The House met in the Assembly Chamber, Government Estate, Mount Road, Madras, at eleven of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

I.—CONDOLENCE RESOLUTION.

MR. SPEAKER:—"It is my painful duty to announce to the House the death of the hon. Member Sri K. R. Narasa Raju."

THE HON. SRI C. SUBRAMANIAM:—"Mr. Speaker, Sir, I beg to move the following motion:—

'This House places on record its deep sense of sorrow at the demise of Sri K. R. Narasa Raju, late Member for Ramachandrapuram and conveys its deep sense of sympathy to the members of his bereaved family.'"

SRI P. RAMAMURTHI:—"Sir, I rise to associate myself with the sentiments expressed by the Hon. the Leader of the House in moving the resolution, and I support the resolution fully."

MR. SPEAKER:—"The motion is—

'This House places on record its deep sense of sorrow at the demise of Sri K. R. Narasa Raju, late Member for Ramachandrapuram and conveys its deep sense of sympathy to the members of his bereaved family.'

I request the Members to stand in their places for two minutes by way of passing the resolution and as a mark of respect to the deceased."

The resolution was carried *nem. con.* all the Members of the Assembly standing for two minutes.

II.—QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

Implementation of the Five-Year Plan and Community Projects in the State.

* 415 Q.—SRI S. VEMIAH: Will the Hon. the Chief Minister be pleased to state what subsidy has been sanctioned by the Government of India to this State to implement—

- (1) The Five-Year Plan; and
- (2) the Community Projects?

THE HON. SRI C. RAJAGOPALACHARI:—" (1) *The Five-year Plan.*—If the question is an enquiry regarding grants or subsidies it may be explained that the Government of India are not giving any subsidy for the Five-year Plan as such. The Five-year Plan is just an exposition of anticipated resources and projected expenditure. The Grow More Food

[14th July 1953]

Schemes which are entitled to the Central Grants are included in the Five-year Plan and so a part of the National Plan may be deemed to come within the scope of Government of India's grant. A sum of Rs. 102.6 lakhs was adjusted as a subsidy from the Government of India in 1951-52 towards the expenditure incurred by this Government on Grow More Food Schemes and other schemes forming part of the National Plan.

"(2) *The Community Projects.*—Rs. 3 lakhs for the year 1952-53."

SRI C. V. K. RAO:—"Will the Hon. the Chief Minister be pleased to tell us how much money out of the three lakhs of rupees granted to the Community Projects has been spent so far and how much has been spent usefully?"

THE HON. SRI C. RAJAGOPALACHARI:—"All the money that has been spent has been spent usefully. For further details I would like the hon. Member to put a separate question."

DR. K. B. MENON:—"Will it be convenient for the Madras Government to keep us informed of the way in which the Five-year Plan is being carried out from time to time? The only news we get is the scrappy news that appears in the newspapers from time to time."

THE HON. SRI C. RAJAGOPALACHARI:—"Progress report about the Five-year Plan, I take it, is what is wanted. The whole of the administration is practically a progress of the Five-year Plan and the hon. Members will be kept in touch with all that is done from time to time. But if the suggestion is that we should issue some kind of formal report to the House from time to time, we shall consider and try to do it."

Government Hospital, Anakapalle.

* 416 Q.—SRI C. V. K. RAO (on behalf of Sri K. Govinda Rao): Will the Hon. the Minister for Health be pleased to state whether there is any proposal to increase the number of beds and the staff working in the Government Hospital, Anakapalle, Visakhapatnam district?

THE HON. SRI A. B. SHETTY:—"The answer is in the negative."

SRI C. V. K. RAO:—"Will the Hon. the Minister tell us whether during his recent tour he visited the Government Hospital at Anakapalle?"

THE HON. SRI A. B. SHETTY:—"No, Sir."

[14th July 1953]

Number of women clerks in the Secretariat.

* 417 Q.—

MR. SPEAKER:—"The hon. Member Sri M. Rajeswara Rao, who gave notice of the question is not in his place. The question and answer will be printed in the proceedings."

SRI M. RAJESWARA RAO: Will the Hon. the Chief Minister be pleased to state—

(a) the number of women clerks working (i) in the Board of Revenue and (ii) the Madras Secretariat on 31st December 1952;

(b) how many of them are (i) Tamil-speaking and (ii) Telugu-speaking women; and

(c) the number of them belonging to (i) Scheduled Castes and (ii) Harijan Christians?

THE HON. SRI C. RAJAGOPALACHARI:—" (a) to (c) A statement * is laid on the table of the House."

Rural Water-supply Scheme.

* 418 Q.—SRI K. R. VISWANATHAN: Will the Hon. the Minister for Health be pleased to state—

(a) whether the Five-Year Programme of Rural Water-supply Scheme begun in 1948-49 will be extended for a further period of five years; and

(b) whether repairs to drinking-water tanks will be taken up under this scheme?

THE HON. SRI A. B. SHETTY:—" (a) This programme has been dovetailed with the Five-year Plan and will be in force up to the year 1955-56.

" (b) Generally, repairs to drinking water tanks which are not sources of protected water-supply, are not taken up under the Rural Water-supply Scheme. Local bodies are responsible for effecting the necessary repairs to wells handed over to them."

SRI K. R. VISWANATHAN:—"Sir, in view of the fact that in certain dry parts of the State no water could be found in wells sunk to a depth of even sixty to seventy feet, will the Government consider the advisability of revising the policy of subsidizing rural water-supply by digging wells? Will they consider the advisability of changing their policy to repair the drinking water tanks which are the only sources of drinking water in certain parts?"

THE HON. SRI A. B. SHETTY:—"The Government are paying out of State funds the amounts necessary for sinking new wells and for deepening the existing wells and the amount that has been paid in this way has increased from year to year since the scheme began."

[14th July 1953]

SRI K. R. VISWANATHAN :—" My question has not been answered, Sir."

MR. SPEAKER :—" I will allow the hon. Member to put the question again."

SRI P. RAMAMURTHI :—" The Hon. Minister said that in respect of tanks which have been handed over to the local bodies the Government have no responsibility. May I know, Sir, what the Government proposes to do to ensure drinking water-supply to the people in those cases where the local bodies do not carry out the necessary repairs for want of funds? "

THE HON. SRI A. B. SHETTY :—" I said the Government are paying from State funds the amounts necessary both for sinking new wells and for deepening existing wells. The responsibility for carrying out repairs to tanks handed over to local bodies rests with them."

SRI K. R. VISWANATHAN :—" Under the scheme of protected water-supply, the Government grant funds only to sink wells. There are places where even if you sink wells to a depth of sixty or more feet, you cannot find water. Unless there is water in the drinking water tanks in those places, the people will suffer. So, instead of granting money to dig wells, I would advise that the money should be given for repairing the tanks."

MR. SPEAKER :—" The hon. Member must put the question and not advise the Government."

SRI K. R. VISWANATHAN :—" I ask whether the Government will consider the advisability of changing their policy? "

THE HON. SRI A. B. SHETTY :—" This matter has to be considered."

Expenditure incurred on Republic Day Celebrations

* 419 Q.—SRI A. GOVINDASWAMY NAYAGAR (on behalf of Sri M. Kalyanasundaram) : Will the Hon. the Chief Minister be pleased to state the total amount of expenditure incurred by the Government in connection with the celebration of the Republic Day on 26th January 1953 in the City of Madras and in the districts?

11-10
a.m.

THE HON. SRI C. RAJAGOPALACHARI :—" Rs. 5,477 in Madras City and Rs. 2,554-4-0 in the districts."

• SRI A. GOVINDASWAMY NAYAGAR :—" இதில் மாணவோடிக் கைக்கு செலவு செய்யப்பட்ட தொகை எவ்வளவு என்பதை கனம் முதல் மந்திரி அவர்கள் சொல்லுவாரா? "

THE HON. SRI C. RAJAGOPALACHARI :—" இப்பொழுது நான் சொன்னதில் அது அடங்கி இருக்கிறது."

[14th July 1953]

~~Maintenance of Government registers~~
* 420 Q.—SRI S. VEMIAH : Will the Hon. the Minister for Finance be pleased to state—

(a) whether procurement registers are permanent records; and

(b) if not, for how long they will be kept before they are destroyed?

THE HON. SRI C. SUBRAMANIAM :—" (a) The answer is in the negative.

" (b) The registers will be destroyed after a period of five years."

SRI S. VEMIAH :—" Will the Government consider the desirability of keeping the registers permanently, in view of the fact that most of the ryots in non-Government villages taken over by the Government are involved in litigation? "

THE HON. SRI C. SUBRAMANIAM :—" This has nothing to do with settled or non-settled villages. The question is with reference to procurement registers."

Alleged closure of the Perintalmanna market premises.

* 421 Q.—SRI KUNHI MUHAMED SHAFEE : Will the Hon. the Minister for Local Administration be pleased to state—

(a) whether the Government have received any mass petition from the people of Perintalmanna complaining about the recent action of the President, District Board, Malabar, of keeping the Perintalmanna market premises under lock and key and if so, what action the Government have taken thereon;

(b) whether the Perintalmanna Panchayat Board has requested the Government to transfer the market from the District Board to the Panchayat Board; and

(c) if so, what orders the Government have passed thereon?

THE HON. SRI N. SANKARA REDDI :—" (a) No.

" (b) No representation has been received in writing from the panchayat. But during the inspection of the panchayat by the Inspector of Municipal Councils and Local Boards in November 1952, the panchayat represented to him to hand over the district board weekly market in the panchayat area to the panchayat or to permit the panchayat to locate its daily market within the district board weekly market premises.

" (c) Does not arise."

[14th July 1953]

Community Project works in South Kanara.

* 422 Q.—SRI N. N. SUVARNA: Will the Hon. the Chief Minister be pleased to state—

(a) how much has been spent so far by the Government from the fund allotted for the Community Project works in South Kanara and how much on the establishment by way of salaries and allowances; and

(b) whether the Government have sent instructions to the Collector, South Kanara, to exclude the M.L.As. concerned from the Project Advisory Executive Committee, and if not, will the Government direct the Collector concerned to include them?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) Rs. 45,330 up to the end of March 1953. Of this sum, Rs. 31,950 were spent on the establishment by way of pay and allowances. The large percentage of expenditure on establishment is due to the fact that the staff was engaged mainly on preliminary surveys and preparatory work during the half-year ending 31st March 1953 and very few works could then be taken up for execution. When the scheme comes to a close the percentage of expenditure on works will be far greater than that on staff. The provision in the Community Projects Administration Budget for staff is about 8 per cent of the total estimated expenditure in respect of a Project.

“(b) The answer to the first part is in the negative. As regards the second part, under existing orders the Project Executive Committee will have, in addition to the officials and the president, district board, four non-officials who are intimately concerned with the Community Project area and/or who are interested in social work in the district. As the executive committee is concerned only with implementation of plans approved by the advisory committee Government do not consider it necessary to alter the existing composition of the executive committee.”

Community Project Works at Samalkot.

* 423 Q.—SRI SAKA VENKATA RAO: Will the Hon. the Chief Minister be pleased to state—

(a) what works have begun in Community Projects Scheme at Samalkot in Kakinada taluk; how many coolies and staff are working; and

(b) for the inauguration of Community Projects at Samalkot, how much money was spent?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) & (b) No work has yet been undertaken in the area referred to. Some money was spent in printing invitations for the inauguration and nothing else as yet. The fact is that local subscriptions and collections cover most of the expenditure undertaken.”

[14th July 1953]

~~SRI SAKA VENKATA RAO:—“మన ప్రభుత్వం పన్ను వ్యయం చేసే చోట చూడండి. వచ్చేది రా.”~~

SRI C. V. K. RAO:—“The hon. Member Sri Saka Rao wants to know whether it is part of the duties of the Community Project Officer at Samalkot to perform child marriages.”

THE HON. SRI C. RAJAGOPALACHARI:—“I am sorry I am unable to catch the humour of it.”

SRI G. LATCHANNA:—“May I know how many people are employed in the Community Projects Scheme at Samalkot?”

THE HON. SRI C. RAJAGOPALACHARI:—“At the time the answer to this question was prepared, no work had been taken up. I am not able to give the answer to this supplementary question now. A separate question may be put if an answer is wanted.”

SRI T. VISWANATHAM:—“Has it come to the notice of the Government that the Community Project Officer at Samalkot has involved himself in some prosecutions for child marriages? That is the humour in the supplementary question put by Sri Saka Venkata Rao.”

THE HON. SRI C. RAJAGOPALACHARI:—“I did not know it. Due notice will be taken of such developments.”

SRI T. N. VENKATASUBBA REDDI:—“From the answer that the Hon. Chief Minister gave it is evident that very little has been done in the Community Projects.”

THE HON. SRI C. RAJAGOPALACHARI:—“It is not only an opinion but an incorrect opinion.”

(Sri T. N. Venkatasubba Reddi was still standing.)

MR. SPEAKER:—“As soon as the hon. Member has put a question, he must resume his seat.”

SRI T. N. VENKATASUBBA REDDI:—“I have not yet finished the question, Sir. From the figures given about the amount spent on the Community Project, I concluded that very little had been done. May I know why it is so?”

THE HON. SRI C. RAJAGOPALACHARI:—“The answer relating to this particular Community Project should not be applied to other Community Projects.”

“So far as this Community Project is concerned, I said that works were started for which most of the money required had been raised locally. Probably this is a better form of Community Project than simply spending doles received from other Governments. The construction of an open air theatre, the Thulyabhaga lift irrigation scheme estimated to cost Rs. 1,50,000, the Biccavolu Lingala Tank, lift irrigation scheme estimated to cost Rs. 20,000, construction of sheds for training centre for village guides—these schemes are in the

[14th July 1953]

Community Project last referred to. Out of the estimated cost of the Thulyabhaga lift irrigation scheme, a sum of Rs. 1,00,000 has been lent to the Electricity department by the Community Project Administration. The balance of Rs. 50,000 has been subscribed by the ryots concerned and the work is likely to take shape in course of time. No judgment should be passed about that Community Project at this stage. In other Community Projects, the work is totally different and a large amount of actual work has been done."

Procurement of paddy in Andhra districts.

* 424 Q.—SRI G. RAMA RAO: Will the Hon. the Minister for Finance be pleased to state—

(a) the quantity of paddy procured according to the Levy orders of Government in the Andhra districts this year;

(b) the quantity of paddy and rice sent to other districts from Andhra districts; and

(c) the stock-position of foodgrains (stock available with Government) for Andhra districts?

THE HON. SRI C. SUBRAMANIAM:—“(a) to (c) Statements are placed on the table of the House.”

SRI G. RAMA RAO:—“The figures given in the statement placed on the table relate to the period up to 29th March 1953. I do not know how much paddy was removed from the districts comprising the Northern Circars since then. At present the food position is very bad even in Krishna district which is one of the food-producing centres. The agricultural labourer is clamouring for food even to-day. The landlords are not releasing for sale the food stocks available with them, because they expect a higher price later on. Will the Government open fair price shops in all the villages of the Krishna district?”

THE HON. SRI C. SUBRAMANIAM:—“We are opening fair price shops wherever there is need.”

SRI K. GOVINDA RAO:—“Has it come to the notice of the Government that foodgrains have been exported from deficit districts like Visakhapatnam and that godowns have been emptied to the last grain?”

THE HON. SRI C. SUBRAMANIAM:—“I do not know what he means by exports. We have formed zones and the movement of paddy or rice within each zone is not controlled at all.”

MR. SPEAKER:—“I have placed fifty questions for to-day and I want to finish all the questions within the question hour.”

* Printed as Appendix II on pages 89-90 infra.

[14th July 1953]

SRI C. V. K. RAO:—“Sir, I would like you to put some more supplementary questions on this question concerning food.”

MR. SPEAKER:—“I have received answers for 720 questions. Probably this sitting will last only for fifteen days. I want to finish during this sitting all the questions for which answers have been received. To-day I have placed fifty questions and I want to finish them within the question hour.”

SRI K. RAJAGOPALA RAO:—“On a point of order, Sir. We quite understand your difficulty in conducting the proceedings. At the same time you must allow us to put some more supplementary questions, because this is an important question.”

MR. SPEAKER:—“The Speaker knows his duty.”

SRI P. RAMAMURTHI:—“Sir, I would like to offer an explanation. It is not at all the intention of anybody here to question the discretion of the Speaker. But it is necessary to bring to the notice of the Speaker certain questions which we consider are of great importance and on which we feel that sufficient supplementary questions must be allowed so that public attention may be rivetted on those questions. It is from this point of view that the hon. Member who spoke previously appealed to you and I request you to allow more supplementary questions when such questions come up before the House.”

Number of unemployed persons registered at the Employment Exchanges.

* 425 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Industries and Labour be pleased to state—

(c) It is not possible for the Government to provide employment to such a large number of unemployed people. However the Government have set up Employment Exchanges in each district for assisting employment seekers to get employment either under Government or in private institutions. The Government have also issued instructions that all recruitment should, as far as possible, be made through the Employment Exchanges for appointment in Government services which are outside the purview of the Madras Public Service Commission."

SRI K. KRISHNA RAO :—" In view of the fact, Sir, that the Employment Exchanges have not been able to solve the problem of providing employment for a large number of educated people, may I know what the Government have done to provide alternative agencies for providing employment to a large number of unemployed people educated in technical, arts, and other subjects? "

THE HON. DR. U. KRISHNA RAO :—" Sir, I am not prepared to say that the Employment Exchanges have not done good work and have not succeeded in securing employment to a large number of graduates and others. So far as the second part of the question is concerned, I say that the Government expect the co-operation of all individuals and associations in seeking the help of the Employment Exchanges in solving the unemployment problem."

SRI T. NAGI REDDI :—" May I know, Sir, the percentage of employment that has been given to the unemployed people who have applied to the Employment Exchanges? May I also know, if the percentage is small, whether the Government would be able to take further steps in the matter? "

THE HON. DR. U. KRISHNA RAO :—" Notice."

SRI P. RAMAMURTHI :—" Sir, in view of the fact that these Employment Exchanges cannot create employment and they can only exchange employments wherever available, and in view of the

fact that the total volume of employment is gradually dwindling, may I know what the Government propose to do to solve the problem of growing mass unemployment not only among the educated people but also among other sections of the people? "

THE HON. DR. U. KRISHNA RAO :—" With due deference to the Leader of the Opposition, I submit that this question does not arise out of the main question. But still I can say that the Government of India have appointed a committee presided over by Sri Siva Rao who is going into the question of Employment Exchanges and how best to improve them or alter them, etc."

SRI P. RAMAMURTHI :—" Sir, my question was addressed to this Government. I know that the Government of India have appointed a committee, and we do not know what that committee is going to do. I would like to know what this Government propose to do to tackle the growing mass unemployment."

THE HON. DR. U. KRISHNA RAO :—" As I have already answered Sri Krishna Rao, may I appeal to the public and the employers through the Leader of the Opposition to go and seek the help of the Employment Exchange for giving employment to the unemployed? "

SRI T. VISWANATHAM :—" Will it be possible, Sir, for the Government to increase the number of these exchanges to absorb the unemployed graduates? " (Laughter.)

THE HON. DR. U. KRISHNA RAO :—" Employment Exchanges are really creations of the Government of India. I shall pass on to them the valuable suggestion of the hon. Member."

SRI G. LATCHANNA :—" May I know, Sir, whether the Government have got any information regarding the number of registered unemployed Burma evacuees and dependents in the Srikakulam and Visakhapatnam districts? "

THE HON. DR. U. KRISHNA RAO :—" I shall answer if a separate question is put."

SRI P. RAMAMURTHI :—" Sir, the Hon. Minister made an appeal to the public to seek the help of the Employment Exchanges for getting employment. Am I to understand that Government are of the opinion that people are not getting employment because they do not go to Employment Exchanges? "

THE HON. DR. U. KRISHNA RAO :—" No, Sir, I did not mean to say that. I said that the Government were trying their best to get unemployed people employment either through the Public Service Commission or through the Employment Exchange. Sometimes employers do not accept the recommendation of the Employment Exchange. It is up to my friends to convert those employers and see that they go to the Employment Exchange for getting the men they require."

*Representations from the Tiruchi-Srirangam
Municipal Workers' Union.*

* 426 Q.—SRI M. KALYANASUNDARAM: Will the Hon. the Minister for Health be pleased to state—

(a) whether any representations were made to the Government on behalf of the Tiruchi-Srirangam Municipal Workers' Union for the reinstatement of municipal workers acquitted in what is known as the Tiruchi Conspiracy Case; and

(b) if so, what action the Government propose to take in the matter?

THE HON. SRI A. B. SHETTY :—“(a) A representation was received from the Secretary, Tiruchirapalli-Srirangam Municipal Employees Association, for the reinstatement of the dismissed workers including the 25 workers who were involved in the conspiracy case.

“(b) On enquiry the Government understand that every effort is being made by the municipal authorities to absorb suitable persons from among the dismissed workers.”

SRI M. KALYANASUNDARAM :—“There are only 50 or 60 workers still to be reinstated. But ever since they were released no single person has been reinstated, and I am unable to understand the meaning of saying that every effort is being made to reinstate suitable persons. Does it mean that even a single worker has not been found suitable?”

THE HON. SRI A. B. SHETTY :—“Out of these, 115 workers 40 have been reabsorbed on a permanent basis and 6 on a temporary basis. The difficulty of the municipal council is that they have not got sufficient finances to create additional posts which are certainly very necessary. As and when additional posts are sanctioned, the claims of the rest of the dismissed workers would be taken into consideration, and they will be appointed.

SRI A. RAMASAMY THEVAR :—“Sir, are the Government aware of the fact that almost all municipal workers in the Tiruchirapalli Municipality who had been dismissed, have been reinstated as and when vacancies arose?”

THE HON. SRI A. B. SHETTY :—“Yes, Sir, nearly half of them have so far been reinstated.”

SRI P. RAMAMURTHI :—“Sir, if a Government servant is involved in a case and is acquitted of the charge against him, then he is automatically reinstated, because he is found to be innocent. I want to know whether the Government propose to follow a different criterion in respect of workers simply because they happen to be manual workers. What is the delay in getting these people reinstated, who have been proved absolutely innocent of the charges on which they were prosecuted?”

[14th July 1953]

THE HON. SRI A. B. SHETTY :—“I presume, Sir, that when these people went on a lightning strike (Sri P. Ramamurthi: ‘No.’), certain people had to be employed in their place, and it is not possible to send them away and employ others.”

SRI P. RAMAMURTHI :—“The question is not about people who have been dismissed because of any lightning strike. The question is about those workers who were dismissed because they were involved in what is known as the Tiruchi Conspiracy case. As it is now clearly proved that those workers were absolutely innocent, do the Government propose to see that the Municipality reinstate them all immediately with back pay for the period during which they were not in service?”

THE HON. SRI A. B. SHETTY :—“Only 25 people were involved in the conspiracy case, and the rest are those who were dismissed on account of their going on strike.”

*Compensation to the families of the victims of the police firing in
December 1952 in Nellore.*

* 477 Q.—SRI B. SANKARAYYA (on behalf of Sri G. Yelamanda Reddi: Will the Hon. the Chief Minister be pleased to state whether the Government propose to give compensation to the families of the victims of the police firing in December 1952 in Nellore,

THE HON. SRI C. RAJAGOPALACHARI :—“Hon. Members are aware of the large-scale disturbances that occurred during the time referred to and the unfortunate need for the steps taken for putting down the disturbances.”

“Although there is no liability to pay compensation to the families of persons affected on the occasion of the police firing for the maintenance of Law and Order, Government will consider the question of granting an ex-gratia payment if any deserving case is brought to their notice.”

SRI K. GOVINDA RAO :—“Sir, will the Government extend the consideration to other places where similar firings have taken place, e.g., Anakapalle and Tadepalligudem?”

THE HON. SRI C. RAJAGOPALACHARI :—“I have answered the question in respect of all those cases.”

SRI C. V. K. RAO :—“Will the Government stop killing people by firing and thus avoid questions of compensation cropping up in this fashion?”

MR. SPEAKER :—“It is an insinuation against the Government.”

Cases booked under the Trade Disputes Act.

* 428 Q.—SRI K. GOVINDA RAO : Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether any of the industrialists in our State refused to implement the awards passed by the Labour Tribunals during the year 1952-53; and

(b) if so, how many were brought to book under the Trade Disputes Act for refusal to implement the awards in 1952-53?

THE HON. DR. U. KRISHNA RAO :—“(a) Yes, Sir.

11-30
a.m

“(b) Necessary action has been taken under the Industrial Disputes Act against twelve managements for refusal to implement the awards in 1952-53. Some have been prosecuted; in some recovery of amounts has been ordered; in some delay has occurred in taking action owing to appeals having been filed by the managements in the appropriate Courts.”

SRI K. GOVINDA RAO :—“Will the Hon. Minister give the correct figure relating to such managements?”

THE HON. DR. U. KRISHNA RAO :—“I said that we took action against twelve managements. I shall read out their names, Sir. They are as follows :—

Beedi and Cigar factories in Chirakkal taluk,

Five Cinema Houses in Mangalore, South Kanara,

Mampuram Tile and Clay Works, Tirurangadi, Malabar district,

Messrs. G. N. Chakrapani and Sons, Limited, Madurai,

Messrs. Murugan Dress Manufacturing Company, Madurai,

Indian Metal and Metallurgical Corporation, Mettur Dam,

Thirty-two textile mills in Coimbatore,

Messrs. Mohamadaya Restaurant, Madras,

Messrs. Lakshmi Engineering Works, Madras.

Messrs. Holms and Company, Madras,

Messrs. Lakshmi Talkies, Madras, and

Eleven Cinema Houses in Salem.”

SRI K. P. GOPALAN :—“May I know why the Government delay in taking action against the managements who are not prepared to implement the awards? Is it the policy of the Government to help the management in delaying the implementation of the awards? I can give so any instances in Malabar where such delay has taken place.”

THE HON. DR. U. KRISHNA RAO :—“It is not the policy of the Government to help the managements in this respect. So far as I am aware, there is no delay in prosecuting those who do not implement the awards.”

[14th July 1953]

SRI M. VEERABHADRAM :—“Arising out of the answer given by the Hon. Minister, may I know whether proceedings under section 29 of the Industrial Disputes Act were instituted in any case where the employers refused to implement the awards of the Tribunals?”

THE HON. DR. U. KRISHNA RAO :—“As I said, we have taken action and there have been a number of prosecutions. Sometimes delay has taken place in the matter of recovery because money is not available immediately. The properties are either in the name of somebody else or are not available at the moment. Therefore, there is some delay.”

SRI P. RAMAMURTHI :—“May I know the result in respect of those cases where prosecution has actually been launched by the Government?”

THE HON. DR. U. KRISHNA RAO :—“Yes, Sir.

Beedi and Cigar factories in Chirakkal taluk, Malabar district. The managements filed applications in the High Court, Madras, for quashing the order of the Industrial Tribunal. The High Court dismissed the application and confirmed the Industrial Tribunal's award. Action for recovery of amounts due to workers is being taken.

Five Cinema Houses in Mangalore, South Kanara. The question of prosecution of the managements is under consideration.

Mampuram Tile and Clay works, Tirurangadi, Malabar district. The management filed an appeal against the Industrial Tribunal's award to the Labour Appellate Tribunal who dismissed the appeal and confirmed the award. Action is being taken for the prosecution of the management.

Messrs. G. N. Chakrapani & Sons, Limited (Engineering Works), Madurai. The management have filed an appeal against the award before the Labour Appellate Tribunal whose decision is awaited.

Messrs. Murugan Dress Manufacturing Company, Madurai. Amount due to workers under the award has been recovered.

Indian Metal and Metallurgical Corporation, Mettur Dam. There has been change of management. Legal position of the lessee who is running the concern now is under consideration.

Thirty-two textile mills in Coimbatore. The managements of 16 mills have not implemented the award and action to recover the amount due to workers is being taken. The question whether prosecution should be launched against them is also under consideration.

Messrs. Mohamadaya Restaurant, Madras. Prosecution was sanctioned and the accused was convicted and fined Rs. 50.

Messrs. Lakshmi Engineering Works, Madras. The management was prosecuted and the recovery of amount due to workers was ordered.

Messrs. Holms & Co., Madras. The management was prosecuted. The recovery of amount due to workers was also ordered.

Messrs. Lakshmi Talkies, Madras. Action is being taken for the prosecution of the management and for recovery of amounts due to workers.

Eleven Cinema Houses in Salem. The Collector of Salem has been asked to recover the amounts due to the workers from the employers under the award.

[14th July 1953]

SRI P. RAMAMURTHI :—" From the long list of the cases that the Hon. Minister has read out to us, it is apparent that prosecution has been launched against only one individual and that in respect of the others, the question of launching prosecution is still under the active consideration of the Government. May I know how long this question has been under the consideration of the Government? "

THE HON. DR. U. KRISHNA RAO :—" I want notice because I have to get some more details."

SRI P. RAMAMURTHI :—" Do the Government think that the imposition of a fine of Rs. 50 on a management which refuses to implement an award involving thousands of rupees due to the workers is adequate punishment for the offence? "

THE HON. DR. U. KRISHNA RAO :—" The hon. the Leader of the Opposition knows that the Government cannot dictate to the Magistrate what exactly should be the penalty."

SRI P. RAMAMURTHI :—" Do the Government propose to amend the law to see that drastic punishment is meted out to people who do not implement the awards? "

THE HON. SRI C. RAJAGOPALACHARI :—" Even then we cannot ask the Magistrate to give a particular punishment."

Water-supply Schemes.

* 429 Q.—SRI G. RAMA RAO : Will the Hon. the Minister for Health be pleased to state whether the Government are taking any and if so, what steps to relieve the acute water scarcity which exists in several towns and villages of this State and to keep themselves in touch with the situation in the various parts of the State regarding the availability of drinking-water therein?

THE HON. SRI A. B. SHETTY :—" A statement * is placed on the table of the House."

SRI G. RAMA RAO :—" It has been said that there is scarcity of drinking water in almost all the taluks in the State. In Krishna district alone all the wells are dry. The officials have been saying that they have no funds available with them to dig wells. May I know the reason for the delay in providing the officials with the requisite funds? "

THE HON. SRI A. B. SHETTY :—" I am not able to understand with regard to which particular place the hon. Member is putting this question."

SRI G. RAMA RAO :—" In the months of May and June last just when there was no water in the wells, the officials were saying that they had no funds with them to dig wells. Why was this delay made by the Government in providing funds for this important work? "

[14th July 1953]

THE HON. SRI A. B. SHETTY :—" If the hon. Member wants information about any particular place, he may please put a separate question."

SRI G. LATCHANNA :—" Is it a fact that the Government have issued a circular to all district and other authorities to the effect that they can stop digging of wells which are included in the rural water-supply schema? "

THE HON. SRI A. B. SHETTY :—" No, Sir. The work is being done in all places in accordance with the programme drawn up for the purpose."

Accommodation to the M.R.A. Team in Legislators' Hostel.

* 480 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Public Works be pleased to state whether the Legislators' Hostel was rented to the delegates to the Moral Rearmament Conference and to the delegates of the Indian Roads Congress, and if so, the rate of rent per day per room collected from those occupants and the total amount of money received by the Government?

THE HON. SRI N. RANGA REDDI :—" The Legislators' Hostels were occupied by the Members of the Moral Rearmament Team from 20th January 1953 to 6th February 1953 and the delegates to the 17th Session of Indian Roads Congress from 6th February to 15th February 1953. Rent of Rs. 3 per head per day was collected from the members of the Moral Rearmament Team and from the delegates to the Indian Roads Congress. For delegates to the Road Congress who occupied rooms in the new Hostel a charge of Rs. 4 per day per head was made. The total amount collected was Rs. 10,100, Rs. 7,572 from the Moral Rearmament Team and Rs. 2,528 from the members of the Roads Congress."

SRI K. P. GOPALAN :—" Since the Government have charged less for the Americans and more for the delegates to the Indian Roads Congress, may I know whether it is their policy to give imperial preference to the Americans? "

THE HON. SRI N. RANGA REDDI :—" We did not consider the fact that they were Americans. We considered the kind and utility of the work they were doing and we charged less."

SRI T. VISWANATHAM :—" May I know whether it was quite moral to collect rent from the delegates to the Moral Rearmament Conference? " (Laughter.)

Accommodation to the M.R.A. Team in the Legislators' Hostel.

[14th July 1958]

Madras, were rented to members of the Moral Rearmament Association during the interval between this session of the Assembly and the last one, and if so, what the rent collected per head per room was?

THE HON. SRI N. RANGA REDDI :—“ Attention is invited to answer to starred question No. 430.”

SRI T. C. NARAYANA NAMBIAR :—“ How is it that a hostel intended exclusively for the M.L.As. is being let out on rent to others? Is there any policy in regard to it? Will it be given on rent to anybody or any association without discrimination and without considering whether the persons concerned are social elements or unsocial elements? ”

THE HON. SRI N. RANGA REDDI :—“ During non-session days, these rooms are let out to Government servants and people who are considered fit to occupy these rooms, and not to all people.”

(c) the steps taken by Government subsequent to 31st October 1952 to control the situation?

THE HON. SRI C. RAJAGOPALACHARI :—“ (a) & (b) The hon. Member is aware of the fact that on 7th November 1952 I made a statement in the Assembly relating to Payyoli. My statement covered the period between 26th October 1952 and 1st November 1952.

“ Since then Government have received reports that two houses were set fire to by some unknown persons. One of these houses belonged to a Muslim who is alleged to be concerned in an incident in which Kannan, a vakil's clerk, was stabbed to death on 31st October 1952. The other house belonged to his relation. Both houses were unoccupied.

“ (c) All necessary preventive measures have been taken. Security proceedings have also been instituted against some persons in the same connexion. Detachments of the Armed Reserve of the Malabar Special Police were moved into the area and vigorous patrolling undertaken. Hindu and Muslim leaders and efforts were made to re-establish cordiality between the two communities. There are prosecutions connected with these incidents and the cases are sub judice.

“ This answer was prepared some time ago. Since then, two persons have been sentenced to death and five persons for transportation for life.”

MR. SPEAKER :—“ I wish to know from the Hon. Chief Minister whether the cases are before the Court now.”

THE HON. SRI C. RAJAGOPALACHARI :—“ These cases were before the Sessions Judge. But since the answer to this question was prepared, sentences have been given and the cases have been closed. (After a pause.) All these murder cases have to be referred to the High Court as they involve death sentences and so they are pending.”

SRI M. NARAYANA KURUP :—“ In the statement just now referred to by the Hon. the Chief Minister, he said that the conduct of certain police officials who were then in charge has been taken serious notice of by the Government. May I know whether the Government have taken any action in pursuance of that notice? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Departmental action has been taken in connexion with lapses on the part of the police.”

(b) if so, why certificates have not been issued to the passed candidates, even though they have remitted the prescribed fees?

THE HON. SRI A. B. SHETTY :—“ (a) & (b) There was no Qualified Compounders' Test in August 1950; but examinations for compounders were held in June and October 1950. Certificates have been issued to all the passed candidates.”

SRI T. C. NARAYANA NAMBIAR :—“ May I know how many of those who were awarded these certificates have been employed so far? ”

THE HON. SRI A. B. SHETTY :—“ All of them are eligible for appointment in State hospitals. To the extent there are vacancies, they will be employed.”

SRI A. APPU :—“ These candidates did not get their certificates even after two years. May I know the reason for the delay in issuing these certificates? ”

[14th July 1958]

THE HON. SRI A. B. SHETTY :—" According to my information, certificates have been issued to all the passed candidates "

Hons. graduates in B.Com. are eligible for appointment as Assistant Lecturers and Lecturers in 'Commerce' and to administrative posts in the Madras Educational Service."

SRI V. RAMA RAO :—" May I know whether it is a fact that some distinction is made between a B.Sc. and other graduates and a B.Com. graduate in the Educational Service? "

THE HON. DR. M. V. KRISHNA RAO :—" There is no distinction except that a B.Com. graduate is expected to teach English, Geography, Commercial Subjects and other subjects in which he has got training."

THE HON. SRI C. RAJAGOPALACHARI :—" All the papers have been laid on the table of the House. If the hon. Member wants to raise any point, he may write to me and I will give the information. Or, he may put a question."

SRI R. V. SWAMINATHAN :—" In the paper laid on the table of the House, under item (ii), it is said that a list of Backward Classes is enclosed. I hear that certain communities have been removed from this list. I want to know which are the communities that are found in the existing list, but are removed from the list mentioned in the paper, under item (ii)? "

THE HON. SRI C. RAJAGOPALACHARI :—" As I understand, the question it is very vague. If the hon. Member will let me know to what communities he refers, i.e., the names of communities that are alleged to have been removed from the new list, I shall be able to enquire and answer."

SRI R. V. SWAMINATHAN :—" I think there are about 155 or 157 communities in the existing list. But I hear that two or three communities have been removed from the new list. I want to have a specific answer from the Hon. Chief Minister whether it is a fact or not."

[14th July 1949]

THE HON. SRI C. RAJAGOPALACHARI :—“ The hon. Member says, he ‘hears’. But let me learn from him what those two or three communities that he refers to are. Then I will make proper enquiries and give accurate answers.”

SRI S. DELVASIGAMANY :—“ Is there any proposal to raise the salary of these teachers, Sir?”

THE HON. DR. M. V. KRISHNA RAO :—“ There were proposals under consideration, but, in view of the extreme financial stringency, revision was not possible.”

SRI SAKA VENKATA RAO :—“ నానా విద్యార్థులు 11-50 అయితే టీచర్లు ఏకైకమునకు ప్రభుత్వం రెండువేలకుమారులు. ఏదీ అవుతుంది? వారి జీతాలను ముక్కునా ఉంచుకోండి?”

THE HON. DR. M. V. KRISHNA RAO :—“ ఆ విషయం నానా విద్యార్థులది.”

SRI S. RAMALINGAM :—“ When do the Government expect their financial position to improve to enable them to increase the salaries of teachers?”

THE HON. DR. M. V. KRISHNA RAO :—“ It is not an exactly predictable affair.”

SRI K. VINAYAKAM :—“ With the advent of the new educational scheme, the elementary school teacher is made to work six hours a day instead of five hours he was doing in the past. Will the Government, therefore, consider the question of increasing the emoluments of the elementary school teachers in consideration of the increased number of hours they are required to work?”

THE HON. DR. M. V. KRISHNA RAO :—“ I have stated on many occasions that the question of increasing the emoluments of elementary school teachers is under continuous and anxious consideration but that only financial stringency stands in the way. In view of the changes now being made, the matter will receive particular attention.”

THE HON. SRI A. B. SHETTY:—“Khadi cloth is purchased for use in hospitals.”

SRI VAVILALA GOPALAKRISHNAIAH:—“Handloom ఎంత కొన్నారు? Handloom ఎంత కొన్నారు? ఏదేశాన్ని కొంత కొన్నారు? ఏదేశాన్ని కొంత కొన్నారు? ఏదేశాన్ని కొంత కొన్నారు? ఏదేశాన్ని కొంత కొన్నారు?”

Production of rice and millets in Madras State.

* 442 Q.—SRI S. RAMALINGAM: Will the Hon. the Minister for Finance be pleased to state—

“(b) Rice.—The Government of India have promised to supply about 2½ lakhs tons of rice to this State under the basic plan for the current year. Out of this quota, they have indicated that about ¼ will be supplied from the surplus States in India and the remaining ¾ from overseas sources.

As regards millets, the Government of India have been requested to supply 5 lakhs tons of millets for 1953 including 1 lakh tons of overseas milo. They have promised that they will endeavour to meet our requirements within the over-all availabilities.”

[14th July 1953]

SRI S. RAMALINGAM:—“In spite of the existing food position in the State, prices of paddy and rice have risen abnormally in the recent past. What is the action the Government have taken to check this?”

THE HON. SRI C. SUBRAMANIAM:—“I do not think that prices of paddy and rice have risen abnormally in the recent past. There was a tendency for prices to rise in the hon. Member's district and he knows the steps we have taken to put down the rice. Prices have come down to a considerable extent now.”

SRI C. KANDASWAMI:—“May I know whether production has increased over last year's; and if so, by how much?”

THE HON. SRI C. SUBRAMANIAM:—“In 1951-52, the estimated production was 4,174,000 tons. So, there has been a decrease.”

SRI R. SIDDANNA GOWD:—“Has Madras State attained self-sufficiency in millets?”

THE HON. SRI C. SUBRAMANIAM:—“‘Madras State’ is a very indefinite term in view of the impending partition.”

SRI K. C. GOPALAN UNNI:—“My district is one where the prices of rice have risen abnormally. What are the steps proposed to be taken to bring them down?”

THE HON. SRI C. SUBRAMANIAM:—“I know his district of Malabar. The present position is that seven ounces of rice continue to be supplied to the people and there can be no room for complaint.”

THE HON. SRI C. SUBRAMANIAM:—“We have instructed the Collector to open fair-price shops wherever necessary.”

SRI C. V. K. RAO:—“The Hon. the Minister was pleased to state that ‘Madras State’ was an indefinite term when he replied to one of the questions on food. May I know whether he has any partiality for any particular part of the State in matters pertaining to food?”

SRI P. RAMAMURTHI:—“The Hon. the Minister said that prices of paddy and rice have come down considerably. Will he tell us what was the price previously, by how much it went up and by how much it has come down?”

THE HON. SRI C. SUBRAMANIAM:—“Rice was selling in Tanjore at Rs. 1-4-0 per Madras measure. It has been brought down to one rupee.”

SRI G. LATCHANNA :—“ Are the Government prepared to reduce the retail sale price of rice sold at the fair-price shops? ”

THE HON. SRI C. SUBRAMANIAM :—“ We have reduced it recently.”

SRI P. RAMAMURTHI :—“ Am I to take it that the Minister does not know the prevailing prices of rice in the various parts of the State; and if so, how does he say that prices have come down? ”

THE HON. SRI C. SUBRAMANIAM :—“ When I say prices have come down, it does not mean that I must give figures in respect of each taluk and each town.”

SRI P. PUNDARIKAKSHACHARYULU :—“ Will the Government appoint an expert committee to enquire into and check the fall in production in spite of the Government spending lots of money on Grow More Food and other schemes? ”

THE HON. SRI C. SUBRAMANIAM :—“ It is quite evident that the fall in production is due to drought conditions. Now we are having normal rains and production will go up.”

SRI R. SIDDANNA GOUD :—“ In view of the prices going up, will the Government consider the question of starting fair-price shops in every district? ”

SRI R. V. SWAMINATHAN:—“On a point of order. Mr. Speaker, whenever there is a change in the Cabinet, the Hon. the Chief Minister used to come and tell the House as to who has been taken in the Cabinet and what is his portfolio. This procedure does

[14th July 1953]

not appear to have been followed to-day. I see on the Treasury Benches, the hon. Member Sri T. Prakasam, the former Chief Minister. May I know whether he has been taken into the Cabinet, which we would all welcome? May I know whether it is a fact that he has been included in the Cabinet?”

MR. SPEAKER:—“Is it a point of order?”

SRI C. V. K. RAO:—“On a point of order, Sir.”

MR. SPEAKER:—“Is it a point of order to the point of order raised by the hon. Member?”

THE HON. SRI C. RAJAGOPALACHARI:—“Mr. Speaker, Sir, necessary information will be given in due course.”

(Laughter.)
SRI C. V. K. RAO:—“Mr. Speaker, Sir, I would like to know if comfortable arrangements could be made as far as sitting accommodation is concerned for the too old gentleman now adorning the Treasury Benches.”

MR. SPEAKER:—“It is not a point of order.”

SRI S. RAMALINGAM:—“Sir, on a point of information, Sir.”

MR. SPEAKER:—“Let him come to my Chamber. He can get the information.”

SRI S. RAMALINGAM:—“Some paper has been laid on my table and I do not know what it is. It is printed in Hindi.”

[Note.—An asterisk (*) at the commencement of a speech indicates revision by the Member.]

III.—ADJOURNMENT MOTION RE THE ARREST OF SRI C. N. ANNADURAI AND FOUR OTHERS.

MR. SPEAKER:—“I have received a number of adjournment motions to discuss matters of urgent public importance. There is a motion given notice of by the hon. Member Sri P. Rangasamy Reddiar. The motion is—

“That the business of the House be adjourned to discuss a definite matter of urgent public importance, namely:—
“the arrest of Sri C. N. Annadurai and four others belonging to the Dravidian Progressive Federation on 13th July 1953 without any justifiable cause.”

“I would like to know from the hon. Member how this comes under the rules regarding adjournment motions and how it is urgent and of public importance?”

* SRI P. RANGASWAMI REDDIAR:—“Mr. Speaker, Sir, only yesterday evening, Mr. C. N. Annadurai and four others of the Dravidian Progressive Federation were arrested at about

[Sri P. Rangaswami Reddiar] [14th July 1953]

7-15 p.m. They were to stage a demonstration before the Hon. the Chief Minister's house in order to show their protest and the protest of the people.

MR. SPEAKER:—"How does this motion come under the rules? It relates to the day-to-day administration of Government."

* SRI P. RANGASWAMI REDDIAR:—"Arrests are not day-to-day occurrences."

MR. SPEAKER:—"Is it the intention of the hon. Member that nobody could be arrested by Government and that if arrested, motions could be brought in that so and so should not be arrested?"

* SRI P. RANGASWAMI REDDIAR:—"It is not that, Sir. Arrests are not day-to-day occurrences and this kind of arrest is not part of the daily administration of the Government. Those arrested wanted to stage some demonstration before the Hon. the Chief Minister's house peacefully, and within their legitimate rights. Before the demonstration was staged, they were arrested yesterday itself and it has created some sensation."

MR. SPEAKER:—"Can he not go to the Court? Is this House a court? If he has been arrested in violation of any law, he can go to court and get redress."

* SRI P. RANGASWAMI REDDIAR:—"Sir, the whole question is this. They were not allowed to stage the demonstration to-day. Even yesterday itself they were arrested."

MR. SPEAKER:—"But there is another way and they can get redress through a court. The Leader of the Opposition wants to say something. Let me know what he has to say."

* SRI P. RAMAMURTHI:—"Mr. Speaker, Sir, it is not a question whether a particular individual has a right to go to a court or not. The question raised now is one which is exercising the mind of the public. It is not an ordinary arrest. And since it is a matter involving the interest of the public at large."

MR. SPEAKER:—"Is this a court to go into the merits of the question?"

SRI P. RAMAMURTHI:—"This House is not a court but this House has certainly got a right, I feel, to go into the question of the policy of the Government behind this action, behind this kind of arrest. It is an arrest for no disobedience of any law which has been enforced but an arrest on the basis of an apprehension that somebody may at some time do something which may be against the law thus depriving the liberty of the person. Under these circumstances this is a question on which this House has a right to exercise its powers and express its views. The motion seeks to discuss the whole policy of the Government, the policy of repression directed against any attempt to protest against the policies of the Government promulgated without consulting the House . . ."

24th July 1953]

MR. SPEAKER:—"If it is intended to discuss the policy of the Government, let the hon. Member bring in a separate motion for discussing the policy of the Government and censuring them."

P. RAMAMURTHI:—"This covers certain other things also. It is a question of repression of the people by the Government taking away the fundamental rights of the ordinary people of this country who want to make some sort of protest against the policy of the Government and who want to exercise their right of protest against such policy. This is thwarted by the action of the Government. This is a question which touches the interest of the public at large, the right to protest. The Government are trying to completely scotch the very right. This is what is at stake. Therefore, I feel that this question must be discussed and it must be allowed."

MR. SPEAKER:—"Now I want to give my ruling straightway . . ."

* SRI S. DEIVASIGAMANY:—"I have also given notice of a motion on the same lines."

MR. SPEAKER:—"Yes, the hon. Member has also given notice of a similar motion. The motion is—

"That the business of the House be adjourned to discuss a definite matter of urgent public importance, namely:—

"the gravity of the situation arising out of the arrest and detention of Sri C. N. Annadurai and other leaders of the Dravidian Progressive Federation . . ."

"I will give rulings on all of them."

* SRI S. DEIVASIGAMANY:—"Mr. Speaker, Sir, it cannot be denied that the arrest of Mr. Annadurai, the leader and four others of the Dravidian Progressive Federation is of recent occurrence and . . ."

MR. SPEAKER:—"But how does that come under the rules . . . ?"

* SRI S. DEIVASIGAMANY:—"It cannot also be denied that it is a matter of public importance. Here are leaders who have got a very large following of the masses. They have been shaping the views of the masses, and they are revered by them. This everybody knows. It cannot be said that it is the policy of the Government to go on arresting people *en masse* and then keep them under detention. If there is a proper Government, it will not permit the arrest of persons without proper warrants."

MR. SPEAKER:—"The hon. Member is discussing the merits of the case. Let him convince me how this comes under the rules."

* SRI S. DEIVASIGAMANY:—"I am only submitting it to the Speaker how this motion comes under the rules, how this . . ."

[Sri S. Deivasigamany] [14th July 1953]

motion satisfies all the requirements of the rule, namely, that it must be of recent occurrence, it must be of public importance and must not come under the day-to-day administration of the Government."

MR. SPEAKER:—"Is it the contention of the hon. Member that when anybody is arrested a motion should be brought here for the adjournment of the House? Is that the hon. Member's conception of the rule?"

* SRI S. DEIVASIGAMANY:—"My conception of the rule is this. It must be urgent, it must be of public importance and it must not be a matter which comes under the day-to-day administration of the Government. I am satisfied that the motion satisfies all these requirements. I, therefore, submit that the arrest of the leader and fifty others of the Dravidian Progressive Federation is not a matter which the Government are entitled to deal with as a matter of course. The entire South is fomenting and fermenting because these leaders have been arrested . . ."

MR. SPEAKER:—"I have heard the hon. Member's arguments. Let me give my ruling . . ."

SRI V. GOPALA GOUNDER:—"I have also given notice of a similar motion."

MR. SPEAKER:—"I received all these motions as I was about to leave my Chamber. I have not gone through them."

SRI V. GOPALA GOUNDER:—"I may be given only a minute to speak on the motion given notice of by me, Sir. Regarding this motion I want to submit to the House only one point. The arrest of the leader, Sri Annadurai, is a definite matter of public importance to be discussed here. It is of public importance because his arrest was in connexion with the demonstration procession proposed to be taken out by him along with his followers to show their protest against the new policy of the Government, the introduction of the new scheme of elementary education and staging of a demonstration before the Hon. the Chief Minister's house. Therefore it is very important. It is also urgent for this reason. The arrests were made only yesterday evening at 7 p.m. There was no time for the Members of the Assembly to bring the matter earlier before the House. The Assembly met only at 11 o'clock to-day and the arrests were made yesterday evening. Therefore, now only is the proper time to move the matter before the House. Therefore I submit that this motion refers to a definite matter of public importance and it is urgent also. I therefore request that it may be allowed."

(Some persons in the visitors' gallery clapped their hands.)

MR. SPEAKER:—"I want the visitors' gallery should be cleared."

SRI P. RAMAMURTHI:—"I would like to make a submission. The people there may not know the procedure in the Assembly. I think it is very necessary that the Chair exercises a certain amount of discretion and should not ask those people to go away."

MR. SPEAKER:—"Will the hon. Member take the responsibility that they will not clap again?"

SRI P. RAMAMURTHI:—"They may be told that they should not clap hands."

MR. SPEAKER:—"Out of respect for the Leader of the Opposition, I will allow the visitors to remain."

SRI P. RAMAMURTHI:—"Mr. Speaker, Sir, you have raised the question whether this House can discuss the arrest of a number of people which take place normally. Nobody can say that this House can discuss the arrests of the hundreds of people that are taking place in the normal course of things. It may be seen that nobody brings in adjournment motions on the arrests of hundreds and thousands of people that are made day in and day out in this country. Members of the House, at least on this side of the House, are aware that adjournment motions can be moved only on particular occasions. Here it is not an ordinary arrest. This is

[Sri P. Ramamurthi] [14th July 1953]

an arrest of a public man for a public cause and this is a particular case. Of course, we are not interested in securing his release. That is a question which can be taken up in the court. What we are concerned with is that it will have repercussions on the general public and since it is connected with public affairs, it is going to create and provoke further bitterness of the people and as a result affect the maintenance of peaceful atmosphere in this State. It is to carry on a peaceful agitation against the policy of the Government that this question was raised and this is a matter of definite public importance and urgency. That is why I request the Speaker to use his discretion in favour of the adjournment motion and allow a full-dress discussion on the whole question."

MR. SPEAKER:—"This comes under 'day-to-day administration'. The gentleman who has been arrested has a remedy; he can go to the court. It cannot become the subject matter of an adjournment motion in this House. I rule it out of order."

SRI P. RAMAMURTHI:—"I wish to make a submission. As a matter of fact the adjournment motion to discuss the new educational policy of the Government was handed over to you before 10-30 a.m."

MR. SPEAKER:—"But we had a meeting of the leaders of parties. I had no time to go through the motion. Some more hon. Members have also given notice of similar motions. I had no time to go through them. I shall take them up tomorrow."

SRI P. RAMAMURTHI:—"I request the Speaker just to give us an opportunity to say a few words on the question before he comes to a final decision on that."

MR. SPEAKER:—"I have not taken up the question. We must follow certain rules in all these matters. I have great regard for the Leader of the Opposition. There is nothing before the House now for him to speak."

SRI P. RAMAMURTHI:—"My submission to the Chair is that we have been deprived of an opportunity to discuss the question to-day itself. It is a very urgent matter. Apart from that, we feel very strongly on this question."

SRI A. GOVINDASAMI NAYAGAR:—"தலைவர் அவர்களே, ஆரம்பக் கல்வி விஷயத்தில் முதல் மந்திரி கனம் ராஜாஜி அவர்கள் சொன்னுவந்திருக்கும் திருத்தமானது மக்களுக்கு கேடு விளைவிக்கக்கூடிய வகையில் இருப்பதை அறிவுறுத்தவே அறிஞர் அண்ணா மறியல் செய்வதாக இருந்தார். மறியல் செய்வதற்குமுன் அவரைக் கைது செய்தது வருந்தத்தக்க விஷயம். அதைப்பற்றி உடனே விசாரிக்கவேண்டும்."

MR. SPEAKER:—"அது உங்கள் இஷ்டமா? அந்த விஷயத்தைப் பற்றியே இப்பொழுது விவாதத்திற்கு எடுத்துக்கொள்ளாதபோது அதைப் பற்றிப் பேசுவதில் என்ன பிரயோசனம். நாளைக்கு நீங்கள் பேசுங்கள். இது விஷயத்தை நாளைக்கு நான் எடுத்துக்கொள்ளுகிறேன்."

MR. SPEAKER:—"Order, order. I had no time to go through these motions this morning. I shall take up the adjournment motions tomorrow. I have called the Leader of the Opposition to speak."

SRI P. RAMAMURTHI:—"Just a point of information, Sir, lest my conduct and the conduct of others should be misconstrued. We mean no disrespect to the Speaker's ruling; we feel strongly on this question and we propose to record our protest against the entire policy of the Government and their failure to consult this House. Since the Government have acted unilaterally without consulting this House, at the very first opportunity we want to register our protest and the protest of the people of this country whom we represent by walking out of the House."

(Then Sri P. Ramamurthi followed by some hon. Members 12-20 p.m. walked out of the House.)

SRI V. R. NAGARAJAN:—"Sir, on behalf of the Toilers' Party I wish to voice forth our protest against the arrest by the Government of big leaders like Mr. Annadurai by walking out of the House for a few minutes."

Then, all T.N.T. Members led by Sri V. R. Nagarajan walked out of the House.

IV.—GOVERNMENT BILL.

THE ANDHRA STATE BILL, 1953.

THE HON. SRI C. RAJAGOPALACHARI:—"Mr. Speaker, Sir, with your permission I beg to move—

'This House recommends that the Andhra State Bill, 1953, be introduced in Parliament.'

* SRI VAVILALA GOPALAKRISHNAIAH:—"On a point of order, Sir. The Andhra State Bill is an important one and no Telugu copies of the Bill have been supplied to Members who do not know English. Same is the difficulty in the case of Members who know only Tamil, Kanarese or Malayalam. Of course, many Members have not yet received even the English copies. I therefore request the Hon. Speaker to take note of this and arrange to supply us copies of the Andhra State Bill in the languages also. Then only will it be possible for us to discuss the Bill."

[14th July 1953]

MR. SPEAKER :—" The hon. Member could have informed me about this in my Chamber itself yesterday. Now, the Hon. the Chief Minister will speak."

THE HON. C. RAJAGOPALACHARI :—" Sir, may I say something about the point of order raised by Sri Vavilala Gopalakrishnaiah?"

MR. SPEAKER :—" Yes."

* THE HON. SRI C. RAJAGOPALACHARI :—" I am sorry my friend forgets the main object which he has in his mind and he does not seem to realize that the very object he has in his mind will be frustrated or at any rate greatly delayed if he presses the point he is now making. I think all of us are agreed that we should hasten this proposal finding its completion before a certain period of time and if we begin now to operate mere routine translation of the Bill into several languages—because it is not only Telugu but many Members may also claim the same thing for other languages—the whole thing will get delayed. I hope he will withdraw his opposition to this particular matter. It is no doubt true that everything should be done in proper form. But sometimes we have to act quickly and expeditiously. That is the only thing I wish to say about it, Sir, and I do not think he represents any very large body of opinion in raising this particular objection because most Members, I believe and I presume rightly, are in a hurry about it and are not prepared to wait for translations and correct translations to be arranged before we discuss the Bill. Now, I will go to the next point."

(At this stage, the hon. Member Sri Vavilala Gopalakrishnaiah was seen standing.)

MR. SPEAKER :—" Let not the hon. Member disturb the Hon. the Chief Minister. Whatever he wants to say, let him come to my Chamber and say it and I will convey it to the Hon. the Chief Minister."

SRI T. NAGI REDDI :—" Sir, the Hon. the Chief Minister said that if the point on the question of translation was over he would proceed to the next and it was only on that question that Mr. Vavilala Gopalakrishnaiah probably wanted to raise another point."

MR. SPEAKER :—" I told the hon. Member that I would give full consideration to his request. Now, the Hon. the Chief Minister will continue."

THE HON. SRI C. RAJAGOPALACHARI :—" Sir, I have moved that—

'This House recommends that the Andhra State Bill, 1953, be introduced in Parliament.'

Hon. Members are aware of all that has happened. Hon. Members are aware also of the most recent part of the history of this movement and we are all agreed that a Bill should be introduced in

[14th July 1953] [Sri C. Rajagopalachari]

Parliament so as to hasten the realisation of the wishes of the people of Andhra in this respect and I may at once say that I fully appreciate, and I know that beyond doubt, that the public feeling in Andhra will look upon the day when this Bill is passed in Parliament as an Independence Day, equal in importance, so far as they are concerned, to August 15th, 1947. I am sure, therefore that all sections of the House will co-operate to hasten this process and to get the Bill introduced and passed as soon as possible. The Government of India have given a time-table as you are aware, Sir, and we are told that it is the intention of the Government of India to introduce this Bill in Parliament if possible in the first week of August and they would like to have the opinion of the Legislature of Madras before the third week of July. So the time-table has been arranged that we should discuss it now and close our discussion on the clauses also and then the other House will take it up on the 20th and the matter will be completed and I hope it will be ready in time to place our opinions in the hands of the Government of India in the third week of this month so that the Bill could be revised and be ready to be introduced in Parliament in the first week of August.

"On the motion itself, the matter is decided by you, Sir, in the circular you have issued to Members, that it should be divided into two parts—firstly that this House must first give its opinion as regards the proposal to introduce the Bill in Parliament and secondly that the various provisions of the Bill should be discussed for moving amendments. The present motion covers the first part whether this House is clearly of the opinion and recommends that the Bill be introduced in Parliament. It is needless therefore for me to dwell at any length on this motion. We will have to dwell at great length on the various clauses of the Bill. But, as regards the motion that is now before the House, viz., whether the Bill should be introduced and whether we should recommend it to be done, there can be no difference of opinion now and I therefore think that the less time we spend on this motion, the more time we conserve for the discussion of various clauses of the Bill which are important. It is hardly necessary for us merely for the sake of reviewing the past history that we should spend much time in a general discussion over a motion that we recommend that the Bill be introduced in Parliament. Many things can be said which are no doubt relevant to the subject. Many things can be said which are no doubt important. But the question is whether we should say them in this connection on this motion. The other thing is whether we should go back to the history of the matter and indulge in allegations and defences and answers and counter-allegations and the like. I submit that the time is ripe for hurrying up of the introduction of the Bill, that the time is ripe for reviving goodwill and neighbourliness and that the time is ripe for all of us to make the new State start a successful beginning. I recommend therefore that this House wholeheartedly, without dissent, accept the motion that this House recommends that the Andhra State Bill, 1953, be introduced in Parliament."

[14th July 1953]

12-30
p.m.

MR. SPEAKER :—" Motion moved—

'This House recommends that the Andhra State Bill, 1953, be introduced in Parliament.'

* SRI VAVILALA GOPALAKRISHNAIAH :—" Mr. Speaker, we are glad that after a long struggle and so much sacrifice by martyrs like Potti Sriramulu and others, we are now having before us a Bill for the setting up of the Andhra State to be introduced in Parliament, and which is to be recommended by the Madras Legislature for being accepted by Parliament. Every Andhra not only every Andhra but every Indian who stood for national struggle and national liberation as well as for our cultural advancement will be proud to support the introduction of the Andhra Bill in Parliament.

"The Andhras are a glorious nation. Their history dates back to more than two thousand years. They have got the highest tradition and culture. Their fame had spread all over the world from Cambodia to Egypt and other countries. Previously the Andhras stood as a nation. After the Kakatiya dynasty they were divided into tiny fragments. The Mogul Empire annexed some Andhra territory, Mysore State something, Hyderabad something and Madras State some portion. Orissa also had its share. Now that their long cherished goal is about to be achieved, the Andhras all over India feel that they should be united, united not merely culturally and economically but politically also. They want political integration. Political integration will bring them all into one unit and pave the way for their cultural and economic development.

K. L. K.

"Let me not omit to mention, lest I should be failing in my duty, the glorious sacrifices which some of our Andhra veterans like Konda Venkatapiah and Unnava Lakshminarayana have made since 1911 for the formation of the Andhra State, out of the Madras Province. With that end they worked all along. They entered the national movement for the liberation of Mother India. They stood as one with the Tamilian brethren. At that time their aim was to overthrow the foreign domination. It was a life and death struggle for them to overthrow the imperialist power. During that national struggle the Andhras realised that it was of fundamental importance that they should be brought into a homogeneous unit. They also came to the conclusion that this could be best achieved by the formation of an Andhra State alone and not by anything else. In 1920 with this object in view they joined the Congress fold and worked with them for the achievement of Swaraj. Numerous obstacles were there for them to surmount. Their struggle against British Imperialism was not an easy one. It was bitter in every sense of the term. Let us not recount and let us forget all those sad experiences now at this joyous moment when the heart of every Andhra, be he in Madras, Delhi, or anywhere in India would be jubilant. Let us not apportion blame for

14th July 1953] [Sri Vavilala Gopalakrishnaiah]

all our previous sad experiences. Be he a Tamilian, Kannadiga or Malayalee—everyone would, I am sure, feel happy on our getting our long-cherished Andhra State.

"The only point I wish my Tamilian friends to understand is, now that we are about to part, let us part without quarrels. Let us part as brothers without bitterness. We are on the threshold of our new era. Let our Tamilian brethren who cry for Tamil nad, our Kannadiga neighbours who cry for Karnatak State and our Malayalee friends who demand Aikya Kerala bear in mind what Pandit Nehru had told us. He had told that after watching the progress and stability of the Andhra State, say, for a year or so, the Centre would think of the formation of other contiguous linguistic States. In the same spirit I want our Tamilian and Kannadiga friends to part with us, and I appeal to them to bear in mind that when we part with them, we part not with a view to live in isolation but we part in the hope of re-accelerating and developing our long association. No doubt we have so many feelings, bitter feelings, and, may I say strong emotions also over some issues. But that should not hinder our progress. Let us solve it amicably between ourselves. When a Minister quarrels with another Minister inside the Cabinet or when a Member exchanges harsh words with another in the Composite Assembly, let us not take them to heart. After all our interests are alike. Let us take things in that light. As the Hon. Chief Minister said let us not try to throw allegations and receive counter-allegations against one another while speaking on the simple motion that this House recommends that the Andhra State Bill, 1953 be introduced in Parliament. There are so many important clauses in the Bill which we shall discuss threadbare later on.

"Our pursuit is a long one. We are not overenthusiastic at this springing up of the new State. Our cherished goal is the formation of Visala Andhra composed of the Telugu speaking areas of Hyderabad, Orissa, Mysore and other contiguous States. That is what every true Andhra aspires for. Let me not be mistaken as if I do not welcome the formation of the present Andhra State out of the composite Madras State. I have only mentioned the innate desire of the three and odd crores of Andhras. In 1935 some of our Andhra brethren were sent to Orissa. A large proportion of our kinsmen still live under the reign of Nizam and other feudal set-up. Some are still to be found in Mysore State. They are all there ready to join us to constitute the Visala Andhra State. That is the desire in the heart of every true Andhra. I long to see that eventful day.

"When I stood here and spoke in English after addressing you, Mr. Speaker as "Adhyaksha" some of my friends once said, 'go back to your State with your language.' I told those friends that if they were bothered with these multifarious languages in the Assembly let them send a wire immediately to Pandit Nehru

[Sri Vavilala Gopalakrishnaiah] [14th July 1953]

for the setting up of a linguistic State for Andhras. There would not then be any more Telugu pestering. The setting up of linguistic States is the only solution for this multi-lingual controversy.

"Before I close let me again refer, Mr. Speaker, to the glorious sacrifice of Potti Sriramulu who died a truly martyr's death. At this momentous hour when we are having before us the Bill embodying the provisions for the setting up of that Andhra State which was so dear to Potti Sriramulu's heart, let me pay homage to his memory. There were fifteen other martyrs who sacrificed their lives for the formation of the Andhra State. They were all scattered from Nellore to Vizag. Let me pay my homage to their memory also.

12-40 p.m. "Otherwise we shall be forgetting history. At the same time, I want to impress upon the Andhras, Andhra legislators and the Andhra common people, that the Province is not coming at our sweet will; let us remember that it is coming to us after a considerable amount of suffering and sacrifice on the part of so many people; let us remember that it is not coming to enable us to achieve our own ends; let us not feel that it has come and that we can achieve our personal ends or our party ends or political ends of this or that party. On the other hand, let us remember that we must stand as one united people and we have plighted ourselves that we, Andhras, are going to serve the interests of the down-trodden Andhras, whether he is in the Agency area or whether he lives in Rayalaseema, in Salem or Nellore or Vizakhapatnam. With this appeal to the people of the Andhra, I support the motion that this Bill be recommended to Parliament for their consideration and I thank you, Sir, Mr. Speaker and all."

Mr. SPEAKER:—"Does any hon. Member wish to speak on the motion? (After a pause.) As no hon. Member has risen from his seat shall I call upon the Hon. the Chief Minister to reply?"

* Sri T. VISWANATHAM:—"If that is so, I shall speak, Sir. It was said, Sir, that there would be a three-day discussion and so, I thought I could postpone my speech to the last day."

Mr. SPEAKER:—"But nobody comes forward to speak and so the alternative would be to ask the Hon. Minister to reply."

* Sri T. VISWANATHAM:—"I shall just wait for some thirty second and if nobody rises, I shall begin, Sir."

(Sri C. V. K. RAO rose in his seat.)

Mr. SPEAKER:—"Does Mr. Rao want to speak?"

Sri C. V. K. RAO:—"What is the subject, Sir?" (Laughter.)

Sri K. SUBBA REDDI:—"Mr. Speaker, on a point of order. May I bring to your notice, Sir, that many of the Members have not received copies of the Bill under consideration and the Government are not able to supply copies to Members?"

14th July 1953]

Mr. SPEAKER:—"I shall go into that matter. But I wish to tell the hon. Member that the copies of the Bill were sent to the home addresses of Members five days ago; it would have gone to their place of usual residence and by the time it reached their place, presumably, they would have left their place."

Sri C. V. K. RAO:—"I wish to make a submission regarding the submission of amendments."

Mr. SPEAKER:—"I would advise the hon. Member that this is not the time to refer to it."

* Sri T. VISWANATHAM:—"Mr. Speaker, Sir, it is true that the Andhras will deem the day on which the Bill is passed in Parliament as their Independence Day and what the Hon. the Chief Minister said is perfectly right. I do not however propose to analyse at this stage why they should feel that it would be their Independence Day. I am glad that the Chief Minister has not taken much time over controversial matters and he has simply moved that the Bill regarding the formation of the Andhra State be recommended for consideration by the Parliament and it may be taken up by them. Really as my hon. Friend Sri Gopalakrishnaiah has said we owe it greatly to Sri Potti Sriramulu and the other fifteen or sixteen martyrs who were shot dead during the two or three days following his death. (As you, Sir, are aware the demand for the formation of the Andhra State is a very longstanding one. So far as this Legislature is concerned, it came up before it even as early as 1913 and 1914. Even since then, resolutions were moved and questions were asked year after year but several reasons contributed to negative or delay the formation. When the non-co-operation movement was started and the Congress was reorganized on a linguistic basis and when the reorganization of the country on a linguistic basis gave a fillip to the national movement and when we found that the leaders, and the people could then go together better it was thought and the Congress also shared the view, that the re-distribution of the country on a linguistic basis would help not merely the deliverance of the country from the hands of the Britisher but also help to consolidate the rising surge of nationalism within the country and make independence worthwhile to all those that are born in the country. That was the reason why the Congress started it in 1920 but unfortunately the views of the leaders of the Congress got slightly changed after they came into office after the departure of the British. New ideas developed with the new leadership and they thought that the re-distribution of the country on the basis of language was bad. When people at the top say that a thing is bad, naturally there will be some people who follow them although their own ideas might not square with them and the ideas of the leaders might not be quite correct. It will, therefore, be all in the reverse gear and proofs could be advanced and incidents would be shown to show that the re-distribution of the country is not good. But owing to the persistent agitation of not merely the Andhras, but also the Maharashtrians,

[Sri T. Viswanatham] [14th July 1953]

and the Kannadigas, the movement for the distribution of the provinces on a language basis gathered great volume and strength and produced great reactions in the country which ultimately led to the martyrdom of Sri Potti Sriramulu and fifteen or sixteen others who were shot dead closely afterwards. The re-distribution of the country on a linguistic basis started with their martyrdom. We, not merely the Andhras, but the whole country is proud of a man who was able to die voluntarily for the sake of his convictions. It was the Prime Minister of India who said that the States are really powerful but when people are ready to die for the sake of their convictions, even the States become powerless. Though he was not disposed towards linguistic re-distribution he had to agree to the formation of the Andhra State. Doubts had been entertained at high level about the efficacy of the re-distribution of the country on a linguistic basis. We assure you and the top-ranking leaders in charge of the affairs of the country that the re-distribution of the country will add to the strength of the country rather than reduce it. We know it is only by means of a common language that we will be able to reach the heart of the people and it is only through that language that the ordinary people can reach those who are in charge of the affairs of the State. Language strengthens the bonds between the people and the persons in charge of the affairs of the country and makes for better understanding and that is what we have always insisted upon. The Andhra State will certainly add strength not merely to the Andhras, not merely to the portions which now form part of the Andhra State but to the whole State of Madras and to the entire country. It is true that this Bill is very inadequate and there are several features which are all adverse to the interests of the Andhras so much so, there are some who say: "Why have an Andhra State with such bad provisions; why have a province under such conditions?" But I still say that in spite of the defects and the injustice that it contains so far as the Andhras are concerned, we want the State and we want the State to be formed at once that is why we welcome the introduction of this Bill in Parliament, not that we are satisfied with the provisions of the Bill; it may be that we will have to suffer on account of this injustice for some time more. We have suffered for more than forty years and when we gain the State it does not matter if we suffer for some four or more years on account of the provisions of this Bill. But we do not like that the measure should be postponed any longer and that is the reason we rise to support the introduction of this Bill in parliament.

12-50
p.m.

"Sir, as my hon. Friend, Sri Vavilala Gopalakrishnaiah, stressed on this occasion the history of this movement and also the ambitions of the Andhras to have not merely an Andhra State composed of the few territories which now form part of this State but also of the outlying territories. We are anxious to have a strong and full-fledged Visal-Andhra State with the outlying areas which are now parts of Orissa, parts of Hyderabad, parts of the Central Provinces and parts of Mysore on this side. We want

[Sri T. Viswanatham] [14th July 1953]

the matter to be settled as soon as possible and in the best way possible notwithstanding any small differences and any readjustments that may be necessary on the outlying borders.

"Our ambition is to have an Andhra State; but, let me assure my Friends here that although on several occasions we, Andhras, have felt that we were not treated in the way in which we ought to have been treated, still at the time of parting and on an occasion like this, I do not like to go into all those things and rouse feelings in the matter. All that has got to be said has already been said in the Press and on the platforms. If this Bill had only been said in the beginning, I would be justified in referring to them but the Bill is only the final conclusion of all that had happened during the last so many years and particularly after December last year, and I do not like to go into all these matters. But, I would certainly say that, whatever the other feelings we might have had, when we part, we part as friends and that we cherish the friendship of those who are our own countrymen whether they may be in the North or whether they may be in the immediate South. Notwithstanding the differences we had with them in a combined administration, still we wish them well, we want their goodwill; than they won our goodwill. After all, we cannot forget that we are children of the same soil worshipping the same Mother and having the same ideal of building up a nation which shall be our pride and which will be worthy of the traditions which this ancient country has built during the glorious periods in the history of the world. Therefore, if we want the Andhra State it is not merely to set right a few irrigation projects or to set right a few injustices and a few of the deficiencies in the Services but it is only to rebuild the nation. Visala Andhra, you will realise, Mr. Speaker, will be the backbone of this country. With its great rivers and its vast resources which are over the surface of the earth as well as those which are below the earth's surface, the new Andhra State—also the Visala Andhra if formed soon—will be a source of great strength and will really be the backbone of the greatness and the future of this country.

"We hope that the aspersions against the Andhras that they are not very intelligent and are not very industrious will all be things of the past. (Interruption.) I do not say that these aspersions have been cast here now. They have been there during the last 40 years that the Andhras are not suited for this or that and also that they are not up to the mark, though of course, being up to the mark is a matter which depends upon the chances, the occasions and the opportunities that are afforded. But, I do not want to go into these controversial things. I touched upon that aspect only to point out that once the new State is formed, all virtues which are said to exist in a great people and are required of a great nation will be amply found in the Andhras. Such qualities will be cultivated not only to the advantage of the Andhras but to the advantage of everyone that is living in this vast country. Andhra will be an asset of supreme value to the whole nation. We welcome the introduction of this Bill and I therefore, Sir, heartily support the motion that the Bill be introduced in Parliament."

[14th July 1953]

* SRI K. KRISHNA RAO :—“ Mr. Speaker, Sir, I rise to support the motion recommending the introduction of the Andhra State Bill in Parliament. The formation of the Andhra State has been the cherished dream of the Andhra people. This movement had not been begun, as is generally supposed, by the few townsmen who wanted some jobs for themselves as against the Tamilians who, it was said, were monopolising all the jobs. We will have to take it that in the formation of the new Andhra State we are going to have a new State of a type which we did not find in the combined Madras State. The Madras State is partly industrial and partly agricultural but in the case of the Andhra State we are having perhaps, for the first time, very, very peculiar problems, where feudal landlordism and the great oppressive landlordism of the countryside would like to keep the people in bondage. It is to fight against these that the agitation for the Andhra State was started. It will be remembered that the Estates Land Act was first enacted in 1908 and it was generally about 1908 that the Andhra Mahasabha was first started to demand and to agitate for the formation of the Andhra State. With regard to this Estates Land Act of 1908, we can generally take it that it must have been the result of long agitation by the ryots of the Andhra estates. The Tanjore Tenants and Pannaiyal Protection Act which we recently passed is the result of the great struggle of the Tanjore tenants against the oppression of the mirasidars. So also, we will have to take it that though the Act was passed about 1908, there had been a number of struggles waged by the peasantry of Andhra against feudal oppression and against the oppression of landlordism and, it is surely no accident that about 1908 we had the agitation for the Andhra State. It is therefore in the rising of the struggling peasant for his land, for his liberty and for liberation from the slavery and serfdom of landlordism that we find the first beginnings of the struggle for the Andhra State.

“ If we look at this from this aspect it will be found that to-morrow we will have to begin the new Andhra State with very peculiar problems, problems which are anti-zamindari, anti-inamdari and anti-feudal in character. If we only think on these lines, it will be clear that for the regeneration of Andhra and for the solution of the many problems that confront Andhra, a good amount of industrialisation is necessary. It is in this connection, Sir, that we in fact, demand of the Tamil State that they should help us with their technical personnel and with their advice because, as it is, the Tamil State is more advanced industrially than the Andhra State. In Tamilnad you have more towns, there is more of urbanisation and it is, in fact, the native place of some of the great stalwart statesmen like the Rt. Hon. V. S. Srinivasa Sastri, Sri T. R. Venkatarama Sastriar and many others of that type. Now, we really start with very little of such traditions because our economic set-up has been merely feudal. In fact, it has been largely rural and we will have to follow the traditions not merely of the public life that we had when Andhra and Tamilnad were together but also the traditions that had been built up inside this Assembly. We will have to carry

[14th July 1953] [Sri K. Krishna Rao]

these great and liberal traditions into our Andhra State and it is only then that we could build up a good Andhra State.

(At this stage the Deputy Speaker occupied the Chair.)

“ It is only when the Andhra State is more industrially and commercially developed that we can have a real Andhra State. You know, Sir, that one of the greatest impediments that stands in the way of a democratic Andhra State is the continued survival of feudalism, the survival of zamindari, inamdari and other forms of land tenure which are our heritage and which still cling to us in spite of the fact that there had been a number of enactments passed by the last Ministry and a few by the present Ministry with regard to land tenure. The previous Governments as well as the present Government have not gone into the root of the problem. They have not distributed lands to the tillers of the soil. They have not guaranteed to the tillers residing in the villages either the right to live or for the matter of that the right to reside in those villages. In fact they have not given them the guarantee to stir from their own houses and walk a furlong or so with safety. I hope, Sir, that in the formation of the new Andhra State, we will carry the great traditions of the fight against landlordism to the farthest extent possible and build a great democratic State. One of the greatest impediments for the building up of a great democratic State in Andhra areas till now is the absence of separate Legislature to voice forth the aspirations of the people. It is through the Legislature that the people will be able to get their wishes fulfilled and put into practice their cherished desires. Sir, we have a great responsibility and we have great tasks to perform, and in performing those tasks we hope our brothers in Tamilnad, in Malabar and South Kanara districts, will support us. We will not part with them, as it were in the spirit that they are our enemies. In fact wherever there are oppressed people their interests are all the same whether they be in Andhra or Tamilnad or Kerala. We want the help of all of them in the fight that we have to put forth inside the Andhra Assembly and outside it for fulfilling the democratic aspirations of the common man. We hope, we will have a large amount of co-operation in this matter. We have been here for the past one year and three months in this House and we have contributed our mite for the successful working of this Legislature. We hope we will have the co-operation of this Legislature which is going to be the Legislature of the residuary Madras State in the formation of the new Andhra State. A number of problems are likely to arise about the division of assets and liabilities, about electricity projects, and about so many other matters connected with the formation of the new State. Sir, in so far as you support the legitimate aspirations of Andhras in every one of these things, you are really supporting the legitimate aspirations of Tamilnad, of Malabar and South Kanara districts. In fact the legitimate and democratic aspirations of the common man everywhere are the same and it is in that light that I would appeal to you, Sir, to use your influence, to use your power to see

வழி நடந்தவன். இன்று அவர் ஆந்திர மாகாணத்திற்கு பிரதம மந்திரியாக வரும் பட்சத்தில் நான் மிகவும் சந்தோஷமடைவேன். ஆகவே யாரோ இப்படி முதல் அமைச்சராக வர வேண்டும், மந்திரி பதவிக்கு வர வேண்டும், மற்றும் இதுபோன்ற பல அதிகாரப் பித்தினால் தான் ஆந்திரர்கள் தங்களுக்கென்று தனி மாகாணம் வேண்டுமென்று கேட்கிறார்களே தவிர, உண்மையாக அந்த மாகாணத்தினால் அவர்களுக்கு எந்த விதமான நன்மையும் இருக்கப் போவதில்லை. ஆனால் அது வேறு விஷயம். எப்பொழுது பிரிந்து போகிறோம் என்கிறார்களோ அப்பொழுது தாராளமாகப் பிரிந்து போகட்டும். அதைப்பற்றி நாங்கள் ஆட்சேபிக்கவில்லை. ஆனால் இந்த ராஜ்யத்தின் தலைவராகிய கனம் ராஜாஜி அவர்கள் பிரிந்து போகின்ற ஆந்திரர்களுக்குச் சலுகை காட்டும் வகையில் தமிழர்களுடைய உரிமைகளை ஏன் விட்டுக் கொடுக்கவேண்டுமென்று தான் நான் கேட்கிறேன்? எதற்காக இதைச் சொல்லுகின்றேன் என்று நீங்கள் கேட்கலாம். சித்தூர் ஜில்லாவில் 6 தாலுக்காக்கள் தமிழர்கள் வாழுகின்ற பிரதேசம். தமிழ் கலாசாரம், நாகரீகம், இலக்கியம் தழைத்திருக்கின்ற பிரதேசம். அதையும் ஆந்திர மாகாணத்தோடு சேர்த்திருப்பதைக்கண்டு அங்குள்ள தமிழர்கள் உள்ளம் குழுகிறார்கள். புள்ளி விவரங்களுடன் கூட அந்த ஜில்லாக்கள் தமிழர்களுடைய ஜில்லாக்கள் தான் என்று நிரூபிக்கிறார்கள். உண்மையில் புள்ளி விவரங்களும் அதையேதான் கூறுகின்றது. சர்க்காரின் சென்ஸஸ் கணக்கில் அப்படியில்லையென்றால், சென்ஸஸ் எடுக்க வந்த தெலுங்கு அதிகாரிகள் உங்களுக்குத் தெலுங்கு பேசத் தெரியுமா? அப்படியானால் நீ தெலுங்கன் என்று குறித்து வைத்திருக்கிறார்கள். நானும் தான் தெலுங்கு பேசினால் புரிந்து கொள்வேன். தெலுங்கிலும் பேசுவேன். அதனால் நான் தெலுங்குவிட விட்டாடியுமா? உண்மையிலேயே சரியான சென்ஸஸ் கணக்கு அங்கு தயாரிக்கப்படவேயில்லை. முக்கியமாக சித்தூர் ஜில்லாவிலுள்ள 6 தாலுக்காக்கள் மிக அதிகமாக தமிழர்கள் வாழும் பிரதேசம். குறிப்பாக திருத்தணி, கங்குந்தன்குப்பம், சந்திரகிரி தாலுகா முதலியவைகள் தமிழர்கள் வாழக்கூடிய பிரதேசமாகும். சந்திரகிரி தாலுகா என்ற திருப்பத்தான் நமது மதிப்பிற்குரிய தலைவர் கனம் ராஜகோபாலாச்சாரியார் அவர்கள் பாம்பா பிறந்த இடம். அங்கிருந்து வந்தவர்தான் நமது சர்க்காரத்தி ராஜாஜி அவர்கள். அப்படியிருக்கும் பொழுது கனம் ராஜாஜி அவர்கள் அந்த தாலுகாக்களை யெல்லாம் ஆந்திரர்களுக்கு விட்டுக் கொடுக்க எப்படி முன் வந்தார்கள் என்றுதான் தெரியவில்லை.

కొత్తరాష్ట్రం అందరికీ తెలుసును. కాని యీనాటికంటే సమ అంధ్రులు తమ పోరాట ఫలితంగా రాష్ట్రమును సాధించుకోగలిగారు. ఈ బిల్లు యిదివరకే వచ్చిన అయిదారు సంవత్సరాల కంటే ముందే వచ్చియున్నదియితే, ఆంధ్రరాష్ట్రము అనేకమైన ఉపయోగాలు, లాభాలు సంపాదించుకోగలిగింది. అప్పులులేకుండా పోయింది. ఉపకారాలు, 1950 వ సంవత్సరపు విభజనసంఘముయొక్క 8వోట్ల ప్రకారం అనాడు ఆంధ్రరాష్ట్రానికి ఉన్నటువంటి కనీస సౌకర్యాలు అన్నిటా యీనాడు లేకుండా పోయినవి. ఈ విషయము మన కడదరకు విశదముకాగలదు. 1950 వ సంవత్సరపు విభజనసంఘపు తర్ఫీదునుబట్టి ఆంధ్ర, ఆంధ్రప్రదేశ్ మద్రాసు రాష్ట్రము 36.5, 63.5 నిష్పత్తిలో ఆస్తి అప్పులు పంపకం కావాలి. కానీ యీనాడు యీబిల్లు ప్రకారం ఆంధ్రరాష్ట్రానికి 36 వంతులు మాత్రమే ఆ అప్పులు పంపకము జరుగుతున్నది. అంతేకాకుండా 1949-50 సంవత్సరంలో రాష్ట్ర ప్రభుత్వయొక్క ఋణం 28 కోట్లు రూపాయలు మాత్రమే వుండగా ఆంధ్రరాష్ట్రం యీనాడు విరృద్ధి సమయములో ప్రభుత్వ ఋణం దాదాపు 80 కోట్లవరకు విరృద్ధివున్నది. 1949-50 సంవత్సరంలో అవిభక్త మద్రాసు రాష్ట్ర ఆ 68 కోట్ల రూపాయలు ఉన్నది. కాని ఈనాడు యీ ఆస్తి 94 కోట్ల వరకు పెరిగింది. అంత కంటే మూడు సంవత్సరాల లోను రాష్ట్ర ప్రభుత్వ ఆస్తిలో 26 కోట్ల రూపాయలు పెరుగుదల మాత్రమే కనిపించగా, అప్పులమాత్రం 52 కోట్ల రూపాయలు పెరుగుదల కనిపిస్తున్నది. విభజనసంఘం 8వోట్ల ప్రకారం అయినను ఆంధ్రరాష్ట్రానికి యీనాడు యింత అప్పులేకుండాపోయింది. దీనికంటేకీ కారణములు మన మహానాయకులనే తెప్పవలసివుంది. అంతేకాకుండా మద్రాసు ప్రకారములోని మూడు రకానికి సంబంధించిన అవిభక్త మద్రాసు ప్రభుత్వం విరృద్ధి చేసిన పెట్టుబడి మొత్తంలో ఆంధ్రరాష్ట్రానికి 36.5 వంతులు లభించాలని విభజనసంఘం 1949-50 లో నిర్ణయించింది. ఇట్లాంటిది యీనాడు యీఆంధ్ర రాష్ట్రపు బిల్లులో యిటువంటి ప్రస్తావన అవకాశంలేకుండా పోయింది.

“ఇదేరకంగా ముంగిట ప్రాజెక్టు విషయములో ఆంధ్రరాష్ట్రానికి ఉండవలసిన కనీస సౌకర్యాలు యీనాడు రావటంలేదు. 1949-50 సంవత్సరంలో జరిగిన విభజన సంఘం చేసిన విస్తీర్ణప్రకారం ముంగిట ప్రాజెక్టు నిర్మాణవ్యయం అవిభజన సంఘం చేసిన విస్తీర్ణమునకు పెరిగినంత ఫలితాలనియ్యనని. ప్రస్తుత బిల్లు ఆంధ్ర అవశ్య మద్రాసు రాష్ట్రముల పెరిగినంత ఫలితాలనియ్యనని. ప్రస్తుత బిల్లు విస్తీర్ణమునుబట్టి రాష్ట్రము విరృద్ధిచేసినంత యీ ప్రాజెక్టు వ్యవహారాన్ని ఆంధ్ర మద్రాసు ప్రభుత్వాలు సంబంధించిలదానా పరిష్కరించుకోవలసియున్నది. ఇట్లు చేయడంమూలంగా ఆంధ్రరాష్ట్రానికి నష్టంకలుగకుండా విభజనసంఘం 8వోట్ల ప్రకారం ఆంధ్రరాష్ట్రానికి యీ ప్రాజెక్టుకల్ల కనీస సౌకర్యాలుగూడా లేకుండాపోయినవి. ఈ బిల్లులో ఆ అప్పుల పంపకాలలో అనేక లోపాలున్నవి. ఉపకారాలు యీ బిల్లులో ఆంధ్రరాష్ట్రము విరృద్ధి సమయములో బళ్లారి జిల్లా విషయములో అనేక తగాదాలు ఉన్నవి. ఈ బళ్లారి విషయంలో తగాదాలు పరిష్కారం కావాలంటే ఒక బౌండరీ కమీషనును వెంటనే ఏర్పాటుచేయించి యీ తగాదాలు న్యాయముగా పరిష్కరించాలని కోరుతున్నాను. బళ్లారి ఆంధ్రుల వంధ్యప్రకారం, యీతగాదాను బౌండరీ కమీషను మూలంగా పరిష్కారము అయితేతప్ప వేరుమార్గములేదు. కోడల ప్రభుత్వము యీవిషయము వుపరిశోధించాలి.

“ఇదేమూదిగా ఆంధ్రరాష్ట్రానికి కావల్సిన విషయం వచ్చినప్పుడు, రాష్ట్రము విరృద్ధిచేసే ప్రాజెక్టుగూడా విరృద్ధిచాలని అనేకరోజులుగా ఆంధ్రులు కోరు తున్నారు. ఈ విషయంగురించి బిల్లులో దూచివచ్చియితే, ఆంధ్రరాష్ట్ర నిర్మాణం

జరిగినవెంటనే హోదాగూడా ఏర్పడి అవకాశంలేదు. హోదానుగుణించి స్థల నిర్ణయం యీ బిల్లులో సుదూరంబడలేదు. ఆంధ్రరాష్ట్రం గవర్నరు ఆంధ్ర హోదా ప్రధాన న్యాయమూర్తి సంగమంపురిలో స్థల నిర్ణయం చేసారట. అట్లుకాకుండా, బిల్లులోనే యీ హోదాగూడా వేరునే ఏర్పాటుచేసేవిధంగావుంటే, ఆంధ్ర ప్రజాసీకం ఎంతో సంతోషించేది. స్థల నిర్ణయ విషయములగుడా శాసనసభ్యులకే యీ అధికారం యిచ్చుటకు ఎంతో బాగుండేది.

“తుంకభద్ర ప్రాజెక్టుకుగాను ప్రభుత్వం 16 కోట్ల రూపాయలు ఖర్చు చేసింది. కాని యీ విషయంలో ఆంధ్రరాష్ట్రానికి చేకూరే అధికారాలు, ఫలితాలు బిల్లులో కనిపించవు. ?”

SRI G. YELLAMANDA REDDI:—“అధ్యక్షా! ముఖ్యంగా ఈ తుంక భద్ర ప్రాజెక్టు విషయంలో ఈ లోకం మూడు ప్రభుత్వాల ఇంజనీర్లు మంత్రిలు కలిసి చేసుకున్న ఒడంబడిక ప్రకారం ఈ తుంకభద్ర ప్రాజెక్టుకు అమలుజరిపే విధానంలో ఆంధ్రులకు న్యాయం జరిగేటట్లు సంపూర్ణంగా లేదు. అందువల్ల ఈ బిల్లులో ఈ నాడు ఆంధ్ర రాష్ట్రంలో తగినంత ఉద్వేగం కనిపించుట లేదు. రాయలసీమలో వెనుకబడిన ప్రాంతాలలో కరువు కాటకాలకు గురియైన ప్రజాసీకానికి సకలముగా గ్యారంటీలు ఉండేట్లు, హామీ ఉండేట్లు చూడవలసిన అవసరం ఉంది. విద్యార్థి విషయకంగామా చినా, కులశ్రేణుల విషయం చూచినా కాకా వెనుకబడియున్నది. మదరాసులో ఇంజనీరింగు, వైద్యము మున్నగు వృత్తి విద్యా సంస్థలు అభివృద్ధిచెందినవి. ఈ మదరాసు కట్టణ ఎంతో అభివృద్ధిచెందినది. కాబట్టి ఆంధ్రప్రాంతం విభజించే సందర్భంలో ఆంధ్రులకు ఇరవై సంవత్సరాలపాటు విద్యాసంస్థలలో స్థితి రిజర్వు చేస్తామని విభజనసంఘం రిపోర్టులో చెప్పబడింది. కాని, ఈనాడు బిల్లులో ఆలాంటి అవకాశం లేకుండాపోయింది. మూడు 200 సంవత్సరాలనుంచి మదరాసు కట్టణం వికసితంగా అభివృద్ధిచెందింది. అటువంటిప్పుడు ఇక్కడ లభించే ఇంజనీరింగు, ఇతర ఉన్నత విద్యా విధానాలలో ఆంధ్ర విద్యార్థులకు అవకాశంలేకుండా పోయే అన్యాయం జరిగజోతోంది. ఆంధ్ర దేశంలో యిన్న ఇంజనీరింగు కలాశాలలు ఇక్కడయందే ఇంజనీరింగు కలాశాలల మాదిరిగా అభివృద్ధి చెందలేదు. ఇక్కడ ఉండే course లు అక్కడలేవు. కాబట్టి అక్కడ ఉండే విద్యార్థులకు ఈ కాలేజీలలో వసతులు కల్పించవలసిన అవసరం ఉంది. మదరాసులో యిన్న హాస్పిటలు వసతులు, ముఖ్యంగా జనరలు హాస్పిటలు వంటివి ఆంధ్రదేశంలో లేదు. అటువంటిప్పుడు అక్కడ ప్రజలకు ఈ వైద్య సౌకర్యాలు కలుగజేసే విధంగా ఈ బిల్లులో సవరణలు చేయవలసియుంది. ఈ బిల్లులో ఆ విషయాలు చేర్చకలసియుంది. ఇదే విధంగా రాయలసీమలోని కాలేజీలు ఎన్నో సంవత్సరాలుగా ఆంధ్రవిశ్వ విద్యాలయంలో కాకుండా, మదరాసు విశ్వ విద్యాలయానికి affiliate అయినవి. ఆంధ్రరాష్ట్రం ఏర్పడజోయే ఈ శుభసమయంలో రాయలసీమ కలాశాలలు ఆంధ్ర విశ్వవిద్యాలయంలో చేరే అవకాశం కల్పించవలసిన అవసరం ఉంది. అందువల్ల ఈ నాడు ఈ బిల్లులో అనేకమైన లోపాలు ఉన్నవి. ఆంధ్ర ప్రజాసీకం తమ ప్రాజెక్టులు, వైద్య, విద్యా విషయాలలో అభివృద్ధి గాంచుటకు ఆంధ్ర రాష్ట్రం కావాలని వాంఛిస్తున్నది. ఆంధ్ర జాతికి ఇంతవరకూ అన్యాయం జరిగింది. కృష్ణా నెన్నరు ప్రాజెక్టు చేరిత ఆంధ్ర

[14th July 1953] [Sri G. Yellamanda Reddi]

జాతికి జరిగిన అన్యాయం ఎంతో కష్టపడి మార్పించవలసిన అవసరం వచ్చింది. ఆంధ్ర జాతి అనేక రోజులనుండి కంటూ యున్న కలలు, ప్రాజెక్టులు అభివృద్ధి చేసుకోవడం ద్వారా కానివ్వండి, పరిశ్రమలు అభివృద్ధి చేసుకోవడం ద్వారా కానివ్వండి. ముందుకు సాగిపోతామని ఆంధ్రజాతి ఆశిస్తూ వచ్చింది. అందువల్లే ఆంధ్రరాష్ట్రం కావాలని కోరుతున్నది. ఇక్కడి బిల్లులో అటువంటి అవకాశాలు లేకపోయినా ముందు జరిగిన ఘట్టాలవల్ల, అనేకమంది రాజకీయ నాయకులు రాజీయే పరిపాలనా విధానం ఆంధ్ర ప్రజలకు వ్యతిరేకంగా ఉండే కట్టలు ప్రారంభమయినవి కాబట్టి, ఆంధ్ర ప్రజల కలలు నెరవేరని అనుమానపడుతున్నారు. ఉదాహరణకు ఆంధ్ర రాష్ట్రానికి ముఖ్యపట్టణం విషయంలోనే అపసవ్యంగా, అప్రస్తుతంగా ఆంధ్రజాతి వాంఛింపబడుతున్నది వ్యతిరేకంగా నిర్ణయాలు జరిగిన విషయం మనకు తెలుసును. ఆంధ్ర ప్రజలు రహస్య నిర్ణయాలు చేయుట వ్యతిరేకమైనవి. ప్రజలు వ్యతిరేకంగా ఉన్నా, ప్రభుత్వం పాత డేరుతో కర్నూలు రాజధానిగా నిర్ణయించడం, దానిని వినియోగించు కుని ఆంధ్రజాతిలో విభేదాలు రెచ్చగొట్టుటకు గురైనందున ప్రవారం చేస్తున్నారు. రాజీయే ఆంధ్ర రాష్ట్రంలో ప్రభుత్వం తన విధులను నిర్వహించగలదా అనే అనుమానం ప్రజలలో యుంది. ప్రజలలో అనుమానాలున్నప్పటికీ ఈ బిల్లులో ఆంధ్ర జాతి అభివృద్ధికి అవకాశాలు లేకపోయినామా ఈ నాడు సత్వరం ఆంధ్రరాష్ట్రం ఏర్పడాలనే ఈ బిల్లు బలకరపరచిన అవసరం ఉన్నదని గుర్తిస్తూ ఉన్నాం. భవిష్యత్తులో ఆంధ్ర ప్రజలు తమ హక్కులకొరకు పోరాడి రాష్ట్రం నిర్మించుకొనడమే కాకుండా, దేశ వ్యాప్తంగా చెల్లాచెందరైన ఆంధ్ర జాతిని సమీకరించి, హైదరాబాదు, మైసూరు, బెంగళూరు ఉన్న ముక్కోటి ఆంధ్రులు విశాలాంధ్రరాష్ట్ర సౌభాగ్యం కోడ్పడతారనే ఆశతో ఈ నాడు ఈ బిల్లు బలపరుస్తున్నాము. విశాలాంధ్ర సౌభాగ్యం దేశ వ్యాప్తంగా భాషా ప్రయుక్త రాష్ట్ర సౌభాగ్యం ఖునాదిగా ఈ బిల్లు తోడ్పడుతుందని ఈ బిల్లు బలపరుస్తున్నాము. ఆంధ్రరాష్ట్రం విడిచిపెట్టడం అంటే, సక్రమంగా అన్ని జాతులూ అభివృద్ధికావడం కోసం భాషా ప్రయుక్త రాష్ట్ర విభజన తోడ్పడుతుందని సోదరబంధు అర్థం చేసుకొని ఆంధ్ర జాతికి న్యాయం కలుగజేస్తారని కోరుతూ విరమిస్తున్నాను.”

* SRI V. R. NAGARAJAN:—“Mr. Speaker, Sir, I support the introduction of the Andhra State Bill and give my whole-hearted support to its safe and early passage in the House of Parliament. I would submit in this connection that the formation of the Andhra State is not any sudden development in this part of India, but it is only the natural culmination of a long-cherished desire on the part of our Andhra brethren who have been agitating for it for long. Sir, they have made many a sacrifice to attain their objective and all of us only feel glad and feel one with them at this happy result and we wish the new-born sister State all success. Speaking as I do on behalf of the Tamil Nad Toilers' Party, we, the Tamil people, would earnestly give our co-operation and sincere goodwill in whatever measure it is needed and however much we are capable of giving it. Still I do not want to fail to utter one of my personal feelings, namely, that it would not be very conducive to the growth of any country or any nation to go on sub-dividing itself. I do not say this either to discourage or lessen the great results achieved by our hon. Friends. But still I

[Sri V. R. Nagarajan] [14th July 1953]

say that this should not and need not be treated as a precedent and the people of our country should not go on agitating for similar things. Sir, before I would go to the other aspects of the formation of the Andhra State, I wish to submit that we, Tamilians, have had always a tender regard for our Andhra brethren. We have been moving too closely and very well indeed all these years because of a common administration. Ever since the Britisher was in charge of this country or in charge of the Province of Madras nearly for two centuries or so, we had been having only a common administration and we have been living all along a very happy and very friendly life. But anyhow the mechanics of politics have taken us somewhere else. We are certainly sorry to part with them, but the feeling that we part as friends gives us the necessary solatium that after the separation we are going to be a free population inhabiting the two contiguous States, the two sister States.

"One submission which I do not want to fail to make is about the constant criticisms or the charges levelled against some of the Tamil leaders and Tamil administrators. For, as a Tamilian, I would take the opportunity of humbly stating that none of our leaders from the Tamil areas would have wantonly or consciously practised any such partiality. If there has been any cause for complaint regarding such alleged partiality, it could have been only the natural results of a vast administration of large tracts of land. It is always very difficult to administer large areas under one Government. It may be that in some places or on certain occasions some of the requirements of the Andhra parts have not been carefully looked into or have not been managed to the satisfaction of our Andhra friends. But on that account it should not be said that we were really negligent or we did not want to be good to them. In support of this contention of mine, I would submit that there are still parts in Tamil Nad itself some of which are as bad as the Andhra parts. There is a Rayalaseema in the Tamil Nad also. If we look at the conditions prevailing in some of the districts like Ramanathapuram, Coimbatore, South Arcot or North Arcot, or even parts of Chingleput or Salem, things do not compare any way better than what we see in the Andhra Rayalaseema area. I would say, Sir, that these areas need considerable improvement and have got to be protected with greater care and attention by the future Tamil administrators. So the position reduces itself to this, namely, that no Tamil administrator or no great leaders of Tamil Nad have ever wantonly or with a view to make distinctions between one part of the State and another, done anything. Sir, I would make one more submission. The greatest tribute that our Andhra friends can pay to the composite Madras Government or to any of the Tamil administrators who would have had a hand in the origin and development of the Tungabhadra Project would be for them to remember for ever this mightiest result in the composite administration. Not a drop of water from the Tungabhadra Project does Tamil Nad get. All the waters go for the sole benefit of the Andhra areas. This is a matter for which the Andhras should be grateful to us."

[Sri V. R. Nagarajan] [14th July 1953]

"While we feel happy with our Andhra friends on the formation of the Andhra State, we feel somewhat agitated over the Tamilian movement in the border areas of Chittoor district. Regarding this movement, I venture to submit that a small fire has been kindled by that agitation. The agitation has been called off at the right moment, thanks to the timely announcement of the Prime Minister of India about the certainty of the appointment of a Boundary Commission. We hope, Sir, that that expectation would be fulfilled very soon, that the Boundary Commission will deal impartially with both points of view and that we will get justice from that body. I have had many Andhra friends and I have been one of them for a period of one year till recently. I may make particular mention of the hon. Members Sri T. Prakasam and Sri T. Viswanatham with whom I have had the good luck and opportunity of moving very closely. Knowing them as I do, I do not think they will grudge giving us the preponderatingly Tamil-speaking areas when the time comes."

"With these words, I submit that the motion moved by the Hon. Chief Minister may be taken into consideration. Let us hope that the Andhra State Bill may find an easy and quick passage through the Houses of Parliament so that the State may be set up on the 1st of October 1953 to satisfy the great aspiration of our Andhra Friends. Thank you, Sir."

* SRI P. S. KRISHNASWAMI AYYANGAR :—"Mr. Speaker, Sir, I support the motion. Every one of us says that we should part as friends. My desire is that we should not part as friends but that we should continue as friends. To remind us of our past joint life, there should be some link to connect us, however frail that link may be. For forging such a link, I will make a suggestion. Some may think that it is an odd suggestion. But all the same, the urge in me to remind us of our past joint life drives me to make the suggestion. There should be some provision in the Bill to serve as a remembrancer of our having lived long as members of one joint family. For that purpose I would suggest the incorporation of a provision to the effect that the election of the Speaker and Deputy Speaker of the Madras State should be held in the capital of the Andhra State and that the election of the Speaker and Deputy Speaker of the Andhra State should be held in the capital of the Madras State. During the time of the elections at least, we shall be reminded of our past joint life. More intelligent brains may suggest some other way of perpetuating our past joint life. One other way suggests itself to me. The Governor of the Madras State may be chosen from the citizens of the Andhra State and the Governor of the Andhra State may be chosen from the citizens of the Madras State. We should not think only of perpetuating the memory of such brotherhood some link on the lines suggested by me should be forged. With these words I resume my seat."

రుద్ధబానడం చాలా అన్యాయమని మనవిచేస్తున్నాను. ఈ విధానం చాలా అక్రమమైనట్లునంటిది. అన్యాయమైన అప్పలను ఆంధ్ర ప్రజలపై రుద్దడం, ఆంధ్రలో దుర్భాగపరిస్థితులను కల్పించే యత్నం ఇది ప్రభుత్వంవారికి భావ్యమైన విషయం కాదు. ఈనాడు తమిళనాడులో అభివృద్ధి కార్యక్రమాలు హెచ్చుగా అమలుజరుగుచున్నాయి. ఆంధ్రదేశంలో అట్టి ప్రయోగాలను అనుమతించటానికి యీ ప్రభుత్వం పూనుకోలేదు. ఈ విషయం అందరకు తెలిసినట్లునంటిది. యదార్థ పరిస్థితులను దృష్టియందుంచుకొని అస్త్రే అప్పలవిభజన చేయడం న్యాయం. విఠ్ఠల్ ప్రాంతానికి అన్యాయం జరగకుండా చూడడం యీ ప్రభుత్వంవారి బాధ్యతయిస్తుంది. కాబట్టి ఈ విషయాలను సమగ్రంగా పరిశీలించి యీ బిల్లులోని ప్రాజులకు అవసరమైన సవరణలను అంగీకరించవలసిందని ప్రభుత్వంవారిని గోరుతున్నాను.

“ఇక తుంగభద్ర ప్రాజెక్టు విషయం గమనించండి. ఈ ప్రాజెక్టు నిర్మాణానికి అయిన ఖర్చు మొట్టమొదట ఆంధ్రులే భరించవలసివుంది. అయితే అట్టిబరు ఒకటవ తేదీనంచి యీ ప్రాజెక్టు నిర్మాణం, నిర్వహణబాధ్యత ఆంధ్ర మైసూరు ఉభయ ప్రభుత్వాలపై పెట్టబడింది. ఈ సదిజలాలను ప్రాజెక్టువల్ల ఉత్పత్తిచేయబడే విద్యుత్తు క్లిని ఫలప్రభుత్వాలు సమగ్రమయి చంపకంచేసుకోవాలని యీ బిల్లులోవుంది. అయితే మొదటి మాడు సంవత్సరాలలోగా ఆంధ్ర, మైసూరు ప్రభుత్వాలు ఒక ఒప్పందానికి రాలేకపోయినట్లయితే, యీ తుంగభద్ర సదిజలాల, విద్యుత్తు కేంద్రక విషయంలో భారతదేశ అధ్యక్షుడు తుదితీర్పు ఇవ్వవలసివుంది. అట్టిబరు 1 వ తేదీ నుండి దీని నిర్వహణ ఎవరి చేతులలో ఉంటుందో చెప్పబడలేదు. ఇందువల్ల ఆంధ్ర దేశానికి ముఖ్యంగా రాయలసీమకు అవకాశముజరిగే అవకాశంవుంది. తుంగభద్ర ప్రాజెక్టు ప్రధానంగా రానులసీమను అభివృద్ధిపరచటానికి ఉద్దేశించబడింది. ఈ విషయాన్ని విస్మరించరాదు. తుంగభద్ర ప్రాజెక్టు నిర్వహణ ఇప్పుడే యీ అసెంబ్లీచేత ఒక కమిటీని నియమించడం అవసరము. ఈ విషయమే ఈ బిల్లులో స్పష్టమైన సూచనలేదేలేదు. అందువల్ల ఉత్తర్రా ఆంధ్రులకు అన్యాయం జరుగవచ్చు. అందుచేత ఈ ప్రాజెక్టు నిర్వహణవిషయమే ఒక సవరణను అంగీకరించవలసిన మనవి చేస్తున్నాను. ఆంధ్రులు ఇంతకాలంగా కోరుతున్న ఆంధ్రరాష్ట్ర నిర్మాణానికి సంబంధించిన ఈ బిల్లును బలపరుస్తూ, ఆంధ్రకు ఎటువంటి అన్యాయము జరుగకుండా చేసే నిమిత్తం అవసరమైన సవరణలను కేంద్ర ప్రభుత్వంవారు అంగీకరించునట్లు చేయటమే కృషిచేయవలసిన మొదటి విరమిస్తున్నాను.”

* SRI M. R. APPA RAO :— Mr. Speaker, Sir, the introduction of this Bill to-day by our Chief Minister in an epoch-making event, just because nearly after forty years we are having the Andhra State, which has been the aspiration of nearly three crores of people. When we ponder over the struggles, the tribulations and the difficulties through which the people had to pass, it is really awe-inspiring and appalling. But still when the real event—the formation of the State—is nearing, and when it is about to come into existence, the spirit of the people to-day seems to be very quiet and free from any animosity or adversity. It is really a great thing to be able to pass this Bill without any controversy from any quarter whatsoever and with extreme goodwill and brotherhood. When we go into the history of the struggle, it will be seen that it began a long time back. In 1913 a few people met together and thought of agitating for this Andhra State. Since then we have

[14th July 1953]

[Sri M. R. Appa Rao]

been urging this demand in the Congress and on various other public platforms. After India became independent, we really began to press our great demand and fight for the Andhra State. There are some misapprehensions among some people—non-Andhras—that the advent of the Andhra State may narrow the vision of Andhras, and that they may not care for the bigger unity, which is India. Mr. Speaker, I must submit that the reason for not getting the Andhra State till now is that the Andhras felt that the Independence of India should come first and the formation of the Andhra State next. Though States like Orissa and Sind got their aspirations fulfilled earlier, we the Andhras placed the Independence of our nation first and concentrated all our effort on that issue. That is why until the 15th August 1947, when India became independent, we were not really very anxious for the formation of the Andhra State. This shows that we Andhras are not less patriotic in our endeavour or national feelings than anybody. After all, the question of linguistic States is agitating the minds of many people, and I do not think there is any fear on that score, because once we form cultural units, economic and administratively convenient units (which are none other than linguistic States), the future of India will be very great indeed. I do not think that if we divide India on linguistic lines, the present States will become smaller. On the other hand, the States which are many in India now would be reduced to one-third or one-fourth of their number. If we form States on linguistic lines, namely, Hindi, Telugu, Maratti, etc., probably we would not have more than five or six States in the whole of India. This linguistic division of India would conduce to efficient administration much more than any other division in such a big country as ours. With adult franchise, good administration cannot be carried on without the people knowing and understanding each other, and without the people being able to follow the things that are being done by the Government. This is no doubt a great occasion for joy and rejoicing. All the same, this is tempered by the memory of the sacrifice of the great Martyr Sri Potti Sriramulu. Though he sacrificed his life not for the Andhra State only, the Andhra State question had been the occasion only for the great demonstration of the truth expounded by our leader Mahatma Gandhi, who showed the power of non-violence and truth. Potti Sriramulu gave up his life for demonstrating the efficacy of truth and non-violence, and the question of Andhra State came in incidentally as a by-product thereof. We have passed through many difficulties, and when we are getting the Andhra State, it is proper to see that we solve the problem of boundaries of the Andhra State. As my friend Mr. Gopalakrishnaiah said, there are various disputes regarding the boundaries. In Orissa, we lost Berhampur and Koraput districts. The Andhras there want to come back to our State. Again if we take Mysore there are some Telugu areas in Kolar and Hosur. The people in some villages adjoining our States there want to come to us. Above all, there are the eight districts of Telangana to be included in Visala Andhra. When Visala Andhra is formed, we will have a big State comprising 20 districts. Of course the formation of the

[Sri M. R. Appa Rao] [14th July 1953]

Andhra State now is only the first step towards that end. Our development will then be very rapid. When that is done, the food problem of India can be solved by harnessing the great rivers, Godavari and Krishna. Only this morning we got the Khosla Committee report. When all the recommendations made therein are put into execution, what a glorious vision it opens up! The food supply in our country will then be not only sufficient, but, Visala Andhra will be able to export foodgrains to other countries. I have no doubt that when the Andhra State comes into being, we will be able to implement all these recommendations, and we will also be able to realize the dream of Visala Andhra and the economic development of our country so that there may be equality, liberty and also employment for all. We will develop rapidly, and we may show the way to the whole of Asia. Our future is bright and we will be able to solve the economic problems of our country. This is not the time for me to speak in detail, because other points will be mentioned by me when we discuss the amendments and resolutions. Sir, with these words, I resume my seat."

MR. SPEAKER :—" I have to make an announcement to the House. From to-morrow the Assembly will sit from 9-30 a.m. to 12-30 p.m. and from 3 p.m. to 6 p.m."

3-20 p.m. SRI PILLALAMARRI VENKATESWARLU :—" Sir, I rise to welcome this Bill, in spite of the fact that it has many defects, as it helps the realization of the long-cherished hope of the Andhra nation. As the hon. Member Mr. Appa Rao said, even though the Andhras had to struggle for the last 40 years, only to-day their struggle had resulted in the formation of the Andhra State. The Andhras never joined the imperialists to achieve their aim of a separate State. Only now we are getting this State formed. We find every support given to this Bill from all sides and from all parties in this House. Not only those who opposed the formation of the State from outside but also who opposed the formation of the Andhra State from inside the Andhra State are now supporting the formation of the Andhra State. That itself shows how the struggle could convert oppositionists provided the struggle is carried on effectively. This Bill is all the more welcome because we achieve the formation of the Andhra State after long and bitter struggles and after so many sacrifices made by so many people culminating in the death of Potti Sriramulu and ten others. Even now cases are pending against several of those who agitated for the formation of the Andhra State. It is they who have won the battle. But yet they are still kept in prison. I would like to take this opportunity to appeal to the Government to release all those who were convicted during the struggle for the formation of the Andhra State and to withdraw all those cases that are still pending against them. I hope the Government will concede my request.

" In this connexion, I would like to remind the House that this Bill has been moved by the Hon. the Chief Minister who, all the while, opposed the very principle of the formation of linguistic States and who dubbed the idea as a barbaric one. Even such a

[Sri Pillalamarri Venkateswarlu] 14th July 1953]

Chief Minister was forced to move this Bill. Of course, I entirely agree with the sentiments he has expressed, namely, that we need not go into the past and that with goodwill we may separate as members of a family that is going to be divided. I fully appreciate the sentiments expressed by him, but may I appeal to him—even though he is not present here, through his assistant, the Hon. Sri C. Subramaniam—to take this occasion to show his goodwill in action?

" The Hon. the Chief Minister has been saying very often that the separation of the State is just like the division of a joint family. One of the hon. Members of the Congress Party has also expressed the same sentiment. I fully appreciate the spirit behind it. But, at the same time, I would like to point out that the son who wants to separate from an unwilling father should not be treated harshly. Generally, in a joint family if the son wants to separate from the father and if the father is unwilling, then the son is treated harshly. I hope the Hon. Sri Rajagopalachari, the Chief Minister, will not adopt that principle and follow in the footsteps of the harsh father and treat harshly the son who wants to separate from the father. Now, all the sentiments which the Hon. the Chief Minister has expressed can be realized through the provisions of this Bill. But when we go through the provisions of this Bill, we are disappointed in that respect.

" Then, I hope the Hon. the Chief Minister who has moved the present Bill will go a step further and help the formation of other linguistic States also. As the Chief Minister of this State, he can do it by ceding those parts of this State which belong to Mysore and Malabar and help the formation of Aikya Kerala and United Karnataka States. That can be done at this stage, because the formation of linguistic States has become a reality. We know that we have achieved the Andhra State, not as a boon either from the Central Government or from the State Government, but after regular struggle and stiff battle. Now even the Central Government have to concede to some extent that linguistic States should be formed. Under these circumstances, I hope the Madras Government will also see that linguistic States are formed as far as the South is concerned. The formation of the Andhra State is now to be welcomed as a step towards the formation of Visala Andhra itself. Formation of Visala Andhra is being demanded not only by the Communist Party but by every other political party. Previously there were some who opposed the very idea of the formation of Visala Andhra. May be even now there are some who are lingering over it. But all the same, this has become a general demand of the Andhra people. Hence, the formation of the Andhra State will be construed as a step towards the formation of Visala Andhra and I hope that all the parties here will help us in that endeavour.

" Sir, from the beginning I was anxiously waiting to hear the Hon. the Chief Minister introducing the Bill. I thought he would make a long speech explaining all the provisions of the Bill and

[Sri Pillalamarri Venkateswarlu] [14th July 1953]

giving information to the House on the various aspects of the Bill. But nothing of that kind happened. On the other hand, he made a very unusually short and brief speech. Except the expression of a few sentiments, neither information nor explanation in regard to various points was given. If we, Members of the House, are to move amendments to the various clauses of the Bill or to express our opinions on the provisions thereof, we should know the actual budgetary position and the actual facts and figures about assets and liabilities. It is not easy for us, ordinary Members of the House, to collect figures from the budget estimates or other books and publications that are supplied to us. Particularly, it is a difficult problem for us to know how much is being expended from the general revenues on the different parts of the State. Till now not a single statement has been made either by the Government of Madras or by anybody else on this matter. We really want to know how much we are going to get and how the liabilities are going to be divided between the two States. Only general principles are enunciated in the Bill.

Talking on the general principles of the Bill, it is sufficient for me to say that most of the provisions express a spirit of vengeance on the Andhra people simply because they demanded and fought for the formation of the Andhra State. The Central Government are really unwilling to form the Andhra State. Everybody knows that. In spite of their unwillingness, we are achieving our aim. Perhaps, because of that, the Central Government are treating the Andhra people with a spirit of vengeance. If one studies the provisions of the Bill, particularly the provisions relating to the division of assets and liabilities and services, one will find that the Andhras are being treated very badly. In spite of the fact that the Andhra area is less developed when compared with any other part of the Madras State, only a step-motherly treatment is being meted out to the Andhra State. Perhaps even a step-mother would treat her step-son better than the Madras Government and the Central Government. Sir, before we take up consideration of the Bill clause by clause, we expect the Madras Government to come forward with a statement regarding the expenditure from the general revenues and how much development work has been carried out in different parts of the State. Or else, it will be difficult for us to understand the various provisions of the Bill. Moreover, I would like to know from the Hon. the Chief Minister what is the principle that has been followed in dividing the assets and liabilities between the two States. In regard to every item, we see that a different procedure has been followed and a different principle has been adopted. If we study the principles involved in the calculation of the amounts, we find that the Andhras are in a disadvantageous position. It can be proved when we take up the consideration of the Bill clause by clause. For all these reasons, we demand of the Madras Government to supply us with more information. For example, we know that there was a revenue surplus from the Godavari and Krishna areas. Then, in spite of the fact that the Krishna anicut is being washed away, it is not repaired. Such is the kind of development

[Sri Pillalamarri Venkateswarlu]
14th July 1953]

work that is being carried out in the Andhra area. As regards Rayalaseema, we are not able to eradicate famine from there. Of course, there have been successive Congress Governments, but I do not propose to blame anybody for this. To speak plainly, what was the attitude taken by the successive Governments of the Madras State in dealing with the Andhra problem?

“What was the attitude taken up by the Madras Government with regard to the Rayalaseema area? No doubt some of the Members from Rayalaseema occupy the Cabinet Benches to-day. Perhaps they are satisfied with that. But does anybody know the actual position with regard to the Tungabhadra and other projects in the Andhra area? Even now, I do not think the position is finalized with regard to these projects. Whereas many other schemes that were taken up in other areas after the Tungabhadra Project, have already been completed and the fruits are enjoyed by the people of those areas, to-day we find that a major portion of the benefits of this project is being claimed by the Mysore State. We do not know the exact position. The Madras Government is being run by the Congress Party and they have not done anything to alleviate the difficulties experienced by the people of the Rayalaseema and the Andhra area as a whole. If anybody undertook a tour of the Andhra districts, he will certainly gain this impression. While it is possible for the Government to furnish us with necessary details with regard to the various matters, they have not done so and I would like to know the reason for the same. There are many other points on which we would like to have full details, before we consider the Bill clause by clause.

“If we take up the question of services, we find that everything is being left in the hands of the President. I do not know why this should be so. We insist that all the posts in the new State should be filled up with Andhras even by giving promotions. Only if there was lack of Andhra personnel, we should take men from the residuary State. I am not making this suggestion with any ill motive. I am making this suggestion on the principle that it will be administratively convenient to carry on the administration in the new State in the language that is in force in the State. This will be possible only if the posts are held by Andhras. We insist that the provisions relating to this matter should be amended in such a way as to allow us to fill all our posts with Andhras as far as it is possible. As things stand at present, we strongly feel that grave injustice has been done to the Andhras even with regard to the division of services.

“I will now pass on to the question of the location of the High Court. After a certain time, even Mr. Sanjeeva Reddi will demand that the High Court should be located in the Andhra area itself. Now every party wants that the High Court should also be established in the Andhra area. As it is, a separate High Court will not be established in Andhra area on the 1st of October. Only after the Legislative Assembly passed a resolution recommending the establishment of a separate High Court for the State

[Sri Pillalamarri Venkateswarlu] [14th July 1953]

of Andhra, the President will take steps in that direction. Again, it is stated in the Bill that the High Court of Andhra will sit at such place in the State of Andhra as the Chief Justice may, with the approval of the Governor, appoint. The Andhra High Court must be separated immediately and the Andhra Legislative Assembly itself must decide the place where it should be located. Then only the wishes of the people can be satisfied. After all, we do not know who is going to be the Chief Justice and who will be the Governor. It will be quite undesirable to leave the question of deciding the place of High Court with them. We strongly oppose the principle of extended jurisdiction of the High Court. We demand that a separate High Court must be established on the 1st of October within the Andhra territory.

"I wish to say a few words with regard to the question of capital. Of course, hon. Members of the Andhra area had discussed this subject for nearly five days. During that discussion, every one expressed his opinion. After that debate many things had happened. Many people have gone and visited Kurnool. They have also seen for themselves the difficulties that have to be surmounted. When the Andhra State is expected to be a deficit State and when so much of money will have to be spent on projects, everybody feels now that it will be very difficult to develop Kurnool as the capital of Andhra. That is the real position to-day. I appeal to the hon. Members, particularly the Andhra Members, to change their opinion.

(Mr. Deputy Speaker occupied the Chair at this stage.)

"I want to tell them that we have got an opportunity to change our opinion while we consider the Andhra State Bill. Let us not lose that opportunity. To-day we find that every officer and every Andhra Minister for a matter of that, except perhaps the Hon. Minister for Local Boards, feel dissatisfied with the choice of Kurnool as the capital of the Andhra State. Similarly all the Andhra legislators also feel likewise. Here we have got an opportunity to change our opinion and suggest a convenient and suitable place for the capital of the State. We have already suggested that Vijayavada may be recommended for the location of the capital. I repeat that suggestion once again. Most of the non-Andhra Members do not know the correct position. I want to tell the hon. Members that the question of capital was not previously decided according to the Sri Bagh Pact. Even then, some of the Members suggested Visakhapatnam as an alternative place. So it is wrong to say that the issue was decided on the Sri Bagh Pact. I feel that it was decided with an entirely different motive. Several political and other extraneous considerations were brought to play at that time, and the whole matter was connected with the Sri Bagh Pact."

THE HON. SRI C. SUBRAMANIAM :—"Mr. Deputy Speaker, a decision had already been taken on the question of capital and the hon. Member had an opportunity to discuss the entire matter. Now it may be relevant to raise the issue with

[14th July 1953] [Sri C. Subramaniam]

reference to some clause in the Bill itself. I would like to respectfully submit that all the things mentioned by the hon. Member just now regarding the various provisions of the Bill at this stage are quite irrelevant. Even though he may not have much matter to speak, let him make only short reference to these things."

SRI PILLALAMARRI VENKATESWARLU :—"Sir, the Leader of the House has come forward to give me advice. All the same, he fails to understand the spirit in which the other Member speaks. That is the general and usual difficulty with him. I raised the issue of capital now, because most of the non-Andhra Members do not know the full facts. Moreover, after the decision was taken previously, so many other things have happened. Some officers and others have gone to that place and seen things for themselves. They now fully know the difficulties that have to be surmounted if Kurnool is to be the capital. That is why I want to give a complete picture to the whole House so that we can change our opinion for the better. I do not know why the Hon. Finance Minister does not want to allow us to change our opinion."

THE HON. SRI C. RAJAGOPALACHARI :—"I think the hon. Member has misunderstood the whole position. What Mr. Subramaniam was saying is that on the first motion that the Bill be introduced in Parliament we need not spend much time and that we may save time for the consideration of the clauses."

SRI PILLALAMARRI VENKATESWARLU :—"I was dealing only with general aspects. I was not referring to details relating to any particular clause. Even with regard to the question of assets and liabilities, I only touched on the subject and left it at that. I made certain remarks on a number of subjects in a general way so that the Government may give us full details with regard to those matters. We want facts and figures so that they may be helpful in our present discussion. Unfortunately, these are not forthcoming. The Hon. Chief Minister, as is usual with him, has given us only sermons and not details. In the absence of details, how can we discuss this Bill threadbare? I wonder if even the five Andhra Ministers know all the details. We are dealing with the fate of so many people. The people must understand the definite proposals contained in the Bill in greater detail. We, Members, would also like to have full information on a number of points mentioned by me so that we can have useful discussion on the Bill.

"That is why I am trying to impress upon the Cabinet that it is just and proper to give more facts as regards expenditure on the revenue account, expenditure on capital outlay, etc. If we have just a bird's eye view of the areas that will comprise the future Andhra State, we will find that they have not at all been developed. Everybody will accept that they have not been developed. What development has taken place in these areas is not development at all when compared to other areas in the State. Its development has been retarded. It is not what it ought to have

[Sri Pillalamarri Venkateswarlu] [14th July 1953]

been. Therefore, if information on these points has been furnished by the Government, it would facilitate the scrutiny of the various provisions of the Bill by hon. Members. Sir, when I deal with the issue of capital, I want to deal with the merits or demerits of the place. We have not favoured a particular place against another. We have no prejudice against particular cities or towns. All cities are ours and we wish that every town and every city had been developed. But they are not and we have our own plans and programmes to develop them. On the whole, therefore, we feel that the decision taken by the Andhra legislators on the question of capital was not correct and it has to be changed.

"Lastly, I come to the question of boundary commissions. Many hon. Members here feel strongly on the question of boundaries. We know the great agitation going on in Bellary and in Chittoor districts. All these questions can be settled if a boundary commission or commissions are appointed to go into the matter without wasting further time on questions of contiguity, etc. If we take this step, then all the issues connected with the boundaries could be easily settled and much of the controversy that we see will disappear. I hope on this question there will be general and unanimous agreement.

"Sir, I would like to conclude by saying that this Bill is to be welcomed and should be introduced forthwith in Parliament if the Andhra State should be formed by 1st October. There may be many difficulties here and there and our State may be a deficit one for some time. But all the same we are confident that our State will be an ideal State and that we will develop by all possible means. With these words, Sir, I support the motion moved by the Hon. the Chief Minister and perhaps this is the first and the last occasion when I support a motion moved by the Chief Minister."

* SRI PRAGADA KOTALAH :—"Mr. Deputy Speaker, Sir, 3.50 p.m.
this is an epoch-making event in the history of Andhra and a culmination of the great struggle carried on for over forty years.

[Sri Pragada Kotaiah] [14th July 1953]

To-day we have to remember the great leaders like Macherla Ramachandra Rao Pantulu, Desabhakta Konda Venkatappayya Pantulu, Desodharakha Kasinadhuni Nageswara Rao Pantulu, Nyapathi Subba Rao Pantulu and others, who led the struggle for the formation of Andhra for many years. Andhras were always in the forefront of the national struggle even at the cost of the formation of their State. Andhras would have not their State much earlier than Orissa but, it was stated, on account of the boycott of the Simon Commission organized by the Andhra leaders, the Simon Commission could not recommend the formation of the Andhra State then. Of course, many Andhras were Chief Ministers of the Madras State and many a time the question of forming an Andhra State came up before them. But nothing happened then. But Andhras have always had the faith that they would have their State not because of mercy of any one but because of their supreme sacrifices. The Indian National Congress proclaimed long ago their policy of formation of linguistic States. Accordingly, the territory of Andhra was recognized as a State for the purposes of the Congress organization. This act led to the belief that when a National Government was formed at the Centre, the Andhra State would automatically come into being. But unfortunately no mention was made about it in the Constitution of free India and thus frustration set in. And this caused the people to lose faith in their leaders and even in the National Congress itself. The defeat of the Congress in the last elections was to a large extent due to this frustration on the Andhra question. Then Swami Sitaram took upon himself the task of rallying round all Andhras and bringing pressure upon the Government of India to form a new State for the Andhras. His fast for over thirty days roused the people to the highest pitch and we all know about the intervention of Acharya Vinoba Bhave and the refusal of the Government to move in the matter. Under these circumstances, the fast, fatal fast, was undertaken by Potti Sriramulu. This Government which has introduced this motion to-day failed to intervene while Potti Sriramulu was fasting and he lost his life. Really, Potti Sriramulu was the symbol of courage and sacrifice of Andhras. It is only when Potti Sriramulu and several other young men had given up their lives that the great Nehru realized the urgency of the situation and moved himself to make a statement on the formation of Andhra State. It is really a pity that a National Government like the Nehru Government wanted the supreme sacrifice at their altar for doing a thing which was settled to be done. On the foundation of the supreme sacrifice of Potti Sriramulu, we are to-day building the Andhra State and it is both a joy and a sorrow for many of us. I do not know whether we have to rejoice over the formation of the State or to cry over the death of a great patriot. This Legislature, even before the present Motion was introduced, should have paid its homage to Potti Sriramulu who was responsible for this event of to-day by observing a few minutes' silence as a mark of respect to his memory and for the peace of his soul. But it has not done so. I hope at least the

14th July 1953] [Sri Pragada Kotaiah]

future Andhra Legislature would commence its proceedings with the observance of a few minutes' silence in memory of the great patriot, Potti Sriramulu.

"Sir, I wholeheartedly welcome this Bill. Of course there are many provisions to be modified in the Bill. It is really a bother to have a multi-lingual State with all its attendant complaints of favouritism and partiality towards one linguistic area or another. In the cultural, social, and political development of an area, language plays a great part and, therefore, regional homogeneity is necessary. I also realise that people in Madras State also—like Malayalees and Karnatakas—have to get their States. I also know that they have been assured of their States after the Andhra experiment proves successful. Therefore, the responsibility rests on the Andhra leaders and others to pave the way for the formation of other linguistic States in our country, particularly the Kerala and the Karnataka States. After all, we Andhras are getting our State with a few undisputed districts in the Madras State and there are many areas left over in Orissa, in Mysore, in Hyderabad and in Madras where a large number of Telugu people are living. Therefore, we will have to strive continuously to get all these Telugu-speaking areas within the fold of the new Andhra State so that the Visalandhra can be formed soon with Hyderabad as its capital.

"Sir, this Bill needs careful scrutiny because it is not a simple but complicated one. The Bill should have been scrutinized in the beginning itself by an all-party committee. I sincerely feel that the Madras Government committed a mistake in not appointing a committee with the leaders of all parties as members to formulate principles for the apportionment of the assets and liabilities of the Madras State as between Madras, Mysore and Andhra. Now, the Government should at least make available to this House the report of the official Partition Committee so that Members might know its contents in order to examine the provisions of the Bill, particularly of the Seventh Schedule, carefully.

"The Government should have at least published a white paper 4 p.m. explaining the provisions of the Bill, especially the implications of provisions contained in the Seventh Schedule as regards the apportionment of assets and liabilities. The House is now in the dark as regards the assets and liabilities that have to be divided. It is a wonder how to consider the provisions of the Seventh Schedule without facts and figures. I hope the Madras Government will make available the facts and figures regarding these provisions of the Seventh Schedule.

"The future of the Andhra State depends upon its financial strength and also upon able administration. But we are starting with a huge deficit. When partition is effected it must be done with equity and justice. Generally people say that men in power and in possession of property will do injustice to others. Therefore

[Sri Pragada Kotaiah]

I hope the Madras Government will not commit such a mistake with regard to the apportionment of the assets and liabilities to the Andhra State."

* DR. K. B. MENON :—“ Mr. Deputy Speaker, Sir, parting is never a happy one but that becomes much more so when that parting is a permanent one. I have never been an ardent advocate of linguistic States. I have never been so largely for political reasons. In a democracy votes are omnipotent and just as persons who command votes win in politics so also the States that command votes dominate in the politics of the country. I have a feeling that the South has always been handicapped in this respect. The Hindi-speaking population of our country being the largest will ever have a dominant position in the politics of our country. A State like the Uttar Pradesh commanding the largest number of votes will have the largest voice in the Parliament of our country. The South, that is the Madras State with 376 Members was one of the premier States in India. But with the amputation of the Andhra State we will dwindle to a minor position. This position can only be rectified by absorbing the smaller adjoining States like Travancore-Cochin on the one hand and Coorg on the other. Whether Madras would do it or not lies in the womb of the future. I hope that every effort would be made in that direction when the politics of the South may not suffer on that account.

“ Whatever opinions I may hold on the question of linguistic States as such, that does not mean that I have not the greatest goodwill for the new-born Andhra State. I wish the Andhra State have lot of problems, I have no doubt. But if she fights on as she has fought on with patience and persistence, I am quite sure that she will have no difficulty in solving them. She has made very good contribution. The people of Andhra and the Statesmen of Andhra have made very good contribution to the Madras State and I am quite sure they will be able to do the same to their own State of Andhra. I wish Andhra the best of luck.”

ఉపాధ్యక్షా, ఈ రోజున మనము ఆంధ్రరాష్ట్రం బిల్లును గురించి ఈ సభలో చర్చిస్తున్నామంటే ఇంకా ఆంధ్రదేశములో యావత్ ప్రజానీకం మనయందు దృష్టిని కేంద్రీకరించి చూస్తున్నదన్న మాట. అయితే ఈ బిల్లును ఈ సభలోగాని, పార్లమెంటులోగాని పాస్ చేసినంత మాత్రాన చేస్తున్నాను. మనం ఈనాడు బ్రిటిష్ ప్రభుత్వం దగ్గరనుండి స్వరాజ్యం సంపాదించామని అనుకుంటున్నాము. ఈ స్వరాజ్యం సంపాదించేముందు, యావత్ హిందూ దేశ ప్రజానీకమంతాకూడ స్వరాజ్యంపై మన కష్టాలన్నీ తొలగిపోతాయని సంతోషపడి ఎంతో ఆశతో ఎదురుచూస్తుండెదమని. కాని ఈనాడున్న పరిస్థితులుబట్టిచూస్తే, స్వరాజ్యం రాకముందే మనందెవని ప్రజానీకమంతా అనుకుంటున్నది. ఎందుకేనంటే, ఈనాడు విధంగానున్నా తీసిపోకుండా ఉండే విధంగా తయారైందని చెప్పవలసియున్నది. ప్రజలకు ఉపయోగపడేవిధంగా మన రాజ్యాంగ విధానంలో ఏ మాత్రము మార్పు కనపడకపో

లేదు. ఈ విధానాన్ని మనం మార్చుకోవలసియున్నది. అక్టోబరు 1 వ తేదీకి ఆంధ్ర రాష్ట్రం రాబోతున్నటువంటి ఈ సందర్భంలో ముఖ్యంగా ఆంధ్ర నాయకులందరు, అన్ని పార్టీలవాదులూ, ఆంధ్రరాష్ట్రాన్ని సుస్థిరంగా నెలకొల్పేందుకు అందరు కలిసి కృషిచేయవలసియున్నది. మనం స్వరాజ్యం సంపాదించినప్పుడు ప్రజానీకమంతా ఏ విధంగా తమ అష్టకష్టాలన్నీ తొలగిపోతాయని ఆశించిందో, ఆ విధంగా వారి కష్టాలను తొలగించే ఉద్దేశ్యంతో ఈ నూతన రాష్ట్రాన్ని మనం నడిపించవలసియున్నది. ముఖ్యంగా పేద ప్రజలకు మధ్యతరగతి ప్రజానీకానికి ఉపయోగపడే విధంగా మనం దీనిని నిర్మించుకోవలసియుంటుంది. పేద ప్రజానీకంయొక్క, మధ్యతరగతియొక్క కష్టాలను తొలగించి వారికి సుఖజీవితానికి హామీ ఇవ్వలేకపోయినట్లయితే, ఆంధ్ర రాష్ట్రంను వచ్చినామాతా ప్రజానీకం ఏమాత్రం దీనిలో సంతృప్తిపడదని మనవి చేస్తున్నాను. ముఖ్యంగా ఈనాడు ఆంధ్ర నాయకుల వైఖరిని బట్టి అలాగే ఏదైనట్లయితే ఆంధ్ర ప్రభుత్వం న్యాయంగా సుస్థిరంగా నడచుకోవడా అనే సందేహము కూడా కలుగుతుంది. రాజధాని విషయంలోగాని, మరతర విషయంలోగాని, ఏ విషయంలోగాని, మన నాయకుల వైఖరి చూచినట్లయితే మన దేశాన్ని అభివృద్ధి పరచే విధంగాను మన ప్రజానీకాన్ని సుఖంతోగా చేసేవిధంగాను, న్యాయంగాను లేకుండా, ప్రజలయొక్క హాగోగులను ఏ మాత్రం చూడకుండా వారి పదవులకోసము రాజకీయాలకోసము పాటుపడుతున్నట్లు స్పష్టంగా కనిపిస్తున్నది. ఈనాడు మనకు ఆంధ్రరాష్ట్రం వస్తున్నదంటే, అది మనకు ఏమాత్రం శ్రమపడకుండా ఊరక వస్తున్నదనికాదు. మనం ఎన్నో సంవత్సరాలుగా కష్టపడి అనేక త్యాగాలుచేసి, అనేక ప్రాణాలు అర్పించి సంపాదించుకొన్నటువంటిది ఇది. నిజంగా ఒకప్పుడు కాంగ్రెసు ప్రభుత్వం రాకముందు మన కాంగ్రెసు సంస్థ కాంగ్రెసు ప్రభుత్వంలో కాంగ్రెసు పరిపాలనలో ఆంధ్రరాష్ట్రంనుతోపాటు భాషాప్రయుక్త రాష్ట్రాలు తప్పక ఏర్పడ గలవనే హామీ యిచ్చింది. కాని ఈనాడు వాస్తవంలో చూచినట్లయితే భాషాప్రయుక్త రాష్ట్రాలను అడగడమే తప్పన్నట్లుగా చెప్పుతున్నారు. ముఖ్యంగా ఈ సందర్భంలో, ఈ ఆంధ్రరాష్ట్రం సంపాదనకై పోటీ గ్రామాలలోపాటు ఇంకా 15 మంది ప్రాణాలు అర్పించి, ప్రజల రక్తాన్ని ధారపోసినామనే విషయాన్ని మరచకూడదని మనవి చేస్తున్నాను. ఆ విధంగా సంపాదించుకొన్న ఆంధ్రరాష్ట్రాన్ని మనం ఈనాడు నిర్మించబోతున్నాము. అటువంటి ఆంధ్రరాష్ట్రంను రాబోతున్నటువంటి సందర్భంలో ఆంధ్ర నాయకులు, ఆంధ్ర ప్రభుత్వం, ప్రజలయొక్క, ముఖ్యంగా పేద, మధ్యతరగతి ప్రజలయొక్క అవసరాలను, వారి సుస్థులను దృష్టిలో పెట్టుకోకుండా, పదవుల కోసము, స్వార్థకరత్వం కోసము ప్రయత్నించడమంటే, నిజంగా ఈ రాష్ట్రమునకై ప్రాణాలు నైతం త్యాగం చేసినటువంటి ఆ వీరసింహులులకును, ఆంధ్ర ప్రజానీకాని కంతటికిని, దేశానికిని ద్రోహము చేసినట్లేనని ఎవరెలసియుంటుంది. ఆ విధంగా చేసినట్లయితే మనం ఎప్పుడో ఒకమాటు ఆంధ్ర ప్రజానీకం ముందు ముద్దాయిలుగా నిలువబడాలని అవసరం ఏర్పడుతుందని మనవిచేస్తున్నాను. కనుక ఈనాడు మనం ఆంధ్రరాష్ట్రాన్ని నిర్మిస్తున్నామంటే, ముఖ్యంగా పేద, మధ్య ప్రజానీకంయొక్క అవసరాలను దృష్టిలోనుంచుకొని వారియొక్క సుఖజీవితానికి హామీ ఇవ్వగలిగినట్లయితేనే, మన ప్రభుత్వం న్యాయమైనటువంటి ప్రభుత్వమని అనుకుంటున్నట్లయితే ఆంధ్రరాష్ట్రంయొక్క ఉపయోగాన్ని ప్రజలు అనుభవించగలరని మనవిచేస్తున్నాను. కనుక మన నాయకులు ఆ విధంగా న్యాయంగా నడుచుకొంటారని ఆశిస్తున్నాను. అయితే ఈ ఆంధ్రరాష్ట్రాన్ని నిర్మించి విషయంలో దానికి రాజధానిని నిర్ణయించినప్పుడు మనం చాలా తప్పుబడుగా వేళామని నేను ఉద్దేశపడుతున్నాను. నేనేకాదు. ప్రజానీకమంతా ఆ విధంగా అభిప్రాయపడుతున్నారు. ఆంధ్రరాష్ట్రం వస్తున్నదంటే,

దానికి రాజధాని నగరం మధ్యస్థలంలో ఆంధ్ర దేశానికి నడిబొడ్డుగా ఉండగలదని ఆంధ్ర ప్రజాసేవకులకు అనుకూలమైనది. ఇప్పుడు మద్రాసు రాష్ట్రంలో ఈ మద్రాసు పట్టణం దూరంగా ఉండటంతో ప్రజాసేవకులకు అందుబాటులో లేదు. ప్రజలు ఎవరైనా ఒక మంత్రిగారిని చూడాలని వస్తే ఎంతో డబ్బు ఖర్చు పెట్టుకొని మంత్రిగారిని దర్శించుకోవలసివస్తుంది. ఆంధ్రరాష్ట్రం వస్తే అటువంటి బాధ లేకుండా ఉంటుందని ప్రజలు ఆశించారు. ఆంధ్రదేశానికి నడిబొడ్డుగా ఉన్నటువంటి విజయవాడ రాజధాని కాగలదని అనుకున్నారు. ఒకవేళ విజయవాడను కమ్యూనిస్టులు స్వాధీనం చేసుకుంటే అది ఉండకూడదనడంతో అందరికీ అందుబాటులో ఉండటంతో ఇంకొక పట్టణాన్ని రాజధానిగా నిర్ణయించి ఉండవచ్చును. ఆ విధంగా చేసియుండి నల్లయిల్లే, ప్రజలకు అన్ని విధాల ఎంతో అనుకూలంగా ఉండేది. వారు కావాలి నప్పుడు మంత్రులలో రెండు కమిటీలు వెళ్ళుకోవడానికి సులభంగా ఉండేది. ఆ విధంగా జరుగుతుంది అంటే ఆశించాము గాని మన ఆంధ్ర నాయకులు ఆ ఆశను నిరాశ చేశారని మనవి చేస్తున్నాను.

“ఈనాడు ఏర్పాటు కాబోయేటువంటి ఆంధ్ర రాష్ట్రంలో కూడా, నాయకులలో కొంతమంది వారియొక్క స్వార్థములు కొరకున్నా, ప్రభుత్వంలో పదవులు సంపాదించుకొనుట కొరకున్నా, అశ్రమపడుతున్నారని ఆంధ్ర ప్రజాసేవకులకు అంతయు అనుకుంటున్నారు. ఇదే నిజమైతే రాజధాని ఆంధ్రరాష్ట్రం ఆంధ్ర రాష్ట్రం కాదు, రాక్షస రాజ్యము రాజీతున్నదని ప్రజాసేవకులకు తెలిస్తున్నారని సభ్యులకు హెచ్చరిక చేస్తున్నాను. అందుచేత యిప్పటికైనా, సభ్యులందరూ పునరాలోచించి మన ఆంధ్ర రాజధానిని ఎక్కడో మారుమూలన ఏర్పాటు చేయకుండా ప్రజాసేవకుల కందరికీ నడిబొడ్డులో ఉండటాన్ని ఏర్పాటుచేయమని ప్రజలు కోరుతున్నారు. హోళిర్లు విజయవాడలోనూ, ముఖ్యంగా ప్రజలందరికీ నడిబొడ్డుగా ఉన్నటువంటి విజయవాడలోనే ఏర్పాటు చేయాలని ప్రజలందరూ వాదించుచున్నారు గాన విజయవాడలోనే రాజధాని హోళిర్లు రెండున్నా యేర్పాటు చేయమని సభ్యులకు మరొకదా మనవి చేస్తున్నాను. కారణమేమిటంటే వేద రైతాంగానికి ప్రజలకు రాజధానియైతూ, హోళిర్లు ముఖ్యవశ్యకములైనవి గనుక, యిది రెండున్నా అందుబాటులో లేకపోతే, అనేక కష్టనష్టాలకు గురికావలసి వస్తుందని ప్రజలు భావిస్తున్నారు. ఇప్పటికప్పుడే, ఆంధ్రరాష్ట్రం వచ్చిందో లేదో కాని, స్వార్థపరులైనటువంటి వన ఆంధ్ర నాయకులు కొంతమంది ఆంధ్రులలో అనేకమైన భేదాభిప్రాయాలు కలిగించి ఉద్దేశాలను రెవ్వకొట్టుతున్నారని సభ్యులు గ్రహించాలి. ఈ అభిప్రాయ భేదాలలోనూ రాయలసీమ వారిని, సర్కారు వారిని రెండు పక్షాలుగా చేస్తూ ఉద్దేశాలను అవేశాలను కలిగించి విభేదాలకు దారి తీస్తున్నారు. ఈ విధంగా జాతి విభేదాలను లేవదీస్తే, ఆంధ్రరాష్ట్ర పరిపాలన సుస్థిరంగాను, స్థిర స్థాయిగాను జరగకుండా ఎదో విధమైన తగాదాలతో ఉండి పోతుందని మనవిచేస్తున్నాను. ఇంతవరకున్నా రాయలసీమ వారున్నా, సర్కారు వారున్నా, వివిధమైన తగాదాలు, విభేదాలు లేకుండా ఒకరినొకరు సహకరించుకుంటూ వస్తున్నారని అట్లాంటిది యీ ఆంధ్రరాష్ట్ర పరిపాలనలో పదవుల కొరకు వేద ప్రజాసేవకుల కలతలు మన నాయకులు కలిగించుచున్నారు. నిజంగా ముఖ్యంగా రాయలసీమ, సర్కారు జిల్లాల మధ్య వేద ప్రజాసేవకుల, ఎక్కడను కూడా విభేదాలు, జాతీయ వైషమ్యాలు లేకుండా ఉన్నాయి. అట్లాంటి తగాదాలు యింతవరకు ఎక్కడ కనిపించలేదు. ఇటువంటి తగాదాలు పెట్టేది మన నాయక శాఖలు మన తప్ప మరెవరూ కాదని నిర్ధారణపడుచున్నది. వీరు రాయలసీమవారని,

వీరు సర్కారు జిల్లాల వారిని విభేదాలు కలిగించలేకాని, నాయకులకు పదవులు సంపాదించుకొనుటకు సాధ్యపడదనే ఉద్దేశ్యముతో ప్రజలలో యీ విభేదాలు కల్పించుచున్నారు. పదవుల కొరకు యీ తగాదాలు ఏర్పాటుచేస్తున్నాం. ఇటువంటి తగాదాలు ఎందువల్ల ఏర్పడుచున్నవో వేద, మధ్య తరగతి ప్రజాసేవకుల గుర్తింపక పోకుంటే. తగాదాలు పెట్టిన నాయకులకు సరియైన గుణ పాతము ప్రజలే చెబుతారని హెచ్చరిస్తూ విరమిస్తున్నాను.”

*SRI S. NARAYANAPPA :—“అధ్యక్షా, ఈ సమయంలో ఆంధ్ర రాష్ట్ర బిల్లు ప్రవేశపెట్టడం ముదాపనం. అయినా ఇందులో దుశ్చిత్రమైన విషయాలు చాల ఉన్నాయి. ఆంధ్ర రాష్ట్రం అవతరించే ఈ సమయంలో శాసన సభ్యులు మిత్రులు ఎందరో చరిత్రను ఉద్ఘాటించారు. తిరిగి తిరిగి చరిత్రను ఉద్ఘాటించడంవల్ల వీమీ లాభంలేదు. రాజీయ ఆంధ్ర రాష్ట్రం చిన్నాభిన్నమై ముక్కలు ముక్కలై పర్వతతోందన్న విషయంలో మాత్రం అందరు ఏకభవిస్తున్నారు. అయినా వచ్చే రాష్ట్రాన్ని లీసుకొని దాన్ని చక్క చేసుకోవలసిన శాశ్వత ఆంధ్ర శాసనసభ్యులు నాయకులపై శ్రద్ధ ఉంది. ఈ బిల్లులో ఎన్నో అంశములు వున్నాయి. కేంద్ర ప్రభుత్వంవారు ఈ బిల్లును ద్రావ్వు చేసినపుడు ఒరిస్సా రాష్ట్రాన్ని ఏర్పాటుచేసినపుడు గమనించబడిన కొన్ని ముఖ్య అంశాలను దృష్టిలో భ్రంశుకన్నారని బిల్లును చదువగా గోచరమగుచున్నది. అయితే 1949-50 పార్లమెంట్ కమిటీవారి సూచనలే ఎక్కువ భాగం ఉండులో పొందుపరచబడినట్లున్నాయి. అయితే 1949-50 పార్లమెంట్ కమిటీ వారి సూచనలు తయారై ఇప్పటికి చాలాకాలమైనది. అధిక పరిస్థితులు ఎన్నో మారి నాయి. కొత్త పన్నులు విధిస్తున్నాము. సరిహద్దు సమస్యలు చాలా క్లిష్టతరంగా పరిణమించాయి. వీటన్నింటినీ చూస్తూవుంటే చాలా ఆందోళనకరంగాను భయోత్పాతం గాను వుంటోంది. ఎంత ఆందోళనకరంగావున్నా, ఎన్ని సందేహాలు ఏర్పడినా రాష్ట్రాన్ని తప్పక లీసుకోవలసిన పరిస్థితి ఏర్పడింది. ఈ బిల్లును అందరూ తప్పనిసరిగా సమర్థిస్తూనే కాని మృదయపూర్వకంగా కాదని నా అభిప్రాయం. ఇప్పటినుండి అయినా ఆంధ్రదేశాన్ని వీలుకునే భాగ్యం లభిస్తున్నది అనే ఆశాభావాన్ని మాత్రమే వెల్లడిస్తున్నాను. సరిహద్దు విషయంలో కొంత ప్రసంగించక తప్పదు. బల్లారి తాలూకాను మైసూరు రాష్ట్రంలో చేర్చినట్లు కేంద్రప్రభుత్వంవారు ప్రకటించారు. అయితే అక్కడ ఆంధ్ర ప్రజలు కోరుతున్నది ఆంధ్రులు ఎక్కువగా వుండే బల్లారి తాలూకాలోని బల్లారి, రూపనగుడి, మొక ఫిర్కాలు మాత్రం ఆంధ్ర రాష్ట్రంలో చేరాలన్నదే. మిగతా బల్లారి జిల్లా మైసూరులో చేరినా కరవాలేదు అని ఆంధ్ర నాయకులు ముక్తకంఠంతో చెబుతూవుంటే వారి మొర వినేవారు లేరు. చిత్తూరులో కొన్ని ప్రాంతాలు తమిళ ప్రాంతంలో చేరవలసిన సందర్భంలో, తిరుత్తనీలో అల్లరులు జరిగినాయి. వెంటనే భారత ప్రభావ మంత్రి ఆ విషయంలో సరిహద్దు నిర్ణాయక సంఘం ఏర్పాటు చేయబడుతుందని చెప్పారు. బల్లారి ప్రసక్తి అందులో లేదు. బల్లారి విషయంలో ఒకాయన ఉపవాసం చేస్తున్నాడు. 21 రోజులు గడిచిపోయినాయి. 21 రోజులలోపుగా బల్లారి విషయం పరిష్కారం కాకపోయిన ఆమరణ ఉపవాసం చేస్తానని ఆయన అంటున్నాడు. పొట్టి శ్రీరాములుగారి ఆత్మ బలిదానంతో ఏర్పడే రాష్ట్రం ఇంకా ఎన్ని ఆత్మలను బలి తీసుకుంటుందో అని భయం వేస్తోంది. ఈ సందర్భంలో ప్రభుత్వంలో వుండే పెద్దలు, నాయకత్వం వహించిన నాయకులు సమగ్రంగా యాచించి విష ఫలితాలకు దారి లీయకుండా పరిస్థితులను చక్కదిద్దవలసిన అవసరం వున్నదని నేను మనవి చేస్తున్నాను. ప్రజావాక్యం ప్రకారం బల్లారి భవితవ్యం నిర్ణయం కావాలని బల్లారి ఆంధ్రులు కోరుతున్నారు. ఇది న్యాయమైన కోరిక. సబబైన కోరిక. ఆ ప్రాంతంలో వుండే ప్రజలు మైసూరులో చేరడానికి ఇష్టపడితే వారికి విలాంటి అభ్యంతరంలేదు. లేక తెలుగు ప్రాంతంలో చేరడానికి ఇష్టపడితే అలా చేయవలసి వుంటుంది. ప్రభుత్వంవారు కూడా ఈ విషయాలను గమనించి బిల్లుకు సవరణలను ప్రతిపాదించినప్పుడు ఈ విషయాన్ని పొందుపరిస్తే బాగుంటుంది అని మనవి చేస్తున్నాను. తరువాత ఆస్తి అప్పల విషయాలు ఎన్నో వున్నాయి. అన్నదమ్ములు విభాగాలైనప్పుడు అన్నగాని, తమ్ముడుగాని మంచి భాగం, సారవంతమైన భూమి లీసుకుని, రెండవవానికి మట్ట భూమి లేక వదిలి భూమి ఇస్తే, అటువంటి తగాయ

దాను పంచాయతీ మూలంగా పరిష్కరించడం జరుగుతోంది. సారవంతమైన భూమి తీసుకున్నందుకు అదనంగా ఇంత మొత్తం ఇవ్వవలెనని చెప్పి పరిష్కారం చేయడం జరుగుతుంది. అదే విధంగా ఆస్తి అప్పుల వంతుకం విషయంలో సవ్యమైన పద్ధతులూ పరిష్కారంచేసి కేంద్ర ప్రభుత్వానికి సిఫార్సు చేస్తే ముందు ముందు ఆంధ్ర రాష్ట్రం వాగుతుంది కాని కేవలం రాష్ట్రం వచ్చినంత మాత్రాన ఆంధ్రులకు ఆకాశాన్నం చిడి పడేది ఏమీలేదు. ఆంధ్ర రాష్ట్రం ఆనేక చిక్కలతో వస్తున్న సంగతి అందరికీ తెలుసు.

“ఇక తుంగభద్ర ప్రాజెక్టుకు సంబంధించిన విషయం తీసుకుందాము. అన్ని విధములా వెనుకబడి, డ్రైవుదేవతకు నిలయమైఉన్న రాయలసీమను అభివృద్ధిపరచుటకే ముఖ్యంగా ఈ తుంగభద్ర ప్రాజెక్టు ఉద్దేశించబడినది. ఈ ప్రాజెక్టు నిమిత్తం ఇంతవరకు దాదాపు 20 కోట్ల రూపాయలు వెచ్చించబడినది. అయినప్పటికీ ఈ నాడు ఆ ప్రాజెక్టు ఉన్నప్రాంతము మైసూరు సుధానములూ చేర్చవలెనన్నారు. ఇందువల్ల ఆంధ్రకు, ముఖ్యంగా రాయలసీమకు విశేషమైననష్టం కలుగగలదని మనవిచేస్తున్నాను. ఆంధ్రరాష్ట్ర విభజన జరుగునప్పుడు తుంగభద్ర ప్రాజెక్టు నిమిత్తం ఖర్చుచేయబడిన మొత్తం మొదట ఆంధ్రరాష్ట్రానికి ఖర్చుచేయబడినట్లు చూపబడవలెనని ఈ బిల్లులో ఉంది. ఆంధ్రరాష్ట్రం విర్వడినతరువాత ఆంధ్ర, మైసూరు ప్రభుత్వాలు రెండూ ఈ ప్రాజెక్టు విషయమై ఒక ఒప్పందానికి రావలెనని, ఆ ఒప్పందం ప్రకారం తుంగభద్ర నదీజలాలను, విద్యుచ్ఛక్తిని, పంచుకొనవలెననికూడా ఈ బిల్లులో ఉంది. ఒకవేళ ఈ ఉభయ ప్రభుత్వాలవారు ఒక అంగీకారానికి రాలేకపోయినట్లైతే భారతదేశ అధ్యక్షులవారి తుదినిర్ణయం ప్రకారం తుంగభద్ర ప్రాజెక్టు నిర్వహణ జరుగవలసిఉంది. ఇటువంటి విధానంపై ఆంధ్రులకు కష్టంసంభవించవచ్చుననేభయం రాయలసీమ ప్రజలలో విర్వడిఉంది. ఈ బిల్లులోని క్లాజుల ప్రకారం యికముందు తుంగభద్ర ప్రాజెక్టు నిర్వహణ ఎలాదరావదు, మైసూరు, ఆంధ్రప్రభుత్వాలదే ఉంటుంది. అందువల్ల యీ ప్రాజెక్టును అభివృద్ధిపరచటానికి తుంగభద్ర ఎగునకాల్యము విర్వించి రాయలసీమను కరువుకాలుకాలనుంచి శాశ్వతంగా విముక్తి చేయటానికి ఎట్టి అవరోధాలులేకుండా మనము ఆ ప్రయత్నంతో మొగవలసివుంది. ఆంధ్ర సభ్యులందరు యీ విషయాన్ని గమనించి ఆత్యంత శ్రద్ధతో సవరణలు పంపులు అగత్యము లేనదని మనవి చేస్తున్నాను.

“ఇక హైకోర్టు విషయం గమనించండి. ఆంధ్ర రాష్ట్రం విర్వడిన తర్వాత ఆంధ్ర శాసనసభ్యులు ఆంధ్రరాష్ట్ర హైకోర్టును ఏర్పాటు చేయవలెననే కోరిక నిర్ణయించ వలెనని ఉన్నది. అయితే హైకోర్టు స్థలనిర్ణయం, గవర్నరుగారి అంగీకారంతో Chief Justice చేయవలెనని చెప్పి బిల్లులోవున్నది. ఈ విధంగా హైకోర్టు స్థలనిర్ణయం అధికారుల చేతులలో ఉండడం ఎంతమాత్రం భావ్యంకాదు. హైకోర్టు ఎవ్వరు వుంచవలెనో ఆంధ్ర శాసనసభ్యులే నిర్ణయించవలసినదని ఆంధ్రప్రజలు కోరుతున్నారు. ఆంధ్రరాష్ట్రం ఏర్పాటుకొన్నప్పుడు ఆంధ్రదేశంలోనే ఆంధ్ర హైకోర్టు నిర్మాణం జరగవలెనని ఆంధ్రప్రజానీకం కోరుతున్నారు. ఇది చాలా సమంజసమైనటువంటి విషయం కాబట్టి ఆంధ్ర శాసనసభ్యుల నిర్ణయానుసారంగా ఆంధ్ర హైకోర్టు ఆంధ్ర ప్రాంతంలోనే ఏర్పాటుచేయాలనే అంశాన్ని యీ బిల్లులో పొందుపరచడం అత్యవసరమని నేను అనుకుంటున్నాను.

“ఇక కర్నూలును రాజధానిగా నిర్ణయించడం విషయమై కొందరు విమర్శిస్తున్నారు. కర్నూలును రాజధానిగా వదిలి నాయకులు ఉదారబుద్ధితో ప్రవర్తించారు. వెనుక

బడివున్న రాయలసీమ ప్రాంతాన్ని అభివృద్ధి పరచడానికి వోహదమిచ్చే నిర్ణయాన్ని నాయకులు చేసినందుకు రాయలసీమ ప్రజానీకం చాలా సంతోషించుచున్నారు. ఇదివరలో ఉత్తర సర్కారు రాయలసీమ ప్రాంతాల నాయకుల ఒడంబడిక ప్రకారం మన ఆంధ్ర శాసనసభ్యులు చేసిన నిర్ణయం ఉత్తరాత్మమైనదని అందరు గుర్తించి మన్నింపవలసివున్నది. అదేవిధంగా ఆంధ్రదేశంలో వెనుకబడివున్న రాయలసీమ, శ్రీకాకుళం, విశాఖపట్టణంవంటి జిల్లాలను అభివృద్ధిపరచుటకుగాను ఉత్తరరాష్ట్రా విర్వడబోయే ఆంధ్ర ప్రభుత్వాలు కృషిచేస్తాయి అని ఆశిద్దాము. ఆంధ్ర శాసన సభ్యులలోని కమిటీ సభ్యులు కర్నూలును రాజధానిగా ఎన్నుకొనమో చేసిన నిర్ణయాన్ని కేంద్ర ప్రభుత్వంవారుకూడా వివిధమైన మార్పుచేయకుండా మన్నింప నలచినట్లు తెలియరావడం ముదావహమైన విషయం. కర్నూలు నిర్ణయాన్ని ఆమోదిస్తూ మాట్లాడిన ఆంధ్ర శాసనసభ్యుల నందరినీకూడా యీ సమయంలో నేను అభినందిస్తున్నాను. ఆంధ్రరాష్ట్ర రాజధాని నిర్ణయవిషయంగురించి అయిదు రోజులు వర్ష జరిగింది. వర్షలో చాలా ఉద్రేకమైన ఉపన్యాసాలుకూడా కొందరు సభ్యులు చేశారు. వక్రతిల కూడా చాలా ఉద్రేకమైన వ్యాసాలు ప్రాశం రాయలసీమ వాసులు సర్కారువాసులు అనే దేదాభిప్రాయాలు రెవ్వగొట్టే విధంగా వక్రతిలవారు కూడా ఆరోజులోనూ, యీనాటికీ అనుసరించడం చాలా విచారకరమైన విషయం. ఇదియునుగాక నందికొండ ప్రాజెక్టునూ, లేక సిద్దేశ్వరం ప్రాజెక్టునూ, దేనిని ముందు నిర్మించాలి అనే విషయమై తర్జన భర్జనలు జరుపుతున్నారు. ఈ విషయంలోకూడా వక్రతిలవారు నాయకులు కొంత వివరీతవైఖరిని ప్రదర్శిస్తుండడము భావ్యంకాదని మనవి చేస్తున్నాను. విప్రాంతం వెనుకబడివుండో, విప్రాంతం కరువుకాలుకాలకు నిలయమై డ్రైవుదేవతకు గురిఅయివుండో ఆప్రాంతాలను రక్షించడం, వాటిని అభివృద్ధిపరచడం అందరియొక్క కర్తవ్యం, విద్యుత్తు ధర్మం అని గుర్తించాలి. అందుకుగానే రాజాధు ఆంధ్ర ప్రభుత్వం కృషిచేయవలసియున్నది. అదేవిధంగా అన్ని పార్టీలవారు కృషి చేస్తారని ప్రజాస్వామిక వక్షాలవారందరు సుహృద్భావంతో విశ్వసనీయంగా యిందుకు పాటుపడతారని ఆశిద్దాము. వికమత్యంతో అందరమూకలసి సుస్థిరమైన ప్రభుత్వాన్ని ఏర్పాటుచేయడానికి ఆంధ్ర నాయకులందరు కృషిచేయవలసినదని మనవిచేస్తున్నాను. తరతరాలుగావచ్చించిన ఆంధ్రరాష్ట్రం విర్వడవలెనని ఆంధ్రలో సుస్థిరప్రభుత్వం విర్వడి ఆంధ్రదేశం సర్వతోముఖాభివృద్ధి చెందవలెనని తాను అసిస్తున్నానని, అందుకుగాను తాను కృషిచేస్తాననికూడా వెనుక ఒక వర్ణాయం మన మద్రాసురాష్ట్ర ముఖ్యమంత్రి శ్రీ రాజగోపాలాచారిగారు యీ శాసనసభలో చెప్పియున్నారు. ఆంధ్రులపట్ల వారికి వున్న ఆభిమానాన్ని వ్యక్తం చేయవలసిన తరుణం అసన్నమైంది. వారు ఇదివరలో భాషా ప్రయత్న రాష్ట్ర విస్తారానికి వ్యతిరేకులైనప్పటికీ, ఇప్పుడు ఆంధ్రరాష్ట్ర విస్తారాన్ని అంగీకరించారు. ఈ బిల్లును ఈ శాసనసభలో ప్రతిపాదించే అవకాశంకూడా వారికి లభించింది. ఇప్పుడు ఆంధ్రదేశం ఎన్నో విధముల వెనుకబడివున్నది. ఆంధ్రదేశం అభివృద్ధి చెందుటకు అన్ని విధముల సహాయపడవలసిన వాధ్యత మద్రాసు ప్రభుత్వంపై ఉన్నది. ఇందుకుగాను అవసరమైన సదుపాయముల సన్నిధిని శ్రీ రాజగోపాలాచారిగారు కలుగ జేయాలి. మన ఉభయ రాష్ట్రాలు ఎప్పుడూ స్నేహభావంతో మొగవలసివున్నది. ఇది ఉభయ ప్రాంతాల ప్రజలకు శ్రేయస్కరం. ఇందుకుగాను శ్రీ రాజగోపాలాచారిగారు సహాయపడవలెనని కోరుతున్నాను. ఇది ఒక కుటుంబ విభజనవంటిది. విడిపోవున్న అన్నదమ్ములుభగ్నకూడా సుఖంగా ఉండవలెనని, సహృద్భావంతో మొగవలెనని, ఎవ్వరికీ అన్యాయం జరుగరాదని అందరూ భావించి ఆవిధముగ ప్రవర్తించవలెను. ఆవిధం గానే మద్రాసు ప్రభుత్వంవారు ఆంధ్రులపట్ల న్యాయబుద్ధితో వ్యవహరించవలెనని, ఆంధ్రరాష్ట్రం సర్వతోముఖంగా అభివృద్ధిచెందునట్లుగా ఆస్తి, అప్పుల వంతుకం ఇవ్వవలె

THE MADRAS LEGISLATIVE ASSEMBLY.

Wednesday, 15th July 1953. 61047.

The House met in the Assembly Chamber, Government Estate, Mount Road, Madras, at half-past nine of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

I.—CONDOLENCE RESOLUTION.

MR. SPEAKER :—“ It is my painful duty to inform the House of the death of an ex-Minister Sri S. Muthia Mudaliar. The Leader of the House will move the motion.”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, I move—
‘ That the House places on record its sense of sorrow at the demise of Sri S. Muthia Mudaliar who was a Member of this House and of Government in this State.’

We should have done it yesterday itself, but we were disturbed by a number of proceedings.”

SRI P. RAMAMURTHI :—“ I beg to associate myself with the sentiments expressed by the Hon. the Chief Minister.”

MR. SPEAKER :—“ I know Mr. Muthia Mudaliar very well. He was a Minister here for some time and he took active part in social work, viz., ameliorative work for the Harijans. By way of passing the resolution, and as a mark of respect to the memory of the deceased, hon. Members will stand in their places for two minutes.”

The resolution was carried *nem. con.* all the Members of the Assembly standing in their places for two minutes.

II.—QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

Allotment of rice to a merchant in Salem.

* 464-A Q.—SRI C. RAJAM RAMASAMY : Will the Hon. the Minister for Finance be pleased to state whether it is a fact that over 2,000 tons of broken rice have been preferentially allotted to a merchant in Salem and if so, the reasons for the same?

THE HON. SRI C. SUBRAMANIAM :—“ Mr. Speaker, Sir, but for the short-notice question by my hon. Friend, I myself wanted to make a statement on the floor of this Assembly refuting certain allegations made in a Tamil Weekly called ‘ Janayugam ’ regarding an alleged issue of permit to import broken rice. I am thankful to my hon. Friend for having given me this opportunity to clear the matter. I may straight-away say that the allegations made in that paper are totally incorrect and baseless. This Government merely forwarded the applications of two merchants of Salem, one to the Orissa Government in March last for the import of 500 tons of broken rice and the other to the Madhya Pradesh Government in

[15th July 1953]

May for the import of 2,000 tons of broken rice from that State. No other application had been received for such imports at that time. Under the instructions of the Government of India, it is not open to this Government to make any allotments of broken rice to merchants for import from other States. This Government cannot issue permits to merchants of this State to import broken rice from other States. It is for the exporting State to issue such permits. Actually the Madhya Pradesh Government refused to allow any quota to the Salem merchant. In spite of this, the paper has taken an imaginary purchase price, an imaginary selling price and arrived at an imaginary profit of Rs. 3½ lakhs as likely to be made by the merchant. The very allotment of 2,000 tons of rice in this case is an imaginary one. Ordinarily some people have taken to sensation and scandal-mongering business to eke out their livelihood. I would have taken criminal prosecution against this paper, but I was afraid that I would thereby be assisting scandal-mongering which is the object of this paper."

SRI C. V. K. RAO :—" Sir, I do not know why the Hon. Minister is replying to something which is not contained in this question. I am afraid he is taking this opportunity to reply to some . . . "

MR. SPEAKER :—" The hon. Member is making a statement. He should put it in the form of a question."

SRI C. V. K. RAO :—" He is not answering the question that has been put to him. But on the other hand he is taking this opportunity to enter into a controversy with some imaginary paper and some imaginary statement. Whether that is permissible or not, I would like to know, Sir."

MR. SPEAKER :—" I have nothing to do with that."

Retrenchment of Madras Electric Tramway workers.

* 446 Q.—SRI M. KALYANASUNDARAM: Will the Hon. the Minister for Industries and Labour be pleased to state whether the Government propose to retrench 290 Madras Electric Tramway workers?

THE HON. DR. U. KRISHNA RAO :—" Government is not concerned but the Company, which is a private one, applied to the Industrial Tribunal for retrenchment of 294 workers and has been permitted to retrench 132."

SRI P. RAMAMURTHI :—" Is it not a fact, Sir, that the management of the Company, in order to flout the decision of the Industrial Tribunal or circumvent the possible decision of the Industrial Tribunal has actually closed down the Tramway Company and is not the Government of Madras concerned with the convenience of nearly a million people of Madras City arising as a result of the closure of the Tramway Company? "

15th July 1953]

THE HON. DR. U. KRISHNA RAO :—" Sir, the hon. Member is aware of the findings of two courts to know whether this closure was *mala fide* or not. I am not going to enter into the merits of it. So far as the suffering of a number of passengers that my friend alleges is concerned, the Government had already taken action to relieve the difficulties and congestion."

SRI P. RAMAMURTHI :—" Will the Hon. Minister be pleased to tell us whether the Government is going to appeal against the decision of the lower Court which did not find the management of the Company guilty of a charge under a particular section of the Industrial Tribunals Act? "

THE HON. SRI C. RAJAGOPALACHARI :—" If the Trade Unions concerned desire that Government should file an appeal in the matter, they may assist us with a brief and Government will consider it."

SRI C. RAJAM RAMASWAMI :—" May I know whether, with the retrenchment of workers, the Tramway Company will resume work? "

THE HON. DR. U. KRISHNA RAO :—" I am not aware of any such decision."

DR. K. B. MENON :—" Are we to understand from the Hon. Minister's reply that the Government are not interested in having a cheap kind of conveyance for the poor workers and are not Government interested in restoring the Tramway service? "

THE HON. DR. U. KRISHNA RAO :—" The hon. Member should be aware of the conditions under which the tramways are running and the procedure that must be followed if they are made to resume service again. According to the conditions of agreement, the Government are unable to do anything in the matter."

SRI S. DEIVASIGAMONY :—" Sir, I would like to know whether any definite arrangements are being made to run the trams again."

THE HON. DR. U. KRISHNA RAO :—" I am not aware of any such proposal."

SRI P. RAMAMURTHI :—" Why does not the Government take over the management of the Tramway Company for the convenience of the public of Madras? "

THE HON. DR. U. KRISHNA RAO :—" Sir, I hope the hon. Member will admit that it is not the duty of the Government to take over all losing concerns in the State."

SRI P. RAMAMURTHI :—" Is it a fact that the Madras Government received a note from the Central Government stating that the Central Government cannot take over the company under the Industries Control Act recently passed by the Parliament and that the Madras Government itself can take over the company under the special provisions of the Industrial Tribunals Act? "

[15th July 1953]

THE HON. DR. U. KRISHNA RAO :—" I am not aware of any such letter, Sir."

SRI K. P. GOPALAN :—" May I know, Sir, whether the Government has got any policy to give 'unemployed allowances' to the workers if they are retrenched by the management?"

THE HON. SRI C. RAJAGOPALACHARI :—" Sir, I might assist the irregular kind of debate that has started by saying that in answer to what Mr. Ramamurthi asked in a previous supplementary question, the Hon. Minister for Industries said that he was not aware of the receipt of any letter as described and he is quite right. I might take the House into confidence and say that I wrote demi-officially to the Minister for Railways whether the Railway Ministry could undertake the running of this Tramway Service and he replied to me that it would not be possible for them to do so and that we might consider taking over under the provisions of the very Act under which the Tramway Company was licensed. We considered it from the point of view of public business and public finance and we thought it was a very bad business to take it up at this stage. That is the true state of affairs. But the workmen are interested in having the business reopened. I can understand the reasons for it. They must assist us by making clear to us that it would be profitable for the State to run it, not only assisting men who have lost their jobs, but also to make it good from the point of view of the public exchequer. As regards the last question, unemployment, we have no separate policies for particular trade unions; but on the whole we have a policy of helping the unemployed."

SRI C. RAJAM RAMASWAMI :—" May I know whether the Government will assist the Corporation of Madras to take over and run the Tramway Service?"

THE HON. SRI C. RAJAGOPALACHARI :—" The point involved is finance. As I said already, whether it is the Corporation that first loses and asks Government to make up the loss or whether Government should take it up and lose, the result is the same."

SRI P. RAMAMURTHI :—" I am thankful to the Hon. Chief Minister for having stated that Government will consider taking over. But will the Government be pleased to appoint a committee of this House and also of the Trade Unions to go into the whole question of the finances of the Corporation and the undertaking concerned, so that it can be proved that it is possible to undertake the responsibility of running it profitably and efficiently?"

THE HON. SRI C. RAJAGOPALACHARI :—" I am afraid, Sir, that it will be an abdication of our duty to appoint a committee of the House to consider the question of financial responsibility in respect of State trading."

15th July 1953]

SRI M. KALYANASUNDARAM :—" Sir, as it is an important question concerning the transport facilities of a million people of Madras City, I request you to allow half-an-hour's time to discuss the matter."

MR. SPEAKER :—" I have no objection."

Report of the Khosla Committee.

* 448 Q.—SRI M. LAKSHMANASWAMI : Will the Hon. the Minister for Public Works be pleased to state when a copy of the Khosla Committee Report will be placed on the table of the House?

THE HON. SRI N. RANGA REDDI :—" Printed copies of the report are placed on the table of the House."

SRI M. LAKSHMANASWAMI :—" During the last budget session the Hon. Minister informed the House that further enquiries would be completed within nine months. Can the Hon. Minister now tell us whether the work can be completed within the scheduled time, viz., 1st December?"

THE HON. SRI N. RANGA REDDI :—" The investigation is still proceeding, Sir."

SRI VAVILALA GOPALAKRISHNAIAH :—" అయ్యో, investigation కొంతవరకు పూర్తయినా పోయిన నెల అఖిరునే రిపోర్టు వంపించారనినీ మాకు తెలిసింది. ఆ సంగతి విజ్ఞులైతే, ఆ రిపోర్టును సభ్యులకు అందజేయగలరా? అటు తర్వాత, కొంతలాగానూడా పిజ్జా తప్పలు చేస్తున్నారనినీ, 25,000 కు నెక్కుల నీటిని స్పెషల్ చేసే కాలవను ప్రవ్వమంటే, 15,000 కు నెక్కుల నీటిని స్పెషల్ చేసే కాలవను వడ్డీని వైతూ ప్రవ్వటానికి ఎస్టిమేట్లు వేసి కుమారని తెలిసింది. దాని విషయమే రిపోర్టు వచ్చిందని అన్నారు. ఆ రిపోర్టు వచ్చిందంటే, సభవారి ఎదురు జట్టుకారా? "

THE HON. SRI N. RANGA REDDI :—" I have not received any report as yet, Sir."

SRI S. VEMIAH :—" Will the Government consider the desirability of supplying copies of reports in vernacular languages for the benefit of Members?"

MR. SPEAKER :—" The question is about Khosla Report."

SRI T. NAGI REDDI :—" There are certain recommendations in the Khosla Committee's Report and I think the Government must have considered all aspects of the problem. May I know, Sir, what is the attitude of the Madras Government at present to that particular report and what steps the Government have taken so far to get that report implemented?"

THE HON. SRI N. RANGA REDDI :—" I have already stated that some recommendations have been made by the Khosla Committee and they are being investigated. The investigation is not yet completed."

Repairs to minor irrigation sources in Visakhapatnam and Srikakulam districts.

* 453 Q.—SRI K. GOVINDA RAO : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the amounts sanctioned in 1952–53 for carrying out repairs to minor irrigation sources in Visakhapatnam and Srikakulam districts respectively; and

(b) what were the amounts asked for by the Collectors of both the districts in this respect?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“(a) & (b) For the Visakhapatnam district an allotment of Rs. 3,23,600 was sanctioned for maintenance and flood repairs as against an amount of Rs. 4,65,097 applied for by the Collector. As regards Srikakulam district a sum of Rs. 2,50,450 was sanctioned as against a sum of Rs. 4,98,500 applied for by the Collector.”

SRI K. GOVINDA RAO :—“May I know, Sir, whether in the months of February and March this year the Government have issued orders stopping all minor irrigation works under execution in Visakhapatnam and Srikakulam districts, and if so, why?”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“I am not aware of any general order like that. But, only recently I visited the Srikakulam district and all breaches had been very promptly closed up.”

SRI M. VEERABHADRAM :—“Out of the amount allotted to Visakhapatnam district, how much was for maintenance and how much was for improvement schemes?”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“I have got a long detailed list and if the hon. Member kindly approaches me I will let him know.”

SRI T. VISWANATHAM :—“Am I to understand whether any special allotment has been made in view of the recent floods in Srikakulam district to repair the minor irrigation sources?”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“Pending allotment, orders have been issued to close up the breaches and I personally saw that many of the breaches had been actually closed up.”

SRI K. V. RAMESAM :—“In view of the large number of complaints received by the Collector in regard to non-repair of channels in Visakhapatnam district, may I request the Hon. Minister for Land Revenue to make a further provision to meet the extra demand of ryots in Vizianagaram zamindari and other estates?”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“I shall look into the matter.”

15th July 1953]

SRI P. PUNDARIKAKSHACHARYULU :—“May I know, Sir, whether the Collectors of Visakhapatnam and Srikakulam districts and various estate managers in those two districts have asked the Government for the appointment of more staff even for the normal maintenance of minor irrigation sources, and if so, what is the action taken by the Government?”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“The question of sanctioning extra staff is under the consideration of the Government.”

SRI R. SIDDANNA GOWD :—“The Hon. Minister said that an amount of about Rs. 3-0 lakhs had been sanctioned. May I know what amount had been expended by the authorities concerned?”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“I find from the papers with me that an amount of about Rs. 7,000 has been surrendered.”

SRI K. GOVINDA RAO :—“What are the arrangements made for carrying out the repairs of the major channels in the estates which have been taken over recently in the Visakhapatnam district?”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“They have been taken over only recently and the hon. Member should wait for a little while for the formulation of a programme.”

Number of suits stayed under section 55 of the Malabar Tenancy Act.

* 456 Q.—SRI M. NARAYANA KURUP : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) how many suits have been stayed under section 55 of the Malabar Tenancy Act and under the Madras Tenants and Ryots Protection Act in so far as Malabar is concerned; and

(b) whether the Government propose to take any and if so, what steps to remove the difficulties arising out of a recent decision of the High Court interpreting that section 55 of the Malabar Tenancy Act applies only to cases not governed by the Madras Tenants and Ryots Protection Act?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“(a) The total number of suits stayed in the Civil Courts of Malabar district under the Madras Tenants and Ryots Protection Act and section 55 of the Malabar Tenancy (Amendment) Act, 1951, is 19,583.

“(b) The decision referred to does not give rise to any difficulty and hence no action by the Government is necessary.”

SRI M. NARAYANA KURUP :—“Inasmuch as under section 55 of the Malabar Tenancy Act suits not coming under the Tenants and Ryots Protection Act have been stayed and inasmuch as that

[15th July 1953]

enactment allows only four months time for deposit and now after the High Court decision a civil suit that has been stayed is taken up and decreed, the result being that every tenant is evicted under the new decision of the High Court, is it not a difficulty which the Government should think that deserves to be rectified? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" The High Court decision refers to cases coming under the Tenants and Ryots Protection Act. But there is a provision under the Malabar Tenancy Act, viz., section 55, which will cover the rest. Therefore there is no difficulty."

SRI M. NARAYANA KURUP :—" What the High Court has held is that section 55 of the Malabar Tenancy Act does not confer any additional right on courts to stay suits apart from the Tenants and Ryots Protection Act? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" The difference is this. Under the Tenants and Ryots Protection Act, arrears of rent up to a period of two years have to be deposited. Under section 55 of the Malabar Tenancy Act no such deposit is required. In fact protection has been given under section 55 of the Malabar Tenancy Act and I do not see there is any hardship in its working."

SRI M. NARAYANA KURUP :—" Are the Government aware that, since the decision of the High Court suits which have been stayed have been taken up for hearing by the munsif courts and sub-courts and decreed and that the tenants go without any remedy because the time of four months has expired long ago? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" I think those cases should have come under the Tenants and Ryots Protection Act which requires deposit. But if the aggrieved parties apply under section 55 of the Malabar Tenancy Act, I think they will have protection."

Auditing of municipal accounts.

* 463 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Minister for Local Administration be pleased to state—

(a) who is responsible for the audit of accounts of municipalities;

(b) whether such audit is confined to purely budget expenditure or whether it extends to special funds raised by municipalities;

(c) whether the Kozhikode Municipality has raised any Tuberculosis Fund by running an exhibition for the last three years; and

(d) whether the Kozhikode Municipality requested the Government through a resolution to have the accounts of the exhibition audited and if so, what steps have been taken?

[15th July 1953]

THE HON. SRI N. SANKARA REDDI :—" (a) The Examiner of Local Fund Accounts.

" (b) The audit extends to special funds which pass through the accounts of the Municipal Council.

" (c) Yes.

" (d) No. Does not arise."

SRI M. NARAYANA KURUP :—" Inasmuch as conducting an exhibition has almost become the rule and not the exception with local bodies, will the Government take steps to see that the accounts of those exhibitions are also audited because in the Kozhikode Municipality for the last three years, and even to-day I know, the exhibition accounts have not been audited even in spite of the demand made by the municipal councillors? "

THE HON. SRI N. SANKARA REDDI :—" The Examiner of Local Fund Accounts is asked to check the accounts."

* 465 Q.—SRI M. KALYANASUNDARAM :—" I submit, Sir, that the question No. 465 may be taken up to-morrow." 10 a.m.

MR. SPEAKER :—" All right."

Number of wells dug in Cuddapah district.

* 466 Q.—SRI N. SIVARAMI REDDI: Will the Hon. the Minister for Health be pleased to state—

(a) the number of wells dug so far in each taluk of Cuddapah district under the Rural Water-supply Scheme;

(b) what is the total amount of money spent on the same;

(c) how many of them are actually being used by the villagers and how many not; and

(d) whether the wishes of the people in the locality are ascertained in the selection of the site before the wells are dug?

THE HON. SRI A. B. SHETTY :—" (a) & (b) The total number of wells sunk in the Cuddapah district under the Five Year Comprehensive Programme beginning from 1948-49 up to 31st December 1952 was 820 and the expenditure incurred on them was Rs. 24,15,144. A talukwar and yearwar statement ^a is placed on the table of the House.

" (c) All the 820 completed wells are being used by the villagers.

" (d) Sites are being selected with a view to see that there is no contamination from unhealthy surroundings. The conveniences of the villagers regarding the proximity of the well sites to living habitations and the accessibility of the sites for all communities are also generally taken into consideration. The sites are selected after a joint inspection by the Minor Irrigation staff and Health Inspector, and generally the wishes of the people in the locality are also ascertained."

^a Printed as Appendix I on page 215 infra.

[15th July 1953]

SRI N. SIVARAMI REDDI :—" Sir, from my own experience in my constituency I find that several of these wells are inconveniently situated and hence abandoned. Several of them are in need of repairs and the common opinion prevailing in the villages is that large sums of money are being wasted on several of these wells. As such, will the Government consider the desirability of investigating into the conditions of these wells and taking the responsibility for the same? "

THE HON. SRI A. B. SHETTY :—" If the hon. Member writes to the Government giving particulars about the complaints he has now made and cites specific instances, the matter will be duly enquired into and suitable action would be taken."

SRI P. NARASIMHA REDDI :—" Will the Hon. Minister assure us that at least one well would be dug in each Harijan village and in other backward community villages in Cuddapah district in view of the frequent droughts and the poverty of the backward communities living therein and the consequent suffering of the Harijans and other people in those villages? "

THE HON. SRI A. B. SHETTY :—" I have already given the information that as many as 820 wells had been dug at a total cost of 20 lakhs of rupees and odd in Cuddapah district under the Comprehensive Programme beginning from 1948-49 up to 31st December 1952."

Management of Harijan hostels in Bapatla.

* 467 Q.—SRI K. VENKAIAH : Will the Hon. the Chief Minister be pleased to state—

(a) whether the Hon. the Minister for Education visited Bapatla in the month of February 1953;

(b) the purpose of the visit;

(c) whether he received any reports relating to the management of Harijan hostels;

(d) whether he visited any hostels; and

(e) if the answers to (c) and (d) are in the affirmative, the steps he has taken?

THE HON. SRI C. RAJAGOPALACHARI :—" (a) Yes.

" (b) It was a routine tour and for comprehensive purposes.

" (c) No reports as such, but he got a certain amount of information from official sources.

" (d) Yes.

" (e) The Director of Harijan Welfare has been instructed to take necessary action in respect of matters noticed in the tour."

[15th July 1953]

SRI K. VENKAIAH :—" May I know the information that the Hon. Minister for Education had gathered during his visit and the directions given by Government afterwards to the Director of Harijan Welfare? "

THE HON. SRI C. RAJAGOPALACHARI :—" If the hon. Member were to put a separate question apart from the necessity for travelling then the Hon. Minister concerned would reply."

SRI V. SRI KRISHNA :—" Are the Government aware of the fact that these hostels are becoming a source of profit to the managers who in certain cases happen to be pet-boys of the Ministers? "

THE HON. SRI C. RAJAGOPALACHARI :—" Every good thing has its consequential bad results also."

SRI PILLALAMARRI VENKATESWARLU :—" May I know, Sir, what were the things that were noticed during the Hon. Minister for Education's tour? "

THE HON. SRI C. RAJAGOPALACHARI :—" A separate question may be put, Sir."

SRI T. NAGI REDDI :—" Sir, in clause (e) of this question it is asked that if answer to clauses (c) and (d) are in the affirmative, what steps the Education Minister had taken after his visit. Of course this question had been asked quite a long time ago and the Government have also on their part taken a long time to answer that question. The question could have been asked sometime earlier. But that apart, we want to know what exactly the Hon. Minister saw during his visit and what steps he took after his visit in case the answers to clauses (c) and (d) of this question are in the affirmative? "

THE HON. SRI C. RAJAGOPALACHARI :—" As Mr. Nagi Reddi has rightly observed the question was put a long time ago and the answer too had been prepared a long time ago. As parts (a) and (b) of the question dealt with the purpose of travelling of my colleague, I answered it. But if any information is wanted about departmental details a separate question may be put and up to date information will be given by the Minister concerned."

The Rayalaseema Development Board.

* 468 Q.—SRI N. SIVARAMI REDDI : Will the Hon. the Minister for Public Works be pleased to state—

" (a) the names of members—both official and non-official—constituting the Rayalaseema Development Board;

[15th July 1953]

(b) the functions and jurisdictions of the Board; and

(c) the decisions and resolutions adopted by this Board since it was constituted after the General Elections?

THE HON. SRI N. RANGA REDDI :—“(a) to (c) The answer is placed on the table of the House.”

SRI N. SIVARAMI REDDI :—“Sir, what is the principle followed in selecting the non-official members of this Board and may I know whether there are any members in the Board belonging to any of the political parties of the United Democratic Front as it was constituted at the time when the election of these members of the Board was made?”

THE HON. SRI N. RANGA REDDI :—“Sir, I do not know who belongs to the United Democratic Front. But this much I know and that is every member here on the Board represents the interests of the people of Rayalaseema.”

SRI T. NAGI REDDI :—“Sir, no doubt the answer to this question is placed on the table of the House. But it contains ten printed pages. Does the Hon. Minister for Public Works seriously expect us to read all the ten pages now, at present. Therefore, I would request you, Mr. Speaker, to have this question postponed to to-morrow.”

MR. SPEAKER :—“I have already told the leaders of parties and I think I have already told the House also that I have received answers to as many as 750 questions and I would like to finish all the questions before the House adjourns. Most of these questions have come from the Andhra Members and this being the last composite session so far as the Andhras are concerned I would very much like all their questions being answered in this session itself.”

THE HON. SRI C. RAJAGOPALACHARI :—“Sir, if we give brief answers there is a complaint. If we give long and full answers they want an adjournment.” (Laughter.)

SRI T. NAGI REDDI :—“I am very glad that the Hon. Minister has given a complete answer. But inasmuch as this question is an important one I think five minutes could be allotted for the same to-morrow by which time we could have finished reading these ten pages.”

MR. SPEAKER :—“How many questions can I postpone like this for to-morrow?”

SRI T. NAGI REDDI :—“Only this question, Sir.”

MR. SPEAKER :—“All right. I shall postpone this to to-morrow. I shall now pass on to the next question, viz., question No. 469.”

Minor Irrigation Works in Udayarpalayam taluk.

* 469 Q.—SRI K. R. VISWANATHAN : Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the Government received any representations from the villagers of Irumbilikkurichi, Namankunnam and Solankudikkadu of Udayarpalayam taluk for undertaking minor irrigation works in these villages; and

(b) if so, the action taken thereon?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“(a) In November 1952, Government received a representation on behalf of the ryots of certain villages of Udayarpalayam taluk, Tiruchirappalli district, requesting provision of irrigation facilities.

“(b) The representation was transferred to the Collector of Tiruchirappalli for necessary action. Government have no information regarding the action taken by the Collector.”

SRI K. R. VISWANATHAN :—“Sir, my question has not been answered straightaway. It is more than nine months since I put that question. It is being answered only now and that too when I had asked for information about the action taken on the representations, Government say they have no information and they have only now referred the matter to the Collector of Tiruchirappalli. It is a very regrettable state of affairs.”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“The representation was sent to the Collector of Tiruchirappalli for taking necessary action. If the hon. Member wants some more details, a separate question may be put.”

Sub-Inspectors of Police reverted to lower ranks.

* 470 Q.—SRI P. RANGASWAMI REDDIAR : Will the Hon. the Minister for Finance be pleased to state—

(a) the number of Sub-Inspectors of Police reverted to lower ranks either owing to want of vacancies or owing to retrenchment policy during 1950-53 (figures may be given community-war); and

(b) if the reversion was due to retrenchment, why the retrenchment question arose?

THE HON. SRI C. SUBRAMANIAM :—“(a) A statement^a is placed on the table of the House.

“(b) Officiating Sub-Inspectors promoted from the ranks had to revert for want of vacancies consequent on direct recruits who were till recently under-represented taking charge of stations on completion of their training. The reversion in the rank of Sub-Inspectors was also due to the return of officers who were on deputation to Hyderabad State and the

[15th July 1953]

abolition of a large number of temporary posts of and above the rank of Sub-Inspector consequent on the improvement in the law and order situation."

SRI S. DEIVASIGAMANY :—" Was there any direct recruitment of Sub-Inspectors of Police after the reversion of the acting Sub-Inspectors to lower ranks? "

THE HON. SRI C. SUBRAMANIAM :—" We stopped direct recruitment for the year 1952-53 so as to provide for these persons."

SRI S. VEMIAH :—" Will the Government consider the desirability of promoting these reverted Sub-Inspectors as expeditiously as possible in view of their long-standing service to the Government? "

THE HON. SRI C. SUBRAMANIAM :—" Government will take good care of them. The Hon. Member need not bother about it."

SRI P. RANGASWAMI REDDIAR :—" Have the Government stopped fresh recruitment of Sub-Inspectors. If so, from what date? "

THE HON. SRI C. SUBRAMANIAM :—" We have stopped direct recruitment only for the year 1952-53."

SRI P. RAMAMURTHI :—" Mr. Speaker, Sir, I want to bring to your notice that the Hon. Leader of the House has insulted us, the members of this House. I shall tell you exactly how. It is certainly true that the Government have got the responsibility to take care of their servants. But it is equally true that we, as representatives of the public have also got an equal responsibility to bring to the notice of Government the specific grievances of the common man. Here an hon. Member had asked a specific question concerning the expeditious promotion of these reverted Sub-Inspectors in view of their long service. The Hon. Leader of the House had replied that the hon. Member need not bother about the same. That sort of reply, I would submit, amounts to an insult of the House."

THE HON. SRI C. SUBRAMANIAM :—" If a point has been made out that certain people have been superseded or overlooked, that question is all right. But the question was whether promotion could be given expeditiously to all of them. I answered that the Government would take good care of them and so I told the hon. Member that he need not bother about the same."

SRI P. RAMAMURTHI :—" May I submit to you, Sir, that it is perfectly open to the Leader of the House to point out that this does not arise out of the question but I submit, Sir, that it is not certainly open to him to go out of the way and say to the Member sitting on the Opposition side of the House that it is not

[15th July 1953]

his business and that he need not worry about it at all. I submit this is not the way to treat the elected representatives of the people."

THE HON. SRI C. RAJAGOPALACHARI :—" I hope, Sir, the hon. the Leader of the Opposition will not lose his temper or continue to lose his temper; he knows very well why he is putting the question and he knows also why the answer has been given as it has been." (Laughter.)

SRI P. RAMAMURTHI :—" I wish to point out to you, Sir, that I am now concerned with our responsibility in the matter; it may be rather inconvenient for the Hon. the Chief Minister and it may be inconvenient for the Government to be confronted with such a question. It may be that they may be having something up their sleeves. I am not at all concerned with that. When we put a specific question concerning the services of certain people and their rights, the Government need not get angry but they can very well answer the question but not in the way it has been done."

THE HON. SRI C. RAJAGOPALACHARI :—" It is not the Government that is getting angry but it is the Leader of the Opposition that is angry. He feels and things that the question of the Police services is an important concern of the Opposition but the Government take the opposite view."

Regional Transport Officers.

* 471 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Industries and Labour be pleased to state how many Regional Transport Officers were recently appointed by the Government and on what basis the selection was made?

THE HON. DR. U. KRISHNA RAO :—" Seven Regional Transport Officers were appointed in January 1953. The selection of candidates was made taking into consideration all relevant factors such as merit and suitability, caste, religion, community and things like that."

SRI K. P. GOPALAN :—" May I know if it is a fact that a relative of Sri Pulla Reddi, the Home Secretary, was appointed as Regional Transport Officer while there were so many other candidates who had got more service and qualifications in the Transport Department itself? "

THE HON. SRI C. RAJAGOPALACHARI :—" Mr. Speaker, Sir, the question is very improper because the assumptions are all wrong. I have dealt with the file and I know these allegations are improper."

SRI S. DEIVASIGAMANY :—" May I know if these officers are appointed by the Public Services Commission or by the Government? "

[15th July 1953]

THE HON. DR. U. KRISHNA RAO :—" At present, Sir, they are appointed by the Government. Rules are being framed and when they are passed, the appointments will be regularized by being referred to the Public Services Commission."

SRI T. NAGI REDDI :—" I am again sorry at the type of answer given by the Hon. the Chief Minister. I do not know how it is improper. This has been known to certain sections of the people and it has been expressed by a Member of the Opposition and I wish to submit to you, Sir, that there is nothing improper in it."

THE HON. SRI C. RAJAGOPALACHARI :—" The allegation is that a senior public servant of the State has done something that was improper; the allegation, I say, is improper, because the facts are all wrong."

(Sri T. Nagi Reddi rose.)

MR. SPEAKER :—" I am not going to allow a debate in regard to this matter; it is not a matter for debate."

SRI T. NAGI REDDI :—" The point Mr. Speaker, Sir, is that a Member on the Opposition side asks for certain information. I submit, Sir, that to say that the facts are all wrong is quite proper but to say that the question is improper is not proper. Whether that question is correct or not, the point is whether such a thing has happened. If it has happened, the Hon. Minister can say that it has happened, but the implication that he has read into the question is, I submit, not correct."

THE HON. SRI C. RAJAGOPALACHARI :—" Before the hon. Member forgets the point, I wish to explain to him that no hon. Member has a right to assume that a certain relation of a certain senior officer was improperly appointed but the question could have been whether such an appointment was made and such a relationship existed. I say, Sir, that the assumption is improper."

SRI T. NAGI REDDI :—" The Hon. the Chief Minister was telling the House that the question itself was improper."

MR. SPEAKER :—" The hon. Member has not heard the Chief Minister properly."

SRI T. NAGI REDDI :—" If it was improper, it is for you to rule it out of order."

MR. SPEAKER :—" His point was that the assumption behind the question was improper."

SRI T. NAGI REDDI :—" I submit, Sir, that however responsible the Chief Minister may be, he is not right in saying that the question was improper. He has thoroughly misunderstood the question."

15th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—" The hon. Member is quite right in saying that I have no right to rule it out of order but I have a right to bring it to the notice of the hon. Member and the Speaker."

SRI P. RAMAMURTHI :—" I wish to clear the whole position, Sir. What we are concerned with is the propriety of putting the question (the Hon. Sri C. Rajagopalachari : ' With the assumption ') yes, with the assumption. The hon. Member put the question with a full responsibility and asked if a particular gentleman that was appointed to a particular post was related to a particular officer; he makes that statement on the floor of the House and he made it with a full sense of his responsibility. The Hon. Minister might say that it is not a fact. If it is said that it is not a fact it is a question which has got to be investigated and we are prepared to prove it. Therefore, it is not for him to come forward and say that it is an improper question to ask."

MR. SPEAKER :—" What the Chief Minister said was that the assumption was improper."

THE HON. SRI C. RAJAGOPALACHARI :—" I wish to submit, Sir, it is necessary that a question put should be in proper form, that if there is any matter which should be brought to the notice of the House, it should be put in a proper way but if it is put in any way without regard to the form, I am bound, in duty bound towards the officer and towards the State to say that the allegation is improper."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“The procedure is for the Collector of the district to appoint and he has already appointed.”

THE HON. SRI N. RANGA REDDI :—“Sir, I do not know what the hon. Member means. No crops have suffered on account of this diversion of water.”

from Central funds against undertakings to repay at a future date. The scheme was wound up at the end of February 1948. According to the instructions of the Government of India, recovery is effected with due regard to the financial condition, etc., of the debtors so as not to cause undue hardship to them and to their families and also in easy monthly instalments or in lump sum as the case may be. III.—ADJOURNMENT MOTIONS.

(1) CLOSURE OF THE COMMONWEALTH TILE FACTORY, KODAKKAL, SOUTH MALABAR.

MR. SPEAKER:—“I have received notice of the following adjournment motion from Sri K. P. Gopalan. It reads as follows:—

“This Assembly stands adjourned to discuss an urgent matter of public importance, namely, the closing down of the Commonwealth Tile Factory, Kodakkal, South Malabar, on 4th July 1953 in violation of section 33 of the Industrial Disputes Act as there is an industrial dispute pending before the Conciliation Court, Kozhikode, between the management and workers of the factory, and resulting unemployment and starvation to more than 300 workers of the factory and their families and the failure of the Government to take suitable action against the management and to intervene in the matter properly and effectively.”

I wish to know from the hon. Member how this matter comes under the rules and after hearing the Hon. Minister I will give my ruling on the motion.”

SRI K. P. GOPALAN:—“Mr. Speaker, Sir, the Commonwealth Tile Factory, Kodakkal, was closed.”

MR. SPEAKER:—“Is the factory privately owned or managed by Government?”

* SRI K. P. GOPALAN:—“It is a private factory managed by the Commonwealth Trust, Limited—a British concern. I wish to bring to the notice of this House that the closure of the factory is illegal. The period of closure had not been stated in the notice put up by the Management. If we examine the decisions of the Appellate Tribunal and of so many other Industrial Tribunals, we will find that all of them are unanimously of the view that if a factory is to be closed, the management of the factory should state the period of closure.”

MR. SPEAKER:—“I wish to know how the Government are responsible for the closure of the factory?”

* SRI K. P. GOPALAN:—“The closure of the factory without stating the period of closure is against the decisions of the Appellate Tribunal as well as other Industrial Tribunals in India. Secondly,

Printed as Appendix VI on pages 228-231 infra.

15th July 1953] [Sri K. P. Gopalan]

it is also an admitted fact that the Appellate Tribunal as well as the other Industrial Tribunals of this country have already made decisions that if a factory is to be closed permanently or temporarily, the workers are to be given involuntary unemployment allowance. In the notice of the Management closing down the Commonwealth Tile Factory, it has not been stated”

MR. SPEAKER:—“The Government are not responsible for this.”

SRI K. P. GOPALAN:—“Sir, the third point which I wish to bring before you is important. According to section 33 of the Industrial Disputes Act, if there is a dispute pending before a Conciliation Court or an Industrial Tribunal or the Appellate Tribunal, then without the consent of the Appellate Tribunal or Industrial Tribunal or Conciliation Court, the factory should not be closed. The management must take permission from the appropriate authorities before closing the factory. If this provision is violated by the management of the factory, it can be prosecuted”

MR. SPEAKER:—“In that case, the remedy is to go to the Court.”

* SRI K. P. GOPALAN:—“Sir, if it is brought to the notice of the Government that a factory is closed in violation of section 33 of the Industrial Disputes Act, it is their duty to see that the factory is not closed. After the management put up the closure notice, the registered labour union gave notices to the Government, to the District Collector and to the Conciliation Officer that the management was proposing to do an illegal act and that it was the duty of the Government to prevent it. But the Government did not intervene in the matter. As a result of the failure of the Government to take immediate action in the matter, 300 families are starving. I want to bring to the notice of the Hon. Minister in charge of Labour that this Commonwealth Tile Factory is being managed by the Commonwealth Trust and that the Management enjoys some privileges given by the Government. Firstly the Commonwealth Trust is exempted from sections 79 and 81 of the Factories Act. It is also exempted from the observance of rules relating to the grant of dearness allowance.”

MR. SPEAKER:—“Let the hon. Member come to the point and prove that the motion is in order.”

* SRI K. P. GOPALAN:—“My point is this, Sir. When a registered labour union has brought before the Government that a particular factory is to be closed in violation of section 33 of the Industrial Disputes Act, it is the duty of the Government and the local authorities to see that justice is done to the workers by asking the management of the factory not to close it. The Government have failed in their duty to come to the rescue of the workers. They have also failed to implement the Industrial Disputes Act. This is a very important matter, Sir. As far as my district of Malabar is

[Sri K. P. Gopalan]

[15th July 1953]

concerned, closing down factories in violation of the provisions of the Industrial Disputes Act is the order of the day. I consider this matter a very important and urgent one."

SRI P. RAMAMURTHI :—" Sir, the main point that is involved in this adjournment motion is this. The Government have got a specific responsibility in these disputes. We are not bothered about the fact that the factory in question is a privately managed one. But we are certainly concerned with the economy of the country and with the well being of the people."

MR. SPEAKER :—" Every so many cases occur and it is a routine matter."

SRI P. RAMAMURTHI :—" Sir, because a large number of private employers are closing down their factories according to their sweet will and pleasure and as the community at large has got a certain interest in this matter, Parliament recently enacted a new legislation called the Industries Control Act wherein provisions have been made to enable the local Government to intervene in such matters and also to take over all those managements where private employers threaten to close down the factories or are closing the factories. Here is a case in which a private employer who, in order to avoid the clutches of the law of the land, namely, the Industrial Disputes Act, just closes down the factory, throws hundreds of people out of employment and creates hardship to the community at large. Therefore, the Provincial Government have got a specific responsibility in the matter to write to the Central Government and get sufficient powers to immediately take over the factory. The failure of the Government to take this step is the question that is now involved in the adjournment motion."

10-10 a.m. " This is a matter of urgency because this has happened recently and this is also a matter of public importance because it involves the question of the economic well being of the State. Therefore, I think this adjournment motion must be allowed."

* THE HON. DR. U. KRISHNA RAO :—" Sir, I am not questioning the validity of this motion on the ground that this factory is a private factory. I am not taking my stand on that. The fact is that this management is closing down because it has got too much stock-in-hand. Sir, my friends are aware, and I can quote the decision of the Labour Appellate Tribunal as published at page 614, Volume II, 1952, that temporary suspension of work due to accumulation of stocks will not amount to a lock-out and there is no violation of section 33 of the Act. The Industrial Tribunal, Madurai, in its award published at page 195, Volume III, 1952, had come to the same conclusion. The decision of the Ernakulam Tribunal at page 640, Volume I, is also to a similar effect. I am also aware, Sir, and I am sure, my hon. Friends are aware, that the decision of the High Court is that any person has got a perfect right to close down his business if he is losing. Whether this Company is losing or not is a matter for investigation. I can assure the hon. Member that this aspect is being examined."

[15th July 1953]

[Dr. U. Krishna Rao]

Closure is perfectly within the right of an individual and he need not give any notice. He can go on closed till such time as the stocks on his hand are disposed of. As already stated, the question whether the Company has incurred any loss is being examined by the Government. With regard to the point that the Company has violated section 33 of the Industrial Disputes Act, I have to state that so far as my information goes, the conciliation proceedings began on the 22nd June 1953 and the notice of closure was given on the 18th June—not during the pendency of the proceedings but in advance of it—and therefore the Company did not violate section 33 of the Act. I, therefore, submit that it is not within our rights to discuss this question. But so far as the second part is concerned, we will examine the question and inform the Labour Union."

THE HON. SRI C. RAJAGOPALACHARI :—" It will facilitate the Government to examine the position if the hon. Members opposite do not press this motion."

SRI K. P. GOPALAN :—" Sir, I am very sorry . . ."

MR. SPEAKER :—" If you press the motion, I will give my ruling."

SRI P. RAMAMURTHI :—" Before any ruling is given, I would also like to make one submission and that is, the Hon. Minister for Industries and Labour has himself pointed out that it is certainly open to this House to discuss the question."

MR. SPEAKER :—" I certainly agree that there is no question of concession in that."

SRI P. RAMAMURTHI :—" It is a fact that the Chair has got the right and the privilege to give a ruling on any subject so far as this House is concerned. But the question with which we are now concerned is not whether the management has contravened section 53 or section 29 or section 33 of the Industrial Disputes Act and certainly I should say that the Hon. Minister for Industries and Labour has proved himself to be an able advocate for the management from the statement he has made on the floor of the House. The question is whether any private employer has got a right to close down his factory or concern which he is running at any time and whether the Government can interfere by having recourse to the law (the various provisions of the Industrial Disputes Act). But in view of the fact that the Government have stated that they are looking into the matter, we are not pressing the motion."

* SRI K. P. GOPALAN :—" Before that, will you kindly permit me to speak a few words?"

MR. SPEAKER :—" The Hon. Minister for Industries and Labour has already dealt with the question."

* SRI K. P. GOPALAN :—" I want to clear the statement of the Hon. Minister. One thing is that the conciliation proceedings were not stopped and even now they are continued. The Labour

[Sri K. P. Gopalan] [15th July 1953]

Officer has postponed the proceedings. The second thing is that in 1948-49 there were about 18 lakhs of tiles stocked in that Company. They did not close the factory then. The tile factory is a seasonal factory."

MR. SPEAKER:—"You are simply arguing the question without coming to the point."

SRI K. P. GOPALAN:—"During this season there will generally be large stocks on hand in the tile factories. So in this case the management purposely closed down the factory throwing out of employment a large number of workers. That is the motive behind that. As the Hon. Chief Minister has already assured that he will look into the matter and make an enquiry, I am not going to press this motion."

(2) UNREST AMONG AGRICULTURAL LABOURERS IN PALNAD TALUK,
GUNTUR DISTRICT, ON ACCOUNT OF CANCELLATION OF
CULTIVATION RIGHTS.

MR. SPEAKER:—"I have received notice of the following adjournment motion from Sri K. Subba Reddi:—

'This House stands adjourned to discuss a matter of urgent public importance, viz., the arrest and unrest among the agricultural labourers prevailing in Palnad taluk, Guntur district, due to the cancellation of the cultivation rights of banjar lands given to the agricultural labourers of Tummaracotte in Palnad taluk, Guntur district, on 23rd November 1952.'

I will hear the hon. Member and give my ruling afterwards."

SRI K. SUBBA REDDI:—"ఆధ్యక్ష, ఇప్పుడు ఈ సమస్యను గురించి గుంటూరు జిల్లాలోని పల్నాడు తాలూకాలో వ్యాపించింది. ఇక్కడ మేమిటంటే అది కరువు ప్రాంతము. అనేక సంవత్సరాలనుంచి, అది కరువు ప్రాంతముగా ఉన్నది."

MR. SPEAKER:—"It comes under matters of day-to-day administration."

SRI K. SUBBA REDDI:—"దయచేసి నేను చెప్పవలసిన ఒక నిమిషము వినవలసిందని కోరుచున్నాను. పొయిన సంవత్సరం మేము, మా ప్రజల తరపున, మంత్రిగారి వద్దకు కస్టోడియన్ వద్దకు వచ్చి భూమిని సేద్యమునకు ఇవ్వమని అనేక పర్యాయములు చెప్పకొన్న మీదట, వాళ్లు అక్కడి పరిస్థితులు గమనించి భూమిని సేద్యం చేశారు. 1952 వ సం॥ నవంబరు 23 వ తారీఖున ఆ భూమిని సేద్యానికి ఇచ్చినట్లు ఆర్డరు చేశారు. ఆ ఆర్డరు కాపీని నాకు కంపించారు. ఇంకా కాపీని జిల్లా ఫారెస్టు ఆఫీసరుకు కంపించారు. కాని దానిని తరువాత అమలు జరుగకుండా చేశారు. కాకినాడకు కస్టోడియన్ వచ్చినప్పుడు, దానిని అమలు జరుగనివ్వండి అంటే దానికి అటంకంపెట్టి గందరగోళం చేశారు. వారి ముందు నిర్ణయాన్ని 1953 వ సం॥ ఫిబ్రవరి 19 వ తారీఖున డ్రాఫ్ట్ చేసినట్లుగా ఎవరికి తెలియవలసినది. తదుపరి ఆ భూమిలో వ్యవసాయకులు సేద్యం చేసుకొనుచుండగా, కొంత మందిని అరెస్టు చేశారు. ఈ నెల 4 వ తారీఖున కొంతమందిని అరెస్టుచేసి, ఒకటిన్నర రోజులు వారిని సబ్ జైలులో ఉంచి, వారికి రిండికూడా పెట్టకుండా వదిలివేశారు. తరువాత 7 వ తారీఖున ఒక గ్రామంలో విడుదల చేశారు."

MR. SPEAKER:—"It comes under matters of day-to-day administration and I therefore rule it out of order."

SRI PILLALAMARRI VENKATESWARLU:—"On a point of order, Sir."

THE HON. SRI C. SUBRAMANIAM:—"The hon. Member cannot raise a point of order on a ruling."

SRI PILLALAMARRI VENKATESWARLU:—"I am not raising a point of order on the ruling. The hon. Member spoke in Telugu and I do not know how it has been possible for the Hon. Speaker to follow him."

MR. SPEAKER:—"No doubt I did not follow what he had said but I gave my ruling on the merits of the motion."

(3) FAST OF TWO PERSONS TO URGE THE HOLDING OF A PLEBISCITE
IN BELLARY.

MR. SPEAKER:—"I have received notice of the following 10-50
adjournment motion from Sri Vavilala Gopalakrishnaiah:— a.m.

'That the business of this House be adjourned to consider the situation arising out of the fast of Sri Tekali Kami Reddy who is fasting since twenty days, and Sri Rami Reddy who is fasting since nine days advocating a plebiscite for Bellary taluk's inclusion in Andhra State.'

I would like to hear Sri Vavilala Gopalakrishnaiah on how he thinks the Government are responsible for the gentlemen's fast."

Sri Vavilala Gopalakrishnaiah began to speak in Telugu.

MR. SPEAKER:—"Will the hon. Member kindly speak in English?"

THE HON. SRI C. RAJAGOPALACHARI:—"Let us reserve adjournment motions for extraordinary incidents. Fasts have become quite ordinary now."

* SRI VAVILALA GOPALAKRISHNAIAH:—"The Hon. the Chief Minister says that fasts have become ordinary occurrences. The major misdeeds of the Government also have become ordinary occurrences."

"The Government have given wrong census figures to Justice Mitter. So, his Report on Bellary taluk, especially the Rapanagudi and Moka firkas and the Bellary firkas and town, has gone adverse to the interests of Andhra. The Madras Government gave him wrong facts and figures and they did not send any official to represent the position on their behalf. No doubt they sent the Hon. Sri N. Sankara Reddi and the Hon. Dr. R. Nagan Gouda. But they

[Sri Vavilala Gopalakrishnaiah] [15th July 1953]

represented the case of their linguistic areas and they did not represent the Madras Government. The Andhra case has gone by default. Even Justice Misra himself has said that, short of taking a plebiscite, it was impossible to decide which way the majority support lay. The people's verdict is final, and the democratic verdict of the people should be taken through a plebiscite. So the Central Government are asked to take a plebiscite. The Madras Government are involved in that they have not expressed their opinion to Justice Misra. So I request the Hon. Speaker to allow this adjournment motion."

MR. SPEAKER:—"The Government are not responsible for the fast. So I rule the motion out of order."

(4) FAMINE CONDITIONS IN PENUKONDA AND KADIRI TALUKS IN ANANTAPUR DISTRICT.

MR. SPEAKER:—"I have received notice of the following adjournment motion from Sri T. Lakshminarayana Reddi:—

'That the business of the house be adjourned for the consideration of the grave famine conditions in Penukonda and Kadiri taluks (Anantapur district) and the resulting starvation and distress.'

Famine has been existing for a long time and not only to-day; it has been there for the last ten or fifteen years. So I rule the motion out of order."

(5) FORCIBLE COLLECTION OF KIST IN FAMINE AREAS.

MR. SPEAKER:—"I have received notice of the following adjournment motion from Sri D. Seetharamiah:—

'This house stands adjourned to consider a matter of urgent public importance, viz,—

the grave situation arising out of the recent orders of the Government to collect the current kist and kist arrears forcibly from thousands of famine stricken peasants for crops that have completely failed in this and previous faslis in the worst famine affected taluks of Chittoor district, i.e., Madanapalli and Vayalpad taluks.'

I rule the motion out of order on the same ground as the previous adjournment motion."

(6) LATHI CHARGE AND ARREST OF ANDHRA SATYAGRAHIS OF BELLARY.

MR. SPEAKER:—"Sri G. Latchanna has given notice of the following adjournment motion:—

'Please adjourn the session . . .

The hon. Member wants the adjournment of the session itself:—

'Please adjourn the session to discuss the special circumstances created by the lathi charges and arrests conducted by the Madras Government against the non-violent and peaceful Andhra satyagrahis of Bellary.'

SRI G. LATCHANNA:—"Sir, please allow me to say a few words regarding the adjournment motion."

(The hon. Member began to speak in Telugu.)

[15th July 1953]

MR. SPEAKER:—"The hon. Member can speak in English."

SRI G. LATCHANNA:—"My difficulty is that I cannot express my ideas fully in English."

MR. SPEAKER:—"My difficulty is that I am not able to follow Telugu speeches."

SRI G. LATCHANNA:—"I will try to speak in English. The word 'session' was used in the adjournment motion by mistake. I want the adjournment of only the business of the House. So please allow me to amend the adjournment motion by substituting the word 'business' for the word 'session'."

The subject-matter of the adjournment motion is of recent occurrence. It is of urgent public importance because the commotion now prevailing not only in Bellary but in the whole of Andhra is due to the violent attitude taken up by the Government against the non-violent and peaceful Andhra satyagrahis. The fasts referred to in the adjournment motion of Sri Vavilala Gopalakrishnaiah were provoked by that attitude. When some innocent students from high schools and colleges were agitating peacefully to draw the attention of the State as well as the Central Government, the State Government employed violent repression against them. This provoked the public and made them ask why the Government were so adamant and vehement in suppressing the legitimate demand of the Andhra public in Bellary. The law and order position in that area was affected adversely because of the attitude and policy of the Madras Government and not because of the peaceful and non-violent agitation carried on by the Andhra satyagrahis.

"The motion is of urgent public importance. The subject-matter of the motion is not only of recent occurrence but is also a continuing thing. So I request the Chair to allow the adjournment motion for discussion."

SRI T. NAGI REDDI:—"Mr. Speaker, Sir, this is a very important matter. I am really surprised that in Bellary the Government adopted the method of lathi-charging the people instead of trying to understand the position and the problem of the people living there. There has been agitation over the border question in quite a number of places. I would like to say that two kinds of repressive methods and policies are adopted in two different places. From all the opinions that have been received by us, we find that the agitation in Bellary has been very peaceful and nothing has been done by the Andhras to provoke the Government to adopt such tactics. I submit that this is a question which has got to be discussed here and the Government should express their view as to what provoked them to adopt the attitude that they have been adopting when the agitators were non-violent and peaceful in their agitation."

* THE HON. SRI C. RAJAGOPALACHARI:—"Sir, in view of the very expansive scope that has been given to the question, it may be necessary to go a little outside the bare issue for judging

[Sri C. Rajagopalachari] [15th July 1953]

the urgency and relevancy for an adjournment motion. From the speech of Mr. Nagi Reddi it is clear that some people are of the opinion that the Bellary agitators have not been treated with justice and impartiality. I must clear that point first. If the hon. Member was referring to the agitation in Chittoor district for comparison, let us clearly understand the position. In the case of Chittoor, there has been no award given by any Commission or Judge appointed by the Government of India. I may take the hon. Members into confidence and say that I tried my best to leave Bellary on the same footing as Chittoor. I was so to say overruled, and it was thought necessary for the disposal of the main issue that the Bellary issue should be disposed of. The Government of India appointed a Judge to give an award and an award has been given. The position in respect of which an award has been given is different from the position when the place has not been dealt with by the Government of India by the appointment of a Commission or Judge. This should be remembered in discussing the question of partiality.

"Coming to the next point, I am quite clear on behalf of the Government that any amount of agitation can go on in a normal way—by meetings, discussions and things like that. But picketing of offices and disobedience of orders cannot be permitted by the Government, and that is the only point at issue. In Bellary the agitators were asked to disperse. But when they refused to disperse, they must be prosecuted or dispersed by a mild use of violence.

11-00
a.m.

"There is no other way for Government to carry on. The hon. Member should remember that all people responsible for the general political issues being considered have advised the Bellary agitators to stop. I did hope that the agitation would stop, and there would be no need for further agitation. I was very glad that Mr. Latchanna's party who were mainly operating there have asked the important men to go to Delhi. I think the whole trouble will stop very soon. I do not think that anything wrong was done. It is only the day to day administration that has come into the adjournment motion."

SRI T. NAGI REDDI :—"On a point of order, Sir."

MR. SPEAKER :—"I am not going to allow any further discussion."

SRI G. LATCHANNA :—"Sir, how can the report of Mr. Justice Misra become an award while the report of Mr. Justice Wanchoo is only a recommendation?"

SRI T. NAGI REDDI :—"Certain misconceptions have arisen out of the Chief Minister's speech. They can be cleared if I put a small question to him."

MR. SPEAKER :—"The hon. Member is going into the merits. Whether Bellary should go to Andhra or not can be taken up when the Andhra State Bill is discussed."

15th July 1953]

SRI T. NAGI REDDI :—"Sir, it is not a question of going into the merits. But the question is whether there has been a lathi charge, whether the lathi charge has been proper, and whether the lathi charge had any background. The Chief Minister came forward and said that an award had been given, and even after that the agitation had been continuing. He said he requested the agitators and tried to stop the agitation, and yet it continued. That is the point. My contention is that the award was for the whole of the taluk, and the agitation was to appoint a boundary commission to go into the question of the Bellary taluk just as in the case of Chittoor. The question is whether Bellary taluk will be handed over to the boundary commission when the commission is appointed. That was the peaceful agitation, and that is what the agitators asked for. Hence, there is nothing contradictory between the agitators in Chittoor and those in Bellary."

MR. SPEAKER :—"This is not an urgent matter. This comes under matters of day to day administration. So, I rule the motion out of order."

(7) NEW ELEMENTARY EDUCATION SCHEME.

MR. SPEAKER :—"Now come the adjournment motion of Sri P. Rangaswami Reddiar, Sri A. Doraiswami Gounder, Sri A. Govindaswami, Sri P. Ramamurthi, Sri E. L. Raghava Mudaliar, Sri A. Ratnam, and Sri V. R. Nagarajan. The adjournment motion of Sri P. Rangaswami Reddiar reads as follows :—

"That the business of the House be adjourned to discuss a definite matter of urgent public importance, namely, the recent introduction of modified scheme of work and training of Elementary School pupils in rural areas of this State from this academic year."

The same thing is repeated in the other adjournment motions given notice of by other Members. I wish to know what the Leader of the House wants to say on this motion."

* THE HON. SRI C. RAJAGOPALACHARI :—"Sir, I do not at all wish to stand in the way of the discussion as proposed. But I do not think that the present discussion on the Andhra State Bill should be postponed or delayed for that reason. At the end of the discussion on the Andhra State Bill, I have no objection to have a discussion in the usual way on the new elementary education scheme. The Hon. Speaker might fix a time for this discussion."

SRI P. RAMAMURTHI :—"Sir, if we have the assurance that the Government will set apart a day or more . . ."

MR. SPEAKER :—"As far as the Treasury Bench is concerned, even if I admit this motion, they do not object to it. It is not about a separate day for discussion. The motion itself will be admitted. As far as the Chair is concerned, I am going to admit this motion."

[15th July 1953]

SRI P. RAMAMURTHI :—" The only question with which I am concerned is whether the Government will allot a day for this after discussion on the Andhra State Bill is over."

* THE HON. SRI C. RAJAGOPALACHARI :—" It is not a question of allotment of a day. The Hon. Speaker can fix 4 o'clock on any day. Instead of to-day, it may be at the conclusion of this debate on the Andhra State Bill, because the Andhra State Bill is more urgent for the time being."

MR. SPEAKER :—" I have admitted this motion. I should like to know from the House how many Members give their support to this motion. The Government will say that they are also willing to support the motion."

SRI P. RAMAMURTHI :—" Sir, yesterday when I met you in your Chamber and had a talk with the Leader of the House, a suggestion was made that a full day might be allowed for discussion of this new elementary education scheme. This is a very important scheme. In fact, none of the adjournment motions speak of the policy of the Government as a whole. The adjournment motions speak of the failure of the Government to consult the House before taking a particular step. I am asking the Leader of the House to see that at least one full day is allotted for discussion of this elementary education scheme after discussion on the Andhra State Bill is over so that we can go into the whole question of the educational policy of the Government fully, and express our views. An opportunity must be available to the Members of this House to express their opinion on this very important scheme."

MR. SPEAKER :—" Hon. Members can discuss the new elementary education scheme only for two hours. The other alternative is to have a talk with the Leader of the House."

SRI P. RAMAMURTHI :—" Yesterday I had a talk with the Leader of the House in your presence. I wanted the Leader of the House to assure the House of a full opportunity to discuss the new elementary education scheme. I thought he would make an announcement in the House."

THE HON. SRI C. SUBRAMANIAM :—" Sir, you have admitted the motion. The only question is when it should be discussed—whether to-day or on any other day. Rule 45 says—"

MR. SPEAKER :—" I know the rule. I wish to know from the Leader of the Opposition whether he is withdrawing his motion if there is to be a full dress debate."

THE HON. SRI C. SUBRAMANIAM :—" Sir, Rule 45 says—
or if the Speaker in consultation with the Leader of the House and the member of Government concerned so directs, at the conclusion of business of the day or any other day."

MR. SPEAKER :—" I wish to know how many Members want a debate on this new elementary education scheme."
(Several hon. Members rose in their places.)

15th July 1953]

MR. SPEAKER :—" The number is more than 22, and the motion is admitted. Regarding the time, it should be taken up at 4 o'clock. To-day we have got the half-hour debate on the tramway dispute. So, I wish to know . . ."

SRI P. RAMAMURTHI :—" Sir, the time can be fixed after consultations."

THE HON. SRI C. RAJAGOPALACHARI :—" I have no objection to further consultations. But I suggest that it may be fixed on any day after we finish discussion on the Andhra State Bill. There is nothing else standing in the way. I shall not then raise any objection that the matter is belated."

MR. SPEAKER :—" As soon as the Bill is over, we shall take up this question."

IV.—MOTION UNDER RULE 24 OF THE MADRAS ASSEMBLY RULES FOR TRANSACTION OF GOVERNMENT BUSINESS ON A NON-OFFICIAL DAY.

THE HON. SRI C. SUBRAMANIAM :—" Mr. Speaker, Sir, I beg to move—

'That rule 24 of the Madras Assembly Rules be suspended and the House do resolve to transact Government business (that is, discussion on the Andhra State Bill) on Thursday, the 16th July 1953.'"

SRI P. RAMAMURTHI :—" Sir, I rise to oppose this motion for this very simple reason. It has been the practice of the Government to see that Members of this House are deprived of their right of having non-official days. In the last session the same thing happened. In the session previous to the last session, the same thing happened. This has been going on repeatedly for a long time. As a matter of fact, in the last session of the Assembly, you may remember, Sir, we had a long talk in your Chamber, and the Leader of the House at that time agreed that he would compensate for the loss of the non-official days in that session by providing additional non-official days in this session. But now at the very beginning we are deprived of the first non-official day. Members are deprived of any right whatsoever to discuss subjects on their own initiative. As far as this House is concerned, it is for the Government to bring in any subject which pleases them. As far as we in the Opposition are concerned, we are here to discuss questions which the Government choose to bring before the House and also those questions in which the Opposition and the public are interested; but in which the Government may not be interested for their own reasons and convenience. Therefore, I oppose this motion."

* THE HON. C. SUBRAMANIAM :—" Sir, I am afraid the hon. the Leader of the Opposition has been a little bit hasty in coming to conclusion. It is not the intention of the Government to deprive this House of the opportunity of discussing non-official

148 MOTION UNDER RULE 24 OF THE MADRAS ASSEMBLY RULES
FOR TRANSACTION OF GOVERNMENT BUSINESS
ON A NON-OFFICIAL DAY

[Sri C. Subramaniam] [15th July 1953]

motions. But certainly, the Andhra State Bill is an urgent matter and we have fixed a target date by which time we will have to finish that business. In these circumstances, we want to take up official business tomorrow. If the House is willing to take up non-official business after the conclusion of business connected with the Andhra State Bill, I will certainly provide not one day but two days if there is enough business to be transacted. That assurance I give. Therefore, it is not a question of depriving the House of the opportunity of discussing non-official motions. I am prepared to allot one or two days for it after the conclusion of the business connected with the Andhra State Bill, which is an urgent matter. I request the hon. the Leader of the Opposition to consider this point and accommodate us in this matter."

SRI P. RAMAMURTHI:—"I am glad that a specific assurance has come from the Leader of the House that immediately after the conclusion of the business connected with the Andhra State Bill, he is prepared to allot not one but two days for transacting non-official business."

THE HON. SRI C. SUBRAMANIAM:—"Two days, if necessary."

SRI P. RAMAMURTHI:—"There are very urgent matters to be discussed. For example, we have to consider the food situation in the State. There are also a number of other questions about which the people are agitating and about which we on this side of the House are very much worried. Therefore, we should have two non-official days in the next week. On getting that specific assurance, I am not pressing my opposition to this motion."

MR. SPEAKER:—"The question is—

'That rule 24 of the Madras Assembly Rules be suspended and the House do resolve to transact Government business on Thursday, the 16th July 1953.'"

The motion was put and carried.

MR. SPEAKER:—"Hon. Members Sri V. Sri Krishna and Sri Nambiar have given notice of adjournment motions. I shall take them up tomorrow."

V.—MESSAGES FROM THE GOVERNOR.

MR. SPEAKER:—"I have to announce to the House the following messages received from the Governor of Madras:—

(1) In pursuance of Article 207, clause (1), read with Article 100 (1), clause (1), sub-clause (a), of the Constitution of India, I, Sri Prakasa, Governor of Madras, hereby give my recommendation to the introduction in the Madras Legislative Assembly of the Madras Entertainment Tax (Amendment) Bill, 1953.

(2) In pursuance of Article 207, clause (1), read with Article 100, clause (1), sub-clause (a) of the Constitution of India, I, Sri Prakasa, Governor of Madras hereby give my recommendation to the introduction in the Madras Legislative Assembly of the Mestur Canal Irrigation Cess Bill, 1953.

Now, we shall take up the Andhra State Bill."

15th July 1953]

VI.—GOVERNMENT BILL.

THE ANDHRA STATE BILL, 1953—cont.

SRI C. V. K. RAO:—"Mr. Speaker, Sir, I welcome this Bill and I think everyone in this House supports it wholeheartedly. But there are certain details that have to be discussed. I wish the Hon. the Chief Minister had enlightened us on the discussion carried on in the Cabinet for a number of days on this subject. Perhaps he may come to that point when we discuss the Bill clause by clause.

"Sir, the Hon. the Chief Minister has compared the formation of the Andhra State to the attainment of the Independence of India and has asked us to be very happy about it. I do not know if he has compared this House to the House of Commons. Whatever that may be, his whole attitude to this Bill is that it is a very simple Bill. The Hon. the Chief Minister should have enlightened this House on the recommendations and suggestions he has made to the Government of India. During an interview granted to a Press correspondent, when a question was put to him about the draft Andhra State Bill, he was not willing to speak out. He simply said, 'There is nothing very wonderful in the Bill. This is just like division of territory, personnel of services, debts, assets, etc.' When the Press correspondent asked the Chief Minister whether it was so simple as that, he was pleased to say that it was as simple as hanging a man. Sir, this is really a very amazing attitude. We would like to know from the Hon. the Chief Minister whether the formation of the Andhra State is going to have all the repercussions of a man being hanged. When we discuss this Bill, we have got to see what is going to happen next. What everyone wants in connection with the formation of the Andhra State is that a good Government should be formed. Whether a good Government is going to be formed or not no doubt lies in the hands of the people. But the powers that are shaping the destiny of the Andhra State, I am afraid, are not willing to see that a good Government is formed in the Andhra State. So, as a politician when the Hon. Chief Minister says that it is a business like the business of hanging a man, he means that we are going to hang ourselves. That is a serious warning to the Andhra State and to the Residuary State as well. The formation of the State is now a foregone conclusion. But what the people really want is a good Government. We have to concentrate on it when we discuss this Bill and we have got to work for it. Therefore, the message which we have got to send to the Parliament is that they should not interfere in the formation of the Government of the Andhra State and that the people would like to make their own choice in getting a good Government. Now, there are a number of hindrances to this. I consider the present Madras Government will be a hindrance to the formation of a good Government in the Andhra State. I also consider that the Congress Party itself and the powers in Delhi will be a hindrance to it. All these hindrances must be removed. While we recommend the introduction of this Bill in Parliament,

[Sri C. V. K. Rao] [15th July 1953]

we would say, 'Take off your hands from the affairs of the Andhra State and do not manoeuvre to see that some dictatorial Government is set up by getting some men into the Andhra Cabinet by backdoor methods.'

11-20 a.m. "When the Andhra leaders have sacrificed so much and when they have done a great deal for the formation of the Andhra State, the people of Andhra have got every right to demand a good form of Government for the Andhra State. Let not their sacrifices and their dreams be set at naught. When the provisions of this Bill are put into effect, let us not be lulled into a sort of complacency. Let it not be said, 'Well, here you have got your State which you wanted. Be content with that.' Everyone of us on this side of the House feel that we must have a Government that will be able to solve the food and unemployment problems."

MR. SPEAKER:—"I fix a time-limit of 15 minutes for each hon. Member."

SRI C. V. K. RAO:—"Even before the Andhra State is formed, happy state of affairs must exist. But it does not exist. Certain incidents have taken place which we must take note of. While the great man, Sri Potti Sriramulu, sacrificed his life for the birth of the Andhra State, a number of innocent people are being prosecuted. I want to ask, whether this Government is genuinely interested in the formation of the State. I want them to stop prosecuting people in the manner in which they are being prosecuted now. I know that these prosecutions are being carried on even in my town, Kakinada. Some important personages, who were not previously informed of the promulgation of the order under Section 144 of the Criminal Procedure Code, have been prosecuted for defying this order. If the Government have a real love for the Andhra State and if they are really interested in its formation, will they go on prosecuting and trying the citizens of Andhra Desa for violating this law or that law, especially when they, the people of Andhra, are deeply moved at the death of their revered leader, Potti Sriramulu? I would earnestly advise this Government to straightaway stop these prosecutions at different places of Andhra, including Kakinada. Thus, things are not moving happily. The Chief Minister says, 'Hang yourself! You have got your Andhra State.'"

"Now, let us look at the food problem of the Andhra area as a whole. Hundreds of thousands of tons of foodgrains are being exported from Andhra districts. In the last six months or so, I have corresponded with the Government requesting them to open fair price shops and to take steps to redress the suffering of the people."

THE HON. SRI C. SUBRAMANIAM:—"On a point of order, Sir, I am afraid even given the greatest relaxation, my hon. Friend is going out of the subject. He is discussing the import and export of foodgrains. Certainly, I cannot reply to those things now. Again, he is referring to prosecutions in Kakinada and other places. I am afraid these references are a little bit irrelevant."

[15th July 1953]

MR. SPEAKER:—"Let the hon. Member confine his remarks to the subject under discussion."

SRI C. V. K. RAO:—"Mr. Speaker, my remarks have got everything to do with the creation of the Andhra State."

MR. SPEAKER:—"No. Let the hon. Member strictly confine his remarks to the subject before the House."

SRI C. V. K. RAO:—"I will confine my remarks to the subject before the House, Sir. If the present Government are really interested in the happiness of the Andhra people, I would like their actions and deeds also to conform to that. I am suggesting that their actions and deeds do not conform to that. We do want that the Andhra people should have a good Government. That is the object of this Bill. While this Bill is before the House, the present Government should not have done certain things. For example, they have floated a loan to the extent of Rs. 5 crores, which has got something to do with the Andhra State."

MR. SPEAKER:—"What has that got to do with the subject under discussion now?"

SRI C. V. K. RAO:—"As far as my information goes, I understand that the Government have sent out circulars to their officers asking them to postpone certain works to a future date. These could have been settled even now and need not wait for the formation of the Andhra State. My charge against this Government is this. They somehow or other want to make the Andhra State a bankrupt State. They should not do that. Well, there are three more months in which the present Government can interfere with the affairs of the Andhra State. So these matters are quite relevant to the subject. If we do not voice our protest in respect of these matters, we will be in a sorry state of affairs. The present Government should not interfere with the choice of the type of cabinet that the Andhra State should have. They should not interfere with the affairs of the Andhra people. This is all what I am driving at. We, Members of this House, while supporting this Bill wholeheartedly, have grave apprehensions regarding certain clauses found in the Bill. No doubt, they will come up for discussion at a later stage."

"With regard to the seventh schedule which deals with the division of assets and liabilities, I feel that the present Government of Madras must have had a hand in drafting that schedule. The Hon. Chief Minister himself admitted that he was in correspondence with the Centre. The Hon. Mr. Subramaniam has also admitted this in a statement in which he said that 'the Bill is under examination in connection with the division of assets and liabilities, sharing of debts and loans and other financial dispositions.' The important aspect in the Bill is this Seventh Schedule. Under this Schedule, the residuary State would like to benefit itself as much as possible. This Government should have adopted an impartial attitude. On the other hand, they are shoving responsibility on the shoulders of the Central Government. They simply say, 'It is the Centre that has

[Sri C. V. K. Rao]

[15th July 1953]

to decide. Everything is in the hands of the Central Government. We have nothing to do with it.' The real state of affairs is not that. It is this Government that decide issues relating to the division of assets and liabilities.

11-30 a.m. "There is also another issue, which some Members feel, should not have cropped up while discussing this Bill. That is the issue of capital. The issue of capital is relevant for discussion now. The ruling party has decided the capital and the power at Delhi has drafted this Bill. They should not have included Kurnool here."

MR. SPEAKER :—"The hon. Member's time is up."

SRI C. V. K. RAO :—"Please allow me two more minutes."

MR. SPEAKER :—"I am sorry I cannot. There are many more Members who want to participate in the discussion."

* SRI K. VINAYAKAM :—"Mr. Speaker, Sir, I welcome this Bill for the formation of the Andhra State. It is the result of a long agitation by Andhras for self-determination in the affairs of the country. While speaking on the Bill, I am going to concentrate only upon one aspect of it and leave the rest to others who are more interested in other aspects of the Bill. I will concentrate more upon the boundary issue, particularly upon the dispute that is going on between Tamils and Andhras with regard to particular places. The State to be formed should be formed on the basis of language and no Tamilian will have any dispute if all the Andhra districts are clubbed together and a State is formed in that way. But our quarrel with this Bill is that a district like Chittoor which has been considered from the day when it was formed as a bilingual area is now erroneously classified as an undisputed Telugu area. I would like to take this House back to the history of the formation of this district. The district was formed in the year 1911 by the then British Government more for administrative convenience rather than on the basis of linguistic considerations. In those days the superannuated British officials used to be tacked on to this district which was a well-meaning district with no crimes or other troubles. The district was formed taking away three purely Telugu taluks from Cuddapah, namely, Vayalpad, Madanapalle and Punganur, and six purely Tamil taluks like Tiruttani, Puttur, Chittoor, Chandragiri, Kalahasti and Palmaner and one zamin, Kuppam. (An hon. Member: 'Hear, hear.') My friends here are tempted to hail my speech when they hear that these are Tamil taluks. I say Andhras have contaminated these taluks with the result that they have been made to look like Telugu taluks."

SRI T. VISWANATHAM :—"I take strong objection to the word 'contaminated' used by Mr. K. Vinayakam. He need not contaminate his speech in that way."

* SRI K. VINAYAKAM :—"I would like to explain why I used such a strong term as that."

[15th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—"On the question raised as to parliamentary language, I am sure the hon. Member meant 'infiltrated' and not 'contaminated'."

(At this stage the Deputy Speaker took the Chair.)

* SRI K. VINAYAKAM :—"Sir, you must bear in mind that two Members preceding me have taken some of my time. I meant contamination in the real sense of the term. The Tamil population in these taluks was gradually converted for all practical purposes into Telugus and the whole population looks Telugu. First, the administrative authorities there closed all Tamil schools. When the Justice Party came to power, almost all the Chief Ministers were Telugus; to name some of them, the Raja of Panagal, Mr. B. Munuswami Naidu, Sir K. V. Reddi and the Raja of Bobbili. These gentlemen, who happened to be Telugus, had always a soft corner for this district and two of them actually came from my district of Chittoor. The result was Tamil culture was slowly killed. Hero Hitler of Germany used to say: 'If you want to kill a nation, you must first kill their language.' The same tactics were adopted by the then ruling party as far as Chittoor was concerned. Then they posted Telugu officials to these Tamil parts and these officials who had acquaintance only with Telugu were putting questions to the Tamil population there only in Telugu."

* THE HON. SRI C. RAJAGOPALACHARI :—"With your permission, Mr. Deputy Speaker, I must make an appeal to the hon. Member. We have decided to have the partition. We are discussing a Bill which has been drafted and revised by the Government of India. In the first part of the discussion we are dealing with general matters. The hon. Member may be aware that we are moving an amendment to be sent up to the Centre for the appointment of a boundary commission. Discussion on that amendment could cover some of the points mentioned now by the hon. Member. But it is not only that that I wish to say. I think the line he is taking is very unhappy. It is not necessary to go into that aspect of the matter. There are complaints and counter-complaints. I make an appeal that we must part after a sweet discussion."

* SRI K. VINAYAKAM :—"I cannot understand why the Government or the Members interested in the Andhra Bill should take objection if I narrate the history of the Chittoor district. After all it is a history of how the Tamilians were slowly made to appear as Telugus in my parts."

THE HON. SRI C. RAJAGOPALACHARI :—"It is a very good thing."

* SRI K. VINAYAKAM :—"The result was that the Tamil population got slowly adjusted to the Telugu officials who were posted there. Even a small registration record had to be written in Telugu so as to suit the convenience of the Telugu sub-registrars posted to those parts. Census figures were also prepared on an erroneous conception. For instance, some classes like Vanniyakula Brahmins, who were purely Tamil in outlook, culture and language, are now

[Sri K. Vinayakam]

[15th July 1953]

known as Reddis in those parts. The Telugu officials who went there to collect census figures have classified these Tamilians as Telugus simply because they were called Reddis. I have myself been classified like that. Even those who were known as Adi-Dravidas, who talk pure Tamil in their homes, are now known as Malas and Madigas simply because, to suit the convenience of their landlords, they speak Telugu. It is these erroneous calculations that have made up the figures of Telugus in those parts. I shall quote only one instance to prove this. Take the Tiruttani taluk. In the year 1931, the Tamil population there was 75 per cent. In the 1941 census it was reduced to 51 per cent and in 1951 it came down to 49 per cent. From 75 it has come down to 49 per cent. Does this mean that the Tamil population has migrated from those parts or does it mean that the powers of procreation of Tamilians are much less when compared to the Telugus? On the other hand, the figures regarding Andhras are steadily increasing. It does not mean that Telugus have come into those parts in larger numbers. It is all the mischief committed by those officials that have given a wrong impression to the Government about population. They always believe, when the name of Chittoor is mentioned, that it is a Telugu area. On the other hand, it is a bilingual area and that is the only point that I wish to bring to the notice of the House.

11-40 a.m. "Sir, when the question of the division of our State on the linguistic basis was brought in, we the Tamils living in these parts protested against the inclusion of these areas in the Andhra State and made our views very clear and also brought to the notice of the Provincial Government that in the event of the formation of the Andhra State, the Tamil areas of this district should be tacked on to the Tamil State. We represented through mass meetings, conferences, and petitions and submitted our views even to Justice Wanchoo who visited this City. We did not get a favourable reply then though Mr. Wanchoo wisely suggested that these disputes regarding Tamil area must be settled either by the appointment of a Boundary Commission or by holding a plebiscite. But what did we see in the declaration of the Prime Minister in Parliament. He has classified this district as a purely undisputed Telugu area. He has clubbed this district along with districts like Visakhapatnam, Guntur and West Godavari. Even if a Boundary Commission is appointed in the future, usually presided over by a judicial officer, what will that Commission say when we ask them to go and enquire into the dispute. They will naturally turn round and say that the Commission has no jurisdiction over the district which has been declared as an undisputed Telugu district. Even the future Andhra State will be reluctant to bring the case under the purview of the Commission.

"In order to prevent such a trouble arising, we started a mild agitation. First we protested against the inclusion of the district in the undisputed parts. We waited for a favourable reply from the Centre. We represented our grievances to the Provincial Government also. We sent a memorandum to the Central Government but with no use. Then naturally, people guided by good

15th July 1953]

[Sri K. Vinayakam]

motives, started a civil disobedience movement. They picketed before the Government offices. Then the movement assumed larger proportions and went beyond the control of even the leaders of the movement. People began to stop trains by pulling alarm chains. Trains were even stopped by people lying on the rail roads. Of course we objected to these things. We took strong objection to such actions and the misuse of our noble intentions. I declare here that these were not our intentions to disobey the laws of the land. But you know, Sir, that in a mass movement such things are likely to happen. The Press Statement of the Prime Minister has come in good time. He has now unequivocally and without an iota of doubt, declared that a Boundary Commission will be appointed to go into the question of the dispute in Chittoor district, which he did not make very clear in his first statement. He has now clearly accepted that this district is a disputed district and a Boundary Commission will be asked to go into the question of such disputed areas.

"Sir, we have come to a happy conclusion with the statement of the Hon. Chief Minister of this State when he said he would withdraw all criminal proceedings instituted so far and such of those who were jailed would be released. But I would like to bring to the notice of the Hon. Chief Minister that some of those involved in this Chittoor agitation are still behind prison bars. They should all be released. Then there are people who sympathized with us and stopped trains and did similar things in other districts. They are also still behind prison bars. I would appeal to the Hon. Chief Minister to enquire into those cases and release them also.

"It is now certain that the Boundary Commission is coming. But it is not known when it is coming and how long it will take to set up the Commission? Will it take a longer period than we expect? We want that in this interim period our culture, our language, our educational facilities and for employment facilities should be safeguarded in Chittoor district. To start with we will be content to remain inside the Andhra State. But the Commission must come within a reasonably short time, say at least before 31st December 1953. There is ample time before now and then and they must decide one way or another. After the Boundary Commission gives its verdict we will not repeat what is happening in Bellary. If the Commission says we should be inside the Andhra State we will take that verdict with pleasure. We will continue to live as good citizens of the Andhra State. We will not agitate like the people of Bellary though Misra award has been given and though the Central Government made it clear that there is to be no going back on the award. But in the meanwhile we only pray that this State Government as also the Central Government should safeguard the interest of the Tamilians living in those parts."

* SRI K. V. VEMA REDDY :—"Mr. Deputy Speaker, Sir, in welcoming this Bill, though certain provisions in it have to be amended, I wish to say that this is a most momentous event in the history of the Andhra State. It is the result of the great sacrifices

[Sri K. V. Vema Reddy] [15th July 1953]

of the people and the leaders and the sacrifice made by the late Potti Sriramulu at the altar of the Andhra State. It adds to the glorious history of the Andhras. This part of the history cannot be forgotten, cannot be effaced. As a matter of fact it marks the beginning of a new era and gives birth to a new State. It has its parallel only in the great and eventful day, the day of the declaration of the independence of India. When we achieved independence, people thought that their economic ills, social and political ills would be cured. But to their disappointment the Government have yet to solve those problems. They also do realize that these problems cannot be solved overnight. Similarly the formation of the Andhra State is no solution for the problems of the Andhra State, it is no solution for famines in the Andhra State, it is no solution for unemployment in the Andhra State and it is no solution for the development of the undeveloped areas in Andhra State. It is only a first step, an aid. It will help us in achieving our objectives in building a new Andhra State. But everything depends on the leadership of the State. The future of the Andhra State depends upon united and selfless leadership. Only with this can the Andhra State solve its problems. I am sure the accredited leader now sitting in this Assembly, Sri Prakasam, and leaders like Sri Ranga, Sri Sanjeevi Reddi and the budding leader Sri Nagi Reddi—though he belongs to the Communist Party—must all co-operate. It is only through the joint efforts of these leaders and the co-operation of other people that the new Andhra State can have a better future. I am sure with our mineral resources and with our perennial rivers we can build up a new Andhra State and we will go high in the history of our country.

“Sir, lastly I wish to add a word. We are parting from our Tamil friends. We are parting as friends and we must be good neighbours. We have to help each other. To-day the distribution of States on linguistic basis is conducive to better administration and for the development of the culture of different States, for the development of the resources and economic prosperity of each State. But this division on linguistic basis has its own perils. It has got a tendency to develop provincialism, to develop a narrow outlook which really undermines nationalism. All must remember that the nation is more important than the State. The prosperity of the State depends on the prosperity of the Nation.”

* SRI K. V. RAMESAM :—“Mr. Deputy Speaker, Sir, I also wish to associate myself in welcoming this measure as it is intended for the early formation of the Andhra State. In this connexion I would like to bring to the notice of the House certain difficulties which have got to be rectified during the course of the discussion on the Bill.

11-50 a.m. “In the first place, I feel that the Bill lacks sufficient provision for the inclusion of all those territories where the main language spoken is Telugu and which form parts of States like Mysore, Hyderabad, Orissa and others. There is no provision as I submitted that these parts where the majority of the people residing are speaking Telugu, are to be included in the new Andhra State.

15th July 1953] [Sri K. V. Ramesam]

Therefore, I suggest that either along with the formation of the new State or at least in the near future there should be sufficient provision in this Bill to enable the inclusion of those parts where the main language is Telugu. And then there is the question of representation in the Assembly of the new State in the Council of States and also in the House of the People where we find there is no provision for sufficient representation. In view of the population, it is necessary to increase the strength of the State Assembly the Council of States and the House of the People, so far as the Andhra people are concerned.

“Regarding the High Court, my view is that there must be simultaneous functioning of the High Court along with the formation of the new State. There will be difficulty for the litigants of the Andhra public, if the High Court is to function still in Madras after the formation of the Andhra State. There is no provision so far as the present Bill is concerned, that the High Court is to be located somewhere in Andhra area, but it is left to the decision of the Chief Justice and of the Governor after the formation of the State. It should not be like that. There should be sufficient provision in this Bill itself for the location of the High Court simultaneously with the formation of the new State in any part of the new State and before the actual formation of the State. I feel that there should be provision in the Bill for appointment of a small Cabinet consisting of some of the Andhra members of the Assembly to make suitable arrangements for the formation and for the successful working of the State. For, unless immediate arrangements are made on this account, it may not be possible for the new State to start on a good sound basis. Therefore there should be a provision of that type in the new Bill.

“And then regarding the apportionment of assets and liabilities. I find there is no hurry now. As at present suggested in the Bill, provision for division of assets and liabilities is not happy and it is not conducive to the best interests of the new State. Therefore several of the members are of the opinion that this matter must be referred to an arbitrator of the status of a Judge of the Supreme Court, so that there may be a just and equitable distribution of assets and liabilities of the State. Therefore, there should be a provision for that.

“Then in view of the non-availability of a proper place to locate the capital and in view of the decision that was already arrived at, it is absolutely necessary for the composite State to make sufficient provision for the construction of a capital in the place already suggested. There is no provision to enable either the proposed new State or the present Government to make suitable arrangements for successful working of the new State and to invest sufficiently large amount for the construction of houses and buildings to locate the offices and officers of the new State. Therefore there should be provision also in this Bill to this effect.

“Then about the Services. In this regard also, there is not a proper provision enabling the new State to have a final say in regard

[Sri K. V. Ramesam]

[15th July 1953]

to the cadre, category, etc., of the Services. Therefore, my suggestion is that there should be a modified provision for enabling the new Andhra State to make arrangements in all matters concerning the vital Services connected with the administration of the State.

" Finally, I would like to refer in this connection to the remarks of Mr. Vinayagam that Chittoor had been a Tamil area and on that I am not going to enter into details. I would like to take strong exception to the language used and to the conduct at Chittoor of officials responsible for the administration of the district some time back. I would also refer to the attitude of most of the Tamilian Ministers and the public towards Andhras who are residents in Madras. I should say that similar treatment has been meted out here. Therefore there is no use of complaining, about all these things. At a time when we are separating, these sentiments should not be there and I only appeal to the members not to make such hasty remarks but to abide by any lawful decision that may be arrived at in the course of the proceedings that will be started by a Boundary Commission or the like. Therefore it is necessary to make amendments to the Bill.

" I hope the new State would flourish and satisfy the aspirations of the Andhra public."

12 noon. * SRI P. VENKATASIVIAH :—" Mr. Deputy Speaker, I rise to associate myself with the sentiments expressed by many hon. Members of this House welcoming the Motion recommending the introduction of this Bill in Parliament. On this occasion it would not be out of place for me to think of the great men, the pioneers and fathers of our Andhra renaissance movement—the great Kandukuri, the great Gurazada and Gidugu Ramamurthi Panthulu. These were the people who in fact gave voice to the Andhra feeling that their language, their culture and their social traditions must be reformed, moulded and made really the people's language, the people's culture and the like. Similarly the national movement has contributed to our Andhra movement; the idea of one nation, the idea of anti-imperialism and India fighting against British Imperialism, these roused the Andhra people and gave them a sense of their own interest in an independent India. They have been fighting for a separate State within the joint family of India consisting of various nationalities. In this connection I remember many national leaders, Congress leaders and others like Konda Venkatappayya Pantulu and Mutnuri Krishna Rao who had sacrificed much for the sake of the country and at the same time who had also built up the Andhra movement. Finally the Andhra movement grew and spread into the villages starting from towns and it became a real people's movement. I congratulate the people of Andhra, peasants, workers, students and various other sections of our people who translated the general demand for a separate Andhra State into a reality by fighting every day for their projects, their industrial development and educational advancement. All these gave a real content and a real form and finally with the death of

15th July 1953]

[Sri P. Venkatasiviah]

Potti Sreeramulu they rose, as it were, in revolt against the policies of the existing Governments both in the State and at the Centre and demanded the immediate formation of the Andhra State and thanks to the Union Government they at last acceded to the demand of the Andhra people. As a result of the glorious fight for over 40 years by the people of Andhra, this Bill is sent to us for recommending it to be introduced in Parliament and be passed into law.

" At this stage I do not like to go into the many controversies created by this Government and I would go into them at the proper time. When there is separation, certainly there will be controversy. There have been people both inside and outside the Government who opposed *in toto* the separation of the State and wanted the postponement of the creation of Andhra State *sine die*. There have been people who, when the new State could not be formed, incorporated many provisions in the Bill which are not in the interests of the Andhra people. Of course, all these have to be discussed, ironed out and suggestions made to the Central Government to be incorporated in the Bill. Sir, I would have welcomed some controversy and some kind of discussion on the provisions. I hope hon. Members will agree with me when I say that syrup will be more tasteful and more pleasant and sweeter if a little pepper is added to it. But due to the controversy carried on to a very great unseemly extent on behalf of the State Government, the Central Government and by individuals and organizations, there has grown some bad blood and there have been some misgivings as to the future of the new State. I would request the Members on the Treasury Benches and those behind them and also friends like Mr. Vinayakam to kindly stop and ponder over these things and not to be carried away by emotion. They will be just to us if they see that the provisions of the Bill are such as are not denying our legitimate rights. Certain provisions of the Bill do seek to practically create a bankrupt State and we want those provisions to be changed.

" I am very thankful to Mr. Vinayakam as he is going to abide by the verdict of a Boundary Commission that might be appointed to go into the question of the Chittoor district which he tried at length to prove that it was a disputed area. He was narrating history how Chittoor was a Tamil district and how it became a Telugu district. I would like to tell him and many hon. Members who might think alike that after all nations and nationalities are formed historical during the course of history. If a certain area or if a certain people have become Tamil people or certain people have become Telugu people, I accept it as an event of history and there is no use arguing about it. Yesterday one hon. Member was talking about the Hon. Sri C. Rajagopalachari belonging to Tirupathi. Probably the Hon. Sri Rajagopalachari's forefathers might have been Telugus and they might have migrated to some other place and there they might have learnt Tamil and imbibed Tamil culture. There is no use of claiming Sri Rajagopalachari as a Telugu to-day.

[Sri P. Venkatasiviah]

[15th July 1953]

12-10 P.M. "The formation of the Andhra State is now in the offing. Let us not try to forget the historical fact that the Andhra nation has come into being during the course of history. Mr. Vinayakam has referred to the agitation in Bellary while expatiating on the Tamilians' claim over some parts of the Chittoor district. What did the history of Bellary tell us? What is it that the history and culture of Bellary reveal to us? I saw with all emphasis at my command that Justice Misra had erred when he had categorically observed that the culture of Bellary is out and out Kanarese. In fact it is an inter-mixture of Telugu and Kanarese. That truth should not be lost sight of. If we trace the growth of the Andhra history we shall never fail to come to the conclusion that Bellary is in entirety a Telugu area. May be a particular taluk in a particular district reveal during the process of historical research some truths about its inhabitants say a 100 or 200 years ago. But that does not mean that we should not take stock of what had happened all along in that particular area from time immemorial and up to now. That is why I say that a plebiscite of the people residing in a disputed area should be taken. That would give a clear verdict. So it is I plead for the appointment of a Boundary Commission to settle the claims of all these disputed areas and particularly that of Bellary. I am glad that the Union Government are going to appoint a Boundary Commission to clearly demarcate the boundaries of Andhra and Madras. Of course that may take sometime after the formation of the Andhra State. Let not my friend Mr. Vinayakam be in a hurry.

"I would not like to speak any more on the subject-matter at this stage. Once more I associate myself with the sentiments expressed by many of my previous speakers in welcoming the introduction of this Bill here and commending the same for introduction in Parliament."

* SRI M. S. MOGRAL:—"The problem of linguistic re-distribution of States is not a new one. A decade and odd ago, the Congress has resolved that the provinces should be re-organised according to linguistic affinities for the cultural progress, administrative efficiency and for the better realization of our national aspirations. It is the delay on the part of the Government in taking steps to improve the deteriorating conditions of the people, that is responsible to bring to the fore, the question of linguistic States. It is hoped—perhaps with full justification, that the formation of linguistic States, apart from marking the fulfilment of a long cherished political ideal, it would give each homogenous unit a common outlook, a feeling of oneness and help to improve the conditions of the people to a great extent."

"It is a matter for congratulations that the Andhra problem came to a speedy and successful solution. All of us are convinced that Andhra area is a viable unit comprising an ethnically homogeneous population, speaking one language, possessing a common history and culture and all the people there unanimously desire to have a separate political existence for them. The Andhra question

[15th July 1953]

[Sri M. S. Mogral]

is a stupenduous one as we are well aware. We are grateful to the Union Government for the masterly way they handled the situation before it was too late.

"Though the creation of linguistic States was the accepted creed of the Congress, post-Independence exigencies made the Union Government pause before taking further steps, in the implementation of this policy. A country disturbed by the rude shocks of a separated Pakistan, faced with new problems created by the advent of parties and creeds based on ideologies foreign to us and further enervated by abnormal conditions of famine and pestilence, has every justification to pause and be cautious before the consideration of the creation of States based on lingual patriotism. But Andhras are a people with great initiative and drive and they pinned their faith on a united Andhra and they sincerely felt that their salvation depended in the creation of an Andhra State. For them it was not a party question nor was any sacrifice too great to achieve this end. The first casualty in the Andhra cause was the touching self-immolation of the great Andhra patriot Potti Sriramulu. By this time, the Prime Minister had already begun to realize that the Andhra problem was fast deteriorating with an added momentum from the Kannada, Malayalam and other areas to have their own States. Like his immortal leader Mahatmaji, the Prime Minister was not slow in feeling the pulse of his people and he decided it but fair to yield to the wishes of the people, whose welfare he so greatly cherished. The result was the setting up of a machinery for the creation of an Andhra State which for expedition and thoroughness can be compared with pride, to the stupenduous task undertaken by Lord Mountbatten for the liquidation of the British Empire in this country. The process of the division of the State into the future set up of Andhra and the residuary States was not without difficulties. Apart from the intricate problem of financial adjustments among the two States, the adjustments of disputed areas was problem that has agitated the minds of the people of these two States very considerably. But the intervention of the Union Government where the two sections could not come to any settlement has considerably helped in settling these issues once for all. I am sure we are within our bounds if we hope that once these differences are narrowed down, there will be goodwill and co-operation between all the sections."

"Be that as it may, the Andhra State has come to stay and it has the sincerest blessings and most cordial felicitations of this House. But I have a word of advice and caution to the Andhra members, who would be bidding us farewell ere long. You are the torch-bearers to the millions of your compatriots who are as determined now as you were once to fight for a cause most dear to them—I mean the millions of Kannadigas, Malayalees, Bengalees and Biharees, who are impatient to enjoy the bliss of their own linguistic States. It is a general opinion that a re-distribution of States is an essential need for proper development of the country. It would have been perhaps, better if they had settled this question while formulating the Constitution. At present we have a strange

[Sri M. S. Mogral] [15th July 1953]

system of A, B and C States, which is a relic of the past and which is something like the Dominions, the Dependencies and the Crown Colonies of the British Empire. There is hardly any logic in having a State for 2 lakhs of people in one place and another State for 8 crores of people. A more convenient distribution of State is needed and distribution along linguistic lines would be more natural, and it would facilitate the internal life and progress of the people of each particular State.

“The honourable members from Andhra Desa may well remember in this connection the declaration of our Prime Minister that, while he was prepared to consider the claims of other people for the formation of linguistic States favourably, his consideration of these claims may greatly be influenced by the successful working or otherwise of the Andhra State. These are grave words coming as they do from the Head of the Union. I request the hon. Members to bear this in mind and I appeal to one and all to make the Andhra State a success, as otherwise it will not only be a slur on the great name of Andhra, but an eternal cause for sorrow, for the posterity of other areas that it was the Andhras who betrayed them and deprived them of their legitimate share of a State with a common mother-tongue. My dear Andhra brothers, I wish you all success and God will help you.”

12-20
p.m. * SRI W. J. FERNANDEZ :—“ Mr. Deputy Speaker, Sir,
my views on the subject under discussion compel me to sound a
discordant note because I am opposed to the encouragement of any
tendencies which may even remotely foster the disintegration of
the country.

“ The decision to form the Andhra State has been misconceived. Merely because in or about 1920 the Congress Party had accepted the principle of linguistic Provinces that was no reason why thirty years later the Government should have been stampeded into the creation of an Andhra State. We are still at the beginning of the process of the political consolidation of the country. Whatever unifying factors there are to-day were induced by the British. Indian History has shown repeatedly that the forces in India are fissiparous and centrifugal. Everything should have been done by those in authority to discourage any movement which might in time represent a threat to the strength and unity of the country. At present, there are two factors which act as a cementing force. The first is the unity induced by the British. The second is represented by the pivotal position occupied by Sri Jawaharlal Nehru. When time has effaced the conventions set up by the British and the unifying hand of Jawaharlal Nehru is removed we are gravely apprehensive of the consequences for the country. The forces in favour of regionalism are infinitely greater than the forces which may weigh the scales in favour of unity. Both from a long and short point of view the decision to set up an Andhra State is extremely unwise. Already this concession has started similar movements in other parts of the country. The demand for Karnataka, for Maharashtra, etc., is becoming increasingly vocal. These demands unfortunately make a powerful

15th July 1953] [Sri W. J. Fernandez]

appeal to political leaders in the respective areas. Ultimately when the hand of Jawaharlal Nehru is removed these fissiparous political influences are bound to dominate the Party in power. There will be no one strong enough to resist them.

“ The formation of the Andhra State has already set in motion a cycle of political and emotional influences the end to which may well mean the “ Balkanisation ” of India. With the concession of Andhra, the ultimate-setting up of other linguistic States will only be a matter of time. Apart from the political and administrative difficulties that territorial re-arrangement will involve, there is bound to be precipitated bitterness, inter-State dog fights in respect of conflicting territorial claims. The growing demands for linguistic States will represent communalism more fierce and stronger than anything India has ever faced in the past. As it is, we find increasing intolerance based on regional and linguistic motives. Once the regional and linguistic forces become co-terminus, the fanaticism will be accentuated a thousand-fold. The claims of Hindi as the national language will be relegated not only to the background but into ultimate oblivion; each linguistic State will become a water tight fanatical enclave, not only politically but also linguistically.

“ The idea of a common nationality, of complete freedom of movement and of opportunity between the States will be a thing of the past. This disintegration will have the final seal placed on it when different political parties are in power in different States. An opposition political party at the helm of affairs in a linguistic State will use every device to defy the Party at the Centre and to encourage the forces of secession and disintegration.

"If as a sop to the group pressure within the Congress party, any further concession is made on the principle of linguistic States, it seems pretty certain that it will irrevocably set in motion a process which will "Balkanise" India and make it a sub-continent of divided and often warring units.

"My views, however, do not prevent me from wishing my Andhra fellow legislators, who will be leaving us shortly good luck and godspeed and their new State all prosperity."

KRISHNAN (cont.) :—"Mr. Speaker, Sir, അടുത്ത ഭാവിയിൽ തന്നെ ഈ അസംബ്ലിയിൽനിന്ന് പരിഷ്കാരപരമായ ആസ്ഥാനീയ മെമ്പർമാർക്കു അഭിനന്ദനം രേഖപ്പെടുത്തുന്നതിന് മുമ്പായി കണക്കാക്കേണ്ട സാധനങ്ങൾ ചൂണ്ടിക്കാണിക്കുവാൻ ഞാൻ ആഗ്രഹിക്കുന്നു. മലിനരംഗം സംസ്ഥാനത്തിലെ കണ്ണാടക സംസ്ഥാനിക്കുന്ന ഭാഗങ്ങൾ മൈസൂരിൽ വിട്ടുകൊടുത്ത അതേ അവസരത്തിൽ മൈസൂരിലെ പല പ്രദേശങ്ങളിലും ആസ്ഥാനീയ വിട്ടുകൊടുക്കുവാൻ ന്യായമായി ആവശ്യപ്പെട്ടിട്ടുണ്ടായിരുന്നു. അത് ആവശ്യപ്പെട്ടുകൊടുക്കുകയും ചെയ്തത്. അതുകൊണ്ടു ആസ്ഥാനീയ ജനങ്ങൾക്കു ഒരു കൊൺസിൽ ആവശ്യമായിത്തീർന്നു. ഈ കൊൺസിൽക്കൊണ്ടു ഉണ്ടാകുന്നതെന്ന് ഈ സഭയിൽ തന്നെ പല പ്രസംഗങ്ങളിലും പലരും വ്യക്തമാക്കിയ സാധനമാണ്. ഇതിനെല്ലാം പുറമെ ഇന്നത്തെ ഈ നില തുടർന്നുപോകുന്നതോടുകൂടി മലബാർ മറ്റും മലയാള സംസ്ഥാനം പ്രദേശങ്ങളും ഉൾക്കൊള്ളുന്ന ഐക്യകേരളം രൂപീകരിക്കുകയാണു മറ്റൊരു പ്രശ്നം. അതുകൊണ്ടു പ്രത്യേകിച്ചു മലബാറിനെ സംഗ്രഹിച്ചുപോലെ തന്നെ, തമിഴ് നാട്ടിലെ മെമ്പർമാരും മന്ത്രിമാരും ആത്മരഹിതമായി പരിശ്രമിക്കുമെന്ന് ഞാൻ വിശ്വസിക്കുന്നു. രൂപരേഖപ്പെടുത്തുന്നതിനായിട്ടുള്ളതും, വ്യവസ്ഥയ്ക്കു അഭിവൃദ്ധിപ്പെടുത്തുന്നതിനായിട്ടുള്ളതും ഐക്യകേരളം അനിവാര്യമായ ഒരു ഘടകമാണ്. ഇത് ആവശ്യമാണ്; മലയാളികളുടെ ചിരകാലമായി അഭിപ്രായമാണിത്. അങ്ങിനെ ഐക്യകേരളം വരികയാണെങ്കിൽ അടുത്ത ഭാവിയിൽതന്നെ സാമ്പത്തിക ഭരതയും സ്വയംസമ്പൂർണ്ണതയും ഉണ്ടാകുന്നതും നിലയിൽ മലബാറിനെ അഭിവൃദ്ധിപ്പെടുത്തുവാൻ കഴിയും എന്ന് ഞാൻ ആഗ്രഹിക്കുന്നു. എന്തെന്ന പ്രതിബന്ധങ്ങൾ ഉണ്ടായാലും ശരി മലയാളികൾ തീർച്ചയായും അവരുടെ അവകാശങ്ങൾ പിടിച്ചുവാങ്ങുവാൻ തയ്യാറായിട്ടുണ്ടെന്നു ഇവിടെ അഭിപ്രായപ്പെട്ടുവാൻ ഞാൻ ആഗ്രഹിക്കുകയാണ്. ഇനി എനിക്ക് വിശദീകരിക്കേണ്ടതും പറയുവാനില്ല. അടുത്ത ഭാവിയിൽതന്നെ പരിഷ്കാരപരമായ നിലയ്ക്കു നമ്മുടെ ആസ്ഥാനീയ സഭയോടൊന്നിച്ച് എന്റെ വിനീതമായ അഭിനന്ദനങ്ങൾ രേഖപ്പെടുത്തി കൊണ്ട് ഞാൻ എന്റെ പ്രസംഗം അവസാനിപ്പിക്കുകയാണ്."

* SRI T. C. NARAYANA NAMBIAR :—"Mr. Speaker, Sir, I consider it a great privilege for me to support the motion moved by the Hon. the Chief Minister in this House. There is a tremendous significance behind this Bill. I find in this Bill an inspiring call as well as a warning to all those who yearn for linguistic provinces. There is inspiration in the sense that before the united strength, before the united will and the united struggle of the people no power on earth can prevail. That is the lesson that I draw from the Andhra State Bill."

"Sir, it was only some months before the historical declaration of the Prime Minister that the leaders of the greatest organisation, the Indian National Congress, had stated that the question of linguistic provinces could not be opened at this stage but the great martyrdom of the Andhra people has changed that attitude and the Andhras have won to a certain extent. Though the Andhra State Bill has come and the Andhra brethren are going to enjoy their own linguistic State, it is not the contemplated Andhra State that they have fought for. It is a warning in the sense that though the ruling clique have been forced to concede the demands of the people they will try their utmost to mutilate the demands and see that reservations are made and half-measures are put forward. It is in that manner that Visal-Andhra, the long cherished goal of the Andhra people, is mutilated. Apart from this, I understand that after the declaration regarding the formation of the Andhra Province, Pandit Jawaharlal has declared that for the coming five years no question of redistribution of provinces will be taken up. I am not at all worried on account of this. The great lesson that we can draw from the Andhra State issue is there and we, the Malayalees, will not rest content that we force the unwilling hands of the ruling clique and see that United Kerala or Aikya Kerala comes into being."

"Sir, the most funniest of all things is the resolution passed by the Malabar Pradesh Congress Committee on 24th May 1953 at a meeting held at Palghat. To cap everything, I ask most sincerely what right has this discredited Congress organisation in Malabar to pass such a resolution and ask that the Travancore-Cochin State and Coorg should join the residuary Madras State?"

THE HON. SRI C. SUBRAMANIAM :—"What right have you got?"

* SRI T. C. NARAYANA NAMBIAR :—"I have to say so because in the last elections the Congress organisation was routed and it could get only 11 or 12 per cent of the votes of the people."

ప్రత్యేక రాష్ట్రము కావాలని పోరాడుతున్నది. ఆంధ్ర జాతి పోరాట ఫలితంగా యీ బిల్లును ప్రవేశ పెట్టబడుతున్నది. కాని యీ బిల్లు ఆంధ్రులు ఆశించిన విధంగా రాకపోయినప్పటికినీ వచ్చినంతవరకు పుచ్చుకొని, మిగతా దానికొరకు ఆంధ్రులు వైజానీకంగాను, సంస్కృతికంగాను ఆంధ్ర రాష్ట్రములాని పరిశ్రమలు అభివృద్ధి పరచుకొనుటకున్నా, ఆంధ్ర ప్రజల ఆర్థికాభివృద్ధి కొరకున్నా పోరాడి సంపాదించుకొనుటకు అవకాశము దొరకుటవల్ల నేను యీ బిల్లును బలపరచుచున్నాను. కాని యీ నాడు యీ బిల్లును ప్రవేశ పెట్టినటువంటి శ్రీ రాజగోపాలాచారిగారు ఆసలు యీ ఆంధ్ర రాష్ట్ర స్థాపనకే విముఖులుగా పున్నారన్న సంగతి అర్థమగు చున్నది. ఎందుచేతనంటే, రాజగోపాలాచారిగారు యీ ఆంధ్ర రాష్ట్ర స్థాపన విషయంలో ఆంధ్రులకు మద్రాసుకు కట్టి బెట్టినట్లే, రక్తపాతం జరుగుతుందని యిదివరకే చాటించి యుండినది, నేనూ ప్రభుత్వంతో విన్నవించియున్నాను. ఈ సంగతి ఆంధ్ర ప్రజానీకానికి గాకుండా, తదితర తమిళ స్థావరులకుగూడ గోచరమే. రాజగోపాలాచారిగారు అటువంటి దురుద్దేశ్యముతో అనేక విధాలుగా ఆంధ్ర రాష్ట్ర స్థాపనకు అడ్డుపడుతూ వస్తూన్నందువల్ల, ఆంధ్రులకు ప్రత్యేక రాష్ట్రము లభించుండా జోయింది. కాని యీనాడో ఆంధ్రులకు ఒక ప్రత్యేక రాష్ట్రము వచ్చి యుండేది. ఆంధ్ర రాష్ట్రము యంతవరకు కాని కారణము శ్రీ రాజగోపాలాచారి అనే నేను గట్టిగా చెప్పగలను. ఈ ఆలస్యమునకు కారకులు శ్రీ సుజీవ రెడ్డిగారున్నా, అంతకంటే శ్రీ ప్రకాశం పుతులుగారు అయినారు. వీరందరూ యీ రాష్ట్రము రాకుండా విదో విధమైన ఆటంకాలు కలుగజేసియున్నారు. ఎన్ని ఆటంకాలు వచ్చినప్పటికీగూడా, ఆంధ్రుల పోరాట ఫలితంగాను, చిట్ట చివరకు ఆత్మబలిదాన ఫలితంగాను, యీ రోజుకు ఆంధ్రులు ఒక ప్రత్యేక రాష్ట్రము సాధించుకొనిగారు. ఇది ఆంధ్ర దేశానికి ఒక గొప్ప విజయము కాకుండా, యావద్భారత దేశాని కంతటికినీ ఒక మార్గ దర్శకముగాను ఏర్పడదీ. అయితే యీ నాటి కాలాగెను ప్రభుత్వం ఆంధ్రులకు తమకు రాష్ట్రమువద్దనే విధంగా యీ బిల్లు తయారుచేయబడ్డది. ఆంధ్రజాతికి యీ బిల్లులాని విషయాలనుబట్టి అనేక రకాలుగా నష్టము. వాటిల్లజేయు విధంగా యీ బిల్లు వచ్చింది. విదో విధంగా ఆంధ్రులు యీ బిల్లు రద్దుచేయమని చెప్పే రూతులూ తయారుచేసి వచ్చారు. అయినప్పటికీ యీ బిల్లులాని అంశాలు క్లాజు వారి వర్కుకు వచ్చినప్పుడు ఒక్కొక్కటి వివరంగా పరిశీలించడ పోతున్నది. గనుక యీ రోజున నేను యీ బిల్లు విషయములూ యిప్పుడు మాట్లాడదలచలేదు. అయితే ఒక చిన్న విషయము చెప్పదలచాను. మన మిత్రుడు నాయకంగాను తిరుత్తనీలాంటి ప్రదేశములూ తమిళులే ఎక్కువగా యన్నప్పటికినీ, అది మద్రాసు రాష్ట్రములూ చేర్చబడకుండా ఆంధ్ర ప్రాంతములూ చేర్చబడ్డదని చెప్పడంలో ఆర్థంలేదు. ఇందుకుగాను వారు దేశములూ అనేక ప్రాంతాలూ ఆర్థంకాని ఉపన్యాసాలుచేసి ప్రజలను రెచ్చబట్టుతున్నారు. అంతేకాకుండా తమిళ ప్రాంతాలను తెలుగు ప్రాంతాలుగా మార్చబడినవిగూడా చెప్పారు. అటువంటి ప్రాంతము తమిళ ప్రాంతమూ, తెలుగు ప్రాంతమూ నిర్ణయించుటకు కేంద్ర ప్రభుత్వం ఏర్పాటు చేయజూత సరిహద్దు సుభందావ్యూహాల్లా వల్ల నిర్ణయించబడితే అందుకు కట్టుబడి తుంటాము అనే మాట వారు చెప్పితే బాగుండేది. అట్లు చేయకుండా ముందుగానే ప్రజలను ఉద్దేశకాలకు గురిచేసి, రెచ్చబట్టే ఉపన్యాసాలు చేస్తున్నారు. Plebiscite వ్యాపా కట్టుబడి తుంటాము అని అంటే, నేను సంతోషించేవాడిని. ఇంతే కాకుండా తమిళ ప్రాంతములు తెలుగు ప్రాంతములుగా మార్చారు అని అంటే అర్థమవుతుంది. ఏ ప్రాంతంలోనైనా విదో నాలుగు పాతకాలు మార్చినంత మూత్రాన, ఒక భాష

ప్రాంతము మరొక భాషా ప్రాంతము ఎట్లు కాగలదని అడుగుతున్నాను. అటువంటి ఆర్థంలేని ఆరోపణలకు సమాధానము లేదంటున్నాను. Plebiscite పెట్టినప్పుడు యీ తగాదా పరిష్కరించుకోవచ్చును. కాబట్టి యికమీదటనైనను నాయకంగాను, తమ పునన్యాసాలు చేయడం మానుకుంటారని అశిస్తున్నాను. వారు చెప్పే ఉపన్యాసములూ ఎవరి వేర్లో పానగన్ రాజా మొదలయిన వారి వేర్లు నాలుగు వేర్లున్నాయి. వారు ఆ నాడు రాజ్యపాలన సాగిస్తున్న సమయంలో యీ తమిళ ప్రాంతం తెలుగు ప్రాంతముగా మార్చబడ్డది అన్నారు. ఎటువంటి మార్పులూ, ఏ విధంగా చేసినను, యిప్పటికీ ఆరువందల సంవత్సరాల క్రితం నైజాము ప్రభుత్వం లోకి వచ్చినప్పుడు పున్న ప్రదేశాలు యీ నాటికినీ తెలుగు ప్రాంతాలుగానే పున్నవి. లేకపోతే, ఏవో కొన్ని భాషా మార్పులు పుటే పుండవచ్చు. అంత మూత్రం చేత ఆసలు మొదట ఏర్పడిన భాషా ప్రాంతము ఎప్పటికీ మారదు. ఒక వేళ పున్నమాడా ఆ నాలుగు స్కూళ్లలోనూ నిర్బంధ విధానము పెట్టలే పెట్టి ఉండవచ్చు. అంత మూత్రాన, ఆ ప్రాంత మంతయు తమిళ ప్రాంతమని చెప్ప వీలులేదు. ఇటు వంటి కొన్ని ప్రదేశాలూ స్వల్ప మార్పులవల్ల ఆంధ్ర జాతిని సంస్కృతికంగా నాశనం చేయుటకు ప్రజానీకం ఒప్పుకోదని గుర్తించాలి. ఈ విషయంలో నాయకంగాను ఒక ఆపార్థమునకులూ ఒక పోయారని అంటున్నాను. కేంద్ర ప్రభుత్వం ప్రజాస్వామ్యం మేరకు సరిహద్దు నిర్ణాయక సంఘము వేయుటకు పూనుకుంటున్నది. అంతవరకు ఓపిక పట్టుమని నాయకంగాని కోరుతున్నాను. అది కాకుండా మన శాసన సభ సరిహద్దు నిర్ణాయక సంఘం త్వరలో ఏర్పాటుచేయమని కేంద్ర ప్రభుత్వానికి సిఫార్సు చేయవచ్చును. సరిహద్దు సంఘము నిజానికి అవసరమే లేదు. ప్రజలలోనే ఒక నిర్ణయానికి రావచ్చు. అందుకు మనము కట్టుబడియుంటే చాలుననుకుంటాను. నైజాము రాష్ట్రంలో పున్న ఆంధ్రులుగూడా ఆంధ్ర రాష్ట్రములోకి రావాలి. ప్రజల ఆభిప్రాయం మేరకు సరిహద్దులు నిర్ణయించుకోవాలి. అదే విధంగా మనంకూడా ఎందుకు ఏర్పాటు చేసుకోగూడదని మనవి చేస్తున్నాను. ఇప్పుడు ఆంధ్రులకు తమిళులకు తగాదాలు వచ్చినందువల్ల ఆంధ్రులు ప్రత్యేక రాష్ట్రం కొరడంకాదు. ఆంధ్రులకు ముఖ్యంగా కావలసింది పరిశ్రమలు, ప్రాజెక్టులు మొదలయిన వన్నిటిలోనూ అన్యాయం జరిగింది గనుక వారు వేరే రాష్ట్రం సంపాదించుకొని, రాష్ట్రము వృద్ధి చేసుకోవలెచూరు. ఈ రాష్ట్రం సంపాదన విషయములూ యావన్నంది ఆంధ్రులు విశోన్నాభంగా ప్రత్యేక రాష్ట్రము కావాలని కోరుతున్నారు. ఇంతవరకు ఆంధ్ర రాష్ట్ర స్థాపనకు ఎవరైతే ఆటంకములు కలిగించారో యీ నాడు ఆంధ్ర రాష్ట్ర బిల్లును నారి యిప్పుడు వచ్చినట్లు తయారు చేయించి, వారి వాంఛలను నెరవేర్చు కుంటున్నాడు. యీ బిల్లువల్ల ఆంధ్ర ప్రజానీకానికి ఏ విధంగాను లాభము కాని పరిస్థితి కలుగుచున్నది. ఇంతవరకు ఆంధ్రులకు అనేక విధములగా అవకాశాలు జరిగియున్నవి. ఆంధ్ర రాష్ట్రం రాకుండా ఎవరైతే అడ్డుపెట్టుతూ వచ్చారో, వారే యీ నాడు వాదిస్తున్నారని ప్రజలు ఆభిప్రాయపడుతున్నారు. ఈ బిల్లులో చేయవలసిన మార్పులుగాను, సభ్యులవారివారి పార్టీవ్యవస్థతో వ్యవహరించడం వద్దు. కాని యీ ఆంధ్ర రాష్ట్ర బిల్లు వర్షించే సందర్భములూ, ఆంధ్రులకు అవమానకరమైన పద్ధతులలో సభ్యులు వర్షించకుండా, ఆంధ్రులకు ఉపయోగకరమయ్యే సభ్యులను చేయటానికి అవకాశం తీసుకొని తగిన మార్పులు చేయటానికి ఆనాదించే రీతిని మాట్లాడమని సభ్యుల నందరినీ కోరుతూ, యంతటితో విరమిస్తున్నాను.

* SRI G. SIVASANKARA REDDI :—“ Mr. Speaker Sir, it is needless to say that this act of separation of Andhra State from the

present State of Madras will be welcomed all over the State even though it is not complete fulfilment of the wishes of the Andhras who desire the formation of a Vishala Andhra State comprising all Telugu speaking areas included in Hyderabad, Mysore and Orissa States being merged with the areas of the Andhra State.

3-20
p.m.

"I also wish to point out, Sir, that if delay is caused in the formation of 'Visala Andhra'—I am even afraid—that someone may follow the example of Sri Potti Sriramulu. Hence I would like that some such assurance is also included in this Bill before it is introduced in the Dominion Parliament. With regard to the partition arrangements of the new State, Sir, the people of Andhra have become highly suspicious about this Government. Though it is very long since the Andhra Congress Legislature Party elected its leader, this Government has neither taken him into their confidence nor put him on the Partition Committee. This is highly detrimental to the interests of the Andhras. In this connection I wish to state that the leader so elected has to take up the responsibility of running the future Government of the new Andhra State. The present Andhra ministers, who are serving on the Partition Committee are only the representatives of this Government and I do not know how many of them would be in the future Andhra Government. Of course, this Government may give a lame excuse as to why non-Government members have not been included in the Partition Committee, but I cannot accept that excuse. What about the non-Government members who have acted on the previous Partition Committee? Then, Sir, in view of the terms of the Sri Bagh Pact the Government of India should realize the necessity for providing some safeguards in this Bill in respect of the backward areas of Rayalaseema. I feel, Sir, that in the matter of construction of irrigation projects, repairs to minor irrigation works as well as the extension of electric supply and other development projects, priority must be given to the backward areas of Rayalaseema. Secondly, the representation in the Assembly from Rayalaseema should be a little more than that of the other Andhra districts to ensure a fair and adequate representation for the backward areas of Rayalaseema. In other words, the target of population for the Assembly constituencies in Rayalaseema should be much less than that of the other Andhra districts. I would therefore like to recommend to the Government of India through this House that some such safeguards should be provided for the welfare of the backward areas of Rayalaseema in this Andhra State Bill. I am sure that if the Central Government with all their seriousness want to do it, it would not be difficult for them to change the Constitution suitably as they have once done so with regard to the elected Head of the Kashmir State.

"Then, Sir, with regard to the request of this Government for a public loan, I think the Andhras cannot support this move on the eve of the formation of the Andhra State because it would be highly detrimental to their interests. If at all the new Andhra Government want to raise a loan, it may not be possible for them because this Government would have already raised it. Further

[Sri G. Sivasankara Reddi] [15th July 1953]

the purpose for which and the way in which the amount should be spent should be left to the future Government of the Andhra State. I would also like to inform you that in famine affected areas like Kadiri and Hindupur the Tahsildars are even going to the extent of coercing the poor ryots, who are financially hopelessly bad, to contribute to this loan. If the Government is to allow the officials to resort to coercion in such matters, I am afraid that the ryots may even go to the extent of opposing the loan rather than paying anything for it. Hence I would request the Government not to press the floating of the loan in those famine affected areas.

"Lastly, I am sorry, Sir, to note the elimination of the name of one Mr. Raza Khan from the list of members of the Madras Legislative Council, even though he belongs to Madras. Hence I would request the Government to include his name."

“அடுத்தபடியாக இந்த மசோதாவைக் கொண்டு வரும்போது நான் ஏற்கனவே கூறினேன், இந்த அமைப்பு தேசிய ஒற்றுமைக்கு இருக்காது என்றும் இது தேசத்திற்கு விரோதம் என்றும், நாம் எதை இந்த மசோதாவில் பார்க்கிறோம்? ஷரத்துவாரியாக விவாதம் வரும்போது அதைப் பற்றி உள் நோக்கிப் பார்க்கலாம். அப்பொழுது அதைப் பற்றி பரிசீலனை செய்யலாம் என்று விட்டுவிடுகிறேன். நாம் இப்பொழுது மாகாணத்தில் என்ன பார்க்கிறோம். பல இடங்களில் மொழிவாரி மாகாணம் வேண்டும் என்று கேட்கிறார்கள். அதற்கு வேண்டிய கிளர்ச்சியும் செய்து வருகிறார்கள். எல்லைத் தகராறு உள்ள இடங்களில் எல்லைக் கமிஷன் அமைக்க வேண்டும் என்று கேட்கிறார்கள். அதற்காக போராட்டங்கள் நடந்து கொண்டுவருகின்றன. அதிலிருந்து பல நடவடிக்கைகள் நடந்து வந்திருக்கின்றன. அன்று மார்க் 25-ம் தேதி பாராளுமன்றத்தில் இந்திய முதல் மந்திரி பிரஷன் அல்லது பல எல்லைக் கமிஷன்கள் ஏற்படுத்தி எல்லைகளை நிர்ணயிக்க படும் என்று கூறினர். இன்று இருக்கக்கூடிய எல்லையைக் கொண்டு ஆந்திர ராஜ்யம் அமைக்கப்படும் என்றும் பிறகு எல்லைக் கமிஷன் நியமிக்கப்படும் என்றும் கூறினர். ஆனால் இன்று இந்த மசோதாவில் என்ன பார்க்கிறோம். கமிஷன் நிர்ணயம் செய்யப்படுவது துண்டு விழுந்திருப்பதைப் பார்க்கிறோம். எங்கு தேடிப் பார்த்தாலும் ஒரு இடத்திலாவது எல்லைக் கமிஷன் அமைக்கப்பட வேண்டியதைப் பற்றி இந்த மசோதாவில் கூறவே இல்லை என்பதை நாம் பார்க்க வேண்டும்.

“அடுத்தபடியாக மசோதாவின் உள் புகுந்தால் துர்அதிர்ஷ்டம் போகப் போக வருகிறது. Assets and Liabilities இதை எடுத்துக் கொண்டால் அதாவது ஏழாவது ஷெடியூலை எடுத்துக்கொண்டால் விவாதத்திற்கு வரும்போது அதைப் பற்றி பேசலாம். அதிலும் சரியாக இல்லை. இந்த மசோதாவில் எந்த அம்சத்தை எடுத்துக் கொண்டால் கூடாகப் பார்க்கிறோம். சட்டசபைக்கு ஜனநாயக ரீதியாக அதிகாரம் கொடுக்கப் படவேண்டும். அதிகாரம் கொடுக்கப்பட்டிருக்கிறதா? அதற்கு பதிலாக இடத்தை கவர்னர் நிர்ணயம் செய்ய வேண்டும் என்று இருக்கிறது. எடுத்துக் கொண்டால் அது ப்ரசிடென்ட் கையில் இருக்கிறது. சர்வீஸையும் ப்ரசிடென்ட் கையில் தான் இருக்கிறது. இது ஜனநாயகத்திற்கு விரோதமாக இருக்கிறது. கோர்ட் சர்வீஸை எடுத்துக் கொண்டாலும் சரி எதை எடுத்துக் கொண்டாலும் சரி எல்லாம் சிக்கலாக இருக்கிறது. எங்கேயாவது நன்றாகத் தெரியும். ஏன்? மொழிவாரி மாகாண அமைப்பு மத்திய சர்க்காருக்கு விரோதமாக இருக்கிறது. புதிய ராஜ்யம் வெற்றிகரமாக நடைபெறாமல் இருப்பதற்காகத் தான் இவ்வளவையும் கொண்டு வந்திருக்கிறார்கள் என்று எனக்கு புலப்படுகிறது. இதைத் தான் நாம் இங்கு பார்க்கிறோம். ஆந்திர ராஜ்யமும் எஞ்சிய சென்னை ராஜ்யமும் கடன்காரர்களாக இருக்க வேண்டும் என்று இருக்கிறது. இது உலகம் அறிந்த விஷயம். இப்பொழுது கார்டமிருந்து இல்லை. இப்படிப்பட்ட சிக்கல்களை கொண்டு வந்து வைத்து இப்பொழுது மோட்டார் சர்வீஸை எப்படி தேசியமாக்கிவிட்டு அதை பலவீனமாக நடத்தி நம் தேசத்திற்கு தேசிய திட்டம் கூடாது என்று மக்களை சொல்லும்படியாக அதை நடத்தி வருவது போல் மொழிவாரி மாகாணத்தை ஏற்படுத்தி விட்டு அதை பலவீனமாக நடத்தி விட்டு மக்களை அது வேண்டாம் என்று சொல்லும்படியான நிலைமையை ஏற்படுத்த வேண்டும் என்பதற்காகவே தான் இப்படிப்பட்ட சிக்கலான மசோதாவைக் கொண்டு

வரப்பட்டிருக்கிறது. இது சண்டை சச்சரவுகளை உண்டு பண்ணக் கூடியதாகவும் இருக்கிறது. நான் ஐக்கிய கேரளம் வேண்டும் என்று கேட்கப் போகிறார்கள், மகாராஷ்டிரம் வேண்டும் என்று கேட்கப் போகிறார்கள். ஐக்கிய தமிழகம் வேண்டும் என்று கேட்கப் போகிறார்கள். இவ்விதம் சிக்கலான ராஜ்யத்தை அமைத்தால் இந்தக் கிளர்ச்சிகளை தடுத்து நிறுத்த முடியும் என்பதற்காகவே தான் இந்த மசோதா அமைந்திருக்கிறது என்பதைப் பார்க்கிறோம். அதைத் தான் நான் இங்கு குறிப்பிடுகிறேன்.

“எப்படி ஆந்திர மக்கள் குறுகிய காலத்திற்குள் தங்களுடைய சிறந்த தியாகத்தின் மூலமாக ஆந்திர ராஜ்ய அமைப்புக்கு எதிராக இருந்த சக்திகளை வெல்லும் முறியடித்து, புது ஆந்திர ராஜ்யத்தைக் கண்டார்களோ, அது போலவே இந்த மசோதாவில் இருக்கக்கூடிய, மக்களுக்குத் தொல்லை கொடுக்கக்கூடிய, ராஜ்யத்தின் நிர்வாகத்தைச் சிக்கல் படுத்தக்கூடிய, பல பலவீனங்களையும் முறியடித்து, மக்களின் போராட்டத்தின் பயனாக ஏற்பட்டிருக்கின்ற ஆந்திர மாகாணம், மொழிவாரியாக மாகாணங்கள் ஏற்பட வேண்டுமென்ற காரணத்திற்காக நடந்துகொண்டிருக்கின்ற போராட்டத்தின் முதல் வெற்றியாக கிடைத்திருக்கின்ற ஆந்திர மாகாணத்தின் நிர்வாகம், பலம் பெற்று மேன்மையடையவும் தகுந்த நடவடிக்கையையும் எடுப்பார்கள் என்பது நிச்சயம்.

“இப்படி பாஷாவாரி அடிப்படையில் அமைய இருக்கின்ற புது மாகாணங்கள் ஐக்கிய தமிழகம், ஐக்கிய கேரளம், சமீபுத்த கர்நாடகம் என்பதாக மொழி ரீதியில் பல மாகாணங்கள் அமைவதற்கு மிக உதவியாக இருக்கப்போகிறது. இதைக் கொண்டுவந்த முதல் அமைச்சரும், சர்க்கார்த் தரப்பில் இருக்கக்கூடிய அங்கத்தினர்களும், துரதிருஷ்டவசமாக சர்க்கார்த் தரப்பில் இல்லாத ஒன்றிரண்டு மதிப்பிற்குரிய நண்பர்களும் கூட, இந்த மசோதா மீது பேசுகிறபோது, மொழிவாரி மாகாண அமைப்பினால் கெடுதி ஏற்படப்போவது போல் பேசியிருக்கிறார்கள். அது தவறு. சென்னை ராஜ்யத்திலிருந்து ஆந்திர மாகாணம் பிரியப் போவதினால், பிரிந்த பின்னர் அது பலவீனமாகிவிடும். ஆகவே, அதைப் பலப்படுத்த திருவாங்கூர்-கொச்சியையும் இதனுடன் சேர்க்கவேண்டுமென்ற கருத்து நிலவிவருகிறது. இந்தக் கருத்தைத்தான் பாலக்காட்டு மகாநாட்டில் சர்க்கார் தரப்பில் இருக்கக்கூடிய ஒரு சில பேர்கள் வெளியிட்டிருக்கிறார்கள், ஆகவே, தமிழ், மலையாளம் சேர்த்த தக்ஷிண ராஜ்யம் அமையுமோ என்று எண்ண வேண்டியிருக்கிறது. தக்ஷிண ராஜ்யத்தில் 1½ கோடி மலையாள மக்கள், 3 கோடி தமிழ் மக்கள், இன்னும் கன்னட மக்கள் இருக்கலாம்.

“நாடு பூராவும் மொழிவாரி மாகாணம் அமைக்கப்படவேண்டுமென்ற குமுறல் எழுந்து கொண்டிருக்கும்போது, மொழிவாரி மாகாணம் அமைக்கப்படவேண்டுமென்ற கிளர்ச்சி நடந்துகொண்டிருக்கும்போது, இது மாதிரியாக, தமிழ், மலையாளம், கன்னடம் ஆகிய மூன்று பிரதேசங்களையும் சேர்ந்த தக்ஷிண ராஜ்யம் அமைக்க யோசனை செய்வதானது, கருத்துக்களை வெளியிடுவதானது. மொழிவாரியாக மாகாணங்கள் அமைக்கும் புனிதத் திட்டத்தையே உடைக்கும் சதித் திட்டமாகத்தான் நாங்கள் கருதவேண்டியிருக்கிறது. ஆந்திர ராஜ்யம் அமைப்பதற்கு எப்படி எவ்வளவோ தடைகளையும், இன்னல்களையும் இந்த சர்க்கார் ஏற்படுத்தியும்கூட எப்படி அவைகளையெல்லாம் அந்த தீர்ப்பு மக்கள் முறியடித்தார்களோ, அதே போல தக்ஷிண ராஜ்ய அமைப்புத் திட்டத்தை முனியிலேயே கிள்ளிவிட மக்களின் கிளர்ச்சிகளும் ஆரம்பமாகிவிட்டதென்பதை நான் உங்களுக்கு இந்தச் சந்தர்ப்பத்தில் குறிப்பிட விரும்புகிறேன்.

“இன்றைய தினம் ஆந்திர மக்கள் மொழிவாரி மாகாண அமைப்பில், மற்ற மொழிக்காரர்களுக்கெல்லாம் வழிகாட்டியாக இருக்கிறார்கள். அவர்கள் செய்த கிளர்ச்சி, அவர்களின் தியாகமிக்க இடையறா போராட்டம் முதலியவைகள் மற்ற தமிழர், கன்னடர், மலையாளி முதலியவர்களுக்கும் எல்லாம் வழிகாட்டியாக இருக்கிறது. அதே போக்கில் தான் தமிழர்களும் சென்று கொண்டிருக்கிறார்கள். தமிழர்களும் சென்று கொண்டிருக்கப் போகிறார்கள். செல்லவேண்டும்.

“மொழிவாரி மாகாண அமைப்பில், அங்கத்தினர்கள் அந்தப் பக்கத்தில் இருந்தாலும் சரி, சர்க்கார்த் தரப்பில் இருந்தாலும் சரி, ஒரே எண்ண முடையவர்களாக இருக்கவேண்டும். அதில் வேற்றுமைக்கே இடமில்லை. அபிப்பிராய பேதம் எழுவதற்கும் இதில் இடமில்லை. அது எப்படி என்று தான் கவனிக்கவேண்டும். நாம் எல்லோரும் தேசியப் பரம்பரையில் வந்தவர்கள். கவி ரவீந்திரநாத் டாகூரின் தேசிய கீதம் ‘ஜன கன மன அதி நாயக ஜயஹே பாரத பாக்கிய விதாதா,’ என்பதாக பாரத நாட்டுக்கு வாழ்த்து வழங்கும்போதுகூட, ‘பஞ்சாப், விந்து, குஜராத், மராட்டா, திராவிட, உத்கல் வங்கா,’ என்பதாக, பஞ்சாபிகள், விந்துக்கள், குஜராதிகள், மராட்டியர்கள், திராவிடர்கள் என்பதாக அவரவர்களின் மொழிவழிப்படி ராஜ்யத்தைப் பிரித்து அமைத்துக்கொண்டு இவைகள் எல்லாம் தங்கள் கலாசாரத்தை, தங்கள் பொருளாதாரத்தை, தங்கள் மொழியைப் பேருக்கிக் கொண்டு, இந்திய நாட்டின் பிரஜையாக, இந்தியக் கொடியின் கீழ் பாரத நாட்டின் பெருமையைக் காக்க, கௌரவத்தை உயர்த்த ஒன்றாய் இருப்போம், என்றுதான் கூறியிருக்கிறார்.

“நம் தமிழ் நாட்டு தேசியப் பரம்பரையில் வந்த மகா கவி பாரதியாரும் கூட,

செந்தமிழ் நாட்டுப் பெருநர்—கொடுந்
திக்கண் மறவர்கள், சேரன்றன் வீரர்,

காலனு மஞ்சக் கலக்கு மராட்டர்,
பொன்னகர்த் தேவர்க ளொப்ப—நிற்கும்

என்பதாக, தமிழர்கள், மறவர்கள், சேரர்கள், தெலுங்கர்கள், துளுவர்கள், கன்னடர்கள், ரெட்டியார்கள், மராட்டியர்கள் ஆகிய எல்லோரும்

‘சேர்ந்ததைக் காப்பது காணீர்—அவர்
சிந்தையின் வீரன் நிரந்தரம் வாழ்க
தேர்ந்தவர் போற்றும் பரத—நிலத்
தேவி துவஜம் சிறப்புற வாழ்க,’ என்றுதான் முழங்கியிருக்கிறார்.

“ஆகவே உடனடியாக, தெலுங்கர்களுக்கு தனி ராஜ்யம் அமைத்துக் கொடுக்கப்போவது போலவே, தமிழர்களுக்கும், மலையாளி மக்களுக்கும், கன்னடிய மக்களுக்கும், மராட்டிய மக்களுக்கும் இந்த நாட்டில் தனித் தனியே மாகாணங்கள் அமைத்துக்கொடுத்தாகவேண்டும்.

“அவர்கள் எல்லோரும் தங்கள் தங்கள் கலாசாரத்தை, மொழியை, பொருளாதார நிலையை வளர்த்துக் கொள்வதோடு, ஒரு கொடியிருக்கின்றதே இந்தியக் கொடி—பாரத நாட்டுக்கொடி—அந்தக் கொடியை, ‘சிந்தையின் வீரம் நிரந்தரம் வாழ்க,’ காப்பாற்றுவார்கள். ஒப்புயர்வற்ற சிறந்த பாரத நாட்டு இந்திய யூனியன் கீழ் அண்டி வாழ்வார்கள்.

“பாரத நாட்டுக்கு ஆபத்து ஏற்பட்டால், ஐக்கிய இந்தியாவை பாதிக்கக் கூடிய ஒரு தீச் செயல் முளைத்தால், மொழி வாரியாக ஏற்பட்ட ராஜ்யங்களுக்குள்ளே ஒரு பொதுவான ஒற்றுமை ஏற்படுமாயென பயப்பட வேண்டாம்.

“இந்தியச் சுதந்திரப் போராட்ட காலத்தில், எப்படி நம் நாட்டில் பறந்து கொண்டிருந்த யூனியன் ஜாக் கொடியை அகற்றி, இந்தியத் தேசியக் கொடியை உயர்த்திக்கொண்டு, தெலுங்கர்களும், தமிழர்களும், மலையாளிகளும், கன்னடர்களும், வங்கத்தவர்களும், விந்துக்களும், ரஜபுத்திரர்களத்திலும் சரி, போராட்டத்திலும் சரி, மைதானத்திலும் சரி, போர்க் வெளியிலும் சரி, உயிரை உயிர் என்று மதிக்காது, தங்கள் குருதி ஆற்று வெள்ளமாக ஓடிய போதினங்கூட கடை மூச்சுவரையில் போராடினார்களோ, அதேபோல, அதே பரம்பரையில் வந்திருக்கின்ற மக்கள், அப்படியே அவசிய மேற்பட்டால் நாளைக்கும் போராடுவார்கள்.

[Sri P. Jeevanandam]

“மொழிவாரி மாகாணங்கள் அமைய வேண்டுமென்று அவர்கள் கோருவது தங்கள் ஐக்கியத்தை சிதைத்துக்கொள்வதற்காக அல்ல. ஐக்கிய இந்தியா துண்டு துண்டாக உடைந்துபோகவேண்டுமென்ற சதிகார எண்ணத்தால் அல்ல.

“மொழிவாரியாக மாகாணங்களை அமைத்துக்கொண்டு, தங்களுடைய கலையை, தங்களுடைய மொழியை, தங்களுடைய நாகரீகத்தை தங்களுடைய பண்பாட்டை எல்லா வழிகளிலும் உயர்த்திக்கொள்வதோடுகூட நூற்றுக்கு நூறு பங்கு சாதாரணப் பாமர மக்களும் கூட தங்கள் மாகாண அரசியலிலே பங்கெடுத்துக்கொள்வதற்கு ஒரு சந்தர்ப்பம் இருக்கவேண்டும், ஒரு வழியை அமைத்துக்கொள்ளவேண்டுமென்ற எண்ணத்தால் தான் என்பதை, ஆளும் கட்சியானாலும் சரி, அவர் பக்கத்திலுள்ளோர்களும் சரி, நன்கு புரிந்து கொள்ளவேண்டும்.

“ஆகவே தான் நான் சொல்லுகிறேன். மொழிவாரியாக மாகாணங்கள் அமைப்பதில், அமைத்துக்கொள்வதில் சகோதரச் சண்டைகள் வேண்டாம். நமக்குள்ளேயே ஒருவருக்கொருவர் போராட்டங்கள் வேண்டாம். தற்போது எழுந்திருக்கின்ற சண்டையும்கூட இந்தத் தாலுகா அத்துடன் சேருவதா, இத்துடன் சேருவதா, என்ற எல்லையை நிர்ணயிப்பதில் ஏற்பட்டிருக்கும் தகராறுதான், எல்லைகளை சண்டை சச்சரவுகள் இன்றி, சமாதான முறையிலேயே, ஜனநாயக ரீதியாக நிர்ணயிக்க முடியும் என்றுதான் கம்யூனிஸ்டு கட்சி கூறுகிறது. ஜனநாயக ரீதியில், ஜனநாயக அடிப்படையில், ஒரு பிரதேசத்தில் வாழும் மக்கள் எம் மொழி பேசி வருகிறார்கள், அப் பிரதேசத்தில் எம் மொழி வழங்கி வருகிறது என்பதைப்பற்றி விசாரிக்க ஒரு கமிஷன் நியமித்து, அதன் மூலமாக எந்தப் பிரதேசம், எந்த மொழிவாரி மாகாணத்தோடு இணைக்கவேண்டுமென சலபமாக வரையறுத்து, சச்சரவுக் கேமிடமில்லாத, அபிப்பிராய பேதத்திற்கே இடமில்லாத ஒரு எல்லைக் கோட்டை நிர்ணயிக்க முடியும். Contiguity of language இவைகளை வைத்து முடிவு செய்ய முடியும், தாயகத்தோடு அதைச் சேர்க்கவேண்டுமென்பதைய் பற்றி எல்லைக் கமிஷன்களை நியமித்து சலபமாகத் தீர்க்க முடியும். ஸ்ரீ சிவஞான கிராமணியாரிடமும் பேசினேன். மற்ற கட்சிகளிடமும் பேசினேன். இதர கட்சிகளும் ஆட்சேபிக்கவில்லை. Contiguityஐ வைத்துக் கொண்டு எல்லை நியமித்தோமானால் இந்தச் சண்டைக்கே இடமில்லை.

“எல்லைக் கமிஷன் நியமிக்கவேண்டுமென்ற இந்த ஜனநாயகக் கொள்கைக்காகவே நண்பர் வினாயகம் அவர்கள் சித்தூரில் போராட்டத்தை நடத்தினார்கள். ஸ்ரீ சிவஞான கிராமணியும் மறியல் போராட்டத்தை நடத்தினார்கள். ஜனநாயகத்தின் அடிப்படைத் தத்துவத்தை ஒப்புக்கொண்டு, எல்லைக் கமிஷன் அமைக்கப்படுமென அறிவித்தபின் தான் போராட்டம் நிறுத்தப்பட்டது. பெல்லாரியிலும் போராட்டம் நடந்துவருகிறது.

“பிரிவினை மூலமாக சிக்கல் இல்லாத பிரச்சினைகளைத் தீர்க்கமுடியும். அதற்குத்தக்க வழியில் தான் நடவடிக்கை எடுக்கவேண்டும். உடனடியாக எல்லா மொழிவாரி மாகாணங்களையும் அமைப்பதாக அறிவித்து அதற்குத் தக்க நடவடிக்கை எடுத்தால் போதும். இந்தப் பிரதேசம் எந்த ராஜ்யத் தோடு சேர்ந்திருக்கவேண்டுமென்பதைப்பற்றி சச்சரவுக்கே இடமில்லை. இதைத்தான் கம்யூனிஸ்டு கட்சி அழுத்தத் திருத்தமாக வற்புறுத்தி வந்திருக்கிறது. உடனடியாக மொழிவாரியாக எல்லா மாகாணங்களும் அமைக்கப்படவேண்டுமென்பதுதான் அவர்கள் நீண்ட நாளைய கோரிக்கை.

“எனவே, கடைசியாக கேட்டுக்கொள்கிறேன். நமக்குள் எல்லை நிர்ணயிப்பது சம்பந்தமாக சண்டை வேண்டாம். ஆந்திர மக்களுடைய புதிய ராஜ்யம் நீண்ட கால போராட்டத்தின், வெற்றியின் கின்னமாக உதயமாகப்போகிறது. அதில் ஆரம்பத்தில் எவ்வளவு பலவீனமிருந்தாலும், எவ்வளவு குறைபாடுகள் இருந்தாலும், அவைகள் எல்லாவற்றையும் சிந்தை துணிந்த தெலுங்கர்கள், சமாளித்து அதைச் செழிப்படையாச் செய்வார்கள். அதையடுத்து ஐக்கிய தமிழகம் வரப்போவது நிச்சயம். ஐக்கிய கோளம் ஏற்படப்போவதும் நிச்சயம். யாரும் இல்மேல் அணைகளைத் தடுத்துநிறுத்த முடியாது. ஐக்கிய கர்னாடகம், ஐக்கிய மகாராஷ்டிரம்,

[Sri P. Jeevanandam] [15th July 1953]

ஐக்கிய குஜராத் அமைவதும் நிச்சயம். ஐக்கிய இந்தியா மொழிவாரியாக அமைக்கப்பட்ட பல ராஜ்யங்கள் சேர்ந்து இருக்கப்போகிறது. அப்படி ஒன்று சேர்த்த இந்திய யூனியன் உலகத்திலே ஜெகத் ஜோதியாகப் பிரகாசிக்கப் போகின்றது என்பதை இந்த சந்தோஷ வேளையிலே இப்படிப்பட்ட மகிழ்ச்சி கரமான தருணத்தில் நான் தெரிவித்துக்கொண்டு, கம்யூனிஸ்ட் கட்சியின் சார்பில், இந்த மசோதாவை—இதில் இவ்வளவு குறைபாடுகள் இருந்த போதிலும்கூட—மொழிவாரி மாகாணங்களின் கோரிக்கைக்கெல்லாம் முதல் வெற்றியாக வந்திருக்கிறது என்பதற்காகவும், முதற்படியாக வந்திருக்கிற தென்றும், ஆந்திரச் சர்கோதரர்களின் நீண்டகாலப் போராட்டத்தின் பயனாக வந்திருக்கிறதென்பதற்காகவும், மகிழ்ச்சியாக வரவேற்கிறேன். அவர்கள் மேலும் மேலும் வெற்றிபெற வேண்டிக்கொள்ளுகிறேன். இதே ரீதியில் மற்ற மொழிவாரி மாகாணங்களையும் அமைக்க சர்க்கார் முன்வரவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன்.”

* SRI T. ANANTHA PAI :—“ Mr. Speaker, Sir, when the whole atmosphere is surcharged with mutual suspicion and feelings have become over-sensitive, I suppose a lot of restraint is necessary because whatever is said is likely to be misunderstood rather than understood properly. It is too late in the day to discuss the merits of the formation of provinces on a linguistic basis. This formation took place several years ago in the minds of our politicians. Our actions and words all these years have shown that we have not been able to get over our linguistic bias so easily. When mutual suspicion increased, it became impossible for us to live together and a partition became necessary. Whether we like partition or not is quite a different thing. On an occasion like this I for one have mingled feelings of happiness and sorrow. I feel happy because a new Province is being brought into existence and thereby the long-cherished desire of a great people is being fulfilled. Andhras have been looking forward rightly or wrongly to a separate Province of their own where they could work out their own destiny. At the same time, we cannot but have feelings of sorrow because Madras, which has been one of the biggest provinces of the Union of India, is to-day being disintegrated. We cannot forget that that Province has been the joint enterprise of the people of Andhra, Tamilnad, Karnataka and Malabar. The Andhras have decided to separate from us. They say that the formation of the Andhra State is going to be a new freedom for them. It appears to me that the other people have been as anxious for the formation of the Andhra State as the Andhras themselves have been, in the circumstances prevailing. But in this process deep wounds have been inflicted and are being inflicted. Where there should have been peace, small differences are being magnified and this is creating a lot of bad blood. When the Boundary Commission which is going to be appointed by the Central Government begins its task, it is bound to meet with so many vexed problems, because every day the claims and counterclaims are on the increase. Instead of settling down peacefully and trying to build up new States, we have been feeling that the greater and greater our claims, the better it would be for the future of the State in which we are interested. Kannadigas and Andhras have lived together in peace for a long period with problems common to each other. But to-day they want to make a place like Bellary a fighting ground between them. What is true of Bellary may be true of so many

15th July 1953] [Sri T. Anantha Pai]

other border areas. In fact, almost all people are agreed that Karnataka is the one linguistic Province which should have been formed earlier than the Andhra. The Dhar Commission which went into the question of linguistic provinces stated that whatever be the merits of the case for linguistic provinces, so far as Karnataka was concerned, divided as it was under five Administrations, it had been neglected everywhere and that the Central Government should pay special attention to the economic development of this region. But to-day instead of tackling the problems in the order of priority, we feel that linguistic division is the only panacea for all our ills. In fact we have been responsible for raising so many hopes in the mind of the common man who has been told that the moment the linguistic provinces are formed, all the problems will disappear. Our leaders and politicians have assumed a very great responsibility on this assurance and if any disappointment should follow, it will be a great tragedy indeed. We have sympathy for the Andhras who are going to part from us.

“ I would like to say a few words about our friends in Bellary. I suppose they deserve our sympathy because they have been unceremoniously cut away and tacked on to Mysore. I welcome this because I trust that this will be the beginning of the formation of the Karnataka Province in course of time. We are very happy that Mysore has welcomed the merger of Bellary. We have no doubt that the people of Bellary will soon identify themselves with Mysore and will be worthy citizens of that State of whom all of us could be proud.

“ Andhra is going to have its own problems and they are not going to be of a small magnitude. Andhra Province, it appears to me, is being born after Caesarean operation. In fact the baby is going to be delivered and it requires a lot of care. It is not born under very happy circumstances when it could take away with it plenty of cash and other assets. It has to take away what has been left by the composite State of Madras. I only wish and pray that the Andhra leaders who are quite capable will surely rise to the occasion and unite in solving the many problems that will be confronting the new-born baby. Andhras rose to the occasion in the past when there was the call of the country for independence, and I have no doubt that they will rise to the occasion once again. They have been a patriotic people; they have been highly emotional. If they make up their mind, they can build up a very healthy Andhra State, avoiding a top-heavy administration and the other weaknesses of the residuary Madras State. In that process, they have our abundant goodwill and best wishes.”

నట్లు కాకుండా, ఆంధ్రులు సాధించి తెచ్చుకున్న రాష్ట్రమేనని అంటున్నాను. ఆంధ్రులు అనేక త్యాగాలు, సత్యాగ్రహాలు, ప్రాణాలను అర్పించటము వరకూ రావడం వల్ల యీ రాష్ట్రము వస్తున్నదేగాని, ఏ ప్రభుత్వం గూడా ఉదారంగా యివ్వడములేద. ఈ విషయములూ నేనొక విషయము చెప్పదలచాను. ఈ మధ్య పొట్టి శ్రీరాములుగారు చనిపోయిన తర్వాత నెల్లూరు పట్టణములూ అదేవిధంగా ఆంధ్రులు రాష్ట్రము కొరకు పోరాటం సాగిస్తూంటే, మన కాంగ్రెసు నాయకులు కొంతమంది వ్యతిరేక ప్రచారం చేయటం ప్రారంభించారు. వీరి ఎల్లయినను, ఆంధ్రుల పోరాట ఫలితంగా మనము యిక్కడ ఆంధ్రరాష్ట్రపు బిల్లును గురించి వర్చిం చే అవకాశము కూడా కలిగింది. అందువల్ల ఒక వేళ ఆంధ్ర రాష్ట్రము వస్తున్నదని సంతోష పడుతున్నప్పటికిని, యీ రాష్ట్రము ఎక్కడ వల్ల ఎట్లా వస్తున్నదని, ఆంధ్రులు వారి మనస్సుకు తెచ్చుకోకపోయి, ఆంధ్రులకు రాష్ట్రము వస్తున్నదంటే, ఎట్లాంటి రాష్ట్రము వస్తుందోనని ఆశించుకొనియున్నారు. రాష్ట్రము కొరకు ఆశించినటువంటి ఆంధ్ర ప్రజలు విశాలాంధ్ర విర్విడుతుండని ఆనకున్నారు, కాని అటువంటి రాష్ట్రము రావడము లేదని తెలిసినను, అంతమాత్రాన ఆంధ్రులు నిస్సహ నిరుత్సాహం చెందరు. ఆంధ్రజాతి యొక్క డెక్కడెక్కడూ వారందరూ యీ విశాలాంధ్ర కొరకు పాటు పడుతారని అంటున్నాను. రాష్ట్రం అంటే, ఒక మన మద్రాసు రాష్ట్రములూ చేరినటువంటి ఆంధ్ర జిల్లాలే కాదు, విశాలాంధ్ర అనిపించుకునే ప్రాంతాలు కూడా ఆంధ్ర రాష్ట్రంగా చేరేదాకా, యీ ఆంధ్రజాతివారి త్యాగాలుగాని, సత్యాగ్రహాలుగాని మానరు. ఇంకొకరు ప్రాణాలను గూడ అర్పించటానికి సిద్ధపడి గూడా విశాలాంధ్ర సాధించే వరకూ కృషి చేస్తారని చెబుతున్నాను. అటువంటిప్పుడు యీ నాడు యీ బిల్లులో సూచించబడిన విషయాలు పరిశీలించి చూస్తే, ఆంధ్ర రాష్ట్రం చాలా బలహీనమైన రాష్ట్రమని అనుకోవలసి వస్తున్నది. భారతదేశపు ప్రజానీకం ఎంతో కాలంగా వాషా ప్రయుక్త రాష్ట్రాలు కావాలని కోరుతున్నారు. కాని ప్రభుత్వం యీ వాషా ప్రయుక్త రాష్ట్ర సిద్ధాంతాలను ఆంగీకరించకుండా వ్యతిరేక స్వభావము నవలంబించుచున్నది. ఆంధ్రులు ఎన్నో సత్యాగ్రహాలు, ప్రాణత్యాగాలు చేశారు, కాబట్టి యీనాటివరకు పోరాటము సాగించి రాష్ట్రము తెచ్చుకోగలిగారంటే, ఆంధ్రుల పట్టుదలను రుజువుచేస్తున్నది. కాని, కేంద్రప్రభుత్వం ఆవలంబించే పద్ధతి చూడగా యీ ఆంధ్రరాష్ట్రము చాలా బలహీనమైన రాష్ట్రంగా చేస్తున్నప్పుడు, వాషా రాష్ట్రాలకు వ్యతిరేకమునే రుజువు కాగలదు. ఇప్పుడు ఆంధ్రులకు రాష్ట్రము ఇవ్వటములూ వేరీ పద్ధతులను ఆవలంబించి, కుట్ర పన్ని, బలహీన రాష్ట్రమును యిస్తున్నారని తెలుతున్నది. ఎందుచేతనంటే, తమిళులు, తెలుగువారు కలిసివున్న ఖమ్మడి మద్రాసు రాష్ట్రమునకు ఆస్తి అప్పులకు సంబంధించిన యావత్తు విషయాలను గురించి బిల్లులో కాజివారి వర్ష జరగజోతున్నది. ఈ వర్షాలకు సంబంధించినది. ముఖ్యముగా తుంగభద్ర ప్రాజెక్టు విషయము. ఈ ప్రాజెక్టును మన ప్రభుత్వం ఎంతో డబ్బు వ్యయపరచింది. అట్లాంటి ప్రాజెక్టు కేంద్రప్రభుత్వం అవశిష్ట మద్రాసు రాష్ట్ర ప్రభుత్వం సలహాలతో ఆంధ్రరాష్ట్రమునకు ఉపయోగపడకుండా మైసూరు ప్రభుత్వానికి కట్టబెట్టి, ఆంధ్రరాష్ట్రమును బలహీన పరచుచున్నారని అంటున్నాను.

“ఇక పోతే బళ్లారి విషయం తీసుకుంటే, సరిహద్దుల విషయములూ తగాదాలు వచ్చినవి. బళ్లారి తాలూకాను ఆంధ్ర రాష్ట్రములూ చేరాలని ఆంధ్రులు తగాదా చేస్తున్నారు. అట్లాంటిది యీ తాలూకాను మైసూరు రాష్ట్రానికి కేంద్ర

ప్రభుత్వం కట్టబెట్ట చూస్తున్నారు. ఇట్లు చేయుటవల్ల ఆంధ్రరాష్ట్రానికి వెంపవలసిన బళ్లారి తాలూకా అందలి భండే స్థిరాస్థి, భవనాలు మొదలగునవి, ఆంధ్ర రాష్ట్రము పోగొట్టుకుంటున్నది. అది ఆంధ్ర రాష్ట్రమును నష్టపరిచిపెట్టే గదా! ఈ తాలూకా విషయంలో 1950 వ సంవత్సరపు census ప్రకారం యీ తాలూకా, మద్రాసు రాష్ట్రముకు చెందినదే నని, నిర్ణయించినట్లు ఆ census లో ఉన్నది. జస్టిసు వాంచూరి పోర్టు ప్రకారము చూస్తే కూడా బళ్లారి, తదితర సరిహద్దు ప్రాంతాలన్నియు ఆంధ్ర రాష్ట్రములూ కలిపి వేయాలని సూచించారు. అటు తర్వాత, కేంద్రప్రభుత్వంవారు జస్టిసు మిశ్రా గారిని తంపారు. వీరి నివేదికలో బళ్లారి తాలూకాను మైసూరు రాష్ట్రంలో చేర్చాలని నిర్ణయించారు. కాని దీని ఆంధ్ర నిర్ణయం plebiscite ద్వారా నిర్ణయించవలసియున్నదని ప్రజలు కోరుతున్నారు. ఆయినప్పటికిని బళ్లారి విషయములూ యిటువంటి ఆక్రమ నివేదికను మిశ్రాగారు పంపినందులకు అత్యంత శోచనీయమైన విషయమని తేలుతున్నది. ఈ తగాదాలు పరిష్కరించటానికి కేంద్ర ప్రభుత్వంవారు ఒక సరహద్దు సంఘాన్ని ఏర్పాటు చేస్తామని ప్రకటించియున్నారు. మైసూరు రాష్ట్రములూ చేర్చకుండా, కనీసము అవశిష్ట మద్రాసు రాష్ట్రములూ చేర్చుతామని అన్నట్లయితే, ఆంధ్రజాతి యీ విధంగా కాదపడవలసిన అవసరం వుండదు. అలాంటిప్పుడు రాజీయే బొంబరీ కమిషను ఏర్పాటు అయి, కార్యక్రమం జరగటానికి ఏ రెండేడ్లో, మూడేడ్లో, ఆయిదేడ్లో పడుతుంది గనుక అంతవరకు యీ బళ్లారి తాలూకాను, తదితర ప్రాంతాలను యిప్పుడు కేంద్రప్రభుత్వం తలపెట్టిసరితిగా మైసూరు రాష్ట్రములూ చేర్చకుండా, అంతవరకు యీ అవశిష్ట మద్రాసు రాష్ట్రములూగాని, ఆంధ్ర రాష్ట్రములూగాని ఉంచితే యీ సుధ్య రాజీయే సంఘర్షణలు మొదలయిన చిక్కులు రాకుండాపోతవి. అందువల్ల ఇదివరకు మాదిరిగానే ప్రస్తుతం ఏ యే ప్రాంతాలు ఎక్కడైతే ఉన్నాయో ఆయో రాష్ట్రంలో ఉంచితేనే మంచిదని నా అభిప్రాయం అంతేగాని, యీ బళ్లారి తాలూకాను మైసూరులో చేర్చడంవల్ల అనేక తగాదాలకు దారితీయగలదని హెచ్చరిస్తున్నాను. ఇంతేకాకుండా ప్రజాభిప్రాయానికి వ్యతిరేకంగా మరొక రాష్ట్రంలో చేర్చడంలో అర్థంలేదని మనవిచేస్తున్నాను. అట్లాచేస్తే మద్రాసు, ఆంధ్ర, మైసూరు రాష్ట్రాలు యేవిధంగాను నష్టపడజాలవు. ఒక రాష్ట్ర ప్రాంతమును మరొక రాష్ట్రానికి చేర్చితే, ప్రజాభిప్రాయానికి విరుద్ధముగా నుండుటయే గాకుండా, ఒక రాష్ట్రము కొరకు మరొక రాష్ట్రమును నష్టపరచడమేనని తెలుసుకోవాలి.

“బళ్లారి తీసుకు వెళ్లి మైసూరులో కలపమనడం దానితరువాత బళ్లారి ఆంధ్రుల ఆందోళనకొరకు పరచుకుకొరకు, వారిని కింపజేయుటకొరకు కాంగ్రెసు సెక్రటరీ మాట్లాడడానికి వీలులేదనడం, తరువాత యూనియన్ ప్రధానికి ప్రజలుకూడా తీర్మానాలు చేసేవనడం జరిగింది. వాటినిన్నిటినిపట్టి విమి తెలుసుకుంటే ప్రధానంగా ఆంధ్రులు ఎంతోకాంతుంచి తుంగభద్ర ప్రాజెక్టుకావాలని ఆందోళన చేస్తూవున్నారు. ఆప్రాజెక్టుపూర్తి అవుతోందని సంతోషపడుతుంటే ఆప్రాజెక్టు మైసూరు స్టేటులో కలిపివేయడం జరిగింది. ఆప్రాజెక్టు ప్రధానంగా రాయలసీమకు నీళ్లు ఇచ్చేది. దాని మీద ఆంధ్ర ప్రభుత్వానికి అధికారం నిర్వచించకుండా, ఆ ఖమ్మి ఆంధ్ర ప్రభుత్వానికి రుద్దడానికి అలాగేవున్నట్లు కనిపిస్తోంది. ఈ విధంగా ఆంధ్రరాష్ట్రాన్ని బలహీనమైన రాష్ట్రంగాచేసి, defunct రాష్ట్రంగా చూపించి సరిహద్దులూ తగాదాలు పెట్టి, వాషాప్రయుక్త రాష్ట్రాలు ఉపయోగకరంగా ఉండవనీ, నిరుపయోగమనీ, ఇతరుల తవ్వకాల వాషాప్రయుక్త రాష్ట్రాలకొరకు ఉద్యమాలు లేవదీయకుండా చేయడానికి ప్రభుత్వం

ఈ విధంగా చేస్తే దాని ప్రజలు అనుకుంటున్నారు. ఆంధ్ర రాష్ట్రం చిల్ల విషయం మాట్లాడుతున్నప్పుడు తమిళ సోదరులుగానీ, కన్నడ సోదరులుగానీ, వారి హక్కులు అనుమరించుటకు మాట్లాడుతున్నారని అనుకోవలసిన అవసరంలేదు. కార్మికులు న్యాయమైన కోర్కెలు అడిగితే వెంటబడిదారులను నిందించడంకాదు. కార్మికులు తప్పకుండా న్యాయమైన హక్కులు కోరుతారు. ఇది వెంటబడిదారులమీద ద్వేషం పురి కొల్పకున్నారంటే అర్థం లేదు. ఆంధ్రులను, ఆంధ్రేశ్వరులకు సహజమైన ద్వేషాలు రెచ్చగొట్టడానికి ప్రయత్నాలు వెయ్యడం అన్యాయం. అట్లా ద్వేషించు కోవడం సరియైనదికాదు. ఆంధ్రులు మాట్లాడుతున్నప్పుడు తమిళులకు, కన్నడిగులకు వాదనలు ఉండవచ్చును. ఉదయం మాట్లాడిన సోదరుడు వినియోగంగా ఆంధ్రుల మీద అనేక విమరులు విసిరారు. తిరుత్తణి ఉద్యమానికి బళ్లారి ఉద్యమాన్ని పోలుస్తూ మాట్లాడారు. బళ్లారి ఉద్యమమీద జస్టిసు మిత్రాగారు, కేంద్రప్రభుత్వం తీర్పు ఇచ్చినప్పటికీ, అందోళన చేస్తున్నారు, తీర్పు కట్టుబడి ఆంధ్రులు ఉండలేదుట. ఆ మాదిరిగా తిరుత్తణి విషయంలో తీర్పు ఇచ్చి ఉంటే తమిళులు కట్టుబడి ఉంటారుట. బళ్లారి ఆంధ్రులు కట్టుబడి ఉండరట. అనవసరంగా అందోళన లేవదీస్తున్నారుట. ఆంధ్రులు చాల ఉండే, ఆంధ్రజాతికి రావలసిన భాగాన్నీ తప్పకుండా దోచాడి సాధించుకుంటారు. Tamil మాట్లాడే ప్రాంతాలు, తమిళ సంస్కృతి ఉన్న ప్రాంతాలైతే, తప్పకుండా అడుగుటకు తమిళులకు హక్కుంది. కాని ఆ వ్యవహారం చూచుకోకుండా బళ్లారి ఆంధ్రులమీద విమరులు విసరడం జరిగింది. ఆంధ్రులలో ఆంధ్రులకు తగవులు పెట్టడానికి, ఇతరులపై ద్వేషం రెచ్చగొట్టడానికి కేంద్రప్రభుత్వం చేసిన కుట్రలు మరచిపోయి, మనలో మనకు ద్వేషం రెచ్చగొట్టుటకు ఆయన ఉపన్యాసం చారి తీస్తోంది. అవిధంగా చేయకూడదని తమిళ సోదరులను ప్రార్థిస్తున్నాను. మదరాసు ఎస్సీలో సభ్యులందరూ చాలా సుహృద్భావంతో ఈ విషయం ఆలోచించవలసి యుంటుంది. ఆంధ్రరాష్ట్రంకోసం ఎంత గొడవజరిగిందో, తప్పకుండా బళ్లారి విషయం లోకూడా, బళ్లారి ఆంధ్రులు అంతగొడవా చేయవలసియుంటుంది. కన్నడ సోదరులు తమరాష్ట్రం ఆశించినంత మాత్రాన లాభంలేదు. అక్రమంగా కన్నడ ప్రాంతాలు కలిపినా తప్పకుండా నిర్బంధంగా ఒక ప్రాంతంలో చేర్చినంతమాత్రాన అభివృద్ధి వెండడంగాని, వాగుడడంగాని జరగదని కన్నడ సోదరులు అర్థం చేసుకొని, ఆంధ్రుల సరసమైన హక్కులు ఇవ్వవలసియుంటుంది. ఆ విధంగా చేసినప్పుడే ఈ సరిహద్దులాయన వైషమ్యాలు తొలగగలవు. ఈ సమావేశంలో రానున్న amendments మీద సభ్యులందరూ ఆలోచించి, న్యాయమైన ఆంధ్రుల కోర్కెలను, అనగా సాంస్కృతిక సార్వభౌమాలనుబట్టి విద్యాసంస్థల విషయంలో ఇవ్వవలసియుంది. వివిధమైన విద్యపాలు లేకుండా బళ్లారి సమస్య పరిష్కరించ వలసిన అవసరం ఉంది. ఇక్కడ ఉన్న తమిళ, కన్నడ, మళయాళీ సోదరులు ఈ విషయంలో పూర్తిగా సహాయంచేస్తారని, clause by clause వచ్చి వచ్చినప్పుడు పూర్తి సహకారం ఇచ్చి ఈ చిల్ల సుముఖంగా కేంద్రప్రభుత్వానికి కుంతతారని ఆశిస్తున్నాను. గత 20 సంవత్సరాలుగా Electricity విషయంలోగాని, రోడ్ల విషయంగాని, చూచుకుంటే తమిళ ప్రాంతంలోనే ఎక్కువ ఖర్చు పెట్టిన సంగతి రాజ గోపాలాచారిగారు కూడా కాదనలేరు. తమిళ ప్రాంతం అనేక విధాల అభివృద్ధి చేసుకున్నారనే విషయమై మనం చెబులాడ వలసిన అవసరంలేదు. అవిధంగా తమిళ ప్రాంతం ఆంధ్ర ప్రాంతంతో పోల్చినప్పుడు ఎక్కువ అభివృద్ధి కలిపిస్తూ ఉన్నారు. అందువల్ల ఆంధ్ర రాష్ట్రానికి అప్పులు, నిలవలు తీసుకోవలసి వచ్చినప్పుడు అన్యాయం జరుగుతోంది. ఈ విషయంలో న్యాయంచేయకపోతే, ఏ రకంగా తయారవుతుందంటే పెద్దవాళ్లు తమబిడ్డలకు చదువుపెట్టించు కుంటూ, సిల్కు బట్టలు మాత్రమే కట్టించుకూ,

ఇతరుల బిడ్డలపై చూడకుండా స్వార్థంతో వుంచేస్తే, బీదవాళ్లు తప్పకుండా ద్వేషం పురికొల్పుతారు. ఈ వేళ ఆంధ్రులు రాష్ట్రం కోరుతున్నారు. కాబట్టి, వారికి ప్రాయశ్చితం చేయడానికి రాబడి, ఖర్చు లెక్కకట్టి సప్తపరిహారం ఇవ్వకుండా, సప్తమీ చూపించి అప్పులు మెడకు కడితే చాలా చిక్కులు వస్తాయి. ఏ రాష్ట్రంకోసం పాట్ల ప్రాముఖ్యంగా ఆత్మరక్షణ చేశారో అనేకమంది యువకులు ప్రాంతాలు త్యాగంచేశారో వాటిఫలితంగా వచ్చిన ఆంధ్ర రాష్ట్రం కరువు కాటకాలలో వాదనలుతుంది. రాజగోపాలాచారిగారు మాట్లాడుతూ స్వాతంత్ర్యం వచ్చినప్పుడు చేశమంతా ఏ విధంగా సంతోషించిందో, అవిధంగానే ఆంధ్రులు ఆంధ్ర రాష్ట్రం వచ్చినప్పుడు అదే విధంగా సంతోషిస్తారని అన్నారు. 1947 లో స్వాతంత్ర్యం వచ్చినప్పుడు ఇండాలు ఎగురవేసి తినుటకు కూడా దొరుకుతుంది, కట్టుకోడానికి బట్ట దొరుకుతుందని ప్రజలు వివిధంగా ఆశించారో, అవిధంగానే ఆంధ్రులకూడా ఈ సుభవమయంలో ఆశిస్తున్నారు కరువుకాటకాలు తప్పకుండా పోతాయని అన్నీనే, ఇదివిషయమైన స్వాతంత్ర్యం కాదని తెలుసుకోడానికి రెండు మూడేళ్లు పట్టింది. ఆంధ్ర రాష్ట్రం వచ్చిందికాని కరువుకాటకాలు పోలేదట, బళ్లారి ముకరులేదట, లోటురాష్ట్రమీద మదరాసు ప్రభుత్వం మనకు సప్తపరిహారం ఇవ్వదట, ఈ రాష్ట్రం రాకపోతే ఏమి అని చాలామందిలో నిస్పృహ బయల్పడింది. స్వాతంత్ర్యం వచ్చిన తరువాత ఆంధ్రులు తమన్యాయమైన కోర్కెల గుర్తింపుబడతాయని సకమమార్గంలో తమ జాతి వికాసానికి వీలయిన పథకులలో ఆంధ్ర రాష్ట్రం విభజించటం జరుగుతున్నది కేంద్ర ప్రభుత్వం ఆ విధంగా చేయుటకు ఇక్కడ ఉన్న అన్ని పాలకవారు, పార్టీలవారు తోడ్పడి సరిహద్దు ప్రాంతాలలో అనగా బళ్లారి మొదలైన ప్రాంతాలలో తప్పనిసరిగా వాండరీ కమిషన్ ద్వారాగాని, వైబిసెటు ద్వారాగాని ప్రభుత్వప్రాయం నేకరించుటకు తోడ్పడతారని ఆశిస్తున్నాను. ఈ విషయాలన్నీ కొట్టుటలులేకుండా, ప్రజాస్వామ్య పద్ధతులపై పరిష్కరింప బడతాయని, ఆంధ్రుల సక్రమమైన కోర్కెలకు స్వాతంత్ర్యం జరిగేట్లు చేస్తారని ఆశిస్తూ, ఆంధ్ర రాష్ట్ర వతరణకు సంతోషం తెలియజేస్తున్నాను."

* SRI P. VENKATASUBBAYYA :— "అధ్యక్ష మహాశయా, ఆంధ్ర రాష్ట్రం చిల్ల సేను బలపరుస్తున్నాను."

SRI B. SANKARAYYA :— "Sir, on a point of order అధ్యక్షా, ఇక్కడ వచ్చిన తరువాత ఒక ప్రతిభ అంద చేసారు. దానినిబట్టి అసెంబ్లీ ఛాన్సలరు తుండే ప్రాథమిక హక్కులకు ఖరీద వాటిన్నీ విధంగావుంది. అసెంబ్లీ సభ్యుల ప్రశ్నలు తీసి సమాధానాలుపొందే అధికారం ఉంది. వార్డు మెంటులో అయితే చేసిన ప్రశ్నకు ఉత్తరాలైనా సమాధానం వస్తుందని ఆశించడానికి అవకాశం ఉంది. ఇక్కడ అది కూడా అన్నట్లు లేదు. ఎన్నాకయినా కొన్ని ప్రశ్నలకు జవాబేరావడంలేదు. ఇప్పుడు స్పీకరుగారు అందచేసిన దేమిటంటే."

MR. SPEAKER :— "I know the point of order. There are five hundred questions more to be answered, and I want to finish all these questions in this session. Therefore, I have asked the Secretary to issue that circular."

SRI P. VENKATASUBBAYYA :— "ఈ ప్రశ్నలన్నీ తీసి చూడమని కోరుకుంటుంది అని నన్ను వారిలో నేను ఒకణ్ణి. అదేవిధంగా ఆంధ్ర రాష్ట్రంపై ఆంధ్రజాతి పురోగమించగలదని తెలితే చాలుననుకుంటున్నాను. అంతేమీ కాదు, సేను ప్రభావమైన నా అభిప్రాయం. అంతేమీ."

* SRI IJARI SIRASAPPA :—“ Mr. Speaker, Sir, it is needless to say that all the Members of this House welcome this Bill. They feel happy over this Bill. Not only Members in this House, but people outside belonging to Maharashtra, Gujarat and other places, who want to form their States on linguistic basis, are feeling happy over this Bill. As Mr. Anantha Pai was telling you, the one State in the whole of India that is hard hit is the Karnataka State, which is distributed over five States and which has no majority anywhere. It has no voice in any of these States. Even in Madras the Kannada group of this Assembly is a negligible minority. In Bombay the Kannada group in the Legislative Assembly is a negligible one. That is the case even in Hyderabad State, and other portions of the country. Hence the Kannada people were not able to make themselves felt in any of these States. The leaders of the country were of the opinion and were convinced that the people of Karnataka were hard hit, and that the Kannadigas had the top priority in having a State of their own. Anyhow the Government of India felt that the formation of the Andhra State was easier, and so they conceded the formation of the Andhra State first. We Kannadigas also are feeling happy

over the formation of the Andhra State because with the formation of the Andhra State, the Karnataka State would follow. I have nothing more to say than to appreciate and welcome this Bill, and give it all the support the Kannadiga group can give in this House. During the discussion of this Bill, in the last two days, many hon. Members have been referring to the question of Bellary. This movement for the re-distribution of States on linguistic basis dates back to as early as 1920-21. Then Mr. Kelkar was appointed to go into the question and demarcate the boundaries of the Linguistic Congress Committees which were functioning in the country. In his report, Mr. Kelkar very clearly stated that even though the three taluks of Bellary district, namely, Alur, Adoni, and Rayadurg, were predominantly Kannada, for administrative purposes and for carrying on excellent propaganda work through the Congress Committees, these three taluks should go to the Andhra Provincial Congress Committee. Since then we Kannadigas have been agitating that that is an injustice done, and that these three taluks should not go to Andhra but should go to Karnataka and the Karnataka Provincial Congress Committee. Since then so many committees and sub-committees were appointed to go into the boundary dispute. Even as early as 1933 there was a move from the friends of the Andhra Provincial Congress Committee to open their District Congress Committee office in Bellary town even as they had an office in Madras. We opposed the move, and the All-India Congress Committee did not permit the Andhra Provincial Congress Committee to have the Andhra District Congress Committee office in Bellary. The Andhra friends have forgotten that. Even before the Dhar Commission nothing about Bellary was said. Only in regard to these three taluks our Andhra friends put forward their claim. Even in the Partition Committee, the question of Bellary was not raised. The Partition Committee were content, they were satisfied, and they were convinced that Bellary along with the other six taluks did not belong to Andhra. But unfortunately for us the question of Bellary and Bellary taluk was kept under suspense by the Government of India, by the announcement of our Prime Minister. This has given an impetus to our Andhra friends to fight for Bellary town and Bellary taluk. They are finding fault with the Government of India and our Prime Minister. When the Prime Minister said that the boundary disputes and other disputes should first be settled among the people, and then only the Government of India would come forward for the formation of States on linguistic lines, people were telling that the Government of India under Pandit Nehru was following the British policy of asking people to come to some understanding before forming Provinces like Andhra, Karnataka, etc. But what is it that we now see? We are fighting over small areas, areas which do not belong to the Andhras. I feel that much unpleasantness has already been created between the Kannadigas and Andhras over the issue of Bellary. I request my Andhra friends not to stir up this agitation any more and not to give room for greater unpleasantness among ourselves. Let them do away with this Bellary issue for the time being, as an award has been passed by the Chief Justice of the Hyderabad High Court,

[Sri Ijari Sirasappa] [15th July 1953]

appointed by the Government of India. It is not any representation made before some non-official commission. An award has been given already. There is no question of raking up that issue and bringing more unpleasantness among ourselves. Anyhow, we look forward to our Andhra friends to make their Government a stable and prosperous Government. Because, the formation of the Karnataka State depends upon the stability of the Andhra State. So, I request my Andhra friends and even my Tamilian friends also to forget all their differences for the time being and look forward to the stability and prosperity of their respective States and help others in forming their States. Thank you, Sir."

GOVINDASWAMI NAYAGAR :—“கனம் சபைத் தலைவர் அவர்களே! ஆந்திர தேசம் மொழியின் அடிப்படையில் பிரிவதை வரவேற்று பேசும்போது சில வார்த்தைகளைச் சொல்ல ஆசைப்படுகிறேன். வெள்ளைக்காரர்கள் நம் நாட்டிற்கு வியாபாரத்திற்காக வந்தார்கள். பிறகு நம் நாட்டில் ஆட்சிபட்டதில் அமர்ந்து நம் நாட்டை வியாபார ஸ்தலமாக ஆக்கிக்கொண்டு இந்த நாட்டை சுரண்டிக் கொண்டு வந்தார்கள். அதனால்தான் நம் தேசத்தில் இருக்கிற தேசிய உணர்ச்சி பெற்ற தலைவர்கள் அவ்வளவு பேர்களும் சிறை புகுந்து பல தியாகங்களைப் புரிந்து நமக்கு பரிபூரண சுயராஜ்யம் வேண்டும் என்று பாடுபட்டார்கள். அதே முறையில்தான் முகம்மதியர்களும் தாங்கள் பெருவாரியாக உள்ள நாட்டை பாகிஸ்தான் என்று அமைக்கவேண்டும் என்றும் பெரும் கிளர்ச்சி செய்து பல தியாகங்களைப் புரிந்து பாகிஸ்தானை அமைத்தார்கள். நாம் சுயராஜ்யம் கேட்டபோது இதெல்லாம் நடக்குமா என்று கூறினார்கள். பாகிஸ்தான் என்பது பகல் கனவு என்றார்கள். அப்பொழுது வெள்ளைக் காரர்கள் நம் நாட்டிற்கு வியாபாரம் மூலமாக வந்து இங்கிலாந்து பாஷையை அரசியல் பாஷையாக புகுத்தி இந்த மொழி மூலமாக நம்மை அடிமைப் படுத்தி வந்தார்கள். அதே முறையில்தான் இன்றையதினம் வடநாட்டினர், டில்லி சர்க்கார், நம்மை அடிமைப்படுத்திக்கொண்டு தென் நாட்டை வியாபார ஸ்தலமாக வைத்துக்கொண்டு சுரண்டும் இடமாக வைத்துக் கொண்டிருக்கிறார்கள். இங்கு நாம் என்ன பார்க்கிறோம்—ஷேட்களும், மார்வாடிகளும் மெத்தையில் படுத்துக்கொண்டு வியாபாரம் செய்யும் நிலைமையை நாம் இப்பொழுது பார்க்கிறோம். திருச்சிக்கு அடுத்த கல்லக்குடி என்ற கிராமத்தை டால்மியாபுரம் என்ற வடநாட்டுப் பெயரை சூட்டி இருக்கிறார்கள். இதையெல்லாம் ஒடுக்க வேண்டும் என்பதற்காகவும், இந்த சுரண்டலை ஒழிக்க வேண்டும் என்பதற்காகவும்தான் பெரியாரும், அறிஞர் அண்ணாவும் ஜவாஹர் கலையின் முன்பாக, வடநாட்டார் வியாபாரம் செய்யும் கடைகளின் முன்பாக தியாகம் செய்து மறியல் செய்தார்கள். இன்னும் பல தியாகங்களைச் செய்தார்கள். இதை அடிப்படையில் வைத்துக் கொண்டுதான் மொழிவாரி மாகாணம் முதலில் பிரிந்து இறுதியில் இனத்தின் அடிப்படையில் நாம் ஒன்றுபட்டு இருக்கவேண்டும் என்பதற்காகத்தான் திராவிடக் கழகமும், திராவிட முன்னேற்றக் கழகமும் வேலை செய்து வருகின்றன. இது எல்லோருக்கும் தெரியும். திராவிடம் பிரிய வேண்டும் என்பதற்காகத்தான் மதிப்பிற்குரிய மாணிக்கவேலு நாயக்கர் அவர்களும், புக்தவத்சலு அவர்களும், இன்னும் இந்தப் பக்கத்திலுள்ள 38 பேர்களும் கையெழுத்திட்டு சென்ற தேர்தலில் வெற்றிபெற்றோம். நாம் வடநாட்டை விட்டுப் பிரிந்து சுதமர்க வாழவேண்டும் என்று தீர்மானித்தோம். காரணம் வடநாட்டார்கள் வரிகளையும், வருமானத்தையும் வாங்கிக் கொண்டு போகிறார்கள். இன்னும் சுரண்டல் மூலமாக இன்ஷூரன்ஸ் மூலமாகவும், பாங்குகள் மூலமாகவும் ஷேட்கள் சுரண்டிக்கொண்டு போகிறார்கள். ஏன்? கல்லக்குடியை டால்மியாபுரம் என்று மாற்றும் போது எதைத்தான் செய்யமாட்டார்கள். அதைப்போலவே சென்னையில் செளக்கார்பேட்டை என்று பெயர் வைத்திருக்கிறார்கள். ஏன்? டில்லியில் காம்ராஜ் பேட்டை என்ற பெயரை வைக்க முடியுமா? அல்லது ராஜாஜி பேட்டை என்றுதான் வைக்கமுடியுமா? அஹமதாபாத்தில் இப்படி நம் நாட்டின் பெயரை வைக்கமுடியுமா? நமது ராஜாஜி அவர்களும்

[15th July 1953] [Sri A. Govindaswami Nayagar]

அங்கு கவர்னர் ஜெனரலாகத்தான் இருந்தார். அப்படி இருந்தும் அவருடைய பெயரை அங்கு வைக்கமுடியுமா? ஒருக்காலும் வைக்கவே முடியாது. காரணம் நம்முடைய பெயரை வடநாட்டில் வைக்கமாட்டார்கள். கல்லக்குடி என்ற பெயருக்கு பதிலாக டால்மியாபுரம் என்ற பெயர் வைத்ததற்காகத்தான் அந்தப் பெயரை எடுக்க வேண்டும் என்று இன்றைய தினம் தோழர் கருணாநிதி போராட்டத்தை ஆரம்பித்தார். அவருடன் போராட்டத்தை நடத்திய பத்து தோழர்களும் சிறைப்பட்டார்கள். காரணம் மொழிவாரி மாகாணம் வேண்டும் என்ற காரணத்தாலும், வடநாட்டு ஆதிக்கம் இருக்கக் கூடாது என்பதற்காகவும்தான். அவ்வித நிலைமை இப்பொழுது இந்த நாட்டில் ஏற்பட்டிருக்கிறது. அதுமாதிரி அல்ல, இன்றையதினம் ஆந்திர ராஜ்யம் மொழிவாரி அடிப்படையில் பிரியப் போகிறது. இந்த போராட்டத்தில் இவர்கள் வெற்றி பெற்றார்கள். இதற்காகவே சென்ற காலத்தில் கனம் பிரகாசம் அவர்கள் பல தியாகங்களைச் செய்திருக்கிறார். இப்பொழுது பொட்டி ஸ்ரீராமலு அவை பரிகொடுத்து ஆந்திர ராஜ்யத்தைப் பெருகிறார்கள். அந்த முறையில்தான் இப்பொழுது தென் நாட்டினர் வடநாட்டினரிடமிருந்து பிரிய வேண்டும் என்று போராட்டங்களை நடத்திக்கொண்டு வருகிறார்கள். அதற்காகவே பல தியாகங்களையும் செய்துகொண்டு வருகிறார்கள். ஹிந்தி ஒழிப்பு போராட்டத்தின் பெயரால் தன்னுடைய 60-வது வயதில் பெரியாரும், தாளமுத்து நடராஜனும் இன்னும் பல தோழர்களும் சிறை சென்றார்கள். தாளமுத்து நடராஜனும் சிறையில் பலியானார். அதற்காகவேதான் அண்ணாவும் போராட்டத்தை நடத்தினார். மொழியின் பெயரால் ஆதிக்கம் செலுத்தக் கூடாது. அந்த முறையில்தான் ஆந்திரர்களும், கன்னடியர்களும், மலையாளிகளும் தமிழர்களும் பிரியவேண்டும் என்று சொல்லுகிறார்கள். இத்தனை பேர்களும் ஒரே குடும்பம் என்பதையும், சகோதரர்கள் என்பதையும் நாம் மறந்துவிடக்கூடாது. எல்லோரும் சகோதரர்கள் என்பதை மனதில் வைத்துக்கொண்டு மொழியின் அடிப்படையில் பிரிந்து வாழவேண்டும் என்று நினைக்கிறார்கள். இந்த வகையில் மனக்கசப்புக் கூடாது. ஆந்திரர்களிடம் தமிழருடைய ஆதிக்கம் கூடாது, தமிழர்களிடம் ஆந்திரருடைய ஆதிக்கம் கூடாது. மலையாளிகளிடம் கன்னடியர்களுடைய ஆதிக்கம் கூடாது, அதைப்போலவே கன்னடியர்களிடமும் மலையாளிகளுடைய ஆதிக்கம் இருக்கக்கூடாது. ஒருவருடைய ஆதிக்கத்தை மற்றவர்கள் விரும்பவில்லை. ஒருவருடைய சொத்தை மற்றவர் எடுத்துக்கொள்ள விரும்பவில்லை. ஒவ்வொருவரும் சுபிட்சமாகப் பிரிந்து கொள்ளமுடியும். நேரு தலைவராக இருக்கும் வரையில், வடநாட்டு ஆதிக்கம் இருக்கும் வரையில், நமக்கு தீர்ப்புக் கிடையாது. வாஞ்சுவை அனுப்பிக்கூடிய வடநாட்டு ஆதிக்கம் இருக்கும் வரையில் நமக்கு தீர்ப்புக் கிடையாது. நாம் சுபிட்சமாக வாழ முடியாது. நாம் சுமுகமாக பங்கிட்டுக் கொள்ள முடியாது. அந்த ஆதிக்கம் இருக்கும் வரையில் குரங்கு அப்பத்தை பங்கிட்டுக் கொடுத்தது போல்தான் ஆகும். இப்பொழுது இருக்கும் நிலைமையில் தமிழர்களுக்கும் ஆந்திரர்களுக்கும் கசப்பு, மலையாளிகளுக்கும் கன்னடியர்களுக்கும் கசப்பு. இதெல்லாம் ஏன் வருகிறது? நம்முடைய அதிகாரத்தை எல்லாம் வடநாட்டார் வைத்துக்கொண்டிருக்கிறார்கள். நாம் பிரிந்து கொள்ளக்கூட நமக்கு உரிமை இல்லை. நமக்கு எந்தவிதமான உரிமையும் இப்பொழுது இல்லை. நாட்டில் எந்தவிதமான கிளர்ச்சி வந்தாலும் மொழி ஆதிக்கம் செலுத்தப்படுகிறது. ஆகவேதான் ஆகஸ்டு 1-ம் தேதியன்று பெரியாரும், அண்ணாவும் தமிழ் நடப்புதில் திருப்பதியிலிருந்து தூத்துக்குடி வரையிலுள்ள ரயில்வே நிலையங்களிலுள்ள ஹிந்தி மொழியை அழித்தார்கள். ஹிந்திக்கு இங்கு என்ன இடம் இருக்கிறது? அன்று வெள்ளைக்காரன் மவுண்ட்பேட்டன் இருந்த ஆட்சிபட்டத்தில் இன்று ராஜேந்திர பிரசாத் இருக்கிறார். அன்று ஹோப் இருந்த இடத்தில் இன்று ஸ்ரீ பிரகாசா இருக்கிறார். அப்பொழுது எவ்வளவு சம்பளம் கொடுக்கப்பட்டதோ அவ்வளவு சம்பளம்தான் இப்பொழுதும் கொடுக்கப்பட்டு வருகிறது. வெள்ளைக்கார சுரண்டல் அப்பொழுது எப்படி இருந்ததோ அப்படித்தான் இப்பொழுதும் இருக்கிறது. அவர்கள் வியாபார முறையில் வந்து இங்கிருந்து சுரண்டிக்கொண்டு போனார்கள். அன்று அவர்கள் ஜெமானராக இருந்தார்கள், இன்று வடநாட்டினர் ஜெமானர்களாக

[Sri A. Govindaswami Nayagar] [15th July 1953]

இருக்கிறார்கள். அந்த நிலைமையில் தான் இன்றையதினம் கனம் பிரகாசம் அவர்கள் ஸ்ரீ பொட்டி ஸ்ரீராமலுனை பரிகொடுத்துவிட்டு பிரிந்து போகிறார்கள். அன்று நேருவுக்கு உண்மையை எடுத்துச் சொன்னோம். கவனம் செலுத்தவில்லை. பொட்டி ஸ்ரீராமலு இறந்த பிறகு மக்களே எழுந்து கிளர்ச்சி செய்தார்கள். அதைப் பார்த்து தான் நேரு "முட்டாள்தனம்" என்றும், சிறுபிள்ளைத்தனம் என்றும் சொன்னார். யார் கிளர்ச்சி செய்யச் சொன்னார்கள். மொழியின் அடிப்படையில் தான் கிளர்ச்சி செய்தார்கள். இவ்விதம் கிளர்ச்சி செய்தால் அது முட்டாள்தனமா அல்லது சிறுபிள்ளைத்தனமா? அதை நேரு எப்படி வேண்டுமென்றாலும் விஸ்தரிக்கலாம். அதே முறையில் இப்பொழுது திருத்தணியில் பெருவாரியாக தமிழ் பேசும் மக்கள் இருக்கிறார்கள். மந்திரி வி. சி. பழனிசாமி கவுண்டர் திருத்தணி வரையில் தமிழ் நாடு வேண்டும் என்று கேட்கிறார். கனம் வெங்கிடசாமி நாயுடு திருப்பதி வரையில் வேண்டும் என்று கேட்கிறார். அவர் வைணவர். அதனால்தான் அப்படி கேட்கிறார். போராட்டம் நடக்கும்போது நானும் திருத்தணிக்குப் போயிருந்தேன். அங்கு பெருவாரியாகத் தமிழ் பேசுகின்றார்கள்.

THE HON. SRI V. C. PALANISWAMI GOUNDER:—“The hon. Member attributes some statement to me. I never made that statement.”

* SRI A. GOVINDASWAMI NAYAGAR:—“கனம் வி. சி. பழனிசாமி கவுண்டர் பேசியதைப்பற்றி தினமணியில் பார்த்தேன். பத்திரிகை சொல்வது தவறாக இருந்தாலும் அது குற்றமாக இருந்தாலும் தமிழ் மந்திரி அந்த இடத்தைக் கேட்பதற்கு உரிமை உண்டு. ஆந்திரர்கள் சேர்ந்து எங்கு இருந்தாலும் அதை ஆந்திராவடன் சேர்க்கவேண்டும். அதைப்போலவே தமிழர்கள் எங்கு சேர்ந்திருந்தாலும் அந்த இடத்தை தமிழ் நாட்டுடன் சேர்க்கவேண்டும். அப்படித்தான் ராஜ்யத்தை முறையாக வேண்டும் என்று சொல்லுகிறார்கள். நான் திருத்தணிக்கும் போய்விட்டேன். அங்கு ஸ்தலஸ்தாபன மந்திரி ஒரு உத்தரவு போட்டிருக்கிறார். அங்கு தமிழ் பாட்டு பாடக்கூடாது என்று. அதனால் மக்கள் அதிருப்தி அடைந்திருக்கிறார்கள். திருப்பதியில் தமிழ் பத்திரிகையே வரக்கூடாது என்று அங்கும் ஒரு உத்தரவு இருக்கிறது. இவைகளைக் கண்டு மக்கள் அதிருப்தி அடைகிறார்கள். எந்த பக்கங்களில் தமிழ் பேசுகிறார்களோ அந்தப் பக்கங்களை தமிழ் நாட்டுடன் சேர்த்துக் கொடுக்கவேண்டும். அதைப் போலவே எங்கு தெலுங்கர்கள் அதிகமாக இருக்கிறார்களோ அதை ஆந்திர ராஜ்யத்துடன் சேர்த்துக்கொள்ளவேண்டும். இதற்காகவேதான் திருத்தணியில் சுமார் ஒருமாத காலமாக ஒரு போராட்டத்தை ஆரம்பித்து நடத்தி வருகிறார்கள். பல கிராமங்களுக்கு நான் போய்ப்பார்த்தேன். ஆனால் நேரு என்ன சொன்னார். அவர்களை முட்டாள்கள் என்று சொன்னார். இது முட்டாள்தனம் என்றும், சிறுபிள்ளைத்தனம் என்றும் சொன்னார். இன்று அறிஞர் அண்ணா போராட்டத்தை நடத்திவருகிறார். இன்றைய தினம் தூத்துக்குடியிலிருந்து சென்னைக்கு வரும் ரயில்களும் நின்று வந்திருக்கின்றன. அதைப்பற்றி நான் தெரியும்.

“நேற்றையதினம் அந்தக் கருத்தை எடுத்துச் சொன்னேன். அறிஞர் அண்ணா துரையைச் சிறைப்படுத்தியிருக்கிறது. வடநாட்டு ஆதிக்கத் திற்கு உட்பட்ட ராஜாஜி சர்க்கார். அவருடைய தோழர்களும் சிறைக்காவல்களும் வைக்கப்பட்டிருக்கிறார்கள். நேற்றையதினம் முதல் மந்திரியார் நடவடிக்கை எடுத்த அதே மாதிரிதான்—வருத்தத்தேரூ கண்ணீர்விட்டுச் சொல்லுகின்றேன். தூத்துக்குடியில் 4 தோழர்களை சிறைக்குக் கொண்டு போயிருக்கிறார்கள், 4 பேர் சுட்டுக் கொல்லப்பட்டார்கள், 25 பேர் படுகாயம் அடைந்தார்கள். அது மட்டுமல்ல, முகருணாநிதி கல்லக் குடியில் சிறைப்படுத்தப்பட்டிருக்கிறார். மதுரையில் 150 பேர்கள் சிறைப் படுத்தப்பட்டிருக்கிறார்கள். கோவையில் 80 பேர்கள் சிறைப்படுத்தப் பட்டிருக்கிறார்கள். காஞ்சிபுரத்தில் 100 பேர்களும், சிதம்பரத்தில் 2 பேர்களும் கைது செய்யப்பட்டிருக்கிறார்கள்.

[Sri A. Govindaswami Nayagar] [15th July 1953]

“நாளையதினம் பத்திரிகையில் படித்துப்பார்த்தால் எங்கும் ரயில் நிறுத்தம் ஏற்பட்டிருப்பதைக் காணலாம். “முட்டாள்தனம், சிறுபிள்ளைத்தனம்” என்று நேரு அடிக்கடி பிதற்றுகிறாரே அதற்குப் பாடம் கற்பிப்பதற்காகத்தான் இந்தக் கிளர்ச்சிகள். நான் மறுதினம் ரயில் நிறுத்தம் இருக்கப்போவதில்லை. கிளர்ச்சி செய்பவர்கள் சங்கிலியைப் பிடித்து இழுத்து ரயிலை நிறுத்துகிறார்கள் என்பதற்காக, ரயிலிலுள்ள மெகானிஸ்தை மாற்றி, சங்கிலியைப் பிடித்து இழுத்தாலும், ரயில் நிற்காமல் ஓடும் படியான முறையில் செய்திருக்கிறார்கள். ரயிலுக்கு முன் மக்கள் படுத்துக் கொண்டு சாத்வீகமான முறையில் மறியல் செய்த மக்களை சுட்டுக் கொல்லும் படியான நிலை ஏற்பட்டிருக்கிறது.

“கிளர்ச்சி செய்வதை ‘சிறுபிள்ளைத்தனம்’ என்று நேரு சொல்லுகிறார். அப்படியானால், நாம் சுயராஜ்யம் வாங்கினது எப்படியென்று நான் அவரைக் கேட்கின்றேன். அன்றையதினம் அன்னிய நாட்டுத் துணியைப் பகிஷ்கரித்தோம். உப்பு சத்தியாக்கிரகம் செய்தோம். ‘வெள்ளையனே! வெளியேறு’ என்று சொன்னோம். அதே முறையில் வடக்கத்தியானை வெளியேறு என்று சொல்லுகிறோமென்றால் அதில் என்ன தவறு இருக்கிறது? வடநாட்டு ஆதிக்கம் வேண்டாமென்று சொல்லும்போது ஆத்திரப்படுவானேன்?

“பிரிந்து போகின்ற ஆந்திரர்களுக்கும் தமிழர்களுக்கும் இடையில் பாகம் பிரிக்க நீதிபதி வாஞ்சுவை வடநாட்டு சர்க்கார் அனுப்பிவைத்தது. நீதிபதி வாஞ்சுவுக்கு தெலுங்கு தெரியுமா? அல்லது தமிழ் தெரியுமா? ஆனால், தீர்ப்புக் கூற அவர் வந்திருந்தார். கோர்ட்டிலே தீர்ப்பளிக்கக்கூடிய அந்த முறையிலே ஏதோ அவர் எழுதி வைத்துவிட்டு, அவர்கள் நமக்கு ஒரு அறிக்கை அனுப்பியிருக்கிறார். அதை நாம் ஒத்துக்கொள்ளவேண்டுமென்று சொல்லுகிறார்கள்.

“ஆந்திரர்கள் புதிதாக தங்கள் ராஜ்யத்திற்குத் தலைநகரம் ஏற்படுத்த வேண்டும், அதற்காக நஷ்ட ஈடு கோறுகிறார்கள் என்பதில் எனக்கு ஆட்சேபணை கிடையாது. ஆனால், சொத்தை ஜனத்தொகை வாரியாக பிரித்திருக்கின்றார்கள். அதே முறையில் கடனையும் பிரித்திருக்கவேண்டும். கடனை அப்படிப் பங்கிடாமல், தமிழர்களே கடனை ஏற்றுக்கொள்ளவேண்டும் என்று ஆந்திரர்களுக்கு சௌகரியமாக விட்டுக்கொடுத்திருக்கிறோம் என்று சொல்வதில் நியாயமில்லை. ஒரு குடும்பத்தில் சகோதரர்களுக்குப் பாகம் பிரிக்கின்றபோது, சொத்தையும் பிரிப்பார்கள், கடனையும் பிரிப்பார்கள். அந்த முறையில் பிரித்திருக்கலாம். ஆனால், அப்படிப் பிரிக்கவில்லை. ஸ்ரீமான் பிரகாசம் போன்ற ஆந்திரத் தலைவர்கள் வடநாட்டுக்குப் போனால், அவர்களுக்குச் சிறந்த மரியாதை உண்டு. ஆனால், தமிழ் நாட்டைச் சேர்ந்த தலைவர்களுக்கு அங்கு அவ்வளவு மரியாதை அளிக்கப்படுவதில்லை. அதற்குக் காரணம் என்னவென்றால், ஆந்திரர்கள் கிளர்ச்சி செய்கின்றார்கள், தமிழர்கள் கிளர்ச்சி செய்வதில்லை.

“இன்றையதினம் பிரிந்து போகின்ற ஆந்திர சகோதரர்களைப்போல, அண்டைய பிரதேசமாகிய மலையாள தேசமும் தமிழ் சகோதரர்களைவிட்டுப் பிரியலாம். பிரிந்து, மொழியின் அடிப்படையில், தனித்தனி பாஷாவாரி மாகாணமாக அமையலாம். அப்பொழுதுதான் வடநாட்டு ஆதிக்கத்திலிருந்து தென்னாடு, அதாவது திராவிட நாடு, என்று ஏற்பட்டு திராவிட பெட்ரோஷன் என்ற முறையில் விளங்கமுடியும். திராவிட நாட்டுக்குத் தலைவர் நாடே வைத்துக்கொள்ளலாம். பிரகாசங்காரு தலைவராக இருக்கலாம், அல்லது ராஜாஜி தலைவராக இருக்கலாம், அல்லது பழனிசாமி கவுண்டர் அவர்கள் தலைவராக இருக்கலாம். யார் வேண்டுமானாலும் தலைவராக இருக்கலாம். ஆனால் நம்முடைய திராவிட நாட்டிலே, நேருஜியோ, ஸ்ரீராமஜெந்திர பிரசாதோ, ஸ்ரீ பிரகாசாவோ தலைவராக இருக்கக்கூடாது என்று சொல்லிக்கொண்டு, இன்னொரு முக்கிய விஷயத்தையும் எடுத்துச் சொல்ல விரும்புகிறேன்.

“ராஜாஜி அவர்களுக்கு ஒரு வேண்டுகொள் : பல ஆயிரக் கணக்கான மக்கள் சிறைப்படுத்தப்படுகின்றார்கள், சுட்டுக்கொல்லப்படுகின்றார்கள். நாடு பிரிகின்ற இந்த நஷ்ட நேரத்திலே, ராஜாஜி கொண்டுவந்திருக்கின்ற புதுக் கல்வித் திட்டத்தை லாபஸ் வாங்கவேண்டுமென்று நான் கேட்டுக்கொள்கிறேன்.

ఈ అసెంబ్లీ సమావేశంలో జరుగుతున్న చరిత్ర ఆంధ్రచరిత్రలో అగ్రస్థానం వహిస్తుందని నేను మనవిచేస్తున్నాను. ఎన్నోనుండినూ గత 40 సంవత్సరాలనుంచి ఆంధ్రదేశంలో యావత్తుంది ప్రజానీకంకూడా అనేక రీతులుగా ఆంధ్రరాష్ట్రాన్ని సంపాదించడానికి యాత్రాపీఠను (agitation) చేశారు. కాని కొన్ని కారణంతో రాలితే ఎన్ని ప్రయత్నాలు జరిగినా ఆంధ్రరాష్ట్రం ఏర్పాటుకాలేదు. ఒరిస్సావారి వతనే ఆంధ్రులుకూడా రాష్ట్రాన్ని చాలాకాలం క్రితమే సంపాదించకలిగిఉండేవారు. అలా సంపాదించలేకపోయినారంటే మనలో మనకు ఐక్యమత్యం లేకపోవడమే కారణమని చెప్పకతప్పదు. నేటికీ ఈ రోజున ఆంధ్రరాష్ట్రాన్ని సూత్రంగా అవతరింప చేసే బిల్లును ప్రతిపాదించడం చాలా సంతోషకరం. ఈ బిల్లును ప్రవేశపెడుతూ రాజాజీ నిన్నటిదినమున ఆగస్టు 15 వ తేదీన భారతదేశమంతటా దాస్యశృంఖలలు నుంచి బయటపడినప్పుడు ఎలా సంతోషపడేనారో, ఆంధ్రులు అట్టేదరు 1 వ తేదీన అతిథంగా సంతోషిస్తారని నెలవిచ్చారు. వారి దాస్యశృంఖలలనుంచి ఆంధ్రులు వెలువడినట్లు ఎందుకు చెప్పారో ఆశ్చర్యంగావుంది. ఆంధ్రులు అట్టేదరు 1 నుంచి ఎవరి దాస్యశృంఖలలనుండి బయటపడినట్లు? ఎంతదూరంగా అలాచించినా వారు అలా అనడంలో గల అంతర్యం వారిదేటి బుద్ధిమంతులే గ్రహించాలిగాని మావంటివారో అర్థం కాదు. ఈ బిల్లులో అనేక అన్యాయాలు ఉన్నాయని, అస్తే ఆత్మలపంపకం విషయంలో చాలా అన్యాయం జరిగే ప్రభుత్వం ఇందులో ఉన్నాయని అనేకమంది విమ్రతులు చెప్పారు. సుప్రీము కోర్టు న్యాయమూర్తివంటివారి ఆధ్వర్యం ఉండే కమిషనువచ్చి అస్తే ఆత్మల పంపకాన్ని చేయాలనుకొని ఏ ఒక్కవ్యక్తి ఉద్దేశ్యప్రకారం ఇది నిర్ణయించబడడానికి వీలులేదు. అట్లా జరిగినప్పుడే న్యాయసమ్మతమైన పంపకం జరిగే విధివుంది. అట్టేదరు 1 వ తాటిఖనాటికి ఆంధ్రరాష్ట్రం రావాలి అనే ప్రాతిపదికపై బిల్లును సంతోషపూర్వకంగా బలపరచినా, బిల్లులోని క్లాజులను ఆమోదించుటలేదని వానిలో చాలా భాగం విచారకరంగా కన్పిస్తున్నాయని మనవిచేస్తున్నాను. అనేక రీతులుగా దేశాన్ని అధివృద్ధి పరచడానికి రాష్ట్రాన్ని కోరాము. ఈ బిల్లులోని క్లాజులు చూస్తే మేము కన్న కలలు అన్నీ కలలుగానే వుండేట్లు ఉన్నాయి. నా సోదరస్థులు సూచించే సభరణలలో మాత్రమే నేను క్లాజులను ఆమోదిస్తున్నాను. బిల్లు పర్యవసానాన్ని వికగ్రీవంగా సభ్యులందరితోనూ ఆమోదించినప్పటికీ, క్లాజులవిషయంలో సభరణలలోనే ఆమోదిస్తాను.

“అంతేకాని మొత్తం బిల్లును ఆమోదించడానికి నాకెట్టి అవకాశం కనుపించడం లేదు. కాగా ఇదివరకటి చరిత్రనుబట్టిమూచినట్లయితే తమిళులచేనేమి, కన్నాడికులచేనేమి, మళయాళులచేనేమి ఆంధ్రుల సహాయ సామర్యాలను పొందినాని భావపడుతుంది. కాని ఆంధ్రరాష్ట్రం అవతరింపనున్న ఈ తరుణంలో ఆంధ్రులకు ఎంతో అన్యాయం జరుగగలదేమోననే ఆనుమానంగానున్నది. ఉమ్మడి రాష్ట్రము లోని ఇతర భాషలవారు కూడా మాకీ సమయంలో చేసేడు, వాడేడుగా ఉండి ఆంధ్ర రాష్ట్రం సర్వతోముఖాధివృద్ధి పొందుటకు సహకరించవలసిన కోరుతున్నాను. నిన్నటిదినం శ్రీ రాజగోపాలాచార్యులుగారు మాట్లాడుతూ మన గత చరిత్రకంటా నిన్న

రించి, నేపాతలవల వివేదదామని, ఆ దృక్పథంలోనే ఈ బిల్లుపై చర్చ కొనసాగించవలసి మనలందరను ఆశ్చర్యపెట్టారు. అయితే ఒక్క విషయం మనవిచేయవలసి యున్నది. ఈ ఆంధ్ర రాష్ట్రం బిల్లును వర్షించే సమయంలో గత చరిత్రను విస్తరించడం అంత తేలికైనటువంటి పనికాదు. ఈనాడు ఆంధ్రులు స్వరాష్ట్రాన్ని పొందగలుగుతున్నారంటే దానికి దోహదమిచ్చినది అమరీందరి పాట్ల శ్రీరాములుగారు. పాట్ల శ్రీరాములుగారి ఆత్మబలిదానంవల్లనే మనకినాడు ఆంధ్ర రాష్ట్రం సిద్ధిపనున్నది. ఆ మహానుభావుడు చేసిన మహాత్మ్యప్రయత్నాలను త్యాగపలమే ఆంధ్ర రాష్ట్రం సిద్ధి అని మనమందరం మరిచిపోరాదు. ఈనాడు ఆంధ్ర రాష్ట్రం వస్తోంది అంటే దానికి వి నాయకులు చేసిన కృషి మాత్రం కాదని మనవిచేస్తున్నాను. అమరీందరి పాట్ల శ్రీరాములుగారి ఆత్మబలిదానంవల్ల, ఆ త్యాగదానని ఆకుంతిత దీక్షవల్ల, ఆంధ్ర ప్రజానీకంయొక్క ఉద్యమంవల్ల మాత్రమేనని మరల తెలియచేస్తున్నాను.

“ఇక అస్తే ఆత్మల విషయం గమనించండి. ఈ బిల్లులోని 7 వ షెడ్యూలులో శాసనబడిన అస్తే, ఆత్మల పంపిణీ విషయంలో ఆంధ్రులకు ఎంతో అన్యాయం జరుగవచ్చుననే అనుమానం ఆంధ్ర ప్రజానీకానికి ఉన్నది. ఈ అస్తే, ఆత్మల పంపకం సందర్భంలో న్యాయమే విధానాన్ని అనుసరించడం ఈ ప్రభుత్వంవారి ధర్మమే ఉంది. ఒక రాష్ట్రం నుంచి కొంతభాగం విడిపోయి వేరొక రాష్ట్రంగా ఏర్పడుతున్న సందర్భంలో ఏ రాష్ట్రమునకుకూడా నిష్ఠము కలుగకుండా చూడవలసియున్నది. అందుకు గాను ఒక నిష్పాతీక సంఘాన్ని నియమించి, ఆ సంఘంవారి నిర్ణయాన్ని తుదినిర్ణయంగా అంగీకరించినట్లయితే చాలా ఉత్తమంగా ఉంటుందని మనవిచేస్తున్నాను. కాబట్టి అస్తే ఆత్మల పంపిణీగాను ఒక నిష్పాతీక సంఘాన్ని నియమించుటకు ఈ బిల్లులో అవకాశం కలుగజేయవలసినదిగా కోరుతున్నాను. ఈ అభిప్రాయాన్ని ఈ సభ వారందరూ వికగ్రీవంగా తీర్మాన ప్రభుత్వంవారికి సిఫార్సు చేయవలసినదని మనవిచేస్తున్నాను. ఇదేరీతిగా బ్యాంకులలోని మొత్తాల, స్టాక్స్, అదాయం, భద్రులు జనాభా ప్రాతిపదికమీద విభజన చేయవలసిన కోరుతున్నాను. అదేవిధంగా రోడ్ ఫండ్ మొదలైనవాటిని గురించినా చేయవలసివుంది.

“ఇక ఆంధ్ర రాష్ట్రం సరిహద్దుల విషయం గమనించండి. ఈ సరిహద్దుల విషయంలో ఒకటిగాని అంతకుమించిగాని సరిహద్దు నిర్ణాయక సంఘం నియమించబడి అన్ని విషయములను తులంకంకగా విచారించి, ఏ భాషా ప్రాంతంవారికినీ అన్యాయం జరుగని విధంగా సరిహద్దులను నిర్ణయించవలసివుంది. ఈనాడు కొందరు గౌరవ సభ్యులు బిల్లు విషయంలో న్యాయమూర్తి మిత్రాగారిచ్చిన తీర్పు తుది నిర్ణయమని వాదిస్తున్నారు. అది ఎన్నటికీ సరికాదు. ఎవరో ఒక వ్యక్తి తేల్చిన తీర్పునే తుది నిర్ణయంగా భావించడం చాలా విచారకరమైన విషయం. సాధారణంగా ఒక గృహమని అన్ని కుంభకమో లేక తనదాయా వచ్చినప్పుడు మొదట సింగిల్ బెంచ్, రెయిజ్ డివిజన్ బెంచి తీర్పుకు అవకాశం ఇస్తూ, యింకా అవసరమైతే ఫిక్ బెంచ్ అవకాశము ఇస్తారు. అటువంటి సందర్భంలో ఒక రాష్ట్రానికి మరొక రాష్ట్రానికి సరిహద్దుల నిర్ణయించడంలో ఒక్క మిత్రాగారి తీర్పునే ప్రాథమికంగా చేసి ఆంధ్రులకు అన్యాయం చేయడం చాలా విచారకరం. కావున ఇందును గురించి సుప్రీమ్ కోర్టుగాని, లేదా దాని ఆధ్వర్యం వీర్యులుచేయబడే ఒక సరిహద్దు నిర్ణాయక సంఘంవారాగాని న్యాయం జరిపించవలసిన కోరుతున్నాను. అంతే కాకుండా ముఖ్యమంత్రి శ్రీ వైకృంతేశ్వర స్వామియ్యగారి భావప్రకటనకంటే వాటిని ముఖ్యమంత్రి శ్రీ ఆంధ్రులకు ఇదివరకంటే ఇకముందుకూడా ఉపయోగపడతాయి. ఈ బిల్లులో అవకాశములను తీరించవలసిన కోరుతున్నాను.

న్యాయము జరిగియు చూడవలెనని కోరుచూ, శ్రీ రాజగోపాలాచారిగారు మనకు సుస్థిరమైన ఆంధ్రరాష్ట్రమును నెలకొల్పేందుకు తోడ్పడతారని వారిని ప్రార్థిస్తున్నాను. తదుపరి, ఈ ఉన్నత కమిటీ విషయంలో ఆంధ్రరాష్ట్రంలో ఆంధ్రులే పరిపాలన చేసుకోవాలని, అరవ దేశంలో అరవలే పరిపాలన చేసుకోవాలని కొంతమంది సభ్యులు చెప్పుతున్నారు. కాని మనం ఎన్నో సంవత్సరాలనుంచిగాడా ఈ రాష్ట్రంలో అరవ, ఆంధ్ర విభేదం లేకుండా ఇంతవరకు కలిసి పనిచేసుకొంటున్నాము. అవిధంగా ఉండగా, ఇప్పుడు, కొత్తగా ఆంధ్రరాష్ట్రం ఏర్పడబోయే సమయంలో అరవ ఆంధ్ర అనే విభేదాలు తెట్టుకొని విడిపోవడమనేది విమూలం సమంజసంకాదని నేను శాసన సభ్యులందరికి మనవి చేస్తున్నాను. దానికి కొన్ని నిదర్శనాలు చెప్పుతున్నాను. శ్రీ కాకుళం జిల్లాలో శ్రీ భగవాన్ దాస్ అనే అరవ సోదరులు జిల్లా కలెక్టరుగా ఉండినారు. అదేవిధంగా వార్షికోత్సవంలో రివిన్యూ కమిషన్ ఆఫీసరు శ్రీ రామమంగారు యున్నారు. అరవ సోదరుడు గూడ జిల్లా కలెక్టరుగా ఉన్నారు. వారి వద్దకు వీ కులీవాడు గాని మాలవాడుగాని వచ్చినప్పటికీ, రానికి కుర్చీ ఇచ్చి కూర్చోమని వారి కట్ట సుఖాలను గురించి విచారించి వారికి తగిన సహాయంచేసి కంటిస్తున్నారు. తరువాత వారి క్రింద ఉన్న పి. ఎ. గారు ఆంధ్రుడు. వారు కూడా ఒక కులీవాడు మొదలుకొని, శాసన సభ్యులవరకు అందరినీ ఒకేవిధంగా చూస్తున్నారు. ఇదంతా మన విద్యతనే సూచిస్తున్నది. కనుక ఇప్పుడు మనం అటువంటి విభేదాలను పాటించమని సమంజసం కాదు. తెలుగు తెలిసినటువంటి అరవవారు తెలుగు దేశంలో ఉండవచ్చు. అరవం తెలిసినటువంటి తెలుగువారు అరవ దేశంలో ఉండవచ్చు. మన ఆంధ్రరాష్ట్రం కొంత సుస్థిరంగా ఏర్పడేవరకు మనకు ఇతరుల సహాయం, సహకారం అవసరమైయుంటుంది. కనుక ఇటువంటి విభేదాలు ఎంతకుండా ప్రతి శాసనసభ్యుడును, ప్రజలందరూను, ప్రతి గ్రామవాసినికూడా అంతా విద్యభావంతో కలిసి ఈ ఆంధ్రరాష్ట్రాన్ని సుస్థిరంగా నెలకొల్పేందుకు ఆంధ్ర ప్రభుత్వానికి తగిన సహాయం చేస్తారని ఈ శాసన సభద్వారా ప్రజలందరినీ, మరియు సోదర శాసన సభ్యులందరినీ మనవి చేస్తున్నాను.

SRI C. PULLA REDDI:—“Mr. Deputy Speaker, Sir, in welcoming this Bill which is a happy sign of the inauguration of the Andhra State for which we have been fighting all these years, I want to point out certain defects in the Bill, which go against the interests of Andhras. Certain hon. Members from the Kannada area and Tamil Nad have said that the Andhra State is taking away certain parts which belong naturally to their areas. I only want to say, in this connection, that we, Andhras, are as much interested as they themselves in the proper fixation of the boundaries. Previously we accepted the proposal to form the Andhra State with the eleven Telugu districts and three taluks of Bellary only in order to expedite the formation of our State. Now, it may be that certain Tamil villages have gone into the Andhra State and *vice versa*. But these questions have to be settled peacefully and amicably with the help of a boundary commission in the light of facts and figures. That is why the Andhras are more interested than, or at least as much interested, as the others in the immediate formation of a boundary commission. Sir, the boundary between the Mysore State and the new Andhra State has also to be settled. Just as some of the hon. Members from the Kannada area have been saying that some of their parts have gone into the Andhra State so also certain Telugu parts like the Kolar Gold Field area and the borders of Bellary district have been included in the Mysore State. Moreover, Rupanagudi, Moka and Bellary firkas have been included in the Mysore State. Now, an award has been given by Mr. Justice Misra with regard to Bellary district, but he has not been in the full know of things. Therefore, this award has given rise to a controversy between the two peoples. If there is any bilingual area the division of which has to be decided by means of a plebiscite, it is the area comprising these firkas. Therefore, we have to recommend to the Government of India the appointment immediately of a boundary commission or commissions to settle the boundaries between the Andhra State and the Mysore State on the one hand and between the Andhra State and the Madras State on the other.

“Then the question of location of the new High Court has been left to be decided by the Chief Justice and the Governor of

15th July 1953]

[Sri C. Pulla Reddi]

the new State. The choice of the location of the capital of the Andhra State was left to the Andhra legislators. But the question of locating the High Court has been taken away from the power of the Andhra Assembly and left in the hands of the Chief Justice. When this question was discussed in the meeting of the Andhra legislators, some of our Andhra leaders, especially the hon. Member T. Viswanatham, assured us that the question of location of the High Court and other offices would be left to the Andhra Assembly. At that time, we pointed out that certain pacts had been made between the Congress and their satellites for a most unreasonable distribution of offices in the Andhra State. Now, that the question has been left in the hands of the Chief Justice, my suspicion is whether it has been so done in order to help the Congress and others who have made secret pacts among themselves. I want to point out that the new Andhra Assembly alone should have the power to decide such issues. The provisions of the Bill should be modified accordingly.

“Coming to the division of assets and liabilities, I now want to refer to certain general points which are agitating our minds. We all know why the Andhras have been fighting for the formation of the Andhra State. It has been a longstanding grievance that the Andhras have not been given their due share in the development of society, economically and otherwise. In the matter of development of industries and electricity and the establishment of technical and educational institutions, it has been a longstanding grievance that the Andhra area did not receive due and proper attention at the hands of the composite Government, when compared with Tamil Nad. That was the reason behind the struggle for the formation of the Andhra State. Now that we are going to have the Andhra State and that we are going to separate from the composite State, our suspicion is whether the same old treatment is meted out to the Andhra State or whether the Hon. Chief Minister is coming forward to do justice to the Andhras. When I look at the Bill from this angle, things are not very clear. The one question that strikes anyone reading the Bill is, on what basis the division of assets and liabilities has been made in this Bill. There have been various Committees and memoranda with reference to the division of assets and liabilities between the two States. There are the 1949 Partition Committee Report, the memorandum of the Madras Government to Mr. Justice Wanchoo, and the Wanchoo Report. I want to know from the Hon. the Chief Minister whether the division of assets and liabilities envisaged in this Bill is based on the Partition Committee Report or on the Wanchoo Report or on the suggestions of Sri Rajagopalachari and the Madras Government. If it is based on the suggestions of the Madras Government, what are they? After going through the provisions of the Bill, the only conclusion I have to arrive at is that each item of asset has been divided according to a different principle which goes against the interests of the Andhra State. For instance, with regard to the Central Road Fund, the proposal is that it should be divided on the basis of population. No doubt, it is a very good and democratic principle. But the same principle

[Sri C. Pulla Reddi]

[15th July 1953]

has not been adopted with regard to other items of assets. When we take up the question of dividing the stores, the proposal is that they must go to the area in which they exist.

5-30 P.m. "The harm done to Andhras cannot be fully explained with these facts. As far as my information goes, the amount in the Central Road Fund is about Rs. 2,000. I do not know if that is the correct figure. If there is a bigger amount, I will be glad and I wish it was a bigger figure. Now the Central Government have come forward to divide this Rs. 2,000 on the basis of population. With regard to the division of the stores, the proposal of the Government is different. I have no information as to what we are going to get under these heads. We also do not know details about the stores, where they are situated and so on. Unless we know full details with regard to these matters, we will not be able to know whether justice has been done to us and whether there has been proper sharing of assets and liabilities. I understand that the majority of the stores and the majority of articles are lying in areas other than Andhra and that the new Andhra State is not going to get its proper share as a result of the division of the stores.

"Then I will pass on to the division of the Government Press. We are going to form a new State with a clean slate, without any major or minor industries and without much capital also. The proposal with regard to the division of the Government Press is understood to be this. It is said that the machines cannot be divided and so only the book value has to be taken into account. This proposal will appear to be absurd even to a raw man and a man in the street. It would have been proper and just if the Madras and Central Governments had come forward with proposals to establish a new Press for the Andhra State. They should have adopted a more just course. It is not right for the Central Government to say that the book value must be taken into account. They should have come forward to give us at least that amount which will be necessary for the establishment of a Press. Instead of doing that, if they say that the book value has to be taken into account they will be doing us grave injustice as naturally the book value will be very low indeed. Similarly, there is a proposal . . ."

MR. DEPUTY SPEAKER :—"The hon. Member Sri Virupakshayya will now speak."

* SRI S. C. VIRUPAKSHIAH :—"Mr. Deputy Speaker, I rise to support the motion before the House. I welcome the motion. The Bill as it stands is intended to carve out the undisputed Telugu areas from the State of Madras. Andhras have striven very hard to achieve their State and I congratulate them on their success in achieving their goal. They now have the fruits of their efforts and the present Bill itself is a result of their efforts. I welcome this Bill on another account also. In this Bill, the principle of redistribution of the State on linguistic basis is admitted to a certain extent, though curtailed by many limitations. The Congress has accepted

15th July 1953]

[S. C. Virupakshiah]

the principle of redistribution of the country on a linguistic basis a long time ago. But after the attainment of Independent, so many limitations and hesitations were witnessed, and as a result of these, progress in this direction has been retarded to a very great extent. Though the principle has been conceded, eminent people have expressed various doubts. Some of them are genuine and many of them are not. I think many of them are illusory. Since the present formation of the State has come about out of historical and political accidents, redistribution of States is quite essential. Especially in a democratic country, it is but essential for the common man to know and understand the proceedings of the Legislature and the steps taken by the Government to meet the various problems. If this is to be possible, proceedings in the Legislature must be conducted in the regional language. This could take place only if there was redistribution of States on linguistic basis. This principle has been conceded to a certain extent in this Bill.

"As I first referred to, there is another reason for my welcoming this Bill. The Kannadigas are now divided and are found scattered over various States. I think they are now found in about five States. The Dhar Committee and other Committees had realized this fact and had come to the conclusion that the unification of Karnataka was more essential than the unification of any other linguistic part of the country. The merger of a few taluks of the Bellary district in Mysore at the present moment forms the nucleus for a Samyuktha Karnataka in future. Sooner or later it has to come. It is on this account also I welcome this Bill. The Central Government could have thought that this was an opportune moment for bringing all Kannada-speaking areas in the various States together, like merging the areas that lie contiguous to the State of Mysore. But somehow or other they have taken a very cautious step. They have deferred the consideration of this question by a High Power Committee which they have promised to set up on an All-India basis. I hope the Central Government will take early steps to establish this High Power Committee to decide these controversial questions. Otherwise, the people will get discontented and unrest would prevail in the country. It is but fair that the question of redistribution of States is taken up as early as possible.

"A lot has been said in the course of the discussion about the Bellary district. It has proved to be the bone of contention. It is true that there must be an end to such controversial matters. When Justice Misra had come, enquired into the matter and given his Award, the matter should not be reopened. There should be an end of all controversy over this matter so that a state of friendliness and neighbourliness might prevail. The remaining Kannada-speaking areas in the residuary State should also be merged in Mysore as early as possible. As a case in point, I can easily cite my own constituency of Kollegal, which is surrounded by the State of Mysore. Socially, commercially and otherwise, it has more affinity with Mysore than with the Madras State. This place is about 112 miles from the District Headquarters. Further this place is not easily accessible from the headquarters at Coimbatore. At times, one

[Sri S. C. Virupakshiah] [15th July 1953]

would feel that he is in a foreign place. When we consider these things, we can easily appreciate the difficulties of the district officials in administering this taluk. Such places must be merged in Mysore, as they are adjacent to Mysore. If one happens to travel in those parts, he will easily appreciate that these parts are only a chip of the old block of Mysore. That being the case, it is but fair that all such enclaves are merged in the State of Mysore as early as possible. On this question, there is no divided opinion. So let us recommend to the Central Government that such enclaves may be merged in the State of Mysore as early as possible. Otherwise, the cry for help from the poor people in the interior places will not be heard effectively by the authorities. At present I do not blame the authorities on this account for negligence of their duties. Because, I know it very well that it is physically impossible for them to devote time and attention to the problems of this taluk which has been backward for a very long time.

5-40
p.m.

"If you happen to travel from Coimbatore to this town, you will find the correctness of what I have said.

"I wish to add another fact here. The Kannadigas have already been reduced in number by the exit of 1.25 per cent of their population from the residuary State. There will be a further reduction now in their number. Though I am sure my Tamil friends will give due consideration to the claims of the Kannadigas in the residuary State, I think it is but fair that the aspirations of the Kannadigas to join Mysore are respected as expeditiously as possible.

"Sir, I find in this Bill a great lacuna. There is no indication anywhere about the immediate formation of boundary commissions. It would have been better if we had had such a provision in the Bill itself so that the question of border areas be decided and such areas be merged in the three neighbouring States of Madras, Mysore and Andhra as is found reasonable and just. Once the linguistic redistribution of the States takes place, then all these controversies will disappear. In this Bill, a statutory time limit ought to have been set for the formation of boundary commissions so that all controversial matters may be set at rest as early as possible for a free and good administration of all the three States which have been friendly and neighbourly all these years. That will ensure the prosperity of India as a whole and I wish my Andhra friends good luck and God-speed in all their efforts. Thank you very much."

* SRI S. DEIVASIGAMANY :—Mr. Deputy Speaker, Sir, the formation of the Andhra State has become a certainty and we are to part within a few months. At the time of parting, I would submit, we should part as friends. Our friendly relationship dates as far back as the reign of the Pallavas and the Vizianagaram dynasty and we have been mutually imbibing all the good customs, traditions and laws of old of each other. During the troublous days of the British Raj, we joined hands with each other and helped the cause of freedom with the result that we are now enjoying freedom. But now, when the Andhra State is going to be formed, there are certain difficulties which face us. People have been making accusations

[15th July 1953] [Sri S. Deivasigamany]

on either side. Some of the Tamils are saying that the Andhras want too much, and that they unjustly want a few of the Tamil taluks. The Andhras also say likewise about the Tamils. There may be much cause for bitterness. But this is an occasion when we should forget all things and should decide to settle all our differences in an amicable and friendly manner. With regard to certain taluks in Chittoor district, Sir, the cause of the Tamils in my opinion is just and right because I know personally that there are more Tamilians in those taluks than Andhras. I am sure that any boundary commission or commissions that may be set up to go into the question of boundaries will examine the question more fully and will give an independent and impartial decision. In this connexion, I may point out that the Tamil language and the Telugu language are the same in that both are Dravidian languages and represent the Dravidian culture. I have read and am told that Telugu is of an independent origin and has not had its roots in Sanskrit. So also is the Tamil language. From geographical contiguity also, we can find that Andhras and Tamils have been very good allies. Sir, when we part, there may be occasions for both the States to fight with the Centre for getting back certain powers which were originally ours. In such a case, the Andhras may depend upon the Tamils for their sympathy and support. The ideal of any State should be the establishment of a true democracy. When I say true democracy, I mean that we should have autonomous powers. The governance of a country should be in the hands of the people but we find, as matters stand and as the present law stands, that the deciding voice and the power to direct things in many matters emanates from Delhi. I think in course of time we should put up a strong fight with the Centre to get back our original rights and powers. As I have said, in the matter of establishment of autonomous States there may be many hardships and many difficulties. In this matter, one State cannot stand by itself. It must have alliances with other States. Naturally, the Tamils will be friends of Andhras in this respect. They must form a free and voluntary partnership in all such matters with the residuary State and they must work hand in hand.

"With regard to financial questions, I am sure they will be decided by a committee or committees to the mutual benefit of both the States. There is, however, one thing which struck me when I read the report of Mr. Wanehoo. In the report, it was suggested that in the Andhra State Prohibition should be scrapped for the sake of more revenue. I think the Andhras will bear the suggestion in mind and scrap Prohibition. I say this because I know that in the Madras State, Prohibition has not been a success and we have been losing a lot of revenue on account of this. If there is no Prohibition in the Andhra State, they will have more money."

"With regard to the capital, Sir, I do not want to enter into a controversial subject. It is my belief that the proper place for locating the capital would be Visakhapatnam because from time immemorial from the time of the Vizianagaram dynasty—that place has been having a direct influence upon us and had been the seat of a great and ancient culture. It has also got a natural harbour there."

[Sri S. Deivasigamany] [15th July 1953]

I do not know why they have selected Kurnool. Probably they have certain reasons for selecting Kurnool. I understand it is only to be a temporary Capital. This is only a suggestion I put forward. It is open to them to take it or leave it.

"Sir, on the eve of the formation of the Andhra State I wish them all luck and success. I hope they will attain complete autonomy for their State in the near future."

VII.—HALF-HOUR DEBATE ON TAKING OVER OF THE MADRAS ELECTRIC TRAMWAYS.

MR. SPEAKER :—“ Let us now take up the half-hour debate. 6 p.m. Two hon. Members want to take part in the debate. Hon. Ministers, Sri Sankara Reddi and Dr. Krishna Rao will reply to the debate. I have allowed ten minutes for the hon. the Leader of the Opposition, five minutes for Sri Kalyanasundaram, ten minutes for the Hon. Minister Dr. U. Krishna Rao and five minutes for Hon. Sri N. Sankara Reddi.”

[15th July 1953]

SRI K. T. KOSALRAM :—" Hon. Members from this side may also be allowed to take part in the debate."

MR. SPEAKER :—" This debate is only for half an hour. How can I divide the time among a large number of hon. Members."

SRI P. RAMAMURTHI :—" Mr. Speaker, Sir, before I take up the subject of the debate, it pains me very much to bring to the notice of this House that just now we have heard that there has been a shooting in Tuticorin to-day in which three people were killed and possibly many more people are lying in the hospital. (Interruption.) I am not discussing the question but I am only referring to the fact that there was shooting there. I propose to give notice of an adjournment motion to-morrow and I am now just mentioning this fact in order that the Hon. Leader of the House may have sufficient notice and gather the material, so that later on it may not be said that this has been brought before the Government suddenly and that there are no materials before them. I do not want that such a defence should be put up."

THE HON. SRI C. SUBRAMANIAM :—" Still we have to get information."

SRI P. RAMAMURTHI :—" Sir, there is time enough between now and to-morrow morning to get the materials from the Officers. In fact to-day the Government possess tremendous resources. They have conveniences to obtain information, they have got telephones and trunk telephones operating to-day. Therefore it should be possible for them to get the necessary materials."

" Now, Sir, I come to the question of the tramways. I must say the Government have entirely bungled over the whole affair. I would even go to the extent of saying that their bungling amounts to criminality because here is a case where the interests of nearly millions of people of the Madras City are involved. The tramways have always provided a cheap method of conveyance, far cheaper than the bus services. In a service like that where the company has been operating under a monopoly licence, a licence which is not open to other people, that monopoly concern has a certain responsibility to discharge towards the public of Madras City. The company when it gets a monopoly control has added responsibility as far as the public is concerned. But here is a monopoly company which suddenly came out with a decision to close the service and put the millions of people of Madras City into terrific hardship. What is that the Government has been doing in this respect? Has the Government discharged their responsibility towards the public? If the textile workers go on a strike, the Government have been coming out in season and out of season with the excuse that they are public utility services and therefore the workers shall not go on strike and stop production. Production is more important, they said. If in these public utility services the workers go on strike, they shoot the workers down, they lathi charge them and arrest them. All these things are common things

15th July 1953] [Sri P. Ramamurthi]

as far as common people are concerned. But here is a management, a British management. We are told that after 15th August 1947 the British Government has quitted the country. But it appears as far as the management are concerned the management still continue to think that they are the rulers of the country and not the elected representatives and the Government created by the elected representatives of the country.

" The position in regard to this matter is this. On the 12th November 1952 the management wrote to the Hon. Minister for Labour and Industries that they wanted immediately to retrench some people and put forward certain proposals. On the 19th December 1952—I may be wrong with regard to dates—that management addressed a letter to the Hon. Chief Minister saying that unless the Government helped them to retrench a number of people, they would be compelled to immediately close down the show. Therefore, the Government had had clear four months' notice of the intentions of the management as early as 19th December 1952. The Hon. the Chief Minister had a letter from the management in which it had threatened that the tramway service would be closed down unless it was enabled to retrench people. Later on the Government referred the matter to the Industrial Tribunal which is constituted under the law of the land, under the law enacted by the elected representatives of the people of this country. Even before that Tribunal went into the whole question whether the demand of the management to retrench a certain number of workers under the circumstances, was justified and gave its award, this management in order to see that the Industrial Tribunal's award is nullified and in order to circumvent the law of the land, comes forward suddenly with the decision to close down. They took to all sorts of subterfuges. The people of this State are already conversant with the various subterfuges adopted by the management, how Mr. Brookes suddenly became a Receiver of the Debenture Holders from a Director of the Company. All these things we know. Therefore here is a company which thinks that the laws of the country are nothing, that the sovereignty of the people is nothing, that the advice of the Government of the country is nothing, that the advice of the Hon. the Chief Minister is nothing. As far as they are concerned they will have their own way. They are determined to retrench the workers and if the Government did not allow them to retrench the workers, to close down the factory. Sir, I am not here bothered about the inconvenience and hardship caused to the millions of the people in the City of Madras. I am concerned with the attitude of the management. What is the attitude adopted by the Government now towards the management? They have the Preventive Detention Act. We would be detained, hundreds of people in the State may be detained under that Act. On what grounds? If the Government or somebody in authority suspects that some one is about to act in a manner prejudicial to public service he can be detained. All these are there. And here is a management which not only has got the intention to stop public services, but actually stopped the

[Sri P. Ramamurthi] [15th July 1953]

public services. What is the action that the Government takes in this case? A simple prosecution under the Industrial Disputes Act. For this the gentleman is fined a magnificent sum of Rs. 500. Here is a man who flouts the entire law of the country, does not care for the inconvenience caused to the millions of people in the City of Madras, and that man is punished with a fine of Rs. 500. This is justice! Whereas if an ordinary worker disobeys the law, he is sent to jail. Even under the same Act he can be sent to jail. I can quote hundreds of instances. If workers disobeyed the law they are arrested. Bail is not granted to them. But in the case of the white British Manager, because he is white how could he be arrested, how could he be hurt? He should not be arrested. I ask why not the Government serve warrant on him and arrest him and send him to jail? This unfortunately is the position. What prevented the Government from having recourse to more drastic steps?

"Let us leave that alone. What we are most concerned with is the question: 'What steps have the Government taken in order to see that the Tram services is run?' Let us leave alone the question of the hardship caused to the two thousand workers. Let us leave the question of unemployment alone. Let us argue from the point of view of the inconvenience caused to the millions of people in the City of Madras. Of course, the Government have provided additional bus service. But we all know the congestion in the bus service. A number of buses are breaking down due to overcrowding. Government cannot cope with the overcrowding in buses. As a result thousands and thousands of people are suffering in the City of Madras for want of a cheap mode of conveyance. The Government cannot make conveyance by bus cheap. That being so, I ask what prevented the Government from taking over the management of the Tramway Company and running it themselves? They owe it as a responsibility to the public of Madras City. It is a most elementary duty of the Government to see to it that the residents of the metropolitan City of the State are provided with elementary conveniences necessary for carrying on their day-to-day activities. What is it that prevented the Government from taking over the management of the company? We need not get into the question of compensation to be paid to the company and all that, now. After all the Central Parliament very recently enacted a legislation known as the Industries Control Act. We know that it provides for the taking over of industries even without going into the question of compensation where the industry concerned threatened to close down. Here is a public utility concern of immense importance which has suddenly stopped functioning. In this case what prevented the Government from having recourse to some provision of the law or issuing an ordinance even? There is nothing preventing the Government from doing it. After doing that, if they had come before the legislature they would have had the sanction of the House for taking over the company, and enact necessary laws, for keeping the trams running. The excuse of the Government is that the Tramway Company may not probably pay. I would like to point out that the Tramway Company is paying in Bombay, in Calcutta,

15th July 1953] [Sri P. Ramamurthi]

where the fares are far less than in Madras, where they have been declaring dividends after dividends year after year and where the wages paid to the workers are far higher than here, where the dearness allowance paid is also far higher than in Madras. They are flourishing there. It is not at all a fact that the Company here has been running at a loss.

"There is mismanagement by the Company and why should the workers and the people of Madras suffer on that account? If the Government really want to go into the whole question, let them appoint a committee, not a committee of officials. Let us have representatives also from the Trade Unions on the committee. Let the Trade Unions be given responsibility. To say that the Trade Unions have not taken up responsibility without actually giving them any responsibility does not mean anything. Let them be given responsibility of seeing to it that there are no losses and economies are effected. If responsibility is given, the Trade Unions will then come forward to take over that. Today, it is possible to run the Tramway without loss. It is the duty of the Government to take over and run the Tramway service and thus provide a cheap mode of conveyance for the people of the City of Madras."

* THE HON. DR. U. KRISHNA RAO :—“ Mr. Speaker, Sir, I am thankful to you for having given me an opportunity to explain the difficulties under which we have been working for the last few days. Mr. Ramamurthi has given us categorically and perhaps correctly the history of the genesis and development of the differences between the Tramway Company and its workers. It is true that in November last the Company raised the question of retrenchment of some of its workers on the ground that it was working at a loss of nearly Rs. 30,000 a month, and that unless retrenchment was effected, the Tramway Company could not work for long. The matter had to be decided. Of course, the only solution the Government had then was to refer it to the Industrial Tribunal to whom was left the question of solving whether retrenchment was necessary, whether the Company was working at a loss and if it was working at a loss, whether retrenchment of people who had attained their 55th year and those who had put in 30 years' of service, was justified. While this was being investigated the Tramway Company put in a further petition before the Industrial Tribunal asking for the retrenchment of 300 workers and the Tribunal sanctioned the retrenchment of 130 people. It is true that while this industrial dispute was pending, while the award was in force, the company closed down the company and told the Government that it was incurring loss and could not work. The only solution left to us was to await the decision of the Tribunal before whom there was a requisition for retrenchment of the people. While this was being done, the company closed down. That was an offence under section 33, and a violation of the law. According to the law the maximum punishment that could be inflicted is imprisonment for one month and a fine of a thousand rupees. But the magistrate, whose decision we cannot question either here or elsewhere, thought it fit to punish him with a fine of Rs. 500. I can only tell Mr. Ramamurthi that Government were not afraid in prosecuting a white man; nor is it that they wanted to help a white man. It was just to prove to the world that we did not make such a difference, we prosecuted him and the end was justified and we tried to see whether he was justified in closing the company. Unfortunately, the decision of the Tribunal has been against the workers. The Tribunal decided that the Company was closed down due to loss. Therefore, it cannot be called a lock-out. Anyway I am not here to speak on that and Mr. Ramamurthi is not questioning that, I suppose. The concerned workers will file an appeal; I am told they are filing an appeal with the Appellate Tribunal against the award of the Industrial Tribunal. But as he says, it will take time.

“ What exactly are we going to do, I must say on this occasion. Mr. Ramamurthi painted a very gloomy picture of the queues and spoke about the inadequacy of the Government Bus Transport. I can straightaway tell him that I have personally visited these

15th July 1953] [Dr. U. Krishna Rao]

queues more than once and am going round the City practically every day and I can assure him that the queues are not as long as they are reported to be. I have myself stood in the queue and found that the longest queue was at Luz. I was able to get into the bus within 15 minutes. I can only say that the general public opinion is that the Government have tackled this very difficult situation fairly creditably and they are also happy that the rickety trams have not been seen for more than three months. Statistics have shown that there have been far fewer accidents these three months in the history of the Madras City. I can straightway say that I differ very much from Mr. Ramamurthi. If a vote is taken today in the City of Madras, I won't be surprised if the votes are in favour of non-continuance of the trams and for the continuance of the buses. I am fairly certain that I will win on that issue.

“ I tried my best and am still hopeful of an amicable settlement of the dispute. There is no doubt that the tram is a cheap method of travel, in the sense that 22 to 25 thousand people, I understand, were buying season tickets at Rs. 3-8-0, Rs. 5 and Rs. 7. We are also issuing season tickets, but they are costly. I do not deny it. The second fact is that more than 1,600 workers will be out of employment. It is true that the Government may be able to absorb 150 or 200 of them in their transport and absorb the rest of them, or at least a fraction of them, in other institutions. But I must say that more than a thousand people will be out of work. That is the only reason for Government trying their very best to negotiate an amicable settlement.

“ Now Mr. Ramamurthi suggested that we should take over the Tramway and we should run it. I can straightaway tell him that in 1951 there was a committee appointed by the previous Government consisting of the Chief Engineer of Electricity, the Transport Commissioner and the Transport Engineer, Bombay Electrical and Tramway Company. They made investigation into the conditions of the Madras Tramway and they came to the conclusion that even if it was given free it would not be advisable for this Government to take them over. When I was in the Corporation in 1948, attempts were made to take over this Tramway. But our Engineers gave us a report which was not very favourable. I can tell Mr. Ramamurthi that if to-day we are to take over the Tramway in its present conditions, we will have to pay Rs. 50 lakhs as the cost of the tramway and we will have to spend more than Rs. 8 lakhs to start them and we will have to spend Rs. 20 or 30 lakhs further renovating the outmoded trams and repairing the rickety. I am sure that the expenses that this Government will have to incur will be in the neighbourhood of Rs. 30-40 lakhs. We should see whether it is worthwhile spending so much money on a transport which all over the world is considered outmoded. In London, trams are going away. My friend said that in Bombay they are making a profit. I was in Bombay recently and I know it is not making a profit. In Bombay the B.E.S.T. is successfully tackling because the Tramway Electricity

[Dr. U. Krishna Rao] [15th July 1953]

and Bus systems are run together by one organization and what that company loses in tramways, it gains in electricity. In Calcutta, we know the agitation going on now. The Tramways asked for more fare, they have doubled the fare of second-class. The public protested against this. If Calcutta Tramways which are supposed to be the best in the Far-East and the most efficient should run at a loss . . . ”

SRI P. RAMAMURTHI :—“ Sir, I would like to inform the Hon. Minister that the Tramway Company in Calcutta has never made a statement that they are running at a loss. I would refer to the statement of the Chief Minister of Bengal wherein he had stated that a quarter anna increase is necessary for building up a fund for buying over the company 20 years after in 1976. This is a specific statement. The Tramway Company has never come forward to say that there was loss in Calcutta.”

6-20 p.m. *THE HON. DR. U. KRISHNA RAO :—“ As I said, even in Calcutta when there was a suggestion to increase the fares, there had been a lot of agitation and protests. But the fact remains that the company there had a desire to increase the fares. Similarly we too may have some difficulties. Now the question is whether this Government can at this stage afford to spend about Rs. 40.0 lakhs on the Tramways. I cannot speak with authority, but I am fairly certain that my colleague the Finance Minister will not be able to spare that amount and we do not know whether we will be justified in spending such a large amount. I can only say this much that negotiations are now being carried on between the Corporation and the Tramways and we will have to await the result of these negotiations. I understand the Mayor has appointed a seven-man committee to go into the question and we can only hope that the negotiations will succeed. But if they do not, I can assure Mr. Ramamurthi that the interests of the cheap travelling public and interest of the 1,600 workers are uppermost in the minds of Government and we will do our best to see that they are not let down. At the same time I must say that financial considerations must weigh in these difficult days and we cannot fritter away Rs. 40.0 lakhs to go to the rescue of a concern which on all hands has been accepted as a losing concern. I can also tell Mr. Ramamurthi that the books of the company were produced before the labour leaders Mr. Mohan Kumaramangalam and Mr. Venkataraman and they were convinced that the company was a losing concern and they also agreed that retrenchment was absolutely necessary. But the difference was as to what exactly the number of workers that should be retrenched. Somebody was mentioning that it was 305 and somebody was mentioning that it was 514. But the fact remains that even the labour leaders had to agree that the present condition is not satisfactory and that the company cannot run without some retrenchment. If the labour leaders themselves will agree to that, I must say that nobody should suspect the correctness of the statement. I can only say that so far as we are concerned it is a financial responsibility.

15th July 1953] [Dr. U. Krishna Rao]

But I wish to say that we shall do our best to solve the problem as beneficially to the workers and to the citizens of Madras as possible. I am afraid Mr. Ramamurthi's suggestion that we should take over the company at all risks and without paying any compensation and without involving ourselves in any liability is a matter which may not be possible under the existing laws unless we create a new set of laws which will sanction such drastic measures. As I said, under the existing laws I do not think we have the power to do what Mr. Ramamurthi said. It is true we may take over the company as a public utility concern. But who is to bear the loss? There is no doubt there is loss and we have to bear the loss. When any concern takes over another concern, it takes it over with guaranteed losses and does Mr. Ramamurthi want us to take over the Tramways with all the commitments which require not only very careful consideration, but perhaps very serious consideration. I therefore feel that Mr. Ramamurthi would not be justified in accusing this Government of having neglected the interests of the workers and the citizens of Madras or being partial to the white man and not attending to the needs and requirements of labour.”

SRI P. RAMAMURTHI :—“ On a point of personal explanation, Sir. The Hon. Minister for Industries and Labour referred to certain alleged statements made by certain labour leaders who are unfortunately not here. The fact of the matter as far as I know is that on the face of the books shown by the management it is a loss. But there are hundreds of ways of practising economies. There is lot of mismanagement and the workers' leaders have undertaken to carry out these economies provided they are entrusted with the responsibility and are trusted. The Government will not trust the workers. Therefore, to attribute this statement to the labour leaders who are not here is very unfair.”

*THE HON. SRI N. SANKARA REDDI :—“ Mr. Speaker, Sir, it is really amusing to hear the charge that the Government were sleeping over the matter of the sudden stoppage of trams, the inconvenience caused to the workers because they were thrown out of employment and to the travelling public. I think the hon. Members must be aware that the management and the Receiver were all prosecuted and duly punished in a court of law.

“ Now, Sir, the suggestion is that the Government should have immediately stepped in and taken over the Tramways and run it. But the Government as long ago as 1951 set up an expert committee which examined all aspects and made some recommendations. The recommendations were that the present Tramways and its property cost very little, practically nothing and if anyone took it over it would be a very heavily losing concern. The fact is there that because the company was losing to a tune of Rs. 6.0 lakhs every year, they had to close it down. I think no Government would take over such an outmoded system of conveyance like the trams. But the company could have given time to the Government to make alternative arrangements at least. The

The Rayalaseema Development Board.

* 468 Q.—

[Answered on 15th July 1953. Supplementary questions continued.]

SRI N. SIVARAMI REDDI :—“ Of the 61 recommendations of this Board up to 7th March 1953, how many have been provided for in the current Budget as far as the recommendations falling within the purview of this Government are concerned? ”

THE HON. SRI N. RANGA REDDI :—“ I would like to invite the attention of the hon. Member to the answer to question No. 575 which has been put down for to-day.”

SRI PILLALAMARRI VENKATESWARLU :—“ In selecting the representatives of the people of Rayalaseema for constituting the Rayalaseema Development Board, may I know the reason why Mr. Nagi Reddi who defeated Mr. Sanjeeva Reddi had been omitted and Mr. Sanjeeva Reddi had been given a place in the Board? Does it mean that Mr. Sanjeeva Reddi who had been defeated in the general elections represents the people more fully than Mr. Nagi Reddi who defeated him? ”

THE HON. SRI N. RANGA REDDI :—“ This question has nothing to do with the present question. Those people who were considered fit to represent the people of Rayalaseema were chosen as members of the Board.”

SRI P. RAMAMURTHI :—“ What is the criterion that the Government adopt to judge whether a person is fit to represent the people or not? Is it the opinion of the Government that a person who had been defeated in the elections and rejected by the people a fit person to represent the very people who threw him out? ”

THE HON. SRI N. RANGA REDDI :—“ That is not at all the consideration that weighed with the Government, Sir.”

SRI PILLALAMARRI VENKATESWARLU :—“ My question has not been answered straightaway, Sir. I want a definite answer from the Government as to why Mr. Nagi Reddi and other Communist M.L.As. had not been chosen as members of the Board and as to why Mr. Sanjeeva Reddi who was defeated in the elections was chosen in preference to Mr. Nagi Reddi.”

THE HON. SRI N. RANGA REDDI :—“ If the hon. Member were to peruse the list carefully he would find that besides Mr. Sanjeeva Reddi, there are very many members on the Board.”

SRI PILLALAMARRI VENKATESWARLU :—“ The Hon. Minister can give a definite and clear-cut answer. He might say ‘ A separate question may be put ’ or ‘ I want notice, Sir ’ or some such thing, by way of reply. Instead, the Hon. Minister is giving evasive replies. I want a straight answer, Sir.”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, the discussion is taking a political turn. Members who were nominated

[16th July 1953]

to the Board are chosen according to the best discretion of the Government from people who are interested in the districts, who are acquainted with the subjects concerned and who have a mature understanding in respect of all matters concerned.”

SRI T. VISWANATHAM :—“ May I take it that the Government in these cases are dividing the responsibility between the defeated and the elected people, the elected people to represent the public in the Legislature and the defeated people to represent in other places? ” (Cheers from Opposition Benches.)

THE HON. SRI C. RAJAGOPALACHARI :—“ That is also quite a plausible justification in some cases. But in most cases it should not be inferred that only the persons who have been nominated are competent and the rest are declared incompetent. Only a certain number can be added after all.”

SRI P. RAMAMURTHI :—“ May I take it then that the Government mean by the word ‘ representative ’ only the ‘ representative of the Government ’ and not the ‘ representative of the people ’? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ ‘ Representative ’ means that nothing should be done to put in people who are ‘ unrepresentative ’.”

SRI R. SIDDANNA GOWD :—“ In view of the fact that the Rayalaseema Development Board has not done any useful work till now, will the Government consider the desirability of winding up the same? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ If that is the opinion of a person for whose opinions I have great respect, it shall be duly considered, Sir.”

SRI PILLALAMARRI VENKATESWARLU :—“ On a point of order, Sir. The Hon. Chief Minister had insinuated the Communist Members, Sir. I shall explain how. He had just now told that people who had been nominated to the Board were chosen according to the best discretion of the Government from among those who are interested in the welfare of the districts and who are acquainted with the subjects concerned therein.”

THE HON. SRI C. RAJAGOPALACHARI :—“ And are of mature understanding.”

SRI PILLALAMARRI VENKATESWARLU :—“ Does it mean that the Communist M.L.As. who had been chosen as the representatives of the people and who had defeated Mr. Sanjeeva Reddi and others are not fit to be the representatives of the people and are they not acquainted with the subjects concerning Rayalaseema? I submit, Sir, that the Hon. Chief Minister had thus insinuated us. Therefore, Sir, I would request you, Mr. Speaker, to give your ruling on the same.”

[16th July 1953]

MR. SPEAKER :—" Ruling! On what point am I to give a ruling? "

9-40 a.m. THE HON. SRI C. RAJAGOPALACHARI :—" I agree, Sir, every one has a right to make remarks but I have already anticipated Sri Venkateswarlu's point and said that those who have not been included should not understand it as a declaration having been made against them; it is only a certain number that could be included."

SRI P. PUNDARIKAKSHACHARYULU :—" Sir, may I know if the selection is made on the recommendation of responsible Government officials or whether the Government are making the selections *suo motu*? "

THE HON. SRI N. RANGA REDDI :—" The recommendations of Government officials have not been called for in this particular case. The Minister in charge of this knows all the people."

SRI P. RAMAMURTHI :—" I am glad, Sir, the Hon. the Chief Minister has stated that people who are representatives of the people alone would be chosen. That being so, Sir, may I know whom Mr. Sanjeeva Reddi represents and if so, how was his representative character measured or judged? "

THE HON. SRI C. RAJAGOPALACHARI :—" I expect Sri Sanjeeva Reddi will be the Chief Minister of the new Andhra State."

SRI P. RAMAMURTHI :—" Sri Sanjeeva Reddi's going to be the Chief Minister of the Andhra State is not the concern of this Legislature. I would only like to know how Mr. Sanjeeva Reddi was representative of any section of the people in so far as this Development Board was concerned; we are not at all concerned with the machinations of the Congress Party concerning things that they may do later on."

THE HON. SRI C. RAJAGOPALACHARI :—" Anyone with an impartial and just understanding of public affairs will take it that one who is expected universally to become the Chief Minister of the Andhra State is representative of the people and is fit to serve on this constructive Board."

SRI C. RAJAM RAMASAMI :—" Is it not a fact, Sir, that Sri Sanjeeva Reddi has been elected to the Council of States by the Members of the Legislative Assembly to represent the whole Assembly in the Council of States? "

SRI T. NAGI REDDI :—" Is it the policy of the Government to put in people in particular positions because they will become something in future and is it not their policy to look into the minds of the people and select such people as have been selected by the people? "

THE HON. SRI C. RAJAGOPALACHARI :—" It is easier to understand actual elections than to understand the minds of the people."

- (b) for how many the Government have given subsidies; and
- (c) the libraries not assisted by the Government so far and the reason for such non-assistance?

THE HON. DR. M. V. KRISHNA RAO :—" (a) Eighty-five.

" (b) Seven libraries have been paid grants from State funds for 1952-53.

" (c) A statement^a furnishing the information is laid on the table of the House."

SRI A. RATHINAM :—" With reference to the answer placed on the table of the House yesterday in reply to my question, may I know, Sir, whether libraries Nos. 67 to 72 are run by Harijans and if so, will the Government consider the desirability of giving them subsidies? "

THE HON. DR. M. V. KRISHNA RAO :—" These libraries do not satisfy the condition prescribed for aid from State funds."

SRI S. DEIVASIGAMANY :—" May I know, Sir, whether the libraries are expected to keep a definite number of books? "

THE HON. DR. M. V. KRISHNA RAO :—" I would refer the hon. Member to the rules concerning libraries eligible for aid under the Madras Public Libraries Rules. I do not think there need be any definite number of books."

SRI K. VINAYAKAM :—" May I know, Sir, whether the City Library authority is conducting any library, if not, why they are not maintaining any library even though they have Rs. 5 lakhs and odd at their disposal for conducting libraries? "

THE HON. DR. M. V. KRISHNA RAO :—" Though in fact, this is a separate question, I would like to inform the House that the Madras Library authority has been anxious to start a central library for which they are in search of suitable accommodation and they have not yet succeeded in finding accommodation."

Acquisition of lands for cheri sites in certain villages of Tiruvallur taluk.

* 482 Q.—SRI M. DHARMALINGAM: Will the Hon. the Minister for Education be pleased to state whether the proposals for acquiring lands for cheri sites as mentioned below are pending with the Government, and if so, how long and for what reasons :—

- (a) Thirur,

[16th July 1953]

- (b) Kadambathur,
- (c) Venmanambudur,
- (d) Pudumavilangai, and
- (e) Krishnapuram

in Tiruvallur taluk, Chingleput district?

THE HON. DR. M. V. KRISHNA RAO :—“ Acquisition proposals in respect of Tirur, Kadambathur, Venmanambudur and Pudumavilangai have been completed, and the proposals in respect of Krishnapuram are under examination by the Collector.”

SRI M. DHARMALINGAM :—“ In view of the fact that acquisition of land sites for cheri is delayed for more than three years, will the Government fix a reasonable time for the concerned officers to dispose of pending cases and give directions to them to dispose of them within the time prescribed? ”

THE HON. DR. M. V. KRISHNA RAO :—“ Every effort is made to expedite acquisition.”

Assignment of lands in Kanchikacherla village, Krishna district, for house-sites.

* 487 Q.—SRI V. RAMA RAO: Will the Hon. the Minister for Land Revenue be pleased to state whether the Government have issued orders that the S. Nos. 404/41 and 404/49 in Kanchikacherla village, Krishna district, be assigned for house-sites?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ The Member is apparently referring to S. Nos. 504/A-1 and 504/A-9 of Kanchikacherla village. The Government have ordered that the plots in the occupation of encroachers in these survey numbers should be assigned to the encroachers after a layout of the plots is prepared.”

SRI V. RAMA RAO :—“ May I know the actual date on which the orders were passed and the dates on which the assignees were issued the pattas and if there is any delay, may I know the reasons therefor? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ I do not understand the importance of the dates. Anyway, I want notice.”

House-sites for the Harijans of Rayanapadu village, Vijayavada taluk.

* 488 Q.—SRI T. POTHA RAJU: Will the Hon. the Minister for Education be pleased to state—

(a) whether the Government sanctioned three or four years back house-sites for the Harijans of Rayanapadu village in Vijayavada taluk;

[16th July 1953]

(b) if so, whether pattas were issued for the said lands; and

(c) if not, why?

THE HON. DR. M. V. KRISHNA RAO :—“ (a) & (b) Yes.

“ (c) Does not arise.”

SRI T. POTHA RAJU :—“ May I know, Sir, if, whether along with the house-sites, a well has also been sanctioned for providing drinking water to Harijans. If so, Sir, may I know whether the well has been dug; if not, why has so much delay taken place? ”

THE HON. DR. M. V. KRISHNA RAO :—“ I request notice about the question.”

Sub-Court for Kasaragod.

* 489 Q.—SRI M. NARAYANA NAMBIAR: Will the Hon. the Minister for Law be pleased to state—

(a) whether there was a proposal to open a Sub-Court at Kasaragod; and

(b) if so, why it has not been done?

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ (a) & (b) Representations have been received to open a Sub-Court at Kasaragod. The Government have examined the matter carefully but consider that there is no case for the opening of a Sub-Court for the present.”

Management of the Koothali estate, Kurumbranad taluk.

* 503 Q.—

MR. SPEAKER :—“ The hon. Member in whose name the question stands is not in his place and so, the question and answer will be printed in the proceedings.”

SRI P. KUNHIRAMA KIDAV: Will the Hon. the Minister for Law be pleased to state—

(a) what the total yearly income derived by Government from Koothali estate (Kurumbranad taluk, North Malabar) is; and

(b) what the total expenditure incurred by Government on managing the above estate is?

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ (a) Rs. 37,763-9-4.

“ (b) Rs. 23,376-13-8.”

Recognition of the Constables' Association.

* 504 Q.—SRI M. KALYANASUNDARAM: Will the Hon. the Chief Minister be pleased to state—

(a) whether the Government have withdrawn recognition of the Constables' Association;

[16th July 1953]

(b) if so, on what date and on what grounds;

(c) whether any notice of withdrawal of such recognition was served on any of the office-bearers of the Association; and

(d) whether the Association premises were raided on the morning of 8th January 1953 and property of the Association in any way damaged or destroyed or taken away?

THE HON. SRI C. RAJAGOPALACHARI :—“(a) Yes, Sir. The reference is presumed to be to the City Constables Association.

“(b) The recognition of the Association was withdrawn on 8th January 1953, and a Press Note issued by Government the same day sets out in detail the reasons for this decision; the attention of the hon. Member is invited to that Press Note.

“(c) No, Sir. The conduct of the Executive Committee precluded any such notice.

“(d) The premises were entered into so as to effect the arrest of certain persons duly ordered to be detained under the Preventive Detention Act. As far as Government are aware, no property belonging to the Association was damaged or destroyed or taken away.”

SRI M. KALYANASUNDARAM :—“May I know if it is not a fact that some of the records and some property were seized and taken away by the Government? Will the Government consider the question of restoring them to the Association? Will the Government also consider the question of granting recognition to the Association? When will they take up the question if it is not at present under their consideration?”

MR. SPEAKER :—“The hon. Member has put four questions together.”

THE HON. SRI C. RAJAGOPALACHARI :—“I have already said that no property was damaged or destroyed or taken away. Some papers were taken in order to find out facts and regarding their return, if proper applications are made, they will be returned.”

SRI P. RAMAMURTHI :—“When, Sir, papers and files are taken away from the office of a public organization . . . (The Hon. Sri C. Subramaniam : ‘Public organization?’) It is a public organization in the sense that people belonging to the general public have started that organization. When papers are taken away from an Association of the public by the Police without a search warrant, is it not the duty of the Police to automatically return them?”

THE HON. SRI C. RAJAGOPALACHARI :—“There are rules concerning the seizure and the return and every rule will be observed.”

[16th July 1953]

SRI S. DEIVASIGAMANY :—“I would like to know whether the Government have since granted recognition to the Association; if they have not, do they contemplate giving recognition?”

MR. SPEAKER :—“The question has been repeated; it was put by the hon. Member Sri Kalyanasundaram.”

SRI M. KALYANASUNDARAM :—“But my question was not answered, Sir, and it was whether, since the constables have been deprived of their venue of making representations, the Government will consider the question of granting recognition to the Association. That question has not been answered, Sir.”

THE HON. SRI C. RAJAGOPALACHARI :—“If the conduct of the people concerned changes and sufficiently changes for recognition, the time will arrive then and the Government will consider it but not now.”

SRI P. RAMAMURTHI :—“Sir, is it not the question of recognition of an organization a matter of collective bargaining? When a question of collective bargaining is involved in the matter of recognition of a trade union the one and only criterion is whether the organization is representative of the people whom it claims to represent and may I, therefore, know whether the Government have got any other considerations for according this recognition?” 9-50 a.m.

THE HON. SRI C. RAJAGOPALACHARI :—“Sir, the points and principles referred to by the hon. the Leader of the Opposition do not apply to service organizations and especially to a Police Service Organization.”

SRI P. RAMAMURTHI :—“Sir, in the absence of an organization which can actually represent the body of constables how do the Government propose to find an avenue for the constables to represent their grievances?”

THE HON. SRI C. RAJAGOPALACHARI :—“Sir, there are plenty of avenues for the representation of their grievances and, in fact, it is very easy to make and very difficult to overrule representations or even to deal with bad cases where men have to be dealt with under the disciplinary rules. There is no difficulty whatsoever for Government servants to make representations. As regards the question whether this particular body of officials require additional facilities for organizing and representing their grievances, I have no doubt that the policemen concerned will duly make their representations.”

SRI V. R. NAGARAJAN :—“Sir, may I know whether the City Constables Association did at any time apply for the restoration of recognition after it was withdrawn by the Government?”

THE HON. SRI C. RAJAGOPALACHARI :—“Sir, the gentlemen who were dismissed have been writing letters but Government do not consider them to be representations from policemen who are in service.”

[16th July 1953]

SRI P. RAMAMURTHI :—“ Sir, I can understand individual constables being able to make representations direct to Government in cases of personal grievances but where a grievance is common to all constables how do the Government expect them to make individual representations, and, if not so, what is the channel that the Government propose to open up for the constables to make collective representations? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, I am quite convinced that they have every facility to make representations of the kind mentioned without the assistance of the gentlemen opposite.”

Representations from the Romperu Irrigation Development Committee.

* 508 Q.—SRI PRAGADA KOTAIAH : Will the Hon. the Minister for Land Revenue be pleased to state whether any representation was made to the Government by the Romperu Irrigation Development Committee, Churala, for the authorization of the Romperu Lands Committee with the Sub-Collector, Ongole, as its Chairman—

(1) to examine each case of encroachment of the Romperu lands and decide upon as to which of the encroachers deserve to possess the lands; and

(2) to investigate into the possibilities of providing irrigation facilities to these lands;

and if so, what action was taken thereon?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Yes, Sir, the matter is receiving attention.”

SRI PRAGADA KOTAIAH :—“ Sir, may I know what are the specific terms of reference made to the Romperu Committee appointed by the Government and whether the Government have received the report of this Committee? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Sir, the Government have not yet received the report. The terms are to go into the various questions pertaining to the Romperu drain lands. A Special Deputy Collector has also been appointed to gather the necessary data.”

The “ Madras Information.”

* 509 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Education be pleased to state what are the aims and objects of Government in publishing “ Madras Information? ”

THE HON. DR. M. V. KRISHNA RAO :—“ The aims and objects of the ‘ Madras Information ’ are to supply information on Government’s policies and activities in the various departments—

(1) to the public in this State,

16th July 1953]

(2) to persons outside the State, and

(3) to officers and staff of the various State departments to enable them to appreciate and emulate the activities and results achieved in others.

For this purpose facts, figures and articles in the journal are allowed to be freely quoted and republished by anybody.”

SRI K. P. GOPALAN :—“ Sir, is this publication intended to do propaganda for the views of the ruling party and, if not so, will the Government be pleased to give the views of the Opposition parties also in this publication? ”

THE HON. DR. M. V. KRISHNA RAO :—“ No propaganda is intended. Only a factual presentation of the policies and the activities of the Government is proposed to be given.”

SRI T. VISWANATHAM :—“ May I know, Sir, whether it is a fact that the language editions of the ‘ Madras Information ’ have been suspended and, if so, what are the reasons and, whether the same reasons would not reasonably apply to the English edition also? ”

THE HON. DR. M. V. KRISHNA RAO :—“ Sir, it was felt that there are a good number of English and language papers to give information on Government’s policies and activities in this State and that it was necessary to continue the English version only for consumption mainly outside the State and by the departments of the Government.”

SRI T. VISWANATHAM :—“ Are there not enough English papers giving details of the Madras Government’s activities for the benefit of other States? ”

THE HON. DR. M. V. KRISHNA RAO :—“ Yes, Sir, there are some but it was felt that it was necessary to continue the English version of the ‘ Madras Information ’.”

SRI C. V. K. RAO :—“ Sir, will the Hon. Minister in charge tell us how many pages of the ‘ Madras Information ’ are devoted for the publication of the photographs of the Hon. Ministers? ”
(Laughter.)

THE HON. DR. M. V. KRISHNA RAO :—“ Sir, that is one of the considerations why the publication of these have been stopped and they will be cut down to the minimum.”

SRI P. RAMAMURTHI :—“ Sir, are we to understand that the publication of the English version is for consumption outside the State and not inside the State? ”

THE HON. DR. M. V. KRISHNA RAO :—“ Sir, for consumption inside the State there is ample publicity in the daily press.”

[16th July 1953]

Remission granted to ryots in West Godavari district.

* 521 Q.—SRI M. RAJESWARA RAO: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the total amount of loss of crops in West Godavari district due to the failure of monsoon and heavy floods during 1946–52; and

(b) the total of amount of remission granted to the ryots of that district during the same period?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“(a) The total extent of loss of crops in the West Godavari district during the period 1946 to 1952 was 621,246 acres.

“(b) The total amount of remission granted during the same period was Rs. 44,47,372.”

SRI M. RAJESWARA RAO :—“Sir, have the Government ascertained the reasons for these incessant floods in this district and have they got any programme to put an end to these floods?”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“Sir, if the river Godavari is very angry, she is flooded.”

City constables detained under the Preventive Detention Act.

* 523 Q.—SRI M. KALYANASUNDARAM: Will the Hon. the Chief Minister be pleased to state—

(a) the number of police constables in Madras City who were detained under the Preventive Detention Act;

(b) the number of police constable arrested on the 18th of January 1953 and how many constables were injured on that day; and

(c) the number of those who were taken to a police camp in St. Thomas Mount and detained for more than 24 hours without being produced before the Magistrate?

THE HON. SRI C. RAJAGOPALACHARI :—“(a) Fifty-one.

“(b) Arrested, one hundred and forty-one and injured, sixteen.

“(c) None.”

SRI V. BALAKRISHNAN :—“Sir, is it a fact that such of those constables as were promised to be reinstated and who expressed regret have neither been taken back nor have the salaries for the period of suspension been paid to them?”

THE HON. SRI C. RAJAGOPALACHARI :—“Sir, the representations made by the delinquents with regard to their regret have been duly considered from time to time but we cannot discuss the merits of those representations now.”

SRI M. KALYANASUNDARAM :—“Sir, on a former occasion the Hon. the Chief Minister was good enough to promise that

[16th July 1953]

the question of reinstatement of these constables would be considered sympathetically. May I know, Sir, whether in pursuance of this statement, how many of these constables have been reinstated?”

THE HON. SRI C. RAJAGOPALACHARI :—“Sir, the total number of people who have been dismissed is much less than the number of people who were arrested. Many of them have been reduced, suspended or otherwise punished and taken back into service. Some of them stand dismissed and their cases will be considered when their appeal comes up to Government.”

Grant for T.B. Sanatorium at Sengipatti, Tanjore district.

* 524 Q.—SRI S. VENKATRAMA AYYAR: Will the Hon. the Minister for Health be pleased to state whether representations have been made by the Tanjore District Board and the Collector of Tanjore as Chairman of the Board of Trustees for the T.B. Sanatorium at Sengipatti, for the sanction of the grant towards the maintenance of the ‘Sanatorium’; and if so, at what stage the matter stands? 10 a.m.

THE HON. SRI A. B. SHETTY :—“A representation was received by Government only from the Chairman, Board of Trustees, Mahatma Gandhi Memorial Tuberculosis Sanatorium, Tanjore, for a maintenance grant to the Sanatorium. He was informed that the question of giving a grant-in-aid from Government would be considered as a Part II scheme for 1954–55.”

SRI S. VENKATRAMA AYYAR :—“May I know from the Hon. Minister whether it is a fact that the Government are paying contributions and grants for the various sanatoria situated in other districts of the State and denying any grant for the T.B. Sanatorium at Sengipatti in Tanjore district to which the District Board of Tanjore has contributed Rs. 10 lakhs and the public also has contributed Rs. 6 lakhs? Will the Government at least consider the question of payment of maintenance grant of Rs. 50,000 for the T.B. Sanatorium?”

THE HON. SRI A. B. SHETTY :—“The Sanatorium was opened in December 1951. It must function at least for a year so that we may know what will be the deficit. It is only then that we can think of giving grant-in-aid.”

Supply of Tungabhadra water to the Kurnool-Cuddapah canal.

* 525 Q.—SRI N. SIVARAMI REDDI: Will the Hon. the Minister for Public Works be pleased to state—

(a) whether any representation has been received by the Government, (1) for taking permanent measures to ensure adequate and continuous supply of Tungabhadra water to the

[16th July 1953]

Kurnool-Cuddapah Canal, and (2) for replacing the old and damaged shutters of the anicut at Adinimayapalli across the river Pennar; and

(b) if so, the action taken thereon?

THE HON. SRI N. RANGA REDDI :—“(a) Yes.

“(b) A report has been called for from the Chief Engineer for Irrigation and it is awaited. The work of replacing the shutters of the anicut at Adinimayapalli has however been taken up and it is expected to be completed very soon.”

SRI N. SIVARAMI REDDI :—“May I know from the Hon. Minister whether it is a fact that recently the local authorities have issued notices to all the owners of irrigable dry lands not to use K.C. Canal water for these lands even though these lands have been enjoying these facilities for many years past? With a view to save these ryots from the immense loss and distress which would otherwise be caused by the action of the local authorities, and with a view to promote food production, will the Hon. Minister take immediate action to restore irrigation facilities for these lands?”

THE HON. SRI N. RANGA REDDI :—“I do not know what the hon. Member is referring to. But I may tell him that there is an officer appointed for the purpose of localising the ayacut under the K.C. canal.”

SRI M. VENKATASUBBA REDDI :—“May I know whether the K.C. canal is going to be remodelled as per the Khosla Committee's report to get sufficient supply of water to Cuddappah and Kurnool districts which will be more than what they are getting at present?”

THE HON. SRI N. RANGA REDDI :—“The report has not yet been received.”

SRI K. KOTI REDDI :—“May I know from the Hon. Minister what steps have definitely been taken by the Government with regard to the remodelling of the K.C. Canal as per the recommendations of the Khosla Committee's report?”

THE HON. SRI N. RANGA REDDI :—“The investigation is being done, Sir.”

Loss on account of accidents to Government buses.

* 526 Q.—SRI G. RAMA RAO : Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether there were any accidents to Government Transport buses during 1952 and if so, the causes for the same; and

(b) what the loss sustained by the Government on account of such accidents last year was?

[16th July 1953]

THE HON. DR. U. KRISHNA RAO :—“(a) A statement* furnishing the information is laid on the table of the House.

“(b) The Government sustained a loss of Rs. 9,210-9-0 due to accidents in 1952.”

SRI G. RAMA RAO :—“May I know from the Hon. Minister whether the Government are paying anything to Government Transport servants who are involved in accidents, and if so how much money had been spent in 1952?”

THE HON. DR. U. KRISHNA RAO :—“There is an Accident Reserve Fund of Rs. 2 lakhs. If the hon. Member would like to know details of expenditure, I should like notice. A separate question may be put on the subject.”

Agricultural loans in Anantapur district.

* 527 Q.—SRI S. NARAYANAPPA (on behalf of Sri K. V. Vema Reddi) : Will the Hon. the Minister for Land Revenue be pleased to state whether, out of the Government grant of twelve and a half lakhs of rupees towards the agricultural loans, allotted for Anantapur district for the relief of the famine-affected agriculturists, about nine lakhs of rupees lapsed to the Government for want of personnel for the distribution of loans before March 1953?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“The amount surrendered by the Collector of Anantapur under loans under Land Improvement Loans and Agricultural Loans Acts is Rs. 9,55,000 and the sum surrendered under pumping installations is Rs. 50,000. The surrender was not due to want of special staff.”

SRI T. NAGI REDDI :—“The point involved in this question is this. Out of 12½ lakhs of rupees sanctioned by the Government to be disbursed to the peasants under ‘agricultural loans’, Rs. 9½ lakhs had been returned to the Government. May I know from the Hon. Minister, if this returning of the amount was not due to want of special staff for disbursement of loans, why was it that the Government got it back? Is it because the Government thought that loans to peasants should not be sanctioned or is it because the peasants have not applied for loans or is it because the Government thought that that money is being wasted?”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“The question and answer give a wrong impression. The hon. Member conveniently forgets that about Rs. 51 lakhs had been disbursed. Only a sum of Rs. 9 lakhs and odd was surrendered. Five tahsildars and 21 Revenue Inspectors were employed for this purpose. As we found money we were rushing to the rescue of peasants. The last allotment was made at the end of the year.”

[16th July 1953]

SRI V. BALAKRISHNAN :—“ May I know from the Hon. Minister whether it is a fact that the disbursing authorities are held responsible for the recovery of loans and therefore the disbursing authorities are niggardly, cautious and stingy with regard to the sanctioning of these loan applications? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ I do not know what the state of affairs were in the Pudukottah Durbar; but, generally, the disbursing authorities are not held responsible.”

SRI VAVILALA GOPALAKRISHNAIAH :—“ On a point of order, Sir, సభ్యులు ఇతర నియోజకవర్గపు విషయముల గురించి మాట్లాడనవచ్చును, ప్రతి తడవ రివిన్యూ మంత్రిగారు, సభ్యులు ఆ విధంగా ఇతర నియోజకవర్గముల గురించి మాట్లాడుటకు అధికారము లేనట్లు, సమాధానమిస్తున్నారు. సభ్యులకు తమ నియోజకవర్గములు తప్ప, ఇతర నియోజకవర్గముల గురించి మాట్లాడుటకు అధికారము లేదా అని అడుగుచున్నాను.”

SRI P. RAMAMURTHI :—“ The hon. Member Sri V. Gopalakrishnaiah states that the Hon. Revenue Minister said that every Member should speak from the point of view of his constituency.”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sri Vavilala Gopalakrishnaiah has wholly misunderstood the joke. The Hon. Revenue Minister's idea was not to confine hon. Members each to his own constituency. The Hon. Revenue Minister was tempted to make a joke because an allegation was made that disbursing officers were made personally responsible for loans. They are responsible as all public officials are responsible. There is no question of personal responsibility by way of underwriting a loan.”

SRI P. RAMAMURTHI :—“ Is it not a fact, Sir, that as soon as Rs. 12½ lakhs was sent to the Collector of Anantapur district for disbursement as loans, the Collector returned Rs. 9½ lakhs almost within a week? Did the Government investigate into the whole question as to why the Collector returned the amount? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ As I said, the allotment made was in the region of about 61 lakhs of rupees. A sum of about Rs. 51 lakhs had already been spent. As the balance of the amount was allotted late, it could not be disbursed within the period allowed. The actual figures of disbursement will be a little bit more because the figures furnished in the answer to the question are only up to the end of February and not up to the end of March.”

SRI T. LAKSHMINARAYANA REDDI :—“ In view of the fact that loans were not paid to hundreds of applicants for whom loans were sanctioned by the Government and were surrendered to the Government by the Collector, will the Government at least now consider the fact that the surrendering of the sanctioned amount by the Collector is responsible for the famine situation in Anantapur district and grant an extra quota to that district? ”

[16th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—“ All these questions are very useful. But I do hope that the net result will not be that the Collectors will begin to disburse amounts in order to please some people without really looking into the necessity of each case.”

SRI T. NAGI REDDI :—“ The point I ask for is this. It is true that the Government had spent about Rs. 51 lakhs. The Collector at the time he asked for extra allotment which the Government sanctioned knew that there were serious famine conditions in the district. Within a week after sanction by the Government, the Collector returned a sum of about Rs. 9½ lakhs as could not be disbursed and consequently the peasants were not able to get loans which were due to them. I should say that due to the inadequate arrangements made by the Collector the people were not able to get loans. I should like to know from the Government whether it is a fact or not? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Loans cannot be distributed like hand-bills. The whole thing had to be enquired into.”

SRI C. SUBBARAYUDU :—“ May I know, Sir, the date of the allotment and the time for disbursement and may I know whether the local representatives made a strong protest against the surrender of this amount and there was ample time even after that to disburse the sums within the limited time? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ I was lost in the long question, Sir.”

SRI P. RAMAMURTHI :—“ May I know, Sir, why the Government considered it necessary to return the nine lakhs of rupees to the Collector in spite of the fact that the Collector has surrendered it? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ The Government returned in order that the money should be disbursed and, as a matter of fact, some money was disbursed.”

SRI T. N. VENKATASUBBA REDDI :—“ From the statement just now placed on the floor of the House, I think the Hon. Minister has restricted the relief that is being given in the famine areas. May I request the Government not to further restrict the very small relief in those distress areas? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ The Assembly is particularly the guardian of the finances of the State and I do hope that no impression will be created by which the executive will be led to believe that they should not carry out the instructions as to the distribution of the loans in the same careful manner as they have been hitherto doing.”

House rent allowance for the menial staff of Vijayavada Municipality.

* 528 Q.—SRI T. POTHA RAJU : Will the Hon. the Minister for Local Administration be pleased to state—

(a) whether the Vijayavada Municipality in its C.R. No. 1087, dated the 30th November 1951, granted interim relief of Rs. 15 per mensem to all its staff;

(b) whether the municipal council in the same resolution also granted a house rent allowance of Rs. 5 to all its menial staff;

(c) whether a communication, dated the 5th December 1951, was received from the Vijayavada Municipality requesting the Government to pass orders on the resolution in view of the fact that the municipality's financial position could afford to meet the extra expenditure; and

(d) whether orders were passed as requested and, if not, why not?

THE HON. SRI N. SANKARA REDDI :—“(a) & (b) The Municipal Council requested the Government to sanction an interim relief of Rs. 15 to all municipal employees and to sanction house rent allowance to sweepers and scavengers also.

“(c) The Commissioner communicated a copy of the resolution of the Municipal Council on the subject and solicited the orders of Government.

“(d) The proposals of the Municipal Council were not approved, as they were not acceptable. The Government have since passed orders permitting all Municipal Councils to pay house rent allowance to their conservancy staff at Rs. 3 (three) per mensem provided the municipal councils can meet the expenditure from their own funds without any grant from Government.”

SRI T. POTHA RAJU :—“Are the Government aware of the fact that though the Government have sanctioned a meagre amount of Rs. 3 as house rent allowance the workers have not been paid even that sum of Rs. 3; and if so, will the Government take immediate action and see that the workers are paid without any further delay?”

THE HON. SRI N. SANKARA REDDI :—“Permission has been given to all the Municipal Councils, who can afford to meet the expenditure, to pay the allowance.”

SRI C. V. K. RAO :—“The Hon. Minister for Local Administration has stated that the Government have not accepted the resolution of the Municipal Council. If this is the way, I would like to know how this Government is going to respect the resolutions of Municipal Councils.”

THE HON. SRI N. SANKARA REDDI :—“The grant of interim relief of Rs. 15 to all municipal employees was not accepted by the Government.”

Strike by the workers of Vijayavada Municipality.

* 529 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Health be pleased to state whether it is a fact that 1,200 workers of the Vijayavada Municipality struck work on 28th March 1953 on the refusal of the Government to grant house rent allowance to them; and if so, what action Government propose to take in the matter?

THE HON. SRI A. B. SHETTY :—“The Municipal Health Officer, Vijayavada, reported that the sanitary workers of the municipality went on strike on 28th March 1953. The Government have already permitted Municipal Councils in Government Order, dated 25th March 1953, to pay a house rent allowance of Rs. 3 per mensem to each of the sanitary workers of the municipality who have not been provided with quarters.”

SRI PILLALAMARRI VENKATESWARLU :—“May I know, Sir, the house rent allowance the Hon. Minister is getting and the percentage it bears to his salary and also the percentage which the house rent allowance of Rs. 3 paid to the sanitary workers bears to their salary? Does the Hon. Minister think that the municipal workers can secure houses at a rent of Rs. 3 per mensem?”

THE HON. SRI A. B. SHETTY :—“The hon. Member may work out the percentage himself.”

SRI PILLALAMARRI VENKATESWARLU :—“My question has not been answered, Sir.”

MR. SPEAKER :—“The hon. Member can give notice of a separate question.”

Construction of houses for slum-dwellers.

* 530 Q.—SRI C. R. RAMASWAMY : Will the Hon. the Minister for Co-operation be pleased to state—

(a) the number of house building co-operative societies engaged in building houses for slum-dwellers in the Madras City; and

(b) whether he would consider the appointment of a Special Deputy Registrar with a view to assisting these slum-dwellers in forming house building co-operative societies?

THE HON. SRI D. SANJIVAYYA :—“(a) There are no housing societies engaged in building houses for slum-dwellers in the Madras City.

“(b) It is not feasible to organize housing societies for the slum-dwellers as they have no assured repaying capacity to repay Government loans which are given for house construction.”

Opening of a Police station at Ananthapuram in Gingee taluk.

* 531 Q.—SRI K. ARANGANATHAN: Will the Hon. the Minister for Finance be pleased to state whether the Government have received recently any representation to open a Police station at Ananthapuram in Gingee taluk, South Arcot district?

THE HON. SRI C. SUBRAMANIAM:—"Yes, Sir, and the matter is under consideration."

SRI K. ARANGANATHAN:—"In view of the fact that there are clashes frequently between the Congress and the Communists in Ananthapuram, will the Government be pleased to open a police station there immediately?"

THE HON. SRI C. SUBRAMANIAM:—"I do not know whether clashes mentioned by hon. Members are true or not. But the opening of the station will be done as early as possible."

Japanese method of cultivation in Malabar district.

* 532 Q.—SRI KUNHI MUHAMED SHAFEE: Will the Hon. the Minister for Agriculture be pleased to state whether certain villages in Malabar district have been selected for trying the Japanese method of rice cultivation; and if so, the names of those villages?

THE HON. DR. R. NAGAN GOUDA:—"The list* of villages selected in Malabar district is placed on the table of the House."

SRI KUNHI MUHAMED SHAFEE:—"May I know, Sir, in how many among the selected villages the demonstration propaganda has commenced this year?"

THE HON. DR. R. NAGAN GOUDA:—"I am sure, Sir, in all the villages."

SRI T. VISWANATHAM:—"Will the Hon. Minister explain to us the difference between the Japanese method and the Malabar method?"

THE HON. DR. R. NAGAN GOUDA:—"We have printed pamphlets with illustrations and the hon. Member can get one."

SRI T. C. NARAYANA NAMBIAR:—"Are the Government aware that the consensus of opinion at a meeting of the Malabar Food Advisory Council was that the Malabar method of paddy cultivation was far superior to the Japanese method and that the Japanese method should not be applied to Malabar?"

THE HON. DR. R. NAGAN GOUDA:—"Sir, the Japanese method of paddy cultivation has been modified to suit the conditions in Madras."

SRI PILLALAMARRI VENKATESWARLU:—"May I know, Sir, how much is being spent on propagating the Japanese method of cultivation?"

Remuneration to school teachers for census work.

* 533 Q.—SRI T. C. NARAYANA NAMBIAR: Will the Hon. the Chief Minister be pleased to state whether the Government have received any representation or report to the effect that some elementary school teachers are not yet paid remuneration due to them for working as enumerating clerks, etc., in the work on the Census of 1951; and if so, what action was taken?

THE HON. SRI C. RAJAGOPALACHARI:—"Representations were received by Government from some enumerators that they were not paid the remuneration due to them for writing up the National Registers of Citizens. They were sent to the Tahsildars or the Municipal Commissioners concerned, who were the Charge Superintendents at the Census and whose duty it was to count the number of entries in the registers made by each and to disburse the amounts due by way of remuneration. In order to speed up the disbursement of the remuneration, the Government prescribed a fortnightly progress report from the Charge Superintendents (i.e.), Tahsildars and Municipal Commissioners, and the Collectors were asked to review these reports and to see that the payments were completed without further delay. A sum of about Rs. 2.7 lakhs out of a total estimated expenditure of Rs. 3.28 lakhs has been disbursed up to the end of February 1953. Some disbursements have been made during March 1953 also. It is expected that the remaining amount will soon be disbursed."

SRI T. C. NARAYANA NAMBIAR:—"In the answer it is stated that fortnightly reports are being called for. The Hon. the Chief Minister stated that the answer given on the floor of the House was prepared in April. Have the Government received any report recently as to the fact of disbursement?"

THE HON. SRI C. RAJAGOPALACHARI:—"These are very old questions and very old answers and they have not been revised."

Abolition of hospitals under rural development schemes.

* 534 Q.—SRI N. K. PALANISAMI: Will the Hon. the Minister for Health be pleased to state whether the Government are going to abolish hospitals under rural development schemes?

Income on Government Bus Transport Service.

* 535 Q.—SRI C. V. K. RAO: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) what is the total net income on Government Bus Transport Service in Madras for the year 1951-52;

(b) whether a statement showing the actual net profit for the year 1951-52 will be placed on the table of the House; and

(c) whether any bonus is paid to workers; and if so, how much per worker?

THE HON. DR. U. KRISHNA RAO:—“(a) & (b) A statement^a furnishing the information required is laid on the table of the House.

“(c) A bonus of Rs. 5 each per mensem is paid to the drivers of the State Transport Department who satisfy certain prescribed conditions.”

SRI C. V. K. RAO:—“The statement shows that nearly Rs. 16 lakhs of profits is being made and the Hon. Minister informs us that only Rs. 5 has been paid as bonus to each worker. Can he oblige the workers by paying Rs. 15, Sir?”

THE HON. DR. U. KRISHNA RAO:—“I am glad that my friend has raised the question. The drivers and conductors of the Transport Service get a laundry allowance of Re. 1-8-0 per mensem for washing their uniforms. They are supplied with two uniforms. Technical workers, who do duty for not less than eight hours, are given a night duty allowance of 25 per cent of their pay. Payment of retirement benefits at rates higher than those granted to other Government servants is also admissible. There is also the payment of compassionate gratuity to the family of the deceased workers at rates higher than those given to the families of other Government servants. There is a proposal to grant a good conduct allowance of Rs. 4 to the conductors. In view of this the Government thought that the present system was advantageous.”

SRI V. BALAKRISHNAN:—“Cannot the Hon. Minister increase the uniform allowance of the Motor Transport workers to make them as attractive as the Hon. Minister for Transport is?”

THE HON. DR. U. KRISHNA RAO:—“I thank the hon. Member for the compliment he has paid to me. But with regard to the allowance, we have worked out and found that Re. 1-8-0 is sufficient for cleaning two uniforms per month.”

SRI P. RAMAMURTHI:—“Is it not a fact that the Government have refused to accept the recommendations of the Venkatarajah Award in respect of the bus workers of this State?”

^a Printed as Appendix V on page 372 infra.

[16th July 1953]

THE HON. DR. U. KRISHNA RAO:—“A separate question may be put, Sir.”

SRI S. C. C. ANTHONY PILLAI:—“Will the Government consider the revision of the bonus on the basis of the formula applied by the Industrial Tribunals, in particular the Appellate Tribunal.”

THE HON. DR. U. KRISHNA RAO:—“I want notice, Sir.”

Construction of bridges over the ferries at Perimba and Pazhayangadi in North Malabar.

* 536 Q.—SRI K. P. GOPALAN: Will the Hon. the Minister for Public Works be pleased to state whether any proposal is under consideration by the Government to construct bridges over the ferries at Perimba and Pazhayangadi in North Malabar?

THE HON. SRI N. RANGA REDDI:—“The work of constructing a bridge across the Perimba ferry has already been approved by the Government for execution. There is no proposal under the consideration of the Government to construct a bridge across the Pazhayangadi ferry.”

SRI K. P. GOPALAN:—“What is the estimated cost of the Perimba ferry bridge, and will the Government be pleased to consider the construction of the Pazhayangadi ferry bridge as the people are put to much inconvenience for want of that bridge?”

THE HON. SRI N. RANGA REDDI:—“The estimate for the bridge which has been sanctioned is Rs. 5.23 lakhs. A sum of Rs. 20,000 has been provided in the Budget Estimate for 1953-54.

“So far as the other bridge is concerned, the Chief Engineer (Highways) has suggested that there should be a realignment of the highway for the construction of the bridge, and the Government have accepted his suggestion. The Government of India have been addressed separately for getting their approval for the realignment. If that is approved, a bridge can be thought of.”

Powers of Headquarters Deputy Tahsildars.

* 537 Q.—SRI G. RAMA RAO: Will the Hon. the Minister for Land Revenue be pleased to state with reference to the answers to question No. 429 given on 11th December 1952 whether the Headquarters Deputy Tahsildars have got any independent powers to pass orders; and if so, in what matters?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“A statement^a showing the independent powers of Headquarters

Deputy Tahsildars in the districts in which such posts have been sanctioned by the Government, is placed on the table of the House."

SRI G. RAMA RAO :—"The statement placed on the table shows nothing except the powers of supervision over the work of the overburdened staff. Will the Government put an end to this stupidity of expenditure over the supervisory staff?"

MR. SPEAKER :—"The hon. Member should not use unparliamentary words."

SRI G. RAMA RAO :—"Will the Government see that the work is run smoothly and efficiently in the interests of people by increasing the clerical staff instead of the unnecessary supervisory staff?"

THE HON. SRI M. A. MANICKAVELU NAICKER :—"The work is run efficiently. I do not know on what grounds he says that the work is not run efficiently."

Amount advanced to wholesale co-operative society.

* 538 Q.—SRI S. VEMIAH : Will the Hon. the Minister for Co-operation be pleased to state—

(a) the amount advanced by the Government to each wholesale co-operative society up to date; and

(b) whether audit has been done each year punctually?

THE HON. SRI D. SANJIVAYYA :—" (a) The Government have not advanced any loan to Co-operative Wholesale Stores.

" (b) The final audit of all the Co-operative Wholesale Stores for the Co-operative year ending 30th June is generally completed by the end of December every year. During 1949-50 and 1950-51, the audit of 23 out of 24 Co-operative Wholesale Stores was completed by the end of December of the respective year while the audit of the remaining one store was completed in January of the next year. As regards the audit for the Co-operative year 1951-52, the audit of 22 out of 24 stores was completed by December 1952. The final audit of the remaining two stores is pending completion and the delay is due to heavy transactions in the stores."

SRI S. VEMIAH :—"May I know the main defects pointed out by the audit staff during the course of its audit affecting the economic position of this State?"

THE HON. SRI D. SANJIVAYYA :—"I am afraid I cannot answer this question off-hand."

Murder cases in Walluvanad and Ernad taluks.

* 539 Q.—SRI K. C. GOPALAN UNNI : Will the Hon. the Minister for Finance be pleased to state—

(a) the number of murder cases registered in Walluvanad and Ernad taluks of Malabar from January 1, 1952 to December 31, 1952;

(b) how many of them were undetected and whether it includes the murder of one Alippu of Veeramangalam amsom in Walluvanad taluk; and

(c) whether the Government have received any representation regarding the Veeramangalam murder case and what action the Government have taken on the same?

THE HON. SRI C. SUBRAMANIAM :—" (a) Twenty-four murder cases were registered in the Walluvanad and Ernad taluks of Malabar district during the Calendar year 1952.

" (b) One of the 24 murder cases was treated as undetected, and that case relates to the alleged murder of Alippu of Veeramangalam.

" (c) A copy of a resolution passed at a public meeting at Cherplasserri alleging inaction on the part of the police in regard to the alleged murder of Alippu was received by the Government in August 1952. The Inspector-General's report in the matter shows that the case was treated as undetected, as sufficient evidence was not forthcoming to sustain a charge under Section 302, I.P.C., against the accused who was suspected in the case."

SRI T. C. NARAYANA NAMBIAR :—"How many cases of murder were reported from Feroke in Ernad taluk? Are the Government aware of the fact, from the resolutions of public associations and from the Vigilance Committee, Feroke, that there is a strong suspicion about the alleged existence of an organized band of murderers in Feroke and, if so, will they take early action?"

THE HON. SRI C. SUBRAMANIAM :—"I am sorry I cannot answer with regard to Feroke, because I do not have the figures here. But I know that passing of resolutions in public meetings regarding murder cases is becoming more and more common."

SRI V. BALAKRISHNAN :—"On a point of order, Sir. This question relates to the port folio of the Minister for Law. So long as the Hon. Minister for Law is present, I think it is his duty and a matter of courtesy to the House that he gives the answer. If he is absent, it is all right if some other Minister gives the answer."

MR. SPEAKER :—"It is not our concern; it is a concern of the Cabinet. This is no point of order at all."

SRI C. V. R. RAO :—"Has the Hon. Minister for Finance specialised in murder matters?"

[16th July 1953]

SRI K. C. GOPALAN UNNI:—"Have the Government received any memorandum from the people of Feroke through the Hon. Minister for Law who toured the area to the effect that the Inspector of Police, Perintalmanna, is not serious about the enquiry?"

THE HON. SRI C. SUBRAMANIAM:—"I have already stated that a petition was received and that it was sent to the Inspector-General of Police. The matter was investigated not only by the Inspector but also under the supervision of the Deputy Superintendent of Police."

SRI K. P. GOPALAN:—"There have been so many murder cases in Ernad and Walluvanad taluks. Especially in Feroke, the life and property of the innocent citizens are in danger. That is the general feeling among the people. Will the Government be pleased to make an enquiry and see that the culprits are booked?"

THE HON. SRI C. SUBRAMANIAM:—"The assumption of the hon. Member is wrong. Out of 24 cases, 23 have been detected and the criminals have been charged; only one case was undetected."

Selection for the training as Executive and Special Officers of Panchayats.

* 540 Q.—SRI K. KRISHNA RAO: Will the Hon. the Minister for Local Administration be pleased to state—

(a) whether the Government have selected since 1950, candidates for undergoing training as Executive and Special Officers of Panchayats under District Panchayat Officers in various districts, the number of persons to whom training was so given since 1950 and the number of trainees who were appointed as Executive Officers or Special Officers of Panchayats up to 31st December 1952; and

(b) of the number of persons who were given training since 1950 in (a), the number of persons remaining on the waiting list on 31st December 1952 unprovided with jobs under heads (1) one year and below after training, and (2) above one year after training?

THE HON. SRI N. SANKARA REDDI:—" (a) The Government as well as the Inspector of Municipal Councils and Local Boards selected candidates for appointment as Executive Officers and deputed them for training under District Panchayat Officers. The number of such persons trained in 1950, 1951 and 1952 is 146 and the number of the trainees appointed so far as Executive Officers is 63.

" (b) The number of trainees on the waiting list on 31st December 1952 after weeding out the names of those whom it would not be possible to appoint in the next two years, is as follows:—

For one year and less after training	...	11
For a period exceeding one year after training	...	19 "

[16th July 1953]

SRI K. KRISHNA RAO:—"While there are available trainees who have undergone the training, is it a fact that the Government have been allowing the appointment to the said posts of persons who have not undergone any training at all?"

THE HON. SRI N. SANKARA REDDI:—"The so-called training is only working under some District Panchayat Officer for fifteen days. But competent people should be selected as Executive Officers. I think whoever is competent is being selected by the Inspector of Municipal Councils and Local Boards."

SRI VAVILALA GOPALAKRISHNAIAH:—"అయ్యో! కొందరిని జిల్లా పంచాయతీ అఫీసర్ల ద్వారా training కు పంపించి వారికి certificate లు ఇచ్చి list లో చేర్చినటువంటివారిని disqualify చేసి కొత్తవారికి, qualification లేనివారికి ఎందుకు ఇవ్వవలసి వస్తుందో విపరీతంగా?"

THE HON. SRI N. SANKARA REDDI:—"I have already 10-30 answered the question. Too many were trained for too few a.m. places and so good people were selected and some other people were omitted."

SRI K. KRISHNA RAO:—"While persons had been selected for training and later on did undergo training and get certificates, why were they kept in the waiting list while others who were not selected for, and who did not undergo training, were selected?"

THE HON. SRI N. SANKARA REDDI:—"No one is posted who is not trained. But some were omitted and some good people with higher qualifications and good personality were selected."

SRI K. VINAYAKAM:—"Will the Government consider the desirability of recruiting these candidates through the usual channel, namely, the Madras Public Service Commission which is above suspicion?"

THE HON. SRI N. SANKARA REDDI:—"The matter will be considered, Sir."

MR. SPEAKER:—"Question time is over and the rest of the questions will be printed in the official proceedings."

SRI PILLALAMARRI VENKATESWARLU:—"On a point of order, Sir."

MR. SPEAKER:—"Let the hon. Member first come to my Chamber and discuss the matter. He can raise the point afterwards in the House."

* 541 Q.—SRI M. RAJESWARA RAO: Will the Hon. the Minister for Rural Welfare be pleased to state whether there has been any fall in sales tax collections in each district as a result of decontrol and the closure of Fair Price shops in the State; and, if so, to what extent?

[16th July 1953]

THE HON. SRI S. B. P. PATTABHI RAMA RAO :—" Yes. A statement^a showing the fall in sales tax collections in each district from the time of decontrol or closure of the fair price shops, as the case may be, till the end of February 1953, is placed on the table of the House. The fall in collections has been arrived at with reference to the figures relating to the year 1951-52."

(b) if so, the action taken thereon?

THE HON. SRI K. VENKATASWAMI NAIDU :—" (a) A petition, dated 24th July 1952, from one Sri A. R. Srinivasan was received by Government.

" (b) It was referred to the Deputy Commissioner, Hindu Religious and Charitable Endowments (Administration) Department, Tanjore, who after making necessary enquiries, framed charges against Sri K. II.—ADJOURNMENT MOTIONS RE:—

(1) FLOOD HAVOC IN MALABAR.

'That the business of the House be adjourned to discuss a definite matter of urgent public importance, namely, the failure of the Government to take urgent and necessary relief measures to alleviate distress wrought by the heavy floods and the havoc created in Malabar inasmuch as hundreds of huts and houses of Harijan and other poorer sections of the people have been washed away and the people are being forced to starve in streets in addition to the innumerable and irreparable loss of cattle, food and commercial crops.'

SRI T. C. NARAYANA NAMBIAR :—“ Sir, this is not an ordinary motion. My submission is that the flood has taken place on the 7th or so and thousands of houses have been washed away. As far as my information goes, some three or four people were dead and lakhs of rupees were lost. I myself have informed the Hon. the Chief Minister in a telegraphic message about the seriousness of the situation. Now, the point is this. Although the District Magistrate of Malabar has sanctioned a small amount as an aid to the poor Harijans and others to construct houses, I understand reliably that most of the landlords are utilizing this opportunity to evict the tenants and they are not allowing the construction of houses. If the Government had interfered in the matter in time, the situation would not have gone worse. So, my request is that the Hon. the Chief Minister in particular and the Cabinet, as a whole, should consider this matter most seriously and take necessary steps.”

(2) POLICE FIRING IN TUTICORIN AND DALMIAPURAM.

MR. SPEAKER :—“ Hon. Members Messrs. K. Aranganathan, S. Radhakrishnan, M. P. Subramaniam, P. Rengasami Reddiar, A. Govindaswami Nayagar, S. Deivasigamany and P. Ramamurthi have given notice of an adjournment motion which reads as follows :—

That the business of the House be adjourned to discuss a matter of definite urgent public importance, namely, the Police firing on 15th July 1953 in a number of places in the State such as Tuticorin and Dalmiapuram, resulting in the death of nine innocent persons and serious injury to many.

" I wish to know from the Hon. the Chief Minister what he wants to say in the matter."

(*) THE HON. SRI C. RAJAGOPALACHARI:—“ Sir, according to information received, there was firing in Tuticorin and Dalmiapuram and in no other place.

"As far as Tuticorin is concerned, the following information was obtained at about 5 p.m. yesterday from the Collector and the District Superintendent of Police, Tirunelveli, who were camping at Tuticorin:—

at Tuticorin :—

'In pursuance of Dravida Munnetra Kazhagam agitation, volunteers stopped a passenger train soon after starting from Tuticorin this morning at 6.25 a.m. four times from reaching Tuticorin-Melur station, two miles away, by the pulling the alarm communication chord. Thirty-five were arrested and the train moved. At Tuticorin-Melur station there was a crowd of over one thousand persons on either side of the railway line shouting slogans "Down with Nehru Government", etc., etc. About 500 persons squatted on the railway line and prevented the train from moving.

The Deputy Superintendent of Police, Tutigorin, who was on the spot advised them to disperse. He intimated the Sub-Collector who arrived at the spot immediately.

The Sub-Collector advised the Secretary, Dravida Munnetra Kazhagam, to advise his men to disperse and to allow the train to proceed. As the crowd still refused to move, they were warned and lathi charge was ordered. Then began pelting of stones at the police party and officials from either side.

Some were arrested and lathi charge was then stopped. The Collector arrived at this stage and the Secretary, Dravida Munnetra Kazhagam, agreed before him to withdraw the squatters and asked that the persons arrested at the spot should be released. In order to facilitate the dispersal of the violent crowd this was agreed to and the arrested men were released. But the squatters did not give up and stated that they intended sitting there till 5-30 p.m. To clear the line another lathi charge was ordered. Stone pelting and throwing of bricks increased, injuring constables. As the crowd had become riotous and menacing and the police party and officers were likely to be overwhelmed from both sides, firing was ordered by the District Collector after due warning. Twenty-five rounds were fired. Three died on the spot and one at the hospital. Several others had been admitted to hospital. The crowd dispersed and the train arrived, though some continued to be thrown at it from behind the buildings on either side of the railway lines. Another batch of agitators stopped the train a few furlongs ahead and the railway head constable ordered firing and six rounds were fired. It is not known whether any was injured there. The train proceeded about two miles from Thiruvananthapuram station, a railway bridge was attempted to be put out of use by burning the sleepers. Telephone wires were cut near the bridge and the railway track was damaged. Spikes were inserted between rails.

Collector and the D.G. of Police are on the spot and the situation is effectively under control.

"Sir, subsequent to this information, information received at about 10 p.m. yesterday shows that there has been no further

[Sri C. Rajagopalachari] [16th July 1953]

trouble and that the situation in the town is quiet and under control. Vigorous patrolling by the police is being conducted in the town.

"I may inform the hon. Members that early yesterday when I received information about the firing and the deaths, I was of opinion that an open enquiry should be held. An enquiry has been ordered to be held. The District Collector, Tirunelveli, was on the spot. Therefore, his evidence would be materially necessary and important. I have ordered that the District Magistrate of Madurai and the Principal Subordinate Judge of Tuticorin should sit together and hold an open enquiry."

"So far as Tiruchirappalli is concerned, the information is—

'A crowd attempted to stop the Ariyalur passenger proceeding towards Tiruchirappalli at about 2 p.m. at Dalmiapuram station, 23 miles from Tiruchirappalli.'

10-40 a.m. 'Earlier in the day, there were some attempts to deface the name board of the railway station and substitute the name of Kallakudi, but as no violence was involved, serious notice was not taken of this.'

"I am of opinion that this name-giving and name-changing is a silly affair.

'A batch of about six persons who had attempted to stop a morning train was, however, taken into custody.'

In the afternoon, however, the crowd had swelled to a large number and attempts at persuasion by the Subdivisional Magistrate who was present at the spot failed to have any effect. The crowd became violent and indulged in severe stone throwing. A lathi charge was ordered and the train was moved slowly to the south cabin but here the crowd again started obstructing the train and intensified stone throwing at the police party and on the train itself. A second lathi charge proved futile and as the situation was becoming uncontrollable and the police party were about to be overwhelmed, a number of them including the Deputy Superintendent of Police and the Circle Inspector already having by now sustained injuries, fire was opened on the orders of the Magistrate.

As a result of the firing, the crowd dispersed on all sides. It is ascertained that two persons died and their bodies were removed at Lalgudi Station. In addition, 13 other injured were detained at Lalgudi and treated in the local hospital. Three others who were injured were treated in the Trichy hospital. The total number of casualties is ascertained to be 2 dead, 16 injured amongst non-officials. Amongst police officials, the Deputy Superintendent of Police, the Circle Inspector of Police and 10 constables sustained injuries.

The Collector and the District Superintendent of Police are on the spot.

"In this case also, I have ordered an enquiry by the Personal Assistant to the District Magistrate and the Principal Subordinate Judge of Tiruchirappalli. Both these enquiries will be open enquiries. Anybody is free to give such evidence as he wishes. As these will be open enquiries, the public may offer evidence before them. In respect of these incidents, the whole matter will be sifted and enquired into. It is unfortunate that these incidents have happened. I was not surprised at this, because I have been following the appeals appearing in the official organs of the Dravida Munnetra Kazhagam and Dravida Kazhagam. On reading those appeals and the language employed therein, it gave me no surprise at all that people would resort to such activities as stopping of trains and so on. What began as a token disobedience of laws had gradually become a determined attempt to stop trains and interfere with communications at all costs. All these apprehensions have come true. I am glad I have had an opportunity to get the facts

[Sri C. Rajagopalachari] 16th July 1953]

as early as possible. I am also glad that we will have the report of the open enquiry very soon giving a true picture as to the circumstances which led to the firing. I only wish to add that if we argue this subject further without facts, it will prejudice the enquiry."

MR. SPEAKER :—"I wish to know whether the hon. Leader of the Opposition is prepared to withdraw his motion in view of the statement of the Hon. Chief Minister."

* SRI P. RAMAMURTHI :—"Sir, I find it extremely difficult to express the gravity of the situation. The Hon. the Chief Minister has come forward to order a public enquiry. I personally feel that the nomination of officials for conducting this enquiry will not meet the ends of justice in the present case. I want to remind the Hon. the Chief Minister of one incident that took place in 1937 when he was Chief Minister. There was agitation in Chirala and there was police firing. At that time, the Chief Minister thought it necessary to order a public enquiry by a Judge of the High Court with whom were associated two non-officials. It is true that some of them refused to co-operate. Nonetheless, the very same Chief Minister thought it fair and necessary to associate non-officials with the enquiry at that time. I do not know how the circumstances have changed now. In this connexion I wish to state categorically, even though the Hon. the Chief Minister may feel offended, that we do not have any confidence whatsoever in the District Magistrate and the Personal Assistants to the District Magistrates."

THE HON. SRI C. RAJAGOPALACHARI :—"You don't have confidence even in judicial officers?"

* SRI P. RAMAMURTHI :—"Though they may be said to be judicial officers after the separation of the judiciary from the executive, they are only officers promoted from lower categories. I know what sort of judicial officers these people will be. If there is to be a proper enquiry, some non-officials have got to be associated with the enquiry. There are enough public men in this country. This is an incident in which the people's lives are involved. We should not treat their lives cheaply. The whole question has got to be discussed here."

MR. SPEAKER :—"May I know from the hon. the Leader of the Opposition whether he will be prepared to withdraw his motion if the Hon. the Chief Minister is prepared to appoint some non-officials?"

* THE HON. SRI C. RAJAGOPALACHARI :—"I am grateful for the suggestion. Let us understand that this is not a mere question of accommodation in the matter of a debate in the House. Very large issues and interests are involved. Disorder is there. As I have already said, there was a continuous attempt in the last fortnight or so, and at any rate during the last week at rousing violence and hatred. Disturbances have broken out and the incidents have happened just as I had feared. Serious incidents

[Sri C. Rajagopalachari] [16th July 1958]

have occurred in these two places. Fire had to be opened. If we assume that the enquiry by the two officers that I have mentioned in each case will not be just, it would mean immediate abdication of the functions of the Government including the judiciary. I submit that we must wait for the result of the enquiry which will be conducted immediately. Let us not make things difficult. Let not people begin to think that hereafter no policeman can act promptly, bravely and courageously, in an emergency like this. That would be creating a dangerous situation. We can very well wait for the results of the enquiry that is being conducted, on the spot. It is an open enquiry. People are entitled to give evidence before the enquiring officers. After the results are known, if any further action is considered necessary even on a suspicion, I would order on behalf of the Government a fuller enquiry. That is for the future. But at present, I submit that any action such as the one proposed would be prejudging the action of the police officials who are undergoing a great amount of risk and who are doing their work bravely, promptly, properly and courageously under difficult conditions."

* SRI P. RAMAMURTHI :—" We are not now concerned with the views of the various parties. There will be difference of opinion between one party and another. We are now concerned with an entirely different matter. The Chief Minister has now come forward to defend the action of the police, saying that they are brave men and that they have done their duty under extremely difficult conditions. The point to be considered now is whether the concerned police officials were within their rights and bounds and whether the situation warranted such drastic action as shooting down people in this manner. We have to find out whether firing was actually necessary. After all, the lives of the people in this country cannot be treated cheaply."

THE HON. SRI C. RAJAGOPALACHARI :—" I suppose the lives of the people in the train also! "

* SRI P. RAMAMURTHI :—" During the last 150 years' rule of the British, we are accustomed to such shooting. They were treating the lives of the people of this country very cheaply. We cannot allow that state of affairs to continue, or to be repeated again. Such incidents must be enquired into by an impartial committee with which non-officials must be associated. It is not correct for the Chief Minister to say that the Government will be abdicating their functions if non-officials were appointed to enquire into these incidents. In the past, even the Congress people had demanded public enquiries by non-officials. When the Jalianwala Bagh incidents took place, the Congress demanded an enquiry by non-officials. They did not want the enquiry to be conducted by the officials. Therefore, the advice of the Chief Minister cannot be accepted. In view of the seriousness of the incidents and in view of the fact that they have taken place only yesterday, they are matters of definite and urgent public importance and so we must discuss this subject."

16th July 1958]

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, may I 10-50
submit a few words? Let us not get excited and there is no use
referring to past incidents here and there. Hon. Members opposite
are perfectly ready to take over all the principles of the Congress
when it is convenient to them and to disregard them when it is not
convenient to them. (Ministerialist cheers.) The incident has
occurred and it requires careful consideration as to what steps we
should take in respect of an enquiry. The Government have, to
the best of their ability and impartiality, considered what are the
things that are required to be done at once and decided that evidence
should be taken immediately as to what happened before false
evidence comes in, before rumours spread about and people begin
to think of giving evidence truly or falsely according to their own
bias or imagination. Now immediate evidence should be recorded.
The considerations mentioned by the hon. Member opposite were
not out of my mind and that is why I associated with the District
Magistrate the neighbouring judicial officer who has nothing to do
with the administration of law and order. The Principal Subordi-
nate Judge has nothing to do with maintenance of law and order.
The judicial officers in both places have nothing to do with adminis-
tration of law and order. These two officers will sit and the enquiry
will be open. Let us get the report and when we read the report,
both the hon. Members opposite and the Government will be able
to see what ought to be done further in the light of the facts of
the case as disclosed in the report. But if beforehand, when
violence takes place and the men on the spot have under orders of
Magistrates taken certain steps according to law, we doubt the
correctness of their action and appoint a committee with non-
officials, so to say, I suppose it will be prejudging the action
of the people concerned who have done their best to meet
a situation. There may be wrongs on either side and we
are concerned with the honour and safety of people and justice.
I am concerned both about the safety of the people and
justice to the officials concerned. Let the Principal Subordi-
nate Judge of the place who has nothing to do with the
Executive Government and the District Magistrate sit together and
let us have a fair account of the matter. Then, I submit, it will
be open to hon. Members to say whether the Government should
take any further action. It will be open to hon. Members to discuss
the matter thoroughly as soon as the reports are received. I have
no objection to go into the whole position and to the House recon-
sidering the whole matter. But to-day, I do not think we should
have any discussion about the facts of the case. I give this assur-
ance. If, on a perusal of the report, there is a reasonable demand
for further steps to be taken by the Government, I shall be quite
willing to take such steps, because even the officials do not want to
get away with a closed-room judgment. We have ordered an open
enquiry. Let hon. Members remember that those who are sitting
on this side of the House one day may go to the other side and those
who sit over there to-day may come to this side one day. But the
Executive administration must be protected. They must not only
be given ordinary protection but must be encouraged to act justly."

[Sri C. Rajagopalachari] [16th July 1953]

promptly and courageously. It is not always taking up the side of mob violence; it is no use taking sides with those who disturb order and who want to stop the train whatever may happen. I can understand their psychology. I have dealt with public movements and crowds. Hon. Members opposite can understand it if I explain it. Once a dangerous step is taken or a near-violent step is taken, we are bound to be dragged on to other steps and the men who are there are not Legislative Assembly Members. They want to achieve their object once they begin. As soon as an order is issued by their party newspapers that they must stop trains, they think naturally it is their duty not only to try to stop the trains but actually succeed and stop them. That is their psychology.

"Sir, let everything be enquired into and then we will consider the position. But to-day it is not proper, I am sorry to say, to condemn officers or the policemen concerned."

MR. SPEAKER:—"Is the Leader of the Opposition withdrawing the Motion in view of the Chief Minister's statement?"

SRI P. RAMAMURTHI:—"I am pressing the Motion."

MR. SPEAKER:—"There is some difficulty here. Yesterday, I admitted a motion and we have not discussed that. Suppose I take up this motion. Shall we still discuss the other? Or I shall make a suggestion. These two motions can be discussed together. If need be, I shall extend the time-limit to three hours. Normally I allow two hours but to-day we shall have three hours to discuss this. But this should not be taken as a precedent for the future."

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, am I to understand that this motion will be considered along with the other together? From the point of view of mere accommodation of time and all that, it may be a good proposal. But surely the issues involved in the other motion are different."

MR. SPEAKER:—"There will be a single motion before the House. That is what I am suggesting to the House."

* THE HON. SRI C. RAJAGOPALACHARI:—"The issue involved in this motion is whether the firing was just or not. The matter involved in the other is one for free general discussion as to the educational programme of the Government and so on. To mix the two, I think, is not correct. We will not get a proper result in respect of either of them. So, I am sorry that it cannot be really a just arrangement although it may be a convenient arrangement."

SRI T. VISWANATHAM:—"May I know, Sir, whether you are allowing a debate by ruling the adjournment motion to be in order or you are doing so as a matter of concession? I say this because when shooting took place in December last in Andhra areas, I remember, some motion came up here and it was not discussed. Anyway, I must congratulate the Government that their attitude now is much better than it was then. Now they have come forward

16th July 1953] [Sri T. Viswanatham]

with a judicial enquiry. All that I want to know is whether the adjournment motion is in order or whether this is merely a general debate."

* THE HON. SRI C. RAJAGOPALACHARI:—"As I understood the suggestion, Sir, I think that we will be discussing both the motions and I have expressed my opinion from my own point of view. It is no matter of accommodation here. This motion will prejudice the enquiry. The other motion does not matter. We can discuss the general question of educational policy. But now an enquiry has been ordered and it has to be held. If we have a discussion, all kinds of statements will have to be made and will be made. It will not at all be good. We are going to get a report in the course of a few days and then the position may be considered. I hope hon. Members opposite will not press the motion in view of what I have said. The Speaker, I claim, must not allow this motion. There are two issues here. So far as the educational scheme goes, it is to be discussed and I am not going to reopen the decision connected with that motion. On this motion let us await the report. The two questions must be separately understood and the report. Not only this. The two incidents also must be separately judged. Separated from each other, the Tiruchirappalli incident and the Tuticorin incident."

MR. SPEAKER:—"This motion is connected with the other."

* THE HON. SRI C. RAJAGOPALACHARI:—"They are connected with each other and in that way all human affairs are connected with one another. But the issues involved are slightly different. I strongly feel that any debate now, when an enquiry has been ordered, will not help but hinder the case. It may not be a court but the Government have taken the trouble of making it as a judicial enquiry as possible and the enquiry itself being made as soon and as effectively as possible. We should not prejudice evidence on either side. Let us look into all facts, and then it will be open to hon. Members to discuss the matter. But to-day, I submit, it is wrong to allow the adjournment motion."

* SRI P. RAMAMURTHI:—"Sir, I certainly feel that these questions should be separate. Two independent questions should not be mixed up. I agree. But this is not an ordinary case."

MR. SPEAKER:—"My difficulty is this. There will be repetition of arguments and in two hours it is not possible to finish discussion on this motion. Yesterday, I allowed ten minutes for each Member but the time limit was exceeded."

* SRI P. RAMAMURTHI:—"On the question of shooting, there will not be repetition of arguments used in another connexion, namely, discussion of the educational policy of the Government, except where somebody might say that this shooting was the result of that policy."

[16th July 1953]

MR. SPEAKER :—" I want to know how many Members are for the motion being taken up.

(Many hon. Members stood up in their places.)

I allow the motion. I shall fix a date in consultation with the Leader of the House and the Leaders of Parties.

11 a.m.

" We shall now take up the next item on the Agenda."

SRI P. RANGASWAMI REDDIAR :—" Sir, what about the other adjournment motion of which I have given notice? "

MR. SPEAKER :—" The ruling already given by me holds good for that motion also."

SRI P. RANGASWAMI REDDIAR :—" It is a different matter, Sir, about the arrest of about 94 persons in some other place."

SRI A. GOVINDASWAMI NAYAGAR :—" I have given notice of another adjournment motion, Sir. It is about the arrest of Sri Veeraswamy."

MR. SPEAKER :—" I will look into all of them. We will now take up the next item. Mr. Thimma Reddi will now speak."

SRI VAVILALA GOPALAKRISHNAIAH :—" On a point of order, Sir."

MR. SPEAKER :—" Let the hon. Member come to my Chamber, I will hear him." (Laughter.)

III.—GOVERNMENT BILL. THE ANDHRA STATE BILL, 1952—cont.

SRI P. THIMMA REDDI :—" Mr. Speaker, Sir, ever since the declaration came from Delhi that the Andhras will have their State, I felt it will be better for me to talk less. That is the reason why though there was need for me to speak, though I found there was much on which I could have spoken, I refrained from speaking during the Budget debate. And now when the Bill is before us I thought there were our friends who could offer their valuable suggestions on the Bill and I felt I could stop with offering my thanks and appreciation to the Government here and at Delhi. But now I am forced to speak on this Bill for three reasons. The first is an incidental remark made by the Hon. the Chief Minister yesterday that the report of Mr. Misra is an award. The second is the fast undertaken by Sri Tetali Kanti Reddi in Bellary, a man of great reputation and a big Gandhite and who is on the last days of his life. He will be as great a man to the people of Bellary as Sri Potti Sriramulu is to Andhra. The third is the remarks made by my hon. Friend Sri Vinayakam.

" Sir, I take this occasion to say a few words about the Bill before the House. Rajaji is a very great administrator. He is one of the few great leaders of this country. We all feel that he alone could steer the Government. He has done many things to

16th July 1953] [Sri P. Thimma Reddi]

the satisfaction of all people during the past one and a half years. It was he that was able to form a stable Government in this State at a critical time. But then in the course of events this division of the State has come. We have all been feeling that he will be able to steer clear of all difficulties and troubles and that he will give the Andhras a good send-off. While opening the debate on the Bill, Rajaji said it will be a great occasion for the Andhras, as pleasurable as the day when this country got independence, when this country got rid of the slavery from the British Rule. I ask, is it really an occasion for pleasure? I submit to the House and to the Leader of the House that the Andhras are given a send-off with more pain than pleasure. There should have been no need for a debate on this Bill if it had been properly framed. This Bill contains clause after clause which creates suspicions. When common properties are divided between brothers why should there be any secrecy about it between the brothers? Why not all the Members of the House and the public know what are all the assets and liabilities, how are the properties to be divided and who are all the officers that are going to be apportioned to the different States? These things ought not to be kept secret. They should all be open affairs. As it is, everyone is under a suspicion and more so the Andhra public. Every hon. Member from Tamil Nad asks me whether the clauses and proposals in the Bill are to my satisfaction. I in turn ask them whether they are to their satisfaction. They express surprise at these provisions. I submit this is a Bill which should be seriously considered and fully examined and all should give their considered suggestions to Parliament to enable Parliament to take proper decisions and pass the Bill into an Act.

" Sir, Rajaji has been a great leader. I have been saying this very often. He incarnates the entire Government and the Cabinet in himself. I say this particularly for one reason. When there was a suggestion from the Andhra leaders that some non-officials should also be taken into the Committee formed to examine the partition problems, the suggestion was rejected. All kinds of suspicions arose then in the hearts of the people that it was going to be Rajaji's affair and so the decision also was going to be Rajaji's. It was said 'Ministers might be there on the Committee, officials might be there on the Committee. They are only there as Members of the Committee but the final verdict will be that of Rajaji.' That was the feeling of the people here and in Andhra also. Sir, Rajaji had been a great lawyer. Many seniors had been mentioning about his achievements as a lawyer. We all know him as a lawyer. But my conception of a big lawyer is this: To argue a case based on truth, where there is proper evidence, is there need for a big lawyer? Any ordinary lawyer will do to establish and win such a case. But a great lawyer is necessary only in bad cases. Lawyers have become great because they have won bad cases, because they have converted untruth into truth, and converted bad into good. That is how I feel great lawyers have come into existence. That is why I feel when properties and lives are involved, big lawyers are brought from other States. A big lawyer from Bombay was brought here to defend in a murder case. He

[Sri P. Thimma Reddi] [16th July 1953]

tried to make out a case for the defence but failed. So also our big lawyers are taken to Bombay, Delhi and elsewhere, to defend bad cases. Should I take it that Rajaji is one such big lawyer?

"Sir, I take it that lawyers are people who try to get maximum justice. If Rajaji is really a great lawyer, then our interests, the interests of the Andhras should be safeguarded by Rajaji himself. I may tell the House, we are now concerned with the question of division of assets and liabilities. And Rajaji in himself constitutes the entire tribunal and the entire Committee, and everything. That being so, why should there be doubts, why should there be amendments moved by different parties? There are amendments moved even by our Tamil friends. I take it that Rajaji has carried through the whole affair as a big lawyer. Sir, we had been feeling that we were not treated properly, that the men in the services were not given full opportunities, that our areas requiring industrial development were not given good attention and so on. Yesterday the hon. Member Sri Adityan was saying that all the Chief Ministers of this State were Andhras up till now. He included Rajaji also as an Andhra. (Interruption.) If hon. Members Sri Vinayakam and Sri Adityan should differ in their views, they can settle accounts elsewhere. But he had been telling me all the Chief Ministers were Andhras. (Interruption.) If Rajaji is not now an Andhra, he is bound to become an Andhra in course of time."

SRI K. VINAYAKAM:—"Sir, on a point of order. I want the hon. Member to know that my name is Vinayakam and not Adityan."

11-10 a.m. SRI P. THIMMA REDDI:—"Sir, I did not refer to Sri Vinayakam as Sri Adityan. But I was saying that Sri Adityan was telling me that Rajaji also was an Andhra. If Sri Vinayakam is not able to understand what I was saying, I am not responsible for that. Other hon. Members have understood what I have been saying and they have not raised any objection. If Rajaji's own taluk, his birth place Hosur chooses to come to Andhra, he will not belong to Tamilnad, he will lose his citizenship of Tamilnad, but he will be an Andhra and he will be forced to become an Andhra."

"Sir, when the question was started, I thought Rajaji would be very fair and just. I think he is just and fair to the Tamils. But the provisions of this Bill and the experience of the Andhras show that they will not get the right verdict. For Andhras and Tamils to be good friends and good neighbours, this question of distribution and division of properties and other things should be dealt with fairly. Sir, I request Rajaji—it is not too late and the Andhra State is only in the process of making—to accept the amendments and make it a non-disputable debate so far as this House is concerned and let us recommend to the Parliament in Delhi to take the final decision on that basis."

"Sir, there are three things in this Bill on which, I feel, I should speak a little. They are about the boundaries, the officers and financial aspects. Sir, yesterday Rajaji while referring to

16th July 1953] [Sri P. Thimma Reddi]

Mr. Latchanna's adjournment motion said that the report of Justice Misra was an award. I take serious objection to it. Every Andhra takes serious objection to it and to the remark that he made that the agitation in Bellary is engineered and is run by the Krishak Lok Party. I submit that it is not the Krishak Lok Party, but it is the Congress, it is the Communists, it is the independent Communists and other Andhras who are interested there. So much so, I say that the agitation in Bellary has nothing to do with any one party; it is the agitation of the people there. It is the agitation of the people affected and insulted. People from places beyond Bellary, borders, long way from Bhadrachalam, Vijayavada, etc., are going to Bellary to participate in the agitation. As such I am sorry to have heard those remarks of Rajaji yesterday that the agitation is ours. It is not so. It is an agitation of the people."

"Sir when the life of Sri Kami Reddi is in danger it is said that it is no concern of this Government. It is the concern of the Government as much as it is in the case of yesterday's firing. It is going to lead to an incident like that. The life of Sri Potti Sriramulu was sacrificed and Sri Kami Reddi's holy efforts in Bellary may also end like that. I submit that the areas should be given to the particular State where the people prefer to remain, whether it is Andhra or Mysore."

"Sir, I ask the hon. Members to read the report of Justice Misra. Is it the report of a lawyer for a particular party or is it the report of a judge on an impartial reading of the situation there? Were the facts presented to him as a lawyer and as a party, Sir? Sri Jawaharlal Nehru of the Central Government has passed his final verdict. We cannot expect Sri Nehru to have gone through the entire report. It is difficult and impossible. For that matter any Minister, more so the Chief Minister, cannot look into all the papers that are placed on his table. So also Mr. Nehru has passed his final verdict. When justice is not properly done, is it wrong to represent? We are not arguing; we are not threatening; ours is not an agitation like any other agitation with serious consequences. We are only honestly and humbly submitting to Government here that the question must be re-examined for the creation of an Andhra Province with undisputed areas."

"Mr. Vinayakam has gained his point. When there was a longstanding report about the Andhra Province, when there were arguments and counter-arguments about the boundaries of this Andhra Province, the J.V.P. Report—wherein the name of Nehru himself is mentioned—closed the question. When that was so, the question has been brought forward for re-opening the subject with the agitation of Mr. Vinayakam. I am glad of this agitation in Tiruttani taluk. We have no objection to ceding of the Tamil villages or the six taluks or the entire district. We can be happy by ourselves. But let us represent to Sri Nehru or the Government to consider these things. Whatever motives were behind the agitation of Tiruttani, with whatever motives and whatever other

[Sri P. Thimma Reddi] [16th July 1953]

interests, sane and insane, the agitation was carried on, Sri Vinayakam has got what he wanted for the Tamils and an enquiry has been promised on a question which was closed and on which final decision had been taken by many committees and many people including Sri Nehru himself. Cannot this question of Bellary also be re-opened? It must be re-opened with the support of all Members of this House. I am only pleading for a plebiscite and Misra report itself concedes that nothing short of a plebiscite will decide this question. Under these circumstances I submit that the question of Bellary must be re-opened for decision by a plebiscite. I wish the entire support of the House is there for that.

"Sir, it was stated in Mr. Wanchoo's report that the Andhras could remain in Madras for some time. Then it was Rajaji that ran up to Delhi and managed to see that the Andhras did not remain any longer in Madras after the final date and he gave certain remarks or readings of his own that otherwise there will be very serious consequences in Madras. All that is past history.

"Sir, I must say that in Bellary we went by default. There was nobody to speak on behalf of the Andhras. There were Karnatakas—Dr. Nagan Gouda is smiling. So, Sir, it is not a question of population or things like that for which Bellary and the firkas were conceded to Mysore. I hope Mr. Vinayakam will uphold the case of Bellary as much as his Tiruttani. Though we have two representatives in the Centre, one is an international trade unionist, so he cannot take any sides and the other is a philosopher and he also will not take sides. So much so, we lost Bellary. But this question has become a big problem for us. I request the Hon. the Chief Minister and the House to recommend to the Government at Delhi to re-examine this question. More than anything, the people of these areas should be given a full chance of a plebiscite to decide which way they wish to go. We wish all to live in peace and as good neighbours. Anybody anywhere should feel that he is the native of that area, that he is the citizen of that area and that he was born in that place. We cannot afford to raise the passions of the people. We cannot incite or compel people to do anything. That is somewhat criminal. I say I am not for those things. In Bellary a peaceful satyagraha was going on and lathi charge was ordered; innocent children were injured. If that Reserve Police could understand the language of the area, if they could understand Telugu, they would not have done it. Some Tamil and Malabar friends in the police were there. Somebody said, 'March, punish the people' and they immediately lathi-charged them and those people including innocent children were in the hospital for weeks and weeks as in-patients. They did not..."

SRI P. THIMMA REDDI:—"Please excuse me, Sir. Two more sentences and I will finish.

"Sir, in regard to the assets and liabilities I would like to say a few words. I want all my friends to pay their full attention to

16th July 1953] [Sri P. Thimma Reddi]

the two expressions 'book values' and 'depreciation' mentioned in the Bill. They are mischievous, deceiving and exploiting expressions and they cut at the roots of Andhra interests. Therefore the problem of assets and liabilities must be thoroughly examined. One word in regard to the crime branch of the Madras Government and I have done. Even at dead of night lorry loads of electrical goods had been carried away from Pakala sub-station to Madras and the next morning an order came that no goods should be transferred from one area to the other after the appointed day. What action has been taken by the Government against the officers responsible for this act? Sir, the officers are greatly annoyed. Fifty per cent of the agitation for the formation of a separate Andhra State is mainly due to the behaviour of the officers..."

* SRI K. KOTI REDDI:—"Mr. Speaker, I am happy on this occasion to support the motion moved by the Hon. Chief Minister recommending the introduction of the Andhra State Bill in Parliament. Andhra Members of this House will be failing in their duty if on the eve of the formation of the Andhra State they do not offer their grateful thanks to the Andhra leaders who are no more, the foremost among them being Konda Venkatappayya Pantulu of Guntur, Nageswara Rao Pantulu, Mutnuri Krishna Rao and lastly Potti Sriramulu and who, along with many other leaders now living, worked hard for the formation of the Andhra State. It is not necessary for me now to go into the past history of the Andhra movement which has been going on for more than four decades now. All this time we have been agitating and anxiously waiting for the formation of a State of our own and whether we are satisfied fully or not with the State to be formed, we cannot but express our joy at this moment.

"So far as the Bill is concerned, it does not satisfy us to the extent to which we would like it to have. When the clauses are taken up for discussion, we will have enough time to point out to the Assembly in what respects this Bill is really defective from our point of view. One is the division of assets and liabilities and unless drastic changes are made in the clauses pertaining to assets and liabilities, great injustice will be done to the interests of Andhras.

"Then I would like to say a few words in regard to the boundary commission and the areas which have to be included in the Andhra State. We have been for a very long time anxious to form a State which is now known as Visala Andhra to be included in it not only the areas in the present State of Madras, but also the areas in Mysore, Hyderabad, Madhya Pradesh and Orissa. I believe, Sir, a time will come and it will come sooner than later when we will have Visala Andhra. But at present we shall be satisfied with what is given to us. Even then some injustice has been done in respect of a portion of Bellary taluk. The contention of the people of this particular area is that the census figures on which the Misra Award is mainly based, are not correct. The hon. Member Mr. Vinayakam also expressed the same opinion in regard to the census figures of Tiruttani taluk of Chittoor district, if what is

[Sri K. Koti Reddi]

[16th July 1953]

reported in the newspapers is correct. I do not want to go into details now, but the time may come when the census figures can be proved to be not correct. Sir, even Mr. Misra said that his was a report and not an award. It was a report which was submitted to the Government of India and on that a decision had been taken by the Government of India. When a decision has been arrived at on a vital matter like this affecting lakhs of people and when it is felt that a wrong has been done, it is up to us to agitate and get the wrong rectified. After all, what is it that the people of three firkas of Bellary taluk are asking for? They are only saying that Mr. Misra's report is not based on correct census figures and that Mr. Misra has not given the people of those firkas any opportunity to prove that the census figures are not correct. They are not asking that the Government of India must revise their decision in any case and they are not fighting against their decision either. They only want that an opportunity should be given to them to decide the issue by a democratic method. In these days of parliamentary democracy, why should not a chance be given to the people to decide their own fate? It is not a small matter. It is a matter affecting the vital interests of a fairly large number of people. It will be in the interests of Government and of the people in the contiguous areas if this democratic method is adopted for all the disputed areas and a chance given to the people to decide the question for themselves. If we are asking for an Andhra State, it does not necessarily mean that all the Andhras in the border or adjoining areas should come over to the new State. It may not be possible and it is also not possible. Some Andhras may prefer to be in the residuary State and why should they not be given a chance? If to-day some Kanarese people also in the three firkas of Bellary taluk want to be with Andhras, why should they not be given a chance?

11-30
a.m.

"What is the criterion that should weigh with the Government in determining the wishes of the people? Surely the answer is only by way of a plebiscite, can they accurately judge public opinion. What did Mr. Misra himself say in his report? Has he not made a reference once or twice in his report, even though that pertains only to a particular area, that public opinion could be properly assessed only by means of a plebiscite. That is why I say the Government of India had erred and Justice Misra had erred in adjudging Bellary taluk to be for a purely Kanarese State. How can we say so before taking a plebiscite? In this connexion I wish to bring to the notice of the House the fast which had entered the 20th day to-day, of Sri Kami Reddi? What for is he fasting? It is because he clings to a certain principle and that principle after all is not anything strange. He says that the proper course that the Union Government has to adopt before deciding the future of Bellary is to hold a plebiscite. That has not been done. A judge had given his findings and the same had been accepted. When such is the case, is it wrong that some satyagrahis are fasting? What did that great satyagrahi, Sri Potti Sriramulu, do? For what did he die? What is it that Mahatma Gandhiji taught us?

16th July 1953]

[Sri K. Koti Reddi]

Of course, on an occasion, we say that we want to follow the non-violent method, the principal teaching of Mahatmaji. What did he say? Did he not say that we ought to achieve anything that we wanted only through non-violence? When such is the case, what is wrong if two satyagrahis are fasting in Bellary, when they are convinced that their course of action is a non-violent one? That is why I say it would be by far better if the Union Government were to hold a plebiscite in the near future to decide the future of some firkas of Bellary taluk. Incidentally I may also say that if they were to do so they would be correcting an error which many believe they had committed in having accepted the Misra award adjudging Bellary taluk to be out and out Kanarese.

"May I now just touch upon one aspect concerning the Tungabhadra Project? Ever since I entered the Council about thirty years ago, there have been two questions that I have been trying to bring to the attention of the Government. One of them related to the starting of the Tungabhadra Project. The other concerned the villages. I was one of those who always felt that the villages in the Madras State were being neglected and that the towns were developed at the expense of the villages. For the economic development of the Rayalaseema area the starting of the Tungabhadra Project was considered to be the only remedy. As long ago as 1901 an Irrigation Commission was appointed to consider the feasibility of utilizing the waters of the Tungabhadra for eradicating the famine in Rayalaseema. After full investigation the Government unfortunately came to the conclusion that the Tungabhadra Project would not be remunerative. The whole scheme was therefore deferred. The cry of the people of Rayalaseema was not taken due notice of by the then British Government. Ever since the scheme was deferred and up to the period when the Advisers' regime began to function, nothing was done in that direction. Thanks to the initiative of one of the Advisers, I mean Sir S. V. Ramamurthi, the Tungabhadra Project was taken up for execution. To-day, Sir, we find the Tungabhadra Project nearing completion. Whereas the earlier project was intended to benefit 16 to 17 lakh acres in the Ceded districts the present Tungabhadra Project is to irrigate only about three lakh acres in Kurnool and Bellary districts. The High Level canal has not yet been taken up. Only the completion of that canal would mean the bringing in of water-supply to Pulivendla taluk in Cuddapah district and Gooty and Tadpatri taluks in Anantapur district. Unless this High Level Canal Scheme is executed, there is no other permanent source of irrigation for these places. Of course the waters of the Pennar could be utilized. But it should not be forgotten that the Pennar has no adequate water-supply. Therefore, the only course left is to immediately complete the High Level Canal Scheme. I am sorry to find that for the present, there is provision only for the Low Level Canal Scheme which will irrigate about 3 lakh acres in Kurnool and Bellary. I would earnestly request the future Andhra Government to immediately sanction the execution of the High Level Canal Scheme and see to it that the Tungabhadra Project as it was first

[Sri K. Koti Reddi] [16th July 1953]

adumbrated by Colonel Macknezi is executed for with. Such a course alone would mean a permanent protection, though partly for the people of Rayalaseema, from the evil of famine.

“ Sir, it has become usual especially whenever the question of Linguistic States is discussed in this House to make an appeal to friends on both sides to remain calm and eschew bitter feelings and also at the same time give mutual assurances of goodwill and fair-play to all people concerned. So also I want to take this opportunity to give a similar assurance on behalf of myself to my friends who may not ultimately form part of the Andhra State. It may be that for some time, we have got to agitate for inclusion in the Andhra State, as our goal of Visala Andhra is to be realized, many Andhra areas in Mysore, Hyderabad, Madhya Pradesh and Orissa. Maybe at that time, some bitter feelings may be roused and unlawful action taken by miscreants. But I am sure that once Visala Andhra is realized, goodwill and tolerance will prevail among the neighbouring States and all things will come to a happy conclusion. Mr. Speaker, I have really been at a loss to understand the apprehension in the minds of some of my Tamil friends that were we to get the Andhra State their interests might be jeopardised. They want assurances. What are they for, I ask? After all we know these States had been carved out to suit the conveniences of the Britishers, who were ruling us in the past. The carving out of these States has been more or less a historical accident. After independence, what is it that we require? Is there anything wrong in people wishing to form themselves into a homogeneous unit by means of language, I mean, on linguistic basis? What does our Constitution say? Has it not only laid down that there ought to be one national language for the whole of India but given due consideration for mother tongue? When such is the case, is there anything wrong in our claiming to form ourselves into linguistic units, each with its own respective language? What does our Constitution say in this direction? Has it not laid down that within the States the language of the administration, in the universities and even in the legislatures in the States can be the regional language? Well, then, I ask what is wrong in forming linguistic States? Is it not better to teach our children in our own mother tongue and build up their character and make them useful citizens of the country?

11-40
a.m.

“ At the same time let us not forget that wherever we may be we are first and foremost citizens of the bigger unit, namely, the Indian Union. Do we not know that our own Constitution lays down enough safeguards for us to live amicably? Is there not a provision in our Constitution by which the Centre has the ultimate control over all the States in the Indian Union? When such is the case, what is there for the Tamilians who live in Andhra area or for the Andhras who live in the Tamil area to fear? As a matter of fact, some lakhs and lakhs of Andhras are now living in Tamil areas. I know many of them have got big interests there. When they are anxious to live in that area alone and are happy

[16th July 1953] [Sri K. Koti Reddi]

over there, why should they be displaced? For instance, I can cite several examples where Tamilians have settled in Andhra area and are living happily. In Cuddapah several Tamilians have settled down and they are living amicably with the Andhras there. Can't a Tamilian live happily in an Andhra area or a Telugu in a Tamil area? If, for instance, a Tamilian were to offer a rice bag to an Andhra at a low cost, will any Andhra refuse to buy the same because he is a Tamilian? No, he will not. So long as the transaction is in his favour, anyone would be prepared to accept the offer. For instance, how can I refuse the idli and sambar of the Tamilians, in the preparation of which they are experts?

“ Let me now come to the point. Where the people in a particular area express unanimously or almost unanimously a particular view, that view should be taken due notice of. For instance, take the case of Bellary. The Telugu-speaking people in Bellary have with one voice demanded that Bellary be included in the proposed Andhra State. So also Kannadigas are for Mysore. What did the Government of India do? How did they assess public opinion there? Did they hold any referendum or plebiscite? Compare this with what the Prime Minister had done with reference to Kashmir? What did he say? How is he going to assess the opinion of the people of Kashmir? The Prime Minister had declared very rightly that after Kashmir became quiet and free from Pakistan trouble, they would hold a plebiscite. If that is the declared policy of the Central Government, why should they shrink from doing so in Bellary? Why should they appoint a Judge to decide the issue? Can any man decide such an issue satisfactorily? That is why I say the Central Government had erred so far as Bellary was concerned. Therefore I plead with the Central Government to hold a plebiscite in Bellary to decide its future ultimately. The fundamental criterion of ascertaining the opinion of the people residing in a particular area before deciding the future of that area should not be lost sight of. That is why I say wherever boundary commissions are appointed to settle the claims of disputed areas, let clear-cut instructions be issued to them to assess public opinion by means of a plebiscite. For instance, take the case of Kolar in Mysore. The majority of people living in Kolar are Telugus. They have been living amicably there all these years. As I had observed previously these States were carved out in the process of history by the ruling Britishers for their own convenience. Of course, they said it was for their administrative convenience. Suppose you appoint a Boundary Commission to decide the future of Kolar. Simply because the majority of its inhabitants are Telugus, the Boundary Commission cannot at once decide that Kolar be included in the Andhra State. Let them hold a plebiscite and ascertain the opinion of the people in Kolar. Suppose due to their long association with Bangalore, the capital of Mysore, they express the view that they prefer remaining in Mysore itself; we can never go counter to that opinion. That is why I still repeat that the voice of the people should be first ascertained in all disputed border areas.

[Sri K. Koti Reddi] [16th July 1953]

[At this stage, the Deputy Speaker occupied the Chair.]

11-50
a.m.

" Mr. Deputy Speaker, Sir, I make an appeal to my non-Andhra friends, the Tamils, Kannadigas and Malayalees that the choice should be left to the people concerned. So far as I am concerned, I have not lost hope that the people would like to have some association with us; though the people of Tiruttani may feel that Kurnool is far off yet the chances are there and there is a possibility of some of them, if not most of them, trying to be along with their friends near and around them and that is why I suggest that the question should be left to the people and they should do things with a full knowledge of the consequences of their choice. Propaganda there may be and just as in the conduct of elections money may be spent; there may be many difficulties. If the matter is decided by a Commission, heart-burning is likely to result but when once the people make their choice, there is no question of bitterness and nobody can be found fault with, neither the Government of this State nor of the union, for it is the choice of the people. So far as I am concerned, I would say that in all boundary questions, the final voice should be the verdict of the people and it should be settled by means of a plebiscite. Let us understand that we are living in days of democracy. In the matter of deciding the question on this footing, there is no likelihood of illfeeling between us or any possibility of an unfair deal. I had no difficulty to get on with the people of the South. There are fifty lakhs of Telugu-speaking people living comfortably and happily in the South and will any one expect the Andhras to be hard upon any Tamilians that may be residing in the Andhra State? That will not be but on the other hand, I am expecting a large percentage of labouring and other classes of people to come into the Andhra Desa for purposes of employment. I can assure you, Sir, that the Andhras at any rate are not going to be less generous than others; they could not be less generous than others; on the other hand, our feeling is that we are likely to be over-generous and naturally we suffer for it sometimes.

" Yesterday dealing with the three firkas of Bellary, one of the Members coming from the Kannada area of Bellary district said something which I did not then understand because he spoke in Kannada. Later on I found that he attributed a statement to me to the effect that at a public meeting at Bellary, I said that it would be a 'Kurukshetra' if some things were not done. I assure all Members here including that hon. Member that I never made such a statement. I never addressed a public meeting. A meeting in the drawing room of a private house was held over which I presided; invitations had been issued to the Members of the Legislature and a few leaders of Andhra Desa. I could never have said such a thing as attributed to me. Presumably there has been an error in the report of my speech. I appealed to the Government to revise their orders and particularly to the friends who had gathered there; I appealed that there should be no sort of violent action. My hon. Friend said that he found it mentioned in the papers. Sometimes it happens that prejudice influences the reporters and untrue report

16th July 1953] [Sri K. Koti Reddi]

results. Unfortunately, I did not read these papers especially as they were Kannada papers. I would appeal to him not to put down this statement to me and I want him, the Government and every hon. Member in the House not to think that I made the statement. You know, Sir, that a harmless person like me could never have given expression to such a thing as the hon. Member mentioned? With this assurance, Mr. Deputy Speaker, I support the Bill."

* SRI P. RAMAMURTHI :—" Mr. Deputy Speaker, Sir, I rise to support the motion before the House and while doing so, I want to express the sense of rejoicing not only of the Andhra people, not only of the Andhra Members of this House but of the entire democratic movement of this country over the happy victory that the Andhra people have secured. I am sorry to say that the debate over this motion has not been properly initiated by the Hon. the Chief Minister; in fact, when he was making the speech, I was struck with the dry nature of the speech and I felt he was making a sort of ritualistic speech and performing a sort of ritual that was imposed upon him: 'An Andhra State has got to be created; we cannot help it, however much I might have desired that no such linguistic State should be created and however much I might have wished that the formation of linguistic States should be relegated to the background and it should be given up once and for all; none the less I am compelled under the circumstances, under the impact of the people's movement, to initiate the motion.' That is how I felt the feeling was there. The background of that feeling was there and I found that the Chief Minister was not able to rejoice with the people of the Andhra area and that is why he said that the day the Andhra State came into existence would be the day of rejoicing for the people of the Andhra area and they will rejoice over it on a scale far vaster than on August 15th, 1947. It has got a great significance. Why was it, Sir, that the people of our country who had contributed tremendously in the struggle for freedom from foreign imperialism, should be feeling after all that their achieving the Andhra State is of far greater significance and of far greater importance and is a matter for far greater rejoicing than even the freedom from foreign imperialism? I would like the Hon. the Chief Minister to understand the significance of the statement that he made. (The Hon. Sri C. Rajagopalachari: 'Not less or perhaps the same,' was what I stated.) 'More than even on the 15th of August,' that is how it is reported. Even then, Sir, it is not less but it is on the same level. The rejoicing of the people of the Andhra area is to the same extent as on the fifteenth of August. Why should it be so, Sir? It is exactly there that I would like to ask the Hon. the Chief Minister who is holding an important position not only in this State but in the public affairs of this country, to revise his opinion and understand the significance of the growth of the people's movement. Had he understood it, the Hon. the Chief Minister would have told us while initiating the debate, what were the fundamental principles upon which the entire Bill was based. After all, there have been

[Sri P. Ramamurthi] [16th July 1953]

previous reports on this question; there was the J.V.P. Report, there was the Wanchoo Report and there was the Report of the Partition Committee and all these things were there and the Bill has been framed on the basis of certain principles.

12
noon.

"This question has been dealt with in these various reports and the Hon. the Chief Minister has had also the opportunity—a tremendous amount of opportunity—to shape the Bill. The Government of Madras were consulted while framing the Bill. Therefore, if the Hon. the Chief Minister had only taken us into his confidence and told us the basic principles on which the various provisions in the Bill were framed, this discussion would have taken a different turn and it would have been much more helpful. It has therefore been left to us to guess and find out what those principles are and on that basis lay down certain fundamental principles as the criteria.

"I now come to the broader principles that are involved in this Bill. The fundamental principle that is involved is the principle of democracy. The Hon. the Chief Minister might to-day have revised his opinion. There was a time in 1942 when he issued a statement in the Press of India wherein he had referred to the way in which the leaders of the Soviet Union had solved the problems of a multi-national and multi-lingual State and upheld the example of the Soviet Union as one of the best ways, in fact, the only way of solving the problems of multi-national and multi-lingual States. This was in 1942. To-day the Chief Minister might have revised his opinions as he has done on so many other matters concerning the national movement. This question has been discussed from time immemorial not only by the Hon. the Chief Minister but by the entire national movement. As early as 1920, the national movement put before the people of this country a picture of the India that was to be. It was only on the basis of this picture that the people could be inspired to fight for freedom. We cannot inspire a people to fight against a foreign imperialism without placing before them a concrete picture of the kind of society that is to be evolved after freedom is achieved and a vision or a picture of the administrative apparatus that is going to be set up. Because the national movement understood this basic principle of mobilising the people of a country, they placed before the people a picture of the India of the future. What did they say then? The leaders of the national movement including Sri C. Rajagopalachari did not talk of the division or partition of the country. They had a different conception of these linguistic States. The exact words they used were the 'redistribution of States.' Now, let us not get away with the words that we are parting. There is no question of division or partition that is involved in this case. It is a case of redistribution of States and, as I said in the last session of this Assembly, the Indian National Congress took up the challenge of the British Government which appointed an all-white Simon Commission and it convened an All Party Conference under the presidentship of the father of the Prime Minister of India, the late Pandit Motilal Nehru. In that Conference there

16th July 1953] [Sri P. Ramamurthi]

were members from various political parties. The late Sir Taj Bahadur Sapru, Mahomed Ali Jinnah, Subhas Chandra Bose and Sri M. S. Aney were all members of this Conference. This Conference appointed a special sub-committee to go into the question of drafting a Constitution for the future of this country. What has this Committee stated in Chapter IV of its report? They have pointed out that the existing distribution of States had no rational basis whatsoever. How did this distribution come about? They have pointed out that it was merely due to accident and the circumstances which attended the growth of British power in India during the early days of its expansion. There was no other rational basis whatever for the existence of the various States as they existed in 1947 and continue to exist even to-day.

(The Committee therefore pointed out that this irrational basis must be smashed and a new rational basis must be evolved on certain fundamental principles on which the States ought to be redistributed. They had also pointed out what those principles should be. The main consideration must necessarily be the wishes of the people and the linguistic unity of the area concerned. They had then pointed out the well recognised principles that rapid progress in education as well as in general culture and in most developments of life depended on language and that if a foreign language was the medium of instruction and also for conducting the affairs of the State, the growth of that country must necessarily be stunted. No democracy can exist where a foreign language is used for conducting the affairs of the State. In a democracy the people must be well informed and must be able to understand and follow public affairs in order to take an effective part in them. The question of linguistic States was therefore looked upon by the leaders of the national movement, in fact, by the entire national movement as a question fundamental to democracy for the people of this country. There will be no democracy if linguistic States are not there and the people are not allowed to receive instruction in their own language and are not allowed to participate in the affairs of the State. Without democracy there can be no real growth in the life of the people, there can be no real growth in the culture and language of the people and there can be no real economic upsurge leading to economic reconstruction. It was on the basis of these fundamental principles that the leaders of the national movement put before the people this picture of the India of the future.) As far as I can understand, the national movement was certainly not a disruptive movement. It did not stand for the disunity of the country; it did not stand for the division or partition of this country but stood for the unity of the country. The national movement's concept of unity was not merely an idealistic concept. It had a material basis also for people are united together only when their material interests are also united. People do not go together merely because of some spiritual things. The history of the world has proved it. (Interruption from the Treasury Bench: 'Karl Marx has proved it'.) For example, if Rajaji who talks in season and out of season (the Hon. Sri C. Rajagopalachari:

[Sri P. Ramamurthi] [16th July 1953]

'Never out of season') is not able to convince the Andhra members of his own Congress Party, who have been with him for the last 30 years, of the value of spiritualism and therefore they should remain together, it is obvious that his talk of unity on the basis of spiritualism has not stood the test of time. It is material interests that unite people. It is because of the fact that the leaders of the national movement understood this fundamental principle that they said: 'Even while we stand for unity on the basis of democracy, let us give an opportunity for the people to grow and to manage their own affairs.' A unity that is cemented on the basis of a voluntary and willing accession of the various parts will be far more strong and will be steel-like in strength. This was the kind of unity that national leaders cherished at that time. That was so in 1928, 1929 and 1940 but in 1947, after August 15th, the entire situation has changed. This same picture cannot now be placed before the people. The question of viability of the various States must be taken into consideration and administrative convenience has also got to be considered. All these new excuses have now been trotted out in order to deny the rights of the people to have a Government administering the affairs in their own language. Is it to be supposed that the national movement did not take note of these things at that time? No, Sir. (The very same Committee took note of these things. What is the answer they gave? They took into consideration a third factor—though not of the same importance as administrative convenience—which would include geographical position, economic resources and the financial stability of the areas concerned. They further said that administrative convenience was often a matter of arrangement and must certainly bow down to the wishes of the people. On this subject the Nehru Committee also adopted a resolution on August 30, 1928 recommending the formation of Andhra, Aikya Kerala, Karnataka and Orissa Provinces immediately. That was the picture in 1928.)

"In 1947, what was the picture? The fundamental concepts of the Congress organisation on ever so many questions had changed. In 1930, the Congress Party told the people that all the debts contracted by the British Government would be repudiated as soon as freedom was won because they were not contracted in the interests of India but were contracted for the purpose of keeping a foreign power in India. To-day no such repudiation has taken place. In fact we go out of the way to assure the British people that no such repudiation will take place. We go still further and say that they need not return something of the money that they had taken forcibly by way of accumulated sterling balances between 1940 and 1945. Similarly on the question of formation of linguistic States, the Congress leadership repudiates the fundamental principle which it had accepted in the course of the long national movement, and wants to go back. Everyone knows how many stumbling-blocks the Congress had put up even on the question of the formation of the Andhra State. The ruling party had been paying that they had no objection to the formation of the Andhra State and that in fact the J.V.P. Committee was appointed

[16th July 1953] [Sri P. Ramamurthi]

for the very purpose, and that even in the Constitution provision had been made for the formation of the Andhra State. We very well remember that the British Government had also no objection to the granting of freedom to this country. The British Government also said, 'Yes, you can have complete freedom provided there is complete unanimity and unity in the country.' Similarly taking a leaf out of the British Government, our Congress leadership also stated that provided there was complete unanimity—no voice should be raised by the parties concerned with regard to any dispute—there would be an Andhra State. In this way, for three or four long years, a separate State was denied to the Andhras. Unfortunately for the ruling party, the popular movement forced the Congress leadership to go forward with the formation of the Andhra State. It is because of the popular movement that a big breach has been made in the citadel of reaction. We congratulate the Andhra people not only on the victory that they have achieved for themselves but also on opening up one of the biggest breaches in the wall of reaction. As a matter of fact, the present Andhra State is not what the Andhras wanted. The Congress leadership has yet to accede to Visala Andhra resulting in the break-up of the feudal Hyderabad State. Still the victory achieved by the Andhras is a milestone in the march of the people towards freedom and democracy. We know, as a matter of fact, the announcement regarding the formation of the Andhra State had immediately set in motion vast forces not only in the Andhra areas but throughout the country—in Kerala for an Aikya Kerala State, in Maharashtra areas for a Maharashtra State, etc. The people have come to feel that the Nehru Government's obstruction can be broken and smashed to pieces. The Andhra people have shown us the way to break the Government to pieces and march forward. Such is the kind of confidence that the people of India have got. Even though the principle of linguistic States has not been fully accepted in this Bill, still the formation of the Andhra State contemplated here will be one of the biggest victories in the march of the people towards linguistic States. That is why, not only I rejoice, but the entire democratic movement and the country rejoice at the formation of the Andhra State on October 1st.)

"I now come to other questions. Let us analyse the principles underlying the Bill. I am sorry to say that certain fundamental principles which should go to make a democracy have not been embodied in the Bill. With regard to questions like division of assets and liabilities, the demarcation of boundaries, etc., why did not the Government of India lay down certain fundamental criteria which should govern all these things? On the questions of division of assets and liabilities and demarcation of boundaries, I would like to make an appeal to all to understand the existing situation and not to complicate the situation by making one people fight against another. After all, the present state of affairs has come about not as a result of the fault of the people of either Tamil Nadu or Andhra or Malabar or any other area. We have all been the common victims of exploitation of the British power which

[Sri P. Ramamurthi] [16th July 1953]

had created this state of affairs. Therefore, the future generation or the existing generation can certainly not be held responsible for the misdeeds committed by the British Government. All of us had been exploited. The Andhra people had been exploited. The Tamilnad people had been exploited. Therefore, let us understand this. If this country had been free long ago and had there been no British domination and had we all been allowed to grow as free men, the entire situation in the country would have been different. We would then have made greater progress industrially and economically than most of the other countries in the world. But because of stunted growth, of suppressed growth, we find ourselves in this extremely bad situation. Therefore, what is the picture that is there before us in the country? Our State is a bankrupt State. When I say 'bankrupt State', I do not mean that our State has no resources. I mean that the net cash balance of the State is a minus one. When the Andhra State is to be formed, it is certainly up to the people of Tamilnad and the rest of the State to see to it that proper assistance is given to the Andhra State so that it may start on a proper foundation. The Andhra people should look at the question not as a question of division between them and the Tamil people. Let us understand that we are all equally in a bad position. At the same time, let us adopt some method—some rough and ready method—by which justice can be done. Whatever assets and liabilities there are, let us divide them equally, equitably and justly. On that basis, let us look at the question of demarcation of boundaries also. I do not know why we should generate so much heat on that question. After all we can adopt some simple principles—principles of justice and democracy—on the basis of which the whole question can be solved. After all, it is certainly open to us, when the new State comes into existence, to demand a Boundary Commission. It is also necessary for us to lay down certain criteria by which that Boundary Commission can decide issues entrusted to it. After all, contiguity of area, common language, that is, the same language as the language of the State to which that particular area belongs, should be decided village by village and not talukwar so that maximum justice can be done. On that basis, it is certainly open to us to come to an understanding so that we need not carry on any quarrel. I may have an idea that a particular area must immediately come to Tamilnad. Another person may have an idea that that area must belong to the Andhra State.

[At this stage, Mr. Speaker resumed the Chair.]

12-20
p.m. " Let us look at the question on the basis of certain fundamental democratic principles and then we will find the whole problem is solved. I would therefore like the hon. Members to rejoice on this occasion when it is a tremendous victory for the democratic movement. Let us not mar that occasion. Let us not mar the happiness and rejoicings of the people by continuing the dispute or by using harsh words against each other. Let us all join in the rejoicings of the entire people. That is the appeal I would like to make to both sides of the House.

16th July 1953] [Sri P. Ramamurthi]

" Lastly, Sir, there is the responsibility of the Central Government. After all, even if the Andhra State is formed, we know that there are tremendous difficulties the new Andhra State will have to face. Economic regeneration, economic reconstruction or economic upsurge is certainly not going to be an easy affair. That is not going to be an easy affair even in Tamilnad. After all, both the Andhra State and the residuary Madras State are suffering under certain common disabilities, which are common not only to Andhra and Madras but to the entire country. We are suffering under certain constitutional provisions. We are suffering from the difficulties created by the Constitution under which the States have got absolutely very little power. The resources of the States are crippled and the bulk of the revenues of the State is being taken away by the Central Government which spends about 200 crores of rupees on a top-heavy military administration and on an equally top-heavy bureaucratic administration. Therefore, I say that the reconstruction of this country is going to be an extremely difficult affair. We look to the Andhra people also to help in the general democratic upsurge in the country and to fight to change this entire set-up so that the people of the various States will get sufficient resources in their hands in order to develop their States and to develop the country as a whole. That is the picture that is now standing before us. Therefore, I rejoice on this occasion. I have no qualms whatsoever, no feelings whatsoever, that the Andhra people are going to be separated from us, because in spite of this redistribution of States we were united together in the past. And what is it that united us in the past? It is not the fact that the Andhra people and the Tamil people were thrown up together in a common State. That is not the bond of unity. The bond of unity between them and the rest of the people of India was the fact that all of them were united together in the common struggle against the British Imperialism in this country. It was that bond that united us together—all the various democratic movements, the working classes of Andhra fighting for their demands alongside the working classes of Tamilnad, alongside the working classes of Bengal and in fact the whole of India. It was that which united the working classes and the democratic movement. Similarly, the Telengana peasants who were fighting for land have created a tremendous bond of unity among the peasantry of the whole of India. Let us not forget that. It is the common struggle of the people, the struggle for democracy, the struggle for land, the struggle for better existence and the common movements that are being thrown up by them. That is the real cementing force that has united the entire people. I have absolutely no doubt whatsoever that even on this question of linguistic States it was the democratic movement in Andhra which was able to smash all other reactionary slogans and win this freedom. That democratic movement will play a very notable part—indeed the foremost part—in uniting the democratic movements of this country. Therefore, there is no question of any division. There is no question of any partition and there is no question of any distribution. When I say all these, I must also point out how

[Sri P. Ramanurthi]

[16th July 1953]

that the Andhra movement was able to achieve this victory. There have been many disruptive slogans. Claims with regard to particular cities, claims with regard to particular areas—all these things—were there. In spite of all this, the Andhra movement was able to achieve a tremendous victory. Why was it? It was because, I make bold to say, the ideology of the working classes was there and that ideology played the foremost part in the movement for freedom. That ideology was able to smash all other ideologies and unite the people and bring them together, because the internationalism was far superior to so many slogans of 'sloganistic politicians'. The internationalism of the working classes realized that the Andhra people and the Tamil people need not quarrel with each other. We need not quarrel over one particular city or over other things. We will base our claims on justice on the basis of certain fundamental principles, on the basis of the language of the people and on the basis of contiguity of territories. It was on this basis that the working classes, the Communist Party and the other democratic movements shared their demands and they were able to mobilize the entire people on the basis of that ideology which is completely divorced from sloganistic ideologies, which makes one people not to fight against other people and which recognizes the right of every people in the world. It was because that ideology prevailed in this entire agitation that the Andhra struggle for a separate State was able to succeed. I know that that ideology is strong in Andhra and I know that it will grow from day to day despite all the manoeuvres by the ruling cliques to keep themselves in power and despite all the dirty tricks that might be resorted to by them. I am sure the ideology of the working classes, the ideology of the democratic movement, will be able to mobilize more and more people, unite them together and will set an example to the people of the entire country. On that basis, it will unite not only the Andhra people but will play an important part in uniting the entire people of this country for fighting for real democracy and for smashing up all the reactionary forces in this country. Reactionary forces from vested interests and reactionary forces taking a communal garb—all these forces—will be smashed up by the ideology of the working classes and we will be able to build up a new and prosperous free India. I would, therefore, ask the members of this House to join me in rejoicing on this occasion and congratulate the Andhra people on this magnificent victory."

* SRI M. RAJESWARA RAO :—“ Mr. Speaker, Sir, while 3-20
feeling happy over the formation of the Andhra State, I am also P.m.
sorry for the way in which it is proposed to be formed as envisaged in the Bill. The Andhra State Bill is the outcome of a heroic movement followed by sacrifices of a supreme nature. These sacrifices were necessitated by the stubborn attitude adopted by selfish people who did not want the State at all on the one hand and people who wanted the State in all perfection on the other hand. I do not hesitate to hold both these sections of the people responsible for the loss to the Andhra State of one of its patriots, namely, Sri Potti Sriramulu, to whom every Andhra should pay homage to-day. I know that nothing comes out of bemoaning at this juncture. I ask the leaders at the helm of affairs in all seriousness whether this is the kind of State for which the Andhras fought all these years. I also ask in all earnestness whether the Government of India have not followed the policy of the British Government against which they complained formerly. Have not the Government of India imposed conditions which are detrimental to us? The movement for linguistic States is not at all a selfish movement. The Indian National Congress itself accepted the principle of linguistic States and formed the Pradesh Congress Committees on the basis of that principle. Then, why did they not form the Andhra State all these years? I am afraid I have to suspect the bona fides of the Government of India and the leaders at

[Sri M. Rajeswara Rao] [16th July 1953]

the helm of affairs in this regard. We are compelled to give up our rights over the City of Madras in spite of the fact that the Tamil friends once gave up their rights over the City, in spite of the fact that the Dhar Commission suggested the constitution of the City into a Chief Commissioner's Province, in spite of the fact that Justice Wanchoo recommended that the City might be accepted as the temporary capital of the Andhra State and in spite of the fact that the Indian National Congress itself once accepted that the Andhras had a claim over the City by forming an Andhra District Congress Committee for Madras. Because all these reports seemed beneficial to Andhras, they were thrown into the waste paper basket. But what happened to the report of Justice Misra? Because that report seemed detrimental to the interests of Andhras, it was accepted immediately. From all these happenings I am at a loss to know how the Government of India will remove the suspicion of the Andhras about their bona fides in the formation of the Andhra State. Now we the Andhras are in darkness and gloom. I quite agree with the sentiment expressed by my hon. Friend, Mr. Krishnam Raju, that it would be more appropriate to call this State the Andhra State meaning thereby that it is a dark State than to call it the Andhra State. Who is to blame for all these happenings? It is not for me to answer this question. I hope the people of Andhra will reply to the question when the appropriate occasion arises.

"Coming to the Bill, I submit that all the clauses are injurious to the interests of Andhras and Andhra State in all spheres of life. For example, there is no provision for the payment of adequate compensation for all the development schemes undertaken in the residuary State out of the finances of the composite State. It is provided in the Bill that the expenditure that may be incurred on the temporary capital before the appointed day should be borne by the Andhra State itself. I ask my hon. Friends here whether it is not just and proper to incur an expenditure of a few lakhs of rupees on the temporary capital out of the finances of the composite State, when we have allowed the construction of big buildings like this Legislative Assembly Chamber, the Legislators' Hostel and the Nurses' Quarters knowing full well that the Partition Committee met in 1950 and that the Andhra State would be formed sooner or later. After all, we are asking only for a few lakhs of rupees for constructing a temporary capital, and there is no provision in the Bill for the composite State to bear the expenditure.

"With regard to Services, I may submit that at the time of the formation of the Orissa State, choice was given to the Orissa Government to determine the strength of the services required for that State, whereas in this Bill the power to determine the strength and to allot the personnel is given to the President of India. There is no provision for even consulting the Andhra State Government. I feel that this is a grave injustice done to the Andhra Government. With regard to the educational interests of Andhras,

16th July 1953] [Sri M. Rajeswara Rao]

sufficient safeguards are not provided. There are several provisions which are detrimental to the interests of Andhras. I hope the hon. Members of the House will consider all these aspects in a friendly manner.

"Finally, I request the hon. Members from the residuary Madras State to forget what all had happened in the past in this regard and to co-operate with us in our endeavour to form not only the Andhra State but also the Visala Andhra for which we have been hoping all these years."

* THE HON. DR. M. V. KRISHNA RAO :—"Hon. Speaker, Sir, I consider it a privilege to be able to intervene in this debate for a few minutes in my personal capacity and also in my capacity as a Member of the Government. As the Hon. Chief Minister said in his introductory speech, the day on which the Andhra State will be inaugurated will be considered by the Andhras as a day of rejoicing all round. I say so from a particular point of view. On 15th August 1947 we gained our political independence as a nation. I am one of those who believe that the implications of political independence could be worked out by the realignment of the States in India on a linguistic basis, not because the various language groups cannot get on together, but because the only rational and natural way in which the units of the Indian Union could be reorganized for the future is on the basis of language. Wherever there was a sufficiently large number of people speaking one language in a contiguous area, that area could be formed into a separate State compatible with efficiency and financial solvency. This is the very basis on which the future constitution of our country was envisaged during the long period of freedom struggle. Therefore Andhras and others who wanted linguistic States felt and still feel that the implications of Indian independence could not be worked out fully unless the States were reorganized on the basis of language, the fundamental principle, as we all know, being that in any country in the world the administration has to be carried on in the language of the people. Education should be given through the medium of the language of the people, and such a natural thing should obtain in a free country which is a union of many language units, big language units, big enough to form units of a sub-continent, if we may call it, of our country. In that sense, the Andhras will certainly feel that the formation of the Andhra State is only the logical fulfilment, if I may say so, of the implementation of political independence that has accrued to the country. They feel that this is the only way in which the proper destiny of language groups, particularly, south of the Vindhya, can be worked out and that the formation of the Andhra State is only the beginning of the formation of other linguistic States, including the State of Tamil Nad. From that point of view, I am sure that every hon. Member in this House, be he one who speaks Telugu, Tamil, Malayalam or Kannada, in his heart of hearts would welcome the formation of linguistic States. (Interruption.) I doubt that, Sir, if I may frankly express my opinion, I consider that before long the Government of India will take up this

[Dr. M. V. Krishna Rao] [16th July 1953]

question as they have already promised, and that is the only way in which the boundaries of States could be fixed in South India on the basis of large language units. That does not at all imply that there ought to be or that there is any inherent disharmony or lack of fellow-feeling between these various peoples. We are all citizens of India and are proud to belong to our country. We all owe fealty to our country from first to last and when we speak of a linguistic State, we think of the proper way of implementing that political freedom and that citizenship in the interests of the people. This particularly becomes very relevant when every man in the country has a vote in the administration as well as the Legislature and we know from our experience in the Legislature, from the considerable inconvenience caused to many Members, that it is not possible for an indefinite period to carry on our administration or the proceedings in the Legislature in a language which does not belong to any one who lives in this country. Therefore, Sir, the day on which we are considering the Andhra State Bill which clearly places before us the date on which the Andhra State will be formed is a day of rejoicing for the Andhras, not only the Andhras but also those people who believe and think that the linguistic realignment of States is the right way of reorganizing our units in the Indian Union.

"In connection with the formation of the Andhra State, hon. Members have referred to the history of the movement. I shall not take up the time of the House in referring to the history of the movement in detail. But I should say one thing that those who were responsible for presenting the ideology of the Andhra movement and the demand for the formation of the Andhra State, were people who were very definite in their minds that the linguistic State was required so that they could carry on a democratic Government through the language and that it was intended to promote culture through the language and also to create a sense of cohesion and unity in working out the constructive programmes in the particular area. The demand was not made in any spirit of differences or incompatibility with the neighbours, which should be called injustice to the progenitors of this movement. I cannot but remember to-day two names. The name of Sri Desabhakta Konda Venkatapayya will be remembered by every Andhra when the Andhra State Bill is under consideration. The other name that will be remembered is that of Sri Potti Sriramulu who sacrificed himself in the genuine belief that through his sacrifice he was impressing upon the Government of India the need to create the Andhra State at the earliest opportunity as provided in the Constitution. There are other honoured names, but I shall not take up the time of the House in adding to the list. The ideology of the movement was based not on a spirit of disharmony, but it was started for the purposes that I have stated, so that they thought that the Andhra State would be among other linguistic States occupying a place in the Indian Union. To-day we are considering the proposition that the Andhra State Bill be taken up by the Parliament. We welcome this decision of the Government of India.

16th July 1953] [Dr. M. V. Krishna Rao]

Whatever may be the difficult problems that we have to face and solve and whatever may be the doubts and difficulties that we have, we welcome this measure. I am sure every Andhra, particularly, in this House will take up this task in a spirit of determination to see that we complete our business in a business-like manner and try to finish the discussions in time so that the Bill may be considered by the Parliament.

"Then, there are various questions that have been referred to. I do not wish to anticipate the discussions that may take place later when amendments to various clauses will be taken up. But, there is the overwhelming question of boundaries, the final boundaries of the State, which agitates people on all sides, the Kannadas, the Tamils and the Andhras, and particularly the Andhras in Bellary. I wish the whole thing were left to a Boundary Commission without any interim decisions and recommendations. But that has not been so. A report has been made by Mr. Justice Misra about Bellary, particularly, the three firkas under reference, and the Government of India have accepted it. I hope that in the light of public opinion, they will be able to reconsider their decision. But, that does not mean that we should encourage or carry on an unending strife which will lead to considerable difficulties. It is enough if we hope that the Government of India will be able to deal with the entire question of boundaries for which we ask for a Boundary Commission in an appropriate manner to take public opinion on all sides. The Boundary Commission must be properly constituted and only after this Commission has heard the views on all sides, any final decision must be arrived at. One thing is important. This question of boundaries should not be made a ground for acrimonious discussion or direct action movement which will lead to further complications and create a very unfavourable atmosphere for the progress which we have to make in regard to the formation of the Andhra State and the settlement of a number of important issues.

"Then there is the big question of the settlement on the division of assets and liabilities between the Andhra, Mysore and the Residuary Madras States. On a question like this wide divergence of opinion is inevitable among the members belonging to various parts, but a solution has to be found somehow or other. The recommendation of the Government of India seems to be based largely on Mr. Wanchoo's recommendations. After all it must be remembered that we have no liquid assets about which we can quarrel to-day. We have only a considerable amount of liability about the allocation of which we are so much worried and agitated. Many Andhras feel that they should receive a more favourable allotment of the liabilities. They feel that many of the institutions common to the whole State—almost all of them—are outside the Andhra State barring very few, and for these they have to spend money and start from scratch. Unfortunately, some of the regional institutions also happen to be in Bellary. I am quite sure that arrangements will be made as per the Schedule to the Act and by negotiations later with regard to facilities in these

3-40
P.M.

[Dr. M. V. Krishna Rao] [16th July 1953]

common institutions. Such assistance will be necessary and must be provided for as long a time as essential. The Andhras feel that they deserve a more favourable allocation in regard to debts. Because they feel that the income on the Irrigation Projects should have been taken into consideration. But the people of the Residuary State feel naturally that they also cannot bear disproportionately a heavy part of the Public Debt. In a matter like this, there ought to be a give and take policy and if possible an agreement at this stage. If anything is left out, it could be considered and decided at a later stage by the two States. In any case, there should not be any acrimony displayed in this regard. Because, ultimately we expect that the Government of India will have the last say in the matter. We can hope that the Government of India will take all these things into consideration when they consider how best to help the new State to enable it to stand on its own feet. In other words, they have naturally to consider these things when they take up the question of giving grants and subventions to the new State.

Finally, the Government of India in the draft Bill that they have sent to us seem to desire that adjustment should be made between the two States with regard to the allocation of personnel. I think the attitude of the Government of India should be welcome, as they have left this matter to be settled by the two States in consultation.

Before concluding, I wish to appeal to the hon. Members of this House in all quarters and in particular to my Andhra brethren as well as to my brethren from Tamil Nad to approach this problem in a spirit of give and take and not in any other spirit. I am quite sure that such spirit will prevail within a measurable time and within one week we will be able to finish the consideration of the clauses so that we can send the Bill back to Delhi in time. With these few words, I thank you, Sir, very much for this opportunity that you have given me to participate in this debate.

* SRI K. M. SEETHI :—“ Mr. Speaker, on behalf of the Muslim League party I have great pleasure in supporting this motion requesting the Government of India to introduce the Bill for the formation of the Andhra State in the Parliament. The fulfilment of the aspirations of millions of people inhabiting a contiguous territory on grounds of homogeneity of religion, culture, language, traditions and the feeling of belonging to one another should certainly be deemed to be in furtherance of the national aspirations of the people of this country. The principle of formation of linguistic States cannot be criticised or commented upon adversely at this late hour when the Nation is practically committed to the formation of such States consistent with the stability and unity of the whole country. As far as the prospective Andhra State is concerned, on behalf of the Muslim League, I feel it my duty to make a request. Whatever Government might come into existence in Andhra to guide the destinies of the people of that

16th July 1953] [Sri K. M. Seethi]

State, the interests of the minorities especially the Muslim minority in that State will be a sacred trust in their hands, situated as they are at present. Muslims in Andhra will be practically voiceless in the governance of the State inasmuch as there is not going to be even a single Muslim Member in the Legislative Assembly for the Andhra State, thanks to the highly defective and unsatisfactory electoral system which is now in vogue to elect legislators guiding the destinies of millions of the people of this sub-continent. It is my earnest desire and request to the Central Government that early steps may be taken to modify the unsatisfactory system of election which is now prevailing and which successfully deprives the minorities of their proper and effective representations in the Legislatures of the country. Unless and until some system like the system of proportional representation with single transferable vote is introduced or reservation for minorities through special electorates or otherwise is made, the minorities in the country cannot expect to have their voice effectively heard by the administration in the country. It is my earnest request to the Government that is coming into power in Andhra that the various needs and disabilities of the Muslim minority may be sympathetically and generously considered by them. The absence of Muslim representatives in the Legislature should not be allowed to be a reason for denying them justice to which they are legitimately entitled. With these few words, I heartily support this motion relating to the formation of the Andhra State on behalf of the Muslim League Legislature Party.”

(SRI T. PRAKASAM :—“ Mr. Speaker, Sir, I thank you for giving me an opportunity to speak on this occasion. With great interest and anxiety, I have been following the general discussion on this Bill by so many hon. Members of this House. Mr. Ramamurthi, the Leader of the Opposition, made a thundering speech. I was hearing with rapt attention every word of his speech. Sir, Mr. Rajagopalachariar, the Chief Minister, has introduced this Bill here. What is this measure? Is this an Andhra Bill or is it a Mysore Bill or is it some other Bill, all conjointly introduced here for purposes of being introduced later in the Parliament? I cannot blame the Chief Minister, Mr. Rajagopalachariar, entirely as having been responsible for this measure. In my view, this is not an Andhra Bill. An Andhra Bill must be confined to Andhra interests. It is not confined to Andhra interests. It is alien to Andhra interests and contains provisions which we have not had opportunity to discuss with the other States concerned. I am hoping, Sir, not to say any harsh word about anybody while speaking on this Bill. But we are in a very delicate and difficult position to-day, difficult because, we are told that Madras City cannot be even the temporary capital of Andhra as was recommended by Mr. Justice Wanchoo. Now we have to commit ourselves to this Bill according to the directions of the Prime Minister of India, Pandit Jawaharlal Nehru, and we have so many troubles in the matter. Sir, this Bill could not have been called an Andhra Bill,

3-50
p.m.

[Sri T. Prakasam]

[16th July 1953]

" Then, Sir, coming to the question of unity of the Andhras, we have to be thankful for the unity achieved by all the twelve districts of Andhra on one matter, however much they might differ on other matters. In fact, if six of the twelve districts of Andhra territory should say ' we do not want this Bill because we have no interest in it and our interests have not been protected ', this Bill cannot be passed. So far as we, Andhras are concerned, the first question was whether we were united on the question of capital. We had grave apprehensions that we might not come to any common agreement. But somehow or other, we were able to get over the first hurdle, if not by a unanimous decision at least by a majority decision of the Members. That hurdle having been got over, we are now faced with the second hurdle, that is, this Bill. The Bill has been introduced but for whose benefit I am asking. Is it for the Andhras' benefit or is it for the benefit of others? Who asked for the inclusion of the Mysore State in this Bill? Who asked for the introduction of conditions with regard to the Mysore State? Now my friend, Mr. Rajagopalachariar, who introduced in this Bill read out only the first sentence in the first clause. What is that? That is, this Bill is for Andhras. He did not refer to what is written at the top of the Bill, those three or four lines. It says ' for the benefit of Andhras, for increasing the Mysore State area and for decreasing the territory of the Madras State and matters connected therewith.' I am inclined to tell my friend that he is innocent. He does not know anything about our conditions. If he were a party to this arrangement, he will be guilty of a very serious offence. I say so purposely because this is a Bill intended for the Andhras. Where is Mysore here? What is the claim put up by the Mysore State and how was the claim adjudicated upon?

4-p.m. " Sir, is this the way in which a Bill of this nature, of this magnitude should be conceived and should be introduced here? We may be ignorant people, we may be innocent people, we may have been in a helpless position and continue to be so even to-day. We have been in the helpless position not only now, for five years we have been in that position. We came into the Assembly in the hope of serving the people. Where are the people? They were left behind. Those supposed to be leading the country, those supposed to be governing the country, they left them behind. And we have been engaged for five long years in fighting for the benefit of the nation for the people at large. We have been fighting to get rid of the old administration, to get rid of the Ministers against whom people had complained and on whose behalf we formulated complaints. We could not get relief anywhere. We had been compelled to go to the country during the General Elections. It was the voters at the General Elections that dismissed those Ministers against whom there were charges. Therefore it is that I agree with the hon. Leader of the Opposition, Sri Ramamurthi, completely that it is the people that should count in the end if not to-day. To-day it may not be possible for the people to say that they count anywhere. They have been left

16th July 1953]

[Sri T. Prakasam]

alone and we are here considering whether this Bill is beneficial to the people in the Andhra area. Nobody could think how anybody could conceive it and say something of one district should go into Mysore State, or into the Andhra State or remain in the Residuary State of Madras. Nobody can account for this. When I was in some distant place, I heard that some Deputy Minister of the Government of India made a statement on the floor of the Parliament ' We will decide to-morrow finally about Bellary '. That to-morrow came in the form of Chief Justice of Hyderabad, Mr. Misra coming down here to record his verdict. It is called an award. It is not an award. As a matter of fact it was an opinion recorded by Mr. Justice Misra on behalf of the Government of India, if you can call it so. Beyond that it cannot be called an award as had been already pointed out by some hon. Friends on the floor of this House. Mr. Justice Misra said what? I have been one of the living persons who happened to go to him and put in a memorandum also and state exactly the position of Bellary. Many things were talked about. I have no inclination to contradict them or do any such thing. The only plea which we can record at present is to request Hon. Mr. Rajagopalachari, the Chief Minister, here to treat Bellary on an equal footing with all the other places for which they have proposed to give an amendment for the setting up of a Boundary Commission. I do not know what the amendment of the Government proposes to do with regard to this Boundary Commission. There can be only one Boundary Commission for the whole of disputed areas. Well, Sir, as I have pointed out to you at the outset this is not a Bill for the benefit of the Andhras because what is it that the Prime Minister Pandit Jawaharlal Nehru said on the floor of the Parliament some time ago? He said all the Telugu-speaking areas must be brought into one State. All the Telugu-speaking areas, he stated, must be brought into one State excluding Madras. Leave aside Madras now for the time being. Some fellows have been saying we have lost Madras. We have not lost Madras. (Laughter.) We can never lose Madras. We do not admit that we are parting company with our Tamil friends also. How can we part company with Tamil friends? It is not a matter of one day. To-day there are admittedly 35 to 40 lakhs of Andhras in the Tamil area. So long as these people are there and so long as we are continued to be called Andhras, we cannot be separated. And therefore they, the Tamils cannot also be separated. They say they are separated. We are separating to-day for the purpose of administration, to avoid exploitation which has been going on at the cost and sacrifice of those unfortunate Andhras for a very long time. Beyond that there can be no separation so far as we are concerned. We are bound to continue like this especially when there are hon. Members who are giving their daughters in marriage to the people of Coimbatore and other places. The relationship continues. Therefore never mind whether you are Tamil or Andhra. The relationships are there and they are continuing. So it is wrong to say that we are separating. Therefore you should not sympathise with us. We have not lost anything. There is

[Sri T. Prakasam]

[16th July 1953]

nothing for you to sympathise with us. But there is one thing. In this exploitation how have the Andhra people been treated? What is their position with regard to assets and liabilities? What is their position with regard to distribution of the Services and all other matters? All these have to come in now. These are the points that we have to consider well and decide upon dispassionately.

"As I said, all the Telugu-speaking areas must be brought into the Andhra State. I pointed this out even while Mr. Wanchoo was going into the matter. I gave him schedules of the areas which we are claiming as parts of the Andhra State. All these things were received by him well. He was an accommodating gentleman to all of us. He gave answers to all of us, but finally he said: 'Well, Mr. Prakasam, how do you expect me to go into all these questions relating to matters which should be decided only by a Boundary Commission?' I had to agree straightway that it would not be possible for him to go into the question of the Boundary Commission at that enquiry itself and waited for the introduction of the principle in the Bill. Simultaneously we were also anxious to get it decided. We had had bitter experiences over this matter in the past. Therefore I was anxious personally not to do anything which would delay or interrupt the formation of the Andhra State as conceived by Pandit Jawaharlal Nehru.

4-10 p.m. "We demanded that the Andhra State should not be formed by merely including all these twelve districts over which there was no dispute according to them at that time. The scope of reference of Pandit Nehru was that all the Telugu-speaking areas should be included and I want those areas. Mr. Vinayakam was very eloquent over Tiruttani and Chittoor. Let us go together—and we will go—to other areas also which are supposed to be in dispute: Not only Chittoor, but North Arcot, Salem, Hosur and Mr. Rajaji also. (Laughter.) In Hosur, there are three high schools and those are Telugu schools. There are elementary schools also. Most of them, almost all of them are Telugu schools and the people are Telugus. Rajaji is also a Telugu man. (Laughter.) So, Hosur, Krishnagiri, etc., are Telugu areas. So far as North Arcot, Gudiyattam, Wandiwash and other places are concerned, all of them are Telugu. No doubt, it is the misfortune of the Andhras to say that 'this is our area'. 'Only this area must be defined to be an Andhra area.' It is not so. I will be able to show before any Boundary Commission that comes, taking the maps, how they were all Telugu and how they were changed later according to conditions and circumstances. Therefore, we should not say—Mr. Vinayakam should not think and be eloquent in saying that he will prove this and that—so much only is Andhra area. Let us wait for that time and show to what extent the Telugu-speaking people are spread over the country.

"Now, Sir, . . ."

THE HON. SRI C. RAJAGOPALACHARI:—"You take me or Hosur?"

[16th July 1953]

SRI T. PRAKASAM:—"Hosur and you also. (Laughter.) Well, Sir, in Tiruvallur taluk in Chingleput district, people had some hopes when Sri Jawaharlal Nehru announced that the Andhra State would be formed and they thought that the Telugu-speaking people could all be brought into one area. They held conferences. Unfortunately for them, they invited me and I also attended. It was to their misfortune, I should say, that I attended. Because I was an advocate of their position and I supported them. Do you know what happened? At Uttukottai(?) there is a high school. There a Telugu-speaking man was the headmaster. He was suspended or removed or perhaps dismissed; I do not know what happened to him afterwards. Much repression was carried on on that account with a view to frighten the people living there who were anxious to come into the newly-formed Andhra State. Such things happened and I referred to these repressions in my memorandum to Mr. Wanchoo also. (Interruption.) Take North Arcot. Mr. Vinayakam says that six taluks of this district have been taken away. (Interruption.) Yes, Mr. Narasimham, his (Chief Minister's) son filed a memorandum before Mr. Justice Wanchoo also. (Laughter.) I wanted to know whether the Boundary Commission which you are pleading for will go into the question of Bellary also.

"Sir, about Bellary, I would like to say a few words. Bellary is a place known to me for a very long time. The earliest of the elections to the Council of Madras took place long ago, nearly 36 years ago. In those days all the twelve districts constituted one constituency and there was one seat. One gentleman, Kolachalam Venkata Rao was the candidate in Bellary and he was a friend of mine. I was a young man at that time. There was a friend of mine who stood as a candidate from Kakinada. Peculiarly situated as I was, I was supporting Kolachalam Venkata Rao. I had to go round the twelve districts, including Bellary. I went to Bellary. Did I find any of these gentlemen who were claiming Bellary? I was practising as a lawyer in Madras and I was appearing in the courts in Bellary also. That experience enabled me to understand the position of Bellary. There is no question of denying facts—facts are being denied in these days. Almost when I say it is black, my friend gets up in opposition and says it is white. (Interruption.) Sir, let us take the revenue accounts of Bellary district for the last 100 years which will show in what language the administration of that district was carried on." 4-20 p.m.

THE HON. DR. R. NAGAN GOUDA:—"One hundred years' injustice has been done."

SRI T. PRAKASAM:—"Sir, this is what the Hon. Dr. Nagan Gouda says, a colleague of the Hon. Chief Minister. That is the kind of colleague he has in his Cabinet. (Interruption.) Englishmen were good when they came here. But we changed them and made them bad people. After we sent them away, we took their place and have proved worse and that is the whole situation! The Hon. Sri C. Rajagopalachari should not be angry with me. I am not referring to-day to the anecdotes in this struggle during the last 30 years or so. We are confining ourselves to

[Sri T. Prakasam] [16th July 1953]

matters connected with the formation of the Andhra State. I submitted to Mr. Wanchoo that a Boundary Commission should decide the boundaries and only then it would be possible to bring all the Telugu-speaking areas together according to the statement of Pandit Jawaharlal Nehru. We reconciled ourselves to the present position as otherwise this Bill would not be passed immediately.

"Then, Sir, what was the financial position of the joint State before the partition and what is the financial position now? Without taking any of our friends or the Leader into details, I can say that over Rs. 62.0 crores have been spent by this Government during the last few years. Can it be imagined? All the moneys have been spent. Mr. Wanchoo also asked me, 'Well, Mr. Prakasam, you now claim so many crores, but they have no money'. I told him, Sir 'Whether they can give us money or not, is this the way in which we should be treated? The creditor must be duly respected by the debtor. Look at the way in which the Tamilians are contending that we should have no place in Madras even for a temporary period.' Mr. Wanchoo said, 'Then they had money, now there is no money. What do you propose?' I did not make any further proposal. I must say on this occasion in this Assembly that it has become a fancy for the Prime Minister to appoint Chief Justices for these works. The work of a Chief Justice is different. Chief Justice Misra was here for a short time and finished his work. Chief Justice Wanchoo stayed here at leisure and examined the whole problem and he tried to do some justice. But, even his recommendation that the temporary capital should be in Madras for a period of two or three years was not accepted. I do not know what happened there (Delhi). Anything may be said and done. It so happened that the Hon. Sri Rajagopalachari has got to his credit the highest honour of prevailing upon Pandit Jawaharlal Nehru that in Madras there would be no peace at all if Andhras were allowed to have their temporary capital in Madras City. If that is so, it is not fair. If that is not so, I must withdraw. There can be no question of my withdrawing, because such an extreme step could not have been taken by Pandit Jawaharlal Nehru but for the Hon. Chief Minister's influence. According to the reports, the Hon. Sri C. Rajagopalachari was stated to have said, 'I will resign if you allow Andhras to remain in Madras.' What offence did we commit to you or to any of our Tamil friends? We suffered for at least five years at the hands of all those who were in charge of the Government. We did suffer and we did not do any violent act ourselves and to say that Andhra people would not allow peace to be maintained in Madras is not fair and proper. It was the least justifiable act on the part of Pandit Jawaharlal Nehru to have done so, and I am not a man to go and try to persuade again Pandit Jawaharlal Nehru promising him this and that. No such thing would be done. We obeyed. My conception of a capital for the Andhra State was that some day or other the Andhra State must have a capital of its own apart from Madras. Madras, of course,

16th July 1953] [Sri T. Prakasam]

I claim to be a joint City,—a joint City according to the Dhar Committee recommendations. Their finding was 'Whoever might have been the originators of Madras City, subsequently Tamils and Andhras lived together and developed the City and so we must hold that this is a joint City and it must be a Chief Commissioner's State'. That was how the Dhar Commission recommended. However, Pandit Jawaharlal Nehru as Prime Minister could not be expected to remember all the details that were going on from year to year and he forgot all about this. With regard to Madras, when he came here I made a representation to him in an interview which I had with him and until now he has not declared that Madras City is a Tamil City. It is a Residuary Madras State. That is the position in which we are. It is a Residuary Madras State consisting of Tamils, Andhras, Gujarathis, Malayalees and others. All these people constitute the Residuary Madras State, and that is not to be taken into account in the formation of the Andhra State. So we have conveniently left it off for the time being. Mr. Speaker, Sir, one of the newspapers in this City had the goodness or rather the audacity to say that Bellary provoked the Tiruttani incidents and I do not know how it was possible for this newspaper man to connect the two. I submit, Sir, that the Bellary position is not appreciated by anyone in the Centre. During the absence of Sri Jawaharlal Nehru, Moulana Abul Kalam Azad, who was asked to act for him, pounced upon the Bellary people and said that the question had been decided finally and once for all and that nobody could re-open that question now and Pandit Jawaharlal Nehru just repeated the statement after he came back. I wish to submit that he and the other Ministers of the Centre should remember that although one is the Prime Minister and the others are Ministers, they are all servants of the people and it is the people of the country that have placed them in positions of responsibility and power. It is in fact written in the Constitution itself that it is the people who are the real rulers of the country and not the Prime Minister or the other Ministers. I conceived that idea even fifteen years ago when I was his lieutenant. Whenever I met the people, I told them: 'I am your servant and I have come to serve you all' and I submit to the House and to the Government that it is in that way that we should understand the position. I feel that Pandit Jawaharlal Nehru should not be treating this question of Bellary in the manner he has done. Professor Ranga went to New Delhi all the way and he took another friend, Sri Ganappa, with him in the hope that he would be able to convince him and there he tried to negotiate with him. If I have understood him, I can say how we should approach him and that is if we approach him at all we should approach him through Sri C. Rajagopalachariar.

THE HON. SRI C. RAJAGOPALACHARI :—"Sri Prakasam will kindly withdraw the last remark. It is wrong and a wrong interpretation is possible and, therefore, please do not do that."

SRI T. PRAKASAM :—"If it pleases my friend, I shall withdraw."

[Sri T. Prakasam]

[16th July 1953]

"As Chief Minister, you have to hold the scales even and, therefore, it is that everyone of the Members of the House who was speaking on the motion addressed his remarks to the Chief Minister appealing to him and I have also submitted and surrendered myself to everything that is going on and I am also making the same appeal along with them to you." (Cheers.)

THE HON. SRI C. RAJAGOPALACHARI:—"That is your old habit."

SRI T. PRAKASAM:—"If I go wrong I withdraw at once unconditionally and unhesitatingly, but if I am not in the wrong, I would press it and I am now so happy to press my viewpoints through you so far as Bellary is concerned. Regarding this, Mr. Speaker, Sir, one English civilian who was serving in Bellary, after reading about the controversy, wrote in the *Mail* and wrote to me also to fight out the Bellary question. He is the person who, I recognize, was Mr. Jenkins who was a District Judge in that place. He said that that town of Bellary is a Telugu town. This is not a matter which can be lightly brushed aside. After all, Sir, I wish to ask: 'What is the offence that they have committed?' They have committed offences which you have committed and I committed, offences which Pandit Jawaharlal Nehru committed and which Abul Kalam Azad committed, by observing Satyagraha and doing all kinds of things. Even in those days, Sir, Sri Rajagopalachari was a shrewd man. Those were the days when the *Swarajya* paper was started and during those days we met in the top storey of No. 40, Broadway and Messrs. Suryanarayana, Rajagopalachari and E. V. Ramaswami Naicker were talking about disobeying orders under section 144 and, at that time, Pappu Sitaramaiah was the Magistrate and there was a competition between Sri Ramaswami Naicker and Sri Rajagopalachari as to who should go first. Sri Naicker said that he would go and Sri C. Rajagopalachari said that he should go first and did start first. Whatever, therefore, may be the position at present of the Prime Minister of India and of the Deputy Prime Minister of the Union, they should not forget their past, namely, that they plighted themselves as the servants of the people and it is as the servants of the people that they have got into office. I suggest to the Chief Minister that he uses his good offices in connexion with the Bellary question and I wish there should be no controversy over this question on the part of our Kannadiga friends. So many things have happened in the past and we have been adjusting ourselves to the questions that arose from time to time. We can do similarly with reference to this question also. About the question of Chittoor, I shall make a promise to Sri Vinayakam that I shall be present when the Boundary Commission comes and takes evidence. I do not wish to enter into details as to how I understand the whole thing and how I felt that the whole map should be re-written in those areas. I had been to so many areas in the Chingleput and North Arcot districts, to Wandiwash, Arkonam and other places and there were all Telugu-speaking people there. What is to happen to them

16th July 1953]

[Sri T. Prakasam]

under the scheme of the boundary question? I shall reserve my observations on that point till we come up to the amendments pertaining to that question.

"With regard to assets and liabilities which form matters for the Schedule to the Bill, I have all regard for those who imagined that this could be drafted like this and presented to Parliament in the form in which it has appeared. I wonder how it could be done with regard to the question of assets and liabilities.

"A hot controversy had been going on over these matters but I did not wish to interrupt because I thought that when we are going out of this State and forming a new State, as it were, we need not be disturbed much on account of this. It is only for the new State when it is formed to take the responsibility. 4-40 p.m.

"My Friends have already referred to some of the clauses of this Bill which was drafted here, introduced here and then to be passed on to the President of the Indian Republic for orders or approval. This is hardly fair to the new State for whose benefit this Bill was drafted. This is not the way in which any Bill should be introduced or piloted even in Parliament. Of course, we are only at the commencement of this business. After this general discussion various amendments will be coming and in considering them a just and proper view should be taken by those who were opposed to the Andhra interests up till now.

"Well, Sir, I was anxious about the burden that was thrown upon us regarding the selection of the Capital and I have told you what had happened. How are we going to proceed with the other items that remain to be carried out? My friends, who are not in agreement with us and who are always suspecting that we would be unjust—even representatives in this Assembly—have been saying in season and out of season and also to my very face when I was presiding over them that we have divided the whole thing amongst ourselves. We form one wing of the whole of this Assembly. We belong to what is called the Praja-Socialist Party. The Praja-Socialist Party was anxious that they should not stand out and should do their best to help in the formation of the new State. Let there be no misunderstanding either outside or inside in our country in regard to the attitude of some of us, when we were opposing this measure. Sir, this is not the measure which the late Sri Potti Srimulu wanted to have. In unmistakable terms Sri Potti Srimulu stated that so far as Madras City is concerned it must be considered as a joint City and must be made into a Chief Commissioner's Province. Because the Andhra leaders were quarrelling among themselves over this matter without coming to any decision that unfortunate man—I should call him a fortunate man who could lay down his life for the freedom of the country—died. He came here to Madras and owned a house in Madras City. He formulated his demand and insisted on it. When Sri Jawaharlal Nehru heard that he died, he also felt very sorry and he then said that the Andhra State must be carved out. This is how Sri Jawaharlal Nehru came to this conclusion. So far as Sri Potti Srimulu

[Sri T. Prakasam]

[16th July 1953]

was concerned, he was a man of the Madras City and he formulated the demand that the Andhra State should be formed including the Madras City. I do not wish to raise any objection even on this score because it is a matter that has got to be settled later on. Let us first look to this business of the formation of the new State. It would tax the energies of not one man but of many persons and would tax even the energy of Mahatma Gandhi should he be here now. Whatever place be the Capital, though we have put it on the banks of the Tungabhadra instead of on the banks of the Pennar or the Krishna or the Godavari, it must be taken as accepted.

“The next question is ‘How are we to get on with regard to the remaining items?’ I have said this publicly in other places and I am also saying it here that so far as we of the Praja-Socialist Party are concerned, when the Congress Party leader, Sri Sanjeeva Reddi approached us—or we met together—in regard to the formation of the new State, we said that there must be a basis of agreement between us both. I was a Congressman at one time and I came out of that Party. The Socialists approached us and the so-called merger, the Praja-Socialist Party, was effected. Soon after the merger troubles started in our own party here. So far as the Praja-Socialists were concerned, they proposed that they would work together with the Congress on the basis of a minimum programme and if the Congress accepted it there could be a coalition between the Praja-Socialists and the Congress. This was made known to Sri Sanjeeva Reddi. He took his own time, consulted his friends and then wrote to us saying that this proposal was acceptable. We also agreed to work with them on this basis. I can assure all those friends who are imagining that we have divided the Chief Minister's office and other offices and jobs amongst ourselves that nothing of that sort has happened and what I have now stated is our relative position with regard to the Congress. We had not entered into any commitments regarding the formation of the Government. Such a stage was not reached and even if such a stage had been reached all of you would have known what had happened.

4-50
P.m.

“I have been a student of the British Constitution all my life. I have studied so many constitutions. My opinion is that the British Constitution is the best in the world. My idea is that we should proceed on that basis. With regard to the proposed coalition of the Praja-Socialist Party and the Congress Party, I wish to say that nothing has been done by any of us. My conception of the Andhra State is that it should be modelled on the British Constitution. What is the British model? Our Constitution has been framed on the model of the British Constitution. The old Government of India Act framed by the British Government has been copied wholesale in our Constitution. According to the British standards, we should have unity amongst ourselves. In the past we had committed wrongs against one another. Now we should forget all those things and we should come together and make every effort to form one unit as it were. We have succeeded in bringing together various

16th July 1953]

[Sri T. Prakasam]

parties. The Congress Party was cut off from us. The K.L. Party members have become associate members of the Congress Party. We, the Praja-Socialist Party members gave a minimum programme as the basis for a coalition with the Congress Party and the latter had accepted them. To that extent we were very glad. We should all work together, think together and act together for the same purpose in the future. What we have undertaken is a very serious responsibility. It is a very great responsibility to form a Government. It is not easy. It is not enough if one should say, ‘I will give so many places in the Cabinet to this Party, so many places to the other group and so on’. That is not the British method or model of governing the country. The British method is a very sacred method. All must unite and elect a leader and that leader must be in a position to form the Government. That is not an easy job for any of us. We must strain every nerve during the next few days and weeks to forge a united front. No step prejudicial to the formation of our State should be taken by us. That is how I am feeling in the matter and that is why I am seeking the help of you. All of you must help us. Now as we are going away, many of you may wish God-speed to us and wish well of us. What are we going to do in the new State? Are we going to drown ourselves in the Krishna or the Godavari or the Tungabhadra rivers? (Laughter.) We have got to develop our State, develop our industries, etc. The Capital question has been rightly or wrongly settled. Supposing we had not settled that question, the whole formation of the Andhra State would have come to an impasse. I have no doubt about that. I have had experience of the Rayalaseema friends in the past who went to Delhi and gave in writing that they did not want a State.

“Mr. Ramamurthi was complimenting the Andhras on achieving their cherished desire. I was glad that he mentioned it. I also wish to compliment our people on the way in which they struggled hard and survived the onslaughts—not from one side but from so many sides. I am also glad that they are prepared to take any steps that we are prepared to indicate in a proper and reasonable manner. Sir, the formation of the State is not a mere matter of jobs. It is a matter of grave responsibility. How can we get on with this Bill with all its schedules, etc.? If Mr. Rajagopalachari had undertaken as an arbitrator to decide things to save us from all this wretchedness and said, ‘I will give you so many crores of rupees . . .’, we would have been satisfied, absolutely satisfied. Instead of doing that, we are asked to work out arithmetic, geometry and all sorts of things and finally arrive at zero. I thank you, Sir.”

II.—ADJOURNMENT MOTION—cont.

SRI P. RANGASWAMI REDDIAR:—“Sir, on a point of order, I wish to know what has happened to the adjournment motion?”

MR. SPEAKER:—“I have discussed it with the Leader of the Opposition and the motion will be taken up on Monday.”

[16th July 1953]

SRI P. RANGASWAMI REDDIAR :—“ I want to speak a few words about the adjournment motion . . . ”

MR. SPEAKER :—“ The adjournment motion is not now before the House for discussion.”

SRI S. DEIVASIGAMANY :—“ Not only the Leader of the Opposition has given an adjournment motion but I have also given an adjournment motion and I have got a right to be heard whether that adjournment motion is to be taken up now or not. The Leader of the Opposition has no right to consent on our behalf.”

MR. SPEAKER :—“ The hon. Member can go through the rules on the subject. It is entirely for the Chair to decide when a motion should be taken up.

“ The Hon. Minister Sri N. Sankara Reddi will now speak.”

SRI S. DEIVASIGAMANY :—“ With due respect to Mr. Speaker, it is such an urgent matter that it should be discussed to-day. People have sacrificed their lives for a cause and it is but just and right that persons who are dying should at least have the satisfaction of knowing that there are persons who will espouse their cause.”

MR. SPEAKER :—“ I have already said that the motion will be taken up on Monday. The Hon. Minister Sri Sankara Reddi will now speak.”

III.—GOVERNMENT BILL—cont.

THE ANDHRA STATE BILL, 1953—cont.

* THE HON. SRI N. SANKARA REDDI :—“ Sir, I rise to speak on this occasion with mixed feelings of pleasure and pain—pleasure because the long-cherished separate State for Andhras is to be had now, though it may be under difficult conditions, and pain because the longstanding joint family of Madras is to be disintegrated into two or three States. Our beloved leader Mr. Prakasam has asked why Mysore is brought into the picture now. True, if our Kanarese brethren had chosen to remain either in the residuary Madras State or in the Andhra State till a separate Kannada State is formed, I think Mysore would not have come into the picture at all and many big problems would not have had to be dealt with immediately. For example, the completion of a big national interest like the Tungabhadra Project may be delayed by Mysore coming into the picture immediately. I am a firm believer in the reorganization of States. But in the matter of the reorganization of the States, though ‘ language ’ may be a chief factor, other administrative conveniences also should be taken into consideration. I really feel that all the areas to be served by the Tungabhadra Project should be allotted to one State. That would have been better and the benefit to be derived will be greater. But, however, it is not the

[16th July 1953]

[N. Sankara Reddi]

case. Regarding the present agitation about the three firkas of Bellary, I was one of the Ministers on behalf of the Andhras to go and give some evidence. Mr. Justice Misra wanted to go to all the villages to ascertain the will of the people there but unfortunately the democratic forces displayed such demonstrations that it was impossible for him to go to the villages and he was to be led only by figures, figures which may at times be misleading too. Whatever it may be, Sir, I know the feelings of the people in those three firkas. I think not only the Andhras but some Kannadigas also would like to be with us in the Andhra State because their commercial interests are interlinked with Andhra. That is the real fact and that is why the agitation is being kept up. I feel, Sir, that when a Boundary Commission is appointed to go into the question, it will not be difficult for the Central Government to take notice of these facts and to reopen this topic again. Now, Sir, as our leader Mr. Prakasam has said, Andhra is a very big area. No other area has so many neighbours like the Telugu area. We have Orissa, then Madhya Pradesh (Hindi-speaking area), Maharashtra, Kannada and Tamil areas. So many neighbours are around us. That is the difficulty. We have therefore too many ‘ border problems ’. I would now like to clear some misgivings or doubts and suspicions. I think that in a big family with a number of members, however, justly the manager of the family wants to administer it, there will be some grumbling. There cannot be perfect justice and some members will have to undergo some trouble. If we go into the previous history of Madras during diarchical times Andhras were the Chief Ministers perhaps. Even in 1937 Mr. C. Rajagopalachari who has claimed to be an Andhra and who belongs to Hosur was the Chief Minister. Even after 1942 some of the Chief Ministers of Madras were Telugu people and people of Telugu origin who came from the Tamil area, as Sri Prakasam was the Chief Minister for a year and others succeeded. So if any injustice or wrong has been done, I think it was not out of any intention but because the administrators could not help it perhaps. It may be due to so many other factors also. It may be that the Andhras, to start with, were too proud to serve under the British Government. Perhaps they joined a little later and were probably lagging behind. There is some deficiency in the services so far as the Andhras are concerned. How could that deficiency be made good in a year or two? Our leader Mr. Prakasam was the Chief Minister of this State for about a year. Unfortunately he could not continue. If he had continued, some justice could have been done. Whatever it may be, now we have got an opportunity to shape our own future hereafter and to demonstrate our powers of building the nation. Now, Sir, if I rise to talk on this occasion I do so because I want to thank all our leaders and the Andhra legislators who fixed Kurnool as the Andhra capital. I as one coming from Kurnool thought it was my duty to thank all Andhra legislators. But even after a decision by a majority, agitation is still being carried on by a section of our members against that decision. I think that if there is no finality, if we are not going to respect the decision taken by a majority and if this agitation is

[Sri N. Sankara Reddi] [16th July 1953]

carried on without an end, democracy cannot function properly. I would therefore request my friends who had given notice of amendments for changing the capital, to withdraw them with due respect to the decision already taken and with due respect to democratic principles. After all, Kurnool is not such a bad place as described by some newspapers and some parties. It has got all facilities to develop immediately. There are also some big buildings which could be temporarily used for our Secretariat and other offices. Land in Kurnool is cheap. There are plenty of building materials which can be utilized for developing that place. Buildings for accommodating the clerks or superintendents and other officers can be had, I think, for the cost of land elsewhere in Andhra. When Sriakulam was separated from Visakhapatnam and the new headquarters for that district was formed, the cost of acquisition of land alone was about Rs. 58 lakhs. Now the Government of India are giving to the Andhra State only Rs. 40,00,000 as a loan for building the capital, however, temporary it may be. Bearing all these considerations in mind, I feel that the Andhra Members will support the decision taken about the capital and that they will not in any way give cause for anxiety. If they withdraw the amendments given notice of in this regard immediately, arrangements to be made will be started soon. Or else, doubts may be entertained, any arrangements to be made may be postponed and we may not be able to start the Andhra State on the 1st October as we all wish. (Interruption.) It is not my decision; it is the decision of the majority. I say it is bad to think of revising the decision and it is also too late. With these words, I resume my seat."

III.—GOVERNMENT BILL—cont.

THE ANDHRA STATE BILL, 1953—cont.

* **THE HON. SRI C. RAJAGOPALACHARI:—**"Sir, at the outset let me thank hon. Members for having helped to go through this debate so far in the manner in which we have done successfully, without any acerbity or incident. In particular I am very grateful to my old colleague Sri Prakasam for having sweetened the atmosphere in the manner in which he did, which is possible only for a veteran like him. What will help a man to do such a thing is not talent, accumulation of information or intelligence but what is achieved by long service and veteran leadership. He may have gone here and there into a little bit or what might appear to be irrelevant or not very much to the point. But they are very relevant psychologically and very important to produce the necessary goodwill which is the best of all assets. He and other Members were referring to assets of a different kind. We are not going to live on such kind of assets. Whether we get a few rupees more or a few rupees less will make little difference in the long run. What we want is friendly co-operation in every effort which an important State Government are bound to make from time to time. Nothing can be a greater asset to the residuary State as it is called than a friendly Andhra State with a proper Government and a good Chief Minister in charge of it. Nothing can be a greater asset to the Andhra State than a good neighbour, the residuary Madras State with a good Government in charge of it. I entirely agree with what Sri Prakasam indicated that much dependence need not be placed upon the distant Government at Delhi, if only we depended on one another and realized the need for helping one another in a proper way instead of finding causes for misunderstanding whenever possible and misrepresenting whenever it is tolerated. I am extremely grateful to Sri T. Prakasam for making his speech a remarkably short one and for having helped to sweeten the atmosphere at a most critical moment in the history of South India. We have gone through so many debates. But nothing can be said to be so important as this when we have to start a new State and start it in a proper manner. That is the reason why I have taken a few minutes over what might be deemed to be mutual admiration of old friends, old not only according to the age of friendship but also according to absolute terms of years passed by each one of us. We are both old friends and the House will forgive my indulging in what I feel deserves to be uttered on this occasion in respect of how he finished the debate."

"Dealing with the merits of the matter, he dwelt a long time upon the Bellary question. I repeat what I said earlier in the course of the debate that I did try to keep Bellary out of the Chief Justice business. I did try that it might remain over like any other boundary and that the boundary commissions that are necessarily to be appointed could cover this also. But I did not succeed and so the Chief Justice of Hyderabad came. I am sorry I used the word 'award' in a loose way. Many Members referred to it. What I meant was that he had given his opinion. It might be called an opinion or a report. That report has been accepted by the

[Sri C. Rajagopalachari] [16th July 1953]

Government of India and this Bill has been drafted on that basis. That is the reason why I called it an award. But the technical name given to it makes no difference. If I pronounce as an award what is not an award, it will not become an award; if I do not pronounce as an award what is an award, it will not cease to be an award. I was referring to the circumstances connected in a loose manner; I used the term in a lay manner. If a report is favourable to the people, they give it a good name, and if it is unfavourable, they give it a bad name.

(The Hon. Dr. Nagan Gouda was seen nodding his head in approval.)

"My Kannadiga Colleague thinks that he has gained a point. I want him to learn from Mr. Prakasam how to give battle and how to receive battle. The name that we give to a particular thing does not make much difference.

"I told the House the other day that the Government had given notice of an amendment about the appointment of a boundary commission. I am sorry I committed a mistake. Let not hon. Members disbelieve me when I say that I have been taking very little interest in the details of this Bill. I thought it was a Government amendment. When I asked my Colleague whether we had given notice of the amendment—I used the word 'we'—he replied 5-20 'yes'. Therefore I said that the Government had given notice of P.M. the amendment. It is a Member on the Ministerial Bench that has given notice of that amendment. But since I said it on the floor of the House, I have now, on behalf of the Government, given notice of that as a Government amendment—rather I have converted that amendment into a Government motion, because there is nothing gained or lost in this matter. Let the House express its opinion in regard to this matter. But I am unable—and I am sorry for it—to accept Sri Prakasam's suggestion as a whole. He wants to include the term 'Bellary' in that amendment. For the sake of propriety, I have not put it down there. I am acting as a Member of a Government and the Government at the Centre have framed a certain Bill. My previous attempts did not succeed. So, I do not exactly do quite the opposite of what they have done. I have given notice of an amendment on behalf of the Government which would cover, if necessary, Bellary, but I am not specifically mentioning Bellary. I do hope—and I am sorry I cannot go further—I should be allowed to get that amendment through, if necessary, unanimously, and it will be a great thing if such an amendment is accepted unanimously without any difference. (Interruption) Mr. Gopalakrishnaiah, take my advice; do not interrupt me.

"Then, with regard to what the hon. Member Sri Prakasam said about the long title as it is called, as he himself observed, I had not read that long title and he acquitted me of any complicity in framing that long title. But let me explain to him that not even the Government of India have committed any grievous offence in that respect. This long title is in terms of the Article of the Constitution under which such Bills can be brought forward

[16th July 1953] [Sri C. Rajagopalachari]

and under which such Bills are referred to this House for opinion, views and the like. This is exactly a reproduction of the terms of the Article of the Constitution, referring to this matter, wherein it is stated that when there is any proposal to increase any area, to form a State or to diminish any area, such and such a procedure should be followed. And that is the procedure the Government of India have followed. That is the only reason why they have put in the long title and it has no more consequences than that. The short title is quite all right as the first clause gives the short title, and the nature of the Bill is explained in the various provisions of the Bill. Therefore, there will be no difficulty about understanding the long title.

"The point chiefly taken by various Members of the House in the debate dealt with clauses to which we will come later on. I shall deal only with the general matters that were discussed, in replying to the debate on this occasion. Everyone vied with the previous speakers in claiming that this was a great victory for democratic forces. That is a bit the language of mere agitators, and not the language of legislators, not the language of a Government, not the language of an Opposition to Government, who are a very important link in the Government machinery itself. What they call 'victory for democratic forces' is probably propaganda stuff, as if the Communist Party alone represents democratic forces in the country, and those people want to show that they have won. If that is the meaning, I must repudiate that claim. I hope the hon. Member Sri Prakasam and many others on this side will also repudiate that claim."

SRI T. NAGI REDDI:—"The people think so. The Communists have never said so."

THE HON. SRI C. RAJAGOPALACHARI:—"As an axiom of Euclid, it is stated that people are the Communist Party . . ."

SRI T. NAGI REDDI:—"People against the Government and hence the people's victory."

* THE HON. SRI C. RAJAGOPALACHARI:—"The word 'people' as something against the Government or against the Government that is actually in charge of the administration is a peculiar technical phrase employed by the Communist Party."

SRI T. NAGI REDDI:—"But that is what happens."

* THE HON. SRI C. RAJAGOPALACHARI:—"Ordinary, the word 'people' in the language of politics or in the language of literature means the people which we all know and the meaning of which we can understand by a reference to the standard English dictionary. But in Communist literature, the people's voice and people's choice of representatives means not those who follow Rajagopalachari but those who oppose Rajagopalachari! (Thumping on the table.) This clapping is a very narrow understanding of what I have said. (Laughter.) The clapping is entirely due to want of knowledge of the exact meaning of the language I have

[Sri C. Rajagopalachari] [16th July 1953]

used. The people is a particular technical word of art, as we call it, a term of art in Communist literature. I repudiate that claim of democracy. 'United Democratic Front' is a very tall phrase. Are there no other democrats in this House? That is the implication of one calling oneself 'United Democratic Front.' Therefore, I say, if it is claimed really that the achievement of this Bill is the result of the special efforts or the predominant efforts of either the Communist Party or of those who are in the United Democratic Front to-day, I consider it a wrong claim, and on behalf of all the rest, I say that it is a very wrong claim and it is all arrogance and political exploitation and nothing less than that. It is the trick of exploitation in politics. Just because they are now in the Opposition, they can rise and say that this is a great victory because to their minds it is a victory . . ."

SRI T. NAGI REDDI :—" Anyway the Government can never have that claim. Anyone else can have that claim except the Government, the Congress Party."

THE HON. SRI C. RAJAGOPALACHARI :—" I never said that. Why do you suffer from this inferiority complex? " (Laughter.)

SRI T. NAGI REDDI :—" I want only to explain."

* THE HON. SRI C. RAJAGOPALACHARI :—" I was proceeding to say that before some of the gentlemen in the Communist Party were even mature enough to consider these matters, this problem and this claim had been raised by people in the Andhra area and the agitation was carried on from father to son and all through consistently. The various things that were pointed out on the opposite side by some of the speakers were quite enough to show that this achievement of the separation of the Andhra State is the result of a long agitation by the people as a whole and the people of Andhra as a whole, and of not any particular people as against any particular Government. Those who are now in Government were not in Government when this agitation was going on and so, it was not as if these people were against it or those people were for it. So, let us forget that claim."

" The next point is this. I am just explaining what is in the mind of the hon. Member Sri Nagi Reddi, which he is not able to put forward, probably because he thinks it is not proper for him to do so. But it would not be improper if I say that and if I explain it. What he seems really to suggest is that Sri Jawaharlal Nehru was against it in his heart of hearts, that Rajaji was against it in his heart of hearts, and that they (the Communists) had wrung it from them."

SRI T. NAGI REDDI :—" Right, exactly so."

* THE HON. SRI C. RAJAGOPALACHARI :—" Don't you see that I have understood you rightly? (Laughter.) If only the hon. Members will wait, they will find that they and I do not differ in the understanding of the position. It is only when we try to

[16th July 1953] [Sri C. Rajagopalachari]

suppress facts that we differ. But when we talk frankly, there will be no difference and no difficulty in understanding each other. I shall try to follow that path. Let me explain the position. Again I want patient hearing. Let us not run away with ideas misunderstanding one another. I was believing, I am believing and I shall continue to believe—until I am persuaded to an opposite conviction by proper persuasion, and not by clapping or voting or shouting—that language is not and cannot be the only basis for a division of States inside the Union of India. (Interruption.) That is right; 5-30 p.m. you still have not wrung it out. I say I was and am of the opinion that this is not the only thing that should guide us. At a time when we are dealing with certain issues in a particular context and opinions are expressed either by individuals or by committees or even by large bodies of people, inside the Congress itself, it would be quite wrong to understand those opinions without the context to which those opinions appertain. Every opinion expressed by an individual or a Committee or a Party has to be understood, as in a Law Court when we deal with the question of a document or interpret a document and when any opinion is arrived at, we should see in what context, political, economic or other, it is arrived at. When we are dealing with the question of linguistic States after Independence—not the independence achieved according to the original Congress objective, viz., independence inside the Empire—but total and complete independence, we are in an entirely different context. Let it not be my claim, statement or creed. What does the Congress itself state? Reference was made to the Congress Committee resolutions. References were made to the opinions expressed on behalf of the Congress and by great Congressmen and great Congress leaders. Let us understand the nature of those resolutions and in terms of the history of the Congress itself. Sri Prakasam described the speech of Sri Ramamurthi as 'thundering.' Yes, in his thundering speech, Sri Ramamurthi referred to the Nehru Report. Most people, especially the young men here may imagine that it refers to Sri Jawaharlal Nehru. It is not so. It refers to Sri Motilal Nehru. Sri Ramamurthi correctly said that this report was made in 1928. He read that report, but as he was reading, he stopped in the middle. I noticed that. (Even in 1928, in that resolution itself reference had been made to all the other considerations that should be taken into account and predominant factors had been given in that report not to language, but to the wishes of the people.) That was the context at that time when people were against the total foreign alien rule when the wishes of the people were ignored. What did the Congress say about that report? I think that Nehru report as it is called was made by Messrs. Motilal Nehru and Sapru. When it came up before the Congress Working Committee—I think Mr. Viswanatham may be able to help me—I think we said that we neither accepted nor rejected that report. That is the famous history of that report when Gandhiji invented the term of 'neither accepting nor rejecting.' It was not in connection with the language question, but was connected with the communal question in which Muslims and Hindus were concerned. That was the report. What was the

[Sri C. Rajagopalachari] [16th March 1953]

Congress do afterwards? What is the present context? I am not referring to the J.V.P. report and other reports. They were all reports. Most of the Members may know what the All India Congress Committee said in Hyderabad with reference to the formation of the Andhra State. They proceeded to say—

‘While affirming this policy, the Congress would draw special attention to the other factors which must be taken into consideration in any reorganization of the present States of India such as the unity of India, national security, defence, financial considerations and economic progress not only of the whole Nation, but of each State.’

“Hon. friends who go only by slogans fail to understand me when I say that the linguistic problem and the cry for linguistic States are not the only things to be taken into consideration, but there are other things that also will have to be taken into consideration. They understand it to be a battle cry. That is not. I want all things to be taken into account. Take for instance the Tungabhadra Project. What are we at now? The merits of the particular clause need not disturb our argument just now. The point is that the Tungabhadra Project and the management of the Project headworks later on will be far more important than mere linguistic considerations. We will have a number of things like that, and in the course of our progress we ourselves will feel that they are far more important than mere linguistic considerations. For example, there are the lines of communications, centres of railway and other communications, the economic resources of various States, how they pass through and under what line of communication they pass through, what sort of trade is followed, the export of the various articles, to what extent there are macadamized roads, what is the position with regard to the rivers, etc. All these matters will have to be carefully considered. What is it that we are dividing now? Trade and commerce will have to pass through many language and economic regions. So, the rivers will pass through many States. People will be getting into quarrel. Therefore it is I say that in the modern context, the people have advanced and the progress is also far too rapid. To-day there is a different line of trade. Railways have been laid, there are telegraph lines and you have irrigation sources. In the very old days, a river divided two countries, and was a fine boundary. In those days there were no bridges. Nowadays, bridges are constructed over rivers not only for carts and bullocks and men, but also for trains and even goods waggons. Consequent on this, the rivers, instead of being the border of two countries, have become centres of trade and commerce. The rivers now help agricultural production and also navigation. Both sides are now able to cultivate a greater acreage of land. Electrical pumps are used, big dams and reservoirs are constructed to augment the irrigation sources. Is it enough that we divide only on the basis of languages? The most important transactions of each State will then have necessarily to become inter-State affairs. What should and could be done in one of the departments of the Government will have to be done on an inter-State level. Unfortunately, politics, that is to say, politics in a different sense and certain political considerations have been brought to play. Take the Communist Party now. I understand

[16th March 1953] [Sri C. Rajagopalachari]

the Communist creed and Communist doctrine at least to some extent. They should certainly have stood against this proposal to divide only according to languages, because they stand for material progress, they stand by Karl Marx and not by the old-fashioned ideas. For them, it is material progress that is important. Is language material? My friend Mr. Ramamurthi was eloquent this morning about materialism as against the foolish spiritualism. I say language is all-spiritualism. There is no materiality in it. What is materialism? We have trade, commerce, irrigation, rupees, annas and pies, machinery, gunny bags, cartloads of stuffs and so on. Instead of dividing according to them, the proposal is to divide according to language. What is the mystery behind the Communists' favouring this proposal? It may be asked why are the Communists supporting this proposal which is against their own cause, their own doctrine. I say it is because of expediency.”

SRI T. NAGI REDDI:—“No, you have not understood our doctrine correctly.”

* THE HON. SRI C. RAJAGOPALACHARI:—“I understand your doctrines to some extent. I said that if it was asked why the Communists are taking up the present attitude that they hold, I said that it was because of expediency. I say expediency guides their policy and doctrine. Let me talk frankly about it. (Inter-ruption.) Don't interrupt me and make me get more excited than I am ordinarily used to. I proceed to say that in Andhra if the Communist party had not taken up their present attitude and had not fallen in line with others in demanding the division of the State on the basis of language, they would have lost their ground. I say they would have completely lost their ground. That is why, intelligent and shrewd politicians that they are, they swallowed the linguistic cry. Otherwise, what is the explanation for their present attitude which is against the tendency of their own doctrines?”

SRI T. NAGI REDDI:—“We advocated linguistic States as far back as 1986.”

THE HON. SRI C. RAJAGOPALACHARI:—“That only means you understood your defects long ago and that without such an attitude you could not retain your ground there. (Laughter.) But the fact remains that for the sake of expediency you are advocating a wrong cause.”

SRI M. HANUMANTHA RAO:—“On a point of order, Sir, I am sorry the Hon. Chief Minister is slowly getting himself into”

THE HON. SRI C. RAJAGOPALACHARI:—“...an anti-Communist tirade?” (Laughter.)

SRI M. HANUMANTHA RAO:—“I am sorry the Hon. Chief Minister who introduced the Bill is slowly putting forward arguments to oppose this Bill.”

[16th March 1953]

5-40
P.M.

* THE HON. SRI C. RAJAGOPALACHARI :—“ I am very glad to find that there was no point of order in the first place (laughter), and that it was only a warning to me. My Friend Mr. Prakasam and I are old people and commit such mistakes. He began by saying that the Andhra Bill was no good, was not right and the long title was wrong. But was he opposing the Bill? (Laughter.) So also, I am moving the Bill and I want it to be passed. I want, however, to say that I have not changed my opinion. I want to show that my opinion is not inconsistent with the Bill being passed. My opinion was expressed in Hyderabad very clearly when this principle of partition was accepted there. I said that this was not the only idea to be kept in mind and that we must have all the ideas together. I shall explain it again so that even my opponents may understand it. What is the importance of language, of the unity of language? I am fond of my own language and, therefore, I respect other people's language also. There is no doubt about it. But let us understand the importance and the boundary of that importance of language. The importance is this. The education of children is intimately associated with the language. When you divide a State not in accordance with language, you undergo a risk of an autocratic Government impeding the education of the boys or creating hurdles to the education of boys and girls. I quite agree. Therefore, we should provide very clearly for all educational facilities being given to those who live in border areas, where necessarily people speak different languages. We must provide such facilities most carefully and completely not only in the border areas but even in internal places if there are a sufficient number of people speaking different languages. For instance, in Bombay there are places like Matunga and Dadar where the whole lines are inhabited by Tamil and Malayalam-speaking people. There are schools providing instruction in these languages and the Government of Bombay are giving grants to them. Similarly, in all modern States for the sake of education of children, this safeguard should be provided on account of the difficulty arising out of non-language division. Then again, I am not unaware of the fact that legislative proceedings would be more easy if language was only one. That we have seen with our own eyes. People who speak different language find sometimes difficulty—I am not referring to those who obstinately and unnecessarily and as part of their political programme refuse to speak in a language which they know and which the other side knows. I am referring to genuine cases where men cannot understand one another. I know that this difficulty is there. But what are we doing in world assemblies? There are the United Nations assemblies where many languages are spoken and where very much more grave problems are considered. They consider more important problems. Do they not deal with all such difficulties? Similarly, a language need not necessarily stand in the way of cutting across other important considerations to be taken into account. I am not saying anything against the formation of the Andhra State. I am only saying that my view is not wrong and that my view is not inconsistent with the Bill before the House. Let us come to modern conditions. We are not beginning the world after the

[16th March 1953] [Sri C. Rajagopalachari]

creation straight off. We are not for the first time forming ourselves into Governments and States. The country is very old. Many Governments have governed this country. Many things have taken place in this country. Civilisation has progressed. Therefore, we are not beginning at the beginning but we are beginning very much in the middle. In the middle, what is the position? To-day even the most upright judge, even the most well-informed and upright judge when he takes the paper and pencil and draws out a map of the linguistic States will not be able to form linguistic States except to this extent. He can put down a nucleus or a centre and say this is Tamil, this is Telugu and this is Kannada. He can put down a black centre for each State but the circle around that centre will cut the circle around the other centre. (Throughout India, you will find that language has grown and trade and commerce have grown in such a way that you cannot have boundaries which would satisfy the demands of linguistic division.) At every point, you will have a border where for long distances from the border, more or less both the languages will be spoken. Sometimes even three languages will be spoken as at Bangalore. Therefore, it is impossible to divide States like that. It is necessary that in the Legislature both languages should be spoken. More necessarily in educational institutions, both languages will have to be provided as media of instruction. We cannot get away with the belief that pure and unadulterated linguistic division is possible. A mere creed does not bring about reality, even after thousands of years have passed. In the old days States were not divided according to language. Before the British—I am not referring to the bad British period but to a very good period prior to the British—States were not formed on linguistic basis. They were formed on the strength of their armies and some areas were clubbed with other areas on this basis. So that, from time immemorial, people have got mixed up. So, let us not try now to do what is not possible. You will go wrong if you try to do even a right thing at a wrong moment. At each moment, we must do what is right at that particular moment.

“ Now, Sir, I come to the point raised by my friend, Mr. Vinayakam and Mr. Nagan Gouda, about border areas. Mr. Nagan Gouda says, ‘ these are border areas and they are bound to be like that. ’ He was very much agitated and impatient when he found that nobody referred to the fact that in 1950 when this partition question was being considered, not by the present Government but by many others, there was no reference made to the claim of Kannadigas to Bellary. Prior to that, there was a committee of the Congress, Mr. Kelkar's Committee, and no mention was made about their claims to Bellary taluk nor about several other taluks. Sir, in those days, people did not realise the actuality of the situation. It is only when we are getting a thing that children as well as grown-up people begin to quarrel about particular things. While it is merely a matter of discussion and talk, they make mistakes. Now the goal is reached and land hunger has seized our people's minds. Let us not go into an acrimonious

[Sri C. Rajagopalachari] [16th March 1953]

discussion over that. A boundary commission is bound to be appointed and it will look into the whole question. But even then, let me warn my friends, a wrong decision may be given. Until a decision is given, we accept everything and after a decision is given we cannot go on decrying the tribunal's authority or its wisdom or its competence. That is very wrong. We must in human affairs accept the decision of the tribunals which we appoint, whether right or wrong. There must be a conclusion to matters. Otherwise, we shall be wasting public money and public energy for nothing at all. Even if we divide, problems arise in a way. Every extra line creates new problems. We must, therefore, accept the decisions arrived at by the boundary commission when it is appointed.

“ Sir, I must take hon. Members into my confidence on a slightly legalistic matter. When we suggested to the Government of India that the boundary commission should be referred to in this Bill itself, they pointed out that if a boundary commission was appointed, as it is bound to be appointed, its conclusions, when accepted, would have to form the subject-matter of the statute itself. According to the Constitution, when the recommendations of the boundary commission are accepted and put into execution, we will have to have a Bill just like this afresh. It has simply to be made into law just as this Bill is going to be made into law. Therefore, in any case, we have to introduce a Bill when the boundary commission is appointed and when it submits its report. As for the authority to appoint the boundary commission, the authority is with the Government and it is not lost. It is not to be provided in this Bill. It is not necessary to have a statute to appoint a boundary commission. So, the Government of India argued rightly when they said that it need not be referred to here. That is the legal position. Our proposal to have boundary commission is not necessary and is not right technically. Even lawyers would not approve of it because a Bill should not include anything that is not necessary. Therefore, they were in the right. But our only point to introduce it in the Bill was to satisfy public doubts and to clear the doubts of the people. Their advice was that we might make clear in our speeches during the debate on the Bill the reason why this was not included in the Bill. We have now gone a step further. We have proposed an amendment which may be accepted and sent to the Government of India. Let them deal with it. That is the position with regard to the boundary commission.

“ With regard to the claim that this Bill once and for all decides that the linguistic division of States has been accepted and that therefore it is a triumph for that creed, I want to enter a caveat. The Government of India are appointing or rather have appointed a committee for the purpose of going into the method of redistribution of the States. They will decide the matter taking into account not only linguistic considerations and the wishes of the people but also all the other considerations to which the All-India Congress Committee's Resolution in Hyderabad refers and to which I referred just now in this debate.

16th March 1953] [Sri C. Rajagopalachari]

“ The hon. Member, Sri Thimma Reddi—I think he is here—said this morning something or other which struck me as a point which I should touch upon. He referred to me in connection with some matter. He said I am the incarnate of the Cabinet and the entire Government and things like that; that I ride the Cabinet and there is no difference of opinion in the Cabinet as if that were a defect. I wish to point out to hon. Members that when anybody is in charge of the Government as Chief Minister—whatever name you give him, Premier, Chief Minister or Prime Minister—it is not a fault that he commands the full and entire confidence of his Cabinet. On the contrary, it is a merit, it is a qualification, it is a necessary qualification. If a man does not command that confidence, he does not deserve to be in that position. I therefore take Mr. Thimma Reddi's accusation, if he intended it, as a compliment and as a justification for the position that I occupy. May the new Andhra State get such a Chief Minister who may command the confidence of the Cabinet, be the incarnate of the Cabinet, so to say. I can tell you even now one or two names of gentlemen who can do that, who can command that confidence. But I do not wish to do that now. Every State will be strong and be stronger for that reason. Therefore, let us not imagine that differences of opinion arising alone give the hallmark of democracy. Extreme, thorough-going confidence is the hallmark of democracy and good democracy. If therefore we choose our men properly, you may not see any differences at all. That is the reason why we say that it is a good democratic arrangement. I claim therefore that for the very reason that Mr. Thimma Reddi pointed out, the present Government is a good Government and a well-formed Government. I do not claim that I do command that degree of confidence which Mr. Thimma Reddi said I commanded. If I did, I say, it is a very good thing. But there is considerable scope for difference of opinion. Only we do not show it to the public. I think that is also a good sign in democracy. We can understand that with reference to the bullock-cart. Two bullocks have to pull together in order to pull the cart. Even though they may pull in different directions for the time being when yoked together they must pull together in the same direction. Otherwise the cart-driver knows what to do with the cart and with the bullocks. Therefore it is not really a matter of accusation or a matter for apology on our part. I have often heard statements to the effect that we did not differ and therefore we have no strong-minded men in the Cabinet and so on. It is entirely wrong. When you look at a picture and if the picture is well made, you see it well. If it is not well made it will tremble and it will not properly coalesce. I have not seen many pictures. But I tell you from my knowledge of science. When a Cabinet acts properly and well and justly and upon good basis, always acts thoughtfully and deals with the matters in a considered way, then you do not see differences because all differences will have been resolved before a decision is reached.”

SRI R. SIDDANNA GOWD :—“ Docile Cabinet.”

[16th March 1953]

* THE HON. SRI C. RAJAGOPALACHARI :—“ Well, I will answer the charge of docility. A well-governed family looks very docile. But where there are quarrels with brother, father and son, going on, do you think it is a good family? No, it is not. Mere indocility does not make democracy. What appears docile to outsiders is unity in real fact. Moreover docility is not an offence. We are bound to be docile. It is not our desire to be violent and to be indocile. We should be docile. I also wish that in the Andhra State all people will be docile and accept the Government of the country and then the Government and the State will be strong where they will say : ‘Hullo, this Chief Minister has become a tyrant and everybody is docile.’ When that is said, I know my neighbour is strong, and that the Andhra State has a strong Government and that it is doing very well.”

“ Sir, with these words I commend the motion for the unanimous acceptance of this House.”

MR. SPEAKER :—“ The question is—

‘ That this House recommends that the Andhra State Bill, 1953, be introduced in Parliament.’ ”

The motion was put and carried unanimously.

MR. SPEAKER :—“ The House will now adjourn and meet again at 9-30 a.m. tomorrow.”

The House then adjourned.

In 1945 and subsequent years 25 per cent of the collections will be set aside for investment to increase the capital of the Fund, 10 per cent will be retained by the Central Committee, for discretionary grants and the remaining 65 per cent allotted to districts. To this 65 per cent, will be added the interest receipts from investments.

8. *Conditions of grant.*—Grants may be made in all cases where Government grants are inadmissible or utterly inadequate to relieve the distress. Grants will be admissible only to officers, men and ministerial staff, or their families, who subscribe without default. It is not proposed to lay down hard and fast rules prescribing the conditions for a grant; the District and Central Committees will have full discretion to deal with each case entirely on its merits.

9. *Procedure of payment of grants.*—An officer, clerk, or man or his family, who has subscribed to the Fund without default may apply to the District Superintendent of Police, of the district in which he is, or has been working for relief from this Fund, giving a full and complete account of his distress. On receipt of such an application the District Superintendent of Police, will order such verification as he considers necessary of the statements in the petition. The petition with the record of this verification will be circulated among the District Committee members who will record their opinion as to whether they recommend the grant and if so, the amount they suggest. The District Superintendent of Police, if the Committee recommend the grant, will forward the application and connected papers to the Central Committee. The Central Committee will pass the final orders on the application. It will naturally be guided by the opinion of the District Committee. Where there is a difference of opinion among the members of the Central or District Committees the majority opinion will be accepted as that of the Committee. In making recommendations for grants District Committees will bear in mind the amount available for grants in their district.

10. *Family.*—For the purpose of the Fund members of a "family" will consist of "wife", "children", "father", "mother", and true brothers and sisters if under 14 years of age.

11. *Accounts.*—The accounts of the Fund will be maintained by the Honorary Secretary. An annual statement of accounts will be communicated to districts at the beginning of each year by the Honorary Secretary, together with a report on the working of the Fund.

12. *Subscribers' meetings.*—A meeting of the subscribers of each district will be held at least annually at each District Police Office after the receipt of the annual report and accounts from the Honorary Secretary. The subscribers will then make any suggestions they have in mind for the better working of the Fund, which will be communicated to the Central Committee by the District Superintendent of Police. The meeting will also elect a new District Committee for the year.

16th July 1953]

13. *Central Committee meetings.*—There will be quarterly meetings of the Central Committee at the Chief Office, at which any reports from districts will be considered. A copy of the minutes of these meetings will be sent to each district.

14. *Alterations to rules.*—These rules may be varied at any time in the light of experience of the working of the Fund provided that a three-fourths majority of the District Committees desire such a change.

(2) As regards realization of subscriptions from the staff, it is suggested that the total amount of the subscriptions due from officers and men in each year be collected at the District Police Office by obtaining a cheque for this amount from the Treasury and making pencil entries in the Station Acquittance Rolls to denote the deductions. This will obviate the necessity of making cash collections in the stations and will reduce the clerical work to the minimum.

(b) In 1949, the Government approved a scheme for the appointment of one overseer for each Deputy Panchayat Officer's range to assist the panchayats in that range in the preparation of estimates and execution of works relating to panchayats. To start with, the scheme was put into operation in twelve selected Deputy Panchayat Officers' ranges in the districts of West Godavari, East Godavari, Guntur, Krishna, Nellore, Tiruchirappalli and Tanjore. On the report of the Inspector of Municipal Councils and Local Boards that the scheme has been working satisfactorily, Government have instructed him to appoint for each district one common supervisor for the purposes of all the panchayats in that district except in the case of the Nilgiris. The supervisor to be appointed for the Coimbatore district will also attend to the works relating to the Nilgiris district. With the appointment of common supervisors, the posts of overseers sanctioned for the selected Deputy Panchayat Officers' ranges will be abolished. The supervisor will prepare plans and estimates for panchayat works and he will also accord technical sanction to the estimates.

APPENDIX XT.

[Vide answer to starred question No. 572 asked by Sri K. Rajagopala Rao at the meeting of the Legislative Assembly held on 16th July 1953, page 271-272 supra.]

Petition from Sri V. Narasiah, Vanapamula village, Guduvada taluk, Krishna district, to the Minister for Local Administration, dated the 28th March 1953.

[Representation made on behalf of a section of the voters of the village of Vanapamula, Guduvada taluk, Krishna district.]

Our village is a minor panchayat. A final list of the voters on the electoral roll was published in the village and in the office of the Electoral Registration Officer without including a large number of voters included in the supplemental list supplied by the Taluk office. When we drew the attention of the Panchayat Officer to this, he replied that it was an omission by mistake and that he is helpless in the matter as the date was already fixed for elections to be held on the 30th March 1953 and that he has no power to stop the election or alter the date or include this list and allow the voters concerned thereby to vote at the said election.

I am one of the voters covered by the supplemental list and I am authorized by the other voters to make this representation on their behalf also. A copy of the final list published in the village and in the office of the Electoral Registration Officer on the basis of which elections are going to be held on the 30th March 1953 and supplemental list not included in it and not published in the village and in the office of the Electoral Registration Officer are herewith filed for perusal.

Under the circumstances set out above, it is prayed that the Government may be pleased to issue telegraphic instruction to the Deputy Panchayat Officer, Kaikalur, Krishna district, and the Regional Inspector of Municipal Councils and Local Boards, Northern Range, Vijayavada, not to proceed with the election of minor panchayat of the village of Vanapamula, Guduvada taluk, Krishna district, fixed for the 30th March 1953, without including the voters covered by the supplemental list of voters in the list to be allowed for the said election and without allowing the voters covered by the supplemental list to vote at the said elections.

Otherwise, the petitioner along with the voters in the supplemental list will be deprived of their legitimate franchise and thereby will be put to irreparable loss. Hence urgent orders are necessary.

STATEMENT II.

Clause (c)—

A. A gist of the results achieved from the experiments conducted at the Agricultural Research Stations.

Systematic experiments on manuring with up-to-date layout and statistical reduction have been conducted in the Agricultural Research Stations in the past and the following is the gist of the results :—

1. Application of green manure from 2,000 to 8,000 lb. recorded increases varying from 8 to 42 per cent.

2. Comparing green leaf with ammonium sulphate on 30 lb. nitrogen basis it was found that both are more or less equally efficacious, though there are slight differences ;

3. Super phosphate in combination with green leaf was more efficacious than when applied singly ;

4. Higher dose of nitrogen up to 120 lb. nitrogen level were tried in several Research Stations with three levels of phosphoric acid also. The results showed that the response in different seasons was different, but, in the main, the trend was that nitrogen up to 45 lb. in most of the cases secures 20 to 25 per cent increased yield.

[16th July 1953]

The research so far conducted lead to the following general recommendations :—

(a) Green manure up to 6,000-8,000 lb. plus super phosphate up to 100-150 lb. may be placed in the soil before planting.

(b) With a small dressing of leaf manure ammonium sulphate 20-30 lb. plus super phosphate 100-150 lb. per acre may be issued.

(c) Compost and cattle manure are better used on garden lands.

(d) Ammonium sulphate may be applied three to four weeks after transplantation.

B. The manures recommended and dosages per acre for paddy.

STATEMENT IV.

Clause (c)—

Japanese method of manuring and the average yield obtained.

Manuring of paddy in Japan.—Green manure of *Astragalus* species (soya bean variety) is sown in the field. Soya beans are also used as green manure and applied three weeks before transplanting.

If no green manure crop is grown, green leaf up to the quantity available is cut from the nearby forests and applied to fields. Lime (to help green to decompose in certain areas) at 700 lb. per acre is also applied.

Over the green manure applications, the following artificial fertilisers are applied :—

Ammonium sulphate to supply 58 to 135 lb. of nitrogen per acre, i.e., 290 to 675 lb. of ammonium sulphate.

Phosphoric acid to supply 35 to 90 lb.—200 lb. to 500 lb. of super.

Potash to supply 50 to 100 lb. per acre as potassium sulphate or chloride. This is done only on some farms.

Other materials which are used as food for the plant are used as given below :—

- (i) Barn yard manure (cattle manure).
- (ii) Compost, tank silt.
- (iii) Night-soil (human excrement).
- (iv) Green manure.
- (v) Ammonium sulphate.
- (vi) Calcium cyanide.
- (vii) Soya bean oil-cake.
- (viii) Fishmeal.

16th July 1953]

- (ix) Rice bran.
- (x) Rape seed meal.
- (xi) Superphosphate.
- (xii) Wood ashes.
- (xiii) Potassium sulphate.
- (xiv) Potassium chloride.

All the manures except green manure are applied in dry condition and as soon as the mixing is over, water is let in and puddled.

Yields.—No information is available giving details about yields of different types of manuring in Japan. The average yields of paddy per acre for five-year periods, i.e., 1936–40 when there was supply of artificials and 1941–45 when due to war the supply of artificials was restricted are given below :—

1936–40	..	Paddy	3,370 lb.	} (74.8 bushels or 45 lb. each.)
1941–45	..	Do.	3,030 lb.	

STATEMENT V.

Leaflet on the Japanese Method of Rice Cultivation as modified to suit conditions in the Madras State.

I. In the Japanese method of growing paddy stress is laid on—

- (A) Raising robust seedlings in thinly sown seed beds,
- (B) proper manuring, and
- (C) adequate after-care of the crop.

II. *Raising of seedlings.*—(1) *Methods in vogue.*—In the Madras State there are three methods of preparation of seed-beds, (i) dry, (ii) moist and (iii) wet. For every acre of the planted area the area of seed bed should be 7 to 8 cents.

Dry nurseries are raised in areas like the West Coast where there is adequate rain during the sowing season.

The moist seed-beds are common for the first crop in the delta districts where the time of availability of irrigation water for transplanting is uncertain, for under this method the growth of seedlings can be adjusted.

Wet seed-beds are raised in places where there is assured supply of water for all operations.

(2) *Preparation of seed-bed*—(a) *Dry and moist seed-beds.*—(i) Select a suitable area for seed-bed and plough repeatedly. Apply about 20 cart-loads of farm-yard manure per acre and plough until a fine filth is obtained.

(ii) Form beds of convenient size 4 to 5 feet wide and about 3" above the level of the ground. A space of one foot wide is left between the beds to facilitate weeding and watering.

(b) *Wet seed-bed.*—(i) Repeatedly plough the selected area with the summer showers. Apply 6 to 8 cart-loads of green leaves or 15 to 20 cart-loads of farm-yard manure per acre about ten days before the time of sowing.

(ii) Level and form beds of convenient size with channels at regular intervals for irrigation and draining the area.

[16th July 1953]

III. *Seed selection*.—(a) The Madras Agricultural Department has evolved 172 improved strains to suit the different tracts and seasons in over 80 per cent of the paddy area in the State. Every ryot should aim at developing his seed requirements in a specially selected part of his field. If he has no stock of improved seeds suited for the particular season and area, he should obtain the seeds from the local Agricultural Demonstrator or approved seed farm grower.

(b) Heavier seeds have been found to give better result in the case of the short-duration varieties only. Separate the heavier seeds by immersing the seeds in salt water solution prepared by dissolving half a Madras measure of salt in a gallon (6 kerosene oil bottles) of water. This quantity of solution would be sufficient to treat 20 lb. of seeds required for sowing in an acre. For medium and long-duration varieties, separate merely the chaff by immersing the seeds in water.

(c) In areas where foot rot is prevalent the seed should be washed with water, air-dried and treated with Agrosan G. or Coresan powder. Two tolas of the powder will be sufficient for treating 20 lb. of seed.

NOTE.—Agrosan and Coresan are highly poisonous and should be handled carefully and treated seeds should not be used for any other purpose. Wash the treated seeds to remove the chemicals and air-dry.

IV. *Sowing*.—(a) Sow at the rate of one viss (3 lb.) of paddy seeds for every cent of seed-bed. This quantity may be reduced in the case of the finer varieties and increased for coarser varieties. Thicker sowing results in weak seedlings.

(b) In a separate portion of the seed-bed sow *Sesbania speciosa* for planting in the margins of the paddy field as explained in greater detail later under "Self-sufficiency in green manures." About $\frac{1}{4}$ lb. of *Sesbania* seed may be sown in one cent of land for producing enough seedlings to produce 4,000 to 6,000 lb. of green manure.

(c) *Sowing in dry nursery*.—(1) Before sowing, smoothen the surface and cover the seed-bed with a thin layer of ash.

(2) If there is no rain within three days after sowing, sprinkle water carefully.

(d) *Sowing in wet seed-beds*.—(1) The selected seeds should be sprouted by soaking the seeds in water. For this purpose, the seeds are put in a gunny bag and immersed in water for 12 to 24 hours. The water is drained and the bag kept in a dark place covered with straw and weights are placed over it. After 24 hours the grains begin to sprout.

(2) Irrigate the seed-bed and drain the water at the time of sowing leaving only about half an inch of water over the bed.

(3) Drain off the water a day after sowing and regulate the subsequent watering according to weather conditions.

(e) *Care of seedlings*.—(1) The seedlings should remain on the land for 20–25 days in the case of the short-duration varieties and 30–35 days in the case of medium or long-duration varieties. Normally the seed-bed duration is reckoned at one week for every month in the life of the crop from sowing to harvest, e.g., for a five months' duration crop the age of the seedlings should be five weeks at the time of transplanting.

[16th July 1953]

(2) Remove all weeds carefully from the seed-bed.

(3) Water regularly if there are no rains.

(4) If the seedlings have not grown well, apply 1 lb. of ammonium sulphate for every cent to push up the growth.

V. *Manuring of paddy*.—(a) To secure high yields, the paddy field should be properly manured.

(b) Best results are obtained by applying organic manures (green manures farm-yard manure or composts) and inorganic fertilizers (nitrogenous fertilizers, like ammonium sulphate, phosphatic fertilizers like super-phosphates, bone ash, bone-meal), etc.

(c) The optimum dose of organic manures per acre in 4 to 6 cart-loads of green manure or 10 to 15 cart-loads of farm-yard manure or composts.

(d) Nitrogenous fertilizers induce vegetative growth and phosphatic fertilizers promote yield of grain.

(e) The optimum dose of ammonium sulphate is 150 lb. per acre. In areas where blast is endemic not more than 100 lb. should be applied unless a blast resistant variety is grown.

(f) Reduce the dose of ammonium sulphate if there is premature lodging.

(g) The optimum dose of phosphatic fertilizers is 150 lb. of super-phosphate or bone-meal. Increase this if there is excessive leafy growth.

(h) The dosage of organic and inorganic manures may be increased or reduced on the basis of the response of crop. Always regulate the dosage to suit local conditions and past experience of your field.

VI. *Self-sufficiency in green manure*.—(a) Hardly 20 per cent of the paddy area in the State is manured with five cart-loads of organic manure for want of adequate supplies.

(b) Among organic manure it is easy to step-up production of only green manures.

(c) To obtain four to six cart-loads of green leaves per acre, green manure may be raised *in situ*.

(d) Where the soils are light, sow 30 lb. of koringi (wild indigo) about seven days before the harvest of paddy. Pulses like green or blackgram can be sown along with 15 to 20 lb. of koringi per acre.

(e) For medium and heavy soils where irrigation can be had in June or July and transplantation goes on till September, a green manure crop of daincha sunhemp, pillipesara or *Sesbania speciosa* may be raised in the field by sowing 20 to 30 lb. of seeds after receipt of irrigation water.

NOTE.—Heavy soils should not be ploughed if no green manure or other crop is raised as such ploughing depresses the yield of paddy.

(f) Every ryot should aim at producing his requirements of green manure on the spot by raising *Clyrcidia maculata* on the bigger field bunds and by utilizing the margins of the field for growing *Sesbania speciosa*. One line of *Sesbania* planted 2 inches apart along with the paddy seedlings in the field will grow up to 10 feet in three to four months without affecting the paddy crop. By the time paddy is harvested four to six cart-loads of green manure can be got which can be either applied to the paddy crop that follows immediately or dried and stocked without composting and applied when necessary.

[16th July 1953]

(g) The ryot should leave a few plants of sesbania for seed production. Each plant will produce up to 4 oz. of seeds and therefore a few plants will be enough to make a ryot self-sufficient in sesbania seeds.

VII. *Preparing the field.*—(1) After the receipt of irrigation water, plough the land well.

(2) Apply green manure uniformly at 4 to 6,000 lb. per acre and plough it in at least a week before transplanting paddy.

(3) Where green leaf is not available, apply cattle manure at ten cart-loads per acre.

(4) Trim the bunds and fill cracks to prevent leakage of water.

(5) In areas deficient in phosphates, give a final ploughing with very little water in the field. Apply super-phosphate at 150 lb. per acre by placing it in the furrow and cover it with a levelling board.

VIII. *Transplantation.*—The number of plants per hole and the spacing will vary with variety, duration of crop, the season of planting and the fertility of the field. Proper spacing may vary from 4 inches to 9 inches. In the early varieties, closer spacing and planting of seedlings up to five per hole can be adopted. In the case of the long-duration varieties, fewer seedlings per hole with wider spacing produce best results. Optimum spacing for each field should be determined by the cultivator himself from his experience. Planting regularly in rows will help inter-culture and weeding.

IX. *After-care.*—(1) Fifteen days after planting, drain the field.

(2) Apply 150 lb. of ammonium sulphate immediately before the first weeding.

(3) Remove the weeds and loosen the soil around the plants with the hand or feet to the extent possible.

(4) Irrigate the field thereafter at suitable intervals depending upon the season.

(5) In the case of the second crop apply 150 lb. of ammonium sulphate before first weeding and 75 lb. a fortnight later.

(6) Stop all field operations about two weeks before flowering.

THE MADRAS LEGISLATIVE ASSEMBLY.

Friday, 17th July 1953.

The House met in the Assembly Chamber, Government Estate, Mount Road, Madras, at half-past nine of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

I.—QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

Improvement of the Malnad villages in South Kanara district.

* 583 Q.—SRI Y. MANJAYA SHETTY: Will the Hon. the Chief Minister be pleased to state—

(a) whether the Government have examined the recommendations made by the South Kanara Forest Grievances Enquiry Committee constituted by the Government in 1948 to suggest ways and means of improving the Malnad villages of the district;

(b) if so, the steps taken by the Government to implement those recommendations; and

(c) if no steps have been taken, the reasons for the same?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) Yes, Sir.

“(b) & (c) Twenty-three items are set out in a statement placed on the table of the House.”

SRI Y. MANJAYA SHETTY:—“Sir, in the printed statement placed on the table of the House, it is stated in item 15 that the Chief Conservator of Forests and the Collector of South Kanara have been requested to give wide publicity regarding the concession for free removal of green leaves from the reserved forests from the special coupes reserved for the purpose. But recently, Government have passed an order prohibiting people from entering the Reserved Forests with sickles. Are the Government aware that without the sickles it is not possible to remove green leaves and in view of this will the Government be pleased to cancel that order?”

THE HON. SRI C. RAJAGOPALACHARI:—“Sir, the Forest Officers will try to do their best to prevent cutting down of trees and infringement of normal rules, at the same time giving effect to the permission for removing green leaves. I am personally quite sure that sickles are not necessary for the removal of green leaves. A lighter weapon would be enough.”

SRI T. ANANTHA PAI:—“Is it a fact that the Central Government officials recently made a proposal for the improvement of agricultural lands in Malnad, provided the Provincial Government came forward with a nominal grant and that this government could not agree to the proposal?”

[17th July 1953]

THE HON. SRI C. RAJAGOPALACHARI:—"I would like the hon. Member to put a separate question. I will look into it carefully, Sir."

SRI R. SIDDANNA GOWD:—"Will the Hon. the Chief Minister be pleased to state whether they are special sickles or ordinary sickles could be used for cutting green leaves."

THE HON. SRI C. RAJAGOPALACHARI:—"The meaning of the word 'sickle' in the English language is slightly confusing. I would rather use the term that is used in my own district, i.e., 'matchu-katti,' which is bad, but 'aruval' would be good."

DR. K. B. MENON:—"Are the Government aware that there is a lot of illicit cutting of trees in Wynaad—I don't know whether Wynaad is included in Malnad—and will the Government please conduct an enquiry?"

THE HON. SRI C. RAJAGOPALACHARI:—"The Government are quite aware of a good number of illegal practices arising out of poverty and arising out of concern of the Government to conserve forests. An enquiry will not help us. What is wanted is administration and public opinion."

SRI M. NARAYANA NAMBIAR:—"In item 2 of the printed statement, it is stated that a Special Officer was appointed for the preparation of a plan for the development of cottage industries in the Malnad area. May I know when the officer was appointed and whether he has submitted any plan to Government?"

THE HON. SRI C. RAJAGOPALACHARI:—"The answer was prepared sometime ago and at that time it was ascertained that a Special Officer was appointed temporarily for one year. I am not at present in a position to answer the question just now put."

DR. K. B. MENON:—"May I inform the Chief Minister that the cutting I referred to was not by poor people, but by powerful capitalist interests?"

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, very probably the capitalist interests are organising the poor people for the purpose."

SRI T. LAKSHMINARAYANA REDDI:—"Are the Government prepared to grant permission to the poor people who want to construct houses in the Government special coupes?"

THE HON. SRI C. RAJAGOPALACHARI:—"Yes, Sir, permission will be granted in selected places."

SRI Y. MANJAYA SHETTY:—"Will the Government fix at least the size of the sickles to be used by the people for removing leaves in reserved forests, instead of banning all kinds of sickles?"

17th July 1953]

THE HON. SRI C. RAJAGOPALACHARI:—"Nothing much depends on the length and breadth of the weapon; it depends on many other factors. It is not possible to lay down rules in this respect. We have to give discretion to the local officials."

Forest Grievances Enquiry Committee.

* 584 Q.—SRI K. VENKATARAMANA GOWDA: Will the Hon. the Chief Minister be pleased to state— 9-40 a.m.

(a) whether a Committee called "The Forest Grievances Enquiry Committee" was constituted by order of the Government, dated 10th April 1950, to investigate the problems relating to the Malnad areas and to suggest measures required to solve them;

(b) if so, whether the Government will be pleased to publish the report, if any, submitted by the Committee; and

(c) what action the Government propose to take on the recommendations contained therein?

THE HON. SRI C. RAJAGOPALACHARI:—" (a) Yes, Sir.

" (b) The report is voluminous and the Government have taken steps thereon and do not consider it necessary to print it.

" (c) Please refer to my answer to clauses (b) and (c) of the Starred Assembly Question No. 583."

SRI K. VENKATARAMANA GOWDA:—"In view of the criticism that the economic potential of Malnad has not been adequately tapped and that because of the remoteness of the seat of administration, Malnad does not receive the attention of Government in respect of ordinary amenities in spite of the fact that it is a surplus tract in the matter of public revenue and expenditure, will the Government consider the desirability of constituting a Malnad Development Board to give special attention to the backward conditions existing in the Malnad area?"

THE HON. SRI C. RAJAGOPALACHARI:—"Government will consider the matter very carefully and sympathetically also, Sir."

SRI R. SIDDANNA GOWD:—"Will the report of the Forest Committee be placed on the table of this House for the perusal of hon. Members?"

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, I said that the report is very voluminous. I wonder how it can be placed on the table of the House, either manuscript or typescript. I will see what can be done. Hon. Members will have every facility to go through it."

[17th July 1953]

Grants to Harijan hostels.

* 585 Q.—SRI M. RAJESWARA RAO: Will the Hon. the Minister for Education be pleased to state—

(a) the total number of additional grants given to Harijan hostels in (a) Andhra area, (b) Madras City and (c) the Residuary State; and

(b) the total amount spent under each category during the year 1952-53?

THE HON. DR. M. V. KRISHNA RAO:—

“(a) (i) Andhra area (including Bellary district) ..	278
(ii) Madras City	69
(iii) Residuary State (excluding Madras City) ..	228
	RS.
(b) Andhra area (including Bellary district) ..	41,700
Madras City	10,350
Residuary area	34,350”

SRI M. RAJESWARA RAO:—“ Will the Hon. Minister be pleased to tell us whether the figures relate to last year.”

THE HON. DR. M. V. KRISHNA RAO:—“ Yes, Sir, the figures furnished are for 1952-53.”

SRI P. VENKATASUBBIAH:—“ May I know whether it is a fact that the Government have decided not to sanction additional grants to the Harijan Hostels and if so what are the reasons? ”

THE HON. DR. M. V. KRISHNA RAO:—“ There is no sufficient provision to increase the grants, Sir.”

Recognition of Harijan hostels.

* 586 Q.—SRI M. RAJESWARA RAO: Will the Hon. the Minister for Education be pleased to state the total number of Harijan hostels newly recognized in (a) Rayalaseema, (b) Circars and (c) Residuary State, and the total number of grants given to such hostels?

THE HON. DR. M. V. KRISHNA RAO:—

	Number of hostels.	Number of grants.
“(a) Rayalaseema ..	12	186
(b) Circars ..	18	126
(c) Residuary State ..	17	243”

SRI S. DEIVASIGAMANY:—“ On a point of order, Sir, the Residuary State has not yet come into existence. How can the Hon. Minister give figures for the ‘Residuary State’? ”

THE HON. DR. M. V. KRISHNA RAO:—“ I may modify it by saying ‘Districts that would come into the Residuary State’.”

[17th July 1953]

SRI S. NARAYANAPPA:—“ May I know whether the Government would recognise the new hostels in Rayalaseema and give them grants? ”

THE HON. DR. M. V. KRISHNA RAO:—“ According to the financial possibilities, the backward areas will be given priority, Sir.”

SRI K. VENKAIAH:—“ May I know, Sir, the number of hostels organised and recognised for the College students in different areas? ”

THE HON. DR. M. V. KRISHNA RAO:—“ A separate question may be put, Sir.”

SRI A. RATHINAM:—“ May I know from the Hon. Minister how many Harijan hostels are not recognised so far and will the Government come forward to recognise such hostels this year? ”

THE HON. DR. M. V. KRISHNA RAO:—“ As many as possible will be recognised according to the availability of funds, Sir.”

SRI S. VEMIAH:—“ May I know, Sir, the reasons for non-recognition of Muthukur and Buchi hostels run by the Harijan young men? ”

THE HON. DR. M. V. KRISHNA RAO:—“ I require notice regarding the particular hostels referred to, Sir.”

SRI P. VENKATASUBBIAH:—“ అనేక హరిజన హాస్టల్స్ మీద దుర్వినియోగం చేశారు రిపోర్టులు వచ్చినవికదా వాటి మీద ప్రభుత్వం నాలు ఏమి చర్య తీసుకున్నాడు? ”

THE HON. DR. M. V. KRISHNA RAO:—“ Wherever a complaint is received, it is immediately enquired into and action taken to set it right.”

SRI V. R. NAGARAJAN:—“ Are these Harijan hostels meant for backward classes also and if so, what is the percentage fixed for backward class students? ”

THE HON. DR. M. V. KRISHNA RAO:—“ There is no percentage fixed. For actual figures, I require notice, Sir.”

SRI B. K. NALLASWAMI:—“ Sir, the Government have given a warning to the hostels that they would not be given additional grants. As the hostels have taken new students as early as June and as the warning came too late and some of the smaller hostels which have taken a large number of students will be put to suffering because of this Government Order, will the Government consider such cases and see that some additional grants are given in hard cases like these? ”

THE HON. DR. M. V. KRISHNA RAO:—“ Instructions were issued very early this year, Sir.”

[17th July 1953]

SRI P. G. MANICKAM :—“ ஸார், கடந்த சில வருஷங்களாக கோயம்பத்தூர் ஜில்லாவில் ஹரிஜனங்களுக்கு என்று கையாண்டு வந்த முறை இப்பொழுது கையாளப்படவில்லை. அதைப் பற்றி கவர்ன்மெண்டுக்கு தெரிவித்திருக்கிறோம். ஆகையால் ஜனத்தொகையை அனுசரித்து கோயம்பத்தூர் ஹரிஜன ஹாஸ்டலுக்கு தனியாக கிராண்டு கொடுக்க அரசாங்கம் முன் வருவார்களா என்று கேட்கிறேன்.”

MR. SPEAKER :—“ நீங்கள் இதைப் பற்றி தனியாக ஒரு கேள்வி போட்டுக் கேளுங்கள்.”

SRI G. LATCHANNA :—“ Sir, may I know whether backward class students are admitted anywhere in the Harijan hostels? ”

THE HON. DR. M. V. KRISHNA RAO :—“ Sir, they are admitted in many hostels.”

Leprosy Sanatorium for Madras.

9-50 a.m. * 587 Q.—**SRI S. VEMIAH**: Will the Hon. the Minister for Health be pleased to state—

(a) whether the construction of a Leprosy Sanatorium in Madras has been completed;

(b) the number of leprosy patients in the State on 28th February 1953; and

(c) the number of beds in the Leprosy Sanatoria in the State on 28th February 1953?

THE HON. SRI A. B. SHETTY :—“ (a) The Government are not constructing any leprosy sanatorium in the Madras City. There is no such proposal now under consideration.

“ (b) No detailed survey has yet been conducted to determine the incidence of leprosy in the various districts of the State. No information is therefore available regarding the number of leprosy patients in the State (on a given date).

“ (c) A statement^a is placed on the table of the House.”

SRI S. VEMIAH :—“ Will the Government consider the desirability of increasing the number of beds from 15 and 8 in the Leprosy Sanatoria in Krishna and Chittoor districts respectively as the present bed strength is inadequate? ”

THE HON. SRI A. B. SHETTY :—“ They are private institutions, Sir.”

SRI V. BALAKRISHNAN :—“ Do the Government offer any attraction to leper patients to receive treatment periodically in the hospitals? ”

THE HON. SRI A. B. SHETTY :—“ Yes, Sir. There are several clinics all over the State where out-patient treatment is given to leprosy patients.”

^a Printed as Appendix II on page 545 infra.

[17th July 1953]

SRI T. C. NARAYANA NAMBIAR :—“ In the printed answer placed on the table of the House, 2 sanatoria are shown in Malabar. In view of the fact that the leprosy Poor Home, Kozhikode, is situated in the adjacent compound of the Mission Leprosy Sanatorium, Chevayur and in view of the fact that the doctors and the experts concerned of the latter sanatorium are looking after the patients of the former, i.e., the Leprosy Poor Home, Kozhikode, will the Hon. Minister be pleased to take these facts into consideration and see that the Leprosy Poor Home, Kozhikode is merged with the Mission Leprosy Sanatorium, Chevayur as thereby some amount can be saved? ”

THE HON. SRI A. B. SHETTY :—“ It is a fairly long question, Sir, and I have not been able to understand what exactly the hon. Member wants to know.”

SRI K. ARANGANATHAN :—“ May I know, Sir, the districts where leprosy is commonly predominant and what action has been taken so far and how far it is successful? ”

THE HON. SRI A. B. SHETTY :—“ There are districts where the incidence of leprosy is high and there are certain places where leprosy is endemic. In a district like South Arcot where there is plenty of leprosy, the Hind Kusht Nivaran Sangha has started a special scheme for the control of this disease and a number of clinics as also one sanatorium have been opened.”

SRI T. C. NARAYANA NAMBIAR :—“ Is it a fact that the grant to the Leprosy Sanatorium, Chevayur, is stopped when the patients there are in an advanced stage and that a large number of patients have been turned out of the sanatorium and have become a nuisance to the town? ”

THE HON. SRI A. B. SHETTY :—“ Grants are given to institutions where open cases are given treatment.”

SRI S. DEIVASIGAMANY :—“ In view of the fact that a large number of lepers are infesting the streets of Madras City and also bus stands, will the Government consider the desirability of opening a leper clinic in Madras City and give them treatment for making them sterile? ”

THE HON. SRI A. B. SHETTY :—“ The Corporation of Madras are running two clinics and they are also thinking of opening a sanatorium. The question of making leprosy patients sterile will have to be given consideration.”

Government aid to Tuberculosis Sanatoria.

* 588 Q.—**SRI M. NARAYANA KURUP**: Will the Hon. the Minister for Health be pleased to state—

(a) how many Tuberculosis Sanatoria there are in the State and where they are located; and

(b) the nature of Government aid that was granted or is being granted to each one of them?

[17th July 1953]

THE HON. SRI A. B. SHETTY:—“(a) & (b) A statement* is placed on the table of the House.”

SRI M. NARAYANA KURUP:—“The Public Health Report for 1951 shows that the incidence of Tuberculosis in 1951 has increased from 1,67,496 to 1,71,234 and out of the total increase of 3,738 Malabar has contributed 3,144, it being the worst affected area. May I know why proper facilities have not been provided in Malabar and why no provision at all has been made in the 1953-54 budget when a lump sum contribution of Rs. 2,17,000 has been promised for Periyaram Sanatorium?”

THE HON. SRI A. B. SHETTY:—“Malabar is over-populated and it is a district which is the most deficit district in regard to food in the whole State and that may be one of the reasons for the wide prevalence of tuberculosis. With regard to the special question raised by the hon. Member, he may please put a separate question.”

SRI K. VINAYAKAM:—“In spite of the fact that there are a large number of beds available in the sanatorium at Tambaram, many patients are clustering near the sanatorium for admission and in view of the fact that most of them get their admission cards after they are dead due to this dangerous disease, will the Government consider the desirability of sanctioning more beds in the sanatorium at Tambaram?”

THE HON. SRI A. B. SHETTY:—“Sir, the Tambaram Sanatorium is probably the biggest sanatorium in this country and the number of beds is being increased from time to time.”

SRI M. VENKATASUBBA REDDI:—“May I know, Sir, whether the Government are opening a sanatorium at Pyapali in Kurnool district?”

THE HON. SRI A. B. SHETTY:—“The people themselves must collect sufficient funds for putting up a sanatorium and then apply for Government grant as the people in other districts have been doing.”

SRI M. PALANIANDI:—“May I know, Sir, whether the patients are getting admission cards after their death, and if so whether the Government will increase the bed strength in the existing tuberculosis sanatorium?”

THE HON. SRI A. B. SHETTY:—“It is true, Sir, there are about 2,000 patients in the waiting list for admission in the Tambaram sanatorium. As I have already said, the number of beds there is being increased from time to time. It is about 500 now.”

[17th July 1953]

SRI T. VISWANATHAM:—“With reference to the remark of the Hon. Minister that Malabar is over-populated, may I know whether his attention is drawn to the fact that Malayalees are solving the question by spreading out throughout the country in all walks of life and are thus relieving the congestion in Malabar?”

THE HON. SRI A. B. SHETTY:—“That is one way. I hope they would not emigrate to the new Andhra State?”

SRI P. B. K. RAJACHIDAMBARAM:—“May I know, Sir, why the sanatorium at Tiruchirappalli with a bed-strength of 160 is given only Rs. 5,000 while the sanatorium at Perundurai with a bed-strength of 242 is given Rs. 40,000 per annum?”

THE HON. SRI A. B. SHETTY:—“Perundurai Sanatorium was started earlier and it has a larger bed strength. This grant-in-aid is given on the basis of the net cost.”

DR. K. B. MENON:—“Is the answer given by the Hon. Minister about Malabar sufficient reason for the neglect of Malabar?”

THE HON. SRI A. B. SHETTY:—“No, Sir, it has not been neglected. One sanatorium is coming up there and the Government have sanctioned a large grant for it.”

SRI V. BALAKRISHNAN:—“What preventive steps are being taken other than curative?”

THE HON. SRI A. B. SHETTY:—“The Five-Year Plan, Sir.”
(Laughter.)

Tuberculosis Sanatoria in the State.

* 589 Q.—SRI SAKA VENKATA RAO: Will the Hon. the Minister for Health be pleased to state—

- how many Tuberculosis Sanatoria there are in our State;
- how many there are in Andhra; and
- how many beds are provided in each of the sections?

THE HON. SRI A. B. SHETTY:—“(a) to (c) A statement* is placed on the table of the House.”

SRI SAKA VENKATA RAO:—“ప్రభుత్వం ఇచ్చిన రక్కలనుబట్టి మూర్తీ ఆంధ్రేశ్వర ప్రాంతంలోకంటే ఆంధ్రలో తక్కువగా ఈ సానిటోరియం అన్నీ ప్రజలు ఉన్నట్లు స్పష్టమవుతున్నది. కాబట్టి ఆంధ్రలో ఇంకేమైనా ప్రాంత ప్రభుత్వం ఈ సానిటోరియం అన్నీ ప్రజలను సాపేక్షమవుతున్నట్లు ఉన్నాయా అంటే ఎక్కడెక్కడ? ఎన్నో?”

THE HON. SRI A. B. SHETTY:—“The Andhra people are making attempts to collect amounts and start sanatoria. Recently when I was in Eluru I found a large amount had been collected for the purpose of starting a tuberculosis sanatorium there.”

[17th July 1953]

10
a.m

SRI K. GOVINDA RAO:—" May I know, Sir, whether a request has been made by a private organization at Visakhapatnam for seeking financial aid from the Government for the starting of a Tuberculosis Sanatorium at Visakhapatnam? "

THE HON. SRI A. B. SHETTY:—" The request will be given due consideration."

SRI S. RAMALINGAM:—" Sir, about Rs. 1 lakh and odd are being given as grant for the two sanatoria in Andhra districts but only Rs. 45,000 for the different sanatoria in Tamil Nad; so far as the Tanjore sanatorium is concerned, not even a single pie has been given as grant. Will the Government consider the desirability of giving some grant to the Tanjore sanatorium at least now? "

THE HON. SRI A. B. SHETTY:—" With regard to the Tanjore sanatorium I had already answered the question yesterday. The sanatorium must work for a year, its accounts should be audited, we must know what deficit there is—all these things have to be ascertained. Then only we can fix the grant-in-aid to be given to it."

Tour of the Famine Commissioner in Salem district.

* 590 Q.—SRI M. P. SUBRAMANYAM: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the Famine Commissioner has at any time toured the Salem district during the year 1952-53; and

(b) if so, the report submitted by him to the Government and the action taken thereon?

THE HON. SRI M. A. MANICKAVELU NAICKER:—

" (a) The Famine Commissioner toured Salem district once in May 1952 and again in November 1952.

" (b) With reference to the impressions formed by him during his tour in May 1952, the Famine Commissioner issued instructions to the Collector in regard to the maintenance of an attendance register, supply of uniform quantity of gruel in all the centres, substitution of wheat for rice and horsegram in lieu of greengram and maintenance of discipline and order in the distribution of gruel. He also suggested to the Collector the sinking of wells in Mecheri village of Omalur taluk and in certain villages of Sankari sub-taluk and the taking up of minor irrigation and rural water-supply works in Tiruchengode taluk. After his tour in November 1952 the Famine Commissioner issued instructions to the Collector regarding the continuance of gruel centres and arrangements to be made to engage the three categories of persons attending the gruel centres in useful activities and the recipe of the gruel to be supplied. He also instructed the Collector to take up irrigation works in the first instance. Where there was no irrigation works the Collector was asked to

17th July 1953]

propose a road work. The Famine Commissioner also suggested the taking up of the Mettur left bank canal at a cost of Rs. 2 lakhs if there were no rains in the next fortnight. In pursuance of the Famine Commissioner's suggestions irrigation works were taken up and pushed through wherever there was urgent need for them. This answer may apply to the next question 591 also, Sir."

Tour of the Famine Commissioner in Salem district.

* 591 Q.—SRI K. V. RAMASWAMY: Will the Hon. the Minister for Land Revenue be pleased to state—

(a) the parts visited by the Famine Commissioner in Salem district in 1952-53; and

(b) the recommendations made by him after his tour in that district?

THE HON. SRI M. A. MANICKAVELU NAICKER:—

" (a) The Famine Commissioner visited Harur, Krishnagiri, Dharmapuri, Omalur and Tiruchengode taluks in May 1952, and in November 1952, he visited certain parts of the district.

" (b) The attention of the Hon. Member is invited to the answer to question No. 590 by Sri M. P. Subramanyam, M.L.A."

SRI M. PALANIANDI:—" Is it not a fact, Sir, that the Union Minister, Mr. Krishnamachari, toured only those places where the local union Congressmen invited him and that too at midnight and that he did not visit the famine areas? "

MR. SPEAKER:—" This question concerns the Famine Commissioner. What has that to do with Mr. Krishnamachari? "

SRI K. V. RAMASWAMY:—" May I know, Sir, whether the Famine Commissioner visited the other taluks of the district? "

THE HON. SRI M. A. MANICKAVELU NAICKER:—

" I am afraid some other hon. Member may ask me whether the Famine Commissioner visited some hamlets in the district, Sir."

SRI C. V. K. RAO:—" Will the Hon. Minister enlighten us whether famine follows or precedes the Famine Commissioner? "

MR. SPEAKER:—" What has that to do with the present question? "

SRI S. NARAYANAPPA:—" Are the Government aware of the fact that the reports sent by the Sub-Collector of Penukonda and the Collector differed from one another and if so what did the Famine Commissioner say in his report? "

MR. SPEAKER:—" The hon. Member may put a separate question."

[17th July 1953]

SRI S. NARAYANAPPA:—"At least will the Hon. Minister tour my constituency, Sir? The Famine Commissioner, whenever he visits a district, does not go to the interior to verify facts."

MR. SPEAKER:—"This has nothing to do with the present question. A separate question may be put."

SRI S. RAMALINGAM:—"In view of the fact that famine is prevalent for the past four or five years in Salem, will the Government consider the desirability of declaring Salem as a famine area at least now?"

THE HON. SRI M. A. MANICKAVELU NAICKER:—"Salem has ceased to be a famine area. I do not know why the hon. Member wants to drag Salem into the famine area."

SRI N. SIVARAJ:—"ஸார், திருச்செங்கோடு தாலுகாவில் எடுக்கப் பட்ட கஞ்சித் தொட்டிகளைத் திறப்பதற்கு சர்க்காருக்கு உத்தேசம் இருக்கிறதா என்று நான் கேட்கிறேன்."

THE HON. SRI M. A. MANICKAVELU NAICKER:—"Yes, if it is necessary it will be done."

SRI T. NAGI REDDI:—"Out of his own experience, one of the M.L.As. has now complained that Famine Commissioner, whenever he visits a famine district, does not go to the interior of the district, where famine is prevalent in an acute form, to verify the facts of the case. I would like to know whether the Famine Commissioner did or did not do so in Salem district also?"

THE HON. SRI M. A. MANICKAVELU NAICKER:—"Whenever he visits a district, he visits all places which are supposed to be famine-stricken."

SRI P. PUNDARIKAKSHACHARYULU:—"Sir, the Famine Commissioner after his tour of the famine areas in the State has recommended certain steps to be taken to relieve the distress. May I know, Sir, how many of those recommendations have been implemented?"

THE HON. SRI M. A. MANICKAVELU NAICKER:—"To the largest extent possible, Sir."

Investigation into the death of Changarath Unnimaya Amma of Ponnani taluk.

* 592 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Chief Minister be pleased to state whether the Government are aware of the suicide committed by Changarath Unnimaya Amma of Mala amsam, Ponnani taluk, with her two children, and that police inquest has recorded starvation as the cause for suicide?

THE HON. SRI C. RAJAGOPALACHARI:—"Reports received in this case show that the woman, wife of a Madras tea-shop keeper, became widowed and for some time lived with her

[17th July 1953]

brother in Ponnani taluk who was also poor and that she committed suicide being tired of a life of poverty and dependance. The inquest verdict was suicide as she had none to support her and her children after her husband's death."

DR. K. B. MENON:—"As the incident referred to happened in my constituency, will the Government please conduct an enquiry whether the head constable did blackmail the brother of the deceased."

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, it was because the hon. Member brought this to my attention, I made very special enquiries in the matter. I think the allegation of blackmail is not correct."

SRI K. P. GOPALAN:—"Is it not a fact that for the past one year economic distress, poverty and unemployment are on the increase in Malabar resulting in starvation deaths often and may I know whether the Government are taking any steps to prevent such occurrences?"

MR. SPEAKER:—"How does this arise out of the present question? This question refers to a specific case of death. The hon. Member may put a separate question."

SRI T. VISWANATHAM:—"May I know whether the Government have taken steps to take care of the two children of the deceased?"

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, it is quite possible for each hon. Member to pick up cases of this sort from his own constituency. If Government were to accept the suggestion of the hon. Member who has just now put the last supplementary question, it would amount to Government running big orphanages everywhere. The question of taking care of the children of the deceased must be first the concern of the dependants, and the people in the neighbourhood must first show their compassion and if that of course fails, Government will have to attend to it."

SRI T. VISWANATHAM:—"Sir, I infer from the facts given by the Hon. Chief Minister that this is the first time the Government have conceded the fact of a starvation death in this Assembly. Apart from the sympathy that the neighbours may show, will the Government take particular care of such orphaned children?"

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, the word 'starvation' has been figuring a great deal in opposition literature. The position is this. Starvation may arise on account of poverty of particular persons or families, but starvation that arises out of the agricultural or supply position in the country is quite a different matter. Here the question concerns poverty and economic dependance. It is totally different from starvation death, as it is generally understood in the columns of newspapers with reference to

[17th July 1953]

famine conditions. Here is a case where poverty has resulted in suicide. Undoubtedly our country is full of such poor people."

10-10 a.m. SRI K. P. GOPALAN:—"Have any other deaths due to starvation have been brought to the notice of the Government; and may I know the concrete steps the Government are going to take to remedy the situation?"

THE HON. SRI C. RAJAGOPALACHARI:—"Not only from Malabar but from all over the country opposition papers have collected the maximum number of starvation deaths and I have been able to enquire into them and I have found out that they are all cases of accident or otherwise and not the symptom of a general condition of things. As regards the district of Malabar, the economic condition of Malabar is well known and the economic condition of Salem is well known and so also of the district of North Arcot; each district has its own economic condition and as regards all these, the Government as my hon. Colleague suggested, with the help of the Five-Year Plan, are doing their best to improve the economic condition of the country."

SRI T. NAGI REDDI:—"Whatever be the reason for the death in this case, it has been accepted that it is due to poverty. Are the Government aware, Sir, that of late the poverty of the people in the country is increasing and hence the number of deaths due to poverty are also increasing and such things as are brought to the notice of the Government in this regard have a basis of poverty behind them and therefore, Sir, will the Government at least now take into consideration the existence of famine conditions, the rising of prices, and unemployment which are plunging the country into more and more of poverty and will they in the action that they take give due consideration to this feature in our economic condition?"

THE HON. SRI C. RAJAGOPALACHARI:—"Poverty is one of the most important weapons in the armoury of certain parties (Sri T. Nagi Reddy: Then let it be removed) and I think whenever the rains come and distress is likely to be reduced that party is extremely dissatisfied and fidgety and as a result of the rains, I think, we will not hear next year of this and we shall have time to consider the general question."

Opening of a Government Hospital at Turaiyur.

* 593 Q.—SRI P. RANGASWAMI REDDIAR: Will the Hon. the Minister for Health be pleased to state—

(a) whether the Government received any representation from the public of Turaiyur regarding the construction and opening of a Government Hospital there; and

(b) if so, the action taken thereon?

17th July 1953]

THE HON. SRI A. B. SHETTY:—" (a) The answer is in the negative.

" (b) Does not arise."

Producers-cum-Consumers Co-operative Societies in Malabar.

* 594 Q.—SRI P. KUNHIRAMA KIDAV: Will the Hon. the Minister for Co-operation be pleased to state—

(a) the number of producers-cum-consumers co-operative societies in Malabar district which had worked at a loss in the co-operative year ending 30th June 1952; and

(b) the total amount of interest collected or due from them from 1st July 1952 to 31st December 1952 for the stocks supplied to them under the State Trading Scheme?

THE HON. SRI D. SANJIVAYYA:—" (a) Seventy producers-cum-consumers co-operative societies in Malabar district worked at a loss during the co-operative year ended 30th June 1952; and

" (b) Out of the 70 societies referred to in clause (a) above, eight societies were not given any foodgrains on credit under the State Trading Scheme during the period from 1st July 1952 to 31st December 1952, as their financial position was weak. The total amount of interest due from 23 societies on the stocks supplied to them during the period worked out to Rs. 1,11,396-1-0. In respect of the remaining 39 societies, the interest due from them till 30th September 1952 is Rs. 1,44,817-1-4 and the interest due for the quarter ending 31st December 1952 is being worked out. The total collection of interest in respect of these societies for the period ending 31st December 1952 is Rs. 73,137-2-4."

SRI P. KUNHIRAMA KIDAV:—"May I know, Sir, whether the Government have called for a report from the producers-cum-consumers co-operative societies concerned about the reason for the loss?"

THE HON. SRI D. SANJIVAYYA:—"I do not think we have called for it, Sir."

SRI M. NARAYANA KURUP:—"Out of a number of 107 societies, all of them were running at a profit before the year mentioned; but now 70 of them, a huge majority have suffered losses and the Hon. the Minister even now says that he has not called for any report as yet. May I know, Sir, why he did not do so and whether he will institute immediate enquiries regarding the cause of these losses? Will he take steps also to remedy the causes?"

THE HON. SRI D. SANJIVAYYA:—"I will certainly give consideration to the suggestion made by the hon. Member."

[17th July 1953]

SRI C. H. KANARAN:—"The North Malabar Federation of Co-operative Societies has submitted a memorandum to the Government stating that due to the interest that they have to pay, to the loss of weight in the transport of grains, they have had to run into losses and they requested the Government to remedy the situation. They had also asked for a refund of the heavy interest that had been collected from them. May I know, Sir, whether the Government will consider the memorandum sympathetically?"

THE HON. SRI D. SANJIVAYYA:—"I may tell the hon. Member that I am not aware of any such representation."

SRI K. KUNHI MOHAMED SHAFEE:—"Is it not a fact, Sir, that many of these societies have suffered losses due to their having been compelled by the Supply Department to keep reserve stocks of grain for a number of months and they had to pay a large amount by way of interest to the Government on this account and that the loss has been incurred by them on account of these reasons?"

THE HON. SRI D. SANJIVAYYA:—"No, Sir, no such compulsion has been made by the Government. In fact, the societies were given full discretion and the option whether to run the shops or not."

Voting by show of hands in Panchayat Board Elections.

* 595 Q.—SRI K. VENKAIAH: Will the Hon. the Minister for Local Administration be pleased to state—

(a) whether any representations have been made to the Government against the open voting system in Panchayat Board Elections; and

(b) if so, the steps taken?

THE HON. SRI N. SANKARA REDDI:—" (a) Yes.

" (b) After careful consideration Government have decided to adhere to their previous decision to hold elections to class II panchayats by the simple method of voting by show of hands which is least expensive and best suited for such panchayats."

SRI K. VENKAIAH:—"May I know, Sir, whether the Government have received any reports regarding murders and quarrels among the villagers during the course of the elections?"

THE HON. SRI N. SANKARA REDDI:—"Only a few complaints were received but no murders have taken place."

SRI V. SRI KRISHNA:—"Is the Hon. Minister aware that due to this system of election there had been widespread fraud and corruption among the officers and even the votes were deliberately bought by public auction and owing to these things the people are feeling that the Government have been responsible for creating dissension among the villagers?"

17th July 1953]

THE HON. SRI N. SANKARA REDDI:—"I am unable to answer such a vague question. However, I may tell the House that almost all the panchayats have been re-constituted and elections are almost over and very smoothly also."

SRI R. SIDDANNA GOWD:—"Is the Hon. Minister aware that in a case which went up to the High Court, the opinion has been given that a cheap method of secret voting should be adopted in order to obviate disturbances in the village economy and will the Government devise a secret method of cheap voting?"

THE HON. SRI N. SANKARA REDDI:—"The High Court has approved our system but they have opined in the manner suggested by the hon. Member."

SRI V. RAMA RAO:—"In major panchayats, the Government have recently introduced tick-marking system of voting which is tantamount to open balloting and therefore, will the Government consider reverting to the old system of secret ballot?"

THE HON. SRI N. SANKARA REDDI:—"We are now experimenting upon a new system so that the people can make a marking instead of putting the paper in boxes which system requires a number of boxes."

SRI G. YELLAMANDA REDDI:—"Are the Government aware, Sir, that owing to this system of voting by show of hands, great injustice is done to the voters and the villagers are divided into parties, and also some officers count and put down the votes to the account of people in whom they are interested instead of counting them in favour of the people to whom the votes are actually cast?"

THE HON. SRI N. SANKARA REDDI:—"Complaints have been received in a few places and some people have also gone to courts and after the decisions of Courts are known, necessary action will be taken against the officers who had misbehaved."

SRI P. SYAMASUNDARA RAO:—"Class II పంచాయతీలకు ఎన్నికలను జరిపేటప్పుడు ప్రభుత్వం వారు అనుమించే మార్కు వేసే విధానంపై, వందల కొద్ది గ్రామాల్లో పేషంట్ల ఆసలు మార్కు చేయడం ద్వారానే వట్టి వాళ్లు పేషంట్ల వేయబడ్డాయి. అందువల్ల ఓట్లు తిరస్కరించడం ద్వారా సోయాయి కనుక ఈ మార్కు విధానం తీసేసే రహస్య వోటింగు వ్యవస్థ ఎన్నికలను జరపడము ప్రభుత్వం వారు ప్రాప్తిగా అనుసరిస్తారా?"

It has been ascertained that there is distress in the entire coast of Valian-gode due to want of catches for the last few months consequent on the disappearance of shoals of mackerel throughout the coast this year. But the Assistant Director of Fisheries, Calicut, has reported in January this year, that there are catches of Sardines on a minor scale, and that this is a hopeful sign. It has also been ascertained from the Director of Fisheries that the causes for the failure of the fishing season are only temporary.”

This action was taken after the Hyderabad Government took action on the same lines and as the book was printed and published in this State. The reasons for this action are that it contains passages which are calculated to incite and encourage persons to resort to violence and sabotage, to seduce members of the police forces from allegiance and duty and undermine Government.**”

II.—ADJOURNMENT MOTIONS.

(1) ARRESTS AND REPRESSION OF THE LANDLESS POOR CULTIVATORS OF TUMMAROCODE VILLAGE OF PALNAD TALUK, GUNTUR DISTRICT.

10-30 a.m. **MR. SPEAKER:**—"The hon. Member, Sri V. Sri Krishna, gave notice of an adjournment motion two days ago regarding arrests and repression of the poor cultivators of Tummarocode village and I ruled it out of order. I think, the same motion put in different words and signed by fourteen non-members of this House, has been brought to me. It reads as follows:—

"That the House stands adjourned to discuss an urgent specific matter of public importance, namely, the continued arrests and repression of the landless poor cultivators of Tummarocode village of Palnad taluk, Guntur district, from 4th July up to this date."

In the adjournment motion which the hon. Member gave notice of the other day, the hon. Member has omitted the date 'from 4th July'. I wish to know what the hon. Member, Sri V. Sri Krishna, has to say on this adjournment motion."

* **SRI V. SRI KRISHNA:**—"I wish to say that my motion is based . . ."

MR. SPEAKER:—"Have I not ruled a similar motion out of order? Then, how can you bring the same motion again?"

* **SRI V. SRI KRISHNA:**—"The present adjournment motion is not the same as the previous one. The grounds on which the present motion is based are different."

MR. SPEAKER:—"What are those grounds?"

* **SRI V. SRI KRISHNA:**—"The arguments put forward to convince you, Sir, with regard to the previous adjournment motion are different from the arguments which we wish to put forward now in respect of the present adjournment motion. The previous adjournment motion related to an order by Government. The present adjournment motion relates to arrests which have taken place during the first week of this month and subsequently up till now. Poor cultivators are being taken into custody, and beaten. They have not been released yet."

MR. SPEAKER:—"An adjournment motion on this subject had been ruled out of order. I cannot understand how a similar motion can be brought again, whatever the arguments may be in respect of this motion."

* **SRI V. SRI KRISHNA:**—"Sir, the Government are responsible for the arrests."

MR. SPEAKER:—"This is not a question of any public interest. I wish to know what Mr. Venkateswarlu has to say on the subject?"

ARRESTS AND REPRESSION OF THE LANDLESS POOR CULTIVATORS OF TUMMAROCODE VILLAGE OF PALNAD TALUK, GUNTUR DISTRICT

465

17th July 1953]

SRI PILLALAMARRI VENKATESWARLU:—"The previous adjournment motion relates to incidents connected with the Forest department. The present adjournment motion is connected with the Police department for which the Hon. Chief Minister, Sri C. Rajagopalachari, is responsible. There is a marked difference between the two adjournment motions. Ninety-four arrests have so far been made and lathi charges are still going on."

MR. SPEAKER:—"The matter comes under 'day-to-day administration'."

SRI PILLALAMARRI VENKATESWARLU:—"The point I wish to say is that arrests are still going on."

MR. SPEAKER:—"According to the hon. Member, arrests have been going on from 1952."

SRI PILLALAMARRI VENKATESWARLU:—"Arrests are going on even to-day."

MR. SPEAKER:—"This motion relates to 'day-to-day administration'. I therefore rule it out of order."

(2) MANHANDLING AND USING OF PHYSICAL FORCE BY THE POLICE AGAINST SRI V. VEERASAMI, M.P., ON 14TH JULY 1953, NEAR THE ASSEMBLY PREMISES.

MR. SPEAKER:—"The hon. Member, Sri A. Govindaswami, has given notice of an adjournment motion. 'That the House stands adjourned to discuss an urgent specific matter of public importance, namely, the manhandling and using of physical force by the Police against V. Veeraswami, a Member of Parliament, on the 14th July 1953 in the Mount Road near the Assembly premises while he was coming along the road with two other members of Dravida Kazhagam to make a peaceful and lawful demonstration against the new educational policy of the Chief Minister.'"

The ruling I gave on a previous adjournment motion relating to arrests of members holds good in this case also."

(Sri A. Govindaswami rose to speak.)

MR. SPEAKER:—"The adjournment motion is clearly out of order. I am not going to allow the hon. Member to speak on the motion."

Point of information.

SRI VAVILALA GOPALAKRISHNAIAH:—"Sir, on a point of order. At the time of the last Budget session, when we were discussing the Education Demand, a promise was made to place before the House an amending Bill to extend the jurisdiction of the Andhra University to include Rayalaseema area. As the

[Sri Vavilala Gopalakrishnaiah] [17th July 1953]

Bill to provide for the formation of the Andhra State is being discussed by the House, I should like to know at what stage the matter is.

MR. SPEAKER:—"The hon. Member asked me this question and I requested him to refer the matter to the Hon. Minister in charge of Education. Instead, the Hon. Member is raising a point of order on the subject."

(Sri Pillalamarri Venkateswarlu rose to speak.)

MR. SPEAKER:—"Hon. Members wishing to raise points of information may meet me in my Chambers before raising them on the Floor of the House, and have their doubts cleared. We shall now proceed to the next item on the agenda."

III.—GOVERNMENT BILL.

THE ANDHRA STATE BILL, 1953—cont.

THE HON. SRI C. RAJAGOPALACHARI:—"I beg to move that—

'The proposed Andhra State Bill, 1953, be taken into consideration.'"

MR. SPEAKER:—"Motion moved—

'That the proposed Andhra State Bill, 1953, be taken into consideration.'

"There are about 280 amendments. I wish to suggest an easy method by which we can go through all these amendments. The Long Title for instance has five amendments. I will ask the hon. Members who have given notice of amendments to the Long Title to move them formally. After they are moved and seconded, we shall have a discussion on the clause as well as all the amendments. Then we can put them to vote one by one. It is not possible to discuss separately each of these 280 and odd amendments."

SRI PILLALAMARRI VENKATESWARLU:—"Our difficulty in accepting the suggestion is this. Of course in some cases we can accept your suggestion, Sir. But there are cases where amendments differ materially from one another."

MR. SPEAKER:—"I will put one by one all the amendments to the vote of the House, and that will meet the objection."

SRI PILLALAMARRI VENKATESWARLU:—"If it had been any other Bill I would have accepted the suggestion."

MR. SPEAKER:—"I will give the hon. Members full scope for discussion."

SRI PILLALAMARRI VENKATESWARLU:—"Unless every amendment is discussed separately . . ."

MR. SPEAKER:—"The voting on the amendments will be carried out separately."

17th July 1953]

SRI PILLALAMARRI VENKATESWARLU:—"I want even the discussion on the amendments separately."

MR. SPEAKER:—"In that case, the same arguments only will be repeated."

* THE HON. SRI C. RAJAGOPALACHARI:—"I was surprised at the academical proposal made by Sri Venkateswarlu. When a single subject is covered by a number of amendments, necessarily the discussion will cover all the amendments relating to that subject. There is no object in dialectic isolation of one amendment from another. It is better that the amendments are moved as the Hon. Speaker has suggested and that discussion takes place on the comparative merits of the amendments, and then the result taken separately."

SRI T. VISWANATHAM:—"To an extent, what you say, Sir, is all right. But when we come to schedules . . ."

MR. SPEAKER:—"For schedules we can adopt a different method."

* SRI T. VISWANATHAM:—"If two clauses which may either be inter-connected or which may relate to different matters . . ."

MR. SPEAKER:—"I am going to take up the Bill only clause by clause."

THE HON. SRI C. RAJAGOPALACHARI:—"I understood the Hon. Speaker to say that the clauses will be taken up separately for discussion."

SRI PILLALAMARRI VENKATESWARLU:—"I would like to submit, Sir, that every amendment should be taken up ^{a.m.} by itself. Then there is the advantage of discussing and voting upon specific amendments and thereby a lot of time will be saved. Had it been any other Bill, we would have accepted your suggestion. But here there are difficulties. This is a most important Bill and that is why the procedure which we used to follow previously may be changed this time."

MR. SPEAKER:—"Wherever there is difficulty, let the hon. Member inform me."

THE HON. SRI C. SUBRAMANIAM:—"I request that clause 2 may be taken up first and the Long Title and clause 1 may be taken up at the end."

Clause 2.

MR. SPEAKER:—"There are no amendments to clause 2. I pass on to clause 3."

SRI P. RANGASWAMI REDDIAR:—"On a point of order, Sir. What happened to the privilege motion of which I gave notice yesterday?"

[17th July 1953]

MR. SPEAKER:—"The hon. Member Sri K. P. Gopalan has given notice of a motion and not yourself."

SRI P. RANGASWAMI REDDIAR:—"I also gave notice of a privilege motion yesterday in the morning."

MR. SPEAKER:—"Hundreds of motions are being given to me daily in my room. Anyhow, I will look into my file."

SRI T. ANANTHA PAI:—"On a point of order, Sir. I want to know whether all the amendments would be put for voting. There are some amendments which affect the interests of Kannada. If the total number of votes on any issue is going to be the deciding factor, I would like to point out that the Kannada people are absolutely in a minority in this House and all such differences must be very carefully looked into by the Parliament."

* THE HON. SRI C. RAJAGOPALACHARI:—"With reference to the statement of the hon. Member coming from South Kanara, I would like to make it clear. Sir, with regard to the procedure of this House nothing is going to depend upon numbers in a matter of this kind. Certainly the Members representing the Kannada area are in a minority and it may be the same with reference to other matters in a different way. Nothing will depend upon numbers. That is why the entire proceedings are going to the Parliament and they will exactly say where the division has taken place, why it has taken place and in what manner it has taken place. So we need not have any anxiety about numbers in these matters."

* THE HON. SRI C. SUBRAMAINAM:—"Clauses 3 and 4 relate to territories which would form the Andhra State and the territory which should be tacked on to the Mysore State. Only after these clauses are disposed of, the Government amendment relating to the appointment of a Boundary Commission will come up. So I suggest that we may take up clause 3 now."

MR. SPEAKER:—"I shall now take up the amendment relating to the headline to Part II. The hon. Member Sri D. Krishnamurthy will move his amendment."

Head line to Part II.

* SRI D. KRISHNAMURTHY GOUNDER:—" (9) Sir, I move the amendment standing in my name, namely,—

'After the words, "Formation of Andhra State" insert the words "Tamil State".'

"கனம் தலைவர் அவர்களே. இந்தத் திருத்தத்தைக் கொண்டுவந்ததின் நோக்கம் என்னவென்றால், ஆந்திர மாகாணம் அமைப்பதோடு மாத்திரம் இருந்துவிடாது உடனேயே தமிழ் மாகாணத்தையும் அமைக்கவேண்டுமென்பதுதான். அதற்காகத்தான் ஆந்திர மாகாணம் பிரிந்தவுடன் பாக்கி யிருப்பதை சென்னை மாகாணம் என்று சொல்லாமல் தமிழ் மாகாணம் என்று அமைக்கவேண்டுமென்பதற்காகவே இந்தத் திருத்தம் கொடுத்திருக்கிறேன். இதை ஆதரிக்கவேண்டும்."

17th July 1953]

SRI M. PALANIANDI:—"Sir, I second the amendment."

The following amendments were then moved by the Members in whose names they were standing and duly seconded:—

Clause 3.

SRI K. VARADACHARI:—

10 "This House resolves that for clause 3 (1), the following shall be substituted:—

'3. *Formation of Andhra State.*—(1) Subject to section 4, as from the appointed day, there shall be formed a Part A State to be known as the State of Andhra comprising the territories which immediately before that day were comprised in Srikakulam, Visakhapatnam, East Godavari, West Godavari, Krishna Guntur, Nellore, Kurnool, Anantapur, Cuddapah and Chittoor districts and in the Alur, Adoni and Rayadurg taluks and the firkas of Bellary, Moka and Rupanagudi of Bellary district in the State of Madras and the said territories shall thereupon cease to form part of the State of Madras.'

SRI T. PRAKASAM:—

11 "This House recommends that provision be made for the deletion of the words 'and in the Alur, Adoni and Rayadurg taluks of Bellary district' and for the insertion of the words 'and Bellary' between the words 'Chittoor' and 'districts' in clause 3 and for the deletion of clause 4."

SRI G. LATCHANNA:—

12 In sub-clause (1), after the word "taluks" occurring in the seventh line, insert the words "and Bellary, Moka and Rupanagudi firkas of Bellary taluk".

SRI M. RAJESWARRA RAO:—

13 After the words "Alur, Adoni", delete the word "and" and substitute the words "Moka, Rupanagudi and Bellary firkas of Bellary taluk" after the word "Rayadurg".

SRI IJARI SIRASAPPA:—

14 Omit the words "and in the Alur, Adoni and Rayadurg taluks of Bellary district in the State of Madras" occurring in lines 6 and 7 of sub-clause (1).

SRI VAVILALA GOPALAKRISHNAIAH:—

16 Add after "Alur, Adoni and Rayadurg taluks", the following:—

"Moka Rupanagudi, Bellary firkas including Bellary town in Bellary taluk in Bellary district and Gudiyatham taluk in North Arcot district and Hosur and Krishnagiri taluks in Salem district in Madras State; Kolar, Bangalore, Chitaldrug and Tumkur in Mysore State; Hyderabad, Mahaboobnagar, Adilabad, Nizamabad, Medak, Karimnagar, Warangal, Nalgonda districts and

SRI G. C. KONDAYYA:—

| (8) Jalihal | (17) Sindavalam |
| (9) Benekal | |

and nineteen villages of Rupanagudi firka of Bellary district."

SRI K. T. KOSALRAM:—

18 In clause 3, after the words "Chittoor districts", insert the words "except Tiruttani, Vallaraneri (Palamaneri), Kanquenthikuppam, Puthur, Sankaragiri (Tirupathi) and Chittoor taluks in that district".

SRI E. L. RAGHAVA MUDALIAR:—

20 In sub-clause (1), after the words "Chittoor districts", insert the words "excluding the taluks of Kuppam, Chittoor, Puthur, Punganur, Kalahasti and Tiruttani".

New proviso.

SRI T. N. VENKATASUBBA REDDI:—

21 Add the following proviso to clause 3, sub-clause (1):—

"Provided that the Government of India do take necessary steps to finally settle the boundaries of the Madras, Andhra and Mysore, Orissa, Hyderabad and Madhya Pradesh States, either by mutual agreement between the States concerned or by a Boundary Commission or Commissions and that the districts concerned may thereupon be reformed accordingly."

17th July 1953]

SRI V. R. NAGARAJAN:—

25 Add the following at the end of sub-clause (1):—

"Provided that such predominantly Tamil-speaking areas of Chittoor district as may be so determined by any Boundary Commission to be set up by the Union Government shall merge back into the Residuary State of Madras as and from the date fixed therefor by the relevant authorities."

Sub-clause (2).

SRI K. VARADACHARI:—

26 "This House resolves that in clause 3 (2), after the words 'taluk of Rayadrug', the words 'and the said firkas of Bellary, Moka and Rupanagudi' shall be inserted."

SRI G. LATCHANNA:—

27 For the existing sub-clause, substitute the following:—

"(2) Without prejudice to the power of the State Government to alter hereafter the extent and boundaries of districts, the said taluks of Alur, Adoni and Rayadrug and the three firkas of Moka, Rupanagudi and Bellary of Bellary taluk and the taluks of Dhone and Pattikonda of Kurnool district and the taluks of Kalyandrug and Gooty of Anantapur district shall be amalgamated and become a new district known as Bellary district."

SRI T. PRAKASAM:—

28 "This House recommends that sub-clause (2) be deleted."

SRI G. C. KONDAYYA:—

30 In sub-clause (2), after the words "Anantapur district," insert the following words:—

"and Bellary town and five villages in Bellary firka and seventeen villages in Moka firka and nineteen villages in Rupanagudi firka shall be added to Kurnool district."

New sub-clause (3).

SRI K. VARADACHARI:—

31 "This House resolves that after clause 3 (2), the following shall be added:—

"(3) As soon as may be after the appointed day the President shall appoint a Boundary Commission to demarcate the Telugu-speaking areas in the districts of Chingleput, North Arcot and Salem in the State of Madras and in the districts of Kolar, Tumkur, Chitaldrug and Bangalore in the State of Mysore which are contiguous to the Andhra State and on such demarcation the areas so demarcated shall form part of the State of Andhra."

SRI PILLALAMARRI VENKATESWARLU:—

32 Add at the end the following:—

"(3) Boundary Commissions be set up on or within one month after the appointed day to re-demarcate the boundary

[Sri Pillalamarri Venkateswarlu] [17th July 1953]

between the States of Mysore and Andhra, especially the disputed areas in Adoni, Alur and Rayadurg taluks, Anantapur, Bellary, Tumkur, Kolar and Bangalore districts, and also the boundary between the States of Madras and Andhra, especially the disputed areas in Chingleput, North Arcot, Salem and Chittoor districts, the basis for such demarcation being the language and contiguity taking the village as the lowest unit for the purpose of such demarcation."

SRI P. PUNDARIKAKSHACHARYULU:—

33 "This Assembly recommends that in clause 3, the following sub-clause (3) may be added:—

(3) The three firkas of Bellary, namely, Moka, Rupanagudi and Bellary including Bellary town shall remain in the Residuary State of Madras pending the results of a plebiscite to decide to which State (Andhra or Mysore) the people is to be attached, and the deficit, if any, resulting from the administration of these firkas shall be borne by the Andhra State.' "

General.

SRI M. KALYANASUNDRAM:—

34 "This House recommends to the Parliament of India that clause 2 of the Andhra State Bill, 1953, be amended by adding a section after sub-section (1) which will provide for the appointment of a Boundary Commission within six months of the appointed day which shall go into the question of demarcation of the boundaries between the Madras and Andhra States on the basis of the following principle:—

'If an area is contiguous to a State and contains a population the majority of whom speak the language of the State that area shall form part of that State. In implementing this principle the villages shall be the units for the purpose of determining their areas which are to join this or that State.' "

SRI M. HANUMANTHA RAO:—

35 "That Boundary Commissions be set up on the appointed day or within one month after, to enquire into the border disputes between the Andhra State and Mysore State on the one hand and the Andhra State and the Residuary Madras State on the other and adjust the present boundaries of the abovementioned States on the basis of language, and contiguity villagewar."

SRI T. NAGI REDDI:—

36 Add the following at the end:—

"That Boundary Commissions be set up on or within one month after the appointed day to re-demarcate the boundaries between the States of Mysore and Andhra on the one hand and Madras and Andhra on the other on the basis of language and contiguity with village as basis."

17th July 1953]

SRI T. NAGI REDDI:—

37 "That the Boundary Commission set up to determine the boundary between Mysore and Andhra States decide the question of including the bi-lingual area of Rupanagudi, Moka and Bellary firkas in either State, by means of a plebiscite."

SRI K. VINAYAKAM:—

38 "Whereas the district of Chittoor has been considered as an undisputed Telugu district for purposes of formation of the Andhra State and whereas disputes have been raised by the Tamilians living in the Tamilian territories of the district, this House recommends that a Boundary Commission be appointed to examine the claims of the Tamilians and that the decision of such Commission be given effect to before the 31st December 1953."

SRI K. VENKAIAH:—

39 "This Legislative Assembly resolves to request the Government of India for the constitution of two Boundary Commissions to demarcate the exact boundaries between the Andhra and the Mysore States on the one hand and the Andhra and the Madras States on the other after careful consideration of the language of the people and the contiguity of the area populated with people speaking the same language, taking the village as basic unit and thus revise and also to request to amend the Andhra State Bill providing for such boundary adjustments."

SRI L. LAKSHMAN DAS:—

41 "This House recommends to the Government of India to make a provision in the Bill for the early appointment of a Boundary Commission to determine all Telugu-speaking areas of Parlakimedi, Berhampore, Gunupur and Jeypore of Orissa State and Bustar of Madhya Pradesh State which are on the northern boundaries of the Andhra State."

SRI K. RAMAIAH CHOUDARY:—

42 Add the following sub-clause to sub-clause (2):—

"(2-a) After completion of the formation of Andhra State, Bellary firka, Bellary town, Moka, Rupanagudi firkas be added to the Andhra State."

SRI G. YALLAMANDA REDDI:—

43 Add at the end of sub-clause (2), the following:—

"A Boundary Commission shall be appointed by the President to re-demarcate exact boundaries between Andhra and Madras and between Andhra and Mysore on the basis of language and contiguity with the village as the basic unit."

[17th July 1953]

SRI N. GOPALA MENON:—

44 Add as sub-clause (3), the following:—

“(3) All disputes among the States of Madras, Andhra and Mysore regarding the inclusion of a part of a district or territory in any one of the said States shall be referred to a Boundary Commission appointed for the purpose.”

11
a.m.

* THE HON. SRI C. RAJAGOPALACHARI:—“Sir, I would like to mention a few words in modification of what my colleague said previously about the order of business in this connexion. After listening to the amendments that have been moved, it seems that we cannot separate the Government amendment referred to during the discussion. The amendment that is proposed to be moved by the Government reads as follows:—

(55-A.) * A clause should be included in this part of the Bill to the effect that, as soon as possible after the formation of the Andhra State, the President shall appoint one or more Boundary Commissions for inquiring into the disputes that have arisen in certain border areas, and for making recommendations as to any adjustments that may be necessary in respect of the boundary of the Andhra State in those areas.”

I think that this could be properly discussed along with the other amendments.”

MR. SPEAKER:—“Amendments to clause 3 have been moved and hon. Members may move their amendments to clause 4 also. The Government amendment is common to both clause 3 and clause 4. That is why I think it will be better if we take up clause 4 also for discussion. That will be the proper way of doing things. Now, Mr. Varadachari may move his amendment to clause 4.”

Clause 4.

The following amendments were then moved by the Members in whose names they were standing and duly seconded:—

Sub-clause (1).

SRI K. VARADACHARI:—

45 “This House resolves that for clause 4 (1), the following shall be substituted:—

‘4. *Transfer of territory from Madras to Mysore.*—

(1) As from the appointed day there shall be added to the State of Mysore the territory which immediately before that day was comprised in the Bellary district other than the taluks of Alur, Adoni and Rayadrug and the firkas of Bellary, Moka and Rupanagudi in the State of Madras and the said territory shall thereupon cease to form part of the State of Madras.’ ”

SRI K. VARADACHARI:—

46 “Resolved that for sub-clause (1), the following shall be substituted:—

‘(1) As from the appointed day there shall be added to the State of Mysore the territory which immediately before that day

[17th July 1953]

was comprised in the Bellary district other than the taluks of Alur, Adoni, Rayadrug and the firkas of Bellary, Moka, Rupanagudi in the State of Madras.

The President may, however, before the appointed day hold a plebiscite to elicit the opinion of the people of the firkas of Bellary, Moka and Rupanagudi as to whether they desire those areas to be included in the Andhra State or the Mysore State and the President may carry out the wish of the majority of the people to affiliate the said areas or any part of the same to the Andhra State or the Mysore State, as the case may be.’ ”

Substitution by new clause.

SRI T. PRAKASAM:—

47 “This House recommends that a new clause be added in place of clause 4, providing for the appointment, as soon as may be, of Boundary Commissions to decide the Telugu-speaking areas in the Residuary State of Madras which are contiguous to the Andhra State, such as those in the districts of Salem, North Arcot and Chingleput, and for the transferring of such areas to the Andhra State by order of the President.”

New clause 4-A.

SRI K. VARADACHARI:—

48 “This House resolves that after clause 4, the following shall be inserted:—

‘4-A. As soon as may be before the appointed day, the President shall by plebiscite ascertain the opinion of the people in the firkas of Bellary, Moka and Rupanagudi in the Bellary district in regard to the inclusion of the said firkas either in the State of Andhra or in the State of Mysore and in accordance with the wish of the majority of the people in those firkas ascertained by such plebiscite include the said firkas either in the State of Andhra or in the State of Mysore as the case may be.’ ”

Sub-clause (1).

SRI G. LATCHANNA:—

50 After the word “Rayadrug”, insert the words “and Bellary, Moka and Rupanagudi firkas of Bellary taluk”.

SRI IJARI SIRASAPPA:—

51 In line 4 of sub-clause (1), for the words “taluks of Bellary district other than Alur, Adoni and Rayadrug”, substitute the words “district of Bellary”.

SRI VAVILALA GOPALAKRISHNAIAH:—

52 For the words “and Rayadrug”, substitute the words “Rayadrug taluk and Bellary, Rupanagudi, Moka firkas in Bellary taluk” and runs as in the State of Madras.

[17th July 1953]

Sub-clause (2).

SRI G. LATCHANNA:—

53 For the word "Bellary" occurring in the third line, substitute the word "Hospet".

Insertion of new provision.

SRI PRAGADA KOTIAH:—

54 "This House recommends to the Union Government to make a provision under clause 4 of this Bill for the appointment of a Boundary Commission to determine the disputed areas as between the States of Madras, Mysore and Andhra."

SRI S. S. KOLKEBAIL:—

55 "This House recommends that for the words "the territory which immediately . . . State of Madras", the words "all the Kannada-speaking area comprised in the State of Madras, viz., Bellary district, South Kanara district, Nilgiris district, Kollegal taluk of Coimbatore district, Madakasira taluk and other few villages of Anantapur districts, Hosur taluk and other few villages of Salem district, etc.," shall be substituted.

MR. SPEAKER:—"The Government will now be perfectly in order in moving their amendment. The Hon. Minister may move his amendment under Part II."

THE HON. SRI C. SUBRAMANIAM:—"Sir, I move the following amendment standing in my name, to Part II of the Bill:—

55-A "A clause should be included in this Part of the Bill to the effect that, as soon as possible after the formation of the Andhra State, the President shall appoint one or more Boundary Commissions for inquiring into the disputes that have arisen in certain border areas, and for making recommendations as to any adjustments that may be necessary in respect of the boundary of the Andhra State in those areas."

MR. SPEAKER:—"Now there will be a discussion on all the amendments that have been moved."

SRI G. LATCHANNA:—"I wish to bring to your notice, Sir, that I have also given notice of an amendment the serial number of which is 260. It also refers to the question of the appointment of a Boundary Commission. May I move that amendment also now?"

MR. SPEAKER:—"If the Government amendment on this subject is accepted, the hon. Member need not move his amendment. Anyway his amendment must have come here. There is a place for each amendment."

11-10 a.m. * SRI T. VISWANATHAM:—"It is not a question of printing. It should have been put in the proper place. The hon. Member has not given the order for printing." (Laughter.)

[17th July 1953]

THE HON. SRI C. SUBRAMANIAM:—"He has given notice of the amendment for the introduction of a new paragraph, paragraph 20. So it can come only after 19."

MR. SPEAKER:—"Mr. Latchanna must know that the House having taken up the present amendment, he need not move his."

SRI S. S. KOLKEBAIL:—"Sir, there is nothing in common between my amendment and the Government amendment because my amendment makes mention about 'all the Kannada-speaking area comprised in the State of Madras, viz., Bellary district, South Kanara district, Nilgiris district, Kollegal taluk of Coimbatore district, Madakasira taluk and other few villages of Anantapur district, Hosur taluk and other few villages of Salem district, etc.' With regard to disputed areas, I do not object to the Government amendment. But these are not disputed areas. They are entirely Kannada areas."

* SRI T. VISWANATHAM:—"Sir, we have no objection to the Government amendment. We are willing to accept it but I think some time should be given to us to consider it."

MR. SPEAKER:—"The hon. Member can speak now."

* SRI T. VISWANATHAM:—"Not that I want to speak now. Let us be given some time to consider the amendment."

* THE HON. SRI C. RAJAGOPALACHARI:—"Sir, I believe we are now in discussion on all these amendments which have been moved and it may perhaps be helpful if I make just a few remarks in support of the Government amendment in relation to the many other amendments that have been moved. Of course, those amendments which have been moved by several hon. Members in order to cover a very wide field—such as Madhya Pradesh, Orissa, Hyderabad and the like—fall in a different category and I believe that the House may have to give an opinion on that aspect of the matter separately. If the amendments are really intended to cover ground much larger than the Government amendment covers, surely that has to be considered separately and the only remark that I would like to make on that is whether it is worthwhile that this House should load the proceedings with an opinion on that subject, especially when we see nothing depends on our own decision, but on a decision in Parliament where there will again be a full discussion on general principles of that kind. With regard to contiguous areas, the question arises whether we should deal also with places like Mysore as was last indicated. I say that this is another type of amendment. The present Bill is for the creation of an Andhra State and not for the general redistribution of all the States in India. This is with reference to Andhra alone and, therefore, it may not be proper for this House to send its opinions and views in respect of contiguous areas in that connection. To try to enlarge or decrease the area of the Mysore State and to hand over Kannada areas from the residuary State which is not contiguous to Mysore, or to give over Tamil areas in Mysore to the residuary State would not be within the scope of the present Bill."

[Sri C. Rajagopalachari] [17th July 1953]

I think it would be unnecessarily burdening the proceedings of the House if we suggest anything on that point. It will not be covered by the discussion in the Parliament over this Bill. They will definitely rule out any general redistribution plan from the consideration of this Bill. Therefore, I submit that hon. Members who have moved large scope amendments may express their views but it would not be necessary to vote on these matters. It will help only to confuse matters rather than help to solve the problem. By narrowing down the discussion, we can help quick approval of the Bill, as the Government amendment, for all practical purposes, will cover every aspect of the matter.

"Sir, I have already explained in the course of the general discussion the legal position. A boundary commission, even if appointed in pursuance of our opinion, can only be appointed by the Government of India to enquire into border disputes. No statutory authority is necessary from Parliament for that purpose. And even if a boundary commission is appointed, the recommendations it makes, will have to come in the shape of a Bill before the Parliament which will have to consider it. Simply because we appoint a boundary commission under the present Bill, it cannot by itself conclude the matter. So, the Government of India rightly feel that a discussion on boundary commissions is unnecessary. But so far as this Government are concerned, we felt that in order to ease the situation in respect of the many disputes that have arisen, it was better to remove from the public mind any doubts with regard to that matter. We have reiterated our opinion that a boundary commission should be appointed to dispose of these disputed matters. Now the words that go to make up the Government amendment are general and broad and leave much room for the Government of India to dispose of matters under dispute from every point of view. Therefore, I commend that in spite of particular amendments moved by various Members, if the Government amendment is accepted unanimously, it will have much greater force than if we proceed to divide among ourselves over small villages, firkas and the like. After all, we are agreed on the question of boundary commission. Particularisation of matters in amending motions does not really solve anything. We depend ultimately on the boundary commission and if that boundary commission has the authority and if its terms of reference are sufficient to cover all the matters referred to in the various amendments, then the Government amendment should be enough. With these words, Sir, I commend the Government amendment to the close consideration of those Members who have moved other amendments."

SRI PILLALAMARRI VENKATESWARLU:—"Sir, the Chief Minister has explained the scope of the Government amendment, but my doubt is whether that covers all the Telugu-speaking Tamil areas and Tamil-speaking Telugu areas, and also the several propositions made about the Mysore State."

* THE HON. SRI C. RAJAGOPALACHARI:—"I have already stated that it will not. It is not our intention to cover

17th July 1953] [Sri C. Rajagopalachari]

them and it will not cover. I have made it quite clear just now that these amendments which seek to cover a much larger ground will not be covered by the Government amendment, but all the particular amendments as to taluks, firkas and the like. So, we may express our opinion if we desire separately on the wider scope amendments. I am only referring to those amendments which are really covered by the general amendment moved by the Government and they need not be pressed. With regard to Visala Andhra and other matters, they may be dealt with separately. I have expressed my opinion with all deference to the House that it really is purposeless to cover so much ground. We are likely to win a battle if we cover definite ground but we will not get any kind of gain by covering all ground unnecessarily."

SRI T. VISWANATHAM:—"May I know what the Government have in view with regard to certain border areas?"

THE HON. SRI C. RAJAGOPALACHARI:—"Certain border areas where disputes have arisen? Cannot the hon. Member realise that it is much better to leave these as they are without further clarification?"

SRI T. VISWANATHAM:—"I am suggesting that further clarification is necessary in view of certain statements or pronouncements made by certain people recently. We would like to know whether all disputes including the Bellary dispute are covered by that phrase."

* THE HON. SRI C. RAJAGOPALACHARI:—"I wonder if the hon. Member was absent at the time I spoke. I made it quite clear yesterday that the Government of India having expressed a certain view about Bellary and since one wants Parliament to take into account the dispute about the Bellary district also as was pointed out by Mr. Prakasam, it would be better if the terms are left loose and general so that the Government of India may reconsider the situation. But if we, so to say, take the bull by the horns, it may not be good strategy."

SRI T. VISWANATHAM:—"It is not good strategy. But I want to know what the Government have in view."

THE HON. SRI C. RAJAGOPALACHARI:—"Our view is not relevant. I have said that our proposals go only as recommendations for the Bill to be discussed by the Parliament. Bellary has been disposed of by the Government of India in a certain way. Now there are certain disputes arising—it may be admitted quite frankly—in both Bellary and in Chittoor areas. Need we go further than what the Government amendment has done in order to bring them within the terms of reference of the boundary commission? Let us remember that a statutory provision by way of a clause or sub-clause is not necessary in the Bill before us. We may leave the question to the boundary commission which is to be appointed. The Government will have full scope to include any subject in the terms of reference. Further clarification will be prejudicial and we should not try to forestall that matter."

[17th July 1953]

11-20
a.m.

SRI T. PRAKASAM:—"Sir, as I pointed out yesterday, this Bill may be confined to the subject direct. But Mr. Rajagopalachari, the Chief Minister, says that Bellary has been decided. I pointed out that the question of Bellary was not decided and should not be considered as decided. Therefore, it will be the duty of every one of us to make it clear that so far as Bellary is concerned, it cannot become a subject for decision even in Parliament so as to assign it away to the Mysore State on a report or opinion of Justice Misra. So far as the Government amendment is concerned, it is general no doubt. I should have no quarrel with the wording, speaking generally. All friends have taken a broader view and have put before this House questions like Andhra, Visala Andhra, etc. For the first time, Sir, I am very pleased to note that all these things have been brought before you in connection with this Bill, whether they particularly pertain to this Bill or not. My own view is that all those things might be discussed here and may be placed before this House, so that Parliament, which is supposed to be in charge of this matter might take into account the whole situation. Therefore, my friend Mr. Viswanatham has been trying to get a definite statement from the Chief Minister Mr. Rajagopalachari. But he is too difficult a man to commit himself to any position, and no reply has been given."

* THE HON. SRI C. RAJAGOPALACHARI:—"Sir, I was only advising in the best interests of the very object which is put forward by Sri Prakasam, Sri Viswanatham and others. Let me point out again and request hon. Members to concentrate on the words used in the Government amendment. The words used in the amendment are—

... shall appoint one or more Boundary Commissions for inquiring into the disputes that have arisen in certain border areas ...

The rest are consequential. There is no question of committal or non-committal. Wherever, in connection with certain border areas, disputes have arisen, this amendment will cover them. It is open to hon. Members like Sri Prakasam, Sri Viswanatham and others to say definitely 'we are all going to vote for this amendment taking it for granted that Bellary is disputed or comes under this clause.' More than this is unnecessary. This is what I say. After all, when we express a common and unanimous opinion and send it for consideration by Parliament, that opinion would have a greater effect than what a definite amendment including the Bellary question and, so to say, trying straightway to dispute the decision reached by the Government of India, would have. If we present the Government amendment with a common vote and clearly explaining that Bellary is included by Sri Prakasam and others, the Government of India will have to dispose of that matter one way or the other clearly in the background of all that has happened here. There is no question of my being a difficult man. (Laughter.) The subject is difficult. I have made it as easy as possible."

(Sri T. Prakasam was standing in his place to speak.)

THE HON. SRI C. RAJAGOPALACHARI:—"Please accept my advice."

[17th July 1953]

SRI T. PRAKASAM:—"I have been thinking of accepting your (the Chief Minister's) advice. It is a thing that has gone wrong. It must be set right. It is a wrong on the part of the Government of India to say that the Bellary question had been decided by Misra or by the Government of India. The Government of India are bound to do their duty properly. That is why I say that so far as Bellary is concerned, it cannot be disposed of even by the Government of India. Until finally the Bill is taken up in Parliament, the Government of India cannot dispose of Bellary and say, 'this must go to Mysore State'. Mysore State cannot come in here at this stage. Andhra is going to be a State very soon. As between State and State there are so many things that have to be settled. They must come in a formal manner. Those things have not come up till now. 'Added to the Mysore State', how it came, nobody knows. Whether it is assignment of properties of Bellary . . ."

THE HON. DR. R. NAGAN GOUDA:—"No property."

SRI T. PRAKASAM:—"Not only properties, but men, cattle and everything has been assigned by the Government of India. That is the way how the Government of India are thinking of respecting the rights of the people over whom they are called upon to govern."

THE HON. SRI C. RAJAGOPALACHARI:—"Is it not better to send a unanimous opinion?"

SRI T. PRAKASAM:—"A unanimous opinion will certainly help, and in the light of the explanations given on behalf of the Government by the Chief Minister, a unanimous opinion on this matter would be helpful. When I pointed out yesterday that for one hundred years the revenue accounts of Bellary were kept in Telugu, and that the whole administration was carried on in Telugu, Mr. Nagan Gouda got up to say that an injustice was done. But the whole mischief had been done for one hundred years before this Nagan Gouda was born or before his ancestors were born. Therefore, on this Bellary issue, it is not a question of a Boundary Commission. The people are particular of having a plebiscite. Plebiscite is a different thing from a Boundary Commission. Therefore, I submit that this amendment of the Government might be accepted by us in the interests of all parties, making special allowance for other subjects that have been placed before this House, particularly Visala Andhra, Hyderabad, and various other points that have been brought forward. I am very glad that all these things have come up now."

SRI C. V. K. RAO:—"On a point of order, Sir. Is the discussion going to be carried on between two Members or will every one of us here will get a chance to take part in the discussion." 11-30 a.m.

MR. SPEAKER:—"It is no conversation. Every Member will get a chance."

[17th July 1953]

SRI G. LATCHANNA:—" May I request the Hon. the Chief Minister to clarify the meaning of the words in the Government amendment, namely, . . . for enquiring into the disputes that have arisen in certain border areas'. Does this mean only some few cases of border areas which are under dispute or all border areas where there are disputes? "

* THE HON. SRI C. RAJAGOPALACHARI:—" They mean that the Boundary Commission can only go through the disputes in the two areas where there have been disputes raised. It does not cover the rest."

(The hon. Member Sri Latchanna stood up in his seat.)

* THE HON. SRI C. RAJAGOPALACHARI:—" While his mike is not working let me inform the hon. Member that because it does not cover all the disputes, a decision on this will not cover other places and a decision may be given by this House on amendments covering them."

SRI G. LATCHANNA:—" So, may I take it that according to the view of the Government, a dispute exists only where law-breaking agitation is carried on and not in other places where the agitation is going on for many years in a constitutional manner. Is it so? "

* THE HON. SRI C. RAJAGOPALACHARI:—" I congratulate the hon. Member, Sir, for putting the case in this very clear manner. Let me answer him. It is not right for us to say that only unlawful agitation and unlawful forms of agitation are recognized by us as disputes. Therefore the words 'unlawful agitation' are not there. I do not understand the expression 'linguistic disputes going on in other places'. How could disputes have been going on before the Bill was thought of or was brought into being. The dispute with reference to formation of States on linguistic basis was there but as to other areas, I do not know what places the hon. Member referred to when he said 'other places where there have been lawful forms of agitation'."

SRI G. LATCHANNA:—" I am thankful to the Hon. the Chief Minister for having given me a chance to make my point clear. I meant areas where there are disputes ever since the formation of Orissa. Agitation is still being continued there. There is also the assurance by the All-India Congress Committee in this regard. Also in Madhya Pradesh . . . "

* THE HON. SRI C. RAJAGOPALACHARI:—" Have I not made it quite clear? I think the hon. Member is really out of order. The matter has been made quite clear that this Bill refers only, can only refer and deal only with those areas. Orissa and others we cannot bring into this Bill at all."

* SRI IJARI SIRASAPPA:—" Sir, I would like to make it quite clear that the dispute over Bellary has already been decided by the award. I have also heard the Hon. Chief Minister making remarks that the Bellary question was quite different. I wish to

17th July 1953] [Sri Ijari Sirasappa]

make it clear that the Bellary question has already been decided and the question of Chittoor alone has to be decided later on by a Boundary Commission. In this connexion, I would like to know the opinion of the Hon. the Chief Minister regarding the opinions put forth by the Andhra Members. Some say a plebiscite should be taken. Others say that a Boundary Commission should go into the question. Does this mean that a Boundary Commission will be asked for after the plebiscite fails or a plebiscite would be demanded if the findings of the Boundary Commission goes against them? Let them be clear in their demand. I repeat there is no dispute over Bellary taluk. The dispute is only regarding the three taluks, Alur, Adoni and Rayadrug. That question can be referred to the Boundary Commission."

(Some hon. Members stood up in their seats.)

MR. SPEAKER:—" I have allotted five minutes to each hon. Member. Let them express their views and then let the Hon. the Chief Minister answer all the points raised. I think that procedure would be much better."

* SRI T. NAGI REDDI:—" On a point of information, Sir. The suggestion of the Hon. Speaker was that each hon. Member will be given an opportunity to speak on the amendments moved by them and after the Members have spoken, the Hon. the Chief Minister would reply and then the amendments would be put to vote. I submit, that this question being a very important one, it is better that Members express their views quite dispassionately and clearly. Within the time of five minutes allotted to each hon. Member it will be difficult to do this. The time allowed is quite insufficient."

* SRI M. HANUMANTHA RAO:—" The amendment given notice of by the Government is a very important one. We want, no doubt, clarification from the Hon. the Chief Minister on the amendment. But at the same time after giving hon. Members five minutes time to speak on the amendment and after the reply of the Hon. Minister, if the amendments are put to vote, a grave injustice would be done because we cannot have sufficient discussion on the amendments in the course of clarification of doubts. Sufficient time must be allotted and a discussion allowed to take place before the amendments are put to vote and the Government amendment should not be put to vote before other amendments are discussed."

MR. SPEAKER:—" That is what I am going to do. After giving every member an opportunity to speak, each amendment would be put to vote."

* THE HON. SRI C. RAJAGOPALACHARI:—" I rise so often, Sir, because hon. Members ask so often for clarification from me. Otherwise I do not wish to divert the course of the discussion as proposed by you. The only point I want to make quite clear to hon. Member Sri Sirasappa is this. He was referring to my previous statement that the two disputes were different. The point was raised that the Government did not act impartially

[Sri C. Rajagopalachari] [17th July 1953]

as between the two areas, and I explained the difference between the two areas in that connexion. So far as the border disputes and the Boundary Commission are concerned, those remarks do not apply. Enough discussion has taken place now on this. There was a distinction between Bellary and Chittoor in respect of the particular matter, I referred to, and therefore Government had to follow a particular line. But a Boundary Commission will go into the matter if this Government amendment is accepted by the House and accepted by the Government of India also.

"Then, Sir, about the other question of plebiscite, let us remember that a Boundary Commission is to enquire and the method by which the Boundary Commission will get the results may be anything, it may be by enquiry, it may be by plebiscite or with statistics. That must be left open. There is no object in introducing in the Andhra Bill to be passed by Parliament a particular plebiscite to be taken in a particular area. It is generally a kind of form followed in international matters. I do not know whether hon. Members agree with me. My own belief is that a new State will have very little chance for orderly progress if it begins with plebiscites in the areas which fall into the new State."

SRI R. SIDDANNA GOWD:—"Sir, the question has been considered in detail and two High Court Judges were appointed to go into the matter and findings were given by them. The Government of India gave their decision based on the findings of these judges. Therefore it is not now open to this House to re-open the question of Bellary. If the decision already arrived at by the Government of India were to be rejected and the question of Bellary were re-opened and the House called upon to go into it and give its own decision, it would create disruption and chaos in the Bellary taluk. The Hon. Justice Misra did not find it convenient to visit the disputed areas like Rupanagudi and some other villages and obtain the opinion of the villagers on account of the demonstrations which were made near his quarters. He had an open mind and really did feel that he should visit the disputed areas and find out the trend of public opinion in those villages and then give his findings. But he was prevented from doing so on account of the demonstrations made when he was about to leave for those villages. Therefore, it is not within the perview of this House or within the terms of reference to this Government given by the Government of India that we should arrive at a decision on Bellary taluk. The question has already been decided and therefore this Government or this House cannot re-open the subject which is not covered by the terms referred to by the India Government."

11-40 a.m. "As for the plebiscite, Sir, if the plebiscite is to be taken

SRI M. HANUMANTHA RAO:—"On a point of order, Sir. May I know whether the Speaker has allowed any discussion and has Mr. Siddanna Gowd been given an opportunity to speak on the subject?"

[17th July 1953]

MR. SPEAKER:—"Yes, I have given him an opportunity to speak on the subject."

SRI R. SIDDANNA GOWD:—"The atmosphere in the Bellary firka is surcharged with great heat and acerbity and when that is the atmosphere, if the people are called upon to exercise their opinion, their free opinion, it will lead to further disturbance and chaos. Therefore, I am opposed to a plebiscite being taken now. Therefore the figures of 1951 census should be taken into account and hon. Members who oppose the inclusion of Bellary firka to Mysore State cannot say that the figures of 1951 census are incorrect and erroneous. They take the census figures as correct when they suit them and when they do not suit them, they characterise the census figures as false and erroneous. It is not open either to re-open the subject on the basis of falsity of census figures furnished by the Madras State to the India Government, or it is possible under the circumstances to take a plebiscite in Bellary firka. Therefore, I once again appeal to the members who oppose the inclusion of Bellary firka to Mysore not to re-open the subject and to consider it as decided once for all, in the interests of unity and harmony and good feeling that ought to subsist between two neighbouring States."

* SRI M. HANUMANTHA RAO:—"I hope, Sir, that you had promised earlier that every opportunity would be given for getting a clarification from the Hon. the Chief Minister."

SRI PILLALAMARRI VENKATESWARLU:—"We required a clarification and on that only this has started. Sir, you have converted it into a discussion. I have no objection, if some clarification is coming from the Hon. the Chief Minister."

MR. SPEAKER:—"We will have discussion on all the amendments."

* SRI M. HANUMANTHA RAO:—"Then, I rise to oppose the amendment suggested by the Government. If the Hon. the Chief Minister clarifies the position further, then we will reconsider."

SRI T. VISWANATHAM:—"May I know, Sir, whether we are taking up Government amendments separately?"

MR. SPEAKER:—"No, we are taking all the amendments together and we will have discussion on all the amendments including Government amendments. Mr. Hanumantha Rao will speak now."

* SRI M. HANUMANTHA RAO:—"The position at present is like this. Many of us have given amendments, of course covering the whole border areas around the Andhra State. The amendment sought to be moved by the Government narrows down the position. Here, the suggestion that was made by the Hon. Chief Minister was that fresh problems need not be taken up now; a general consideration would be there later when it is decided by the All-India Government and so let us confine ourselves to the

[Sri M. Hanumantha Rao] [17th July 1953]

present border disputes that arise out of the demarcation to be made on 1st October. But even here I am afraid that the amendment moved by the Government will curtail us from putting forward a claim over Kolar district and some other places which are now in different other States and not in the Andhra State. The problem is that when the Andhra State is formed the Madakasira taluk would be a disputed area. Generally, it is claimed that Karnatakas happen to be the majority in Madakasira taluk. But at the same time the Andhra State or the Andhras in general will not be in a position to put forward their claims that Kolar district which is a Telugu district must be brought into the Andhra State, if we do not make particular mention of the Mysore State here in the Government amendment. So, Sir, the scope here is restricted much more than necessary, even if we leave the problem of creating Visala Andhra to be taken up later. No doubt, we wish that it takes place much earlier and at the earliest opportunity. Even if we want to, we cannot confine ourselves only to one particular problem. Now Mysore State has come into the agenda with the addition of Bellary district in the Mysore State. So, Sir, if this amendment is to be accepted unanimously and by all and particularly by all the Andhras, certainly mention must be made of the Mysore State as well as the Residuary State of Madras. Therefore, if the Government are prepared to accept that, then we do not have any objection to support their amendment.

“The general problem comes like this. It would be a Border Commission or Border Commissions that would take up the issue. There is no difficulty. They would go into all matters that are related to the Mysore State and the Andhra State, not only Bellary taluk but also Kolar district and Madakasira taluk. So also about Salem, and so many other taluks that are there which are claimed by the Andhras and about Chittoor where certain portions are claimed by our Tamilian friends. So the problem must cover the three States and it cannot be confined simply to the adjustment of the borders or boundary of the new State. That is why we are much apprehensive of the amendment moved by the Hon. the Chief Minister. I would like to know from the Hon. Chief Minister whether he means that his amendment would cover all these areas I have mentioned. If so, then we will have to consider it. Otherwise, it must be specifically stated that the borders between Mysore and Andhra and those between Andhra and Residuary Madras States would be taken by the Boundary Commission or Commissions. Then alone we would be in a position to support the motion.

“With these words, I wish the Hon. the Chief Minister clarifies his own position.”

SRI V. R. NAGARAJAN:—“Mr. Speaker, Sir, I am in whole-hearted agreement with the sentiments expressed by my colleague Mr. Hanumantha Rao. In spite of the long explanation given by the Hon. Chief Minister, there still persists a feeling in my mind and in the minds of many others that in this matter of defining ‘which are the disputed areas’, the position is not clear. Now, it may be stated by the Hon. Chief Minister that the Boundary

[Sri V. R. Nagarajan] 17th July 1953]

Commission will look into these things. But our suspicion now is whether the Boundary Commission will be limited to giving findings only on areas specified by the Central Government. Who knows what areas would be taken to be disputed areas and what areas would not be so taken? So to make matters clear and precise, especially in the matter of moving amendments, especially of a far-reaching nature, I would submit that there will be no harm in mentioning the districts, at least in the actual clause itself.

“I submit, Sir, that the words ‘Chittoor district’ and ‘Bellary district’ may find a place in the clause so that there may not be any plausible doubt or trouble afterwards. Therefore I request the Government to consider this seriously and see that these two districts are included in the clause. Otherwise all the labour and all the agitations that have been going on in this regard may go waste and afterwards there may not be a chance to remedy any misfortune that may overtake us.” 11-50 a.m.

SRI S. S. KOLKEBAIL:—“While supporting the Government amendment I want to say a few words. I request the Government to add my amendment also to the Government amendment because the Hon. Chief Minister wanted to iron out the differences amongst the Andhras on the one side and Tamils and Kannadigas on the other. My Andhra friends are talking in a language and temper of Herr Hitler. They want every place in India.”

SRI C. V. K. RAO:—“I take serious objection to the words that Andhras are speaking like Herr Hitlers.”

MR. SPEAKER:—“Let not two Members speak at a time.”

SRI C. V. K. RAO:—“I rise on a point of order, Sir. The hon. Member is referring to Andhras as Herr Hitlers and I wish that Member does not call Andhras Herr Hitlers.”

SRI S. S. KOLKEBAIL:—“Sir, I never said that Andhras are Herr Hitlers. I only said that they were talking in a language which Herr Hitler used in 1939. He used one language when he occupied Czechoslovakia and another when he occupied Austria. Similarly my Andhra friends are claiming all territories which admittedly belong to other linguistic areas.

“Sir, the Government in order to iron out all the differences brought forward this amendment so that all differences could be ironed out by the Boundary Commission. We have no objection to that. But my amendment refers only to certain areas which may be ceded to the Mysore State along with the areas mentioned in the clause. Ordinarily my amendment would be irrelevant if I had included the areas in Hyderabad, Orissa and other States. But in my amendment I only wanted that the Kanarese areas in the present Madras State, viz., South Kanara district, Nilgiris district, Kollegal taluk of Coimbatore district, Madakasira taluk and other few villages of Anantapur district, Hosur taluk and other few villages of Salem district, etc., contiguous to the Mysore State may

[Sri S. S. Kolkebail] [17th July 1953]

be ceded to Mysore as contemplated in clause 4 because we are far away from the seat of administration at Madras. South Kanara is about 650 miles from Madras and it has been neglected all along and all our cries are in the wilderness. Our area has been neglected in regard to irrigation, education, communications and in so many other fields. South Kanara has been neglected by this Government. We are very close to Mysore and we belong culturally to Mysore. Therefore I want all the Kanarese-speaking areas of the Madras State to be merged with the Mysore State. I request the House to accept my amendment."

SRI C. V. K. RAO:—"Mr. Speaker, it appears as though the whole subject under discussion is the Government amendment. The Government are so clever as to bring in the amendment and the Hon. Chief Minister is clever enough to express his opinion on the amendment. It is right and proper that we should have our say because all the proceedings will be studied by the Members of the House of the People. Sir, the amendment moved by the Government is formal and ineffective. It is formal in the sense, in the words of the Hon. Chief Minister, it is open to the Central Government to appoint a Boundary Commission or not. Even if a Boundary Commission is appointed, it may take time and it is also left open to the Centre to bring their findings before the different State Legislatures and the Parliament itself. Therefore, the Government amendment is ineffective. As far as the resolution is concerned, it is also formal. But a number of amendments have been moved and the purport of all the amendments is that there are a number of disputed areas which should be settled. When we are sending our views to the House of the People, the House of the People should be fully informed of the views of this Legislature. The disputed areas are not just two items. For example, the Hon. Sri C. Rajagopalachari would like to implicate in this amendment Chittoor and Bellary. If the Andhra State is to be a full-fledged State, all the disputed areas must be settled. When we are discussing a Bill of this type we would like the Centre to form the Andhra State in toto including the disputed areas in Orissa, Hyderabad, Madhya Pradesh, Mysore and the Residuary Madras. All these must be settled and we have to express our views in this House in regard to the formation of the Andhra State. This Bill, as Mr. Prakasam has pointed out, is not a Bill concerning the Andhra State only. It is diminishing the Madras State and increasing the Mysore State. It being so, the interests of Andhras should be taken into account while discussing this Bill. Therefore it is fit and proper that we in this House refer to the Centre that, while they appoint a Boundary Commission or Commissions, they must see that the Andhra State should be a full-fledged State and now or in the near future Boundary Commissions must be appointed to settle all issues. I therefore request the House to look at the problem from this angle."

* SRI K. VINAYAKAM:—"Mr. Speaker, I have listened with rapt attention the clarification given by the Hon. Chief Minister. Unfortunately an impression has been gaining ground

[17th July 1953] [Sri K. Vinayakam]

in this House that the Government do not support the cause of either the Tamils or the Telugus or the cause of the Kanarese. All the three sections have got their own grouses about this amendment moved by the Government. An apprehension lurks in our minds that by this kind of nebulous amendment the rights of none of these sections of the people will be safeguarded properly. For instance, my friend Mr. G. Latchanna classifies the agitation in Chittoor district as law-breaking agitation whereas the agitation which is supposed to be carried on by those Telugus in the residuary area would not come to the forefront or to the public eye. It is misleading. I take strong objection to this kind of classification. Disputes are disputes whether they are brought to the notice of the people or not either by constitutional methods or unconstitutional methods. I am not afraid of facing a Boundary Commission if my Telugu friends believe that a Boundary Commission which is to be appointed would decide in their favour in respect of certain areas in Chingleput, North Arcot or Salem districts, or even in respect of the City of Madras. My Tamil friends need not have any such apprehension. The Boundary Commission to be appointed will have some amount of integrity and they will decide every dispute by going deep into the question and not by demonstrative methods and they will not be scared away as they were in some other parts.

"I would even counsel some kind of patience to my Kannadiga friends. It is not as if Andhras will win public support simply because they are vociferous. Just as they have, there are so many other disputes arising in the borders between Andhras and Tamils also. I am glad that the dispute arising between the Tamils and Andhras in Chittoor will be enquired into by the Boundary Commission. But that is only a conjecture. Nothing specific about the case of Chittoor has found a place in the Government amendment. That is my grievance. In spite of the great agitation that has been going on in Tiruttani and other places in Chittoor district and in spite of the fact that the same has been taken notice of both by the Central as well as by the Provincial Government, yet Chittoor has not found a place here. In the proposed Andhra State, Chittoor has been included as an undisputed Telugu district. That is where we strongly register our protest. Chittoor cannot be by-passed as a wholly Telugu area. That is the very purpose behind our agitation. Let the Madras Government take particular care of the same. Thousands and thousands of Tamils are there in Tiruttani and other taluks of Chittoor district. Their cry cannot go unheard of. That is why I say specific mention may be made about Chittoor in the present Government amendment."

"A question may well be asked by my Andhra friends about the Tamil areas of Chingleput, North Arcot and Hosur wherein the majority of Telugus live. Let me not be mistaken as though I fear the appointment of a Boundary Commission in those areas. I have had some experience with the Telugus of Chingleput and North Arcot districts. I know fully well that they are not much

[Sri K. Vinayakam] [17th July 1953]

enamoured with the glamorous approaches that are being made by some Andhra protagonists. They are not very enthusiastic to merge themselves with the Andhra State, having Kurnool as the capital. It is a farce which these Andhra friends are doing.

SRI T. VISWANATHAM:—"On a point of order, Sir. It is perfectly open to Mr. Vinayakam either to favour or refute the claims of Andhras. But to say it is a 'farce' is, I think, not proper."

SRI K. VINAYAKAM:—"It is my personal opinion. I think the word 'farce' is parliamentary."

MR. SPEAKER:—"In the circumstances in which it is used it is not unparliamentary."

* SRI K. VINAYAKAM:—"Another strange thing that I have noticed in this House is that many hon. Members seem to forget that the jurisdiction of our Legislature extends only to the whole area of the composite State as it is now existing. I am unable to understand the politics behind hon. Members of the House voicing their opinions for inclusion of areas (Telugu-speaking) from Hyderabad, Madhya Pradesh and even Mysore in the Andhra State."

"In conclusion let me wind up by saying that Chittoor cannot be classified as an undisputed Telugu area. Let the Government take note of the present agitation and let them declare it as a disputed area and let the Boundary Commission decide the issue."

* SRI C. PULLA REDDI:—"Mr. Speaker, Sir, now we are discussing a very difficult clause in the Bill, namely, the question of demarcation of the exact boundaries of the Andhra State. After all let us not forget the fact that these provinces have been carved out by the British Imperialists to suit their own whims and fancies. They never cared for any linguistic division or anything of that sort. After all when we are now about to divide the composite Madras State into Tamil and Telugu areas, it is but natural that disputes may arise in border areas between the Telugus and the Tamils. It is but natural that the two parties may put forth their respective claims. Let us not make the atmosphere bitter. What is needed is continued friendship between the new Andhra State and the residuary Madras State."

"The Hon. Chief Minister in order to allay misunderstandings on both sides had brought the present amendment favouring the appointment of one or two Boundary Commissions in the disputed border areas. That amendment covers a broad outline. He asked us not to extend the scope of it but in fact to restrict it. Of course we want to restrict it but it should not be ambiguous also. I want to express the strong feelings of some of the people in the border areas of the proposed Andhra State."

"Take for instance what Mr. Vinayakam had just now observed about the Tamils' claim over Chittoor district. Take again the claims of Kannadigas over the rest of the three taluks of

[17th July 1953] [Sri C. Pulla Reddi]

Bellary, viz., Alur, Rayadrug and Adoni. There should be certain basic conceptions on which the Boundary Commissions should decide these border issues. The Communist Party had laid down long ago its policy in this direction. I shall refer to it later. I am glad that at least now Mr. Vinayakam had conceded that the Boundary Commission can enquire into the Telugu claim in Chingleput and North Arcot districts. He could have made that clear in his resolution also but he has not done it."

"Let us try to understand the basic principle behind all these border disputes. I am prepared to concede that in the process of division, some Tamil villages might go to Andhra and some Andhra villages into residuary Madras. It is quite possible. It is equally possible that some Kannada speaking areas may go to Mysore and some other Kannada speaking areas to Andhra. Take for instance the Kannadiga claim over the three taluks of Alur, Adoni and Rayadrug. Take again their claim over Madakasira taluk in Anantapur district and then again the Telugu claim in Kolar and Tumkur. All these areas are in Andhra territory. Consider again the repeated claim of friends like Mr. Vinayakam over Tiruttani and other taluks in Chittoor. I say all these border disputes between Andhra and Madras on the one hand and Mysore and Andhra on the other are bound to arise in the process of division. Then the question may be well asked as to how are we to demarcate exactly the boundaries of Andhra, Madras and Mysore. It is here I want hon. Members to clearly note what the Communist Party has to say in this connexion. The Communist Party has prescribed a definite clear-cut method by which the Boundary Commission can exactly assess public opinion in these border areas."

"We have enunciated a democratic principle however much it may be unhappy to our Chief Minister. It is a democratic principle, I am sure he will concede it."

THE HON. SRI C. RAJAGOPALACHARI:—"It is a head-breaking principle."

* SRI C. PULLA REDDI:—"I am not asking for Madurai, as some friends from the South have done regarding Tiruttani. This, I submit, is a principle to which the Hon. the Chief Minister can have no objection because we are not making any unreasonable demand, we are not demanding somewhere up to Madurai. It is quite another thing if we go back to history and look into the Telugu records. We have, therefore, said that the basis of the demarcation should be the language and contiguity of the border areas, taking the village as the lowest unit for the purpose of demarcation. The Communist amendment, I should say, is very precise. We are prepared to concede certain areas if Tamils are there in Chittoor and on the same principle, we must concede certain areas if Telugus are there but the overriding principle is language contiguity, the village being taken as the lowest unit. We are not going to solve our problems except on the basis of this principle; neither the Tamil friends are going to get Tirupat nor will our Andhra friends get parts in the Madurai district. The

12-10
p.m.

[Sri C. Pulla Reddi]

[17th July 1953]

only result of all this will be raising bitter feelings. We want to avoid all this and that is why we are saying that the demarcation must be decided on the basis of language and contiguity taking the village as the unit. I hope our Friends from Kannada area and Tamilnad will look into these things in a calm and dispassionate manner and will come to an agreement on this general democratic principle, not in the way in which the Chief Minister has moved the resolution on which any kind of construction can be put. I hope the House will accept the principle."

தமிழர்கள் என்ற முறையில் அவர்கள் தேர்தலில் நின்ற காரணத்தினால் தான் மெஜாரிட்டியாகவுள்ள தமிழர்கள் அவர்களைத் தேர்ந்தெடுத்திருக்கின்றார்கள் என்பதில் சந்தேகமில்லை. தமிழர்கள் என்று தேர்தலில் நின்றால் தான் மக்கள் அவர்களைத் தேர்ந்தெடுப்பார்கள் என்பது அவர்களுக்கு நன்றாகத் தெரியும்."

"நண்பர் ஸ்ரீ அனந்தசயனம் அய்யங்கார் அவர்கள் தெலுங்கு பேசலாம்; நண்பர் ஸ்ரீ வரதாச்சாரி அவர்களும் தெலுங்கு பேசலாம். அவர்கள் தெலுங்கு பேசுவதினால் மட்டும் அவர்கள் தெலுங்கர்கள் என்று சொல்ல முடியாது. இன்று வேண்டுமானால் அவர்கள் ஆந்திரர்களுடைய கட்சிக் காப்போராடலாம். ஆனால், அவர்கள் தமிழர்கள் என்ற காரணத்தினால் தான் அங்கு பெரும்பாலானவர்கள் தமிழர்கள் அவர்களுக்கு வேர்ட்டு போட்டுத் தேர்ந்தெடுத்திருக்கிறார்கள் என்பதை மறந்துவிடக்கூடாது. அவர்கள் தேர்ந்தெடுக்கப்பட்ட பகுதிகள் ஆந்திரத்தோடு சேரவேண்டுமென்று அவர்கள் அன்று சொல்லியிருப்பாரேயானால், அங்குள்ள பெரும்பாலானவர்கள் தமிழ் மக்கள் அவர்களுக்கு வேர்ட்டு போட்டிருக்கமாட்டார்கள் என்பது நிச்சயம்."

"தமிழ் நாட்டில் ரெட்டியார் என்பவர்களுடைய தெலுங்கு பேசுவார்கள். அப்படித் தெலுங்கு பேசுவதினால் மட்டும் அவர்கள் ஆந்திரர்கள் என்று சொல்ல முடியுமா? அப்படியானால், ஸ்ரீ ஓ. பி. ராமசாமி ரெட்டியார் கூட தெலுங்கர் என்று சொல்லிவிட முடியுமா? சொல்ல முடியாது."

"சித்தூர் ஜில்லாப் பகுதிகளில் ரெட்டியார்கள் என்ற ஜாதியார் இடைய தாக்கச் சொல்லப்படுகிறது. அவர்கள் ரெட்டியார்கள் அல்ல. நண்பர் ஸ்ரீ வினாயகம் அவர்கள் சொன்னதுபோல, ஸ்ரீ கணபதி ரெட்டியார் போன்றவர்கள் இருக்கின்றார்களே அவர்கள் எல்லாம் வன்னிய குலத்தைச் சேர்ந்தவர்கள், பட்டையாட்சி, நாயக்கர் போன்ற வகுப்பைச் சேர்ந்தவர்களாவர். ஆகவே, அங்குள்ள தமிழர்களாகிய ரெட்டியார் என்று சொல்லப்படுகின்றவர்கள், ரெட்டியார் என்று போட்டுக்கொள்ளுவதால் மட்டும் அவர்கள் ஆந்திரர்களாகிவிட மாட்டார்கள். அவர்கள் உண்மையிலேயே வன்னியர், பட்டையாட்சி, நாயக்கர் போன்ற வகுப்பைச் சேர்ந்தவர்கள்தான். ரெட்டியார் என்று சொல்லிக்கொள்வதினாலோ, தெலுங்கு பேசுவதினாலோ அவர்கள் மந்திரி ஸ்ரீ ரங்கா ரெட்டியார் போன்ற ஆந்திர ரெட்டிகள் ஆகமாட்டார்கள். ஆந்திரத்தைச் சேர்ந்த ரெட்டி வேறு, தமிழ் நாட்டைச் சேர்ந்த ரெட்டி வேறு. ஆகவே, அந்த ஆறு தாலுகாக்களும் தமிழ் நாட்டோடு சேர்க்கப்படவேண்டும்."

"ஆந்திரத்தேசம் பிரிந்தவுடன், சென்னை ராஜ்யத்திலுள்ள பகுதிகள் Residuary State of Madras என்றுதான் வழங்கப்படுகிறது. எஞ்சிய சென்னை ராஜ்யத்தில், கன்னடியர்கள் இருக்கிறார்கள். அவர்களுக்கு இங்கே பாதுகாப்பு இருக்கிறது. அவர்களுடைய உரிமைகளுக்கு இங்கே பாதுகாப்பு இருக்கிறது. அதே முறையில் எஞ்சிய சென்னை ராஜ்யத்தில் மலையாளிகள் இருக்கின்றார்கள். அவர்களுக்கும் பேர்திய பாதுகாப்பு இருக்கிறது. தமிழர்கள், மலையாளிகள், கன்னடியர்கள் எல்லோரும் எஞ்சிய சென்னை ராஜ்யத்தில் இருக்கிறார்கள். இங்குள்ள சட்ட சபையிலும் இந்த முறையிற் பிரதேசத்தைச் சேர்ந்தவர்கள் இருக்கிறார்கள். ஆனால், ஆந்திர ராஜ்யமானது அந்த முறையில் இல்லை. ஆந்திர தேசத்தில் கன்னடியர்கள் இருக்கமுடியாது. கன்னடம் பேசுகிறவர்கள் கிரட்டப்பட்டு, தனி ஆந்திர மாகாணமாக அமைப்போடுகிறது. கன்னடம் பேசுவார்கள் அந்த சட்ட சபையில் இருக்க முடியாது. ஆகவே, கன்னடம் பேசுகின்ற பௌத்தர்களையும் அவர்கள் சேர்த்துக்கொண்டு அவர்களுடைய உரிமைகளைப் பாதுகாப்பதற்கு ஆந்திரத்தில் முடியாது. ஆகவே, தெலுங்கு பேசும் தனி மாகாணமாக அது அமைப்போடுகிறதென்பதை யாரும் மறுக்கமுடியாது. ஆனால், எஞ்சிய சென்னை மாகாணத்தை நாம் தமிழ் நாடு என்று அமைக்கவில்லை. Residuary State of Madras என்றுதான் சொல்லுகிறோம். இங்கே மலையாளிகள் இருக்கிறார்கள் இருக்கிறார்கள். இங்கே எல்லா பாதையாகியவர்களுக்கும் நாம் மரியாதை கொடுக்கிறோம். அவர்களுடைய உரிமைகளுக்குப் பாதுகாப்பு அளித்திருக்கிறோம். ஆகவே, சித்தூர் ஜில்லாவிலே"

யுள்ள தமிழர்கள் பெரும்பாலாக இருக்கின்ற 6 தாலுகாக்களில் ஒரு இல தெலுங்கர்கள் இருந்தால்கூட அவர்களுக்கு பாதுகாப்பு அளிக்க நம்மால் முடியும்.

“மதத்தின் பேரால் அரசாங்கம் அமைக்கப்படவேண்டுமென்ற நோக்கத்தோடு பாகிஸ்தான் ஏற்படுத்தியிருக்கிறார்கள். ஆனால், இந்தியாவானது மத அடிப்படையில் இல்லாமல், மதப்பற்றற்ற ஒரு தேசமாக விளங்குகிறது. இந்தியாவில் எந்த மதத்தினருக்கும் சம உரிமைகள் வழங்கப்பட்டிருக்கின்றன. ஆகவே, ஆந்திரர்கள் மொழியின் பேரால், ஒரு அரசாங்கத்தை அமைக்க விரும்புகிறார்கள். அந்த முறையில் ஆந்திர ராஜ்யம் அமைக்கப்படவேண்டும். ஆகவே, அங்கிருக்கின்ற மொஜாரிடியாக உள்ள தமிழர்கள் எஞ்சிய சென்னை மாகாணத்தில் இருப்பதைத்தான் விரும்புகின்றார்கள். அதுதான் அவர்கள் நோக்கமாகும். ஆகவே, எந்த முறையில் பார்த்தாலும் சித்தூர் ஜில்லாவிலுள்ள தமிழ்ப் பகுதிகளாகிய 6 தாலுகாக்கள் எஞ்சிய சென்னை ராஜ்யத்துடன் சேர்க்கப்படவேண்டியது மிக அவசியமாகும்.

“சித்தூர் ஜில்லா தமிழர்களுக்கு ஆந்திர மாகாணத்தில் எந்தவிதமான பாதுகாப்பும் இருக்கமுடியாது. அங்குள்ள மக்கள் ஆந்திர மாகாணத்தில் இருப்பதை ஒருபோதும் விரும்பமாட்டார்கள். அவர்கள் எஞ்சிய சென்னை ராஜ்யத்தோடுதான் இருக்க விரும்புகிறார்கள். உதாரணமாக எடுத்துக் கொண்டால், திருவாங்கூரில் உள்ள நாடுசில் நாட்டுத் தமிழர்கள் எந்த விதமான கஷ்டத்தை அனுபவித்துக் கொண்டிருக்கிறார்கள் என்பதைப் பார்க்கவேண்டும். அவர்கள் எத்தகைய நிலைமையில் இருக்கின்றார்கள், எவ்வளவு கஷ்டப்பட்டுக்கொண்டிருக்கிறார்கள் என்பதை, நாடுசில் நாட்டுப் பகுதியிலிருந்து வந்த நான் நன்கு அறிவேன். அதேமாதிரி ஸ்ரீ வி. கே. ராமசாமி முதலியார் அறிவார்கள். அங்கிருக்கின்ற தமிழர்கள் எத்தகைய இன்னல்களை அனுபவித்துக் கொண்டிருக்கின்றார்கள் என்பதை இங்குள்ள அங்கத்தினர்கள் அறிவார்களேயானால், சித்தூர் ஜில்லாவில் இருக்கின்ற 6 தாலுகாக்களை ஆந்திரத்தோடு சேர்க்காமல் எஞ்சிய சென்னை ராஜ்யத்தோடு சேர்ப்பது எவ்வளவு அவசியம் என்பது தெரிந்துகொள்ள முடியும். ஆகவே, இவையெல்லாவற்றையும் மனதில் வைத்துக்கொண்டு இங்குள்ள அத்தனை அங்கத்தினர்களும், என்னுடைய திருத்தத்திற்கு நிச்சயமாக சாதகமாக வேட்டு அளிக்கவேண்டும் என்று கேட்டுக்கொள்ளுகின்றேன். அவர்கள் சாதகமாக இருப்பார்கள் என்பதில் ஐயமில்லை. தவிர, என்னுடைய கன்னட நண்பர்களையும் கேட்டுக்கொள்ளுகின்றேன்; கன்னட யர்களும் எஞ்சிய சென்னை ராஜ்யத்தில் இருக்கப்போகிறார்கள். அவர்களுக்குப் பாதுகாப்பு இங்கு இருக்கின்றது. ஆகவே, இந்தச் சபையிலிருக்கும் கன்னட அங்கத்தினர்களும் என்னுடைய திருத்தத்திற்கு நிச்சயமாக முழு ஆதரவைத் தராமல் இருக்கமாட்டார்கள். அவர்கள் ஆதரவு இருக்கும் என்ற நம்பிக்கை எனக்கு இருக்கிறது.

“திருப்பதி சம்பந்தமாக ஒரு வார்த்தை. முதல் அமைச்சர் ராஜாஜி அவர்களுடைய பூர்வீகமான ஊர் திருப்பதியாகும். இதைவிட இன்னொரு காரணம் வேறு என்னவேண்டும்? திருப்பதி ராஜாஜியுடைய ஊர். அந்த ஊரிலேயே அவர்களுடைய முதாதையர்கள் பிறந்தார்கள். இந்தத் தமிழகத்தைச் சேர்ந்த, தமிழ் நாட்டிலே பிறந்த, இந்த தேசத்திற்கு ஒரு பெரும் தலைவர் என்ற முறையிலே இன்றைக்கு விளங்குகின்ற ராஜாஜி அவர்கள் பிறந்த தமிழகம்தான் திருப்பதி யென்றால், அதைக் கேட்பதற்கு தமிழர்களுக்கு ஏன் உரிமையிலை? அவர்களுக்கு எல்லா உரிமைகளும் இருக்கின்றன. திருப்பதி தமிழ்நாட்டைச் சேர்ந்ததல்ல என்று சொல்லுவதற்கு என்ன காரணம் இருக்கிறது?

“நான் சர்க்காரையும், இங்கிருக்கின்ற அங்கத்தினர்களையும் கேட்டுக் கொள்வதென்னவென்றால், சித்தூர் ஜில்லாவிலுள்ள ஆறு தமிழ்த் தாலுகாக்களையும் எஞ்சிய சென்னை ராஜ்யத்துடன் சேர்க்கவேண்டுமென்று கொண்டுவந்திருக்கிற என் திருத்தத்தை ஆதரிக்கவேண்டும். இல்லாவிட்டால், சர்க்கார் இப்பொழுது கொண்டுவந்திருக்கின்ற திருத்தத்தில் in plain border areas என்பதற்கு பதிலாக in contiguous linguistic area என்று ஒரு திருத்தம் செய்வார்களேயானால் இந்த சர்க்காருக்கு நன்றி செலுத்தக் கடமைப்பட்டிருக்கின்றேன்.”

SRI P. THIMMA REDDI:—“Mr. Speaker, Sir, the Hon. the Chief Minister has been struggling very hard from yesterday to convince hon. Members and leaders in this House and an amendment has been brought before the House to-day. Sri Latchanna raised certain points for clarification because he mentioned about Orissa but his points remain yet unanswered. In the amendment now proposed in the name of Sri Subramaniam I would invite particular reference of hon. Members to the last sentence relating to Part II and this is what is stated—

“... the President shall appoint one or more Boundary Commissions for making recommendations as to any adjustments that may be necessary in respect of the boundary of the Andhra State in those areas.”

Boundaries have been tentatively fixed for approval of the Central Government and if any adjustments are to be made it is inside that boundary. Is it for this that this amendment has been suggested? The clause reads very soft and the explanations will be very convincing as they appear but the difficult thing is what it contains. If Rajaji is going to remain till all those troubles are over and all the problems are solved, perhaps there may be some assurance that he will certainly work for justice. But, Sir, no one knows what will happen in the future. This is going to be an Act of Parliament and people who may be coming to rule this Province in future may say there is the thing in the Act of Parliament and we shall be guided by what it means and we are not at all bothered with the rest of what happened and that is why hon. Members are very particular about consideration word by word, sentence by sentence and clause by clause of all these amendments.

“Sri Vinayagam was speaking about the great fascination of the City of Madras; I agree it is a fascinating city; but it is made up of your own blood and sweat and my blood and sweat; it is not your property alone and it is not your pride alone, it is the pride of the entire province of Madras. Can I say that you are enjoying it? You are using it.”

MR. SPEAKER:—“I advise the hon. Member to address the Chair and not the hon. Member Sri Vinayagam.”

[17th July 1953]

SRI P. THIMMA REDDI:—“ I am sorry, Sir. But let me ask, Sir, what is the fascination for the Madras City for Sri Kollabail to protest that the Kannada area in the southern districts have not been taken care of by the authorities here. If they were so very particular about the Kannada area in the Bellary district, they should have been equally particular about the Kannada areas in the southern districts. Did they consult Members that represent the Kannada areas in the southern districts? Perhaps it was done without their knowledge. To-day the majority of the Members from the Kannada areas come from the southern districts and if they ask about this, we must plead guilty. Mysore is a very fascinating city and Bangalore is the most fascinating city for the Kannadigas that come from the southern districts. Should they not be given a chance, should they not be given an opportunity to tell their Kannadiga friends of the constituencies from which they come that they have tried to take those areas into the Mysore State and they tried but in vain. Unfortunately the Chief Minister had been telling many times that all these problems are between the Andhras and residuary Madras. As my hon. Friend Sri Prakasam asked: ‘Where did Mysore come in, if Mysore comes into the picture, it must come for all the Kannada area in the Madras State; it could not be only for Bellary but not for the other areas. If the residuary Bellary is found to be a burden that burden should be thrown upon the Andhras and if the Andhras had said that they did not want this burden, then would have been the time for you to say that the residuary Bellary should go to Mysore. Nobody ever asked the Andhras or the people that represent the Andhra State whether they would be prepared to bear the burden and whether they are ripe to bear the burden of the residuary Bellary. If you have taken care to throw over Bellary to Mysore, you should have taken the same care to throw the Kannada areas in the southern districts over to Mysore. Perhaps they are yielding more income to the City and the City of Madras is more fascinating to them than the City of Mysore and Bangalore. These are some of the things which I am not able to understand. There has been so much of talk about Chittoor. I was just now hearing the speech of Sri Kosalram who was speaking in Tamil. Many of my friends in Chittoor know Tamil but I know very little Tamil and I have just the knowledge for usage in the hotels where I can order the things I require. (Sri K. Vinayagam: ‘You know perhaps how to abuse in Tamil.’) That is perhaps a contamination which word I cannot forget. I am compelled to say that Sri Vinayagam is perhaps more fascinating than the City itself and that is how he attracts the attention of everybody. It is contended that Chittoor is a Tamil district. My submission is that the district of Chittoor is the border for Chingleput, North Arcot, Salem, Mysore and many other areas. If that claim is to be made, then Chittoor will have to speak about the other districts also. Is it the idea of the Government to recommend to the Government of India for their more serious consideration, places where disputes have arisen. Have opportunities been given to people in other places to express themselves in favour

of going to the Andhra State. Let me take Hosur. The elected representative from that district is Sri Muni Reddi and he has been submitting here to the Government and the Ministers one after another that the interests of the people there are not properly attended to perhaps for the reason that it is linguistically different. They have been making such a complaint time after time. Sri Rajaji is always trying to explain to me what it is and I always welcome it because it affords me more and more matter for complaint. Sri Muni Reddi was an important figure in the Congress circles of Tamilnad and I think he was a Member of the Tamil Nad Congress Committee; he is a qualified man, a good worker and a real leader, a man beloved by the people but with all that he was denied a Congress ticket in the last elections. That is how the Congress went to pieces last time. They did not put up the real men and they refused Sri Muni Reddi a Congress ticket; he had not at the time the other parties to support him in the election and he had none except the Andhras in the Hosur taluk to support him. He took the challenge of the great Congress organization; he took the challenge of the son of our C. Rajagopalachari, our Chief Minister. He canvassed his voters in Telugu; he brought speakers from Kalahasti and Chittoor and he was able to convince the Andhra masses and the result we know and Sri Muni Reddi was returned to this House in spite of the forces ranged against him. When Hosur returned Sri Muni Reddi as against the wishes and powers of the opposing candidates, you will have to pause and consider whether there was this dispute or not. What I am submitting to you to-day is that that is an Andhra area. When Tamil friends are starting an agitation in Tiruttani, I begged them and requested them not to indulge in these things.”

MR. SPEAKER:—“ The hon. Member will continue his speech after the lunch interval.

“ The House will now adjourn and re-assemble after lunch at 3 p.m.”

(After lunch—3 p.m.)

SRI P. THIMMA REDDI:—“ Mr. Speaker, Sir, this problem has been dealt with at large by all the hon. Members but there are a few more ideas which I would like to place before the House. My Friends from Bellary have given notice of amendments about the taluks of Alur, Adoni and Rayadurg. I concede that they have a right to demand reconsideration of these three taluks and if there are any villages belonging to them they can take them. They can take them with them, if they are there. Although it is a declaration made by the Government of India and the Prime Minister of India, as people of Andhra we are all one in conceding to those Friends that the taluks of Alur, Adoni and Rayadurg must be examined. I say that there are certain villages in them which belong to the Kannadigas. Let them take them but I appeal to my Kannadiga Friends to show the same gesture, the same sense of justice to their Andhra friends and when we say that we are ready to concede them a re-examination of Alur, Adoni

[Sri P. Thimma Reddi] [17th July 1953]

and Rayadrug taluks, they should also concede our just demand that the question of Bellary city and the firkas of Moka and Rupanagudi should be re-examined.

"Even in the case of the Chittoor district, I shall be only too pleased if my Friend, Sri K. Vinayakam and others who agree with him in claiming six taluks of Chittoor, come to Chittoor district and hold meetings in Kalahasti, Tirupathi, Tiruttani and Palamaneri and, if the people are agreed that the whole of the Chittoor district should be in the residuary State, I think my Andhra Friends will agree to that. They can even come to-morrow and I will arrange the meetings for them. In my own constituency of Vayalpad there is not even a single Tamilian. If the people express their desire either to be in Andhra or the residuary State or in Karnataka, it should be agreed to.

"My Friend, Sri Sirasappa, said that as the declaration regarding Kannadiga areas had been made by the Prime Minister of India, it should not be questioned. I am only sorry to tell my Friend that this should not be the spirit of a public worker. After all we meet in so many conferences and conventions and we speak as one people. Our interests, our demands, our peace and prosperity are all common. When such is the case, where the people of a particular area feel that they should express their own opinion they should be given the right to choose where they would like to go whether it be Andhra, or Tamilnad or Karnataka. They should be given the choice to present their own opinions to the country at large and to the authorities both at Madras and Delhi.

"Sir, friends in deeper Tamilnad and in the Circars do not know what a painful job, what a difficult and arduous task is this problem of the border areas. In these border areas, our inclinations, our interests, our tastes and our language are both ways. It is either Telugu-Tamil or Telugu-Kannada or Tamil-Kannada and as such I request that these border people must be given the choice to express their own opinions—not a choice on records. I say that some of these records, call it the census or other records, are prepared by interested persons. They are one-sided in some places and in others prepared according to the whims and fancies of those people who go into them. My Friend, Sri K. Vinayagam, referring to himself said that he and his people are called Reddiars though they belong to the Vannia Kula Kshatriya community. But I must tell him that many of my relatives in Chittoor taluk who are Reddiars have been recorded as Tamilians. This is a fact which cannot be disputed. The people who collected the census statistics were one-sided and prejudiced. They wanted to make out a case for the future so that my Friend Vinayagam and others could exaggerate their case and bring the whole of Chittoor district to their side. Even in regard to Bellary taluk, I am told that some important Kannadigas, would prefer to be with their Telugu friends. As Sri Vinayagam so strongly pleads, should they not be given a choice? I also know that in some villages of Chittoor district some Telugu friends would prefer to be in the residuary State. It is not proper or just to deny them the choice

[Sri P. Thimma Reddi] [17th July 1953]

to express their wish. When hon. Member, Sri Gangappa, was in Delhi he submitted to the Prime Minister of India to consider the question of holding an election in Bellary taluk including the firkas of Moka and Rupanagudi and, if it was agreed to, and the whole of the people felt that they should be with Andhra, they should be given that choice; or, if some firkas would like to go to Karnataka they should be given the opportunity to do so. But, if these firkas and the District Headquarters, Bellary City, preferred to remain with the Andhras they should be given that convenience.

"Sir, I would like to submit to the mover of this amendment, the Hon. Sri C. Subramaniam, that it smells of suspicion. I would like him to remove these suspicions and to redraft it before it is finally accepted and place it before the hon. Members here for full discussion. Let not want of time for consideration or for translating it into English or the warning from the Speaker's bell stand in the way of arriving at an amendment agreeable to all. I know, Sir, that every Member here is interested in voicing forth his suspicions. It is a great occasion, Sir, because it is not the question of these boundaries alone that is going to torture us. As long ago as 17 years the boundary was fixed between Orissa and Madras States and we know what amount of insults and injuries have been heaped upon the Andhras in Berhampur and Koraput, how their children are not given facilities for progress, how their interests are jeopardised and how their trade is suppressed. Especially, the prosperous businessmen of Berhampur who were once the masters in that area have been reduced to the position of slaves. They have been reduced to penury and they feel that they could as well leave that area and come back to Andhra. It is such things that pinch us. Therefore, Sir, when we go out, let us have the opportunity of going out fully prosperous. Let us take your leave with a feeling that you are sending us with a feeling that Andhra is fully prosperous. Do not be a Kabandha but give us all those people who wish to be with us. Do not put them on their trial at a later date. Send our friends with us and let us live in peace and prosperity."

* SRI V. K. RAMASWAMI MUDALIYAR:—"Mr. Speaker, 3-10 p.m.
Sir, the amendment suggested by the Government is a very simple and plain one and I do not see any reason why there should be any controversy at all. It recommends the appointment of one or more Boundary Commissions for enquiring into the disputes that have arisen in border areas. So far as my district of Chingleput is concerned there is no difficulty and it will continue to remain within the undisputed areas of the residuary State. Hon. Members of this House would have heard yesterday some unfounded allegations made by Mr. Prakasam about the Oothukottai affair. He made some charges that a teacher attached to a High School in that place was victimised on the ground that he was an Andhra. I must express at the outset that there was no question of an Andhra or a Tamilian, much less the victimisation of an Andhra in that area. It is not correct to make any statement on hearsays.

[Sri V. K. Ramaswami Mudaliyar] [17th July 1953]

The subject relates to the transfer of a teacher. (Interruption from Sri T. Prakasam.) The teacher had misappropriated some money with the result that he had to be kept under suspension. The charges against the teacher were all very serious, and the climax came when he took active part in all the political meetings and he was one of the organizers of a public meeting at Oothukottai that was addressed by my hon. Friend Sri T. Prakasam. These are the facts of the matter referred to by the hon. Member Sri T. Prakasam. I am not sure whether the hon. Member has been posted with all this correct information, and that is why I have to refute his statement.

"As I have already stated there is no dispute whatsoever with regard to my district of Chingleput. I am also of opinion that many of the taluks in the district of Chittoor and most of the villages in Nellore district area where the Tamilians predominate should come to the residuary State. I am sure the Boundary Commission will go into this matter, very deeply. I do not know why my Friend Sri Vinayagam wants that the Boundary Commission should be invited to visit Tinnevely and other places. The Boundary Commission, I am sure, will go into this question of demarcation of boundaries and see that predominantly Tamil areas are included in the residuary State. We have also been agitating for the inclusion of Tirupati and other places in the residuary State. I would request my Andhra friends to concede the demands of Tamilians and the sooner they concede them, the better for them also. I am sure the Government will bear in mind all these facts and make a strong recommendation to the Central Government on the lines suggested above. I do not wish to say anything more. I request the hon. Members to support the amendment *in toto*." Thank you, Sir, for giving me the opportunity to speak."

MR. SPEAKER:—"Mr. T. Anantha Pai will now speak."

SRI T. ANANTHA PAI:—"As I would like to have some clarification from the Hon. the Chief Minister, may I request you, Sir, to call me a little later."

SRI K. VENKAIAH:—"Mr. Speaker, Sir, the amendment proposed by the Government is very vague. The question of fixing the boundaries of the new Andhra State which is now being discussed is a very important one. I wish to remind Mr. Vinayagam and other Tamil friends that the Prime Minister of India, in the third week of December, had given a statement that the exact boundaries of the new Andhra State would be decided through one or more Boundary Commissions and he had further stated that the Boundary Commissions would recommend such adjustments as might be considered necessary in regard to the boundaries of that State with the residuary State of Madras and the Mysore State. The very fact that the division of Bellary district has been decided upon between the new Andhra State and the Mysore State and that certain parts of Bellary district are proposed to be attached to the Mysore State raises the question of Telugu-speaking areas in the Mysore State. We know, many of

17th July 1953]

[Sri K. Venkaiah]

the areas in Kolar district are populated by Telugu people. Many of the people there who speak Telugu language are struggling for lack of High Schools using Telugu medium. Recently I have come to know that the Bellary District Districts Association has passed a resolution to the effect that all the Telugu-speaking areas in Bellary district should be attached to the Andhra State. Three-fourths of Kolar district in the Mysore State is populated by Telugu-speaking people and that area has to be detached from the Mysore State and attached to the new Andhra State. The recent verdict of Justice Misra is very unsatisfactory. It has been decided that almost the whole of Bellary district should be included in the Mysore State. This has created much dissatisfaction among the Andhra people, especially those in Bellary taluk.

"So it is essential that the Government should go into the whole affair and appoint a Boundary Commission to settle disputes arising out of the partition of the Madras State in view of the fact that certain Telugu-speaking areas are being separated from the Andhra State and added to the Mysore State. The Boundary Commission must also consider the question of Kolar and the Telugu areas in the Mysore State. In addition there are parts of North Arcot district (Gudiyatham taluk) and parts of Salem district (Krishnagiri taluk) where Telugu-speaking people are in a majority. These areas should be taken and added to the Andhra State in view of the fact that the people there have already expressed their willingness to be within the Andhra State. All these questions have to be decided by a Boundary Commission. The Government motion is very vague in this aspect and does not clarify or define the areas which the Boundary Commission may have to decide. I therefore propose that the Government should reconsider its own amendment and mention definitely the areas where the Boundary Commission should intervene and decide the issue."

* SRI T. N. VENKATASUBBA REDDI:—"Sir, I had fondly hoped that this should not be the occasion for the Members of this House to divide themselves and have a bitter argument about the division of the State and the demarcation of the boundaries. But unfortunately the course of events and circumstances have led us to discuss the question of the territories and the boundaries in a feeling of certain amount of bitterness. We had hoped that all of us would accept the statement of the Hon. the Prime Minister when he said that the new Andhra State shall be formed with the undisputed eleven Telugu districts and the three taluks of the Bellary district and we had also hoped that after the State is formed, we as friends, as good neighbours and as Indians would come together and with the same respect we have for our own languages would respect the people who speak other languages and divide the territory in a way that would leave no bitterness among the people. We had also hoped that if there are pockets of other languages in the new State of Andhra, if there are pockets of languages in the residuary State of Madras or if there are pockets of languages in

[Sri T. N. Venkatasubba Reddi] [17th July 1953]

other States, we would amicably settle them and create new boundaries and represent to the Government of India to demarcate those boundaries by a Bill of Parliament. If unfortunately that was not possible, we could have asked the Government of India to appoint a Boundary Commission to so demarcate the areas. You will see from the amendment, which I have given notice of, that that is exactly what I have sought to do. I do not want to add my voice to the claims and counter-claims that have been made in this House this morning and I will appeal to all the Members not to aggravate the bitter feelings that are being generated by these claims and counter-claims. I respect the love of anybody for his own language and I equally expect others too to respect the love of the other people for their own languages. First of all I wish to make it clear that I am not one of those who believe that if people speak the same language, they shall mean more to me than those who speak other languages. Now that it has become inevitable for various reasons to form linguistic States, let us not further aggravate the feelings by creating conditions which will cause bitterness. I would very strongly support the feelings of the hon. Member Sri Vinayagam when he says 'Let there be a Boundary Commission and let there be a free determination of the will of the people to find out where they want to live—whether it be in the Andhra State or in the residuary Madras State or in the Mysore State' Let us do it in a friendly way and demarcate the boundaries wherever necessary. Unfortunately the Government has thought it fit to bring in an amendment to this clause and I am glad that the Hon. the Chief Minister has clarified it beyond any doubt. It is true that it seeks to recognize the dispute in Chittoor district but at the same time it makes the Government of India to understand that the Telugus of other districts or other areas have no desire to be separated from their present association or to come to the Andhra State. I cannot contradict the hon. Members when they said that certain Telugu people in the residuary Madras State or in Mysore State will not desire to come into the Andhra State. It is necessary that it should be decided whether those people want to come to the Andhra State or want to remain where they are. This amendment seeks to point out that there is no such dispute but that there is a dispute only in the district of Chittoor. I am prepared to agree. There is some Tamil area in Chittoor but at the same time I would expect the hon. Members to say that there are Telugu areas. I am not claiming any part of Bellary or any part of Chingleput or anywhere. I merely say that the Government of India shall take the necessary steps to appoint a Boundary Commission to determine the new boundaries. That is exactly what Mr. Justice Wanchoo said in his report. I do not want that this should be done immediately or before the appointed day. We should represent to the Government of India that all of us unanimously desire that a Boundary Commission should be appointed on a date which the Government of India may think it convenient and right to determine if the people of those areas desire to come into the new State or desire to stay where they are or to ascertain to which State they

17th July 1953] [Sri T. N. Venkatasubba Reddi]

would like to come. I would therefore request the Hon. Minister Sri C. Subramaniam to withdraw the amendment because it is unnecessary. Otherwise I am afraid that in many areas people will start agitation in the fear that their desire may not be recognized and that is bad not only for the people but for the whole country. It will aggravate feelings in many areas and will bring in further complications. I request the hon. Members to support my amendment and I request the Hon. Minister Sri C. Subramaniam to withdraw his amendment."

SRI PILLALAMARRI VENKATESWARLU:—“ Mr. Speaker Sir, first of all I will read the amendment given on behalf of our Communist Party and then I will try to explain the stand we take on the other amendments given notice of and particularly on that given on behalf of the Government by the Hon. Sri C. Subramaniam. Here one point is to be taken into consideration. Most of the amendments barring that given notice of by the Hon. the Minister for Finance are either similar or identical and differ only here and there. It is unfortunate that on behalf of the Government (including the Ministers from the Andhra area and other areas) the Hon. Minister in charge of Finance comes forward with an amendment on which even his own party men are not agreed. I hope the Government will consider its position once again and see if they can better that amendment if they cannot withdraw it. I am sure that our amendments will satisfy all parties and groups, of all nationalities, in Mysore, Madras and Andhra States. The amendments have been drafted with the main idea of doing justice and to ensure that the present Madras State is properly divided on linguistic considerations.

“ We have explained our stand on the general debate on this Bill. We have said that language and contiguity village war should be taken into consideration. There may still be pockets here and there where a language other than the language of the State predominates. But their existence cannot be made an excuse for denying the right of linguistic division. We differ from the Hon. Chief Minister in this respect. Yesterday he explained his view that it was not advisable to have linguistic States and adduced so many arguments in support of it. He referred to the headworks of the Tungabhadra Project and asked whether the people of Rayalaseema were not interested in the distribution of the waters conserved by the project. If the headworks of the project were to be in Mysore, that does not mean that the benefit of the project should not go to the Andhra State. Let me pose this question to the Hon. Chief Minister and his supporters. The Cauvery runs through Mysore and suppose the headworks of that river were in Mysore. Does it mean that the area comprising the headworks should be added to the Madras State or the area in the Madras State irrigated by that river should be added to the Mysore State? Can division be carried on like that and will such a division help to carry on administration in a just and proper manner? All these aspects should be taken into consideration. It is unfortunate that our Chief Minister did not and will not take all these aspects into

3-30
P.M.

[Sri Pillalamarri Venkateswarlu] [17th July 1953]

consideration. He has some pet ideas, and being an old man it will be very difficult for him to give them up. For that, we have no quarrel with him. But he tries to impose those pet ideas on others by some means or other, and the Government amendment is a move in that direction. I will read the amendment which I have moved:—

‘Add at the end of clause 3 the following:—

“(3) Boundary Commissions be set up on or within one month after the appointed day to re-demarcate the boundary between the States of Mysore and Andhra, especially the disputed areas in Adoni, Alur and Rayadurg taluks, between the States of Madras and Andhra, especially the disputed areas in Chingleput, North Arcot, Salem and Chittoor districts, the basis for such demarcation being the language and contiguity taking village as the lowest unit for the purpose of such demarcation.”

In this connexion, I want to make an appeal to our Kannadiga friends, particularly to the Hon. Dr. Nagan Gowda who is always good otherwise. It is unfortunate that in this matter he has taken up an undemocratic stand, i.e., he refuses to understand or consult the will of the people of the area. There is a disputed area, and everybody is agreed that it is a disputed area. Whether it should go to the Kannada State or the Andhra State should be settled by referring the question to a Boundary Commission or by holding a plebiscite. I am unable to understand how else it can be settled. The Hon. Dr. Nagan Gowda feels that since the last one hundred years, grave injustice is being meted out to Kannadigas in Bellary district. It is a bilingual and highly mixed area. When there are claims and counter-claims, how else can its future be settled except by accepting this reasonable proposition proposed in my amendment? The Hon. Chief Minister said that it was a settled matter, because an opinion or award had been given by Justice Misra. Because there is that award, we want that this House should express its opinion on it. We request all the Members to express the unanimous opinion that the future of this disputed area should be referred to a Boundary Commission, or by holding a plebiscite if need be. We do not stop with Bellary. We want the Boundary Commission to go into the other parts of the Andhra State, and the residuary Madras State. For instance, in Anantapur district, there may be Kannada villages or firkas, and these must naturally go to the Kannada State. The Communist Party does not desire the inclusion in the Andhra State of any area where the predominant language is other than Telugu. If a linguistic area is contiguous to a State of that language, it may be added to that State. If this view is accepted by all, we feel that this matter can be settled easily and without much discussion. It is unfortunate that this view is not acceptable. The Government have come forward with an amendment which divides not only the Members here but also the people outside. There is no justice in the amendment and we feel that there is great danger in accepting it. The Hon. Chief Minister said that the Boundary Commission was mainly intended for disputed areas. If Mr. Prakasam or Mr. Tenneti Viswanatham or some other Member brings pressure to bear on the Central Government about a particular area, will that area be referred to the Boundary Commission

17th July 1953] [Sri Pillalamarri Venkateswarlu]

only afterwards? May I know from the Hon. Finance Minister the real intention behind the amendment? I do not accuse the Chief Minister of partiality. But all the same I say it is a part of his political game. He wants to placate certain parties and individuals and towards that end he sponsors amendments in so many ways. Even after the division of the Madras State, there will remain in the Residuary State certain Telugu areas contiguous to the Andhra State. It is better that those areas are transferred to the Andhra State. So also, the predominantly Tamil areas in the Andhra State in places like Chittoor which are contiguous to the Residuary State should be transferred to the Madras State. There are Telugu areas contiguous to the Andhra State in the Salem district. Nothing stands in the way of Sri C. Rajagopalachari from adding those areas to the Andhra State. He says that it may not be feasible and I think he is wrong. It is quite feasible. If this House expresses the opinion that the State of Madras should be divided properly on a linguistic basis, I am quite confident that the Central Government will yield. Our State is strong enough to bring pressure to bear upon the Central Government to divide the State in such a way that there will be no dispute. This is a very serious matter and we request the whole House to probe into it carefully. It is not such a simple thing as the Hon. Chief Minister thinks. He thinks that the matter can wait for some time. We have already witnessed many disturbances here and there.

“I would like to know the opinion of the Government as to when an area is said to be disputed. Does an area become disputed after disturbances commence or after filing a complaint in a court or whether a mere speech that such and such an area is disputed will do? The Hon. Chief Minister will blame the Communists or some others and escape from his responsibility. Mr. Muni Reddi, who represents the Hosur constituency, claims that the Hosur taluk should go to the Andhra State. Is this claim enough to constitute a dispute? What is the view of the present Madras Government and what is likely to be the view of the Government of the Residuary Madras State after the division of the State?

“All those issues are pending before us. Let us not brush aside those important issues. If we carefully follow the amendments given notice of by Members, we will see that most of the amendments are identical. Whether such areas are immediately attached to this or that State, let us not go into. Let us agree on the simple point that wherever there are disputes, and even in the case of Bellary and Chittoor districts, we should refer those disputes to a Boundary Commission. I would like to bring to the notice of the House two amendments, namely, amendment Nos. 21 and 44. Amendment No. 21 is given notice of by Sri T. N. Venkatasubba Reddi and Sri N. Ramakrishna Ayyar. I will read out the amendment.”

MR. SPEAKER:—“The hon. Member need not read out the amendment.”

[17th July 1953]

SRI PILLALAMARRI VENKATESWARLU:—"I shall read it out just to make one thing clear. The amendment reads—

'Provided that the Government of India do take necessary steps to finally settle the boundaries of the Madras, Andhra and Mysore, Orissa, Hyderabad and Madhya Pradesh States, either by mutual agreement between the States concerned or by a Boundary Commission or Commissions and that the districts concerned may thereupon be reformed accordingly.'

The main thing here is to include a date in this amendment. Knowing the Central Government as we do all these years, we do not know when the Central Government are going to act upon this amendment and when they will appoint the Boundary Commission. This point must be made specific. Then only we can bring pressure upon the Government. The amendment that we like to support is that of Mr. N. Gopala Menon. His amendment reads—

'(3) All disputes among the States of Madras, Andhra and Mysore regarding the inclusion of a part of a district or territory in any one of the said States shall be referred to a Boundary Commission appointed for the purpose.'

I think the amendment given notice of by the Congress Party Members themselves are far more realistic and helpful to unify the people as a whole and to establish friendly relations which the Hon. the Chief Minister is cherishing. But, unfortunately the Government, instead of accepting the amendments given notice of by their own party Members—they are reasonable amendments—have themselves come forward with an amendment with a political motive to divide the people and the parties with a view to strengthening their own position. Or else, there is no meaning or purpose in the amendment which was given notice of by the Hon. the Leader of the House."

THE HON. SRI C. SUBRAMANIAM:—"It is for coming to the hon. Member's help."

SRI PILLALAMARRI VENKATESWARLU:—"The Hon. the Finance Minister says that he is coming to our help. I do not know in what manner he is coming to help us. Most of the Members are saying that his help is not wanted, and that his amendment will harm every one. (Interruption.) The Hon. Mr. Subramaniam says that he is going to help. I do not know whom he is going to help. Even in Tamil Nad his amendment will not help anybody. There are parts of Tamilian population in Andhra State. Why should they remain there? That is the question. That is why I say so much upon this. I appeal to the Government once again to withdraw the Government amendment and support the amendments given notice of by Sri Gopala Menon and Sri T. N. Venkatasubba Reddi if they have any prejudice towards the amendments given notice of by the Communist Party, however reasonable the Communist Party's amendments are. With these words, I appeal to the House to accept the amendments moved by the Communist Party or at least the amendments given notice of by Sri N. Gopala Menon and Sri T. N. Venkatasubba Reddi, and definitely reject the amendment given notice of by the Hon. the Finance Minister."

[17th July 1953]

* SRI K. VARADACHARI:—"Sir, I have given notice of a cluster of amendments which seek, in the first instance, to prevent the handing over of a certain area in Bellary district to the Mysore State, until a plebiscite is taken in that area to get a clear affirmation or indication of the wishes of the majority of the people of that area. The second part of my amendments relates to the general question of fixing the boundaries of the three States concerned by means of Boundary Commissions which have to come up later on. I thought I should welcome the resolution given notice of by Government which is called a Government amendment. It should not have been called so. As a matter of fact, it is even out of order to call it a Government amendment and put it before the Assembly. Apart from that, I should have welcomed that resolution, if a Boundary Commission that is proposed in that resolution would mean that it applies only to those areas which are not yet transferred from one State to another. But what we find is that a most heart-rending episode has been enacted in Bellary through the agency of a judicial officer whose report is nicknamed or wrongly named as an award to-day. We are told by this so-called resolution of this Government that a Boundary Commission should come. It means that we have first to hand over the disputed area, then apply to a Boundary Commission, and then have it examined once again. This is a most illogical way of doing things in respect of an area which is still in the Madras State, and which is still to be awarded either to the Andhra State or the Mysore State, as the case may be, after a full investigation. If this difficulty were not there, I should certainly have accepted the Government amendment and welcomed it. (Interruption by the Hon. Sri C. Subramaniam.) If it is on account of that difficulty, there should be no difficulty for the Government to add a proviso to this amendment, saying, 'provided that the territory now covered by Mr. Justice Misra's award is not to be handed over to the Mysore State pending the investigation by the Boundary Commission'. That has not been done. My friends who are protagonists for the six taluks of Chittoor district to be included in Tamil Nad were dissatisfied with the amendment, because it does not . . ."

SRI K. VINAYAKAM:—"We are not dissatisfied."

* SRI K. VARADACHARI:—"Very well, Sir. I have heard Mr. Kosalram being dissatisfied about it. He did not support the Government amendment. He really repudiated the amendment. My friend cannot order me to mind myself and not mind others. If he does not interrupt me and keeps quiet for some time, he will be helping me."

MR. SPEAKER:—"The hon. Member should not interrupt Mr. K. Varadachari."

* SRI K. VARADACHARI:—"Sir, I am addressing the Chair alone. (Laughter.) I am saying that my friend need not interrupt me again and again."

[17th July 1953]

MR. SPEAKER:—"I will see that the hon. Member does not interrupt."

3-50 p.m. * SRI K. VARADACHARI—"I characterise the claim for six taluks in Chittoor district as a very wide claim, a claim so much wide of the mark that it perhaps fails of its purpose. The inner purpose of this claim, as everybody knows, is to get a substantial institution, called the Tirupati Devasthanam in Tirupati. It is on account of that that some of our friends in Tamil Nad are attracted to this idea. Unless they claim the six taluks in Chittoor district, the Tirupati Devasthanam cannot come into Tamil Nad. I can understand their anxiety and eagerness to get these six taluks, because it is such a big institution that it cannot be parted with after having enjoyed the benefit from it for so long a time in a composite State like Madras. I challenge any of my friends to go to Tirupati and find out if there are more than 38 Tamil families in Tirupati taluk. (Interruption by several hon. Members.) I cannot allow myself to be drowned by voices because I myself possess such a stentorian voice as to drown the voice of all the Members of the Assembly together. So, let my friends beware that they cannot interrupt me in this manner. I am saying I am not a native of Tirupati. Let my friends understand it. I am a native of Puttur taluk. I was brought up and educated in Tirupati in the lower classes and later on I came to Madras to have my high school study. Therefore, I know Tirupati very well. There are not more than 38 families, Ayyangar families chiefly, that reside in Tirupati. Their mother-tongue is no doubt Tamil, but they do not know how to read or write Tamil, and I am one of them. (Laughter.) My hon. Friend would rise and say that I am a contaminated Tamilian. Sir, I am not a contaminated Tamilian. In our days we never knew of any school in the Chittoor district in which Tamil was taught at all. It is now as a concession to the wishes of a minority people that our district board has introduced the Tamil language also as a medium of instruction in schools in places where Tamilians have been clamouring for it. Therefore, I submit that this claim of six taluks in the Chittoor district being Tamil taluks on the mere ground that they originally formed part of the North Arcot district and were divided later on, and that, therefore, they must be tacked on to the North Arcot district once more and made Tamil areas, is a claim which I cannot support at all.

"Sir, I represent the Tiruttani constituency. Tiruttani constituency, no doubt, has several villages on the border which are entirely Tamil and they ought to go into Tamil Nad whenever any Boundary Commission comes or even without a Boundary Commission. I concede that demand, but to say that the whole taluk is Tamil is again wide of the mark. I would draw a line on the Chittoor road from Vediangadu village up to Kanakamma-chatram. The villages south of this line are predominantly Tamil areas. I would never dispute that proposition. I gave the assurance to the people in that constituency that those areas which were predominantly Tamil would certainly go into Tamil Nad because they were contiguous to the Tamil territory. The rest of

[17th July 1953]

[Sri K. Varadachari]

the taluk is absolutely Telugu and nobody can claim any portion of it simply because here and there amidst a dozen or a score of villages there may be Sengundar villages consisting of weavers. Sir, weavers are Sengundars and these weavers speak Tamil, but they adopt Telugu for their correspondence, business and study. Therefore, I submit this claim cannot be put forward and sustained. The hon. Member Sri Vinayakam, no doubt, during the time of the elections supported a Tamilian candidate, a very rich man, a Sengundar, who had thousands of relations in villages dispersed here and there in the constituencies. He tried his best to get that candidate elected. But I gave the simple assurance to all the people, whether they were Sengundars or not, that those areas which were contiguous to Tamil Nad and which were Tamil in character would go into Tamil Nad and that there would be no difficulty about that at all, but that the rest of the taluk was entirely Telugu and the claim for it could not be sustained at all.

"Apart from all these things, with regard to Bellary, a very gruesome tale has come before us. A Judge was appointed and in the terms of reference, he was told that any minor realignments, if necessary and just, should also be recommended. That part of the reference, Mr. Justice Misra never touched at all. The first claim made by the Kannadigas was that the investigation should proceed on the basis that the taluk, as a whole, was a unit for investigation and not any firka or village. On that basis, Mr. Justice Misra began his investigation. There was a majority resolution of the Bellary Municipality and there were resolutions of all the panchayat boards in the disputed firkas of Bellary, with regard to this matter. Then, there were two sets of census figures presented before Mr. Justice Misra. One set of figures showed that the Kannadigas formed 53 per cent of the population and another set showed that they formed only 49 per cent. How these two sets of figures could be reconciled God alone knew. Yet, Mr. Justice Misra said that he did not attach much importance to the difference in figures. The resolutions of the panchayat boards were all brushed aside. Even the admission of the Kannadigas themselves that Bellary town contained preponderantly Telugu population was not taken into account. In fact, in one place in his report, Mr. Justice Misra says that this tide of Telugu infiltration into Bellary must be checked. If the situation was, as a fact, one in which the Telugus were predominant in the area either by infiltration or by invasion or by occupation, whatever it was, it was the situation he had to judge, and not the infiltration or occupation. He was called upon to find out which was the community that was preponderant in Bellary. The infiltration would not count. Mr. Justice Misra says that from the year 1782 this infiltration had gone on. If from that year infiltration had gone on and it had become a settled fact, then is Bellary going to be deprived of this infiltrated portion? Is it going to be said that the people who infiltrated should go out and the Kannadigas should be made a majority? Is that the way to look at the problem? But that is exactly the way in which Mr. Justice Misra looked at the problem.

[Sri K. Varadachari] [17th July 1953]

"Then, Sir, it was brought to the notice of Mr. Justice Misra that the six taluks which had already been given away by the Government of India to the Mysore State were more a liability on than an asset to that State. It was also represented that if Bellary town was not given to them, the six taluks that were given to them would be a liability on them. Therefore, it was requested that in order to relieve them from the deficit, Bellary town should be given to them. That argument carried great weight with Mr. Justice Misra. He thought that, six taluks having been given to the Mysore State, that State should not suffer for want of income from that area and that it should not be made a liability on the Mysore State. Therefore, in order to compensate the Mysore State for the loss or the liability or the difficulty or the trouble involved in administering an area of that kind, Mr. Justice Misra gave the Bellary town to that State, thinking that it would relieve them a little.

4 p.m. "Thus the claim of the Kannadigas on the taluk basis was conceded and the whole taluk was given away to them. As a result of this, there will be a corridor of Telugu areas created between Bellary on the one hand and the taluks of Rayadurg, Adoni and Alur that have been given away to the Andhra State on the other. Bellary town contains several institutions started by the State. There is a Borstal school, there are jails, and the headquarters of the Deputy Inspector-General of Police is there. Thus several institutions are there. What was the difficulty in giving those institutions to the Andhras? Are the Andhras to be crumbled, clipped and cut into pieces before they are given the State in this manner? Madras City is taken away. Why should they take away Bellary also? Why should they take away the few buildings that are available in a place where the Madras State has spent lots of money on creating those institutions? The population in the jails according to Justice Misra runs to thousands, but the Kannadiga population in those jails runs to only hundreds. These are indications of the character of the area."

MR. SPEAKER:—"The hon. Member's time is up."

* SRI K. VARADACHARI:—"Sir, the Andhras are a very civilised race. (Laughter.) Wherever they may be, they will prove to be a reforming influence. Even in jails they will be so. There may be criminals among them, but even then, they will be much better criminals than those coming from the rest of the country. (Laughter.) I submit these were indications for Justice Misra to come to the conclusion, 'Well, here is a place where the Madras State have spent lots of money on many institutions. So . . .'"

MR. SPEAKER:—"The hon. Member's time is over. Sri Gangayya Naidu will now speak."

* SRI K. VINAYAKAM:—"I rise on a point of personal explanation, with your permission, Mr. Speaker. Sri Varadachari was referring to me with reference to the election campaign. I want to clear a misapprehension that has been created in this

[17th July 1953] [Sri K. Vinayakam]

House. Sri Varadachari who now pretends to be an Andhra in this House has issued pamphlets in the villages in his constituency mentioning that he was a born Tamilian, that he will fight for the Tamils in the event of an Andhra State coming into existence and fight for the retention of the area in Tamil Nad. That is the sort of pamphlet signed and issued by him to the villagers. I have literature with me. They are printed in Tamil and signed by him. With your permission, I am ready to produce them here."

SRI K. VARADACHARI:—"I am game to his challenge."

* SRI K. VINAYAKAM:—"Being a civilised Andhra, I know that he will accept my challenge. I will resign my seat in the Assembly. Let him also resign his membership in the Assembly from his constituency. Let both of us stand for election. I will stand as a Tamilian and let him stand as an Andhra. Let us see who wins the election." (Cheers.)

SRI K. VARADACHARI:—"My friend Mr. Vinayakam is out as a wrestler. I am not a wrestler and I cannot accept absurd challenges."

* SRI K. VINAYAKAM:—"You are a civilised Andhra."

SRI K. VARADACHARI:—"Yes, yes, very soon it will be known who is civilised. So many institutions have been established in Bellary."

(Hon. Member Sri Deivasigamany was seen standing in his seat.)

MR. SPEAKER:—"Order, order. Two hon. Members should not stand at the same time."

(Hon. Member Sri K. Varadachari resumed his seat.)

SRI S. DEIVASIGAMANY:—"On a point of order, Sir. Is it parliamentary to offer challenges, accept challenges or refuse challenges?"

MR. SPEAKER:—"It is not a challenge for a duel. It is only a verbal challenge." (Laughter.)

SRI K. VARADACHARI:—"Sir, I was saying . . ."

MR. SPEAKER:—"Is it on a personal explanation that the hon. Member wishes to talk?"

SRI K. VARADACHARI:—"No, Sir. I will continue my speech."

MR. SPEAKER:—"No, no. Let the hon. Member resume his seat. Hon. Member Sri Gangayya Naidu will now speak."

SRI M. GANGAPPA:—"అధ్యక్షా, బళ్లారి విషయమై నేను కొన్ని మాటలు చెప్పడం చూశాను. నేను మరికొంతమంది మిత్రులు కలసి బళ్లారి తాలూకాకు ఆంధ్ర-రాష్ట్రంలో చేర్చవలసిన అవశ్యకతను గూర్చి నైఋత్యం సభ్యులకు తెలియజేస్తాను."

విషయమై ఢిల్లీ వెళ్ళినాము. అక్కడ వారితో అన్ని విషయములు చర్చించి ఒక మొమరాండంనుకూడా ఇచ్చినాము. వారితో జరిపిన చర్చల సందర్భంలో వారికి ముఖ్యమైన మూడు విషయములు మనవిజేశాను. బళ్లారి తాలూకాయొక్క ప్రత్యేక పరిస్థితులు, వైజానికంగా వాణిజ్యరీత్యా ఆ ప్రాంతం రాయలసీమలోనే కలిసిఉండడమే శ్రేయస్కరమనే విషయం వారికి నొక్కిచెప్పాము. ముఖ్యంగా మూడు విషయముల గురించి వారికి మనవిచేశాము. అవి ఇవి—బళ్లారికి ఒక జడ్జిని వంపించి ఆయన చేత సమగ్రంగా ఆ ప్రాంత పరిస్థితులను, ప్రజల వాంఛలను పరిశీలనచేయించి న్యాయమైన రీతిగా ఆ ప్రాంతాన్ని ఆంధ్రలో కలుపునట్లుగాచేయాలి; లేని పక్షంలో, ఆ ప్రాంత ప్రజలు ఆంధ్రరాష్ట్రంలో ఉండగోరుతున్నారో, మైసూరు సంస్థానములో ఉండగోరుతున్నారో తెలుసుకొనే నిమిత్తం ప్లీబిస్సెయిటు విర్వాటు చేయాలి; లేదా నేను నా శాసనసభాసభ్యత్వానికి రాజీనామాయొచ్చి ఆంధ్రుడనగా ఆ స్థానానికి తిరిగి పోవచ్చును. ఆ ఎన్నికలో నేను షేర్నాట్లయితే, ప్రాంతాన్ని ఆంధ్రరాష్ట్రంలో చేర్చమని, లేనిచో కర్నాటక ప్రాంతంలో చేర్చవలెనని చెప్పినాను. నేను చెప్పినమాటలన్నీ విని వారు న్యాయం కలుగజేస్తామన్నారు. తరువాత నైరసాగాదు న్యాయమూర్తి శ్రీ మిశ్రాగారిని వంపించారు. బళ్లారిలో శ్రీ మిశ్రాగారికికూడా మేమంతా మొమరాండంలు సమర్పించాము. జనాభారెక్కలను తయారు చేయటంలో ఆంధ్రులకు చాలా అన్యాయం జరిగినదని వారికి తెలియజేశాం. వాస్తవ విషయాలు తెలుసుకొనుటకుగాను పల్లెప్రాంతాలకువచ్చి వారంతటవారే ప్రజాస్పృహ మేమో తెలుసుకొనవలసినదిగా వారికి విజ్ఞప్తిచేశాము. బళ్లారి తాలూకాలో ముఖ్యంగా బళ్లారి, రూపనగుడి, మొక ఫిర్కాలలోను, బళ్లారి పట్టణంలోను తెలుగువారి సంఖ్య అధికంగావుంది. కాబట్టి ఈ ప్రాంతాలు ఆంధ్రరాష్ట్రంలో చేరాలి అని గట్టిగా వారికి చెప్పాము. మూడో వచ్చినట్లయితే గ్రామాలలోని ప్రజలు విమీకావలెనని కోరుకుంటున్నారో వారు తెలుసుకుంటారు కనుక రమ్మన్నాము. వారు మొదటిలో ఆ విధంగా వస్తామనిచెప్పారు. కాని తరువాత అలాచేయలేదు. గ్రామాలను చూడకుండానే, ప్రజలు కోరుకుంటున్నదేమో గ్రహించకుండానే, తప్పుడు జనాభారెక్కలను ఆధారంగాతీసుకొని బళ్లారి తాలూకా అంతా కర్నాటక రాష్ట్రంలో చేర్చవలెనని వారు తీర్పు ఇచ్చారు. ఈ తీర్పు ఆంధ్రులకు చాలా నష్టదాయకమైనది. మేము ఊరుకున్నా, ఆ ప్రాంతంలోని ప్రజలు ఊరుకొనరు. ఆందోళన జరుపుతారు. మైసూరు రాష్ట్రంలోచేరుటకు వారు ఎంతమాత్రం అంగీకరింపరు. కాబట్టి రూపనగుడి, మొక, బళ్లారి ఫిర్కాలను బళ్లారి పట్టణంతోసహా ఆంధ్రరాష్ట్రంలో చేర్చాలి. ఈ ప్రాంతాలూ ఆంధ్ర ప్రజలే ఎక్కువమంది ఉన్నారనే విషయంలో ఎవ్వరికైనా సందేహమున్నట్లయితే అక్కడ ప్లీబిస్సెయిటు విర్వాటు చేయండి అని మరల తెలియజేస్తున్నాను. ప్లీబిస్సెయిటు ఆంధ్రులకు అనుకూలమైతే మమ్మల్నూ ఆంధ్ర రాష్ట్రంలో చేర్చేయండి. లేక కర్నాటకులకు అనుకూలమైనట్లయితే, మేమందరం మైసూరు సంస్థానంలో చేరుతాము. అంతే కాదు. ఈ ఫిర్కాలలో కర్నాటకులు, ఆంధ్రులే కాక మహమ్మదీయులకూడా చాలామంది ఉన్నారు. వారి రెండవ భాగం తెలుగు అనే విషయం అందరకు తెలిసిపోవడంతో. ఈ సంగతిని వారందరు న్యాయమూర్తి మిశ్రాగారికి తెలియజేశారు. అయినప్పటికీ ఆయన బళ్లారి తాలూకాను కర్నాటకులకే చేయడం అన్యాయం. కాబట్టి ఇప్పుడైనా న్యాయాన్ని గుర్తించి, అక్టోబరు 1 వ తేదీలోగా అక్కడ ప్లీబిస్సెయిటు విర్వాటుచేసి ప్రజాభిప్రాయమేమో గుర్తించి, తదనుసారంగా రూపనగుడి, మొక, బళ్లారి ఫిర్కాలను, బళ్లారి పట్టణాన్ని ఇటు ఆంధ్ర రాష్ట్రంలోనో, అటు మైసూరు సంస్థానంలోనో చేర్చమటకు ప్రయత్నం చేయడం మంచిదనిచెప్పి ఇంతటితో ముగిస్తున్నాను.”

* SRI G. C. KONDAYYA :—“ఉపాధ్యక్షా, బళ్లారి తాలూకానుగురించి శ్రీ మిశ్రాగారిచ్చిన తీర్పు ఒక award అనిచెప్పి ఇదివరలో శ్రీ రాజగోపాలాచారిగారు వేర్కొన్నారు. అది సరికాదు. బళ్లారి సమస్యను సరిహద్దునిర్ణయక సంఘం ద్వారాగాని, లేక ప్లీబిస్సెయిటుద్వారాగాని పరిష్కరించడము సబబైనపని. అంత వరకు బళ్లారి తాలూకాను మైసూరు రాష్ట్రంలో చేర్చడం తప్పు. సరిహద్దు నిర్ణయక సంఘంవారి ద్వారాగాని, లేక ప్లీబిస్సెయిటుద్వారాగాని ఒక నిర్ణయం జరుగువరకు బళ్లారి తాలూకాను ఇప్పటివరకే Residuary Madras State లోనో లేక ఆంధ్ర రాష్ట్రంలోనో ఉంచడం న్యాయం. అంతేనే కాని ఇప్పుడే బళ్లారిని మైసూరులో చేర్చవేసినట్లయితే ఆంధ్రులకు చాలా అన్యాయం జరిగే ప్రమాదం ఉన్నది. ఈనాడు బళ్లారిలో ఆందోళనగా ఉన్నది. ఆంధ్రప్రజలు తమ బవిష్యత్తు అంధకార బంధురమై పోతుండేమానని బయటపడుతున్నారు. ప్రభుత్వంవారు ప్రతిపాదించనన్న సవరణ చాలా vague గా ఉంది. బళ్లారి విషయం వారి సవరణలోనికి వస్తుందో లేదో వారే చెప్పలేకుండావున్నారు. ఈ ఉదయం శ్రీ రాజగోపాలాచారిగారు మాట్లాడుతూ ఇదమిద్దమని ఏమాటా తేల్చలేకపోయారు. అసందిగ్ధంగా, స్పష్టంగా బళ్లారి విషయం సవరణలో వేర్కొనక పోయినట్లయితే ఉత్తరకోత్తరా సరిహద్దు నిర్ణాయక సంఘం విర్పడుతుందో లేదో తెలియదు. అందువల్లనే ప్రభుత్వంవారిచ్చిన సవరణను కొంతసవరించి సుస్పష్టంగా చేయవలెనని కోరుతున్నాను. జనాభారెక్కలు తప్పు అని మిశ్రాగారికి ఆ ప్రాంత ప్రజలు తెలియజేశారు. అయినప్పటికీ ఆయన జనాభా రెక్కలనే ఆధారంగా తీసుకొని ఈ నిర్ణయించేశారు. తత్ఫలితంగానే ఈనాటివరకు అక్కడ ఆందోళన సాగుతోంది. ప్రామాణికవేశాలు జరుగుతున్నాయి. ప్రజలు ఉద్రిక్తపడుతున్నారు. పరిస్థితులు చక్కబడాలంటే, ఆ ప్రాంతంలో ప్రజల ఆస్పృహ నెరవేరాలంటేను Plebiscite ను విర్వాటుచేయడం అత్యవసరం, plebiscite ద్వారా న్యాయం తప్పక జరుగగలదు. ఈ విషయాన్ని సుస్పష్టంచేస్తూ ప్రభుత్వంవారు ఒక సవరణను ప్రతిపాదించడంగాని లేకపోతే మేముచేసిన సవరణను ఆమోదించడంగాని అత్యవసరమని మనవిచేస్తున్నాను. Plebiscite జరిపి దానినిర్ణయానుగుణంగా బళ్లారిని ఆయా రాష్ట్రంలో చేర్చడం అత్యవసరం. అంతవరకు బళ్లారి మద్రాసు రాష్ట్రంలోనే ఉండాలి. మిశ్రా ఊర్టు ప్రకారం దానిని మైసూరు ప్లేటూలచేర్చినట్లయితే బళ్లారి మనకు శాశ్వతంగాపోయే ప్రమాదమున్నది. ఈ విషయాన్నికూడా గుర్తించి అక్టోబరు 1 వ తేదీకి ముందుగనే plebiscite జరిగేటట్లు చూడవలసినదని ప్రభుత్వం వారికి తెలియజేస్తున్నాను.

“ఆంధ్రరాష్ట్రంలో లేకుండా, రెసిడ్యుయరీ మద్రాసు రాష్ట్రంలో బళ్లారిని వదిలితే తిరిగి అది మనకురాదని కొందరు అనుమానాలు ప్రకటిస్తున్నారు. కాని ఆ అనుమానాలు చాలా అసంబద్ధంగా వున్నాయి. ఇంతవరకు బళ్లారి మద్రాసు రాష్ట్రంలోనే వున్నదికాని మైసూరులోలేదు. ఇకముందు మనం బొందరీ కమిషను వారివద్ద కోరబోయే నేలం జిల్లాలోని ప్రాంతాలు, ఇతర ప్రాంతాలు మద్రాసు రాష్ట్రంలోనే ఉంటాయి కాని ప్రత్యేకంగా విమీతంకావు. తమిళ ప్రాంతాలు అని కోరబడే చిత్తూరు జిల్లాలోని ప్రాంతాలు బొందరీ కమిషనువారు నిర్ణయించేవరకు ఆంధ్ర రాష్ట్రంలోనే వుంటాయి కాని వేరుగావుండవు. అలాగే బళ్లారి సమస్యకూడా, ఏదైనా బళ్లారిని ఆంధ్రరాష్ట్రంలోనో, లేనియెడల రెసిడ్యుయరీ మద్రాసు రాష్ట్రంలోనూవుంచి, బొందరీ కమిషను ద్వారా పరిష్కరింపబడేట్లాచూడాలి. ఈ విషయంలో నాయకులు విరోధివిధంగా రాజీపడడానికి ఏలులేదు. ఆవిధంగా రాజీపడి ప్రస్తుతం

బెల్లారిని మైసూరులో సమైక్యం చేయవలసివచ్చినట్లుగా తరువాత జరిగినా, బెందరి కమిషనువచ్చినా, అంతా గందరగోళం అయిపోయి బెల్లారి తిరిగి ఆంధ్రరాష్ట్రంలోకి రావడం సులభం కాకుండా పోతుంది. దురదృష్టవశాత్తు కేంద్ర ప్రభుత్వం భాషా రాష్ట్ర విభజనకు అనుసరించిన పద్ధతి చూచినట్లయితే ఎక్కడైతే ప్రభుత్వానికి ఎక్కువ నష్టం కలిగిస్తారో వారి అందోళ్లనకే లొంగేట్లా కనిపిస్తోంది. ఎవరు సక్రమమైన పద్ధతులతో తమ హక్కులను సాధించాలి అనుకుంటారో వారికి అన్యాయం చేయడం పద్ధతిలో ఉంది. చిత్తూరు జిల్లాలోని తమిళ ప్రాంతాల విషయంలో రెండు, మూడు రోజులు తమిళులు రైల్వేను అడ్డి అందోళ్లన చేయడంతో సైన్యా ప్రభుత్వం ఆ విషయాన్ని తప్పక సరిహద్దు నిర్ణయం సంఘానికి వదులుకోమని చెప్పారు. మిత్ర అవార్డు వచ్చి నప్పటినుంచి బెల్లారి ఆంధ్రులు సత్కారం జరుపుతున్నారు. వందలాది విద్యార్థులు జైల్లకు పంపబడ్డారు. ఒకాయన 27 రోజుల బట్టి ఉపవాసం చేస్తూ కావడానికి సిద్ధంగా ఉన్నారు. ఈ సమస్య విషయంలో కేంద్ర ప్రభుత్వం ఏమీ చెప్పలేదు. సరికదా, ఏమీ చెప్పారంటే, తిరిగి బెల్లారి ప్రస్తావన చేయరాదు. అది నిర్ణయమై పోయింది అన్నారు. ఈ సమస్య విషయంలో మన నాయకులందరూ న్యాయమైన, సబబైన అభిప్రాయాన్ని ప్రకటించి కేంద్ర ప్రభుత్వానికి న్యాయం జరిగేట్లా సలహా ఇవ్వాలి. అలా కాకుండా తరువాత ఎప్పుడో బెందరి కమిషనువస్తే వస్తుంది అనే దోషాని అవలంబిస్తే, అసలు భాషా రాష్ట్ర విభజనకే నష్టం చేసే తప్పుహర్షం చూపించడం అవుతుంది. ఈ విషయాలలో మాత్రం తప్పకుండా అందరూకూడా ఐకమత్యంగా ఉంటే, బెల్లారి సమస్యను న్యాయంగా పరిష్కరింపబడేట్లా చూడవలసి ఉన్నది. అలా కాకుండా సరిహద్దుల సమస్య న్యాయంగా కలకుండా రాష్ట్రాన్ని విచ్ఛేదించే సరిహద్దులలో చాలా గొడవలు రాగలవు. బెల్లారిని ఆంధ్రరాష్ట్రంలో చేర్చి చిత్తూరు జిల్లా విషయంలో ముదిరిగానే బెందరి కమిషనును వేసినాకాని సమస్య పరిష్కరించాడు. కనీసం బెల్లారిని ప్రస్తుతం మృదాసులూవుంచి, తరువాత బెందరి కమిషనును వేసినా సరే, విర్పడే ఆంధ్ర సరిహద్దులు ఏవో తేలకుండా, గవర్నమెంటు ఆమెండుమెంటు అంగీకరించినా తరువాత ఏమీ ఉపయోగంలేదని అభిప్రాయపడుతున్నాను."

SRI T. ANANTHA PAI:—"Mr. Deputy Speaker, Sir, I support the Government amendment for the inclusion of a clause in the Bill for the appointment of a boundary commission or commissions soon after the formation of the Andhra State to go into the question of adjusting the boundaries without mentioning, for the time being, any specific disputes referred to in this House. It is necessary that we should not include any disputes now to be referred to it because the number of disputes seems to be on the increase. Claims and counterclaims are being made and every day some agitation is being started in some part of the State in the border areas. It is becoming, therefore, increasingly difficult to make out clearly what belongs to this State and what belongs to the other. If we go through the Wanchoo Report we will find that the claims made before him have now undergone considerable change. They have increased in number. After his report was published, various demands were made. The various amendments that have been moved here also indicate that not only Members are interested in the formation of Andhra but they want to usher in Visalandhra also as early as possible. In that process the very declaration of the Government that a new Andhra State is going to be carved out of undisputed Telugu areas of the Madras

[Sri T. Anantha Pai]

State has to undergo considerable change. There are also certain amendments which want that the Kannada-speaking areas in the Madras State should be merged with Mysore and that some sort of settlement of boundaries should be effected. I do not know what exactly will be the scope of the boundary commission because the boundary commission will come into existence only to declare the boundaries of the Andhra State. If this boundary commission is to go into the question of the future readjustment of the several linguistic areas also, then the appointment of a high power committee that has been promised will not be necessary. But if we accept the proposition that the time has not yet come when we could go before a high power committee and represent our case for readjustment of boundaries, we can confine ourselves to the appointment of a boundary commission for fixing the boundaries of the Andhra State alone.

"Sir, one vexed question that has troubled our minds is the position of Bellary district. It is unfortunate that in the formation of the Andhra State, Bellary should assume such a great importance. If only the original proposition that seven taluks of Bellary district are predominantly Kannada-speaking and three taluks are Telugu-speaking was accepted, I am sure there would not be any chance for so much of bad blood and ill-feeling being created between the Andhras and the Kannadigas. I do not know who was responsible for the decision of the Central Government that only six taluks could go to Mysore and three taluks to Andhra and the fate of one taluk should hang in suspense. This is the decision that was responsible for all the mischief that is created. Feelings in Karnataka are as high as they are in Andhra. Many people have accused the Kannada legislators that they have given away the three taluks, which legitimately belong to Karnataka, to the Andhras unceremoniously. We have had to say that so long as the representatives of the people in the Assembly from these three taluks say that they should go to Andhra, we have nothing to say about it. In respect of the seven taluks, we thought that there was no dispute at all. Of course, we wanted the appointment of a boundary commission to go into the case of a few villages here and there in the taluks of Adoni, Alur and Rayachoti and even in Bellary. We did not mind it. But unfortunately, the decision of the Central Government to leave everything in suspense so far as Bellary was concerned, was responsible for all the agitation that was started subsequently. I would like to invite the attention of the Hon. the Chief Minister to this problem that is confronting us. For the last two days, Members from Andhra have been pressing the Chief Minister to make his mind clearly known on the issue of Bellary. He has been good enough to say that the question of Bellary and the question of Chittoor have been more or less the same, that he wanted that the Central Government should treat both in the same way but that the Centre did not agree and went ahead with the Misra enquiry. All this is known to everybody. But a section of the people has been made to feel that Rajaji has not defined very clearly the status of Bellary. They do not know whether Rajaji is really sorry that Bellary has

[Sri T. Anantha Pai]

[17th July 1953]

gone to Karnataka. We feel that so far as this question is concerned, Rajaji is entirely indifferent. Whether it belongs to Andhra or to Karnataka, it makes little difference to him. We want the position to be made clear. An agitation was started to force the hands of the Central Government to come to a decision then and there and Justice Misra was appointed to enquire into the question. If we do not like the verdict we can ask for something else. That is quite different. But to say that Bellary and Chittoor are more or less the same is not somehow very clear to me. For one thing, the problem of Chittoor was never at any time in suspense. It was included in the Telugu area. But at the same time, our Tamil friends wanted that the border adjustments should be made by a boundary commission. So far as Bellary goes, it was taken for granted that it was a Karnataka taluk and yet its fate was hanging in the balance. So the question of Bellary is entirely different from that of Chittoor. The question has assumed a different aspect altogether. So far as our Chief Minister and our Government are concerned, they are entirely indifferent to the verdict of Misra. I do not mind even if it were referred to a boundary commission for decision. But I do not want that it should go before a boundary commission at the instance of our Chief Minister. This is the only assurance I want to get from the present Government. So far as other matters are concerned, we only wish that even after the appointment of a boundary commission we should agree at a certain stage. Unless we do that, it would not be possible for us to carry on. When Justice Wanchoo came, did we not go to meet him at the station? Have we not read in papers that leader after leader saw him and tried to present his case as best as he could? Everyone was anxious that his report did not go against his interests. But once the report was published and once certain people found it was not in their favour, they did not like it. So also when Justice Misra came, so many individuals and parties happened to meet him and make representations. Everybody thought that his award would be in his favour. But the result was that one side accepted the award because it was in its favour and the other side did not agree with it.

4-30
p.m.

"Even after the Boundary Commission is appointed if the story were going to be like that, that either state, whichever the state it is, is going to agitate until it is in its favour, I do not think it would be possible for any Government to function. At some stage or other we must agree. If we ask for the appointment of a Boundary Commission, I suppose, the decision of the Boundary Commission is entitled to some respect from us. I also say that the decision should be accepted by the people as a whole. Otherwise the whole thing would be reduced to farce.

"With these remarks I thank you for having given me this opportunity to support the amendment of the Government."

* SRI K. KOTI REDDI:—"Sir, speaking on these amendments generally, I will first of all confine myself to the question of

[17th July 1953] [Sri K. Koti Reddi]

the Bellary taluk, particularly the three firkas of Bellary, Rupana-gudi and Moka. There are a few aspects of this question which I want to place before this House. On the face of it the report of Mr. Justice Misra is not satisfactory at all. I do not know how the report was taken to be an award by some higher officials and even by some newspapers. The report itself has made it quite clear. The instructions that were given to Mr. Misra were clear. He was asked to investigate in as short a time as possible and report the matter to the Government of India. It is for the Government of India to come to their own decision on the facts presented by him. So it is not an award and it is only a decision of the Government of India. We have every right to say to the Government of India that wherever they have gone wrong in our opinion, it is our duty to see that that wrong is set right. In the terms of reference to him, Government made it quite clear that not only the linguistic composition of the population is to be taken into consideration but also certain other factors. It said that the decision of the Bellary taluk question would be deferred in view of its mixed population as certain other matters would need consideration before coming to a decision. Mr. Justice Misra has no doubt touched on other aspects also like the economic well being of the people, their cultural affinity either with the Andhra people or the Mysore people. But finally his decision was mainly based on the linguistic composition. He has made this quite clear in his report. He said: 'The material to which reference has been made above fully corroborates the conclusions which I have reached on the basis of the census figures of 1951 and that is the sole object with which it has been referred in this report'. When people from these firkas represented that the census figures were not correct, they pointed to the fact that at the time when the last census was taken, very influential Kannada people like the President of the District Board influenced a good many of the teachers who were engaged on the preparation of the slips for the census report. This aspect of the complaint was not really taken into account. That was why people represented to him: 'You please go to some of the villages in the firkas mentioned and find out the position for yourself'. Even then they insisted examining only the three firkas in question. They also said: 'Even if you cannot visit all the villages, if you visit a few villages at least you are certain to be able to find out what is wrong with those figures'. He promised to do it in the beginning but on account of the agitation carried on on behalf of both the parties he refused to go and if he had done so, I am almost sure he would have come to the conclusion that there was something wrong in the census figures. Recently with regard to 1951 census in the border areas of Chittoor and Chingleput our Friend Mr. Vinayakam pointed out that there was something wrong in the census figures.

"It has often been said that the question of Bellary taluk has not been disputed for a very long time. It is no doubt true that as early as 1921, for the purpose of the Congress organization, a small committee was appointed for the first time presided over by the late Mr. Kelkar to go into this question. They gave a sort

[Sri K. Koti Reddi]

[17th July 1953]

of award and said that so far as Bellary taluk was concerned it ought to go to the Kannadigas, that is, the Kannada State. At that very time one of the Members, Mr. Harisivthama Rao put in a minute of dissent. Even in that award, so far as I could remember, there is mention of the fact that this award is to stand only for a period of ten years and afterwards either of the party is at liberty to bring the question of Bellary for reconsideration before the authorities. It might be said that this reconsideration was not done. When we were agitating for the Andhra Province based mainly on linguistic considerations we hoped that one day or other a Boundary Commission would be appointed by the Government of India and that Commission would take into account the linguistic composition of the people of the taluk and other matters. The award of Mr. Kelkar was meant only for the purposes of Congress organization. It was not meant to be a permanent decision, and it is no wonder we waited for a future time for decision about the fate of the Bellary taluk.

4-40 p.m. "Justice Misra clearly says that short of taking a plebiscite it won't be possible for deciding which way the majority of the people will decide, either in favour of one State or the other. He also says that in Bellary taluk most of the people speak both the languages—Telugu as well as Kanarese. That is why, Sir, we insist on taking a plebiscite in this matter.

"Plebiscite, Sir, as we know is one of the methods by which in the past the destinies of the people have been settled. During the Great War and immediately after the Great War, when the question of population of some of the German regions—Saar and Silesia, etc.—came up, it was decided that the destinies of the people after all should be decided by means of a plebiscite. At that time, at the Peace Conference there was a decision to take a plebiscite in nineteen cases. Ultimately, they gave up taking plebiscite and in as many as seven cases only plebiscite was taken. Plebiscite, Sir, is a method by which even today in some of the dominions and even in some of the States in America, the will of the people is ascertained. We all remember that in the States in the United States of America, people were given the choice to decide whether they would vote in favour of Prohibition or against it. Even today, the States individually have the option, the right to decide by means of a plebiscite whether they are in favour of Prohibition or not in their states. In Australia the question once came up whether they should introduce compulsion for military service or not and that question was decided by means of a plebiscite.

"So, not only matters of international importance, but also some matters of local importance which concern the population in a wider circle are sometimes decided in this way. Sir, I do not see, why in a matter of settling the destinies of the people—it may be in a small area or a big area—the wishes of the people should not be taken into account and a final decision taken in this way. I can say that as long as this question of the destinies of the people in

17th July 1953]

[Sri K. Koti Reddi]

these disputed areas is decided by one person or for the matter of that even by a committee of three or five persons, there will always be discontent, due to differences of opinion. The best thing will be to give the option to the people themselves to decide their own destinies."

MR. DEPUTY SPEAKER:—"The hon. Member has two minutes more."

SRI K. KOTI REDDI:—"Sir, in Bellary taluk itself something like 22 per cent or slightly more than that, are Muslims and others who are neither Kanarese nor Telugu people. Most of them speak both the languages but a few of them speak Kanarese. But on account of their long association, and connection with the Andhra area outside Bellary, the Telugu people in those areas are definitely hopeful that the Muslim and other population will certainly vote in favour of their joining the Andhra State.

"No doubt Mr. Justice Misra tried to find out the opinions of the Muslims. People went to his camp and saw him and spoke to him but without any definite idea as to whether they should vote in favour of Andhra State or Mysore State. It was not possible for him to come to any definite conclusion though no doubt the Muslims 'in Justice Misra's opinion' are equally divided. The method adopted to arrive at this decision is absolutely unsatisfactory. Language alone is not the consideration, but there are other considerations also. For making the decision to join either Mysore or Andhra, why should not these people be given the choice?

"So, Sir, I insist that not only for making a decision in this respect but in all cases where this question of assigning the people of deciding the destinies of the people of any disputed areas comes up, the best thing will be to decide it by means of a plebiscite.

"In these democratic days, when we plead for Democracy, for parliamentary democracy, why should we not do it. I know particularly that our Prime Minister has and has very often said that he has great faith in the common man. Why should we not allow the common man to decide for himself whether he would join the Andhra State or the Mysore State?

"Life is very precious. Of the two people concerned in fasting one of them has decided on fasting until death 'to bring to the notice of the authorities that they have in this case done a wrong' and that unless they are prepared to set it right he would not give up his fast. All that he has said is that the methods adopted in making this decision is wrong and incorrect and therefore to let the people who are concerned in this matter to make their own choice. He says, 'Please let me know whether you are prepared to have this question decided by means of a plebiscite and if so I will give up my fast.' I do not know really what is going to happen; but what he has said seems reasonable. It ought not to be very difficult for the Government of India to arrange for

[Sri K. Koti Reddi] [17th July 1953]

a plebiscite in a small area. There may arise bitter feeling; you cannot always avoid it. Are not passions roused in the matter of elections? When two candidates are contesting against each other, all sorts of things are said and even are put in writing and passions are roused. Have we given up elections on that account?

“ My final appeal to the Government is that this really is a serious matter. In settling the destinies of the people, the best thing which will be satisfactory both to the Government and the people and all parties concerned will be to have a decision by means of a plebiscite.”

* SRI P. PUNDARIKAKSHACHARYULU :—“ Mr. Deputy Speaker, Sir, I do not want to take much time of this House, as almost all the subject has been covered by previous speakers. But I want to lay stress on one or two points. We do not understand the propriety and the precedence the Government of India followed in including Bellary district in the Mysore State. I want to quote one previous instance, viz., when the question of the formation of the Orissa State in 1936 was decided, some Telugu parts of Ganjam district and of Visakhapatnam district were included in the Orissa Province. In the O'Donnel Committee report—the Committee was appointed by the Central Government—it was stated ‘ The whole of the area of Rishikulya Project, for administrative conveniences, should be included in the Orissa State.’

“ But we the Andhras represented to the Central Government and the Indian National Congress the injustice done to the Andhras. In the O'Donnel Committee report it was also stated that the question would be reconsidered at the time of the formation of the Andhra State. What I wish to point out is that Mysore is not a linguistic State and that it is still a multi-lingual State. Therefore it is not just and proper to add the Bellary district, especially the Thungabhadra project area including the head works in the Mysore State. Yesterday it was pointed out by the Hon. Chief Minister that only linguistic considerations should not weigh, but the administrative difficulties and conveniences also should be taken into consideration as was pointed out by the Nehru Committee report. Therefore I request the Central Government to add the whole of the Thungabhadra Project area including the Head works in the Andhra State on grounds of administrative convenience. I would also suggest that the Bellary question may be considered at the time of the formation of a Kannada State.

“ Sir, this morning Mr. Latchanna and myself requested the Speaker to include our amendment (i.e.) amendment No. 260 seeking to include the Telugu areas in Orissa and Madhya Pradesh, in the list of amendments taken up for consideration, but the Hon. Speaker refused. The amendment relates to the Telugu areas in Orissa and Madhya Pradesh. I request the Chair that we may be given a chance to move that amendment when paragraph 19 is taken up. It was stated on behalf of the then Government and by the O'Donnel Committee that the whole of Jaipur Samasthanam that was taken away from the old Visakhapatnam district which

17th July 1953] [P. Pundarikakshacharyulu]

is now called Koraput district, parts of Berhampur, Parlakimedi and Gunupur would be taken up for consideration when the Andhra State is formed at the earliest opportunity. Sir, I need not dilate much on the subject that the above areas are completely Telugu. There was a dispute before the then Working Committee of the Indian National Congress in regard to the formation of Congress Committees in those areas and it was decided likewise and also ultimately that Andhras also can send delegates from those areas. It will be in the fitness of things if the boundaries between the Andhra and Orissa and Andhra and Madhya Pradesh are also settled simultaneously with the formation of the Andhra State. I therefore want the Chief Minister to clarify that the Boundary Commission that is envisaged by the Government of India should decide the boundaries of Andhra State with Orissa and Madhya Pradesh also. With these few words, Sir, I conclude.”

SRI VAVILALA GOPALAKRISHNAIAH :—“ Mr. Deputy Speaker, I rise to support my amendment as also the amendments moved by my hon. Friends Mr. G. C. Kondayya, Mr. Ramiah Choudary, Mr. P. Pundarikakshacharyulu, Mr. T. N. Venkatasubba Reddi and Mr. N. Gopala Menon. I oppose the amendment moved by the Hon. Sri C. Subramaniam on behalf of the Government. The Hon. Chief Minister has pointed out that my amendment which gives a picture of Visala Andhra, is out of place. When a company is floated, it will be called Messrs. Parry and Company, etc., and not the Company of All-India. But Pandit Jawaharlal Nehru said that we were going to have an Andhra State within the territory of Madras. But in the title to the Bill, they did not call it Andhra State (Madras). Sir, our discussion is confined to Andhra State, Central Government and other States. So far as Andhra State is concerned, we shall no doubt discuss it threadbare and in that connection my proposal to include all Telugu-speaking areas in Madhya Pradesh, Orissa, Hyderabad and Mysore is not out of order.

“ Sir, when we think of the decision on Bellary taluk, it is like hanging a man and allowing him to appeal. We are asking the Bellary people to wait till the Boundary Commission comes. But according to the statement of Pandit Jawaharlal Nehru all the Telugu-speaking areas should be constituted into one State within Madras. Now, the three firkas of Bellary, Rupanagudi and Moka are given away to Mysore. But who decided it? Mr. Justice Misra himself said in his report in paragraph (9), ‘ The material supplied to me by those who appeared before me was vague and inconclusive. Short of conducting a plebiscite it was impossible to decide which way the majority support lay.’ I do not say that plebiscite is an international affair. But I do concede that it is an international affair. But at the time of deciding the boundaries between India and Pakistan in regard to Sylhet district, the Radcliffe Award recommended plebiscite. Here also it can be decided

[Sri Vavilala Gopalakrishnaiah] [17th July 1953]

by a plebiscite. Even Mr. Justice Wanchoo said in his report (pages 5), 'that the matter could be easily settled by taking population firka-wise.' The demand of Bellary people is that the division should be firka-wise, or else it should be decided by a plebiscite as in the case of Sylhet district in Bengal. It can be said that plebiscite cannot be conducted now. I concede that too because of the shortness of time at our disposal before the inauguration of Andhra State. Therefore I say that these three firkas should be retained in the Andhra State for the present and their future decided afterwards by a plebiscite.

5 p.m. "Of course the Hon. Mr. Subramaniam may say that he had already given notice of a comprehensive resolution for the appointment of one or two boundary commissions in the disputed areas. But if we are to carefully scrutinise the wording in the resolution the Andhras cannot miss noticing that the very purport of that resolution will result in the diminishing rather than increasing the territory of the Andhra State. Why have they not mentioned Bellary? The Hon. Chief Minister, Sri Rajaji, says we are not concerned with Bellary. Its fate had already been decided. Of course people like him may not be concerned with anything that might happen in the world. But we cannot remain so. This same thing even Pandit Nehru was saying before the formation of the Andhra State. He said that he would not be too much concerned with the fast of Potti Sriramulu. But every Indian knows that but for Potti Sriramulu's sacrifice Andhra State would not have come into being. News of the announcement of the Andhra State came only after his death. That fact should not be forgotten. We have to take stock of the agitation of the people. As I had observed previously Andhras are an emotional type of people. Their cherished goal is not the present small Andhra State but 'Visala Andhra' comprising the Telugu areas of Orissa, Hyderabad, Madhya Pradesh and Mysore. Let us all remember that fact and not try to brush it aside.

"There is something behind the Andhra claim over some parts of Orissa. Let me explain. What happened when the Simon Commission came? We Andhras took part in the national boycott. The Commission in their turn said that they would teach us a lesson. They took some portion of ours and gave it to Orissa. So it is that we find the Telugu area in Orissa. This is O'Donnell report. I suppose it would be quite crystal clear now how forcibly Telugu territory had been annexed in Orissa. When such is the case, is it any wonder that the Andhras when they are about to have their own State want their brethren in Orissa also should join them? Can it be said that such a claim is strange? Can it be brushed aside easily as untenable, when history shows that our claim is quite legitimate?

"Let me now come to Bellary. I suppose all hon. Members are well aware of what had happened there. What did the Central Government do? They appointed a Judge to decide the issue. Can one man decide the issue? Who is the competent Judge? Is it not

17th July 1953] [Sri Vavilala Gopalakrishnaiah]

democratic that a plebiscite ought to have been held there to ascertain public opinion? Was it done? No, nothing of that sort. The Hon. Chief Minister says that a plebiscite is an international affair. When such is the case, what is it that they did after Radcliff award? What did they do with regard to Sylhet? How was the future of Sylhet determined? Was it not by a plebiscite? When they did so with regard to Sylhet, why did they shrink from repeating the same in Bellary? Some people bring in the Kelkar award in the midst. We must understand the circumstances that led to the Kelkar award? What did Mr. Kelkar do? Because the dispute arose between the Karnatak and Andhra Congress Committees at that time as to their jurisdiction over Bellary which is bi-lingual, Mr. Kelkar had to come on behalf of the All-India Congress Committee. Can that issue be clubbed with the report of Misra, which was concerned with the integration of the Bellary taluk either with Andhra or Mysore?

"Let me explain correctly the Misra report itself. People say this and that. Some say we cannot run counter to a Judge's findings. I am not opposing for the sake of argument. Is paragraph 6 of his report, Mr. Misra himself says that the literature supplied to him was very *vague* (note the words) and *short of a plebiscite* (I want hon. Members to carefully note the words) the only conclusion to which he could come with regard to the three firkas of Bellary, Moka and Rupanagudi was that they could best be integrated with Mysore. 'Short of a plebiscite' that is what Mr. Misra himself says. Therefore what I say is let us first of all hold a plebiscite in these three taluks and then decide their future. Let us accept the verdict of the people and not of one man. Why should we feel shy of holding a plebiscite? Let the Central Government as well as the Provincial Government take note of this. If they do not care for our words this Hon. Chief Minister and the Prime Minister would be committing a grave blunder. Let the unanimous wish of the people be given due respect. That is the lesson of democracy.

"As I had observed (let me repeat it again once, twice or even ten times) the cherished goal of Andhras is Visala Andhra. After a long and bitter struggle we are now going to have a small Andhra State out of the composite Madras State. It is but natural that we want to develop our State with all amenities possible in the agricultural, economic and financial fields. Is it then any strange thing that we want to increase our mineral potential by adding the Telangana and Bastar areas. After all they are our own areas and our own brethren are living there. Then what is wrong in our claiming all of them in 'Visala Andhra', I ask.

"With these words I support the amendment given notice of by Sri Pundarikakshacharyulu and others claiming a plebiscite in Bellary, Moka and Rupanagudi firkas to decide their future."

MR. SPEAKER:—"Discussion on the amendments may close today. The Hon. Minister will reply to-morrow and vote may be taken after he had spoken."

[17th July 1953]

* SRI T. VISWANATHAM:—"Sir, it may not be possible for all of us to finish our speeches today itself. We became aware of the Government amendment only today morning, Sir. Moreover we want some time to arrive at an agreed formula regarding this clause because after all this clause and the division of assets and liabilities clause are the only two clauses that are very important. Therefore I would request you Mr. Speaker to allow us some time to-morrow. The Hon. Leader of the House may then reply and then the vote may be taken."

MR. SPEAKER:—"What does the Hon. Leader of the House say?"

THE HON. SRI C. SUBRAMANIAM:—"If the Opposition were to present an agreed formula there need not be any discussion because it is an agreed one. Only if there are differences of views there need be any discussion. So the discussion can be finished to-day. The Hon. Minister can reply to-morrow and the vote may be taken afterwards."

5-10
p.m.

* THE HON. SRI C. RAJAGOPALACHARI:—"The only comment that occurs to me is that if the hon. Member Sri Viswanatham does not speak to-day and consultations would be going on but the result of their consultations or the drift of their consultations are not made known till to-morrow at the time of the debate and if Sri Viswanatham is to speak to-morrow how really. I wish to ask, Sir, do they expect the Government to make up their mind? Therefore, Sir, it would be much better if the matter is discussed today fully only providing for any necessary explanation tomorrow morning and the reply taking place and the vote being taken. I shall further explain, Sir, the point is this: People's mind change quickly and it is not constant as some people may hope now and then. I have heard Member after Member rising and speaking and I am afraid that the effort of the Government to provide a formula which would be satisfactory to all is not likely to succeed. That is the impression that I have after hearing the speeches of various Members. Member after Member sitting behind Sri Viswanatham was eager each to press his own amendment. Left to myself, Sir, I do not put it officially, my psychological inclination is to let things take their own course and to withdraw the amendment proposed by the Government because the object of the effort is not to be gained."

* SRI T. VISWANATHAM:—"Mr. Speaker, Sir, I do not think the Government require much time to accept an agreed formula. I have no dilatory purpose in what I am suggesting. We wanted a Boundary Commission now and whether any amendment can be evolved covering all the view points and satisfactory to all is a thing upon which we must consult each other because you know, Sir, and the Chief Minister knows that the composition of the House is such that we cannot straightaway say: All right I will agree to this or that amendment. Therefore it is, Sir, that we require a little time. Of course the Leader of the House or the Hon. the Chief Minister will not require much time either to accept

[17th July 1953] [Sri T. Viswanatham]

an agreed formula or reject it. I do not think much time will be wasted and a good purpose will be served by taking it up tomorrow. This is a very important portion of the Bill and except with regard to the section relating to assets and liabilities, others are not very important. All that we are anxious is that as the Chief Minister has also seen the necessity for a Boundary Commission the recommendation with regard to the Boundary Commission going from this House should be unanimous. That is my object, Sir."

THE HON. SRI C. RAJAGOPALACHARI:—"My complaint is that the appeal has not made any impression; I was only able to convince my old colleague. Nobody else was convinced."

SRI T. PRAKASAM:—"Mr. Speaker, Sir, I must say that even the old colleague and friend of Sri Rajagopalachari was shaken very greatly when certain clarifications were sought for and the answers were given by the Chief Minister. This is an attempt that is being made by the Prime Minister to form the Andhra State comprising all the Telugu-speaking areas and my hon. Friend Sri Latchanna asked for certain clarification whether the Telugu areas of Orissa will also come under the Government amendment and the answer was that they will not come under the scope of the amendment. My point is if they do not come even now when the Andhra State is being formed, when will it come? Perhaps it will never come. Anyone who knows anything of these areas knows how people there have been suffering and are unable to find any relief with regard to the matter. People there, friends of those areas presented a memorandum to Mr. Wanchoo and he received them and told them that they might be considered at the time the proposals took shape. The Hon. the Chief Minister was telling that his inclination was to withdraw the Government amendment. If he is compelled because there is no support for it, then he will have to withdraw. What Sri Viswanatham has been telling from the very beginning is that all these amendments required careful examination. The amendments were given only this morning and there was not enough time to consider their implications; it was the subject of discussion by Member after Member and they also tried to get certain clarification with regard to certain matters and when they did not get the clarification, they began to say that they oppose those amendments. That is not the way in which a Government which has been good enough to move an amendment concerning the Boundary Commission, should try to go back upon it. What is wanted by Sri Viswanatham is time to examine them very closely and find out whether there is any way of coming to a common agreement after discussion. On our side we have been considering the amendment in its various aspects and also the alternatives and also what would be the effect of the Government now saying that they would withdraw the amendments. Nothing would be lost by the discussion continuing tomorrow morning so that we may be able to consider overnight whether we are right or wrong. I appeal to him not to be in a hurry and say 'I will withdraw the Government amendments'. Withdrawal is a matter of

[Sri T. Prakasam] [17th July 1953]

everyday occurrence on so many matters and that is not the attitude in which we should approach this question. I myself felt that the Andhras of Orissa would not be covered by this amendment and it is a serious matter for us because we have to tell the people something by way of securing their just demands for inclusion in the Andhra State. Regarding Bellary also, Sir, valuable contributions have been made in the House and mention has also been made of what Sri Misra himself stated with regard to the possibility of solving that problem; he seems to have suggested nothing short of a plebiscite would enable anyone to solve the question. Should not such a question be given the greatest amount of consideration? After the passage was read out by Sri Gopalakrishnaiah there should be no doubt in the matter. Therefore, Sir, this question also should be considered within ourselves and it is necessary for you also to consider it.

5-20
p.m.

"A plebiscite is a very legitimate thing and chapter and verse have been quoted by my hon. Friend, Sri Koti Reddi, in such a splendid manner as to convince everybody how to solve a problem of this nature. What sufferings had been gone through in Bellary! During the general discussion, in the course of my speech, I failed to refer to one incident, viz., the lathi charges on the people of Bellary. Extra police, not the Police Force of Bellary, was sent from different parts of the State to that area. I do not say the Government of Madras acted without some information. The information they had was a Press report that there was looting and plundering in the streets of Bellary. The Collector of the district sent a report that the whole thing was false. On this, the agitation was continued and a demand was made on the part of the people that there should be an enquiry. There was no enquiry held anywhere and all these things have happened. Even Maulana Abul Kalam Azad, the Deputy Prime Minister of India, did not look into the language used by Justice Misra himself when he said that Misra's Award was final and it would not be reopened. He was perhaps led away by the report that there was plundering and looting in the streets and public places of Bellary. If such things had happened there should have been an enquiry. There has, however, been not even a thought of an enquiry. This is not the way in which matters of such importance should be judged. I too got telegrams that there was one man who was preparing himself for a fast. Pandit Jawaharlal and our Chief Minister, Sri Rajagopalachari, say that it is a foolish thing to fast and die but there are still people in this world who are prepared to follow the doctrine of Mahatma Gandhi."

THE HON. SRI C. RAJAGOPALACHARI:—"The doctrine of fasting!"

SRI T. PRAKASAM:—"Yes, the doctrine of fasting. Sri Rajagopalachari says that he even advised Mahatma Gandhi not to fast. He must have advised him privately. But, he was also one of those who gathered along with ourselves and the people of India at Poona to save Mahatma Gandhi from his fast unto death to get

17th July 1953] [Sri T. Prakasam]

some relief from Premier Macdonald of Britain. We all succeeded and fortunately Mahatma Gandhi did not die on that occasion. Sir, this is how our country is suffering in a thousand and one ways. I would therefore request my hon. Friend to allow this matter to be put off for further consideration."

* THE HON. SRI C. RAJAGOPALACHARI:—"Sir, may I waste a little more of the time of the House. After hearing Sri T. Prakasam any slight hope that I had had ended in regard to this matter. He wanted clarification and I placed my cards on the table perfectly clearly. He must understand once again that this amendment which the Government have proposed cannot possibly in law or in any other way include Orissa and those other things. That is quite clear. If, therefore, my advice was accepted by Sri Prakasam on a wrong understanding of it, it is for him to withdraw the agreement at the time and he has done it in a speech which has covered very many facts besides what are quite relevant to the occasion. Therefore, if the House is in a mood and if you, Sir, are also in a mood to put it off till to morrow hoping that a miracle would happen, I have no objection."

SRI T. PRAKASAM:—"Sir, I am sorry to learn that I entered into an agreement with my hon. Friend, Sri C. Rajagopalachari. Sir, you called upon me after the Government motion was moved and I then and there stated my own views on the matter. There was no agreement saying that the whole thing would be accepted by me before any examination especially when my Friend, Sri Viswanatham, had already stated that time must be given to examine this amendment. I should not therefore be charged with having entered into any agreement. There was no time for me to think of an agreement on a matter of this nature especially when I am concerned with so many incidents regarding these affairs."

* SRI L. LAKSHMAN DAS:—"Mr. Speaker, Sir, today I have just moved an amendment which is very important and I think the whole House would agree with me. But, unfortunately, Sri C. Rajagopalachari did not agree that Orissa should be included in this. I must therefore remind the House that the places which I have mentioned in my amendment were once in the Madras State and were included in the Orissa State some 17 years ago much against the will of the Madras Government. I will now read my amendment for consideration by this Hon. House—

'This House recommends to the Government of India to make a provision in the Bill for the early appointment of a Boundary Commission to determine all Telugu-speaking areas of Parlakimedi, Berhampore, Gunupur and Jeypore of Orissa State and Bustar of Madhya Pradesh State which are on the northern boundaries of the Andhra State.'

Except Bustar of Madhya Pradesh the other places formed part of the Madras Presidency for a long period of nearly a hundred years and more. But, unfortunately during the regime of the British Government these places were torn away from the Madras State much against the will of the Madras Government. There are records to show that the Madras Government protested against

[Sri L. Lakshman Das] [17th July 1953]

the inclusion of these places in Orissa. Not only this, the Chairman of the Orissa Boundary Commission, Mr. O'denell, has appealed a minute of dissent which clearly shows the injustice that has been done to the Andhra people in these parts. Mr. O'denell has stated—

'More than half the total population is Telugu by race and Telugu is the mother-tongue of nearly two-thirds and the subsidiary language of 45,000 persons. If Parlakimedi is added to the Province of Orissa sooner or later, and probably before very long, an agitation will arise inside and outside the State for its reunion with the Telugu Districts, which will embitter the relations between the Oriyas and Telugus. In setting the boundaries of the New Province, the line should be so drawn as to leave, so far as possible, no minority problem. The boundary which I propose gives to Orissa all the areas in which the Oriya population predominates.'

How prophetic these words are ! Mr. Atlee, one of the members of the Joint Select Committee, and who assisted the Secretary of State for India on the Boundary question, has also stated in the report of the Joint Select Committee as follows:—

'We have great sympathy with the desire of the Raja of Parlakimedi for the inclusion of his Estate in the New Province, but in the view of the racial and linguistic composition of the population therein contained, we are unable to recommend that his desire should be acceded to.'

All these show the injustice that has been done to the Andhras in these areas.

5-30 p.m. "As a matter of fact, it should be the duty of the Government of Madras to get all those parts even before the new Andhra State is formed. The Government of Madras ought to have tried their level best to get all those parts from the Orissa State. The Members of this Legislature also have got a responsibility in this matter. Therefore, I request once again the Prime Minister of India as also the Hon. Sri C. Rajagopalachari to consider the problem of Orissa Andhras. We know how the Andhras in Orissa are put to all sorts of difficulties. In the absence of representatives of Orissa here, I do not wish to say anything more on the subject. However I wish to narrate an incident that took place in Berhampur. No less a person than Dr. Pattabhi Seetharamiah when he visited Berhampur was ill-treated and stoned. I am unable to express in adequate language the difficulties of the Andhras in Orissa State. Hitherto they were hoping that all Telugu-speaking areas in Orissa State would be included in the new Andhra State at the time of its formation. Even in the J.V.P. Committee's report, it has been contemplated that all Telugu-speaking areas in Orissa should be considered for inclusion in the new Andhra State at the time of its formation. Even the Dhar Committee has made similar recommendations. The Oriyas also claim some portions of Srikakulam and Visakhapatnam districts. They also want that a Boundary Commission should go into this matter. The Government must take into consideration all these factors. This is the time, as Mr. Prakasam stated, to ask the Central Government to appoint a Boundary Commission to go into all these matters. There are about 10 lakhs of Telugus living in Orissa. The whole of 40 lakhs of Telugu people living in Visakhapatnam and Srikakulam districts would rather prefer to remain with the ten lakhs of Telugus in Orissa than be in the new Andhra State without them.

[Sri L. Lakshman Das] 17th July 1953]

So far as my amendment is concerned there is no difference of opinion at all in this House. Every one should show their sympathy and goodwill for the Andhras by expressing their support for my amendment as the cause was not an unjust one. We, Andhras, do not want any land which is not ours. But we do not wish to tolerate if our land is taken by anybody. There is no controversy at all over this issue. Nobody can say anything against my amendment. It is the duty of this Madras Government to get all those parts in Orissa State which belonged to them once. They should at least request the Government of India to appoint a Boundary Commission so that those parts may be included in the new Andhra State. Unless and until the ten lakhs of Andhras living in Orissa State are given relief there will always be trouble in the northern parts of the State. I once again specially request Sri Rajagopalachari to think over this issue very carefully and give full consideration for the matter so that justice may be rendered to the ten lakhs of Andhras now living in Orissa. I thank you Sir, for the opportunity you have given to me."

* SRI P. M. MUNUSWAMY GOUNDAR:—"Mr. Speaker, Sir, I would like to speak a few words on the amendments now under discussion before the House. After the dream of Swaraj was realised, the dream of the Andhra Brethren is being fulfilled. We, Tamilians, are very happy about it, and we wish the new State a successful career.

"Regarding the appointment of Boundary Commissions to inquire into the disputes that have arisen in certain border areas, I wish to submit that the wishes of those areas also in this matter should be ascertained before Boundary Commissions are finally appointed. As representative of Uddanapalli constituency, I desire to state that vast majority of people in my area wish to remain in the residuary State itself, and any other alternative does not appeal to them. The areas in my constituency, particularly Hosur and Krishnagiri taluks, are situated in one corner of the State and the people there do not wish that their areas should go to the Andhra State. I do not admit the statements made by Mr. Prakasam and others that these taluks are populated by Telugus and Kannadigas alone. The members and the Presidents of Hosur, Barigai, Denkanikota, Kelamangalam and Veppanapalli Panchayat Boards have sent resolutions and a number of memoranda to the Government stating that these taluks should not be attached to the Andhra State. If at all the people of Hosur taluk want to leave the residuary state, they are particularly interested in joining with the Mysore State and not with the Andhra State because they have got all kinds of facilities to go to the Mysore State. Majority of the people in that taluk are non-Andhras. Many of the statements stated by Sri T. Prakasam, Sri T. Thimma Reddi and others in this connexion are wrong and I cannot admit. With these words, I conclude."

SRI G. LATCHANNA:—"I would like to speak at least for half an hour, Sir, and as the time available now is short, may I have permission to speak to-morrow?"

[17th July 1953]

Mr. SPEAKER:—"The hon. Member can speak now. If he has got anything more to speak, he can continue his speech to-morrow."

SRI G. LATCHANNA :—"ఈ బిల్లును సందేహాన్ని ప్రకటించవలసి వచ్చింది అంటే ప్రభుత్వం యొక్క దృష్టినిగాని కోరడంగాని మేము విమర్శించాలి అనే ఉద్దేశం ఎంతమాత్రంలేదు. ప్రభుత్వం సరిహద్దు నిర్ణాయక సంఘం నియామకం విషయములో ఎంతవరకు తాము చెప్పగలరో, తమకు జూరిస్ డిక్షను ఎంతవరకు వుండో ఆ విషయం చర్చించుకుని తమకు తోచిన విధంగా ఈ ఎమెండుమెంటును ఇచ్చారు. ఇప్పుడు లక్ష్యాదానుగాను చెప్పినట్లుగా, హిస్సా సరిహద్దులలోనుండి ఒకప్పుడు మద్రాసు రాష్ట్ర ప్రాంతాలుగావుండే ఆంధ్ర ప్రాంతాలు విషయము ప్రస్తుతం మన మద్రాసు ప్రభుత్వము మరచిపోవడం మాత్రం చాలా విచార కరమైన విషయమని నేను మనవి చేస్తున్నాను. ముఖ్యంగా ఇందులో ఉన్నటువంటి వచాలు, 'the President shall appoint one or more Boundary Commissions for inquiry into the disputes that have arisen in certain border areas'—certain border areas గురించి విచారణ చేయాలి అని vague గా విడిచిపెట్టి దానికంటే border areas అన్నింటికూడా విచారణ చెయ్యాలి అని విశాల దృక్పథం ప్రదర్శించి వున్నట్లుంటే చాలా ధర్మంగా వుండేది, సబబుగా వుండేది, చట్ట సమ్మతంగా వుండేది అని మనవిచేస్తున్నాం. అట్లా చెయ్యడం కేంద్ర ప్రభుత్వము వారి ప్రకటనలకు వ్యతిరేకం అవుతుందని ముఖ్యమంత్రిగారు అభిప్రాయపడుతున్నారు. ఇది మా దురదృష్టము అని చెప్పవలసివస్తుంది. ఏ సూత్రాల ననుసరించి ప్రభుత్వము వారు తానననకు ఈ సవరణను ప్రతిపాదించినారో, ఆ సూత్రాల ననుసరించే ఆంధ్ర రాష్ట్ర నిర్మాణ సందర్భములో ఇండియా ప్రభుత్వం ఏర్పాటుచేయనున్న సరిహద్దు నిర్ణాయక సంఘం ప్రస్తుత ఆంధ్రరాష్ట్ర సరిహద్దులలోనుండి disputed contiguous areas విషయంకూడా పరిశీలించాలి అని ప్రకటించాలి. మేము ఆంధ్రరాష్ట్ర సరిహద్దులకు ఏమి సంబంధములేని ప్రాంతాలు గురించి కోరడంలేదు. ఆంధ్ర రాష్ట్ర సరిహద్దులలో contiguous గా నుండే ప్రాంతాల విషయమై పరిశీలన జరగాలి అని కోరుతున్నాము. వదిలెటల జనాభా గలిగిన ఆంధ్ర ప్రాంతం హిస్సా సరిహద్దులలో వుండడంవల్ల ఆంధ్రరాష్ట్ర సరిహద్దులలో వుండే ఆ ప్రాంతం గురించే మేము కోరుతున్నాం. అటు కంటకు ప్రాంతంలోగాని నాగపూరులోగాని pockets గా వుండే ప్రాంతాలు గురించి మేము కోరడంలేదు. ఆ ప్రాంతాలు బొంబే కమిషనువారు పరిశీలించాలి అని అనడంలేదు. న్యాయంగా ఆంధ్ర ప్రాంతాలుగావుండి ఆంధ్ర సరిహద్దులకు అనుకునివుండే ప్రాంతాల గురించే మేము బొంబే కమిషను పరిశీలనకు ఏర్పాటుచేయాలి అని కోరుతున్నాము. ఈ రోజున ఈ విధంగా బళ్లారి ప్రాంతం disputed ప్రాంతంగా అయితే, మన ప్రభుత్వం ఇదమిద్దంగా తమ అభిప్రాయాన్ని చెప్పలేక పోతోంది అని విచారించవలసి వస్తోంది.

"ఇప్పుడు ప్రభుత్వము ప్రతిపాదించినటువంటి సవరణను గమనించుకొంటే, ఈ సమస్యకు సంబంధించినటువంటి ఇతర సవరణలన్నీ కూడా ఆ సవరణలను ప్రతిపాదించినవారు తమంతట తామే ఉపసంహరించుకొన్నట్లు documentary గా రుజువు అయ్యే పరిస్థితి ఏర్పడుతుంది. ఇది ఎంతమాత్రం కూడా ఒప్పుకోతగినది కాదు. ఎక్కడెక్కడ ఏ సమస్యలైతే, తీవ్రమైన వాగ్వాదాలకు పరస్పర విద్వేషాలకు, పరస్పర సంఘర్షణలకు దారితీస్తున్నవో అటువంటి సమస్యలను సాధ్యమైనంత త్వరలో స్పష్టంగా పరిష్కారము చేసుకోవడం మంచిది. ఇటువంటి సమస్యలను పరిష్కరించడములో ఏ ప్రభుత్వముగాని, ప్రజలందరు అంగీకరించునటువంటి అందరికీ

సమ్మతంగా ఉండేటటువంటి ప్రజాస్వామిక పద్ధతిని అనుసరించవలసి యుంటుంది. అప్పుడే ప్రజలలో శాంతి ఏర్పడగలదు. అటుగాకుండా, వాస్తవంగా వివిధప్రాంతాలలో వున్న సమస్యలన్నీ గమనించకుండా, ఏదో ఒక ప్రాంతానికి సంబంధించిన సమస్యను మాత్రము పరిష్కారం చేద్దాము, మిగిలిన ప్రాంతాల సమస్యలు తరువాత విచారించుదాము అనే పద్ధతి సరియైంది కాదు. ఎక్కడైతే, ప్రభుత్వముయొక్క చట్టములో, ఉత్తరాలు ఉల్లంఘించబడుతున్నాయో, ఎక్కడైతే ప్రజలు ప్రభుత్వపు చట్టాలను ప్రతిఘటించి వ్యతిరేకిస్తున్నారో అటువంటి ప్రాంతాలలోనే సమస్యలున్నవనీ, అటువంటి ఉల్లంఘనలు ప్రదర్శనలు లేనిచోట సమస్యలు లేవనీ దృక్పథం ఇతర చోట్లకూడ ప్రజలను అటువంటి ఆరాచక చర్యలకు ప్రదర్శనలకు పురిగొల్పి ప్రజలలో ఆశాంతిని రెచ్చగొట్టేటటువంటి విధానమవుతుంది. ఇటువంటి విధానములో శాంతి భద్రతలకు భంగము రాకుండాఉండే విలాపి ప్రజాస్వామిక సూత్రముగాని, దురదృష్టంగాని లేదని, అటు కేంద్ర ప్రభుత్వమునకును, ఇటు మద్రాసు ప్రభుత్వమునకును మనవి చేస్తున్నాను. అందులో ఉండే ప్రమాదాన్ని గురించి వారిని హెచ్చరిస్తున్నాను. ప్రాంతీయ సరిహద్దుల సమస్య అనేది చాలా తీవ్రమైన సమస్య. ఈ సమస్యను గురించి బళ్లారిలో సత్వ్యాగహం జరుగుచున్నది. ఆ సమస్యను వెంటనే పరిష్కరింపవలసియున్నదంటే, దానికి సమాధానంగా, కేంద్ర ప్రభుత్వంవారు ఈ విషయాన్ని విచారించేందుకు ఒక జడ్జిని పంపించారు. వారు విచారించి ఒక రిపోర్టు ఇచ్చారు, ఆ రిపోర్టు ప్రకారం కేంద్ర ప్రభుత్వం తీర్పు ఇవ్వడం జరిగింది, దానికి మేము ఏమిచేసేదీ అని చెప్పడం, ఒకవిధమైనటువంటి దొంగ సమాధానమని అనిపించుకొంటుందేగాని మరేమిగాను. బళ్లారి సమస్యను విచారించినటువంటి మిశ్రాగారి తీర్పుకు తిరుగులేదనిగాడ, అక్కడ ఢిల్లీలో ఉన్న పెద్దలైతే నేమి, మరి రాజకీయ పార్టీ పెద్దలైతే నేమి, చెప్పతున్నారు. అయితే ఇదే సందర్భం లోనే వాందూగారి సిఫార్సులను అంగీకరించినటువంటి కేంద్ర ప్రభుత్వము మిశ్రాగారి తీర్పును అవార్డుగా చెప్పడములో ఒక పాక్షికదృష్టిని అవలంబిస్తున్నదని ప్రజలు కేంద్ర ప్రభుత్వాన్ని సందేహిస్తున్నారు. ప్రజలను ఈ విషయములో నిందించడానికి వీలులేదు. ఎందుకనగా, వాందూగారి రిపోర్టు recommendatory గా, ఒక సిఫార్సుగా భావించినప్పుడు, మిశ్రాగారి రిపోర్టు కూడా, అదేవిధంగా భావించవలెను, గాని, అది అవార్డు కాబాలము, కానేరదు. ఎవరుకూడా దానిని అమలు పరచ జాలరు. దీనిని ప్రజలు అంగీకరించలేరు అని మనవి చేస్తున్నాను. ఏ సమస్యను గురించి అయితే ప్రజలు, ప్లెబిస్సెట్ పెట్టండి. ఉప ఎన్నికలు పెట్టండి. ప్రజాభిప్రాయం వివిధంగా వస్తుందో చూడండి అని సవాలు చేస్తున్నారో, ఆ సమస్యను ప్రభుత్వము ఈ విధంగా తృణీకరింపడము సరియైందికాదు. అసలు, ఎవరి తీర్పు అయితే అవార్డు అని చెప్పతున్నారో, అటువంటి మిశ్రాగారి నివేదికలోనే ఆ ప్రాంతముయొక్క census figures చాలా తప్పుగా ఉన్నాయని సంఖ్యలు పరస్పర విరుద్ధంగా ఉన్నాయని రుజువుచేశారనీ ఎవరైనా అంగీకరింపక తప్పదు. అందువల్ల అక్కడ ఉన్న census report చాలా తప్పుని చెప్పినటువంటి మిశ్రాగారి రిపోర్టును అవార్డుగా తీసుకోవడము ఏ మాత్రం సబబుగాలేదని చెప్పవలసియున్నది. ఏ సమస్యనైన పరిష్కరించే విషయములో ప్రజల అభిప్రాయాన్ని తీసుకొని, అందరికీ అంగీకార యోగ్యంగా ఉండేటటువంటి ప్రజాస్వామిక విధానములో విచారణజరిపి ఆ విధంగా తీర్పు ఇచ్చినప్పుడే, అది ప్రజల స్వదయాలకు కట్టి, దానిని శాంతి ప్రదంగా అందరు అంగీకరింప కలుగుతారు. అప్పుడే ప్రజలలో శాంతి భద్రతలు ఏర్పడతాయి. అప్పుడే, అయో ప్రాంతాలయొక్క అభివృద్ధి పురోగమనం ఏర్పడుతుంది. అంతేగాని, బలవంశంగా, మాకు అధికారము ఉన్నదని చెప్పి ఫలానా

* SRI T. MALLAYYA :—“ అధ్యక్షా, ఇంతకు ముందు చాలామంది సభ్యులు బళ్లారి తాలూకా విషయము తమకు తోచినరీతిగా మాట్లాడారు. బళ్లారి జిల్లా నుంచి వస్తూ ఉన్న నేను, యీ విషయములో మాట్లాడాలని ఎంతో తాపత్రయంతో ఉండి ఉంటా నాకు మీరు ఆనకాశం యిచ్చారు. అందుకుగాను మీరు నేను నా కృతజ్ఞతను తెలుపుతున్నాను. బళ్లారి తాలూకా ఒకటి కాకుండా, బళ్లారి జిల్లాలో యావత్తు ప్రదేశాలు కూడా విభజనావధానమున మీరు గమనించాలని నేను కోరుతున్నాను. అక్కడ కన్నడీలు తెలుగువారు కూడా ఉన్నారు. అందులో కూర్చుంటున్న తాలూకాలు అయినటువంటివి ఆలూరు, ఆదోని, రాయదుర్గం అనే ప్రభుత్వం నిర్ణయించింది. ఆ ప్రకారం తెలుగువారు అక్కడ అధిక సంఖ్యాకులుగానే ఉన్నారు. ఈ తాలూకాలు మాత్రం ఆంధ్రరాష్ట్రంలో చేర్చడం జరిగింది. తిర్పాత పశ్చిమాన ఉన్న మిగతా ఆరు తాలూకాలు కూడా ఒక దిశగా చేర్చారు. పోతే బళ్లారి తాలూకా విషయంలో మాత్రం చాలా పేదలు బయటపడేరాయి. ఈ పేదలు పరిష్కరించడానికి ఒక మార్గానికి రావటానికి కేంద్ర ప్రభుత్వం జస్టిసు మిశ్రాగారిని పంపించింది. అందుమీదట జస్టిసు మిశ్రాగారు రావటం జరిగింది. కాని, బళ్లారి తాలూకా విషయం విఫలంగా enquiry జరుగుతుందని మే మంతా ఆశించాము. మిశ్రాగారు వచ్చి బళ్లారి జిల్లా కలెక్టరు ఆఫీసులో కూర్చుని యెవరో కొంతమంది ప్రజలవద్ద నుంచి ఏమో కొన్ని మేమారాండములు వున్నవన్నాయి. మిశ్రాగారు బళ్లారి తాలూకాను కన్నడ రాష్ట్రమైన మైసూరు రాష్ట్రానికి కట్టిపెట్టాలనే దురుద్దేశ్యముతో బళ్లారిని గురించిన వివరాలు సరిగా పరిశీలించక, ఏవో కొన్ని points మనస్సులో పెట్టుకొని, చూచా యిగా enquiry చేసినట్లు చేసి మైసూరు రాష్ట్రానికి కట్టబెట్టే నిర్ణయించేసి వెళ్లారు. ఈ నిర్ణయంపట్ల మాకు ఎంతో నిరుత్సాహం వలిగింది. ఆ నాడు మిశ్రాగారి నిర్ణయం వల్ల బళ్లారి తాలూకాలో ఉన్న ఆంధ్రులకు న్యాయం జరగలేదనినీ, యీ నాడు ప్రభుత్వంవారు తెచ్చిన amendment మూలానైన ఆంధ్రులకు సాధైన న్యాయం తప్పక జరుగుతుందనే ఆశతో నేను మాట్లాడుతున్నాను. బళ్లారి పట్టణములో మిశ్రా ఒప్పుకున్నట్లు ఆంధ్రులు అత్యధిక సంఖ్యాకులుగా ఉన్నారు. కన్నడీలు కూడా అధిక సంఖ్యాకులుగా ఉన్నారు. వీరికి మించినవారు ముస్లింలు, మరి ఇతరజాతులు ఉన్నారు. బళ్లారి పట్టణము నుంచూ డెబ్బవేల జనాభాగల పట్టణము. ఇది చాల అభివృద్ధి చెందిన పట్టణము. ఈ పట్టణం నిజంగా ఏ ప్రాంతానికి పోవాలి, అనే విషయానికై నిర్ణయించేస్తూ జస్టిసు మిశ్రా వ్యక్తిగతంగా వ్రాసినరీతిని పనిచేసాడని. కాబట్టి అక్కడ ఉన్నటువంటి ప్రజామాదానికి సరియైనరీతిగా plebiscite జరగడం చాలా ముఖ్యమని మనవిచేస్తున్నాను. Plebiscite అంటే బళ్లారి భవిష్యత్తు ప్రజలే నిర్ణయించుకోవడ మన్నట. ఇక పోతే బళ్లారి పట్టణానికి తూర్పున ఉన్న అన్ని గ్రామాలలో కూడా ఆంధ్రులే అత్యధిక సంఖ్యాకులుగా ఉన్నారని మేము మిశ్రాతో వాదించాము. మిశ్రాగారు ఆ విషయం గమనించలేదు. మిశ్రాగారు ఆ గ్రామాల నుండి వచ్చిన జనము, వారియొక్క తాపత్రయము, గండరగోళముదూచి, మిశ్రాగారు బళ్లారి విడిచిపోలేదు. మిశ్రాగారిని ఆ గ్రామాలకు వెళ్లి ఆంధ్రులసంఖ్య విషయం దర్యాప్తుచేయమని కోరినప్పటికీ, యీ గండరగోళంలో నేను పోదలమకోలేదని చెప్పి విఫలముగా దర్యాప్తు చేయటానికి నిరాకరించాడు. ఆంధ్రప్రజల వేదనలు, గండర గోళము సానుతో పూర్తివివరాలకొరకు గ్రామాలకు వెళ్లి అయినను నేకరించలేదు. ఇలా వుండి మిశ్రాగారి పర్యటన, అత్యధిక సంఖ్యాకుల వివరాలు పరిశీలించకుండా నివేదిక వ్రాయడం, చివరికి అన్యాయముగా బళ్లారిని మైసూరుకు కట్టిపెట్టడం జరిగినది. మిశ్రాగారికి బళ్లారి తాలూకాలోని గ్రామాలకు వెళ్లి ఆంధ్రప్రజల జనాభా లెక్కలు దర్యాప్తు చేయటానికి వీలుపడక రాయించగాని, వారు మైసూరు వెళ్లి అక్కడ కూడు

రోజులు కూర్చుని మైసూరు ముఖ్యమంత్రితో గుస గుసలు చెప్పి ఆంధ్రులకు బళ్లారిని లేకుండా అన్యాయం చేయటానికి మాత్రం వీలుఅయింది అంటున్నాను. ఇదేనా కేంద్ర ప్రభుత్వం మిశ్రాగారిని పంపినందుకు చేయవలసిన న్యాయపరిశీలన, తీర్పు అని అడుగుతున్నాను. మిశ్రాగారు బళ్లారిలో చేసిన కార్యక్రమం అంతా చూస్తే ఆంధ్రులను ఏదో ఒక రకంగా మభ్యపరచి అన్యాయంచేయటానికి కేంద్ర ప్రభుత్వం మిశ్రాను పంపించి, ఏదో ఒక రిపోర్టు తయారుచేయించి తెప్పించుకొని, ఆ మరు రోజుననే బళ్లారి విషయమై మిశ్రాగారు యిచ్చిన రిపోర్టును ఆధారంచేసికొని బళ్లారిని మైసూరు రాష్ట్రంలో చేర్చటకు ఆమోదించాము అని కేంద్ర ప్రభుత్వం ప్రకటించింది. ఇంత త్వరలోనే, తగిన పరిశీలన చేయకుండా, కేంద్ర ప్రభుత్వం బళ్లారిని మైసూరులో చేర్చామనటంలో యిందులో ఏదో ఒక కుట్ర గూడు వురా ణము ఉన్నదని చెప్పక తప్పదు. మిశ్రాచేసిన తీర్పు అన్యాయమని కేంద్ర ప్రభుత్వా నికి ఎన్ని మొరలు పెట్టుకుంటున్నప్పటికిని ప్రయోజనము కనబడటములేదు. ఈ విషయములో కేంద్ర ప్రభుత్వం ఆంధ్రులను బళ్లారి నుంచి దూరముచేయడం దురన్యాయ మంటున్నాను. అంతచేత ప్రస్తుతము నేను కోరేది యేమిటంటే, నాకు తెలిసి సంతమట్టుకు బళ్లారి, మొక, రూపనగుడి, యివన్నియు ఆంధ్రరాష్ట్రములోకి రావలసినవేగాని, మరొకటికాదు. ఈ ప్రదేశాలలో ఆంధ్రులు అత్యధిక సంఖ్యా కులుగా ఉన్నారు కాబట్టి, యీ ప్రాంతాలు బళ్లారి తాలూకాకు చెందినవి కాబట్టి, యీ ప్రాంతము అంతయు ఆంధ్రరాష్ట్రములో చేర్చాలని నొక్కి వక్కాణించుచున్నాను. అక్కడ ఆంధ్రుల జనాభా కన్నడీలకంటే ఎక్కువైననే సంగతి నిర్వివాదాంశము. ఈ విషయం కాదని ఎవరు చెప్పలేరు. ఈ ప్రాంతానికి చెందిన ఆంధ్రులకు న్యాయము జరగాలంటే, plebiscite పెట్టించండి. నిజము బయట పడుతుంది. అంతేకాని అక్రమ తీర్పులవల్ల ప్రయోజనము లేదు. Plebiscite వల్ల ఎన్నటికిని నిజము బయట పడగలదు. Plebiscite వల్ల వ్యక్తిగతంగా చేసిన అన్యాయపు తీర్పులు పనికిరాదని రుజువు కాగలదు. అక్కడ ఉన్నటువంటి కన్నడీలు, ఆంధ్రులు, వారి వారి జనాభాలను బట్టి, వారి బలాబాలను వారి plebiscite ద్వారా నిర్ణయించుకోగలరని అంటున్నాను. బళ్లారి, బళ్లారి తాలూకాలో నైన పేర్కొనబడిన గ్రామాలలో ఆంధ్రుల జనాభా గాని, కన్నడీల జనాభాగాని, ఎవరు అత్యధిక సంఖ్యాకులలో లేరుతుంది. కాబట్టి యిప్పటికైన మించిపోలేదు. బళ్లారి ఆంధ్రులకు న్యాయంచేయాలంటే యిక్కడి శాసనసభ్యులందరూ ఒక తీర్మానం ద్వారా plebiscite కొరకు కృషిచేసి న్యాయం జరి గించాలని కోరుతున్నాను. అట్లు చేయకపోతే, వారికి అన్యాయమే జరుగుతుందని మనవిచేస్తున్నాను. మొక, రూపనగుడి మాట అటుండనియ్యండి. ఇప్పటికే ఎన్నో సంవత్సరాల నుంచి బళ్లారి జిల్లాలో వ్యవహారములన్నియు తెలుగులోనే జరుపబడు చున్నాయి. తమిళులు ఉన్నా, వ్యవహారములు తెలుగులోనే నడపబడుచున్నాయి. జిల్లా మొత్తంమీద ఎక్కడచూచినా యిప్పటికీ కూడా యిది కన్నడప్రాంతమని చెప్పి ఎవరూ నిరూపించలేదు. ఈ జిల్లాలో ఉన్న శిరిగుళ్ళ తాలూకాలు ప్రజలు మాట్లాడేది కన్నడము అయినప్పటికీ వ్యవహారాలు జరిగేది మాత్రం తెలుగులోనే జరుగుచున్నది. ఇప్పటికిని వ్రాతతోపాటు తెలుగేకాని కన్నడము కాదు. పబ్లిక్ రికార్డులు అన్ని గూడా తెలుగులోనే జరుగుచున్నవి. ఈవిషయం మేము నిరూపించాలంటే, తెలుగు, కన్నడము ఒకేస్థాయిలో పెరుగుతున్నాయని మనవిచేస్తున్నాను. కాబట్టి ఇప్పుడు ఆ తాలూకాను గురించి మేము పేదపెట్టడము లేదు. బళ్లారినిగురించే మేము యీనాటికిగాని, ఎప్పటికి గాని పోరాడేదని నిరాశుడంగా చెబుతున్నాను. అక్కడ వుండే ఆంధ్రులు బళ్లారిని మాత్రం విడువరని గుర్తించాలి. ఈ బళ్లారి తాలూకానుగురించి నిర్ణయం చేసేముందు plebiscite పెట్టడం మంచిదని చెబుతూ ఇంతటితో విరమిస్తున్నాను.”

* SRI M. HANUMANTHA RAO :—“ I am glad, Sir, that now at last this debate has been allowed. In spite of repeated requests, the Government have been deliberately evading a debate on this question of introducing elections by show of hands to second-class panchayats. The system of open voting now in force is claimed to be a great success. In my opinion and in view of people's experience, I consider this to be a total failure. Perhaps the Hon. Minister for Local Administration would come forward with the plea that in thousands of villages elections are held and that members and presidents are elected. The adult franchise is there now and people should be able to exercise their votes freely as they liked. That is the real test of democracy. That is the test of the success or failure of the policy that has been adopted by this Government. There are innumerable cases and in my own constituency there have been cases where simply because the Harijans or the agricultural labourers or the village social service people, that is, the washermen, the barbers and the like, chose to support one section or the other, they were oppressed. The people had to vote either way. Some people chose one party and the others chose another party. There are village factions and there have been feuds among the landlords themselves. In such cases, the poor people were harassed like anything. In my opinion, the present policy has brought havoc and evil consequences. Even after this debate was taken up here, Sir, friend after friend has been coming to me or sending chits asking me to report many complaints. Perhaps it is an indication of the popularity. Such complaints are coming from various places in Bandar taluk, Vijayavada taluk and so on. The Hon. Minister has denied that any murder has taken place due to this policy. From Koilkuntla taluk of Kurnool district from where the Hon. Minister himself comes, murders were reported in the press and they were not denied. I have no doubt that this policy has brought havoc to the people and to their way of living. Repeated representations have been made to the Hon. Minister for Local Administration. I myself represented certain cases to the Hon. Minister not twice but thrice. So also many hon. Members might have represented cases that took place in their own places. But all these things were not considered by this Government at all. On the other hand, at the fag end of the panchayat elections, this debate is allowed here for a short time. This is not proper. This is not the way of a democratic Government. If we really care for the sufferings of the people, this should not have been the attitude of the Government. Now after repeated representations have been made, the Hon. Minister has been pleading that it would be a very costly affair if the secret

system of voting is to be introduced and that people can exercise their free will by 'show of hands'. People have got experience in the recent general elections and they can easily identify the ballot boxes through the symbols found on them. Instead of doing likewise, people were thrown to the mercies of the village oppressors—the landlords and money-lenders. Thanks to the Congress rule, even after the August Swaraj, people are left where they were. Illiteracy continues to be there. I am sorry my time is over, Sir. Just one word more . . .”

MR. SPEAKER :—“ No, I won't allow any more time. The hon. Member Sri P. G. Karuthiruman will now speak.”

SRI P. G. KARUTHIRUMAN :—“ கனம் சபாநாயகர் அவர்களே, இப்பொழுது பஞ்சாயத்துக்களின் தேர்தல் பற்றி விவாதம் நடந்து கொண்டிருக்கிறது. இப்பொழுது அமுலில் இருக்கும் பகிரங்க வோட்டு முறையை எதிர்த்து எனக்கு முன் பேசின அங்கத்தினர்கள் குறிப்பிட்டிருக்கிறார்கள்.”

SRI K. VENKAIAH :—“ Point of order, Sir, ఇంకొకముందు మాట్లాడే సమయం రాదు. రెండు నిమిషములు మాత్రమే మాట్లాడవచ్చు. వారిని విడిచి వేయండి ?”

MR. SPEAKER :—“ மணி சரியாகத்தான் இருக்கிறது. அது point of order இல்லை. நீங்கள் பேசுங்கள்.”

* SRI P. G. KARUTHIRUMAN :—“ மக்களுடைய நன்மையை உத்தேசித்து, மக்களுடைய சுகமத்தை உத்தேசித்து ஜனநாயக முறையிலே தற்பொழுது தேர்தல்கள் நடந்து, அத்தேர்தலில் மக்களின் நன்மதிப்பின் அடையாளமாக அவர்களின் வோட்டுக்களை அதிகம் பெற்றவர்கள் அதிகாரத்திற்கு வரக்கூடிய நிலைமை இருக்கிறது. இந்த முறையிலே இப்பொழுது பார்க்கப்போனால் தேர்தல் இல்லாமலேயே எந்தக் காரியமும் நாட்டில் செய்யமுடியாது என்ற அளவிற்கு நாம் எல்லோரும் தேர்தலுக்கு அடிமையாகிக்கொண்டு வருவதாகத்தான் காணப்படுகிறது. தேர்தலிலேயே மக்களுடைய வாழ்க்கை சென்று விரும்போல் இருக்கிறது. தேர்தலிலேயே சர்க்காரின் பணங்கள் எல்லாம் செலவாகி இருக்கிறது. அரசியலில் சேர்ந்துகொண்டு நாம் உழைப்பது விரும்போல் இருக்கிறது. அரசியலில் சேர்ந்துகொண்டு ஒரே கருத்தினாலேயே எல்லாம், மக்களுக்கு நன்மை செய்யவேண்டுமென்ற ஒரே கருத்தினாலேயே தவிர தேர்தலில் வெற்றிபெற வேண்டுமென்ற எண்ணத்தால் அல்ல. அரசியலில் ஈடுபடுவார்களின் நோக்கமும் தேர்தலில் போட்டியிட்டு ஜயிக்க வேண்டுமென்று இருக்கக்கூடாது. மக்களுக்கு நன்மை செய்ய வேண்டுமென்பதற்காகத்தான் ஒரு சிலர் கட்சி சார்பில் நிறுத்தப்பட்டு சட்டசபைக்கு மென்பதற்காகத்தான் ஒரு சிலர் கட்சி சார்பில் நிறுத்தப்பட்டு சட்டசபைக்கு வருகிறார்கள். சட்டசபைத் தேர்தலைப் போலவே தற்பொழுது, நகராண்மைக் கழகத் தேர்தல், பஞ்சாயத்துத் தேர்தல், டிஸ்ட்ரிக்ட் போர்டு தேர்தல் என்று பலதேர்தல்கள் நடந்து கொண்டேயிருக்கின்றன. இந்த வருஷத்தில் மாதிரி நான்கைந்து வகைத் தேர்தல்கள் நடந்துவிட்டன. இந்த நிலையிலேயே போய்க்கொண்டிருந்தால் மக்களுக்கு நாம் எந்த முறையில் பணிசெய்யமுடியுமென்று எனக்குத் தெரியவில்லை. அதற்காகத் தேர்தலை வேண்டாமென்று நான் சொல்லவில்லை. தேர்தல் நடக்கத்தான் வேண்டும். ஆனால் தேர்தல் நான் சொல்லவில்லை. கொள்ளக்கூடாது என்றுதான் நான் கேட்டுக்கொண்டிருக்கிறேன். ஏனென்றால் பொதுத்தேர்தலுக்கு சுமார் பல கோடி ரூபாய்கள் செலவாகிவிட்டது. அதேபோல் பஞ்சாயத்துத் தேர்தலுக்கும் ஒரு கோடி ரூபாய்க்குமேல் செலவாகியிருக்கிறது. இப்படி பொதுமக்களுக்குச் சேவை செய்கிறோம், சேவை செய்கிறோம் என்று கோடிக்கணக்கான ரூபாய்களை விரயம் செய்வதை விட மக்களின் நன்மைக்காக அவர்களுடைய முன்னேற்றத்திற்காக அந்நகரப் பணத்தை செலவிட்டால் ரொம்பவும் நலமாக இருக்கும். அதை விட்டுவிட்டு ‘தேர்தலை நடத்தவேண்டுமென்று சொல்வது, தேர்தலில் ரகசிய வோட்டு முறை இருந்தால், தாங்கள்

[Sri P. G. Karuthiruman] [17th July 1953]

தோற்றுப்போய்விட்டால், உடனே அந்த ரகசிய வோட்டு முறை ரொம்பவும் தப்பாகும், பகிரங்க வோட்டு முறை இருந்தால்தான் நல்லதாக இருக்கும், மக்கள் எங்களுக்கு பகிரங்கமாகவே வோட்டு போடத் தயாராக இருக்கிறார்கள் என்று சொல்வது, பகிரங்க வோட்டு முறை அமுலில் இருந்து அவர்கள் தோற்றுப்போய்விட்டால் உடனே ரகசிய வோட்டு முறைதான் வேண்டும், மக்கள் பயந்துகொண்டு தங்கள் முதலாளிகளுக்கு வோட்டுப்போடுகிறார்களே தவிர ரகசிய வோட்டு முறை இருந்தால்தான் நாங்கள் வெற்றிபெற முடியும், ரகசிய வோட்டு முறையே வேண்டும் என்று சொல்வது எதிர்க்கட்சிக்காரர்களின் வழக்கமாக இருக்கிறது. ஏன் இப்படிச் சொல்கிறேன் என்று கேட்கலாம். ரகசிய வோட்டு முறை இருந்தபோது பகிரங்க வோட்டு முறை இருந்தால்தான் நல்ல தென்று அவர்கள் சொன்னார்கள். இன்றையதினம் பகிரங்க வோட்டு முறை நடந்த காலத்தில் அவர்கள் அதிகமாகத் தோற்றுப்போய்விட்ட காரணத்தினால், உடனே பகிரங்க முறை தவறு, ரகசிய வோட்டு முறை தான் நல்லதென்று விவாதம் செய்கிறார்கள். ஆகவே அவர்களுடைய தோல்வி, வெற்றி இவைகளை அடிப்படையாகக்கொண்டு அவர்களுக்குச் சாதகமான முறை வேண்டுமென்று வாதிக்கக்கூடிய அளவில் அவர்கள் இருக்கிறார்களே இது ரொம்பவும் தப்பாகும். நம்முடைய செளகரியத்திற்கு ஏற்றார்போல ரகசிய வோட்டு முறைவேண்டும். பகிரங்க வோட்டுரிமையும் அவசியம்தான். பகிரங்க வோட்டு முறையினால் பல நன்மைகளும் இருக்கின்றன. மக்கள் சத்தியத்திற்கு கட்டுப்பட்டு, மனசாட்சிக்குக் கட்டுப்பட்டு, நியாயம் எது, அநியாயம் எது என்று ஆராய்ந்து நியாயமாக நடக்க வேண்டுமே என்ற ஐயப்பாடுடன் அவர்கள் மனச்சாட்சிப்படி வோட்டுப் போடுவார்கள். ஆகவே பகிரங்க வோட்டு முறையை ரொம்பவும் வெறுப்பது தவறாகும். அது ஒரு நல்ல முறை. அந்த காலத்திலேயே பகிரங்க வோட்டு முறை அமுலில் இருந்திருக்கிறதென்பதற்கு கம்ப ராமாயணத்தின் மூலமாக உதாரணங்களைக் காட்டமுடியும்.

“ராமனுக்கு முடிசூட்ட வேண்டுமென்று விரும்பிய தசரத சக்கிரவர்த்தி மந்திராலோசனை சபையைக்கூட்டி பகிரங்கமாகக் கேட்கிறார். மந்திரிமார்களை, இராமனிடத்திலுள்ள அன்பினால் அவனுக்கு முடிசூட்ட வேண்டுமென்று நான் விரும்புகிறேன். என்கருத்து தக்கதோ, தகுதியற்றதோ எனக்குத் தெரியாது. நீங்களும் ராமனுக்குப் பட்டம் கட்டவேண்டுமென்று எதற்காகச் சொல்லுகிறீர்கள்? என் முகத்துக்காகச் சொல்லுகிறீர்களா? அல்லது உண்மையாகவே அவனுக்குப் பட்டம் கட்டவேண்டுமென்று சொன்னால் எதற்காக அப்படிச் சொன்னீர்கள் என்று சொல்லுங்கள், என்று கேட்கிறார். பகிரங்கமாகத்தான் அப்பொழுதும் தசரத சக்கிரவர்த்தி வோட்டு எடுத்திருக்கிறார். மந்திரிமார்களும், மக்களும், தங்கள் மனவிருப்பத்தை வெளிப்படையாகவே, சத்தியத்திற்குப் பயந்து, நியாயத்திற்குப் பயந்து—அரசனுக்குப் பயந்து அவர்கள் சொல்லவில்லை—தங்கள் மனதில் தோன்றியதை,

“ஊருணி நிறையவு முதவு மாடுயர்
பார் கெழு பயன்மரம் பழுத்த தாகவும்
கார்மழை பொழியவுங் கழனி வாய்நது
வார்புனல் பெருகவு மறுக்கின் றார்கள் யார்”

என்பதாக, கிராமத்திற்கெல்லாம் குடிதண்ணீர் கொடுத்து உதவுகின்ற ஊருணி சுத்த நீரினால் நிரம்புவதாலும், நல்ல பெரிய பழ மரம் ஊரில் பழுத்தால் எவ்வளவோ பேர்கள் அதனால் பயன் அடையும்போது, அது பழுக்கவேண்டுமென்றும், உலகுக்கே நன்மை தருகின்ற கார் மழை பெய்யவும், விவசாயத்திற்கு மிகவும் உபயோகமாக நதிகளில் தண்ணீர் பெருகவும் வேண்டாமென்று யாராவது சொல்வார்களா? அதைப்போல மீராமனுக்கு முடிசூட்ட வேண்டாமென்று யாராவது சொல்வார்களா? ஆகவே அதை மறுப்பார் யாருமில்லை, என்று வெகு அழகாகச் சொல்லுகிறார்கள்.

“ஆகவே அந்தக் காலத்திலேயே பகிரங்க வோட்டு முறை அமுலில் இருந்திருக்கிறது. ஆகவே பகிரங்க வோட்டு முறை ஒன்றினால்தான்

17th July 1953] [Sri P. G. Karuthiruman]

தங்கள் தங்கள் மனச்சாட்சிப்படி, மனதிலுள்ள எண்ணத்தை நியாயப்படி எடுத்துச் சொல்ல சந்தர்ப்பம் ஏற்படுகிறது. ஆகவேதான் பகிரங்கத் தேர்தல்தான் வேண்டுமென்று கருதுகிறேன். எதிர்க்கட்சிக்காரர்கள் தங்கள் தேர்தலிலே தோற்றுவிட்டோம் என்பதற்காக பகிரங்கத் தேர்தலே எதிர்ப்பது ரொம்பவும் தப்பாகும். ஆகவே பகிரங்கத் தேர்தலையே சர்க்கார் பெரும்பாலும் அமுல் நடத்தவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன். சென்னை சட்டசபைக்குக்கூட பகிரங்கத் தேர்தல் வந்தால் ரொம்பவும் நன்றாக இருக்குமென்று சொல்லிக்கொண்டு, ரகசிய வோட்டு முறையைக் கொண்டுவரவேண்டுமென்பதை எதிர்க்கிறேன்.”

* THE HON. SRI N. SANKARA REDDI:—“Mr. Speaker, Sir, 6-20 p.m.
I am surprised that this question of open voting for second-class panchayats has again been brought up before this House. Some complaints were received at the time the conduct of elections to these panchayats was begun. Some complaints were printed and the printed copies seemed to have been distributed to some villages, and the same stereotyped complaints were received by the Government. The conclusion to be drawn from this is that all these complaints emanated from one and the same political party in our State.

“Before I discuss the merits or demerits of open ballot for these small panchayats, I will say a few words about the secret ballot which is adopted in the elections to major panchayats and other bigger institutions. In this system, so many ballot boxes are kept, and an illiterate voter has to select the box in which to deposit his ballot paper after examining the symbol. In many polling stations, a number of ballot papers were kept aside either on the box or somewhere else in the polling booth. They were collected by the next voter and put into the box of the candidate of his choice. Besides, there is scope for carrying away and selling such ballot papers. Election in an Assembly constituency is different from an election in a panchayat ward. In a constituency covering a large area, the candidate does not know how the votes in places other than the place of his residence will be polled, and so the scope for his trying to corrupt voters by purchasing votes is very limited. But within the small area of a panchayat ward, the candidate knows how many voters are likely to vote for him. If he thinks that he is likely to lose by half a dozen or a dozen votes, he may purchase such number of votes and get elected. Whether such attempts will not be made by candidates has to be examined a little carefully. Allegations were made that in some polling booths wrong symbols were pasted on the ballot boxes and that they were replaced by correct symbols only in the course of or after the elections. I cannot say whether the allegations are true or not. I think the scope for such mistake and for corruption is eliminated in the open ballot system. The Government believe that secret ballot is not really suited for elections to second-class panchayats of small villages. Elections to first-class panchayats are conducted by secret ballot. Now we are trying to improve that system especially by eliminating the carrying away and sale of ballot papers and leaving ballot papers outside the ballot boxes in the polling booth. Open ballot is best suited for

[Sri N. Sankara Reddi] [17th July 1953]

second-class panchayats. Even under this system, it has taken more than seven months to complete the elections to nearly 8,000 second-class panchayats. Elections to a few more have yet to be conducted, and they will be completed soon. Sometimes elections have to be postponed on account of continuous heavy rain in areas like Malabar and on account of intense heat in places like Guntur and Vijayavada. If we adopt secret ballot to all these 8,000 odd panchayats, I think it will take not less than two to three years to complete the election. For conducting election to each panchayat, it will take at least one month. Nomination papers have to be filed, after two or three days they have to be scrutinized, then the list of valid nominations has to be published, then there is appeal against the orders of the Returning Officer, and then some time has to be allowed for canvassing. A minimum of eleven or twelve days must be allotted for canvassing, and during the time the candidates and their agents will be going from house to house for canvassing votes. There will be no bandobust and a number of clashes may occur. This may perhaps result in greater confusion than what is reported to be happening now. In the open ballot system, nominations are filed only after the election officer goes to the village. People may canvass votes but candidates with no support will drop off. That is the reason why elections are going on very smoothly in very many panchayats. The hon. Member, Sri Venkaiah, said that the after-effect of the elections was that quarrels and riots were taking place in several places. But such things are going on irrespective of whether there are elections or not. In Koilkuntla, Jammalamadugu and Pulivendla, murders take place even in normal times. Sometimes elections come in as a convenient plea for the untoward incidents that occur. Unless people understand the spirit of democracy, unless each candidate develops the spirit of tolerating the voter even if he had not voted for him, the scope for misunderstandings and quarrels will be there whatever be the system that we adopt. Previously, this system was adopted for second-class panchayats. The new system proposed in the Village Panchayat Act is not adopted, but only the old system is retained as it is convenient and suitable. It is 13 or 14 years since elections were held to these panchayats. We wanted to complete the elections soon and make the panchayats work with new vigour. That is the reason why the Government adopted the open ballot system, which is simple, cheap and convenient.

"Some complaints were received by the Government, especially from Krishna district, that in some places the officers did not behave properly or misbehave. In all these cases, election petitions are filed in the Munsif's Court. After the Munsif decides the cases, the Government will look into the matter and punish the officers who have really misbehaved."

Mr. SPEAKER:—"The time allotted for the half-hour debate is over. The House will now adjourn and meet again at 9-30 a.m. to-morrow."

The House then adjourned.

APPENDIX V.

[Vide answer to starred question No. 596 asked by Sri K. P. Gopalan at the meeting of the Legislative Assembly held on 17th July 1953, page 442 supra.]

Letter from the Labour Officer, Kozhikode, addressed to the Secretary to the Government of Madras, Development Department, through the Commissioner of Labour, Madras, dated 2nd February 1953, Ref. No. 3994/52.

Subject.—Labour—Dispute between the workers and the management of K. V. Kannan, Cigar Factory, Cannanore, in respect of bonus and gratuity—Conciliation—Failure of—Report submitted. Reference.—Letter, dated 7th January 1953, from the Chirakkal Taluk Tobacco Workers' Union, to the Proprietor and copy to the Labour Officer, Kozhikode.

The dispute arose following the closure of the above factory on 1st January 1953.

Before the closure of the factory, I met the proprietor at Cannanore on 16th December 1952 and persuaded him to desist from doing so but all my efforts proved abortive.

After the closure of the factory, the Chirakkal Taluk Tobacco Workers' Union in their letter cited have put up the following seven demands to be conceded by the management:—

(1) The re-opening of the factory forthwith and wages for the workers for the locked-out days.

[17th July 1953

(2) We have not been paid wages for holidays to which we are entitled under the Factories' Act.

(3) The workers have not been given bonus for the years 1949, 1950, 1951 and 1952. We demand bonus of 25 per cent of the yearly earnings as bonus.

(4) In your notice put up on the notice board on 1st December 1952, you have stated that the factory is being closed for trade reasons. This we dispute.

(5) Any how, in case you are in a position to prove that the closure is permanent and that you have definitely given up cigar manufacture or sale of the same, we demand all the workers should be adequately compensated.

(6) The workers should be given gratuity of one month's wages for every year of service put in by them.

(7) Lastly, arrears of wages due to the workers due from 27th to 31st December 1952 should also be paid.

The management was prepared to concede only demand Nos. 2 and 7 and the rest of the demands were rejected.

I, therefore, took up conciliation proceedings at Cannanore on 31st January 1953 but was not able to resolve the dispute.

The Union leaders contended with great force that the closure was unjust and unwarranted by citing facts and figures of the business. But when I explained the futility of their arguments in pressing for the re-opening of the factory in the light of the recent decision of the Madras High Court upholding the right of the employer (especially in a non-public utility service) to close his business under Article 19 (1) (g), the Union leaders pressed only for the demands of bonus and gratuity. The reason for not demanding bonus for the last four years, it is stated by the Union, is due to the fact that the question of bonus for 1947-48 was decided by the Appellate Tribunal only recently, i.e., in the month of June 1952.

The management regrets its inability to pay gratuity as there was no statute to pay the same. Regarding bonus, the management wants one month's time to produce the relevant records.

The two M.L.As., namely, Sri K. P. Gopalan and Sri K. T. Sreedharan, also tried their best to bring about an amicable settlement but to no purpose.

G.O. Ms. No. 785, Public, dated 18th August 1926.

[Legislative Council Members—Requests for information and petitions to local officers—Action to be taken—Instructions issued.]

The importance of the position of the Member of the Legislative Council vis-a-vis the district administration arises largely from the fact that under the Government of India Act and the rules and Standing Orders made under it, he may ask a question in Council "for the purpose of obtaining information on a matter of public concern within the special cognizance of the Member to whom it is addressed"; this right is subject to the proviso that the question does not relate to certain specified subjects such as the relations with a foreign State. In a statement to the Legislative Council on 12th October 1921, the President stated that the expression "Public concern" should ordinarily be taken to exclude any individual cases of hardships; but he added that such a case would, however, become a matter of public concern if it were shown that some question of principle was involved.

2. Orders have been issued by the Government from time to time regarding the action to be taken on requests by Members of the Legislative Council for information. These orders will now be summarized.

3. Questions asked in the Legislative Council by Members on details of the administration involve references to district officers and if the information could be given in the first instance without objection to the Member by a local officer, a considerable amount of time and trouble would be saved unless the Member, after obtaining information from the local officer, asks a question in the Legislative Council to elicit the same information from the Government. The Government, therefore, consider that a Collector may ordinarily furnish Members of the Legislative Council at their request with information within his cognizance as to statistics or facts relating to local matters of public concern; he should not, however, divulge the contents of correspondence or communicate any information which is confidential or involves a statement of general policy for which the Government or the Board of Revenue are responsible. When a Collector considers that compliance with a request for information is not expedient, he should send a courteous reply to the member that he is unable to furnish the information.

4. Should any such demand for information be addressed to an authority subordinate to the Collector, it should be submitted to the Collector for orders.

5. Questions have been raised as to what action Collectors should take on petitions presented through Members of the Legislative Council as such.

[17th July 1953]

6. In Board's Standing Order No. 172 it is laid down that petitions may be presented to Government officers in person or sent through the post and that they should be received whenever, by whomsoever and in whatever language, they may be presented. Petitions are also presented through duly authorized vakils. When a petition is submitted through a Member of the Legislative Council as such (i.e., not as an authorized wakil or agent), the following instructions should be observed:—

(1) If the petition relates to a matter of public concern in the district within his cognizance, the Collector should deal with the petition, and give the Member a final reply if the disposal of the matter falls within his powers or submit the petition after enquiry with his remarks to the Board of Revenue in other cases.

(2) If the petition relates to an individual case of alleged hardship, not raising a question of public concern, and the matter is one within the competence of an officer subordinate to the Collector, the Collector should send a courteously worded acknowledgment to the Member informing him that orders will be communicated in due course to the petitioner or the person on whose behalf the Member has written. The Collector should then forward the petition (without the Member's covering letter) to the subordinate concerned for disposal.

(3) If the petition is of the nature described in clause (2) above, but the matter cannot be disposed of by a subordinate, the Collector should send an acknowledgment to the Member and deal with the petition himself sending his final order to the petitioner and not to the Member.

(4) Petitions forwarded by Members of the Legislative Council should be properly stamped and if insufficiently stamped may be dealt with accordingly in direct correspondence with the petitioner and not with or through the Member.

(5) If a Member sends a petition to an officer subordinate to the District Collector, that officer should forward the communication without remarks for orders through the usual channel to the District Collector who should deal with it as if it had been presented to him direct.

(6) If a Member makes verbal representations to an officer subordinate to the District Collector, that officer should make a note of them and send the note without remarks to the District Collector through the usual channel.

(7) These instructions will also apply *mutatis mutandis* to officers of other departments.

THE MADRAS LEGISLATIVE ASSEMBLY

Saturday, 18th July 1953.

The House met in the Assembly Chamber, Government Estate, Mount Road, at half-past nine of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

I.—QUESTIONS AND ANSWERS.

SHORT NOTICE STARRED QUESTION.

Special Officer for the proposed Andhra State.

* 647-A Q.—SRI C. V. K. RAO : Will the Hon. the Chief Minister be pleased to state—

(a) whether the Central Government have informed the Madras Government about the appointment and duties of a Special Officer for Andhra; and

(b) when he will resume his work?

THE HON. SRI C. RAJAGOPALACHARI :—“(a) & (b) Technically no. But I have received a personal intimation from the Prime Minister, and so also has the Governor received, about the appointment. There is also a press note to that effect issued from Delhi. His function will be as mentioned in the press note, which the hon. Member has no doubt read. That is to say, he will be available for all consultations and other steps necessary for the formation of the new State of Andhra on October 1, 1953. His present appointment as Special Officer is intended to expedite the administrative arrangements. But this is only, as I said, my understanding of the press note. Probably early in August and perhaps even earlier also, he will take up his work. Even this is my expectation. I have not had any official information about his programme.”

SRI C. V. K. RAO :—“Did the Madras Government ever ask the Centre to appoint a Special Officer?”

THE HON. SRI C. RAJAGOPALACHARI :—“The intention of the Government of India to appoint a Special Officer was known to me, and I recently wrote to them that they might expedite it.”

SRI V. BALAKRISHNAN :—“Was the State Government consulted in regard to the fixation of headquarters of the Governor of the Andhra State in Madras City?”

STARRED QUESTIONS.

Agricultural and Industrial Exhibition.

* 648 Q.—SRI P. VENKATASUBBIAH : Will the Hon. the Minister for Agriculture be pleased to state how many Agricultural and Industrial exhibitions have been conducted in the State and in how many of them the District Agricultural Departments participated and was awarded prizes or meritorious certificates?

[18th July 1953]

THE HON. DR. R. NAGAN GOUDA :—“ 177 Agricultural and Industrial Exhibitions were held in this State during 1952-53. The Agricultural Department participated in 138 of them. Departmental exhibits won prizes or meritorious certificates in 20 of these exhibitions.”

SRI P. VENKATASUBBIAH :—“ In view of the fact that these exhibitions are conferring immense benefits by way of propaganda among rural population also, will the Government consider holding these exhibitions every year in some important centres of rural areas also? ”

THE HON. DR. R. NAGAN GOUDA :—“ Holding exhibitions is rather a very costly affair. But wherever exhibitions are held, the Departments of Industries and Agriculture also take part.”

SRI S. DEIVASIGAMANY :—“ Sir, what is the net result of these exhibitions financially and otherwise? Are they working at a loss or at a profit? ”

THE HON. DR. R. NAGAN GOUDA :—“ The object of these exhibitions is educating the public and carrying on propaganda for adoption of better methods of cultivation and all that. The financial aspect is not so important.”

SRI R. SIDDANNA GOWD :—“ What is the cost of holding these exhibitions, Sir? ”

SRI P. PUNDARIKAKSHACHARYULU :—“ Is the cost of prizes awarded borne by the Government, Sir? ”

THE HON. DR. R. NAGAN GOUDA :—“ Of course, not. It is the organizers of the exhibition who fix prizes for various things and the exhibits that are exhibited by the Departments of Agriculture and Industries, if they deserve, are awarded prizes.”

Protected water-supply for Cannanore and Baliapatam.

* 649 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Health be pleased to state whether the Government have any proposal to introduce protected water-supply in Cannanore and Baliapatam towns in North Malabar?

THE HON. SRI A. B. SHETTY :—“ There is already a small protected water-supply scheme at Cannanore.

“ No proposal is under the consideration of the Government to improve the protected water-supply scheme at Cannanore.

“ As regards Baliapatam, a scheme for the supply of drinking water in the panchayat area through pipe-line is engaging the attention of the Collector of Malabar in consultation with the Panchayat.”

[18th July 1953]

SRI K. P. GOPALAN :—“ Are the Government aware, Sir, that people in Baliapatam and Cannanore towns are suffering from elephantiasis and filariasis, and that the health of 90 per cent of the people in these two towns is affected, and, if so, when do the Government propose to provide protected water-supply to these two towns? ”

THE HON. SRI A. B. SHETTY :—“ Filariasis is not due to want of protected water-supply. It has to be controlled by having an efficient system of drainage.”

Functions of District Planning Boards.

* 650 Q.—SRI M. NARAYANA KURUP : Will the Hon. the Chief Minister be pleased to state what are the powers and functions of the District Planning Boards and Project Advisory Committees?

THE HON. SRI C. RAJAGOPALACHARI :—“ The District Planning Boards will prepare plans for their respective areas, watch the progress of execution, assess the achievements periodically and take such action as is called for in the circumstances to realize the full benefits within the targetted dates. They will also discuss and recommend new beneficial schemes. These Boards are constituted so as to secure the maximum co-operation and co-ordination of activities of all the Official Departments in the district.

“ The Project Advisory Committees are set up in districts where Community Projects are worked out and they will have advisory functions not only on the problems relating to the project area but also the functions entrusted to the District Planning Board in relation to the other parts of the district not covered by the Community Project area.”

* 9-40 a.m.
SRI M. NARAYANA KURUP :—“ Are there any districts in the State where District Planning Boards have not been constituted? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ If an accurate answer is wanted, I must go through the list.”

SRI K. GOVINDA RAO :—“ What is the difficulty of the Government to include all the M.L.As. in the various districts in the District Planning Boards? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, it is not good to load too many honours on the same set of people.”

SRI P. B. K. RAJACHIDAMBARAM :—“ Are the Planning Boards given any idea of the probable amount available for working out such plans? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ The Boards include very responsible and well-informed men, officials and non-officials.”

[18th July 1953]

SRI K. VINAYAKAM :—“ Is the Hon. the Chief Minister aware of the fact that the district of Chingleput is not having a District Planning Committee? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ I shall look into the matter. Chingleput is quite near the headquarters.”

SRI C. V. K. RAO :—“ Is the Hon. the Chief Minister aware that the Community Project Advisory Committee in East Godavari is not functioning properly and, what is more, that the Community Project Officer at Samalkot has called only one meeting during the last one year and that in the absence of M.L.As.? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ I know, Sir, that there is a dead set against the Project Officer referred to. But even if I take special steps, they won't be completed before the 1st of October and there will be an opportunity for further improvement, I am sure.”

SRI K. R. NALLASIVAM :—“ சமூக அபிவிருத்தித் திட்டத்தை எதிர்க்கும் கம்யூனிஸ்டு அங்கத்தினர்களும் கம்யூனிடி பிராஜெக்ட் அட்வைசரி கமிட்டியில் சேர்ந்து சேவை செய்கிறார்களா? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ May I answer in English? The question is whether the Communists who have no faith in the Community Project Schemes are on the Advisory Boards. Sir, a man may oppose or support, but if in actual practice he will support, we include him.”

SRI M. KALYANASUNDARAM :—“ Even in the case of Committees in which the M.L.As. are included, the District Collectors hold the meetings in such a way that the M.L.As. are not able to attend them. Generally, they hold the meetings during the session of the Assembly. Therefore, will the Government instruct the District Officers to hold the meetings on convenient dates? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ That is one of the reasons why I hesitate to put M.L.As. on these committees, because instead of the dog wagging the tail, the tail begins to wag the dog.” (Laughter.)

SRI T. VISWANATHAM :—“ Sir, I do not put a question, but I question only about the refinement of the language to be used.”

THE HON. SRI C. RAJAGOPALACHARI :—“ Dogs and tails are an English phrase and in England dogs are very well treated.” (Laughter.)

SRI VAVILALA GOPALAKRISHNAIAH :—“ అయ్యో, ఈ బోర్డులూ M.L.A. లను వేయడంవల్ల వారికి చాలా భారపడుతుందన్నారు. కనీసం ఈ బోర్డుల ప్రాసీడింగు—ఇంతవరకు వాటిని రహస్యంగా ఉంచుతున్నారు—ఇకముందైనా ప్రజలకు తెలియజేయు చేస్తారా? ”

18th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—“ With the limited extent of my understanding of Sri Gopalakrishnaiah's resumed Telugu, I might say that the proceedings will certainly be supplied, whenever possible.”

SRI M. NARAYANA KURUP :—“ Has the Malabar district a Planning Board and, if not, will the Government be pleased to constitute one? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ I shall inquire, and for the latter part, yes.”

Government publications given to ex-Legislators.

* 651 Q.—SRI M. NARAYANA KURUP : Will the Hon. the Minister for Finance be pleased to state—

(a) how many Government publications together with their cost were supplied to the members of the previous Legislature on condition that they are returnable when the members cease to be Legislators;

(b) whether all or any of them have been returned; and

(c) the steps taken by the Government to recover the publications or their cost?

THE HON. SRI C. SUBRAMANIAM :—“ (a) Six copies of Government publications, such as Codes, Statutes and Manuals were supplied to four members of the Legislature by the Superintendent, Government Press, Madras. The total cost of these publications is Rs. 26-2-0. When the publications were supplied, no reference was made to a return of the publications on the termination of their terms of office.

“(b) None of the above six publications was returned.

“(c) The question of waiving the recovery of the cost of the books is under consideration.”

Representations from the Secretary, Chembra Peak Estate Workers' Union.

* 652 Q.—SRI K. P. GOPALAN : Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether the Government have received any memorandum from the Secretary, Chembra Peak Estate Workers' Union, Meppadi, Wynaad, dated 27th October 1952; and

(b) if so, what action Government have taken on the same?

THE HON. DR. U. KRISHNA RAO :—“ (a) Yes, Sir.

“(b) No action has been taken on the memorandum as the High Court has stayed the adjudication proceedings relating to the plantation disputes pending disposal of the writ petition filed by the South Indian Estate Labour Relations Organisation, Coonoor.”

[18th July 1953]

SRI K. P. GOPALAN :—“ In view of the fact that there are 222 plantations in Malabar, Coimbatore, the Nilgiris and other places and that there is only one Court at Coimbatore, namely, the Industrial Tribunal, will the Government be pleased to constitute a separate Court for the settlement of disputes of the plantation workers? ”

THE HON. DR. U. KRISHNA RAO :—“ The question will be considered as soon as the High Court's stay order is vacated.”

(Construction of wells in Harijan colonies.

* 653 Q.—SRI A. RATHINAM: Will the Hon. the Minister for Education be pleased to state—

(a) whether the Government are implementing the recommendation of the Harijan Welfare Committee of 1948 at page 16 of their report that 10,000 wells may be constructed within five years for the Harijan localities in the State; .

(b) if so, how many wells were constructed for the past five years;

(c) how many have been completed and how many are yet to be completed; and

(d) whether Rs. 50,000 as mentioned at page 16 of the report have been spent on wells in each firka under the Firka Development Scheme?

THE HON. DR. M. V. KRISHNA RAO :—“ (a) The Government have not fixed any target for the number of wells to be provided for, for the Harijan localities in any selected period of time as recommended by the Harijan Welfare Committee. It was decided that as under Rural Water Supply scheme and also under Firka Development scheme, adequate provision was made for digging wells, etc., no separate allotment was considered necessary from the One Crore Fund set apart for Harijan Welfare. Wells are now provided for the benefit of the villagers including Harijans under the Rural Water-Supply scheme and Firka Development scheme. Besides some amount is also spent every year from the Harijan Welfare Budget for the provision of the wells for Harijans whenever there is urgent necessity.

“ (b), (c) & (d) The particulars are not fully readily available. But I have some information so far as the Harijan Welfare Department is concerned. The number of wells constructed up to 1951-52 is 953. The number of wells constructed under the Rural Welfare scheme up to 30th September 1952 is roughly 2,900.”

SRI A. RATHINAM :—“ May I know whether the Government will take any keen interest in the welfare of Harijans other than by way of granting scholarships? If so, what are the measures of that kind and what is the amount of money spent on them? ”

18th July 1953]

MR. SPEAKER :—“ This does not arise out of the main question. I have, however, no objection if the Hon. Minister wants to answer it.”

THE HON. DR. M. V. KRISHNA RAO :—“ That involves a reference to all the Reports of the Harijan Welfare Department, which are available to the hon. Member. I require notice for a detailed statement.”

SRI R. SIDDANNA GOWD :—“ Are the Government aware that adequate and sufficient amount of money is not given for the Harijan Welfare Fund and that, therefore, the District Harijan Welfare Officer is not able to attend to the needs of the Harijan colonies in the matter of water-supply and improvement of slums? ”

THE HON. DR. M. V. KRISHNA RAO :—“ The hon. Member knows that there is increased provision for Harijan Welfare work every year.”

SRI V. K. RAMASAMY MUDALIAR :—“ Does the Hon. Minister know that many cherries are without wells? Therefore, will he give top priority to the sinking of wells in all the cherries in the State? ”

THE HON. DR. M. V. KRISHNA RAO :—“ As far as possible, this is being done.”

SRI S. DEIVASIGAMANY :—“ In view of the fact that these wells are not dug as expeditiously as they are required, will the Government think of asking the villagers to dig the wells themselves and then paying them the compensation or the cost thereof? ”

THE HON. DR. M. V. KRISHNA RAO :—“ The suggestion will be considered.”

SRI M. VEERABHADRAM :—“ Are the Government aware that sinking of new wells is not taken up this year, i.e., 1953-54, particularly in the Visakhapatnam district? ”

THE HON. DR. M. V. KRISHNA RAO :—“ The matter will be looked into.”

SRI G. NAGESWARA RAO :—“ యాభవే, వాపుకొరకు కేనాయించిన యాభవేల రూపాయల మొత్తమును సూపైకొరకు ఖర్చుపెట్టారా, లేక ప్రభుత్వాని కేరైదన surrender చేశారా? ”

THE HON. DR. M. V. KRISHNA RAO :—“ యాభవేల రూపాయలని ఇందుకు ప్రత్యేకంగా లేదు. ఆ విచారాల్ని ఇప్పుడు చెప్పేందుకు నా దగ్గర information లేదని చెప్పచున్నాను.”

SRI S. VEMIAH :—“ In view of the fact that most of the wells are being dug in places not accessible to the Harijans, will the Government be pleased to direct the district officials to dig the wells so as to be accessible to the Harijans in particular? ”

[18th July 1953]

THE HON. DR. M. V. KRISHNA RAO :—" Accessibility is considered in every case and such instruction is already there."

9-50 a.m. SRI K. VINAYAKAM :—" Will the Hon. Minister be pleased to give the number of Harijan colonies in our State that are not provided with drinking-water wells and where the Harijans have to depend on other places in which the caste Hindus are a menace to the Harijans so far as the drinking-water problem is concerned? "

THE HON. DR. M. V. KRISHNA RAO :—" I cannot give the exact figure just at present, Sir."

SRI M. JAGANNATHAN :—" Wherever wells are dug for the benefit of the Harijans under the Rural Water Supply scheme, the caste Hindus are not allowing them to use those wells. May I know from the Hon. Minister what steps does he propose to take to obliterate such disabilities? "

THE HON. DR. M. V. KRISHNA RAO :—" Public opinion must prevail and wherever necessary, legal action will be taken."

SRI P. VENKATASUBBIAH :—" May I know what is the amount transferred to the Rural Welfare Department for the purpose of digging wells this year? "

THE HON. DR. M. V. KRISHNA RAO :—" Notice, Sir."

Arrest of Sri Madala Kotaiah and Madala Narasaiah of Ongole taluk.

* 654 Q.—SRI M. NARAYANASWAMI: Will the Hon. the Chief Minister be pleased to state—

(a) the date on which Sri Madala Kotaiah and Madala Narasaiah of Mynampad, Ongole taluk of Guntur district, were arrested;

(b) the date and place where they were shot by the police; and

(c) the causes for the shooting?

THE HON. SRI C. RAJAGOPALACHARI :—" (a) The date is 13th September 1950.

" (b) & (c) Madala Kotaiah and Madala Narasaiah were two of the accused in a case of rioting attended with murder, arson and looting that occurred in Mynampad village. They were arrested at 6 p.m. They were fed and taken under police escort in a land rover to Ongole at about 10 p.m. in the night. The rover reached a place known as Gundlavagu at about 10-15 p.m. Here the way was blocked by those who were in sympathy by boulders placed across the road. Two shots were fired from a nearby mound and torch lights were flashed on them. Suddenly Madala

18th July 1953]

Kotaiah, one of the two prisoners stepped out of the rover, snatched the rifle of one of the escorting police constables and ran towards the mound. After this the other prisoner also stepped out of the rover and was seen running towards the mound. The Circle Inspector of Police ordered the opening of fire. Seven rounds were fired. Both the prisoners fell down dead. The persons on the other side of the mound ran away in spite of a chase.

" The Joint Magistrate, Ongole, enquired into the incident and was satisfied that fire was opened in order to prevent their escape from lawful custody and also in self-defence and that the opening of fire was justified."

SRI M. NARAYANASWAMI :—" These two boys were arrested and were taken in a police van in which there were about 22 to 25 policemen. The hands of those boys were fully tied. That being the case, do the Government seriously believe that it would have been possible for these two peasant boys to get down from the van and snatch away the gun from the policemen? "

THE HON. SRI C. RAJAGOPALACHARI :—" The numbers and ages that were indicated in the supplementary question cannot be accepted by me on the spot. If the hon. Member had been present there, I might consider whether I could take his evidence. But so far as the question goes, it is impossible for us now to judge the circumstances. I take it that this took place in 1950. If all these facts which are alleged now had been brought before the Joint Magistrate, he could not have got over them as he has done."

SRI PILLALAMARRI VENKATESWARLU :—" It is evident that those two persons were handcuffed and taken in a police van."

THE HON. SRI C. RAJAGOPALACHARI :—" We cannot accept the presumption that anybody was handcuffed and taken unless there was some evidence about it."

SRI PILLALAMARRI VENKATESWARLU :—" In those days persons were handcuffed and taken. Particularly, when I was arrested I was taken like that. So the Hon. Chief Minister's statement is incorrect even on the very face of it, and there is no justification for his statement. A serious allegation has been made that they were handcuffed and taken in a police van. The explanation given by the police is that they tried to escape. On the face of it such explanation appears to be false."

MR. SPEAKER :—" The hon. Member will please put it in the form of a question."

SRI PILLALAMARRI VENKATESWARLU :—" Yes, it is coming, Sir. (Laughter.) Despite the fact that this incident took place some three years ago, as this is a very serious matter, may I know whether the Government will appoint an Enquiry Committee to go into the whole matter? "

[18th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—" Sir, a long speech has been made and arguments have been put forward. I presume if I state exactly what took place before this incident, hon. Members could guess for themselves what might have happened or what might not have happened.

" During 1950, there was local faction in Mynampad village in Ongole taluk. In the elections to the Tobacco Marketing Committee conducted at that place, a Communist was defeated by the opposite party. On the night of 11th September 1950, Madala Narayanaswami, a local Communist along with his brother Kotaiah collected some Madigas of the village and the local Kammas of the Communist group and raided the village. They were in all about 40 armed with spears, bill-hooks and sticks. At about midnight after scaring away the local defence guards, they first attacked the house of Mundlamuri Ramalingam, a rich Kamma of the opposite party. He was chased out of the house and stabbed to death with spears, and jewels and cash worth about Rs. 9,000 were stolen from his house. The raiders next attacked the house of one G. Ellamanda another rich Kamma in the village. He managed to escape. The raiders ransacked his house and poured crude oil stocked in the house over piles of jute and tobacco and set fire to them. On account of this, a portion of the roof of the house was also burnt. Lastly, the house of one Madala Ramaiah, the President of the Panchayat Board of the village was attacked. He had gone to Ongole on that day. The raiders burnt the records of the Panchayat Board and took away some silverware and cash worth about Rs. 1,000. Then the party retired.

" We can now guess what these people could do on an occasion when there was a favourable opportunity."

SRI PILLALAMARRI VENKATESWARLU :—" My question was not answered, Sir."

MR. SPEAKER :—" Let the hon. Member resume his seat. I will call him again."

THE HON. SRI C. RAJAGOPALACHARI :—" I understand and I am confirmed that Madala Narayanasamy is here in this House. I am sorry he was one of the accused."

10 a.m. SRI M. NARAYANASWAMI :—" The Hon. the Chief Minister read a long report written by the Police. Does he know that all the accused in that case were acquitted and whether one, Mr. Venkatasubbayya Choudhry, who was the police officer on the spot and who shot these two boys dead, took Rs. 6,000 from one of the landlords? I understand that he has returned the money recently or so . . ."

MR. SPEAKER :—" I cannot allow such long statements. Only one question must be put at a time."

18th July 1953]

SRI M. NARAYANASWAMI :—" I am asking the Government whether they are aware of these incidents."

THE HON. SRI C. RAJAGOPALACHARI :—" I am sorry, Sir, the Member who is asking the question is so personally interested in the matter that it is not right for us either to interrupt him or to allow him to proceed in this manner."

SRI G. YELLAMANDA REDDI :—" Is the Chief Minister aware of the fact that these innocent people were shot for the simple reason that they were the relatives of a Communist? "

THE HON. SRI C. RAJAGOPALACHARI :—" I am not aware of it and I do not really understand why the hon. Member presumes so."

SRI P. K. GOPALAKRISHNAN :—" May I know, Sir, whether anybody else was wounded when these persons tried to escape when a party of the sympathisers of these two persons came to rescue them? If not, can it not be presumed that these two persons were deliberately shot down and that there was no riot at all to rescue these people? "

THE HON. SRI C. RAJAGOPALACHARI :—" I have given the facts as I have found them from the findings that were arrived at soon after the incident. I cannot go beyond that and follow up the suggestions of the hon. Member from Malabar."

SRI PILLALAMARRI VENKATESWARLU :—" Are the Government of Madras aware of the fact that the case filed by the Police against these persons was dismissed and hence the Police report itself was a false report? Will the Government basing its findings on the court decision, be prepared to appoint an enquiry committee to go into this question. Will they have the courage and the will to do so even though it is too late? "

THE HON. SRI C. RAJAGOPALACHARI :—" I have read the incidents. I do not think even hon. Members belonging to the Communist Party will deny the incidents. The identification of persons concerned is a totally different matter. Courts are still functioning justly and with great care and every presumption is made in favour of the persons charged wherever there is a doubt. Men may be acquitted but that does not mean that men are innocent."

SRI V. CHIDANANDAM :—" Were any private complaints filed individually about these incidents? "

THE HON. SRI C. RAJAGOPALACHARI :—" I think, Sir, this is the first private complaint." (Laughter.)

SRI G. RAMA RAO :—" May I know whether the Hon. the Chief Minister believes this report himself in his heart of hearts? "

THE HON. SRI C. RAJAGOPALACHARI :—" The mind of man is difficult to understand, Sir."

[18th July 1953]

SRI K. SUBBA REDDI:—“అభ్యుదయ, మాదలకోటయ్యమీదను, సరస్వతి మీదను పోలీసు కాల్పులు కాల్చిన సందర్భములో, నారాయణస్వామిగారు పోలీసు ఆఫీసరు ఆరువేల రూపాయలు పుచ్చుకున్నట్లున్నా అందులో మూడువేలు వాపసు చేసి నట్లున్నా చెప్పారు. ఇది చాలా ముఖ్యమైన విషయము. పోలీసు ఆఫీసరు యొక్కను యివ్వదలిన మూడు వేల రూపాయలు పట్టితోనూడా వాపసు తప్పకుండా చేస్తారోలేదో మాకందరకు నిరాశాటంగా తెలుసు. ఈ విషయములో ఒక నిష్పాక్షిక enquiry ప్రభుత్వంవారు చేయిస్తారా, లేదా ఆని అడుగుతున్నాను.”

THE HON. SRI C. RAJAGOPALACHARI:—“If there are any complaints and disputes in respect of amounts received or paid either corruptly or otherwise, the matter may be taken up by the new State and not by me.”

SRI R. SIDDANNA GOWD:—“Where were these two persons seated, Sir? Were they not seated by the police on either side, escorted and watched by them or were they alone?”

THE HON. SRI C. RAJAGOPALACHARI:—“The hon. Member is not aware that there is a great variety of seating arrangements in such cases. It depends on the friendship acquired at the time concerned and the amount of deception practised and I know from previous experience that a number of persons have successfully escaped although a great number of persons have not escaped.”

SRI PILLALAMARRI VENKATESWARLU:—“Are the Government aware that when these two persons were being taken in the lorry, they were handcuffed? I want the Chief Minister to have some patience and answer me . . .”

THE HON. SRI C. RAJAGOPALACHARI:—“Sir, I want to interrupt the hon. Member before he proceeds further. It is impossible to answer questions which amount practically to an enquiry as I was not present on the spot. I repeat that if any further doubts and difficulties seriously and sincerely arise, they should be put before the new Government.”

SRI PILLALAMARRI VENKATESWARLU:—“The Chief Minister, perhaps knowing full well that the Police report was not entirely correct, read it out here. Hence all these questions have arisen. If he is prepared to withdraw that report, though he has read it, we will not put any questions.”

THE HON. SRI C. RAJAGOPALACHARI:—“How can I withdraw a report which was sent by one officer to another? Three years have now elapsed after the event and a judicial finding is something on which I can rely, act and speak upon. If after three years, a matter is to be opened, I crave postponement of the disputes for three months more.”

SRI M. NARAYANASWAMI:—“I request a half-hour debate on this matter, Sir.”

MR. SPEAKER:—“I am not going to allow a half-hour debate.”

Lease of Ramnad coastal area for chank diving.

* 655 Q.—**SRI M. KALYANASUNDARAM:** Will the Hon. the Minister for Agriculture be pleased to state—

(a) whether the Rajah of Ramnad continues to be in possession of the right to lease out the coastal area in his former estate, for the purpose of chank diving;

(b) what portion of the proceeds go to the Government; and

(c) what is the total amount collected in the year 1952-53 by leasing out for chank diving by the Rajah?

THE HON. DR. R. NAGAN GOUDA:—“(a) Since 7th September 1949 the Rajah of Ramnad is not in possession of the right to lease out the fishing rights of chanks in the coastal area of Ramnad.

“(b) The entire proceeds go to the Government.

“(c) A sum of Rs. 14,000, being the lease amount for the fasli year 1952-53, has been collected from the lessees by the Government.”

SRI M. KALYANASUNDARAM:—“The question is not about fishing rights. It is about chank diving.”

THE HON. DR. R. NAGAN GOUDA:—“This is all about chank diving and it is called chank fisheries.”

SRI M. KALYANASUNDARAM:—“Even this year, it is the Raja of Ramnad that is leasing out rights for chank diving. Can the Government deny this fact?”

THE HON. DR. R. NAGAN GOUDA:—“I do not think so, Sir.”

SRI V. R. NAGARAJAN:—“What exactly is meant by chank diving? Are there any other parties which enjoy such rights?”

THE HON. DR. R. NAGAN GOUDA:—“Chank diving means diving into the sea for fishing chanks. (Laughter.) That is Sanku or Sankam. It is the monopoly of the State.”

Supply of copies of Jail Administration Reports to foreign Embassies.

* 656 Q.—**SRI T. POTHA RAJU:** Will the Hon. the Minister for Law be pleased to state—

(a) whether the Government have supplied copies of Jail Administration Reports to any foreign Embassies or Consulates; and

(b) if so, their names and the reasons for such action?

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—“(a) Yes.

[18th July 1953]

“(b) Only the American Consulate-General at Madras. The American Consulate-General, Madras, is supplied with a copy of the report with reference to a special request received from the Consulate for certain annual administration reports which are published and supplied to newspapers.”

10-10
a.m.

SRI T. POTHA RAJU :—“ May I know, Sir, whether it is a fact that the Embassy in question asked for the following information also, namely, the total number of political prisoners, especially Leftists, Communists and others, the sphere of their activities and their political life? If it is a fact may I know whether the Government gave information on these to the American Embassy? ”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ Sir, the report supplied was the same as that supplied to the hon. Member also. It is a general review of the Jail administration only.”

(Many hon. Members stood up in their places.)

MR. SPEAKER :—“ The next two questions are more or less similar to this. I will allow hon. Members to put supplementaries at the end of the last question.”

SRI T. NAGI REDDI :—“ Sir, the Hon. Minister did not give an answer to the question put to him last. The question was specific. The hon. Member asked for particular information from the Hon. Minister whether the American Embassy asked for any specific information from the Hon. Minister or his department about certain Leftist prisoners inside the Jail and the sphere of their activities. The Hon. Minister could have said ‘ Yes ’ or ‘ No ’ to it. But let him not say that the information is in the report. The question was about the information asked by the American gentleman.”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, we do not supply such information and they have never asked for such information. They are not entitled to ask us for such particulars.”

Supply of Administration Report of Jails to the American Consul, Madras.

* 657 Q.—SRI M. KALYANASUNDARAM : Will the Hon. the Minister for Law be pleased to state the reasons for sending officially a copy of Government Order No. 3405, Home, dated 22nd September 1952, forwarding Administration Report of Jails for 1951 to the American Consul, Madras, and also for making a special reference to the same in the Government Order itself?

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ Even from 1945, a copy of the Jail Administration Report is being supplied annually to the American Consul (now Consul-General), Madras, as he requested to be supplied with copies of Administration Reports which are not confidential and are published and sent to local newspapers. The request is

18th July 1953]

being complied with but the entry at the foot of the Government Order originally made because of special reasons is being unnecessarily repeated and will not be done in future.”

Supply of Jails Administration Report for 1951 to American Consul at Madras.

* 658 Q.—SRI P. RANGASWAMI REDDIAR : Will the Hon. the Minister for Law be pleased to state—

(a) whether a copy of Jails Administration Report for 1951 was sent to American Consul at Madras;

(b) whether any enclosures were sent along with it;

(c) if so, whether the copies of such enclosures would be placed on the table of the House;

(d) why such reports are sent to representatives of foreign Governments;

(e) whether our Government received such reports from American or any other foreign Government; and

(f) if so, what are those Governments?

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ (a) & (b) Yes.

“(c) The enclosure sent is a copy of the Government Order recording the report and of the summary of the salient features in the report. Copies of the full report have already been distributed to all the Members of the House.

“(d) Annual Administration Reports on Jails and certain other administration reports are sent to the American Consulate-General at Madras with reference to a request received from him for such reports which are published or made available to the local press. The administration report on Jails is not supplied to any other Representative of foreign Governments.

“(e) No administration reports on Jails have been asked for or are received from foreign Governments.

“(f) Does not arise.”

SRI S. DEIVASIGAMANY :—“ Sir, I would like to know whether any other foreign Embassy asked for a copy of that Report? ”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ I have answered that nobody applied.”

THE HON. SRI C. RAJAGOPALACHARI :—“ May I add to that answer, Sir? When anybody applies for it, it will be given. Our administration is an open administration.”

[18th July 1953]

SRI M. KALYANASUNDARAM :—“ Sir, did the Government ascertain the reasons for the American Embassy showing special interest with regard to the Jail administration? Or do they show similar interest in regard to other administration reports and if so what are they? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, I may inform the hon. Member of the Communist Party who has put this question that the American Embassy and their staff are asking for information about seeds, about agriculture, about products of various kinds, about commerce and about everything and that information which is available to all and sundry is being given to them also. Any information of strategical value, I am sorry to say, cannot be given.”

SRI T. NAGI REDDI :—“ The Government being a very open Government, are the Government aware, Sir, that the American Embassy is not only asking for the information regarding agriculture, industry, electricity, hospitals and jails but is also asking for information about certain political parties and their activities and are the Government going to give such information to outside agencies regarding all other matters because they are open minded? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, political questions and information and things of that kind described last by the hon. Member are not matter for information or matter for giving of information, whether it is one Government or another Government. But other matters of statistical and general importance which are all discussed in the United Nations and things like that we are giving and we have no objection to give. But matters of internal and political importance are not communicated. We definitely say it, and we resist any attempt on the part of the Embassies anywhere to get such information.”

SRI P. RANGASWAMI REDDIAR :—“ May I know, Sir, whether our Government has at any time addressed any other Embassy or foreign Government to send similar reports? If so what are the Governments and the results? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, without our asking, America and Russia are both dumping such literature on us.”

SRI G. NAGESWARA RAO :—“ అయ్యో, లా మంత్రిగారు 1951-52 సంవత్సరంలో ఈ అమెరికా కాన్సలును కలుసుకొని జైల్లోయందే కమ్యూనిస్టు ఖాదీలను గురించి ఎప్పుడైనా మాట్లాడినారా? ”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ No such discussion arose, Sir.”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, if the question is whether I have met the American Consul-General, I must in honour say I have met him. I have met not only the American Consul-General but the Ambassador of Russia in India.”

Representations from the Salt Workers' Production and Sale Society, Marakanam.

* 659 Q.—SRI A. RATHINAM : Will the Hon. the Minister for Co-operation be pleased to state—

(a) whether the Government have received representations from Salt Workers' Production and Sale Society, Marakanam, South Arcot district, requesting them to grant special privileges to the Harijans for the production of salt at Marakanam and to stop the system of auctioning salt-producing lands, as the Harijans could not compete with the caste Hindus in bidding; and

(b) if so; what action the Government have taken thereon?

THE HON. SRI D. SANJIVAYYA :—“ (a) Yes, Sir.

“ (b) The matter is under examination.”

SRI A. RATHINAM :—“ May I know, Sir, whether the Government would be pleased to assign the waste-lands in Marakanam to the landless poor at least on a co-operative basis for the production of salt? ”

THE HON. SRI D. SANJIVAYYA :—“ We have referred the matter to the Board of Revenue and we are awaiting the report of the Board. After the report is received by the Government the matter will be considered.”

SRI M. JAGANNATHAN :—“ Is the Hon. Minister for Co-operation aware of the fact that the District Collector of South Arcot on several occasions has given those salt producing lands to Caste Hindus in spite of the fact that the workers, mainly Harijans, requested the Collector to give the lands to them? ”

THE HON. SRI D. SANJIVAYYA :—“ I am not aware, Sir, of what the Collector has done.”

SRI S. VEMIAH :—“ May I know when the report will be received by the Government and how long will it take for the Government to come to a decision in the matter? May I also know whether similar requests have been made from other parts of the district? ”

THE HON. SRI D. SANJIVAYYA :—“ This request was made about two months ago, Sir.”

Toddy Tappers' Co-operative Societies in Nuzvid and Vijayavada taluks.

* 660 Q.—SRI T. POTHA RAJU : Will the Hon. the Minister for Prohibition be pleased to state—

(a) the total number of applications received in the Nuzvid and Vijayavada taluks in Krishna district for registering the Toddy Tappers' Co-operative Societies;

[18th July 1953]

(b) the total number of applications so far disposed of by the Deputy Registrar of Co-operative Societies, Vijayavada; how many were accepted and how many rejected with grounds of such rejection; and

(c) whether it is a fact that the Deputy Registrar of Co-operative Societies, Vijayavada, is delaying the issue of neera licences to the registered societies?

THE HON. SRI V. C. PALANISAMI GOUNDER :—“(a) 68 applications were received. Of them, 29 were from the ex-toddy tappers of Vijayavada taluk and 39 from the ex-tappers of Nuzvid taluk.

“(b) 20 applications have been disposed of by the Deputy Registrar—15 from Vijayawada and 5 from Nuzvid. Out of 39 applications received from Nuzvid area from 39 villages, the District Prohibition Officer has recommended only 21 villages for the registration of societies and has clubbed all these 21 villages into 15 groups. One Society will have to be registered for each group. The applications in respect of the remaining 18 villages will have to be rejected by the Deputy Registrar, as they were not recommended by the District Prohibition Officer.

“(c) No, Sir.”

10-20 a.m. SRI T. POTHA RAJU :—“From the information given by the Hon. Minister, it seems that out of 68 applications, only 20 applications have been accepted and registered and out of these 20 applications there still remain many cases where licences have to be given. I would like to know the policy of the Government and whether the Government want this sweet toddy affair should be spread and ex-toddy tappers should be provided with jobs; if so, why should there be such unnecessary delay in the registration and issue of licences and rejection of the application of Co-operative Societies?”

THE HON. SRI V. C. PALANISAMI GOUNDER :—“Sir, at the very outset I should tell the hon. Member that this concession is only an experimental measure. Therefore the Government have to hasten slowly.”

SRI S. NARAYANAPPA :—“Sir, may I know whether any representation was received from Guntakal from the ex-tappers for registration and starting of such a society?”

THE HON. SRI V. C. PALANISAMI GOUNDER :—“Notice please, Sir.”

SRI M. VEERABHADRAM :—“Sir, may I know whether the Government or the Registrar of Co-operative Societies sent any instructions to the officers concerned to register only such societies as have deposited thousand rupees as share capital?”

THE HON. SRI V. C. PALANISAMI GOUNDER :—“The Government have no information on that subject, Sir.”

[18th July 1953]

SRI K. RAJAGOPALA RAO :—“Sir, may I know whether the Government have received the suggestions of the District Prohibition Advisory Committee regarding delay in issuing licences?”

THE HON. SRI V. C. PALANISAMI GOUNDER :—“No such representation has been received as far as the Government are aware.”

SRI G. ANJANEYULU :—“ఈ స్కీము సులభముగా విస్తరించుటకు ఏ ఏర్పాట్లు చేయబడ్డాయి?”

THE HON. SRI V. C. PALANISAMI GOUNDER :—“It depends mainly on the attitude of the Opposition, Sir.”

SRI G. NAGABHUSHANAM :—“Sir, has any representation been received from Adoni from ex-tappers for opening a Neera depot at Adoni?”

THE HON. SRI V. C. PALANISAMI GOUNDER :—“Notice, Sir.”

SRI P. VENKATASUBBIAH :—“May I know, Sir, whether the Government have authorized the Registrar of Co-operative Societies to use his own discretion in registering these societies?”

THE HON. SRI V. C. PALANISAMI GOUNDER :—“Sir, the Government have not issued any such instructions; but Government expect that the Registrar would use his best discretion in the matter.”

SRI T. LAKSHMINARAYANA REDDI :—“Sir, what is the reason for not giving this concession to Rayalaseema where thousands of ex-tappers are unemployed and even though there is much possibility of making this scheme successful in Rayalaseema and whether even at this stage the matter would be expedited?”

THE HON. SRI V. C. PALANISAMI GOUNDER :—“Sir, the Government already received adverse remarks about the working of prohibition in Rayalaseema and as I said already this concession is given as an experimental measure. The Government want to go step by step on the success derived.

SRI PILLALAMARRI VENKATESWARLU :—“May I know, Sir, the reasons for rejecting the applications for registering toddy tappers co-operative societies?”

THE HON. SRI V. C. PALANISAMI GOUNDER :—“Sir, many factors have to be taken into consideration, such as the antecedents of the individual, his capabilities and other factors before the officer allows this concession.”

SRI S. DEIVASIGAMANY :—“Sir, in view of the fact that Neera is a poor man's beverage, would the Government consider making it freely available to the public and without any restrictions?”

THE HON. SRI V. C. PALANISAMI GOUNDER :—“No, Sir, the Government are very much afraid that it is open for abuse and the working of the Prohibition Act is likely to be endangered, if unrestricted freedom is allowed in this matter.”

[18th July 1953]

SRI PILLALAMARRI VENKATESWARLU :—“ Are the Government aware, Sir, that the Prohibition Committee in the Krishna district has expressed against even experimenting on sweet toddy? ”

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, the discussion is getting expanded, running over the whole policy. The hon. Member who last put the supplementary question knows how generous the Government have been to undertake risks in this matter. We have given quite a number of experimental concessions in regard to the tapping and sale of unfermented toddy, as it is called, in a number of places coming within the purview of the hon. Member and lastly, I may say, in his own constituency. Now, I would like more time to consider how far we can go in this very important matter. It cannot be done in this atmosphere.”

Leasing of the lands of the temple in Gudumula Rameswaram in Razole taluk, East Godavari district.

* 661 Q.—SRI K. KRISHNA RAO : Will the Hon. the Minister for Religious Endowments be pleased to state whether the temple lands of the temple in Gudumula Rameswaram in Razole taluk in East Godavari district, have been leased out for 99 years and, if so, the extent of the land so leased out, the name of the lessee, the lease amount and the date when the said lease was made out and whether the approval of the Commissioner for Religious Endowments has been given for the said lease and, if so, when? ”

THE HON. SRI K. VENKATASWAMI NAIDU :—“ No lands belonging to the Gudumula Rameswaram temple have been leased out for 99 years. The other questions do not arise.”

SRI K. KRISHNA RAO :—“ Is it a fact, Sir, that in many other temples, the lease for 99 years by the trustees to their relatives is becoming a feature? ”

THE HON. SRI K. VENKATASWAMI NAIDU :—“ No, Sir.”

SRI C. V. K. RAO :—“ May I know, Sir, if those lands are not leased for 99 years, for how long are they being leased and can the Hon. Minister tell us the period if it is less than 99 years? ”

THE HON. SRI K. VENKATASWAMI NAIDU :—“ Sir, they are being leased for small periods. But there is one lease for 50 years by the Archaka of the temple.”

SRI G. ANJANEYULU :—“ అయ్యో, బ్రహ్మీలు దేవుడి సొత్తు కూడా అవసరిస్తూఉంటే మంత్రిగారి deputation ద్వారా కలుసుకున్నాం. ఎందుకీ అశ్రద్ధ చేస్తున్నారో చెప్పగలరా? ”

THE HON. SRI K. VENKATASWAMI NAIDU :—“ All questions coming to my notice are being carefully enquired into, Sir.”

[18th July 1953]

SRI T. NAGI REDDI :—“ Sir, are the lands leased out by the archakas or are the lands leased by any Committee and have the Government any hand in leasing out the lands? I am afraid if the archakas are allowed to lease out the lands as they like, then quite a number of problems would arise.”

THE HON. SRI K. VENKATASWAMI NAIDU :—“ Sir, the leases are not being let out for a long time and leases are being auctioned in public auctions. That is the safest method for getting good returns.”

SRI P. PUNDARIKAKSHACHARYULU :—“ Sir, will the Government order an enquiry into complaints where trustees have leased out or assigned temple lands in the name of their kith and kin at a nominal Nazirana on the eve of the Estates Abolition Act coming into force? ”

THE HON. SRI K. VENKATASWAMI NAIDU :—“ Whenever such matters are brought to the notice of the Government, the Government have taken steps to enquire.”

SRI T. NAGI REDDI :—“ Sir, the Hon. Minister told us that one person had been given lease for about 50 years. May I know the name of the person to whom the lease has been given and the time when it was given? ”

THE HON. SRI K. VENKATASWAMI NAIDU :—“ Sir, the name of the person is not there. In one case 600 acres of lands have been leased out in 1890 by the Archaka for a period of 50 years.”

SRI K. KOTI REDDI :—“ May I know, Sir, if instructions cannot be given to the trustees of the temples not to lease temple lands for more than five years? ”

THE HON. SRI K. VENKATASWAMI NAIDU :—“ In all cases, the Government take care to see that unnecessarily long term leases are not given.”

SRI T. VISWANATHAN :—“ Sir, the Hon. Minister stated that a lease for 50 years was given in 1890; if so, how is it subsisting now? The question is whether there are long leases recently given and if so, who are the lessees? ”

THE HON. SRI K. VENKATASWAMI NAIDU :—“ I want notice, Sir.”

SRI T. NAGI REDDI :—“ It is said that 600 acres had been leased out to one person in 1890 for 50 years. Naturally it should have expired in 1940. Now, may I know what has happened to these 600 acres? Are the lands again leased out to some other person of the same type as above for another 50 years or is it divided into different plots and leased out to different persons, and if so, for how many years? ”

THE HON. SRI K. VENKATASWAMI NAIDU :—“ Notice, Sir.”

SRI C. V. K. RAO :—“ Sir, the Member from Razole should be given a chance, Sir, as he is not able to catch your eye.”

[18th July 1953]

MR. SPEAKER :—" Why should I give preference to that particular Member? I now call Mr. K. Krishna Rao."

SRI PILLALAMARRI VENKATESWARTU :—" I think this question was put by the Member from Razole."

MR. SPEAKER :—" No, it was put by Sri K. Krishna Rao."

SRI C. V. K. RAO :—" Sir, this particular question relates to Razole constituency and so the Member from Razole should be given a chance. He is not able to catch your eye, Sir."

MR. SPEAKER :—" It is not my fault."

SRI K. KRISHNA RAO :—" Is it a fact, Sir, that the gentleman who was given this 600 acres earned the kindness of the Government by assisting them in their anti-communist drive and drive against the Harijans. And was it to recompensate that they gave him 600 acres? "

THE HON. SRI K. VENKATASWAMI NAIDU :—" I am not aware of any such thing, Sir."

MR. SPEAKER :—" Question-hour is over. The rest of the questions and answers will be printed in the official proceedings."

(d) whether classes in (c) also will be made eligible for all concessions, etc., granted to the Ezhavas of Palghat by inclusion in the Backward Classes list?

THE HON. SRI C. RAJAGOPALACHARI :—" (a) to (d) A copy " of G.O. No. 774, Education, dated 6th April 1953, is placed on the table of the House. " (b) The matter is being examined by the Government."

(a) whether it is a fact that the Government have recently declared Buddha Purnima as a public holiday; and

(b) if so, the reasons for the same?

THE HON. SRI C. RAJAGOPALACHARI :—" (a) & (b) No, Sir. The Government after considering a suggestion that a holiday should be notified on Vaishak Purnima, have decided not to do so as the principle behind holidays is not analogous to honouring persons of distinction. We have far too many non-working holidays already. The list can be added to only for

II.—PRIVILEGE MOTIONS.

(1) RESTRICTIONS ON VISITORS TO THE LEGISLATORS' HOSTEL IN THE GOVERNMENT ESTATE.

10-30
a.m.

MR. SPEAKER :—“ Two hon. Members Mr. K. P. Gopalan and Mr. P. Rangaswami Reddiar have given notices of two motions which they call privilege motions. I will first take the motion of Mr. P. Rangaswami Reddiar. The motion reads as follows :—

‘ I complain of a breach of privilege having been committed by the Government by issuing general orders preventing representatives of associations from entering into Government Estate and making representation to the Assembly through me on the New Elementary Education Scheme on 14th July 1953 and the matter may be referred to the Committee of Privileges.

May I know what Mr. Rangaswami Reddiar wants to say on this matter.”

* SRI P. RANGASWAMI REDDIAR :—“ Mr. Speaker, Sir, ever since the introduction of the modified scheme of elementary education, there is widespread agitation in this State, rightly or wrongly, protesting against the Government policy.”

MR. SPEAKER :—“ Let not the hon. Member go into the merits of the education policy of the Government. I want to know how this can be taken as a privilege motion.”

* SRI P. RANGASWAMI REDDIAR :—“ Yes, Sir, this is a privilege motion. We are residing in the two hostels within the compound of the Government Estate and representatives of several associations want to enter into the Government Estate, meet the hon. Members including myself and present petitions through the hon. Members of the House. On 14th July 1953 particularly, all people trying to enter into the Government Estate were prevented by the police, thereby preventing them from making any representation to the hon. Members of this House. After all we are the representatives of the people.”

MR. SPEAKER :—“ I take the representatives of associations as strangers and they are non-Members. The contention of the hon. Member is that strangers also have some privileges. Will he please explain how the privileges of hon. Members is affected? ”

SRI P. RANGASWAMI REDDIAR :—“ It is not a question of privilege on the part of strangers. It is a question of privilege on the part of Members of this House.”

MR. SPEAKER :—“ It becomes a privilege motion if hon. Members are prevented or molested. There is no such thing for strangers. The Speaker has power to allow or not to allow all these visitors.”

18th July 1953]

SRI P. RANGASWAMI REDDIAR :—“ As Members of this House we are entitled to receive representations from the people and a number of Members are staying in the two hostels within the compound of the Government Estate.”

MR. SPEAKER :—“ Strangers being prevented from entering the compound does not come under privileges of the hon. Members. Will you please explain whether such a case has been considered as a privilege motion in any Parliament.”

SRI P. RANGASWAMI REDDIAR :—“ The point is, it is one thing to enter into the Assembly or near the Assembly and it is totally a different thing to enter the Government Estate and approach the Members.”

MR. SPEAKER :—“ The privilege is only for the Members and not for strangers.”

SRI P. RANGASWAMI REDDIAR :—“ The privilege of the Members is to receive representations from the public.”

MR. SPEAKER :—“ That is not privilege. The privilege does not go so far. If the hon. Member is prevented or molested, it comes under privilege. The contention of the hon. Member is that some representatives of certain associations were prevented from entering the Government Estate. That does not come under the privileges of Members.”

SRI P. RANGASWAMI REDDIAR :—“ We are entitled to receive deputations from outsiders. Sir, after all we are representatives of the people and we are here to receive representations from the people. It is a right and privilege on the part of hon. Members and if that right is denied by preventing the people from making representations, I complain, Sir, that there is breach of privilege.”

MR. SPEAKER :—“ Will you kindly point out whether it is considered as a breach of privilege in any Parliament in the world? ”

SRI P. RANGASWAMI REDDIAR :—“ Perhaps you want a precedent whether such a thing has happened in any part of the world.”

MR. SPEAKER :—“ In any part of the world or in any world. (Laughter.) We believe in seven worlds. Give me any reference to any books.”

SRI P. RANGASWAMI REDDIAR :—“ So, you want me to show whether a similar situation has arisen anywhere. I do not know any place where both the Assembly and the hostels are in the same compound. Unfortunately here both the Assembly and the hostels are in the Government Estate and people are prevented

[Sri P. Rangaswami Reddiar] [18th July 1953]

from approaching the Members and making representations. Sir, there are two points. After all Hon. Ministers are responsible to the legislators and we, the legislators, are not in the strict sense responsible to the electorate the moment elections are over, because there is no right on the part of the electorate to recall us or question us once we are elected. That should not be the spirit. We should have the right to receive representations and the people should have the right to make representations and this right has been effectively prevented by issuing instructions to the police. On 14th July 1953 at about 10 a.m. some people wanted to meet me to make representations regarding the modified elementary education and they were not allowed to do so. I feel therefore the privileges of Members are thereby violated by the Government and it is a clear case for taking it up as a breach of privilege of Members. So far as the precedent is concerned, I do not think similar situations would have arisen elsewhere so far except in our unfortunate State. I do not think this kind of introduction of modified scheme of elementary education without consultation of the representatives of the people by one order on one fine morning would have taken place elsewhere. No such agitation also would have taken place. Therefore I submit that this matter should be referred to the Committee of Privileges to go into the question of the orders issued by the Government preventing people from entering the Government Estate and making representations to the Members."

SRI V. R. NAGARAJAN :—" On a point of information, Sir. I want to know whether we are discussing the right of the public to enter the Government Estate or the right to enter this House to make representation to hon. Members."

MR. SPEAKER :—" I have read the motion."

SRI V. R. NAGARAJAN :—" If public were prevented from contacting the Members in the Government Estate and making representations to them, then I think a very valuable right is being denied to the Members by the police barring entry of the public even at the gates of the Government Estate."

10-41 a.m. MR. SPEAKER :—" The public have no privilege like hon. Members of the House."

SRI S. DEIVASIGAMANY :—" Mr. Speaker, my submission is that the privilege motion given notice of by my friend Sri Raghava Reddiar . . ."

MR. SPEAKER :—" It is not 'Raghava Reddiar' but 'Rangaswami Reddiar'."

SRI S. DEIVASIGAMANY :—" Thank you, Sir. That motion is in order. After all, Sir, we are here as representatives of the people. As their representatives we have got certain rights

18th July 1953] [Sri S. Deivasigamany]

and liabilities. To voice forth their grievances we have all come here to Madras. From different parts in the mufassal we come and meet here in Madras as Members of the Legislature. It is the people who have sent us here. When such is the case, is it any wonder if any association of the public were to come to us here in Government Estate and represent to us their grievances, so that we may bring it to the notice of the House? Inasmuch as they were prevented from doing so on 14th July 1953 by an order of the Government, I do submit that it amounts to depriving us of the right to hear our representatives. It amounts to an infringement of the privilege of us, hon. Members of this House. Therefore I submit that this privilege motion must be admitted and duly considered by the Committee of Privileges."

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, I beg of hon. Members to fight in a straightforward manner if they wish to be reasonable. There is no point gained in bamboozling one another. This situation was created on account of open appeals and threats and statements made which were intended to organize a demonstration in the Assembly premises. (Interruption). Let me finish. And if on that day any orders were promulgated or carried out into effect, they were intended to prevent such demonstrations, which hon. Members may well know and which is not now presented as the issue. What is now sought to be presented is that some hon. Members who live within this Government Estate were prevented from getting legitimate information and representations from members with whom they are connected and that thereby an infringement of privileges has taken place. That is the technical way in which the issue is now put before the House. That is why I appeal, let us be straightforward with one another. I shall explain. Let me now take the proposed aspect of the matter to be considered, namely, that members living in the Legislators' Hostel were entitled to receive the people as they liked notwithstanding the promulgated orders. I submit, Sir, that hon. Members have no doubt a right to receive representations from the public. It is not called a privilege. It is a right. If the question is whether they have a right to do so, I say they have it in the fullest measure to contact their friends and take their representation. But if they are to do so within the Assembly precincts, when there is a prohibitory order, I submit, Sir, that they lose that particular right. They could have met their representatives elsewhere where the order was not in force. What was the situation here on the said day? Hon. Members may be well aware of the facts. There were open threats and appeals. A prohibitory order was enforced to ensure public safety. When an order has been issued, it has got to be enforced. If hon. Members who live here were to talk to their own constituents in the verandahs of the House, even then, Sir, I submit, they would be bound by the limitations placed on other grounds on the public situation. The law is intended to be carried out and orders are to be carried out in the sense and in a sincere sense

[Sri C. Rajagopalachari] [18th July 1953]

as we all know. Where there is a breach of a promulgated order, the law will certainly come to the rescue of the officers who enforce the law to prevent such a breach. The matter is very simple. It is not a privilege of the members of the House to live within the Assembly precincts and call a crowd in when there is a prohibitory order preventing such crowds."

MR. SPEAKER:—"Has the hon. Member Sri Deivasigamany anything to say?"

SRI S. DEIVASIGAMANY:—"I object to the word 'crowd' used by the Hon. Chief Minister. We were only saying that members of some public associations who came to see us were prevented from doing so, in view of the prohibitory order within the Assembly precincts."

THE HON. SRI C. RAJAGOPALACHARI:—"Has the hon. Member read the appeals in respect of which the people came?"

MR. SPEAKER:—"I will now read the motion given notice of by Sri Rangasami Reddiar again. It reads as follows:—

"I complain of a breach of privilege having been committed by the Government by issuing general orders preventing representatives of Associations from entering into Government Estate and making representation to Assembly through me on the New Elementary Education Scheme on 14th July 1953 and the matter may be referred to the Committee of Privileges."

"The hon. Member has not made out a *prima facie* case. I rule that this is not a breach of privilege."

(2) ARREST AND DETENTION OF SRI N. K. PALANISWAMI, M.L.A.

MR. SPEAKER:—"I will now take up another privilege motion given notice of by the hon. Member Sri K. P. Gopalan which runs as follows:—

"I beg to enclose herewith a copy of the representation made by my colleague Sri N. K. Palaniswami, dated 22nd May 1953. The representation *inter alia* gives facts showing the insulting behaviour of the Police in the arrest and detention of an honourable colleague of mine Sri N. K. Palaniswami when he had a deputation to the Chief Minister on 17th May 1953. I consider the offensive behaviour of the police towards my colleague and his arrest, constitute a grave infringement of the privileges of a Member and therefore of the House of the State Legislature of which he is a part. I therefore give notice of moving the following motion of privilege:—

"Resolved that the offensive behaviour of the Police of Dharapuram and the arrest and detention of Sri N. K. Palaniswami be referred to the Committee of Privileges of the Assembly."

"I wish to know from the hon. Member whether it was an 'arrest' or 'detention'."

SRI K. P. GOPALAN:—"Detention for five hours, Sir. This is a very important matter, Sir . . ."

18th July 1953]

THE HON. SRI C. RAJAGOPALACHARI:—"I received a copy of the representation only yesterday and I have called for the exact particulars. As such I think it is not necessary to dispose of this item now."

SRI K. P. GOPALAN:—"No, Sir."

MR. SPEAKER:—"The hon. Member gave me the representation yesterday and I immediately passed it on to the Hon. Chief Minister. The Chief Minister has called for relevant particulars. I think the motion could be discussed on Monday. Is that agreeable to the hon. Members?"

SRI K. P. GOPALAN:—"Yes, Sir."

III.—GOVERNMENT BILL.

THE ANDHRA STATE BILL, 1953—cont.

MR. SPEAKER:—"We were discussing yesterday . . ."

SRI M. PALANIANDI:—"Sir, as the Council would be meeting from Monday (20th July) onwards, I would like to know what has happened to my adjournment motion."

MR. SPEAKER:—"The hon. Member could have come to my Chamber. I could have explained."

"Yesterday we were discussing clauses 3 and 4 of the Andhra State Bill."

"It had been represented to me yesterday that I had not allowed any opportunity for the Kannadiga friends from Bellary district to speak on the Bill. Hitherto I have been allowing hon. Members to speak on party basis but now I shall allow hon. Members in view of this representation, to speak on linguistic basis. (Laughter.) The hon. Member Sri Sirasappa may now speak."

SRI A. GOVINDASWAMI NAYAGAR:—"ஸார்; திங்கட்கிழமை யாவது இந்த அவசரத் தீர்மானத்தை எடுத்துக் கொள்ளுவீர்களா என்று நான் கேட்கிறேன்."

MR. SPEAKER:—"நீங்கள் இப்பொழுது கேட்பது பார்லிமென்டரி முறை அல்ல. தயவு செய்து என்னுடைய ரூமுக்கு வாருங்கள். உங்களுடைய வாதத்தை நன்றாகக் கேட்கிறேன். இக்கொரு சப்ஜெக்டைப் பற்றி பேசும்போது மற்றொரு சப்ஜெக்டை இங்கு கொண்டு வந்து நீங்கள் பேசினால் அது பார்லிமென்டரி முறையல்ல என்று சொல்லுவார்கள். தயவு செய்து பார்லிமென்டரி முறை பிரகாரம் நடக்கும்படியாக நான் உங்களைக் கேட்டுக் கொள்கிறேன்."

* SRI IJARI SIRASAPPA:—"Mr. Speaker, Sir, my hon. Friend, Sri Pai was telling the House yesterday that the Kannada people here on the floor of the House are in a minority and as we have seen, a number of Andhra friends have spoken about this Bill and only a few of the Kannada Members had a chance of saying anything upon the Bill and that is why I requested

[Sri Ijari Sirasappa]

[18th July 1953]

you, Sir, to give us a chance to represent our view point to the House in order to meet the points that have been put forth by our Andhra friends regarding the Bill. We would have very gladly supported the amendment of the Government if only the clarification was given to us regarding leaving out Bellary from this Bill. Before this I had already represented to you that the question of Bellary and Bellary taluk has already been settled by the Misra award and I feel that there is no use re-opening that question now once again because that would lead us nowhere. About this a number of my Andhra Friends have referred to the holding of a plebiscite, referendum and things of that sort and I would like to ask Sri Prakasam what is it that is left yet about that question. I wish to ask Sri Varadachari and other Friends what sort of representation is now left for them to make before any Committee or to the Government of India. They have already represented what they have . . .

SRI T. VISWANATHAM :—" Mr. Speaker, may I know if the hon. Member is making any personal explanation."

MR. SPEAKER :—" I believe he has not spoken yesterday. Has he spoken yesterday? "

SRI IJARI SIRASAPPA :—" No, Sir."

MR. SPEAKER :—" He has not spoken yesterday. This is the first time he is speaking."

* SRI IJARI SIRASAPPA :—" My hon. Friends seem to feel that the question of Bellary has been kept in abeyance by the Prime Minister. If they wanted somebody to go into that question in the manner they are suggesting, they could have asked for it earlier. We, the Kannadigas of that area thought that the area is a Kannada area and the Andhras had no right to claim it as an Andhra area and even thought of boycotting Misra. He came and the Andhra people waited in deputation on him, presented memoranda and they were heard by him. In that connexion as if to fortify his case, my hon. Friend Sri Varadachari was telling the House that the resolutions passed by panchayat boards and municipalities were not taken into consideration by him. But let me say in that connexion, Sir, that a number of panchayat boards and municipal councils did pass resolutions and forward them to Sri Misra on the Bellary issue and, if I am correct, more than seventy per cent of the panchayat boards and municipalities are in favour of Bellary going into the Kannada area. Sri Prakasam was telling the House that the question of Mysore does not arise regarding this Bill. I would like to tell our veteran Leader, Sri Prakasam, that the Andhra State was to be formed with the undisputed Telugu areas and all the while he knows that even earlier. There were disputes, there are disputes now and there will be disputes to-morrow also regarding the district of Bellary if it goes into the Andhra area. My hon. Friend was in the Partition Committee during 1949 and 1950 and he knew about it and they had turned their gaze towards Bellary

18th July 1953]

[Sri Ijari Sirasappa]

after they had to lose Madras City. There are some good buildings in Bellary and some regional offices are stationed there and for that reason, it is not right that they should try to snatch away Bellary from the Kannadigas. Mention was also made to the revenue records and it was said that the records had been maintained in Telugu for the last one hundred years. That I submit, Sir, is an injustice that the people of the area have been suffering for the last two hundred years, not for hundred years alone. Let me take the case of Madras City; the records are all maintained in English; can Mr. Prakasam say now that because the records are all being kept in English, the British can claim the City and the City belongs to Britain. Stretching that point further, the records in Pondicherry are kept in French and those of Goa in Portuguese and so should the territories be ceded to them and we should have nothing to do with those territories. Let it be remembered that the records are maintained in Telugu and everything is carried on in Telugu in spite of our requests. The criterion of the language of the records will not help my Andhra Friends. I am afraid that cannot be the criterion or the basis for saying that it is a Telugu area and including it in the Andhra State. Let me say, Sir, that all these things arose after they had decided to lose the City of Madras. Sri Varadachari was saying that in Bellary there were a number of regional offices and it would be very convenient for the Andhra Government to run the administration. The existence of buildings also, I submit, Sir, cannot be the criterion because it is the will of the people that should be the guiding factor. The people of Bellary wanted to go away to Mysore and they prefer to be with their Kannadiga friends in Mysore rather than join the Andhra State or to remain in the residuary State with the Tamil friends. Representations have been made to Sri Misra, the majority of the Kannada-speaking people sent their representations through various organizations and even a sub-Committee was appointed by the Andhra Provincial Congress Committee to represent their case before Misra and on a full consideration of the various representations he has given his award and that must settle matters and I request Andhra Friends not to raise that question once again. Sri Thimma Reddi suggested that the Boundary Commission should also go into the question of the three taluks as well as of Bellary. But I must say, Sir, that we, the people belonging to the Kannada area, have claims even in Anantapur and Kurnool districts and as suggested by some friends there are even Kannada areas in the Tamil area also but in order not to increase the unpleasantness between the Kannadigas and the Andhras, we are keeping quiet and I would in a like manner urge my Andhra Friends to be kind enough and to be large-hearted enough to wait for the Boundary Commission to take up and decide the question so that they would be giving over what is really Kannada area to the Kannadigas for the Karnataka State that should be formed. It was pointed out by one Friend that Madakasira is a predominantly Kannada taluk and it could as well be given over to the Mysore State. I say, Sir, we are not

[Sri Ijari Sirasappa]

hurrying up with those matters and we want that the Boundary Commission should deal with the matter and if it is convinced as it will be that it is a Kannada area, it will be bound to say that it ought to go to Mysore State. All sorts of complications could be brought in by making mention of other areas like the Kalyandrug area, Dharmavaram, etc., but the fact is that we do not want to bring in such complications because it will give room for more problems which is likely to hinder progress or the formation of other linguistic States. I would, therefore, like my Andhra Friends to wait for the Boundary Commission leaving out the question of Bellary taluk which has been declared by Justice Misra to be a predominantly Kannada area. The leaders of Karnataka and also the Andhra State have already come to an agreement not to raise the question of the seven taluks which are predominantly Kannada. Why should the Andhras go back upon past agreements and why should they be fighting shy for the three taluks going under the purview of the Boundary Commission? If the Andhra Friends go on raising the issue of the taluk of Bellary even here on the floor of the House when the award has been specifically given upon it, there will be no end regarding the Bellary issue. They made their representations to the Government of India and the Government of India made their announcement and then they wanted a Commission to be sent and a Chief Justice to be sent and finally the appointment of Misra was announced and he came and heard, and found out that it was a predominantly Kannada area and decided that it should go with the rest of the six taluks to Mysore and now they want a referendum or a plebiscite. In the plebiscite if it is decided that the Bellary district should go to Mysore and not to the Andhra State, even then they may raise some other issue and say that they do not want to abide by the plebiscite. Therefore there will be no end to all these things. I suggest that they could as well leave off the Bellary issue for the present and wait for the Boundary Commission to decide upon the disputed taluks.

"The people of the Bellary taluk are Kannada-speaking people who want to go to Mysore and also it is difficult for that taluk to be administered by the residuary Madras State. Mr. Prakasam was referring to that. Sir, hon. Members of this House and the Parliament, the Hon. Ministers of this Government and the Central Government are all servants of the people and the wishes of the people must be carried out. The wish of the people of Bellary that they want to join a territory which is a Kannada territory, must be carried out and the leaders must accept it and must act according to it. Mr. Prakasam himself wants that the wishes of the people must be carried out and the wishes of the people of Bellary are that they should join with their Kannada brethren who will help in forming their own State in the near future. There is nothing wrong in the Government of India announcing that the seven taluks of the Bellary district should go to Mysore which is a Kannada State. Therefore, there is no point in Mr. Prakasam raising any objection to the inclusion of any reference to Mysore in this Bill. We cannot

force the people of Bellary to remain in the residuary Madras State when they do not like to remain there and there is no use in doing so. The wishes of the people of Bellary must be carried out.

"Regarding this Bill, I have already stated that if only the Bellary question is removed from this amendment, we, the Kannada people, will gladly support the amendment brought forth by the Government. Yesterday also, I wanted the Hon. Chief Minister to clarify the position and if it is clarified that the Bellary issue is beyond the jurisdiction of this amendment and a definite assurance is given to that effect, we will unhesitatingly support the amendment."

(At this stage the Deputy Speaker occupied the Chair.)

SRI K. VARADACHARI:—"Sir, I rise to make a personal explanation with regard to the remarks of Mr. Vinayagam yesterday. I could not catch his actual remarks at that time. But I have since gathered that what he said was that I had issued a pamphlet during the elections, saying that the whole Tiruttani Constituency should go to Tamilnad and all that. I am sorry that he is either misinformed or if he has really seen the pamphlet he has not read it closely. If he does not produce the pamphlet in question which I issued during the elections, he will have to resign his seat in this House, according to his challenge."

SRI K. VINAYAKAM:—"I accept the challenge."

MR. DEPUTY SPEAKER:—"Mr. Ramalingam . . ."

SRI K. V. RAMESAM:—"Mr. Deputy Speaker, the principle underlying the amendment is undoubtedly good . . ."

MR. DEPUTY SPEAKER:—"I have called Mr. Ramalingam to speak."

SRI H. RAMALINGA REDDI:—"Mr. Deputy Speaker, Sir, the Government of India have decided that the whole of Bellary taluk should go to Mysore State on the recommendation of Justice Misra but the same Government left it to the Andhra legislators of this House to decide on the location of the Capital of the new State. In the first of these instances a matter involving the location of one lakh and eighty thousand people of Bellary had been left to the decision of one man. There is no sanity or wisdom in this. I should like to deal with the report of Justice Misra in some detail. For the investigation of the linguistic

[Sri H. Ramalinga Reddi] [18th July 1953]

composition of the area, which was one of the terms of reference, Justice Misra took the 1951 Census figures as the basis. The Andhra section of the people contended that it was not a reliable census for various reasons put before him. If we compare the two sets of figures, one supplied by the Government as has been published, and the other supplied by the Census Department, it is evident that there is a difference of about 4 per cent. This is a fact which goes to show that it is not safe to rely on the 1951 Census figures. Perhaps, it was only on account of this that Justice Misra announced publicly that he would visit some of the villages for purposes of verification. There is also another fact that he himself has stated in his report, namely, that he was not satisfied with the material supplied to him by a large number of people not less than a thousand in number. He has also stated in his report that short of holding a plebiscite it would be impossible to decide on which side the support of the people lay.

"In this connexion, I would like to refer to a fact which Justice Misra has overlooked, namely, the important resolution which had been passed by the Bellary Municipal Council. He says that it does not reflect public opinion. Though a number of panchayat boards in the eastern firkas of Bellary also had passed resolutions favouring the inclusion of Bellary taluk in the Andhra State, these resolutions also, he holds, do not reflect the opinion of the people concerned in those firkas.

"Lastly, a local Member of the Legislature, Sri Gangappa told Justice Misra that he contested the election on this issue during the last general elections. For this, the answer of Justice Misra was that the result of the election had not been decided on a linguistic basis as Sri Gangappa had issued a pamphlet that he would not harm the interests of the Kannadigas if he were to be elected and therefore the argument that it was fought on a linguistic basis did not hold good. The linguistic issue was there and the election had been decided on this basis. In addition to this, I am surprised that we have not been able to convince Justice Misra that the 1951 Census figures are not to be relied upon sufficiently.

"From the point of view of administrative convenience, Justice Misra says that Bellary should be included in Mysore State. The extent of a district in Mysore State ranges from about 1,900 square miles to 4,500 square miles. He therefore wants that Bellary should be included in the Mysore State as the headquarters of the six western taluks to be added to Mysore as there is no other proper place for the district headquarters.

"But, Sir, I would like to submit that if Alur, Adoni, Rayadrug taluks and the three firkas of Bellary taluk along with Pattikonda and Dhone of Kurnool, and Gooty and Kalyandrug taluks of Anantapur are formed into a district, it could be made into a sizable district with headquarters at Bellary.

"Therefore, Hospet is the proper place to be the headquarters for the western taluks. We have got a large number of buildings

18th July 1953] [Sri H. Ramalinga Reddi]

at the dam-site. Hospet is even now the headquarters of the Assistant Collector. A small township has come into existence at the dam-site and all the buildings required for the location of offices and for accommodating the staff can be found there. I am only surprised at the remarks of Justice Misra that there is not sufficient accommodation at the dam-site to locate the headquarters. In fact there are enough buildings there even to accommodate the temporary capital of the new Andhra State. One of the wishes of the Andhras was to locate the temporary Capital at Bellary town if it had been included in the new Andhra State.

"I must submit, Sir, that if Alur and Adoni taluks are included in Kurnool district, the people of those taluks will be put to very great inconvenience and difficulties. From the point of view of administration of justice, these taluks—Alur and Adoni—contribute more than 50 per cent of the cases—civil and criminal—of the existing Bellary district. If these two taluks were added on to Kurnool district where judicial work is already heavy, we will be putting a great strain on the judicial administration of that district. Besides, with the exception of Nellore district, Kurnool is the biggest district in the Andhradesh. Hence there is every need to form a separate district including the taluks of Alur, Adoni, Rayadrug, Bellary, Moka and Rupanagudi firkas of Bellary taluk, Gooty and Kalyandrug taluks of Anantapur district, and Pattikonda and Dhone taluks of Kurnool district. From the point of view of revenue administration also, we have to take into consideration the fact that the work of the Revenue Department in Alur and Adoni taluks is very heavy as they are the rich revenue-yielding taluks of Bellary district. The people of those taluks will be put to very great difficulties and inconvenience if they are made to go to the revenue headquarters at Kurnool. Further, I am afraid that as the temporary Capital of the new Andhra State is proposed to be located at Kurnool, the revenue headquarters of Kurnool district will be shifted to Nandyal and this will result in causing more difficulties and inconvenience to the people of Alur and Adoni taluks. I therefore strongly plead for the formation of a new district comprising of the areas mentioned by me in the earlier portion of my speech with Bellary town as its headquarters.

"Even from the point of view of cultural affinities, Bellary has got everything to do with the Rayalaseema and Circar areas. The name 'Rayalaseema' has been associated with the Rayalaseema Mahasabha which took its birth at Bellary. Before that the Rayalaseema area was called the Ceded districts area.

"The commercial and business activities of Bellary are all connected with the rest of the districts in the Rayalaseema and the Circars and not with the Mysore State.

"Bellary is also the birth place of the Andhra Nataka Kala Pitha Maha who had produced a number of dramas. Bellary is the seat of dramatic art, for the whole of Andhradesh."

[18th July 1953]

MR. DEPUTY SPEAKER :—" The hon. Member's time is over. Mr. Govinda Rao will now speak."

* **SRI K. GOVINDA RAO** :—" Mr. Deputy Speaker, Sir, when a new State is carved out, it is but natural that there will be disputes on both sides of the borders, as we see now. With regard to such disputes, the Communists' standpoint is that the border can be drawn only on the basis of contiguity, on the basis of language, with the village as the basic unit and ascertaining the will of the people on both sides of the border. In this connection, Sir, I must refer to the remarks of the Hon. the Chief Minister in reply to the debate on the general discussion. He was saying that the Communists are now supporting the national demand of the Andhra people because they are afraid they will lose their ground in the Andhradesh, if they do not support the nationality question, and that Marxism does not accept this nationality problem at all. With all respect to the knowledge of the Hon. the Chief Minister about everything on the face of the earth, I should say, Sir, very humbly that the less he talks of Marxism the better it would be for all of us. The nationality problem has been a subject-matter for discussion among all Marxist parties in the world for a very long time. In the recent past, every party is closely discussing this question. In the Soviet Union, a solution to this problem has been found for the first time by Marshal Stalin. The Soviet Union has been organized on the basis of nationalities and unity has been achieved in that country in spite of the fact that there are many nationalities there.

(Coming to the amendments under discussion before the House, I would like to refer to the amendment moved by the Government in particular. We would have readily accepted the Government amendment if only the Government have stated that questions relating to the entire border line can be taken into consideration and there would have been no difficulty. But unfortunately the Hon. the Chief Minister said that certain disputes on the border would be taken into consideration and not all. This is the reason for the grave apprehensions in our minds. When the question of Bellary comes up, the Hon. the Chief Minister says, 'Well, Sir, in your own interest, do not jeopardise or spoil your case by asking me to specifically mention the name of Bellary in this connection.' We are afraid, Sir, that the Boundary Commission will be appointed only with regard to disputes relating to Tirutani only and that other disputes will be left out. The Hon. the Chief Minister might have understood the position in a particular way. The amendment as suggested by the Government is very vague. To-morrow when the Bill goes up to Parliament, we do not know what the attitude of the Central Government will be. They may not know at all whether the Hon. the Chief Minister meant that all these questions were included in this general amendment.)

1-30 a.m. "We do not know what attitude the Central Government is going to take and if at all the Hon. the Chief Minister meant all

[Sri K. Govinda Rao]

these questions to be there in that general amendment and if in spite of that to-morrow it is left vague when the Bill goes to Parliament, there is no guarantee that this matter will come up at all, for consideration by Parliament. So we are very much doubtful whether the Boundary Commission to be appointed is only for the purpose of deciding the future of places like Tirutani and not for deciding the disputes with regard to Kolar or Bellary or other areas. One might say: 'Sir, you are referring to Kolar. It is a question which relates to the formation of Visala Andhra'. Similarly, when certain members refer to the question of Berhampore in Orissa, then also it is said that it is a question of Visala Andhra and that it cannot be taken up now. It is but natural, Sir, that when a new State is carved out, all the claims of Andhras to the contiguous areas of Orissa, Hyderabad or Mysore come up for consideration. I know the claims of the Andhras, in particular to Parlakimedi area. If we go through the O'denell Committee's report prepared at the time of the formation of the Orissa State, we find that the entire estate of Parlakimedi, which belongs to the Raja of Parlakimedi and which is predominantly a Telugu-speaking area, was annexed to Orissa State on the ground the Raja happened to be an Oriya Raja, on the ground he happened to have some relations at Puri in Orissa and on the ground he was a liberal Zamindar who was looking after the interests of the peasants sympathetically. That was the argument advanced in the O'denell Committee's report. So it is but natural that portions which have been unjustly taken away from the Andhra State should come back to Visala Andhra. If one says that this is not the proper occasion to press for the formation of Visala Andhra, well, I can understand that. At the same time I should say that the question of the border areas between the Andhra State, the Mysore State and the residuary Madras State stands on a different footing. Now that the entire question is coming up, Sir, there should be no difficulty for the Government to take up the matter in right earnest and include at least Kolar, Bellary and the entire border area between the three States in the Andhra State Bill. There should be absolutely no difficulty to appoint a Boundary Commission for carving out the boundaries between these three States. The scope of the Boundary Commission should not be left vague. It must definitely be mentioned that the entire border area between these States should be taken up for consideration. If the Government are prepared to give such an assurance, then there will be no difficulty at all. Unfortunately Sir, the present form in which the amendment is given is not acceptable to us for the simple reason that we apprehend that it refers to questions like Tiruttani and nothing else."

* **SRI T. NAGI REDDI** :—" Sir, we are discussing one of the very important clauses in this Andhra State Bill. At certain moments in our discussion feelings of bitterness were roused, harsh words were exchanged and claims and counter claims were made. It looked as though in this House itself our friends Mr. K. Vinayakam and Mr. Varadachari had some challenges

[Sri T. Nagi Reddi] [18th July 1953]

and counter-challenges. On the whole, I should say that the discussion on this very crucial point has gone in a very friendly spirit. I hope that in future also we would carry this spirit in the face of small differences that would probably arise and try to settle our problems in a brotherly way. The boundary problem is not a very difficult question at all if we keep in mind the principle on which we base our claim to linguistic provinces. The claim to a linguistic Province based on certain fundamental principle of language is by itself a decisive point in the demarcation of the boundaries. First of all we had taken some steps for the formation of a separate State and then almost every party demanded that a Boundary Commission should be set up to demarcate the boundaries between the States that are to be formed. If we go through the amendments that have been given notice of, it is really very surprising to find that a number of the amendments go to the very root of the problem. We make it appear that we are sitting here as though we are a Boundary Commission by ourselves who are going to decide the whole problem in this House itself. For the past thirty years there have been particular decisions by particular majority parties in the States and some of these amendments run counter to those decisions themselves. All those areas which are claimed by particular linguistic groups are sought to be removed from one State or the other for the simple reason that there is some amount of 'indistinctness' in that portion of the territory. If we look at the question from that point of view we must remember that every State that has to be formed or that has already been formed will have a bi-lingual area even after the Boundary Commission decides the question in the best possible manner. Now, these bi-lingual areas will exist even if Mr. Varadachari and Mr. Vinayakam go in for a battle-royal to decide the boundaries in the best possible way. The question is in what friendly and scientific manner the matter can be decided to the best advantage of all the States. Whenever the Government commit a mistake, it is but natural that the mistake will be countered by another mistake. The Government have committed a mistake in respect of Bellary. I only wish that the Government do not commit any such mistakes in the future. (Interruption by the Hon. the Chief Minister). The Government do not help those who want to help them. They get into the mud and want to come out clean. But when they find that they cannot get out of it, they get into some other pit. The Central Government have created problems where they did not at all exist and now they are trying to face those problems in an entirely different way. I am only sorry that they are going to create many more problems which cannot be solved and which will create only bitter feelings and bad blood. If the question is approached with certain fundamental principles, I am sure the Government can decide this problem very easily in the best interest of the people of all the States and keep the position of the minorities also safe.

11-40
a.m.

"At the time the Communist Party asked for the formation of linguistic provinces, it said that the Andhra State should be

18th July 1953] [Sri T. Nagi Reddi]

formed immediately with eleven districts and three taluks of Bellary district in the first instance and that a boundary commission should be appointed to go into, and decide, the question of boundaries. When the Communist Party referred to eleven districts and three taluks, it did not, and even to-day does not, mean that there are no Tamil areas in Andhra State or Telugu areas in the residuary State or Mysore State or Kanarese areas in the Andhra or the residuary State. It was made clear and very properly too that the eleven districts and three taluks were suggested only as a temporary thing for the immediate formation of the Andhra State and that afterwards a boundary commission should be appointed to settle the boundaries.

"Immediately after the announcement about the formation of the new State, passions were sought to be roused on the border by quite a number of people. We have seen such attempts even in this House. I am really sorry for the statement of Mr. K. Vinayakam that the claims of the Andhras over certain portions in Salem, North Arcot and Chingleput, etc., are a farce. Referring to Chittoor district, he even said that Andhras came and contaminated the area as though it was cholera or plague. Mr. Vinayakam is a well-educated gentleman. Just as he has said that Mr. K. Varadachari is a civilized Andhra, he is a civilized Tamilian. There is no doubt that he is a well-educated and civilized gentleman. It was made clear in his speech that historically certain things were existing in Chittoor and that, on account of Andhras coming and contaminating, the atmosphere became dirty. I am only sorry that such propaganda has contaminated and poisoned the atmosphere of our State, the result of which we are now witnessing. Hereafter at least Mr. Vinayakam and his friends need not descend to such a low level of talk but keep within limits, so that we may be enabled to argue points in a spirit of friendship and brotherhood and come to an agreement or settlement. The boundary commission will have to come and we will have to place our points before it. The manner and the method in which we place our points before the commission is very important. The methods that are being adopted now are not proper or congenial for the establishment of friendly relations between the two States. I went to Tiruttani, when there was tempo there, to see the atmosphere for myself. I told the Tamilians and Andhras there: 'Why do you get agitated over the problem? A boundary commission will come and decide the boundaries. The Communist Party, as one of the major parties, will stand behind the Tamilians and Andhras in respect of their claim for predominantly Tamil and Telugu areas respectively. It will certainly not ask for inclusion in the Andhra State of any area in which the predominant language is other than Telugu. It stands for friendly relations among the people.' I could have made an exciting speech and become a great leader for the moment. But I also know that these things will recoil on me at a later period. Let us be straightforward and think in friendly terms. When one goes and speaks to the ordinary man in words which should not be spoken to him, especially in the manner in

[Sri T. Nagi Reddi] [18th July 1953]

which an educated gentleman like Mr. Vinayakam did, I am not surprised at what has happened. I do not want to go into that controversy. I am only telling Mr. Vinayakam that the responsibility for what has happened does not belong to people of Mr. Nagi Reddi's type.

"It was said that historical precedents were there for including certain territories within this State or that State. If we go into history, we have to go very deep into it. I know that Dr. Nagan Gouda and Mr. Nagi Reddi will not be able to come to an agreement by delving into history. We cannot say whether Krishnadeva Raya or Bukkha Raya was a Telugu ruler or a Kanarese ruler. Such rulers have done immense good to Rayalaseema. I claim them to be Telugu, and Dr. Nagan Gouda claims them to be Kanarese. I have received a memorandum from certain Kannadigas to the effect that the taluks of Hindupur, Uravakonda, Kalyandrug, Gooty, Madagasira, Dharmavaram, Anantapur and Penukonda belong to them, because historically they were ruled by Kanarese kings. There are some Andhras who claim the whole of the Bellary district which claim we have repudiated from the very beginning. Our claim has always been that there are portions which are both Telugu and Kanarese and that they should be divided very carefully. On historical grounds Mr. Vinayakam is pleading that six taluks of Chittoor district should be added to the residuary State. It has been the claim of Andhras that Madras City is Telugu historically-speaking and that it has been contaminated by people like Mr. Vinayakam. I do not want to enter into past history. I want division in the interests of the people as they exist now. That is how I want this problem to be decided. If we can solve this problem by mutual agreement, we will be setting up a good tradition for the formation of other linguistic provinces in future.

"I come to the amendments immediately. We have given notice of a number of amendments, and among them there are three major amendments which are very important. The Government came forward with their own amendment. It is not acceptable because it is very vague. It is reported in this morning's newspapers that Mr. Hanumanthaiya, Chief Minister of Mysore, has said that he is not willing to re-open the question of Bellary taluk. Let us face facts as they are. Justice Misra was sent to Bellary not for deciding the question of boundary, but for deciding whether Bellary taluk as a whole should be included in the Andhra State or the Mysore State for the present at the time of the constitution of the Andhra State. So the question of boundary has not been decided. Even Justice Misra himself has said that the boundary question cannot be decided easily without a plebiscite. He has said that in Moka, Rupanagudi and Bellary firkas and Bellary town, neither the Andhras nor the Kannadigas form a majority, and that their future cannot be decided by simply going about, talking to the people and receiving memoranda.

11-50 a.m. "He said that this question could be decided only by taking into consideration the opinion of the people, which can be ascertained by holding a plebiscite. That is the verdict given, and that is

[Sri T. Nagi Reddi] [18th July 1953]

exactly what the Andhras of the area are asking for. The Andhras say that a plebiscite be held there, and then that area be declared to be included either in the Andhra State or in the Madras State, according to the wishes of the people. The wish of the people is very important. The question is, who forms the majority there. This question has not been decided. This must be decided by a plebiscite. I hope the Government of India will take this matter into consideration and also take into consideration the factor that Justice Misra's report is not a Boundary Commission, and therefore it is not a final report, and that it does not say categorically that 'this is the Kanarese area'. Misra's report has come forward with the acknowledged fact that that area is a bi-lingual area where there is neither Kanarese majority nor Telugu majority. As per Misra's report—the Kannadiga population in Moka, Rupanagudi and Bellary town does not exceed 40,000 whereas non-Kannadiga population is nearly 90,000. Hence, public opinion, i.e., plebiscite will have to be taken into consideration.

"Yesterday, the Hon. the Chief Minister did not come forward with a categorical answer to the question, 'what is a disputed area'. All those disputed areas will have to be taken into consideration by the Boundary Commission. Does disputed area mean only those places where there have been disturbances and claims and counter-claims? Does it not include the area that is now to be demarcated areas between Mysore and Andhra States and areas between Residuary State and Andhra State? What do we mean by the term 'disputed area'. When the Government of India has taken a decision to allocate that part of the Madras State to-day, which forms predominantly a Kanarese part, that is the Bellary taluk, to the Mysore State, and to appoint a Boundary Commission to decide the question of certain of the other Kanarese areas that are there in the Andhra State for the time being, say, Madakasira taluk, Adoni taluk, etc., then it becomes very important and necessary that those areas of the Mysore State which are predominantly Telugu areas, should also be taken into consideration when the Boundary Commission is appointed. That is the specific question of the Andhras to-day, and I say that there need be no trouble in deciding this question. Why should we to-day object to this particular method of deciding the disputed areas? When a particular portion or portions of the Kanarese area are being added on to the Mysore State, which is predominantly a Kannada State, why should not those areas wherein Telugu is predominant, but which are for the time being parts of the Mysore State, be not added on to Andhra State, and a boundary line be not drawn so that this question of disputed areas is solved once and for all? This is a very clear question that is being asked, just as Kannada friends naturally say that a certain portion should go to the Mysore State, just because Mysore State is essentially a Kannada State. So also, the Andhras of the Andhra State and the Andhras of the Mysore State would like to get the Andhra areas in the Mysore State, to their Andhra State, so that the boundary question can be settled once and for all. This is a very sensible demand. This is a small demand. I hope the Hon. the Chief Minister, when he explains

[Sri T. Nagi Reddi] [18th July 1953]

the position regarding the Government amendment, would certainly help us by telling that the phrase 'in respect of the boundary of the Andhra State in those areas' means also that the boundaries that are there in the Mysore State, and the boundaries that are there in the Residuary State will also be taken into consideration when a Boundary Commission is appointed.

"Sir, the question of minorities is coming up quite often. Mr. Vinayakam said that no Andhra will ever go to the Andhra State from the Residuary State. Why should Mr. Vinayakam say so? I will not say that no Tamilian will go to a Tamilian State. My wish is quite known. Every Tamil majority area will have to go and will go to the Tamil State. It is because I want that a united and culturally and economically strong State should develop on the other side. Then only there will be the tendency to migrate.

"On the question of minorities both Mr. Vinayakam and Andhras on the other side will have to protect the rights of minorities. There is no doubt about it. The rights of Andhras in Madras, Chingleput, Salem, etc., will have to be protected in the same way as the rights of Tamilians in the Andhra State. We shall not come forward and say that no Andhra will ever go to the Andhra State because the capital is so far away. Such arguments can be put forward by Members from Malabar saying that that portion of Tamil Nad adjoining Malabar should be given to them because Madras is far away from them. This is all school boys' arguments. They rouse the feelings of one people against another. These arguments will not help to educate the people in the proper manner. (Mr. Speaker occupied the Chair at this stage). I do hope that Mr. Vinayakam will accept, as it was accepted once, according to press reports, by Mr. Kamaraj Nadar, T. T. Krishnamachari and our Chief Minister, Sri C. Rajagopalachari, that portions of Hosur taluk, Chingleput and North Arcot districts, which belong to the Andhra State being contiguous to the Andhra State, will all be taken into consideration. That is the commonsense point of view. Instead of taking things in that light and in that way, we go on talking in the other way saying that there will not be a single Tamilian who would go to the Tamil State and Mr. Vinayakam goes on saying that no Andhra will ever go to the Andhra State from the Residuary State. This is a form of argument followed by politicians who want to raise their leadership high in the eyes of the people, and who want public opinion to be in their favour. This will not help us.

"Sir, in the end I would say that the Boundary Commission will have to go into the question of Chittoor district, Salem district, Chingleput district, North Arcot district and Bellary district. In Bellary taluk there is the question of plebiscite. The taluks of Alur, Adoni and other places, and the areas in the Mysore State will have to be settled by the Boundary Commission.

[18th July 1953] [Sri T. Nagi Reddi]

("There is one amendment about which I should like to say a few words. The amendment has been given notice of by Sri T. N. Venkatasubba Reddi and Sri N. Ramakrishna Ayyar. The amendment reads :—

("Provided that the Government of India do take necessary steps to finally settle the boundaries of the Madras, Andhra and Mysore, Orissa, Hyderabad and Madhya Pradesh States, either by mutual agreement between the States concerned or by a Boundary Commission or Commissions and that the districts concerned may thereupon be reformed accordingly.")

This amendment will do some justice to remove the injustice done previously. I shall refer to one more point. The Boundary Commission Report on the Orissa State can be read by any hon. Member here. He will then understand the manner in which the Andhra portions have been added to Orissa even after having been shown that those portions were Andhra portions. This is explained in the report. The Andhra majority is in those portions. But simply because the Maharaja of Parlakimedi said that those areas should be added on to Orissa, they were added to Orissa. Because the Raja of Parlakimedi wanted those portions to be added on to Andhra, the then British Government and the landlords thought that the opinion of the zamindars, which was against that of the thousands of people who existed there, should be accepted. That was the injustice done.

"Here is a demand that has been made for a long time past. Here is a chance to fulfil it. I do hope that the Government will take the question into consideration and do justice so that we may not have mutual bickerings in the future. For this reason, I commend these amendments for the acceptance of the House and I hope that we will solve this problem of boundaries in a friendly spirit. I hope also that we will not rouse the passions of the people against each other and try to embitter the feelings between brother Tamilians and Andhras and brother Kannadigas and Telugus. I hope that by solving this problem amicably and in a friendly way, we shall have two neighbourly, brotherly States and strong States, to co-operate with each other in future in building a mutually good Government and in increasing our other relations, economic and cultural, in the best possible way. Thank you, Sir."

MR. SPEAKER :—"I must tell the House that we shall sit now till we finish consideration of this clause or till one o'clock, whichever is earlier. Afterwards, we shall sit from 3 p.m. to 5 p.m. From Monday onwards the House will sit from 8-30 a.m. to 1-30 p.m. at a stretch."

* SRI T. VISWANATHAM :—"Mr. Speaker, Sir, the object of the Bill which is now under discussion is the formation of the Andhra State. As we all know, it is the outcome of an agitation carried on for a very long period of about forty years. Therefore, we have to see whether the object is fulfilled. What is the object? The object is to combine all the Telugu-speaking areas which are contiguously lying and form them into one State. That is why some of our Friends have moved certain amendments dealing with, or including, or mentioning, the names of Hyderabad, Orissa and Mysore. We should, therefore, rectify the borders between Orissa

[Sri T. Viswanatham] [18th July 1953]

and the Andhra State, and the borders between Mysore and the Andhra State. A real difficulty arises only with respect to Mysore and Orissa as they form different linguistic units. The object of the Bill being the formation of the Andhra State, I submit that the revision of the boundaries and frontiers both on the Orissa side and Mysore side also forms an essential factor. It has been understood from the speech made by the Hon. the Chief Minister that the question relating to the borders on the Mysore side and the Orissa side will not form part of any future discussions or the work of Boundary Commissions, but that we shall confine our attention—and the Bill itself confines its attention—to the formation of a State cordoned off into what are called the undisputed areas in the present State of Madras. As I said, there is a difference in the approach. We have been asking for an Andhra State consisting of the Telugu areas within these borders and for rectifying and adjusting the borders. Therefore, I would ask the Hon. the Chief Minister to consider that aspect also. Otherwise, we would not be doing justice to the object with which this Bill has been introduced as a result of a long course of struggle. That is the reason why I ask all hon. Members to give sympathetic consideration to the amendments dealing with that aspect of the question. For example, I would refer to amendment No. 21 which deals in a comprehensive way with the object with which this Andhra agitation was started and which gives an idea of what areas the Andhras want to be included in the territories of the Andhra State.

“ Now, Sir, having said so much as to the general scope of the territories which the Andhra State should have, I come to clauses 3 and 4 which are now under discussion. Clause 3 gives the names of certain districts and taluks which will form the Andhra State, and clause 4 treats of the transfer of territory from Madras to Mysore. Sir, this Mysore is a third party to the whole affair. There is a well-known juristic principle that third parties to contracts, strangers to contracts, cannot take advantage. Now, when did this Mysore come into the picture? It was not in the picture at all when Mr. Justice Wanchoo presented his report. Afterwards, between the 7th February, the date on which Mr. Justice Wanchoo presented his Report and the 25th March 1953, the date on which the Prime Minister of India made his statement, Mysore came or butted in. I do not know by what door Mysore came into the picture. But still, we do not know what unseen forces worked, and on the 25th March 1953 the Prime Minister of India made a statement that certain areas in Bellary district would be transferred to Mysore. That was the beginning of the agitation which is deplored both by the Kannada Members and the Telugu Members on the floor of this House. The mistake arose because the Government of India did not follow what Mr. Justice Wanchoo had recommended in his Report. After all, Mr. Justice Wanchoo was as much an officer as Mr. Justice Misra who subsequently came to figure in this scene. Yet, the Government of India, for some overriding political considerations, have not accepted Mr. Justice Wanchoo's recommendation and they have plunged headlong into the recommendation made by Mr. Justice Misra. That

18th July 1953] [Sri T. Viswanatham]

is the cause of the trouble. The trouble is with regard to Bellary district. Of course, the Telugus have not contended that Bellary is all Telugu. We never went into the historical side also. We could have claimed it, no doubt. In fact, all the Members from Bellary, as you, Sir, may remember—because you were Speaker for the last five years—were speaking, whenever any advantage was wanted, on behalf of Rayalaseema.”

THE HON. SRI C. RAJAGOPALACHARI :—“ The Rayalaseema claim is on the ground of famine and is not a linguistic claim.”

SRI T. VISWANATHAM :—“ Rayalaseema claim is a territorial claim, in fact, affecting the dignity . . . ”

THE HON. SRI C. RAJAGOPALACHARI :—“ There is no connexion between dignity and the various famine concessions given to Rayalaseema. It is poverty, monsoon and conditions of climate that apply luckily irrespective of languages.”

* SRI T. VISWANATHAM :—“ We all pay our homage to Krishna Deva Raya. That is why we call it ‘Rayalaseema’ in order to attach a particular dignity. (Interruption.) The Hon. Sri Nagan Gouda claims him, Sri Viswanatham claims him. I was on another point altogether. When it was a question of fighting for the advantages of Rayalaseema, friends from that district were always claiming themselves to be Rayalaseema people. Really speaking, if it is left to me, I have no quarrel. I would even go so far as to say that there should be no difference between the Kannadigas and the Telugu people. Our script is the same; our traditions are the same; Krishna Deva Raya is common to us both. There is so much in common between us and I only wonder why we are quarrelling about it. But, all the same, when passions are roused and when things are taking a particular shape, it is only proper for Members representing public interests to put forward their views. Now, I began by saying that Mr. Justice Wanchoo's recommendation was not accepted and Bellary taluk was made a special exception of the investigation and Mr. Justice Misra was sent for investigation.

“ He was sent to enquire into the various factors and to make a fuller investigation as rapidly as possible, and submit a report to the Government of India recommending any minor adjustments that he might consider necessary. It has been conceded and it is written in the report also that Justice Misra went to the area. He went to Bellary. He did not go to Madras. He did not go to the disputed areas and villages even though people from these places wanted him to visit their place. He records in his report that although it was his original intention to go to the disputed areas, he could not do so. His visit to these disputed areas formed part of the fuller investigation which he was called upon to make. Anyway, he dropped his visit to these disputed areas, but went to Bangalore. How did Bangalore come into the picture, I ask, Mr. Speaker? Is it at present a disputed area? He might have gone to Madras, which he has not done. He should have gone to the

[Sri T. Viswanatham] [18th July 1953]

disputed areas, which also he has not done. He went to Bangalore instead and stayed there as the guest of the State Government and things got changed later on. It is a fact which cannot be overlooked. I am not insinuating anybody. These are facts collected from the official records themselves."

* THE HON. SRI C. RAJAGOPALACHARI:—"Sir, I consider it my duty to draw the attention of the Hon. Speaker to what was last observed by hon. Member Sri Viswanatham. I think he let himself into a wrong statement which he ought not to have made. I am glad he himself, without anybody pointing out to him, sees the insinuation contained in his statement."

* SRI T. VISWANATHAM:—"Sir, I know it is a very delicate matter. Supposing a Commissioner is appointed by a Court in connexion with a property dispute and he goes not to the field of dispute but to the plaintiff's house, comes back and writes the report, and if this fact is pointed out, can it be called insinuation? We are only presenting facts. Therefore it is said by most of the Members that it cannot be called an Award. The Hon. Chief Minister himself said that the word 'Award' was used somewhat loosely and that it was only an enquiry report. The Telugu people of the area are only asking for what Mr. Justice Misra himself suggests; namely a plebiscite. Why should anybody fight shy of a plebiscite? If the result of the plebiscite is in favour of the Kannadigas, let them take Bellary even to-morrow or day after to-morrow. If it is in favour of the Andhras, let them take it. I think the Telugu people are demanding a plebiscite possibly because they are sure of their case and my Kannadiga friends are not so sure. As there was no proper enquiry into the matter, the Andhras ask for a plebiscite. Even Justice Misra has declared that nothing short of a plebiscite could settle the question and it is not for Hon. Mr. Hanumanthayya, the Chief Minister of Mysore, to say, 'We shall not allow the Bellary question to be re-opened'. It is not anybody's private affair. Mysore, a third party, came into the picture. That is our objection and that is the cause of the entire trouble. Even now, there is not much to be worried about. We only want a plebiscite with regard to the territories and I very respectfully submit that it is a very reasonable request."

"I will not go into the other matters. I can put forward various arguments to show that certain areas of Bellary which we have mentioned in some of our amendments should really go to the Andhra State. But when I am asking for a plebiscite, I do not like to go into details. I am prepared for it and let the other side also be prepared. If they win in the plebiscite, we shall gladly and willingly and with rose garlands make a present of the area to our Kannadiga friends, who after all are our brothers."

"As regards the Government amendment, yesterday I was making certain suggestions for consideration whether it could be improved so as to include the views of those who were not on the Government side. I happened to give a revised draft to the Hon.

18th July 1953] [Sri T. Viswanatham]

Chief Minister. I would like to just read it to show how it could be improved. My revised amendment will read as follows:—

'A clause should be included in this Part of the Bill to the effect that, as soon as possible after the formation of the Andhra State, the President shall appoint one or more Boundary Commissions for inquiring into the claims and disputes in respect of border areas and for making recommendations as to any adjustments that may be necessary in respect of the boundaries of the States of Andhra, Madras and Mysore.'

Sir, I have included certain phrases in the clause only to clarify what is passing in the mind of the Hon. Chief Minister. What is the Boundary Commission intended for? It has to decide claims and disputes and there is nothing more. What is it that I want? There will be claims and counter-claims. Everybody says that a Boundary Commission must be appointed. If and when it is appointed it has got to enquire into the claims and disputes. Therefore I have included the phrase 'claims and disputes in respect of border areas'. The original amendment says 'disputes that have arisen'. There may be some confusion if we leave it like that. It may refer to some specific items, and it is likely that an order may be passed stating, 'The following is the list of disputes that will be referred to the Commission'. Therefore I have revised the amendment in a general way. Again, it is said in the original amendment, 'disputes that have arisen'. Some disputes might have arisen and might subside after some time, and there will be no necessity to refer such matters to the Boundary Commission. That is why I have revised this part of the amendment. Again, the original amendment refers to only the Andhra State. I have included Madras and Mysore States. The Andhra State has as its border the Mysore and Madras States. There is no doubt about it, and there should be no trouble about it. When we say 'Boundary', it should certainly include the boundaries of Mysore and Madras States also. That is why I have included Madras and Mysore in the amendment. In doing this, I have got the very high authority of the Prime Minister of India. In fact I took these words and expressions from his statement. This is what he said in a statement issued by him on the 25th March—

"... to recommend such adjustments as may be considered necessary in regard to the boundaries of that State with the residuary State of Madras and the Mysore State."

THE HON. SRI C. RAJAGOPALACHARI:—"I think Mr. Viswanatham will be able to tell me the date of the statement. Is it issued before or after the appointment of Justice Misra?"

* SRI T. VISWANATHAM:—"The Prime Minister made that statement on the 25th March. The appointment of Justice Misra does not wipe out the statement of the Prime Minister of India. As a matter of fact, it is in pursuance of that statement all other things happened. Necessarily, that statement was issued before the appointment of Misra. It does not matter very much whether it is before or after Justice Misra's appointment. Justice Misra did not go to the disputed areas. He only went to Bangalore as the guest of the Mysore State."

THE HON. SRI C. RAJAGOPALACHARI:—"Bangalore was 12.2 near and he went there for rest. That is a different matter." n.n.

[18th July 1953]

* SRI T. VISWANATHAM :—" He himself does not say so. He said that he went there to hear Mysore's claims but our Chief Minister says he went there for rest. He went there to receive representations from the Chief Minister of Mysore giving their views but there was no Andhra State to represent the Andhra view. We are helpless. That is our complaint. Instead of multiplying arguments, all that I say is we should make provision for a plebiscite. Why should any reasonable person refuse a plebiscite in disputed areas unless he is so sure that the case is bad? There are certain recognized ways of solving questions like this. Where a dispute like this has arisen, there should be a plebiscite. Once this principle is accepted, it will be easier to settle the issue. Instead of this why take figures of census and say the census figures are wrong, the Telugu-speaking people there were not born there and even if they were born, they were not nourished there and so on? "

SRI KOTRA BASAVANA GOUD :—" Does the hon. Member want a plebiscite for Bellary alone or for other areas also? Why then a boundary commission? "

* SRI T. VISWANATHAM :—" My friend from Bellary does not understand the difference between a plebiscite and a boundary commission. I am sorry to say that. The functions of a boundary commission are very wide, much wider than the scope of a plebiscite. But there are certain areas which are now sought to be excluded by hon. Friends here and by the Chief Minister of Mysore from the purview of the boundary commission. That is why I say at least take a plebiscite or include them in the scope of the boundary commission."

SRI R. SIDDANNA GOWD :—" The atmosphere is not favourable for plebiscite."

* SRI T. VISWANATHAM :—" My friend here is repeating what Justice Misra, who did not go to the disputed areas, although he was appointed to go there, said. He said that the atmosphere was not favourable and from the facts supplied to him he would recommend Bellary to be given to the Mysore State. If he said that the atmosphere was not favourable, why not you wait for a favourable atmosphere? Why do you give up the idea of a plebiscite, if you agree it is reasonable and stands to reason? It is logic. It is common sense. I only submit to the Chief Minister to have plebiscite in respect of the three firkas mentioned in our amendments. Of course, the amendments in respect of a boundary commission in general stand on a different footing altogether because they will deal with all those boundaries which are contiguous to the Andhra State. And I must thank the Chief Minister for bringing in his amendment because when you say Andhra State boundaries, it really means boundaries of Madras and Mysore. No one could take objection to that. There is no particular snag in it and there is no cobra in the basket."

THE HON. SRI C. SUBRAMANIAM :—" You see cobras in our amendments? "

18th July 1953]

* SRI T. VISWANATHAM :—" No. But the same thing said by one man means one thing but means another if said by another. The word is the same, the dictionary is the same and the letters are the same. But the content and meaning differ with the men who use them. (Laughter.) I have added only one word 'claims'. I have not put in 'claims' displacing 'disputes.' My amendment includes disputes, claims and counter-claims. We require a certain amount of clarification because feelings and suspicions have been roused."

* THE HON. SRI C. RAJAGOPALACHARI :—" I hope my friend will not object to a little clarification I would like to make by intervening now. Claim includes dispute only if the claim is not accepted. When the claim is made and the claim is not accepted, then it becomes dispute. So what we really want is some proper word and 'dispute' is the proper word according to me and not a unilateral claim made from time to time as occasions arise."

* SRI T. VISWANATHAM :—" I am not referring to unilateral claims or claims and counter-claims or any particular disputes. I am putting in some provision whereby when a claim is made, counter-claim is made and, therefore, a dispute arises, the boundary commission, when it is appointed, may be able to give a decision on it. And I may assure you cent per cent that we will accept that decision whether it goes in our favour or against us."

THE HON. SRI C. RAJAGOPALACHARI :—" Therefore, 'dispute' is quite enough and is right also."

SRI T. VISWANATHAM :—" The word 'dispute' is not enough, Sir. Some people are content with a shirt on. Others want a coat over it. This trouble has arisen because the Chief Minister of Mysore has made a statement which is reported in this morning's papers."

THE HON. SRI C. RAJAGOPALACHARI :—" Surely, Sir, we have been talking too much about the statements made in the Mysore Assembly. The Mysore Chief Minister has a right of his own to make his own statements. We are concerned with claims and disputes here. But we are dealing with the Chief Minister of Mysore in his absence. How can we do that? "

SRI T. VISWANATHAM :—" That is our trouble. The Chief Minister of Mysore came in our absence and put us into this trouble."

SRI G. LATCHANNA :—" On a point of order, Sir, can any other State Chief Minister make statements concerning this State? "

MR. SPEAKER :—" That is also no point of order."

SRI T. VISWANATHAM :—" The question itself has arisen on a point of order." (Laughter.)

SRI K. SUBBA REDDI :—" On a point of order, Sir, no provision is made in the amendment that is suggested as to how

[Sri K. Subba Reddi]

[18h July 1953]

Bellary district is to be administered—these six taluks—before a boundary commission is appointed and before a plebiscite is taken. My suggestion is that provision should be made that under no circumstances should these six taluks go to Mysore."

MR. SPEAKER :—" This is also no point of order."

SRI T. VISWANATHAM :—" That is another aspect that my friend is suggesting. This trouble has arisen because we have taken two clauses together. One is for the present case and the other is for a future contingency. There is therefore some confusion about it. The Hon. the Chief Minister is good enough to say that we need not take what the Chief Minister of Mysore has said. I wish it were so. If the Chief Minister wants that we need not take into account the views of the Mysore Chief Minister, I want the Chief Minister of Madras to put our case and not the case of Mysore before the Centre. I am referring to the Chief Minister of Mysore because he has become unnecessarily a party to the transaction. Sitting elsewhere he can talk anything. (The Hon. Sri C. Rajagopalachari: 'He has heard you.') He heard me. In the first instance, he was good enough to say that Hyderabad and Madras spent money and Mysore was getting Tungabhadra as a gift only. When I said 'you have to bear liability', he woke up to it. Even so now I understand that the Mysore Government are willing to bear 30 per cent, when they take 45 per cent benefit from the Tungabhadra Project.

12-30
p.m.

" Who is to represent our case now? The Andhra State has not yet been formed. That is why hon. Member Sri Prakasam said that a third party with whom we cannot speak face to face should not come into this picture. They have now been allowed to come in and all these troubles have arisen. It would have been better if the Mysore Government had been removed from the picture and the Andhra State, the Mysore State and Prime Minister were allowed independently to deal with the matter later. That would have rendered so much passion unnecessary. Therefore may I appeal to the Hon. the Chief Minister to see whether it would be possible to accept our revised amendment. It is not too late now. After all we are only expressing our views. The Parliament has got to discuss the Bill and pass it. There is plenty of time. I am sure the Hon. the Chief Minister is capable of rising to such occasions. Otherwise they would say: 'This is the opinion of the Hon. Chief Minister of Madras. He has said that Bellary ought to go to Mysore.' If the Hon. Chief Minister says it, he should not say it and the Central Government also should not expect him to give any such partisan opinion and that is my request. At least so far as the trouble between Hon. Sri Nagan Gowda and myself is concerned let the Hon. the Chief Minister remain neutral.

" Sir much has been said on this issue. I only want the Hon. the Chief Minister and the Government of India to keep in mind the entire view with which this Bill was introduced. It is the result of the agitation carried on for forty years. The purpose of

18th July 1953]

[Sri T. Viswanatham]

this Bill is to establish a separate Andhra State including within it as large a territory as possible which is contiguously outlying on its borders. The Government of India also must consider and give us all the outlying areas which are contiguous, which are Telugu-speaking areas—it may be in the north, it may be in the west or it may be in the south-west. That is why we have moved amendment No. 21 which is very comprehensive. Amendment No. 44 moved by hon. Member Sri Gopala Menon also gives expression more or less to the views we have expressed. It is therefore necessary that these things should be done. I request the Hon. the Chief Minister to separate the question of plebiscite with regard to these small areas from that of the boundary commission. We have been insisting for some time that a separate State of Andhra should be formed. It has been conceded. It is now only a question of taking over. But here before the State is formed a part of the disputed area has been given away to another State. My submission is that the *status quo* must be preserved. What is the use of giving away territories and then going to the boundary commission? What after all is the territory concerned? Merely three firkas. The Andhras say they have got claim. The Kannadigas say, in a really *bona fide* way they have a claim over these firkas. Therefore plebiscite is the only answer to this problem. I therefore want this matter and other matters should be separated. With these remarks I want to enquire of the Hon. the Chief Minister whether he is agreeable to the few changes I have made to the amendment moved by the Government . . ."

MR. SPEAKER :—" When the Hon. Chief Minister speaks he will give a reply."

SRI T. VISWANATHAM :—" On his statement will depend the course of conduct we will adopt in regard to this matter."

THE HON. SRI C. RAJAGOPALACHARI :—" As I said, the whole of yesterday and this morning was taken for drafting this thing and some time was given to me this morning when it was handed over here. I am going to speak when the time comes and I shall explain my whole position as I feel."

* THE HON. DR. R. NAGAN GOUDA :—" Mr. Speaker, Sir, I wish to thank you for giving me this opportunity to speak on this subject to-day. I would have been glad to have spoken during the general discussion because then I wanted to express my pleasure also on the achievement by the Andhra people of their cherished objective, namely, the Andhra State. Andhras are very proud of their language, they love their language. They say: 'మన భాష మనదే'."

SRI T. VISWANATHAM :—" May I correct him, Sir. It is not a question of our saying it, Sir. It is what Krishnadevaraya says in a verse in a 'Prabhandam'."

[18th July 1953]

* THE HON. DR. R. NAGAN GOUDA :—" I do not see any connexion, Sir. They said that. When I say they said that, the hon. Member says that Krishnadevaraya said it. Evidently, then he was not a Telugu man." (Laughter.)

SRI T. VISWANATHAM :—" There is no controversy over it. Krishnadevaraya was a Tulu."

SRI K. VINAYAKAM :—" He was a Tamilian, Sir." (Laughter.)

SRI T. VISWANATHAM :—" He was a Tulu. His ancestors established an empire and his capital was at Vizianagaram. He was the foremost of the kings. He wrote literature in Telugu. He expanded the Andhra Empire. That is all, Sir."

* THE HON. DR. R. NAGAN GOUDA :—" I am very happy this incident has brought forth the part of the country to which he belonged. I think we are all making a mistake in thinking that the Vizianagaram Empire started with Krishnadevaraya. He came to the throne in 1509. But in 1336 the sons of Sangama, Harihara and Bukka and three others established the empire. It is only after they had ruled the country for 150 years and after they had established the famous Kingdom at Hampi—I am happy to belong to that place and come from that place—that Krishnadevaraya came. For these 150 years they kept off the invasion of South India from the North. After that, the original Sangama dynasty was overthrown, not in a very respectable way, by the chief of the armies. One of the ancestors of Krishnadevaraya was that Chief.

" Apart from that decision, I am glad that the Andhras who love their language very much—they have rightly said that Telugu is the Italian of the East—have achieved their objective, namely, the formation of the Andhra State.

12-40 p.m. " But, the same privilege must be given to the other people who love their own language. Sir, the claim has been made on Bellary for conveniences and considerations and other things like that. If you are going to have a linguistic province, then you cannot have any areas where Telugu is not spoken. Other considerations like economies, transport, projects and things like that cannot have consideration. You cannot have a linguistic State and also the conveniences. The Hon. the Chief Minister of this State has said again and again that the country cannot be divided on linguistic basis. There are other considerations which ought to be attended to. (Interruptions from Opposition Benches.) Now the Andhras want to have a linguistic State and also have all the conveniences. *అంధ్రులు, వాళ్ళ కష్టం!* is not possible. You want to eat the cake and have it too. If you want to have the linguistic State, you have to put up with some inconveniences.

" Sir, yesterday I believe, while Sri Prakasam was speaking, the question came about the records that are kept in Bellary in Telugu. It is something about which we complained to the

18th July 1953]

[Dr. R Nagan Gouda]

Central Government, the British Government, ever since the Congress came to agitate for self-Government, or for Swaraj or Independence. In an area like Bellary where the predominant language is Kannada, merely for the sake of convenience—when all the four districts were ceded by the Nizam, along with the three districts where Telugu was spoken,—Telugu officers and language were imposed on the Kannada areas of Bellary. For a hundred years, people whose mother-tongue is Kannada—I am anxious to tell this so that Mr. Prakasam and others must note—have been compelled to read and write the Telugu language which is not their mother-tongue."

SRI T. NAGI REDDI :—" On a point of order, Sir."

MR. SPEAKER :—" There is no point of order. The Hon Nagan Gouda will continue."

* THE HON. DR. R. NAGAN GOUDA :—" And now Sir, I know Mr. Prakasam will agree with me that it is an injustice. That has been done from 1805 when the districts were ceded by the Nizam to the British. We have been compelled to read Telugu while our mother-tongue has been Kannada. It was only in 1916 that we made representations and then got Kannada introduced as another language along with Telugu in our district.

" Now, Sir, Bellary taluk has become the bone of contention. I am not going to take much of your time. But I will content myself with saying this: that in 1920 or 1921 when Kelkar gave his award he definitely gave Bellary taluk to Karnatak Pradesh Congress Committee. That was in 1921. After that, in 1950, the Partition Committee of the Madras Government which consisted of Sri Prakasam, Sri Gopala Reddi, Sri Kala Venkata Rao, Sri Sanjiva Reddi and Sri Madhava Menon, Sri Kumarasami Raja and Sri Bhakthavathsalam went into the question. There was not one Kannada representative there. At that time, that Partition Committee gave Bellary taluk to the Residuary State. Mr. Prakasam who gave at that time a minute of dissent did not say a word about Bellary taluk then."

SRI T. VISWANATHAM :—" Will you please read out his minute?"

* THE HON. DR. R. NAGAN GOUDA :—" Sir, then Mr. Wanchoo came and made his enquiry. What did he say? He gave also Bellary taluk to the Karnataka area. He said an alternative solution would be to separate the three taluks of Alur, Adoni and Rayadurg here and now and allow 'the remaining seven taluks', please note, they include Bellary taluk—to form the Bellary district which will be predominantly Kanarese'. I want members to note that.

" Then, Sir, after the Kelkar Award, after the Partition Committee and after Justice Wanchoo had given Bellary to Karnataka, Mr. Justice Misra was sent to make an enquiry. It was not at the request of the Kannada people that Mr. Justice Misra was sent.

[Dr. R. Nagan Gouda] [18th July 1953]

Indeed, the Pradesh Congress Committee which met at Hubli just before Mr. Justice Misra was appointed, said that if there was going to be an enquiry, it should be in all the four taluks, (i.e.), the three taluks of Alur, Adoni and Rayadurg and Bellary also. Never did they (the Andhras) protest against the appointment of Mr. Justice Misra. And then Sir, when Mr. Justice Misra came, Mr. Prakasam and Messrs. Kala Venkata Rao, the Secretary of the Andhra Pradesh Congress Committee, and the President of the Andhra Pradesh Congress Committee gave memoranda to him and at that time too nothing was said about this. Now, Sir, is it because that Misra's findings went against their desires they complained? They had not made a claim for Bellary before and they made a claim for Bellary only after the statement of March 25th, by the Prime Minister? God alone knows why it was that statement contained a special announcement about Bellary. Somebody perhaps who had taken a special and recent interest in Andhra had also interested himself in Bellary taluk.

"Sir, we have heard so many members get up and talk against the decision of Mr. Justice Misra; but the figures that have been given by Misra have not been refuted by anybody at all. The report of Mr. Justice Misra is before us, but nobody has been able to criticise it. That is a significant thing. I will tell the House why it is so. Sir, in Bellary taluk, there are 89,000 Kannadigas, which is 52 per cent, and there are 43,000 Telugus—I am giving round figures—which is 25 per cent. This is, taking Bellary taluk without the floating population which includes the population in the jails and those people who are operating and working on the Tungabhadra project. Sir, with that huge difference between 52 and 25 per cent, how can they claim Bellary taluk? Sir, when that demand became something that they could not maintain, then the demand is made for the firkas.

12-50
p.m.

"Now, let us take the firkas of Rupanagudi, Moka and Bellary. Rupanagudi firka has a population of about 16,000, out of which 8,800 are Kanarese (52 per cent) and about 40 per cent are Telugu people. Moka firka has about 57 per cent Kanarese and 35 per cent Telugu people. Bellary firka including Bellary city has 32 per cent Kanarese and 27 per cent Telugu people, the balance 41 per cent comprising Muslims, Maharastrians and others. Therefore, Sir, when their stand on the question of these three firkas became untenable, they took up the question of a corridor. Anybody with a knowledge of corridors knows how difficult the question of corridors is. Danzig had a corridor and there was the question of corridor across the plains of Ganges connecting the Sindhu and the Brahmaputra. Corridors are cases which should never be supported. When Mr. Justice Misra took up the census figures as basis, some members say that the census figures are not reliable. It is unfortunate. If the census figures of 1951 are not held to be correct, let us take the census figures of 1931 or even 1921. This is a serious matter and it is a surprise for us that some people take up such a stand on census figures on which there should not be any doubt. We should always rely upon the census figures. Sir, it has been lightly talked

18th July 1953]

[Dr. R. Nagan Gouda]

about that there should be a plebiscite in Bellary. Before Mr. Justice Misra's report came, we in Bellary, let me tell Mr. Viswanatham, have lived in peace and amity and we have loved our Andhras as our brothers and for years past there have been no riots in Bellary. Now the rival claims on the division of Bellary district have brought about feelings which are to say the least unfortunate. Bellary is an agricultural taluk and a great majority of the people live in the villages and supply goods to the businessmen in Bellary town. They always lived in peace. Now, Sir, our friends are asking for a plebiscite. It is fire they are playing with. Feelings have already been roused in Bellary town on the question of language. Friendly relations have given way to bitterness. Things have become difficult. Now the members are asking for a plebiscite. Mr. Viswanatham who has been contesting elections a number of times knows what a plebiscite means. Even in the matter of elections to panchayat boards, feelings get roused, we know how many questions were put to the Hon. Minister for Local Administration about the number of quarrels and broken heads. Now, why do you want a plebiscite in Bellary taluk? Can't you depend upon the census figures? Mr. Viswanatham says, we can find out the people's opinion. Well, if census figures do not reveal the people's opinion regarding what languages they speak, how else are we going to find out their opinion? To conduct a plebiscite is very difficult. I, in all earnestness, appeal to the Members of this House to accept and depend upon the census figures rather than on a plebiscite."

MR. SPEAKER:—"It is already nearing 1 o'clock. I want to know whether we can finish this clause at a stretch and adjourn."

HON. MEMBERS:—"It is lunch-time, Sir. Let us adjourn."

THE HON. SRI C. RAJAGOPALACHARI:—"I heard that it was the Hon. Speaker's suggestion to continue the session and finish the clause, so that hon. Members may go away for lunch and come back for voting. Let us finish the clause completely now itself with no afternoon session."

THE HON. DR. R. NAGAN GOUDA:—"Sir, the question of Bellary taluk has been gone into in great detail by Mr Justice Misra also. With reference to the three firkas in Bellary taluk,

SRI T. C. NARAYANAN NAMBIAR:—"On a point of order, Sir. Most of the hon. Members in this House are under the impression that the session will be over by 1 o'clock. We did not take our lunch and if we continue indefinitely it will be very difficult to give attention to the discussion."

THE HON. SRI C. RAJAGOPALACHARI:—"It is not a point of order. It is a request to the Chair. Why was it called a point of order to the detriment of the speech? It is quite wrong to call every thing a point of order and interrupt speeches."

(The hon. Member Sri T. C. Narayana Nambiar was seen standing.)

[18th July 1953]

MR. SPEAKER :—“ I have consulted your Leader.”

MR. T. C. NARAYANA NAMBIAR :—“ It is not a question of consulting our Leader. It is a question of hunger.”

SRI T. NAGI REDDI :—“ We thought the whole discussion would be over. As speeches may have to be made and amendments are to be put to vote, we may have to sit up to 2-30 p.m. At least five of the amendments may come up for division.”

THE HON. SRI C. RAJAGOPALACHARI :—“ It is better, we sit at a stretch and finish this clause. We need not have the afternoon session.”

MR. SPEAKER :—“ Only to-day we will have to sit for longer hours.”

1 p.m. SRI G. LATCHANNA :—“ Mr. Speaker, it is better you fix a time-limit. We also want to know when the morning session would finish.”

MR. SPEAKER :—“ I am not going to allow any hon. Member to speak. The Hon. Dr. Nagan Gouda will continue. Then the Hon. the Leader of the House will reply. I think we shall finish this by 2 o'clock.”

* THE HON. DR. R. NAGAN GOUDA :—“ The question of plebiscite is not a very simple matter. It cannot be so lightly treated. So far as the Bellary taluk is concerned, a judicial enquiry has already been held by a person of the rank of the Chief Justice of a High Court. The Judge had reported his findings and the same had been accepted by the Government of India. I see no reason why we should raise up that question now. It is only because of the working of some Andhra protagonists that we have of late witnessed the unfortunate happenings in Bellary, which had so long remained calm. I agree with Mr. M. V. Krishna Rao that we should not go on encouraging an unending strife. I am strongly of the opinion that the Bellary question should be left out of our discussion. The amendment of the Leader of the House should make it clear that the question of Bellary should not be included in any reference to the Boundary Commission. Let not the chapter of Bellary be re-opened when its fate had already been decided on a judicial level.

“ My learned friend Mr. Prakasam wonders why the name of Mysore had been brought into the picture. After all, Sir, Mysore is our immediate neighbour. When the separation of Andhra State has taken place, the residuary Madras State cannot carry on the administration of the far removed Bellary district. It will not be administratively convenient for them to do so. We naturally belong to Mysore and there we go. The Government of India requested Mysore to take these Kannada taluks. They have agreed and we should be thankful to them. Therefore, Sir, let me conclude that this question of Bellary which has been gone into in great detail should be let out of the scope of the Boundary Commission.”

18th July 1953]

SRI T. VISWANATHAM :—“ One point, Sir. Has the Hon. Minister for Agriculture read what Mr. Misra himself says. ‘ Short of a plebiscite, the only course left open for me was to decide in favour of the majority opinion ’.”

* THE HON. SRI C. RAJAGOPALACHARI :—“ I am not replying, Sir. The Hon. the Leader of the House will do so. I am rising only to offer a few explanations with reference to the amendments that had been raised and clarify or at any rate obtain clarification and help in clarification. Let me make one point clear. All these clamours and counter-clamours had been raised because of a wrong impression. I want to remove that erroneous impression. It has been taken for granted by all the hon. Members (at any rate I believe so), who have spoken, that the creation of the Andhra State as a Part A State from the composite Part A State of Madras marks a full-fledged recognition and execution of the plan for the formation of linguistic States. Hence all these difficulties have arisen. Nothing of that sort of commitment had been entered into by the Government of India. The Government of India had announced that the whole question of the reconstitution of the boundaries of States would be gone into by a Commission that would be shortly appointed. But meanwhile in view of the situation that has developed in respect of the Andhra State separation from Madras, a decision had been made in respect of that only. That does not mean that the Government of India had totally accepted the principle of linguistic redistribution of all the States in the Indian Union. The separation of the Andhra territory from the Madras State closely follows the J.V.P. Report. This separation, I use the word ‘ separation,’ of Andhra from Madras State never forms part of the general question of the formation of linguistic States. Let that be clearly understood. That general question of the redistribution of the States on a linguistic basis is a thing for the Committee that is going to be appointed shortly, to go through in detail. Hon. Members should understand the principle behind the present Andhra Bill being discussed here in this House. It is to cover that particular aspect in our Constitution which requires (under Article 3) the concerned State Legislatures’ opinion thereon in respect of the Bill. That is the genesis behind the present Andhra Bill being discussed here in the Madras Legislature and Mysore also, for the States that are concerned are Madras, Andhra and Mysore. Let us see the Long Title. What does it say? I shall read it. It begins like this—

“ A Bill to provide for the formation of the State of Andhra, the increasing of the area of the State of Mysore and the diminishing of the area of the State of Madras, and for matters connected therewith.”

The wording of the Long Title clearly explains that the Andhra State is being formed by the separation of the Telugu districts from Madras. That is why I say this has nothing to do with the general plan of the formation of linguistic States, which is to be thoroughly gone into by a Committee. That is why I feel that we cannot go into the details of that general question. This Bill has been referred to us for eliciting the opinion of the House under Article 3. We cannot cover any more ground. For instance we cannot go into the

[18th July 1953]

question of the disintegration of Hyderabad or Mysore or things like that. Therefore, it is that I say Government are unable to accept the suggestions of hon. Members that we could discuss the question of 'Visala Andhra' also here by way of amendments. That is a thing to be left over for discussion in Parliament (and not here, mind you) after the report of the Committee I had referred to previously will be received in Parliament. After the report is received in Parliament it is perfectly open for hon. Members concerned in the House of the People to discuss that question threadbare. It is not for this Assembly to express its individual opinion without taking the opinions of the other States which are intimately connected in this matter. We have our own limitations. That is why I say the Government are unable to accept the amendments which cover far wide a ground. At any rate let me not be mistaken as though I am preventing hon. Members from moving their amendments. By all means, if the House so desires, let their amendments be put to vote. I do not stand in the way. But the only request I would make the hon. Members is 'permit us to withdraw our amendment' in view of the majority of hon. Members having not clearly understood the purpose behind our amendment. It looks as though hon. Members have not clearly understood what we mean by our amendment. In order to explain that only I had risen. Seeing as I do the hon. Members wanting to press amendments 10, 21, 36 and 47, which cover a field beyond our jurisdiction, the only course left for the Government, is I think, to withdraw ours. That is how the position stands as a matter of fact. Bellary friends have opposed the very idea that Bellary should even by interpretation come within the meaning of any amendment.

"Yesterday, Mr. Viswanatham wanted some time for them to present an agreed amendment on this boundary question. After all nights' labour he now comes with an agreed amendment (at any rate he says so) and at the same time he says that they would press amendments 10, 21, 36 and 47. Then what is the agreement they had arrived at? Amendments 10, 21, 36 and 47 refer to the border areas of not only Andhra but Mysore, Madras, Madhya Pradesh, Hyderabad and Orissa. How are we, members of this House, justified in discussing that question and surely it is not for this Assembly to offer any opinion in this matter without the respective State Legislatures discussing the same? I had already explained that we are not justified in discussing the same. It is for the House of the People to discuss after receiving that Committee's report, to which I had already referred. We cannot discuss inter-State affairs. It is for the Parliament to discuss them. The whole question would have to be gone into by the Committee that is going to be appointed. Let me now come to Sri Viswanatham's amendment.

1-10 p.m. "Mr. Speaker, Sir, if Sri Viswanatham's motion in the amended form refers to only adjustments that may be necessary in respect of the boundaries of the Andhra State, I could understand, but there is no necessity to put in 'Madras and Mysore'; if it is only in regard to the boundary that impinges on and is contiguous to

18th July 1953] [Sri C. Rajagopalachari]

the Andhra State, there is no necessity for it. Also he wants to introduce 'claims and disputes in respect of . . . ' whereas the Government amendment is with reference to disputes that have already arisen, which means that claims which have not yet even come to notice should be considered by the Boundary Commission. It may be that Sri Viswanatham does not mean all that I have read in this motion but it must also be taken into consideration because if the Government forward the amended resolution in this form, they will be responsible for re-opening the whole thing which would mean that the entire decision, the entire scheme and the plan are re-opened once again before the Boundary Commission. I feel that the Government of India would consider that this Government has over-stepped its responsibility and duty in making such a wide proposal. For my part, I would request the Speaker to allow the Government to withdraw their resolution if all the other amendments are also to be put up and I would like the House to give permission for it, but suppose the House does not give permission, it would be put to vote as it stands, but not with these amendments."

SRI T. VISWANATHAM :—"With regard to the text I have given would it suit the Hon. the Chief Minister if instead we say 'adjustment regarding boundaries of the Andhra State with the Residuary State of Madras and the Mysore State'."

THE HON. SRI C. RAJAGOPALACHARI :—"Even there more could be read. Men imagine that there is lot of gold in Kolar still and that is the trouble."

(Sri T. Prakasam rose in his seat.)

MR. SPEAKER :—"The hon. Member, Sri Prakasam, spoke yesterday; does he want to speak a second time on this matter?"

SRI T. PRAKASAM :—"This is the second time that my learned Friend has spoken on the same thing and by way of final reply, he has said this, Sir."

THE HON. SRI C. RAJAGOPALACHARI :—"You took the whole thing into consideration last night and you asked me to consider it and I have considered the thing and my consideration must be expressed."

SRI T. PRAKASAM :—"Mr. Speaker, Sir, the Chief Minister said that this is not a linguistic matter, but my point is that it is a linguistic matter and if he wants to say this now at the close of this discussion . . ."

* THE HON. SRI C. RAJAGOPALACHARI :—"What I said has not been understood properly by the hon. Member; I said that this should not be considered as the formation of an Andhra State on the ground of a complete linguistic re-distribution that misconception brings in the question of Visalandhra here. I say, Sir, that to the extent that claims have been understood, and disputed all these few years, they conceded that the undisputed Telugu-speaking areas in and of the Madras State may be formed into an Andhra

[Sri C. Rajagopalachari] [18th July 1953]

State without going into the question of forming all the Telugu-speaking areas of India into an Andhra State. You may have a bigger Andhra State later on."

SRI T. PRAKASAM :—" It is on that point, Sir, that I wanted to point out to my learned Friend that the basis of the whole of this Bill is the statement made by the Prime Minister in Parliament; he stated that the Telugu-speaking areas must be brought into the new State that would be formed and for Telugu-speaking areas, so far as this Bill is concerned, the basis is one of language and that is how all these amendments have come in.

" So far as my amendments are concerned, I say that Mysore should not have been brought in here. The Long Title is wrong and no other State should have come in here because it must be a purely Andhra Bill. I fail to understand, Sir, how the question relating to Mysore could be decided by the Government of India or by this House? So, Sir, Mysore must be omitted altogether from this Bill wherever it occurs. My Friend says 'Mysore' must be there and the assignment of Bellary to Mysore must remain because it has been decided by Mr. Misra and it could not be reopened as it is final. Constitutionally speaking, Sir, it is a wrong view. An Andhra Bill must be a purely Andhra Bill; it cannot be a partly Andhra and partly Mysore Bill. I feel that we should proceed on the basis of the *status quo* before the Misra award; that I feel, is the only course that should be properly followed and we should not start with the assignment of Bellary to Mysore as an accomplished fact, saying that Mysore has been given away and it is final and nothing could be said or raised about it. That is why, Sir, for the last two or three days discussions have been going on for a Boundary Commission that would be appointed. I submit, Sir, that the whole thing has been brought into such a confusion by my Hon. Friend by saying that Mysore must be there for some purpose although we were not parties to the Mysore business."

* THE HON. SRI C. SUBRAMANIAM :—" Mr. Speaker, Sir, the Prime Minister's statement regarding the formation of the Andhra State has been referred to on the floor of the House by my old Friend Sri Prakasam and I shall read out the exact sentence to which he was referring—

" The basic considerations which have to be kept in view are that the Andhra State has to be established and that it should consist of the Telugu-speaking areas of the present Madras State."

That, Sir, is the categorical statement made by the Prime Minister. That is why the Chief Minister observed that we have got to confine ourselves to the Telugu-speaking areas in the present Madras State and it would be outside the scope of the Bill and of our discussions if we should deal with matters relating to territories outside the Madras State. As a matter of fact, he tried to clear the confusion which was persisting in the minds of hon. Member that this is not a question concerning the formation of Andhra State as a whole taking in all the Telugu-speaking areas in the country. It is not so because for the present it is to be confined to the Telugu-speaking areas in the Madras State only."

18th July 1953]

SRI T. PRAKASAM :—" Not in the whole of the country, but in Madras State only."

* THE HON. SRI C. SUBRAMANIAM :—" Yes, it is only with reference to the Telugu-speaking areas in Madras State. With reference to the adjustment of boundaries in respect of other States either on the linguistic principle or any other principle, a statement has been made by the Prime Minister that a Commission is going to be appointed to go into the whole question of the redistribution of the boundaries of the different States. The conditions which have to be taken into account in respect of this redistribution of the boundaries have also been stated. Therefore, there is no use now in talking about various areas which are either in Mysore, Hyderabad or Orissa. I am sure they will be dealt with by the Commission which is going to be appointed. In considering clauses 3 and 4 we have therefore to confine ourselves only to the areas contained within the Madras State. As regards the other amendments, one set of amendments are in respect of the territories which should go to form the Andhra State and another set of amendments have been given by my hon. Friend, Sri T. Prakasam, that the whole of the Bellary district should be included in the Andhra State. There are also certain amendments to the effect that the seven taluks may go to Mysore, but, in respect of the Bellary taluk, three firkas should be separated and tacked on to the three other taluks which go to Andhra. In respect of all these amendments, I would respectfully submit that it is now too late to ask that the whole of the Bellary district should be included in the Andhra State. It has been categorically stated that only the undisputed areas, namely, the eleven Telugu districts and the three taluks of Alur, Adoni and Rayadrug taluks of Bellary district, would go into the Andhra State. As regards Bellary taluk, my Friend, the Hon. Dr. R. Nagan Gouda has pointed out how there has been no claim till recently to the Bellary town or the Bellary taluk, and that it is only a recent claim. It is not as if the matter stands there. Justice Wanchoo has gone into the matter and Justice Misra has also gone into this matter. Therefore, on the Government side, we cannot now agree to the three firkas of the Bellary taluk, or the whole of the Bellary taluk or the whole of the Bellary district going into the Andhra State. This is the position of the Government because we have to take note of certain things which have happened. Whether they are final or provisional, we have to abide by them. It may be that later on, either through a Boundary Commission or a plebiscite, the Andhra State may be able to get either the whole of the district of Bellary, or the taluk of Bellary or at least the three firkas of Bellary taluk. It is not a matter which concerns us now. There are some decisions which may be provisional but we have to abide by them. Therefore, any amendment which would suggest that these three firkas or the taluk of Bellary or the whole of the Bellary district should go into the Andhra State cannot be accepted by the Government. The other amendments relating to disputes arising out of border claims and the appointment of a Boundary Commission to go into the question of any area either

in Mysore, Hyderabad, Orissa or Madhya Pradesh, would, I respectfully submit, be equally out of place because this Bill is confined only to the territories which are now contained in the present Madras State. So, whatever reference we may make in regard to areas outside the Madras State would, I submit again, be quite out of place."

SRI T. PRAKASAM:—"Sir, when Mysore was introduced in this Bill, it became necessary for our Friends to introduce other States like Hyderabad, etc. (The Hon. Sri C. Rajagopalachari: 'I cannot agree.') These are not really amendments, but only expression of our views. We are calling them amendments for the sake of convenience."

* THE HON. SRI C. SUBRAMANIAM:—"Sir, I am not disputing the right of any hon. Member to bring any amendment but, as Government, we cannot accept any of these amendments because they go beyond the scope of the Bill and we cannot be a party to that. I am making my submission only in this respect."

SRI T. PRAKASAM:—"Sir, we have had discussions till now on all the amendments. All have been accepted and the discussions have been carried on on this basis. It is not for the Government now to say that they cannot accept them. They will have to be put before the House and its opinion must be recorded."

* THE HON. SRI C. SUBRAMANIAM:—"Sir, I am not stating that these amendments should not be put to the vote of the House. I am only explaining how the Government are unable to support them. In these circumstances, they have to be viewed only in this light. As far as the Government's amendment is concerned, as already stated by the Hon. the Chief Minister, if the House gives permission, I would like to withdraw it and if the House is not willing to give permission to withdraw, I have no objection to its being voted upon but we do not want to stand by that amendment now. That is all I have to say and I would request the House to give me permission to withdraw the amendment."

MR. SPEAKER:—"The Hon. the Leader of the House wants to withdraw the amendment. I think the House gives the necessary permission."

SRI T. VISWANATHAM:—"Sir, we are after all only expressing our views here. The amendment has been put before the House and I do not see why it should be withdrawn."

MR. SPEAKER:—"I would like to know what the hon. Member wants."

SRI T. VISWANATHAM:—"He need not withdraw it. (An hon. Member: 'The Government are not in need of any advice'.) I am not seeking to advise the Government. They are above advice and I am only requesting the Hon. the Chief Minister to consider whether he cannot accept my suggestion not to withdraw the amendment."

18th July 1953]

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, if there is any desire that this amendment should be carried through, let Sri T. Viswanatham not want to change its wording."

MR. SPEAKER:—"Probably, Sri T. Viswanatham wants time to consider."

SRI T. VISWANATHAM:—"Sir, there are several parties here and I shall have to consult on this side."

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, I submit that the question before the House is whether it will give the necessary permission to withdraw the amendment or not. We need not be discussing it for all time whatever be the number of parties."

MR. SPEAKER:—"May I know what the hon. Member, Sri T. Viswanatham, now desires?"

SRI T. VISWANATHAM:—"We shall not allow the Hon. the Leader of the House to withdraw the amendment."

MR. SPEAKER:—"I will then put it to the vote of the House but before doing so I would like to know what will be the position of the other amendments if this motion is carried."

THE HON. SRI C. RAJAGOPALACHARI:—"They will have to be withdrawn."

SRI T. VISWANATHAM:—"Sir, the contents of this amendment are different from the other amendments."

MR. SPEAKER:—"I therefore consider that it will be better to put all the other amendments to the vote of the House and take this up at the end."

SRI G. LATCHANNA:—"Sir, there are certain other amendments which may be pressed to a division which would necessarily mean a lot of time."

MR. SPEAKER:—"A division will take only about 10 minutes."

SRI G. LATCHANNA:—"Sir, it is already very late and it is very difficult for us to continue."

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, with great deference to my Friends opposite or alongside of me, I submit that we should not indulge in such dilatory tactics. We have finished the discussion and we have only to take opinions."

SRI T. NAGI REDDI:—"Sir, it is not dilatory tactics. I know that we ourselves are going to press for a division in regard to five of the amendments and I am sure that other parties also press for their contentions. The point that the hon. Member, Sri G. Latchanna, raised is that it is difficult to finish all these divisions within the short time at our disposal now. It would be better for us to adjourn now and meet again. It is not a question

[Sri T. Nagi Reddi] [18th July 1953]

of dilatory tactics and I am sorry the Hon. the Chief Minister used those words. We are as much interested in finishing it but we want to decide conscientiously and properly."

THE HON. SRI C. RAJAGOPALACHARI:—"I know that the other side is wanting it but they do not know how to do it."

SRI T. NAGI REDDI:—"Sir, we do not want to rush through as the Hon. Chief Minister wants us to do. We would like to go carefully and as amicably as possible. There is no question of dilatory tactics and it is wrong to use that word."

1-30 p.m. SRI K. VARADACHARI:—"As it was said that voting would begin at 2 o'clock, several members have gone for lunch. Let us postpone the voting, Sir, to Monday morning."

MR. SPEAKER:—"It is not possible. We shall meet again at . . ."

THE HON. SRI C. SUBRAMANIAM:—"I must make the position clear. Some of the hon. Members want to press for division. Each division will take ten minutes."

"Even if the voting continues up to 3 o'clock are we to continue to sit?"

AN HON. MEMBER:—"Let us meet again at 3 o'clock. It is too late. We are very hungry."

SRI T. PRAKASAM:—"At the very outset, I wanted to point out that it would take a long time for voting and divisions. It cannot be finished within five or ten minutes. Let us adjourn now for lunch and meet again at 3 o'clock."

SRI K. KOTI REDDI:—"You, Sir, said that the voting will begin at 2 o'clock . . ."

MR. SPEAKER:—"Let us come to some arrangement."

* THE HON. SRI C. SUBRAMANIAM:—"It entirely depends upon the convenience of hon. Members. Opinions seem to be divided. One section says, 'Let us now finish the voting and be free for the rest of the day.' There is another section of opinion which wants to go for lunch immediately."

MR. SPEAKER:—"If there is division, hon. Members will have to sit even up to 3 o'clock."

THE HON. SRI C. SUBRAMANIAM:—"I wish to leave it to the House to decide."

THE HON. SRI C. RAJAGOPALACHARI:—"It is ordinary commonsense in all these matters that instead of discussing things we must do them. Therefore, I suggest that we proceed with the voting, and then if we want to disperse, let us disperse and come back at 3 o'clock."

18th July 1953]

SRI T. NAGI REDDI:—"Sir, instead of beginning to divide and then dispersing, why not we meet at 3 o'clock and proceed with division continuously?"

THE HON. SRI C. RAJAGOPALACHARI:—"If it is only a case of the demands of stomach, then what I said is common-sense."

SRI T. NAGI REDDI:—"It is as much a case of the stomach as of tiredness on the other side. It is also a case of some Members wanting to finish the whole thing now and be free for the rest of the day. My point is this. If we begin to divide now setting a time-limit and disperse to come back to divide again, I do not think that it will be a proper thing. I wish the Government and other Members will accept the suggestion to disperse now for lunch and meet again at 3 o'clock and finish the whole business by 5 o'clock."

THE HON. SRI C. RAJAGOPALACHARI:—"By this time, five divisions could have been finished!"

SRI G. LATCHANNA:—"It will be proper and just to allow us to go for lunch now and to have another session in the evening."

MR. SPEAKER:—"I will continue to put the amendments to the vote of the House till 2 o'clock, and if we are not in a position to finish the voting on all the amendments, we shall adjourn and meet again at 3 o'clock."

SRI PILLALAMARRI VENKATESWARLU:—"It is almost impossible to finish the whole thing by 2 o'clock."

MR. SPEAKER:—"Then we shall adjourn now and meet again at 3 p.m."

The House then adjourned for lunch.

(After lunch—3 p.m.)

The House reassembled after lunch and the voting on the amendments^a was taken up.

The amendments standing in the name of Sri D. Krishnamurthy (No. 9), Sri G. Latchanna (No. 12), Sri M. Rajeswara Rao (No. 13), Sri G. C. Kondayya (No. 17), and Sri K. T. Kosalam (No. 18) were deemed to have been withdrawn as the Members who moved the amendments were not in their places.

The amendments standing in the name of Sri K. Varadachari (No. 10), Sri T. Prakasam (No. 11), Sri Ijari Sirasappa (No. 14), Sri V. Gopalakrishnaiah (No. 16) and Sri E. L. Raghava Mudaliar (No. 20) were put and lost.

The following amendment (No. 21) standing in the name of Sri T. N. Venkatasubba Reddi was put and declared lost :—

Add the following proviso to clause 3, sub-clause (1) :—

“ Provided that the Government of India do take necessary steps to finally settle the boundaries of the Madras, Andhra and Mysore, Orissa, Hyderabad and Madhya Pradesh States, either by mutual agreement between the States concerned or by a boundary commission or commissions and that the districts concerned may thereupon be reformed accordingly.”

A poll was demanded and the House divided thus—

The amendment was carried.

MR. SPEAKER :—“ Now that this amendment has been passed, what is the position of the other amendments? ”

SRI T. NAGI REDDI :—“ I believe the other amendments also will have to be put to the vote of the House, as certain amendments lay stress on particular points. The amendment that has been passed is a general one.”

MR. SPEAKER :—“ The hon. Member should not take it as an amendment; it is only a view. But there are certain amendments which actually form part of the amendment that has been passed.”

THE HON. SRI C. SUBRAMANIAM :—“ Some amendments will have to be ruled out of order and some will have to be put to vote.”

Then the amendments standing in the name of Sri V. R. Nagarajan (No. 25), Sri K. Varadachari (Nos. 26 and 31), Sri G. Latchanna (No. 27), Sri T. Prakasam (No. 28), Sri G. C. Kondayya (No. 30), Sri M. Hanumantha Rao (No. 35), and Sri T. Nagi Reddi (No. 36) were, by leave, withdrawn.

The amendments standing in the name of Sri Pillalamarri Venkateswarlu (No. 32) and Sri P. Pundarikakshacharyulu (No. 33) were put and lost.

MR. SPEAKER :—“ I am going to put the amendment standing in the name of Sri M. Kalyanasundaram (No. 34) to vote.”

SRI T. VISWANATHAM :—“ Sir, some of the amendments are covered by the amendment which has already been passed. I submit that such amendments may be ruled out of order.”

The amendment of Sri M. Kalyanasundaram (No. 34) was put and lost.

The amendment of Sri T. Nagi Reddi (No. 37) was put and lost.

18th July 1953]

SRI K. VINAYAKAM :—“ Sir, I want to make a verbal change in my amendment (No. 38).”

MR. SPEAKER :—“ If it is a verbal change, I will accept it.” 3-40 p.m.

SRI K. VINAYAKAM :—“ The first four lines of the amendment are to be omitted.”

SRI T. VISWANATHAM :—“ Mr. Speaker, Sir, he wants to leave out certain words. The House having earlier accepted amendment No. 21 of Sri T. N. Venkatasubba Reddi, this will be superfluous and out of order also. This has already been covered.”

MR. SPEAKER :—“ This is not covered.”

SRI T. NAGI REDDI :—“ Sir, this is a fundamental change. The operative part of the amendment is taken away. This is not a verbal change, and it cannot be accepted.”

MR. SPEAKER :—“ It is only a verbal change.”

SRI T. NAGI REDDI :—“ Please allow me, Sir, to explain. The Government have already accepted an amendment and acted upon that for the purpose . . . (Interruption.) Every district is a disputed district. When I have raised a point of order . . .” (Interruptions.)

RAJA MUTHIAH CHETTIYAR OF CHETTINAD :—“ On a point of order, Sir. I submit to the Speaker that the question whether a particular change is verbal or not is solely within the discretion of the Chair, and is not to be questioned by any Member of this House.”

SRI T. NAGI REDDI :—“ Mr. Speaker, Sir, the point that I wish to make is very important. Even the Anantapur district is an undisputed district in the sense of Chittoor being an undisputed district. In Anantapur, there are boundaries which are disputed. The very question of dispute was there in the amendment. The amended amendment is a very fundamental change from the original amendment. The first four lines of the amendment are sought to be removed now after so much discussion has taken place. The discussion has overruled this fundamental change. The amendment is sought to be made for the sake of voting. I think this should not be allowed. The amendment without the verbal change can be put to vote. A fundamental change is now sought to be made in the amendment, and this should not be allowed.”

* THE HON. SRI C. SUBRAMANIAM :—“ It is only a verbal change. Certain reasons have been given in the first four lines of the amendment. They are now sought to be removed. What we recommend to Parliament is only material. There is no material change in the amended amendment.”

[18th July 1953]

SRI C. V. K. RAO :—" Sir, here is an amendment moved by Sri Vinayakam. The amendment has been discussed, and it was before the Assembly for some time. At the time of voting, no amendment to the amendment can be moved. What is more? The Leader of the House has no business to make any kind of suggestion. Even a verbal change must be an amendment. I submit that everything must be moved as an amendment. No amendment has been moved to the amendment of Sri Vinayakam. When voting is about to take place, no verbal change can be accepted. This is my point."

SRI T. VISWANATHAM :—" In addition to what my hon. Friend Sri C. V. K. Rao said, I submit that the omission of four lines altogether cannot, I say with due deference to the Chair, be considered a verbal amendment."

* THE HON. SRI C. SUBRAMANIAM :—" One word may change the whole thing, or four lines may be superfluous and therefore immaterial. We should not be guided by the fact that it is four lines or one word. We must see whether any material alteration of the amendment is made. I submit that there is no material change."

SRI PILLALAMARRI VENKATESWARLU :—" If the amendment is not materially changed, as the Leader of the House says, it is correct. But that is not the case. The hon. Member has given so many reasons for the amendment. But the operative portion is being omitted now. If the first four lines are omitted, the material portion is affected. That is why I say that it is a material change."

(Some hon. Members were seen standing in their places.)

MR. SPEAKER :—" I have allowed enough time. Everybody has explained the amendment. I have allowed the verbal change. I am going to put it to the vote of the House."

The amendment of Sri K. Vinayakam (No. 38) as amended was then put to the House—

" That this House recommends that a boundary commission be appointed to examine the claims of Tamilians in the Chittoor district."

The amendment was declared carried. The Division bell was then rung, and the doors were ordered to be closed.

SRI T. NAGI REDDI :—" May I know who demanded a poll, Sir? "

MR. SPEAKER :—" Some hon. Member demanded it. If nobody wants a poll, I take it that the amendment is carried. The amendment is carried. I will put the next amendment to the vote of the House."

The amendment of Sri K. Venkiah (No. 39) was put and lost.

18th July 1953]

SRI L. LAKSHMAN DASS :—" Mr. Speaker, Sir, in view of the amendment of Mr. Venkatasubba Reddi having been carried, I do not press my amendment."

The amendments of Sri L. Lakshman Dass (No. 41), Sri K. Ramaiah Chowdary (No. 42) and Sri G. Yallamanda Reddi (No. 43) were, by leave, withdrawn.

SRI T. NAGI REDDI :—" Sir, the amendment of Sri N. Gopala Menon must be put to vote."

MR. SPEAKER :—" Am I to understand that the House has not given permission to Mr. Gopala Menon to withdraw his amendment? "

SRI N. GOPALA MENON :—" Sir, let me make my position clear. I find that amendment No. 21, which is a very clear and comprehensive one, includes practically all that is contained in my amendment (No. 44). So, I thought there was no use in pressing my amendment."

The amendment (No. 44) was, by leave, withdrawn.

SRI K. VARADACHARI :—" Sir, I press my amendment (No. 45): "

THE HON. SRI C. SUBRAMANIAM :—" A similar amendment has already been lost, and, therefore, this amendment cannot be pressed. This is only a consequential amendment to amendments Nos. 10 and 13."

SRI VAVILALA GOPALAKRISHNAIAH :—" On a point of order, Sir, can the Secretary to the Government intervene in the discussion? "

MR. SPEAKER :—" He is not at all intervening."

SRI VAVILALA GOPALAKRISHNAIAH :—" I see that the Secretary to Government (Mr. Venkateswaran) is suggesting something to you, Sir."

MR. SPEAKER :—" Does the hon. Member think that I am taking lessons from the Secretary to the Government? Let the hon. Member first withdraw his statement."

SRI VAVILALA GOPALAKRISHNAIAH :—" He has been standing there."

MR. SPEAKER :—" Does it mean that he is tutoring me? "

SRI VAVILALA GOPALAKRISHNAIAH :—" I am prepared to withdraw, and I withdraw. But I must tell the Hon. Speaker that he was standing by the side of the Speaker."

MR. SPEAKER :—" He may be standing by my side. My clerk is standing by my side. But I am not tutored by him."

[Mr. Speaker] [18th July 1953]

"Now I would advise Mr. Varadachari to withdraw his amendment, the House having given its verdict on the previous amendments. The hon. Member cannot press his amendment now."

SRI K. VARADACHARI :—"I am not withdrawing the amendment."

The amendment of Sri K. Varadachari (No. 45) was put and lost.

The amendments of Sri K. Varadachari (No. 46) and Sri T. Prakasam (No. 47) were, by leave, withdrawn.

The amendment of Sri K. Varadachari (No. 48) was put and lost.

The amendments of Sri G. Latchanna (No. 50) and Sri Ijari Sirsappa (No. 51) were, by leave, withdrawn.

Amendment No. 52.

MR. SPEAKER :—"This amendment is similar to the one lost previously. So, I think the hon. Member is not pressing it."

SRI VAVILALA GOPALAKRISHNAIAH :—"I am pressing it, Sir."

MR. SPEAKER :—"Does the hon. Member want a division on this? I want to know the opinion of the hon. Member Sri Nagi Reddi."

SRI T. NAGI REDDI :—"I do not want a division, Sir."

MR. SPEAKER :—"Then, is he advising Sri Gopalakrishnaiah not to press it?"

SRI T. NAGI REDDI :—"It depends upon him. So far as I am concerned, I am not pressing it."

THE HON. SRI C. RAJAGOPALACHARI :—"May I advise Sri Gopalakrishnaiah not to press it?"

MR. SPEAKER :—"I think it is a consequential amendment. I cannot put this to the vote of the House. If amendment No. 16 had been accepted, this would be in order. But having lost amendment No. 16, the hon. Member cannot press this amendment."

SRI VAVILALA GOPALAKRISHNAIAH :—"The amendment has been placed before the House already. When I press for a division, it cannot be said that it is out of order."

MR. SPEAKER :—"Where is it said that I should not consider it a second time? Now, I say it is clearly out of order." (Laughter.)

18th July 1953]

The amendments of Sri G. Latchanna (No. 53) and of Sri P. Kotiah (No. 54) were, by leave, withdrawn.

Amendment No. 55.

SRI S. S. KOLKEBAIL :—"I am pressing the amendment, Sir."

MR. SPEAKER :—"I have no objection to put it to the vote of the House. However, I wish to hear the Chief Minister on this matter."

THE HON. SRI C. SUBRAMANIAM :—"It is a separate amendment, Sir."

The amendment of Sri S. S. Kolkebil (No. 55) was put and lost.

The Government amendment moved by the Hon. Sri C. Subramaniam (No. 55-A) was, by leave, withdrawn.

Amendment No. 56.

SRI PILLALAMARRI VENKATESWARLU :—"On a point of information, Sir. Are we proceeding with the consideration of the Bill clause by clause? In the morning, we were given to understand . . ."

MR. SPEAKER :—"I told the House that we would sit and finish consideration of the clause. But not having finished it, we shall sit till 5 of the clock and see how far we progress."

SRI PILLALAMARRI VENKATESWARLU :—"Will you, Sir, kindly take the other factor into consideration? In the morning we sat till nearly 2 p.m."

MR. SPEAKER :—"We can sit for one hour more. I am not going to make the House sit till 6 p.m."

SRI PILLALAMARRI VENKATESWARLU :—"Important amendments are coming up."

SRI T. N. VENKATASUBBA REDDI :—"May I represent to you that we expected that the House was going to be adjourned now? All of us are really tired."

MR. SPEAKER :—"The House has not accepted my advice. My advice was that we should finish the consideration of the clause and adjourn once and for all. As the House has not accepted my advice, we shall have to sit till 5 p.m."

THE HON. SRI C. RAJAGOPALACHARI :—"I thought it was dilatory tactics, this morning. What else can it be except dilatory now? It is generally considered that even when a Court hears the whole case and puts off its judgment, it is objectionable?"

[18th July 1953]

SRI T. NAGI REDDI :—" The request need not always be preceded by some insinuation from the Hon. the Chief Minister. He said it was all dilatory tactics. After all, the Bill has come here only after the dilatory tactics of the Government for so many months. So, why should we consider it dilatory tactics now? "

MR. SPEAKER :—" The House will sit till 5 p.m."

SRI PILLALAMARRI VENKATESWARLU :—" The Hon. the Chief Minister is always characterizing these things as dilatory tactics. This is not at all dilatory. We know definitely that this is not his Bill, whatever may be his opinions. So, let him not suffer from that impression.

" Now, Sir previously we were given to understand that there would be no discussion. As such, we have not come prepared. If you insist that we should sit now, any important amendment to any important clause that may come up may be postponed."

THE HON. SRI C. SUBRAMANIAM :—" There is no important thing."

MR. SPEAKER :—" Difficulty will arise only when we come to the Seventh Schedule relating to division of liabilities and assets."

* SRI M. KALYANASUNDARAM :—" Sir, I move the following amendment :—

' 56. This House recommends to the Government of India that in order that the Andhra State Act may not in future be assailed from a constitutional angle the amendment to the I Schedule to the Constitution provided for in clause 5 of the Bill may be made by means of regular amendment to the Constitution provided for in the Constitution itself.'

I shall explain the object of my amendment. The passing of this Bill by the Parliament will lead to some consequential amendments to the Constitution. For this purpose, there is provision under Article 4 (1) of the Constitution. But generally any amendment to the Constitution must be made under Article 368. True, there is provision for making consequential amendments under Article 4 (1) (a). Here, as a result of this amendment, there is an increase in the quantum of representation in Parliament, that is, the number of representatives that can be sent by both Madras and the new Andhra States to the Council of States is increased by three. This comes under Article 368, because the quantum of representation is affected by this amendment. It cannot come under Article 4 (1). Our legal opinion is to the effect that this will come only under Article 368. If, however, the total number of seats is divided between these two States, then it will come under Article 4 (1). But the quantum of representation is increased to the prejudice of the representation of other States. This can be covered only by Article 368 of the Constitution. So,

[18th July 1953] [Sri M. Kalyanasundaram]

if any satisfactory clarification is coming forth from the Government, I will not press my amendment. Otherwise, there is no harm in sending it to the Central Government as our views, for their information."

THE HON. SRI C. RAJAGOPALACHARI :—" It is a matter ^{4 p.m.} of commonsense. We have to consider whether it is necessary to raise this point in this House or whether we can leave this point to be considered in the House of the People when the Bill is considered there."

* SRI M. KALYANASUNDARAM :—" The Hon. Chief Minister wishes to avoid dilatory tactics and that the Bill must be disposed of without delay. If this point was raised at a later stage in the Parliament at Delhi, it will delay the passing of the Andhra State Bill."

* THE HON. SRI C. SUBRAMANIAM :—" Articles 3 and 4 lay down the procedure in respect of the formation of new States. Indeed as a consequence to that, the scale of representation in each State and the quantum of representation may change, because for the first 5 millions there is one scale of representation and thereafter there is another scale of representation. But the maximum fixed for the Council of States is not exceeded now, because, the maximum has not been reached. They can have 40 more, but there is only an increase of 3 contemplated here. We are following the scale of representation laid down in the Constitution itself. As a result of this one State gets three more seats. Therefore, there is no point in the present amendment."

* SRI M. KALYANASUNDARAM :—" Anyhow, I am anxious that this point should be conveyed to the Central Government. I am not convinced even after hearing the explanation offered by the Leader of the House. It is true that the number fixed for the Council of States is not exceeded. But the composite Madras State was having a certain number. Any increase is likely to affect the representation of the other Part A and Part B States. Probably it may be an oversight. If this point was raised at a later stage in the Parliament, it will lead to further delay."

THE HON. SRI C. RAJAGOPALACHARI :—" If there was an oversight and it was pointed out here, how does it save time? Ours is only an opinion and not a decision. It is for the House of the People to consider whether there was any oversight and take a decision in the matter. So our considering this matter will not save time. If time is lost, it is lost."

SRI M. KALYANASUNDARAM :—" I shall then withdraw my amendment (No. 56)."

The amendment of hon. Member Sri M. Kalyanasundaram was, by leave of the House, withdrawn.

[18th July 1953]

PART III.

Clauses 6 and 7.

(No amendments moved.)

Clause 8.

SRI VAVILALA GOPALAKRISHNAIAH :—“ I move the following amendment standing in my name :—

‘ For the words “ shall be deemed to have been elected by the elected members ”, substitute the words “ shall have to be elected by the elected members ”.’

“ We are elected Members of the composite Madras State Assembly. Now a new State is being carved out. So that State must have fresh elections and fresh Members. If the present Members continued to be in the new Assembly, it will be morally and constitutionally wrong. We are being given life by the Indian Government at the mercy of the Prime Minister or somebody else. Whenever a new State is formed, it must have new Members. When the Provinces of Sind and Orissa were formed, the same thing happened. We are going to have a new State. Andhra State will not be an old State. It will have its life only from 1st October 1953. Before that there is no Andhra State. We are Andhra Members of a composite State. I submit that we must have fresh elections for a new State.”

The amendment was duly seconded.

MR. SPEAKER :—“ The question is—

‘ For the words “ shall be deemed to have been elected by the elected members ”, substitute the words “ shall have to be elected by the elected members ”.’

The amendment was put and lost.

Clauses 9, 10, 11 and 12.

MR. SPEAKER :—“ There are no amendments to clauses 9, 10, 11 and 12.”

SRI T. NAGI REDDI :—“ Amendment No. 60 has been shown in the printed list as amendment to clause 12. It stands in the name of Sri T. N. Venkatasubba Reddi. It is not correct. It is not an amendment to clause 12 and there is no amendment for this clause. It has to be corrected.”

SRI K. KOTI REDDI :—“ Amendment No. 60 standing in the name of Sri T. N. Venkatasubba Reddi has been wrongly shown under clause 12. It is an amendment to clause 12 (2) of the Seventh Schedule.”

MR. SPEAKER :—“ Probably, it is a printer's devil.”

Clause 13.

SRI VAVILALA GOPALAKRISHNAIAH :—“ Sir, I move the following amendment standing in my name :—

‘ 61. For the words “ shall be deemed to have been elected to the House of the People ”, substitute the words “ shall be elected to the House of the People ”.’

18th July 1953] [Sri Vavilala Gopalakrishnaiah]

I repeat the same argument that I advanced for my amendment to clause 8. As we are going to have a new State, there must be fresh election, in this case also.”

MR. SPEAKER :—“ Having lost his former amendment, how can the hon. Member press this amendment? Further, his amendment has not been seconded.” (Laughter.)

* THE HON. SRI C. SUBRAMANIAM :—“ Sir, there is really 4-10
no meaning in this amendment. What Mr. Gopalakrishnaiah p.m.
wants in his amendment is the sitting Members should be elected.”

MR. SPEAKER :—“ He has got something in his mind but has put it in a different language.” (Laughter.)

SRI VAVILALA GOPALAKRISHNAIAH :—“ I shall explain it, Sir. My point is that representatives of the Andhra people must be elected.”

THE HON. SRI C. RAJAGOPALACHARI :—“ There is no object gained by confusing Mr. Gopalakrishnaiah. What he proposes is that these seats should be vacated and a fresh election should be held. But the amendment reads that the same Members shall be elected by the electorate.” (Laughter.)

MR. SPEAKER :—“ Is the hon. Member pressing his amendment? ”

SRI VAVILALA GOPALAKRISHNAIAH :—“ I am not pressing it.”

The amendment was, by leave, withdrawn.

MR. SPEAKER :—“ Clause 13 is over. There is no amendment to clause 14. The amendments to clause 15 are not moved. We shall take up clause 16.”

Clause 16.

SRI VAVILALA GOPALAKRISHNAIAH :—“ Sir, I move—
64. ‘ For the words “ cease to be a member of the Legislative Assembly of Madras and shall be deemed to have been elected to the Legislative Assembly of Andhra ”, substitute the words “ cease to be a member of the Legislative Assembly of Madras and shall be elected by the constituency for the Legislative Assembly of Andhra ”.’

My point is the word ‘ deemed ’ should be deleted.

“ I want that the Members of the Andhra Legislature should be elected afresh from the several constituencies of the new Andhra State and that the present Members of the Madras Legislature should not continue there.

“ The popular opinion in Andhra is that the policies, economic development policies, and everything should be decided by the

[18th July 1953]

elected representatives of the new Andhra State. Members from the Madras Legislature have no right to determine the policies of the new Andhra State. There must be fresh election in the Andhra State. The whole political set-up there might change then."

Sri G. C. Kondayya seconded the amendment.

THE HON. SRI C. SUBRAMANIAM :—" I oppose the amendment."

MR. SPEAKER :—" The question is—

For the words "cease to be a member of the Legislative Assembly of Madras and shall be deemed to have been elected to the Legislative Assembly of Andhra", substitute the words "cease to be a member of the Legislative Assembly of Madras and shall be elected by the constituency for the Legislative Assembly of Andhra".

The amendment was put and lost.

MR. SPEAKER :—" Clause 16 is disposed of. Clauses 17 and 18 have no amendments. We are on clause 19."

SRI M. KALYANASUNDARAM :—" We have disposed of many clauses to-day. We can take up clause 19 on Monday."

MR. SPEAKER :—" I have no objection. But I must tell hon. Members that there is a slight change in the hour of the meeting on Monday. In the agenda circulated already it is stated that the meeting will commence at 9-30 a.m. But now it has been changed to 8-30 a.m.

" I adjourn the House to meet again at 8-30 a.m. on Monday, the 20th July 1953."

The House then adjourned.

THE MADRAS LEGISLATIVE ASSEMBLY.

Monday, 20th July 1953.

The House met in the Assembly Chamber, Government Estate, Mount Road, at half-past eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

L.—QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

Accommodation in Kurnool for locating the Andhra Capital.

* 712-A Q.—SRI N. V. RAMA RAO: Will the Hon. the Chief Minister be pleased to state:—

(a) whether any officers of the Government and Hon. Ministers have been deputed to go to Kurnool to report about the present accommodation available at Kurnool for locating the temporary Capital of the Andhra State;

(b) if so, who they are, and what their principal observations and recommendations are; and

(c) whether the Government will be pleased to place their detailed reports on the table?

THE HON. SRI C. RAJAGOPALACHARI:—“There is another short notice question on the same subject put by Sri Pragada Kotaiah and I will answer both the questions together.”

* 712-B Q.—SRI PRAGADA KOTAIAH: Will the Hon. the Chief Minister be pleased to place on the table of the House the report submitted by Sri J. M. Lobo Prabhu, Secretary to Government, Development Department, about the facilities and accommodation available in Kurnool for the location of the temporary Capital of the Andhra State there and state the steps taken so far to secure accommodation for the location of the Andhra Capital?

THE HON. SRI C. RAJAGOPALACHARI:—“(a) to (c) This Government deputed Sri Lobo Prabhu, I.C.S., to visit Kurnool district and collect, for the information of the Government of India, the relevant factual data and to indicate what arrangements are likely to be necessary in connexion with the location of the temporary Capital of the Andhra State at Kurnool. The report submitted by this officer and the note thereon of the Committee of Secretaries have been forwarded to the Government of India. This Government is not in a position to place such intermediate papers on the table of the House here.

The Government of India have sanctioned a loan of Rs. 40 lakhs for the expenditure likely to be incurred till the 1st October 1953, in connexion with the arrangements to be

[20th July 1953]

made for the location of the temporary Andhra Capital at Kurnool. It has, however, been decided on the suggestion of this Government that the manner in which this amount should be utilized and the precise arrangements to be made should be settled by a high-level Special Officer who will be appointed by the Government of India shortly and who is expected to join duty very soon.)

As regards the report of Sri Lobo Prabhu, while it would not be proper to place such papers before the House, I am prepared to give all the necessary information to the hon. Member who put me the question. Although technically it is improper to place the report itself on the table of the House, I have given the contents of the report in a paper of my own, so to say, a note of my own which hon. Members may have if they like."

SRI C. V. K. RAO :—" Sir, after all an informal opinion has been expressed for Kurnool being the temporary Capital. Why is it that the Government are so anxious to spend public money to the extent of Rs. 40 lakhs on tours and other arrangements for establishing this temporary Capital, till Legislative sanction is made for the fixation of the temporary Capital? "

THE HON. SRI C. RAJAGOPALACHARI :—" I take it, Sir, the question is put to this Government and I say that we have done it at the instance of the Government of India. But I may add on my own account that if I did not do that, a different set of objections would be raised."

SRI T. VISWANATHAM :—" May I ask the Hon. Chief Minister to place his note on the table of the House or circulate it? "

THE HON. SRI C. RAJAGOPALACHARI :—" I will give a copy to the gentleman who put the question to me and one copy to the hon. Member, Sri Viswanatham just now."

8-40 a.m. SRI V. BALAKRISHNAN :—" Is there any basis for the rumour going about that the headquarters of the Governor of Andhra State is to be located in the Non-Andhra area in Madras City? "

THE HON. SRI C. RAJAGOPALACHARI :—" It is only a Special Officer that is now coming and he is not yet a Governor. Secondly, he comes here more to look into the matter and equip himself with information and it would be better that he is near the Secretariat. So, the Governor and I are making arrangements for him in a very peculiar situation. It is no question of Governor or Capital."

SRI N. V. RAMA RAO :—" Is it true that the Special Officer deputed by this Government reported that Kurnool town is inaccessible, unhealthy, subject to inundation, has limited scope for expansion and has inadequate accommodation for Government staff? "

20th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—" I presume, Sir, the question is about the merits of the temporary Capital and it will no doubt come up in the course of the discussion."

SRI PILLAIAMARRI VENKATESWARLU :—" The Hon. Chief Minister has supplied copies of his note to the hon. Member who put the question and to the hon. Member Sri T. Viswanatham. May I request him to place a copy of it on the table of the House for the information of all the Members? "

THE HON. SRI C. RAJAGOPALACHARI :—" I do not think it is worthwhile printing it. As I said, it is not proper to place the report itself on the table of the House. I have given my own note and if I am not asked to print 500 copies and supply them, here is a copy which any Member may read."

(The Hon. Chief Minister then handed over a note to the hon. Member Sri P. Venkateswarlu.)

SRI K. RAJAGOPALA RAO :—" May I know, Sir, what the remarks of this Government are on the report of Sri Lobo Prabhu? "

THE HON. SRI C. RAJAGOPALACHARI :—" As I have already said, the Committee of Secretaries who are dealing with such matters have put their own suggestions into it and that report together with the report of the Partition Committee has gone to the Government of India. The Government of Madras as such have no remarks to make."

X-ray plant in King George Hospital, Visakhapatnam.

* 713 Q.—SRI M. VEERABHADRAM : Will the Hon. the Minister for Health be pleased to state—

(a) whether it is a fact that the Deep X-ray plant in King George Hospital, Visakhapatnam, has been out of use for the last more than a year; and

(b) if so, the reasons therefor?

THE HON. SRI A. B. SHETTY :—" (a) & (b) The Deep X-ray plant of the Hospital has gone out of order from 17th June 1952 as the tube was damaged due to wear and tear."

SRI M. VEERABHADRAM :—" What have the Government done to make the X-ray plant useful? "

THE HON. SRI A. B. SHETTY :—" It is proposed to get a different sort of tube and also some other parts. Indents for these parts have been placed and supply is awaited."

[20th July 1953]

Employment to handloom workers in Malabar.

* 714 Q.—SRI P. KUNHIRAMA KIDAV: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether Government have statistics of the number of unemployed handloom workers in Malabar; and

(b) what all steps the Government have taken to protect the handloom industry and to give employment to handloom workers?

THE HON. DR. U. KRISHNA RAO:—“(a) No, Sir.

“(b) The Government have undertaken a relief scheme which provides relief to the distressed handloom weavers in the State who have been thrown out of employment due to the slump in handloom cloth trade. The scheme will assure the weavers of a subsistence wage and continuous employment and also relieve them from the burden of marketing cloth.

At the instance of this Government, the Central Government have reserved certain fields of production for the handloom industry including coloured sarees and a percentage of bordered dhoties. This Government have also urged the Union Government to reserve the entire production of bordered dhoties for the handloom industry only.

Arrangements have also been made to supply yarn at ex-mill rates for all handloom factories in Malabar district that are eligible to get not less than two bales per month and from State Nominees direct for other factories.

The Government have created a High Power Handloom Committee to explore and suggest measures for the rehabilitation of the handloom industry and for affording adequate relief to the workers.

The Government of India have allotted a sum of Rs. 1.25 crores to this State from the Cess Fund for being utilized on schemes for the development of handloom industry. The schemes are now under the active consideration of the two Governments.

The Central Government have decided to constitute a handloom Directorate with Agencies for Internal and External Marketing.

The Government of India have since approved a scheme, prepared by the Registrar of Co-operative Societies, Madras, for the appointment of Commercial Travellers in foreign countries and for opening of Emporia of handloom goods in foreign countries for the marketing of handloom products produced all over India.”

SRI P. KUNHIRAMA KIDAV:—“In view of the fact that the reservation of sarees and dhoties to handloom weavers will

20th July 1953]

not help to relieve the miserable condition of handloom weavers of Malabar, will the Government consider the handloom weavers of Malabar on a separate footing?”

THE HON. DR. U. KRISHNA RAO:—“The reservation has to a certain extent relieved their difficulties. About the problem of Malabar being treated separately, we would like to hear from the hon. Member what he would like us to do.”

SRI S. NARAYANAPPA:—“Due to the extension of the relief scheme in the Madras State, are the Government providing adequate employment to all the weaving families in the State?”

THE HON. DR. U. KRISHNA RAO:—“I do not say we are providing employment to all the families. But we are certainly providing employment to more families than before.”

SRI C. H. KANARAN:—“In view of the fact that the Members of this House have expressed that the problem of handloom weavers in Malabar is different from that in other parts of the State and even though the Government have been requested to go into the matter in detail, they have not done so, will the Government now enquire into the matter in detail and submit a report to this House?”

THE HON. DR. U. KRISHNA RAO:—“The Government have made enquiries and the Collector of Malabar informs us that there are factories which are quite different from other factories in other parts of the State. The Collector has been able to make the factory-owners and the handloom workers agree to a suitable and satisfactory arrangement whereby the workers in the factories are paid a decent sum of money.”

SRI K. P. GOPALAN:—“Sir, reservation of coloured sarees and dhoties will not help the handloom weavers in Malabar. Even the Ryan scheme did not give any help to them because it was impracticable. May I know, Sir, whether the Hon. Minister will accept the main slogan of working classes that they should be given unemployment allowance till they get employment?”

THE HON. DR. U. KRISHNA RAO:—“Perhaps the hon. Member is right in saying that the reservation of coloured sarees and bordered dhoties cannot affect Malabar considerably. But there is no doubt that the Ryan Scheme in a modified manner accepted by both the factory-owners and labourers, and the Government has worked satisfactorily in Malabar. With regard to the question of giving unemployment allowance, the hon. Member may put a separate question as it involves a policy of the Government.”

[20th July 1953]

SRI M. KALYANASUNDARAM :—“ The Hon. Minister in his reply referred to the appointment of a High Power Committee. May I know if this High Power Committee is different from the one previously appointed and if it has higher powers? ”

THE HON. DR. U. KRISHNA RAO :—“ It is the same High Power Committee that has been working for over a year. ”

SRI PRAGADA KOTAIAH :—“ In view of the fact that the conditions of the handloom weavers are deteriorating from day to day, will the Government consider the desirability of imposing a ban on the import of mill-made sarees and dhoties into the State or a terminal tax on mill-made sarees and dhoties imported into the State, to give effective protection to the handloom industry? ”

THE HON. DR. U. KRISHNA RAO :—“ The hon. Member will surely agree with me that his suggestion will raise inter-State complications and it may not be desirable to think of it at this particular stage. ”

8-50 SRI M. KALYANASUNDARAM :—“ May I know the [a.m.] number of co-operative societies organized under the Ryan scheme? ”

THE HON. DR. U. KRISHNA RAO :—“ I wish the hon. Member puts a separate question. ”

SRI B. SANKARAYYA :—“ ఇదివరకు చీరలు, బోవతులు చేనేత పార్శ్వ మికులకు ప్రత్యేకించాలని నెల్సన్ గవర్నమెంటు తీర్మానించి, దాన్ని యిక్కడ ఎనెంట్ల ప్రభులు వెంటనే అమలించిన సందర్భములో మద్రాసు గవర్నమెంటుకు కొన్ని సూచనలు చేశారు. ఆ సూచనలలో యిప్పుడు చేనేత పార్శ్వమికులపై ఉన్నటువంటి గుడ్డల ప్రభుత్వానికి వాడకానికి కావలసిన గుడ్డకాక, మిగతా గుడ్డను చేనేతవారికి subsidy యిచ్చి అమ్మించాలని, నూలుకు గిట్టుచాటు అయ్యే ధరకుకూడా సబ్సిడీ యిచ్చి సహాయపడాలన్న సూచనలమీద, ప్రభుత్వమువారు ఏమి చర్య తీసుకొన్నారు? ”

THE HON. DR. U. KRISHNA RAO :—“ Sir, I am afraid by the time the hon. Member came to the last portion of his question I forgot the rest of the question. (Laughter.) I may tell the hon. Member that the question of subsidizing the sale of handloom cloth is part of the Rs. 1.25 crore scheme that is worked by the Government of India. Details are being submitted by this Government to the Government of India in this connexion. ”

SRI PILLALAMARRI VENKATESWARLU :—“ May I know, Sir, whether the Government have made enquiries whether the scheme has been successful and, if so, with what results? ”

THE HON. DR. U. KRISHNA RAO :—“ Sir, speaking generally without going into the details, Government have been informed that the scheme had been a success. ”

Women and Children's Hospital, Kozhikode.

* 715 Q.—SRI T. C. NARAYANA NAMBIAR: Will the Hon. the Minister for Health be pleased to state—

(a) how many can be accommodated in the Women and Children's Hospital, Kozhikode, Malabar;

(b) what is the average bed-strength for the last three months; and

(c) what the Government propose to do with the old Headquarters Hospital building?

THE HON. SRI A. B. SHETTY :—“ (a) Two hundred and forty patients can be accommodated in the Women and Children's Hospital, Kozhikode.

“ (b) The average attendance for the past three months is as under :—

January 1953	...	...	...	...	346.58
February 1953	...	...	...	...	383.64
March 1953	...	...	...	...	402.5

“ (c) The question whether the old Headquarters Hospital buildings should be utilized as an annexe to the new hospital is under the consideration of Government. ”

SRI T. C. NARAYANA NAMBIAR :—“ In view of the fact that about 80 per cent of the patients who overcrowd the hospital and who are suffering from diseases of a serious nature, are refused admission for want of proper accommodation in the hospital and in view of the fact that the Radiologist and his paraphernalia attached to the Headquarters Hospital are at present having their rooms in the Women and Children's Hospital at Kozhikode, will the Government at least now see to it that a maternity centre is immediately attached to the Women and Children's Hospital at Kozhikode? ”

THE HON. SRI A. B. SHETTY :—“ There was once a proposal to house certain special departments in the old Headquarters hospital. As regards overcrowding in hospitals, to which the hon. Member had referred, I may tell him that that is not an unusual feature. Only yesterday I was in Cuddapah where the Headquarters Hospital has a sanctioned bed strength of 100 but I found as many as 270 patients accommodated there. As regards the Kozhikode old Headquarters Hospital, it is now considered not worthwhile to repair the old buildings, in view of the high cost involved. The Education department is asking for the use of the old buildings for housing a training school. ”

SRI T. C. NARAYANA NAMBIAR :—“ Is it not a fact, Sir, that hundreds of patients are being kept waiting in the hospital at Kozhikode while at the same time the old hospital is being kept vacant? ”

[20th July 1953]

THE HON. SRI A. B. SHETTY :—" There is enough accommodation provided in the Women and Children's Hospital at Kozhikode. The new headquarters hospital has been put up at a high cost with enough bed strength."

SRI M. NARAYANA KURUP :—" In view of the overcrowding, will the Government immediately sanction the construction of blocks 5 and 6 attached to the new headquarters hospital, which are intended to be maternity wards? "

THE HON. SRI A. B. SHETTY :—" As soon as funds become available, the question of extension will be considered."

SRI P. KUNHIRAMA KIDAV :—" May I know, Sir, whether the Government have received any memoranda from the public of Kozhikode for giving the old hospital buildings for opening an Ayurvedic college? "

THE HON. SRI A. B. SHETTY :—" The Education department require them and the matter is under consideration."

SRI M. KALYANASUNDARAM :—" In view of the overcrowding, will the Government consider any proposal for providing additional accommodation in the Women and Children's Hospital at Kozhikode? "

THE HON. SRI A. B. SHETTY :—" As I said already, most of our hospitals are nowadays overcrowded. The question of putting up any additional construction can be considered only when we have sufficient funds."

SRI T. C. NARAYANA NAMBIAR :—" Sir, my question has not been answered. In view of the overcrowding in the hospital at Kozhikode, and in view of the fact that the Radiologist and his paraphernalia are occupying a large portion in the same hospital, will not the Government ask the Radiologist to move somewhere so that the space occupied by him and his office may be used for providing some more beds for the patients? "

THE HON. SRI A. B. SHETTY :—" Sir, the X-ray unit must necessarily be provided in every large hospital, as it is important for diagnostic."

SRI M. KALYANASUNDARAM :—" The Hon. Minister was frank enough to admit that there is overcrowding in our hospitals. May I know, Sir, whether there is any provision under the Five-year Plan for the construction of more hospitals in our State to relieve overcrowding? "

THE HON. SRI A. B. SHETTY :—" Yes, Sir, a few hospitals which are old are under re-construction and extensions are being made in respect of some other hospitals."

20th July 1953]

MR. SPEAKER :—" Since the hon. Member Sri T. Lakshminarayana Reddi himself has put both the following questions and they also relate to the same subject, the Hon. Minister may reply to both of them straightway."

Number of buses plying from Kalyandrug to Dharmavaram, Anantapur district.

* 716 Q.—SRI T. LAKSHMINARAYANA REDDI: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) the number of buses plying from Kalyandrug to Dharmavaram via Nuthimadugu and Mamillapally;

(b) whether there were representations from bus-owners of Anantapur district to give permission for some more buses on these routes; and

(c) how many times this subject was placed on the agenda of the District Traffic Committee?

THE HON. DR. U. KRISHNA RAO :—" (a) Two buses are plying on the entire portion of the route Kalyandrug to Dharmavaram via Nuthiamadugu and Mamillapally.

" (b) The answer is in the affirmative.

" (c) I suppose the proposal was placed before the Regional Transport Authority, Anantapur, only once on 9th December 1952."

New bus route between Kalyandrug and Dharmavaram.

* 717 Q.—SRI T. LAKSHMINARAYANA REDDI: Will the Hon. the Minister for Industries and Labour be pleased to state—

(a) whether a new bus route was opened from Kalyandrug to Dharmavaram via Nuthimadugu and Mamillapally in 1953;

(b) if so, who were the applicants; and

(c) why the proposal was dropped at the time of granting the permit?

THE HON. DR. U. KRISHNA RAO :—" (a) The answer is in the negative.

" (b) & (c) Do not arise."

SRI T. LAKSHMINARAYANA REDDI :—" Is it not a fact that the Government, because the shares of the existing company are being owned by a relation of a Congress M.P., allowed the company to continue and refused the request of the public in the locality to open a new bus route, to avoid congestion? "

THE HON. DR. U. KRISHNA RAO :—" I am not aware of the company or the Congress M.P. I am to say that the Government did carefully enquire into the matter and came to the conclusion that the route from Kalyandrug to Dharmavaram

[20th July 1953]

could not be called a new route as no section of it had been left unserved and as a matter of fact a regular bus route was there serving the entire locality. Moreover our enquiry revealed that the existing bus route was not overcrowded and as a matter of fact during the latter half of 1952, there was less traffic. Therefore Government had to set aside the order of the Regional Transport Officer for the opening of a new bus route from Kalyandrug to Dharmavaram."

SRI V. BALAKRISHNAN :—" In the matter of granting of bus permits in Anantapur or elsewhere in the State is it a fact, Sir, that the Government encourage major capitalists and fleet owners rather than the minor capitalists and non-fleet owners? "

THE HON. DR. U. KRISHNA RAO :—" The only consideration that always weighs with the Government is to verify the capacity of the bus-owners to provide enough seating accommodation and other amenities for the passengers consistent with the rush."

SRI S. DEIVASIGAMANY :—" Is there any particular difficulty for the Government in giving permits for these bus routes freely rather than restricting its scope? "

THE HON. DR. U. KRISHNA RAO :—" The hon. Member may be aware that at the time the question of levying a surcharge on bus passengers was discussed in this House, member after member got up and said that in view of the excessive taxation, these permits must not be given indiscriminately and thus the Government should not swell the list of existing bus-owners."

9 a m. SRI PILLALAMARRI VENKATESWARLU :—" It is not a question of issuing permits indiscriminately but here it is a question of indiscriminate neglect in the matter of issue of permits. Because only two buses are plying and the two buses are being unofficially overloaded, will the Government consider once again the issue of permits for more buses on this route and if they cannot, may I know the reasons why this cannot be done, Sir? "

THE HON. DR. U. KRISHNA RAO :—" As I said just now, though the whole route is served by two buses this particular sector is served by seven buses and no case of overloading has been brought to the notice of the Government. If the hon. Member will bring cases of overloading to the notice of the Government or bring in a petition saying that there is so much overloading the Government will certainly take action not only for prosecuting the owners but also will consider the question of issue of further permits on this route."

SRI N. SIVARAMI REDDI :—" Are the Government aware, Sir, that in cases where the buses are owned by local Congress bosses, the Police refuse to charge them for overloading? "

THE HON. DR. U. KRISHNA RAO :—" I am not aware of any such incident but if the hon. Member will bring it to the

20th July 1953]

notice of the Government, Government will certainly take action against the Congress or non-Congress people, who happen to be the owners."

SRI PILLALAMARRI VENKATESWARLU :—" I hope the Hon. Minister is aware of the fact that on this route, not taking into account the particular sector, only two buses are plying and the people who want to travel cannot choose any other route because the number of buses is only two and so the needs of the people are not satisfied; that is a simple fact for which no report or enquiry is necessary. The simple reason is that a particular influential man happens to be the owner and the allegation is that permission for more buses is refused for that reason. So, might I ask if the Government will consider the question of increasing the number of buses without taking the particular sector into consideration? "

THE HON. SRI C. RAJAGOPALACHARI :—" Before the question is answered, might I hope that hon. Members opposite coming from the Andhra areas will not quote the long argumentations with which they preface a question, as a precedent, in the new Assembly? "

SRI PILLALAMARRI VENKATESWARLU :—" The Hon. the Chief Minister is always trying to give us advice and we will take it for what it is worth? "

THE HON. DR. U. KRISHNA RAO :—" I have already stated the facts as lie in my hands and I am afraid that if I am to listen to the hon. Member charges will be made that I am partial to one party or another."

SRI R. SIDDANNA GOWD :—" Will the Government consider the question of issuing a permit for one more bus on this route at least to avoid the accusation that the Government are countenancing or supporting the actions of their own partymen? "

THE HON. DR. U. KRISHNA RAO :—" Under the Motor Vehicles Act the suggestion of my hon. Friend has not been mentioned as one of the reasons for which further permits could be issued; simply because the permit-owner is a particular person belonging to the Congress party, just to refute what others might say about it, we are not justified in giving a permit to anybody else."

Visit of Hon. Ministers to Malampuzha Project.

* 718 Q.—SRI M. NARAYANA KURUP : Will the Hon. the Minister for Public Works be pleased to state—

(a) how many Ministers visited Malampuzha Project since its inception up to the end of 1952;

(b) how many times the same Minister visited the project; and

(c) how many Ministers jointly visited the project and on how many occasions?

[20th July 1953]

THE HON. SRI N. RANGA REDDI :—“(a) Eight Ministers.

“(b) One Minister who hails from the Malabar district visited it five times, the previous Public Works Minister three times and a third Minister twice. The rest visited only once.

“(c) Three Ministers made joint visits. Two of them visited twice jointly. The third Minister visited the project jointly with one of the other two once.”

SRI M. NARAYANA KURUP :—“May I know, Sir, the total amount of travelling allowance that has been paid to the Ministers concerned?”

THE HON. SRI N. RANGA REDDI :—“Notice, Sir.”

SRI C. V. K. RAO :—“May I know if as a result of all the troubles taken by the Hon. Ministers to visit this place the project has been completed even now?”

THE HON. SRI N. RANGA REDDI :—“The project is expected to be completed at the end of 1954; Ministers' visits do not complete projects.”

AN HON. MEMBER :—“What was the purpose served by these visits?”

THE HON. SRI N. RANGA REDDI :—“Ministers should get themselves acquainted with the projects that are being executed.”

SRI M. NARAYANA KURUP :—“The Hon. Minister wanted notice in regard to my question asking for information concerning the amount of travelling allowance paid to Hon. Ministers but I may inform him that I put a question for eliciting information in this regard but it has been returned to me saying that it is not a matter of public concern, which perhaps means that moneys from public treasuries can be spent and squandered like this. If he guarantees that my question will be admitted, I will address another question again.”

SRI K. P. GOPALAN :—“May I know if Ministers are visiting the projects in order to delay the completion of the projects?”

Applications for subsistence loans in Penukonda taluk.

* 719 Q.—SRI T. LAKSHMINARAYANA REDDI : Will the Hon. the Minister for Land Revenue be pleased to state what was the number of subsistence loan applications in Penukonda taluk when the Government stopped paying subsistence loans?

THE HON. SRI M. A. MANICKAVELU NAICKER :—“The number of applications for subsistence loans which were pending in Penukonda taluk when the disbursement was stopped was 2,800.”

SRI T. LAKSHMINARAYANA REDDI :—“In view of the fact that the ryots have been driven to bad straits now will the

[20th July 1953]

Government be pleased to extend and continue the grant of subsistence loans till at least the next harvest season so as to enable them to get on with their cultivation?”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“The Government will consider the grant of other kinds of loans but not the subsistence loans.”

Construction of a causeway across the Puthige river, Kasaragod taluk.

* 720 Q.—SRI M. S. MOGRAL : Will the Hon. the Minister for Local Administration be pleased to state—

(a) whether the Government have received any resolutions from various panchayat boards in Kasaragod taluk sanctioning contributions for the construction of a causeway across the Puthige river in Kasaragod taluk;

(b) if so, what is the aggregate amount so sanctioned; and

(c) when the Government will carry out the work and whether they will contribute the balance necessary for the construction of the said causeway?

THE HON. SRI N. SANKARA REDDI :—“(a) No.

“(b) & (c) Do not arise.”

SRI M. S. MOGRAL :—“May I know whether the Government would encourage the panchayat boards which sanctioned contribution from their funds by way of financial aid to neighbouring boards to construct causeways and bridges which would also cover their needs, and would the Government contribute at least six times the amount so sanctioned by the panchayat boards?”

THE HON. SRI N. SANKARA REDDI :—“The Government give grants to district boards and the panchayats may negotiate with the district board and get on with the construction of their bridges.”

Labour schools run by the Harijan Welfare Department.

* 721 Q.—

MR. SPEAKER :—“The hon. Member, Sri P. Venkatasubbiah, who put the question, is not in his place. The question and answer will therefore be printed in the proceedings.”

SRI P. VENKATASUBBIAH : Will the Hon. the Minister for Education be pleased to state—

(a) the number of Labour schools run by the Harijan Welfare Department in the State of Madras; and

(b) the number of wells dug and the number of public latrines built for the use of Harijans in the State of Madras?

THE HON. DR. M. V. KRISHNA RAO :—“(a) At present 1,367 Harijan Welfare schools are being run by the Harijan Welfare Department.

[20th July 1953]

“(b) The particulars are not readily available. The Government consider that the labour and time involved in collecting the particulars will not be commensurate with any purpose likely to be served thereby.”

East India Distilleries and Sugar Factories, Limited, Nellikuppam, South Arcot.

* 722 Q.—SRI S. RADHAKRISHNAN: Will the Hon. the Minister for Agriculture be pleased to state whether it is a fact that the East India Distilleries and Sugar Factories, Limited, Nellikuppam, South Arcot district, are collecting Rs. 6 (six) per acre every year from the cane ryots of the Thiruvadi Anicut area, and if so, the reasons for it; and whether the Government have authorized them to do so?

THE HON. DR. R. NAGAN GOUDA:—“The answer to the first part of the question is in the affirmative.

As regards the second part, the following are the circumstances under which Messrs. East India Distilleries and Sugar Factory, Ltd., Nellikuppam, collect a sum of Rs. 6 per acre from the sugarcane ryots of the Thiruvadi Anicut area:—

- (1) There is a wide belt of sugarcane cultivation under the Thiruvadi channel. Almost all the sugarcane grown in the area is supplied to the sugar factory for crushing;
- (2) The channel has to be cleared of silt and weeds by kudimaramath. Due to neglect of the ryots to attend to this work and with a view to keep the channel in good condition, the factory is advancing the cost of clearance and recovering it from the sugarcane growers at about Rs. 6 per acre. The clearance is generally done in the sugarcane cultivation reaches only. The payment is voluntary and is not forced on sugarcane growers who are unwilling to pay the amount.

In view of the answer to the second part of the question, the last part of the question does not arise.”

SRI S. RADHAKRISHNAN:—“In view of the fact that the amount is collected in respect of lands grown with sugarcane and there is strong objection against this collection, will the Government be kind enough to take on itself the work of channel clearing from the next year onwards?”

THE HON. DR. R. NAGAN GOUDA:—“This, Sir, is a channel which has to be cleared by kudimaramath and so, the question of its being taken over by the Public Works Department does not arise.”

SRI S. RADHAKRISHNAN:—“May I bring it to the notice of the Hon. Minister that the collection is made only from people growing sugarcane in that area? There are also lands irrigated

20th July 1953]

with water pumped with the help of pumpsets. Will the Government give instructions to the Company not to make the collection from the lands irrigated with the help of electric pumpsets?”

THE HON. DR. R. NAGAN GOUDA:—“I cannot understand that part of the question relating to pumpsets; even people taking water by means of pumpsets need water in the channel; if the channel gets silted up, there will not be any water in the channel for pumpsets to lift.”

SRI K. ARANGANATHAN:—“May I know, Sir, whether the charge is compulsory even though the water is not used?”

THE HON. DR. R. NAGAN GOUDA:—“That is a voluntary contribution.”

SRI S. RADHAKRISHNAN:—“Why should the Government abdicate their sovereign right to a commercial firm instead of the Government themselves making the collection?”

THE HON. DR. R. NAGAN GOUDA:—“It is a work that ought to be done by the ryots themselves and they should go and do the work themselves. If they have come to an understanding with the factory that the factory would advance the money and get the work done and get itself reimbursed by withholding a certain amount from the sugarcane bills of the ryots, I do not see any objection; it is not at all compulsory.”

SRI M. P. THIAGARAJA PILLAI:—“In respect of this levy Sir, representations have been made by the ryots concerned. Would it not be the duty of the Government to meet the cost of clearance from their own funds and not to impose a sort of second levy upon the ryots?”

THE HON. DR. R. NAGAN GOUDA:—“The hon. Member knows that in this State there are many irrigation channels where the work of clearance is done by the ryots under the kudimaramath system. I do not think we can ask the Government to take it up in the Public Works Department.”

SRI P. PUNDARIKAKSHACHARYULU:—“May I know 9-10 a.m.
Sir, whether Government enquired if accounts are maintained by the factory for this purpose?”

THE HON. DR. R. NAGAN GOUDA:—“No complaints have been received about this.”

SRI R. SIDDANNA GOWD:—“What is the total amount so collected?”

THE HON. DR. R. NAGAN GOUDA:—“The collection is at the rate of Rs. 6 per acre. The hon. Member may make his own calculation.”

SRI G. RAMA RAO:—“Question No. 721 is a very important one, Sir. An hon. Member rose to put the question but Mr. Speaker did not notice it. Probably he might have been authorized.”

[20th July 1953]

MR. SPEAKER :—“ When I called the question, the hon. Member Sri P. Venkatasubbiah was not in his seat and no other hon. Member stood up at that time. So I said that the answer would be printed in the proceedings and passed on to the next question.”

House-rent allowance to the copyists in the Judicial Department.

* 723 Q.—SRI KUNHI MUHAMED SHAFEE: Will the Hon. the Minister for Law be pleased to state—

(a) whether copyists in the Judicial Department are treated as members of the superior services for all purposes of drawing emoluments as per G.O. No. 187, Home, dated 16th January 1950;

(b) whether they are denied the privilege of drawing the house-rent allowance; and

(c) if the answer to (b) is in the affirmative the reason for the same?

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ (a) Copyists are treated as members of the superior services for purposes of leave and pension, under the conditions laid down in G.O. Ms. No. 187, Home, dated 16th January 1950.

“ (b) The answer is in the affirmative.

“ (c) It is because the grant of this to the copyists of the Judicial Department has to be considered along with the claims of various similar departments and the present financial position does not warrant the above grant.”

Shoe-makers' Society, Cuddapah.

* 724 Q.—SRI S. NARAYANAPPA (on behalf of Sri P. Venkatasubbiah): Will the Hon. the Minister for Co-operation be pleased to state the reasons for refusing to register the Shoe-makers' Society at Cuddapah as a Co-operative Society?

THE HON. SRI D. SANJIVAYYA :—“ Owing to difficulties inherent in the leather and tanning business, the leather workers' societies are not able to push through their products in the market. The proposals to register a Shoe-makers' Society at Cuddapah and in some other places were therefore ordered to be dropped.”

SRI R. SIDDANNA GOWD :—“ Will the said Society be started as an experimental measure and will the Government see how it works? ”

THE HON. SRI D. SANJIVAYYA :—“ We have started some societies, Sir, and for the hon. Member's information I may tell him that we registered a society in Rajampet some two years ago. We gave a total amount of subsidy of Rs. 1,820. In spite of this help, the society could not function and it is on the verge of liquidation.”

[20th July 1953]

SRI V. CHIDANANDAM :—“ In view of the fact that the Harijans of Kurnool and Cuddapah are very poor and since the Hon. Minister also knows the conditions of those Harijans, may I suggest that the assistance may be prolonged by way of more subsidies? ”

THE HON. SRI D. SANJIVAYYA :—“ I know the conditions, Sir, but unfortunately I cannot convince myself with regard to the successful functioning of the Societies.”

SRI M. JAGANNATHAN :—“ Sir, the Hon. the Minister for Co-operation was referring in his reply to some inherent difficulties in the leather and tanning business. May I know, Sir, what are those inherent difficulties? ”

THE HON. SRI D. SANJIVAYYA :—“ There are so many inherent difficulties. If only the hon. Member could give me time, I would supply him with a detailed list. But, in the meanwhile, I may inform the hon. Member that the Director of Harijan Welfare has been deputed to study these difficulties and make a report. We are awaiting the report.”

SRI M. RAJESWARA RAO :—“ Sir, in view of the fact that the Harijan Welfare Committee in 1948 recommended the giving of priority to Leather Co-operative Societies, will the Government consider the question of granting subsidies to such Societies wherever they are formed by the Harijans? ”

THE HON. SRI D. SANJIVAYYA :—“ We are aware of the report and we have given suitable and adequate subsidies. If the hon. Member is not able to convince himself with regard to the adequacy of these subsidies, I cannot help.”

SRI T. VISWANATHAM :—“ In view of the fact that the trade is likely to flourish better in Rayalaseema because of the fact that a new life has been infused into it, will not the Hon. Minister now sanction the starting of Societies? ”

THE HON. SRI D. SANJIVAYYA :—“ I may inform the hon. Member that Rajampet is in Rayalaseema area and there we cannot function successfully. But if the hon. Member refers to the future, I will certainly look into it.”

SRI V. BALAKRISHNAN :—“ In view of the inherent difficulties of finding a market as explained by the Hon. Minister, why should not the Society open a Sales Emporium in Madras City entirely staffed by the ladies? ”

THE HON. SRI D. SANJIVAYYA :—“ The matter is under consideration, Sir.”

Jaggery Co-operative Societies in Anantapur district.

* 725 Q.—SRI T. LAKSHMINARAYANA REDDI: Will the Hon. the Minister for Prohibition be pleased to state the number of jaggery co-operative societies formed in Anantapur district for the benefit of ex-toddy tappers and the number working in those societies?

[20th July 1953]

THE HON. SRI V. C. PALANISAMI GOUNDER :—" The Doddaghatta Date Jaggery Production and Sale Society is the only Jaggery Production Society in the Anantapur district formed for the benefit of ex-toddy tappers and the number of its members was 24 on 31st December 1952."

SRI T. LAKSHMINARAYANA REDDI :—" The report of the officers that inspected the Society was good and in view of that fact, will the Government consider extending the same concession to Penukonda taluk at least? "

THE HON. SRI V. C. PALANISAMI GOUNDER :—" Sir, the hon. Member assumes that the report was good. But the information available with the Government is rather otherwise."

SRI K. GOVINDA RAO :—" Will the Hon. Minister be pleased to tell me, Sir, why in certain places date palm was allowed to be tapped for the manufacture of jaggery and why in other places it was not allowed in spite of guarantees given as required by the Government? "

SRI S. DEIVASIGAMANY :—" What is the average income per day that the ex-toddy tapper may get by manufacturing jaggery? "

THE HON. SRI V. C. PALANISAMI GOUNDER :—" Off-hand I am not in a position to answer because I have not got the correct average data. But from my knowledge I can say that the rate of income varies from district to district. For example, in Tirunelveli district the average income per day is Rs. 3."

I went to that place and found that the construction had not begun. The Government spent Rs. 55,000 on the construction of the bridge and the bridge was washed away within two weeks after construction. Is it a fact that the Public Works Department mismanaged the whole thing and sold away the materials and that the Government did not take care to see that the bridge was constructed in a proper manner? (b) if so, the action taken thereon by the Government?

“(b) The Government examined the cases in consultation with the Chief Engineer (Irrigation). It was found in the first case, viz., the Talugai tank, that it was not feasible, as the restoration of the tank would involve submersion of 100 acres of good paddy fields to benefit 160 acres of dry lands which were neither favourably situated nor were of promising quality. The petitioner was therefore informed accordingly. The restoration of the second tank (a private kuttai in S. No. 178) was also found not feasible since it involved the

[20th July 1953]

submersion of 20.36 acres of fertile tank-bed lands for new irrigation of an extent of 18.89 acres. The proposal was therefore dropped."

(b) what action the Government have taken to ensure free and fair elections in future?

THE HON. SRI N. SANKARA REDDI:—“(a) Yes. The petitions were enquired into and the allegations were found to be baseless.

“(b) Government have no reason to think that elections to panchayats are not being conducted freely and fairly. THE HON. SRI N. RANGA REDDI:—“(a) Yes.

“(b) & (c) The Cauvery-Mettur Project water was supplied to the tanks to the south of the Vellar river through the existing Korambu channels and through a channel dug by the ryots owning lands under the Ponbethi chain of tanks. Though the cost of digging the new channel was met by the ryots themselves, the expenditure on the provision of pipes required for supplying water to the tanks was met by Government, and therefore, it cannot be said that the irrigation in respect of the lands served by the new channel dug by the ryots was done entirely at the cost of the ryots. Water-cess was levied from them at the usual rates. The ryots had also agreed to the payment of the cess.

“(d) Yes, if the supply in the river permits it.”

(c) what the Government propose to do in this respect?

THE HON. SRI N. SANKARA REDDI :—“ (a) Yes.

“ (b) Yes.

THE HON. DR. M. V. KRISHNA RAO :—“(a) The particulars are not readily available. They have to be gathered and compiled from each school in the district. The work will involve considerable time and labour and will not be commensurate with the purpose served.

(b) Residential scholarships to the students belonging to the eligible communities are sanctioned by the Harijan Welfare Department only from Form I and above. The scholarships are sanctioned to the deserving students subject to the Budget allotment. It will not be possible for the Government to sanction residential scholarships to all the students who apply for it.”

(b) if so, what steps were taken by the Government;

(c) what financial help has been given to the Marketing Committee for constructing godowns and auction floors; and

(d) whether the Government propose to extend the public auction scheme to all the centres where Virginia tobacco is grown?

THE HON. DR. R. NAGAN GOUDA :—“(a) The answer is in the affirmative.

The Guntur Market Committee requested that steps might be taken to persuade the major companies dealing in tobacco to purchase in the market yards established by the Market Committee at least such quantities of tobacco as they were purchasing in their own depots situated outside the restricted areas of the market yards during this season.

“(b) The Government do not have the power under the Madras Commercial Crops Markets Act or Rules to compel the companies to make purchases in the Committee's market yards as suggested by the Committee.

**II.—ADJOURNMENT MOTION *re* POLICE FIRING IN
DALMIAPURAM, ETC.**

SRI P. B. K. RAJACHIDAMBARAM :—“I would like to know when the adjournment motion will be taken up.”

MR. SPEAKER :—“It will be taken up to-morrow.”

SRI P. B. K. RAJACHIDAMBARAM :—“Sir, as far as the unfortunate incident in Dalmiapuram is concerned, I read from the papers that an enquiry is to be conducted by the District Magistrate, whom I hold partly responsible for the shooting incident. The submission that we have to make will become useless.”

MR. SPEAKER :—“There is no motion before the House now for the hon. Member to speak on.”

[20th July 1953]

SRI P. B. K. RAJACHIDAMBARAM :—“I want the discussion to be taken up to-day.”

MR. SPEAKER :—“It has already been decided to take up the motion to-morrow between 4 and 6 p.m. I have also informed your leader. Because the Leader of the Opposition is not here, it will be taken up to-morrow.”

SRI M. KALYANASUNDARAM :—“Sir, if the postponement is due to the absence of the Leader of the Opposition, my submission is that it need not be postponed to to-morrow.”

MR. SPEAKER :—“I told all hon. Members who have given notice of this motion, and all leaders of parties and the Leader of the Opposition that the adjournment motion will be taken up to-morrow between 4 and 6 p.m.

SRI M. KALYANASUNDARAM :—“Sir, the Leader of the Opposition will be arriving here before 12 noon.”

SRI T. SHANMUGHAM :—“கனம் சபாநாயகர் அவர்களே, I rise on a point of order. பிரேரணையை இன்றைக்கு விவாதத்திற்கு எடுத்துக்கொள்வதாக ஏற்கனவே சொல்லியிருக்கிறீர்கள். ஆனால், இப்பொழுது இதை விவாதத்திற்கு எடுத்துக்கொள்ளாமல், நாளைக்கு எடுத்துக்கொள்ளலாமென்று சொல்லுகிறீர்கள், அது ஏன் என்று கேட்கிறேன்?”

MR. SPEAKER :—“சட்ட சபை விதிகள் என்னசொல்கிறதென்றால், கவர்ன்மென்ட் மெம்பரையும் கலந்துகொண்டு, ஒரு நாளை நிர்ணயிக்க வேண்டுமென்று இருக்கிறது. இதற்கு வேண்டிய தகவல்களைச் சேகரிப்பதற்கு நாளைவரை அவகாசம் வேண்டுமென்று கேட்டிருக்கிறார்கள். ஆகையால் இது நாளைக்கு எடுத்துக்கொள்ளப்படும். யார் யார் நோட்டீஸ் கொடுத்திருக்கிறார்களோ, அவர்களுக்கும் இதைத் தெரிவித்திருக்கிறேன். அவர்களும் இதற்கு சம்மதித்து இருக்கிறார்கள்.”

SRI T. SHANMUGHAM :—“நாளைக்காவது இதை நிச்சயமாக எடுத்துக் கொள்வீர்களா?”

* THE HON. SRI C. RAJAGOPALACHARI :—“Sir, may I submit to the House that we need not get unnecessarily excited about this. The simple position is this. I am perfectly ready to go on with the adjournment motion as far as it can be dealt with in the present circumstances, which I have already explained. There is a committee sitting and if Members do not prejudice that enquiry, I have no objection. But we will have to deal with it in a very unsatisfactory manner. If it is wanted, I am quite willing to participate and do what I can in the circumstances. But the present question is only a limited one. We have already issued summonses for the meeting of the Council at 4 p.m. to-day. We cannot in advance postpone that or leave it unattended to. I have necessarily to be there, and I have to be here also for the adjournment motion. Therefore I say that the least that we can do is to have it not to-day. At the Council meeting to-day, I can tell the Chairman of the Council and adjust the programme. The adjournment motion can be taken up to-morrow. But yet if the Leader of the Opposition arrives by that time, and considers the situation with reference to the

[Sri C. Rajagopalachari] [20th July 1953]

enquiry going on and agrees to have the discussion a few days later, i.e., after the Andhra Bill debate is over, I shall be much gladder. But I am quite ready to take it up to-morrow."

SRI M. KALYANASUNDARAM :—" Some Members of the Opposition are anxious to have the discussion, if possible, to-day itself. The Hon. the Chief Minister's objection can be overcome in this way. We can have a debate to-day between 12 noon and 2 p.m. We shall sit till 2 o'clock."

MR. SPEAKER :—" We shall now pass on to the next item of business."

III.—PRIVILEGE MOTION—ALLEGED ARREST AND DETENTION OF SRI N. K. PALANISWAMI, M.L.A.

MR. SPEAKER :—" The Hon. the Chief Minister wants to say something on the privilege motion of Sri K. P. Gopalan. Then I will hear what the hon. Member, Sri K. P. Gopalan, has to say. The Hon. the Chief Minister will now make his statement."

* THE HON. SRI C. RAJAGOPALACHARI :—" The issue raised now relates to a question of privilege on behalf of Sri N. K. Palaniswami, a Member of this House. I have, as promised, enquired and got a report about the actual facts of the case, as far as I could gather. (It is now understood that on the occasion of my visit to Arachalur in the Coimbatore district on the 17th May 1953 for distribution of lands gifted to Bhoodan authorities, Sri N. K. Palaniswami, M.L.A., wished to lead a deputation of about 150 persons for the ventilation of certain grievances. The persons were collected at Veerappampalayam and were being led to Arachalur. Sri Palaniswami must have known that it would ordinarily not be possible for me to alter my previously announced and tightly packed programme and receive a deputation of that kind without prior appointment. It was the duty of the executive authorities of the Coimbatore district to ensure the completion of the Chief Minister's tour programme without interruption. It appears from the report of the District Superintendent of Police, Coimbatore, that the Police had information that, if the so-called deputationists were allowed to reach Arachalur in time for the meeting at which the lands were due to be distributed, unpleasant incidents might occur. The Police therefore arrested the leaders of the march at Veerappampalayam—not Sri Palaniswami. Sri Palaniswami says that the behaviour of the Police towards the persons who were arrested was brutal. The allegation is not true but even if that allegation be taken to be true, no question of breach of parliamentary privilege would arise. He was not one of the persons who were arrested at that time, and was not present with them then.)"

" Sri Palaniswami says that he interviewed the District Superintendent of Police, Coimbatore, and that during the interview, he was arrested by an Inspector of Police and taken to the Police station and detained there till 12 noon.

20th July 1953] [Sri C. Rajagopalachari]

" The District Superintendent of Police, Coimbatore, reports that Sri Palaniswami was not arrested or detained. Sri Palaniswami's letter makes it appear that the alleged interview with the District Superintendent of Police and the alleged arrest were before the arrival of the Chief Minister at Arachalur. The District Superintendent of Police denies that he saw Sri Palaniswami that day before the Chief Minister's arrival at Arachalur. The District Superintendent of Police escorted the Chief Minister from Erode to Arachalur. *Prima facie*, therefore, Sri Palaniswami's statement of an interview with the District Superintendent of Police in the course of which he was arrested appears to be due to defective recollection of the facts. He has not made any complaint to the local magistrate or courts on this subject of alleged wrongful confinement. If the M.L.A. happened to be near and had desired to see me himself, in spite of there being no previous appointment, I would have somehow found time to oblige him. There does not appear to be any case of breach of privilege for investigation by the House or by a Committee of the House. A House of Commons paper has been recently circulated by the Speaker about the very restricted scope of privilege."

* SRI K. P. GOPALAN :—" Sir, it is a very serious matter to arrest a Member of the Legislative Assembly and detain him in jail. (Interruption.) It is really serious to keep him in Police custody and prevent him from giving the memorandum to the Hon. the Chief Minister. The hon Member, Sri N. K. Palaniswami, is here. I appeal to the Hon. Speaker to give him time to explain the matter and give further details, if necessary. 9-40 a.m."

" Now, from the statement of the Hon. the Chief Minister I understood that the time for giving the memorandum was not fixed. If it was true, the Police officers should have told the hon. Member that the time had not been fixed. Instead of that, the Deputy Superintendent of Police and the Assistant Superintendent of Police arrested him and detained him. In this connection, I am thankful to the Hon. Speaker for having circulated among the Members of the House a note regarding Captain Ramsay's case. I hold the view that the present case involves a question of privilege. I shall explain why I consider it so. In Captain Ramsay's case it was emphasised that ' the fact that the Executive is now responsible to Parliament and that powers such as those in question in this case can only be exercised if conferred by Parliament itself, is relevant when considering general statements such as that quoted from Blackstone made at the time of or in relation to that conflict '. But, Sir, the present position in India is quite different. Our Constitution is different. In our country the Executive is not responsible to the Legislature. It will be apparent if you read Articles 154, 163 and 164 in the Constitution. Now, in our country, in the Parliament and in the Legislative Assemblies, the struggle is between the Legislature on the one side and the Executive on the other side. The proceedings of this House will amply testify to this statement. Suppose an

[Sri K. P. Gopalan] [20th July 1953]

hon. Member wants to get information from the Government, the Government can refuse to give the information on the ground that it is confidential and that they are not bound to answer. The privilege of the House is intended to protect the Members. Now, I shall quote from the Hon. Speaker's circular—

‘ Privilege of Parliament was principally established in order to protect its Members not only from being molested by their fellow-subject, but also, more especially from being oppressed by the power of the Crown.’ ”

MR. SPEAKER :—“ The hon. Member is misquoting me. Wherever it suits him, he quotes.”

SRI K. P. GOPALAN :—“ That is why I said that the conditions in our country were quite different.”

MR. SPEAKER :—“ The hon. Member should know that the privileges we enjoy are the privileges enjoyed by the House of Commons. Let him go through Article 194 (2) of the Constitution.”

SRI K. P. GOPALAN :—“ There is a difference.”

MR. SPEAKER :—“ There is no difference.”

SRI K. P. GOPALAN :—“ When England was ruled by the King, the King had extraordinary powers. Now, when the Executive is subordinate to Parliament, the position is different. Therefore, I submit that protection ‘ from being oppressed by the power of the Crown ’ means that Members of the Legislative Assembly should be protected from arbitrary arrest and detention by any Police officer or officers.

“ My second point is this. It is conceded in Captain Ramsay's case that Members should be granted privilege ‘ in order that they may be able to perform their duties in Parliament without let or hindrance ’.”

MR. SPEAKER :—“ Where is it said? Let the hon. Member read my note.”

(The hon. Member Sri T. Viswanatham rose to speak.)

THE HON. SRI C. RAJAGOPALACHARI :—“ On a point of order, Sir. If at all anyone should interrupt, it is I. Why should the hon. Member Sri Viswanatham take up my place now?” (Laughter.)

MR. SPEAKER :—“ Perhaps he is going to be the future Andhra Speaker.” (Laughter.)

SRI T. VISWANATHAM :—“ Sir, I am not arguing. The hon. Member who is concerned in the matter is actually on the floor of the House. Will the House be able to know the facts from him? The Hon. the Chief Minister has stated certain facts with regard to him. I think the discussion can be more intelligently followed by us if the hon. Member is given an opportunity to explain the matter.”

20th July 1953]

THE HON. SRI C. RAJAGOPALACHARI :—“ The hon. Member, Sri Viswanatham, is a little premature. If the matter is considered as one of privilege and a Committee goes into it, the hon. Member will have every opportunity to hear witnesses.”

SRI T. NAGI REDDI :—“ The point made by the hon. Member, Sri Viswanatham, was that the hon. Member concerned is here . . . ”

* THE HON. SRI C. RAJAGOPALACHARI :—“ The representations made here run in a curiously linked chain. Sri Palanisami is here. He has not raised any question of privilege. Sri Gopalan raises it. When Sri Gopalan raises a point, Sri Viswanatham rises to supplement it. When Sri Viswanatham rises, Sri Nagi Reddi wants to interpret Sri Viswanatham.”

SRI T. NAGI REDDI :—“ There is no question of interpreting . . . ”

MR. SPEAKER :—“ I will ask Sri Gopalan to continue. As soon as he finishes, let Sri Palanisami say a few words. Then I will give my ruling.”

SRI PILLALAMARRI VENKATESWARLU :—“ Others also must be allowed to say something.”

MR. SPEAKER :—“ Only if the Speaker says that a *prima facie* case has been made out, and not till then.”

SRI PILLALAMARRI VENKATESWARLU :—“ I am not making it a general discussion.”

MR. SPEAKER :—“ First let me hear Sri Gopalan.”

* SRI K. P. GOPALAN :—“ I want to explain my point further, Sir. We should not think that the Members of the Assembly have only limited functions. My contention is this. In the present state of affairs existing in our country, when the District Boards and Municipalities are not enjoying the same powers as the county councils and other bodies in England, we should not think that the responsibilities and functions of the Members of the Assembly are only limited. Their functions do not stop with attending and taking part in Legislatures. Their functions extend to many matters. For example, they must have the right to approach Ministers or other Officials and they must have the right to lead deputations to them. They must have immunity from arrest. When they discharge their duties, when they take a deputation on behalf of the people to the Chief Minister or any other Officer of the Government, they should not be prevented from seeing those people.

“ My third point is that maximum privileges have been conceded even in the Ramsay's case. In paragraph 9, page 3 of the note circulated to us it is said, ‘ The chief, if not the only privilege of Parliament in such cases seems to be the right of

receiving immediate information of the imprisonment or the detention of any Member with the reasons for which he is detained.' In the present case, the reason for the arrest is not given. Moreover, the fact of arrest is also not intimated to the Hon. Speaker or the Secretary of the Legislature. This is not the first time, Sir, that this kind of arrest took place. Even on a previous occasion, another Hon. Member of this House, Sri B. Sankarayya, Nellore, was arrested in this manner, in his constituency. I want the House to take special notice of these facts. A very important right of the hon. Members of the Assembly, viz., leading a deputation to the Chief Minister, is denied and the hon. Member was arrested. The reason for the arrest is not given. The fact of arrest is also not communicated to the Hon. Speaker or the Secretary of the Legislative Assembly.

"So I submit that this is a very serious matter involving the privileges of the Members of the House."

MR. SPEAKER:—"The hon. Member wants new privileges to be included."

SRI K. P. GOPALAN:—"No doubt, Sir, for protecting the privileges of members."

MR. SPEAKER:—"The hon. Member wants this to be included hereafter."

SRI K. P. GOPALAN:—"There should be absolute immunity from arrest, whenever a Member wants to lead a deputation to the Minister . . ."

MR. SPEAKER:—"Let the hon. Member explain."

SRI K. P. GOPALAN:—"Even in the present instance, information was not given to the Hon. Speaker or the Secretary to the Legislative Assembly. Lastly, I want to submit that the hon. Member, Sri Palaniswamy, wanted to give a memorandum to the Hon. Speaker. He was prevented by the Police."

MR. SPEAKER:—"I am always at the disposal of the hon. Members. I come to the office half an hour before the Assembly starts. Nobody could have prevented the hon. Member from seeing me."

SRI M. KALYANASUNDARAM:—"The hon. Member only meant the Hon. Chief Minister. He wanted to say that Mr. Palaniswamy was prevented from seeing the Chief Minister."

SRI K. P. GOPALAN:—"This matter involves the privileges of the Members of this House. If a Member is effectively prevented from leading a deputation to the Chief Minister or any other Officer, how can he discharge his duties? I want that the function of the Assembly Member must be explained. He must be the tribune of the people. He must be with the people. He must represent the grievances of the people to the Ministers and

the Government. Besides taking part in the proceedings of the Assembly, he has several duties to discharge. In this country, where Government institutions are functioning autocratically and the executive is not subordinate to the Legislature, the Members of the Assembly have many functions to discharge outside the Legislature. So, their duties outside the Legislature should be clearly defined."

MR. SPEAKER:—"It has been clearly defined in May's Parliamentary Practice. The hon. Member must find some time and go through it. We need not define it."

SRI K. P. GOPALAN:—"It must be put into practice."

MR. SPEAKER:—"We are in fact putting it into practice."

SRI K. P. GOPALAN:—"We have to verify that, Sir."

MR. SPEAKER:—"Let me now hear Mr. Palaniswamy."

*SRI N. K. PALANISWAMI:—"கனம் சபாநாயகர் அவர்களே! முதல் மந்திரி சொல்வதில் எந்த விதமான நியாயமும் கிடையாது. அவருக்கு கிடைத்து இருக்கக்கூடிய செய்தி தவறுதல்தான்."

SRI S. RAMALINGAM :—“ I want to speak, Sir.”

MR. SPEAKER:—“ I am not going to allow a debate on this matter.”

SRI PILLALAMARRI VENKATESWARLU :—“ We want a translation of the speech.”

MR. SPEAKER:—“ Order, order. It is not possible for me to arrange for a translation. I cannot do that.”

SRI T. NAGI REDDI:—“ Sir, the Hon. the Chief Minister has made a certain statement which is contradicted by the hon. Member concerned who was on the spot. The point we are now to consider is whether the privilege of the Member has been affected or not. The question for consideration is whether what the Chief Minister stated is correct and his statement is contradicted by the Member concerned. So, we do not know which state ment is correct. Therefore, the House must have full facts in its possession to decide whether there is a *prima facie* case or not. Hon. Members must be given some time to discuss the matter as otherwise we will not know the actual facts.”

MR. SPEAKER:—“ I cannot understand this.”

SRI T. NAGI REDDI:—“ You must allow at least ten minutes to the hon. Members to discuss and verify facts.”

MR. SPEAKER:—“ I know the facts. Granting for the sake of argument that what the Chief Minister has stated is not true, I am going to give my ruling on the Motion.”

SRI T. NAGI REDDI:—“ Ultimately you are going to give a ruling and it will be accepted also. That apart, there are certain facts which are placed before the House by the hon. Member that he was detained at the police station. On the other hand, the Chief Minister maintains that he was not arrested or molested. Before we consider whether hon. Members have a right to treat it as an issue of privilege it must be discussed thoroughly so that fuller facts might be known.”

MR. SPEAKER:—“ It cannot be discussed.”

20th July 1953]

SRI T. NAGI REDDI:—“ How are the Members to know then whether there is privilege issue involved in it? ”

THE HON. SRI C. RAJAGOPALACHARI:—“ I hope that some privilege will be given to me who am concerned with this matter in more than one way. We are now concerned with the Motion of Privilege”

SRI T. NAGI REDDI:—“ On a point of order”

MR. SPEAKER:—“ I will allow the hon. Member to speak afterwards.”

THE HON. SRI C. RAJAGOPALACHARI:—“ On a mere claim of point of order we are having an unending series of interruptions.”

SRI T. NAGI REDDI:—“ The Chief Minister has no right to give a ruling.”

MR. SPEAKER:—“ When I have called the Chief Minister, I cannot allow other hon. Members to interrupt him. The Chief Minister has no right to give a ruling.”

THE HON. SRI C. RAJAGOPALACHARI:—“ I cannot do that, I know. It is possible to misunderstand everything and shout about it. The question is whether the Speaker has allowed me to speak or not.”

SRI T. NAGI REDDI:—“ But you are not allowed to give a ruling.”

THE HON. SRI C. RAJAGOPALACHARI:—“ The question is whether the Speaker should check hon. Members or not when he has asked me to speak. It is not open to hon. Members wherever they may be sitting to get up and interrupt unnecessarily. It is quite easy to get a ruling from the Speaker without all this shout ing. (Sri T. Nagi Reddi: ‘ Because you gave a ruling ’.) The hon. Member imagines that I have given a ruling. I have made it quite plain that I have not.”

MR. SPEAKER:—“ The Chief Minister cannot give a ruling and he has not given a ruling.”

SRI T. NAGI REDDI:—“ That is what we want.”

THE HON. SRI C. RAJAGOPALACHARI:—“ The Chief Minister has sufficient understanding of the proceedings of the House to know that disturbances should not be allowed and misunder standings should not be allowed. The Chief Minister does not give a ruling but like Mr. Nagi Reddi, the Chief Minister has at least the right to get up and ask for a ruling. Let me now proceed with the Motion before the House.”

SRI PILLALAMARRI VENKATESWARLU:—“ I have a point of order to raise, Sir. I want a ruling on this. When an hon. Member has made a statement in Tamil which we feel is very important, are we not entitled to a translation of it or at least a

[Sri Pillalamarri Venkateswarlu] [20th July 1953]

gist of it to enable us to know the full facts of the case? The Chief Minister made a statement and that statement is disputed by the Member concerned. The House is entitled to know what the position is and whether the facts given by the Chief Minister or the Member are correct. On the question of privilege, you will give a ruling which we are going to accept. But are we not entitled at least to a gist of the statement made by the hon. Member, if not a translation? The statement is refuted by the Chief Minister that the Member was arrested or detained and the Member in his turn has refuted this statement of the Chief Minister. Therefore, Sir, we want a gist in English of what the hon. Member spoke in Tamil."

MR. SPEAKER:—"I think it is in the letter itself."

SRI V. BALAKRISHNAN:—"Can an hon. Member claim a right of procedure in the House by demanding the translation of another Member's speech?"

MR. SPEAKER:—"I have got the letter with me. He has given facts about the whole case in it."

THE HON. SRI C. RAJAGOPALACHARI:—"May I interrupt a while, Sir? What the hon. Member now wants is a gist of what was now said and not the contents of the letter which is in English. There is no necessity to translate it. The statement he has made in the letter is very different from what he said now."

MR. SPEAKER:—"Who will translate the speech?"

SRI M. KALYANASUNDARAM:—"I shall do it, Sir. The hon. Member, Mr. Palaniswami, with a batch of peasants wanted to see the Chief Minister when he visited Arachalur in Coimbatore district. He reached, with all his followers, the village of Veerappanpalayam which is just three miles from Arachalur where the Chief Minister was staying. As soon as the party reached Veerappanpalayam, a police party came there and prevented Mr. Palaniswami and the party from proceeding further. After a lot of pleading, Mr. Palaniswami was allowed to go to Arachalur to get permission for the deputation to reach Arachalur. As soon as he reached Arachalur, without even hearing his representation, the Sub-Inspector of Police who was present there took him to the police station by force and asked him to remain there, thus preventing him from either getting permission to see or for seeing the Chief Minister."

THE HON. SRI C. RAJAGOPALACHARI:—"Is Mr. Kalyanasundaram making another statement of his own? If he is translating what the Member said, then I respectfully submit, the Member did not say this."

SRI M. KALYANASUNDARAM:—"He did say this. May I add a few sentences more? Let the Chief Minister have patience."

THE HON. SRI C. RAJAGOPALACHARI:—"He did not say it. But he ought to have said it." (Laughter.)

20th July 1953]

SRI M. KALYANASUNDARAM:—"I can understand the impatience of the Chief Minister. With due deference to his views, I submit that what I said was a translation of what he said. I am only representing to the House what the hon. Member said. After being detained in the police station, he was allowed to go out after the Chief Minister left the place. He reached his party then and learnt from the peasants that they were encircled by the police while they were taking their food, their food was destroyed and they were taken to the police station."

MR. SPEAKER:—"The hon. Member was not taken. So, that is a different matter."

SRI M. KALYANASUNDARAM:—"This is enough for the discussion. May I make a submission on my own behalf? For purposes of privilege, the question is not one of absolute immunity from arrest. Here is a case where a Member wanted to see the Chief Minister along with other representatives of his constituency to make representations on particular matters. Not only he was prevented from seeing the Chief Minister but even without conveying the information to the Chief Minister, the Member was kept in police custody. If that was a wrongful arrest, then the crime is much worse. He was wrongfully and forcibly taken to the police station and detained there for four hours. On the other hand, facts are allowed to be placed before the House by the Chief Minister taking advantage of his privileged position, which are not correct and which are supplied by the Police officials. We have known the ways of our Chief Minister as also his anxiety to uphold the importance of the dog in wagging its tail. He wants to rely on the Police officials' report. But here is the Member who was present there and whose statement must be respected and given preference."

SRI P. RANGASWAMI REDDIAR:—"Mr. Speaker, Sir, 10-10
about the arrest of the hon. Member, Sri Palaniswami, a detailed a.m.
report appeared in the Tamil Daily, "Dinamani" on 19th May
or 20th May. From that report I at least understood that the hon.
Member was arrested by the police unwarrantedly and under the
circumstances which did not warrant any arrest. So far to my
knowledge no contradiction has been issued by the Government."

"Sir, in this connexion I wish to draw the attention of the Hon. Chief Minister to one fact. Invariably the tour programmes of Hon. Ministers are sent in advance to Members of both the Houses and the tour programmes of important Heads of Departments are also sent in advance to all the hon. Members. I would respectfully put the question to the Hon. Chief Minister whether the hon. Members are to be treated like this and terrorized, so to say. That is a very pertinent thing and this is the best occasion when the Hon. Chief Minister may explain the position as to what exactly the Government expect from the hon. Members who get

[Sri P. Rangaswami Reddiar] [20th July 1953]

advance copies of tour programmes and what exactly the representation the Hon. Chief Minister expects from the hon. Members? Is it not the legitimate right and privilege of hon. Members to meet the Hon. Ministers whenever they tour in their respective constituencies and is it not the right and privilege of hon. Members to seek redress of the grievances of the people then?"

* SRI T. NAGI REDDI :—" One minute, Sir. The first point to be considered here is whether we should take into consideration the facts that have been laid before the House by the hon. Member who, according to his own version, was very high-handedly treated by the executive authority and in a manner in which he was not allowed to see the Hon. Chief Minister when he went to that particular constituency or should we take into consideration on the floor of this House the report sent by an authority of the lower rung who had himself arrested the hon. Member and are we to treat this document which the Hon. Chief Minister has read here as true? I, as an hon. Member of this House, respectfully submit that it is very important for the House to take the version of the hon. Member here as true and reject the version that has been given by the Hon. Chief Minister as the version of an officer who himself is responsible for arresting the particular hon. Member. So, if we are to take that position as correct and proper, then it is certainly the privilege of the Member of this House and then it becomes essential for this House to go into the whole question to consider whether it is not the privilege of the hon. Member to go and speak to the Hon. Chief Minister in his own constituency and lead a deputation to the Hon. Chief Minister whenever he is present in his constituency and whether an executive authority can arrest him without previous information and without an 144 Section Order being promulgated. If that is not taken into consideration by the House, we would be reducing ourselves into a position where no hon. Member will have any protection outside this House. I want, Sir, to tell the Hon. Chief Minister through you that he must at least now take the words of the hon. Member here as facts and take them into consideration and reject the version that has been given to him by the Circle Inspector; if he could take action on that again and place the facts before the House—if he gives that assurance—we may postpone the question of privilege to a later date. If not, my submission is that the Speaker should allow the House to discuss this privilege question and decide the issue."

MR. SPEAKER :—" I am guided by certain principles laid down in May's Parliamentary Practice."

* SRI T. NAGI REDDI :—" Sir, the point is these practices are different according to the circumstances in which they were laid down. The social and political conditions in which they came into existence are different from those here. No Member of Parliament could be mishandled by a Policeman . . ."

MR. SPEAKER :—" M.Ps. are not above law."

20th July 1953]

SRI T. NAGI REDDI :—" That is true, Sir. All the same certain traditions and practices are there to prevent high handed action against M.Ps. and . . ."

(Interruption from several hon. Members from Opposition Benches.)

MR. SPEAKER :—" Order. Order. Let me hear the hon. Member Sri Viswanatham."

SRI T. VISWANATHAM :—" May I submit, Sir, that the Hon. Chief Minister has made a definite statement in respect of a particular hon. Member and that particular hon. Member here has stated certain other facts which are contradictory. Can we not make a reference to the Privileges Committee?"

* THE HON. SRI C. RAJAGOPALACHARI :—" May I begin, Sir, at some stage or other? Sir, after 35 minutes, a proposal is made that the question should be adjourned. Instead of making issues . . . (Interruption.) I was only referring to Mr. Nagi Reddi . . ."

SRI T. NAGI REDDI :—" Sir, that is not exactly what I said. One should not misrepresent things and there should be decency about what one says . . ."

* THE HON. SRI C. RAJAGOPALACHARI :—" Sir, after a lot of irrelevant arguments, we have come down to abuses. (Interruption.) Then, what is the reference to 'decency'? That apart, let me again ask hon. Members to remember that our duty is to make matters clear and reduce issues to their proper basis, instead of confounding one with another. Here, after so many interruptions, it takes us some time to clear issues. As far as I am concerned, the first point which has to be settled, in my humble opinion, is this. When a motion like this is raised, the first thing to be considered by the Hon. Speaker is whether a *prima facie* case has been made out and that has to be considered before anything else takes place. Now, it is in that process the Hon. Speaker is asking us to assist him in assessing the position."

" The hon. Member Sri Gopalan, who made the motion began to use this House, so to say, as a platform for a talk on the Constitution itself; he said, ' In this Constitution there is no guarantee for hon. Members and their privileges to be extended '. I have no objection to such a proposal if that is relevant to the matter before us. The hon. Member proceeded to make out—I think it was with a purpose and therefore I should meet it—the hon. Member wanted to make out that our Constitution is not as liberal in respect of the rights of the people as the English Constitution. I maintain, rightly or wrongly, that our Constitution has gone beyond the British Constitution in giving privileges to the people and all privileges to hon. Members also. There is absolutely no ground whatsoever for the assertion on the floor of the House by an hon. Member belonging to the opposite party that our Constitution is less liberal in this regard than the British Constitution."

[Sri C. Rajagopalachari] [20th July 1953]

As the Hon. Speaker tried to interrupt and acquaint the hon. Member even at the time when Mr. Gopalan was speaking, we were closely following the regulations of the House of Commons with regard to privileges without any change whatsoever. Therefore, his claim that our Constitution is inferior in this respect to the Constitution of Britain is wrong.

"Secondly, the hon. Member Mr. Gopalan was making a mistake in confounding the question of responsibility of the Executive to the Legislature with the question that is here involved. Capt. Ramsay's case was referred to by the hon. Member Mr. Gopalan. Capt. Ramsay was, I think, arrested under the Defence of the Realm Act or something like that. If the hon. Member had read the report of the Committee of the House of Commons, he would have seen, even taking the extreme view that the Defence of the Realm Act corresponds to our Preventive Detention Act and even taking that a Member was arrested and detained for no offence and where there would be no trial by Court, it cannot be a question of privilege because the regulations made for such arrests under the Defence of the Realm Act had come to Parliament for consideration and therefore the law that gave power for such detention or arrest being a law made by Parliament, the question of privilege does not apply. That was the position in that case, Sir, and that is exactly the position which should arise here if the question had been made on behalf of a Member when he was arrested under the Preventive Detention Act or otherwise. Here it is no such question. Here the position is totally different. Mr. Gopalan was, I think, considerably handicapped by having a prepared paper with him which did not apply to the present case. After finishing reading, he began to argue. If he read the actual report and spoke on it, the question would be simple. Now, Sir, I have already stated the facts as my information went. (Interruption by Sri P. Venkateswarlu.) Without being interrupted by Sri P. Venkateswarlu, I think I have made a statement of facts. The hon. Member has not made a statement of facts, but began to talk on the question of translation and all that. The hon. Member who made an oral statement here did not keep to the paper that he gave to the Hon. Speaker on the subject. In the paper given to the Hon. Speaker, he definitely said that he was speaking to the D.S.P. but it is found that he was with me escorting me..

SRI T. NAGI REDDI:—"It was 'Dy. S.P.' and the difference was only 'y'."

* THE HON. SRI C. RAJAGOPALACHARI:—"In the statement he made here, he said, that he was speaking to the Deputy Superintendent. Then 'the Police Inspector took him away' from such and such a place to such and such a place. The facts are altered in the statement now. It was stated, he was talking to the District Superintendent of Police in the paper that was given to the Hon. Speaker. Now, Sir, we are not going into the merits of the case or the truth of the matter. The question is whether there is a *prima facie* case. (Interruption by Sri T. Nagi Reddi.)

20th July 1953] [Sri C. Rajagopalachari]

Don't advise and instruct me. I am able to take care of myself. Sir, we are bound to take the maximum that is stated in a paper in order to discover whether there is a *prima facie* case; whether it is the maximum stated in the paper or maximum on the floor of the House here, it does not make any difference."

SRI T. NAGI REDDI:—"No difference between D.S.P. and Dy.S.P."

* THE HON. SRI C. RAJAGOPALACHARI:—"They have passed all bounds of taking advice from me.

"The question whether we should take the maximum that is put down in the written paper or we should take the maximum that is put down in the oral statement on the floor of the House, it does not matter. Though they are different from one another, I am prepared to take both the maxima. But the question is what is the matter? So far as the other persons are concerned about whom allegations are made and appeals are made that I should have received them or heard deputations and the like, they are totally different matters. I was dealing with it and I have dealt with it to the best of my ability. If the Police had arrested the member, they would have had to make a report to the Hon. Speaker. Now, the person who arrested him, according to the allegation, would have sent a report to the Hon. Speaker, if he had really arrested him. What, as a matter of fact, happened was that he did not arrest him. If that fact has to be gone into, it can be gone into. But that is not the question. If he had been wrongfully arrested as Mr. Kalyanasundaram and others have argued, if he was wrongfully restrained, without being arrested, it is a worse case no doubt. But it was raised as a question of privilege. If a man is wrongfully confined without being arrested giving rise to a prosecution for wrongful confinement, what is the consequence? Is it privilege? No, Sir. If a person is kidnapped, or for instance, an ordinary criminal kidnapped an hon. Member . . . (Sri T. Nagi Reddi: 'The Police Inspector is not a criminal') Why don't you wait to understand what I say? You don't understand. Certainly you should understand a thing before commenting on it. (Interruption.) You gain nothing and nobody gains by premature comments. It is only ebullition and not a comment. So, Sir, if a crime is committed by anybody against a Member of Parliament or a Member of a Legislative Assembly, it gives rise to certain other consequences. It is only when arrest takes place that this privilege motion comes in. When a crime is committed, other consequences come in. Therefore it was that I mentioned that the hon. Member made no complaint to the local Magistrate or the Court on the subject till now. If a complaint had been made to the Magistrate, if the matter had been taken to a Court, we would have had an enquiry. Therefore it is wrong. . . . (Sri T. Nagi Reddi: 'He forgot.') I say it is only childish talk and nothing else. (Interruption by Sri T. Nagi Reddi.)"

MR. SPEAKER:—"The hon. Member should not disturb the Chief Minister."

[20th July 1953]

* THE HON. SRI C. RAJAGOPALACHARI :—“ If a person is arrested or imprisoned in the proper way, the only duty cast upon the Executive according to rules and conventions of privilege as reduced finally is that the case should be reported to the Hon. Speaker here or the Hon. Speaker in Parliament and there is nothing else. If such a thing is not made, but a graver offence is committed by arresting a person without any record of it, then a complaint should be made to the local Magistrate or to the Court. No such complaint was made for so long a time. On the technical aspect alone, I say, if no complaint was made, then no case of privilege arises now. The question therefore is very simple whether we should take reports published in newspapers. For instance, the hon. Member Sri P. Rangasamy Reddiar who claimed a special right to speak on this subject referred to the report published in *Dinamani*. What appears in a newspaper really is a report from a correspondent recast in the editorial office. The report is from its correspondent who gets information from those who had some information on the subject. I submit, Sir, we should not go down so far as that to get at facts. There are cases where a report in a newspaper is relevant in its own way(?). Here we cannot get at facts from a report from *Dinamani*. The hon. Member Mr. Gopalan who made a statement did not say anything which would give rise to a claim for privilege. I submit therefore that there is no *prima facie* case and there is no case for enquiry too.”

10-30 a.m. SRI N. K. PALANISAMI :—“ I have already submitted my memorandum to the Hon. Chief Minister. I do not know in what language I had to submit the same to you, Sir. Therefore I submitted it to the Chief Minister.”

MR. SPEAKER :—“ The hon. Member says he has already reported to the Chief Minister.”

SRI M. KALYANASUNDARAM :—“ The Hon. Chief Minister had observed that even granting that this was a wrongful confinement, the hon. Member concerned could have reported about that wrongful confinement to the courts. That is not the issue at present. We are concerned with the privilege of hon. Members. The Chief Minister says that this wrongful confinement does not amount to a breach of privilege. I say it certainly amounts to that only. The hon. Member is an elected Member of this House. He wanted to represent to the Chief Minister about an important thing concerning the people of his constituency. That formed part of his duty as an M.L.A. He was prevented from doing so by the police. As such he could not attend to his work. That amounts to curbing his right to represent his case to the Hon. Chief Minister as an M.L.A. Therefore, I submit, Sir, this amounts certainly to a breach of privilege of the hon. Member as an M.L.A. and as such of the whole House.”

MR. SPEAKER :—“ At the outset let me inform the House that we, the Members of this House enjoy the same privileges that

20th July 1953]

[Mr. Speaker]

are enjoyed by the Members of the House of Commons, nothing more and nothing less. We cannot create new privileges. In the House of Commons also they cannot create new privileges. They cannot create new privileges not warranted by the known laws and customs of Parliament. Sri K. P. Gopalan wants to create here new privileges. Let me now quote from our own Constitution for the benefit of hon. Members to show that we enjoy the same privileges as Members of the House of Commons.

“ Article 194, sub-clause (3) of our Constitution says :

“ In other respects the powers, privileges and immunities of a House of the Legislature of a State, and of the members and committees of a House of such Legislature, shall be such as may from time to time be defined by the Legislature by law, and until so defined, shall be those of the House of Commons of the Parliament of the United Kingdom.”

SRI M. KALYANASUNDARAM :—“ We are not claiming new privileges, Sir.”

MR. SPEAKER :—“ The hon. Member Sri K. P. Gopalan wants us to create some new privileges. In fact, he has said so in his speech.

“ Let me read for the benefit of hon. Members, the ruling given by the Hon. Speaker in the House of Commons on December 9, 1946. It is as follows :

“ That the assaulting, insulting or menacing any Member of this House, in his coming to or going from the House, or upon the account of his behaviour in Parliament, is a high infringement of the privilege of this House, a most outrageous and dangerous violation of the rights of Parliament, and a high crime and misdemeanour.”

“ So only if an hon. Member of the House is molested, assaulted or menaced while he is *coming into* the House or *going out of* the House, it constitutes a breach of privilege.”

AN HON. MEMBER :—“ Is it only this House, Sir? ”

MR. SPEAKER :—“ Not only this House, but in our own Parliament, also. Let me now read the portion from May's Parliamentary Practice under the head 'Privilege of Freedom from Arrest not claimed in respect of criminal offences or Statutory detention.'

“ The privilege of freedom from arrest is limited to civil causes and has not been allowed to interfere with the administration of criminal justice or emergency legislation.”

SRI M. KALYANASUNDARAM :—“ This is not a criminal offence, Sir. It is wrongful detention.”

MR. SPEAKER :—“ Let me finish. When the Chair is on its legs, hon. Members should not stand.

“ In early times the distinction between “civil” and “criminal” was not clearly expressed. It was only to cases of “treason, felony and breach of surety of the peace” that privilege was explicitly held not to apply. A review of the development of the privilege reveals a tendency to confine it more narrowly to cases of a civil character and to exclude not only every kind of criminal case, but also cases, which while not strictly criminal, partake more of a criminal than civil character. This development is in conformity with the principle laid down by the Commons in a conference with the Lords in 1641.”

[Mr. Speaker] [20th July 1953]

"Let me read what they have laid down. It is as follows :

'Privilege of Parliament is granted in regard of the service of the Commonwealth and is not to be used to the danger of the Commonwealth.'

On another occasion in 1831 the Committee of Privileges of the House of Commons have observed thus :

'Privilege is not claimable for any indictable offence'."

"So far I had dealt with the rulings in the House of Commons. Let me now come to our own country. I shall refer to the report of the Committee of Privileges of the Hyderabad Legislative Assembly regarding the case of Shrimati Arutla Kamaladevi. The case rose because of Shrimati Arutla Kamaladevi, M.L.A. complaining on 31st May 1952 to the Hon. Speaker of the Hyderabad Legislative Assembly about the detention of herself along with seven of her comrades in the car for five hours on 27th May 1952 at Kandrapole Police Camp, while the said party was returning from Wadapalli after addressing a public meeting. This was referred to the Committee of Privileges. I shall read the findings of the Committee of Privileges.

'The House was not in session on 27th May 1952 and Shrimati Arutla Kamaladevi was neither going to the Assembly nor coming from the Assembly. As such this privilege also cannot be claimed by her.'

"I am now going to give my ruling on the privilege motion of Sri K. P. Gopalan. I rule that no *prima facie* has been made out constituting a breach of privilege.

"We shall now pass on to the next item on the Agenda."

IV.—GOVERNMENT BILL.

THE ANDHRA STATE BILL, 1953—*cont.*

SRI M. HANUMANTHA RAO :—"On a point of information, Sir. I had given notice of two adjournment motions. It may be taken up now."

MR. SPEAKER :—"The time is now 10-30 a.m. I know the hon. Member had given notice of two adjournment motions. Not only he. Mr. Krishna Rao also had given notice of an adjournment motion. I shall take all of them tomorrow."

SRI T. NAGI REDDI :—"Sir, one of the adjournment motions given notice of by Mr. Hanumantha Rao refers to the 'auctions'. It is a very important matter. The auctions are going to be held *to-day* and thousands of people would be deprived of their lands thereby. So I submit that the same may be discussed *to-day* itself, and not tomorrow when the auctions would have come to an end."

* THE HON. SRI C. RAJAGOPALACHARI :—"With regard to the plea that had just been raised, let me say a few words. I am not going to enter into the legalities involved in the matter. I am only asking them to consider this. The adjournment motion refers to the 'auctions' that are going to take place *to-day*. Let

20th July 1953] [Sri C. Rajagopalachari]

me tell hon. Members that an auction that is going to be held *to-day* cannot be or will not be automatically postponed or stopped because an adjournment motion has been brought in here. If the auction is to be stopped or postponed, that has to be done by the Executive. It is a matter for the Government."

MR. SPEAKER :—"Apart from that, let me tell hon. Members that Sri Anantasayanam Ayyangar, Deputy Speaker of the House of the People, told me the other day when he was here that in Parliament they would admit adjournment motions only if they were given half an hour before the commencement of the sitting. Hardly five minutes before the commencement of the House *to-day* the adjournment motion had come to my hands. That is why I say this. I am not disallowing it. Without waiving its urgency, I shall take it up tomorrow."

SRI C. V. K. RAO :—"It is a pity, Sir, that a point of order ^{10-40 a.m.} does not get a precedence over other things."

MR. SPEAKER :—"So many members rise in their seats; they should wait for the Speaker to call one of them."

SRI N. K. PALANISWAMI :—"It is a warning to all hon. Members that they should not oppose the Hon. the Chief Minister when he attempts . . ."

(Many hon. Members were seen rising in their places.)

MR. SPEAKER :—"The Speaker is on his legs and all hon. Members will please resume their seats. We shall proceed to the next business, the Andhra Bill."

(Sri Pillalamarri Venkateswarlu rose.)

MR. SPEAKER :—"I am not going to allow any point of order. If there is anything of importance, I suggest to the hon. Member to see me in my Chamber."

SRI PILLALAMARRI VENKATESWARLU :—"I wish to bring to the notice of the Speaker an irregularity of procedure and that is why I am raising a point of order. Just now an amendment was distributed to us and I want to point out to you, Sir, that it is out of order."

MR. SPEAKER :—"Could he not have waited for raising that point until that clause was reached? When that particular clause to which the amendment is proposed to be moved comes up for consideration, he could make this observation and bring it to my notice."

SRI PILLALAMARRI VENKATESWARLU :—"I shall presently explain my difficulty, Sir."

MR. SPEAKER :—"He need not do it now; it is enough if he explains it at the time when the clause is taken up and the amendment is proposed."

"We are now in clause 19."

[20th July 1953]

DR. K. B. MENON :—" I am afraid, Sir, the Communist Members have monopolized the Hon. Speaker's attention. I have been standing for half an hour to catch the eye of the Speaker."

MR. SPEAKER :—" But the hon. Member should not be standing when the Chair is on its legs. I am afraid he had no business to be standing like that and that too when I told the House at the time that we would be resuming consideration of the Andhra Bill."

DR. K. B. MENON :—" I wish to bring to your notice, Sir, that aggression seems to win and others seem to be ignored. I wished to raise a point of information. The report on the Ramsay case was circulated in the House and I wanted to know, Sir, whether it was circulated among the Members only for their information or . . ."

MR. SPEAKER :—" If the hon. Member wants any information, he is at perfect liberty to come to my Chamber and I am prepared to give him all the information that he wants."

DR. K. B. MENON :—" But I submit to you, Sir, that this is not a point of order."

MR. SPEAKER :—" It applies to both points of order and information."

* THE HON. SRI C. RAJAGOPALACHARI :—" Mr. Speaker, Sir, I entirely agree; our experience has been that the phrase 'point of order' has been used by hon. Members in a way it ought not to be done and what happens is that the Chair and the House do not really have any point of order before them. Therefore, hereafter, I would beg of all hon. Members to raise points of order only when there is a real point of order; otherwise it loses its importance and its meaning."

DR. K. B. MENON :—" I am sorry, Sir, that the comment has been made without hearing me."

MR. SPEAKER :—" Sri Kalyanasundaram."

SRI M. KALYANASUNDARAM :—" Mr. Speaker, Sir, I move only amendment No. 65 standing in my name. I am not pressing amendment No. 66. I move :

' 65. This House recommends to the Parliament of India that clauses 19, 20 and 21 of the Andhra State Bill, 1953, be deleted and a simple section substituted which will provide for the abolition of the Legislative Council in both the Madras and Andhra States.' "

The amendment was duly seconded.

SRI N. K. PALANISWAMI :—" Sir, I move, the following amendment :—

' 67. This Assembly is of the view that there is no need for the Legislative Council to the Residuary State of Madras and resolves that it be abolished.' "

The amendment was duly seconded.

20th July 1953]

SRI VAVILALA GOPALAKRISHNAIAH :—" Mr. Speaker I move the following amendment :—

*' 68. For clauses 19 to 22, substitute the following :—
" There will be no Legislative Council to the Madras, Mysore or Andhra State.' "*

The amendment was duly seconded.

* SRI M. KALYANASUNDARAM :—" Mr. Speaker, Sir, the Opposition has, from the very beginning, been saying that it is against the extravagance of an Upper House. The reasons are well-known. The Upper House so far as this State is concerned does not function usefully and that is our experience of its working for the past one year. This House passed several Bills and they have all gone there. I do not deny the fact that there are experienced people and mature statesmen in the Upper House. I do not mean any disrespect to them but what is it that experience has shown? Have they made any useful amendments in respect of any measure that had been passed by this House and have they referred back any measure to this House for re-consideration? No, Sir, and so, why should we be called upon to maintain it? I hear the Chief Minister saying that it is due to the efforts of the Government that any Bill has not been referred back for re-consideration by this House. Then, Sir, it is a negation of the principle of democracy. If that House really wanted, it could have been referred to this House without interference from the Government. My point for abolition of the House, I am glad, is justified by what the Hon. the Chief Minister has stated. Without making any elaborate speech, I move for the consideration of the House the proposition that the Upper House be abolished because it is not necessary. I know, Sir, it is open to us to take up this question in the ordinary course. But here is an opportunity to give expression to our views in the matter because all the resolutions given notice of to this measure are only by way of resolutions to ventilate our views and now that an opportunity has been afforded we stick to the pledge we have given to the people. We say that so far as the residuary State is concerned, the Upper House should be abolished."

* SRI VAVILALA GOPALAKRISHNAIAH :—" Mr. Speaker, Sir, I have moved an amendment to the effect that— 10-56 a.m.

' There should be no Legislative Council to the Madras, Mysore or Andhra State.'

My point is this. If we go through the Constitution of India we find that no power is given to the Council except to ratify any Bill (except a money Bill) which is passed by the Assembly. It is only creating a wheel within the wheel and a waste of public money. The Prime Minister of India and the Congress from the very beginning have declared that there must be no second or upper Chamber. The Hon. the Chief Minister says that this is a question of politics. Some people may say that there are intellectuals, there are genius people and there are super-human beings and they can be nominated by the Governor to the Council. No doubt, the Constitution provides that the members to be so

[Sri Vavilala Gopalakrishnaiah] [20th July 1953]

nominated shall be persons who have special knowledge or practical experience. But we actually see that nomination is made not with reference to the merit of the person but more with reference to politics. The persons who have been nominated in Madras are out and out politicians and not selected as they are experts having special knowledge or experience in any of the subjects mentioned in the Constitution. Assemblies are the *de facto* Legislatures and not the Councils. The Councils were created in those old days with a view to create obstacles in the progressive legislation of the House. Pandit Nehru, when announcing the formation of the Andhra State, said that there would be no second Chamber in the new Andhra State. We thank him for this wise decision. But we feel sorry to note that Pandit Jawaharlal Nehru out of pressure has allowed the second Chamber in the residuary Madras State. I do not know whether it is to enable the Hon. Sri C. Rajagopalachari to continue in the Cabinet. Otherwise he may not be in the Cabinet of the residuary Madras State. I have the least objection to have the Hon. Sri C. Rajagopalachari or any other as the Chief Minister in the residuary Madras State where I have no concern at all. But when there is no Council for the new Andhra State, I think there need be no Council for the residuary Madras State also. So far as Part B States are concerned, only the Mysore State has got a Council. I do not know why Mysore is given a special facility in this regard. Now my proposal is that when we are amending the Constitution as far as the Madras, Andhra and Mysore States are concerned and when we are bringing in so many amendments, I think this is the proper time to put an end to the necessity for a Legislative Council in the Mysore State also. I hope that the Central Government and the Members of Parliament will take this opportunity to abolish the Legislative Councils in all the States. Now, I want to mention one thing about the Council of States. Pandit Jawaharlal Nehru in his statement in Parliament when there was a conflict between the two Houses of Parliament, that is the House of the People and the Council of States, said 'In British Parliament it was an evolution of Parliamentary procedure that made the House of Commons more powerful and the House of Lords merely a puppet'. Why then it is that in respect of some of the States the Councils are being allowed to continue? The Constitution of India provides for two Houses in the Union Parliament. My submission is that there is no need for a Second Chamber even in the Centre. I therefore wish to make a recommendation through this House to the Government of India that they may abolish the Council of States at the Centre also. We are thankful to Mr. Nehru for having announced that there will be no Council in the new Andhra State. In spite of that announcement some people went to Delhi and tried to bring back the Council. But now the Delimitation Commission has allotted 196 seats to the new Andhra Legislature. The argument of the people who wanted to retain the Council was that the number of seats allotted to the Andhra Legislature was small when compared to the population of two crores of Andhras. Now that the Delimitation Commis-

20th July 1953] [Sri Vavilala Gopalakrishnaiah]

sion has increased the number of seats, I feel that there need be no Legislative Council in the Andhra Legislature. I make an appeal to the Members of this Assembly as well as to the Members of Parliament to put an end to the Councils in all the States. The time has come when there should be no second Chamber. A unicameral Chamber will do to look after all things."

SRI P. VENKATESHA SHOLAGAR:—“கனம் சபாநாயகர் அவர்களே, இப்பொழுது லெஜிஸ்லேட்டிவ் கவுன்ஸில் இருப்பதன் காரணமாக ஜனங்களால் விரும்பப் படாதவர்கள் எல்லாம், ஜனங்களின் நன்மதிப்பைப் பெறுதவர்கள் எல்லாம் நேரடியாக மக்கள் மத்தியில் சென்று நாங்கள் உங்களுக்காக இந்தக் காரியத்தைச் செய்கிறோம், இந்த நன்மையைச் செய்கிறோம் என்று வோட்டு வாங்கி வராமலேயே கொல்லிப்பற்ற வழியாக உள்ளே நுழைவதற்கு ஒரு சந்தர்ப்பம் இருக்கிறது. மேலும் இந்த நாட்டில் பல அபிவிருத்திகளைச் செய்ய வேண்டும், மக்களின் நன்மைக்காக இந்தந்த செளகரியங்களைச் செய்யவேண்டுமென்று கனம் அங்கத்தினர்கள் கோரும் போது பணம் இல்லை, நிதி நிலைமை மோசமாக இருக்கிறதென்று கூறிக் கொண்டிருக்கும்பொழுது, இந்த மேல் சபையை எடுத்து விட்டால் தற்பொழுது ஏராளமாகச் செலவாகிக் கொண்டிருக்கும் பணம் நிறைய மிச்சமாகுமென்று நான் தெரிவிக்க விரும்புகிறேன். மேலும் தற்பொழுது சபையின் விவாதத்தில் இருந்து கொண்டிருக்கும் ஆந்திரா பில்லில் ஆந்திர மாகாணத்திற்கு மேல் சபை இல்லையென்று கண்டிருக்கிறது. அதேமாதிரி நாம் மாகாணத்திற்கும் மேல்சபை வேண்டியதில்லையென்பது தான் யாக நம் மாகாணத்திற்கும் மேல்சபை வேண்டியதில்லையென்பது தான் எனது அபிப்பிராயம். மேல்சபை இருப்பதன் காரணமாகத்தான் மக்களின் வோட்டைப்பெறுது, மக்களின் நன்மதிப்பைப்பெறுது, உண்மையில் அவர்களால் வெறுக்கப்படுகிறவர்கள் பதவிக்கு வந்துவிடுவதற்குவழி இருக்கிறது. பதவிக்கு வந்தபின் அவர்களது சட்ட நுணுக்க அறிவைக் காட்டியும், சாணக்கிய முறையைக் கையாண்டும் மக்களின் வோட்டுக்களைப் பெற்று வந்திருக்கிற அங்கத்தினர்களை அலட்சியம் செய்வதொடு மக்களுக்கு உண்மையான நலனைக் கொண்டுவரத் தகு முட்டுக் கட்டையாக இருக்கிறார்கள். ஆகவே மக்களின் ஆக்கவேலைகளைச் செய்வதற்கும், நாட்டின் பொருளாதார நெருக்கடியை போக்கடிப்பதற்கும் மேல்சபை இருப்பதே அவசியமில்லை. ஆகவே மேல் சபையை எடுத்துவிடவேண்டுமென்ற திருத்தத்தை நான் ஆமோதிக்கிறேன்.”

MR. SPEAKER:—“I wish to suggest that the House may take up the amendments to clauses 20 and 21 also along with the amendments to clause 19, because all the three clauses are about the Legislative Council.”

SRI T. VISWANATHAM:—“If the question whether the residuary State should have a Legislative Council or not is disposed of, I think the amendments to the other two clauses can be disposed of easily. Otherwise there will be a lot of discussion.”

MR. SPEAKER:—“We are now dealing with the amendments to clause 19. I think it will simplify matters if we take up the amendments to clauses 20 and 21 also along with the amendments to clause 19.”

SRI T. VISWANATHAM:—“I leave it to your discretion, Sir. If the amendments to all the three clauses are taken together, I think my amendment to the Fourth Schedule can also be taken up along with them.”

SRI VAVILALA GOPALAKRISHNAIAH:—“My amendment to the Fourth Schedule also can be taken up along with these amendments.”

[20th July 1953]

The following amendments were duly moved and seconded :—

Clauses 20 and 21 and the Third and Fourth Schedules.

SRI M. KALYANASUNDARAM—

“ 70 Delete clauses 20 and 21, and the Third Schedule and the Fourth Schedule and renumber accordingly.”

Clause 21.

Sub-clause (1).

SRI B. KRISHNAMOORTHY ROW—

“ 71 This House strongly recommends that there shall be a Legislative Council for the Andhra State and provision shall be made by Parliament in the Andhra State Bill for the constitution thereof under such directions as the President may make and issue in this behalf.”

SRI P. VENKATASWAMI REDDI—

“ 72 This House resolves that there shall be a Legislative Council for the Andhra State consisting of not less than forty seats of which the sitting members of the Madras State Legislative Council representing the Andhra area therein and such further or other members to make up the said number by election by the Andhra Legislative Assembly and by nomination by the Governor of the Andhra State under such directions as the President may make in this behalf.”

SRI N. GOPALA MENON—

“ 73 (i) Add as proviso to sub-clause (1), the following :—

‘ Provided, however, that the sitting members of the Legislative Council of Madras who have been elected by the members of the Legislative Assembly of Madras shall continue to be members of the Legislative Council of Madras ’; and

(ii) That the Fourth Schedule be amended accordingly.”

SRI T. VISWANATHAM—

“ 172 This House recommends that provision be made to amend list (d) of the Fourth Schedule so as to include the names of Sri B. V. Subrahmanyam, Sri Md. Raza Khan and other members of the Council, who have long residence, vocational and voting interests in the Residuary State only and make consequential amendments to the schedule and clauses.”

SRI VAVILALA GOPALAKRISHNAIAH—

“ 173 (d) Add ‘ 37 (a) S. Srinivasa Rao ’.”

* **SRI N. GOPALA MENON :—**“ Sir, the amendment moved by the hon. Member Sri Vavilala Gopalakrishnaiah is to the effect that the Legislative Councils in the Madras, Mysore and Andhra States should be abolished. The Legislative Assemblies consist of directly elected representatives. If we want to abolish all kinds of indirect election, it may not perhaps be altogether

20th July 1953] [Sri N. Gopala Menon]

good. There are some very good points in favour of having a small Second Chamber. Ordinarily we find that the very best men in our country, scholars, scientists and men of that type, find themselves incompetent to contest big elections and so they keep aloof from elections. The technique of moving the masses for getting elected is altogether foreign to the habits and bent of mind of such people. If we want the advice of people of that type, it is necessary that provision should be made for a Second Chamber consisting of members elected by the representatives of the people and also by constituencies like the Graduates' Constituency. If there are in the opinion of the Governor of the State some persons who by virtue of their age, experience and knowledge of men and affairs deserve to be members of the Council, they should also be nominated. I think the provision made in the Constitution for the formation of a Legislative Council in the major States is a salutary one. It is not necessary that the Legislative Council should show its authority by turning down the Bills and other legislative matters that are sent to it for discussion and approval. That is not the real test. The test is really the discussion that takes place in the Legislative Council on the several matters that are placed before it. The expenditure to the Government on account of the retention of the Legislative Council is really a negligible factor. In some States we have something like a Privy Council where the elder statesmen are gathered and asked to express their opinion on major administrative problems. Such a body is not unknown in many countries. In fact, whenever there is trouble in the country, what the ruler of the country does is to get together men who have great experience and leading men of the country who may not be members of elected bodies, ascertain their opinion and act according to it. The object of having a Legislative Council is more or less similar. Hon. Members opposite should not look at the question purely from the point of view of the expenditure to which the State is put to in having a Legislative Council with a few members. If we go through the proceedings of the Legislative Council in some of the States and of the Council of States in the Centre, we find a great deal of light is thrown on matters discussed there. In the first place, the Members there consider the subjects very dispassionately. Although there is the dictum of Burke, yet ordinary an elected Member of the Legislative Assembly has got to consult the opinion of his constituency and act according to it. A Member of the Legislative Council or the Council of States does not have that important impediment. He can consider all matters objectively and dispassionately and give his view on the matters placed before him. That will not finally be binding on the people. It is taken more or less as a sort of advice. From that point of view, I think that it is not desirable to abolish the Legislative Council in Madras. There is no question of Legislative Council in the Andhra State. The amendment that I have given notice of relates to the Legislative Council of the residuary State. The Legislative Council is composed of 24 Members who are elected by the Members of the Assembly. When we elected these 24 Members to the Legislative

11-10
a.m.

[Sri N. Gopala Menon] [20th July 1953]

Council, we never had in our minds the question whether the Members belonged to the Andhra State or to any other State. They were elected because the Members of the Assembly thought that they were fit persons to participate in the discussions of the Council and give advice. Therefore, they were elected as Members of the Council. Now merely because some of them happen to be Members belonging to districts which will form part of the Andhra State, it may not be quite fair to take them out of the Madras Legislative Council. There are only very few of them, and because they have all been elected by the Members of this Assembly, I would like that they still continue to be Members of the Legislative Council. There are some excellent men among them also. After the formation of the Andhra State, there will be time enough to consider whether the number of the Members of the Legislative Council should be decreased or not. That is why, Sir, I move my amendment. Any removal or deletion from the list of any particular Member, merely because he belongs to Andhra district, would be more or less arbitrary. The Assembly Members are having their own Andhra State. If the Andhra State is going to have a Council, it can certainly adopt these Council Members. But it is not fair that these Members whom we have elected should be left in suspense. The Andhra State is not able to take them because there is no Legislative Council. The residuary Madras State is rejecting them not because they were not elected by all the Members of the Assembly but because they happen to have their residence in Andhra. What is the criterion that prompted the Members to elect them is a question that has to be answered. So far as I am concerned, I can say that the place a particular person occupied or the district where he was living in, was never in the minds of many of the Members of the Legislative Assembly when they voted for those Legislative Council Members. Therefore, as I said earlier, the deletion from the list of particular Members would rather be arbitrary. In fairness let us have the Members whom we have elected irrespective of the places where they reside."

* **SRI K. KRISHNA RAO :—**“Sir, the Andhra State is going to be formed, and we are to recommend whether there ought to be a Legislative Council for Andhra or whether we are to have merely the Assembly and not the Council. We have been seeing the work of these Councils for a number of years. We know that the argument generally is that the Assemblies consist of persons who do not have brains, that the brains are monopolised only by the persons in the Council, and that in the Assembly they have got more the dirt of the people with whom they are mingling and by whom they are elected. I would say it is a cynical and misanthropic philosophy which has been dumped upon us here. A man grows wise by having more contact with the people, and the dirtier he is the more intelligent will he be. The fact is that when we read the proceedings of the Council, we find that many of the speeches are absolutely unrelated to the realities of life in India. They may be wanderings in the clouds; they may be the musings of a heated brain of a college professor, but realities of life they have no relation to. The grievances of the people they do not contain, and the real aspirations of the people they never voice forth. That is why I say the Council, as we see it, is designed to be a relic of the old people who said, 'It is all the mind that matters and matter is nothing. It is only the man who thinks that matters and not the man who works.' It is unfortunately that kind of contradiction between the man who works and the man who thinks that has been going very far with the result that our sciences and arts have become divorced with the

reality of art or substance. We find that these Councils are actually made use of only as propaganda machines for the Ministry. In fact, we already find that even the Assemblies, as we see to-day, are sought to be made use of by the Ministry to be their tools. So, I do not think that we should allow this kind of thing to proceed. We do not want toys which are to be misnamed Councils. They are mere toys and show-rooms where people with fossilised brains and ideas simply brag out certain things which have no relation to reality and which have the unique merit of supporting fossilised politicians and outmoded ideas and supporting a Ministry which cannot have the support of the people or of the various strata of the people. That is why I say these Councils are merely ornaments. They have long ceased to serve the purpose for which they were intended. They might have been good enough in the era of feudalism when people said, 'One must be born a Lord to be wise.' Nowadays those are outmoded ideas and we find that these people are really fit for the museum and they have no longer any place in politics. We do not want show-things in a museum to be kept in a place called the Council and invested with only one authority, the authority of blocking all progressive legislations, and talking stuff which is high-sounding but has no substance and is unrelated to realities. This Council leads also to another danger, I would say. Unfortunately, on account of the existence of the Council in the Madras State, we have here the Chief Minister giving the touch of the old and the reactionary to everything progressive. We have here a fossilised politician who has always been afraid of the people. In 1937 he went about with the University graduates. He thought that the people were very dirty and that he should not touch them. He again came as a Chief Minister and it was facilitated by the existence of the Council. We do not want people to come by the back door into the Ministry and continue to block our progress, the progress of India towards liberation and the enjoyment of a full life. We have seen in many of the countries where there are Second Chambers that they are intended only to do one thing and that is to bring about interminable talk and verbiage and confuse every issue and not give a reality of the picture as it obtains. I would request this Assembly 'Please do not keep over a new State, over a democratic Andhra, an "old man of the sea" and see that it is sunk under the sea. Please see that we do not have an old man of the sea over our shoulders to block all our progress.' We do not want these Councils. We have seen enough of them. Many of the people in the Council have arrogated to themselves the right of giving sage advice even to us, persons who keep a live contact with the people. They want to give sage advice to us not to keep any contact with the people. Sir, the days of the Council are gone, and to ask that the Andhra Legislature should consist of a Council is to ask that we should go back to the Stone Age. It is not in any way a progressive or modern thing. Therefore, I oppose the amendment which says that there should be a Legislative Council in the Andhra State, and support the amendment which says that there should be no Legislative Council either in Madras or in Mysore or in Andhra."

* SRI G. NAGABHUSHANAM :—" Mr. Speaker, Sir, the hon. Members who have spoken against the creation of a Second Chamber are really those who are speaking against human experience. In all democracies in the world, generally we have got Second Chambers, consisting of not tools, not show-rooms, not people intended for propaganda, but people who are eminent and wise. Who can say that the Hon. Sri Rajagopalachari and Sri Prakasam who are sitting here are intended to be tools of propaganda? They are the best men of our country who are doing the greatest service to the people. People who think that the Second Chamber is intended to be a show-room are not speaking the truth. They are all people belonging to the Communist Party, who have no faith in freedom of speech and whose Soviet Supreme Council that met recently simply passed all the resolutions placed by the Soviet Cabinet before the Supreme Soviet Assembly. There the resolutions are simply passed. Therefore, they are carrying with them the same experience and the same outlook into the democratic Legislature here and judging the same from that point of view. No doubt, our Prime Minister has said that the Andhra State should not have a Second Chamber. I submit it is only a tentative arrangement due to financial difficulty. Therefore, it should not be held that a Second Chamber is not necessary. It may not be necessary now, but taking the broad principle and human experience into consideration, I submit the Second Chamber is necessary for Andhra Desa for a population of nearly two crores. We want the co-operation of the older generation and experienced people. Hence they are not tools of propaganda, etc. They are very old people and very wise and independent in their outlook. All those people who are speaking against the creation of a Second Chamber are all Communists. They have faith only in themselves and not in others. Their argument is a very short-sighted one. They are always talking of the Second Chamber from the political point of view and not from broad human experience. I say the Second Chamber has done greater good to us. The Second Chamber can revise legislation and send back the same to the Assembly for its consideration. One hon. Member said that so far as the Madras Council was concerned it had not sent back any Bill passed by the Assembly. It may not have been done so far. But the Madras Legislative Council contains eminent people of international fame and high reputation like Dr. Lakshmanaswami Mudaliar and several others. If we want to have the co-operation of such eminent people, we should have a Second Chamber. Suppose we want the services of Sri Prakasam and old people like him. We should have the Second Chamber. Therefore, taking the broad human experience and the history of democracy in the world into consideration, I submit that a Second Chamber is essential as a revising body as it contains men of experience, broad outlook and age. Therefore, although the Prime Minister has said that there should be no Second Chamber, I feel that it is necessary to provide for our great men like the Hon. Sri Rajagopalachari and Sri Prakasam who are doing the greatest service to the country."

SRI T. PRAKASAM :—“ Sir, I may be permitted to say just now that Sri Prakasam is opposed to the idea of having any Council anywhere.”

11-30 a.m. MR. SPEAKER :—“ The hon. Member Sri Kalyanasundaram may move his other amendment also.”

SRI M. KALYANASUNDARAM :—“ Kindly allow me to explain the reasons in a few words.”

MR. SPEAKER :—“ The hon. Member may first formally move his amendment. I will allow him to speak afterwards.”

SRI M. KALYANASUNDARAM :—“ Sir, I move amendment No. 66, which stands in my name and which reads as follows :—

“ 66. For the existing clause 19, substitute the following :—
“ 19. The Legislative Council of the Madras State shall stand abolished as from the day immediately preceding the appointed day and all members of the Legislative Council shall cease to hold office as such on the day immediately preceding the appointed day.” ”

SRI T. C. NARAYANA NAMBIAR :—“ I second the amendment, Sir.”

* SRI R. SIDDANNA GOWD :—“ Mr. Speaker, while opposing the amendment given notice of on the Andhra State Bill, I wish to make my position clear. I do not wish to refer to personalities. I am going to speak from an entirely different point of view. Whatever may be the necessity or need for the existence or continuance of a Second Chamber in bigger legislative bodies like Madras, Bombay and other parts to represent expert opinion on various matters of various authorities which are responsible for the extension of elementary education, university education, etc., the existence of a Legislative Council for the Andhra State will only be a stumbling block in the progress of the Legislative Assembly of the Andhra Pradesh. It is said that a Second Chamber is intended to prevent hasty legislations. No doubt it is true in emergent circumstances. The Andhra State will be an infant State starting with a huge deficit and crippled finances. That is why the Government of India have not recommended the constitution of a Second Chamber for Andhra. I strongly support the view taken by the Government of India that there should be no Second Chamber for the Andhra State. It will involve a lot of extra expenditure. The finances of the new Andhra State cannot afford to meet the extra expenditure involved in constituting a Legislative Council and to meet the extra expenditure that will have to be incurred in holding Council sittings and in paying the travelling and other allowances to the Members of the Council. With these words, I oppose the constitution of a Legislative Council for the new Andhra State.”

SRI C. V. K. RAO :—“ Mr. Speaker, I support the provision in the Bill that there should be no Legislative Council for the Andhra State. I support the resolution that there should be no Legislative Council for the residuary Madras State also. It has been argued by Sri Gopala Menon that a Second Chamber will be helpful for the

good administration of the country in the sense that experienced men may be brought into the Second Chamber, as such experienced men do not, cannot and will not contest the elections from their constituencies, and that it will have a sobering effect on the revolutionary tendencies of the Assembly. Well, that is a very, very old argument. If the contention is that the Assembly does not consist of such elements, then he may be right. The Member who has been elected from a constituency should have faith and trust in the people and in himself. Anybody is free to contest for an Assembly seat. Persons who are not interested in the administration of the country need not be bothered with the heavy burden of being made Legislators.

“ I do not accept the argument relating to the ‘ sobering effect on the Assembly.’ Because, there is room for all sorts of elements getting elected to the Assembly. Now, the election for the Second Chamber is based on indirect election, which is a very wrong method and principle. Under this system, the same person will be voting twice. For example, take the graduates, they can elect one person for the Assembly. Again, as graduates, they can elect another person for the Legislative Council. This is not good. A right is being conferred on certain sets of people who have two votes. Even from this angle, it is not correct to recommend a Second Chamber.

“ When I am arguing that there is no need for a Second Chamber, I do not mean any disrespect towards the Members of the Council. What I do want is that they can as well be elected regularly from the constituencies. Now, the Members of the Assembly, after they are elected by the people, have to elect some Members for the Council. I am not able to understand the principle underlying this system. The suggestion for a Legislative Council has come from a party which has not got trust in the people, in the initiative and wisdom of the people. That is the reason for the move for a Second Chamber. I do wish that we as democrats should see that this Second Chamber is abolished. With regard to the men who have already been elected or nominated to the Council, they need not be dismissed straightway. There is a way out for them. In view of the extended constituencies in the different States, they may get elected from one of those constituencies.

“ As a matter of fact, a Second Chamber nullifies the work that is being done in the Assemblies. Living in the present time and conditions as we do, I consider it to be a sheer waste of time, energy and money to have Legislative Councils which would be against the democratic aspirations of the people and also against the party spirit about which so much is being said on the floor of the House. As such, I oppose the continuance of the Second Chamber for the residuary Madras State as well.”

* SRI K. VARADACHARI :—" Mr. Speaker, Sir, I am one of those who have given notice of amendments in favour of constitution of a Legislative Council for the Andhra State whatever may happen to the Madras State which has been a progressive one and continues to be so. Whether they retain the Council or not is not my job. But I am particular that in the situation in which the new Andhra State will find itself it is essential that that Legislature should have a Council also so that it may function as a helpful advisory body for at least the duration of the Andhra Assembly, if not permanently. I am aware that the Government of India are thinking in terms of abolishing all Legislative Councils in the country. Whenever such a decision is taken by the high level committee appointed for the purpose and when the great men finally agree to such a course, let it come. But before any such decision is taken, it is curious to find that a State like the Andhra State which, even in its crippled size is still deserving of an upper Chamber is denied one. An upper Chamber is necessary to guide the deliberations of the Assembly on several matters which require expert or elderly experience and advice. Depriving the Andhra Legislature of such an institution is a serious blow to the Andhra State. We constitute a major province. Mysore has got a Legislative Council. Assam has got a Legislative Council. West Bengal has got one. In these circumstances, why should Andhra be deprived of a Legislative Council. Is it proper to deny an upper Chamber when even in the most advanced country like the United States, every State has got a second Chamber in spite of the fact that the population of each small State is not more than three or four million? That being so, in a State which consists of 20 million people and which is promised an increased strength of 196 in the Legislative Assembly,

[Sri K. Varadachari]

[20th July 1953]

it is not proper to refuse a second Chamber, which is after all a negligible factor. The Andhra area has been enjoying an Upper House by remaining in the composite State all this time, a chamber consisting of several great men who have been giving their experience and talents for the proper governance of the country. That being so, I do not see any reason why there should not be a Council for the Andhra State.

"Sir, objection may be taken on the ground that an upper House will be a financial burden on the new State. After all, figures have been worked out and the Legislative Council will not cost more than a lakh and thirty thousand rupees every year. It is not such a big figure. What is there that the Andhra State is going to get by a reduction of this sum from its expenditure? It is not going to be helpful to the Andhra State in its administration. Even if we talk of principle, there is no principle involved in this issue. Are we to assume that all the Constitutions in the world which provide for a second chamber have gone wrong? We are an infant democracy and we cannot say that Legislative Councils are anomalous, out-dated and useless. That is not the attitude we should take. When a final decision is taken by the Government of India, I am sure they will not come to a decision in favour of abolition. The high level committee also I am sure will not favour abolition. Be that as it may. So long as this Assembly in the Andhra continues, a Council also should be there. There are already 24 Members elected from several constituencies. We want only 16 more to constitute the Andhra Legislative Council. This can be arranged either under the Constitution or by the President even at the formation of the Andhra State. I would say that it has become doubly important and necessary that there should be a Legislative Council. The argument heard is that 'in view of some decision that may be taken tomorrow, let us abolish the Council in the Residuary State, or let us have no Council in the Andhra area.' That should not be the attitude. We have been having a Legislative Council in the composite State. Let us continue to have such members. If this course is not possible, the Government of India can decide that those members who are now members of the Legislative Council here representing the Andhra area may be made Members of the Legislative Assembly itself, just as members of this Assembly are now constituted to be members of the Andhra Legislature. Why should they be dismissed straightaway by reason of the Constitution of the Andhra State?

"Sir, my sole and strong plea is that a Legislative Council in the Residuary Madras State is absolutely necessary and for the duration of this Assembly at least, the Government of India and Parliament may consider the question of constituting a Legislative Council for the Andhra State."

వి కొద్దికాలము భారమైనా ఎదురే అవుతుందని, రాష్ట్రమునకు చాలా శక్తివంతమౌతగా ఉండి ఉంటుందని నా అభిప్రాయము. ఈ సందర్భములో, మిత్రులు వరదాచారిగారు వారి తరువాత మాట్లాడిన విషయము, ఈ సందర్భము ప్రతిపాదించుటవంటి క్లిష్టమూర్తిగాను ఒక విషయము గుర్తుకు తెచ్చుకొనవలసియుంటుంది. అంధ్ర శాసన సభ్యుల సమావేశంలో రాజధాని నిర్ణయ సమస్యమీద చర్చ జరిగినప్పుడు, ప్రజాస్వామిక సామ్రాజ్యాన్ని గురించి దీర్ఘమైన ఉపన్యాసాలు చేసిన మిత్రులు, అనేక ఇతర ప్రజాస్వామిక దేశాలనుండి ఉపయోగించి మాట్లాడిన రాజ్యాంగ వేత్తలు, ఈ వాడుక ఇక్కడ, దీనికే శాసన సభకు ఎన్నుకోబడలేకపోయినవారు దొడ్డివాడికి నిర్మించే ముఠాని మిట్టానికి విధానాన్ని కోరుతున్నారంటే విచారంగా ఉన్నది. ఇతర ప్రజాస్వామిక దేశాలలో, ఎక్కడకూడా ఇటువంటి దొడ్డివారిని శాసన సభకు వచ్చే వద్దని లేదు. అటువంటి వద్దని ఏరు సమర్థించడం చాలా ఆశ్చర్యంగా ఉంది. ముఖ్యంగా గత సమావేశంలో క్లిష్టమూర్తి రాజుగారు రమ్య నియంతృత్వాన్ని గురించి మాట్లాడారు. నిజంగా ప్రజాస్వామికం అంటే, ప్రజలయొక్క వోల్టేజీ ఎన్నుకోబడటమేగాక తిరిగి ప్రజలు ఎప్పుడు వనికి రావలెనుంటే అవుతుంది అని అవకాశం ఉంటుంది కాని రాజ్యాంగ వట్టు ప్రకారం ప్రతినిధులు రి రిక్లమేషన్ అడ్డులేకుండా అంటిపట్టుకుని అధికారంలో కూర్చోగలరు. ఏరు ప్రజలకు నిత్య ప్రాతినిధ్యము వహించవలసిన అవసరం లేదు. ప్రజాస్వామ్య వద్దని మరుగునపెట్టి దొడ్డి వ్రోవను వచ్చే వద్దని కోరడం ప్రజాస్వామికం అనిపించుకోదు. సాధారణంగా ప్రజాప్రతినిధులనేవారు. తమతమ ప్రాంతాల ప్రజలచే ఎన్నుకోబడవలసియుంటుంది, అట్లుకాకుండా, ఇప్పుడు జరుగుతున్నదేమంటే, ఒక సభ్యుడు తన ప్రదేశమైన అశంకపురములో; తన ప్రజలచే ఎన్నుకోబడలేక, అక్కడ ఉండిపోయినందున తాళుచున్న నియోజకవర్గమునకు నిలబడడం, అక్కడ నెలం ఉండిపోతే దొడ్డివారనే గొడ్డునెక్కినందుకు యీ వద్దని ఉపయోగిస్తుంది.”

SRI B. KRISHNAMOORTHY ROW:—“On a point of order, Sir, the hon. Member is speaking on things inconsistent with the amendments before the House.”

*Sri V. SRI KRISHNA:—“Sir, the hon. Member is taking the powers of the Speaker. What I speak is consistent and relevant to the point. ఇప్పుడు, రాజ్యాంగ సభలోను, ఎగువ శాసన సభలోను చాలామంది తెలివితేటలుగల వ్యక్తులు, రాజ్యాంగ వేత్తలు ఎన్నుకొని సమాధానము తెలుపుతున్నారు. ఆ ఆధునికముంటే ఇప్పుడు ఈ రెండేళ్ళ కొద్దికి ఎటువంటివారు వస్తున్నారు. విచిత్రంగా వస్తున్నారని, దాని స్వరూప స్వభావాలు ఒకసారి చూచివేస్తే, ప్రజలచే శాసన సభకు ఎన్నుకోబడలేకపోయిన మిత్రులు, వేరేవిధంగా శాసన సభకు వెళ్ళడానికి దీనికల్లు మార్గమేర్పడుతున్నదని తెప్పవలసియుంటుంది. దీనికి ముఖ్యంగా మళ్ళీ ప్రధానమంత్రిగారిని ఉదాహరణంగా చెప్పుకున్నాను. ఈ కొన్నింటి ఉదాహరణలు: రాజధానిగా, దీనికల్లు అనేకమంది మేధావులను శాస్త్రజ్ఞులను ఎన్నుకోవచ్చుననే చెబుతున్నారు. కాని, ఎన్నికలో ఉండిపోయినవారు, క్లిష్టమూర్తి, ఎవరైనా జాతీయోద్యమానికి వ్యతిరేకులై దేశ స్వాతంత్ర్య పోరాటానికి వ్యతిరేకంగా, సామ్రాజ్యవాదాన్ని విలపరుస్తూ, వచ్చారో, అటువంటి వ్యక్తులు జస్టిస్ పార్టీ ముఠానాయకులు, ధాన్యాములు, ఈ రోజున కాంగ్రెసు వామల అంటూ మన శాసన సభకు దొడ్డివారనే ప్రవేశపెట్టడానికి ఎగువ శాసన సభ ప్రధానంగా ఉపయోగపడుతున్నదని గుర్తుంచుకోవలసి చేస్తున్నాను. ఈ సందర్భంలో సోషలిస్టు రమ్యుల శాసన సభను వివిధంగా ఉపయోగించి చూచివేస్తే, అక్కడ రెండు సభలున్నాయి. ఆ

రెంటిలో, ఒకటి ప్రధానమైనది. అది ప్రజలకే అనుకూలమైనది ప్రతినిధులు గలది. రెండవది చిన్న చిన్న జాతుల తరఫున, మైనారిటీ జాతులయొక్క హక్కులను కాపాడడానికి వారి ప్రయోజనాలను రక్షించడానికి ప్రత్యేకంగా మరొక సభ ఉన్నది. అయితే, ఇక్కడున్న విధంగా, అక్కడ, ఒకవేళ ఓడిపోయినట్లైతే, మరోమార్గంలా శాసన సభకు వచ్చే పద్ధతిలేదు. ఆ రకంగా, అక్కడ రెండు సభలు వారు కూడ ప్రజలచే ఎన్నుకోబడినవారుగా ఉంటారు. ఇప్పుడు మన దిగువ శాసన సభకు ఓడిపోయిన వ్యక్తులూ, ప్రజలకుండు నిలబడ లేని వ్యక్తులూ ఈ రెండు రకముల ప్రతినిధులను ఎన్నుకొనుటకు ఏలుగానున్నది. అటువంటిప్పుడు, మనకు ఎగువసభ అనేది అవసరం వేగా, దానికి ఎం. ప్రజాస్వామి ప్రభుత్వము వ్యధా... ఖర్చు పెట్టవలసి ఉంటుంది. మనము ఇప్పుడు దానికి ఖర్చు పెట్టే స్థితిలో కూడలేము. రెండవది ఈ ఎగువ శాసన సభ ఉండకపోయినా చాలా తెలివితేటలు గలవారిని శాస్త్రజ్ఞులను ఎన్నుకొనుటకు ఏలుగా ఉంటుందని అంటున్నారు. కానీ, ప్రజాస్వామి సూత్రాలను, స్వాతంత్ర్యవ్యవస్థాన్ని దిక్కిరించినవారు, వారికి తెలివితేటలు వున్నప్పటికీనీ, వారు పాపాపాతనాన్ని పొందిన సభకు అర్హులు కారని, వాడు శాసన సభలో ఉండవలసిన వాడు కాని తెలుపుచున్నాను. అటువంటివారు మన దేశపురొద్దవద్దకి ప్రజాప్రయోజనాలకూ అడ్డుపడడానికి తోడ్పడ గలరు. కనుక అటువంటి ఎగువ శాసన సభ ఆంధ్ర రాష్ట్రమునకు లేకపోవడమే మంచిది. తరువాత మద్రాసు రాష్ట్రమునకు కూడ అది లేకుండా మనము తీర్మానించి నట్లైతే, వారికికూడ మనమంతో సహాయంచేసిన వారైతామని మిత్రులకు సలహా ఇస్తున్నాను. తరువాత ప్రధానంగా విజ్ఞానవంతులు, తెలివితేటలు గలవారు, దిగువ శాసన సభకు రాతేక హక్కున్నారు. గనుక ఎగువ శాసన సభ అవసరమని కొంతమంది మిత్రులు చెప్పుచున్నారు. దానికికూడ ఒక మార్గమున్నది. నిజంగా, ప్రజాస్వామిక సూత్రాలను, వ్యతిరేకించనటువంటివారు, తెలివితేటలు గలవారు, విజ్ఞాన వంతులు ప్రజలచేతనే దిగువ శాసన సభకు ఎన్నుకోబడునట్లు చేయవచ్చును. విజ్ఞాన వంతులు, తెలివితేటలు గలవారు ఎవరైనా శాసన సభకు ఉపయోగపడు వారున్నట్లయితే ప్రజలచేత వారు ఎన్నుకోబడుటకు రాజకీయపక్షాలన్ని కృషిచేసి వారిని ఎన్నుకో వచ్చును. అది మన చేతిలోనే ఉన్నది. లేదా, అటువంటివారు ప్రభుత్వం యొక్క పరిశాలనా శాఖలో ఉపయోగపడునట్లు వారిని నియమించుకోవచ్చును. ఆ విధంగాకూడ వారి విజ్ఞానాన్ని, తెలివితేటలను మనము ఉపయోగించుకోవచ్చును. అంతేగాని, ఎవరైతే దేశానికి, జాతికి, ఆచారము చేస్తారో, ప్రజాస్వామిక సూత్రాలను వ్యతిరేకిస్తారో, వారికి తెలివితేటలు ఉన్నప్పటికీనీ, వారిని ఎన్నుకోగూడదు. వారు ఎన ప్రజాస్వామిక విధాలకు ఎన్నో అడ్డంకులుగా పరిణమిస్తారే గాని, వారివల్ల ప్రజలకుగాని దేశానికాని ఎమి ప్రయోజనముండదోదు. కనుక అటువంటివారు శాసన సభలో ఉండకూడదు. ఎంత తెలివితేటలు వున్న ప్రజలకు ఉపయోగపడకపోతే నిష్పూరితా జనం. అటువంటివారిని పొడ్డిదారిలో కాన్సిల్స్ కి తీసుకురావడంవల్ల అభ్యుదయ శాసనాలకు అడ్డంకం వచ్చు మరేమి ఉండదు. అలాకాకుండా తెలివితేటలున్న వారిని ఎంపీలైతే ఎన్నిక అయ్యేట్లా రాజకీయ పక్షాలు ప్రయత్నించవచ్చును. మరేండ్లనాడే వటోపధ్యాయ బెంగాలీ హెదరాబాదులో కాపురం. అటువంటి ఆయనను తెలుగు దేశం తీసుకువచ్చి కరి, విజ్ఞానవేత్త, శాంతి ఉద్యమానికి, ప్రజా ఉద్యమానికి తోడ్పడే అభ్యుదయ కామి అని ప్రజలకుచెప్పి విజయవాడలో నిలబెట్టాము. అఖిల భారత నాయకుడే ఆయనకు ఎదురుగా నిలబడినా, గెలిపించడం జరిగింది. అలాగే ఇతర చాలా చర్యయవచ్చును. అందువల్ల నా అభిప్రాయం ఏమిటంటే ఈ కాన్సిల్

ఆంధ్ర రాష్ట్రానికి అవసరమని, అటువంటి కాన్సిల్స్ ప్రజాస్వామిక శాసనాలకు అడ్డంగా వుండకంతప్ప మరేమిలేదని, అదే ప్రకారం తమిళ మిత్రులకుకూడా కాన్సిల్స్ లేకుండా వుండవలసని కోరుతూ విరమిస్తున్నాను."

SRI PILLALAMARRI VENKATESWARLU :—"Sir, I rise to support the amendment moved by the hon. Member Sri M. Kalyanasundaram. I like to bring to the notice of this House one pertinent factor. That is, even the Congress itself has accepted that there is no need for a second Chamber for the States. But I do not know the views expressed by the Madras State. But all the same we find there is a provision in this Bill for the second Chamber in the Residuary Madras State. Actually I feel that there is no necessity for the Madras State to retain the second Chamber. There may be an argument that eminent men and eminent politicians like Mr. Rajagopalachari may be a real necessity for the Residuary Madras State. Then, it is for the Residuary Madras State to decide the issue, and I feel it is for such members to get elected in the Residuary Madras State. The Hon. Mr. Subramaniam may say even that is easier and I do not propose to contest that point either. For instance, Mr. Prakasam got himself elected by standing for and contesting an election. We know, Sir Winston Churchill and others have contested elections even at the age of 80 and our Chief Minister is not yet 80 and he can very well stand for an election . . ."

THE HON. SRI C. RAJAGOPALACHARI :—"Is the Council to be abolished because of me?"

SRI PILLALAMARRI VENKATESWARLU :—"So, Sir, because prominent men and prominent political figures like Mr. Rajagopalachari, are a necessity in the Madras State, there is no need to have another Chamber. If his presence is essential, the Hon. Sri Subramaniam may resign his seat and get him elected for the Legislature."

"Then, Sir, there is another difficulty about the second Chamber. Many speakers pointed out and many hon. Friends are prepared to quote historical precedents of the difficulties of the second Chamber. Even those who have great faith in the Constitution of England and the practices in England are agreed that this second Chamber is always against reforms. For that reason, there were proposals previously to abolish the second Chamber even in England and so this second Chamber has become a very old idea and many politicians are thinking of giving up these second Chambers . . ."

THE HON. SRI C. SUBRAMANIAM :—"What about Russia?"

SRI PILLALAMARRI VENKATESWARLU :—"My hon. Friend, Sri Subramaniam refers to the question of Russia. Of course. (Interruption by the Hon. Sri C. Subramaniam) Sir, the Hon. Chief Minister and the Hon. Sri Subramaniam are against all interruptions when they speak. It is unfortunate that they interrupt every speaker, at every stage and on every point. And

[Sri Pillalamarri Venkateswarlu] [20th July 1953]

here he says about Russia. In this connection, may I point out to him that the constitution of the second Chamber in the Soviet Union is entirely different? There are no nominations just like what is happening in Madras. Even for the second Chamber it is by elections that members are chosen. Moreover, there the second Chamber is a House of Nationalities where all the nationalities may be properly represented. For that purpose only there is a second Chamber in the Soviet Union. If that were the composition of the second Chamber here, personally I have no objection and the Leader of the House also will not bring in comparison between the existing Legislative Council and the second Chamber in the Soviet Union. That is why, we feel that the second Chamber here is not only not helpful, but it obstructs the proceedings of the Legislature.

"Mr. Speaker, Sir, you and I are experiencing the difficulties that whenever a Bill is passed by this House . . ."

MR. SPEAKER:—"No, I have never had any difficulty."

SRI PILLALAMARRI VENKATESWARLU:—"No, Sir. One minute and I will explain. Whenever a Bill or a proposition is brought forward here, immediately the Cabinet says this has to go to the Legislative Council; the Budget must be presented there before such and such date and that is why matters have to be expedited here and they bring in pressure on you regarding the procedure . . ."

MR. SPEAKER:—"No, no. Never is any pressure brought on the Speaker."

SRI PILLALAMARRI VENKATESWARLU:—"Sir, even at this stage we are feeling how difficult it is having a second Chamber and how the second Chamber is interfering with our own procedure in this House. That is the very reason why I say that there is no need for a second Chamber."

"Sir, another question raised is about eminent people. I have great respect for the eminence of people. But all the same should that merely be the criterion for a person to be in the Legislature? There is the Advocate-General who is an expert in Law. There is no reason why he should be in the Legislature and decide the policies of Government. The criterion should be whether a particular person represents the people and whether the people have faith in him for him to be a member of the Legislature. We can take eminent men in advisory bodies, like the Educational Council, the Medical Council or the Engineering Council and they may help the Government in carrying on the policies of the Government. So, Sir, these eminent people need not decide the policies of the Government, but at the same time by their eminence they may help the State in carrying on their policies, and that reason need not stand in our way of abolishing the second Chamber."

"Sir, one hon. Member while speaking stated that the Communists oppose the retention of the Legislative Council merely on

[Sri Pillalamarri Venkateswarlu] [20th July 1953]

political considerations. Perhaps, that particular hon. Member is not aware that the Congress itself has decided against the continuation of the Legislative Councils. We will bring in political considerations on political issues and certainly we will do that without raising this issue of the political parties for the abolition of the second Chamber. The hon. Member had not think that the Communist Party is interested in this. He forgets that even the Congress decided likewise. But only the Madras State has proposed the continuation of the Legislative Council. So in bringing in the Communist Party and trying to isolate it even when his own organization had decided on abolition of Legislative Councils, he is entirely wrong.

"We, the Andhra members in the present Legislature are for doing away with the present Legislative Council, so that the new residuary Madras State may also not have the hindrances of a second Chamber."

"Sir, I hope the Resolution given notice of by the hon. Member Sri M. Kalyanasundaram will have the unanimous support from the whole House, despite party politics and party differences."

* SRI T. VISWANATHAM:—"Mr. Speaker, while rising to support the amendment moved by Sri M. Kalyanasundaram, I also wish to speak on the amendment moved by myself (No. 172). If the amendment of Sri Kalyanasundaram is accepted, my amendment becomes superfluous and I will be very glad. On the other hand, if Mr. Kalyanasundaram's amendment is not accepted, my amendment comes in. Therefore I speak with respect to the two amendments as they are connected matters. My amendment refers to certain names which should have been in the schedule, but which have been omitted for some reason or other. Sir, much has been said why a Council should exist. Personally I am not a fanatic of one or the other theory that the Council should exist, or that the Council should not exist. But ideas are developed from existing conditions and when the Constituent Assembly provided for Councils in certain States, they took the old thread from the Government of India Act and reconciled themselves to these councils in certain States. If they had accepted the idea of councils, surely they should have provided Second Chambers for all the States. But they did not. They provided Second Chambers only for some of the States. But we are now trying to continue the thread on the division of this great State into two States. Certain friends have brought in the name of the Hon. Sri C. Rajagopalachari to prove that the council is a necessity. Surely he is not useful for them to prove their case. After all, the Hon. Sri C. Rajagopalachari, so far as the administration of the affairs of this State was concerned, was not in the picture at all. He was not an afterthought. Something had to be done in the last moment to leave the Government in Congress hands and so he came in and the argument that there was no place for a great elderly statesman otherwise does no good. If originally he wanted to take part in the affairs of this State, he would have come in the ordinary way."

[Sri T. Viswanatham]

[20th July 1953]

Ideas develop from existing conditions. The States which are given councils are not in a different category. Seeing indeed the nominations and seeing also that Members who are set up by the political parties to the council are not great and elderly statesmen whom and whose greatness we now extol, I can say they are generally persons who have been left out in the selection of members for the Legislative Assembly. That is how the councils are justified. There is a greater reason now than at the time of the Constituent Assembly why these councils should go. If in this brief period of three years the councils have justified themselves, possibly I should have come to the view that the Second Chamber is an advisory or revising Chamber. It would be wrong if I try to analyse the personnel. But the facts are well known and that is why a general atmosphere has spread in favour of the abolition of councils. I know that certain of my friends belonging to the Congress Party have said that the council for Madras is a necessity for the reasons which they have stated. But they are no reasons at all. All the same, if my information is correct, the Congress Party also in their memorandum to Mr. Justice Wanchoo stated that the councils are not good. They did not want a council for Andhra. Certainly what applies to Andhra must also apply to Madras. It does not depend merely on numbers. It is not merely a question of numbers, the Assembly having 160 and the Council having 40. Punjab and Mysore have got Legislative Councils without having 160 members in their Assembly. The reasons which prompted the forward Andhras to ask for the abolition of the council must also apply to the progressive friends that are now in the Residuary Madras State. (The Hon. Sri C. Rajagopalachari: 'We are backward'.) I do not like the Hon. Chief Minister just to say that they are backward. They are very forward. I do not support the existence of a council just for the sake of a few Members. I also submit that the theory that there is a necessity is not correct because its existence has not justified the theory.

"Then, Sir, if the amendment of Sri M. Kalyanasundaram is not accepted, in the composition of the members of the council for the residuary State, certain changes have got to be made and that is the subject-matter of my amendment. In the schedule giving the names of members of the Madras Legislative Council, the names of certain members have been removed and I do not know on what principle. I am not particularly referring to the members who have been elected by the Graduates' Constituencies which are divided on a territorial basis, nor am I referring to the members who have been elected by the Teachers' Constituencies which are also divided on a territorial basis. Then there is the case of 24 members who have been returned to the Council by the common vote of the Assembly and if some members are to be retained and some others are to be removed, an over-riding justification has got to be presented and it must appeal to a reasonable mind. I submit that the 24 members have got a vested right and they cannot be deprived of their vested right by mere legislation. Legislation can alter political status as regards the future. But

[20th July 1953]

[Sri T. Viswanatham]

vested rights cannot be cancelled as they cannot be cancelled in contractual obligations. The 24 members who have been elected to the Council by the common vote of the Assembly have got a right to continue whether they belong to the residuary Madras State or not. I submit it would not be an anomaly. We are accustomed to anomalies. The Andhra University Senate has members who represent areas which are affiliated to the Madras University. The world consists of several anomalies and wisdom consists only in reducing their number and not in creating more anomalies, by trying to abolish one. I entirely agree with Sri Gopala Menon whose views are generally very balanced that it is very arbitrary and discriminatory to take away the names of some members by mere legislation. The Government may say that they have removed those names on the ground of their domicile or on the ground of their vocational or voting interest. Even then the principle is not correctly applied. Mr. Raza Khan whose name is removed has no voting or property interest in the new Andhra State. Sri B. V. Subramaniam whose name also is removed has no voting or property or vocational interest in the new State. They are citizens of the residuary State and there is no reason why their names should not be there. Then there is the well known pest Mr. Srirangam Srinivasa Rao who has been recently elected to the Council and who has voting and vocational interests in the Madras State. I cannot understand why these three names have been removed. If the Government have got some difficulty in adjusting the numbers, they might choose some other method rather than removing the names of these three gentlemen in this manner who have been elected to the Council by the common vote of the Assembly. I think the Government should revise their views in respect of these three members. I therefore submit that my amendment might be accepted if the House rejects the amendment of Sri Kalyanasundaram."

MR. SPEAKER:—"The hon. Member has mentioned only two names in his amendment." 12-20 p.m.

* SRI T. VISWANATHAM:—"Yes, Sir. After seeing Vavilala Gopalakrishnaiah's amendment, I had included the names of Sri Srinivasa Rao, and some other similar members also. I submit that this taking out of the names of these members from the list of Council Members is unparliamentary, undemocratic, unconstitutional and arbitrary. I once again submit, Sir, that the continuance of the Council after separation will be against the wishes of all progressive forces which demand its abolition. Let not the Hon. Chief Minister sidetrack the issue by saying that they are backward, they want a Council, etc., etc., and thus brush it off."

RAJA MUTHIAH CHETTIYAR OF CHETTINAD:—"Mr. Speaker, Sir, I am rather surprised at the turn the discussion has taken. I might even say that I am rather amused at seeing the difference of opinions among the Andhra Legislators themselves. Some favour abolition of the Council, while some others had waited on deputation on the Prime Minister and demanded

[Raja Muthiah Chettiyar of Chettinad] [20th July 1953]

its retention. I could well understand the Andhras saying that they want an Upper House or they do not want it after the appointed day, i.e., 1st of October 1953 when their new State would have been born. But I am surprised at their participating in the discussion regarding the continuance or retention of the Upper House in the residuary State (mind you, not Andhra State) when all of them would have gone when the residuary State is born. Why should they shed their tears for the retention of our Upper Chamber, I do not know.

"Let me now come, Mr. Speaker, to historical facts, to basic facts. This question has been thoroughly discussed in the past. In fact this question figured prominently when the Constituent Assembly was discussing the question whether to continue or retain the Upper Chamber in the States. After mature consideration they decided in favour of the retention of the Upper Chamber in the States in which it already existed. Can we say that their decision was an off-hand one? Why should our Andhra friends show extra kindness to us by advising us to abolish our Upper Chamber after their separation? I am unable to understand the mystery behind it."

SRI T. VISWANATHAM:—"On a point of order. It is not a question of Andhra or Tamil, Sir. We are members of the House till 1st of October 1953 and till that time we enjoy the same rights and privileges as the Raja of Chettinad."

RAJA MUTHIAH CHETTIYAR OF CHETTINAD:—"I know Mr. Viswanatham for a very long time, Sir. The only point I could not understand still is, why are the Andhra Members showing this extra kindness to us in favouring the abolition of the Upper Chamber in the Tamil area, when in fact it is one concerning us and not them, for they would have gone by that time. We do not stand to lose anything by having an Upper Chamber. In fact it is a blessing for the minorities. This has been recognized by the Congress also. Mr. Viswanatham knows all those things. In fact he had been all these years a Congressman. Now only he had changed."

"The necessity of an Upper Chamber had long ago been realised. In fact when my revered leader Sri Rajaji was running the administration during 1937-39, I had the privilege of being the Leader of the Opposition. It was there that I found the necessity of an Upper Chamber. The minorities, the voice of those who had been defeated in the elections, cannot be so easily brushed aside. In fact the case of minorities stands to gain by having an Upper Chamber, for if not in the Assembly at least in the Council it would be referred. In fact I like this gradation of the People, then Council of States and then the Supreme Court. That would act as a sort of check. I have noticed several times in the usual tense atmosphere prevailing in the Lower House, at times Government have got to say 'No' to several things to which on normal occasions they would have said 'yes'. The

20th July 1953] [Raja Muthiah Chettiyar of Chettinad]

existence of an Upper Chamber would exercise a balanced check against such hasty legislation. That should not be lost sight of. In fact we stand to gain and not lose by having an Upper Chamber. I could very well understand hon. Members saying that we may alter the procedure of nomination, we may reduce the number of persons to be nominated by the Governor or some such thing. I can understand that. In fact we want to encourage democratic methods. But it rather amuses me when I find Andhra members showing this extra kindness to us and that too on the eve of separation.

"In fact democracy has taught us a lesson. In such an advanced democratic country like the United Kingdom, what do we find? Of course I do admit that the House of Lords is constituted on altogether different lines from our Upper Chambers. But what is the purpose served by it? Can it be said that that is merely a waste? Can we say that it had not properly exercised its discretion in the discharge of its duties and that it had been continued only to please the whims of peers? What did the extremist Socialist Party say? What did the Labour Party say with regard to the continuance of the House of Lords? They never objected to its continuance. They never favoured even on one occasion its abolition. In fact the House of Lords is there to have a balanced legislation, avoiding the often hasty measures of legislation that springs from the tense atmosphere of the House of Commons. After all what are the powers of our Upper Chambers now? We have greatly reduced their power. People who are well aware of their influence after the passing of our Constitution know full well that its previous powers had been curtailed to a large extent. They have neither voting strength nor can they move amendments to any Money Bill. That power had been taken from their hands. The Upper Chambers, as they are constituted at present, are there as a revising Chamber. They are not there to duplicate our work. In fact, I may say, their continuance will be only to our advantage and not disadvantage."

"Let me not be mistaken as though I am favouring the retention of the Council in the residuary State of Madras for the sake of Rajaji. Eminent men like Rajaji need not have any back-door entrance. On any day and at any moment they can contest any seat in the Assembly and nothing short of success will attend their efforts. Rajaji has served in the past, he is serving and he will continue to serve the public irrespective of the fact whether he is inside or outside the legislature. I wish to ask in what way the Upper House has overridden the powers of the Lower House. May 12-30 I know what are the instances when the Upper House has curtailed the powers of the Lower House. It may be contended that it has been superfluous fifty per cent and useful fifty per cent. But I say, the Opposition have much to gain by the existence of an Upper House for there will be more opportunities for presenting their view points to the country through the respective legislative bodies. It has done real service to the country and I would appeal to all hon. Members to consider this aspect of the matter."

*SRI P. RAMAMURTHI :—“ Mr. Speaker, Sir, the hon. the Rajah of Chettinad was surprised at the turn of the discussion but I am not at all surprised at the trend of the hon. Member's speech. Unlike the Rajah of Chettinad, I have had the privilege of having been associated with the national movement for a long time and so, I know what the national movement itself thought about the existence of the Second Chamber. We know that in 1935, we had the Constitution under the Government of India Act, 1935. The Congress carried on a virulent campaign against that Act and there is a publication by the All-India Congress Com-mittee regarding the Act and one of the points that had been made against that measure was that the constitution provided for Second

[20th July 1953]

[Sri P. Ramamurthi]

Chambers in many of the provinces as well as in the Centre. The All-India Congress Committee always took the view that the existence of the Second Chamber was an anachronism and it was a deadweight on any kind of progressive legislation and they have been always utilized for this purpose; as experience has shown and as even the history of Great Britain has shown, the Upper Houses consist of reactionary and vested interests and in the name of moderation and in the name of not giving way to passion and heat, it has always been utilized as a deadweight on progressive legislation. Therefore, in 1935 the Congress took the view that Upper Chambers should be abolished not only in the States but also in the Centre and the Congress also took the view that there cannot be any system of indirect election. Indirect election is something which is abhorrent to our concept of democracy. That was the view of the Congress in 1935 and I quite remember that while in the general elections of 1937, we went round the country doing propaganda for the Congress, Pandit Jawaharlal Nehru went on addressing mammoth meetings in the country in which he said that the constitution as envisaged in the Government of India Act of 1935 should be broken and the main point that he made against that constitution was the creation of Upper Chambers, the citadel of reactionary elements and of vested interests in the country which would act as a deadweight against any form of progressive legislation. I am not at all surprised at the attitude of the Members on the other side; I am not surprised at all at the opposition of the Rajah of Chettinad because I know that the Rajah of Chettinad was in 1935 opposed to the opposition of the Congress to the creation of the Second Chambers; I am not at all surprised coming as he does from a class which has vested interests and has stakes and he was afraid that a popular House elected by the people of the country might rush in pro-gressive legislation which might affect him and his class and the retention of Upper Chambers was absolutely essential for the purpose of preventing that and that is why he and his class opposed the proposition of the Congress. Today, Sir, things have changed and the Congress itself has shed its ideas and the Rajah of Chettinad and people of his like are inside the Congress. That unfortunately is the position for us today. Therefore, I am not at all surprised at the trend of this discussion today. While I am speaking on the motion, let me make it clear that I am not at all apologetic because it is a political question, a question whether what sort of legislature the country should have and what type of legislative chambers a State should have; that is a political question. Therefore, we are moved by political considerations and we need not be ashamed at the stand we take with reference to this particular matter. (The Hon. Sri C. Rajagopalachari : 'Some times has been spent over this question in the Constituent Assembly.) Sri Rajaji did spend some time and a number of hon. Members from the other side did spend some time on this question in the Constituent Assembly and it does not mean that what they thought at that time is always bound to be correct; it does not mean that what they did in 1950 and 1951 is always correct

[Sri P. Ramamurthi] [20th July 1953]

because they have gone back upon the promises that they made earlier for reasons best known to themselves. It does not mean that we are bound by their views but we have to express our views now. The question has been raised whether there is not a Second Chamber in the Soviet Union. Before that question is answered and it is mentioned as an analogy, let us understand what exactly is the position there. In Russia there are a number of nationalities; there is the Great Russian nationality with a population of 8 crores and there are also small nationalities with a population of barely 2 millions like the Azerbaijan nationality because there are different States and it is a Federal Republic. It has been there in order to ensure the implementation of two basic principles, namely, the equality of man and equality of nationality. Each individual will have the equal right to vote and each nationality whether it is a nationality of 8 crores of people like the Great Russians or a small nationality of 2 millions like the Azerbaijanians will have equal representation in the Second Chamber so that each of these nationalities feel confident that no majority nationality will be able to oppress or exploit them. They both have got equal powers. There is no question of having legislative powers only for the one House. The House of People and the House of

12-40
p.m Nationalities have equal powers. That is an entirely different question. We are not dealing with that question now. When the question of the American Constitution is raised, I would ask the hon. Members 'Take the 52 American States. Is there a single American State where there is a bi-cameral legislature? Do not talk of the Federal Constitution wherein they have provided for two Chambers. The question with which we are now concerned is whether there should be a bi-cameral Legislature for the States and I submit that those members who are trying to draw the analogy from the American Constituent or some other constitution do not realize that those States do not have the Second Chamber there. Now let us come to the question of practical politics. During the year 1937 also there was a Council. For the last one and a half years there has been a Council. What earthly purpose is this Council serving? Some hasty legislation might be passed; some hasty decisions might be taken by the Legislative Assembly and the Council might interfere and ask us to reconsider that legislation. I would ask 'Show me one instance in which this Council has interfered.' Leave alone the question that the Council has not acted. Why should persons, who are not the real representatives of the people, step in? Let us be very clear about it. People who are elected indirectly have no direct touch with the common people. They are not answerable to the electorate. Nobody bothers about them. They need not go to the electorate and tell them what they have done. That an unnecessary set of people, who are not answerable to anybody, should interfere or even have the right to suggest to a House consisting of the elected representatives of the people that they should reconsider a question is an intolerable position. I submit that this is not a position which is in consonance with the principles of democracy. We do not want them. It is said that

[Sri P. Ramamurthi] [20th July 1953]

there are eminent scientists and eminent artistes. Very good. But we are dealing with the question of politics. If we are to decide inside this Legislature the question of what form of music is best suited to the Tamil people or the Andhra people, or whether a particular *raga* is good or not. Then there must be some musicians. We are not concerned here with music. If we are reduced to a music academy or an art academy or a dance academy, then things would be entirely different. Even take the question of Scientists. How many Scientists are there who take an active interest in political affairs? There are hundreds of Scientists who shut themselves completely from day-to-day human affairs. They do not understand to develop the human aspect. They think of science in isolation. They know their laboratories and their theories of science. How can those people, for example, interfere when dealing with questions affecting human affairs? On the other hand, if there are scientists, if there are artistes who take interest also in political and social affairs, then obviously they will be elected by the people. Therefore, the argument that simply to provide for certain class of persons to be nominated by the Governor there must be a Council seems to me to be quite unreasonable.

"Now, let us see what purpose this House is serving. It has served only one purpose, namely, the purpose of political manoeuvre by the party which is in power—may not be in power at the moment—but the overall power it might wield at the Centre enables that party to manoeuvre through the Councils to retain its hold in the various States. This might be one of the purposes. Why should we allow a body who have not been elected by the people of this country and who do not speak in the name of the people to represent the people just for the luxury of the ruling power being enabled to manoeuvre to enter into subterfuges for the purpose of defeating the verdict of the people? I am not bothered whether the Congress party does it or whether any other party does it. All I am concerned is that we should remove that particular body or that particular machinery which indulges in this kind of subterfuges. There is no earthly use and it is a costly affair too. Our own work suffers. That time may be utilized to our best advantage. We, the representatives of the people of this country, do not get opportunities to put forth all the grievances of the people on the floor of the House. There are hundreds of things which the people want us to raise on the floor of the House for being discussed so that we may be able to influence the views of the Government or to formulate policies on all these questions. We do not get the opportunity because the Council has also to sit. Instead of that, if the time that is wasted in the Council is utilized by the Assembly, then hundreds of questions of public and extreme importance could be usefully discussed and the Government will be able to understand what exactly the feelings of the common people are on those questions. I therefore support the amendment of Sri Kalyanasundaram and oppose the amendment which says that there should be a Council for the Andhra State."

[20th July 1953]

* THE HON. SRI C. SUBRAMANIAM :—" Mr. Speaker, Sir, on the question of the retention of the Council in the residuary State of Madras I want the hon. Members to come to decisions apart from personalities. The determining factor should not be that Rajaji happens to be in the Council or that Prakasam has now ceased to be in the Council. That should not be the argument either for the retention of the Council or for its abolition. Therefore, let us take an impersonal view of the question and find out whether we should support this amendment moved by Sri Kalyanasundaram or not. In the first place, a sweeping statement was made by Sri Kalyanasundaram that the Second Chamber by itself is an undemocratic one. I am not prepared to accept that statement. With a Second Chamber a Constitution may be democratic. With a Single Chamber a Constitution may be totalitarian. The existence of a Second Chamber has absolutely nothing to do with the democratic basis or undemocratic basis. We should not confuse the issue by thinking that the Second Chamber by itself is undemocratic. On the necessity or otherwise for having a Second Chamber, volumes have been written by constitutional pandits and professors of politics. Some people have argued that a Second Chamber serves a very good purpose, and some people have said that it is a hindrance. Opinion on the point is divided and the view of every one depends upon his political complexion. Very good arguments can be advanced for the retention or abolition of the Second Chamber. The Leader of the Opposition said that there was no use of the Second Chamber, that it should not criticize the view of the elected representatives in the Assembly, that it merely wasted time and did not produce even one good result. I am not at all surprised at the way in which he argued, knowing as I do, his political ideas and creed. What does the minority in this Assembly do? It does not carry through any proposition, because there is the majority on the other side. It has got the right to argue and hinder the progress of business. When Sri P. Ramamurti comes to power, he would not tolerate any opposition or hindrance to the programme of the majority party, and therefore the minority opposition would be completely liquidated! It is only a reflection of this idea that we find in his argument that the Second Chamber only hindered all progress and did nothing more than that. He holds the creed that when his party gets a majority and wields power, all opposition should be wiped out. He takes the Assembly as the unit wherein he operates and says that nobody else should have the right to criticize or point out the mistakes that the Members of the Assembly might commit.

" If, in the course of the last one year and a half, the Legislative Council of this State has had no occasion to disagree with any of the measures passed in this Assembly, it is because of the peculiar situation obtaining here. The Chief Minister, who is the Leader of the House in the Council, happens to be in this House also in his capacity as Chief Minister. Whatever view he has, he puts it before this House and carries it through. Therefore

[20th July 1953] [Sri C. Subramaniam]

when he goes before the Council there is no disagreement. There is no guarantee that the same state of affairs will continue for ever. Therefore the fact that the Council had not disagreed with any of the measures passed by this Assembly during the last year and a half should not be adduced as an argument against the retention of the Legislative Council. Previous to 1952, there have been occasions when the Council sent back Bills to the Assembly suggesting very good amendments, and such amendments have been accepted in the Assembly. Therefore I respectfully submit that we should not judge by what has happened in the course of the last year and a half.

" The next argument put forward by the Leader of the Opposition was that the Congress Party itself was once of the opinion that there should be only one chamber and that my hon. Friend Raja Muthiah Chettiar of Chettinad, who was then opposed to the Congress, was now supporting the Second Chamber. In the Constituent Assembly, the Congress Party had a majority and it could have carried the proposition that there should be only one chamber. But after careful consideration, a provision had been made for the retention of the Upper Chamber in certain States. It is not as if they have made this provision a permanent one binding for ever; they have also made provision for abolition of the Upper Chamber. Therefore, it is not right to argue that the Congress held the view in 1936 or so that there should be only one chamber and that the Congress Members are not entitled to go back on that view. Provision has been made in the Constitution for such a revision. Therefore it need not be assumed that the Congressmen who are voting for the retention of the Second Chamber are voting for an anti-democratic measure or voting for a thing which is opposed to the Congress creed.

" I respectfully submit another point for consideration. There is a provision in the Bill for the retention of the Legislative Council in the residuary State, and this House is no doubt entitled to express its opinion on it. On that ground, the amendment suggesting the abolition of the Council may be considered to be in order. But there are provisions in the Constitution itself providing for the creation or abolition of the Legislative Council. The relevant articles are as follows :—

168. (1) For every State, there shall be a Legislature which shall consist of the Governor, and

(a) in the States of Bihar, Bombay Madras, Punjab, Uttar Pradesh and West Bengal, two Houses;

(b) in other States, one House.

169. (1) Notwithstanding anything in article 168, Parliament may by law provide for the abolition of the Legislative Council of a State having such a Council or for the creation of such a Council in a State having no such Council, if the Legislative Assembly of the State passes a resolution to that effect by a majority of the total membership of the Assembly and by a majority of not less than two-thirds of the members of the Assembly present and voting.

So far as the Madras State is concerned, it is a continuing entity though a portion of its territories is transferred to another State

[Sri C. Subramaniam] [20th July 1953]

and another portion is carved out into a separate State. There is no question of dismemberment of the State. If the Legislative Council of Madras is to be abolished, action can be taken only under Article 169 (1). Articles 3 and 4, under which this Bill is brought forward, are not the appropriate articles under which action could be taken for the abolition of the Legislative Council. Article 4 (1) reads :

'Any law referred to in article 2 or article 3 shall contain such provisions for the amendment of the First Schedule and the Fourth Schedule as may be necessary to give effect to the provisions of the law and may also contain such supplemental, incidental and consequential provisions (including provisions as to representation in Parliament and in the Legislature or Legislatures of the State affected by such law) as Parliament may deem necessary.'

The abolition of the Legislative Council cannot be said to be supplemental or incidental to or consequential upon the transfer of certain territories of the State to some other State and carving out some portions into a separate State. Therefore I submit that the expression of our opinion in this matter on this Bill is not quite relevant. Parliament can take action for the abolition of the Legislative Council only if action is taken under article 169 (1), and under no other circumstances. Therefore no useful purpose will be served by accepting or rejecting Mr. Kalyanasundaram's amendment. The opinion expressed will be infructuous. The Madras State is going to be divided. I respectfully ask Mr. Kalyanasundaram whether we cannot consider the retention or abolition of the Legislative Council for the Residuary Madras State after the partition. If action is taken for the abolition of the Council under article 169 (1) even now by this House, it will be quite in order. But to try to move for achieving that object in a Bill under article 4 will be quite out of order. Taking this view, I respectfully submit, and I still appeal to Mr. Kalyanasundaram and the Leader of the Opposition to consider this aspect apart from political considerations. On political considerations Mr. Kalyanasundaram may wish to press his amendment. Apart from the constitutional point of view and the legal point of view, from the propriety point of view, it is better that he abstains from pressing this amendment. He (Mr. Ramamurthi) has very strongly expressed his opinion, and that expression of his opinion has served the purpose. He stands by his creed. He does not brook any opposition to this Chamber from the Upper House. He does not want any opposition. Having unequivocally expressed his opinion, I ask, Sir, is it necessary to press this amendment. If he wants to gain a political point, it is open to him to do so. Mr. Viswanatham, who is a lawyer himself, may consider this aspect of the matter. It is not as if we do not want our Andhra Members to guide and advise us so that we may prosper and progress. Taking this into consideration, Members on this side thought that it should be left to the Residuary State to decide whether it should have a second chamber or not. Another objection was taken in regard to the composition. Mr. Viswanatham and Mr. Ramamurthi were arguing that the composition of the second chamber was not good. Their opinion

20th July 1953] [Sri C. Subramaniam]

may be correct or may not be correct. Upper Chambers have been put in there only as an experimental measure. Provision is made under Article 171 for changing the composition of the House. If the Opposition Members think that the present composition is not good, but the composition existing in Russia (in that Heaven on earth) is good for us, we are prepared to take that also. Parliament can consider that under article 171. Article 171 (2) says: 'Until Parliament by law otherwise provides, the composition of the Legislative Council of a State shall be as provided in clause (3)'. It is not as if the composition of the Council cannot be changed. Until it is changed, the composition should continue to be the same. It is open to us to make a suggestion to Parliament to see that our Legislative Councils are based on such and such principles, and that they should be on Russian model or British model, or purely on the model to be suggested by the Leader of the Opposition. The Leader of the Opposition may suggest a new composition for the Council. Simply because of the present composition of the Council, we need not oppose retention of the Upper Chamber. Considering all these things, I appeal to the House, if Mr. Kalyanasundaram chooses to press his amendment, to reject and throw out his amendment.

" With reference to particular persons, who have been knocked out according to Mr. Viswanatham, I respectfully submit that representations have been received, and it has been brought to the notice of the Government that certain mistakes have been committed by omitting certain persons. Long before the amendments were placed before the House, representations have been received by Government. The Government have already taken action. We have written to the Government of India also to examine and rectify the mistakes, if any. But in regard to Mr. Gopala Menon's amendment that all the Members elected by the Assembly should continue to remain in the Upper Chamber here . . . (Interruption.) This was in a way supported by Mr. Viswanatham also. (Interruption.) Twenty-four members were elected by the Assembly irrespective of their domicile and irrespective of the fact whether they belonged to the Residuary State or Andhra State. I respectfully submit that there will be a conflict with the provisions in the Constitution itself—not a conflict of interests. Because the qualification to be a Member of the Upper Chamber is that one should be a resident of, and a voter in, the Residuary State. Otherwise, one cannot be a Member of the Council. So, it would not be constitutional to say that simply because one has been elected by the Assembly (irrespective of the place of one's residence), one should continue to be a Member of the Legislative Council of the Residuary State. (Interruption.) If he continues to be there, he cannot continue to be a Member elsewhere. So, considering this disqualification, and also the fact that the valuable services of Andhras will be required in the Andhra State, I say that we should not deprive the Andhra State of the services of these eminent people, who are now in the Council. They may get into the Assembly or they may otherwise assist the Andhra Government. The Andhra

[Sri C. Subramaniam] [20th July 1953]

Government should not be deprived of these people and their advice. (Interruption.) Andhra is full of leaders. There is no dearth of leaders there. I think everybody is a leader there. It is not as if there will be a dearth of leaders in Andhra if some leaders remain here. That I know. But still I do not want that we should deprive the Andhra State of the services which these people are likely to render. Rightly their services should be at the disposal of that State. As far as the people who are domiciled here, who are resident here, and who are qualified to be here, are concerned, certainly their cases are being examined. It is not the case of two Members or three Members. There are some others also. I can assure hon. Members that we have already taken action in this matter. It is not as if we want to send away those who are entitled to remain here. All those who are entitled to remain here because of their domicile in the Madras State, will be retained, and there is no question of their being sent away. I wish to bring one instance to the notice of the House. Mr. Bhaskararao Naidu is a voter in the City. Automatically, he should represent the Residuary Madras State in the Council of States. But he has written 'no; I would not like to represent the Residuary State; I would like to represent the Andhra State'. So, it is not as if everybody is willing to remain here. This aspect has also to be taken into consideration. Considering all these, we will take proper action to see that those who are willing to remain here and those who are entitled and are eligible under the rules to remain here, do remain here. There is no question of their being sent away. We shall be just. I would point out that Mr. Viswanatham's amendment is unnecessary, as action has already been taken."

* SRI P. RAMAMURTHI :—" Sir, the Leader of the House has made an appeal to me. The very fact that the Leader of the House makes an appeal to me shows clearly that he does not believe in what he says. He said that I had a creed which did not brook any opposition. The very fact that he has got an opposite view and makes an appeal to me shows that he expects me to listen to reason, if there is any. Therefore there is no question of listening to the opposition. The second question is that he has raised constitutional difficulties. (Interruption.) I would like to say that the expression of opinion of this House is valued very much. Therefore I would like to press the amendment."

MR. SPEAKER :—" I will now put the amendment of Sri Kalyanasundaram (No. 65) to vote. The question is—

' 65. This House recommends to the Parliament of India that clauses 19, 20 and 21 of the Andhra State Bill, 1953, be deleted and a simple section substituted which will provide for the abolition of the Legislative Council in both the Madras and Andhra States.' "

The amendment was put and declared lost.

The amendment was lost.

The amendments* of Sri M. Kalyanasundaram (Nos. 66 and 70), Sri N. K. Palaniswami (No. 67) and Sri Vavilala Gopalakrishnaiah (No. 68) were, by leave, withdrawn.

MR. SPEAKER:—"As for amendments Nos. 71 and 72, I think amendment No. 72 is more comprehensive and it reads as follows:—

'72. This House resolves that there shall be a Legislative Council for the Andhra State consisting of not less than forty seats of which the sitting Members

of the Madras State Legislative Council representing the Andhra area therein and such further or other members to make up the said number by election by the Andhra Legislative Assembly and by nomination by the Governor of the Andhra State under such directions as the President may make in this behalf.'

As this amendment is a more comprehensive amendment, I think it is better if I put it first to the vote of the House. If that is the desire of the House also, I shall do so. Anyway, I wish to know what the Hon. Leader of the House wishes to say in the matter."

THE HON. SRI C. SUBRAMANIAM:—"Any one of the amendments may be put to vote, Sir. But as amendment No. 71 comes up first and as amendment No. 72 goes into further details, I think it will be better if amendment No. 71 is put to vote first."

SRI P. RAMAMURTHI:—"Any one of the amendments may be put to vote first, Sir. It is immaterial to us which is put first."

The amendment of Sri B. Krishnamurthi Rao (No. 71) was then put and lost.

The amendment of Sri P. Venkataswami Reddi (No. 72) was, by leave, withdrawn.

As hon. Member Sri N. Gopala Menon was not in his place, his amendment (No. 73) was deemed to have been withdrawn.

Amendments Nos. 172 and 173 standing in the names of Sri T. Viswanatham and Sri Vavilala Gopalakrishnaiah respectively were withdrawn with the permission of the House.

MR. SPEAKER:—"Shall we sit for some more time or adjourn now?"

THE HON. SRI C. SUBRAMANIAM:—"It is already 1-35, Sir. We may adjourn now."

MR. SPEAKER:—"I adjourn the House till 8-30 a.m. to-morrow."

The House then adjourned.

THE MADRAS LEGISLATIVE ASSEMBLY.

Tuesday, 21st July 1953.

The House met in the Assembly Chamber, Government Estate, Mount Road, at half-past eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

I.—QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

Flood Relief in Malabar.

* 777-A Q.—SRI NARAYANA KURUP: Will the Hon. the Minister for Land Revenue be pleased to state the extent of the damage suffered in Malabar on account of the recent floods and the steps taken by the Government to relieve the distress?

THE HON. SRI M. A. MANICKAVELU NAICKER:—“ From the report so far received from the Collector, the extent of damage is as follows:—

- (1) Chirakkal taluk—About 330 houses damaged or destroyed.
- (2) Ponnani taluk—About 135 huts collapsed.
- (3) Kurumbranad taluk—15 or 16 heads of cattle reported to be lost.

“ In Beipur and Badagara, there has been some sea erosion on account of which 147 and 100 coconut trees respectively were uprooted. Full details have not yet been received as communications have been cut off by the floods and the interior places are inaccessible.

“ Grants have been sanctioned to the affected persons for the reconstruction of their damaged or destroyed huts; wherever necessary.”

SRI M. NARAYANA KURUP:—“ This is a matter which cannot be covered by supplementaries. I request a half-hour debate on this, Sir.”

MR. SPEAKER:—“ I have no objection.”

THE HON. SRI C. SUBRAMANIAM:—“ We have got an adjournment motion to be discussed to-day between 4 and 6 p.m. That itself will be a great strain on hon. Members.”

MR. SPEAKER:—“ I totally forgot about it. To-day the House sits from 8-30 a.m. to 1-30 p.m. and then from 4 to 6 p.m. We shall take up the half-hour debate to-morrow.”

THE HON. SRI C. RAJAGOPALACHARI:—“ Is it the idea that half-hour debates can be had for the asking in every case? ”

MR. SPEAKER:—“ In England, it is the case, because no vote is taken and only a few Members take part in the debate.”

[21st July 1953]
 THE HON. SRI C. RAJAGOPALACHARI:—"What are we to do, Sir? We go on complaining there is no rain and pray for it. When it comes we are upset. When it does not come, we object."

SRI T. C. NARAYANA NAMBIAR:—"That is not the matter, Sir."

MR. SPEAKER:—"I have allowed a half-hour debate. No more discussion will be allowed."

Alleged death of Sri Pasupuleti Rangayya in police lock-up of Muthukur Police Station.

* 777-B Q.—SRI K. KRISHNA RAO: Will the Hon. the Chief Minister be pleased to state—

(a) whether it is a fact that a person named Pasupuleti Rangayya of Kakepalli, Nellore taluk, was arrested on 4th July 1953; whether he was produced before a Court of law subsequently and whether it is a fact that he was found dead in the Police lock up of Muthukur Police Station on 14th July 1953; and

(b) whether it is a fact that the father of the deceased made a representation to the Government about (a) and if so, what action was taken on the said representation?

THE HON. SRI C. RAJAGOPALACHARI:—" (a, & (b) Rangaiah concerned in Burglary Case Crime No. 146 of 1953, Muthukur Police Station, committed suicide in the station lock-up by hanging himself. Government have not received any representation as mentioned in the question. In connection with the question put by the hon. Member, inquiries were made and the facts ascertained are as follows:—

"There was a house-breaking in Kekupalli in Muthukur station limit on 4th July 1953. Rangaiah and two others were suspected. All of them were found to be away from their normal residences and absconding and on 13th July 1953 at about 2 p.m. the Sub-Inspector, Muthukur, traced Rangaiah at Nellore. When he was questioned, Rangaiah gave a statement which led to the recovery of almost the whole property lost. He was sent over to the police station in Muthukur, which he reached with a constable at about 9-30 p.m. After necessary formalities, he was put in the lock up at 10 p.m.

"Between 5 and 6 a.m. on the 14th the sentry on duty found Rangaiah hanging inside the cell. The deceased appears to have used his lungi and another cloth for this purpose. As soon as this was noticed, the Joint Magistrate, Gudur, was informed, who arrived and made inquiries. The body was sent for post-mortem and the examination showed that there were no injuries excepting the ligature mark round the neck; the doctor gave his opinion that death was due to asphyxia as a result of hanging. The Joint Magistrate's report has not yet been received.

21st July 1953]

"The deceased was 25 years of age, labourer by occupation. He had been convicted before and was an unmarried person. Gold rings and silver chains worth Rs. 300 were recovered in Nellore on his information. These were some of the properties stolen and some more were found at Gundlapatam. The President of the local panchayat, the Board school headmaster of the place and the Medical Officer were the panchayatdars who gave the verdict of suicide. I do not think that at this stage I can give any more information."

SRI K. KRISHNA RAO:—"Sir, in view of the fact that this lock-up has been the scene of long detentions and molestations of arrested persons, I would request that there should be a half-hour debate upon this very important matter. They are becoming common in Nellore and in many other places."

MR. SPEAKER:—"I refuse to allow a half-hour debate on this question."

THE HON. SRI C. RAJAGOPALACHARI:—"The Government are dealing with such matters all the 360 days. Previous incidents were probably party matters but this is a regular theft case."

SRI K. KRISHNA RAO:—"May I know, Sir, whether this is not a case where a man was arrested and subsequently found dead and then it is reported as a case of suicide?"

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, I cannot help partisan views being taken by hon. Members."

SRI T. VISWANATHAM:—"Sir, the Hon. Chief Minister said that on receipt of the short notice question, Government made enquiries. I want to know whether cases of suicide inside police lock-ups are not reported to Government, as soon as they occur."

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, they are reported and the report in the routine way that has been referred to by Sri Viswanatham did come. That report reached my hands in the usual way and I may tell hon. Members that I read all these reports. As soon as this report was received, I marked it for an enquiry on 18th July. The report was received on 18th July because the Inspector General of Police got the report on 14th July and it was sent to me in the usual course; I was able to go through it on the 18th July and the same day I marked it for an enquiry. In the meanwhile, the question has come."

SRI V. BALAKRISHNAN:—"Sir, in view of the frequency of such suicides in police lock-ups, will the Government examine the need for removal of instruments helpful to such suicides from the buildings of police lock-ups?"

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, it is not right to assume that they are numerous when compared with the totality of the cases enquired into by the Police and the

[21st July 1953]

percentage of successful enquiries. If hon. Members will only try to find out and detect one theft case and get the stolen jewels back, they would understand the work that the Police have to do. It is wrong to assume from the reports that the total number is great; the number is insignificant when we have the background of the actual conditions in our mind."

SRI T. VISWANATHAM:—"Have the Government made a note of the number of occasions on which questions of alleged suicides in Police lock-ups have come up before the House and have Government taken any measures to find out the truth or otherwise of such suicides in the police lock-ups?"

THE HON. SRI C. RAJAGOPALACHARI:—"I have gone into it, Sir, with particular attention and concern also. Hon. Members imagine that every allegation against the Government is true. It is not so. As a matter of fact, there are really cases of suicides also. If hon. Members remember that the man was unmarried, was of 25 years of age and committed a theft, that it was successfully discovered and the properties recovered from him, they can understand the motive for suicide."

SRI T. VISWANATHAM:—"May I ask, Sir, in view of the psychological explanations given by the Hon. Chief Minister, why the man, when he was first convicted, decided not to put an end to his life by suicide?"

THE HON. SRI C. RAJAGOPALACHARI:—"The previous conviction indicates the weakness of the man for theft. But that does not mean that he lost his self-importance and dignity."

SRI P. RAMAMURTHI:—"Sir, has the Hon. Chief Minister come to the conclusion that that must be a case of suicide on *a priori* grounds of psychological make up of the mind?"

THE HON. SRI C. RAJAGOPALACHARI:—"I have come to the conclusion in my own mind so far as this case is concerned from the psychology of the accused. The answers that I got for the questions put by me to the local authorities and the verdict of the very reliable panchayatdars lead me to my opinion. I am waiting for the Joint Magistrate's report."

SRI SAKA VENKATA RAO:—"ఫైదీలు పోలీసు లాకప్సులో ఉండినప్పుడు రాతింజగట్ల వారికొరకు పోలీసు కహరా భంజించినదా, అట్లాంటప్పుడు ఈ ఫైదీలు భరించుకోవడానికి అవకాశం ఎట్లు కలిగిందో మంత్రిగారు తెలిస్తారా?"

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, the whole matter will be gone into by the Joint Magistrate."

SRI K. VINAYAKAM:—"Sir, the Hon. Chief Minister told us that the man committed suicide by hanging and he used his lungi and another piece of cloth for this purpose. Is it possible for Rangayya to get himself hanged with his lungi, if there were

[21st July 1953]

no cross bars or other facilities in the lock-up? The existence of such facilities tempts these convicts to commit suicide. Will the Government take proper care to remove such tempting instruments in the lock-ups?"

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, the suggestion of the hon. Member is very useful and important. But the hon. Member is aware of the construction of lock-ups in the country side. They are generally tiled buildings and not modern terraced buildings. A tiled building must stand on trusses. Unfortunately, police lock-ups are not so well built as cinema houses."

SRI PILLALAMARRI VENKATESWARLU:—"Sir, May I know, because the enquiry was carried on by the Police Department, whether the Government are prepared to order a fresh enquiry, a non-official enquiry, to go into the matter, as suicide in the lock-ups has become a general phenomenon, particularly in Andhra side, for, very recently, in my own constituency such incidents had happened?"

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, there is perhaps something in the emotional make up of the area concerned. Whether it is politicians or whether it is criminals or civil people, emotions really guide people."

SRI PILLALAMARRI VENKATESWARLU:—"I am not concerned with that, Sir. The question is whether we can have a non-official enquiry?"

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, I emphatically say that it is impossible to deal with crime by a non-official enquiry. That would increase crimes two-fold."

SRI T. VISWANATHAM:—"Sir, does the report show how many trusses that room contained and by what truss or rafter he hanged himself?"

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, Mr. Vinayakam's suggestion brought in the question of trusses and beams. As a matter of fact the report does not refer to it. The report refers only to the cloth which he used for binding round his neck and hanging by. It is assumed, as Mr. Vinayakam suggested, that there might have been a cross-bar. But there is no reference in the report to any truss or beam. They could not foresee all the details of the discussion here."

SRI K. KRISHNA RAO:—"Is it a fact, Sir, that he was arrested on the 4th and kept in the police custody from the 4th 8-50 a.m. to the 13th?"

THE HON. SRI C. RAJAGOPALACHARI:—"That is, Sir, a lawyer's question. But it is not a fact. As I have already said, he was arrested and sent at night to the police station. A defence vakil naturally says that he was arrested on the 4th and tortured till the 13th and that the police took so much time to kill him."

[21st July 1953]

SRI T. VISWANATHAM:—"When was he first taken into the lock-up and on what date?"

THE HON. SRI C. RAJAGOPALACHARI:—"Hon. Members think of supplementary questions which they must put and do not listen to me. As I have already said, he reached the police station along with a police constable at about 9-30 p.m. and after necessary formalities he was put in the lock-up at 10 p.m. on that day."

SRI P. RAMAMURTHI:—"Does the Hon. Chief Minister realize that the defence in this case is the police also because they have put in a false story of having arrested the man on the 13th and not on the 4th?"

THE HON. SRI C. RAJAGOPALACHARI:—"This is not a new attitude. The Opposition puts the police always on the defence."

SRI K. KRISHNA RAO:—"Is it not a fact that according to the version of the Hon. Chief Minister that the man has been taken to various places, he must have been arrested much earlier than the 13th at 9-30 p.m.?"

THE HON. SRI C. RAJAGOPALACHARI:—"Is it, Sir, denied by anyone that the stolen properties were found? I have given the most prominent emphasis in this case to the fact that the stolen properties found were of the total value of Rs. 300 including gold rings, etc. We cannot build a case of falsification of evidence on that basis."

SRI T. VISWANATHAM:—"Are the Government convinced that it is a genuine case of suicide after getting the report of genesis from the officers on duty?"

THE HON. SRI C. RAJAGOPALACHARI:—"I am awaiting the report of the Joint Magistrate."

SRI PILLALAMARRI VENKATESWARLU:—"On a point of order, Sir. While replying to the supplementary questions, the Hon. Chief Minister said that the Andhra area was emotional and that was why such cases of suicide were happening there. May I know, from you, Sir, whether the Hon. Chief Minister is in order in replying in that way. He might have some prejudices for particular areas and I do not mind. But I take strong objection to this insinuation and I would like the Chair to give a ruling, Sir."

THE HON. SRI C. RAJAGOPALACHARI:—"I wish to be heard a minute, Sir, on that point. I would not have said it but for the hon. Member who put the question saying 'especially in the Andhra area and especially in my constituency.'"

SRI PILLALAMARRI VENKATESWARLU:—"The point is how careful the Chief Minister should be in replying to questions. Surely, he wanted to insinuate a particular area. He might have his own prejudices. But is he justified in casting

21st July 1953]

insinuations on the floor of the House? If you, Sir, are convinced that he is not justified in saying so, I request that he should withdraw his remark."

THE HON. SRI C. RAJAGOPALACHARI:—"What is the point, Sir, of the hon. Member saying 'these things happen particularly in the Andhra area and in my area'?"

SRI T. VISWANATHAM:—"The point which Mr. Venkateswarlu raises is that in spite of provocation the Hon. Chief Minister should not say so."

THE HON. SRI C. RAJAGOPALACHARI:—"I would myself have considered it a commonplace; but Member after Member, politician after politician and friend after friend have been pressing on me the emotional character of the Andhras and in fact they are putting many amendments on that basis."

MR. SPEAKER:—"The word 'emotional' is not an insinuation. Sometimes everybody is emotional."

SRI PILLALAMARRI VENKATESWARLU:—"Whether the use of the word 'emotional' is an insinuation or not is not the question. To say that a particular area is emotional is an insinuation. If we use such words, the Hon. Chief Minister will take strong exception."

SRI K. KRISHNA RAO:—"Are the Government aware that a similar case has occurred in Tellicherry also and it is not peculiar to Andhra alone?"

THE HON. SRI C. RAJAGOPALACHARI:—"The hon. Member should correct his colleague, Mr. P. Venkateswarlu."

Punishment of certain constables in Madras City.

* 778 Q.—SRI M. KALYANASUNDARAM: Will the Hon. the Chief Minister be pleased to state—

(a) the number of constables in Madras City who have been discharged or removed from service after the 2nd of January 1953 up to date;

(b) the number of constables in Madras City who have been suspended and whose cases are still pending enquiry;

(c) the number of constables in the City who have been punished otherwise than either by dismissal, discharge from service, or suspension; and

(d) the number of constables in the City who have been dismissed without any enquiry?

THE HON. SRI C. RAJAGOPALACHARI:—" (a) to (d) A statement is placed on the table of the House."

SRI V. BALAKRISHNAN:—"How many of the causes that inspired the police constables on a short term adventure were on

Printed as Appendix I on pages 875-876 infra.

[21st July 1953]

the file of consideration of the Government and for how long and how many of them were subsequently rectified after this adventure?"

THE HON. SRI C. RAJAGOPALACHARI:—"This has nothing to do with the strike. The hon. Member is probably confusing the question with another thing. This is a question of statistical gathering of all information as to quite a different set of cases, viz., neglect of duty, desertion, receiving illegal gratification, etc."

SRI N. K. PALANISAMI:—"During 1946 about 40,000 police constables struck work in U.P. for higher salaries and certain privileges and their demands were met afterwards. Why in this City alone . . ."

MR. SPEAKER:—"This question is about departmental arrangements and not about strikes."

Agencies for supplying medicines to Government hospitals.

* 779 Q.—SRI K. C. GOPALAN UNNI: Will the Hon. the Minister for Health be pleased to state—

(a) who are the agencies for supplying medicines to Government and Local Boards' Hospitals and dispensaries;

(b) whether it is a fact that 50 per cent of the allotment to each medical institution is spent on packing and freight, etc.; and

(c) what steps the Government have taken to see that the expenditure on packing and transport is reduced?

THE HON. SRI A. B. SHETTY:—" (a) The main source for obtaining the medicines required for Government, Local Fund and Municipal Medical Institutions is the Medical Stores Depot, Madras. In the case of medicines which could not be obtained from this depot, they are purchased from local markets subject to safeguard regarding quality and price.

" (b) No.

" (c) The necessity for considering this question has not so far arisen."

SRI K. C. GOPALAN UNNI:—"What is the percentage spent on packing, etc., for medicines bought from the Medical Stores Depot, Madras?"

THE HON. SRI A. B. SHETTY:—"It is not a fact, Sir, that 50 per cent is spent on packing, freight charges, etc. The expenses on these 2 items is only a small proportion. For instance the headquarters hospital at Salem last year purchased medicines from the Medical Stores Depot, Madras, worth Rupees 1,73,998 and the total expenditure incurred on packing, freight charges, etc., was only Rs. 4,538."

SRI S. NARAYANAPPA:—"Sir, the Medical Stores Depot is supplying medicines to all the headquarters hospitals and also to

[21st July 1953]

the hospitals maintained by the local bodies. May I know, Sir, whether the Government have any control over the Medical Stores Depot?"

THE HON. SRI A. B. SHETTY:—"Sir, the Medical Stores Depot is a Central Government institution. Since the last eight months, the Medical Stores Depot is meeting promptly the indents placed on them and is sending about 90 per cent of the indents."

DR. K. B. MENON:—"The purchase of medicines involves a huge amount. What is the method the Government adopts in the selection of the company from which these medicines are bought? Is there a system of calling for tenders?"

THE HON. SRI A. B. SHETTY:—"As I said, Sir, about 90 per cent of the medicines required by the various institutions are supplied by the Medical Stores Depot. As regards medicines which could not be got from the Medical Stores Depot, they are got from reliable firms."

SRI A. APPU:—"Have the Government received complaints 9 a.m. that several kinds of medicines received from the depot are of bad quality and are, therefore, ineffective?"

THE HON. SRI A. B. SHETTY:—"I have said that since the last eight months there has been a very great improvement in the supply. There have been no complaints about the quality of the drugs supplied."

SRI M. NARAYANA KURUP:—"Inasmuch as the Medical Stores Depot was the creation of war emergency and the quotations of the institution are on an average much higher than the quotations in the open market, might I ask why the local bodies with meagre resources, should be compelled to make their purchases from the Depot?"

THE HON. SRI A. B. SHETTY:—"Even when the Medical Stores buy medicines in the open market, they supply such medicines on a no profit and no loss basis."

SRI R. KRISHNAN:—"May I know, Sir, who are the agencies for supplying medicines for the Ayurvedic dispensaries in the district boards; do the doctors send their indents to those agents or to any special department created for this purpose?"

THE HON. SRI A. B. SHETTY:—"I suggest that a separate question may be asked, Sir."

SRI V. K. RAMASWAMY MUDALIYAR:—"Might I ask, Sir, if the State Government will take over control of the Medical Stores Depot inasmuch as they have no control over this department and much delay is caused in the supply of various medicines to the local board and Government hospitals and dispensaries."

THE HON. SRI A. B. SHETTY:—"It was so in the past, Sir, and I have already stated that for the last eight months, there has been a very great improvement and defects have been rectified to a very great extent."

[21st July 1953]

* 780 Q.—SRI V. BALAKRISHNAN:—"I do not put the question, Sir."

Recruitment of Sub-Inspectors of Police.

* 781 Q.—SRI P. RANGASWAMI REDDIAR: Will the Hon. the Chief Minister be pleased to state—

(a) the number of persons recruited as Sub-Inspectors of Police, during 1948-52;

(b) how many of them completed training in the Police Training School; and

(c) how many of them are absorbed in Government Service (figures may be given communitywar)?

THE HON. SRI C. RAJAGOPALACHARI:—" (a) to (c) A statement * showing the particulars is placed on the table of the House."

SRI M. VEERABHADRAM:—"Column (2) of the statement laid on the table of the House says that 826 sub-inspectors have been recruited during the period 1948-52; I ask if it is in proportion to the vacancies caused during the same period."

THE HON. SRI C. RAJAGOPALACHARI:—"I am afraid I have to explain the whole of the case to hon. Members. The number of people recruited in each year has been added and given here. The policy in each year might have varied a little from the previous year; it is not only the number of vacancies that is taken into consideration but also the number of promotions that have to be given to those below and all things taken together, a certain number is recruited directly."

SRI M. S. MOGRAL:—"May I know whether the Government would stop the direct recruitment of sub-inspectors until all the head constables who have had Sub-Inspector's training have been absorbed?"

THE HON. SRI C. RAJAGOPALACHARI:—"That has been done temporarily in order to make up the balance."

SRI P. VENKATASUBBIAH:—"May I know what the qualifications prescribed for Sub-Inspectors are and whether there is any relaxation with regard to Scheduled Caste candidates?"

THE HON. SRI C. RAJAGOPALACHARI:—"The hon. Member will notice from the statement that 78 candidates of the Backward Classes have been recruited and 70 Scheduled Caste candidates have been recruited. He will see that that is the result of reservation. About the question of qualifications, the hon. Member may put a separate question if he considers it necessary and he can easily get it from the Government papers."

[21st July 1953]

SRI L. LAKSHMANDASS:—"In view of the reversion of a large number of Police Sub-Inspectors, will the Government consider discontinuance of direct recruitment for the post for one or two years?"

THE HON. SRI C. RAJAGOPALACHARI:—"They have not only considered it but done it."

SRI KUNHI MUHAMED SHAFEE:—"May I know, Sir, whether the principle of communal ratio was adhered to in these recruitments?"

THE HON. SRI C. RAJAGOPALACHARI:—"These are the figures from 1948-52 and I do hope that I will raise the number of Muslims in the future."

Fee concessions to the Vanniyakula Kshatriya students.

- (2) Starting of ceramic and paint industries near Araku.

- (4) Starting of a cement industry at Bhadrachalam.

Item (2).—The prospects of ceramic and paint industries near Araku are not considered economic at present.

Item (3).—The starting of a pencil factory was not considered promising in view of the quality of graphite and the non-availability of suitable woods. It was however considered that beneficiation of graphite with a view to use it in the crucible industry was more promising. The Director of Industries and Commerce has been asked to submit necessary proposals for laboratory and pilot experiments. His proposals are awaited.

Item (4).—It is considered that the cement industry need not be sponsored at present in view of the sufficiency of existing production.”

SRI B. RAMAKRISHNA REDDI:—“May I know the time-limit fixed for the receipt of applications?”

THE HON. SRI C. SUBRAMANIAM:—“The time-limit fixed was 15th June 1952 for the receipt of bonus applications from producers and 15th July 1952 for the receipt of bills from the procuring agents.”

SRI K. KRISHNA RAO:—“The question was how many applications were received and at what stage they stood. It is immaterial whether they were received in time or out of time.”

THE HON. SRI C. SUBRAMANIAM:—“It is immaterial to the hon. Member whether they were received in time or out of time. As far as the Government are concerned, they fixed a time limit for the receipt of applications and the amount due has been paid in respect of all applications received with that time.”

Separation of the Judiciary from the Executive.

* 795 Q.—SRI M. NARAYANA KURUP: Will the Hon. the Minister for Law be pleased to state—

“(a) The hon. Member is referred to the answer given to clause (b) of his starred question No. 193 (593) on the 26th March 1953. There has been no change in the policy.

21st July 1953]

“(b) As a necessary preliminary to the taking of decisions on the various recommendations of the Committee, Government have called for the views of the relevant heads of departments.”

SRI M. S. MOGRAL:—“May I know when the separation of the Judiciary from the Executive will be introduced in the West Coast districts?”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—
“As soon as possible. It may take a month or two.”

SRI M. NARAYANA KURUP:—“If there is no change in the policy of the Government, may I know the number of non-separation districts when this Ministry assumed office and the number of districts to which the separation scheme has been extended since then?”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—
“The hon. Member knows that in the meantime a committee was appointed to go into the working of the scheme. We are examining the report of that committee, and the question of extension will be taken up only after we finalise our view as to how and in what manner we should implement the scheme.”

SRI M. NARAYANA KURUP:—“Inasmuch as the question of extension to other districts was not within the purview of the committee, may I know why there has been such a long delay in extending the scheme to other districts if there has been no change in the policy of the Government?”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—“It is because we want to avoid the mistakes noticed in the past and extend the scheme devoid of all mistakes.”

SRI V. R. NAGARAJAN:—“Is it a fact that the Government are generally unwilling to extend the scheme to other districts?”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—“It is not a fact.”

SRI R. SIDDANNA GOWD:—“Are the Government aware that there are inordinate delays in the disposal of criminal cases by Judicial Magistrates and how are the Government going to avoid these delays?”

SRI K. VINAYAKAM:—"The question put by the hon. Member is: Has the committee sent its report and what is the action that the Government have taken on its recommendations?"

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"I have submitted that the report of the committee is being examined by the Government. Without examining the report, it is not possible to implement the recommendations."

SRI C. H. KANARAN:—"In fact, there is a change in the policy of the Government in regard to the separation of the Judiciary from the Executive. May I know the reason for it?"

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"The hon. Member thinks so because he is prejudiced against the Government."

SRI R. SIDDANNA GOWD:—"Sir, clause (b) of the question refers to the removal of defects and the improvement of the standard of administration of criminal justice. My supplementary question as to whether the Government are aware that there are inordinate delays in the disposal of criminal cases by Judicial Magistrates and how the Government are going to avoid these delays is perfectly in order as a supplementary question within the purview of clause (b)."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"The Government are not aware of such a state of things. If individual cases are brought to the notice of Government, they will try to remove the delays."

SRI M. NARAYANA KURUP:—"Inasmuch as the administration of criminal justice in non-separation districts has been characterised as disgraceful by the committee, may I know why the Government are hesitating to extend the separation scheme?"

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"I am sorry the hon. Member has not followed attentively the reply given by me. The Government are not hesitating. They are only considering the defects that have to be rectified before extending the scheme to other districts. The Government want to extend the scheme to other districts and in answer to clause (a) I have said that there has been no change in the policy."

to give an opportunity for hon. Members to state their views and also give an opportunity to the Government to state their views and what action they are going to take?”

MR. SPEAKER:—“The hon. Member can put a short notice question on this subject, and he can have a half-hour debate if he wants. The adjournment motion reads—

‘Since Kami Reddi's fast in Bellary is reaching the 32nd day, causing much concern to the people of Andhra, this Assembly stands adjourned to discuss the issue of Bellary plebiscite to save Sri Kami Reddi's life.’

It is clearly out of order and is ruled out.”

(2) REMOVAL OF CIVIL SUPPLIES LORRIES, ETC., FROM VIJAYAVADA.

MR. SPEAKER:—“Sri Vavilala Gopalakrishnaiah, Sri M. Hanumantha Rao and Sri T. Potha Raju have given notice of adjournment motions. The adjournment motion of Sri Vavilala Gopalakrishnaiah reads—

‘This House adjourns to discuss the urgent matter, i.e., the removing of the Civil Supplies lorries allotted to Vijayavada to Madras.’

‘The adjournment motion of Sri M. Hanumantha Rao reads—

‘I hereby give notice to move that the business of the House be adjourned to discuss a definite matter of urgent public importance, viz., the attempts of the Government to shift the stores used by the Civil Supplies Unit at Vijayavada by disbanding the said unit last week with the purpose of depriving the new Andhra State of these stores.’

‘The adjournment motion of Sri T. Potha Raju reads—

‘This House stands adjourned to discuss a definite matter of urgent public importance of recent occurrence, namely, to discuss the stand taken by the Government to shift all the lorries and other property of the Civil Supplies Unit of Vijayavada contrary to the seventh schedule, clause 1, of the Andhra State Bill and the situation that arose out of it in Andhra.’

THE HON. SRI C. SUBRAMANIAM:—“Sir, I have not seen these motions till you showed them to me in the Chamber this morning. I would like to take them up to-morrow. I would like to look into them.”

MR. SPEAKER:—“All right.”

(3) AUCTIONING OF LANDS BEING CULTIVATED BY CERTAIN TENANT SOCIETIES.

MR. SPEAKER:—“There is another adjournment motion given notice of by Sri M. Hanumantha Rao. The adjournment motion reads—

‘I hereby give notice to move that the business of the House be adjourned to discuss a definite matter of urgent public importance, viz., the order of

[Mr. Speaker.]

[21st July 1953]

the Government to lease lands which are being cultivated by Ipur and Kollur Tenant Societies by means of auction thereby depriving hundreds of Harijan labourers of their living.

I wish to know whether this subject does not come under day to day administration."

* SRI M. HANUMANTHA RAO:—"Sir, the adjournment motion refers to the Ipur lanka and Kollur Tenant Societies. They have been cultivating two hundred acres of land for a long time. But now the entire land is going to be put to auction on the 5th August by the Government. By this order 500 labourers, poor Harijan labourers as well as ex-toddy tappers and their families, would be deprived of their living, land and bread. So, this is a very important matter. Yesterday I was telling the House that the lands would be put to auction yesterday itself. But subsequently I got a telegram saying that the auction has been postponed to 5th August. Nevertheless it is an urgent matter, and it is also of public importance in the sense that 500 poor families will be deprived of their living, and the public are concerned with this. I think this is a serious matter which has to be discussed by this House. If this policy is pursued further not only hundreds of families but thousands more will be deprived of their living. That is why the motion must be taken up now. It might be thrown away saying that it is a day-to-day administrative affair. I think it is not a day to day affair. I do not think you will believe that it has become the routine business of this Government everyday to deprive hundreds and thousands of families of their living. That is why I hope you will consider this matter seriously, and allow this adjournment motion."

* THE HON. SRI C. RAJAGOPALACHARI:—"Sir, yesterday this was mentioned to me as well as in the open House and I asked friends who were interested in it to find out from the Secretariat whether the auction was to take place or had been postponed. Because in matters of this kind my impression was that as far as possible we accommodated the petitioners who complained, and matters were stayed. As a matter of fact, the hon. Member has now made it clear that the auction has been adjourned to 5th August. I think I must ignore the allegation made that it is the definite policy of the Government to deprive men of their employment."

SRI P. RAMAMURTHI:—"The hon. Member did not say that."

* THE HON. SRI C. RAJAGOPALACHARI:—"You had better modify that (laughter). (Interruption.) It is better that this conglomerated kind of attack is distributed a little amongst the Members. When a Member commits a mistake, it is better he mends it."

SRI P. RAMAMURTHI:—"Sir, I would like the Chief Minister not put words in the mouth of a Member of this House."

21st July 1953]

[Sri P. Ramamurthi.]

(Interruption.) The hon. Member said 'I do not think the Speaker believes that it is the policy of the Government to go on removing people from their lands; therefore it is an urgent matter'."

THE HON. SRI C. RAJAGOPALACHARI:—"I think the very gracious punctuational change that Mr. Ramamurthi makes is making the whole . . ."

SRI M. HANUMANTHA RAO:—"Sir, I stand by what I said. I only said, addressing the Chair, that the Hon. the Speaker will not believe that it has become the routine business of this Government to deprive hundreds and thousands of people of their living."

* THE HON. SRI C. RAJAGOPALACHARI:—"This is what is again generally called 'insinuation' (laughter) which, under the rules, we are asked not to indulge in. However, I shall ignore it. As far as I am aware, I may assure hon. Members that it is the definite policy of this Government to help poorer people out of such difficulties, even if the law is to be stretched a little for that purpose. Going into the matter itself, I think that it has become a matter of political importance with hon. Members that they should be in a hurry to catch up wherever any alleged injustice has been committed so that they might have the credit of removing that injustice. But in this case the Government has been earlier in this race. They have already adjourned the auction. The hon. Member who has given notice of this adjournment motion is unfortunately deprived of the political advantage that he wanted to get. But in any case, the Government have put off the auction to 5th August, and the matter will be looked into. This is, I submit, Sir, a routine matter."

SRI M. HANUMANTHA RAO:—"Sir, the Hon. the Chief Minister was telling us that we play for political advantages in this matter. I wish that the Government take the initiative and do away with all injustice if at all they are capable of doing it, and we shall thank them for it. At the same time, I might remind the Hon. the Chief Minister that this matter was represented to the Revenue Minister four days back by three of our friends here. But still nothing has happened."

THE HON. SRI C. RAJAGOPALACHARI:—"The initiative has been recovered by the Communist gentlemen."

SRI P. RAMAMURTHI:—"I think, Sir, it is better that we do not indulge in this kind of thing as to who has got the initiative. It does not help us."

THE HON. SRI C. RAJAGOPALACHARI:—"This is a general matter. We play for initiative, and what is the good of hiding it."

SRI P. RAMAMURTHI:—"Unfortunately, Sir, the Hon. the Chief Minister looks through coloured glasses at everybody. (Laughter.) He wants to . . ."

[21st July 1953]

* THE HON. SRI C. RAJAGOPALACHARI:—"One colour deprives the other colour of its advantage." (Laughter.)

MR. SPEAKER:—"The subject comes under matters of day-to-day administration, and I rule the motion out of order."

* THE HON. SRI C. RAJAGOPALACHARI:—"I accept the reprimand from the Hon. the Speaker."

III.—GOVERNMENT BILL.

THE ANDHRA STATE BILL, 1953—cont.

Clauses 22 to 24.

MR. SPEAKER:—"There are no amendments to clauses 22, 23 and 24. I now proceed to clause 25."

SRI PILLALAMARRI VENKATESWARLU:—"Though no amendments have been given notice of, yet Members can oppose the clauses, Sir."

MR. SPEAKER:—"There is no question of opposing the clauses. Hon. Members can only give their views. If they want they can stand up and speak."

SRI PILLALAMARRI VENKATESWARLU:—"Please allow us some seconds so that we may stand up, Sir."

* THE HON. SRI C. SUBRAMANIAM:—"Sir, the hon. Member, Sri P. Venkateswarlu, is always anxious that we should not rush through, and that there should be as much delay as possible. If there is any view to be expressed, it is to go in a specific form to the Government of India. Therefore, if there is any point of view to be expressed, it should have come in the form of a resolution, and that alone can be discussed. When no amendment is given notice of in respect of any clause, that shows that we are in general agreement with that clause. There should be no question of further discussion of that clause. I respectfully submit that we should pass over all clauses in respect of which there are no amendments."

Clause 25.

9-40 a.m. * SRI K. KRISHNA RAO:—"Sir, I move the following amendment which stands in my name:—

Add at the end the words "and not inconsistent with the provisions of the Constitution."

"Sir, clause 25 says that the rules as to procedure and conduct of business in force with respect to the Madras Legislative Assembly should apply to the Legislative Assembly of Andhra to be formed. My amendment seeks to make out that any rules of procedure with respect to the Legislative Assembly of Andhra that is to be formed, must be in conformity with the provisions of the Constitution. I say so because we here are above law. Many of the procedures here, for example, whether the Ministers ought to give a reply to questions or not and whether they can at all

21st July 1953] [Sri K. Krishna Rao]

refuse to give answers to questions, cannot be taken to a Court of Law and contested. We cannot go to a Court and ask for a decision as to whether it is *ultra vires* of the Ministers to refuse to give answers to questions put in the Legislative Assembly. Thus, in regard to many of these matters we are in a fix. If anything is to be done, it has to be done in this House by means of points of order, privilege motions, or things like them. A number of precedents with regard to procedure have accumulated in this Assembly which ignore the provisions of the Constitution."

MR. SPEAKER:—"Does the hon. Member mean to say that we have not been following the provisions of the Constitution?"

SRI K. KRISHNA RAO:—"I think I should correct the impression. The point is that the procedures of the House are such as to constitute a violation of the rights of Members. I have given an instance also. Members have got a right to put questions and to receive answers. In fact, the procedures are not new. They are coming on since the Montford Reforms and there has not been a radical alteration of these procedures in the light of the provisions of the new Constitution. I would remind you that there was a Committee appointed by this House, and I am informed that though the Hon. Speaker has made a number of suggestions, the Committee have not considered them and have not come to an agreement. My point is that the rules of procedure, whether written or unwritten, will have to be examined in the light of the provisions of the Constitution."

SRI S. DEIVASIGAMANY:—"Sir, I second the amendment moved by the hon. Member, Sri Krishna Rao. After all, this amendment is a very innocuous one. It only tries to bring out that the provisions of the Constitution should be strictly followed. I do not think, by inserting this amendment, anything is going to be lost."

* THE HON. SRI C. SUBRAMANIAM:—"Sir, I was really surprised to see the hon. Member Sri Deivasigamany supporting this amendment. But I suppose he is supporting it from another point of view quite different from that of the hon. Member, Sri Krishna Rao. First of all, when his amendment seeks to add the words 'and not inconsistent with the provisions of the Constitution', I presume the hon. Member is not stating that we are following a procedure here which is inconsistent with the provisions of the Constitution. That will be a reflection not only on you, Mr. Speaker, but also a reflection on the House itself."

SRI S. DEIVASIGAMANY:—"Not at all."

* THE HON. SRI C. SUBRAMANIAM:—"If it is not so, the hon. Member, Sri Krishna Rao, wants that the Andhra Members should be specifically reminded about the provisions of the Constitution so that they may follow them. I have no objection, but it will look really very odd. Whatever the procedure is, it will always be subject to the provisions of the Constitution. A special mention here will be reflection either on this House or on

[Sri C. Subramaniam] [21st July 1953]

the Andhra Members if not on this House. I respectfully submit that the hon. Member should not press it and should withdraw it."

The amendment was, by leave, withdrawn.

(Clauses 26 and 27—No amendments.)

Clause 28.

SRI P. RAMAMURTHI:—"Mr. Speaker, Sir, I move the following amendment which stands in my name:—

75 'This House recommends to the Parliament of India that sub-clause (2) of clause 28 of the Andhra State Bill be amended so as to provide for the establishment of the High Court for Andhra on a date decided upon by the Legislative Assembly of that State.'"

SRI M. KALYANASUNDARAM:—"I second the amendment."

MR. SPEAKER:—"Let all the amendments be moved and seconded. Then, hon. Members may speak on their amendments."

The following amendments were accordingly moved by the Members in whose names they were standing and duly seconded:—

SRI D. SEETHARAMIAH—

76 "This Assembly recommends that the Andhra High Court be formed in Andhra along with the formation of the Andhra State and its location be decided by the Andhra Members of the Madras Legislative Assembly by the end of August 1953."

SRI G. YELLAMANDA REDDI—

77 "For clause 28, substitute the following:—
'28 As from the date of the formation of Andhra State there shall be a High Court for the State of Andhra hereinafter referred to as "The High Court of Andhra."
'The Andhra Assembly shall decide the place of the High Court.'"

SRI VAVILALA GOPALAKRISHNAIAH—

78 "For sub-clauses (1) and (2), substitute the following:—

'There shall be separate High Court for the State of Andhra, hereinafter referred to as "The High Court of Andhra", from October 1, 1953.'"

SRI N. GOPALA MENON—

79 "(i) Delete the words 'As from the date appointed under sub-section (2)' occurring in sub-clause (1);

21st July 1953] [Sri N. Gopala Menon]

(ii) For sub-clause (2), substitute the following:—

'(2) The President shall, as soon as may be after the appointed day, establish a separate High Court for the State of Andhra by notification in the Official Gazette.'

(iii) For sub-clause (3), substitute the following:—

'(3) The High Court of Andhra shall be located in the capital of the State.'"

Sub-clause (2).

SRI T. N. VENKATASUBBA REDDI—

81 "For sub-clause (2), substitute the following:—

'(2) The President shall, as soon as may be convenient or on the passing of a resolution by the State Assembly of the Andhra State appoint by notification in the Official Gazette a date for the purpose of sub-clause (1).'"

SRI K. RAJAGOPALA RAO—

82 "For sub-clause (2), substitute the following:—

'(2) The President shall immediately after a resolution recommending the establishment of a separate High Court for the State of Andhra has been adopted by the Legislative Assembly of that State and submitted to him, appoint by notification in the Official Gazette, a date in 1953, for the purpose of sub-section (1).'"

SRI C. RAJAM RAMASAMI—

83 "For sub-clause (2), substitute the following:—

'(2) The President shall, as soon as may be convenient, appoint by notification in the Official Gazette, a date for the purpose of sub-clause (1).'"

SRI D. SEETHARAMIAH—

84 "(i) After the words 'after a resolution recommending the establishment', insert the words 'and location'.
(ii) Add at the end the words 'and fix the location accordingly.'"

SRI K. VENKAIAH—

85 "(i) Delete the words of the sub-clause commencing with 'as soon as' and ending with 'submitted to him'.
(ii) After the words 'in the Official Gazette a date', insert the words 'in the year 1953'."

SRI M. VEERABHADRAM—

86 "(i) For the words and figure 'date appointed under sub-section (2)', substitute the words 'appointed day'.
(ii) Delete sub-clauses (2) and (3) and for the words 'prescribed day' wherever they occur, substitute the words 'appointed day'."

[Sri Vavilala Gopalakrishnaiah] [21st July 1953]

is division of the country on the linguistic basis, the States so divided must have cultural and administrative units. When there was a University for Andhra, i.e., a cultural centre, there was no Andhra State. Now, when the Andhra State is being formed, it will have no High Court in its own territory. It is really very paradoxical. I appeal to the Government of Madras, the Members of this House and those in power at Delhi to take a decision to the effect that the High Court must immediately be started in Andhra along with the inauguration of the Andhra State. Otherwise there will be so many difficulties. The people of Andhra will have to come to the residuary Madras State in connection with their legal matters. They will have no say in the matter of appointment of Judges, allotment of money, etc. As such, it will be highly impractical to have the High Court in Madras. What happened when Orissa was partitioned? Patna High Court was made the composite High Court for Orissa and Bihar. On account of this, so many difficulties, so many irregularities and constitutional issues had arisen. After understanding the difficulties, a separate High Court was constituted for Orissa itself. Let us learn from the experience gained by the Orissa people, and let us not repeat the same blunder committed at that time. Therefore, I appeal to the Central Government and to others concerned that a separate High Court for Andhra within its own territory must be established along with the formation of the Andhra State. With these words, I commend my amendment for acceptance of the House."

10 a.m. * SRI N. GOPALA MENON:—"Sir, I want to say a few words on my amendment No. 79.

"The question of the location of the Andhra High Court and of the time when it should commence working are pre-eminently matters for Andhras on which I do not want to be looked upon as an intruder. But nevertheless, I would like to make a few remarks. The question is this. The Andhra State is to have a High Court of its own and the arguments advanced by the previous speaker are very proper. When the State is formed it ought to have a High Court of its own. When this is conceded there is really no meaning in saying that the future Andhra Legislative Assembly should again meet and consider whether there should be a High Court. The clause says—

'The President shall, as soon as may be after a resolution recommending the establishment of a separate High Court for the State of Andhra has been adopted by the Legislative Assembly of that State and submitted to him, appoint by notification in the Official Gazette, a date for the purpose of sub-section (1).'

I really think that there is absolutely no need for the Legislative Assembly of the State of Andhra again to deliberate on this question and reaffirm that there ought to be a High Court. It is conceded and it is essential that the Andhra State should have a High Court of its own and what remains to be done is that the President on the advice of the Government of Andhra should fix a date for the inauguration of the Andhra High Court. Therefore,

[21st July 1953] [Sri N. Gopala Menon]

I have said in my amendment that the President shall by notification after the formation of the State of Andhra fix a date for the inauguration of the High Court.

"The other point is about the location of the High Court. The Travancore-Cochin State has its High Court in Cochin and the seat of the Government in Travancore. I find that this arrangement is not working properly. The location of the High Court should not be regarded as a question of patronage. When you form a State, you ought not to think that there are two segments, the Rayalaseema section and the Circars section. It is one whole indivisible Andhra State. You ought not to think that there are two component parts to that State. It is one indivisible State and normally the High Court must be located in the capital of the State. I am yet to see a good State, a flourishing State, having its High Court in one place and its capital in another place. The High Court must be in the capital of the State. There are a great many advantages in having the High Court in the capital itself. Therefore, hon. Members should not think that this is a question of patronage, giving to Rayalaseema the Capital and to the Circars, the High Court. That kind of vision ought to be obliterated from the minds of the people. The moment the Andhra State is formed, all must regard the State as one. The idea of patronage must be abandoned altogether and it is essential for good administration that the High Court must be located in the capital of the State. These are more or less in the shape of remarks that I say. As I said in the beginning, this is pre-eminently a matter for the Andhras themselves to decide and what we, who are not Andhras, say is only as a matter of opinion."

MR. SPEAKER:—"Mr. Venkatasubba Reddi."

SRI P. RAMAMURTHI:—"He may be asked to speak a little later."

* SRI C. RAJAM RAMASAMI:—"Sir, I want to say a few words on my amendment (No. 83). The object of my amendment is to provide for the early establishment of an Andhra High Court. The purport of it is more or less the same as mentioned by Mr. Gopala Menon. If we allow the discretion to the Andhra Assembly to pass a resolution on the formation of an Andhra High Court, it may not be advantageous or fair to the political parties or to the residuary State. Political and other considerations may prevent such a resolution being passed at an early date. It would be advantageous if the President is authorised to fix a date for the inauguration of the High Court. Under the Constitution also, there is no necessity for such a resolution being passed by any Legislative Assembly for the setting up of a High Court. It will be sufficient if powers are given to the President to form a High Court as early as possible. Mr. Gopala Menon has explained the position at full length and I wholeheartedly support what he has said in the matter."

SRI C. PULLA REDDI:—"Mr. Speaker, Sir, this question of High Court has been in the minds of the Andhras ever since the

[Sri C. Pulla Reddi] . [21st July 1953]

Prime Minister's announcement was made about the formation of an Andhra State. When it was originally said that the Andhra State would be formed on October 1, and the High Court would continue to be in Madras till such time as it was decided by the Andhra Assembly, political leaders from Andhra and also the Andhra public resented the statement. When once the Andhra State is formed, every important political party has said, the Andhra High Court must be taken away from Madras to the Andhra State. Even Mr. Sanjeeva Reddi, the President of the Andhra Provincial Congress Committee, said that there was no point in having the Andhra High Court in Madras. So much so, it is the unanimous opinion of the Andhra public that the High Court must be located in the Andhra State itself from the beginning. Why we raise this question now in the Assembly, rightly or wrongly, has located the capital at Kurnool. Yesterday our Chief Minister gave some information about Mr. Lobo Prabhu's report on the choice of Kurnool as capital. The Chief Minister has informed us that Mr. Lobo Prabhu has recommended the location of a camp capital only at Kurnool and not the real capital. According to the report, the impression given to the public is that all important offices will not be taken to Kurnool but only a part of them and that the major part of the staff working in those offices will continue to work in Madras. Taking this fact along with the other that the Andhra High Court will be in Madras, let me ask what is it that is being shifted to Andhra. It is only a case of the Assembly alone meeting in Kurnool and nothing more, while all the important departments of the Secretariat will be working in Madras. Including the High Court in this list, it only means that it is not really a Province that is going to be formed and it is not the real capital that will be located at Kurnool. These are the proposals that are being placed before the Andhra public and the Andhra public will never accept them. Therefore, we say that all the offices, whether important or unimportant, pertaining to the Andhra State, including the High Court should be located in the Andhra area. The High Court must be started along with the formation of the province. The Central Government cannot effect separation of the State without the High Court. There is no question of our High Court being in Madras when once we have decided on the formation of the new Andhra State.

"Another point is that the location of the High Court has been left to the choice of the Chief Justice."

MR. SPEAKER:—"When we come to clause 36, we can take up this matter."

* THE HON. SRI C. SUBRAMANIAM:—"May I make a submission, Sir. This is with reference to the High Court coming into existence in the Andhra area and when it should come into operation. We may proceed with other clauses first and take this up later. As a matter of fact, a postponement of the clause will not affect the discussion on other clauses."

MR. SPEAKER:—"Then we will take it up later."

21st July 1953]

Clause 29.

No amendments moved.

MR. SPEAKER:—"For clauses 30, 31, 32, 33, 34 and 35, there are no amendments. We pass on to clause 36."

Clause 36.

The following amendments were then moved by the Members in whose names they were standing and duly seconded:—

SRI P. RAMAMURTHI—

90 "This House recommends to the Parliament of India that clause 36 of the Andhra State Bill be amended so as to provide that the High Court of Andhra and the Judges and Division Courts thereof shall sit at such place or places in the State of Andhra as the Legislative Assembly of that State may decide."

SRI T. NAGI REDDI—

"91 This Assembly is of the opinion that the separation of the High Court for Andhra be effected from the appointed day itself with Madras as its seat of functioning till December 1953 before which time the Andhra Assembly shall meet and decide a place in the State of Andhra as its seat."

SRI G. LATCHANNA—

"92 This Assembly recommends that for the words 'at such place or places', the words 'in any of the two centres indicated by Justice Wanchoo and in the light of Sri Bagh Pact' shall be substituted."

SRI VAVILALA GOPALAKRISHNAIAH—

"93 For the existing clause substitute the following:—
'The High Court of Andhra and the Judges and Division thereof shall sit at Guntur.'"

"94 For the words 'such place or places as the Chief Justice may with the approval of the Governor of Andhra, appoint' substitute the words 'Guntur—Vijayavada.'"

SRI T. LAKSHMINARAYANA REDDI—

95 "For the words 'shall sit . . . with the approval of the Governor of Andhra, appoint', substitute the words 'shall be located at Anantapur.'"

SRI N. GOPALA MENON—

"96 For the words 'such place or places in the State of Andhra as the Chief Justice may, with the approval of the Governor of Andhra, appoint', substitute the words 'the Capital of Andhra.'"

[21st July 1953]

SRI H. SATYANARAYANA DORA—

" 97 This House resolves that in clause 36, for the words 'as the Chief Justice may, with the approval of the Governor of Andhra appoint', the words 'as the Governor of Andhra may in consultation with the Chief Justice, appoint' shall be substituted."

SRI M. VEERABHADRAM—

" 100 For the words 'as the Chief Justice may appoint' substitute the words 'as the Andhra Legislature decides.' "

SRI K. KRISHNA RAO—

" 101 For the words 'as the Chief Justice may, with the approval of the Governor of Andhra, appoint', substitute the words 'as the Legislative Assembly of that State shall decide.' "

SRI K. VENKAIAH—

" 102 For the words 'Governor', substitute the words 'Legislative Assembly.' "

SRI PILLALAMARRI VENKATESWARLU:—" Sir, most of the members are not aware that their amendments would be coming up now . . . "

MR. SPEAKER:—" It is the duty of every Member to be here between 8-30 a.m. and 1-30 p.m. "

SRI PILLALAMARRI VENKATESWARLU:—" That is true, Sir. The point is because most of the members did not know that their amendments would be coming up now, they have just gone out. I request they may be given an opportunity to move their amendments. "

MR. SPEAKER:—" If they come back during the discussion of the clause, I have no objection. But this should not be taken as a precedent afterwards. "

SRI R. SIDDANNA GOWD:—" Sir, from the nature of the resolutions and amendments given notice of to all these clauses, it will be seen that it is not as easy to select the place where the High Court should be located and when it should start, as is considered to be by hon. Members. It is the bone of contention just as the location of the Capital in the Andhra Pradesh. The selection of a Capital in the new Andhra State has created many new problems in addition to those which are already prevailing in the proposed Andhra State. It is very difficult for this House to select the location of the High Court till the Capital is decided. There are various opinions, Sir, on this subject. Some want that the High Court should be left where it is for some time. Mr. Justice Wanchoo also suggests this for various reasons given in his report. (Interruption.) This is embodied in his report from pages 8 to 11, and he says that it is advisable from all points of view, from the point of convenience to the advocates, their clerks and staff, to the Judges and staff of the High Court and

21st July 1953] [Sri R. Siddanna Gowd]

also for the speedy disposal of the cases as also for the conveniences of the clientele that the High Court should be located and allowed to continue at Madras itself for some time to come. This is one view, Sir. It is recommended and strongly recommended by Justice Wanchoo.

" Sir, there is another view which cannot be easily brushed aside, as the hon. Member Sri Gopala Menon sought to convey to this House. It should be remembered, Sir, that there is what is called the Sri Bagh Pact arrived at between the representatives of Coastal districts and the representatives of Rayalaseema. It says that either the High Court or the Capital whichever is chosen by the Rayalaseemites should be located in Rayalseema. Though the temporary Capital is to be at Kurnool, the Capital of Andhra has not yet been located the Rayalaseema permanently. A dispute has arisen and from the trend of events, from conversations and discussions that are going on in Legislature Party meetings and elsewhere, there is a likelihood of the selection of Kurnool as the Capital of the Andhra State being altered. If the Capital is changed from Kurnool to Visakhapatnam or Tirupati or Guntur or Vijayavada, then according to the Sri Bagh Pact, the location of the High Court has to be determined and the Sri Bagh Pact should be implemented by allowing the High Court to be located in Rayalaseema. During the last 30 years or more, since the Andhra movement began in the Andhra Pradesh there are opinions that the Capital should be located in Vijayavada and the High Court should be located in Anantapur. It is known to every Member 10-20 a.m. of this House that in accordance with the Sri Bagh Pact that the University Centre was located at Waltair, that the High Court should be located at Anantapur and the Capital at Vijayavada or Vijayavada-Guntur. Therefore, Sir, it is very difficult to select the place where the High Court should be located and when it should be shifted from Madras. Under these circumstances, I feel it most expedient that the clause should be left as it is without passing any of the amendments given notice of by many hon. Members.

" The decision to locate the Capital at Kurnool is leading to various difficulties from the point of view of accommodation. When once a Capital is chosen, it is also necessary that various organs of the Government should be located there in the interests of good and efficient administration. The Secretariat and the various heads of departments, viz., Inspector-General of Police, Inspector of Local Boards, Registrar of Co-operative Societies, Chief Engineers, etc., should be located at the seat of administration and only then it would contribute to efficient administration. Hon. Members who attend the Legislative Assembly sittings may have to interview many officers and this may not be possible if all the organs of Government are scattered all over the Andhra districts. It is therefore necessary that in the interests of efficient and good administration all the organs of the Government as far as possible should be located in one and the same place where the Capital is to be located. From the point of view of accommodation also, it is found that Kurnool is a very bad place and it is

[Sri R. Siddanna Gowd]

impossible to locate both the High Court and the Capital at Kurnool. From the point of view of finance also, the Government of India have not given us any subvention as in the case of Orissa. Only they have promised to give us Rs. 40.0 lakhs by way of loan.

MR. SPEAKER:—"The hon. Member's time is up."

SRI H. SATYANARAYANA DORA:—"Mr. Speaker, the 10-30 amendment which stands in my name is very simple. It is only a verbal alteration that is sought to be made and I hope the House will have no objection to accept it. I only meant that the Governor as Head of the State should be given precedence over the Chief Justice."

SRI P. RAMAMURTHI:—"Mr. Speaker, my amendment is very simple. It seeks to vest the power of choosing the place for the location of the High Court in the Legislative Assembly of the Andhra State."

SRI G. LATCHANNA:—"According to my amendment, I want that the selection of a place for the High Court should be on the basis of Mr. Wanchoo's report and in accordance with the Sri Bagh Pact and I hope the House will accept my amendment."

SRI PILLALAMARRI VENKATESWARLU:—"Mr. Speaker, from the beginning, our party is very particular that the High Court should also be separated from Madras as early as possible and many representations were also made to that effect. I also understand that many of our Tamil friends are equally anxious that the High Court should be separated soon and also shifted from Madras as early as possible. In this connexion there is one point which the House must take into consideration. Who is to determine the place, whether it is the President or the Governor or the Assembly? There are some Members who feel that it may be decided according to Mr. Wanchoo's report and we have got our own objection to that. In fact Mr. Wanchoo's report was not accepted by any party as such. So there is no question of going into Mr. Wanchoo's report or accepting his recommendations on this issue only. What we suggest is that it should be left to the Andhra Legislative Assembly where the High Court should be located. Some Members feel that the President may be empowered to decide the place in consultation with the Governor and the Chief Justice. After all the President may not be in a position to know the mind of the people and may not be able to select a place which will satisfy the people. Therefore we suggest that the Andhra Assembly alone is competent to decide the place and it cannot be left to the hands of either the President or the Governor. Some Members feel that the Andhra Assembly may or may not meet, and according to them there is a greater possibility

[Sri Pillalamarri Venkateswarlu] [21st July 1953]

that it may not meet. My point is just as we have met to select a place for the location of the temporary Capital, we should again meet to select a place where the High Court should be located. That there may not be a Cabinet is a different matter. When we met to select a Capital there was no Cabinet and there need not be a Cabinet if again we are to meet and recommend a place to the Central Government. The Andhra Members of the Madras Legislative Assembly can meet for this specific purpose of deciding upon a place for the location of the High Court. It is quite possible and it can be done.

"Then, Sir, in the Bill no specific mention is made when the High Court should move from Madras. We feel that it should be as early as possible. We have suggested in our amendment that it may be before December 1953. Some Members are of the view that it may not be possible to shift the High Court till June 1954. Even to that we will have no objection provided the date is mentioned in the Bill. We therefore feel that the choice of place must be left to the Andhra Legislative Assembly and the date before which the Andhra High Court should be shifted from Madras should be not later than June 1954. With these few words, Sir, I conclude."

SRI M. R. APPA RAO:—"Mr Speaker, it has been decided to inaugurate the Andhra State on 1st October 1953. The Andhras feel that the High Court also should be located in the Andhra territory. Where it should be located, we feel that it is better the Governor decides, instead of the Chief Justice. We have chosen Kurnool as the temporary Capital and we will know after two days whether it is going to stand. In considering the place for the High Court, it is better if Sri Bagh Pact is kept in mind according to which the University Centre should be in one place, the Capital in another place and the High Court in a third place. Now, the University is in Waltair and we have chosen Kurnool as the temporary Capital. It will be in the fitness of things if the High Court is located in Vijayavada. I therefore support the amendment moved by Sri G. Latchanna and request the House to accept it unanimously."

* SRI K. V. RAMESAM:—"Two things arise for consideration so far as this clause is concerned, namely, what is the place at which the High Court is to be located and who is to determine the place. It has already been brought to the notice of this House that in considering these two questions the Sri Bagh Pact must be respected. And in pursuance of the terms of the Sri Bagh Pact, it has already been decided by the Andhra Members of the Madras Legislative Assembly that Kurnool is to be the seat of administration and we cannot go back on that decision."

10.10 a.m. "In respecting the terms of the Sri Bagh Pact we have complied with the choice of the people of Rayalaseema to have the seat of Government in Rayalaseema and the other question remains as to where the High Court is to be located. Naturally it will have to be somewhere in the Northern Circars and we

[21st July 1953] [Sri K. V. Ramesam]

will have to confine our attention to that particular question. In limiting this choice, the section imposes a restriction upon the discretion of the House. If the Chief Justice is given the final choice, it may come into conflict with the decision of the Members of the Assembly which, I submit, is not desirable. Therefore, the question where the High Court or the division courts are to be located should be exclusively determined by the Members of the Assembly; otherwise the difficulty or the possibility of conflict with the decision of the sovereign Assembly and of the Chief Justice might arise. In order to avoid that, I suggest that in the matter of selection of the seat of the High Court and the division courts, it should be the State Assembly Members that should decide and the suggestions or advice that may be tendered by the Chief Justice or by the Governor may also be considered by the Assembly. I, therefore, appeal to hon Members that this aspect of the matter must be borne in mind before accepting the amendment that has been proposed, and further it is necessary that the High Court must simultaneously be made to function along with the formation of the Andhra State."

* SRI P. PUNDARIKAKSHACHARYULU:—"Mr. Speaker, Sir, I wish to take this opportunity to answer some charges levelled against our Krishikarlok Party in saying that the capital should be located at Tirupathi and the High Court at Vijayavada-Guntur and the various other offices at other places. I request hon. Members to study the context in which we made such a proposal. When Mr. Justice Wanchoo made a proposal that the temporary capital can be located at Madras and it was rejected by the Madras Government, the Hon. the Chief Minister made the suggestion that the capital can be located at Nellore and the High Court and the various other offices may be continued at Madras. In that connexion we strongly protested why when the temporary capital cannot be continued at Madras, the High Court and other offices should be continued at Madras. Therefore, we made the statement that the High Court should at once be shifted to Andhra soil. Then the question arose whether there is sufficient accommodation for the various offices and in that connexion we suggested that the offices can be located at places other than the capital. It is not with any ulterior intention that we made the suggestion and it is not in order to make the capital a name-sake capital. Now, Sir, let me come to the Sri Bagh Pact. According to that pact and the feelings in Rayalaseema, we have notice of an amendment for the location of the capital at Tirupathi and if the capital is accepted to be at that place, I wish to submit to the House that the High Court might be located in Vijayavada-Guntur as suggested by Justice Wanchoo. The places mentioned by Justice Wanchoo as suitable for the location of the High Court or the temporary capital or the permanent capital are Tirupathi, Visakhapatnam, Vijayavada-Guntur. In the fitness of things when the Rayalaseema people according to the Sri Bagh Pact want the capital in the Rayalaseema, we suggest (and according to Wanchoo also) that the capital can be located in Tirupathi and the High Court at Vijayavada-Guntur. In the alternative if the

[Sri P. Pundarikakshacharyulu] [21st July 1953]

Assembly decides upon the location of the capital at Vijayavada-Guntur, I wish to submit that the High Court can be located at Tirupathi. Thank you, Sir."

SRI P. RAMAMURTHI:—"I wish to make a slight change in the amendment; it is only a verbal amendment. My amendment reads—

"This House recommends to the Parliament of India that clause 36 of the Andhra State Bill be amended so as to provide that the High Court of Andhra and the Judges and division courts thereof shall sit at such place or places in the State of Andhra as the Legislative Assembly of that State may decide."

I suggest that in the place of the words 'as the Legislative Assembly of that State may decide' the following words may be substituted, namely, 'as the Members of the Legislative Assembly of that State may decide at a meeting'. This is a small amendment and my friend Sri Nagi Reddi will explain the amendment, Sir."

* SRI T. NAGI REDDI:—"Mr. Speaker, Sir, we are discussing the establishment of a High Court for Andhra and the time and place where it should be established. It has been accepted on all hands that a separate High Court for Andhra should be established and that is provided for in the Bill itself and certain important changes have to be made in respect of that provision so as to clarify certain matters. It has been said in the Bill—

"The President shall, as soon as may be after a resolution recommending the establishment of a separate High Court for the State of Andhra has been adopted by the Legislative Assembly of that State and submitted to him, appoint by notification in the Official Gazette a date for the purpose of sub-section (1)."

In this connexion, I would like that there should be a clause which would fix a date within which the notification should be issued, say, not later than the 1st June 1954. For that purpose, I shall take Sri Venkatasubba Reddi's amendment as the basis, namely,—

"The President shall, as soon as may be convenient or on the passing of a resolution by the State Assembly of the Andhra State, appoint by notification in the Official Gazette a date for the purpose of sub-clause (1),"

and to it I shall add at the end the words 'which shall not be not later than the 1st June 1954'."

MR. SPEAKER:—"But Mr. Venkatasubba Reddi has not moved the amendment. In so far as this has been left out to be dealt with later, we shall take it up afterwards."

* SRI T. NAGI REDDI:—"Then, Sir, there is an amendment on the order paper in the name of Sri Latchanna (Amendment No. 92)—

"This Assembly recommends that for the words 'at such place or places', the words 'in any of the two centres indicated by Justice Wanchoo and in the light of the Sri Bagh Pact' shall be substituted."

This is in respect of clause 36. In this connexion, I would like to inform the House that two months ago the Andhra legislators met to decide the question of the capital in accordance with the wishes of the people of Andhra as a whole. In other words the

21st July 1953] [Sri T. Nagi Reddi]

issue of the capital was decided not by the President and not by the Government but by the Legislative Assembly Members of Andhra.
