிராமப் பள்ளிக்கூடத்தில் ஒன்பது பிள்ளைகளை வைத்துக்கொண்டு மறுபடியும் மறுபடியும் அவர்களை வைத்துக்கொண்டு சொல்லிக்கொண்டுவருகிறார்கள். ஆச்சாரியார் அவர்கள் கூறிய கல்வி முறை வேறு. ஆனால் இன்று கல்வி அமைச்சர் போதிக்கும் கல்வித்திட்டம் வேறு. ஆகவே, இப்பொழுது ஆச்சாரியார் அவர்களால் வகுக்கப்பட்டிருக்கும் புதுக் கல்வி திட்டமானது பசுந்தோல் போர்த்த புலியைப்போல் இருக்கிறது. தாழ்த்தப்பட்டவர்களுக்குத்தான் இக் கல்வித் திட்டம் நன்மை அளிக்கப்போகிறது என்று சொல்லப்படுகிறது; ஆனால், உண்மையிலேயே ஆதிதிராவிடர்களுக்கும், தாழ்த்தப்பட்ட மக்களுக்கும் இது முக்கியமாக கேடு விளைவிக்கக்கூடியதாக இருக்கிறது. எனவே, இதனை வன்மையாகக் கண்டிக்கக் கடமைப்பட்டிருக்கிறோம்.

“குக்ராமங்களில் ஒவ்வொரு பள்ளிக்கூடத்தின்முன்பும் ஆயிரக்கணக்கான பேர்கள் சிறைப்படுத்தப்படுகிறார்கள். ஒவ்வொரு நாளும் நூற்றுக்கணக்கான தோழர்கள் மறியல் செய்திருக்கிறார்கள்; அதனால் அனைகம் பேர்கள் தடியடிப் பிரயோகத்திற்கு ஆளாகியிருக்கிறார்கள். அனைவர் சிறைச்சாலைக்குள் வைக்கப்பட்டுப் பல கொடுமைகளுக்கு ஆளாக்கிக்கொண்டிருக்கின்றார்கள். ஆனால், இங்கே கூறப்படுகிறது அரசியல் சூழ்ச்சிக்காரர்கள், அரசியல் கட்சிக்காரர்கள் சர்க்காருக்கு எதிராக சதி செய்கிறார்கள்

என்று. ஆனால், ஆச்சாரியாருடைய ஆட்சியின் மூலம், அவருடைய அரசியல் குழ்ச்சியின் மூலம் அவருடைய வருணசிரம அடிப்படையிலுள்ள கல்வித் திட்டத்தின் மூலம் தாழ்த்தப்பட்டவர்கள் ஆரீ மாடுகள் மேய்த்துக் கொண்டிருக்கக்கூடிய முறையில் அமைத்திருக்கிறார்கள். தீண்டாமைச் சட்டம் வந்தும் தாழ்த்தப்பட்டவர்கள் அடிமைகளாகவே இருக்கவேண்டுமென்றும், நிலம்ற்றவர்களாகவும் படிப்பற்றவர்களாகவும் இருக்கவேண்டுமென்ற காரணத்தினால், பத்து ஆண்டு கல்விச் சலுகை இருந்தும், அவர்களுக்குப் படிப்பு இல்லாமல் அழிக்கக்கூடிய அளவுக்கு ஆச்சாரியார் கல்வி திட்டம் இருக்கிறது. தாழ்த்தப்பட்டவர்கள் அனைவரும் இதை எகமானதாக எதிர்க்கவேண்டும், நாங்கள் மாத்திரம் எதிர்க்கவில்லை. எங்களைப் போன்றவர்கள், பின் தங்கியவர்கள். கல்வி வளர்ச்சியில்லாமல் பிற்பட்ட வகுப்பார்கள் அனைவரும் இதனை எதிர்க்கிறார்கள். எனவே, இந்த ராஜ்யத்தில் இருக்கும் 75 சதவிகித ஜனத்தொகையுள்ள மக்கள் எல்லோரும் இதனை எதிர்க்கிறார்கள். அப்படியிருக்க, ஆளும் கட்சியினர், தங்கள் கட்சி பலத்தைக் கொண்டு, இந்த ஆரம்பக் கல்வித் திட்டத்தை நிறைவேற்றினால், அது ஜனநாயகத்துக்கு விரோதமானது. 75 சதவிகிதமுள்ள இந்த ராஜ்ய மக்களின் வளர்ச்சிக்கு முட்டுக் கட்டை போடக்கூடிய அளவுக்கு இந்தக் கல்வி திட்டம் இருக்கிறது. ஆகவே, இந்தத் திட்டத்திற்கு எதிராக எல்லோரும் போட்டு போடவேண்டுமென்று கேட்டுக்கொண்டு என்னுடைய பேச்சை முடித்துக் கொள்ளுகின்றேன்.”

* SRI M. DHARMALINGAM :—“ Mr. Speaker, Sir, I rise to oppose strongly the modified elementary education scheme which has been brought into operation by the Hon. the Chief Minister, Sri C. Rajagopalachariar. Before I go into the merits of the scheme, I would like to say one important thing in general. So far as my knowledge goes, I would like to say that whoever comes forward to take the greatest responsibility of administering a country should always remember that the people of the country should be treated as his own children. In the same way, the people of the country should also remember that they should treat such an administrator as the father of the country. Let us see how far this feeling goes. As far as I know, the people of the country are treating the greatest administrator, the Chief Minister Sri C. Rajagopalachariar, as the father of the country. But the Hon. the Chief Minister does not care to consider or to treat the people of this country as his own children. He is always creating all sorts of confusion and creating differences of opinion among the public and also creating restlessness in the minds of the people—not only in the minds of the people but also in the mind of the Government. I would like to point out that he has got a special interest in introducing such a scheme abruptly without consulting the Members of this House who are representatives of the people. But the Chief Minister does not consider that the Members of this House are the representatives of the people and that it is necessary for him to consult this House if he is to introduce this scheme in the State of Madras. Let us see whether there is co-operation from the people, and also what is the intention of the Hon. the Chief Minister. I am sure that there is no co-operation among us. So there is nothing to prevent the foreigners to straightway enter into this country for the purpose of establishing their own Government, and then we will become their slaves as we were under the British Government hitherto. No doubt the Hon. the Chief Minister of our State is a good administrator, the greatest

administrator, and also the cleverest administrator too as Mr. T. Prakasam said the other day. I do not want to dispute that. Of course, he is also the father of our country. But after the introduction of this new scheme, every one in this country comes forward to say that he is our father only for name sake, but in his turn he has become a எமன் for our children—not one or two children but 45 lakhs of children as estimated roughly. I do not want to characterise him as எமன் because I believe all the Members in this House are aware of the character and the activities of எமன். Let us now pass on to some other matter. I am sure that there are important ideas behind the scheme. I do not want to say that there are no important ideas or principles behind the scheme. But they are not for the prosperity of our country or for its welfare. It gives alternative suggestions. The Chief Minister was pleased to say in the last session—if I remember aright—that Harijans were advancing to the greatest extent, and that they did not require any concession as per the Constitution, in future. Because he is definite that Harijans are coming forward, he has made up his mind to bring this new elementary education scheme in the State only to prevent Harijans from coming forward. I thought it was easy for the Chief Minister to withdraw the scheme. But after taking all these things into consideration, I believe that it is not possible for the Chief Minister.”

விவாதத்திலிருக்கும் புதிய கல்வி திட்டத்தை ஸ்ரீமான் ராஜகோபாலாச்சாரி p.m.
யார் ஐம்பது ஆண்டுகளுக்கு முன்னாலேயே நினைத்த திட்டம் என்று சொல்பபடுகிறது. அதுமட்டுமல்ல. நாற்பது லட்சம் மாணவர்கள் படிக்கவேண்டிய இடத்தில் ஏறக்குறைய எண்பது லட்சம் மாணவர்கள் படிப்பதற்கு வேண்டிய வசதி அளிக்கப்படுகிறது என்று சொல்லப்படுகிறது. இந்த திட்டத்தை நடைமுறையில் பார்க்கும்போது அந்நிய கொதிப்பதற்குத் தடைவிட்டு விரட்டிய பிறகும் இந்தமாதிரியான திட்டம் வந்திருக்கிறது. அந்நிய ஆட்சியிலிருந்ததைவிட இன்று பட்டினி, பசி, பஞ்சம், வேலையில்லா திண்டாட்டம் அதிகரித்திருக்கின்றன. இதைத்தான் நாம் பார்த்துக்கொண்டிருக்கிறோம். அதுமட்டுமல்ல. மாணவர்களை ஐந்து மணி நேரம் சிறையில் அடைக்கப்படுகிறது என்று சொல்லப்படுகிறது. பஞ்சத்தாலும் பசியாலும் கஷ்டப்படும் மக்கள் எத்தனையோ பேர்கள் சிறையிலிருக்கிறார்கள். அநேகம் தலைவர்கள் இன்று சிறையிலடைக்கப்பட்டு விடுதலை அடைய வசதி இல்லாமல் இருக்கிறார்கள். அவர்களை விடுதலை செய்வதற்கு தகுதியில்லாமலும் பஞ்சத்தைப் போக்க வசதி இல்லாமலும் இருக்கும்போது காங்கிரஸ்காரர்கள் பள்ளி மாணவர்கள் மீது இவ்வளவு அக்கரை எடுத்துக்கொண்டு பள்ளி மாணவர்களுக்கு ஒரு புதிய திட்டத்தைக் கொண்டுவந்திருக்கிறார்கள். ஏற்கனவே ஆறு மணி நேரம் இருந்தும் பள்ளி மாணவர்களால் தங்களுடைய பாடங்களைப் படிக்க முடியவில்லை. இப்பொழுது அதை மூன்று மணி நேரமாக்கினால் எவ்விதம் தங்களுடைய பாடங்களைப் படிக்க முடியும்? இப்பொழுது கனம் முதல் மந்திரி அவர்கள் கொண்டு வந்திருக்கும் திட்டத்தினால் பள்ளி மாணவர்கள் பாடம் படிக்க முடியாமலேயே போய்விடும். மூன்று மணி நேரம் பள்ளி சென்ற பிறகு இதர நேரங்களில் பெற்றோர்கள் செய்யும் தொழிலைக் கற்றுக்கொள்வதற்கு உபயோகப்படும் என்று கருதப்படுகிறது. இன்றைக்கு இருக்கும் நிலைமையைப் பார்த்தால், விவசாயிகளின் நிலைமையைப் பார்த்தால், பெரும்பாலான விவசாயிகள் தங்களுடைய நிலங்களை விட்டு விட்டு ஊரை விட்டு வெளியேறிக்கொண்டிருக்கிறார்கள். விவசாயிகள் தங்களுக்கு வேலை இல்லாமல் மந்திரிகள் வசக்கும் சென்னை நகரில் பிச்சை எடுத்து வருகிறார்கள். இவ்விதம் லட்சக் கணக்கான மக்கள் பிச்சை எடுக்கவேண்டிய நிலைமையில் இருக்கிறார்கள். ஏற்கனவே ஐந்து

மணி நேரம் இருக்கும்போது அவர்களுக்கு வேலை இல்லாமல் இருக்கும் போதும் அவர்களுக்கு படிப்பு வரவில்லை என்றால் இப்பொழுது அவர்களுக்கு மூன்று மணி நேரம் என்று வைத்தால் அவர்களுடைய மண்டையில் பாடம் ஏதுமா? அவர்கள் இந்த குறுகிய காலத்திற்குள் தங்களுடைய பாடங்களைப் புரிந்துகொள்ள முடியுமா? அதற்கு சக்தி இருக்குமா? என்று பார்க்கவேண்டும். ஆகவே இந்தக் கல்வி திட்டம் நம் நாட்டிற்கு உகந்தது இல்லை என்று நான் சொல்லிக்கொள்ள ஆசைப்படுகிறேன். மாணவர்களுக்கு படிப்புச் சொல்லிக் கொடுப்பதோடு அவர்களுக்கு தொழிலும் கற்றுக்கொடுத்தால் அவர்கள் சாதாரணமாக தொழில் கற்றுக்கொள்வதற்கு உதவுவதாகும். அவ்விதம் இல்லாமல் இந்த விதமான திட்டங்களைக் கொண்டு வருவதால் மாணவர்கள் புதிய தொழிலைக் கற்றுக்கொள்ள முடியாமலிருக்கும். இதிலிருந்து அரசாங்கம் தங்களுடைய பொறுப்பை தட்டிக் கழிப்பதாகவே தான் தெரிகிறது. ஒன்று முதல் ஐந்து க்ளாஸ் வரை படிக்கும் மாணவர்களுக்கு தொழில் கல்வி கற்பிப்பதற்கு திட்டம் வகுக்க வேண்டும். அதில்லாமல் இந்த திட்டம் அவர்களுக்கு பொறுத்தமே இல்லை என்றுதான் நான் சொல்லிக்கொள்ள ஆசைப்படுகிறேன். இந்த திட்டத்தினால் ஒவ்வொரு ஆசிரியரும் ஆறு மணி நேரம் வேலை செய்ய வசதி இல்லாததால் அநேகம் ஆசிரியர்களை வேலையிலிருந்து நீக்குவதற்கு அனுசூலமாக இருக்கும். முதலாவதாக இதை இப்பொழுது மாகாண பஞ்சாயத்துகளிலும் ஜில்லா பஞ்சாயத்துகளிலும் இந்த திட்டத்தை அமுலுக்குக் கொண்டுவரப்பட்டிருக்கிறது. இதைப் பார்த்துக்கொண்டு மேஜர் பஞ்சாயத்துகளில் விஸ்தரிக்கலாம் என்றும் சொல்லப்படுகிறது. அதனால்தான் பஞ்சாயத்துக்களில் குழப்பம் ஏற்பட்டிருக்கிறது. ஆகவே புதிய ஆரம்பக் கல்வி திட்டத்தை அமுல் நடத்துவதை நிறுத்தி வைக்கவேண்டும் என்று நான் சர்க்காரை வணக்கத்துடன் கேட்டுக்கொள்ளுகிறேன். விஞ்ஞான ரீதியிலும் கல்வி திட்டத்தை அமுல் நடத்துவதற்கு பெற்றோர்களின் பிரதிநிதிகளையும் கல்வி நிபுணர்களையும் அழைத்து அவர்களுடன் ஆலோசனை செய்து அந்த அடிப்படையில் இந்தப் புதிய கல்வி திட்டத்தை அமுல் நடத்தினால் அதற்கு வரவேற்பு இருக்கும். அதற்கு வேண்டிய ஏற்பாட்டைச் செய்ய வேண்டும் என்று கேட்டுக்கொண்டு என்னுடைய பேச்சை இத்துடன் முடித்துக்கொள்ளுகிறேன்.”

* Sri R. S. [Sri R. S. Arumugam]

யிலிருந்து போவதோ முடியுமென்று நான் கேட்கிறேன். ஏழை விவசாயி, அவன் மனைவியுடன் காலையில் வயலுக்குச் சென்றால் மாலையில் தான் திரும்பி வருகிறான். அவர்கள் வேலை செய்யும் இடமோ இரண்டு, மூன்று மைல்களுக்கு அப்பாலும் இருக்கும். அவர்கள் குழந்தைகள் பள்ளியிலிருந்து திரும்பி வந்தவுடன் வீட்டில் பெற்றோர்களும் இல்லாத சமயத்தில் என்ன வேலை செய்யும்? எனக்கு முன் பேசிய நண்பர் ஒருவர் சொன்னது போல் அவர்கள் மரத்தில் ஏறி விளையாடுவார்கள். மேலும் சொல்லுகிறேன், கிணற்றில் ஏறி விளையாடுவார்கள். அதால் ஆபத்து ஏற்படும். குச்சி விளையாடுவார்கள். ஒன்றுக்கொன்று சண்டைகள் போட்டுக்கொள்ளுவார்கள். வேறு கெட்ட பழக்கமும் செய்வார்கள். வீடுவந்த பெற்றோர்கள் பார்த்து சலிப்படைந்து படித்தது போதும் என்று சொல்லி மறுநாள் தங்களுடன் வயல்களுக்குக் கூட்டிக்கொண்டு சென்று விடுவார்கள். எனக்கு பன்னிரண்டு வருஷ ஆரம்ப ஆசிரியராக இருந்த அனுபவம் உண்டு. இந்த திட்டத்தினால் விவசாயி, தொழிலாளி, ஏழைகள் பிள்ளைகளும் முன்னுக்கு வரமுடியும் என்று சொன்னால் நான் நம்பவே மாட்டேன். தொழில் செய்ய வயதும் இது அல்ல. இது அரசியல் சட்டத்திற்கு அப்பாற்பட்டது என்று சொல்லிக் கொள்ளவும் நான் ஆசைப்படுகிறேன்.

“ இக் கல்வியைப் புகுத்தி இருப்பது தொழிலாளி மகன் தொழிலாளியாகவே இருந்துகொண்டு இருக்கும்படி செய்வதற்காகத் தான் என்று கூட நான் சொல்வேன். மேலும் சிறு சிறு கிராமங்களில் இரண்டு மைல் மூன்று மைலுக்குத்தான் ஒரு பள்ளி இருக்கும், உள்ளூரிலேயே இருக்கட்டும், 6 வயது, 8 வயது, 11 வயது என்று ஒரு வீட்டிலிருந்து மூன்று குழந்தைகள் பள்ளிக்குச் சென்றால், அவைகள் மூன்றும் ஒரே தரம் சேர்ந்துபோனால் ஒன்றுக் கொன்று ரொம்பவும் ஒத்தாசையாக இருக்கும். ஆனால் புதியக் கல்வி திட்டப்படி காலையில் ஒருவன், மாலையில் ஒருவன் என்று பிரிந்து செல்லவேண்டியதாயிருக்கிறது. இது நல்லதா? மேலும் சிறிது தூரமாக இருந்தால் குழந்தைகளுக்கு ஆபத்து வழியில் ஏற்படும் என்று பெற்றோர்கள் பயப்படமாட்டார்களா?

“ எனவே இந்த திட்டம் எவ்வகையிலும் நல்லதல்ல என்று நான் சொல்லியிருக்கிறேன். நான் மாத்திரம் அல்ல, எதிர்க்கட்சிக்காரர்களைப் போலவே, காங்கிரஸ்காரர்களும் தான் இதை எதிர்க்கிறார்கள். முதலில் இருந்தே வேண்டாமென்று சொல்லிக்கொண்டு இருக்கிறார்கள். தலைவர் காமராஜ், ஸ்ரீ ஓ. பி. ராமசாமி ரெட்டியார், டாக்டர் சுப்பராயன், மேயர் செங்கல்வராயன் போன்றவர்கள் எல்லோரும் எதிர்க்கிறார்கள். தமிழ்நாடு காங்கிரஸ் கமிட்டி இத் திட்டத்திற்கு மாற்று யோசனை சொல்லியிருக்கிறது. ஏன் இந்தக் கல்வித் திட்டத்தை ஒப்புக்கொள்ள மறுத்து இருக்கிறது. காங்கிரஸ் பார்ட்டி கூட்டத்தலையும் நாங்கள் இந்தக் கல்வித் திட்டம் வேண்டாம் என்று எதிர்த்து இருக்கிறோம். காங்கிரஸ்காரர்களின் (எங்கள்) பேச்சைக் கேட்டாகிலும் இப்பொழுதாவது இந்த திட்டத்தை வாபஸ் வாங்கிக் கொள்ளவேண்டும் என கனம் ராஜாஜி அவர்களை நான் கேட்டுக்கொண்டிருக்கிறேன். நான் காங்கிரஸ் கட்சிக்கு கட்டுப்பட்டவன் என்றும் இந்த சந்தர்ப்பத்தில் தெரியப்படுத்திக் கொள்ளுகிறேன். எனவே எது எப்படி இருந்தாலும் இந்த திட்டத்தை இந்த சந்தர்ப்பத்தில் வாபஸ் வாங்குவது நாட்டுக்கும், காங்கிரஸுக்கும் நல்லது, நல்லது எனத் தெரிவித்துக்கொண்டு எனது பேச்சை இத்துடன் முடித்துக்கொள்ளுகிறேன்.”

* Sri D. KRISHNAMURTHY GOUNDER :—“ கனம் சபாநாயகர் 12-55 அவர்களே, இந்தப் புது கல்வி திட்டமானது மிகவும் பிற்போக்கான திட்டம். மாகலம், உதவாக்கரைத் திட்டமாகவும் இருக்கிறது என்று நான் சொல்லுகிறேன். நான் சொல்வது மட்டுமல்ல. எதிர்க்கட்சியில் இருப்பவர்களாகிய நாங்கள் இம்மாதிரி கூறினால், முதல் அமைச்சர் அவர்கள் ஒருக்கால் நாங்கள் திராவிடக் கழகத்தைச் சேர்ந்தவர்கள் என்று கூறிவிடலாம். ஆனால் உயர்திருவாளர் ஓமந்தூர் ராமசாமி ரெட்டியார், உயர்திருவாளர் காமராஜ் நாடார் அவர்கள், இன்னும் காங்கிரஸ் கட்சியிலேயே உள்ள பன் பேர்களும் இந்த திட்டத்தை உதவாக்கரைத் திட்டம் என்று கூறியிருக்கிறார்கள்.

[Sri D. Krishnamurthi Gounder] [29th July 1953]

“இரண்டு நாட்களுக்கு முன் ஒரு தீவிர காங்கிரஸ்வாதி ஒரு சிறிய புத்தகத்தைப் போட்டு அனுப்பியிருக்கிறார். அதில் அவர் மிகுந்த தீவிர காங்கிரஸ்வாதியென்றும், இருந்தாலும் இந்தத் திட்டத்தை ஆதரிக்கமுடியாது என்றும், இது பழைய வானொலிமத்திற்குக் கொண்டு போய்ச் சேர்க்கிற தென்றும் அவர் அந்தப் புத்தகத்தில் கூறியிருக்கிறார். ஆகையால்தான் நான் இந்தத் தீர்மானத்தைக் கொண்டுவந்தேன். அதிருஷ்டவசமாக என்னுடைய தீர்மானம் ‘ballot’-ல் மூன்றாவது தீர்மானமாக தேர்ந்தெடுக்கப்பட்டிருக்கிறது. என்னுடைய தீர்மானத்தின் பேரில் நான் இதைப்பற்றி மிகவும் விரிவாகப் பேசலாமென்று இருந்தது. ஆனால், சர்க்கார்க் கட்சியின் சார்பில் பிரேரேபிக் செய்யப்பட்ட இந்த திட்டத்தை ஒப்புக்கொள்ளவேண்டுமென்று ஒரு தீர்மானம் கொண்டுவந்திருக்கிறார்கள். நியாயமாக இருந்திருந்தால் கல்வி திட்டம் சம்பந்தமாக சர்க்காரால் நேற்றையதினம் அச்சிடட்டுக் கொடுக்கப்பட்டிருக்கிற விவரங்களை இதற்கு முன்பாகவே அங்கத்தினர்களுக்கு அனுப்பியிருக்கலாம். அவர்கள் அவ்வாறு செய்திருந்தால், நிலைமை எவ்வாறு போய்விடுமோ என்று நினைத்து இவ்வாறு செய்திருக்கிறார்கள் என்று நினைக்கிறேன்.

“எதிர்க் கட்சிக்காரர்கள் இதைப்பற்றி தீவிரமாக பிரசாரமும் கிளர்ச்சியும் செய்கிறார்கள். தங்கள் கட்சிக்குள்ளேயே கிளர்ச்சிகளும் பலமாக இருப்பதைப் பார்த்துத்தான் சர்க்கார் தரப்பில் இத் தீர்மானத்தைக் கொண்டுவந்து, அதற்கு ஆதரவு இருக்கிறதா என்பதைப் பார்க்க நேரிட்டிருக்கிறது.

“முக்கியமாக, இந்த திட்டம் எல்லோருக்கும் படிப்பு அளிக்கும் திட்டம் என்று சொல்லுகிறார். இங்கிருக்கும் வயதுவந்த அங்கத்தினர்களை நான் கேட்டுக்கொள்ளுவதென்னவென்றால், அவரவர்கள் தங்களுடைய இளம் வயதைத் திரும்பிப் பார்க்கவேண்டும். அவர்கள் படித்த காலத்தில் எவ்வளவு கண்டிப்பு இருந்தது, எவ்வளவு திறமையாகப் படித்தார்கள், அதற்குப் பின்னால் வந்தவர்கள் எவ்வளவு கண்டிப்பு இல்லாமலும், கல்வியில் அவ்வளவு திறமைசாலிகளாக இல்லாமலும் இருக்கிறார்கள் என்பதைச் சிந்தித்துப் பார்க்கவேண்டும். கொஞ்ச காலத்திற்கு முன்பிருந்த கல்வியின் தரத்திற்கும், சமீப காலத்தில் கல்வியின் தரம் அவ்வளவு திறமையாக இல்லையென்பதையும் எல்லோரும் தெரிந்துகொள்ள முடியும். அப்படியிருக்க, இப்பொழுது 5 மணி நேரம் படித்தே சரியாக அவர்களுக்கு எழுதப் படிக்கத் தெரியவில்லையென்றால், 3 மணிநேரத்தில் அதை எவ்வாறு அவர்கள் கற்றுக்கொள்ளுவார்களென்று தெரியவில்லை. இப்பொழுதிருக்கிற அரசாங்கம் நியாயமான காங்கிரஸ் அரசாங்கமாக இருந்திருந்தால், பொதுஜனங்களுக்கு நன்மையையே செய்ய வேண்டுமென்ற எண்ணம் அவர்களுக்கு இருந்திருந்தால், உடனேயே கட்டாயக் கல்வியைக் கொண்டுவந்திருக்கவேண்டும். ஆனால், அரசியல் சட்டத்தில் மட்டும் போட்டிருக்கிறார்கள். 10 ஆண்டுகளுக்குள் எல்லோரும் எழுதப்படிக்கத் தெரிந்து கொள்ளவேண்டியதற்கான நடவடிக்கையை சர்க்கார் எடுத்துக்கொள்ளவேண்டுமென்று அரசியல் சட்டத்தில் இருக்கிறது. அரசியல் சட்டத்தில் இவ்வாறு இருக்கிறதே தவிர, இப்பொழுது கொண்டுவரப்பட்டிருக்கும் திட்டம் ஏறக்குறைய நாலாயிரம் ஆண்டுகளுக்கு முன்னால் இருந்த வைதிகத் திட்டமாகத்தான் இருக்கிறது. அந்தக் காலத்தில் படித்தவர்கள் ஒரு ஜாதி, படியாதவர்கள் ஒரு ஜாதி. வேத சாஸ்திரங்களை ஒரு ஜாதியார்தான் படிக்கவேண்டும் என்று அந்தக் காலத்தில் இருந்தது. மற்ற ஜாதியார் வேதங்களைப் படித்தால் அவர்கள் நாக்கு துண்டிக்க வேண்டுமென்றும், கேட்டால் காதிற் றயத்தைக் காய்ச்சி ஊற்றவேண்டுமென்று மனுதர்ம சாஸ்திரத்தில் இருக்கிறது. அப்படி அந்தக் காலத்தில் படிக்காதவர்களைப் படிக்காதவர்களாகவே வைத்திருக்கும்படியான நிலைமை இருந்தது. அதே நிலைமையை உண்டாக்குவதற்குத் தான் இந்தக் கல்விதிட்டம் இப்பொழுது கொண்டுவரப்பட்டிருக்கிறது.

“நமது அரசாங்கம் மதச் சார்பற்ற அரசாங்கம் என்று சொல்லப்படுகிறது. நேற்று இந்த சட்டசபையில் முதல் அமைச்சர் ஒரு கேள்விக்குப் பதில் அளிக்கையில், பிராமணர்கள் இத்தனை பேர் என்று சொல்லுவதற்கு அரசி

யல் சட்டத்தில் இடங்கொடுக்கவில்லை என்று சொல்லிவிட்டார். மதச் சார்பற்ற சர்க்காராக இருந்தால் அவ்வாறு சொல்வது சரியென்று எல்லோரும் ஒப்புக் கொள்ளுகிறார்கள். ஆனால், ஒருவகையில் பார்த்தால், இந்த சர்க்கார் மதத்தை மிகவும் தீவிரமாக பற்றிக் கொண்டுவருகிறது. மதத்திற்கு வேண்டிய பண்டிகை முதலியவைகளுக்கு விடுமுறைகள் விடுகிறார்கள். இப்படி மதசம்பந்தமான பண்டிகைகளுக்கு விடுமுறை விட்டுக்கொண்டிருக்கும் போது இந்த சர்க்காரை எப்படி மதச்சார்பற்ற சர்க்கார் என்று சொல்லிக் கொள்ளுகிறார்களோ என்பது எனக்குத் தெரியவில்லை. ஆகையால், தயவு செய்து இந்தக் கல்விதிட்டத்தைக் கைவிடவேண்டுமென்று உயர்திருவாளர் முதலமைச்சர் அவர்களை மிகவும் கேட்டுக்கொள்ளுகின்றேன். ஆனால், இந்த திட்டத்தைக் கைவிட்டுவிட்டால் எதிரிகளுக்கு இடம் கொடுத்தது போல் ஆய்விடும், தங்களுடைய கவுரவம் போய்விடுமென்று அவர்கள் நினைப்பாரேயானால், அது மிகவும் யோசித்துச் செய்யவேண்டியது தான். இருந்தாலும் இதற்கெல்லாம் அவர் யோசிக்கமாட்டார். கிராமங்களில் வைத்தியர்கள் இல்லையென்ற காரணத்திற்காக குறுகிய காலப் பயிற்சியுள்ள வைத்தியப் படிப்பு (L.M.P.) கொண்டுவருவதாக இருந்தார். ஆனால், அதற்கு எதிராக தீவிரமாக கிளர்ச்சி இருந்ததால், அந்த திட்டத்தை அவர் கைவிடவேண்டியதாயிருந்தது. அதைப்போலவே, இப்பொழுது கொண்டு வரப்பட்டிருக்கும் ஆரம்பக் கல்விதிட்டத்தை அவர் கைவிடவேண்டுமென்று கேட்டுக்கொள்ளுகின்றேன்.”

SRI T. NAGI REDDI :—“ Mr. Speaker, Sir, in the short time allotted to me, I am sure I won't be able to make much sense in what I am going to say. Yet, I must say a few things. If the Government are capable of understanding them or if I am capable of putting them clearly for them to understand, then it will do some good. The first point is this. When a major change of policy is made with regard to any particular question, it is but essential that it should be brought not only before the Assembly but before the public, some time should be given to them for discussion, then such modifications as are necessary from the experience of the people should be made, and then only the experiment should be put into practice. As against this, the democratic forces that are functioning in the Government to-day take advantage of the position in which they are to put a very important educational policy into practice without even consulting the educational experts except the Director of Public Instruction. There are in our country quite a number of educational experts who have been making certain experiments. Those experimentalists could have been called together and consulted. If it had been done, probably they could have given certain opinions which could have been taken into consideration. Well, that was not done.

“Leaving that aside, was the whole scheme put before the public and were the public asked to give their opinion about it? Even that was not done. I do not know the reason for it, but I think it was probably due to the feeling that the public might not accept it. Then, there is the Legislative Assembly. The Government could have called for the session of the Assembly. The whole scheme could have been placed before the Assembly Members for their opinions. Afterwards, the scheme could have been adopted. But that was also not done. On account of these things, certain groups of people for various reasons have begun to

[Sri T. Nagi Reddi]

[29th July 1953]

agitate against the scheme. Sir, I am not here to support or condemn the scheme simply because it comes from the Hon. Sri Rajagopalachari. I am not here to support or condemn the scheme saying that it is a scheme evolved out of the caste-ridden mentality of the Ministry. I do not like here to support or condemn a scheme saying that it is probably due to certain tendencies which are prevalent. One of those tendencies is that, whatever the North says, there are certain politicians in the South who take it to be good. I do not say that everything that the North says is wrong for us. It is not on that basis that I am going to condemn the scheme. My opinion is that the basic thinking of the Government itself is wrong. Hence, the basic policy of education itself is wrong. It has been clearly and cleanly expressed in this very pamphlet which has been given to us. I wish it had been placed in our hands a bit earlier. It has been stated therein that a steady destruction of the life process of the village is now going on. The Government want to stop it through this new educational scheme. I do not know whether I should laugh at it or cry at it. The Government have not understood why this steady destruction of the life-process in the village has begun. They have not gone into the reasons behind it. Sir, as I characterized this Government in my very first speech in the Assembly, this Government is a Government which is bent upon keeping the economic status of this country as it is at present, a Government which is afraid of changing the very basic foundation of the economic system of our country, a Government which refuses to take into consideration the main process of the international economy that has now crept into national economy, and a Government which is again thinking in terms of 'go back to the village' at a time when we are finding the handloom workers unemployed, the whole village economy cracking up from top to bottom, the same tendency creeping into the towns, and an economic crisis rampant with all kinds of misfortunes. At such a time as this, we are asking the children to go back from the school to learn some trade. I do not know what trade they could learn. The children of the handloom worker will go and find that loom is inactive. So, the children of the present day economic crisis will, when they go back to their homes, only be lazy, because their fathers themselves have no work. But this Government are coming forward with a scheme saying that it is going to do something very big. I am sure that it is not going to do something very big. It is going to stop even the small educational work that is now going on. Hence, the complete cracking up of education itself is going to take place.

"I only want to conclude by saying that this unhelpful attitude will only make the teachers work more and the students learn less."

SRI N. RATHINA GOUNDER:—"மதிப்பிற்குரிய சபாநாயகர் அவர்களே, இன்று இந்தச் சபை முன்பாக நமது கல்வி மந்திரி அவர்கள் கொண்டு வந்திருக்கும் ஆரம்பக் கல்வி சீர்திருத்தக் கிட்டத்தை எதிர்க்கும் முறையில் நிற்கிறேன். இன்றையதினம் அரசாங்கத்தாரால் கொண்டு வரப்பட்டிருக்கும் கல்வி கிட்டமானது குறிப்பாக கிராம மாணவர்களுக்கு எந்தவிதமான பயனும் அளிக்காது என்று நான் சொல்லிக் கொள்ள விரும்பு

கிறேன். என்போன்ற கிராமவாசிகள் எல்லோரும் இதை ஒப்புக்கொள்ளுவார்கள் என்பதிலும் எனக்குச் சந்தேகமில்லை. பெற்றோர்களும் இதே எண்ணம் கொண்டவர்களாகத் தான் இருக்கிறார்கள். காங்கிரஸ்காரர்களும் சரி கட்சிக் கட்டுப்பாட்டுக்குப் பயந்து இதை ஆதரிக்கலாமே தவிர மனச்சாட்சிப்படி பார்த்தால், மனச்சாட்சிக்கு விரோதமில்லாமல் பார்த்தால் இதை ஒரு நாளும் ஆதரிக்கமாட்டார்கள் என்று எனக்குத் தெரியும். ஆகவே இதைக் கைவிட்டுவிடவேண்டும்.

"மேலும் இன்னும் ஒன்று சொல்லிக் கொள்ள விரும்புகிறேன். நம் நாட்டில் பெரும்பாலான மக்கள் விவசாயிகளாகவே இருந்து கொண்டிருக்கும்போது அவர்கள் குழந்தைகள் விவசாயிகளாகவே ஆகவேண்டுமென்ற எண்ணத்தை அடிப்படையாகக் கொண்டே இத்திட்டம் தயாரிக்கப்பட்டிருக்கிறதென்று நான் நிச்சயமாகச் சொல்லுவேன். ஆகையால் மிகவும் பணிவோடு கேட்டுக் கொள்ளுகிறேன், இந்த திட்டத்தை கைவிட்டுவிடவேண்டுமென்று.

"மேலும் ஆரம்பக் கல்வி, மத்தியதரக் கல்வி, உயர்தரக் கல்வி என்று மூன்று வகையாக கல்வியிருக்கிறது. நான் சொல்லப்போவது எல்லோருக்கும் தெரிந்திருக்கலாம். ஆரம்பப் பள்ளியில் எட்டாவது வகுப்பு வரை படித்து விட்டு ஒரு மாணவன் மத்தியதர படிப்புக்காக ஹைஸ்கூலுக்குச் சென்றால் அவன் IV பாரத்தில் சேர்த்துக் கொள்ளப்படுவதில்லை. முதல் பாரத்திலேயே சேர்த்துக் கொள்ளுகிறார்கள். மேலும் எஸ். எஸ். எல். ஸி. படித்துவிட்டு ஒரு மாணவன் காலேஜுக்குச் சென்றால் இன்றையதினம் அவனால் பாடத்தைப் பின்பற்ற முடியவில்லை. இப்படி எத்தனையோ முறைகள் இருக்கும்போது அவைகளையெல்லாம் சீர்திருத்தம் செய்யாமல் ஒரேயடியாக ஆரம்பக் கல்வி பயிலும் மாணவர்களின் தலையில் கையை வைப்பது ரொம்பவும் தப்பாகும். ஆரம்பக் கல்வியில் தமிழ் medium எடுத்துக் கொண்டு படித்தவன் ஏன் ஹைஸ்கூலில் IV பாரத்தில் சேர்த்துக் கொள்ளக்கூடாது என்று நான் கேட்கிறேன்? இப்போது அப்படி சேர்த்துக் கொள்ளுகிறார்களா என்றால் இல்லையென்று நான் வருத்தத்தோடு சொல்ல வேண்டியிருக்கிறது. முதல் வகுப்பிலிருந்து ஒரே ஆசிரியர் பத்தாவது வகுப்புவரை டெல்லையேண்டுமென்று ஒரு திட்டம் இருக்கிறது. மாணவனுடைய குணம் ஆசிரியருக்குத் தெரியும். அப்படி ஏதாவது நாட்டுக்கு மிகவும் அத்தியாவசியமான சீர்திருத்தத்தைச் சர்க்கார் கொண்டு வர வேண்டுமே தவிர இப்படி எல்லோராலும் கிளர்ச்சி செய்யக் கூடிய வகையில் ஏதற்காக இந்த ஆரம்பக் கல்வித் திட்டத்தைக் கொண்டுவரவேண்டுமென்று நான் கேட்டுக் கொள்ளுகிறேன். தமிழ் நாட்டில் ஒரு இடத்தில் மட்டுமில்லை எல்லாவிடங்களிலும் இந்தக் கல்வித் திட்டத்தை எதிர்க்கிறார்கள். எம்.எல்.ஏ. களாகிய நாங்கள் 43 பேர்கள் கையெழுத்திட்டு அரசாங்கத்தாருக்கு ஒரு மகஜர் எழுதி இத்திட்டத்தை வாபஸ் வாங்கவேண்டுமென்று அனுப்பியிருக்கிறோம். அது மட்டுமல்ல. வாபஸ் வாங்காவிட்டால் பெரிய கிளர்ச்சியைக் கண்டிப்பாக ஆரம்பித்து இதை எதிர்க்கப் போகிறோம். சட்டத்தையும் மீறப்போகிறோம். சட்டத்தை மீறுவது தவறு என்று தெரிந்தாலும் கூட அரசாங்கத்தாரின் கல்வி முறையை வாபஸ் வாங்க வேண்டுமென்பதற்காக எங்கள் எதிர்ப்பைத் தெரிவிக்கும் முறையில்தான் இவையையெல்லாம் செய்யப் போகிறோம். கனம் ராஜாஜி அவர்களுக்கு இந்த நாட்டு மக்களின் நலனை உத்தேசித்து எந்தத் திட்டத்தையும் கொண்டு வர உரிமையுண்டு. அதைப் போலவே இங்கேயுள்ள 375 அங்கத்தினர்களுக்கும் மக்களின் நலனை உத்தேசித்து அதை எதிர்க்கவும் உரிமையுண்டு. நாங்கள் எதிர்க்கும்போதும் எங்கள் தொகுதியின் நலனை உத்தேசித்தே எதிர்க்கிறோம். ஆகவே இந்த ஆரம்பக் கல்வித் திட்டத்தை வாபஸ் வாங்கவேண்டுமென்று நான் கேட்டுக் கொண்டு என் பேச்சை முடித்துக் கொள்ளுகிறேன்."

***SRI M. KALYANASUNDARAM:**—"கனம் சபாநாயகர் அவர்களே, இந்தப் புதிய கல்வித் திட்டத்தை நம் மக்கள் மீது திணிப்பதன் மூலம் நமது முதலமைச்சர் அவர்கள் தனக்கு ஒரு தனி இடம் தேடிக்கொண்டு விட்டார். அந்தக் காரணத்திற்காகவே இந்தத் திட்டத்திற்கு

1-10 p.m.

[Sri M. Kalyanasundaram] [29th July 1953]

அவருடைய பெயரையே சூட்டிவிடலாமா என்று எனக்குத் தோன்றுகிறது. 'ராஜாஜி கல்வித் திட்டம்' என்றே இதை நான் அழைக்க விரும்புகிறேன்.

“ராஜாஜியினுடைய வழிகளை அலாதி யானது. சாதாரண மனித இயல்புக்கு அப்பாற்பட்டது. சட்டசபை, பொதுஜன அபிப்பிராயம், கல்விப் பயிற்சி உடையவர்கள், இவர்களுக்கெல்லாம் கட்டுப்பட்டு நடப்பது என்பது ஒரு சாதாரண மனித இயல்பு. இதெல்லாம் ராஜாஜி அவர்களுக்குப் பிடிக்காது. 'புதிய கல்வித் திட்டம் கொண்டு வந்திருக்கிறீர்களே; எங்களைக் கலந்திருக்கக்கூடாதா? நாங்கள் யோசனை சொல்லியிருக்க முடியுமே;' என்று சொன்னால், சாணக்கியன் அர்த்த சாஸ்திரங்கள் செய்த போது எந்த பார்லிமெண்டைக் கேட்டு எழுதினான் என்பார். மனுதர்ம சாஸ்திரத்தை மனு எந்த பார்லிமெண்டைக் கேட்டு எழுதினான் என்பார்.

“ஆனால், நம்முடைய முதல் அமைச்சர் அவர்களுக்குத் தெரிவித்துக் கொள்ள விரும்புகிறேன்: நம்முடைய மக்கள் இப்பொழுது ஆயிரம் வருஷங்களுக்குப் பின்னால் இல்லை. ஆயிரம் வருஷங்கள் ஓடிவிட்ட பிறகு, அனுகுண்டு சகாப்தத்தில் இன்றைய மக்கள் இருக்கிறார்கள். அத்தகைய மக்கள் ஆயிரம் வருஷங்களுக்கு முன்னால் பிறந்திருந்தால் அவதார புருஷர்களை நம்பியிருப்பார்கள். அப்பொழுது அவதார புருஷர்கள் செல்வாக்காக இருந்திருக்கலாம். ஆனால், இன்றைக்கு அனுசக்தி காலப் பிச்சை 20-வது நூற்றாண்டில் ஏற்படுகின்ற பிரச்சினையை புராண கால புத்தியைக் கொண்டு செய்யப்படுகின்ற காரியத்தை இன்றைய மக்கள் ஆதரிக்கமாட்டார்கள் என்பதைத் தாழ்மையோடு சொல்லிக் கொள்ள விரும்புகிறேன்.

“இந்தக் கல்வி திட்டத்தை இவ்வளவு வன்மையாக எதிர்க்கக்கூடிய சமயத்தில் நான் ஏதோ இப்பொழுது இருக்கின்ற கல்வித் திட்டத்தில் பெருமை கொண்டவன் என்று நினைத்துவிடக்கூடாது. இப்பொழுது இருக்கின்ற ஆரம்பக் கல்வி திட்டம் மோசமானது. அது திருப்தியளிக்கக் கூடியதாக இல்லை. அதைத் தீவிரமாக பரிசீலனை செய்து மாற்றியமைக்க வேண்டும் என்பதில் யாருக்கும் ஆட்சேபணை கிடையாது. செய்யவேண்டுமென்பதுதான் எங்கள் கோரிக்கை. நாட்டில் இருக்கக்கூடிய 80 லட்சம் குழந்தைகள் எப்படி கல்வி கற்பது, அவர்களுடைய எதிர்காலம் எப்படி இருக்கவேண்டுமென்பதைப் பற்றி உங்களோடு யோசித்து இதைத் திருத்த வேண்டும் என்பதுதான் எதிர்க்கட்சியில் இருக்கக்கூடிய எல்லோருடைய அபிப்பிராயம் ஆகும். ஆனால், எனக்கு அவகாசம் இல்லாத காரணத்தால் ஒரு தெளிவான பரிசீலனையில் இறங்க முடியாத நிலைமையில் நான் இருக்கிறேன். இருந்தாலும் இரண்டொரு விஷயங்களைச் சொல்ல விரும்புகிறேன்.

“ராஜாஜி கொண்டு வந்திருக்கக்கூடிய இந்த திட்டத்தால் உண்மையிலேயே கல்வி அபிவிருத்தி இன்றைக்கு இருப்பதைவிட மன்னேற்றத்துக்கு கொண்டுவரப்பட்டிருக்கிறதா அல்லது 300 வருஷங்களுக்குப் பின்னால் கொண்டுவரப்படுகின்றதா என்பதைப் பார்த்தால் 300 வருஷங்களுக்குப் பின்னால் கொண்டு போகக்கூடியதாகத்தான் இருக்கிறது. முன்னுக்குக் கொண்டுவரக்கூடியதாக இப்பொழுது கொண்டுவரப்பட்டிருக்கும் கல்வி திட்டம் அமையவில்லை. ஏன் அப்படிச் சொல்லுகிறேன். இரண்டு நேரக்கங்கள் இருப்பதாக அவர்கள் சொல்லுகிறார்கள். அவர்கள் சொல்வது உண்மையி் நடக்கப்போகிறதென்றே வைத்துக்கொண்டு சொல்லுகிறேன். ராஜாஜி திட்டங்கள் யோசனைகளை ஏதோ பிரசாரத்திற்காகச் செய்ததாக நான் எடுத்துக் கொள்ளவில்லை. உண்மையிலேயே அமுலுக்குக் கொண்டு வரப் போகிறார்களென்றுதான் நான் நம்புகிறேன்.

“ஐந்து மணி நேரம் குழந்தைகளைப் பள்ளிக்கூடத்தில் வைத்து சொல்லிக் கொடுப்பது குழந்தைகளையும், குழந்தைகளின் மூளையையும் சித்திரவதை (torture) செய்யக்கூடியதாக இருக்கிறதென்று சொல்லுகிறார்கள். ஆனால், அதேசமயத்தில் என்ன சொல்லுகிறார்கள்? தினம் இரண்டு மணி நேரம் குறைக்கப் போகிறோம். பாடத் திட்டம் அப்படியே

[29th July 1953] [Sri M. Kalyanasundaram]

இருக்கப் போகிறது. பாடத் திட்டங்கள் குறைந்துவிடாது; கல்வியின் தரம் குறைந்துவிடாது என்று சொல்லுகிறார்கள். இரண்டில் ஏதாவது ஒன்று பொய்யாக இருக்கவேண்டும். பாடத் திட்டம் குறையாது என்பது பொய்யாக இருக்கவேண்டும். ஐந்து மணி நேரத்தில் போதிக்கப்பட வேண்டும் என்பதை மூன்று மணி நேரத்தில் சொல்லிக் கொடுக்கப் போகிறோம் என்பது பொய்யாக வேண்டும். மூன்று மணி நேரம் சொல்லிக் கொடுக்கப் போவதாக வைத்துக் கொள்வோம். நிலைமை என்ன? ஐந்து மணியே தாராளமாக இடைநேரத்தோடு சொல்லிக் கொடுக்கப்பட்ட பாடத்தை மூன்று மணி நேரம் சொல்லிக் கொடுக்க வேண்டுமென்றால், அதைவிட கடுமையான சித்திரவதை இளம் குழந்தைகளுக்கு வேறு இடக்க முடியுமா என்று கேட்கின்றேன். கடினமான பாடங்கள் அல்லவா? அவைகளை மூன்று மணி நேரத்தில் இளம் குழந்தைகளின் மூளைகளில் திணிப்பது என்பது சித்திரவதையை இன்னும் அதிகப்படுத்துவதாகத் தானே இருக்கும் என்று கூற விரும்புகிறேன்.

“தொழில் கல்வி, அதாவது குலத் தொழிலைக் கற்றுக்கொள்ளக்கூடிய கல்வியைப் போதிக்கிறோம் என்று சொல்லுகிறார்கள். இதை நான் உண்மை என்று நம்புவதா? இன்றைக்கு எல்லாத் தொழில்களும் நாட்டில் நசித்துக் கொண்டு வருகின்றன. ராஜாஜி அவர்களுக்கு கிராம வாழ்க்கையைப் பற்றி அதிக அனுபவம் கிடையாது. சென்னையிலிருந்து டில்லிக்குப் போனபிறகு தென் பிராந்தியத்தைப் பற்றி ராஜாஜி மறந்து போயிருக்கலாம். தமிழ்நாடு, ஆந்திராவிலுள்ள கிராமப் பகுதிகள் எப்படி இருக்குமென்பதை அவர்கள் மறந்துபோயிருக்கலாம். பிறகு, டில்லியிலிருந்து சென்னைக்கு வந்தவர் சட்டசபைக்குள் புருந்துவிட்டார். ஆகவே, அவர் தமிழ்நாட்டிலுள்ள கிராமங்களில் உள்ள நிலவரத்தைப் புரிந்துகொள்ள முடியாது. இப்பொழுது எல்லாம் மாறிப்போய்விட்டன. கிராமங்களில் தொழில்கள் நடக்கவில்லை; விவசாயம் கூடினத்திருக்கிறது. குழந்தைகள் பள்ளிக்கூடத்திற்கு வரமுடியவில்லை. அதற்குக் காரணம் என்ன? 40 லட்சம் குழந்தைகள்தான் பள்ளிக்கூடம் வருகின்றன, பள்ளிக்கூடம் வரக்கூடிய வயதுள்ள 45 லட்சம் பிள்ளைகள் ஏன் பள்ளிக் கூடத்திற்கு வரமுடியவில்லை என்கின்ற காரணங்களை கிராமங்களில் சுற்றிப் பார்த்து புரிந்து கொண்டால் நன்றாக இருக்கும். கிராமத்திலுள்ள பிள்ளைகள் ஏன் பள்ளிக்கூடத்திற்கு வரமுடியவில்லை யென்றால், அவர்கள் படிக்க விரும்பவில்லையென்று சொல்ல முடியாது. விவசாயிகள், தொழிலாளர்கள் எல்லோரும் தங்களுடைய குழந்தைகளை படிக்கவேண்டும்; உயர்ந்த நிலைக்கு பிள்ளைகள் வரவேண்டும் என்றுதான் விரும்புகிறார்கள். ஆனால், அதற்கு என்ன இடஞ்சல் இருக்கிறதென்று பார்த்தேவண்டும். பிள்ளைகள் வீட்டில் இருந்தாலும் கோவணத்தைக் கட்டிக்கொண்டு திரிந்து கொண்டிருப்பார்கள். அவர்களைப் பள்ளிக்கூடத்திற்கு அனுப்பவேண்டுமானால், ஒரு சட்டை வாங்கவேண்டும், வேட்டி வாங்கவேண்டும். சோப்பு வாங்கி அவனைக் குளிப்பாட்டவேண்டும். குழந்தைகள் பள்ளிக் கூடத்திற்குப் போகவேண்டுமானால், காலாகாலத்தல் சோறு போட்டு அனுப்பவேண்டியிருக்கிறது. பள்ளிக்கூடத்திற்கு அனுப்பி வைப்பதற்குக் கூட அத்தியாவசியமான துணிமணி, சிலேட்டு, புத்தகங்கள் வாங்கிக் கொடுப்பதற்கே சக்தியற்ற நிலைமையில் இன்றைக்கு விவசாயிகளும், தொழிலாளர்களும் இருக்கிறார்கள். அப்பேர்ப்பட்டவர்களுக்கு என்ன செய்திருக்கிறோம் என்பதை ஆராய்வதற்குப் பதிலாக இரண்டு 'ஷிப்டு' வைக்கிறோம்; பிள்ளைகளைப் பள்ளிக்கூடத்திற்கு அனுப்புகிறோம்; என்றதும் அதிகமான குழந்தைகள் பள்ளிக்கூடத்திற்கு வர ஏதுவாகும் என்று சொல்வதை யார் நம்புவது? எங்களால் அதை நம்பமுடிய வில்லை. அழகான வார்த்தைகளில் திட்டம் தயாரிக்கப்பட்டிருக்கிறது. ஆங்கிலத்தில் இது அச்சடிக்கப்பட்டிருப்பதால், அன்னிய நாட்டிலுள்ள சில வெள்ளைக்காரர்களுக்கு வேண்டுமானால் இதை அனுப்பி காங்கிரஸ் பிரசாரத்திற்கு உபயோகப்படுத்திக் கொள்ளவோமே யொழிய, நடைமுறையில் இந்த திட்டம் நன்மை பயக்கக்கூடியதாக இருக்க முடியாது.

[Sri M. Kalyanasundaram] [29th July 1953]

“பிறகு, இந்த திட்டத்தை என் கொண்டு வந்திருக்கிறார்கள்? இன்றைக்கு கல்விக்காகச் செலவு செய்யக்கூடிய பணத்தைக்கொண்டே, கல்வி திட்டத்தை நல்ல முறையில் அபிவிருத்தி செய்யாமல், உபாத்தியாயர் களையும் அதிகமாக வைக்காமல், இருக்கின்ற உபாத்தியாயர்களை வைத்துக் கொண்டே செய்யக்கூடிய ஒரு காரியமாக இருக்கிறது. ராஜாஜி ஒரு தந்திரமான பூசாரி. தந்திரமான பூசாரி என்ன செய்வானென்றால், வெல்லத்தால் ஒரு பிள்ளையார் பிடித்து, அந்த வெல்லப் பிள்ளையாரி லிருந்தே ஒரு துளி வெல்லத்தைக் கிள்ளி, அதையே பிள்ளையாரின் முன்னாலே வைத்து நிவேதனம் செய்து பூசை செய்யக்கூடிய தந்திரத்தைப் போல, இதை ராஜாஜி ஒரு தந்திரமான முறையில் செய்திருக்கிறார்கள் (சிரிப்பு).”

“இன்றைக்கு கல்விக்காக இந்த சர்க்கார் 12 கோடி ரூபாய் செலவழிக்கின்றது. அதில் 8 கோடி ரூபாய் ஆரம்பக் கல்விக்காகச் செலவழிக்கப் பட்டும் கூட இன்னும் ஆரம்பக் கல்வியானது கிராமங்களிலுள்ள எல்லாக் குழந்தைகளுக்கும் கிடைக்கவில்லை. கிராமங்கள் பூராவும் கல்வித்துறையில் எந்த அபிவிருத்தியும் ஏற்படவில்லை. அதற்குக் காரணம் என்ன? கிராமக் குழந்தைகள் பள்ளிக்கூடம் வரக்கூடிய நிலைமையில் இல்லை. ஏனென்றால், அவர்களுக்குச் சோறு, துணி கிடைப்பதே கஷ்டமாக இருக்கிறது. மேலும் வாதியார்களும் 30 ரூபாய் சம்பளத்தில் பாடம் சொல்லிக் கொடுக்கவேண்டும். சம்பளம் போதாமல், வாதியார்கள் பட்டினி கிடந்துகொண்டே பிள்ளைகளுக்கு பாடம் சொல்லிக் கொடுக்க வேண்டும். கிராம மக்கள் இலவசமாக பள்ளிக்கூடம் கட்டிக் கொடுத்தால், வாதியார்களும் குறைந்த சம்பளத்தில் கிடைத்து விட்டால், பள்ளிக்கூடம் நடத்துவதற்கு சர்க்கார் அனுமதி கொடுப்பார்கள். இப்பொழுது போட்டிருக்கக் கூடிய திட்டத்தால் பாக்கி 45 லட்சம் குழந்தைகளும் வந்து எல்லோரும் படித்து விடுவார்கள் என்பதை யாரும் ஒப்புக்கொள்ளமுடியாது. அதை சரித்திரம் நிரூபிக்கப்போகிறது. இப்படி மேலும் 45 லட்சம் குழந்தைகள் படித்துவிடுவார்கள் என்று சர்க்கார் சொல்லிக்கொண்டிருப்பது வெறும் பிரசாரத்திற்காகத்தான் ஏற்பட்டது என்பதும் நிரூபிக்கப்படுகிறது.”

“ஆகையால், நான் கேட்டுக்கொள்ள விரும்புவது என்னவென்றால், இதை ஒரு அரசியல் பிரச்சனாக ஆக்கவேண்டாம். கட்சி கௌரவமாகவோ அல்லது சொந்த கௌரவமாகவோ இதை ஆக்கிவிடவேண்டாம். பெரிய மனிதர்கள் போலிக் கௌரவம் பார்க்கக்கூடாது. ராஜாஜி அவர்கள் அப்படி போலிக் கௌரவத்தில் நிற்கக்கூடாது என்று நான் கேட்டுக் கொள்ளுகின்றேன்.”

“இந்த திட்டத்தைக் கொண்டு வந்த பின் நாட்டில் இதற்கு எதிர்ப்பு இருப்பதைப் பார்க்கிறார்கள். அதுவும் நான், கம்யூனிஸ்ட் கட்சியைச் சேர்ந்தவன் என்ற முறையில் ராஜகோபாலாச்சாரியாரை வேண்டுமென்றே எதிர்ப்பதற்காக இந்தத் திட்டத்தை எதிர்க்கிறேன் என்று அவர்கள் சொல்லலாம். ஆனால், இந்தச் சபையிலுள்ள எல்லாக் கட்சியினரும் இதை எதிர்க்கிறார்கள். அந்தப் பக்கத்தில் இருக்கிறவர்கள் கூட இந்தத் திட்டத்தை எதிர்க்கிறார்கள் என்று நான் காலையில் சொன்னபோது, “No, No” என்று என்னை பயமுறுத்துவதற்காக சத்தம் போட்டார்களோ என்று நினைக்கிறேன். ஆனால், உண்மை என்னவென்று பார்த்தால், எல்லோரும் பேசினதைவிட பலமாக தோழர் ஆறுமுகம் கண்டித்துப் பேசினார். அவர் பேசினதற்குப் பிறகு நான் பேசவேண்டுமென்ற அவசியம் இல்லாமல் போய்விட்டது. அவர் அவ்வளவு பலமாக இந்தத் திட்டத்தை எதிர்த்தார். இருந்தாலும், நான் சில உண்மைகளைப் பேசுவதற்காகவே பேசுகிறேன்.”

“அதோடுகூட, இன்றைக்கு வோட்டுப் போடும்போது சங்கடம் இருக்கும் என்று, பார்ட்டி ‘லிப்’ புகுப்பயந்துகொண்டு non-official resolution ஆக ஐந்து காங்கிரஸ் அங்கத்தினர்கள் ஸ்ரீ ஆர். வி. சுவாமிநாதன், ஸ்ரீ ஹர்க் காவலன் போன்ற அங்கத்தினர்கள், அவர்கள் காங்கிரஸ் அங்கத்தினர்கள் என்றுதான் நான் கருதுகிறேன். இந்தத் திட்டத்திற்கு

[29th July 1953] [Sri M. Kalyanasundaram]

disapproval தெரிவித்திருக்கிறார்கள். அதில் அரசியல் சூழ்ச்சியோ என்னமோ எனக்குத் தெரியாது. இதெல்லாம் அரசியல் சூழ்ச்சி என்று ராஜாஜி அவர்கள் ஆட்சேபிக்கலாம். எதிர்க்கட்சி அரசியல்வாதிகள் மட்டுமோ இதை எதிர்க்கிறார்கள்? கல்வித் துறையிலுள்ள நிபுணர்கள்கூட இதை எதிர்க்கிறார்கள். ராஜாஜியால் தனிப்பட்ட முறையில் புகழுக்குரிய அறிவாளிகள்கூட இதை எதிர்க்கிறார்கள். பொறுப்பு வாய்ந்த, கண்ணியம் வாய்ந்த கஷன்கில் சபையில் கூட இதை எதிர்த்திருக்கிறார்கள். ‘Hindu’ பத்திரிகை—அது கம்யூனிஸ்டுபத்திரிகை என்று யாரும் சொல்லமுடியாது—அதுகூட இந்தத் திட்டத்தைக் கண்டித்து இரண்டு editorials எழுதியிருக்கிறது. தனிப்பட்ட முறையில் ராஜகோபாலாச்சாரியார் மீது ஏதாவது விரோதமா?

“இப்பொழுது இருக்கும் எதிர்ப்பானது அரசியல் நோக்கத்துடன் இருக்கும் எதிர்ப்பு என்று நினைப்பது தவறு. அரசியல் நோக்கத்திற்கு எதிர்ப்பு என்று நினைத்தால் அவர்கள் வெற்றியடையமாட்டார்கள். எதிர்கால சந்ததிகளுடைய வாழ்க்கையைப் பொறுத்த முக்கியமான விஷயம் இது. சண்டைச் சரவிற்கும் சுய செல்வாக்கைப் பெருக்கிக் கொள்வதற்கும் இடம் இருக்கக்கூடாது. நாட்டின் நன்மை ஒன்றையே பெரிதாகக் கருதவேண்டும். கல்வி வேலையில்லா திண்டாட்டத்தைப் போக்கக்கூடியதாக இருக்க வேண்டும். நாட்டில் உற்பத்தியை பெருக்கக் கூடியதாக இருக்கவேண்டும். வேலையில்லா திண்டாட்டத்தை சமாளிக்க தொழில் வளர்ச்சி அவசியம். அதற்குப் பதிலாக மக்கள் படிக்காமல் தடை செய்ய திட்டம் போடுவது தகாது. இது நாட்டை கேவலப்படுத்தக்கூடியதாக இருக்கிறது. இதனால் நாட்டில் முன்னேற்றமிருக்கமுடியாது. ஆகவே திட்டம் கொண்டுவரும் போது வேலையில்லா திண்டாட்டத்தைப் போக்க ஆலோசனை செய்யவேண்டும். இப்பொழுது வந்திருக்கும் திட்டம் எங்கு கொண்டுவரவில்லை என்பதைப் பார்க்க வேண்டும். இப்பொழுதாவது தொழிலாளர்கள், விவசாயிகள், ஹரி ஜனங்கள் இவர்களுடைய குழந்தைகள் நூறில் ஒன்று அல்லது ஆயிரத்தில் ஒன்று தப்பித் தவறி படித்துவிட்டு சட்டசபைக்கோ சர்க்கார் உத்தியோகத் திற்கோ வந்து விடுகிறது. இந்த மாதிரியான திட்டத்தைக்கொண்டு வந்தால் அவ்விதம் வருவதைக்கூட தடைசெய்து இவ்விதம் இனிமேல் வரமுடியாமல் தடை செய்யும் திட்டமாகும். அவர்களுடைய குழந்தைகளுக்குக் கல்வி வசதி இல்லாமல் போய்விடும். ஆகவே இந்தத் திட்டத்தை நான் பலமாக எதிர்க்கிறேன். கனம் ராஜாஜிக்கு இதைப்பற்றி ஏதாவது சந்தேகம் இருந்தால் ஆலோசகர்களை அழைத்து அவர்களுடைய யோசனைகளைக் கேட்டுக்கொண்டு அதன்மேல் இதைக்கொண்டுவரவேண்டும். இல்லாவிட்டால் உடனேயே இந்தத் திட்டத்தை வாபஸ் செய்பவேண்டும். போலி கௌரவம் பார்க்கக் கூடாது. ஒரு கமிட்டியை ஏற்படுத்தவேண்டும். அந்தக் கமிட்டியின் ஆலோசனையைக் கேட்டு அத்திட்டத்தை நடத்தவேண்டும். இன்னும் ஒரு வருஷம் காத்திருக்கலாம். இப்பொழுது ஆறு வருஷங்கள் காங்கிரஸ் ஆட்சியில் கஷ்டப்பட்டதோடு இன்னும் ஒரு வருஷம் கஷ்டப்பட்டால், நிபுணர்கள் அடங்கிய ஒரு கமிட்டியை நியமித்து சட்டசபை அங்கத்தினர்களையும் அதில் சேர்த்து இந்தக் கல்வித் திட்டத்தை பரிசீலனை செய்து அந்தத் திட்ட அடிப்படையில் புதிய கல்வித் திட்டத்தைக்கொண்டுவந்தால் நாட்டில் ஆதரவு இருக்கும். அது இல்லாமல் போனால் வைத்துக் கொண்டும் அதிகாரத்தை வைத்துக்கொண்டும் அதிகாரத்தை துஷ்பிரயோகம் செய்து இந்தத் திட்டத்தை நடத்தவேமுடியாது. அப்பொழுது ஜனங்களுடைய ஆதரவு கொஞ்சம்கூட இருக்காது என்பதை எச்சரிக்கை செய்யவிரும்புகிறேன். பல தொகுதிகளிலிருந்து பல மக்கள் கையெழுத்திட்ட மனுக்கள் கொடுத்திருக்கிறார்கள். அதையும் இந்தச் சபையின் முன் சமர்ப்பிக்கிறேன்.”

Sri K. R. VISWANATHAN :—“கனம் அவைத் தலைவர் அவர்களே, இப்பொழுது கொண்டுவந்துள்ள புது கல்வித் திட்டத்தைப் பற்றி முடிவடையாத முன் கலந்துகொண்டுவந்த முறையைப்பற்றி சில வார்த்தைகளைச் சொல்ல விரும்புகிறேன். இந்தப் புதிய கல்வித் திட்டத்தை இந்நாட்டில் புதுத்திய முதன்மந்திரி அவர்கள் அதை ஜனநாயக முறைக்கு விரோதமாகவும்

எதேச்சாதிகார முறையிலும் அதைக்கொண்டுவந்து இருக்கிறார் என்று சொல்லவேண்டிய அவசியம் இருக்கிறது. ஈஜிப்டில் நாகிப் அவர்கள் இம்மாதிரியான திட்டத்தைக் கொண்டுவந்தால் அதைப்பற்றி வியப்படைவதென்பதில்லை. இப்பொழுது நம் நாட்டில் ஜனநாயக முறை வளர்ந்து வந்தகொண்டிருக்கும்போது இதைக்கொண்டுவந்து கண்டிக்கத் தகுந்ததாக இருக்கிறது என்பதைச் சொல்ல விரும்புகிறேன்.

“அடுத்தபடியாக திட்டத்தைப் பற்றி சொல்லும்போது கனம் முதல் மந்திரி அவர்கள் இதற்குக் காரணம் சொல்லுகிறார். ‘ஆதி காலத்தில் ராமானுஜரும் புத்தரும் சீர்திருத்தம் கொண்டு வந்தபோது அவர்கள் யாரைக் கலந்து கொண்டு சீர்திருத்தங்கள் கொண்டு வந்தார்கள். அவர்கள் யாரைக்கேட்டும் செய்ததாகவே தெரியவில்லை’ என்று சொல்லுகிறார். இப்பொழுது நடப்பது ராமானுஜரும் புத்தரும் சீர்திருத்தம் கொண்டுவந்த காலம் இல்லை என்பதை நான் அவர்களுக்குச் சொல்ல விரும்புகிறேன். இப்பொழுது மக்கள் 1953-ம் வருஷத்தில் இருக்கிறார்கள். இரண்டாயிரம் ஆண்டுகளுக்கு முன்பு இருந்ததைப்போல் இல்லை இப்பொழுது மக்கள். இப்பொழுது கேள்வி கேட்கும் அறிவு அற்றிருந்தார்கள். அப்பொழுது அவர்கள் மக்கள் எவ்வளவுக்கெவ்வளவு ஆராயும் அறிவு அற்றிருந்தார்களோ அவ்வளவுக்கவ்வளவு இப்பொழுது ஆராய்ச்சி அறிவுள்ளவர்களாக இருக்கிறார்கள். அப்பொழுது எதைச் செய்தாலும் அதைப் புரிந்துகொள்ளா விட்டாலும் நம்பக்கூடிய நிலையில் இருந்தார்கள். அப்பொழுது இந்த நாடு அந்த நிலையில் இருந்தது என்பதை அவர்களுடைய கவனத்திற்குக்கொண்டு வர விரும்புகிறேன். அடுத்தபடியாக அவை புத்தருக்கும் ராமானுஜருக்கும் ஒப்பிட்டுக்கொண்டு கூறியிருப்பது தவறு என்பதையும் நான் எடுத்துக்காட்ட ஆசைப்படுகிறேன். ஒருவர் தான் பெரியவர் ஆகவேண்டும் என்று நினைத்துக்கொண்டு காரியங்களைச் செய்தால் அவருக்கும் பிறருக்கும் அதனால் நன்மையுண்டு. ஒருவன் தன்னைத்தானே பெரியவன் என்று நினைத்துக் கொண்டு எக்காரியத்தையும் செய்வது தனக்கும் பிறருக்கும் நலம் பயக்காததோடு, அந்நிலைமை தான் என்பது ஆணவத்தின் அடிப்படையாகப் பிறந்த தென்றே சொல்லவேண்டும். இதைப் பற்றி கூறுகிறபோது திருவள்ளுவர் பாட்டு ஒன்றை நான் எடுத்துக்காட்ட விரும்புகிறேன்.

“வியவற்க தன்னை எஞ்ஞான்றும் நயவற்
நன்றி பயவா விலை”

என்று கூறியிருக்கிறார். ஒருவன் ஒரு காரியம் செய்தால் அது நல்ல காரியமாக இருக்கும் என்று அவன் நினைத்துக்கொள்ளக்கூடாது. மற்றவர்களுக்கும் அறிவு இருக்கிறது. அவர்களையும் கலந்து செய்யவேண்டும் என்ற அடிப்படையில் இருக்கவேண்டும்.

“அடுத்தபடியாக இப்பொழுது கொண்டுவந்துள்ள புதுக் கல்வி திட்டத்தைப் பற்றி சில கருத்துக்களைக் கூற விரும்புகிறேன். கல்வி திட்டத்தைப் பற்றி ‘டிப்டி இன்ஸ்பெக்டர்’ முதலிய கல்வி அதிகாரிகளுக்கு சர்க்கார் விடுத்த அறிக்கையில் இதன் நோக்கங்கள் எடுத்துச் சொல்லப்படுகிறது. மாணவர்கள் தங்களுடைய பெற்றோர்களின் தொழிலை கற்றுக் கொள்வதற்காக அவர்களுக்கு ஏற்பாடு செய்யவேண்டும் என்ற நோக்கம் முதலாவதாக இருக்கிறது. இந்த நோக்கத்தைப்பற்றி பார்க்கும்போது உதிகவும் மோசமானது, மிகவும் தவறானது என்று கூற ஆசைப்படுகிறேன். இந்த மாதிரி பெற்றோர்கள் தொழிலை மகன் செய்யவேண்டும் என்று வற்புறுத்த ஆரம்பித்தால் உண்மையிலேயே இப்பொழுது நாட்டிலிருக்கும் ஜாதி வேறுபாடுகள் ஜாதி பூசல் நிலைத்திருக்க வழி செய்வதாரும் என்று தோன்றுகிறதே தவிர வேறு ஒன்றும் இல்லை. இந்த திட்டத்தினால் ஜாதி வேறுபாடுகளை நீக்குவதாகத் தெரியவில்லை. உண்மையிலேயே இது தொழிலை வளர்ப்பதற்குக் கொண்டுவரப்பட்டதாகச் சொல்லப்படுகிறது. இந்த திட்டத்தினால் பெற்றோர்களுக்கு தங்கள் குழந்தைகள் செய்யவேண்டிய தொழிலை தேர்ந்து எடுத்துக்கொள்ள சுதந்தரம் கொடுக்கப்படுகிறது என்று சொல்லப்படுகிறது. அதுவும் இல்லை. பெற்றோர்கள் தொழிலை மகன் செய்வதற்குத்தான் இதில் இடம் இருக்கிறது. இப்படி இல்லாமல்வேறு

[29th July 1953] [Sri K. R. Viswanathan]

தொழிலைக் கற்றுக்கொள்வதற்கு இதில் என்ன வழி இருக்கிறது. பள்ளிக் கூடத்தில் அரை மணி நேரம் படித்துவிட்டு மற்ற நேரங்களில் தொழிலை கற்றுக்கொள்ளவேண்டும் என்று திட்டம் வகுத்தால் அப்பொழுது பிராமணப் பிள்ளைகள் சர்க்கரிய பிள்ளைகளோடு சேர்ந்து தோல் தொழில் செய்யும் பெற்றோர்களிடம் படித்து தொழிலை கற்றுக்கொள்ள சம்மதிப்பாரா? இது போன்று ஒரு மேல் ஜாதியில் பிறந்த குழந்தை கீழ் ஜாதியில் பிறந்த பெற்றோர் செய்யும் தொழிலை கற்றுக்கொள்ள சம்மதிப்பாரா என்பதைப் பார்க்கவேண்டும். இந்த திட்டத்தினால் ஒரு மன மாறுதலும் ஏற்படாது. இந்த திட்டத்தினால் ஜாதி முறை மாறும் என்று சொல்லுவது வெறும் ஏமாற்று வித்தையாக இருக்கிறதே தவிர வேறு ஒன்றும் இல்லை. இந்த முறை மீண்டும் ஜாதி முறையை புகுத்துவதாகத் தான் இருக்கிறது. இந்த முறையினால் வேலையில்லா திண்டாட்டம் நீங்கப்போவதில்லை. ஆகவே இந்த திட்டம் எல்லா அம்சங்களிலும் விரும்பத்தக்கதாக இருக்கிறது.

* THE HON. SRI C. RAJAGOPALACHARI:—“ Mr. Speaker, 1-30 p.m.
it is obvious that I cannot do justice to all the points and observations made by several speakers this morning commenting adversely on the policy of the Government. Mr. Kalyanasundaram made his speech typical of the attitude of the Communist party and nobody need be surprised at it. Other speakers who may be classed into a second type in the Opposition took an attitude at which also I cannot be surprised. There are two clear and distinct types in the Opposition comments. One is that ‘the Government are not taking any measures to meet the economic condition of the poor people of the country and that the Government are not only not taking steps, but they cannot take steps, they are incapable of taking steps and therefore this tinkering with the educational programme is of no use. If people do not come to learn to read and write and if people do not join the schools to learn to read and write, it is not due to this or that, but it is essentially due to the economic condition of the people. It is not due to the unwillingness or anything else of that kind on the part of the people. It is all due to the sheer economic condition of the people and therefore the proposed scheme of elementary education is wrong and must be given up. There is no use bringing this new scheme as the economic condition of the people and the present state of affairs cannot be altered and is not being altered’. That is the Communist line of argument. On the other hand, the other type of opposition is that ‘the object of the scheme has been and is to suppress the ambitions and prospects of a certain class of people against whom the Government have set themselves and therefore this scheme is wrong’. This is the simple, but very unfortunate picture that presents itself to me so far as I can see the observations on the other side. It is most unfortunate, but I think I have understood the main lines in the picture. Mr. Kalyanasundaram is definite that we cannot do anything. The larger includes the lesser. We cannot govern to the satisfaction of the people and we cannot improve the conditions of the people. That is what he says. It follows that all the policies and aims of the Government are also wrong. The time is, however, limited just now and we shall have many occasions later on to refer to many of the points raised in this connection, that is to say, the political

[Sri C. Rajagopalachari] [29th July 1953]

unfitness of the Government to govern this country. Opportunities will be available elsewhere to show to the satisfaction of the people and the country that the presumptions made with reference to the motive of the Government and those behind them with regard to their attitude towards certain classes of people, that is the desire of the Government to suppress and injure the cause of those classes of the community are all wrong. I am sure there will be many opportunities to show to the best of our ability that all these presumptions are entirely wrong. Passions cannot be allayed by a discussion in the Assembly, especially within the time before us. Passions are bound to be there and they must be met to the best of our ability elsewhere hoping for good luck in that process. I wish immediately to say something about what gratifies me. Hon. Members have described that I have done a great mistake tactically in proposing a scheme of such vital importance without due consultation and without proper advice and the like and that at least for the sake of democratic principles I should have done this or that. All these things apart, I am gratified at one thing. In spite of the mistake that I am supposed to have committed and in spite of the wrong strategy that I have followed even taking my own aim as the correct aim, all this has resulted in one good thing. A great deal of attention has now been paid to the question of education itself. It has been given vital importance in public discussions more than at any time before. I am highly gratified at it. If the scheme which the Government have put forward for discussion before the House fails and even if it achieves nothing else, I am glad that we have achieved in July 1953 this great thing, viz., very great attention has been brought actively to be given to the question of education itself and to the various details relating to education. Much more has been gained in this regard than we could have achieved by adopting what is argued as correct procedure. I would have been wise, as suggested by my friends on the other side, if I had come forward with this proposal and put it before the House in the first instance. I have no doubt the atmosphere would have been calm, vanities would have been satisfied and everything would have been smooth. I would have been very strong in my position with regard to this scheme and would have had support from all sections. But still, it would have taken very much interest in education as such, and the various details connected therewith as they do now owing to my so-called bad strategy. I am very glad to-day that every man in the country and probably also many women know what exactly the Dravida Kazhagam and the Dravida Munnetra Kazhagam want and what exactly the Communist party wants, exactly for how many hours the children are in schools and how many subjects are taught and for what time and so on. In that way I am gratified. There is not much time to expatiate on this further.

1-40
p.m.

(I am sorry, however, that alongside of that good result, this question has got mixed up with political aims and entangle in a political atmosphere. That is the pity of it. I wish, even in

29th July 1953] [Sri C. Rajagopalachari]

this Assembly as it is composed to-day, I had an opportunity or occasion to discuss the vital questions that are involved in this matter, properly, calmly and at full length. Because, some of these things looking very simple cannot be understood unless the matter is thrashed out and put before them very clearly for acceptance or rejection. I am sorry for the atmosphere that has been created, a political atmosphere in which we have to come to a decision on a purely educational matter. Of course, we will have all groups of the Opposition combining to say 'No, we cannot accept the Government proposal'. It is very easy to express such an opinion, but of what value will it be educationally? Of what value can any vote taken in this atmosphere be to the educationists? I presume I am not guilty of contempt when I say that a vote at this juncture and in this atmosphere will be of little value to educationists. I am sorry I have to express my very great regret at the atmosphere in which we are discussing this subject.

"Well, Sir, our motives are attacked. That is to say, it has been stated without qualification and without even an attempt to hide it in courteous terms that my object in bringing up this plan, in initiating the scheme, is to ruin a particular community, especially the poor people. I am not referring to the Kazhagam's definition of communities. I am referring to the complaint made by one or two Members who spoke towards the end of the debate that this is brought in in order to ruin the poor people and that the poor people are going to be ruined by it. I do not wish to argue that point but just wish to put my own belief about it simply for the sake of those who wish to know what I think about it. If anything has appealed to me in this scheme it is the fact that this will help the poor people. If I had any doubts that it would not help the poor people but hurt them, I would be the last person to propose it. People may argue for Prohibition and people may argue against Prohibition. Some are for removal of untouchability and some are not. Some are for throwing temples open to Harijans and some believe in keeping them out. Lots may be said for and against these. But I was joining and taking part in these movements because I knew that they would help poor people and not hurt them. In the same manner here, I was without any doubt in my mind that this proposal to give half time free to the boy and the parent and the family and to ask the family to lend the boy to the school only half the time which he has hitherto been allowed would help the poor people and will not hurt them. It is because it would help the poor people that I introduced the scheme. Let me tell my friends here that when I first began this scheme, I had already a great deal of connection with the basic scheme of education and its origin even when it was in the womb, that is, in the mind of Mahatma Gandhi. I had a great deal to do with it and there is much in it which I can tell. Sir, last year in July 1952 when I spoke to my Colleague, the Education Minister, I said to him nothing more than this: 'Let us allow boys to come only for three hours and let them be free for the other three hours to be with their own families. Let them have reduced hours of work. What do you think of the proposal?' Approving it he told me 'yes,'

[Sri C. Rajagopalachari] [29th July 1953]

it is very good, let us do it but let the other part, the non-school part, be utilised in a suitable way, and it will be very good to the extent that it will be utilised.' That is the origin of the movement and I say that is what is in fact embodied in the scheme. I have said it only to make this point that I am laying great stress on the advantage which the poor will get by this short-term course. Even as I am asking for the short-term medical course against which there is so much opposition and even as I am asking for many other short-term courses, this is the thing that appeals to me most.

Then, Sir, after the initiation of this policy, I have looked into the matter. I have to be very brief in my remarks. I do not know whether hon. Members are in touch with educational institutions. Those who are in touch know the conditions fully and I am going to describe them to-day very briefly. I have to use very clear and rather harsh terms because I have to be brief. Otherwise, I could expand and pad my observation with something to make it soft. I have to be harsh. To-day, the average that we find in our schools is three teachers who pretend to look after five standards simultaneously, that is, at the same time. That is the average and sometimes it is worse, and sometimes it is slightly better. In numerous schools this average obtains, namely, one teacher has to attend to more than one standard simultaneously at the same time. Now I consider it very wrong. If for nothing else, at least for this, viz., putting an end to the present system and making one teacher attend to one set of boys at one point of time and to another set of boys at another point of time and not simultaneously, I would commend this scheme. Any educationist will accept this. What is now going on in schools? What is the use of talking of economic matters and other matters? What is now going on in schools is an anomaly; it is a fraud, a fraud on everybody, one teacher looking after two standards at the same time. In my opinion it is very wrong and it should be stopped. This scheme is going to put an end to it and I have no doubt about it. If it does not bring it about, the scheme is wrong; if it brings it about, the scheme is good, if only for that reason.

Then, there is the other thing. There are those who do not believe in the work programme—and there are a large number of them on the opposite side—and they would oppose even the basic education scheme if it were presented to them now afresh. They would oppose it right through, all through. They do not believe in the work programme and they therefore object to the present scheme also. Suppose the work programme is bad and will not bring in results. Let it be so. I do not want you to rely on that part of the scheme. That is my answer. The principal part of the scheme as I would ask you to take it is the reduction of the school instruction of six periods to three periods. If you do not believe in the work programme, ignore it; do not send the children out; keep them back. That is my plea. They may say 'your scheme includes all that'. Sir, in the scheme, it is made quite clear that there is no compulsion in the matter because in

29th July 1953] [Sri C. Rajagopalachari]

the first place children are young. In the second place, we do not intend to have any compulsion in the matter either as a whole or in parts. That is to say, it is made clear that there is no compulsion that the boy must go to a particular farmer or craftsman. He need not go and attend to any craft work at all if he likes to remain at home. Those who do not believe in the work programme need not be anxious and their criticism is irrelevant here. Then there may be the other fear that the boy may not make progress in his work programme and therefore suffer in promotion. The Government have made it clear that no examination, no tests, whatever will be held which will impede the progress of the boy or stop his promotion from class to class because of any deficiency in the matter. There is no form of compulsion in the work part of the scheme but those who have drawn up the scheme have faith in that programme. They believe it will flourish, if not quickly at least slowly. They believe much will come out of it. This is part of their hope. But let it be clearly understood there is no compulsion about it.

Then, Sir, if one other obsession were removed, the attitude of most people would be different in regard to this. That obsession is this. Many Members pointed out that the scheme should be examined in the present context of affairs in the world. What we are now really doing is to fit our educational methods to the present contexts. Hon. Members who spoke on the opposite side imagine that I was an old-century man and that they are very modern people. But the truth is that without their being conscious of it, they are examining the scheme from the point of view of an old state of affairs. They are examining it from the point of view that a certain number of people in particular communities will have the advantage and get educated and the backwardness of the rest of the community will continue. It is from that point of view that this scheme is disliked. They examine it saying why should a boy do bodily work; why should the present hours of work be cut by half of what are allotted to him which help him to advance more quickly? So, they imagine the scheme is wrong. It is wrong to take that view. Not some fortunate boys, but all the boys of all communities will have to be made at least literate. At least reading, writing and arithmetic they should know. There is no question about it. To-day the desire is there but the resources are not there.

To-day we should examine every measure on this touch-stone. We must see whether our scheme will help every boy to become somewhat literate, somewhat able to write, somewhat to do some arithmetic. The very much greater advance a few boys in a community may obtain is not the point that has to govern our examination. What we should find out is whether the spread of reading, writing and arithmetic will be wider in the new scheme or whether it will be less. If we examine it on that touch-stone, I am sure that impartial minds would see that this scheme gives hope, this scheme gives opportunity in that direction. If it fails it is a different matter. Many things have failed in the world, I

[Sri C. Rajagopalachari] [29th July 1953]

can quote from history; but that would not prove that those things were wrong. We must strive. I think in this scheme there is scope for the widest distribution of elementary knowledge of reading, writing and arithmetic. But I would not call that alone by the name of education. There is the widest scope for real education, if the other part of our scheme is properly implemented. I have no doubt whatsoever about it. Many people argue, 'bring the crafts into the school, have the potter, the shoe-maker, the cobbler, the weaver and the numerous other people in the school'. Where are the craftsmen, they ask. I can say, they are there, though hon. Members are oblivious of their existence. We are living on account of the existence of these people. Though a certain number have gone out of occupation, still there are quite a few who work to-day and they weave the cloth, make the shoes, the pots, the fans and everything that we need. We have still the bullock-cart. It is no good to imagine that everything is done by motor cars now. Thousands of village craftsmen are there. A point is made that if they can be put in the school-compound, in the school grounds, it would be a very good thing. I do not deny that. If it were possible, it would be a very good thing. We will try to do that, as much as possible. If we find difficulty in getting people to help us in this scheme, we will have to do that also. We will have to bring the man there, ask him to do his work there and allow him to find some profit in coming to the school. We are going to do that.

"Let us examine the matter a little more carefully like good husbandmen. A school with all these several craftsmen there would be a small polytechnic. A very nice thing to have a polytechnic in every village school. Wonderful good thing. The very picture of it entrances me. I would like every village school to be a small cottage industries polytechnic; it would be a beautiful thing. But it is there already without our recognizing it. Simply because it is not within the school walls, can we say it is not there? It is there around the school. Is not the potter, is not the dhobi, is not the wheelwright, is not the cobbler very near there? Everybody is there. Instead of bringing them and making them work inside the compound, I want every boy, every upper class boy especially, to go to the cobbler's workshop and the other man's place, mix with them and see the work and help and practise if he wants to progress. The polytechnic is spread out instead of being inside the compound. That is the only difference. The polytechnic is spread out in the small villages. Why should not the whole village be considered a school? It is an illusion of the mind to imagine that the school is within the walls. The whole village is the school, the village polytechnic is there, every branch of it.

"When I was a little boy, I had to walk one mile to go to the primary school; go there early in the morning, come back for mid-day meal, have a hurried meal and run to reach there in time and then come back in the evening. Probably this made a deep impression on my mind and I hate the six-hour school. I may confess to hon. Members—it may be due to an early impression—I hated the double session school even as a child. Every day I felt,

29th July 1953] [Sri C. Rajagopalachari]

'is not one session enough?'. I think it is a good scientific scheme to reduce the two sessions to one session only. But to-day, in the villages, schools are not so far away from the houses of the pupils. There are so many schools, and so many craft places which have grown by themselves. They may not have been fostered by the Education department with a special officer paid Rs. 1,000 a month. They have grown there with the native hue and blood. Why should not the boys treat the whole village as a school? In fact, that is the intention of the whole scheme and the philosophy of the whole scheme. The argument that unless we bring the craftsmen into the school, the scheme is wrong is not correct. We will try our best to bring as much as possible into the school. The Education department, so to say, adopts all the various technical institutions—the basket-weavers, the cobblers' workshop—one of each or two of each. The village school adopts all these institutions, so to say, affiliates them and the village school becomes a University, a Polytechnic University in every respect. Small things could be compared with big things of the same type. They are small in magnitude not as large as a University. But I wonder if these natural village polytechnics are not really more valuable. The little polytechnic I am envisaging will be far more valuable than any palatial polytechnic subsidized by the Government and the Opposition conspiring together to waste money upon it. The little polytechnic does not want so much money or assistance. But it is better in the ultimate result. It has spread everywhere. It is not one, it is a thousand, it is ten thousands. It is everywhere in every village. You will see the value of it in course of time, only if hon. Members will allow me to work it. If they do not allow me to work it, it will be a mere dream and pass out like a walking shadow. But if it is allowed, it will be worked and hon. Members will see it. I have no doubt in my mind about it.

"Sir, Mr. Nambiar made a puranic reference which captured my imagination. I shall dwell upon it. I do not know whether all hon. Members understood him. He pointed out that 'Chandramathi's jewel could be seen only by Harischandra.' There are some things which cannot be seen by others; it is only those who sympathize and those who understand and those who love that can see the jewel which is hidden from the eyes of those who do not wish to see. May I say that this scheme of mine is a jewel and those people do not see it (Opposition Members: 'Oh, oh!') because they do not love, they do not sympathize, they do not understand? Naturally and instinctively, Mr. Nambiar referred to Chandramati in this connexion. It was a good inspiration. I therefore take it from him. However, I am not stopping with that. There are some who can see—and I am talking not of myself, I am not saying that I am 'Harischandra'. It was a gift to Harischandra, he could see it. We shall in course of time find many will see. Some have already seen it.

"Sir, I have a letter—I hope some hon. Members would be interested in hearing it read—it is from one who is wedded to the Basic Education Scheme. Hon. Member after hon. Member said

[Sri C. Rajagopalachari] [29th July 1953]

2 p.m.

that this is not the basic scheme and so on and so forth. What do they know about the Basic Scheme? Dr. Zakir Hussain knows about the Basic Scheme as a mother knows her child. Dr. Zakir Hussain understands, identifies and loves the Basic Scheme as a mother knows and loves her child. He writes: 'I felt thrilled that something was being attempted which would make the Basic education of Gandhiji's dream possible of achievement.' Did I deceive him? Did I go and argue with him? He writes of his own accord. He does not know how much is done here to prevent me from attempting. He says further: 'We have mostly been playing with that scheme in the country. We fight shy of work as an instrument of education and keep on trying pathetically to make it respectable and succeed only in making it inane, lifeless and insincere.' He is referring to the work-programme within the school compound of basic schools. He is referring to the teachers who are specially trained for the work, who are not mere craftsmen for whom we have no regard but who are really the best teachers and who are prepared to teach the children. He says, 'We succeed only in making them inane, lifeless and insincere. We pretend to train teachers in methods of work and only succeed partially. Most of them lack the drive, earnestness and sincerity which are the distinguishing marks of most worthwhile work. By trying to mobilize the village artisan for the work of education, you seem to me to have taken a very vital step in the right direction'. Sir, I am quoting it not to boast of my proposal. I am quoting it in answer to the objection raised that this scheme does not satisfy the people who are for basic education. He continues, 'Children will in this way experience the real atmosphere of honest work which no second-hand imitation can generate'. I want these words to be kept in mind by those on the other side who are educationists in some degree or other and they will agree with this remark. Partisans cannot, of course, agree. Hon. Members on the other side are wondering why Dr. Zakir Hussain has written this letter without consulting the Assembly here! (Laughter.) He further writes, 'The step will, I hope and trust, be useful to education and useful to the craft work of our artisan. I hope everything will be done to make them feel that they are co-operating in one of the most important tasks of nation-building'. That truly is my ambition. I want to make the artisan who is not called a teacher and who cannot read and write, feel that he is part of our education programme. We go to him and we beg of him to do this and that. I want to make him feel that he has been fitted into and has a definite share in our education programme. I want to make him feel proud that he is part of the Education department itself. That is one of the best features, socially speaking, of the scheme that we have introduced. He continues, 'Further, if you can make the teacher and the artisan understand each other, I am sure you will do a great service to Indian Education.' Then there is a personal reference to me and I do not think I need read it. He says in another place, 'Judging from papers there seems to be a good deal of heat generated over the new scheme. Criticism is usually most violent when people

29th July 1953] [Sri C. Rajagopalachari]

understand the least'. The proposition that when a thing is not understood, criticism becomes violent instead of being calm is a general proposition not intended against hon. Members. 'I am sure that you will have patience enough', he says that is his hope,—'to convince the critics by results of the essential soundness of what you have so courageously initiated'. I do not lay stress on the compliments, but this throws light on what I am doing.

'Then, Sir, what did the South Indian Teachers' Union say? Much reference was made to them. They were courteous enough to send me a note signed by the President of the South Indian Teachers' Union, President of the Madras Teachers' Guild, and the President of a recent State Educational Conference. Particularly I want Mr. Swayamprakasam's attention to it. They say, among other things, 'In understanding the new scheme, the following educational principles have to be kept in mind:—

- (1) Primary education should be less book-centred;
- (2) Children should not be made to sit in the class for five hours a day;
- (3) Children should recognize the dignity of work;
- (4) Children should do simple manual labour;
- (5) Children should help their parents in their work whenever possible.

These principles are sound and should be and can be incorporated in any scheme of primary education, new or old'. They have analysed the scheme. If they think that we have not done these things, they think we ought to do it. If it is difficult, we should try and make it practicable. That is their opinion. They do not differ on any fundamental principle. Then they say, 'it is to be carefully considered whether the efficiency of the teachers will not suffer when they teach for six days at six hours each day'. They think that six days in the week is a little too much. Most of us have been used to six days in the week. We know High Court Judges sit in court only for five days in the week. But in most other institutions and in most places they all work for six days in the week.'

SRI S. SWAYAMPRAKASAM :—'We read in the newspapers that the South Indian Teachers' Union condemned this modified scheme of elementary education. Is the Hon. Chief Minister reading portions of their letter which are advantageous to him? It is better if he gives a copy of it to us.'

* THE HON. SRI C. RAJAGOPALACHARI :—'I am abiding by the time-limit and do not wish to read the whole letter. Here it is for anyone to read. I do not say that they support me. That is not the point. I am saying that the South Indian Teachers' Union have not denied the correctness of the fundamental principles which are adumbrated in our scheme. That is why they say, 'It is for this reason the teachers will certainly

[Sri C. Rajagopalachari] [29th July 1953]

co-operate in a system of shift, etc.' The teachers at least appreciate the scheme because on the fundamentals there is very little difference of opinion. The difference of opinion is only in regard to the manner in which the scheme has been enforced. Therefore, Sir, this letter shows to me that the Teachers' Union appreciate the value of the principles that we are trying to put forth in the scheme. That is why I read it along with 'Chandramati's jewel'. They see the jewel. Whether they can take the jewel and handle it, that is a different matter. They say that it is a good scheme.

{ Again, Sir, in December 1952, there was an International Conference on Compulsory Education in South-East Asia and the Pacific held in our country. The Government of India asked two Educational Ministers to attend the conference and take part in it and our Minister for Education, Dr. M. V. Krishna Rao, attended the conference. That International Conference made some recommendations. Among them is this: 'Plans should include not only long-term provision for the ultimate achievement of full compulsory education, but also practical short-term devices for ensuring that a start is made here and now, according to the varying conditions in each country. The provision of part-time education is a temporary expedient where full-time schooling is not yet practicable.' These were their recommendations. I do not think they had read our scheme or anything like that. But, our scheme is an attempt to execute what they have recommended. This was in December 1952. Thereafter we went further with what we were doing."

AN HON. MEMBER:—"Sir, I want to know when we are to adjourn."

MR. SPEAKER:—"The House will sit till 2-30 p.m."

* THE HON. SRI C. RAJAGOPALACHARI:—"Sir, I was given an hour. I don't think I have exceeded it. At any time the Opposition wants me to stop, apart from others, I will stop. Sir, I am near finishing. The Raja of Chettinad made a very helpful speech. (Cries of 'Yes, yes' from the Opposition Benches.) Why do I refer to it?"

SRI M. KALYANASUNDARAM:—"He will always support you."

* THE HON. SRI C. RAJAGOPALACHARI:—"It is always a habit with some people to do the right thing. (Laughter.)

"Why I refer to him is because of what he had said. He said: 'Here are the emotions. Here is the Opposition. The scheme may be good. But you should satisfy them.' That has been fairly well represented by him. He was referring not to Mr. Kalyanasundaram or Mr. Nagi Reddi or the tribe behind them."

29th July 1953]

SRI M. KALYANASUNDARAM:—"Are we tribes?"

THE HON. SRI C. RAJAGOPALACHARI:—"It is a well-known English phrase. It carries with it no bad meaning. No bad motive need be associated with it. We even say 'Shakespeare and his tribe'."

SRI M. KALYANASUNDARAM:—"Then can we say you and your tribe?"

* THE HON. SRI C. RAJAGOPALACHARI:—"By all means say Rajaji and his tribe."

"We maintain that the present emotional discharge, this discharge of emotion is only artificial. This is my tribe's view. But when once an artificial thing starts, it can become very big."

"Sri Muthiah Chettiar said 'Whatever may be the motives, whatever may be the origin, it is our duty to pacify them. It is our duty to satisfy them'. Might I say in return that I am always trying to satisfy and persuade them? But can it be so easy? There is so much of previous bias involved. Even if the voice inside is slightly inclined to accept my persuasion, another voice says to them: 'It is dangerous for you. Do not be tempted. Do not agree. Do not do the right. Keep away'. That is always the case. Where there is previous bias, there is the fear to change one's own opinion. Therefore, I cannot succeed in persuading those people by saying that this scheme, I am calling it a scheme even though I would like to give it some other high name, is likely to kill caste distinctions and caste hatred better than your hatred propaganda. The scheme will truly kill caste distinctions without people knowing it. A Brahman child will have to go to a cobbler shop. A high-class child will have to go and handle the dhobi's iron. All these things may be there in the scheme. We believe that it will reduce castes and not promote caste hatred as is now deliberately sought to be done. But Sri Muthiah Chettiar says that in spite of that bias, let us try to remove that bias and fear. I cannot remove it by words. Therefore he says: 'Let us have a body to examine the matter, let them give their opinion and their findings may probably convince them.' I only want to make one observation. The scheme had been started just now. It must be put into execution for some time. What is there to be examined at the outset in the scheme except the papers and books? If hon. Members have examined the scheme they may have seen that there is nothing in it for examining except papers. Supposing I had said before enforcing Prohibition that the Prohibition Bill might be referred to an Expert Committee. The Expert Committee would have gone through the provisions of the Bill and would have observed that the Bill was good on paper. But by examining after the enforcement of the Prohibition Act has begun, how the people react to it and how they evade this provision or that provision of the Act, we can understand whether Prohibition is good, bad, or indifferent, or

[Sri C. Rajagopalachari] [29th July 1953]

practical or impractical. In the same manner, I am speaking to my extremist oppositionists. I am asking them carefully and sympathetically to understand me for without sympathy there cannot be understanding of one another. I am asking them to hold themselves in patience, to bring all their violent agitation to an end. If you start with a wrong presumption of evil motive and you build a big superstructure on it, the whole structure goes wrong. The foundation is wrong. The motive is wrong. Every one of your inferences goes wrong because of the wrong assumption and the superstructure put on that basis. That is why, I ask them first to believe that our motive is right, that is why I ask them to keep their judgment in abeyance and see and allow the scheme to be worked for some months. The scheme may not be sound. It may go wrong. But let us see it at work and watch the result. Let us see whether it goes wrong, even though I do not wish it. I would even make this concession to the Opposition that I am prepared to call the best expert opinion from anywhere in the world. Let them examine our schools. In the old days, experts came to visit hospitals, big institutions, and universities and wrote beautiful reports. But this time let your Chief Minister have the honour and the pleasure of getting big men to examine our village schools. Let the experts go to our villages and see for themselves the schools, the village schools, the blacksmith's *patrai*, the cobbler's shop, the carpenter's shed, the goldsmith's place and all village crafts. Let them examine everything. Let them give their decision. I am prepared to abide by their decision. But it must be done on actual practice. It is no use asking a committee to examine a thing in the air. Let the thing be given a fair trial. If you examine a bird when it is a fledgling, you could not say whether it could fly or not. Suppose you examine an eagle's nest can you say at once whether the young fledgling could fly so high? A little time should be given for the fledgling to develop its wings. Then it will fly, and fly it will, to great heights. It is the same with this scheme of elementary education. Time should be given for the scheme to get into working shape. Then only can we say whether it is bad or good. It is worth while to claim that in our country, even bitter opponents can come together. That is why I am appealing to my extremist oppositionists. That is why I want to rally them round. That is why I appeal to their conscience and to their patriotism. That is why I say to them: 'Join with me. Let us unite. The scheme may be wrong. But give me an opportunity to try this "wrong" scheme. I am in a hurry. The whole of the Education department is in a hurry to make this scheme a success. Therefore let this scheme be given a fair chance.' Let all hon. Members help in this great work. Let every M.L.A. be helpful. Let this scheme be given a fair trial. But instead, an atmosphere of doubt is raised. Somebody said that even the Director of Public Instruction was not an expert in elementary education. The Director of Public Instruction is the Head of a Department. He is at the head of a body of people who deal daily with elementary education. Are they not the best

29th July 1953] [Sri C. Rajagopalachari]

judges? I do admit I am not an expert. When once we have evolved a scheme and think it would be a success, let us give it a fair trial. That is why I appeal to the conscience of the violent Opposition, I mean the extreme Opposition, to rally round me. Let the scheme be given a fair chance. If it goes wrong,—I am prepared to make this concession,—let the extreme oppositionists have the gratification that at long last the Chief Minister yielded to their pressure and agreed to the appointment of a committee. I do not want to stand on prestige. I do not want to argue on petty details. But what do I want? I want this scheme to be given a fair trial. Let us play cricket. Let us be fair to one another. If the scheme is wrong, prove it by giving a fair trial and not by mere arguments, passions and emotions. Sir, I have done."

* SRI M. KALYANASUNDARAM :—" Sir, in the typical style of a philosopher who wants people to believe in the mystic world, the Hon. Chief Minister took us to a fairy land for over an hour. But, Sir, we are concerned with material results. Mere eloquence or cleverness in expounding a scheme will not produce results."

THE HON. SRI C. RAJAGOPALACHARI :—" Word for word and letter by letter, Mr. Kalyanasundaram is more eloquent than myself, Sir."

* SRI M. KALYANASUNDARAM :—" The Hon. Chief Minister had unnecessarily dragged Dr. Zakir Hussain into this House. I know Dr. Zakir Hussain. If he comes and visits our State, he can verify for himself the state of affairs here. But the Hon. Chief Minister had taken only those points in Dr. Hussain's letter which are favourable to him and expatiated on the same with his eloquence. If that letter were given to me I am sure I can pick out one or two sentences in support of my contention. It seems that he had given a challenge to the Hon. Chief Minister that the scheme would produce the desired result. I shall accept the challenge and say that it will not produce the desired result. Let Dr. Hussain come to Madras. But I do not know whether he will come or not."

THE HON. SRI C. RAJAGOPALACHARI :—" He has promised to come. See his letter. I will read that portion. It is as follows :—

'I am keenly interested in the progress of the scheme and I may on some day come to Madras to see for myself how things are shaping.'

Therefore, Dr. Zakir Hussain had promised to come. Let not Mr. Kalyanasundaram have any doubt on that score."

* SRI M. KALYANASUNDARAM :—" Perhaps he (Dr. 2-20 Hussain) was also misled by the eloquent speeches made by the P.M. Hon. the Chief Minister! "

THE HON. SRI C. RAJAGOPALACHARI :—" There is no object in arguing like this."

[29th July 1953]

* SRI M. KALYANASUNDARAM :—“ One word more. The Hon. the Chief Minister occupies a privileged position and he has thought it fit to enter into a wholesale attack on the teachers who are shouldering the burden of teaching our children under difficult circumstances. I know personally . . . ”

* THE HON. SRI C. RAJAGOPALACHARI :—“ Before the misapprehension or misrepresentation develops, I would like to correct that. The fraud and anomaly is the Government's which asked one teacher to look after two classes and I want to stop that. The fraud and anomaly are not of the teacher. What can he do? ”

* SRI M. KALYANASUNDARAM :—“ I also hold the Government responsible for the fraud. The right thing to do is to increase the number of teachers, to improve their standard of life and to put some enthusiasm in them to teach our children properly. In the end, the Hon. the Chief Minister has made an appeal to give him a chance. Are we to give him a chance to drag us also into the mire? If he is only interested in trying it as an experiment, then why should he not try it in one or two villages? ”

* THE HON. SRI C. RAJAGOPALACHARI :—“ I don't expect to convince the hon. Member, Sri Kalyanasundaram. I was making an appeal to the violent agitation and the emotional agitators, not to the very calm, considered and deliberate plans of the Communist Party. (Laughter.) I don't expect you to agree.”

* SRI M. KALYANASUNDARAM :—“ True, Sir, he cannot expect me to agree. Only material results could convince, not sweet words. My final appeal to the Hon. the Chief Minister is to defer the whole scheme for one year. No harm will be caused either to the country or to his Government. He can appoint an Expert Committee and invite Dr. Hussain or some American expert if he so wishes. Let us examine the whole proposal then and find out whether it is suitable. So I press the amendment of Sri K. P. Gopalan.”

SRI T. VISWANATHAM :—“ Sir, is the Hon. the Chief Minister prepared to conduct his experiment in villages where at present there are no schools so that he may encounter no opposition at all? ” (Laughter.)

THE HON. SRI C. RAJAGOPALACHARI :—“ It is impossible to conduct that experiment. The opposition would be much more.”

* SRI A. GOVINDASAMI NAYAGAR :—“ கனம் சபாநாயகர் அவர்களே, முதல் மந்திரி அவர்கள் தனக்குச்சாதகமாக ஜாஜீர் உசேன் அவர்களின் கடிதத்தைப்படித்துக் காண்கிறார். நான் கல்வி புத்தகத்தில் பார்த்தேன். மஞ்சளா, கசீலா என்ற இரு பிராமணக் குழந்தைகள் ஆரம்பக்கல்வித் திட்டத்தைப் புகழ்ந்து ஏழுதிரைக்கிராமங்கள். அதையும்

MR. SPEAKER :—“ Now I will classify these amendments into three categories: (1) the amendments of Sri K. P. Gopalan, Sri M. Kalyanasundaram, Sri S. Swayamprakasam, Sri A. Govindasami Nayagar, Sri M. Lakshmanasamy, Sri T. C. Narayana Nambiar and Sri P. Rangaswami Reddiar that the modified scheme of elementary education be dropped; (2) the amendments of Sri D. Seetharamiah and Sri K. R. Viswanathan that the scheme be stayed and referred to an expert committee and (3) the amendment of Sri M. Palaniyandi to provide better wages to the teachers. I put Sri K. P. Gopalan's amendment (No. 1) to the vote of the House. The question is—

“ Add the following at the end :—

“ and on such consideration, this Assembly recommends to the Government that the Modified Scheme of Elementary Education be dropped.” ”

The motion was put and declared lost.

A poll was demanded and the House divided thus—

MR. SPEAKER:—"The result of the division is: Ayes 138; Noes 138. For the second time during this session I have to exercise my casting vote. On the previous occasion when I gave my casting vote, I explained to the House the reasons for my decision. The Speaker shall not vote in the first instance but he can give his casting vote so that the *status quo* is maintained. So I vote against the motion, so that the House will be given an opportunity to bring this matter again. The final result is Ayes 138; Noes 139. The amendment is lost."

AN HON. MEMBER:—"I rise on a point of order, Sir."

MR. SPEAKER:—"No point of order will be entertained. This is not the time for raising a point of order."

SRI M. KALYANASUNDARAM:—"I have no desire to enter into a discussion on the way in which you, Sir, exercised your casting vote. But the principle, according to you, is that the *status quo* must be maintained. I submit that the *status quo* can be maintained only by dropping the scheme."

[29th July 1953]

MR. SPEAKER :—" The Government have already introduced the scheme and it is now in operation. That policy should be maintained. That is why I gave my vote against the motion."

SRI A. RATHINAM :—" According to my calculations, the Treasury Bench got only 138 whereas we got 139 votes. Will the Hon. Speaker be pleased to explain this discrepancy? "

MR. SPEAKER :—" I will read the relevant rule. Rule 59 of the Assembly Rule says :

2-40 p.m. 59. (1) Votes on a question may be taken by voices or division, and shall be taken by division if any member so proposes and another seconds it.

(2) The Speaker shall determine the method of taking votes by division.

(3) The result of a division shall be announced by the Speaker and shall not be challenged.

[As the amendments of Messrs. S. Swayamprakasam, A. Govindaswami Nayagar, M. Lakshmanaswami, T. C. Narayana Nambiar and P. Rangaswami Reddiar were similar to and identical with that of Sri K. P. Gopalan, those amendments were not put to vote.]"

MR. SPEAKER :—" I wish to know whether the Government accept any of the other amendments."

THE HON. DR. M. V. KRISHNA RAO :—" We cannot accept any of them."

MR. SPEAKER :—" I will put Mr. Palaniyandi's amendment (No. 5) to vote. The question is—

'Add the following at the end —

"and on such consideration, this Assembly recommends to the Government to increase the school hours to the number it was before the modified scheme was introduced and during that increased period training in handicrafts be given and secondly that the modified scheme do provide better wages to the teachers engaged in elementary schools ""."

The amendment was put and lost.

MR. SPEAKER :—" I will put Mr. Seetharamaiah's amendment to the vote of the House. The question is—

'Add at the end the following :—

"and a Committee consisting of the members of this House be set up to recommend reforms of the present elementary education ""."

The amendment was put and lost.

SRI T. VISWANATHAM :—" The Hon. Chief Minister was agreeable to refer the scheme to a Committee."

[29th July 1953]

THE HON. DR. M. V. KRISHNA RAO :—" He agreed to refer it to a committee at a later stage, i.e., after gaining some experience and not to the immediate appointment of a Committee either of this House or any other Committee."

MR. SPEAKER :—" I shall now put Mr. K. R. Viswanathan's amendment to vote. The question is— 2-50 p.m.

'For the words "taken into consideration" substitute the words "stayed and referred to an expert committee of officials and non-officials in the educational field ""."

(After a pause).

I have not noted the word 'stayed'. The House having given its verdict on the previous amendment to drop the scheme, how can we go back on it? 'Stayed' means dropped."

THE HON. SRI C. SUBRAMANIAM :—" Sir, the previous amendment also said the same thing. The same amendment is coming again."

SRI T. VISWANATHAM :—" Sir, 'stayed' means stayed for the occasion only. 'Dropped' means dropped once and for all. This amendment is not covered by the previous amendment."

THE HON. SRI C. SUBRAMANIAM :—" Sir, the previous amendment, which was defeated, said that the scheme be dropped. Both the amendments say the same thing."

MR. SPEAKER :—" The previous amendment was lost. Mr. Seetharamiah's amendment was for setting up a committee. He has combined both. How is that possible? "

SRI T. NAGI REDDI :—" Sir, Sri K. R. Viswanathan's amendment says 'stayed and referred to an expert committee of officials and non-officials in the educational field'. It is not a question of dropping the whole scheme, but it is only to stay the scheme for a certain time and refer it to an expert committee. Dropping is different from staying. The question is about the new elementary education scheme. We cannot decide anything before the scheme is examined by a committee and then brought before the House. The question now is that the scheme is to be 'stayed' instead of being kept in abeyance."

MR. SPEAKER :—" It means dropped."

SRI T. NAGI REDDI :—" No, Sir. There is a difference between the two. (Interruption.) If there is a case against any one, and it is stayed, it is stayed only for a temporary period. Afterwards it will be taken up. But when the case is dropped entirely, the whole thing is given up. Therefore, there is difference between the two, namely, 'staying' and 'dropping'. The point is very clear. It is only temporarily stayed, and the whole scheme will be referred to an expert commission."

[29th July 1953]

* SRI T. VISWANATHAM :—" Sir, the effect of dropping is totally different from the effect of staying. That is why the dictionary also gives two different connotations. Dismissal is different from stay of proceedings. By any stretch of interpretation, can we say that the present amendment is covered by the previous amendment? I do not want to argue the matter further. It is as clear as daylight."

THE HON. SRI C. SUBRAMANIAM :—" Sir, may I also say that in spite of reference to dictionary, it is as clear as daylight? We have already voted upon the same proposition." (Cries of 'No'.)

SRI V. GOPALA GOUNDER :—" Sir, you just now said that you would allow the opposite side an opportunity to bring forward a fresh motion. This amendment may be allowed because there is the opportunity for the other side to bring forward a fresh motion."

SRI N. MAHALINGAM :—" Sir, stay of an order can be given only if the order is not executed. But here the educational scheme has been given effect to, and so no stay can be given at this stage."

MR. SPEAKER :—" I shall now put the amendment to the vote of the House. The question is—

"For the words "taken into consideration" substitute the words "stayed and referred to an expert committee of officials and non-officials in the educational field"."

The amendment was put and declared lost. A poll was demanded and the House divided thus—

APPENDIX I.

**Proceedings of the Registrar of Co-operative Societies
R.C. No. 120760 of 1952 F.I., dated 10th March 1953.**

**ORDER UNDER SECTION 43 (1) OF THE MADRAS CO-OPERATIVE
SOCIETIES ACT VI OF 1932.**

The affairs of the Mangalagiri Weavers' Co-operative Production and Sale Society, Limited, were not satisfactory for some time. A notice under section 43 (1) of the Madras Co-operative Societies Act VI of 1932 was therefore issued to its Committee to show cause why it should not be superseded. The defects indicated in the notice, the reply of the Committee thereto and my conclusions thereon are set out below :—

(1) The Committee admitted the following non-weavers as members of the Society in contravention of the orders contained in G.O. Ms. No. 1202, Development, dated 19th March 1947 :—

<i>General number.</i>	<i>Date of admission.</i>
968	22nd July 1952.
969	9th August 1952.
970	Do.
971	14th August 1952.
972	Do.

It also continued the following non-weaver members on the rolls of the Society instead of removing them from membership in pursuance of the said Government Order :—

Gl. Nos. 486, 487, 489, 491, 509, 619, 807, 814 and 904.—In its reply, the Committee stated that Gl. No. 968 held yarn ration card since 1945, that he was never a master weaver and that he was member of the Yarn Advisory Committee representing the weavers.

This explanation is not acceptable. The fact that one belongs to the weavers' community does not qualify him to be eligible for membership in a weavers' society. Gl. No. 968 has no loom. He does not weave. He is therefore a non-weaver. He should not have been admitted as a member of the Society. His admission is irregular.

As regards the other four members, the Committee stated that Gl. Nos. 969, 971 and 972 were admitted to supply warped and sized yarn to the Society. Warping and sizing do not come under weaving. The above three persons are therefore non-weavers and

29th July 1953]

their admission into the Society is irregular. Nothing is stated about the admission of Gl. No. 970 in the explanation of the President. Evidently he has no explanation to offer.

As regards the continuance of the non-weaver members of the Society, the Committee stated that Gl. Nos. 486, 489, 491, 509, and 904 had been removed. The Deputy Registrar, Guntur, has reported that they were removed after he submitted proposals for the supersession of the Committee because they belonged to the opposite group. As regards Gl. No. 487, the Committee stated that he was no other than the present Gl. No. 968 whose admission was explained as above. As stated already, he is not an active weaver and cannot therefore continue as member. In respect of Gl. Nos. 619 and 807, the Committee states that they have looms, possess ration cards and that they are therefore weavers. The Deputy Registrar has reported that they have no active looms and cannot therefore be classified as weavers. As to Gl. No. 814, the Committee stated that he was a weaver by caste, sympathiser and well-wisher of the Handloom Weavers' community. But he is a doctor by profession. He does not know weaving and has no interest in the handloom industry. His continuance as a member of the Society is irregular.

The Committee further stated that by-law 19 did not restrict non-weavers to get themselves admitted as members of the Society. In their Order No. 1902, Development, dated 19th March 1947, Government ordered that weavers' co-operative societies should be composed exclusively of weavers. The societies were therefore asked to amend their by-laws 5 and 19 suitably. The admission or continuance of persons other than weavers as members in the face of the orders of Government is irregular.

(2) The Committee re-admitted the following non-weaver members, who were removed from the Society on 19th September 1951, in violation of rule XVIII (B) of the rules framed under the Madras Co-operative Societies Act VI of 1932 and in disregard of the instructions of the Deputy Registrar, Guntur, issued in his notice R.C. No. 3952/52, dated 9th July 1952.

(i) Sri Panidapu Lakshmikanta Rao, non-weaver and Secretary, Master Weavers' Association, Mangalagiri.

(ii) Sri Kandur Ramiah, non-weaver and dealer in Handloom cloth.

(iii) Sri Venigandla Narasimhaswamy, non-weaver.

The Committee replied that Sri Panidapu Lakshmikantarao and Sri Venigundla Narasimhaswamy were not members and that the position of Kandur Ramiah Gl. No. 968 was as explained in paragraph 1.

As already stated in paragraph (1) above, Sri Kandur Ramiah is not an active weaver and cannot therefore be a member of the Society. He was expelled by the general body on 19th September

[29th July 1953]

1951 and according to rule XVIII (B) of the rules framed under the Co-operative Societies Act, he should not have been re-admitted within a period of two years without the permission of the Registrar. In the case of S. Nos. (1) and (3) above, the Board passed a resolution on 2nd July 1952 to re-admit them. The passing of such a resolution also is ultra vires of rule XVIII (B).

(3) The Committee paid wages at rates higher than those fixed in the quarterly conference of Weavers' Co-operative Societies on 26th April 1952. In that conference the wages for 40s yarn per knot were fixed at Re. 0-8-0. But the Committee paid wages at Re. 0-12-0 per knot up to 30th June 1952 and at Rupee 0-9-6 from 1st July 1952 with the result that it could not find a market for the accumulated stocks.

The Committee stated that the wages were paid according to the conditions prevailing in the village, that the wages paid went to the weaver members of the Society and that it was paying wages at Re. 0-8-0 per knot from 1st December 1952 onwards.

The explanation of the Committee that the wages were paid according to the prevailing local conditions cannot be accepted. The rates of wages have to be regulated according to the resolutions of the conference of weavers societies in the district. The statement that it was allowing a rate of Re. 0-8-0 per knot from 1st December 1952 as per resolution of the conference is a clear admission that it was not doing so previously. The Deputy Registrar reports that even the statement that it was paying wages at Re. 0-8-0 per knot is not correct. He states that in order to show that the Society is paying Re. 0-8-0 per knot warping and sizing charges which were formerly included under wages, are paid separately. According to the latest resolution of the conference, the rate of wages for 40s yarn is Re. 0-6-0 per knot. The payment of wages at Re. 0-8-0 per knot by the Society is therefore not in accordance with the resolution.

(4) In violation of by-law 8, the Committee refunded the share capital of the following members :—

General number.					Amount.
					RS.
586	..	..	..	..	20
547	..	..	..	..	23
873	..	..	..	..	5
792	..	..	..	..	15

The share capital of four other members amounting to Rs. 132 was refunded against the condition stipulated by the Co-operative Central Bank while sanctioning cash credit to the Society, viz., that no share capital should be refunded to members, till the cash credit was cleared. The society was indebted to the Central Bank to the extent of Rs. 1,26,774 under cash credit.

29th July 1953]

The Committee replied that Gl. Nos. 586, 547 and 792 left the area of operations of the Society and that another member Gl. No. 573 died. It further stated that only Rs. 107 out of Rs. 132 were refunded to the four other members as they were residents of the Kaza village which was not in the area of operations of the Society.

The Deputy Registrar reports that Gl. Nos. 586, 547 and 792 have not left the area of operations of the Society but that they only went out temporarily to eke out their livelihood due to the present distress. The Committee did not say anything about the refund of share capital to Gl. No. 873, instead it stated that Gl. No. 573 was dead, about whom there was no mention in the notice. The Deputy Registrar further reports that the statement that the four members to whom share capital of Rs. 132 was refunded were residents of Kaza village, is not correct. A sum of Rs. 97,747-14-4 was outstanding to the Guntur Central Bank under cash credit on 7th January 1953 and the Society should not have refunded share capital to the members till the said amount was paid back as per the loan sanction order.

(5) The Committee appointed the following employees of the Society though they did not possess the prescribed qualifications :—

Name.	Age.	Qualifications.
(i) Sri K. Narasimhaswami	50	Nil.
(ii) Sri V. Venkateswarulu	25	Nil.
(iii) Sri B. Subba Rao	21	S.S.L.C.

The Committee stated that weavers' societies generally required staff with better practical knowledge in weaving than the educational qualifications and that the three employees were appointed taking into consideration their experience in weaving.

This explanation is not acceptable. The special by-laws governing the service conditions of the employees were approved by the general body of the Society and registered by the Deputy Registrar. The Committee should adhere to these by-laws. It has failed to act up to its own by-laws.

(6) The Committee opened a branch at Kaza village which was not in the area of operations of the Society.

The Committee stated that the branch was opened by the previous Committee and that on 9th July 1952 the general body passed a resolution to include Kakani and Kaza villages in the area of operations of the Society.

The Deputy Registrar reports that as the members of Kaza and Chinakakani villages wanted a separate society for themselves, the two villages were deleted from the area of operations of the Mangalagiri Weavers' Co-operative Society and that the depot at Kaza was closed after the registration of the amendment on 30th

[29th July 1953]

May 1952. But, the present Committee after it assumed office re-opened it with a view to strengthen its party though its request to re-include the two villages was not accepted and the amendment to the by-law was not registered. The re-opening of the branch at Kaza which is not in the area of operations of the Society is irregular.

(7) There is keen faction among the members of the Society. The Committee expelled 15 members contrary to the by-laws of the Society. Two directors of the Society Sri G. Suryanarayana and Sri P. Nagabhushanam filed a petition before the Deputy Registrar, Guntur, against the actions of the President. There are two parties among the members each trying to wreak vengeance on the other at the cost of innocent weaver members.

The Committee stated that there was perfect harmony among the members of the Society but that the ex-directors were creating troubles. It further stated that the 15 members referred to were expelled because they were causing obstructions in the smooth working of the Society at the instigation of the ex-President.

There is no harmony among the members of the Society. The present Committee complains of the mismanagement of the previous Committee, while several petitions have been received by the Deputy Registrar, Guntur, complaining about the mismanagement of the Society by the present Committee. The Committee states that the two directors Messrs. G. Suryanarayana and P. Nagabhushanam gave a statement that they never sent a petition to the Deputy Registrar against the management. The Deputy Registrar states that they have only gone back upon their previous petition to him and that the Committee expelled 15 members belonging to the opposite group when it had no powers to do so. This indicates that the affairs of the Society are torn by faction. The other statements of the Committee are irrelevant.

2. The foregoing facts show that the Committee has not been functioning properly. The Society is divided into two groups, one headed by the present President Sri K. Venkata Ratnam and the other by Sri D. Ramakantha Rao, ex-President. The smooth working of the Society is affected on account of their quarrels and the poor and innocent members suffer. The Guntur Co-operative Central Bank which was consulted in the matter has not sent its opinion. The Madras State Handloom Weavers' Co-operative Society which was also consulted has recommended the supersession of the Committee of the Society. With a view therefore to set right the defects and to safeguard the interests of the shareholders and creditors and to place the Society's affairs on a satisfactory basis and in exercise of the powers vested in me under section 43 (1) of the Madras Co-operative Societies Act VI of 1932, I supersede the Committee of the Mangalagiri Weavers' Co-operative Production and Sale Society, Limited, for a period of one year from 17th March 1953 and appoint Sri G. Manibhushanachari,

29th July 1953]

Senior Inspector, as its Special Officer to manage its affairs during the period of supersession. The President shall hand over charge of all the records, cash, properties, etc., of the Society to the Special Officer on the appointed date.

Under section 43 (3) of the said Act, I direct that the Society shall pay the Special Officer his grade pay plus 25 per cent over it, Dearness Allowance at Government rates and Travelling Allowance as per Madras Travelling Allowance Rules for the journeys performed in connexion with the business of the Society.

APPENDIX III.

[Vide answer to unstarred question No. 228 asked by Sri K. Krishna Rao at the meeting of the Legislative Assembly held on 29th July 1953, page 1652 supra.]

(a) With reference to the exploitation of lignite in South Arcot district and the starting of an iron and steel industry in this State, the following foreign firms and experts were consulted between 1st April 1948 and 31st March 1952 :—

- (1) Messrs. Elektrokemisk A/S, Oslo, Norway,
- (2) (a) Professor J. A. S. Ritson, D.S.O., M. INST. M.M.,
(b) Dr. G. W. Himus, Royal School of Mines, London,
- (3) J. C. Mitcheson, Esq., B.Sc., M.I. MIN., E.F.G.S.M. INST. F., Consulting Mining Engineer, Staffordshire, England,
- (4) A. H. Ayers, Chief Engineer, Utah Construction Company, San Francisco,
- (5) D. J. Bleifuss, Vice-President and Chief Engineer, International Engineering Company, San Francisco (for H. W. Morrison of Morrison Knudsen Inc.),
- (6) Mr. Robert Foot of Messrs. Powell Duffryn, Technical Services, Limited, England,
- (7) Messrs. Lurgi Company of Germany,
- (8) Major H. M. Kudspeth, Millcraft, Horam, Sussex,
- (9) Mr. William Conroy, President, Carey Baxter and Kennedy Inc., New York,
- (10) Mr. Robert Stillson Sanford of the U.S. Bureau of Mines,
- (11) Messrs. The American Cynamid Company, New York and
- (12) The United States Bureau of Mines.

The experts and institutions mentioned in Nos. (8), (9) and (11) expressed their inability to give an advice. The reports from Nos. (7) and (12) have not yet been received. A summary of the reports received from the remaining firms and experts is furnished below :—

(1) Messrs. Elektrokemisk A/S, Oslo, Norway.—The raw materials investigated (lignite and iron ores) are all, after suitable pre-treatment, high grade raw materials for production of pig iron in the Tysland-Hole furnaces.

The lignite must be carbonized before charging into the electric pig iron furnace.

29th July 1953]

The ores I and II, from Sandur, will give an excellent high quality electric pig iron suitable as well for high quality steel as for standard commercial steel production.

The ores, A, B and C from the Salem district, must be concentrated. There can be obtained a concentrate with a high content of iron, which will be a suitable raw material for electric pig iron production. Which methods should be preferred for conversion to steel must be based on further concentration, investigations and examination of the P-content of the concentrate.

(2) Professor J. A. S. Ritson, D.S.O. M. INST. M.M. Royal School of Mines, London.—The project if undertaken will necessitate heavy initial expenditure and, in addition, will be a gamble. The adverse factors are the waterlogged ground and the looseness of the ground overlying lignite and the ratio of overburden to coal. If Government think it worthwhile continuing the scheme, he is prepared to depute a member of his staff for inspection on certain terms.

Dr. G. W. Himus.—The test conducted on the South Arcot lignite revealed that the ash content is very low. If the mineral could be mined, it might make a reasonable fuel even though the proportion of volatiles to fixed carbon is on the high side. The yield of montan wax is very low.

(3) J. C. Mitcheson, Esq., B.S.C., M.I. Min., E.F.G.S.M. INST. F., Consulting Mining Engineer, Staffordshire, England.—The most favourable development of the area may prove to be by open cast rather than by underground mining but more information is required for arriving at a definite decision. He has not got sufficient experience of earthmoving operations and is willing to work as consultant on certain terms. He also wants to call in a Civil Engineer to assist him in coming to a decision.

(4) A. H. Ayers, Chief Engineer, Utah Construction Company, San Francisco.—The project does not appear feasible for being undertaken at any reasonable cost by Government in view of the heavy overburden and the occurrence of artesian water above and below lignite. The clayey material both above and below lignite would appear to predict unstable slopes. He, however, suggests the drilling of a number of large diameter test wells down to and through the lignite bed and the installation of a vertical shaft deep well pump in each well and pumping continued until a record is secured of the amount of water taken out from the surface area and its effect on the ground water plan.

(5) D. J. Bleifuss, Vice-President and Chief Engineer, International Engineering Company, San Francisco (for H. W. Morrison of Morrison Knudsen Inc.).—The company has extensive experience in open-pit mining and has executed several projects. It has investigated and submitted preliminary reports on various projects such as Rampadasagar Dam, Bhakra Dam, etc., in India.

[29th July 1953]

and several projects in Turkey, Iran, etc. The company is prepared to depute three men (one Geologist, one experienced in open-pit mining and one experienced in ground-water problem) to visit the lignite area and furnish a technical report for a fee of \$25,000.

(6) *Mr. Robert Foot of Messrs. Powell Duffryn, Technical Services, Limited, London.*—The lignite deposit may well provide the basis of a very considerable industrial enterprise and full benefit of the lignite can be obtained only by carrying out a sufficiently large scale co-ordinated plan covering not only the working of the lignite itself but its processing perhaps by briquetting, its conversion into power and possibly also by using it as the basis for such further commercial process as the extraction of waxes and the production of chemical and synthetic liquid fuels. He considers that it should be possible to exploit the lignite by open-cast working at a cost favourably comparable with the cost of production in the Bengal Coal Field. Deep mining is also possible at a cost comparable with that obtaining in Bengal but somewhat higher than for open-cast mining. Though he is confident that the question of water need not form an insoluble problem, he still feels that it is not possible to give any exact opinion without a thorough examination of the site and without undertaking any special investigation that may appear necessary. He proposes to send a small team consisting of a Senior and a Junior Mining Engineer and specialists. This team will stay in India for a period of two months. On its return, the team will work out a preliminary and co-ordinated scheme covering all aspects of the problem in two or three months. The expenditure in the above proposal is estimated at £9,000 exclusive of travel, subsistence and other out of pocket expenses.

(7) *Mr. R. S. Sanford of the U.S. Bureau of Mines.*—Stripping the overburden, pumping the water and mining the lignite and clays will constitute a difficult engineering problem. The services of a mining engineer experienced in large scale open-cut mining would be required. The ground-water problem should be further investigated by additional drilling shaft sinking and open-cut excavation on a pilot plant scale as a means of estimating the volume of water to be pumped from the projected open-cut mine and that the hydrographic study of the area should be completed early. In order to determine the engineering feasibility and economic desirability of open-cut mining of lignite, a committee of four engineers should be appointed and the Committee after gathering all the engineering and economic data should jointly submit their findings and conclusions to the Government.

(b) The fees paid to the firms and experts for the tests conducted by them are as follows:—

(1) Messrs. Elektrokemisk A/S, Oslo, Norway—£100 sterling.

(2) Messrs. Lurgi Company, Germany—£250 sterling.

(3) Dr. G. W. Himus of the Royal School of Mines—100 guineas.

List of Post-war Reconstruction and Development Schemes relating to Agriculture in the Five-Year Plan for the period 1945-46 to 1949-50.

Serial number and name of the scheme.	Whether the scheme was actually taken up and worked in the quinquennium 1945-46 to 1949-50.
(1)	(2)
1 Training of 520 Agricultural Fieldmen in Agricultural Stations.	Yes; the schemes were worked during the three years 1945-46 to 1947-48.
2 Training of 2,740 Agricultural Demonstration Maistries in Agricultural Stations for a period of four to six months.	
3 Establishment of Second Agricultural College and production of Agricultural graduates to provide qualified Agricultural Demonstrators in all taluks.	
4 Investigation of culturable waste lands in the State.	Not taken up.
5 Co-operative marketing of agricultural produce in the State.	Do.
*6 Multiplication and distribution of seeds of improved strains of crops.	Yes; the scheme has been worked during the five years 1945-46 to 1949-50.
*7 Supply of manures, iron and implements	Do.
*8 Supply of green manure seeds	Do.
*9 Control of pests and diseases	Yes; the scheme has been worked during the three years 1947-48 to 1949-50.
10 Appointment of eight Marketing Assistants	Yes; the scheme was started in June 1948 and worked during the two years 1948-49 and 1949-50.
11 Running of 14 Agricultural Research Stations	Not taken up.
12 Development of Research Institute	Yes; the scheme has been worked during the three years 1946-47 to 1949-50.
13 Improving the water-supply at Agricultural College and Central Farm, Coimbatore, and starting of experiments on field agriculture, etc.	Not taken up.
14 Development of demonstration and propaganda.	Yes; the scheme has been worked during the four years 1945-46 to 1948-49 and being continued.
15 Expansion of Agricultural staff at Headquarters.	Yes; the scheme has been worked during the four years 1946-47 to 1949-50.
16 Expansion of Agricultural staff in the districts	Yes; the scheme has been worked during the five years 1945-46 to 1949-50.
17 Expansion of staff in the taluks	Not taken up.
18 Expansion of trading schemes by increasing 440 depots.	Do.
*19 Soil and water conservation	Yes; the scheme was taken up in 1949-50 only.
20 Increasing water-supply in existing Botanical Gardens and testing new plants.	Yes; the scheme was worked during the years 1947-48 to 1949-50.

* This mark indicates the schemes which are being continued also as schemes under the first Five-Year Plan.

APPENDIX VI.

[Vide answer to clause (d) of unstarred question No. 237 asked by Sri K. Krishna Rao at the meeting of the Legislative Assembly held on 29th July 1953, pages 1657-1658 supra.]

The scales of pay for the Senior and Junior Division Officers on being commissioned and posted to Units, are as follows :—

For Senior Division Officers during Annual Training Camp, Cadets' Cadre Camp and authorized Courses of Instruction.

	RS.
2nd Lieutenant	350 per mensem.
Lieutenant	400—450 „
Captain /	450—700 „
Major	700—1,050 „

Senior Division Officers on being first commissioned and posted to National Cadet Corps Units, get an out-fit allowance of Rs. 250.

For Junior Division Officers during Cadets' Cadre Camps and authorized Courses of Instruction.

	RS.
Third Officer	130 per mensem.
Second Officer	170 „
First Officer	220 „
Chief Officer	290 „

Junior Division Officer commissioned in the National Cadet Corps and posted to a Unit, gets an honorarium on condition that he has attended the Annual Training Camps of the Unit in such a training year, as shown below :—

	RS.
Third Officer	90
Second Officer	130
First Officer	180
Chief Officer	280

Junior and Senior Division Cadets are given —

* Does not include the Lower Division Clerks working in Central Branches.

Clause (c).

EXTRACTS FROM THE SECRETARIAT OFFICE MANUAL.

11. *Superintendents.*—The Superintendent is in charge of a 'section' of a Secretariat department. He is assisted by a certain number of clerks. He is responsible for all files relating to the subjects allotted to the clerks under him. He is directly responsible to the officers under whom he works for the efficient and expeditious despatch of business in all stages in his section. The training of the clerks under him is one of his principal functions. He must see that his clerks exercise proper selection in their work (i.e., they do not waste time and paper on needless noting or correspondence) and that really emergent matters are given immediate attention. He will not merely superintend but will himself undertake to deal with the more difficult or important papers requiring such assistance from clerks as he may find necessary.

[29th July 1953]

He is responsible for the accuracy of the notes and drafts proceeding from his section; he cannot throw that responsibility on his clerks. He is not expected to express views or to suggest what orders should be passed on a case except when there is a clear precedent or the case is of a routine nature or the orders necessarily follow from some provision of law or rule. He should check the correctness of facts stated in any note or draft which may have been added to the file after it was submitted for orders as soon as it returns to the section and before the draft is issued or the case is passed on to another department. He maintains discipline in his section and sees to it that his orders or instructions are not disputed or disregarded by his clerks.

80 (d) *Superintendent.*—The Superintendent is responsible generally for the prompt, steady and efficient despatch of work of his section. He must constantly examine the cases pending with his clerks to see that they do not delay them; he should advise his clerks as to the manner in which they should deal with individual cases and should encourage them to come to him for advice whenever they have doubts. He should insist on his clerks studying the currents and beginning to collect papers for reference immediately on their receipt. He should check any tendency to unnecessary and too elaborate research. He should see that currents are put up quickly and according to the nature of their urgency and that they are properly referenced. He should check prolixity in noting. The chief merits of a good note being lucidity, completeness and brevity, he will see that they are constantly kept in view both by himself and his clerks. He is responsible for the accuracy of the notes and drafts proceeding from his section and cannot throw that responsibility on his clerks. He should check the correctness of facts stated in any note or draft which may have been added to the file after it was submitted for orders as soon as it returns to the section and before the draft is issued or the case is passed on to another department. The Superintendent is not expected to express views or suggest what orders should be passed except where they necessarily follow from some provision of law or rule or are in accordance with precedent.

Note.—The above directions will apply *mutatis mutandis* to clerks who submit papers direct to officers.

The Secretary or the Under or the Assistant Secretary will decide what papers or classes of papers dealt with by clerks shall pass through the Superintendent on their way to the Secretary or the Under or the Assistant Secretary and what papers shall be submitted direct. From time to time the Superintendent will scrutinize a file, pick out at random or for some special reason from the files that the clerks have dealt with and are authorized to submit direct, on their way to the Secretary or the Under Secretary. Such files he will initial, after taking such action in regard to them as he may find necessary.

[29th July 1953]

Papers returning from the Secretary or the Under or the Assistant Secretary will pass to the section through the Superintendent. From the notes written by those officers, and their modifications of the drafts put up by the clerks, the Superintendent will know what each clerk is capable of, what help and guidance he requires and where he is liable to fail and must therefore be watched.

314. *Duty of Section Superintendent.*—The Superintendent of a section is responsible for the efficient and expeditious despatch of work in his section. To enforce this he should thoroughly examine the personal registers once a week on a specified day of the week. He should check the Call Book, Reminder Diary and Register of Periodicals at reasonable intervals, say, once a week. He should initial the registers in token of his check. The check should not be merely nominal. The Superintendent should not only see that the entries in the registers are correctly and punctually made but also take immediate action on delayed and urgent cases. He should ask his clerks to produce such papers and give them practical help to put them up quickly or should himself take over and deal with them. It is his duty to ensure that no delay occurs which could with diligence be avoided and that no paper is shelved by clerks. For this purpose he should, besides the weekly check of registers, inspect frequently the papers pending with each clerk.

THE MADRAS LEGISLATIVE ASSEMBLY.

Thursday, 30th July 1953.

The House met in the Assembly Chamber, Government Estate, Mount Road, at half past eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

[Note.—An asterisk (*) at the commencement of a speech indicates revision by the Member.]

I.—POINTS OF ORDER.

(1) THE CONTINUANCE OF THE PRESENT GOVERNMENT.

SRI T. VISWANATHAM:—“ Mr. Speaker, I rise to a point of order. Yesterday, you remember that on a motion moved by the Government, an amendment was passed in spite of the fact that the Government strenuously opposed it. Therefore, the Government sustained a defeat. Under the spirit and terms of the Constitution, the Government cannot continue in office and must tender its resignation. I want the Chief Minister not to misunderstand me as I am not putting it on any personal ground. This thing may happen to one Government to-day and another Government to-morrow. We are an infant Republic and we have got to set up certain constitutional standards. You know, that in England there is no written Constitution, but still, the practice there has been that when the Government sustains defeat, within less than an hour or two, the Prime Minister tenders his resignation and then will either reshuffle the cabinet or make other arrangements or hand it over to another person who can form the Ministry. Things are done in that way in England. That is how the Prime Minister of England will act not under the terms of any written Constitution but under some constitutional practice, on which English democracy has developed. Sir, the framers of our Constitution reduced the practice into writing and if you refer to Article 164, sub-clause (2), you will find there that ‘ the Council of Ministers shall be collectively responsible to the Legislative Assembly of the State.’ According to the constitutional practice developed in England from which the wording of our Constitution has been borrowed, we have to understand and interpret the language. Our Constitution was written somewhere in 1947 or 1948 and the English language and the English constitutional practice have not been changed since then and the one and only meaning that can be attached to that phrase is this, viz., when the Government sustains a defeat, it must tender its resignation and there is no other meaning attached to it. It is reduced to writing and it is part of the Constitution and it cannot be said as some papers seem to have reported that this is all a recommendation. The Hon. Chief Minister is reported to have stated—and I don’t know whether it is correctly reported or not and I think even ‘ The Hindu ’ has reported the proceedings and the Chief Minister’s statement—that the motion which was carried yesterday was only a recommendation and that he did not attach much value to it. I submit it is not a correct report. The amendment does not say that it is a recommendation. Moreover, it is not a non-official resolution. An official

[Sri T. Viswanatham] [30th July 1953]

resolution was introduced by the Government that the Education policy of the Government may be taken into consideration. On that motion, an amendment was passed. Therefore, it is as good as an official resolution. The Hon. Chief Minister as well as the Government are bound by it. It is no longer a recommendation. It is a mandate. Immediate effect should be given to it. That is my understanding of the language of the amended resolution and the way in which the proceedings took place in this House yesterday. Whether it amounts to a recommendation or not and even assuming it is a recommendation, the Government strenuously opposed it and sustained a defeat. So there is no other meaning attached to it. According to the language and terms of Article 164, sub-clause (2), no other interpretation can be given except that having sustained defeat, it is incumbent upon the Government to resign. I once more say that this has nothing to do personally with either the Hon. Chief Minister or any Member of his Ministry. As I said before, whether we go to Andhra or remain here, all of us belong to one Indian Union and we have to set up some constitutional practices and conventions. Even after sustaining defeat, if they want to stick to office in the manner in which the Hon. Chief Minister is reported to have said, I submit we will be doing the wrong thing and we will not be setting up a correct precedent for the future generations to come. In the interests of good constitutional practice, Sir, I submit that my point of order is right and in order and so the proceedings of this House cannot take place now. That is my submission, Sir."

*THE HON. SRI C. RAJAGOPALACHARI:—"Sir, I am extremely grateful to hon. Member Sri Viswanatham for his very emphatic instructions with regard to how I should act as head of the Ministry in this Government. I am very grateful to him for his drawing my attention to parliamentary practice in England and to the terms of the Constitution. I respectfully submit to you, Sir, that it cannot be debated in the House. It must be left to the Government to consider its position in this regard. It is not a matter for debate in the House at all."

MR. SPEAKER:—"I am not going to allow a debate on this matter. Apart from that, this point of order has not arisen suddenly in the course of the proceedings to-day. Instead of springing a surprise on me like this, the hon. Member Sri Viswanatham could have told me beforehand of his intention to raise this point of order. No doubt, a point of order can be raised at any time. But this matter was discussed and the amendment carried yesterday. So, it is not as if any situation has arisen just now to give rise to a point of order. Mr. Viswanatham could have told me about this previously instead of taking me by surprise in the manner in which he has done now. This is not the parliamentary way of doing things."

30th July 1953]

SRI T. VISWANATHAM:—"I think I sent that note through a peon."

MR. SPEAKER:—"No, I never saw that note. That is why I say that I was taken by surprise when you raised the point of order."

SRI T. VISWANATHAM:—"I very well remember I gave that note to the peon or somebody. I also told the Assistant Secretary. I am sorry the note has not reached you. I would never have raised it all on a sudden without telling you previously."

MR. SPEAKER:—"The Assistant Secretary did not tell me. Probably the note may have been mislaid by somebody. Anyway, I was taken completely by surprise when Mr. Viswanatham raised the point of order. Now let us take up questions and answers."

SRI T. VISWANATHAM:—"What about my point order, Sir?"

MR. SPEAKER:—"Does the hon. Member expect me to give a ruling on this? The Speaker cannot give a ruling on a matter like this. If there is any authority stating that the Chair should give a ruling on a matter like this, let him bring it to my notice."

SRI T. VISWANATHAM:—"Sir, please go through Article 164, sub-clause (2). It gives an answer to our problem."

MR. SPEAKER:—"I cannot give a ruling on that issue. It is not for the Speaker to say whether, with reference to the proceedings that take place here, the Government is properly constituted or not. It is for the Government itself to judge. The Speaker has nothing to do with it. If the hon. Member wants, he can bring in a censure motion. But so far as the present point of order is concerned, the Speaker has nothing to do with it and cannot give a ruling."

SRI T. VISWANATHAM:—"Sir, the Government did sustain a defeat yesterday."

MR. SPEAKER:—"I do not know how they take it."

SRI T. VISWANATHAM:—"It is not a question of how the Government take it. We must see how the Constitution takes it."

MR. SPEAKER:—"If the hon. Member feels that the Government are not acting properly, let him bring in a censure motion. It is not for the Speaker to give a ruling as to how the Government should act or give advice to the Government as to what they should or should not do."

SRI T. VISWANATHAM:—"Sir, we have a written Constitution and we are bound by it. I have made the position clear that the proceedings of this House cannot take place to-day. Further, I wish to submit that the privileges and rights of this House are in your hands and the Constitution is in your hands."

THE HON. SRI C. RAJAGOPALACHARI:—"I have already answered with reference to Mr. Krishna Rao's question."

Irrigation in Srikakulam district.

* 1246 Q.—SRI P. PUNDARIKAKSHACHARYULU: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the Srikakulam District Food Production Committee by a unanimous resolution on 3rd March 1953 requested the Government for immediate sanction of sufficient funds and staff to maintain normal irrigation and production in Srikakulam district; and

(b) if so, what action has been taken thereon?

THE HON. SRI N. RANGA REDDI:—“(a) Yes.

“(b) When the recommendation of the District Food Production Committee referred to in clause (a) was received, the policy of the Government was, not to take up any new irrigation schemes under the Intensive Cultivation Campaign. It was, therefore, considered that no action was called for in the matter. A list^a of schemes of repairs and improvements to irrigation sources that were taken up in Srikakulam district prior to the advent of the policy referred to above is placed on the table of the House. Irrigation works are, however, being undertaken now under the Special Minor Irrigation Programme for the implementation of which the Government of India have sanctioned a loan of Rs. 25 lakhs to be spent before 30th June 1953.”

SRI P. PUNDARIKAKSHACHARYULU:—“After the transfer of the major irrigation schemes from the Grow More Food Department to the regular Public Works Department, it is often stated by the Executive Engineer, Srikakulam, that there is no staff to look after irrigation sources. This has been brought to the notice of the Government many a time here and also by the ryots. May I know what action has been taken by the Government?”

THE HON. SRI N. RANGA REDDI:—“The hon. Member may put a clear question. I do not understand him.”

Quality of rice sent from Udumalpet to Malabar.

* 1247 Q.—SRI K. MADHAVAN NAMBIAR: Will the Hon. the Minister for Finance be pleased to state—

(a) whether the two wagons (475 bags) of red raw rice received by the Mowancherry Producers' cum-Consumers' Co-operative Society in North Malabar on 21st May 1953, from Udumalpet (Coimbatore district), were found to be unfit for human consumption; and

(b) if so, whether any enquiries were made with the Assistant Entomologist of Coimbatore and the Collector of Malabar regarding the matter?

30th July 1953]

THE HON. SRI C. SUBRAMANIAM:—“(a) A consignment of 475 bags of raw rice received by the Producers-cum-Consumers' Co-operative Society, Mowancherry, from Udumalpet in Coimbatore district was of red variety. But the Assistant Entomologist who was consulted about the condition of the stock has not condemned it as being unfit for human consumption. He has advised that the stock should be cleaned before issuing it to the consumers.

“(b) Enquiries are being made in the matter.”

SRI T. C. NARAYANA NAMBIAR:—“Is it a fact that Rs. 49,395-6-1 was the loss the Mowancherry Producer-cum-Consumer Society had to incur due to the forcible allotment of the stock to them when they did not want it?”

THE HON. SRI C. SUBRAMANIAM:—“I do not have the figure here. With regard to the loss sustained by the concerned society, I do not think that any representation has been received regarding the extent of the loss.”

SRI C. KANDASWAMI:—“How is it, Sir, that rice was sent from Udumalpet, which is a famine area?”

THE HON. SRI C. SUBRAMANIAM:—“In Malabar, it was a scarcity period then and sufficient rice was not available for distribution there. Rice was rushed from wherever possible, even where there was only a small surplus, as immediate help was needed in Malabar.”

SRI K. MADHAVAN NAMBIAR:—“Is it not a fact that the rice allotted to this society and other societies in Malabar is the same which was sent to Coimbatore district a few months earlier from Malabar and is it not hard to thrust this useless stuff on the people of Malabar who have to depend entirely on the ration shops since the price of rice in the open market is beyond their reach?”

THE HON. SRI C. SUBRAMANIAM:—“People are misled by the colour of the rice. It is of red variety and so it is said it is rotten and useless for human consumption. On the other hand, we are advised that it has got good nutritive value and is good rice. Because it is red, people should not think it is useless and unfit for human consumption.”

SRI C. H. KANARAN:—“This red rice was taken away from Malabar to other places in Tamilnad and after so many months, it is taken back to Malabar and the societies are asked to take it. Is it because that the people in other parts refuse to take it that it is sent back to be thrust on the people of Malabar?”

THE HON. SRI C. SUBRAMANIAM:—“I am not quite sure whether this consignment from Tamilnad was the consignment moved originally from Malabar to Tamilnad.”

SRI T. C. NARAYANA NAMBIAR:—“The Hon. Minister was saying that due to the red colour of the rice people say it is

[30th July 1953]

bad but that it should not be treated as bad. But as one who has tasted and experienced the kanji prepared out of this rice, may I inform the Hon. the Minister that it becomes a gummy substance when it is put in water and boiled?"

THE HON. SRI C. SUBRAMANIAM:—"I do not have the advantage of having boiled the rice and used it. I shall try to have some experience of it. But this variety is popular in Andhra and I thought Malabar people, especially those following Mr. Nambiar's ideals, would like the red variety, especially from Andhra." (Laughter.)

SRI KUNHI MOHAMAD SHAFEE:—"Is it not a fact that apart from the colour of the rice it had deteriorated in quality due to the stock lying idle for long months in Malabar and then being taken to Coimbatore and other places and sent back to Malabar?"

THE HON. SRI C. SUBRAMANIAM:—"I agree that there was a certain amount of deterioration because of long storage. That is the inevitable result of controls and centralization, procurement and distribution. We would like to avoid it and that is why I stated that it had to be cleaned before issue for consumption by the public."

9 a.m. SRI S. N. SOMAYAJULU:—"பல்லாயிரக்கணக்கான டன் அரிசி மலபாரில் சேமித்து வைக்கப்பட்டிருப்பதினால் தான் அவைகள் ரொம்பவும் கெட்டுப் போய் பிறகு பல்வேறு ஜில்லாக்களுக்கு அனுப்பப்படுகிறது. இப்படி எதற்காக மலபாரில் பல்லாயிரக்கணக்கான டன் அரிசியை சேமித்து வைக்கவேண்டுமென்று நான் கேட்டுக் கொள்ளுகிறேன்."

THE HON. SRI C. SUBRAMANIAM:—"மலபார் உணவு பற்றாக்குறை பிரதேசமாகையால் அனேகமாக மலபாரில் தான் லக்ஷக்கணக்கான டன்கள் அரிசி விநியோகம் செய்ய வேண்டியிருக்கிறது. ஆகவே அரிசி நிறைய அங்கே ஸ்டாக் செய்யவேண்டியிருக்கிறது. ஆனால் அங்கு ஸ்டாக் செய்வதற்கு தக்க வசதியாக கோடவுன்கள் இல்லாததால் தான் அவைகள் கெட்டுப் போய்விடுகின்றன."

SRI T. VISWANATHAM:—"Sir, in view of the statement made by the Hon. Minister about the red rice being dangerous (interruption by the Hon. Finance Minister), would the Government please stop exporting the red rice from Andhra area?"

THE HON. SRI C. SUBRAMANIAM:—"Sir, we would consider the very useful suggestion when the Andhra State is formed and consult the Andhra Government."

SRI T. C. NARAYANAN NAMBIAR:—"Sir, the Hon. Minister was saying that people like me will like the red rice. Will the Hon. Minister be pleased to take it from me that the red rice, that is, the boiled rice without removing the bran was liked by Gandhiji as being the best for health?"

THE HON. SRI C. SUBRAMANIAM:—"Sir, I am glad to take note of the information furnished by the hon. Member."

Panchayat Officers.

* 1248 Q.—SRI A. RATHINAM: Will the Hon. the Minister for Local Administration be pleased to state how many of the present Panchayat Officers belong to Harijan community?

THE HON. SRI N. SANKARA REDDI:—"Two District Panchayat Officers and three Deputy Panchayat Officers belong to the Harijan community."

SRI A. RATHINAM:—"Sir, may I know how many Panchayat Officers are there in the State, what are their functions, whether any exemption is extended to the Harijan candidates in the matter of these appointments?"

THE HON. SRI N. SANKARA REDDI:—"I require notice, Sir."

SRI K. VINAYAKAM:—"Sir, in view of the fact that the recruitment is being done by the Indian Labour Board and in view of the fact that the communal Government Order is not observed for such recruitments, will the Government consider the desirability of leaving these recruitments to the Madras Public Service Commission which is expected to be above discrimination?"

THE HON. SRI N. SANKARA REDDI:—"There is no direct recruitment to the posts of District Panchayat Officers' category; there is only recruitment of Deputy Panchayat Officers and even that has been left to the Public Service Commission recently."

SRI S. VEMIAH:—"Sir, may I know the qualifications required for appointment as District Panchayat Officers and Deputy Panchayat Officers respectively?"

THE HON. SRI N. SANKARA REDDI:—"The minimum qualification for non-Harijans is Graduate, Sir. Some exemptions are made in regard to Harijans."

SRI M. JAGANNATHAN:—"Sir, arising out of the reply given by the Hon. Minister for Co-operation, that there are two District Panchayat Officers and three Deputy Panchayat Officers belonging to the Harijan community, may I know whether he will take immediate steps to recruit more of Harijan candidates with suitable qualifications? There are a large number of graduates who are unemployed in the Harijan community. Would the Government take immediate steps to appoint these persons directly as District Panchayat Officers and Deputy Panchayat Officers?"

THE HON. SRI N. SANKARA REDDI:—"Sir, recruitment is made only when there are vacancies."

SRI R. SIDDANNA GOWD:—"Sir, may I know since what period has recruitment to these posts of District Panchayat Officers and Deputy Panchayat Officers been left to the Public Service Commission?"

[30th July 1953]

THE HON. SRI N. SANKARA REDDI:—"Sir, direct recruitment to the category of Deputy Panchayat Officers has been left to the Commission since one year. They have not so far called for applications, as there is no need for recruitment now."

SRI D. DASARATHAN:—"Sir, is it a fact that many of the candidates who had completed the Panchayat Officers' course at their own cost have not been provided with a job and will the Government be pleased to accommodate them with suitable other jobs?"

THE HON. SRI N. SANKARA REDDI:—"It is a different question, Sir. That was answered already."

SRI P. VENKATASUBBAYYA:—"Sir, as seen from the reply of the Hon. Minister, the number of officers are negligible from the Harijan community. May I know the reasons for such discrimination against that community, Sir?"

THE HON. SRI N. SANKARA REDDI:—"Sir, these appointments were made long ago and not now."

SRI P. PUNDARIKAKSHACHARYULU:—"Sir, may I know whether the Government are still following the communal Government Order in view of the Supreme Court decision?"

THE HON. SRI N. SANKARA REDDI:—"There is no communal G.O., Sir."

SRI R. SIDDANNA GOWD:—"Sir, what is the guiding factor for the Government for making appointments, the communal G.O. or efficiency of the Officers employed?"

THE HON. SRI N. SANKARA REDDI:—"Qualifications and other capacities, Sir."

SRI BOJJA APPALASWAMY:—"రాష్ట్రం మొత్తం ఇద్దరే ఇద్దరు జిల్లా పంచాయితీ అధ్యక్షులు, ముగ్గురే ముగ్గురు డిప్యూటీ జిల్లా పంచాయితీ అధ్యక్షులు, హరిజనులై ఉన్నారని మంత్రిగారు చెప్పారు. B.A. M.A. లు పాస్ అయిన హరిజన యువకులు ఉద్యోగాలు లేక ఆలస్యమవుతున్నారు. అటువంటివారిని Communal G.O. ప్రకారం ఉద్యోగాలలో చేస్తారా?"

THE HON. SRI N. SANKARA REDDI:—"Sir, some seats are reserved for Harijans and they are recruited at present according to that policy."

Loans from Central Government for famine relief.

* 1249 Q.—SRI K. VENKAIAH: Will the Hon. the Minister for Finance be pleased to state—

(a) whether any representations have been made to the Government of India by the Madras Government for the grant of loans and subsidy to meet the expenses in connection with famine relief expenses; and

(b) if so, the amounts requested for and the relief measures for which the grants are proposed to be spent?

[30th July 1953]

THE HON. SRI C. SUBRAMANIAM:—" (a) Yes, Sir.

" (b) Information regarding the assistance asked for and actually received to end of 1952-53 is given in the paper laid on the table of the House in answer to the Legislative Assembly Question No. 1724 by Sri P. Rangaswami Reddiar. For the first half of the current year, the Government of India have promised to give a grant equal to half the expenditure on gruel centres, subject to a ceiling of Rs. 25 lakhs, and a loan equal to half the cost of relief works, subject to the usual audit checks. Gruel centres and relief works are opened in the various parts of the State according to requirements, from time to time. The Government of India are also giving Ways and Means accommodation from month to month for meeting the requirements on account of the administration of the State as a whole, including famine expenditure. There is no question of earmarking this accommodation for particular relief measures."

SRI K. VENKAIAH:—"Sir, there is no paper laid on the table of the House."

THE HON. SRI C. SUBRAMANIAM:—"Sir, it was already laid on the table of the House in answer to question No. 1724. Hon. Members are in possession of it, I am sure."

SRI P. NARASIMHA REDDI:—"Sir, may I know why this Government are withdrawing famine relief from Rayalaseema, that is, Anantapur, Cuddapah and Chittoor districts, even though the Central Government are giving half the grant? Will the Government see that this is not withdrawn and if it is withdrawn, may I know whether it is due to partition?"

THE HON. SRI C. SUBRAMANIAM:—"Sir, the prevailing situation in the different areas is taken into account and famine relief is continued, discontinued or fresh famine work started according to the situation. It is not as if continuance of these relief works should be taken up or continued without reference to the situation."

*Board Elementary School at Kunhimangalam,
North Malabar.*

* 1250 Q.—SRI K. P. GOPALAN: Will the Hon. the Minister for Education be pleased to state whether the Government have received any resolution passed at a public meeting in Kunhimangalam, Payyannoor Firka, North Malabar, on 24th April 1953 requesting the Government to take immediate steps to stop the proposed action of the Malabar District Board, in permanently closing the Board Elementary School at Kunhimangalam, and if so, what action the Government have taken in this matter?

THE HON. DR. M. V. KRISHNA RAO:—"A resolution, dated 24th April 1953, passed at a public meeting in Kunhimangalam was received requesting the Government to dissuade the Malabar District Board from taking steps either for closing

[30th July 1953]

down or for amalgamating the Board Elementary School, Kunhimangalam, with the Mopla Elementary School. The President, District Board, Malabar, subsequently reported that the proposal to amalgamate the school with the Mopla Elementary School had been dropped. No further action was therefore considered necessary in the matter."

G.Os. No. 1253, P.H., dated 6th April 1949, and No. 1755, Health, dated 16th May 1950.

* 1251 Q.—SRI M. VEERABHADRAM: Will the Hon. the Minister for Health be pleased to place the copies of the G.Os. No. 1253, P.H., dated 6th April 1949, and No. 1755, Health, dated 16th May 1950, on the table of the Assembly?

THE HON. SRI A. B. SHETTY:—"G.O. No. 1253, P.H., dated 6th April 1949, contains rules governing medical attendance and the levy of fees in Government Medical Institutions in the State as revised up to 6th April 1949. Several amendments have been made to the rules. The question of revising these rules has been taken up with the Director of Medical Services. The Government do not therefore consider that any useful purpose will be served by placing a copy of the above rules which are not up to date on the table of the House. A copy^a of G.O. No. 1755, Health, dated 16th May 1950, is however placed on the table of the House."

9-10
a.m.

SRI M. VEERABHADRAM:—"Sir, a copy of G.O. No. 1755, Health, dated 16th May 1950, is placed on the table of the House. No copy of G.O. No. 1253, P.H., dated 6th April 1949, is placed on the table of the House. When I addressed the Health Department for a copy of G.O. No. 1253, P.H., dated 6th April 1949, they wrote to me that it could not be supplied to the public as it related to the hospital administration. I wanted that Government Order in connexion with my legislature work and even now the Government have not placed it on the table of the House. Will the Government supply me at least with a copy of the Government Order?"

THE HON. SRI A. B. SHETTY:—"Sir, that Government Order was only an executive order, not published for the information of the public. Therefore the hon. Member was not furnished with a copy of the same."

SRI K. RAJAGOPALA RAO:—"Are not the Members of this House entitled to get that Government Order?"

THE HON. SRI A. B. SHETTY:—"I have already answered that question."

SRI K. RAJAGOPALA RAO:—"Sir, G.O. No. 1755, Health, dated 16th May 1950, says: 'This legislation will be of a comprehensive nature and will incorporate the provisions necessary to

[30th July 1953]

enable a distinction to be drawn between "Civil servants" proper and "Industrial" Government employees and will also incorporate provisions setting right the other undesirable features in the existing labour legislation, e.g., the right of "Civil servants" to go on strike, the raising of political funds by associations of civil servants, etc. Pending enactment of the above legislation, the Government have decided that the recognition of the unions of hospital workers should be deferred.' Is it just, Sir? May we also know whether the Bill proposed in the Government Order was passed into law in the Parliament?"

THE HON. SRI A. B. SHETTY:—"A separate question may be put to the Minister for Industries and Labour."

SRI K. RAJAGOPALA RAO:—"Sir, I am not going to ask the Minister for Industries of the Government of India. The Government of Madras have issued this G.O. No. 1755, Health, dated 16th May 1950, which says 'that the Government of India have recently introduced a Bill in the Parliament'. Here the Government of Madras want to deny certain rights to the hospital employees. Will the Government consider this?"

THE HON. SRI A. B. SHETTY:—"I said the Minister for Industries and Labour in Madras may be asked about this matter."

SRI M. VEERABHADRAM:—"Sir, the Government Order refers to the administration of hospitals. I received some complaints against the hospital administration and we do not know whether the complaints are in conformity with the rules or not. Are we not eligible to know the orders passed by the Government?"

THE HON. SRI A. B. SHETTY:—"I do not exactly understand what the hon. Member wants. I have already said that with regard to G.O. No. 1253, P.H., dated 16th April 1949, a number of amendments have been issued to the rules and that the question of revising the rules has been taken up by the Director of Medical Services. Therefore, Sir, no purpose will be served by placing a copy of the Government Order, which is not up to date on the table of the House."

SRI K. GOVINDA RAO:—"On a point of order, Sir. I gave notice of a short notice question No. 1308 relating to the Mach and Hydro-Electric Project. I now find it is added at the end of the list of questions. Sir, I am deprived of the right to put a supplementary question."

MR. SPEAKER:—"The Member has given it as a short notice question and the Speaker has in the exercise of his powers admitted it as an ordinary question. This is no point of order at all."

[30th July 1953]

New Government of Madras Loan.

* 1252 Q.—SRI G. C. KONDAYYA: Will the Hon. the Minister for Finance be pleased to state the reasons why the Government announced the raising of a Rs. 25 lakhs' loan in each district and for what purpose it is intended?

THE HON. SRI C. SUBRAMANIAM:—"In a Press Conference held on the 17th June 1953, the Chief Minister indicated that the Madras Government would soon be floating an open-market loan for meeting the expenditure on capital works and that he expected the people of each district to subscribe about Rs. 25 lakhs on the average towards this loan. The Government have since announced the issue of an open-market loan of Rs. 500 lakhs for meeting the capital expenditure on Irrigation and Electricity Works. Full details will be found in the Government's Notification No. 13 (L)WM-1/53, dated the 11th July 1953, published in an Extraordinary issue of the *Fort St. George Gazette* of the same date. I am sure hon. Members are also aware of the results of the loan."

SRI G. C. KONDAYYA:—"Sir, the money is allotted for the districts. What are the capital works that are taken up in the districts?"

THE HON. SRI C. SUBRAMANIAM:—"It is not earmarked for each particular district. The State is taken as a whole. But, in the notification it has been stated that the loan is earmarked for the two States."

SRI T. ANANTHA PAI:—"Will the Government give us an assurance that all sanctioned capital works in the districts will be put through as the investors in the districts have generously responded to the Government loan?"

THE HON. SRI C. SUBRAMANIAM:—"Of course, that will be taken into consideration. As far as possible, the expectations of the people will be fulfilled."

SRI K. V. RAMESAM:—"The Hon. Finance Minister has just now said that the State will be taken as a whole. But according to the notification, each district is allotted a certain amount of loan and it is also stated that the amount will be spent in the district concerned. Will the Government be pleased to state whether they will utilize this amount subscribed by a district for the benefit of that district?"

THE HON. SRI C. SUBRAMANIAM:—"In the notification there is absolutely no reference to the district as such and no such notification can be made as a matter of fact."

SRI T. VISWANATHAM:—"What were the capital works which the Government had in mind when they floated this five-crore loan?"

THE HON. SRI C. SUBRAMANIAM:—"I would request the hon. Member to look into the budget memoranda."

30th July 1953]

SRI M. KALYANASUNDARAM:—"Is it a fact that the loan was intended only to reduce the minus balance of the Government and the talk of capital works is only just a propaganda?"

THE HON. SRI C. SUBRAMANIAM:—"This insinuation is completely wrong. It is intended for meeting the capital expenditure of the Government."

THE HON. SRI C. RAJAGOPALACHARI:—"And this question is propaganda, Sir."

SRI T. VISWANATHAM:—"The Hon. Minister advised that I might look into the budget memoranda. Budget memoranda never supply these details. When a loan is proposed to be floated, I think a file will be started stating the moneys required for each work. I want those details."

THE HON. SRI C. SUBRAMANIAM:—"If he is interested, he may put a separate question and I will pass on the list of works. Even without a question, if he is interested, I will give him the information."

MR. SPEAKER:—"It is now 9-15 a.m. Now the Hon. Ministers will read the answers."

SRI M. KALYANASUNDARAM:—"As you are aware, Sir, a portion of the question time was taken away by the point of order raised by my hon. Friend Sri T. Viswanatham. So, I request you to kindly extend the question time to that extent at least."

MR. SPEAKER:—"I will take it into consideration."

THE HON. SRI C. RAJAGOPALACHARI:—"The whole House must take the consequence of all the points raised by any Member."

Justice Misra's report regarding Bellary taluk.

* 1253 Q.—SRI VAVILALA GOPALAKRISHNAIAH: Will the Hon. the Chief Minister be pleased to place on the table of the House—

(a) a copy of Justice Misra's report on the inclusion of Bellary taluk in the Andhra State;

(b) the figures supplied to Justice Misra by the Government of Madras; and

(c) the views and memorandum presented to Justice Misra by the Hon. Dr. R. Nagan Gouda and the Hon. Sri N. Sankara Reddi on behalf of the Madras Government?

THE HON. SRI C. RAJAGOPALACHARI:—" (a) Sri Justice Misra submitted his report to the Government of India, who released it to the Press for publication. The report is available for sale to the public.

" (b) No figures were supplied to Sri Justice Misra by the Government of Madras.

" (c) The Madras Government did not express any views or present any memorandum to Sri Justice Misra.

[30th July 1953]

“ Dr. Nagan Gouda and Sri Sankara Reddi met Sri Justice Misra in their free and personal capacities, not on behalf of this Government.”

Issue of passports to foreign countries.

* 1254 Q.—SRI M. D. THIAGARAJA PILLAI: Will the Hon. the Minister for Law be pleased to state why the Home Department take three or four months for issuing passports to go to foreign countries when they are duly recommended by the District Officer?

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—“ The issue of passports is not delayed as alleged, in the Home Department. If applications duly recommended by Collectors or the Commissioner of Police, as the case may be, are found on scrutiny to be in order and are accompanied by the relevant documents passports are issued forthwith. In the case of applications, however, that are found to be defective in any respect, the defects have to be set right by correspondence either with the applicant or the authorities concerned, which necessarily takes time and sometimes consultations with other State Governments or India Government are necessary.”

Tirupatur-Krishnagiri and Morappur-Hosur railway lines.

9-20 a.m. * 1255 Q.—SRI M. KALYANASUNDARAM: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether any recommendation has been made by the State Government to the Union Ministry of Railways for the re-opening of the dismantled railway lines of Tirupatur-Krishnagiri and Morappur-Hosur in our State; and

(b) the nature of the reply received from the Railway Ministry?

THE HON. DR. U. KRISHNA RAO:—“ (a) Ever since the dismantlement of the lines in 1941, the Government of Madras have been urging the Central Government to take up the work connected with the restoration of the lines as metre gauge lines (instead of narrow gauge lines). An alternative proposal of linking Salem with Bangalore via Dharmapuri and Hosur by a metre gauge line is also under the consideration of this Government. After a decision is arrived at in the matter, the Government of India will again be addressed.

“ (b) Does not arise.”

Travelling allowance to some teachers for work connected with the general elections.

* 1256 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Minister for Finance be pleased to state with reference to the answer to Question No. 152 given on 26th November 1952 whether it has since come to notice that teachers of some schools in Malabar,

30th July 1953]

e.g., Ganapathi High School, Kozhikode, have not yet been paid travelling allowance in connexion with their work in the general elections?

THE HON. SRI C. SUBRAMANIAM:—“ Yes, Sir; so far as the teachers of the Ganapathi High School, Kozhikode, are concerned, they have all since been paid travelling allowance in connexion with the election duties they discharged during the last general elections and no claims are pending settlement. As regards the teachers of other aided schools in the district, their pending claims have all been settled except in the case of 37 teachers involving an aggregate amount of Rs. 178-4-0. Out of this, a sum of Rs. 80-8-0 is pending disbursement for want of the correct addresses of 19 claimants. The bills relating to the remaining 18 claimants involving an amount of Rs. 97-12-0 have been forwarded to the District Educational Officers of Central Malabar and North Malabar for scrutiny and passing them and on receipt of the bills from the District Educational Officers, arrangements will be made to disburse the amount as early as possible to the persons concerned.”

Alleged detention of one Krishnan Nair at Kozhikode.

* 1257 Q.—SRI T. C. NARAYANA NAMBIAR: Will the Hon. the Chief Minister be pleased to state—

(a) whether the Government have received any complaint or representation from one Krishnan Nair of Kozhikode alleging that he has been detained illegally in the Government Mental Hospital for Lunatics, Kuthiravattam, Malabar; and

(b) if the answer is in the affirmative, what action has been taken?

THE HON. SRI C. RAJAGOPALACHARI:—“ I believe, Sir, a similar question was asked the other day. Anyway, I am reading the answer, as it had been prepared long ago.

“ (a) Yes.

“ (b) He was in the Mental Hospital from 14th February 1953 to 4th March 1953 under observation. The hospital authorities reported he was sane. The man's behaviour in the lock-up was so violent and disorderly that the Police thought it safe to remove him to the Mental Hospital. The Police are searching his antecedents and security proceedings are reported to be pending now before Court.”

Members of Legislatures as visitors of jails.

* 1258 Q.—SRI G. SIVASANKARA REDDI: Will the Hon. the Minister for Law be pleased to state whether G.O. Ms. No. 102, Home, dated 9th January 1953 modified G.O. Ms. No. 2080, Home, dated 10th June 1952, and thereby disallows members of the Madras and Central Legislatures from being non-official or special visitors to sub-jails and, if so, why?

[30th July 1953]

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—“The answer to the first portion of the question is in the affirmative. The Government feel that it may not be desirable to concentrate all honorary functions on members of the Legislature who by reason of that very position can do a great deal of good without being appointed visitors. It may be desirable to confer honorary positions on others also. Those who are interested in jails and prisoners apart from individual or party interest will certainly be preferred whether they are members of the Legislature or not.”

Dispute between employers and employees in Stoneware Pipe, Tiruvallur.

* 1259 Q.—SRI S. PAKKIRISWAMI PILLAI: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) when the existence of a dispute between the employers and employees of the Stoneware Pipe, Tiruvallur, Chingleput district, was brought to the notice of the Labour Commissioner; and

(b) whether any conciliation was attempted and with what results?

THE HON. DR. U. KRISHNA RAO:—“(a) The dispute was brought to the notice of the Commissioner of Labour in February 1953.

“(b) Yes, the report of the conciliation officer is under consideration of Government.”

Reserved forest areas in Anantapur.

* 1260 Q.—SRI T. LAKSHMINARAYANA REDDI: Will the Hon. the Minister for Agriculture be pleased to state what steps are taken to increase plantation in reserved areas in Anantapur district?

THE HON. DR. R. NAGAN GOUDA:—“Work is in progress for concentrated regeneration of an area of 600 acres under the Soil Conservation Scheme. “Neem” and “Kamala” species are also being raised on a plantation scale. During the rainy season, an area of 13,200 acres is expected to be sown with seeds broadcast by the forest subordinates.”

Tannery industry in the State.

* 1261 Q.—SRI M. KAIYANASUNDARAM: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether any Committee was appointed to enquire into the conditions of the Tannery Industry in the State;

(b) whether the Committee has submitted its report to the Government; and

(c) whether the report will be placed on the table of the House?

30th July 1953]

THE HON. DR. U. KRISHNA RAO:—“(a) & (b) Yes, Sir,

“(c) The report is being printed and will be made available to public. Copies of the report will be placed in the Library of the Madras Legislature Secretariat for reference by Members.”

Assignment of banjar lands in Ongole taluk.

* 1262 Q.—SRI VAVILALA GOPALAKRISHNAIAH (on behalf of Sri Pragada Kotaiah): Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the extent of banjar lands in Thimmasamudram village, Ongole taluk, Guntur district, taken over from the Venkatagiri zamindar;

(b) whether it is a fact that survey numbers

of banjar land taken over from the Venkatagiri zamindar are now in the possession of landlords Sri Ronda Subba Reddi and 32 others;

(c) whether the Government are in receipt of a representation, dated 18th June 1952, from the landless poor of Thimmasamudram and Pandillapalli, requesting them to assign the abovesaid land to them since they were actually cultivating the land for the last five years; and

(d) the action taken thereon?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) No Banjar lands in Thimmasamudram village, Ongole taluk, Guntur district, have been taken over from the Venkatagiri Zamindar.

“(b) The lands are not banjar lands but revenue sale lands purchased by and in possession of Sri Ronda Subba Reddi, K. Venkatarayudu and others.

“(c) & (d) The Collector of Guntur has reported that a representation, dated 14th June 1952, signed by some villagers of Pandillapalli and Thimmasamudram addressed to the Manager, Venkatagiri estate, was received in the office of the Special Deputy Tahsildar, Pellur, and that action is being taken on it.”

Powers of Government over doctors employed in Local Fund dispensaries.

* 1263 Q.—SRI G. RAMA RAO: Will the Hon. the Minister for Health be pleased to state what powers and functions the Government exercise in respect of Local Fund dispensaries and hospitals in connexion with the appointments and transfers of doctors, grants of subsidies to hospitals and general control?

THE HON. SRI A. B. SHETTY:—

Appointments and Transfers.

“Under the rules, the District Medical Officer, has to be consulted by the district board before any private medical practitioner is appointed as Local Fund Medical Officer. In the case of a Government Medical Officer lent for service, the District Board can make the appointment in consultation with the Director of Medical Services. The Government have power to grant exemption in the case of private medical practitioners from the prescribed age-limit for appointment as medical officers under Local Boards.

“Transfer of Medical officers can be done only in consultation with the District Medical Officer or the Director of Medical Services, as the case may be.

Grants and subsidies.

“The Government are now paying the following grants to Local Fund and Municipal hospitals and dispensaries:—

(1) Percentage contribution towards the salaries of medical officers employed in the institutions opened before 9th March 1915 as under—

	Government Medical officers lent to local bodies.	Assistant Surgeons under Local Board and Municipal Service.	Sub-Assistant Surgeons under Local Board and Municipal Service.
(1)	(2)	(3)	(4)
(a) Local Fund medical institutions ..	15	22½	10
(b) Municipal medical institutions ..	10	17½	5

(2) Half the maintenance cost of medical institutions opened between 9th March 1915 and 17th April 1928.

(3) Building and equipment grants for medical institutions up to a maximum of half of the cost on works approved by Government.

(4) The Government meet the expenditure on the pay and allowances of Government Medical officers in all taluk headquarters institutions.”

Vaivaka-Korukollu irrigation project in Krishna district.

* 1264 Q.—SRI G. RAMA RAO: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the Vaivaka-Korukollu irrigation scheme in Krishna district has been dropped; if so, for what reasons; and

(b) whether any representation was made by the ryots of Vaivaka, Korukollu, etc., villages to Government regarding the above scheme, if so, when and what action was taken by the Government?

THE HON. SRI N. RANGA REDDI:—“(a) The proposal has been dropped, as the ayacut area which is low in level is surrounded on three sides by drains and is liable to submer-sion to varying depths throughout the irrigation season and to a depth of over one foot for long and continuous periods.

“(b) A representation was made by the ryots on 30th March 1953. A copy of the petition was forwarded to the Chief Engineer (Irrigation) I for disposal in view of the decision referred to in the answer to clause (a).”

Revenue assessment in the estates taken over by the Government.

* 1265 Q.—SRI V. K. RAMASWAMY MUDALIAR: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether it was the intention of the Government while the Zamindari Abolition Act was passed, to bring down the Land revenue assessment in respect of the lands in estates to the level of the rates prevailing in the ryotwari lands in the neighbourhood;

(b) why the ryotwari rates were not fixed for the lands in the zamindari areas consequent on the abolition of zamins; and

(c) why varam rates in the zamin areas consequent on the abolition of zamins have been fixed with reference to the highest rates prevailing in the district instead of the rate prevailing in the neighbourhood?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) Yes.

“(b) The ryotwari rates can be introduced in the estates taken over under the Madras Estates (Abolition and Conversion into Ryotwari) Act, only after they have been surveyed and settled according to ryotwari principles, and this work will take a number of years to be completed, approximately 8 to 10.

“(c) The Government have recently ordered that, in the estate areas in this State taken over under the Abolition Act, in which rent was payable wholly in kind or partly in kind and partly in cash, the land revenue payable for any land under section 23 of the Act shall, where it exceeds the assessment at

[30th July 1953]

the highest ryotwari rate of the taluk in which the estates are situated for the same class of land, be limited to the assessment at that rate."

Major Panchayats in the State.

* 1266 Q.—SRI K. ADIKESAVALU NAIDU: Will the Hon. the Minister for Local Administration be pleased to state the number of major panchayats in the State whose income is (i) more than Rs. 75,000 and (ii) more than Rs. 1,00,000?

THE HON. SRI N. SANKARA REDDI:—"The number of panchayats, the income of each of which is more than rupees lakh per annum is seventeen while that of panchayats with an income exceeding Rs. 75,000, but not exceeding rupees one lakh, is twenty-one."

Kondotti Producers-cum-Consumers' Co-operative Society, Malabar.

* 1267 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Minister for Co-operation be pleased to state whether the Government have received a memorandum, dated 25th April 1953, from certain members of the Kondotti Producers-cum-Consumers' Co-operative Society, Malabar, touching the failure of the Registrar to take steps to hold elections to the Board of Directors of the Society; and, if so, what action has been taken?

THE HON. SRI D. SANJIVAYYA:—"Yes, Sir. The memorandum was transferred to the Collector of Malabar for necessary action. The Collector has reported that three members of the Society whose nominations were rejected filed a Civil Suit in District Munsif's Court, Manjeri, and that the Court issued a permanent injunction restraining the Returning Officer from holding the elections. The suit stands posted to 7th August 1953."

Nellore Headquarters Hospital.

9-30 a.m. * 1268 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Health be pleased to state—

(a) whether it is a fact that, in Nellore Headquarters Hospital, a large percentage of in-patients including surgical cases are made to lie on the floor, and if so, what arrangements are made to provide additional accommodation and additional beds, to meet the growing demand for hospital treatment in Nellore; and

(b) whether the sanctioned strength of nursing staff on duty, and nursing orderlies on duty, employed in Government hospitals are dependent on the sanctioned bed strength of the hospitals concerned or whether it is dependent on the actual number of in-patients to be served; and the number of beds or the number of in-patients each nurse or each nursing orderly should while on duty attend to, for the State and for the Nellore Headquarters Hospital?

30th July 1953]

THE HON. SRI A. B. SHETTY:—“(a) The sanctioned bed strength of the District Headquarters Hospital, Nellore, is 120. The in-patients admitted are in excess of this number. One hundred and forty-eight in-patients are provided with cots and the remaining patients have to lie down on the floor. The patients who cannot be provided with cots, are provided with mats, carpets, pillows and other bed linen. All important and major surgical cases are provided with cots. But only some of the minor and less important surgical cases are kept on the floor. Additional accommodation is necessary but in the present financial stringency, the Government are not in a position to find funds for construction of buildings to meet the demand in this and other cases. The Government have, however, accepted the offers of two private gentlemen to construct a ward of 10 beds for children and a general ward of 12 beds respectively in the Headquarters Hospital, Nellore. After these two wards come into use, the bed strength will be increased.

“(b) The nursing staff and the nursing orderlies now employed in the Government Headquarters hospitals in the districts including the Headquarters Hospital, Nellore, are based on the sanctioned bed strength of the hospitals at the rate of one nurse for every 8 beds, and one nursing orderly for every 8 beds, as the actual number of in-patients admitted is always fluctuating.”

Edayakkal bund in Karimba, Walluvanad taluk.

* 1269 Q.—SRI K. C. GOPALAN UNNI: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the Government have received any representation that the bund at Edayakkal in Karimba amsam in Walluvanad, Malabar, is damaged and the ryots are not benefited to any extent by that bund; and

(b) whether it is a fact that water-cess is being collected from the agriculturists of that area even though they are not benefited?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) & (b) The Government have not constructed any bund at Edayakkal, Walluvanad taluk, but a weir has been built by the Public Works Department in 1951 across the Machathodu in the neighbourhood. It is presumed that the question refers to this weir.

“During 1952-53, the ryots concerned failed to fix the shutter on the anicut body wall at the proper time so as to conserve the flow in the stream, but no damage was caused thereby to the anicut body wall.

“No water cess has been so far collected from the ryots in the area.

“The Government have not received any representation on the subject.”

* 1270 Q.—MR. SPEAKER:—"The hon. Member Sri S. Narayanappa is not in his place. The question and answer will be printed in the proceedings."

SRI S. NARAYANAPPA: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) under what rules the District Handloom Boards are formed;

(b) how many members there are in each board; and

(c) whether there are any representatives on behalf of the independent weavers and on behalf of the consumers?

THE HON. DR. U. KRISHNA RAO:—" (a) District Handloom Boards have been constituted with reference to the recommendation of the Madras Handloom Committee in resolution 4 of its resolutions passed at its first meeting held on 30th June 1950.

" (b) About 10 members.

" (c) There are two members on each Board representing weavers outside the Co-operative fold. There are no members on the Board specifically nominated to represent consumers."

Dokiparru Middle School, Krishna district.

* 1271 Q.—SRI G. RAMA RAO: Will the Hon. the Minister for Education be pleased to state—

(a) whether the villagers of Dokiparru of Krishna district represented to the Government to raise the status of the present Middle School to that of a High School, this year; and

(b) what action the Government have taken in the matter?

THE HON. DR. M. V. KRISHNA RAO:—" (a) Yes.

" (b) The proposal was deferred."

The Murai system under the Willingdon Reservoir, South Arcot.

* 1272 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Public Works be pleased to state whether the *Murai* system under the Willingdon Reservoir ayacut in Vriddhachalam taluk, South Arcot district, was adopted this fasli year earlier than usual in spite of the persistent demand of the public for postponing it by at least a month?

THE HON. SRI N. RANGA REDDI:—"In view of the low storage position in the reservoir and the need to conserve the water and utilize it to the best advantage of the ayacut, *murai* was introduced under the reservoir in November 1952 and again from 16th January 1953 during the fasli year 1362. There was no request from the public for the postponement of *murai* for a month or so."

Vijayavada Government Hospital.

* 1273 Q.—SRI T. POTHA RAJU: Will the Hon. the Minister for Health be pleased to state—

(a) whether the Government have any proposals for extending the Government Hospital at Vijayavada; and

(b) if so, the nature and details of the proposals?

THE HON. SRI A. B. SHETTY:—" (a) There are no proposals for extending the Government Hospital, Vijayavada, except the construction of a maternity ward of 8 beds donated by the Guild of Service, Vijayavada Divisional Committee whose offer was accepted by the Government in December 1951.

" (b) The question does not arise."

Opening of a maternity centre at Cuddalore.

* 1274 Q.—SRI A. RATHINAM: Will the Hon. the Minister for Health be pleased to state—

(a) whether the Government have received any representation from the Municipal Office, Cuddalore, South Arcot district, demanding subsidy for opening a maternity centre at Brookspet; and

(b) if so, the action taken by the Government?

THE HON. SRI A. B. SHETTY:—" (a) Yes.

" (b) The Government have sanctioned the opening of a Maternity and Child Welfare Centre at Brookspet, Cuddalore Municipality during 1953-54."

Irrigation schemes in Nellore district.

* 1275 Q.—SRI S. VEMIAH: Will the Hon. the Minister for Public Works be pleased to state the stages at which the following irrigation schemes stand in Nellore district, viz., (1) Madamanur supply channel, (2) Nakkala kalva, (3) Kolanakuduru, (4) Allur swamp drainage channel and (5) Kotha kalva leading to Pallipad, Nidimusali and Muthuparthipalam villages?

THE HON. SRI N. RANGA REDDI:—" (1) The question of improvements to the Madamanur tank supply channel is being examined by the local officers.

(2) The scheme has been dropped.

(3) The work relating to the improvement of supplies to the Kolanakuduru tank has been completed.

(4) The scheme has been deferred.

(5) A proposal for removing the accumulation of sand in the Kudithipalem channel or Kothakalva and for providing wind belt along both sides of the channel is being examined by the local officers."

[30th July 1953]

Implementation of the industrial award given to bus workers.

* 1276 Q.—SRI D. SEETHARAMIAH: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether the industrial award given to drivers, conductors, etc., working in buses and lorries was implemented; and

(b) if not, for what reasons?

THE HON. DR. U. KRISHNA RAO:—“(a) & (b) The award of the Industrial Tribunal constituted for the motor transport industry was implemented in full by some employers and in part by others. A large number failed to implement the awards on grounds of financial inability.”

Alleged lawlessness in Idur and Madarajagudur in Nellore taluk.

* 1277 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the attention of the Government was invited to conditions obtaining in Idur and Madarajagudur in Nellore taluk, where a small group of ryots levy arbitrary fines, collect illegal exactions by forced sale of movable property and inflict corporal punishment on the landless poor; and

(b) whether the Government have taken any and what steps to put an end to such a state of affairs not only in the two villages in (a) but also in many other villages and taluks where agricultural serfdom prevails as mentioned in paragraph 251 on page 77 of the first report of the Land Revenue Reforms Committee?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) & (b) Enquiries made after the question put by the hon. Member show the allegations are baseless and that conditions such as mentioned in clause (a) do not obtain in Idur and Madarajagudur villages.

“The recommendation of the Land Revenue Reforms Committee that all traces of agricultural serfdom or forced labour of any kind should be removed by legislation, as well as the other recommendations of the Committee are under examination.”

Implementation of the Five-year Plan in the Madras and Andhra States.

* 1278 Q.—SRI G. C. KONDAYYA: Will the Hon. the Chief Minister be pleased to state—

(a) what is the amount that the Central Government is going to allot to this State for implementing the Five-Year Plan;

(b) how is the State Government going to divide it between Andhra State and the Residuary State;

(c) how the plan is going to benefit the Nellore district; and

[30th July 1953]

(d) whether there are any new schemes of irrigation, roads, hospitals, railway lines, schools, etc., in the Andhra area included in the plan?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) In the first two years of the Plan, viz., 1951-52 and 1952-53 the Government of India have rendered assistance to the extent of about Rs. 16 crores mostly by way of loans and to some extent as grants. The extent of the Government of India's further assistance to this Government cannot be forecast.

“(b) The schemes in the Plan will continue in the areas where they are located, subject to such revision as the Governments in position may make. There can be no previous division on the basis of anticipated assistance.

“(c) The attention of the hon. Member is invited to the answer to question No. 786 (answered on 21st July 1953) by Sri B. Ramakrishna Reddy, M.L.A.

“(d) A new and big irrigation scheme relating to the Krishna river has been included in the Plan. Its scope has not however been finalised.”

Murthuza Memorial College, Tiruchirappalli.

* 1279 Q.—SRI M. KALYANASUNDARAM: Will the Hon. the Minister for Education be pleased to state—

(a) whether representations have been made to the Government regarding the inadequacy of accommodation for the Murthuza Memorial College at Tiruchirappalli; and

(b) what action has been taken?

THE HON. DR. M. V. KRISHNA RAO:—“(a) & (b) There is no College but only a High School by that name and the Director of Public Instruction is examining the question of providing additional accommodation for the school.”

Representations to officers by members of the Assembly.

* 1280 Q.—SRI K. KRISHNA RAO: Will the Hon. the Chief Minister be pleased to state—

(a) whether the Government have issued instructions to all their officers that they may receive representations from members of the Legislative Assembly about the public needs in their constituencies, and that any action to be taken on such representations should be at the sole discretion of the officers concerned; and

(b) if so, whether the Government will place a copy of such instructions on the Table of this House?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) & (b) If the Member refers to the instructions issued by the Government in G.O. Ms. No. 2432, Public (Elections), dated 13th October 1952, a copy* is placed on the Table of the House.

[30th July 1953]

It will be seen that Government have *not* laid down that the action to be taken on these representations is to be at the sole discretion of the officers concerned. The instruction is that orders should be passed with absolute regard to the merits of each case."

Electric power extension to Uravakonda.

* 1281 Q.—SRI S. NARAYANAPPA: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether any representation was received regarding the electricity extension scheme to be taken from Konakondla Panchayat to Uravakonda (via) Vajrakarur;

(b) if so, what action the Government have taken and whether any orders have been passed; and

(c) how much amount worth of materials is stocked at Guntakal for the electricity extension scheme from Guntakal to Uravakonda?

THE HON. SRI N. RANGA REDDI:—“(a) The answer is in the affirmative.

“(b) The matter is under consideration.

“(c) The materials stocked at Guntakal are intended for all electricity extension schemes either sanctioned or to be sanctioned in Bellary and Anantapur districts in the vicinity of Guntakal including Guntakal-Uravakonda extensions. It is not, therefore, possible to state the value of materials intended for the Guntakal-Uravakonda extension scheme alone.”

Roads and irrigation works in Narasaraopet division, Guntur.

* 1282 Q.—SRI P. VENKATASIVIAH: Will the Hon. the Minister for Public Works be pleased to state—

(a) how many investigation parties have been at work in the Narasaraopet Revenue Division of Guntur district since 1948;

(b) how many road and irrigation works have been investigated;

(c) how many have been taken up for execution and completed; and

(d) what was the total cost of those works?

THE HON. SRI N. RANGA REDDI:—“(a) Special investigations staff consisting of one subdivision has been at work since 1948 for investigating irrigation works. The regular Highways Department staff was investigating road works.

“(b) 103 road works and 7 irrigation schemes.

“(c) 67 road works and one irrigation scheme.

“(d) The total cost of works referred to in clause (c) is Rs. 9,17,745.”

[30th July 1953]

Surcharge amount on mill cloth.

* 1283 Q.—SRI P. VENKATASUBBAYYA (on behalf of Sri S. Narayanappa): Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) how much amount was allotted by the Central Government to this State out of the surcharge amount on mill cloth towards the relief of handloom weavers in this State;

(b) whether the Government have requested the Central Government to allot more funds and what the reply of the Central Government, if any, was;

(c) whether the Government have any proposals under which the present grievances of the weavers will be redressed; and if so, what those proposals are;

(d) how much amount has been allotted for each such proposal;

(e) whether the Government have consulted any non-official weavers' organizations before such new proposals were prepared;

(f) if so, what those non-official organizations were and what their suggestions were; and

(g) whether any arrangements have been made for immediate relief to the weavers?

THE HON. DR. U. KRISHNA RAO:—“(a) No allotment has yet been made by the Government of India to State Governments from the proceeds of the Cess on mill-made cloth. It is, however, estimated that it may be about Rs. 1.25 crores.

“(b) Does not arise.

“(c) & (d) Certain schemes for utilisation of the Cess Fund have been formulated and forwarded to the Government of India for their approval. These schemes when executed are likely to redress some of the grievances of the weavers. It is not in public interest to disclose the details of the schemes at this stage.

“(e) & (f) The Madras Handloom Committee and the High Power Handloom Committee and persons like Sri Pragada Kotaiah, M.L.A., and Sri M. S. A. Majid were consulted. Some suggestions were also received from District Handloom Boards, some Handloom Associations, etc., but these suggestions were more or less covered by the proposals the Government have already drawn up.

“(g) The Weavers Relief Scheme already introduced in July 1952 has been extended up to the end of December 1953.”

(a) whether it is a fact that the post of the Tahsildar for Loans in Siddhout taluk was abolished and if so, the date on which it was abolished;

(b) whether it is a fact that within a very short time after abolition it was again restored;

(c) if so, the reasons for the same;

(d) whether it is a fact that it was abolished again within a short time; and

(e) if so, the reasons for the same?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“ The answer ^a is placed on the Table of the House.”

Sea erosion at Badagara, North Malabar.

* 1285 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Minister for Land Revenue be pleased to state whether the Government have any information regarding the sea erosion during the heavy rains in the first week of July 1953 into Badagara Fishermen's area, North Malabar and, if so, the extent of the damage suffered and the steps taken by the Government to relieve the distress in the area?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“ Yes. The Collector of Malabar has reported that in Badagara the sea advanced for about a furlong eroding a considerable portion of the foreshore land, uprooting nearly 100 coconut trees and causing damage to the fish-curing yard and that 11 huts have also collapsed. The Collector has sanctioned a sum of Rs. 245 to those affected people.”

Floods in Malabar.

* 1286 Q.—SRI K. P. GOPALAN: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the Government received any report from the Collector of Malabar regarding the widespread destruction of houses and properties owing to the heavy rain and flood that occurred recently in Malabar; and

(b) what measures Government propose to take to give relief to those who have lost their houses and livelihood?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“ (a) The Government have received a preliminary report from the Collector. This report is not a full account of the damage caused by the floods as communications have been cut off by the floods and interior places are inaccessible.

30th July 1953]

“ (b) The Collector of Malabar has already sanctioned monetary assistance to the people affected for the reconstruction or repair of their damaged houses.”

Floods in Malabar.

* 1287 Q.—SRI T. C. NARAYANA NAMBIAR: Will the Hon. the Minister for Land Revenue be pleased to state what action has been taken by the Government to relieve the people of Malabar against the havoc created by the floods in that district?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“ The Collector of Malabar has sanctioned monetary relief for the reconstruction of houses damaged or destroyed by the floods in the Malabar district.”

Floods in Malabar.

* 1288 Q.—SRI M. CHADAYAN: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the Collector of Malabar has submitted any report about the recent flood damages in the district of Malabar and, if so, whether a copy of the report will be placed on the Table of the House;

(b) whether the Collector has undertaken any relief measures and if so, what they are; and

(c) how many houses collapsed and what is the total extent of the damage done?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“ (a) Yes. A preliminary report has been received from the Collector of Malabar. As the report is not a complete one, it will not serve any useful purpose to place a copy of the report on the Table of the House.

“ (b) The Collector has sanctioned monetary relief for the reconstruction of damaged or destroyed houses, wherever necessary.

“ (c) From the report received so far, 476 houses have been either damaged or destroyed by the floods. Full details have not yet been received as communications were cut off and interior places are inaccessible.”

Arrests at Dalmiapuram on 15th July 1953.

* 1289 Q.—SRI A. GOVINDASWAMY NAYAGAR: Will the Hon. the Chief Minister be pleased to state—

(a) how many were arrested in Dalmiapuram on 15th July 1953 in connexion with the stopping of trains;

(b) how many were shot dead on that day by the police;

(c) how many were injured by the police; and

[30th July 1953]

(d) under what class is Mr. M. Karunanidhi, one of the arrested leaders on 15th July 1953 at Dalmiapuram, placed in the Tiruchirappalli jail?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) The reports received by Government show that thirty-six persons were arrested on 15th July 1953.

“(b) Two persons are reported to have lost their lives as a result of the opening of fire by the police.

“(c) Sixteen persons (excluding police officers) are reported to have been injured. The Government have no information as to how many of these sixteen persons were injured as a result of the action taken by the police to disperse the crowd.

“(d) According to a telephonic enquiry made, the prisoner was placed in ‘C’ class. The Magistrate who convicted the prisoner had no powers to recommend classifying the prisoner ‘A’ or ‘B’ and no representation was made at that time. The question is treated as a representation and Government have ordered the prisoner to be put in ‘B’ class.”

Producers-cum-Consumer Societies in Malabar.

* 1290 Q.—SRI A. APPU: Will the Hon. the Minister for Co-operation be pleased to state—

(a) whether there have been numerous cases of misappropriation of large sums of money in the several Producers-cum-Consumers’ Co-operative Societies in Malabar;

(b) how such cases of misappropriation were dealt with and what has been the total amount detected to have been lost so far; and

(c) what steps the Government propose to take to improve the working of these societies in future?

THE HON. SRI D. SANJIVAYYA:—“(a) to (c) The attention of the Member is invited to the answer furnished to the question (unstarred) No. 49 (82) answered on 16th July 1953.”

Subsidy for cottage industries.

* 1291 Q.—SRI A. RATHINAM: Will the Hon. the Minister for Co-operation be pleased to state—

(a) how many societies for the development of Cottage Industries have been subsidised by the State Government during the years 1951–52, and 1952–53 and the amount of grant or subsidy paid each year; and

(b) how many of them are managed by the Harijans and the subsidy granted to them last year?

30th July 1953]

THE HON. SRI D. SANJIVAYYA:—“(a) In the year 1951–52, 68 Cottage Industrial Co-operative Societies received subsidies totalling Rs. 37,705. During 1952–53, 40 such societies were granted a total subsidy of rupees 22,483.

“(b) Six Societies are mostly managed by Harijans. During last year, i.e., 1952–53, an amount of Rs. 1,896 was granted as subsidy to them.”

* 1292 Q.—SRI S. S. KOLKEBAIL: Will the Hon. the Minister for Education be pleased to state—

(a) whether the Madras Public Service Commission invited applications for recruitment as School Assistants in Government Schools in March 1951, and if so, how many applicants offered themselves for the said posts; and

(b) how many were interviewed and how many of them were selected and appointed?

THE HON. DR. M. V. KRISHNA RAO:—“(a) Yes. 333 (three hundred and thirty-three).

“(b) The recruitment was postponed.”

Lignite Mines at Neyveli, South Arcot.

* 1293 Q.—SRI A. RATHINAM: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) what is the total expenditure so far met by the State Government to the quarrying project at the Neyveli Lignite mines at South Arcot district; and

(b) what is the expenditure met by the Government in the pilot project for open cut operation in an open area 500 × 500?

THE HON. DR. U. KRISHNA RAO:—“(a) The total approximate expenditure met by the State Government up to April 1953 on the Quarrying Project is Rs. 33,47,245.

“(b) The expenditure met up to 10th May 1953 on the pilot project for open cut operation is Rs. 6,37,468.”

* 1294 Q.—SRI P. VENKATASUBBIAH:—“I do not want to put the question, Sir.”

September examinations for pupil teachers.

* 1295 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Education be pleased to state whether the Government propose to conduct September Examinations for the pupil teachers failing in March Examinations in the teachers’ training institutions?

[30th July 1953]

THE HON. DR. M. V. KRISHNA RAO:—"Proposals have been called for from the Director of Public Instruction."

Alleged beating of Sri P. Lakshmi Reddi in Nellore Police lock-up.

* 1296 Q.—SRI K. KRISHNA RAO: Will the Hon. the Chief Minister be pleased to state—

(a) whether one Sri Ponnammalle Lakshmi Reddy, an agricultural labourer of Indukurpet, Nellore taluk, was arrested on 23rd October 1952 and taken to and severely beaten in the Nellore Police lock-up resulting in fracture of chest bones;

(b) whether the District Superintendent of Police, Nellore and the Medical Officer, Nellore investigated the case of beating administered by the Police when the person referred to in (a) was in custody; and

(c) what action the Government have taken (1) to punish the Policemen concerned, (2) to prevent a recurrence of man-handling of persons in Police lock-up; and (3) to provide compensation to the person who is rendered a cripple for life?

THE HON. SRI C. RAJAGOPALACHARI:—" (a) to (c) Sri P. Lakshmi Reddy was found in a drunken state on 23rd October 1952 near the Municipal park, Nellore, and was therefore arrested. He was kept in the Police lock-up that night.

"He was convicted on the charge of drunkenness, and was sent to the special sub-jail, Nellore on 25th October 1952. He then complained to the Superintendent of the sub-jail that he had been beaten by the Police. The complaint was referred to the District Superintendent of Police, Nellore. The Deputy Superintendent of Police, Nellore, conducted a preliminary enquiry into the complaint. The Resident Medical Officer, Nellore, who visited the sub-jail, examined P. Lakshmi Reddi and sent him to the hospital for X-ray examination. The X-ray examination showed that P. Lakshmi Reddy had been badly assaulted resulting in fracture of one of the smaller ribs. A *prima facie* case of torture having been made out the Sub-divisional Magistrate conducted an enquiry under Police Standing Orders.

"The inquiry showed that the injury to the rib was caused while Sri Lakshmi Reddy was in Police custody while the other minor injuries could have been caused to Lakshmi Reddy when he fell down while in a drunken state. The evidence available was insufficient to institute criminal proceedings but the Government took a serious view of it and have ordered that all the persons responsible should be proceeded against departmentally. The matter is pending.

"Quite a number of cases specially from the Andhra district having come to notice wherein there is room for thinking that

30th July 1953]

persons in custody were being roughly treated, the Government have directed the Inspector-General of Police to warn and issue instructions to the District Police drawing their attention once again to their duties and what is expected of them.

"It is fortunately *not* true that Sri P. Lakshmi Reddy was rendered a cripple on account of the injury sustained by him."

Restoration of Kothacheruvu tank in Gopavaram village, Badvel taluk.

* 1297 Q.—SRI V. CHIDANANDAM: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether it is a fact that the Government investigated the restoration of the breached tank, Kothacheruvu of Bhumireddipalli of Gopavaram village in Badvel taluk of Cuddapah district;

(b) if so, when the Government propose to take up the work for execution; and

(c) what is the estimated cost of the work?

THE HON. SRI M. A. MANICKAVELU NAICKER:—" (a) Yes.

"(b) The work was not taken up for execution due to the revised policy of Government not to take up new works for execution under the Tank Improvement Scheme. The scheme has not been included in the Special Minor Irrigation Programme for 1952-53 for which the Government of India have sanctioned a loan of Rs. 25 lakhs utilisable up to 30th June 1953. The question of inclusion of the scheme in the Special Minor Irrigation Programme for 1953-54 will be considered by Government.

"(c) Rs. 12,000."

Rain-making experiments.

* 1298 Q.—MR. SPEAKER:—"Sri V. R. Krishna Ayyar is not in his place. The question and answer will be printed in the proceedings."

SRI V. R. KRISHNA AYYAR: Will the Hon. the Minister for Agriculture be pleased to state whether any rain-making experiments have been conducted under the Government's auspices or encouragement?

THE HON. DR. R. NAGAN GOUDA:—"No experiments on artificial rain-making have been conducted under the auspices of this Government."

[30th July 1953]

(a) whether the Government have received recently, mahazars from the public for the construction of a weir across Sengal odai near Koovathur, Andimadam firka, Udayarpalayam taluk; and

(b) the action taken thereon?

THE HON. SRI N. RANGA REDDI:—“(a) Yes.

“(b) A proposal for the construction of an anicut across the Sengal odai just below the culvert in the Andimadam-Jayan-kondan road and the excavation of a supply channel to feed the maximum number of tanks is under examination by local Public Works Department Officers.”

Inclusion of the Thiyya community among backward classes.

* 1300 Q.—SRI A. APPU: Will the Hon. the Minister for Education be pleased to state whether the various measures undertaken by the Government for the welfare of the backward classes in this State are applicable to Thiyya community in the four taluks of Palghat, Ponnani, Walluvanad and Ernad in the Malabar district?

THE HON. DR. M. V. KRISHNA RAO:—“Yes Sir.

“The hon. Member is also referred to the statement laid on the table of the House with reference to question No. 663 answered on the 18th instant.”

Price of procured paddy in Guntur district.

* 1301 Q.—MR. SPEAKER:—“Sri Pragada Kotaiah is not in his place. The question and answer will be printed in the proceedings.”

SRI PRAGADA KOTAIAH: Will the Hon. the Minister for Finance be pleased to state the prices paid for procured paddy of both the first sort and second sort, under the ‘levy order’ and the prices fixed for their sale in the fair price depots in the Guntur district and whether any steps are being taken to make rice available at fair prices in fair price depots?

THE HON. SRI C. SUBRAMANIAM:—“The Government have fixed the procurement prices for paddy under the levy scheme in Guntur district at Rs. 9-14-6 per maund for first sort and Rs. 9-6-3 per maund for second sort.

“Paddy is not usually issued through fair price shops, but only rice. With effect from 28th June 1953, the Government have reduced and refixed the wholesale pool prices for rice to be issued through fair price shops throughout the State including the Guntur district at Rs. 19-12-0 per maund for first sort and Rs. 15-4-0 per maund for second sort. Based

30th July 1953]

on these rates, the Government have ordered that the retail price to the consumer should be round about As. 14-6 per Madras measure for first sort and As. 11-6 per Madras measure for second sort, as far as possible. These prices have been fixed on a ‘no profit no loss’ basis taking into account the cost of rice obtained and supplied to this State by the Government of India from different sources, and they are the minimum possible. Steps will be taken to open fair price shops in Guntur district during the ensuing lean months in the district and to issue rice as well as other grains through them.”

Arrest of two Members of the House of People at Madras on 14th July 1953.

* 1302 Q.—SRI P. RANGASWAMI REDDIAR: Will the Hon. the Chief Minister be pleased to state—

(a) whether Messrs. S. Guruswami and V. Veeraswami (Members of House of People) were arrested at Madras on 14th July 1953 outside the compound of the Madras Legislative Assembly;

(b) if so, whether Mr. V. Veeraswami was released four hours later; and

(c) the reasons for the arrest of the two and the release of one?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) to (c) Sri S. Guruswami was arrested at Madras on 14th July 1953 outside the compound of the Madras Legislative Assembly on the Wallajah Road. Sri Guruswami was arrested for leading a procession on the Wallajah Road near the Legislative Assembly premises in contravention of the prohibitory orders issued under section 41 of the City Police Act prohibiting processions and demonstrations in the area round the Legislative Assembly buildings, notified in the orders.

“As regards Sri Veeraswami, Government had received information that Sri Veeraswami, M.P., would be going to the Assembly premises and raise some protest against the Education policy. Instructions had therefore been issued that he should be allowed free access to the Assembly. It, however, turned out subsequently that Sri Veeraswami was mixed up with the group of persons who were taken to the Vepery Police Station for identification and interrogation. As soon as the identity of Sri Veeraswami became known to the local officer-in-charge, he informed him that he was not under arrest; this was hardly ten or fifteen minutes after these persons had got into the Police van at Wallajah Road. Sri Veeraswami, however, insisted upon being taken to the office of the Commissioner along with the other persons who had been arrested but arrangements were made in the office of the Commissioner of Police to take him to the house where he was staying while in Madras.”

[30th July 1953]

Retrenchment among the staff working under the Machkund Project.

* 1303 Q.—SRI K. GOVINDA RAO: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether any retrenchment is proposed to be effected in the staff working in the Machkund Hydro-Electric Project; and

(b) the reasons for the same?

THE HON. SRI N. RANGA REDDI:—“(a) The answer is in the negative.

“(b) Does not arise.”

Visit of the Moral Rearmament delegation to Madras.

9-50 a.m. * 1304 Q.—SRI M. KALYANASUNDARAM: Will the Hon. the Chief Minister be pleased to state—

(a) whether the Government gave any facilities to the Moral Rearmament delegation led by Dr. Buchman during their visit to Madras and, if so, what were the facilities so given; and

(b) whether such facilities were given free of cost?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) Members of the Moral Rearmament delegation were given transport on contract terms, i.e., eight annas per bus mile subject to a minimum of Rs. 25 per day, during their stay in the Madras City. They were allowed to stay in the Legislators' Hostel on payment of Rs. 3 per head per day and were also permitted to use the Rajaji Hall for two days on payment of the prescribed charge of Rs. 65 per day.

“(b) I may assure hon. Members that I have taken as much as possible from the delegation.”

Repairs to bridges at Yerravaram and Annavaram, East Godavari district.

* 1305 Q.—SRI N. V. RAMA RAO: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether it is a fact that the bridges which were washed away on account of the cyclone in the year 1949 at Yerravaram and Annavaram (East Godavari district) on Great Northern Trunk Road and the cement slope at Veeralankapalli between Rajahmundry and Gokavaram have not yet been taken up for repairs even though three years have elapsed;

(b) whether the Government received any representations and photos of the breaches in these bridges showing the difficulties felt by the bus and lorry operators as well as the public in crossing these bridges; and

(c) whether the Government propose to take urgent steps for the early reconstruction of the above bridges?

30th July 1953]

THE HON. SRI N. RANGA REDDI:—“(a) The work of reconstructing the bridge at Annavaram is in progress and is expected to be completed shortly, if not, already completed. The estimate for reconstructing the bridge at Yerravaram has been sanctioned and that for the remodelling the road dam across the Veeralankapalli Vagu is under preparation. Both works are being taken up this year.

“(b) Yes.

“(c) Steps have been taken for the reconstruction of the bridges referred to in clause (a).”

Corruption among Government servants.

* 1306 Q.—SRI M. VEERABHADRAM (on behalf of Sri C. V. K. Rao): Will the Hon. the Chief Minister be pleased to state—

(a) the number of Government servants tried for corruption from April to December 1952;

(b) how many were Gazetted Officers; and

(c) how many were found guilty and what action has been taken?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) One hundred and ninety-three.

“(b) Forty-three.

“(c) Fifty-one were found guilty; and action against them was as follows:—

Dismissed	...	...	...	...	...	...	...	16
Removed	...	...	...	...	...	...	...	11
Discharged	...	...	...	...	...	...	...	8
Compulsorily retired	...	...	...	...	...	...	...	9

Reduced	...	...	...	...	...	...	...	2
Reverted	...	...	...	...	...	...	...	1
Censured	...	...	...	...	...	...	...	2
Warned	...	...	...	...	...	...	...	1

“Let these answers not be misunderstood. We have thousands of Government servants in our State and these figures need not give the impression that a large percentage of our people are corrupt.”

Krishna-Pennar Project subdivision.

* 1307 Q.—SRI G. RAMA RAO: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether there is any subdivision like Krishna-Pennar Project subdivision still in existence; and

(b) if so, what is its strength and what are its duties and how much amount is being spent every month on this subdivision?

[30th July 1953]

THE HON. SRI N. RANGA REDDI:—“(a) & (b) Two divisions consisting of ten officers and also subordinate staff have been sanctioned temporarily to attend to the investigation of the Nandikonda canal and Pulichintala dam, remodelling of the Kurnool-Cuddapah canal, and reinvestigation of Pennar dam, etc., agreed upon at the instance of the Planning Commission, and for the completion of work relating to the investigation of the Siddeswaram dam, Krishna-Pennar canals, pick-up barrage on the Pennar, the Gandikonda Project, etc.

“The monthly expenditure on the staff is about Rs. 25,000.”

I.—POINTS OF ORDER—cont.

(1) THE CONTINUANCE OF THE PRESENT GOVERNMENT—cont.

MR. SPEAKER:—“Questions are over. The House will remember that Sri T. Viswanatham raised a point of order, and I told the House that he did not give notice of it. Sri Swayamprakasam then wanted to know whether it was necessary to give previous notice to the Speaker of any point of order. I told the House that the point of order in question related to an event which had occurred in the House earlier, and that therefore previous notice should be given. There need not be notice for points of order which arise unexpectedly in the course of the debate. I wish to quote to the hon. Member, Mr. Swayamprakasam, what Mr. Michael Macdonagh says in his book entitled ‘Speaker of the House’, on this subject. In the chapter on ‘Speaker’s Responsibilities’, he says—

‘It is the custom for Members to give the Speaker private notice of questions on points of order, unless, of course, such as arise unexpectedly in debate.’

Mr. Michael Macdonagh is an authority on this subject.”

SRI V. CHIDANANDAM:—“Mr. Speaker, Sir, some questions have not been answered. I sent a short notice question. That question may be answered now.”

MR. SPEAKER:—“I am sorry, I have left out some questions. I hope the House will not misunderstand me. We will take up questions again.”

THE HON. SRI C. RAJAGOPALACHARI:—“Sir, I wish to add that no Speaker could possibly have dealt with points of order better than what you have been doing. With great respect, I may say that you are much more lenient than the rules required the Speaker to be.”

II.—QUESTIONS AND ANSWERS—cont.

STARRED QUESTIONS—cont.

Gundlakamma Minor Irrigation Project, Ongole taluk.

* 1308 Q.—SRI M. NARAYANASWAMY: Will the Hon. the Minister for Public Works be pleased to state—

(a) the results of the investigation of Gundlakamma Minor Irrigation Project in Ongole taluk of Guntur district; and

[30th July 1953]

(b) the estimated cost of the project and the acreage that it can irrigate?

THE HON. SRI N. RANGA REDDI:—“(a) No scheme known as ‘Gundlakamma Minor Irrigation Project’ in Ongole taluk, Guntur district, has been investigated. A scheme for utilizing the waters of the Gundlakamma was however investigated but was deferred as the same area and additional areas may possibly be irrigated under a canal from the Nandikonda dam in the event of a part of the Madras share of the Krishna waters being utilized through that proposed dam.

“(b) The original scheme was estimated to cost Rs. 180 lakhs for works only for the irrigation of 28,500 acres.”

Staff of the Madras Electricity System.

* 1309 Q.—SRI A. RATHINAM: Will the Hon. the Minister for Public Works be pleased to state—

(c) how many Harijans are working at present in the Electricity System in the cadre of Officers, Engineers, clerks, fitters, and mechanics, peons and coolies?

THE HON. SRI N. RANGA REDDI:—“(a) The present strength of the Madras Electricity system is 3,331.

“(b) 1,224.

“(c) Engineers	Nil.
Other Officers	Nil.
Clerks	27
Fitters and Mechanics	51
Peons and Coolies	283”

Reservoir in the Papaghni at Mundlavaripalley village, Kadiri taluk.

* 1310 Q.—SRI S. NARAYANAPPA (on behalf of Sri G. Sivasankara Reddi): Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the Government have received any representation recently from the villagers of Thavalam in Kadiri taluk for the construction of a reservoir across Papaghni river near Chandrayanaswami Gudy in Mundlavaripalley village in Kadiri taluk; and

(b) if so, what action has been taken by the Government?

[30th July 1953]

THE HON. SRI N. RANGA REDDI:—“(a) & (b) No representation has been received recently from the villagers of the Thavalam for the construction of a reservoir across the Papaghni river. The scheme has however been investigated and plans and estimate are under scrutiny by the Chief Engineer (Irrigation).”

Bridges over Vethuvaikal running in Chidambaram taluk.

* 1311 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Local Administration be pleased to state—

(a) whether the Government received representations from the public of Chidambaram taluk and Udayarpalayam taluk for the construction of a bridge near Kandamangalam and another near Nattaramangalam across Vethuvaikal running in Chidambaram taluk; and

(b) if so, the action taken by the Government thereon?

THE HON. SRI N. SANKARA REDDI:—“(a) & (b) Representations have been received for the construction of a bridge over the Vethuvaikal near Kandamangalam. No representation has been received for a bridge at Nattaramangalam. Both the works are included in the Five-Year Plan of Post War Road Development. They will be taken up for execution by the District Board in due course.”

Dredgers, bulldozers and cranes with the Public Works Department.

* 1312 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the Public Works Department lend or allow the use of any dredgers, bull-dozers, and cranes for excavating silted up tanks and rivers, for deepening canals and reservoirs and for removing earth to far off places; and if so, how many of them and in what divisions; and

(b) how many dredgers, bull-dozers and cranes are now in active service in the Public Works Department and if so on what works they are employed now?

THE HON. SRI N. RANGA REDDI:—“(a) Heavy tools and plant in the Public Works Department may be lent on hire to other departments, or private parties or contractors for hire on other works (other than Government works), when not in use during the off season. But dredgers, bull-dozers and cranes are not lent for use, or used, on excavation of silted up tanks, rivers, etc.

“(b) The information required is not readily available. The time and labour involved in collecting the information will be incommensurate with the purpose sought to be achieved.”

30th July 1953]

Anicut across the Pennar at Vakamada, Siddhout taluk.

* 1313 Q.—SRI V. CHIDANANDAM: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the Government have received a petition from the ayacutdars under the Vogur-Vakamada Project for the construction of an anicut across river Pennar at the project site near Vakamada in Siddhout taluk of Cuddapah district;

(b) whether it is a fact that they represented orally to the Hon. Minister and the Chief Engineer that they would contribute some amount per acre;

(c) whether it is a fact that the Chief Engineer was requested to provide them with a rough estimate for the same so that they might be able to know what they would have to pay; and

(d) if so, what action has been taken regarding the matter?

THE HON. SRI N. RANGA REDDI:—“(a), (b) & (c) The answer is in the affirmative.

“(d) It was found on examination that under the physical conditions existing at the site of the offtake of the Vogur Vakamada channel the construction of a dam across the Pennar as suggested was out of the question. Hence the matter was not pursued further.”

Stay of some Hon. Ministers at Ootacamund.

* 1314 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Chief Minister be pleased to state— 10 a.m.

(a) whether the Government or some of the Hon. Ministers went to Ootacamund for summer halt this year;

(b) the duration of their stay at the hill stations; and

(c) whether the office staff under the respective Ministers also had a shift to and fro along with them?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) The Government did not move to the hills during the summer this year. But seven Ministers visited Ootacamund during the period, two on private business and the remaining five in connexion with their official duties.

“(b) The duration of their stay is as follows:—

Minister (Health)—from 4th to 5th June 1953.

Minister (Public Works)—from 14th to 23rd May 1953.

Supply of yarn to handloom weavers.

* 1315 Q.—MR. SPEAKER:—"The hon. Member Sri Pragada Kotaiah who gave notice of the question is not in his place. So, the question together with the answer will be printed in the proceedings."

SRI P. KOTAIAH: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) the steps taken by the Government to make available adequate quantities of 40s spun out of Indian cotton to the handloom industry; and

(b) the number of bales of 40s yarn required for monthly consumption of the handloom industry in this State and the number of bales actually supplied in a month on an average during the last six months?

THE HON. DR. U. KRISHNA RAO:—" (a) This Government requested the Government of India that all Indian Cotton suitable for spinning 40s count yarn may be reserved for making yarn intended for handlooms and that composite mills should not be allowed to use such yarn in their weaving sections.

"(b) Particulars regarding the monthly requirements of 40s yarn alone for the handloom industry are not available. Based on the demands and allotments, the requirements of handlooms under the count group 36s to 44s come to 5,035 bales of 400 lb. each per month. The number of bales actually delivered in a month on an average during the last six months is 1,130 bales in this group."

Work-charged establishments.

* 1316 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether the Government have any proposal to make permanent the services of the work-charged establishments;

(b) whether the work-charged establishments are granted the concessions given to N.G.Os.; and

(c) whether the Roller drivers, cleaners and maistries are given any house-rent allowance?

THE HON. SRI N. RANGA REDDI:—" (a) Such of the posts in the work-charged establishments as are required continuously for the normal working of the departments have been provincialized and retained on a regular basis with the same rights and privileges as regular establishment under the Government. Some of the provincialized posts are permanent and some temporary as is the case in any service.

[30th July 1953]

Proposals for the provincialization of work-charged establishments in the Highways Department have been deferred as the numbers and categories of posts may undergo changes when the Andhra State is separated.

" (b) The educational concessions granted to the children of the N.G.Os. are applicable to the children of the work-charged employees who are in receipt of regular monthly scales of pay or fixed monthly rates of pay. Children of other employees, viz., casual workers, daily-paid staff and workers paid on all-in-wage rates are not eligible for the concession as their wages are generally in accordance with current market rates. A proposal to extend to the work-charged establishment the medical concessions granted to the N.G.Os. and their families is under consideration.

" (c) Maistries in the Public Works Department whose services have been provincialized are eligible for House Rent Allowance, if they are employed in a place included among the places to which the scheme of House Rent Allowance to Government employees has been extended. Roller drivers and cleaners in the Highways Department are also given House Rent Allowance. Maistries in the Highways Department are not eligible for the allowance as their services have not been provincialized. The pay of the non-provincialized work-charged establishment is fixed at market rates which include an element of House Rent Allowance also."

Construction of the Thekkil bridge, Kasaragod taluk.

* 1317 Q.—SRI M. NARAYANAN NAMBIAR: Will the Hon. the Minister for Public Works be pleased to state—

(a) when the Thekkil Bridge across the Payaswami river in Kasaragod taluk, South Kanara district, was sanctioned;

(b) the amount sanctioned;

(c) whether the sanctioned amount was increased later for any reason;

(d) if so, how much and for what reasons; and

(e) at what stage the work is at present?

THE HON. SRI N. RANGA REDDI:—" (a) February 1948.

" (b) Rs. 5.50 lakhs.

" (c) Yes.

" (d) By Rs. 4.60 lakhs for the following reasons:—

(1) Modifications in foundations on the basis of actual borings;

(2) Increase in the schedule of rates for 1948-49 over the rates for 1947-48;

(3) Increase in the cost of cement and steel; and

[30th July 1953]

(4) adoption of local rates for special kinds of work for which labour had to be imported from outside.

“(e) The work is in progress and is expected to be completed before the end of 1953.”

Assignment of Romperu lands in Guntur district.

* 1318 Q.—MR. SPEAKER:—“The hon. Member, Sri Pragada Kotaiah, who gave notice of the question is not in his place. So the question together with the answer will be printed in the proceedings.”

SRI P. KOTAIAH: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the Government have appointed a Special Deputy Collector for assignment of Romperu lands in Guntur district;

(b) if so, when; and

(c) what is the policy adopted by him in assigning the lands?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) Yes, Sir.

“(b) The Special Deputy Collector joined duty on 23rd May 1953.

“(c) The Special Deputy Collector is not empowered to assign land. The assignment will be done by the Collector after the Government pass orders on the report of the Committee appointed to go into the question of assigning these lands.”

Fair price shops in Mangalore.

* 1319 Q.—SRI K. ISHWARA: Will the Hon. the Minister for Finance be pleased to state—

(a) whether any representations have been received from the public of Mangalore regarding fair price ration shops;

(b) if so, what action was taken by the Government;

(c) what price has been fixed per mura of rice and retail price per seer; and

(d) whether there is any proposal for seizure of rice from landlords; and if so, when?

THE HON. SRI C. SUBRAMANIAM:—“(a) Yes.

“(b) (i) The rice content of the ration in the informally rationed area of Hosdrug sub-taluk was increased from 6 to 7 ounces with effect from 7th June 1953.

(ii) The rice content of the ration in the ex-statutorily rationed areas of the district, namely, Mangalore, Udipi and Kasargod, was raised from 4 to 7 ounces with effect from 7th June 1953.

30th July 1953]

(iii) Fair price shops have been opened in the rural areas of the district wherever necessary and two ounces of rice plus eight ounces of wheat and/or millets are being issued with effect from 28th June 1953.

“(c) The Government have not fixed separate prices per mura or seer of rice. They have fixed pool prices at Rs. 19-12-0 and Rs. 15-4-0 per imperial maund for first and second sort rice respectively. Based on the pool prices, the retail prices will be about Re. 0-14-6 per Madras measure for first sort rice and Re. 0-11-6 per Madras measure for second sort rice.

“(d) The Collector of South Kanara has already been instructed to requisition paddy from the hoarders under the Food-grains (Licensing and Procurement) Order, 1952.”

Gruel centres for pitloom weavers in Pazhampalakode, Palghat taluk.

* 1320 Q.—SRI R. KRISHNAN: Will the Hon. the Minister for Land Revenue be pleased to state whether the Government have received any memorandum or resolution from Pazhampalakode, Palghat, Malabar, pitloom weavers requesting for the opening of gruel centres, and if so, what action has been taken thereon?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“Two memoranda were received—one by the Government and another by the Collector of Malabar—from the pitloom weavers of Pazhampalakode in Palghat taluk, for the opening of a gruel centre there. But, nothing could be done in the matter as Pazhampalakode of Palghat taluk is neither a municipality nor a major panchayat coming within the scope of the scheme for opening special gruel centres for weavers.”

Gruel centres for pitloom weavers in Puthucode, Palghat taluk.

* 1321 Q.—SRI R. KRISHNAN: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the amount sanctioned by the Government for the unemployed pitloom weavers in Puthucode village, Palghat, Malabar, the amount distributed for each family; and

(b) whether the Government have received any request from the Puthucode weavers through the Collector of Malabar or any other source to open gruel centres, and if so, what action has been taken thereon?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) A sum of Rs. 900 was allotted for the relief of weavers in the Palghat taluk of the Malabar district. The entire sum of Rs. 900 was disbursed among the distressed weavers in Puthucode at the rate of Rs. 2-5-0 per family.

“(b) Yes. But no gruel centre for weavers could be opened in Puthucode as it is not within a municipality or a major panchayat. The policy of the Government is to open special gruel centres for weavers only in big urban weaving centres.”

[30th July 1953]

Tour of the Union Minister for Commerce and Industries in Southern districts.

* 1322 Q.—SRI M. KALYANASUNDARAM: Will the Hon. the Minister for Land Revenue be pleased to state in connexion with the recent visit of the Union Minister for Commerce and Industries, Hon. Sri T. T. Krishnamachariar, to the scarcity areas of the districts of Tiruchirappalli, Ramanathapuram, Tirunelveli, etc.—

(a) whether he undertook this tour at the request of the State Government; and

(b) whether he forwarded any report to the State Government after the conclusion of his tour?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) No.

“(b) The answer is in the negative.”

Pay of village munsifs.

* 1323 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether there is any difference in the rates of pay of the village munsifs of the Government villages and the zamin villages taken over by the Government; and

(b) if so, the reason for the same?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“(a) Yes. The scales of pay of a village munsif are as shown below:—

Ryotwari areas.—Rs. 17 per mensem in most cases, with a dearness allowance of Rs. 3 per mensem.

Estate villages taken over by Government.—Rs. 11 per mensem (minimum) in most cases with a dearness allowance of Rs. 3 per mensem.

“(b) The village officers in estates taken over under the Abolition Act are still being paid at the lower scales of pay applicable to village officers in proprietary areas. A proposal to refix their salaries at the rates at which the bulk of the village officers in the ryotwari areas in the district are paid is under the consideration of Government.”

MR. SPEAKER:—“Questions are over.”

III.—PRIVILEGE MOTIONS.

(1) EDITORIAL IN “THE INDIAN EXPRESS”, DATED THE 30TH JULY 1953.

MR. SPEAKER:—“The hon. Member, Sri P. Rangasami Reddier, has written a letter to me giving notice of a privilege motion, which reads as follows:—

“I beg to bring to your notice the above editorial (editorial of the *Indian Express*, morning edition, dated the 30th July 1953), particularly the lines.—

“But another amendment that the scheme be stayed and referred to an expert committee, was somehow allowed to be voted on and was actually passed by a narrow majority.”

PRIVILEGE MOTION re EDITORIAL IN “THE INDIAN EXPRESS,” 1833
DATED THE 30TH JULY 1953

30th July 1953]

[Mr. Speaker]

The above sentence, particularly the *italicized* words constitute a grave reflection on the decision of the Chair and amounts to bringing the Hon'ble Speaker and the dignity of the Chair into contempt.

The succeeding sentence, particularly the words characterizing the discussion as having taken place in a *confused atmosphere* amounts to a grave reflection on the deliberations of the entire House and constitutes an attempt to bring the House into contempt.

I, therefore, propose to move that the above two questions concerning the arrogant presumptions and reckless editorial of the *Indian Express* be referred to the Committee of Privileges.

Motion.

“Having considered carefully the editorial of the *Indian Express*, morning edition, dated 30th July 1953, and being convinced that it contains statements tending to bring into contempt the office of the Hon. Speaker, the custodian of the rights and privileges of the House and also the dignity of the House and, therefore, of the rights and privileges of the entire people of the State, this Assembly resolves to invoke the prerogative of this Assembly by referring the matter to the Committee of Privileges.”

In such cases, I must inform the House of the principle followed in England which was laid down as late as 1701. The following extract from May's Parliamentary Practice gives the resolution passed by the House of Commons in 1701:—

“In 1701, the House of Commons resolved that to print or publish any books or libels reflecting on the proceedings of the House, is a high violation of the rights and privileges of the House, and indignities offered to their House by words spoken or writings published reflecting on its character or proceedings have been constantly punished by both the Lords and the Commons upon the principle that such acts tend to obstruct the Houses in the performance of their functions by diminishing the respect due to them.

Reflections upon Members, the particular individuals not being named or otherwise indicated, are equivalent to reflections on the House.”

“In this connexion, I wish to bring to the notice of the hon. Members of this House that in 1938 the ‘Daily Mail’ Reporter said something and the matter was referred to the Privileges Committee which reported as follows:—

“Your Committee are of opinion that it is not consistent with the dignity of the House that penal proceedings for breach or privilege should be taken in the case of every defamatory statement which, strictly, may constitute a contempt of Parliament. Whilst recognizing that it is the duty of Parliament to intervene in the case of attacks which may tend to undermine public confidence in and support of the institution of Parliament itself, your Committee think it important that, on the one hand, the law of Parliamentary privilege should not be administered in a way which would fetter or discourage the free expression of opinion or criticisms, however prejudiced or exaggerated such opinions or criticisms may be, and that, on the other hand, the process of Parliamentary investigation should not be used in a way which would give importance to irresponsible statements.”

I may state that hon. Member Sri Viswanatham has also brought to my notice the comments made in some Telugu paper. I advised him not to take serious notice of these things. As was stated by the Hon. the Chief Minister, I have been a little lenient. But I may tell the hon. Members that I know when to be lenient and when to be strict. (Laughter.) Sometimes, I am lenient, because most of the Members are new and it is not possible for them to know the Parliamentary Procedure and Rules. It will take them some time to do so. Once a new Member in the House of Commons asked the Clerk of the House how to learn the rules. The Clerk

[Mr. Speaker]

[30th July 1953]

replied, 'Break the rules and the Speaker is there to correct you'. (Laughter.) As far as I am concerned, I do not want to boast myself, but I want to say that I have closely studied May's Parliamentary Practice and other books on Parliamentary Procedure and Practice. Still, I am having some confusion in some matters. Similarly, the Editors may be new people and it is not possible for all of them to know the privileges of the Legislature and Parliamentary Procedure and Rules. I hope it is better if the hon. Members leave the matter to me. I will write a letter and admonish him, instead of referring the matter to the Privileges Committee. I think the House will agree with my suggestion."

SRI T. VISWANATHAM:—"Sir, I think the purpose will be served by your writing a letter of admonition."

SRI P. RANGASAMY REDDIAR:—"Sir, . . ."

MR. SPEAKER:—"Sri T. Viswanatham has agreed with my suggestion on behalf of the Praja-Socialist Party. I hope the hon. Member is also agreeing with me."

SRI P. RANGASAMY REDDIAR:—"Sir, I wish to say a few words. It is my painful duty to draw the attention of the hon. Members of this House to another sentence contained in the editorial of the *Indian Express* about which I have already complained and it is this: 'On the contrary a large number of Members were so pre-occupied with the impending division of the State that they could not apply their minds to the problem before them with the requisite sense of reality.' I wish to know whether this amounts to *bona fide* criticism of the deliberations of this House."

MR. SPEAKER:—"Let the hon. Member leave all these things to me and let him kindly accept my suggestion."

SRI P. RANGASAMY REDDIAR:—"Yes, Sir, I agree."

MR. SPEAKER:—"Thank you."

SRI S. SWAYAMPRAKASAM:—"The admonition must be published in the papers, Sir."

SRI M. KALYANASUNDARAM:—"Sir, I accept your suggestion to write a letter of admonition. I want to make certain observations with regard to that. Admonition would be quite sufficient for this reason . . ."

MR. SPEAKER:—"Let us not prolong the discussion. I have already indicated the action that I am going to take."

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, the word 'admonition' is being repeated by Members. I don't think that word was used by you, Sir. I think you said that you will write a letter."

30th July 1953]

MR. SPEAKER:—"Yes, I will first write a letter. If he is recalcitrant and does not withdraw, I must admonish him, whoever he may be."

SRI V. CHIDANANDAM:—"Sir, . . ."

MR. SPEAKER:—"The matter is over. Let us not prolong the discussion on this subject."

Point of Information re strike in the Simpson Group of Industries.

(SRI M. KALYANASUNDARAM:—"Sir, on a point of information. I think to-day is the last day of this session. You will remember that I gave notice of a short notice question with regard to the strike in the Simpson Group of industries. The Hon. Minister for Industries promised to give a reply, but we have not yet known anything about it. Though the workers have decided to withdraw the strike, the management refuses to take them back to duty. May I know what action the Government propose to take?")

MR. SPEAKER:—"I must repeat what I said previously. The hon. Member could have told this in my chamber instead of taking us by surprise."

SRI M. KALYANASUNDARAM:—"I did not want to trouble you, Sir."

MR. SPEAKER:—"It is not a question of troubling me. We should follow some Parliamentary Procedure and Practice."

THE HON. SRI C. RAJAGOPALACHARI:—"I am sorry the Minister for Industries is not here. So far as my information goes, everything is going on smoothly and I do not think there is any such difficulty as is referred to by the leader of the Communist party."

SRI M. KALYANASUNDARAM:—"A number of arrests have taken place."

THE HON. SRI C. RAJAGOPALACHARI:—"Arrests have nothing to do with the work in the shop."

SRI M. KALYANASUNDARAM:—"But, the work is not proceeding."

MR. SPEAKER:—"It is most unparliamentary if conversation goes on like this."

I.—POINTS OF ORDER—*cont.*

(2) THE CONTINUANCE OF THE MODIFIED ELEMENTARY EDUCATION SCHEME.

SRI T. NAGI REDDI:—"On a point of information, I would like to say . . ."

[30th July 1953]

MR. SPEAKER:—"The hon. Member Sri Nagi Reddi was not here this morning when Mr. Viswanatham raised the point. I have already told him . . ."

SRI T. NAGI REDDI:—"It is not about that point, Sir. My point is entirely different. We passed a resolution yesterday requesting the Government to stay the elementary education scheme and appoint an expert committee to go into the question. I want to know whether the Government have sent instructions to the Education Department to suspend the scheme immediately and whether the Government have taken up steps to form the committee of non-officials and officials. We will be leaving this place to-day as to-day is the last day of this session. That is why we are anxious to know whether the Government will immediately implement the decision that has been taken in the Assembly yesterday."

MR. SPEAKER:—"To-day is the last day and I do not want to be strict. Mr. Nagi Reddi could have told me previously about his intention to raise this point on the floor of the House, instead of taking people by surprise. Moreover it is not a point of order."

SRI T. NAGI REDDI:—"Sir, I expected the Government to make a statement on this question to-day regarding the steps that they propose to take to implement the decision taken by the House yesterday. As they have not come forward with a statement, I had to raise this point and seek information through you, Sir. I want at least an assurance from the Government that they will immediately take steps to implement the resolution that was passed yesterday."

10-20 a.m. SRI T. VISWANATHAM:—"Sir, after hearing Mr. Nagi Reddi, I feel really a point of order has arisen. The fact is yesterday we passed a resolution. The hon. Member tells me that the word 'recommendation' was not at all there. But 'The Hindu' has put it so. The report is that 'on such consideration, the House recommends . . .' and so on. I do not know what the official documents show. If it is a fact it was a recommendation, the fact remains that the Government strongly opposed it. So, the House having accepted a particular decision, the Government must follow it up. The very object of that decision is that immediate orders should be passed staying the scheme. But the Chief Minister is reported to have stated that it is only a recommendation. Therefore, a point of order has arisen."

MR. SPEAKER:—"Let me hear Mr. Kalyanasundaram."

SRI M. KALYANASUNDARAM:—"The amendment that was carried and the motion that was passed were mandatory, and not recommendatory."

THE HON. SRI C. RAJAGOPALACHARI:—"If it is mandatory, you may bring in a motion of no confidence later."

30th July 1953]

SRI M. KALYANASUNDARAM:—"I am sorry the Hon. Chief Minister takes it in that light. If we had intended to do so we would have done it, but the scope of the motion was to reject the modified scheme of education. For that purpose an expert committee was demanded and that was the scope of the amendment which was passed with the consent of the various parties. It is not the desire of any party to move the other motion. All the parties were agreed on one thing that the present scheme must be modified with regard to certain details. The motion had been passed and the Government are bound by it. My suggestion is that the Government should carry it out and I request the Speaker to treat the Hon. Chief Minister's statement also as amounting to contempt. You have just now disposed of a contempt case in respect of the 'Indian Express'. The Hon. Chief Minister has also brought the proceedings of this House into contempt by saying that it is recommendatory."

SRI T. C. NARAYANA NAMBIAR:—"Sir, I want to make a submission."

MR. SPEAKER:—"I cannot allow the hon. Member. The Chief Minister . . ."

* THE HON. SRI C. RAJAGOPALACHARI:—"Sir, apparently—I hope I am not misjudging—there is a keen desire to create a certain amount of uncertainty and confusion. The Government will give due consideration to the views expressed in the House. Reorganization of elementary schools in the State has proceeded apace in accordance with the modified scheme and it will be most undesirable at this stage to interrupt and disturb the working of the schools in the middle of the school year. The Government have already assured the Opposition that an expert committee will be appointed in due course to appraise the results and make its considered recommendations."

SRI T. VISWANATHAM:—"Sir, a question of privilege has arisen."

MR. SPEAKER:—"The Chair should be given some time to consider these things."

SRI T. VISWANATHAM:—"From the statement made by the Chief Minister just now I see that they will 'consider'. There is nothing for them but to accept the verdict of this House. If the Hon. Chief Minister is of the opinion that the recommendatory verdict or vote of the House was to make a plaint to him to consider the case, he is mistaken. It was not as if we came with a plaint to him. The Assembly considered the pros and cons of the whole matter and gave a decision. And it is not open to the Government to say that they will consider. This raises a question of privilege and the Government are bound to accept the decision and implement it as early as possible. There is no question of further consideration."

[30th July 1953]

* THE HON. SRI C. RAJAGOPALACHARI:—"With due deference, Sir, I think that points of 'privilege' have been raised more often than necessary. There can be no question of privilege motion here. The Government have stated their present mind in the matter. If any question arises it is a question of confidence and not privilege of the House."

SRI T. NAGI REDDI:—"Sir, I must say that the question is a very important one whether there is the question of confidence or no confidence in it. Yesterday we passed a resolution without considering the question of confidence or no confidence. It was a resolution passed against the new elementary education scheme and it was a categorical resolution that was passed yesterday that the scheme should be immediately stayed. The Government who have been talking of democracy so often must accept it immediately as the democratic voice of the Assembly. It should be put into effect immediately. Therefore, the question is one of the rights of the Members, the duties of the Government and how far the Government can go in implementing the resolution of the Assembly."

MR. SPEAKER:—"I must have time to look into the matter. The hon. Member may put it in writing and send it on to me."

IV—NON-OFFICIAL BUSINESS.

(1) MOTION *re* MODIFICATIONS TO THE NOTIFICATION *re* EXTENSION OF THE TANJORE TENANTS AND PANNAIYAL PROTECTION ACT.

MR. SPEAKER:—"Before Mr. Ramalingam moves his motion, I wish to know whether the Hon. the Minister for Revenue wishes to say anything by way of preface?"

THE HON. SRI M. A. MANICKAVELU NAICKER:—"No, Sir."

10-30 SRI S. RAMALINGAM:—"கனம் சபாநாயகர் அவர்களே, 8.11. தஞ்சாவூர் சாகுபடி பண்ணையாள் பாதுகாப்பு சட்டத்தை சிதம்பரம் தாலுகா விற்கும் . . ."

MR. SPEAKER:—"Let us have a discussion on all the amendments and then I will put them to the vote of the House one by one. The hon. Member Sri S. Ramalingam will first move his amendments and then speak."

SRI S. RAMALINGAM:—"I move—

'That the following modifications be made in the Notification No. 278, published with G.O. Ms. No. 1769, Revenue, dated 24th June 1953, published in the Fort St. George

[Sri S. Ramalingam] [30th July 1953]

அதேமாதிரியாக தஞ்சாவூருக்கு மிகவும் அருகாமையிலிருக்கும் திருச்சி ஜில்லாவைச் சேர்ந்த சில தாலுக்காக்களுக்கும் இந்தச் சட்டத்தை விஸ்தரிக்க முன்வரவேண்டுமென்று மக்கள் செய்துகொண்டிருக்கும் கிளர்ச்சி சர்க்காருக்குத் தெரியுமென்று நம்புகிறேன். ஆகவே இந்தச் சட்டத்தை அந்த ஜில்லாவிலுள்ள தாலுக்காவிற்கும் விஸ்தரிக்கவேண்டுமென்று நான் கேட்டுக்கொள்கிறேன். தஞ்சாவூர் ஜில்லாவில் கொண்டுவரப்பட்டிருக்கும் சட்டம் உண்டையில் அங்கு அமைதி நிலவும்படி செய்வதற்கு பெருவாரியாக உதவியதே தவிர ஏழை விவசாயிகளின் குறைகள் எதுவும் தீர்க்கப்படவேயில்லை. அவர்களுடைய பல நியாயமான கோரிக்கைகள் எதுவும் தீர்க்கப்படவில்லை. இந்தச் சட்டம் அந்தத் தாலுக்காவில் ஒரு வருஷமாக அமுலிலிருந்துவருவதில் அதிலுள்ள சில குறைபாடுகளை சர்க்காரின் கவனத்திற்குக் கொண்டுவர விரும்புகிறேன். குறிப்பாக இந்தச் சட்டத்தின் நோக்கம் விவசாயிகளை நிலச்சுவாந்தார்கள் நிலத்திலிருந்து அகற்றிவிடக் கூடாதென்றும், நேரடியாக நிலத்தில் பாடுபடுகின்ற விவசாயிகளுக்கு இந்தச் சட்டத்தின் மூலம் பாதுகாப்பு அளிப்பதும் தான் என்று காணப்பட்டிருக்கிறது. ஆனால் தஞ்சாவூர் ஜில்லாவில் அமுலில் நடந்து கொண்டிருக்கிற சட்டம் விவசாயிகளுக்கு உண்மையில் எந்த வகையில் பயன்படுகிறதென்பதைப்பற்றி நான் சபையின் கவனத்திற்கு சில விஷயங்களைச் சொல்ல விரும்புகிறேன். தஞ்சை ஜில்லா பண்ணையாள் பாதுகாப்புச் சட்டத்தில் 6-வது ஷரத்து, 1-வது பிரிவில்,

‘Every cultivating tenant who was in possession of any land on the 1st day of December 1951 shall be entitled to be in possession thereof as such tenant, subject to the provisions of this Act, until the expiry of a period of five years from the commencement of the agricultural year 1952-53’

என்பதாக, 1951-ம் வருஷம் டிசம்பர் மாதம் 1-ம் தேதி எந்த விவசாயி நிலத்தில் பயிரிட்டுக்கொண்டிருக்கிறானோ அவனுக்கு அதற்குப் பிறகு 5 வருஷம் வரை நிலத்தை பயிரிடுவதற்கு பூர்ண உரிமை கொடுக்கிறது. ஆனால் 1952-53-ல் சாகுபடி செய்துகொண்டிருப்பவனுக்கு 1956-ல் சாகுபடி செய்ய உரிமை உண்டா இல்லையா என்பதைப்பற்றி தெளிவாகச் சொல்ல வில்லை. விவசாயிகளுக்குப் பாதுகாப்பு அளிக்கவேண்டுமென்ற நல்ல நோக்கத்துடனேயேதான் இந்தச் சட்டம் ஐந்து வருஷங்களுக்கு விவசாயிகளுக்கு பாதுகாப்பு அளிப்பதாகத் தயாரிக்கப்பட்டது. ஆனால் சட்டத்தில் அம்மாதிரி ஒரு செக்ஷன் இல்லாத காரணத்தால் பல அக்கிரமமான காரியங்கள் நடந்துகொண்டிருக்கின்றன. இதைப்பற்றி விவசாய மக்கள் ரெவின்யூ கோர்ட்டு அதிகாரிகளிடம் போய் சொன்னாலும்கூட அங்குள்ள அதிகாரிகள் சட்டத்தில் எதுவும் அம்மாதிரி செக்ஷன் காணப்படாததால் இவ்விஷயத்தில் தலையிட மறுக்கிறார்கள். இதேமாதிரியாக சட்டத்திலுள்ள பல குறைபாடுகளினால் ஏழை விவசாயிகள் பலர் படும கஷ்டங்களுக்கு ஆயிரக்கணக்கான உதாரணத்தை சர்க்காருக்குக் கொடுக்கமுடியும்.

“அடுத்தபடியாக விவசாயிகள் நிலச்சுவாந்தார்கள் ஏதாவது நிலத்திலிருந்து அப்படியும் வெளியேற்றினால் ரெவின்யூ கோர்ட்டுக்கு அப்பீல் செய்து கொள்ள உரிமை இருக்கிறது. ரெவின்யூ கோர்ட்டின் முடிவுதான் இறுதியானது, என்பதாக இந்தச் சட்டத்தில் காணப்பட்டிருக்கிறது. ஆனால் நடைமுறையில் கன்விலியேஷன் ஆபீசர் எந்த உத்திரவைப் போட்டாலும் அதைப்பற்றி யாரும் கவலைப்படுவதில்லை. அடுத்தபடியாக ரெவின்யூ கோர்ட்டுக்கு அப்பீல் செய்வதற்கு சந்தர்ப்பமேயில்லை. 1951-ம் வருஷம் டிசம்பர் மாதம் ஒண்ணுந்தேதி நிலம் இல்லாதவர்கள் 1950-51-ல் நிலம் வைத்திருந்தாலும் அந்த நிலத்தைத் திரும்பிப்பெற கன்விலியேஷன் ஆபீசருக்கு விண்ணப்பம் செய்துகொள்ளலாமென்று இருக்கிறது. கன்விலியேஷன் அதிகாரி கொடுக்கும் எந்தத் தீர்ப்பையும் மிராசுதார்கள் நிறைவேற்றிவைக்க முயற்சிப்பதேயில்லை. கன்விலியேஷன் ஆபீசர்களின் உத்திரவை அமுலில் நடத்திக்கொள்வதற்குச் சாதகமாக போலீஸார்கள் இதில் தலையிடமுடியாது. நாங்கள் போய் அவரின் உதவியைக் கேட்டாலும் அவர்கள் உதவி செய்வதற்கு மறுக்கிறார்கள். ஆகவே கன்விலியேஷன் ஆபீசரின் உத்திரவை யார் அமுல் நடத்துவது என்ற பிரச்சனை எழுகிறது.

30th July 1953] [Sri S. Ramalingam]

அதனால் மிகவும் குழப்பம் ஏற்படுகிறது, தஞ்சாவூர் ஜில்லாவில். ஆகவே அவர்களுக்குப் பாதுகாப்பு அளிக்க போலீஸ் உதவியை சர்க்கார் அனுப்ப முயற்சிக்கவேண்டும்.

“அடுத்தபடியாக பண்ணையாளுக்குக் குறைந்தபட்சம் கூலி விதிப்பது என்பது சட்டத்தில் தெளிவாகக் கொடுக்கப்படவில்லை. ஆனால் சட்டம் அமுல் நடத்துப்போது இதைப்பற்றி யாரும் கவலைப்படுவதே கிடையாது. மேலும் இந்தச் சட்டத்தில் ஒரு வேலிக்குக் குறைந்தவர்களுக்கு விதிவிலக்கு அளிக்கப்பட்டிருப்பதால் சட்டம் சரியாக அமுல் நடத்தப்படுவதில்லை. மிராசுதார்கள் தங்களுக்குச் சொந்தமான நிலத்தை பலபேருக்குப் பிரித்துக் கொடுத்துவிட்டுத் தங்களுக்கு ஒரு வேலிக்குக் குறைவான நிலம் இருப்பதாகச் சொல்லிவிடுகிறார்கள். ஆகவே ஒரு வேலிக்குக் குறைந்த நிலத்திற்கும் விதிவிலக்கு அளிக்கக்கூடாது.

“கன்விலியேஷன் ஆபீசர்களிடமிருந்து மிராசுதார்களுக்கு சம்மன் வந்தால் அதை வாங்கிக் கொள்ளாமல் அதைத் திருப்பி விடுகிறார்கள். ரிஜிஸ்தர் மூலமாக சம்மன் அனுப்பித்தாலும் அதையும் அவர்கள் திருப்பி விடுகிறார்கள். இவ்விதம் அனுப்பி வைக்கும் சம்மன்களை யெல்லாம் திருப்பி அனுப்பிக்கொண்டிருந்தால் ஆபீசர்களால் எவ்விதம் விசாரணை செய்து தீர்ப்புக்கள் கூற முடியும் என்பதைப் பார்க்கவேண்டும். இதைப் பற்றிய பல நூற்றுக்கணக்கான உதாரணங்கள் சர்க்கார் முன்பு எடுத்துக்கூற முடியும். இவ்விதம் சம்மன்களை வாங்கிக் கொள்ளாமல் திருப்பி விடுவதால் அநேகம் கேஸ்கள் கன்விலியேஷன் ஆபீசர்கள் முன்பு பைசலாகாமல் Pending ஆகவே இருக்கின்றன. இதைப் பற்றிய கணக்கை சர்க்கார் கேட்டு பரிசோதனை செய்து பார்த்தால் இதன் உண்மை தெரிய வரும். பண்ணையாட்களை வேலையை விட்டு நீக்கினால் என்ன செய்யவேண்டும் என்றும் பண்ணையாட்களுக்கு சம்பளம் என்ன கொடுக்கவேண்டும் என்றெல்லாம் சட்டத்தில் இருக்கின்றன. ஆனால் அவ்விதம் சட்டத்திலிருந்தும் அது ஒரு பிரயோசனப் படவுமில்லை. அதனால்தான் இந்தச் சட்டத்தைப் பற்றி சந்தேகிக்க வேண்டியதாக இருக்கிறது.

“அடுத்தபடியாக இந்த Definition-ல் “Cultivating tenant” or “Tenant” means a person who contributes his own physical labour or that of the members of his family in the cultivation of any land belonging to another.” என்று கூறப்பட்டிருக்கிறது. அதாவது தேக உழைப்பினாலும் அல்லது பிறருடைய நிலத்தில் உழைத்து வந்து விவசாயம் செய்தாலும் அவனுக்கு இந்தச் சட்டத்தினால் உரிமை உண்டு என்றிருக்கிறது. அதன் மூலம் இந்த விவசாயி இந்தச் சட்டத்தின் மூலம் நன்மை அடையலாம் என்றிருக்கிறது. இவ்வளவு பெரிய நல்லெண்ணத்துடன் இந்தச் சட்டத்தைப் போட்டும் இன்றைக்கு நடைமுறையில் பார்க்கும்போது அது சட்டத்திற்கு நேர் விரோதமாக நடந்துவருகிறது என்பதைக் குறிப்பிட விரும்புகிறேன். இன்னொரு வார்த்தை அதில் சேர்க்கப்பட்டிருக்கிறது. அதாவது “and includes the heirs of such person but shall not include a mere intermediary or his heirs” என்றிருக்கிறது. அதாவது a.m. இடைத் தட்டுக்காரர்களுக்கு உரிமை கிடையாது என்று சொல்லி இருக்கிறார்கள். இந்த ஷரத்தை வைத்துக்கொண்டு கன்விலியேஷன் ஆபீசர்களும் ரெவின்யூ கோர்ட்டும் சட்டத்தைத் திருப்பி படிக்க ஆரம்பித்தனும் விட்டார்கள். உள் குத்தகைக்கு விடக்கூடாது என்று சட்டத்தில் இருக்கிறது. இதை பயன் படுத்திக்கொண்டு மொத்தக் குத்தகைக்கு எடுத்துக் கொண்டவர்கள் தங்களுடைய நிலத்தை உள் குத்தகைக்கு விட்டு விட்டு இந்தச் சட்டத்திலிருந்து விலக்கு அளித்துக் கொள்ளுகிறார்கள். இந்த இடைத் தட்டுக் சட்டத்திலிருந்து விலக்கு அளித்துக் கொள்ளுகிறார்கள். இந்தச் சட்டம் வந்த பிறகு 15 வேலி நிலம் வைத்துக்கொண்டிருந்தவர்கள் இந்தச் சட்டம் வந்த பிறகு அவைகளை ஒரு வேலிக்குக் குறைவாகப் பிரித்து பல இடைத் தட்டுக்காரர்களுக்குக் கொடுத்து விடுகிறார்கள். அவ்விதம் கொடுப்பதால் இடைத் தட்டுக் காரர்கள் விவசாயிகளை வெளியேற்றுவதற்கு சௌகரியமாக இருக்கிறது.

[Sri S. Ramalingam]

[30th July 1953]

விவசாயிகளால் கன்சிலியேஷன் ஆபீசரிடமோ அல்லது ரெவினியூ கோர்ட்டுக்கோ போகமுடியவில்லை. மொத்தக் குத்தகையை பல பேர்களுக்குப் பிரித்துக் கொடுப்பதால் இந்தச் சட்டம் அவர்களை பாதிக்காமல் போய்விடுகிறது. விவசாயிகளுக்கு இந்தச் சட்டத்தின் மூலம் நாம் நன்மை செய்யவேண்டும் என்று கொண்டுவந்ததும் கூட இந்த இடைத் தட்டுக்காரர்களால் அவர்களுக்கு நன்மை கிடைக்கவே முடியாமல் போய்விடுகிறது. ஆகவே 'But shall not include a mere intermediary or his heirs' என்று இருப்பதை இந்தச் சட்டத்திலிருந்து நீக்கி விடுவது அவசியமாக இருக்கிறது. அப்பொழுதுதான் விவசாயிகளுக்கு உரிமை கிடைக்கும். 'Shall not include a mere intermediary or his heirs' என்று இருப்பதால் அவர்களுக்கு உரிமை கிடைக்காமல் போய்விடுகிறது, என்று சொல்லக்கூடிய அளவில் பல தீர்ப்புக்கள் இப்பொழுது தஞ்சை ஜில்லாவில் கொடுக்கப்பட்டிருக்கின்றன. உள் குத்தகைக்காரர்களுக்கு இந்தச் சட்டம் பாதிக்காது என்றிருப்பதால் அதிகாரிகள் அந்த முறையில் அர்த்தம் செய்து கொண்டு விவசாயிகளுக்கு நன்மையைச் செய்து கொடுப்பது இல்லை. போன வருஷம் குத்தகைக்கு வைத்துக்கொண்டிருந்துவிட்டு இந்த வருஷம் அந்த விவசாயியை மாற்றிவிட்டால் அவனால் கோர்ட்டுக்குப் போகமுடியவில்லை. அதனால் போன வருஷம் வைத்துக்கொண்டிருந்த விவசாயியை மாற்றிவிட்டு இந்த வருஷம் வேறொருவரை வைத்துக்கொள்வதற்கு வசதியாக இருக்கிறது.

"அடுத்தபடியாக குத்தகைப் பத்திரம் எழுதிக்கொடுக்கும்போது இரண்டு பேர்களும் சேர்ந்து கையெழுத்திட்டு மூன்று காப்பிகள் எழுதி அதில் மூன்றாவது காப்பியை தாலுகா ஆபீசுக்கு அனுப்பி வைக்கும்படியாக விதியில் இருக்கிறது. இப்பொழுது நடைமுறையில் பார்க்கும்பொழுது விவசாயம் முடிந்து இரண்டு மாதங்களாகின்றன. இது வரையில் நிலச் சுவாந்தாரர்களுக்குக் குத்தகைப் பத்திரம் எழுதிக்கொடுத்ததாகவே தெரியவில்லை. இந்த நிலையில் இந்த இடைவேளையில் இடைத்தட்டுக்காரர்களை உண்டுபண்ணிச் சட்டத்தின் பிரகாரம் உரிமை கிடையாது என்று சொல்லி வரக்கூடிய அளவில் இன்றைய தினம் தஞ்சை ஜில்லாவில் தீர்ப்புகள் அளிக்கப்படுகின்றன. அதனால் அங்கு ஒரு பயங்கரமான நிலைமை ஏற்பட்டிருக்கிறது.

"அடுத்தபடியாக சட்டத்தில் ஒரு வேலிக்குக் குறைவாக இருந்தால் அந்த நிலச் சுவாந்தாரருக்கு இந்தச் சட்டம் கட்டுப்படுத்தாது என்று ஒரு ஷரத்து சட்டத்தில் இருக்கிறது. இதை உபயோகப்படுத்திக் கொண்டு நிலச் சுவாந்தாரர்கள் இந்தச் சட்டத்தை அமுலுக்குக் கொண்டு வர முடியாதபடி செய்துவிடுகிறார்கள். உதாரணமாக போன வருஷத்திற்கு முந்தின வருஷம் நிலத்தை மாற்றப்பட்டு இந்த வருஷம் கன்சிலியேஷன் ஆபீசரிடம் போனால் அவர் விவசாயிகளுக்கு நன்மையாக தீர்ப்பு அளிப்பதில்லை. நிலச் சுவாந்தாரர்கள் தங்களுடைய நிலத்தை விற்று விட்டதாக பிளூமியாக கையெழுத்திட்டு பிளூமி பட்டா செய்துவிடுகிறார்கள். இந்த நிலைமையில் விவசாயிகள் கன்சிலியேஷன் ஆபீசரிடம் செல்ல முடியவில்லை. நிலக்காரரிடம் போனால் எனக்கும் உனக்கும் சம்பந்தம் இல்லை. நான் நிலத்தை விற்றுவிட்டேன் என்று சொல்லிவிடுகிறார். வாங்கினவனிடம் போனால் நான் நிலம் புதிதாக வாங்கி இருக்கிறேன், உன் சாகுபடிக்கு வைத்துக்கொள்ளமுடியாது என்று சொல்லிவிடுகிறார். அதனால் இந்தச் சட்டம் அந்த பிளூமி சொந்தக்காரரைக் கட்டுப்படுத்தமுடியவில்லை. அந்த நிலையில் இந்தச் சட்டம் இப்பொழுது இருக்கிறது. பிறகு புது சொந்தக்காரர் நிலத்தில் பிரவேசிக்கக்கூடாது என்று விவசாயிக்கு நோட்டீஸ் கொடுத்து விட்டு சாகுபடிக்கு ஆரம்பித்து விடுகிறார். இந்தச் சட்டத்தை நிறைவேற்றியும் சட்டத்தில் குறைபாடுகள் இருப்பதால் அதை முறியடிக்கவேண்டுமென்று நிலச் சுவாந்தாரர்கள் வேலை செய்துவருகிறார்கள். இந்த சூழ்நிலையில் இப்பொழுது தஞ்சை ஜில்லா இருக்கிறது. இது முக்கியமான விஷயம். இதை திருத்தி அமைக்கவேண்டியது அவசியமாக இருக்கிறது.

30th July 1953]

[Sri S. Ramalingam]

"அடுத்தபடியாக க்ளாஸ் 6-க்கு ஒரு திருத்தம் கொடுத்திருக்கிறேன். 6 (1)-வது கிளாஸ் சொல்லுவதாவது,

'Every cultivating tenant who was in possession of any land on the first day of December 1951 shall be entitled to be in possession thereof as such tenant'

அதாவது 1951-ம் வருஷம் டிசம்பர் மாதம் 1-ம் தேதி நிலம் வைத்திருந்தவன் இன்னும் ஐந்து வருஷங்களுக்கு நிலத்தை வைத்துக் கொள்வதற்கு உரிமை இருக்கிறது என்றிருக்கிறது. சிலில் கோர்ட்டுக்குச் செல்வதற்கு உரிமை கிடையாது என்று சட்டத்தில் இல்லாததால் 1952-53-ல் சாகுபடி செய்துகொண்டிருந்தவனை வெளியேற்றுவதற்காக சிலில் கோர்ட்டுக்குப் போய் Civil Procedure Code, Transfer of Property Act பிரகாரம் (ஆனால் அந்த ஆக்ட்டைப்பற்றி எனக்கு ஒன்றும் தெரியாது) இவைகளின் மூலம் சிலில் கோர்ட்டுக்குச் சென்று சாகுபடி பண்ணவேண்டியிருக்கிறது. இந்த விவசாயி வெளியே போகமாட்டேன் என்று சொல்லுகிறான் என்று சொல்லி சிலில் கோர்ட்டில் வெளியேற்றுவதற்கு உத்தரவு வாங்கிவந்து விடுகிறார்கள். இப்பொழுது சட்டத்தில் இருப்பதுபோல் கன்சிலியேஷன் ஆபீசர் உத்தரவின் மேல் ரெவினியூ கோர்ட்டுக்குத்தான் போகலாம். ஆனால் சிலில் கோர்ட்டுக்குப் போகமுடியாது. சிலில் கோர்ட்டு இதை விசாரிக்கமுடியாது என்று இருக்கிறது. ஆனால் கன்சிலியேஷன் ஆபீசருக்குப் போகும் முன் சிலில் புரோசிரார் கோட் பிரகாரம் சிலில் கோர்ட்டுக்குச் சென்று வெளியேற்றுவதற்கு உத்தரவு வாங்கி வருகிறார்கள். அவ்விதம் செய்யக்கூடாது என்பதற்காகத்தான் நான் இந்தத் திருத்தத்தைக் கொடுத்திருக்கிறேன். இந்த திருத்தம்,

'Add the following at the end of sub-section (1) of section 6:—

"No civil Court will entertain any petition to evict any tenant after the commencement of this Act".

ஆகவே இந்தத் திருத்தத்தையும் ஒப்புக்கொள்ளவேண்டும் என்று கேட்டுக் கொள்ளுகிறேன்.

"அடுத்தபடியாக இப்பொழுது இருக்கும் நிலைமையில் ஒரு கன்சிலியேஷன் ஆபீசரோ அல்லது ரிவினியூ கோர்ட்டோ தீர்ப்புக்கொடுத்தால் அதை மிராசதார்கள் டீசியம் செய்வதில்லை. அதை நிறைவேற்றுவதற்கு விவசாயிகளால் முடியவில்லை. அதை நிறைவேற்றுவதாக இருந்தால் போலீசுக்குப் போகவேண்டியதாக இருக்கிறது. அப்படி போலீசுக்குப் போனால் எங்களால் முடியாது சிலில் கோர்ட்டுக்குப் போங்கள் என்று சொல்லுகிறார்கள். சிலில் கோர்ட்டுக்குச் சென்றால் எங்களுக்கு இதை விசாரிக்க அதிகாரம் கிடையாது போலீசை வைத்துக்கொண்டு அந்த உத்தரவை நிறைவேற்றிக் கொள்ளுங்கள் என்று திருப்பிவிடுகிறார்கள். ஆகவே உத்தரவை வைத்துக்கொண்டு வெளியே போக வேண்டியதாக இருக்கிறது. சென்ற ஒரு வருஷ அனுபவத்தைப் பார்த்துதான் நான் இந்தத் திருத்தத்தைக் கொடுத்திருக்கிறேன். அதாவது,

(2) 'For the words 'except in cases . . . Act' in sub-section (2), substitute the following:—

"If the landowner refuses to hand over possession of the land restored as above; the land shall be restored with the help of the Police."

என்ற திருத்தத்தைக் கொடுத்திருக்கிறேன். அதை இப்பொழுது சபை முன்பு பிரேரேபிக்கிறேன். இதைப்போலவே மற்ற திருத்தங்களும் கொடுத்திருக்கிறேன். தனித்தனியாக க்ளாஸ்களைப்பற்றி பரிசீலனை செய்யும்போது இவைகளுக்கும் மற்ற திருத்தங்களுக்கும் உதாரணங்கள் கொடுக்கமுடியும். ஆகவே சர்க்கார் இந்தத் திருத்தங்களை எடுத்துக்கொண்டு ஆலோசிக்கவேண்டும் என்று கேட்டுக்கொண்டு இந்தத் திருத்தங்களை ஏற்றுக் கொள்ளவேண்டும் என்று நான் சர்க்காரைக் கேட்டுக்கொள்ளுகிறேன்."

(At this stage, Sri R. V. Swaminathan occupied the Chair.)

SRI T. C. NARAYANA NMBIAR:—“Sir, I second the amendments moved by hon. Sri Ramalingam. First of all I have to welcome the notification of the Government extending the Tanjore Tenants' and Pannaiyal Protection Act to the taluks of Chidambaram and Cuddalore. But, Sir, the demand of the people of Tiruchirapalli district in this connection that the said Act be extended to that district also is a very important matter and will have to be most favourably considered by the Government. Sir, the amendments moved by Sri Ramalingam are based on the experience that he as well as the people of that part of the State have gained; he has stated about certain judgments and the proceedings of the Conciliation Courts concerned. The hon. Member has also enlightened us and I hope that the Government will give due consideration to the suggestions and accept the amendments, so that the spirit of the Act may be implemented both in the interest of the landlords and the interested parties concerned. Now misinterpretations are given and large scale evictions are being carried on quite contrary to the spirit of the Act and orders thereon. So, I request that the amendments may be accepted by the Government.”

* SRI P. VENKATESA SHOLAGAR:—“கனம் தலைவர் அவர்களே, தஞ்சாவூர் பண்ணையாள் சட்டம் அமுலுக்கு வந்ததே தவிர அந்தச் சட்டத்திலுள்ள ஷரத்துக்களைக் கொண்டே மிராசதார்கள் தங்களுக்குச் சாதகமாக வியாக்யானம் செய்துகொண்டு விவசாயிகளைக் கஷ்டப்படுத்தக் கூடிய வகையில் சட்டங்கள் மிகவும் ஓட்டை நிரம்பியதாக இருக்கிறதென்று சென்ற சட்டசபைக் கூட்டத்திலேயே நான் எடுத்துக் காட்டியிருக்கிறேன்.

“இதற்கு உதாரணமாக நான் எவ்வளவோ விஷயங்களை எடுத்துச் சொல்ல முடியும். தஞ்சாவூர் ஜில்லாவில் பெரிய மிராசதார்களான வடபாதி மங்கலமும், குன்னியூர் அய்யரும் செய்து கொண்டிருக்கும் அட்டேறியங்கனையெல்லாம் எடுத்துச் சொல்ல என்னால் முடியவில்லை. விவசாயப் பண்ணையாள் சட்டத்தை ஆதரிப்பதாக அவர்கள் போட்டோக்கள் எல்லாம் போட்டு புத்தகங்களாக வெளியிட்டிருந்தார்கள். பத்திரிகையில் வெளியாகியிருந்தது. ஆனால் அதே சமயத்தில் அவர்கள் அதற்கு விரோதமாகத்தான் நடந்து கொண்டிருக்கிறார்கள். பொறுப்புள்ள காங்கிரஸ்காரர், ஜில்லா காங்கிரஸ் கமிட்டித் தலைவர் என்கின்ற முறையில் அவர்கள் செய்து கொண்டிருக்கும் அக்கிரமங்களையெல்லாம் நான்கனம் ராஜகோபாலாச்சாரியாருக்கு எடுத்துக் காட்ட விரும்புகிறேன். சென்ற வருஷம் ஒரு விவசாயி நிலம் வேண்டுமென்று கேட்டதற்கு அவர் கூட பங்கு கேட்டதாகச் சொல்லி அவரை நிலத்தை விட்டு வெளியேற்றிவிட்டார்கள். அவர் மீறி பயிரிட முயற்சித்ததற்கு அத்துமீறி நிலத்தில் பிரவேசித்து விட்டதாகச் சொல்லி அவரை வெளியேற்றினார்கள். நிலம் எனக்குக் கொடுக்கவேண்டுமென்று சொல்லி அவன் சமரச் கோர்ட்டுக்கு விண்ணப்பம் செய்து கொண்டான். அவருக்கு நிலம் கொடுக்க வேண்டுமென சமரச அதிகாரியும் தீர்ப்பு அளித்தார். ஆனால் ரெவின்யூ கோர்ட்டின் உத்திரவும் அமலாக்கப்படவேயில்லை. அதற்குப் பிறகு அப்பீலும் இல்லையென்று சட்டத்தில் கண்டிருக்கிறபடியால் விவசாயினால் மிராசதாரை கண்விவியேஷன் ஆபீசரின் உத்திரவை அமல் நடத்தச் சொல்லி கட்டுப்படுத்தவே முடிய வில்லை. இரண்டு மூன்று முறை மிராசதார் ரெவின்யூ கோர்ட்டில் பல குற்றங்களைச் சாட்டி கேலை கொண்டு சென்றும் கூட எல்லாத் தடவைகளிலும் விவசாயிக்குச் சாதகமாகவே தீர்ப்பு வழங்கப்பட்டிருக்கிறது. பெரிய மிராசதார்கள் இந்தச் சட்டத்திலிருந்து தப்பவேண்டுமென்பதற்காகவே தனது நிலத்தையெல்லாம் சின்னச் சின்ன பகுதிகளாகப் பிரித்து பல பேரின் பேரில் எழுதி சாசனம் செய்து கொண்டு இவைகள் எல்லாம் ஒரு வேலிக்கு உட்பட்ட நிலங்கள் என்று சொல்லி சட்டப்படி தன்னை

30th July 1953] [Sri P. Venkatesa Sholagar]

கட்டுப்படுத்தாது என்கிறார்கள். போலீசார் மிராசதார்களின் சார்பில் இருக்கிறார்களே தவிர எப்பொழுது மிராசதார் ரெவின்யூ கோர்ட்டின் உத்திரவை மீறுகிறார்களோ அப்பொழுது இவ்விஷயத்தில் போலீஸ் தலையிட்டு சமரசம் செய்துவைக்க விவசாயிகளுக்கு அனுசூலமாக முன் வருவதே யில்லை. ஆகையினால் சட்டத்தின் மூலம் எந்தவிதமான பலனே கிடையாது. ஏழை விவசாயிகள்தான் தண்டிக்கப்படுகிறார்கள். ஆகவே ஒரு வேலிக்கு உட்பட்ட நிலத்திற்கும் கூட விதிவிலக்கு அளிக்கக்கூடாதென்று நான் குறிப்பிட்டுச் சொல்ல விரும்புகிறேன். வருகின்ற தகராறுகள் எல்லாம் அதனால்தான் வருகின்றது. அதுமாத்திரமல்ல. சில மிராசதார்கள் பண்ணையிலேயே நிலத்தை வைத்துக்கொண்டு விவசாயிகளிடம் வாரம் போல வேலை வாங்கி வருகிறார்கள். அதை மறுக்கிறவர்களுக்கு நிலம் கொடுப்பது கிடையாது. ஆட்களை அடியாளர்களாக வைத்துக்கொண்டு, குண்டர்களை நியமித்து நியாயமாக தனது உரிமையைக் கேட்கும் விவசாயிகளை நசுக்க முயற்சிக்கிறார்கள். வெளியிலேயும் அவர்களை நிலை செய்ய அனுமதிப்பது கிடையாது. பெரிய மிராசதார்கள் இன்றையதினம் ஏழை விவசாயிகளுக்குச் செய்து கொண்டிருக்கும் துன்பங்களை எடுத்துச் சொல்ல முடியாது. அதுமாத்திரமல்ல. ஏழை விவசாயிகளை நிலத்தில் பயிரிடக் கூடாதென்று சொல்லிவிட்டு மிராசதார்கள் நிலங்களை பல இடங்களில் தரிசாகப் போட்டு வைத்திருக்கிறார்கள். வடபாதிமங்கலம், குன்னியூர் போன்றவர்கள் செய்துவரும் அக்கிரமங்களை எடுத்துச் சொன்னால் சபையிலுள்ளோர்கள் ஆச்சரியப்படுவார்கள். சமரச அதிகாரிகளும் எல்லோரும் நியாயமாக நடப்பது கிடையாது. எங்கள் தாலுக்காவில் முன்பு யிருந்த சமரச அதிகாரி ரொம்பவும் நியாயமாகவும், நீதியாகவும் நடந்து கொண்டார். ஆனால் இன்றையதினம் வந்திருப்பவர் மிராசதார்களின் சார்பாகவே தீர்ப்பை வழங்கிக் கொண்டிருக்கிறார். எந்தந்த முறையில் ஏழை விவசாயிகளுக்குத் தொந்தரவு கொடுக்க முடியுமோ அந்தந்த வழிகளிலெல்லாம் அவர்கள் தொந்தரவு கொடுத்து வருகிறார்கள். விவசாயிகள் ஒழுங்காக நடந்துகொள்ளவில்லை என்றால் நிலத்திலிருந்து அவர்களை வெளியேற்ற ஒரு விதி சட்டத்தில் இருக்கிறது. அந்த ஓட்டையை தங்களுக்குச் சாதகமாகக் கொண்டு மிராசதார்கள் இன்றையதினம் பல விவசாயிகளை நிலத்திலிருந்து வெளியேற்றியிருக்கிறார்கள். பல விசித்திரமான விவாதங்கள் எல்லாம் செய்யப்படுகின்றன. எதற்காக? எல்லாம் விவசாயிகளை நிலத்திலிருந்து வெளியேற்றுவதற்காகத்தான். ஆகவே இப்பொழுது இந்தச் சட்டத்தை சிதம்பரம், கடலூர் போன்ற தாலுக்காக்களுக்கு விஸ்தரிக்கும் முன் சட்டத்திலுள்ள பல ஊழல்கள் சரியாக நிவர்த்திக்கப்படவேண்டும். நண்பர் ஸ்ரீ ராமலிங்கம் சொல்லியிருப்பது போல் ஒரு வேலிக்கு உட்பட்டவர்களுக்கும் விதி விலக்கு அளிப்பது ரொம்பவும் தப்பாகும். இன்றையதினம் எழும்புகின்ற கிளர்ச்சிகள் எல்லாம் அந்த விதி விலக்கு அளித்திருப்பதன் காரணமாகத்தான். தங்களுக்குள்ள நிலத்தை தங்கள் குடும்பத்தில் உள்ள அத்தனை பேரிலும் எழுதிவைத்து அவைகள் எல்லாம் ஒரு வேலிக்கு உள்ளேயிருக்கிறதென்று சொல்லி சட்டத்தில் காணப்படும் கொஞ்ச சலுகைகளைக் கூட விவசாயிகள் அனுபவிக்க முடியாமல் செய்துவிடுகிறார்கள். விவசாயிகள் பாவம் அப்பாவிகள். அவர்கள் என்ன, எம்.ஏ., பி.ஏ. படித்திருக்கிறார்களா, மிராசதார்களுடன் வாதாட. ஆகவே சர்க்கார் நிலச் சீர்திருத்தம் கொண்டுவரும்போது உண்மையில் விவசாயிகளுக்கு அதனால் நன்மை ஏற்படக்கூடிய வகையில் சட்டத்தை அமைக்கவேண்டும். தஞ்சாவூர் ஜில்லாவிற்குப் போய் பார்த்தால் தெரியும். மிராசதார்கள் பண்ணையில் வைத்துக் கொள்ளப்போகிறோம் என்று சொல்லி நூற்றுக் கணக்கான விவசாயிகளிடமிருந்து நிலங்களைப் பிடிச்சியிருக்கிறார்கள். அவர்களுக்கு எந்த வகையிலும் நியாயம் இன்னமும் வழங்கப்படவில்லை. ஆகவேதான் சிதம்பரம், கடலூர் தாலுக்காவிற்கு இந்தச் சட்டத்தைக் கொண்டுவரும்போது கைக்கு எட்டியது வாய்க்கு எட்டாது போகாதபடி விவசாயிகளுக்கு உண்மையில் நன்மை ஏற்படவேண்டுமென்ற கருத்தை மனதில் வைத்து, நண்பர் ஸ்ரீ ராமலிங்கம் கொடுத்திருக்கும் திருத்தங்களை எல்லாம் ஏற்றுக் கொள்ளவேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன்.

[Sri P. Venkatesa Sholagar] [30th July 1953]

தஞ்சாவூர் பண்ணையாள் சட்டம் வந்தவுடன் எப்படி சிதம்பரம், கடலூர் போன்ற தாலுக்காக்களில் கிளர்ச்சி நடந்ததோ அதேபோல இன்றைய தினம் திருச்சி ஜில்லாவில் சில தாலுக்காக்களில் கிளர்ச்சி நடந்து கொண்டிருக்கிறது. அவர்கள் கிளர்ச்சி செய்வதிலும் நியாயமிருக்கிறது. ஆகவே இந்தச் சட்டத்தை உடனடியாக மார்காணம் பூராவாக அமுலுக்குக் கொண்டு வரவிட்டாலும் கூட தஞ்சாவூருக்கு அருகாமையிலுள்ள எல்லாப் பிரதேசங்களுக்கும் உடனடியாக அமுலுக்குக் கொண்டு வந்தாகவேண்டும். இந்தச் சட்டம் அமுலுக்கு வருவதற்கு முன்னால் வாரத்திலிருந்த நிலங்கள் எல்லாம் இந்தச் சட்டம் வந்தபின் பண்ணையில் வைத்துக் கொள்ளப்பட்டிருக்கின்றன. மிராச்தார்கள் விவசாயிகளுக்கு சொந்தமாக வாரத்தில் பயிரிட நிலம் கொடுக்கமாட்டேன் என்கிறார்கள். ஆகவே இந்தச் சட்டத்தில் இதுபோல் இருக்கின்ற பல ஒட்டைகளையெல்லாம் நீக்கி விவசாயிகளுக்கு சரியான முறையில் நன்மை ஏற்படவேண்டுமென்றால் நண்பர் ஸ்ரீ ராமலிங்கம் கொடுத்திருக்கும் திருத்தங்களையெல்லாம் சர்க்கார் ஏற்றுக்கொள்ள வேண்டுமென்று கேட்டுக்கொண்டு என் பேர்சை முடித்துக்கொள்ளுகிறேன்.”

* SRI A. S. SAHAJANANDAM:—“கனம் தலைவர் அவர்களே, தஞ்சாவூர் பண்ணையாளுக்கு பாதுகாப்புச் சட்டத்தின்படி பண்ணையாள் இரண்டு மரக்கால்கள் கொடுக்கவேண்டும் என்று இருக்கிறது. சிதம்பரம் தாலுகாவில் மிராச்தார்கள் இரண்டு மரக்கால் கொடுக்கமுடியாமல் பண்ணையாள் வேண்டாமென்று மறுத்து விடுகிறார்கள். சிதம்பரம் தாலுகாவில் பண்ணையாள்கள் பெரும்பாலும் வைத்துக்கொள்ளவில்லை. ஒரு நாளைக்கு இரண்டு மரக்கால் அல்லது ஒரு மாதத்திற்கு 60 மரக்கால் வருகிறது. அது மாதம் ஐந்து கலங்கள் ஆகின்றன. அது 12 மாதத்திற்கு 60 கலம் ஆகின்றன. அதனால் எந்த மிராச்தாரும் பண்ணையாளுக்கு இரண்டு மரக்கால்கள் கொடுக்க முடியாமல் மறுக்கிறார்கள். அது நியாயமாக இருக்கிறது. மாய வரம் திட்டப்படி தினம் ஒன்றுக்கு ஒரு மரக்காலும் பகல் சாப்பாடும் வருஷம் 20 கலமும் போனசம் கொடுத்தால் போதும் என்று நினைக்கிறேன். சிதம்பரம் தாலுகாவில் தினம் ஒரு மரக்காலும், வருஷ வருமானம் 20 கலமாக இருந்தால் ஏறக்குறைய 42 அல்லது 43 ஆகிறது. அது பொருத்தமாக இருக்கிறது என்று நினைக்கிறேன். மேலும் கூலியாட்களை வெளியூரிலிருந்து கொண்டுவந்து வைத்துக்கொள்ளுகிறார்கள். அவர்களுக்கு இரண்டு மரக்கால் கொடுத்தால் போதும் என்று வெளியூரிலிருந்து கொண்டு வந்து வைத்திருக்கிறார்கள். உள்ளூர் கூலியாட்களை கூலிக்கு வைத்துக் கொள்வது இல்லை. பண்ணையாட்களாகவும் வைத்துக்கொள்வதுமில்லை. ஏன் என்று கேட்டுவிட்டால் வெள்ளாமையைத் தடுக்கிறார்கள் என்று சொல்லி வெளியேற்றி விடுகிறார்கள். வெளியூர் ஆட்களை கூலிக்கு வைத்துக்கொண்டு வேலை செய்வதைத் தடுத்தால் உடனே ரிசர்வ் போலீசை வைத்துக்கொண்டு வேலைக்கு வரும் ஆட்களைத் தடுக்கிறார்கள் என்று புகார் செய்கிறார்கள். இந்த விதமான அக்கிரமம் சிதம்பரம் தாலுகாவில் நடந்துகொண்டு வருகிறது போலீஸ்காரர்களும் மிராச்தார்கள் சார்பில்தான் இருக்கிறார்கள். உள்ளூர் கூலியாட்கள் அதிகமாக சம்பளம் கேட்கிறார்கள் என்று வெளியூரிலிருந்து கூலியாட்களைக் கொண்டு வந்து வைத்துக்கொண்டிருக்கிறோம் என்று சொல்லுகிறார்கள். இதை சர்க்கார் உடனடியாகத் தடுக்கவேண்டும். அதற்குத் தக்க நடவடிக்கை எடுக்கவேண்டும்.”

“மேலும் உளுந்து பயிர் விஷயத்தில் சர்க்கார் ஐந்தில் ஒரு பங்கு மிராச்தாருக்கும் பாக்கியை விவசாயிக்கும் என்று வைத்திருக்கிறார்கள். அதனால் மிராச்தார்கள் உளுந்து பயிர் வெள்ளாமையிட வேண்டாம் என்று சொல்லிவிடுகிறார்கள். தடுத்தும் வருகிறார்கள். அதனால் உளுந்து பயிர் விஷயத்தில் சர்க்கார் ஒரு திட்டம் வகுக்கவேண்டும். அதாவது விவசாயம் செய்கிறவர் மூன்று மரக்கால்களும் மிராச்தார்கள் இரண்டு மரக்காலும் எடுத்துக் கொள்ள வேண்டுமென்று ஒரு திட்டம் வகுக்க வேண்டும். அப்பொழுதுதான் மிராச்தார்கள் இந்த விஷயத்தில்

பயிர் செய்வதற்கு உத்சாகம் கொடுப்பார்கள். ஆகவே கூலி கொடுப்பதை ஒரு மரக்கால் என்றும் வருஷ போனஸ் 20 கலம் என்றும் நிர்ணயம் செய்ய வேண்டும். உளுந்து பயிர் முதலியவைகளில் மிராச்தாருக்கு இரண்டு மரக்கால்களும் பயிரிடுவனுக்கு மூன்று மரக்கால் என்றும் நிர்ணயித்துச் சட்டத்தை திருத்தவேண்டும்.

“இப்பொழுது ஆறு ஏக்கர் நிலத்திற்குள் இருப்பவரிடம் தலையிடக் கூடாது என்றிருக்கிறது. இவ்விதம் இருப்பதால் யாரும் பண்ணை வைத்துக் கொள்ளவே மாட்டேன் என்கிறார்கள். கூலிக்கு பயிரிடுகிறேன் என்று சொல்லிவிடுகிறார்கள். அதைத் தவிர பெரும்பாலான மக்களுக்கு ஆறு ஏக்கருக்கு மேல்கிடையாது. சட்டம் இப்படி இருப்பதால் யாரும் நிலத்தில் இறங்க பயப்படுகிறார்கள். பக்கத்தில் இருக்கும் மிராச்தாருக்கு அதிகமாக நிலம் இருந்தால் அதை பயிரிடுவதற்கு அதிகம் கூலி கிடைக்கிறது. பக்கத்தில் இருக்கும் ஆறு ஏக்கருக்கு குறைவாக இருக்கும் மிராச்தாரரிடம் பயிரிடுவனுக்கு கூலி குறைவாகக் கிடைக்கிறது. அது சரியாக இல்லை. ஆகவே ஆறு ஏக்கர் உள்ளவர்களுக்கு விலக்கு என்று இருக்கக் கூடாது. இதை உடனே நீக்க வேண்டும். நில சொந்தக்காரர்கள் வெளியே போயிருந்து அவர்களுடைய சொந்தக்காரர்கள் பயிரிட்டால் அவர்கள் பண்ணையாட்களை வைத்துக்கொண்டு பயிரிடாமல் கூலிகளை வைத்துக் கொண்டு பயிரிடுகிறார்கள். அதனால் இந்தச் சட்டம் அவர்களுக்கு பொறுத்தமாக இல்லை. அவ்விதம் சொந்தக்காரர்களும் பண்ணையாட்களை நீக்கக் கூடாது என்று சட்டத்தை திருத்தி யமைக்கவேண்டும். என்னென்றால் பயிரிடுபவனுக்கு தான் நிலம் சொந்தம். அந்த உரிமை அவனுக்கு இருக்க வேண்டும். இவைகளைச் சட்டத்தில் திருத்தியமைக்க வேண்டும் என்று கனம் மந்திரி அவர்களை கேட்டுக் கொண்டு நான் சொன்னவைகளை அவர் சட்டத்தில் சேர்த்துக்கொள்வார் என்று நினைக்கிறேன்.”

SRI S. VADIVELU :—“கனம் தலைவர் அவர்களே; இந்த தஞ்சை ஜில்லா பண்ணையாள் பாதுகாப்புச் சட்டத்தை எந்த விவசாயிகளுக்கு சாதகமாக இருக்கவேண்டும் என்று கொண்டுவந்தோமோ அந்த விவசாயிகளுக்கு அது சாதகமாகவே இல்லை என்று நான் வருத்தத்துடன் சொல்லிக்கொள்ள ஆசைப்படுகிறேன். கடந்த ஒரு வருஷ காலமாக இந்தச் சட்டத்தைத் தஞ்சை ஜில்லா மிராச்தார்கள் முறியடிக்க வேண்டுமென்ற நோக்கத்துடன் அதிலுள்ள ஒட்டையை பயன் படுத்திக்கொண்டு பல ரூபத்தில் ஆட்களை வெளியேற்றிக் கொண்டு வருகிறார்கள். டண்ணை யாட்களையும், சாகுபடியாட்களையும் அவர்கள் வெளியேற்றிக்கொண்டு வருகிறார்கள். சமரச அதிகாரிகளிடத்தில் மனுக் கொடுத்தால் அதை விசாரிக்க ஒரு மாதகாலமாகிறது. அந்த ஒரு மாத காலமும் சாதாரணமாக அந்த சாகுபடிக்காரர்கள் என்னசெய்வார்கள் என்பதை யோசிக்க வேண்டும். ஒரு மாதகாலமாக அவனுக்கு கூலி கிடைக்கா விட்டால் அவன் எந்த நிலையில் இருப்பான் என்பதை நாம் சிந்தித்துப் பார்க்கவேண்டும். இப்பொழுது திருவாரூர் வடபரதிமங்கலம் பண்ணை யில் எட்டு மாதகாலமாக சாகுபடியாட்களை நீக்கிக்கொண்டு வருகிறார்கள். அங்கு 40 ஆட்களை வேலையை விட்டு நீக்கிவிட்டு அவர்களுக்கு வேலை கொடுக்காமல் அவர்கள்மேல் கிரிமினல் வழக்குத் தொடுத்து இன்னும் பல கேஸ்களில் அவர்களை சம்பந்தப்படுத்திசுமார் முப்பது பேர்களை சிறையில் அடைத்து தண்டனைக்குள்ளாக்கி இருக்கிறார்கள். இன்று வரையில் அவர்களுக்கு வேலை கொடுக்கவில்லை. சமரச அதிகாரிகள் கொடுக்கும் உத்தரவுகளையும் மிராச்தார்கள் கேட்பதில்லை. இதை மீறி வயலில் இறங்கினால் போலீசை வைத்துக் கொண்டு தொந்தரவு செய்யும் நிலைமைக்கு வந்திருக்கிறது. மொத்தக் குத்தகைக்கு எடுத்துக்கொண்டவர்களிடமிருந்து உள் குத்தகை எடுத்துக்கொண்டு ஏற்கனவே இருக்கும் பண்ணையாட்களை நீக்கி வருகிறார்கள். பண்ணையாள் பாதுகாப்புச்சட்டம் வந்தும் அவர்களுடைய குறைபாடுகள் தீர்ந்தபாடில்லை. என் வேலையை விட்டு வெளியேற்றி குறைபாடுகள் என்று கேட்டால் அது என்னுடைய சொந்த நிலம் இல்லை. கிரீர்கள் என்று கேட்டால் அது என்னுடைய சொந்த நிலம் இல்லை. மொத்தக் குத்தகைக்கு எடுத்துக் கொண்டிருக்கிறோம் என்று சொல்லி விடுகிறார்கள். அவ்விதம் சொல்லி பல சாகுபடியாட்களை வேலையில்

லிருந்து வெளியேற்றி வருகிறார்கள். இப்படி அப்புறப்படுத்துவது அநேகம் இடங்களில் நடந்து கொண்டு வருகிறது. நல்ல முறையில் பயன்பட வேண்டும் என்று நாம் இந்த சட்டத்தைக் கொண்டு வந்தோம். ஆனால் இப்பொழுது நடைபெறுவதைப்பார்த்தால் அது சாகு படியாளர்களுக்கு பயன்படக்கூடியதாக இல்லை. நாம் கொண்டு வந்த சட்டம் அதாவது தஞ்சை ஜில்லா பண்ணையாள் பாதுகாப்புச் சட்டம் விவசாயிகளுக்கு பயன்படக்கூடியதாக அந்த அளவிற்கு இருக்க வேண்டும் என்று நான் உங்களை வற்புறுத்திக் கேட்டுக்கொள்கிறேன். அதோடு கூட பல இடங்களில் போலீசை வைத்துக்கொண்டு பண்ணையாட்களை பயமுறுத்தி அக்கிரமம் செய்து வருகிறார்கள் மிராசதாரர்கள். அநேகம் இடங்களில் போலீசின் உதவியால் பண்ணையாட்களையும் சாகுபடியாட்களையும் அப்புறப்படுத்திக்கொண்டு வருகிறார்கள். இது போன்ற காரியங்கள் வடக்குசேரி பண்ணையிலும் மற்றும் பல பண்ணைகளிலும் நடந்துகொண்டு வருகின்றன வெளியூரிலிருந்து கூலியாட்களை கொண்டுவந்து வைத்துக்கொண்டு பயிரிட்டு உள்நாள் சாகுபடியாட்களை வெளியேற்றிக்கொண்டு வருகிறார்கள். ஒரு மிராசதாருக்கு இரண்டு இடங்களில் நிலம் இருக்கலாம். ஒரு இடத்தில் 50 வேலி இருக்கலாம் இன்னொரு இடத்தில் 50 வேலி இருக்கலாம். அதை பிரித்து வைத்துக் கொண்டு பண்ணையாட்களையும் கூலியாட்களையும் வெளியேற்றுவதற்கு ஏற்பாடு செய்துகொண்டு வருகிறார்கள். ஒரு பண்ணையிலிருந்து மற்றொரு பண்ணைக்கு ஆட்களை மாற்றி அவர்களை வெளியேற்றுவதற்கு ஏற்பாடு செய்துக்கொண்டு வருகிறார்கள். இதுபோன்ற பல அக்கிரமங்கள் தஞ்சை ஜில்லாவில் நடந்துகொண்டுவருகின்றன. எங்கு பார்த்தாலும் இதுபோன்ற வெளியேற்றம் நடந்துகொண்டு வருகிறது. அதைத் தடுக்க வேண்டும். அதற்கு கனம் ராமலிங்கம் கொண்டுவந்த திருத்தம் அவசியமானது. அதை ஏற்றுக்கொள்ள வேண்டும். அது நல்ல முறையில் கொண்டு வரப்பட்டிருக்கிறது. அதை ஏற்றுக்கொண்டு தஞ்சை ஜில்லா விவசாயிகள் வாழ்வதற்கு வழி செய்து கொடுக்க வேண்டும் என்று கேட்டுக்கொண்டு இத்துடன் நான் முடித்துக்கொள்கிறேன்.”

11-05 *SRI A. K. SUBBIAH :—“ கனம் தலைவர் அவர்களே, a.m. பண்ணையாள் பாதுகாப்புச் சட்டத்தைப் பற்றிய என்னுடைய அபிப்பிராயத்தை நான் சொல்லிக்கொள்ள விரும்புகிறேன். பொதுவாகப் பார்க்கப்போனால் பண்ணையாள் பாதுகாப்புச் சட்டம் மிராசதாரர்களின் உரிமைகளைப் பாதுகாப்பதாக இருக்கிறதே. தவிர உண்மையில் எந்தப் பண்ணையாளுக்கும் பாதுகாப்பு அளிப்பதாக இல்லை. விவசாயிகளுக்கு பாதுகாப்பு அளிக்கவேண்டுமென்ற உண்மையான நோக்கத்தோடு, அரசாங்கத்தால் இந்த சட்டம் கொண்டுவரப்பட்டதாகவும் தோன்றவில்லை என்பதே என்னுடைய தாழ்மையான அபிப்பிராயம். காரணம் என்னவென்றால், இந்தச் சட்டத்தைக் கொண்டுவந்த காலத்தில், இந்தச் சட்டத்தை தஞ்சை ஜில்லாவில் மாத்திரம் அமுலுக்குக் கொண்டுவந்த காலத்தில் விவசாயிகளின் நலனை கருதியே நாங்கள் பல திருத்தங்கள் கொடுத்தோம். அதை சர்க்கார் ஏற்றுக்கொள்ள மறுத்துவிட்டார்கள். மேலும் அந்தச் சட்டத்தை மாகாணம் பூராவும் அமுலுக்குக் கொண்டுவரவேண்டுமென்று சொன்னோம். அதையும் சர்க்கார் ஏற்றுக்கொள்ளவில்லை. விவசாயிகளிடம் சர்க்கார் விஷப்பரிகைப் பார்க்கக்கூடாது. இன்றையதினம் சிதம்பரம், கடலூர் போன்ற தாலுகாக்களில் இந்தச் சட்டத்தைத் தங்கள் தாலுகாக்களுக்கும் விஸ்தரிக்கவேண்டுமென்று பெரிய பெரிய போராட்டங்களையும், கிளர்ச்சிகளையும் நடத்தினார்கள். சர்க்கார் அவர்களுடைய நியாயமான கோரிக்கையை ஒத்துக்கொள்ள மறுத்ததோடுமல்லாமல் கிளர்ச்சி செய்த நூற்றுக்கணக்கான விவசாயிகளை சிறைப்படுத்தி, சித்திரவதை செய்திருக்கிறார்கள். இந்தச் சட்டத்தை அமுலுக்கு கொண்டுவந்த தினமே எங்கள் பக்கத்திலிருந்து பேசிய பல அங்கத்தினர்கள் இந்த மாதிரியான ஒரு நிலைமை வருமென்று எச்சரிக்கை விடுத்தம்கூட, அதை சர்க்கார் ஏற்றுக்கொள்ள மறுத்தது. ஆகவே உண்மையில் விவசாயிகளின் நலனில் அக்கரை கொண்டு இந்தச் சர்க்கார் நடந்து கொள்ளவில்லையென்பதே அன்றைய தினமிருந்து இன்றையவரையிலும் சர்க்கார் மேற்கொண்ட நடவடிக்கையி

லிருந்து தெரியவருகிறது. ஆகவே, உடனடியாக தமிழ்நாடு முழுவதும் இந்தச் சட்டத்தை விஸ்தரிக்கவேண்டும்.

“ ஒரு வேலிக்குள் நிலமுள்ளவர்களுக்கு இந்தச் சட்டத்திலிருந்து விதிவிலக்கு அளிக்கக் கூடாதென்று நாங்கள் எவ்வளவோ சொல்லியும்கூட சர்க்கார் அதை ஏற்றுக்கொள்ள மறுத்தார்கள். அதனால் இன்றைய தினம் என்ன ஏற்பட்டிருக்கிறதென்றால் 2 ஆயிரம், 3 ஆயிரம் ஏக்கர் நிலமுள்ளவர்கள்கூட தங்கள் நிலங்களை சிறு சிறு பாகமாகப் பிரித்துத் தங்களுக்குச் சொந்தமாக உள்ளவர்கள் பெயரில் எழுதி வைத்திருக்கிறார்கள். அதனால் தங்களுக்கு ஒரு வேலி நிலமிருப்பதால் இந்தச் சட்டம் தங்களைப் கட்டுப்படுத்தாது என்று சொல்லி, விவசாயிகளை நிலத்திலிருந்து வெளியேற்றி வருகிறார்கள். ஆகவே ஒரு வேலிக்குள் நிலமுள்ளவர்களுக்கும் இந்தச் சட்டம் கட்டுப்படுத்தும் என்கிற முறையில், சட்டத்தைத் திருத்த வேண்டும். ஒரு வருஷ காலத்திற்குமேல் அமுலில் இருந்திருப்பதினால் அந்தச் சட்டத்திலுள்ள உண்மையான பல கோளாறுகளை நீக்குவதற்காகத் தான் கனம் ஸ்ரீ ராமலிங்கம் அவர்கள் பல திருத்தங்களை எங்கள் கட்சி சார்பில் கொடுத்திருக்கிறார்கள். அவைகள் எல்லாவற்றையும் சர்க்கார் ஏற்றுக்கொள்ளவேண்டும்.

“ மேலும் விவசாயிகளுக்குச் சர்க்காரின் போலீஸ் படையினரின் பாதுகாப்பு கிடைப்பதில்லை. மிராசதாரர்களுக்கே பாதுகாப்பு கிடைக்கிறது. உதாரணமாக சமரச அதிகாரியின் உத்தரவுக்கு மிராசதார் கீழ்ப்படிய மறுத்தால் விவசாயிகள் நிலத்தில் இறங்கி பயிரிடமுடியாது. ஏனென்றால் அவர்கள் பலாத்காரமாக நிலத்தில் இறங்கிவிட்டதாக போலீசுக்குப் புகார் செய்து அந்த விவசாயியை கைது செய்யும்படி செய்துவிடுகிறார்கள். ஆனால் சமரச அதிகாரியின் உத்தரவை அமுல் நடத்துவதற்கு விவசாயிகளுக்குச் சாதகமாக உதவி செய்வதே கிடையாது. மிராஸ்தாருக்கு பாதுகாப்பு அளிப்பவர்களாகத்தான் போலீஸ்காரர்கள் இருந்து கொண்டிருக்கிறார்கள்.”

MR. CHAIRMAN (SRI R. V. SWAMINATHAN) :—“ தயவு செய்து நீங்கள் சிதம்பரம், கடலூர் தாலுகாக்களுக்கு இந்தச் சட்டத்தை விஸ்தரிப்பதைப் பற்றி பேசுங்கள். சட்டத்தைப்பற்றி பொதுவாகவே பேசிக் கொண்டு போகிறீர்களே ? ”

SRI A. K. SUBBIAH :—“ விவசாயிகளைக் காப்பதற்கு உதவியாக போலீஸ் இலாகா உதவி செய்ய வேண்டுமென்பதற்காகத்தான் இதை நான் சொல்லுகிறேன். ஆகவே சமரச அதிகாரிகள் கொடுக்கும் தீர்ப்பையும் ஏற்றுக்கொள்வதில்லை. ரெவினியூ கோர்ட்டின் தீர்ப்பையும் அலட்சியம் செய்கிறார்கள். மிராசதாரர்களிடம் நிறையப் பணம் இருப்பதினால் ஏழை விவசாயிகள் எந்த வகையிலும் நன்மை அடைய முடியாத வகையில் செய்துக்கொண்டு வருகிறார்கள். ஆகவே இன்றையதினம் இந்தச் சட்டத்தை சிதம்பரம், கடலூர் தாலுகாவிற்கு விஸ்தரிக்கும்போது நாம் ஒன்றை கவனத்தில் வைத்துக்கொள்ளவேண்டும். விவசாயிகள் உண்மையிலேயே நன்மை அடையவேண்டுமென்று கருதினால் ஒரு வேலி நிலமுள்ளவர்களுக்கும் விதி விலக்கு அளிக்கக்கூடாது. மேலும், கனம் ஸ்ரீ ராமலிங்கம் கொடுத்திருக்கும் எல்லா திருத்தங்களையும் ஒப்புக்கொண்டு விவசாயிகளுக்கு உண்மையான பாதுகாப்பை அளிக்கவேண்டுமென்று நான் கேட்டுக்கொள்கிறேன். ஆகவே சர்க்கார் சட்டத்திலுள்ள பல ஓட்டைகளையும் அடைப்பதற்கு முன்னுக்கு வரவேண்டுமென்று கேட்டுக்கொண்டு என்னுடைய வார்த்தையை முடித்துக்கொள்கிறேன்.”

30th July 1953] [Sri C. Kandaswami]

இன்றையதினம் தஞ்சை ஜில்லாவில் சட்டம் வந்து ஒன்றரை வருஷங்களாகின்றன. அங்கு வேலை செய்து வந்து அந்த அனுபவத்தைப் பார்த்து அதன்படி சிதம்பரத்தில் நடப்பதற்கும் அதற்கு வேண்டிய ஏற்பாடுகளைச் செய்வதற்கும் அந்த அடிப்படையில் பேசவேண்டும் என்று முதலில் தெரிவித்துக்கொள்ளுகிறேன். இதை வைத்துப் பார்க்கும் போது தான் இந்த திருத்தங்கள் மிகவும் அவசியமானவை. முதல் திருத்தம் இரண்டாவது கஷ்டியூல் 6-வது செக்ஷன் 1-வது 9ப் செக்ஷன். அதாவது 1-வது க்ளாசுக்கு கடைசியில் இந்தத் திருத்தத்தை சேர்க்கவேண்டும் என்பது. அதாவது இது சம்பந்தமான எந்த விதமான மனுக்களும் அதாவது விவசாயிகளை வெளியேற்றுவது சம்பந்தமான மனுக்களை சிலில் கோர்ட்டு ஏற்றுக்கொள்ளக் கூடாது என்ற திருத்தம். அதாவது தஞ்சை ஜில்லாவில் அனுபவத்தில் பார்க்கும்போது இந்த மாதிரி சிலில் கோர்ட்டுகளில் மனுக்கள் கொடுத்து அதன் காரணமாக விவசாயிகள் பாதிக்கப்பட்டிருக்கிறார்கள். நடைமுறையில் பார்க்கும்போது இது சந்தேகத்திற்கு இடம் கொடுப்பதாக இருப்பதால் அப்படிப்பட்ட சந்தேகம் இருக்கக்கூடாது என்றும் ஸ்பஷ்டமாக இருக்க வேண்டும் என்பதற்காகவும்தான் இந்தத் திருத்தம் கொண்டு வரப்பட்டிருக்கிறது. இதற்கு சட்டத்தில் இடம் இருக்கிறது என்று அரசாங்கம் சொன்னால் இப்பொழுது அது அமுலில் ஈரியாக நடைபெறவில்லை என்பதற்காகத் தான் இந்தத் திருத்தம் கொண்டு வரப்பட்டிருக்கிறது. அரசாங்கத்திற்கு இதை சேர்த்துக் கொள்வதற்கு ஆட்சேபணை இருக்க முடியாது என்றுதான் நான் கருதுகிறேன்.

“ தஞ்சாவூர் ஜில்லாவிற்கு வந்தது போலவே சிதம்பரம் தாலுக்காவிற்கும் இந்தச் சட்டத்தையே விஸ்தரிப்பதுபற்றி யாருக்கும் ஆட்சேபனை இல்லை. ஆனால் ஸ்ரீ ஸ்வாமி லகஜானந்தா அவர்கள் சொன்னதுபோல தஞ்சாவூர் ஜில்லாவிற்கும், இந்த தாலுகாவிற்கும் விவசாய பழக்க வழக்கங்களில் வித்தியாசம் இருக்கிறது. அதன்படி இந்தச் சட்டத்தை கொஞ்சம் மாறுதல் செய்து அமுலுக்குக் கொண்டுவந்தால் ரொம்பவும் நன்றாக இருக்கும்.

“ அடுத்தபடியாக சிதம்பரத்திற்கு விஸ்தரிக்கப்பட்ட சட்டத்தில் விசேஷமான அம்சம் விவசாயிகளுக்கு பாதிக்க கூடியதாக இருக்கிறது. அதற்குத் தான் திருத்தம் கொண்டு வரப்பட்டிருக்கிறது. 1953-ம் வருஷம் ஜனவரி மாதம் 1-ம் தேதியில் நிலம் வைத்திருந்தவன் 1953-ம் வருஷம் ஜூலை மாதம் 1-ம் தேதி முதல் நிலம் இல்லாமல் இருந்தால் இதற்குள் வேறு ஒருவனுக்கு அந்த நிலத்தைக் கொடுக்காமல் இருந்தால் அந்த விவசாயி சமரச அதிகாரிக்கு மனுப்போடால் அந்த நிலம் அது வரையில் மாற்றப் படாமல் இருந்தால் திருபி அலனுக்கே கொடுக்கலாம் என்று கண்டிருக்கிறது. ஆனால் அதற்குள் அந்த நிலம் மாற்றப்பட்டிருந்தால் அதற்கு ஒரு வழியும் காண்பிக்கவில்லை. இதை வைத்துக் கொண்டு மிராசதாரர்கள் விவசாயிகளை வெளியேற்றுவதற்கு சௌகரியமாக இருக்கும். சாதாரணமாக பிப்ரவரி மாதம் அறுவடையான பிறகு ஜூலை மாதத்திற்குள் இந்த இடைக்காலத்தில் ஆயிரக் கணக்கான விவசாயிகளை வெளியேற்றி யிருப்பார்கள். அங்கே மிராசதாரர்களுக்கும் விவசாயிகளுக்கும் இருக்கும் உரவு காரணமாக இந்த விதமாக அநேகம் விவசாயிகளை வெளியேற்றி இருக்கலாம். மீண்டும் அவர்களுக்கு நிலம் வேண்டும் என்று மனுப் போட்டால் அவர்களுக்குக் கிடைக்க முடியாமல் இருக்கிறது. அதற்குள் மிராசதாரர்கள் பிணியாக தங்களுடைய சொந்தக்காரர்களுக்கு நிலத்தை எழுதி கொடுத்து வருவதற்கு சௌகரியமாக இருக்கிறது. நான் ஏற்கனவே நிலத்தை மற்றொருவனுக்குக் கொடுத்து விட்டேன் என்று சொல்லக் கூடியதாக இருக்கிறது. உண்மையாக உழைத்து வந்தவனுக்கு நிலம் கிடைக்க வழி இல்லாமல் இருக்கிறது. ஆகவே இந்த இடைக்காலத்தில் கூட விவசாயிகளை வெளியேற்றியிருந்தால் அவர்களை மீண்டும் வேலைக்கு வைத்துக் கொள்ள இதை வசதி செய்து கொடுக்கவேண்டும். தஞ்சை ஜில்லாவில் செய்து கொடுக்கப்பட்டதைப் போல் இங்கேயும் செய்து கொடுக்கவேண்டும். தஞ்சை ஜில்லாவிற்குக் கொடுக்கப்பட்ட சலுகை கூட இங்கு கொடுக்கப்படவில்லை. தஞ்சை ஜில்லா சலுகை தென்னாற்காட்டிற்கு மறுக்கப் பட்டிருக்கிறது. இது ரொம்பவும் முக்கியமான அம்சம். இது இல்லாவிட்டால் இந்தச் சட்டத்தை விஸ்தரிக்க வேண்டிய அவசியமே இல்லை. இந்த மாதிரியான சட்டம் வரும் என்று எதிர்பார்த்து ஏற்கனவே பல மிராசதாரர்கள் தங்களுடைய நிலங்களைக் கொடுத்து விட்டு பிணியாக எழுதி வாங்கி வைத்துக் கொண்டிருக்கிறார்கள். தன்னால் மாற்றப்பட்ட குடியானவனையும் தனக்கு சாட்சியாக வைத்துக் கொண்டிருக்கிறார்கள். இந்த விதமாக இன்றையதினம் அநேகம் பேர்களை

“கடைசியாக சிதம்பரம் தாசில்தானரே சமரச அதிகாரியாக நியமித் திருக்கிறார்கள். சிதம்பரம் தாலுகாவிற்கே துனியான ஒரு சமரச அதிகாரியை நியமிக்கவேண்டுமென்று நான் கேட்டுக்கொண்டு சர்க்கார் கொண்டுவந்திருக்கும் இந்தத் திட்டத்தை நான் ஆதரிக்கிறேன்.”

“ அடுத்தபடியாக தஞ்சை ஜில்லாவில் ஒரு வேலிக்குக் குறைவாக நிலம் வைத்துக் கொண்டிருப்பவர்களுக்கு இந்த சட்டம் பாதிக்காது என்றிருக்கிறது. அதனால் அங்கு பல சிக்கல்கள் ஏற்பட்டிருக்கின்றன. சமரச அதிகாரிகளிடம் போனால் ஒரு வேலிக்குப்பட்ட மிராசுதார்கள் இந்த சட்டத்திற்குப் பட்டவர்கள் அல்ல என்று திருப்பிவிடுகிறார்கள். இதனால் அநேகம் இடங்களில் விவசாயிகளுக்கு இடஞ்சல் ஏற்பட்டு வருகிறது. அதனால் உற்பத்தியை பெருக்க முடியவில்லை. இந்த அடிப்படையில் பார்க்கும்போது ஆயிரக்கணக்கான மிராசுதார்கள் ஒரு வேலி நிலத்திற்குப் பட்டவர்களாகத்தான் இருக்கிறார்கள். அதனால் இந்தச் சட்டம் இயற்றியும் அதை துஷ்பிரயோகம் செய்வதாக இருக்கிறது. இவ்விதம் சட்டத்தை வைத்துக் கொண்டிருந்தால் அதை துஷ்பிரயோகம் செய்ய வசதி செய்து கொடுப்பதாகும். இதற்கு பல உதாரணங்கள் கொடுக்கலாம். உதாரணமாக பல மிராசுதார்கள் தங்களனுடைய நிலங்களை தங்களனுடைய சொந்தக்காரர்களுக்குப் பிரித்துக் கொடுத்து விட்டு ஒரு வேலிக்குக் குறைவாக நிலம் இருக்கிறது என்று விவசாயிகளை வெளியேற்றி வருகிறார்கள். அவ்விதம் தன்னுடைய நிலத்தைப் பிரித்துக் கொடுப்பதால் அவர்கள் சமரச அதிகாரிகளிடம் போய் சொல்லிக் கொள்ள முடியவில்லை. சட்டத்தில் இவ்விதம் இருப்பதால் அதை வைத்துக் கொண்டு சட்டத்தை துஷ்பிரயோகம் செய்கிறார்கள். இவ்விதம் மிராசுதார்கள் செய்தவதற்கு இடம் கொடுக்கக் கூடாது. தன்னுடைய சொந்தக்காரர்களுக்கு எழுதி வைத்து விட்டு விவசாயிகளை வெளியேற்றுவதற்கு இதில் இடம் இருக்கிறது. ஆகையால் ஒரு வேலி என்று இருப்பதை எடுத்துக்

விட்டு அந்த விதியை ரத்து செய்ய வேண்டும். அவ்விதம் இருப்பதால் பல சிக்கல்களை ஏற்படுத்திக் கொண்டிருக்கிறது என்பதை மீண்டும் வலியுறுத்த வேண்டி இருக்கிறது. இப்பொழுது கொண்டு வரப்பட்டிருக்கும் திருத்தம் வெகு நியாயமானது. தஞ்சை ஜில்லாவின் அனுபவத்தைப் பார்த்து அதை சிதம்பரம் தாலுகாவிற்குக் கொண்டு வந்திருக்கிறது. இதைச் சர்க்காருடைய கவனத்திற்குக் கொண்டு வரவேண்டும் என்று இதைக் கொண்டு வரப்பட்டிருக்கிறது. அந்த முறையில் இந்த சட்டத்தைத் திருத்தாமல் சிதம்பரத்திற்கு விஸ்தரித்தால் பிரயோசனமாக இருக்காது, இந்த சட்டம் ஒழுங்கான முறையில் நடக்கவேண்டும். இப்பொழுது எவ்விதம் வேலை செய்து வந்திருக்கிறது என்பதை அரசாங்கம் கவனித்து ரிபோர்ட்டு களை சேகரித்து அதற்குத் தக்கபடி சட்டத்தைத் திருத்தவேண்டும். விவசாயிகளுக்கு சட்டம் ஒழுங்கான முறையில் நடப்பதற்கு இந்த திருத்தங்கள் அவசியம். அதை ஏற்றுக்கொண்டு விவசாயிகளுக்கு உதவி செய்ய வேண்டும் என்று தெரிவித்துக் கொண்டு என்னுடைய பேச்சை முடித்துக் கொள்ளுகிறேன்.”

[Sri G. Narayanaswami Naidu] [30th July 1953]

யாள்களை வைத்துக்கொண்டு வெளியேற்றியிருக்கிறார்கள். சட்டத்தினால் அவர்களுக்கு எந்த வகையிலும் பாதுகாப்பு அளிக்கப்படவில்லை. நான் மடாதிபதிகள் செய்து கொண்டிருக்கும் அக்கிரமங்களையெல்லாம் எடுத்து நமது அறநிலைய பாதுகாப்பு மந்திரியிடம் சொன்னேன். அவர்களும் இதில் நிலையிட முன்வரவில்லை. இந்த நிலைமையை இப்படியே சர்க்கார் விட்டுக்கொண்டு சென்றால் இதனால் என்ன ஏற்படுமென்றே சொல்ல முடியாமல் இருக்கிறது. பலயிடங்களில் இன்னும் சாகுபடியே நடக்கவில்லை.

“இன்னும் பலயிடங்களில் ஒரு அடிக்கமுடியாமல் தடுத்திருக்கிறார்கள். உதாரணமாக சாத்தனூரில் ஒரு அடிக்கும்போது வண்டிகள் ஒரு வயல் வழியாகத்தான் இன்னொரு வயலுக்குப் போகவேண்டியிருக்கும். மிராசு தார்கள் இன்றையதினம் தங்கள் நிலத்தின் வழியாக ஒரு வண்டிகள் போகக்கூடாதென்று சொல்லித் தடுத்து ஒரு அடிக்க முடியாமல் செய்திருக்கிறார்கள். ஏழை விவசாயிகள் படும் தொந்தரவுகளை எல்லாம் நேரில் பார்த்து கனம் மந்திரிமாமாசுரிடம் சொல்வதற்கு சபையின் தலைவர், சபாநாயகரை எங்கள் ஜில்லாவிற்கு ஒரு முறை சுற்றுப்பிரயாணம் வரும் படியாக நான் கேட்டுக்கொள்ளுகிறேன்.”

MR. SPEAKER :—“அப்படியே நான் வந்து சுற்றுப்பிரயாணம் செய்தாலும் அதையெல்லாம் எடுத்து நான் சொல்லப்படாது. அது என்னுடைய வேலையில்லை.”

* SRI G. NARAYANASWAMI NAIDU :—“அப்படியானால் கனம் மந்திரிமாமாசுரிடம் எங்கள் ஜில்லாவிற்கு சுற்றுப்பிரயாணம் வரும்படியாக நான் அழைக்கிறேன். அவர்களை வரும்படியாக கனம் சபாநாயகர் அவர்கள் கொஞ்சம் சொல்லும்படியாகவும் கேட்டுக்கொள்ளுகிறேன்.”

“அடுத்தபடியாக இன்றையதினம் கோவில் டிரஸ்டிகளாக இருக்கிறார்களே அவர்களைப் பற்றி ஒரு வார்த்தை. அவர்கள் எல்லோரும் மனித உள்ளம் படைத்தவர்களேயில்லை. அவர்களது பூர்வோத்தரத்தை எடுத்துப் புரட்டினால் அவர்கள் பெரிய உரிமையை கொலை செய்பவர்களாகவே இருப்பார்கள் என்பது தெரியும். அந்த நீருசுவரவாதிகள் எந்தக் குற்றத்தையும் செய்யத் தயங்கவேயில்லை. கொலைக்காரன், கொள்ளைக்காரன், வெறியன், மோசக்காரன் என்று மக்களால் வெறுத்து ஒதுக்கப்பட்டவர்கள் எல்லாம்தான் இன்றையதினம் கோவில் நிர்வாகத்தில் டிரஸ்டி சூப்பிரண்டு களுக்கு ஆதரவாக இருக்கிறார்கள். இவர்கள் இருந்தால் கோவில் நிர்வாகம் எப்படி பரிசுத்தமாக இருக்க முடியுமென்பதை கனம் ராஜாஜியின் சர்க்கார் கவனிக்க வேண்டுமென்று நான் கேட்டுக் கொள்ளுகிறேன். அவர்கள் செய்துகொண்டிருக்கும் அக்கிரமங்களை எல்லாம் எடுத்துச்சொல்லவே முடியாது. தஞ்சாவூர் ஜில்லாவில் ஒன்றிரண்டு தனிப்பட்ட நிலச்சுவாந்தார்கள் இருக்கலாமே தவிர கோவில்களுக்குத் தான் ஆயிரக்கணக்கான நிலங்கள் இருக்கின்றன. அந்தக்கோவில் நிர்வாகிகள் தான் கடவுளின் பிரதிநிதிகள் தாங்கள் என்று சொல்லிக்கொண்டு செய்துவரும் அக்கிரமங்கள் சகிக்கமுடியவேயில்லை. அதுவும் மிகவும் நல்லர் என பிறர் கருதவேண்டுமென தானதர்மங்கள் செய்து புத்தகம், புத்தகமாக அச்சடித்து இனாமாக வழங்கும் நிரூபனந்தான் சந்திரதானமே நூற்றுக்கணக்கான குடும்பங்களை நிலத்திலிருந்து வெளியேற்ற நடவடிக்கை எடுத்தால் அக்கிரமம் செய்வதையே நன்கு தனிப்பண்பாக உடைய திருவாரூரரை மட்டத்து ஆதீனகர்த்தா செய்துவரும் அக்கிரமங்களை எடுத்துச் சொல்லமுடியுமா? மட்டியூர், சனப்பாடு போன்ற கிராமங்களிலிருந்து வந்திருக்கும் அக்கிரமச் செய்திகளை எடுத்துச்சொல்லப் போனால் எனக்குச் கொடுத்திருக்கும் நேரமே போதாது. ஆகவே சிதம்பரம், கடலூர் தாலுகாவிற்கு இந்தச்சட்டத்தை விஸ்தரிக்கும்போதே அந்தச்சட்டத்திலுள்ள பலகுறைபாடுகளை நிவர்த்திப்பதற்கும் சர்க்கார் எல்லாவிதமான முயற்சியையும் எடுத்துக்கொள்ளவேண்டும். தக்க பரிசாரம் தேடவேண்டுமென்று சொல்லிக்கொண்டு என்னுடைய வார்த்தையை முடித்துக்கொள்ளுகிறேன்.”

* THE HON. SRI M. A. MANICKAVELU NAICKER :— 11-30 a.m.
“Sir, I submit at the very outset that these amendments are limited in their scope, in their nature and in their application. They are not like the amendments that we move in this House when an amending Bill is brought forward. Hon. Members in reviewing the whole working of the Tanjore Tenants and Pannayal Protection Act pointed out the difficulties in its working and other practical drawbacks they have come across. These will arise when we bring an amending Bill. It is no doubt true that when an Act is passed and after its working, some difficulties are found, an amending Bill is brought. It is a practice all over the world and no statute can be completely satisfactory at the very outset. An Act is passed and subsequently an amending Bill is brought. But here we are extending the provisions of the Tanjore Act to the neighbouring area and even in that extension there is limitation in the Act itself. In section 1, sub-section (2) of the Act it is provided that it could be extended only to the neighbouring districts, that is, South Arcot and Tiruchirappalli districts. For instance, it cannot be extended either to the Chingleput or the Ramanathapuram district. There is that limitation; and further we have to take into account whether the conditions are more or less similar to those in the areas to which the Act was applied. We find only in Chidambaram taluk the conditions of tenure are more or less similar to those in the Tanjore district and that is why it was extended to that particular taluk. Even in that taluk certain villages are excepted.

“Now, coming to the amendments, the first amendment seeks to prevent the interference of courts in these matters. I submit that it has been already provided in the Act ‘that no court will have jurisdiction.’ Section 14 of the Act categorically says,

‘No civil court shall entertain any suit or other proceedings to set aside or modify any order or decision of the Revenue Court, Conciliation Officer or other authority acting under this Act or in respect of any other matter.’ So there will be no interference at all by the civil courts.

That is amply provided for.

“Then, with regard to the other amendments, we cannot make sweeping changes in the provisions as they exist in the Act. Section 15 clearly states:

‘Where this Act is to be brought into force in any neighbouring area outside the Tanjore district, its provisions shall apply subject to such adaptations, exceptions and modifications, if any, as the Government may, by notification, specify in this behalf.’

Having the spirit of the Act in mind, we can only make such changes as are consistent with these definitions, namely, adaptation, exception and modification. We cannot make sweeping changes. For instance, one of the amendments seeks to bring the one veli holdings also under the Act. It is not in the nature of adaptation or modification. It goes to the root of the Act, it will be illegal and it cannot be done. By another amendment, the hon. Member wants to change the definition of ‘cultivating tenant.’ - I submit

[Sri M. A. Manickavelu Naicker] [30th July 1953]

that the section as it stands satisfies what hon. Members want. I understand 'sub-lessee' is also included in the term 'cultivating tenant.' It is superfluous and unnecessary to extend the definition.

"With regard to eviction, we have fixed the date as 1st July 1953, that is, any tenant who was in possession of the land on 1st July 1953 shall not be disturbed; not only that, if anybody was in possession of the holding or a land on 1st January 1953, he shall not be disturbed. If the landlord has taken it for his own personal cultivation, the tenant would be put back. But now, as it is, any tenant who was in possession on the 1st January, can be replaced by some other tenant. That is not provided against here. We are considering—we have received a report—how best we can provide for that also. Now in this we have provided that when the land is taken by the landlord for his personal cultivation, he could not oust the one who had possession on 1st January 1953.

"Then, another amendment seeks to include the Mayuram Schedule here. We deliberately omitted the Mayuram award, as it is applicable only to the Tanjore district. The conditions, the genesis and development of the very award was peculiar and was applicable to that district only. It is not at all applicable here. On the other hand, we have included the other scale of wages which is in the original Act, because that is prevalent in that area. There is no scope for including the Mayuram award in this notification. Sir, as I have already submitted, the amendment seeks to include one veli holdings also. We cannot make such a sweeping change. We can make only adaptations or modifications.

11-40 a.m. "There is another amendment regarding the jurisdiction of civil courts. If we accept the amendment, we will be creating many complications and it will be a departure also from what is obtaining in Tanjore. In fact, all the points which the amendments seek to include, are already in the Act. The hon. Member Mr. Vagheesam Pillai said that he gave notice of amendments to the notification. No doubt he gave some amendments. But they are not before the House at present. They will be considered later on."

MR. SPEAKER:—"I am now going to put the first amendment of Sri S. Ramalingam to the vote of the House. The amendment is—

'Add the following at the end of sub-section (1) of section 6:—

"No civil court will entertain any petition to evict any tenant after the commencement of the Act".

SRI S. RAMALINGAM:—"கனம் சபாநாயகர் அவர்களே, கனம் ரெவின்யூ, மந்திரி அவர்கள் பதில் சொல்லும்போது, ரெவின்யூ கோர்ட்டு அளித்த தீர்ப்பையோ, கன்ஸிலியேஷன் ஆபீசர் உத்திரவையோ மாற்றுவதற்கு சிவில் கோர்ட்டுக்கு எந்தவிதமான அதிகாரமும் தஞ்சாவூர் பண்ணை

30th July 1953] [Sri S. Ramalingam]

யான் சட்டத்தில் கையாடுவதென்று குறிப்பிட்டார். அப்படியிருந்தாலும்கூட, கிதம்பரம் தாலுகாவில் ஆந்தச் சட்டம் வருவதற்கு முன்னமேயே நன்றை 'எவிக்ஷன்' (eviction) கேஸ்கள் சிவில் கோர்ட்டில் இருக்கின்றன. அவைகளை ரெவின்யூ கோர்ட்டுக்கு மாற்றுவதற்கு இதில் நான் ஒரு ஷரத்து சேர்க்கவேண்டுமென விரும்புகிறேன். அதுயாதாரியில்லாததால் சிவில் கோர்ட்டுமூலமாக விவாசாயிகளை வெளியேற்றுவதற்கு சந்தர்ப்பம் இருக்கிறது. அம்மாதிரி பின்னால் விவாசாயிகளுக்கு வரக்கூடிய கஷ்டத்தை இப்பொழுதே நிவர்த்தி செய்வதற்கு வேண்டிய நடவடிக்கைகளை எடுப்பதாக வாக்குறுதி கொடுத்தால் நான் என் திருத்தத்தை வாபஸ் வாங்கிக் கொள்ள தயாராக இருக்கிறேன்."

* THE HON. SRI C. SUBRAMANIAM:—"I may mention Sir, that the Act as it stands bars the jurisdiction of civil courts with regard to the eviction of tenants. Section 10 (1) clearly lays down, 'No cultivating tenant shall be evicted except as provided in section 6'. Therefore, if some courts have entertained certain suits, that is a different matter and they will have to be taken on appeal and we cannot interfere with them. The Government will certainly take note of the difficulty and if it can be removed by executive instructions, that will be done. But the hon. Member cannot expect the Government to issue executive instructions to the courts as such."

SRI S. RAMALINGAM:—"Sir, according to the definition, 'cultivating tenant' or 'tenant' means a person who contributes his own physical labour or that of the members of his family in the cultivation of any land belonging to another, under a tenancy agreement, express or implied, and includes the heirs of such person but shall not include a mere intermediary or his heirs. Section 10 (1) says: 'No cultivating tenant shall be evicted except as provided in section 6'. I wanted to include 'sub-lessees' also in the definition of 'cultivating tenant.' If the definition is clarified, the difficulty can be surmounted. The Hon. Minister for Land Revenue says that this can be done by an executive order and they have power to make rules. If they accept this, I do not think there will be any difficulty."

* THE HON. SRI M. A. MANICKAVELU NAICKER:—"Sir, in all Statutes definitions are there and a particular judge interprets it in a particular way and the aggrieved party appeals. Still, I submit, if it is possible to clarify it further and make it beyond any doubt, we shall do so."

SRI S. RAMALINGAM:—"Sir, I beg leave of the House to withdraw my amendment."

The first amendment was, by leave, withdrawn.

MR. SPEAKER:—"The second amendment is—

'For the words "except in cases Act" in sub-section (2), substitute the following:—

"If the land-owner refuses to hand over possession of the land restored as above, the land shall be restored with the help of the Police".

[30th July 1953]

SRI S. RAMALINGAM:—"Sir, if my amendment is accepted, the sub-section will read as follows: 'Every cultivating tenant who was in possession of any land on the 1st day of January 1953 and who was not in possession thereof on the 1st day of July 1953, shall, on application made to the Conciliation Officer, be entitled to be restored to such possession; if the land-owner refuses to hand over possession of the land restored as above, the land shall be restored with the help of the police.'

"மேற்கண்ட என் திருத்தத்தில் முக்கியமாக இரண்டு பகுதிகள் இருக்கின்றன. முதல் பகுதியில் நான் சொல்லியிருப்பதையே சுவாமி கண்ணனந்தா அவர்கள் பேசும் போது கூட, ஒப்புக் கொண்டு இந்தப் பகுதியை நீக்கவேண்டுமென்று சொன்னார்கள். 1953-ம் வருஷம் ஜனவரி மாதம் சென்ற சாகுபடி காலத்தில் நிலம் வைத்திருந்தவர்களுக்கே நிலம் திரும்பவும் சாகுபடிக்குக் கொடுக்கப்படவேண்டுமென்று தான் இந்த 'நோடிபிகேஷன்' அர்த்தம். சென்ற வருஷம் சாகுபடி முடிந்தவுடன் இம்மாதிரி சட்டம் வரப்போகிறது என்று அங்குள்ள மிராச்தாரர்களுக்குத் தான் நன்றாகத் தெரியும். சென்ற சாகுபடி முடிந்த பிறகு ஆற்றில் தண்ணீர் வந்து வேலையை ஆரம்பிக்கும்போது, வேறு ஒரு ஆசாமிக்கு விட்டு விட்டேன் என்று சொல்லிவிட்டார்களானால் நிலம் திரும்பக் கிடைப்பதற்கு சந்தர்ப்பம் இல்லை.

"சென்ற வருஷம் யார் நிலம் வைத்திருந்தார்களோ அவனை நிலத்திலிருந்து மாற்றக்கூடாது. அவர்களுக்கு ஐந்து வருஷ உரிமை வேண்டுமென்று கிளர்ச்சி செய்தார்கள். அந்தக் கிளர்ச்சியை நசுக்குவதற்கு, உண்மையில் சாகுபடி செய்தவன், இவனு இல்லையா என்று பார்க்காமல், தங்களுக்குச் சாதகமாக இருக்கக்கூடிய ஆளுக்கு, 'இவன் குத்தகைதாரன் இந்த வருஷம் சாகுபடி பண்ணுகிறான்' என்று சொல்லி விட்டார்களானால், நிலம் அவர்களுக்கு திரும்பக் கிடைக்காது. அதற்காக இந்த 'நோடிபிகேஷன்' வந்திருக்கிறது, எக்ஸ்டன்ஷன் வந்திருக்கிறது, அடாப்டேஷன் வந்திருக்கிறது' என்று பொன்னால் பிரயோஜனமில்லாமல் போகும். கனம் மந்திரி அவர்கள் certain adaptations or modifications இருக்கவேண்டுமென்று சொல்வதனால் 'except in cases where some other tenant had been put in possession of the land before the commencement of this Act' என்ற இந்தப் பகுதியை எடுத்துவிடவேண்டுமென்று நான் முதலில் கேட்டுக் கொள்கிறேன்."

11-50 a.m. * THE HON. SRI M. A. MANICKAVELU NAICKER:—"I have already said that during the intervening period between the two dates mentioned, if the land has been taken over by the landlord for personal cultivation, we cancel it and give it back to the tenant. But now they want that during that period some tenant might have been appointed by the landlord and they want now that that tenant should be asked to go out and the previous tenant be reinstated. I have already said that certain provisions relating to this aspect of the matter are being considered now. I do not want to hurry. I oppose the amendment. The hon. Member may withdraw it, in the light of what I had said. Otherwise, I will have to oppose it."

SRI S. RAMALINGAM:—"கனம் மந்திரி அவர்கள் அந்த ஷரத்தைக் கவனித்து பின்னால் உடனடியாக நடவடிக்கை எடுத்துக்கொள்கிறேன் என்று சொல்லியிருப்பதால் 'except in cases where some other tenant had been put in possession of the land before the commencement of

this Act' என்ற அந்தப் பகுதியை நீக்கவேண்டுமென்று சொல்வதை நான் வாபஸ் வாங்கிக்கொள்ளுகிறேன். ஆனால், பிற்பகுதியை தனித் திருத்தமாக பிரேரிக்க அனுமதிக்கவேண்டும்; அதாவது:

'Add the following at the end of sub-section (2) of section 6 of Schedule II:—

"If the land-owner refuses to hand over possession of the land restored as above the land shall be restored with the help of the Police."

"எற்கனவே இந்தச் சபையில் சொல்லியிருக்கிறேன். கன்விலியேஷன் ஆபீசர் உத்தரவு போட்டு விடுகிறார். நிலச்சுவாந்தார் அதைப்பற்றி கவலைப்படவில்லை. கன்விலியேஷன் ஆபீசர் இரு சாராருக்கும் சம்மன் அனுப்புகிறார். ஆனால், நிலச்சுவாந்தார் கன்விலியேஷன் ஆபீசரிடம் வருவதில்லை. ஆனால், விவசாயி மாதிரி சாட்சிகளைக் கொண்டு போய், 'இந்த வருஷம் நான் சாகுபடி செய்தேன். நிலத்தைத் திரும்பவும் எனக்குச் சாகுபடிக்குக் கொடுக்கவேண்டுமென்று' கேட்கிறான். நிலத்தைத் திருப்பித்தரவேண்டுமென்று கன்விலியேஷன் ஆபீசர் உத்தரவு போடுகிறார்கள். அந்த உத்தரவைக் கௌரவிப்பது யார்? நிலத்தைத் திருப்பித்தரச் செய்ய வேண்டுமென்று போலீஸ் ஸ்டேஷனுக்குச் சென்று விவசாயி கேட்டால் 'இந்தச் சட்டத்தில் எங்களுக்கு சம்பந்தமில்லை, நீ ரெவின்யூ கோர்ட்டுக்குப் போ' என்று சொல்லிவிடுகிறார்கள்.

"எற்கனவே விவசாயிக்குச் சாதகமாக நிலம் திரும்பவேண்டுமென்று உத்தரவு இருக்கிறது. அதைப் பற்றி அப்பீஸ் அவசியம் இல்லை. போட்ட உத்தரவை நிறைவேற்ற முடியவில்லை. அதற்காகத்தான் நான் இந்தத் திருத்தத்தைக் கொண்டு வந்திருக்கிறேன். நிலச் சொந்தக்காரர்கள் விவசாயிகளுக்கு நிலத்தைத் திருப்பிக் கொடுக்கும்படி உத்தரவு போட்டதை அவர்கள் நிறைவேற்றும்படிச் செய்வதற்கு போலீஸ் உதவி பண்ணவேண்டுமென்று கோரும் இந்தத் திருத்தத்தை மந்திரி அவர்கள் ஒத்துக் கொள்ளுவார்கள் என்று நினைக்கிறேன்."

* THE HON. SRI M. A. MANICKAVELU NAICKER:—"The Hon. Sri C. Rajagopalachari:—"I am most gratified to find the Communist Party having so much faith in the Police, Sir."

THE HON. SRI C. RAJAGOPALACHARI:—"I am most gratified to find the Communist Party having so much faith in the Police, Sir."

SRI S. RAMALINGAM:—"போலீஸ் பேரிலே ஒரு நம்பிக்கை இருக்கிறது என்று நான் சொல்லவில்லை. ஆனால் இன்னொரு இடத்தில் கூடிய சர்க்கார்தான் போலீஸை நம்பிக்கொண்டிருக்கிறார்கள். இன்னொரு சர்க்கார் போட்டிருக்கிற சட்டத்தையும் போலீஸ் நடத்த முன்வரவேண்டுமென்ற அந்த எண்ணத்தோடுதான் நான் இந்தத் திருத்தத்தைக் கொண்டுவந்திருக்கிறேன்.

"மந்திரி அவர்கள் கொடுத்த வாக்குறுதியின்பேரில் நான் இந்தத் திருத்தத்தையும் withdraiw பண்ணிக்கொள்ளுகிறேன்."

The hon. Member has, by leave, withdrawn.

Schedule II—Section 11.

MR. SPEAKER:—"The hon. Member, Sri Ramalingam, has moved three amendments."

SRI S. RAMALINGAM:—"Sir, my amendments run as follows:—

'(1) After the words "families" and before the word "for" insert the following: "according to Mayuram agreement or".

'(2) Add the following after the words "in kind" occurring in line 3: "whichever the Pannaiyals may choose".

'(3) The words "The Schedule shall be omitted" in paragraph 4 may be omitted.'

"இந்தத் திருத்தத்தில் முக்கியமாகச் சொல்வது என்னவென்றால், இன்றைக்கு இருக்கக்கூடிய நோடிபிகேஷன் பிரகாரம் ஒரு பண்ணையானுக்கு வேலை செய்த நாளுக்கு 2 மாக்கால் நெல் கூலியாக நிலச்சுவாந்தார் கொடுக்கவேண்டுமென்று இருக்கிறது. இப்பொழுது தஞ்சாவூர் ஜில்லாவிலும் அதற்குப் பக்கத்தில் இருக்கக்கூடிய சிதம்பரம் தாலுகாவிலும் சர்க்கார் உணவுக் கட்டுப்பாடு எடுத்த பிறகு நெல்லின் விலை உயர்ந்திருக்கிறது என்பது உங்களுக்குத் தெரியும். ஆகையால் கூலியைப் பணமாகக் கொடுப்பதற்கு மிராசுதார்கள் விரும்புகிறார்களேயொழிய, தானியமாகக் கொடுப்பதற்கு விரும்பவில்லை. 100-க்கு 90 நிலச்சுவாந்தார்கள் தானியமாகக் கூலி கொடுக்க விரும்பவில்லை. காரணமென்னவென்றால் நெல் மூட்டை ஒன்று ரூ. 28, ரூ. 30 என்று விலை ஏறிக்கொண்டிருக்கிறபோது, பண்ணையாட்களுக்கு இரண்டு மாக்கால் கூலி வீதம் கொடுக்க எந்த மிராசுதாருக்கும் மனம் வருவதில்லை. சட்டபூர்வமாக இரண்டு மாக்கால் கூலி கொடுக்கவேண்டுமென்று நிர்ப்பந்தித்தால் யாரும் கொடுக்க முன்வரமாட்டார்கள். அந்தப் பக்கத்திலுள்ள காங்கிரஸ் அங்கத்தினர்களும், இந்தப் பக்கத்திலுள்ள அங்கத்தினர்களும் இதைப் பற்றி விரிவாகப் பேசிவிட்டார்கள். இரண்டுவிதமான கூலி இருந்தால் நல்லது என்று எல்லோரும் தெரிவித்திருக்கிறார்கள். நிலச்சுவாந்தார்களுக்கு எது சாதகமாக இருக்கிறதோ, அல்லது பண்ணையாட்களுக்கு எது சாதகமாக இருக்கிறதோ அந்தமாதிரி கூலியை வாங்கிக்கொள்வதற்கு சந்தர்ப்பம் அளிக்கவேண்டுமென்பதற்காக அவர்களும் ஆமோதிக்கிறார்கள். மாயவரம் ஒப்பந்தம் தஞ்சை ஜில்லாவுக்கு முக்கியமாகப் பொருந்தினாலுங்கூட, அதில் இருக்கிற நன்மையையும் மாத்திரம் சிதம்பரம் கடலூர் தாலுகாக்களுக்கும் விஸ்தரிக்கவேண்டுமென்று கேட்டுக்கொள்ளுகின்றேன்.

"மாயவரம் ஒப்பந்தத்தில் பண்ணையானுக்கு ஒரு மாக்கால் என்றும், பெண் கூலிக்கு முக்கால் மாக்கால் என்றும், வருஷக் கடைசியில் களவடி என்று இருக்கிறது. இரண்டு மாக்கால் கூலி நிலச்சுவாந்தார் கொடுத்தாலும்கூட வருஷக் கடைசியில் அவர்களுக்கு எதுவும் மிஞ்சாது. சிதம்பரம் தாலுகாவில் வருஷக் கடைசியில், தானியமாகக் கூலி கொடுப்பதுமட்டுமல்லாமல் பல கிராமங்களில் பல நிலச் சொந்தக்காரர்கள் வருஷக் கடைசியில் 10, 12 கலம் தானியம் போனதாக கொடுக்கும் பழக்கம் இருக்கிறது. தஞ்சை ஜில்லாவில் அந்த முறையை அனுசரித்தால் தினசரி வாழ்க்கைச் செலவுக்கு ஒரு மாக்கால் கூலி வாங்கிச் சாப்பிடுவான், வருஷம் முடிந்த பிறகு 10, 15 கலம் மொத்தமாகக் கிடைத்தால் வீட்டு வசதி செய்து கொள்ள, வீட்டு ரிபேர் செய்துகொள்ள, கல்யாணம், நல்லது பொல்லது செய்துகொள்வதற்கு சந்தர்ப்பம் கிடைக்கும். இப்பொழுது இருக்கிற நிலைமையில் இரண்டு மாக்கால் கூலி கொடுத்தால் நிலச்சுவாந்தார் என்றைக்கு தனக்கு அவசியமாக தேவையாக இருக்கிறதோ அன்றைக்கு விவசாயிகளை வேலை செய் என்று சொல்லுவான், மற்ற நாட்களில் பட்டினி கிடக்க வேண்டிய நிலைமை ஏற்படும். வேறு பல கிராமங்களில், நிலச்சுவாந்தார்

சுப்பிட்ட நேரத்தில் அவன் வரவில்லையென்று இன்னொருவன் இரண்டு மாக்கால் தருகிறேன், இங்கே வா என்று சுப்பிட்டிருக்கொள்ளும்போது சண்டை வரும்.

"ஆகவே, இங்கு இருக்கிறவர்களும், எதிரில் இருக்கிற அங்கத்தினர்களும் கூட இம்மாதிரி இரண்டுவிதமான கூலி முறை இருப்பதை விரும்புகிறார்கள். இந்தமாதிரி இரண்டுவிதமான கூலி இருக்கவேண்டுமென்று இருக்கும் இதையாவது கனம் மந்திரி அவர்கள் ஒத்துக்கொள்ளுவார் என்று நம்புகிறேன்."

* THE HON. SRI M. A. MANICKAVELU NAICKER:—"So far as Tanjore was concerned, the Mayuram agreement was a well-known thing for them. It had been in existence there for a number of years. It was a known thing and so it was put as a special schedule to the Tanjore Tenants and Pannaiyal Protection Act. But here in Chidambaram the conditions are different. Here the conditions vary from those of Tanjore. For instance the 'pannaiyal' system that is so peculiar to Tanjore, is not in vogue in Chidambaram. Therefore accepting the amendment of Mr. Ramalingam would only create confusion. That is why I oppose the amendments."

SRI S. RAMALINGAM—"இந்தத் திருத்தத்தை வற்புறுத்துகின்றேன்."

MR. SPEAKER:—"The question is—

'In Schedule II—Section 11.

(1) After the words "Families" and before the word "for" insert the following: "according to Mayuram agreement or".

(2) Add the following after the words "in kind" occurring in line 3: "whichever the Pannaiyals may choose".

(3) The words "The Schedule shall be omitted" in paragraph 4 may be omitted."

The amendments were put and lost.

SRI S. RAMALINGAM:—"I have moved the following amendments to the original Act:—

(1) 'Add the following in section 2:—

Definition "cultivating tenants"—Tenants will include "sub-lessees also".

(2) 'Delete "sub-section 3 (b)" or

add the following at the end of section 3 (b):—

(3) "Provided the land-owner himself cultivates the land without giving the land to lease to some tenant or without engaging Pannaiyal."

[Sri S. Ramalingam] [30th July 1953]

12 noon “ஆனால் கனம் நிதி மந்திரி அவர்களும், கனம் ரெவின்யூ மந்திரி அவர்களும் இதைப் பற்றி ஆலோசிப்பதாக சொல்வதனால் முதற் பகுதியை வாபஸ் வாங்கிக் கொண்டு, அதன் பின்னால் இருக்கக்கூடிய அந்தக் கிளாசை மாதிரம் பிரேரிக் கிளேன் அதாவது,

‘Delete sub-section 3 (b) or

add the following at the end of section 3 (b):—

“Provided the land-owner himself cultivates the land without giving the land to lease to some tenant or without engaging Pannaiyal”.

“உதைப்பற்றியெல்லாம் அங்கு இருக்கக்கூடிய அங்கத்தினர்களும் பேசியிருக்கிறார்கள், நாங்களும் பேசியிருக்கிறோம். ஒரு வேலிக்கு குறைவாக நிலம் வைத்திருப்பவர்களை இந்தச் சட்டம் கட்டுப்படுத்தாது என்று சொல்வதனால்; அப்படிப்பட்டவர்கள் இந்தச் சட்டத்திலிருந்து தப்பித்துக் கொள்ள முடியாத முறையில் என்னுடைய திருத்தம் இருக்கிறது. அதையாவது கனம் ரெவின்யூ மந்திரி அவர்கள் ஒத்துக்கொள்வார்களென்று நான் நினைக்கிறேன்.”

* THE HON. SRI M. A. MANICKAVELU NAICKER:—“I must request the hon. Member to come to my rescue here. The whole thing was well thrashed out at the Select Committee meeting and we came to the conclusion that for the present we need not interfere with the holdings below one veli as it will result in a lot of injustice and create further complications. I think it is better to leave it at that. There is also the legal difficulty because it goes against the very scope of the parent Act. It is a sweeping change. The amendment can be only in the nature of an adaptation or modification.”

SRI C. KANDASAMI:—“Mr. Speaker, Sir, the Select Committee has raised the objection that this is going to create trouble. Experience has also shown that these clauses have played havoc in the Tanjore district. Because of these provisions, the relationship between the mirasdars and the peasants is not alright. I have already raised the objection in the Select Committee stage. Legally also we have got a right to modify when extending it to other areas.”

THE HON. SRI C. RAJAGOPALACHARI:—“One of the proposals which the hon. Member readily accepted was about the exemption of one veli.”

SRI C. KANDASWAMI:—“If we refer to the proceedings, it will be seen that I informed the Select Committee that it is going to create trouble. But in spite of that in the circumstances then existing we accepted it. Regarding the legal objection raised by the Hon. Minister, when the Government have got a right to modify the Act when applying the Act to Chidambaram and other places, we have also got a right to modify.”

MR. SPEAKER:—“Sri Ramalingam's first amendment is by leave, withdrawn. Is the hon. Member pressing his two other amendments?”

SRI S. RAMALINGAM:—“Yes, Sir”.

30th July 1953]

MR. SPEAKER:—“The question is—

‘Delete “sub-section 3 (b)” or add the following at the end of section 3 (b):—

“Provided the land-owner himself cultivates the land without giving the land on lease to some tenant or without engaging Pannaiyal”.’”

The amendments were put and lost.

(2) ASSIGNMENT OF PORAMBOKES AND BANJAR LANDS—*cont.* *

MR. SPEAKER:—“The next item on the agenda is the resolution of Sri K. Venkaiah. The hon. Member Sri Kalyanasundaram was speaking the other day (27th July) and it was 1-30 p.m. when he had not finished his speech. Mr. Kalyanasundaram will now begin again. As soon as this is over, there is a privilege motion and after that we have the valedictory speeches.”

SRI M. KALYANASUNDARAM:—“Sir, I am not speaking.”

SRI T. LAKSHMINARAYANA REDDI:—“Mr. Speaker, Sir, the assignment of porambokes and banjar lands to the poor landless people is really a subject to which the Government should pay serious attention. Some of the banjar lands have been reclaimed and brought under cultivation by poor kisans and labourers. They have invested some amounts and they have also put forth their toil. These people are agitating for pattas for a very long time but the Government are granting pattas only according to their will and pleasure. Naturally the poor kisan feels that he is not able to reap the benefits and the yield is poor. We are spending crores of rupees on importing food from other countries. That can be stopped. If these banjar lands are assigned to the local landless poor people and pattas are granted to them, the yield will be definitely greater. But what is it that is actually happening? Poor kisans are being evicted and the lands are distributed indiscriminately to the so-called political sufferers. People who indulge in acts of vandalism are classified as political sufferers and are given lands which are in the occupation of the poor peasants. For example, in Sattenapalli, one Krishna Devaroya was given a land which was in the possession of a poor peasant. The District Congress Committees classified the *Thyagis* as they thought fit and lands were granted to them by evicting the poor kisans. This has affected many poor kisans in Rayalaseema especially in Anantapur district. Even representations made to the Collector were of no avail. The Government must clarify their policy. I don't wish to take up the time of the House. I request that these poor kisans should be given pattas and made to improve the yield. Then only our country will prosper and we will prosper.”

12-18 * **SRI N. SIVARAMA REDDI**:—"Sir, in supporting the
p.m. resolution, let me make it clear that we have no grudge against any political sufferer as such. We are opposed to the policy followed by the previous Ministry which has resulted in a great injustice to agricultural labourers and poor peasants whose lands were taken away and assigned to political sufferers. Even after the advent of the Rajagopalachari Ministry, the injustice has not been removed. Whenever this question was raised in this Assembly, the Ministry was pleading that it was helpless as there were so many difficulties. But those difficulties are not immense and they are surmountable if only the Government are determined to do justice to the agricultural labourers and poor peasants. We know that there is large-scale unemployment in the countryside. Even the sponsors of the five-year plan have admitted that the plan has failed in solving the unemployment problem. Assignment of banjar lands to the landless will go a long way in solving the unemployment problem and in relieving the distress in the countryside. In Cuddapah district, there are thousands of acres of very valuable land which are lying fallow. I myself know that there are more than 400 acres of forest banjar lands in the villages of Peddalevaka and Lingala in Cuddapah and Pulivendla taluks, respectively. There are also some waste lands in Buggavanka near Cuddapah. The Government have been refusing to give these cultivable waste lands on patta for the last so many years. Those who were cultivating these lands were recently ordered to be evicted by the local authorities, and the seedlings grown on seed beds were destroyed. The penalties levied on the poor people who cultivate these lands are very high. Apart from penalty, the assessment on these lands is higher than the assessment for landlords' lands in the neighbouring villages. About 2,000 applications for assignment of waste lands are pending in the office of the Collector of Cuddapah. This position was pointed out in the District Food Production Committee at many

of its meetings, but with no avail. The procedure followed in disposing of these applications is very clumsy and the rules are very rigid. We know that red-tapism is prevailing on a large scale in several departments. The disposal of these applications is entrusted to the Revenue Department which is already having heavy work. That department is not able to dispose of the pending applications promptly. Formerly, Tahsildars were asked to dispose of these applications, but now only the Collectors are vested with that power. The local authorities are not accessible."

* SRI A. K. SUBBIAH :—“ கனம் சபாநாயகர் அவர்களே, தற்போது 12-20 விவாதத்திலிருக்கும் தியாகிகளுக்கு நிலம் கொடுப்பது சம்பந்தமாக : p.m என்னுடைய கருத்துக்களையும் சில வார்த்தைகளில் சொல்ல ஆசைப்படுகிறேன்.

“குறிப்பாக தஞ்சை ஜில்லாவிலுள்ள எங்களுடைய தொகுதியை எடுத்துக்கொண்டால், அங்கே இருக்கக்கூடிய ஹரிஜனங்கள், சமூகத்திலே ஒதுக்கப்பட்டிருக்கக்கூடிய மக்கள், தரிசாகக் கிடந்த நிலங்களைப் பயிரிடுவதற்காக, தங்களுடைய மனையிலே மக்களுடைய நடை நடடுகளை விற்பனம், கடன் வாங்கியும் செலவு செய்து விவசாயம் செய்துகொண்டிருந்த நிலங்களை யெல்லாம் தியாகிகளுக்கு சர்க்கார் பறித்துக் கொடுத்துவிட்டார்கள்.

“வடுவூர் ரோஞ்சு, துடமேலியூர் என்ற கிராமத்தில் 10, 15 ஹரிஜன விவசாயிகளிடமிருந்து நிலத்தைப் பறித்து சர்க்கார் தியாகிகளுக்குக் கொடுத்துவிட்டார்கள். ஏற்கனவே விவசாயிகள் விவசாயம் செய்துகொண்டிருந்த நிலங்களை அவர்களுக்குக் கொடுத்தும் தியாகிகள் அந்த நிலத்தில் சாகுபடி செய்யவில்லை. விவசாயிகளும் சாகுபடி செய்யமுடியவில்லை. அப்படியிருக்கும் நிலங்களை சர்க்கார் ஹரிஜன விவசாயிகளுக்குத் திருப்பித் தரவேண்டிய நடவடிக்கையை எடுத்துக்கொள்ளுமாண்டுமென்று கேட்டுக் கொள்ளுகின்றேன்.

“நாச்சிக்குளாம் ரோஞ்சில் லட்சக்கணக்கான நிலங்கள் தரிசாகக் கிடக்கின்றன. அவைகளைத் தியாகிகளுக்கு சர்க்கார் கொடுத்திருக்கலாம். உண்மையாகவே தியாகிகளுக்கு நிலம் கொடுக்கவேண்டுமென்றால், இம்மாதிரி தரிசாகக் கிடக்கும் நிலங்களை அவர்களுக்குக் கொடுத்திருக்கலாம்.”

“ கர்ப்பனாதுகளுத்தில் ஆயிரக்கணக்கான ஏக்கர் நிலங்களில் ஹரிஜனங் களும், ஜாதி இந்துக்களும் விவசாயம் செய்துகொண்டிருந்தார்கள். ஹரிஜனங்கள் நிலங்களையும், ஜாதி இந்துக்களின் நிலங்களையும் பறிமுதல் செய்து தியாகிகளுக்குக் கொடுத்திருக்கிறார்கள்.

“கனம் ரெவின்யூ மந்திரி அவர்கள்கூட சில மாதங்களுக்கு முன்னால் தஞ்சை ஜில்லாவிற்கு விஜயம் செய்தபோது, வேதாரண்யக் கடற்கரைக்கு வந்துவிட்டு திரும்பிப் போய்விட்டார். விவசாயிகளெல்லாம் அவரை எதிர்பார்த்துக்கொண்டு, அவரை வரவேற்பதற்காக, அங்குள்ள நீரிமையை நேரில் காட்டுவதற்காக, விவசாயிகளுடைய குறைகளைச் சொல்லுவதற்காக, பந்தல் முதலியன போட்டுக்கொண்டு காத்துக்கொண்டிருந்தார்கள். ஆனால், அவர் வேதாரண்யக் கடற்கரையில் கொஞ்சநேரம் நின்று பார்த்துவிட்டு திரும்பிவிட்டார். ஆகவே, விவசாயிகளுடைய குறைகளைச் சொல்லமுடியவில்லை. ஆகவே, சர்க்காரை நான் கேட்டுக்கொள்கிறேன் வென்றால், ஹரிஜனங்களுடமிருந்து பறிக்கப்பட்ட நிலங்களைவெல்லாம் உடனடியாக அரசாங்கம் விவசாயிகளுக்குத் திருப்பிக்கொடுக்கவேண்டும். உண்மையான ஏழைத் தியாகிகளுக்குக் கொடுத்திருப்பதைப்பற்றி நான் ஆட்சேபிக்கவில்லை. அதே சமயத்தில் நல்ல வசதி உள்ளவர்களுக்கு

கொடுக்கப்பட்டிருக்கிற அந்த நிலங்களை யெல்லாம் பறிமுதல் செய்து எனது ஹரிஜனங்களுக்குக் கொடுக்கச் செய்யவேண்டுமென்று கேட்டுக்கொண்டு என்னுடைய பேச்சை முடித்துக்கொள்ளுகின்றேன்.”

12-25 * SRI K. V. RAMASAMY :—“கனம் சபாநாயகர் அவர்களே, கனம்
p.m. வெங்கையா அவர்கள் கொண்டுவந்திருக்கிற தீர்மானத்தை நான் ஆதரித்துப் பேசுகிறேன். நாட்டில் இருக்கக்கூடிய தரிசு நிலங்களை யெல்லாம் தலைக்கு மூன்று ஏக்கர் வீதம் நிலமில்லாத விவசாயிகளுக்குக் கொடுக்க வேண்டுமென்பதை நான் முழுமனதோடு ஆதரிக்கின்றேன்.

“இன்றைக்கு நாட்டில் ஏராளமான தரிசு நிலங்கள் வீணாகக் கிடக்கின்றன. என்னுடைய ஜில்லாவில் மாத்திரம் 411,000 ஏக்கருக்கு அதிகமான தரிசு நிலங்கள் கிடக்கின்றன. இந்தத் தரிசு நிலங்களை யெல்லாம் விவசாயிகளுக்குக் கொடுக்கலாம் இன்றைய நிலைமையில் பஞ்சம் எங்கு பார்த்தாலும் பரவிக்கொண்டிருக்கிறது. பஞ்சத்தின் காரணமாகப் பட்டினிச் சாவுகள் அதிகரித்துக்கொண்டு இருக்கின்றன. பட்டினிச் சாவுகள் மாத்திரமல்ல, மேல்சபையில் கனம் நிதி மந்திரி அவர்கள் புள்ளிவிவரம் கொடுக்கிறபோது, ‘நம்முடைய ராஜ்யத்தில் கோவை ஜில்லாவுக்கு அடுத்த படியாக சேலம் ஜில்லாவில் அதிகப்படியான தற்கொலைச் சாவுகள் ஏற்பட்டிருக்கின்றன’ என்று சொல்லியிருக்கிறார். சர்க்காருடைய புள்ளிவிவரம் அப்படியிருக்கிறது. நம்முடைய ராஜ்யத்தில் அதிகப்படியான பட்டினிச் சாவுகள் ஏற்படுகின்ற ஜில்லாவில் கோவைக்கு அடுத்தபடியாக சேலம் ஜில்லா இருக்கிறது. ஏன் இந்த விதமான தற்கொலைச் சாவுகள் ஏற்படுகின்றன? அவர்கள் வாழ்கையில் திக்கற்ற நிலைமையில் இருக்கிறார்கள். இந்த நிலைமையில் அவர்களுக்கு முன்னால் இருப்பது தற்கொலை சாவைத் தவிர வேறு இல்லை.

“இந்த மாதிரி ஜனங்கள் தற்கொலை செய்துகொள்ளக்கூடிய அளவுக்கு நிலைமை இருக்கிறது. அதைத் தடுப்பதற்கு வழியென்னவென்றால், அவர்களுக்கு தரிசு நிலங்களைப் பயிரிடும்படி கொடுத்துவிட்டால், அதில் அவர்கள் வேலைசெய்து பிழைத்துக்கொள்வார்கள். அப்பொழுது தான் தற்கொலைச் சாவுகளைத் தடுக்கமுடியும்.

“ஐந்தாண்டுத் திட்டம், நீர்ப்பாசனத் திட்டம் என்றெல்லாம் சொல்லுகிறார்கள். அதற்காக கோடிக்கணக்கான பணத்தை செலவிட்டு நாட்டில் உணவு உற்பத்தியைப் பெருக்கப் போகிறோம் என்றும் சொல்லுகிறார்கள். ஆனால், நடைமுறையில் செய்வது என்ன? உணவு உற்பத்தியைப் பெருக்கப்போகின்றேன் என்று சொல்லக்கூடிய சர்க்கார், அதற்காக கோடிக்கணக்கான பணத்தைச் செலவிடக்கூடிய சர்க்கார், வீணாகக் கிடக்கக்கூடிய தரிசு நிலங்களை ஏன் சாகுபடிக்குக் கொண்டுவரக்கூடாது?

“சேலம் ஜில்லாவில், ஆத்தார் தாலுகாவில் 90 ஏக்கர் நிலம் தரிசாகக் கிடக்கிறது. அவைகள் நல்ல நிலமாக இருக்கிறது. சாகுபடிக்கு லாயக்கான நிலமாகவும் இருக்கிறது. அப்படிப்பட்ட நிலத்தை ஏன் விவசாயிகளுக்குக் கொடுக்கக்கூடாது? விவசாயிகளின்மீது நல்லெண்ணம் இருந்தால், நாட்டில் உணவு உற்பத்தியைப் பெருக்கவேண்டுமென்று சர்க்கார் உண்மையாகவே நினைத்தால், உடனடியாக தரிசு நிலங்களை விவசாயிகளுக்குக் கொடுக்கவேண்டுமென்று கேட்டுக்கொள்ளுகின்றேன்.

“ஆனால், அதற்கு பதிலாக, தரிசு நிலத்தைப் பயிரிட்டு, உணவு உற்பத்தியைப் பெருக்கவேண்டுமென்ற எண்ணத்தோடு சாகுபடி செய்து வரக்கூடிய விவசாயிகளுக்கு சர்க்கார் 6-ம் நெம்பர் நோட்டீஸ் கொடுத்து நிலத்தைவிட்டு வெளியேறுதல்படி சொல்லுகிறது. நிலத்தைவிட்டு வெளியேற மறுத்தால் போலீஸைவிட்டு வெளியேற்றுகிறார்கள். தரிசு நிலங்களில் சாகுபடி செய்துவரக்கூடிய விவசாயிகள் நிலத்திலிருந்து வெளியேற்றப்படுவதை சர்க்கார் உடனடியாகத் தடுக்கவேண்டும். அத்துடன் தரிசு நிலங்களை விவசாயிகளுக்குக் கொடுக்கவேண்டுமென்றும் கேட்டுக்கொள்ளுகின்றேன்.

[Sri K. V. Ramasamy] 30th July 1953]

“தியாகிகளுக்கு நிலம் கொடுப்பது சம்பந்தமாக ஒரு சில வார்த்தைகள் சொல்ல விரும்புகின்றேன். இந்தச் சபையின் அங்கத்தினராக இருக்கும் டாக்டர் வரதராஜலு நாயுடு போன்ற எத்தனையோ தியாகிகள் இருக்கிறார்கள். டாக்டர் நாயுடு போன்றவர்களுக்கு நிலம் வேண்டுமா? அவர்களுக்கு வேறு வசதியே இல்லையா? உயர்ந்த தியாக புருஷர்கள், பழம்பெரும் தேச பக்தர்கள் தங்கள் தியாகத்தை 5 ஏக்கருக்காக விற்பனை செய்யவேண்டாமென்று கேட்டுக்கொள்ளுகின்றேன். அதே சமயத்தில், குமாரபாளையத்தில் ஒரு கைத்தறி நெசவுத் தொழிலாளர் உண்மையிலேயே தியாகம் செய்தவர், காங்கிரசில் சேர்ந்து சிறைக்குச் சென்றவர், அவர் இன்று கஷ்டப்படுகின்றார். அவர் குடும்பம் கஷ்டப்படுகிறது. தியாகிகளுக்கு 5 ஏக்கர் நிலம் கொடுக்கப்படுகிறதென்பதைக் கேட்டு, அவர் விண்ணப்பித்துக் கொண்டும் கூட, அந்த ஏழை நெசவாளிக்கு நிலம் கொடுக்கப்படவில்லை. நிலத்திற்கு அரும்பாடுபட்டு, எந்த வகையிலும் அவருக்கு நிலம் கிடைக்கவில்லை.

“இந்த மாதிரியாக கஷ்டப்பட்டுக்கொண்டிருக்கக்கூடிய தியாகிகளுக்கு நிலம் தரவேண்டும். அப்படியில்லாமல், போக போக்கிபத்தில் புரண்டு கொண்டிருக்கக்கூடிய செல்வந்தர்களாக இருக்கக்கூடிய தியாகிகளுக்கு நிலம் தரவேண்டாமென்றுதான் நாங்கள் சொல்லுகிறோம். ஏழைகளாக இருக்கக்கூடிய தியாகிகளுக்கு நிலம் கொடுக்கவேண்டுமென்றுதான் நாங்கள் சொல்லுகிறோம்! பணக்கார தியாகிகளுக்கு நிலம் கொடுக்கவேண்டாமென்று நாங்கள் சொன்னால், அதை வைத்துக்கொண்டு, தியாகிகளைக் கேவலப்படுத்துகிறோம் என்று சர்க்கார்ப் பக்கத்தில் இருக்கக்கூடிய அங்கத்தினர்கள் நினைக்கவேண்டாமென்று கேட்டுக்கொள்ளுகிறோம்.

“நண்பர் வெங்கையா அவர்கள் கொண்டுவந்த தீர்மானத்தை அவர்களும் ஆதரிக்கவேண்டுமென்று பணிவுடன் கேட்டுக்கொள்ளுகின்றேன்.”

MR. SPEAKER:—“As a number of Members want to take part, I fix a time-limit of three minutes for each speaker.”

SRI S. VEMIAH:—“Mr. Speaker, Sir, I beg to state that in 12-30 respect of the matter under discussion, the present Government p.m. are worse than the previous Government. I can quote instance after instance to prove this. In G.O. No. 1523, the Government were pleased to assign lands without collecting the market value. A preferential treatment was given to political sufferers. But that order has been cancelled recently. The Government have now come forward with another order. It is the unkindest cut of all coming from the Government. I desire to say that these lands are in the occupation of the poorer sections of the people. They are being deprived of these lands on account of the present G.O. Under the present G.O., no poor man will get lands. I do not understand why this Government, in spite of the agrarian committee's recommendations and also the Land Revenue Reforms Committee's recommendations, do not come forward to implement those recommendations. The committee reports were distributed, but the recommendations have been shelved. When the Government will come forward to implement this land revenue reform, I do not know. Apart from patta lands, there are several waste lands and also tank bed lands. There are tanks which are silted up. There are also forests without any tree growth in them. All these lands can easily be assigned to the poorer sections of the people. Thereby we can increase our food production. In this connection, I wish to invite the attention of the Hon. Minister to Article 46 of the Constitution, wherein it

[Sri S. Vemiah] [30th July 1953]

is stated that the State shall promote with special care the educational and economic interests of the weaker sections of the people, and, in particular, of the Scheduled Castes and the Scheduled Tribes. If the interest of the Government is to protect and safeguard the interests of the Scheduled Castes and Scheduled Tribes, they should come forward and assign all these lands free without auctioning or demanding market value. All these lands are at the disposal of the Government. The landlords are taking advantage of the ignorance of the poorer sections of the people. They have been doing mischievous things. The Government are saying that not more than 5 acres of land will be assigned, and anything in excess of 5 acres will be taken away from the landlords and assigned to the poorer sections of the people. I want to know the number of cases wherein the landless were evicted from Government land"

of supplementaries always follow. This is mainly due to the fact that the problem of the political sufferers is very closely intertwined with the problem of the landless. Often-times, scrutiny of the question will reveal that the so-called political sufferers were not really political sufferers but were mostly political supporters. It also often happens that the political sufferer who claims lands possesses lands himself. When landless people bring under cultivation new land, and when they are dispossessed of that land, it often violates public sentiment. The Chief Minister when he assumed office took a very healthy attitude and gave an assurance that no new assignments will be made. One or two Government Orders, I believe, were issued in this connection. Since then, there has been a little recession from the stand he took. It is unfortunate that the landless people are being deprived of the land in order to give that land to a political sufferer. In my own experience in Wynaad a number of landless people who came there, cleared the forests, and brought under cultivation new land, and also were in occupation of those lands, are now told that those lands are reserved for political sufferers. We made representations. We carried on agitation. I do not know what became of our representations. These landless people are helpless people who are unable to pay even a small amount to purchase the land. They brought new land under cultivation. When they are asked to pay for the land that they have brought under cultivation, they are unable to pay the price. When they cannot pay for the land, the next course is to put those lands to auction. In that case, the land will go to the richer people and not to the poorer people. The poor man is thus deprived of his land. I, therefore, commend the resolution for the acceptance of the Government.”)

SRI. PILLALAMARRI VENKATESWARLU :—"Mr. Speaker, Sir, the time given to me is very little, but I shall try to make out three points. With regard to assignment of lands to political sufferers, there is a Government Order, dated the 28th February 1953. Had the Government stuck to that Order, there would not have been any trouble. But, unfortunately, for various extraneous reasons, the Hon. the Chief Minister had yielded to some sort of pressure from within his Party and passed another Government Order, dated the 29th May 1953. According to the latter Government Order, such of the lands as had been assigned but for which pattas had not been given might also be given away to political sufferers. (Interruption.) That is the interpretation put upon that Government Order. Because of this, many poor agricultural labourers have to suffer. Moreover, 56,000 acres of land are being grabbed by the so-called political sufferers. The hon. Member Sri Krishnamurthy Rao made out a strong case that these political sufferers must be treated properly. Really, we sympathize with them. In the national movement many sacrificed their properties. We have sympathy and respect for them, but we feel that this is not a just way of doing things. Even if we take a lenient view, the cases of poor political sufferers who have to be provided some means of livelihood may be considered separately. But that is not the case generally. Those who have got enough of land have grabbed very fertile lands. In these circumstances, I appeal to the Government to withdraw the latest Government Order regarding assignment of lands to political sufferers and stick to the previous Government Order."

"Another point is this. According to the Government Order issued in 1949, lands occupied by the landless poor before May 1, 1948, shall not be assigned to any of the political sufferers. But even that Government Order was not respected. It was rather violated. Most of the lands occupied by poor agricultural labourers were taken away from them and assigned to the so-called political sufferers."

"I now come to tank-bed lands and communal lands. Generally, the Revenue department take strong objection to the assignment of tank-bed lands because they have got power in their hands. But the Congress Party sees to it that these tank-bed lands are also taken away and given to political sufferers. He who has the most influence has got the richest and most fertile lands. We thought that after the Hon. Sri Rajagopalachari had assumed power, he correctly assessed the whole situation and tried to change it. But he has changed and changed and changed everything for the worse."

[30th July 1953]

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, the hon. Member is compelling me to take part in this debate, though it is late, and I want it to be closed."

SRI PILLALAMARRI VENKATESWARLU:—"I request the Government to consider all the points I have raised, review the matter once again, and see that such injustice as has been done to the poor agricultural labourers is removed."

"As regards the assignment of banjar lands, in the Government Order, dated the 28th February 1953, it has been stated that valuable lands should be sold either in public auction or assigned at the market value. This is the greatest injustice done to poor agricultural labourers. None of the poor agricultural labourers will be able to purchase any of these lands. I request the Government to pass another Government Order or cancel the recent Government Orders and stick to the Government Order issued in the year 1949. Now-a-days, the poor agricultural labourers will not be in a position to pay even the market value of the lands. Perhaps the Government will have to subsidize them even to bring the land under cultivation. I hope the Government will take stock of the situation and change the Government Order suitably. With these words, I support the resolution."

* THE HON. SRI C. RAJAGOPALACHARI:—"With the permission of the Speaker, I wish to intervene because a very specific charge or complaint was made about the policy followed, as mentioned, at my instance. The only thing that has to be observed and made clear by me now is this. Hon. Members know what policy I took up and what attitude I took about these assignments of lands to political sufferers. With regard to those who had been already assigned lands completely, the law prevented me from interfering with them. With regard to the future policy, I said, 'It is no good. Let these be only assignments to landless poor as in the old days.' Now, the hon. Member Sri Venkateswarlu and some others have also complained that I changed that policy owing to pressure from Members of my Party and wrongly and that it is not good. They charged me now not with autocracy or anything like that but with weakness. I beg to submit it is wrong. What has been done is this and I wish to make it quite clear. Where assignments have already been made and we cannot interfere, the position remains the same. But where political sufferers have been put in possession by the past Government and where they have obtained possession but have not got full assignment rights by way of grant of patta, if they have spent significant and considerable amounts of money, they are entitled to make that matter clear to the local authorities, and they will be given the advantage of the patta because of their having spent money. But if in those cases also a previous sivoijamadar had also spent money, these people are compelled to pay compensation to the previous man who has been ousted. This is with reference to past cases. I could not go further and I think it was just that I should recognize the claims of men, who were misled to think that the land would

[30th July 1953] [Sri C. Rajagopalachari]

be given to them and were put in possession, and had spent substantial sums of money. It is not a change of policy if I recognized their just and equitable claims and passed this order.

"Again, it was wrongly thought that political sufferers by reason of the new policy would be under a ban. It is not so. If they are also landless poor people, like the other landless poor, they will be entitled to assignments. That is another part of the rule. In areas where the land could not be assigned on account of the irrigational laws, I said that in such cases even if they had spent money they cannot possibly get permanent patta. But on account of the fact that they have spent money under the impression that they would have the land, it would be wrong to deprive them of the value of the money that they have spent, and so I said that they will be in possession of the land temporarily for a certain number of years. This is all that I have done. I have done equity and not made any unjust concession on account of weakness."

* SRI M. HANUMANTHA RAO:—"Sir, I thank the Hon. Chief Minister for having clarified his position. Now, nobody can say that his party forced him to adopt a certain line. He has conscientiously adopted a certain line. I submit . . ."

* THE HON. SRI C. RAJAGOPALACHARI:—"Do not make a mistake. They brought this to my notice. I do not deny the fact that they brought this to my notice. Call it 'pressure' if you like."

* SRI M. HANUMANTHA RAO:—"Whatever might have happened, I beg to state that the Hon. Chief Minister has gone back on his own promise. He assured the House that the Government were seriously considering the question of introducing certain agrarian reforms. Those reforms have not yet been introduced. On the other hand, even the little benefits that were enjoyed by the poor ryots are being sought to be taken away by the Government. Hence the position is drifting from bad to worse and I may remind the Hon. Chief Minister about the recent resolution passed by his own party at Agra. I am referring to the All-India Congress Committee resolution on agrarian reforms. They have clearly stated that the landless poor labourers must be given porambokes, banjar lands, etc. Is the present policy of this Government in consonance with that resolution? One of the conditions imposed is that market value must be paid by those people who have been cultivating these banjar lands for nearly a decade. This policy of the Government will work havoc, and it will spell disaster. These poor people put their labour, shed their sweat and blood and made these lands fertile. Now, if the Government suddenly come forward and say, 'Well, the land does not belong to you. It is ours. You must subject yourself to auction or give us market value', then they will be creating a very dangerous position."

"There is another matter to which I would like to refer. There are the labour tenants societies. Most of the members of these

[Sri M. Hanumantha Rao] [30th July 1953]

societies belong to the Harijan community and are all poor labourers. They are now asked to pay 75 per cent of the lease amount paid by the tenants to the landlords in the neighbouring areas. If they don't pay, the Government seem to say, 'We will put all such lands to public auction. If you are prepared to bid the highest amount, the lands will be given to you. Otherwise, we will not give you the lands'. This is not the correct policy. The Government must help the poor people so that they may earn their livelihood. The Chief Minister said that temporary assignees will not be given permanent pattas. But, unfortunately, the poor agricultural labourers who were in occupation of these lands were being driven away from the lands by the Government's issuing an order under section 144 of the Criminal Procedure Code, in favour of political sufferers. The executive does not come to the rescue of the poor people, but it helps only the landlords and the so-called political sufferers. Even the little solace which was expected from the Hon. Chief Minister did not come. Let the Government at least implement the recommendations of the All India Congress Committee, which has passed a resolution on this subject. Let the Government fulfil the promise made by the Chief Minister on previous occasions. If such an assurance is given by the Government I am sure my hon. Friend Sri Venkaiah will withdraw his resolution. Pending the introduction of comprehensive legislation on agrarian reforms, it is imperative that the Government should immediately bring forward some of the reforms that I have just now said and they should lose no time in doing it. If they fail to do this, I am afraid they will certainly have to face a much worse situation than the previous Government were facing. Whatever the hon. Member Sri Krishnamurthy may say with regard to giving land to political sufferers, there is absolutely no justification. It is recognized by all sides of this House as well as the public that giving land as a reward to political sufferers for their so-called 'political suffering' is not good. There is no meaning in continuing this policy. I appeal to the Government to withdraw all such orders relating to such assignment of lands. If it is not legally possible to take away those lands from those assignees who have been given permanent pattas, at least let them come forward to cancel all the temporary pattas granted to temporary assignees and take away those lands from them so that they may be given to those who are really landless poor. Secondly, let them drop the rule which says that the market value should be paid. Thirdly, the labour tenants societies may be allowed to pay the lease amount as usual. I appeal to the Government to change their present policy. If they do not, this resolution will have to be supported by all sections of this House. As pointed out by hon. Member Sri Gunnayya, all of us who are concerned with the welfare of poor Harijans and landless labourers of this country must come forward to support this resolution. There is no question of one party supporting this and another party opposing it. I appeal to all the hon. Members to support this motion."

* THE HON. SRI M. A. MANICKAVELU NAICKER:—"Sir. I carefully listened to the speeches of the various hon. Members.

[Sri M. A. Manickavelu Naicker] 30th July 1953]

Some were eloquent, some were reasonable and some poured a lot of venom on the heads of political sufferers. Some good histrionic speeches were also made from the other side. The resolution is contemplating things which are good, bad and indifferent. It is bad in that it requires that river porambokes, drain porambokes and tank-beds and other lands should be assigned. There is a healthy convention that these porambokes which are necessary for the upkeep of the tanks and channels and drains should not be assigned. Though there is no specific ban, it is the convention that such lands should not be assigned. I will give one or two instances as to how in a moment of weakness or quite unwittingly the Government assigned some of these lands which caused them trouble later. In a particular village, land was assigned even up to an inch, and it so happened that the bund of the village tank gave way. We wanted to strengthen the bund and wanted mud for the purpose. Mud was nowhere available and the ryots on the porambokes which were assigned to them could not give mud and the ryots on the adjoining lands refused to give. We had finally to request some of the reasonable landholders nearby to allow us to have some mud off their lands and we had to pay for it.

"I can give yet another instance. In another village there was a poramboke site which was used both as a cattle stand and as threshing floor. But this was assigned, for what reasons I do not know. Now that village is bereft of a threshing floor and cattle stand. In order to avoid such indiscriminate assignments, a convention obtains that porambokes on river drains and tanks should not be assigned. (Sri Pillalamarri Venkateswarlu: 'There are a good number of abandoned tanks'). Such tanks which are abandoned are taken into account and those lands are assigned and have been assigned, except in cases where there is a possibility of improving such lands under the Grow More Food or other schemes.

"Then, Sir, with regard to political sufferers, this question has been looking large for the last so many months. I submit even in murder trials, a prisoner is either convicted or acquitted after a complete trial. But in the case of these political sufferers, there is no finality about it. Day in and day out, during question time, during discussions on Bills, etc., at every stage, the political sufferer comes in for severe criticism by hon. Members. I do not want to go into details because the Chief Minister has explained the position about assignment of lands to political sufferers. As far as lands for which pattas have been issued are concerned, we cannot legally interfere. (Sri Pillalamarri Venkateswarlu: 'What about temporary pattas?') Even in cases where pattas have been issued temporarily, we cannot interfere because once a patta is issued, the title is complete. The legal position is we cannot do anything. (Sri Pillalamarri Venkateswarlu: 'What about temporary assignments?') I shall come to that. There is no difficulty about it. Only when a patta is issued, the difficulty arises. As for temporary assignments, we have stopped them. We have ordered that no patta should be given. But in certain cases, which I would call technically pending cases, the political sufferers had put in a

1-10
p.m.

[Sri M. A. Manickavelu Naicker] [30th July 1953]

lot of labour and money and improved the land. It is very difficult to take away the land from them and therefore we have decided that he should be put in possession of the land and if the sivoi-jamadars had done any improvement, they must be compensated. That is reasonable and my friend Mr. Venkateswarlu must be satisfied with it. But he wants swift changes. He is imbued with certain tenets to which I am not accustomed. I have to attend to my work calmly and go by certain rules but my friend's tenets are different. I cannot accept them.

"There is one good part in this resolution, as I said earlier. A part of it says that the political sufferers should be treated on a par with the other local landless people. Sir, the Government have gone a step further than what this resolution wants us to do. It is not on a par with the political sufferer that we have placed the landless poor; we have assigned them a better status. We treat them better. Preference will be given to the landless poor of the area in the matter of assignment of lands over the political sufferers. Then the resolution says:—

'Convert all the unassessed porambokes and banjar lands into assessed ones.'

Only when land is assigned it comes in for assessment. There is periodical examination of all these poramboke lands for purposes of assignment and so there is no difficulty about that.

"Coming to the question of assignment of lands on the basis of market value, there is so much land hunger in the country and so much competition, that it is very difficult to deal with it. In the case of valuable lands, market value is demanded or they are sold in public auction. (Sri Vavilala Gopalakrishniah: What are valuable lands?) Valuable lands are those where facilities for water-supply and irrigation exist and also those lands which are near towns and cities. In such cases, in order to help the poor, we do not straightaway demand the market value but we reduce it by the value of improvements or labour or money that has been put in on the land. There is no injustice involved here.

"The next point raised in the resolution is about the appointment of special staff wherever necessary and to complete the transfer, subdivision and assignment within the next financial year, i.e., within March 1954. Sir, there is a special staff working now to look into these applications.

"Mr. Venkateswarlu remarked that one particular Government Order was all right and while that was not put into effect, it was superseded by another. The whole question of the assignment of lands has been subject to many Government Orders, starting from the year 1947. In 1948, there was a Government Order. In 1949, 1950, 1951 and in 1952, there were Government Orders on this matter. Originally, there was a ban against assignment but it was later relaxed in favour of political sufferers for reasons known to hon. Members. I need not repeat them. We have now said that the landless poor should be given preference over others. But my

30th July 1953] [Sri M. A. Manickavelu Naicker]

Friends object and say that Government Order should be changed in some other fashion. Government Orders should not be changed by a mere fiat. Rules and regulations are there. One Government Order can be changed by another Government Order in certain cases and it is done by all civilized administrations. He need not take exception to that.

"Sir, as regards certain cases mentioned, where some well-to-do people, the right people as they are called, have snatched good assignments, I will leave such cases to the prospective Government of Andhra to tackle how best they can. I can give this assurance, that the Minister in charge being a landless poor man, not technically (Sri Pillalamarri Venkateswarlu: "A political sufferer also?") . . . is very much interested in helping the landless poor. I am doing my best to assign such available lands, as long as it does not prejudice the general cultivation in the village and the general interests of the ryot."

SRI K. GOVINDA RAO:—"On a point of information, Sir, the Hon. Minister says that he is a landless man. Is he also a poor man?" (Laughter.)

MR. SPEAKER:—"The Hon. Minister only said that he is a landless poor man."

SRI V. CHIDANANDAM:—"I want a clarification, Sir. Am I to understand that the Hon. Minister will not assign tank-beds, until after they had been permanently condemned?"

THE HON. SRI M. A. MANICKAVELU NAICKER:—"If a tank-bed is to be completely abandoned as no longer required for the tank reservoir purposes, it will be assigned; otherwise, it cannot be assigned."

* SRI K. VENKAIAH:—"Sir, I am glad that some of the Members on the Government Benches have also supported this resolution. They have not only supported this resolution, but have appealed on behalf of the Harijans to the other members of the House to support this resolution and not to consider this resolution on a political plane. It is a resolution which concerns the interest of the landless poor, the poor Harijans. It is very clear from the resolution that the Harijan people are to be given the first preference and lands should be assigned to them at the very outset and their cases should not be delayed. But the Hon. Revenue Minister has taken a serious objection to this resolution, because it suggested that the porambokes relating to the rivers, tanks, etc., should be included in the list of lands that should be assigned to the people. I am sorry he has missed the word "porambokes". I am not at all referring to tank-beds and river and drain bunds which are essential for the upkeep of the rivers and tanks. It is very clear from the resolution itself that only porambokes, that is, river, drain and tank porambokes are to be assigned and not at all the tank-beds or other lands which are essential for the upkeep of these rivers and drains. Porambokes are lands which are not at all objectionable and they can be assigned very easily,

1-20
P.M.

[Sri K. Venkaiah] [30th July 1953]

provided the Government take interest in the subject. But, it is not the case either with the local officials or even with the Government. For years together, for 15 or 20 years agricultural labourers and Harijan labourers have been working on the fields and cultivating the land but they could not get pattas and they are forced to pay illegal gratifications to village officials and sometimes even to the higher officials. These were brought to the notice of the Government, not once but many times. So it is very clear.

"Then, as regards the market value the Hon. Minister for Revenue said that he is a poor landless man. Whether he owns lands or not, I do not know but I am sure he is a rich man. I do not know whether he is a political sufferer also or not. Whatever it may be he is pretending that he is interested in the landless poor. He characterises himself as a landless poor man and at the same time he says that the market value has to be paid. I ask him whether the landless poor man is in a position to pay the market value for the waste lands. He promises deduction of the costs of labour from the cost of the land. It is not only objectionable; it is even against the promise made by the previous Governments and this Government on the floor of this House. Even the Hon. Chief Minister has repeatedly said that the lands would be assigned free of cost to the landless poor. (Interruption by the Hon. Revenue Minister: Only non-valuable lands.) Yes, non-valuable lands which are not under cultivation and which could not be brought under cultivation in all the irrigated areas, that is delta lands. It is very harmful and involves lots of rupees to buy these lands. If they are not in a position to pay, these lands will be sold by auction. Only the landlords could purchase these lands. That is why I say it is very harmful.

"Sir, previously this Government made statements that they were going to bring land reforms. I cannot understand what they mean. When they are not able to give the lands in their own hands to the people, I do not know how they are going to bring in land reforms. It is a peculiar promise. It is only a paper promise and it appears so from all their activities and their actions.

"Secondly, Sir, the Hon. Chief Minister has said that the Government Order which has been issued very recently, that is in May 1953, only concerns a few individuals. That is not the case. I will read from the Government Order here. It is a memorandum clarifying certain points in Government Order No. 1508, Revenue, dated 29th May 1953. It is stated therein:

'The concessions of this Government Order apply only to political sufferers who were assigned lands under the old policy of the Government and were put in possession of the lands assigned to them and to whom pattas were not issued.'

So, Sir, assignments made under the Government Order issued in 1949 will be taken as confirmed. In the Government Order issued in February 1953, the assignments were divided into two classes, temporary and permanent. G.O. No. 1508, dated 29th May 1953, clearly states that the assignments made under the Government Order of 1949 will be confirmed. I am

30th July 1953] [Sri K. Venkaiah]

glad that the Hon. Minister for Land Revenue has said that the temporary assignments will be cancelled. Even in the case of assignments made in 1949, so many conditions were put. Actually the landless poor were in possession of the land. But the Government Officials issued 'B' memos. for assigning them to the political sufferers. In spite of the fact that the land is in the possession of the landless poor, the Karnams, the Tahsildars and the Sub-Collectors issued 'B' memos. so that they could be assigned to the political sufferers. In this connection, I may point out that a particular case of the Sub-Collector of Ongole issuing instructions in connection with a 'B' memo. was brought to the notice of the Hon. Minister for Land Revenue including a copy of an order issued to the lower officials. Till now the matter was not enquired into and the Hon. Minister now said that no such orders were issued. The whole thing is being done in a businesslike manner because the Government have decided to give lands to the political sufferers. The local officials accordingly are transferring the lands to political sufferers with the aid of the police. Sir, my resolution in no way bars the interest of political sufferers provided they are landless people. I request the Government to accept my resolution. I also request the hon. Members of all parties to support my resolution."

* THE HON. SRI M. A. MANICKAVELU NAICKER:—"Sir, as I already said the resolution cannot be accepted as it contains a number of points which are impracticable."

MR. SPEAKER:—"I shall now put Mr. Venkaiah's resolution to vote. The question is—

'This Assembly recommends to the Government to take the following steps in relation to the assignment of the assessed and the unassessed porambokes and banjar lands in the State including the river, drain and tank porambokes as well as the forest banjars either under encroachments or lie unoccupied—

(i) To cancel all the temporary assignments granted to political sufferers and to treat the local landless political sufferers in different areas on a par with the other local landless poor;

(ii) to convert all the unassessed porambokes and banjar lands into assessed ones;

(iii) to transfer, sub-divide and assign the porambokes free of cost to the local landless poor up to an extent of 3 acres provided the total extent including the assigned land owned by the family is less than 5 acres; and

(iv) to appoint special staff wherever necessary and to complete the transfer, subdivision and assignment within the next financial year, i.e., within March 1954."

III.—PRIVILEGE MOTION—cont.

(2) CHIEF MINISTER'S STAND IN REGARD TO THE RESOLUTION ON THE MODIFIED ELEMENTARY EDUCATION SCHEME

1-50
p.m.

MR. SPEAKER:—"I wish to inform the House that Mr. Viswanatham has given notice of a privilege motion to me only a couple of hours ago. Hon. Members might remember that he had raised that issue in the morning. Inasmuch as the issue was a grave one and involved many constitutional and legal points. I have told Mr. Viswanatham that I would study the issues involved in detail and write to him later on."

SRI T. NAGI REDDI:—"The point is that the issue is a very important one. We are now at the fag end of the session. Today is the last day, I believe. For we, Andhras this is the last session. Barring to-day we may not have any opportunity to discuss this question any further. That is why"

MR. SPEAKER:—"Suppose I adjourn the House *sine die* to-day. If I admit Mr. Viswanatham's motion, I have the power to write to the Leader of the House and ask him to convene the Assembly to discuss that issue."

SRI T. NAGI REDDI:—"Without any disrespect to the Chair, Sir, let me submit that inasmuch as the privilege issue is a very important one, the arguments in favour of that issue would have to be heard to-day itself. I would also request you to give your ruling also immediately."

MR. SPEAKER:—"I shall explain the procedure that hon. Members should follow whenever they want to raise any privilege motion. They should meet me in my Chamber previously, inform me about the motion and tell me that they are going to raise the issue in the House. But in this case Mr. Viswanatham suddenly raised the issue in the morning, without giving me any notice whatsoever. I was engaged in other business. I had no time even to go through his privilege motion, which had been given to me in writing only just now. I cannot give any ruling off-hand."

SRI T. NAGI REDDI:—"In that case if the matter is allowed to be continued as at present, then the resolution passed by the House would not have any effect at all. The Hon. Chief Minister has told that the scheme would be proceeded with when the clear verdict of the House was against its continuance."

MR. SPEAKER:—"I cannot go into the details. Mr. Viswanatham has given notice of the motion in writing only an hour ago. I had no time to go through the matter. I have no time to go through the various authorities relevant to the subject. Hon. Members may know I had all along been engaged in presiding over the deliberations of the House from early morning. Moreover, the Deputy Speaker is absent. I cannot leave the House and go to my Chamber to refer to the relevant books and then given my ruling after studying all the details. A question has been raised whether there is any time-limit in the matter. Members are

[30th July 1953]

[Mr. Speaker]

aware that though the rules fixed the duration of the question-hour as one hour, we had exceeded the same on many occasions. Certain privilege motions can be raised at any time soon after the occurrence. For instance if the issue had been raised say over a matter, such as that one member had assaulted another member or something like that, then I could have straightaway given my ruling. I need not refer the same to the Committee of Privileges. I could have punished the offender straightaway. But this privilege motion is altogether different. It is a grave matter. It involves many constitutional issues. I require time to study all the books concerning the subject. I cannot give my ruling off-hand."

SRI T. NAGI REDDI:—"We realise all the troubles involved. But the point is"

MR. SPEAKER:—"The real point is whether I should take up this issue now or not. I say it cannot be taken up now. I require time to study all the implications involved in it. I would have first of all to decide whether the motion is in order or not. Even if I adjourn the House *sine die* to-day, if I admit the motion, I can ask the Leader of the House to re-call the House again."

SRI T. NAGI REDDI:—"Before you give your ruling whether this can be admitted or not"

MR. SPEAKER:—"The rule is there. Any hon. Member anxious to raise any privilege issue in the House should come to me beforehand, take my permission and then only he can raise the issue in the House. Here Mr. Viswanatham did not come to me previously. That is why I say I shall study all the details and write to Mr. Viswanatham. Perhaps Mr. Nagi Reddi has not probably understood Mr. Viswanatham. Let not Mr. Nagi Reddi think Mr. Viswanatham would keep quiet. I have known Mr. Viswanatham for the past thirteen years." (Laughter.)

SRI K. R. VISWANATHAN:—"On a point of information, Sir. The Hon. Chief Minister's statement is against all constitutional procedure. Does it mean that all hon. Members can emulate his example, Sir?"

MR. SPEAKER:—"How can I answer that question? We are now in the next item, viz., valedictory addresses. It is not possible to have too many speeches. Let leaders of parties and one or two members speak. It is already 2 p.m."

V.—VALEDICTORY SPEECHES.

* THE HON. SRI C. SUBRAMANIAM:—"Mr. Speaker, Sir, it would have been proper if this function is initiated by the veteran 'Andhra Kesari' Mr. Prakasam. As a matter of fact Rajaji suggested to him to speak first. But as usual the two disagreed. So it has fallen to my lot to initiate the discussion. We are now having this valedictory function so to say on the assumption that Andhra will be separated from Madras and

[Sri C. Subramaniam] [30th July 1953]

2 p.m.

that the new State would come into being on 1st October 1953, and secondly that there would be no further sitting of this Assembly. With regard to the first assumption let me say we are very anxious that the Andhra State should be formed and come into existence on the 1st of October 1953. From that day this House would be split into three, for, besides the Andhra and Madras members going to their respective legislatures, some members may go to the Mysore Assembly. I hope and wish that the Hon. Dr. R. Nagan Gouda will continue to have that status in the Mysore State also (cheers). For the last nearly one and a half years we have functioned here as a composite Assembly under the new Constitution. By accident or otherwise I am occupying the position of the Leader of the House and in discharging my duties as the Leader of the House I have to acknowledge with thanks the guidance and assistance given by you, Sir, in discharging my duties. This task was made further easy for me by the co-operation and affection shown to me by all sections of the House. I was almost a novice when I took up this high office and I have tried to discharge my duties to the best of my abilities and I am sure that hon. Members of this House would pardon me if I had committed any mistake or if I had in any way caused irritation to any of the hon. Members during the last one and a half years. If any incidents had happened or if there was any heated discussion, it has become my habit to forget it in the Assembly itself and not to carry it further. I am sure that is being done by the other hon. Members also because I have always had their affection and co-operation.

“ We are all now awaiting the appointed day, that is, 1st October 1953. As far as we, the members belonging to the residuary State are concerned, we will be watching with interest and sympathy this new adventure—the adventure of the formation and working of a linguistic State which shall be a guide to other linguistic States also if they are to be formed in the future. Therefore, a great responsibility rests upon the Andhra State because it would either be an example for the others to follow or a warning to others not to take to this step. That will be in the hands of the Andhra State and I am sure it will realize that responsibility and prove not only to our country but to the world that a linguistic State, whatever be the difficulties in forming such a State, whatever be the difficulties we may have in the actual partition of the State, in actual working, it can be worked well for the prosperity of the State and the happiness of the common man. That is my wish and I hope and pray that my wish will be fulfilled. I would only say that I would pray for the success and prosperity of the Andhra State and for the happiness of the Andhra people (cheers). Thank you, Sir.”

SRI T. NAGI REDDI:—“ Mr. Speaker, Sir, in the midst of quite a number of elderly persons and experienced persons here we, young as a party and young also in age, have learnt quite a number of things so far as parliamentary procedure is concerned from this

30th July 1953]

[Sri T. Nagi Reddi]

House where we had to face the most experienced and cleverest elder statesman of the Congress and the nation. I am glad, Sir, to say that so far as the House and its functioning go, I have certainly learnt a great deal. This is no exaggeration and it should not be taken that because I want to say something at this valedictory function, I am saying this. Sri Rajaji had told us on the very first day 'Here is a lot of young people who will probably have to discharge quite a number of functions. I do hope they will learn what is to be learnt here.' I can tell him now that we have learnt a number of things in this House. I can also tell him that he as an experienced politician has taught us quite a number of political things.

"You, Sir, as Speaker of this House, have given us quite a long rope at times when we have tried to intervene in the debates quite often. I can recall that a number of times when I was pricked, for example, when the Hon. the Chief Minister or the Leader of the House used to come forward with very strong language against us, I intervened quite a number of times, and you, Sir, gave us considerable latitude. All these things, I am sure, have been only for our good and I do hope it has helped us to understand each other, if not to agree with each other and to that extent this House has given us an opportunity to learn how to function in an Assembly.

"Now, after a long time, we have tried to achieve a separate State for ourselves and I am glad, Sir, that at last we are getting it. At this time, Sir, I consider that we should not feel as though we are going to separate. Of course, we are going to separate, but the separation is only within a nation and as one nation we are going to live for ever. Secondly, this separation is only for the good functioning of each State. I believe and our party believes that a linguistic State is the only way for the proper, efficient and good functioning of democracy."

THE HON. SRI C. RAJAGOPALACHARI:—"There I differ."

SRI T. NAGI REDDI:—"No, I hope the Hon. the Chief Minister will also agree with me if not to-day at least after some time. We have found here quite a number of voices and the Speaker has at times found it difficult to maintain order. As a matter of fact, we have taken advantage while speaking in Telugu to speak that which the Speaker would not have allowed if we had spoken in English." (Laughter.)

MR. SPEAKER:—"The hon. Member is revealing the truth now." (Laughter.)

SRI T. NAGI REDDI:—"So we have found how difficult it is in a multi-lingual State and after finding out the difficulty we have tried to express that difficulty. Because of that difficulty we are parting for the formation of a new State only for the working and functioning of a good democracy in our country. I have no doubt, Sir, that the two States, neighbourly States, will

[Sri T. Nagi Reddi]

[30th July 1953]

certainly live as friends and will certainly co-operate with each other, because co-operation is essential for the good functioning and efficient working of both the States. The development of our country is a huge affair and it is a huge responsibility for both the legislators whatever the form of the Government that is going to function. This responsibility can be discharged only when the two States can function together in a friendly manner and co-operate with each other in all lines of action in the future. I do hope, Sir, that the same measure of friendliness will continue to prevail even after our separation and that the co-operation between the two States will be redoubled for the development and growth of our nation as a whole. Thank you, Sir."

2-10 p.m. RAJA MUTHIAH CHETTIAR OF CHETTINAD:—"Mr. Speaker, Sir, in Madras particularly we take a natural pride in the great success that has been achieved in the legislative field, let alone democracy in general and the fight for freedom in our country. We are very happy that this august body has among its Members two distinguished persons who have fought for this country, Sri Rajaji and Sri Prakasam. It is a matter for gratification to every Member here, Sir, that at a time of such great importance when this Andhra State is going to be formed, this House has had the benefit of the experience of such distinguished people who won the battle of freedom under great stress. Sir, let me confine myself to the Legislature itself. Mr. Speaker, Sir, you know more than anybody else the great tradition that has been built in the Legislature in Madras and how the Madras Legislature has been spoken of in high terms by people not only in India but also outside India. You are one of those persons who have succeeded a distinguished line of Speakers who have adorned this Chair right from Sir P. Rajagopalachari. (Cheers.) Mr. Speaker, it is no flattery or exaggeration if I express my feeling which I am sure is shared by every one in this House that you have raised the traditions to an even higher level. You have been alert, impartial and humorous. With regard to your impartiality, there can be no two opinions. We have been very fortunate in securing the services of an experienced Speaker like you, because you were the Speaker of the previous Legislative Assembly also. If very controversial measures have gone through this House easily and in a parliamentary way, it is mostly due to your influence. Even experienced parliamentarians will realize how well you have been conducting the business of this House, whether it be an adjournment motion, a privilege motion, questions and answers or a complicated Bill like the Andhra State Bill.

"The Members of the future Andhra and Residuary States are parting as friends and hereafter we will be meeting at two different places. When we are meeting in a common Assembly for the last time, it is very appropriate for me to say that this House has been fortunate in having had a Government led by no less a person than Sri Rajaji who stepped into the shoes of the Government at a very critical time. The success of the administration during

30th July 1953]

[Raja Muthiah Chettiar of Chettinad]

the period of his Chief Ministership is largely due to his personality. The success can be measured by this one instance, if any proof were needed. The Government floated a loan for Rs. 5 crores but they have got subscriptions to the tune of about Rs. 11 crores. That is a barometer for reading the people's confidence in the Government. People who doubted the wisdom of a joint loan for the Madras and Andhra State will now realize what a great part Rajaji's name has played, especially after the tardy manner in which the name of the Andhra State was associated with the loan. When the Andhra State is formed, I do not know who will be its Chief Minister. I wish very much that Mr. Prakasam should be its Chief Minister.

"I will be failing in my duty if I do not say how deeply we appreciate the able, graceful and responsible manner in which the Hon. Sri C. Subramaniam, the young parliamentarian as he wishes to be called, but with which I do not agree, for he has already had previous parliamentary experience in the Constituent Assembly in Delhi, conducted himself as the Leader of the House. The responsibility of the Leader of the House is very great. Without the co-operation of the Leader of the House and with the Leader of the House taking a realistic view of things and giving weight to the views of the Opposition, it would not have been possible to carry on. I say what Mr. Subramaniam might perhaps be saying later on that his success is largely due to co-operation of all parties and Members. It must be said to his credit that he has conducted himself wonderfully well and that he can be proud of the part he played as Leader of this House.

"The Andhra State is being formed. I am an old-fashioned fellow like Rajaji in saying that the State need not have been formed. I know my position in the Tamil country and I can convince my Tamil people against the division of this State. But the division has come about. People are talking of linguistic States. I only feel that if the State had not been divided, our position in the Centre would have been better and the development of South India would have been more. Probably the Dravida Kazhagam also thinks that old State of Madras need not be cut up and I believe it thinks that every part of the country below Hyderabad is one country. However, we need not feel sorry for the separation. Let us give our best wishes to the new State. I may reciprocate the feelings expressed by Sri Nagi Reddi and others that the two States shall be friendly neighbours and prosper together. In my humble opinion the Andhra State is very rich as against the Tamil country. We need not be envious about this. I shall not be surprised if two years later Mr. Prakasam were to say that the Andhras are well off and that they have got enough food. I hope he will say so and I am only too anxious to visit the Andhra Assembly whether it be in Kurnool, Vijayavada, Visakhapatnam or any other place. I shall be only too happy to visit the Assembly. I believe that the only way of ensuring a prosperous future for the Andhra State is to make Sri T. Prakasam its Chief

[Raja Muthiah Chettiar of Chettinad] [30th July 1953]

Minister. I am giving my very best wishes to Andhra and the Andhra State coupling it with the name of Sri T. Prakasam.

"We also wish well of the Residuary State. We shall be happy if both the States march together and progress. We shall always remember more than anything else the fine time that we have had under your distinguished Speakership. You have treated every one with very great consideration and we are deeply grateful to you for that."

* SRI K. KRISHNA RAO:—"Mr. Speaker, Sir, it was the great Rabindranath Tagore who said that it was the pangs of separation that made the sky luminous and the stars look at each other with very bright eyes and they lit the sky. I hope that this separation of the composite Madras State into the Andhra State and the Residuary State would add to the splendour of the great nation, India, and that each State would look upon the other with a critical and helpful eye and give positive assistance to it and would make South India the leader of the entire nation.

"I suppose quite a number of Members of this House are new recruits to the legislative field. We have not been accustomed to working in the Legislatures in the past. We were then looking upon Legislatures as very opportunistic bodies. We were considering that the Legislature was a place where the people forgot their own nation and their own people. But after coming down here, we had to correct a number of our errors. We learnt a number of good things and we have become, so to say, almost new men. In the first place, we have become very exact and precise in our thinking; we no longer indulge in bluff or vague thinking. The time allowed to the Members for speaking was so strictly limited that we had to concentrate upon essentials and discard non-essentials, and that I consider is the best training that we have received in our life. It might be that we would have liked to have a hit at Rajaji for the fun of it. In trying to be very critical or ultracritical, we might be missing the very essential purpose of serving our constituencies and the people whose interests are our paramount concern. We have contributed, I think, very little to this Assembly. We had very high ideals; we thought that there were infinite potentialities for service and that we would be able to do very much here. There are two schools of thought, one saying that the progress of the nation can only be done outside the Assembly and the other saying that what is done inside the Assembly is all counter-revolutionary stuff, is all reformist stuff and all that. After coming into the Assembly and having worked here, I learnt that the potentialities of this Assembly—apart from the potentialities of the work outside, taken in isolation—in the democratic struggle of the people of our land are very immense. They have not been tested in Parliament. We have not gone so far. That is my contention. If we go into our past history, we will see that the old Legislative Assemblies and the Legislative Councils have had their own part to play in the achievement of

2-20
p.m.

30th July 1953] [Sri K. Krishna Rao]

independence on the 15th August 1947. So also here we have a great part to play. Here we have tremendous possibilities of work. That is what I realized but I think I have to confess that I have not been able to do that amount of service which we here ought to do. I think this Assembly is a very important place for political education. If political education is to be imparted, I think a study of the proceedings of this Assembly, a visit to this Assembly, and an examination of the way in which the affairs are conducted here, will be the most inevitable factors of such political education. In fact, I would say that University students ought to make a study of the proceedings here, and they ought to come here just as law students are asked to go to the High Court. Here very many great things, which may be common place and ordinary, are put in a way which actually provoke thought. That shows the depth of our social life and the various currents and cross-currents that we come across in the social life of our land. We have been able to show that here we could do so many things. I very strongly condemn the unthinking attitude of a number of people that the Legislative Assembly is only for reformists and not for those who are very serious about politics. I do not believe in it. In fact my own grievance is that we have not been serious here at all. We have not taken the Assembly as a very serious affair. We have not made a study of the many subjects that were brought before this House. If we had done so, I think up to now we would have been able to give a good account of this Assembly, and the Madras Assembly would have had visitors all the way from Delhi and, perhaps, even from London. People here may quote the rulings given in the House of Commons. But my ambition is that people from other countries should come here. We have had a very great past. We had a long struggle in our national movement, and in this movement, our Legislative Assemblies had their own part to play. Persons like Motilal Nehru, Bhulabai Desai, Satyamurthi and others have played a great part in these Assemblies. I would say that many of our friends took a very great interest in these things. My sole grievance is that having taken such a great interest we must also see to it that every intellectual in the land should consider his education insufficient and incomplete without a visit to this Assembly. That is what we should make of this Assembly. We are so closely connected with the people. Particularly after the introduction of adult franchise we are so intimately connected with the people, that we express their utmost and innermost sentiments and innate aspirations. Well, Sir, this Assembly seems to have a common interest for all, in so far as we make out. I think it is in this Assembly that we will hear specimens of great literature and poetry of sublime and profound heights. It is this particular ideal for which at any rate many of us have been working for, and we must also confess that we have not been able to live up to that ideal. But let us hope that at any rate in the Andhra Assembly we will give a good account of ourselves. I cannot conclude without recalling the great help that the Hon. Speaker has given us. He has given us a very great advice. In fact I expected

[Sri K. Krishna Rao]

[30th July 1953]

it to come from a great revolutionary. He said 'you must make mistakes and then learn'. Making mistakes is the best method to learn. Was not Mahatma Gandhi great because he committed Himalayan blunders? People become great by committing errors. Let us not sit with folded hands hesitating that we will be committing blunders. Let us do something. As the Hon. Speaker said in the beginning let us commit mistakes and let us not shirk our responsibility. Let us all be men of action and great courage, because we are not ordinary people. We have been elected by the people. One man by himself represents here the life of perhaps a lakh of people. We should realize this. Let us not be hesitant. Let us not be cowardly. Let us not be timid. We may perhaps commit an error. The Hon. Speaker gave us to-day his great advice. In fact he gave that advice on the very day he was elected Speaker of this Assembly. I always remember that advice. I was always hesitant. I might send a question, and perhaps it was wrong. Then I used to remember the instruction of the Speaker. He said 'commit errors and then only you can learn something'. That is also how science has developed. It is only when we break ordinary laws that we arrive at a higher law in science. That is the very origin, and that is the method of progress. Perhaps the Hon. the Chief Minister may say 'if you break the law, you go to jail'. I would tell him that if I break a law, I attain the higher law of democracy. That is how the struggle for democracy has been kept going. Therefore, I am very glad that I have been given the opportunity of wishing that you of the Residuary State should take a very great interest in Andhra. We, for our part, should take a great interest in Tamil Nad. After all is said and done, we are neighbours. When the Kerala and Karnataka States come into being, I hope there will be cordial relations between all of us because, I know that those who are living here have a big heritage which has come to them from very great men of our land. From early times great men have been working here under the Minto-Morely Reforms and the Montagu-Chelmsford reforms. They were not, as I said reformists. They worked for the liberation of our mother land. Sri Ramachandra Rao and Sri Bayya Narasimheswara Sarma were not reformists. In fact they also contributed for the formation of Andhra State. Therefore, let us remember them, and let us not have such a low opinion of legislators. Let our opinion be very high. Let us make the Assembly a place where poetry can be heard, and a place where the greatest words of wisdom can be heard. It is a place where the fight for human liberation is progressing, and that is an inevitable factor of our nation's struggle for emancipation. I hope, Sir, that we will have occasions of meeting at better times. I wish you all a very good future."

MR. SPEAKER:—"I do not want to fix a time-limit. But I hope hon. Members will be brief."

2-30 p.m. SRI H. B. ARI GOWDER:—"Mr. Speaker, Sir, yesterday an Andhra Member told us, 'if any Tamil Member says that he

[Sri H. B. Ari Gowder.]

30th July 1953] regrets the departure of the Andhras, do not trust him.' The two or three Members belonging to Tamilnad who spoke a little while ago did not say that they regretted the parting of the ways. But I heard the hon. Member, Sri Krishna Rao, an Andhra member, feeling the "pangs" of separation. I sincerely trust that he voices the true feelings of Andhraes. When I say that I also feel sorry that they are leaving us, I hope the Andhras will trust me because I am not a Tamilian. I say so because they have been very helpful to me here. But they are going to have a smaller unit of local autonomous administration which is what is taking them away from us. I know they are dissatisfied with the present administration here and I hope they will not repeat the same faults of this State in their own new State. I hope they will treat the Rayalaseema people very sympathetically. Let them not have the same trouble there as we have here. I am interested in Rayalaseema because once upon a time it was my place.

"Sir, this longing for separation from one body to another originates from the dissatisfaction which is natural in a larger unit of administration. That is why I have been advocating the desirability of decentralization. I hope the Andhra will have a decentralized administration and will give more powers to local bodies than are now enjoyed by them. It is, however, a matter for them to consider.

"Another thing I am worried about is that every Andhra goes dissatisfied from here. He will, I fear, cast his eyes across the border on the Madras City. He thinks he has left much here in this City, which he is not allowed to take back. That is not a good sign at all. Andhras, I know, are good eaters. (Laughter.) I understand that an Andhra takes twelve iddies at a time and he takes them with *gomkura*. I see fire in the eye of Sri Prakasam. I hope he will not lead an army to reconquer Madras. But he and his army are welcome to recapture the hearts of Madras people. We welcome them back to us at any time. They are our cousins. They have our love and blessings as our cousins. May their State live long and set an example to the present Tamil administration which I do not like myself."

GOVINDASWAMI NAYAGAR:—"கனம் சபாநாயகர் 2-35 p.m. அவர்களே, ஆந்திர சகோதரர்கள் நம்மை விட்டுப் பிரிந்து போகும்போது கொஞ்சம் நமக்கு வருத்தமாகத்தான் இருக்கிறது. மொழியின் அடிப்படையில் அவர்கள் பிரிய வேண்டும் என்று நாற்பது வருஷ காலமாக கிளர்ச்சி செய்து ஸ்ரீ பொட்டி ஸ்ரீராமலுவைப் பறிகொடுத்து அவர்கள் தங்களுடைய நாட்டைப் பெறுகிறார்கள். அவ்விதம் அவர்கள் பிரிந்து போகும் போது அவர்கள் சிறிது கசப்புடன் போகிறார்கள். சாதாரணமாக நம் குடும்பத்தில் சகோதரர்களுக்குள் எப்பொழுது பாகப் பிரிவினை ஏற்பட்டாலும் யாருக்காவது சிலருக்கு கஷ்டமும் கசப்பும் ஏற்படுவது வழக்கம். அந்த முறையில் இல்லாமல் அவர்கள் பிரிந்து கொண்டு போகவேண்டும் என்று நான் அவர்களைக் கேட்டுக் கொள்ளுகிறேன். இந்த சமயத்தில் நமது மதிப்பிற்குரிய கனம் பிரகாசம் அவர்களுடைய தலைமையை நாம் பாராட்டாமல் இருக்க முடியாது. சிதிரிக் கிடந்த பல கட்சிகளை ஒன்று திரட்டி ஐக்கிய முன்னணி என்ற ஒரு கட்சியை ஏற்படுத்தி அதற்கு தலைமை வகித்து சேவை புரிந்து வந்தார். அது மாத்திரம் அல்ல. கனம் தென்னேட்டி

விசுவனாதம் அவர்களை திறமைசாலியாகவும் போற்றப்படுகிறது. அவர் சொல்லுகிற வார்த்தைகள் ரொம்பவும் திறமையாகவும் இருக்கிறது. கனம் ராஜகோபாலாச்சாரியார் சொல்வதில் உள்புகுந்து எதிர் கட்சிக்கு பலம் தேடி வந்து அதற்கு பணியாற்றி வந்த கனம் தென்னேட்டி விசுவனாதம் அவர்களையும் நாம் பாராட்ட வேண்டியிருக்கிறது. நாம் யாரை மறந்தாலும் கனம் வாவிலாலா அவர்களை ஒரு நாளும் மறக்க முடியாது. சட்டசபை சோர்வற்றிருக்கும் நேரத்தில் சபையை நல்ல உற்சாகத்துடன் நடத்துவதற்கு கனம் வாவிலாலா அவர்களுக்கு நன்றாகத் தெரியும். நமது சபாநாயகரைப்பற்றி சொல்லும்போது அவர்கள் சபையில் கோபம் ஏற்படும் போது தன்னுடைய சாமர்த்தியத்தால் அங்கத்தினர்களை சமாதானப்படுத்தி திறமையாக இந்த சட்டசபையை அவர் நடத்துகிறார். அந்த முறையில் ஆந்திர சட்ட சபையிலும் தகுதி வாய்ந்த சபாநாயகரை தேர்ந்தெடுத்து ஜனநாயகத்தை நிலைநாட்ட வேண்டும். ஜனநாயகத்திற்கு புறம்பாக நமது கனம் முதல் மந்திரி சட்டசபைக்கு வந்த மாதிரி இல்லாமல் நல்ல முறையில் தேர்தல்களை நடத்தி திட்டங்களை நல்ல நடைமுறைக்குக் கொண்டு வருவார்கள் என்றே நினைக்கிறேன். அது தான் என்னுடைய விருப்பமும் வேண்டுமே. அவர்கள் நம்முடைய தமிழ் நாட்டிற்கு வழி காட்டியாக இருக்க வேண்டும் என்று நான் விரும்புகிறேன். செட்டிநாடு ராஜா அவர்கள் திராவிட நாட்டைப் பற்றி கூறினார். அவ்விதம் பிரிந்து போவதற்குக் காரணமாகக் கூறினார்கள். நாம் சுதந்தரம் அடைவோம் என்று யாராவது நினைத்தார்களா? பாகிஸ்தான் பிரிந்துபோகுமென்று யாராகிலும் நினைத்தார்களா? ஸ்ரீ பொட்டி ஸ்ரீராமலு இறக்காவிட்டால் ஆந்திர ராஜ்யம் பிரியுமா? இப்பொழுது ஆந்திர சகோதரர்களிடையே கசப்பு இருக்கிறது. ஆந்திரப் பிரிவினைக்கு ஸ்ரீ வாஞ்சு வந்தார். அவருடைய அறிக்கையினால் ஆந்திரர்களுக்குக் கசப்பு ஏற்பட்டிருக்கிறது. அதற்கு முன் சண்டையிட்டுக் கொண்டு கஷ்டப்பட்டுக் கொண்டிருந்தோம். பொட்டி ஸ்ரீராமலு வைப் பற்றிய தீர்மானம் சட்டசபைக்கு வந்தபோது எல்லோரும் வெளியேறினார்கள். அப்பொழுது நானும் அவர்களுடன் சேர்ந்து வெளியேறினேன். ஏன்? தன்னுடைய ராஜ்யத்திற்காக ஒரு வீரன் தன்னுடைய அவர்களுடன் வெளியேறினேன். தியாகத்தைக் காட்ட வேண்டும் என்பதற்காகத் தான் நானும் வெளியேறினேன். கடைசியாக கல்வி மந்திரிக்கு ஒரு வேண்டுகோள் விடுகிறேன். நீங்கள் கல்வி மந்திரியாக இருந்து சேவை செய்ததைப் பற்றி பாராட்டுகிறேன். அப்படி பாராட்டும்போது கடைசியாகக் கொண்டுவந்த இந்த கல்வி திட்டத்தை வாபீஸ் வாங்கும்படியாக நீங்கள் போகும்போது ரகசியமாகவாவது கனம் முதல் மந்திரியினிடம் சொல்ல வேண்டும். அவர் பிடிவாதமாக இருக்கிறார். அந்தப் பிடிவாதத்தை விரும்படியாக போகும்போது அவருக்கு கல்வி மந்திரி சொல்லி விட்டுப் போகவேண்டும்.

“இந்த நிலைமையில் நம்முடைய நிதி மந்திரி அவர்களுக்கு அடிக்கடி கோபம் வரும். அதை மறந்து அவர்களும் சந்தோஷமாக நடப்பார்கள் என்று கனம் நாகி ரெட்டியும் கனம் விசுவனாதம் அவர்களும் சொன்னார்கள். அப்படி கோபம் வந்தாலும் அவர் அதை விட்டுக் கொடுத்து விட்டு நல்ல முறையில் சபை நடந்து வந்தது. நேற்று வெங்கிடசுப் ரெட்டி போன்ற ஆந்திரர்கள் கல்வி திட்டங்களை அவர்கள் தங்களுடைய ராஜ்யத்திற்கு ஏற்றவாறு கொண்டுவர முடியும் என்றும் சொல்லுகிறார். தனியாக திட்டங்கள் வகுத்துக் கொள்ள முடியும் என்றும் சொல்லுகிறார். அவ்விதம் அவர்கள் வகுத்துக் கொண்டு இந்த திட்டம் மாதிரியாக இல்லாமல் வகுக்க யாக இருக்க வேண்டும் என்று கேட்டுக் கொள்ளுகிறேன். அதைப் பார்த்து இந்த சட்டசபை நடக்கும்படியாகச் செய்ய வேண்டும். அவ்விதம் நடப்பீர்கள் என்ற நம்பிக்கை எனக்கு இருக்கிறது. வரப்போகும் திராவிட நாட்டிற்கு டரோ அல்லது வேறு யாராவது வேண்டுமானாலும் தலைவராக இருக்கலாம். ஆனால் அந்தத் தலைவர் திராவிட நாட்டைச் சேர்ந்தவனாகத் தான் இருக்க வேண்டும். அதனால் எவ்வித எதிர்ப்பும் இல்லை. ஆனால் வட நாட்டிலிருந்து தலைவர் வரவேண்டாம். வட நாட்டுச் சுரண்டலைத் தடுக்கவேண்டும்.

வட நாட்டான் நமக்கு தலைவராக இருக்கக் கூடாது. நம்முடைய நாட்டைச் சேர்ந்தவர் தான் நமக்கு அதிகாரியாக இருக்க வேண்டும். புகையிலைக்கு மான்யத்தைக் கொடுத்து விட்டு நாடு பஞ்சம் ஏற்பட்டால் அதை கவனிக் காமலிருக்கிறார்கள். நம் நாட்டில் பஞ்சம் ஏற்படுகிறது. அதை மத்திய அரசாங்கம் கவனிப்பது இல்லை. ராயலசீமையில் பஞ்சம் ஏற்படுகிறது. தென்னாட்டில் பஞ்சம் ஏற்படுகிறது. அதைப்போக்க எந்த நடவடிக்கையும் எடுப்பதில்லை. இந்த நிலைமையெல்லாம் போக வேண்டும். திராவிட நாட்டில் ஸ்ரீ பிரகாசத்தின் பெருமை தெரியும். அதுவும் நன்றாகத் தெரியும். கனம் ராஜாஜிக்கு எவ்வளவு பெருமை உண்டோ அவ்வளவு பெருமை பிரகாசத்திற்கும் உண்டு என்பது நன்றாகத் தெரியும். ஆந்திர நாட்டில் பிரகாசத்திற்கு எவ்வளவு சக்தி இருக்கிறது என்பது எல்லோருக்கும் நன்றாகத் தெரியும். கடைசியாக ஒரு வேண்டுகோள். கனம் பிரகாசம் அவர்கள் பேசும்போது சொன்னார், கனம் ராஜாஜி அவர்களும் ஆந்திராவைச் சேர்ந்தவர்தான் என்று. அதனால் தன்னுடன் அழைப்பன் என்றும் சொன்னார். அவ்விதம் அழைத்து கனம் ராஜாஜி அந்த நாட்டிற்குப் போய் விட்டால் சந்தோஷமாக இருக்கும். நாட்டில் குழப்பம் இருக்காது என்று சொல்லிக் கொண்டு இத்துடன் முடித்துக் கொள்ளுகிறேன்.”

Dr. K. B. MENON:—“Mr. Speaker, I am very happy to participate in this historic function on the eve of our separation. 2-40
As I stand here, comes before my mind's eye a parade of important p.m.
events that have happened in this Assembly in the course of the last year and a half. We have faced very great problems and I feel that we have faced them bravely and successfully. The credit for this primarily goes to the person who sits at the steering wheel, I mean the Hon. the Speaker. Sir, you have, with care, caution, tact and skill, guided us all these days. Many of us came into this Assembly as novices and this Assembly was a sort of kindergarten school for us in parliamentary practice. We have learnt very much in the course of the year and a half. In this period we had met eminent personalities and brilliant minds, had the advantage of close study and thus have gained very much from experience. More than all these, through the Assembly, we were able to do some little service to the people of the State. These are days of division and these are days of trial too. Even in families, when the hour for division comes, there is always misunderstanding. But, when the final settlement is arrived at, the dead past is immediately forgotten. Division cannot cut away the bonds of longstanding friendship and good neighbourliness. Our Andhra colleagues wish to set up a home for themselves and we wish them the best of luck. We shall watch them with deep interest and shall always be glad to share in their joys and sorrows. I wish both the new Andhra State as well as the residuary State of Madras all success.”

* Sri V. CHIDANANDAM:—“Sir, I am happy to speak on this occasion and yet I am sorry that we are parting from the joint State. It is natural that sometime or other we have to part as brothers and so we are parting now. Brothers fight for their claims during division of properties. On that score they cannot be considered as enemies. They will be friends and they must be friends. I am a member of a group of four persons called ‘Unattached Independents’ and our party is the next larger party to that of Mr. P. T. Rajan, who is the only member and leader

[Sri V. Chidanandam] [30th July 1953]

of his party. On behalf of the four members of my party I thank you, Mr. Speaker, for the able way in which you have been guiding us and have been conducting the business from the Chair. Rightly, you have been on critical occasions siding with the Government. Though some of us were finding it difficult to catch your eye, we have nothing to say against you and we are really very grateful to you for guiding us. Under you, we have been able to learn very much about parliamentary procedure in the House. Most of us, having been elected for the first time to the Legislature, are inexperienced legislators and we are grateful to you for the advice that you have given us on all occasions. We are all brothers. One of the brothers, i.e., Andhras are parting now. We are leaving the Kannadigas and Malayalees under the able leadership of Rajaji, who I hope, will take interest in them, and protect their rights. I thank him and also congratulate him on his having ably steered the Andhra State Bill and getting it passed. When we part, we must feel glad and have sympathetic attitude towards each other. Hon. Member Sri Ari Gowder called us cousins. No, we are not cousins. We are own brothers. We will give you our co-operation whenever it is necessary, and hope you will also do the same. After parting, we hope and trust we will be able to form a strong and stable Government in the Andhra State under the able leadership of that great personality Sri T. Prakasam. I hope the leaders of all parties will co-operate in that direction. With these few words, I resume my seat."

2-50 p.m. * SRI K. UPPI:—"Mr. Speaker, I heartily associate myself with the sentiments expressed by the Leader of the House and the Raja of Chettinad and others in this House and I too join in the chorus of prayer for a good, strong and economically and socially prosperous Andhra State. It is a good omen that this division is taking place in the presence of two veteran leaders who have fought for the independence of this country so valiantly throughout their life, achieved success and got independence from a foreign country. I am referring to Sri Prakasam and Sri Rajagopalachari. Sir, I need not repeat or remind any of you that these were the two great lieutenants of the Father of the Nation, Mahatma Gandhi. It is in the presence of these leaders that to-day we wish all happiness to the new State that is going to be formed. We in the residuary State never wished for a partition. Our Andhra friends wanted it and in spite of our unwillingness in the beginning, we had to satisfy them. Now they will part and we hope we will part as two brothers and not as two separate nations. I think there is a feeling among the Andhras about the Madras City. Let me tell them it will be theirs as well as ours. It may remain in the residuary State but still it will be as much theirs as it is ours.

"Sir, on this occasion, I shall be failing in my duty if I do not pay my compliments and express my gratitude to Mr. Prakasam on behalf of the Muslims of this State. Mr. Prakasam throughout his life has been a friend of the Muslims and done much for

30th July 1953] [Sri K. Uppi]

the Muslims of this State. During his term of office, he was very sympathetic, generous and fair to the Muslims. I hope under the guidance, the Andhra State will also look after the interests of the minorities there, particularly the Muslims, well. There is no possibility for Muslims in the Andhra area to get representation in the Andhra Legislature or other elected bodies. Therefore, their position and their culture, I hope, will be safeguarded by Mr. Prakasam and other Andhra Members of the House and the future Andhra Government will take steps to give Muslims representation both in the Legislature and in the services.

"Finally, Sir, I pray that in the very near future we will see a strong, good, well-governed Andhra State as our neighbour."

SRI P. THIMMA REDDI:—"Mr. Speaker, Sir, this is deemed to be a pleasant occasion because we are wishing well of each other. At this time of separation now, let us wish that we will meet again. Sir, after an era of emotion and agitation about linguistic provinces, we find that it is a reality to-day. We are going to have our State. I have been feeling in this composite Province where several languages are spoken that we are living in a Province of democracy. Our leaders felt and the advocates of linguistic States feel that in the Andhra State we are going to have democracy. Whether we are going to have real democracy in Andhra or not is a thing which we will see very soon and we cannot say anything now.

"Sir I respect the feelings expressed by the Raja of Chettinad and Rajaji some time back and I share their fear where this language madness will lead the people of this country. The people really apprehend some trouble out of this madness. We have already some foretaste of this madness in certain areas, one section trying to exploit another section of the community. Mr. Ari Gowder was saying something about Rayalaseema a little while ago and I assure him that we shall do our best to see that Rayalaseema exists and its people are happy, though some might think that we are flying from the frying pan to the fire.

"Then, Sir, we should compliment you on the way you have conducted the proceedings of the House. Every Andhra legislator feels that it will be quite a job to find a Speaker of your level. To-day there are any number of people to become Chief Minister, to become Ministers and so on. But to occupy the seat you are occupying, I feel we have only one man and that is Mr. T. Viswanatham (cheers) and whether he will choose to become Speaker or Minister is a thing to be seen later. Sir, we had all our lessons in public life here. I wish I were sitting a little bit closer to you to learn what it is to conduct a parliamentary debate. Every one here including Mr. Nagi Reddi has been watching Rajaji conduct the affairs of the Government and the proceedings of the House. Really we will miss him when we go to the Andhra State. I would like Rajaji in his leisure hours—I know he devotes his

[Sri P. Thimma Reddi] [30th July 1953]

leisure for writing books—to write a book on how to conduct parliamentary affairs, without giving offence even to the most offending parties. I wish Rajaji will devote some time for this.

“Sir, we have had a good team of Ministers and I must thank them. I must thank the Hon. Dr. Nagan Gouda first. I used to hear from him a lot of lectures. Dr. M. V. Krishna Rao, the Education Minister, is really an educator. Dr. U. Krishna Rao though a doctor and a surgeon by profession has been handling several portfolios as a Minister. Then comes the most devoted Minister, Mr. Venkatasami Naidu. A few days back he passed on to me a small book ‘Venkateswara Stuthi’ which is so pleasant. Even as Minister, he is spreading devotion among the people. There are several friends whom we may be missing very soon because from the Opposition. The Opposition has always taken trouble to study everything and only after deep study Members come and present their views. If they have made sharp remarks, it was only in the interests of the masses of people. Particularly, Sir, we will be missing Mr. Ramamurthi. We simply used to wonder at his oration. He is one man who does not know where commas and fullstops should occur. He used to go so fast and talk about so many things that he was really a famous orator in the Assembly. Then, there is Dr. K. B. Menon. He is a man with fine manners and well-disciplined in parliamentary affairs. We are now 375 here but we will have only 140 Members in our new Assembly. We have had a pleasant time and I hope we will meet again in Madras. Madras City is close to me and so I will be more a Madras man than an Andhra man. I have such thick and fast friends in Tamil Nad that I will always be remembering them and meeting them. We have learnt a lot of things and as the Leader of the House was saying he was a believer in God we also must be believers in God. Some friends in the past used to tell me that if Tamilians are successful and Andhras are failures, it is because the Tamilians are God-minded, and are godly in their life and behaviour. Let me tell my Andhra friends that we must practise godliness and imbibe it from Tamil Nad. May we separate as brothers!”

3 p.m. * SRI K. R. VISWANATHAN:—“Sir, I am happy to participate in this solemn ceremony on this memorable occasion. I am also sorry for having to part with eminent leaders, especially in the Opposition. As the House knows, our party as a whole is a new-comer in the political field. If what the Hon. Mr. Krishna Rao said is a fact that this Assembly is a political school, then we, infants in politics, learnt many lessons at the feet of the Andhra leaders in the Opposition. When we just came into the field, we were in the United Democratic Front and we learnt many lessons from the Andhra members. We are grateful to them. I feel rather deeply sorry at this time when we have to part with leaders like Mr. Prakasam, Mr. Viswanatham, Mr. Nagi Reddi, Mr. Thimma Reddy and others. Of course, we have to pay our debt of gratitude for what we learnt from their political sagacity,

30th July 1953] [Sri K. R. Viswanathan]

political experience and undaunted courage. I should not fail to mention how the Andhra members wholly used to devote themselves to the question hour. I do not know whether after the separation of this State, the question hour will be as lively as it had been till now. We have learnt from the Andhra members to some extent how, when and why all the questions have to be put, and also the courage and conviction with which these questions should be put and answers elicited from Government. Really we will feel their absence very much in the next session.

“Sir, to my Andhra friends I want to tell one thing. A very bad impression had been formed about the Toilers’ Party, as it has been talked of, that it is a communal party, that it represents only one community and so on. I should like to wipe off that impression from their minds. It is not at all a communal party. but it stands solely for the toilers, it does not stand for the landlords and mirasdars who oppress the labourers. Even though by some accident and chance one community is predominant in this party, it is open to all the communities which represent the interests of the toilers. If there is any other bad impression in their minds, they will please leave it off. I would also make a request to them that in the coming Andhra State while I wish them all success, prosperity and glory, they should not let down the interests of the toilers in Andhra Desa.

“With these few words I wish the Andhra State once again every success and prosperity.”

* SRI VAVILALA GOPALAKRISHNAIAH:—“Sir, I am full of mixed feelings of joy and sorrow. I am unable to express myself as I ought to and wish to. As an independent member I entered the Assembly; as a progressive, I joined the United Democratic Front and we stood in Opposition under the leadership of Prakasam Pantulugaru. But at the same time, we are all colleagues.

“Sir, it was our proud privilege to have had Rajaji as our opponent, the rare privilege of placing ourselves in opposition to that veteran and finished parliamentarian who is known the whole world over as one of the greatest intellectual giants of India. That Rajaji sits there and we are here in the Opposition. We can never forget that in our life. That was a boon for us.

“Then, Sir, we got you as the Speaker; you would seem at times very serious as though you were going to pounce upon our heads, but in a fraction of a second, you would be all lightheartedness and cheerfulness and immediately the House would comfort itself in the lofty grandeur of it all.

“Sir, many are those that have sacrificed and suffered for the establishment of this Andhra Province; everybody wanted to see it established through their own hands. But those old veteran leaders have left us, leaving everything into our tiny hands. Now as members of this Assembly we stand here and see the Andhra

[Sri Vavilala Gopalakrishnaiah] [30th July 1953]

Province being carved out with our own hands and at our term of membership. At the same time, I am conscious of the fact that we cannot have a rosy picture. We have many difficult problems: there is Rayalaseema and Visakhapatnam with the chronic famine; we have to face it and survive it; the finances of the State and other things have to be put in good condition. We have to face all these. But at the same time I am not afraid of our responsibilities.

It fills me with sorrow to have to part with our Tamil friends our Karnataka friends, our Malayalee friends and others. I hope our Malayalee friends also will have their province; I hope to be in the visitors galleries of the Legislatures of Karnataka, Kerala and Tamil Nad State Assemblies hearing the proceedings of them in their own languages.

We will have our province. We would have won political and administrative freedom; but we will have to work for our economic emancipation and complete economic recovery. I appeal to all friends and others to strive to go to the man who is suffering in the lowest hut of the world; we must go to him. We would have fulfilled our aim only when he says, 'I have got political status and I feel my food standard is enhanced.' Let us all strive towards that end. Let us all have good brotherliness and neighbourliness; let us all strive to serve humanity and the suffering masses.

I pray all members to bless the Andhra State. Let us all be cordial in our relations and not only brotherly, but friendly in our doings. My heart is full of emotions and I beg to be excused for my inability to express myself.

"Mr. Speaker, Sir, my personal respects to you."

SRI S. SWAYAMPRAKASAM:—"Mr. Speaker, Sir, this is an important event, in the sense that it goes down in history. The establishment of a State and the agitation to establish that State are not day-to-day occurrences. The agitation of the Andhra people is over and they are going to have their own State. It is a great achievement. We will have to copy the example that has been set up by the people of Andhra Desa, here in this House. So many of them put so many interpellations and have shown enthusiasm and liveliness in their work. That enthusiasm may be lacking in the residuary State members, I am afraid. I wish to invite particular attention of the members to the enthusiasm shown by the Andhra Kesari Sri Prakasam. I think he is 85 or 86 and Rajaji is only 74 or so. I doubt very much whether at this age of 85 Rajaji would be showing so much enthusiasm as the Andhra Kesari. We cannot forget Mr. Viswanatham, a veteran parliamentarian who was always attentive to us and I think Mr. Thimmar-Reddi has already made him the Speaker of the Andhra Legislative Assembly. I wish him all good luck. Mr. T. Nagi Reddi and Mr. P. Venkateswarlu were always catching the eye of the Speaker."

3-10
p.m.

30th July 1953]

MR. SPEAKER:—"Speaker's eye" is a delusive organ."

SRI S. SWAYAMPRAKASAM:—"They were so in this House and it is worth copying by others. Sir, while so many Members go to Andhra, the Hon. Dr. Nagan Gouda is going to Mysore, perhaps as Minister as the Hon. Finance Minister put it. We wish him to be a Minister there also. In answering supplementary questions, he showed anxiety to answer all aspects of the question without escaping on technical grounds. He always tried to satisfy the Member who put the question. We wish the Kanarese Members all luck in their new State.

"Sir, Andhra Members are not going to England or America. They are going to be our neighbours and they stand to gain inasmuch as they are surplus in food. I am not saying this with jealousy. I wish they would supply us more so that our cordial relations may grow stronger. Sir, people from Tamil Nad have got to go to Tirupati and spend some money. In return Andhras can supply us with their surplus food. I wish them all good luck in their new State."

SRI PILLALAMARRI VENKATESWARLU:—"Mr. Speaker, I do not want to trouble the hungry stomachs. I wanted to get the privilege of speaking on this last occasion. I feel very happy as we are going to have a separate State. That does not mean that I am happy in leaving our veteran statesman and one of the most distinguished leaders of the Congress Party, the Hon. Sri C. Rajagopalachari. However much we might have differed from him politically, we have to pay our compliments to him. On our side, I can assure him there is no personal animosity against him, however much he might have attacked us in season and out of season. Our respect for him particularly for his intellect, is very great. Certainly any country will take pride in having such a statesman. I hope the Hon. Chief Minister will understand us properly in spite of the fact that now and then some violent and offensive language has been used against him. We were only expressing our political and party line on the floor of the House. I am happy we are going to have a separate State."

"Sir, we used to speak so many things which you could rarely follow. I think you will not be faced with such a trouble hereafter. Sir, I have had experience with you from 1946 and I can say you are both strict and lenient, lenient whenever convenient and strict whenever necessary. I can also say, Sir, that you as Speaker tried your level best to satisfy both the Opposition and the Government and did justice as well. There might have been some errors of judgment on either side and some of us might not have agreed with all your rulings and that is a different matter. Any Speaker can take lessons from our proceedings. No Speaker would have taken so much pains to go through so many volumes and give decisions and I hope the would-be Speaker of the Andhra State—I do not know who it will be—will take such pains and emulate your example."

[Sri Pillalamarri Venkateswarlu] [30th July 1953]

"Then, we have an young gentleman as Leader of the House, the Hon. Sri C. Subramaniam. He may be as emotional as most of us, as the Hon. Chief Minister once said. All the same I read in him an open heart and he takes things rather too lightly. I hope we will be good neighbours.

"I can assure Mr. Swayamprakasam, whenever he comes to Tirupati we will mix with him as he is mixing with us here and we will give him all facilities."

SRI M. KALYANASUNDARAM:—"Mr. Speaker, it is a unique occasion. Nevertheless it is difficult for us to reconcile ourselves to the prospect of missing some of the endearing personalities of the House when we meet again. We will also be missing some of the words like 'Arya' and 'Adhyaksha' and the intonation of vigour and tenacity that used to follow these words even though we might not be able to understand the meaning in full. In spite of this prospect, I do feel very happy that this is a big step in the progress of our country towards full democracy. Sir, I am an optimist in politics. I have faith in the people. Despite what some people say, the future of Andhra is bound to be very great. They are going to lead us. In our struggle against the foreign imperialists, the great people of Andhra have stood in the forefront and they have always been a source of inspiration. I feel confident that in the future also the people of Andhra will be a source of inspiration in the cause of building democracy for the common man, the peasant and the worker—democracy in which there will be no want. I also look forward to the happy occasion when we will have a similar function of bidding farewell to our Kerala friends when they get their Aikya Kerala and also when we can invite some of our friends from Travancore-Cochin by getting back Nanjilnad. We must also take steps to liberate a portion of our territory from foreigners. I look forward for such a happy occasion when the proceedings of this House under your able guidance will be conducted in Tamil and even Members like Mr. Vadivelu and Mr. Subbaiah will be able to fully participate in the proceedings of this House and understand the function of every department."

* SRI T. ANANTHA PAI:—"Mr. Speaker, Sir, we are very happy that our Andhra friends are going to have their own State but at the same time we are sorry we would be losing our Telugu friends, because whatever might have been our differences with them regarding politics, we have had great attachment and admiration for them. As a matter of fact, for the last so many months, we have been accustomed to hear them speaking in Telugu. Most of us felt that by the end of our term, I mean by the end of five years, we would have acquired sufficient knowledge of Telugu to understand what is spoken in it though not to speak it ourselves. As they had been consistently talking in Telugu, most of us really understood what they spoke only on seeing the papers next day giving summaries in English of what they had spoken in Telugu. Unfortunately for some of us, the

30th July 1953] [Sri T. Anantha Pai]

language problem was there. Now they are parting and once for all we shall be denying ourselves the pleasure of hearing them speaking in their own mother tongue hereafter. But at the same time we are glad and we have every reason to feel happy that they are shortly going to have their own State, their own Government, their own rule and their own administrative machinery. Many people did not like some of us referring to this whole House or the State of Madras as a joint family because some differences arose partly at the time of division of assets and liabilities. But the relations (I want it to remain intact) between Andhras and others may perhaps be more or less characterized as that subsisting between a daughter-in-law and mother-in-law. When both of them live together, there is always a feeling, I might call it a sense of oppression which the daughter-in-law feels. The mother-in-law also has her own misgivings. Whether their feelings are real or imaginary, somehow the daughter-in-law feels that she must have a house of her own wherein she could be the sole mistress. She wants to have a house of her own wherein she would manage all things by herself. It is but natural that she has such a feeling. Likewise the Andhras had all along felt. They wanted their own State wherein they could manage their own affairs and be the sole masters. We are all happy that at long last they are getting their own State. We extend to them all goodwill. May Andhra become one of the strong States of South India. May it help other States also to prosper.

"A word about my Bellary friends, Sir. We always used to speak with one another in Kannada, because after all we are bound to one another by the same language. I am not sorry that they are leaving us. I am glad that they are going to the Mysore Legislature. That means they are going to Bangalore to enjoy its salubrious climate. I have no doubt that they would be happy there.

"Let me say in conclusion to all the rest of us who would remain here that our problems are no less onerous than that of others, especially in view of the fact that we have to carry on the great responsibilities we had carried so far. May God give us sufficient strength to grapple with all our problems. May I wish good-luck to one and all as we may require it in plenty."

MR. SPEAKER:—"Will the Father of the House just say a few words?"

* SRI K. KOTI REDDI:—"Mr. Speaker, Sir, on this happy occasion let me say that we are happy to find that at long last we will be achieving our own State, I mean, the Andhra State within two months from now on. For more than four decades we had been looking forward for this happy occasion when our own State would be inaugurated. I wish to take this opportunity to thank all our friends belonging to the residuary State for their help rendered in enabling us to have the Andhra State. I do not want to take much of your time, Sir. I never expected that to-day on this happy occasion I would be called on to speak, or rather to

[Sri K. Koti Reddi.] [30th July 1953]

deliver a farewell address. You may perhaps remember, Sir, that at the time of the discussion of the apportionment of the assets and liabilities in this House there were sharp differences of views between Andhras and the other members, and I appealed to all members of the residuary State not to have any ill-feelings against us, Andhras. To-day also let me make that appeal. Let me now give the assurance that we will part as friends. Let our separation be a cordial one. We will continue to live as friends. We shall never part as enemies.

"As I said earlier, Mr. Speaker, our aim is 'Visala Andhra.' So we are not over-enthusiastic over the present Andhra State, which will shortly come into being within two months from now on. It may be possible, as soon as our dream of 'Visala Andhra' is realized, all disputes that are now raised in some parts of Karnataka and Tamil Nad for the purpose of demarcating their territories from Telugu areas will cease once and for all.

"Let me make one request to the Hon. Chief Minister on this happy occasion. We have been really getting on very well here all these days. I cannot say that this Ministry has fulfilled all our expectations. But I must admit that the Government had really a very hard time indeed all these days. They had a lot of trouble due to the famine in Rayalaseema. That had tied their hands to a great extent financially. Let me now make one request of the Hon. Chief Minister. He had recently floated a loan of Rs. 5 crores for carrying out some of our development schemes. But when the loan was only for Rs. 5 crores, Rs. 10 crores had been subscribed. All these years, Rayalaseema had been an eyesore to us. Always it had been afflicted with famine. Therefore let not the Hon. Chief Minister refund the remaining Rs. 5 crores that had been oversubscribed. Let him utilize that Rs. 5 crores to alleviate the famine distress of Rayalaseema and make its people happy too. All these days, do hon. Members know on what caloric content the people of Rayalaseema had been fed? It has been prescribed in the Famine Code that on the average, each non-adult requires to be fed at least with 45 tolas of grain each day. But what is done? Hardly 7 tolas were given for the poor boys. That is why I would beg of the Hon. Chief Minister to utilize the over-subscribed Rs. 5 crores for relieving the famine distress in Rayalaseema. Let that amount be utilized to remove the distress of those poor people. The health of the people has very much deteriorated and if even within these two months the Government comes to their help, personally I will be very thankful to the Ministry. One word more to say, Sir. On this occasion I want to express my thanks to you, Mr. Speaker. You, Sir, have been very impartial in your dealings with the hon. Members. You have satisfied the hon. Members to the extent that was possible for anyone and have devised a method by which you can satisfy them. So far as Parliamentary practice is concerned, I cannot claim to have much experience or studied many books, but this is 'point-of-information' business is nowhere in any book dealing with Parliamentary procedure and I thank you, Sir, for the

3-30
p.m.

[Sri K. Koti Reddi] [30th July 1953]

manner in which you have conducted the proceedings. Lastly, I wish to say that the relationship between the Andhra members and the members of residuary State has been very good and cordial and I also thank them."

* THE HON. DR. R. NAGAN GOUDA:—"Mr. Speaker, Sir, on this occasion one cannot but think of this magnificent and great State of Madras—a Presidency till a few years ago and Madras State now—falling into three pieces. It has in its long history achieved many great things. It has built a number of great projects. It has produced great men. It has given to the rest of India a great many measures. To think that such a big State will occupy hereafter a much smaller space is a thought which cannot but make one feel sad. Yet old things have got to change and we are now going to three different States. Coming as I do from an area, viz., Bellary and forming one of a group of only five, I feel rather very lonely. The residuary State will have a strength of 230 or so, the Andhra State will have 140 and we will be only five. But, Sir, we are happy in the thought that we will be going to a State which is geographically and linguistically similar to our own and also to a State which is running smoothly and well and has very few problems. So I feel, though representing a small group when compared to the 230 members that are staying in the residuary State and the 140 members that are going to the Andhra State, that I should wish them all good luck. The residuary State will have a number of problems, not the least being the food problem and the Andhra State will have many problems in setting up its household. Sir, having had close contact with both the Tamils and the Andhra people, I am sure we might be able to bring Mysore closer both to Andhra and Tamil Nad or the residuary State. Though we are breaking up to-day into smaller units, I hope the Karnataka area, the Telugu area and the Tamil area that will be in the residuary State will maintain better mutual relationship because of the fact that those of us who are seated with you now are going away there.

"Sir, before closing, I wish to say one word. Probably this is the last occasion when you are presiding over the Legislature of the composite State. You are always cheerful and yet you have been maintaining strict discipline and order in this House. I thank you, Sir, for the opportunity given to me to speak here."

* THE HON. SRI C. RAJAGOPALACHARI:—"Mr. Speaker, Sir, it is very difficult to get out of a habit. It is very difficult especially to get out of a groove we had got into just before we began to speak on this occasion. All the time we had been debating so badly and so violently, if I may say so, (laughter) that some hon. Members were not at all able to get out of the points that they had been discussing before and they continued it, but I cannot blame them. It is human nature. You had intended, Sir, that this should be a pleasant gathering where people would make speeches which will make all of us cheerful and more friendly than

[Sri C. Rajagopalachari] [30th July 1953]

when we began. But, for that purpose, the custom of the world has been to have some food and stimulating refreshments. It is only with some stimulating refreshments added to it that speeches in large gatherings like this would come up to the level that is required on this occasion. But here to-day not only have we no dinner, no glasses to clink, but we are actually starving. Many of us are hungry, deprived of the normal meal also (laughter). Therefore, I do not feel surprised that we have been talking rather too seriously and gravely. Why should this be considered a very serious or grave occasion? As someone said before me, Sir, we are not going to any distant place. We are very near one another if, of course, the trains are not interfered with! (laughter). Secondly, we have not yet decided to go. The Bill has to be passed in Parliament. We have only expressed our opinion. We should not anticipate things and become serious and sad and give vent to premature lamentations. Let us wait till the thing happens. The time will come. We have fixed 1st October 1953 and I for one hope it will come and we can have an opportunity then to meet together and to sing what is termed in Tamil 'appari'. But it is quite unnecessary just now to be so serious or sad about it. I believe, Sir, that we are meeting not either to lament or rejoice over the partition of the State, but in order to exchange felicitations or expressions of regret at the parting of the members. I do hope we will have an opportunity of meeting either on the eve of parting or just after parting. Probably we shall not meet again all those who are sitting here. It is a great pity. We shall feel—by 'we' I mean the Members who will be sitting in the Assembly of the residuary State—that several of our old colleagues are absent and the House may look empty. We have always a knack of not knowing a good thing when it is with us, but knowing it only when it is absent. We shall feel a great void. Some of us—I am speaking about myself—are old friends and old colleagues. These have lost most of their teeth and have replaced them. Some of us are in that condition. But the majority of the people who are now going away from us are young people. It is a pleasure to see young and bright faces. It is a pleasure to see faces reflecting the vigorous activity in the mind and I used to feel like a father of very good children, somewhat troublesome (laughter) but quite manageable. We shall feel the pain of it when there is nobody to give us trouble.

"You, Mr. Speaker, have been complimented on being very impartial. There is nothing very great in being impartial. We are bound to be impartial. Many among us are generally impartial and it comes to us naturally. But the trouble is in keeping order. When there is youth and energy and added to it differences of opinion and further added to it the shortness of time for expressing our views, we get rather disorderly. You have preserved order in a very difficult House and here I wish to pay you my compliment. Those who are going away gave the largest amount of trouble to the Speaker. Afterwards you will feel that your occupation is gone, you will feel lonely because pleasure

[Sri C. Rajagopalachari] [30th July 1953]

comes only when we face a little difficulty and overcome it. When there is no difficulty, there is no pleasure about it at all. It is only when we overcome trouble, there is pleasure. That was my pleasure and that was the Speaker's pleasure also. I may say at once that in spite of suspicions about motives and all that, there was an innate, unchangeable affection which I could read in the face of everybody. Nobody had any ill-will. That was what gave me pleasure. After the seceding members go away, what shall I do with the well-disciplined members here in the residuary State? I shall feel as if there were no work for me. Only when there is a difficulty and indiscipline, we strain and enjoy the grasping of it.

"I do not wish to be long, as I am generally inclined to be when I am in a happy mood. Our ancient classical writers on the secret of love devoted always a chapter on quarrels in any book of love of whatever sort it may be. Unless there is quarrel, there is no fulfilment of love. We are parting now, and after parting we shall enjoy reunion with greater pleasure. The reunion may not be of the State, but everyone of those who go away now will feel that there was something good in those people from whom they parted. We had some quarrels. So on the whole it is a good thing that we are parting, because we shall come together again with greater pleasure. The secret of creation is that, God divides himself into many and He wants them to come together. That is gravitation, affection, love, friendship, electric attraction and everything. Unless we part, we cannot come together again. This is a cyclic process that must be ever going on. Our dear friends will after some time feel that we were not bad people after all. They would like to be invited to this Legislative Assembly now and then. We will give them special places and if necessary, we will vacate the seats reserved for the officials; we will not push them on to the galleries higher up. I hope they will have a suitable building for their legislature in course of time. It is only when we go through difficulties and build, there is pleasure. I have no doubt that the gentlemen and ladies who are going away will feel the pleasure of building up, of constructing something. There is joy in building a new State. Only I do not like the petty quarrels that surround these partition operations. Even according to biology, one cannot get a baby without pain and all kinds of trouble. Every birth has its pangs, but there is no doubt it is unpleasant. I do not like the unpleasantness about it.

"One thing we shall miss after this parting takes place. It was a pleasure to have a Telugu class every day here. We were all learning Telugu without knowing it. I for one knew a little bit and I was able to refresh my memory and get the thing properly down in my mind. Hereafter we will have only a Malayalam class. But Malayalam is an easy language for the Tamilian. The difference between Tamil and Malayalam is very little. There will not be that pleasant struggle of getting at a very different language.

"The seceding members will miss you, Sir, more than anybody else. You were not like a harsh father, you were like a

[Sri C. Rajagopalachari] [30th July 1953]

strict mother to them. They may have one of their politicians as their Speaker, whoever he may be. There was a touch of motherhood in you which they will not be able to find in another. I do hope that among them a Sivashanmugam Pillai will develop, if you will let me use that name. We found one Sivashanmugam Pillai by accident, and they may also find one by accident. Nothing in the world can be got at by planning. There are causes that produce results, but we do not know the causes and then it is treated as an accident. I hope they will also get a Speaker such as you by accident. I do not wish to detain hon. Members any further. I wish them all godspeed.

"Before I conclude, let me express my hope that Sri Prakasam will come here now and then. We cannot afford to lose him altogether. Whether he is 64 or 84, whether he is made the Chief Minister or not, whether he is given any office or not, it does not matter. He will continue to be the Grand Old Man that he now is and there is no doubt about it. I do hope that he will come here now and then. This is his place, we are his brothers. We have fought, grieved, suffered and enjoyed together, and this parting is a great pain to some of us, older people. Younger people like Sri Vavilala Gopalakrishnaiah do not mind things. Sri Vavilala was everything here. It was a pleasure to see him rise on points of order, whether relevant or not relevant. I hope he will not rise on a point of order now on this observation of mine. We will miss him much but soon we will forget him. Young people forget one another. But how can I forget Prakasam? I cannot do it and I hope he too will not forget me. Thank you, Sir."

SRI T. PRAKASAM:—"Mr. Speaker, Sir, I thank you for giving me this opportunity of saying a few words. The history of our struggle is a long one. It is not necessary to refer to that long history. But we must not go away under the impression that we have made the present India what it is ourselves. My conception of God is this. God is the All Pervading Power of the universe. This was the definition given even by Sankaracharya. The Lord is not in a particular temple or in a church, or in any other place of worship. He is the power that has spread to all human beings in this universe. If we understand that conception, we will easily understand why the great leader of this country, Gandhi—you may not call him a Mahatma—when he came to his country took stock of the situation. He realized that in every one of the millions and crores of people living in this country of his, there was the power of God and that soul force that he was carrying with him was in every human being. That is why he chose Sri Rajagopalachari and a few other friends as his disciples. He taught them the secret of his life. He wanted to make the soul force of every human being, man or woman, rise and tackle the problem of slavery that was prevailing in this country. He called the foreign power satanic. He called the foreign power an enemy who could not be conquered by his own people, situated as they were then. Therefore, it was he who conceived the idea of teaching everything from the beginning to the end to his people in this

[30th July 1953] [Sri T. Prakasam]

country. He was a sweeper in the streets of Bihar. He was doing every kind of work only to tell us that however learned we were, we were not conducting ourselves properly. So he started teaching the elements of education. He told us from the beginning to the end how we should govern our country, and how we could send away the satanic power that was ruling this land. When he took the reins into his hands he conceived the idea of linguistic division of the country. It was not in one day that the whole of India came into his hands. There were people who would not accept him as leader. In the beginning it took some years for him to become an all India leader. He said that if this country was to get freedom, and if it should get out of the hands of those who had taken possession of it for 150 or 180 years, the people of this country should develop their strength and their soul force. He said that just as he developed his soul force, everyone in his country could develop his soul force. He gave the country quite an unknown method, namely, truth and non-violence. On the basis of truth and non-violence, he organized the country. He divided the whole country into 21 linguistic areas for Congress purposes. Many of our friends here who do not know the early history of our country might not be able to understand this. Mahatma Gandhi organized the country on a linguistic basis. He called upon the Congressmen who were in charge of linguistic areas to maintain accounts and do their business on a linguistic basis. It is not for one or two years he carried on this work. He did it for nearly thirty years. By linguistic division he not merely made people strong but he also made people work and adopt the linguistic basis for all purposes. He developed such a strength that it was im- 4 p.m.
possible for any one of us in the beginning to realize it. By dividing the country into 21 linguistic areas, he brought about unity, developed the strength of the whole nation and made the people of 21 languages realize that they could be a great power if they could organize themselves. It was in that manner that all-India was divided into linguistic areas and all people were made to work on that basis and come together and carry on a fight also. He did not say for one year what programme he would chalk out. After one year, he disclosed a programme of fight and made all the people of 21 linguistic areas come together, march together, fill the jails, and receive lathi charges and gunshots. Which country can boast of a leader like that who awakened the people of his land who were at the bottom of the sea notwithstanding the high state of education, the High Courts and the Judicial Committee of the Privy Council? He organized the people who were not really fit for anything, people who could not stand erect and look at the face of an Englishman and say, 'Here I am; I do not recognize you.' In the best possible manner, he did it. Sri Rajagopalachari has been able to absorb that one idea, that one characteristic of Mahatma Gandhi. He would smile away things; he would not get ruffled; he would not get into any quarrel with any one. That is why he has been able to manage this House, not only this House but wherever he goes, he can manage things. Gandhiji did it. Gandhiji did not quarrel with Sri Rajagopalachari and all other friends who told him, 'Don't have this War

[Sri T. Prakasam]

[30th July 1953]

of Independence or do or die' in 1942. He gave a warning and still he was not ruffled. He called Sri Rajagopalachari to him to convince him and started the campaign. There is no good of my referring to his actions or deeds. They are not deeds that could be done by ordinary human beings. He has done everything and brought us freedom.

"Now, Sir, we are at the stage of parting. The Andhra State itself has almost been formed. What is the good that has come now? The first thing is that the millions of Andhras, who have been suffering on account of their ignorance about and on account of their not being able to understand what is going on in this House or in the other House or in the Parliament because discussion is carried on in a language which they could not understand, will no longer feel that difficulty. So, the greatest benefit which the Andhras have derived to-day is freedom from this bondage of ignorance. We can say that the Andhra people have become really free to understand whatever discussion may be carried on hereafter in their Legislature in their own language.

"Now, I come to the question of linguistic division. You may imagine, Sir, how much time Sri Jawaharlal Nehru and his Government have taken to understand the importance of, and the necessity for, linguistic separation and division. He has taken a good long time because he has been put at the head of a Government of the whole of India. He was studying in his own way the various problems. He was resisting up to a point this idea of linguistic division of the country. Even Sri Jawaharlal Nehru has had to change his own opinions from experience. It was only recently before he went to attend the Coronation ceremony of the Queen of England that he declared here that he would constitute a Linguistic States Commission. When the idea was first mooted, all the friends began to think about division of the country into States on linguistic basis. But the division was put off for a long time on account of various circumstances. Now, in the end, people have come round to the idea of linguistic division. I am glad that this stage has been reached and that we have survived thirty long years. Gandhiji had been the uncrowned leader of the whole country. Barring Napoleon, there was nobody else who held sway over such a vast area for such a long period. Gandhiji carried on his campaign on his own principles and he gave us freedom. Freedom of language is the first thing he has given us. The second thing he has given us is discipline. We were not a disciplined people so long as the British were reigning here. But Gandhiji inculcated discipline in us. Anything that was done by him was done in a perfectly disciplined manner. Well, Sir, you are given the credit for maintaining discipline in this House. You imbibed that spirit of discipline from Mahatma Gandhi. Everyone of us—let alone his followers—everyone of the human population of India accepted his doctrine of discipline. It is that discipline that has enabled us to survive so long. Therefore, I should congratulate all the Members of this House on becoming disciplined people. But for that discipline, you would not have been able to maintain

30th July 1953]

[Sri T. Prakasam]

order in this House and no one would have been able to do anything. We have suffered and worked under most difficult circumstances as in a battle-field where soldiers are ranged against one another and firing against one another. That sort of discipline was maintained. In a country like this where there was no military organization and where there was no sword or rifle or revolver, could people have been organized like that? But that was demonstrated in this country. Did millions of people, when they were asked to go to jails, disobey the order? No, it was obeyed by the people. In that way, we have secured two things. One is the language facility and the second is discipline. We have succeeded in carving out a State. I should not say that we have succeeded in carving out a State. The Chief Minister has given us a warning. The Bill has to be passed at Delhi. Until then, we cannot say that we have formed the State. There is no doubt about it and I agree with the Chief Minister. Every inch of the ground has to be fought out. There are so many things that have to be done. That is why I say that I am in agreement with the Chief Minister when he says that the State has not yet been formed. The State has not been formed in the sense in which I wanted it to be formed. Even Pandit Nehru said that all the Telugu-speaking areas are to be brought together. We have passed a resolution here recommending the appointment of a Boundary Commission. A Boundary Commission has to be appointed. A Finance Commission has also to be appointed to go into the various aspects. Before all these are attended to, it is not right to say that the State has been formed. However, one thing must be said of Pandit Nehru. He is a man of impulse. Sometimes, he says something or acts in haste without understanding all the facts about conditions in the country. All these things cannot be completed before 1st October. Of course, Pandit Nehru has fixed the date as 1st October. Why did he fix that date? Because, something serious had happened in this country under his rulership. One man in the City of Madras, Sri Potti Sriramulu died after fasting for 58 days. After that event happened, Pandit Nehru decided to divide this State. He was waiting for all these things to happen. All these things have happened. The State is also being formed. All people have reconciled themselves on account of the tragic events and all of them co-operated without any difference of opinion. All of them pulled together and brought about this formation of the Andhra State. I must thank you, Sir, I must thank the Chief Minister and I must thank myself, for I happen to be here at this juncture. (Cheers.) All are accidents. There is no question about it. There is no doubt about it. Who could have managed all these things as Chief Minister except Sri Rajagopalachari, however much he was objected to in the beginning? Who could have made a non-Congress man, Mr. Manickavelu Naicker, as Revenue Minister of this Congress Government? Nobody else could have done it. Extraordinary events have happened. I am glad all these things have happened, because we are destined to learn by experience of all these things in the World. I am thankful to the Chief Minister. He spoke of my age. He

[Sri T. Prakasam]

[30th July 1953]

spoke of his age. He is six or seven years younger to me. People make a mistake in saying that I am 89. I am going to be 89 and I have no trouble about it at all. (Cheers.) Looking at the way in which God has given me strength to work with all friends here and get through business, I hope to live sufficiently longer. (Cheers.)

“ Sir, about you, what shall I say? I don't want to call you a great man and all that. I have known you for such a long time, even before you became Speaker here. I have known you, your heart and your mind. I do not wish to refer to the occasions on which you showed to the world that you are one of the best Speakers of the country. (Cheers.) It is rather easy for people to become Speakers and maintain their position but it is difficult to hold it with such distinction as you have done. Everyone has complimented you on that. I have put you to test on most difficult occasions in the past. On all those occasions, as Speaker, you have proved yourself to be above everything. I have to thank you for giving me this opportunity to tell the hon. Members of this House that there was absolutely no ill-will or ill-feeling between one section of the House and another. There may have been occasions when difference of opinion may have existed personally. But on no occasion there was ill-feeling or ill-will between Andhras and non-Andhras. On the other hand, it is they who have made this country, under the leadership of Gandhiji, what it is to-day. It is they who have maintained discipline and order and good feeling in the country. That is how we have come together, worked together and have agreed to separate under most critical and trying circumstances. I am glad that it has been left to my friend Sri Rajagopalachari to be here and guide us in all these matters till the end. I must congratulate him and all the Members of the residuary State without any distinction on the way in which they have managed to get through this Bill. It is not an easy joke to get through this Bill in the manner in which it has been done in this last session of this House under your guidance. Sir. I will not detain you any longer in this connection and this event is a matter of congratulation both to the Andhra and to the residuary State. I may tell you one thing. Andhras are not people who will carry ill-will or hatred towards anybody and they cannot and should not. So far as this so-called separation is concerned, it is not real separation. Mr. Nagan Gouda talked about separation. The Chief Minister, Mr. Rajagopalachari, talked about separation. If he says we are separating it is not that. He is committing a mistake. We are separating in order to live together hereafter. For the purpose of administration we are separating. But in the real sense, we are not; we are together and are bound up together and everything would go in an orderly manner, so far as the Andhras, Tamils, Malayalees and Kannadigas are concerned. All are together and there is nothing else happening and I am not a person who would feel sorry for the so-called separation. If we do it, it is for the sake of convenience. I am really proud of having worked here for such a long time. My friend opposite said it was a pleasure to work with the younger men. How will it be to me? How many generations have I seen! Three generations of young

4-20
p.m.

30th July 1953]

[Sri T. Prakasam]

men I have seen. When I go into the country and look at the eyes and faces of these young men I would feel very happy. There may be differences of opinion and views and all these things. But the real thing to be mentioned is that the whole country is beaming with life and these young men are very anxious that things should go on quickly. How are we to go swiftly? We are called upon to form the Andhra State. We had first the trouble about capital. Then the Bill came and we have survived all these. And now unless there is a feeling of goodwill and support of every one of you all, how can this State be formed? How can we have a stable government? You have witnessed, Sir, how in the thirty long years we were trained by that great leader to undergo trials. But now and then a little temptation arose and we fell easy victims. Now that is all over and to-day we are standing in the same place where we were standing a month ago but the circumstances have compelled certain friends to adopt different policies. We have to put up with all these and try to succeed as we have succeeded in the past. Sir, the few more weeks we have to work together are not free from troubles. Unless all of us forget our differences and come together, we cannot be expected to form a State with a stable administration. For that purpose, we want the support and good wishes of the Members of the residuary State, Mysore and other States also. We have to get through the troubles and we are hoping to do so.” (Cheers.)

MR. SPEAKER:—“ Before we disperse, I wish to remind you about the Party to which invitation has already been issued to hon. Members. I now personally invite all hon. Members. At 5-15 p.m. there is a group photo before Rajaji Hall. There will be a party at 5-30 p.m. which will be followed by a variety entertainment in Rajaji Hall at 6 p.m.

“ I desire to thank Rajaji and the Andhra Kesari for the kind words they have said about me to-day.

“ The House was constituted and met for the first time on 3rd May 1952 and since that time it has sat for 97 days including to-day. During these 97 days 32 Bills were passed. During all these days the House gave me full support and let me take this opportunity to thank all the Members, specially the Andhra Members and the Kannada Members who will be soon leaving us, for the support that they have given me. I am specially expressing my thanks to the Andhra and Kannada Members now because I will not have another opportunity to do so. The Andhra Members wished to have a State of their own and they have got it. Soon they will be confronted with the task of electing a Speaker for their Assembly. In this connexion, I wish to remind the Andhra Members of the advice used to be given by Kings of England to Members of the House of Commons when they go before him to take his permission to elect a Speaker. The Kings used to advise the Members: ‘ Go and assemble yourselves together and elect one, a discreet, wise and learned man to be your Speaker.’ This House

[Mr. Speaker]

[30th July 1953]

has built up great traditions and has a reputation for orderly conduct of business. I am confident that the Andhra Legislature will continue and even improve upon these traditions.

"During the debates in our House, there were hours of sunshine, and also of clouds and storm. Sometimes for a few seconds the House would lose its self-control but soon it would be brought to its senses by a rebuke from the Chair. The storms at times fierce, seldom lasted long and the incidents that caused them were immediately forgotten. No Member bore any grudge or ill-feeling or ill-will and there were no vituperations and virulent attacks. As soon as the Assembly work was finished the Members moved as if nothing had happened in the Assembly. So in this respect our Assembly must be considered as the best social club.

"Sometimes I spoke in a loud voice to bring a Member to a sense of his duties to this House and some of you would have been under the impression that I lost my temper at that time. Let me confess my anger was only a feigned anger.

"I shall be failing in my duty if I forget to make mention about the services rendered to the House by Mr. Nagi Reddi and Mr. T. Viswanatham. Mr. Nagi Reddi was the Leader of the Opposition for some days and then Mr. T. Viswanatham took his place. I am thankful to them for the help that they have rendered to me in discharging my duties.

"Among the Members that would leave us I must specially mention Sri Koti Reddi whom we consider as the 'Father of the House' and Sri Prakasam who is rightly called the Andhra Kesari. Once again I thank all the Members and especially the Andhra and Kannada Members who would leave us soon, for their courtesy and love shown towards the Chair.

"Before concluding, may I express the hope that the Legislatures of the two Sister States which are soon to separate from each other will do everything in their power to maintain the good relations which have always, during several decades, existed between the two States?

"I will not say good-bye now because I wish to see you all again and again here. So I wish to use a French word, *au revoir*.

"The House will now adjourn *sine die*."

The House then adjourned *sine die*.

APPENDIX II.

[Vide answer to starred question No. 1251 asked by Sri M. Veerabhadram at the meeting of the Legislative Assembly held on 30th July 1953 at page 1796 supra.]

G.O. No. 1755, Health, dated 16th May 1950.

The Surgeon-General is informed that the Government of India have recently introduced in Parliament, a Bill entitled "Labour Relations Bill" to replace the Industrial Disputes Act and the Industrial Employment (Standing Orders) Act of 1948, and to amend the Indian Trade Unions Act. This legislation will be of a comprehensive nature and will incorporate the provisions necessary to enable a distinction to be drawn between "Civil Servants" proper and "Industrial" Government employees and will also incorporate provisions setting right the other undesirable features in the existing labour legislation, e.g., the right of "Civil Servants" to go on strike, the raising of political funds by associations of civil servants, etc. Pending enactment of the above legislation, the Government have decided that the recognition of the unions of hospital workers should be deferred.

2. The Surgeon-General is requested to send a suitable reply to the Government Hospital Employees and General Workers' Union, and other unions, federations, etc.

APPENDIX III.

[Vide answer to starred question No. 1280 asked by Sri K. Krishna Rao at the meeting of the Legislative Assembly held on 30th July 1953 at page 1811 supra.]

G.O. Ms. No. 2432, Public (Elections), dated 13th October 1952.

The question has been raised whether action should be taken on petitions presented to Government officers by or through the Members of the Legislature on general or individual matters affecting their constituencies. The attention of all the Collectors and other Heads of Departments is in this connexion invited to G.O. Ms. No. 1748, Public (Elections), dated 21st October 1938, which runs as follows:—

A case has come to notice where a member of the Madras Legislative Council presented a petition on behalf of certain inhabitants in his constituency to the Collector of the district who declined to accept it for the reason that it was not presented by the party direct. No doubt the general rule is that petitions will be received only from principals. But the Government consider that it would help good administration if an easy relationship is established between district officers and the representatives of the people in the Legislature. They accordingly consider that representations made by members of the Legislature on behalf of and at the request of the people within their respective constituencies should be received by the district officers concerned.

[30th July 1953]

All officers are requested to follow this line with tact but pass orders with absolute regard to the merits of each case.

APPENDIX IV.

[Vide answer to starred question No. 1284 asked by Sri V. Chidamandam at the meeting of the Legislative Assembly held on 30th July 1954 at page 1814 supra.]

For the speedy disposal of loan applications, the Board of Revenue has been empowered to sanction and the Collectors have been authorized to employ, in anticipation of sanction, a Special Tahsildar for two months when the number of applications reaches 300 in one taluk. The post of Special Tahsildar for Loans in Sidhout taluk was abolished with effect from 14th September 1952 forenoon as the number of pending applications had come down to 150. Subsequently, the number of pending applications again rose to 333 owing to adverse seasonal conditions and a Special Tahsildar for Loans was employed in Sidhout taluk from 21st October 1952 to 20th December 1952. The post was not continued after 20th December 1952 as the number of pending applications then was only 156.

Rulings—

Adjournment Motion—It is for the Chair to fix the day when an adjournment motion should be taken up for discussion	350
--	-----

Bills—Amendments—

An amendment re location of the Andhra State capital was in order as the previous decision on this question has been arrived at only at a meeting of the Andhra Legislators which did not constitute a meeting of the Legislative Assembly	1389
--	------

Cabinet responsibility—

Action to be taken on resolutions carried against the Government—

It is not for the Speaker to give a ruling as to how the Government should act or to give advice to the Government as to what they should or should not do. If the hon. Member wants, he can bring in a censure motion	1787
--	------

Debate—

Decorum—

The proper course whenever members want to put supplementary questions is to stand in their places and not point their hands towards the Chair	1088
--	------

Sub-judice—

A matter is sub-judice only when it is before a court of law. The matter under enquiry by a Committee in regard to police firing at certain places is not sub-judice as the Committee was not going to give any judgment in the matter	844
--	-----

Privilege—

Imposition of restrictions on admission of visitors to Legislators' Hostel does not constitute a breach of privilege as they, being strangers, could not claim the privilege of members of the Legislature	598-602
