THE MALABAR TENANCY (AMENDMENT) BILL, 1953 (L.A. BILL NO 12 OF 1953) (AS PASSED BY THE ASSEMBLY)—*cont.*

MR. CHAIRMAN:—"The House will now resume discussion on the Malabar Tenancy (Amendment) Bill, 1953. The hon. Member Dr. John will now speak."

DR. V. K. JOHN:—"Mr. Chairman, Sir, this is a very important measure, and before I discuss the principles underlying this Bill, I think it is only right and proper that I must pay a very good and high compliment to the Hon. the Minister for Law, Sri Kuttikrishnan Nair, for the very able speech which he delivered in this House and which gave us a very good idea of the history of tenancy legislation in Malabar. I am quite satisfied that he has made a thorough study of the various reports on tenancy reform, preceding the introduction of tenancy legislation, and that he has also made a very good study of the various enactments concerned. I must also pay him a compliment for his courage in repealing

[Dr. V. K. John] [18th January 1954]

substantially all the provisions of the Amending Act of 1951 which came into force only in March 1952. Within a very short period, he found out the defects of that Amending Act which the Congress Party got through both the Assembly and the Council as a very well-considered measure of agrarian reform in Malabar. He found out the defects of that enactment and he had the courage to try to rectify them to a very large extent. I really pay him a compliment for it.

“ Now, in dealing with agrarian reforms in Malabar, one has to take into consideration a few facts which are peculiar to Malabar. The first is that while the density of population in India is 281 per square mile, in Malabar it is 992 and in Travancore-Cochin State it is 1,015 per square mile. There is such a large pressure of population on the land and there are no industries worth mentioning in Malabar. In former days when the population was sparse, the janmis, mainly rajas, rulers and Nambudri Brahmans, would not cultivate the land because most of them considered it beneath their dignity to cultivate it, and they gave the land on kuzhikanam to cultivators. Kuzhikanam is improvement lease. I am mentioning these things because I myself have made a research into the land system in Malabar and have studied agrarian reforms in all parts of the world in connexion with that research. (At this stage, the Hon. Sri C. Rajagopalachari entered the Chamber and took his seat.) (To the Hon. the Chief Minister) You were not present a little earlier, Sir. I was then paying a high compliment to the Law Minister, the Hon. Sri Kuttikrishnan Nair. Now, Sir, this kanam, of which we hear so much in Malabar, is only a development of kuzhikanam. The land is so situated in Malabar that it requires a large investment to bring it under cultivation, whether it is garden cultivation or paddy cultivation. Now, the expenses incurred by a tenant were calculated and assessed by assessors and a document was entered into in that connexion, because the landlord wanted to know what the tenant's value in the land was. A kanam never meant mortgage of the land but it meant only the value of improvement as assessed by assessors. Now, when the population was sparse, the tenants were not evicted. Another peculiarity with Malabar was that there was no land tax before the British Government took possession of that part of the country. The kings and the rajas depended for their revenue on custom and other sources of income. There was no land-tax at all then. When the Britisher introduced the land-tax, it had to be paid by the proprietor or the janmi and that disturbed the relations between the landlord and the tenant. As a result, we have seen an agitation going on since 1836. As the population increased, the agitation also increased. Now, in the economic structure which is prevalent outside the Communist countries, namely, Russia and China, there has been a continuous action by exploiters and ex-proprietors. People when they could exploit somebody always exploited. Now, Sir, we are trying to prevent rack-renting by means of legislation. When there is a great pressure of population on land, any legislation against rack-renting cannot be enforced. There are so many

18th January 1954] [Dr. V. K. John]

intermediaries according to the land system prevalent in Malabar. An estimate was taken in 1929 and I think it is stated in the report of the Committee concerned that there are only 5.6 per cent owner-cultivators in Malabar. The reason is that they found it more profitable to lease the land to cultivators than to cultivate it themselves. It will also be seen that out of a total of 2,71,469 pottas, 2,66,000 are single pottas paying less than Rs. 100. As I said, it will be seen that there are only 5.6 per cent owner-cultivators in Malabar. The real reason for this is that the owner of the land always found it advantageous to give it to somebody for cultivation. One will find that on a plot of land there are a few intermediaries with the janmi at the top and the rack-rented cultivator at the bottom. Now, the agitation in Malabar, as pointed out by the Hon. Minister, started in 1836. After many years, by about 1887 or 1900 the tenants got compensation which was due to them on eviction. The agitation continued. The result of all these agitations is expropriation on the one side and exploitation on the other. The tenants wanted to expropriate the landlords. On the other hand, there was the complaint that the landlords were exploiting the tenants, intermediaries were exploiting the cultivating tenants and that there was rack-renting. By a previous enactment, the landlords were compelled to give fixity of tenure to a large class of tenants without any compensation whatsoever being paid to them. By the present Bill, the landlords will certainly be expropriated, they will not be paid any compensation and they will not be allowed even to resume their land for personal cultivation. The fair rent has been changed frequently. Once it was two-thirds. Later on, it has become one-eighth. In this manner, the fair rent has been reduced. In 1946, the Government brought forward a measure to abolish the zamindaris without paying adequate compensation to the zamindars. It was a clear case of expropriation. They cannot go on expropriating the landlords or landholders in this fashion. If we look into the history of tenancy legislation in Malabar, we will find exploitation on the one side by the owner, intermediaries and others and expropriation on the other side. On the one side, there were the owners and intermediaries exploiting the cultivating tenants. On the other side were cultivating tenants and others asking the landlord or landowner to give up his rights in the property without any compensation. The two currents flowed side by side. Now, the tenants have gone further and I must say that expropriation is succeeding. What will really happen at the end of all these agitations? If we followed the course of expropriation which is adopted today, very soon the landlords would have lost all their rights in the properties without getting any compensation whatsoever and we would have introduced Bolshevism or Communism. On the other hand, if we allowed exploitation by the owners of land or intermediaries, in spite of any enactment that we may pass, in spite of any restriction that we may impose and even in spite of heavy penalties which we may impose, most of the cultivators will be rack-rented. Every cultivating tenant will have to pay a high rent to the owner or intermediary as the case may be. No legislation, however rigorous it may be, can prevent this. The

[Dr. V. K. John] [18th January 1954]

question now is this. Can we have a more rational reform on measure by which the land-owner is not expropriated and the cultivator is not exploited? This position arose in Germany in the beginning of the 19th century. In 1811, two University Professors put up a proposition before the Emperor and an enactment followed soon. The professors who made an investigation into this question gave their findings. They have used the term 'marks' but I am going to use the term 'rupees' for purposes of convenience. According to their findings, this was the position. Out of Rs. 100 payable by a tenant to a landowner, Rs. 20 went as land-tax and the collection agency and others consumed another Rs. 20. The result was the landowner was left with a net income of Rs. 60. The Professors after making an elaborate investigation suggested a measure of reform under which this Rs. 60 was to be capitalised twenty times. A bond for a sum of Rs. 1,200 was to be executed by the cultivating tenant to the landlord and this would bear interest at 5 per cent. This bond was guaranteed by a co-operative society. I need hardly tell you that the co-operative societies prospered and thrived in Germany at that time better than in any other place, although today in Holland, Denmark and other places, the co-operative societies can be said to be functioning better. The Professors said that these bonds might also be guaranteed by the Government. But the landowners did not want the Government guarantee. As I already said, these bonds carried 5 per cent interest. The sum of Rs. 60 was paid in two instalments by the co-operative societies to the landowners. The landlords or landowners required no collection agency and they were sure of getting this money in instalments twice a year. Moreover, the landlords could sell these bonds in the open market. These bonds were considered to be very good security and a bond worth Rs. 100 could very easily be sold for a sum much higher than Rs. 100. The co-operative societies used to collect from the cultivating tenant Rs. 60 to be paid to the landlord, Rs. 20 to be paid to the Government as tax, Rs. 15 to be paid into an Annuity Fund and Rs. 2 towards collection expenses. Thus a sum of Rs. 97 was accounted for out of a sum of Rs. 100. The sum paid into the Annuity Fund was invested at 5 per cent compound interest and this was utilised for paying off the bond. If you invest Re. 1 with compound interest at 5 per cent, it will bring Rs. 100 in 36 years. It is merely a mathematical calculation. Here, when they pay Rs. 15 every year, in 36 years, it will come to Rs. 1,600. These figures are not immutable. I am only explaining the general principles underlying the reform introduced in Germany. In the initial years, they had prescribed a period of 47-1/2 years for repayment. Actually, it was found that the cultivating tenants did not wait for 47-1/2 years, because, agriculture is a human problem. The tenants thought that by paying something less than the rent, they could become the owners of the land and that they could pay it at any time they liked. Ninety-nine per cent of the cultivating tenants in Germany paid off their bonds in 10 years' time. It was also found that the yield from the land increased by three times. The primary object of any land reform or agrarian reform must be

18th January 1954] [Dr. V. K. John]

to get the largest output from the land. No doubt, agriculture is a human problem. When a man is told that he would become the owner of the land in a few years, he will starve himself instead of starving the land. If today the Germans are thrifty, it is due to the fact that for many years these land reforms were in operation there. The cultivators by paying a small sum towards the Annuity Fund become the owners of the land in a few years. The owner of the land was paid the market value for the lands taken away from him. He was not expropriated at all. The reform in Germany created an independent peasantry cultivating its own land. Nobody was compelled either to give the land or to take the land. It was left to the option of the tenant or the cultivator to buy the land from the landlord and thus acquire the ownership of the property. Now, what are the advantages of such a reform? The tenant by paying something less than the rent, became the owner of the land in a few years and the landlord was not expropriated. He got a bond. In this State, we have the Hindu Law and Marumakkattayam Law and other enactments. These bonds can take the place of immovable property. The landlords need not be expropriated and they may be enabled to sell the bond as they liked at any time and get interest out of the bond.

"Then, Sir, from the point of view of the nation which is the most important, output from the land must be increased. In Germany, the co-operative societies were filled with millions of marks. If Germany prospered in the 19th century, it was solely and entirely due to these agrarian reforms which filled every co-operative society with millions of marks which in turn found their way to create a boom in industry and trade. Though a small portion went to the improvement of agriculture, major portion of them went into industry, Germany's prosperity was entirely due to these agrarian reforms which, as it were, converted the land into cash and put it back into the co-operative societies.

"Now, Sir, this agrarian reform was copied in other parts of the world. I have made a special study of agrarian reforms in all parts of the world by reading a large number of volumes of reports sent by the Ambassadors of the United Kingdom to His Majesty's Government in United Kingdom on agrarian reforms as they obtain in various parts of the world. The United Kingdom Government called for these reports in order to find out what reform they could introduce in Ireland. I read through these reports in the British Museum and you will find, Sir, that it is the German reform which converted the tenant cultivator into the owner of the land by enabling him to pay the owner in annuities without expropriating the landlord. This scheme was adopted in many countries. You know Frenchmen are a very emotional and gullible people and if Bolshevism did not enter France in 1917 and subsequently, it is due to the fact that there are five million owner-cultivators in France owning each one acre or two acres of vine yards and lands. We must have a measure which will not exploit the poor cultivator and which will not expropriate the

[Dr. V. K. John] [18th January 1954]

owner of the land. Such a measure alone can finally solve the agrarian problem. If we start expropriation, we shall only reach the goal of Communism. If there is exploitation, then the poor will suffer from hunger and poverty. I say it is impossible to have any legislation to prevent rack-renting in a place where there are nearly a thousand people to the square mile and about half of the land is covered by hills and lagoons which are uncultivable. Actually, there are 2,000 people to the square mile in Malabar. We must have a measure which will not have any repercussions hereafter. We find now various enactments which have had their repercussions. Take the period right from the year 1887. We have had several enactments which had their own repercussions. There will be agitation even now, after we pass this Bill into law. You have now reduced the rent to 1/8 from 2/3. The agitation will be for a reduction to 1/10 or even 1/12 and then the agitators will say that the landlord can get no rent at all. There will be such an agitation. On one side we will find people expropriating the landlords which is against the Fundamental Rights guaranteed in the Constitution. Unless we want to follow in the footsteps of Russia and China, there should not be expropriation if we possibly can avoid it. There should not be exploitation also on the other side, if we want to prevent hunger and poverty in the land. We can never prevent exploitation when there is so much pressure of population on land as we see in Malabar. We have only 5.6 per cent of the people as owner-cultivators. Naturally, people who have no occupation will cultivate whatever land that they come across and there will be rack-renting. We must try to have a reform which will regulate the relationship between the landlord and the tenant in the best manner possible. The Government have now introduced a most irrational piece of legislation and I protest against it. I want the Government to prevent exploitation and expropriation. I want them to follow the reform introduced in Germany and in other parts of the world. It was introduced all over Western Europe. It was not introduced in Russia and we know what the result was in 1917. The landlords were so powerful in Russia that they would never have such a reform and; therefore, expropriation came. I suggest that if the Government want to avoid future troubles, they should adopt this German method. There will be, I am quite sure, a countrywide agitation for a greater reduction of rent. We will never be able to resist that. With adult suffrage for elections, I am quite sure the representatives of the people will have to heed to such an agitation. In all agrarian reforms, we must bear in mind two alternatives. One is to give fixity of tenure and fair rent. The other is to make the cultivator buy up occupancy rights by paying the market value of the land to the owner. The other day, when I was speaking here, the Finance Minister incidentally pointed out that the Government had not got the money to buy up the occupancy rights of the owners. I say you have made a mistake. When the Government abolished the zamindaris, they allotted nearly 17-1/2 crores of rupees to benefit persons who were given ryotwari pattas. That was an irrational piece of legislation. As in Germany or in the

18th January 1954] [Dr. V. K. John]

United Provinces, the persons who have benefited from this abolition of Zamindaris should be asked to pay into co-operative societies annuities—that is the price of the land in instalments. I do not ask the Government to pay the value of the land but the persons who have benefited from this and that, in accordance with their capacity. I would not mind if a landlord lost ten or fifteen per cent of the rent payable to him to enable the tenant to buy up his rights. It need not be even the market value but market value minus fifteen per cent. Sir, actually fifteen years ago, the zamindars should have sold their lands for the market value thereof. So, what I tell the landlords of Malabar, the intermediaries, once, twice and thrice is: 'See that the relationship of landlord and tenant does not exist. Let the tenant become the owner of the land by paying annuities—the value of the land in instalments—to a co-operative society.' Sir, this morning we were discussing a Bill to remove agricultural indebtedness for a temporary period. If co-operative societies are filled with lakhs and crores of rupees by cultivating tenants, then where is indebtedness? If land in Malabar is valued and paid in cash into co-operative societies, then that money will be available for improving land and for promoting trade and commerce. This is not a visionary scheme but a scheme which was followed in Germany and in many other countries of the world. If the Government are not prepared to pay anything, let those who are benefited pay. If we ask any economist—he would say that the relationship between tenants and landlords is an economic waste. In England the Small Holdings Act was passed in 1926. There is local self-Government in England and this Act has given powers to local bodies to look after the welfare of the people within their jurisdiction. Under this Act, a man can go and ask for a few acres of land for cultivation and he need only to pay fair rent for sixty years or its equivalent. Then he becomes the owner of the land. That is what our local bodies should also do. There should be decentralisation of authority, each local body having jurisdiction over a certain number of villages with a total population of 5,000. People must be given responsibility. It must be the concern, pride and privilege of the local bodies, to see that no man goes with a begging bowl in his hand within their respective jurisdictions, no man is without employment and without land and education and there is no poverty or hunger among the people. It is for the local body to acquire lands for the landless. (At this stage, Mr. Chairman sounded the gong.)

"Therefore, Sir, I would suggest that we introduce similar reforms as were introduced in Germany in the last century and which were also adopted by many other countries. If the present relationship between the landlord and the tenant ceases to exist, and if the rent that is now lost between them towards the cost of a collection agency, etc., is converted into an annuity which will enable the tenants to buy up the land, then the problem will be solved for all time. I can assure the Hon. Minister for Law that we will never see the end of agrarian reforms either in Malabar or

[Dr. V. K. John] [18th January 1954]

anywhere else if we adopt such measures, as are under discussion now. Next year we will have to bring in another amending Bill to revise the 1/8th share of the landlord into 1/12th. I am not weeping for the landlord. My heart is with the tenants, the poor cultivators who are rackrented, and I am against the intermediaries who have fixity of tenure and who are rackrenting the poor cultivators and get the best out of the land. It is these intermediaries who influenced the Government to pass the Act of 1930 and got fixity of tenure for themselves and not for the poor cultivators.

"I therefore suggest to Government that they must have a rational way of looking at agrarian reforms. Government must investigate the matter thoroughly. They must study and understand how the agrarian reforms were introduced in Germany, and how that reform was adopted by various other countries, and how it made the peasantry independent which led to an increase of the output by three times, how it solved the problem of indebtedness and made the cultivators the owner of the land. I would suggest to the Government that they may adopt the second alternative and enable the cultivator of land to buy up the land by payment of annuities, not by Government but by the cultivators themselves. If that is done, the problem of agrarian reforms in Malabar can be easily solved. It can be applied with or without modifications to other parts of the State and the country as well. I strongly commend this rational method to the Hon. Minister for Law to solve the agrarian problem in Malabar. That method was adopted in many countries and found to be a complete success. The method adopted in the legislation before the House is irrational. I strongly condemn it. It should not have been introduced at all. This is only whetting the appetite of intermediaries who will ask for more and more and rackrent the poor cultivators and expropriate the landlord and will not result in any good to the country, to the tenant or the cultivator or anybody else. I say the cultivator should be enabled to buy up the rights by paying the market value and then we would have solved the agrarian problem in Malabar. Otherwise the Government would be only creating new problems. The cure which the Government have now adopted is worse than the disease. I condemn the Bill. I condemn it strongly and ask the Government to withdraw it and introduce another Bill which will lead to no expropriation, and which will lead to no exploitation."

SRI K. BALASUBRAMANYA AYYAR:—"Mr. Chairman, Sir, in considering the various aspects of this Bill, I have to say that the Hon. the Law Minister when he introduced the original Bill in 1953 was very wise and the amendments were very sound. I wholeheartedly support many of the amendments which he introduced in that Bill. But, unfortunately, in the Select Committee things took a very different shape. There were large numbers of people belonging to various groups and they all pressed upon the Hon. the Chief Minister and the Hon. the Law Minister various other provisions. Therefore some of the amendments which were

[18th January 1954] [Sri K. Balasubramanya Ayyar]

never thought of by the Government, I make bold to say, to sections 14 and 20 of the principal Act were brought in and of course the Hon. Chief Minister applied his mind to those amendments and accepted some of them. After the Select Committee stage the matter went before the Legislative Assembly. There again a large number of amendments were moved by various groups of people, certainly not friends of the Congress, and of them some were selected by the Hon. the Chief Minister and the Hon. the Law Minister and they were agreed to. Some of the amendments accepted have really created a revolution and that is why I am in the unfortunate position of not being able to welcome this Bill as I would otherwise have done if the Bill had been presented in the form in which it was originally introduced. I take my stand on the principle which the Hon. the Chief Minister enunciated during the discussions in the Select Committee and also during the consideration of the Bill in the Assembly, that the Government representing the State should be just to all parties, that the Government should do justice as between the ryot and the landlord, should do things which are right and proper and which are according to intrinsic principles of justice and which would be welcomed by all, and that the Government should not take sides. In respect of this matter I would only draw the attention of the Government to the way in which the Government of Madras broached the question on an earlier occasion. I shall quote the very words used in the report of the Malabar Tenancy Committee, 1928—

"The Government's position on this question has been that it is not profitable or just to go behind the decisions of Courts ranging over three-quarters of a century, which have recognized the full proprietary rights of the janmi. The Government are therefore, of opinion that any future attempt at legislation should take that right as a settled fact and proceed on the basis thereof."

"What do we see here now? People have been talking of janmis as not having full rights though the definition in the Act of 1930 and the Amendment Act of 1951 says that the janmis are entitled to full and absolute proprietorship of the land.

"The report further says:

"As a corollary to that proposition, they think that any attempt to take away the rights of the janmis, in any substantial way, whether it be by the grant of permanent occupancy rights or otherwise, should be accompanied by adequate provision for reasonable compensation being paid to the janmi. While this has to be conceded to the janmi the Government are also of the opinion that in the case of homesteads at least there is urgent necessity for creating security of tenure, that the claim of the actual cultivator of the soil for fixity of tenure and security from arbitrary evictions must be viewed with considerable sympathy and that every possible attempt should be made to secure this to him in so far as it can be reasonably done without injustice to the janmis."

"Now, Sir, what has happened? The vestige of janmis' rights has also been taken away. Two of the most important rights of any absolute owner are: (1) he has the choice to induct tenants into the land or not and (2) the right to recover rents. In the Select Committee stage the Leader of the Opposition in the Assembly, Sri Ramamurthi said: 'What wrong is there so long as the janmi gets the rent all right'. He further said: 'It does not even matter if the land were taken away from the landlord; so

[Sri K. Balasubramanya Ayyar] [18th January 1954]

long as he has the right to recover rent properly, then his rights are protected'. But when it comes to the question of fixing of rents, amendments proceed in such a fashion, discussions proceed in such a fashion that even the right to recover rent is in danger. When we say the janmis have the right to recover rent, the rent is reduced. It is said that the landlord should not apply for fixation of fair rent or revision of fair rent once the fair rent is settled. I say this fair rent is really unfair to the landlord. This is all in favour of the tenant and is called fair rent. After it is settled in the law court, still we in the Legislature ought to interfere and say what should be the fair rent.

"Sri M. P. Govinda Menon has given notice of an amendment by which the tenant could pay the fair rent or contract rent whichever is less. Fortunately such a provision enabling the tenant to pay that rent which is lesser of the two rents, viz., contract or fair rent is not here in the Bill. Looking at the amendments that have been made after the Bill had emerged from the Select Committee and passed by the Assembly, it looks as though the whole Bill is over-weighted in favour of the tenants. The janmis seem to have had a raw deal. A transformation seems to have taken place soon after the Bill had passed through the Select Committee stage. What is it that we find now? Even the right to resume personal cultivation is now denied to the janmis. I submit, Sir, in all earnestness that so far as sections 14 and 20 of the principal Act—I mean the Malabar Tenancy Act of 1929—are concerned, those are the only sections wherein the poor janmi is given at least some sort of rights. The right to resume personal cultivation had been given to the janmi. That fact was conceded even when the present Bill was discussed in the Select Committee. 'That solemn right of the janmi to resume personal cultivation for *bona fide* reasons would never be disturbed'—this was what we were told during the discussions in the Select Committee. But what do we find now? (The Hon. Sri C. Rajagopalachari: 'Even now it is not denied.') Of course the Hon. Chief Minister may say so. If we look into the particular clause, we find a great change had been effected. What was it that was stated in the Act of 1945? What was it that was conceded in the Malabar Tenancy (Amendment) Act of 1951? The right of the janmi to resume any plot of his land he may require for personal cultivation to satisfy his *bona fide* needs and for his maintenance, was conceded in the above enactments. The principal Act contained such a provision. Even in the Kuttikrishna Menon Committee report which thoroughly went into this question, it was stated that the janmi being the owner of the land, has got the right to resume cultivation in parts of his lands for his maintenance. None of the various committees which went into the question of tenancy reform in Malabar did ever say that the janmi had no right to resume personal cultivation for his maintenance. I am yet to see the report of a committee which denied him such a right. Let me bring to the notice of the House what Sir A. P. Patro long ago observed. What did he say? He said: 'So long as the

[18th January 1954] [Sri K. Balasubramanya Ayyar]

janmi is the absolute proprietor of his land, you cannot deny him the right to resume cultivation if he so wants it'. All along it has been recognized in the various enactments for the reform of Malabar Tenancy that the janmi is the absolute proprietor of his land and that the right to resume personal cultivation cannot be denied to him. That fundamental principle had never been denied. But a curious provision is inserted now? What is that provision? The Exception after the Explanation to clause 5 of section 14 of the principal Act now proposed in clause 15 of the present Bill says:

'Nothing in this clause shall apply to any holding which has been in the continuous occupation of the tenant or of any member of his tarwad, tavazhi illom, kutumba, kavaru or family for not less than six years.'

If the tenant has been in continuous occupation of the land for six continuous years, nothing on earth can move him now. All those solemn declarations by which the janmi was characterized as the sole proprietor of the land and by which the right to resume personal cultivation was given to the janmi to satisfy his primary needs, are now gone. All those proprietorships will be of no avail once the tenant has been in continuous occupation of the land for six years. I am not a resident of Malabar. Nor am I proficient in questions concerning Malabar tenures. Of course my hon. friend Mr. Govinda Menon wants that all these tenants should be declared outright owners of lands and not the janmis. But what do the reports show? Let it not be imagined that the janmis are rich people. What did the Raghavayya Committee say? They have stated that only 8 per cent of them are really rich, that 20 per cent of them have something for their own subsistence and that the rest of them are poor janmis. What did Sri K. P. Raman Menon, a leading member of the Bar in Calicut, say in the Kuttikrishna Menon Committee Report? He has brought out instances wherein a poor janmi did not have enough funds even to pay the assessment for his lands. This has been recorded in that report. Therefore let not a one-sided view be taken that the janmis are a rich lot and that the tenants only are the people who need relief. There have been instances when a janmi did not have the necessary funds to pay his gardener and when the gardener under him was also a janmi. When such is the case and when the bulk of the janmis are poor, is it right and proper to deny him the right to resume personal cultivation if the janmi so desires? What is the meaning in saying at one place that the janmi is the absolute proprietor of his land and at the same time in another place denying him the right to resume personal cultivation because he could not now evict the tenant if the latter had been in continuous possession of the land for six years. All the time it should be remembered that right from 1946, the evictions had been stayed and now the six-years period would have elapsed and so the tenants had been in continuous occupation of the lands for more than six years. Under the present provision it virtually amounts to denying the right to the janmi to resume personal cultivation. Therefore the fundamental principle of giving the right to resume personal cultivation for the janmi which

[Sri K. Balasubramanya Ayyar] [18th January 1954]

had been conceded in the Acts of 1930 and 1951 had now been denied. Even though it has not been put in black and white, it virtually amounts to that. I had explained it just now. What did the Government say when they brought forward the Bill in 1951 to amend the Malabar Tenancy Act of 1929? They said in future legislation also, we will not touch the fundamental principle of the jenmi being the absolute proprietor of his land. What use is that proprietorship when it is now said that he cannot resume personal cultivation and cannot evict his tenant? Of course Mr. Govinda Menon had taken pains to refer to old days. He had gone back as far as 1836. He has referred to T. T. Logan's Manual wherein it has been stated that the janmi has not got any proprietary right over the land and that only the cultivator alone, if at all any right exists, should be given the right of proprietorship, on the lines of the Roman dominus. But I say, Sir, I shall go still farther back. When in 1793 Tippu seceded Malabar to the British Government, a commission was appointed to settle the proprietorship of lands for which there were various claimants at that time. And, what did that commission say? They said that the janmi was the proprietor of the land and the kanamdars had also a share in it. Let it be understood that even in those days they never forgot the kanamdars. The one peculiarity we find in Malabar land tenure is that there is a plethora of intermediaries. Never mind this legislation or any other legislation. I say by no legislation, however much we may try to investigate and investigate, can we exactly define who will be the owner of the land? Can we say that the tiller of the soil is the owner? Even the much-talked of verumpattamdars is not in many cases the actual tiller of the soil. Even there we have a distinction. There is the cultivating verumpattamdars and non-cultivating verumpattamdars. That is why I say it would be better to follow what eminent jurists, most eminent men who sat in various committees have said. Great jurists like Sir T. Muthuswami Iyer and Sir S. Subramania Iyer sat in the committee of 1884 which went in detail over this question. The committee was presided over by an eminent man Therein those eminent people have laid down that the janmi should have the unassailable right of proprietorship of the land and that he has the right to resume personal cultivation if he so likes it. But we find a curious departure from that fundamental principle. It is now said that if the tenant has been in continuous occupation for six years, the landlord cannot evict him even if he wants to resume personal cultivation for his maintenance. As I said previously, right from 1946, the Government have been staying all suits for eviction of tenants and they have been staying all suits for recovering arrears of rent. A legislation to that effect was passed in 1946 and it was extended for two years and then for another two years. The Tenants and Ryots Protection Act of 1949 gave another extension. We are now in 1953. Therefore all these seven years the tenants have been in continuous occupation of the lands. So by the present provision in this Bill, the landlord cannot evict any tenant. That is the present position. When such is the case, can we say that

[Sri K. Balasubramanya Ayyar] 18th January 1954]

justice has been done to one and all. That is why I plead for justice to be meted out to the poor janmis, who have all along been neglected. I plead for justice at the hands of one, who now heads this Government and who will always do the just thing and will continue to do that in spite of unpopularity. That is why because he is such an upright man I plead that it is not fair to pass an expropriatory legislation like this, giving all the benefit to the tenants and at the same time depriving the poor janmi of even the right to resume personal cultivation to satisfy his primary needs. Let it not be understood that all the janmis are rich. Not even 8 per cent of the janmis are rich. That is why I say the proposal to provide for an exception, in the case of the tenants who have been in continuous possession of land for six years, against any eviction in the amendments proposed in clause 15 to sections 14 and 20 of the principal Act is not at all correct. It completely deprives the janmi from exercising his right to resume personal cultivation. I have already pointed out how it deprives the right of the janmi. The Hon. Law Minister was wise enough in not moving any amendment to that effect during the Select Committee stage. But some how when the Bill came before the Assembly for discussion, I think, to allay the agitation of many parties the 12-year period has been reduced to six. Of course, Mr Govinda Menon is so reactionary as to wipe out the landlords altogether from the field and make the tenants the complete owners of the soil. Such a provision has not been enacted now. To that extent we must thank the Government. (Laughter.) It is purely an expropriatory legislation. There is no doubt about it. After having stated that the janmis have full proprietary rights, nobody can support this legislation. Many families have been partitioned under the Marumakathayam Law and the Nambudri Act, 1932, and many junior members—I am not stating these out of my personal knowledge but they are mentioned in the various reports—are anxious to cultivate their lands. But this legislation does not help them to do so and I therefore say that this legislation which is now before this House after the Assembly stage completely deprives the janmis of all their rights. So far as the right of recovery of rents is concerned, so many provisions have been put in for the purpose of fixing fair rent that the 'fair rent' is always unfair to the landlord and all in favour of the tenant. The landlord cannot have any increase in rent even though the tenants who grow commercial crops have become very rich people, so to say, 'pepper kings', during these years of high prices. If there is any provision in this Malabar Tenancy Act which states that nothing in this Act shall apply to the tenants who have got more than"

THE HON. SRI C. RAJAGOPALACHARI:—"If janmi is so poor, how can he have rich tenants? If the land is very small for the janmi it must be very small for the tenant also. We should not pick up the poorest janmis on the one hand and the richest tenants on the other hand and compare them."

[18th January 1954]

SRI K. BALASUBRAMANYA AYYAR:—"Sir, I am not comparing the poor janmi with the rich tenant. Fortunately or unfortunately, Sir, there is a lot of land available in Malabar for purposes of improvement and for cultivation. We must also remember that there is no such irrigation system in Malabar as we have in Tanjore and other districts. Therefore there is great scope for the tenants to improve their lands and to get a lot of money by growing articles which have now risen in price. The chief difficulty in Malabar is this question of rising prices. The tenant can pay the rent in money or if he chooses in kind. My submission, therefore, is that this Bill as it is, is not just to the landlord. I am not against this Bill nor do I want to say that there should be no fixity of tenure. Wherever there are hard cases they must be protected. We must also take into consideration the fact that the janmi has got full proprietary rights and such proprietary rights as he has got must be absolutely protected and the amendments proposed in clauses 14 and 15 of this Bill should not be passed by the Legislative Council."

SRI P. N. MARTHANDAM PILLAI:—"Mr. Chairman, Sir, if I am desirous of intervening in this debate, it is because some 30 years ago I happened to be the President of the First Malabar Tenancy Agitation Conference. This conference was held at Palghat and Sir M. Krishnan Nair put the mantle on my shoulders because the elder members were unwilling to accept it. I therefore had to go all the way to Palghat and listen to all their complaints. I was greatly impressed that the case of Malabar was entirely different from the rest of the country and the position of the tenant was literally much more onerous than the tenant in this part of the State. During the course of the speeches made, the representations made and the conclusions arrived at, I felt that the tenants in Malabar were poorer than the tenants in our part of the land. This agitation was started for the verumpattandars and other 'dars' whom I do not quite remember. They said that many middlemen, mostly lawyers and merchants who have earned a lot of money, had arisen. Now that Sri K. Balasubramanya Ayyar has also mentioned it after 30 years, my answer is that they are not middlemen but they are middle class men and I do not think that we can raise any objection to the middle class men owning land along with the poor men and along with the janmis. After I listened to the hon. Member, Sri M. P. Govinda Menon and the Hon. the Minister for Law, I necessarily felt that the cause of the tenant was really a good one and therefore every sympathy must always be shown to the tenant."

"Till I heard Sri K. Balasubramanya Ayyar I felt that the tenant's cause was unanswerable and no objection could be taken to the Bill. Now that I have heard him, I have some hesitation. It is not that I am against the janmi but there may be hard cases but I am quite willing to put up with hard cases provided no great injury is done to any class of men. Sir, we are going to have our own land reform, and I shall be the last man to accept

[18th January 1954] [Sri P. N. Marthandam Pillai]

the principle that the good of the majority must be accepted by the few men who lose but the position in Malabar, I shall believe is entirely different. I therefore still support the Bill with the knowledge that no great harm will be done to the minority of the individuals who may be janmis and who may be poor. If they are poor janmis, I do not think they lose much. I am in the sad predicament of Sir John Wallis, who was the Chief Justice of the Madras High Court. In deciding a case he once said: 'Look here, Mr. Sadagopachariar, if I look to the vakil on the left I feel that his witnesses are lying and if I look to the witnesses on your side I see that they are lying.' Mr. Sadagopachariar, the clever advocate that he was, said: 'My Lord, in such a case, I request Your Lordship not to look at my witnesses.' Sir John Wallis got up and went away laughing. Similarly, I am feeling that the janmi requires some protection. I think the Government must have taken all this into consideration and also whatever representations either Sri M. P. Govindan Menon or the other groups have made. If there is any likelihood of any wrong to the janmis, I think we shall certainly look into it and, if possible amend the law after it has been in force for some time. These reforms are always thought of from time to time and they always have elements in them which are either good or bad. No law is perpetual. So we must have some time to amend the points which we consider to be really bad or oppressive. I do not want that the Government should harbour any feeling against the janmi or the tenant. The law is both for the prosperity of the whole lot of the people including the consumers who have nothing to do with cultivation and for the prosperity of the country as a whole. I therefore support the Bill wholeheartedly in the belief that the law which is enacted at present will really do good and if there is anything oppressive, I do say that it will receive the attention of the Government and the Government will remove any injustice that may be done to any of these people."

SRI E. H. PARAMESWARAN:—"Mr. Chairman, Sir, I have great pleasure in supporting this Bill amending the Malabar Tenancy Act. In spite of everything that the hon. Member Sri K. Balasubramanya Ayyar, said and in spite of the condemnation of the hon. Member Dr. V. K. John, I feel it my duty to say . . ."

SRI MOHAMMAD RAZA KHAN:—"Dr. V. K. John did not oppose the Bill. He wanted something to be done on the model of . . ."

SRI E. H. PARAMESWARAN:—"Yes, he wanted something on the model of what is obtaining in Germany and I do not think it was very relevant. Sir, the large number of tenants in Malabar are very enthusiastic that justice has been done to them. As one coming from the district of Malabar and as one who is neither a janmi nor a tenant I feel that there is every reason to congratulate the Government, the Hon. Minister for Law and the Hon. the Chief Minister on the very great progress that they have

[Sri E. H. Parameswaran] [18th January 1954]

been able to make in the Bill. I feel it my duty to say that the Hon. the Chief Minister took infinite pains in the drafting of the Bill in the Joint Select Committee. He was present at every meeting of the Joint Select Committee. I for one thought that he had no mastery of the peculiar problems of Malabar and that he might not be able to devote much attention to the Bill. But he bestowed his supreme wisdom and experience in the drafting of this legislation and the result is that we find that something satisfactory to the tenants and something satisfactory to the janmis also has been passed by the Legislative Assembly. We find that with regard to several matters like provision of ulkudis, fair rent, etc., very great advance has been made. I should also like to congratulate the Government for having arranged to consult Mr. Kelappan of the Praja Socialist Party though he was not a Member of the Joint Select Committee. Mr. Kelappan is one of the great leaders of Malabar. The Government thought that a leader like Mr. Kelappan should be consulted. So they invited both Mr. Kelappan and Mr. Govinda Menon to go over to Madras and requested them to be present at the meeting of the Joint Select Committee. Representatives of janmis were also given an opportunity to present their case. All sides were heard and were given a patient hearing at the meeting of the Joint Select Committee.

"We are very glad that fixity of tenure is given to ulkudidars and this will solve the housing problem to a very great extent. Fixity of tenure has also been given to the tenants who have been in possession of the land for a period of six years. This is very fundamental change and a very great change too. Of course there are people who say, 'we are not satisfied with any advance that is made'. There are people who say that the real owner of the soil is the tiller of the land and that the janmi has got no right over the land. We have heard all sorts of propaganda being carried on that janmis are tyrannical, that they are engines of tyranny and oppression and so on. I have heard speakers comparing them to the landlords of France before the French Revolution. All these are mere exaggeration. There is no use of saying now that janmies have no rights, that they are tyrannical and all that. With regard to fixing of fair rent also, there has been a great advance. The provision in the old Act that the tenant should pay half the assessment has now been eliminated, and that is a very great advance. In respect of coconut gardens and in respect of pepper gardens also there is reduction of rent. Therefore I feel that the tenants of Malabar have every reason to be glad that they have got a very welcome measure. I would make an appeal both to the janmis and tenants not to carry on an agitation but to live as brothers. Among janmis there are persons who have got hundreds of thousands of acres. But there are also janmis who live in utter poverty. I come from a village, Sir, where there are janmis who have not got the wherewithal for a living. They gave away their lands to the so called tenants several years back and they are not able to get back the lands and they are in utter

18th January 1954] [Sri E. H. Parafeswaran]

poverty. The picture which Mr. Balasubramania Ayyar gave is not at all an incorrect picture. I felt very glad that the Government as a result of their efforts have produced a Bill which should be welcomed by all classes of people. All people who look at the Bill from an impartial point of view should welcome the provisions of the Bill and should feel that the Government have really done something to improve the agrarian situation in the district of Malabar. I would request the politicians not to carry on any propaganda either in favour of the old Bill or against it. I would like to say to janmis only this. Some kind of adjustability is necessary. There is no going two hundred years back. There is no use saying that janmis were very powerful and that no tenant would have any courage to stand before them. There is no use of harping upon the situation that existed two hundred years ago. Janmis and tenants must compose their differences. I think everybody will find that it is a happy measure and that it will conduce to the well-being and prosperity of Malabar. With these few words I have very great pleasure in congratulating the Government on the very beneficial measure that they have brought forward."

SRI T. M. NARAYANASWAMY PILLAI:—"Mr. Chairman, Sir, I have very little to contribute to the discussion except to say that in passing this legislation the Government seem to have abandoned what I consider to be one of the essential principles. There was a Joint Select Committee consisting of all shades of opinion and that Committee came to certain definite conclusions with regard to several matters. On two important matters, decisions were arrived at by the Joint Select Committee and one of them related to the granting of fixity of tenure and the other related to the fixing of fair rent. On the question of granting of fixity of tenure, the Joint Select Committee decided that any one who was in continuous occupation for twelve years and more would get permanent occupancy. On the question of fixing fair rent, the Joint Select Committee decided that the decision of the Court was to prevail. Also there are three other important matters on which decisions were arrived at by the Joint Select Committee but I do not propose to refer to them now. On the two important matters which I was referring to, the Government, all of a sudden, without consulting anybody, seem to have yielded to some pressure. It is very refreshing to hear from my friend Sri Parameswaran that bad times are coming and that people should reconcile themselves to those times. (Interruption.) At any rate that is what I understood from his speech and that is the impression which his speech made upon me. We are not sitting here as a legislative body to be coerced into something which we consider to be wrong. The Joint Select Committee has given two directions. I wish to know the principle which the Government could urge or could lay before the House in order to justify the change of their opinion to which they themselves were committed. The Joint Select Committee said that it would be unjust to give fixity of tenure to people who did not have 12 years' occupancy;

[Sri T. M. Narayanaswamy Pillai] [18th January, 1954]

that was also the opinion of the Government. Then why was it the Government reduced the period from 12 to 6 years? Was it because people clamoured for the change or was it because the tenants were so vociferous or clamorous that they would not be satisfied with anything less? Therefore, this Bill as passed by the Legislative Assembly does not represent the considered opinion of even the Government and if the Government are now forced to support the Bill as altered in one important matter, it must be on account of its yielding to and submitting to clamorous agitation; it is not in the interest of the country. We know the importance of agrarian reforms. My point is that persons who can command the ears of Government should not coerce other members of the society into submission. I have not given any amendment as I came here only this morning. If it were possible, I would suggest that this Bill be referred back to the Select Committee for considering these very points and for taking such further steps as are possible. If you would permit me, I will move the motion."

THE HON. SRI C. RAJAGOPALACHARI:—"I think the Hon. Member is ignoring the dissenting minutes."

SRI T. M. NARAYANASWAMY PILLAI:—"My point is not that there are no dissenting minutes. My point relates to the changes in the attitude of the Government. What is the decision of the Government in the original Bill and the Select Committee and in the Bill as passed by the Assembly? What is the reason that prompted the Government to change their opinion?"

THE HON. SRI C. RAJAGOPALACHARI:—"If the hon. Member has an open mind, he will come to know of it."

SRI T. M. NARAYANASWAMY PILLAI:—"My point is that the Government should stand by the recommendations of the Joint Select Committee rather than yield to pressure."

THE HON. SRI C. RAJAGOPALACHARI:—"The Constitution has been changed now."

SRI T. M. NARAYANASWAMY PILLAI:—"The Constitution has not been changed but the way in which democratic administration is carried on has been changed. It is not in consonance with the true spirit of parliamentary democracy. I have not heard of a case where in open Parliament a Minister rises up and says 'My opponents are clamouring for this and therefore I yield to their request'. Is this a valid reason?"

THE HON. SRI C. RAJAGOPALACHARI:—"Between 1 and 12, we fixed six."

SRI T. M. NARAYANASWAMY PILLAI:—"That is not a reason which is sound and which the Government should give."

18th January 1954].

SRI MOHAMMAD RAZA KHAN:—"Sir, without trying to contradict any of the Members of the Opposition, I would like to say at the outset that my sympathies are with the Government on this Bill because I quite realise the difficulties of the Government. In the last Assembly, during all the six years we were there, member after member from Malabar raised this issue of Malabar tenancy and Malabar agrarian reforms by way of adjournment motions, short notice questions and half-an-hour debates. After all that has been said by so many members who can speak with authority on the subject, the matter is not so easy that a legislation can be pushed through within a week or a month. Therefore, Sir, the then Government brought in a measure in the year 1951. Sri Madhava Menon, the then Law Minister, who happened to hail from Malabar, piloted the 1951 Act and he was very ably assisted at that time by Sri M. P. Govinda Menon. Unfortunately, it so happened that Sri Madhava Menon lost his seat on this very issue and his party suffered reverses in Malabar and I do not know whether Sri M. P. Govinda Menon has been responsible for putting Sri Madhava Menon in that unfortunate position. I leave it at that stage."

"I myself was surprised why an enactment, which was passed after a good deal of discussion and after going through a Joint Select Committee of both Houses which toured the district of Malabar and received memoranda from both sides—the janmis, tenants and others—had not received much support and why was it that within this very short period of one or two years there should be such keen agitation in Malabar that the whole thing should be scrapped. In fact, the hon. Member Sri M. P. Govinda Menon made a definite point when he said that apart from politics which played a prominent part it was on this question of agrarian reforms that the General Elections were fought and the Congress Party had to meet with such reverses. The fact is this, Sir. Whatever we may say about the merits or demerits of the enactment, the tenants in Malabar are not at all satisfied with the previous enactment. Much has been said by the Hon. Law Minister that particularly the machinery, which was created for fixing fair rent, etc., was found to be too cumbersome and if everything was to be finalised it would take not less than twelve years. I cannot claim to know anything about the tenure system prevailing even in Tamil Nad, but yet I venture to talk about Malabar where conditions are much more difficult and complicated. Now, Sir, one thing which really struck me was this. The other day I happened to be in the Assembly when the Hon. Chief Minister Sri C. Rajagopalachari, whose sense of justice and fairplay everybody knows, was replying to the debate on behalf of the Government. He said: 'Here is a case of two extremes. On the one hand, the majority of the people who are affected want very very drastic legislation. They want that the janmis should be left with nothing and that they should get everything which belongs to the janmis. On the other hand, the vested interests—I would not like to call the janmis like that—having been in possession of these things for a long period also feel that it would

[Sri Mohammad Raza Khan] [18th January 1954]

be difficult for them to part with them. We have to deal with both.' In the last Assembly the Zamindari Abolition Bill was passed. The Government have taken away their lands and most of the poor Zamindars are in the streets. But here it is not the Government who are getting the benefit. They are taking away the benefit from one section and passing it on to another section. On principle, it may look wrong. But we must look to present-day circumstances. The Hon. Chief Minister has studied the subject with a good deal of patience and he has bestowed much time and attention and has considered the view points of those who might have been opposed to the party in power or to the very Government and has made these proposals. My hon. Friend Sri M. P. Govinda Menon even said 'We are able to get so much from the Hon. the Chief Minister and the Government'. That itself is an indication and is a point in favour of the Government that they were able to understand the viewpoints of those who were opposed to them politically. But the question cannot be dealt with purely from the political angle because I know that there is real necessity and dire need for a legislation like this. Supposing the Government at this stage say 'We have gone so far. We cannot do anything more'. I am sure the present Law Minister will have to go back and another Law Minister from Malabar will have to come. I think the Government have done the best that is possible in the circumstances. It might have it some of the janmis. But in the generality of cases, we are not concerned with individuals. There may be some hard cases. We may sympathise with them. But the question is one which affects thousands of people, particularly in South Malabar, where poverty is rampant and people have been suffering for a very long time. Something has been done, Sir, in regard to fixity of tenure, fixation of fair rent, etc. The Hon. the Chief Minister has been very reasonable and I feel there is a case for us to give our support and co-operation to this enactment.

"Before I conclude my speech, I should like to refer to one thing. Even the other day Sri M. P. Govinda Menon drew the attention of the Hon. the Law Minister to a particular clause dealing with fixation of fair rent and said that as between the contract rent and fair rent, whichever was less should be accepted. I also find from the dissenting minutes that my friend Sri N. M. Seethi has also stressed this very same point and has pointed out that the section should be so amended as to provide for the payment by the tenant of fair rent or contract rent whichever is less. It would be well if the Hon. Chief Minister would accept this clause, because, as has been said in the preamble to this Bill, this Bill is intended to help the poor tenants. It is not intended to help the janmis who may not be getting proper rent. I hope that the Hon. the Chief Minister and the Hon. the Law Minister would do very well to examine this particular section and amend the provision suitably so as to provide for fair rent or contract rent whichever is less. I feel that the benefit of this enactment should go more to the tenants than to the janmis."

[18th January 1954]

SRI K. BHASHYAM:—"Sir, Malabar tenancy reform is a very difficult matter. It has been engaging the attention of the Government from time to time and also the attention of the people. The matter was considered by more than one committee and by more than one legislature. Every time some reform was effected, there was a good deal of dissatisfaction because one section or the other was not satisfied with the state of things as they were. I cannot at all understand why Malabar should be governed by a system of land tenure quite different from the one that is prevailing in the other parts of the State. Of course, the difference has been there for a long time. But now an attempt is being made to make the land tenure uniform throughout the State. Zamindaris were abolished for introducing the ryotwari system in those places. I suggested this before and I suggest it once again that we must introduce the ryotwari system in the whole of Malabar so that that district also may be on a par with the other parts of the State. I do not at all understand why there should be this difference except for the reason that it has been there for quite a long time."

THE HON. SRI C. RAJAGOPALACHARI:—"The method of cultivation, the nature of holdings, etc., vary considerably."

SRI K. BHASHYAM:—"The Chief Minister is not a Malayalee, nor am I. But the rights as between the landlord and tenant are not variable; they are after all one and the same. It may be that pepper gardens may take a longer time to yield or jack-fruit trees may take a longer time, and there may be differences as to what portion of the produce the landlord should get and what portion of the produce the tenant should get. But on the question of the rights as between the landlord and the tenant, there cannot be any great difference between Malabar and the rest of the State. Even if there is some difference, it is not insuperable. I will suggest a way out if the Government are willing to consider it. The Government can carry out a survey of every one of the holdings and find out the proportion of interest which each one of the various tenure holders possesses in that land. Suppose the produce from a holding is one hundred paras of paddy, and out of it the janmi gets 10 paras, the Zamindar 10 or 20 paras, the cultivating tenant 10 paras and so on. The land can be divided among these persons in proportion to the interest they possess and the whole land can be brought under the ryotwari settlement. What is the difficulty in this? One difficulty I can imagine and that is this. The holdings are so small that further subdivision will lead to fragmentation of holdings. If it is not possible to divide the land as suggested, we can amalgamate the share of two or three tenure holders, give it to one person and compensate the others. I am making this suggestion seriously. In a janmi conference held recently, the janmis wanted the ryotwari system to be introduced, giving to each one of the persons that portion of the land which corresponds to the interest he holds by way of income from that land. Under the ryotwari

[Sri K. Bhashyam] [18th January 1954]

system, there can be no question of clash of interests at all. The Government will be dealing directly with each one of the patta-dars. This is the best arrangement that can be made. I feel that this Bill is not going to be the last word on the subject. There is going to be plenty of agitation over it. Malabar people are not people who will easily let things sleep. They have inherited some portion of the Andhra technique which the Tamil people do not have. There is no chance of my suggestion being accepted now. I think the Government will be well-advised to consider the suggestion seriously at least next time when they take up the question of land reform.

"Section 9-H of the Malabar Tenancy Act provides for the preparation of a Record of Rights in respect of every holding. In that case the Government will find out the interest which each tenure holder has got, whether it is one-third or one-fourth and so on. When that is done, the next thing is to divide the land in the proportion that is determined. Unfortunately the Government have repealed that section by this Bill on the ground that the preparation of a Record of Rights is an insuperable task. I am very sorry for it. The Government must have a survey and settlement.

"The whole tendency of modern legislation is to protect the actual cultivator on the land from being evicted. That is what has got to be done. I do not see why the intermediaries should be given fixity of tenure at all. The interests of the intermediaries may be bought out by the janmi or the tenant on the land and the intermediaries got rid of. I think the Government will have to do something in this direction and see that the interests of the intermediaries are purchased either by the janmi or by the cultivating tenant. Then there will be only the janmi and the tenant, and there will not be a plethora of intermediaries like the kanamdar, kuzhikanamdar and so on. All the intermediaries must go. I think legislation will be necessary for the purpose of getting rid of intermediaries. I strongly plead for uniformity in the land tenure system, because we have been following that policy and it is with that object that we abolished the zamindaris

"The question of rent has always agitated the landlord and the tenant. If a tenant is asked to pay by way of rent more than what he has been paying so far, it is bound to create a lot of discontent. The tenants were discontented with the legislation for which hon. Member, Mr. Govinda Menon, also was responsible. My submission is that the electorate has expressed very strongly against that portion of the Bill. I think we have provided in the Madras Estates Land Act that if there is to be any increase in rent, it cannot be more than one anna or two annas in the rupee. There cannot be any sudden jump in the amount of rent. Suppose a tenant, who has been paying one hundred rupees so far, is asked to pay one thousand rupees. Certainly it is a great hardship. He might have drawn up his budget and incurred expenses. He

[Sri K. Bhashyam] [18th January 1954]

might have sent his son to England for higher education relying on the fact that he will have to pay a rent of only one hundred rupees. I have expressed my dissent against any sudden increase in rent all through. The fair rent cannot be higher than the rent which the tenant has been paying so far. If there is to be any increase at all it should be restricted as in the case of the Madras Estates Land Act. With this restriction, we may leave the fixation of fair rent to the Rent Court. There has been an agitation on the question of rent so far, and very soon in respect of the rent as fixed in the Bill also there will be agitation. (Interruption by the Hon. Sri C. Rajagopalachari.) If I am called, I will go and do something in the matter of agitation. But, I do not think I am big enough and persuasive enough for the purpose. Persons in charge of the Bill on the Government side or the Hon. Chief Minister himself may go and explain the position to the people. (Interruption by the Hon. Sri C. Rajagopalachari.) I know Mr. Govinda Menon is not pleased. His chief Mr. Kelappan came and talked to me about it. I told him he was right and he wanted me to speak about this in the Council. I really said. . ."

SRI M. P. GOVINDA MENON:—"The hon. Member promised to support."

SRI K. BHASHYAM:—"Yes, I promised, and I kept up my promise. There is no doubt about it. What I point out is that, in such a case, it will be a very great hardship on the tenant. Coming from a lawyer, this will be very much discounted. Lawyers are a despised lot, and belong to a class of people who are not taken seriously. The Hon. the Chief Minister is supposed to have said I want to point out to you that in this case it is not for the benefit of the lawyer that I am saying all this. We must understand that lawyers speak not only for the clients but also for the general public. It is not a case of the lawyer speaking for himself. After all he may be a poor lawyer. He may not have an inch of land anywhere. I do not have any land in Malabar or anywhere else. All the experience and knowledge of the lawyers are given to the people. In expressing their opinion in cases affecting the interests of the people, they will be able to tell the exact position in respect of a particular matter, and they will say it whether it is considered or not. After all, they are persons who move with people at large and they will be able to put forth the grievances of the people better than others. Things are now changed, and other people also now purport to speak for them. Lawyers are not always speaking in their self-interest. They speak for the public also. Speaking for the public is not confined to politicians. There are some lawyers who really take a good deal of interest in public matters. We must give credit to them. There may be blacksheep among them, but that does not mean that there are no blacksheep among politicians. Coming to the point, if fair rent is to be fixed, let it be by a Civil Court. No doubt revenue officers have got great experience. I have no

[Sri K. Bhashyam] [18th January 1954]

objection to their trying cases which are really within their cognizance, e.g., classification of land into I class, etc. In a case dealing with property, it is not a matter of opinion. It is a question of deciding on the rights of parties on the evidence in the case, for which Civil Courts are the best fitted and they are manned by lawyers. Why should lawyers be discounted? I do not understand. Why then do the Government want the High Court Judges, even retired judges for all purposes? Why do they want a District Judge for the Industrial Tribunal? For sales tax appeals, they want a District Judge. Do the District Judges come from Heaven? They are only from the lawyer class."

THE HON. SRI C. RAJAGOPALACHARI:—"I do not think we have any Clause in the Bill that lawyers should not be entrusted with cases."

SRI K. BHASHYAM:—"If the Hon. the Chief Minister objects to the relevancy of my remarks he is not quite correct. What I say is that the Civil Court must be substituted for the Rent Court, and it is a cheaper way of doing justice. The Hon. the Chief Minister must have great respect for lawyers, having belonged to that class himself once."

THE HON. SRI C. RAJAGOPALACHARI:—"There is no question about lawyers here."

SRI K. BHASHYAM:—"Some people think that things are done in the interests of lawyers only. Is that opinion prevalent or not? I learnt that when the Moratorium Bill was being discussed and when lawyers protested against the stay of suits and proceedings and complained that Courts have no work to do, the Chief Minister is said to have exclaimed that it was the sweetest thing we had heard for some time." (Interruption.)

DR. V. K. JOHN:—"May I suggest to the hon. Member that lawyers can take care of themselves?"

SRI K. BHASHYAM:—"What I do now is one way of taking care. What is the good of remaining silent over these matters? I plead very strongly for retaining the jurisdiction of the Civil Courts in all matters. They are the most important and competent persons to deal with cases. Rent Court is a misnomer. It consists of a person who is supposed to deal with tenants and cultivators. He has got some survey training and settlement training. Even District Munsifs are now given this training. What is the peculiarity about Rent Courts? I do not understand the magic of these Rent Courts and Revenue Courts. Will the people trust a Rent Court or a Revenue Court, I would like to know. I want to point out that the jurisdiction of Civil Courts must be retained. In matters which are of a technical nature, the revenue official may be asked to render all assistance

18th January 1954] [Sri K. Bhashyam]

that he can to the Civil Court. The Rent Court is certainly not a very conducive forum to the settlement of fair rent between one party and another.

"Sir, I have exceeded my time, and I thank you for having shown me so much indulgence."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"Sir, I have to thank hon. Members for the various suggestions they have made in connection with the consideration of this Bill. I have to make it very clear that the Government have not done anything to deprive the interests of the ryots nor have the Government done anything to vest in people the rights wrested from any other body of people. What the Government have done is only to see that fair rent is fixed in respect of leases in Malabar. The Government had to interfere because, as you know, the productivity of the Malabar land is far below the average of the Madras State. Regarding paddy, the average yield comes to about 1,260 pounds in Malabar while the State average is 1,379 pounds. Regarding the population which mainly depends upon agriculture, about 50 per cent of the population depend entirely on agricultural operations. About 9,63,000 that is, 19 per cent depend on cultivating lands belonging to others. About 22½ per cent of the agricultural population are agricultural labourers. If we divide the land that is available for cultivation in Malabar, we will find that even among the agricultural population, it will be actually only about four-fifths of an acre if all cultivable lands are taken into account and it will only be one-third of an acre if lands on which foodgrains are raised, are taken into account. The Government are trying to see that there is a just and equitable distribution of the produce from the land as between persons who have contributed to the production. It is only a tenancy legislation that we are now taking into consideration. That is why we have to see that we are not taking away the rights of any person interested in land in Malabar. What we have done is only to give fixity of tenure to the tenants. It is nobody's case that granting fixity of tenure to the agriculturist who is cultivating the land is expropriation. We are only preventing the landlord from interfering with the fixity that should be enjoyed by the cultivator in respect of the land which he is actually cultivating. The six-year rule is applicable only to the cultivating verumpattamdar, the man who actually tills the land, and not in respect of Section 20 of the Principal Act. It will also be seen that the share that is now being distributed is fair and equitable. Regarding pepper, the distribution of produce is according to the old custom prevalent in Malabar, namely, one-sixth to the landlord and five-sixth to the tenant. There was some mistake in interpreting the wording of the previous agreement or custom that was prevailing in Malabar and the benefit of doubt was given to the landlord in the Amending Act of 1951. Now, we have given the benefit of doubt in favour of the tenant, the man who actually cultivates the land. It is also a mistake to presume that persons who cultivate and

[Sri K. P. Kuttikrishnan Nair] [18th January 1954]

produce pepper are 'pepper kings' and are making money. Cultivation in Malabar is very difficult because the productivity of the soil is less due to the heavy rains that Malabar experiences. We were compelled to take up the question of bringing in the legislation because the Rent Settlement Authority was abolished and we thought that we had to evolve a machinery less costly and more efficient than that. We were also compelled to make certain changes in the provisions dealing with fixation of fair rent because we thought that the proportion fixed was a bit high and that in the case of tenants, they would be compelled to pay more. Certain experimental cases were tried by some of the staff of the Rent Settlement Authority which was functioning in Malabar for a few months and it was found that in certain cases the rent might go up a bit. It was because of that that we took it into our heads to revise the proportion already fixed in the Amending Act of 1951. It was not an arbitrary interference with the Amending Act of 1951. It was only an interference which was absolutely necessary based on our experience. We have made only those modifications which we consider absolutely necessary in the matter of the calculation or sharing of the profits on these items of property so that they may be enjoyed not only by the janmi and the actual cultivator but also by the four or five intermediaries concerned. You will also find, Sir, that the cost of labour in Malabar comes to about one and a half times the average cost in the rest of the State. Unless we give a greater proportion of the produce to the tenant, justice cannot be done to the workers who are employed in agriculture. We have to consider that aspect also and that is why we have changed the cost of cultivation from 22 paras to 25 paras.

"As far as the landlord is concerned, his rights in respect of the property are preserved, because we have not changed either section 14 or section 20 of the Principal Act except the clause relating to recovery of possession of land for one's own cultivation. We will also see from the statistics that out of 444,775 pattadars, 430,000 pattadars are persons who are in possession of land ranging from an extent of one acre to six acres. It is true that we have to safeguard their interests and we have done that in the present Bill. That is why we are reluctant to accept the suggestion made by the hon. Gentleman, Sri Govinda Menon and others that we should adopt the formula that if the fair rent is more than the contract rent, the tenant must be given the right to choose whichever is less. It is not necessary in the interests either of the landlord or of the tenant to adopt that formula because we have already revised the rent in respect of wet lands and garden lands and we have also fixed a limit of twice the existing rent as a ceiling for a period of twelve years. We have also given the advantage of spreading it over many years so much so that it shall never exceed $1\frac{1}{4}$ times the rent in the previous year. We have also prevented the landlord from filing an application to get the fair rent fixed for three years from the date of passing of this legislation. We have reduced the rent in respect of pepper and we have also exempted land which is set apart for communal

[Sri K. P. Kuttikrishnan Nair] [18th January 1954]

purposes, from liability to fair rent. In view of all these things, it is not necessary to stipulate that fair rent or contract rent, whichever is less, should be paid by the tenant. We have seen to it that no injustice is done to him. We have also seen to it that no injustice is done to the landlord. We have further seen to it that the agricultural labourer gets a decent proportion of the yield. So, as far as the Government are concerned, they have done what is just and proper under the existing circumstances.

"An argument was advanced that because a Joint Select Committee had gone into the provisions of the Bill, the Government need not have moved certain amendments afterwards. If that argument is stretched further, the Government which bring in a Bill have to stick on to it, should not budge an inch from the clauses of the Bill and should get it passed. Sir, that may not work well. At the time of presenting a Bill, like the present one, we are aware of only certain things regarding the agricultural relationship in Malabar. When we are apprised of new factors, when we receive representations from various quarters and when we see that certain proposals of theirs are reasonable, we have to accept them. Accordingly, we accepted certain modifications suggested and not amendments that were brought forward by others. We accepted the principle of their proposals and brought forward amendments to the Bill in the Joint Select Committee as well as in the Legislative Assembly. If we had stuck to the report of the Joint Select Committee, I am afraid we would not have done full justice, as we ought to do, to representations made by responsible persons. Hon. Member Sri Govinda Menon remarked the other day that the Bill of 1950 prepared by Mr. Madhava Menon was very good and that he was not fully satisfied with the present Bill. As far as the Bill of 1950 is concerned, I can assure the hon. Member that in some respects, we have gone to a greater extent than what was contemplated in that Bill. Regarding fugitive cultivation, we have accepted the recommendations contained in that Bill. Regarding fixity of ulkudi, we have extended it to other areas and we have given fixity to all ulkudi-holders. The other Bill confined this benefit only to the watchmen. We have enlarged the scope of this clause to cover all persons occupying the ulkudi. Regarding cultivation expenses, I wish to say that we have given more and we have deleted the provision relating to half the assessment in respect of paddy lands which the other Bill did not cover. By quoting all the clauses, I will be able to convince this House that we have done more than what the Bill referred to by the hon. Member contemplated. The only thing that we are unable to accept is the clause in the other Bill relating to the provision of adopting contract rent or fair rent, whichever is less. It may not be proper to have such a provision in a legislation of this type. When we consider any revision, we must see that no injustice is done. We must see that the operative sections are brought up-to-date, and so the contingency of accepting such a clause does not arise. We must see whether justice is done or not. In this case, we feel that justice has been done and it

[Sri K. P. Kuttikrishnan Nair] [18th January 1954]

is better to fix and adhere to the fair rent that is contemplated by the operative sections rather than admitting a clause contained in the other Bill relating to this matter.

“One hon. Member referred to the Rent Settlement Authority. Sir, we were compelled to change this machinery and entrust it to the Revenue department for the purpose of fixing fair rent. Our idea was not to deprive the Civil Courts of their powers of jurisdiction. As the hon. Members know, it is only fixation of fair rent and it requires a certain amount of knowledge of the soil, the yield of the place, the wages pertaining to the locality and things like that. Knowledge about these things is absolutely necessary for the purpose of fixing fair rent. If the Law Courts were entrusted with this work, I am sure it may not be possible for them to come to any conclusion, much less a correct conclusion, like the Revenue authorities. The function of the Rent Court is essentially a revenue matter. The power of deciding whether a document was a lease or a mortgage is given to the Civil Court because we know that the Rent Court will not be able to weigh the law and decide whether a document was a lease or mortgage. They cannot quickly come to a conclusion with regard to this matter. There is absolutely no intention on our part to deprive the Civil Court of their jurisdiction. What we want is this. The Rent Court must be given its proper place and the Civil Court must be given its proper place. In this Bill, we have apportioned the various duties as per the efficiency and skill of the machinery concerned which is utilised for the purpose.

“Sir, Dr. John referred to the German land reforms and all that. He said that we could capitalise rent and ask the tenant to pay the amount. He said that it would not come under expropriation. Sir, arbitrary fixation of rent by a multiple of 15 or 20 will be more expropriatory than the fixation of the ratio of fair rent. We have to consider the fact that it might be very good in a land reform matter. But in a tenancy reform measure, where the relationship between the landlord and tenant has to be settled we cannot take up such principles and adhere to them.

“Sir, I can assure hon. Member Sri Balasubramanya Ayyar that the Government have tried to be just in the apportionment of the rent. It is fair rent that the Government have fixed and the Government have not in any way taken away the janmis' paramount title or right to the properties. Their right to resume the possession of the land for *bona fide* cultivation alone is restricted. There is no question of taking away their right or disputing the paramount title of the janmi. I can claim that this Bill will satisfy the majority of the people of Malabar. I know there will be a certain section of the population which will not be satisfied. As far as the clauses are concerned, I am sure they will satisfy the majority of the people of Malabar. If we grant some more amenities or advantages to one class, it is sure to raise apprehensions on the side of the other class. On the whole, we have considered all the aspects and have come to the conclusion

18th January 1954] [Sri K. P. Kuttikrishnan Nair]

that it is not necessary to revise some of the rent fixing sections. We thought that an overall consideration of the whole question was necessary to have peace and to see that the production of the State increased as a result of friendly relations between the landlord and the tenant. We have not taken up this Bill for political or other considerations. We had to take up this legislation, as in the last six years or so, there has been a number of suits filed against the tenants for possession. A large sum of money was spent in litigation and practically about 80,000 families were involved in about 20,000 pending suits. We thought that a speedy, just and comprehensive legislation will be able to solve all these difficulties and will be able to achieve peace. I am sure that this House can take it from me that the Government have considered all aspects of the question and we were not cowed down by any representation on the part of any party or section. We thought that we should consider all these aspects in the interest of the landlord and the tenant in Malabar.

“Sir, I think I have covered all the points and I hope that the doubts and fears raised by the hon. Members have been cleared by my reply. I also hope that the hon. Members belonging to all sections will vote for all the clauses of the Bill with my assurance that this Bill has not hit any section of the people of Malabar. This is only a just Bill which we are bound to pass considering the welfare of the people of Malabar. Thank you, Sir.”

MR. CHAIRMAN:—“The question is—

“That the Malabar Tenancy (Amendment) Bill, 1953 (L.A. Bill No. 12 of 1953) (as passed by the Assembly), be taken into consideration.”

The motion was carried.

The consideration of the Bill clause by clause was then taken up.

Clauses 1-A, 2, 3, 3-A and 4 were put and carried.

Clause 4-A.

MR. CHAIRMAN:—“Motion moved—

“That clause 4-A do stand part of the Bill.”

SRI K. BALASUBRAMANYA AYYAR:—“Sir, I move—

“In sub-clause (iii), delete the words beginning with “after sub-section (4)”, etc., and ending with “revision” and also sub-section (6).”

The sub-clause says:

“Fair rent determined under section 9-CC shall not exceed twice the rent payable for the agricultural year 1949-50 . . .”

I want to remove the restriction placed on the Court in the matter of fixation of fair rent. Once fair rent is fixed, it is generally assumed that both sides will be bound by it. That is the principle

[18th January 1954]

Clause 9.

MR. CHAIRMAN:—"Motion moved—

'That clause 9 do stand part of the Bill.' "

SRI K. BALASUBRAMANYA AYYAR:—"Sir, I move—

'In clause 9-cc omit the words "or after the expiry of three years from the commencement of the Malabar Tenancy (Amendment) Act, 1954." "

The provision in the Bill is—

'If any dispute arises as to the amount of fair rent payable in respect of any land under the foregoing provisions of this Chapter, either the tenant, or after the expiry of three years from the commencement of the Malabar Tenancy (Amendment) Act, 1954, the landlord may apply to the Rent Court for the determination of the fair rent; and on such application being made, the fair rent shall be determined by the Rent Court.'

Once there is a dispute why should the landlord alone be compelled to wait for three years? This point was also referred to by the Government of India. Why should there be this difference between the landlord and the tenant? I do not want any disputes. But should there be a dispute as to the fixation of fair rent, the tenant can immediately apply to the Rent Court but so far as the landlord is concerned, after the passing of this Act, he will have to wait till 1957. If he is alive till then, he can apply for determination of fair rent. This provision is perfectly unfair to the landlord.

The amendment was duly seconded.

MR. CHAIRMAN:—"Amendment moved—

'In clause 9-cc omit the words "or after the expiry of three years from the commencement of the Malabar Tenancy Amendment Act, 1954." "

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"I oppose the amendment, Sir. All of us are aware that there are more than 20,000 suits pending in Malabar in respect of eviction for *bona fide* cultivation. We want to give a few months' time for the tenant and the landlord to try whether they can square up the disputes that arise between them. After three years the landlords can go to the court. We have also to consider another fact. The object of any tenancy legislation is to prevent rackrenting. This can only be achieved if we allow the tenant immediately to go to court and get a fair rent fixed. If we allow the landlords also the right to go to court there will be another rush of petitions in the courts from the landlords as well. I have therefore to oppose the amendment."

SRI T. M. NARAYANASWAMY PILLAI:—"I think the pendency of suits would be wiped out by the passing of this Act. Unless these suits are disposed of, there is no meaning in passing such a legislation. This very Bill is intended to put an end to

18th January 1954] [Sri T. M. Narayanaswamy Pillai]

litigation. Therefore, the reason given by the Hon. the Minister for Law cannot hold good. There is discrimination between the landlord and the tenant."

MR. CHAIRMAN:—"I cannot allow the hon. Member to speak at this stage."

THE HON. SRI C. RAJAGOPALACHARI:—"For three years, the landlord is not allowed to go to a court and ask for increased rent. Thereafter if he applies, he will get an increase by only 25 per cent each year. Thereafter when it reaches double the rate at the most, it stops there. Therefore there is no great harm done to the landlord in this three years' period being accepted."

SRI K. BALASUBRAMANYA AYYAR:—"It is not for the purpose of asking for fixation of increased rent. It is only for the purpose of making an application to the Rent Court, if there should be a dispute, that this three years' limit has been fixed. The clause says: 'The landlord may apply to the Rent Court for the determination of the fair rent; and on such application being made, the fair rent shall be determined by the Rent Court'. The tenant can apply immediately, but the landlord has to wait for three years."

MR. CHAIRMAN:—"The question is—

'In clause 9-cc omit the words "or after expiry of three years from the commencement of the Malabar Tenancy (Amendment) Act, 1954." "

The amendment was lost.

Clause 9 was put and carried.

Clause 10 was put and carried.

Clause 11.

MR. CHAIRMAN:—"Motion moved—

'That clause 11 do stand part of the Bill.' "

SRI K. BALASUBRAMANYA AYYAR:—"I move my amendment, namely—

'Omit the words "shall not be liable to be revised on the application of the landlord before the expiry of twelve years from the date of the orders of the Rent Court, but" and after the words "reduced" insert the words "or enhanced"; and at the end add the words "and the landlord respectively." "

"This is on a par with the earlier amendment I moved. The provision is very unfair and I am pressing my amendment for the acceptance of the Government. The fair rent ceases to be fair. That is the whole difficulty. 'Fair rent shall not liable to be revised on the application of the landlord before the expiry of 12 years from the date of the order of the Rent Court but may for sufficient causes be reduced by the said court on the application of

[Sri K. Balasubramanya Ayyar] [18th January 1954]

the tenant.' Why should there be this discrimination? If it is sauce for the goose let it be sauce for the gander also. The right is given to the tenant to ask for a reduction within 12 years but the landlord cannot apply within 12 years. Why should there be this discrimination? I have therefore moved the amendment, and request that it may be accepted by the Government. Let the landlord and the tenant have the right to apply to the Court and if the Court fixes the fair rent let them accept it."

The amendment was duly seconded.

Mr. CHAIRMAN:—"Amendment moved—

'Omit the words "shall not be liable to be revised on the application of the landlord before the expiry of 12 years from the date of the orders of the Rent Court, but" and after the words "reduced" insert the words "or enhanced"; and at the end add the words "and the landlord respectively".'

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"Sir there seems to be some amount of misapprehension. I can assure the hon. Member that in respect of these revisions and other things, too many petitions will not come. That has been our experience. In the 1930 Act there was a provision for revision of rent. But only very few petitions were filed. Unless it is a question of very bad rackrenting, these things will not happen. We have fixed 12 years because it is the usual period fixed in other case also."

SRI K. BALASUBRAMANYA AYYAR:—"I only want that the landlord should be given the same right as the tenant."

Mr. CHAIRMAN:—"The question is—

'Omit the words "shall not be liable to be revised on the application of the landlord before the expiry of 12 years from the date of the orders of the Rent Court, but" and after the words "reduced" insert the words "or enhanced"; and at the end add the words "and the landlord respectively".'

The amendment was lost.

Clause 11 was put and carried.

Clauses 12 and 13 were put and carried.

Clause 14.

Mr. CHAIRMAN:—"Motion moved—

'That clause 14 do stand part of the Bill.'

SRI M. P. GOVINDA MENON:—"A new section has been introduced to prove the real nature of the transaction. This clause says:

'Notwithstanding anything in the Indian Evidence Act, 1872 (Central Act I of 1872), or in any other law for the time being in force, any person interested in any land may plead, adduce evidence and prove that a transaction entered into on or after the 1st January 1916 and purporting to be a mortgage of that land is not in fact a mortgage, but a transaction by way of kanam, kanam kuzhikanam, etc.'

18th January 1954] [Sri M. P. Govinda Menon]

The Hon. Minister for Law enumerated the points on which he has improved the original Bill brought forward by the then Minister Sri Madhava Menon. In the Act of 1951 there was a Section, i.e., Section 52-A. That section gave the right to the tenants to prove the real nature of the document. The year 1916 is mentioned because as I said in my general remarks the landlords of Malabar came to know then that there was a likelihood of legislation being brought in regarding this matter. So they began converting what were known as kanams, etc., into mortgages. Therefore section 52-A gave the right to tenants to agitate and reopen the question. Now the present Bill also gives the right to the tenants. But there is a world of difference between these rights given to the tenants. Sri Madhava Menon's Act gave not only the right but laid the onus of proof on the landlord. There was a presumption in favour of the tenant. Now that onus is shifted. Not only this, but the proposed clause does not say what would be the effect of the declaration made by a court of law that this is not a mortgage but a kanam, etc. I, therefore, move—

'That the following be added at the end of sub-clause (1) of the new section 11 of Madras Act XIV of 1930:—

'When according to a decision under this section a transaction has been held not to be a mortgage in fact, but a transaction by way of kanam, kanam kuzhikanam, kuzhikanam, verumpattam or other lease, the amount purporting to be secured by way of mortgage shall with effect from the date of decision—

(a) be treated as kanartham in case the transaction has been held to be kanam or kanam kuzhikanam and security for due payment of rent in other cases; and

(b) bear interest at the rate specified in the instrument relating to the transaction or at five and a half per cent per annum whichever is less."

"The previous provision giving the Rent Settlement Authority the right of presumption regarding whether a deed is mortgage or kanam deed is now taken away. The onus of proof is shifted to the tenant. He must prove whether his deed is kanam or mortgage. The proposed clause does not say what will be the effect of a decision if a court comes to the conclusion that a deed is not a mortgage but a lease. That is why I have now brought forward this amendment, which I have just read out. I say when the decision of the court is that a deed is not a mortgage but a kanam, the effect of that decision would be to treat the amount purporting to be secured by way of mortgage as kanartham in case the transaction has been held to be kanam or kanam kuzhikanam. That should be treated as a security for the payment of rent. It must bear interest. That is why I have brought forward a consequential amendment specifying the rate of interest as one specified in the instrument relating to the transaction or at five and a half per cent per annum whichever is less. I think

[Sri M. P. Govinda Menon] [18th January 1954]

that this is but just and fair. In the absence of that valuable presumption in the previous section 52-A, my amendment fulfills the purpose and this alone will satisfy the numerous tenants, on whose shoulders the onus of proof is now shifted."

SRI G. KRISHNAMURTHI:—"I second the amendment just moved."

MR. CHAIRMAN:—"Amendment moved—

'That the following be added at the end of sub-clause (1) of the new section 11 of Madras Act XIV of 1930:—

"When according to a decision under this section a transaction has been held not to be a mortgage in fact, but a transaction by way of kanam, kanam kuzhikanam, kuzhikanam, verumpattam or other lease, the amount purporting to be secured by way of mortgage shall with effect from the date of the decision—

(a) be treated as kanartham in case the transaction has been held to be kanam or kanam kuzhikanam and security for due payment of rent in other cases; and

(b) bear interest at the rate specified in the instrument relating to the transaction or at five and a half per cent per annum whichever is less."

THE HON. SRI C. RAJAGOPALACHARI:—"Mr. Govinda Menon knows more about it very probably than what I do. But still I would like to draw his attention that there is no question raised now about onus to which reference has been made just now. We need not discuss that now. It is now provided in the first sub-clause to the clause proposed in the Bill. If it is claimed that a transferee is entitled to fixity of tenure in accordance with the provisions of section 10 of the principal Act the question to be decided by the court is whether it is a Malabar mortgage with such fixity of tenure or a pure and simple mortgage. According to Mr. Govinda Menon, once it is recognized by the court that it is a kanam and not a mere mortgage, the amount purporting to be secured by way of mortgage should be treated as kanartham and shall bear interest at the rate specified in the instrument or at five and half per cent per annum whichever is less. But I say that according to the second sub-clause of the new section proposed by Government, the power is given to the court, in case the court holds that the transferee is entitled to fixity of tenure in accordance with provisions of section 10, to pass necessary directions regarding the application of the sum, if any, advanced to the landlord. The power is also given to the court to make other suitable alterations in the terms recorded in the instrument executed by the parties. I think the provision in the second sub-clause of the proposed section given notice of by Government and passed by the Assembly, is a better and more flexible provision than the one suggested by Mr. Govinda Menon wherein a certain decision of the court is assumed and on that assumption certain

[Sri C. Rajagopalachari] 18th January 1954]

directions are proposed. I think it would be by far better to leave the second sub-clause as it stands at present rather than allow the court to rely upon the fictitious statement of the transferee. The court should be given the power to decide what is to be done. That power has now been given in the second sub-clause of the proposed section. I think in the light of what I have said, Mr. Govinda Menon will not press his amendment. The court should not be asked to rely conclusively on the statements in the documents."

The amendment of Mr. Govinda Menon was by leave of the House withdrawn.

Clause 14 was then put and carried.

Clause 15:

MR. CHAIRMAN:—"Motion moved—

'That clause 15 do stand part of the Bill.'

SRI M. P. GOVINDA MENON:—"Sir, I move—

'Omit sub-clause (5) in sections 14 and 20 of the principal Act.'

"I am not moving now the alternative amendment I had given notice of. Sub-clause (5) of section 14 of the principal Act gives the power to the landlord to evict his tenant for *bona fide* purposes. Hon. Members here need not feel depressed that there is no provision in the Bill giving the right of eviction to the landlord. I have been hearing so many speeches wherein the cry had been raised that the janmis had been denied the right to evict the tenants for *bona fide* reasons. In fact under section 14 of the Act, there are various clauses by which a landlord could evict his tenant. There is no difficulty with regard to that. The question now is what is to be done if the landlord wants to do his own cultivation. Can he evict the tenant straightway? Section 20 contains various sub-sections by which the kanamdars, kuzhikanamdars and verumpattamdars could be evicted by the landlords on *bona fide* grounds. But we find in section 14 of the principal Act, a new provision has been added now when this Bill was discussed and passed by the Assembly. A proviso has been added to section 14 by which it is now provided that if a tenant had been in continuous occupation of a land for six years, on no ground he could be evicted. I ask in all seriousness 'Why can't the Government do away with the landlord straightway. Why stipulate a provision stating that the tenant, because he had been in occupation for six years, should not be disturbed? Why can't the tenant be made the proprietor of the land when during all these six years he had been tilling the soil and raising the produce? Why can't that concession be shown to him?' I ask with all the seriousness at my command that this sort of loophole should not be created. This sort of provision enabling the landlord to evict the tenant for *bona fide* purposes should be omitted completely. The tenant

[Sri M. P. Govinda Menon] [18th January 1954]

had all along been cultivating the lands. He had been doing his work conscientiously. All on a sudden if the landlord were to say that for *bona fide* reasons he wants to resume personal cultivation, where can the poor tenant go? Is he to be left in the lurch? That is why I say, 'do not give any such loophole'. Once some sort of fixity of tenure had been given, let that fixity be everlasting. Let it be made clear that if a tenant had been in continuous occupation of land for six years, not only should he be allowed to continue without being evicted but he should be declared the owner of the land straightway. Let not Dr. John feel that the middle class are being deprived. The tenants are poorer than the middle class. Our object is that the man who cultivates, the man who tills the soil and the man who works from dawn to dusk and through whose sweat and labour the produce is raised, should not be distributed. Let there be no intermediary between the actual cultivator and the State. Let there not be a separate class over and above the actual cultivator. Let it not be misunderstood that I am Communistic in my utterances. I only want that the man who works and who raises the produce, should be made the ultimate owner of the land. After all it is but just and proper to do so. Till such a state of affairs comes when the cultivators will become the absolute owners, when the maximum and minimum holdings will be fixed, when the nationalization of land will complete, let the cultivators of the soil not be disturbed from pursuing their work of cultivation. That is why I say it would be better to omit sub-section 5 of sections 14 and 20 by which the landlord is given the power to evict the tenant for *bona fide* purposes, and leave the tenant helpless. Of course, Government might say that they have now removed the ambiguity in the term '*bona fide*' by now putting the word 'primary needs' in place of *bona fide*. To that extent I may be glad. But even then the picture is not rosy for the tenants. The sub-section should be omitted. They should be given fixity. They should not be disturbed. If that sub-section is removed Government would have given a quietus to the present agitation of the peasants of Malabar."

The amendment was duly seconded.

MR. CHAIRMAN:—"Amendment moved—

'Omit sub-clause (5) in sections 14 and 20 of the principal Act.'"

THE HON. SRI C. RAJAGOPALACHARI:—"I think Mr. Govinda Menon has forgotten to add to his amendment a consequential amendment."

SRI M. P. GOVINDA MENON:—"It follows."

THE HON. SRI C. RAJAGOPALACHARI:—"Oh, I see.

"There are two sections, 14 and 20, in the principal Act. In both of these sections there are various sub-sections wherein conditions are laid down for evicting a tenant. Under certain

18th January 1954] [Sri C. Rajagopalachari]

conditions the landlord can apply for evicting his tenant. Objections have not been raised in respect of the other sub-sections of sections 14 and 20 by which the landlord could apply for evicting his tenant. Objection has now been raised to the provision that a landlord could apply for eviction of his tenant in case he requires the land *bona fide* for his personal cultivation or for a member of his family. If the landlord requires the land for maintaining himself and his family and to satisfy his primary needs, as between him on the one hand and his tenant and his primary needs on the other, the former is given preference. In fact that was the old provision also. It was said in the old provision that if the landlord were to require the land for *bona fide* reasons, the tenant could be evicted. Because there were certain ambiguities raised in law courts regarding the interpretation of the term 'maintenance' we have now changed it into 'primary needs'. By 'primary needs' is meant what one requires for food, shelter and clothing for himself and his family. That is the ordinary meaning of the term which would appeal to anyone. In fact this was what was pointed out during the Select Committee sittings by us when we changed the wording 'maintenance' into 'primary needs'. I do not think any ambiguity would arise regarding the interpretation of the term 'primary needs'. But Mr. Govinda Menon wants to oppose even that. He does not want that if a landlord were to require his land for satisfying even his primary needs, he should be allowed to evict the tenant. I think Mr. Govinda Menon is going too far. It is not proper to deny the landlord even the facility to cultivate his own land for satisfying his primary needs. I think that instead of moving this amendment and getting a negative vote and sowing the seed for further agitation, I would beg of Sri M. P. Govinda Menon not to plant the seed for agitation but to leave the Bill to grow in a healthy atmosphere. I may also point out that as between sections 14 and 20 of the Malabar Tenancy Act we allow the six-year rule only in respect of one section and we do not allow it in regard to the other section. This is a provision greatly in favour of the tenants. Without arguments and reasoning, if I could persuade him on this one ground that we should allow the Bill a fair chance and not plant a new seed for agitation, I would request Sri Govinda Menon not to press this amendment."

SRI M. P. GOVINDA MENON:—"Sir, I would have been happy if I were in a position to accept the suggestion coming from such high quarters but I cannot accept it on principle because, according to my experience, 'primary needs' will become the subject-matter of litigation in courts hereafter. What is a primary need of one man may not be the primary need of another."

THE HON. SRI C. RAJAGOPALACHARI:—"May I interrupt, Sir, with your permission. I thought Sri Govinda Menon would be convinced. What I wish to say is that there is no question here of favouring a particular person A, B or C. The idea is to favour those who want themselves to cultivate their lands. Here

[Sri C. Rajagopalachari] [18th January 1954]

is a man who has got justice ownership of the land who says 'I will cultivate it myself'. For what purpose, it may be asked. It is not for making huge profits but for meeting his primary needs. Why should not the Government help him to do so? I think we should bring in a class of people who were not hitherto cultivators to cultivate the land and for that reason the Government press their opposition to the amendment."

SRI M. P. GOVINDA MENON:—"Sir, if as the Hon. the Chief Minister says a person wants to cultivate, he can purchase leasehold rights."

THE HON. SRI C. RAJAGOPALACHARI:—"Why should he purchase leasehold rights and why should he not cultivate his own lands?"

SRI M. P. GOVINDA MENON:—"Sir, those who have money are sometimes investing it in purchasing the general rights and sometimes the kanam rights. If a tenant and his family have been in possession of the land, he must be given fixity of tenure. I am not withdrawing my amendment."

MR. CHAIRMAN:—"The question is—

'Omit sub-clause (5) in sections 14 and 20 of the principal Act.'"

The amendment was lost.

SRI M. P. GOVINDA MENON:—"Mr. Chairman, Sir, I move that—

(a) in the proposed sub-clause (iii) in item (3) of clause 15, after the words "inter vivos", add the words "voluntary or involuntary".

(b) for the word "two" in line 4 substitute the word "six".

The amendment was duly seconded.

MR. CHAIRMAN:—"Amendment moved—

"(a) in the proposed sub-clause (iii) in item (3) of clause 15, after the words "inter vivos" add the words "voluntary or involuntary".

(b) for the word "two" in line 4, substitute the word "six".

SRI M. P. GOVINDA MENON:—"Sir, the amended item (iii) of the new sub-clause would read as follows:—

"(iii) no person whose right to evict arises under an instrument of transfer inter vivos voluntary or involuntary shall be entitled to sue for eviction on the ground specified in clause (5) or clause (6) until the expiry of six years from the date of the instrument."

This is a very good and wholesome proposal made by the Government because in Malabar the landlords used to make bogus assignments in favour of their relations or dependants in order to circumvent the provisions of sections 14 and 20 of the principal Act.

[Sri M. P. Govinda Menon] 18th January 1954]

These dependants or relations would be made to file suits saying that they are the absolute proprietors and under the instruments of transfer they have got the right to evict the tenants. It is a very wholesome provision that no person whose right to evict arises under an instrument of transfer shall be entitled to sue for eviction for a certain period. But, the transfer is *inter vivos*. I want only to add the words 'voluntary or involuntary'. It is a very simple, innocuous and innocent amendment which even this House could accept. What is the use of our existence if we could not accept even such an innocent amendment? Sometimes the transfer may be voluntary or involuntary. The landlord may make his dependant file a collusive suit and get the property attached and the dependant will become the owner saying that he was a person without property. It should be made clear and therefore I have proposed this amendment. If this simple amendment cannot be accepted I do not know what is the use of our moving amendments here or continuing the existence of this House."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"Sir, I oppose the amendment. The hon. Member himself admitted that it was only a very minor thing and he could very well withdraw it. This aspect has been considered and the necessary safeguards are there. I submit, Sir, that the hon. Member will kindly withdraw this amendment."

DR. V. K. JOHN:—"Involuntary *inter vivos* is unknown to law!"

MR. CHAIRMAN:—"The question is—

(a) in the proposed sub-clause (iii) in item (3) of clause 15, after the words "inter vivos" add the words "voluntary or involuntary".

(b) for the word "two" in line 4, substitute the word "six".

The amendment was lost.

SRI K. BALASUBRAMANYA AYYAR:—"Mr. Chairman, Sir, I move—

'That in sub-clause (4) Exception, at the end, add the words "before the year 1946".'

The amendment was duly seconded.

MR. CHAIRMAN:—"Amendment moved—

'That in sub-clause (4) Exception, at the end, add the words "before the year 1946".'

SRI K. BALASUBRAMANYA AYYAR:—"Mr. Chairman, Sir, this amendment, viz., 'six years before the year 1946' raises a great question of principle. I would therefore press it with all the earnestness which I can command even though our

[Sri K. Balasubramanya Ayyar] [18th January 1954]

experience has been that no amendments are accepted. I do so because the year 1946 is a crucial year so far as Malabar Tenancy Amendment Acts are concerned. In this year by legislation there was a stay of all suits for eviction or for recovering arrears of rent. The Government said that till a notification was made this Amending Act granting the stay of suits would be in force. They did not make any such notification and this Act went on. The Government also passed another Act, the Tenants and Ryots Protection Act, 1949. Therefore this thing has been continuing from the year 1946 to 1953-54. For the last 8 years the tenants have been in possession not on account of their ability or on account of the action of the landlord but by the action of the Legislature which passed an Act putting them in possession. The suits for eviction might have been good or bad and might not have even been just but all suits were stayed for the purpose of giving general relief. I do not quarrel with this thing but what I want to say is that because the suits had been stayed and the tenants had not been evicted they have been continuing in possession. Now, this Exception says that the landlord cannot resume his land if any holding has been in continuous occupation of a tenant for not less than six years. A landlord, who in the evening of his life wants to enjoy a portion of his property of two or three acres for the purpose of maintaining himself and his family is to be denied this right especially in cases where the period of tenancy of the cultivating tenant has expired. It is only after the expiry of the period for which the tenant has been let into the land that the landlord has the right to resume his land. Even after this period he is not to be allowed to resume the land for his own primary needs as the Hon. the Chief Minister has explained, namely, food, raiment and water. He is now to be denied this right and already six years have elapsed. No landlord can resume even a portion of his land for cultivation. (An hon. Member: 'If the tenant has been continuously in occupation from 1946'.) He has been put into occupation by the Legislature and that is why I say let the period of six years be counted prior to 1946. That will be reasonable for all. Originally twelve years was also fixed by the Select Committee."

Dr. V. K. JOHN:—"Sir, I support this amendment. I think no Government should have been a party to an amendment to reduce the period from 12 to 6 years. Perhaps, the Hon. the Minister for Law must have had the advantage of a Tutor in mathematics. For 8 years from 1946 to 1954 the tenants have been in possession on account of an Act passed by the Legislature. If they had been in possession for six years now, they were certainly compelled to be in possession when you cannot evict them. I am not very much in sympathy with the landlords who want to evict tenants and I am only concerned with the rationality of the amendment reducing the period of 12 years to 6 years. The Joint Select Committee said it must be 12 years and the original Bill also said it should be 12 years. There was some sense in it because for 8 years the landlords could not evict the tenants. How

[Dr. V. K. John] 18th January 1954]

can the Government now say that no tenant could be evicted if he had been in possession for six years while he had already been in possession for the last eight years. Reducing it from 12 to 6 years is therefore an irrational amendment. I hope a day will come when there will be no evictions at all, when every tenant who is the tiller of the land and who is in possession of the land will become the owner or the owner will have land which is his own for cultivation. I do not see any reason why an owner should not have a land for cultivation if he wants it *bona fide* for cultivation purposes. Mahatma Gandhi was quoted as saying that there should be nobody between the Government and the tiller of the soil. We must have something rational and the rational thing is to allow the cultivator to be the owner of the land and not to be a tenant with fixity of tenure for eternity. Landlord-tenant relationship should be scrapped. I am afraid, if this is not done, the present measure will only lead to further agitation hereafter. Coming to the amendment, I wish to state that no Government should have been a party to such a provision to which the amendment relates when they know that eight is bigger than six."

SRI M. P. GOVINDA MENON:—"Mr. Chairman, Sir, I can understand the hon. Member Sri K. Balasubramania Ayyar honestly and frankly supporting janmis. I respect his feelings and sentiments. But I cannot understand the attitude of those people who shed crocodile tears for the tenants and who are all for tenants but always support the interests of landlords. The tenant has been cultivating the land for years and has been giving food to the landlord and his family. Why not Dr. John have some sympathy for the tenant who cultivates the land and gives food to the landlord? I know that many landlords who have lands have come to Madras and have started business. Many of them have started coffee hotels. Some have opened '*vethalai kadais*'. These people have not been cultivating their own lands. I generally welcome, Sir, brutal, frontal attacks but I cannot bear side attacks."

THE HON. SRI C. RAJAGOPALACHARI:—"Sir, too much heat blurs reason. The real commonsense reason I would press for accepting the Bill as it is without amendment is this. Although Dr. John says vociferously that no Government should have been a party to it, I do not see why the Government should not have an open mind in this matter. If the principle should be maintained that once a Government come to a decision they should not change it, then we should not accept any amendment to the Bill. But that is not correct. The real commonsense reason is, if between two parties one has been carrying on for six years without direct cultivation, it should be presumed that he can continue to do the same."

SRI T. M. NARAYANASWAMY PILLAI:—"I may agree that a person who has been cultivating the land for six years may be given fixity of tenure. But the main question is when this

[Sri T. M. Narayanaswamy Pillai] [18th January 1954]

period of six years should commence, i.e., six years before 1946 or six years from 1946. If a tenant has been in occupation for six years prior to 1946 all that the Hon. the Chief Minister says is correct; but after 1946 the rights of the parties—the landlord and the tenant—have been in dispute, and the landlord's right is held in abeyance by the Court. Under the provisions of this Bill, a tenant who may be defying the provisions of law from 1946 has now been given the right of occupancy. That is the main principle underlying the amendment to which the Government have now agreed. That is what Mr. Balasubramania Ayyar objects to and what I object to. If a landlord has got a right under the law at the time when the ban on eviction was imposed that right should be protected. But the provision in the Bill states that notwithstanding the rights of the parties, the tenant is entitled to protection. That is what we object to and that is the standpoint which we cannot understand."

THE HON. SRI C. RAJAGOPALACHARI:—"I think I have not been misunderstood. I have great respect for Mr. Narayanaswami Pillai's opinion. That is why I am asking whether he is under a mistake or whether he really objects to my argument."

"Here is a case where a particular right—it is a peculiar right—is given. Ordinarily a tenant should not be evicted without good cause. That is accepted as a matter of policy or expediency or as a matter of principle. Whatever it may be, it is not contested now. But under certain circumstances a landlord can interfere with the position of the tenant. What are those special circumstances? A case may arise when the landlord is absolutely in need of the land for his primary needs. That is a very limited right given to the landlords to interfere with the tenant's position, apart from the question of continuous occupation for six years or for one year or for two years. Now it is stated in the Bill that that limited right of interfering with the tenant, who is ordinarily not to be evicted but because the landlord is in dire need has to be evicted, has to be tested by facts, by evidence and by reflection. Here is an indisputable fact that for six years,—whatever may be the cause,—he has been carrying on and meeting his primary needs without the cultivation of land. Therefore this limited contingent right to interfere with the tenant is not given when the tenant has had possession for six years. The legal position of calculating the six year period should not come in for consideration. What we want to consider is whether the land is necessary for primary *bona fide* needs. It has been proved that it is not necessary by the fact that for six years he has been carrying on without it."

SRI T. M. NARAYANASWAMY PILLAI:—"The point to be considered is, Sir, that from 1946 which is the crucial date a tenant may be in unlawful possession of the land and that such possession of the land from 1946 should not be taken into consideration in giving fixity of tenure."

18th January 1954]

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"If we accept the amendment, we will be depriving the tenant who has been in continuous occupation for six years, the concession which we have given by way of fixity of tenure. We cannot say that all the landlords in Malabar were prevented from filing suits as a result of the Tenants and Ryots Protection Act. There may be only a few individual cases."

"I will tell hon. Members that as far as Malabar tenancy is concerned, it is only in exceptional cases there are disputes. We can only prescribe a certain procedure by which we have to protect *bona fide* persons and allow them certain privileges by prescribing a six-year limit. We have given all that to *bona fide* tenants and if in a few cases some persons are hard hit we cannot help it. Sir, I oppose the amendment."

MR. CHAIRMAN:—"The question is—

'That in sub-clause (4), Exception, at the end, *add* the words "before the year 1946".'

The amendment was lost.

Clause 15 was put and carried

Clause 16 was put and carried.

Clause 17.

MR. CHAIRMAN:—"Motion moved—

'That clause 17 do stand part of the Bill.'

SRI M. P. GOVINDA MENON:—"Sir, I beg to move—

'For the existing clause 17, substitute the following:—

"17. Substitution of new section for section 28, Madras Act XIV of 1930. For section 28 of the principal Act, the following section shall be substituted:—

"28. The maximum rent payable by every cultivating tenant of a holding other than a Kanamdar or a customary verumpattamdar, every tenant of a commercial site, who is entitled to fixity of tenure under this Act, every tenant of Kudiyiruppu, every holder of a protected ulkudi and every holder of a kudi-kidappu shall be the fair rent fixed under this Act or the rent which he has been paying before if such rent is less than the rent thus fixed."

The above amendment is the most important amendment which I have given notice of and which I move. Though I know I have not got a party to support my amendment, I am very optimistic about the success of my amendment. I believe that the Hon. the Chief Minister will yield to some pressure—not political or any other pressure—but the pressure of logic and the pressure of reasoning. I will place logical arguments before him and I hope, I will succeed in convincing him. If the Government accept

[Sri M. P. Govinda Menon] [18th January 1954]

my amendment, the Bill will have to be sent back to the Assembly again, and that is the difficulty experienced by Hon. Ministers on the Treasury Bench. I should like to ask, Sir, what are we here for if alterations cannot be made in a Bill by means of amendments moved here in this House? If we cannot usefully make amendments it is better that this House is abolished.

"If the amendment is accepted, the Bill must go to the Assembly again. The Constitution provides for that. The Constitution provides for the existence of two Chambers for this purpose. Another argument of the Hon. the Law Minister is that this is a very urgent matter and that thousands of cases are pending in Malabar. I concede, but that argument will not hold good. In the morning session, we passed the Madras Indebted Agriculturists (Temporary Relief) Act. This Act will stay all the suits pending now. Even if the Malabar Tenancy Bill is passed into law to-day, these suits cannot be disposed of. These suits for recovery of arrears of rent will have to be stayed, because under the Moratorium Act 'debt' does not include current rent but includes arrears of rent. I understand from the newspapers that the Assembly will be sitting again from the 22nd February 1954 and that the Budget will be introduced on the 27th February. We can wait for a few weeks more. There is enough time between the 22nd and 27th February. This Bill can go back to the Assembly and between the 22nd and 27th February 1954—the year of Grace—we can pass the Malabar Tenancy (Amendment) Bill completely. If there is a difference between the contract rent and the fair rent, I plead that the tenant need only pay the lesser of the two."

THE HON. SRI C. RAJAGOPALACHARI:—"On a point of information, Sir, may I ask a question. When we have passed clause 4-A, will this be in order?"

SRI M. P. GOVINDA MENON:—"This is in order. Section 9-CC only says how fair rent has to be fixed. Section 28 is the section which deals with the payment of rent. So I am in order. Clause 17 says 'Substitution of new section for section 28—For section 28 of the Principal Act, the following section shall be substituted, namely:—

'Every cultivating tenant . . . shall be bound to pay to his landlord—

(a) in case fair rent has been determined under section 9-CC, such fair rent as modified in appeal if any, under Section 9-D.

(b) in case there has been no such determination, the rent agreed to by both the parties to be the fair rent payable in accordance with the provisions of Sections 4 to 9-B.

(c) in case there is no such agreement, the fair rent, if any, fixed under this Act, as it stood before the commencement of the Malabar Tenancy (Amendment) Act, 1951, or

(d) in case no fair rent has been fixed as aforesaid, the rent payable according to the contract, express or implied between the parties."

Therefore, the liability of the tenant to pay rent arises under this new section and in this connexion I say that the clause 'whichever is less' must be accepted."

18th January 1954]

THE HON. SRI C. RAJAGOPALACHARI:—"If I am wrong in my facts, Mr. Govinda Menon can correct me. Section 4-A is the substantial section which lays down the law for deciding the rent. We have passed it and we have said therein that it shall not exceed more than twice the rent payable, but that if it exceeds, the increase shall be spread over more than one year so that in no year the rent shall be not more than one and a quarter times the rent payable for the year immediately preceding. Therefore, this procedural section cannot now re-open that section."

SRI M. P. GOVINDA MENON:—"This is about the fixing of fair rent. As already stated by me, the liability to pay fair rent arises only under section 28, which comes under clause 17. So I am entitled to move this amendment to clause 17."

DR. V. K. JOHN:—"I support the point of order raised by the Hon. the Chief Minister. This amendment is not in order at all."

THE HON. SRI C. RAJAGOPALACHARI:—"I think I am right."

SRI M. P. GOVINDA MENON:—"With very great respect to the Hon. the Chief Minister, I may point out that clause 4-A says how fair rent should be calculated. The liability to pay arises only under section 28."

THE HON. SRI C. RAJAGOPALACHARI:—"Would it be in order if the Bill provided fair rent to be determined in a particular way and the payment to be made in a different way?"

SRI M. P. GOVINDA MENON:—"If my amendment is accepted, the Government will have to come with consequential amendments."

THE HON. SRI C. RAJAGOPALACHARI:—"That amounts to saying that if the present amendment is accepted, we will have to alter the previous decision. That is why I say it is out of order."

MR. CHAIRMAN:—"I rule out of order the amendment of the hon. Member."

Clause 17 was put and carried.

Clauses 18 to 26 were put and carried.

Clause 1 was put and carried.

The Preamble was put and carried.

SRI K. P. KUTTIKRISHNAN NAIR:—"Sir, I move—
'That the Malabar Tenancy (Amendment) Bill 1953 (L.A. Bill No. 12 of 1953) (as passed by the Assembly), be read a third time and passed.'"

[18th January 1954]

MR. CHAIRMAN:—" Motion moved—

' That the Malabar Tenancy (Amendment) Bill, 1953 (L.A. Bill No. 12 of 1953) (as passed by the Assembly), be read a third time and passed.' "

DR. V. K. JOHN:—" Sir, it is my prayer and my fervent hope that wisdom will dawn upon this Government to go into this Act again and produce a rational measure of agrarian reform which will enable the owners of land to resume their land for cultivation if they *bona fide* require it and the tillers of the soil to be the owners of the land by allowing them to purchase the land in annuities. It was stated here that Mahatma Gandhi was of the opinion that there should not be anybody between the tiller and the Government. In many other States in India also opinions have been expressed by important persons, who have gone into this question, that the tiller of the soil should be the owner of the land. The present measure will only lead to further agitation for another legislation. I hope, Sir, wisdom will dawn upon the Government which will bring in a measure which will prevent exploitation and expropriation at the same time."

SRI M. P. GOVINDA MENON:—" Mr. Chairman, Sir, I concede that the present Bill as passed by both Houses is really an improvement over the 1951 Act. I do not want to go into all the questions. I shall just summarise them. As far as the cultivator is concerned, in fixing the fair rent, the cultivation expenses have been increased from 22 to 25 paras. It is a great deal so far as the cultivator is concerned. In the matter of eviction, an Explanation has been added to Clause (5) of sections 14 and 20 of the principal Act that in considering requirements for maintenance regard shall be had only to primary needs. I am not satisfied with that, but anyway it is an improvement on the previous Act. Again, under section 14, a cultivating verumpattamdar, who has been in continuous occupation of a holding for not less than six years, is protected. A person whose right to evict arises has to wait for two years. These are real improvements as far as the cultivating tenant is concerned. In respect of the provision for eviction of verumpattamdar, kanamdar, etc., also, there are some improvements."

" In the matter of fair rent, there is considerable improvement. Under the Malabar Tenancy Amendment Act of 1951, the tenant had to pay one-half of the net produce, after deducting twenty-two Palghat paras of paddy per acre for cultivation expenses, and an amount equal to one-half of the annual assessment payable in respect of the land. Under this Bill the cultivation expenses have been raised to twenty-five paras of paddy per acre, and the tenant need not pay one-half of the annual assessment for the land. In respect of garden lands also, the rent has been reduced and this is a considerable improvement."

" Certainly the tenants of Malabar will be grateful to the Government, especially to the Hon. Chief Minister who intervened and

[18th January 1954] [Sri M. P. Govinda Menon]

helped to get such an improved Act for the tenantry of Malabar. Of course, I am not satisfied. When I say this, it is not for the purpose of starting an agitation. As I said in a former speech on this Bill, agitation is the reflection of the position in the country. The Hon. Chief Minister might have gone a step further. If he had conceded complete fixity of tenure and fixed the rent at fair rent or contract rent whichever was less, the people of Malabar will be happier in spite of the drought which prevailed for the last several years. Unfortunately that has not been done. I also pray along with Dr. John that wisdom may dawn on this Government and that they may be pleased to give complete fixity of tenure and fix the rent at fair rent or contract rent whichever is less."

" This Act is not going to solve all the agrarian problems and ills of our country. But it will create a better relationship between the landlord and the tenant. This Act has done some good and it is an improvement on the 1951 Act. The people of Malabar will be grateful to the Hon. Law Minister and the Hon. Chief Minister for this Act."

MR. CHAIRMAN:—" The question is—

' That the Malabar Tenancy (Amendment) Bill, 1953 (L.A. Bill No. 12 of 1953) (as passed by the Assembly), be read a third time and passed.' "

The motion was carried and the Bill was passed.

MR. CHAIRMAN:—" The House stands adjourned *sine die*."

The House then adjourned *sine die*.

THE MADRAS DISTRICT BOARDS (AMENDMENT)
BILL, 1954

20th March 1954] [Sri K. Rajaram]

could not be held before the expiry of the term of office of the Members of the District Boards. It was then intended that the elections to the District Boards should be completed by 1st April 1954 but on account of preoccupations connected with the Andhra partition, arrangements for the conduct of elections to District Boards could not be taken up as expected. Further Government have under consideration proposals for the decentralisation of the functions of District Boards. It is in fact proposed that the future of local bodies in the rural areas may be determined finally after a thorough examination of the various aspects of the local administration relating to rural areas. There is one proposal under the consideration of the Government to have smaller units of administration like the Taluk Boards in the place of the present District Boards. Examination of this question by the Government and necessary legislation and administrative arrangements for bringing the changes into effect are bound to take some time. It is therefore felt that the reconstitution of the District Boards should not be put off indefinitely on that account. In these circumstances, Government propose to extend the term of office of the Members of the District Boards to 30th June 1954 and arrange to hold the elections so as to bring into existence elected District Boards by that date. This Bill contains necessary provisions for this purpose.

"I, therefore, introduce this Bill, and request that it be taken into consideration at once, Sir."

Mr. CHAIRMAN:—"Motion moved—

'That the Madras District Boards (Amendment) Bill, 1954, be taken into consideration at once.'

Dr. V. K. JOHN:—"Mr. Chairman, Sir, this Bill is a clear evidence of the inefficiency of the Government. My regret is that even after the Hon. Mr. Rajaram took charge of the department not much change or improvement has taken place. What are the facts? The elections to the District Boards ought to have been held on the 1st April 1953. I do not know why they were not held then. The Government then introduced a Bill and had it passed. That Bill conferred power on the Government to have Special Officers appointed. These Special Officers were appointed and they thought that the necessity for the continuance of the Special officers would last only till 1st April 1954. Now they find their terms should be extended till 30th June 1954. I do not see any reason at all why elections should have been postponed in this manner. Elections need not have been put off in the beginning itself. It need not have been put off last time. Now Government say elections would be held after 30th June 1954. I do not know whether elections would be held then at all. After the expiry of the present period they may come up with another Bill and ask for further extension of time. If they cannot give the excuse of partition of Andhra then, they will come forward with some other excuse. We regret to see that the Government are so inefficient and that this inefficiency should also go into the Statute Book. Government are playing with the most important thing which ought to create and promote a Welfare State in our country,

THE MADRAS LEGISLATIVE COUNCIL.

Saturday, the 20th March 1954.

The House met in the Council Chamber, Fort St. George, half past-three of the clock, Mr. Chairman (THE HON. DR. P. V. CHERIAN) in the Chair.

THE MADRAS DISTRICT BOARDS (AMENDMENT) BILL, 1954.

THE HON. SRI K. RAJARAM:—"Mr. Chairman, Sir, I beg leave to introduce the Madras District Boards (Amendment) Bill, 1954, and move—

'That the Bill be taken into consideration at once.'

"Sir, this Bill seeks to amend the Madras District Boards (Amendment) Act 1953 (Madras Act V of 1953). The old legislation was enacted with a view to provide for the appointment of Special Officers to District Boards on the 1st of July 1953, the date of expiry of the term of office of the Members of the District Board, because it was felt that the elections to the District Boards

[Dr. V. K. John] [20th March 1954]

namely, the Local Self-governing institutions. Article 40 of the Constitution of India provides that the State shall take steps to organize village panchayats and endow them with such powers and authorities as may be necessary to enable them to function as units of self-government. Now we had these so-called units of self-government for many, many years. In 1920 we had the Local Boards Act. Then in 1930 the Taluk Boards were abolished for some reason or other. Now there is an idea of bringing them back to life. But the Government have no idea of implementing Article 40 of the Constitution, namely, creating local self-governing units. The Britisher gave powers to these local bodies to light the streets and to attend to sanitary conditions within their jurisdiction. Now we must create really self-governing units which ought to collect revenue and spend large sums of money for the creation of a Welfare State and for solving the problem of unemployment. They should see that there are no beggars within their jurisdiction, that everybody is employed, fed, clothed, sheltered and educated, and sanitary conditions and social securities are provided. But now the Government are playing with the local self-governing bodies. I would suggest to Government, instead of thinking of restoring the Taluk Boards and, instead of playing with these local self-governing bodies, to bring in a comprehensive Bill which will really introduce local self-government in this State. After all it is decentralization that is now required—decentralization of administration. It may be that Ministers like to keep all power to themselves. It is no good at all. It is better to have local self-governing authorities instead of centralizing power and authority. There may be factions in those bodies. Are there not factions at higher levels? They may be factions in local self-governing bodies. But I wish to submit to the Government that a child can learn to walk only when it tries to do so though it may fall down now and then. Now, it should not matter at all if there are factions in the local bodies. We must create them and endow them with powers of self-government. Government must think over this matter and implement Article 40 of the Constitution of India which is fundamental according to Article 37 of the Constitution. Only it cannot be enforced in a court of law. I therefore suggest to Government that instead of playing with this very important matter, they must bring in a comprehensive Bill which will enable them to create and promote a Welfare State in this country. Some years ago we passed the Panchayats Act. But it has become a dead letter because the Government promised to give some money to those panchayats, and they could not find the money. I desire that as in Britain and other civilised countries where 25 per cent or more of the revenues are spent by local bodies, we should also empower the local bodies here to collect revenues and spend them carefully. Let not this Government play with this important matter but bring in a comprehensive measure as early as possible without wasting much time and create these local self-governing units. The unemployment problem can be solved only if local self-governing units are created and they are made responsible for the solution of the unemployment problem in their jurisdiction.

20th March 1954] [Dr. V. K. John]

"I say, Sir, that it gives no credit to this Government to introduce this Bill to extend from time to time the period which was fixed for the conduct of elections to these bodies, and also extend the life of the Special Officers. I must say that I condemn, and strongly condemn a Bill like this. But to-day it cannot be helped. Perhaps they may want a little more time to conduct the elections to these bodies. Even this 30th June 1954 is, I say, too long a period for conducting the elections. They can conduct the elections even much earlier. I would therefore request the Government not to bring in another Bill after some time to extend the period again."

SRI K. BHASHYAM :—"Mr. Chairman, Sir, the Deputy Leader of the Opposition has strongly condemned this Bill. This Bill has been brought before this House merely as a measure of administrative convenience. It is not as if there is any principle or policy relating to local self-government involved in it or that the Government have got any policy which is against what has been laid down in Article 40 of the Constitution. It is merely, as I said, a matter of convenience whether elections to the District Boards can be held now or a little later. It is true that elections must be held in an atmosphere which will enable all persons to come and vote with a free mind without any preoccupation. It was therefore necessary to postpone the elections at a time when excitement was high and people were engrossed with the partition of the State. I think the Opposition will agree with this view that in those circumstances elections could not be held and it was necessary to postpone them for a while. Now the question is whether this time-limit should be extended till the end of June 1954. This has been considered by the Government and I therefore support it. The arguments of the Opposition are also not against the present Bill altogether. I am sure that even if such a Bill had been brought forward at the instance of the District Boards that the elections should be postponed at a time of excitement like the partition of the State, the argument would have been valid.

"So far as the other ground for postponing the elections, namely, that the Government have in view further devolution of powers in regard to local self-Government, is concerned, it is also a perfectly valid argument. In fact, I can say, it will be in furtherance of the policy which the Deputy Leader of the Opposition desires. He wants as much decentralization of local self-Government as possible so that more and more persons can take part in local self-Governing institutions.

"Sir, reference has been made to the Panchayats Act. I think this Act is a step in the right direction and it had been passed for the purpose of implementing Article 40 of the Constitution. If this Act has not been put through much quicker than it has been, it is not because the Government are unwilling but because the people themselves are not quite ready. In the recent elections to Panchayat Boards there have been so many election disputes and

[Sri K. Bhashyam]

[20th March 1954]

we find a large number of these election writ petitions accumulating in the Madras High Court. I think it is merely a waste of shot and powder to oppose the introduction of the Bill before the House."

SRI T. PURUSHOTHAM:—"Mr. Chairman, Sir, this is the first time that an official Bill is being first introduced in this House and I congratulate the Government on doing so. This is a short Bill and there is no room for any controversy. But it should be stated that the Bill seeks to prolong the administration of the District Boards by officials and to that extent it is not a commendable piece of legislation. However, in the circumstances stated by the Government it is a necessary evil. It is said in the statement of Objects and Reasons that a scheme for the decentralization of the functions of the District Boards is under consideration. Pending a decision on this question, the elections to the District Boards could have been held before the expiry of the due date. The Legislature has now simply to bow to the decision of the Government and pass this Bill for prolonging the undemocratic rule in the District Boards. Let us at least have this assurance that in view of the objections raised by the Hon. the Deputy Leader of the Opposition, no more extension of time would be asked of the Legislature except perhaps in regard to the West Coast where on account of monsoon conditions, I believe my hon. Friend, Sri S. Narsapaya, considers that elections may not be held before September. In the case of those districts, such a special provision may be made. I would request the Government to take the House into their confidence and tell us what arrangements have been made for holding elections to the other District Boards. I would also like them to tell us at least now the programme of dates for these elections, whether elections are proposed to be held for all the districts together or separately, whether the final electoral rolls are ready and whether the necessary establishments have been sanctioned for conducting the elections. In a way, I would like to add that with sufficient administrative foresight, such requests for extensions could have been avoided. I certainly hope that there will be no need for the Government to come before the House for further extensions.

"It is said that the Government will take steps to introduce legislation for the establishment of Taluk Boards to replace the existing District Boards and to perform all their functions in the respective areas. I am sure the Government will appoint an expert committee to go into this question because I find that at a conference of Collectors which was held some time back such a decision has been taken on the advice of the District Collectors who happen to be Special Officers of the District Boards. I do not see any reason why no non-officials were invited to this Conference. Naturally, the Collectors nodded assent to the proposals of the Government. I would therefore request the Government to appoint a representative non-official committee to go into this question of the proposed abolition of District Boards in all its aspects before any final decision is taken by the Government. I

[20th March 1954] [Sri T. Purushotham]

once again repeat what I have stated several times in this House that the Government ought to publish the report of the committee that was appointed some time ago. I do not see any reason why the Government should fight shy of publishing the findings of the Kuttikrishna Menon Committee's report. I even now request the Government to place it before the House so that we may know what that Committee have said in regard to the question of the abolition of the District Boards, the revival of Taluk Boards, etc.

"So far as this Bill is concerned, I feel that there is no alternative but to accept it, and so I support the motion before the House moved by the Hon. the Minister for Local Administration."

SRI MOHAMED RAZA KHAN:—"Mr. Chairman, Sir, I have no doubt in my mind that this Bill will get through this House. I had great sympathy for the Hon. Sri K. Rajaram, the Minister in charge, when he introduced this small Bill but I feel very strongly that it would be successfully pushed through after the able support it has received from the hon. Member, Sri K. Bhashyam, who, though sitting on the same side as the Government, is sometimes more aggressive in his criticisms than the Members of the Opposition."

SRI K. BHASHYAM:—"I have always given my silent support."

SRI MOHAMED RAZA KHAN:—"Sir, Members are prone to misunderstand that I am defending the Deputy Leader of the Opposition. Whatever the Deputy Leader of the Opposition has got to say, he will defend himself at the second reading stage of the Bill.

"Sir, if we go through the proceedings of this House and of the other House, we will see that the then Minister in charge of Local Administration and even the Hon. the Chief Minister also have given definite assurances that whatever be the cost and whatever may be the conditions and the circumstances prevailing, elections to the District Boards would be conducted before the 30th of April 1954 and that the new District Boards would come into being then. The Government knew quite well that the partition of the State was there with its attendant problems and yet they gave this assurance. We know the difficulties of the Government and we ought to be charitable enough but the fact remains that nothing can prevent the Government of Madras from coming up and saying in the middle of June that they had tried their best to hold the elections, that the usual difficulties like the monsoon or things of that sort had delayed the elections and that therefore another extension of three months should be given. This is always the tendency of the Government. Though the House may not grudge to grant the extension the Government are asking, such reasons that certain difficulties stood in the way do not appeal to us.

[Sri Mohamed Raza Khan] [20th March 1954]

"Another thing which I wish to mention is in regard to the reference made by the hon. Member Sri T. Purushotham regarding the publication of the Kuttikrishna Menon Committee's report. I know, Sir, that at present it will be said that the Bill before the House is only an innocuous Bill whereby the Government seek power to extend the term of the Special Officers by another period of three months within which time they would hold the elections, and that this is not the time to discuss the working of the District Boards and other relevant factors. The whole case is that the Government themselves have stated in the Statement of Objects and Reasons that they want a three months' extension as arrangements for the conduct of elections to District Boards could not be taken up because a scheme for the decentralisation of the functions of District Boards, that is the replacement of District Boards by Taluk Boards, is pending consideration. In fact, Sir, it was not a wise policy on the part of the Government to mix up both the issues. The issue is very simple. The Government gave a promise that they would conduct elections within a certain date and they have to keep to that promise. If they wanted Taluk Boards, they could say that in the course of the working of the District Boards they had found that they were not functioning properly and that the interests of the various taluks were not being looked after properly. I think, Sir, the Government have mixed up the issue of holding elections to District Boards with the other one, namely, the formation of Taluk Boards. I should like to ask, where is the finality in all these matters? There seems to be no finality with regard to these matters. Government themselves say that elections to District Boards will be held. But it has been stated in the Statement of Objects and Reasons that a scheme for the decentralization of the functions of District Boards has been under the consideration of the Government and pending a decision on that scheme, arrangements for the conduct of elections to District Boards could not be taken up. Government have been saying during the last two or three months that they are going to constitute Taluk Boards. Taluk Boards were in existence some 20 or 25 years ago. I do not know what was the experience of Government with regard to the functioning of these Taluk Boards when they existed a long time ago. I do not know whether the reasons for the abolition of Taluk Boards do not hold good even now. Anyhow, Sir, I feel that whenever the Government give an assurance on the floor of the House that elections will be completed within a particular period of time, they should see that they are so completed within that particular period of time. Otherwise a bad precedent is set up. The Hon. the Minister for Local Administration really feels that extension of time for holding elections to District Boards should be given, because it is not possible to hold elections to District Boards within the 31st March 1954, as provided for in the Madras District Boards (Amendment) Act, 1953, and I think we can give our support to the Bill introduced by the Hon. the Minister for Local Administration seeking extension of time up to the 30th June 1954."

20th March 1954]

SRI K. BALASUBRAMANYA AYYAR:—"Mr. Chairman, Sir, I had no idea of intervening in this debate; but, after hearing the speech delivered by the hon. Member Sri K. Bhashyam, I want to say one or two words. I find that notice of an amendment has been given to clause 2 of the Bill seeking extension of time to hold elections to District Boards up to 31st October 1954 instead of 30th June 1954 as provided for in the Bill. This amendment has come from Sri S. Narsapaya, the Chief Whip of the Congress Party. I do not know whether the Government will accept this amendment. The hon. Member Sri K. Bhashyam imagines that the Deputy Leader of the Opposition has embarked on a tirade against this Bill. It is not a tirade at all, and the Deputy Leader of the Opposition knows very well when he should embark on a tirade. Because of the amendment moved seeking further extension of time up to 31st October 1954, the Deputy Leader of the Opposition was forced to advise the Government that elections should not be postponed further and should be held at the earliest opportunity."

THE HON. SRI K. RAJARAM:—"Mr. Chairman, Sir, I thank hon. Members for having taken so much interest in this Bill. I shall try to clear some of the doubts raised by several hon. Members during the debate. The Deputy Leader of the Opposition in the course of his speech said that elections to District Boards should have already been held, that he could not understand the delay in holding the elections, and that he wanted to know why elections to District Boards were not held even before last July. Sir, the Deputy Leader of the Opposition was fully aware that the Andhra partition was imminent and that elections could not be held before July 1953. That was why the previous enactment [The Madras District Boards (Amendment) Bill, 1953] was passed intending that the elections to District Boards should be completed by April 1st, 1954. After the Andhra partition, the Government had reorganization work in the Secretariat and so much other work that they could not make arrangements to hold elections to District Boards. Now, Sir, hon. Members must have read in the Press the notifications issued already by the Government regarding the holding of elections to District Boards. We have already appointed Election Officers for holding elections to District Boards. These officers have taken charge and their offices have been opened in the offices of the District Boards. Necessary staff has been sanctioned. The Government are, therefore, now ready to conduct the elections and a programme has been chalked out.

"Some of our friends from the West Coast have raised a point with regard to the date by which elections to District Boards should be completed and whether the date should not be 31st October 1954. But let us take up that point at the second reading stage of the Bill.

"Sri T. Purushotham wanted certain clarifications from the Government. He wanted to know whether this subject was discussed at the Collectors' Conference held sometime back and

[Sri K. Rajaram] [20th March 1954]

whether the decision of the Government to extend the term of Special Officers was taken on the advice of Collectors. He also wanted to know as to what had become of the Kuttikrishna Menon Committee's report. My Hon. Colleague Sri M. Bhaktavatsalam has already pointed out both in this House and in the other House very clearly that the Government are going to appoint a High Level Committee consisting of experienced and retired officials in local bodies and some Members of this House as well as the other House. The Kuttikrishna Menon Committee's report will also be placed before that Committee. The intention of the Government is to have a comprehensive legislation for all the local bodies as mentioned by the Deputy Leader of the Opposition.

"In this connection I want to tell hon. Members of this House that the Government cannot stop after merely discussing about Taluk Boards and District Boards. We have to take into consideration the Panchayat Boards also because in several respects whether they be Taluk Boards or District Boards they have some jurisdiction over Panchayat Boards also. As far as hospitals, big roads, etc., are concerned, District Boards or Taluk Boards must take charge of them and Panchayat Boards cannot be expected to spend money on such big institutions.

"Now, Sir, I shall come to the point raised by the hon. Member Sri Raza Khan. He said that the Taluk Boards were abolished a long time ago and asked whether the reasons for their abolition did not hold good even now. In those days, not only Taluk Boards but also District Boards were in existence and both of them were having the same powers. Therefore it was thought necessary by the then Justice Party Government to abolish the Taluk Boards and the District Boards were abolished accordingly. This might have been a good policy in those days. But now, after Independence, our State has become a Welfare State, and we have to look after villages first. We have taken up so many intensive development works in villages and there must be some responsible body to look after these village development works. It is better to have a small body like the Taluk Board or the Firka Board to look after these development works. In cities there are no such development works as in villages. It will be too unwieldy for the District Boards to manage these works. After the completion of our local development works—the Community Projects and the National Extension Service Schemes—the Government will withdraw the officers at present in charge of those schemes and entrust them to the local bodies concerned and they will have to maintain these works like maternity hospitals or educational institutions. If we hand over all these institutions to the District Boards I do not think they will be able to administer these institutions very efficiently. The Government, therefore, are very seriously thinking whether they should form Taluk Boards or not. As we have decided to form a Committee to go into this matter, we have left it at that.

"But, regarding elections to the District Boards, even if this Committee is constituted next month, it will take at least one year

[Sri K. Rajaram] 20th March 1954]

for the Committee to present its report to the Government and that report will have to be taken into consideration by the Government. Then necessary legislation must be brought up and all the provisions now contained in the District Boards Act would have to be incorporated in the Taluk Boards Act also. It will take much time and it will take some more time for holding the elections to the Taluk Boards.

"The hon. Member Sri T. Purushotham said that District Boards were now governed in an undemocratic way. In this connection, I want to tell hon. Members one thing. After my taking up office, I can proudly say that not even a single complaint has been received from any district or from any quarter against the administration of the District Boards by the Special Officers. But even then we feel that we should have democratic bodies. The Congress, as a democratic body, feels that democratic institutions must run these local bodies. We want to conduct the elections immediately and we do not want to delay them any further. The elections will be held in June. The Taluk Boards Bill may be ready in a year or two and then we may bring forward that Bill. It may take some time for us to pass the Bill. If the present District Board elections are over, those members who are elected may continue for two or three years and afterwards we can have the Taluk Boards. This is not at all a complicated matter. I therefore, request that this Bill be taken into consideration at once."

MR. CHAIRMAN :—"The question is—

'That the Madras District Boards (Amendment) Bill, 1954, be taken into consideration at once.'

The motion was carried.

The clause by clause discussion of the Bill was then taken up.

Clause 2.

MR. CHAIRMAN :—"The motion is—

'That Clause 2 do stand part of the Bill.'

SRI S. NARSAPAYA :—"Sir, I move—

'In sub-clause (2), for the figures, letters and word "30th June 1954", substitute the figures, letters and word "31st October 1954".'

I am moving this amendment for more reasons than one. First of all, if this amendment is passed, the apprehension of the hon. Gentleman the Deputy Leader of the Opposition and Sri Mohamed Raza Khan that the Government might come again and again for extension of time will be allayed. I wish that the Government should not come again and again for extension of time but must once for all take the necessary time. But the main reason why I am moving this amendment is that the District Board elections may not be held in a hurry and in an unsatisfactory manner

[Sri S. Narsapaya] [20th March 1954]

From reliable reports I learn that the electoral roll itself is not yet ready. No doubt, Special Officers have been appointed for that purpose and they are doing their work as expeditiously as possible. But, still the electoral roll is not yet completed and finalised and it may take at least a month more for the electoral roll to be completed, properly arranged and published. Then, under Rule 2 of the Election Rules, it is essential that there should be clear 45 days between the publication of the final electoral roll and the date of the election. Then there are other preliminaries such as the publication of the dates, the issue of notice calling for nominations, etc., and then there is the holding of elections. Therefore whatever may be the good intentions of the Government it would not be possible for them to hold the elections before the end of May. At best, the elections may be held in June.

"Sir, hon. Members are aware that about the end of May the monsoon sets in the West Coast and particularly this year since the rains have stopped very early, we expect that the monsoon will start even about the middle of May. Once the monsoon sets in in the West Coast, it will be absolutely impossible for us to do any out door work. The rigour of the monsoon and the incessant downpour of rains cannot be imagined by those who are not acquainted with my district and Malabar. One has to see it for oneself.

"Then, Sir, the election booths for these elections will be spread over the entire district, one booth serving a number of villages. The voters will invariably have to walk at least four or five miles to reach the election booths. Sir, unlike the houses or villages in the East Coast, the houses in the West Coast are all spread out in the villages and even if a person has got an election booth in his own village, he may have to walk two or three miles to reach the election booth. Apart from the incessant downpour of rains, all the streams, channels and rivulets will be completely filled up and will be unfordable and it will be very difficult for the voters to reach the election booths. Then, as soon as the monsoon sets in, the cultivation operations begin. As hon. Members are aware, the majority of the voters are cultivators and at the beginning of the rainy season, the villagers will have to be in their fields attending to the cultivation work and they will not be in a position to get out of the village or go to the election booths. So, if the elections are held in June, the result will be that the majority of the voters will not be able to take part in them. They will be denied the opportunity of exercising their franchise. After all, we have waited all these years. Let us have a satisfactory election. Let it not be said afterwards that the elections were not held properly and that the majority of the voters were not able to take part in them. After all, the extension of time by about four months will not jeopardise the interests of anybody. But the people of Malabar and South Kanara will have the satisfaction that the elections were held at a time convenient to them and that they had every chance of taking part in them and were not prevented from doing so. I may also bring to the notice of this House that all along the elections to the District Boards in our district were

[Sri S. Narsapaya] 20th March 1954]

taking place in the month of October and the new District Boards were functioning from November. The reason for this is that it would be impossible to hold the elections in the months of June, July, August and September. That was why every District Board election in the past was being held in October and the new Board was entering office in November. For all these reasons, I appeal to the Hon. the Minister for Local Administration to accept this amendment and I earnestly appeal to this House to pass this amendment."

SRI K. BHASHYAM :—"Sir, I second the amendment. The Mover of the amendment has graphically described the difficulties the voters and the candidates will have to undergo if the elections are to be held in the months of May or June. Sir, he has complained about the monsoon and the heavy downpour that takes place in the West Coast. There is another reason so far as the other districts also are concerned. May and June are the hottest part of the year, and it will be difficult for candidates to go about canvassing voters and bringing them to the polling booth to exercise their franchise. Therefore, it would be better if elections are held in cool months, namely, October and November. In the interests of the electors of not only the West Coast but also of the other districts, it would be better to postpone elections until October.

"There are other technical difficulties also. There is one important thing which strikes me as something that should persuade the House to agree to the postponement of the elections until October. The Hon. the Minister in charge of Local Administration took pride in the fact that the Special Officers were doing splendid work, they were working so very efficiently, and that he did not receive any complaints against them. I think, therefore, the Special Officers ought to continue for some time longer. (Dr. V. K. John : 'Dangerous'.) Not at all dangerous. Autocratic dose for a short time in a democracy will do some good. That is my view. Apart from this, what I point out is that the Special Officers now in charge of these boards will certainly undo all the mischief done during a long period when they (the Boards) were under the non-officials. If elections to these Boards are to be postponed by about six months, I welcome that, because at the end of the period of six months, these Boards will be handed over to the Presidents in a well administered and efficient condition. These are the reasons which really prompted me to support this amendment. Of course the Deputy Leader of the Opposition will not agree. He is so democratically minded. If he has the welfare of the people at heart, he must accept the amendment seeking to postpone elections until October. For these reasons, I support the amendment for postponing the elections until October."

MR. CHAIRMAN :—"Amendment moved—

SRI T. PURUSHOTHAM :—“ Sir, as one representing local authorities, I wish emphatically to oppose this amendment.”

MR. CHAIRMAN :—“ The hon. Member will continue his speech on the 23rd March 1954. The House will now adjourn and meet again at 3-30 p.m. on the 23rd March 1954.”

The House then adjourned to meet again at 3-30 p.m. on Tuesday, the 23rd March 1954.

THE MADRAS DISTRICT BOARDS (AMENDMENT)
BILL 1954 (L.C. BILL No. 4 OF 1954)

23rd March 1954] [Sri T. Purushotham]

it sought to prolong the undemocratic way of administration of the district boards. The hon. Member told us that electoral rolls were not ready in several of the districts. The Hon. the Minister for Local Administration on the other hand told us the other day that all arrangements had been completed for holding the elections, that the necessary staff had been appointed, and that the electoral rolls were also ready. If electoral rolls are not ready in some districts, only in respect of those districts a special provision may be made in the Bill for prolonging the administration by special officers. The other argument advanced by the hon. Member from the West Coast was that monsoonic conditions were not favourable for holding the elections in the West Coast in May or June. The hon. Member representing the Graduates' constituency stated that the hottest part of the year in the other districts would be May and June. If we are to take into consideration the climatic conditions of the different places, then I think we may not be able to hold the elections at any stated period, because while in certain districts it will be the hottest summer, in certain other districts it will be severe monsoon season. Therefore, as I stated earlier, special provision may be made in the Bill for holding elections in the West Coast at a later date. In other districts, elections may be conducted according to the programme already laid down by the Government. The hon. Member, Sri K. Bhashyam also stated that the administration of the district boards by non-officials might not be said to be above board, and that it was fraught with mischief. I am afraid that it is not fair on the part of the hon. Member to have characterised the non-official administration of the district boards like that. The non-officials are carrying on the administration as efficiently as they can, and it is not proper that any such remarks should be made. He also said that there was no complaint at all as far as the present Special Officers were concerned. If there is no complaint that does not mean that there is good administration. It is only indicative of the fact that under the present administration of the District Boards there is no progress, they are just carrying on in a routine way, and there is no progress. So I say, I am against the extension of the term of the Special Officers' regime. If, as stated by the hon. Member from the West Coast, for the sake of conducting the elections efficiently and in accordance with rules, which require that there should be prescribed intervals between the different stages for holding the elections, more time is required, then I think there might be some case for the further extension sought for in the Bill. But all the same the Government should give an assurance that elections will be conducted in the case of the District Boards where preliminary arrangements are fairly complete. The dates for elections should be so staggered in the several districts that the temporary election staff is reduced and that the same staff is made to go round and conduct the elections by stages in the different districts. We cannot keep on the entire establishment that we have sanctioned now for all the districts. Therefore I would request Government to give an assurance that they will cut down the temporary staff that is now appointed for the elections suitably and that only the minimum staff will be retained and that the staff will be sent from district to district,

THE MADRAS LEGISLATIVE COUNCIL.

Tuesday, the 23rd March 1954.

The House met in the Council Chamber, Fort St. George, at half-past three of the clock, Mr. Chairman (THE HON. DR. P. V. CHERIAN) in the Chair.

THE MADRAS DISTRICT BOARDS (AMENDMENT) BILL, 1954
(L.C. BILL NO. 4 OF 1954)—cont.

SRI T. PURUSHOTHAM:—“ Mr. Chairman, Sir, I stated the other day that I emphatically disagreed with the amendment proposed by the hon. Member representing the local authorities in the West Coast. I said that I objected to the amendment, because

[Sri T. Purushotham] [23rd March 1954]

where elections are to be held. If Government should agree to the above course, the amendment of the hon. Member from the West Coast may be accepted.

"I should like to hear what the Government are going to say on this issue, and if a later date should be fixed as proposed in the amendment, the House, I believe, would be glad to be assured that the elections, for which arrangements are ready now in some of the districts, will be conducted as scheduled and that they will not be put off till the end of the period that is now proposed by the hon. Member from the West Coast.

"In this connexion I should also like to congratulate the Hon. the Minister for Local Administration on what he has said in reply to the speeches made during the introduction stage of the Bill. He said that Government proposed to appoint a committee for investigating the whole question of the future of the District Boards and the Panchayat Boards. A High Power Committee, he said, would be appointed. We have been having so many changes in local administration. One Ministry wanted to retain the District Boards. Another wanted that the Taluk Boards should be there. A third said that the Taluk Boards should go. Now the proposal is that the Taluk Boards should be revived. Therefore a Committee, as was referred to by the Hon. Minister, is absolutely necessary, and I take this occasion to congratulate the Government on having come to that decision. I am glad also that he said that the future of the Panchayat Boards will be considered by that High Level Committee. I feel that in order to evolve a pattern of local self-Government for the whole of India, a Central High Power Commission should be appointed so that we may have a framework on which the local administration may be built up with suitable modifications to fit in with local conditions. I do not know whether any steps are being taken in that direction. I should like the State Government to move in the matter. At any rate I am glad the State Government are going to appoint a Committee to examine the future of the District Boards and Panchayat Boards, and I thank them for the same."

SRI MOHAMED RAZA KHAN :—"Mr. Chairman, Sir, with your permission at the outset let me congratulate the hon. Member Sri Narsapaya, who has brought forward this amendment, on his brilliant success this morning in the elections to this House. (Interruption.) Of course, if the Chair permits me, I congratulate also my two very good friends, the veteran Annamalai Pillai and Sri T. G. Krishnamurthi. Of course it is on behalf of the Opposition that I congratulate these hon. Members. Because I congratulate the hon. Member, Sri Narsapaya, it does not mean that I am going to accept his amendment blindly, for his arguments were very contradictory, if I may say so. He is a clever lawyer from the West Coast, and he tried to argue two points at the same time in the hope that if the first should fail, he could press the second for consideration and get it accepted. That is no good on principle. The straightforward course would be to take his stand on only one point and fail or succeed on that single point.

[Sri Mohamed Raza Khan] [23rd March 1954]

The hon. Member Sri Narsapaya has said that arrangements for the conduct of elections are not yet complete. But the Hon. the Minister in charge of Local Administration said that he hoped to complete the elections to these District Boards by the 30th of June 1954. I do not know who is right. It is for the Hon. the Minister for Local Administration to come out with a categorical statement that, allowing for the preparation of the electoral rolls, allowing for the time lag that may be necessary for making arrangements the conduct of elections and anticipating other contingencies the Government have come to the conclusion that the elections could be completed by the period stated in the Bill, namely, 30th June 1954. I do feel the Hon. the Minister for Local Administration would have already thought about the various difficulties referred to by the hon. Member Sri Narsapaya, and that is why the Hon. Minister has come before the House for extending the period only up to 30th June 1954. I think the Government feel sure that they will be able to complete the elections to these District Boards by that period because there were already objections that the period should not be further extended unless there were extraordinary circumstances necessitating the extension of the period further. Now the hon. Member Sri Narsapaya, who is the Chief Whip and a prominent member of the party in power, says that it would take more time to complete the elections. Perhaps that may also be true as things are progressing at present. In these circumstances I do not know which statement I have to accept; either the statement of the Hon. Minister or the statement of the hon. Member Sri Narsapaya. However, when the Hon. Minister himself says that practically every arrangement for the conduct of the elections has been completed, I do not think I need accept the statement of the hon. Member Sri Narsapaya.

"As regards the other points raised by the hon. Member such as difficulties due to monsoon and other causes, I wish to submit that after all conditions differ in different districts. The West Coast differs in many ways from the East Coast. When there is monsoon in the West Coast there will be terrible summer in the East Coast for us. If it is inconvenient for the people on the West coast, it may not be inconvenient for the people in the East Coast. If the Hon. Minister feels that it would be difficult to conduct the elections to the district of South Kanara and Malabar before the time mentioned in the Bill, if the Government feel it would be unfair to conduct the elections in those districts during the monsoon, during heavy and torrential rains, as people will not be able to go to the polling booths during that period, we do not want to press that the elections should be held in those districts also before that period. I am sure, if it is so difficult, the Government of Madras can devise some method by which the elections in those particular districts could be postponed. They can do this by an executive order or take the permission of the House that the Government should have power to postpone elections in certain districts. This can be decided by the Hon. the Minister for Local Administration.

[Sri Mohamed Raza Khan] [23rd March 1954]

"I do not want to comment much on the fine speech of the Hon. the Minister for Local Administration, who is really anxious to reconstitute these local bodies on a proper basis. Whatever be the difficulties he will be able to remove them with the experience he has gained so far and with the help of the High Power Commission which he proposes to constitute with men of eminence who have special knowledge and experience in the subject. This High Power Committee, I am sure, will be of very great help to him in his endeavour to reconstitute the local bodies on a proper basis.

"One word more, Sir, and I shall finish. I was wondering how the hon. Member Sri Narsapaya managed to get the hon. Member Sri Bhashyam to second his amendment. It was the greatest surprise to me."

SRI S. NARSAPAYA:—"It is the proper thing and therefore he supports me."

SRI K. BHASHYAM:—"He is my neighbour."

SRI MOHAMED RAZA KHAN:—"However, the hon. Member Sri Bhashyam, knowing for certain that the reasons given in support of the amendment asking for postponement of the elections were not good and valid, probably felt that the amendment brought in by his colleague should not fall through for want of a seconder. That is the reason why, I think, he supported the amendment. That is the liberal interpretation that I want to put upon it. Whatever that be, his argument that no great harm would be done to these local bodies by a further extension of six months, looks very strange, coming as it does from a prominent member of the Congress Party, which swears by democracy, which stood for democracy worked for it for so long, and even today stands for those things. Possibly the Special Officers—the Personal Assistants to the Collectors—might have done good work. They might have performed a difficult task. But that does not mean that they must be allowed to continue indefinitely.

"Therefore, Sir, I oppose the amendment, and I am sure the Government will see to it that the elections are completed within the time specified in the Bill, and we have new District Boards functioning from that date throughout the State."

SRI M. SATYANARAYANA:—"Mr. Chairman, Sir, I want to support this amendment for the postponement of the elections. I have different reasons to support it from what my hon. Friend Sri Narsapaya stated as his reasons for the postponement of the elections. His reasons are of course very valid. My reasons are that we have been having these District Boards for a long time.

"Sometimes the Taluk Boards have been coming up very prominently and sometimes the District Boards have been coming up prominently. If we want to have Taluk Boards, the question that will be asked is, what should be their powers? In addition to these Taluk Boards, we will be having the Panchayat Boards also.

[Sri M. Satyanarayana] [23rd March 1954]

We have heard for the first time from a Cabinet Minister that there is an idea to have something like a decentralisation policy. This idea of decentralisation has now come up from the point of view of replacing the District Boards by Taluk Boards. My own feeling is that we must pursue this decentralisation of the administration down to the Panchayat Boards. We have to-day a highly centralised Government and this Government are now thinking in terms of decentralising the administration, and the question is whether it should be kept at the district level or at the taluk level. The present district administration was envisaged and brought into existence at a time when no proper calculation or survey was made of the population or the resources of the districts. The districts have been there for a long time and we are continuing them. There are certain districts which have a large population and a large revenue and there are other districts which have no large population at all. In our State as a whole there are certain districts having a population of more than 35 lakhs and certain other districts having a very small population. For instance, the Nilgiris, has only a population of 3,12,000. In the same way, if we take area into consideration, there are certain large districts like Salem and Coimbatore whose area is about 45 lakhs of acres. Similarly in regard to revenue also they are greatly disproportionate. Therefore, we can say that there is no similarity in any respect between these districts, and consequently there are a large number of disabilities. It is only for the purpose of removing these disabilities that we are now thinking of decentralising the various powers given to the District Boards and also of giving more powers to the local self-governing institutions. I would suggest for the consideration of the Committee that is going to be appointed, the Department that is concerned and the officer who is going to be appointed to go into the question of the administration of local self-governing institutions, that the whole State should be divided into different regions, each region consisting of three or four districts according to their size. The administration of each region should be entrusted to a Regional Council consisting of Members of the Legislative Assembly and the Legislative Council, the District Collectors concerned and the various other departmental officers working under the authority of the State Government. This Council should be entrusted with the full responsibility for carrying on the various services required by the people. Thus, we will be not only decentralising the administration at the Panchayat Board and the Taluk Board level but also at the State level. It might be asked, 'How are we going to find the money for the functioning of these Regional Councils?' I would suggest that the land revenue which is now being collected in the particular region should be made over to the Regional Council concerned. I am making this suggestion now because this is the proper time to make it, for we are discussing the District Boards Bill now. It will certainly be possible for the Regional Council to administer itself though a region may consist of four large districts. For instance, Madras City is having a revenue of Rs. 2 crores. We have a very efficient Corporation which has been permitted to collect house tax, and it is able to manage its affairs very well. The Corporation is also having sufficient revenue.

[Sri M. Satyanarayana] [23rd March 1954]

In the same way each one of these Regional Councils will be having a revenue of about Rs. 2 crores and they can try to become very good administrative units as far as each region is concerned. For instance, the Tamil districts alone of our State can be divided into three regions. The Palar region may consist of . . ."

DR. V. K. JOHN :—" On a point of order, Sir. The hon. Member is now discussing the general principles of the Bill and not the amendment before the House. The motion that the Bill be taken into consideration has already been passed and the hon. Member is addressing the House as if it is now the first reading stage."

SRI K. BHASHYAM :—" Sir, it is no point of order at all."

SRI M. SATYANARAYANA :—" Sir, it may or may not be a point of order. I am only speaking on the amendment. Various reasons have been given for postponing the elections. In addition to the reasons given by the hon. Member Sri S. Narsapaya, there are also several other solid reasons for which I would very much like these elections to be postponed not only till December 1954 but even beyond period. I therefore think that my arguments are neither irrelevant nor out of place. Sir, I therefore request that I might be permitted to say a few more things. The administration is to be decentralised at the Taluk Board level. This idea may be further expanded to the regional level consisting of three or four districts. Taking for instance the Palar region, as I conceive it, it may consist of the four districts of Chingleput, South Arcot, North Arcot and Salem, with an area of about a crore of acres."

THE HON. SRI C. SUBRAMANIAM :—" The hon. Member wants us to go back to the Chera, Chola and Pandyan era."

SRI M. SATYANARAYANA :—" That is history, Sir, but what I am now stating is a matter of administrative convenience. (An hon. Member : 'Imperialistic convenience.') I am not saying this as a matter of imperialistic convenience. I am suggesting these things only in the interest of administrative convenience. The Central Tamilnad Region will be having an area of a crore and ten lakhs of acres with an approximate population of 95 lakhs. The other region, namely, the Southern Tamilnad will be having an area of nearly 89 lakhs of acres and a population of about 74 lakhs. These regions will be more or less having their revenues also distributed evenly. I have got many other details which I can place before the House but as the Hon. the Deputy Leader of the Opposition is already getting impatient, I do not propose to go into any details. I have given all these reasons so that the Hon. the Minister for Local Administration may think over them in terms of the Constitution wherein it is stated that the Panchayat Boards should be entrusted with large powers. We should have complete decentralisation of the various types of administrative functions so that we will be able to train our citizens to handle their own affairs

23rd March 1954] [Sri M. Satyanarayana]

with the least amount of control. If there is any trouble, the State Government could step in and lay down certain policies. The State Government should find the revenue and direct that these be given to the local bodies, and both the State Government and the local self-governing institutions should march hand in hand so that the maximum benefit of the services they can render financially, educationally, etc., may go to the people. With these words I support the amendment. If the Hon. Minister in charge accepts the amendment, I will be very glad though I would like to have the elections postponed even for a longer period. Meanwhile the Government can appoint a Committee to consider the suggestions made so that there may be a proper decentralisation of powers and people can have the full benefit of participating in the administration as much as possible."

DR. V. K. JOHN :—" Mr. Chairman, Sir, I welcome this amendment which has been moved by the hon. Member Sri S. Narsapaya and supported very strongly and ably by the hon. Gentleman, S. K. Bhashyam. I welcome it because it is my view that there should not be a whip in any matter which does not raise an issue of confidence in the Government. Every Bill ought to be left to the individual judgment of the Members of the House. I am glad therefore that somebody from the Congress benches, namely, the Chief Whip of the Congress Party himself, has moved this amendment. If we want to establish the sovereignty of the people and make the executive responsible to the Legislature and the Legislature supreme, I say that there should not be too much of party discipline. There should be a party whip sent round only when there is a motion of no-confidence against the Government or the Government consider a particular measure as a question of confidence. I therefore welcome this amendment but I think this amendment should be condemned because the Government have postponed these elections from time to time for too long a period. I think the Government are right in asking only for the minimum period, namely, up to the 30th June 1954, and I have to oppose this amendment because it is not in the interests of the public to have these elections postponed any further. As I do not propose to speak at the third reading stage of the Bill, I wish to make one or two more remarks now. I welcome the assurance given by the Hon. the Minister for Local Administration, Sri K. Rajaram, that a comprehensive Bill will be introduced and that the holding of elections to District Boards is only a temporary thing. I do hope that the Government will bring forward a comprehensive Bill. It is my hope that in the meantime the portfolios of Hon. Ministers will not be changed and that there will not be a new Minister in charge of Local Administration. It has been my experience from 1946 that whenever a Minister takes up a question, he soon ceases to be a Minister. If the matter is left to Hon. Minister Sri K. Rajaram I am quite sure he will come forward with a comprehensive Bill. Sir, I oppose the amendment moved by the hon. Member Sri S. Narsapaya."

[23rd March 1954]

SRI G. KRISHNAMURTHI :—" Mr. Chairman, Sir, I heartily support the amendment brought in by the hon. Member Sri S. Narsapaya and I support his amendment for quite a different reason. We the teachers are having a kind of dual mastership. If the District Boards are to be abolished, we do not know whether our High Schools will be put in charge of Taluk Boards or the Committee to be formed at the District level. This dual control has been affecting the teachers in many ways and as has been pointed out by me in this House before, there is no meaning for self-Government after August 15, 1947, except as a branch of the Government. The Britisher threw some crumbs empowering us to clean the streets and light the streets and called it local self-Government. But now we have self-Government from Kashmir to Cape Comorin."

MR. CHAIRMAN :—" The hon. Member will please speak on the amendment before the House."

SRI G. KRISHNAMURTHI :—" The amendment now under discussion before the House, gives Government some time to conduct elections to District Boards, and until elections are held to District Boards, the teachers will be under the control of Special Officers. Teachers have been rightly feeling that the regime of Special Officers especially with reference to the administration of schools is better than the regime of District Boards. By accepting the amendment the Government would be getting some time to hold elections to District Boards, and they should consider in the meantime whether it would not be better if the administration of schools is taken away from the local bodies and entrusted to the Government Department itself. This will not only remove so many kinds of hardship caused to teachers by District Boards but also ensure for them salaries which the teachers in Government-managed schools are getting now and many other things which they lack at present. This proposal requires the careful consideration of the Government. I would, therefore, commend the acceptance of the amendment moved by the hon. Member Sri S. Narsapaya in order to give time to the Government to consider all matters pertaining to education, namely, whether or not education ought to be dealt with by District Boards or by Panchayat Boards, or by Taluk Boards to be formed as a result of a legislation proposed to be introduced by the Government."

* THE HON. SRI K. RAJARAM :—" Mr. Chairman, Sir, as I said in my reply to the general discussion on the Bill, the Government have made all preliminary arrangements to conduct elections to all the District Boards and we have to take into account that fact. We cannot now go back on the policy of Government to hold elections to District Boards. The amendment of the hon. Member Sri S. Narsapaya seeks to postpone elections by four months more and the reasons adduced by the hon. Member in support of his amendment hold good as far as the districts of South Kanara, Malabar and the Nilgiris are concerned. But so far as the other districts are concerned, I do not think there is any reason to postpone elections and wait till the end of September or October. 1

[23rd March 1954] [Sri K. Rajaram]

think in the months of August, September and October, in the districts on the East Coast, i.e., in Tamil Nad, there will be more rains than in any other part of the year, and during these months we cannot hold elections to District Board in these districts. At any rate, we must finish the elections to District Boards in these districts before July or before the beginning of August. We are not going to stop the holding of elections to District Boards now in order that we may hold elections to all the District Boards at the same time. By accepting this amendment, the Government are enabled not to hurry up the elections. They can divide the whole State into three or four groups and conduct elections in those groups one by one. In the districts of Malabar, South Kanara and the Nilgiris we can have elections in the month of September or October. It is only for this reason that the Government have decided to accept the amendment moved by the hon. Member Sri S. Narsapaya."

SRI T. G. KRISHNAMURTHI :—" On a point of information, Sir. If the amendment is accepted by the House, may I know, if as a result of holding elections to District Boards in different parts at different periods, whether the District Boards in a particular area will begin to function as soon as elections are over in that area or whether all the District Boards will begin to function at the same time after the elections in all the districts are over?"

THE HON. SRI K. RAJARAM :—" October 31st is only the last date for holding elections and it does not mean we should not conduct elections in June itself. We can begin elections even in June or July. The only thing is that elections to all the District Boards must be completed before the 31st October, and that is the meaning of the amendment.

" Various other matters were raised by the hon. Member Sri T. Purushotham. Sri T. Purushotham is very much experienced in the administration of the local boards. He had acted as Secretary of the Ramanathapuram District Board. He was also Municipal Commissioner in many towns. His suggestions will be taken into consideration. He has given very valuable suggestions regarding Panchayat Boards, and decentralization of the functions of various local bodies and other matters relating to local boards.

" The hon. Member Sri G. Krishnamurthi representing the teachers' constituency has suggested that the whole administration of education must be taken up by the Government themselves. It is a very big question. As far as I understand, at least elementary education must be left to local bodies. Otherwise, it will be very difficult even for the Government to manage all the schools including elementary schools in the State. Elementary schools giving education up to V standard must be looked after either by the Panchayat Boards or the proposed Taluk Boards or District Boards. Anyhow, all these matters will be considered by the High Level Committee, which will be appointed very soon early in

[Sri K. Rajaram] [23rd March 1954]

April or before the end of April. The Committee may take two or three months to submit their report; and, after we get the report of the Committee, we can bring in a Bill for the decentralization of District Boards and constitution of Taluk Boards. For the present the elections to District Boards will be conducted and completed before the 31st October, and that is the idea of the Government. We accept the amendment moved by the hon. Member Sri S. Narsapaya."

MR. CHAIRMAN :—"The question is—

'In sub-clause (2), for the figures, letters and word "30th June 1954" substitute the figures, letters and word "31st October 1954".'

The amendment was carried.

Clause 2, as amended, was put and carried.

Clause 1 was put and carried.

The preamble was put and carried.

THE HON. SRI K. RAJARAM :—"Sir, I move—

'That the Madras District Boards (Amendment) Bill, 1954 (L.C. Bill No. 4 of 1954), as amended, be passed into law.'

MR. CHAIRMAN :—"Motion moved—

'That the Madras District Boards (Amendment) Bill, 1954 (L.C. Bill No. 4 of 1954), as amended, be passed into law.'

SRI K. BALASUBRAMANYA AYYAR :—"Mr. Chairman, Sir, I am sorry to say that the procedure adopted by the Government in bringing forward this amendment is rather peculiar. The Government first brought forward this Amending Bill to extend the time for holding the elections up to 30th June 1954. Now they have asked members of their own party to suggest an amendment to extend the time-limit up to 31st October 1954 and they have accepted the amendment. This is not the right procedure. The Government should have considered the whole thing and they should have brought in a regular Bill stating that the time for holding the elections may be extended up to 31st October. When the Bill was being discussed, I shrewdly suspected—I do not wish to pay a compliment to myself—that the Government had asked their own party men to suggest an amendment and they were accepting that amendment now. This device could be adopted in every case. I am sorry to say this, but I do not want to make any reflections on the Government. Nor do I wish to attribute any motive. But this is liable to be interpreted in a wrong way. That is why I am anxious that the Government should come forward with a regular Bill."

THE HON. SRI C. SUBRAMANIAM :—"Sir, we have done nothing improper. This is the proper method which we can adopt. Suppose we bring forward a Bill and we publish it, and later on we think that a small amount is necessary. It is open to the

[23rd March 1954] [Sri C. Subramaniam]

Minister, who is in charge of the Bill to move the amendment or to ask one of the party members to move it. There is nothing wrong about it. There is nothing improper. We will adopt this method in future also if necessary."

SRI K. BHASHYAM :—"I want to add something more. Even if the Opposition moves an amendment and the Government get wisdom and think that that amendment is good and may be accepted, then it may be accepted on the floor of the House. There cannot be any surprise in such a matter. The hon. Member cannot expect the Government to say that they are not open to conviction, if, as a matter of fact, arguments advanced on the floor of the House go to show that the amendment moved is a good amendment. Therefore, it is not a question whether the amendment is moved by the Government side or by the Opposition. That does not matter. The question is whether it is reasonable—reasonable to the mind of the Government. This is all that is necessary. There is nothing improper and there is nothing sinister about this amendment being moved by a member of the Party which is ruling the country. It is very strange to say 'Because the amendment comes from your own side, it should not be accepted'."

SRI T. PURUSHOTHAM :—"Sir, I welcome such acceptance by the Government of any non-official amendment. The Government have considered what has been discussed in this House and they have accepted the amendment. I think there is nothing wrong or improper and I congratulate the Government on the successful passage of the Bill. Though this is only a small Bill, I am glad that the Government have considered all the viewpoints of non-official members and have accepted the amendment. I once again thank the Hon. the Minister for Local Administration for being so considerate in his reply, and I hope my suggestions will be taken note of."

SRI MOHAMED RAZA KHAN :—"Sir, it is not for me to defend my good Friend Sri K. Balasubramanya Ayyar. What really he wanted to point out to the Government was that the procedure adopted was not good and would not convince the people. After all, situated as we are, it is our duty to point out to the Government that a particular procedure is wrong. In spite of it, if the Government rush through—they have got the power and they have got the requisite majority—we cannot help it. We are not responsible. It is our duty to point out to the Government that a particular procedure is wrong. At the same time, I would like to say that if we really feel that the procedure adopted is improper, we will maintain that it is improper. If the Hon. the Finance Minister feels that it is proper, he is at perfect liberty to have his own views. We are also at perfect liberty to have our own views. We do not grudge that the Government have accepted the amendment of Sri Narsapaya. The whole question resolves itself into this. Already the Government made a declaration both in this House and in the other

[Sri Mohamed Raza Khan] [23rd March 1954]

House that the elections will be held within a particular time. They knew for certain that the partition of the State was there. They knew all these contingencies. They planned the whole thing. They had the advice of their officers who said that the elections could be held by such and such a time. There was a persistent demand that the elections to the District Boards should be held soon, and the Government thought that the elections could be completed by the 1st April 1954. That time-limit has gone. The Government themselves have come forward with a Bill saying that the elections would be completed by 30th June. In this connexion, I would invite the attention of the hon. Members to the speech of the Hon. Minister when he introduced the Bill. He himself said: 'Things are ready. Election Officers have been appointed. The electoral roll is complete. The whole machinery is working.' Did it not occur to him that the monsoon would set in and that it would not be possible to conduct the elections? May I take it that the Hon. Minister was not aware of the fact that in June the monsoon would set in in the West Coast."

THE HON. SRI C. SUBRAMANIAM:—"Sir, this is the third reading stage. There is no use of repeating the same arguments which were advanced during the second reading stage."

SRI MOHAMED RAZA KHAN:—"I am only following the Hon. the Minister for Finance. He also argued the same thing. If he had simply said 'The amendment has been accepted by the House; either you pass the Bill or reject it', then it would be a different thing. But, inasmuch as he has given the lead, I am following him. I do maintain that the procedure adopted is not all right. There will be a feeling in the minds of the public that it was only the Government's move asking their own party men—prominent men—to move the amendment and then to accept it. As far as we are concerned, we have done our job."

MR. CHAIRMAN:—"Then, what is the suggestion of the hon. Member?"

SRI MOHAMED RAZA KHAN:—"The Government should stand by the original clause."

THE HON. SRI C. SUBRAMANIAM:—"The hon. Member must know that the House has accepted the amendment."

SRI S. NARSAPAYA:—"The Bill is before the House as amended."

THE HON. SRI K. RAJARAM:—"Sir, I thank hon. Members for their co-operation in passing this Bill. I want to say a few words about the remarks of Sri K. Balasubramanya Ayyar. He said that we had adopted a wrong procedure. I wish to bring to the notice of hon. Members that this is the first Bill to the introduced in this House. Hitherto no amendment was accepted by this House. Therefore, the hon. Member thinks that this is

23rd March 1954] [Sri K. Rajaram]

a new procedure and that the amendment should not be accepted by the Government. All Bills were usually introduced first in the Legislative Assembly and then brought here. So many amendments are brought forward by the Government themselves and they are passed."

SRI K. BALASUBRAMANYA AYYAR:—"This amendment is not of such a nature. It is a crucial amendment. The whole thing stands or falls on the acceptance of this amendment or not."

THE HON. SRI K. RAJARAM:—"Even if Members of the Opposition give notice of amendments, we consider them on their own merits, and I can tell the hon. Member that so many amendments tabled by the Opposition have been accepted by the Government. Therefore, there is nothing improper in the procedure adopted by this House. I once again thank all hon. Members."

MR. CHAIRMAN:—"The question is—

'That the Madras District Boards (Amendment) Bill, 1954 (L.C. Bill No. 4 of 1954), as amended, be passed into law.'"

The motion was carried and the Bill was passed into law.

THE MADRAS SUPPRESSION OF IMMORAL TRAFFIC
(AMENDMENT) BILL, 1954

25th March 1954]

THE MADRAS SUPPRESSION OF IMMORAL TRAFFIC (AMENDMENT)

BILL^a, 1954.

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ Mr. Chairman, Sir, I beg leave to introduce the ‘ Madras Suppression of Immoral Traffic (Amendment) Bill, 1954, and move—

‘ That the Bill be taken into consideration at once.’

In doing so, Sir, I may tell this House that the Government constituted a Committee in 1950 to go into the question of revising the existing Act on the basis of certain legislation passed by the Bombay State Government. The Committee went into all the questions and made an elaborate report. They examined witnesses and visited many places to acquaint themselves with the conditions there. By this Bill Government seek to amend only sections 6, 9, 11 and 12 of the Act. This is because a comprehensive legislation in respect of this matter is now before the Parliament. Its aim is to consolidate the law relating to suppression of immoral traffic. So we have only taken up certain amendments to some of the sections of the Act which are absolutely necessary for the administration of the Act. The Central Bill when passed into law will cover all aspects of this question. It is a well-thought-out and comprehensive legislation which will ultimately decide the law in this State also. By this Bill we seek to amend certain sections of the Act which are absolutely necessary for the administration of the Act. I am sure hon. Members will support this Bill.”

MR. CHAIRMAN :—“ Motion moved—

‘ That the Madras Suppression of Immoral Traffic (Amendment) Bill, 1954, be taken into consideration at once.’ ”

SRI K. BALASUBRAMANYA AYYAR :—“ I wish to know whether the report referred to by the Hon. Minister will be made available to hon. Members of this House for reference.”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ We have only a few copies of the report. I can spare a copy for the hon. Member’s reference.”

DR. S. MUTHULAKSHMI REDDI :—“ We are not able to hear the hon. Member and the Hon. Minister who spoke just now. I would request the Chair to instruct them to make their speeches in a clear voice.”

MR. CHAIRMAN :—“ I cannot change their voice.”

DR. S. MUTHULAKSHMI REDDI :—“ I mean they may be asked to use the mike and make themselves heard by hon. Members.”

THE MADRAS LEGISLATIVE COUNCIL.

Thursday, the 25th March 1954.

The House met in the Council Chamber, Fort St. George, three of the clock, Mr. Chairman (THE HON. DR. P. V. CHERIAN) in the Chair.

^a Published on pages 33-35 of Part IV-A of the Fort St. George Gazette, dated the 10th February 1954.

[25th March 1954]

SRI G. KRISHNAMURTHI :—“ Mr. Chairman, Sir, in my opinion the way in which the Government have been trying all these years to tackle this problem of immoral traffic is wrong. They consider that the problem is entirely economic. Taking the tradition of our country we find that the lack of proper education especially after the advent of the Britisher has been responsible for treating morality on a light plane. We find we have gone far away from the way in which we ought to educate our women. Now we impart the same education that we impart to boys to girls also. So much of estrangement has been caused in the atmosphere of girls because of modern education. They are being separated not only at their tender age but also up to adolescent stage from the homes in which they were having their mothers as their natural tutors. Now girls receiving the same education as boys are apt to mistake the ways in which feminine nature ought to act. We content ourselves by saying that the modern education that the girls obtain in schools is just making them weaker in health and perhaps weaker in mind. But the real fact is, the education which we impart to girls which is the same as we impart to boys, has completely made them fickle-minded. It has given them an atmosphere quite foreign to our soil. It has separated them from the natural atmosphere, that is the homely atmosphere, where they were having their mother as their tutor and guardian.”

SRI A. M. ALLAPICHAI :—“ Mr. Chairman, Sir, the question before the House is something else. The hon. Member seems to suggest that our educated girls are bad girls. Some such insinuation is being made in his speech. I think the amendments brought in by the Hon. the Minister for Law have nothing to do with that.”

SRI G. KRISHNAMURTHI :—“ Mr. Chairman, Sir, because we are on the general discussion of the Bill, I am only analysing the problem and suggesting how it should be tackled. Because of the separation of the girls from their home atmosphere, they do not get the education that they used to get through their natural tutors, namely, their mothers. In saying so I should not be taken to mean that modern education is useless. But what I say is that modern education is partly responsible in denying the girls that kind of education which was given in their homes by their mothers. The other point is that it is not purely economic reasons alone and it is not poverty alone that just brings about some light manners in our girls. It is the complete lack of dinning into the ears of the girls, especially just before adolescence and at the adolescent stage, the value of chastity. India has been a poor country all through, but the problem is acute only now. We find that the Government have not been able to suppress this immoral traffic in spite of so many laws they have passed and in spite of so many Vigilance Homes, etc., which they have been running. It is purely a matter of mental attitude and that mental attitude can be corrected only by education. It is not at all a

25th March 1954] [SRI G. KRISHNAMURTHI]

problem of economics. Poverty has no connection with morality. Morality will perhaps be found more among the poor people rather than among the rich. Of course, we can say that poverty may drive the poor to this and that and so on. It is the mental attitude that is responsible for all these lapses and this mental attitude has to be corrected especially in the pre-adolescent and the adolescent stage by the guardians. Especially in respect of girls, the system of education, which separates a girl from her natural guardian, the mother, for a considerable number of hours during the best part of the day, is not good. The education of the girl should be restricted to two or three hours a day and during the rest of the day she should be allowed to remain in her home. Necessary education about the physical requirements of the girl, the nutrition of the girl, care of the home and the nursing of children can be better taught at home by the mother rather than by an artificial mother created in the form of her teacher.”

SRIMATHI S. MANJUBASHINI :—“ Mr. Chairman, Sir, on a point of information, I would like to tell the hon. Member that if he cares to come and see the Vigilance Homes, he would find that most of the girls there are not educated. He need not therefore carry on a tirade against educated girls.”

SRI G. KRISHNAMURTHI :—“ I shall just conclude this point regarding education. I am not really against education of girls but I do not accept that the education that is now obtaining in our girls' schools is true education. It is the complex civilisation that has brought in the modern conditions. There should be separate schools for girls from the initial stages. There should not be co-education. These separate schools should only work for about three hours in the day, and the girl should be allowed to remain for the rest of the day under the care of the mother in her home. In this land of hoary traditions, it is the father and the mother who are the natural guardians of the girl that could instil into her mind the real value of chastity, and that is the way in which the Government should tackle this problem.”

DR. S. MUTHULAKSHMI REDDI :—“ Mr. Chairman, Sir, the League of Nations has considered the question of immoral traffic as an international problem many, many years and many, many decades ago. Expert Committees were appointed to study the conditions in every advanced country and these Committees have submitted their reports. Immoral traffic in women is not a problem peculiar to India alone. It does not depend on education or the lack of education. It is also true that both boys and girls should be educated. It is not only the girls who are at fault. Unless the boys are pure-minded no girl can be pure. I wish to lay stress on this point, namely, both the boys and the girls, the sons and daughters of this land, should be taught the same code of morals. There should be no difference in regard to this code of morality in the teaching of boys and girls. Both must receive the same kind of instruction. The boys must be told to be strict

[Dr. S. Muthulakshmi Reddi] [25th March 1954]

bramacharis and the girls must be taught to be *pathivrathas*. Both must receive this training and this teaching in regard to morals. It should not be confined to one party alone, because this question of sexual promiscuity is common to both. There must be two parties to a crime. So both parties must be educated. The weaker party alone must not be burdened with the responsibility of this Act. This vice is not confined to India alone. It is obtaining even in countries where the people are cent per cent literate. The League of Nations have examined all aspects of this question and they have come to certain conclusions. India has been a signatory to these conclusions.

“ Indeed, as far back as the year 1925 I had to study this problem when I myself introduced this Suppression of Immoral Traffic Act in the then Legislative Council. As regards the merits of this Act, it was found to be absolutely necessary to control commercialised vice. It is this kind of vice that this law tries to deal with and not the ordinary single act of immorality. The Act was intended to stop the vice which is traded upon by others and to punish this commercialised vice and those who run homes or institutions for making profit out of the vice of others. There is now, therefore, no question about the aims and objects of this Act. We are only moving certain amendments to it. The Government have brought forward certain amendments which we have got to consider and not go into the aims and objects of the Bill. They have been decided upon many, many years ago as far back as 1930.”

SRI A. M. ALLAPICHAJ :—“ Mr. Chairman, Sir, I feel that I may be in a position to add something to the debate. Some sort of a suggestion was made by an hon. Member here that due to the defective system of education prevailing today that some of our girls had become bad. I do not at all agree with him. On the other hand, no education, whether modern or ancient, teaches us that we should become bad. No books either in our high schools or colleges ever taught us that we should behave badly. Therefore it is rather very bad to condemn a particular system of education merely because we may differ from it in some respects. As a matter of fact, the hon. Member, who spoke against the system is himself a product of this system. No one can blame him and, in fact, he is a very good man. As such we cannot say that the system was responsible for any such evil. There are several factors which go to make this unhappy state of affairs. One is man himself. Shakespeare, one of the greatest poets of the world, has said it very beautifully ‘ Woman falls because the man is weak. So, for the fall of some of our unfortunate sisters, the persons that are responsible are men. I can say it is definitely man who is responsible.

“ I wish to bring to the notice of the Hon. the Minister for Law another point. As the law now stands, a man who visits a house of ill-fame is not punished. Perhaps most of the hon. Members may not know this fact that if a man visits a house

The House met in the Council Chamber, Fort St. George, at eleven of the clock, Mr. Chairman (THE HON. DR. P. V. CHERIAN) in the Chair.

THE MADRAS CITY MUNICIPAL (AMENDMENT) BILL, * 1954.

THE HON. SRI K. RAJARAM :—“ Mr. Chairman, Sir, I beg leave to introduce the Madras City Municipal (Amendment) Bill, 1954, and move—

‘ That the Bill be taken into consideration at once ’.

“ Sir, under the existing provisions of the Madras City Municipal Act, 1919, the maximum monthly salary of the Water Works Engineer of the Corporation of Madras has been limited to Rs. 800 per mensem while the maximum monthly salary of the other Heads of Departments of the Corporation like the Health Officer, the Electrical Engineer, the Public Works Engineer, and the Revenue Officer has been fixed at Rs. 1,200 per mensem. As the duties and responsibilities of the Water Works Engineer are not less onerous than those of the other Heads of Departments, the Council of the Corporation has recommended that the maximum monthly salary of the Water Works Engineer also be raised to Rs. 1,200 a month so as to be on a par with that of the other officers. This is reasonable and it is therefore proposed to amend clauses (b), (c) and (d) of proviso to section 85 (1) of the Madras City Municipal Act, 1919. I therefore request the House to take this Bill into consideration at once and accept it.”

MR. CHAIRMAN :—“ Motion moved—

‘ That the Madras City Municipal (Amendment) Bill, 1954, be taken into consideration at once.’ ”

DR. V. K. JOHN :—“ Mr. Chairman, Sir, this Bill has my strong support.”

SRI K. BHASHYAM :—“ Mr. Chairman, Sir, I only want to add a few words to what the hon. the Deputy Leader of the Opposition has said. It is a piece of justice that ought to have

* Published at pages 43-44 of Part IV-A of the Fort St. George Gazette, dated the 17th March 1954.

[Sri K. Bhashyam] [26th March 1954]

been rendered long, long ago. I remember when I was in the Corporation Council in the year 1946 there was a move that no officer should be paid more than Rs. 1,000 a month. It was under those circumstances that Rs. 800 was fixed. When I was leading the Congress Municipal Party at that time though other changes were made this provision was not changed. I am glad the mistake which was committed on the last occasion when the salary was fixed at Rs. 800 and no more is now going to be rectified. Things have changed since then and prices have gone up. Therefore it is but right that the Water Works Engineer should be placed on the same level as the other officers of the Corporation."

SRI V. CHAKKARAI CHETTY :—"Mr. Chairman, Sir I have great pleasure in supporting this amendment. As one who had been connected with the Corporation of Madras for a long time, I know that the Water Works Engineer's duties are expanding day by day with the expansion of the City. The Water Works Engineer has many duties to perform in connection with the works entrusted to him apart from other matters. I know the present Corporation Water Works Engineer. He is a hard working, conscientious and painstaking Engineer. He certainly deserves to be placed along with other Engineers whose duties are not more onerous than that of the Water Works Engineer. I heartily support this amendment."

SRI K. BALASUBRAMANYA AYYAR :—"Mr. Chairman, Sir, I also support the amendment, but I wish to point out that the name Water Works Engineer may be changed because in our part of the City we get very little water. In spite of many representations there is the difficulty in getting sufficient water-supply."

MR. CHAIRMAN :—"That is why there should be a Water Works Engineer."

SRI K. BALASUBRAMANYA AYYAR :—"But he is a Water Works Engineer who never gives water. There is a great deal of complaint from people in those parts that they do not get proper supply of water."

SRI T. PURUSHOTHAM :—"He is not a 'Water giving Engineer'. He is a Water Works Engineer."

SRI K. BALASUBRAMANYA AYYAR :—"I know the Engineer does not give water. The water is supplied from the water works and the Engineer is in charge of those works. Even simple people know this. Because he is in charge of works intended for the supply of water to people he is called Water Works Engineer. He is not supplying water properly. Therefore instead of calling him Water Works Engineer, he might be called Engineer, or Works Engineer or Public Works Engineer."

[26th March 1954] [Sri K. Balasubramanya Ayyar]

"Sir, my point is that we have complained very strongly that many portions in the City, which is expanding, do not get any water-supply. I cannot blame distance for this, because Gandhinagar, which is farther away from Red Hills than Mylapore, gets good supply of water but Mylapore does not get it. The whole matter has to be gone into by the Government. I submit that the Government should take this opportunity to enquire into the matter and see that water is fully supplied to people and there is no complaint from the public. There has been plenty of rain recently and the Corporation cannot complain of failure of rains. The Red Hills lake is full. This is all my submission. Let the Water Works Engineer be paid Rs. 1,200 a month but let him do the work all right and let him do it in such a fashion that we get sufficient water."

SRI G. KRISHNAMURTHI :—"Mr. Chairman, Sir, I quite appreciate the attitude of the Government in trying to equalise the pay of persons doing equal work. But I do not know why the equalization should not go the other way about, why the salaries of other Heads of Departments who are stated to be drawing Rs. 1,200 a month should not be reduced to Rs. 800 a month. I do not mean by this that the present incumbents getting that salary should be affected. At least for the future entrants the reduced scale of pay may be given. Sir, it is a naked fact that when we ask for mere creature comforts for people in certain professions, such as the Non-gazetted officers, the clerical grades, the teachers, the menials, and the men in the last grade service, they do not get even one or two rupees extra from this Government. But a particular officer is able to get a lift of Rs. 400 simply on the initiative of the Government. What we like to point out is that it is the duty of a national Government especially in a Welfare State to see that all these poor people get a living wage. It is the particular duty of the Government to attend to their comforts first. I would have been doubly glad if the Government had done any such thing, if they had raised the salaries of these poor paid people at least by a rupee or two. But of course it may be argued that it is only a question of additional expenditure of Rs. 400 only to Government in this case. The saving effected by denying this would be nothing. But I must say that the Government should also go by certain principles. It is only the laying down of sound principles especially by this Government that will lead to contentment among these poor servants and this will put in sympathy and goodwill in these professions."

SRI T. PURUSHOTHAM :—"Mr. Chairman, Sir, if I rise to speak on this Bill, it is not to oppose it. I support the amending Bill. I want to take this opportunity to state that in the matter of fixation of the scales of pay of the officers and staff of the Corporation, the Corporation should be given the fullest powers. The control of the Government should not be there. The Corporation should have the fullest powers in the matter of fixation of scales of pay, subject, of course, to the condition that the scales

[Sri T. Purushotham] [26th March 1954]

of pay fixed by the Corporation for their officers and staff shall not exceed those fixed by the Government for their officers and staff. A general amending Bill like that will be much more welcome than fixing the scales of pay of individual posts by this legislature. I know there is a proposal to introduce a comprehensive Bill to amend the City Municipal Act. I hope the Government would consider my suggestion also when bringing in such a Bill. With these words I support the Bill moved by the Hon. the Minister for Local Administration."

SRI T. M. DAIVASIKHAMANI ACHARIAR :—" Mr. Chairman, Sir, I wish to associate myself with the Amending Bill before the House. This step has long been overdue. The Water Works Engineer ought to have been placed on an equal position with the other Engineers because he also possesses the same educational and technical qualifications. Besides, whenever an epidemic breaks out in the City, it is the Water Works Engineer on whom the whole blame is thrown. Every action of his as well as the purity of the water supplied will be then questioned. He has to face a greater amount of criticism than either the Roads Engineer or the Buildings Engineer. In view of the fact that the health of the City largely depends upon the supply of pure water, I believe, Sir, that the Water Works Engineer must be treated at least on a par with the other Engineers. I am glad that the Government have now come to his rescue and are trying to remove the disparity between one Engineer and another. Not only do I know the Water Works Engineer personally, but from the reputation that he has built up in this City as a straightforward Engineer, a man who is always at his post and attends to his duties with greater zeal and looks after every drop of water that is supplied to the City, I have great pleasure in supporting this Bill."

SRI A. GAJAPATHY NAYAGAR :—" மன்றத் தலைவர் அவர்களே, இந்த உத்தியோகஸ்தரின் சம்பளத்தை உயர்த்துவதில் எனக்கு ஒன்றும் ஆட்சேபமில்லை. ஆனால் ஒரு குறையை தெரிவித்துக்கொள்ள விரும்புகிறேன். நான் அயனாவரத்தில் இருக்கிறேன். பக்கத்திலே Water Works Department-ன் பெரிய tank இருக்கிறது."

MR. CHAIRMAN :—" You are too near the Water Works ! "

SRI A. GAJAPATHY NAYAGAR :—" ஆனால் குமாயில் தண்ணீர் வருவதில்லை. இது ஒரு பெரும் குறை. இது ஒரு புது காலனி; இதற்கு வெங்கடேசபுரம் என்று நமது கனம் மந்திரி வெங்கடசாமி நாயுடு அவர்களின் பெயர் வைக்கப்பட்டிருக்கிறது. ஆனால் தண்ணீர் கிடையாது. இந்த உத்தியோகஸ்தரின் சம்பளம் உயர்ந்தபிறகாவது தண்ணீர் ஜாஸ்தியாகக் கிடைக்குமென்ற நம்பிக்கையுடன், நான் இந்த மசோதாவை ஆதரிக்கிறேன். உடனே நான் சொல்லிய குறையைத் தீர்க்கவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன்."

THE HON. SRI K. RAJARAM :—" Mr. Chairman, Sir, I thank hon. Members for the full support which they have given to this Bill. There has been no objection from any hon. Member from any part of the House to increase the salary of the Water

[26th March 1954] [Sri K. Rajaram]

Works Engineer and bringing it on a par with that of the other engineers of the Corporation. These engineers belong to the same cadre and till now there was this anomaly, namely, that the maximum of the salary of the Water Works Engineer was fixed at Rs. 800 while that of the others like the Electrical Engineer and the Public Works Engineer was fixed at Rs. 1,200. This anomaly was found out now and the Corporation have also agreed that the maximum salary be raised to Rs. 1,200 so that all the three Engineers may get the same salary. I am very thankful to hon. Members for giving their unanimous support to this Bill.

" Further, hon. Members, Sri K. Balasubramanya Ayyar and Sri A. Gajapathy Nayagar mentioned that they were not getting water in their taps and that water was not equitably supplied to all the Divisions in the Corporation. This matter will be communicated to the Commissioner of the Corporation and I will try to see that everything is set right.

" The hon. Member, Sri T. Purushotham said that the Corporation must be allowed to fix the salaries of its servants but that it may be laid down that the maximum should be so fixed that they do not go beyond the salaries of similar Government Officers. That was the impression I gathered from his speech. If such a power is given to the Corporation, then all the local bodies, municipalities and panchayats also will demand that they must be free to fix the salaries of their servants. It is better to have centralized control over all these things. Even in the present case the suggestion to increase the salary of the Water Works Engineer came only from the Corporation and the Government immediately agreed to it. So also, if any local body expresses its intention to increase the salaries of its servants, the Government will examine them and come to a decision on the merits of each case. The Government agreed to the recommendation of the Corporation that the salary of the Water Works Engineer should be on a par with that of the other Engineers and so they have brought forward this Bill which has received the unanimous support of this House. It is therefore better that the Government have some control over it. The hon. Member's viewpoint will also be considered when a comprehensive legislation is brought forward to amend the City Municipal Act and other similar Acts. For the present, I think, the hon. Member need not press his viewpoint because so many other troubles will arise as I have already said. I once again thank all hon. Members."

SRI MOHAMED RAZA KHAN :—" Sir, may I know whether the Water Works Engineer's salary will be enhanced only after the Bill is passed into law or will it have retrospective effect? "

MR. CHAIRMAN :—" The Bill before the House is not concerned with any particular officer."

THE HON. SRI K. RAJARAM :—" Sir, it cannot have retrospective effect. There is a sub-section in the Madras City Municipal

[Sri K. Rajaram] [26th March 1954]

Act which states that the salary of the Water-Works Engineer shall not exceed Rs. 800 a month and another sub-section states that the salary of the other Engineers shall not exceed Rs. 1,200 a month. This anomaly has to be removed. Therefore the sub-section fixing the maximum salary of the Water Works Engineer has been deleted and the other sub-section suitably amended to place these officers on a par with each other."

MR. CHAIRMAN :—" The question is—

' That the Madras City Municipal (Amendment) Bill, 1954, be taken into consideration at once.' "

The motion was carried and the Bill was taken into consideration.

Clause 2 was put and carried.

Clause 1 and the Preamble were put and carried.

THE HON. SRI K. RAJARAM :—" Mr. Chairman, Sir, I move—

' That the Madras City Municipal (Amendment) Bill, 1954 (L.C. Bill No. 7 of 1954), be passed into law.' "

MR. CHAIRMAN :—" The question is—

' That the Madras City Municipal (Amendment) Bill, 1954 (L.C. Bill No. 7 of 1954), be passed into law.' "

The motion was carried and the Bill was passed into law.

THE COURTALLAM TOWNSHIP BILL, 1954

THE MADRAS LEGISLATIVE COUNCIL.

Friday, the 26th March 1954.

The House met in the Council Chamber, Fort St. George, at eleven of the clock, Mr. Chairman (THE HON. DR. P. V. CHERIAN) in the Chair.

THE COURTALLAM TOWNSHIP BILL,^a 1954.

MR. CHAIRMAN :—“ The Hon. the Minister for Local Administration will now introduce the Courtallam Township Bill, 1954.”

THE HON. SRI K. RAJARAM :—“ Mr. Chairman, Sir, I beg leave to introduce the Courtallam Township Bill, 1954, and move—

‘ That the Bill be taken into consideration at once.’

“ Courtallam in the Tirunelveli district is famous for its waterfalls and its importance has been recognized both by the public and the Government. A panchayat was constituted for the village in the year 1939 to manage its civic affairs. In subsequent years, an association called the Waterfalls Association was formed to attend to the needs of the bathers and a Public Health Committee was appointed to improve the sanitation of the area. It is, however, found that the corporate bodies including the panchayat functioning in that area have not been able to effect any appreciable improvement in the condition of the people. In the interests of public health, Government consider it desirable to develop the potentialities of the place as a health resort on sound planned

26th March 1954] [Sri K. Rajaram]

lines. The resources of the existing panchayat are inadequate to develop the area. The Government have, therefore, decided to constitute the area at present within the jurisdiction of the Courtallam Panchayat into a Township, and to vest in a Township Committee necessary powers to administer the municipal affairs of the township. The Committee will be empowered to levy taxes normally levied by Municipalities. All the members of the Committee will be appointed by Government. The members will hold office for a period of three years in the same way as municipal councillors. On the expiry of the term of office of the members in the normal course, or on the occurrence of casual vacancies, Government will make the appointments. This is similar to the constitution of the Mettur Township.

“ There is no provision in the Madras District Boards Act, 1920, or in the Madras District Municipalities Act, 1920, for the constitution of Township Committees. It is, therefore, proposed to undertake special legislation on the lines of the Mettur Township Act, 1940, in respect of Courtallam.

“ I move that the Courtallam Township Bill, 1954, be taken into consideration at once.”

MR. CHAIRMAN :—“ Motion moved—

“ That the Courtallam Township Bill, 1954, be taken into consideration at once.” ”

SRI K. BHASHYAM :—“ Mr. Chairman, Sir, I welcome this measure as one of the measures taken for the purpose of popularizing health resorts in this State. A measure like this is certainly necessary for the purpose of attracting visitors to Courtallam and places like that. I should like to make one or two suggestions to the Government so that they may consider them and come forward with a comprehensive measure for implementing their intentions.

“ According to the provisions of this Bill, the Township Committee is to be a Government appointed Committee. I think such a provision is not quite so progressive as one would like it to be. But certainly I do not mean that the Government should not take upon themselves the right of appointing members to the Township Committee in the first instance. After all it may be necessary for the organization of the Township Committee for the first time that the Government should have the help of persons who, they think, will be able to help them as much as possible. But the Government have provided in this Bill for elections and for representation of the local people either now or later on. The Government may have the power to appoint a Committee now. But later on they may bring in a measure for giving representation to the local people on this Committee. Again, Sir, according to the provisions of this Bill, not only the Members of the Township Committee are to be appointed by the Government but also the Chairman of the Township Committee is to be appointed. Only three members of the Township Committee, according to the Bill,

[Sri K. Bhashyam] [26th March 1954]

are to be non-officials. It is not clear whether a non-official will be made a Chairman of the Township Committee or not. I hope, in the light of what I have stated, an influential non-official will be appointed as Chairman in the first instance.

“As regards application of the Madras District Municipalities Act and other enactments to Courtallam Township, specified in clause 4 of the Bill, I am not able to see how the House can pass such a provision which gives such wide powers to the Government without some sort of control by the Legislature. Clause 4 of the Bill states—

‘The State Government may, by notification in the *Fort St. George Gazette*, direct that any of the provisions of the Madras District Municipalities Act, 1920 (Madras Act V of 1920), or of any rules made thereunder or of any other enactment for the time being in force elsewhere in the State of Madras, but not in the Courtallam township, shall apply to it to such extent and subject to such modifications, additions and restrictions as may be specified in the notification.’

This provision gives wide powers to the Government. The terms of the provision are also vague. One hesitates to give such wide powers to the Government, ordinarily. I think it is for the second time that a legislation for a Township Committee of this kind is introduced in this House. I understand that such a legislation was passed some years ago in connection with the formation of a Township Committee for Mettur. Government themselves now consider it necessary to have these powers. After some time when such notifications as are contemplated in this provision are issued and when people become familiar with the provisions of the Madras District Municipalities Act that are applied to the Township, I hope the Government will consider it necessary to come forward with a measure of the kind which will give more representative voice to the people of that locality in the matter of administration of their own affairs. This is a matter which must really be looked into. What I want to point out in this connection is that if only the Government have said that these rules and other notifications which the Government would be issuing shall be placed before the Legislature for the purpose of information at least before they are being acted upon, that would have been better. I do not know what the Government's intentions are in this matter. I am not standing in the way of passing this measure at once. But I would like them to consider whether such rules and notifications might not be placed before the Legislature either for the purpose of approval or at least for the purpose of information.

“I also welcome the provision made in the Bill for the appointment of an Executive Officer to the Township.

“I have suggested the above improvements for their incorporation in the present Bill itself now, if possible, or later on when the Government will bring forward another measure for the purpose of improving the present Bill.”

[26th March 1954]

SRI E. H. PARAMESWARAN :—“Mr. Chairman, Sir, I have also great pleasure in welcoming this Bill which has been introduced by the Hon. the Minister for Local Administration Sri K. Rajaram. Courtallam is one of the beauty spots in the whole of India. I doubt very much whether there is any place in the whole country that can be compared with Courtallam. People who have spent a few days in Courtallam have been very much impressed with the salubrious climate of the place. People feel that their very stay in Courtallam for three or four days is a kind of invigorating tonic. I have been wondering why even after the attainment of freedom our Government have not been devoting any attention to this question of improving Courtallam. Courtallam can be made as popular as Ootacamund or Kodaikanal. This can be made a poor man's paradise. It can be also a sanatorium. I would plead with the Government to take all necessary measures to make Courtallam a sanatorium. I have often heard people saying that if there had been a place like Courtallam in America or in the European continent they would have spent large sums of money to improve the place to attract visitors from all places. It seems as if we have no imagination to make our own places attractive. In spite of the Courtallam Waterfalls Committee and other Committees, Courtallam had been kept as a very dirty place and people did not observe the rules of sanitation. I am very glad, therefore, that the Government have brought forward a Bill of this kind and I would request the Government to do everything in their power to see that Courtallam is made an ideal spot so that people may come and stay there for a few weeks during the season. Finally I want to make one or two suggestions with regard to the provisions in the Bill.

“As the hon. Member Sri K. Bhashyam pointed out, I do not understand why all the members of the Township Committee should be appointed by the Government. We are living in the days of democracy and I do not see any reason why all the members should be appointed by the Government. At least some of the members can be elected in the first instance. The Chairman also can be elected. I would request the Government to consider whether it is possible to introduce the elective principle with regard to the constitution of the Township Committee.

“I find from the Schedule that only the present revenue village of Courtallam is included in the Township area. I would request the Hon. Minister to consider whether parts of Melagaram should not be included in the Township area. I would request the Government to consider whether the words ‘such part of Melagaram as the Government may include’ may not be added in the Schedule at the appropriate place so that the Township area which comprises now the revenue village of Courtallam may include this area also. I understand from people in the know of things that many of the important bungalows in Courtallam are situated in what is called the revenue area of Melagaram. Unofficially all the bungalows are in Courtallam, but according to the Revenue authorities they are in Melagaram. Therefore, if these words are included, namely, ‘such part of Melagaram as the Government may include’, then

[Sri E. H. Parameswaran] [26th March 1954]

Sir, all big bungalows will come under the Township of Courtallam. There is the bungalow of Sri Karimuthu Thyagaraja Chettiar. There is the lunatic asylum. There is another bungalow belonging to Dr. Ramasubramaniam. If all these are excluded from the jurisdiction of Courtallam Township, the revenue accruing to the Township may be very small."

THE HON. SRI K. RAJARAM :—" I invite the attention of the hon. Member to the Schedule."

SRI E. H. PARAMESWARAN :—" Sir, I say that some parts of Melagaram may also be included in the Schedule. With these words, I have great pleasure in supporting this Bill."

SRI T. PURUSHOTHAM :—" Mr. Chairman, Sir, I am supporting this Bill. The main objection to this Bill seems to be, from what I heard from hon. Members, that there is not the elective element introduced in the Bill and that all the members including the Chairman are going to be appointed. I believe, Sir, that the Chairman and the members could be appointed in the first instance. Later on, the members may come in through elections. But, in the first instance, as suggested in the Bill, all the members including the Chairman may be nominated by the Government and the elective principle may be introduced later on. With these observations, I support this Bill."

SRI K. BALASUBRAMANYA AYYAR :—" While I generally support the Bill, I have to point out the way in which the whole thing has to be done. I do not want Courtallam to become a big Township. I do not want that the other adjoining villages should be added to the Township because this is a special Township to which the Madras Village Panchayats Act and the Madras District Municipalities Act will not apply. Therefore, let this Township not encroach upon the jurisdiction of the surrounding areas. Only the small place of Courtallam alone should be made into a township. That must be the guiding principle of the Government. Sir, Courtallam is a health resort. It is not a mere luxury resort. Mainly, jaded men and women, people who are ill and who feel tired go there and have an exhilarating bath in the beautiful waterfalls there. Therefore, when it is made into a Township, the beauty of it as a countryside should not be destroyed. Otherwise, it will cease to be a health resort. Already the waterfalls is being abused in various ways by people and those things will have to be prevented. That is why I do not want that elections should be introduced for this Township Committee. Once we introduce elections and once we introduce factions, people will no longer go there. People will only be bothered about the elections. Let us get rid of the elections at least in one place to which poor people and others who require rest go for recouping their health. The Government should not introduce the elective principle. They can appoint the members. Therefore, I support the Bill as it is."

26th March 1954]

SRI P. N. MARTHANDAM PILLAI :—" Mr. Chairman, Sir, I hail from Tirunelveli district and I am familiar with the surroundings of this Township. I congratulate the Government on taking steps to establish a Township for that sanatorium. At present, the sanatorium is noted only as a bath resort, though the climatic conditions are really very favourable. This aspect of the matter is not normally noted by the average man who goes to Courtallam. The bath in the waterfalls is the most attractive feature there. Sir, Courtallam is a very small place and requires some extension. As the speaker who preceded me pointed out, in the Schedule where the area constituting the Township is specified it is mentioned 'bounded on the east, by the revenue village of Melagaram'. I would request the Government to extend the area up to Tenkasi. That would give greater facility. Courtallam is now being kept as a very nasty place. During the major part of the year, namely, for 8 or 9 months in a year, it is almost deserted. There is considerable activity only for about three months in a year."

"The Government have stated that they are going to constitute a Committee consisting of eight members of whom three will be non-officials. I do not know how the Government are going to appoint the other five officials. If they are district officers who are residing abroad and who come to Courtallam now and then, they may not really help. Tenkasi and Elanchi are two of the best villages bordering Courtallam where there are a number of enlightened and educated people. Some of these people may be selected to form this Committee. There is no use appointing an official who is a Tahsildar elsewhere or a Subdivisional Officer at Shermadevi. They may not take any interest. There are at least a dozen unemployed graduates in both the villages I have referred to and they can attend to the work. I am sure they will really contribute something to the development of this township."

"Now, I come to the financial side of the matter. I do not think that the Committee will be able to improve the town with only the taxes and fees levied. Unless large grants are forthcoming, it would not be possible to improve the township. The mere conversion of a panchayat into a township would not provide the necessary money for effecting various improvements. If the Government are really serious in the matter, I request them to give large grants for improving the town. Sir, there is dearth of good drinking water. The waters of the Sithar river which is running through the mountain are now going to waste. Some attempt should be made to tap the water sources higher up in the falls and the water must be brought through pipes to the town. Otherwise, there would be considerable difficulty in getting drinking water. With these words, I wholeheartedly support the Bill."

SRI G. KRISHNAMURTHI :—" Sir, I heartily support the suggestion made by my hon. Friend Sri K. Balasubramania Ayyar. The township, as at present contemplated, may be there. Let us

[Sri G. Krishnamurthi] [26th March 1954]

see whether at Government level we cannot have good administration. After all, it is something like a sample survey or an experimental test. I am afraid that the powers given to the Township Committee to alter the boundaries or to make additions to the area may work havoc and diminish the importance of Courtallam. Courtallam has its charm more on account of the solitude that we enjoy there. If really the area is enlarged, naturally all the complexities of modern civilization, which we want to avoid by going to Courtallam, will be there. Naturally, the attraction of Courtallam will go down. What we now want is that the Township Committee should just see that the area at present contemplated is there and that it is never enlarged but that the amenities are increased as a result of the powers vested in the Committee by the Bill which we are now going to legislate."

SRI A. GAJAPATHY NAYAGAR :—" I am sorry, Sir, that this Bill is introduced without proper notice to us."

SRI T. PURUSHOTHAM :—" May I know, Sir, why the hon. Member is speaking in English? "

SRI A. GAJAPATHY NAYAGAR :—" There is the constitutional objection to speak in Tamil."

SRI T. PURUSHOTHAM :—" Sir, the hon. Member Sri A. Gajapathy Nayagar is blowing hot and cold in the same breath."

SRI A. GAJAPATHY NAYAGAR :—" Not at all. I sometimes speak in Tamil, because . . ."

SRI K. BHASHYAM :—" He wants that all should understand him."

SRI N. ANNAMALAI PILLAI :—" கனம் கஜபதி நாயகர் அவர்கள் எப்பொழுதும் வெளியிலும் இந்தச் சபையிலும் தமிழிலேயே பேசுவது வழக்கம். ஆனால் இன்று திடீரென்று ஆங்கிலத்தில் பேசுகிறார். மற்றொரு சமயம் தமிழில் பேசுகிறார். காரணம் தெரியவில்லை. அவராவது தமிழில் பேசினால் நாங்கள் விபரம் தெரிந்து கொள்ளலாமென்று நினைத்தோம். ஆனால் அவரும் ஜோதியோடு ஜோதியாய்க் கலந்துகொண்டு விட்டார். அதை விளக்குமாறு கேட்டுக் கொள்கிறேன்."

SRI A. GAJAPATHY NAYAGAR :—" I will explain. I have raised the question whether this legislature is going to adopt Tamil as the official language. But that matter is put in cold storage. When any Member speaks in Tamil, Hon. Ministers reply only in English, because they say that English is the only authorised language under the Constitution and therefore they reply only in English."

THE HON. SRI M. BHAKTAVATSALAM :—" That is not what the Ministers said."

SRI A. GAJAPATHY NAYAGAR :—" I understand them in suchwise, though they did not say so in so many words. They cannot help speaking in English, because English is the only authorised language. I know the Minister can speak in Tamil."

26th March 1954]

SRI N. ANNAMALAI PILLAI :—" அதில் எனக்கு ஆசைப்படுகிறது."

SRI A. GAJAPATHY NAYAGAR :—" Sri Annamalai Pillai wants to know why I speak in English and why I do not speak in Tamil."

MR. CHAIRMAN :—" The hon. Member will speak on the Bill."

SRI A. GAJAPATHY NAYAGAR :—" Sir, I am speaking on the Bill in English, because my right to speak in Tamil is not constitutionally recognized. I do not speak in Tamil because constitutionally I am bound to speak in English. The right is not left to me to speak in Tamil. The Hon. Chairman may prevent me from speaking in Tamil, when I can express myself clearly in English. Therefore, I am speaking in English. Sir, this Bill is only the thin end of the wedge in destroying democratic principles. Courtallam is a religious resort. Also it is a health resort. It is a place for all people—rich or poor—to visit. The Government want to make Courtallam a township. That means, they will constitute a township committee, of which three only will be non-officials. This committee will get all control, and they will convert the whole area with reference to their needs and comforts. Why should administration by the elected panchayat be taken away and the administration entrusted to a township committee? The Government should leave the panchayat alone to do its duty. Wherever authority goes, authority goes with all its implications. If the Government want to improve the place, let them give more powers to the panchayat. If the Government so want, they can appoint a special officer. But I ask, why convert the panchayat into a township committee? This is against all democratic principles. I oppose the very principle underlying this Bill. Health is not a subject which the panchayats cannot deal with. Merely in the name of preserving the health of the people there, the Government cannot take away the powers of the panchayat. I hope the people of Courtallam wish to have their own panchayat. Why should there be this township committee in the place of the panchayat? This Bill is unconstitutional, and it will lead to other complications. This Bill will convert the place into a regular town buzzing with noise, and the people would be deprived of all the benefits of this health resort. Therefore, I oppose the Bill."

DR. V. K. JOHN :—" I am very glad that the Government are paying attention to health resorts. I strongly advise them that every health resort must be resorted to. Very costly buildings were constructed in Ootacamund for the purpose of housing Government offices and for enabling officers and Members of the Government to go and take rest and also do work. For the last few years after the Congress took up office, these places were not resorted to, much to the disadvantage of administering public affairs. I personally think that it would be much better for the Secretaries, the staff, and Ministers to spend a month or two at Ootacamund

[Dr. V. K. John] [26th March 1954]

and recoup their health, so that they may be fit for work in the next ten months. I want the Government to bear this in mind. Because the Government want to improve one health resort, I am making reference to this. I would also say that the Government should pay attention to every health resort both in the Nilgiris and Kodaikanal. Coming to the question of Courtallam health resort, I say I welcome the idea of improving this health resort. It is stated that the panchayats and other various organizations functioning there have not been able to effect appreciable improvement in the conditions of the place. If that is true—and I think it is true—it is entirely due to the fact that they have not enough funds. What the Government should have done and could have done was to assist the panchayat and other bodies functioning in Courtallam with the necessary funds to improve the township. The Government say that they will make rules to enable the township committee to levy all or any of the taxes and fees which may be levied by virtue of the provisions applied to the township under this section. I must very strongly object to the Government taking over powers to levy taxes. In fact the Government should come before the legislature. The legislature must know what taxes the Government propose to levy, and the legislature must give sanction to the proposal. To levy a tax by mere notification is wrong on principle. The executive should not be given the power to impose taxes without the special sanction of the legislature. A mere blank order to the executive to levy any tax they like, by notification, is wrong on principle, and we have to oppose this move very strongly. Then, Sir, it is stated that there will be a committee which will be appointed by the Government. Three Members of the Committee will be non-officials. This is again evidence of the Government trying to have patronage and power in their hands, and also trying to see that they appoint their own men to important places. We must develop democracy, Sir. I would personally request the Hon. Minister to give an assurance to this House that all the eight members will be non-officials or at least a majority of them will be non-officials. What we require now is financial assistance by the Government to improve these townships and also other health resorts. Not one word was spoken by the Hon. Minister whether the Government had any idea to give any financial assistance, and what would be the amount of that financial assistance. That is what people are interested in. What the Government will do, we do not know. Being a health resort, the Government must spend money out of the public revenues to improve it. I hope, Sir, that the Government will think twice over in not conforming to principles of taxation and also in trying to appropriate to themselves the power of nomination as well as the power to appoint officials to this committee."

SRI T. M. DAIVASIKHAMANI ACHARIAR :—" Mr. Chairman, Sir, the question of improving Courtallam as a sanatorium is long overdue. Barring the two places, Ootacamund and Kodaikanal, there are no other health resorts in our State worth

26th March 1954] [Sri T. M. Daivasikhamani Achariar]

the name. Courtallam has a very good climate. The drizzling continues for some months and people enjoy that climate like anything. That is a place fit to be developed into a sanatorium. There is also the waterfalls. As our hon. Friend Sri Parameswaran pointed out, in America they are selecting places for developing them into sanatoria and they are spending large sums of money on them. It should therefore be a matter for pride that this State should establish one or two good sanatoria in this State. Some more sites should be acquired and the place should be improved to a very great extent. The place rendered a first-class sanatorium. Then into we must have good residential buildings there. When people go there they must be provided with good residential accommodation as they may wish to stay there for some time. So I would suggest that construction of small buildings should be included in the scheme.

" Sir, in this connexion I would refer to what my hon. Friend Sri E. H. Parameswaran said about the work of the committees. Generally I am not a believer in committees much less in the proposed Township Committee, the House Committee of this House, etc. The hon. Member Sri Purushotham also said something about this in defence. As an instance, may I quote that last year we were called upon to elect a House Committee for this House and we elected one also this year. The whole House is in darkness as to what that committee has done so far. On a previous occasion when I pointed out that the seats of the back bench members might be improved the Hon. the Finance Minister was good enough to say that the back benches received greater attention than the front benches. I would like to know what are the duties of this House Committee, if not improving the amenities of the House."

SRI T. PURUSHOTHAM :—" Mr. Chairman, Sir, the hon. Member is referring to the House Committee. That has no relation to the Bill under reference. I may tell the hon. Member that the House Committee is doing excellent work. He is himself aware of it."

SRI T. M. DAIVASIKHAMANI ACHARIAR :—" Since the hon. Member has paid a compliment to the House Committee I will leave it at that."

" Now, Sir, I support this Bill strongly because we want at least another sanatorium in this State. If new sanatoria have to be found, and if this is not improved, we will have to go into the forests and mountains. In this connexion I may mention that in the Andhra State they have no sanatorium. They have yet to establish one whereas we have to-day three sanatoria. In this respect at least let us march in advance of that State. I wholeheartedly support this Bill."

MR. CHAIRMAN :—" The question is—

' That the Courtallam Township Bill, 1954, be taken into consideration at once.' "

[26th March 1954]

The motion was carried and the Bill was taken into consideration.

Clauses 2 to 6 were put and carried.

The schedule was put and carried.

THE HON. SRI K. RAJARAM :—“ Sir, the Government want to move an amendment to clause 4. It may please be reopened.”

SRI MOHAMED RAZA KHAN :—“ Should not the House give its permission to reopen the clause? ”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ Sir, I move—

‘ That clause 4 of the Bill be reopened. ’ ”

MR. CHAIRMAN :—“ I hope the House gives its permission to reopen the clause. The Hon. Minister may move his amendment to clause 4.”

Clause 4.

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ Sir, I wish to move an amendment to clause 4 to the effect that the rules, etc., framed under that clause will be placed on the table of the House so that the House may have an opportunity to consider those rules and make modifications, if necessary.”

THE HON. SRI K. RAJARAM :—“ The amendment is being moved as suggested by the hon. Member Sri K. Bhashyam.”

SRI K. BHASHYAM :—“ The rules will be published in the gazette and also placed on the table of the House at an early date for the information of hon. Members. I do not know if the Government would like the Members of the Legislature to consider those rules and vote on them.”

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ The object of the Government is to place the rules framed under the clause on the table of the House. The Legislature may consider those rules and suggest modifications, if necessary. The usual procedure adopted in respect of other legislations authorizing Government to frame rules and place those rules on the table of the House will also be incorporated in this Bill. That is the object of the amendment.”

MR. CHAIRMAN :—“ Let us wait for the official amendment.”

SRI K. BALASUBRAMANYA AYYAR :—“ I believe if special taxes are proposed to be levied which are not of the same kind as taxes levied by the panchayats and municipalities, proposals of such taxation will be placed on the table of the House for our consideration.”

[26th March 1954]

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—“ Only such taxes as are now collected by the panchayats and municipalities will be collected by the Township authority. No new taxes will be collected by them unless they are approved by the Legislature. Certain items have been classed as taxes to be collected by the panchayats and municipalities and they are making those collections. Only the existing provisions regarding the collection of taxes will be applied to that area. It is only an extension of the existing power to a new area. There is no fresh taxation involved in this.”

SRI T. PURUSHOTHAM :—“ May I know, Sir, whether it is in order to move an amendment without proper notice.”

MR. CHAIRMAN :—“ I have power to allow any amendment at any moment. The House is at liberty to accept it or not.”

SRI MOHAMED RAZA KHAN :—“ The purpose of the amendment is very good. It is a very welcome thing and indicates the willingness and responsiveness of the Hon. Ministers of Law and Local Administration to accept suggestions made by hon. Members particularly Members of the Opposition. It was just now pointed out that it would not be fair on the part of the Government to take powers of taxation without the approval of the Legislature. Now Government have said that they won't levy any new taxes without the approval of the Legislature. I am sure this attitude will be kept up in future also, because this is a very wholesome principle.

“ I do not at this stage want to go into a general discussion on the object of the Bill. The object is very good. Every one of the hon. Members who spoke on the Bill approved of it. But I am afraid the net result of all this will be that nothing will be done as far as the improvement of the place is concerned. That place is an excellent health resort. The very appearance of my hon. Friend Sri Parameswaran who comes from that place is sufficient proof to show that that place is a very good health resort.”

MR. CHAIRMAN :—“ What has that to do with the amendment? ”

SRI MOHAMED RAZA KHAN :—“ I was just pointing out the influence of health resorts on the appearance and the health of a person.

“ Sir, the Government have also given an indication that though they may levy some taxes there, the taxes may not be much. There seems to be a difference of opinion in the House. Some hon. Members feel that the old beauty and grandeur of the place should be maintained and the place should not be allowed to develop into the usual kind of township. Some hon. Members also want that some amenities should be provided for the people who come there. It would be much better if the Government give some sort of an idea as to the quantum of help they are going

[Sri Mohamed Raza Khan] [26th March 1954]

to give to make Courtallam a perfect health resort not only for its inhabitants but for the people who particularly seek to go there and who may feel that Courtallam would improve their health."

SRI K. BALASUBRAMANYA AYYAR :—" Mr. Chairman, Sir, to enable the proposed amendment to be fitted into the clause concerned, may I suggest that we take up the third reading on the next day that the House meets. Then the Government can move the amendment, and the House can vote upon it. Otherwise, the amendment has to be made here and now and there may be difficulty regarding the proper wording of the amendment."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" Mr. Chairman, Sir, I shall read the draft of the proposed amendment—

' Provided that such notifications shall be placed on the table of the Houses of the Legislature and it will be open to the Legislature to alter, amend or add to them.'

SRI K. BALASUBRAMANYA AYYAR :—" This cannot be put in as part of the Bill."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" Sir, I am afraid, I have not been properly understood. This is a proviso to clause 4 of the Bill which contemplates how the provisions of the Madras District Municipalities Act are to be implemented. What is suggested in the amendment is the method by which such rules framed by the Government are modified or added to. This is the formula which we have adopted in regard to all legislative enactments both in this House and in the other House."

SRI K. BALASUBRAMANYA AYYAR :—" Sir, I would suggest that the amendment be regularly moved."

SRI K. BHASHYAM :—" Mr. Chairman, Sir, I will explain the implications of this amendment. Any notifications made shall duly come into effect at once. When the Legislature meets or when the notifications are placed before the Legislature, it can amend or add to these rules and then the amended rules come into force. Therefore, there is no question of holding up the framing of the rules till the Legislature meets. Very often what happens is the Legislature may be otherwise busy or it may even be indifferent. I therefore submit that the notifications published by the Government should come into force at once and afterwards it is open to the Legislature to take up the matter and make such amendments as are necessary. This, I think, has been the practice adopted in regard to the Estates Abolition Act and other Acts."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" Sir, I shall clarify the whole position. I suggest, Sir, that the following be added as sub-clause (3) to clause 4 :—

' The notifications made by the State Government under sub-section (1) in the Fort St. George Gazette shall have effect as if enacted under this Act. The said notification shall, as soon as possible after it is made, be placed on the table of both Houses of the Legislature of the State and shall be subject to such modifications whether by way of repeal or amendment as the Legislature may make during the session in which it is so laid.'

26th March 1954] [Sri K. P. Kuttikrishnan Nair]

It has been sufficiently explained that this is an emergent measure and we have to push up the formation of the Committee, etc., and that these rules have to be framed as and when they become necessary. If the Legislature thinks that these rules are not proper or that any modifications have to be made, the Legislature has an opportunity to do so when the rules are placed on the table of the Houses of the Legislature. This will work very well both from the point of view of the Government as well as that of the Legislature."

MR. CHAIRMAN :—" When does the opportunity arise to make any alterations? "

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" The rules will be placed before the Legislature immediately when the next session begins."

MR. CHAIRMAN :—" How does the House take it up? "

THE HON. SRI K. RAJARAM :—" Amendments to the rules can be moved in the House. It has been stated in all our legislative enactments that fourteen days' time is allowed for moving any amendment."

SRI MOHAMED RAZA KHAN :—" There is a precedent, Sir. Last time when the Sales Tax Act was amended there was some discussion in regard to this matter and the then Minister for Law said that he would place the rules framed by the Government on the table of the House and that the House could either accept them or reject them. Therefore, for the present, we can accept it when the Government say that the rules will be placed before the Legislature. If they are not working properly, we can further amend them."

SRI K. BALASUBRAMANYA AYYAR :—" If the papers are merely laid on the table of the House, are they open for amendment or discussion in the House? That is the difficulty of the Hon. the Chairman. I think the better way would be for the Government themselves to bring forward a motion that these rules be taken into consideration. Even if there are precedents, this appears to be the better way."

THE HON. SRI K. RAJARAM :—" Sir, there are already a number of enactments in which we have such a provision. Normally these rules are published in the Gazette and then they are placed on the table of the House when it is in session. If any hon. Member wants to amend any rule, he can give notice of such an amendment within fourteen days. The rules are placed on the

[Sri K. Rajaram] [26th March 1954]

table of the House for fourteen days and within these fourteen days any hon. Member can give notice of an amendment and the House has to take it into consideration."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" Sir, I formally move—

' Add the following as sub-clause (3) to clause 4 :—

(3) The notification made by the State Government under sub-section (1) in the Fort St. George Gazette shall have effect as if enacted in this Act. The said notification shall, as soon as possible after it is made, be placed on the table of both Houses of the Legislature of the State for fourteen days and shall be subject to such modifications whether by way of repeal or amendment as the Legislature may make during the session in which it is so laid.' "

MR. CHAIRMAN :—" The question is—

' Add the following as sub-clause (3) to clause 4 :—

(3) The notification made by the State Government under sub-section (1) in the Fort St. George Gazette shall have effect as if enacted in this Act. The said notification shall, as soon as possible after it is made, be placed on the table of both Houses of the Legislature of the State for fourteen days and shall be subject to such modifications whether by way of repeal or amendment as the Legislature may make during the session in which it is so laid.' "

The amendment was carried.

Clause 4, as amended, was put and carried.

Clause 1 and the Preamble were put and carried.

THE HON. SRI K. RAJARAM :—" Mr. Chairman, Sir, I thank hon. Members for giving various valuable suggestions in regard to this Bill. An hon. Member raised the point that a time-limit should be fixed for the Township Committee that is going to be appointed under this Act and after that time-limit, elections should be held. This Bill is only a temporary measure. The present Panchayat Board containing elected representatives is not capable of effecting any improvement to the place. Already there are two committees—a Waterfalls Committee and a Public Health Committee—functioning. These committees also are not capable of carrying out any improvements. Therefore, the Government have decided to nominate a committee called a Township Committee. This committee will consist of eight members. Out of them five will be officials. The officials will include the District Collector, the Executive Engineer, the Assistant Electrical Engineer and the District Health Officer. There will be three non-officials. They will be selected from the nearby two or three villages and one of them will be the executive officer of the temple which owns many houses in Courtallam itself. The executive officer of the temple has got some control over the

[Sri K. Rajaram] 26th March 1954]

waterfalls. Therefore the executive officer or the trustee of the temple must be a member of the committee. They will have to pay more taxes than anybody else in Courtallam. If all the improvements in the condition of the place have been effected and if the Government then consider that they can have a non-official body to administer the area, we can revert again to the system of panchayat board administration, and there will be no difficulty. That is why provision has been made in the Bill for nomination of members to the Township Committee. As the present panchayat board is not capable of effecting any improvement, we have brought forward this special legislation. We cannot give effect to the provisions of the District Municipalities Act in this place because Courtallam is only a small place containing a population of about five thousand people and it does not satisfy the conditions required for raising it to the status of a municipality. That is why we cannot bring into force the provisions of the District Municipalities Act there. Therefore, we have brought in this special legislation. When we find that all the improvements in the condition of the place have been made and that an elected body may start functioning, we can revert to the old panchayat board system. A new panchayat board can then be elected as is done in other areas.

" The non-officials who are going to be nominated will be natives of Courtallam and surrounding villages. They will be able to see that other areas are not unnecessarily included in the township area. Unless they are places where people, who come to Courtallam as visitors, can live, no other places will be included in the Courtallam Township area.

" Reference has also been made to the benefits that will accrue as a result of the formation of the township. There are many big buildings in Courtallam. The present panchayat board cannot collect as much taxes as a municipality will be able to collect. If Courtallam is made a township then, the township will be able to levy as much taxes on these buildings as a municipality can levy. Further the township will be able to get more grants from this Government than what a panchayat board will be able to get. We are also thinking of getting some grants from the Government of India. I think it is not necessary to explain all these things. I consider that it would be very beneficial to convert it into a township. Once again I thank all hon. Members for giving so many valuable suggestions. Sir, I move—

' That the Courtallam Township Bill, 1954 (L.C. Bill No. 8 of 1954), as amended, be passed into law.' "

MR. CHAIRMAN :—" Motion moved—

' That the Courtallam Township Bill, 1954 (L.C. Bill No. 8 of 1954), as amended, be passed into law.' "

SRI K. BHASHYAM :—" I thought I heard the Hon. Minister saying that out of the non-officials nominated by the

[Sri K. Bhashyam] [26th March 1954]

Government the executive officer of the temple or the trustee of the temple will be one. I wish to point out that it is only the trustee of the temple who is a non-official. But the executive officer of the temple has to be classified as an official member, because he is part of the Government machinery."

THE HON. SRI K. RAJARAM :—" I thank Mr. Bhashyam for his suggestion. If we appoint the executive officer of the temple as a member of the committee, he will be treated as an official member of the committee. If a trustee is nominated to the Township Committee he will be included among non-official members to be nominated for the committee."

SRI T. PURUSHOTHAM :—" Mr. Chairman, Sir, I congratulate the Hon. the Minister for Local Administration on having successfully piloted this Bill. I hope that as a result of the efforts of the new township that will be constituted for Courtallam, we will have an excellent sanatorium and an ideal health resort in South India. As suggested by my hon. Friend Sri P. N. Marthandam Pillai, the Government should help the Township Committee with necessary financial assistance. I hope our Government will also address the Government of the Travancore-Cochin State to contribute towards the successful functioning of the township, and for effecting the necessary civic improvements. The committee also should take up the question of the construction of cloak rooms. They are very necessary, especially for ladies. I hope Government will take up all steps for improving the place and making it an ideal one. Opening of parks on the lines of those found at the Kannambadi Dam in Mysore should be welcome. I hope the Government will give substantial financial assistance for carrying out all these improvements. As a member of the Regional Tourist Committee, I welcome this Bill and hope that this place will be developed as a first-rate tourist centre in the South. There are several other places in our State where such tourist centres could be established. For instance, a Township Committee can be constituted at Tirukkalikundram in Chingleput district. Sri Daivasikhamani Achariar referred to the functioning of the House Committee and said that the Township Committee should function much more efficiently than the House Committee of this House. I believe, Sir, he has been confusing the issues. I wish he had suggested that this House should meet at Courtallam sometime when it is fully developed as a health resort. I hope that an occasion would arise when the sittings of the Legislature would be held in health centres like Ootacamund or Courtallam. I hope that the Township Committee would apply themselves to develop the place in such a way that we would be tempted to pass a resolution recommending the holding of at least one session of the Legislature during summer at Courtallam and that the Government also would accept our proposal. With these few words, I support the motion. I once again congratulate the Hon. Minister on successfully piloting this Bill."

26th March 1954]

MR. CHAIRMAN :—" The question is—

' That the Courtallam Township Bill, 1954 (L.C. Bill No. 8 of 1954), as amended, be passed into law.' "

The motion was carried and the Bill was passed into law.

MR. CHAIRMAN :—" The House will now adjourn and meet again at 11 o'clock on Monday, the 29th March 1954."

The House then adjourned to meet again at 11 a.m. on Monday, the 29th March 1954.

THE MADRAS DISTRICT BOARDS (AMENDMENT)
BILL, 1954 (L.C. BILL No. 4 OF 1954)
(AS PASSED BY THE COUNCIL)

THE MADRAS LEGISLATIVE ASSEMBLY.

Saturday, 27th March 1954.

The House met in the Assembly Chamber, Government Estate, Mount Road, at ten of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

THE MADRAS DISTRICT BOARDS (AMENDMENT) BILL, 1954 (L.C. BILL NO. 4 OF 1954) (AS PASSED BY THE COUNCIL).

SRI K. P. GOPALAN :—“ Sir, I think the Hon. the Minister for Local Administration is going to move the District Boards (Amendment) Bill. Regarding that Bill, I want to raise a point of order and say that the Bill cannot be moved.”

MR. SPEAKER :—“ Is the hon. Member saying that the Bill cannot be moved here? ”

SRI K. P. GOPALAN :—“ Yes, Sir. On a former occasion, the term of the District Boards was extended by one year. Again, another Resolution was passed by this House for appointing Special Officers. At that time, the Hon. the Chief Minister said that before March 31st, elections would take place. What I wish to bring to the notice of this Hon. House is that when once this Assembly passes a Resolution on a particular subject, it is the decision of this Assembly.”

MR. SPEAKER :—“ Is the hon. Member arguing that this Assembly cannot change its decision? ”

SRI K. P. GOPALAN :—“ Sir, may I submit that Article 164 (2) of the Constitution of India says that ‘ the Council of Ministers shall be collectively responsible to the Legislative Assembly of the

27th March 1954]

[Sri K. P. Gopalan]

State.’ When the Assembly passes a Resolution, it is a mandate to the Hon. Ministers who should carry out that mandate. My contention is that this Bill cannot be taken up now as the Ministry by not conducting elections to the District Boards, has not only violated the decision of the Assembly but also violated the privileges of the hon. Members of this House. For these reasons I object to the taking up of this Bill and say that the Hon. the Minister should not move the Bill now.”

MR. SPEAKER :—“ I cannot understand this objection by any stretch of imagination, that once the House has passed a resolution or given a verdict, it cannot change it again. I do not think so. The House is a Sovereign body. It can pass a Bill to-day and tomorrow it can bring another Bill to nullify it.”

SRI K. P. GOPALAN :—“ Sir, this is the second time that this matter has been brought before the House. Is it possible to bring the same subject again and again? ”

MR. SPEAKER :—“ I can give any number of instances. The House has power to change its own decision. This is only the second time. The Hon. Minister can bring forward such a Bill a hundred times.”

THE HON. SRI K. RAJARAM :—“ I beg to move—

‘ That the Madras District Boards (Amendment) Bill, 1954, (L.C. Bill No. 4 of 1954), as passed by the Legislative Council and transmitted to the Legislative Assembly, be taken into consideration at once.’

The Madras District Boards (Amendment) Act, 1953 (Madras Act V of 1953) was enacted with a view to provide for the appointment of Special Officers to District Boards from the 1st July 1953, the date of expiry of the term of office of members of District Boards. It was then intended that elections to District Boards should be completed by the 1st April 1954 so that the new members might come into office on or before that date. After the formation of the Andhra State, a scheme for the decentralization of the functions of the District Boards has been under consideration and pending a decision on that scheme, arrangements for the conduct of elections to District Boards could not be taken up. The Government proposes to set up a high level committee to go into the question of reorganisation of local bodies and a comprehensive legislation will be introduced in due course, after examining the Committee's recommendations.

“ I would like to mention briefly the reasons for the proposal of the Government to abolish District Boards. With the coming into force of the Madras Village Panchayats Act, 1950, the Panchayats were removed from the control of District Boards. This entailed a readjustment of the functions performed by the District Boards. The activities of the District Boards are now practically

[Sri K. Rajaram] [27th March 1954]

confined to non-Panchayat areas, except in regard to Education, Medical relief, and Public Health which extend over Panchayat areas also. The District Boards have too large an area to administer. There has been a growing feeling that they are unable to attend to the development of rural areas in an effective manner from the district headquarters. It is therefore considered very desirable to decentralize the functions of District Boards and replace these bodies by smaller and potent administrative units, namely, Local Boards for taluks which can be more *close* in touch with the people in their respective areas and which can cater to their needs in an effective manner. The scheme will have the advantage of not only providing better administration for rural areas not served by Panchayats, but associating a large number of non-officials in local administration.

"As the legislation and the administrative arrangements necessary for bringing the new local boards into existence will take some appreciable time, it has been decided that elections to district boards should be proceeded with, and that the district boards should continue to function after the elections until the new local boards are set up. In view of the work in the Assembly in connection with the New Year's Budget, and the time required to complete the elections to district boards, it has been decided that the term of the Special Officers who are now in charge of district boards and whose term of office will expire on 1st April 1954, should be extended further. The Bill makes the necessary provision for this purpose. When the Bill was taken up for consideration in the Legislative Council, an amendment was moved by one member to the effect that the term of the Special Officers may be extended up to 31st October 1954, mainly with a view to facilitate the conduct of elections to the district boards in the West Coast and the Nilgiris, after the monsoon was over. This amendment has been accepted by the Government.

"I wish to make the position of the Government clear in regard to the acceptance of the amendment in order to remove the misapprehension felt by some members that the term of office of the Special Officers has been prolonged unnecessarily. I may say here and now that the extension of the term up to 31st October 1954 is only the outside limit and it is intended that where elections are completed earlier, the elected boards should be brought into being at once, instead of waiting till 1st November 1954. As I have said in the other House, arrangements are already in full swing for the conduct of elections and the election proceedings will be started by about the middle of May 1954. Only in South Kanara, Malabar and the Nilgiris districts, will elections be held in September-October 1954. It is the intention of Government that the administration of district boards by Special Officers should be replaced by elected boards as quickly as possible.

27th March 1954] [Sri K. Rajaram]

"I therefore commend the Madras District Board (Amendment) Bill, 1954, as passed by the Legislative Council to the unanimous acceptance of the House."

MR. SPEAKER:—"Motion moved—

'That the Madras District Boards (Amendment) Bill, 1954 (L.C. Bill No. 4 of 1954), as passed by the Legislative Council and transmitted to the Legislative Assembly be taken into consideration at once.'

The hon. Member, Sri M. Kalyanasundram, may move his amendment."

SRI M. KALYANASUNDRAM:—"கனம் சபாநாயகர் அவர்களே, நான் என்னுடைய திருத்தத்தைப் பிரேரிக்கிறேன். விவாதம் நடக்கட்டும். நான் கடைசியில் இந்தத் திருத்தத்தைப் பிரேரித்ததற்கான காரணத்தை விளக்கிப் பேசுகிறேன். என்னுடைய திருத்தம் அடியில் வருமாறு இருக்கிறது.

'That the Madras District Boards (Amendment) Bill, 1954 (L.C. Bill No. 4 of 1954), as passed by the Legislative Council, be referred to a Select Committee.'

SRI K. P. GOPALAN:—"I second the amendment."

MR. SPEAKER:—"The motion as well as the amendment of Sri Kalyanasundram is before the House for discussion."

SRI P. B. K. RAJACHIDAMBARAM:—"தலைவர் அவர்களே, நீண்ட நாட்களாக நான் எதிர்பார்த்திருந்த இந்த மசோதாவானது இன்றைக்குத்தான் விவாதத்திற்கு வந்திருக்கிறது. அதுவும் ஒரு நன்மையில், வெகு அவசரமாக இன்னும் சில மணி நேரத்திற்குள் இது சட்டமாகச் செய்யப்படவேண்டுமென்றும், இல்லாவிட்டால் நாட்டில் ஸ்தல ஸ்தாபனங்களின் நிர்வாகம் சீர்குலைந்து போகுமென்ற நிலைமையில் ஸ்தல ஸ்தாபன அமைச்சர் அவர்கள் இந்த மசோதாவை பிரேரித்திருக்கிறார்கள். இந்த மசோதாவைப் பிரேரித்து அவர் பேசிய போது, நான் இந்த மசோதாவை எதிர்த்து இது அவசியமற்றது என்று எடுத்துக்காட்ட என்னென்ன விஷயங்களை எல்லாம் சொல்லவேண்டுமென்று எண்ணினேனோ, அதே விஷயங்களைத்தான் அவர் குறிப்பிட்டார்.

"நான் அமைச்சர் அவர்கள் கொண்டுவந்துள்ள மசோதாவுக்கு ஒரு சிறிய உதாரணத்தை எடுத்துச் சொல்ல விரும்புகிறேன். ஒரு மனிதனுக்கு ஒரு நீதி ஸ்தலம் தூக்கு தண்டனை விதிக்கிறது. ஆனால் தூக்கு தண்டனை என்றைக்கு நிறைவேற்றப்படவேண்டுமென்று நான் நிர்ணயம் செய்யப்படவில்லை. தூக்கு தண்டனை விதிக்கப்பெற்ற அந்த மனிதன் கலியாணமாகாதவன். ஆகவே அந்த ஊர் ஜனங்கள் தூக்கு தண்டனை விதிக்கப்பெற்றவனிடம் அனுதாபம் கொண்டு, தூக்கு தண்டனை நிறைவேற்றப்படும்முன் அவனுக்கு ஒரு கலியாணம் செய்து வைத்துப் பார்த்துக் கொடுக்க விரும்பினார்கள் என்றால் அதைக் கண்டு நாம் ஆனந்தப் படுவோமா, அல்லது அனுதாபப் படுவோமா என்பதை நீங்கள் யோசித்துப் பாருங்கள். அதைப் போலவே 'ஜில்லா போர்டுகள் அவசியம் இல்லாத ஸ்தாபனங்கள். அவைகளைக் கலைத்து அதற்குப் பதில் தாலுக்கா போர்டுகள் அமைக்கவேண்டும். பஞ்சாயத்துச் சட்டம் வந்த பிறகு ஜில்லா போர்டுகளை வைத்திருப்பது ஜனநாயகத்திற்கு விரோதமானது. ஆகையால் ஜில்லா போர்டுகளைக் கலைக்க அரசாங்கம் முடிவு செய்துவிட்டது. ஜில்லா போர்டுகளை சுவமாக்கப் போவதால் அதற்குப் பதில் தாலுக்கா போர்டுகளை அமைக்கவும் பல சர்ச்சைகள் நடந்து முடிவு செய்யப்பட்டுவிட்டது.

அதை எப்படி அமைப்பது என்கின்ற விஷயங்களைப்பற்றி ஒரு விபரம் தயார் செய்ய பல நிபுணர்கள் அடங்கிய ஒரு குழுவை அமைக்கப் போகிறோம், என்றெல்லாம் சொல்லிவிட்டு அதே சமயத்தில், 'அப்படி இன்னும் சிறிது காலத்திற்கே உயிரோடு இருக்கப் போகின்ற ஜில்லா போர்டுகளுக்குத் தேர்தலை நடத்தியே ஆகவேண்டும்,' என்று அரசாங்கத் தார் சொல்வது விந்தையிலும் விந்தையாக இருக்கிறது.

(At this stage, the temporary Chairman Sri V. Balakrishnan took the Chair.)

"ஒன்று அரசாங்கம், ஜில்லா போர்டுகள் தேவை என்று கருதினால் தேர்தலை நடத்தலாம். அல்லது அரசாங்கம், ஜில்லா போர்டுகளே அவசியம் இல்லையென்ற ஒரு முடிவுக்கு வந்திருக்குமானால் அதற்கென இப்பொழுது தேர்தல் நடத்தியாக வேண்டுமென்ற அவசியம் என்னவென்பதை கனம் அமைச்சர் அவர்கள் சபைக்குச் சொல்ல மறந்துவிட்டார்கள் போலும்! ஒன்று மட்டும் நான் கேட்க விரும்புகிறேன். அமைச்சர் அவர்கள் சொல்லலாம், 'இந்த விசேஷ அதிகாரிகளின் நிர்வாகத்தின் கீழ் ஸ்தல ஸ்தாபன நிர்வாக அதிகாரத்தை நீண்டநாள் விட்டுவைக்க அரசாங்கம் விரும்பவில்லை, ஜனநாயக முறைக்கு விரோதமாக,' என்று. ஆனால் கடந்த ஒன்பது மாத காலமாக ஜனநாயகம் இந்த நாட்டில் இல்லாமல் போய்விட்டதோ என்று எண்ணக்கூடிய வகையில் விசேஷ அதிகாரிகளின் கையில் ஸ்தல ஸ்தாபன நிர்வாகத்தை ஒப்படைத்திருக்கிறார்களே, அப்பொழுது ஜனநாயகத்தைப்பற்றிய நினைவே இவர்களுக்கு இல்லையா, என்று அரசாங்கத்தைக் கேட்க விரும்புகிறேன். இந்த ஒன்பது மாத காலமாக மக்களுடன் எவ்வித தொடர்பும் இல்லாமல், அரசாங்கத்தின் சிப்பந்திகளான ஜில்லாக் கலெக்டராலும், அவர்களுக்குக் கீழ் வேலை செய்வதற்காக நியமிக்கப்பட்ட அதிகாரிகளாலும், ஸ்தல ஸ்தாபனங்களின் அடிப்படைத் தத்துவத்திற்கு நேர் விரோதமான முறையில் நாட்டில் ஸ்தல ஸ்தாபனங்களின் நிர்வாகம் நடந்துவந்துகொண்டிருப்பதை அரசாங்கம் பார்த்துக்கொண்டிருந்தும், திடீரென்று ஜனநாயக முறையில் ஸ்தல ஸ்தாபனங்கள் இயங்க தேர்தலை நடத்தப் போகிறோம் என்று சொன்னால், என்னைக்கும் இல்லாது, இன்றைக்கு ஜனநாயகத்தின்மீது இவ்வளவு பெரிய காதல் அரசாங்கத்திற்கு எப்படி உண்டாயிற்று என்பது எனக்குத் தெரிய வில்லை."

SRI G. பல செளகர்யங்களைச் செய்துகொடுக்க முடியாத நிலைமையில் பணக் கஷ்டத்தால் திண்டாடிக்கொண்டிருக்கிறார்கள் என்ற விஷயம் அரசாங்கத்திற்குத் தெரிந்திருக்கும், ஆகவே, ஒரு விஷயத்தை அவர்கள் சிந்தித்துப் பார்க்கவேண்டும்.

"இங்கு நடக்கப் போகும் ஜில்லா போர்டு தேர்தலானது சென்ற சட்ட சபை பொதுத் தேர்தலையும்விட பெரியது என்பது அரசாங்கத்தாருக்குத் தெரிந்திருக்கலாம். தெரியாவிட்டாலும் இப்பொழுது தெரிந்துகொள்ள வேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன். அதுவும் ஜில்லா போர்டு தேர்தலிலே இரட்டிப்பு மடங்கு அங்கத்தினர்களைத் தேர்ந்தெடுக்கவேண்டும். அதுவும் நம் ராஜ்யம் முழுவதிலிருந்தும் தேர்ந்தெடுக்க வேண்டும். அதற்காக ஏற்படும் செலவுகளை அரசாங்கம் ஏற்றுக்கொள்ளப்போவதில்லை. மேலும் இந்தச் செலவின் ஒரு பகுதியைக்கூட அரசாங்கம் ஏற்றுக்கொள்ளப் போவதில்லை. அந்தந்த ஜில்லா போர்டுகளின் தேர்தல் செலவுகளை வரையில் ஒரு ஜில்லா போர்டுக்கு இரண்டு லட்சம் ரூபாயிலிருந்து மூன்று லட்சம் ரூபாய் வரை தேர்தல் செலவு ஆகும். அதுவும் இன்றைக்கு பல ஜில்லா போர்டுகள் அந்த ஜில்லாக்களிலே வேலை செய்துகொண்டிருக்கும் ஆசிரியர்களுக்குக்கூட சம்பளம் கொடுக்கமுடியாத நிலைமையில் அரசாங்கத் தாரே முன்வந்து ஒரு மான்யமோ அல்லது கடனோ கொடுத்து ஒத்தாசை செய்யவேண்டிய நிலைமையில் இருக்கின்றன. மேலும் மக்களுக்கு பல நன்மைகளைச் செய்யவேண்டுமென்று ஜில்லா போர்டுகள் உணர்ந்தாலும் கூட அவைகளைச் செய்யமுடியாத நிலைமையில் பண்முடையால் திண்டாடிக் கொண்டிருக்கின்றன என்ற விஷயம் நம் எல்லோருக்கும் தெரியும். அப்படியிருக்கும்போது லட்சக் கணக்கான ரூபாய்களை மிகக் குறைந்த காலத்திற்கே உயிருடன் ஜீவித்திருக்கப் போகின்றது என்று முடிவு கட்டப் பட்டுவிட்ட ஜில்லா போர்டுகளின் தேர்தலுக்காக ஜனநாயகத்தை காப்பாற்றுகிறோம் என்ற பெயரால் பல ஜில்லா போர்டுகளை செலவழிக்கவேண்டுமென்று சொல்லுவது நியாயமா என்பதை கனம் அமைச்சர் அவர்கள் சிந்தித்துப் பார்க்கவேண்டும். ஜனநாயகத்தை இந்நாட்டில் நிலைநிறுத்தப் போகிறோம் என்று சொல்லிக்கொண்டு அரசாங்கத்தார் ஜில்லா போர்டு தேர்தலை தற்போது நடத்துவதற்கு முடியாத காரணம் என்னவென்று சொல்லியிருக்கிறார்கள் என்று பார்த்தால்—

'After the formation of the Andhra State, a scheme for the decentralization of the functions of district boards has been under the consideration, and pending a decision on that scheme arrangements for the conduct of elections to district boards could not be taken up.'

என்று சொல்லியிருக்கிறார்கள். ஆனால் தாலுக்கா போர்டுகளை அமைப்பதற்கு ஏதாவது நடவடிக்கை எடுத்தார்களா என்பதைப்பற்றி கனம் மந்திரி அவர்கள் விரிவாகச் சொல்லியிருந்தால் நன்றாக இருக்கும். அக்டோபர் மாதம் 1-ம் தேதி ஆந்திர மாகாணம் பிரிந்து சென்றது. ஆந்திர மாகாணம் பிரிந்து சென்று ஆறு மாதங்களுக்குமேல் ஆகியும்கூட இதைப்பற்றி ஒரு முடிவான அபிப்பிராயம் தெரிவிப்பதற்குப் பதிலாக நிபுணர்கள் அடங்கிய ஒரு குழுவை அமைக்கப்போவதாக அமைச்சர் அவர்கள் சொல்லியிருக்கிறார்கள். 'ஜில்லா போர்டுகள் இருக்கவேண்டுமா இருக்க வேண்டாமா என்பதைப்பற்றி ஆராய்ச்சி செய்யாது இந்தக் கமிட்டி ஜில்லா போர்டுகளை ஒழித்துக் கட்டுவது என்று அரசாங்கம் முடிவு செய்துவிட்டது. ஆகவே அதற்குப் பர்த்தியாக தாலுக்கா போர்டுகளை எப்படி அமைப்பது என்கின்ற விஷயத்தைப்பற்றியே இந்தக் கமிட்டி ஆராய்ச்சி செய்து தனது யாதாஸ்தை சமர்ப்பிக்கும்,' என்று அமைச்சர் சொல்லுகிறார்.

"ஏற்கெனவே இரண்டு ஆண்டுகளுக்கு முன்பாக ஜில்லா போர்டுகளின் நிர்வாகத்தை சீர்திருத்துவதற்காக முன்பிருந்த அரசாங்கத்தார் ஒரு கமிட்டியை நியமித்தார்கள்; அவர்களால் நியமிக்கப்பட்ட கமிட்டியாரால் அரசாங்கத்திற்கு அளிக்கப்பட்ட ஒரு ரிப்போர்ட்டானது என்ன ஆயிற்று

[Sri P. B. K. Rajachidambaram] [27th March 1954]

என்று அரசாங்கத்தைப் பல முறையும் கேட்டுக்கொண்டே வந்திருக்கிறோம். அப்பொழுது எல்லாம் அதைக் கவனித்துக்கொண்டு வருவதாகவே கனம் மந்திரி அவர்கள் பதில் சொன்னார்கள். ஆனால் அக்கமிட்டியின் சிபார்சுகள் என்னவென்பது இதுவரையிலும் சட்டசபை அங்கத்தினர்களுக்கோ, பொதுமக்களுக்கோ தெரியாது. தெரிந்து கொள்ளவும் ஒரு வாய்ப்பை இந்த அரசாங்கத்தார் அளிக்கவில்லை. இப்பொழுது ஜில்லா போர்டுகளை ஒழித்துவிட்டு தாலுக்கா போர்டுகளை அமைக்கவேண்டுமென்ற யோசனையும் கூட அந்தக் கமிட்டியால் அளிக்கப்பட்ட பல சிபார்சுகளில் ஒன்றே என்று நான் கருதுகிறேன். அதையும் அரசாங்கத்தார் தெரிவிக்க வேண்டுமென்று கேட்டுக்கொள்ளுகிறேன். கடந்த ஆறு மாதங்களாகவே, ஜில்லா போர்டுகளை ஒழித்துவிட்டு தாலுக்கா போர்டுகளை அமைக்கும் விஷயம் சம்பந்தமாக எந்த விதமான நடவடிக்கையையும் எடுக்காமல், கடந்த ஒன்பது மாத காலங்களாகவே ஜனநாயக வாசனையே நாட்டுப்பறங்களில் இல்லாதவாறு விசேஷ அதிகாரிகளைப் போட்டு நிர்வாகத்தையும் நடத்தச் சொல்லிவிட்டு, தற்போது திடீரென்று சபைக்கு வந்து, 'நாங்கள் ஜில்லா போர்டுகளை ஒழித்துவிடுவதென்றே தீர்மானித்து விட்டோம். இருந்தாலும் ஜில்லா போர்டு தேர்தலையும் தற்போது நடத்துவது என்றும் தீர்மானித்துவிட்டோம். இந்த ஸ்தாபனங்கள் இன்னும் சில மாதக் காலத்திற்கே உயிரோடு இருக்கும். பிறகு வேறு உரு எடுத்து நாட்டில் வேலை செய்யத் தலைப்படும்' என்று சொல்வது நியாயமில்லை என்று அமைச்சர் அவர்களுக்குச் சொல்ல விரும்புகிறேன். முதலில் இது ஜனநாயகத்திற்கே உகந்தது அல்ல. இரண்டாவதாக பரிட்சார்த்தமாக என்று சொல்லி இன்னும் சிறிதுகாலத்திற்கே உயிரோடு இருக்கப் போகின்ற ஜில்லா போர்டுகளின் தேர்தலை நடத்த பல லட்சக்கணக்கான ரூபாய்களை, தற்போதே பொருளாதார நெருக்கடியால் மிகவும் கஷ்டப்பட்டுக்கொண்டு மிகவும் ஏழ்மையான நிலைமையில் இருந்து கொண்டிருக்கும் ஸ்தல ஸ்தாபனங்களை, செலவு செய்யவேண்டுமென்று சொல்வதும் நியாயமல்ல. ஆகையால் அரசாங்கம் ஜில்லா போர்டுகளைக் கலைத்து தாலுக்கா போர்டுகளை அமைக்கத் தீர்மானித்துவிட்டது என்றால், உடனடியாக தாலுக்கா போர்டுகளை அமைக்க தக்க நடவடிக்கை எடுக்க வேண்டும். கடந்த ஒன்பது மாத காலமாக நாட்டில் ஜனநாயகத்தத்துவத்திற்கே விரோதமான முறையில் நடத்தப்பட்டு வரும் புதுமுறை ஆட்சியாகிய, விசேஷ அதிகாரிகளின் ஆட்சியில் ஜனங்களுக்கு மிகுந்த கஷ்டம் ஏற்பட்டுவிட்டது. ஆகவே இந்தத் தாலுக்கா போர்டுகளையும் உடனே அமைக்க முடியாதென்று சொன்னாலும் இனிமேல் புதுமுறை ஆட்சியை நீடித்துக்கொண்டே போவதில் பயனில்லை. அப்படி ஒரு வேளை மக்களின் உறவு இல்லாமல் இந்த ஸ்தல ஸ்தாபனங்கள் நடைபெறுவதில் அரசாங்கத்திற்கு மிகுந்த சங்கடம் இருக்கிறதென்று சொல்லித் தேர்தலை நடத்திவிடப்போகிறோம் என்று அரசாங்கம் விரும்புகிறேன். அதாவது வெறு முறையில் மக்களால் தேர்ந்தெடுக்கப் பட்ட பிரதிநிதிகள் நாட்டில் இருக்கிறார்கள். அதுவும் அவர்கள் இதே சபையில் ஸ்தாபனம் பெற்றிருக்கிறார்கள். இன்றைக்கு ஸ்தல ஸ்தாபன நிர்வாகத்தை சர்வாதிகாரி போன்ற விசேஷ அதிகாரிகளிடம் மாதிரி ஏற்படப்பதற்குப் பதிலாக அந்தந்த ஜில்லா சட்டசபை அங்கத்தினர்கள் எல்லோரையும் ஒன்றாகப் போட்டு, அக்கமிட்டிக்கு என்னவேண்டுமானாலும் பெயர் கொடுங்கள்—இவர்களின் யோசனைப்படி, இவர்களைக் கலந்துகொண்டு எல்லாக் காரியத்தையும் அந்த அதிகாரிகள் செய்யவேண்டுமென்று உத்தரவு போட்டாலும் ஜனநாயக முறையில் சிறிது காலம் நம் நாட்டில் ஸ்தல ஸ்தாபன நிர்வாகத்தைத் திறம்பட நடத்தலாம். ஆகவே இதற்கு வேண்டிய நடவடிக்கையை சர்க்கார் எடுத்துக்கொள்ளவேண்டும். அதை விட்டு தாலுக்கா போர்டுகள் அமைப்பதற்குள் லட்சக்கணக்கான ரூபாய்கள் செலவில் ஜில்லா போர்டு தேர்தலை நடத்தப் போகிறோம் என்று சொன்னால் மிகக் குறுகிய காலமே உயிரோடு இருக்கப் போகின்ற ஜில்லா போர்டுகளினால், செலவிடப்படும் பணத்திற்குத் தக்க நஷ்ட ஈடு கிடைக்காது என்றும் சொல்லி இப்பொழுது அரசாங்கத்தார் கொண்டு வந்திருக்கும்

வளர்ச்சிக்கும் கொஞ்சம் கூட உகந்தது அல்ல என்று என்னுடைய அபிப்பிராயத்தையும் எடுத்துச் சொல்லி என் வார்த்தையை முடித்துக் கொள்ளுகிறேன்."

SRI V. K. PALANISAMI GOUNDER :—"கனம் தலைவர் அவர்களே, இந்த ஜில்லா போர்டுகளைக் கலைத்து விட்டு, ஸ்பெஷல் ஆபீஸர்களை முதல் ஒன்பது மாதத்திற்கு சர்க்கார் போடப்பட்டிருக்கிறார்கள். மறுபடியும் இப்பொழுது ஏழு மாதத்திற்கு தேர்தலை தள்ளி வைக்கப்போவதாகத் தெரிய வருகிறது. ஆந்திர பிரிந்த பிறகு பட்ஜெட் வந்துவிட்டது; அதற்குள் இவைகளை யெல்லாம் அமைக்க முடியவில்லை என்று அதற்குக் காரணம் சொல்லுகிறார்கள். இந்தக் காரணங்களுடன் நிறுத்தி இருந்தால் சரியாக இருக்கும் என்று நான் நினைக்கிறேன். தாலுகா போர்டுகளை அமைக்கப் போகிறோம், ஜில்லா போர்டுகள் நிர்வாகத்திலிருப்பது பரந்த பிரதேசமாக இருக்கிறது அதனால் நடத்த முடியவில்லை. பல ஜனங்களுக்கு சரியாக பலன் படுவதாக இல்லை. அதற்காக தாலுகா போர்டைக் கொண்டு வரலாம் என்று நினைத்திருக்கிறார்கள் என்று சொல்லவே வேண்டியது இல்லை. அது மனதில் இருந்தாலும் கூட அதை தெரிவிக்காமல் பின்னால் யோசனை செய்து இருக்கலாம். இந்த யோசனையை வெளியே சொல்லாமல் இருந்திருக்கலாம். அப்படி இருந்தால் கனம் ஸ்ரீராஜா சிதம்பரம் பேசும் போது 'தாலுகா போர்டு வரப்போகிறது. இதற்குள் ஜில்லா போர்டு தேர்தல் நடக்க வேண்டாம், அதற்கு அதிக பணம் செலவு செய்ய வேண்டாம்' என்று சொல்லியிருக்கமாட்டார். ஜில்லா போர்டு தேர்தலை உடனே கொண்டுவர முடியாது, அதற்காக ஏற்பாடுகள் இன்னும் செய்யப் படவில்லை. அதை ஒத்திப் போட வேண்டியது அவசியம் தான். 'மேற்குப் பிரதேசத்திலும் நீலகிரி முதலிய இடங்களிலும் பருவ மழை காலம் வரப் போகிறது அதனால் அங்குதேர்தலை நடத்த முடியாது' என்றும்சொன்னார்கள். கோயம்புத்தூர் ஜில்லாவிலும் கூட ஒரு பகுதியில் பருவ மழை இருக்கும். அதனால் அங்கு ஜூன், ஜூலை மாதங்களில் தேர்தலை நடத்த முடியாது. இதையும் ஒத்தி வைக்க வேண்டியது அவசியம் என்று நான் நினைக்கிறேன். ஜில்லா போர்டு தேர்தல்களை நடத்துவதற்கு காலதாமதம் ஏற்படுவதால் இப்போதே நிர்வாகத்தில் சில சீர்திருத்தங்கள் செய்தால் தேவலை. இப்பொழுது ஸ்பெஷல் ஆபீசர் அதிகாரத்தின் கீழ் ஜில்லா போர்டு இருக்கின்றது. தலைவரைப்போல் அவர்களுக்கும் எவ்வளவோ கஷ்டங்கள் இருக்கின்றன. அந்தக் கஷ்டங்களைத் தீர்ப்பதற்கு ஏதாவது ஏற்பாடுகளை உடனே செய்தால் தேவலை. அக்காரியங்களை இப்பொழுது செய்ய வேண்டும் என்று நான் கேட்டுக் கொள்ளுகிறேன்.

"இதற்கு முன்பு சர்க்காரால் நியமிக்கப்பட்ட கமிட்டி ஒரு ரிப்போர்டை அனுப்பி இருக்கிறது. அந்த ரிப்போர்ட்டின் சாராம்சத்தை வெளியே சொல்லவில்லை என்று கனம் ராஜா சிதம்பரம் அவர்கள் சொன்னார். அந்தக் கமிட்டியில் நானும் கூட இருந்தேன். ஜில்லா போர்டு நிர்வாகத்தில் சில சீர்திருத்தங்கள் செய்ய வேண்டியதாக இருக்கின்றன. அதற்கு சட்டம் செய்ய வேண்டிய காரியங்களை பின்னால் வைத்துக் கொண்டாலும் சர்க்காராலேயே சில காரியங்களைச் இப்பொழுதே செய்ய முடியும் என்று ரிப்போர்ட்டில் சொல்லி இருக்கிறது. அதை அப்படியே செய்தால் தேவலை. இப்போது ஏதாவது வேண்டுமென்று பொதுமக்கள் ஸ்பெஷல் ஆபீசரைப் போய்க் கேட்டால் பணம் இல்லை என்று சொல்லிக் கொண்டிருக்கிறார். பணம் இல்லாததற்கு பல காரணங்களும் இருக்கின்றன. ஆனால் வெளியே என்ன சொல்லிக் கொண்டிருக்கிறார்கள் என்றால் 'ஜில்லா போர்டு தலைவர்களே பணத்தை நிறைய செலவு செய்து விட்டார்கள்', அதனால் பணம் இல்லை என்று சொல்லுவதே தவிர வேறு இல்லை. ஜில்லா போர்டு பட்ஜெட்டை கவர்ன்மெண்டுக்கு அனுப்பி கவர்ன்மெண்ட் அங்கீகாரம் செய்த பிறகு தான் அந்த பட்ஜெட்டின் மீது நடவடிக்கை எடுக்கப்படுகிறது. ஆகையால் ஜில்லா போர்டின் பணச்சிலவின்மீது சர்க்காருக்கு ஆதிக்கம் இருக்கிறது. இப்பொழுது பஞ்சப்படி எல்லாபள்ளிக்கூட சிப்பந்திகளுக்கும் மற்றவர்களுக்கும் ஜில்லா போர்டுகள் கொடுக்கவேண்டியதாக இருக்கிறது. அந்தப் பஞ்சப்படி செலவை சர்க்கார் ஏற்றுக்கொள்வதாக முன்பு சொல்லி

[Sri V. K. Palanisami Gounder] [27th March 1954]

இருக்கிறார்கள். ஆனால் பல ஜில்லா போர்டுகளுக்கு அந்த மாதிரி பஞ்சப் படிக்க கொடுக்கவே இல்லை. பஞ்சப்படி கொடுத்த ஜில்லா போர்டுகளுக்கு பணம் குறைவாக இருக்காது. இவ்விதம் பஞ்சப்படி கொடுப்பதால் சுமார் ஐந்து, ஆறு லட்சம் ரூபாய் அதிகம் செலவாகிறது. அதை சர்க்கார் ஒத்துக்கொள்ளுகிறோம் என்று சம்மதித்தும் கூட அதை ஜில்லா போர்டுகளுக்கு இன்னும் கொடுக்கவில்லை. அதனால் பணக் கஷ்டம் ரொம்ப இருக்கிறது.

“தவிர ஜில்லா போர்டுகளில் ஆரம்பப் பள்ளிக்கூடங்கள் இருக்கின்றன, அந்த ஆரம்பப் பள்ளிக்கூடங்களின் செலவுகளில் ஒரு பகுதியை சர்க்கார் கொடுத்துக்கொண்டு வந்திருக்கிறார்கள். அது மட்டுமல்ல கல்வி செஸ் என்று வசூல் செய்தால் எவ்வளவு ஜில்லா போர்டு வசூல் செய்கிறதோ அவ்வளவு தொகை சர்க்காரில் கொடுப்பதாகவும் முன்பு சட்டம் இருந்தது. பின்னால் சர்க்கார் என்ன சட்டம் செய்தார்கள் என்றால் ஜில்லா போர்டு எவ்வளவு வசூல் செய்தாலும் கூட ஒரு ரூபாய் கந்தாயத்துக்கு மூன்று அணு செஸ் போட்டு வசூல் செய்தாலும் கூட ரூபாய்க்கு 1½ பைசா வசூல் செய்தால் எவ்வளவு கிடைக்குமோ அவ்வளவு துறைதான் கொடுப்பது என்று சட்டம் செய்தார்கள். அதனால் தான் ஜில்லா போர்டுகளுக்கு பண நெருக்கடி அதிகம். பஞ்சப்படி எல்லாவற்றையும் சர்க்கார் ஏற்றுக்கொள்ளுகிறோம் என்று சொல்லியும் கூட சர்க்கார் கொடுக்கவில்லை. ஆரம்பக் கல்வி செஸ் வசூல் செய்வதில் அந்த அளவிற்கு சர்க்கார் கொடுக்கிறேன் என்று சொன்ன அளவில் அதையும் இன்னும் கொடுக்கவில்லை. அதனால் தான் பணக்கஷ்டம் ஜில்லா போர்டுக்கு வந்து ரொம்பக்கஷ்டப்படுகிறார்கள். ஆனால் வெளியே என்ன பெயர். அதைப் பற்றி கவுன்சிலில் கூட ஒருவர் பேசி இருக்கிறார். இந்த ஜில்லா போர்டு செய்த தவறுகளை எல்லாம் இந்த ஸ்பெஷல் ஆபீஸர்கள் இப்பொழுது சரி பண்ணிக் கொண்டு வருகிறார்கள், இன்னும் கொஞ்சம் காலம் கொடுத்தால் அதை பூராவும் சரி பண்ண முடியும். அதனால் இன்னும் ஆறு மாதத்திற்கு நீடிக்க வேண்டியது தேவலை என்று சொன்னார். ஜில்லா போர்டின் நிலைமை அப்படி இருக்கிறது. இந்த நிலைமையில் அங்கு பேசி இருப்பதாகவும் தெரிகிறது. ஜில்லா போர்டினுடைய நிலைமை எப்படி இருக்கிறதென்று தெரியாமல் பேசினதாகத்தான் தெரிகிறது. சித்தூர் ஜில்லா போர்டானது இப்பொழுது ஆந்திர தேசத்திற்குப் போய்விட்டது. சித்தூர் ஜில்லா போர்டானது ஏற்கெனவே ரொம்ப மோசமாக நடந்துவந்தது; ஆசிரியர்களுடைய சம்பளத் தைக்கூட சரிவர கொடுக்கமுடியவில்லை; கண்டிராக்கர்களுக்குப் பணம் கொடுக்க முடியவில்லை என்ற பெரிய புகார் இருந்தது என்பதையும் பத்திரிகையில் பார்த்தோம். ஜில்லா போர்டாருடைய பொருளாதார நிலைமை சரியாக இல்லாததன் காரணமாக நான்கு உயர்நிலைப்பள்ளிகளை ஸ்பெஷல் ஆபீசர் மூடி விட்டார் என்பதையும் பத்திரிகையில் பார்த்தோம். சர்க்காரால் கொடுக்கப்படவேண்டிய தொகை அத்தனையும் சித்தூர் ஜில்லா போர்டுக்கு இப்பொழுது வந்துவிட்டது. அதனால் எந்த ஸ்தாபனத்தையும் நிறுத்தவேண்டியதில்லையென்றும், அவைகளைத் தொடர்ந்து நடத்தலாமென்றும் ஸ்பெஷல் ஆபீசர் சொல்லுகிறார். இதனால் என்ன தெரிகிறது? சர்க்கார் ஒத்தாசை செய்ய வேண்டிய தெல்லாம் மத்தியில் நிறுத்தப்பட்டதின் காரணமாக ஜில்லா போர்டானது ரொம்பவும் கஷ்டப்பட நேரிட்டது.

“இதையெல்லாம் ஏன் சொல்கிறேனென்றால், ஜில்லா போர்டுக்கு தேர்தல் முதலில் 6 மாத காலமும் அதன் பிறகு 9 மாத காலம் ஒத்திவைக்கப்பட்டது. ஆக மொத்தம் 1½ வருஷம் ஆகப்போகிறது. இப்பொழுது ஜில்லா போர்டார் ஒரு வேலையையும் சரியாகச் செய்வதில்லை. எதைக் கேட்டாலும் ‘பணம் இல்லை’, என்று சொல்லுகிறார்கள். ஸ்பெஷல் ஆபீசருக்கு அக்கறை கிடையாது. டிபுடி கலெக்டர் கிரேடினாள்ஸர்களை ஜில்லா போர்டு ஸ்பெஷல் ஆபீசருக்கு பர்ஸனல் அலிஸ்டெண்டாகப் போட்டிருக்கிறார்கள். அவர்களுக்கு ஜில்லா போர்டு நிர்வாக அனுபவம் கிடையாது. அதனால் வேலை தடுமாறுகிறது. ஒரு புறத்தில் பணம் இல்லை; மற்றொரு புறத்தில் அனுபவமுள்ளவர் நிர்வாகத்தில் இல்லை. ஆகவே,

27th March 1954] [Sri V. K. Palanisami Gounder]

ஜில்லா போர்டு வேலை தடுமாறுகிறது. ஜில்லா போர்டு தேர்தலை சர்க்கார் ஒத்திவைப்பதை நான் வரவேற்கிறேன். ஆனால், ஜில்லா போர்டு வேலைகள் ஒழுங்காக நடக்கவேண்டிய ஏற்பாட்டைச் சர்க்கார் செய்யவேண்டும். பின்னால் தாலுகா போர்டு வருகிறது என்று சொல்ல வேண்டியதில்லை. தாலுகா போர்டு எந்த முறையில் வரவேண்டும் என்பதற்காக ஒரு கமிட்டி போட்டு யோசனை பண்ணப்போகிறோம்; ஆனால், ஜில்லா போர்டு தேர்தலை ஆறு மாதத்திற்குள் நடத்துகிறோம்; என்று சொன்னால், அதற்கும் இதற்கும் சம்பந்தம் இருக்கிறதாக்கவே தெரியவில்லை. இப்பொழுது தேர்தலை ஒத்தி வைப்பது சரி என்று ஏற்றுக்கொள்ளுகிறேன். ஆனால், தேர்தல் நடக்கும் வரை, ஜில்லா போர்டுகள் ஒழுங்காக நடக்க வேண்டியதற்கு வேண்டிய முயற்சிகளைச் செய்யவேண்டும்.

“கோயமுத்தூர் ஜில்லா போர்டு நிர்வாகத்தின் கீழ் 45 முதல் 60 ஆஸ்பத்திரிகளவரையில் இருக்கின்றன. அவைகளில் 15 ஆஸ்பத்திரிகளுக்கு டாக்டர்கள் கிடையாது. ஏனென்றால் டாக்டர்கள் பொதுவாக கிராமத்திற்குப் போக விரும்புவது கிடையாது. முன்பெல்லாம் எல்.எம்.பி., எல்.ஐ.எம். படித்த டாக்டர்கள் கிராமத்திற்கு கொஞ்சமாவது போய்க் கொண்டிருந்தார்கள். ஆனால், இப்பொழுதெல்லாம் எம்.பி.பி.எஸ். படித்தவர்கள் கிராமத்திற்குப் போகத் தயாராயில்லை. அப்படித் தயாராயிருந்தாலும்கூட, அவர்களுக்குப் போதுமான சம்பளம் கொடுக்கமுடியவில்லை. ஜில்லா போர்டு ஆஸ்பத்திரிகளில் வேலை செய்யும் டாக்டர்களுக்கு மாதம் ரூ. 85-லிருந்தும், சர்க்கார் ஆஸ்பத்திரிகளில் வேலை செய்யும் டாக்டர்களுக்கு ரூ. 260-லிருந்தும் சம்பளம் ஆரம்பிக்கப்படுகிறது. இந்தக் கஷ்டங்களை எல்லாம் நீக்கவேண்டுமென்று நான் சொல்லுகின்றேன். ஜில்லா போர்டு தேர்தலை ஆறு மாதத்திற்கு ஒத்திவைக்கவேண்டுமென்று இப்பொழுது கோரப்படுகிறது. சென்ற 9 மாதமாகவே ஜில்லா போர்டுகள் சரியாக வேலை செய்யவில்லை என்பது எங்களைப்போன்றவர்களுடைய அபிப்பிராயம். இன்னும் இதேமாதிரி ஜில்லா போர்டு நிர்வாகம் நடந்தால், அங்கு வேலைகள் ஒழுங்காக நடைபெறமுடியாது. அதை முந்தி போட்டிருந்த கமிட்டியிலே சொல்லியிருந்தேன். வரிசையாக சிபாரிசுகள் செய்திருக்கிறோம். அந்தக் கமிட்டியின் ரிபோர்ட்டைப் பார்த்து நடைமுறையில் சர்க்காராலே நிறைவேற்றக்கூடிய காரியங்களைச் சர்க்கார் செய்யவேண்டுமென்று கேட்டுக்கொள்ளுகின்றேன். தேர்தலை 6 மாதங்களுக்கு ஒத்தி வைப்பதை நான் வரவேற்கின்றேன்.”

SRI A. VELOO :—“மிஸ்டர் சேர்மன் அவர்களே, “ஜில்லா போர்டின் ஸ்பெஷல் ஆபீசர் காலம் நீடிக்கவேண்டுமென்று கனம் மந்திரி அவர்கள் மறு முறையும் கால நீடிப்பு சம்பந்தமான திருத்த மசோதாவைக் கொண்டுவந்திருக்கிறார்கள். அதன்மீது ஸ்ரீ கல்யாணசுந்தரம் அவர்கள் இந்தக் காலவரையை நீடிப்பதுபற்றி ஒரு பொறுக்குக் கமிட்டி (Select Committee)யின் யோசனைக்கு விடவேண்டுமென்று கொண்டு வந்திருக்கும் திருத்தத்தை ஆதரித்து நான் சில வார்த்தைகள் கூற விரும்புகிறேன்.

“ஜில்லா போர்டுகள், இப்பொழுது ஸ்பெஷல் ஆபீசர்களுடைய ஆட்சியின் கீழ் இருப்பதால் பலவித உரிமைகள் பரிசீலிக்கப்படுகின்றன என்பதை முன்பு பேசிய அங்கத்தினர்களுடைய பிரச்சந்திலிருந்து தெரிந்து கொண்டிருக்கிறோம். இன்னும் ஜில்லா போர்டு நிலைபெற்றிருக்கவேண்டுமா? அதன் காலம், நீடிக்கப்படவேண்டுமா? அல்லது தாலுகா போர்டுகள் திரும்பவும் வரவேண்டுமா? என்பதைப்பற்றி மிகவும் பரவலாகவே மக்களிடத்திலே சர்ச்சை நடந்துகொண்டிருக்கிறது. தாலுகா போர்டுகள் வருவதன்மூலம் பல நன்மைகள் உண்டு என்பதை யாரும் மறக்கமுடியாது. இப்பொழுதுள்ள ஜில்லா போர்டுகள் கையில் ஒப்படைக்கப்பட்டுள்ள வேலைகள் ஜில்லா பூராவிற்கும் பொதுவாயுள்ள ஒரு ஸ்தாபனத்தினால் திரும்பட மேற்கொள்ள முடியாத ரீதியில் இருக்கின்றன. தேர்ந்தெடுக்கப்பட்ட அங்கத்தினர்கள் தங்கள் தங்கள் தொகுதியிலுள்ள காரியங்களை மாத்திரம் கவனிக்கிறார்கள் என்பது மிகவும் வெளிப்படையாகத் தெரிந்ததுதான்.

[27th March 1954]

குறிப்பாக, எங்கள் ஜில்லாவிலே எடுத்துக் கொண்டால் பட்டுக்கோட்டையில் ஜில்லா போர்டு தேர்தல் நீண்ட காலமாக இருந்து வந்த காரணத்தினாலே அந்த இடத்தில் ரோடு வசதிகள் இன்னும் மற்ற வசதிகள் எல்லாம் மிகவும் ஒழுங்காகவே நடைபெற்று வந்திருக்கின்றன. மற்ற இடங்களுக்குப் போனால் ரோடு வசதிகளைப் பார்த்தால் பயங்கரமான மோச நிலையிலிருக்கின்றன. குறிப்பாக செம்பனூர்கோவிலிருந்து திருவடைக் கழி முதலிய ஊர்களில் உள்ள ரோடுகளைப் பார்த்தால் மழை காலங்களில் மிகவும் மோசமாக இருக்கும். மழை நின்று ஒரு மாதம் இரண்டு மாதம் வரை வண்டியோ காரோ போகமுடியாத நிலைமையில் சேறும் சகதியுமாக இருக்கின்றது. இப்பொழுதுள்ள ஜில்லா போர்டுகளின் வேலை முழுவதையும் தாலுகா போர்டுகளிடம் ஒப்படைப்பதன்மூலம் பல சௌகரியங்கள் ஏற்படலாம். ரோடுகள், பள்ளிக்கூடங்கள் இவைகளையெல்லாம் தாலுகா போர்டினிடமே ஒப்படைத்தால் மிகவும் நலமாக இருக்கும். அதிகாரத்தைப் பரவலாக்குவதற்கு சௌகரியமாக இருக்கும். மேலும் பலருக்குப் பயிற்சியளித்து, தகுதிவாய்ந்த தலைவர்களை உண்டாக்குவது ஜனநாயகம் சரியாக நடைபெறுவதற்கு அவசியமான தேவையாகும். தாலுக்கா போர்டுகளை அமைப்பது இதற்கு வழி கோலுவதாக இருக்கிறது. தாலுக்கா போர்டுகள் ஏற்பட்டால் கல்வியை பரப்பும் வேலையை ஜில்லா போர்டினிடம் ஒப்படைத்திருப்பதுபோல் தாலுகா போர்டுகளிடம் கல்வியை ஒப்படைக்கவே கூடாது. இப்போது ஜில்லா போர்டிலே பலவிதமான இடைஞ்சல்கள் இருப்பதைக் கண்டும் தாலுகா போர்டுகளிடம் கல்வியை ஒப்படைத்தால் இன்னும் ஏராளமான துன்பங்கள் ஏற்படும். இப்பொழுது ஆசிரியர்கள் ஜில்லாவின் ஒரு மூலையிலிருந்து இன்னொரு மூலைக்கு, 50, 60 மைல் தூரத்திற்குப்பால், இரண்டு மாதத்திற்காகவோ ஒரு மாதத்திற்கோ மாற்றிவிடுகிறார்கள். இது மிகவும் விந்தையாக இருக்கிறது. அந்தமாதிரி ஏற்படாமல் இருப்பதற்கு, தாலுகா போர்டுகளிடத்திலே கல்வியை ஒப்படைக்காமல், சர்க்காரே ஏற்றுக்கொண்டு நடத்தினால் மிகவும் நலமாக இருக்கும். அல்லது ஆரம்பக்கல்வியை ஒரு தனி ஸ்தாபனத்தின் பொறுப்பாக்கவேண்டும். இன்னும் இந்தக் காலவரையை நீடிப்பதுபற்றி மந்திரி அவர்கள் குறிப்பிட்டார்கள். அதாவது இப்பொழுது ஒரு முறை நீடித்துவிட்டு, இரண்டாவது முறையாகவும் நீடித்து, அதற்குப் பிறகு ஒரு High Level Committee-ஐ ஏற்படுத்தி, அந்தக் கமிட்டியின் சிபார்சு மூலம் தாலுகா போர்டுகள் ஏற்படுவதற்கு காலவரையை நீடிப்பதைவிட ஒரே முறையாக தாலுகாபோர்டு தேர்தலையே நடத்துவது நலமாக இருக்குமென்று நான் கருதுகிறேன். ஆகவே, இதுசம்பந்தமாக பொறுக்குக் கமிட்டியின் முடிவுக்கு விடவேண்டுமென்று நான் கேட்டுக்கொண்டு என்னுடைய வார்த்தையை இத்துடன் முடித்துக்கொள்ளுகின்றேன்.”

* SRI K. VENKATRAMANA GOWDA :—“ Mr. Chairman, Sir, it is stated that for reasons of inconvenience to hold the elections to the District Boards of South Kanara, Malabar and the Nilgiris in the month of June, extension of the term of the Special Officers of the District Boards has been found to be necessary till the 31st October 1954. It will be much more inconvenient to hold the elections in the West Coast Districts and the Nilgiris in the month of October 1954. There will be heavy rains then and streams will be flooded from June to November. It will be so at least in the Malnad area and the sub-ghat regions of the South Kanara district which comprises one-fourth of the district where facilities of communication are lacking. I wonder how it will be possible for the candidates to contact their electorate under these conditions. It is unfortunate that these proposals should have emanated from a Member of the other House who belongs to my district and who represented in the District Board a constituency

[Sri K. Venkatramana Gowda]

27th March 1954] which is impossible to reach during this period. I think it is absolutely necessary to postpone the elections till December at least in the District of South Kanara. But I do not propose to press my contention in view of the procedural difficulties that would arise regarding the present Bill, but I would request the Government to come forward with one more amendment later seeking extension of the term of the office of the Special Officer of the District Board of South Kanara district till 31st December 1954.

“ Thank you, Sir.”

SRI K. T. RAJU :—“ கனம் சேர்மென் அவர்களே! இந்த ஜில்லா போர்டு காலத்தை அக்டோபர் மாதம் வரை நீடித்து தேர்தலை ஒத்திவைப்பதற்காக ஸ்தல ஸ்தாபன மந்திரி அவர்கள் கொண்டு வந்திருக்கும் இந்த மசோதாவின் மோசமான அம்சத்தை கனம் அங்கத்தினர் ராஜா சிதம்பரம் எடுத்துக் கூறியிருக்கிறார். இந்த மாதிரி மசோதா சட்டசபையில் 9 மாதத்திற்கு முன் வந்திருக்கிறது. அப்போது சபையில் காரசாரமான விவாதம் நடந்தது. அந்த விவாதத்திற்குப் பதிலளிக்கும் முறையில் அன்று ஸ்தல ஸ்தாபன மந்திரியாக இருந்த கனம் ஸ்ரீ சங்கர ரெட்டி அவர்கள் 1954-ம் வருஷம் மார்ச்சு மாதம் 31-ம் தேதிக்குள் ஜில்லா போர்டு தேர்தலை நடத்துவதாக இந்த சபைக்கு வாக்குறுதி கொடுத்திருக்கிறார். ஆனால் இன்னும் அவ்வாக்குறுதியின்படி தேர்தல் நடக்கவில்லை. இன்று அதற்குப் பதிலாக இந்த சட்டசபையின் முன் இம்மாதிரி மசோதா அக்டோபர் மாதம் வரைக்கும் தேர்தலை ஒத்திப்பது போடுவதற்கு கனம் ஸ்தல ஸ்தாபன மந்திரி கொண்டு வந்திருக்கிறார். உண்மையாகவே, நம்முடைய ஸ்தல ஸ்தாபன மந்திரி இந்த மாதிரி நிலைமை ஏற்படுமென்று கருதியிருந்தால் ஜனவரி மாதத்தில் சட்ட சபைக் கூட்டம் நடந்த போது அவர் தேர்தலை மார்ச்சு மாதத்திற்குள் நடத்துவதற்கு அரசாங்கத்திற்கு வசதியில்லாத காரணத்தினால் அக்டோபர் மாதம் வரைக்கும் ஒத்திப் போடவேண்டுமென்று சொல்லியிருக்கலாம். அப்படிச் செய்யாமல்—இன்றைக்கு மார்ச்சு மாதம் 27-ம் தேதி இன்னும் மார்ச்சு மாதம் முடிவதற்கு மூன்று தினங்கள் தான் பாக்கி இருக்கின்றன—இன்றைக்கு இந்த நள்ளிரவில் இந்த மசோதாவை கனம் மந்திரியவர்கள் சட்டசபை முன் கொண்டுவந்து அதன் ஆதரவைக் கேட்பது நியாயமா என்று கேட்கிறேன். உண்மையிலேயே இந்த சர்க்காருக்கு ஜனநாயகத்தில் நம்பிக்கை இருந்தால் இரந்தால் இப்பேர்ப்பட்ட மசோதாவைக் கொண்டு வந்திருக்கமாட்டார்கள். கனம் ஸ்தல ஸ்தாபன மந்திரி அவர் பேசும்போது தாலுகா போர்டைத் திருப்பிக் கொண்டு வருவதற்காக ஒரு கமிட்டி ஏற்படுத்தும் யோசனை சர்க்காருக்கு இருப்பதால் ஜில்லா போர்டு தேர்தலை ஒத்திவைக்க வேண்டியதாக இருக்கிறது. அந்த யோசனையை நிறைவேற்றுவதற்காக மந்திரி சபைக்கு அவகாசம் கொடுக்க வேண்டுமென்று சொல்லுகிறார். 9 மாதம் ஆகியும் இன்னும் என்ன அவகாசம் சர்க்காருக்குத் தேவையாய் இருக்கிறது என்று பல கூட்டங்களிலேயே சிலர் கேட்டிருக்கிறார்கள். இதற்குள்ளே அதைப்பற்றி ஏதாவது ஒரு முடிவு செய்து இருக்கவேண்டும். அதையும் செய்யவில்லை. ஜில்லா போர்டு தேர்தலையும் நடத்தவில்லை. இப்பொழுது அந்த ஜில்லா போர்டு தேர்தலைக்கூட நடத்தாமல் அதை ஒத்தி வைப்பதற்கும் ஒரு மசோதாவை இப்பொழுது கொண்டு வந்திருக்கிறார்கள். இதிலிருந்து நமக்குத் தெரிவது என்னவென்றால் உண்மையிலேயே ஜில்லா போர்டு தேர்தலை உடனடியாக நடத்தவேண்டுமென்கிற எண்ணமே சர்க்காருக்குக் கிடையாது. இம்மாதிரித் தேர்தல்களை நடத்தாமல் எவ்வளவு நாளைக்கு ஒத்திப்போட முடியுமோ, அவ்வளவு நாளைக்கு ஒத்திப் போடுவதுதான் அரசாங்கத்தின் கொள்கையாயிருக்கிறது. அவ்வாறு இல்லையென்றால் இந்த மாதிரி ஒரு மசோதாவை இந்த நேரத்தில் கொண்டு வரவேண்டிய அவசியம் கிடையாது. உண்மையிலேயே தாலுகா போர்டைக் கொண்டுவர

[Sri K. T. Raju]

[27th March 1954]

வேண்டுமென்ற கொள்கை அரசாங்கத்திற்கு இருக்குமேயானால் ஜில்லா போர்டு தேர்தலை ஒத்திவைப்பதற்காக இந்த மசோதாவைக் கொண்டு வரவேண்டிய நிலைமை ஏற்பட்டிருக்காது. அம்மாதிரி அப்படி திட்ட வட்டமாக அமைச்சர் இந்த சபையில் சொல்லாததினால் கொஞ்சம் சந்தேகத்திற்கு இடம் கொடுக்கிறது. அவர் திட்ட வட்டமாக நாங்கள் தாலாகா போர்டைக் கொண்டு வரப்போகிறோம், ஒரு மாதம் அல்லது இரண்டு மாதம் தள்ளி வைப்பதற்காக அவகாசம் கொடுக்க வேண்டுமென்று சொல்லி யிருந்தால் அதில் கொஞ்சம் அர்த்தம் இருக்கிறது. அவ்வாறு சொல்லாததினால் தாலாகா போர்டு கொண்டுவருவார்களா என்பது கூட நிச்சயமில்லை. ஜில்லா போர்டு தேர்தலும் வருகிற அக்டோபர் மாதத்தில் நடைபெறும் என்ற உத்தரவாதமும் கிடையாது. அப்படி இந்த முறையும் உத்தரவாதம் கொடுத்தாலும் எங்களுக்கு நம்பிக்கையில்லை. ஏனென்றால் இம்மாதிரி ஏற்கனவே உத்தரவாதம் கொடுத்திருந்தும் அவர்கள் நடைமுறையில் அனுஷ்டிக்காததால் எங்களுக்கு நம்பிக்கையில்லை. இந்த மசோதா நிறைவேற்றப்பட்டு அடுத்த அக்டோபர் மாதத்திற்குள் தேர்தல் நடக்க முடியாமற் போனால் இதே மாதிரி இரண்டு மூன்று தினைங்களுக்கு முன் கொண்டு வருவார்களோ என்ற எண்ணம் எங்களுக்குத் தோன்றுகிறது. இம்மாதிரி சட்டசபைக்குக்கொடுத்த உத்தரவை நிராகரித்து தேர்தலை ஒத்திவைத்துக் கொண்டே போவது ஜனநாயகத்துக்கு விரோதமான ஒரு செய்கை. மேலும் தாலாகா போர்டைக் கொண்டுவர சர்க்கார் யோசிப்பதால் ஜில்லா போர்டு தேர்தலை நடத்துவது என்பது அவைசியமான செலவாகும். ஜில்லா போர்டு கொண்டு வருவதை மூன்று தினைங்களிலே முடிவு செய்துவிடலாம். இந்த சட்டசபையில் அந்த விஷயத்தை விவாதத்திற்குக் கொண்டு வந்து தாலாகா போர்டு வேண்டுமா அல்லது ஜில்லா போர்டு தேர்தலை நடத்த வேண்டுமா என்பதை இந்த சட்டசபையின் மூலமாக தெரிந்து கொள்ளலாம். அம்மாதிரி செய்வதுதான் ஜனநாயகத்திற்கு உகந்தது.

(At this stage Mr. Speaker resumed the Chair.)

“கனம் அங்கத்தினர் ஸ்ரீ பழனி சாமி கவுண்டர் இன்றைக்கு பேசும் போது Special Officer மூலமாக ஜனங்களுக்கு நன்மை ஒன்றும் கிடையாது என்று சொல்லி யிருக்கிறார். உண்மையிலேயே ஜில்லா போர்டு நிர்வாகத்தில் நெருக்கடி ஏற்பட்டது. அதை நிவர்த்திக்க சர்க்கார் ஒரு முடிவுக்கு வர வேண்டும். தாலாகா போர்டு அவசியமா, ஜில்லா போர்டு தேர்தல் அவசியமா என்பதை ஆலோசிக்க ஒரு நாளைக்கு இந்த சட்டசபைக் கூட்டத்தை ஒத்திவையுங்கள். இம்மாதிரி செய்யாமல் இந்த மசோதாவை இப்போது கொண்டு வருவதற்காக இதை வண்மையாகக் கண்டிக்கிறேன். இப்பொழுது மசோதா நிறைவேற்றமல் தோற்கடிக்கப்பட்டால் மார்ச்சு 30-ம் தேதிக்குள் தேர்தல் நடக்க முடியுமா என்பதை சர்க்கார் கவனிக்காமல் இன்றைக்குக் கொண்டுவந்திருக்கிறார்கள். இதைப் பார்க்கும்போது நமக்கு என்ன தோன்றுகிறதென்றால் இந்த சர்க்காருக்கு ஜனநாயகத்தின் மீதோ அல்லது ஜனங்களின்மீதோ நம்பிக்கையோ நல்ல எண்ணமோ கிடையாது என்பது பிரதிபலிக்கிறது. கனம் அமைச்சர் ஏதாவது ஒரு முடிவுக்கு வருவார் என்ற நம்பிக்கையுடன் என் பேச்சை முடித்துக் கொள்கிறேன்.”

MR. SPEAKER :—“ Let the hon. Members be brief in their speeches.”

SRI A. GOVINDASWAMY NAYAGAR :—“ கனம் சபாநாயகர் அவர்களே! ஜில்லா போர்டு தேர்தல்களை ஒத்திப் போடுவதற்குப் பதிலாக Special Officer காலத்தை நீடிக்க வேண்டுமென்று சொல்லுவது சரியான வியாக்கியானம் அல்ல. இந்த சர்க்காருக்குத் தெளிவான கொள்கை கிடையாது என்று ஸ்தல ஸ்தாபன மந்திரி அவர்களுடைய பேச்சிலிருந்து தெளிவாகிறது. இந்த சர்க்காரின் போக்கை கவனித்தால் முகமது துக்கல், தலை நகர் மாற்ற விஷயத்தில் கைகண்ட முறை ரூபகத்தில் வருகிறது.

“ மந்திரி அவர்கள் பிரசங்கத்தில் ஜில்லா போர்டு தேர்தலை ஒத்திவைக்க வேண்டும் பிறகு தாலாகா போர்டு தேவையா என்பது பற்றி முடிக்கட்ட ஒரு நிபுணர் கமிட்டி நியமிக்கப்படுமென்று வெளியிட்டிருக்கிறார். இவர் இப்படிச் சொல்வது இந்த சர்க்காருக்கு இரண்டு வித அபிப்பிராயங்கள் இருக்கின்றன என்று தெளிவாகிறது. கனம் ஸ்தல ஸ்தாபன மந்திரி அவர்கள் பொதுக் கூட்டங்களில் பேசுகிறபோது, ‘தாலாகா போர்டுகளை உடனடியாக நடத்தப் போகிறோம்,’ என்று சொல்லுகிறார். காங்கிரஸ் கட்சிக் கூட்டத்தில் ஜில்லா போர்டு தேர்தலை உடனடியாக நடத்தவேண்டுமென்று அபிப்பிராயம் நிலவுகிறது. மந்திரி சபையை உறுவாக்குகின்ற (Warwick) king maker ஸ்ரீ காமராஜ் நாடாருக்கும் அவரைச்சார்ந்தவர்களுக்கும் ஒரு கொள்கை இருக்கின்றதென்பதும், ஆட்சியுரியும் மந்திரி சபைக்கு வேறு கொள்கை இருக்கின்றதென்பதும் தெள்ளத் தெளிவு. இப்படி இரண்டு விதக் கொள்கையின் காரணமாக பொது ஜன நலன் பாதிக்கப் படுமென்று சொல்லிக் கொள்ள நான் ஆசைப்படுகிறேன். சர்க்கார் கட்சியைச் சேர்ந்த கனம் அங்கத்தினர் ஸ்ரீ பழனிசாமி கவுண்டர் ஜில்லா போர்டு தலைவராக இருந்திருப்பதால் அவருக்கு ஜில்லா போர்டு நிர்வாகம் எப்படி நடத்தப் படவேண்டுமென்ற கொள்கை தெரியும். அவர் கட்சியின் சார்பாக கால தாமதத்தை ஒருவாறு ஒப்புக் கொண்டபோதிலும் ஜில்லா போர்டு தேர்தலை உடனடியாக நடத்தவேண்டுமென்று தெளிவாக எடுத்துக் கூறியிருக்கிறார்.

“இப்பொழுது நடக்கக் கூடிய தேர்தல் ஒரு புதுமுறையில் நடக்க வேண்டுமென்பது என்னுடைய விருப்பம். மேஜர் பஞ்சாயத்து தலைவர் சர்வஜன வாக்கு மூலம் தேர்ந்தெடுக்கப் படுவது போல் ஜில்லா போர்டு தலைவரும் சர்வஜன வாக்கு பெற்ற பிரதிநிதியாக இருக்கவேண்டும். அங்கத் அப்பொழுது தான் அவர் மக்களுக்கு நன்மை செய்ய முடியும். அங்கத் தினர்கள் தனித்தனியாக தேர்ந்தெடுக்கப்பட்டு பிறகு அவர்களுக்குள் தலைவர் தேர்தல் நடந்தால் ஆள் தூக்கிபடலமும் பணச் செலவும் போட பா போட்டியும் ஏற்படும். அப்படித் தேர்ந்தெடுக்கப்பட்ட தலைவர் கட்சிக் கண்ணோட்டத் தோடு வேலை செய்ய முடியுமே தவிர மக்களுக்கு நன்மை செய்ய முடியாது.

“ஜில்லா போர்டு தேர்தலை உடனடியாக நடத்த வேண்டும். அக்டோபர் மாதத்தில் தேர்தல் நடந்தால் அப்பொழுது மழைகாலம் வந்து விடும். குறிப்பாக எங்கள் ஜில்லாவில் அப்பொழுது மழை பெய்யும்.”

THE HON. SRI K. RAJARAM :—“ In the Tamil districts elections will be over before August. That is what I said in my introductory speech.”

SRI A. GOVINDASWAMY NAYAGAR :—“ ஆகஸ்டு மாதத்தில் கூட மழைகால ஆரம்பம்தான். ரோடுகளில் காரில் போகமுடியாது. காரில் போகும்பொழுதுகூட மண்வெட்டியையும் கப்பாரையும் எடுத்துக் கொண்டு ரோடு போட்டுக் கொண்டே போகவேண்டும். தேர்தலுக்கு நிற்கின்றவர்களுக்கு இந்தக் கஷ்டம் தெரியும். கனம் மந்திரி அவர்களுக்கும் இது தெரிந்திருக்கவேண்டும், அவர்களும் இந்த ரோடுகளின் வழியாகப் போய் வேட்டுகள் வாங்கி யிருக்கிறார்கள். அப்பொழுது ரோடு போடுகிறோம் என்று வாக்குறுதி கொடுத்து, பிறகு அந்த வாக்குறுதியை நிறைவேற்றுவது கிடையாது. மேலும் பல பாடசாலைகள் திறக்கப்பட வேண்டும். உடனடியாக தேர்தல் நடந்தால்தான் மக்கள் பிரதிநிதிகள் ரோடுகள் போட வேண்டும், பாடசாலைகள் திறக்கவேண்டுமென்று தீர்மானங்கள் கொண்டு வந்து அவைகளை திறக்கவேண்டுமென்று தீர்மானங்கள் கொண்டு வந்தி செய்து முடியும். Special Officer-கள் மக்களுக்கு அனுசூலமாக புதியதாக ரோடுகளைப் போடுவதும் பள்ளிக்கூடங்களை ஆரம்பிப்பதும் கடினமான காரியம். ஆகையால் ஜில்லா போர்டு தேர்தலை உடனடியாக நடத்தவேண்டும்.

[Sri A. Govindaswamy Nayagar] [27th March 1954]

“ ஜில்லா போர்டு தேர்தலை நடத்துவதற்கு பதிலாக நேரடியாக தாலுகா போர்டு தேர்தலையே நடத்தினால் வீண் செலவைத் தவிர்க்கலாம், என்று நண்பர் ஸ்ரீ ராஜா சிதம்பரம் அவர்கள் சொன்னார்கள். நண்பர் ஸ்ரீ பழனிசாமி கவுண்டர் அவர்கள் ‘கனம் மந்திரி அவர்கள், தாலுகா போர்டு இருக்கவேண்டாமென்று ரகசியமாக வைத்துக் கொண்டிருக்கலாமென்றும்’ சொன்னார்கள். ஏன், அவர்கள் சொல்லா விட்டால் எங்களுக்கு தெரியாமல் போய்விடுமா? நாங்கள் சூசகமாகத் தெரிந்து கொள்ள முடியும். தாலுகா போன்ற குறுகலான இடத்தில் தேர்தல் நடத்தினால் காங்கிரஸ் வெற்றியடைய முடியாதென்றும் ஜில்லா போன்ற பரவலான இடத்தில் தேர்தல் நடத்தினால் ஒரு சமயம் காங்கிரஸ் ஜெயிக்கலாம் என்ற எண்ணம் சர்க்காருக்கு இருக்கலாம். ஆனால் நான் ஒன்று கேட்கிறேன், ஜில்லா போர்டுக்கு பதிலாக தாலுகா போர்டு ஏற்படுத்தினால் ஜில்லா போர்டு தலைவருடைய கதி என்ன ஆகும்? மேலும் ஜில்லா போர்டு தேர்தலுக்கு மற்றொரு தாலுக்காவில் இருப்பவர் நிற்கலாம். ஆனால் தாலுகா போர்டு தேர்தலுக்கு அந்தந்த தாலுகாவைச் சேர்ந்தவர்தான் நிற்க முடியும். உதாரணமாக கடலூர் தாலுகா போர்டு தேர்தலுக்கு விழுப்புரம் தாலுகாவைச் சேர்ந்தவர் நிற்க முடியாது. அதே மாதிரி விழுப்புரம் தாலுகா போர்டு தேர்தலுக்கு வேறு தாலுகாவைச் சேர்ந்தவர் நிற்கமுடியாது. ஜில்லா போர்டு தாலுகா போர்டாக மாற்றப்பட்டால், ஜில்லா போர்டு மெம்பர்களின் பதவி நீடிக்குமா அல்லது ரத்து ஆகும் என்பதை சர்க்கார் சொல்லவேண்டும். சர்க்காருக்கு ஒரு திட்டவட்டமான கொள்கை கிடையாது. ஜில்லா போர்டு தேர்தலில் காங்கிரஸுக்கு majority கிடைத்து விட்டால் ஜில்லா போர்டையே நீடிக்க விட்டுவிடுவார்கள். அப்படி ஜில்லா போர்டு தேர்தலில் majority கிடைக்காவிட்டால் தாலுகா போர்டாக மாற்றி மறுபடியும் தேர்தல் நடத்துவார்கள். இப்படிச் செய்வதால் பொது மக்களின் பணம் வீணாகச் செலவழியும். பொது மக்களுக்குக் கொடுத்த வாக்குறுதி வீணாகத்தான் போகும். இந்த சர்க்கார் எந்த வாக்குறுதி கொடுத்தாலும் அதை நடைமுறையிலே நிறைவேற்றுவதில்லை.

“ ஜில்லா போர்டு தேர்தலை ஒத்திப் போடுவதற்கு முதலில் voters list தயாராக இல்லை என்று சொல்லப்பட்டது. பிறகு ஆந்திர ராஜ்யம் பிரிந்த தால் தேர்தல் ஒத்திப் போடப்பட்டது. இப்பொழுது நண்பர் ஸ்ரீ K. T. Raju அவர்கள் கூறியது போல் சர்க்கார் பல வேறு காரணங்களைக் கொண்டு தேர்தலை ஒத்திப் போடவேண்டுமென்று சொல்லுகிறார்கள். தாலுகா போர்டு ஏற்படுத்துவதற்காக ஒரு கமிட்டி போட்டு அதற்கு சிறிது காலம் எடுத்துக் கொள்ளுகிறார்கள். இதனால் பொது மக்களின் பணம் ஏன் விரயமாகும். இப்பொழுதிருக்கும் ஜில்லா போர்டு Special Officers-கள் பொது ஜனங்களோடு தொடர்பு கொள்ளுவதில்லை. பொது ஜனங்களோடு தொடர்பு கொள்ளவும் முடியாது. இப்பொழுது ஜில்லாவிலிருந்து M.L.A.-க்கள் வந்திருக்கிறார்கள். அவர்கள் மக்களுடைய பிரதிநிதிகள். அவர்களையும் Special Officers-களோடு ஒன்று சேர்த்து Ex-Officio மெம்பர்களாகக் போட்டு நிர்வாகம் நடத்தினால் பொது ஜனங்களுக்கு வேண்டிய ரோடுகளையும் பள்ளிக்கூடங்களையும் ஏற்படுத்த அனுசூலமாயிருக்கும். சர்க்கார் ஏற்கனவே இந்தக் கொள்கையை ஒப்புக் கொண்டபோதிலும் இப்பொழுது இதை கைவிட்டு விட்டார்கள், காரணம் விளங்கவில்லை. அவர்களுக்குள் ஒற்றுமையிலலாதது தான் காரணமாயிருக்கவேண்டும்.

“ ஜில்லா போர்டு தேர்தலை உடனடியாக நடத்தவேண்டுமென்று கேட்டுக் கொண்டு, நண்பர் ஸ்ரீ கலியாணசுந்தரம் அவர்கள் இந்த மசோதாவை ஒரு Select Committee-யின் யோசனைக்குவிட வேண்டும்மென்று கொண்டு வந்த திருத்தத்தை நான் ஆதரிக்கிறேன்.”

SRI V. K. RAMASWAMY MUDALIAR:—“ Mr. Speaker, Sir, the District Boards were abolished ten months back.”

27th March 1954]

MR. SPEAKER:—“ As a large number of hon. Members want to take part in the debate I fix a time-limit of five minutes for the speech of each hon. Member.”

SRI V. K. RAMASWAMY MUDALIAR:—“ Now the Government have come forward with a proposal for extending the term of the present Special Officers by another six or seven months. Evidently the Government are not aware of the public feeling prevailing in the districts. Ever since the abolition of these Boards, we have completely lost touch with the masses with the result that we are very doubtful whether we will be in a position to face them again. There is already a feeling in the districts that the Special Officers of the District Boards do not take any interest whatsoever in the administration and that further they do not even find time to look after the work of these District Boards. That is the great difficulty. In some districts I am told reliably that the Personal Assistants to the Special Officers also do not administer the affairs properly. Again strict instructions, I understand, have been issued by the Government to the Special Officers to the effect that they should bring about effective retrenchment. The result is they are unable to do any work either with regard to the formation of the roads or opening of dispensaries or opening of schools and so on. There is so much of agitation everywhere and the public want that elections to these Boards should be held as early as possible.

“ Sir, I have in my last speech requested the Government to terminate the appointments of the Special Officers and hold elections to the District Boards immediately. If they had done it, new Boards would have been formed by now and we would have been in touch with the masses. Now, on some pretext or other the elections have been postponed. There is also a proposal to revive the Taluk Boards. It is not known why these Taluk Boards were abolished and why now Government want to revive them. There are two sets of opinions on this question. Taluk Boards were found uneconomic and hence District Boards were revived. This is one view. Another view is that the District Boards are unwieldy and some Presidents are abusing their powers. The result is that some areas are neglected, and if the Taluk Boards are revived all these will go. Even if the Taluk Boards are revived the same difficulties will be there. Some of the Presidents will concentrate all the attention on their own constituencies and so on. Whatever it is, we must once and for all decide whether we should have Taluk Boards or District Boards. If it is necessary to have Taluk Boards, they should be revived. If not, we should have only the District Boards. However, it is not so easy to decide on the revival of these Taluk Boards within such a short time. Hence I am for holding the elections to the District Boards as early as possible.

“ Sir, the re-organization committee report has not yet been published by the Government even though the Committee finished

[Sri V. K. Ramaswamy Mudaliar] [27th March 1954]

its deliberations a few months back. The result is we do not know what its findings are. Though the Hon. Minister for Local Administration promised to place the report on the table of the House, he has not so far done it. Government must pay serious attention to the recommendations made by that Committee and take action on them. The Hon. Minister has just now given an assurance that in the ten districts of Tamilnad, elections would be completed before August and in the other three districts, namely, South Kanara, Malabar and the Nilgiris, the elections would be held before October 1954. I am quite sure if the Government want, they can hold the elections immediately and they can finalize the whole thing before the outbreak of the monsoon. It is not a very difficult thing and there is no point in going on extending the term of the present Special Officers indefinitely. Some hon. Members have said that the monsoon will interfere with the elections and so on. But whatever it is, elections can be held though not in March or April, at least in May and June. Within two months we can have the elections. The electoral rolls are ready. Officers have been appointed in some districts and many of the Election Officers are now working at it. Therefore, elections can be conducted as early as possible. That is my humble opinion. Even though the Bill proposes to extend the term of the Special Officers I would request the Government to hold the elections as early as possible.

“ With these words, Sir, I take my seat.”

SRI M. NARAYANA KURUP:—“ Mr. Speaker, Sir, I am constrained to say that the approach of the Government regarding some of the important problems that face us is neither straight nor honest. Taking two important fields, on the economic side we have the agrarian question and on the administration side, we have the question of the decentralization of power. On both these the Government have been following a policy of indecision. That they are not approaching the problem in a straight manner is evidenced by the speech of the Hon. Minister for Local Administration who moved that the Bill be taken into consideration at once. That speech landed him in a bundle of contradictions. Sir, the purport of his speech is, ‘ We intend to bring in Taluk Boards in the place of District Boards ’ but the prayer is ‘ We therefore want time to conduct elections to the District Boards. ’ I cannot understand these inconsistent positions taken up by the Hon. the Minister for Local Administration. If the Hon. Minister had made a considered approach in the matter, what he ought to have asked of this House is that the Government want time to constitute Taluk Boards and therefore extension of time to the Special Officers should be given, though all of us may not like it, so that the question may be settled once and for all. It is plain that what the Government intend and what has been put forward as the important ground for the extension of the term of the Special Officers in charge of District Boards is their policy regarding the

27th March 1954] [Sri M. Narayana Kurup]

creation of Taluk Boards, but curiously enough this important ground is not mentioned in the Preamble. This clearly shows that the Government have not yet come to any decision on this question. A High Power Commission for the redistribution of States could be appointed in a short space of time but to decide whether they want Taluk Boards or not and to appoint a Commission or a Committee to go into this question, the Government want a lot of time. It was some months back that the Hon. the Minister for Local Administration himself gave through the newspapers a vivid picture not only of the Taluk Boards but their constitution and their functions and almost every minute detail. Still, he would now say that the Government want to consider this question, that a Committee should be appointed to consider it and for considering the appointment of such a Committee the Government want some time. This indicates how the mind of the Government is moving. They have not yet decided whether to trust the people and whether they could give local institutions the powers which they deserve.

“ Our Constitution lays down that power should be decentralized. Sir, it was Sri S. K. Patil who on his return from his tour of Western countries remarked that compared with local administration as it obtains in other countries, local administration in India is a travesty and a ‘ mockery ’. That is the word he used. As I said the Government’s approach was not honest. I will prove it. Immediately after this Congress Government came to power they passed the Madras Village Panchayats Act of 1950. Not only this but they also issued a pamphlet and gave it the pompous title ‘ Panchayat Raj ’. The other day when the Hon. the Minister for Local Administration was answering a question as to how many panchayats were constituted under the Act of 1950, he was not able to say whether a single panchayat was constituted or not. That is the reason why I challenge the *bona fides* of this Government when they speak of decentralization of power and reconstitution of Taluk Boards. If I read it correctly, they will neither carry out the programme of elections to the District Boards nor will they reconstitute the Taluk Boards. As is evident from the Hon. Minister’s speech this is the idea underlying the arguments put forward by the Government. I would certainly consent to a longer period of extension for the Special Officers, if only the Hon. the Minister in charge of Local Administration had the courage to say that here and now he would appoint a Committee to go into the question of local administration and that the Government intend to bring a comprehensive legislation in the near future on the recommendations of this Committee. These important questions are shelved and arguments and reasons are put forward which contradict each other.

“ The Government must come to a decision on these important questions. Of course, the Opposition will not oppose the Government in any reasonable measures which they take and they will not hesitate to give ample time to the Government to bring forward a legislation which really intends to give power to the people. I

SRI MOHAMAD SALIH MARACAIR:—“கனம் சபாநாயகர் அவர்களே, ஜில்லா போர்டு சம்பந்தமாக சர்க்கார் அனுஷ்டிக்கும் கொள்கை ஜனநாயகத்திற்கு விரோதமானது. பொதுஜனங்களால் தேர்ந்தெடுக்கப்பட்ட ஜில்லா போர்டு பிரதிநிதிகளின் காலம் முடிந்தாலும் மறு தேர்தல் நடக்கும் வரை அவர்களையே பதவி வகிக்கும்படி செய்ய வேண்டியதாக இருக்க, சர்க்கார் அந்த மெம்பர்களை ஒழித்துவிட்டு ஜில்லா போர்டு நிர்வாகத்தை ஸ்பெஷல் ஆபீசர் கையில் ஒப்படைத்து விட்டார்கள். ஜில்லா போர்டு நிர்வாகம் ஸ்பெஷல் ஆபீசரின் கையில் போனவுடன் பொது ஜனங்களுக்கு ஏற்பட்டிருந்த கல்வி வசதி, வைத்திய வசதி, ரோடுவசதி, ஆதிய வசதிகள் எல்லாம் அடியோடு மறுக்கப்பட்டுவிட்டன. கிராமப் பள்ளிக்கூடங்களில் பிள்ளைகளுக்குப் பதிலாய் ஆடுமாடுகளை அடைக்கின்றனர். கிராம ஆஸ்பத்திரிகளில் மருந்துகள் இல்லாமலும், டாக்டர்கள் இல்லாமலும், இருப்பதால் எழை எளிய மக்கள் வைத்திய வசதியின்றி ரொம்பவும் கஷ்டப்படுகிறார்கள்.

“ரோடுகள் பராமரிக்கப்படாமல் போக்குவரத்து வசதிகள் இல்லாமல் மக்கள் ரொம்பவும் கஷ்டப்படுகிறார்கள். முன்பு ஜில்லா போர்டுகளில் கிராம மக்களின் நலனை உத்தேசித்து பள்ளிக்கூடம் ஏற்படுத்தவும், கிராம ஆஸ்பத்திரிகள் ஏற்படுத்தவும், கிராம ரோடுகள் போடவும் பல திட்டங்கள் வகுக்கப்பட்டன. அவைகளை எல்லாம் அமுல் நடத்தாமல் இந்த ஸ்பெஷல் ஆபீசர்கள் அவைகளை மூட்டக் கட்டி மூலையில் வைத்துவிட்டார்கள். குறிப்பாக மனமேற்குடி என்ற ஊரிலுள்ள ‘ரூரல்’ டிஸ்பென்ஸரியை ‘பக்கா’ டிஸ்பென்ஸரியாக அமைப்பதற்கு தஞ்சாவூர் ஜில்லா போர்டில் தீர்மானம் செய்யப்பட்டு ஜில்லா போர்டு பட்ஜெட்டிலும் அதற்குத் தொகை ஒதுக்கப்பட்டிருந்தது. ஆனால் வருஷம் ஒன்றுக்கு மேல் ஆகியும் அந்த டிஸ்பென்ஸரியை பக்கா டிஸ்பென்ஸரியாக மாற்றுவதற்கு எவ்வித நடவடிக்கையும் எடுத்ததாகத் தெரியவில்லை. இதனால், அங்குள்ள சுமார் இருபத்தையாயிரம் ஜனங்கள் வைத்திய வசதியின்றி கஷ்டப்பட்டு வருகிறார்கள். இதைப்பற்றி நாங்கள் சொல்லும் வார்த்தைகள் எல்லாம் ஸ்பெஷல் ஆபீஸர்கள், ஜில்லா அதிகாரிகள் இவர்களின் காதில் விழமாட்டேன் என்றிருந்தது. ‘செவிடன் காதில் ஊதிய சங்கைப்போல்’ தான் பயனற்றதாகவும் ஆகிறது. இதைப்பற்றி பல மகஜர்கள் கொடுக்கப்பட்டிருக்கின்றன. இருந்தாலும் அந்தக் குறைகளுக்கும் விமோசனம் எதுவுமே ஏற்படவில்லை. மக்களுடைய நன்மைக்காக வகுக்கப்பட்ட திட்டங்கள் பல இன்னும் நிறைவேற்றப்படாமலேயே இருக்கின்றன. இந்த நிலையில் இப்படிப்பட்ட ஸ்பெஷல் ஆபீஸர்கள் ஆயுட்காலத்தை இன்னும் நீடித்துக்கொண்டே போவதற்கு சர்க்கார் அக்கரை கொண்டிருப்பது ரொம்பவும் விசனிக்கத்தக்க விஷயமாகும். இந்த ஜில்லா போர்டுகளை எல்லாம் ஒழித்து விட்டு தாலுகா போர்டுகளை ஏற்படுத்தப்போவதாக சர்க்கார் முன்பு ஒரு ஆசை வார்த்தை காட்டிற்று. அதை கிராம ஜனங்கள் எல்லோரும் வெகு சந்தோஷத்துடன் வரவேற்கத் தயாராக இருந்தார்கள். ஆனால் நமது

மந்திரி அவர்கள் பேச்சிலிருந்து புதியதாக அமைக்கப்போகிறோம் என்று சொல்லப்பட்ட தாலூகா போர்டுகள் என்ற சிசு காப்பததிலேயே 'அபார்ஷன்' ஆகிவிட்டது என்று அறிகிறேன். (சிரிப்பு). ஆகையினால் ஸ்பெஷல் ஆபீஸர்களின் பதவிக்காலத்தையே நீடித்துக்கொண்டே போகாமல், உடனடியாக ஜில்லா போர்டுகளின் தேர்தலை கூடிய சீக்கிரத்தில் நடத்தி வைக்க வேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன்."

SRI S. RADHAKRISHNAN :—“கனம் சபாநாயகர் அவர்களே, இந்த ஜில்லா போர்டு கால வரம்பை ஒத்திவைக்கிற இந்த நிலைமையில் நான் பேசும்போது கனம் அங்கத்தினர் ஸ்ரீ ராஜா சிதம்பரம் ஒரு உதாரணத்தைச் சொன்னார்கள். அதாவது, ஜில்லா போர்டு தேர்தல் விஷயத்தில் அரசாங்கம் எவ்வளவு கடைசி நேரத்தில் வந்து என்ன காரியம் செய்கிறது என்பதைப்பற்றி ஒரு உதாரணத்தைச் சொன்னார்கள். அதை விட, அரசாங்கம் எப்படி கடைசி நேரத்தில் வந்து தங்கள் முடிவை மாற்றிக் கொள்ளுகிறார்கள், அதற்கு என்ன காரணத்தைச் சொல்லுகிறார்கள் என்பதற்கு நான் ஒரு உதாரணத்தைக் கொடுக்க விரும்புகிறேன். குடிப் பழக்கம் உள்ள ஒருவன் குடித்துவிட்ட பிறகு ஒரு சபதம் எடுத்துக்கொண்டதாச் சொல்லுவார்கள். ‘நாளை முதல் நான் குடிக்கவே போவதில்லை’, என்று காலையில் சத்தியம் செய்து சொல்லுவான். ஆனால், சாயங்காலம் ஆனவுடனே மறுபடியும் குடிக்க ஆரம்பித்து விடுவான். அதற்கு மறுநாள் காலையில் பார்த்துக் கேட்டால், ‘நாளை முதல் குடிப்பதே கிடையாது; இது நிச்சயம்’ என்று மறுபடியும் சத்தியம் செய்வான். இப்படியாக தினசரி அவன் சொல்லிக்கொண்டேயிருந்து, குடித்துக்கொண்டே இருப்பான். இது குடிப்பவனுடைய பழக்கம். அதேபோல அரசாங்கத்தாரும் மயக்க போதையில் சட்ட வரம்பைக் கையாளுகிறார்கள் என்பதைப் பார்க்கும்போது வியப்பாக இருக்கிறது. ஏனென்றால், ‘ஜில்லா போர்டு தேர்தலை இன்னும் சில மாதங்களில் நடத்திவிடப் போகிறோம்’ என்று சொல்லிக் கொண்டிருக்கும்போது, மீண்டும் மீண்டும் தேர்தலை ஒத்திவைப்பதற்காகவே திருக்கும்மோது, கணம் முன் கொண்டு வருகிறார்கள். முதல் மந்திரிகனம் ராஜாஜி அவர்கள், ‘கண்டிப்பாக ஏப்ரல் மாதத்தில் தேர்தல் நடத்திவிடுகிறோம்,’ என்று வாக்குறுதி கொடுப்பதுபோல் சொன்னார்கள். ஆனால், இந்தக் காலவரம்பு இந்த மார்ச்சு மாதம் 31-ந் தேதிக்குள் முடிவடைகிறது. அவர் முதல் மந்திரியாக இருந்தால் கண்டிப்பாக தேர்தலை நடத்திவிடுவார் என்று நினைக்க முடிகிறது. ஆனால், அவரும் முதல் மந்திரி பதவியிலிருந்து போய்விடுவார்போல் தெரிகிறது. இதை நான் எதற்காகச் சொல்லுகிறேன் என்றால், கனம் ஸ்ரீ. ராஜாராம் நாயுடு அவர்கள், அக்டோபர் மாதம் 31-ந் தேதி வரைக்கும் ஒரு காலவரம்பை கேட்டிருக்கிறார்கள். அதேமாதிரி முதல் அமைச்சர் குறிப்பிட்ட காலவரம்பு கடைசி நேரத்தில் மாறிவிடுமோ என்ற சந்தேகமாக இருக்கிறது. இப்படி அவர்கள் தேர்தலை ஒத்திவைத்துக்கொண்டே போவதில் அர்த்தமில்லை. ஆந்திர ராஜ்யம் பிரியப் போகிறது என்ற காரணங்களை முன்பு சொல்லி வந்தார்கள். ஆனால், முதலில் 6 மாதங்களும், பிறகு 9 மாதங்களும் தவிரை கேட்கப்பட்டது. தேர்தல் தேதியை இன்னும் ஒத்திவைத்துக் கொண்டு போவதற்கு இப்பொழுது அனுமதி கோருவது மிகவும் வியப்பாக இருக்கிறது. இவ்விதமாக அடிக்கடி தவிரை கேட்பதைப் பார்த்தால், சாதாரணமாக பள்ளிக்கூடத்தில் படிக்கும் பையன் சொல்லக்கூடிய காரணத்தைப்போல இருக்கிறது. பரிகைக்குப் போகக்கூடிய ஒரு பையன் சாதாரணமாக, பல மாதங்கள் ஒன்றும் படிக்காமல் இருந்துவிட்டு, அல்லது படித்துக்கொண்டிருந்துவிட்டு, கடைசி நேரத்திலும் அந்தப் புத்தகத்தை பிரித்துப் படிக்க ஆரம்பிப்பான். அதைப்போல அரசாங்கம் எத்தனைமோ மாதங்களாக இந்தத் தேர்தலை ஒத்திவைத்துக் கொண்டிருந்துவிட்டு, தேர்தலை நடத்திவிடுவதாகப் பல தடவைகளில் வாக்களித்திருந்துவிட்டு, இப்படிக்கடைசி நேரத்தில் தேர்தலை ஒத்திவைக்கவேண்டுமென்று மசோதாவைக் கொண்டுவருவது அவ்வளவு பொறுத்தமாகத் தோன்றவில்லை. ஆறு மாதங்கள் ஒத்திவைக்கப்பட்டிருந்தபொழுது சர்க்கார் என்ன செய்வார்களென்று தெரியவில்லை. ஆனால், இந்த மந்திரி சபையிலே

[Sri S. Radhakrishnan] [27th March 1954]

இருக்கிற குழப்பத்தைப்போல மற்ற திட்டங்களையும் குழப்பிக்கொண்டிருக்கிறார்கள். இன்றைக்கு இருக்கக்கூடிய மந்திரிகள் பொதுஜனங்களிடையே போகும்போது, ஆங்காங்கு பிரசாரம் செய்யும்போது தங்கள் இஷ்டப்படி சொல்லிவிடுகிறார்கள். ஏதோ சில வருஷங்களுக்குள் தாலூகா போர்டுகளை கட்டாயமாகக் கொண்டுவரப்போகிறோம் என்று கனம் ஸ்ரீ ராஜாராம் அவர்கள் சொல்லுகிறார். ஆனால் மந்திரி சபையிலும் பிளவு இருப்பது எனக்குத் தெரியும். 'தாலூகா போர்டைக் கொண்டு வரப்போகிறோம்,' என்று மந்திரி அவர்கள் சொல்லுகிறாரே தவிர, கட்சியில் என்ன சொல்லுகிறார்களோ தெரியாது. அது வேறு மாதிரியாக இருக்கலாம். அது உண்மையாகப் போய்விட்டது. தாலூகா போர்டு கொண்டுவராததற்குக் காரணம் மந்திரியார் சொன்னபோது, ஜில்லா போர்டு நிச்சயமாக வரப்போவதாகத் தெரிகிறது; இருந்தாலும் நடுத்தரமாகச் சொல்லியிருக்கிறார். நிபுணர் குழு அமைத்து, அதிலே ஒரு ஆராய்ச்சி செய்ய விரும்புவதாகச் சொல்லி இருக்கிறார். ஆனால், உண்மையிலேயே காரியத்தை முடிப்பதற்கு ஆகுமா, அல்லது இன்னும் ஆறு மாதங்கள் நீடிப்பதற்கு ஒரு காரணமாக இருக்குமா என்று சந்தேகம் இருக்கிறது. இந்தக் கமிட்டி போடுவது, ஆராய்ச்சி செய்வது இவைகளெல்லாம் வழக்கமாகச் சொல்வதுபோல் இருக்கிறதேயொழிய, காரியத்தில் நடைபெறுவதாகத் தெரியவில்லை. கேள்வி நேரத்தில் எந்தக் கேள்வியைக் கேட்டாலும், பொதுவாக 'யோசனை செய்து கொண்டு வருகிறோம்' என்று தான் சொல்லுகிறார்கள். யோசனை எப்பொழுது முடியுமென்பது தெரியாது. ஆராய்ச்சிக் கமிட்டி போட்டு யோசனை செய்வதென்றால், எத்தனை வருஷங்கள் ஆகுமோ தெரியாது. இவர்கள் குறிப்பிட்ட காலவரம்பைக் கடந்து இன்னும் தேர்தலை ஒத்திவைக்கவேண்டுமென்று திரும்பவும் கடைசி நேரத்தில் ஒரு திருத்த மசோதாவைக் கொண்டு வந்தாலும் ஆச்சரியமில்லை.

"நாங்கள் போனதவை பேசும்போது, தேர்ந்தெடுக்கப்பட்ட பிரதிநிதிகளைக்கொண்ட கமிட்டி அமைத்து அவர்களுடைய ஆலோசனையைக் கேட்டு காரியங்களைச் செய்யக்கூடிய அளவிற்கு ஸ்பெஷல் ஆபீஸர்கள் நியமனம் ஏற்படவேண்டுமென்ற அளவில் பேசினேன். ஆனால், அந்த ஸ்பெஷல் ஆபீசர் இதுவரை ஒன்றும் செய்யவில்லை. ஸ்பெஷல் ஆபீசருக்கு கிராமத்தில் தொடர்பு இல்லாததால் தங்கள் இஷ்டப்படி காரியங்களைச் செய்கிறார்கள். எதிர்பார்த்த அளவுக்கு ஸ்பெஷல் ஆபீசர்களுடைய மேற்பார்வையில் ஜில்லா போர்டுகள் நல்ல முறையில் மக்களுக்குப் பயன்படக்கூடிய முறையில் நடைபெறவில்லை. தோழர் ஸ்ரீ கல்யாண சுந்தரம் அவர்கள் கொண்டுவந்த திருத்தத்தை ஆதரித்து என்னுடைய பிரசங்கத்தை முடித்துக் கொள்ளுகிறேன்."

Sri V. MADANAGOPAL :—"கனம் சபாநாயகர் அவர்களே, இந்த ஜில்லா போர்டு தேர்தல் ஒத்திவைப்பு மசோதாவைப்பற்றிய திருத்தத்தை ஆதரித்து சர்க்காரின் கவனத்திற்கு சில விஷயங்களைக் கொண்டு வருகிறேன். ஆளும் கட்சிக்கு மெஜாரிட்டி இருக்கிறது என்ற ஒரே காரணத்தினால் இந்த மசோதா மூன்றாவது தடவையாக இந்தச் சபையின் முன் கொண்டுவரப்பட்டிருக்கிறது. இம்மாதிரி செய்வது ஜனநாயகத்தை இழிவுபடுத்துவதாகும். ஜில்லா போர்டு தேர்தலை ஒத்திவைப்பதற்கு இரண்டு காரணங்கள் இருக்கின்றன. அவை கனம் மந்திரி அவர்கள் சொன்ன காரணங்கள் அல்ல. முதலாவது காரணம், சர்க்காருடைய கையில் செத்த பிரேதமாகக் காட்சியளிக்கும் புதிய ஆரம்பக் கல்வி திட்டம் இருக்கிற வரைக்கும் இந்த ஜில்லா போர்டு தேர்தலை சர்க்கார் நடத்தப் போவதில்லை. அவ்வாறு தேர்தல் நடந்தால் சர்க்கார் கட்சிக்கு படு தோல்வி கிடைக்கும் என்பது நிச்சயம். நான் கூறுவது பொய் என்று சொன்னால் உடனே தேர்தல் நடத்திப் பார்க்கட்டும், அப்போது தெரியும். பெரும்பாலான விவசாயிகள் அளிக்கக்கூடிய தீர்ப்பு அந்தத் தீர்ப்பு ஆளும் கட்சிக்குள்ளே செல்வாக்கை குறைக்கும் என்பதில் சந்தேகமில்லை. லாண்டாவச காரணம். இன்றைக்கு இருக்கக்கூடிய ஜனநாயக உரிமைகள்

27th March 1954] [Sri V. Madanagopal]

மீதும் சர்க்காருக்குப் பயம் ஏற்பட்டுவிட்டது. காரணம், சமீபத்தில் நடந்த பஞ்சாயத்து போர்டு பிரசிடெண்டுகள் மகாநாட்டில் பல புதிய கோரிக்கைகளை வற்புறுத்தியிருக்கிறார்கள். இதைபோன்றே ஜில்லா போர்டுகளும் முனிசிபாலிட்டிகளும் பற்றாக்குறையைச் சரிக்கட்டி உதவியும் இதர உரிமைகளையும் கோருகின்றன. இவைகளைத் தவிர்க்கும் முறையில் இன்றுள்ள அதிகாரங்களை மாற்றி அமைத்து, புதிய வரி விதிக்கும் அதிகாரம் கொண்ட சபைகளாக மாற்றுவதற்கே சர்க்கார் தாலூகா போர்டு என்ற தனது புதிய திட்டத்தை அறிவிக்கிறது. தற்பொழுது நடைபெறும் ஸ்பெஷல் ஆபீஸர் ஆட்சி என்பது அழிந்த நந்தவனத்தில் ஆடு மேய்ந்தால் என்ன கழுதை மேய்ந்தால் என்ன என்ற கதையாக உள்ளது.

"மதுரை ஜில்லாவில் ஜில்லா போர்டின்மீது உள்ள சந்தைகளின் சுங்க வரி திடீரென பலமடங்கு உயர்த்தப்பட்டுள்ளது. ஒரு அணுவாக இருந்த ஒரு தலை சமைக்கு இன்று நான்கு அணுவென்றும் பத்தணுவாக இருந்த ஒரு வண்டிக்கு தற்பொழுது ஒன்றரை ரூபாயாகவும் சுங்கவரி உயர்த்தப்பட்டுள்ளது. வருகின்ற எப்ரல் முதல் தேதி இவை அமுலுக்கு வரப்போகிறது. ஜில்லா முழுவதும் உள்ள விவசாயிகளும், சிறு வியாபாரிகளும் வரி உயர்வை எதிர்த்து கடுமையான ஆகேஷனை செய்வார்கள். இவ்விதம் வரியை உயர்த்தியதால் ஜில்லா போர்டின் வருமானம் உயர்ந்துள்ளதா என்றால் இல்லை. இந்த வரி உயர்வால் கான்ட்ராக்டருக்குத்தான் கொள்ளை. சென்ற வருடம் எந்தத் துறைக்கு எலம் விடப்பட்டதோ அதே துறைக்குத் தான் இவ்வருடமும் எலம் விடப்பட்டுள்ளது. நியாயமும் அவசியமும் இல்லாத இந்தச் சுங்க வரி உயர்வை கைவிட்டு, ஏற்கனவே தலை சமைக்கு அமுலில் உள்ள ரேட்டுப்படி வருலிப்பதற்கான நடவடிக்கை எடுக்கவேண்டுமெனச் சர்க்காரைக் கேட்டுக்கொள்கின்றேன்.

"ஜில்லா போர்டுகளின் மூலம் போடப்படும் ரோடுகள் பற்றி சரியான கண்காணிப்பு இல்லாததால் பலவித ஊழல்களும், பணவிரயமும், பொது ஜன அறிருப்பதும் ஏற்படுகிறது. திண்டுக்கல் தாலூகா, வேடசந்தூர் பிரிக்காவைச் சேர்ந்த ஒட்டநாகம்பட்டிக்கு ஒரு ரோடு போடப்பட்டிருக்கிறது. 5½ பர்லாங்கு நீளம் ரோடு போட்டால் போதும். 6 பர்லாங்கிற்கு பணம் சாங்ஷன் செய்யப்பட்டுள்ளது. அரை பர்லாங்கு நீளத்திற்கு அந்த சிறு ஊரில் உள்ள லீடுகள் இடிக்கப்படுகிறது. இது அவசியமற்றது, அநீதியானது என்று அந்த ஊர் ஜனங்கள் கூறினாலும் சம்பந்தப்பட்ட அதிகாரிகள் அதைக் கவனிப்பதில்லை. இதேபோன்று ஷே திண்டுக்கல் தாலூகா, பாளையம் பிரிக்காவைச் சேர்ந்த வெள்ளோடு கிராமத்தில் கிராம சந்தைக்கு மேல் புறமாக ஒரு நல்ல புகையிலைத் தோட்டத்தின் நடுவில் ரோடு போட பிளான் செய்யப்பட்டுள்ளது. இதனால் 30 ஆயிரம் ரூபாய் பெருமான தோட்டமே நாசமாகும். ஏற்கனவே உள்ள பாதையிலேயே ரோடு போட்டால் ஷே தோட்டம் பாதிக்காது. இதைப்போன்ற ஷே தாலூகா கெண்டய கவுண்ட் லூர் அருகிலும் பல விவசாயிக்குப் பாதிப்பு ஏற்படும் முறையில் ரோடு போடப்படுகிறது. ரோடு போடும் கான்ட்ராக்டர்களும் சம்பந்தப்பட்ட அதிகாரிகளும் வைத்ததுதான் சட்டமாக உள்ளது. இந்நிலை தவிர்க்கப்பட வேண்டும். விவசாயிகளின் நிலங்கள் பூரண பாதிப்புக்குள்ளாகாத முறையில் ரோடுகள் பிளான் செய்யவேண்டுமெனச் சர்க்கார் அறிவிக்க வேண்டும்.

"இன்றுள்ள ஸ்பெஷல் ஆபீசர்களால் இவை எல்லாவற்றையும் கண்காணிக்க முடியாத நிலை இருப்பதால் உடனடியாக ஜில்லா போர்டு தேர்தலை நடத்தவேண்டுமெனக் கூறிக்கொண்டு எனது வார்த்தைகளை முடித்துக் கொள்ளுகிறேன்."

*** Sri S. RAMASAMY NAIDU :—**"கனம் சபாநாயகர் அவர்களே, நம் நாட்டில் 100-க்கு 80 பேர்கள் கிராமத்தில் வசிக்கிறார்கள். கிராமத்துக்கு எந்தவிதமான ஆட்சி தேவையென்று தீர ஆலோசித்து முடிவு செய்யவேண்டும். கிராம மக்கள்தான் இன்றைக்கு நம் நாட்டின் ஜீவநாடிகளென்பதை நாம் அறிவோம். கிராம மக்கள் இன்றைக்கு

[Sri S. Ramasamy Naidu] [27th March 1954]

மிகவும் கஷ்டப்படுகிறார்கள் என்பதையும் நாம் அறிவோம். ஆகவே, கிராம வாழ்க்கை நல்ல முறையில் நடப்பதற்கும் கிராமங்களுக்கு வேண்டிய சகல வசதிகள் செய்து கொடுப்பதற்கும் ஆதாரமான ஒரு ஸ்தல சுய ஆட்சிபை நிர்ணயிக்க வேண்டியது மக்களுடைய பிரதிநிதிகளாகிய நம்முடைய கடமை. இன்றைக்கு ஆளும் கட்சியாளர் தாங்கள் தேர்தலில் தோற்றுப்போய் விடுவார்கள், மற்றவர்கள் ஜெயித்துவிடுவார்கள் என்று எண்ணி அதற்கு அனுசூலமாக தேர்தலை சிறிது காலம் ஒத்திப்போட்டிருக்கிறார்கள் என்று சொல்லுவது தப்பு அபிப்பிராயம். காங்கிரஸ்காரர்கள் தங்களுக்கு அனுசூலமான நிலைமையை ஏற்படுத்திக்கொண்டிருக்கிறார்கள் என்ற தப்பு அபிப்பிராயத்தைக் கற்பித்து அதற்காக அவர்கள் தேர்தலை ஒத்திப்போடுகிறார்கள் என்று சொல்லுவது எந்த வகையிலும் பொருந்தாது என்று நாம் உணரவேண்டும். சர்க்கார் சிப்பந்திகளைக்கொண்டு ஜில்லா போர்டுகளை அரசாங்கம் நடத்தினால் சர்க்கார் சிப்பந்திகள் காங்கிரஸ் கொள்கையை எவ்வளவு தூரம் பரப்புவார்களென்பதை எதிர்க்கட்சிக்காரர்கள் நன்றாக அறிவார்கள். ஆகவே அந்த எண்ணம் வாஸ்தவத்தில் அவர்கள் உள்ளத்தில் உள்ளதில்லை. பேச்சில்தான் சொல்லுகிறார்கள் என்று நினைக்கிறேன். ஆகவே இந்த சர்ச்சையை விட்டுவிடுவோம். தாலுகா போர்டுகளை நியமிப்பதற்கும் ஜில்லா போர்டுகளுக்கு மறுபடியும் ஒரு உயிர் கொடுப்பதற்கும் எந்த முறையில் செய்யவேண்டுமென்று தீர் ஆலோசிக்க வேண்டியது அவசியம். அப்படி ஆலோசிப்பதற்காக நெடுங்காலம் தேர்தலை ஒத்திவைக்காமல் கூடிய சீக்கிரம் அதை நடத்தவேண்டுமென்ற நல்லெண்ணத்துடன் சர்க்கார் சில மாதங்கள் அவகாசம் கோரி இந்த மசோதாவைக் கொண்டுவந்திருக்கிறார்கள். சர்க்காரின் கொள்கையிலே எண்ணத்திலே எந்த விதமான கல்மிஷமும், தோஷமும் கற்பிக்க அவசியமில்லையென்று நான் சொல்லிக்கொள்ள விரும்புகிறேன்.

“நம் நாட்டிலே கிராமங்களில் ஸ்தல சுய ஆட்சியில் பலவிதமான தீர்வைகள் விதிக்கப்படுகின்றன. கிராமத்திலே பஞ்சாயத்து விதிக்கும் தீர்வை வேறு, தாலுகா விதிக்கும் தீர்வை வேறு, ஜில்லா போர்டு விதிக்கும் தீர்வை வேறு, சர்க்கார் நேரடியாக வசூல் செய்து ஸ்தல ஆட்சி சபைக்குப் பிரித்துக் கொடுக்கும் தீர்வை வேறு என்று பலவிதமான தீர்வைகள் வசூலிக்கப்படுகின்றன. தீர்வைகளை வசூலிப்பதில் பலவிதமான பழைய மாமூல்களும் புதிய ஏற்பாடுகளும் சேர்ந்து பல கஷ்டங்களை உண்டாக்குகின்றன. ஒரு சுலபமான வழியில் ஒரு முகமாக ஒரே இடத்தில் வரிவசூலை வைத்து பல கிராமங்களுக்கும் பல கிராமங்கள் சேர்ந்த ஒரு வட்டத்துக்கும் வெகு கிராமங்கள் சேர்ந்த ஒரு பெரிய வட்டத்துக்கும் வரிகள் பிரித்துக் கொடுப்பது பற்றி ஆலோசனை செய்வது மிக அவசியம். பலதரப்பட்ட வரிகளை பலவிதமாக வசூல் செய்வதால் கிராம மக்கள் கஷ்டப்படும்படியான நிலைமை ஏற்பட்டு பின்னால் கிராமங்களுக்குப் பணம் நேரடியாக சேரவேண்டிய முறையில் சேரவேண்டிய அளவில் போய்ச்சேருவதில்லை. உடனே கிராமப் பரிபாலன விஷயத்தை தீர் ஆலோசித்து ஆவன செய்யவேண்டியது மிக அவசியம். கிராமங்கள் செழிப்பாக இருந்தால் கிராமப் பிரதிநிதிகளாகிய நாம் எல்லோரும் சந்தோஷப்படக்கூடும். இன்றைக்கு நாம் கிராமப் பிரதிநிதிகள் என்பதை விட்டுவிட்டு எந்தக் கட்சியின் பெயரால் இங்கே அங்கத்தினராக இருக்கிறோமோ அந்தக் கட்சியின் கொள்கையைப்பற்றி பேசிக்கொண்டிருக்கும் நிலைமையிலிருக்கோமே தவிர, வாஸ்தவத்தில் நம் கிராமத்திலிருக்கக்கூடிய ஏழை விவசாயிகள் நன்றாக வாழவேண்டுமென்ற எண்ணம் நமக்கு இருப்பதாக மற்றொருவர் நினைக்கும்படி நாம் பேசுவதில்லை, காரியங்களைச் செய்வதில்லை. உதாரணமாக கால்பந்தை அடிக்கும்போது அதை மற்றொருவன் வலையில் தள்ளிவிடவேண்டுமென்று பந்தின்மேல் அதிகமான பிரியம் வைத்து அதை ஒவ்வொருவரும் உந்தி உதைத்து உதைத்து தள்ளுகிறோம் என்ற காரியம்போல, நாம் எல்லோரும் சேர்ந்து அன்பு காட்டுகிறோம் என்ற காரணத்துக்காக இன்றைக்கு கிராம மக்கள் கஷ்டப்படவேண்டிய நிலைமை ஏற்பட்டிருக்கிறதேயொழிய, அவர்கள் சந்தோஷப்படும்படியான காரியங்களை நாம் நடத்துவதில்லை. ஆகவே எந்தக் கட்சியைச் சேர்ந்தவர்களாக இருந்தாலும் கட்சியை மறந்துவிட்டு

கிராமப் பரிபாலனம் நல்ல முறையில் நடக்கவேண்டுமானால் அரசியல் சம்பந்தமில்லாமல் கிராம மக்கள் பள்ளிக்கூடங்களை நடத்துவதற்கும் நல்ல சுகாதார வசதியோடும் பாட்டை வசதியோடும் வாழ்வதற்கும் நல்ல முறையில் விவசாயப் பொருள்களை பணமாக்குவதற்கும் வேண்டிய ஏற்பாடுகளைச் செய்ய முயற்சி செய்யவேண்டும்.”

SRI N. C. “செங்கம் தாலுகா தானியாடி கிராமத்திலுள்ள ஆஸ்பத்திரியானது இரண்டு வருஷங்களாக மூடப்பட்டிருக்கிறது. அதைப்பற்றி எந்த நடவடிக்கையும் எடுத்துக்கொள்ளவில்லை. நான் அதைப்பற்றி எழுதியும் பயன் இல்லாமல் இருக்கிறது. உதாரணமாக ஜில்லா போர்டு ஆஸ்பத்திரியில் ஒரு யூனிட் டாக்டரை நியமித்திருக்கிறார். அவர் ஒரு ‘பி’ சர்ட்டிபிகேட் பெற்றவர். அவருக்கு இங்கிலீஷ் தெரியாது, தமிழ்கூட சரியாக தெரியாதவர், நாட்டு வைத்தியத்தில் ஏதாவது நாடி சரியாக இருக்கிறதா என்று பார்க்கக்கூடியவர். அவரை ஒரு டாக்டர் என்று அங்கு போட்டிருக்கிறார்கள். அவரிடம் ஒருவர் வந்து தனக்குப் பல் வலி என்று மருந்து கேட்டார். உடனே அவர் கம்பவுண்டரைக் கூப்பிட்டு அந்த ஆஸ்பத்திரியிலுள்ள ஒரு பாட்டிலைக் காண்பித்து அதன்மேல் எழுதியிருப்பதைப் பார்த்துவிட்டு அதைக் கொடுக்கச் சொன்னார். அந்த மருந்தைப் போட்டுக்கொண்ட ஒரு வாரத்திற்கெல்லாம் அவருடைய பல் பூராவும் போய்விட்டது. (சிரிப்பு) இப்படிப்பட்ட ‘பி’ சர்ட்டிபிகேட் உள்ள டாக்டரை, சர்க்காருக்கு எழுதி உத்தரவு வாங்கிக்கொண்டு, நியமித்திருக்கிறார். இதைப்போலவே எவ்வளவோ சிக்கலான குறைகள் அந்த தாலுகாவில் இருக்கின்றன. நேர்மையான முறையிலும் ஸ்பெஷல் ஆபீஸர்கள் நடக்கவில்லை. அதனால் அந்த ஸ்பெஷல் ஆபீஸர்களை உடனே எடுத்துவிடவேண்டும். இப்பொழுது இன்னும் ஆறு மாதங்களுக்கு தேர்தலை ஒத்திவைக்கவேண்டும் என்று சொல்லுகிறார்கள். ஸ்பெஷல் ஆபீஸர்கள் இருந்தாலும்கூட கனம் ஸ்ரீ ராஜா சிதம்பரம் அவர்கள் பேசிய மாதிரி, எம்.எல்.ஏ.க்களைக் கொண்ட ஒரு கமிட்டியை அமைத்து, அதன் மூலம் அவர்களைக் கலந்து நல்ல முறையில் நிர்வாகத்தை நடத்த ஏற்பாடுகளைச் செய்ய முன் வர

வேண்டும். இப்பொழுது ஸ்பெஷல் ஆபீசர்கள் சர்வாதிகாரியைப்போல் நடந்து கொண்டு வருகிறார்கள். எம்.எல்.ஏ க்கள் ஸ்பெஷல் ஆபீசர்களிடம் போனால், பெரிய பிசினெஸ் பண்ணவருகிறார்கள் என்று ஸ்பெஷல் ஆபீசர்கள் நினைத்து விடுகிறார்கள். நாங்கள் பிசினெஸ் ஆரம்பிக்கமாட்டோம். நேர்மையான முறையில் இரண்டு லட்சம் ஜனங்களிடமிருந்து வோட்டு வாங்கி நாங்கள் வந்திருக்கிறோம். இந்த சட்ட சபை அங்கத்தினர்களையும் மந்திரிகளையும் நான் குறைகூறவில்லை. சபாநாயகர் அவர்களையும் யாரும் குறைகூற வில்லை. நல்ல அரசாங்கம் நடக்கிறது; அதுவும் ஒழுங்காக நடக்கிறது என்று தான் ஜனங்கள் சொல்லுகிறார்கள். அதனால் அங்குள்ள குறைகளை நிவர்த்தி செய்யும்படியாக நான் கேட்டுக்கொள்ளுகிறேன்.”

SRI T. V. SANNASI :—“கனம் சபாநாயகர் அவர்களே, மக்களுடைய நன்மைகளை உண்மையாக சர்க்கார் உணர்ந்திருக்குமானால் இவ்வளவு சீக்கிரம் ஜில்லா போர்டு தேர்தலை நடத்த வேண்டுமென்று சொல்லிக்கொண்டு முன் வந்திருக்காது. (சிரிப்பு.) ஏனென்றால் தேர்தலினால் மக்களுக்கு எந்த விதமான நலனும் இருக்கிறதென்று சொல்ல முடியாது. ஆனால் இந்தத் தேர்தலினால் அங்கங்கேயுள்ள கட்சிகளுக்கு நிறைய அனுசூலம் ஏற்பட்டாலும் ஏற்படலாம் என்று சொல்லலாம். உண்மையில் மக்களுக்கு இதனால் தொந்தரவைத் தவிர வேறு நலனே இல்லை என்பதை எல்லாக் கட்சித் தலைவர்களும் உளமார் நினைத்தார்களானால் அவர்கள் மனச்சாட்சியே, ‘இந்தத் தேர்தலை நடத்துவது தப்பு, தப்பு. இதனால் மக்களுக்கும் தொந்தரவு. நாட்டிற்கும் நஷ்டம்’, என்று சொல்லும். (சிரிப்பு.) ஆகவே இதை உணர்ந்து பாராமல் சர்க்கார் இவ்வளவு சீக்கிரம் இந்தத் தேர்தலை நடத்தியே தீரவேண்டுமென்று ஒரு மசோதா கொண்டு வருவது எனக்கு திருப்தியாக இல்லை. என்றாலும் இதைக்கூட சில அங்கத்தினர்கள் எதிர்க்கிறார்கள் என்றால் எனக்கு இதன் காரணம் என்னவென்று தான் புரியவில்லை.

(சிரிப்பு.) ஸ்பெஷல் ஆபீசர்கள் அனுபவம் அற்றவர்கள். பொது ஜனங்களுடன் தொடர்பு அற்றவர்கள். ஆகவே ஸ்தல ஸ்தாபனங்களின் நிர்வாகத்தை அவர்களிடம் ஒப்படைப்பதற்குப் பதில் தேர்தலையே நடத்த வேண்டுமென்று எண்ணம் பெரும்பாலான ஊழியர்களிடமும், பொது மக்களிடமும் இருந்து வருகிறது. ஆனால் தேர்தலினால் மக்களுக்கு ஏராளமான தொந்தரவுகளும் இருக்கின்றன. பூச்சி பிடித்த வெள்ளாமை போல நாட்டில் பணக்கஷ்டம், வேலையில்லாததிண்டாட்டம், வேலை செய்தும் கூலி கிடைக்காத பணக்கஷ்டம், பஞ்ச நிலைமை இவைகள் எல்லாம் மிகக் கடுமையாக இருக்கும் போது இப்பொழுது தேர்தலை நடத்த வேண்டுமென்று சொல்லிக்கொண்டு சர்க்கார் முன் வந்திருப்பது நல்ல முடிவல்ல. மக்களுடைய நலனில் சர்க்கார்

SRI T. C. NARAYANAN NAMBIAR :—“Mr. Speaker, Sir, I am really shocked to see the Hon. the Minister for Local Administration coming this night with a Bill to get permission from this House to extend the term of the Special Officers of District Boards. This is the third time that the Government have come forward before this House seeking its approval for the postponement of the democratic elections to District Boards. Last time, Sir, the Hon. the Chief Minister himself intervened and assured the House that, even before the expiry of the term of Special Officers of District Boards, elections would be held. I do not know what made the Hon. the Chief Minister and other Ministers of the Government change their decision and come forward with a Bill before this House seeking further extension of the term of Special Officers. This they do because they feel that Congress will have to face dismal failure in elections, if conducted now. When the life of District Boards was extended by the Act VII of 1952, hon. Members on either side of the House pointed out to the Government that people had lost confidence in District Boards because most members of District Boards had been defeated in the General Elections. It has become habitual with this Congress Government and with the Congress organization to constitute undemocratic organizations. They do this either by appointing loyal servants of the ruling clique or those people in whom the people have no confidence at all to special posts. If we just go through the names of the Governors, we can easily be convinced . . .”

SRI C. RAJAM RAMASWAMI :—“On a point of order, Sir. May I know whether the word ‘clique’ is parliamentary?”

MR. SPEAKER :—“It is parliamentary. The hon. Member can proceed with his speech.”

SRI T. C. NARAYANAN NAMBIAR :—“Repeating undemocratic acts has become the habit of the ruling clique and repetition of this habitual blunder becomes a part of the character of the Congress Government. That is the reason why this Bill is introduced in this House now.

“The Government have now brought forward a fine argument in support of the Bill, namely, that they are going to bring in a legislation to replace the District Boards by Taluk Boards. I do not know wherefrom they got this fine idea. Anyhow this question was not discussed on the floor of this House. As far as I am concerned, I wish to say that Taluk Boards are no substitutes to the present District Boards. At village, taluk, district, State and all-India level, we want democratic people's organizations. We are not content with Taluk Boards alone. We want District Boards

[Sri T. C. Narayanan Nambiar] [27th March 1954]

also. In no circumstances we will consider Taluk Boards as an alternative to District Boards. I have given an amendment to the provisions of this Bill and when it comes up for discussion, I shall say a few more things on that occasion. I take this opportunity to record my vehement protest and righteous indignation against the undemocratic move by which this Government want to introduce a legislation to extend the life of Special Officers' regime."

SRI D. KRISHNAMURTHY GOUNDER :—"கனம் சபாநாயகர் அவர்களே, ஜில்லா போர்டு தேர்தல் ஒத்திவைப்பு மசோதா, அனுமார் வால் போல் வளர்ந்து கொண்டே போகிறது. 1952-ஆம் வருஷத்திலேயே ஜில்லா போர்டு தேர்தல்கள் வந்திருக்கவேண்டும். அதை விட்டு விட்டு சற்றேரக்குறைய ஒரு ஆண்டுக்கு மேலாக இதை வளர்த்து விட்டார்கள். இன்னும் எவ்வளவு ஆண்டுகளுக்கு வளரும் என்று சொல்ல முடியாது. ஆனால் ஒன்று நடப்பது நிச்சயம். எனக்கு முன் பேசிய தோழர்கள் சொன்னது போல, தற்போது அதிகாரத்தில் இருக்கும் கட்சிக்காரர்கள் தேர்தலைக் கண்டு அஞ்சுகிறார்கள் என்றுதான் சொல்ல வேண்டியிருக்கிறது. அவர்கள் நேர்மையாகவும், மற்றும் ஜனநாயகத்தைப் பாதுகாப்பதாக இருந்திருந்தால் 1952-வது வருஷத்திலேயே இந்தத் தேர்தலைக் கொண்டு வந்திருக்க வேண்டும். அதை விட்டு விட்டு கடைசி நேரத்தில் அவ்வப்போது கொஞ்சம் கொஞ்சமாக ஒத்திவைப்பது ஜனநாயகத்திற்கு விரோதமாகும். மேலும், தாலுக்கா போர்டுகளைக்கொண்டு வருவதாக அவர்கள் காரணம் கூறுகிறார்கள். தாலுக்கா போர்டுகளை முன்பு ஒழித்தது நீதிக்கட்சியாகும். எதற்காக தாலுக்கா போர்டுகளை அவர்கள் ஒழித்தார்கள் என்றால், அவைகளுக்குப் போதுமான வருவாய் கிடையாது. அவர்கள் ஜனங்களுக்குப் போதுமான நன்மையைச் செய்ய முடியாது என்ற காரணத்திற்காகத்தான் ஒழித்தார்கள். ஜில்லா போர்டுகளும் அவ்வாறு தான் இருக்கின்றன. ஏனென்றால் ஆங்காங்கே பஞ்சாயத்துகள் ஏற்படுத்தப்பட்டு விட்டன. மேலும், இன்னும் அனேக கிராமங்களில் பஞ்சாயத்து போர்டுகளை ஏற்படுத்த வேண்டியிருக்கிறது. அப்படி ஏற்படுத்தினால் ஜில்லா போர்டு வருமானம் குறைந்து விடும். Cess மூலம் தான் ஜில்லா போர்டுகளுக்கு அதிகமான வருமானம் கிடைக்கிறது. பஞ்சாயத்து போர்டுகள் ஏற்பட்ட பிறகு இந்த Cess அவர்களுக்குக் கிடைத்து விடுகிறது. ஆகையால்தான் ஜில்லா போர்டுக்கு அந்த வருமானம் குறைந்துவிடும் என்று நான் சொல்லவேண்டியிருக்கிறது.

"மேலும், நாம் அனேமாகப் பார்க்கிறோம். பள்ளி ஆசிரியர்களுக்குச் சம்பளம் கொடுக்கக்கூட ஜில்லா போர்டுகளிடம் போதுமான தொகை கிடையாது. அநேகப் பள்ளிக்கூடங்கள் மூடப்பட்டு விட்டன. நான் முன்பு பேசினபோது கூறினேன்: 'ஸ்பெஷல் ஆபீசர்கள் வந்தால் ஜில்லா போர்டு வரவு செலவைச் சரிக்கட்டி அனேக பள்ளிக்கூடங்களை மூடி விடுவார்கள்' என்று. அதன்படி நடந்து விட்டது. அதனால் தான் நாங்கள் சேலம் ஜில்லா போர்டில் ஒரு தீர்மானத்தை நிறைவேற்றினோம். அதாவது, தற்போது இருக்கும் நிலையில் ஜில்லா போர்டுகள் அவசியம் இல்லை. மாகாணத்திற்கு ஒரு ஜனநாயக அரசாங்கம் ஏற்பட்டிருக்கிறது. ஆகையால் சர்க்காரே நேரிடையாக தற்போது ஜில்லா போர்டு செய்யும் எல்லாக் காரியங்களையும் எடுத்து நடத்தினால் மிகவும் நல்லதாக இருக்கும். அதற்கு வேண்டிய திருத்தங்களைச் செய்ய வேண்டுமென்று ஜில்லா போர்டில் தீர்மானம் ஒன்றை நிறைவேற்றினோம். அதைப்போல் இப்பொழுது அரசாங்கத்தார் நேரடியாக எல்லா அதிகாரங்களையும் எடுத்துக் கொள்வது நல்லது. ஏனென்றால் பணம் இல்லாமல் ஜில்லா போர்டுகளை நடத்துவது மிகக் கஷ்டம். ஆனால் சர்க்கார் தன்னுடைய பொறுப்பைத் தட்டிக் கழிக்க எதுவாக இருக்கிறது. அதாவது, நம்முடைய ராஜ்யம் மிகச் சிறியதாகப் போய்விட்டது. மந்திரிகள் ஆங்காங்கே சுற்றுப் பிராயர்ணம் செய்வது வழக்கமாகிவிட்டது. ஜனங்களுக்கு சுகாதார வசதி, ரோடு வசதி, கல்விக்கு வேண்டிய பள்ளிக்கூட வசதி இவைகளெல்லாம் வேண்டு

மென்று கேட்டால், 'நாங்கள் என்ன செய்வது, உங்களுக்கு ஜில்லா போர்டு இருக்கிறது, அவர்களைப் பார்த்துக் கேளுங்கள்', என்று சாக்குப் போக்குச் சொல்லுவதற்கு, எதுவாக இருக்கிறதே தவிர, மற்ற உருப்படியான காரியங்களைச் செய்ய ஜில்லா போர்டுகளால் ஒன்றும் முடியாது. ஆகையால் எப்படியோ தேர்தலை ஒத்திவைக்கத் துணிந்து விட்டார்கள். ஜில்லா போர்டுகளை ஒழித்துக்கட்ட ஒரு நல்ல மசோதாவைக் கொண்டு வந்து, சர்க்காரே தங்கள் பொறுப்பை உணர்ந்து, ஜனங்களுக்கு முக்கியமாக கல்வி வசதிகள், ரோடு வசதிகள், சுகாதார வசதிகள் கிடைக்கத்தக்க முயற்சிகளை எடுக்க வேண்டும். சர்க்கார் தங்களுடைய பொறுப்புகளைத் தட்டிக் கழிக்கக் கூடாது என்று தான் நான் சொல்ல ஆசைப்படுகிறேன்.

"மேலும், இப்பொழுது ஸ்பெஷல் ஆபீசர்களின் நிர்வாகம் சரியாக நடக்கவில்லை என்று சொல்லுகிறார்கள். ஆனால் எங்கள் ஜில்லாவைப் பொறுத்தமட்டில் நிர்வாகம் சரியாகத்தான் நடக்கிறது. ஜில்லா கலெக்டர், ஸ்பெஷல் ஆபீசராகவும், டிபுடி கலெக்டர், Personal Assistant களாகவும் இருக்கிறார்கள் என்று ஏதோ அரசியல் காரணங்களுக்காகச் சில குறைகளைச் சொல்லலாம். இருந்தாலும் ஸ்பெஷல் ஆபீசர் என்ன செய்ய வார்? மேலே இருக்கக்கூடிய சர்க்கார் இலாகாக் காரியத்தரிசி, லோகல் போர்டு இன்ஸ்பெக்டர் இவர்களுடைய உத்தரவுப்படி தான் ஸ்பெஷல் ஆபீசர் நடந்து கொள்ள வேண்டியிருக்கிறது. வரவு செலவைச் சரியாகக் காட்டுங்கள், இல்லாவிட்டால் உங்களுக்கு ஒன்றும் செய்ய முடியாதென்று எச்சரிக்கை விடுகிறார்கள். அதற்காகப் பள்ளிக்கூடங்களை மூடுவதும், மற்ற பல விதமான காரியங்களையும் செய்ய முடியாமல் இருக்கிறார்கள். அதனால் ஸ்பெஷல் ஆபீசர் நிர்வாகத்தை குறை கூறுவதற்கு இல்லை என்று நான் சொல்ல வேண்டியிருக்கிறது. ஆகையால் தாலுக்கா போர்டுகளை ஏற்படுத்துவதை விட்டு விட்டு இந்தத் தேர்தலை எப்போதோ ஒத்திவைக்க அவர்கள் நினைப்பதாலும் அந்தக் குறுகிய காலத்தில் ஜில்லா போர்டை ஒழித்துக் கட்டவும், மற்றும் பொதுவாக ஜனங்களுக்கு நல்ல நன்மைகளைச் செய்யக்கூடிய திட்டங்களை வகுக்குமாறு கேட்டுக்கொண்டு என்னுடைய பிரச்சங்கத்தை முடித்துக்கொள்ளுகிறேன்."

SRI S. RAMALINGAM :—"கனம் சபாநாயகர் அவர்களே! நண்பர் ஸ்ரீ ராஜா சிதம்பரம் அவர்கள் சொற்பொழிவிலே அடங்கியுள்ள கருத்துக்களை, சில விஷயங்களை சர்க்காரின் கவனத்திற்குக் கொண்டுவர விரும்புகிறேன். சென்ற சட்ட சபைக் கூட்டத்தில் Special Officerகளை நியமிக்க வேண்டும் என்ற கருத்துடன் கொண்டு வந்த மசோதா நிறைவேறியபோது அன்று ஸ்தல ஸ்தாபன மந்திரியிருந்த கனம் ஸ்ரீ சங்கர ரெட்டி இரண்டு வாக்குறுதிகளைக் கொடுத்தார்.

"முதலாவதாக, 'இந்த Special Officerகள் காலத்தை இனி நீடிக்க மாட்டோம்; மார்க்சு மாதத்திற்குள் ஜில்லா போர்டு தேர்தலை நடத்தியே தீருவோம்' என்று வாக்குறுதி அளித்துள்ளார். மற்றொரு வாக்குறுதி என்னவென்றால் 'Special Officer வருவதற்கு முன் பள்ளிக்கூடங்கள் என்னென்ன நடத்தி வந்தார்களோ அவைகளை தொடர்ந்து நடத்த வேண்டு' மென்று சொன்னார்கள். கடந்த 9 மாத காலத்தில் இந்த Special Officerகள் நடைமுறையில் என்ன செய்தார்கள் என்பதைப் பார்க்கும் போது பல ஜில்லாக்களில் பல பள்ளிக்கூடங்களை மூடிவிட்டார்கள். குறிப்பாக தஞ்சாவூர் ஜில்லாவிலே Special Officer அநேக பள்ளிக்கூடங்களை மூடியிருக்கிறார்கள். அது மட்டும் அல்ல. ஜில்லா போர்டுகள் சந்தையில் சென்ற வருஷம் இருந்த குத்தகைத் தொகையை விட இந்த வருஷம் அதிகமாக வசூலிக்கிறார்கள். 2 அணுவாக இருந்தது 4 அணுவாக மாறிற்று. தலைக்கூடை சுமைக்கு முன்பு அரையணுவாக இருந்தது இப்போது இரண்டணுவாக மாறியிருக்கிறது. இது விஷயம்

கனம் மந்திரி ஸ்ரீ ராஜாராம் நாயுடுவின் கவனத்திற்குக் கொண்டுவரப் பட்டது. கடந்த 9 மாத காலமாக ஜில்லா போர்டின் Special Officerகள் பொதுக் காரியங்களில் தங்கள் இஷ்டப்படி நடந்து வருகிறார்கள். அம் மாதிரி காரியங்களில் ஈடுபடுவதற்கு அனுமதி கொடுக்கக்கூடாது என்பதைத் தெரிவித்துக் கொள்ள விரும்புகிறேன். கனம் ஸ்ரீ ராஜா சிதம் பரம் அவர்கள் சொன்னது போல தாலுகா போர்டு கொண்டுவருவதாயிருந்தால், ஜில்லா போர்டு தேர்தலை நடத்த வேண்டாமென்று கேட்டுக் கொள்கிறேன்.”

SRI S. T. ADITYAN :—“கனம் சபாநாயகர் அவர்களே, ஜில்லா போர்டு தேர்தலை ஒத்திப்போடுவதற்கு இரண்டு மூன்று காரணங்கள் கூறப்பட்டிருக்கின்றன. முதலாவதாக ஜில்லா போர்டுகளை ஒழித்து தாலுகாப் போர்டுகளை ஏற்படுத்த வேண்டுமென்று தீர்மானிக்கப் பட்டிருப்பதாக சொல்லப்படுகிறது. இரண்டாவதாக தாலுகா போர்டு தேர்தலை நடத்துவதற்கு இன்னும் இரண்டு வருஷ காலமாகுமாதலால், அதற்குள் ஜில்லா போர்டு தேர்தலை நடத்தப் போவதாக சொல்லப்படுகிறது. தாலுகா போர்டு தேர்தலை ஏன் உடனடியாக நடத்த முடியாது? ஏன் அதற்கு இரண்டு வருஷங்கள் வேண்டும்? இந்தியாவும் பாசிஸ்தானும் 90 நாட்களில் பிரிக்கப்பட வில்லையா? இதோ இருக்கிற Special Officer. இது ஒன்றும் பெரிய காரியமில்லை. இதெல்லாம் நொண்டிச்சாக்கு தான். மூன்றாவதாக ஜில்லா போர்டு தேர்தலை நடத்த அவகாசமில்லை. மேலும் அக்டோபர் மாதம் வரை அவகாசம் வேண்டுமென்று கேட்கிறார்கள். வேண்டுமென்றே கொடுத்த அவகாசத்தை நிராகரித்து விட்டு இன்று அவகாசமில்லை என்று சொல்லுகிறார்கள். Electoral rollsகளை என் னைக்கு வெளியிட்டார்கள்? சர்க்கார் அவர்கள் காலா காலத்திலே Electoral rollsகளை வெளியிட்டிருந்தால் தேர்தலை நடத்தியிருக்கலாமே? தேர்தலை துரிதமாக நடத்த அவர்கள் என்னென்ன நடவடிக்கை எடுத்துக் கொண்டிருக்கிறார்கள்? இன்று மார்ச் 27-ம் தேதி. இது வரை அவர்கள் ஜில்லா போர்டு தேர்தலை நடத்துவதற்கு ஒருவிதமான நடவடிக்கையும் எடுக்கவில்லை. அப்படியிருக்கும்பொழுது அவகாசம் கேட்பதற்கு நியாயமே யில்லை.

“ஆனால் ஒரு காரணம் தான் இருக்கலாம். இதே விஷயம் இந்தச் சபையில் சென்ற தடவை விவாதிக்கப்பட்டபொழுது நாங்கள் இதை ஆட்சேபித்து ஒரு காரணம் சொன்னோம். அதாவது, காங்கிரஸ்காரர்கள் எலெக்ஷனில் வெற்றி தோல்வியைப் பற்றியே நினைத்துக் கொண்டிருக்கிறார்களே தவிர, ஜனங்களைப் பற்றிய எண்ணத்தை மறந்து விட்டார்கள். அதே காரணத்தைத்தான் இன்று திரும்பவும் சொல்லத்தோன்றுகிறது. நண்பர் கோவிந்தசாமி அவர்கள் கூறியது போல் காங்கிரஸ் கட்சிக்குள் இரண்டு அபிப்பிராயம் இருக்கிறது. ஒரு சிலர் ஜில்லா போர்டையே தொடர்ந்து நடத்த வேண்டுமென்ற கொள்கை கொண்டவர்கள், மற்றும் சிலர் ஜில்லா போர்டு எலெக்ஷனில் காங்கிரஸ் தோற்றுவிடும். ஆகையால் ஜில்லா போர்டை ஒழித்து விட்டு தாலுகா போர்டை ஏற்படுத்தலாமென்று அபிப்பிராயம் கொண்டவர்கள் காங்கிரஸ்குள்ளேயே இப்படி இரண்டு விதமான அபிப்பிராயங்களிருப்பது தெளிவான விஷயம். இந்த மசோதா முன் பக்கத்துக்கு பின்பக்கம் முரணாக இருக்கிறது. இந்த மசோதா தாலுகா போர்டுகள் ஏற்படுத்த வேண்டுமென்று ஆரம்பிக்கப்பட்டு வேறு விதமாக முடிக்கப்பட்டிருக்கிறது. இதில் இரண்டு விதமான அபிப்பிராயம் பிரதிபலிக்கிறது. முன்னால் செட்டியார் குதிரை பின்னால் பட்டாளத்து காரன் குதிரை என்று சொல்லுவது போல் ஒரு பக்கம் மந்திரியின் அபிப்பிராயமும் மறு பக்கம் தமிழ் நாட்டு காங்கிரஸ் தலைவரின் அபிப்பிராயமும் பிரதிபலிக்கிறது. ஒன்றுக்கொன்று விரோதமான மனப் பான்மை பிரதிபலிக்கிறதே தவிர ஜனங்களின் உண்மையான நோக்கம் பிரதிபலிக்கவில்லை. நான் இந்த மசோதாவுக்கு என்னுடைய ஆட்சேபணையை தெரிவித்துக் கொள்ளுகிறேன்.”

SRI M. KALYANASUNDRAM :—“கனம் சபாநாயகர் அவர்களே, நமது ஸ்தல ஸ்தாபன மந்திரி திரு. ராஜாராம் அவர்கள் மந்திரியான பிறகு அவர் பிரேரேபிக்கக்கூடிய முதல் மசோதா இது. அவர் முதல் முதலாக பிரேரேபிக்கக் கூடிய மசோதா இப்படி தகுறான ஒரு விஷயத்தைப் பற்றி இருக்கிறது என்பதற்காக அவருக்கு என்னுடைய அனுதாபத்தைத் தெரிவித்துக் கொள்ளுகிறேன். எதிர்க் கட்சியில் மட்டுமின்றி, அவருடைய கட்சியிலேயே பேசிய திரு. வி. கே. ராமசாமி முதலியார் கூட எதிர்த்து பேசியிருக்கிறார். ஆனால், அவர் வோட்டளிக்கும் போது சர்க்கார் திட்டத்தை ஆதரித்துதான் வோட்டு அளிப்பார். இருந்தாலும் அவருடைய அபிப்பிராயம் இதற்கு மாறாக இருக்கிறது என்பதை அவர் இந்த சபையில் பகிரங்கமாக பேசிக் காட்டி விட்டார். இப்படிப்பட்ட ஒரு தகுறான மசோதாவைத் தான் திரு. ராஜாராம் அவர்கள் முதல் முதலாக பிரேரேபிக்க வேண்டுமா என்று கேட்கிறேன். அத்துடன் கூட திரு. ராஜாராம் இரண்டு வருட காலமாக சர்க்கார் கட்சியின் கொரடாவாக இருந்து வேலை செய்து வந்தவர் என்பதையும் நாம் பார்த்திருக்கிறோம். அவர் மந்திரியாக வேலை செய்வதையும் பார்க்கிறோம். சமீபத்தில் அவருடன் நெருங்கிப் பழக வேண்டிய ஒரு சந்தர்ப்பம் எனக்குக் கிடைத்தது. அதாவது Delimitation Committee-யில் அவர் மெம்பராக இருந்தார்; நானும் அதில் மெம்பராக இருந்தேன். அப்பொழுது அவர் எவ்வளவு சுறு சுறுப்பாக வேலை செய்யக் கூடியவர் என்பது எனக்குத் தெரிந்தது. அவ்விதம் சுறு சுறுப்பாக வேலை செய்யக் கூடியவர் இதை இன்னும் ஏழு மாதம் நிறுத்திவைக்க வேண்டும் என்று சொல்லுவதற்கு அவசியம் என்ன என்பது தான் எனக்கு விளங்கவில்லை. நிர்வாகத் துறையில் இருக்கக்கூடிய வேறு எந்த இடையூறுகளும் காரணமல்ல என்பது என்னுடைய அபிப்பிராயம். இந்த மசோதாவைக் கொண்டு வந்து இருப்பதன் நோக்கத்தைக் கொஞ்சம் கூர்ந்து கவனிக்க வேண்டும். மந்திரிகளும் சரி அவர்களைச் சார்ந்து பேசக் கூடியவர்களும் சரி, கட்சி விருப்பு வெறுப்பிற்கு இடம் இருக்கக் கூடாது என்றும், தேச நலனை கவனிக்க வேண்டும் என்றும் சொன்னார்கள். ஆனால் உண்மையில் இந்த மசோதாவின் நோக்கத்தைப் பார்த்தால் காங்கிரஸ் கட்சியின் சுயநல நோக்கத்தைத் தவிர வேறு நோக்கம் கிடையாது. எப்படியாவது ஜில்லா போர்டையும், ஸ்தல ஸ்தாபனங்களையும் தங்களுடைய கட்சிக்கு ஆதரவு போடக் கூடிய கருவியாக உபயோகித்துக் கொள்ள வேண்டும் என்ற எண்ணம் கொண்டிருப்பதாகத் தெரிகிறது. பொது மக்களின் நன்மையை உத்தேசித்து இது நடக்கிறது என்று சொல்வதற்கு இல்லை. அப்படி ஜில்லா விட்டால் சர்க்கார் இதுவரைக்கும் ஏன் நடவடிக்கைகள் எடுக்கவில்லை. இந்த இரண்டு வருஷ சரித்திரத்தைப் பார்த்தால் தெரியும். இந்தப் பிரச்சனை இன்றைய நேற்றைய பிரச்சனை அல்ல. 1952-ம் வருஷம் நவம்பர் மாதம் இது விவாதத்திற்கு வரவில்லையா? அன்று ஒரு வருஷத்திற்கு தேர்தலை ஒத்திவைக்க வேண்டும் என்று வாய் கூசாமல் சொல்லிக் கொண்டு சபைக்குக் மசோதா கொண்டு வரவில்லையா? அப்பொழுது ஒரு வருஷத்திற்கு ஒத்தி வைப்பது நியாயம் இல்லை என்று எடுத்துச் சொன்னபோது காலவரையை ஆறு மாத காலமாக குறைக்க ஒத்துக்கொண்டு அதற்குள் தேர்தல் நடத்திவிடுவது என்று வாக்குறுதி கொடுத்தார்கள். ஆறு மாதங்களுக்குப் பிறகும்கூட மறுபடியும் என்ன நிலைமை ஏற்பட்டது—அதுவரையில் சம்மா இருந்துவிட்டு தேர்தல் வரப் போகிறது என்று எல்லோரும் நினைத்துக்கொண்டிருக்கும்போது தேர்தலை நடத்த முடியாது ஸ்பெஷல் ஆபீசரை நியமிக்க வேண்டும் என்று சொல்லி சென்ற எப்ரல் மாதம் ஒரு மசோதாவை இந்த சபை முன் கொண்டுவந்தார்கள். பழைய ஜில்லா போர்டை நீடிக்க வேண்டும்; அல்லது ஸ்பெஷல் ஆபீசர்கள் நியமித்து அவர்களிடம் ஜில்லா போர்டுகளை ஒப்படைக்க வேண்டுமென்ற நிலைமை ஏற்பட்டது.

“ஸ்பெஷல் ஆபீசர் வேண்டும் என்றாலும் வைத்துக்கொள்ளுங்கள் என்று அவர்களுக்கு விட்டுக்கொடுத்தார்கள் எதிர் கட்சி. எப்படியாவது நெருக்கடி தீரவேண்டும் என்பதற்காக அப்படி விட்டுக்கொடுத்தார்கள்.

[Sri M. Kalyanasundram] [27th March 1954]

முதல் மந்திரியும், கணம் மந்திரி ஸ்ரீ சி. சுப்ரமணியமும் அன்று என்ன வாக்கூறுதி கொடுத்தார்கள். ஆந்திரப் பிரிவினை குறுக்கே நிற்கிறது, அது இடையூறாக இருக்கிறது, பொறுத்துப் பாருங்கள், 1954-ம் வருஷம் மார்ச்சு மாதம் 31-ம் தேதி காலவரை சட்டத்தில் போடப்பட்டிருந்தாலும், அதுவரை தேர்தல்களை ஒத்திப்போடப் போவதில்லை என்றும் டிசம்பர் 31-ம் தேதிக்குள்ளாகவே தேர்தல் நடைபெறுமென்றும் பயமுறுத்தினார்கள். ஆனால் தேர்தலை வரவில்லை. பிறகு மார்ச்சு மாதம் 31-ம் தேதி வரப்போகிறது. இன்னும் எலெக்ஷனைக் காணாமே என்று நினைத்துக் கொண்டிருந்தோம். ஆனால் மார்ச்சு மாதம் 27-ம் தேதி யன்று நன் னிரலில் வந்து ‘அக்டோபர் 31-ம் தேதி வரைக்கும் ஸ்பெஷல் ஆபீச ருடைய கால வரம்பை நீடிக்கவேண்டும்’ என்று தைர்யமாக கணம் ஸ்தல ஸ்தாபன மந்திரி அவர்கள் கூறிக்கொண்டு ஒரு மசோதாவையும் பிரேரேபிக்கிறார். இதைக் கண்டு எனக்கு ஆச்சர்யமாக இருக்கிறது. இப் படி பிரேரேபிக்கக்கூடிய காலத்தில் மந்திரியவர்கள் சொல்லக்கூடிய காரணங்களை அங்கத்தினர்களும் குறிப்பிட்டிருக்கிறார்கள். தாலுக்கா போர்டுகளை நியமிப்பது விஷயமாகவும், ஜில்லா போர்டுகளை கலைக்கும் விஷயமாகவும் சர்க்கார் ஆலோசித்துக்கொண்டிருக்கிறது. அதனாலே தான் இந்தத் தேர்தலை ஒத்திப்போட வேண்டுமென்று கேட்டுக்கொள்ளு கிறோம் என்று சொல்லப்படுகிறது. தாலுக்கா போர்டுகளை அமைக்கும் யோசனை வெகு காலமாக இருந்திருக்கிறது. இதைப்பற்றி அமைச்சர் அவர்களும் பல இடங்களில் பேசியிருக்கிறார்கள். ஆனால் ‘முடிவுக்கு என் வரவில்லை? தாமதம் என்ன?’ என்ற காரணம் என்னவென்று தான் எனக்குத் தெரியவில்லை. ஜில்லா போர்டுகளை கலைத்து தாலுக்கா போர்டுகளை அமைக்கவேண்டுமென்று ஏற்கனவேயே முடிவாகிவிட்ட விஷயம். அந்த முறையில் தாலுக்கா போர்டுகளை எப்படி அமைப்பது என்ற விபரங்களைத் தயாரிக்க என் சர்க்கார் தயங்கிக்கொண்டிருக்கிறது? சென்ற வருஷம் டிசம்பர் மாதத்தில் கூட நமது சட்ட சபை கூடி யிருக்கிறது. மார்ச்சு 31-ந் தேதிக்குள் இந்தச் சட்டம் புதுப்பிக்கப்படா விட்டால் இது காலாவதியாகிவிடுமென்று சொல்லிக்கொண்டு அவசரம் அவசரமாக இன்றைய தினம் இந்த மசோதாவை சபையில் பிரேரித் திருப்பதைவிட, தாலுக்கா போர்டுகளை அமைக்கப்போகிறோம், ஜில்லா போர்டுகளை கலைத்துவிடப்போகிறோம், ஆகவே தேர்தலை இன்னும் ஒரு வருஷ காலத்திற்கு ஒத்திப்போட அனுமதி கொடுங்கள்’, என்று சென்ற டிசம்பர் மாதத்திலேயே சபையின் அனுமதி கோரி வந்திருக்கலாமே. அப்படி வந்திருந்தால் இன்றைக்கு இந்த மசோதாவைக் கொண்டுவரு வதற்குப் பதிலாக தாலுக்கா போர்டுகளை அமைக்கும் மசோதா சட்ட சபைக்கு வந்திருக்கக் கூடும். அவ்வளவு சுறுசுறுப்பாக வேலை செய்யக் கூடியவராகவும் கணம் மந்திரி அவர்கள் இருக்கிறார்கள். ஆகவே அப்படிச் செய்யவில்லையென்றால் ஜில்லா போர்டு தேர்தலை நடத்துவதோ, தாலுக்கா போர்டுகளை நடத்துவதோ அரசாங்கத்தின் நோக்கமே அல்ல என்பதே எனது தாழ்மையான அபிப்பிராயம்.

“எனது நண்பர் ஸ்ரீ மதனகோபால் சொன்னபோது மந்திரி சபைக்கு நெருக்கடி இருக்கிறது. குறிப்பாக, இரண்டுவித நெருக்கடி இருக்கிறது. அவர்கள் கட்சிக்குள்ளேயே இருக்கும் நெருக்கடி ஒருவகை. அக்கட்சிக்கு வெளியில் இருக்கும் நெருக்கடி ஒரு வகை என்று சொன்னார். இது எல்லோருக்கும் தெரிந்திருக்கக்கூடிய விஷயம். புதிய கல்வித் திட்டத்தை வாபஸ் பெறாமல் கிராம மக்களிடையே இனிமேல் போட்டுப் போடுங்கள் என்று சொல்லிக்கொண்டு போகமுடியாது என்பது மந்திரி சபையினருக்கும் தெரியும். காங்கிரஸ் கட்சி அங்கத்தினர்களுக்கும் தெரியும். இவர்களேபிரில் மக்கள் கொண்டிருக்கக்கூடிய கோபம், மக்கள் கொண்டிருக்கக்கூடிய ஆத்திரம் கொஞ்ச நஞ்சுமல்ல என்பது உலகம் அறிந்த விஷயம். ஆகவேதான் ஜில்லா போர்டு தேர்தலை இப்பொழுது நடத்தினால் காங்கிரஸ் கட்சிக்கு பெரிய வீழ்ச்சி ஏற்படும் என்ற எண்ணத் தினால் தேர்தலை ஒத்திப்போட முன் வந்திருக்கிறார்களே தவிர, அரசியல் நோக்கம் எதுவும் தேர்தலை ஒத்திப்போடுவதில் இல்லையென்று சொன்னால்

27th March 1954] [Sri M. Kalyanasundram]

அதை யாரும் ஒப்புக்கொள்ள முடியாது. தங்கள் கட்சி நலன் ஒன்றையே பிரதானமாகக்கொண்டு இந்தத் தேர்தலை ஒத்திப்போட முன் வந் திருக்கிறார்களே தவிர, கிராமவாசிகளைப் பற்றியோ, அல்லது ஸ்தல ஸ்தா பனங்களைப் பற்றியோ ரொம்பவும் கவலைகொண்டு இந்த முடிவுக்கு வரவில்லையென்பது நான் கூறாமலேயே உங்களுக்கு விளங்கும். ஆனால் கட்சி மனோபாவம் எங்களுக்குக் கிடையாது என்று இந்தச் சபையில் சொல்லலாம். பத்திரிகையில் பிரசுரிக்கலாம். ஆனால் பொது மக்கள் யாரும் அதை நம்பமாட்டார்கள்.”

THE HON. SRI C. SUBRAMANIAM :—“நாங்கள் சொல்வதை நீங்கள் தான் நம்ப மாட்டீர்கள்.”

SRI M. KALYANASUNDRAM :—“சர்க்கார் சொல்லக்கூடிய விஷ யங்களை நாங்கள் நம்பமாட்டோம் என்று சொன்னால் நம்பக்கூடிய அள விற்கு நீங்கள் இந்தச் சபையில் கொடுக்கும் வாக்குறுதிகள் எதையும் பூர்த்தி செய்யவில்லை என்கின்ற விஷயம் எங்களுக்கு நன்றாகத் தெரி திறது. சென்ற தடவை நீங்களே இவ்வாண்டு மார்ச்சு 31-ந் தேதிக்குள் எப்படியாவது தேர்தலை நடத்திவிடுகிறோம் என்று சொன்னீர்கள். சொன்னபடி நடத்தினீர்களா? இல்லையே. அப்படியிருக்கும்போது இப் பொழுது மறுபடியும் ‘அக்டோபர் 31-ந் தேதி வரை காலவரையை நீடியுங்கள். அதற்குள் நாங்கள் தேர்தலை நடத்திவிடுகிறோம்’ என்று சொன்னால் இதைத்தான் எப்படி நம்பமுடியும்? ஆகவே மக்களை ஒரு நாளும் ஏமாற்ற முடியாது என்பதை அரசாங்கத்தாருக்கு எடுத்துச் சொல்ல விரும்புகிறேன். அரசாங்கத்தார் என்ன செய்துகொண்டிருக் றார்கள் என்பதை பொது மக்கள் சர்வ ஜாக்கிரதையுடன் கவனத்துக் கொண்டே வருகிறார்கள். அதற்குச் சாட்சியாக நமது சட்ட சபை கால ரியைப் பார்த்தால் எவ்வளவு மக்கள் குழியிருக்கிறார்கள் என்பது தெரியும். சபை அங்கத்தினர்களுக்கு வேண்டுமானால் போக்குவரத்து வச திகளை கணம் மந்திரி அவர்கள் செய்திருப்பதாகச் சொன்னார்கள். அதைப் போலவே சொந்த கார் உள்ள அவர்களும் கூட இரவு 11-மணிக்கு மேல் சலப்பமாக வீட்டிற்குப் போய்விடலாம். ஆனால் போக்குவரத்து வசதிகள் எதுவும் இல்லாமல் கஷ்டப்பட வேண்டுமென்பதை உணர்ந்தும் பொது மக்கள் இங்கே இவ்வளவு பெரிய அளவில் வந்திருக்கிறார்கள் என்றால் அவர்கள் எப்படி இங்கே நடக்கும் விவாதத்தில் அக்கரை கொண்டிருக்கி றார்கள் என்பது விளங்கும். ஆகவே ஏதோ ஒன்றைச் சொல்லி ஒரு காரியத்தை சாதித்துக்கொண்டு போய்விடலாம், மக்களை ஏமாற்றி விடலா மென்று மாதிரித் தயவு செய்து கணம் அமைச்சர்கள் என்னவேண்டா ிமென்று கேட்டுக்கொள்ளுகிறேன். கணம் சுப்பிரமணியம் போன்றவர்கள் ஜனநாயகத்தைக் காப்பாற்றப் போவதாகவும், ஜனநாயகத்தை இந்த நாட்டில் நிலைநாட்டப் போவதாகவும் வாயளவிலே சொல்லிக்கொண்டு, பேச்சளவிலே சொல்லிக்கொண்டு—இவ்விடத்திலே நான் மனதில் தோன் றும் ஒரு வார்த்தையை சொல்ல விரும்பவில்லை—காரியத்தில் அதைக் காட்ட முயலமாட்டேன் என்கிறார்கள் என்று மட்டும் சொல்லிவிடுகிறேன்.”

THE HON. SRI C. SUBRAMANIAM :—“நீங்கள் என்ன வார்த் தையை வேண்டுமானாலும் உபயோகப்படுத்தலாம். உங்களுக்கு லைசென்சு கொடுக்கப்பட்டிருக்கிறது.”

SRI M. KALYANASUNDRAM :—“ஆகவே, எதிர்க்கட்சிக்காரர்கள் ஜனநாயக விரோதிகள். நாங்கள்தான் ஜனநாயகத்தைக் காக்க வந்திருக் கிறோம். ஜனநாயகத்தைக் காப்பாற்றுவது எங்களுக்கு எகபோக உரிமை’ என்றெல்லாம் மட்டும் பேசவேண்டாமென்று கேட்டுக்கொள்ளுகிறேன். காரணம் இவர்கள்தான் ஜனநாயகத்திற்கு விரோதமான காரியங்களைச் செய்கிறார்கள். தனி நபர் சுதந்திரத்தைப்பற்றி ராஜாஜி அவர்கள் மிக ஜம்பமாக அடிக்கடி பேசியிருக்கிறார்கள். அவர் இங்கு இல்லை. ஆகையால் வேறொரு சமயம் அதைப்பற்றி பேச விரும்புகிறேன். நிதி மந்திரி சுப்பிர மணியம் அவர்கள் ‘மக்கள்’ ‘ஜனநாயகம்’ ஆகிய வார்த்தைகளை

[Sri M. Kalyanasundram] [27th March 1954]

அடிக்கடி உபயோகிக்கிறார்கள். ஜனநாயகத்தைப் பற்றியும், மக்கள் பற்றியும் அவர் கொண்டுள்ள கருத்துக்கள்பற்றி நான் இரண்டொரு வார்த்தைகள் சொல்ல விரும்புகிறேன். இதற்குப் பதில் கனம் சுப்பிரமணியம் அவர்கள் கொடுப்பார்கள் என்றும் நம்புகிறேன். இந்தச் சந்தர்ப்பத்தில் அவர் பதில் சொல்ல முடியாது என்று தெரியும். இன்னொரு சமயத்திலாவது அவர் பதில் சொல்ல வேண்டுமென்று கேட்டுக்கொண்டு நான் இதைச் சொல்லுகிறேன்.”

MR. SPEAKER :—“ இந்தச் சந்தர்ப்பத்திலும் கூட அவர் விரும்பினால் பதில் சொல்லலாம்.”

SRI M. KALYANASUNDRAM :—“ எங்கள் அகராதியில் ஜனங்கள் என்று சொன்னால் சாதாரண தொழிலாளிகள், விவசாயிகள் இன்னும் நடுத்தர மக்கள், இன்னும் ஆபீஸ் வேலை செய்து பிழைக்கக் கூடிய மக்கள், 95 சதம் உள்ள சாதாரண மக்களைத்தான் குறிப்பிடுகின்றோம். ஆனால், கனம் ஸ்ரீ வி. வி. சுப்பிரமணியம், கனம் ராஜாஜி இவர்களுடைய அகராதியில் ‘மக்கள்’ என்றால் செட்டிநாட்டு ராஜா, ராமநாதபுரம் ராஜா, கனம் ஸ்ரீ வி. வி. பழனிசாமிக் கவுண்டர், வடபாதிமங்கலம் ஸ்ரீ தியாகராஜ முதலியார், தருமபுரத்து பண்டார சன்னதிகள் இப்படி இருக்கக்கூடியவர்கள்தான் அவர்கள் கண்ணுக்கு மக்களாக தோன்றுகிறார்கள். ஆனால், எங்களுடைய கண்களுக்கு நேர் விரோதமாகத்தான் தோன்றுகிறது. சர்க்காரின் வேலை செய்யும் கீழ்த்தர சிப்பந்திகள், வயற்காடுகளில் உழைக்கக்கூடியவர்கள், தொழிற்சாலைகளில் வேலைசெய்யக்கூடியவர்கள், காரியாலயங்களில் உத்தியோகம் பார்க்கக்கூடிய சிப்பந்திகள் இவர்களைப் போன்றவர்கள்தான் எங்களுடைய அகராதியில் மக்கள் என்று கருதப்படுகிறார்கள். ஜனநாயகம் என்று அவர்கள் சொல்லும்பொழுது, கஷ்டப்பட்டு உழைக்கும் மக்கள் தங்களுக்கு சம்பளம் ஜாஸ்திவேண்டும் என்று கேட்கும்போது கொடுக்கக்கூடாது என்பதுதான் அவர்களுடைய ஜனநாயகம். நிலத்தில் வீளைந்தாலும், விளையாவிட்டாலும் விவசாயிகள் பெரிய பெரிய மிராசுதாரர்களுக்கு குத்தகையைக் கொடுத்துத் தான் ஆகவேண்டும் என்று சொல்லி நிலப்பிரபுக்களின் உரிமையைப் பாதுகாக்க ஏழை விவசாயிகளாகிய போலீஸை எவ்விருவதுதான் காங்கிரஸ் ஜனநாயகம்.”

THE HON. SRI C. SUBRAMANIAM :—“ I do not object to hon. Members opposing me or levelling criticisms against us. But I would request that as far as possible they should confine their criticisms to the scope of the Bill. I would request them not to go far from it.”

THE HON. SRI V. C. PALANISWAMI GOUNDER :—“ எனது நண்பர்களாகிய எதிர்க் கட்சித் தலைவரும், உப-தலைவரும் பேசும்போழுது பல சந்தர்ப்பங்களில் என்னுடைய பெயரை இழுக்கிறார்கள். நான் அவர்களுக்கு ஒன்றுசொல்ல விரும்புகிறேன். செட்டிநாட்டு ராஜாவைப்போல நான் ஒரு ஜமீன்தாரும் அல்ல, ராமநாதபுரம் ராஜாவைப்போல எனக்கு ஜமீன்களும் இல்லை. நான் ஒரு சாதாரண விவசாயி என்பதைத்தான் சொல்ல விரும்புகிறேன்.”

SRI V. MADANAGOPAL :—“ ஸ்ரீ பழனிசாமிக் கவுண்டர் அவர்கள் சொல்லும்போது, ‘செட்டிநாட்டு ராஜாவைப்போலவோ, ராமநாதபுரம் ராஜாவைப்போலவோ நான் ஜமீன்தார் அல்ல’ என்று அவர்களைப்பற்றிக் குறிப்பிட்டதினால், எதிர்க்கட்சி உப-தலைவர் என்ன அபிப்பிராயத்தைக் கூறினார்களோ அதை கனம் மந்திரி அவர்களும் ஒப்புக் கொள்கிறார்களா என்பது எனக்கு விளங்கவில்லை.”

SRI M. KALYANASUNDRAM :—“ கனம் சபாநாயகர் அவர்களே, Points of orderகளெல்லாம் தீர்ந்துவிட்டதென்று நினைக்கிறேன்.” (சிரிப்பு.)

27th March 1954]

MR. SPEAKER :—“ நீங்கள் தொடர்ந்து பேசங்கள்.”

SRI M. KALYANASUNDRAM :—“ கனம் மந்திரி ஸ்ரீ வி. வி. பழனிசாமிக் கவுண்டர் அவர்கள் நான் சொன்னதைக் குறித்து ஏன் சங்கடப்படவேண்டும்? அவர் பெரிய மில் முதலாளியாக இருக்கிறார்; நிலமும் ஏராளமாக இருக்கிறது. முதலாளியாக இருப்பதும், நிலச் சொந்தகாரராக இருப்பதும், வெட்கப்படவேண்டிய விஷயமா? தயவு செய்து மறைக்கவேண்டாமென்று கேட்டுக்கொள்கிறேன். நான் எந்தத் தனி நபரையும் குற்றம் சாட்டவில்லை. இன்றைய சமூக அமைப்பை குறை கூறுகிறேன். கனம் ஸ்ரீ வி. வி. பழனிசாமிக் கவுண்டர் அவர்களோ, ராமநாதபுரம் ராஜா அவர்களோ கால்கப்போக்கில் மாறாமல் இருக்க முடியாது. மாற்ற முடியும் என்ற நம்பிக்கை எனக்கு உண்டு. ஏதோ நான் அவர்களைப்பற்றிக் குறிப்பிட்டபொழுது அவர் வெட்கப்பட்டு உடனே பதில் சொல்லியிருக்கவேண்டியதில்லை என்று கூறவிரும்புகிறேன். காலத்திற்கேற்ப மாறத் தயாராக இருந்தால் வெட்கப்படவேண்டியதில்லை. உலகம் மாறினாலும் ‘நான் மாறமாட்டேன்’ என்று உடம்புப் பிடியாக ஒட்டிக் கொண்டிருப்பவர்கள், வெட்கப்பட நேரும். வருத்தப்பட நேரும்.”

“ஜனநாயகம் என்று சொல்லுகின்ற காலத்தில் அவர்கள் எதை ஜனநாயகம் என்று சொல்லுகின்றார்கள் என்றால் தொழிலாளிகள் கஷ்டப்பட்டு வேலைசெய்து, சிறுது போனஸ் கேட்டாலும், ஆட்குறைப்புக் கூடாது என்று அவர்கள் கேட்டால் அதற்காக அவர்களைப்பிடித்து சிறையில் போடவேண்டும் என்பதுதான் அவர்களுடைய ஜனநாயகமாக இருக்கிறது. ‘அதிகாரம் முதலாளிகளிடம் இருக்கவேண்டும்’ என்பதைத்தான் ‘ஜனநாயக உரிமை’ என்று அவர்கள் சொல்லுகிறார்கள். அது ஜனநாயக உரிமை அல்ல. ஜனங்களைக் காப்பதற்காக அரசியல் சட்டத்தை உபயோகப்படுத்துவதுதான் உண்மையான ஜனநாயகம் ஆகும். அதுதான் எதிர்க்கட்சியினுடைய ஜனநாயகம். அத்தகைய ஜனநாயகத்தைதான் நாங்கள் பின்பற்றத் தயாராக இருக்கிறோம். அதற்காக நாங்கள் பெருமை கொள்ளுகிறோமே தவிர, வெட்கப்படவில்லை என்று தெரிவித்துக்கொண்டு கடைசியாக இந்த மசோதாவைப்பற்றி என்னுடைய அபிப்பிராயம் என்னவென்றால் இது முற்றிலும் ஜனநாயகத்திற்கு விரோதமானது என்று தான் கனம் ஸ்ரீ ராஜாராம் நாயுடு அவர்களுக்குத் தெரிவித்துக்கொள்கின்றேன்.”

“அவர் இப்பொழுதாவது ஒரு விஷயத்தைச் செய்துவிட்டோம் : தேர்தல் நடத்துவதென்றால் அதில் பல கஷ்டங்கள் இருக்கின்றன. இருந்தாலும் இன்றைக்கு நாங்கள் இந்த மசோதாவை எதிர்க்கத்தான் போகின்றோம். ஒருவேளை சர்க்கார் கட்சியைச் சேர்ந்தவர்கள் தங்களுடைய மெஜாரிட்டி பலத்தைக்கொண்டு வோட்டெடுத்து, இப்பொழுது ஜெயித்து விடலாம். ஆனால் அவர்கள் ஜனங்களை ஜெயித்துவிட முடியாது. தங்களுடைய மெஜாரிட்டி பலத்தை வைத்துக்கொண்டு, இரண்டு நாள் மட்டுமே இருக்கக்கூடிய நேரத்தில், நிர்ப்பந்தப்படுத்தி துப்பாக்கி முனையில் இந்த மசோதாவை அவர்கள் நிறைவேற்றுவதை நாங்கள் விரும்பவில்லை. இது ஜனநாயகம் அல்ல என்பது எங்களுடைய அபிப்பிராயம்.”

THE HON. SRI C. SUBRAMANIAM :—“ நாங்கள் உண்மையில் துப்பாக்கியை உபயோகப்படுத்துவது கிடையாது.”

SRI M. KALYANASUNDRAM :—“ உங்கள் கையில் துப்பாக்கி இல்லை என்று ஏன் சொல்லுகிறீர்கள்? இரண்டு நாட்களுக்கு முன்பு தானே துப்பாக்கிகள் எல்லாம் வாங்குவதற்காக நான்கு கோடி ரூபாய் வரையில் ‘சாங்ஷன்’ செய்திருக்கிறோம்.”

THE HON. SRI C. SUBRAMANIAM :—“ நீங்கள் கள்ளத்தனமாகத் தான் துப்பாக்கிகளை வைத்திருப்பீர்களே ஒழிய பகிரங்கமாக வைத்திருக்க மாட்டீர்களே.”

[27th March 1954]

SRI S. VADIVELU :—“நாங்கள் கள்ளத்தனமாக துப்பாக்கி வைத்திருப்போம் என்று கணம் மந்திரி அவர்கள் பேசும்பொழுது குறிப்பிட்டார்கள். அதை அவர்கள் நிரூபிக்க முடியுமா?”

SRI M. KALYANASUNDRAM :—“பேச்சு வேகத்திலே மந்திரி களும் நானும் சில வார்த்தைகளை நேரிடையாகப் பரிமாறிக்கொண்டோம், தங்களைக் கவனிக்காமல். அதற்கு நீங்கள் வருத்தப்படக்கூடாது என்று கோட்டுக்கொள்ளுகிறேன். நேரமாகி விட்டது சீக்கிரமாக முடித்துக்கொள்ளுகிறேன். மந்திரி அவர்கள் சொன்ன விஷயத்தில் நான் புக விரும்பவில்லை. கணம் ஸ்ரீ ராஜாராம் நாயுடு அவர்களை நான் கேட்டுக்கொள்வது என்ன வென்றால், ‘இந்தத் தேர்தலானது ஒத்திவைப்பதற்குக் மலையாள, தென் கன்னட, நீலகிரி ஜில்லாக்கள் Monsoon தான் காரணம் என்று சொன்னால், அந்த ஜில்லாக்களில் மே மாதத்திலேயே தேர்தலை நடத்தி முடித்து விடுங்கள்’ என்பதுதான். நீலகிரி ஜில்லாவில் மே மாதத்தில் நல்ல சீதோஷணம் இருக்கக்கூடிய காலம். அதேபோல மலையாள தென் கன்னட ஜில்லாக்களிலும் மே மாதத்திலேயே தேர்தலை நடத்தி முடித்து விடுவது நல்லது.

“தஞ்சாவூர் ஜில்லாவில் விவசாயிகளுக்கும், மிராசதார்களுக்கும் தகராறு ஏற்பட்டு, விவசாயிகள் கூட்டம் போட்டால் ஸ்பெஷல் ஆர்டர் போலீஸ் அனுப்பப்படுகிறது. தந்திமேல் தந்தி பறக்கிறது. அதைப்போல இத் தேர்தல் சம்பந்தமாகக் கொஞ்சம் செலவானாலும் பரவாயில்லை. ‘எப்படியாவது அந்த மூன்று ஜில்லாக்களில் மே மாதத்திற்குள்ளாகவும், தமிழ்நாட்டிலுள்ள மற்ற ஜில்லாக்களில் ஜூன் மாதத்திற்குள்ளாகவும் ஜில்லா போர்டுகளுக்குத் தேர்தலை நடத்தி முடித்துவிடுவோம்’ என்ற இந்த நியாயமான கோரிக்கைக்கு சர்க்கார் இணங்குவதாக இருந்தால், அதற்கான வாக்குறுதியை கொடுக்கவேண்டும். இதற்குத் தகுந்த திருத்தத்தையும் கொண்டுவரவேண்டும். ஜில்லாவிட்டால் நாங்கள் இந்த மசோதாவை கட்டாயமாக ஒப்புக்கொள்ள முடியாது. இந்த மசோதாவை நாங்கள் வன்மையாக எதிர்க்கத்தான் வேண்டியிருக்கும். ஆகவே, இந்த மசோதாவை எதிர்த்து சர்க்கார் கட்சியில் இருக்கக்கூடிய அங்கத்தினர்களும்கூட தயவுசெய்து ஒட்டுப்போட வேண்டும் என்று கேட்டுக்கொண்டு என் பேச்சை முடித்துக்கொள்ளுகிறேன்.”

THE HON. SRI K. RAJARAM :—“I first of all thank all the hon. Members who have taken part in the discussion for the interest they have shown in the local bodies. Sir, some of the members who spoke from the Opposition attributed some ulterior motives, namely, that the Government are bringing this amending Bill not to conduct elections but to go on postponing the same eternally and so on. Sir, let me submit that such an accusation is not correct. The hon. Member Sri K. T. Raju said that we could have brought this amendment in the last January session itself. I think the hon. Member has forgotten that I gave notice of this amending Bill on 8th of January. It was placed on the table of the House in the second week of January. But hon. Members did not want to continue the session at that time because they wanted to return to their home for Pongal. That is the cause of the delay. That is why this Bill is now brought before the House.”

SRI P. RAMAMURTHI :—“போன பட்ஜட் கூட்டத்திலே ஜனவரி மாதம் 8-ம் தேதி அன்றே நோட்டீஸ் கொடுக்கப்பட்டது வாஸ்தவம்தான். ஆனால் பட்ஜட் செஷன் அப்பொழுதே முடியும் என்று அந்த நோட்டீஸ் கொடுக்கப்பட்டது. இரண்டாவது விஷயம் அப்படி கவர்ன்மெண்டு மசோதாவை நிறைவேற்றி பொங்கலுக்கு பிறகு அசெம்பிளி கூட்டத்தைக் கூட்டியிருக்கலாம்.”

[27th March 1954]

THE HON. SRI K. RAJARAM :—“Equally it is not correct to say that we have brought this amending Bill just two days before the term of the Special Officers expires and as such we have wantonly not given an opportunity to the Opposition to give due consideration to this Bill. The Bill has been before the hon. Members ever since the second week of January when it was laid on the table of the House.

“Some hon. Members said that elections can be conducted in South Kanara, Malabar and the Nilgiris in the month of May itself. It is not possible to do so. There are some practical difficulties. According to the District Boards Act we have to publish the election rules. These rules were published on 25th February. They were ready for publication only then. We must then give six weeks' time to receive objections, if any, to the election rules. That means it will take till 15th of April. In the meanwhile some Special Officers have suggested certain amendments in respect of some constituencies. They are yet to be published. That may be published in the month of April, say, by about the 10th of April. Again we have to give notice to call for objections. After publication of the election notices, we will have to give 45 days' time for conducting the election. So hon. Members should see that at the earliest, if we issue notices on 1st of May, we can complete the elections at the end of June. It was our intention to conduct the elections before the beginning of July. We wanted to finish it before the end of June. It is our intention that before the North-East Monsoon sets in in Tamilnad, we must complete the elections in Tamilnad. That means we want to finish the elections, at any rate, before August. We are extending the date only in case of the West Coast districts and the Nilgiris district. One hon. Member has raised another objection with regard to the conduct of elections in South Kanara. He has said that elections in Malabar district could be conducted in September or October, but it will be neither easy nor convenient to conduct the elections in those months in South Kanara.

“So many difficulties are coming in the way of administrative matters. That is why I think we may be compelled to bring an amendment with regard to West Coast districts. But that does not mean we will prolong the elections for ever. If it is possible we will complete the elections in the month of September or October. But I cannot promise that. We will try our best to complete the elections in West Coast districts before November 1954. If at all we come with an amendment to postpone the elections in West Coast districts, it will be only on administrative grounds and on account of practical difficulties involved. It will not be for any other extraneous reason. We have already appointed Election Officers. They have taken charge and have begun their duties in the District Board offices. Separate rooms have been allotted to them and they have begun their work. Therefore, hon. Members should realize that we have already prepared the ground for conducting the elections as early as possible.

[Sri K. Rajaram] [27th March 1954]

“ One hon. Member remarked that mention of ‘ taluk boards ’ need not have been made here at all. I agree to it. About a month ago, in reply to a question by Sri M. Narayana Kurup, I said that when this Bill seeking extension of term of Special Officers of district boards came up before the House, I could throw some light on the taluk boards, etc. That is why now when this Bill is brought before this House, I had mentioned something about the taluk boards. Let me inform the House that many of our panchayats also are experiencing several difficulties. That is why Government have decided to bring forward a comprehensive legislation. They have decided to appoint a High Level Committee. (An hon. Member : ‘ What is a High Level Committee? ’) High Level Committee means a committee consisting of experienced officers and persons experienced in local bodies. (An hon. Member : ‘ Will their recommendations be binding? ’) No; no recommendation of any committee is binding on us. They are only recommendatory.

“ We will announce the names of the members of the committee very soon. That Committee will be entrusted with the work of going into all aspects of the problems concerning the panchayat, taluk and district boards. One Member raised a point that the taluk boards were abolished in 1934. He asked why we should again bring in taluk boards. Let me inform that hon. Member that at the time, viz., in 1934, both the taluk and district boards were functioning. At that time district boards were having jurisdiction in places where taluk boards were also exercising control. So, there was some overlapping of functions. Therefore it was thought at that time that one of the boards might be abolished. So taluk boards were abolished at that time.

“ We think the powers now concentrated in the hands of the District Boards must be decentralized. Government are now doing so many development works in villages. These works require some intensive supervision. If taluk boards were established they can have effective supervising powers over these works in the villages. That is one reason for the creation of taluk boards. But the Committee will go into this question soon. I think it will take five to six months for the Committee to study all the problems and submit its report to Government. Government will then consider the Committee’s recommendations and bring in necessary legislation.

“ The work of the Cabinet has of late increased very much. Ever since I took up office, that is, from 9th of October 1953, I was trying to bring before the Cabinet the reports of the Kuttikrishna Menon Committee regarding district boards, of which the hon. Member Sri V. K. Palaniswami Gounder was also a member. I was also trying to bring before the Cabinet the report of the Rathnasabapathy Mudaliar Committee. But so many pressing problems were there to be considered by the Cabinet. The pressing problems connected with the separation of Andhra from us were continuously engaging the attention of the Cabinet. That is why the elections to district boards could not be held earlier. Therefore

27th March 1954] [Sri K. Rajaram]

let not any hon. Member attribute any political motive to the Government in bringing in this legislation for extending the term of Special Officers. As I said earlier, the report of the High Level Committee may reach us after six months. We will have to consider the creation of taluk boards only after receiving its recommendations.

“ Some hon. Members complained against the Personal Assistants to Special Officers. So far I have not received even a single complaint against any Special Officer. It has been complained that the Personal Assistants to some Special Officers were not paying proper attention to the district boards’ roads. It has also been complained that the Personal Assistants are anxious to prevent democratic bodies from coming into office earlier. The intention of the hon. Members on the other side, who oppose this Bill, is to prevent elections from being held in the near future. The difficulty that I experience and the Government are experiencing is this. Sir, even complaints regarding a teacher or a compounder are being sent directly to me. I am very anxious to avoid all these things. Because there is no elected democratic body to deal with even small matters, people are sending petitions direct to the Minister. I am forwarding those petitions to the Special Officers concerned. We are taking so much responsibility. I must tell the hon. Members that the Government are sincere when they say that the elections will be held as early as possible. Nobody need have any suspicion in this matter. We will try our best to complete the elections as far as the districts in Tamilnad are concerned before June, July or August 1954. Now, the time-limit is being extended up to 31st October 1954. Sir, after all, this is a very simple Bill and its scope is very limited. It has already been passed by the other House. The amendment of the Hon. the Deputy Leader of the Opposition is that the Bill may be referred to a Select Committee. It is not possible. After all, there is nothing to be gone into by a Select Committee. The Bill consists of only two clauses. I therefore request the hon. Member to withdraw his amendment.”

SRI M. KALYANASUNDRAM :—“ என்னுடைய திருத்தத்தை வாபஸ் வாங்க முடியாததற்கு நான் வருத்தப்படுகிறேன்.”

MR. SPEAKER :—“ I will now put the amendment of the hon. Member Sri M. Kalyanasundaram to the vote of the House. The question is—

‘ That the Madras District Boards (Amendment) Bill, 1954 (L.C. Bill No. 4 of 1954), as passed by the Council, be referred to a Select Committee.’ ”

The amendment was put and lost.

MR. SPEAKER :—“ Is the hon. Member pressing for a division? ”

[27th March 1954]

SRI M. KALYANASUNDRAM:—"I am not pressing my amendment for a division. But I will press the main motion for a division."

MR. SPEAKER:—"I will now put the main motion to the vote of the House. The question is—

That the Madras District Boards (Amendment) Bill, 1954 (L.C. Bill No. 4 of 1954), as passed by the Legislative Council and transmitted to the Legislative Assembly, be taken into consideration."

The motion was put and carried.

A poll was demanded and the House divided thus :

The motion was carried.

MR. SPEAKER:—"Before we proceed to the next stage in the Bill, I wish to explain to the House certain important matters regarding amendments. An amendment to a Bill should be within the scope of the Bill. We judge the scope of the Bill from its title, its preamble and the statement of objects and reasons appended to the Bill. Any amendment, which is beyond the scope of the Bill, which seeks to embody in the Bill principles which are foreign to the Bill and which are not cognate to it or are outside its declared intentions is out of order. The Bill before us is a simple one. The object of the Bill is to extend the life of the Special Officers of the district boards from 31st March 1954 to 31st October 1954."

SRI P. RAMAMURTHI:—"The life of the Special Officers may go up to 60 or 70 years!" (Laughter.)

MR. SPEAKER:—"I must tell the House that any amendment which seeks to alter the date is perfectly in order. But certain other amendments which some hon. Members have given notice of are all out of order. For instance, the hon. Member Sri S. Ramalingam has given notice of several amendments the object of which is to abolish all the district boards. We are not now concerned with the abolition of the district boards. It is not the intention of the Bill to abolish the district boards. The object of another amendment is the introduction of taluk boards. In the statement of objects and reasons it is casually mentioned that the Government will take steps to introduce legislation for the establishment of the

[Mr. Speaker] [27th March 1954]

taluk boards. The Government may bring a Bill to that effect either to-morrow or some time later. When they bring that Bill, the hon. Member can move his amendments. Most of the hon. Members are new and they must know what amendments they can suggest."

The discussion of the Bill, clause by clause, was then taken up.

Clause 2.

MR. SPEAKER :—" Motion moved—
' That Clause 2 do stand part of the Bill.'

" All the amendments to this clause given notice of by Sri S. Ramalingam, except one, are out of order. But I keep an open mind. If the hon. Member convinces me that they are in order, I have no objection to admit them."

SRI M. KALYANASUNDRAM :—" கனம் ஸ்ரீ ராமலிங்கம் கொடுத்த திருத்தங்களெல்லாம் Out of order இல்லை. அதில் சில திருத்தங்கள் மந்திரி அவர்களின் பிரச்சங்கத்தில் எவ்வாறு சுற்றி வளைந்து பேசுகிறாரோ அவ்வாறு இருக்கலாம், அதனால் Out of order என்று சொல்லிவிட முடியாது."

MR. SPEAKER :—" All the amendments, except one, are clearly out of order.

" Sri N. K. Palanisami has given notice of an amendment proposing to omit item (2). If item (2) is omitted, then the whole Bill goes and there is no point in keeping the Bill. So that amendment also is out of order."

SRI C. KANDASAMY :—" Sir, I move—

' In item (2), for the figures, letters and word " 31st October 1954," substitute the figures, letters and word " 30th April 1954 " . ' "

SRI M. KALYANASUNDRAM :—" I second the amendment."

SRI T. C. NARAYANAN NAMBIAR :—" Sir, I move—

' In item (2), for the figures, letters and word " 31st October 1954," substitute the figures, letters and word " 31st May 1954 " . ' "

SRI P. RAMAMURTHI :—" I second the amendment."

SRI S. RAMALINGAM :—" Sir, I move—

' In item (2), for the figures, letters and word " 31st October 1954," substitute the figures, letters and word " 30th June 1954 " . ' "

SRI K. P. GOPALAN :—" I second the amendment."

27th March 1954]

SRI S. S. KOLKEBAIL :—" Sir, I move—

' In item (2), for the figures, letters and word " 31st October 1954," substitute the figures, letters and word " 31st January 1955 " . ' "

SRI K. T. SREEDHARAN :—" I second the amendment."

MR. SPEAKER :—" Clause 2 and all the four amendments to it are before the House for discussion."

SRI C. KANDASAMY :—" சபாநாயகர் அவர்களே, என்னுடைய திருத்தத்தின் நோக்கம் என்னவென்றால் ஜில்லா போர்டு தேர்தலை நடத்துவதற்கு ஒரு மாத காலம் அவகாசம் சர்க்காருக்குக் கொடுக்க வேண்டுமென்பதுதான். அதாவது எப்ரல் மாதம் 30-ம் தேதிக்குள் தேர்தலை நடத்த வேண்டும். இந்த மசோதாபற்றி கனம் ஸ்தல ஸ்தாபன மந்திரி பேசும்போது வேறே வழியில்லாமல் இந்த மசோதாவைக் கொண்டுவந்து அடுத்த அக்டோபர் மாதத்திற்குள் தேர்தலை நீடித்து இருப்பதாகச் சொன்னார். உண்மையாகவே அவர்கள் அவ்வாறு நினைத்து இருந்தால் இந்த மசோதாவை இம்மாதம் 27-ம் தேதியன்று ஏன் கொண்டு வந்தார்? இதற்கு முன்னமேயே இந்த மசோதாவைக் கொண்டுவந்திருக்கவேண்டும். என்னுடைய திருத்தத்திலும் பிச்சை கொடுக்கின்ற முறையில் ஒரு மாத அவகாசம் கொடுக்கப்பட்டது. இம்மாதிரி அரசாங்கம் ஒவ்வொரு தடவையும் கடைசி காலத்தில் இந்த மசோதாவைக் கொண்டுவருவது எந்த அளவுக்கு ஜனநாயகம் முன்னேறிக்கொண்டு இருக்கிறது, அரசாங்கமும் இதற்கு எந்த அளவு மதிப்பு கொடுக்கிறது என்பதைக் காட்டுகிறது."

" உண்மையில் கனம் ஸ்தல ஸ்தாபன மந்திரி மறுபடியும் இம்மாதிரி தேர்தலை ஒத்திவைப்பதற்கு ஒரு மசோதாவைக் கொண்டுவர மாட்டார் என்று நிச்சயமில்லை. கனம் மந்திரி அவர்கள் தங்களுடைய பிரச்சங்கத்தில் seasonal condition ஜனவரி-பிப்ரவரி மாதங்களில் சரியானபடி இல்லாததால் அம்மாதங்களில் தேர்தலை நடத்த முடியவில்லை என்று சொல்லியிருக்கிறார். ஆனால் மக்கள் மழைக்காலமாக இருந்தாலும் சரி, பனிக்காலமாக இருந்தாலும் சரி தேர்தலை நடத்தியே தீரவேண்டும் என்ற உறுதியுடன் சவால் கொடுக்கக்கூடிய நிலையில்தான் இருக்கிறார்கள். இனிமேல் சர்க்கார் பஞ்சாங்கம் பார்க்க வேண்டும். இம்மாதிரி மசோதாவைக் கொண்டு வந்து இருப்பது இதுதான் முதல் தடவை அல்ல. மூன்றாவது தடவையாக இம்மாதிரி கொண்டுவந்து இருக்கிறார்கள். இவ்வாறு செய்வதனால் இந்த சபைக்கு என்ன மதிப்பு இருக்கிறது? ஏற்கெனவே pass செய்த மசோதாவை இதுவரையில் நிறைவேற்றாமல், அதை நீடிப்பதற்கு வேறொரு மசோதா இன்று கொண்டுவந்திருக்கிறார்கள். அவர்களுக்கு மெஜாரிட்டி இருக்கிறது என்று இம்மாதிரி இன்னும் ஆறு மாத காலம் அவகாசம் கொடுக்க வேண்டுமென்று கேட்பது இந்த சட்டசபைக்கு மதிப்பு கொடுக்கவில்லை. இந்தப் போக்கு ரொம்ப ஆபத்தானது. அவர்கள் சதாகாலமும் பேசிக் கொண்டிருக்கிற ஜனநாயகத்தின்மீது ஏதாவது கொஞ்சம் நம்பிக்கை மிச்சமிருந்தால் அது இந்த மசோதாவினால் சிதறடிக்கப்படும் என்று தெரிவித்துக்கொண்டு என் பேச்சை முடித்துக்கொள்ளுகிறேன்."

SRI K. T. RAJU :—" கனம் சபாநாயகர் அவர்களே, இன்னும் எவ்வளவு நேரம் சட்டசபைக்கூட்டம் நடைபெறும் என்று தெரிவிக்குமாறு கேட்கக்கொள்கிறேன்."

MR. SPEAKER :—" சட்ட சபைக்கூட்டம் எவ்வளவு நேரம் நடைபெறும் எப்பொழுது கலையும் என்பது எனக்குத்தெரியாது. இன்னும்

[Mr. Speaker] [27th March 1954]

சில நிமிஷம் நடைபெறலாம் அல்லது உடனே முடியலாம். ஆதலால் இனி நடக்கப்போவதை சொல்வதற்கு நான் ஜோசியனல்ல; எனக்கு ஜோசியம் தெரியாது!" (சிரிப்பு.)

SRI T. C. NARAYANAN NAMBIAR:—"The argument put forward by the Hon. Minister that in Malabar there would be monsoon rains in June and that therefore elections should be postponed is incorrect. In October, when *navarai* harvest usually takes place, there used to be rains. Therefore in no circumstances should the election be postponed to October or September."

THE HON. SRI C. SUBRAMANIAM:—"Then the hon. Member can support Sri Kolkebil's amendment."

SRI T. C. NARAYANAN NAMBIAR:—"It is not a question of supporting Sri Kolkebil's amendment. My amendment proposes the other alternative of advancing the elections to May 1954."

"Elections to district boards were held in September 1949 and we know the consequences. The elections were held deliberately during that month by the Congress Government knowing full well that the masses would not go to the polling booth and that therefore the Communist Party could be defeated. It is with the same intention that the Government now want to conduct the elections in September or October. The month of May will be very convenient for holding elections and I hope the Hon. Minister will see his way to accept my amendment."

SRI P. K. GOPALAKRISHNAN:—"Sir, I, along with Sri N. K. Palanisami and Sri C. H. Kanaran, had given notice of an amendment. But you have ruled it out of order. Therefore I am supporting the amendment of Sri T. C. Narayanan Nambiar. Elections to district boards should be held as early as possible, and the earliest time by which they could be held is 31st May 1954, because there are two months ahead, and Sri T. C. Narayanan Nambiar's amendment is to that effect. In reply to the debate in the first reading stage of the Bill, the Hon. Minister said that no complaint had been received by him against the Special Officers. I have several complaints to make, but I do not want to mention them at this late hour."

THE HON. SRI K. RAJARAM:—"The hon. Member may put them in writing and send them to me."

THE HON. SRI C. SUBRAMANIAM:—"They will not be relevant also."

SRI P. K. GOPALAKRISHNAN:—"They will be relevant because they support the case for restricting the extension of the term of office of the Special Officers to as short a period as possible."

"If the Bill is accepted, the term of the Special Officers will be extended till 31st October 1954. I want that their term of

[27th March 1954] [Sri P. K. Gopalakrishnan]

office should be extended only till 31st May and the elections conducted before that date. Monsoon sets in Malabar by 1st of June and not by 15th of May."

SRI S. S. KOLKEBAIL:—"Sir, we have already lost the main amendment. So, there is no use of our waxing eloquent on this Bill itself. But, if the term of the Special Officers is to be extended at all and if the elections to the district boards are to be held before 31st October 1954, it will be very inconvenient especially for South Kanara, because that is the month in which there will be rain in our parts. But, anyway, the month of May is not at all convenient on account of extreme heat and also on account of certain legal difficulties as pointed out by the Hon. Minister for Local Administration. So, the other alternative is to go to either November or December. Therefore, I have suggested in my amendment for the extension of time till 31st January 1955. There is no use of my saying now that the term of the Special Officers should not be extended, because on that issue, we have already lost. The point is, if we are going to extend the term, let it be extended up to 31st January 1955. Sir, with these few words, I request that my amendment may be accepted."

SRI P. RAMAMURTHI:—"கனம் சபாநாயகர் அவர்களே, பேசி ஒன்றும் பிரயோசனமிருப்பதாகத் தெரியவில்லை. ஆதலால் நான் பேச வில்லை."

THE HON. SRI K. RAJARAM:—"Sir, none of these amendments is acceptable to the Government. I have already stated the reasons in my speech. It is not practicable to conduct the elections either in April or in May. At the earliest, we can start the elections in May. But the polling dates can be fixed only after the 20th of June. We cannot hold elections before that. Therefore, I submit, Sir, that none of these amendments is acceptable."

MR. SPEAKER:—"I shall put the amendment of Sri C. Kandasamy to the vote of the House. The question is—

'In item (2), for the figures, letters and word "31st October 1954", substitute the figures, letters and word "30th April 1954".'

The amendment was put and lost.

MR. SPEAKER:—"I shall now put the amendment of Sri T. C. Narayanan Nambiar to the vote of the House. The question is—

'In item (2), for the figures, letters and word "31st October 1954", substitute the figures, letters and word "31st May 1954".'

The amendment was put and lost.

MR. SPEAKER:—"I shall now put the amendment of Sri S. Ramalingam to the vote of the House. The question is—

'In item (2), for the figures, letters and word "31st October 1954", substitute the figures, letters and word "30th June 1954".'

The amendment was put and lost.

The following amendment of Sri S. S. Kulkebal was by leave withdrawn:—

'In item (2), for the figures, letters and words "31st October 1954", substitute the figures, letters and word "31st January 1955".'

MR. SPEAKER:—"The following amendment of Sri S. Ramalingam are out of order:—

'After item (1), insert the following as item (2) and re-number the subsequent items:—

"(2) After the first paragraph of the Preamble, the following new paragraph shall be inserted, namely:

'Whereas a scheme for the decentralization of the function of the district boards has been under consideration and to introduce legislation for the establishment of taluk boards to replace district boards';"

'Re-number the existing item (3) as item (3) (ii) and insert the following as item (3) (i):—

"(3) (i). Sections 2 (1) (i) and 2 (1) (ii) shall be omitted and the figure '(iii)' at the beginning of section 2 (1) (iii) shall be omitted."

'Insert the following as clause 2 (3) (iii):—

'In section 2 (1) (iii), after the words "Newly elected members", the words "of the taluk boards", shall be inserted.'

'For the existing Preamble, substitute the following:—

"Whereas it is expedient to amend the Madras District Boards (Amendment) Act, 1953 (Madras Act V of 1953):

Whereas a scheme for the decentralization of the function of the district boards has been under consideration and to introduce legislation for the establishment of taluk boards to replace district boards; and

Whereas it is considered necessary to extend the term of office of the Special Officers for the District Boards till the newly elected members of the taluk boards will come into office; it is hereby enacted as follows:—"

Clauses 2, 1 and the Preamble were put and carried.

MR. SPEAKER:—"The Hon. Minister will now move that the Bill be passed into law."

THE HON. SRI K. RAJARAM:—"Sir, I move—

'That the Bill be passed into law.'

MR. SPEAKER:—"Motion moved—

(Interruption.) எப்படியிருந்தபோதிலும், நேரடியாக தாலுகா போர்டு தேர்தலையே நடத்துவதற்கு வேண்டிய நடவடிக்கைகள் எடுக்குமாறு கனம் மந்திரி அவர்களை நான் கேட்டுக்கொள்கிறேன்."

SRI P. B. K. RAJACHIDAMBARAM:—"தலைவர் அவர்களே, இந்த மசோதாவை சட்டமாக நிறைவேற்றியதற்காக கனம் அமைச்சர் அவர்களை பாராட்டுவதா, அல்லது அவர்களுக்காக பரிதாபப்படுவதா என்பதை தெரியவில்லை. ஏனென்றால், நீண்டகாலமாக ஸ்தல ஸ்தாபன ஆட்சியில் அனுபவம்பெற்று, அமைச்சராக வந்தபிறகு காங்கிரஸின் அடிப்படை கொள்கையும் நாட்டின் தந்தையென்று எல்லோராலும் ஒப்புக்கொள்ளப்படும் காந்தி அடிகளின் தத்துவத்தையும் கொண்டு, ஜில்லா போர்டு நிர்வாகத்தை decentralize செய்து தாலுகா போர்டுகள் அமைக்கவேண்டுமென்ற எண்ணத்தை இந்தச் சபையிலும் வெளியிலும் கனம் மந்திரி அவர்கள் வெளியிட்டார். அதற்கு அவகாசம் வேண்டுமென்று, இந்த நள்ளிரவில் இந்த மசோதாவை சட்டமாக இயற்றியதற்கு கனம் மந்திரி அவர்களுக்கு என் பாராட்டுதலை தெரிவித்துக் கொள்கிறேன். இந்தப் பக்கத்திலிருக்கும் கனம் மெம்பர் சொல்லியது போல் அவர் தன்னுடைய எண்ணத்தை இந்த 7 மாத அவகாசத்துக்குள் நிறைவேற்ற வேண்டிய முயற்சிகள் எடுத்துக்கொள்ளவேண்டும். இப்பொழுதிருக்கும் அமைச்சர்களே பதவியில் நீடித்திருப்பார்களா என்ற சந்தேகம் பத்திரிகை வாயிலாகத் தோன்றுகிறது. கனம் மந்திரி அவர்கள் பதவியில் நீடித்து இந்தச் சபையில் அவருக்கு தொடர்ந்து பணியாற்ற வாய்ப்புக் கிடைத்தால் அவரே இந்த 7 மாத அவகாசத்துக்குள் தாலுகா போர்டு தேர்தலையே நடத்தவேண்டிய ஏற்பாடுகள் செய்ய வேண்டும். ஏற்கனவே ஸ்தல ஸ்தாபனங்கள் பணமுடையால் கஷ்டப்படுகின்றன. ஆகையால் தாலுகா போர்டு தேர்தலையே நேரடியாக நடத்தினால் அனுவசியமான செலவைத் தவிர்க்கலாம். ஒரு சமயம் கனம் மந்திரி அவர்கள் தொடர்ந்து பதவியில் நீடிக்க முடியாவிட்டால், அவருக்குப் பின்னால் வரும் மந்திரியிடமாவது இந்த நல்லகாரியத்தை தொடர்ந்து செய்வதற்கு வேண்டிய நடவடிக்கைகள் எடுக்குமாறு புத்திமதி கூறிவிட்டுச் செல்லவேண்டும். எனவே, கனம் மந்திரி அவர்களுக்கு என்னுடைய பாராட்டுதலையும் அனுதாபத்தையும் சேர்ந்து ஒருமுகமாக தெரிவித்துக்கொண்டு என் பேச்சை முடித்துக்கொள்கிறேன்." (சிரிப்பு.)

SRI P. RAMAMURTHI:—"கனம் சபாநாயகர் அவர்களே, இந்த மசோதா இப்பொழுது சட்டமாகப்போகிறது. எதிர்ப்புகள் இருந்த போதிலும் அவைகளை சமாளித்து இந்த மசோதா இப்பொழுது சட்டமாகப்போகிறது. இந்த சந்தர்ப்பத்தில் இரண்டொரு விஷயங்களை மட்டும் நான் ஞாபகப்படுத்த விரும்புகிறேன். இப்பொழுது கொடுக்கப்பட்ட வாக்குறுதி அதாவது "ஜூன் மாத முடிவிற்குள் தமிழ் நாடு சம்பந்தப்பட்ட மட்டில் தேர்தலை நடத்தி விட முடியும்," என்று கொடுத்த வாக்குறுதியை

[Sri P. Ramamurthi] [27th March 1954]

சர்க்கார் நிறைவேற்றியாக வேண்டும். ஜூன் இறுதிக்குள் முடிப்பது சாத்தியம் என்றும் கூறப்பட்டது. சாத்தியமானதைச் செய்வதில் தயக்கம் ஏற்படுவதற்குக் காரணம் இல்லை. அதற்குள்ளாகவே அதை முடித்து விடவேண்டும் என்று வேண்டிக்கொள்ளுகிறேன்.

“இரண்டாவதாக, தாலுகா போர்டு சம்பந்தமாக பேசப்பட்டிருக்கிறது. தாலுகா போர்டு அமைப்பதற்கான மசோதாவைக் கொண்டுவரப்போகிறார்கள் என்பது முக்கியமல்ல. தாலுகா போர்டுக்கும் ஸ்தல ஸ்தாபனங்களுக்கும் என்ன உரிமைகளை வழங்கப் போகிறார்கள் என்பதுதான் முக்கியமான கேள்வி. அவைகளுக்கு உரிமை இல்லாமல், அதிகாரம் இல்லாமல் இருக்கக்கூடாது. தாலுகா போர்டு ஏற்பட்டாலும், ஸ்தல ஸ்தாபனங்கள் ஏற்பட்டாலும் ஸ்பெஷல் ஆபீசருக்கு அதிகாரம் இல்லாமல் எல்லா விதமான அதிகாரங்களையும் அந்தந்த போர்டுகளுக்கே வழங்கப்படவேண்டும். எக்கியூடிவ் ஆபீசருக்கும் சர்க்காருக்கும் நேரடியான தொடர்பு வைத்துக்கொள்ளாமல் உண்மையாகவே போர்டுகளுக்கு அதிகாரம் வழங்கப்படவேண்டும். அதற்கு ஆதரவு கொடுக்கவேண்டும். இதைத்தான் நாங்கள் எதிர்பார்க்கிறோம். இதை மந்திரி அவர்கள் செய்யவேண்டும் என்று கேட்டுக் கொள்ளுகிறேன்.”

THE HON. SRI K. RAJARAM :—“ Sir, I have nothing more to add to what I have already stated on this Bill. I thank all the hon. Members and you, Sir, for being present till midnight in order to pass this Bill. We have to pass this Bill before the 31st of March and hence we have had to sit till midnight to-day. I once again thank all the hon. Members and you, Sir.”

MR. SPEAKER :—“ The question is—

‘ That the Madras District Boards (Amendment) Bill, 1954 (L.C. Bill No. 4 of 1954), be passed into law.’ ”

The motion was put and carried and the Bill was passed into law.

THE MADRAS APPROPRIATION BILL, 1954

27th March 1954]

MR. SPEAKER :—" Motion moved—

'That the Madras Appropriation Bill, 1954, be taken into consideration at once.'

SRI M. KALYANASUNDRAM :—" Sir,"

MR. SPEAKER :—" Simply because the Hon. Minister has moved a motion it does not mean that the motion is before the House. Before the Speaker says that that motion has been moved and is before the House, hon. Members need not think that the motion as moved by the Hon. Minister is before the House.

"Let me complete what I have got to say. Then Mr. Kalyanasundram may speak. Motion moved—

'That the Madras Appropriation Bill, 1954, be taken into consideration at once.'

SRI M. KALYANASUNDRAM :—" கனம் சபாநாயகர் அவர்களே, 'அப்ரோப்ரியேஷன் பில்லானது' சபை அங்கத்தினர்களுக்கு இன்று காலை யில் தான் கிடைத்தது. இந்த மசோதாவை சபையில் பிரேரிக்க வேண்டுமென்றால் மற்ற மசோதாக்களை இந்த சபையில் பிரேரிப்பதற்கு என்னென்ன விதிகளை அனுசரிப்போமோ அதே விதிகளை அனுசரிப்பது தான் சரியானது என்பது எனது அபிப்பிராயம். ஆனால் நடைமுறையில் இருக்கக்கூடிய சில கஷ்டங்களை நான் உணராமலில்லை. அதுவும் 94 கோடி ரூபாய் சொச்சம் செலவழிப்பதற்கு நிதி மந்திரி அவர்களுக்கு அனுமதி அளிக்கும் மசோதாவை சபையில் இன்றையதினம் காலை யில் பிரேரித்துவிட்டு உடனே பாஸ் செய்யவேண்டுமென்று அங்கத்தினர்களை கேட்டுக்கொள்வது சரியல்ல என்று தான் நான் கருதுகிறேன். 'தொன்னு'த்தி நான்கு கோடி ரூபாய் சொச்சம் செலவழிக்க கனம் நிதி மந்திரி அவர்களுக்கு சபை அனுமதி கொடுத்துவிட்டால் அவர் தன்னிஷ்டப்படி செலவழித்து விடுவார் என்ற கவலை எங்களுக்கு இல்லை. ஆனால் எதற்காக இந்தப் பணத்தை கொடுக்கிறோம் என்பதை சபை அங்கத்தினர்கள் எல்லோரும் நன்கு உணர்ந்து, இந்த மசோதாவை அங்கீகரிக்கவேண்டுமென்றால், அவர்களுக்கு இதைப்படித்து ஆராய் கொஞ்சம் அவகாசம் கொடுத்தாகவேண்டும். குறிப்பாக எங்களுக்கு ஒரு நாளாவது வேண்டும். திடீரென்று காலை யில் மசோதாவைப் பிரேரித்துவிட்டு உடனேயே நாங்கள் அதைப்பற்றி விவாதிக்கவேண்டுமென்று சொன்னால் எப்படி விவாதிக்க முடியும் என்று தான் எனக்குத் தெரியவில்லை."

MR. SPEAKER :—" இருபத்தைந்து நாட்களுக்கு மேலே இதைப் பற்றியெல்லாம் நாம் விவாதித்திருக்கிறோம். அப்படியிருக்கும்போது திடீரென்று கொண்டுவந்திருப்பதாக சொல்லலாமா ?"

SRI M. KALYANASUNDRAM :—" குறிப்பாக ஒரு விஷயத்தைப் பற்றி சொல்ல விரும்புகிறேன். நம் அரசாங்கத்திற்கு வரக்கூடிய வருமானம், எல்லாவற்றையும் மொத்தமாக எடுத்துக்கொண்டு பார்த்தாலும் 45 கோடி ரூபாய். நமது பட்ஜெட்டில் மொத்தம் 45 கோடி ரூபாய் ரெவென்யூ காட்டப்படுகிறது. ஆனால் இந்த மசோதாப்படி 94 கோடி ரூபாய் சொச்சம் செலவழிப்பதற்கு அனுமதி கோரப்படுகிறது. இது எப்படி என்று பல அங்கத்தினர்களுக்குப் புரிந்தால் தான் மேற்கொண்டு இதைப்பற்றி விவாதிக்க வசதி ஏற்படும். ஆகவே காலை யில் இந்த மசோதாவை சமர்ப்பித்துவிட்டு உடனே அனுமதி கொடுக்கவேண்டுமென்று கேட்பது சரியல்ல என்பதே எனது அபிப்பிராயம்."

MR. SPEAKER :—" I wish to inform the House that Article 204 of the Constitution says—

'As soon as may be after the grants under Article 203 have been made by the Assembly there shall be introduced a Bill to provide for the appropriation out of the Consolidated Fund of the State of all moneys, etc., etc.'

THE MADRAS LEGISLATIVE ASSEMBLY.

Saturday, 27th March 1954.

The House met in the Assembly Chamber, Government Estate, Mount Road, at ten of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

THE MADRAS APPROPRIATION BILL, 1954.

THE HON. SRI C. SUBRAMANIAM :—" Mr. Speaker, Sir, I beg to introduce the Madras Appropriation Bill^a, 1954, and move—

'That the Bill be taken into consideration at once.'

^a Published in the Fort St. George Gazette extraordinary, dated 26th March 1954.

[Mr. Speaker] [27th March 1954]

"I want hon. Members to note the word 'as soon as' occurring in the beginning of Article 204."

SRI M. KALYANASUNDRAM :—"As soon as" என்று அரசியல் சட்டத்தில் சொல்லியிருக்கலாம். ஆனால் அதற்காக மெம்பர்களுக்கு அதைப் படித்துப்பார்த்து புரிந்து கொண்டு விவாதம் நடத்துவதற்கு ஒரு நாள் கூட அவகாசம் கொடுக்கக்கூடாது என்று சொல்லியிருப்பதாக அதனை அர்த்தம் கொள்ள முடியாது. குறிப்பாக ஒரு விஷயத்தைச் சொல்லுகிறேன். சென்ற இருபத்தைந்து நாட்களாக நாம் வரவுசெலவுத் திட்டத்தில் ஒவ்வொரு மானியமாக எடுத்துக்கொண்டு இந்தச் சபையில் விவாதம் நடத்தி ஒவ்வொரு மானியத்திற்கும் அனுமதி அளித்து வந்திருந்தாலும்கூட பல அங்கத்தினர்களுக்கு, அவர்கள் இந்தப் பக்கத்தில் இருப்பவர்களாக இருந்தாலும் சரி, அந்தப் பக்கத்தில் இருப்பவர்களாக இருந்தாலும் சரி. பட்ஜெட்டில் கூறியிருக்கக்கூடிய புள்ளி விவரங்களை சரியான முறையில் படித்துக்கொண்டு விவாதம் நடத்த முடியவில்லை, என்பதை நாம் அறிவோம்."

MR. SPEAKER :—"It is an insult to the House. The hon. Member should not use such observations as amount to an insult to the House."

SRI M. KALYANASUNDRAM :—"நான் அங்கத்தினர்கள் சரியாகப் புரிந்து கொண்டு விவாதம் நடத்தவில்லை யென்பதாக சபையின் கௌரவத்தைப் பாதிக்கக்கூடிய வகையில் சொல்லவரவில்லை. பட்ஜெட் சம்பந்தமான புத்தகங்களில் கொடுக்கப்பட்டிருக்கும் விவரங்களை அங்கத்தினர்களால் சலபமாகப் புரிந்து கொள்ளக்கூடிய முறையில் அமைக்கவில்லை யென்று சர்க்காரைத்தான் குற்றம் சாட்ட விரும்புகிறேன். நான் இப்பொழுது கூறுவது என்னவென்றால் : இந்த அப்போர்பிரியேஷன் 'பில்லை' திங்களிழைமையன்று விவாதத்திற்கு எடுத்துக்கொள்ளலாம். அதற்குள் இந்த மசோதாவை பொறுக்குக் கமிட்டிக்கு அனுப்பினால் அங்கே அங்கத்தினர்கள் வருவார்கள். சர்க்கார் நிதி இலாக்கா காரியதரிசியும் அங்கே வந்து எதற்காக எப்படி எப்படி பணம் ஒதுக்கப்பட்டிருக்கிறது என்பதை விளக்கினால் எல்லா அங்கத்தினர்களும் அதைச் சலபமாகப் புரிந்து கொள்ளமுடியும். அதன் பின் இந்தச் சபையில் அது விவாதத்திற்கு வந்தால் எல்லா அங்கத்தினர்களும் நன்றாகப் புரிந்துகொண்டு விவாதம் செய்ய முடியும் என்பதுதான் என் யோசனை. இதை சர்க்கார் பரிசீலிக்க வேண்டுமென்றும் கேட்டுக்கொள்ளுகிறேன்."

DR. K. B. MENON :—"Sir, I rise to completely support the demand made by the hon. Member Sri Kalyanasundram. Hon. Members might have read in the papers about the delegation of powers by the Executive and the risks that are involved in it with regard to the British Parliament."

MR. SPEAKER :—"What has that to do here? I think the hon. Member has confused himself thoroughly. We have not delegated any power to anybody. We have not delegated even a single point. We have passed item by item all the demands that came before the House for discussion."

DR. K. B. MENON :—"I am mentioning it only to emphasise the point that the Opposition Members here have always been groping in the dark and that we have no information on hand when we pass Bills or when we have to pass appropriations of money out of the Consolidated Fund of the State. It is absolutely essential that

[27th March 1954] [Dr. K. B. Menon]

Government should educate and make available to us all information possible because we must know beforehand what is it that we have to support when such things are placed before us."

MR. SPEAKER :—"The hon. Member has not properly understood the meaning of the term 'delegated legislation'. We have not delegated any power to Government. If this House gives powers to the Court to make rules then, we delegate certain powers to Government. The hon. Member should know that we have proposed certain amendments to our rules of procedure by which we will have a committee which will have power to go into the delegated legislations. The hon. Member is a member of the Rules Committee. I am sorry he has not understood the matter clearly. I can inform the House that we have passed each demand item by item and we have not delegated even a single point."

"Coming to the Appropriation Bill, I wish to inform the House, as I have mentioned already, that Article 204 begins thus—

'As soon as may be after the grants under article 203 have been made by the Assembly, there shall be introduced a Bill to provide for the appropriation, etc.

"Therefore, according to Article 204, as soon as the demands have been granted by the House, the Appropriation Bill must come before the House."

SRI M. KALYANASUNDRAM :—"ஸார், Delegated legislation ஐவிட இது மிகவும் முக்கியமானது. அதில் சர்க்காருக்கு விதி செய்யக் கூடிய அதிகாரத்தைக் கொடுக்கிறோம். ஆனால், Appropriation Bill-ல் 94. கோடி ரூபாய் பணத்தைச் செலவழிக்கக்கூடிய அதிகாரத்தைக் கொடுக்கிறோம்."

MR. SPEAKER :—"This is an important point. Hon. Members should listen to what I say carefully. ஒரு மான்யத்திற்காக ஒதுக்கப்பட்ட பணமானது இன்னொரு மான்யத்திற்குப் போனாலும், அதிகமாகப் பணம் வேண்டியிருந்தாலும் Supplementary Grant-ல் வரவேண்டும். ஆகையால், சட்டசபையானது எந்தெந்த மான்யத்திற்கு எவ்வளவு பணத்தை ஒதுக்குகிறதோ, பட்ஜெட்டில் எதை ஒதுக்குகிறதோ, அதைத்தான் சர்க்கார் செலவு செய்யவேண்டும். அதற்குமேல் ஒரு பைசா கூட செலவு செய்யக்கூடாது. ஒதுக்கிய பணத்திற்குமேல் ஒரு dust கூட அவர்கள் அதிகமாக செலவு செய்ய முடியாது—dust என்று நான் சொல்லும்போது கணம் அங்கத்தினர்கள் தப்பிதமாக அர்த்தம் செய்துகொள்ளமாட்டார்கள் என்று நம்புகிறேன். The Hon. Minister for Finance will now reply."

SRI S. RAMALINGAM :—"Before the Hon. Minister replies, I shall make one submission, Sir. அதாவது, கணம் அங்கத்தினர் ஸ்ரீ கல்யாணசுந்தரம் எழுப்பிய பிரச்சனையல்லாத வேறு சில விஷயங்களை இப்பொழுது தங்களுடைய கவனத்திற்குக் கொண்டுவர விரும்புகின்றேன். குறிப்பாக நம்முடைய வரவு செலவுக் கணக்கிலே ரூ. 48 கோடி சொச்சம் ரூபாய்."

MR. SPEAKER :—"மந்திரி அவர்களை explain பண்ணச் சொல்லுகின்றேன்."

SRI S. RAMALINGAM :—"பட்ஜெட் பிரச்சங்கத்திலே மற்ற கணக்குகளும் காணப்பட்டிருக்கின்றன. ஆனால், மொத்த மான்யம் கோரியிருப்பது ரெவினியூ இன்ச் செலவுக்காக ரூ. 48 கோடி, 93. லட்சம் ரூபாயாகும். இம்மாதிரி அதிகமான ரூபாய் மீண்டும் நம்மிடம் கேரப்படுகிறது."

[Sri S. Ramalingam] [27th March 1954]

இது விஷயத்தைப்பற்றி மந்திரி அவர்கள் சில விளக்கங்கள் கொடுத்திருக்கிறார்கள். இருந்தாலும், போதிய விளக்கம் தேவையென்றால், ஒவ்வொரு பட்ஜெட்டிலும் என்ன இனம் அதிகமாக வருகிறது. எப்படி செலவு செய்யப்படுகிறது என்ற முழு விவரமும் அறிவதற்கு எங்களுக்கு சந்தர்ப்பம் கொடுத்தால்தான் திருப்தியடைந்து நாங்கள் இதற்கு வோட்டு அளிப்பதற்கு சந்தர்ப்பப்படும். மந்திரி அவர்கள் பட்ஜெட் பிரசங்கத்தில் கொடுத்திருக்கும் விளக்கங்கள் எங்களுக்கு திருப்தி அளிக்கவில்லை. அதற்கு விளக்கம் தெரிவிக்கவேண்டுமென்று கேட்டுக்கொள்ளுகின்றேன்.”

MR. SPEAKER :—“ I will ask the Hon. the Minister for Finance to explain it.”

DR. K. B. MENON :—“ I never for a minute intended to suggest that there had been a delegation of powers. I only cited that as an example to show that the co-operation of the Opposition is not sought, that the Opposition has no control over what the Government are doing and that, therefore, we should be kept informed. My point is that our co-operation should always be made possible by the Government.”

MR. SPEAKER :—“ I would tell the hon. Members that this Appropriation Bill is only an innovation introduced by the Constitution. Before the introduction of the Constitution, we did not adopt all procedure. We have copied it from other countries. This is a mere formality which we are going through.”

SRI K. VINAYAKAM :—“ Sir, on a point of information. The Government were good enough to supply enough literature on the Budget. Along with that literature, they gave a small pamphlet entitled ‘ An Introduction to the Budget ’. It contains all the relevant information that the hon. Members from the Opposition require. I commend that book to be read by everybody. If hon. Members had gone through that book, there would not have been any need for discussion, because the Appropriation Bill is a legislative process which should be automatically gone through without much discussion.”

(The hon. Member Dr. K. B. Menon stood up in his place.)

MR. SPEAKER :—“ The hon. Member seems to think that this is a debate. This is not at all a debate.”

SRI K. PARTHASARATHY :—“ I understood the Deputy Leader of the Opposition to have made two demands, namely, that time should be allowed for consideration of the Bill and that opportunity should be given to suggest amendments to the Bill, if necessary by sending it to a Select Committee. But I want to submit that according to the rules, if I understand them aright, no amendments can be proposed.”

MR. SPEAKER :—“ No amendments shall be proposed to any such Bill. The Constitution is clear in this respect.”

27th March 1954]

SRI K. PARTHASARATHY :—“ Since no amendments can be proposed, no useful purpose will be served by sending the Bill to a Select Committee. There is no case made out for sending it to a Select Committee. We would not be in order in postponing the discussion since the Governor has fixed to-day for discussion.”

MR. SPEAKER :—“ I will read Article 204 (2) of the Constitution for the information of the hon. Members. It says: ‘ No amendment shall be proposed to any such Bill in the House or either House of the Legislature of the State which will have the effect of varying the amount or altering the destination of any grant so made or of varying the amount of any expenditure charged on the Consolidated Fund of the State, and the decision of the person presiding as to whether an amendment is inadmissible under this clause shall be final.’ The Hon. the Finance Minister will now explain.”

THE HON. SRI C. SUBRAMANIAM :—“ Sir, with regard to the increased amount shown in the Appropriation Bill as compared to the various demands voted upon by the Legislature, I request the hon. Member's attention to the Appropriation Bill itself. Column (3) shows the amount voted by the Legislative Assembly under the various Demands. There can be no difference between the amount mentioned in column (3) and the amount voted by the Assembly. If there has been any cut which has been accepted by the House, perhaps there will be a variation. If no amount is charged on the Consolidated Fund of the State, then the total will be the same. The hon. Member will find that under the last item ‘ Public Debt—Repayment ’ a sum of Rs. 12 crores and odd is shown. This represents the various advances which we are making and getting back. To cover all the transactions we have provided Rs. 12 crores and odd. It is not an expenditure. That is the gross amount we will be taking and putting back. If all the items are added, the total comes to Rs. 94 crores and odd. This matter has been already explained by me during the first Budget Debate when I introduced the Appropriation Bill. When we discussed the second Budget also, this matter was raised. Now this is the third time that clarification is sought for. I think hon. Members have not been quite attentive to this aspect of the matter. Therefore, it is the total gross withdrawal from the Consolidated Fund that we have shown. Once the amount goes into the Consolidated Fund, if we want to withdraw it, we have to get the sanction of the Legislature. For example, suppose some amount is put into the Treasury being the receipts from the sale of rice. If the Government want to purchase rice again, they cannot take this amount saying that it is only towards the purchase of rice, that it has been put into the Treasury and that it is required only for the purpose of State Trading Schemes. For that purpose also, sanction of the Legislature should be obtained in the form of an Appropriation Bill. The sum of Rs. 12 crores and odd represents the various advances for which we have made provision. It is not a net expenditure. To that

[Sri C. Subramaniam] [27th March 1954]

extent, we will be putting money into the Exchequer. Therefore, this sum of Rs. 94 crores and odd represents the estimate of the gross drawing which we will be making from the Consolidated Fund."

MR. SPEAKER :—" I wish to inform the hon. Members that we must finish this Appropriation Bill before Lunch. In the afternoon, there will be the general discussion on the Supplementary Statement of Expenditure for the second six months of 1953-54."

SRI M. KALYANASUNDRAM :—" Sir, this Bill should have been circulated at least yesterday evening."

MR. SPEAKER :—" In future it will be done so."

SRI N. K. PALANISAMI :—" கனம் சபா நாயகர் அவர்களே, இதுவரை பல மான்யங்கள் நிறை வேற்றப்பட்டுவிட்டன, மந்திரிகள் ஒவ்வொருவரும் அவரவர்களுடைய இலாக்காக்களில் எவ்வளவு அபிவிருத்தி செய்யப்பட்டுள்ளன என்றும், 1952-ம் வருஷத்திலிருந்து இது வரைக்கும் எந்தந்த திட்டங்கள் அபிவிருத்தியடைந்துள்ளன என்றும் சொன்னார்கள். உண்மையாகவே நாட்டில் நல்ல நிலைமை ஏற்பட்டிருக்கிறதா என்று கேட்டால், இல்லையென்றுதான் நாம் சொல்ல வேண்டிய நிலைமையில் இருக்கிறோம். வியாபாரமந்தம் ஏற்பட்டிருப்பதன் காரணமாக லட்சக்கணக்கான பேர்களுக்கு வேலைகிடைக்காமல் இருக்கிறது."

" உதாரணமாக, இன்று இருக்கக்கூடிய நிலைமையில், ஸ்டீன்னியில் நடந்த நிதி மந்திரிகள் மகா நாட்டை எடுத்துக் கொண்டாலும் சரி, பிப்ரவரி 8-ந்தேதியிலிருந்து 18-ந்தேதி வரை கண்டியில் நடந்த ஆசிய தூரக் கிழக்கு பொருளாதார மகா நாட்டினுடைய ரிபோர்ட்டை எடுத்துக்கொண்டாலும் சரி, பெரிய பொருளாதார நெருக்கடி உலகம் பூராவும் பரவி வருகின்றது. குறிப்பாக ஆசியாவிலும், தூரக் கிழக்கு நாடுகளிலும் பெரும் அளவுக்கு நெருக்கடி ஏற்படப்போகிறது என்பது நமக்கு நன்றாகத் தெரியும், உதாரணமாக உலகம் பூராவும் நெருக்கடி ஏற்பட்டுக் கொண்டிருக்கக் கூடிய காலத்திலே, அமெரிக்காவிலே என்ன செய்கின்றார்கள்? ஹுசுன்ஹோவர் பல கோடிக்கணக்கான டாலர் பெறுமான விவசாயப் பொருள்களை வாங்கி, அதை ஜனங்களுக்கு உள் நாட்டில் விநியோகிக்காமலும்; வெளி நாட்டில் விநியோகிக்காமலும் அப்படியே வைத்துக்கொண்டு இருக்க ஒரு திட்டம் போட்டிருக்கிறார். அது மட்டுமல்ல. விவசாயத்திற்கு லாயக்குள்ள நான்கில் ஒரு பங்கு நிலங்களைத் தரிசாக விட்டு வைக்கவும் யோசிக்கிறார். பிரிட்டனிலும் இம்மாதிரி நெருக்கடியான நிலைமை ஏற்பட்டிருக்கிறதுதென்று தெரிகிறது. அமெரிக்கா ஒரு தடை போட்டிருந்தால் கூட சோவியத் நாட்டினும், கிழக்கு ஐரோப்பிய நாடுகளினும் தடை போட்டிருந்த போதிலும் இன்று அவர்கள் அந்தத் தடையை மீறி ஒரே நாளில் ஐந்து தேசங்களுடன் வியாபார ஒப்பந்தம் செய்து கொண்டிருக்கிறார்கள். இம்மாதிரி பல தேசங்கள் நெருக்கடியிலிருந்து தப்புவதற்கு நடவடிக்கை எடுக்கும்போது, ஏன் நம்முடைய சர்க்காரும் மத்திய சர்க்காரும் கும்பகர்ண தூக்கம் போட வேண்டும், இந்த நெருக்கடியான நிலைமையை சமாளிப்பதற்கு ராஜ்ய சர்க்காரிடத்திலும் சரி, மத்திய சர்க்காரிடத்திலும் சரி, ஒரு திட்டமும் கிடையாது, ஜனங்களுக்கு நிவாரணம் கிடைப்பதற்கு எந்த விதமான உத்தரவாதமும் கிடையாது என்பதைத் தான் பார்க்கிறோம்."

" இந்த சர்க்காருடைய சட்டம் போடும் கொள்கையை எடுத்துக் கொண்டாலும் சரி, வரி போடும் கொள்கையை எடுத்துக் கொண்டாலும் சரி, ஜனங்களுடைய பிரச்சனைகளைக் கணக்கில் எடுப்பது கிடையாது. விவசாயிகள் கடன் ஒத்தி வைப்பு சட்டமானது உண்மையிலேயே ஜனங்களுடைய

பிரச்சனையைத் தீர்ப்பதற்கு போடப்பட்டதா? கிடையாது. உண்மையாகவே விவசாயிகளுக்கு கடன் தொல்லையிலிருந்து விடுதலை அளிக்க வேண்டுமென்ற எண்ணம் சர்க்காருக்கு இருக்குமானால், கடன் ஒத்தி வைப்புச் சட்டத்தை ஐந்து வருஷங்கள் வரையில் அமுலிலிருக்கும்படிச் செய்திருக்க வேண்டும், அல்லது உடனடியாகவே குறைந்த வட்டியில் கடன் கிடைக்க வசதி செய்திருக்கவேண்டும். அந்தமாதிரி சர்க்கார் செய்யவில்லை."

" 1937-வது வருஷத்தில் காங்கிரஸ் காரியக் கமிட்டி புதிதாகத் தேர்ந்தெடுக்கப்பட்ட காங்கிரஸ் M.L.A.க்களுக்கு என்ன உத்தரவிட்டது? சர்க்கார், உடனடியாக ஒரு கமிட்டியை ஏற்படுத்தி, அநியாயக் கடன்களை ரத்து செய்யவும், கடன்களைப் படிப்படியாகக் குறைப்பதற்கு சட்டம் கொண்டு வரவேண்டுமென்று உத்தரவிட்டது என்பதை சர்க்காருக்கு ஞாபகப்படுத்த விரும்புகிறேன்."

" மேலும், பவநகர், செளராஷ்டிராவுடன் சேருவதற்கு முன்பு, குறைந்த அளவிலும், கொஞ்சம் கொஞ்சமாகக் கடனை அடைப்பதற்காகவும் கடன் குறைப்புச் சட்டம் (Debt Reduction Act) என்று பவநகரில் ஒரு சட்டம் அமுலிலிருந்து வந்தது. இம்மாதிரி பல சட்டங்கள் அமுலில் இருந்து வந்தன."

" இதே மாதிரி கிரேக்க சரித்திரத்தில் அட்டிக்காவிலுள்ள விவசாயிகள் கடனால் பாதிக்கப்பட்டு அடிமைகளாக இருந்த காலத்தில், Solon, with a stroke of the pen, cancelled all the debts. கிரேக்க சரித்திரத்தில் ஸோலன் செய்த மாதிரி சில இருக்கக்கூடிய மந்திரிகள் செய்ய வேண்டுமென்று நான் கேட்க வில்லை. உண்மையாகவே விவசாயிகளுடைய பிரச்சனைகளைத் தீர்க்க வேண்டும், உண்மையாகவே விவசாயிகளைக் கடன் தொல்லையிலிருந்து நீக்கவேண்டுமென்ற விருப்பம் சர்க்காருக்கு இருந்திருந்தால், கடன் ஒத்திவைப்புச் சட்டத்தை ஐந்து வருஷங்களுக்கு காவது கண்டிப்பாக நீடித்திருக்க வேண்டும்."

" சர்க்காருடைய வரி விதிப்புக் கொள்கையை எடுத்துக் கொண்டாலும் எங்கோ கொஞ்சம் வரி போடுவதன் மூலமாக 40 லட்சம் ரூபாய் வரையில் வசூல் செய்ய உத்தேசித்திருக்கிறார்கள். இது மானக்கேடான விஷயமாகும். உண்மையாகவே Plantation கள் எத்தனை ஏக்கர்கள் இருக்கின்றன? ஒவ்வொரு ஏக்கரிலிருந்தும் எவ்வளவு வரும்படி வருகிறது? Plantation முதலாளிகள் அடிக்கக்கூடிய கொள்ளை லாபத்தில், வரி வசூலிக்க உத்தேசித்திருக்கின்ற 40 லட்சம் ரூபாய் மிகவும் குறைவான தொகையாகும். இந்த மாதிரி வரிதான் போடப் படுகிறதே தவிர, உண்மையாகவே எவ்வளவு வரி போட வேண்டுமென்ற முறையிலே போடுவதில்லை. ஆகவே இந்த வரி போடும் கொள்கையிலும், சட்டம் போடும் முறையிலும் ஜனங்களுடைய பிரச்சனைகள் என்னவென்பதையே கவனிப்பதில்லை. It is like treating the symptom and not the disease. அதாவது உண்மையான வியாதியைத் தீர்ப்பதற்குப் பதிலாக, symptom-கள் தீர்க்க உத்தேசிக்கப்படுகின்றன இதுதான் சர்க்காருடைய கொள்கையாக இருந்து வருகிறது."

" அடுத்தபடியாக ஐந்து வருஷத் திட்டத்தில் முக்கியமாக மத்திய சர்க்கார் ஒதுக்கியுள்ள 318 கோடி ரூபாய் செலவில் 85 லட்சம் ஏக்கராக் களுக்குத்தான் தண்ணீர் பாய்ச்சுகின்றார்கள். ஆனால், அதே சமயம் மைனர் இரிகேஷனுக்கு ஒதுக்கியிருக்கும் பணம் 72 கோடி ரூபாய்தான். அதில் 1 கோடி 20 லட்சம் ஏக்கர்களுக்கு தண்ணீர் பாய்ச்சும் திட்டம் போட்டிருக்கிறார்கள். சாதாரணமாக, பெரிய பெரிய திட்டங்களைவிட சிறிய திட்டங்களினால்தான் ஜனங்கள் அதிக பலனை அடையமுடியும். ஆகவே, இந்த ராஜ்யத்தில் சிறிய சிறிய குளங்களைக் கட்டுவதற்குப் பல திட்டங்களைப் போடவேண்டும். உணவு உற்பத்தித் திட்டங்கள், தேசிய விதைரிப்புத் திட்டங்கள், கிராமாபிவிருத்தித் திட்டங்கள் போன்ற பல திட்டங்கள் இருந்தாலும் அனேகமாக அவைகளெல்லாம் ஒரே வேலையைத் தான் செய்துவருகின்றன. உணவு அபிவிருத்தித் திட்டங்களுக்காக

[Sri N. K. Palanisami] [27th March 1954]

ஒதுக்கப்படும் பணத்தில் சர்க்காருக்கு ஏற்படும் Establishment charges மட்டும் 31 சதவீதம் ஆகிறது. சமூக அபிவிருத்தித் திட்டங்களை எடுத்துக் கொண்டால் கிட்டத்தட்ட 60 சதவீதம் வரை Establishment charges க்குப் போய்விடுகிறது. பல டிபார்ட்மெண்டுகளை எடுத்துக்கொள்ளும் போது அந்தந்த திட்டங்களுக்கு செலவழிப்பதில் பாதிப்பணம் அதிகாரிகள் சம்பளத்திற்காக செலவிடப்படுவதால் எந்தவிதமான பிரயோஜனமும் கிடை யாது. மேலும், இந்தத் திட்டங்களை ஜனங்கள் மத்தியில் பிரசாரம் செய்து, ஜனங்களுக்குத் திட்டங்களில் நம்பிக்கை உண்டாகும்படி செய்வதும் இந்த சர்க்காருக்குத் தெரியாது. உதாரணமாக, ஈரோட்டில் இந்தத் திட்டம் சம்பந்தமாக ஒரு லட்சம் ரூபாய் அதிகாரிகளுக்காகவே செலவிடப் பட்டிருக்கிறது. அதாவது மூன்றிலொரு பங்கு செலவிடப்பட்டிருக்கிறது. இன்னும் அந்த வேலை நடக்கவில்லை. போட்ட திட்டப் பிரகாரம் வேலை நடக்கவில்லை.

“இந்த மாதிரி நிலைமை இருக்கும்போது உண்மையாகவே சிறு நீர்ப்பாசனத் திட்டங்களில் சர்க்கார் கவனம் செலுத்தாமல் அமராவதி, வைகைத் திட்டங்களை மட்டும் நிறைவேற்றுவதால் ராஜ்யத்திலுள்ள விவசாய மக்களின் வயிறு நிரம்பிவிடாது. அவர்களுடைய வாழ்க்கைத் தரத்தை உயர்த்தவேண்டுமென்ற எண்ணம் சர்க்காருக்கு உண்மையாக இருக்குமானால் ஒவ்வொரு பிரிக்காவிலும் எந்தெந்த திட்டங்கள் அங்கு இருக்கக் கூடிய ஜனங்களுடைய நிலைமையை உயர்த்தமுடியும் என்று கவனிக்க வேண்டும். சர்க்கார் திட்டமிட்டிருக்கும் சிறு நீர்ப்பாசனத் திட்டங்களைச் செய்யவேண்டுமென்று சொல்லும்போது, குட்டைகளை மட்டும் ஏற்படுத்தி விட்டால் போதாது. சிறிய குளங்கள் ஏற்படுத்தலாம், வெள்ளையர்கள் இருந்த காலத்தில் தூர்ந்து போன குளங்களைப் பட்டா செய்து கொடுத்தால் குளங்கள் மராமத்து செய்யமுடியவில்லை. சர்க்கார் அங்கிருக்கக் கூடிய ஜனங்களைக் கேட்டால் ஏகர் இரண்டாயிரம் மூவாயிரம் ரூபாய் விலை ஆகிறது. வாங்கிக் கொடுத்தால் குளம் கட்டுவோம் என்று சொல்லுகிறார்கள். உதாரணமாக, கோயமுத்தூர் ஜில்லாவில் 87 குளங்கள் இருக்கின்றன. சித்தூர் ஜில்லாவில் 2,700 குளங்கள் இருக்கின்றன. கோயமுத்தூர் ஜில்லா எப்பொழுதும் இந்த மாதிரி வறண்டிருக்கக்கூடிய காரணத்தினால், நூற்றுக்கணக்கான, ஆயிரக்கணக்கான குளங்கள் தூர்ந்துவிட்டன. 87 குளங்கள் என்பது நமக்குத் தெரியும். இதைப் பற்றி சதேசமித்திரன், இந்து பத்திரிகைகள் ஒரு மாதத்திற்குமுன் எடுத்துக் காட்டி இருக்கின்றன. இன்னும் பல குளங்களையும் கிராமாதிகாரிகள் இன்னும் பட்டா செய்து கொடுப்பதால் அங்கு இருக்கக்கூடிய குளங்கள் ஆர்ஜிதச் சட்டத்தைத் திருத்துவதற்கு நாம் கண்டிப்பாக நடவடிக்கை எடுக்கவேண்டும்.

“வாங்கும் சக்தியைப்பற்றி பிரமாதமாகப் பேசப்பட்டது. வாங்கும் சக்தியைப்பற்றி பேசுவதில் மட்டும் பிரயோஜனமில்லை. விலை, வாங்கும் சக்தி இரண்டையும் கணக்கில் எடுத்துக்கொள்ளவேண்டும். உதாரணமாக, ஒரு பொருளின் விலை கொஞ்சங் கொஞ்சமாக ஏறிக் கொண்டே போகும்போது, வாங்கும் சக்தி கொஞ்சங் கொஞ்சமாக ஏறிக்கொண்டு போகவேண்டும். பொருளின் விலை கொஞ்சம் இறங்கியவுடன் வாங்கும் சக்தி பாதாளத்தில் விழுகிறது. உதாரணமாக, கெஜட் பதிவில்லாத உத்தியோகஸ்தர்கள் ஒரு அணு கொடுத்து இட்டிலி சாப்பிட வேண்டுமானால் ஒன்றிரண்டு சாப்பிடுவார்கள். இட்டிலியின் விலை அரை அணுவக்கு வந்து, ஒன்றிரண்டு இட்டிலிகள் அதிகமாகச் சாப்பிடலாம் என்று அவர்கள் போகும்போது, வேலை போகக்கூடிய நிலைமை வந்துவிடுகிறது. உணவு விலை குறைந்துவிட்டது என்று கனம் நிதி அமைச்சர் அவர்கள் பிரமாதமாக சந்தோஷப்படுவது உண்டு. உணவு விலை உண்மையாக குறைந்துவிட்டது என்று சொன்னால், ஏற்கெனவே ஏராளமான அரிசி வெளிநாடுகளிலிருந்து வந்திருக்கிறது; ஏராளமான மழை பெய்து, வெள்ளாமையும் அதிகரித்திருக்கிறது. இருந்தபோதிலும் அன்று இருந்ததைவிட விலை அதிகமாக இருந்த காலத்தைவிட குறைந்துவிட்டாலும் இன்றைக்கு இரண்டு மடங்கு ஜனங்கள் பட்டினி இருக்கிறார்கள். அவர்கள்

27th March 1954] [Sri N. K. Palanisami]

சொல்வதுபோல் ஜனங்களுக்கு அதிக செளகரியம் ஏற்பட்டிருக்கிறதென்றால் தகாது. ஆனால், அதிகமான அரிசியை வைத்துக்கொண்டு சமையல் செய்து சாப்பிடுவதற்கு சோம்பேறித்தனமாகவா பட்டினியாய் சுற்றுகிறார்கள். ஆகவே, உண்மையாக விலை குறையக் குறைய வாங்கும் சக்தி இன்னும் மோசமான அளவுக்கு போய்விட்டதைத்தான் குறிப்பிடுகிறேன்.

“வேலையில்லாத திண்டாட்டத்தைப்பற்றி பிரமாதமாகப் பேசப்பட்டது. மத்திய சர்க்காரை எடுத்துக்கொண்டாலும் சரி ராஜ்ய சர்க்காரை எடுத்துக்கொண்டாலும் சரி வேலையில்லாத திண்டாட்டப் பிரச்னை பெரும் பிரச்னையாக இருக்கிறது. இதைத் தீர்ப்பதற்கு மாகாண சர்க்காரால் முடியவில்லை; இந்த சர்க்கார் கடைபிடிக்கும் கொள்கையினால் வேலையில்லாத திண்டாட்டத்தைப் போக்கமுடியாது. ஆனால், அந்த பிரச்சனையைத் தீர்க்க முடியும் என்ற நம்பிக்கை இருக்கிறது என்று நாங்கள் சொல்லுகிறோம். இவ்வளவு கஷ்டங்கள் இருக்கும்போது ஏன் இவர்கள் அதிகாரத்தில் இருந்துகொண்டிருக்கவேண்டும் ஜனங்களுடைய கஷ்டத்தைத் தீர்க்கமுடியாத சர்க்கார் ஏன் அதிகாரத்தில் உட்கார்ந்து கொண்டிருக்கவேண்டும்? அன்றையதினம் பாராளுமன்றத்தில் (Parliament) இந்திய பிரதம மந்திரி நேரு அவர்கள் பேசும்போது வேலையில்லாத திண்டாட்டத்தைத் தீர்ப்பதற்கு நாங்கள் கைத்தொழிலை அபிவிருத்தி செய்யப் போகின்றோம், அதற்குவேண்டிய ஏற்பாடுகளை செய்யப்போகின்றோம் என்று சொல்லுகின்றார். ஆனால், அதே சமயத்தில் டி. டி. கிருஷ்ணமாச்சாரி அவர்கள் பேசும்போது, ‘கைத்தொழிலுக்கு மான்யம் கொடுக்கவேண்டுமா? ஏன் மான்யம் கொடுக்கவேண்டும்? பணத்திற்கு எங்கே போவது என்று சொல்லுகிறார், முதலீடு அபிவிருத்தி செய்வதைத்தவிர, 200 கோடி ரூபாய் ஒதுக்கியிருக்கிறார்கள். வேலையில்லாத திண்டாட்டத்தைப் போக்கவேண்டுமானால் . . .”

THE MADRAS APPROPRIATION BILL, 1954.—cont.

* SRI K. VENKATRAMANA GOWDA :—“ Sir, while supporting the Appropriation Bill, I wish to make a few observations. The Government have tackled in a manner deserving appreciation a number of problems that confronted the people. The primary food need of the State is one of them. Several irrigation projects and electricity schemes have been undertaken. These schemes when completed will greatly help food production. But on this question the needs of South Kanara have not been adequately considered. South Kanara is deficit in food. But there is large scope for more production at less expense in view of the availability of a large extent of uncultivated cultivable land in the Malnad area. According to official figures, there are in South Kanara 24,000 acres of wet land included in the ryots' pattas, for which the ryots pay assessment. There is about an equal extent of cultivable lands included in Government waste or Government reserves in the Malnad area and there is plenty of water there. If these 50,000 acres of land are brought under cultivation immediately, they will produce 25,000 tons of rice without the need for any large outlay on irrigation projects or electricity schemes. Because of assured rainfall and other favourable conditions and with the additional facility of quick transport, the district is likely to produce the most substantial results in the matter of food production within the shortest time possible. The 'Grow More Food' campaign of the Government will be meaningless in this district unless it is co-ordinated with the 'Build All-Weather Roads.' The opening of interior villages for habitation and the taking by the landless people to intensive cultivation

27th March 1954] [Sri K. Venkatramana Gowda]

could transform fallow lands into fruitful fields. I therefore urge the Government to take up the question of improving communications in this district, which is admittedly backward, as a Part II Scheme to step up food production. It is said that there is not much scope for major irrigation works in South Kanara. But that is no reason for neglecting agriculture and agricultural production in the district, especially when the scope is immense. While improvement of communications is important, tank improvement schemes and improvement of minor irrigation sources should also be taken up. Even in this respect, there is very little encouragement from Government. There are innumerable neglected tanks and other water sources. Investigation is proceeding slowly. When proposals are sent up to Government for approval, they are dropped as being unremunerative. I wish that the Government are more liberal in this respect.

“ The present land assignment policy of Government is very unhelpful to agriculturists and it is an impediment to agricultural production in South Kanara. Whatever may be the reason for formulating the present policy of non-assignment of land, it is not justifiable in the case of the Malnad area of the district. Many ryots have been occupying Government cultivable waste lands for the past several years and brought them under cultivation at considerable cost. It was the usual practice to assign such occupied lands to the occupiers when an application was made for assignment. Three thousand applications from the Puttur taluk alone are pending with the Government. These ryots are now being evicted from their holdings. It is needless for me to state the extent of hardship caused to the ryots by this curious policy of land assignment. I wish that the Government take a more realistic view and modify their policy suitably.

“ Hitherto it has been the practice to grant on lease suitable lands within Government reserves for areca cultivation. Recently this was stopped. In view of the food deficit, people in Malnad area have been repeatedly asking for the release of suitable lands within Government reserves for food crop cultivation. The Government have not given any attention to this request of the agriculturists. I appeal to the Minister to examine the request and, bearing in mind the best interests of agriculture, release lands for food crop cultivation and also continue grant of lands on lease for areca cultivation.

“ Possession of arms is very indispensable for the agriculturists, especially in the Malnad area of the district. If a ryot wants to reap the fruits of his hard labour, he should possess weapons for safeguarding his property from being devastated by wild animals. To protect one's own person also, one has to be properly armed with weapon. But, recently, the district authorities have been systematically cancelling arms licences and the issue of fresh licences is being restricted contrary to the assurance given by the Hon. the Chief Minister in this House while answering Legislative

[Sri K. Venkatramana Gowda] [27th March 1954]

Assembly Question No. 616. I therefore submit that the life of the agriculturists will become miserable unless these and other matters relating to agriculturists are attended to with care and sympathy.

"One other matter, Sir, I want to state is that the medical aid provided in the rural areas is not at all adequate. While hospitals are developed by increasing bed strength and by providing latest amenities, the countryside is left uncared for. Not even minimum comforts have been provided. I submit that equal interest should be given to all. However, I take this opportunity to thank the Government for the intensive Anti-malarial operations which are now being carried on by the Anti-Malarial Unit in the Malnad area. These operations have practically driven out malaria, a disease which used to take a heavy toll of lives year after year. I hope the operations will be continued more intensively until malaria is wiped out completely. I thank you, Sir."

SRI M. NARAYANA KURUP:—"Mr. Speaker, Sir, we have accorded sanction to seven Budgets after independence. Seven hard winters have come and gone without a glow of spring. In these seven years . . ."

MR. SPEAKER:—"Why seven years? Is it so from the date of the commencement of the Constitution?"

SRI M. NARAYANA KURUP:—"I mean from 1947—attainment of independence. The hopes and aspirations that were raised at that time in the minds of the people have been buried hundred fathoms deep. The Opposition has been making suggestions not so much with a view that they could by that means, effect revolutionary changes in the Budget that was presented but to serve as some guidance for the future. But, it is an unfortunate feature of the working of democracy in our land that whatever that comes from the Opposition is felt as actuated by political motives and is brushed aside accordingly. This is a tendency which we find in no other advanced country. In politics, this is a dangerous thing, which will not pay either the party in power or the party in opposition. Sir, we know that Congressmen are too proud to listen to—I do not say 'advice'—even the statements of others because they think that they have got the monopoly of wisdom. It is in that light that an idea is being sedulously propagated that India needs only one political party and that too, the Congress Party. This is a dangerous idea and the inevitable outcome of such propaganda would mean the end of our democracy. The greatest charge that can be levelled against the Congress Government that has been in office ever since the attainment of independence, is that all over the country, there is frustration. We cannot blame the people for this. They find that the Congress with its boar traditions and longstanding leadership, has betrayed the trust that was reposed in them. These people have lost faith not only in the Congress but also in the

[Sri M. Narayana Kurup] 27th March 1954]

other political parties. Because, they feel that whichever party might come into office, their fate would remain the same. I submit that it is a symptom which cannot be allowed to develop in our country in the interests of all parties, who believe in democracy and happiness of our people.

"Then, Sir, the Hon. the Finance Minister and all the Ministers, who spoke on their Demands, made cogent pleas that they could not do anything better under these circumstances. They may be right or they may be wrong. But, we must recognize facts. We must see that life is not logic. It may be that the enlightened people who are assembled in this House may be convinced by the arguments of the Hon. Ministers. But, we have to recognize facts. A man with a starving stomach is not satisfied by adducing reasons why he is starving. Food must be found for the stomach. He is concerned only with hard actual realities of life and no arguments, however logical it might be, would satisfy him. This is a matter which we have to consider when we think of our financial resources and things that can be done under the existing circumstances.

"Sir, this Budget is only a hand-to-mouth existence Budget. It has no policy behind it and, if at all it has a policy, it is the policy of 'Enough unto the day, the evil thereof'. That may be a good motto for those in power in a theocratic State. But, I submit that the Government which has to look to the needs and the prosperity of the people of a secular State, cannot be content with that. We are now in the age of planning and we have gone three years into the period of the planning. If at least by the end of the first year of the plan period or even the second year of plan period, we cannot achieve anything it shows that either the State Government or the Central Government have no policy behind them. You may be able to convince the legislators who are assembled here about your sincerity but not the people outside. What would be the result of all these? If coming events cast their shadow the lessons of the other States speak for themselves.

"Sir, before I conclude, I would mention only one more point. The air is thick with rumours that we are on the eve of a change of leadership in the ruling party. We are not here concerned with personalities but with the people. If any change brings a morsel of food more to the pinching stomach or helps to bring down the misery of the people to a degree less, then the people will welcome such a change. If it means only a change of the boot from one leg to the other, the ordinary man and the people are not at all interested in the domestic quarrels for power or in the palace revolutions of the ruling junta."

SRI P. G. KARUTHIRUMAN:—"சபாநாயகர் அவர்களே, இந்தச் சபையின் முன்னிருக்கும்படியான இந்த Appropriation Bill மிகவும் சிறந்த முறையில் நேர்மையான முறையில் தயாரிக்கப்பட்டிருக்கிறது. இதை நான் மனப்பூர்வமாக ஆதரிக்கிறேன். எந்த சட்டத்தையேனும் மானாலும் இயற்றலாம். இந்த பட்ஜெட் வரவு செலவுத் திட்டத்தை

[Sri P. G. Karuthiruman] [27th March 1954]

வெற்றிகரமாக இந்தச் சபையிலே நிறைவேற்றிவிடலாம். ஆனால் அந்தத் திட்டங்களெல்லாம் பொதுமக்களுக்கு நல்ல முறையில் பயன்படுகிறதா, திட்டங்களில் பயன்தரக்கூடிய விஷயங்கள் அடங்கியிருக்கின்றனவா என்பதையெல்லாம் நாம் கவனிக்கவேண்டும். ஒரு மான்யத்தின்பேரில் பல கோடி ரூபாய் செலவிடப்படுகிறது. சிக்கனமாக, குறைந்த பணத்தில் அதிகமான வேலை நடைபெறுவது மிகவும் அவசியம். உதாரணமாக, மராமத்து இலாகா ஒரு கட்டிடம் கட்ட ஒரு திட்டம் போட்டால் ஒரு சதுர அடிக்கு 12 ரூபாய் அல்லது 15 ரூபாய் பிடிக்கும். ஆனால் உண்மையிலேயே அங்கிருக்கக்கூடிய விவசாய பொதுமக்கள் அதே காலத்தில் மராமத்து இலாகா திட்டம்போட்ட கட்டிடத்தைவிட வலுவான, பலமான திறமான கட்டிடம் கட்ட ஒரு சதுர அடிக்கு 5 ரூபாய்தான் செலவழியும். சர்க்கார் பணமென்றால் ரூபாய்க்கு 12 அணா மதிப்புத்தான் வெளியிலே கொடுக்கப்படுகிறது. ஆனால் அதே சமயத்தில் தனிப்பட்டவர்களின் பணமாயிருந்தால் ரூபாய்க்கு 17 அணா மதிப்பில் சிக்கனமாக செலவு நடைபெறுகின்றது. பட்ஜட் மான்யத்தின்கீழ் ஒதுக்கப்படும் பணங்கள் கிராம மக்களுக்கு பயனடையும் முறையில் பிரயோஜனப்படும்படி செலவிடப்பட வேண்டும்.

“கீழ்பவானி அணைக்கட்டுக்கு 10 கோடி ரூபாய் செலவிடப்பட்டிருக்கிறது. அதனால் 217,000 ஏக்கர் நிலங்களுக்கு பாசன வசதி கிட்டுகிறது. கீழ்பவானி அணைக்கட்டிலிருந்து எப்படி எந்த இடத்தில் எவ்வளவு தண்ணீர் எடுத்துக்கொள்ளவேண்டுமென்பது ஒரு பெரிய பிரச்சனை. கிராமத்திலிருக்கும் விவசாயிகளுக்கு அந்தத் தண்ணீரை எப்படி உபயோகித்து அபிவிருத்தி செய்யவேண்டுமென்பது தெரியாமலிருக்கிறது. பொதுமக்கள் ஏதாவது செய்யவேண்டுமென்றால் அதிகாரிகள் செய்யக்கூடாதென்று சொல்லுகிறார்கள். பவானி தண்ணீரில் தஞ்சாவூருக்கு பூரண உரிமை உண்டு என்று சொல்லப்படுகிறது. வாஸ்தவந்தான். இருந்தாலும், புதுப்புது திட்டங்களின்கீழ் அபிவிருத்தி செய்யப்படும் எல்லா நிலங்களுக்கும் ஓரளவு பாசன வசதி செய்து கொடுக்கப்படவேண்டும். ஏற்கனவே பாசன வசதியுள்ள நிலங்களும் கவனிக்கப்படவேண்டும். இதற்குத்தகுந்த பிரகாரம் விவசாயிகளுக்குத் தண்ணீர் கொடுக்கவேண்டும். அப்படிச் செய்தால்தான் விவசாயிகளின் நலன் நன்றாக கவனிக்கப்பட்டு தேசமும் அபிவிருத்தி அடையும். கொடிவேலி அணைக்கட்டில் தட்ப பள்ளி வாய்க்கால், அரக்கன்கோட்டை வாய்க்கால் என்ற இரண்டு வாய்க்கால்கள் இருக்கின்றன. ஈரோடில் கலிங்கராயன் வாய்க்கால் என்று ஒரு வாய்க்கால் இருக்கிறது. இவைகளுடன் 40,000 ஏக்கர் நஞ்சை நிலங்கள் சாகுபடி செய்யப்படுகின்றன. இந்த வாய்க்கால்களில் வருஷம் பூராவும் தண்ணீர் விடப்படவேண்டும். நூறு வருஷங்களுக்கு முன்னால் ஏற்பட்ட ஒரு சட்டத்தை வைத்துக்கொண்டு, ‘இவர்களுக்கு உரிமை உண்டு, அவர்களுக்கு உரிமை இல்லை’ என்று அதிகாரிகள் சொல்லுகிறார்கள். சட்டத்தில் அவசியமான மாறுதல்களைச் செய்யவேண்டும். விவசாயிகள் கீழ்பவானி வாய்க்கால்கீழ் நிலக்கடலை சாகுபடி செய்யக்கூடாது என்று சட்டம் இருப்பதாக அதிகாரிகள் சொல்லுகிறார்கள். அந்த மாதிரி சட்டம் இல்லை என்பது எனக்குத் தெரியும். பருத்தி, கருந்தான்யம் இவைகள்தான் பயிரிடலாம் என்று சொல்லுகிறார்கள். வேர்க்கடலை சாகுபடி செய்வது பூமிக்கு நல்லது. அது உணவுச் சத்தை அளிக்கும். பூமியின் வளப்பம் அதிகமாகும். அதற்குப் பின்னால், வேளாண்மை சிறந்த முறையில் கிடைக்கும். ஆகையால் ஏழை கிராம விவசாயிகளுக்கு நாம் செய்யும்படியான சட்டங்கள், விரைவிலே, எளிதிலே அர்த்தம் செய்யும்படியாகவும், அவர்களுக்கு அனுசூலமான முறையிலே இருக்கும்படியாகவும் அமையவேண்டும். தண்ணீர் பாசன வசதி சட்டத்தை திருத்தி அமைக்கவேண்டும். Riparian rights என்று சொல்லும்படியான முன்னால் இருப்பவர்களுக்கு உரிமை உண்டு என்று கூறக்கூடாது. முன்பைவிட இப்பொழுது ஜனத்தொகை அதிகம். முன்பு இருக்கும்படியான விவசாயிகளின் நிலைமை என்ன? இப்பொழுது இருக்கும்படியான விவசாயிகளின் நிலைமை என்ன? இரண்டுக்கும் வித்தியாசம் இருக்கிறது. உணவு உற்பத்தி செய்வதற்கு டிபார்ட்மென்ட் அதிகாரிகள் அதிகப்படியான உதவி செய்யவேண்டும். P.W.D.

[27th March 1954] [Sri P. G. Karuthiruman]

Electricity Department-கள் தனித்தனியாக வேலை செய்கின்றன. கீழ்பவானி அணைதிட்டத்தின் கீழ் Electricity Department-ஐ மின்சாரம் வேண்டுமென்று கேட்டால் மராமத்து இலாகாவை கேட்டுத்தான் சொல்ல வேண்டுமென்று கூறுகிறார்கள். அவர்கள் அவ்வாறு சொல்வதற்குக் காரணம் தெரியவில்லை. சமுதாய அபிவிருத்தி ஏற்படவேண்டுமென்று நாம் சொல்லுகிறோம். ஆதலால் விவசாயிகளுக்குக் குறைந்த செலவில் அதிக உற்பத்தி செய்யுமாறு ஏற்பாடு செய்யவேண்டும். மின்சாரம் கொடுத்தால் அணைக்கட்டிலிருக்கும் தண்ணீரை உறிஞ்சி விடுவார்கள் என்று Electricity Department-ல் சொல்லுகிறார்கள். விவசாயிகள் குறைந்த அளவுக்கு தண்ணீரை செலவு செய்வதாக உத்தரவாதம் கொடுத்தால்கூட அவர்களுக்குத் தண்ணீர் கிடைப்பதில்லை. ஆகையால் உடனடியாக விவசாயிகளின் நலனை கவனிக்கவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன். பாசன வசதிக்குத் தண்ணீர் ஜூன் மாதம் வேண்டுமென்றால் ஜூலை, ஆகஸ்டு மாதத்தில்தான் கொடுக்கலாமா கொடுக்க வேண்டாமா என்று யோசிக்கிறார்கள். உதாரணமாக என் தொகுதியில் நஞ்சை பூமியிலே அதிக உணவு உற்பத்தி திட்டத்தின்கீழ் ஆறு வருஷங்களாக இருபேக சாகுபடி செய்து வருகிறோம். ஒரு சந்தர்ப்பத்தில் ஜூன் மாதம் 15-தேதி இருபேக சாகுபடி செய்யலாமென்று கிராம முழுவதும் தண்டோரா மூலம் பறை சாற்றப்பட்டது. 18-ந் தேதி செய்யக்கூடாது என்று ஒரு உத்தரவு வந்துவிட்டது. இது பழைய காலத்தில் பேய் பிசாசு செய்கிற வேலையாகத்தானிருக்கிறது. விவசாயிகள் உரம்போட்டு பூமியை தயார் செய்துவைப்பது சாதாரண வேலையல்ல. ஒரு தீர்மானத்திற்கு வந்த பிறகு திடீரென்று இப்படி அதிகாரிகள் பொறுப்பற்ற முறையில் நடந்துகொள்ளக்கூடாது.

“பழைய காலத்தில் ஜந்து மாத விதைகள்தான் போடப்பட்டன. இப்பொழுது அதிக உணவு உற்பத்தி திட்டத்தின்கீழ் ஆறு மாத விதைகள் போடவேண்டுமென்று சொல்லப்படுவதால், அதற்குத் தண்ணீர் அதிகமாக வேண்டும். பதினைந்து நாட்களுக்குமேல் தண்ணீர் எடுத்துவிட்டால் தண்டத் தீர்வை போடுகிறார்கள். வாணிப்புத்தூர் கிளைவாய்க்கால் நீண்ட காலப் பயிருக்காக ஜூன் 15-ல் முதல் டிசம்பர் 1-ல் வரையில் தான் தண்ணீர் விடப்படுகிறது. அதனால் ரொம்பவும் கஷ்டமாக இருக்கிறது. ஆதலால் அங்கு வருஷம் பூராவும் தண்ணீர் விடவேண்டும். அதிகாரிகள் பழைய சட்டத்தையே சொல்லிக்கொண்டிருக்கிறார்கள். District Collector சம்பந்தப்பட்ட ஜில்லா Executive Engineer இவர்களுக்கு உடனடியாக அந்தச் சட்டத்தை மாற்றுவதற்கு அதிகாரம் அளிக்கப்படவேண்டும். ஒரு திட்டத்தைப் போட்டால் அந்தத் திட்டத்தை நிறைவேற்றுவதற்கு சௌகரியங்கள் அளிக்கப்படவேண்டும். இந்த Appropriation Bill-ஐ நாம் அங்கீகரிக்கிறோம். இங்கே எவ்வளவு தூரம் தீர்மானம் செய்தாலும் கூட, அதனுடைய முழுப்பலனையும் கிராமவாசிகள் அனுபவிப்பதற்கு வேண்டிய நடவடிக்கைகள் எடுப்பது மிக அவசியம். இந்த சட்டசபையிலே நாம் திட்டங்களைப்பற்றி பேசுகிறோம். அதன்பேரில் சர்க்கார் என்ன நடவடிக்கைகள் எடுக்கவேண்டுமென்று தீர்மானிக்கவேண்டுமென்பது என்னுடைய அடிப்படையான கருத்து. இந்த Appropriation Bill சிறந்த முறையில் விவாதிக்கப்பட்டது. பட்ஜெட் விவாதத்தில் பல அபிப்பிராயங்களை எடுத்துக்கூறியிருக்கிறோம். அவைகளையெல்லாம் வெற்றிகரமாக அடுத்த வருஷம் சர்க்கார் அமுல் நடத்துவார்கள் என்று நாம் நிச்சயமாக நம்ப முடியும். ஆந்திர ராஜ்யம் பிரிந்த பிறகு கொண்டுவரப்பட்ட முதல் Appropriation Bill சிறந்த முறையிலே நாணயமான முறையிலே, நேர்மையான முறையிலே கொண்டுவந்ததற்காக சர்க்காருக்கு என் பூரண பாராட்டு தலை தெரிவித்துக்கொண்டு என் பேச்சை முடித்துக்கொள்ளுகிறேன்.”

தங்களுடைய கொள்கைகளில் எந்த விதமான மாறுதலையும் செய்வதற்கு தயாராக இல்லை என்பதைத்தான் இந்த பட்ஜெட் பூராவும் நடந்த விவாதத்தில் பேசியதிலிருந்து எடுத்துக் காட்டுகிறது. குறிப்பாக இந்த பட்ஜெட்டின்மீது எல்லா தரப்பு அங்கத்தினர்களும் பேசியபோது சில நன்மைகளைச் செய்யவேண்டுமென்ற நோக்கத்துடன் பேசப்பட்டிருக்கிறது. இதையே பல கட்சிகளும் வற்புறுத்தி இருக்கின்றன. அதைப்பற்றி திட்ட வட்டமான என்ன நடவடிக்கையும் எடுத்துக்கொள்ளப்போவதாக இது வரையிலும் தெரியவில்லை. எந்த விதமான கொள்கைகளையும் பற்றியும் நமக்கு இதுவரையிலும் விவரங்கள் கொடுக்கப்படவில்லை. அதைப்பற்றிக் கேட்கும்போது சென்ற இரண்டு வருஷங்களாக எந்த பதிலைச் சொல்லிவந்தார்கள் அந்தப் பதிலைத்தான் இப்பொழுதும் சொல்லிக்கொண்டிருக்கிறார்கள். நாட்டிலுள்ள மக்களில் என்பது சத விதமுள்ள விவசாய மக்கள் இன்றைய தினம் சீரழிந்து வருகிறார்கள். விலைவாசியின் வீழ்ச்சியினால் அவர்களுடைய வாழ்க்கை நிலைமை வீழ்ந்துகொண்டு வருகிறது. கிராமங்களில் விவசாயிகளை நிலத்திலிருந்து வெளியேற்றிக்கொண்டு வருகிறார்கள். அதனால் அமைதிக்கு ஏற்பட்டுக்கொண்டிருக்கிறது. இதைப் போலவே பல விஷயங்கள் நடந்துகொண்டிருக்கின்றன. இவைகளைப்பற்றி அரசாங்கம் கணக்கு எடுத்துக்கொண்டதாக தெரியவில்லை. அவர்களுக்காக ஏற்படுத்தப்பட்டிருக்கும் சட்டம் அவர்களுக்கு பயன்படும்படியாக அமுல் நடத்தப்படுகிறதா என்று பார்த்தாலும் அதுவும் நடத்தப்படுவதாகவே தெரியவில்லை. இந்த நிலைமையில் இப்பொழுது மத்திய அரசாங்கத்தின் ப்ளானிங் கமிஷன் நிலசீர்திருத்தம்பற்றி சிபார்சு செய்திருக்கிறது. இங்கு அது எவ்விதம் அமுல் நடத்தப்படுகிறது என்பதைப் பார்க்கவேண்டும். இதைப் போலவே சப்ரமணியம் கமிட்டி சிபார்சு செய்திருக்கிறது. அது சென்ற வருஷமே அமுலுக்கு வரப்போகிறது என்று சொல்லியும் அது தூங்கிக் கொண்டிருக்கிறது. இதன் காரணமாக விவசாயிகளுக்கு எந்த விதமான உத்சாகமும் ஏற்படவில்லை. அங்கத்தினர்கள் சொல்லும் யோசனைகளை எடுத்துக்கொண்டு அவைகளை அமுல் நடத்த முன் வந்தால் தான் நாட்டிற்கு விமோசனம் ஏற்படுமே யொழிய இல்லாவிட்டால் விமோசனம் கிடையாது. விவசாயிகளைப் பற்றி எவ்வளவோ சொல்லியும் அவர்கள் இன்னும் சீரழிந்த நிலையில்தான் இருக்கிறார்கள். இதைப்பற்றி அரசாங்கம் கவனிக்காததால் அவர்களுக்கு விவசாயத்தில் உத்சாகம் இல்லை. இந்த நிலைமையில் என்ன நடக்கிறது? இப்பொழுது சுதந்தரம் வந்திருக்கிறது என்று கூறிக்கொண்டிருக்கிறார்கள். ஆனால் அங்கங்கே மனிதன் மனிதனாக வாழக்கூடிய நிலை ஏற்படவில்லை. இப்பொழுது ஐந்து வருஷ திட்டம் வந்திருக்கிறது என்று சொல்லுகிறார்கள். அப்படிப்பட்ட ஒரு திட்டம் வந்திருப்பதாகவே விவசாயிகளுக்கு இன்னும் தெரியவில்லை. இந்த திட்டம் இருக்கிறது என்று பல மக்களுக்கு தெரியவே தெரியாது. இந்த நிலைமையில் இருந்தால் இந்த திட்டம் வெற்றி பெறவே முடியாது. இதற்கு 2,069 கோடி ரூபாய் ஒதுக்கி இருப்பதாகச் சொல்லப்படுகிறது. மக்கள் இதைப்பற்றி தெரிந்துகொள்ள வேண்டியதாக இருந்தாலும், இதைப்பற்றி தெரிந்து கொள்வதற்கு அவர்களுக்கு என்ன வாய்ப்பு இருக்கிறது. அதன் பலனை அனுபவிக்கப் போகிறவர்கள் அவர்கள்தான் என்ற உணர்ச்சி வேண்டும். இதைத் தட்டி கழிப்பது என்பது முடியாது. இன்றைய தினம் நாட்டின் வருங்கால திட்டம் என்ன? அதற்கு என்ன திட்டம் போட்டாலும் மக்களுடைய பூர்வமான ஒத்துழைப்பு வேண்டும். இதற்கு விவசாய சீர்திருத்தம் மிகவும் அவசியம். இந்த விவசாய சீர்திருத்தத்தை அரசாங்கம் கவனத்தில் எடுத்துக்கொண்டு அடுத்தக் கூட்டத்திலாவது மாகாணம் பூராவிற்கும் ஒரு மசோதாவைக் கொண்டு வந்து அதை இந்த சட்டசபையில் பிரேரேயிப்பார்கள் என்று எதிர்பார்க்கிறேன்.

“அடுத்தபடியாக நீர்பாசனத்தை எடுத்துக்கொண்டால் ஏற்கனவே இதைப்பற்றி கூறி இருக்கிறேன். மாகாணம் பூராவிலும் இந்த நீர்பாசன விஷயமாக அதிகமாக கவனிக்கப்படவில்லை. இந்த நீர்ப்பாசனத்திலுள்ள பலசிக்கல்கள் இன்னும் தீர்க்கப்படவில்லை. உதாரணமாக இராமநாதபுரம் ராஜா இப்பொழுது மந்திரியாக இருக்கிறார். அவருடைய பிர

தேசத்தில் இருக்கக்கூடிய சகல விதமான ஏரிகளும் தூர்ந்துபோய்விட்டன. பெரும்பாலான கண்மாய்கள் அங்கு மேடிட்டிருக்கின்றன. அவைகளில் தண்ணீர் தங்குவது என்பது முடியாத காரியம். இவ்விதம் அவருடைய ராஜ்யத்தில் மட்டும் அல்ல எல்லா ஜமீன் பிரதேசங்களிலும் அப்படித்தான் இருக்கின்றன. அங்கு ராமநாதபுரம் ஜில்லாவில் இருக்கக்கூடிய விவசாயிகள் தங்களுக்கு நிலம் வேண்டும் என்று கேட்பது இல்லை. இருக்கும் நிலத்தை வைத்துக்கொண்டு என்ன செய்வது என்றுதான் கேட்கிறார்கள். இந்த நிலைமையிலேயே இருந்தால் தமிழ் நாட்டின் நீர்ப்பாசனம் இன்னும் சீர்கேடான நிலைமைக்குப் போய்விடும். இதையேதான் பட்ஜெட் பிரசங்கத்திலும் குறிப்பிடப்பட்டிருக்கிறது. ஆகையால் அங்குள்ள எல்லா குளங்களையும் கண்மாய்களையும் சரியான நிலைமைக்குக் கொண்டுவந்தால் அதன் மூலம் பஞ்சம் தீரும் என்பதை இந்த சந்தர்ப்பத்தில் சொல்லிக்கொள்ளுகிறேன்.

“தஞ்சை ஜில்லா கடைசியில் அதாவது சமுத்திரத்திற்கு அருகில் ஆயிரக்கணக்கான ஏக்கர் தரிசு நிலங்கள் சாகுபடிக்கு லாயக்குள்ளவைகளாக இருக்கின்றன. ஆனால் அங்கு தண்ணீர் கிடையாது. எல்லா ஆற்றின் தண்ணீரும் வீணாக சமுத்திரத்தில் போய்விடுகிறது. அங்கு சைபல் வைத்துக் கொடுத்தால் பாசனத்திற்கு வசதியாக இருக்கும். அதனால் அந்த இடங்களில் பம்பு செட்டுகளை அமைத்துக் கொடுத்தால் ஆயிரக்கணக்கான ஏக்கர் நிலங்களை சாகுபடிக்குக் கொண்டுவரலாம். இதைப் பற்றி பல மகஜர்கள் அனுப்பப்பட்டிருக்கின்றன. இதை கவனத்தில் எடுத்துக்கொண்டு உணவு உற்பத்திக்கு வேண்டிய ஏற்பாடுகளை சீக்கிரம் எடுத்துக்கொள்ளவேண்டும் என்று தெரிவித்துக்கொள்ளுகிறேன்.

“அடுத்தபடியாக கண்மாய்களுக்கு மராமத்து செய்யும் சம்பந்தமாக குறிப்பிடும்போது ஒன்றை சொல்லிக்கொள்ள விரும்புகிறேன். ஜமீந்தார்களுடைய நிலங்களை எடுத்துக்கொள்ளும்போது அவர்களுக்கு நஷ்ட ஈடு கொடுக்க வேண்டும் என்ற கொள்கை இப்பொழுது சர்க்காரிடம் இருக்கிறது. அவ்விதமே அவர்களுக்கு சர்க்கார் வாக்குறுதி கொடுத்திருப்பதாகவும் சொல்லுகிறார்கள். ஆனால் இந்த ஜமீந்தாரர்கள் நீண்டகாலமாக வரி வசூல் செய்துகொண்டு வந்தார்களே தவிர, தங்கள் கடமையைச் செய்யவில்லை. கண்மாய்களைப் பழுது பார்க்காது தூர்ந்துபோக விட்டனர். அப்படி கடமை தவறியவர்களுக்கு அவர்கள் நஷ்ட ஈட்டிலிருந்தே பணம் ஒதுக்கி இந்த கண்மாய்களை சீர் செய்வதுதான் நியாயம். இதை ஏன் அரசாங்கம் செய்யக்கூடாது.

“அடுத்தபடியாக கூட்டுறவு சம்பந்தமாக விவாதம் நடந்தபோது இந்த சபையில் பலத்த வாதப் பிரதிவாதங்கள் நடந்தன. அவைகளுக்கு மந்திரி சரியான பதிலும் சொல்லவில்லை. நாங்கள் சொல்வதை எடுத்துக்கொண்டால் அங்கு நடந்துவரும் பல ஊழல்களையும் லஞ்சத்தையும் ஒழித்துவிட முடியும். நாங்கள் சொல்வதின்மேல் நடவடிக்கைகள் எடுத்துக்கொண்டால் கூட்டுறவு இயக்கத்தை இன்னும் எவ்வளவோ நல்ல நிலைமைக்குக் கொண்டுவரலாம். இன்னும் அஜாக்ரதை காட்டினால் அதிக துன்பங்களும் கெடுதல்களும் தான் விளையும். கூட்டுறவு இயக்கத்தினால் என்ன நன்மைகள் ஏற்படவேண்டுமோ அதற்கு மாறாகத்தான் காரியங்கள் நடந்து வருகின்றன. அந்த டிபார்ட்மென்டை சரியானபடி அமுல் நடத்த சட்டங்கள் இருக்கின்றன. அதை சரிவர அமுல் நடத்தினால் அந்த டிபார்ட்மென்டை சரியானபடி காப்பாற்ற முடியும். அந்த டிபார்ட்மென்டு நிர்வாக உத்தியோகஸ்தர்களை கணக்கு பரிசீலனை செய்யும் உத்தியோகஸ்தர்களாகவும் இருக்கிறார்கள். ரிஜிஸ்டிராரும், டிப்டி ரிஜிஸ்டிராரும் தான் இரண்டுக்கும் சர்வாதிகாரிகள். ஆகவேதான் ஊழல்கள் மலிந்திருக்கின்றன. ஆடிட்டின்கையும் நிர்வாகத்தையும் பிரிக்கவேண்டும். டி.யு.சி. சொசைட்டி நிர்வாக அறிக்கையில் அங்குள்ள டைரெக்டர் வெங்கடாசாரியர் ஒன்று குறிப்பிட்டிருக்கிறார். ப்ரைவேட் ஆடிட்டர் கணக்குகளை பரிசீலனை செய்தால் ரூ. 500 அல்லது 700 தான் செலவாகும், ஆனால் கூட்டுறவு டிபார்ட்மென்ட் ஆடிட் செய்தால் ரூ. 20 ஆயிரம் செலவாகிறது என்று எடுத்துக் காட்டி இருக்கிறார். அதற்கு ரிஜிஸ்டிரார் எந்த விதமான

[Sri C. Kandasamy] [27th March 1954]

சரியான பதிலும் சொல்லவில்லை. அதே டிபார்ட்மெண்டு உத்தியோகஸ்தர் களையே வைத்துக்கொண்டு ஆடிட் செய்வதும் கூட அங்குள்ள பிசுக்களை ருசுப்பண்ண முடியவில்லை. ஆனால் மந்திரி என்ன சொல்லுகிறார் என்றால் நாங்கள் ஏதாவது எழுதிக் கொடுத்தால் அதை வைத்துக்கொண்டு நடவடிக்கை எடுத்துக்கொள்ளுகிறோம் என்று சொல்லுகிறார். நாங்கள் இந்த சட்டசபையில் வந்து சொல்வது போதாதா என்று கேட்கிறேன். நாங்கள் இங்கு வந்து பொறுப்போடுதான் சொல்லுகிறோம். நாங்கள் இங்கு பேசுவதையே அடிப்படையாக வைத்துக்கொண்டு அங்குள்ள ஊழல் களைப்பற்றி விசாரணை செய்யலாம். அதன்மேல் நடவடிக்கைகளும் எடுத்துக் கொள்ளலாம். இந்த விதமாக கூட்டுறவு இயக்கத்தை நல்ல முறையில் நடத்துவதற்கு வசதி இருக்கிறது. அதன் மூலம் எவ்வளவோ நன்மை களைச் செய்யலாம்.

“ஜெயில் மானியத்தின்போது அரசியல் கைதிகள் என்ற பேச்சுக்கே இடம் கிடையாது என்று சொன்னார் மந்திரி. இது சரியல்ல. சாதாரண மாகக் குற்றம் செய்வது ஒன்று. அரசியல் காரணங்களுக்காகக் குற்றம் செய்வது வேறு. அரசியல் காரணங்களுக்காக சில குற்றங்களைச் செய்ய அவசியம் ஏற்பட்டிருக்கலாம். அப்படி குற்றம் செய்திருந்தால் எந்த நோக்கத்தில் அந்தக் குற்றங்களை செய்திருக்கலாம் என்பதையும் கவனிக்க வேண்டும். இப்பொழுது நாம் சுதந்தரம் அடைந்திருக்கிறோம். அரசியல் காரணங்களால் பல குற்றங்களைச் செய்திருந்தால் அவர்களை சாதாரணக் கைதிகளைப்போல் நடத்துவது சரியல்ல. இந்தக் கொள்கை நியாயமானது இல்லை. இதனால் வரப்போகிற காலங்களில் பிரதிபலன்கள் ஏற்படலாம். இது வெகுதூரம் நாட்டின் நிர்வாகத்தை பாதிக்கலாம். பல அரசியல் கட்சிகள் நாட்டில் இருக்க வேண்டியது அவசியம். பல அரசியல் காரணங் களுக்காக குற்றங்கள் செய்திருந்து அதனால் தண்டனைப்பட்டாலும்கூட அவர்களுடைய நோக்கத்தை அடிப்படையாகக் கொண்டு அவர்களுக்கு உரிமைகளை வழங்கப்படவேண்டும். அவர்களையும் சாதாரணக் கைதிகளைப் போல் நடத்தப்படுவது சரியல்ல என்பதை தெரிவித்துக்கொள்ளுகிறேன்.

“கடைசியாக கல்வி சம்பந்தமாகப் பேசும்போது எல்லோரும் ஒப்புக் கொள்ளக்கூடிய அளவில் ஒரு உறுதிமொழியையும் அரசாங்கம் கொடுக்க வில்லை. இந்த புதிய கல்வி திட்டத்தினால் இன்றைக்கு பல ஆசிரியர்கள் தங்களுடைய வேலையை விட்டுப்போக வேண்டிய நிலைமை ஏற்பட்டிருக்கிறது. அரசாங்கம், தாங்கள் இந்த மாதிரி செய்யமாட்டோம் என்று சொல்வதில் பிரயோசனம் இல்லை. இந்த திட்டத்தைக் கைவிடாவிட்டால் அது எங்கே கொண்டுவரப்படும் என்பதை கவனிக்கவேண்டும். இந்த திட்டத்தின்படி பதினாயிரக் கணக்கான ஆசிரியர்களை வேலையிலிருந்து நீக்குவதற்கு வசதி இருக்கிறது. இந்த திட்டத்தைக் கையாண்டால் இந்நாடு முன் நோக்கிச் செல்லாமல் பின் நோக்கிச் செல்லும் என்று நான் சொல்லிக் கொள்ளுகிறேன். இதை இந்த அரசாங்கம் கவனிக்காமல் இருக்கிறார்கள் என்பதை சொல்லிக்கொண்டு இத்துடன் முடித்துக்கொள்ளுகிறேன்.”

MR. SPEAKER:—“Still, a large number of Members want to take part in the debate. So, I reduce the time-limit to five minutes.”

SRI T. ANANTA PAI:—“Mr. Speaker, Sir, I do not know how it was relevant for the hon. Gentleman Sri Narayana Kurup to indulge in the criticism of Congressmen in general. I suppose he was doing a bit of propaganda for his Party. He said, ‘The Congressmen, as a whole, seem to feel that wisdom is their monopoly.’ I am not sure whether they feel so because it would be the height of folly on their part to appropriate all the wisdom to themselves. But it looks as though, when a few people left the Congress, they took away all the wisdom with themselves. Then,

[27th March 1954] [Sri T. Ananta Pai]

the hon. Gentleman said, ‘The Congress Party has not been able to do much while it has been in power.’ It is only a case, perhaps, of the vice expecting virtue not to come from its high pedestal and expecting it to achieve great things. Of course, the Congress has been in power for so many years. It has done its best and, whatever its failings might be, its achievements are not small or mean. However, the hon. Gentleman has given a caution or threat that the Party in power must take lessons from what has fallen to its lot in the other States and that if it does not behave well, the same fate might overtake it here also. I have emphasized in my last speech itself that the great tragedy of India is not that the Congress should continue to be in power but that there is not one single Opposition Party which can replace it. The recent elections in Travancore-Cochin alone should show that unless a splinter Party is supported by the Congress, it would not continue to be in power. I would not like to say anything more about it.

“Now, I would like to revert to the discussion on the Budget. Considerable literature has been placed in our hands giving us information as to what the Government propose to do. But I agree with the hon. Gentleman Dr. Menon that some more information should have been given to us just to see and judge to what extent the various departments of the Government have fulfilled the targets that have been placed before them. The reports that are published by each department are placed in our hands after two or three years when it becomes useless for us to make any comments on them. Along with a number of Budget Memoranda or Budget proposals or a number of books that are placed in our hands, I wish the Government also placed in our hands a resume of all the works that had been completed in the previous year, the amount that had been spent and the various schemes that had been completed, so that we might be able to sit in judgment over the qualitative progress that the State has made under various heads.

“Then, when block grants are asked for and when even items of expenditure up to Rs. 5,000 or Rs. 10,000 are brought before the House, particularly in the matter of irrigation and electricity, I do wish that at least the number and the names of the schemes that are likely to be taken up might be placed before the House so that we, the Members of the Assembly, might see whether there is a chance of any scheme relating to our own constituencies being executed and, if not, we might place before the Government what exactly we think about it and try to get priority for it if it deserves it. From that point of view, I would request the Hon. the Finance Minister to consider the question of constituting an Estimates Committee so that the Legislature may know the various items of expenditure beforehand rather than those estimates being presented as a *fait accompli*. I hope this suggestion will be considered for what it is worth.

“Then, the Hon. the Finance Minister has drawn our attention to the fact that we are short of the target by nearly Rs. 2½ crores so far as the Five-Year Plan is concerned. He has stated

[Sri T. Ananta Pai] [27th March 1954]

that we have fallen short of the targets, particularly, in regard to nation-building activities like public health, irrigation, public works and education. I am not worried as to whether we have fallen short of, or exceeded, the target, so far as expenditure is concerned. What we are really concerned with is this. What was the number of schools that we wanted to have within a particular time? What was the number of wells that we wanted to dig during the specified period? What were the irrigation schemes that we wanted to have and what was the number of children that we wanted to bring into the schools? What was the number of hospitals that we wanted to have and how many doctors and nurses did we want to train during that period? To what extent have we been able to fulfil these targets? This question is more important than what amount of money we have spent because ultimately, it is not the quantity or amount of money spent that counts but the qualitative achievements that we have been able to make, even under the Five-Year Plan that count. So, I would request that greater emphasis may be laid on reaching the targets placed before us than trying to see that we incur the expenditure that has been fixed.

“I won't take any more time except to say that even in the matter of taxation measures, it would have been better for the Hon. the Finance Minister to give us an indication of how much revenue each measure is going to bring in rather than an omnibus estimate that these measures of taxation are likely to bring in so much money, because it is legitimate on the part of the public to ask, 'Why do you want to impose a number of taxation measures if one of them can get you all the revenue that you want?' In the light of these remarks, I would request the Hon. the Finance Minister to give, in future, all the details that we ask for in this House.”

SRI A. VELOO :—“கனம் சபாநாயகர் அவர்களே, கனம் நிதி மந்திரி அவர்கள் பிரேரித்திருக்கும் நிதி ஒதுக்கல் மசோதாவைப்பற்றி சில வார்த்தைகள் பேச விரும்புகிறேன். நமக்கு சுதந்திரம் வந்த பிறகு, ‘எல்லா மக்களும் சமம்’ என்று சொல்லியும் எல்லா மக்களையும் சமமாகவே நடத்துவோமென்றும் சர்க்கார் உத்தரவு இட்டிருக்கிறார்கள். இருந்தாலும் போலீஸ்காரர்கள் தாழ்த்தப்பட்ட மக்களை மிகவும் கொடுமையாக நடத்துவதை இந்தச் சபையின் கவனத்துக்குக் கொண்டுவராமலிருக்க முடியவில்லை. நாம் போலீஸ் இலாக்காவிற்காக சுமார் 4 கோடி ரூபாய் ஒதுக்கியிருக்கிறோம். அமைதியையும் நீதியையும் நிலைநாட்டவேண்டிய அவர்கள் எல்லா மக்களையும் சரிசமனாகப்பாவிக்காமலும் தாழ்த்தப்பட்ட மக்களை மிகக் கேவலமாகவும் நடத்துகிறார்கள். ‘மரியாதை வாரங்கள்’ நடத்துகிறோம் என்று சொல்லிக்கொண்டு இதுமாதிரியாக தாழ்த்தப்பட்ட மக்கள் வசிக்கும் சேரிக்குள் புகுந்து துன்பப் படுத்துவதும், திருட்டுக் குற்றம் ஏதாவது எங்கேயோ நடந்துவிட்டால் அதற்காக தாழ்த்தப்பட்ட மக்களை சந்தேகித்து போலீஸ் ஸ்டேஷனுக்கு இழுத்துச் சென்று அடிப்பதும், அவமானப்படுத்துவதும் போன்ற காரியங்கள் இனிமேலும் நடக்காமல் இருக்கும்படி சர்க்கார் தக்க நடவடிக்கையை எடுத்துக் கொள்ள வேண்டுமென்றும் தாழ்த்தப்பட்ட மக்களிடத்திலே மனிதத்தன்மையுடன் நடந்துகொள்ளவேண்டும் என்றும் சர்க்கார் உத்தரவிடவேனுமாய் நான் கேட்டுக்கொள்கிறேன்.

“விவசாயிகளுக்குக் கடன் கொடுப்பது சம்பந்தமாக பல சமயங்களில் பேசப்பட்டது. கடன் கொடுப்பதற்கு வேண்டிய பல வசதிகளைச் செய்து கொடுத்திருப்பதாக கனம் மந்திரி அவர்கள் பதில் சொன்னார்களே தவிர பெருவாரியான இடங்களில் கடன் கொடுக்கப்படவில்லை. குறிப்பாக மாயூரத்தில் விவசாயக் கடன் கோரி ஒருவர் விண்ணப்பம்போட்டு இரண்டு ஆண்டுகளுக்குமேல் ஆகிறது. இன்னமும் பணம் அவருக்குக் கொடுக்கப்படவில்லை. கேட்டால் அதற்கு நாங்கள் அந்த மனுவைப் பரிசீலனை செய்து கொண்டிருக்கிறோம் என்பதாக இன்னும் பலவித சாக்குகள் கூறி பதில் அளித்திருக்கிறார்கள். ஐந்தாண்டு திட்டத்தின் மூலம்மாக விவசாயிகளுக்கு பலவிதமான வசதிகள் செய்து கொடுக்கப்படுவதாகச் சொல்லப்படுகிறது. ஆனால் அத்திட்டத்தின்படி சேரி அபிவிருத்திக்கு என்று ஒரு பகுதியை ஒதுக்கிக் கொடுத்தால் நலமாக இருக்கும். குறிப்பாக குடிதண்ணீர் வசதி ஒவ்வொரு கிராமத்திற்கும் செய்து கொடுப்பது மிகவும் முக்கியமும் அவசியமானதாய் இருக்கவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன். மேலும் சுகாதார அதிகாரிகள் கிராமப்புறங்களுக்குப் போவதில்லை. அவர்கள் அவ்விதம் போகாமல் இருப்பதற்குக் காரணம் சரியான ரோடு வசதிகள் தங்களுக்குக் கிடையாது என்று சொல்லுகிறார்கள். இது உண்மையே. ஆகவே கிராமப்புறங்களில், அதிலும் தாழ்த்தப்பட்ட மக்கள் வாழும் பிரதேசங்களில், குடி தண்ணீர் வசதி, நல்ல போக்குவரத்து வசதி இவைகளை எல்லாம் செய்து கொடுக்கவேண்டுமென்று நான் கேட்டுக் கொள்ளுகிறேன்.

“மாயூரம் நகர சபையார், முனிசிபல் வெப்ஸ்டர் காய்கறி மார்க்கெட் கட்டிடம் வைத்திருந்தார்கள். அதில் சமீபத்தில் நடந்த ஒரு தீ விபத்தின் காரணமாக, மார்க்கெட்டில் நெருப்புப்பற்றிக்கொண்டு சுமார் 16 கடைகளுக்குமேல் எரிந்துவிட்டன. அவைகளைத் திரும்பவும் கட்ட 50 ஆயிரம் ரூபாயில் எஸ்டிமேட் போட்டு அதை பள்ளாணிங் கமிஷனும் ஒப்புக்கொண்டிருக்கிறது. நகர சபையார் சர்க்காரைக் கடன் கேட்டிருக்கிறார்கள். ஷே மார்க்கெட் புதுப்பிக்கவேண்டியதற்காக சர்க்கார் மயூரம் நகர சபைக்கு கடன்கொடுத்து உதவவேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன்.

“தாழ்த்தப்பட்ட மக்களுக்கு குடியிருப்பு வசதிகளைச் செய்து கொடுப்பதற்காக சர்க்கார் கூட்டுறவு ஸ்தாபனங்கள் மூலம் கடன் கொடுத்து, நல்ல முறையிலே, குறைந்த செலவிலே வீடுகள் கட்டிக்கொடுத்து உதவவேண்டுமென்று நான் சர்க்காரை வற்புறுத்திக்கேட்டுக்கொள்ளுகிறேன்.

“தாழ்த்தப்பட்ட மக்கள் வசிக்கும் இடங்களில் உள்ள பள்ளிக்கூடக் கட்டிடம் சம்பந்தமாக நான் சில வார்த்தைகளைச் சொல்ல ஆசைப்படுகிறேன். குறிப்பாக சேரிகளில் இருக்கும் பள்ளிக்கூடங்கள் எல்லாம் வாடகை இடங்களிலேயே வாடகைக் கட்டிடங்களாகவே இருக்கின்றன. மேலும் சுகாதார வசதியற்ற இடங்களில்தான் அவைகள் அமைக்கப்பட்டிருக்கின்றன. தற்போது நகரங்களில் கார்ப்பரேஷன் குறைந்த செலவில் சுகாதார முறைப்படி பள்ளிக்கூடக் கட்டடங்களைக் கட்டுவதைப் போலவே சர்க்காரும் தாழ்த்தப்பட்ட மக்கள் வாழும் பிரதேசங்களில் பள்ளிக்கூடங்களைக் கட்டித் தரவேண்டுமென்று நான் கேட்டுக் கொள்ளுகிறேன்.

“கடைசியாக கிராம மக்கள் வைத்திய வசதியின்றி மிகவும் கஷ்டப்படுகிறார்கள். குறிப்பாக இன்றையதினம் பல கிராமங்களில் வசிக்கும் மக்கள் ஆஸ்பத்திரிகளுக்குச் செல்லவேண்டுமென்றால் குறைந்தது பத்துப் பதினைந்து மைல்களுக்கு அப்பாலுள்ள நகரங்களுக்குப் போகவேண்டியிருக்கிறது. ஆகவே சர்க்கார் இதை கவனித்து கிராமங்களிலுள்ள தாழ்த்தப்பட்ட மக்களின் நலனுக்காகவும் பெரும் பகுதியான பிற்போக்கு வகுப்பு மக்கள் நலனுக்காகவும் மூன்று நான்கு மைல் சுற்றளவுக்குள் ஒரு ஆஸ்பத்திரி அமைத்துக்கொடுக்கவேண்டியது ரொம்பவும் அவசியமாகும். அதோடு ஆனாரி டாக்டர்களில் பலரை நடமாடும் ஆஸ்பத்திரிகள் (moving hospitals) மூலமாக கிராமங்களுக்குச் சென்று வைத்தியம் செய்ய ஏற்பாடுகள் செய்வது மிகவும் நன்றாக இருக்கும். ஆரம்பத்தில் குறிப்பாக மாதத்திற்கு ஒரு முறை இவர்கள் சென்றாகூட போதும்.

நடைமுறையில் கொடுக்கப்படவில்லையென்று ஒரு கேள்வி போட்டிருக்கிறேன். அதற்கு இன்னும் பதிலளிக்கப்படவில்லை. சர்க்கார் காரியதரிசியிடம் சென்றும் இதைப்பற்றி விசாரித்தேன். இதுபற்றித்தான் சர்க்கார் தீவிரமாக ஆலோசனை நடத்திவருவதாகச் அவர் சொன்னார். அதன் பேரில் இக்கூட்ட முடிவிற்குள் சர்க்கார் ஒரு பதில் எனக்கும் கொடுப்பார்கள் என்று நினைத்தேன். இதுவரையிலும் அதற்கு பதில் கொடுக்கப்படவில்லை. நிதி அமைச்சரும், கல்வி அமைச்சருமாகிய கனம் ஸ்ரீ சி. சுப்பிரமணியம் அவர்கள் இது சம்பந்தமாக விஷயத்தை சீக்கிரம் கவனித்து ஒரு தக்க ஏற்பாட்டைச் செய்யவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன். குறிப்பாக பள்ளிக்கூடத்திற்குச் சென்று கொண்டிருக்கும் இந்தப் பிற்பட்ட மாணவர்கள் பலர் சம்பளப்பணம் கட்ட வழியின்றி படிப்பை நிறுத்திக் கொண்டு வருகிறார்கள். அதேபோல காலேஜில் படித்துக்கொண்டிருக்கும் மாணவர்கள் பலர் படிப்பை நிறுத்திக் கொண்டிருக்கிறார்கள். அவர்களுக்கு உடனே முழுச்சம்பளச் சலுகை கொடுக்கவேண்டுமென்று நான் கேட்டுக்கொள்கிறேன். குறிப்பாக திருச்சிராப்பள்ளி, தஞ்சாவூர், சேலம் போன்ற இடங்களிலிருக்கும் பட்டையாச்சிகளுக்கு இந்தச் சலுகை உண்டென்றாலும், அது ஏன் கொடுக்கப்படவில்லையென்று பள்ளி அதிகாரிகளைக் கேட்டதற்கு, அவர்கள் தங்களை வன்னியகுல க்ஷத்திரியர்களாக அழைத்துக்கொள்வதால்தான் இந்தச் சலுகை அளிக்கப்படவில்லையென்றும் இதைப்பற்றி கல்வி அதிகாரிக்கும், அரசாங்கத்திற்கும் கடிதம் எழுதியிருப்பதாகவும் பதில் வந்தவுடன் சம்பளச் சலுகை அளிப்பதாகவும் சொல்லுகிறார்கள். ஆனால் இதுவரையிலும் கல்வி அதிகாரியிடமிருந்தோ, அல்லது அரசாங்கத்திடமிருந்தோ எந்த விதமான பதிலும் வரவில்லை. இதை சர்க்கார் சீக்கிரம் கவனித்து அந்த ஏழை பிற்பட்ட சமூகத்தைச் சேர்ந்த மாணவர்களின் பால் அக்கரை கொண்டு கருணையோடு சம்பளச் சலுகை இவர்களுக்கும் கொடுக்கவேண்டுமென்று உத்தரவிடவேண்டுமென்றுதான் கேட்டுக்கொள்கிறேன்.

“அடுத்தப்படியாக பொதுவாக ஒரு குற்றச்சாட்டைச் சொல்ல விரும்புகிறேன். அதாவது இந்தச் சர்க்கார் பல சட்டங்களைப் போட்டு விடுகிறார்களே தவிர சட்டத்தை அமூல் நடத்தவேண்டுமென்ற கொஞ்சம்கூட முயற்சி எடுத்துக்கொள்வதில்லை. இதற்குப் பல உதாரணங்களைக் கொடுக்க முடியும். முன்பு ஒரு உதாரணம் சொன்னேன். மறுபடியும் இன்னொரு உதாரணத்தைக் கொடுக்க விரும்புகிறேன்.

“கோயில்களில் மிருகபலி கொடுக்கக்கூடாது என்று இந்தச் சர்க்கார் சென்ற மந்திரி சபையின் காலத்தில் ஒரு சட்டத்தை இயற்றியிருக்கிறார்கள். ஆனால் அந்தச் சட்டம் அமூலில் இருக்கிறதாயென்று பார்த்தால் அம் மாதிரி அமூலில் இல்லாமல்தான் இருந்து கொண்டிருக்கிறது. என்னென்றால் பல இடங்களில் இன்னும் பல கோயில்களில் மிருகபலிகள் இடப்பட்டுக்கொண்டு வருகின்றன. உதாரணமாக 1954-ம் வருஷம் மார்ச்சு மாதம், 19ந்தேதி அன்று மாயவரம்-தாலுகாவில் செம்பங்குடி என்ற ஊர் தேவதையின் கோயிலில் மிருக பலிகள் கொடுக்கப்பட்டிருக்கின்றன. இதை அனேக மக்கள் பார்த்திருக்கிறார்கள். சர்க்கார் சார்பில் போலீஸ் சப்-இன்ஸ்பெக்டர், போலீஸ் கான்ஸ்டபிள்கள் போன்ற எல்லோரும் பார்த்திருக்கிறார்கள். ஆனால் அவர்கள் யாரும் இம்மாதிரி மிருக பலி இடுவதைத் தடுக்க முன்வரவும் இல்லை. மிருக பலி கொடுத்தவர்களின் மீது மேற்கொண்டும் நடவடிக்கை எடுக்கவும் முன்வரவில்லை. இதைப் பற்றி சர்க்காருக்கும் தெரிவிக்கப்பட்டிருக்கிறது. இதைப்போல சட்டங்களைக் கொண்டு வந்துவிடுகிறார்களே தவிர சட்டங்களை அமூல் நடத்தவேண்டும் என்று இந்தச் சர்க்கார் நினைப்பது கிடையாது. இது ரொம்பவும் வருந்த வேண்டிய விஷயம். இனி எந்தச் சட்டம் போட்டாலும் அந்தச் சட்டத்தை அமூல் நடத்துவதற்குவேண்டிய நடவடிக்கையை சர்க்கார் எடுக்கவேண்டுமென்று சொல்லிக்கொண்டு நான் முடித்துக்கொள்ளுகிறேன்.”

‘SRI K. R. SAMBANDAM :—“கனம் சபாநாயகர் அவர்களே, இந்த மசோதா சம்பந்தமாக ஒரு சில விஷயங்களை சர்க்காருடைய கவனத்திற்குக் கொண்டுவர ஆசைப்படுகிறேன். குறிப்பாக, இந்த கூட்டுறவு இயக்கத்தில்

[27th March 1954] [Sri K. R. Sambandam]

விருக்கிறவர்களிலே பெரும்பாலானவர்களை பொதுமக்களால் நடத்தப்படுகிற சொஸைடிகளுக்கு அனுப்புவதால் இந்த இயக்கமானது வெகுவாக பாதிக்கப்படுகிறது. அதுமட்டுமல்ல. கூட்டுறவு சங்கங்கள் கடைகளோ, சொஸைடிகளோ எங்கெங்கு ஏற்பட்டிருக்கிறதோ அந்தக் கணக்குகளை யெல்லாம் தணிக்கை செய்வதற்கு கூட்டுறவு சங்க டெபுடி ரிஜிஸ்திரர்களே அனுப்பப்படுகிறார்கள். அந்த மாதிரி செய்வதிலே கூட்டுறவு இயக்கத்திலே ஏற்படும் ஊழல்களை தாங்களே மறைப்பதற்கு ஒரு சந்தர்ப்பம் ஏற்பட்டு இருக்கிறது. அந்த மாதிரி இல்லாமல் இன்றைக்கு சர்க்காராலே ஜில்லா போர்டு, முனிசிபாலிட்டி முதலிய இடங்களெல்லாம் கணக்குகளைத் தணிக்கை செய்வதற்கு சர்க்காராலே செய்திருக்கும் ஏற்பாட்டின்படியே இதையும் பரிசீலனை செய்தால் அந்த மாதிரியான ஊழல்கள் நடவாத நிலைமை ஏற்படும்.

“கூட்டுறவு இயக்கத்திற்கு ஒதுக்கப்படும் பணமெல்லாம் புதிது புதிதாக டிராப்ட்மென்டை விரிவு படுத்துவதற்காக செலவிடப்படுகிறதே தவிர, கூட்டுறவு இயக்கத்தின் எண்ணங்கள், கூட்டுறவு இயக்கத்தினால் மக்களுக்கு ஏற்படக்கூடிய நன்மையைப்பற்றியும், பயன்படக்கூடிய நிலைமையில் இன்றைக்கு இல்லை. அந்த மாதிரி அதற்கு ஒதுக்கப்பட்ட பணங்கள் வீணாக அதிகாரிகளை அதிகப்படுத்துவதற்காக செலவழிக்கப்படுகிறது. பத்து ஆண்டுகளாக கூட்டுறவு இயக்கங்கள் எந்த நிலைமையில் இருக்கிறதென்றால் அதிலும் எந்த இயக்கத்தை எடுத்துக்கொண்டாலும் ஏற்கனவே கண்டி ரோல் இருந்தபோதுதான் ஓரளவு லாபம் வந்ததே தவிர, இப்பொழுதெல்லாம் நஷ்டத்திலே நடத்தப்படுகிறது. வியாபார முறையிலே அங்கிருக்கக்கூடிய பொதுமக்கள் அதை நடத்தி வந்தால், அதனுடைய லாபநஷ்டங்களைத் தெரிந்துகொள்ளலாம். கூட்டுறவு இயக்கத்திலே இருக்கிற அதிகாரிகளை அந்த சொஸைடிகளை நடத்தும்படியான நிலைமை ஏற்படும்போது, லாப நஷ்டத்தைப் பார்க்காமல் அது இன்றைக்கு சொஸைடி என்ற முறையில் இருக்கிறதே தவிர மற்ற வியாபாரிகள் நடத்தும்படியான கடைகளைப்போல் இல்லை. ஆகையால், அதை முக்கியமாக கவனிக்கவேண்டுமென்று நான் கேட்டுக்கொள்கிறேன்.

“நம்முடைய திட்டத்திலே பிரசவ வார்டுகள் (Maternity Ward) ஒவ்வொரு இடத்திலே அமைக்கப்படுகிறது. அந்தப் பிரசவ விடுதிகளில் பெண்கள் பிரசவத்திற்கும் அனுமதிக்கிறார்கள். அனுமதிக்கும்போது சுகப் பிரசவ கேஸ்களை அதில் வைத்துக்கொள்ளுகிறார்களே தவிர, கஷ்டமான ஆபுத பிரசவங்கள் வரும்போது ‘பிரசவ ஆஸ்பத்திரிகளுக்கு எடுத்துக் கொண்டுபோங்கள்,’ என்று டாக்டர்கள் சொல்லுகிறார்கள். இந்த நிலைமை ஏற்படும்போது பிரசவத்திற்குக் கஷ்டப்படும் பெண்கள் ஆஸ்பத்திரிகளுக்குக் கொண்டுபோகும்போது இறக்கிறார்கள். அங்கு போய் சுகல விதமான கஷ்ட நஷ்டங்களுக்கும் ஆளாகிறார்கள். அந்த நிலைமை இல்லாமல் Maternity Ward என்று சொல்லும்போது பெண்களுக்கு ஏற்படும் எல்லாவிதமான சிக்கல்களுக்கும் சிகிச்சை செய்யக்கூடிய முறையில் இருக்கவேண்டுமென்று நான் சொல்லிக்கொள்ள ஆசைப்படுகிறேன்.

“உதாரணமாக, மாயூரத்தில் Maternity Ward ஏற்படுத்தப்பட்டிருக்கிறது. அது தருமபுர ஆதீனத்தாரால் கட்டப்பட்டு அதற்குவேண்டிய படுக்கைகளை அமைத்திருக்கிறார்கள். அதை சர்க்கார் எடுத்துக்கொண்டு நடத்தவேண்டுமென்று சொன்னபோது, முடியாதென்று சொல்லிவிட்டார்கள். இப்பொழுது முனிசிபாலிட்டியார் நடத்திக்கொண்டு வருகிறார்கள். அவர்களும் பணம் இல்லாத காரணத்தால் தருமபுர ஆதீனத்தாரை எடுத்துக்கொண்டு நடத்தவேண்டுமென்றும், முனிசிபாலிட்டியாரால் நடத்த முடியாதென்றும் சொல்லுகிறார்கள். அங்கு பிரசவத்திற்கு போகும் பெண்களை சலப்பமான பிரசவமாக இருந்தால்தான் அங்கு வைத்துக் கொள்ளுகிறார்களே தவிர, அப்படியில்லாமல் கஷ்டமான பிரசவ கேஸ்களை ஆஸ்பத்திரிக்கு எடுத்துச் சொல்லும்படியாகச் சொல்லுகிறார்கள். வே, மாயூரம் சர்க்கார் ஆஸ்பத்திரியிலுள்ள பெண் டாக்டரை இந்த மெட்ரீனிட் வார்டையும் சேர்த்துப்பார்ப்பதற்கு ஏற்பாடுசெய்துவிட்டால்,

[Sri K. R. Sambandam] [27th March 1954]

அது செளகரியமான முறையில் இருக்கும். ஆகையால், இந்த விஷயத்தை சர்க்கார் உடனடியாகச் செய்யவேண்டுமென்று கேட்டுக்கொண்டு என்னுடைய பேச்சை முடித்துக்கொள்கிறேன்.”

* SRI T. C. NARAYANAN NAMBIAR :—“ Mr. Speaker, I wonder whether the Hon. Ministers are taking note of the various demands and criticisms made on the floor of the House. I say this, because in the last three or four budget discussions, so many demands and criticisms have been made. But I am sorry to observe that most of them, 99 per cent of them, as far as the various constituencies are concerned were not at all taken note of. I should think that only on this practice, the Hon. the Chief Minister on the last occasion said that the needs and demands of the particular constituencies should not be taken note of, but the interests of the State as a whole should be taken into consideration. I am forced to refer to this matter, because even during this budget session, various points have been raised and various demands have been made and various criticisms have been levelled against the administration. I hope at least this time, the Government will take note of all these things and see that they are properly and expeditiously attended to.

“ I now pass on to another matter, and that is about questions. As soon as the General Elections were over in 1951, some important questions were sent. I know, Mr. Speaker, that you have admitted them and sent them to the various departments. Let me quote an instance in support of my argument. In 1948, certain houses of peasants were taken over by the Police and village munsifs, and they were not returned to the respective parties even long after the crises were over. With regard to this matter, we sent our question. I was asked to give some facts and figures which I readily supplied. For the last three years, that question is pending with the Government.”

THE HON. SRI C. SUBRAMANIAM :—“ It cannot be three years. We have been here in the last two years only.”

* SRI T. C. NARAYANAN NAMBIAR :—“ Whatever it is, we sent our question in early January, just before the formation of the Ministry. That can be verified from the records.

“ With regard to education, of course, we dealt with that subject yesterday. However, I wish to refer to one aspect, and that is with reference to the cancellation and suspension of teachers' certificates and our request to the Government to restore them. The Hon. Leader of the Opposition also referred to this point in his speech. But, it is unfortunate that the Hon. the Minister for Finance and Education did not take note of it. I do not know why the Hon. the Education Minister was telling the other day that as long as he was the Education Minister, he will not allow the teachers to participate in politics as that would mean deterioration in the standard of the schools and as that would create difficulties in the conduct of schools. I deprecate this attitude, Sir. I know the certificates of many of the teachers have been cancelled.

[27th March 1954] [Sri T. C. Narayanan Nambiar]

As a matter of fact my own certificate was also cancelled. I am a declared communist and so I am not referring to that now. I am only referring to the cancellation of certificates belonging to a number of teachers who did not have anything to do with party politics. In many cases, the certificates of the teachers have either been cancelled or suspended, without any enquiry. On the floor of this Assembly, this is the fourth time that I am speaking about this matter. I have even challenged the Government in my first speech when I said that the certificates of those who were not teachers at that time were also cancelled. In their hurry to victimise certain people in the list submitted by some Congressmen, the names of innocent people, sometimes non-teachers were included. One Ambukutty of Cherukunnu village in Chirakkal taluk has also been included. In the villages, literate and educated people are used to be respectfully called by the peasants as 'master, master'. In this manner, this Ambukutty was also called 'Ambukutti master'. For the simple reason that this word 'master' was added to his name, his name was also included in the list, though in actual fact he was not a master, and he had no certificate to be cancelled. I am quoting this incident only to point out how things are being carried on without any enquiry and without following the democratic principles and how such injustice is being meted out to innocent people. I am really sorry to note that even now the Government are not paying any attention to this matter. I want to refer to another most important matter.”

MR. SPEAKER :—“ Which is unimportant matter? The hon. Member has only one more minute.”

SRI T. C. NARAYANAN NAMBIAR :—“ With regard to the jaggery manufacturing societies, I wish to state that it is a traditional cottage industry in Malabar. Without infringing the Prohibition rules, the Government must come forward to help this industry in Malabar. About 30,000 ex-tappers will be greatly helped if this industry is given some encouragement. It is a traditional cottage industry. To-day we import 'vellam' and 'sugar' from outside to Malabar much to the detriment of this cottage industry. I request the Hon. Minister concerned with this subject to look into this matter and see that justice is rendered to a large number of people who will be greatly helped if this cottage industry is encouraged.”

THE HON. SRI C. SUBRAMANIAM :—“ Mr. Speaker, Sir, I am sorry the debate has not given me any inspiration (laughter) to make any reply in any detailed manner. I have been listening very closely and I may tell hon. Members that the debate has been following the same pattern as in a general debate on the Budget. This complaint I made even during last year and suggested to the Leaders of the Opposition Parties to arrive at a convention as to the matters which should be discussed during the various stages of the Budget discussion. Now we are at the closing function of

[Sri C. Subramaniam] [27th March 1954]

the 1954-55 Budget proposals and with the passing of this Appropriation Bill, we would have finalized the Budget for the coming year.

"Sir, I have been in charge of this portfolio of Finance for the last two years. Whatever else I may claim or may not claim, I may assure the Members of the House that we have been able to manage the financial affairs of this State at a very critical period. If hon. Members would go through the Budget proposals for the previous two years and also the revised estimate and the actuals with reference to the revenue and with reference to the expenditure, I am sure, they would agree with me that we have tided over a very very difficult period in the financial history of our State, even if it had become necessary to get the Central assistance to the tune of nearly Rs. 40 crores on the whole. But hon. Members have been criticising that we have not been able to meet their demands in respect of their constituencies and also other general demands. I wish it were possible to do so, but as I already stated on another occasion, the things we have got to achieve are so many and so great—and they would involve an expenditure of crores of rupees—that it will not ordinarily be possible, humanly possible, to meet all those demands within a measurable period of time. I should think that because we all want, in respect of our own constituencies and in respect of our own areas, the fulfilment of the wants and needs which have been accumulating for centuries together, they could be achieved within a few years. That is why we have formulated a plan with reference to the resources available and the achievements which we could aim at with reference to those resources. Therefore, if the hon. Gentleman, Mr. Nambiar, has made a specific charge on the floor of this House that in spite of the fact that for the last two years hon. Members have been making demands in respect of their constituencies, they have not been met properly, I plead guilty to that charge. Because, it would have meant spending further crores of rupees, not only this 30 or 35 crores of rupees which we have received from the Central Government, but another 100 crores. But if we had been able to get that also, perhaps we would have been able to meet a major portion of the demands made on the floor of this House. Therefore in spite of the difficult periods and strained circumstances due to droughts prevailing here, the unemployment situation prevailing here and due to production not only on the agricultural sector but on the industrial sector also having gone down, in spite of all these difficulties, we were able to keep ourselves floating all these years. Let me assure hon. Members that we have tided over the crisis and, I hope I am not wrong in my estimate, that we are entering a period of normalcy. I am hoping and it is my prayer that in 1954-55, we will have a normal year and our expectations will be fulfilled and in 1955-56, whoever is called upon to present the Budget, I am sure, he will have a more comfortable time and then, those coming to take charge of it will realize what a great difficult period we have tided over. The present sacrifices and the present difficulties which we have undergone, I am sure, will pave the way for the future generations and

[Sri C. Subramaniam] [27th March 1954]

that is my only hope and with that satisfaction I can tell this Hon. House and you, Sir, that I have carried on as Finance Minister to the best of my ability. My only prayer is that hereafter these droughts, these unnatural happenings like floods, cyclone, etc., may not occur—we cannot prevent these things occurring and they will occur—and even if they should occur, they may not occur on the same scale. I am sure that our people are brave enough, courageous enough to face all those difficulties. While we are prepared for the worst, I am hoping for the best. I have absolutely no doubt that hon. Members will share my hope and those who believe in God will share in my prayer also, that the future of our State should become brighter and that it should be possible for our people to get at least their essential needs met. That is what we are fighting for now, that is what we are working for; still we have not been able to supply to our people, especially in the rural areas, the bare necessities of their life. That is the tragedy of our country, that is the tragedy of the poverty to which we have been reduced. Still, we are trying our best to work our way through all these difficulties to prosperity and it has often been said that this working towards prosperity cannot be achieved in a moment or within a year. We have to toil hard and toil hard not for a short period, but for a long period, so that all our poverty and all our shortcomings in the various sectors will be overcome and we will be able to tell our people that we have been able to give them the bare necessities of life at least. In that hope, I would request hon. Members to co-operate with the Government, not only co-operate with the Government but create a proper atmosphere within the country, so that it may be possible for the Government and the people to work together, to pull together, so that it may be possible within a measurable time to say that we have achieved what we had aimed at, what we had targeted for. Unless we pull together and work together and co-operate in a spirit of friendliness, in spite of our targets fixed under the plan, in spite of our schemes, we will not be able to achieve anything particular. I appeal, through you, Sir, to hon. Members of this House and to the people in our State to develop that atmosphere of friendliness and co-operation and work for the prosperity of our State.

"I hope, Sir, when we pass this Appropriation Bill, it is but proper that I should thank all the hon. Members for having participated in this Budget discussion in a very friendly way—even though there might have been heat produced here and there, still generally it has been friendly—and for having made constructive suggestions to the Government and more than that for encouraging me in fulfilling my task as Finance Minister and making that task easier.

"Thank you, Sir, and thanks to hon. Members once more."

MR. SPEAKER :—"The question is—

'That the Madras Appropriation Bill, 1954, be taken into consideration at once.'"

[27th March 1954]

The motion was put and carried.

Clauses 2 and 1 and the Preamble and the Schedule were separately put and carried.

THE HON. SRI C. SUBRAMANIAM :—" Sir, I move—

' That the Madras Appropriation Bill, 1954, be passed into law. '

MR. SPEAKER :—" The question is—

' That the Madras Appropriation Bill, 1954, be passed into law. '

The motion was put and carried and the Bill was passed into law.

THE MADRAS LEGISLATIVE COUNCIL

Tuesday, the 30th March 1954.

The House met in the Council Chamber, Fort St. George, at half-past two of the clock, Mr. Chairman (THE HON. DR. P. V. CHERIAN) in the Chair.

THE MADRAS APPROPRIATION BILL^a, 1954 (L.A. BILL NO. 9 OF 1954).

THE HON. SRI C. SUBRAMANIAM :—" Mr. Chairman, Sir, I beg to move—

' That the Madras Appropriation Bill, 1954 (L.A. Bill No. 9 of 1954), as passed by the Legislative Assembly be taken into consideration. '

I do not propose to make any speech at this stage. Whatever I have to say, I shall do so in my reply."

MR. CHAIRMAN :—" Motion moved—

' That the Madras Appropriation Bill, 1954 (L.A. Bill No. 9 of 1954), as passed by the Legislative Assembly be taken into consideration. '

SRI T. PURUSHOTHAM :—" Mr. Chairman, I did not intend to intervene in the discussion at this stage but, as you know, Sir, I have given notice of three recommendations to be moved by me in connection with the Madras Appropriation Bill, 1954. As those recommendations have not been included in the agenda, I thought I could mention them now and I thank you, for having called me to speak now.

" The recommendations that I wanted to move in connection with this Bill are of a general nature. First, I propose that a Standing Committee of Experts be appointed to scrutinize the estimates for various works coming up for the sanction of Government from the various departments at Government level. I propose this kind of a Standing Committee of Estimates . . . "

AN HON. MEMBER :—" For moneys now spent! "

[30th March 1954]

SRI T. PURUSHOTHAM :—“ I propose it generally for the future because estimates for works costing over a lakh of rupees are to be sanctioned by the Government and there is no technical expert at Government level to scrutinize such estimates. Provision is made in the Appropriation Bill for several projects and they are sanctioned by the Legislature. Sir, I feel that there should be an expert committee to advise the Government on such schemes apart from the departmental heads who send such proposals. A Board of three eminent engineers consisting, perhaps of two retired Chief Engineers to Government and one private Consulting Engineer should be appointed so that the Government may have the benefit of their expert advice. The Legislature will then accord with greater confidence sanction for such schemes and projects when they have been scrutinised by such an expert Board as proposed by me.

“ Secondly, Sir, I propose as one of my recommendations that an Advisory Committee of Lawyers be appointed by the Government to scrutinise all Bills before they are introduced in the State Legislature. I need not dilate on the reasons for this proposal because hon. Members are aware that several Acts of this State Legislature have been set aside in recent years either by the High Court or by the Supreme Court. To refer to a few of them, the Electricity Undertakings Act, the Hindu Religious and Charitable Endowments Act, the Sales Tax Act [rule 16 (5) relating to assessment on turnover], Motor Vehicles Act, proviso to section 2, are some of the more important Acts which have been passed by this Legislature are set aside by the High Court or by the Supreme Court. I feel that it is not in keeping with the dignity of this Legislature that Acts passed by us should be set aside by the Civil Courts. There are eminent lawyers here and in the other House and that is why I have proposed the above. Hasty legislation should be avoided and a Standing Committee of both Houses consisting of lawyers—perhaps we may include a few eminent lawyers from outside also—may be appointed so that important Bills may be placed before this body and may be brought before the Legislature after scrutiny by it. Formerly, I know important Bills before they were introduced in the Legislature used to be referred to the High Court for their opinion. I do not know whether such a procedure is being now followed under the present set-up. I would therefore propose that an Advisory Committee as suggested by me, consisting of legal experts drawn from both Houses and including even one or two from outside should be constituted to scrutinize important Bills before they are introduced in the Legislature.

“ The third recommendation that I want to commend for the consideration of the Government is that a committee of both Houses of the Legislature should be constituted to examine and report on the excess establishment left over in the Madras State after the formation of the Andhra State. We are all aware that after the Andhra separation the establishment that is left over here

30th March 1954] [Sri T. Purushotham]

is more than the number that ought to be here. I therefore, request that the establishment lists should be scrutinised and the existing staff should be cut down in proportion to the reduction of work in this State. Sir, before I resume my seat, I congratulate the Hon. the Minister for Finance on the ability and tact with which he has been able to pilot the Budget this year.”

SRI G. KRISHNAMURTHI :—“ Mr. Chairman, Sir, at the outset I should like to pay my humble and respectful prayer to the Almighty for the speedy restoration to normal health of our revered Chief Minister Sri Rajaji whom I find, by surprise, in his seat. The State has grown richer during his regime. Even after the separation of Andhra we are having a revenue of over Rs. 45 crores. Now, the Government's target for expenditure on education seems to be 20 per cent of the total revenue of the State. According to this calculation more than Rs. 9 crores should be spent on education. We find in the Budget that only a sum of Rs. 8.5 crores has been provided for Education. Half a crore of rupees in addition to the allotment already made for education in the Budget can even now be made for expenditure on education.

“ I find that an announcement has been made on the floor of the other House that each aided elementary school teacher will be paid”

MR. CHAIRMAN :—“ The hon. Member will please not refer to the proceedings of the other House.”

SRI G. KRISHNAMURTHI :—“ The Government have proposed to grant an extra three rupees to each aided elementary school teacher. We welcome this move. But we are afraid, whether the benefit would indirectly go to the managements without going to the teachers as in the case of the two rupees extra given some years before. The provision of Rs. 19 lakhs for this purpose goes to show that each individual teacher will get an extra three rupees over and above what he gets now. I hope the Government while passing orders on the subject will make it clear in their orders that each aided elementary school teacher should get an extra three rupees on and from the 1st of April 1954, irrespective of the fact whether he has been drawing already Rs. 30 or over Rs. 30 by virtue of the increments already earned by him.

“ I am very glad that our revered Chief Minister has put in certain ideas at the time of the presentation of the Budget, namely, that hon. Members should just point out to the Government instances where priorities have not been adhered to. He also welcomed the suggestion on the part of hon. Members to give constructive criticisms.

“ In the light of these two suggestions, I wish to make a few remarks. In the case of teachers, it has been their lot to suffer simply for the sake of the argument that there is paucity of funds. When we congratulate the Government and thank the Government for having been kind enough to sanction this extra three rupees, we

[Sri G. Krishnamurthi] [30th March 1954]

wish to point out that the sufferings of teachers do not stop there. We, the teachers of all grades, have been drawing a pittance as pay. I quite realize the difficulties of the Government. I also realize the sincerity on the part of the Government to give something to the teachers. I understand their position in not being able to meet the demands of the teachers immediately. I submitted a suggestion as early as last year that a separate education fund could be created named 'Teachers' Maintenance Fund'. We really find that the Government are not able to alter things overnight. We also find that certain administrative changes cannot be made by any person however great he may be and whatever extraordinary abilities and other qualifications he may possess. In view of the fact that the Government invited constructive suggestions, I submitted a suggestion last year that a levy could be made on the pupils who were being sent to school by their parents. The Hon. the Minister for Finance was kind enough to refer at the conclusion of the reply to the discussion on the Budget that the teachers' representatives as well as other people must be ready to put forth to the public that they would have to bear additional taxation to pay the teachers more. Now my suggestion was just to tax these parents, i.e., the members of the public who sent their children to schools instead of taxing the general public. We realize that it is very hard to get anything for the teacher if our case is considered with reference to the general revenues derived by the State. We find that in the Budget a sum of Rs. 80 lakhs is to be taken from the Revenue Account for spending towards two hundred and odd new schemes under Part II Schemes of the Budget. I do not know what need is there to take Rs. 80 lakhs from general revenues towards meeting expenditure on the two hundred and odd new schemes. Out of these eighty lakhs of rupees, some amount might have been set apart for spending on teachers. The expenditure on these two hundred and odd schemes might well have been met from the Capital account so that the general revenues can be at an improved level. We had good rains under our revered Chief Minister's rule. We have in him really a Rishiasringar of *Kali Yuga* who was able to bring rains after six years of famine and drought. The State is now full of peace and plenty and if teachers cannot get anything now, if teachers cannot be paid at the time when the Government of India have put the Five-Year Plan into operation and are spending over Rs. 2,000 crores on that plan, and if teachers cannot be paid at the time when the Community Projects are being worked in full swing, I do not know when the Government will be able to attend to the sufferings of teachers. I just request the Hon. the Minister for Finance to tell me how the scheme propounded by me is unworkable. There is no harm in taxing the people, who send their children to school, to pay one rupee extra per child, and even in the case of children attending elementary schools it will be enough if we levy three rupees per annum. This will fetch a sum of one crore of rupees to the Exchequer. It has been the experience of parents and I think it must be the experience of Members of the Legislature also that it is more difficult to find

30th March 1954] [Sri G. Krishnamurthi]

admission for boys in First Form than even in the B A. or B.A. (Hons.) class. There is a great rush on the part of parents to send their children to schools, and when there is this willingness on the part of parents to send their children to schools, there is no harm in saying that they must pay one rupee extra, and that too for the amelioration of the conditions of teachers. I think the Government would do well to ponder over this question and find out how this scheme is unworkable and give me an answer. I just conclude by again offering my humble prayers to the Almighty that our revered Chief Minister should be restored to better health and more robust health very soon."

SRI M. P. GOVINDA MENON :—" Mr. Chairman, Sir, I did not intend to intervene at this stage of consideration of the Appropriation Bill because in a debate on the Appropriation Bill we will be considering the same points and the same matter which had been touched upon in the general discussion on the Budget. For two reasons I am intervening to-day in the debate on the Appropriation Bill. First, along with other Members in this House, I also join in praying for the speedy recovery—he has recovered now—and the complete recovery of the Hon. the Chief Minister. I may tell him that I wish to see him out of office. I want to see Sri Rajaji—a veteran and an elderly statesman—not trammelled by office and not tied down to any party but as an elderly statesman guiding the destinies of this nation. I am glad that he is quitting office and I wish him good health and a very long life to be useful to this nation and to future generations.

" Another matter which has compelled me to intervene in this debate is the unfortunate incident that took place very near Kozhikode on the 28th of this month. I shall be very careful in the choice of my words when I speak on this subject. I know it is a matter which is a very serious and a very delicate one. I do not want to be hasty in my expressions. My sympathies, and I am sure the sympathies of this House, will go to the relations of the two citizens of my district who died in the incident. I am told that another person's life is in danger. My hon. Friend Sri Mohamed Raza Khan asked me whether I could give facts. First of all, I was not in the district when the incident took place. I had left the district. Whatever information I was able to gather was only from the newspapers and from what was stated by the Government in this House and in the other House. My sympathies are also with the two eminent officers which Malabar has, namely, the District Magistrate and the District Superintendent of Police. They had to face a very serious situation. I am sure they would have spent anxious thoughts over the incident. Our sympathies must go to these eminent officers who had to handle a very serious situation in the district.

" Now, coming to the facts, Mr. Chairman, I am not so much worried about the incident as the spirit behind the incident. Hon. Members might have seen from the papers and from the Press Note issued by the District Magistrate that a big riotous mob of

[Sri M. P. Govinda Menon] [30th March 1954]

1,000 persons gathered near a place of worship. In spite of the very sympathetic attitude and persuasions of two district heads, this crowd did not disperse. Now, let me explain the psychology behind this incident—I am not commenting upon the incident. I am not concerned with the question of music before mosque. They are all old things. But there is a psychology developed in the minds of the people which makes them arm themselves in open daylight and defy—I would even say, disobey—the orders of the authorities and not yield to the very sympathetic persuasions of two responsible and excellent officers of the district. I am the last person to criticise the Hon. the Chief Minister. Whatever differences I may have with him, personally I have got very high regard and reverence for him. But with great respect to him, I would like to say that his attitude during the last two years had led to this situation. An impression has been created that a particular communal organization is held in high esteem in high quarters, especially with this Government. I am not favouring any communal political organization. I would like to see that in our secular State no communal political organization or association is allowed to exist—I do not mind whether it is Hindu or Muslim. Organizations (which have never been heard of in Malabar before) like the R.S.S. and the Hindu Maha Sabha have begun to be active there, all due to the attitude of this Government. Sir, to learn a lesson we have burnt our fingers. For getting a few votes here or for getting some support there, are we to sacrifice the interests of the nation? Is it right on the part of the party-in-power to align itself with rank communal political organizations just for the sake of getting some paltry results in the Municipal elections, thereby doing an injustice to the country? Sir, an organization which has practically ruined our country, an organization which has been responsible for the partition of the land, an organization which has been responsible for innumerable deaths in our country, an organization which has now become discredited even in East Pakistan and an organization which is not wanted in the West Pakistan, is being propped up and helped by the party-in-power for some temporary purposes and for paltry gains. It is this attitude which is responsible for the present situation in Malabar. I hope the Government and the party-in-power will reconsider their attitude. We must always have, first and foremost, the interests of the nation at heart. Temporary success or temporary failure is a small thing. I hope that when the Hon. the Chief Minister quits his office, he would advise the future Government not to encourage any communal organization, to whatever religion it may belong. Sir, ours is a secular State and there should be no place for any communal political organization, whether it be the Hindu Maha Sabha, the R.S.S., or the Muslim League. I do not want to say anything more lest I should be misunderstood.

“Sir, with regard to the Appropriation Bill, my complaint always remains there. We are having a top-heavy administration which does not reflect the poor condition of millions of people of

[Sri M. P. Govinda Menon] [30th March 1954]

our country. Do we really represent the poor people? Do this Government really represent the poor people? I think we are moving in the wrong direction and so long as we do that, I am afraid that the Appropriation Bill would be only a ‘Misappropriation’ Bill.

“Lastly, one word about the change of leadership. Sir, it is a domestic matter in which I have no right to interfere. But I hope that whatever Government may come, it will be a stable Government. So long as I am not in power, I would like to see that the other Party forms a stable Government. Whatever may be the result, I hope the Hon. the Chief Minister, even after his retirement, will guide the nation as before and I pray to God to give him a long and healthy life.”

SRI MOHAMED RAZA KHAN :—“Sir, we are really very happy to have the Hon. the Chief Minister in our midst after his recent illness. I do not wish to dilate much upon that, but I was really wondering whether after hearing the speech of the hon. Member Sri M. P. Govinda Menon, his (the Chief Minister's) temperature has not gone up by at least quarter to half a degree. That is how I feel. Sir, before trying to reply to the points raised by Sri M. P. Govinda Menon, I should like to say that we—particularly most of us—cannot approve of the proposals made by my hon. Friend Sri T. Purushotham. One of his suggestions relates to the appointment of a Legal Experts Committee. After all, situated as we are, we may have lapses. It may be that we have not considered a particular point. But when a Bill is before the Assembly or the Council, attempt is being made by everyone, by the Government, by the Law Department, by all the hon. Members and particularly by hon. Members who have knowledge of the law and who are lawyers, to see that the legislation is perfect and that it is not held *ultra vires* by the High Court. But even with the best of efforts, some occasional lapses are possible, and therefore it is that the High Court decides that way. It need not be a sad reflection on us. Anyhow, we are wiser. Therefore, the very object of appointing a Legal Experts Committee consisting of outsiders is nothing but mere abdication of our power and I do not think the House will approve of the proposal. It is for the Hon. the Finance Minister to reply, but let me not arrogate to myself his powers.

“Then, with regard to his suggestion for having an Estimates Committee, I do not know how it will work. It would not be possible for the Government at every stage to place their proposals before that Committee and say ‘We want to spend so much on this and that’, and leave it to the Committee to increase or decrease the amount. I think this is being done in the Corporation at the Municipal level and the Government should not work in that way. I was a little surprised that another proposal should emanate from him—particularly when he had served in the Secretariat—that the Government should effect retrenchment. It would be

[Sri Mohamed Raza Khan] [30th March 1954]

very difficult for people who are thrown out of employment to get a job in these difficult days. The Ministry is also of the same view and it is also the view of the Hon. the Chief Minister who always has an eye on economy. It would not be wise to effect any retrenchment, unless the Government feel that a particular officer's post can be dispensed with or that he can be transferred. Personally speaking, I will not approve of these things.

"Sir, I would like to refer to one more point, which was the subject matter of a question in this House the other day. I do not know whether, as a layman, my views will be of any value. It is for eminent persons in the line, like the hon. the Leader of the Opposition, to have their say. But I do feel and I do maintain that honorary service as existing in our hospitals will be useful only if it is at the higher level, that is, if it is a question of appointing specialists and experts. It would be a welcome thing if very eminent persons with 20 or 30 years' experience, who do not want to be tacked on to Government service, are appointed in an honorary capacity in the hospitals and institutions. But I cannot understand the Government appointing students, who are fresh from the colleges, as honorary surgeons or as honorary physicians. After having spent six or seven years in the Medical College and after having spent half of their wealth or whatever they possessed, if you ask them to work in honorary capacities, naturally they look upon the hospitals as places where they could earn the money already spent by them. Naturally efficiency goes down even though Government may spend lakhs and lakhs of rupees on these hospitals. Government should not grudge appointing more and more of paid men. I have my own doubts whether this system of appointing honorary medical men is good for the people. Many complaints are made about these honorary doctors. It appears these honorary doctors tell patients: 'We are after all only honorary doctors. How can you expect us to attend on you all the time in the hospital'. Therefore I feel this system is not working well. The Hon. Minister Sri A. B. Shetty with his experience may be able to understand my point of view. I am not against the appointment as such of honorary doctors. Let the Government have this honorary system at the top level consisting of eminent men. I will have no objection to that. But to appoint honorary doctors to all the other posts, I consider, will reduce the efficiency of the hospitals.

"I believe there is scope, when talking on the Appropriation Bill, to refer to the taxation proposals of the Government. I would appeal to the Government, whatever be the personnel composing the Cabinet, to think twice before launching on the taxation measures. I do not want to talk elaborately on this point. The other day we heard the Hon. the Minister for Finance replying to the debate, and most of his arguments were very good. They were convincing. Nevertheless when he came to the last part of his speech dealing with the taxation proposals he himself felt he had no good case and therefore he was trying to make out as

[Sri Mohamed Raza Khan] [30th March 1954]

though he had a good case for imposing fresh taxation. That is what I could make out from his speech. Therefore I feel that the Government of Madras, whoever may compose the Cabinet, will do well to think many times before they launch upon any fresh taxation proposals. The proposal of the Government to impose fresh tax on cloth and the arguments of the Hon. the Minister for Finance in support of the same are not convincing. His only argument was not so much to get additional money for the Exchequer or for the State as to popularize the use of handloom cloth. As I have said on many occasions, I wish to say now also that I have not seen anything achieved by compulsion. Compulsion is not going to serve the purpose. The propaganda done by the Handloom Committee in Madras, the dramas and the speeches made on that occasion and the other things alone can go a long way to popularize the use of the handloom cloth. Anything done or attempted to be done by compulsion cannot succeed. The previous Government tried their very best to popularize the use of *kadhar* by compulsion. Unfortunately they failed. I say all those who are wearing *kadhar* in our country are wearing it not because of compulsion but because of their belief in the cause of *kadhar*. That is why they are wearing *kadhar*. I should like to say with all the emphasis at my command that the Government of Madras will do well to see that at least this tax is kept in abeyance till conditions improve. For all I know, the cloth trade in this State is passing through a very, very difficult phase. Practically merchants have no sales. The business that we do in the City of Madras is just distribution of the cloth to other States such as Travancore-Cochin, Andhra, and Mysore. Half of this business will shift and the law of diminishing returns will usher in a period of depression in the trade and the Government instead of making money by this taxation measure will lose. The idea of Government to popularize the use of handloom cloth will not also materialise. I do not wish to speak more elaborately on this point. I shall leave it at that for the Government to consider before they come forward with the measure to tax mill made cloth.

"Sir, in regard to the matter referred to by the hon. Member Sri Govinda Menon, it is really unfortunate that the incident should have happened in Malabar. I am more careful than my hon. Friend Sri Govinda Menon when I speak on this subject. The hon. Member said that the Government were supporting a communal organization. He said it here not for the first time. He has said it a hundred times. If there should be another opportunity for him to talk, he will repeat it. So much so I have begun to feel whether I should attach any value to it. But one thing I want to tell him. There are people who may not belong to a communal organization, but they are more communal-minded and they try to foster communalism. There may also be people in a communal organization, but their affairs are an open book for all and they may not behave in a communal way. Knowing a little bit of Malabar and its people—I do not claim I know Malabar and its people to the

[Sri Mohamed Raza Khan] [30th March 1954]

extent that my hon. Friend knows—I wish my hon. Friend Sri Govinda Menon stops this oft-repeated argument of Government helping the Muslim League in Malabar. I have asked him a number of times to prove it. Can he prove by quoting a single instance wherein the Government have helped the Muslim League in Malabar? No help was given by Government to that organization. If at all it exists particularly in Malabar, it is not because of the help rendered by the Government or because of the help rendered by Rajaji but because it has the sanction of the Muslims of that District behind it. The hon. Member may not like it but it is a fact. Therefore let him not make the oft-repeated charge that Rajaji is helping that organization or that Government are helping that organization. By doing so he is not bringing credit to the Government or to himself. Everyone has to condemn the present incident which resulted in the loss of some lives. But the Muslims of Malabar have kept themselves aloof from other organizations. They never came under the influence of the Communists, the Praja-Socialist Party, or even the Congress Party. These are facts. Perhaps in the Assembly, the Members of the Muslim League might have supported the Congress Ministry. It was on the merits of the case and not because they wanted anything from the Government. They did not demand anything from the Government because they supported them. It was because they wanted a stable Government in the State, they might have supported the Government. On that score it is unfortunate that the hon. Member Sri Govinda Menon should take every opportunity of attacking the Muslim League in Malabar in that way. There is a limit to this kind of attack. I wish he puts a stop to such kind of attacks. Another thing I want to impress in this connexion is this. When we talk here as Members of this House, we should not talk in terms of Hindus and Muslims. To-day conditions have changed. I do not want to refer to the unfortunate incident that occurred near Kozhikode. Of course there have been attempts for a long time in Malabar to take out processions with music before mosques. That has been the complaint. And no doubt the authorities there are interested neither in the Hindus nor in the Muslims. They are interested only in the maintenance of law and order. In this connexion I may say I learned from an important Congress Member of the Malabar district that he himself appreciated the way in which the Muslims of Malabar have adjusted themselves. But unfortunately this incident has happened and there was Police firing on the Muslims because they thought that they were aggressive. But now I would plead, 'let us not try to exploit the situation and try to talk much about these things.' The interest and aim of the Government is to see that law and order is maintained. If there is a threat to peace from any angle, from any community, or from any section of the people, the Government are sufficiently strong enough to deal with the situation. Therefore I am obliged to say that such speeches instead of helping Government to maintain peace and order would simply add fuel to the fire. Therefore I believe that what the hon. Member

30th March 1954] [Sri Mohamed Raza Khan]

Sri Govinda Menon has said to-day will be his last attack on the Muslim League and that he will not go on repeating things of this sort. I do not want to say anything more on this subject.

"Then, Sir, the hon. Member Sri Govinda Menon referred to the retirement of the Hon. the Chief Minister who is also the Leader of the House. I do not like to indulge in that matter in a like fashion. We cannot talk about matters which are not within our control. Yet he referred to the retirement of the Hon. the Chief Minister and said that he could take rest after his retirement. The hon. Member Mr. Govinda Menon's dictum seems to be that every man who can serve the country usefully should always take rest and that he alone should carry on things in this State as he pleases. I am afraid I cannot subscribe to this theory. If that is accepted then to everyone, on the pretence he is eminent, he will say: 'You are eminent, why are you a Minister, take rest.' This is said of the Hon. the Chief Minister to-day. To-morrow it will be said of the Hon. the Finance Minister 'Mr. Subramaniam, why are you a Minister, you can take rest'. The next day the Hon. Sri Bhaktavatsalam will be asked to take rest. A time will come when it might be said 'Why are you the Leader of the Opposition Mr. Lakshmanaswami Mudaliyar, you also can take rest'. Then the hon. the Deputy Leader will be asked to take rest and ultimately everybody will be asked to take rest. That will be a bad day for the State and I hope that day will not come."

SRI M. P. GOVINDA MENON :—"Sir, I did not classify the Hon. Sri C. Rajagopalachari, the Hon. Subramaniam and the Hon. Sri Bhaktavatsalam on the same level."

SRI MOHAMED RAZA KHAN :—"I do not like to indulge in arguments. After all people are wise and they know their job and know their work. Let us not wish for things. What they feel best will be done. These things do not happen simply because we wish them to happen. That is my contention."

SRI V. CHAKKARAI CHETTY :—"Mr. Chairman, Sir, I wish to say only one or two words. My hon. Friend Sri Purushotham pleaded for the appointment of two expert committees. I believe an eminent Judge classified experts into three classes, experts, damned experts and liars. I do not know what kind of experts my hon. friend wants to be included in the Committees. So far as lawyers are concerned they will always differ and the courts of law will be the ultimate authority to decide whether a legislation passed by the legislature is within the limits of the Constitution or not. A legislation cannot be fool-proof."

THE HON. SRI C. RAJAGOPALACHARI :—"The classification humorously referred to is: liars, damned liars and expert witnesses."

SRI V. CHAKKARAI CHETTY :—"I forgot the classification. It is interesting that the Hon. the Chief Minister reminded me. An eminent teacher in the Law College once told me in those days

[Sri V. Chakkarai Chetty] [30th March 1954]

that an eminent jurist who was also a Judge in England executed a will but after his death the will was set aside by the Court. Therefore we cannot assert that expert opinion or the lawyers' opinion will always be upheld in courts.

"I remember a case, in which an eminent Hindu Judge who was an eminent Hindu lawyer gave an opinion about certain matters relating to a cousin of mine about his marriage that was filed before the Judges in England. The Judges said: 'We here are not bound by any opinion of the lawyers expressed in the High Court. We are bound to hear the arguments of both sides and then come to a decision. We are not bound by any opinion given by the Hindu lawyer in Madras.' So, it seems to me that in matters of this kind, the Government have plenty of lawyers and experts to advise them. I do not think an Expert Committee is necessary so far as legislation is concerned. They have got their Advocate-General and State Counsel who will certainly go into all matters before any legislation is brought before the legislature. If the Constitution Bench of the Supreme Court or the High Court here sets aside any legislation, it is because it is inevitable in the nature of things that human beings differ in matters of this kind and, therefore, I do not think that the setting up of committees will solve the problem. It will only multiply the work of the Government and the Government will certainly be in a very awkward predicament, whether to accept the recommendations of this Committee or not. I know, as a matter of fact, in the case of industrial disputes, certain committees have recommended certain things which the Government did not propose to accept because, in their opinion, those recommendations were not good. It may be, Sir, that the recommendations made by the committee as suggested by the hon. Member, Mr. Purushotham, may not be acceptable to the Government and the Government will have to refer the matter to another committee. Therefore, the opinion of such a committee is of no value even if representatives of this House or the other House or experts outside are represented in that committee.

"Then, I wish to refer to another matter of very great importance to our country. At all times, there will be some matter of great importance or other, and now it is the question of communal organizations. Sir, it seems to me that it is impossible to do away with communal organizations so long as the communal feeling is implanted in the minds of our people. This communal feeling is prevailing among the people, whether they be Hindus or Muslims or Christians or for that matter whoever they may be. I am not in a position to say whether it is within the Constitution or not to shut out or ban any communal organization. Unless they indulge in violence, I do not think the State Government have a right to ban a communal organization as they might ban a political organization. Two years ago, the Government of Madras banned certain Trade Union organizations. What happened was that when the issue was taken up before the Supreme Court, they set aside the decision of the Government of Madras and declared it *ultra vires*

[Sri V. Chakkarai Chetty] [30th March 1954]

of the Constitution. Even if the Government of Madras ban a communal organization, that organization may come forward and say that this Government are acting beyond their powers by banning their organization. After all, in this country the communal feeling, as it were, is inborn on account of various reasons. In this country, we call ourselves Hindus, Christians, Muslims, and so on and so forth. So long as that feeling is there, the communal organization, whether outwardly formed or not, will begin to operate and if people are foolish enough to indulge in acts of violence because of communal partiality, then it is a very lamentable feature in the body politic of this country. Therefore, I feel that, for the same reasons, the Muslim League Party or any other party which has something or nothing to do with it, should not be dragged into this controversy. I remember that this controversy has been going on ever since the time when the Muslim League in India under the leadership of the late Mohamed Ali Jinnah wanted the partition of India on communal lines, saying that the Muslims formed a separate Nation. Sir, it seems to me that it is too late in the day to talk about these things. What hon. Members should do is to go about the country and preach to the people that they should not indulge in communal activities or propagate communal feeling but should regard themselves as Indians. Sir, in England and other European countries, people do not regard themselves as Christians or non-Christians as the case may be. So, the classification of our people according to communal relationship and according to religion ought to be discouraged. I do not know whether the Central Government will discourage it. Sir, we are called upon to state to which community we belong when we file documents, affidavits, etc. Even in the case of title deeds relating to house property we are asked to give details about the community to which we belong, the place where we are living in and whether we want to dispose of the house in such and such a place. Even the Government demand that a man should call himself a Hindu or a Muslim as the case may be. The Government should discourage all these things and ask the people not to indulge in these communal denominations. This will go a long way towards making the people realise that they are Indians and do not belong to any particular community. If that is done, I am sure, it will go a long way towards eradicating the evil. Sir, it is not the speeches like the one we just listened to from the hon. Member, Sri Govinda Menon, which will solve the problem. With great respect to Mr. Govinda Menon, I must say that I do not like his speech because it is likely to antagonise the feelings of the Muslims wherever they might be. I do not think that we should indulge in these recriminations. Apart from the reports that appeared in newspapers, I do not know anything about the facts of the case. Sir, it is for the Government to say, later on, which party is to be blamed for the riot that took place in Malabar. Anyhow, the psychology behind it is clear—the psychology of communal feeling. We must try our level best to see that we get over this communal feeling. I myself have been doing it although of late there have been some antagonistic forces at work in the so-called community to which I belong. I say so because we have kept aloof

[Sri V. Chakkarai Chetty] [30th March 1954]

from all these communal organizations and there is very little feeling of communalism in the so-called community to which I am supposed to belong. Therefore, the Government should discourage communal feeling in all spheres of activities.

"Once again, I congratulate the Hon. the Finance Minister on the able way in which he has piloted the Budget in this House as well as in the other House.

"I should like to take this opportunity of congratulating the Hon. the Chief Minister and convey my good wishes to him. After all, it would be impertinent on my part if I were to indulge in any prognostication as to his future. The future lies in his own hands and in the hands of his own Party. May it be given to the people of this country and of our State to have the best men at the helm of affairs! We have had very great men and it may be a calamity and it is bad to change horses in midstream. We are faced with very great problems and difficulties and we want to have men of mature experience and sober judgment who will have to be respected and trusted. I hope that whatever might happen, the Party to which the Hon. the Chief Minister belongs will think a hundred times before they change horses while they are crossing the stream. Sir, with these words I shall commend the Appropriation Bill to the acceptance of this House."

DR. A. LAKSHMANASWAMI MUDALIYAR :-- 'Mr. Chairman, Sir, I wish to crave your indulgence and that of the hon. Members of this House for taking a little time in discussing the Appropriation Bill that has been presented by the Hon. the Finance Minister. My apology is that I was unfortunately, owing to circumstances beyond my control, not in a position to participate in the Budget debate, and to that extent therefore I was handicapped in presenting some of the views that I felt that I had of necessity to present for the consideration of the Treasury Bench. But, I find, Sir, that the Appropriation Bill is nothing more than the Budget itself with the i's dotted and the t's dashed. There has been no change whatsoever in the original Budget that has been presented by the Hon. the Finance Minister to the Lower House. It appears to be the *sine qua non* of the present methods of democratic forms of Government is most of the countries that the Budget as presented by the Government of the day should not be whittled down in any manner or even changed in the smallest detail except it be to oppose the prestige of the Government. True democracy. I venture to submit, does not run on these lines. Unfortunately, with present trends of democracy all these conventions which are not really healthy for the functioning of democracy have adventitiously crept in.

"However, Sir, I find that the Hon. the Finance Minister in presenting his Budget has followed the traditional pattern. Every Finance Minister since the days when this Government was reconstituted in 1946 has presented a Budget and at the conclusion of it has given us a taste of what is to come by way of taxation

30th March 1954] [Dr. A. Lakshmanaswami Mudaliyar]

proposals. These taxation proposals have always been a part and parcel of the Budget that are presented. On this occasion, at any rate, I had hoped to the contrary but I find that I had hoped in vain that the Hon. the Finance Minister would not be put to the necessity of presenting us any new taxation proposals in view of the changed circumstances, in view of the fact that we have now a different State to administer and also in view of the fact that by the grace of Providence we have been favoured with a very good monsoon after six long years of drought which has changed the entire face of the country and there are fertile crops standing in our fields. What I do find is that although the deficit in the Budget is only Rs. 58 lakhs, the Hon. the Finance Minister has brought in taxation proposals to the extent of Rs. 40 lakhs which is just one per cent of the total anticipated revenue. Now, I ask in all seriousness, is it suggested that a deficit of one per cent of the total revenue is such a huge one that taxation proposals should necessarily be brought forward? Are we so sure that the anticipated revenue has been so mathematically and accurately calculated that we cannot afford to take this small risk once in a year in which the monsoon has been favourable and try and see what would be the course of events if the Budget proposals did not take into consideration fresh taxation proposals? This is the thought that entered my mind after reading the Hon. the Finance Minister's proposals and the speech of the Hon. the Leader of the House.

"Let me take up these taxation proposals. In course of time they will all go through this House but I have to submit that even in regard to these taxation proposals there has been an incidence of taxation which must make us feel a little nervous about what the future will be. Taxation, though to a small extent, has been proposed as a surcharge on land revenue, a levy of agricultural income-tax, a betterment levy on the holders of certain lands, a revision of the Court Fees Act, a wider use of the provisions of the General Sales Tax and an extra levy of sales tax on certain goods. I agree that the Court Fees Act had to be revised because it had been already on the anvil for some time and owing to fortuitous circumstances could not be put into operation. I agree that holders of certain lands for whose benefit great irrigation projects had been started should, in fact, pay the betterment tax, although in this respect I would have preferred a progressive increase in the betterment tax rather than a uniform sort of betterment tax to be levied over a number of years. It is only as the land begins to yield and it takes a little time for the capacity to yield, to be intensified, that the holder of the land will be in a position to pay cheerfully the betterment tax. It would have been better in regard to this betterment tax if a progressively increasing scale depending upon the yield of the land had been thought of. I do not know whether that is the position. If that is the case, I shall stand corrected but, in regard to the surcharge on land revenue and the levy of agricultural income-tax, I must confess to a feeling that we are certainly more or less contradicting in terms. Sir, only recently the Moratorium Bill was passed to help the agriculturists to see that the debts that were due

[Dr. A. Lakshmanaswami Mudaliyar] [30th March 1954]

from them were not paid for a period of one year. To levy a surcharge on the agriculturists after showing them this consideration seems to me a contradiction in terms. It may perhaps be said that this surcharge is applicable only to certain pattadars who derive a big income from their lands and that therefore they can well afford to pay this extra amount. I feel, Sir, that the crushing incidence of taxation is gradually increasing and these very few people, whether they are called rich or poor, have to bear this additional incidence of taxation which is about 15 per cent extra. It is not a small sum even for these pattadars.

"Let me take another instance of these taxation proposals. The General Sales Tax has been there and I shall come to it. But, a growing tax has been levied on different kinds of mill cloth. On the cloth that is used by poorer middle classes—I do not say the very poor classes—the tax according to the figures given is about 166 per cent of the tax that is now levied on the medium category of cloth. I can tell the House, Sir, that the proportion of medium variety to the total production is about 60 per cent. Now, it is not the incidence of taxation on this particular variety of cloth that I feel is a matter for serious consideration. The only industry in this State which has lifted its head as it were and to a certain extent can be called an industry, is the textile industry."

THE HON. SRI C. SUBRAMANIAM:—"We have got only spinning mills in South India."

DR. A. LAKSHMANASWAMI MUDALIYAR:—"There are certain mills which produce textiles also. The result of this taxation will be that even the few textile mills that are producing this kind of cloth will suffer in comparison with textile mills in the neighbouring area and to that extent trade will be diverted from this State to other States. Within a measurable distance from our State there are textile mills in another State which at present will certainly be benefited by this levy on the textile mills here and to that extent I am afraid our mills will suffer in comparison if we take the proportionate value of the cloth in the different parts of the country. But, let me pass on to the General Sales Tax.

"I do not want to touch on the tax on gold and silverware. It has been argued that it affects only the very rich people. To the extent to which it affects the very rich people, I entirely agree to the proposal but, are we so sure that it will affect only the very rich people? A large majority of the people in this country, as in some of the countries of the East, have not yet got into the habit of going to banks and investing their capital in them. If we go to any particular place, we will find that all the savings are in the form of gold and silver jewellery even almost to the extent of tearing the lobes of the poor ladies of the house. It is a fact and anybody can see that it is so by looking at the variety of people walking into a jeweller's show room, for instance. The only source by which they can save their money and protect it is by investing it at all times on gold and silverware. It is therefore no use in talking of

[30th March 1954] [Dr. A. Lakshmanaswami Mudaliyar]

the rich people only in this connection. I do not know whether it will be possible as a taxation measure, if it is suggested that a limit should be put on the taxation of gold and silverware. If people who purchase small quantities of gold and silver articles are exempted, it will be something for the better. Ninety-five per cent of the people who intend to save money, try to save it in the shape of ornaments—silver and gold ornaments—though a few may perhaps be so very foolish as to invest their money on house property which to-day is not a sound proposition for obvious reasons, and I shall not dilate on them. I should like these to be taken into consideration because they require a further amount of careful thinking. Sir, I was referring to sales tax. (Interruption.) I am told that the money already invested on jewellery has appreciated in value. Appreciation and depreciation are phenomena in the economic world of which we can never be too sure. Now I think there is more of depreciation than appreciation.

"Much has been said about sales tax which we have been levying. The Hon. the Leader of the House has been responsible for the levy of this tax which has been called 'Kamadenu'. He has denied that it is 'Kamadenu' and I accept that statement. But let us face facts. The revenue derived from sales tax which was about ten per cent of the total revenue of the State in the first year when it was levied is almost thirty-three per cent of the total revenue in the year under reference. In the previous year there had been a very heavy fall under this head of revenue. The Finance Minister has stated that, as against an estimated yield of Rs. 1,071 lakhs from this source, the present Budget is based on actuals anticipated of only Rs. 950 lakhs which means a reduction of Rs. 121 lakhs under this single head of revenue. He, therefore, bemoans the fact that Rs. 121 lakhs of revenue has been lost to him. I am always ready to sympathise with the Hon. the Minister for Finance whenever he has suffered a loss; but I think he has not sympathised with those whose interests have suffered. I want to tell him that this Rs. 121 lakhs of diminution in the sales tax represents twenty to thirty times the diminution in the total output of industry and trade. In other words this poor State has suffered loss in regard to trade and commerce to something between Rs. 1,500 lakhs and Rs. 2,000 lakhs. In my opinion, it is not an underestimate because if we take the gradation of the sales tax it cannot be denied that the flow of industry and trade has suffered so much. What is the result? The result is, under-employment, unemployment and poverty of an acute nature. I, therefore, venture to suggest that the Government should study the whole phenomenon of sales tax and see whether in their attempt to get revenue they are not really killing the goose that lays the golden egg.

"Times are perhaps changing. What is the phenomenon of diminishing returns in sales tax due to? I cannot anticipate a reply, but I do feel that the subject is one that deserves a great deal of study. The Madras State, as I have stressed, is the most heavily taxed State in the whole of India. This is the State wherein the

[Dr. A. Lakshmanaswami Mudaliyar] [30th March 1954]

per capita income is lower than in all the big States of India. I do not mind—perhaps it is good to be poor. But I am reminded of a couplet which says :

‘ Ill fares the land, to hastening ills a prey,
Where wealth accumulates and men decay.’

Let us not have wealth. But are we so sure that men are not changing on account of extreme poverty? Unless something is done to redeem the extreme poverty, and unless steps are taken to regulate trade and commerce in a particular manner so that the general level of the people does not suffer beyond a particular low limit, there will always be trouble. Whenever I go round the whole of India I see the prosperous conditions of so many people and I come back. But I come back with the satisfaction that I would rather be poor and be in this condition than imitate some of those who have made rich money and quick money in other places. That does not mean that we should not also take note of the fact that there are compensations which as a Government and as the public we have a duty to give to those who cannot afford them.

“ Now, Sir, let me take a few of the items covered by the Budget. There have been many schemes of a far-reaching nature which have been taken on hand. I am glad that within the last few years a revolution has taken place in regard to many of the great national projects. Far-reaching irrigation schemes have been launched. Hydro-electric schemes have been launched. Minor irrigation schemes have also been taken up. When I look upon these schemes and reflect upon the unfortunate state of affairs when the State was under the foreign regime when little or nothing was done and much could have been done, I have a feeling of exaltation. At the same time, let it be remembered, that these great schemes are for the benefit of posterity even more than for the present generation. The burden of constructing these schemes must be shared by posterity and not merely by the present generation. Are we so sure that in undertaking all these schemes we are not denying ourselves to such an extent that the impoverishment of the people is growing apace? It is this thought that troubles me. How far, Sir, loans have been utilized for this purpose? How far have all these projects been taken up with a view to seeing that the burden on the tax-payer is not so great as to crush him? I need hardly remind the Hon. the Leader of the House that the people of this State have been exceedingly generous in their attitude to loans floated by the Government. The Hon. the Leader of the House floated a loan recently and the response to that loan had been a staggering proposition to other States and to other countries. The loan had not only been oversubscribed but subscribed more than twice over and the amount subscribed had been taken by the Government. I am glad it has been taken because I believe that in all these irrigation schemes of national importance which are meant for posterity as well as for the present generation, the distribution of the burden is spread in such a manner that it is equally shared by the present generation and by posterity as well, and that is the proper thing to do.

[Dr. A. Lakshmanaswami Mudaliyar]
30th March 1954]

“ Sir, speaking the other day, I ventured to speak about lawlessness and my apprehension of a growing sense of lawlessness in the country. The Hon. the Leader of the House suggested that it was Prohibition lawlessness, and I ventured to submit that it was not only Prohibition lawlessness but also other forms of lawlessness, which had greatly increased.

“ Last night, curiously enough, I got the report of the Police Department for the year 1952. May I in passing respectfully once more draw the attention of the Treasury Bench to the need for publishing these administration reports sufficiently early and certainly not after one year and three months after the close of the year. I am not very anxious to see the reviews of the Government on these administration reports. Generally most people do not look into these reviews of the Government. By saying so, I do not mean it as a sort of adverse criticism. These reviews are generally framed in two or three sentences like ‘ Recorded. The Government are glad that the work of the Department has been more or less fairly satisfactory.’ Adjectives and adverbs in suitable terms can always be found in English language just not to show either high appreciation or a great denunciation of the work done by a department. But I believe that so far as the departmental report is concerned, it loses much of its value if it is presented long after and in some cases even long after changes in Ministries have taken place.

“ This Police Administration Report of 1952 presents a state of affairs which I am afraid we have to take cognizance of. The total cognizable crime has reached the peak figure in 1952, increasing from 55,000 in 1945, the last year that I shall take note of, to 91,000 in 1952. I have taken the year 1945 because it was in that year the first popular Government was established in our State. If we analyse some of the crimes, murder, for instance, was the lowest in 1945, the number of cases being 1,092 and is the highest in 1952, the number of cases being 1655. Rioting and unlawful assembly has again shown a similar peak in 1952. So have house-breaking, ordinary thefts, cattle thefts, and in fact it may be stated that all aspects of grave crime have been on the ascendancy. I will only show one of the graphs which can be repeated for every one of the crimes that I have enumerated. But that is not the only factor that has given me considerable apprehension. With regret I have to note that there is a progressive decline in regard to the detection of grave crimes such as murder, dacoity, robbery, house-breaking and thefts of ordinary kind. I cannot believe, and, from what I know, I cannot positively say that the Police of the State, noted for their efficiency, have suddenly become less efficient and I certainly feel very much less at ease how far in future with their task increased with the duties involved in Prohibition, they will be in a position to render the necessary protection to life and property in the altered circumstances. I am not offering it as a criticism of the Police Department. I know that their task has become very difficult under the altered circumstances. I know also that crime has advanced in our country, copying some of the methods adopted

[Dr. A. Lakshmanaswami Mudaliyar] [30th March 1954]

in the more advanced countries and for that reason I suggested previously to the Treasury Bench that it will be well for them to send several of their high grade police officers to find out in what manner crime is detected in foreign countries and in what manner several of the new detective forces are brought to bear. I am not speaking of the lie detector at present. (Interruption.) Sir, dogs are being used for the detection of crimes and I am glad that they are used because they are certainly more watchful than some of our own police (laughter). But I can tell you that there are many ways by which modern crime is being traced and detected and it would be good for us to send some of our officers to learn police methods in other countries. It is no use of blaming the police if they have not detected all the crimes."

THE HON. SRI C. RAJAGOPALACHARI:—"But what about taxation?"

DR. A. LAKSHMANASWAMI MUDALIYAR:—"The Hon. the Leader of the House asks 'What about taxation?' I entirely agree that the taxation that he will derive will be more when the crimes are prevented and the law Courts do not spend all the money and the people are saved from the horror of losing their hard-earned money which they have accumulated and other methods of dissipating their wealth. To be serious, I do feel that there are ways and means. Where expenditure has to be incurred, there can be no question about it. I am not one of those who will come to the House and plead that there should be no taxation at all. On the other hand, I will go further and say that taxation is a legitimate method of ensuring the welfare of the people of a State, which is to be a Welfare State. But all that I say is that we must be convinced that every pie is properly spent, that there are adequate safeguards in all departments and that wherever it is possible, it is also possible to make a rupee go the way that two or three rupees can go. From our own family Budgets most of us are convinced, and particularly the ladies in this House will, I think, generally agree with me, with some regret or hesitation, that they are forced to make one rupee go the way of two or three rupees occasionally."

"Sir, let me next refer to one other subject. I must thank the Hon. the Education Minister for the logical remarks that he has made about education. I was very pleased indeed to hear him take such a very proportionate and such a very logical view of matters pertaining to education. I said the other day that I felt that in matters of education there should be a national policy. The Hon. the Leader of the House asked me 'Why only education?' May I venture to answer, Sir, that education is a thing that concerns the future of a whole generation? If we once start with an educational experiment, a whole generation comes into grip with that particular project. We cannot change it easily. It cannot be a matter of just having a policy or correcting it two or three years afterwards. The thing has taken its course and must run through its course and therefore I say that in matters of education let us follow the principle of *festina lente*, which means 'proceed

[Dr. A. Lakshmanaswami Mudaliyar]
30th March 1954]

slowly'. I am particularly grateful to the Hon. the Minister for Education because he is an exception to the generality of Education Ministers who are now going about waving their big stick and trying to demolish everybody who stands in their way. It is not democracy that we are having. It is a totalitarian regime, in the guise of democracy, by a majority party in utter control of, and obedience to, the dictates of the Treasury Bench. I hope that it will never take place in our State.

"Let me refer to one other policy. I do so with some hesitation, but I want to make it very clear at this stage what my views are. I am one of those who believe that it would be good for the country if everybody can learn and speak Hindi. I have said so, and in the Secondary Education Commission Report hon. Members will find that I have advocated that Hindi may be treated as one of the languages which may be taught for three years at the beginning of secondary education. Having said that, let me make it very clear that at present too much of laxity of expression is prevalent among politicians of a certain State. I do not refer to the very interesting debate that took place in the House of the People and the very forcible and frank reply that was given by the Union Education Minister—all credit to him. But I want to make this very clear that the expression used by some people that Hindi is a national language according to the Constitution is wholly incorrect. Hindi is a State language, a language that should be adopted by the Centre and, if possible, by as many States as possible. If we speak of the national languages of India, there are fourteen languages mentioned in the Eighth Schedule to the Constitution and no discrimination has been made. I therefore cannot understand anybody trying to make out that under the Constitution we are bound to establish this as a common language in all grades or as a medium of instruction. Nothing is said about the medium of instruction. English was the State language in the Centre and the States. Nobody said for that reason that English should be the national language. Certainly not, Sir. But I do say this. Let us not get into jitters over the language controversy. We have a capacity in the eastern countries, if I may say so, to fight for nothing, to imagine great obstacles which may have to be destroyed. I repeat that it applies to other linguistic exponents who do not realize all the circumstances of the case. Sometimes we have to harbour them and tame them. (Laughter.) But having said that, let me make it very clear that in matters of education we cannot afford to make any rapid experiments on this line. The need of India to-day is to produce men and women who can take their place in the international world in literature, in science, in ethics, in philosophy or history and in every variety of professional studies and anybody, be he a Minister or a Chief Minister, who interferes with the rapid development of this process is doing a disservice to this country. I state that in unequivocal terms and I state that with the experience, limited though it may be."

THE HON. SRI C. RAJAGOPALACHARI:—"Please make it clear that the present company is not included." (Laughter.)

[30th March 1954]

DR. A. LAKSHMANASWAMI MUDALIYAR :—“ I began with offering my thanks to the Hon. the Education Minister and certainly those thanks would not have been due if I did not so thoroughly appreciate his attitude in these matters and realize that so far as this State is concerned, so far as the Treasury Bench of the present Government and, I hope, of the future Government are concerned, that policy will never be interfered with. We shall not be zealous in our zeal for any language, whether it be a regional language or whether it be a language of the State or the Centre. The only way in which languages can be favoured and developed is by a progressive policy of mutual tolerance, understanding and a gift for realizing what the other man thinks of. I am not very much worried. I do not know how to read, but I know sufficient Hindi and Hindustani to make myself understood anywhere in India. My hon. Friend Sri Raza Khan cannot twit me on that particular point.

“ Let me now come to my hon. Friend Mr. A. B. Shetty or as we familiarly call him Dr. A. B. Shetty of the medical profession. I am very glad to find that some amount has been set apart for rural medical service in the form of a mobile van. There has been a great deal of criticism against the medical administration. If there is one person more than another, with the exception of you Mr. Chairman, who knows more about the working of the medical profession, I claim that privilege of myself in spite of what my hon. Friend, Mr. Raza Khan has stated. From the year 1909 till the year 1952, I was actively associated with hospitals—not merely with one hospital but many hospitals. The year 1952 is not far back and my interest and knowledge of affairs of the hospitals still continue. With that experience and knowledge let me say this without fear of contradiction. I have also gone round many other countries. I have seen the medical institutions. I have inspected the medical colleges. I have looked into the working of the hospitals in those countries. In this connexion let me mention that I am most grateful to His Excellency the Governor of this State, Shri Sri Prakasa for the compliment that he paid to the medical profession that it was the most efficient, the least gluttonous in regard to fees and consisted of persons who had a greater amount of conscience than anybody else. That is a fact in this State. My hon. Friend Mr. Raza Khan stated that he was not convinced that the honorary medical service were playing their role properly. I ask him : ‘ Will he come with me on any day without previous notice to any hospital, to the General Hospital for instance, and see the working of the hospitals. Will he pick out the honorary men from the paid men when he goes there. Can he do it.’ I know, Sir, what they are doing. I know that they are more zealous than some of the paid medical men. If there are exceptions it is due to individuals and not because they are honorary or paid doctors. I know honorary surgeons who go to the hospital night after night to see their operated cases. I know people who have remained in the hospital till 4 o'clock in the evening without food and go home much to the regret and the disgust of their families. What do the

[30th March 1954] [Dr. A. Lakshmanaswami Mudaliyar]

Government pay them? Does not the Hon. Minister in charge realize that but for this medical service—the honorary medical service—his whole medical administration would have simply shattered to pieces. We owe this system of honorary medical service to the far-sighted statesmanship of the Raja of Panagal. It was introduced in the year 1922 against the teeth of an opposition the like of which this Government or any other Government is not likely to meet with. The whole battalion of the Indian Medical Service were arrayed against him. It was a historical battle which was waged in the Cabinet room of Fort St. George. When Lord Willingdon was the Governor that battle was fought and when the Surgeon-General said that he had to resign under these circumstances, the Raja of Panagal said : ‘ Well, I have a substitute already in view.’ With that the opposition collapsed and there after the honorary medical system was introduced. I am glad that that system was introduced although I feel there are certain ways in which these honorary men should be encouraged. My hon. Friend Mr. Raza Khan said that young men were coming in and spoiling the dignity of the posts of honorary surgeons. Let me tell you, Sir, that more juvenile persons are coming to the House to be legislators than to be honorary medical men. I can quote examples. You know perfectly well, Sir, that no person can be an honorary surgeon unless he has been a House Surgeon and an Assistant Surgeon for a number of years, unless he has had the prescribed qualification of M.D.M.S. or F.R.C.S., and unless he has worked after obtaining these decrees for four years in that capacity, he will not be recognized by the University as an honorary surgeon. Sir, let us not try to belittle the work of honorary officers. Let us on the other hand show considerable sympathy. I know there are directions in which they should be improved. It is now an accepted fact that the honorary surgeons are not treated in any different manner from the paid doctors. I saw a report in the papers attributed to the Hon. the Minister for Health that the honorary doctor was bound to work for at least three hours a day. That is all in theory. He is bound to work for the same number of hours as a paid man works. And the honorary man is paid nothing. He is not paid even the conveyance allowance to attend to emergency cases. He is paid nothing by way of tuition fees for the teaching he has to give. By this I do not suggest that the paid man should be paid less. I am only saying they are paid disproportionately small salaries. Sir, if I continue at this rate, I think the House may take it that I am trying to feather the nest of my own profession. I shall resist that temptation. (Interruption.)

“ Sir, it is perfectly true that the doctors of this State love their work. They are enamoured of the opportunities they have to serve the people and they have made no discrimination between the rich and the poor.

“ Sir, I was very much pained to note that the Hon. the Minister for Health had closed down certain training centres for nurses because there were a large number of unemployed nurses.

[Dr. A. Lakshmanaswami Mudaliyar] [30th March 1954]

May I respectfully venture to suggest that that is one of the noblest professions for women not necessarily for employment. It is a profession that is good for them. (Interruption.) They rise in value in the matrimonial market. My hon. friend may not realize it. But apart from that it takes four years to produce a nurse and if you want more nurses at any particular stage, if for any emergency you want them, you cannot produce nurses all of a sudden. You cannot get them. I beg of the Government, I beg of the Hon. the Minister for Health to reconsider the matter particularly in respect of Kozhikode and other places where there is so much of eagerness on the part of young girls to learn. If the Government cannot open more schools for training nurses in those places, why close the existing ones? I do not see any reason why these centres should be closed at all. After all are the Government providing employment for all those who are trained in our institutions? I plead for the retention of the school because I feel when once the Government close the institution, they will never get a suitable opportunity to draw in these people in such large numbers. I may tell the Government these trained nurses and doctors are finding employment all over India. My one great satisfaction is when I go round the country, when I go to other States, I am recognized by some nurse or some doctor who has been trained in Madras and they always show a certain amount of affability towards me. Let us not give up that great advantage.

"Now, Sir, reference was made to the reforms that are going to be effected in the field of local self-government. I think, the Hon. Minister who is not at present here, suggested that he was likely to appoint a committee to go through the administration of these local self-governing institutions—the representative bodies—from the panchayats right up to the district boards. Fortunately he did not include the Legislative Assembly and the Upper House as representative institutions. I do want to say this once again. Let us not be carried away by these demands. Democracy sometimes means submission to democracy of some people. Let us not be carried away by this idea of necessarily having this voting system for every single post of responsibility. Let us realize, and painfully realize that in the present circumstances there are limitations to democratic forms of Government. I would only request the Hon. the Minister for Local Administration and the Hon. the Minister for Co-operation also to realize this fact. I foresee the immense possibilities of co-operation. All the handloom products, the agricultural products, and products of much of the cottage industries that I hope may be started in the near future—I believe there are not cottage industries worth mentioning to-day—depend for their marketing on the good working of the Co-operative department. Unless the Government strengthen, stabilize and purify that department, the whole fabric will not stand the strain of the effort.

"Sir, in the concluding paragraph of his speech the Hon. the Leader of the House has made reference to the condition of affairs

[Dr. A. Lakshmanaswami Mudaliyar]
30th March 1954]

developing in the world around us. Every time I have had an opportunity of going out and seeing other parts of the world—fortunately or unfortunately to me it has been too frequent, not of my own choice, discretion or willingness—I have come back with a feeling of depression almost amounting to despair. Few of us, in discussing our local affairs, whether it is of the State or even of more local nature, seem to realize that we are fortunately or unfortunately mixed up in a world which is moving fast and which is moving along lines, the future of which none of us can anticipate. The greatest bulwark of any nation is not the assistance that it may receive from here or there, whether it be in the form of economic aid or military aid, but it is in the nation itself, in that feeling of solidarity, that feeling of oneness and brotherhood, that love of country and of its citizens fostered strong and in a measure that can be in sympathy with the ideals of citizenship. It is in this aspect of things that we have to promote to a greater extent internal unity, discipline and a well-ordered state of public affairs and of public life. I venture to think that nowhere can this task be better done than in this part of the country, if its citizens are wise and well-ordered citizens.

"Let me refer to two factors which may affect us to a very large extent. It is not my purpose to speak about events which are more legitimately the concern of the House of the People and of the Central Government but inasmuch as we are affected and we will be greatly affected, I feel it is my duty to refer to these events now. Events are taking place within a very short distance of us which are creating a certain amount of anxiety to the people and to the Governments concerned. It is my hope and prayer that finally a satisfactory settlement will be arrived at and, I have no doubt, that this can be left entirely to the wisdom of our Government, particularly of our Prime Minister, but I wish to state this, knowing something of the people concerned in that particular area, something of their habits and something of the part that they themselves play. Let us not forget the fact that they have an economic and social life of their own which they have cultivated for more than two hundred years under a foreign domination of another nature. Let us not, therefore, be overanxious to try to force any of our pet ideologies on them, realizing that in diversity, there is a virtue that cannot altogether be ignored. I hope and trust that whoever may be ultimately responsible for this particular part of the country, so far as we are concerned, we shall give them help in every possible way and make them realise that they can be what they have been, fully satisfied that they have their own ends to shape, rough-hew them how we will.

"May I also refer with some hesitation to another aspect of the world situation nearer our own home? We, in this State and in Southern India, are very deeply interested in this particular question—the relations between India and our neighbouring country of Ceylon which dates back not to hundreds but a couple of thousands of years. We are glad and happy that a settlement

[Dr. A. Lakshmanaswami Mudaliyar] [30th March 1954]

has been arrived at between the Prime Ministers of these two great countries. I venture to express the hope that whatever the settlement may be, the spirit of the settlement will spread more and more and people from our neighbouring island will feel that we have no intention to exploit their resources, much less to utilise them for any particular gain of ourselves. I am now very happy that in the University with which I am connected, over a thousand Ceylonese students are now reading in the colleges. I consider it the happiest augury that the youths of the two countries should be brought together in such close contact and by that contact they will realize, as perhaps the elder statesmen and others may not realize to the same extent, in what manner the interests of the Asian countries are bound together irrevocably. Let me hope and pray that those great tenets that have been adumbrated in our religions will be copied by all of us and we shall continue in eternal friendship.

“ Mr. Chairman, I am very grateful to you as well as to this House for giving me this indulgence and now I have to conclude with a personal note of regret. As soon as I arrived at Bombay at eight of the clock in the night, the reporters of some of the dailies there crowded round me and asked me whether I had read the news about Madras. I replied that I knew no news about Madras. They produced a paper and showed me a little report wherein it was stated that our Hon. the Chief Minister and the Hon. the Leader of the House was likely to lay down his high office. I am not indulging in any conventional phraseologies when I state that I received that news with sadness. I have been here for two years. As the Leader of the Opposition, I have been facing him all the time and I can say with no degree of exaggeration that no one has greater parliamentary gifts than he has. No one has maintained the traditions of high parliamentary life to the extent to which he has done and no one has given to the whole House the dignity and the status that he has given. (Hear, hear.) We may agree with him in some respects and we may be unfortunate enough not to agree with him in certain other respects. But of the work that he has done for our country and of the great and noble part that he has played throughout these long years spread over many, many decades, it is not for me to say. There were occasions when perhaps some people might not have agreed even in the olden days. There were also occasions when he himself did not agree with his own compatriots in those days. But at all times whether he agrees or differs, he never hesitates to call a spade a spade and state the blunt truth. Sir, as the Leader of the Opposition, it is my duty to refer to the great contribution made by the Hon. the Chief Minister to our State, to the country and to this House and to express our real sorrow that he has made up his mind not to continue with the responsibilities which he has been saddled with. I say ‘saddled’ deliberately for I know that it was not his choice. We shall miss him very much in the particular place where he is sitting but I express the hope and the bon prayer that he will

30th March 1954] [Dr. A. Lakshmanaswami Mudaliyar]

continue to be with us for many, many more years and he will still occupy a honoured seat in this particular House and that we shall have the benefit of his ripe wisdom and advice. I express again, on behalf of the Opposition, our grateful appreciation of all that he has done as the Hon. the Leader of the House and as the Hon. the Chief Minister. May the Almighty, in whose hands we all are, shower His choicest blessings on him and give him a long life of happiness, of good health, of cheer and of encouragement in his old days to see that things do not go wrong after he lays down his office!” (Cheers.)

THE HON. SRI C. RAJAGOPALACHARI :—“ Sir, I had no idea when coming here this afternoon that I would have to be so overwhelmed listening to such kindness—so much kindness—and such grateful expression about the work that I have done or any good that I might have done. Member after Member referred to me apart from the Appropriation Bill, and the climax has been reached just now by my old, eminent, and most illustrious friend, the Leader of the Opposition. In the few words in which he couched his feelings in respect of me, he succeeded in completely overwhelming me. I can only say ‘Thank you all for all that has been said’. I am going to lay down my office as was said, because there is a time—a point of time—when the physical frame must be allowed its rest, and that is the reason why I am going. I am going with as much sorrow in my mind on account of the parting with friends in this particular field of active work for the State as they have said they feel in respect of my going.

“ Thank you very much, Sir, for giving me this opportunity. I do not wish to take more of your time.”

THE HON. SRI C. SUBRAMANIAM :—“ Mr. Chairman. Sir, it might have been more appropriate if my leader has replied to the entire debate. To-day we are considering the Appropriation Bill, which is rather a formal matter. But it was raised to the level of a full-dress budget debate by the intervention of the Hon. the Leader of the Opposition. Many Members expressed their joy that the Chief Minister was back in his seat, even though temporarily. But we are all assured by his presence here that he has recovered from his illness, and he will be physically fit within a short time. But in spite of that, he has announced his intention to retire, and that has given the occasion for the Hon. the Leader of the Opposition to give expression to his feelings with reference to my leader. Let me also express my joy, Sir, that the Hon. the Leader of the Opposition has been able to come back after his tour and participate in this budget debate at least on the last day. I am grateful to him for the kind reference he made about me. I have not taken it that I deserve them. But I take them as an encouragement by an elder statesman to a young man who is trying to do his duty to the best of his ability. As long as I am called upon to continue to render my services, I may assure him that I will try to do my best, and his appreciation will stand in good stead as far as I am concerned.

[Sri C. Subramaniam] [30th March 1954]

"The Hon. the Leader of the Opposition referred to very many things which have already been dealt with during the budget debate. I do not think he would have had the time to go through my reply to the Budget debates for, after all, it was a very insignificant thing considering the mission in which he was engaged in those days. I have in my reply tried to answer many of the points, and how far my reply would have appealed to him especially with reference to fresh taxation proposals, if he had happened to hear those points, I do not know. It is not with any sense of pleasure that I have come forward with taxation proposals. He said that it was a routine affair. I had said in my reply that it was as a matter of duty, and after full consideration that I took that unpopular step of proposing fresh taxation measures, especially at a time when, after partition, everybody was hoping that there would not only be a balanced budget, but to a certain extent a surplus budget, and that there would not be any need for fresh taxation on the people. But unfortunately events have turned out to be otherwise. The Hon. the Leader of the Opposition himself referred to the fall in sales tax receipts to the extent of Rs. 121 lakhs. From that he calculated that trade and business should have diminished very much, and therefore that was not a good sign. But may I also point out to the hon. the Leader of the Opposition that it is not only the turnover in terms of goods, it is not only the fall in production that has caused this fall in sales tax receipts, but it is the fall in prices also to a certain extent which contributed to this fall in sales tax receipts. In my view this is a hopeful sign. As far as production is concerned, the House would agree that in the agricultural sector, 1953 had a better and a more prosperous time than the past six or seven years. Therefore, as far as that sector is concerned, it cannot be said that production has gone down or that unemployment has increased. So also if we take the industrial sector, the production index shows that there has been an appreciable increase in many of the sectors. But we were hit in the beginning of 1953 by a power-cut which almost paralysed many of our industries. Fortunately for us we have passed that period, and it would not be necessary now even during this summer to impose any cut in power supply. This, I am sure, will give a favourable trend as far as the industrial production is concerned. Therefore, we need not feel unduly pessimistic that our production is going down or even that unemployment is increasing. My own view is that even though there is a certain amount of unemployment and under-employment, it is not as if our position is deteriorating. My view is that we have turned the corner, and that we are marching towards progress. I am hoping that next year, if it happens to be a normal year as far as rains are concerned, it will be possible for us to say confidently that the difficult days are over, and better days are in sight. If only we are able to manage our affairs properly, it will not be necessary to take any abnormal steps with reference to anything happening in our State. I hope the Hon. the Leader of the Opposition will pardon me if I say that in

30th March 1954] [Sri C. Subramaniam]

spite of what he has said about the various taxation proposals I stand convinced that in the interests of our own State, and in the interests of the various schemes which we have to undertake, it is absolutely necessary for the Finance Minister to take the unpopular step of bringing forward all these taxation proposals and getting them through, and take the entire unpopularity on himself so that the future Finance Ministers who take over from him will be able to have a better and easier time when they are called upon to frame their budget proposals. That is the only excuse that I can give with reference to the taxation proposals.

"I think I should make some specific reference to the proposed sales tax on mill cloth. We have been pressing for the protection of the handloom industry the reservation of certain categories of cloth. After all, when we speak about the textile industry, we cannot forget the large number of people—millions of people—who are engaged in the very same textile industry, the handloom industry, and it is not correct to allow these millions to perish. If conditions have got to be created wherein these people will be able to carry on their avocation, and will be able to maintain their families properly without starving them everyday and at every stage, it is necessary for us to give a sheltered market to them, so that it would be possible for them to dispose of their goods at an economic rate which would give them an economic wage, and enable them to give at least a morsel of food to all the members of their families. It is only from that point of view that this taxation proposal has been brought forward. If only the Government of India would agree to the reservation of certain categories for the handloom industry, I do agree that a stage will come when we will have to reconsider our proposals with reference to the increase in sales tax. I have absolutely no doubt that if such a thing happens, we will reconsider the whole question and do whatever is necessary. Therefore, this is the justification for our imposing an increased sales tax on mill cloth. But, the Hon. the Leader of the Opposition said that even in respect of the few weaving mills which are established in our State they would be at a disadvantage with reference to the weaving mills in the other States. I may with all humility point out to him that so far as inter-State transactions are concerned, our sales tax will not affect these transactions. Therefore if our weaving mills sell their goods for purposes of consumption in other States, our sales tax will not apply to such sales but the sales tax applicable to the consuming State alone will apply. Therefore our rate of taxation will not in any way reduce the competitive strength behind the weaving mills here. I am therefore right in my assessment, that as far as export of mill-woven goods from our State is concerned, it is not going to be affected by this extra incidence of taxation. But, all the mill goods whether they are produced here or in another State, when they are sold for consumption here in the course of business, will be subject to the same rate of taxation. So, there is no question of unnecessary advantage which the goods from other States will

[Sri C. Subramaniam] [30th March 1954]

have over the goods produced in our State. That is not going to be our problem. I am therefore hoping that this taxation apart from being a revenue measure as far as the Government are concerned, will give incidentally a sheltered market to the handloom industry also. I think it is absolutely necessary because of the great unemployment which would come into existence of these millions of handloom weavers are thrown out of employment. It will be a colossal, social and economic problem which in its turn will lead to further deterioration in the various economic fields and social strata. Apart from the human aspect, even from the economic aspect and from the aspect of employment also, it is necessary to give protection to the handloom industry. This is the justification, Sir, why after a great deal of consideration we thought we shall increase the Sales tax on mill-made goods even with reference to the medium variety because, after all, it is in this category that there is greater competition between the handloom cloth and mill-made cloth. If we want to give effective protection to the handloom industry, we have to take into account this sector also. Of course, it is subject to the Central Government giving their consent. But, I am hoping that considering the problem in its wider aspect, it would be possible for us to get the consent of the Centre.

"Then, Sir, the Hon. the Leader of the Opposition referred to the various irrigation and power schemes which we have taken up and rightly pointed out that the burden of executing these schemes should not fall wholly on the present generation, that they should not be called upon to bear the burden entirely and it should be possible to see that the future generation also is made to pay for it."

MR. CHAIRMAN :—"I would like to know, how many more minutes the Hon. the Finance Minister would require?"

THE HON. SRI C. SUBRAMANIAM :—"Sir, I shall try to finish it in another ten minutes."

MR. CHAIRMAN :—"If so, I would like to make a few remarks. May I say, I like to endorse the feelings expressed by the Hon. the Leader of the Opposition and other hon. Members about the Hon. the Chief Minister who is retiring from his office. I only want to say that I deem it a great fortune in having him in this House because he has been of extreme help whenever any difficulty arose—practically no great difficulty arose—in solving it and the Chair always got great help from him. I do not want to make a long speech but only say I shall miss him here as the Leader of the House."

THE HON. SRI C. SUBRAMANIAM :—"Sir, I was referring to the expenditure which we were incurring on these large irrigation and power schemes. As a matter of fact, the cost of most of these schemes is met only from borrowings. It is true we used

[Sri C. Subramaniam] 30th March 1954]

our revenue reserves also for this purpose and it was intended only for it. Therefore, we need not regret that, as far as future commitments in regard to such schemes are concerned, they are being met by borrowings either from the public or from the Central Government because it is only posterity which will have mostly to repay them even though we may be called upon to bear the interest and other debt charges in the near future.

"As regards the betterment tax, it is our intention that it should come into effect, not immediately a project is executed, but only after water is supplied to the agriculturists and it begins to bear fruit. It is only after two or three years that it will come into effect and it is also proposed to collect the betterment tax in easy instalments spread over 20 or 30 years. I may therefore say it is not going to be a heavy burden on those who will be called upon to bear this tax.

(At this stage the Deputy Chairman occupied the Chair.)

"Let me refer briefly to the various points made by other hon. Members. The Estimates Committee, the hon. Member Sri T. Purushotham said, should be in the form of an Expert Committee consisting of an Expert Engineer and two other senior Engineers. I am afraid, his proposal may not be practicable because, after all, we know how these experts differ in their views and whenever we ask a body to make suggestions it should be a body which is responsible to the Government. If we have a body of honorary men, to whom will they be responsible? It may be that they are supereminent men but still there is no question of their sharing any responsibility. That is why it is always found necessary that the head of the department or the person who happens to be the head of the Engineering Department is asked to share this responsibility. I do not think that any useful purpose will be served by this expert committee except for differing from one another and perhaps differing from the Chief Engineer also and ultimately problems will arise as to whose views should prevail, the Expert Committee's views or the views of the Chief Engineer. It is just something like what somebody said about the Second Chamber, namely, that if it agrees with the First Chamber it is superfluous and, if unfortunately, it does not agree with the First Chamber, it is irksome. We will therefore be placed in that dilemma. I do not think it will be possible to accept it but I am prepared to have his proposal examined though I am inclined to believe that it will not work well.

"His proposal to appoint a Committee of Lawyers is also similar. After all, before any legislation is passed it goes through eminent lawyers who are available to us. The Advocate-General is supposed to be the leading advocate and these legislative measures are scrutinized by him. The hon. Member Sri T. Purushotham referred to the Electricity Undertaking Acquisition Act, which was held *ultra vires* of the Constitution by the Supreme

[Sri C. Subramaniam] [30th March 1954]

Court. In this connexion, not only did the Madras Advocate-General but the Law Officers of the Government of India also gave us their advice that it was *intra vires*. The High Court of Madras also held that it was *intra vires*. It was only the Supreme Court, on a point which was considered and rejected by the Madras High Court, held that it was not a valid legislation. It is therefore not possible to contemplate what will be the views of judges who will be sitting in judgment at a later date under different circumstances altogether. The Supreme Court has taken the view that it is *ultra vires* and we are bound by it. We have to rectify this mistake and we are trying to do so. However eminent the Committee of Lawyers may be they will not be able to foresee and rectify all these mistakes. Even if we send such legislation to a Bench of Judges for the purpose of scrutinizing them, unless they come before the same Bench we cannot be very sure that the same view will be taken by another Bench of Judges. Even if it comes before the same Bench, they may change their view if new arguments are advanced by other eminent lawyers. I am therefore afraid, Sir, that we will have to think twice before launching upon these Committees. They will be merely another spoke in the wheel.

"With reference to the point raised by the hon. Member Sri G. Krishnamurthi about the three rupees increase recently sanctioned by the Government, the point will be made clear when we issue orders on the subject.

"The hon. Member Sri M. P. Govinda Menon referred to the incident near Kozhikode. We all regret that such an incident should have happened. I read out in the other House the moving appeal made by our Hon. the Chief Minister that such incidents should not recur. Let us not hasten to say that either the Muslim League is responsible for this incident or that any other political body is responsible. Let us not prejudice the issue. I hope this is only a passing phase and a temporary aberration of mind because of certain excitement prevailing at that moment. Let us not pursue it further to give it a permanent colour. We are all sure that this is only a temporary phase and it is not going to be permanent. Let us all hope and let us all so work that this tension of feelings between the two communities or between two religious communities does not become a permanent feature. In making our speeches or in reporting about these incidents we have to be guarded. Therefore let us create an atmosphere in the Legislature and outside the Legislature which will not be conducive to these communal bickerings. (Hear, hear.)

"As far as the point relating to honorary Medical Officers referred to by the hon. Member Sri Raza Khan is concerned, it has been effectively answered by his own leader. Therefore my task has become lighter and my Hon. Colleague also, after hearing the speech of the Hon. Leader of the Opposition, has left the House thinking that there is nothing further to say.

30th March 1954] [Sri C. Subramaniam]

"Sir, I do not wish to take up any more of the time of the House. I have only referred to in my reply the salient points mentioned by hon. Members in the debate. I am sure I have not touched all the points. But that does not mean that they are unimportant. As I said at the beginning, this is only a formal motion for the consideration of the Appropriation Bill. I thought it would not be necessary to make a lengthy speech but still I had to meet certain points. I hope this Appropriation Bill will have the unanimous approval of this House especially when it has been commended to the House by the hon. Member Sri V. Chakkarai Chetty."

SRI MOHAMED RAZA KHAN :—"May I just say a few words with the permission of the Deputy Chairman, by way of personal explanation? I am not against the system of appointing Honorary Medical Officers. I really admire them and I am on a par with my leader in appreciating the services of these Honorary Medical Officers. What I submitted was that it would be much better to pay these people, at least at the lower level, so that they may get something in return for the services which they are rendering. After all they have to eke out their livelihood. It is not as if I am against appointing Honorary Medical Officers. That has not been my contention at all. Unfortunately I have been misunderstood. I only stated what I felt in this matter."

DEPUTY CHAIRMAN :—"The question is—

'That the Madras Appropriation Bill, 1954 (L.A. Bill No. 9 of 1954), as passed by the Legislative Assembly be taken into consideration.'

The motion was carried and the Bill was taken into consideration.

Clause 2, the Schedule, Clause 1 and the Preamble were put and carried.

THE HON. SRI C. SUBRAMANIAM :—"I move—

'That the Madras Appropriation Bill, 1954 (L.A. Bill No. 9 of 1954), as passed by the Legislative Assembly be passed.'

DEPUTY CHAIRMAN :—"The question is—

THE HON. SRI C. SUBRAMANIAM:—"Sir, I beg to introduce the Madras Appropriation (No. 2) Bill*, 1954, and move—
'That the Bill be taken into consideration at once.'"

* Published in the Fort St. George Gazette Extraordinary, dated 29th March 1954.

[30th March 1954]

MR. SPEAKER :—“ Motion moved—

‘ That the Madras Appropriation (No. 2) Bill, 1954, be taken into consideration at once.’ ”

SRI K. VINAYAKAM :—“ Mr. Speaker, Sir, the Appropriation Bill moved by the Hon. Minister for Finance is before this House for consideration. Sir, I rise here to oppose this Bill and in support of this opposition, I shall adduce some arguments which may be considered by the Government for rectification of some of the defects found in the various departments.

“ Sir, I would like to consider first the first head, namely, the Excise Department for which an appropriation of Rs. 2,16,700 is needed by the Government. Sir, my views on the Prohibition policy are very clearly known both to this House and to the Government. I have been repeatedly bringing to the notice of the Government that this Prohibition Act is being misused in our State. There is a clamour that this short-sighted policy of prohibition has not only deprived the Government of its legitimate revenue, but also thrown most of the ex-toddy tappers into unemployment and this policy simply goads them to eke out their livelihood by nefarious methods. There is a practice now by which licences are granted to the toddy tappers to tap neera and then manufacture jaggery out of it. Sir, this is being misused with the result the officials of the Prohibition Department are niggardly enough not to consider the legitimate claims of the ex-toddy tappers. The ex-toddy tappers wish to manufacture jaggery and approach the Prohibition Department officials for the grant of licences. But the officials instead of going into the pros and cons of the requests, are summarily and totally refusing to grant them permits for fear that they have shortage of personnel to check whether these licences are misused or not. For instance, if a petition comes from a distant village farther off from the officer's headquarters, which the officials could not easily reach, they simply refuse to grant licences on the pretext that it is not necessary. Instead of taking proper steps to examine whether the toddy tappers are properly using the licences and instead of taking stringent steps and such measures by which they can prevent illicit distillation, the officials simply refuse to entertain the applications. In the result what happens is this. The ex-toddy tappers genuinely want to live a good, honest life by taking out a licence, by tapping neera and then by manufacturing jaggery. But when they are refused licence, naturally they take to wrong methods. That is the tendency in man. Thus, the action of the officials instead of checking illicit distillation, is encouraging it. It is not the people who consume toddy that take to illicit distillation by themselves, it is the Government officials, the officials of the Prohibition Department who are indirectly encouraging illicit distillation by this kind of action. If the applications are considered and then refused for valid reasons, we can understand the logic of it. But this kind of refusal for fear that they have no proper personnel, that they could not go and examine and see

30th March 1954] [Sri K. Vinayakam]

whether the licences are properly utilized, is unfair. I have known cases where there are plenty of misuse of this grant of licences. So I wish the Hon. Minister in charge of Prohibition to issue instructions to her departmental officials that the applications from ex-toddy tappers should be liberally considered.

(The Deputy Speaker occupied the Chair at this stage.)

“ Sir, I have been reading in the papers that in one meeting, the Hon. Minister for Prohibition had openly declared that applications for licences for tapping neera would be considered, if the local M.L.As. gave a guarantee to the effect that such licences would not be misused. Taking the cue from the Hon. Minister, Members from Chingleput District, irrespective of our political affiliations, jointly submitted a memorandum to the Hon. Minister in charge of Prohibition, requesting her to consider the issue of licences for tapping neera in our district. But the Hon. Minister has told us that she has sent the memorandum for departmental enquiry and that she is awaiting instructions from her department. If that could be the attitude of the departmental officials involving a lot of delay, the season for tapping neera will be over in twenty days from now. Afterwards there will not be any neera available to be tapped. There will be no use if licences are given after the expiry of one month from to-day when the neera season would have come to an end. I would request the Hon. Minister for Prohibition to liberally consider the memorandum I have given and take suitable action.

“ In this context I wish to draw the attention of the Hon. Minister for Prohibition to an awful incident that took place in a village called ‘ Vembadu ’ in my constituency. Of course there was some misuse by some people who were carrying on illicit distillation. A raid was conducted by the Prohibition Department officials with guns and revolvers. Some villagers were prosecuted. Innocent men were involved. There was shooting in the village. Two people were shot and one died on the spot. I have been asking the department about the details of what happened. Still I have not received authentic information. The matter is not *sub judice*. No case has been filed in the Court. This incident happened in the village Vembadu in Tiruppurur firka. I have been asking the department to institute an enquiry. People should be allowed to go to court to get the mercy of law in the matter. I repeatedly raised this issue in the District Prohibition Advisory Committee but it was of no avail. This incident happened six months before. The people as such have lost confidence in the prohibition policy; much more, they have lost confidence in the present Government. I still urge here constitutionally, for an enquiry, I mean, public enquiry into the shooting incident to which I have referred above. The Prohibition Police took the law into their own hands. They have sho’

[Sri K. Vinayakam] [30th March 1954]

There was no police. There was nothing. There was no Government at that time. Innocent men were shot. I have brought this to the notice of Government. I again raise this issue here and request the Hon. Minister for Prohibition to institute an enquiry into the matter.

"I now come to the subject of irrigation dealt with under the eighth item. Irrigation facilities are sadly lacking in Chingleput district. I have been asking the Hon. Minister in charge of Irrigation as well as the Hon. Minister in charge of Revenue to inspect my place and rectify the defects. The Hon. Minister in charge of Revenue was good enough to follow me—to put it otherwise I can say I was good enough to follow the Hon. the Revenue Minister—when he visited Mahabalipuram two days before. There, along with other hon. Members like Sri K. Aranganathan and Sri V. Balakrishnan, I made a very good suggestion to the Minister. I told him how irrigation facilities could be improved in Chingleput district by utilising the sub-soil water along the sea shore. There are places known as 'wanch' (that is what they call it in Tamil, or 'kasam' (another Tamil equivalent) (Sri V. Balakrishnan: 'Say "springs"') from which plenty of water could be obtained. From these springs, if only the Government concentrate upon them, we could feed an ayacut of 4,000 acres in Chingleput district. Ever since I entered this House, I have been urging upon the Government to do this. But they are most unimaginative and unpractical. They do not see beyond their nose. That is the whole trouble with this Government. They have not done anything in the matter. I would request them to pay attention to what I have said and do the needful.

"There is the Buckingham canal which runs along the sea shore. Rice and firewood are being taken by boats in this canal. The bund is not raised all along the route. What happens is the sub-soil along the shore of the canal which is saltish gets silted up in course of time. Due to the Government not having raised proper bunds all along the route, the saltish earth gradually spreads up and extends to the adjoining arable lands with the result the latter become unfit for cultivation. The ryots are put to a lot of difficulty due to this. The saltish earth spoils the crops. Where can the poor ryots go if their crops are spoiled and that too for no fault of theirs? When there are floods, the water in the canal which is usually saltish flows into the adjoining arable lands and the saltish water spoils the crops. I represented this matter to the previous Hon. Minister for Public Works, Mr. Ranga Reddi. But he was little interested in what I said. I again make the request to the present Minister for Agriculture. Even though he has got good intentions and wants that these things should be attended to quickly, unfortunately he is not in a position to do so. On enquiry from the departmental officials, I find that raising of the bund along the route will not cost more than Rs. 5,000. For the past two years, I have been urging upon the Government to do this. But nothing has been done so far. If only the Government were to execute this work by spending Rs. 5,000, that would raise the prestige of the Cabinet.

30th March 1954] [Sri K. Vinayakam]

"As I said previously I once again request Government to tap the water from the 'wanch' or 'springs' in Chingleput district. There are 28 such springs from Tirupporur to Madurantakam. If these 28 springs are properly tapped, a lot of good water, at least drinkable water, could be obtained and that water if used for irrigation would contribute to some extent to increasing the agricultural wealth of Chingleput district.

"I want to stress one more point. The Hon. Minister for Education has announced very graciously that there would be an increase of Rs. 3 in the salaries of aided elementary school teachers. To that extent I am grateful to the Hon. Minister for Education. But what do the Madras Educational Rules say? It is said that the management must contribute Rs. 3 out of their pockets and the Government will give Rs. 27 by way of teaching grant. The manager has got to pay Rs. 3 from out of his pocket and this added to the teaching grant of Rs. 27 totals Rs. 30 which is to be paid to the teacher as his salary for a month. But what happens in most of the schools under private management is only the Rs. 27 from the teaching grant is paid as the salary for the teacher. The Rs. 3 which they have got to pay is not paid by the managements in most of the schools. That is what is happening in the aided schools to-day. The Hon. Minister said that the salary of the aided elementary school teachers would be raised by Rs. 3. Does this mean that the salary will be Rs. 30 and that the managements need not pay their contribution of Rs. 3? If that is so, the Government are only aiding the managements who have been teasing the teachers, who have not been kind to the teachers and who have been bypassing the Madras Educational Rules. Whether the pay of the teachers will be Rs. 30 made up of the teaching grant of Rs. 27 and the proposed addition of Rs. 3 or whether it will be Rs. 33 made up of the teaching grant of Rs. 27, the proposed addition of Rs. 3 and the management's contribution of Rs. 3 is a point which I would like the Hon. Minister for Education to clarify on the floor of this House.

"Then I come to the subject of Harijan Uplift which includes the uplift of Backward Communities also. We have been repeatedly saying that the amount set apart for educational concessions for Backward Community boys is meagre. I understand the difficulties of the Government; they are hard put to find the necessary finance for carrying on the administration. But any addition to the provision made for the uplift of Harijans and Backward Communities is a feather in the cap of the Government. I wish that the Government spend a little more money on this and come forward with a Supplementary Demand next year. The point I am reiterating is this. No student belonging to a Backward Community or to the eligible communities like the Harijan Community should be prevented from prosecuting his studies for want of money for paying school fees. It is a tragedy and a confession of abysmal insolvency of efficiency on the part of our Government to deny the opportunity for any such student for prosecuting his studies. I have known poor families who have spent all their fortune on educating the

[Sri K. Vinayakam] [30th March 1954]

boys—my family is one such family—in the fond hope that young men coming from the University will occupy a very decent position in life. When the students come out of the portals of the University, they find that the problem of unemployment looms large everywhere. When the Backward Community families spend all their fortune on educating their boys and when those boys do not get employment, they are utterly disappointed. Of course, the unemployment problem has got to be tackled on an All-India basis; it is a problem which is beyond the capacity of the State Government. We do not clamour for scholarships for studying in foreign countries. We only want that the education that is available in our country should be made as cheap as possible so far as Backward Community and Harijan boys are concerned. At present, Harijan students are enjoying more facilities than the Backward Community students. We do not grudge giving those facilities to the Harijan students; they deserve them and let them have them. We want that the Backward Community students also should be treated on a par with Harijan students in the matter of education. We would be thankful to the Government if they entertain all the applications from Backward Community students for scholarships for prosecuting their studies. We do not want the Government to provide us with jobs; we will manage to secure jobs.

“ Then I come to Road Transport Schemes. I do not find the Minister in charge of that portfolio here. I wish to tell him that I am in a position to give him some practical suggestions by which the finances of the Government could be augmented to a very appreciable extent. When I suggested some points here, the Chief Minister jocularly remarked that I could be drafted as a member of the Transport Advisory Committee, implying thereby that thereafter complaints will cease to be made on the floor of this House. That was not my intention. I do not want to become a member of the Committee just because the Government want to shut me out from putting questions. I am trying to help the Government to augment their finances and increase the efficiency of the system. I have pointed out on a former occasion that labour in Government undertakings is not treated properly. When the labourers join a union, the Government immediately dub it as a Communist-sponsored or Socialist-sponsored union. Labourers in the Government Transport form themselves into a union to put forward their hardships before the Government. Bad motives should not be attributed to them. They should be taken into the confidence of the Government and their suggestions must be considered. They should not be made to work for more than eight hours a day. If I, as a private employer, employ some workers, the Shops and Establishments Act stares me in my face. It says that I should not extract work from the employees for more than eight hours a day. The Labour Inspectors are very strict in implementing this provision of the Act, and for any violation they take the offenders to a court of law and the court imposes a fine. The same law applies to Government factories. But the workers in the Madras Government Transport are made to work for more than eight hours a day. There cannot be one law for the Government and another law for the public.

[Sri K. Vinayakam] 30th March 1954]

Sometimes the workers in the Government Transport are made to work for as much as ten or eleven hours. I have known drivers and conductors complaining that, as they have to take the buses by five o'clock in the morning, they have got to be in the office by about 3 o'clock, as then only they get to know the bus which a driver has got to take and the conductor allotted to it. Sometimes they are also not treated well by the employers. Because they are not treated well by their employers and they do not get a kind word from the Government, they turn their entire anger on the innocent public who have to depend upon their services. If a teacher has some domestic quarrel, when he goes to the school he pounces upon the innocent children. Because the teacher is not well-placed economically, he turns his anger upon the innocent pupils who could not rebut it. That is what is happening in our schools. Similarly, the Government Bus Transport labourers, conductors and drivers are very unkind to the passengers. They do not stop the buses at the stopping places and when they stop, they do not stop sufficiently long to enable the aged and the infirm people to board the bus and get themselves seated. They start and get off quickly. They are very uncivil or unkind to passengers. It is not their fault. They are as much human beings as anybody else. I have had some personal contact with the bus drivers and conductors. Taken as a whole, they are good men. But why are they so badly behaving towards the passengers, when they are at their work? Because they have been rubbed on the wrong side by their employers. There are some private operators like the P.T. or the S.R.V.S. competing with the Government Bus Transport on, for instance, the route from China Bazaar to Pallavaram. I wish that one of the Ministers stands incognito at one of the bus stops to find out what the position is. A Government bus driver does not care to stop the bus at the bus stop, even though there is a long queue of passengers waiting at so late an hour as 9 o'clock in the night. The passengers get disappointed. When the driver or conductor misbehaves, the passengers don't blame them. They blame the Government and heap tons of curses on them. This is the awful condition of the Government Bus Transport. If a private operator's bus comes there, the driver or conductor beckons the passengers, requests them to get in and guides the passengers who are in need of guidance. If a passenger wants to go to Poonamallee, the conductor tells him that a bus bound for Poonamallee will be waiting at the Pallavaram bus stand at the time his bus reaches Pallavaram and that he could travel in that bus and reach Poonamallee. That is how the employees of private employers behave towards bus passengers.

“ Sir, that is the reason why nobody is tempted to get into a Government bus. Your conductors are so uncivil and so unkind to the passengers with the result they are not only responsible for preventing the Government from earning sufficient amount of money through these buses but they also earn tons of bad words from the public. So, the Hon. Minister in charge of transport must convene a conference of the bus conductors and drivers, instil into them some hope and confidence and give them

[Sri K. Vinayakam] [30th March 1954]

all reasonable facilities. I do not say that the Government should throw open the entire coffers and run the buses on a 'No loss, no profit' basis. I do not hint at that. The Government may make any profit. But, at the same time, they must also see that the passengers get the maximum comfort. (Interruption.) I do not think that my time has come to an end. I thought there was dearth of speakers and that was why the Hon. Deputy Speaker was allowing me to speak. (Mr. Deputy Speaker then sounded the gong.)

"Sir, lastly, I wish to make this suggestion. It is no use convening a meeting of these people only once just as the Hon. the Chief Minister, Mr. Rajagopalachari, did once on the eve of the Deepavali day. He called all the bus conductors and drivers, gave them hot tea and some tiffin and then said 'You will all be treated well'. These people were all thinking that they will be getting some bonus. The announcement of the Hon. the Chief Minister made them all very much disappointed. That should not be the attitude. The Government must collect them, give them a kind word and tell them 'If you get more income to the Government, you will be given a bonus'. Suppose every bus conductor must collect at least Rs. 160 per day, than for a certain amount that he brings over and above that limit, he should be paid a bonus of say, eight annas that day. If the Government can give them such an incentive, they will not only get more income but they will also have a contented staff. Why should I talk only about these bus conductors or drivers? Take any low paid staff—the village munsif, the Revenue Inspector, the policeman or any such officer. These are the men who are the real enemies of the Government. They do not want to help the Government because the Government do not treat them properly. So, I want that the Government should treat the labour properly. I have got umpteen complaints against these persons. But, for want of time, I have to cut short my remarks. I wish the Government rectify these defects before they expect this House to vote for this Appropriation Bill."

"மேலும் பதினான்கு வயதிற்குட்பட்ட எல்லாப் பையன்களுக்கும் பத்து வருட காலத்தில் படிப்புச் சொல்லித் தரவேண்டுமென்று இருக்கிறது. நான்கு வருடங்கள் ஆகிவிட்டன. இன்னும் ஆறு வருடங்கள் தான் பாக்கியிருக்கின்றன. சிறிய காஷ்டீர் ராஜ்யத்தில் எல்லோருக்கும் கல்வி இலவசமாக அளிக்கப்படும் என்று இருக்கும்போது, நம் நாட்டிலும் நாம் ஏன் அதைச் செய்யக்கூடாது.

"முன்பு ஒரு தடவை சொல்லும்போது நாற்பது லட்சம் பேர் பள்ளிக் கூடம் வருவதில்லையென்று சொன்னார்கள். ஏனென்றால் பெற்றோர்கள் அவர்களை அனுப்ப மறுக்கிறார்கள். பெற்றோர்களோடு பையன்களும் வேலை செய்கிறார்கள். உதாரணமாக சாப்பாட்டிற்கே வழியில்லாமல் இருக்கும்போது, கஞ்சித்தண்ணீருக்குக்கூட வழி இல்லாதிருக்கும்போது அவர்கள் எப்படிப் பள்ளிக்கூடம் வரமுடியும்? புஸ்தகம் முதலியவைகள் எப்படி வாங்கமுடியும்? ஆகவே சம்பளச் சலுகை, புஸ்தகச் சலுகை முதலிய எல்லாம் கொடுப்பதுடன், மத்தியானம் ஒரு வேளை சாப்பாடு கொடுத்தால் கண்டிப்பாக எல்லோரும் வருவார்கள். கோயமுத்தூர் ஜில்லா உபாத்தியாயர்கள் சங்கம் இம்மாதிரி கொடுக்கவேண்டுமென்று சிபார்சு செய்திருக்கிறது. 1944-ம் ஆண்டில் அட்வைசரி ஆட்சி இருந்த காலத்தில்கூட ஒரு வேளை உணவு கொடுத்து வந்தார்கள். ஆனால் காங்கிரஸ் ஆட்சி ஏற்பட்ட பிறகு அதை அடியோடு நிறுத்திவிட்டார்கள்.

"கோயம்புத்தூர் ஜில்லாவில் புதியதாக ஒரு உத்தரவு போட்டிருக்கிறார்கள் என்று அறிகிறேன். அதன்படி மாதம் ஒன்றுக்கு ஐந்து பின்னை களையாவது ஒவ்வொரு உபாத்தியாயரும் இப்பொழுது இருப்பதைவிட அதிகப்படி பள்ளியில் சேரும்படி செய்யவேண்டும். அப்படி எந்த உபாத்தியாயராவது சேர்க்காவிட்டால் அவர்களுக்கு வேலை கிடையாது என்பதாக குறிப்பிட்டிருக்கிறார்கள். இந்த உத்தரவு சரியல்ல. இதை மாற்ற தக்க நடவடிக்கை எடுக்கவேண்டும். அது மட்டுமல்ல. இதுமாதிரியாக புதிய பையன்களை சேர்க்காத வாத்தியார்களின்பேரில் நடவடிக்கை எடுப்பது மிகவும் வருந்தத்தக்கது.

"இந்த ராஜ்யத்தின் பிரதம மந்திரியாக வரப்போகின்ற கனம் சுப்பிரமணியத்திற்கு குறிப்பாக ஒன்று நான் சொல்ல ஆசைப்படுகிறேன். 1953-ம் ஆண்டில் தென்காசியில் அவர் பேசும்போது, 'உபாத்தியாயர்கள் எல்லாம் பியூன் வேலைக்குக்கூட லாயக்கு இல்லை. மேல் நாடுகளில் ஆரம்ப ஆசிரியர்கள் ரொம்பவும் படித்தவர்களாக இருக்கிறார்கள். ஆதலால் அங்கு பையன்கள் நல்ல மனிதர்களாக ஆகிறார்கள். ஆனால் நம் நாட்டில்தான் குறைந்த படிப்புள்ளவர்கள் ஆரம்ப ஆசிரியர்களாக இருக்கிறார்கள். இவர்கள் பியூன் வேலைக்குக்கூட லாயக்கு இல்லை' என்று குறிப்பிட்டிருக்கிறார்கள். இது வாத்தியாயர்களை அவமதிப்பதாகும். இது மிகவும் ஆபத்தாக முடியுமென்பதை சொல்லிக்கொள்ள ஆசைப்படுகிறேன்.

"மேலும் அன்றையதினம் பேசும்போது 'வாத்தியாயர்கள் அரசியலில் கலக்கக்கூடாது' என்று சொன்னார்கள். அது தவறு. அவர்கள் தங்கள் வாழ்க்கைத்தரத்தை உயர்த்திக்கொள்ள முயற்சிகளைச் செய்வார்கள். எவ்வகை கட்சிகளும் அவர்களுக்கு உதவி செய்யத்தான் செய்யும். வரவைப்பது சர்க்காரின் வழக்கம். நியாயமாக கேட்பவர்களுக்கு கம்யூனிஸ்டு முந்தி நிற்பார்கள். ஜனங்கள் வாத்தியாயர்களை ஆதரித்துத்தான் நிற்பார்கள். காங்கிரஸ் கட்சி ஜனநாயக முறைப்படி நடக்குமானால் எதற்காக ஆசிரியர்களின் உரிமையை நசுக்கவேண்டுமென்று கேட்க விரும்புகிறேன்.

"மேலும் பள்ளிக்கூட புஸ்தகங்கள் எல்லாம் காலாகாலத்தில் வெளியிடுவது கிடையாது. மேலும் புஸ்தகங்களின் விலையும் மிக அதிகமாக இருக்கிறது. ஆகவே காலாகாலத்தில் குறைந்த விலையில் புஸ்தகங்களை வெளியிட சர்க்கார் முயற்சி எடுத்துக் கொள்ளவேண்டும்.

“**C.O. 4** காட்டன் என்ற ஒருவித பருத்தியை என்னுடைய தாலூகாவில் இப்பொழுது அதிகமாக உற்பத்தி செய்வதற்குச் சர்க்கார் ஏற்பாடு செய்திருக்கிறார்கள். சாதாரணமாக, விவசாயிகள் வழக்கமாக தனிப்பட்ட வியாபாரிகளிடம் சென்று முன் பணம் வாங்கி களை எடுப்பது, தண்ணீர் பாய்ச்சுவது போன்ற காரியங்களுக்கு செலவிடுவார்கள். கடைசியில் பருத்தி விளைந்த பிறகு வியாபாரிகளிடம் அதைக் கொடுத்து முன்பு வாங்கிய பணம் போக மீதி பணத்தை வாங்கிக் கொள்வார்கள். சர்க்கார் **Demonstrator** ஆபீசில் விவசாயிகளுக்கு **C.O. 4 Cotton**-ஐப்பற்றி சொல்லும்போது, ‘நீங்கள் **C.O. 4 Cotton**-ஐ விதையுங்கள். நாங்கள் சொல்லும்போது, ‘நீங்கள் **C.O. 4 Cotton**-ஐ விதைக்கும் வேண்டிய பணம் தருகிறோம்’ என்று சொன்னார்கள். விவசாயிகள் அதை நம்பி **C.O. 4 Cotton**-ஐக் காடுகளில் போட்டார்கள். ஆனால் களை எடுப்பதற்கும், தண்ணீர் பாய்ச்சுவதற்கும் விவசாய **Demonstrator** ஆபீசில் பணம் கேட்டால் ‘எங்களிடம் பணம் இல்லை, வழக்கமாக பருத்தி உற்பத்தி செய்பவர்களுக்குத் தான் பணம் கொடுக்க முடியும், எல்லோருக்கும் கொடுக்க முடியாது’ என்று சொல்லிவிட்டார்கள். இம்மாதிரி செய்வதால் விவசாயிகளுக்கு **Demonstrator** ஆபீசின் பேரில் இருக்கும் நம்பிக்கை போய்விட்டது. காரணம் என்னவென்றால் விவசாயிகளுக்குச் சொல்லியபடி பண உதவி செய்யவில்லை. இம்மாதிரி சிக்கலான பிரச்சனைகளை சர்க்கார் கவனித்து விவசாயிகளுக்கு தங்கள் உற்பத்தியை அதிகரிப்பதற்கு வேண்டிய உதவி செய்வது அவசியம் என்பதைத் தெரிவித்துக்கொள்ளுகிறேன்.

“அடுத்தபடியாக கிராமங்களில் பெரும்பாலும் வைத்திய வசதிக்கு குறைவு. திருப்பூர் டவுன் 50,000 பேர்கள் ஜனத்தொகை கொண்ட ஒரு பெரிய டவுன். அங்கு 3 மில்களும், 40 ஜின்னிங் பாக்டரிகளும், 200 வேறு பாக்டரிகளும் இருக்கின்றன. ஐந்து மைல் சுற்று வட்டாரத்திலுள்ள 40 கிராமங்களிலிருந்து மக்கள் திருப்பூருக்கு வேலை செய்வதற்காக வருகிறார்கள். திருப்பூரிலுள்ள ஆஸ்பத்திரியில் போதுமான மருந்து வசதியும், படுக்கை வசதியுமில்லை. திருப்பூர் முனிசிபாலிட்டியிலிருந்து அங்குள்ள ஆஸ்பத்திரிக்கு அதிகமான மருந்து வசதியும், டாக்டர் வசதியும், படுக்கை வசதியும் ஏற்படுத்த வேண்டுமென்று சர்க்காருக்கு ஒரு மகஜர் அனுப்பப்பட்டிருக்கிறது. ஆனால் சர்க்காரிடமிருந்து அதற்கு இதுவரை ஒன்றும் பதில் வரவில்லை. ஆகவே திருப்பூர் டவுனிலுள்ள ஆஸ்பத்திரியை உடனடியாக விஸ்தரிக்க வேண்டிய முயற்சிகள் செய்யவேண்டுமென்று சர்க்காரைக் கேட்டுக்கொள்ளுகிறேன்.

“கிராமங்களிலுள்ள ஜில்லா போர்டு ஆஸ்பத்திரிகளில் (**Rural Dispensaries**) நல்ல மருந்துகள் கிடையாது. புண்ணுக்குப் போடக்கூடிய **Tincture**-ம், தலை வலி மருந்தும் தான் அந்த ஆஸ்பத்திரிகளில் இருக்கிறது. அங்குள்ள ஆஸ்பத்திரிகளில் நல்ல மருந்துகளை கொடுத்து அங்கு இருக்கக்கூடிய ஜனங்களுக்குப் பயன்படக்கூடிய வகையில் அந்த ஆஸ்பத்திரிகள் நடப்பதற்கு சர்க்கார் ஏற்பாடு செய்வது மிகவும் நல்லது. ஒவ்வொரு பிரிக்காவிலும் கூடியவரையில் சகல வசதிகளும் பொருந்திய ஒரு ஆஸ்பத்திரி ஏற்படுத்தி அங்குள்ள கிராம மக்கள் அந்த ஆஸ்பத்திரியை நல்ல முறையில் உபயோகப்படுத்தும்படி செய்யவேண்டும்.

“தேசிய விஸ்தரிப்புத் திட்டம் ஒரு நல்ல திட்டமாகும். காரணம், இந்தத் திட்டத்தின் மூலம் கிராமங்களுக்கு வைத்திய வசதி, ரோடு வசதி, கால்நடைகளுக்கு வசதி, இம்மாதிரி பல வசதிகள் கிட்டுகின்றன. ஆனால் அங்கு இருக்கக்கூடிய **Rural Welfare Department**-ன் **Minor Irrigation** வேலை திருப்தி அளிக்கக்கூடிய நிலையில் இல்லை. ஏனென்றால் குட்டைகள் இருக்கின்ற இடங்களில் எந்த இடத்தில் ஜனங்கள் பாதிப்பணம் கொடுக்கிறார்களோ அந்த இடத்திலிருக்கும் குட்டையை அதிகாரிகள் மராமத்து செய்கிறார்கள். அந்தக் குட்டையினால் ஜனங்களுக்கு பிரயோஜனமிருக்கிறதா என்பதை முதலில் கவனிக்கவேண்டும். ஜனங்கள் **Contribution** கொடுத்திருக்கும் சில இடங்களில் குட்டைகள் பிரயோஜனப்படாமல் போய்விட்டது. ஆகையால், நல்ல குட்டைகள் எந்த இடங்களில் இருக்கின்றனவோ, அவைகளை சர்க்கார் மராமத்து செய்து விவசாயிகளுக்கு பிரயோஜனப்படும்படி செய்வது நல்லது.

[Sri S. R. Arumugam] [30th March 1954]

“தேசிய விஸ்தரிப்புத் திட்டம் ஒரு பிரிக்காவில் தொடர்ந்து அமுல் செய்யப்படாமலிருப்பதால் பக்கத்திலுள்ள கிராமங்களுக்கு வசதி கிட்டுவ தில்லை. இம்மாதிரி இல்லாமல், ஒரு Block-ஆக எடுத்துக்கொண்டு நடுவில் Gap இல்லாமல் எல்லா இடங்களுக்கும் சேர்ந்து நல்ல முறையில் அபிவிருத்தி அடைவதற்கு ஒரு சந்தர்ப்பம் ஏற்படுத்தவேண்டும்.

“ஹரிஜனங்களைப்பற்றி ஏற்கெனவே பலமுறை பேசி ஆகிவிட்டது. ஹரிஜனங்களுக்கு ஒன்று மட்டும் செய்தால் ரொம்ப அனுசூலமாயிருக்கும். இனிமேல் பள்ளிக்கூடங்கள் திறக்கும்பொழுது, எல்லா ஹரிஜன மாணவர் களுக்கும், அதாவது Elementary school, High school, College இவைகளில் படிக்கும் எல்லா மாணவர்களுக்கும் புல்தகங்கள் வாங்கு வதற்கும், சம்பளம் கொடுப்பதற்கும் வேண்டிய பணத்தை முன்னாலேயே Advance-ஆகக் கொடுத்து உதவிசெய்தால் மிகவும் நலனாயிருக்கும். இப்பொழுது Public examination-க்கு முதலில் ஹரிஜனங்கள் பணம் கட்ட வேண்டியிருந்தாலும், பின்பு சர்க்கார் அவர்களுக்கு அந்த பணத்தை திருப்பிக் கொடுத்துவிடுகிறார்கள். என்னுடைய அபிப்பிராயம் என்ன வென்றால்: அவர்கள் முன்னால் பணம் கட்டாமலேயே Public exami- nation-ல் உட்காருவதற்கு அனுமதிக்கப்பட்டால் மிகவும் பிரயோசனமா யிருக்கும் என்பதுதான். காரணம் என்னவென்றால், பின்னால் சர்க்கார் பணத்தைத் திருப்பிக் கொடுத்தாலும், முதலில் பணம் கட்டுவதற்கு ஹரிஜனங்கள் மிகவும் சிரமப்படுகிறார்கள். தங்கள் கோழிக் குஞ்சுகளையும், பாத்திரங்களையும் விற்று பணத்தைக் கட்டி Public examination-க்கு உட்காரவேண்டிய நிலைமையிலிருக்கிறார்கள். ஆகையால் சர்க்கார் இந்த வருஷத்திலிருந்தாவது ஹரிஜனங்களிடமிருந்து முன் பணம் வசூல் செய் யாமலே, அவர்களை பரீட்சைக்கு உட்கார அனுமதிப்பார்கள் என்று நான் மனப்பூர்வமாக நம்புகிறேன்.

“புறம்போக்கு நிலங்கள் சம்பந்தமாக எத்தனையோ அங்கத்தினர்கள் பேசியிருக்கிறார்கள். ஒரு விஷயம் எனக்குத் தெரியும். என்னுடைய சூலூர் பிரிக்காவில் ஹரிஜன் ஒரு பூமியை 4, 5 வருஷங்களாக உழுதுகொண்டிருந் தான். ஆனால் அங்கிருந்த கணக்குப்பிள்ளையும், மணியக்காரரும் அந்த நிலத்தை அவனிடமிருந்து பிடுங்கி வேறு ஒருவருக்குக் கொடுத்துவிட்டார் கள். நான் அதைப்பற்றி ‘ஒரு ஹரிஜன் இந்த பூமியை பல வருஷங் களாக உழுது சாகுபடி செய்து கொண்டு வருகிறான். அவன் அந்த பூமியில் சொந்த பணத்தைப் போட்டு அபிவிருத்தி செய்திருக்கிறான். அப்படி இருக்கும்பொழுது அந்த நிலத்தைப் பிடுங்கி மற்றொருவனுக்குக் கொடுப்பது சரியல்ல. ஆகையால் அந்த பூமியை திரும்பவும் அந்த ஹரிஜனுக்கே திருப்பிக் கொடுக்கவேண்டும்.’ என்று கலெக்டர் அவர் களுக்கு எழுதியிருந்தேன். இன்று வரையில் அதற்குப் பதில் வரவில்லை. இதை சர்க்கார் கவனிக்கவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன்.”

“கிராமங்களிலுள்ள வெட்டியான்கள் பெரும்பாலும் ஹரிஜனங்களாக இருக்கிறார்கள். அவர்களுக்கு 11 ரூபாய் முதல் 18 ரூபாய் வரையில் தான் சம்பளம் கிடைக்கிறது. அவர்கள் இந்தப் பணத்தைக்கொண்டு எந்த முறையில் வாழ்க்கை நடத்துவார்கள் என்பதைப்பற்றி யோசிக்க வேண்டும். கிராமங்களிலுள்ள கணக்குப்பிள்ளை, மணியக்காரர்களுக்கு சம் பளம் குறைவாக இருந்தாலும்கூட அவர்கள் பலவிதமான சூழ்நிலையில் ஒருவாறு நல்ல வாழ்க்கையை நடத்துகிறார்கள். ஆனால் கிராம வெட்டி யான்கள் குறைந்த சம்பளம் பெருவதால் மிகவும் கஷ்டப்படுகிறார்கள், அவர்களுடைய சம்பளத்தை கூடுமானவரையில் ஓரளவாவது உயர்த்த வேண்டுமென்று சர்க்காரைக் கேட்டுக்கொள்ளுகிறேன்.”

SRI M. P. SUBRAMANYAM:—“கனம் உதவி சபாநாயகர் அவர்களே, இரண்டு மூன்று மாதங்களுக்கு முன்பு ஒவ்வொரு ஜில்லா விற்கும் லோகல் டெவலப்மென்ட் வொர்க்ஸ்காக மத்திய சர்க்கார் நிதியிலிருந்து ராஜ்ய சர்க்காருக்கு மானியம் அளித்து இருக்கிறார்கள். அதன்படி ஒவ்வொரு ஜில்லாவிலும் திட்ட வேலைகளை எடுத்துக்கொண்டு நடத்தவேண்டும் என்றும், அவைகளில் பொதுமக்களும், பஞ்சாயத்து போர்டும் அல்லது ஜில்லா போர்டும் 50 சத விதம் கொடுத்தால் அந்த

[Sri M. P. Subramanyam] [30th March 1954]

திட்டத்தை எடுத்துக் கொள்ளலாம் என்று சொல்லப்படுகிறது. அந்த முறையில் சேலம் ஜில்லாவிற்கு இரண்டு லட்சத்து முப்பதாயிரம் ரூபாய் சாங்ஷனாக இருக்கிறது. அதை வைத்துக்கொண்டு வேலையை ஆரம்பிக்க அனுமதித்திருக்கிறார்கள். தற்போது ஐந்தாறு வருஷங்களாக கிராமங் களில் மழை இல்லாமல் மக்கள் சிரமித்து இருக்கும் நிலைமையில் அவர் களுக்குக் கடன் பளு அதிகரித்திருப்பதால் அவர்களுக்கு உதவி அளிக்கும் பொருட்டு கடன் வாய்தாச் சட்டத்தைக் கொண்டு அதை நிறைவேற்றி வைத்து இருக்கும்போது பொதுமக்களிடமிருந்து இப்பொழுது ஐம்பது சத விதம் எதிர்பார்ப்பது என்பது சிறந்தது அல்ல என்பதை தெரி வித்துக் கொள்ளுகிறேன். அதன் காரணமாக அநேகமாக எல்லா ஜில்லாக் களிலும் கொடுத்த நிதியை பூராவாகவும் உபயோகித்துக் கொள்ள முடியாத நிலைமையில் பொது மக்கள் இருக்கிறார்கள். சேலம் ஜில்லாவை எடுத்துக்கொண்டால் அவர்கள் ஆரம்பத்தில் உத்காகமாக இருந்தார்கள். ஆனால் கலெக்டர் ஒரு உத்தரவை அனுப்பி இருக்கிறார். அதன் பிரகாரம் மார்ச் மாதம் 31-ம் தேதிக்குள் எந்தத் திட்டத்தையும் எடுத்து முடிக்க முடியாமல் அது நின்று போய்விட்டால் அந்த அளவிற்கு அடுத்த ஆண்டில் அந்த ஜில்லாவிற்கு கொடுக்கப்படும் மான்யம் பாதிக்கப்படும் என்று குறிப்பிட்டுருக்கிறார். ஒரு திட்டம்கூட குறிப்பிடப்பட மார்ச் 31-க்குள் முடிக்க முடியாது. சில திட்டங்களை எடுத்துக்கொள்ள முடியாத நிலைமையில் இருக்கிறது.

“மற்றும் திட்டங்களுக்கு பொது மக்கள் ஐம்பது சத விதம் கொடுக்க வேண்டும் என்று சொல்லுகிறார்கள். அப்படிச் சொல்லுவது நியாயம் அற்றது. அநேகம் பஞ்சாயத்து போர்டுகள் ஆயிரம் ரூபாய்கூட கொடுக்க முடியாத நிலைமையில் இருக்கிறார்கள். இந்த சந்தர்ப்பத்தில் ஜில்லா போர்டுகளும் அவர்களுக்குக் கொடுக்க முன் வருவதும் இல்லை. அதனால் அவர்களிடமிருந்து ஐம்பது சத விதம் எதிர்பார்ப்பது என்பது முடியாது. அதை இருபத்தைந்து சத விதம் குறைக்க வேண்டும் என்று கேட்டுக் கொள்ளுகிறேன். அவ்விதம் பஞ்சாயத்து போர்டும் ஜில்லா போர்டும் பொது மக்களும் இருபத்தைந்து சத விதம் கொடுத்தால் பொதும என்று இந்த சர்க்கார் மத்திய சர்க்காருக்கு சிபார்சு செய்யவேண்டும்.

“மற்றும் மார்ச் மாதம் 31-ம் தேதிக்குள் திட்டத்தை எடுத்து முடித்து விடவேண்டும் என்று சொல்லுகிறார்கள். அவ்விதம் எடுத்து நடத்தினால் தான் அடுத்த ஆண்டிற்கும் அது நீடிக்கப்படும் என்றும், இல்லா விட்டால் நீடிக்கப்பாது என்றும் சொல்லுகிறார்கள். சட்டத்தில் டிசம்பர் மாதம் பத்து அல்லது இருபது ஆயிரம் ரூபாயில் வேலைகளை எடுத்து நடத்தி அவைகளை முடிக்க வேண்டும் என்றால் அது முடியாத காரியம். அவ் விதம் சொன்னால் உண்மையில் அது சரியான நன்மை அல்ல. சாதாரண மாக ஒரு ஆஸ்பத்திரிக்கு ஒரு கட்டம் சட்ட வேண்டும் என்றால் சுமார் மூன்று மாதத்திற்குள் நிதியைத் திட்டி அந்தக் கட்டத்தைக் கட்ட முடியுமா என்பதைப் பார்க்க வேண்டும். அவ்விதம் ஒரு கட்டத்தைக் கட்டிக் கொடுப்பதாக இருந்தாலும் குறைந்தது ஆறு மாதங்களாகும். அப்படி ஆறு மாதங்களில் கட்டினாலும் அது கீழே விழுந்துவிடும் என்று எஞ்சினியர்கள் சொல்லுகிறார்கள். அதனால் மார்ச் மாதம் 31-ம் தேதிக்குள் திட்டத்தை முடித்தால்தான் கிராண்டு கொடுக்கப்படும் என்ற எண் ணத்தை அரசாங்கம் விட்டுவிட வேண்டும். இவைகளை கணக்கில் எடுத்துக் கொள்ளாமல் ஒவ்வொரு ஜில்லாவிற்கும் அதிகப்படியான கிராண்ட் கொடுக்க வேண்டும் என்று அரசாங்கத்தைக் கேட்டுக் கொள்ளுகிறேன்.

“அடுத்தபடியாக தேசிய விஸ்தரிப்பு திட்டம் என்றும் கம்யூனிட்டி ப்ராஜெக்ட் திட்டம் என்றும் எடுத்துக்கொண்டிருக்கிறார்கள். அதன்படி எந்த இடங்களில் அதிகப்படியான உணவு உற்பத்தி செய்யலாமோ அந்த இடங்களில் அதை விஸ்தரிக்கப் போவதாக சொல்லிக்கொண்டிருக்கிறார்கள். அப்படி இருந்தால் அது ஒரு பிரச்சாரத்திற்காகத்தான் என்று தோன்று கிறது. எந்த இடங்களில் மக்கள் பிர்ஸாகாக இருக்கிறார்களோ அந்த இடங்களை எடுத்துக்கொண்டால் நல்ல பலன் ஏற்படும் என்பது என்னுடைய அபிப்பிராயம். உண்மையாகவே இந்தத் திட்டத்தில் நீதி வழங்க வேண்டும் என்றால் எந்தெந்த இடங்கள் பிற்போக்காக இருக்கின்றனவோ அந்த

[Sri M. P. Subramanyam] [30th March 1954]

இடங்கனையேதான் எடுத்துக்கொள்ளவேண்டும். எந்த இடத்தில் அதிகப் பலனை எதிர்பார்க்கலாமோ அந்த இடத்தை எடுத்துக்கொள்வது என்று சொல்வது எப்படி இருக்கிறது என்றால் சாதாரணமாக ஒருவனுக்கு கொஞ்சம் பொருள் இருந்தால் அவனுக்கே இன்னும் பொருள் கொடுத்தால் அதை அவன் நல்லபடியாக வைத்துக்கொண்டு இருப்பான் என்றும் அதை அவன் உற்பத்தி பண்ணிக் கொள்வதற்கு செலவுசெய்து இருக்கும் என்றும் எவன் ஏழையாக இருக்கிறானோ அவனுக்கு மறுபடியும் பொருள் கொடுப்பதில் பிரயோசனம் இல்லை என்றும், ஏனென்றால் அவனிடம் ஏற்கனவே ஒன்றுமில்லை என்றும் சொல்லுவது போல் இருக்கிறது. அதனால் தேசிய விஸ்தரிப்புத் திட்டத்தின்கீழ் பிற்போக்கான இடங்களை எடுத்துக்கொள்வதுதான் அவசியமே தவிர மற்ற முற்போக்கான இடங்களை எடுத்துக்கொள்வது அவசியம் இல்லை.

“ஆத்தூர் தாலுகாவை எடுத்துக் கொண்டால் ஏற்கனவே அங்கு ஒரு விவசாய டிமான்ஸ்டிரேட்டர் இருக்கிறார். தேசிய விஸ்தரிப்புத் திட்டத்தின்கீழ் ஒரு அதிகாரியும் டிபுடி இன்ஸ்பெக்டரும் இருக்கிறார். இன்னும் மற்றொரு கல்வி அதிகாரியும், அங்கு இருக்கிறார். இது இரட்டிப்புச் சிலவு என்பதை கூறவிரும்புகிறேன். அந்தப்பக்கங்களில் சுற்றி வரும்போது கிராம சேவக்களைப்பற்றி மிக மோசமான அபிப்பிராயம் சொல்லுகிறார்கள். அவர்கள் கிராமங்களிலுள்ள பெண்களை சுற்றிக்கொண்டு திரிகிறார்கள் என்றும் அவர்கள் வேறு எந்த வகையிலும் நல்லது செய்வது இல்லை என்றும் சொல்லப்படுகிறது. இப்படிப்பட்ட புகார்கள் ஏராளமாக வந்து கொண்டிருக்கின்றன. அந்த இடங்களில் உண்மையாக உழைக்கக் கூடியவர்கள்தான் நியமிக்க வேண்டும். இப்படிப்பட்ட பலவித உத்தியோகஸ்தர்களை நியமிக்கும்போது வேண்டியவர்களுக்கு ஏதாவது உத்தியோகம் கொடுக்க வேண்டும் என்று கொடுக்கப்படுவதாகத் தோன்றுகிறது. இதைப் போலவே பலவித நியமனங்கள் சரியில்லை என்று நினைக்கிறேன். ஏற்கனவே இருக்கும் டிமான்ஸ்டிரேட்டர்களை வைத்துக் கொண்டு வேலைகளை நடத்தினால் போதும் என்று நினைக்கிறேன். புதிதாக ஏற்படுத்த வேண்டியது அவசியம் இல்லை என்பதை சர்க்காருக்கு எடுத்துக்காட்ட விரும்புகிறேன்.

“இன்னும் பல விஷயங்களில் சர்க்கார் செலவு செய்வது அர்த்தமற்றதாகவும் அனாவசியமாகவும் இருக்கிறது. தேசிய விஸ்தரிப்புத் திட்டத்தின்கீழ் வாலிபால் கோர்ட் ஏற்படுத்த ஆத்தூர் வட்டாரத்திற்காக மட்டும் ரூபாய் இரண்டாயிரம் சாங்ஷன் செய்யப்பட்டிருப்பதாகவும் சொல்லப்பட்டிருக்கிறது. விவசாயிகளுக்கு பந்தாட்டமா அவசியம்? இந்த மாதிரியான அனாவசியச் செலவுகளைக் குறைத்துக் கொள்ள சர்க்கார் முயற்சி எடுத்துக்கொள்ள வேண்டும்.

“கனம் நிதி மந்திரி அவர்கள் தன்னுடைய பட்ஜெட் பிரசங்கத்தில் இந்த ஆண்டு சுமார் 1,300 ஆரம்பப் பள்ளிக்கூடங்களை திறக்கப் போவதாக குறிப்பிட்டார். எந்த அளவிற்கு பள்ளிக்கூடங்களை அவர்கள் திறக்கிறார்களோ அந்த அளவில் நான் சர்க்காரைப் பாராட்டுகிறேன். இருந்தாலும் புதிய பள்ளிக்கூடங்களை திறக்கும்போது பிற்போக்கான நிலைமையில் எந்த இடங்கள் இருக்கின்றனவோ அந்த இடங்களில் அதிகப்படியான பள்ளிக்கூடங்களை திறந்து வைக்க வேண்டும். குறிப்பாக எடுத்துக்கொண்டால் சேலம் ஜில்லாவில் அதிகமான பள்ளிக்கூடங்கள் கிடையாது. மற்ற இடங்களில் 15 சத விதிகம் படித்தவர்கள் இருந்தால் சேலம் ஜில்லாவில் பத்து சத விதிகம் தான் படித்தவர்கள் இருக்கிறார்கள். மற்ற ஜில்லாக்களைவிட சேலம் ஜில்லா மிகவும் பிற்போக்கான நிலைமையில் இருப்பதால் அதிகப்படியான புதிய பள்ளிக்கூடங்களை அங்கு திறக்க வேண்டியது அவசியமாக இருக்கிறது. இதில் சர்க்கார் முக்கியமாக கவனம் செலுத்த வேண்டும் என்று நான் கேட்டுக்கொள்ளுகிறேன்.

“இப்பொழுது ஆயிரம் ஜனத்தொகை இருக்கும் இடங்களில் ஒரு பள்ளிக் கூடம் அமைப்பதாகச் சொல்லுகிறார்கள். சேலம் ஜில்லாவில் 400க்கு மேற்பட்ட இடங்கள் 1,000க்கு மேல்பட்ட ஜனத்தொகை உள்ளதாக இருந்தாலும் பள்ளிக்கூடங்கள் இல்லாதவைகளாக இருக்கின்றன. இப்பொழுது 1,300 பள்ளிக்

[Sri M. P. Subramanyam] [30th March 1954]

கூடங்கள் திறக்கப் போவதால் அங்கு குறைந்தது 400 பள்ளிக்கூடங்களாவது திறந்து வைக்க வேண்டும் என்று கேட்டுக்கொள்ளுகிறேன். அதற்கு வேண்டிய ஏற்பாட்டையும் செய்ய வேண்டும் என்று நான் சர்க்காரைக் கேட்டுக் கொள்ளுகிறேன்.

“இப்பொழுது ஸ்கூல்லெஸ் செண்டர்கள் என்று ஒரு லிஸ்டை தயாரித்து வைத்துக்கொண்டிருக்கிறார்கள். அந்த லிஸ்ட் சுமார் 15 வருஷங்களுக்கு முன்னதாக தயாரிக்கப்பட்டது. அதன்படி ஸ்கூல்களை திறக்க வேண்டும் என்று ஒரு கொள்கை வைத்துக் கொண்டிருக்கிறார்கள். பள்ளிக்கூடம் அமைக்க வேண்டும் என்று ஜில்லா ஆபீசருக்கு விண்ணப்பம் செய்து கொண்டால் அந்த லிஸ்டைப் பார்த்து அந்த இடம் அந்த லிஸ்டில் இருந்தால் தான் அங்கு பள்ளிக்கூடத்தை திறக்கிறார்கள். அந்த லிஸ்டில் இல்லாவிட்டால் பள்ளிக்கூடத்தை திறப்பது இல்லை. அந்த லிஸ்டு சுமார் பதினைந்து வருஷங்களுக்கு முன்பாக தயாரிக்கப்பட்டது. அப்பொழுது இருந்த ஜனத்தொகை வேறு, இப்பொழுது இருக்கும் ஜனத்தொகை வேறு. அதனால் அந்த லிஸ்டை வைத்துக்கொண்டு பள்ளிக்கூடங்கள் திறக்கப்படும் என்று சொல்லுவது சரியல்ல. அது மட்டும் அல்ல. ஆயிரம் ஜனத்தொகையுள்ள இடங்களில் தான் பள்ளிக்கூடங்களை திறக்கப்படும் என்று சொல்லுவதும் சரியல்ல. அப்படி ஒரு கொள்கை வைத்திருந்தால் பல இடங்களில், பள்ளிக்கூடங்களே திறக்கப்படாமல் இருக்கலாம். அப்படி இருப்பது தவறு. அந்த நிபந்தனையை எடுத்து விட்டு 500 ஜனத்தொகை இருந்தாலும் அந்த இடங்களில் பள்ளிக்கூடங்களை திறக்கலாம் என்று வைத்துக்கொள்ள வேண்டும். இப்பொழுது இருக்கும் நிபந்தனைப்படி பிள்ளைகள் 3, அல்லது 4, அல்லது 5 மைல்களுக்கு மேல் நடந்து பள்ளிக்கூடம் சென்று வரவேண்டியதாக இருக்கிறது. அப்படி இருப்பதால் அநேகம் பிள்ளைகள் படிக்க முடியாமல் இருக்கின்றனர். அதனால் 500 ஜனங்கள் இருந்தால் அங்கு ஒரு பள்ளிக்கூடத்தை அமைக்கலாம் என்ற யோசனையைச் சொல்ல வருகிறேன்.

“அடுத்தபடியாக ஆரம்பப் பள்ளிக்கூடத்திலுள்ள ஆசிரியர்களைப்பற்றி கொஞ்சம் தெரிவிக்க ஆசைப்படுகிறேன். அநேகமாக ஆரம்பப் பள்ளி ஆசிரியர்கள் இளைஞர்களாக இருப்பதனால் அங்கு நல்ல முறையில் நிர்வாகம் நடைபெறவில்லை. பள்ளிக்கூடங்களில் நல்ல முறையில் பாடங்கள் போதிக்கப்பட வேண்டும். இப்பொழுது திறமை குறைந்து கொண்டு வருகிறது. அதற்குக் காரணம் அங்குள்ள ஆசிரியர்களுக்குப் போதிய சம்பளம் கொடுக்கப்படவில்லை. மற்றும் மேல் அதிகாரிகளுடைய தணிக்கை அங்கு வெகு குறைவாக இருக்கிறது. மேலதிகாரிகள் அந்தப் பள்ளிக் கூடங்களை அடிக்கடி போய் பார்ப்பது என்பது இல்லை. ஏனென்றால் அவர்களால் அப்படி அடிக்கடி போய் பார்த்துக் கொள்ள முடியவில்லை. குறிப்பாக சேலம் ஜில்லாவை எடுத்துக் கொண்டால் அங்கு ஆத்தூர் தாலுகா சேலம் தாலுக்கா பூராவிலும் டிபுடி இன்ஸ்பெக்டர் பார்த்துக் கொள்ள வேண்டியதாக இருக்கிறது. அதன் வீஸ்திரணம் அதிகமாக இருக்கிறது. ஒரு ஆண்டில் ஒரு பள்ளிக்கு ஒரு முறையாவது போக முடியவில்லை. இந்த நிலைமையில் ஆரம்பப்பள்ளிக்கூடத்தின் நிர்வாகம் எந்த நிலைமையில் இருக்கும் என்பதை சர்க்கார் யோசித்துப் பார்க்க வேண்டும். ஆரம்பப் பள்ளிக்கூடங்களுக்கு செலவழிக்கப்படும் பணம் உண்மையிலேயே அவர்களுக்கு அது பயன்பட வேண்டும் என்றால் சர்க்கார் அதிகப்படியான டிபுடி இன்ஸ்பெக்டர்களை நியமிக்க வேண்டும். ஒரு டிபுடி இன்ஸ்பெக்டர் 50 அல்லது 60 பள்ளிக்கூடங்களை தணிக்கை செய்தல்போதும் என்ற நிபந்தனை வேண்டும். இதை சர்க்கார் மிகமிக கவனித்து நடவடிக்கை போதிய டிபுடி இன்ஸ்பெக்டர்களை அங்குள்ள வட்டாரங்களுக்கு நியமிக்க வேண்டும் என்று கேட்டுக் கொள்ளுகிறேன். ஒரு பிரக்காவிற்கு ஒரு டிபுடி டைரெக்டரை நியமித்தாலும் நல்லது என்பது என்னுடைய அபிப்பிராயம். இதனால் சர்க்காருக்கு நஷ்டம் ஏற்பட்டு விடாது. ஆசிரியர்களுக்கு சம்பளம் கொடுப்பதோடு இவர்களுக்கும் ரூ. 100 சம்பளம் கொடுத்து தணிக்கை செய்யச் சொன்னால் நல்ல பலன் கிடைக்கும். அதிக நஷ்டமும் ஏற்படாது என்பதை சர்க்காருக்குத் தெரிவித்துக் கொள்கிறேன்.

[Sri M. P. Subramanyam] [30th March 1954]

“கல்லூரிகளை அமைக்கும் கொள்கையைப் பற்றி குறிப்பிடும்போது நகரங்களில் தான் அதிகப்படியான கல்லூரிகளை சர்க்கார் ஏற்படுத்துகிறார்கள். முனிசிபாலிட்டிகளில் கல்லூரிகளை திறக்க முன்வருவதில்லை. ஜில்லா போர்டு கல்லூரிகளை திறக்க முன் வந்தாலும் சர்க்கார் அவர்களுக்கு அனுமதி கொடுக்க முன் வருவது இல்லை. கல்லூரிகள் இல்லாத இடங்களிலும் கல்லூரிகளை திறக்க சர்க்கார் முன் வரவேண்டும். சென்னையை எடுத்துக் கொண்டால் இங்குதான் மேலும் மேலும் கல்லூரிகளைத் திறந்து கொண்டிருக்கிறார்கள். இதனால் ஜனங்களுக்கு அதிகமாக நஷ்டம் ஏற்படுகிறது. கிராமத்திலிருந்து வந்து நகரங்களில் படிக்கவேண்டும் என்றால் அவர்களுக்கு அதிகப்படியாக செலவு ஏற்படுகிறது. இங்கு வந்து பிள்ளைகள் படிப்பதற்கு வசதி ஏற்படுவதும் கிடையாது. ஆகவே கல்லூரிகள் இல்லாத இடங்களில் அவைகளைத் திறந்து வைத்தால் நன்மையாக இருக்கும். சேலத்தை எடுத்துக் கொண்டால் அங்கு ஒன்றுக்கு மேற்பட்ட கல்லூரிகள் கிடையாது. அங்கு அதிகப்படியாக கல்லூரிகளை அமைக்க வேண்டியது அவசியமாக இருக்கிறது. அந்த ஒரு கல்லூரியிலும் டிஸ்ட்ரிக்ட் போர்டுகள் ஹைஸ்கூல்களில் படித்த மாணவர்களுக்குச் சலுகை, இடம் கொடுப்பது இல்லை. திருச்சி, சென்னை போன்ற இடங்களுக்கு பிள்ளைகள் வந்து படிக்க வேண்டியதாக இருக்கிறது. அதனால் ஜில்லா போர்டு ஒரு கல்லூரியை திறக்க முயற்சி எடுத்துக்கொண்ட பொழுது, லோகல் போர்டுகள் ஆரம்பப் படிப்புக்கு பொறுப்பே ஓழிய கல்லூரிப்படிப்புக்கு பொறுப்பு அல்ல என்று சொல்லி அரசாங்கம் அதை அனுமதிக்கவில்லை. ஆகவே கல்லூரி இல்லாத இடங்களில் கல்லூரிகளை திறப்பதற்கு சர்க்காராவது முன் வரவேண்டும் என்று கேட்டுக்கொள்ளுகிறேன். கல்லூரி இருக்கும் இடங்களிலேயே மறுபடியும் கல்லூரிகளை திறப்பதற்கு அனுமதி கொடுக்கக் கூடாது என்று சர்க்காரை நான் கேட்டுக்கொள்ளுகிறேன்.

“தற்போது எஞ்சினீயரிங் கல்லூரியிலும் மெடிகல் கல்லூரியிலும் பிற்பட்ட சமூகத்தினருக்கும் ஹரிஜன சமூகத்தினருக்கும் போதிய பிரதிநிதித்துவம் அளிக்கப்படவில்லை. பல ஆர்ட் கல்லூரிகளில் இவர்களுக்கு 25 சத விதிகம் கொடுக்கப்பட வேண்டும் என்று சர்க்கார் எதிர் பார்த்தாலும் கூட உண்மையில் அப்படி நடப்பது இல்லை. அதைப்பற்றி கேட்டால் கட்டாயமாக அந்த சத விதிகத்தின்படி அவர்களுக்கு பிரதிநிதித்துவம் கொடுக்க வேண்டிய அவசியம் இல்லை என்று சொல்லி விடுகிறார்கள். ஆகையால் கட்டாயமாக அவர்களுக்கு பிரதிநிதித்துவம் வழங்கப்பட வேண்டும் என்று சர்க்கார் ஒரு சர்க்குலர் அனுப்ப வேண்டும். குறைந்தது 25 சத விதிகம் பிற்போக்கு சமூகத்தினருக்கும், 15 சத விதிகம் ஷெட்யூல் வகுப்பினருக்கும் இடம் ஒதுக்கித் தரவேண்டும் என்று கேட்டுக் கொள்ளுகிறேன்.

“சர்க்கார் விவசாயிகளுக்கு தக்காவி கடனாகவோ அல்லது நில அடமான பாங்கி கடனாகவோ கொடுக்கும் விஷயத்தில் மிகவும் பத்தாம்பசவிக் கொள்கையைக் கடைப்பிடித்துக் கொண்டிருக்கிறார்கள். 1939-வது வருஷத்திற்கு முன்பு ஒருவர் வைத்திருக்கும் பூமி என்ன விலக்குப் போனதோ, அந்த விலக்குப்பாதி தான் சர்க்கார் கடனாகக் கொடுக்கிறார்கள். இதன் காரணமாக நான்கு ஏக்கர வரையில் நிலம் வைத்திருக்கக்கூடிய ஒருவன் ஆயிரம் அல்லது ஐந்தாறு ரூபாய்கூட கடன் பெற முடியாத நிலைமையில் இருக்கிறான்.

“நான்கு ஏக்கர நிலமானது ரூ. 8,000 முதல் ரூ. 10,000 வரையில் இப்பொழுது பெறுமானதாக இருக்கலாம். நியாயமாகப் பார்த்தால் அந்த நிலத்தின் மீது ஐயாயிரம் ரூபாய் கூட கடன் கொடுக்கலாம். ஆனால், இப்பொழுதுள்ள முறையில் “1939-ம் வருஷத்தில் அந்த நான்கு ஏக்கர்களை சுமார் ரூ. 1,500 வீதம் தான் வாங்கியிருக்கக்கூடும்” என்ற ஒரு உத்தேசத்தை வைத்துக்கொண்டு, ‘ரூ. 750 வரையில்தான் கடன் தர முடியும்’ என்று சொல்லுவது அர்த்தமற்றத் தன்மை என்றுதான் நான் சொல்லவேண்டியிருக்கிறது.

“கிராமத்திலுள்ள சிறிய விவசாயிகள் நன்மை பெறவேண்டுமானால், 1939-ம் வருஷ மதிப்பின் அடிப்படையிலே கடன் கொடுப்பது என்பதை

நிறுத்திவிட்டு, யுத்தத்திற்குப் பிறகு 1946-47-ம் வருஷத்திலே என்ன விலை பெறுமோ, அதில் 50 சத விதிகம் கடன் கொடுக்கவேண்டுமென்று கேட்டுக்கொண்டு, என்னுடைய பேச்சை முடித்துக் கொள்ளுகின்றேன்.”

SRI A. RATNAM :—“கனம் துணைத் தலைவர் அவர்களே ! இன்று சபையில் பிரேரிக்கப்பட்டிருக்கும் மசோதாவை அனுசரித்தும், தோழர் ஸ்ரீ வினாயகம் சொல்லியதை ஆமோதித்தும் ஒரு சில வார்த்தைகள் சொல்ல விரும்புகிறேன்.

“சென்ற ஆண்டிலே வரவு செலவுத் திட்டத்திற்கு அதிகமாகச் செலவு செய்தது சம்பந்தமாக நேற்றையதினம் நாம் பரிசீலனை செய்திருக்கிறோம். லட்சக்கணக்கான ரூபாய் அனுமதித்ததைவிட இப்பொழுது அதிகமாக செலவு செய்யப்பட்டிருக்கிறது. ஆனால், அதே நேரத்தில், நம்முடைய சொல்லுகிறார்களையொழிய, நடைமுறையில் நாட்டிலே என்ன நடந்து கொண்டிருக்கிறதென்று பார்த்தால், அது பொதுமக்களுக்கோ, அமைச்சர்கள் தங்கள் சபையிலுள்ள அங்கத்தினர்களுக்கோ விளங்கவில்லை. அமைச்சர்கள் தங்கள் இலாகாக்களின் அறிக்கைகளில், தாங்கள் எவ்வளவோ திட்டங்களை நிறைவேற்றியிருக்கிறோம் என்றும், அவைகளினால் மக்களுக்கு நல்ல பலன் ஏற்பட்டிருக்கிறது என்றும் கூறிக்கொண்டேயிருக்கிறார்கள். பத்திரிகைகளிலும் விளம்பரம் செய்துகொண்டேயிருக்கிறார்கள். ரேடியோக்களிலும், மற்ற இடங்களிலும் பறை சாற்றப்பட்டுக்கொண்டு வருகின்றது. சட்டசபைகளிலும் சொல்லப் பட்டுவருகிறது. ஆனால், ஐந்தாண்டுத்திட்டம், தேசிய விஸ்தரிப்புத் திட்டம், சமூக நலத் திட்டம் இவைகளினால் மக்களுக்கு என்ன நன்மைகள் ஏற்பட்டிருக்கின்றன என்று பார்த்தால், சாதாரண வேலைகளை விட அதிகமாக ஒன்றும் செய்வது கிடையாது. கணக்குகளைக் கூர்ந்து நோக்கும்போது, ஆங்கிலேய சர்க்கார் இருந்த காலத்தில் என்ன காரியங்களைச் செய்தார்களோ, அந்தக் கணக்குகளையும் இவர்களுடைய புள்ளி விவரங்களோடு சேர்த்து, ஐந்தாண்டுத்திட்டத்திலே இவ்வளவு பலன் அதிகமாகச் செய்திருக்கிறோம் என்று புள்ளிவிவரங்களில் குறிப்பிடுகிறார்கள்.

“குறிப்பாக, ஹரிஜன மான்யத்திலே ஒதுக்கப்பட்ட பலன் அடுத்த படியாக ஐந்து வருஷத்திட்டத்திலே செலவு செய்யப்படுவதாக காண்பிக்க புகிறது. ஹரிஜனங்களுக்கும் பிற்பட்ட மக்களுக்கும் சர்க்கார் என்னப் வேலை செய்துகொண்டிருக்கிறார்கள், என்ன வேலை செய்தார்கள், ஐந்து வருஷத்திட்டத்தினால், மக்கள் என்ன நன்மைகளை அடைந்திருக்கிறார்கள் என்றால், ஹரிஜன மான்யத்தில் ஒதுக்கப்பட்ட பணத்திலிருந்து ஏதோ ஆங்கிலேய அரசாங்க காலத்திலிருந்து சில வசதிகளைச் செய்கிறார்கள். சம்பள உதவிகள் அளிக்கிறார்கள். ஒரு சில இடங்களில் சுகாதா கட்டியிருக்கிறார்கள். கிணறுகள் தோண்டியிருக்கிறார்கள். இதையே திருப்பித் திருப்பி ஐந்தாண்டுத் திட்டத்திலே நாங்கள், இதைச் செய்து விடுகிறோம், அதைச் செய்துவிடுகிறோம் என்று சொல்லிக்கொண்டிருக்கிறார்களேதவிர, ஹரிஜனங்களுக்கும் பிற்பட்ட மக்களுக்கும் நன்மை ஒன்றும் அதிகமாக ஏற்பட்டதாகத் தெரியவில்லை. இந்த அளவிலே ஐந்தாண்டுத் திட்டமும், அரசியல் திட்டமும் இருந்துகொண்டிருக்கிறது. ஆனால், மக்களுக்கு நேடியாக செலவாகிறதா என்றால் இல்லை. இதை அதிகமாக விளக்கவேண்டுமென்றால் நேரம் கிடையாது. லட்சக்கணக்கான ரூபாய்கள் செலவுசெய்யப் படுகிறதெயொழிய, மக்களுடைய அத்தியாவசிய வசதிகளுக்கோ, கல்வி வசதிக்கோ, செலவுசெய்யப்படுவதாகத் தெரியவில்லை. குறிப்பாக, தாழ்ந்தப்பட்ட மக்களுக்கு கல்விச் சலுகை கிடையாது. உயர்தரப் பாடசாலைகளில் வாசிக்கும் மாணவர்களுக்கு ஸ்காலர்ஷிப் கிடையாது. போர்டிங் கிராண்டு கிடையாது. ஸ்பெஷல் பீஸ் என்பதற்காக ஒரு லட்ச ரூபாய், இரண்டு லட்ச ரூபாய் பிச்சை கொடுங்கள் என்று 33 சட்டசபை ஹரிஜன மெம்பர்கள் அரசாங்கத்திற்கு எடுத்துக்கொள்வதற்காக தூது சென்றால், அவர்களைப் பார்க்காமல் அவர்களை அசட்டை செய்திருக்கிறது இந்த அரசாங்கம்; அமைச்சர் பீடம்; ராஜாஜி சர்க்கார்.

“சென்னை நகரத்தில் பக்கிங்காம் வாய்க்கால் இருக்கிறது. காக்கேயின் ரோடுக்கு அருகிலே நான் வசிக்கிறேன். அந்த இடத்திற்கு அருகாமையில் ரோடு போட்டார்கள். சென்ற வருஷத்திலே ஆயிரக்கணக்கான ரூபாய் செலவு செய்திருக்கிறார்கள். பக்கிங்காம் வாய்க்காலிலிருந்து சேற்றை எடுத்து, அந்த ரோடின் மீது போட்டார்கள். ஆயிரக்கணக்கான ரூபாய்களைச் செலவுசெய்தும் பயன்படவில்லை. கண்டிராக்டர்களும் அதிகாரிகளும் பங்கு போட்டுக்கொண்டார்கள். அது சரியானபடி செலவு செய்யப்படவில்லை. அந்த ரோடின் மீது போட்டிருந்த சேற்றினால் சங்கீகமுடியாத நாற்றம் ஏற்பட்டு மக்களுடைய சுகத்தைக் கெடுக்கக்கூடிய முறையில் இருந்தது. ஆறுமாத காலமாகியும் அதை அப்புறப்படுத்தவில்லை. அதன் மீது உள்ள ஈர மண்ணை அப்புறப்படுத்தவேண்டும். எப்ரல் மாதத்தில் என்ன செய் திருக்கிறார்களென்றால், ஆயிரக்கணக்கான ரூபாய்கள் செலவு செய்து, பக்கிங்காம் கால்வாயிலுள்ள சேற்றை அப்புறப்படுத்துகிறோம் என்று சொல் வார்கள். மறுபடியும் அந்த ரோட்டைப் புதுப்பிக்கவேண்டுமென்று பல ஆயிரக்கணக்கான ரூபாய்களை சாங்ஷன் செய்து செலவிலே காண்பிக்கிறார்கள். இந்த மாதிரியான தில்லுமுல்லுகளை அதிகாரிகளைக்கொண்டும், இலாகாக்களைக் கொண்டும் விரயமாக்கப்படுகிறதே தவிர, பொதுமக்களுக்கு நன்மைகள் செய்யப்படவில்லை. மக்களிடமிருந்து வாரிப்பணத்தை வாங்கி, அவர்களுக்கு நன்மை செய்கிறோம் என்று சொல்கிறார்களேதவிர, உண்மையாகவே அவர்களுக்கு நன்மை செய்வதில்லை. மேலும் மேலும் அவர்களுக்கு வரியை அதிகமாகப் போடுகிறார்கள். பப்ளிக் ஒர்க்ஸ் டிபார்ட்மென்ட் போன்ற இலாகாக்களின் கொடுக்கப்படும் கண்டிராக்டர்களின் மூலம் பொதுமக்களிடமிருந்து வாங்கும் பணமானது கரியாக்கப்படுகிறது என்று குறிப்பாக எடுத்துச்சொல்ல விரும்புகிறேன்.

“புதிய ஆரம்பக் கல்வித்திட்டத்தைப்பற்றி கவனிப்போமானால், கனம் ஆச்சாரியார் அவர்கள், இந்த ராஜ்யத்தின் முதல் அமைச்சர் அவர்கள், அவர்களுடைய சொந்த உழைப்பால்தான் கொண்டுவந்தார். பொதுமக்களும், சட்டசபை மெம்பர்களும் எதிர்த்தும்கூட பலனளிக்கவில்லை. ஆனால் இன்றோ கனம் ஆச்சாரியாருடைய ஆட்சி, அவர்களுடைய ஆட்சிக்காலம் இன்றையதினம் சூர்யாஸ்தமனம் ஆகப்போகிறது. அதேநேரத்தில், அவரால் கொண்டுவரப்பட்ட புதிய கல்வித்திட்டமானது சென்னையிலும், முனிசிபல் நகரங்களிலும் உள்ள எல்லாப் பாடசாலைகளிலும் விஸ்தரிக்கப்பட்டுப்போவதாக அவர்கள் திட்டம் அனுப்பியிருக்கிறார்கள். ஆனால், பொதுமக்கள், சட்டசபையிலுள்ள மெம்பர்கள் எதிர்த்தும் எவ்வளவோ பேசினோம். அந்த திட்டம் அமுலுக்குக் கொண்டுவரக்கூடாது என்றெல்லாம் தீர்மானம் செய்தும் பலனளிக்கவில்லை. வெளியிலே நாட்டு மக்கள் என்ன கருதுகிறார்கள். இது மக்களுக்குப் பலன் அளிக்காத திட்டமென்றும், குறிப்பாக ஆதித் திராவிட மக்களையும், பிற்பட்ட மக்களையும் அழிக்கும் திட்டம் என்று சொல்லிக்கொண்டிருக்கிறார்கள். இது ஆரிய வம்சத்திற்கு ஆதரவு அளிக்கும் திட்டம் என்றெல்லாம் சொல்லி பல மகாநாடுகளைக்கூட்டி, இந்தத் திட்டம் கைவிடப்படவேண்டுமென்று தீர்மானங்கள் அனுப்பியிருக்கிறார்கள். அண்மையிலே நாகப்பட்டினத்தில் பெரியார் அவர்களுடைய தலைமையின் கீழே நடந்த ஒரு மகாநாட்டிலே சுமார் 15 ஆயிரம் மக்கள் கூடியிருந்தார்கள். ஆனால், இந்தப் புது கல்வித்திட்டம் திராவிட மக்களை அழிக்கும் திட்டம் என்றும், ஆரிய மக்களை உயர்த்தும் திட்டம் என்பதற்காகத்தான் பெரியார் அவர்கள் திராவிட மக்களைக் காக்கவேண்டுமென்றும், ஆரியர்களை அழிக்கவேண்டுமென்றும், சட்டத்தை மீறவேண்டியிருந்தாலும், ஒரு திட்டத்தைத் தீட்டியிருக்கிறார்கள். ஆவணி அவிட்டத்தினன்று ஒரே நாளில் 348 பிராமணர்களுடைய புநாலே அறுத்த டேவிஸ் என்பவருடைய தலைமையின் கீழ் நாகப்பட்டினத்தில் சென்னை நகருக்கு ஒரு படை திரண்டுவருகிறது, இந்தப் புதிய கல்வித்திட்டத்தை எதிர்த்து. எனவே ஆச்சாரியாருடைய ஆட்சிக்காலம் அஸ்தமிக்கிறது. நாளைவிலிருந்து வரும் எதிர்கால அமைச்சர் குழுவாவது இதற்கு நல்லது செய்யுமென்று நம்புகிறேன். இல்லையென்றால் நாட்டிலே ஒரு பெரும் குழப்பம் ஏற்படும், நாட்டிலே அமைதியின்மை ஏற்படும், நாட்டிலே ஒரு பெரிய புரட்சியை ஏற்படுத்தக்கூடிய அளவுக்கு அமைச்சர் குழுவே காரணமென்பதை இந்தச்

சட்டசபையிலே எடுத்துக்காட்ட விரும்புகிறேன். இதுபற்றிய விவரங்கள் அதிகமாக சொல்வதற்கு நேரம் இல்லாததால் இத்துடன் இந்த விஷயத்தை நிறுத்திக் கொள்கிறேன்.

“தாழ்த்தப்பட்ட மக்களுக்கு ஒதுக்கப்பட்டிருக்கும் பணம் ரூ. 25 லட்சம் 1953-54 வருஷத்திற்கு அனுமதித்திருக்கிறார்கள். ஆனால், அதே நேரத்தில் தாழ்த்தப்பட்ட மக்கள் எந்த அளவுக்கு உயர்த்தப்பட்டிருக்கிறார்கள்? எந்த அளவு அவர்களுக்கு மான்யம் கொடுக்கப்பட்டிருக்கிறது என்று பார்த்தால், ஏதோ கல்லூரிகளில் படிக்கும் ஹரிஜன மாணவர்களுக்கு ஸ்காலர்ஷிப் வழங்க அனுமதித்திருக்கிறார்கள். பணம் போதாது என்ற காரணத்தால் உயர்தர பாடசாலைகளில் வசிக்கும் மாணவர்களுக்கும் ஆரம்பப் பாடசாலைகளில் வசிக்கும் மாணவர்களுக்கும் அது அக்கிரமத்தை விளைவிக்கிறது. ஸ்காலர்ஷிப் பணம் ஒருவருக்குக்கூட கொடுக்கப்படவில்லை. லட்சக்கணக்கான ஸ்காலர்ஷிப் நழுவுங்கள் அச்சிடப்பட்டு, அவைகள் விநியோகிக்கப்பட்டு, அதற்கு அச்சடித்ததற்கும், தபால் பில்லைகளுக்கும் ஆயிரக்கணக்காக செலவு செய்யப்பட்டிருக்கிறது. அதே நேரத்தில் உயர்தரப் பாடசாலைகளில் வாசிக்கும் ஹரிஜன மாணவர்களுக்கும் பிற்பட்ட மாணவர்களுக்கும் ஒருவருக்காவது ஸ்காலர்ஷிப் வழங்கப்படவில்லை யென்றால், இது என்ன அக்கிரமம்? ஹரிஜன சட்டசபை மெம்பர்களுடைய கடிதங்கள் உதாசீனப்படுத்தப்படுகிறது. இது அதனைவிட மிக அக்கிரமம் என்பதைக் கூறிக்கொள்ள விரும்புகிறேன்.

“ஹரிஜன இலாக்கா டைரக்டராக திரு. மலையப்பன் அவர்கள் இருப்பதைப்பற்றியும், ஹரிஜன இலாக்கா மந்திரியாக கனம் திரு. பழனிசாமி கவுண்டர் அவர்கள் இருப்பதையும் கண்டு நாங்கள் பெருமைப்படுகிறோம். அவர்கள் ஏதோ நன்மை செய்யவேண்டுமென்று நினைத்தாலும், அவர்களிடத்தில் பணம் ஒதுக்கித்தரப்படவில்லை. ஒரு குறிப்பிட்ட திட்டத்திற்குப் பணம் இல்லையென்று முதலமைச்சரைக் கேட்டால், அமைச்சர் குழு கொடுக்கமாட்டேன் என்று சொல்லக்கூடிய காலத்தில் டைரக்டர் மீதோ, குறிப்பிட்ட அமைச்சர் மீதோ குறை கூறுவதற்கில்லை. ஆனால், குற்றத்தை அமைச்சர் குழுவின்மீதுதான் போடவேண்டிய நிலைமை ஏற்படுகிறது. தீண்டாமை இந்த நாட்டிலே அதிகமாகியிருக்கிறது. சேரியில் வாழும் மக்கள் செத்துப் போனாலும் கூட அவர்களைப் புதைப்பதற்கு இடம் கிடையாது. செத்துப் போன பிறகு அந்தப்பிணத்தை குறிப்பிட்ட தெருக்கள் மூலமாக போக முடியாமல், வயல்களின் வழியாகச் சுற்றிவளைத்துக்கொண்டு சுடுகாட்டிற்கு போகவேண்டியதாயிருக்கிறது. ஒரு சில குறிப்பிட்ட இரண்டு மூன்று செண்டு நிலத்திலே இவர்களுடைய பிணத்தைச் சுடவேண்டும் அல்லது புதைக்கவேண்டும். அதற்குக்கூட போதுமான இடம் கிடையாது. அந்தச் சுடுகாடு சரியானபடி அதிகாரிகளால் கண்காணிப்பது கிடையாது. அதற்காக இரண்டு லட்ச ரூபாய் ஒதுக்கியிருக்கிறார்கள். அதைக்கூட இந்த அரசாங்கம் செலவு செய்வது கிடையாது. அதே நேரத்தில் தீண்டாமை ஒழிப்புச் சட்டத்தை அமுல் நடத்துவதற்காக மத்திய சர்க்கார் 4 லட்ச ரூபாய் சென்னைச்சர்க்காருக்கு மான்யமாக கொடுத்திருக்கிறார்கள். ஆனால் மான்யமாக கொடுத்த பணத்தை என்னசெய்கிறார்கள்? ஆதிதிராவிடர்களுக்கு நன்மைச்செய்வதற்காக ஒதுக்கப்பட்ட பணத்தை யாரிடம் ஒப்படைத்திருக்கிறார்கள்? அந்தப்பணத்தை ஆரியவர்க்கத்தினரிடத்தில்தான், பிராமணர்களிடத்தில் தான் ஒப்படைத்திருக்கிறார்கள். ஹரிஜனங்களுக்கு நன்மை செய்யவேண்டும் என்பதற்காக இருக்கும் ஸ்தாபனங்களிலே ஹரிஜன இனத்தைச் சேர்ந்தவரோ அல்லது பிற்பட்ட வகுப்பைச்சேர்ந்தவரோ இல்லாமல் வேறொரு இனத்தைச் சேர்ந்தவருக்கு இடம் அளிக்கப்பட்டிருக்கிறது. இந்த இடங்களிலே பிராமணர்கள் ஆக்கம் கொண்ட காரணத்தினால்தான் ஆதித்திராவிட மக்களுக்கு ஒருவிதச் சலுகையும் அளிக்கப்படவில்லை. இந்த இலாகாவை வைதீகத்திற்கும்தைச்சேர்ந்த ஸ்ரீ வி. பாஷ்யம் அய்யங்காரிடம், ஒப்படைத்திருந்தால் ஹரிஜனங்கள் எவ்விதம் நன்மையை எதிர்பாரக்க முடியும்? ஆதித்திராவிடர்கள் தொட்ட தண்ணீரைக்கூட இந்த அய்யங்கார் குடிப்பதில்லை. இவ்விதமாக இருக்கும் ஒருவரை ஹரிஜன இலாகாவிற்கும் ஹரிஜனங்களின் நன்மைக்காகவும் போட்டால் எவ்விதம் இவர் களுக்குப் பலன் ஏற்படும். இவ்விதமாக மத்திய சர்க்கார் மாகாண சர்க்கார்

ருக்குக் கொடுத்திருக்கும் பணத்தை வீணாகக் கரியாக்குகிறார்கள். ஆதலால் அந்தப் பணத்தை ஆதித்திராவிட மக்களுக்கு நல்ல முறையில் செலவு செய்யும் படி அரசாங்கத்தைக் கேட்டுக்கொள்ளுகிறேன்.”

SRI T. C. NARAYANAN NAMBIAR :—“ Mr. Deputy Speaker, Sir, this morning during question-time, the Hon. the Minister for Food, Finance and Education was saying which is a fact, of course, that the largest consumer of the imported rice in this State was Malabar. Last time, one of the ex-Ministers of this State also was saying on a public platform that Malabar was a liability as far as food consumption was concerned. But, in this connection, I would ask the Hon. Minister as well as all the hon. Members of this House, ‘Is it because the tenants, the peasantry, the tillers of the soil of Malabar are not willing to till the land and produce more?’ Not in the least. They are prepared to till the land and produce more. Moreover, in spite of the fact that the peasantry, their organizations and others, political and democratic organizations, have approached the Government and requested them to see that cultivable lands are leased to the peasantry for cultivation, the Government have not taken any step whatsoever. Now, a serious situation has arisen in Nilambur and Karuvarakundu in Vandoor firka of Ernad taluk, in Malabar. Some tens of peasants have been arrested. Some are in detention and some are released. The situation in that part of the land is so serious that Police people and organized servants of the Janmis are threatening the peasants. The position is this. Generally, the tenants, the fugitive cultivators, the punam cultivators cultivate the hilly tracts of land. The custom is once in two or three years, or once in five or six years, and in some areas once in eight or nine years, peasants enter the hilly tracts and begin the cultivation. Then when the crops are produced, the village karnam and also the kariasthan, the servants of the landlord, go there and measure the area under paddy cultivation and the revenue assessment and rent are fixed and collected. That is the tradition, convention and custom. That was practised for so long. Now a new situation has arisen in 1954. What is that situation? In this connection, I would draw the attention of the Hon. the Minister for Finance and the Hon. the Minister for Law who hails from Malabar to the discussions that we had on the floor of this Assembly on the Malabar Tenancy (Amendment) Bill, 1953. There is a provision in the Malabar Tenancy Act—Section 52 (b) under which the State Government shall authorize any officer to lease lands to those cultivators who are willing to cultivate them if the landlords are not willing to lease them. In that connection, we pointed out that no step had been taken hitherto though such a provision was there in that Act to prevent the adoption of a dog-in-the-manger policy and that, therefore, the Act should be suitably amended. Hence, an amendment was also proposed. But intervening in the debate both in the Joint Select Committee and here, the Hon. the Chief Minister and the Law Minister said, ‘As there is a provision, the matter will be looked into’. With reference to that, I have to say that the criminal negligence on the part of the Government to take suitable steps has brought about a state of affairs where large

extents of cultivable land where from about 500 lakhs of paras of paddy can be produced are to-day lying waste. According to tradition, the peasants have entered the land. The Zamorin and other big landlords have objected to it. Now, they say that it is trespass. I say it is not a case of trespass. It is a tradition and I have explained what the tradition is. According to me, as I conceive general justice; it is the landlord class who has trespassed over the right of traditional cultivation by tillers. The kisans of Kariwarakunda . . .”

SRI K. KUNHI MOHAMAD SHAFEE :—“ On a point of order, Sir, the incident in Karuvarakundu to which the hon. Gentleman is referring is *sub judice*. It is before the Court of the Divisional Magistrate of Malappuram.”

DEPUTY SPEAKER :—“ Is it before the Court? ”

SRI T. C. NARAYANAN NAMBIAR :—“ Sir, with due respect to the hon. Member, I would submit that I am not dealing with a case which is before the Court and which is *suo judice*. I am dealing with a part of a land which is in Nilambur and Karuvarakunda and also a land belonging to the Raja of Zamorin in Calicut. On 25th January 1954 the representatives of the peasantry approached the Collector and requested that he should take immediate action under the Malabar Tenancy Act and see that the peasantry were allowed to cultivate the land. He promised that this would be sympathetically considered. Then also it was not looked into. On 9th February 1954, the peasants held a public meeting. A deputation of 7 or 8 of them was also selected. These people approached the Collector who said that instructions had already been issued. But I am sorry to observe that up to this time, the poor peasants are not allowed to cultivate the land. My request to the Hon. Minister concerned is that Government should immediately intervene in this matter and see that the poor peasants are allowed to cultivate the lands. If they have, however, any doubt regarding the *bona fides* of this, they can appoint some officers or the Collector to enquire into the matter, or the concerned Minister may himself visit the place and verify the truth of my statement. If only they do this, I am sure they will be convinced of the urgency of the matter and the need to come to the help of the poor peasants. My only prayer is that the Government must immediately take suitable steps to see that peasants are able to cultivate the lands. If this is done, I am sure will be a great help to the people of that famine-stricken area. Incidentally, it will be a boon to the Government also inasmuch as they have been claiming that they have to shoulder the responsibility of feeding the people of Malabar, which can be lessened to a certain extent. I hope the Government will rise to the occasion and see that the peasants are freed from prosecution if any and also take urgent and suitable steps to enable them to cultivate even this year.

“ There is another very important matter to which I should like to draw the attention of the Hon. the Minister for Education

[Sri T. C. Narayanan Nambiar] [30th March 1954]

and it is this. Last time the Hon. the Minister for Education was telling that the average attendance at schools had been stipulated on the ground that unless and until such a condition was placed, there would not be any impetus on the part of the teachers to get more children into the schools. I quite agree. If the Hon. Minister thinks that the system of average attendance of pupils is so welcome and so desirable, why can't he prescribe the same system in respect of other services also? For example, why should not the Education Minister see that orders are passed that the Director of Public Instruction, Madras, who is getting a pay many times higher than that drawn by an ordinary L.T. teacher, is also paid on the basis of average attendance? Why is it that such a good system is not made applicable to the Hon. Minister for Education being the highest authority in the Education Structure when he draws his salary? It is not on the basis of the average attendance of pupils in this State that he gets his pay. It cannot be done. So, what I wish to say is that the teachers should not be paid on the basis of the attendance of pupils.

"Sir, very often, the Government have claimed that they were trying to keep up the prestige of the teachers. I know the ruling party, that is, the Indian National Congress, through its General Secretary, Sri Agarwal, has issued a general circular requesting the State Congress Committees and the State Governments concerned to see that the prestige of the teachers is saved as the States cannot reach the goal of a Welfare State unless and until the prestige of the teachers is saved. In this connection, I would like to invite the attention of the Hon. Minister for Education to certain news items that recently appeared in the Press of the Madras State. உபாத்தியாயரைத் தாக்கியதாக காங்கிரஸ்காரர் மீது புகார். This was the headline that appeared in the *Dinathanthi*, dated 28th January. In *Viduthalai* and *Janasakthi* papers this matter has appeared under this headline 'காங்கிரஸ் கௌரவசிலர் உமாபதியின் குமர்.' In the *Hindu* also, this news item has appeared. All these refer to the case of one Suryanarayana Naidu, a Corporation school teacher living in Karuppanan street. He is aged 57 years and has put in 27 years service. Sir, he was molested, beaten and mishandled by a Corporation Councillor, Sri Umapathi."

SRI C. RAJAM RAMASAMI :—"May I know how a reference to this case, is relevant to the subject under discussion now?"

SRI T. C. NARAYANAN NAMBIAR :—"I shall presently explain the relevancy, Sir. Here is a case, where a teacher was assaulted during school hours, when he was on duty. Now, is it not the duty of the Government to see that the rights of teachers are respected and upheld? When representations were made to the Director of Public Instruction and to the Hon. the Chief Minister, I am told that the teacher was asked to go and represent his case before a Court of Law. How can the Government expect a poor teacher, who was assaulted while he was on duty, to go

[30th March 1954] [Sri T. C. Narayanan Nambiar]

before a Court of Law? If a police constable, or even a peon or even a fourth grade public servant had been assaulted in this manner, while he was on public duty, will not the Government take immediate action against the person, whoever it may be, who might have assaulted the public servant? I plead this ought to be done. Should not the Government, in the same manner, take action against the person who has assaulted the poor teacher. They have failed to do this. When they have failed to do this, there is no use of their tall talks. There is no use of their saying that the teachers belong to a great and noble profession and they also belong to the great tradition of rishies like Kanwa and others. Such tall talks on the part of those who are in power, if I am not using an unparliamentary expression, is all a humbug. I want the Government to do something tangible. There is no use of exaggerating things.

"It is not my intention to criticise the Government for criticism's sake. So far as our District of Malabar is concerned, a large extent of land is in the hands of Janmis, unlike in other parts of Tamilnad. Under the 1929 Act, there was a provision by which the Government could authorise an officer to lease out the lands to the poor tenants and cultivators. But nothing in this regard is hitherto done. I request the Government and the Hon. Minister concerned to immediately look into the matter and appoint a competent officer giving him instructions to visit the place and see that the detained persons are released and the lands are given to the tenants under lease. Of course, the tenants are prepared to take out the lands under lease after paying the reasonable lease amount. I once again request the Government to take very early action in this matter, as it is the call of the hour, so far as Malabar is concerned. Thank you, Sir."

“இன்னொரு விஷயம்—புதிய கல்வித்திட்டம். கட்சி கௌரவத்தைப் பார்க்காமல், தோல்வியை தோல்வி என்று ஒப்புக் கொள்ள வேண்டும். இதைப் பகிரங்கமாக ஒப்புக்கொள்வதுதான் பெருந்தன்மை. தோல்வியை ஒப்புக்கொள்வது தவறல்ல. பெரியவர்களாக இருந்தாலும் அவர்களுக்கும் தவறு ஏற்படுவது சகஜம்தான். ஆதலால் அந்தத் தவறை ஒப்புக்கொள்வதுதான் கௌரவத்திற்கு அழகு—பெருந்தன்மைக்குகந்தது. தவறுகளை மறைப்பது சரியல்ல. அதனால் நாட்டிலே குழப்பம் ஏற்படும். அவ்விதம் குழப்பம் ஏற்படாமல் நடந்துகொள்வதுதான் முறை. ஆதலால் இத்திட்டத்தை வாபஸ் பெற வேண்டுமென்று கேட்டுக்கொண்டு என் பேச்சை முடித்துக்கொள்கிறேன். வணக்கம்.”

THE HON. SRI C. SUBRAMANIAM :—“Mr. Speaker, Sir, I regret to say, without any disrespect to any of the hon. Members, that the discussion was quite off the mark. We are considering the Appropriation Bill with reference to the Supplementary Grants. I was hoping at least one hon. Member would refer at least to one item in the Supplementary Grant and the provisions made under that and make some concrete suggestions. But unfortunately, I was disappointed. I would request hon. Members always to bear in mind that we have to observe the rules of procedure, rules of debate at least to some extent, because when hon. Members make out points it is expected that the Minister concerned should meet all those points. But it is not as if the Minister is an encyclopædia and he can rise at any moment and answer any point. Therefore, when we come prepared for certain debate, we come prepared with reference to the subject-matter which has to be discussed. Therefore hon. Members should not feel aggrieved, if I am unable to reply to the various points raised on the floor of this House. And another thing also. Supposing we reply to all those matters which I respectfully and humbly submit were not quite relevant, I would be following the foot-steps of hon. Members in referring to those matters which were not quite relevant. I cannot also say, 'No relevant points have been raised and therefore let me sit down.' I am therefore in a dilemma. However, I hope to adopt a via media attitude and try to meet the various points raised by some round-about way, saying, 'It is connected with this and it is connected with that.'

“I am really grateful to the hon. Deputy Leader of the Opposition for having made a very constructive and conciliatory speech and I heartily reciprocate the feelings he has expressed. After all, all of us are interested in the welfare of the people and all of us are eager that our country should prosper. We want that the various needs of the people should be met and the short-comings overcome. That is our aim. In the approach and in the method there might be certain difference of opinion in regard to certain aims. But that need not stand in the way of our co-operating in matters where we agree. But unfortunately when we disagree in certain matters that disagreement is carried into other fields also, so much so, it becomes impossible to co-operate even in fields where there is a certain amount of agreement. That is the tragedy of politics, that too party politics. I wish we were able to cast aside those feelings of party prejudices and rise above narrow

[Sri C. Subramaniam] [30th March 1954]

party politics. Unfortunately we are also human beings and members belonging to certain political parties. I do agree that we try to justify ourselves even when we are in the wrong. That applies both to the Opposition and the Government"

SRI M. KALYANASUNDRAM :—" More to the Government than to the Opposition."

THE HON. SRI C. SUBRAMANIAM :—" I do not know. Let people judge about that. But since the Hon. the Deputy Leader of the Opposition has chosen to interrupt, I may tell him that we do not have a fanatical faith in any doctrine. Therefore we are liable to change and conversion than the hon. Member who is always actuated only by certain doctrines. Anybody else who thinks against that doctrine or who acts against that doctrine is, according to him, not progressive and is not working for the people. Therefore, he made the accusation that only the hon. Deputy Leader of the Opposition and those belonging to his party are interested in sticking to principles rather than persons on his side. But that is quite apart from our discussion. Because the hon. Deputy Leader of the Opposition chose to interrupt me, I had to make the position clear."

"The hon. Member Sri Vinayakam started the debate. He made reference to two or three matters to which he had referred already. While the time allotted for an hon. Member was only ten minutes, he had taken nearly half an hour. He spoke at length on the need for improving the irrigation facilities in Chingleput district. Of course he used some complimentary terms against us. He has said that the Government are unimaginative, impractical or impractical whatever the term might be. He went on in that vein. Let me inform Mr. Vinayakam that we are anxious to increase production of foodgrains. Government would do their best to increase food production. If, as a matter of fact, food production in Chingleput district could be increased by a simple scheme as Mr. Vinayakam had suggested, certainly we would look into the matter. We will not fail to look into it simply because Mr. Vinayakam has suggested it. Let me give that assurance to Mr. Vinayakam."

"Mr. Vinayakam also made so many references to the bus transport and referred in particular to the impoliteness of the conductors towards passengers. I do not know how far his charge could be substantiated. I do agree that there are certain people not only in transport but in other walks of life also who try to be unpleasant to their companions or other persons. But what I was able to gather from the speech of the hon. Member Mr. Vinayakam is that certain of the people employed in the Government Transport in the City have not behaved properly to the passengers. If there are miscreants, certainly they should be booked. Instead of levelling the general charge that there is corruption and this and that, I think, Mr. Vinayakam would have done well if he had brought to the notice of Government specific instances wherein the employees of Government Transport have behaved in

30th March 1954] [Sri C. Subramaniam]

an impolite manner so that we could have booked the culprits suitably. But Mr. Vinayakam had preferred to make only a general charge."

SRI K. VINAYAKAM :—" Unfortunately the colleague of the Hon. the Finance Minister, viz., the Hon. Minister for Transport holds a different view. There seems to be difference of opinion among Ministers."

THE HON. SRI C. SUBRAMANIAM :—" I may say that there is absolutely no truth in what the hon. Member says. There is no different of opinion amongst us."

THE HON. DR. U. KRISHNA RAO :—" On a point of personal explanation, Sir. I really want to know how Mr. Vinayakam had found that I differ from the Hon. the Finance Minister on the question of behaviour of the Transport employees towards the passengers, while the same is not a fact. On the other hand, we are unanimous in arriving at a decision. The hon. Member is wrong when he says that the opinions of the Hon. the Minister for Transport are different from those of the Hon. the Finance Minister."

THE HON. SRI C. SUBRAMANIAM :—" I am glad the Hon. the Minister for Transport has answered immediately. There is no truth in what Mr. Vinayakam has said. We want to give the maximum comfort to the travelling public. As I said previously there may be individual cases of impolite behaviour towards the passengers. If Mr. Vinayakam brings to my notice specific instances, we will take suitable action against the culprits."

"Incidentally Mr. Vinayakam has made a plea for private owners. He was all praise for private operators. He was waxing eloquent on the comforts provided by private operators in their buses. Thereby perhaps Mr. Vinayakam has implied that if the Government Transport in the City were given to private enterprise, the public could expect better conveniences. I think probably that was what was in his mind. That was what I was able to gauge."

SRI K. VINAYAKAM :—" I must correct a misapprehension created by the Hon. the Finance Minister regarding my views about private bus transport. I hold no brief for anyone. Let the Government nationalize transport in the whole country itself. But what I want is that when they nationalize, let them work it effectively. It is no use nationalizing an industry and not working it effectively."

THE HON. SRI C. SUBRAMANIAM :—" I have had sufficient experience of travelling in private buses when the transport was not nationalized in the City. I am sure that the present Government Transport system is much better than what it was before when it was run by private operators. I take the assurance of the hon. Member Mr. Vinayakam that he is not interested in any private bus operator."

[Sri C. Subramaniam] [30th March 1954]

"The hon. Member Mr. Palaniswami wanted collective bargaining by teachers. Even in regard to trade unions, is it not laid down that politicians should not enter into their fold and exploit this collective bargaining? How can we then allow collective bargaining by teachers by politicians and politics interfering in it? When even in the advanced trade unions such a thing is not allowed? That is a proposal to which we can never agree. That is my view. Of course people are entitled to have their own opinions. As far as the education system is concerned, it is my firm view that it should be above party politics.

"The hon. Member Mr. Rathinam who spoke about the Harijan thinks that he is the only champion of the Depressed Classes and Harijans. He talked in that light and having made that speech, he was satisfied. He has gone without waiting for the reply that he would get for his speech. It is because he is not interested in the reply. After he had spoken, he does not care about the reply. He thinks he is the only champion and no others are there to champion the cause of Harijans and the Depressed Classes. He claims to be the leader of the Depressed Classes. That is why he is interested in getting a seat in the front benches and not in representing the cause of Harijans. What all he has said, let me submit to you, Mr. Speaker, is absolutely nonsense. Because I think 'nonsense' is a parliamentary term, I have used that expression. It is only for bettering the lot of Harijans that we have this year provided Rs. 25 lakhs outside the Budget proposals—which has come up in the Supplementary Demands. We have taken several other beneficial measures for the upliftment of that community. Instead of mentioning something about the beneficial measures we have taken so far for the uplift of Harijans, Mr. Rathinam went on accusing us and he even went to the extent of saying that during the British Raj Harijans were better cared for. I think he would even go to the extent of inviting some foreign Government because he thinks that Harijans would get a better deal only then. Of course he is entitled to have his own opinions in the matter. He is entitled to ventilate his grievances. But he should do so in a proper manner. I know, Sir, that there are many hon. Members in this House belonging to the Harijan community and also members belonging to the general public who are grateful for what all we have done for the uplift of the Harijan community. There is no basis for what the hon. Member Mr. Rathinam has observed. If the hon. Member had complained that we have done only something, I can understand it. May be, we have not done what all is necessary for the uplift of Harijans. But to say that we have not done anything at all for Harijans, is, I submit a baseless charge. I am sure his own party will not support his stand.

"The hon. Mr. T. C. Narayanan Nambiar wanted land reforms. I am afraid it will not be proper for me to refer to the question of land reforms when the Appropriation Bill is discussed.

"I shall refer to the licences that are issued for holding public meetings. It has been said that we have issued licences for only

[Sri C. Subramaniam] [30th March 1954]

one party in particular, I mean, the Congress Party. From the number of licenses issued so far for holding public meetings, it would be clear that we have issued the largest number of licences only for the other parties for holding public meetings. So we cannot be accused of having issued a large number of licences only to the Congress Party for holding their meetings. We cannot be blamed for not having exercised our powers properly.

"I now come to the subject of loudspeakers. Presumably when one meeting is addressed by one party and the other meeting which is held just nearby is addressed by another party, if loudspeakers are installed nearby, it will only result in shouting and pandemonium. It is our intention in permitting the use of loudspeakers that they should cause the least inconvenience to others. It is only with this object in view that the use of loudspeakers is regulated. For peaceful organizations and for addressing meetings in a peaceful manner, Government will not stand in the way. But, if meetings are held to incite people to violence, Government have got to step in and prevent such misuse of the licence granted to hold the meeting. Government will not tolerate meetings addressed by parties or individuals inciting people to violence. If any party should take to violence or violent methods, the Government cannot keep quiet. Subject to this condition, we give full freedom to speak, to write anything in any newspaper including falsehoods and to give any headline including even misleading headlines. We do not object to any of these things. Reference was made to the headline given in the 'Dinathanthi'. It was a misleading headline. Let not any Member go under the impression that we want to suppress any opinion however much it may differ from our point of view. I assure hon. Members that full freedom of speech and association has been given. If, in spite of that, there have been pin-pricks here and there, it is inevitable. Certain restrictions are necessary to maintain law and order and to see that there is no breach of the peace. It is only from that point of view that certain restrictions are imposed, and it is to the advantage of everybody. After all, the restriction on one is the freedom of the other. When we impose certain restrictions on one, to that extent somebody else gets freedom. If the people are allowed the use of loudspeaker equipment without any restriction and if it is installed in a crowded residential locality and the speakers go on shouting till 12 o'clock in the midnight every day—that was what happened in certain instances—it will be a great nuisance to the people residing in the locality. That consideration also has to be borne in mind. I may assure the Deputy Leader of the Opposition that these restrictions are not intended to curb the freedom of speech or meeting. They are imposed in the interests of the community as a whole. If any relaxation is possible, I shall gladly do it. We do not stand in the way of peaceful propaganda and the propagation of opinion by peaceful methods. We have given the fullest freedom and freedom is guaranteed by our Constitution.

[Sri C. Subramaniam] [30th March 1954]

"I have replied to many points that were raised but were not strictly relevant to the subject-matter of the Bill under discussion because I do not want the Members to feel that I have ignored any point.

"This is the last of the ceremonies connected with the passing of the Budget. Once again I thank the hon. Members for having co-operated with me and the Government and for having made very useful suggestions during the debate. Let me also express my thanks to you, Sir, for guiding this House properly and for seeing that we do not stray far away from the rules of procedure. We can take pride in the fact that that our debate has been at a high level, and I am sure that any stranger who has come here and watched our proceedings will give a certificate to that effect."

THE MADRAS LEGISLATIVE COUNCIL.

The House met in the Council Chamber, Fort St. George, at half-past two of the clock, Mr. Chairman (THE HON. DR. P. V. CHERIAN) in the Chair.

THE MADRAS APPROPRIATION (NO. 2) BILL ^a 1954
(L.A. BILL NO. 10 OF 1954)

[30th March 1954]

THE HON. SRI C. SUBRAMANIAM :—“ Sir, I beg to move—

‘ That the Madras Appropriation (No. 2) Bill, 1954 (L.A. Bill No. 10 of 1954), as passed by the Legislative Assembly be taken into consideration.’

This Bill only embodies the Supplementary Grants for the second half of the financial year 1953–54. I hope, Sir, there is no necessity for any discussion on this Bill and it will be passed without any discussion unless of course the Deputy Leader of the Opposition has something spicy to say about it.”

DEPUTY CHAIRMAN :—“ Motion moved—

‘ That the Madras Appropriation (No. 2) Bill, 1954 (L.A. Bill No. 10 of 1954), as passed by the Legislative Assembly be taken into consideration.’ ”

DR. V. K. JOHN :—“ Mr. Deputy Chairman, speaking on this Appropriation Bill, you will give me the indulgence to make one or two observations which are not absolutely pertinent to this Bill.

“ First, may I express the very high appreciation of every hon. Member of this House and of the public on the Government having renominated Sri Mahomed Usman, Srimathi S. Manjubhashini and Srimathi Mary Clubwala Jadhav as Members of this House.

“ Let me also associate myself with all that the Hon. the Leader of the Opposition has said about Sri Rajaji when he spoke on the previous Appropriation Bill. It is a very sad news which many of us read in the newspapers that Sri Rajaji was relinquishing his office. I realize that I have earned, perhaps, a bad reputation of being the strongest critic of this Government in this House, and perhaps in the previous Council also. I use strong language and sometimes harsh language too in criticizing the Government. But, Sir, I had always a feeling in my mind that this Government headed by Sri Rajaji is incomparably superior to the previous Congress Governments which I knew well because I was the Leader of the Opposition in the previous Council. In one sense the present Members of the Cabinet are incorruptible. In fact only Rajaji would have taken up the position of Chief Minister when everything appeared to go wrong after the last elections, and when the Congress Party was not in a majority. Rajaji took up that burden and in spite of the various difficulties caused by the Communists' opposition, famine, etc., he had done wonderfully well in toning up the administration. Whatever criticism one might have offered when the Cabinet was formed, it is quite clear that for the last two years, we have a Cabinet which from

^a Printed as Appendix on page 703—704[infra.

30th March 1954] [Dr. V. K. John]

every point of view is an excellent Cabinet. When I say that this Cabinet has done wonderfully well, I express the feelings of not only the Members of the Congress Party and of the Opposition Parties but also of the general public. It is a great misfortune if Governments should change very often. It is a wrong thing for Governments to change frequently. One defect in the Congress Administration is that there were too many changes since 1946.

(At this stage Mr. Chairman resumed the Chair.)

“ I am still hoping against hope that in the next few hours Rajaji will change his mind and will continue in office and carry on the Government in the interests of the State because change of Government is very bad for the State and for the country. If I were a Doctor of Medicine and were to prescribe a medicine for Rajaji, I would say that he would keep his health better when he is active and when he is in office than when he is inactive and when he is not in office. But unfortunately, I am not a Doctor of Medicine but I am a Doctor of Laws. Nevertheless, I feel that it would be better for the good health of Rajaji, whom surely Providence will preserve for us for another 75 years, to be actively associated with the Government of this State. Rajaji had done wonderfully well in toning up the administration, and the reputation of this Government has gone up very high in the last two years. Whenever I criticised this Government and used strong language, I did realize that this Government was incomparably better than the previous Governments. I am sure we may not get another Government as good as this. It is my earnest request and it is my hope that Rajaji will continue in office so long as there is life in him. I do not think that he is so unhealthy that he should retire immediately. I am sure that no Government would have done better than the present team during the past one or two years. Rajaji has trained the present team well that it can carry on the administration much better than anybody else.

“ Sir, now let me pay a meed of tribute to the Hon. the Finance Minister whom I criticize most in this House. I think he is an ornament to any Cabinet and I am quite sure that his services will always be availed of by any future Cabinet that may come into being. He is young and is one of the most intelligent men I have ever met. He is quick in grasping things. Perhaps in answering my criticisms, he might have used harsh words, but I know there was no ill-will or malice behind them. Recent events have very much upset the public and me also. I hope that somehow or other Rajaji and his present team will continue.

“ I hope that the several criticisms that have been offered against the Budget which Rajaji's Government have presented will be taken note of and that new ground will be broken. It may be that in this House Rajaji and the Hon. the Finance Minister will support the taxation proposals, but I am sure that when they go to

[Dr. V. K. John] [30th March 1954]

their offices, they will see that expenditure is reduced. I request the Government not to resort the regressive methods of taxation. I do not think that any other person would break new ground as the present Finance Minister has broken, and it is my hope that even if Rajaji resigns, the Finance Minister will continue to serve the public and this State in some capacity or other, probably as Finance Minister or in some higher capacity. It is a wrong thing that Ministers who have been trained up, who have gathered good experience, who know their subjects fully well and who are well on their saddle and can carry on the administration, should ever be changed at all. If there are frequent changes, there will not be a stable administration. Once again new Ministers will have to start learning and unlearning things. All this will affect the administration adversely and I do not know how the future administration will be for one or two years to start with. There were many difficulties when Rajaji took the reins of the administration—notably the political difficulties created by the Communists, drought and famine conditions, the agitation for a separate linguistic State and very recently the partition of the State. Just now things have been put in order and this is the time when attention could be paid to various matters connected with administration. It is really unfortunate that at a time when the Ministry is able to give its attention to the various administrative problems there should be a change in the administration. The present team is an excellent one. I am not personally fond of any particular individual but I am expressing the point of view of the public. I would once again make an appeal to Rajaji both in my personal capacity and on behalf of the public to think hundred times before he retires, because, if I may say so, he would be doing a disservice to this State if he retires now. I know that he is not keeping his health as before, but it is for his colleagues, whom he has trained, to take over some of his portfolios exclusively and not to give him the same amount of trouble which he perhaps had during the last two years. Every hon. Member in this House is anxious and has expressed that Rajaji should recover very soon. As far as I can gather, public opinion also is that Rajaji's administration should continue and that his team of Ministers should also continue. Whatever criticisms I might have made about the Finance Minister, I have always felt that he is second to none, and that he is the one person who can break new ground and set the finances of this State in order. If I criticize certain policies of the Government, that does not mean that I have not got any appreciation for them. I have got every appreciation for this Government. Rajaji did a great service to this State and to the country when he accepted responsibility as the Chief Minister. Even then he was not keeping very good health, but still, in the interests of the State, he took upon himself the burden. He improved his health in a few days. I therefore request him not to give up his office and create a difficult situation in this State and thus retard the progress that he has made in the administration of the State. I am a great optimist. I still hope that he will continue to serve the State. He need

30th March 1954] [Dr. V. K. John]

not spend so much time as he was spending all along. He may work less. I hope that he will keep better health if he is active. He has got a team which can carry on the administration much better than any team that we had during the past so many years.

“ Now, coming to the Appropriation Bill, I have to say one or two words. I hope that this Government—I am not sure what is going to happen to this Government but I hope that the best will come out—will consider the question of regressive and progressive taxation and avoid regressive measures of taxation. It is my view that the Government must take lessons from the tailors. They must cut the coat according to the cloth. We should not increase our revenues by resorting to regressive methods of taxation. Income-tax is a progressive taxation. The first Rs. 3,600 is free of income-tax. In Britain there are other allowances and the men, who can bear the burnt of the taxation, are asked to bear it. A man earning Rs. 100 should not be made to part with Rs. 25 or Rs. 50 by way of taxes alone. We must collect only such taxes as we can by adopting progressive methods of taxation. We can spend only as much money as we can consistent with our income. We should not in our anxiety to introduce many welfare schemes sap the blood of every man, every woman and child in this State. I am quite sure if only the present Government continue they will break new ground. This Budget they have presented is only a hereditary Budget with much of regressive taxation. I hope all this regressive taxation will be repealed and we would have progressive taxation in future. People would not be impoverished. They will spend only as much as they can and nothing more. That is my considered view. The news that I have heard these last few days has much upset me. These Ministers have gathered some experience and made some progress in these two difficult years and they have just settled down after partition. They would have made greater progress during the next three years' time when the next Assembly would come in. But the news that Rajaji is laying down his office has come in now. I think the whole State, even the whole country, would be upset by this news. I do not know whether Rajaji himself has realised what the public opinion will be on the step he has himself chosen to adopt. I am a great optimist. Therefore I would request him again either to continue in his present position or to see that at least the present team of Ministers who have been trained by him in administration and who are now carrying on with their work so well continue in office so that progress may be made in the administration of this State.

“ Sir, there is nothing much that I can say on this Appropriation Bill. Still I would repeat my criticism that there should not be any regressive taxation. Regressive taxation should be repealed. There must be only progressive taxation. Government must spend only as much as they can collect without impoverishing the people of the country. Let me hope that the Hon. the Finance Minister who can easily understand the words I use in

[Dr. V. K. John] [30th March 1954]

criticising him will certainly pay his kind attention to the criticism which I have advanced not on this particular Budget but on the policy the Congress has been following ever since that party took up office and which he could not break. This he cannot do because he had just now settled down. And it is a pity when we just close the discussion on the Budget, the news of the retirement of the Leader of the House should have been announced. I feel so sad over the news and I must express my deep regret that the progress we have made up to this time, and the difficulties we have overcome up till now might not be taken advantage of—I do not say will not be taken advantage of—and further progress would be retarded. If I use any strong language against Rajaji in regard to this matter I hope he will excuse me. It is inexcusable on his part to set the hands of the clock back and resign his post. I believe he will keep better health when he is in office and keeps himself active as he has been before. Let me make an earnest appeal to him not only on my behalf but on behalf of the thousands of people who have told me that this Government is incomparably superior to the previous Governments and that this Government should carry on. I think this is the desire of the large majority of people in this State as well as in the country. Therefore I make my earnest appeal to Rajaji to continue as the Chief Minister of this State and not to resign.

“ Thank you very much, Sir.”

THE HON. SRI C. SUBRAMANIAM :—“ Mr. Chairman, Sir, this proceedings have taken the character of a farewell function. I do not know whether coming events are casting their shadows before. Whatever might happen the words of appreciation that have fallen from the various hon. Members will encourage us to serve this State and serve our country to the best of our ability in whatever field we may be called upon to serve. Sir, these two years we have tried our best to serve the country and to serve the State to the best of our ability, to the best of our conscience, true to our people and true to God. The appreciation of our work by this House will greatly encourage us in our future endeavours in whatever field it might be. Let me thank hon. Members, as this has been converted into a farewell function, and also you, Mr. Chairman, for the very great courtesy and kindness you have shown me always.”

MR. CHAIRMAN :—“ The question is—

‘ That the Madras Appropriation (No. 2) Bill, 1954 (L.A. Bill No. 10 of 1954) ’ as passed by the Legislative Assembly be taken into consideration.”

The motion was carried and the Bill was taken into consideration.

Clause 2, the Schedule, Clause 1 and the Preamble were put and carried.

THE HON. SRI C. SUBRAMANIAM :—“ Mr. Chairman, Sir, I beg to move—

‘ That the Madras Appropriation (No. 2) Bill, 1954 (L.A. Bill No. 10 of 1954), as passed by the Legislative Assembly be passed.’ ”

MR. CHAIRMAN :—“ Motion moved—

‘ That the Madras Appropriation (No. 2) Bill, 1954 (L.A. Bill No. 10 of 1954), as passed by the Legislative Assembly be passed.’ ”

SRI MOHAMED RAZA KHAN :—“ Mr. Chairman, Sir, I do not like to take up the time of the House to make an elaborate speech at this stage. I really admire the sentiments expressed by the Hon. the Minister for Finance in his earlier speech about the unfortunate incident which occurred in Malabar. Sir, the Government, ourselves and everyone is proud of the fact that this State of all the States in India is noted for the way in which it has maintained communal unity throughout the ages. It has been the tradition of this State and it will be our effort and endeavour to see that that tradition is maintained. On many occasions in the past Madras gave a lead in matters relating to communal unity. But unfortunately an incident in Malabar has occurred. It is not politics as was appropriately referred to by the Hon. the Minister for Finance. I intervene at this stage only to assure him that the leadership in our State more particularly in Malabar will strive its best to maintain communal unity. I hope the incident that occurred recently will be the end of it all, and there will be no repetition of it in the future. We will go to the uttermost limit to see that perfect communal harmony, particularly in places like Malabar, is maintained, and that the tradition of which this State is proud is also kept up.

“ Sir, I do not wish to say anything about that great man, our Hon. the Chief Minister. But this debate has been converted into a sort of farewell function. Really every one of us felt sad when we heard the announcement made by Rajaji that he was going to lay down his office of Chief Minister and Leader of the Party. Sir, the Hon. the Leader of the Opposition has already expressed our feelings in this matter in the language befitting this House. Therefore I do not wish to add anything to what he has already said. It is not an occasion when we should talk about the man in his very presence and thus put him in an embarrassing position. He himself does not talk in that way. He himself is affected more by these expressions than anybody else. Whatever was said from this side of the House was said in all earnestness and reality. Young men like me whenever Rajaji makes a speech either in this House or outside, hear his speech very carefully and observe how he analyses the thing, tries to make out the case, and always puts his opponents in the wrong and himself and the Government in the right. We hear him so that we may take a lesson from him

[Sri Mohamed Raza Khan] [30th March 1954]

and try to follow him. Even though we may not come up to his level, at least we may learn something from him. It is in that spirit that young men have been hearing him and following him. Therefore it is indeed sad that the time has come when he has to lay down his office."

SRI M. P. GOVINDA MENON:—"Mr. Chairman, Sir, I associate myself with the sentiments expressed by the hon. Member Sri Raza Khan. I hope my unfortunate district will not have any more trouble and I appeal to both communities from this place to patch up their differences. I also hope that the efforts of the people of Malabar will be supplemented by the leaders from the whole State and let us hope that good days will dawn on Malabar without any more communal trouble."

MR. CHAIRMAN:—"The question is—

'That the Madras Appropriation (No. 2) Bill, 1954 (L.A. Bill No. 10 of 1954), as passed by the Legislative Assembly be passed.'"

The motion was carried and the Bill was passed.

MR. CHAIRMAN:—"Before we adjourn, I would like to congratulate hon. Members Srimathi Manjubhashini, Srimathi Clubwala Jadhav and Sri Mahomed Usman on their nomination to this House.

"The House will now adjourn and meet again at 11 a.m. on Wednesday, the 7th April 1954."

The House then adjourned to meet again at 11 a.m. on Wednesday, the 7th April 1954.

THE MALABAR TENANCY (AMENDMENT) BILL, 1953.

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—" Mr. Speaker Sir, . . . "

SRI T. C. NARAYANA NAMBIAR:—" Sir, on a point of order, Rule 70 (1) of the Madras Legislative Assembly Rules says—

"79. (1) At any time after the expiry of six days from the publication of a Bill in the Gazette, the member-in-charge of the Bill may make one of the following motions in regard to his Bill, namely:—

"(a) that it be taken into consideration by the Assembly either at once or at some future day to be then specified; or . . . "

I am also aware of rule 115 under which the Hon. Speaker can waive the period of notice. But this is not mandatory. It is left to the discretion of the Hon. Speaker. My submission is that in view of the fact that we had no time to study the Bill and in

view of the fact that the Bill is not satisfactory, I request you to use your discretion and not allow the Government to move this Bill to-day."

MR. SPEAKER :—" The motion is only for setting up a Joint Select Committee."

SRI T. C. NARAYANA NAMBIAR :—" Even then the principles of the Bill will have to be discussed."

MR. SPEAKER :—" The hon. Member will have ample time to discuss it in the Joint Select Committee. The Hon. Minister will now move his motion."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" Sir, I beg to introduce the Malabar Tenancy (Amendment) Bill, 1953 and move—

That the concurrence of the Legislative Council be obtained for setting up a Joint Select Committee of both the Houses consisting of 24 Members (16 Members from the Assembly and 8 Members from the Council) to consider the Malabar Tenancy (Amendment) Bill, 1953, and that the following Members of the Assembly be nominated as Members of the Joint Select Committee :—

In moving this Bill I would like to give a brief outline of some of the important land-marks in the history of Tenancy Legislation in Malabar.

" A measure to protect the interests of the tenants of Malabar was first passed in 1887. The provisions of that Act with considerable amendments were subsequently embodied in the Malabar Compensation for Tenants Improvements Act, 1889, which

2nd April 1953] [Sri K. P. Kuttikrishnan Nair]

continues to be in force even now, and assures to the tenants compensation for their improvements in the event of eviction.

" The above enactment however did not impose any check on evictions and agitation for a more comprehensive piece of legislation continued. The Malabar Tenancy Act, 1929, was the outcome of this agitation. It provided for the fixation of fair rent in the case of cultivating verumpattamdars and cultivating kuzhikanamdars. It restricted the grounds for eviction and fixed the rate of renewal fees. It also nullified the effects of 'melcharth' by which the landlord could transfer a part of his interest in any land held by his tenant which entitled the transferee to evict such tenant, one of the condemned practices in Malabar.

" As certain defects were noticed in the working of the Act, the Government appointed the Malabar Tenancy Committee in 1939 to study matters on the spot and make suggestions. Meantime, the Government felt that certain amount of relief was necessary in the case of evictions and so Act XXIV of 1945 was passed by which eviction was restricted further. Prior to this a minor amendment to section 51 was also enacted in the same year.

" The agrarian unrest continued in Malabar and as a result the report of the Malabar Tenancy Committee referred to above was taken up by Government for examination, and after consideration of it, an extensive legislation on land tenure in Malabar was undertaken. A Joint Select Committee of both the Houses went into the question in detail and toured extensively the whole of Malabar and portions of South Kanara to study the problems. After a careful consideration of all the facts the amending Act of 1951 was passed.

" The main features of the Amending Act of 1951 were that it provided for the fixation of fair rent in respect of all wet and garden holdings including kudiyruppus, ulkudis, and kudikidappus. It also contemplated the preparation of a record of rights in respect of all the holdings in Malabar for which fair rent was fixed. This was an undertaking which involved much labour, time and money. It required the co-operation and support of both landlords and tenants in its work. A Rent Settlement staff was employed as soon as the Act came into force, viz., 15-3-1952, but there was dissatisfaction as to the working of this machinery because people were afraid that undue delay and unnecessary expenses would result in implementing this scheme.

" After an assessment of all the factors involved, the Government came to the conclusion that even though the fixation of fair rents of all the holdings was scientific, considering the other aspects, it was better that a less complicated and speedy machinery was devised. As a result of that, the Rent Settlement staff was disbanded in August 1952. There is still dissatisfaction among the people regarding the other provisions of the Act. The

[Sri K. P. Kuttikrishnan Nair] [2nd April 1953]

Government have received memoranda from various interests in land from Malabar and after a careful consideration, they have now decided to bring this Bill.

"The Government consider that, in view of the fact that the Amending Act of 1951 came into force only from 15th March 1952 and without giving a fair trial to the Act, it would be premature to revise all the important sections.

"Under this Bill, the fair rents will be fixed by Rent Courts presided over by Revenue Divisional Officers. The fair rent determined can be revised after 12 years as the Government consider that the existing period of 20 years is too long. Fair rent will be fixed only in cases where there is dispute and either the landlord or the tenant can apply. The landlord can apply only after the expiry of three years from the date of passing of the Bill. The tenant is also given right to get the rent revised within that 12-year period for sufficient cause.

"As a result of the above modifications, this Bill amends section 28 so as to indicate what the rent payable will be if the fair rent is not determined.

"The Bill also provides that if a cultivating tenant is to be evicted for *bona fide* cultivation by the landlord, the tenant should be given one year's net income which he secures from the land, over and above the amount he is entitled to get under the existing law.

"Fort Cochin is a small town with a large population and a good portion of the people are living in what are called kudikidappus. The Amending Act of 1951 gave certain concessions to the holders of kudikidappus in Fort Cochin. Representations have been received that similar concessions should be granted in other places also. The situation in Fort Cochin is different from that prevailing in other areas. The Government have, however, provided in the present Bill that *ulkudi*-holders outside Fort Cochin should not be evicted unless alternative sites are offered in the same village or without the giving of three full years' notice.

"As regards fair rent for dry lands on which pepper is cultivated as the principal crop, provision has been made in this Bill for giving as tenant's share one more year's produce. Provision is also made in the Bill for the landlord and the tenant to agree by a registered deed to pay as rent not more than 1/6th of the pepper produce every year.

"The operation of sections 54 and 55 of the Amending Act of 1951 and the Madras Tenants and Ryots Protection Act has held up the trial of about 20,000 suits as they have been stayed by the provisions of the above two Acts. This Bill further seeks to repeal the sections and the Act referred to above for a speedy disposal of all the stayed suits.

2nd April 1953] [Sri K. P. Kuttikrishnan Nair]

"The other provisions in the Act which are explained in the Statement of Objects and Reasons do not call for any special comments. The Bill will, no doubt, be examined by the Joint Select Committee in all its aspects and any suggestions which the hon. Members may have to offer, will, I am sure, be of great use to the Committee in its deliberations.

"Sir, I am sorry to state that the hon. Member Dr. K. B. Menon and other hon. Members of his Party are not willing to serve on the Joint Select Committee. But I can assure the House that all the representations that they may have to make will be heard by the Joint Select Committee and that the Government will try their level best to adapt the provisions of the Bill according to the wishes of the majority of the people of Malabar.

"I request the House, Sir, to accept my motion."

MR. SPEAKER :—"Motion moved—

'That the concurrence of the Legislative Council be obtained in setting up a Joint Select Committee of both the Houses consisting of 24 Members (16 Members from the Assembly and 8 Members from the Council) to consider the Malabar Tenancy (Amendment) Bill, 1953, and that the following Members of the Assembly be nominated as Members of the Joint Select Committee :—

SRI P. K. GOPALAKRISHNAN :—"Sir, I move—

'That the Malabar Tenancy (Amendment) Bill, 1953, be circulated for eliciting public opinion.' "

The amendment was duly seconded.

DR. K. B. MENON :—"Sir, I wish to make a very small statement about the Praja Socialist Party not serving on the Select

[Dr. K. B. Menon]

[2nd April 1953]

Committee. I believe that very little purpose will be served by referring this Bill to a Joint Select Committee. The Government are aware of the grave situation created in Malabar not only by the deep resentment against the Bill but because of the flood of evictions and the stay orders that came in its wake. The Government received memoranda protesting against the Act from all the political parties including the Congress and subsequently, realising perhaps the gravity of the situation, the Hon. Minister called an informal group meeting of the Members from Malabar and we had a heart-to-heart talk over a cup of tea. We were very hopeful after that discussion that the Bill introduced by the Government would be acceptable. On the other hand, we find that it is very reactionary and that it is kind to the landlord but very cruel to the tenant. If we had been convinced that it was innocence or ignorance that induced the Government to introduce this Bill, we would have had no objection in co-operating with the Joint Select Committee. But we feel that by serving on the Joint Select Committee we will not be able to do very much. So, when the Bill comes up for general discussion, we shall avail of the opportunity and say whatever we wish to say then. Thank you, Sir."

SRI K. P. GOPALAN :—" Sir, I move the following amendment which stands in my name :—

' Add at the end the following :—

" and that representations from various representatives of tenants and other organisations, oral and written, be received and the report be submitted before 31st May 1953." "

SRI V. R. KRISHNA AYYAR :—" I second the amendment, Sir."

SRI R. KRISHNAN :—" Sir, I move the following amendment :—

' Add, at the end of the motion the words " including all Malabar M.L.As. and M.L.Cs." "

The amendment was duly seconded.

SRI T. C. NARAYANA NAMBIAR :—" Sir, I move the following amendment which stands in my name :—

' That the Malabar Tenancy (Amendment) Bill, 1953, be circulated for eliciting public opinion especially from the people of Malabar and from those of the parts of the Kasargode and Gudalur taluks of South Kanara and Nilgiris districts where the Malabar Tenancy Act is in operation.' "

The amendment was duly seconded.

SRI M. NARAYANA KURUP :—" Sir, I have given notice of an amendment which I personally delivered yesterday to the Assistant Secretary to the Assembly. It reads as follows :—

' Add at the end the words " It shall have power to scrutinise all the sections of the principal Act " "

[2nd April 1953]

MR. SPEAKER :—" It is an amendment not to this Bill but to the original Act."

SRI M. NARAYANA KURUP :—" It is an amendment to the Government motion, Sir. The Government motion is that the Bill be referred to a Joint Select Committee of both the Houses. My amendment is that the Committee shall have power to scrutinise all sections of the principal Act."

MR. SPEAKER :—" That means the hon. Member wants the Committee to go through all the provisions of the Act."

SRI M. NARAYANA KURUP :—" Sir, here is an amendment to the principal Act. No doubt, if the Bill, as it is before the House, is referred to the Joint Select Committee, it will have power only to look into the sections which are before the House, that is, the subject-matter of the amendment. But, as was done in the case of the Preventive Detention Bill in the Parliament, if the House is pleased to empower the Joint Select Committee to go into all the sections of the principal Act, certainly it can do so. Therefore there is no question of its being ruled out of order."

MR. SPEAKER :—" So, the hon. Member wants permission of the House to go into the original Act. If so, he can move his amendment."

SRI M. NARAYANA KURUP :—" Yes, Sir, I move—

' That the following be added at the end :—

" It shall have power to scrutinise all the sections of the Principal Act." "

The amendment was duly seconded.

SRI V. R. KRISHNA AYYAR :—" Mr. Speaker, Sir, the Malabar Tenancy Amendment Bill, which was promised for long, as the House will certainly be aware, has at long last been presented to the House. When one looks at the Bill, one is astonished that after all the Governmental mountain in labour has brought forth this legislative mouse. People will certainly be distressed to know that all their expectations have been dashed to the ground and their fears have been fulfilled if they just see or read or scan the present Bill. It is absolutely necessary, even as the Hon. the Law Minister has done, to understand the background in which the agitation for land reform in Malabar has grown and against which the present Bill has got to be understood or analysed. The primary demands of the agrarian population in Malabar for right over a century now have been running along very clear and well-defined lines. As early as 1850 or even earlier than that, there had been considerable agrarian unrest in Malabar when the demands put forward by the agrarian population were protection against rackrenting, protection against insecurity of tenure, protection against feudal levies like *manusham*, that is, renewal fee and protection against the demand that waste lands owned by landlords called *jenmis* should be made available

[Sri V. R. Krishna Ayyar] [2nd April 1953]

for cultivation in spite of being occupied by the tenants as monopoly. These were the primary demands then put forth. Then as early as 1851—and I go a little earlier than even the Hon. the Law Minister has gone, for he has started with the year 1880—we had one Mr. Strange, who was appointed by the Government to go into the question of the agrarian unrest in Malabar and make a report. He submitted his report which, just like the reports which are submitted now, hybernated for long. Then, as late as 1880, one Mr. Logan was asked to make a report on the same subject because the agrarian unrest became more profound and deep and discontent among the agricultural population was rising. He knocked at the bottom of the theory of the divine right of the jenmi to the land. It may be interesting for friends from other districts to know about the landlord having absolute right in Malabar to the land. According to this particular local theory, if I may euphemistically put it, the jenmi is almost the divine owner of the land, he is the absolute proprietor, the State is not the proprietor of the land, he can exact all that he can from the tenants by virtue of the sacrosanct right he has and all that. Mr. Logan went into the whole matter from a historical point of view and held that it was an untenable right and that the real proprietor was the occupant of the land or the cultivator. But, notwithstanding his view, it did not commend itself to local authorities and the Government did not implement his recommendations. I must also point out that we are still in the days of Mr. Logan's report which pointed out that rackrenting was extant and should be prevented by adequate legislation. He also said that occupancy rights were not conferred upon the tenants and everywhere tenants were harassed and oppressed by eviction suits and urged that protection should be given against oppressive measures. He further contended that waste lands belonging to jenmis and even private lands should be given on lease. These recommendations, although they were scintillating, were really ameliorative of the conditions of the agricultural population. At that time they were not paid heed to and the report also hybernated for long.

[At this stage Mr. Deputy Speaker occupied the Chair.]

"Then came the Madhava Rao Commission and his report in 1913. Coming to modern history, Sir Charles Innes, who later became a Judge, was the Collector of Malabar and he also supported the theory of security of tenure for tenants and confirmed the view that the landlords of Malabar were of an oppressive type. Then the War came and nothing happened so that we can now go into what is called the Malabar Compensation for Tenants Improvements Act which came into force later. It was a very mild measure and just assured some kind of compensation to the tenant when he was being elbowed or bundled out. It gave some sort of an illusory protection to the tenants with the result the agrarian unrest again continued. When the new Legislative Council was formed in the year 1920, Sir M. Krishnan Nair introduced a Bill and got it passed by the Council. But the Governor withheld his consent. There were reactionaries living then and

[Sri V. R. Krishna Ayyar] [2nd April 1953]

unfortunately we have not got rid of that reactionarism even now under the new Republican Constitution. And now the new measure suggested is hardly progressive since it does not cut at the root of centuries—old reactionary practices. It does not meet the demands and aspirations of the Malabar people and it is most primitive in its scope. Sir, as I said, the Governor withheld his consent. Then, in the year 1929, came the Raghavayya Committee which went into the matter. There was a report prepared on the occasion and an enactment was passed in 1929. Unquestionably, this measure marked a milestone in the march of the ryots of Malabar towards better living conditions. However, at the same time, it should be said, the actual cultivator did not obtain any relief by the Act of 1929. I shall explain how. The measure no doubt sought to give to the tenants such benefits as fair rent, for instance, and this was the first time that the idea of fixing fair rent was mooted. But the formula adopted in the 1929 Act for arriving at the fair rent was hardly satisfactory because it was very much against the tenant. There was another idea which germinated from it and that was the fixity of tenure. The concept of security of tenure or occupancy right for the tenant meant relief from the oppressive and harassing landlords—jenmis—who resorted to eviction suits. Here also what was done was a series of conditions governed the conferment of such a right just as in the Constitution the Articles relating to Fundamental Rights are hedged in by so many clauses which sometimes take away or whittle down the effect of the Fundamental Right. Similarly, a kind of right was given to the tenants by way of security of tenure but a number of conditions were laid down under which only a suit for eviction could lie. These took away the effect of the provision conferring the right. Under the 1929 Act, a landlord could go to the Court and tell the Court that he required the whole land for his own cultivation. In that way he could evict a tenant. This was an easy device. The landlord came, filed a suit, entered the box and said: 'I require the land for my own cultivation.' Who could say he is dishonest? And the Court said: 'I see no reason why I should disbelieve the man. I pass a decree for eviction.' This menace grew in such a large proportion that thousands of suits were filed when the War came and the price of agricultural land went up. During the War we did not have any democratic Government, no Assembly functioned and the people's voice could not be heard directly by the Government. However, a District Judge at the time—that is, during the Advisory regime under Section 93 of the Government of India Act—drew the attention of the High Court to the menace of the ever-increasing evictions and the High Court in its turn drew the attention of the Government. It is really worthwhile to remember that this Advisory regime under Section 93 did pay heed to the advice of the High Court and brought in the amending legislation of 1945. Under this Act, mere requirement for the land by the landlord was not sufficient and he was required to establish the need for the same. However, even this did not really protect the tenant against eviction. Eviction suits continued to increase in number.

[Sri V. R. Krishna Ayyar] [2nd April 1953]

The rents levied by the landlords were exacting and exorbitant and people were oppressed by the feudal levies like *manusham* or renewal fees. This was persisted in under the law. Many of the actual cultivators and practising lawyers know the difficulties that followed this Act so far as tenants were concerned. The word 'tenant' might mean anything—the cultivator, an intermediary or anyone else. But the actual tiller of the soil, the man who actually cultivated the land and the man who had his feet on the land and who tilled and raised crops on the land hardly got any protection under the 1929 Act. The position was the same even under the Amendment Act of 1945.

"Although it must be stated that there was some kind of concession granted to the tenants after the Amendment Act of 1945, agitation continued because the ryots felt that the lion's share of the produce went to the landlords. As a result of this agitation political parties in 1946, during the election campaign promised all kinds of things. It might be that promises are made freely during election times. But the Kerala Provincial Congress Committee appointed a committee in 1946 or 1947 to go into the question of land reform in Malabar. That Committee submitted a report. A leading Member of that Sub-Committee happens to be a District Judge now. That Committee cannot be said to be a revolutionary Committee. That committee submitted a very conservative and reasonable report. The Committee recommended short term and long term reforms. But I am afraid the amendment contained in the Bill before the House or the Malabar Tenancy Amendment Act, 1951, did not grapple with the problems or bring into force any of the recommendations or even major recommendations of the Kerala Provincial Congress Committee. It is still slumbering in the files of the Congress Committee. The report did not satisfy the aspirations of the tenantry. But at the same time it was a progressive step that was recommended therein and it is therefore a progressive document. I drafted a Bill based on the recommendations of the report, called the Agrarian Relations Bill and gave notice of it to the Hon. Speaker. I believe in due course after the technical hurdles are overcome that Bill may come up before the House. It may be possible to understand this Bill in the light of the other Bill. It may also be possible to see how even elementary reforms have not yet been brought into force. Vast strides are being made in the matter of land reform in other countries and we are going in the reverse direction. The report made by the Kerala Provincial Congress Committee went unheeded. The Government then was certainly a Congress Government. It did not do anything at all to implement the recommendations made in the report.

"Then, Sir, the Kuttikrishna Menon's Committee which went into the question of agrarian reforms in 1938 submitted a report which also was shelved by the Madras Government. No action was taken on that report also. Then a special officer was appointed. The Government have a supreme faith in these special officers and committees in these days. A special officer was

[Sri V. R. Krishna Ayyar] [2nd April 1953]

appointed to go into the report. The special officer also submitted a report in 1947 or 1948. Then came the agitation for agrarian reforms. It became impossible for the Government to resist the demand of the ryots of Malabar and the then Law Minister, a Malayalee, felt the impact of the agitation in Malabar and said he would bring a Bill with substantial changes in the Law of 1929. The Bill as originally published seemed to contain good features, but what actually happened was, in the Select Committee the various attractive provisions that had been there in the Bill were removed and ultimately when it emerged from the Select Committee, was passed into law and placed on the Statute Book, it became very reactionary and people hardly liked it. There was again opposition to the Act and discontent among the ryots in the district. During the recent elections political parties gave definite pledges that substantial changes would be effected in the land tenure Acts. The United Democratic Front published even a booklet in which they said they would oppose the present Act and never permit it to become law and something ameliorative would be substituted in its place. I hope the present Law Minister would still be remembering the reverberation caused in the minds of Malabar ryots regarding the Malabar Tenancy Amendment Act. The objection was not merely in regard to the 'ulkudis.' I am sorry to call these reforms puny, unsatisfactory, trifling and altogether insignificant. The real objections were to the vexatious features of the Act which are sought to be amended by the present Bill. What are they? Let us understand what the ryots of Malabar have been clamouring for. In that light only we have to see what the present Bill promises to them. The main objection to the Act of 1951 or as amended by the Amendment Act was that the rents were still high and the people wanted that this exorbitant rent should be reduced. The Malabar Tenancy Act did not satisfy the demand of the ryots. What happened was that two-thirds of the produce was to be given to the landlord. Hon. Members of the House should remember that lands in Malabar are not as fertile as lands in other districts such as Tanjore and others. The lands there are very poor and there is no water-supply at all in Malabar. Through the hard labour of the tenants alone that something worthwhile could be produced from the lands in Malabar. They have also nothing to invest on agriculture. According to the Act of 1929 two-thirds of the share of the produce went to the landlord, a lion's share, an unjust share. People objected to it. The Malabar Tenancy Act seemed to promise some kind of relief by reducing the share of the landlord to half the produce. But as the Bill finally emerged from the Select Committee it was stated that the landlord would get half the share of the produce from the wet lands but the tenants should pay half the land revenue. Ultimately when calculated it was found that the original two-thirds of the produce for the landlord was arrived at by a different method. Therefore there was no benefit at all for the tenants. People expected much. They asked for substantial reduction of the rent. But the amendment Act did not give them that relief. Regarding garden lands, originally the Act gave one-fifth and two-fifths.

[Sri V. R. Krishna Ayyar] [2nd April 1953]

Garden lands were mainly planted with coconut and arecanut trees. The amending Act simply reduced it a little by one-third and one-sixth. This was not much. Not only this. There was an atrocious feature in the 1951 Act which made it repugnant to the ryots of Malabar. What happened was the high prices of the commodities that prevailed after the War were taken into account in fixing fair rents with the result that a man who was paying Rs. 50 before had to pay even Rs. 250 or Rs. 500. The rent was thus not reduced but actually enhanced. That was the effect of the 1951 Act. This was therefore not an ameliorative provision. There was considerable objection to this fair rent provision of the 1951 Act.

“Then, Sir, there is the question of eviction. In this direction the Malabar Tenancy Act of 1951 did not give much to the tenants. Even the 1945 amendment enacted during the Advisers regime gave something. Nothing more than that was given in the later Act except that certain restrictions were put upon Sthanis. When certain charitable institutions evicted tenants from their holdings they were prevented from doing it. That did not very much affect the problem, although it did give some relief. The demand of the tenants was that they must be given absolute immunity from eviction. We can understand that no tenant, no agriculturist would be interested in producing more, even though we might cry hoarse, ‘Grow More Food’, ‘key up production potential’—very fine phrases indeed given out always when there is some opening ceremony or festive occasions. No cultivator would be willing to sink his labour and money on the land unless he is certain that for what he gives by way of labour and money he will get a substantial proportion by way of his share in the produce and continue to get that for ever and ever for his children and for his grandchildren. But what happened was a lion’s share was taken by the landlord. There was no security of tenure for the tenant. If the tenant happened to grow coconut, only ten years hence the area becomes a fine garden. Then the landlord takes a fancy for the land and requires it for his own cultivation and files a suit for the eviction of the tenant. Would any tenant be inclined to improve the land or to grow more coconut trees or manure the soil, or improve the production if he is not to share the produce and the land is not to continue under his possession? It is almost fundamental that he should have security of tenure. This must be conferred upon him. This was not done under the 1951 Act. Except in a small measure, we continued the provisions of the Act of 1945 which was passed by the Advisers regime. One of the objectionable features of the 1951 Act was that the people’s demand for security of tenure, for occupancy rights and absolute immunity from eviction was not conceded.

“The other thing was that the people really wanted that waste lands in Malabar must be distributed to landless poor labourers and other agriculturists who did not have lands to cultivate. In Malabar unlike in other districts, waste lands are substantially owned by private landlords and not by Government. Thousands and

[Sri V. R. Krishna Ayyar] [2nd April 1953]

thousands of acres of waste lands belong to jenmis. They are arable waste lands. Sir, some months ago the Hon. the Revenue Minister answered an interpellation of mine and said that there are about 18 lakhs of acres of waste lands in Malabar. Out of this a substantial portion really belongs to the jenmis. They are not allowed to be cultivated and therefore there is any amount of fugitive cultivation. One of the main agitations since 1931 was that the waste lands belonging to the landlords, which were arable should be put to cultivation and leases granted by a Governmental agency to tenants. This was not completely implemented in the 1951 Act. It was only taken note of in the 1951 Act, in that it was stated that the Government would notify the implementation of section 52-B of the Malabar Tenancy Act which provides for the improvement of waste lands. Although this Government came into power about a year ago, still no steps have been taken to give one cent of waste land to a cultivator yet. And this is proof of their bona fides, if I may be pardoned to say so, in implementing the provision. Waste lands have got to be given to the poor landless labourers. That has not been done. People have been clamouring for it and they have been clamouring for the implementation of the provisions of the 1951 Act.

“It is better if some kind of machinery is created to end the diarchy in land in Malabar. It has always been stated by the tenants, as I said even as early as 1880 also, that they are the real cultivating owners of the land, that the kanamdars or jenmis are super-imposed and are non-existing and that the Government are expropriating the land by giving absolute proprietorship to the kanamdars or jenmis. In 1938 this matter came up for examination by the Kuttikrishna Menon Committee and the questionnaire covered this particular point whether the jenmi system or landlord system should not be abolished and whether it had not outlived its utility in Malabar and whether the right of a jenmi was so sacrosanct as not to be abolished. I do not know the general opinion. But certainly certain dissenting minutes to the Kuttikrishna Menon Committee Report said that the landlord or jenmi system must be abolished in Malabar. It is a longstanding struggle between the landlord and the tenant, the landlord saying that the tenant is not giving the rent and the tenant saying that the landlord is trying to take more rent. Therefore, this system of diarchy in land in Malabar should be ended.

“In Malabar, there is another peculiarity. There is a pyramid or chain of intermediaries, each one of them just taking some more rent from the lower man and passing it on to the top pyramid. There are four or five intermediaries between the actual cultivator and the topmost jenmi who is like a coping-stone, if I may say so. The actual cultivator is overburdened by persons who really have nothing to do with agriculture. Almost all the political parties have been agitating for the abolition of this system of intermediaries. Yet there is really no provision in the 1951 Amending Act for the abolition of the system of landlords or jenmis. The jenmi system must be abolished. Sir, these are the primary

[Sri V. R. Krishna Ayyar] [2nd April 1953]

demands that have been put forward by the ryots of Malabar all through : (1) that the system of landlords or jenmis must be abolished, (2) that there should be fixity of tenure and absolute security from eviction, (3) that waste lands should be given over to the landless labourers, and (4) that there must be some machinery for giving compensation according to the Constitution. Compensation should be paid if we take away the rights. Therefore, let us start peasant proprietorship first in Malabar which is the sign-post of this State. Let it be known that Madras State is the first in the country to introduce peasant proprietorship. Sir, these are the primary demands. But I may describe the present measure as a legislative mouse of the Government mountain in labour. The Bill that has been brought forward is altogether jejune, and retrograde. In fact the amending Bill was opposed tooth and nail by all the political parties except perhaps the Congress which was rather silent because it was diffident in the last elections. To-day we find, after 1½ years, after so much promise that they were considering the matter and after so much agitation, the Government have at long last produced a piece of legislation which is hardly a credit to the author and I must be pardoned for saying so. It contains provisions which are positively retrograde in certain respects and hardly progressive in others.

“ In regard to fixing of fair rent also, nothing has been done. What has been done is to correct a verbal mistake, that too in respect of pepper cultivation. There was a demand that it should not be one-fifth of the pepper produce, but it should be one-sixth. Everywhere it was only one-sixth. But in the 1951 Act, it was stated as one-fifth instead of one-sixth. The demand of the people is far high. As against one-tenth, one-fifth has been corrected into one-sixth. This is only a correction and not an amendment. It is not ameliorative. It is only a correction of a verbal mistake. Fixation of fair rent has been one of the main demands all along. There has been so much of promise, but nothing has been done. Even in regard to fixity of tenure, I am sorry to say, the Malabar Tenancy Legislation has been altogether ignored. Sections 14 and 20 deal with evictions and nothing has been done. Lest it should be stated that nothing has been done, the Hon. Law Minister stated that one year's net produce, i.e., fair rent minus the revenue, will be paid to the tenant when he is bundled out of the land. That is not what the people wanted. What they wanted is security of tenure so that the gross produce in the land may be increased. Therefore, what I want to say is that sections 14 and 20 dealing with evictions have been left untouched. Therefore I say it is really by-passing the fundamental demand of the agriculturists. In the 1951 Act there is a provision that those who want to file eviction suits in respect of fixity of tenure, must file suits within one year from the date when the Act comes into force. The Act came into force on the 15th March 1952 and so all the eviction suits must be filed before the 15th March 1953. A very curious and tragic spectacle is that all the lawyers' offices in Malabar are overcrowded. One lawyer was telling me that he

[Sri V. R. Krishna Ayyar] 2nd April 1953]

had already received 70 suits on the 14th March 1953. Another lawyer told me that he had been filing 50 suits a day for the previous ten days. In all about 4,000 suits had been filed in about three weeks' time in one district of Malabar. If the Government's policy is 'let sleeping dogs lie', it is a different matter. It is really a great injustice to the tenants. Is it the feeling of the Government that no protection is required for the tenants? Is it their idea that many of the 4,000 suits will be dismissed under the present law? It is hardly a solution of the problem, because if a tenant is disturbed from his normal life, if he is dragged to the munsif's court and to the sub-court and to the other higher courts, that is undoing his security, especially because the tenant is the weaker party and he can hardly afford the luxury of litigation. This is a case where the primary demand of the people of Malabar for a fixed tenure has been ignored by the Hon. Law Minister and that too in spite of the tremendous amount of litigation that has been instituted for the eviction of tenants.

“ Coming to the third important provision, viz., the machinery for the distribution of waste lands, I submit there is no machinery actually at all.”

SRI A. RAMASWAMI THEVAR :—“ On a point of order, Sir. The hon. Member Mr. Ramaswami is reading a newspaper in the House. Can he read a newspaper when a debate is going on? ”

SRI V. R. KRISHNA AYYAR :—“ Sir, Mr. Ramaswami must have found so very little in this Bill that he has thought it fit to be looking into the newspaper. But to continue my point where I left it.

“ My point is : there are thousands and thousands of acres of waste lands, lakhs of acres, which remain to be cultivated in Malabar. Malabar is a deficit district, and what is mainly wanted is more and more production of foodgrains; and if in this time of crisis, of stress and of pressure of events, the Government do not create a good and strong machinery for the distribution of waste lands to the poor people, to the agriculturists and to others who are willing to bring them under cultivation, I should submit it is a pity. This Bill which does not take note of all these longstanding demands is most unsatisfactory also in this, one of its fundamental features.

“ Lastly, in regard to the diarchy of the landlord and tenant on land, nothing has been done. What all is provided here is a few provisions here and there which are against the interests of the tenants as a whole. Take, for instance, the *ulkudi*. *Ulkudi* means a place where a Harijan agricultural labourer puts up a small humble hut in a site given by the landlord and belonging to the landlord, for his living, because he is employed by the landlord on serfdom terms to work on his land. Under the 1951 Act, what was done was to make a provision that these people who could be evicted in a period of three years, would have permanency of occupancy

[Sri V. R. Krishna Ayyar] [2nd April 1953]

if the Government notified that area, and the ulkudidar could continue on the land. As I said, most of the ulkudidars are Harijans and I suppose most of the Harijan Members of the House will join me in protesting against the eviction of these poor people. What is done is generally to send a registered notice to the ulkudidar. Now, a Harijan may not know what a registered post is; he may throw away the notice, and the landlord may therefore bring up a suit against him after some time and drive him out of the ulkudi. One of the major provisions in this Bill, if I may be pardoned for saying so, is the cheap and attractive provision that rent settlement officers would be abolished and there would be rent courts in their place. Sir, this is a seeming attraction, because I know formerly there was considerable objection from various political parties to the existence of these rent settlement officers and it was stated that they were doing quite a lot of harm to the people of Malabar. It was of course partly true and partly wrong. The first real objection was that these officers were fixing fair rent after a very elaborate procedure of arithmetical calculation and after taking into account all kinds of considerations, relevant and irrelevant, with the result that ultimately the rent fixed was almost always higher than the fair rent. But the second and more real complaint against them was that most of them were drawn from places outside Malabar. Even the Hon. Minister agreed that it is a sort of Chinese puzzle, that we have in Malabar to-day many Deputy Collectors who are dealing with cases on the magisterial side, drawn from districts like Tirunelveli and Madurai or from the Telugu area who cannot speak or understand Malayalam and who when asked to say what is a 'verumpattam' or a 'kuzhikanam' always say something wrong and unsatisfactory. People naturally were not satisfied with such a state of things and because they were not enamoured of the personnel, they became dissatisfied and did not want such officers. There are several cases where the feudal landlords are so big and so powerful and so oppressive that even a tenant who has come ready to apply to the law court will be afraid of doing so. For instance, there is the House Rent Control Act; I know most people in Malabar are paying to-day double and treble the amount of fair rent that may be fixed under the Act. They do not want to negotiate with the landlord; persons who are the weaker party to the contract and who feel the possibility of oppression naturally are under the apprehension that the landlord if antagonized and enraged, may do harm and drag them to the courts in a long-drawn-out litigation. In such cases, as in the case of the factory laws where compulsory benefit is given to the weaker party, we must provide for compulsory benefits to the poor tenants. Again, it is not as if there must always be compulsory fixation of rent. In the working of the 1951 Act, when fair rents were fixed, it was found they were far higher than the contract rent. What I submit is, wherever the contract rent is lower than the fair rent, it is but elementary justice that we should give the benefit of the contract to the tenant, and so, either the contract rent or the fair rent, whichever is less, should be adopted. Somehow or other, this does not seem to be acceptable to the Hon. Minister. He says, 'we

[Sri V. R. Krishna Ayyar] [2nd April 1953]

must have rent courts'. We have in Malabar about twenty munsifs' courts and one almost every ten miles and there are a very large number of lawyers attached to them. It may be easy there; but in North Malabar the position is quite different. If a man has got to go to Tellicherry from a place in the interior, he will have to travel ten or fifteen miles and so he charges more with the result that the tenant finds himself unable to cope up with such kind of litigation and after all, the rent court which might have a superficial appeal in principle, may not be helpful in undoing the high rent. That is why I suggest that contract rent or fair rent, whichever is less, should be made payable. If courts are at all to be given powers, I suggest it is better that civil courts and not Revenue Divisional Officers are given such powers, because these officers have very little experience of civil law, and more especially of a very complicated law as the Malabar Tenancy Act.

"As regards the jenmi system, nothing has been done in this Bill. The proposed Bill therefore is something which I consider as very obnoxious, every inch of it. It is hardly satisfactory in any one respect even; it defeats the aspirations of the people of Malabar and it is my duty and privilege, if I may say so, to oppose it. But I must not stop with saying that. Dr. K. B. Menon has explained already that he opposed it and his party also opposed it, perhaps more vehemently than anybody else or any other party. I wish however to make it clear that while I and certain members of my ilk have consented to serve on the Select Committee, our position should be definitely understood. I shall oppose this Bill inside the Select Committee as I do now, and after gathering necessary evidence I shall try to expose the hollowness of the provisions which are sought to be adopted and imposed on the people of Malabar. I do not accept this Bill or the principle of this Bill or the adequacy of this Bill. When I say that I consent to be a Member of the Select Committee, I do not commit myself to the principles of this Bill right through. All the same, at every stage, I shall draw the people into the Select Committee, examine them, collect evidence and show up the Bill as altogether unsatisfactory. With these remarks, Sir, I oppose this Bill and hold that it is far, far less than what the Malabar people expect this Ministry to do, after all that has happened."

SRI T. C. NARAYANA NAMBIAR :—"Mr. Deputy Speaker, I feel it my privilege to inform the Hon. Minister who has moved the motion, as well as my colleagues in the Assembly, that my party, the Communist Party, does not accept this Bill. We are against this Bill. At the same time, from the very beginning I have to make it clear that though we consented to be members of the Select Committee, it does not mean that we are committed to this Bill or that we will accept it. I wish to say at the outset that the provisions in the Bill are so restricted that the people of Malabar will never accept the Bill. That is why the Committee should be authorized specially to go into all the provisions of the Bill and

[Sri T. C. Narayana Nambiar] [2nd April 1953]

make necessary changes to make it acceptable and unless and until that is done, it will be nothing but a betrayal of the verdict of the people and their aspirations.

“ Another point that I have to emphasise on this occasion is this. After all, what is it that the people of Malabar have been fighting for? My friend Mr. Krishna Ayyar has quoted the history of the trials and struggles of the people from the reports of special officers and various documents about which the Government themselves are aware. But it is unfortunate that the Government have not paid any heed to the recommendations of the various committees and commissions that they themselves have constituted. It is surprising that they did not pay heed to the cries and the verdict of the people of Malabar, especially in regard to the amendment of the Act of 1951, at any rate the main issue that was placed before the electorate of Malabar during the last elections. I may say that it was on this issue, and on this issue alone that the Hon. Minister from Malabar was routed—was defeated—in the elections last time.

“ Mr. Deputy Speaker, I wish to say that our peasants, the historic peasantry of Malabar have been fighting—even according to the reports of the Committees set up by the Government of Madras—from 1836 onwards for security of tenure, ulkudi rights, rent reduction, etc. I want to ask whether the Government have granted these things in this Bill? Are the Government contemplating to make suitable amendments so that the peasants will be given a guarantee of security of tenure and that they will be relieved of rack-renting? I do not say that nothing has been given in the Bill. But, what is it that has been given? The Hon. Mr. Madhava Menon, the ex-Minister, wanted the landlords to evict tenants without any reason. Of course, he has also given something to the tenants, but what he wanted to give by one hand has been taken away by the other. In one place in the Act, it is stated, ‘ no suit for eviction of the customary verumpattamdar, kuzhikanamdar or kanamdar shall lie at the instance of the landlord.’ We thought that according to this, the tenant is given security of tenure. But, Sir, the next sentence in it says, ‘ except on the following grounds.’ That means, if you go through these provisions it will be seen clearly that no tenant has got security of tenure and any tenant can be evicted. In fact, it is enough if the landlord on the day of filing the suit, or even the previous day, is convinced that the particular tenant does not recognize his landlordship; he can file a suit against the tenant for eviction. I find that this provision has not been touched in this Bill. As I said in the beginning, something is given. But, what is that something? According to section 5 which seeks to amend the Act of 1951, the tenant will not be given anything. Now, it is claimed that one year’s compensation is being given to the tenant. What is that one year’s compensation? I have worked it out last night. After all it will come to Rs. 50. That is what I infer. The hon. Mr. Madhava Menon, wanted the tenants to be turned out of their holdings and thrown into the streets. But now the Hon. Mr. Kuttikrishnan Nair wants these evicted tenants to go to Benares for which he would give them the railway fare

[Sri T. C. Narayana Nambiar] [2nd April 1953]

of Rs. 50 and the Cabinet of the Hon. Sri Rajagopalachari, who is god-fearing, want the tenants to go to Benares, the famous Kasi. That only means the tenant is not allowed to eke out his living; he has no security of tenure. Kasi is supposed to be a very holy place and a place of pilgrimage. Sir, my humble submission is, as I have already stated, by consenting to serve on the Select Committee of this Bill, I do not commit myself to the principles of this Bill. I want to make that clear even now.

“ Sir, another point that I have to say is with regard to the constitution of the committee itself. In connexion with the original Bill the Select Committee was formed consisting of all the members from Malabar. So, Mr. Deputy Speaker, I want to draw the attention of the Hon. Law Minister and the Chief Minister to this fact. Why is it that only four members from the Ministerial party have been selected? Of course, I do not say that they should not be there. They should also be there, because they are also Malayalees and I am sure the glorious tenants of Malabar, the peasantry of Malabar, the united peasantry of Malabar, the democratic peasantry of Malabar would like to see that all the 30 members from Malabar including the Hon. Mr. Kuttikrishnan Nair will put up a united stand and say that this Bill does not satisfy the aspirations, the wishes and the desires of the peasantry of Malabar. So, Sir, my submission is that all the Malabar M.L.As. will have to be on the Select Committee.

(At this stage Mr. Speaker resumed the Chair.)

“ Mr. Speaker, Sir, I am, of course, aware that the constitutional issue will be raised, because according to the rules only 25 members could be the maximum. I say, Sir, that if necessary the rule can be amended. But, what I say is that in addition to the four members from Malabar on the Congress benches, all the members of the Praja Party, Socialist Party and the Communist Party, the members of the Muslim League and all members from Malabar can be constituted into a committee, so that we may all discuss the whole matter and see that the long cherished goal of the peasantry is achieved. We do not want anything to be done here and now against the constitution. But, even according to the constitution, we can do a lot if the Ministry want to do it. There is no use of mere words and lip-sympathy and if they want to do anything it has to be done here and now. I therefore request the Government to consider this aspect very seriously.”

MR. SPEAKER :—“ Before I call other hon. Members to speak, I want to inform the House that there will be no afternoon session to-day. The Government will provide some other day for non-official business.”

THE HON. SRI C. RAJAGOPALACHARI :—“ At the end of this sitting.”

SRI P. K. GOPALAKRISHNAN :—“ Mr. Speaker, Sir, I consider this Bill a retrograde piece of legislation. It had been the long-cherished demand of the people of Malabar that there should be security of tenure for the tenants. Another demand of

[Sri P. K. Gopalakrishnan] [2nd April 1953]

the tenants of Malabar is the reduction of rent. Both these demands of the tenants are not met by this amending Bill. The provision for the eviction of tenants in the principal Act, namely, sections 14 and 20, is not amended by the amending Bill. Sections 14 and 20 in the principal Act have been the main targets of attack by the kisans of Malabar. The tenants have been demanding that these two sections should be thoroughly revised so that every tenant would have security of tenure and peace of mind to cultivate the land that he had been cultivating for long, and that he would have an abode for himself. This amending Bill does not in any way affect the old provisions, which are placing the tenants at the mercy of the landlords. There are one hundred and one ways by which the landlords can evict their tenants. If we go through sections 14 and 20 of the principal Act, we will find that no tenant in Malabar will fall outside the scope of eviction under these two sections. This amending Bill does not seek to amend those sections in favour of the tenants.

"In regard to rent reduction also, it had been the longstanding cry of the tenants of Malabar that rack-renting is one of the obstacles standing in the way of the enjoyment of the fruits of their labour. This amending Bill does not in any way reduce rent. Only in regard to pepper vines, the rent is reduced from one-fifth to one-sixth. Whereas the demand of the tenants cultivating pepper is to reduce it to one-tenth, this Bill seeks to reduce it to only one-sixth. This hardly meets the demand of the tenants. In regard to garden lands, wet lands, dry lands, and other lands, there is no reduction in rent. In regard to coconut gardens, I have to say that if this Bill is accepted, the rent will go up to 10 or 20 or even 30 times, because the landlords will be free to go to court and get their rent fixed, namely, fair rent. The fair rent so fixed can be higher than the contract rent. The people of Malabar had been demanding that even if fair rent is fixed, it should not in any case go higher than the contract rent. This Bill provides that the landlord can go to court and get the fair rent fixed. This so-called fair rent will be always higher than the contract rent in the case of coconut gardens. Coconuts are grown mainly in Ponnani and Kurumbranad taluks of Malabar, and in these taluks, I am sure, the fair rent of these coconut gardens will go up, because the contract rent here is fixed on the basis of giving some remuneration to the tenants who cultivate, and also on the basis of the labour they have put in. Under the Act, fair rent will be fixed on the basis of one-third of the gross produce where the coconut trees are planted by the landlord and one-sixth where the coconut trees are planted by the tenants without any reference to the labour put in. This will hardly suffice to meet the cost of labour that the tenants have put in. If this provision is left untouched, the contract rent will be raised by 10 or 20 times. I can definitely say that the rent for coconut gardens in my constituency will definitely go up to 20 or 25 times. There is no doubt about that. After three years, every landlord is free to go to court and get the fair rent fixed. It is only the interest of the landlords that is safeguarded in the Bill.

[Sri P. K. Gopalakrishnan] [2nd April 1953]

"The ulkudi problem mainly concerns Ponnani taluk. About 25 per cent of the population of Ponnani taluk are tenants of ulkudis. 99.9 per cent of Harijans of Ponnani taluk are tenants of ulkudis. These ulkudi tenants will be at the mercy of landlords. Every landlord will be free to evict his tenant after giving him three years' notice. After three years, any ulkudi tenant will have no abode, and he will be driven out into the streets like beggars. As the hon. Member Mr. T. C. Narayanan Nambiar said, they will be sent away to Benares! The landlords will be greatly satisfied with this provision for eviction. And there is no wonder in that. Hon. Members like Gopala Menon welcome this Bill. I saw his statement in the 'Indian Express' welcoming this Bill. It is only people representing landlords' interest who will welcome this Bill. The tenants on the other hand will be driven out of Malabar, and they will have no abode in Malabar. The ulkudi provision is amended a bit, and that has very great significance. The definition of ulkudi in the amending Bill is given as follows:—

" 'Ulkuḍi' means a hut in any portion of a dry land or garden land in the occupation of a person who has been permitted by the person entitled to possession of such dry land or garden land to occupy the hut and who otherwise has no interest in such dry land or garden land."

In the old Act, ulkudi was defined as 'any portion of garden land wherein a hut is put up'. There is much difference between the two definitions. This difference in definition is made so that no tenant of ulkudi will have any right to the lands surrounding his hut. He will not be free to raise any vegetables around his hut. He will be deprived of even that right. So, this Bill is a retrograde piece of legislation. This is a reactionary piece of legislation. Twenty-five per cent of the population of Ponnani taluk will be thrown out into the streets, after three years if this Bill becomes law.

"I want to point out two more amendments that have been brought forward. One is the repeal of section 52-A. Sir, I am not here going into the details. This repeal of the entire section 52-A means the eviction of tenants from my constituency. In the whole of Malabar there are tenants of such a kind. Those tenants are there as if they are mortgagees. Section 52-A reads—

"52-A. (1) Notwithstanding anything to the contrary contained in any law for the time being in force, any person interested in any land may apply to the rent settlement authority for a declaration that a transaction entered into on or after the 1st January 1916, and purporting to be a mortgage of that land, is not in fact a mortgage, but a transaction by way of kanam-kuzhikanam, kuzhikanam, verumpattam, or other lease, and the decision of the rent settlement authority as to the nature of the transaction shall be subject to the provisions of sub-section (2) be final, and the provisions of this Act shall apply accordingly:

Provided that in cases where the amount secured by the mortgage is, in South Malabar less than 60 per cent of the value of the Jenmi's rights in the holding, and in other places less than 40 per cent of the value of such rights, the rent settlement authority shall, until the contrary is proved, presume that the transaction is not one of mortgage."

This amending Bill does not confine itself to deleting the words 'the rent settlement authority'. Its main purpose is to see that the tenants are termed as mortgagees, and thereby the landlords are enabled to redeem their mortgages and see that every tenant is

[Sri P. K. Gopalakrishnan] [2nd April 1953]

ousted. This provision against eviction was brought forward as a result of long years of struggle. The tenants and kisans of Malabar have been struggling to bring in such a provision. In the last amending Bill this provision was brought in. Now the Government want to take away even that salutary provision.

“A new section—section 44-B—making a special provision in respect of redemption of mortgages is proposed to be inserted. It reads—

‘Where a mortgage is redeemed and the mortgagee has been actually in possession of the land for a period of not less than twenty years immediately preceding the date of redemption, he shall, except where the person redeeming the mortgage wishes to cultivate the land himself, be entitled to continue on the land as a tenant in preference to any other person.’

This means that a poor and an aged widow who wants to get her land cultivated by her son will not be able to get possession of the land even after paying the entire amount due under the mortgage deed. The big moneylender who has been in possession of the land for twenty or more years may say that he wants to continue on the land. A mortgagor who wants to sell his land and redeem the mortgage may not get possession of his land from the mortgagee. Then he cannot give possession to the purchaser, and consequently the seller may not get the current market value of the land. The money-lender has been in possession of the land for the last twenty years or more, and this amendment gives sanctity to the possession by one who has been fleecing the poor peasant who owns the land! This obnoxious amendment cannot be accepted.

“The entire people are dissatisfied with this Bill. Mr. V. R. Krishna Ayyar narrated the history of the struggle of the people of Malabar from 1851 onwards. The struggle has been there for more than a century. Malabar land tenure is a complicated and complex system and it is entirely different from any system of land tenure obtaining in the rest of this State or anywhere else in India. It is almost a unique system. There are many intermediaries between the janmi and the actual cultivator. The tiller of the soil has been suffering from the overlordship of a pyramid of intermediaries. This amending Bill does not in any way relieve the suffering of the actual cultivator from the overlordship of the several intermediaries. I am sure that the heroic people of Malabar will reject this Bill *in toto*. If members of the Communist Party are there in the Joint Select Committee, they are there without committing themselves to the principle of the Bill and they want to go into the details of the original Act.”

SRI N. GOPALA MENON :—“Sir, I do not know if any occupant of the Treasury Bench had more difficulty in piloting a Bill than the Hon. Minister for Law has to-day. In this Bill, there are difficulties of politics, difficulties of principles, difficulties of details and so on. I am glad that the Law Minister has given a very lucid exposition of the history of the tenancy legislation for Malabar and the substance of the proposed Bill. It was not the intention to have a completely new legislation overhauling all the fundamental principles of land tenure prevailing in Malabar.

[Sri N. Gopala Menon] 2nd April 1953]

The only idea in introducing this legislation was to weed out from the old legislation those provisions which are obnoxious to the majority of the people of Malabar. I know personally that the people unanimously did not like two things. One is the visitation of the Rent Settlement Authorities throughout Malabar. The Government unhappily took Malabar for purposes of land reform experiments. They said that Rent Settlement Authorities shall be constituted whose duty will be to rove throughout the Malabar district and fix the fair rent in respect of all holdings, even where there was no dispute between the landlord and the tenant. The Government also provided for the maintenance of a record of rights which will contain all the rights of the landlord, the intermediaries and the tenants. These two things stirred up the feelings of the people, stirred up disputes where none existed, and naturally people resented this. The need for amending the 1951 Act in these respects was brought to the notice of the Ministry by many people by deputations and by Members representing various constituencies in Malabar. It was in pursuance of that persistent desire of the people of Malabar and their representatives that action was taken for amending the 1951 Act. If there is any difference in ideology, that is a matter on which neither the Government nor anybody else can do anything at present. I know that there is a strong feeling not only in Malabar but throughout India for abolishing the system of landlordism altogether and for making the tenants owners of the land they cultivate. That is a large policy which the Government of India should undertake and not the State Government. I know that in the recent elections in Malabar promises were held out by certain political parties to their constituents that there might be a change of Government and that there was every likelihood of the lands in Malabar being parcelled out and distributed among the tillers of the soil. That is a principle on which I do not feel that I am competent to speak. That is a very big problem. There are many hon. Members in this House who feel that this legislation does not correspond to their ideas, and any legislation of this kind will be opposed by them. Barring those ideologies, I think this legislation meets the needs of the people to a very large extent. After all, what does a tenant require? He requires three things—three F's—if I may so call them—fixity of tenure, fair rent and freedom for the sale of his right in the land. These are not new theories; these have been there for ages. Fixity of tenure is the paramount thing which any tenant requires.

“Some hon. Members have stated that no fixity of tenure has been given to the tenant. I shall read to them section 10 of the Malabar Tenancy Act which says in unmistakable terms that fixity of tenure is given to the tenant. The section reads as follows :—

‘Notwithstanding any contract to the contrary entered into whether before or after the commencement of this Act, every cultivating verumpattamdar, every customary verumpattamdar, every kanamdar, every kanom-kuzhikanamdar, every kuzhikanamdar, and every tenant of a kudiyruppu shall have fixity of tenure in respect of his holding, and shall not be evicted therefrom except as provided in this Act.’

[Sri N. Gopala Menon] [2nd April 1953]

That section gives fixity of tenure to all tenants. There are details of cases where tenants could be evicted. For example, where the tenant does not pay the rent due, or if the landlord himself wants accommodation or wants to construct a building, he can evict the tenant. These are matters of detail into which the Joint Select Committee can go and change, if necessary. But to say that the tenants of Malabar have not been given fixity of tenure is not to say what is correct.

"Then, the other thing which a tenant would ordinarily require is that there should be fair rent fixed for the holding that he cultivates. That has been provided in the new enactment as well as in the 1951 enactment. Even in the 1930 enactment, there was provision for fixation of fair rent. Under section 9 (b), a machinery is constituted for the purpose of fixing fair rent. In respect of small holdings, in the place of the old Rent Settlement Authorities, Rent courts are established. This machinery will be speedier in disposing of cases and cheaper for persons who want fair rent to be fixed for their holdings.

"Then, Sir, the next thing is the freedom of disposal of the tenant's right. That is also allowed under section 39 of the Act which says that the tenant can dispose of his right whenever he likes. Therefore, the fundamental rights which a tenant has been agitating for not only in our country, but all over the world, have all been provided in this enactment.

"Sir, I have listened with very great care to the speeches of the hon. Members who have spoken against this Bill. They have said that this Bill is not acceptable to them that it is oppressive and that it is not conducive to the welfare of the tenants. Some hon. Members have opposed the Bill in strong terms. But, beyond these expressions, strong and violent expressions sometimes, I have not seen them point out to any provisions in the enactment which are detrimental to the interests of the tenants. I do not want to go very much into details because an opportunity will be given to all of us in the Joint Select Committee to put forward our views. I do not share the pessimism of the last speaker that this Bill will not be properly received in Malabar. Sir, I have still left in me some optimism and I believe that it is the duty not merely of those who represent the various constituencies in Malabar but of all of us here to see that contentment prevails in Malabar regarding these land tenures.

"I am very sorry, Sir, that the Leader of the Socialist Party, instead of coming forward to help all of us put our shoulders to the wheel, has decided to non-co-operate with, and not to be a member of, the Joint Select Committee. I submit that ought not to be the attitude that he should adopt. After all, the land we live in is the same and the prosperity of the people of that land is dear to us. All of us who come from Malabar and others should extend our co-operation and see what is wrong with this legislation. From the speeches that I have heard, I have not been able to see any hon. Member lay his hand on any particular provision and say that it is detrimental to the interests of the people.

[Sri N. Gopala Menon] [2nd April 1953]

"Then, Sir, it was stated that waste lands had to be distributed in Malabar. There is already a provision in section 52-B of the Act which empowers the Government to take over waste lands belonging to jenmis and to give them to the cultivators for the purpose of cultivation. The fact that the Government, within the space of one year, did not implement that provision does not mean that the enactment is wrong. As I said, I do not see that there is anything fundamentally wrong in the new enactment.

"The hon. Member Sri Krishna Ayyar was talking about the fixation of fair rent. Sir, it may be that in some cases the provisions relating to fixation of fair rent are not acceptable to him. Whether one-fifth or two-fifths, or one-third or one-half of the produce should be given to the janmi is a matter of detail which ought to be gone into by the members of the Joint Select Committee. On principle, the Bill gives all that is good to the tenant and also safeguards the interests of the landlord.

"Reference has been made to sections 14 and 20 of the Act. Sections 14 and 20 state the grounds on which a landlord can evict a tenant. If a tenant does not pay the rent due, or if the landlord requires the holding for the purpose of putting up a building for his own occupation, or if the landlord himself is so poor that without cultivating the land he is unable to maintain his family, he has a right to evict the tenant in occupation of the holding. These are the main provisions of sections 14 and 20. I do not find any legislation in India laying down that the landlord who is himself so poor as to depend on the land he has to cultivate for his own subsistence should be deprived of his holding. The only recent legislation of the kind in Bombay prescribes a minimum acreage for the landlord. That is, I submit, a matter of principle on which this House or the Union Government may decide. On other matters, I do not find that any constructive help has been given by the criticisms on this Bill. I, therefore, think that this Bill should go to a Joint Select Committee and I would, if I can, appeal to the Leader of the Socialist Party to co-operate with us all in evolving a new Bill which may be satisfactory to the landlords as well as to the tenants."

MR. SPEAKER :—"The Hon. Minister will reply at 1-15 p.m. Then I will put the amendments to the vote of the House. The hon. Member Sri K. P. Gopalan will now speak."

SRI M. NARAYANA KURUP :—“ Mr. Speaker, Sir, it is with a heavy heart that I rise to speak on this occasion. We are here now considering an amending Bill to a legislation which was passed scarcely a year ago. Therefore, we expected that when a new legislation is brought in, things of the past would be taken into consideration and the Government would take a lesson from the past while such an amendment becomes necessary. I agree with Mr. Gopala Menon that the present Bill is brought forward due to persistent popular demand. But our demand was not to make the Bill more reactionary. Let me remind the hon. Member that the Congress rout in the recent elections in Malabar was not due to any fantastic promises that were held out by their opponents but due to the past betrayals of plighted words by Congressmen themselves. Sir, I would request him to read the two editorials written by ‘Mathrubhoomi’ immediately after the Congress defeat at the elections. ‘Mathrubhoomi’ is a nationalist paper which reflects Congress views and if I am permitted, I may call it the ‘Malabar Hindu.’ Such a paper wrote that the result of the general election in Malabar was a verdict on the 1950 Malabar Tenancy legislation. Therefore, instead of throwing the blame on the promises made by their opponents, let them indulge in a sort of self-introspection and let Mr. Gopala Menon give his helpful advice in making the measure agreeable to the majority of the people in Malabar.

2nd April 1953]

[Sri M. Narayana Kurup]

“ Sir, we were crying for bread but what is thrown before us are literally stones. Before I speak on the main motion, I would place a few facts before the House regarding my amendments. I wish to assure the Government that my amendments are not intended to complicate matters or throw difficulties in the way of the Government. I move them with an honest intention. Some of them are formal amendments and if they are accepted, many a complicated problem can be solved. I would point out one or two instances. In the definition of ‘cultivating verumpattamdar’, it is stated ‘cultivating verumpattamdar in respect of a holding means any verumpattamdar, who not being a janmi, intermediary or customary verumpattamdar of that holding, has expressly or impliedly, contracted cultivable lands in that holding and actually cultivates the same.’ Sir, I lay emphasis on the words ‘the same.’ It has been held by courts that though the holding may comprise ten acres of land, if an inch of property is in the possession of a third person, he is not a cultivating verumpattamdar because he is not in possession of the entire land. Now, we know that holdings cannot be split up and in Malabar many of the holdings contain ‘kudiyiruppus’. So if the tenant is in possession of ten acres of land and actually cultivating 9.99 acres and the other portion is in possession of the ‘kudiyiruppu’ holder he cannot get the benefit of the cultivating verumpattam. That this has not been the intention is evident from section 21. Then sections 14 and 20 allow the landlord the right to recover possession of property for his personal cultivation. Section 21 says ‘that if he has not cultivated—or a substantial portion thereof’ the tenant has the right to get back the land. Therefore when we say that the tenant should be in possession of the holding, it means the entire holding or a substantial portion thereof as is evident from the various other provisions. That is the one amendment that I have in my mind.

“ Then again, Sir, there is another provision, provision 6 (a) which gives special treatment to hilly tracts in respect of fair rent. It is stated it would be applicable to Wynaad, Gudalur and Nilgiris. We know it is intended to give some relief to persons who cultivate mountain areas, facing malaria and other dangers. We know that in Ernad and Walluvanad there are extensive areas which can be brought under cultivation and which the people are bringing under cultivation. If this provision is extended to those areas that would be a great help to them. So this section also needs some amendment.

“ Then, Sir, this morning a question was answered about remission of rents. Section 29 (a) says that the tenant will be entitled for remission of rent only in the proportion of remission of revenue. We all know the bitter experience of this year. The whole second crop in Palghat and Walluvanad and a major portion in other taluks had failed. There has been no remission of the revenue because of the fact that double-crop lands are not included under the existing orders for grant of remission. In these cases if one crop is raised successfully, they are not entitled for any remission of revenue. There may be reason for that because the revenue

[Sri M. Narayana Kurup] [2nd April 1953]

is small when compared to the entire income from the land. But what about the poor tenant? One whole crop is lost to him. But he must pay the entire rent. Therefore section 29 (a) requires amendment, which will entitle him for remission of rent when the entire crop fails due to natural calamities beyond his control. Sir, in this connection I may mention that if the Select Committee is empowered by this House it can go into the other sections also and suggest amendments. There need not be another agitation or further amendments to the Act to give effect to the demands of the tenants. As I said before, it is far from my mind to complicate matters.

"Then, Sir, coming to the Bill itself I want to dispel the impression if it lurks in any part of the House that any probable legislation with regard to Malabar tenancy will have repercussions in other parts of the State as a whole. It is well known that the tenancy problem of Malabar is peculiar. I shall not here state my impressions or opinions. I will cite only what the experts and the landlords of Malabar themselves have said about this. In the memorandum submitted to the Select Committee on the Revenue Surcharge Bill, the Malabar Land Holders' Association observed: 'The peculiarities of different kinds of tenures by which lands are held in Malabar make it abundantly clear that the assessment is no basis by which the pattadar may be considered as big or small holder or as a poor or rich one'. Then the landholders of North Malabar say: 'In many cases between the actual cultivator and the janmi there are several intermediaries, sometimes to the extent of six or seven who share the income in varying proportions! Then Poonulli Nambudripad, a big janmi and a learned janmi observes: 'The system of land tenure prevalent in Malabar from time immemorial is peculiar to that district only. It is totally different from the land tenures in other parts of the Madras State.' Then, Sir, I shall quote the opinion of the Special Officer Mr. Ragavendra Rao who was deputed to enquire into the matter in 1948. He said: 'One of the peculiar features in the land tenure of Malabar is the existence of a large number of intermediaries with rights in land. There are as many as 28 tenures of land in Malabar. Most of these tenure holders are not actually cultivating the land'. Sir, you will be surprised to know that the definition of the tenant in the Malabar Tenancy Act includes an intermediary of any description. We had also the opportunity to discuss the Tanjore Tenants' Act but nowhere you will find in that Act the description of a tenant as including the intermediary. Sir, even the United Nations experts have observed that the Malabar land tenure problem is the most complicated in the South East Asia. Therefore let not this House be carried away by the impression that what is given to Malabar will be sought for or agitated for by the rest of the people. Ours is a peculiar problem which will come more and more in evidence as we proceed hereafter.

"Then, Sir, the Hon. Minister recounted the history of the Malabar land legislation which I wish also the House should remember. I shall here give the authoritative version given by the

[Sri M. Narayana Kurup] [2nd April 1953]

former Law Minister who introduced the Bill, because my subsequent argument has important bearing on his statement. He said: 'The Malabar Tenancy Act of 1929 however proved to be defective in certain respect. In 1938 therefore, the Government gave notice of a Bill to amend that Act but the Bill was not actually proceeded with. In July 1939 the Government appointed a Committee with Sri Kuttikrishna Menon, the present Advocate-General as Chairman, to study the nature and effects of the land tenures prevailing in Malabar and special areas where the same tenures are prevalent . . ."

MR. SPEAKER:—"The hon. Member need not read the whole thing. It is available in the Library for reference. It is enough if he just refers to it."

SRI M. NARAYANA KURUP:—"What I want to impress upon the House is that in his statement the former Minister made it definitely clear that the draft Bill published by him in 1950 was the result of mature consideration and consistent with public opinion. That evoked a certain amount of response though it did not completely satisfy the people. The Bill went into Select Committee but as it emerged from there, it was a complete negation of all the amendments that were suggested in the original Bill that was published.

"Sir, introducing the Bill as amended by the Select Committee, Mr. Madhava Menon observed: 'Considerable changes have been made by the Joint Select Committee in the Bill which was originally introduced. I must say with some personal regret that the changes that have been made are against the tenant and in favour of the landlord.' Therefore, Sir, let us ask ourselves, why in the Select Committee changes were made in favour of the landlord and detrimental to the interests of the tenants. The answer is not far to seek. Mr. M. P. Govinda Menon who was an active member of the Select Committee said that the majority of the members from Malabar in the Select Committee represented kanamdars' interests. There was the interest of Janab Upipi Sahib who admitted that although he belonged to the class of landlords, he supported the Bill of 1929. Therefore, the 1950 Bill that was sent to the Joint Select Committee was completely transformed because the representatives of Malabar who were in the Select Committee were really not the representatives of the toiling people or the real cultivators, but of the kanamdars and janmis. I would request this House nothing more and nothing less than follow the procedure adopted by the previous Government. That Government, as the then Minister put it with some regret, made changes in the Bill because the majority of Malabar representatives were in favour of such changes. Now we do not want to incorporate any single change in this Bill as against the majority view now. If the Government are prepared to accept the advice, we want nothing more and we would request them to show as much concession and consideration as they were prepared to extend to the Members of the former Legislative Assembly in respect of the 1950 Bill.

[Sri M. Narayana Kurup] [2nd April 1953]

"My friend Mr. Gopala Menon was saying that no specific points were made out. If I am given two or three hours' time, I will point out hundreds of instances to him."

MR. SPEAKER:—"The hon. Member has got one minute more."

SRI M. NARAYANA KURUP:—"Sir, I want half an hour."

MR. SPEAKER:—"I will allow five minutes more."

SRI M. NARAYANA KURUP:—"Sir, I do not claim any special knowledge. But while the other Members are not lawyers, I know something of law."

MR. SPEAKER:—"I will allow ten minutes."

SRI M. NARAYANA KURUP:—"Sir, I have to hurry up though I may not be able to cover all my points."

"In the 1950 Bill as it was originally published, of course I too concede there are three important points. Two are most important, viz., fixity of tenure and fair rent and the latter without the former, I would say, is a mere mockery. In regard to fixity of tenure, the 1950 draft Bill promised the cultivating tenant that if he had been in continuous possession of land for 12 years, he would be given 5 acres of land and would be evicted by the landlord only from the rest. Indeed that was a great consolation and a great change made in the amending Bill. It also provided that no tenant could be evicted from the lands belonging to trustees or devaswoms. In regard to fair rent, it accepted the well known principle all over the world in any tenancy legislation, that the fair rent fixed by any legislation is the maximum rent payable by a tenant and in between he is entitled to contract for any less rent. In other words, the liability of the tenant is to pay a fair rent or contract rent whichever is less. This salutary principle was accepted in the draft Bill."

"Now, what were the changes made by the Select Committee? They took away completely that provision which gave the tenant the right to enjoy five acres of land had he been in occupation of it for 12 years. Then there is the invidious distinction that instead of saying that tenants in lands belonging to trustees and devaswoms cannot be evicted, they stated that trustees and devaswoms cannot evict. I shall show the anomaly and injustice done to the cultivating tenant. Suppose there is a plot of land 'X' belong to a devaswom 'A' and there are 2 or 3 tenants. 'A' gives the land to 'B' a kanamdar and 'B' gives it to 'C' who is the cultivating tenant. Devasswom 'A' cannot evict the kanamdar 'B', but 'B' can evict the cultivating tenant 'C'. Can there be a more discriminating legislation than this against the interests of a cultivating tenant? These were the important fundamental changes made by the Select Committee and it is no wonder that the people threw the Bill on the face of the Minister who stood for election. When we were agitating for restricted permanency when this amendment

2nd April 1953] [Sri M. Narayana Kurup]

was brought forward, what we find is that the provisions regarding fixity of tenure and fair rent are much worse. Mr. Gopala Menon remarked that the one universally hated clause in the Bill was in regard to the compulsory fixation of rent. I would challenge him on that point. Sir, the proposed legislation at least has this merit. I am afraid I have no time to quote. Mr. Raghavendra Rao, Special Officer, has observed in many places that giving the right for the tenant to apply for fixation of rent when he is not given the fixity of tenure is a complete moonshine. Therefore if there was compulsory fixation of rent at least, the tenant would be liable to pay only fair rent. So long as the right to resume the land in favour of the landlord remains no other provision to fix fair rent will be of any avail. At this stage, I have to say something about the right of the landlord to resume land for personal cultivation. It is often times argued with some gusto and seeming justification, 'why should we not allow the landowner to resume the land?' I would request Mr. Gopala Menon to define the word 'landowner.' Sir, we are now in a state where we have no quarrel with words and phrases. But when once we attempt to analyse their content and define them, we part. We know, Sir, the meaning of 'aggression.' But lawyers of international repute have not been able to define 'aggression.' Ownership has been described as a bundle of rights and if we untie the bundle and hand over the sticks to different persons, can anyone of them be called the owner? I shall put it in another way. Suppose the notional value of ownership is one rupee or sixteen annas and we change it into four four-anna pieces and distribute them to four persons, can we say that all these persons are given one rupee each.

"Sir, here I want to explain the position between the tenant and the intermediaries. Suppose there is a plot of land belonging to a janmi 'A': 'A' leases the land to 'B' for Rs. 200; 'B' gives it to 'C' for Rs. 300; 'C' gives it to 'D' for Rs. 400 and 'D' in turn gives it to 'E' for Rs. 600. It has been observed that on an average there are four intermediaries on any land in Malabar. When my friend says 'resumption for personal cultivation' I want to know whom he means by the word 'landowner'. Can he say all these four persons are landowners and subject the security of the tenant to all these people? If all of them are to be granted 5 acres each for personal cultivation, and if the tenant is to be evicted, he will be deprived of every inch of his land. That is why my friend Mr. Gopalakrishnan was so very vehement that these tenants who have been on the property for twenty, thirty and forty years, will be driven into the streets as wage-earners if we are to apply the principle of land being resumed by the landowner, giving definition for 'landowner' as I have given just now. It is really a very dangerous proposition. Any amount of benefit that you confer on the tenant will fail unless he is given the right to cultivate his land so long as he pays the rent. Sir, my friend read section 10; I want him to read sections 14 and 20, the sections by which the tenant's security can be defeated. We do not quarrel with any of the other rights of the landlord; we only say that the tenant's security should not be interpreted in any

[Sri M. Narayana Kurup] [2nd April 1953]

limited sense. It is a very important point in favour of the tenant, and without a proper provision in that regard, his position will become completely insecure.

"At the time of the discussion of the previous Bill, it was stated that such a provision would offend Article 19 of the Constitution. A good reply to that argument was no doubt given; I may add that we are not asking the Government to give him complete security and not to evict him in any way whatsoever. For instance, if he does not pay the rent, if he is in collusion with another person, or if he denies the right of the landlord, and for a hundred of other such reasons, he is liable to be evicted. Therefore I submit that no question of expropriation of rights can come in the way of bringing forward a provision conferring security of tenure on the tenant.

"Then, Sir, with respect to the machinery that is contemplated for fixing the fair rent, I submit it is certainly obligatory on the part of the State to compulsorily fix the fair rent. It has been stated by Mr. Raghavendra Rao throughout his report that it is the function of the State to fix such fair rent. Somebody stated that this process of fixing the fair rent would take a very long time. Even for that, a remedy is suggested in the report itself. Rack-renting to a very high degree is prevalent in the Walluvanad and Palghat taluks of Malabar. This House and the Minister, I am sure, will attach sufficient importance to the opinion of experts on this question of rackrenting. A recent American expert visited Walluvanad and Palghat and also Tanjore, and he has observed that in all these three places, the existing rent is 75 per cent of the gross produce. I would request the House to remember that this observation was made in the year 1952. According to the 1930 Bill itself, the share of the landlord was fixed at two-thirds of the net produce and in the 1950 Bill, it was fixed at half. It shows that in spite of the provision made in the 1930 and 1950 Bills, no tenant availed himself of the provision regarding fair rent. Of course no tenant can afford to displease his landlord, as Mr. Raghavendra Rao said; otherwise, he would be turned away from his holding. For the matter of that, even if you provide to-day that a tenant need not pay any rent at all, the landlord would somehow extract a good amount if only he is given the right to evict the tenant.

"One surprising thing here is that though the tenant is given the right to apply for fixation of fair rent, if an agreement is come to between him and the landlord, he must abide by it. For instance, if a landlord tells a tenant 'I would sue you for eviction unless you put your signature to this contract fixing the fair rent at Rs. 300' no tenant can dare refuse him; and that is the vicious provision we find incorporated here.

"Then again, I find that section 52-A is now being repealed. (At this stage Mr. Speaker sounded the gong.) I shall finish in a minute or two, Sir. The provision in that section was conceded only as a result of long years of struggle. When for the first time the first serious agitation for tenancy reform was started, all the

[Sri M. Narayana Kurup] [2nd April 1953]

janmis converted their lease deeds into mortgages. They were so converted in hundreds and thousands. That section empowered the court to . . ."

MR. SPEAKER:—"I have already allowed the hon. Member more than half an hour. Mr. Krishnan will now speak."

SRI A. APPU :—" Mr. Speaker, Sir, we are only four members from the Congress benches from Malabar; one is the Hon. Mr. Kuttikrishnan Nair and the others are Sri Gopala Menon, Sri Sankaravarma Raja and the other is myself. Sankaravarma Raja is a big landholder and Sri Gopala Menon too is a landholder. So far as I know, the Hon. Minister, Kuttikrishnan Nair, is also a landholder. But, I am a poor tenant. I belong to a very poor family and my family holds lands under Nambudiri janmis. I am not a tenant of the famous E. N. Sankaran Nambudiripad, but we own lands belonging to his brother. They have been very good to the tenants and there is no rackrenting and we are treated very kindly. But I am sorry that middle-class janmis are troubling their tenants very much."

SRI M. NARAYANA NAMBIAR :—" On a point of order. Sir, the hon. Member, Mr. Appu is saying that he is a tenant of Sankaran Nambudiripad. He is not a landholder and he has no inch of property."

MR. SPEAKER :—" That is not a point of order."

SRI A. APPU :—" I did not say I am the tenant of Sankaran Nambudiripad, but of his elder brother. He is a very good janmi

2nd April 1953]

[Sri A. Appu]

If all the janmis are like him there is no necessity for any such tenancy legislation. But there are other janmis who treat their tenants very cruelly.

" Sir, this is not the occasion to deal with the Bill on its merits. The Hon. Law Minister has moved a motion referring the Bill to a Select Committee. On the Select Committee we can examine the pros and cons of the question. I am only sorry that my Friend, Mr. Narayana Kurup, has refused to be a member of the Committee. He is a gentleman who has studied the question very thoroughly. The Hon. Law Minister has mentioned the names of the members of the Select Committee, but I am sorry that his name is not there because his leader and the other members of his party refused to co-operate in regard to this Bill. If Mr. Narayana Kurup agrees to serve on the Committee I am prepared to request the Hon. Minister to delete my name, because as I said already he has made a special study of the subject.

" Sir, I do not wish to make a long speech but I wish only to make a few observations. The Bill in its present form will not do any good to the tenants and it requires amendment. What I wish to submit is, the tenants should be given fixity of tenure; at the same time, we should give fair rent to the janmis. This is my humble view.

" Another question is in regard to ulkudidars. I am sorry to submit that the provision in the Bill is not at all sufficient. Mr. Gopala Menon comes from an area where there are a large number of ulkudidars. I understand that he himself has a number of ulkudidars. Last August when we had an opportunity to discuss about this Bill with the Hon. Chief Minister I represented that they should be given relief. Mr. Gopala Menon said that ulkudidars should not be given any right at all. I told the Hon. Chief Minister that the ulkudidars there are treated as watchdogs. But, Mr. Gopala Menon and others interested said that I do not know anything about the conditions of ulkudi in Ponnani taluk. I went to Guruvayur a place which is full of ulkudis and I consulted several ulkudidars. The cases of hardship they gave me were very many. In fact, one old gentleman said 'we can suffer anything but the poor girls in our houses are not safe.' I am ashamed to say all that the landlords do. I would therefore say that the ulkudidars also should be given some rights. It was on the suggestion of the Hon. Chief Minister that the provision relating to three years notice to be given to the ulkudidars has been embodied in the Bill and I am very grateful to the Hon. Minister for it. I represented to the Hon. Chief Minister, 'So long as you are the Chief Minister we will get an enactment which will be acceptable to both the janmis and the tenants' and for that little provision regarding ulkudidars alone the whole of Malabar should be grateful to the Hon. Chief Minister.

" Sir, we are also grateful to the Hon. Chief Minister for another thing. A big staff was appointed for determining fair rent. They asked the poor tenants to produce this document and

that document. We made representations about it to the Hon. Chief Minister and he heard us patiently. As a result of the discussion he immediately said, 'we will recall that staff.' For that also we, Malayalees, are very grateful to him.

"Sir, I was not prepared for a speech because I never thought that I will be given an opportunity to make a speech now. I thought we would get an opportunity in the Select Committee and then when the Bill finally comes to the Assembly for consideration we will be given opportunities to speak on the provisions of the Bill. But when I found other members were speaking I thought I should also speak; otherwise I would be misunderstood. I only want to make this submission to the House. I hope the Hon. Chief Minister, the Hon. Law Minister and the other members who are on the Select Committee will consider the grievances of the tenants of Malabar and revise the Bill accordingly. Thank you, Sir."

SRI E. K. SANKARA VARMA RAJA :—"Mr. Speaker, Sir, my Friend Mr. Appu remarked that I was a big landlord. I was born in a royal family, but I do not pose that I am a big landlord. If I want to become a big landlord, I am afraid that ten more people will have to die in my family. I am one of those who work hard and labour for their livelihood. So let not people misunderstand that I am a big man."

"Coming to the Bill, I am of opinion that fixity of tenure must be given to the actual cultivating tenant. As Mr. Narayana Kurup said, there are ever so many intermediaries in Malabar, who are collecting a high rent from the actual cultivator. The janmi leases his land to a tenant, the tenant leases to a sub-tenant and thus the chain goes on. But the janmi gets only very little. For instance, for a coconut garden which yields between 5,000 and 10,000 coconuts a year, the janmi gets only Rs. 2 or 3 per year excluding the revenue. The intermediaries are enjoying a greater portion of the benefit. Very little is left to the actual cultivating tenant after he pays to the intermediaries. I am of opinion that the actual cultivating tenant must be given permanency, and the Government must give him some protection in this regard."

"I am against eviction. We are all citizens of the Indian Union, and if one is asked to go away from a house in which he has been living for three years, it is unpardonable. Where is he to go? He must have some house provided by the Government, the landlord, the intermediary or whoever it is."

"To study the Bill thoroughly, it will take some time. I will have my say on the Bill after studying it thoroughly."

MR. SPEAKER:—"But they are not for it."

SOME HON. MEMBERS:—"We are for it, Sir."

SRI VAVILALA GOPALAKRISHNAIAH:—"Sir, they are for it. Their agrarian problems are quite different from those of other areas. As we want to have a basic understanding for the whole country regarding agrarian problems, I think the whole Act must be revised. It should be taken up afresh and discussed, and no amending legislation will do. It must be on the lines of the Kumarappa Committee proposals. Otherwise the problems cannot be solved. If anybody should say that under the Five-Year Plan he proposes to do something and thereby produce more, I say there will be no production and no more production, because the lands are all in the hands of landholders. As Mr. Kurup said there are 26 intermediaries in Malabar Tenancy. There are very many absentee landlords. How can the poor peasant bear as many as 26 persons sitting over his head? It is quite impossible. He cannot plough the land nor get the yield. Therefore, let this Bill be circulated for eliciting public opinion. We can take up the comprehensive Bill later. I support the amendment to circulate the Bill for eliciting public opinion."

കയാണുണ്ടായിട്ടുള്ളതു്. പിന്നെ ആക്ഷേപങ്ങളാണു് ഈ ബില്ല് അവതരിപ്പിച്ചിട്ടുള്ളതു എന്നു മനസ്സിലാക്കുവാൻ പ്രയാസമായിരിക്കുന്നു. എന്നാൽ മലബാറിലെ ജന്മിമാർക്കു നൽകുന്നതോടൊപ്പംതന്നെ കാസർഗോഡ് താലൂക്കിലെ ജന്മിമാരെയും ഈ ബില്ല് കൊണ്ടുവന്നതുകൊണ്ടു് ബഹുമാനപ്പെട്ട മന്ത്രി സഹായിച്ചിട്ടുണ്ടെന്നു വേണം പറയുവാൻ. എന്നിങ്ങു കാസർഗോഡ് താലൂക്കിനെപ്പറ്റിയാണ് പറയുവാനുള്ളതു്. കാസർഗോഡിലെ ജനങ്ങൾ കുറെ കാലമായി ഒരു കടിയായ നിയമത്തിന്നുവേണ്ടി പ്രക്ഷോഭം കൂട്ടിക്കൊണ്ടിരുന്നു. കാസർഗോഡിലെ ഭൂവ്യവസ്ഥയും മലബാറിലെ ഭൂവ്യവസ്ഥയും തമ്മിൽ വലിയ വ്യത്യാസം ഇല്ല എന്നു ആക്ഷേപംതന്നെ അറിയാവുന്ന ഒരു പരമാർത്ഥമാണു്. 1937 ൽ കോൺഗ്രസ്സ് അധികാരത്തിൽ വന്നപ്പോൾ ഇന്നത്തെ മുഖ്യമന്ത്രി അന്നത്തെ പ്രധാന മന്ത്രിയായിരുന്നപ്പോൾ മലബാർ കടിയായ നിയമത്തിന്നു ഭേദഗതികൾ ചെയ്യുവാൻ വേണ്ടി ശ്രീമാൻ കട്ടിക്യൂട്ടി മേനോന്റെ നിയമിക്കുകയും ആ കമ്മിറ്റിയുടെ അനേകങ്ങളിൽ അനേകങ്ങളായി താലൂക്കിലെ 46 ഗ്രാമങ്ങളിൽ മലബാറിലെ ഭൂവ്യവസ്ഥയാണുള്ളതെന്നും വ്യക്തമാക്കിട്ടുണ്ടു്. മാത്രമല്ല തെക്കൻ കണ്ണാടക ജില്ലയിലെ റവന്യൂ അധികാരികൾ ഏതാണ്ടു് 52 ഗ്രാമങ്ങളിൽ ഇതേ വ്യവസ്ഥയാണുള്ളതെന്നു റിപ്പോർട്ട് ചെയ്തു. ശ്രീമാൻ മധവ മേനോൻ കഴിഞ്ഞ മന്ത്രിസഭയിൽ ഈ ഭേദഗതി നിയമം അവതരിപ്പിച്ചുകൊണ്ടു് ചെയ്യു പ്രസംഗത്തിൽ ഇതു വ്യക്തമായി പറഞ്ഞിട്ടുണ്ടു്. എന്നാൽ പിന്നെ അവിടുത്തെ ചില സ്ഥാപിത താല്പര്യക്കാരെ ആവശ്യത്തിന്നു വഴങ്ങി 19 ഗ്രാമങ്ങൾ അതിൽനിന്നു എടുത്തുകയറുകയാണുണ്ടായതു്. ഈ ബില്ല് കൊണ്ടുവന്നപ്പോഴും ഈ 52 ഗ്രാമങ്ങളെ ബാധിക്കും എന്നു ആ നാട്ടിലെ തൃക്കിക്കാർ പ്രതിഷേധിച്ചിരുന്നു. എന്നാൽ, അവർ നിരാശയോടുകൂടിയാണ് ഈ ബില്ലിനെ നോക്കുന്നതു്. നിരീകരിക്കാൻ സാധിക്കാത്ത ഒന്നായിട്ടാണു് ഞാൻ ഇതിനെ കണക്കാക്കുന്നതു്. ഇങ്ങിനെ ചെയ്യതു് അവിടുത്തെ തൃക്കിക്കാരോടു് ചെയ്യു ഏറ്റവും വലിയ അനീതിയാണെന്നു പറയേണ്ടിയിരിക്കുന്നു. തൃക്കിക്കാർ സ്ഥിരവകാശം, ഒഴിപ്പിക്കുന്നതു് തടയുവാനുള്ള വ്യവസ്ഥ എന്നു തുടങ്ങി പലവിധ ആനുകൂല്യങ്ങളും നൽകുവാനുണ്ടായിട്ടും ഈ ബില്ല് അവയൊന്നുംതന്നെ ചെയ്യാത്തതു കഷ്ടമായിപ്പോയി എന്നു പറഞ്ഞുകൊള്ളട്ടെ. കഴിഞ്ഞ പ്രാവശ്യം സെക്രട്ടറി കമ്മിറ്റി കാസർഗോഡ് സന്ദർശിച്ചിരുന്നപ്പോൾ കാസർഗോഡ് താലൂക്കിലെ മേൽ പ്രസ്താവിച്ച 19 ഗ്രാമങ്ങളിലുള്ള അതായിരത്തിൽപരം തൃക്കിക്കാർ ഒരു നിവേദനം സമർപ്പിച്ചു എന്നു മാത്രമല്ല അവിടെ ചേർന്ന ഒരു പൊതുയോഗത്തിൽവെച്ചു ഈ നിയമം കാസർഗോഡ് താലൂക്കിലേക്കു ബാധകമാക്കേണ്ടതു ആവശ്യമാണെന്നു മന്ത്രി മധവ മേനോൻ പ്രഖ്യാപിക്കുകയും ചെയ്തു. അദ്ദേഹം പിന്നെ ഇതു മറക്കുകയാണുണ്ടായതു്. ഇന്നത്തെ നിയമമന്ത്രി ശ്രീമാൻ കട്ടിക്യൂട്ടി നായർ അവിടുത്തെ തൃക്കിക്കാരുടേയും ജനങ്ങളുടേയും അഭിപ്രായങ്ങൾ ആരായുകയും ആ ഗ്രാമങ്ങൾക്കു് ഈ നിയമത്തിന്റെ പരിധിയിൽ ഉൾപ്പെടുത്തുകയും ചെയ്യേണ്ടതാണു്. എല്ലാ റിപ്പോർട്ടുകളും ഇതിന്നു അനുകൂലമായിരിക്കെ ഈ ഗ്രാമങ്ങൾക്കു് ഉൾപ്പെടുത്തും എന്ന് ഞാൻ വിചാരിക്കുന്നു."

SRI T. NAGI REDDI:—"Sir, this is the second tenancy Bill that has come before this House for discussion. There seems to be a different approach by the Members to this Bill. When the Tanjore Tenancy Bill was discussed, there was an amount of satisfaction that a great step forward has been taken, and there was also the criticism which came out of that satisfaction. In the case of this Bill I see the difference in approach. Every hon. Member has spoken not with any satisfaction that a Bill has been brought forward for the protection of the tenants. That itself is an indication to the Government that there is something wrong with the Bill. A Bill which has been brought forward and which is said to be for the protection of tenants has not given satisfaction to those Members who are present here from Malabar, and who have spoken on the Bill. Not one of them has commented that this Bill is a step forward towards solving the tenancy problems of Malabar. That itself is an indication that this Bill will not

[Sri T. Nagi Reddi] [2nd April 1953]

satisfy any section of public opinion in Malabar. We must remember that tenancy reform has become the most necessary and immediate reform in all parts of this State. We must not tinker with the tenancy reform. We must take steps to decide the major and immediate task, namely, to stop evictions and reduce the rent that has so far been paid to the landlords. These are the two important factors that should be taken note of, and I find from the speeches of hon. Members from Malabar that these two conditions probably are not quite satisfactorily dealt with in this Bill. We all know the very big struggle in Malabar as in other areas to have a definite improvement in the tenants' condition. The present struggles are not of recent origin. They have been there for a long time—from the time of the national struggle for freedom. The tenants of Malabar were also part and parcel of the national movement for achieving freedom. The tenants of Malabar have laid down their lives for achieving national freedom. They expected that the national struggle which would give them freedom would also bring with it relief for the tenants of Malabar. We also remember that there was the huge Moplah rebellion. The rebellion was mainly to get rid of some of these slavish conditions under which they were working and suffering. Later we all know that the struggle developed into a bigger one and more than eight thousand odd Malabar compatriots laid down their lives to achieve a certain amount of tenancy reform and to better their conditions. Even to this day, I hear from my comrades that there are quite a number of persons behind the prison bars who have fought for the improvement of the conditions of tenants. These struggles must be taken note of when we think of the tenants' problems and try to bring forward a Bill to improve their conditions. I am afraid that none of these historical factors has been taken into consideration in preparing this Bill, which has not satisfied any section of opinion in this House, and naturally cannot satisfy any section of opinion outside this House. When we prepare a Bill for tenancy reform, I am sure that we cannot prepare a Bill which would be satisfactory both to the jenmis and also the tenants. It cannot be and it should not be. If it were to be so, I am sure that a tenants' Bill will not be the tenants' Bill. The tenants' Bill is to become law only to get more rights to the tenants than what they have now, which naturally means that the jenmis' rights will have to be curtailed. It does not matter whether it is the jenmis' rights or the rights of the middlemen. The hon. Member Mr. Raja from the other side was saying that even the jenmis were so much exploited to-day, and that to-day they were not to be condemned for all that had happened. Whether they are the jenmis or the middlemen, the jenmi system should go, because that is the system that has been responsible for so much poverty and revolt by the Malabar tenants. Hence we should take steps to abolish the jenmi system itself to give greater rights to the tenants. Let the Government take a better stand, and see that better protection is given to the tenants.

"A suggestion has been made by hon. Members from Malabar that it is better that all the Members of the Assembly from Malabar

[Sri T. Nagi Reddi] 2nd April 1953]

and the ministry sit and discuss together all aspects of the question and arrive at a certain working arrangement to improve the conditions of the tenants. After all, the number of Members from Malabar is about thirty, and it is certainly a good suggestion that they should all sit together and discuss the Bill. They may improve the Bill; if not scrap it, and produce a new Bill. I think that kind of working arrangement between the ministry and the Members of Malabar would help to bring forward a better Bill than the one under discussion. Sir, I hope the ministry would take into consideration all the suggestions that have been made in this House and give due weight to them to improve this Bill, and if that is not possible, I hope the Government would scrap this Bill and bring another in due course and very shortly."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—"Mr. Speaker, Sir, I need not reply regarding the points raised in respect of the sections not covered by the amending Bill. The first thing we have to consider is whether it is absolutely necessary to circulate this Bill for eliciting public opinion. It is not necessary, because, while moving the Bill, I submitted that on 15th March 1952 the old Act (Act of 1951) was put into effect. The matter has been engaging the attention of Government and the public of Malabar. Innumerable representations have been made to us. We have considered all the aspects of the question, and this Bill is the outcome of the consideration of all those things.

"Regarding the consideration of other sections, I may be permitted to state that the sections that we have now taken up are the most important sections. The sections which are not touched by this amending Bill are sections which require a more scientific examination, and considerations of principles or expediency cannot be applied here. Calculation of fair rent cannot be resorted to until we actually know the rent that is got in almost all the important places in Malabar. So, it is not possible to consider those things now. That is why the Government have not taken up those things. If hon. Members bring to the notice of the Government that it is necessary to examine them, and if the Members are prepared to give us sufficient time, we will examine each and every section of the Act, and try to see how much we can help the actual tiller. The bringing in of the amendment so early was necessitated, because there was a clamour—there was a real agitation and most of the Members here had even made representations—that the machinery for fixing fair rent must be scrapped. The Government implemented it, because it was a scientific method. Provision was made to meet the expense of this machinery from out of the budget allotment. But in spite of that, the people were afraid that it may take a long time, and the implementation of the scheme will take such a long time that it will not be of use either to the tenant or the landlord. It was also thought that maintaining records regarding the right to the properties contemplated by the Act was not necessary. We considered all these aspects, and it is because there was real agitation for cancelling that machinery that we resorted to cancel that machinery. Now we have given power

[Sri K. P. Kuttikrishnan Nair] [2nd April 1953]

to the Revenue Divisional Officers who are easily accessible. To give this power to the District Munsif's Court to assess the market value of all these items will prove very costly to the tenants and it has been the agitation on the part of the tenants that it should not be entrusted to the Munsif's Courts because they will not be able to bear the cost. This agitation on the part of the tenants has been there for a long time. It is a matter connected more with Revenue. That is why this power is given to the Revenue Divisional Officer.

"I have also to make another submission. We have considered all the burning questions regarding Malabar tenancy with a view to revise the relevant provisions, if possible, by this new Bill. The two important things were the bona fide eviction and displacement of tenants from ulkudis. According to the previous Act, a tenant could be evicted by a landlord who was perhaps poorer than the former. We have now made a provision for the payment of one year's gross income to the tenant if he is to be evicted in these circumstances. We have made this provision so that it may be more impossible or difficult to displace the actual tiller and he may also in the meantime find out some other land for cultivation. Sir, when both are poor, merely because a man is branded as a landlord, we cannot refuse to show consideration to him. With regard to eviction, hon. Members will find that two conditions have to be satisfied by the landlord. One is the bona fides and the other is that he wants the property for his maintenance. Between two poor people, we cannot prefer one to the other. It is a moot question. If one is selected, the other will criticise and if the other is selected, the person excluded will criticise. Therefore, it is a very difficult problem.

"Regarding ulkudis, as the law stands at present, anybody could be turned out. We have, by this Bill, made it absolutely necessary to give three years' notice, if the landlord wants to evict the tenant. In the alternative, he has to give a similar site to him in the same village.

"Sir, there are innumerable things which we have done for the tenant in this Bill. I have made mention of them in my speech while introducing the Bill and I do not want to cover them over again. The Bill has gone further. It may be that it does not come up to the expectations of some of the hon. Members, but it is a real step forward. That is all I can say. We are open to conviction. Hon. Members can represent matters. They can convert us and at the Select Committee we can come to any compromise, any workable scheme, consistent with the Constitution and our responsibility to all sections of society.

"Sir, an attempt was made to point out that Harijans would be ejected on a large scale and that about 10,000 of them would be displaced from their holdings. It is an exaggeration. That is all I can say."

THE HON. SRI C. SUBRAMANIAM :—"Sir, written speeches are allowed. But, still he is not reading a written speech."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—"Sir, I am a lawyer like the hon. Gentleman who made that representation. We are in the habit of looking at the records and arguing. It does not mean that we are reading out our speeches. Most of the hon. Members here remarked that the hon. Gentleman who raised this point was also reading out his speeches. (Laughter.) It would appear to a non-lawyer that the gentleman was reading from the paper. I suppose also that there is no harm in my reading out my speech. The speech I delivered while introducing the Bill was a written one. We are entitled to make written speeches.

"I was submitting that it was made to appear that the Harijans would be ousted from ulkudis on a large scale. It is not so. As the law stands at present, they have no fixity of tenure. If there is no document or lease deed, the tenant can be asked to quit. He might be living there only on sufferance. He can be turned out at any moment. Now, we have made a provision that three years' notice is absolutely necessary and no Harijan will be turned out within that period.

"Regarding waste lands, it was argued by many hon. Members that there were plenty of them in Malabar and that they could be taken and used for distribution among the landless poor. I have to submit that we have already made a provision for that purpose in the previous Act. Now, we are trying to evolve a machinery through which speedy distribution could be made. The population of Malabar is too much but the lands are limited. So, these limited lands will not be sufficient to satisfy the needs of most of the landless peasants.

"I have nothing more to say except that I oppose all the amendments because we are having a detailed consideration of all the contents of the present Bill by a Joint Select Committee. All the representations made by the hon. Members and the points made by them in their speeches here have been noted and we shall try our level best to modify the provisions consistent with the needs of the people. I can only appeal to the House to give us full co-operation. It is absolutely necessary that we should extend our full co-operation to whomsoever it might be who is running the administration.

[Sri K. P. Kuttikrishnan Nair] [2nd April 1953]

"Certain allegations were made about the failure of the Congress in the General Elections. I can answer them, but I think it is out of place for me and it does not become of me to answer them. I can only say that it was not the tenancy question that caused the failure of the Congress. It was due to other extraneous circumstances. If I may be permitted to say so, it was only the organisational disruption that caused the failure of the Congress in Malabar. The recent elections to municipalities have demonstrated that the Congress has a hold there."

SRI M. NARAYANA KURUP:—"What about Panchayat Elections?"

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"Simply because in one place, the Socialists have won, the hon. Member thinks that in all the other places also the Socialists have won. It is not like that. I am not concerned with that and I do not want to say anything more. I may ask the hon. Member who made a reference to the failure or defeat of Sri Madhava Menon, 'What is the meaning of winning in elections?' So, I am not concerned with the result of elections. As a politician, I would ask the hon. Member not to consider this Bill in terms of elections. If he thinks of opposing the amendments to the Act in terms of elections, he will be frustrated and he will also fail in the next elections. I am not concerned with the future elections. Sir, I request that the amendments to my motion may be rejected by the House."

SRI T. C. NARAYANA NAMBIAR:—"The Hon. Minister referred to an hon. Member who said that the failure of the Congress in the election was due to the Malabar Tenancy Act. I am the fortunate Member who had said that. Even now I stand by it and I would challenge—if 'challenge' is a parliamentary word—or I would invite the Minister to contest in my constituency on this issue. It has been proved that it was due to the Malabar Tenancy Act that the Congress was defeated."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR:—"I may be permitted to state that I have defeated Mr. E. M. Sankaran Nambudripad, the greatest leader of the Communist Party on this issue." (Ministerial cheers.)

MR. SPEAKER:—"I shall now put the amendments to the vote of the House one by one in the following order:—

- (1) Sri K. P. Gopalan's amendment,
- (2) „ R. Krishnan's amendment,

THE MALABAR TENANCY (AMENDMENT) BILL, 1953
(L.A. BILL No. 12 of 1953).

THE MADRAS LEGISLATIVE COUNCIL

Saturday, 4th April 1953.

The House met in the Council Chamber, Fort St. George, at half-past four of the clock, Mr. Chairman (THE HON. DR. P. V. CHERIAN) in the Chair.

(2) THE MALABAR TENANCY (AMENDMENT) BILL, 1953
(L.A. BILL NO. 12 OF 1953).

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" Mr. Chairman, Sir, I move—

'That this House concurs in setting up a Joint Select Committee of both the Houses consisting of 24 Members to consider the Malabar Tenancy (Amendment) Bill, 1953 (L.A. Bill No. 12 of 1953) (16 Members from the Assembly and 8 Members from the Council) and that the following Members of this House be selected to serve on such a Joint Select Committee :—

- 1 The Hon. Sri C. Rajagopalachari,
- 2 Sri S. Narasapaya,
- 3 „ T. T. P. Kunhipocker,
- 4 „ E. H. Parameswaran,
- 5 „ K. Bhashyam,
- 6 „ S. Ramakrishnaiah,
- 7 „ K. Balasubramanya Ayyar, and
- 8 „ V. Bhashyam Ayyangar.'

" In moving, Sir, I may be permitted to point out that the tenancy problem in Malabar is quite different from those prevalent in the other parts of the State. We find there a large number of intermediaries having interests in the same holding between the actual cultivator and the ultimate land-owner. Hence the agitation for land reform started from very early days. As a result, even in 1887, an enactment had to be passed. The provisions of that enactment were afterwards considerably modified by the Malabar Compensation for Tenants Improvements Act, 1889. It continues to be in force and assures to the tenants compensation in the event of eviction. The agitation regarding large-scale eviction of tenants, rack-renting, etc., continued and as a result of which the Malabar Tenancy Act, 1929 was passed. The main features of the 1929 Act were that fair rent was fixed in the case of cultivating kuzhikanamdars and cultivating verumpattamdars. Restrictions on evictions were made in the case of cultivating verumpattamdars, customary verumpattamdars, kuzhikanamdars and kanamdars, the four main types of tenants in Malabar. Up to this, after the period of lease was over, renewal fees were demanded

4th April 1953] [Sri K. P. Kuttikrishnan Nair]

to allow the tenants to continue possession, which generally were out of all proportion to the rent of the holding. The Act fixed the renewal fees in the case of customary verumpattamdars, kanamdars and cultivating kuzhikanamdars. The scale was fixed according to the income of the property. The kudiyruppu tenant was also given the right to purchase it in case suit for eviction was filed by the landlord.

" It was also provided that in the case of uneconomic holdings, the tenant had a right to surrender to the landlord the holding in question. The tenant's right to get receipt for payment of rent was recognized and it was made obligatory on the landlord. Provision was made for the fixation of the price of commodities payable in kind. The place of delivery of rent payable in kind was also fixed. Melcharths, one of the main practices by which the landlord assigned rights in properties to third parties with power to evict tenants caused much havoc. The bad effect of this was nullified. The Act gave substantial relief and worked well for some time.

" Certain defects were noticed in the working of the Act and the Government appointed the Malabar Tenancy Committee in 1939 to go into the question in detail. Meanwhile, evictions under sections 14 and 20 of the Act, under the pretext that the landlord required the holding *bona fide* for his use, created agitation and greater restriction was called for. By Act XXIV of 1945, it was made more strict by introducing an amendment that the landlord could evict his tenant only if he wanted the land for his own maintenance or that of any member of his family or tharwad.

" The agrarian unrest continued in Malabar and the Government thoroughly examined the report of the Malabar Tenancy Committee and a Bill was introduced. A Joint Select Committee of both the Houses toured extensively the whole of Malabar and portions of South Kanara and studied the problem minutely. After careful consideration, the Amending Act of 1951 was passed. The main features of the Act are the fixation of fair rent in all cases of tenancy including *kudiyruppus* and *kudikidappus*. Fair rent was reduced by reducing the proportion to be given to the landlord. Fixity of tenure to *kudiyruppus* and *kudikidappus* was given. Remission of rent was also provided in case of remission of assessments. The old feudal practice of personal service and payment of perquisites made payable under the lease were all abolished. A provision was also made giving rights to the tenants to purchase the rights of intermediaries in case the intermediary defaulted payment of rent to his immediate landlord. Before that if the intermediary defaulted and his immediate landlord filed a suit for possession, the improvements of the sub-tenants were set off. That great hardship was remedied. It was also provided that *Ulkudi* or *Kudikidappu* in Fort Cochin cannot be evicted unless the landlord gave an equal area of land in the same *amsam* and paid the expenses for shifting the structure. Provision was also made to compel the landlords to lease compulsorily waste lands to

[Sri K. P. Kuttikrishnan Nair] [4th April 1953]

landless poor. Great relief was given to tenants by wiping off arrears of rents prior to 1944-45. Renewal and renewal fees were completely abolished.

"The Act was made applicable from 15th March 1952. It contemplated setting up of a machinery to fix fair rents in respect of all the holdings in Malabar. This undertaking involved much labour, time and money. It also required the co-operation and support of both the landlords and tenants in its working. The Rent Settlement staff was employed immediately the Act came into force.

"Meantime, there was an agitation in Malabar that the delay caused by this machinery was not going to profit either the tenant or the landlord. It was also thought that the whole staff to be efficient, must be well equipped with the laws and customs of the land and it was not possible to have such a huge staff for that purpose. Hence there was demand for the abolition of this machinery. The Government even though they were aware of the fact that it was a most scientific method, were convinced that there was some force in the agitation and so the Rent Settlement staff was disbanded in August 1952.

"The Government have received memoranda from various interests in lands in Malabar and after a careful consideration of all the issues involved, this Bill has been brought forward.

"The Government considered that in view of the fact that the Amending Act of 1951 came into force only from 15th March 1952, it was premature to revise all the sections of the Act without giving a fair trial to the working of the Act.

"Under this Bill, the Government seek to establish a more speedy machinery by constituting rent courts. Fair rent is to be revised every 12 years instead of 20 years as provided in the previous Act. But tenants are given special relief by making it possible for them to apply earlier for sufficient causes. Fair rent also is to be fixed only in the case of disputes. The Government feel that compulsory fixation of fair rent even in undisputed cases will not help to strengthen the friendly feelings between the landlord and the tenants. In the case of tenants, application to fix fair rent can be made as soon as this Act is passed; but the landlord is given the right to apply only after three years of the passing of this Act. Eviction, in the case of *bona fide* claim for maintenance, is further restricted by making it obligatory to pay compensation equivalent to one year's net income which the tenant secures from the land. There is also provision in the matter of possessory mortgages which were redeemed by the mortgagor. It is intended to allow the person who was enjoying it continuously for the last 20 years to continue on the property as tenant if the mortgagor does not want to keep it in his possession.

"In the case of *ulkudis* outside Fort Cochin, provision is made that the *ulkudi* holder is not to be evicted unless the landlord gives him land of equal size and meets the expenses to shift the structure. If not, the landlord has to give 3 years' clear notice.

4th April 1953] [Sri K. P. Kuttikrishnan Nair]

"The rent of pepper gardens payable by the tenant to the landlord is modified by allowing the tenant to enjoy one more year's yield. Extension of the provisions of the Act is also made to cantonment areas. Lands used for communal purposes, are exempted from fixation of fair rents. Provision is also made to make surrender deeds executed after 28th July 1950 voidable and the tenant is entitled to get possession if no other tenant is put into possession during the period. Relief is also given by wiping off arrears of rent for two more years.

"The other provisions in the Bill are explained in the Statement of Objects and Reasons and do not call for any special comment. We have to bear in mind that tenancy and other legislations have to be resorted to only according to the demands of the people in the locality. Rights have to be conferred according to the change in the conditions of the people. We have to bear these in mind while we scrutinize the provisions of the Bill.

"I am sorry to say, Sir, that the Praja-Socialist Party have not consented to be in the Select Committee. I can assure them that this is a tentative proposal of the Government and if the Government are convinced of the reasonableness of the suggestions of the hon. Members, they will be only willing to accept them.

"The Bill will, no doubt, be examined by the Joint Select Committee in all its aspects and any suggestions by the hon. Members will, I am sure, be of great benefit to the Committee in its deliberations. I request the House, Sir, to accept the motion."

MR. CHAIRMAN :—"The motion is—

"That this House concurs in setting up a Joint Select Committee of both the Houses consisting of 24 members to consider the Malabar Tenancy (Amendment) Bill, 1953 (L.A. Bill No. 12 of 1953), (16 members from the Assembly and 8 members from the Council) and that the following Members of this House be selected to serve on such a Joint Select Committee :—

- 5 „ K. Bhashyam.
- 6 „ S. Ramakrishnaiah.
- 7 „ K. Balasubramanya Ayyar.
- 8 „ V. Bhashyam Ayyangar."

SRI K. BHASHYAM :—"Mr. Chairman, Sir, is it open to discuss the Bill on its merits as it is now only a motion for getting the concurrence of this House for referring it to a Select Committee because, if it is a question of discussion on the floor of this House, the time given for the purpose of studying the Bill and making

[Sri K. Bhashyam]

[4th April 1953]

observations in respect of its provisions is very short? If discussion is allowed, Sir, I suggest that it may be taken up on some other day so that we may have a little more time to study the Bill."

SRI G. KRISHNAMURTHI :—" Mr. Chairman, Sir, on a point of order, I wish to know whether an hon. Member can just say that discussion can be avoided in view of the Bill having to go before a Joint Select Committee. I think, Sir, every Member has got the right of speech and I can go on. Sir, this Bill has evidently come before us, probably on account of the fact that there is unrest and discontent among the Malabar tenants. Their grievances seem to centre round two points, namely, fixity of tenure and fixation of fair rent. The present Bill now under consideration seems to be an improvement on the existing Act, but I do not think it goes far to meet the demands of the Malabar tenants. In the proposed Bill it has been mentioned that the owner of the land has to give one year's income as a penalty in case he wants to evict a tenant. I do not know how far it will go towards stopping eviction of tenants. I do not see any reason why the Government cannot prescribe that so long as a tenant has been paying the fair rent he should not be evicted. In any department and in any service, agriculture or education, it is the fixity of tenure that works like force to the wheel of service. The greater the fixity of tenure, the greater will be the production and the greater will be the interest taken by the tenant. What is the difficulty in the Government or the Select Committee just framing a rule that a tenant should not be evicted so long as he has been paying the fair rent fixed?

" I find that the fair rent settlement staff has been disbanded. I heard that there was a complaint that instead of fixing fair rents they had a formula by which the rents were increased instead of being decreased. I do not know how the Rent Courts that are contemplated in the Bill under consideration will act speedily and will also be cheaper. I should like to get enlightenment on this point.

" Regarding fair rents, in my opinion, there should be a formula so far as the district of Malabar as a whole is concerned. Now, there is a sort of non-interference in the proposed measure. It is stated that in so far as a tenant does not appeal matters may go on as usual and there will be smooth sailing between landlord and tenant. Of course, this looks well on paper but when it is a question of the tenant having to appeal and bring forth his grievances, I do not know how far this smooth sailing will be possible. A tenant is naturally afraid of the landlord. He will be allowed to continue in possession only till he takes it into his head to appeal to the Government. He may not therefore be in a position to take full advantage of this provision. Instead of this, I would like the Select Committee to consider whether it would not be possible to lay down a broad formula with regard to the different sorts of cultivation, whether it be paddy or coconuts and so on, and state that this will be the minimum requirement. If it is so stated, those

[4th April 1953]

[Sri G. Krishnamurthi]

who are contented and want to have smooth sailing with their landlords may be satisfied and those who aspire for more can go to a Court of law. These are the suggestions which I would like the Select Committee to take into consideration."

THE HON. SRI K. P. KUTTIKRISHNAN NAIR :—" Sir, in the proposed Bill itself there is a section which prescribes the formula for fixing the fair rent. This formula was already in the old Act. There is no difficulty in fixing up the rate between the tenant and the landlord. I can assure the hon. Member that of all tenancy legislations the Malabar Tenancy Legislation has been more scientific and it has been more progressive because there has been agitation from the very beginning.

" The point was raised as to how one year's income will adequately compensate an evicted tenant. I have to explain that under the present Bill only in cases where the landlord is poor and cannot maintain himself except by cultivating the property owned by him, he gets back possession. He has to prove his *bona fides* before a Court, namely, that he has to maintain himself and his family out of the income derived by cultivating the property, and only under these conditions he is entitled to redeem his property. The Government had either to prefer the landlord, a poor man himself, or the tenant who was equally poor. The Government have therefore made it possible to pay one year's income to the tenant so that he can find out some other job or land. If the Government preferred the tenant, the allegation will be levelled against the Government that they have deserted the poor peasant merely because he was branded a landlord. The Government have therefore made this provision and eviction will be ordered only in exceptional circumstances. Practically it will be 'nil'. This is only a Bill that has been brought forward and I am sure most of the Members will not be conversant with the facts and it is better that we discuss more about it after the Joint Select Committee Report is finalized. I submit that we have taken persons who are conversant with the legal aspects of the question and I hope we will be able to finalize the question. Any representation either by the hon. Members or by any interested persons will be welcome and we are prepared to review all these things. Allegations will be made that the Government have not gone as far as they ought to have, but, on a comparison with all the agrarian legislations in other States, the Government can assure the House that this piece of legislation is very progressive and the present Bill also goes a step further than the existing Act. Merely because the old Act of 1951 came into effect only on March 15, 1952, there are no radical changes in regard to all the sections in the present Bill. The time that has elapsed is only a few months and as such we cannot expect more changes. Even then the Government have made substantial changes restricting eviction. I submit, Sir, that this House can rest assured that proper examination of the various aspects will be made and considered by the Select Committee and that the Select Committee will do full justice."

[4th April 1953]

MR. CHAIRMAN :—" The question is—

' That this House concurs in setting up a Joint Select Committee of both the Houses consisting of 24 members to consider the Malabar Tenancy (Amendment) Bill, 1953 (L.A. THE MADRAS SUPPRESSION OF IMMORAL TRAFFIC (AMENDMENT)
BILL, 1954 (L.C. BILL NO. 6^a OF 1954).

* THE HON. SRI C. SUBRAMANIAM :—" Mr. Speaker, Sir, I move—

'That the Madras Suppression of Immoral Traffic (Amendment) Bill, 1954 (L.C. Bill No. 6 of 1954), as passed by the Council, be taken into consideration.'

"In doing so, I may tell this House that the Madras Suppression of Immoral Traffic Act, 1930, deals with the suppression of brothels and of traffic in women and girls. As certain defects were noticed in the working of this Act, the Government appointed in 1950 a Committee consisting of the Commissioner of Police, Madras, the Chief Inspector of Certified Schools and Vigilance Service, Madras, the Vigilance Officer, Sri T. Viswanatham, Sri R. R. Dalavai, Srimathi A. V. Kuttimalu Amma and Srimathi Mary Clubwala Jadhav, to examine the existing provisions of the Madras Suppression of Immoral Traffic Act with a view to remove any defects found in its working and to suggest suitable amendments, to examine whether the Act needs amendment on the lines of the Bombay Suppression of Prostitution (Amendment) Act, 1948, or otherwise and to make recommendations germane to the above. The Committee submitted in all 30 amendments to the Madras Suppression of Immoral Traffic Act, 1930. These amendments were examined with reference to the existing provisions of the Act. Since the proposed amendments constitute vital changes, they were given the most careful consideration by the Government and the amendment to this important Act which is designed against a social vice has been, if I may so submit, drafted with great care. The Government have finally decided to introduce the Bill for amending the Act in certain respects.

"Clause 2 of the Bill amends section 6 so as to make the manner in which the inquiry under that section should be conducted clear, comprehensive and self-contained.

"Clause 3 amplifies section 9 so as to penalize any person who aids any woman or girl in the business of prostitution. A new sub-section has also been added to section 9 specifying the places where an offence under the section can be inquired into or tried.

"Clause 4 adds a new sub-section to section 11 so as to specify the place where an offence under the section can be inquired into or tried.

"Clause 5 seeks to bring within the scope of clause (1) of section 12 other forms of solicitation for the purposes of prostitution.

"I am sure hon. Members will support this Bill and in making this appeal, I may inform the hon. Members that a comprehensive Bill with reference to this subject is now pending before the Central Government and, I think, before the Parliament also. Therefore, whatever changes we are making now are with reference to the proper working of the existing Act. So, I do not claim that by this amendment we are tackling the entire problem. We are only trying to make the working of the existing Act a little easier. If this measure is approached from that point of view, I am sure many of the amendments of which notice has been given will become unnecessary. I shall deal with those amendments when they are moved. Now, I request that the Bill may be taken into consideration."

* SRI P. JEEVANANDAM :—“கனம் தலைவர் அவர்களே, இந்த அவை முன்னால் கனம் ஸ்ரீ சுப்ரமணியம் அவர்களால் பிரேரிக்கப் பட்டு, சபை முன் வைக்கப் பட்டிருக்கிற இந்த மசோதாவைப் பற்றி சிறிது சிந்தித்துப் பார்க்க வேண்டுமென்று கேட்டுக் கொள்ளுகின்றேன்.

“ஏற்கெனவே, 1930-ம் வருஷத்தில் சென்னை விபசாரத்தடைச் சட்டம் நிறைவேற்றப்பட்டு, இந்த வருஷம் வரையில் அந்தச் சட்டம் அமுலில் இருந்துவருகிறது. 1930-ம் வருஷத்தில் நிறைவேற்றப்பட்ட இந்தச் சட்டம் அன்னிய ஏகாதிபத்தியம் இந்த நாட்டில் ஆட்சி செலுத்திய காலத்திலும் அமுலில் இருந்து வந்திருக்கிறது. அதற்குப் பின்னால், காங்கிரஸ் ஆட்சி வந்த பிறகும் இந்தச் சட்டம் அமுல் நடத்தப்பட்டு வந்திருக்கிறது. இந்தச் சட்டம் நிறைவேற்றப்பட்டு, இருபது ஆண்டுகளுக்குப் பின்னால், அதாவது 1950-வது வருஷத்தில் ஒரு கமிட்டியை நியமித்து, இந்தச் சட்டமானது எப்படி அமுலில் நடந்துவந்திருக்கிறது என்பதைப் பரிசீலனை செய்து, மேற்கொண்டு இந்தச் சட்டத்தைத் திறமையாக நடத்துவதற்கு யோசனை என்ன என்பதற்கு ரிபோர்ட் சமர்ப்பிக்கும்படி சொன்னார்கள். அந்த ரிபோர்ட்டும் வந்திருக்கிறது. அதையும் வைத்துக்கொண்டு, இப்பொழுது அந்தச் சட்டத்திற்குச் சில மாறுதல்களைச் செய்ய திருத்த மசோதா ஒன்றை இந்தச் சபை முன் வைத்திருக்கிறார்கள்.

“1930-ம் வருஷத்திய சட்டத்தை இப்பொழுது கொண்டுவரப்பட்டிருக்கும் திருத்தங்களுடன் நாம் பரிசீலனை பண்ணுகிறபோது, ஜனநாயக சகாப்தத்தில் நாம் இருக்கிறோம். நம்முடைய நாட்டில் ஜனநாயகம் நிலவியிருக்கிறது; ஜனநாயகக் குடியரசுச் சட்டம் இருக்கிறது. இதை நாம் கவனத்தில் வைத்துக்கொண்டு, நாம் இந்தத் திருத்த மசோதாவைப் பார்க்கவேண்டுமென்று முதன் முதலில் கேட்டுக்கொள்ளுகின்றேன்.

“இந்த மசோதாவை நாம் ஜனநாயகப் பார்வையோடு பார்க்கவேண்டும். ஏனென்றால், இந்த மசோதாவானது விபசாரத்தைத் தடை செய்வது சம்பந்தமாக இருக்கிறது. இது நம்முடைய நாட்டில் மட்டுமல்ல; உலக முழுவதும் விபசாரமானது சமுதாயக் கேடுகளில் பெரிய கேடாக இருந்துவருகிறது; இந்த விஷயமானது பஞ்ச மகா பாதகத்தில் ஒன்றாகக் கருதப்படுகிறதென்பதும் எல்லோருக்கும் தெரியும். அப்படிப்பட்ட விபசாரத்தைத் தடை செய்வதற்கு இப்பொழுது சர்க்கார் இந்தத் திருத்த மசோதாவைக் கொண்டுவந்து திறமையாகத் தடைசெய்ய உத்தேசித்திருக்கிறார்கள். விபசாரத்தை சமுதாயப் பிரச்னை என்று நாம் பார்க்க வேண்டும். நம் நாட்டைப்பற்றியவரை விபசாரம் ஒழியவேண்டும் என்பதிலும் விபசாரம் என்பது வெறுப்பை உண்டாக்கக்கூடியது என்பதிலும் ஆட்சேபணை கிடையாது. பெண்களுடைய புனிதமான தன்மைக்கு, பெண்களுடைய ஒழுக்கத்தின் உயர்வுக்கு நம் நாடு சிறந்து விளங்குகிறது. கண்ணகி தன்னுடைய மாசற்ற தன்மையினால், மாசற்ற கற்புடைமையால் கொடுங்கோல் ஆட்சியை எரித்தாள், மதுரைமா நகரையே எரித்தாள் என்பதைப் படித்திருக்கிறோம். கண்ணகியைத் தமிழ்த் தெய்வம் என்று தொழுகிறார்கள் என்பதும் கவனிக்கத்தக்கது. இது தமிழனுடைய பண்பாடு. இந்தியா தேசத்தின் பண்பாட்டை, பாரதப் பண்பாட்டை எடுத்துக் கொண்டால்கூட, அங்கே தெய்வமாக வணங்கப்பட்டு, பெண்களுக்கெல்லாம் எடுத்துக்காட்டாக சீதை விளங்கினாள் என்பதையும் படித்திருக்கிறோம். தன்னுடைய கற்புத் தன்மையை எரி நெருப்பிலிருந்து எழுந்து வந்ததினமூலம் சீதை நிரூபித்திருக்கிறாள். அந்தக் காலத்தில் அவ்வளவு புனிதத்தன்மை வாய்ந்தவர்களுக்கு எடுத்துக்காட்டாக சீதை விளங்கியதாக அறிகிறோம். ஆணும், பெண்ணும் குடும்ப வாழ்க்கையில் உறுதியாக, புனிதத் தன்மையுடன் இருந்துவருவது பாராட்டப்பட்டு வந்திருக்கிறது. குக்கிராமங்களிலும், பட்டினங்களில் பாராட்டப்பட்டு வந்திருக்கிறது. எனவே, உணர்ச்சி ரீதியாக ஆயிரக்கணக்கான ஆண்டுகளாக புனிதமான வாழ்க்கை வாழவேண்டும் என்று கருதப்பட்டு வந்திருக்கிறது. விபசாரம் இல்லாத வாழ்க்கை வாழவேண்டும் என்கிற எண்ணம் நம்முடைய நாட்டில் இருந்துவந்திருக்கிறது.

[Sri P. Jeevanandam]

“கற்புடைய மங்கையர்கள் பெய்யெனச் சொல்லின் மழை பெய்யும் என்று திருவள்ளுவர் கூறியிருக்கிறார். பிறனில்லிழையாமை, பெண் வழிச்சேறல், வரைவின்மகளிர் என்ற மூன்று அதிகாரங்களில் திருவள்ளுவர் கூறியிருக்கும் விஷயங்களையெல்லாம் நாம் இந்தச் சந்தர்ப்பத்தில் பார்க்கக் கடமைப்பட்டிருக்கிறோம் என்று எடுத்துக்காட்ட விரும்புகிறேன். வரைவின்மகளிர் என்ற அதிகாரத்தில் ‘அன்பின் விழையார் பெண்டிர், மாயப் பெண்டிர், அன்பின் மகளிர், இருமனப் பெண்டிர்’ என்று கூறுகிறார். ‘பொருட் பொருள் விழையும் ஆய் தொடியர்’ என்று கூறுகிறார். ‘பெண்டிர், மாயப் பெண்டிர், அன்பின் மகளிர், இருமனப் பெண்டிர்’ என்று இப்படியாகப் பல பாட்டுகளில் கூறியிருக்கிறார். ஆகவே, திருவள்ளுவர் காலத்திலும்கூட இந்த ஒழுக்கக்கேடு சமுதாயத்தைப் பாதிக்காத வகையில் பல உயர்ந்த கருத்துக்கள் வற்புறுத்தப்பட்டு வந்திருக்கின்றன என்பதைப் பார்க்கிறோம்.

“பிறனில்லிழையாமை என்ற அதிகாரத்திலும் பிறன்மனை நோக்காத பேராண்மை ஆண்களுக்கு வேண்டும் என்பதை வலியுறுத்தியிருக்கிறார். அடுத்தவன் மனைவியைப் பார்க்கக்கூடாது என்று எவ்வளவு சொல்ல வேண்டுமோ அவ்வளவும் சொல்லியிருக்கிறார், என்பதையும் இங்கே நாம் எடுத்துக்கொள்ளவேண்டும்.

“இருமனப் பெண்டிரும், கள்ளு, கவறும் திரு நீக்கப்பட்டார் தொடர்பு’ என்று திருவள்ளுவர் ஒரு குறளில் குறிப்பிடும்போது, கள் குடித்தலையும், சூதாடுதலையும் போன்ற மகா பாதகங்களில் ஒன்றாக விபசாரத்தையும் சேர்த்திருக்கிறார். இந்தத் தீர்ச்சியை அடிப்படையிலேயே தீர்க்க முற்படவேண்டும். ஆகவே, இந்தப் பிரச்னையை நாம் சமுதாயப் பிரச்னையாகவே பார்க்கவேண்டும். அடிப்படையான மாற்றம் வந்தால்தான் இந்தப் பிரச்னையைத் தீர்க்கமுடியும் என்பதையும் நாம் பார்க்கவேண்டும்.

“தசரதர் ஆட்சியில் ‘வேசையர் உள்ளம் ஒரு வழி ஓட’ செங்கோல் செலுத்தப்பட்டது என்று கம்பர் கூறியிருக்கிறார். திருவள்ளுவர், ‘இருமனப்பெண்டிர்’ என்று கூறும்போது கம்பர் ‘வேசையர் உள்ளம் ஒரு வழி ஓட’ என்று கூறுகிறார். அப்படிச் கூறுகிறபோது, சமுதாய நிலைமை எப்படி இருந்தது என்பதைக் கற்பனை செய்துபார்க்கவேண்டும்.

‘பெருந்தடங்கள் பிறை நூதலார்க்கெல்லாம்
பொருந்து கல்வியும் செல்வமும் பூத்தலால்
வருந்தி வந்தவர்க்கு ஈதலும் வைகலும்
விரிந்து மன்றி விளைவனயாவையே’

என்று கம்பர் கூறுகிறார். பெண்களுக்கெல்லாம் கல்வியும், செல்வமும், வாழ்வில் பூத்து இருந்தால்தான் வாழ்க்கையிலே ஆண்களுக்கும் பெண்களுக்கும் சரி சமமான வாழ்க்கை வசதிகள் செய்து கொடுத்தால் தான், வாழ்க்கை வசதிகள் கிடைக்கும் என்ற உத்தரவாதம் கொடுத்தால் தான் வேசையர் உள்ளத்தை ஒரு வழி நிறுத்தி விபசாரத்தைத் தடுக்க முடியும் என்று பார்க்கமுடிகிறது.

‘காணுகின்ற காட்சியெலா மறைத்து வைத்துக்
கற்புக் கற்பென்றுலகோர் கதைக்கின்றோ?’

என்று மகாகவி பாரதியார் நம்மைப் பார்த்து கேலி செய்வதுபோல் கூறியிருப்பதையும் நாம் கவனிக்கவேண்டும்.

“இவைகளையெல்லாம் கவனத்தில் வைத்து, இந்தத் திருத்தங்களுக்கெல்லாம் அடிப்படையாக உள்ள 1930-வது வருஷத்தில் சட்டத்தைச் செய்ததாகத் தெரியவில்லை. அப்பொழுது இவைகளையெல்லாம் கணக் கொடுத்ததாகத் தெரியவில்லை. தரித்திரம்தான் விபசாரத்திற்குக் காரணம்; பொருந்தா மணந்தான் விபசாரத்திற்குக் காரணம்; இளமை மணம் விபசாரத்திற்குக் காரணம்; விரும்பாதவரை விரும்பும்படி நிர்ப்பந்தப் படுத்துவது விபசாரத்திற்குக் காரணம்; கருத்தொருமித்த காதலர் இருவரைச் சேர்ந்து வாழத் தடைசெய்வது விபசாரத்திற்குக் காரணம்;

[Sri P. Jeevanandam]

[5th May 1954]

சொத்தில் பெண்களுக்குப் பங்கு இல்லாதது விபசாரத்திற்குக் காரணம்; கல்யாணம் கார்த்திகளுக்கு அதிகப்படியாகச் செலவு செய்யக்கூடிய சென்ற கால பழக்க வழக்கங்கள் விபசாரத்திற்குக் காரணம்; ஆண்களுக்கு மாத்திரம் சொத்து உரிமை உண்டு என்றும், பெண்களுக்கு சொத்தில் பங்கு இல்லையென்றும் இருப்பதால், ஆண்களுக்குப் பெண்கள் சரிநிகர் சமானமாக இல்லை என்ற எண்ணம் ஏற்படுகிறது. ஆகவே, அத்தகைய பழைய அமைப்பிலிருந்து விபசாரத்தன்மை ஏற்படுகின்றது என்பதை ஆட்சியாளர் கருத்தில் வைத்துக்கொண்டால் சரித்திர பூர்வமாக விபசாரம் எவ்வளவு பயங்கரமான முறையில் வளர்ந்துவருகிறது என்பதைப் பார்க்க முடியும்.

“1950-வது வருஷத்தில் அதாவது சட்டம் இயற்றிய இருபது ஆண்டு களுக்குப் பின்னால் ஒரு கமிட்டியை அமைத்து இருக்கிறார்கள். அந்தக் கமிட்டியானது என்ன சொல்லியிருக்கிறதென்றால், விபசாரம் குறையவில்லை என்று கூறியிருக்கிறது. 1930-ம் வருஷ சட்டத்திற்குப் பின்னால் 1950-ம் வருஷத்தில் நியமிக்கப்பட்ட கமிட்டி அதைப் பரிசீலனை செய்து பார்த்ததில், விபசாரம் குறையவில்லை என்று கூறுகிறது.

“அமெரிக்கா போன்ற நாடுகளில் கூட, விபசாரத்தால் லிபிலிஸ், கொனோரியா போன்ற பயங்கரமான வியாதிகள் பெருகி வருகிறது என்று சர்ஜன்-ஜெனரல் சொல்லுகிறார். விபசாரமானது அங்கு கல்யாணமான வர்களைவிட, கல்யாணமாகாத இளம் பெண்களிடையே அதிகமாகப் பார்க்க முடிகிறது. அமெரிக்காவில் மட்டுமல்ல, இங்கிலாந்து, பிரான்ஸ் ஆகிய நாடுகளில் இது பரவிக்கொண்டு வருகிறது. ஆகவே, சட்டத்தைப் போட்ட பிறகும், இம்மாதிரி நோய்கள் வளர்ந்துகொண்டு வருகின்றன; நோய்களைத் தீர்க்க முடியவில்லை என்பதைப் பார்க்கும்போது, அவைகளுக்கு அடிப்படையான காரணங்களைக் கண்டுபிடிக்கவேண்டும். ‘நோய் நாடி நோய் முதல் நாடி அது தணிக்கும் வாய் நாடி வாய்ப்புச் செயல்’ என்று திரு வள்ளுவர் கூறியபடி, நோய்களுக்கு மூலகாரணங்களைக் கண்டுபிடித்து, அவைகளைப் போக்க முயற்சிக்க வேண்டும். அப்படி செய்யாவிட்டால் நம்மை நாமே ஏமாற்றிக்கொள்பவர்களாக ஆவோமே யொழிய, இந்தப் பிரச்சினையைத் தீர்த்தவர்களாகச் சொல்லமுடியாது. ஏதோ விபசாரத்தைத் தடுக்க சட்டத்தை இயற்றியிருக்கிறோம் என்று பிரமாதமாகச் சொல்லிக் கொள்ளலாமே தவிர, அந்தச் சட்டமானது உண்மையாகவே மக்களுக்கு நன்மை செய்ததாகச் சொல்லமுடியாது. இந்தச் சட்டமானது மேல் பூச்சுச் சட்டமாகத்தான் இருக்கும். ‘தலைவலியைப் போக்குவதற்காக ஒரு தைலத்தை ஒரு வைத்தியர் கொடுத்தார், வயிற்று வலி ஏற்பட்டது. பிறகு வயிற்று வலிக்கு பஸ்பம் கொடுத்தார். பிறகு கண் நோய் ஏற்பட்டது, அதற்கு வேறு மருந்து கொடுக்க வேண்டி ஏற்பட்டு விட்டது என்று ஒரு கதை. நோய்க்கு அடிப்படைக் காரணமாக உள்ளவைகளைப் போக்காமல், இந்தப் பிரச்சினையை அணுகினால் கண் துடைப்பு வேலையாகத்தான் இருக்கும். அந்த முறையில்தான் 1930-வது வருஷத்தில் இயற்றப்பட்ட சட்டமானது இருபது வருஷ காலத்திற்கும் மேலாக அமுலில் இருந்தும், இந்தப் பிரச்சினை சரியான முறையில் தீர்க்கப்பட்டதாகக் கூறமுடியாத நிலையில் இருக்கிறோம். அந்தக் கமிட்டியின் ரிபோர்ட் கையில் இருக்கிறது. அந்தக் கமிட்டியானது பல இடங்களுக்குச்சென்று விசாரணை செய்திருக்கிறது. கோயமுத்தூர், திருச்சி, விஜயவாடா, கோழிக்கோடு போன்ற முக்கியமான இடங்களுக்குச் சென்று விசாரணை செய்திருக்கிறது. பிரதம மாகாண மாஜிஸ்த்ரேட், உஷார் கமிட்டி பிரதிநிதி, மாதர் நல இலாகாவைச் சேர்ந்தவர், மாதர்களில் மிகச்சிறந்த சமூக சேவை செய்யக்கூடிய டாக்டர் முத்துலக்ஷ்மி ரெட்டி, டாக்டர் ஆர். வி. ராஜன் இவர்களிடம் விசாரித்திருக்கிறார்கள். பல இடங்களுக்கு நேரில் சென்று, உத்தியோகஸ்தர்களையும், உத்தியோகப் பற்றற்றவர்களையும், இன்னும் மற்றவர்களையும் விசாரணை செய்து, அவர்கள் முடிவான சில அபிப்பிராயங்களைத் தெரிவித்திருக்கிறார்கள். அவர்கள் கூறுவது என்ன? ‘இந்தச் சட்டம் 1930-வது வருஷத்தில் இயற்றப் பட்டபோதே இதில் பல ஓட்டைகள் இருந்திருக்கின்றன’ என்பதுதான். அதைத் தீர்ப்பதற்காகத்தான் இப்போழுது திருத்தங்கள் கொண்டு வரப்பட்டிருக்கின்றன.

[Sri P. Jeevanandam]

5th May 1954] கின்றன. இதை சமூகப்பிரச்சினையாகப் பார்க்கவில்லை; நிர்வாகப் பிரச்சினையாகத்தான் பார்த்திருக்கிறார்கள். அந்தக் கமிட்டியினுடைய சிபாரிசுகளின் பேரில்தான் இப்போழுது சர்க்கார் திருத்தங்களைக் கொண்டுவந்து இருக்கிறார்கள் என்பது ஒட்டுப்பிளாஸ்திரி போடுவதுபோலவும், டிங்சர் தடவுவது போலவும் இருக்கிறது. அந்தச்சட்டத்தில் ஏழு முக்கியமான குறைபாடுகள் இருப்பதாகக் கமிட்டியார் எடுத்துக்காட்டியிருக்கிறார்கள்: அவைகளாவன,

(1) பெண்களைக் கொண்டு விபசாரம் நடத்துகிறவர்களை அப்புறப் படுத்துவதற்கு ஏற்கெனவேயுள்ள சட்டத்தில் இடமில்லை;

(2) ‘Habitual, promiscuous’ என்ற சொற்கள் இருப்பதால், வழக்கமானது என்றும், ஆராதாரத்தனமாக முறையில் ஈடுபடுவது என்று இருப்பதால் இது நிர்ணயிக்கக்கூடிய முறையில் இல்லாமல் இருப்பதால் குற்றவாளிகளைச் சரிவர கண்டுபிடிக்கமுடியாத சங்கடங்கள் ஏற்படுகின்றன;

(3) வண்டி, வாகனாதிகளில் விபசாரம் நடப்பதைத் தடுக்க சட்டத்தில் இடமில்லை;

(4) ஒரு தடவை குற்றம் செய்தால் இரண்டு வருஷ சிறை தண்டனை அல்லது ஆயிரம் ரூபாய் அபராதம் விதிக்கப்படலாம் என்று இருக்கிறது. ஒரு தடவை குற்றம் செய்தால் தண்டனை, மேலும் குற்றம் செய்தால் அதிகத் தண்டனை என்று கடுமையாக நடவடிக்கை எடுப்பதற்கு அந்தச் சட்டத்தில் வசதி இல்லை;

(5) விபசாரத்திற்கு பல விதத்தில் தூண்டப்படுவதைத் தடுக்கும்படியான அம்சம் சட்டத்தில் கிடையாது.

(6) மோசமான சாட்சியங்களைத் தடுப்பதற்கு அதில் வழி இல்லை. வேலிக்கு ஓணை சாட்சி என்ற முறையில் குற்றவாளிகள் தப்பித்துக் கொள்ள சட்டத்தில் இடமிருக்கிறது.

(7) இன்றைக்கு இருக்கக்கூடிய போலீஸ் சக்தி பல பல துறைகளில் ஈடுபட்டிருப்பதால், இந்தப் போலீசை வைத்துக்கொண்டு விபசார தடைச் சட்டத்தை வெற்றிகரமாக அமல் நடத்த முடியவில்லை. அப்படி நடத்த வேண்டுமென்றால், அதற்குத் தனியாக தனிப்பட்ட ஒரு இலாகா இருக்க வேண்டும். அதற்கெனத் தனி போலீஸ் Force இருக்கவேண்டும். பெண்களைக் கொண்டதாக அந்தப் போலீஸ் படை இருக்கலாம். திருவாங்கூர், பம்பாய், கல்கத்தா போன்ற இடங்களில் இருப்பதைப்போல, இங்கும் பெண் போலீசை வைத்து, இந்தச் சட்டத்தை வெற்றிகரமாக அமல் நடத்த முயற்சிக்கவேண்டுமென்று அவர்கள் கூறுகிறார்கள்.

“வாக்குமூலம் கொடுப்பது சம்பந்தமாக பழைய சட்டத்தில் சில குறைபாடுகள் இருக்கின்றன என்றும், அதற்கும் சில யோசனைகளை அவர்கள் சொல்லியிருக்கிறார்கள். பெண் போலீசை கட்டாயம் வைத்தே தீரவேண்டுமென்று அவர்கள் முக்கியமாக வலியுறுத்தியிருக்கிறார்கள்.

“கடைசியாக அவர்கள் சொல்லும்போது, விபசாரத்தைத் தடுப்பதற்கு மக்களெல்லாம் ஒத்துழைக்கவேண்டுமென்றும் அவர்கள் கூறுகிறார்கள். அதற்கும் சில யோசனைகளைச் சொல்லியிருக்கிறார்கள். அவர்கள் சொன்ன யோசனைகளென்ன வென்றால்; 18 வயதிற்குப்பட்டவர்கள் விபசார விடுதியில் இருந்தால், போலீஸ்காரர்கள் அவர்களைப் பிடித்துக் கொண்டுவந்து கோர்ட்டில் நிறுத்தவேண்டும். மாஜிஸ்த்ரேட் விசாரித்து 18 வயதிற்கு உட்பட்டவர்கள் என்று இருந்தால் அவர்களை ரெஸ்க்யூ ஹோமுக்கு அனுப்ப வேண்டும். 21 வயதிற்கு மேற்பட்டவர்களை ஒன்றும் செய்யமுடியாது. இஷ்டம்போல் பிரயாணம் நடத்தலாம். சட்டத்திலே ஒன்றும் இல்லை. 21 வயதுக்கு மேற்பட்டவர்களை ஒன்றும் செய்யமுடியாது. சின்னஞ்சிறு திருத்தங்கள் ஒப்புக்கொள்ளப்பட்டிருக்கின்றன என்பதை நாம் மறந்து விடக்கூடாது என்று குறிப்பிட விரும்புகிறேன்.

[Sri P. Jeevanandam]

“இந்தச் சந்தர்ப்பத்தை நாம் பயன்படுத்திக்கொண்டு, இந்தச் சட்டத்தினுள்ள குறைபாடுகளை நாம் எடுத்துச் சொல்ல கடமைப்பட்டிருக்கிறோம். நாம் செய்யவேண்டியதை நாம் செய்யவேண்டும். கனம் மந்திரி அவர்கள் இந்த மசோதாவைப் பிரேரித்து, திருத்தங்கள் அவசியமில்லை; இந்திய சர்க்கார் ஆவன செய்வார்கள் என்று சொன்னார்கள். அவர்கள் செய்யும்போது செய்யட்டும். இந்தச் சபையினுடைய அபிப்பிராயத்தை நாம் அவர்களுக்குத் தெரியப்படுத்திவிடவேண்டும். மக்களுக்குப் பிரதிநிதி என்ற முறையில் நம்முடைய அனுபவத்திலிருந்து நாம் தெரிந்துகொண்டதை நாம் தெரியப்படுத்தவேண்டும். கமிட்டியினுடைய அபிப்பிராயத்தையும், அவர்களுடைய யோசனைகளையும் நம் முன்னால் வைத்துக் கொண்டு, அதன் பேரில் நம்முடைய அபிப்பிராயத்தையும் தெரிவித்து, மத்திய சர்க்காரையும் நிர்ப்பந்தப்படுத்தி, மத்திய சர்க்காரும் இந்தச் சட்டத்தைத் திறம்பட நடத்தி இன்னும் எவ்வளவு ஏற்பாடுகள் செய்ய வேண்டுமோ அவ்வளவையும் செய்து, மக்களுக்கு எவ்வளவு அனுகூலமாக இந்தச் சட்டத்தைச் செய்யமுடியுமோ அவைகளையெல்லாம் செய்து, நம் சகோதரிகள் இம்மாதிரி பாதகமான காரியங்களில் ஈடுபடுவதைத் தடுத்தி, அப்படி ஈடுபடுவர்களை மீட்பதற்கான முறையில் நம்முடைய ராஜ்யத்திலும் சட்ட மூலமாக ஆவன செய்யவேண்டும். நமக்கு அப்பாவிருக்கக்கூடிய மத்திய சர்க்காருக்கு நம்முடைய யோசனைகளை நாம் ஆணித்தரமாக எடுத்துச் சொல்லிவிடவேண்டும். யதார்த்த நிலைமையை அவர்களுக்குத் தெரியப்படுத்திவிடவேண்டும். அப்படிச் கூறும்போது, இன்னொரு உண்மையையும் நாம் பார்க்கவேண்டும்.

“இந்தியா மிகப் பெரிய நாடு. இந்தியாவைப்போல சீனாவும் மிகப் பெரிய நாடு, இந்தியாவும் சிழக்கில் உள்ளது, சீனாவும் சிழக்கில் உள்ளது. இந்தியாவுக்கும் தொன்மையான நாகரீகம் பழக்கவழக்கங்கள் உண்டு சீனாவுக்கும் தொன்மையான பழக்க வழக்கங்கள் உண்டு. சீனாவிலும் விபசாரம் தலைவிரித்து தாண்டவம் ஆடியது. இங்கும் அதே மாதிரியான நிலைமை இருந்து வருகிறது. அங்கு சட்டத்தின் மூலம் மிகத்திறமையாக விபசாரத்தைத் தடுத்திருக்கிறார்கள். அதைப் பார்க்கும்போது நம்முன் வந்திருக்கும் மசோதா யானைப்பசிக்கு சோளப்பொரியிடுவதைப்போல் தான் இருக்கிறது. இந்தச் சட்டம் இன்று 10 ஆயிரக்கணக்கான உத்தமப்பெண்கள் வறுமையின் கொடுமையால் தங்கள் உடம்பை—நினைத்தாலும் வெறுக்கத்தக்கதாகவும், பயங்கரமாகவும் இருக்கிறது—இப்படிப்பட்ட கேடுகெட்ட நிலைக்கு ஈடுபடுத்துகிறார்கள். இவைகளையெல்லாம் இந்தச் சந்தர்ப்பத்தில் நான் சர்க்காரின் கவனத்திற்குக் கொண்டுவர விரும்புகிறேன். சீனாவில் திருத்தம் செய்திருக்கிறார்கள். இந்த யோசனையை ஏற்றுக்கொண்டு இன்னும் நம்முடைய நாட்டில் எவ்வளவு கவனிக்க முடியும் என்பதற்காக உங்களுடைய கவனத்திற்குக் கொண்டுவர விரும்புகிறேன். இன்றைய நிலப்பிரபுவ சமுதாயத்தில் கொடிய பழக்க வழக்கங்கள் இருந்து வருகின்றன. இது பழைய எதேச்சாதிகாரத் தன்மையில் நடந்துவருகிறது. ஆண்களை உயர்த்துவதாகவும் பெண்களை அடிமைப்படுத்தும் முறையிலும் குழந்தைகளுக்கு பாதுகாப்பு அளிக்கப்படாமல் இருக்கிறது. இதை மாற்றி அமைக்கப்பட வேண்டும்.

• The arbitrary and compulsory feudal marriage system which is based on the superiority of man over woman and which ignores the children's interests shall be abolished.

இதை நாமும் சிபார்சு செய்யலாம். முடிந்தால் அமுலுக்குக் கொண்டு வரலாம்.

• The New Democratic marriage system which is based on free choice of partners on monogamy, on equal rights for both sexes, and on protection of the lawful interests of women and children shall be put into effect.

என்றெல்லாம் சட்டம் செய்யப்பட்டிருக்கிறது. ஆகவே ஒவ்வொரு நகரங்களிலும் அனேகமாக தெருத்தெருவாக இருந்த விபசார வீடுகள் இப்பொழுது மறைந்திருப்பதாக திருமதி விஜயலட்சுமியைப்போன்ற தேசியத் தலை

வர்கள் நேரில் கண்டு வந்து சொல்கிறார்கள். ஆனால் உலகத்தோடு ஒத்திட்டுப் பார்க்கும்போது நம்முடைய பழைய சட்டம் யானைப்பசிக்கு சோளப் பொரிப்போலிருக்கிறது. இந்த மசோதாவோ சோளப்பொரிதானும் இல்லை.”

SRIMATHI DR. T. S. SOUNDARAM RAMACHANDRAN :—“ கனம் சபாநாயகர் அவர்களே, இந்த மதராஸ் விபசாரத்தை சட்டத்திற்கு சில திருத்தங்கள் கொண்டு வந்திருக்கிறதை ஒரு செலக்ட் கமிட்டிக்கு விடவேண்டுமென்று வந்திருக்கும் பிரேரணையை நான் எதிர்க்கிறேன். இது ஒரு ஆச்சரியமாக இருக்கிறதென்று சொல்லலாம். இது பற்றி என்னுடைய கருத்தைக்கூற விரும்புகிறேன். கடந்த 24 வருஷங்களாக இந்தச் சட்டம் அமுல் செய்யப்பட்டும், அதிலே நாம் எடுத்துக்கொண்ட கஷ்ட நஷ்டங்கள், அது இன்னும் எவ்வளவு தூரம் திருத்தி அமைக்க வேண்டுமென்பதையெல்லாம் தெரிந்துகொள்ளவேண்டும். என்றாலும் இப்பொழுது வந்துள்ள திருத்தம் ஒடிசலுக்கு ஒட்டு போடுவது போலத்தான் என்பதை நானும் ஒப்புக்கொள்ளுகிறேன். ஆனால் இந்திய சட்டசபையில் ஒரு விரிவான சட்டம் வரப்போகிறது என்று அறிவிக்கப்பட்டிருக்கிறதே, அந்தச் சட்டம் உருவாக்கப்பட்டு பில்லாக வரும்போது அதற்கு மேல் நம்முடைய நாட்டுக்கு என்னென்ன சேர்க்கவேண்டும், குறைக்கவேண்டும், எந்தெந்தப் பழக்க வழக்கங்களை ஏற்றுக்கொள்ளவேண்டும், எந்தெந்த முறையில் சீர்திருத்தினால் பூரணமாக விபசாரத்தை விலக்க வழி செய்யலாம் என்பதைப்பற்றி விவாதிக்கலாம். அப்போது கொண்டுவருவதே உசிதமானது என்றும் எனக்குத் தோன்றுகிறது. அப்பொழுதுதான் நாம் முக்கியமாக பெண்களுக்கு நல்ல முறையில் இந்த விஷயத்தில் சீர்திருத்தங்கள் செய்யமுடியும். அதிலும் இளம் பெண்களுக்கு சீர்திருத்தம் செய்வதில் எனக்கு மிகவும் அக்கறை உண்டு. இதற்காக நான் இளம் வயதிலிருந்தே ஓரளவு பாடுபட்டு வருகிறேன். ஆகவே இந்திய சட்ட சபையில் மசோதா வரும்வரை பொறுத்திருந்து, அதற்குப் பின்னர் மசோதா நன்கு ஆலோசித்து நல்ல முடிவுக்கு வரலாம் என்பது என்னுடைய அபிப்பிராயம். ஆகவே இந்த சில திருத்தங்களுக்காக இதை செலக்ட் கமிட்டிக்கு விட வேண்டாமென்று நான் கேட்டுக் கொள்ளுகிறேன்.”

SRI A. RATNAM :—“ கனம் சபாநாயகர் அவர்களே, இந்த விபசாரத் தடை சட்ட மசோதா 1930-ம் ஆண்டிலே அமுல் நடந்தாலும் கூட, 24 ஆண்டுகளுக்குப் பிறகு இந்தத் திருத்தத்தை இன்று அமைச்சர் கொண்டுவருவதன் காரணம், மத்திய அரசாங்கத்தில் இந்தச் சட்டத்தை பற்றி விவாதிக்குமுன், இச்சட்டத்தைத் திருத்தி அடல் நடத்தவேண்டுமென்று சபை அங்கத்தினர்களுக்குச் சொன்னார். காங்கிரஸ் கட்சியில் திருமதி செளந்திரம் அம்மான் அவர்கள் பேசும்போது விளக்கமாக எடுத்துக் கூறியுள்ளார்கள். ஆகையால் நேரமில்லாத காரணத்தால், சுருக்கமாகப் பேசி முடிக்கிறேன். இந்த திருத்த மசோதாவில் என்ன இருக்கிறது? பட்டோடோப பெண்கள், கல்வி வளர்ச்சியுள்ளவர்கள், இன்னும் பொது வேலையில், சமூக சேவையில் ஈடுபடுவோர் விபசாரத்தில் ஈடுபட்டால் அவர்களுக்குத் தடைவிதிக்க இந்த மசோதாவில் திருத்தங்கள் இல்லை. பணக்காரர்கள் அல்லது மிட்டாதாரர்கள், ரெஸ்டாரெண்டுகளில் அல்லது ஓட்டல்களில் நடத்தும் விபசாரத்தைத் தடுக்க இந்த மசோதாவில் திருத்தங்கள் இல்லை. ஆனால் தெருவிலே, சேரிகளிலே, குப்பங்களிலே உள்ள தாழ்த்தப்பட்ட, பிற்பட்ட வகுப்பு மக்களை, குறிப்பாக ஏழைகளை இந்தச் சட்டம் பாதிக்கிறது. இந்தச் சட்டத்தின் மூலம் விபசாரம் தடை செய்யப்படாமல், ஏழை மக்கள் விணைத் தண்டிக்கப்படுகிறார்கள்; சிறைப்படுத்தப்படுகிறார்கள். ஆனால் அதே நேரத்தில் அதிகாரமும், ஆதிக்கமும் செய்து கொண்டிருக்கும், சதா விபசாரத்திலே மூழ்கிக்கொண்டிருப்பதை கலை

யாக வைத்துக்கொண்டிருக்கும் கல்வி வளர்ச்சி அடைந்தோர், பட்டதாரிகள், பணக்காரர்கள் போன்றோரைத் திருத்துவதற்கோ, தண்டிப்பதற்கோ இந்தச் சட்டத்திலே ஒன்றுமில்லை என்பதைச் சொல்லிக்கொள்ள ஆசைப்படுகிறேன். இந்தக் குறையை எல்லாம் நிவர்த்தி செய்வதற்கும், திருத்துவதற்காகவுமே நான் இதை ஒரு பொறுக்குக் கமிட்டியில் ஆலோசனைக்கு விடவேண்டுமென்று கேட்கிறேன். அதே நேரத்திலே பல தாய்மார்கள், வீணை விபசார குற்றம் சாட்டப்பட்டு, நிரபராதிகளில் பலர் தண்டிக்கப்படுகிறார்கள். அதாவது விபசாரத்தின் பெயரால் குற்றத்தைச் சாட்டி, அதே நேரத்தில் போலீஸ் கான்ஸ்டபிள், போலீஸ் இன்ஸ்பெக்டர்கள், மற்றுமுள்ள போலீஸ் அதிகாரிகள் விபசாரத்தில் ஈடுபடுகிறார்கள். இதையெல்லாம் திருத்துவதற்கு இந்த மசோதாவில் ஒன்றும் சொல்லப்படவில்லை. எனவே தான் இதையெல்லாம் பரிசீலனை செய்து பார்க்கவேண்டுமென்பதற்காக இந்தச் சட்டமானது ஒரு பொறுக்குக் கமிட்டிக்கு அனுப்பவேண்டுமது அவசியமாகிறது. குறிப்பாக ஒரு விஷயத்தை இந்த சபைமுன்பு சொல்லிக்கொள்ள விரும்புகிறேன். அன்மையில் நமது பிரதம மந்திரி ஜவஹர்லால் நேரு அவர்கள் சிதம்பரத்திற்கு வந்திருந்த காலத்திலே, சிதம்பரத்திற்கு அருகாமையிலுள்ள நெய்வேலிக்கு சென்றிருந்தார்கள். அப்போது நானும் அங்கு சென்றிருந்தேன். அச்சமயம் நான் அங்கு ஒரு ஓட்டலில் உங்குமாயுடையான நிலைமை ஏற்பட்டது. கடலூரில் உள்ள ஓட்டலில் தங்கினேன். நான் தங்கியிருந்த ஓட்டலில் போலீஸ் இன்ஸ்பெக்டர்கள் போன்ற பல போலீஸ் அதிகாரிகளும் தங்கியிருந்தார்கள். காலையில் நான் எழுந்திருந்து பார்த்தபோது, ஒவ்வொரு போலீஸ் அதிகாரியின் அறையிலும் ஒரு ஸ்திரீ இருக்கக்கண்டேன்.

எனவே இந்த மாதிரியான விபசாரம் இந்தக் காலத்திலே இன்னும் நடந்துகொண்டுதான் வருகின்றது. இந்தச் சீர்திருத்தத்தை எல்லாம் யார் நடைமுறையில் அமுலுக்கு கொண்டுவரவேண்டுமோ, பொதுமக்களிடத்திலே பரப்ப வேண்டுமோ அவர்களே இந்த மாதிரியான செயல்களைச் செய்தால் அவர்களையெல்லாம் தண்டிக்கவோ, சீர்திருத்தவோ இச்சட்டத்தில் திருத்தங்கள் இல்லை. இவையெல்லாம் ஏன் இந்தச் சட்டத்தில் அமுல் செய்துக் கொள்ளக்கூடாது என்று ஆட்சியிலுள்ள இந்த அரசாங்கத்தை சபையின் முன்பு கேட்டுக்கொள்ள ஆசைப்படுகிறேன். பெண்கள் மட்டும் விபசாரி என்று பெயரிடப்பட்டு அழைக்கப்படுகிறார்கள். அவர்களுக்கு சிறைக் கூண்டுக்கு, போலீஸ் ஸ்டேஷனுக்கு அல்லது கோர்ட்டுக்குப் போகும் நிர்ப்பந்தம் ஏற்படுத்தப்படுகிறது. ஆனால் அதே சமயத்தில் போலீஸ் உத்தியோகஸ்தரோ, மற்றவர்களோ தண்டனை அடைவதற்கு எத்தகைய அத்தியாவசியமும் ஏற்படுத்தப்படவில்லை. ஆகையால்தான் ஓரளவு சீர்திருத்தம் செய்ய பெண் போலீஸ்காரர்கள் அல்லது சமூக சேவை செய்யும் அதற்காகப் பயிற்சி பெற்ற மாதர்களைக் கொண்டு போலீஸ்காரர்களுடன்கூட அழைத்துச் செல்லவேண்டும். குறிப்பாக அப்பயிற்சி பெற்ற பெண்கள் இதர பெண்களுக்கு அவர்கள் கற்பைப்பற்றிய பெருமையை எடுத்துக்கூற வேண்டும். இம்மாதிரி நடைமுறையில் நமக்கு வேண்டுமென்கிற முறையில் இச்சட்டத்தைத் திருத்தி அமைத்து உருவாக்குவதற்காகத் தான் இப்போது இங்கு பல திருத்தங்கள் கொண்டு வரவேண்டிய அவசியம் ஏற்பட்டிருக்கிறது. மத்திய அரசாங்கத்தில் கொண்டுவரப்படுவதற்கு முன்பு, 24 ஆண்டுகளுக்குப் பிறகு ஒரு திருத்தத்தை இந்தச் சட்டத்திலே கொண்டுவர வேண்டுமென்பதற்காகத் தான் இம்மாதிரியான சமாதானம் கூறும் முறை செய்யப்படுகிறது என்றுதான் கருதுகிறேன். மத்திய அரசாங்கத்திலே நிறைவேறும் சட்டத்தை அல்லது திருத்தத்தை நிறைவேற்றப்படவேண்டுமானால், இதை ஒரு பொறுக்குக் கமிட்டியின் பரிசீலனைக்கு விடவேண்டுமென்று கேட்டுக்கொண்டு, தோழர் ராமலிங்கம் கொண்டுவந்த திருத்தத்தை நான் மனமார ஆதரிக்கிறேன் என்பதையும் தெரிவித்துக்கொள்ளுகிறேன்.

MR. SPEAKER :—“The House will now rise for lunch and meet again at 2-30 pm.”

The House then rose for lunch.

[5th May 1954]

(After lunch—2-30 p.m.)

SRI K. VINAYAKAM :—“Mr. Speaker, I rise to support the amendment moved by hon. Member Sri Ramalingam suggesting that this Bill be referred to a Select Committee. Sir, the original Act was passed by the Legislature of this State in 1930 and it has taken 24 solid years for the Government to wake up and find out some lacunæ in the working of the Act. I am glad that at least now they have come forward with certain amendments.

“I have very little experience in immoral traffic. But from what I have read about the Act, I would like to give certain suggestions to the Hon. Minister in charge of this Bill, if only he considers them as valuable. This immoral traffic has been in existence ever since the world was created by God. Legislators, administrators, and reformers have tried their best to suppress immoral traffic, but their efforts were in vain and ended in failure. The objects of the original Act are really laudable. But, in practice, it is as ineffective as the Prohibition enactment. Sir, Prohibition, though it is a very good moral measure which is expected to confer certain benefits on the people of the State, is not being properly worked either by the executive officers or by the people who are expected to obey the Act.

“Firstly, let us consider under whose care the legislation that is now before us, is going to be left. The executive officers, i.e., the Police Officers, are expected to respect the law and enforce it to its logical consequences if they come across any brothel institutions. But, what strikes us most and what the common man reads out of the entire situation is that the very officers who are expected to enforce the various provisions of the enactment and safeguard the interests of the people are the real law-breakers. It has been my painful experience to have noted that in most cases, they are actually abetting this kind of immoral traffic. I am not afraid of levelling this charge against the executive officers. However, if the Government were to turn round and ask me to prove this charge by quoting concrete instances, then I am afraid I will be at a loss to do so. On a former occasion, when I said that bottles of whisky were easily available in the streets of Madras, officers were coming to my house and pestering me with the request to let them know where exactly bottles of whisky were available in the City of Madras. I immediately turned round and said that I made the statement on the floor of the House in all seriousness in order to make the officers more alert and make them find out where exactly these things were available. With this idea only, I made that statement very frankly on the floor of the House. I am not afraid of the consequences that are involved in making such frank statements on the floor of the House. But I am sure that such kind of evils could be completely eradicated from society if only the executive officers who are put in charge of this legislation and who are expected to work this Act properly take sufficient care and real interest in the matter. The entire Act only touches a fringe of

[Sri K. Vinayakam] [5th May 1954]

the problem. It touches only those who are in the lower strata of society and who are quite uninfluential. This legislation does not touch the influential sections of society, it does not affect the favoured class. It does not affect—if you will pardon me for using the term—‘society vamps’. This legislation does not touch them, at all.

“They are expected to do social work. But under the guise of social work, they encourage this kind of evil and such a thing is not dealt with in this piece of legislation.

“Sir, what is the cause of this kind of evil in our society? The major cause which induces people to take to this kind of immoral traffic is the general poverty in the country. If that could be eradicated effectively, I am sure the Government could give a creditable account of themselves. As long as poverty and general unemployment exist in our country, any amount of legislation, however effective it might be, will not touch even the fringe of this problem.

“Sir, the Bill under contemplation only refers to certain places where immoral traffic is carried on. It has woefully neglected places like big residential hotels, rest houses or what are known as travellers’ bungalows that are situated in the mufassal. These places do not come within the scope of this Bill, as also the cinema theatres which have become cynosures for this kind of immoral traffic. In the City of Madras, this is very virulent and rampant and steps must be taken to check immoral traffic in such places of entertainment as cinema houses, etc.

“Sir, there is one more thing—private cars. What we call private taxis found at street corners and in lanes and other places in the City of Madras are the easy conduit lines between the abetter and the victim. These are the things which have to be brought within the scope of this Bill.

“Sir, I am aware that a private Bill was brought forward by a private Member in the House of the People at Delhi and this was discussed thoroughly by the entire House. Our Home Minister, Mr. Katju, came forward to say that he was contemplating a comprehensive Bill so that it could cover all the points raised by Members of that House. Sir, I know that is the stand that was taken by our Finance Minister when he said this morning that in view of the comprehensive Bill which would be brought in by the Home Minister at Delhi, there was no necessity for a full-dress debate upon the Bill that is before us. With the same argument, I could rebut the Hon. Minister in charge of the Bill and ask if the Hon. Minister in charge of the Bill wants hon. Members of this House to wait till a legislation of that kind is brought forward at Delhi, what is the immediate hurry for this kind of amendment here which touches only two sections of the Act? Sir, the original Act was passed in 1930, we have sufficiently waited for over a period of 24 years and all these years this lacuna

[Sri K. Vinayakam] 5th May 1954]

was not found out, even though courts had pointed out that there were many cases which went against the very legislation, the Government had not thought of an amendment during the past 24 years. Why not this Government wait for some more time since the Central Act would be in operation all over the country in a short time? Or if they want that the defects in the Act should be rectified immediately here and now, I ask why the Government should not see their way to refer this Bill to a Select Committee where most of the points which we raise on the floor of the House could be discussed thoroughly? Nothing will be lost if the Bill is referred to a Select Committee. I know this Bill has been passed by the Upper House of our State. That does not mean that we should not take the opportunity of referring it to a Select Committee and that does not mean that we should rush through and get it passed. I would therefore entreat the Hon. Minister to refer the Bill to a Select Committee and await its decision. Thank you, Sir.”

SRI T. C. NARAYANAN NAMBIAR :—“Mr. Speaker, Sir . . .”

MR. SPEAKER :—“The hon. Member might be brief.”

SRI T. C. NARAYANAN NAMBIAR :—“Yes, Sir. Prostitution, as some of the hon. Members have pointed out, has been a sort of an institution in our country. Of course, I do realise that during a certain period of the British Raj, this institution had the recognition of the Government. But now, it is not recognised and all of us want to see that this social evil is eradicated as soon as possible. Prostitution and all problems associated with it derive their strength from the basic social defects and unless these social defects are removed and unless bold efforts are made to rectify such defects, this evil cannot be eradicated in our country. The Puranas, the Prophets and all our Rishis and teachers have all propagated their teachings against this and in spite of all that, the evil continues. It is because the social factors which give rise to immorality continue and unless we see that such factors—the social defects—are removed, this evil will continue. Sir, there are so many stories in our Puranas and also Maha Kavi Vellathol, has said that in our country even in karlot streets, there are women of chastity and such are taken as examples so that virtue is propagated among women.

അന്യോ മഹിമാവിതാകൂഭവേ തവ
വന്ദോക്തതിലും നിഷ്കാമകാഹളം
വേദകുടിമിലും ബ്രാഹ്മണ്യസമ്പത്തി-
വേദശ്യാന്തരമിലും ചാരിത്രസന്ദേശം.

‘Even in the streets where prostitutes live, there is the fragrance of chastity’: That is the sentiment expressed by the poet. Of course, that is the sentiment we also have here.

“My point is this. I have certain doubts with regard to this Bill. We are amending the Act to save girls below the age of 18.

[Sri T. C. Narayanan Nambiar] [5th May 1954]

and in the case of girls above the age of 18, though we do not want them to carry on this profession—it is a profession, of course—(Interruption by the Hon. Finance Member)—no action is contemplated. I think when these girls are taken to courts and punished or put in the Rescue Homes, they are to be kept there till they attain the age of 21 or for shorter periods. That is what is stated here. In our society, as I have pointed out, prostitution is a very serious social vice. So, I am worried about what the future of these girls who come out of the Rescue Homes will be. Is there any measure under the contemplation of the Government to see that these unfortunate victims in our society are saved? After all you and I and all of us are responsible for not removing the basic defects in our society. I know young men do not come forward to marry them once they are arrested or once they are in Rescue Homes, because they were suspected prostitutes or they were compelled by circumstances to carry on prostitution. Therefore I think the Government and the House should see that something is done to help these unfortunate victims of a social evil. What I mean to say is that by mere legislation or by mere threat of police officials, social defects cannot be rectified.

“There should be social propaganda; there should be welfare leagues and institutions encouraged by the Government to see that this evil is eradicated. In rural parts nowadays—I can speak about Malabar from experience—the unfortunate victims are girls below 18 years of age. I can give very many instances. In Kozhikode, Tellicherry, Cannanore and other big cities, girls below 18 sell their flesh because of the unfortunate social condition. There are Shylocks to see that the feminine flesh is sold. Such sharks who carry on this trade are not dealt with seriously in this amending Bill. Therefore, my submission is that there should be an intensive campaign among women to educate them about this evil, even if it involves some expenditure so that these unfortunate sisters of ours may not fall a victim to prostitution. We must help society to rid itself of this evil. I speak to-day only to invite the attention of the Ministry to these factors. Every day the centres are increasing in number. Unfortunate poor girls from villages are flocking to the towns because of their intolerable social condition. They are driven away to sell their flesh and so, Sir, there should be something drastic done to eradicate this evil.”

SRI N. GOPALA MENON :—“Mr. Speaker, Sir, I think that there is really no need to refer this amending Bill to a Select Committee for the amendments which this Bill contains are very few. One is that the person who aids the commission of this offence is to be booked and the other is about the question of jurisdiction. From the speeches I have listened to this morning and from the amendments that hon. Members have given notice of, I find that there is some misapprehension in the minds of Members regarding the scope and the purpose of the Bill. It is assumed that a person who is immoral has to be punished. I find one of the

[Sri N. Gopala Menon] 5th May 1954]

amendments states that if a person (male) is found in a prostitute's house, he should be fined or imprisoned and that his name should be advertised so that he may not thereafter take to immoral ways. Now, Sir, the scope of the Bill is entirely different. It is not for the purpose of removing immorality that this Bill is before us. The conception of immorality changes from community to community, from country to country and from people to people. Here we have to look at things with a great deal of sympathy. In this country, women are generally under a tremendous handicap. According to the Hindu Law, the woman is never free. During childhood, she is under the protection of her father. When she is married, her husband protects her. When she is widowed, the son protects her so that throughout her life, she is not independent. She has no means of earning for herself. Therefore, what happens is this. If she has no father or brother or son to protect her or no patrimony to depend upon, then what is she to do? She falls a victim to the viles of other people who want to trade on her. She has to sell or hire her body for the pleasures of others so that she may eke out her livelihood. I do not think that the hundreds of thousands of prostitutes in the world are there of their own choice. They are poor unfortunate victims of circumstances and people who want to make a living out of their helplessness and trade on them. I want, therefore, hon. Members to look at this Bill with some sympathy and to say that persons who are immoral should be punished. You find in the Bill that the prostitute is not sought to be punished. There is no clause there which says that a woman who carries on this profession, as an hon. Member put it, of prostitution will be punished. It is because, she is a victim of circumstances. She is helpless and has got to be helped. It is the person, who induces her to take to that life, it is the person who gets together a number of young women in order to make money out of them who has to be punished. The scope of the Bill is that the person who commercialises vice is to be punished and not the person who is the unfortunate victim of circumstances.

“As I said, one of the amendments proposed in the Bill is that the person who aids the commission of the offence should be punished. The other is about jurisdiction. Probably, there have been cases where the courts had to acquit accused persons for want of jurisdiction. I am not aware of this but perhaps it is so, because women come from one place and are taken to another place and the courts trying them naturally find they have no jurisdiction. The Amendment Bill seeks to lay down that, whether the woman comes from another place or whether she is taken into custody at another place, the court before whom she is produced will have jurisdiction to try the case. These are simple amendments which I think ought to go through without much of discussion. I think it may not be necessary in this case to have a general legislation. There could never be a general legislation regarding the morality of our people. That must come by propaganda, by

[Sri N. Gopala Menon] [5th May 1954]

education and by our own people improving their character. This Bill, which seeks to punish those persons who try to make a living out of the unfortunate condition of these poor women, should be passed without any more discussion.

“ In some of the amendments proposed, it is found that persons who commit acts of immorality in lodging houses or travellers' bungalows or in any other place of public resort are sought to be punished. That is not the object of the Bill. The object is this. Where a person takes on lease or otherwise a particular place where these women habitually congregate for the purpose of prostitution and abets the offence, he ought to be punished. The Bill provides for it. The reason is this. The person who lets the house is also guilty. If he does not give his house for the purpose, well, to that extent, it may not be possible to carry on the trade. Therefore, to say that taxiwallahs should be punished if taxis are engaged for the purpose and that owners of lodging houses in districts—as my Friend put it—should be punished is outside the purview of this Bill. You will find, Sir, that this Bill confines itself necessarily to cities, municipalities and places where people largely congregate. It is one of the unfortunate things in society—and it cannot be helped—that a very large number of unmarried persons necessarily come to the cities in search of jobs or for their education or for other purposes. Such people we do not find in villages. You will find that prostitution as such exists only in cities and municipalities and other large towns and not in villages where generally people, from the point of view of morality are purer. I would, therefore, request hon. Members to look at the victims of prostitution with sympathy and to see that those who aid or abet this offence are punished severely. Let them not go one step further and say that those persons who are seen anywhere in the place or in automobiles should be booked. If they do it, they will be entangling themselves into difficulties and there will be no proper handling of the problem. Therefore, I say that this Bill is intended for the poor unfortunate women who take to prostitution not of their own choice. I am sure not one woman in a million would like to carry on this profession—a dignified name that an hon. Member gave—out of her own wish. It is circumstances which led these unfortunate women to that plight. As I said before; they are bereft of property, they are bereft of all help and the people who carry on this trade go to them and talk to them in alluring terms and promise them that they would get all the nice things of life, all the nice things in this world, and these unfortunate women succumb to these alluring words. I, therefore, wholeheartedly support the amendments now brought forward by the Government to the original Act and suggest that they may be passed immediately.”

MR. SPEAKER :—“ Even in a small Bill like this there is too much of repetition. Therefore, I wish to fix a time-limit of five minutes to each hon. Member.”

* SRI S. RAMALINGAM :—“ கனம் சபாநாயகர் அவர்களே, இந்த விபசாரத்தடை மசோதாவை சபையில் விவாதத்திற்கு எடுத்துக் கொண்டதுபற்றி ஒருபுறம் சந்தோஷமும், மறுபுறம் வருத்தமும் கொள்ள வேண்டியிருக்கிறது. கனம் ஸ்ரீகாமராஜ் அவர்கள் தலைமையின் கீழ் அரசாங்கம் அமைந்த பிறகு முதன் முதலாக ஒரு சமூக சீர்திருத்த மசோதாவை இந்தச் சபையில் விவாதத்திற்குக் கொண்டு வந்ததுபற்றி சந்தோஷப்படுகிறேன். ஆனால் நமது நாட்டில் இம்மாதிரியான துர்பாக்கிய நிலைமை நீடித்திருப்பதுபற்றி வருத்தப்படவேண்டியிருக்கிறது.

“ 1930-ம் ஆண்டில் இந்த விபசாரத்தடை மசோதா, சட்டமாகவந்து, இப்பொழுது 24 ஆண்டுகளுக்குப்பிறகும் கூட இந்தக் கெட்ட நடவடிக்கை நம் நாட்டிலிருந்து நீக்கப்படவில்லை. அதற்கு மாறாக விபசாரம் இன்னும் அதிகமாகவே வளர்ந்துகொண்டு வருகிறது. அதைத் தடுப்பதற்கு இச்சட்டம் சரிவரத் திருத்தப்படவில்லை என்றுதான் வருத்தப்படுகிறேன். குறிப்பாக, கண்ணகி, சாவித்திரி, அன்னை கஸ்தூரிபாய் போன்ற மாதர்கள் பிறந்து வாழ்ந்த நமது நாட்டில் இம்மாதிரியான ஒரு மசோதா விவாதிக்கப் படுவதுபற்றி துக்கப்படுவேண்டியிருக்கிறது. கனம் அங்கத்தினர் ஸ்ரீமதி செளந்தரம் ராமச்சந்திரன் அவர்கள் பேசியபொழுதுகூட, பார்லிமெண்டில் இந்த மாதிரி ஒரு சட்டம் நிறைவேற்றப்பட இருப்பதன் காரணமாக, இந்த மசோதா உடனடியாக இச்சபையில் நிறைவேற்றப்படவேண்டுமென்றும், அதை ஒரு பொறுக்குக் கமிட்டிக்குவிடவேண்டிய அவசியமில்லையென்றும் கூறினார்கள். ஸ்ரீ கோபால மேனனும் அதே காரணத்தைத்தான் சொன்னார்கள். விபசாரத்தில் ஈடுபட்டிருக்கும் துர்பாக்கிய ஸ்திரீகளை தண்டிப்பது இச்சட்டத்தின் நோக்கமல்ல என்றும், அதற்குப் பதிலாக அந்த ஸ்திரீகளைக் கொண்டு பணம் சம்பாதிக்கும் எண்ணத்துடன் விபசாரவிடுதிகள் நடத்து பவர்களைத் தண்டிப்பதுதான் இச்சட்டத்தின் நோக்கமென்றும், ஆகவே, இதுபற்றி அதிகம் விவாதிக்கத் தேவையில்லாததால் மசோதாவை உடனடியாக நிறைவேற்றுவது அவசியம் என்றும் அவர் கூறினார். விபசாரம் செய்பவர்களை தண்டிக்கவேண்டுமென்ற நோக்கத்துடன் நான் இப்பொழுது பேசவில்லை. ஆனால், இந்தக் கெட்ட நடவடிக்கைகளுக்கு மூலகாரணங்கள் என்ன, அவைகளைத் தடுப்பதற்கு இந்தச் சட்டம் நிறைவேற்றப்பட்டு 20, 25 ஆண்டுகளாகியும் அரசாங்கம் என்ன நடவடிக்கைகள் எடுத்துக் கொண்டிருக்கிறது என்பதை ஆராயவேண்டும். நமது நாட்டில் விபசாரம் இருக்கக்கூடாது என்பதில் யாருக்கும் எந்த விதமான அபிப்பிராய பேதமும் இருக்கமுடியாது. அதை அடியோடு ஒழிக்கவேண்டும். மூல காரணம் என்ன என்பதை ஆராயாமல் நாம் இந்தக் குற்றத்தைத் தடுக்க முடியுமா? விபசாரம் செய்பவர்களைப் பயன்படுத்திக்கொண்டு வியாபார முறையில் விபசார விடுதிகளை நடத்தி அதன் மூலம் பணம் சம்பாதிப்பவர்களைத் தண்டிப்பதால் மட்டும், விபசாரத்தை ஒழித்துவிடமுடியாது.

“ இந்தச் சட்டம் எப்படி நடைபெறுகிறது என்பதை விசாரணை செய்ய 1950-ம் ஆண்டில் ஒரு கமிட்டி நிறுவப்பட்டது. அக்கமிட்டி பல நகரங்களுக்குச் சென்று விசாரணை நடத்தியது. அந்தக் கமிட்டியின் சிபார்சுகளில் இரண்டு அல்லது மூன்றைத் தவிர பாக்கி சிபார்சுகளை சர்க்கார் அங்கீகரிக்கவில்லை. இந்தக் கமிட்டி சர்க்காராலேயே நியமிக்கப்பட்டது. கமிட்டியின் சிபார்சுகள் யாவை, எந்தெந்த சிபார்சுகளை சர்க்கார் அங்கீகரித்திருக்கிறார்கள், இன்னும் எந்த சிபார்சுகளை அங்கீகரித்துக்கொள்ளலாம் என்பதையெல்லாம் ஆராய்வதற்கு ஒரு சந்தர்ப்பத்தை உண்டாக்கவே இந்த மசோதாவை பொறுக்குக்கமிட்டிக்கு அனுப்பவேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன். இந்த மசோதாவுக்குக் குந்தகம் விளைவிக்கவேண்டுமென்ற எண்ணம் எனக்குக்கிடையாது. மேலும், இந்தச் சட்டத்தை திறம்பட அமுல் நடத்தி இம்மாதிரி குற்றங்களைத் தடுக்கவேண்டுமென்பதே எனது நோக்கம். சர்க்கார் கட்சித்தலைவரும், ஸ்ரீமதி செளந்தரம் ராமச்சந்திரனும், மற்றவர்களும் என்னுடைய திருத்தத்தை எதிர்பித்து ஆதரிப்பார்கள் என்ற நம்பிக்கையுடன்தான் திருத்தத்தைக்கொண்டு வந்திருக்கிறேன். அவர்களும் பூரணமாக விவாதத்தில் பங்கு எடுத்துக் கொண்டு ஒரு சில நாட்களில் பொறுக்குக் கமிட்டியில் முடிவு காண

முடியும். மேல்சபையில் இந்தச் சட்டம் நிறைவேற்றப்பட்டு ஒரு மாதமாகிறது. சட்டம் அமுலுக்கு வந்து 25 வருடங்கள் ஆகிவிட்டன. விசாரணைக் கமிட்டி ஏற்பட்டு 4 வருடங்கள் ஆயிற்று. இன்னும் ஒரு மாதகாலம் இந்த மசோதாவை ஒத்திப்போடுவதால் என்றும் நேரிடாது. ஆகையால் என்னுடைய திருத்தத்தை ஆதரிக்கும்படி கேட்டுக்கொண்டு என் உரையை இத்துடன் முடித்துக்கொள்ளுகிறேன்.”

SRI N. K. PALANISAMY :—“கனம் சபாநாயகர் அவர்களே, இந்த மசோதாவின் அர்த்தம் வேடிக்கையாக இருக்கிறது. காரணம் என்னவென்றால்; இந்தச் சட்டம் ‘Suppression of Immoral Traffic Act’ என்று சொல்லப்படுகிறது, அதாவது, விபசாரத்தை வீழ்த்தி ஒழித்துக்கட்டுவது என்பது தான் இதன் அர்த்தம். இருபத்துநான்கு வருடகாலமாக இச்சட்டம் அமுலில் இருந்தபிறகும், சட்டத்தில் என்னென்ன குறைபாடுகள் இருக்கின்றன, அக்குறைபாடுகளை நிவர்த்தி செய்ய என்னென்ன மாறுதல்களைச் செய்யவேண்டும் என்ற முறையில் சர்க்கார் திருத்தங்கள் கொண்டு வராமலிருப்பது மிகவும் வருந்தத்தக்கது.

“இப்பொழுது விபசாரம் நமது நாட்டில் அதிகரித்திருப்பதற்கு மூன்று காரணங்கள் உள்ளன. முதலாவதாக நாட்டில் ஏற்றுமைய அதிகமாக இருக்கிறது; இரண்டாவதாக விபசாரத்தை ஒரு வியாபார முறையில் நடத்துகிறார்கள்; மூன்றாவதாக, ஆடம்பரத்திற்காக பெரிய மனிதர்கள் பெருமளவில் விபசாரத் தொழிலை நடத்துகிறார்கள். சமீபத்தில் மாம்பலத்தில் ஒரு raid நடந்தபொழுது, பெரிய பணக்காரர்களும், பெரிய அதிகாரிகளும் சாமர்த்தியமாக தப்பித்துக்கொண்டு போய்விட்டார்கள். இப்பொழுது ஹைகோர்ட்டில் இது சம்பந்தமான வழக்கு விசாரணையிலிருந்து வருகிறது. இந்த வழக்கில் technical points இருக்கின்றனவே தவிர, உண்மையில் அது ஒரு பெரிய விபசார விடுதி என்பதை நான் தெரிவித்துக்கொள்ள ஆசைப்படுகிறேன்.”

THE HON. SRI C. SUBRAMANIAM :—“ I am sorry that the hon. Member has made a reference to this. It is a matter pending before the Court and it is therefore *sub judice*.”

SRI N. K. PALANISAMY :—“ பொதுவாக விபசாரக் குற்றங் களுக்குப் பெண்களுக்குத்தான் தண்டனை கொடுக்கப்படுகிறது. உண்மையாகவே விபசாரத்திற்குக் காரணமாக இருக்கக்கூடிய ஆண்களை ஏன் தண்டிக்கக்கூடாது? இதற்கு உதாரணமாக, பம்பாயில் ஒரு adultery case-ஓ நடந்தது நமக்குத் தெரியும். இந்த வழக்கில் சென்ற மார்ச் மாதம் 10-ம் தேதி Supreme Court தீர்ப்பு அளிக்கையில் section 497, I.P.C. பிரகாரம் இந்த adultery ஆண் இல்லாமல் நடக்கமுடியாது, ஆண்தான் அதற்குப் பொறுப்பு, பெண் அல்ல என்று சொல்லியிருக்கிறது. ஆண்கள்தான் இதற்குப் பொறுப்பு என்று தெரிந்திருந்தும் கூட அவர்களைத் தண்டிப்பதற்கு சட்டத்தில் ஏன் தீருத்தம் கொண்டுவரவில்லைவென்று கேட்கிறேன்? வாழ்க்கைத்தரத்தை உயர்த்துவதற்குவேண்டிய நடவடிக்கைகளை எடுக்காமல் விபசாரத்தை ஒழிக்கமுடியாது.”

MR. SPEAKER :—“இவைகள் ஏற்கெனவே சொல்லப்பட்ட விஷயங்கள் தான்.”

SRI N. K. PALANISAMY :—“ஆண்களுக்குத் தண்டனை கொடுப்பதற்கும் அவர்களை சீர்திருத்துவதற்கும்தான் நான் ஒரு திருத்தத்தைக் கொண்டுவந்திருக்கிறேன். அதன் அடிப்படையில், ஒருவர் விபசாரம் செய்தால் அவர் வேலை செய்யக்கூடிய இடத்திலும் அவர் பக்கத்து வீட்டு சுவற்றிலும் அவருடைய நடத்தையைப் பற்றி publish செய்வதன் மூலம் விபசாரத்தைத் தடுக்கமுடியும். இந்தத் திருத்தத்தை out of order என்று சொல்லி கனம் சபாநாயகர் அவர்கள் தள்ளி விடுவார்கள்.” (சிரிப்பு.)

MR. SPEAKER :—“ கனம் அங்கத்தினர் கொடுத்த இரண்டு திருத்தங்களும் ‘Male Prostitution’ ஐப்பற்றியது. “

SRI N. K. PALANISAMY :—“இம்மாதிரி விபசாரம் செய்யும் பெண்களுக்கு வாழ்க்கை உத்தரவாதம் கொடுக்காமல் அவர்களை **Vigilance Home**-ல் வைத்து கைத்தொழில் சொல்லிக்கொடுப்பதன்மூலம் இக்குற்றத்தைத் தடுத்துவிடமுடியாது. பெண்கள் இம்மாதிரி வாழ்க்கையில் பிரவேசிக்கக்கூடாது என்று சர்க்கார் நினைத்தால், அவர்களின் வாழ்க்கைத் தரம் உயர வசதி செய்து ‘**stability and security**’ இரண்டும் கொடுத்தாகவேண்டும். ஆனால் பெண்ணும் சேர்ந்து செய்யும் காரியத்திற்கு பெண்மீதுதான் குற்றம் சுமத்தப்படுகிறது. இதனால் பெண்களுக்கு அவமானம் ஏற்படுகிறது. ஆகவே, பெண்களைப் பொருளாதார சமூகத்துறைகளிலிருந்து பின்னுக்குத்தள்ளி வைத்திருப்பதால் விபசாரம் அதிகரிக்கிறது. அவர்களுக்குக் கல்வித்துறையிலும் மற்ற துறைகளிலும் அதிகப்படியான முக்கியத்துவம் அளிக்கவேண்டும். ராமாயணம், பாகவதம் படிப்பதில் குற்றம் நீங்கிவிடாது.

“அடுத்தபடியாக இந்தக் குற்றத்தை கண்டுபிடிப்பதற்கு சர்க்கார் போலீஸை ஒரு machinery ஆக வைத்திருக்கிறார்கள், உண்மையில், இந்த machinery விபசாரத்தை அதிகப்படுத்துகிறது. காரணம் என்ன வென்றால், நகரில் எந்தெந்த இடங்களில் விபசாரம் நடக்கிறது என்று போலீஸுக்குத் தெரியும். அவர்கள் ஒவ்வொரு விபசார விநிதியிலிருந்தும் ரூபாய் இரண்டு வீதம் வாங்குகிறார்கள். மாதக்கடையில் போலிஸ்காரர்களுக்கு வறுமை அதிகமாக இருப்பதால், 20-ம் தேதிக்குப்பிறகு, குற்றம் செய்தாலும்கூட, செய்யாவிடாலும்கூட, நூற்றுக்கணக்கான பெண்களை ஸ்டேஷனுக்கு அழைத்துச் செல்லுகிறார்கள். வறுமையின் காரணமாக வாழ்க்கை நடத்த முடியாமல் பணம்பேண்டும் என்ற முறையிலே 20-ம் தேதிக்குப் பிறகு கடைசி பத்து நாட்களில் அவர்கள் இம்மாதிரி நடக்கிறார்கள். இந்த machinery சரியாக வேலை செய்யவேண்டுமென்றால் போலிஸ்காரர்களுக்கு அதிகப்படி சம்பளம் கொடுத்து அவர்கள் சரிவர நடக்குமாறு உத்தரவு பிறப்பிக்கவேண்டும்.”

SRI T. SHANMUGAM:—“ “கனம் சபாநாயகர் அவர்களே, விபசாரத்தைச் சட்டத்தை நான் மிகவும் வரவேற்கிறேன். இதற்குக் கொடுக்கப்பட்டுள்ள திருத்தத்தையும் நாம் உண்டியாக ஏற்றுக்கொள்ளத் தான்வேண்டும். ஆனால் இந்த மாதிரியான இழிவு செயலைச் செய்ய பெண்கள் எதற்காக வருகின்றார்கள், எப்படி வருகின்றார்கள் என்பதை நாம் முதலிலே பரக்கவேண்டும். முதலாவதாக இந்த நிலைமைக்கு பெண்கள் எப்படி வருகின்றார்கள் என்பதை யோசித்துப்பார்த்து அதைத் தடுக்க தக்க நடவடிக்கை எடுக்கவேண்டும். இம்மாதிரியான நிலைக்குப் பெண்கள் வருவதற்கு மூன்று காரணங்கள் உண்டு. முதற் காரணம் அறியாமை. இரண்டாவது வறுமை. மூன்றாவது இயற்கையான தாபம். அறியாமை யைப் போக்க முதலில் அவர்களுக்கு நல்ல கல்வி அளிக்கவேண்டும். இதையும் சர்க்கார்தான் செய்யவேண்டும். பிறகு வறுமையை ஒழிப்பதற்கு அவர்களுக்கு எல்லாம் வேலை கொடுக்கவேண்டும். மூன்றாவதாக அவர்களுடைய இயற்கை தாபம் இருக்கிறதே அதை ஒழிக்க என்ன செய்ய வேண்டுமென்பதைச் சற்று நன்கு யோசித்தாகவேண்டும். அதற்கு நான் ஒரு நல்லயோசனை சொல்லுவேன். அனேகமாக இந்தத் தாபத்திற்கு அடிமையாகி இந்த இழிவு நிலைக்கு வருகின்றவர்கள் கைம்பெண்கள்தான். அதாவது கணவனை இழந்த விதவைகள் தான். இந்த விதவைகளை மனவியை இழந்த ஆண்கள் (அவர்களை widower என்று ஆங்கிலத்தில் சொல்வார்கள்) தமிழில் என்ன சொல்வது என்று தெரிய வில்லை, மணக்கவேண்டுமென்று சட்டம் போடவேண்டும். தாரத்தை இழந்த ஆடவன், கணவனை இழந்த பெண்களைத்தான் மணக்கவேண்டுமென்று சட்டம் கொண்டுவந்துவிட்டால் நாட்டில் விதவைகளை இருக்க மாட்டார்கள். பார்லிமெண்டில் இதைப்பற்றி எதோ ஒரு விரிவான சீர்திருத்தம் வரப்போவதாகச் சொல்லுகிறார்கள். அதாவது இருபத்தோறு வயதிற்கு மேல்தான் பெண்கள் மணந்துகொள்ளவேண்டுமென்றும், நான் பய வயதிற்கு மேற்பட்ட ஆடவன் யாரும் 25 வயதுக்குட்பட்ட பெண்களை மணந்து கொள்ளக்கூடாதென்றும் தடைவிதிக்கப்போவதாகச் சொல்லுகிறார்கள். இதெல்லாம் அவ்வளவு பொறுத்தமாக இல்லை. Widower widow க்களைத்தான் மணந்துகொள்ளவேண்டுமென்று சட்டதிட்டங்கள் வகுக்க வேண்டும். அப்பொழுதுதான் பெரும்பாலான பெண்களுடைய இயற்கையான தாபத்தைத் தீர்க்கமுடியும். உங்கள் எல்லோருக்கும் தெரியும், மக்கள் இவ்விஷயத்தில் ஈடுபட Natural demand இருக்கிறது என்று. (சிரிப்பு.)

“அதோடு இன்றோடு விஷயம். நீங்கள் எல்லோரும் படித்திருக்கலாம் வல்லாள மகாராஜா சரித்திரம். திருவண்ணாமலைக்கு ஒரு பண்டார சந்நிதி வந்திருந்தார், அவருக்கு ஒரு பெண் தேவையாக இருந்தது. ஒரு பெண்ணும் கிடைக்கவில்லை. உடனே அந்த மகாராஜா தன் மனைவியைக் கூப்பிட்டு, ‘அம்மா, நீ போய் இன்றிரவு அவரிடம் படுத்திரு’, என்று சொன்னதாகப் புராணம் இருக்கிறது. இதைப் பார்த்துவிட்டுத்தான், ஒரு மகாராஜா தன் மனைவியை ஒரு பண்டார சந்நிதியிடம் கூட்டிவிட்டிருக்கும்போது நாம் ஏன் இதுமாதிரியாக பெண்களை பிறறிடம் கூட்டிவிடக் கூடாது, இதில் தவறு என்ன இருக்கிறது, என்று இந்த விபசார விடுதிகளை நடத்துபவர்கள் எண்ணுகிறார்கள். ஆகவே இம்மாதிரியான ஆபாசப் புராணங்களை முதலில், ban செய்யவேண்டும். அதைவிட்டு விட்டு மக்களிடையே நல்ல நல்ல கருத்துக்களைப் பரப்பும் ஸ்ரீ அண்ணாதுரை ஸ்ரீ இளவழகன் போன்றவர்களின் புத்தகங்களை ban பண்ணுவது ரொம்பவும் தவறாகும்.

“ஆகவே நான் குறிப்பிப்படி பெண்களுடைய அறியாமை, வறுமை இவைகளைப் போக்குவதற்கும், அவர்களுடைய இயற்கைத் தாபத்தைத் தணிக்கும் வகையில் தாரத்தை இமந்தவன், கணவனை இமந்த பெண்

கனையே மணக்கவேண்டுமென்ற சட்டத்தைக் கொண்டுவரவும் ஆபாசமான கருத்துக்களைப் பரப்பும் புராணங்களை ban பண்ணவும், இந்தச் சர்க்கார் முதலில் நடவடிக்கை எடுத்துக்கொண்டாகவேண்டும். இதற்கான விஷயங்களை யெல்லாம் விசாரிக்க இதைப் பொறுக்குக் கமிட்டிக்கு விடுவது மேல் என்று நினைக்கிறேன்.”

* SRI A. GOVINDASWAMY NAYAGAR :—“கனம் சபாநாயகர் அவர்களே, இந்த மசோதாவை பொறுக்குக் கமிட்டிக்கு அனுப்பவேண்டுமென்ற திருத்தத்தை நான் ஆதரிக்கிறேன். விபசாரமானது எங்கே உற்பத்தியாகிறதென்ற விஷயத்தை ஸ்ரீ ஷண்முகம் அவர்கள் சூசமாகச் சொன்னார்கள். இதற்கு ஆரம்பல்தானாம் ஆலையங்கள் தான். அத்தனையும், ஆண்டவன் பெயரால் நடக்கின்றது. ஆண்டவன் பெயரால் அவர்களுக்கு ஒரு நெருவையே ஒதுக்கி வைத்திருக்கிறார்கள். அத்தோடு அவர்களுக்கு, ‘தேவர்களுடைய அடியார்கள்’, என்றும் பெயர் இட்டிருக்கிறார்கள். இந்த தேவர்களுடைய அடியார்களை யார் உபயோகப்படுத்துகிறார்கள் என்பதையும், சிந்தித்துப்பார்க்கவேண்டும். தேவர்களுக்காக ஒதுக்கப்பட்டவர்களை யார் அனுபவித்து வருகிறார்கள் என்பதை ஆராய்ந்து அதைத் தடுக்க நடவடிக்கை எடுத்தால் இந்த மசோதாவைக் கொண்டு வரவே அவசியம் ஏற்பட்டிருக்காது. இன்றைக்குத் தடை செய்யப்பட வேண்டியவர்கள் யார்? கொளுத்தப்படவேண்டியவைகள் என்னென்ன என்பதை ஆராயவேண்டும். ஆபாசமான புராணங்கள்பல கொளுத்தப்பட வேண்டுமென்று நான் சொன்னால் என்பால் பலருக்குக் கோபம் உண்டாகலாம், ஆவேசம் உண்டாகலாம். பெண்களுடைய சேல்களை எடுத்துக் கொண்டுபோய் மரத்தில் வைத்துக்கொண்டு இரு கைகளையும் தூக்கிக் கேட்டால்தான் சேலையைத் தருவேன் என்று ஒருவர் சொன்னாராம். அவன் செய்கின்ற காம லீலைகளுக்கு எல்லாம் பெயர் கிருஷ்ண லீலா. இந்த மாதிரியான பல ஆபாசமான படங்கள் அச்சிப்பட்டு விற்கப்படுகின்றன. இதை தடைப்பணை வேண்டுமென்று பகுத்தறிவாளர்கள் சொன்னால் அவர்கள் பிரசாரத்தில் தடை விதிக்கின்றது இந்தச் சர்க்கார். எங்கெங்கு பண்டார சந்திரிகள் இருக்கிறார்களோ அங்கெல்லாம் விபசாரம் நடக்கிறதென்பது அரசாங்கத்திற்கு நன்றாகத் தெரியும். ஆனால் இதே சர்க்கார் மந்திரிகள் அங்கெல்லாம் சென்று அவர்கள் கொடுக்கும் பிரசாதங்களை வாங்கிக்கொள்வதும், அவர்கள் போர்த்தும் பொன்னாடைகளை ஆண்டவன் அருளாகக் கருதி ஏற்றுக்கொள்வதையும்தான் நாம் பார்க்கிறோம்.

“அத்தோடு இந்த விபசாரமானது எங்கே அதிகமாக நாட்கிறதென்று பார்க்கிறபோது சென்னைபோன்ற பெரிய நகரங்களில்தான் அதிகமாக நடைபெறுகிறது என்பதை யாரும் மறுக்க முடியாது. ஆண்டவன் பெயரால் ஒரு பக்கத்தில் விபசாரம் நடைபெற்று வருகிறது. மற்றொரு பக்கத்தில் ராஜாக்கள் பெயரால் விபசாரம் நடைபெற்று வருகிறது. குறிப்பாக தசரத மகாராஜாவுக்கு அறுபதாயிரம் மனைவிமார்கள் என்று சொன்னால், ஒரு ராஜாவுக்கு ஒரு முனிஸிபாலிட்டியையே அவரது மனைவியாக ஒதுக்க வேண்டும். (சிரிப்பு.) அதைப்போலவே தான் பணம் படைத்த ஜமின்தார்கள் தாங்கள் பணம் படைத்திருக்கிறோம் என்ற செருக்கில், உடல் கொழுத்திருப்பதால் தங்கள் திமிரை அடக்கிக்கொள்ள பல மனைவிகளை நாடுகிறார்கள். அத்தோடு அவர்கள் பணத்திற்கு மயங்கி அவர்கள் விரும்பிய எந்தப் பெண்ணைவது அவர்களோடு விபரசாம் செய்ய இணங்காவிட்டால் அந்தப் பெண்ணின் உயிருக்கே ஆபத்து வரக்கூடிய நிலைமையும் இன்றைக்கு ஒரு புரத்தில் இருந்து கொண்டிருக்கிறது.

“அத்தோடு ஒரு சில இடங்களில் பெண்கள்கூட தங்களுடைய இயற்கையான தாபத்தைத் தணித்துக்கொள்ள ஆண்களை விபசாரம் செய்கிறார்கள். அமெரிக்காவில் தான் இந்த நிலைமை அதிகமாக இருக்கிறது என்று சொன்னாலும் கூட நம் நாட்டில் இல்லையென்று சொல்லிவிடக்கூடாது. பணம் அதிகம் படைத்த காரணத்தினால் சில பெண்கள் தங்கள் பணத்தை ஆண்களுக்கு கொடுத்து ஆண்களை இந்தத் தீயவழியில் இழுத்து விடுகிறார்கள்.

[Sri A. Govindaswamy Nayagar] [5th May 1954]

“பொதுவாக நகரங்களிலுள்ள ஹோட்டல்களில் தான் இந்த விபசாரம் மிக அதிகமாக நடைபெற்று வருகிறது. நான் நகரங்களில் என்று தான் சொன்னேன். சென்னையில் இல்லையென்று ஒரு நண்பர் சொன்னார். பெரிய நகரங்களிலுள்ள ஹோட்டல்களில் நிறைய நடந்து வருகின்றது என்று நான் சொல்வேன். அதை யாரும் மறுக்க முடியாது. இதைத் தடுக்க நான் ஒரு யோசனையும் சொல்வேன். யாராவது தன் மனைவி என்று சொல்லிக்கொண்டு நகரங்களிலுள்ள ஹோட்டல்களில் ஒரு பெண்ணுடன் வந்து தங்க இடங்கேட்டால் அவர்கள் உண்மையான தம்பதிகளா என்று பார்த்தே அவர்கள் சேர்ந்திருக்க ஹோட்டல் முதலாளிகள் சம்மதிக்கவேண்டும். அதற்காக தாங்கள் தான் தம்பதிகள் என்பதை ஊர்ஜிதப்படுத்தும் சர்ட்டிபிகேட்டை தாசில்தாரிடமிருந்தோ, அல்லது மாஜிஸ்ட்ரேட்டும் இருந்தோ அவர்கள் வாங்கி வந்தால் தான் அவர்களை ஹோட்டல்களில் தங்க அனுமதிக்கலாம் என்று ஒரு சட்டம் போடவேண்டும். அப்பொழுது தான் அனாமதேயங்கள் தங்கமுடியாது. ஹோட்டல்களில் நடக்கும் விபசாரத்தைத் தடுக்க முடியும். விபசாரம் செய்கின்ற ஆண் பெண்களை எந்தந்த முறையில் தண்டிக்க வேண்டுமென்று யோசிக்க வேண்டும். அதைப் பரிசீலிக்க இதை ஒரு பொறுக்குக் கமிட்டிக்கு விடுவதே நல்ல. ஸ்ரீ ஷண்முகம் சொன்னதுபோல அறியாமையைப் போக்கவும், வறுமையைப் போக்கவும் உடனடியாக நடவடிக்கை எடுத்துக் கொண்டாகவேண்டும். மேலும் மக்களின் ஒழுக்கத்தைப் பாதிக்கும் வகையில் இருக்கும் புராணங்களை ஒழிக்கவேண்டும். அவைகளை ஒழிக்க நாம் என்ன நடவடிக்கை எடுத்துக்கொண்டிருக்கிறோம்? இன்றைக்கும் ஆலையங்களிலே வருஷாவருஷம் திருமணம் நடத்தப்பட்டு வருகிறதே அதை ஒழிக்க என்ன நடவடிக்கை எடுத்துக் கொண்டிருக்கிறோம்? இன்றைக்கும் ஆலையங்களிலே சுவாமியையும், அம்மனையும் பள்ளியறையில் விடுவதாகச் சொல்லும் சம்பிரதாயம் இருக்கிறதே அதையெல்லாம் ஒழித்தால் தான் உண்மையாக இந்த நாட்டிலிருந்து விபசாரத்தை ஒழிக்க முடியும். இதைப்பற்றியெல்லாம் பகுத்தறிவாளர்கள் சொன்னால் அதை ஏற்பதில்லை. அவர்கள் சொல்லுவதையெல்லாம் சிந்தித்துப் பார்த்து தக்க ஒரு நடவடிக்கையை எடுத்துக்கொள்ளவேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன். நல்ல அறிவாளிகளையெல்லாம் இதைப்பற்றிக் கேட்கவேண்டும்.”

THE HON. SRI C. SUBRAMANIAM :—“ We shall seek your co-operation.”

* SRI A. GOVINDASWAMY NAYAGAR :—“ கனம் நிதி மந்திரி அவர்கள் எல்லாம் உணர்ந்தவர்கள். எல்லாம் அறிந்தவர்கள். அவர்களுக்கு எல்லா விஷயமும் தெரியும். என்னுடைய யோசனை அவருக்குத் தேவையாக வேயிருக்காது. நான் அதைச் சொன்னாலும் அதை ஏற்றுக் கொள்ளவும் மாட்டார்கள். பகுத்தறிவாளிகளின் கருத்தை ஒப்புக்கொண்டுவிட்டால் அவரது உண்மையான எண்ணம் ஈடேறாதே. நான் வேண்டுமானால் சொல்லுகின்றேன். முதலில் ஆபாசமான புராணங்களையெல்லாம் கொளுத்துங்கள் என்று. சந்தரமூர்த்தி சுவாமிகளுக்கு பெண்ணாகக் கடவுளே உரு எடுத்துச் சென்றார் என்றால் இந்தப் புராணத்தைப் படிப்பவர்கள் ஏன் விபசாரம் செய்ய அஞ்சுவார்கள்? இவைகளையெல்லாம் கொளுத்துவார்களா? ஆலையங்களிலே ஆண்டுதோறும் பல திருவிழாக்கள் நடக்கிறதே. அங்கே நடப்பது என்ன? ஒருவர் மேல் ஒருவர் முட்டிக்கொள்ளத்தான் அவர்கள் வருகிறார்கள். அதோடு ஆலையங்களில் இருட்டான இடங்களுக்கு விளக்குகள் போடுங்கள் என்று சொல்லுகிறேன். சனியவரன் சந்திதி இருக்கே, இருட்டான மிகக் குறுகிய இடம். அந்த இருளில் ஒருவர் மேல் ஒருவர் உருய்ந்து கொள்ளவசதியாகத்தான் இருக்கிறது. அங்கெல்லாம் விளக்கு போடுவார்களா? இதையெல்லாம் நன்கு உணர்ந்து நல்ல முறையில் என்னென்ன நடவடிக்கைகளை எடுக்க வேண்டுமென்பதைப் பற்றி ஆராய்ச்சி செய்ய இந்த மசோதாவை ஒரு பொறுக்குக் கமிட்டிக்கு விடவேண்டுமென்று சொல்லிக்கொண்டு நான் முடித்துக்கொள்ளுகிறேன்.”

[5th May 1954]

* THE HON. SRI C. SUBRAMANIAM :—“ Mr. Speaker, Sir, the scope of the discussion was very much enlarged because there is a considerable amount of misunderstanding with regard to this measure. It is not a measure intended to regulate private morality. This is not a measure to penalise or prevent private immorality. This is a measure to prevent the exploitation of women unfortunately placed, exploitation by men and women who take advantage of the situation and commercialise the vice and try to make money by running brothels and trafficking in women. That is the main and only object of this measure. Therefore, if this measure is viewed from that point of view I have absolutely no doubt, many of the very illuminating points raised during discussion on the floor of this House will be somewhat irrelevant for the purpose of consideration of this Bill.”

SRI V. K. VINAYAKAM :—“ We understand the view point of the Government. But there are so many defects in the amending Bill. Why not bring in a comprehensive amending Bill? ”

* THE HON. SRI C. SUBRAMANIAM :—“ That is why so many hon. Members spoke with so much vehemence as against private immorality. As a matter of fact, the existing Act does not even punish prostitution. It punishes persons who use this institution of prostitution for the purpose of making money, by exploiting the women. Therefore, the various other questions raised during the discussion will have to be considered, it may be, in some other measure if it is necessary. But it cannot be done as far as this measure is concerned.

“ Sir, it is true as far as this problem is concerned, this is only the symptom of the deeper disease, namely the poverty and ignorance which exist in society. We are all trying our very best to remove that poverty and ignorance. But that is quite a different problem altogether. That does not mean, simply because there is a deep rooted disease, the symptoms should never be treated. It is sometimes necessary to treat the symptoms also so that the disease gets cured to a certain extent. It is only from that aspect that this Bill has been brought before the House. In the working of the Act, we found certain difficulties and we are immediately trying to remove these defects and difficulties even though it is rather a little belated.

“ Sir, with reference to various other points raised, I already mentioned that there is a comprehensive Bill under the consideration of the Central Government. Hon. Members are probably aware that this is a concurrent subject and it is not, therefore, necessary to have parallel enactments in all the States. That is why we have left it for the consideration of the Central Government. They will take into consideration the various problems existing in the country and I have absolutely no doubt an acceptable Bill will be brought forward there and if some changes are required with reference to the conditions existing in our state, then

[Sri C. Subramaniam] [5th May 1954]

the necessary amendments could be made at that stage. That is the only reason why Government have not brought in a comprehensive Bill at this stage. Therefore, I would ask hon. Members, this being the object of the amending Bill, is it necessary to refer it to a Select Committee? Considering the restricted scope of the amendments proposed, I respectfully submit that the Select Committee will not be able to discharge any useful function in this case. After all we will be going quite outside the scope of the existing Act and also the amending Bill before the House if we want to bring in other points which were raised during the course of the Debate. Therefore, I say it will be unnecessary at this stage to refer this small amending Bill to a Select Committee. I would request the hon. Member who moved the amendment to refer this to a Select Committee to withdraw his amendment. As far as other points are concerned, I will be able to deal with them when specific amendments are moved for the concerned clauses. I, therefore, request the hon. Member Sri Ramalingam to withdraw his amendment."

The amendment was, by leave of the House, withdrawn.

MR. SPEAKER :—" Now I will put the original motion to the vote of the House. The question is—

'That the Madras Suppression of Immoral Traffic (Amendment) Bill, 1954 (L.C. Bill No. 6 of 1954) as passed by the Council be taken into consideration.' "

The motion was carried, and clause by clause consideration of the Bill was taken up.

Clause 2.

MR. SPEAKER :—" The question is—

'That clause 2 do stand part of the Bill.' "

The amendments proposed to this clause are more or less similar. They may be formally moved first and seconded and then they can be discussed together.

"கனம் சபாநாயகர் அவர்களே, இந்த விவாதத்தைக்கேட்கும்போது ரூசிகரமாகவும், அதே சமயத்தில் துக்கரமாகவும் இருந்தது. ஆனால் கனம் மந்திரி சுப்ரமணியம் அவர்கள் மசோதாவின் கருத்து என்ன என்பதை மிகத் தெளிவாக விளக்கி விட்டார்கள். இந்தத் திருத்த மசோதாவிற்கு விபசாரத் தடைச்சட்டம் என்பது பொருத்தம் இல்லாததான் என்று எனக்கு முன்பு பேசியவர்கள் சொன்னதிலிருந்து நன்றாக விளங்குகிறது. Traffic என்பதுதான் பொறுத்தமான வார்த்தை என்று புலப்படுகிறது.

"இப்பொழுது நான் கொண்டுவந்திருக்கும் திருத்தத்தைப்பற்றி இரண்டொரு வார்த்தை சொல்ல விரும்புகிறேன். இந்த விபசாரத்தில் பாதிக்கப்படுகிறவர்கள் சாதாரணமாக 13, 15 வயதுக்குட்பட்ட குழந்தைகள்தான். இதற்குக்காரணம் வறுமைதான் என்று சொல்லுகிறார்கள். இந்த விபசாரம் இன்று நேற்று தோன்றியதல்ல, தொன்றுதொட்டு உலகம் தோன்றிய காலம் முதற் கொண்டு இருந்துவருகிறது. கடந்த 30, 35 வருஷங்களாக எவ்வளவுதான் சமூக சீர்திருத்தம் செய்தபோதிலும், எவ்வளவுதான் சமூகம் இதற்காகப் பாடுபட்டபோதிலும் இந்த விஷயத்தில் சொந்த நலத்திற்காக ஆண்களும், பெண்களும் பயங்கரமான வழியில் ஈடுபடுவதால்

இது பரவி வருகிறது. பெரியவர்கள் தங்கள் சொந்த நலத்திற்காகவும் தங்கள் அனுசூலத்திற்காகவும், சிறு சிறு பெண்களை இந்த விபசாரத்தில் ஈடுபடுத்திவிடுகிறார்கள். ஆதலால் இந்தப் பயங்கர விபசாரத்தை ஒழிப்பதற்கு முக்கியமாக அரசாங்கமும் பொதுமக்களும் ஒத்துழைக்கவேண்டும். இதற்கேற்றவாறு அரசாங்கம் சட்டங்கள் செய்யவேண்டும். இது தனிப்பட்ட முறையில் ஆரம்பிக்கப்பட்டு நடந்துவருகிறது. முதன் முதலாக இந்த சட்டம் உருவானது 1930-ம் வருஷம். அதிலிருந்து 1936-ம் 1937-லும், 1938-லும் இச்சட்டம் விஸ்தரிக்கப்பட்டது. இவ்விபசாரத்தை ஒழிப்பதற்காக எவ்வளவோ எதிர்த்துப் போராடி வந்திருக்கிறோம். நாங்கள் இந்த விபசார விடுதிகளை raid செய்யப்போகும்போதெல்லாம் சிறு சிறு குழந்தைகள் தான் பூராவும் இம்மாதிரியான காரியங்களில் ஈடுபடுத்தப்படுகிறார்கள் என்பதைப் பார்க்கிறோம். இதில் 13, 15 வயதுக்குட்பட்ட குழந்தைகள் தான் 100-க்கு 80 பேர் பங்கெடுத்துக்கொள்ளுகிறார்கள் என்பதை எங்கள் சொந்த அனுபவத்தில் பார்க்கிறோம். இதில் அனேக பெண்கள் மிக நல்ல குணமுள்ளவர்களாக இருக்கிறார்கள். இப்படி இதில் ஈடுபடும் பெண்கள் இந்த விஷயத்தில் ஆசைப்படுவதாகவும் தெரியவில்லை. சாதாரணமாக அப்படிக் கொண்டுவந்து பழக்கப்பட்ட பெண்களில் பலர் ரொம்ப உத்தமிகளாகவே இருக்கிறார்கள். இவ்வாறாக பெரியவர்கள் செய்யும் குற்றத்திற்காக சிறிய குழந்தைகளின் வாழ்க்கை பாழாக்கப்படுகிறது.

“கடைசியாக நான் ஒன்று சொல்ல விரும்புகிறேன். இந்தவிபசாரம் பரவாமல் இருப்பதற்காகவும், வழக்கிழுந்தவர்களைச் சீர்த்திருத்துவதற்காகவும் எங்கள் முழுகவன சேவை இருந்துகொண்டே இருக்கிறது. இதற்காகத்தான் இந்தத் திருத்தத்தைக் கொண்டுவந்திருக்கிறேன். இரண்டாவது கிளாசில் ‘so removed’ என்ற வார்த்தைகளுக்குப் பக்கத்தில் ‘by the police assisted by a woman welfare worker specially trained for such purpose’, என்ற வார்த்தைகளைச் சேர்க்கவேண்டும். பெண்களின் குணத்தைப் பெண்கள்தான் அறிய முடியும் என்பதை எல்லோரும் உணரவேண்டும். இந்த மாதிரி விஷயத்தில் எல்லோரும் குறை சொல்லுவார்கள் என்பதில் சந்தேகமில்லை. இவர்களுக்கு சிபார்சாக பேசுவதற்கு நான் தயாராக இல்லை. விபசார விடுதிகளைப் பரிசோதனைச் செய்யும்போது பெரும்பாலும் 13, 14 வயது குழந்தைகளைத்தான் பார்க்கிறேன். இதைப்பற்றிய விஷயங்களை யெல்லாம் சொன்னால் ரொம்ப interesting ஆக இருக்கும். ஆனால் என் அனுபவங்களையெல்லாம் சொன்னால் நன்றாக இருக்காது; சொல்லவும் விரும்பவில்லை. நிற்க இந்தப்பெண்களுக்கு காவலாக போலீஸ் அனுப்பப்படுகிறது. இந்த மாதிரியான சந்தர்ப்பங்களில் அவர்கள் மனுஷத்தன்மையை இழந்து சில அசம்பாவிதங்கள் நேருவது சகஜமாகிறது. இந்தப்பெண்களை லாக்கப்பில் கொண்டுபோய் வைத்து அங்கே அவர்களைப் பாதுகாப்பதற்காக அனுப்பப்படும் போலீஸ் கான்ஸ்டேபிளோ, சப்-இன்ஸ்பெக்டரோ மனுஷத்தன்மையை இழந்து இதில் ஈடுபடுகிறார்கள். இம்மாதிரியாக அழைக்கப்பட்டு செல்கிற வர்களெல்லாம் மைனர் குழந்தைகள். ஆனால் அவர்களின் வயதைக் கேட்டால் 18 என்று சொல்லிவிடுகிறார்கள். நான் 18 வயதிற்குக் கீழுள்ள குழந்தைகளின் மேல் கவனம் செலுத்திவருகிறேன். இந்த விபசாரம் முற்றிலும் வியாபாரத் தோரணியிலேயே நடந்துவருகிறது. இம்மாதிரியாக raid செய்யும் போது அந்த raid செய்யும் பார்டியோடு நிச்சயமாக ஒரு ஸ்திரீயும் உன்செல்லவேண்டுமென்பதை வற்புறுத்திச் சொல்ல விரும்புகிறேன். இம்மாதிரியான raid செய்வதெல்லாம் முக்கியமாக நகரங்களில்தான் நடத்தமுடியும். அதற்காகத்தான் போலீஸ் raid செய்யப்போகும்போது ஒரு specially trained social worker அவர்களுடன் அனுப்பப்படவேண்டும். இதற்குச் சர்க்கார் பணம் அதிகமாகத்தான் செலவழிக்க வேண்டும். இதற்கு trained பெண்களை அனுப்பினால், அவர்கள் மனுஷ உள்ளக் கருத்துக்களை அறிந்து Psychology பிரகாரம் குழந்தைகளின் மனதைத் திருத்தியமைக்க நிச்சயமாக வழி ஏற்படும். இதற்கு பயிற்சி பெற்ற பெண்கள் பலர் தயாராக இருக்கிறார்கள். ஆனால் implement

பண்ணுவதுதான் கஷ்டமென்று சொல்லுகிறார்கள். (Disorderly house) என்ற வார்த்தைகளுடன் (or lodging or rest-house) என்று சேர்க்கும் திருத்தத்தையும் நான் வரவேற்கிறேன். அங்கே மைனர் பெண்களையெல்லாம் வைத்துக்கொண்டு என்னென்னவெல்லாம் நடத்துகிறார்கள் என்பதை நேரடியாகக் கண்டிருக்கிறோம். அவைகளை யெல்லாம் நாங்கள் கண்டித்தும் இருக்கிறோம். சில இடங்களில் தண்டனை வாங்கியும் தந்திருக்கிறோம். அப்படிப்பட்ட குழந்தைகளின் பெயர்களைச் சொன்னால் அவர்களின் குடும்பங்களின் பெயர்கள் என்ன ஆவது? பல இடங்களில் 13, 14 வயது பெண்கள் பிடிப்பட்டபோது, அவர்கள் 21 வயது என்று சொல்லி மீட்கப்படுகிறார்கள். அதனாலே இந்தத்திருத்தத்தை ஏற்றுக்கொண்டு உடனே சட்டமாக்கவேண்டும். இதைத் தான் கடந்த 15 வருஷங்களாகக் கேட்டுக் கொண்டு வந்திருக்கிறோம். ஆகவே இதற்கான உறுதிமொழிகொடுத்தாலே, அதைக்கொண்டு பயிற்சிபெற்ற பெண்களின் உதவியால் பூர்வாங்க வேலையை செய்ய முடியுமென்று கேட்டுக்கொள்ளுகிறேன்.”

MR. SPEAKER :—“நீங்கள் கொடுத்திருக்கும் மூன்று திருத்தங்களின் மீதும் பேசலாம்.”

* SRI A. RATNAM :—“கனம் சபாநாயகர் அவர்களே, கனம் அங்கத்தினர் திருமதி டி. எஸ். சௌந்தரம் ராமச்சந்திரன் அவர்கள் விளக்கமாக எடுத்துக்கூறியிருக்கிறார்கள். இந்தச் சட்டத்தின் மீது பேசுவதற்கு பெண்களுக்குத்தான் அதிக உரிமை உண்டு. அவர் சொல்வது தான் உருக்கமாக இருக்கிறது. அவர்களுடைய விருப்பத்திற்கிணங்க சட்டத்தைத் திருத்துவதுதான் ஆட்சியாளருடைய பொறுப்பும், சட்டசபையினுடைய பொறுப்புமாக இருக்க வேண்டியதவசியம். அவர்களுடைய திருத்தத்தைப் பின்பற்றி தான் என்னுடைய திருத்தத்தையும் வேறுவிதமாகக் கொடுத்திருக்கிறேன். என்னுடைய திருத்தமாவது :

“In the proposed new section 6 (ii) (a) in line 1, after the words “so removed” insert the words “by the police assisted by a qualified woman social worker.”

சென்னை ராஜ்யத்திலும், மற்றும் குறிப்பிட்ட இடங்களிலும் சமூக ஊழியர்கள் என்று சொல்லப்பட்டு மாதர்களும் பயிற்சி பெற்று வருகிறார்கள். மத்திய சர்க்கார் கூட, அவர்களுக்கு அதிகமான மான்யங்கள் ஒதுக்கியிருக்கிறார்கள். 18 வயதிற்கு உட்பட்ட பெண்களை போலீஸ்காரர்கள் போலீஸ் ஸ்டேஷனுக்கோ அல்லது விசாரிக்கும் இடத்திற்கோ கொண்டுபோவதற்கு இந்தச் சட்டத்தில் இடமிருக்கிறது. ஒரு பெண்ணின்மீது பொய்யாகவோ மெய்யாகவோ விபசாரக் குற்றத்தைச் சாட்டி, அந்தப் பெண்ணை போலீஸ்காரர்கள் அழைத்துச் செல்லுகிறார்கள். நிரபராதியாக உள்ள பெண்களையும் போலீஸ்காரர்கள் சந்தேகப்பட்டு அழைத்துக்கொண்டுபோகவும் நேரிடலாம். இம்மாதிரியான 18 வயதிற்குட்பட்ட யௌவனப் பெண்களை போலீஸ்காரர்கள் அழைத்துச் செல்லும்போது அவர்களே இந்த விபசாரத்திற்கு ஊன்றுகோலாக இருக்கிறார்கள். திருமதி ராமச்சந்திரன் அவர்கள் கூறியதுபோல போலீஸ்காரர்கள் அனுபவத்திற்கும் அவர்கள் உபயோகப்படுத்தப்படுகிறார்கள். அதை விளக்கிச் சொல்வதற்கு விருப்பமில்லை. காரணம், இது விரிந்துகொண்டே போகும். ஆனால், காரணத்தை உணர்ந்திருக்கிற நாம் அது விஷயத்தை நன்கு கவனித்து ஆவன செய்ய வேண்டும்.

“இது விஷயமாக மூன்று வருஷங்களுக்கு முன்னால் சென்னையிலேயே நிகழ்ந்த ஒரு சிறிய சம்பவத்தை எடுத்துக்காட்ட விரும்புகிறேன். ஆனைக் கவனி என்னும் இடத்தைச் சேர்ந்த போலீஸ்காரர் ருதுவாகாத 11 வயதுள்ள ஒரு ஆதித்திராவிடப் பெண்ணை போலீஸ் ஸ்டேஷனில் வைத்து ‘ரேப்’ பண்ணியிருக்கிறார்கள். அந்தப் பெண்ணைவன் எழும்பூர் பெண்கள் ஆஸ்பத்திரியில் அனுமதிக்கப்பட்டு, ஒன்றரை மாதம் அங்கு சிகிச்சை பெற்று, என் மூலமாக அரசாங்கத்திற்கு ரிபோர்ட் அனுப்பப்பட்டு, அந்தப் போலீஸ்காரருக்கு இரண்டு வருஷக் கடுங்காவல் கிடைத்திருக்கிறது.

[Sri A. Ratnam]

[5th May 1954]

இதிலிருந்து என்ன தெரிகிறதென்றால், போலீஸ்காரர்கள்கூட, இந்த அக்கிரமமான செயலில் ஈடுபடுகிறார்கள். விபசாரத்தைத் தடைசெய்ய வேண்டுமென்று சட்டம் கொண்டுவருகிறோம். ஆனால், விபசாரத்தைத் தடுப்பதற்கு யார் இருக்கிறார்களோ, யார் இந்தச் சட்டத்தை அமுலுக்குக் கொண்டுவரவேண்டுமோ, நடைமுறையில் நாட்டுக்கு நலம்செய்யவேண்டுமோ, மாதர் குலத்திற்கு, தாய்க் குலத்திற்கு யார் உதவி செய்யவேண்டுமோ, அவர்களே பிற்போக்கான முறையில் நடந்துகொள்ளுகிறார்கள். எனவேதான் இரண்டாவது விதிக்கு நான் கொடுத்திருக்கும்படியான திருத்தம் அவசியமாக இருக்கிறது. ஆகவே, சமூக ஊழியத்தில் தேர்ந்த பெண்களை இம்மாதிரி வேலைகளுக்கு வைத்தால், அவர்கள் நல்லமுறையில் நடந்துகொள்வார்கள். குற்றம் செய்தவர்களை எப்படி நடத்தவேண்டுமென்பது அவர்களுக்குத் தெரியும். சமூக ஊழியர் பயிற்சி பெற்றவர்கள் நல்ல முறையில் தொண்டாற்றக்கூடியவர்களாக இருப்பார்கள். ஏனென்றால், அவர்களுக்கு நல்லவிதமாகப் பயிற்சி அளிக்கப்பட்டிருக்கிறது. அண்மையிலே கவர்னர் அவர்களால் சமூக ஊழியர்களுக்குப் பட்டமளிப்புவிழா நடத்தப்பட்டது. அப்படிப்பட்ட நல்ல பயிற்சிபெற்ற ஸ்திரீ சமூக ஊழியர்களைப் போலீஸ்காரர்களுடன் அனுப்பி, அவர்களைக்கொண்டு, குற்றவாளிகளை போலீஸ் ஸ்டேஷனுக்கோ, விசாரணை ஸ்தலங்களுக்கோ, அழைத்துச் செல்லும்படி செய்தால் நலமாக இருக்குமென்று நான் கருதுகின்றேன். 18 வயதுக்குட்பட்ட பெண்ணைத் தனியாக இட்டுச் செல்வதற்கு ஆண் போலீஸ்காரர்கள் இருப்பதைவிட அவர்களுடன் பெண் சமூக ஊழியர்களும் இருப்பதுதான் பொருத்தமாகும். எனவேதான், இந்தச் திருத்தத்தை கனம் அங்கத்தினர் திருமதி அம்மையார் அவர்களும், நானும் கொடுத்திருக்கிறோம். இந்தத் திருத்தம் மிக அத்தியாவசியமும் பொருத்தமும் ஆகும் என்பதைக் கனம் அமைச்சர் அவர்கள் உணர்ந்து, இந்தத் திருத்தத்தை ஏற்றுக்கொள்ளவேண்டுமென்று கேட்டுக்கொள்ளுகின்றேன்.

“ அடுத்தபடியாக

‘In line 2 of the proposed new section 6 (ii) (a) after the words “brought before a court” insert the words “escorted by a qualified woman social worker”.’

இந்தத் திருத்தமும் நான் ஏற்கெனவே குறிப்பிட்ட கருத்தைத்தான் தெரிவிக்கின்றேன். முதல் திருத்தத்தைவிட இந்தத் திருத்தம் கடுமையாக இருக்கிறது. முதல் திருத்தத்தை அமைச்சர் அவர்கள் ஏற்றுக்கொண்டால் இந்தத் திருத்தம் அவசியமில்லை.

“ மூன்றாவதாக

‘In the proposed new section 6 (ii) (b), after the words “disorderly house” in line 4, insert the words “or lodging or rest-house.”’

சட்டத்தில் ‘disorderly house’ என்ற வார்த்தைகளுக்குப் பின் ‘or lodging or rest-house’ என்பதையும் சேர்க்கவேண்டும் என்பதுதான் என்னுடைய திருத்தத்தின் நோக்கம். தெருக்களிலும், நடைபாதைகளிலும், பொது இடங்களிலும் விபசாரம் நடைபெறக்கூடாது என்று போலீஸ்காரர்கள் அப்படிக் குற்றம் செய்பவர்களைப் பிடித்துக்கொள்ளவும், குற்றம் சாட்டவும் இந்தச் சட்டம் அனுமதிக்கிறது. ஆனால், அதே நேரத்தில் லாட்ஜிங் ஹவுஸ், ரெஸ்ட் ஹவுஸ் போன்ற இடங்களில் விபசாரக் குற்றம் நடந்தால், அவர்களையும் தண்டிப்பதற்கு சட்டத்தில் இடம் இருக்கவேண்டும். முனிசிபாலிடியார் வைத்து நடத்தும் சத்திரங்களையோ, தனிப்பட்டவர்கள் நடத்தும்படியான ஹோட்டல்களையோ நாம் கவனிப்போமானால் அங்கேதான் மாதர்கள் கொண்டுவரப்பட்டு, அவர்கள் அறைகளை வாடகைக்கு எடுத்துக் கொண்டு, உயர்தர வகுப்பினரைச் சேர்ந்தவர்களும், தனவந்தர்களும் விபசாரத்தைத் தொழில்போல், வர்த்தகம்போல் செய்கிறார்கள். வர்த்தகம்போல் செய்யப்படுகின்ற இந்த நாகரீகமான விபசாரத்தைத் தடைசெய்வதற்கு இந்தச் சட்டத்தில் ஒரு குறிப்பையும் காணோம். ஏழை எளியவர்களுக்கும், பிழைக்க வழியில்லாதவர்களுக்கும்தான் இந்தச் சட்டம் இருப்பதாகத் தெரிகிறதேயொழிய, தினம் நாலாறு, எட்டாறு கூட சம்பாதிக்க முடியாத ஏழைகளைத்தான் இந்தச் சட்டம் கட்டுப்படுத்துவதாக இருக்கிறது.

[5th May 1954]

[Sri A. Ratnam]

றதேயொழிய, செல்வாக்கு உள்ளவர்களும், பணக்காரர்களும், விபசாரத்தில் ஈடுபடுவதைக் கட்டுப்படுத்துவதாகத் தெரியவில்லை. சேரிவாழ் மக்கள் போன்ற ஏழைகளைத்தான் இந்தச் சட்டம் பெரிதும் கட்டுப்படுத்துவதாக இருக்கிறது. இப்படிப்பட்டவர்களை அடக்கவேண்டாமென்று நான் கூறவில்லை. ஆனால், விபசாரத்தை வர்த்தகம்போல் நடத்தி, நாகரீகமாக உல்லாச வாசம் செய்யும் பணக்காரர்களைத் தண்டிப்பதற்கோ, உடந்தையாக இருக்கக் கூடிய ஆண்களைத் தண்டிப்பதற்கோ அல்லது விபசாரத்திற்கு ஹாஸ்டல்களையும், லாட்ஜிங் ஹவுஸ்களையும் உபயோகப்படுத்துபவர்களைத் தண்டிப்பதற்கோ இந்தச் சட்டத்தில் ஒரு குறிப்பும் காணப்படவில்லை. எனவேதான் சாதாரணமான ஏழை மக்கள் விபசாரிகள் என்று கூறப்பட்டு தண்டிக்கப்படுகிறார்கள். சிறைத்தண்டனையை அனுபவிக்கவேண்டியும் அபராதத்தொகை செலுத்தவேண்டியும் ஏற்படுகிறது. இந்தச் சட்டமானது பெரிய மனிதர்களையும், பணம் படைத்தவர்களையும், உல்லாச புருஷர்களையும், இதை வர்த்தகமாகச் செய்கிறவர்களையும்கூட கட்டுப்படுத்தவேண்டும். எனவேதான், இந்தக் கிளாசிலே நான் இரண்டு புது வார்த்தைகளையும் சேர்க்கவேண்டுமென்று திருத்தம் கொடுத்திருக்கிறேன். என்னுடைய திருத்தமானது ரொம்பவும் பொருத்தமானது, அவசியமானது, பொதுமக்களெல்லோரும் ஏற்றுக் கொள்ளக்கூடியது. ஆகையால், அமைச்சர் அவர்கள் இந்தத் திருத்தத்தையும் ஏற்றுக்கொள்ள வேண்டுமென்று கேட்டுக்கொள்ளுகின்றேன்.

“ ஐந்தாவது கிளாசிலே. . .”

MR. SPEAKER :—“ நீங்கள் ஐந்தாவது கிளாசிற்குக் கொடுத்திருக்கும் திருத்தத்தை ஐந்தாவது கிளாஸ் விவாதத்திற்கு வரும்போது நீங்கள் பிரேரித்து, அப்பொழுது பேசலாம்.”

* SRI S. RAMALINGAM :—“ கனம் சபாநாயகர் அவர்களே திருமதி செளந்திரம் ராமச்சந்திரன் அவர்கள் சொன்னார்கள், இம்மாதிரி தவறி விடும் பெண்களை அழைத்துக்கொண்டு செல்லும் போலீஸ் அதிகாரிகளுடன் பயிற்சி பெற்ற ஸ்திரீகளையும் அனுப்ப வேண்டுமென்று அதை முழு மனதுடன் நான் ஏற்றுக் கொள்ளுகிறேன். அதைச் சர்க்கார் ஒத்துக்கொள்ளும் வகையில் தான் நானும் அதே துறையில் திருத்தம் கொடுத்திருக்கிறேன். இம்மாதிரி தவறி விடும் பெண்களை போலீஸ் கொண்டுவிந்த பிறகு, விடுதிக்குக் கொண்டுவரப் விடுகிறார்கள். அந்த விடுதியானது எப்படி, யாரிடம் ஒப்படைக்கப்பட்டுள்ளது என்பதைப் பற்றியெல்லாம் குறிப்பிடப்பட்டிருக்கிறது. அப்படிப்பட்ட பெண் எந்த மதத்தைச் சேர்ந்திருக்கிறாளோ, அம்மதத்தைச் சேர்ந்தவர்களால் நடத்தப்படும் விடுதிக்கு அனுப்பப்பட வேண்டுமென்று குறிப்பிடப்பட்டிருக்கிறது. அந்த விடுதிக்கு எல்லாம் பெண்களால் நடத்தப்பட வேண்டும். அந்த விடுதிகள் எல்லாம் ஆண்களால் நடத்தப்படக் கூடாது என்பது தான் என்னுடைய திருத்தம் சிறிது நேரத்தில் உழைத்துக்கொண்டுபோய் விடுதியில் சேர்ப்பதற்கு போகக் கூட ஸ்திரீகள் துணைசெல்லவேண்டுமென்று சொல்லும்போது, இம்மாதிரியாக தவறிய பெண்கள் ஆண்களுடைய பாதுகாப்பில் சில வருஷக்கணக்கி விட்டுவைக்கப்பட வேண்டுமென்பது தவறு என்பது எல்லோருக்கும் தெரிந்த ஒரு முக்கியமான அம்சம். ஆகவே என்னுடைய திருத்தத்தை அம்மானது அம்மானுடைய கட்சியைச் சார்ந்த சர்க்கார் கட்சியினரும் ஒப்புக்கொள்வார்கள் என்ற நம்பிக்கையோடு கேட்டுக் கொள்ளுகிறேன்.”

THE HON. SRI C. SUBRAMANIAM :—“ Sir, I think hon Member Sri N. K. Palanisamy's amendment introducing a new Clause 2-A will have to be taken up separately.”

MR. SPEAKER :—“ The hon. Member has also given notice of an amendment to Clause 2, namely :

‘In line 2, after the words “rescue home or”, insert the words “under the custody of Probationary Officers” and the words “or in such other . . . from that of the girl” shall be omitted’.

He can speak on this amendment.”

[5th May 1954]

SRI N. K. PALANISAMY :—“கனம் சபாநாயகர் அவர்களே, புதியதாக நான் இன்னொரு முக்கியமான புதிய கிளாஸ் போட்டு திருத்தத்தை கொடுத்திருக்கிறேன்.”

MR. SPEAKER :—“நீங்கள் 7-வது கிளாவில் பேசக்கூடாது. கிளாஸ் 11-ல் வரும்போது தான் பேச வேண்டும்.”

SRI N. K. PALANISAMY :—“கனம் சபாநாயகர் அவர்களே, இவ்விதமாக தவறி விடும் பெண்கள் அதாவது 18 வயதிற்குக் கீழே இருக்கக்கூடிய பெண்களை ரெஸ்கியூ ஹோமில் வைப்பதைவிட, probation ஆபீசர்கள் வசம் ஒப்பிவித்தால் அவர்கள் அதிகமாக ஒரு சமூகத்திற்கு ஓரளவு வேலை செய்து, எங்கெல்லாம் வேலை கிடைக்கிறதோ அங்கெல்லாம் இவ்விதமாக வழி தவறிய பெண்களுக்கு வேலை கொடுத்து வரும்படி செய்யும் முறையில் திருத்தி அமைத்து, அவர்களை probation ஆபீசர்களுக்குக் கீழாக வைத்திருப்பதே நலம் என்ற முறையில் நான் ஒரு திருத்தத்தைப் பிரேரேபித்திருக்கிறேன்.”

* **THE HON. SRI C. SUBRAMANIAM :—**“Mr. Speaker, Sir, I am sorry I am unable to accept any of the amendments even though I can give certain assurances in regard to some of the matters raised by means of the amendments and especially with reference to the amendment moved by hon. Member Dr. Srimathi T. S. Soundaram Ramachandran and other amendments which are akin to it, namely, that whenever there is a raid by the police, they should be accompanied by a woman welfare worker. On principle, I agree that such a thing should be done but it is rather difficult to implement it immediately. If we include such a provision in the statute it will be almost impossible to conduct any raid under present circumstances because if there is no woman social worker, there cannot be any raid and no action can be taken. In emergent cases, even where women welfare workers are available, they may not be available at very short notice and no action can, therefore, be taken. But, I can, however, assure hon. Members that we shall try our best to recruit honorary women social workers for this purpose and that executive instructions would be issued, if necessary, to the police that whenever they undertake a raid of this sort, they should seek the help of these honorary women social workers and in cases where they are not able to get the assistance of these honorary social workers they should reduce it to writing why it was not possible to get their assistance. If this amendment is to be incorporated in the statute, it will create a great deal of difficulty and the Police will not be able to act in any emergency. In regard to the amendment to the proposed new section (ii) (a) that a girl so removed shall be brought before a court 'escorted by a qualified woman social worker', moved by hon. Member Sri A. Ratnam, the same difficulty will arise if the words 'escorted by a qualified woman social worker' are to be included in the statute. There is the other amendment of the same hon. Member to insert the words 'or lodging or rest-house' after the words 'disorderly house' in the new section 6 (ii) (b). It is not necessary to particularise these things. If any lodging house or rest-house comes within the mischief of this section, whether it is a lodging house or rest-house

5th May 1954]

[Sri C. Subramaniam]

or any other sort of dwelling place or house, we will be able to take action. It is, therefore, unnecessary to include the words 'lodging or rest-house' in the statute as if there are the only places where this offence is committed. I am, therefore, not able to accept this amendment. As a matter of fact, if this amendment is accepted, it would appear as if every lodging or rest-house is being misused for this purpose.

“Coming to hon. Member Sri S. Ramalingam's amendment that 'such custody shall be that of a person or a body of females and not a person or a body of males,' I would respectfully submit that if he reads the provisions of this amending Bill he will find that such girls will have to be handed over to rescue homes. These rescue homes are run by certain responsible bodies and there are also women wardens. It is not as if this provision is to keep them in solitary confinement in rescue homes. There are many other women there and they would be in the company of females.”

SRI M. KALYANASUNDRAM :—“Are these rescue homes staffed by women?”

* **THE HON. SRI C. SUBRAMANIAM :—**“Yes, though the administrative body may consist of others. When it is not possible to commit a girl to a rescue home, for specific reasons to be stated in writing, the custody is given to somebody else. These things are dealt with by responsible courts and I am sure they will take sufficient care to see that the girl is not left in charge of anybody who is likely to misbehave or is likely to abuse such trust. Therefore, this amendment is also unnecessary.”

“As regards hon. Members Sri N. K. Palanisamy's amendment, with great difficulty I tried to understand it and I have not been able to do so and to the extent that I have understood it. I think that amendment also is unnecessary. I would therefore request all the hon. Members who have moved amendments to withdraw them in view of the assurance I have given in respect of women social workers being used on such raids and also during escorts.”

* **SRIMATHI DR. T. S. SOUNDARAM RAMACHANDRAN :—**“Sir, I wish to say a few before withdrawing my amendment. Voluntary workers will be available in the cities especially where there are Women's Welfare Departments and there are also the Vigilance Association as well as those who are responsible for running the Rescue Homes and Stri Sadhanas. It should not, therefore, be difficult to get them. I know, for instance, that Mrs. V. T. Lakshmi used to go herself for raids in the years 1937, 1938, etc., and in all these years, very good work was done but for some reason or other this was stopped and she was put in charge of some other work. I know also that the quality of work has deteriorated. In the cities, in addition to the Rescue Homes and other workers, Government personnel themselves are available in

the shape of Women's Welfare Department workers. However, in view of the assurance given by the Hon. Minister, I withdraw my amendment."

The amendment was, by leave, withdrawn.

SRI A. RATNAM :—"As the hon. Member, Srimathi Dr. T. S. Soundaram Ramachandran, has withdrawn her amendment, I am also withdrawing my amendment."

The amendment was, by leave, withdrawn.

SRI S. RAMALINGAM :—"கனம் மந்திரி அவர்கள் வாக்குறுதி கொடுத்ததை முன்னிட்டு நானும் என் திருத்தத்தை வாபஸ் பெறுகிறேன்."

The amendment was, by leave, withdrawn.

MR. SPEAKER :—"There is only the amendment of hon. Member Sri N. K. Palanisamy. The question is—

'That in line 20, after the words "rescue home or" insert the words "under the custody of Probation Officers" and the words "or in such other . . . from that of the girl" shall be omitted.'

The amendment was put and lost.

Clause 2 was put and carried.

New Clause 2-A.

MR. SPEAKER :—"The hon. Member, Sri N. K. Palanisamy, who has given notice of this new Clause, himself doubts whether it is relevant to the Bill under discussion. Apart from this, 'male prostitution' itself has two meanings.

"இதிலே இரண்டு அர்த்தங்கள் இருக்கின்றன. ஆண் விபசாரம் என்றால் உங்களுக்கு என்ன தெரியும். ஆண் விபசாரம் என்பது மேற்கத்திய நாடுகளில் நடப்பதாகும். அதாவது ஆண்கள் ஓர் இடத்தில் இருப்பார்கள். பெண்கள் அந்த இடத்திற்கு வருவார்கள். அது என்ன அர்த்தம் என்பது எனக்கு விளங்கவில்லை.

The hon. Member's amendment seeks to amend the original Act itself and is therefore clearly out of order. I, therefore, request him not to move his amendment."

SRI N. K. PALANISAMY :—"விபசாரத்திற்குப் பொதுவாக குற்றம் செய்தவர்களுக்குத் தண்டனை கொடுக்கப்பட்டு வருகிறது. விபசாரத்தை நடத்துகிறவர்களுக்கோ அல்லது பாக்கி இருக்கக்கூடிய ஆட்களுக்கோ அதில் தண்டனை இருக்கும்படி செய்யவேண்டும். ஆண்களுக்கு மட்டும் இந்த தண்டனை என் இல்லை என்பதை கேட்டுக்கொள்ளுகிறேன்."

MR. SPEAKER :—"ஓரிஜினல் ஆர்க்டுக்கு நீங்கள் திருத்தம் கொண்டு வரக்கூடாது."

SRI N. K. PALANISAMY :—"Sir, I am not moving my amendment."

[5th May 1954]

Clauses 3 and 4.

Clauses 3 and 4 were put and carried.

Clause 5.

MR. SPEAKER :—"The motion is—

'That Clause 5 do stand part of the Bill.'

SRIMATHI DR. T. S. SOUNDARAM RAMACHANDRAN :—"

Mr. Speaker, Sir, I move—

'In the proposed new clause (1) of section 12, after the words "indecent exposure of her" occurring in line 7, insert the words "or his".'

The new clause reads as follows :—

'In any street or public place or within sight of and in such manner as to be seen or heard from any street or public place, whether from within any house or building or not, by words, gestures, indecent exposure of her person, or otherwise, attracts or endeavours to attract attention for the purposes of prostitution or solicits or molest any person for such purposes or . . .

I want the words 'or his' to be added after the words 'indecent exposure of her'. I do not remember the exact wording but when a similar Bill was brought in Parliament some years ago by Srimathi Uma Nehru, the words 'indecent exposure of her person or his' were there. I have not got this paper with me now though I wanted to bring it here. Of course, this particular clause seeks to punish the woman because it is she who solicits and could, therefore, be punished. Here again, I am quoting from my own personal experience, it is not only the 'she' but men also are not exempt from this vice of soliciting. I know the Hon. Sri C. Subramaniam, being a lawyer should have good experience of this also. (Laughter.) I only meant that he has good experience of it only as a lawyer. Especially in cities like Coimbatore and Madurai one cannot escape this vice though it is becoming less and less nowadays. Madurai, being a sacred city, I know it used to be said that 'அங்கு நல்ல வடிக்கட்டின பாவம் இருக்கிறது.' I therefore, think that it is very necessary to include the words 'or his' as suggested by me and I need not dilate further on it. I want this amendment to be accepted."

SRI C. RAJAM RAMASAMI :—"Sir, I second the amendment."

* SRI S. RAMALINGAM :—"Delete the word 'her' occurring in line 6 of clause 5.

"கனம் அங்கத்தினர் ஸ்ரீமதி செளந்தரம் ராமச்சந்திரன் அவர்கள் சொன்ன அதே திருத்தத்தைத்தான் நான் வேறுமுறையில் கொண்டுவந்திருக்கிறேன். 'அவன் அவள்' என்ற இரு பதங்களையும் சேர்க்கவேண்டுமென்று அவர்கள் சொல்லுகிறார்கள். நான் சொல்லுகிறபடி அந்த இரண்டு பதங்களையும் எடுத்துவிட்டால் அதே அர்த்தம்தான் வரும். ஆகையால் என்னுடைய திருத்தத்தை பிரேரேபித்து அவர்கள் சொன்னதை நான் ஆமோதிக்கிறேன்."

SRI K. P. GOPALAN :—"I second the amendment."

[5th May 1954]

SRI A. RATNAM :—" Sir, I move—

' Add the following at the end of clause 5 :—

" and the following words shall be added at the end, namely :—

' Women offenders shall be arrested by women police or by policemen assisted by qualified women social workers ' " "

The amendment was duly seconded.

MR. SPEAKER :—" All the amendments are now before the House for discussion."

SRIMATHI DR. T. S. SOUNDARAM RAMACHANDRAN :—" I move—

' In the proposed new clause (1) of section 12 after the words " indecent exposure of her " occurring in line 7, insert the words " or his " ' "

SRI A. RATNAM :—" I move—

' Add the following at the end of clause 5 :—

" and the following words shall be added at the end, namely :—

' women offenders shall be arrested by women police or by policemen assisted by qualified women social workers ' " "

SRI S. RAMALINGAM :—" I move—

' Delete the words " her " occurring in line 6. ' "

SRI N. GOPALA MENON :—" Mr. Speaker, Sir, I am afraid that the hon. Mover of this amendment, viz., Dr. Soundaram Ramachandran has not, I am sorry to say, seen the exact scope of the parent Act itself. The Act relates to prostitutes and if one were to look into the English dictionary one could find that a prostitute could only be a woman."

SRIMATHI DR. T. S. SOUNDARAM RAMACHANDRAN :—" I cannot accept it, Sir." (Laughter.)

* SRI N. GOPALA MENON :—" Although we may in common parlance talk of a male prostitute, one could never find such a sort of thing among human beings. That sort of thing is prevalent only in the animal kingdom. We have heard of stud bulls being kept to serve cows. But no male person is being kept in any part of the world solely for the purpose of entertaining females. I know in the old days polyandry was prevalent in some parts of the world. Several women used to marry one man and several men used to marry one woman. That may be due to different consideration. But never have I heard that in any part of the world there are a species of male human beings kept apart for the purpose of being served."

5th May 1954]

DR. K. B. MENON :—" I wish to make a correction as a student of sociology. There are male prostitutes. They are known in Western countries by the name of ' gigolos ' and they frequent the health resorts in European countries."

SRIMATHI DR. T. S. SOUNDARAM RAMACHANDRAN :—" One word of explanation, Sir. Even though I jokingly said that there are male prostitutes, here in this case, solicitation is made an offence. I say this solicitation could be done not only by women prostitutes but also by men. Men also could solicit. That is why I say men also should be included."

* SRI N. GOPALA MENON :—" The amendment tabled by Dr. Soundaram Ramachandran also does not contain the correct expression. When I looked into the Oxford dictionary, this is the meaning I find for the term ' prostitute ', viz.,

' A prostitute is a woman who subjects her body to indiscriminate sexual intercourse especially for hire.'

Therefore, to say that there are male prostitutes according to common parlance is, let me submit, not correct English. Another thing is also said here, viz., ' If she makes an indecent exposure of her body . . . ' What I say is suppose you add ' men ' also; then it becomes meaningless for the section applies only to prostitutes. If a male person makes an indecent exposure of his body in public, there are other provisions in the Indian Penal Code by which he could be arrested and given the necessary punishment. It is only a woman who could engage herself in prostitution. A man cannot expose any part of his anatomy for the sake of prostitution. Therefore, for the purpose of good reading and for the purpose of good English, I request that Mrs. Soundaram Ramachandran would look into the matter carefully and bring a suitable amendment later for as at present worded her amendment is not correct."

* THE HON. SRI C. SUBRAMANIAM :—" Mr. Gopala Menon has explained the position very clearly. It is not the form of solicitation or indecent behaviour on the part of the male that could be brought within the purview of this clause and sought to be penalised. It is only when a prostitute for the purpose of soliciting men makes indecent exposure of her body, she is sought to be punished. Unless we accept that there are male prostitutes, it is not possible to include ' men ' also in this clause. Moreover such an amendment will make matters worse. Suppose a man who is going in the street sees a lady. Suppose he makes some signs to her. Then could he be punished for it merely because he made some signs? It is not for that purpose that this clause 5 is framed. It is for the purpose of punishing a woman prostitute who for the purpose of encouraging prostitution purposely solicits and makes an indecent exposure of her body, that this clause has been framed. Only after very careful consideration, we have decided to use only the word ' her '. Therefore, I request the mover of the amendment to withdraw her amendment."

[5th May 1954]

SRIMATHI DR. T. S. SOUNDARAM RAMACHANDRAN :—
“ Because this is a matter dealing with solicitation and because I thought that solicitation could be done both by the female as well as by the male, I wanted that the word ‘ his ’ also should be included.”

THE HON. SRI C. SUBRAMANIAM :—“ Then another amendment is necessary.”

SRIMATHI DR. T. S. SOUNDARAM RAMACHANDRAN :—
“ I am not a lawyer. In view of what the Hon. Minister has told us, I am withdrawing my amendment. I only want that solicitation by men also should be made a punishable offence.”

“ With the permission of the House, the amendment of Srimathi Dr. Soundaram Ramachandran was withdrawn.”

SRI N. GOPALA MENON :—“ On a point of information, Sir, I find the second paragraph of clause 5 begins like this :

‘ (1) in any street or public place or within sight of and . . . ’

“ I do not know within sight of ‘ what ’ the ‘ indecent exposure ’ should not take place. That is not specified here. The wording is not correct. I think the proper wording would be

‘ (1) in any street or public place or within sight thereof and . . . ’
Perhaps then the meaning may be clear.”

SRI P. S. KRISHNASWAMY AYYANGAR :—“ I think the meaning would be quite clear if we put a comma after the words :

‘ (1) in any street or public place or within sight of, and in such manner as to be seen or heard from, any street . . . ’

If we insert the comma as I have just suggested, the meaning would be quite clear.”

THE HON. SRI C. SUBRAMANIAM :—“ I think the clause as it stands is quite all right. I think Mr. Gopala Menon has read only a portion of it. If he reads the whole clause the meaning would be quite clear.”

MR. SPEAKER :—“ Is the hon. Member Sri S. Ramalingam withdrawing his amendment? ”

SRI S. RAMALINGAM :—“ I am withdrawing my amendment, Sir.”

With the permission of the House the amendment of Sri Ramalingam was withdrawn.

MR. SPEAKER :—“ Is the hon. Member Mr. Ratnam withdrawing his amendment? ”

SRI A. RATNAM :—“ No, Sir. I am pressing it.”

5th May 1954]

MR. SPEAKER :—“ The question is—

‘ Add the following at the end of clause 5 :—

“ and the following words shall be added at the end, namely—

‘ women offenders shall be arrested by women police or by policemen assisted by qualified women social workers ’ ”

The amendment was put and lost.

Clause 5 was put and carried.

(b) The Court shall then make an inquiry in the manner prescribed for summons cases and if satisfied that she is living or is carrying on, or is being made to carry on, prostitution in a brothel, disorderly house or place of assignation or living in a house used for immoral purposes or in any other circumstances calculated to cause, encourage or favour prostitution and that the girl is under 18 years of age may make an order that such girl be placed until she attains the age of 21 years or for any shorter period in a rescue home or in such other custody as the Court, for reasons to be stated in writing, shall consider suitable, provided that such custody shall not be that of a person or body of a different religious persuasion from that of the girl.

(iii) Where a Court has arrived at a finding regarding the age of a girl dealt with under sub-section (ii), such age shall, for the purpose of that sub-section, be deemed to be her true age; and no order of the Court shall be deemed to be invalid or be liable to be interfered with in appeal or revision on the ground that her age had not been correctly determined.”

3. *Substitution of new section for section 9, Madras Act V of 1930.*—For section 9 of the principal Act, the following section shall be substituted, namely :—

THE MADRAS CITY MUNICIPAL (AMENDMENT)
BILL, 1954 (L.C. BILL No. 7 OF 1954)

THE MADRAS LEGISLATIVE ASSEMBLY.

Friday, 7th May 1954.

The House met in the Assembly Chamber, Government Estate Mount Road, at eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

THE MADRAS CITY MUNICIPAL (AMENDMENT) BILL, 1954
(L.C. BILL NO. 7 OF 1954).

THE HON. SRI S. S. RAMASAMY PADAYACHI :—
Mr. Speaker, I move—

'That the Madras City Municipal (Amendment) Bill, 1954 (L.C. Bill No. 7 of 1954), as passed by the Council be taken into consideration.'

"Under the existing provisions of the Madras City Municipal Act, 1919, the maximum monthly salary of the Water Works Engineer of the Corporation of Madras has been limited to Rs. 800, while the maximum monthly salary of the other heads of departments like the Health Officer, the Engineer, the Electrical Engineer and the Revenue Officer has been fixed at Rs. 1,200. As the duties and responsibilities of the Water Works Engineer are no less important and onerous than those of the other heads of departments, the Corporation Council has recommended that the maximum salary of the Water Works Engineer should be raised to Rs. 1,200 so as to be on a par with the maximum salary of the Engineer or the Electrical Engineer. This is a reasonable recommendation and to give effect to it, it is proposed to amend clauses (b) and (c) of sub-section (1) of section 85 of the Madras City Municipal Act, 1919. Accordingly I have moved the motion."

MR. SPEAKER :—"Motion moved—

'That the Madras City Municipal (Amendment) Bill, 1954 (L.C. Bill No. 7 of 1954), as passed by the Council be taken into consideration.'

SRI A. RATNAM :—"Sir, I move—

'That the Madras City Municipal (Amendment) Bill, 1954 (L.C. Bill No. 7 of 1954), as passed by the Council be taken into consideration this day six months.'

SRI A. GOVINDASAMY NAYAGAR :—"I second the amendment."

7th May 1954]

MR. SPEAKER :—"Motion moved—

'That the Madras City Municipal (Amendment) Bill, 1954 (L.C. Bill No. 7 of 1954), as passed by the Council be taken into consideration this day six months.'

"The motion as well as the amendment are before the House for discussion."

SRI S. DEIVASIGAMANY :—"Sir, I wish to support the Bill moved by the Hon. Minister for Local Administration. This is a thing which ought to have been done several years ago. I have been a member of the Corporation of Madras once and I have also been a Deputy Mayor. I have known Mr. Muniswami, the Water Works Engineer, for a number of years and he has been doing very useful work for the City of Madras. Even though he is the seniormost officer in the Corporation, he has not been given any increment in his salary because of certain limitations. This Bill only seeks to overcome the limitations and to give him what is his legitimate due. I, therefore, submit that this Bill may be passed without any discussion whatsoever, especially when other officers who are junior to him are drawing higher salaries. Further, when this proposal has emanated from the Commissioner as well as the Corporation of Madras, it is only meet that we should pass this Bill as requested by the Corporation Council."

SRI K. VINAYAKAM :—"Mr. Speaker, Sir, I have great pleasure in supporting the Bill that has been brought forward by the Government for the approval of this House. I will not indulge in mentioning the personalities or the incumbents who are going to be benefited by this measure. But considering the duties of the Water Works Engineer who does a very useful work in the City of Madras in the matter of water being catered to the residents of Madras, I may assure the House that the incumbent of the post has done yeomen service. It will not be out of place if I mention that there was a continuous period of drought for the past ten years and Madras City was affected most in respect of water-supply. During this period, the Water Works Engineer conceived of new schemes for water-supply and very great strain was put upon him. He investigated into new schemes like the Kutralayar Scheme and he was mainly responsible for augmenting the supply of water from the Poondi Reservoir. I happen to have some experience of working of the City Corporation, representing as I do a division which is not provided with water facilities in the shape of water taps from the Poondi Reservoir. For instance, in Aminjikarai, Kodambakkam, Guindy, portions of Saidapet, and Adyar, there are no water taps through which water could be easily catered to the residents of the areas. The Water Works Engineer conceived of new plans like construction of overhead tanks and then devised a very efficient system of supplying water from the reservoir to the overhead tanks through a fleet of lorries. I have great pleasure in vouching for the efficiency of the incumbent

[Sri K. Vinayakam] [7th May 1954]

of the post and it is nothing but proper and just that this Water Works Engineer should be placed on a par with other Heads of Departments.

"In this connexion, I would like to bring to the notice of the Hon. Minister in charge of this portfolio that this kind of anomaly still exists in the City Corporation. For instance, there are various departments which are manned by efficient people, but they are not treated alike. The City Engineer, the Electrical Engineer and the Health Officer are treated alike. Now, the Water Works Engineer who has been drawing a lesser salary than others though an equally onerous duty has been cast upon him is also given the same status as others. But still there are other officers who have got to be properly treated. I would like to refer to the Head of the Department of Education, the Educational Officer of the Corporation of Madras, to whose care 46,000 children have been left for the purpose of imparting elementary education. The Corporation is running 289 elementary schools, two High schools and 75 Higher Elementary schools. Under the direct supervision of the Educational Officer there are not less than 2,875 teachers, both men and women. Such a wide range of supervision, a big field of work, has been entrusted to the Educational Officer. His responsibility is equally great just like that of the City Engineer, the Health Officer, the Electrical Engineer or the Water Works Engineer. But he is not treated in the same way as others are treated though he happens to be the head of a department. This kind of anomaly must be rectified. The present Bill now tries to rectify a defect by granting the same scale of pay to the Water Works Engineer as is granted to others. Then, there will be only one more officer who will be drawing lesser salary than the other heads of departments and he is the Educational Officer of the City Corporation. I request the Government to bring in another Bill to rectify this defect and I assure the Government that the City Council will be pleased to accept the recommendation of the Government of Madras.

"Sir, it will not be out of place to mention that amongst the various Heads of Departments, it is only the Head of the Education Department that is accorded a step-motherly treatment. Even amongst the Cabinet Ministers, I believe the Education Minister occupies a less influential position. But that defect has been rectified now because two or more portfolios have been dumped on one personality who wields an influence. But the general tendency in our country is to give a place of lesser importance to education. Even amongst the Directors of various departments, the Director of Public Instruction occupies a less important place than others. Amongst the District Officers also, the position is the same."

THE HON. SRI C. SUBRAMANIAM:—"This is a simple Bill dealing with the Water Works Engineer. But the hon. Member is dragging in the Director of Public Instruction and

7th May 1954] [Sri C. Subramaniam]

the District Educational Officers. Of course, a passing reference is all right, but to stress that point will be a little bit out of place and irrelevant."

SRI K. VINAYAKAM:—"I do not need any lessons in parliamentary procedure as far as this House is concerned."

THE HON. SRI C. SUBRAMANIAM:—"If this is the specimen of the parliamentary procedure he has learnt, . . ."

SRI K. VINAYAKAM:—"Sir, the Bill just before the House relates to the revision of the salary of a Head of a Department in the City Corporation. So, it is nothing but proper and pertinent if I mention about the Educational Officer also. While welcoming the Bill under reference, I would suggest that the Government should come forward with another amendment to the same Act in order to rectify the defects as far as the other Heads of Departments are concerned."

SRI S. C. C. ANTHONY PILLAI:—"Mr. Speaker, Sir, those who have spoken before me have mentioned most of the points that should be mentioned about this very small matter. What I would like to point out is this: The City of Madras is being administered under an antiquated Act. Three years ago, the Council took up the question of revising this entire Act. I believe it is more than a year since the compendious recommendations of the Council for the revision of the whole Act were forwarded to the Government. I am sorry that the Government, instead of taking up the revision of the entire Act, have only come forward with a very small measure for remedying and rectifying an anomaly. To the extent to which it rectifies that anomaly, I welcome this Bill. There is no necessity for us to state anything more on this welcome rectification.

"As the hon. Member Sri Vinayakam has pointed out, there are several other anomalies with regard to the pay and salaries of Heads of Departments. It has been universally held and it has been accepted by the Corporation of Madras that there should be uniform scales of pay for those performing onerous and responsible duties like the Heads of Departments. After all, the main functions of the City Corporation are to supply water to the residents, to look after the health of the people, to look after lighting arrangements, etc. It is, therefore, surprising that one of the chief amenities, water-supply, is looked after by a Head of a Department who is treated in a less favourable way than the other Heads of Departments. I only want to point out one important feature, viz., that the City of Madras is growing as an industrial city. The population of Madras has increased from seven lakhs to something like 14½ lakhs, in the past few years. During the past 2 or 3 years when there was a severe drought, some of the industries in the City would have been closed but for the efforts made by the City Water Works Engineer to keep up the supply of water to some of the textile industries. By

[Sri S. C. C. Anthony Pillai] [7th May 1954]

providing extra mains during peak hours to several industries, it was possible to keep up production and avoid unemployment to some extent. In this connection, I beg to urge that the recommendations made by the Council after very careful consideration for two years should be taken up for early consideration and action by the present Ministry."

SRI A. "ஒரு தனிப்பட்ட உத்தியோகஸ்தரின் சம்பளத்தை உயர்த்துவதற்காக இந்த மசோதா இந்த சட்டசபையில் விவாதத்திற்குக் கொண்டுவரப்படுகிறது. ஆனால் அதே நேரத்தில் பொதுமக்களுக்கு ஏதாவது நன்மை பயக்குமா என்று கேட்டால், இதனால் ஒருவித நன்மையும் ஏற்படப்போவதில்லை. ஸ்தல ஸ்தாபனங்கள் மூலமாகத்தான் அவர்கள் நன்மை அடையமுடியும். குறிப்பாக சென்னைக் கார்ப்பரேஷன் மூலமாகப் பொது ஜனங்களுக்கு ஏதாவது நன்மை ஏற்பட்டிருக்கிறது.

றதா என்று கேட்கிறேன். இடவசதி, தண்ணீர்வசதி, காற்று வசதி, சுகாதார வசதி, விளக்கு வசதி ஏதாவதும் அதிகமாக இருக்கிறதா என்றால் ஒன்றும் இல்லையென்று தான் சொல்லவேண்டும். தண்ணீர் வசதியும் அதே நிலைமையில் தான் இருக்கிறது. சென்ற 20, 30 வருஷகாலமாக இந்த Engineer-ன் சம்பளம் உயர்த்தப்படாமல் இப்பொழுது மாத்திரம் எதற்காக உயர்த்தப்பட வேண்டுமென்று கேட்கிறேன். இப்பொழுது திரு. முனுசாமி ஆச்சாரிதான் Engineer-ஆக இருக்கிறார். சென்னை நகரத்தைப்பற்றி எனக்கு நன்றாகத்தெரியும். சுகாதார டிபார்ட்மெண்டில் இதே மாதிரியான உத்தியோகத்தில் சம்பள உயர்வு சட்டசபைக்கு வராமலேயே செய்து விட்டார்கள். ஒரு ஆண்டிற்கு முன் Health Department, Conservancy Department தனித்தனியாக இருந்தன. பிறகு ஒன்று சேர்ந்தன. Health Department தனியாகப் போய் Conservancy Department, Mechanical Engineer-ன் மேற்பார்வையில் வந்தது. இதற்கு முக்கிய காரணம் ஒரு ஐயரின் சம்பளம் தான். இப்போது சென்னை யில் தொத்து நோய் உண்டாகியிருக்கிறது. இதற்குக் காரணம் Conservancy Department, Mechanical Engineer கையில் இருப்பது தான். இந்த மாதிரியான நிலைமையில் தான் சென்னை நகரம் இருக்கிறது. இப்போது இருக்கும் இன்ஜினியர் இன்னும் 1½ ஆண்டுகளுக்குள் retire ஆகப் போகிறார். இப்பொழுது சம்பளத்தை உயர்த்தினால் இதனால் இவருக்கு ஒன்றும் நன்மை ஏற்படப்போவதில்லை. ஆனால் இவருக்குப் பின்னால் வரும் ஒரு மலையாளிக்குத்தான் நன்மை ஏற்படப் போகிறது. இந்த உத்தியோகஸ்தரின் சம்பளத்தை உயர்த்துவது இவர் நன்மை அடைவதற்காகத்தான். ஆனால் அதேசமயத்தில் கார்ப்பரேஷனிலுள்ள கல்வி அதிகாரியின் சம்பளம் மாத்திரம் அதே ரூ. 800 ஆக இருக்கிறது. அவருடைய நலத்தை இந்த சர்க்கார் புறக்கணிக்கிறது.

"மக்கள் சுகமாக வாழவேண்டும் என்று இந்த சர்க்கார் கருதவில்லை. எவ்வளவோ ஏழைகள் சென்னையில் மிகவும் கஷ்டப்பட்டுக் கொண்டிருக்கிறார்கள். உண்ண உணவு இல்லை, உடுக்க உடையில்லை, இருக்கலில்லை, குடிக்கத்தண்ணீர் இல்லை. இவ்விதமாக அல்லல்பட்டு அவதியுறுகிறார்கள். பொதுவாக ஆதித்திராவிட மக்கள் மிகவும் பாதிக்கப்பட்டிருக்கிறார்கள்.

"சென்னையில் தண்ணீர் வசதி மிகமிக முக்கியம். ஆனால் அதைச் அளித்தார்களா? இல்லையே. சேரிகளிலும், குப்பங்களிலும் வாழும் ஏழை ஆதித்திராவிட மக்களுக்குத் தண்ணீர் வசதி செய்துக் கொடுக்கப்பட்டதா? லக்ஷம் லக்ஷமாக ஏழைகள் வாழும் சேரிகளில் ஒரு குழாய் கூட இல்லை. ஆனால் ஒரு பங்களாவில் இரண்டு பேர் வாழும் பணக்காரர்களுக்கு 15, 20 குழாய்கள் வைக்கிறார்கள். இது நியாயமா, முறையா, என்று கேட்கிறேன். இவ்விதமாகக் கஷ்டப்பட்டுக் கொண்டிருக்கும் மக்களுக்கு ஒருவித நன்மையும் செய்யாமலே ஒரு தனிப்பட்டவரின் நன்மைக்காக, சம்பளத்தை உயர்த்தவேண்டுமென்று சட்டசபையில் சட்டம் கொண்டு வருகிறார்கள். எனக்கு உடல் நலம் சரியாக இல்லாததினால் அதிகமாகப் பேச முடியவில்லை.

"கனம் ராமசாமிப் படையாச்சி, பிற்பட்ட இனத்தைச் சேர்ந்தவர். உழைப்பாளிகளுக்காகவும், பிற்பட்ட சமூகத்தினர்களுக்காகவும், ஆதித்திராவிட மக்களுக்காகவும் பாடுபடுகிறவர். அவர்களின் நலனைக் கண்ணும் கருத்துமாய் அவர் கவனிப்பார் என்ற நம்பிக்கையோடு என் பேச்சை முடித்துக் கொள்ளுகிறேன்."

THE HON. SRI S. S. RAMASAMY PADAYACHI :—"Mr. Speaker, I shall bear all the suggestions made by the hon. Members in mind when we take up the question of amending the Act. This is a simple Bill brought forward for upgrading the salary of an officer of the Corporation of Madras. The Corporation Council

has passed a resolution recommending this. To meet the extra cost involved in upgrading the salary of this Officer of the Corporation, this Bill has been brought forward. I commend that the Bill may be passed."

The amendment of the hon. Member Sri A. Ratnam was, by leave of the House, withdrawn.

MR. SPEAKER:—"The question is—

'That the Madras City Municipal (Amendment) Bill, 1954 (L.C. Bill No. 7 of 1954), as passed by the Council be taken into consideration.'"

The motion was put and carried.

MR. SPEAKER:—"I shall now take up the clauses. I think there are no amendments to the clauses. So I am putting them to the vote of the House."

Clauses 2 and 1 and the Preamble were then separately put to the vote of the House and carried.

THE HON. SRI S. S. RAMASAMY PADAYACHI:—"Sir, I now move—

'That the Madras City Municipal (Amendment) Bill, 1954 (L.C. Bill No. 7 of 1954), as passed by the Council be passed into law.'"

MR. SPEAKER:—"Motion moved—

'That the Madras City Municipal (Amendment) Bill, 1954 (L.C. Bill No. 7 of 1954), as passed by the Council be passed into law.'"

SRI K. PARTHASARATHY:—"Mr. Speaker, I wish to congratulate the Hon. the Minister for Local Administration on his piloting his first Bill after assuming charge as Minister of this State.

"Many hon. Members who have intimate connection with the Madras Corporation have given suggestions for carrying out certain amendments in the Act. I wish to submit to the House that the City Municipal Act was passed 30 years ago when there was no responsible Government. Then, it was thought fit to provide restrictions on the powers of local bodies in carrying out their normal duties. I wish to suggest that there is no necessity of imposing so many restrictions on the deliberations and decisions of local bodies. Local bodies must be left free to administer their own affairs."

MR. SPEAKER:—"I must tell the hon. Member that we are in the third reading stage, and not in the first reading stage. If he wants to say anything about the clauses, he may do so instead of talking in general terms."

7th May 1954]

SRI K. PARTHASARATHY:—"I only wish to emphasise that some of the restrictions that are placed on local bodies at the present time should be removed. A further comprehensive Bill may be brought forward to remove all these restrictions placed on the exercise of powers by the local bodies. Even in section 85, I wish to suggest that it would have been better if the proviso (a) was retained and the other provisions were repealed. We expect to have in the near future a comprehensive amending Bill removing all the restrictions placed on the exercise of the functions of local bodies. I once again congratulate the Hon. Minister for Local Administration on his having successfully piloted his first Bill."

MR. SPEAKER:—"The question is—

'That the Madras City Municipal (Amendment) Bill, 1954 (L.C. Bill No. 7 of 1954), as passed by the Council be passed into law.'"

The motion was put and carried.

MR. SPEAKER:—"Now, let us take up the next Bill on the agenda, viz., The Hindu Non-conforming Marriages (Registration) Bill, 1954."

[7th May 1954]

APPENDIX.

THE MADRAS LEGISLATIVE ASSEMBLY.

Friday, 7th May 1954.

The House met in the Assembly Chamber, Government Estate, Mount Road, at eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

THE MADRAS LAND REVENUE (SURCHARGE) BILL, 1954.

SRI S. SWAYAMPRAKASAM :—“ On a point of order, Sir. This Bill was circulated to us only yesterday. There was no time for us to study the Bill. The Bill was published only on the 4th of May in the Gazette. Rule 79 of the Madras Assembly Rules says :

“ 79. At any time after the expiry of six days from the publication of a Bill in the Gazette, the member-in-charge of the Bill may make one of the following motions in regard to his Bill, namely :—

(a) that it be taken into consideration by the Assembly either at once or some future day to be then specified ; or

[Sri S. Swayamprakasam] [7th May 1954]

(b) that it be referred to a Select Committee of the House or ;

(c) that it be circulated for the purpose of eliciting opinion thereon. "

Therefore, only after six days from the publication of the Bill in the Gazette, that is only on the 10th of May in this case, can the Hon. the Minister for Land Revenue bring in a motion for the consideration of the Bill by the House. Moreover, the fifteen days' notice to Members had not been given. Therefore, I submit the consideration of this Bill by the House to-day is out of order."

SRI M. KALYANASUNDRAM :—" கனம் சபாநாயகர் அவர்களே, கனம் சுயம்பிரகாசம் அவர்கள் எழுப்பியுள்ள ஒழுங்குப் பிரச்சனையை நானும் ஆமோதிக்கிறேன். கெஜட்டில் பிரசுரமாகி 6 தினங்களுக்குப் பிறகே எந்த மசோதாவையும் இந்தச் சபையிலே பிரேரிப்பதற்கு முடியும். இருந்தாலும் கூட இந்த ஷரத்தில் கண்டுள்ள விதிகளையெல்லாம்மீறி எதையும் சபையில் பிரேரிப்பதற்கு அனுமதி அளிக்கக்கூடிய அதிகாரம் தங்களுக்கு இருக்கிற தென்பதும் வாஸ்தவம். அதை நான் ஆட்சேபிக்கவில்லை. போதிய அவகாசம் கொடுக்காமல் திடீரென்று ஒரு மசோதாவைப் பிரேரித்து அதைச் சபை விவாதிக்கவேண்டுமென்று சொன்னால் அடிப்படைக் கொள்கையை ஒத்துக்கொள்ளுகிறவர்களுக்குக்கூட அதிலுள்ள பல சிக்கல்களை நன்கு ஆராய்ந்து நீக்குவதற்கு முடியாமல் போய்விடும் என்பதும் வாஸ்தவம். இருந்தாலும் சர்க்கார் கட்சித் தலைவர் இம் மசோதாவை இன்றைக்கே விவாதத்திற்கு எடுத்துக்கொள்ளவேண்டுமென்பதற்கு ஏதாவது பிரத்யேகக் காரணங்களைச் சொல்லியிருக்கிறார்களா என்று நான் அறிய விரும்புகிறேன்."

MR. SPEAKER :—" As remarked by the Deputy Leader of the Opposition, the Chair has got the power to waive notice. The Deputy Leader of the Opposition has himself admitted it. Apart from that, the other House is meeting on the 10th instant. We must send some Bills for the Council on that date. That is another reason." (Laughter.)

THE HON. SRI C. SUBRAMANIAM :—" Ordinarily, I would not have pressed that this Bill be taken up for discussion to-day. But this Bill had been considered by this House before the separation of Andhra. It was referred to a Select Committee. We again discussed it. But we stopped further discussion because of the intervention of partition. The fact that this Bill would come up for discussion in the House had been indicated during the Budget debate itself. I agree that the Bill could have been published a little earlier. In view of the changes that took place in the Cabinet recently, we had again to circulate it to the Ministers, get their orders and then publish the Bill. These are the circumstances under which we have had to pass through. Therefore, I would request hon. Members, even though the Hon. Speaker has the power to waive the notice period of six days prescribed under rule 79 of the Assembly Rules, to waive the time limit in view of what I have stated. I would request hon. Members not to mind what has been done but proceed with the consideration of the Bill. Whatever difficulties hon. Members may find in the Bill, I think we will be able to solve them during the course of the day when the Bill would be under discussion."

DR. K. B. MENON :—" I wish to submit that in the Bill as presented to the House, there are some alterations and that

[Dr. K. B. Menon]

7th May 1954] it is different from the one originally presented. We have had no time to study the Bill and hand in amendments. If we take the other items that are left over, I think that would occupy the whole day and give us some time to study the Bill."

THE HON. SRI C. SUBRAMANIAM :—" I wish to inform hon. Members that the Council is meeting on the 10th instant. We have to send some Bills on that date for their consideration. They will not have any work if we do not send them this Bill for their consideration on the 10th instant. Therefore, I think hon. Members would co-operate with us and not allow us to incur extra expenditure by not giving any work to the Council on the 10th instant. I do hope that hon. Members would proceed with the consideration of the Bill to-day itself."

SRI S. SWAYAMPRAKASAM :—" I wish to submit that it is wrong in principle that we should hustle through this Bill to give some work for the other House which is meeting on the 10th instant. Even though the Government have got the power to introduce Bills in the Council, that rule should not be used to curtail the powers of this House. Money Bills . . ."

THE HON. SRI C. SUBRAMANIAM :—" No Money Bills have been introduced in the Council, Sir."

MR. SPEAKER :—" Yes. To my knowledge, Government have not introduced any Money Bill in the Council first."

SRI S. SWAYAMPRAKASAM :—" They have introduced several new Bills first in the Council. Again on principle, it is wrong to curtail the powers of this House."

MR. SPEAKER :—" But the rules provide that Government could introduce Bills other than Money Bills in the other House."

SRI S. SWAYAMPRAKASAM :—" Our object is to stop consideration of this Bill to-day. We have had no time to study the Bill. How can we participate usefully in the discussion? Moreover, we do not have the facilities that the Hon. Ministers have. The new Ministry was formed on April 13th. In spite of their having all the facilities, in spite of their having the whole command in their hands, they could not publish the Bill in the Gazette soon. It was published only on the 4th of May. To-day is 7th. The six days time-limit is not yet over. So I request that the Bill be not taken up for discussion to-day."

SRI S. DEIVASIGAMANY :—" Sir, this Bill, when passed, will have far-reaching consequences, especially in view of the recent statement of the Prime Minister of India that a maximum limit should be placed on the extent of land to be held by an individual. It is expected that we should go into the matter very deeply and intelligently and I submit that we cannot do it now especially when the Bill has been published only very recently.

[Sri S. Deivasigamany] [7th May 1954]

I therefore request you to give us some more time, so that we can study the Bill and give our intelligent support to the other side."

MR. SPEAKER:—"The Leader of the House has already explained the circumstances under which the Bill has been placed before the House. In view of that, I do not think the hon. Member will press his suggestion."

SRI K. VINAYAKAM:—"Does the Hon. Leader of the House want this Bill to be hustled through this House? Let us be clear about our position."

THE HON. SRI C. SUBRAMANIAM:—"I do not want to hustle this Bill through this House. Even if I want to hustle through, I do not think the Hon. Speaker will allow me to do it."

SRI V. BALAKRISHNAN:—"As a gesture, will the Hon. Speaker be pleased to accept verbal amendments?"

MR. SPEAKER:—"Amendments will be received during the general discussion and also during the consideration of the Bill clause by clause."

DR. K. B. MENON:—"Some of us are not lawyers and we cannot understand the Bill thoroughly."

SRI S. T. ADITYAN:—"There is another aspect of the question which no Member has put forward. We can, no doubt, go through the Bill to-day. But we are not the only party concerned. The large body of people, who are affected by this Bill, are also concerned. The people should have time to represent their views to the Members and the Press also should have time to express its views."

SRI M. KALYANASUNDRAM:—"கனம் சபாநாயகர் அவர்கள், மற்ற கட்சித் தலைவர்கள் சொல்லிய வாதங்களை நானும் ஒப்புக் கொள்ளுகிறேன்."

MR. SPEAKER:—"நீங்களை முன்பு எந்த மசோதாவையும் பிரேரிக்கும் விஷயத்தில் நோட்டீஸ் நிபந்தனைகளிலிருந்து விலக்களிக்க சபைத் தலைவர் அனுமதி அளிக்க விதிகளில் இடம் இருக்கிறதென்பதை ஒப்புக்கொண்டிருக்கிறீர்கள். இப்போது . . ."

SRI M. KALYANASUNDRAM:—"உங்களுக்கு பிரத்யேக அதிகாரம் இருக்கிறதென்பதை நான் ஒப்புக்கொள்ளுகிறேன். அதேசமயத்தில் மற்ற கட்சித் தலைவர்களும் இந்த மசோதாவைப் படிப்பதற்குக் கொஞ்சம் அவகாசம் கொடுக்கவேண்டுமென்று சொல்வதன் காரணமாக நான் என்னுடைய யோசனை ஒன்றைச் சொல்ல விரும்புகிறேன். அதாவது இன்றைக்கு நாம் இந்த மசோதாவின் பொது விவாதத்தை வைத்துக் கொள்ளலாம். நாளைக்கு ஷரத்துவாரியாக எடுத்துக் கொண்டு விவாதம் நடத்தலாமென்பதே எனது அபிப்பிராயம்."

THE HON. SRI C. SUBRAMANIAM:—"Let us see the trend of discussion and if it is necessary to allow more time, we shall allow. I do not want to curtail discussion."

[7th May 1954]

MR. SPEAKER:—"We shall have general discussion to-day and consideration clause by clause to-morrow."

SRI K. VINAYAKAM:—"Even for general discussion, Members must contribute to the discussion. They must talk some sense."

MR. SPEAKER:—"Yesterday I told the Leader of the House that it was not possible for me to waive notice. But he made a special request to me to waive notice and allow this Bill to be taken up to-day, as some work had to be provided for the Council. Only after his special request, I agreed to waive notice. At the same time, he told me that this Bill had come up before the House a number of times in some form or other. We shall have general discussion to-day and take up consideration clause by clause to-morrow."

SRI S. DEIVASIGAMANY:—"Sir, may I submit the view of some of the Members? If the Bill is taken up to-day, we will be at a very great disadvantage and many of us have decided not to participate in the discussion, and probably we may walk out."

MR. SPEAKER:—"I request the hon. Member not to do that. That is not a proper way of doing things."

SRI K. VINAYAKAM:—"There are other pending Bills. For instance, the Bill for amending the Madras City Municipal Act may be taken up."

MR. SPEAKER:—"In view of the special request of the Leader of the House, I hope the House will comply with it."

SRI S. SWAYAMPRAKASAM:—"We are submitting that we have not studied, and therefore we are not prepared to discuss, the Bill. It is not our intention to waste the time of the House. Instead of wasting time on general discussion to-day, I suggest as a compromise that we could take up and finish the general discussion as well as the discussion clause by clause to-morrow."

THE MADRAS LEGISLATIVE ASSEMBLY.

Saturday, 8th May 1954.

The House met in the Assembly Chamber, Government Estate, Mount Road, at eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

THE MADRAS LAND REVENUE (SURCHARGE) BILL ^a, 1954.

THE HON. SRI M. A. MANICKAVELU NAICKER :—
“Mr. Speaker, Sir, I introduce the Madras Land Revenue (Surcharge) Bill, 1954, and move—

‘That the Bill be taken into consideration at once.’

“In doing so, I would like to tell the House that the Land Revenue system of this State has been subjected to the criticism that the burden of tax is not distributed equitably among the different classes of landowners. Under the existing system, persons with larger holdings pay the same rate of assessment as persons with smaller holdings. Thus, the richer classes do not bear any additional burden of taxation. In order to remedy this defect and to obtain an addition to the land revenue of the State, it is now being proposed to levy a surcharge on land revenue assessments. This surcharge will be levied on a rising scale, on the bigger holdings only. It is also considered by the Government that the levy of this surcharge on bigger holdings gives an element of progression in the land revenue system; and to some extent is in the nature of alternative to Agricultural Income-tax.

“Hon. Members will remember that in the third year of our Republic, that is, 1952, I moved a motion on the floor of this House that the Land Revenue Surcharge Bill of 1952 be referred to a Select Committee. The Select Committee which met and considered the Bill made some changes and the Bill as amended by it was not proceeded with as the Government then decided to postpone the measure. But it is now sought to take up the question of the levy of surcharge on land revenue by the present Bill with important modifications to provisions of the Bill introduced in 1952.

^a Published in the *Fort St. George Gazette*, dated 4th May 1954.

[Sri M. A. Manickavelu Naicker] [8th May 1954]

"The salient features of the present Bill are as follows:—

1. Clause 3 of the Bill provides for this levy on a graduated scale. The scale of levy will range from two annas to eight annas on the rupee of the assessment. In the 1952 Bill, the range was from two annas to sixteen annas on the rupee of assessment. Landholders with a total assessment of 500 rupees and below in any district need not pay any surcharge and even those with an assessment exceeding 500 rupees need not pay any surcharge on the first 250 rupees. Landholders paying an assessment of less than Rs. 500 in more than one district are not liable to surcharge. But according to the Bill of 1952, holdings bearing an assessment of Rs. 50 and less were only exempt from surcharge.

2. In view of the peculiar land tenure conditions prevailing in Malabar, a special provision has been made in respect of the areas governed by the Malabar Tenancy Act, 1929 (Madras Act XIII of 1930), in the proviso to clause 2 (b) of the Bill. According to this proviso, the kanamdar or customary verumpattamdar will be treated as landholder in respect of lands held by him. The janmi will be liable to surcharge only in respect of lands held by him.

Sir, I humbly submit that this Bill be taken into consideration at once."

MR. SPEAKER:—"The motion is—

'That the Madras Land Revenue (Surcharge) Bill, 1954, be taken into consideration at once.'"

SRI T. ANANTHA PAI:—"Sir, what is the annual revenue that this measure is expected to bring?"

MR. SPEAKER:—"Let all the amendments be moved. Mr. Gopalan."

SRI K. P. GOPALAN:—"Sir, I am not moving the first amendment standing in my name. I move the second amendment, namely—

'That the Madras Land Revenue (Surcharge) Bill, 1954, be referred to a Select Committee.'"

SRI M. KALYANASUNDRAM:—"I second the amendment, Sir."

MR. SPEAKER:—"The motion as well as the amendment is before the House for discussion."

SRI T. ANANTHA PAI:—"Sir, may I know what the expected annual revenue on account of this Surcharge Bill is?"

THE HON. SRI C. SUBRAMANIAM:—"Sir, the estimate is in the order of five to six lakhs of rupees."

SRI M. NARAYANA KURUP:—"Sir, I have also given notice of an amendment. But only the hon. Member, Sri Gopalan, has been allowed to move his amendment."

MR. SPEAKER:—"The same amendment cannot be repeated."

SRI S. S. KOLKEBAIL:—"Sir, I had given notice of an amendment but it has not been circulated."

MR. SPEAKER:—"Please read your amendment."

SRI S. S. KOLKEBAIL:—"My amendment is—

'Add after section 2 (b): "provided that the landholder is not liable to pay any surcharge in respect of lands"'

MR. SPEAKER:—"When we take up clause by clause consideration of the Bill, that amendment will be taken up."

SRI M. NARAYANA KURUP:—"The Hon. the Speaker remarked that only one amendment could be moved. Supposing the hon. Member Sri Gopalan withdraws his amendment, what will be the fate of my amendment?"

MR. SPEAKER:—"The hon. Member Sri Kurup had given notice of an amendment and the hon. Member Sri Gopalan had also given notice of a similar amendment, namely, that the Bill be referred to a Select Committee. I have now allowed Sri Gopalan to move his amendment. Before putting the amendment to the vote of the House if Sri Gopalan wants to withdraw his amendment, he can do so only with the leave of the House. And when I put the question whether the House gives permission to Sri Gopalan to withdraw his amendment, Mr. Kurup might object to leave being granted to withdraw the amendment and thereby press his amendment. Leave to withdraw can be given only if there is not even a single dissentient voice."

SRI M. NARAYANA KURUP:—"I want to know definitely whether permission is refused even if one member objects?"

MR. SPEAKER:—"Yes, it is clearly stated in the rules."

காட்டி வருகிறார்கள் என்பது நன்கு விளங்குகிறது. இதற்கெதிராக இம்மாதிரியான கிளர்ச்சிகளெல்லாம் வரும்போது அவ்வப்போது ஒரு சட்டம் கொண்டுவருவதெல்லாம் அரசாங்கத்தின் செப்படி வித்தையாகத் தான் இருக்கிறது. இதற்கெல்லாம் ஒரு முடிவு காணவேண்டுமென்று நான் அவ்வப்போது திட்டவட்டமாக சொல்லிக்கொண்டு வருகிறேன். சுதந்திரம் கிடைத்த பிறகு நாட்டின் பல இடங்களில் எல்லா மாகாணங்களிலுமே இந்த வருமான வரி வேண்டுமென்ற கிளர்ச்சியானது விவசாயிகளிடையே வேகமாக வளர்ந்துகொண்டுவருகிறது.

“ஆகவே இன்றையதினம் இந்த சர்சார்ஜ் வரிக்குப் பதிலாக வருமான வரி விதிக்கவேண்டுமென்று தெரிவித்துக்கொள்ள விரும்புகிறேன். வருமான வரியால் சாதாரண விவசாயிகள் அதிகம் பாதிக்கப்படமாட்டார்கள். இந்த சர்சார்ஜ் வரி கொண்டுவருவதற்காக சிலர் விவசாயிகளுக்காக ‘முதலைக் கண்ணீர்’ வடிப்பது வேடிக்கையாகத்தான் இருக்கிறது.

“இந்த வருஷம் பட்டியல் ஏற்பட்டுள்ள போதாக குறையைப் போக்குவதற்காக இந்த வரியை விதிக்கிறோம் என்று சொல்லுகிறார்கள். இதை வருமான வரிக்கு மாற்றாகக் கொண்டுவருகிறோம் என்பதை நாம் ஒப்புக்கொள்ளமாட்டோம்.

“முன்னாறு ஏகர் நஞ்சை நிலங்களில் ரூ. 40,000 வருமானம் வருகிறது என்று வைத்துக்கொண்டால் வருமான வரிப்படி ரூ. 10,000 வரி கட்டவேண்டும். ஆனால் ஏற்கனவே இந்த நிலவரிப்படி ரூ. 3,000 கட்டப்பட்டு வந்தது. இப்பொழுது கொண்டுவரப்பட்டிருக்கும் surcharge மூலம் மேலும் ஒரு ஆயிரம் ரூபாய் வசூலிக்க இடமிருக்கிறது. அதன் படி ரூ. 4,000 செலுத்தவேண்டும். அப்படி வசூலித்தாலும் வருமான வரியைவிட ரூ. 6,000-க்கு குறைவாகவே இருக்கிறது. ஆகவே மேலுக்குப் பார்ப்பதற்குச் அதிக வரி விதிப்பு இருப்பதைப்போலிருந்தாலும் உண்மையிலே முதலாளிகளுக்கு நன்மை செய்யும் விதத்திலேயே இந்த சட்டம் கொண்டுவரப்பட்டிருக்கிறது. ஆகையால் அவர்களுக்கு வருமான வரி விகிதத்திலே வரி வசூலிக்கப்பட வேண்டுமென்பதைத் தெரிவித்துக் கொள்ள விரும்புகிறேன்.

“அடுத்தபடியாக விளைபொருள்கள் விலையை எடுத்துக்கொண்டால் புஞ்சைக்குக் கட்டப்படும் வரியானது மிகவும் குறைவு. அதாவது தண்ணீருக்கு வரி கிடையாது. கோயம்புத்தூரிலே நஞ்சை நிலம் மிகக் குறைவு. அங்கே புஞ்சை நிலங்களை வைத்திருக்கும் நிலப்பிரபுக்கள் இருக்கிறார்கள். அவர்கள் ஒரு ஏக்கரை ரூ. 200 லிருந்து ரூ. 300 வரை குத்தகைக்கு விடுகிறார்கள். இதிலே அவர்களுக்கு அதிகப்படியான வருமானம் கிடைக்கிறது. அவர்கள் கட்டும் கிஸ்தி வரியைக் கணக்கிட்டால் மிகவும் குறைவு. அதாவது ஏக்கருக்கு 3 ரூபாய், 300 ஏக்கருக்கு சுமார் 1,000 ரூபாய் நிலவரி. சர்சார்ஜையும் சேர்த்தால் சுமார் 200 ரூபாய் அதிகமாகலாம். வருமான வரி என்றால் சுமார் 15,000 ரூபாய் வரும். ஆகவே இந்த வருமான வரியையும் surcharge வரியையும் ஒப்பிட்டுப் பார்த்தால் ஒன்றுக்கொன்று எட்டாது போலத் தெரிகிறது. ஆகவேதான் இந்த வரி விதிப்பு சரியில்லை என்று கூறுகிறேன்.

“அடுத்தபடியாக இந்த வரியை எதிர்க்கக்கூடியவர்கள் சர்க்கார் கட்சி தரப்பிலும் இருக்கிறார்கள்.

“இந்த சர்க்கார் நிலப்பிரபுக்களுக்கு குறைந்த பட்ச வரி விதித்து விட்டு விவசாயிகளிடத்தில்தான் அதிக வரி வசூலிக்கிறார்கள். ஆனால் விவசாயிகளுக்காக முதலைக் கண்ணீர் வடிப்பதைப்போல் வடிக்கிறார்கள். நிலப்பிரபுக்களிடம் வசூலாவது 2% தான். பாக்கி 98% விவசாயிகளிடமிருந்து வருகிறது. இது விவசாயத்தை பாதிக்கும் என்கிறார்கள். இது சரியல்ல. அதிக நிலமுள்ளவர்களுக்குத்தான் இந்த வரி. போன தடவை 50 ரூபாய்க்கு மேல்பட்டவர்களுக்கு சர்சார்ஜ் என்றார்கள். இப்போது ஒரே தாவில் 500 ரூபாய்க்கு வரிலைக்கு அளித்தது ஏன்? இது புரியவில்லை. பெயருக்கு அதிக வரி போடுகிறோம் என்பதுதான்.

“அடுத்தபடியாக இந்த வரி விதிப்பதற்கு எதிராக இன்னும் பல காரணங்கள் சிலர் கூறிவருகிறார்கள். நிலவரி, கூலி, குத்தகை தான் யங்கள், விலை எல்லாவற்றையும் பார்த்துத்தான் இந்த வரி விதிக்கவேண்டும் என்கிறார்கள். ஆகவே நாங்களும் வருமான வரி போடு என்கிறோம். நிலச் சீர்திருத்தம் மொத்தமாகச் செய்யப்படவேண்டும். மேலே சொன்ன எல்லா விஷயங்களையும் இணைத்துச் செய்யப்படவேண்டும். அதை விட்டு துண்டு துக்காணியாக இம்மாதிரி செய்வது வேண்டா வெறுப்பாகச் செய்வதாகும். ஒன்றுக்கொன்று சம்பந்தமில்லை. ஒட்டு மொத்தமாகப் பார்க்கும்போது இந்த காங்கிரஸ் ஸ்தாபனம் வருமானத்திற்காக புதிய புதிய வரிகளை கஷ்டப்பட்டுக்கொண்டிருக்கும் விவசாயிகளிடது போடுகிறதே தவிர, நிலப் பிரபுக்களுக்கு அதிகம் போடத் தயங்குகிறது. இன்றையதினம் இந்த காங்கிரஸ் ஸ்தாபனம் நாட்டு மக்கள் சுபிட்சத்தைப்பற்றி கவலைப்படுவதாகத் தெரியவில்லை. ஒட்டு மொத்தமாக இந்த தேசத்தில் இருக்கக்கூடிய விவசாயிகள் சுகமாக வாழ்வதற்கு நிலச் சீர்திருத்தம் கொண்டுவரவேண்டும். பல சிக்கலான நிலையில் வருமையால் ஏழை விவசாயிகள் வாடுகிறார்கள். நல்ல ஒரு மொத்தமான நிலச் சீர்திருத்தத்தை உடனடியாகக் கொண்டுவரவேண்டும். விவசாயிகளுக்கும் கூலிகளுக்கும் ஒரு ஸ்திரத் தன்மையை அளிக்கவேண்டும்.

“இன்று நாட்டில் பல மிராஸ்தார்கள் நூற்றுக் கணக்கான ஏக்கர் நிலங்களை வைத்துக்கொண்டு விவசாயிகளுக்குக் குத்தகைக்கு விடுகிறார்கள். பணம் படைத்தோர் இதை ஒரு வியாபாரமாகக் கருதி விடுகிறார்கள். நாட்டிலேயே பொருளாதார நெருக்கடி ஏற்பட்டிருக்கிறது. மிராஸ்தார்கள் இந்த சர்சார்ஜ் வரி காரணமாக குத்தகைக்கு எடுக்கும் விவசாயியை வரியைச் செலுத்த நிர்ப்பந்திப்பார்கள். இதைத் தடுக்கவேண்டும். விவசாயத்தில் வருமானத்தைக் கணக்கிடுவது கஷ்டம் என்று இதை எதிர்ப்பவர்கள் சொல்லுகிறார்கள். அது தப்பு. ஒரு ஏக்கருக்கு ரூ. 500 வீதம் ஒரு மிராஸ்தார் வைத்திருக்கும் மொத்த நிலங்களுக்கும் நிகர லாபமாக குத்தகை வாரம் மூலம் ஆயிரக் கணக்கில் பணம் கிடைத்துவிடுகிறது. அதற்கு எவ்வித வரியும் கிடையாது. ஆகவே இவ்வாறு அவர்களுக்குக் கிடைக்கும் இந்த நிகர லாபத்தின்மீது வருமான வரி விதிக்கவேண்டும். இதில் கணக்குப் பார்க்கும் கஷ்டமிருக்கிறது. இதைப்பற்றி இந்த அரசாங்கம் ஒரு முடிவிற்கு வரவேண்டுமென்று கேட்டுக்கொள்கிறேன். அப்படியே மிராஸ்தார்களே சாகுபடி செய்தபோதிலும் குத்தகை விதிப்படி வருமானத்தை நிர்ணயித்து வருமான வரி போட முடியும். இப்போது சர்சார்ஜ் குறைவாகத்தான் கட்டவேண்டியிருக்கிறது. அப்படியே அதிகப்படியாக சர்சார்ஜ் கட்டவேண்டியதைக்கூட தங்கள் குடும்பத்திலுள்ள பிள்ளைகள், மனைவிகள்போலே 4, 5 பாசங்களாகப் பிரிக்கப் பட்டு, சர்சார்ஜ் கொடுப்பதை எமாற்றிவிடுகிறார்கள் என்பதை எடுத்துக் காட்ட கடைப்பிடிக்கிறேன். முன்பு இந்த சர்சார்ஜ் 50லிருந்து போடப்படவேண்டுமென்று அப்போதைய பிரதமர் கனம் ராஜாஜி அவர்கள் சொன்னார்கள். இப்போது ரூ. 50லிருந்து ரூ. 500-க்கு எப்படி வந்தது என்பதுதான் தெரியவில்லை. எல்லை ரூ. 500 என்பது மிக அதிகம். இன்னும் திருச்சிராப்பள்ளி, தஞ்சாவூர் போன்ற பல இடங்களில் நிலங்களை வைத்துக்கொண்டிருக்கும் நிலப் பிரபுக்கள் இருக்கிறார்கள். அவர்கள் தஞ்சாவூரில் ரூ. 400, திருச்சியில் ரூ. 300, கோயம்புத்தூரில் ரூ. 200 கட்டிவிடுகின்றனர். ஆனால் அவர்களுக்கெல்லாம் சர்சார்ஜ் கிடையாது. அதனால் அவர்களுக்கு அதிகப்படியான நிகர லாபம் கிடைக்கிறது. இவர்களிடமும் சர்சார்ஜ் வசூலிக்கலாம். இன்னும் அரசாங்கத்திற்குப் பணம் இல்லையென்று சொன்னால் இவர்களிடமெல்லாம் விவசாய வருமான வரி விதித்தால் சில கோடி ரூபாய் அரசாங்கத்திற்கு வரும். இதை கனம் நிதி மந்திரி சுப்ரமணியம் கவனிக்கும்படியும் இதற்கு வேண்டிய சிபார்சு செய்யவேண்டும்படியாகவும் கேட்டுக்கொள்ளுகிறேன். கோயம்புத்தூரில் உள்ள பழனிசாமி கவுண்டருக்குக்கூட அதிகமான நிலம் பல ஜில்லாக்களில் இருக்கிறது. இவர்களெல்லாம் அதிகம் வரி கொடுக்க வேண்டும். இதைத்தான் நாங்கள் நெடுங்காலமாகச் சொல்லிக்கொண்டு வருகிறோம். ஆனால் சிலர் இதை ஒப்புக்கொள்ளமாட்டார்கள். இருந்தாலும் இந்த அளவாவது ஒரு மசோதா தயாரிக்கப்பட்டு அரசாங்கத்தார்

இதைக் கொண்டுவந்ததற்காக ஆதரிக்கிறேன். கூடிய சீக்கிரம் ஒரு வருமான வரி மசோதா கொண்டுவரவேண்டுமென்று கேட்டுக்கொண்டு என்னுடைய உரையை முடித்துக்கொள்ளுகிறேன்.”

(At this stage, the Deputy Speaker took the Chair.)

SRI T. ANANTHA PAI :—“ Mr. Deputy Speaker, Sir, I welcome this Land Revenue Surcharge Bill not for the revenue that it may bring in but because I have always supported some measure of taxation on agricultural income. The revenue that it may yield may not be much because, contrary to the expectations that it might go a long way in covering the deficit in the Budget, it has been revealed by the Hon. the Finance Minister just now that it will give a poor return of about six lakhs of rupees. Sir, during recent years, agriculture also has passed through a certain amount of prosperity. Purely from the point of view of equity and justice, if a man derives an income of a lakh of rupees from industry or, for that matter, from any other source—he has to-day, under the taxation laws of this country, to pass on a large slice of it to the Central Government. In some cases this amounts to as much as Re. 0-15-6 in the rupee. On the other hand, the same amount of income derived from agricultural land is exempted from this heavy taxation with the result agricultural lands are becoming attractive for investment in preference to industrial shares and other securities. From the national point of view, it is necessary, therefore, to discourage investment on agricultural land by persons who are not interested in the development of agriculture but who look upon agriculture purely as investment so that they may derive income by making others work on it. It has also become necessary to discourage any speculation in agricultural land because it has been found by most of us that those who wanted to avoid income-tax resorted to investment on agricultural property showing on paper a much less value than what they have actually paid for the land for purposes of registration. So it is necessary to see that we do not lose much income this way. Sir, it may be argued that agricultural income is going down now. But that is precisely the argument in favour of a surcharge which may be of a temporary nature. Suppose the land revenue assessment which is by itself very low is doubled or trebled in view of the increase in the prices of agricultural produce. Then that will bring in a higher income to the State. But some argue that this increase in agricultural prices is only a temporary phenomenon and that a time will come when perhaps there will be a demand from people to guarantee minimum prices for agricultural produce. Even from this point of view, the measure should be welcome because instead of increasing the land revenue in a general way, a surcharge is loaded on. The measure may be considered a temporary measure. It may be given up by the State any time.

“ Then, Sir, alternatively, there are people who argue that instead of a land revenue surcharge, we would have agricultural income-tax. The suggestion looks very attractive particularly, when it is said that a large number of people getting a low income would be exempted from paying any tax whatsoever just as persons

[Sri T. Anantha Pai] 8th May 1954]

with low incomes are exempted from the payment of income-tax now. In fact this was one of the suggestions made to the Taxation Enquiry Commission. But, Sir, in this State the bulk of the land revenue comes from people who have small holdings—nearly 70 to 75 per cent of our land revenue is derived from people who are relatively poor. From the point of view that the man in the street must be made to pay a small tax to the State so that he might know that the Government is his, that he could make certain claims on it and that he has got certain rights and privileges as a tax-payer, we should support only the present system and not encourage the imposition of an income-tax. Then there is the question of collection of income-tax. The imposition of income-tax bristles with certain administrative difficulties. Many of the people who have taken to agriculture are not literate. We cannot expect them to maintain accounts as business and industrial firms do. The result will be harassment of the poor ryots by the tax-collection officials. By a process of adjustment over years, land revenue to-day has been accepted as a measure of taxation which has to be paid. Every villager knows how to pay it. The machinery evolved for its collection is so simple. It is not very costly. But if agricultural income-tax takes the place of the present land revenue assessment, the machinery for collection would cost us a lot. When we introduce a new measure of taxation, we must examine how much the collection machinery would cost us as compared with the incidence of taxation itself. If the cost is very heavy, then the tax may not be worth collecting at all. Here we have an established machinery and it would not be very difficult for us to collect the enhanced land revenue.

“ Sir, Mr. Narayana Kurup has given notice of an amendment to the effect that the Government must see that the new tax is not passed over to the tenants. It is justly so. There will be a temptation on the part of assesses, whenever a new tax is imposed, to see that they escape it and that somebody else pays it. But I do not know how far it will be possible to implement Mr. Kurup's suggestion except perhaps in districts where there is some sort of tenancy legislation in force and where enhancement may not be possible. Otherwise, it will be difficult to check the landlords from passing on at least a part of the tax to the tenants. Also when there is scarcity of rice it will be passed on to the consumer also because every tax affecting a commodity is ultimately paid by the consumer and not by the person who is intended to pay it. I would, therefore, request the Government to examine whether it would not be possible by means of some amendment to see that the surcharge is paid by the landlords as far as possible and not by the tenants.

“ Thank you, Sir.”

SRI M. NARAYANA KURUP :—“ Mr. Deputy Speaker, Sir, two simple reasons are given in support of the Bill in the Statement of Objects and Reasons, namely, that the bigger peasants should pay more and the exigencies of the State's finances demand

[Sri M. Narayana Kurup] [8th May 1954]

it. Of course, they are straight and simple reasons and the Government have not tried to camouflage their intentions. But when the Hon. Minister for Revenue goes further and claims that his measure is in the nature of agricultural income-tax, perhaps we may disagree. He also mentioned that this was a measure which came before the House on a previous occasion. Then there was severe criticism of the measure and opposition to it, not because of its principle but because of two main objections, namely, that the exemption limit provided by that measure was too low and that an agricultural income-tax would have been far more just and equitable. I must say that the first part of the objection that the exemption limit fixed was too low has been removed by this measure. But the second part of the objection still remains.

“ Sir, probably the inspiration for this surcharge came from the Subramaniam Committee report. But at the same time we are surprised to find that the conditions or the principles that ought to underlie such a surcharge Bill and which were recommended by the Subramaniam Committee report, have been ignored. Our objection to this Bill as a taxation measure is that it fails to conform to the acknowledged canons of taxation which are that the incidence of taxation must be equal and equitable; equal in the sense that those who have equal income must contribute equally and equitably in the sense that the incidence should fall according to the capacity of the people who are made to pay this tax. The surcharge Bill can satisfy this principle only if the revenue paid or that is liable to be paid by a particular individual is an indicia of his income and that the man mentioned in the patta is the real owner or the enjoyer of the income. I need not labour this point further. I will only quote a sentence from the Subramaniam Committee report. ‘ The land revenue shown in a patta is no indication of the income from the land and the name shown in the patta is no indication of the earner of that income ’. This means that the burden imposed by this Surcharge Bill on any individual is arbitrary and I will show with reference to facts how the incidence is unequal. First the incidence is unequal even with reference to districts because the burden of taxation has varied—I am not going to elaborate that point—according to the time of settlement on account of the price factor which has been elaborately mentioned in the Subramaniam Committee report. Various districts in the State were settled at various times and there was an increase of revenue in those districts. Therefore, it has been mentioned in the Subramaniam Committee report that the levy of surcharge must be made an occasion for settling the inequality and they recommended that surcharge should be levied on what is called ‘ standardized assessment ’. In our State to-day in districts like South Kanara, Malabar, Tanjore and Madurai the incidence of revenue is the highest. People in those districts pay 19 annas as revenue for every 16 annas paid by other people in some other districts. Therefore, they have recommended that the present revenue in every district must be brought to a standardized level and then only surcharge levied on it. This recommendation of the Committee has been completely ignored in the

[Sri M. Narayana Kurup] [8th May 1954]

present Bill. The result will be that in some districts the people will be paying surcharge on 16 annas while in other districts they will be paying surcharge on the increased revenue of 19 annas. That is the inequality that is now resulting from the provisions of this Bill.

“ Then, Sir, another inequality which I wish to mention is this: Suppose there is a landowner paying Rs. 500 as assessment and receiving rent directly from the tenant, for instance a janmi in Malabar. Of course he must get say, Rs. 5,000 as income. There is another janmi paying Rs. 500 as assessment. He has demised his land to kanamdars and they are in possession. Of course, the dues payable by the kanamdars vary in different cases. At least they must be paying a quarter of the income to the janmi. I am putting it at a minimum. Now under this Bill the janmis who are big landlords receiving a quarter of the income need not pay anything and the man who receives the three-quarter of the income must be paying the entire surcharge. Of course, I am not placing this fact before the House to claim any exemption for the kanamdars but only for the purpose of showing the inequality of the incidence. In such cases it would have been proper to apportion the liability between the two. But as I said it is an impracticable proposition for the present. This argument is only for the purpose of showing the inequity of the incidence.

“ Then, Sir, the Hon. Minister mentioned certain special concessions shown to Malabar. These could have been avoided if it were an agricultural income-tax. It is our belief still that this would be only a temporary measure which should ultimately be replaced by an agricultural income-tax so that there may not be any inequality or inequity in the incidence of the tax. The exemption given with regard to Malabar, I think, must satisfy the legitimate aspirations of the landowners or the janmis. In fact it concedes all they want because even in the memorandum submitted by the janmis to the previous committee, they only mentioned that the revenue on lands which were outstanding in the possession of the kanamdars must be excluded for the purpose of the surcharge. That has now been conceded.

“ I wish only to mention a small point in this connection, Sir. This was touched upon by the hon. Member Mr. Anantha Pai also. We had elaborate discussion about the difficulties of small peasants, and a provision was inserted in the original Bill to help them. That was accepted by the Select Committee also. Due to some inadvertence, I think, it has been omitted in this Bill. Therefore I have given notice of an amendment to that effect which is very essential if it is the intention of the Government only to tax the bigger peasants and not the petty peasants or even the kudiyruppu-holders.

“ Then another fact which I wanted to mention is this: This Bill does not contain any provision in regard to joint families. Even in the case of income-tax a higher ceiling is fixed for joint families. There are families in Malabar which have 10, 50 or

[Sri M. Narayana Kurup] [8th May 1954]

even 100 members. To give them an exemption limit of only Rs. 250 is unjust. Of course I have not given notice of any amendment regarding this because I wish to bring the principle only to the notice of the Government and if they are convinced about the justness of raising the exemption limit in such cases, they can themselves act in the matter."

DEPUTY SPEAKER :—"The hon. Member's time is up."

SRI S. VENKATRAMA AYYAR :—"Mr. Deputy Speaker, Sir, as a representative of the delta district of Tanjore, I venture to support this measure, namely, the levy of a surcharge on land revenue, which is decidedly a great improvement on the Bill of 1952 where there was a provision to exempt only those pattadars who paid a land revenue of up to Rs. 50. With great difficulty we argued and tried to raise this limit to Rs. 100. The present Bill is decidedly a great improvement in the sense that the poorer sections, namely, the small pattadars who have to pay up to Rs. 500 as land revenue are exempt and it is only the richer classes, the big landholders, who are sought to be burdened with this taxation.

"As has already been adverted to, one or two strong grounds urged in the Statement of Objects and Reasons for the levy of this surcharge is that there should be a sort of social equality. The present social injuries, as it is, should be removed in the sense that there should be a psychological effect in the minds of the poorer section that the richer people are also sufficiently taxed and that they are not let off easily. Of course, this is the sort of complaint that is made nowadays, namely, that the richer section does not bear the brunt of taxation as much as the poorer section does. The other ground is that in view of the Budget deficit of about Rs. 50 lakhs odd, we should make up the deficit by raising some additional revenue by way of a surcharge on land revenue, the imposition of a betterment levy and so on. This kind of augmentation of revenue is not a great thing because after all, it may not fetch above 6 or 7 lakhs of rupees on the whole.

"But there are objections raised against such a levy by a certain section of the agriculturists. Whether they happen to be big landowners or small pattadars, we have to take into consideration the really honest objections put forward by a section of the people. They seem to think that the tax burden is already heavy and should not be increased any further as it may affect production adversely. This is one ground. They have also put forward another reason, namely, that the cost of cultivation is rather high and the income is not sufficiently commensurate with the cost. As things are to-day, prices have a tendency to fall and there is no steady price level. There is nobody to assure a steady price level in the interests of larger production and to create an incentive in the minds of the agriculturists, whether they be big or small, to increase production. The bigger landholders who own large estates have a tendency to divide their estates which naturally become smaller units and so much so there will be fragmentation of holdings. There will not also be large-scale production.

[Sri S. Venkatrama Ayyar] 8th May 1954]

These are some of the legitimate fears. Also, there is already a strong and persistent rumour that there is going to be some kind of a land reform with some sort of a ceiling on holdings and also the levy of an Agricultural Income Tax.

"These are the various arguments against the proposed levy of this surcharge on land revenue. But we must also look at the other side of the picture. Though the levy of this surcharge may not bring much revenue to make up the deficit in the Budget as referred to in the Statement of Objects and Reasons and in the Budget Memorandum presented by the Hon. the Minister for Finance, I would say that there will be a sort of psychological effect as I have already mentioned. We are also now having the National Five-Year Plan evolved by the Central Government where they have given top priority to agriculture by providing about 600 or 700 crores of rupees for irrigation and power projects and various other items. As I had occasion to read and as hon. Members also may know, the Union Finance Minister has insisted upon the States to provide sufficient funds by raising additional revenue and so prepare their Budget estimates as to see that the schemes set forth in the National Plan are completed to the benefit of all sections of people in the Indian Union and especially so in our agricultural State of Madras. So far as our State is concerned we are already having a deficit in our Budget. To increase our production we have to keep up to the targets as fixed in the National Plan. To implement the National Plan and to provide sufficient funds, the levy of this surcharge will form a basis on which we can show to the Central Government that we are making *bona fide* attempts to provide sufficient funds as far as it lies in our power.

"As it is, we will not be able to reach the target laid down in the National Plan nor will we be able to fulfil all the measures beneficial to the State as a whole within the estimated amount of about Rs. 22 crores to be spent this year and Rs. 25 crores to be spent during the year 1955-56. We have to provide sufficient funds this year. When we take this aspect of the matter into consideration, it is quite essential that we should have some additional revenue and this surcharge on land revenue is one such. It also does not affect the poorer sections but affects only people who own more than 50 acres of wet land. Taking Tanjore district, for instance, the average revenue per acre of land works out at Rs. 10 per acre. At this rate about 50 acres of land in a man's possession will not be subject to this taxation. Only persons owning more than 50 acres will come under the purview of this measure.

"More than all this, as I have already said, I view this levy of a surcharge from the psychological stand-point. A sort of social inequality is there and the interest of the poorer section has to be safeguarded in a sense by levying this surcharge only on the richer section. Of course, there may be only a very few people who come under this limit.

"While on this question of the levy of a surcharge on land revenue, I wish to invite the kind attention of the Government

[Sri S. Venkatrama Ayyar] [8th May 1954]

to one other matter. Water-cess should not be taken into consideration in the levy of this surcharge. Land revenue is something entirely different from water-cess. The water-cess is purely a return for services rendered, namely, the provision of an assured supply of water for the dry areas. On the Cauvery-Mettur Project area where water-cess is levied, it comes to about Rs. 10 per acre. Now, I would respectfully submit that in the old delta area of Tanjore, the assessment is about Rs. 10 per acre. Adding this to the average water-cess of Rs. 10 levied in the Cauvery-Mettur Project area the average revenue per acre comes to about Rs. 20. Therefore even persons owning only 25 acres of land will be affected. On a rough basis persons who have got to pay Rs. 10 per acre as land revenue and another Rs. 10 as water cess will be liable to pay this surcharge if they own more than 25 acres of such land. This is unjust and illegal and I only want to show to the Government that this measure will give rise to a number of writ petitions just as the Government have had to face in connexion with assessment of land revenue of the lands taken over under the Estates Abolition Act. We have already had the sad experience of the High Court judgment going against the Government in that there should be no discrimination in the levy of land revenue assessment on private land as compared with ryotwari land in the ryotwari villages. I cited the instance of the Cauvery-Mettur Project area in the Tanjore district. I may mention that I had an occasion to read a paper on this subject which was submitted to the Hon. the Minister for Land Revenue by the ryots of certain villages in the Tirunelveli district. In that district on account of the supply of water from the Tambraparni Project the water-cess appears to be as high as Rs. 18 per acre and along with the land revenue of Rs. 12 per acre the total comes to about Rs. 30 per acre. In any event, water-cess is a separate thing. It should not be included along with land revenue for the purpose of levy of this surcharge under this Bill. In the Bill, 'land revenue' has been defined as 'public revenue due on land and includes water-cess payable to the Government for water supplied or used for the irrigation of land, but does not include any other cess'. To include water-cess along with land revenue will be unjust and it will affect even small pattadars in the Cauvery-Mettur Project area or for the matter of that in any area where water-cess is levied.

"Sir, I only wish to submit that this Bill seems to be the fore-runner of the future land reforms, for which we have been agitating, about ceilings on the holding of land and so on. I am sure that the next step in this direction will be a comprehensive land reform in the regime of the present Hon. the Chief Minister. With these words, I conclude my speech."

"இந்த மசோதாவின் மூன்றாவது ஷரத்தை எடுத்துக்கொண்டு பார்த்தால், ஒரு ஜில்லாவில் நிலம் வைத்திருப்பவர்கள் 500 ரூபாய்க்கு மேல் வரி செலுத்தினால் அவர்களுக்கு மட்டும்தான் சர்சார்ஜ் போடப்படும் என்று இருக்கிறது. ஆனால், அந்த ஜில்லாவிலுள்ள நிலங்கள் மட்டுமல்ல, இந்த ராஜ்யத்தில் இருக்கக்கூடிய எல்லா நிலங்களுக்கும் செலுத்தக்கூடிய நில வரியின்மேல் சர்சார்ஜ் போடப்படும் என்றும் சொல்லப்பட்டிருக்கிறது.

"ஆனால், மூன்றாவது ஷரத்தை இப்பொழுது இருக்கிறபடி வைத்துக் கொண்டு பார்த்தால், ஒரு ஜில்லாவில் ஒருவருக்கு 400 ரூபாய் வரி செலுத்தக்கூடிய நிலங்களும், அதேமாதிரி மற்ற பத்து ஜில்லாக்களில் ஒவ்வொரு ஜில்லாவிலும் 450 ரூபாய் வரி செலுத்தக்கூடிய நிலங்களும் இருந்தால், பத்து ஜில்லாக்களிலுள்ள நிலங்களுக்கு அவர் நாலாயிரம் ரூபாய்க்குமேல் நில வரி செலுத்துவார். ஆனால், சர்சார்ஜ் அவருக்கு விதிக்கப்படமாட்டாது, இந்த மசோதாவின் பிரகாரம்.

"நாலாயிரம் ரூபாய் வாய்தா கட்டக்கூடிய ஒருவருடைய நிலங்களின் பெறுமானம் சாதாரணமாக மதிப்பிட்டுப் பார்த்தாலுங்கூட, கிட்டத்தட்ட எட்டு லட்சம் ரூபாய்க்கு மேல் இருக்கும். அதாவது, நஞ்சை நிலங்களாக இருந்தாலும் சரி, புஞ்சை நிலங்களாக இருந்தாலும் சரி, கிணற்றின் உதவியைக் கொண்டு புஞ்சை நிலங்களாக இருந்தாலும் சரி, கிணற்றின் உதவியைக் கொண்டு சாகுபடி செய்யக்கூடிய நஞ்சை நிலங்களாக இருந்தாலும் சரி, எட்டு லட்ச ரூபாய்க்குக் குறையாமல் மதிப்புள்ள நிலங்களாக இருக்கவேண்டும் நாலாயிரம் ரூபாய் நில வரி செலுத்தினால். அதேமாதிரி இன்னும் சில குறைபாடுகளும் இந்த மசோதாவில் இருக்கின்றன.

"நாலேந்து பேர்களுக்கு கூட்டுப் பட்டா இருந்து—ரூ. 10 அல்லது ரூ. 20, அதற்கு கிஸ்தி செலுத்துவதாக இருந்தால்—அதில் ஒருவர் வேறு இடங்களில் ரூ. 600-க்கு மேல் வாய்தா செலுத்தக்கூடிய நிலங்களை வைத்திருந்தால், கூட்டுப் பட்டாவில் இருக்கிற நான்கு பேர்களுக்கும் இந்த சர்சார்ஜ் உட்படுத்துகிறது. மூன்றாவது ஷரத்தில் முதல் உதாரணத்தில் ஏ, பி, வி, டி ஆகிய நான்கு பேர்கள் கூட்டுப் பட்டாவில் வாய்தா செலுத்தினால், 'ஏ'க்கு ரூ. 600 வாய்தா செலுத்தக்கூடிய வேறு நிலங்கள் இருந்தால், 'ஏ'ம் மற்றவர்களும் இந்த சர்சார்ஜ் கட்டவேண்டுமென்று சொல்லப்பட்டிருக்கிறது. இது ரொம்ப பாதிக்கக்கூடிய விஷயம். இது அவசியம் திருத்தப்படவேண்டும்.

"நாலாவது, ஐந்தாவது உதாரணங்களை எடுத்துக்கொண்டு பார்த்தால், அவைகள் விசித்திரமான முறையில் போடப்பட்டிருக்கின்றன.

“இதுமாதிரியான முரண்பாடுகள் anomalies இந்த மசோதாவில் இருக்கக்கூடாது என்று நான் தெரிவித்துக்கொள்ளுகிறேன்.

“இந்த ராஜ்யத்திலிருக்கின்ற பெருவாரியான நிலப்பிரபுக்களுக்கு வரி விதிக்கவேண்டுமென்ற நோக்கம் உண்மையாகவே சர்க்காருக்கு இருக்குமே யானால், ஒவ்வொரு நபருக்கும் ராஜ்யத்தின் பல இடங்களில் இருக்கிற நிலங்களின் மதிப்பு எவ்வளவு என்பதையும், அந்த நிலங்களுக்கு செலுத்தக்கூடிய தீர்வை எவ்வளவு என்பதையும் தெரிந்து, வரி செலுத்துவதற்குச் சக்தியுள்ளவர்களிடமிருந்து பெருவாரியான வரியை வாங்குவதற்கு ஏற்பாடு செய்யவேண்டும். வரி கொடுக்கச் சக்தியில்லாதவர்களிடமிருந்து வரியைக் குறைந்த அளவு வாங்கவேண்டும் அல்லது வரி தள்ளுபடி செய்யப்படவேண்டும். இப்படிப்பட்ட ஒரு கொள்கையின் அடிப்படையில் மசோதா கொண்டுவரப்பட வேண்டுமேயொழிய, ஏதோ சிலருக்கு exemption அளிக்கவேண்டும், குறிப்பிட்ட சிலரை இந்த சர்சார்ஜ் பாதிக்கக்கூடாது என்பதற்குப் பெரு முயற்சி செய்து இந்த மசோதா draft செய்யப்பட்டதாகத் தெரிகிறது.

“எனக்கு முன்பு பேசிய அங்கத்தினர் ஒருவர் பேசும்போது, தண்ணீர்த் தீர்வையையும் நிலவரியோடு சேர்த்து, அதையும் கணக்கில் எடுத்துக் கொண்டு சர்சார்ஜ் நிர்ணயிக்கப்படக்கூடாது என்று சொன்னார்கள். அது சரியல்ல. நிலத்திலிருந்து கிடைக்கக்கூடிய வருமானத்தை அதிகப்படுத்துவதற்கு நீர்ப்பாசன வசதி வேண்டியிருக்கிறது. தண்ணீர் வசதி செய்து கொடுக்கப்பட்டிருப்பதினால் அவர்களுடைய நிலம் நன்கு பயன்படுத்தப்பட்டு, அதிகமான வரும்படி கிடைக்க அனுசூலமாக இருக்கிறது என்பதை மறந்துவிடுவதற்கில்லை. ஆகவே, தண்ணீர்த் தீர்வையையும் நிலவரியோடு சேர்த்து, அதன்படிதான் சர்சார்ஜ் நிர்ணயிக்கப்படவேண்டும். தண்ணீர் வசதியினால் நிலத்திலிருந்து அதிகமான வருமானம் கிடைக்கக்கூடிய செளகரியம் ஏற்படுவதினால், தண்ணீர் தீர்வையையும் நிலவரியோடு சேர்க்காமலிருக்கவேண்டிய அவசியம் இல்லை. அப்படிப்பட்ட விதிவிலக்கு அளிக்க வேண்டிய அவசியமே கிடையாது. தண்ணீர் தீர்வையையும் சேர்த்துத் தான் சர்சார்ஜ் நிர்ணயம் செய்யப்படவேண்டுமென்பது என்னுடைய அபிப்பிராயம்.

“இந்த வரி விதிப்பினால் மக்கள் பிரமாதமாக கஷ்டப்பட்டு விடுவார்கள் என்ற முறையில் சில பத்திரிகைகள் அபிப்பிராயம் தெரிவித்திருக்கின்றன என்று ஒரு அங்கத்தினர் குறிப்பிட்டார். அந்தப் பத்திரிகைகள் சொல்வது பொய்ப் பிரசாரத்தைத் தவிர வேறொன்றுமில்லை.

“திருச்சி ஜில்லாவில் டெல்டாப் பிரதேசங்கள் என்றும், டெல்டா இல்லாத பிரதேசங்கள் என்றும் இரண்டு பகுதிகள் இருக்கின்றன. டெல்டா அல்லாத பிரதேசங்களில் ஒருவருக்கு 35 ஏக்கர் நஞ்சை நிலங்கள் இருந்தால், அவைகள் சுமார் ஒரு லட்ச ரூபாய் பெறுமானமுள்ளதாக இருக்கும். சாதாரணமாக, ஒரு ஏக்கருக்கு சுமார் ரூ. 7 வரையில் நிலத் தீர்வை செலுத்தவதாக இருந்தாலும், சுமார் ரூ. 250 செலுத்த வேண்டியிருக்கும் ஆகவே ரூ. 500 நிலத்தீர்வை ஒரு நபர் செலுத்துகிறார் என்று சொன்னால், இரண்டு லட்ச ரூபாய் பெறுமானமுள்ள நிலங்கள் அவருக்கு இருக்கின்றன என்று அர்த்தம். ஒரு ஏக்கருக்குக் குறைந்த பட்சம் எந்தவிதமான செலவும் இல்லாமல், நிகர வரும்படி சுமார் 14 கலம் நெல் கிடைக்கும். திருச்சி ஜில்லாவில் 48 பட்டணம் படி கொண்ட ஒரு மூட்டை நெல்லின் விலை ரூ. 15 என்று வைத்துக்கொண்டால், ஒரு ஏக்கருக்கு ரூ. 210 வரையில் நிகர வருமானம் கிடைக்கும். ஆகவே, இரண்டு லட்சம் ரூபாய் பெறுமானமுள்ள நிலத்திலிருந்து ரூ. 500 நிலத் தீர்வை செலுத்தக்கூடிய நிலத்திலிருந்து வருஷமொன்றுக்கு 14 ஆயிரம் ரூபாய் வரையில் நிகர வருமானம் கிடைக்கிறது. குறைந்த பட்சம் 13½ ஆயிரம் ரூபாய் நிகர வருமானம் வருகிறதென்று வைத்துக்கொண்டாலும், அப்படிப்பட்ட நிலங்களுக்குக் கட்டவேண்டிய நிலத் தீர்வை ரூ. 500-க்குக் கொஞ்சம் குறைவாக இருந்துவிட்டாலும்கூட இந்த மசோதாவின் பிரகாரம் சர்சார்ஜ் கட்டவேண்டியதில்லை என்று ஏற்படுகிறது.

[Sri P. Rangaswami Reddiar] [8th May 1954]

“ரூ. 500-க்கு மேல் வரி செலுத்தக்கூடிய நிலங்களை வைத்துக் கொண்டிருப்பவர்கள் அதிகப்படியாக சர்சார்ஜ் செலுத்தவேண்டியது ரூ. 32½ தான். பதினான்கு ஆயிரம் ரூபாய் வரும்படி வருகிற ஒருவர் வருஷ மொன்றுக்கு ரூ. 32½ தான் அதிகமாக சர்சார்ஜ் செலுத்தவேண்டுமென்று சொன்னால், இதை ஒரு பெரிய பளு என்று சொல்லமுடியுமா? அதிக நிலம் வைத்திருப்பவர்கள் மீது அதிகமாக வரி போடுகிறோம் என்று சர்க்கார் சொல்லிக்கொண்டிருப்பதெல்லாம் வெறும் கூற்றே தவிர வேறொன்றுமில்லை. ஆகவே, இந்த மசோதாவின் எல்லா ஷரத்துக் களையும் சரியாகப் பரிசீலனை செய்து, இதுமாதிரியான அசம்பாவிதமான அம்சங்களையெல்லாம் நீக்கி, உண்மையாகவே வரி செலுத்தச் சக்தி உடையவர்கள் வரியிலிருந்து தப்பித்துக்கொள்ள முடியாதபடி இந்த மசோதா வானது திருத்தியமைக்கப்படவேண்டுமென்று நான் தெரிவித்துக்கொள்ளுகின்றேன்.

“ஒரு பொதுக் குடும்பத்தில் எட்டு அல்லது பத்து பேர்கள் இருந்து, அவர்களுடைய நிலங்கள் ஒரே பட்டாவாக இருந்து, அவர்கள் ரூ. 600 நிலவரி செலுத்துவதாக வைத்துக்கொள்ளுவோம். அப்படிப்பட்டவர்களுக்கு சர்சார்ஜ் உண்டு என்று சொல்லப்படுகிறது.

“ஆனால், தனிப்பட்ட நபர் ஒருவர் ரூ. 450 நிலவரி செலுத்தினாலும் அவர் சர்சார்ஜ் கொடுக்கவேண்டியதில்லை என்று சொல்லப்படுகிறது.

“பத்துப் பேர்கள் ஒரே குடும்பமாக இருந்து ரூ. 600 நிலவரி செலுத்தும் போது, தனிப்பட்ட நபர் ஒருவருக்கு ரூ. 60 விகிதாசாரம் வருகிறது. அந்த ரூ. 60 க்கு ஒவ்வொருவரும் சர்சார்ஜ் செலுத்த வேண்டும். ஆனால் ரூ. 450 வரையில் நிலவரி செலுத்தக்கூடிய தனிப்பட்ட ஒருவர் சர்சார்ஜ் கட்டவேண்டியதில்லை என்று இந்த மசோதாவில் இருக்கிறது.

“இந்த மாதிரியான முரண்பாடுகள் ஒப்புக்கொள்ளக்கூடிய விஷயம் அல்ல. இவைகளையெல்லாம் நன்றாகப் பரிசீலனை செய்து, வரியைச் சரியானபடி செலுத்தக்கூடியவர்களிடமிருந்து வரி வசூல் செய்வதற்கான ஏற்பாட்டை இந்த மசோதாவில் செய்யவேண்டுமென்று கேட்டுக்கொள்ளுகின்றேன்.

“திருச்சி ஜில்லாவிலுள்ள நிலத்தின் மதிப்பைப்பற்றியும், அதிலிருந்து கிடைக்கக்கூடிய வருமானத்தைப்பற்றியும், அந்த நிலங்களின் மீது செலுத்தக்கூடிய வரி விஷயங்களைப்பற்றியும் நான் குறிப்பிட்டேன். இந்த ராஜ்யத்தின் எல்லாப் பகுதிகளிலுள்ள எல்லா நிலத்திலிருந்தும் ஏறக்குறைய அதே வருமானம் வரும் என்று நினைக்கிறேன். வரி செலுத்தக்கூடிய விஷயமும், நிலத்தின் மதிப்பும் ஏறக்குறைய ஒரே மாதிரியாகத்தான் இருக்கும். யுத்த காலத்திற்குப் பிறகும், யுத்தத்திற்கு முந்தியும் இருந்த புள்ளி விவரத்தை வைத்துப்பார்த்தால் தெரியும். நஷ்டத்திற்கு ஒருவரும் நிலத்தை வைத்துக்கொண்டிருக்கமாட்டார்கள். நிலத்திலிருந்து வரும்படி கிடைக்கவில்லையென்று சொன்னால், நிலத்தை வைத்திருப்பதினால் நஷ்டம் ஏற்படுகிறது என்று சொன்னால், அவர்கள் நிலத்தை relinquish செய்துவிட்டிருப்பார்கள். அதாவது சர்க்காரிடம் நிலத்தை ஒப்படைத்துவிட்டிருப்பார்கள். ஒரு பைசாகூட சர்க்காருக்கு வரி செலுத்த மாட்டார்கள். இந்த விஷயத்தையும் சர்க்கார் கவனத்தில் வைத்துக் கொண்டு, ஷரத்துகளையெல்லாம் நன்றாகப் பரிசீலனை செய்து, இந்த மசோதாவைத் திருத்தியமைக்கவேண்டுமென்று கேட்டுக்கொள்ளுகின்றேன்.

“ஆகவே, எதிர்க்கட்சியைச் சேர்ந்தவர்கள் இந்த யோசனையைச் சொல்லுகின்றார்கள் என்ற காரணத்திற்காக இந்த யோசனையை ஏற்றுக்கொள்ளக்கூடாது என்ற கொள்கையை சர்க்கார் விடுத்து, ரூ. 500-க்குக் குறைவாக நிலவரி செலுத்தக்கூடியவர்கள் சர்சார்ஜ் செலுத்தவேண்டியதில்லை என்று சொல்வதற்குப் பதிலாக ரூ. 200 நிலவரி செலுத்தக்கூடியவர்களும் சர்சார்ஜ் செலுத்தவேண்டும் என்று இந்த மசோதாவில் திருத்தம் செய்யப்படவேண்டும்.

“ரூ. 50 ஆயிரம், ரூ. 60 ஆயிரம் மதிப்புள்ள நிலங்களிலிருந்து வரும்படி அடைகிறவர்கள் வருஷத்திற்கு ரூ. 30 முதல் ரூ. 50 வரையில்

[Sri P. Rangaswami Reddiar] [8th May 1954]

அதிகப்படியாக சாசார்ஜ் கொடுக்கும்படி சொல்வதானது பளுவாக இருக்க முடியாது. அதனால் அவர்கள் நஷ்டப்பட்டுவிடமாட்டார்கள் என்று தெரிவித்துக்கொண்டு இந்த மசோதாவை மீண்டும் சரியாகப் பரிசீலனை செய்து, திருத்தியமைத்து, சரியானமுறையில் கொண்டுவரவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன்.”

SRI V. K. RAMASWAMY MUDALIAR :—“ Mr. Deputy Speaker, Sir, it is not at all desirable at this juncture to think of levying a surcharge on land revenue when we, as Congressmen, have been systematically opposing the periodical resettlements during the time of Britishers. Now we have before us a proposal to levy a surcharge on land revenue. As I have said on a previous occasion, this is but a thin end of the wedge and Government may go on increasing it year after year when once this Bill is passed. If we go on increasing the land tax, I am sure the agriculturists will be hard hit especially at a time when the cultivation costs have gone up without corresponding increase in the income. The production also, I am sure, will go down. Secondly, the Five-Year Plan envisaged by the Government of India also will not be pushed through as expeditiously as we expect. The big pattadars also will not be able to have large scale cultivation and consequently production will go down. My friend Mr. Ananta Pai was telling us that the agriculture industry was better than any other industry. I do not know how he came to that conclusion. I am sure the practical cultivator will say that agriculture has become very unproductive in these days. Take for instance my district of Chingleput. We have been having continuous failure of monsoon all these years and especially this year, when we had some rains and when we thought of pushing through vigorous cultivation, there was the insect pest, with the result that almost all the agriculturists including big pattadars have been put to very heavy losses. ‘The Mail’ in its valuable article, dated the 5th instant has contributed a paragraph on this proposed surcharge on land revenue. It says—

* Taking for example wet and fertile areas, where the land revenue amounts to Rs. 20 or more per acre, a farm of 25 acres will be subject to the new surcharge. Usually such land represents a capital investment of Rs. 6,000 per acre, but the income from the holding, after paying the cost of cultivation, and the land revenue, is usually Rs. 100 or less an acre in the whole year a return of less than two per cent. In such cases the new charge will mean a permanent deficit in the landholder's budget.'

I entirely agree with the above observation. My Friend Mr. Manali Kandasami who comes from Tanjore district, was saying that the big pattadars in Coimbatore district were getting at the rate of Rs. 200 per acre. (An hon. Member : ' Rs. 300 per acre. ') All right I do not entirely agree with that statement. I happened to visit Coimbatore on many occasions. These Mirasdars are getting such rates only from garden lands. But it should be noted, in this connexion, that they have expended Rs. 10,000 to Rs. 15,000 by way of sinking wells and other improvements on their lands. The return they get hardly works out to Rs. 120 per acre. This does not even come up to the moderate interest of even 6 per cent on the capital outlay. That is the position in Coimbatore district.

8th May 1954] [Sri V. K. Ramaswamy Mudaliar]

“ I should like to mention, in this connexion, that this Bill in fact envisages the splitting up of joint family holdings. Let me quote in this connexion what ‘ The Hindu ’ editorial on this subject, dated the 6th instant, says. It says—

'The Bill must act as a powerful incentive to the breaking up of joint family holdings and the consequent multiplication of uneconomic holdings. The Government who are constantly preaching against this, must see how inconsistent, the likely effects of this Bill must be with the drift of their teaching.'

I agree with what 'The Hindu' says.

“ Instead of the surcharge on land revenue, we can safely think of agricultural income tax. When small shopkeepers are in a position to render accounts to the officers of the Commercial Taxes Department and Income-tax Department, why should we think that the cultivator alone would not be in a position to maintain correct accounts. Therefore, I am of opinion that agricultural income tax can very well be thought of instead of this surcharge on land revenue. In fact, the Secretary to the Indian National Congress while submitting a memorandum to the Taxation Enquiry Commission has advocated the levy of agricultural income tax.

“ I think both the Central and the State Governments are seriously contemplating upon introducing far-reaching land reforms. When that is the case, we have now before us this Bill seeking to levy a surcharge on land revenue. I do not know how much revenue this surcharge on land revenue will bring. That is also a point to be seriously considered. Therefore, I submit that the present Bill should be deferred till the whole question of land reform is taken up and seriously considered by a responsible Select Committee. With these words I resume my seat.”

SRI E. L. RAGHAVA MUDALIAR:—“Mr. Deputy Speaker, Sir; I oppose this measure as it imposes an additional burden on agriculturists and as its introduction at this moment is inopportune. I say that it imposes an additional burden on agriculturists at this stage because there is a steep fall in the price

8th May 1954]. [Sri E. L. Raghava Mudaliar]

of paddy and there is no reduction in the cost of cultivation commensurate with the fall in the price of agricultural produce. The measure is inopportune now because the Planning Commission is trying to solve the land problem and agrarian reforms, and the fixing of a ceiling on landholdings are being proposed. Further, the Taxation Enquiry Commission is carrying on an investigation into the tax structure and we do not know what taxes they will allot to the States. Levy of agricultural income-tax also is being talked about. For these reasons, I say that the levy of this surcharge at this moment is inopportune. The size of an economic holding has got to be fixed. The levy of this surcharge will result in fragmentation of holdings which again will result in the creation of many uneconomic holdings. At this time we should encourage agriculturists to produce more and more, as we are trying to make the country self-sufficient in food. There is a general depression in the agricultural market. The margin of profit in agriculture at this time is not very much and the landlords will not be able to pay the surcharge easily. Even if they are able to pay, it will be unwise to take anything extra from them. I think it will be better if the Government leave some margin with the cultivator, so that he may plough it back into the land, take to intensive cultivation and produce more food. Further, in judging the capacity of agriculturists to pay more taxes, we should take into account the net income from agriculture and not the gross income. In these uncertain times, it is unwise to levy a surcharge on landholders whose land revenue assessment exceeds 500 rupees. I do not think that the revenue that the Government may derive from the levy of this surcharge will be commensurate with the trouble and expenditure involved in its collection and the worry and annoyance caused to the people.

“The surcharge is proposed to be levied on water rate also. Already the existing water rate in some places is considered to be very high. With the addition of this surcharge, a landholder will have to pay twice the amount of the present land tax or at least fifty per cent more, irrespective of the fact whether he is having a margin of profit or not. In these circumstances, it will be more equitable to levy agricultural income-tax, as under it the assesses will have to pay tax on the actual net income, whether it be 3,000 or 4,000 or even 5,000 rupees.

“I object to this tax, as its levy at this moment is inopportune and I am glad that this view is supported even by the Members on the Government side.”

SRI S. DEIVASIGAMANY:—“Mr. Deputy Speaker, Sir, we on this side of the House oppose this Bill as a matter of policy. As a matter of fact, we are opposed to the levy of any fresh taxation now as we feel that our people have been overburdened with taxes. It is my impression that the Land Revenue (Surcharge) Bill which has been placed before us is ill-conceived, defective, unjust and opposed to public policy. The common man expected from the Congress Government that the large landholdings would be parcelled

[Sri S. Deivasigamany] [8th May 1954]

out into small units and that he would be given an opportunity to become a small landholder and also to earn his livelihood. It was said during the election campaign that our land would flow with milk and honey. But what is it that we find? We find that the common man is still without any land in spite of the promise given by the Congress that the landless poor would be given lands free. We find that the condition of the poor man has not yet been improved at all. What we expected was large scale land reform and not a Bill of this kind. What does it matter whether a man pays Rs. 50 or Rs. 500 as land revenue if the extent of the holding remains the same. Our Prime Minister has come out with a statement that in India there must be large-scale land reforms. Sir, large landholdings must be parcelled out into small units and they must be made available to the common man. I can understand the Government coming forward to levy a sort of income-tax on the income from the holding and not a surcharge on land revenue, especially when the income from the land depends on uncertain factors and is likely to fluctuate due to failure of monsoons, premature death of cattle, failure of crops and destruction of crops by pests and insects. In these circumstances, I should think that, even though the Government may come forward with, what is called, a sliding scale of taxation, it is not going to be of any avail.

“ It has been said by the Hon. the Finance Minister that the income that is expected from this surcharge on land revenue is a very negligible sum. But we must look at the reaction that this Bill will produce. It will only perpetuate the old system of rich landlords having large extents of land and the poor tillers of the soil having no lands and always being servile to the rich landlords. I, therefore, submit that in view of the statement made by the Prime Minister of India and also in view of the general feeling among the public, this Bill may be deferred and large-scale agrarian reforms may be introduced by the Government so that they may satisfy all sets of people and the public at large.”

SRI N. GOPALA MENON :—“ Mr. Deputy Speaker, Sir, I am glad that the Government are not having any extravagant hopes regarding the revenue yield out of this legislation. All that they think is that it would fetch a sum of Rs. 6 lakhs a year.”

THE HON. SRI C. SUBRAMANIAM :—“ Rs. 7.7 lakhs per annum.”

SRI N. GOPALA MENON :—“ Even that, I think, is not a very big sum, considering the total revenues of the State, and this is not going to be a temporary measure designed for the purpose of tiding over a financial difficulty during the year. It is going to be, more or less, a permanent measure on the statute-book, with this difference that in the years to come the scale will be sliding, the exemption limit will be going down and the rate of surcharge will be going up. Now, what is the object of this legislation? The object of this legislation is purely socialistic. Hitherto, we have been taxing the land. Now, the Government in the Statement of

[8th May 1954] [Sri N. Gopala Menon]

Objects and Reasons attached to the Bill say that rate of assessment is not higher in the case of the richer classes than in the case of the smaller peasants and that, therefore, they want that the richer classes should be paying more. What I submit is that there must be some principle underlying legislation. If the object of this legislation is that the richer classes must be made to contribute more to the coffers of the Government, then this legislation will not achieve that. Moreover, this legislation will be wrong in principle. I shall now illustrate it, Sir. A person may own a land on which he is paying a revenue of, say, a thousand rupees. The land may also be encumbered either by his own act or by the act of his ancestors and he may have to pay a large amount by way of interest. Can we call him a rich man? Though he pays a thousand rupees as land revenue, he has got to pay probably three or four times that amount as interest to his creditors. To ignore his liabilities simply because he owns a land on which he pays taxes is wrong in principle, for when his liabilities are so huge, he ceases to be a rich man.

“ Then, there are lands which are burdened with annuities and so on. A person writes a will, bequeaths a property to another and burdens that land by providing that the successor will have to pay hundreds or thousands of rupees out of the income from that land to his relations. Now, what happens? The man who owns a land, the man in whom the land vests, the man who has got to pay the revenue has got to shoulder the burden, but the benefit of the income from the land goes to the beneficiaries who are entitled to it. The idea underlying the Bill, as expressed in the Statement of Objects and Reasons, is that the richer classes should be made to pay more than the poorer classes. It is a good idea, no doubt. This is a socialistic legislation, as I said. The Government are, through this legislation, trying to march with the times by burdening the richer classes and pushing up the poorer classes. I agree, but when they have been hitherto taxing only the land and now when they want to tax a man who gets the income from the land, the only way in which they can, on principle, do it is to introduce an agricultural income-tax. This is not a new thing. I want here to quote one sentence of the great Gladstone who a hundred years ago, when he introduced his first Budget in Parliament, said—

“ I conceive that it is unsound in principle to levy the revenue of the country in substance by a tax upon its property for I think the income is in the main the proper basis of taxation.”

It is now accepted that the agricultural income must be taxed. Hitherto, the Government have been taxing the land. Now, they want to levy a tax on the person. When they do so, they have to see what his liability and net income are.

“ What is the net income? It is said that the agriculturists are very innocent and are not well-versed in the art of keeping accounts. All these are trifling matters and have no substance. Because, even a poor betel-shopwallah is asked to keep accounts as per the Shop Assistants' Act and the General Sales Tax Act. Such people are also worried by the sales tax officials and are asked to produce this account and that account. As far as the agriculturists are concerned, their income is periodical and the expenses which they incur are

[Sri N. Gopala Menon]

[8th May 1954]

also periodical. It is easy for them to keep accounts if only the Government adopt a rational system of levying a tax on agricultural income. I am opposed to the principle behind the present measure. If the Government are able to get a good income, say 50 lakhs of rupees, they will be in a position to give some substantial help and assistance to the people and they can be proud of this. Even then, I would say that they should have it as a temporary measure and not as a permanent measure on the statute-book. It is wrong in principle to do it. There are many difficulties which the people of this State are experiencing. Especially in the West Coast we do not have good roads and good bridges. If the Government spend the money that they get from the levy from each district in that district itself, it will be something. The people will then know that the money that they have paid to the Government is only used for their benefit in the district and they will feel glad about it.

“It would be better for the Government, if they so desire, to appoint a Committee to go into the question of levying an agricultural income-tax. I think even a Committee is not necessary. Because, in so many other States in India and for the matter of that even in the neighbouring State of Travancore-Cochin, they have an agricultural income-tax. It is very easy to introduce such a measure in this State also, instead of introducing the present measure that is before the House. To say that the object of this legislation is to tax the person but in reality to tax the land, as is sought to be done in the present instance is not good in principle. There is no basis for doing this and it is also wrong to do it. If the Government really want to tax the person, they must go the whole hog and introduce agricultural income-tax. It would really be a very good source of income. Let the Government not do things in the manner in which they are doing which cannot be supported on any principle.”

SRI K. VINAYAKAM :—“Mr. Deputy Speaker, I generally agree with the measure that is brought before this House for discussion, but at the same time I am very much disappointed with the provisions contained in this Bill. In my view, this measure only touches the fringe of the problem and not the problem as a whole. We know agriculture is the very culture of our country and it is the stable industry from which the bulk of the population realize their income. If the Government had come forward with measures like the Tanjore Tenants and Pannaiyal Protection Act, the Zamindari Abolition Act and such other measures, what was the basis for bringing forward such measures? The basis was that there was lot of agrarian unrest in the State and the income derived from agriculture was being amassed by a favoured few whereas the people who contributed to the realization of such huge incomes and who have toiled on the land under very great difficulties were denied their due share in the income. While the people who simply owned the lands got a large slice of the income derived from the land, the poor peasants who really worked very hard on the land and who were responsible for the owners' getting this large income were not given their proper share. I am sure this was the reason that compelled our Government to bring forward such good measures. Such being

8th May 1954]

[Sri K. Vinayakam]

the case, why should the Government come forward with a niggardly Bill like this which only makes the people outside believe that the Government are progressive in outlook. As a matter of fact, this Bill cannot solve the real problem; it only touches the problem. On the other hand, the Government must make bold to bring measures that will radically change the agricultural structure of our State. They must fix the maximum holding and must get as much as possible from the agricultural income, and should not be satisfied with levying a surcharge on land revenue as they wish to do under the present measure that is before the House. It is no use bringing in a measure to cover the deficit in budget. I think this State is faced with a deficit of Rs. 40 to 50 lakhs. To make up this deficit the Hon. the Minister in charge of Land Revenue has come forward with a proposal which will bring in only Rs. 7.7 lakhs. This can only be termed as a 'lip-sympathy measure', which neither affects the landlord nor goes to the succour of the poor cultivator. I shall now quote an example to clarify my views much better. Sir, imagine a person suffering from an acute disease like leprosy, and his whole body being contaminated with this deadly disease. To cure such a kind of deadly disease, radical treatment is necessary. Instead of undergoing a radical treatment, if he tries to cure the disease by applying certain palliatives, i.e., applying tincture of iodine or some plaster to certain parts of his body wherefrom blood or pus may ooze out, it will not at all cure his disease completely. A deadly disease requires a radical treatment. Temporary palliatives cannot cure deadly diseases. Similarly, our Government cannot solve the problem without bringing forward a radical measure. But, as they have now come forward with this half-hearted measure, it will only give the casual reader an impression that the Government are very progressive. The Government are not as progressive as they ought to be. They only try to get a very small slice from the huge income which the landlords derive. I can quote a few instances from the experience that I have gained in the Chingleput district. In that district, the zamindari system is supposed to have been abolished. But, I am sorry to observe that the Zamindari Abolition Act is only on the Statute Book. In actual practice, the zamindar continues to have control over his tenants though the lands are now with the Government. He retains control over the tenants in the sense that even now in some parts of Chingleput district, a tenant is asked to give what is known as 'Aminji kooli'. That is, the tenant is asked to do free service and the manure collected at the backyard of the tenant is taken away by the landlords. There are certain other anomalies which are still in existence in that district. There are people who are known as 'Ekabaga mirasdar', i.e., those who have both the *melwaram* and *kudiwaram* rights. No rights are vested with the tenants. I know instances where such mirasdars own lands to the extent of 400 to 500 acres and who get 10 kalams per acre as waram from the tenants. This waram may be 6 or 8 kalams also. It depends on the fertility of the land concerned. Previously one kalam used to be sold at Rs. 35. Now it is selling at Rs. 12. Even if the price is Rs. 10, the mirasdar will get an income of Rs. 100. In Vallipuram, Wazhuvathur and

[Sri K. Vinayakam] [8th May 1954]

other places, I know from personal experience that the tenants are paying these landlords Rs. 100, whereas the landlords in turn pay to the Government as kist only Rs. 10. Even to the protagonists of zamindars in my district, it will be clear that the landlord makes an income of not less than Rs. 100 but pays Rs. 10 only as kist to the Government. It is said that this Bill is intended to cover such kinds of landlords. To what extent these landlords are affected by this Bill is the question that we will have to examine now. I know in many cases such landlords are not paying a large amount to the Government. In the places which I have already mentioned, there are families of such mirasdars. One brother is supposed to be a *strothriamdar* and has got patta in his favour. It is the family as a whole that is considered as landlord. What is the amount of income they get and what is the amount of tax that they pay to the Government?

“It is not more than ten per cent that they pay to the Government. Such people are not touched by this measure. I am staggered at the arguments put forward by the hon. Members Sri Ramaswami Mudaliar and Sri Raghava Mudaliar who are supposed to be progressive-minded people championing the cause of the poor. (Interruption by the hon. Member, Sri V. K. Ramaswami Mudaliar.) Thank you. I can understand the idea behind such arguments if they advocate the abolition of landlordism. But they do not want that it should be disturbed under any circumstances.

“The Surcharge Bill which is now under discussion is supposed to affect only certain classes of people. I can quote one more case, namely, that of lands given for betel leaf cultivation. These landlords let their lands out for betel leaf cultivation. I have known instances—the receipts are in my possession—where landlords get not less than Rs. 500 or Rs. 1,000 per acre of land where betel vines are grown. From time immemorial, the tenants have been paying this rent and they have not raised even the slightest objection. For they know, if they raise any objection, there will be an immediate change in the cultivator and the landlord would give away the land to some other tenant. For fear of this transfer of lands, the tenants have been putting up with this kind of hardship.

“Sir, we have known that these landlords in villages possess pattas to the extent of 500 acres or so, and how do they get these lands in their possession?”

DEPUTY SPEAKER:—“The hon. Member's time is up.”

SRI K. VINAYAKAM:—“One minute, Sir. Coming to the Bill under reference, this Bill contains anomalous provisions in the sense that persons owning lands in different districts and not paying above Rs. 500 as land tax in any one district are exempt from this surcharge. There are so many other anomalies and when the Bill is considered clause by clause, I will express my views on them.”

SRI V. R. KRISHNA AYYAR :—“ Mr. Deputy Speaker, Sir, I rise with mixed feelings in having to speak about this Bill. I strongly feel even at the very outset that the Budget deficit could and should easily have been bridged by right-thinking measures of taxation which for some reason or other, the Government have not launched upon. It has been said oftentimes in this House that Agricultural Income tax is a very rational system of taxation and that it should have been brought up here long ago. In any democratic system where there is progressive taxation of the richer classes, the only sensible and justifiable method is to adopt the slab system which is current in the Income tax administration. There is the usual cheap argument that is adopted that ryots or peasants cannot maintain accounts. That is really fallacious, because we find in Coorg, in Travancore-Cochin, in Bengal, in Bihar and I do not know in what other States there is already the Agricultural Income tax in operation. When the ryots there can maintain accounts, when petty traders can maintain accounts, there is hardly any reason why accounts could not be maintained, if accounts should necessarily be maintained, by even small cultivators. On the other hand, what we find is when this Bill is brought forward, those vested interests want that agricultural income tax should be brought, but when really agricultural income tax measures are brought, I am fairly certain those richer classes would offer a stiff resistance.

“ Sir, I wish to mention that a far more sensible course is to bring in a comprehensive agricultural income tax measure instead of this sort of patchwork solution. Yet, another suggestion I wish to make even during my preliminary observations is that, in view of the fact that there is already on the Statute Book an enactment dealing with Estate duty, its applicability to Madras State in respect of agricultural land can be brought about immediately here and now, provided a resolution, as contemplated in the Constitution, is passed by this Assembly to that effect. But for reasons best known to the Hon. Ministers themselves, they have not sought to make the death duties or estate duties applicable to agricultural lands.

“ We have had, after the Parliament passed this Act, deaths of very rich men, millionaires, which would have brought in more than six lakhs of rupees already to the Government if only the resolution had been passed in time. It was the bounden duty of the Government to bring in a resolution to make the Act applicable to agricultural land. But on account of gross neglect, shall I say the Government failed to bring in such a resolution and thereby lost a heavy income.

“ Thirdly, Sir, I want to make a suggestion. The Supreme Court has decided that in respect of export articles, the Sales Tax Act is *ultra vires*. In Malabar and South Kanara where the

[Sri V. R. Krishna Ayyar]

export trade in regard to coffee, tea, ginger and pepper is controlled by foreign firms, the trade has yielded them 19 lakhs of rupees. I have made enquiries about last year's income. It was 19 lakhs and we have lost this 19 lakhs and now think of a measure which even after State-wide application will fetch only six lakhs of rupees. The income is gone and the Government have not yet woken up to that reality. In fact, by an Ordinance—and it is not new for this Government to get Ordinances passed—if only those export commodities had been included in the list of Purchase Tax instead of Sales Tax, we would have got 19 lakhs of rupees. After all we have a Purchase Tax also already and there are several cases where this tax is levied. Then, Sir, who is it that has to pay this 19 lakhs? It is the foreign firms which export these commodities. There should have been no sympathy for these firms and according to me it is gross neglect on the part of the Government which cannot be tolerated. Instead of taxing the right source, the Government now come forward with a patchwork legislation like this. As a second best only, I welcome this. My friend, Mr. Gopala Menon said that this was a kind of socialistic legislation and it is absolutely for this reason I welcome it. Agricultural income-tax would be much better but in the absence of that I welcome this, although it is culpable neglect on the part of the Government not to have thought about it. Sir, in this connexion I must point out that this legislation will necessarily work some hardship in Malabar on account of the difference in conditions obtaining there. So far as the Malabar land-holders are concerned, the incidence seems to be very heavy because at the time of the Resettlement in Malabar, the assessment was fixed at a much higher level. Some consideration may have to be given to this factor.

“ Sir, I want to bring to the notice of the Government one another important circumstance, and it is this: Under the existing Malabar Tenancy Act, in respect of dry lands, fair rent is computed on the basis of assessment. This provision is rather vague because one does not know whether this surcharge will be included in the assessment for purposes of determination of fair rent. If it is included, say, on the interpretation of some courts, it will put the tenants to great hardship. Suppose a landlord pays an assessment of Rs. 500; this may be recovered from the tenants by way of fair rent. Some provision should be made to see that this does not happen. It is always thought that fair rent is payable even in respect of holdings. In such cases, contracts prevail. If under a contract, the tenant is liable to pay the land revenue, then the jenmi or the landlord may try to recover that from the tenant. There must, therefore, be clear, explicit and unambiguous provisions in the Act to see that under no circumstances tenants pay the surcharge.

“ I wish to make only these suggestions at this stage. I wish the Government had brought in a more useful taxation measure so that in a far more hearty manner the Opposition might co-operate with the Government in seeing that we place on the Statute

Book a truly socialistic and progressive structure of taxation instead of half-hearted measures which do not achieve any purpose but at the same time produce heart-burning on all sides."

DEPUTY SPEAKER:—"தாங்கள் இது வரைக்கும் இம்மாதிரி பேசிக் கொண்டிருப்பதற்கே ஒரு நிமிஷமாகிவிட்டதே."

Sri P. G. KARUTHIRUMAN:—"கனம் உதவி சபாநாயகர் அவர்களே, இந்த சர்சார்ஜ் மசோதாவை அதாவது இந்த அதிகப்படி வரி சட்டத்தை இப்போது கொண்டுவந்ததற்காக இதை நான் ஆதரிக்க வில்லை. 1952-ம் வருஷம் ஜூலை மாதம் 5-ம் தேதியே பொது பட்ஜெட் விவாதத்தில் இதை நான் வரவேற்றிருக்கிறேன். இதை எதிர் கட்சியினர் பலர் ஆதரித்தாலும்கூட பலவிதத் திருத்தங்களுக்கு காரணங்கள் அவர்களால் சொல்லப்படுகின்றன. இந்தப் பக்கத்திலிருந்தும் கூட சில திருத்தங்கள் சொல்லப்படுகின்றன. இந்த வரியினால்தான் உணவு உற்பத்தி பெருகத் தடையாக இருக்கிறது என்று ஒரு சிலர் சொல்லுகின்றனர். ஆனால் இந்த வரியை போடாவிட்டால் மட்டும் எப்படி அதிக உணவுப் பொருள் உற்பத்தி ஆகுமென்று தான் எனக்குத் தெரிய வில்லை. இதையேன் அவர்கள் உணரவில்லை? நான் இரண்டாயிரம் ரூபாய் கந்தாயம் செலுத்தி, மேலும் உரமும் விதையும் வாங்கி பலவிதத் திலும் கஷ்டப்பட்டு பயிர்த்தொழில் நடத்துபவன். மிகச் சிறந்த பாசன வசதி உள்ள ஜில்லா என்று சொல்லும்படியான தஞ்சாவூர் ஜில்லாவாக இருந்தால் என்னால் இன்னும் நன்றாக நடத்த முடியும். ஒரு விவசாயி அதிகப்படியாக உழைத்துத் தான் பயிரிடும்படியான ஜில்லாவாகிய கோயம்புத்தூர் ஜில்லாவிலிருந்து வருகின்றவன் நான். ஆனால் அது இங்கு சிறப்பாக கொண்டாடப்படுகின்றது. கோயம்புத்தூர் மிகவும் சிறந்த பயிர்த்தொழில் இடமென்றும், சொர்க்கப்பூமி என்றும் எதிர்க்கட்சி நண்பர்கள் சிலர் சொன்னார்கள். அங்கு விவசாய மக்கள் நன்றாக இருக்கிறார்கள் என்றால் அதற்கு அவர்களுடைய உழைப்புதான் முக்கியமான காரணம். அங்கே அதிகப்படியான குத்தகை வசூலிக்கப்படுகிறது என்றால், அதற்குக் காரணம் அங்கு அதிகமான விளைபொருள்கள் விளைகிறதினால் அல்ல, நீர்ப்பாசனத்திற்கும், பூமியைச் சீர்திருத்துவதிலும் ஏராளமான உழைப்பும், பொருளும் செலவிட வேண்டியிருக்கிறது. கோவை ஜில்லாவிலே சுமார் 10 லட்சம் ஏக்கர் நிலங்கள் சாகுபடியாகின்றன. இந்த 10 லட்சம் ஏக்கர்களுக்கும் பாசன வசதி கிடையாது. எல்லாம் மானம் பார்த்த மானுவாரி பூமிகளே. அங்கெல்லாம் மிணற்று பாசனம் தான் பெரும் பாலும் செய்யப்படுகின்றது. யாராவது உண்மையில் அங்கு வந்து நேரில் பார்த்தால்தான் மிணற்றுப் பாசனத்தில் நிலைமையை நன்கு புரிந்து கொள்ள முடியும். புராணங்களிலே சொல்லப்படுகின்ற ஆதிசேஷனுடைய தலையைப் பார்த்தாலும் பார்க்கலாம்; மிணற்றில் ஆயிரம் அடித் தோண்டினாலும் தண்ணீரைப் பார்ப்பது கடினம். இவ்வாறு தோண்டி மிணற்றுப் பாசனம் செய்வதற்கு அதிகப்படியான முதலீடு வேண்டியிருக்கிறது. இந்த மாதிரியான கஷ்டமான சூழ்நிலை எந்த ஜில்லா விவசாயிகளுக்கும் இருக்கமுடியாது. அவர்களும் இந்த சர்சார்ஜினால் பாதிக்கப்படுகிறார்கள். ஆனால் இதற்கெல்லாம் இந்த புள்ளிவிவரங்களை நன்கு பார்க்க வேண்டும். வெறும் பிரசாரத்திற்காக எதிர்க்கட்சியினர் பேசலாமே ஒழிய,

[Sri P. G. Karuthiruman] 3th May 1954]

உண்மை நிலவரத்தைப் பார்க்கவேண்டும். நம் மாகாணத்தில் 500 ரூபாய்க்கு மேல் 1,000 ரூபாய் வரை கந்தாயம் செலுத்துபவர்கள் 2,700 பேர்கள்தான் இருக்கிறார்கள். 1,000 ரூபாய்க்கு மேல் கந்தாயம் செலுத்துபவர்கள் 900 பேர்கள்தான் இருக்கிறார்கள். ஆகவே மொத்தத் திலே இந்த சர்சார்ஜ் மசோதாவினால் பாதிக்கப்படுபவர்கள் 3,600 பேர்கள் தான். நம் மாகாணத்தின் ஜனத்தொகை 360 லட்சம். இதில் வரி கொடுப்பவர்களைப் பார்த்தால் மிகவும் சொல்பம். இதைப் பார்க்கும்போது இந்த ஒரு சின்ன விஷயத்திற்கு விட்டுக்கொடுக்கும் மனப்பான்மை கூடாதா என்றுதான் கேட்கிறேன்? அப்படியே இந்த மசோதாவை நிறைவேற்றினாலுங்கூட அதனால் அரசாங்கத்திற்கு வரும் வரும்படி சுமார் ஏழரை லட்சம்தான். இந்த ஏழரை லட்சத்திற்காக ஏன் வரி போடுகிறீர்கள் என்று கேட்கலாம். எதிர்க்க வேண்டுமென்ற ஒரே மனப்பான்மை யினால்தான் எதிர்க்கிறீர்கள். ஆனால் அதே சமயத்தில் கடமையை மறந்து விடக்கூடாது. அதை ஊர்ந்து நடக்க வேண்டும். அவ்வாறு நடப்பதினால், நாமும் அரசாங்கத்தினிடம் அதற்குப் பதில் இதைச் செய்யுங்கள், அதைச் செய்யுங்கள் என்ற உரிமையைக் கொண்டாடுகின்றோம். அதை மறந்துவிடக்கூடாது. ஆகவே இந்த உரிமையை இப்பொழுது விட்டுக் கொடுப்பதுதான் நியாயம் என்பது என்னுடைய தாழ்மையான அபிப்பிராயம்.

"இப்போது விவசாயச் சீர்திருத்தம், நிலவரிச் சீர்திருத்தம் போன்றவைகளைக் கொண்டு வருவதால் சிலர் பாதிக்கப்படுவார்கள். அதிலே நாம் கவனம் செலுத்தக்கூடாது என்று சொல்லலாம். இப்போது கொண்டு வந்திருக்கும் இந்த நிலவரிச் சீர்திருத்தம் மிகவும் அவசியம். இதை பலர் ஒப்புக்கொண்ட போதிலும், இதிலே சில திருத்தங்களையும் செய்யவேண்டுமென்று சொல்லியுள்ளார்கள். அதன்படி மிராசுதாரர்களை எல்லாம் அதிகமான நிலங்களை வைத்துக்கொள்ளாதபடி தனித்தனியாக பிரித்துவிட வேண்டுமென்று சொன்னார்கள். அப்படியே பட்டாக்களை யெல்லாம் தனித்தனியே பிரித்து ஒவ்வொருவருக்கும் 5 ஏக்கர் பூமியாக பங்கிட்டுக் கொடுத்து விட்டால் மட்டும் உணவைப் பெருக்க முடியுமா? அப்பொழுதும் இருக்கும்படியான விவசாயிகள் லாபகரமாகவும், கவர்ச்சிகரமாகவும் உணவைப் பெருக்க வேண்டுமானால் உழைப்பு என்ற அடிப்படையில்தான் பெருக்க முடியும். ஆகவே இந்த மசோதாவால் நிலம் துண்டு போடப்பட்டு விடுமென்று யாரும் பயப்படத் தேவையில்லை. ஆகவே எந்த முறையில் எடுத்துக் கொண்டாலும் இந்த நிலவரிச் சீர்திருத்தம் மிகவும் முக்கியமானதாகவே காணப்படுகிறது.

"20 வருஷங்களுக்கு முன்பு ஒரு ஏக்கர் நிலத்தில் 100 ரூபாய் வரும்படி வரும். ஆனால் இரண்டாவது உலக மகா யுத்தத்திற்குப் பின்னால் எல்லாப் பொருள்களும் அதிகப்படியான விலை விற்பதால் ஒரு ஏக்கருக்கு 400, 500 ரூபாய் வரும்படி வருகிறது. இருந்தாலும் இப்போது உணவுப் பொருள்கள் விலை மட்டும் குறைந்து விட்டதால், சாகுபடி செய்யும்படியான உணவு உற்பத்திச் செலவுக்கு விற்கும்படியான உணவுப் பொருள்களின் வருமானம் மிகவும் குறைவாகவே இருக்கிறது. இருந்தாலும், இந்த 500 ரூபாய் கட்டணம் கட்டுகிறவர்கள் யார்? எத்தனை பேர்கள் என்று பார்க்க வேண்டும். தஞ்சாவூர் ஜில்லாவிலே சுமார் 20 முதல் 30 ஏக்கர் வரை நிலம் உள்ளவர்கள் பாதிக்கப்படுவார்கள். கோவை ஜில்லாவிலே தாராபுரம், பல்லடம் போன்ற இடங்களில் 500 முதல் 600 ஏக்கர் உள்ளவர்கள் பாதிக்கப்படலாம். ஏற்கனவே இந்த மசோதாவால் 3,600 பேர்கள்தான் பாதிக்கப்படுகிறார்களென்று நான் சொல்லிவிட்டேன். ஆகவே 1 அல்லது ஒன்றரை ஏக்கர் நிலங்களை வைத்திருப்பவர்களை யெல்லாம் இது ஒன்றும் செய்யாது. ஆகவே மற்றொன்று சொல்லலாம். இதற்காக நிலமுடையோர் உடனே அவர் அவர்களுடைய நிலங்களை பல பாகங்களாகப் பிரித்துக்கொள்வார்கள் எனலாம். அதனால் இந்த சர்சார்ஜ் மசோதா செல்லுபடியாகாமல் உடைக்கப்பட்டு விடுமென்றும் கூறலாம். இந்து மத சட்டப்படி இந்து குழந்தைகளுக்கு பாகம் பிரித்துக்கொள்ளும் உரிமை இருக்கிறது. பொது உடமையைப் பற்றி பேசுகின்றவர்கள் இதைப்பற்றி சிந்திக்க வேண்டும்; கவனிக்க வேண்டும்.

[Sri P. G. Karuthiruman] [8th May 1954]

“ஒரு இந்து குடும்பத்தில் ஒரு தகப்பனுருக்கு நான்கு பிள்ளைகள் இருந்தால், அவர்கள் இஷ்டப்படி நான்கு பாகங்களாக பங்கிட்டுக் கொள்ளலாம் என்ற முறை பொது உடமைப் பேச்சின்றி இன்று ஏற்பட்டதல்ல. அந்தக் காலத்திலேயே இந்து மத சாஸ்திரத்தில் சொல்லப்பட்டிருக்கிறது. மற்றும் இந்த கோவை ஜில்லாவில் ஒரு ஏக்கர் நல்ல தோட்ட நிலத்திற்கு 100 ரூபாய் வரைதான் குத்தகை வசூலிக்கப்பட்டு வருகிறது.”

SRI N. RATHINA GOUNDER :—“On a point of information. இப்போது பேசுகின்ற கனம் அங்கத்தினர் அவர்கள் பேச்சிலிருந்து இந்த சட்டம் கொண்டு வருவதற்கு முன்பே தன்னுடைய பங்கு பாகங்களை ஜாக்கிரதையாகப் பிரித்து வைத்துக்கொண்டிருக்கிறார் என்று சொல்லப்படுகிறது. இது உண்மைதானா?”

SRI P. G. KARUTHIRUMAN :—“நண்பர் அவர்கள் என்னை தெரிந்திருந்தும் இவ்வாறு சொல்லக்கூடாது. 15 வருஷங்களுக்கு முன்பே என் குடும்பத்தில் ஞாயமாக பிரித்துக்கொண்டிருக்கவேண்டும். ஆனால் நம் இந்து குடும்பங்களின் கனியத்திற்கும், கவுரவத்திற்கும் காரணமாக பாகம் பிரிக்கவில்லை. இனிமேல் சூழ்நிலைகளின் காரணமாகப் பிரித்துக் கொள்வோம். இப்பொழுது இந்த நிலச்சீர்திருத்த சர்ச்சார்ப் மசோதாவில் நிச்சயமாக குறிக்கப்பட்டுள்ள சில உத்தரவுகளின் சூழ்நிலையை எடுத்துச் சொல்லிக் கொண்டிருக்கிறேன். அதற்குள் நண்பர் தப்பிப் பிராயம் செய்துகொண்டிருக்கிறார். அதற்கு நான் மிகவும் வருத்தப்படுகிறேன்.”

“கோவை ஜில்லாவிலே ஒரு ஏக்கர் பயிரிடுவதற்கு எவ்வளவு முதலீடு போடப்படுகிறது என்பதை கணக்கெடுத்துப் பார்க்கவேண்டும். எதிர்கட்சியினர் எதிர்ப்புக்கூற வேண்டுமென்பதற்காக சொன்னால் போதாது. உரங்களுக்கும், நீர்ப்பாசன வசதிகளுக்கும் அதிகமாக முதலீடு செய்யவேண்டும். கணக்கெடுத்துப் பார்த்தால் மற்ற ஜில்லாக்களைவிட அதிகமாக முதலீடு செய்வது நண்பர்கள் நேரில் பார்த்தால் நன்கு தெரியும். சந்தேகம் இருக்குமானால் தஞ்சாவூரிலே ஒரு ஐந்து ஏக்கர் நிலத்தையும், கோவையிலே ஒரு ஐந்து ஏக்கர் நிலத்தையும் நண்பர் கந்தசாமி அவர்கள் எடுத்துக்கொண்டு லாபத்தைக் கணக்கிட்டு பார்க்க வேண்டுமென்று சொல்லுகிறேன்.”

“இந்த மசோதாவிலே சொல்லியிருக்கின்ற ஒரு வரியை உதாரணத்திற்கு படிக்கின்றேன். இரண்டாவது கிளாஸில், ஒண்ணில் டெபனிஷன் ‘பி’யில், இருக்கும்படியான பூமியை, கந்தாயம் கொடுக்காமல் வைத்திருப்பவர்கள் என்று குறிப்பிடப்பட்டிருக்கிறது. இதன்மீது கந்தாயம் கொடுக்காமல் எமாற்றுவதற்கு இது சௌகரியமளிக்கிறது. காரணம் நிலச் சொந்தக்காரர் மற்றொருவருக்கு பயிர் செய்ய நிலத்தைவிட்டு, வரும் வருவாயை இருவரும் பிரித்துக் கொள்வதே. ஆகவே **Landholders** என்பவர்களிடத்திலேயே நேரிடையாக வசூல் செய்வதற்கு இந்த திருத்தம் செய்யவேண்டுமென்று கேட்டுக்கொண்டு, இந்த சந்தர்ப்பமளித்த கனம் உதவி சபாநாயகர் அவர்களுக்கு என் நன்றியைத் தெரிவித்துக்கொள்கிறேன்.”

SRI K. T. RAJU :—“கனம் உதவி சபாநாயகர் அவர்களே, இந்த நிலவரிமேல் விதிக்கப்படும் உபரிவரியை நாங்கள் வரவேற்கிறோம். அதே சமயத்தில், ஏற்கனவே நாங்கள் எடுத்துக்காட்டியதுபோல், விவசாய வருமான வரி வசூலிப்பதுதான் மிகவும் நல்ல முறையாக இருக்குமென்பதைக் குறிப்பிட விரும்புகிறோம். சபை முன்பு வாதத்திலிருக்கும் இந்த மசோதாவினால் பெரிய அளவுக்கு மிராசுதாரர்கள் பாதிக்கப்படுவார்களென்று சர்க்கார் தரப்பில் இருக்கக்கூடிய ஒரு அங்கத்தினர் சொன்னார். ரூ. 500-க்கு மேல் கிஸ்தி செலுத்துபவரிடமிருந்துதான் இந்த உபரி வரி வசூலிக்கப்படுமென்று சொல்லப்படுகிறது. ஏழை எளியவர்கள் மீதும், நடுத்தர வகுப்பினர் மீதும் போடப்பட்ட வரிகளை ஆதரித்த அவர், இப்பொழுது ரூ. 500-க்கு மேல் வரி செலுத்தும் ஒரு கூட்டத்தாருக்கு

அனுதாபம் தெரிவிப்பதை நாங்கள் புரிந்துகொள்ள முடியவில்லை. மிராசு தார்கள் ஜில்லாவாரியாக செலுத்தும் கிஸ்தியின் மேல்தான் உபரிவரி விதிக்கப்படவேண்டுமென்று இந்த மசோதா கூறுகிறது. ஏற்கனவே கனம் அங்கத்தினர் ஸ்ரீ ரங்கசாமி ரெட்டியார் எடுத்துக்காட்டியதுபோல், பலர் நிலங்களை வாடகைக்குவிட்டு அதை வியாபார முறையில் ஒரு தொழிலாக நடத்திவருகிறார்கள். கனம் அங்கத்தினர் ஸ்ரீ கருத்திருமணப்போல் இருப்பவர்கள் விவசாயிகளல்ல. அவர்கள் பெரும்பாலும் சென்னை, கோவை போன்ற நகரங்களில் இருப்பார்கள்.”

SRI P. G. KARUTHIRUMAN :—“On a point of information, Sir, கனம் அங்கத்தினர் அவர்கள் என்னை விவசாயி அல்ல என்று சொன்னார். அவர் எந்த பூமியில் எவ்வளவு தூரம் விவசாயம் செய்கிறார் என்று தெரிந்துக்கொள்ள விரும்புகிறேன்.”

SRI K. T. RAJU :—“நான் கனம் அங்கத்தினரைப்பற்றி குறிப்பாகச் சொல்லவில்லை. அவர்களைப்போல் உள்ளவர்களைப் பற்றித் தான் சொன்னேன். தன் மனதே தன்னை உறுத்துகிறதுபோலும். அவர் சொல்லுகிற 3,000 பேர்களில் 2,800 பேர் விவசாயிகள் அல்ல. சென்னையில் வீடுகளை வாடகைக்கு விட்டு சம்பாதிப்பதுபோல், அவர்கள் தங்கள் பணத்தைக்கொண்டு நிலங்களை வாங்கி அவைகளை குத்தகைக்கு விட்டு பணம் சம்பாதிக்கிறார்கள். அவர்களெல்லாம் விவசாயிகள் அல்ல. அவர்கள் இந்த மசோதாவினால் பாதிக்கப்படமாட்டார்கள். எங்களுடைய கோரிக்கை இந்த என்னவென்றால், ரூ. 250-க்கு மேல் கிஸ்தி செலுத்துபவர்கள் கூட இந்த உபரி வரியை கொடுக்கவேண்டும் என்பதே. எந்த வரிபோட்டாலும் எதிர்க்கட்சியினர் எதிர்ப்பார்கள் என்று சொல்லப்படுகிறது. ஆனால் இந்த மசோதா, வரி விதிப்பு முறையிலேயே ஒரு புதிய policy-ஐ பின்பற்றி புதிய திசையை நோக்கி காலடி வைத்திருக்கிறது என்றே சொல்லவேண்டும். அந்த அளவுக்கு இந்த மசோதாவை நான் வரவேற்கிறேன். இதுவரையிலும் ‘குண்டுச் சட்டியில் குதிரை ஓட்டுவதுபோல்’, ‘எழை எளிய மக்கள் மீது சர்க்கார் வரிபோட்டு வந்தார்கள். யார் வரிப் பளுவைத் தாங்குவார்களோ யாரால் வரியைக் கொடுக்க முடியுமோ அத்திசையை நோக்கி சர்க்கார் போவதை நாங்கள் வரவேற்கிறோம். இந்தப் பாதையில் இது ஒரு ஆரம்ப முனை. இனிமேல் எழைமக்கள் மீது வரிபோடமுடியாது; அவர்களால் வரிப்பளுவைத் தாங்கவும் முடியாது. ரூ. 250-க்கு மேல் கிஸ்தி செலுத்துபவர்களுக்கும் இந்தவரி போட்டால் அவர்கள் குடும்பம் நசித்துவிடாது, விவசாயமும் அழிந்துவிடாது. இன்றையதினம் அவர்களுக்கு வரக் கூடிய வருமானம் எவ்வளவு என்பது எனக்குத் தெரியும். சர்க்காருக்குக் கிடைக்கக்கூடிய வருமானத்தை எப்படி செலவழிக்கவேண்டுமென்ற விஷயத்தில் எங்களுக்கு அபிப்பிராயபேதம் இருந்தாலும், இம்மாதிரி யான முறையிலே இன்னும் தீவிரமாக, ரூ. 250-க்கு மேல் கிஸ்தி செலுத்தக்கூடியவர்களிடமிருந்தும் இந்த உபரிவரியை வசூலிக்க இந்த மசோதா திருத்தப்படவேண்டுமென்றுதான் சொல்லுகிறோம்.”

எங்கும் நடுத்தரவகுப்பினருக்கும் வரி விலக்களிக்கவேண்டும். இதுவரையிலும் நமக்குத் தெரிந்தவரையில் இம்மாதிரி புதிய முறையில் வரி போட்டதே கிடையாது. இதைப்பற்றி ஸ்ரீ கருத்திருமன் 1952-ம் வருடம் ஜூன் 5-ம் தேதி சொன்னார். நாங்கள் 1950-லேயே சொல்லியிருக்கிறோம். சர்க்கார் தரப்பிலிருந்துகொண்டு வரப்படும் எந்த வரியையும் நாங்கள் எதிர்ப்பதாகச் சொல்லப்படுகிறது. எங்களைப் பொருத்தமட்டில் நியாயமான வரியை நாங்கள் ஆதரிப்போம். பெரும்பாலான ஏழை மக்களின் மீது போடப்படும் வரியைத்தான் எதிர்ப்போம். இந்த அடிப்படையில்தான் நாங்கள் சென்ற இரண்டு வருடகாலமாக இந்தச் சபையில் பேசி வந்திருக்கிறோம். இன்னும் அதிகமாக வரி போடவேண்டுமென்பதுதான் மசோதாவிலிருக்கும் குறைபாடு என்று நாங்கள் கருதுகிறோம். இந்த அடிப்படையில் இந்த உபரி வரியை விவசாய வருமான வரியாகக்கொண்டு வரவேண்டும். அப்படிக்கொண்டு வந்தால் ஒரு சமயம் மழை பெய்யாமல் வருமானம் குறைந்தால், அதற்கு வரிவிலக்கு கிடைக்கும். ஜில்லா வாரியாகக் கணக்கெடுக்காமல் ராஜ்ய முழுவதையும் ஒன்று சேர்த்து அந்த அடிப்படையில் வரி விதித்தால், ஆயிரக்கணக்கான ஏக்கர்கள் வைத்திருப்பவர்களிடமிருந்து அதிக வருமானத்தை எதிர்பார்க்க முடியும். அவர்கள் இந்த வரி விதிப்பிலிருந்து தப்பித்துக்கொள்ள முடியாமல் வழிவகை செய்ய இந்த மசோதாவை திருத்தவேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன்.”

SRI G. VAGHEESAM PILLAI :—“கனம் உதவி சபாநாயகர் அவர்களே, நான் இந்த உபரிவரி மசோதாவை ஆதரித்துப் பேசுகையில் ஒரே திருத்தங்களை மட்டும் சர்க்காரின் யோசனைக்குக் கொண்டுவர விரும்புகிறேன்.

“1952-ல் ரூ. 100-க்கு மேற்பட்ட கிஸ்தி செலுத்துபவர்களுக்கு surcharge விதிக்கவேண்டுமென்று ஒரு மசோதா கொண்டுவரப்பட்டது. அதனால் அப்பொழுது ரூ. 100-க்கு மேற்பட்டு கிஸ்தி செலுத்தும் சிறிய மிராசதாரர்கள் பாதிக்கப்படும் நிலைமை ஏற்பட்டிருந்தது. ஆனால் இப்பொழுது கொண்டு வரப்பட்டிருக்கும் மசோதாவில் ரூ. 500-க்கு மேல் கிஸ்தி செலுத்துபவர்களுக்குத்தான் surcharge விதிக்கப்படும் என்று சொல்லியிருப்பதால் நான் அதை ஆதரிக்கிறேன். இந்த மசோதாவுக்கு ஒரே திருத்தங்களைச் சொல்ல விரும்புகிறேன். இந்த வருஷம் நெல் விலை ஒரு மணங்கிற்கு ரூ. 8 வீதம் அதாவது 50 படி மூட்டை ரூ. 15, 16 ஆக இருக்கிறது. அடுத்த வருஷத்தில் நெல் விலை இறங்கும். இறங்கத்தான் வேண்டும். புண்ணுக்கு, chemical manures இவைகளின் விலை குறைய வில்லையாதலாலும், மற்ற விவசாயச் செலவும் அதிகமாயிருப்பதாலும், இந்நிலையில் surcharge கொடுப்பது கஷ்டமாக இருக்கும். ஆகையால், நெல் விலை மணங்களுக்கு ரூ. 8-க்கு குறைந்து விட்டால் surcharge வசூலிக்கக்கூடாது என்ற ஒரு clause இந்த மசோதாவில் இருக்க வேண்டும். எங்கள் பகுதியில் நெல்தான் விளைகிறது. ஆகையால் நான் நெல்லைப்பற்றிப் பேசுகிறேன். ஒரு ரூபாய்க்கு பட்டணம் படி 4 படிக்கு மேல் விற்கும் பொழுது surcharge-ஐ எடுத்து விடவேண்டுமென்று நான் சர்க்காரைக் கேட்டுக்கொள்ளுகிறேன்.

“என்னுடைய மற்றொரு திருத்தம் என்னவென்பதை அடுத்தபடியாகச் சொல்லுகிறேன். Land Revenue Remission Rules-படி ஒரு அணுவிற்குக் கீழ் சாவி மகரூலிருந்தால் Land Revenue தள்ளிக்கொடுக்கப்படுகிறது. இந்த மசோதாவின் கீழ், அப்படி தள்ளிக்கொடுக்கப்பட்ட கிஸ்துக்கு surcharge விதிக்கப்படவில்லை. Surcharge செலுத்தக்கூடிய விவசாயிகளுக்கு 4 அணுவிற்குக் கீழ் மகரூல் இருந்தால் surcharge விதிக்கப்படமாட்டாது என்ற ஒரு விதி இந்த மசோதாவில் சேர்க்கப்படவேண்டும்.

“விவசாயிகள் இந்த மசோதாவில் கண்டுள்ளபடி declaration களைச் சரியாக கொடுக்கவில்லையென்றால் அவர்களுக்கு இரண்டு வருட கடுங்காவல் தண்டனை விதிக்கவேண்டுமென்று ஒரு திருத்தத்தை நண்பர் ஒருவர் கொண்டுவந்திருக்கிறார். விவசாயிகள் மாத்திரம் சரியான கணக்கு களைக் கொடுக்கமாட்டார்களென்று அவர் என் நினைக்கவேண்டும்? இந்த மசோதாவில் இருக்கிறபடியே, அப்படி சரியான statement-களைக் கொடுக்காத

DEPUTY SPEAKER :—“உங்களுக்குப் பிறகு கனம் மந்திரி அவர்களை பதில் சொல்லும்படி அழைக்கப்போகிறேன். ஏனென்றால் இன்றைக்கு ஒரு அரைமணி நேர விவாதம் வேறு இருக்கிறது.”

SRI M. THE HON. SRI C. SUBRAMANIAM :—“Sir, the understanding was that both the general discussion and also the clause by clause consideration will be taken up to-day. It was originally agreed that the general discussion would close at 11 o'clock and the Hon. Minister would be called upon to reply to the general discussion at 11 o'clock. But now the time for general discussion has been further extended to 11-30. As soon as the hon. Deputy Leader of the Opposition finishes his speech, the Hon. Minister may be called upon to reply and then we shall take up clause by clause consideration of the Bill.”

SRI S. SWAYAMPRAKASAM :—“Sir, that understanding was arrived at yesterday because the Council was scheduled to meet on the 10th. The object of the Government to finish consideration of the Bill to-day was to give work to the Council on the 10th. Since we see from the newspapers that the Council has been called upon to meet only on the 13th there is no necessity to hurry through the Bill to-day itself. We can have the clause by clause consideration on Monday.”

THE HON. SRI C. SUBRAMANIAM :—“There is no necessity to waste time simply because the Council has been called to meet only on the 13th.”

SRI S. RAMALINGAM :—“Sir, I object to the statement of the Hon. the Finance Minister ‘We should not waste the time’ of the House on the Bill.”

THE HON. SRI C. SUBRAMANIAM :—“The hon. Member Sri Swayamprakasam said that because the Council had been called to meet on the 13th we could postpone consideration of the clauses to Monday and if the meeting of the Council had not

been postponed it could be finished to-day itself. Simply because the Council had been called to meet on a later date, it does not mean we get more points to discuss."

SRI S. SWAYAMPRAKASAM:—"We cannot finish discussion on the Bill to-day and therefore clause by clause consideration has to be postponed to Monday. Why do you hurry through the Bill? We are not wasting time. On the other hand you have delayed the publication of the Bill and wasted the time and money of the Government."

SRI K. VINAYAKAM:—"There is one more important reason, Sir, why it should not be hustled through. If it is hustled through then there will be left a general impression in the minds of the Members of the Opposition that not many Members were given a chance to speak on the Bill. Now to cut short the general discussion at this stage and to take up clause by clause consideration of the Bill, especially when hon. Members are suffering from a brain fag, it being 11-30, will not give sufficient opportunity to hon. Members to discuss the merits of the clauses."

DEPUTY SPEAKER:—"They will get the opportunity when the clauses are taken up."

SRI K. VINAYAKAM:—"But what about general discussion?"

SRI M. “இந்த மசோதாவின்மீது பொது விவாதத்தை இன்றைக்கு முடித்து, திங்கட்கிழமையன்று ஷரத்துவாரிப் பரிசீலனை செய்து, திங்கட்கிழமையன்று இந்த மசோதாவை நிறைவேற்றிவிடலாம். அப்படிச் செய்வதினால் மேல்சபைக்கு இந்த மசோதா போவதற்கும் யாதொரு இடையூறு இருக்காது. சர்க்கார் கட்சித் தலைவருக்கு அது இஷ்டமில்லாவிட்டால், அவர் பேசுவதற்கு சந்தர்ப்பம் கொடுக்கவேண்டாம். அவர் சொன்னதையே அவர் வற்புறுத்துவாரானால், கண்டிப்பாக அவர் சொல்லக்கூடியது நிறைவேறுது என்பது என்னுடைய அபிப்பிராயம்.”

MR. SPEAKER :—“வற்புறுத்தல் ஒன்றுமில்லை. There should be ‘give and take’ on both sides. Whenever the Government want the Opposition to help them, they should come forward to help the Government.”

SRI P. RANGASWAMI REDDIAR :—“I would like to know what understanding was reached yesterday.”

MR. SPEAKER :—“It was that it should be finished to-day.”

SRI S. SWAYAMPRAKASAM :—“Sir, I wanted to conform to the rules. Rule 79 says that the Bill must be taken up after the expiry of six days from the date of publication of the Bill. No doubt, the Speaker has discretion to waive this notice. The Leader of the House said that the Council was meeting on the 10th and if this Bill was not finished to-day, there would be no work for the Upper House on the 10th. For that reason, I said I was prepared to go on with the consideration of the Bill and finish it to-day, the general discussion and the clause by clause consideration. But this morning I saw in the newspapers that the Council has been called to meet only on the 13th. Under these circumstances I feel there is no hurry about the Bill. Now we have sufficient time. We can discuss the matter elaborately and we can finish the Bill on Monday. If the Council meets on the 10th, we should hurry up consideration of the Bill. The Council is meeting on the 13th only and we suggest the Bill could be finished on Monday. On that account, the Hon. the Leader of the House is not privileged to say that we are wasting the time of the House.”

DR. K. B. MENON :—“There seems to be a lot of unrest among the Opposition Members about the time given for hon. Members to speak on the Bill. This is one of the most important

Bills that have so far come up before the House during this session. I request the Hon. Speaker and the Hon. the Leader of the House to make some concession in regard to this Bill and give some more time to the Opposition Members to speak. The Opposition Members get on the average, as I said before, only 10 minutes in one whole year."

MR. SPEAKER :—" There is too much repetition in the speeches, I am told by the Deputy Speaker."

DR. K. B. MENON :—" On this particular Bill only one Member from our party could speak. Not even a second Member got a chance to speak on this Bill. I suggest, therefore, that more time should be given for the consideration of this Bill."

SRI M. KALYANASUNDRAM :—" அந்தப் பிரச்சினையைப்பற்றி தங்கள் முடிவு என்ன என்று தெரிந்தால் பரவாயில்லை."

MR. SPEAKER :—" It is not possible, I think, to finish the clause by clause consideration of the Bill also to-day itself. We have only an hour before us. Therefore, I think it must be carried to Monday."

SRI M. KALYANASUNDRAM :—" அப்படியானால் மற்ற அங்கத்தினர்சனக் கூப்பிடும்படியாக கேட்டுக்கொள்ளுகின்றேன்."

MR. SPEAKER :—" 12 மணிவரையில் அங்கத்தினர்களைப் பேச அனுமதித்துவிட்டு, 12 மணிக்கு கனம் மந்திரி அவர்களைப் பேச அனுமதிக்கப் போகிறேன். Let us have the second reading finished to-day so that we can take up the consideration of the Bill, clause by clause, on Monday."

SRI M. PALANIYANDI :—" கனம் சபாநாயகர் அவர்களே, இன்று ஆறாம் கட்சி கொண்டுவந்திருக்கும் இந்த மசோதாவை ஆதரித்துப் பேசும் காலத்தில், உண்மையாக இந்த நாட்டிலே உள்ள ஏழை மக்களுக்கு, சாதாரண பாமர மக்களுக்கு, அத்தியாவசியமான நிலப் பிரச்சினையை இந்த சர்க்கார் தீர்த்துவிட்டதாகச் சொல்லமுடியாது. ஏதோ இன்று பெரும் மிராசுதார்களுக்கு வரி போட்டு விட்டோம் என்று சர்க்கார் சொல்லுகிறார்களே தவிர, பெரு நிலச்சுவாந்தார்களுக்கு சாதாரணமாகக் கிடைக்கும் வருமானத்தைக் கணக்கில் எடுத்துக்கொண்டு, அதற்குத் தக்க முறையில் வரி விதிக்கப்பட்டதாகச் சொல்ல முடியாது. விவசாய வருமான வரி விதிப்பதற்கு என்ன தடை இருக்கிறது? விவசாயிகள் கணக்குகளை வைத்துக்கொள்ளுவதற்கு முடியாது என்று சொன்னால், அது தகுந்த காரணமாக இருக்க முடியாது. சென்ற ஆண்டில், உணவுப் பொருள்களின் கட்டுப்பாட்டை எடுத்ததன் காரணமாக பெரு மிராசுதார்கள் எவ்வளவு லட்சக் கணக்கான ரூபாய்களை சம்பாதித்தார்கள் என்று தெரியுமா? இன்னும் கூட தஞ்சை ஜில்லாவிலுள்ள பெரு நிலச்சுவாந்தார்கள் எப்படி சம்பாதித்துக்கொண்டிருக்கிறார்கள் என்பதும் தெரிந்த விஷயமே. இருந்தாலும் கூட, இப்பொழுது கொண்டுவரப்பட்டிருக்கும் மசோதாவின்படி ரூ. 500-க்கு மேல் கிஸ்தி செலுத்தும் நிலச்சுவாந்தார் ரூபாய்க்கு இரண்டரை முதல் எட்டரை வரை நிலவரி சர்சார்ஜ் செலுத்தவேண்டுமென்று சொல்லப்படுகிறது. இது சர்வ சாதாரணமான ஒரு வரி விதிப்பே தவிர, வேறொன்றுமில்லை. அவர்களால் இன்னும் அதிகமாகக் கொடுக்க முடியும். பெரு நிலச்சுவாந்தார்கள் இந்த சர்சார்ஜ் மசோதாவினால் பெரிதும் பாதிக்கப்பட்டுவிட்டார்கள். ஏனென்றால், அவர்களிடம் குத்தகைக்கு நிலத்தைப் பயிரிடும் சாதாரண விவசாயிகளிடமிருந்து ஒரு மூட்டை அல்லது இரண்டு மூட்டை தானியங்களை அதிகமாக வாங்கிக்கொண்டு, இந்த

சார்ஜை அரசினருக்குக் கொடுத்து விடுவார்கள். ஆகவே, இந்த மசோதா வானது பெரு நிலச் சுவாந்தார்களைப் பாதித்துவிட்டது என்று சொல்ல முடியாது.

"அரசினர், இந்த ராஜ்யத்திலுள்ள நிலப் பிரச்சினையைத் தீர்ப்பதற்கு முன்வரும்போது, பெரு நிலச்சுவாந்தார்களுக்கு தக்க வரி விதிப்பதோடுமட்டுமல்லாமல், சாதாரண நிலச்சுவாந்தார்களுக்கு வரிச் சலுகை கொடுக்கும் அளவுக்குத்தான் வரி போடவேண்டுமே தவிர, அவர்கள், இது மாதிரி வரி போடுவதன் காரணமாக நிலப் பிரச்சினையைத் தீர்த்து விட்டதாகச் சொல்லமுடியாது. பெரு நிலச்சுவாந்தார்கள் மீது வரி போட்டு விட்டோம் என்றும் சர்க்கார் சொல்லிக்கொண்டிருக்கமுடியாது. ஆகையால், விவசாய வருமானத்தை அடிப்படையாக வைத்துக்கொண்டு, இந்த மசோதாவைக் கொண்டு வந்தால் இன்னும் அதிகமான தொகையை மிராசுதார்களிடமிருந்து சர்க்கார் பெற முடியும். இப்போது கொண்டு வரப்பட்டிருக்கும் மசோதாவின் மூலமாக சுமார் 6 அல்லது 7 லட்சம் ரூபாய்தான் கிடைக்கிறது. ஆகையால், விவசாய வருமான வரி விதிப்பைக்கொண்டு வருவதற்குத் திட்டமிடவேண்டுமென்று நான் கேட்டுக் கொள்ளுகின்றேன்.

"எகரா ஒன்றுக்கு சராசரி ரூ. 15 அல்லது ரூ. 20 நிலவரி என்று வைத்துக்கொள்ளலாம். சுமார் பத்து எகரா நிலத்திற்கு சாதாரணமாக விளைச்சல் வந்தால் ரூ. 3,000 வரை கிடைக்குமென்று நம்புகிறோம். ரூ. 3,500-க்கு மேல் வருமானம் வந்தால் வருமான வரி போடப்படுகிறது. சாதாரண சில்லரை வியாபாரிகளுக்கு கூட விற்பனை வரி போடப்படுகிறது. வெற்றிலை பாக்குக் கடைக்காரர்கள் கூட கணக்குகள் வைத்துக்கொண்டிருக்கக்கூடிய நிலையில் இருக்கிறார்கள். ஆகவே, ரூ. 3,500-க்கு மேல் வருமானம் இருப்பவர்கள் வருமான வரி செலுத்துகிறார்கள். அதைபோலவே ஆயிரக்கணக்கான, நூற்றுக்கணக்கான எகரா நிலம் வைத்திருப்பவர்களுக்கு எவ்வளவு வருமானம் வருகிறதென்பதைப் பார்க்கவேண்டும். அப்படிப் பார்த்தால், பெரிய மிராசுதார்கள் எவ்வளவு வருமானம் அடைகிறார்கள் என்பதைத் தெரிந்து கொள்ளமுடியும். விவசாயத்திலிருந்து மிராசுதார்கள் ஏராளமான லாபத்தை அடைந்துக்கொண்டிருக்கும்போது, ஏன் அவர்களுக்கு விவசாய வருமான வரி போடக்கூடாது என்று கேட்கிறோம்? தோழர் ஸ்ரீ ரங்கசாமி ரெட்டியார் அவர்கள் குறிப்பிட்டது போல், ரூ. 37 அல்லது ரூ. 40, அல்லது ரூ. 100 வரையில் சர்சார்ஜ் கொடுப்பதால், அவர்கள் மிகவும் பிரமாதமாக பாதிக்கப்பட மாட்டார்கள். நான் ஏற்கெனவே குறிப்பிட்டதுபோல், மிராசுதார்கள் சர்க்காருக்குச் செலுத்த வேண்டிய சர்சார்ஜ் தொகையை எப்படியாவது வாரம் குத்தகைதாரர்களிடமிருந்து வசூல்செய்து விடுவார்கள். இது ஒரு புறமிருக்க, சர்க்காருக்கும் இந்த வரியினால் எதிர்பார்த்த அளவுக்காவது வருமானம் வருமா என்பதும் சந்தேகமே. ஏனென்றால், உதாரணமாக, ஒரு நபருக்கு ஒரு ஜில்லாவில் ரூ. 490 வரை நிலவரி செலுத்தக்கூடிய அளவுக்கு நிலம் இருந்து, அடுத்த ஜில்லாவிலும் நிலம் இருந்தால், அந்த நபர் சர்சார்ஜ் செலுத்தவேண்டியதில்லை என்ற முறையில் மசோதாவில் ஷரத்து காணப்படுகிறது. இதைப் போன்ற சிறுசிறு குறைபாடுகளை நீக்கி, இந்த மசோதாவை நன்றாகப் பரிசீலனை செய்து, திருத்தியமைக்கவேண்டும். இப்பொழுது கொண்டுவந்திருக்கும் இந்த மசோதாவானது முதல் படி என்று மந்திரி அவர்கள் சொன்னார்கள். முதல் படி மட்டுமல்லாமல் இன்னும் பல படிகள் முன்னேறவேண்டுமென்று நாங்கள் கேட்கின்றோம். விவசாய வருமான வரி சட்டம் கொண்டு வந்தால் அதன் மூலமாக சர்க்காருக்கு அதிக வருமானம் கிடைக்கக் கூடும். சர்க்காருக்கு மேலும் அதிகமான வருமானம் வரக்கூடிய மரண வரிச் சட்டம் கொண்டுவரப்படவில்லை. பல கோடீஸ்வரர்கள் இந்த வரி செலுத்தக்கூடிய நிலைமையில் இருக்கிறார்கள் என்று தோழர் ஸ்ரீ வி. ஆர். கிருஷ்ண அய்யர் சொன்னார்கள். ஏன் அந்த வரி இன்னும் போடப்படவில்லை யென்று நாங்கள் கேட்கின்றோம். மரண வரி செலுத்தக்கூடியவர்கள் எவ்வளவோ பேர்கள் இறந்திருக்கிறார்கள். அந்தப் பணம் அரசாங்கத்திற்கு வந்திருக்கும். அதைப் போன்ற வரிகளெல்லாம் போடப்பட வேண்டும்.

[Sri M. Palaniyandi] [8th May 1954]

“நிலவரி சர்சார்ஜ் விதிப்பதன் மூலம் சர்க்காருக்கு சுமார் ஆறு லட்ச ரூபாய் வருமானம் கிடைக்குமென்று எதிர்பார்க்கப்படுகிறது. ஆகையால், அரசாங்கம், விவசாய வருமான வரி விதிக்கக்கூடிய சட்டத்தைக் கொண்டுவந்து பெரு நிலச்சுவாந்தார்கள் பெரிய அளவு வரி செலுத்தும் படி செய்யவேண்டும். மேலும், இம்மாதிரியான பல சீர்திருத்தங்களைச் செய்வதோடுமட்டுமல்லாமல், மிகவும் அடிப்படையாக உள்ள நிலப் பிரச்னையைத் தீர்ப்பதற்கும் முன்வரவேண்டுமென்று கேட்டுக்கொள்ளுகின்றேன்.

“பெரு நிலச்சுவாந்தார்கள் தங்களுக்குச் சொந்தமாக உள்ள நிலங்களில் அனேக பகுதிகளைப் பண்படுத்தி விவசாயத்திற்குக் கொண்டுவராமலும் இருக்கிறார்கள். நிலத்தில் உழைத்து வேலை செய்யக்கூடிய மக்கள் எவ்வளவோ ஆயிரக்கணக்காக வேலையில்லாமலிருக்கும்போது, அந்த நிலங்கள் தரிசாக இல்லாமலிருக்கக்கூடிய அளவுக்கு, உணவு உற்பத்தியைப் பெருக்கக்கூடிய அளவுக்கு, நிலப் பிரச்னை தீர்க்கப்படவேண்டும். அந்த முறையில் செய்வதற்கு பெரு நிலச்சுவாந்தார்களுடைய நிலங்களைப் பிரிப்பதற்கும், விவசாய வருமான வரியைக் கொண்டு வருவதற்கும் சர்க்கார் முன்வரவேண்டுமென்று கேட்டுக்கொண்டு என்னுடைய வார்த்தையை இத்துடன் முடித்துக்கொள்ளுகின்றேன்.”

Sri K. R. NALLASIVAM:—“கனம் சபாநாயகர் அவர்களே, நிலவரியின் மீது சர்சார்ஜ் விதிக்கின்ற ஒரு மசோதாவானது கடந்த வருஷம் கொண்டு வரப்பட்டது. ரூ. 50-க்கு மேல் கிஸ்தி செலுத்தக் கூடியவர்கள் சர்சார்ஜ் கட்டவேண்டுமென்ற முறையில் அப்பொழுது அந்த மசோதா கொண்டுவரப்பட்டது. இந்தத் தடவை ரூ. 500-க்கு மேல் கிஸ்தி செலுத்துபவர்கள்தான் சர்சார்ஜ் செலுத்த வேண்டுமென்று இந்த மசோதாவிலிருந்து தெரிகிறது.

“இந்த வருஷம் சென்னை ராஜ்ய பட்ஜெட்டிலே ஏற்பட்டிருக்கும் பற்றாக்குறையை ஓரளவு போக்குவதற்கு சில வரி இனங்கள் போடப் போவதாக தெரிகின்றது. ரூ. 100 அல்லது ரூ. 150-க்கு மேல் நிலவரி செலுத்தக்கூடியவர்கள் சர்சார்ஜ் கொடுக்கவேண்டுமென்ற முறையில் இந்த மசோதா தயாரிக்கப்பட்டிருக்குமானால், குறைந்த பட்சம் சர்க்காருக்கு இருபது லட்ச ரூபாய் வரையில் கிடைக்கக்கூடும். இந்த ராஜ்யத்தின் மொத்த பற்றாக்குறையாகிய ரூ. 58 லட்சம் ரூபாயை ஈடு கட்டுவதற்காக சர்க்கார் பலவிதமான புதிய வரிகளைப் போட்டும், சுமார் நூற்பது லட்சம் ரூபாய்தான் கிடைக்கும் என்று எதிர்பார்க்கப்படுகிறது. அதற்குப் பதிலாக, நில வரி மீது போடும் சர்சார்ஜ்ஐ சரியான முறையில் உபயோகப்படுத்திக்கொண்டிருந்தால், நிச்சயமாக இருபது லட்ச ரூபாய் வரையில் கிடைக்கும். மேலும் புதிய வரிகளைப் போடவேண்டிய அவசியம் ஏற்பட்டிருக்காது. சர்சார்ஜ் செலுத்தக்கூடியவர்களின் குறைந்த பட்ச வரம்பை உயர்த்தியிருக்கிறார்களே தவிர, உண்மையிலேயே யாருக்கு அதிகமாக வரி போடவேண்டுமோ அவர்களுக்கு இந்த வரி அதிகமாகப் போடப்படவில்லை. அதிகமான வரி கொடுக்கக்கூடிய வசதியுள்ளவர்களை தங்களுடைய வருமானத்திற்கேற்ற முறையில் அதிக வரி கொடுக்கும்படி செய்யாமல், குறைந்த அளவு வரி கொடுக்கும்படியான ஏற்பாட்டினால் வசதியற்றவர்களுக்கு ஏராளமான புதிய புதிய வரிகளைப் போடப்பட்டிருக்கிறது. இதைத்தான் நாம் நேரடியாகப் பார்க்கின்றோம். ஆகவே, குறைந்தபட்சம் ரூ. 150-க்கு மேல் நிலவரி செலுத்தக்கூடியவர்களுக்கும் இந்த சர்சார்ஜ் போடவேண்டும் என்ற முறையிலே இந்த மசோதாவைத் திருத்தியமைக்கவேண்டும்.

“ரூ. 500 வரையில் கிஸ்தி செலுத்தக்கூடியவர்கள் நிச்சயமாக 15 அல்லது 20 ஆயிரம் ரூபாய் வரையில் வரும்படி உள்ளவர்களாக இருப்பார்கள். எங்கள் ஜில்லாவில் ரூ. 150-க்கு மேல் சர்க்காருக்கு கிஸ்தி செலுத்தக்கூடியவர்கள் சர்சார்ஜ் செலுத்தும்படி ஏற்பட்டாலும், அவர்களை ஒன்றும் பாதித்துவிடாது. முட்டுவளிச் செலவுகள், ரிபேர் செலவுகள், நிலத்தை அபிவிருத்தி செய்வதற்காக இன்னும் ஏராளமாக நிலத்தில் பணத்தைப் போட்டு செலவு செய்திருக்கிறோம் என்றெல்லாம் சிலர் சொல்லலாம். அப்படிப்பட்டவர்கள் நூற்றுக்கு ஒருவர் இருக்கலாமே

[Sri K. R. Nallasivam] 8th May 1954]

தவிர, மீதி நிலச்சுவாந்தார்கள் நிலத்தின் அபிவிருத்திக்குச் செலவு செய்வது என்பது மிகக் குறைவு. அப்படிப்பட்டவர்கள் இப்பொழுது சர்க்காருக்குக் கொடுக்கும் வரியானது மிகவும் குறைவு. அவர்களிடமிருந்து இன்னும் ஏராளமான பணம் வசூல் செய்தாகவேண்டும். அப்படிச் செய்வதற்குப் பதிலாக, அவர்கள் இந்த சர்சார்ஜ் செலுத்தவேண்டிய அவசியமில்லாமல் இந்த மசோதா கொண்டுவரப்பட்டிருக்கிறது.

“ஒரு மனிதனுக்கு அதிகபட்சம் நிலம் இருந்தால், நஞ்சையில் ஐந்து ஏக்கராகவும், புஞ்சையில் இருபத்தைந்து ஏக்கராகவும் இருக்கலாம். ஒருவனுடைய கையில் 100 அல்லது 150 ரூபாய் கிஸ்தி செலுத்தக்கூடிய அளவுக்கு மேல் பூமி இருப்பது சரியான முறையில் என்ற அபிப்பிராயத்தை இன்றைய தினம் நாட்டில் சகல அரசியல் கட்சிகளும் ஒப்புக்கொள்ளுகின்றன. அந்த அபிப்பிராயமானது இன்றைய தினம் நாட்டிலுள்ள சகல மக்களிடையே திரண்டு பொங்கி எழுந்து வருகின்ற காட்சியை நாம் பார்க்கின்றோம். அதிகமாக நிலம் வைத்துக்கொண்டிருப்பது பாவம் : சட்ட விரோதமும் கூட. ஜனங்களுடைய உரிமையைப் புரட்பது பாவம் : சட்ட விரோதமும் கூட. ஜனங்களுடைய உரிமையைப் பாதிப்பதாகத்தான் இருக்கிறது என்று காங்கிரஸ்காரர்களாலும் சரி, கம்யூனிஸ்டுகளாலும் சரி, சோஷியலிஸ்டுகளாலும் சரி, எல்லாக் கட்சிக் காரர்களும் சொல்லி வருகிறார்கள். இப்படிப்பட்ட ஒரு புதிய இயக்கம் இன்று நாட்டில் ஏற்பட்டு வரும்போது, ரூ. 150-க்கு மேல் கிஸ்தி செலுத்தக் கூடியவர்கள் சர்சார்ஜ் கொடுக்கும்படியாக ஏன் இந்த மசோதாவைக் கொண்டு வந்திருக்கக்கூடாது என்று நான் கேட்கின்றேன்? நிச்சயமாக அவர்களும் சேர்க்கப்படவேண்டும். இவ்விதம் சர்சார்ஜ் விதித்து, ஏராளமான சாதாரண விவசாயிகளுக்கு நன்மை செய்தாகவேண்டும். புதிய புதிய வரிகளெல்லாம் சாதாரண மக்களைப் பாதிக்கத்தான் செய்யும். ஆகவே, ரூ. 150-க்கு மேல் நிலவரி செலுத்தக்கூடியவர்களும் தகுந்தபடி சர்சார்ஜ் செலுத்தும்படி விதிதாசாரத்தை உயர்த்தி, ஏழை விவசாயிகளுக்கு உதவுமாறு நான் கேட்டுக் கொள்ளுகின்றேன்.

“இந்த மசோதாவில் அனேக குறைபாடுகள் இருப்பதால், இதை செலக்ட் கமிட்டியின் பரிசீலனைக்கு அனுப்பி, குறைகளெல்லாம் நிவர்த்திக்கப்பட்டு, வசதியுள்ளவர்கள் அதிக வரி செலுத்தும்படியான முறையில் இதைக் கொண்டுவரவேண்டுமென்று கேட்டுக்கொண்டு என்னுடைய வார்த்தையை முடித்துக்கொள்ளுகின்றேன்.”

Sri S. SWAYAMPRAKASAM:—“Mr. Speaker, Sir, I rise to oppose the principle underlying this Bill and, at the same time, I have got my own sympathies for the objects and reasons adduced by the Government as set forth in the Statement of Objects and Reasons. The first reason adduced is that rich should be taxed and the second reason is that the Government should get some additional revenue. When the Government prepared the Statement of Objects and Reasons, they should have seen to it that they were capable of being achieved by the provisions in the Bill. It is not so in regard to this measure. The Hon. the Minister for Finance says that they will be able to get only about Rs. 7.7 lakhs of rupees as additional revenue. This is not a very great figure.

“One of the objects, as I said, is to tax the rich and I do welcome it but it must be done sufficiently well. I think, in bringing this Bill now, the Government are a little bit out of date. They ought to have thought of it earlier. The prices of foodgrains have now fallen considerably and thereby the price of land has also come down. We must understand and hon. Members must realise that this is a surcharge on land revenue and not on the yield or income from the land. Land revenue is a fixed item but the income

[Sri S. Swayamprakasam] [8th May 1954]

from the land is not fixed. It is a surcharge on this fixed land revenue and even though a particular mirasdar may have lost all his income on account of pests, as it has happened this year, he is liable to pay this surcharge. This year the crops were affected by pests and the so-called Department of Agriculture could not come forward in time to supply the pesticides and the landlords have suffered a lot.

"Let me take the case of the middle-class mirasdar. In very many cases the costs of cultivation have gone up, the manure required is not supplied in time by the Agricultural Department and the small mirasdars are unable to meet the expenditure. At the same time, they have to pay the land revenue. Of course there is provision for remission of land revenue according to the value of the crop, whether it is a four-anna crop or two-anna crop. In spite of this, for all the laborious tasks undertaken by the mirasdar, very often he does not get any remission at all and the net result is that he is put to much inconvenience as he has to pay, at the same time, the land revenue, though he is not able even to meet the expenditure on cultivation.

"Another point which I want to emphasize is that the prices of foodgrains have gone down, of course. But, what about the prices of other articles necessary for the day to day life of the landlord? Take, for instance, the Tanjore Mirasdar. I do not mind about the Coimbatore Mirasdars because they have got additional sources of income. The Tanjore Mirasdars, on the other hand, have got no other income except what they get from the land. The hon. Gentleman opposite, Sri P. G. Karuthiruman, was emphasising the fact that there may be only one or two mirasdars who are depending solely on the income from land. But, in Tanjore one cannot think of any landlord who is depending on any income other than that from the land. It is particularly so in the case of the middle class mirasdars."

THE HON. SRI C. SUBRAMANIAM:—"May I know what are the other sources of income of the Coimbatore Mirasdars?"

SRI S. SWAYAMPRAKASAM:—"There is the income from industry."

THE HON. SRI C. SUBRAMANIAM:—"Persons like the hon. Member Sri P. G. Karuthiruman depend solely on their income from land."

SRI S. SWAYAMPRAKASAM:—"It may be that in Coimbatore there are only a few persons who are entirely depending on the income from land but in Tanjore all the landholders depend only on the income from land."

SRI P. G. KARUTHIRUMAN:—"What about the rice mills in Tanjore?"

SRI S. SWAYAMPRAKASAM:—"Sir, I would say that if we take a census of the rice mills in Tanjore, it will be found that they are owned directly or indirectly by the Coimbatore people.

8th May 1954] [Sri S. Swayamprakasam]

The capital required is from Coimbatore and the income from the mills goes to people outside the Tanjore district. What I want to say is that the expenditure say, for instance, tamarind and chillies and other articles which are necessary for the daily life of the Tanjore Mirasdar is so high because their prices have gone up and the mirasdars are unable to meet their liabilities. This is the position of middle class mirasdar in Tanjore."

SRI V. K. RAMASWAMY MUDALIAR:—"Sir, I want to know whether all the rice mill owners of Tanjore come from Coimbatore?"

SRI S. SWAYAMPRAKASAM:—"Sir, I will even get the list of rice mill owners and it will be seen that there are very many people from Coimbatore owning rice mills in Tanjore. I only want to emphasise again that the middle class mirasdar in Tanjore depends only on his income from land and when the prices of foodgrains go down he is not able to meet the cost of the other articles which are necessary for his day to day living."

THE HON. SRI C. SUBRAMANIAM:—"What is your definition of middle class?"

SRI S. SWAYAMPRAKASAM:—"I am coming to that point as to what is low class, middle class or high class. I would ask of the Hon. the Finance Minister why the Government are burking the issue and are hesitating to bring forward a Bill preventing a person from holding more than a specified number of acres of land. The Government are hesitating to bring forward such a land reform Bill."

THE HON. SRI C. SUBRAMANIAM:—"I hope the hon. Member will support it."

SRI S. SWAYAMPRAKASAM:—"Certainly, I can categorically say the Hon. the Minister for Finance can count on my support. Even when the Government brought before this House the Tanjore Tenants and Pannaiyals Protection Bill in 1952, I said that by this Bill the Government were only postponing the land reform Bill which was desired by us. He can refer to my speech. I had said that by bringing the Tanjore Tenants and Pannaiyals Protection Bill the Government had in their mind the idea of postponing the long sought for land reform Bill. Such a comprehensive land reform Bill is very essential but the Government are hesitating to bring in such a legislation."

MR. SPEAKER:—"I would like to know how much more time the hon. Member would require?"

SRI S. SWAYAMPRAKASAM:—"Sir, I will finish in another minute. This Bill for the levy of a surcharge on land revenue ought to have been brought earlier when the prices of foodgrains were high. If anybody would take a census of the position of the landholders in Tanjore in the year 1933-34 it would be seen that

[Sri S. Swayamprakasam] [8th May 1954]

no landlord in Tanjore district was above want and almost every one of them was indebted. It was only during the war years when the prices of foodgrains went up that they were able to make more money. That was the proper time to have brought in this Bill. Now the depression has set in and this measure will indeed be a great hardship to the so-called middle class people.

“Further, I do endorse the view that this Bill in a way affects total production. Now, what is the position of the landlords, tenants and pannaiyals in Tanjore? There is a provision in the Tanjore Tenants and Pannaiyals Protection Act of 1952 that the tenants alone must bear the entire cost of production. The tenant has to find the capital required and should also provide the manure. If we are to take a census, it will be seen that nowadays very many tenants are unable to find the capital or get the manure required for proper cultivation of the land. Even at the time of passing the Tanjore Tenants and Pannaiyals Protection Bill in 1952 I sounded a note of warning that this would affect the tenants for whose benefit this legislation was intended. This particular provision which I have referred to greatly affects the tenants. They are unable to bring forth the capital required or the manure required at the proper time for the proper cultivation of the land entrusted to them. What is the position now after the passing of the recent Indebted Agriculturists Temporary Relief Act? Even the tenant who was able to get the money from the landlord or from his neighbour is now unable to do so, because the trust, the people in the village parts, had in the cultivator has now been taken away.

“In these circumstances, if the land lord has now to pay a surcharge even the little that is left behind after meeting his day to day expenditure will be taken away and there will be no incentive left in the small landlords, that is, the middle class mirasdars. This would really mean that total production would be affected adversely. I agree that Government must be interested in seeing to it that they get more revenue but they must, at the same time, be careful enough to see that total production also increases. Considered in this light, the present measure is against the interests of public as well as the interests of the Government.

“The important thing in the first part of the Statement of Objects and Reasons, namely, that the rich people ought to be taxed is not at all achieved by this Bill but it is only the middle classes who are affected. If the Government really want to tax the richer classes, it can be done only by the imposition of an Agricultural Income Tax. Why are the Government evading it? The objects set out in the Statement of Objects and Reasons will be achieved only by introducing an Agricultural Income Tax. The Government will get more revenue and at the same time they can effectively tax the rich people giving relief to the poorer people. It is only a tax on Agricultural income that will solve the problem and achieve the objectives set forth in the Statement of Objects and Reasons and they cannot be achieved by the present measure to levy a surcharge on land revenue.”

SRI M. KALYANASUNDRAM:—“கனம் சபாநாயகர் அவர்களே, இந்த மசோதாவை அடிப்படையில் ஆதரிப்பதோடு கூட, அதில் கொடுக்கப்பட்டிருக்கக்கூடிய வரி விதிப்பதற்கு உயர்த்து வதற்கு சந்தர்ப்பம் இருக்கிறதா என்பதைப் பார்க்க வேண்டும் என்பதற்காகத்தான் இந்த மசோதாவை செலக்ட் கமிட்டிக்கு விடவேண்டும் என்ற திருத்தத்தை எனது நண்பர் ஸ்ரீ கே. பி. கோபாலன் அவர்கள் இந்தச் சபை முன்பு பிரேரித்து இருக்கிறார்கள். அதை நான் ஆதரித்துப் பேசுகிறேன்.

“எனக்கு முன்பு பேசிய பல அங்கத்தினர்கள் விவசாய வருமான வரியை கொண்டு வரவேண்டிய அவசியத்தைப்பற்றி வற்புறுத்தி இருக்கிறார்கள். அதற்காக புதிய விவாதம் ஒன்றும் தேவையில்லையென்று கருதுகிறேன். ஏனென்றால், இன்றைக்கு மந்திரி சபையில் உட்கார்ந்திருக்கிற பலருக்கும் விஷயம் தெரியாமல் அல்ல. அதைக் கொண்டு வருவதற்கு ஏதோ ஒரு இடையூறு இருப்பதால்தான் கொண்டுவரவில்லை என்று சொல்லப்படுகிறது. விவசாய வருமான வரி விவசாயிகள் மீது இருக்கும் வரிச்சுமையை நியாயமான அடிப்படையில் அமைக்க முடியும் என்பது உலகம் அறிந்த விஷயம். அந்த மாதிரி ஒரு சீர்திருத்தம் இல்லாமல் விவசாயிகளுடைய வரிச்சுமையை குறைத்து விட்டதாகச் சொல்ல முடியாது. பெரிய மிராசதாரர்களின் மீது அதிகமான வரி விதித்து விட்டதாகவும் சொல்லமுடியாது. இந்த இரண்டுக்கும் இடையே கயிற்றின் மேல் நடனம் ஆடுகின்ற மாதிரி நம்முடைய நில வருமான மந்திரி கனம் ஸ்ரீ மாணிக்கவேலு நாயக்கர் நடனம் ஆடுகிறார்கள். சர்க்காருடைய வருமானத்தையும் இந்த வரியினால் உயர்த்திக்கொள்வதற்கு சாத்தியப்படாது என்பது என்னுடைய அபிப்பிராயம்.

“இந்த மசோதாவை நான் கூர்ந்து பார்க்கும் சமயத்தில் உண்மை யிலேயே அரசாங்கத்தினுடைய நோக்கத்தை சந்தேகிக்கவேண்டியவனாக இருக்கிறேன். பணக்காரர்கள் மீது வரி போடுவதற்காக, இன்றைக்கு இருக்கக்கூடிய சமயத்திற்கு தகுந்த மாதிரி நான் இந்த மசோதாவைக் கொண்டு வந்திருக்கிறேன்: காலா காலத்தில் போகப்போக இதை உயர்த்துவதற்கு முயற்சி செய்வோம் என்று அவர்கள் சொல்லுகிறார்கள். அப்படி இந்தக் காலத்தில் இருக்கக்கூடிய கோளாறு என்ன? இந்தக் காலத்தில் ஏற்பட்டிருக்கும் இடையூறுகளுக்கு காரணம் என்ன? உடனடியாக ஒரு நிலச் சீர்திருத்தத்தைக் கொண்டு வருவது ஒரு புறத்தில் இருக்கட்டும். நிலவருமான அடிப்படையிலே மாற்றியமைக்கக்கூடிய முறையிலே ஒரு விரிவான சட்டத்தைக் கொண்டு வருவதற்கு என்ன இடையூறு இருக்கிறது என்பதற்கு போதிய காரணம் காட்டி அவர்களால் எதிர்க்கட்சியினரைத் திருப்தி செய்ய முடியவில்லை. இரண்டு வருஷங்களாகச் செய்து வந்த கிளர்ச்சியின் காரணமாக இந்த மசோதாவானது இப்பொழுது வந்திருக்கிறது. ஆனால் இதை மந்திரி அவர்கள் ஒப்புக்கொள்ள மாட்டார்கள். பதில் சொல்லும் காலத்தில் வேறு சாக்குப் போக்குகளை அவர் சொல்லுவாரா. என்ன நோக்கத்தோடு அவர்கள் இந்த மசோதாவைக்கொண்டு வந்திருக்கிறார்கள்? பணக்காரர்களுக்கு வரி விதிக்கவேண்டும் பெரும் நிலச்சுவாந்தார்களுக்கு மீதுதான் வரிச்சுமை அதிகமாக இருக்கவேண்டுமென்ற கிளர்ச்சி நாடு பூராவும் வலுத்து வந்துக்கொண்டிருக்கிறது.

“குறிப்பாக இன்று காலையில் கேள்வி நேரத்தில் ஒரு கேள்விக்கு மந்திரி அவர்கள் பதில் சொல்லும்போது கூட “விவசாய சங்கம் அதிகமாக கோரிக்கை வைத்திருக்கிறது” என்று சொன்னார்கள். அதே சமயத்தில் அங்கு இருக்கக்கூடிய விவசாய சங்கம் “நிலவரி எப்படி இருக்கவேண்டும்” என்ற கோரிக்கையை விதித்து இருக்கிறது. அரசாங்கத்தை எதிர்ப்பதற்காக அல்ல. வரி அதிகமாக இருக்கவேண்டுமென்பதற்கும் அவர்கள் யோசனை சொல்லியிருக்கிறார்கள். இதெல்லாம் அவர்களுக்குத் தெரிந்ததுதான். ஏன் அத்தகைய நிலவரி அடிப்படையை மாற்றாமல் இந்த மாதிரி குறைவான மசோதாவை சபை முன்பு வைத்திருக்கிறார்கள் என்று சொன்னால் காலம் பற்றாதுதான் காரணம் அல்ல, மந்திரி சபையின் கொள்கைத்தான் அதற்குக்காரணம் என்பதுதான் என்னுடைய

[Sri M. Kalyanasundram] [8th May 1954]

அபிப்பிராயம். பணக்காரர்களைத் தாக்குவது போல் இருக்கவேண்டும், ஆனால் எதிர்ப்பில்லாமல் தாக்கவேண்டும் என்பது அவருடைய எண்ணம். அதற்குத் தகுந்த முறையில் எந்த மசோதாவை எடுத்துப்பார்த்தாலும் இருக்கிறது. இந்த மசோதாவும் அதே நோக்கத்தோடுதான் கொண்டு வந்திருக்கிறார்கள்.

“ எதிர்க்கட்சியினர் கிளர்ச்சி செய்கிறார்கள், மாகாணத்தில் இருக்கின்ற விவசாயிகள் கிளர்ச்சி செய்கிறார்கள், என் நிலச் சீர்த்திருத்தத்தைக் கொண்டு வரக்கூடாது ” என்று அவர்கள் கேட்கிறார்கள். ஆகையால் ஏதாவது சொல்லி திருத்தங்கள் செய்து நாங்கள் சமாளித்தாகவேண்டும். சட்டசபையில் நாங்கள் இதை நிறைவேற்றமுடியாது என்று அவர்களுடைய மன்னிப்பைக் கேட்கக்கூடிய முறையில் பேசவேண்டியிருக்கிறது. அதற்காகத்தான் இதைக்கொண்டு வந்திருக்கிறார்கள். உண்மையிலேயே அவர்களிடமிருந்து வரிப்பெறவேண்டியது என்பது சர்க்காருடைய நோக்கம் கிடையாது. இந்த மசோதாவை நிறைவேற்றினால், சர்க்காருடைய கணக்குப்படி சுமார் ஏழு லட்சம் ரூபாய் வரையில் இதன் மூலமாக சர்க்காருக்கு வருமானம் கிடைக்கும் என்று சொல்லுகிறார்கள். ரூ. 500-க்கு மேல் இந்நிலவரி செலுத்தக்கூடிய இந்த ராஜ்யத்திலுள்ள மிராஸ்தார்களுக்கு இந்த ஏழு லட்சம் ரூபாய் சர்சார்ஜானது ஒரு கொக்கடியைப் போலவே தவிர, வேறொன்றுமில்லை. அதுமட்டுமல்ல, இந்த மசோதாவை இன்னும் கவனமாகப் பார்த்தால் இந்த ஏழு லட்சம் ரூபாயை கூட சர்க்காருக்கு அவர்கள் கொடுக்காமல் தப்பித்துக்கொள்ளுவதற்கு என்ன குறுக்கு வழிகள் வேண்டுமோ, அவ்வளவும் இந்த மசோதாவில் இடம் பெற்றிருக்கின்றன.

“ உதாரணமாக ரூ. 499 நில வரி செலுத்தக்கூடிய அளவுக்கு நிலங்களும், திருச்சி ஜில்லாவில் ரூ. 499 வரி செலுத்தக்கூடிய அளவு நிலங்களும் கோயமுத்தூர் ஜில்லாவில் உள்ள நிலங்களுக்கும் ரூ. 499 வைத்துக்கொண்டிருந்தாலும், அவர் இந்த மசோதாவின்படி சர்க்காருக்கு சர்சார்ஜ் செலுத்தவேண்டிய அவசியம் இருக்காது. அப்படியென்றால், சர்க்காருடைய நோக்கம் என்ன? அந்த மாதிரி இரண்டாயிரம், ஐந்தாயிரம் ரூபாய் வரையில் நிலவரி செலுத்தக்கூடிய அளவுக்கு ஒரு மிராஸ்தாருக்கு நிலங்கள் இருந்தும் கூட, இந்த சர்சார்ஜ் வரியில் சர்க்காமல் தங்களை பாதுகாத்துக்கொள்ளக் கூடிய முறையில் இந்த மசோதா கொண்டு வரப்பட்டிருக்கிறது.

“ ரூ. 500 வரி செலுத்தக்கூடியவர்கள் தங்களுடைய நிலத்தை பிள்ளைகளுக்கும் உறவினருக்கும் தனித்தனியே பட்டா செய்து கொடுத்துவிட்டு இந்த சர்சார்ஜ் வரியிலிருந்து தப்பித்துக்கொள்ளலாம். பெரிய நிலச் சுவாந்தாரிகளும் இவ்விதம் தப்பித்துக்கொள்ளுவதற்கான சந்தர்ப்பங்கள் கொடுக்கப்பட்டிருக்கின்றன.

THE HON. SRI M. A. MANICKAVELU NAICKER:—

“ I am glad I now rise to reply to the discussion in a calmer atmosphere than the one that was prevalent just a few hours ago. I must thank you, Mr. Speaker, for your kind contribution towards that end. The discussion ranged over a wide field and some hon. Members even said that there was no principle of land reform in this Bill. I may at once tell them that this is not a land reform legislation but is primarily a taxation measure and any trace of land reform that may appear in it, is there only incidentally and not deliberately. That is why I said when I introduced the Bill that this surcharge would give an element of progression in the system of land tax and to some extent was in the nature of an

[Sri M. A. Manickavelu Naicker] [8th May 1954]

alternative to agricultural income-tax. I was very careful in the use of my words. But in spite of it the hon. Member Mr. Manali Kandasami has said that this Bill is a substitute for agricultural income-tax. This is not at all a substitute. What I said was that this surcharge would give an element of progression in our land revenue system. Though it may fetch some income it was essentially a taxation measure.

"The main question raised was that this taxation measure should be based on agricultural income-tax and it should not be on the basis of surcharge on land revenue. The question of introducing agricultural income-tax was discussed at length. Finally, the Government came to the conclusion that considered from all aspects at present prevailing, it would not be conducive to introduce agricultural income tax. It was realised that it would be very difficult for the rural population to withstand the hardships that would be caused by their being asked to maintain correct accounts regarding their income from agriculture. That is why the agricultural income-tax had not been introduced. But on the other hand, we have decided to try that experiment in another sector, viz., the plantations. A Bill to levy income-tax on plantations is on the anvil. It will be shortly introduced. But what do I find now? There is a protest from the owners of plantations. There was a deputation from the owners of plantations against the proposed levy of income-tax on plantations. They say 'No, no. Already our expenses have mounted high. This income tax will hit us very hard. It is better to have the present land tax increased by two or three rupees per acre.' That is what the owners of plantations say. Therefore, if we impose agricultural income-tax then the same argument now advanced by the planters may be advanced by agriculturists. In this connection, I am reminded of a Tamil proverb which says:

‘உப்புக்கு தண்ணீர் பஞ்சமா.

தண்ணீருக்கு உப்பு பஞ்சமா.’

I have illustrated it in the case of planters. But hon. Members now plead for agricultural income-tax. If I introduce such a tax, I am sure the same hon. Members may then bring in arguments, just as the planters have now done, against agricultural income-tax. (Laughter.)

"An hon. Member from the Congress side had pointed that when even small shop-keepers were able to render accounts to the Commercial Tax Officers, it would not be very difficult for the agriculturists to maintain correct accounts in regard to their income from agriculture. May be the hon. Member may subscribe to that view. But I have received several complaints from big mirasdars that it would be very difficult and irksome also to maintain correct accounts so far as agricultural income is concerned. The case with regard to the small agriculturist is all the more grave. By such a system of maintaining of correct accounts, he may be subjected to hardship and frequent examination by the officers. Realising all these difficulties, we have thought it best

[Sri M. A. Manickavelu Naicker] [8th May 1954]

not to introduce agricultural income-tax but bring in its stead the present levy of surcharge on land revenue which, while not affecting the majority of small and middle-class agriculturists, will bring in some money to the coffers of the State. I am sure the same hon. Member, who has now pleaded for agricultural income-tax from the Congress side, may then come and say, when we have introduced the agricultural income-tax that it is causing great hardship to the poor cultivators. It is not as if we have left the whole question of agricultural income-tax. We have tried to experiment it in the plantation sector. If the tax proves successful in that sector, we may gradually extend it to agriculture.

"The hon. Member Mr. Manali Kandasami who opened the debate pointed out that whereas in the original Bill the exemption limit was only Rs. 50 it has now been raised to Rs. 500. He pleaded that people paying assessment lower than Rs. 500 also should be brought within the scope of this Bill. The hon. Member has probably forgotten the principle on which we have fixed the exemption limit. Or it may be that the hon. Member is not familiar with that principle or being familiar with it, does not want to admit it. When we previously fixed the minimum exemption limit at Rs. 50, we received numerous petitions pointing out how the poor and middle-class cultivators would be affected by such a fixation. It is our principle to tax only the rich. It is our object to put the exemption limit only at the higher level so that it may not affect the poor and middle-class agriculturists but only the rich landowners. There is a lot of difficulties that would crop up if we bring the exemption limit lower down. When the original Bill was discussed here, there was a storm of arguments to the effect that this tax should not be uniform but that it should be on a sliding scale affecting only the rich landlords. Now lands there are, fertile areas as against non-fertile areas, rain-fed areas as against irrigated areas and so on. Therefore we must give due allowance for non-fertile and dry areas. The question of price was also raised. The question of water rate was also raised. There are certain cases where if the water rate also is taken into account, it comes to as high as Rs. 20 or 25. These arguments were advanced then. That is why, in the present Bill, we have decided to put the exemption limit at a higher level thereby taxing only those in the higher strata. Then the tax will not be a heavy burden on them. If we put the exemption limit say at Rs. 100 or so even the middle-class agriculturists in dry areas may be hard hit as the price factor may operate against them. That is why taking all these into account, we raised the exemption limit to Rs. 500.

"The hon. Member hailing from Malabar, I mean, Sri V. R. Krishna Ayyar favoured, besides agricultural income-tax, the death duty or estate duty in respect of agricultural lands being extended to Madras State and said that it would serve our purpose. He opined that by passing a resolution in this House, as required by the Estates Duty Act, the death duty may be extended to agricultural lands in Madras State, and that would have been a very good move and would have solved the problem. Let me say to

[Sri M. A. Manickavelu Naicker] [8th May 1954]

Mr. V. R. Krishna Ayyar that Government did not deliberately pass a resolution on such lines because even though the Estate Duty Act had been passed by Parliament, yet the State Governments have got to go slow in the matter at present. We should see to it that by the levy of such a tax, our other taxation measures are not by-passed. We should not cause undue hardship to our people. Our people should not be subjected to undue hardship and harassment at the hands of our officers. I shall cite a typical instance. Even though the Estate Duty Act has not come into force in Madras, yet some officers had thought that it had come into force and in one case when a rich person had died, even before the corpse had been removed they were there on the spot and had made enquiries. The people began to wonder how when the Act had not come into force in Madras and when the dead body had not been moved, the officers could come and demand the State's share according to the Estate Duty Act."

SRI V. R. KRISHNA AYYAR :—" May I know whether the hon. Minister's statement represents the authoritative view of the Government that the enforcement of death duty would cause harassment and that it should not be enforced in the State? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" I never said that it should not be enforced. Now we are having so many Bills and to have legislation on death duty also simultaneously may not be good. Probably next year my hon. Friend will have it."

SRI V. R. KRISHNA AYYAR :—" The other taxes are levied on persons who are living. But here, at least when a man dies, let him part with something for the poor denizens of the State."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" My hon. Friend wants to rush in all taxation measures all at once. The hon. Member's suggestion is only to help the Government to get more revenue. But we will have to take into consideration several aspects besides the revenue aspect. There is a human aspect about it and there are certain difficulties in enforcing it. That is why for the present—' for the present ' does not mean ' for ever '—the Government do not contemplate it. If the hon. Member wants, we shall have that also.

" One hon. Member asked how this surcharge will affect fair rent. I may at once say that this will not affect the question of fair rent at all. I think Mr. M. Narayana Kurup has given notice of an amendment. If that is accepted, the tenant will not be asked to pay the surcharge, but only the landholder will be asked to pay. So, there will be no difficulty on that account.

" The hon. Deputy Leader of the Opposition was saying that we had certain motives, that we were levying the tax only for the purpose of show or propaganda, that we did not want to tax the rich landholders sufficiently heavily and that our policy behind this Bill was a policy of ' willing to wound but afraid to strike '. All

8th May 1954] [Sri M. A. Manickavelu Naicker]

these considerations never entered into my mind at all. They entered into my mind only after I heard them. A child does not know evil at all. Only when it grows up, it learns evil from others. I had a clean mind. The hon. Deputy Leader of the Opposition has spoiled an innocent mind. I shall take advantage of what he says if it will be useful to me.

" The main amendment to the motion is for referring the Bill to a Select Committee. In that connection, I want to say that this is not an entirely new Bill. A Bill on this subject was introduced in 1952 and referred to a Select Committee. Memoranda were invited by the Select Committee and many memoranda were received. The Select Committee sat very leisurely; it sat for seven days and came to certain conclusions. Though the present Bill differs from the previous Bill, the principle underlying this Bill is the same. Only we have made one or two changes in the matter of exemption and the rate of tax; there is no radical change. So the hon. Member cannot accuse us of having brought forward this new taxation measure suddenly. The 1952 Bill was not proceeded with for reasons like the Andhra partition. So we have brought forward this Bill now. I do not think there is any need at all to refer it to a Select Committee. Whatever changes hon. Members want to make can be made by way of amendments. Already there are certain amendments and it is likely that I may accept one or two of them.

" Though the Bill is a short one, it is full of illustrations which is not usually the case with other Bills. So I will also conclude my speech with an illustration. I compare this Bill to a scorpion. The previous Bill was like a full-grown scorpion with a sting; but the present Bill is like a scorpion whose sting has been cut off. Nobody is afraid of a scorpion whose sting has been cut off. The rigour of the previous Bill has been very much watered down in this Bill and therefore I do not think hon. Members can have any objection to this Bill. It is a Bill for getting a small revenue, the revenue anticipated being only Rs. 7.70 lakhs. It introduces also an element of progression in land revenue taxation. It is also in the nature of an experiment, because we can experiment upon this and find out whether this is more desirable or the agricultural income-tax. For all these reasons, I hope the hon. Member who moved the amendment for referring this Bill to a Select Committee will withdraw the amendment and allow us to proceed with the Bill."

SRI K. P. GOPALAN :—" Sir, I am not withdrawing my amendment."

MR. SPEAKER :—" The question is—

' That the Madras Land Revenue (Surcharge) Bill, 1954, be referred to a Select Committee.' "

The amendment was put and lost.

[8th May 1954]

MR. SPEAKER :—" The question is—

' That the Madras Land Revenue (Surcharge) Bill, 1954, be taken into consideration at once.' "

The motion was put and carried.

MR. SPEAKER :—" Shall we take up the half-hour debate or adjourn? "

SRI ANTONY PETER :—" I rise on a point of order, Sir. This half-hour debate was allowed at the request of the hon. Member Sri V. R. Krishna Ayyar, in view of the fact that the answer given by the Hon. Minister for Health to a question regarding homœopathy was not clear and full. To-day a typed copy of the answer given by the Hon. Minister to my supplementary question on the subject of homœopathy has been sent to me for correction and I see that the answer is not satisfactory. For discussing such an important subject as homœopathy, half an hour is not sufficient. I want a full day to be allotted for the discussion."

MR. SPEAKER :—" The point raised by the hon. Member is not a point of order. That is clear to me.

" Some hon. Members wanted a half-hour debate and I allowed it. Whatever time the House wants, I am prepared to give."

SRI ANTONY PETER :—" Sir, my point of order is that half an hour allowed for the debate will not have the desired effect, namely, to convince the Government of the necessity of approving the homeopathic system and as such it will not be in order to proceed with the debate."

SRI N. RAMAKRISHNA AYYAR :—" This is a debate on homœopathic system. In homœopathy, the dosage is very small and so the duration of the debate on homœopathy also can be very small. Why should we have a full day debate? "

THE HON. SRI C. SUBRAMANIAM :—" If the discussion is to be dropped, I have absolutely no objection. If we find time and if a day is available, we shall try to accommodate."

MR. SPEAKER :—" The Hon. Minister for Health can make a statement and the motion before the House may be that that statement be taken into consideration. The House will have a full dress debate. If the consensus of opinion is that we should have the half-hour debate to-day, I have no objection. I will allow five minutes each to Sri V. R. Krishna Ayyar, Sri N. K. Palani-swami, Sri K. Madhavan Nambiar . . ."

SRI V. R. KRISHNA AYYAR :—" Sir, you have just now heard that even half an hour or one hour would be inadequate."

MR. SPEAKER :—" If the hon. Member is not satisfied with a half-hour debate, the best thing would be for the Hon. the Deputy Leader of the Opposition to come to some agreement with the Leader of the House in regard to this matter."

[8th May 1954]

SRI V. R. KRISHNA AYYAR :—" Even now the Hon. Minister is here. If he is willing for a one-hour debate and he makes a statement in that regard, it will be a starting point for discussion."

THE HON. SRI A. B. SHETTY :—" I have no objection if time can be found."

THE HON. SRI C. SUBRAMANIAM :—" We can have it on a non-official day."

SRI T. C. NARAYANAN NAMBIAR :—" Generally, we are not having as many non-official days as we require. So, from the non-official day, some hours should not be completely taken away for other business."

MR. SPEAKER :—" We will have to take only half an hour from the time allotted for non-official business. If this is agreed to, we can take this up on the coming Thursday."

SRI M. KALYANASUNDRAM :—" Sir, இன்றைக்கு அரை மணி நேர விவாதம் நடத்துவோம். இன்னொரு நாளைக்கு முடிந்தால் இன்னும் அரைமணி நேரம் நடத்தலாம்."

MR. SPEAKER :—" If it is the desire of the House that one hour should be allotted for the discussion on this subject, I have no objection. We can have the discussion on a non-official day. We will have to take half-an-hour from the time allotted for non-official business."

SRI ANTONY PETER :—" May I suggest that some other day may be allotted for the discussion on this subject, if not to-day? If not during this session, at least during the next session, a day may be allotted for this purpose."

THE HON. SRI C. SUBRAMANIAM :—" Sir, the hon. the Deputy Leader of the Opposition agrees to have the discussion on the coming Thursday from 12 noon to 1 p.m."

MR. SPEAKER :—" This debate is postponed to Thursday. We shall have the debate from 12 noon to 1 p.m. on that day. The House will now adjourn and meet again at 8 a.m. on Monday, the 10th May 1954."

The House then adjourned.

THE MADRAS LEGISLATIVE ASSEMBLY

Monday, 10th May 1954.

The House met in the Assembly Chamber, Government Estate, Mount Road, at ten of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

THE MADRAS LAND REVENUE (SURCHARGE) BILL, 1954—*cont.*

MR. SPEAKER :—“ Clause 2 relates to definitions. So, we shall now take up clause 3. The motion is—

‘ That clause 3 do stand part of the Bill.’ ”

SRI M. KALYANASUNDRAM :—“ Sir, I move the following amendment which stands in my name :—

‘ For the existing clause, substitute the following :—

“ 3. Levy of surcharge.—Every landholder who is liable to pay a sum exceeding Rs. 250 for a fasli as land revenue to the Government in respect of all the lands held by him

SRI S. RAMALINGAM :—“ I second the amendment, Sir.”

MR. SPEAKER :—“ I think the amendment is out of order. The Constitution is very clear on this point. Article 207 (1) says,

‘ A Bill or amendment making provision for any of the matters specified in sub-clauses (a) to (f) of clause (1) of article 199 shall not be introduced or moved except on the recommendation of the Governor, and a Bill making such provision shall not be introduced in a Legislative Council :

Provided that no recommendation shall be required under this clause for the moving of an amendment making provision for the reduction or abolition of any tax.’

The object of the hon. Member’s amendment is to increase the tax. For increasing the tax, the permission of the Governor is necessary. So, I think the amendment is not in order. However, before giving my ruling on the matter, I wish to know what Mr. Kalyanasundaram wishes to say.”

SRI M. KALYANASUNDRAM :—“ I think there is some confusion. திருத்தங்கள் கொடுத்திருக்கும் ஜாப்தாவில் பார்த்தால் நான் இரண்டாவது ஷரத்திற்கு திருத்தம் எதுவும் கொடுத்ததாகத் தெரியவில்லை.”

[10th May 1954]

MR. SPEAKER :—“ செக்ஷன் மூன்றாவதைப்பற்றி விவாதித்துக் கொண்டிருக்கிறோம்.”

SRI P. S. KRISHNASWAMI AYYANGAR :—“ On a point of order, Sir . . . ”

SRI M. KALYANASUNDRAM :—“ There cannot be a point of order to a point of order, I think, Sir.”

MR. SPEAKER :—“ I will allow the hon. Member Mr. Krishnaswami Ayyangar after hearing hon. Member Mr. Kalyanasundram :”

SRI M. KALYANASUNDRAM :—“ முதலில் இரண்டாவது ஷரத்தைப்பற்றி விவாதிப்பதாக நினைத்தேன். மூன்றாவது ஷரத்தைப்பற்றி விவாதிப்பதானால் அரசியல் அமைப்பு 207-வது பிரிவுப்படி தாங்கள் சொல்லக்கூடிய வியாக்யானம் முற்றிலும் சரியானது என்பதை நான் ஒப்புக்கொள்ளுகிறேன். அதேபோல் 208-வது விதிப்படி இந்த விதிகள் பிரசுரிக்கப்பட்டிருக்கிறது. இந்த விதிகளில் 75 (1)-வது ஷரத்து என்ன சொல்லுகிறது என்றால்,

“ If notice is given of a motion to introduce a Bill or to move an amendment which, in the opinion of the Speaker, cannot be introduced or moved save with previous sanction, the Speaker shall, as soon as may be after the receipt of the notice refer the Bill or the amendment to the Governor and the Motion shall not be placed on the list of Business unless the Governor has indicated to the Speaker that the previous sanction required has been granted.

இந்த விதிப்படி பார்த்தால் இந்தச் சபை அங்கத்தினர்களுக்கும், கவர்னருக்கும் சபை நடவடிக்கை சம்பந்தப்பட்ட மட்டில் எந்தவிதமான தொடர்பும் கிடையாது. நாங்கள் ஏதாவது தொடர்பு வைத்துக்கொள்ள வேண்டுமென்றாலும் அது சபாநாயகரின் மூலமாகத்தான் முடியும். சபை நடவடிக்கை சம்பந்தப்பட்ட மட்டில் இந்தத் திருத்தத்திற்கு கவர்னர் அவர்களுடைய அனுமதி வேண்டுமென்று தாங்கள் கருதினால், உடனே தாங்களே இதற்கு வேண்டிய அனுமதியைத் தரவேண்டுமென கவர்னர் அவர்களுக்கு எழுதிப் பெற்றிருக்கவேண்டும். தங்கள் காரியாலயத்தார் அந்த அனுமதியைப்பெற முயற்சிகள் எடுத்துக் கொண்டிருக்கவேண்டும்.”

MR. SPEAKER :—“ நீங்கள் வெள்ளிக்கிழமைதான் அதைக் கொடுத்தீர்கள். அன்றைக்கே என் அறையில் தங்களுடம் இந்தத் திருத்தம் சரியானதல்ல. இது Out of order என்று சொல்லியிருக்கிறேன். அப்பொழுது நீங்கள் ஒன்றும் அதைப்பற்றிச் சொல்லவில்லை.”

SRI M. NARAYANA KURUP :—“ Now, the Hon. Speaker says that the amendment requires the permission of the Governor. There is article 255 which we will have to take into account. If the acceptance of this amendment is considered to be only an irregularity of procedure and if the House is pleased to accept the amendment, then when the Bill goes to the Governor for his assent, he can give his assent under article 255 and thus the irregularity can be rectified.”

MR. SPEAKER :—“ It is for the Court to say whether it is valid or not. We cannot do it here.”

10th May 1954]

SRI M. NARAYANA KURUP :—“ I raise this point, because the matter has far-reaching consequences and it has a bearing on other amendments as well in respect of this Bill as well as other Bills. That is the reason for my raising this point, Sir. As this matter has been brought to the notice of the Hon. Speaker, I request your ruling as to whether it is in order for the House to allow such an amendment.”

MR. SPEAKER :—“ The Speaker is the person who should give a ruling. When he gives his ruling, nobody can go against it or discuss it.”

SRI K. PARTHASARATHI :—“ As a person purely interested in the interpretation of the article of the Constitution and as a Member exercising his privilege as a Member of this House, I wish to submit that such an amendment need not have the consent of the Governor before introduction. The article only states that any provision for the amendment of the tax shall not be moved. There should be a tax beforehand, i.e., before the amendment is moved. Before any amendment which seeks to enhance a particular tax is moved, there should be a tax. In this case, we do not have a tax. There is only a proposal for tax. The amendment under question is only an amendment to a proposed tax and not a tax that is in existence.”

MR. SPEAKER :—“ Whatever it is, it is an amendment to increase the tax.”

SRI K. PARTHASARATHI :—“ Unless and until this House considers the proposal of the Government and until the whole procedure is gone through and the House accepts the proposal, the tax cannot be said to be in existence. My submission is, that, since the amendment is only with respect to a proposal for the introduction of a tax and since that tax cannot be said to be in existence unless this House has passed the Bill brought forward by the Government, the consent of the Governor is not necessary in this case.”

SRI P. S. KRISHNASWAMY AYYANGAR :—“ Sir, clause 2 relates to definitions. Clause 3 gives certain illustrations. These illustrations have got certain functions and the section proper has got different functions. The illustrations should flow from the section itself. The section lays down the substantive law and illustrations are specific instances of the application of the law. Here, in clause 3 certain illustrations are given, but they do not flow from any section. There are some lacunae in clause 2 to which certain amendments have got to be made. With these amendments alone, the illustrations contained in clause 3 will be proper. Therefore, I request that clause 2 may be taken up first.”

MR. SPEAKER :—“ Clause 2 relates to definitions. We must follow the usual procedure. We have been taking up clause 1, clause 2 and the Preamble only in the end.”

[10th May 1954]

SRI P. S. KRISHNASWAMY AYYANGAR :—“ Ordinarily, that may be the procedure. But, certain illustrations are given in clause 3. Naturally they should flow from the body of a section. But no such section is found here. Certain amendments given notice of by me in respect of clause 2 supply the void. So, those amendments must be considered before the illustrations are taken up. That is why I say that before we take up the illustrations contained in clause 3, we must take up clause 2.”

SRI M. KALYANASUNDRAM :—“ கனம் சபாநாயகர் அவர்களே, கனம் பார்த்தசாரதி அவர்கள் தெரிவித்த முறையில் கூட நான் இதைப்பற்றி சிந்தனை பண்ணியது உண்டு. அதைத் தங்கனிடத்திலும் சொல்லியிருக்கிறேன். அந்த வாதத்தைச் சொல்லி எப்படியாவது இந்தத் திருத்தத்தைக் கொண்டுவந்து பிரேரித்துவிடவேண்டுமென்பது அல்ல என் நோக்கம். நாங்கள் எந்தத் திருத்தம் கொடுத்தாலும் சட்டசபை காரியாலயத்தார்தான் அந்தத் திருத்தத்தை அனுமதிப்பதற்கு வேண்டிய நடவடிக்கையை எடுத்துக்கொள்ளவேண்டும். குறிப்பாக இந்தத் திருத்தத்திற்கு கவர்னர் அவர்களுடைய அனுமதி தேவையாய் இருந்தால் சட்டசபை விதி 75 படி கனம் சபாநாயகர் கவர்னர் அவர்களுக்கு எழுதி அவர் அனுமதியைப் பெற்றிருக்கவேண்டும். அவர்கள் அப்படிச் செய்யவில்லையென்று குற்றம் சாட்ட நான் இதைச் சொல்லவில்லை. அப்படிச் செய்யாததால் எங்கள் உரிமை பாதிக்கப்படுகிறது. ஆகவேதான் இதற்கு ஏதாவது பரிசாரம் இப்பொழுது தாங்கள் தேடவேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன். அதுவும் எதிர்க் கட்சியின் சார்பில் பூர்ண அனுதாபம் வைத்து இப் பிரச்சனையை முடிவு செய்யவேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன்.”

MR. SPEAKER :—“ நான் ரொம்ப அனுதாபத்தோடேயேதான் இப் பிரச்சனையைக் கவனித்தேன். எல்லாப் பிரச்சனைகளையும் அங்கத்தினர்களிடம் ரொம்பவும் அனுதாபத்தோடுதான் கவனித்துவருகிறேன். நீங்கள் இந்தத் திருத்தத்தைக் கொடுத்தபோதே இது சரியானதல்ல என்று நான் சொன்னேன். கவர்னர் அவர்களுடைய அனுமதி வேண்டுமென்றும், அதை எழுதிப் பெறுங்கள் என்றும் சொன்னேன்.

“ I called the hon. Members who have given notice of such amendments to my room and told them that these amendments were out of order. That being the case, they cannot now blame either the Legislature Office or the Speaker.”

SRI M. KALYANASUNDRAM :—“ நான் யாரையும் குறை கூறவில்லை. குறை கூறவேண்டுமென்பதும் என் நோக்கமில்லை. அன்றைக்கும் கூட நான் தங்கனிடத்தில் இந்த ஷரத்தைப்பற்றி பிரஸ்தாபித்தேன். நானும் கவர்னர் அனுமதியைக் கோரி எழுதலாம். நீங்களும் எழுதலாம் என்று தாங்கள் அப்பொழுது சொன்னீர்கள். அப்பொழுது என் கையில் சட்டசபை விதிகள் அடங்கிய புத்தகமில்லை. அதற்கு பின் தான் விதி 75 (1)-ஐப் பார்த்தேன். அதில் the “Speaker shall என்று இருக்கிறதே தவிர may என்று கூட இல்லை.”

MR. SPEAKER :—“ அதை நான் மறுக்கவில்லை. ஆனால் அன்றைக்கே நான் தங்கனிடம் சொன்னபோது இதைப்பற்றி கவர்னருக்கு எழுதும்படியாக தாங்கள் எதுவும் சொல்லவில்லை. அத்தோடு இந்தத் திருத்தம் out of order என்று நான் சொன்னவுடன் அதைத் தாங்கள் வாபஸ் பெற்றுக்கொள்ளுங்கள் என்றே நான் எண்ணினேன்.”

SRI M. KALYANASUNDRAM :—“ நான் வாபஸ் பெறுவ தற்காகத் திருத்தம் கொடுக்கவில்லை. அத்தோடு நமது வருவாய் மந்திரி அவர்கள் சொல்லிக்கொண்டிருக்கிறார்கள். சூதுவாது அறியாத, பச்சிளம் குழந்தை அவர்கள். அவர்களே நான் சொன்ன உண்மையை

ஒப்புக்கொண்டு இதைக் கொடுக்கல்லாத தேள் என்றும் ஒப்புக்கொண்டு விட்டார்கள். இதைக் கொடுக்கல்லாத தேள் என்று சொல்வதைவிட கொடுக்கல்லாத பொம்மைத் தேள் என்று தான் சொல்லவேண்டும்.”

THE HON. SRI C. SUBRAMANIAM :—“ Sir, it is a well-established and well-known principle that no amendment for increase of taxation could be brought forward by private members. That is why it has been recognized in the Constitution also and it has also been incorporated in the Constitution itself as Article 207. It is not as if the Governor can sanction anything at his discretion; he has to act on the advice of the Ministers. Therefore, when the Government has brought forward a proposal that they are not prepared to increase taxation any further, at any rate at this juncture, no useful purpose will be served by pressing that question. I think the Hon. the Speaker also wanted to know our attitude and after knowing our attitude, he spoke to other hon. Members and the matter was finally dropped without taking any further action. Under these circumstances, we cannot cure a constitutional irregularity and the Speaker and the House cannot be a party to such an action. Of course, speeches can be made on the clauses and criticisms could be offered and we can have a full-dress debate on clause 3. For that matter, views that taxation should have been on an increased scale have already been put forward during the general debate. It is not as if they are going to be expressed for the first time now. Of course, they could be urged upon the Government again. Government could be found fault with and all those allegations could be levelled against the Government during the discussion of clauses. Therefore, hon. Members have got full freedom to do all that and I welcome imputation of motives, criticisms, etc. At least that will give an opportunity to hon. Members—some of us—to realize the difficulties under which the Government have got to function.”

SRI M. KALYANASUNDRAM :—“ நான் எனது திருத்தத்தில் அடிப்படை வரி விதித் தரட்டை உயர்த்தவேண்டுமென்று நான் கோரியிருக்கிறேன். முதலிலேயே தாங்கள் இதனை Out of order என்று சொல்லி விட்டீர்கள். அப்படிச் சொல்லிவிட்டால் அதைப்பற்றி விவாதிக்கவே எங்களுக்குச் சந்தர்ப்பம் இல்லாமல் போய்விடுகிறது. இதை அனுமதித்து விட்டு இதற்கு வேண்டிய அனுமதியைத் தரவேண்டுமெனத் தாங்களும் சர்க்கார் கட்சித் தலைவரும் கவர்னருக்கு எழுதினால் அவர் அதற்கு வேண்டிய அனுமதியைக் கொடுப்பார்கள். ஆகவே இதை அனுமதித்து சர்க்கார் இதைத் தங்களது மெஜாரிட்டி வோட்டுக்களால் வேண்டுமானால் தோற்கடிக்கச் செய்யலாமென்பது என் அபிப்பிராயம். அதுதான் சரியானதாகவும் படுகிறது. இல்லாதபட்சத்தில் எங்களுக்கு உள்ள உரிமையும், சந்தர்ப்பமும் பறிக்கப்படுவதாகவே கருதவேண்டியிருக்கிறது.”

MR. SPEAKER :—“ I will allow full discussion now and in the end I will rule the amendments out of order.”

SRI M. NARAYANA KURUP :—“ I request the Hon. the Leader of the House to give his opinion on the submission made by me with reference to Article 255. He has not touched on that point at all.”

[10th May 1954]

THE HON. SRI C. SUBRAMANIAM :—" In regard to Article 255, if certain irregularities were not noticed by chance and we went through them, those irregularities could be rectified. It cannot be an irregularity which has been pointed out. Certainly, the Hon. the Speaker and the House cannot be a party to commit an irregularity and then take it to the Governor to condone that irregularity or rectify that."

MR. SPEAKER :—" Even a Court cannot do that."

THE HON. SRI C. SUBRAMANIAM :—" Yes, even courts cannot do that. I do not think hon. Members could ask us to shut our eyes and do things."

MR. SPEAKER :—" I have allowed the amendment of Sri Kalyanasundram to be moved and it has been seconded. In the end, I will rule it out of order. There are some more amendments. Mr. Kurup will please move his amendment."

SRI M. NARAYANA KURUP :—" Sir, I move—

' In the second line, after the word " pay " and before the words " a sum exceeding rupees five hundred ", insert the words " in the same capacity " . '

SRI K. T. SREEDHARAN :—" I second the amendment, Sir."

SRI S. RAMALINGAM :—" I move—

' For the words " in a district ", substitute the words " in the State " . '

SRI M. KALYANASUNDRAM :—" I second the amendment, Sir."

SRI S. SWAYAMPRAKASAM :—" Sir, I am not moving my amendment."

MR. SPEAKER :—" Sri K. R. Viswanathan is not in his place. It is taken that he is not moving his amendment."

SRI S. RAMALINGAM :—" I move—

' In line 6, delete the words " in the State " . '

SRI R. KRISHNAN :—" I second the amendment, Sir."

SRI N. K. PALANISAMI :—" I move—

' For the rates given under " rate of surcharge ", substitute the following :—

- (a) 2 annas on each rupee;
 - (b) 4 annas on each rupee;
 - (c) 8 annas on each rupee;
 - (d) one rupee on each rupee.
- and omit the illustrations. '*

SRI T. S. ARDHANARI :—" I second the amendment, Sir."

SRI P. S. KRISHNASWAMI AYYANGAR :—" I move—

' In the portions giving the rates of surcharge—

(a) in each of the expressions " on each rupee " between the words " on each " and " rupee " insert the words " round sum of a " ; and

(b) after the word " rupee " wherever it occurs add a comma and the expression " ignoring the fraction of a rupee, if any " . '

SRI K. PARTHASARATHY :—" I second the amendment, Sir."

SRI S. RAMALINGAM :—" I move—

' Add the following proviso before the Explanation—

" Provided that as long as the Land Revenue Surcharge is levied the land revenue payable by the landholder paying less than Rs. 15 for a fasli shall be remitted. " . '

SRI M. KALYANASUNDRAM :—" I second the amendment, Sir."

MR. SPEAKER :—" The motion and the amendments are before the House for discussion."

SRI K. PARTHASARATHY :—" On a point of order, Sir. The Hon. the Speaker has indicated his ruling in regard to amendments proposing variations in the taxation proposals. My submission is that some of the other amendments proposed are also of a similar nature. For example, the amendment proposed by Sri Ramalingam is that for the words ' in a district ', the words ' in the State ' should be substituted. If the amendment is accepted, it will mean an imposition of the tax on certain classes of persons who are exempt under the proposed Bill. I wish to know whether such an amendment will be in order."

THE HON. SRI C. SUBRAMANIAM :—" I do not think there is any objection to that amendment."

MR. SPEAKER :—" I have allowed discussion on all the amendments. In the end I shall consider the point raised by the hon. Member."

SRI N. K. PALANISAMI :—" கனம் சபாநாயகர் அவர்களே, கனம் மந்திரி அவர்கள் இன்றையதினம் பேசும்போது விவசாயிகளுக்கு படிப்படியாக வரியைக் குறைத்து, பணக்காரர்களுக்கு அதிகமாகப் போடுவதாகக் கூறினார்கள். தமிழ்நாடு, நீலகிரி ஜில்லாக்களில் மொத்த பட்டா தாரர்கள் 3,884,000 பேர்கள் இருக்கிறார்கள். அதில் ரூ. 10-க்குக் கீழே கிஸ்தி செலுத்தக்கூடியவர்கள் 3,118,000 பேர்கள் இருக்கிறார்கள். பத்து ரூபாயிலிருந்து 30 ரூபாய் வரையிலும் கிஸ்தி செலுத்தக்கூடியவர்கள் 583,000 பேர்கள் தான் இருக்கிறார்கள். கிட்டத்தட்ட 30 ரூபாய்க்குக் கீழே வரி செலுத்தக்கூடிய நபர்களை எடுத்துக்கொண்டால்

[Sri N. K. Palanisami] [10th May 1954]

371,000 பேர்கள் இருக்கிறார்கள். இதில் 7,023 பேர்கள் ஆந்திர-சென்னை யில் சேர்ந்திருக்கிறார்கள். 3,656 பேர்கள் 500-க்கு மேல் கிஸ்தி செலுத்து கிறார்கள். தமிழ் நாட்டையும் மலையாளத்தையும் எடுத்துக்கொண்டால் ரூ. 500-க்கு 2,000 பேர்கள் தான் இருக்கிறார்கள். ஆகவே அவர்கள் செல்வத்தின் மீது இந்தவருமான வரியை ஏன் போடக்கூடாது என்று கேட்கிறார்கள். சாதாரணமாக ரூ. 500-க்கு மேல் கிஸ்தி செலுத்துபவர் களுக்கு வரி அதிகப்படுத்தப் பட்டிருக்கிறதே, அதனால் 30 ரூபாய்க்கு கீழே வரி செலுத்துவோருடைய கிஸ்தியையும் என் ரத்து செய்யக்கூடாது. ரூ. 500-க்கு மேல் வரி செலுத்துகிறவர்கள் மீது இரண்டு மடங்காகப் போடலாம். ரூ. 30-க்குக் கீழே வரி செலுத்துவோரிடமிருந்து தமிழ் நாடும் ஆந்திராவும் சேர்ந்து ஒன்றாக இருந்தபோது ரூ. 3½ கோடிதான் வருமானம் கிடைத்தது. இப்போது கிட்டத்தட்ட தமிழ்நாட்டிலும் மலபாரிலும் மட்டும் வசூலிப்பதால் 1½ கோடி ரூபாய் நஷ்டம் ஏற்படும். ஆகவே பணக்காரர்கள் மீது இந்த வரியைப் போடுவதன் மூலம் சாதாரண ஏழை மக்களின் கஷ்டத்தைப் போக்கலாம்.

“கோயம்புத்தூர், தஞ்சாவூர் ஜில்லாவில் பலவந்த முறையிலே நிர் பந்தப்படுத்தி வரிவசூலித்தது நமக்குத் தெரியும். அந்த நிர்ப்பந்தத்தி னால் பலர் பூமிகளை விற்கக்கூடிய நிர்ப்பந்தம் ஏற்பட்டது. நான் சொல் லும் முறையைக் கைப்பற்றினால் ரூ. 30-க்கு கீழே கிஸ்தி செலுத்தக்கூடிய வர்களின் குறையை தவிர்க்க முடியும். கனம் மந்திரி அவர்கள் சொல் வதை பணக்காரர்கள் மீது வரி போடும்போது உடனடியாகச் செய்துவிட முடியாது. Human Sympathy வேண்டுமென்று சொல்லுகிறார். நாங்கள் கேட்கிறோம் லக்ஷக்கணக்கான ஏழை மக்கள் கஷ்டப்படுகிறார் களே அவர்கள் மீது இந்த Human Sympathy யைக் காட்டவில்லையே. ஒரு சிறு தொகையினரான பணக்காரர் மீது வரிபோடும்போதுதான் Human Sympathy வந்து குறுக்கிடுகின்றதா? ஆகவேதான் திராவிடக் கட்சித் தலைவர் ஸ்ரீ சுயம்பிரகாசம் எதிர்க்கிறார்கள். இது ஆச்சரியமாக இருக் கிறது. மேலும் கனம் மந்திரி அவர்கள் சொல்லுகிறார்கள். Some may call it a scorpion. If the old Bill was a scorpion, the new Bill is a scorpion without its stings. அதற்கு என்ன அர்த்தம்? “பணக்காரர்கள் மீது வரி போடுவதால் உணவுப்பொருள் தடை செய்யக்கூடிய நிலைமை ஏற்படும். ஆகவே நாட்டிலேயே உணவு உற்பத்தித் தடை விசேஷமாக ஏற்படும்.” ஆகவே தான் உண்மையிலேயே பணக்காரர்மீது வரிபோடவில்லை என்று கனம் மாணிக் கவேலர் கூறியிருக்கிறார்கள். அவரே ஒத்துக்கொள்ளக்கூடிய நிலைமை ஏற் பட்டிருக்கிறது. கொடுக்கல்லாத தேள் போன்ற முறையில் இந்தவரியைப் போட்டிருப்பதாகக் கூறுகிறார்கள். இன்று முக்கியமாக நிலப் பிரபுக்க ளுக்கு வருமான வரி விதிப்பதன் மூலம் ஜில்லா ஒன்றுக்கு இரண்டு கோடி ரூபாய்க்கு மேல் சர்க்காருக்கு வருமானம் வரும். பல அபி விருத்தி திட்டங்களை அதிகப்படியாகச் செய்யமுடியும். ஆனால் அவர்கள் சரியாக கணக்கு வைத்துக்கொள்ள முடியவில்லை என்று சாக்குசொல்லு கிறார்கள். உண்மையில் சாதாரணமாக ஒரு சிறு வியாபாரிகூட விற்பனை வரிக்காக தன் கணக்கை ஒழுங்காக வைத்துக்கொண்டிருக்கிறான். ஆனால் இவர்கள் நொண்டிச் சமாதானம் சொல்லி இதைத் தவிர்க்க முயற்சிக்கிறார்கள்.

“பெரிய பெரிய அபிவிருத்தி திட்டங்கள் எல்லாம் போட்டுக்கொண்டு வருகிறார்கள். ஐந்து வருஷ திட்ட வேலைகள் நாளுக்கு நாள் அதிகரித்து வருவதாகவே சொல்லுகிறார்கள். அம்மாதிரியான நிலைமையில் சர்க்கா ருக்கு வருமானம் கிடைக்க இம்மாதிரி பணக்காரர்கள் மீது வருமானவரி விதிக்காமல் வேறு எந்த விதத்தில் இந்த அபிவிருத்தி திட்டங்களை நிறைவேற்றப் போகிறார்களோ தெரியவில்லை. 15 கோடிக்கு மேல் வருமானம் வருகிற பணம் இருந்தால் தான் இந்தத் திட்டங்களை எல்லாம் செய்யலாம்.

“நிலப்பிரபுக்களை எடுத்துக்கொண்டால் விவசாயி சொத்து மடிந்தா லும் விளைந்தாலும், விளையாட்டிலும் குத்தகை கொடுத்தாகவேண்டும். வேறு சிலவு கிடையாது. ஆனால், மில் முதலாளிகளை எடுத்துக்கொண் டால் 20,000 ரூபாய் வருகிறதென்றால், விற்பனைவரி, வருமானவரி சர்க்

காருக்கு கொடுத்தாக வேண்டும். மேலும் லாபத்தில் ஒரு பங்கு தொழி லாளிகளுக்குக் கொடுத்தாகவேண்டும். Compensation Gratuity கொடுத்தாக வேண்டும். இந்த நிலப்பிரபுக்களை எடுத்துக்கொண்டால் உழைக்காமலே குத்தகை மூலம் நிகர லாபமாக ஒருவித செலவும் இன்றி அவர்கள் பணம் சம்பாதிக்கிறார்கள். ஆகவேதான் சமுதாய நிலத்திலே அக்கறை கொண்ட கம்யூனிஸ்ட் கட்சி இப்படிப்பட்ட நிலப் பிரபுக்களுக்கு வருமானவரி விதிக்கவேண்டும் என்பதை நோக்கமாகக் கொண்டிருக்கிறது. அப்போதுதான் நாட்டில் இருக்கக்கூடிய அபிவிருத்தித் திட்டங்கள் நிறைவே றும். ஆகவே தமிழ்நாடு காங்கிரஸ் கமிட்டி, பிளானிங் கமிட்டி போன்ற கமிட்டிகள் ஏற்படுத்தி செய்யவேண்டியதை தடை செய்து இக்கமிட்டிகளைக் கொண்டு விவசாய வருமான வரி விதிக்க என்னென்ன செய்யவேண்டு மென்பதை யோசிக்கவேண்டும். தவிர வருமானவரி விவசாயிகளுக்குக் குத் தகைக் குறைப்பதற்கும் நீர்ப்பாசன வசதி செய்து கொடுப்பதற்கும் தூண்டு கோலாக இருக்கும். ஆகவே இந்த முறையில் சட்டங்கள் கொண்டுவர வேண்டுமேயொழிய வெறும் கண்ணாமூச்சி விளையாட்டு விளையாடுவதைப் போல சட்டம் கொண்டுவரக்கூடாது என்று சொல்லிக்கொண்டு என் பேச்சை முடித்துக் கொள்ளுகிறேன்.”

MR. SPEAKER :—“ I think hon. Member, Mr. Kolkebil has given notice of an amendment which has been wrongly numbered by him. That should come under this clause and not clause 2. Let him move it.”

SRI S. S. KOLKEBAIL :—“ Sir, I move—

“ Add after the proviso in item (b) of clause 2, the following :—

“ Levy of Surcharge in the South Kanara district.—Pro vided further that in the District of South Kanara in cases to which the provisions of sub-sections (1) and (2) of section 4 are not applicable the following provisions shall apply :—

1. No surcharge shall be leviable in respect of uncul tivated punja lands;
2. Where any lands including cultivated punja lands are in the possession of vala vargadar, kayamgeni dar, permanent tenants, mulgeni tenant, or usufruc tuary mortgagee he shall be liable to pay the sur charge in respect of these lands;
3. In other cases the registered holder shall be liable to pay the surcharge.
4. No person who is liable to pay the surcharge under clauses (2) and (3) shall, by reason of any contract with his tenant be entitled to recover the whole or any portion of the surcharge from such tenant.”

The amendment was duly seconded.

MR. SPEAKER :—“ I think Mr. Padmaprabha Gounder also has given notice of an amendment which should come here. It reads—

“ 3-E. Add at the end of proviso to item 2 (b) of clause 2, the following :—

“ Provided further in respect of estates or plantations whose extent exceeds 250 acres and the rent payable thereon is

[Mr. Speaker] [10th May 1954]

less than the land revenue plus surcharge thereon, the surcharge under this Act shall be recoverable from the holder of the estate or plantations whether land revenue is at present payable by the holder of the estate or plantations or not.”

SRI P. NARAYANA KURUP :—“ I think it would come under clause 2.”

MR. SPEAKER :—“ I have no objection.”

SRI S. RAMALINGAM :—“ கனம் சபாநாயகர் அவர்களே, என்னுடைய திருத்தங்களைப் பிரேரேபித்து ஒரு சில விஷயங்களை உங்களுடைய கவனத்திற்குக் கொண்டுவர விரும்புகிறேன். குறிப்பாக, நம்முடைய ராஜ்யத்திலே நிலம் வைத்திருக்கின்ற நிலச்சுவாந்தார்கள், அதாவது வருஷத்திற்கு ரூ. 500-க்கு அதிகமாக ஒரு ஜில்லாவில் நிலவரி செலுத்தக்கூடிய நிலச்சுவாந்தார்கள் சர்சார்ஜ் என்ற இந்தப் புதிய வரியைக் கொடுக்கவேண்டும் என்ற நோக்கத்தோடுதான் இந்த மசோதா வானது நம் முன் விவாதத்தில் இருக்கிறது. பொது விவாதத்தின் போது சபையிலே பல அங்கத்தினர்கள், நம் நாட்டில் இருக்கக்கூடிய வரி விதிப்பு முறையை ஆட்சேபித்து பல தடவைகள் பேசியிருக்கிறார்கள். இன்றிருக்கக்கூடிய நிலைமையில் ஒரு ஏக்கருக்கு குறைவாக நிலம் வைத்திருக்கின்ற சிறு நிலச்சுவாந்தார்கள், அந்த நிலத்திலிருந்து தங்களுடைய வாழ்க்கைக்குப் போதாத வருமானத்தை அடைந்துகொண்டிருக்கக்கூடிய அம்மாதிரியான சிறு நிலச்சுவாந்தார்கள் என்ன விகிதத்தில் வரி கொடுக்கின்றார்களோ, அதே விகிதத்தில்தான் ஆயிரக்கணக்கான ஏக்கராக்கள் நிலங்களைத் தங்களுக்குச் சொந்தமாக வைத்திருக்கிற பெரு நிலச்சுவாந்தார்களும் செலுத்திக்கொண்டிருக்கிறார்கள். இந்த முறை சரியானதல்ல. அதற்குப் பதிலாக விவசாய வருமான அடிப்படையில் வரி விதிக்கப்படவேண்டும் என்று இந்த சபை ஆரம்பித்த காலத்திலிருந்து எல்லாத் தரப்பு அங்கத்தினர்களும் சர்க்காருக்கு சொல்லிக் கொண்டு வந்திருக்கிறார்கள். ஆனால், அந்த வரி விதிப்பு முறை ஏற்றுக்கொள்ளப்படவில்லை. அதற்குப் பதிலாக உபரி வரி போடுகின்றோம் என்று சொல்லி நம் முன்பு அதற்கான ஒரு மசோதாவை நிறைவேற்றுவதற்காக வைத்திருக்கிறார்கள்.

“ ஏற்கெனவே சென்ற ஆண்டில் கொண்டுவரப்பட்ட அந்த மசோதாவுக்கும் இன்றைக்கு நம் முன்பு விவாதத்திற்கு வைக்கப்பட்டிருக்கும் இந்த மசோதாவுக்கும் பெரிய அளவு வித்தியாசம் இருக்கிறது. இன்றைக்கு இருக்கக்கூடிய மசோதாவானது ரூ. 500-க்கும் அதிகமாக வரி செலுத்துபவர்களைப் பாதிக்கக்கூடிய விஷயம். ஆனால், நாங்கள் நினைக்கிறோம் : சர்க்காருக்கு வரக்கூடிய வருமானமோ ஏற்கெனவே குறைவாக இருக்கிறது. அதை இன்னும் அதிகப்படுத்தவேண்டுமென்று பலவிதமான புதிய வரிகளைப் போடுகின்றார்கள். அப்படியிருக்கும்போது, இந்த ராஜ்யத்திலே வரி கொடுப்பதற்கு வசதி உள்ளவர்களிடமிருந்து ஏன் வரி வசூல் செய்யக்கூடாது என்பது நம்முடைய கேள்வி. அவர்களால் கொடுக்க முடியாது என்று நான் சொல்லவில்லை. இதே மசோதாவைக் கொண்டு வந்த இதே மந்திரி அவர்கள் ரூ. 50 கிலித் செலுத்துபவர்களும் கூட உபரி வரியைக் கொடுக்கமுடியும் என்று தஞ்சை ஜில்லாவிலே கணக்கெடுத்துச் சொன்னார்கள். அவர்களுக்கு இத்தனை ஏக்கர் நிலம் இருக்கிறது, ஒரு வருஷத்திற்கு இவ்வளவு வருமானம் கிடைக்கிறது, அப்படிப்பட்டவர்கள் ரூபாய்க்கு இரண்டு அணு, நாண்டு அணு உபரி வரி கொடுப்பதினால் அவர்களுக்கு நஷ்டம் வந்துவிடாது என்று மந்திரி அவர்கள் பேசினார்கள். இப்பொழுது நாங்கள் சொல்லுகிறோம் : குறைந்தபட்சம் ரூ. 250-க்கு மேல் வரி செலுத்தக்கூடியவர்களும் கண்டிப்பாக இந்த உபரி வரியைக் கொடுக்க முடியும் ; அவர்களுக்கு அதிகமாக பாதகம் வந்துவிடாது என்பது எங்களுடைய அபிப்பிராயம்.

[Sri S. Ramalingam] 10th May 1954]

“ ரூ. 250 வரி செலுத்துகிறார்கள் என்றால், குறைந்தபட்சம் அவருக்கு 25 ஏக்கராக்கள் நல்ல நஞ்சை நிலம் இருந்தாகவேண்டும். அப்படிப்பட்டவர்கள் ஒரு ஏக்கருக்கு இவ்வளவு குத்தகை என்று கொடுத்துவிட்டு, சர்க்கார் நிர்ணயித்திருக்கிற 60 : 40 வாரத்தின் அடிப்படையிலே வாரத்தை வாங்கிக்கொண்டு absentee landlord-ஆக இருந்தபோதிலும் ஒரு ஏக்கருக்கு குறைந்தபட்சம் ரூ. 150-க்கு குறையாது வருமானம் வரும். பதினென்று ஏக்கர் நிலங்களுக்கு சுமார் நாலாயிரம் ரூபாய் வரையில் அவருக்கு கண்டிப்பாக குத்தகை கிடைக்கும். அப்படிப்பட்டவர்கள் எங்களுடைய திருத்தத்தின்படி (அதாவது நாலாறு விகிதப்படி) மேலும் ரூ. 62½ கொடுக்கவேண்டியிருக்கும். சர்க்கார் சொல்லுகிறபடி பார்த்தால் அவர்கள் கொடுக்கவேண்டிய வரி இன்னும் கம்மியாகத்தான் இருக்கும். ரூ. 62-ஐ அவர்கள் கண்டிப்பாக கொடுக்க முடியும். ஆயிரம் ரூபாய் வரி செலுத்துபவர்களுக்கு இன்னும் ஒரு ஆயிரம் ரூபாய் உபரி வரி விதிக்கவேண்டுமென்று நாங்கள் கேட்டுக்கொள்ளுகிறோம்.

“ ஒரு ஜில்லாவில் குறைந்தபட்சம் ரூ. 500-க்கு அதிகமாக வரி செலுத்தக்கூடிய அளவுக்கு நிலங்கள் இருந்தால், இந்த சர்சார்ஜ் செலுத்த வேண்டியிருக்கிறது. தஞ்சாவூர் ஜில்லாவில் ரூ. 450 வரி செலுத்தக்கூடிய அளவு நிலங்களும், திருச்சிராப்பள்ளி ஜில்லாவில் கிட்டத்தட்ட ரூ. 400 வரையிலும் வரி செலுத்தக்கூடிய அளவு நிலங்களும் ஒருவருக்கு இருந்தாலும்கூட அவர் இந்த சர்சார்ஜை செலுத்தவேண்டியதில்லை. இது சரியல்ல. மாகாணம் பூராவும் எவ்வளவு நிலம் இருக்கின்றது. எவ்வளவு வரி செலுத்துகிறார்கள் என்பதை கணக்கெடுத்து வரி விதிக்கவேண்டும்.

“ Illustration.—(1) A is liable to pay as land revenue rupees three hundred in respect of lands held by him on a patta solely in his name. A and B are liable to pay as land revenue rupees three hundred in respect of lands held by them on a joint patta, B and C are liable to pay as land revenue rupees three hundred in respect of lands held by them on a joint patta. C is liable to pay as land revenue rupees three hundred under section 23 of the Madras Estates (Abolition and Conversion into Ryotwari) Act, 1948 (Madras Act XXVI of 1948). All the lands are in the same district. Each of these persons A, B and C, is liable to pay surcharge under this section.

“ கூட்டுப் பட்டாவில் ரூ. 500-க்கு அதிகமாக யாராவது வரி செலுத்தக்கூடிய அந்தப் பட்டா இருந்தால், கூட்டுப்பட்டாவில் இருக்கக்கூடிய இத்தனை நபர்களும் வரி விதிப்பில் கட்டுப்படுவார்கள் என்று அர்த்தம். யாராவது ஒருவரிடமிருந்து வசூல் பண்ணி அந்த ரூபாயை அவர்களிடம் பகிர்ந்துகொள்ள வேண்டியது அவர்களுடைய பொறுப்பு ; சர்க்காருக்கு அந்தப் பொறுப்பு அல்ல என்று சொல்லப்படுகிறது. கூட்டுப் பட்டாவில் தனித்தனியாக வரி செலுத்தவேண்டுமென்று சொல்லப்பட்டிருப்பது முறையல்ல.

“ரூபாய் 15-க்கு குறைவாக வரி செலுத்தக்கூடிய எல்லா விவசாயிகளுக்கும் வரி வஜா செய்யவேண்டுமென்று நான் மற்றொரு திருத்தம் கொடுத்திருக்கிறேன். இதுவும் மிக முக்கியமானது என்பதை சபையிலுள்ள அங்கத்தினர்கள் உணர்ந்துகொண்டிருப்பார்கள் என்று நினைக்கிறேன். இரண்டு மாதங்களுக்கு முன்பு ராமநாதபுரத்திற்கு நான் சென்றிருந்தேன். கெடுபிடி எதிர்ப்பு மகாநாடு ஒன்று அங்கு நடந்தது. நிலமுள்ளவர்கள் அந்த மகாநாட்டுக்கு அனேகம் பேர்கள் வந்திருந்தார்கள். பெரிய நிலச் சவாந்தார்களும், 200, 300 எக்கரா நிலம் வைத்திருப்பவர்களும் அங்கு வரவில்லை. ஒன்றிரண்டு எக்கரா நிலம் உள்ளவர்கள் தான் அதிகமாக அந்த மகாநாட்டுக்கு வந்திருந்தார்கள். அவர்கள் செலுத்த வேண்டிய வரி ரூ. 10 முதல் ரூ. 15-க்குள்ளாகத்தான் செலுத்தாமல் பாக்கி வைத்திருந்தார்கள். அதைக்கூட அவர்களால் கொடுக்க முடியவில்லை. அதை அவர்கள் கட்டவில்லையென்ற காரணத்தால் சர்க்கார் மிகக் கடுமையாக அவர்களிடம் நடந்து கொண்டார்கள் என்று இந்தச் சபையில் உங்களுடைய கவனத்திற்குக் கொண்டு வந்திருக்கிறேன். வீட்டில் தங்களுடைய சாப்பாட்டுக்கு வைத்திருந்த நெல்லையும் அள்ளிக்கொண்டு சென்றார்கள். ஆடு மாடுகளைப் பிடித்துக்கொண்டு போனார்கள்; கோழியைப் பிடித்துக் கொண்டு போனார்கள். தோழர் மணலி கந்தசாமி அவர்கள் சொன்னது போல், வரி பாக்கியைச் செலுத்திவிட்டு குழந்தையை எடுத்துக்கொண்டு போங்கள் என்று சொல்லக்கூடிய அளவுக்கு அங்கு நடந்திருக்கிறது. இந்த விஷயத்தைப்பற்றி நான் அதிகமாகப் பேச விரும்பவில்லை. ரூ. 10 முதல் ரூ. 15 வரை வரி செலுத்தக்கூடிய சிறு நிலச் சவாந்தார்கள் எப்படி வரியைக் கொடுக்க முடியாமல் அவஸ்தைப்படுகிறார்கள் என்பதற்கு உதாரணமாக நான் இதைச் சொல்ல வேண்டியிருக்கிறது. (At this stage V. Balakrishnan occupied the chair). அப்படிப்பட்டவர்களுக்கு வரி வஜா செய்வதன் மூலம் இந்த ராஜ்யத்தில் பெரிய எண்ணிக்கையாக இருக்கக்கூடிய சாதாரண விவசாயிகளுக்குப் பெரிய நிவாரணம் கிடைக்கும். அவர்களுக்கு நிவாரணம் கொடுப்பதினால் ஏற்பட்ட நஷ்டத்தை ஈடு செய்வதற்காக ரூ. 250-க்கு மேல் வரி செலுத்தக்கூடிய பெரும்நிலச்சவாந்தார்களுக்கு சர்சார்ஜ் போடவேண்டுமென்று நாங்கள் சொல்லுகிறோம்.

வேண்டுமென்ற அந்தக் காரணத்திற்காவது சர்க்கார் எங்களுடைய திருத்தத்தை ஒத்துக்கொள்ளவேண்டுமென்று கேட்டுக்கொண்டு என்னுடைய வார்த்தையை முடித்துக் கொள்ளுகிறேன்.”

SRI V. MADANAGOPAL :—“கனம் சேர்மன் அவர்களே, இந்த மசோதாவை நான் ஆதரித்து சில விஷயங்களை இந்த சபையினுடைய கவனத்திற்குக் கொண்டுவர விரும்புகிறேன். இந்த நிலவரி சர்சார்ஜ் முறையும் அதில் உள்ள சரத்துக்களையும் கவனித்தால், தேவைக்கு மேல் வருமானம் வருகிறவர்களிடம் வருமானவரி விதிப்பது சர்க்காருடைய கொள்கை அல்ல என்பது தெளிவாக்குகின்றது. அப்படி இல்லையென்றால் எல்லா தரப்பாலும் ஒத்துக்கொள்ளக்கூடிய விவசாய வருமான வரியை இவ்வளவு காலமாக காலங்கடத்தவேண்டிய அவசியமில்லை. விவசாய வருமான வரியைப்பற்றி பேசுகின்ற காலத்தில் கனம் நிதிமந்திரி அவர்கள் சொல்லுகின்ற காரணமும், ரெவின்யூ மந்திரி அவர்கள் சொல்லுகின்ற காரணமும் என்னவெனில், விவசாயிகளால் கணக்கு வைத்துக்கொள்ள முடியவில்லை என்பதே. இது மிகவும் சரியான காரணமல்ல. உதாரணமாக, இன்றைக்கு டவுன்களிலும் கிராமங்களிலும் 10 பவுண்டு புகையிலை வாங்கி சின்ன வியாபாரம் செய்யும் வியாபாரிகூட மத்திய சர்க்காரின் விதிப்படி சிக்கல் நிறைந்த கணக்கை வைத்துக்கொள்கின்றனர். ஒழுங்காக கணக்கு வைத்திருக்க வேண்டியிருக்கிறது. அதேபோல் சிறிய அளவில் பீடி தொழில் செய்பவர்கள்கூட கணக்கு வைத்திருக்கிறார்கள். எழுதப்படக்கூடிய தெரியாத ஒரு வியாபாரிகூட தினசரி ரூ. 10, 15-க்கு வியாபாரமானாலும் விற்பனை வரி கட்டுவதற்காக வேண்டி கணக்கு வைத்துக்கொள்ள வேண்டியிருக்கிறது. இப்படி இருக்கும்போது விவசாயம் செய்யக்கூடியவர்கள் சரியான கணக்கு வைத்துக்கொள்ள முடிவதில்லை என்று கூறுவது சரியான காரணமாகத் தெரியவில்லை. இன்றைக்கு கிராமங்களிலே ஒருவர் 100 ரூபாய் கடன் கொடுப்பதாயிருந்தால் 200 ரூபாய்க்கு பாண்டு எழுதி வாங்கிக்கொண்டு கணக்கு வைத்துக்கொள்ளத் தெரியும்போது, வருஷத்திற்கு மூவாயிரம் நாலாயிரம் வருமானம் வருவதை கணக்கு வைத்துக்கொள்ள முடிவதில்லை என்று கூறுவது மிகவும் தவறு. அவர்கள் வருமானக் கணக்கை கவனமாக நல்ல முறையில் வைத்திருப்பார்கள் என்பதில் எந்தவிதமான தடங்கலும் இருக்கமுடியாது. இந்த விவசாய வருமான வரியை மிராஸ்தார்களை தவிர வேறு எந்த பகுதியும் எதிர்க்கவில்லை. சமீபத்தில் மதுரையில் நடந்த தென்னாட்டு தோட்ட விவசாயிகள் (மிராஸ்தார்கள்) கூட்டத்தில் கூறியுள்ளதை கவனித்தால் இந்த உண்மை நன்கு தெரியும். அவர்கள் கூறியுள்ளார்கள் எங்களுக்கு விவசாய வருமான வரி போடவேண்டாம், சர்சார்ஜையே போடுங்கள், தாராளமாக கொடுக்கிறோம் என்று. சர்க்காரும் இதை இவர்கள் ஒரு நன்கொடைபோல் கொடுத்துவிட கூடுமென்ற முறையிலேதான் இந்த சர்சார்ஜ் மசோதாவை கொண்டு வந்திருக்கின்றனர். 1952-வது வருடத்தில் இதே மசோதா சபை முன்வரும்பொழுது இருந்த சில முக்கிய அம்சங்களையும் மிராஸ்தார்களுக்கு சாதகமாக மாற்றப்பட்டுள்ளது. அன்று வரி விலக்குக்கு உள்ளான தொகை ரூ. 100, இன்று 500 ரூபாய், நிலவரி செலுத்துபவர்களுக்கும் சர்சார்ஜ் இல்லையென திருத்தப்பட்டுள்ளது. 500 ரூபாய்க்கு மேல் கிஸ்தி செலுத்தக்கூடிய நிலப்பிரபுக்களுக்கு வரிவிலக்கு அளிக்க சர்க்கார் தாயாராக இருக்கிறது. சில பகுதியில் சென்ற வருஷம் பஞ்சம் ஏற்பட்டு அங்குள்ள விவசாயிகளுக்கு பரிபூரணமான நஷ்டம் ஏற்பட்டது. அவர்களிடத்திலே செலவுக்கூட பணமில்லாமலும், 5 ரூபாய் கிஸ்திகூட செலுத்த முடியாமலும் தங்களுடைய ஆடுமாடுகளை விற்கும்படியான நிலைமையில் அங்குள்ள விவசாயிகள் கஷ்டப்பட்டனர். அப்படிப்பட்ட விவசாயிகளிடமிருந்து வரிவசூலிக்க சர்க்கார் அவர்களுடைய சொத்துக்களை ஐந்தி செய்ய முயலுகிறது. ஆனால் 500-க்கு மேல் வரி செலுத்தக்கூடியவர்கள் விஷயத்தில் மட்டும் வரிவிலக்கு அளிக்கப்படுகிறது.

“விவசாய வருமானவரி என்று சொன்னால், இதில் சர்க்கார் கவனக் குறைவாகவே இருந்து வருகிறது. தண்ணீர் தீர்வையாக செலுத்தும் தொகைக்கு சர்சார்ஜ் கூடாது என சில மெம்பர்கள் கூறினார்கள். மேலும் உரம் விலை அதிகம், விவசாயச் செலவு அதிகம். ஆகவே வரியை அதிகப்

[Sri V. Madanagopal] [10th May 1954]

படுத்தக்கூடாது என்றெல்லாம் விவாதிக்கப்பட்டது. நீர்ப்பாசன பிரதேசங்களில் இருக்கக்கூடிய நஞ்சை நிலத்திற்கும், புஞ்சை நிலத்திற்கும் வித்தியாசம் இருப்பதைக் காணலாம். நஞ்சை நிலத்திற்கு தண்ணீர் வசதி செய்யவேண்டிய அவசியமில்லை. அதன் காரணமாக அந்த நிலத்திலே விவசாயத்திற்கு ஒரு உத்தரவாதம் இருக்கிறது. நஞ்சை நிலத்திலே ஒரு கலத்தின் உற்பத்திச் செலவு 10 ரூபாய் என்றால் புஞ்சை நிலத்திலே ஒரு கலம் உற்பத்தி செய்வதற்கு உற்பத்திச் செலவு 20 ரூபாய் ஆகிறது. தண்ணீர் இறைத்து புஞ்சை விவசாயம் செய்வது என்பது பெரும் சிரமம் கொண்டதாக உள்ளது. உதாரணமாக ஒருவருக்கு 30 ஏக்கர் நஞ்சை நிலமோ, 200 ஏக்கர் புஞ்சை நிலமோ இருக்கிறதென்றால் அவர்களில் பெரும்பாலோர் நேரடி விவசாயிகள் அல்ல. 100-க்கு 99 சதவிகிதம் பேர் நிலத்தை வாடகைக்கு விட்டுவிடுகின்றனர். ஆகவே தான் அப்படிப்பட்ட மிராசுதாரர்களுக்கு வருமானத்தின் பேரில் விவசாய வருமான வரியை போடவேண்டுமென்று சொல்லுகிறோம். ஒருவருக்கு 30 ஏக்கர் நஞ்சை பூமி இருக்கிறதென்றால், ஒரு ஏக்கரில் 10 மூட்டை அதாவது சுமார் 180 ரூபாய் வாடகையாக குத்தகை அல்லது வாரமாக அவருக்கு வருகிறது. அதுபோல் 30 ஏக்கருக்கு கணக்கிட்டால் 4,500 ரூபாய் நிலத்திலிருந்து மட்டும் அவருக்கு வாடகையாக வருமானம் வரக்கூடிய வசதியிருக்கிறது. ஆகவேதான் அப்படியுள்ளவர்களிடம் இந்த விவசாய வருமான வரியை வசூலிக்க வேண்டுமென்று சொல்லுகிறோம்.

“இந்த சர்சார்ஜ் ரூ. 250 விருந்து ரூ. 500 வரை நிலவரி செலுத்துபவர்களுக்கு 4 அணுவும், ரூ. 500 முதல் ரூ. 1,000 வரை எட்டணு வென்றும் ரூ. 1,000-க்கு மேலுள்ளவற்றிற்கு 1 ரூபாய் என்று முன்பு விதிக்கப்பட்டிருந்தது. இன்றைக்கு அது குறைக்கப்பட்டிருக்கிறது. ஆகவே பழையபடி அதை உயர்த்தவேண்டும். அதற்கு பதிலாக மத்தியதர ஏழை மக்களை பாதிக்கக்கூடிய சாதாரண மில் துணிகள்தான் சர்க்கார் வரி விதிக்க தொடங்கியிருக்கிறது. அதே போல் தங்கம், வெள்ளி நகைகள், இமிடேஷன், வைரம் போன்றவற்றின் மேல் வரிபோடப்பட்டிருக்கிறது. இன்று வேலை இல்லா திண்டாட்டத்தாலும் இதர நெருக்கடியாலும் அவதியுறும் தொழிலாளர்களையும் மத்தியதர மக்களையும் பாதிக்கும் வரிவிதிப்புகளை கைவிட்டு தேவைக்கு மேல் வருமானம் அடைகின்றவர்களிடம் அதிக வரி வசூலிக்கும் கொள்கையை சர்க்கார் கையாளவேண்டும். ஜில்லா என்பதற்கு மாகாணம் என்று மாற்றவேண்டுமென இந்த மசோதாவிற்கு கொடுக்கப்பட்டுள்ள திருத்தத்தை ஏற்றுக்கொள்ளவேண்டுமென கேட்டுக்கொண்டு என் வார்த்தைகளை முடித்துக்கொள்ளுகிறேன்.”

SRI M. NARAYANA KURUP :—“ Mr. Chairman, Sir, mine is a simple amendment and its object is only to bring the main clause into line with the illustrations in the Bill. As has been pertinently pointed out by an hon. Member illustrations are not part of the sections. They must flow from the principle enunciated in the section. Reading the illustrations, we would find that if a person is to pay assessment in different capacities, they will not be tacked on together. But if the clause stood alone without the illustration, it would be capable of the other interpretation. We have known many cases where the sections were clear and courts have ignored the illustrations and given decisions according to the letter and spirit of the illustration. Therefore, what I want is to add 'in the same capacity'. It would mean that if a landholder pays assessment in different capacities, it will not be tacked on together. I hope this amendment which only clarifies the position will be acceptable to the Government.”

SRI S. S. KOLKEBAIL :—“ Mr. Chairman, Sir, I commend my amendment to the Government so that certain landlords who

[Sri S. S. Kolkebail] 10th May 1954]

have leased out their land on a permanent basis to the tenants may not be affected by this Bill. Now, as the Government also know, the land tenure system varies from district to district. In the case of South Kanara, land tenures are quite different from other districts. There, we have got what is called 'valavargadhar', a word unknown in any other part of the State. What does this mean? Valavargadhar is virtually a tenant who does not pay any rent to the landlord but has only to pay the assessment. But unfortunately, the patta of the property will be in the name of the landlord. The valavargadhar is not a pattadar. He is only a tenant but under the present Bill the pattadar may be liable to pay surcharge on the assessment which the tenant has to pay. Now there is no law under which the pattadar can claim this from the valavargadhar. So, it will be a rather bad law if we ask the pattadar to pay the surcharge for a land from which he is not deriving any benefit either in kind or in cash. Under these circumstances I submit that they must be made to pay and not the person in whose name the patta of the property stands. That is one aspect.

“Then there are what are called 'Mulgeni' tenants. Under this, there are four classes of tenants. These are enjoying lands on a fixed rent for perpetuity. In many cases they have to pay rent less than the assessment prior to 1920. So the Government passed an Act called the Mulgeni Enhancement of Rent Act under which the landlord was given the right to move the Revenue Courts to get the rent enhanced. Now under this Bill, it is not the rent that is going to be enhanced but a surcharge is proposed to be levied. It may not come within the definition in that Act. Whatever it may be, the tenants should not be made liable to pay to the landlord this enhanced surcharge or assessment. If the tenants are made to pay this either under that Act or under this Bill, the tenants would be put to great hardship. Therefore, I say that these tenants should be exempted from paying this surcharge because they are in possession of only small holdings. If the landlords were given the right to collect this from the tenants, immediately they will rush to courts to get a decision in their favour. If my amendment is accepted by the Government, the landlord will be made liable to pay this surcharge and the tenants will be exempted from paying it. Therefore, I request the Government to accept this amendment also.

“Further, there is another system which is peculiar to South Kanara and that is the 'Kumki' privileges. For cultivating the nanja lands the tenants require some foliage and green leaves. For that purpose, the land tenure system has been evolved by the Board of Revenue and the Board has framed clear rules under which the persons in possession of such lands shall be entitled to have two acres of 'punja' lands. On the strength of these rules, a person holding 100 acres of these lands shall be entitled to have 200 acres of 'punja' lands. They are uncultivable. From these lands the landlords are not getting any benefit whatsoever. The tenants in possession of these lands also are not getting any benefit from

[Sri S. S. Kolkebil] [10th May 1954]

these uncultivable lands which are necessary for proper cultivation of these 'nanja' lands. These uncultivable lands are taken from Government for the purpose of conserving forest growth. For having grazing ground or growing green manures only, these lands are taken. No direct benefit is derived from these lands. The only indirect benefit is that of getting green manure for cultivating the 'nanja' lands. So my submission is that these 'punja' lands which are uncultivable should not be surcharged. This aspect of the matter was covered by me in my minutes submitted by me in the Select Committee Report in the year 1952. If the Government were to go through the report dated 10th October 1952 they will find that all these amendments that I have moved to-day stand part of the Bill accepted by the Government, the Revenue Minister, the Hon. Minister for Finance and everybody concerned. This was discussed and then accepted by the Government. So my submission to the Government is that there can be no objection to the Government accepting the amendments moved by me now and which were already accepted by them in October 1952. So I commend that these amendments may be accepted by Government and justice done to the tenants."

SRI T. ANANTA PAI:—"Mr. Chairman, Sir, yesterday speaking during the general discussion, I was urging upon the Government that as far as possible the proposed surcharge should be made payable by the landlords themselves and not passed on to the tenants as it was very likely that this incidence might be indirectly passed on to them. That objection could be got over if the Government are pleased to accept the amendments moved by the hon. Member Sri Narayana Kurup wherein he says 'notwithstanding any agreement to the contrary, no enhancement of the rent must be permitted in order to see that this is passed on to the tenant'. But conditions in South Kanara, however, require further amendments because it is not in every case that it could be paid by the landlord. In cases such as those pointed out by the hon. Member Sri Kolkebil—in the case of Valavargadar, kayamgenidar, permanent tenants, Mulgeni tenant, or usufructuary mortgagee so far as the whole State is concerned,—it would be necessary to see that this is not imposed on the landlord because very probably what he is getting under the contract from the tenant will be negligible and where the benefits are enjoyed by the tenants themselves, it is but fair that the tenants must be made to pay the surcharge. I would, therefore, commend to the Government the acceptance of the amendments moved by the hon. Member Sri Kurup and part of the amendment moved by hon. Member Sri Kolkebil, reading as follows: 'Where any lands including cultivated punja lands are in the possession of a Valavargadar, Kayamgenidar, permanent tenants, Mulgeni tenant, or usufructuary mortgagee, he shall be liable to pay the surcharge in respect of these lands' with the addition 'notwithstanding any contract to the contrary'. If these further words are added to his amendment, the other part of the amendment of the hon. Member Sri Kolkebil appear to be unnecessary. Of course, the

[Sri T. Ananta Pai] [10th May 1954]

question of exempting the 'Kumki' lands is a matter to be decided by the Government as the land revenue surcharge is levied not with reference to the type of lands and the objection raised by the hon. Member Sri Kolkebil may not hold water. The Select Committee might have taken this point into consideration because in the first instance the exemption limit was not so high. Now since the surcharge is to be collected only from the big landlords, it may not make much difference even if these are not exempted. I would, therefore, urge upon the Government to see that while the surcharge is not levied on the tenants generally, in exceptional cases as was pointed out by me, it is the tenants that should be made to pay and not the landlords.

"Thank you, Sir."

SRI N. SIVARAJ:—"தலைவர் அவர்களே, கனம் நண்பர் ஸ்ரீ ராமலிங்கம் கொண்டு வந்திருக்கும் திருத்தத்தை ஆதரித்து சில வார்த்தைகள் சொல்ல விரும்புகிறேன். அவர் கொடுத்திருக்கும் திருத்தம் என்னவென்றால், surcharge வரி போடக்கூடிய காலத்திலே, சிறு பட்டாதார்களுக்கு நில வரி விலக்கு அளிக்கவேண்டுமென்பதே. இன்றைய தினம் சர்க்காருக்கு அதிகப்பணம் தேவையாகியிருப்பதினால், இந்த உபரி வரி மசோதாவைக் கொண்டு வந்திருக்கிறார்கள். சர்க்காருக்கு பணம் கிடைக்க வேண்டுமானால், விவசாயிகளுக்கு நில வருமான வரியை ஒரு நல்ல முறையிலே விதிக்கலாம். இந்த உபரி வரியிலிருந்து சுமார் ரூ. 7 அல்லது 8 லட்சம் சர்க்காருக்குக் கிடைக்கும் என்று எதிர்பார்க்கப் படுகிறது. இந்த உபரி வரி அமுலிலிருக்கக் கூடிய காலத்தில் ரூ. 15-க்கும் குறைவாக கிஸ்தி செலுத்தக் கூடிய ஏழைப்பட்டாதார்களுக்கு நில வரியிலிருந்து விலக்களிக்க வேண்டுமென்று தோழர் ஸ்ரீ ராமலிங்கம் கொண்டு வந்திருக்கும் திருத்தம் மிகவும் நியாயமானதே. இன்னொரு திருத்தமும் கொடுக்கப்பட்டிருக்கிறது. அதாவது இந்த surcharge rate-ஐ உயர்த்த வேண்டுமென்றும் ரூ. 250-க்கு மேல் கிஸ்தி செலுத்துபவர்களுக்கும் இந்த உபரி வரியைவிதிக்க வேண்டுமென்பதே. அதாவது முதல் ரூ. 250 வரை இந்த வரி கிடையாது. அதற்கடுத்த ரூ. 250-க்கு, இப்பொழுது உத்தேசித்திருக்கும் 2 அணவுக்குப் பதிலாக 4 அணவாகவும், அதற்கு மேலே உள்ள ரூ. 500 வரையில் 8 அணவாகவும், மீதமுள்ள தற்கு ரூ. 1 ஆகவும் உயர்த்த வேண்டுமென்று இந்தத் திருத்தம் சொல்லுகிறது. இந்த விதிப்படி வரி விதித்தால், சர்க்காருக்கு இரண்டு பங்கு வருமானம் நிச்சயமாகக்கிடைக்கும், கிட்டத்தட்ட ரூ. 15 அல்லது 20 லட்சம் கிடைக்கும். ஆகவே, இவ்விரு திருத்தங்களும் நியாயமானவை. இந்த உயர்ந்த கட்டணத்தை விதிப்பதால் மிராசுதார்கள் பெரிய அளவுக்குப் பாதிக்கப்படமாட்டார்கள் என்று நிச்சயமாகச் சொல்லலாம். பெரிய நிலச்சுவான்தார்கள் அநேகமாக குத்தகைதாரர்கள் தான். அவர்கள் நேரிடையாகச் சாகுபடி செய்வதில்லை. எங்கள் ஜில்லாவைப் பொறுத்த வரை, குத்தகை, வாரம் ரேட்டைப் பார்க்கும் பொழுது, விவசாயத்தில் பங்கு எடுத்துக்கொள்ளாமல், உட்கார்ந்துக் கொண்டே சவுகரியமாக வாழ்க்கை நடத்துவதற்கு, 60 சத விசதம் வருமானம் அவர்களுக்குக் கிடைக்கிறது. இந்த ரேட்டை உயர்த்துவதினால் சர்க்காருக்கு ரூ. 10 அல்லது 12 லட்சம் கிடைக்கும், ஆகவே, சிறிய பட்டாதார்களுக்கு, போதுமான வருமானமில்லாதவர்களுக்கு, வரி விதி விலக்கு அளிக்கவேண்டும். இந்த இரு திருத்தங்களும் மிகவும் நியாயமானதால், அவைகளை ஆதரித்து, என் உரையை முடித்துக் கொள்ளுகிறேன்."

SRI P. RANGASWAMY REDDIAR:—"கனம் தலைவர் அவர்களே, இந்த மசோதாவின் மூன்றாவது clause-க்கு கொடுக்கப்பட்டிருக்கும் திருத்தங்களை நான் ஆதரிக்கிறேன். மூன்றாவது கிளாஸில் 'in respect of lands held by him in a district shall pay to the Government for that fasli a surcharge on the land revenue payable by him'

[Sri P. Rangaswamy Reddiar] [10th May 1954]

என்றுச் சொல்லப்பட்டிருக்கிறது. 'ஒரு ஜில்லாவில் இருக்கின்ற நிலங்கள்' என்பதை மாற்றி 'ராஜ்யம் முழுவதிலும் இருக்கின்ற நிலங்கள்' என்ற திருத்தத்தை கனம் அமைச்சர் அவர்கள் ஒப்புக் கொள்ளுவதாகச் சொல்லிவிட்டதால், அதை விட்டு விடுகிறேன். மற்ற clause களிலும் இதற்குத் தகுந்தாற்போல் மாறுதல்கள் செய்யவேண்டும்.

"திருவாளர் பழனிசாமி அவர்கள் ஒரு திருத்தம் கொண்டு வந்திருக்கிறார்கள். அதன்படி clause 3 (A)-ல் 'Nil' என்பதற்கு பதிலாக 2 அணு, (B)-ல் 2 அணுவுக்குப் பதிலாக 4 அணு என்றும், (C)-ல் 4 அணுவுக்குப் பதிலாக 8 அணு என்றும், (D)-ல் 8 அணுவுக்குப் பதிலாக 1 ரூபாய் என்றும் வரி விதித் தம் உயர்த்தப்படவேண்டுமென்று சொல்லப்பட்டிருக்கிறது. அதை நான் ஆமோதிக்கிறேன். உதாரணமாக, ரூ. 250 கில்தி செலுத்துபவர்கள் அதிகப்படி ரூ. 31-4-3 கொடுக்கவேண்டும். இதைக் கொடுப்பது கஷ்டமாயிருக்குமென்று சொன்னால் அதை ஒத்துக் கொள்ளமுடியாது.

"இன்னொரு விஷயத்தையும் சர்க்கார் கவனத்துக்குக் கொண்டு வர விரும்புகிறேன். நம்முடைய ராஜ்யத்தில் அநேக இடங்களில் 'Settlement' நடந்து 30 அல்லது 35 ஆண்டுகள் ஆகிவிட்டன. இதற்குள் நிலங்களுடைய பொறுமானத்திலும் அவைகளிலிருந்து கிடைக்கக் கூடிய வருமானத்திலும் பலவித மாறுதல்கள் ஏற்பட்டிருக்கின்றன. இவற்றையெல்லாம் கணக்கில் எடுத்துக் கொண்டு பார்த்தால் இப்பொழுது Survey நடத்தாமல் பழைய வரி விதிதாசரத்தையே அனுஷ்டிப்பதில் நிலப் பிரபுக்களுக்கு லாபமே ஒழிய நஷ்டமில்லை. இந்த சூழ்நிலையில் திருத்தத்தில் சொல்லப்பட்டிருக்கும் விதிதாசாரம் அதிகமானது என்று யாரும் சொல்லமுடியாது.

"அடுத்த படியாக ஒரு விஷயம் சரியாகப் புரியவில்லை. 'அது உதாரணங்களை பற்றியது. முதல் உதாரணத்தில், A என்பவர் தனியாக அவர் பேரில் உள்ள நிலங்களுக்கும் ரூ. 300 வரி செலுத்துபவர், A, B, இருவரும் சேர்ந்து கூட்டுப்பட்டாதாரங்களாக ரூ. 300 கில்தி செலுத்துபவர்கள். B, C இருவரும் அதே மாதிரியாக ரூ. 300 கில்தி செலுத்துபவர்கள். C மட்டும் தனியாக ரூ. 300 வரி செலுத்துபவர். இந்த உதாரணத்தின்படி, 'Each of these three persons A, B and C is liable to pay surcharge' என்று சொல்லப்பட்டிருக்கிறது இது எப்படி நடைமுறையால் அமுல் செய்யப்படுமென்று தெளிவு படுத்துவது அவசியம். A, B, C மூவரும் சேர்ந்து மொத்தம் ரூ. 1,200 மீது உப வரி செலுத்தவேண்டும். முதல் ரூ. 250-க்கு வரி கிடையாது. அடுத்த ரூ. 250-க்கு 2 அணு வீதமும் அதற்கு மேல் ரூ. 500-க்கு 4 அணு வீதமும், அதற்கு மேல் ரூ. 200-க்கு 8 அணு வீதமும் கணக்குப் பார்த்தால் மொத்தம் ரூ. 256-4-0 வருகிறது. இந்த உபரி வரியை A, B, C மூன்று பேர்களும் விதிதாசாரப்படி பகிர்ந்து கொள்ளவேண்டுமா? அல்லது ஒவ்வொருவரும் தனித்தனியாகக் கொடுக்கவேண்டிய வரியை கணக்கில் எடுத்துக் கொண்டு அதன்படி உபரி வரி கொடுக்கவேண்டுமா? மூன்றாவது clause படி ரூ. 500-க்கு மேல் கில்தி செலுத்துபவர்கள்தான் இந்த உபரி வரியை செலுத்த வேண்டும். A தனியாக ரூ. 300 வரி செலுத்துகிறார். A, B இருவரும் சேர்ந்து செலுத்துகிற ரூ. 300-ல் A மட்டும் ரூ. 200 கொடுப்பதாயிருந்தால் மொத்தம் A என்பவர் ரூ. 500-க்கு வரி செலுத்தவேண்டும். B என்பவர் பாக்கி ரூ. 100, B, C இருவரும் கொடுக்கும் வரியில் ரூ. 200-மாக மொத்தம் ரூ. 300-க்கு வரி செலுத்தவேண்டும். C என்பவர் பாக்கி ரூ. 400-க்கு வரி செலுத்தவேண்டும் இப்படி கணக்குப் பார்த்தாலும் ஒவ்வொருவரும் கொடுக்கிற கில்தி ரூ. 500-க்கு மேல் போகாததால் யாரும் உபரி வரி செலுத்தவேண்டியதில்லை யென்று அர்த்தமா? அல்லது கூட்டுப் பட்டாதார என்ற காரணத்தினால் வரி செலுத்த வேண்டுமா என்பதைத் தெளிவாக்கவேண்டும். இல்லாவிடில் அனுவசியமான வீண் பிரச்னைகளுக்கும் கோர்ட்டு விவகாரங்களுக்கும் இடமளிக்கும். நான் ஏற்கனவே எடுத்துக்காட்டியது போல மூன்றாவது clause-ல் கொடுக்கப்பட்டிருக்கும் 4-வது, 5-வது உதாரணங்கள். திருத்தி அமைக்கப்படவேண்டும் இந்த மூன்றாவது clause-க்கு எதிர் கட்சியினர் கொடுத்திருக்கும்

SRI K. PARTHASARATHY:—" Mr. Speaker, Sir, I rise to commend the principle contained in clause 3 as an attempt at rationalisation of the land tax structure in our State. Hon. Members may be aware that the land tax in this State is based on the uniform rule which shows no consideration to the fact whether a person owns a hundred acres or only an acre of land. It is uniform and even a person owning large tracts of land is not liable to pay any enhanced tax. Now, for the first time, there is an attempt at rationalisation of the structure of the land tax. People engaged in other professions and trades are liable to pay income-tax, profession tax and various other taxes but persons owning agricultural land and engaged in agriculture are not called upon to pay any tax on their income except the land revenue which is uniform and does not take into account the extent or the largeness of the size of the individual holding. The Government have now come to realize that there should be a rationalisation of the land tax structure and to bring it in conformity with other modes of taxation they have come forward with this Bill.

“ Sir, another point which was made out during the course of the debate was that an agricultural income-tax should be levied instead of this surcharge on land revenue. The hon. Member, Sri P. G. Karuthiruman, made a very powerful plea that this surcharge is better than Agricultural Income-Tax and that, in fact, a tax on agricultural income will be harmful. Some other hon. Members pointed out that there was no difficulty in imposing

[Sri K. Parthasarathy [10th May 1954]

an agricultural income-tax on persons paying a land revenue of more than five hundred rupees. No doubt, in such cases, it may not be actually difficult to do so but hon. Members should realize that if one agricultural income-tax is imposed, it will work a hardship even on ordinary ryots. They will be subjected to harassment. We have heard in this House everyday complaints about the harassments caused by officers of the Commercial Taxes Department.

“In order to avoid such happenings, it is a desirable thing that the Government have come forward with this Bill. After all, what is this land revenue? All hon. Members may be aware that land revenue was fixed on the ‘half-net’ principle. The majority of lands in this State are held under the ryotwari tenure. Under this tenure, land revenue was fixed on the ‘half-net’ principle, that is, half the net produce from the land was fixed as the land revenue. Therefore, Sir, if a surcharge is imposed on land revenue, what does it amount to? It amounts to a tax on the net produce which the landowner gets or, in other words, it amounts to a tax on the agricultural income depending on the extent of the holding of the individual who owns the land. This may be an empirical or a rough and ready method of taxing the income from agriculture but I submit it is a very good substitute for the Agricultural Income-tax as, in fact, the surcharge is, as I have explained, based on the income from land. As regards plantations, the Government have taken into account the huge profits obtained by the planters and, in regard to ryotwari tracts, it is a very good thing that this surcharge is to be levied as contemplated in Clause 3 of this Bill.

“Sir, I am glad the Government have realized the mischief done by the inclusion of the words ‘in a district’ in clause 3 and have agreed to remove this anomaly. There are also several other anomalies, as pointed out by the hon. Member, Sri P. Rangaswami Reddiar. But, I submit that these anomalies cannot be removed by accepting the amendment proposed by the hon. Member Sri M. Narayana Kurup, namely, to insert the words ‘in the same capacity’ after the words ‘Every landholder who is liable to pay’ in clause 3. I do not know how this is going to improve matters. One of the objects of the Bill seems to be that if a person pays land revenue in his individual capacity as the sole pattadar and again pays land revenue as a joint pattadar in respect of some other lands he should be liable to pay the proposed surcharge. But the suggested amendment to include the words ‘in the same capacity’ may exclude such a contingency because the words ‘in the same capacity’ may be argued to mean that in the instance mentioned by me the same pattadar who pays land revenue as sole owner is not occupying the same capacity when he is paying land revenue as joint pattadar or co-owner with another person, and, therefore, the two amounts should not be taken into consideration for the purpose of levying a surcharge. No doubt, it is necessary to make suitable provisions to provide for all such cases.

10th May 1954] [Sri K. Parthasarathy]

“Sir, when we go through Clause 3, it appears that there has been an attempt at oversimplification and it would have been better if all these cases have been provided for in the various sub-clauses. Anyhow, I submit, that sufficient attention should be paid to take into account all these cases and provision should be made for all of them.”

SRI P. VENKATESHA SHOLAGAR:—“கனம் சபாநாயகர் அவர்களே, தோழர் ராமலிங்கம் அவர்கள் கொண்டுவந்த திருத்தத்தை நான் ஆதரித்து சில வார்த்தைகள் பேச விரும்புகின்றேன். பொதுவாக வரி போடும்போது வருமானத்திற்குத் தக்கவாறும், வரியைக் கொடுக்கக்கூடிய சக்தியுள்ளவர்கள் மீதும் வரி போடவேண்டும். இன்றிருக்கக்கூடிய வரி விதிப்பு முறையில், யாரால் வரியைக் கொடுக்க முடியும், யாரால் கொடுக்க முடியாது என்பதை நிர்ணயிக்காமல் போடப்பட்டு நடைமுறையில் நடந்து கொண்டிருக்கிறது. குறிப்பாக, ஒரு விவசாயிக்கு ஐந்து கலம்தான் விளைவதற்கு நிலம் இருக்கிறதென்றால் அது அவனுடைய வயிற்றுச் சோற்றுக்குக் கூட போதாது. வயிற்றுச் சோற்றுக்குக்கூட போதாமல் விளைக்கூடிய நிலங்களுக்கு வரி போடும் நிலையில் வரி முறை இருக்கிறது. தேவைக்கு மேல் வரக்கூடிய வருமானத்தின் மீது வரி போடுவதில் எந்தவிதமான ஆட்சேபங்களும் இருக்கமுடியாது. விவசாய வருமான வரி கொண்டுவர வேண்டுமென்று சொல்லும்போது, நிலச் சீர்திருத்தம் வரப்போகிறது; ஆகவே இப்பொழுது வருமான வரி வேண்டியதில்லை என்று, சிலர் சொல்லுகிறார்கள்; விவசாய வருமான வரி கொண்டுவரவேண்டுமென்ற எண்ணம் உண்மையாகவே அவர்களுக்கு இல்லாத ஒரு காரணத்தினால்தான், இம்மாதிரி நிலச் சீர்திருத்தம் வரும் வரையில் ஒன்றும் செய்யவேண்டாம் என்று தட்டிக் கழிக்கும் முறையில் அவர்கள் பேசுகிறார்கள். இம்மாதிரி தட்டிக் கழித்துவிட்டு, மேலும் மேலும் லாபம் சம்பாதித்துக் கொண்டிருக்க வேண்டும், மேலும் மேலும் சுரண்டிக் கொண்டிருக்கவேண்டும் என்ற எண்ணத்தினால் அவர்கள் இம்மாதிரி நிலச் சீர்திருத்தம் என்ற வார்த்தையை உபயோகப்படுத்திக் கொள்கிறார்கள் என்றுதான் நான் நினைக்கிறேன்.

“இன்றைக்கு வியாபாரிகள் குறிப்பிட்ட அளவுக்குமேல் வியாபாரம் செய்தால் அவர்கள் வரி கொடுக்கவேண்டுமென்று இருக்கிறது. விவசாயிகளிடம் தங்களுடைய வயிற்றுச் சோற்றுக்கே போதுமான அளவு நிலம் இல்லாதபோது, அவர்களுக்கு வரி விதிப்பது சரியல்ல. ஆகவே, குறைந்த அளவு நிலம் வைத்திருக்கக்கூடிய மிராசுதார்கள் செலுத்தவேண்டிய வாய்தாவை ரத்து செய்து அதிக அளவு நிலம் வைத்திருப்பவர்களுக்கு வருமானத்திற்கு தகுந்தவாறு வரி போடவேண்டுமென்பது என்னுடைய அபிப்பிராயம்.

“உழுதவன் கணக்குப் பார்த்தால் உழுக்கு கூட மிஞ்சாது”, என்று சொல்வதுபோல உண்மையிலே நிலத்தில் உழைப்பவர்களுக்குதான் பொருந்தும். நிலத்தை உழுபவர்கள் உண்மையிலேயே தரித்திர நாராயணர்களாக கஷ்டப்படுகிறார்கள். அதேசமயத்தில், ‘உழுபவர்கள்’ என்ற பெயரில் சென்னை போன்ற பட்டணங்களில் உல்லாச வாழ்க்கை நடத்துபவர்களும் ஒளிந்துகொள்கிறார்கள். அப்படிப்பட்டவர்களுக்கு ஏன் இவ்வளவு வருமானம் வரவேண்டுமென்று நான் கேட்க விரும்புகிறேன். ‘உழுபவர்கள்’ என்ற பெயரில் நிலத்தில் பாடுபடாமல் நகரங்களில் உல்லாச வாழ்க்கை நடத்துபவர்களின் கோஷம்தான் அது. விவசாயிகளுடைய உரிமைகளைப் பறிப்பதற்கு அவர்கள் கையாளும் முறையில் இது ஒன்று. உண்மையிலேயே அவர்கள் உழவர் வாழ்க்கையை நடத்துவதில்லை. ஆகவே, இந்தச் சிறிய மிராசுதார்களுக்குள்ள வரியை ரத்து செய்து, பெரிய மிராசுதார்களுக்குப் படிப்படியாக எவ்வளவு வரியை வேண்டுமானாலும் உயர்த்துவதற்கான முறைகளைச் சர்க்கார் கையாளவேண்டும். விவசாய வருமான அடிப்படையில் வரி விதிக்கப் படவேண்டும். மிராசுதார்கள் விவசாயக் கணக்குகளை வைத்துக்கொள்ள முடியாது என்று சொல்லக்கூடிய காரணம் சரியல்ல. விவசாயத்திலிருந்து பெரிய அளவு வருமானம் அடையக்கூடியவர்கள் ஒரு சில கணக்குப்

SRI R. S. ARUMUGAM :—“கனம் சபாநாயகர் அவர்களே, இப்பொழுது சபை முன்பாக நில வரியின் மீது சர்சார்ஜ் விதிப்பது சம்பந்தமான விவாதம் நடந்துகொண்டிருக்கிறது. கடந்த ஒரு வருஷத்திற்கு முன்பாக இதே பிரச்சினையானது இந்தச் சபையின் முன்பு கொண்டுவரப் பட்டு, அதன் மீது விவாதம் நடந்தன. குறைந்தது ரூ. 100 அல்லது ரூ. 150-க்கு மேற்பட்டு நிலத் தீர்வை செலுத்தக்கூடிய மிராசதார்களிடமிருந்து அதிகப்படியாக வரி வசூல் செய்யவேண்டுமென்ற நிலையில் அன்று இந்த மசோதாவானது சபை முன் விவாதத்திற்கு வந்திருந்தது. அந்தச் சந்தர்ப்பத்தில், இந்தச் சபையிலுள்ள எல்லா பக்கத்திலுள்ள பல அங்கத்தினர்களும், ‘எழைகளைப் பாதிக்கக்கூடிய அளவிலே இந்த மசோதா இருக்கின்றது’, என்று அன்று எதிர்த்துப் பேசினார்கள். ஆனால் அன்று எதிர்பார்த்த வருமானத்தை இப்பொழுது வந்திருக்கும் இந்த மசோதாவின் மூலம் நிறைவேற்றிவிட்டதாகச் சொல்ல முடியாது. இன்று இந்த சபையின் முன்பு ரூபாய் 500-க்கு மேல் தீர்வை செலுத்தக் கூடிய மிராசதார்களிடத்திலிருந்து மாத்திரம் உபரி வரி வசூல் செய்யப் படவேண்டுமென்று கொண்டுவரப்பட்டிருக்கிறது. அதிலும், ஒரே ஜில்லாவில் நிலங்கள் வைத்திருக்கக்கூடிய ஒரு சிலரைத்தான் இந்த உபரி வரி பாதிக்கும் என்ற தன்மையில் இந்த மசோதா இருக்கிறது. என்னைப் பொறுத்த வரையில், அப்படி இருப்பது நல்லதல்ல என்பதை தெரிவித்துக்கொள்ளாமல் இருக்க முடியவில்லை.

“ரூபாய் 500-க்கு மேற்பட்டு நிலத் தீர்வை செலுத்தக்கூடியவர்களைத் தான் இந்தச் சட்டம் பாதிக்கும் என்பது அவ்வளவு நல்லதல்ல. காரணம் இந்த நாட்டில் ஆயிரக்கணக்கான நிலமில்லாத ஏழைகள் இருக்கிறார்கள் என்பதை நாம் ஞாபகப்படுத்திக் கொள்ளவேண்டும்.

“உதாரணமாக ரூபாய் 100 நிலத் தீர்வை செலுத்தக்கூடியவர்களுக்குக் குறைந்தது ஐந்து ஏக்கர நஞ்சை நிலம் இருக்கும். அநேகமாக வருஷமொன்றுக்கு ஆயிரம் ரூபாய் அதிலிருந்து வருமானம் கிடைக்கும். அந்த அளவிலே வருமானம் வரக்கூடிய ரூ. 100 தீர்வை செலுத்தக் கூடியவர்கள் பத்து அல்லது பன்னிரண்டு ரூபாய் அதிகமாக சர்சார்ஜ் செலுத்திவிட்டால் அவர்கள் அப்படியே நிலத்தைவிட்டு விட்டுப் போய் விடக்கூடிய நிலையில் பரம ஏழைகளாக ஆய்விடுவார்கள் என்று சொன்னால் அதை நான் நம்புவதற்கில்லை. மேலும் அவர்களது விவசாயமே நசித்துவிடும் என்று சொல்வதும் சரியல்ல. வேண்டுமானால், ஒரு சிலரைத் திருப்திப்படுத்துவதற்காக பேசிக்கொண்டிருக்கலாம். ரூ. 10 தீர்வை செலுத்தக்கூடியவர்கள்கூட அறவே நிலமில்லாதவர்களைவிட ஒரு சிறிது உயர்ந்தவர்கள்தான் என்பதையாரும் மறக்க முடியாது. அவர்களது உழைப்போடும், ஒரு சில கஷ்டங்களோடும் அவர்களால் வாழத்தான் முடியும். இந்த நிலையிலே ரூ. 500-க்குமேல் நிலத் தீர்வை செலுத்தக் கூடியவர்களிடமிருந்தே உபரி வரி விதித்தால் போதும் என்ற எண்ணத்தை விட்டுவிட்டு பழையபடி ரூ. 100-க்குமேல் தீர்வை செலுத்தக் கூடியவர்களிடமிருந்தே உபரி வரி விதித்தால் அதனால் எந்த ஆபத்தும் வந்துவிடாது. இதை எண்ணிப்பார்த்து, குறைந்தது ரூ. 100-க்கு மேல் நிலத் தீர்வை கட்டக்கூடியவர்களும் இந்த சர்சார்ஜை சர்க்காருக்குச் செலுத்தவேண்டுமென்று விதியைத் திருத்தியமைக்கவேண்டுமென்று கேட்டுக்கொள்கின்றேன்.

“மேலும், நாட்டு நிர்வாகத்தை நடத்துவதற்கு வருமானம் எவ்வளவோ தேவைப்படுகிறது. விவசாயம் செய்து பிழைப்பதற்குக்கூட நிலமில்லாதவர்களும், குடியிருப்பதற்குக்கூட வீட்டுக்கு இடமில்லாதவர்களும்

[Sri R. S. Arumugam] 10th May 1954]

எவ்வளவோ பேர்கள் இந்த நாட்டில் இருக்கிறார்கள். அப்படிப்பட்டவர்களுடைய நிலைமையைச் சீர்திருத்த வேண்டிய காரியங்கள் எவ்வளவோ இருக்கின்றன. அவைகளையெல்லாம் எண்ணிப் பார்த்து, ஏழைகளின் வாழ்க்கைத் தரத்தை உயர்த்துவதற்கெல்லாம் சர்க்காருக்குப் பணம் தேவை என்பதையும் எண்ணிப் பார்த்து ரூபாய் 500-க்கு மேல் என்பது இல்லாமல் குறைந்த பட்சம் ரூ. 100 நிலத் தீர்வை செலுத்தக் கூடியவர்களும், ஜாஸ்தி வருமானம் அடைந்து வருகிறார்கள் என்ற காரணத்தினால், அவர்களும் சர்சார்ஜ் செலுத்த வேண்டுமென்ற தன்மையில் இந்த மசோதாவிலுள்ள ஷரத்தைத் திருத்துவதற்கு வழி செய்ய வேண்டுமென்று மறுபடியும் கேட்டுக்கொள்கின்றேன்.

“எந்த இடத்தில் பார்த்தாலும் மிராசதார்கள் அங்கே வாழ்கின்ற விவசாயிகளைப் படுத்தும் கொடுமையைத் தாங்க முடியவில்லை. மிராசதார்கள் ஏன் அப்படித் தொல்லை கொடுக்கின்றார்கள் என்பதைப்பற்றி இந்த இடத்தில் பேசுவதற்கு சந்தர்ப்பம் இல்லாமலிருக்கிற காரணத்தால், முன்பு பேசியதுபோல் பிற்தொரு சந்தர்ப்பத்தில் பேசிக்கொள்ளலாமென்று நினைக்கிறேன்.

“கடந்த சில வருஷங்களில் ஒரு மூட்டை நெல்லை ரூ. 45-க்கும் விற்ப்பிருக்கிறார்கள். ஒரு காலத்தில் உயர்த்திப் போட்டிருக்கிறார்கள். ரூ. 10 போட்டிருந்தால் இப்பொழுது ரூ. 30 அல்லது ரூ. 40 போட்டிருக்கு தீர்வை. ஆனால், அந்தக் காலத்தில் செட்டில்மென்ட் செய்து போட்ட நிலத் தீர்வை அப்படியே இருந்து கொண்டிருக்கிறது. எந்த விதமான நிலத்திற்கும் தீர்வை உயர்த்தப்படவில்லை. மிராசதார்களுக்கு தீர்வையை சிறிது உயர்த்திப் போட்டால் அதனால் அவர்களுக்கு நஷ்டம் ஏற்பட்டு விடாது. ஆகையால், ரூ. 100-க்கு மேல் தீர்வை செலுத்தக்கூடிய அத்தனை மிராசதார்களையும் பாதிக்கக்கூடிய முறையிலே சர்சார்ஜ் விதிக்க வேண்டுமென்று கேட்டுக்கொண்டு என்னுடைய டேச்சை முடித்துக் கொள்ளுகின்றேன்.”

SRI M. P. SUBRAMANIAM :—“சர்க்கார் #தாரணமாக வரி விதிப்பு சம்பந்தமாகப் பேசும்போது, ஒவ்வொரு வரியைப் போடும்போதும் எதிர்க் கட்சிக்காரர்கள் அதைப் போடக்கூடாதென்று சொல்கிறார்கள் என்று குறிப்பிடுகிறார்கள். எதிர்க்கட்சிக்காரர்கள், யாருக்கு வரி போடக்கூடாது என்று சொல்லுகிறார்கள் என்பதை அவர்கள் கவனித்துப் பார்க்கவேண்டும். வரி கொடுக்கச் சக்தியில்லாதவர்களுக்கு வரி போடக்கூடாது என்று எதிர்க் கட்சியினர் சொல்லுகிறார்களேயொழிய, வரி கொடுக்கச் சக்தியுள்ளவர்களுக்குப் போடவேண்டாமென்று நாங்கள் சொல்லவில்லை. வரி கொடுக்கச் சக்தியுள்ளவர்களுக்கு வரி போடுங்கள் என்று நாங்கள் சொல்லும்போது, சர்க்கார் அப்படிப்பட்டவர்களுக்கு வரி விதிக்க முன் வருவதில்லை. ஏழை மக்களைப் பாதிக்கும் வகையில் போடப்படும் வரியைத் தான் நாங்கள் போடக்கூடாதென்று சொல்லுகிறோம். வரியைத்தாங்கக் கூடிய சக்தியுள்ளவர்களுக்கு நிச்சயமாக வரி அதிகமான அளவுக்குப் போடவேண்டுமென்று நாங்கள் சொல்லும்போது, சர்க்கார் அப்படிச் செய்வதற்கு முன் வருவதில்லை.

“ரூபாய் 250-க்கு மேற்பட்டு நிலவரி செலுத்தக்கூடியவர்கள் சர்சார்ஜ் செலுத்தவேண்டுமென்று சொல்வது மிகச் சாதாரணமான ஒரு பிரச்சினையாகும். எனக்கு முன் பேசிய நண்பர்கள் ரூ. 150-க்கு மேல் நிலவரி செலுத்தக்கூடியவர்களும் இந்த சர்சார்ஜ் செலுத்தும்படி இந்த மசோதாவைத் திருத்தியமைக்க வேண்டுமென்று சொன்னார்கள். சர்க்காருக்கு அதிகமான வருமானம் வரவேண்டுமென்ற நோக்கத்தோடு இந்த மசோதாவைக் கொண்டு வந்ததாகச் சொல்லப்படுகிறது. ஆனால், அதே சமயத்தில் இந்த வரி விதிப்பின் மூலமாக ஏழு லட்சம் ரூபாய்க்கு மேல் கிடைக்காது என்றும் சொல்லுகிறார்கள். சர்க்காருக்கு இன்னும் அதிகமான வருமானம் வருவதற்கும், வரி விதிப்பிலுள்ள ஏற்றத் தாழ்வுகளைச் சரிப்படுத்துவதற்கும் ஏற்ற முறையிலும், முற்போக்கான முறையிலும் இந்த மசோதா கொண்டு வரப்படவில்லையென்றுதான் நான் சொல்ல வேண்டியிருக்கிறது.

[Sri M. P. Subramaniam] [10th May 1954]

“சென்னை ராஜ்யத்தில் ரூ. 500-க்கு அதிகமாக நிலவரி செலுத்தக் கூடியவர்களுடைய எண்ணிக்கை மிகச் சொற்பமாகத்தான் இருக்கும். சர்க்கார் பலப்பல திட்டங்களை நிறைவேற்றுவதற்குப் பணம் வேண்டுமென்று சொல்லிக் கொண்டிருக்கும் இந்தச் சமயத்தில், வரி செலுத்தக் கூடியவர்கள் அதிகமான வரியை அரசாங்கத்திற்குச் செலுத்த வேண்டுமென்று எதிர்க் கட்சிக்காரர்கள் சொல்லும்போது, அது ஒத்துழைப்பா இல்லையா என்பதை யோசிக்கவேண்டும். ரூ. 500-க்கு மேல் வரி செலுத்துபவர்கள் சர்சார்ஜ் செலுத்தவேண்டும் என்று இருப்பதற்குப் பதிலாக குறைந்த பட்சம் ரூ. 250-க்கு மேல் வரி செலுத்துபவர்கள் சர்சார்ஜ் செலுத்தவேண்டுமென்று இந்த மசோதாவைத் திருத்தியமைக்க வேண்டும். இது மிகச் சாதாரண வேண்டுகோளாக இருப்பதால், இதை அவசியம் சர்க்கார் ஒப்புக்கொள்ள வேண்டுமென்று கேட்டுக்கொள்ளுகின்றேன்.

“காங்கிரஸ் கட்சியைச் சேர்ந்தவர்களுக்குத்தான் விவசாயத்தில் நேரடியான அனுபவம் இருக்கிறதென்று சொல்ல முடியாது. விவசாய வருமான வரி விதிக்கப்படவேண்டுமென்று சொல்லும்போது, விவசாயிகள் கணக்குகளை வைத்துக்கொள்ள முடியாது என்று சொல்லப்படுகிறது. இந்தச் சட்டசபையில் பல அங்கத்தினர்கள் விவசாயிகளாகவே இருக்கிறார்கள். அவர்கள் வேண்டுமானால் கணக்குப் பிள்ளைகளைக் கொண்டு கணக்குகள் வைத்துக் கொண்டிருக்கலாம்; விவசாயக் கல்லூரியில் படித்திருக்கலாம், பத்திரிகையில் விவசாயத்தைப் பற்றி படித்திருக்கலாம், ஆனால், நேரடியாக விவசாயம் செய்யக் கூடியவர்களுடைய அனுபவம் எங்களுக்கு இருக்கிறது. சாதாரணமாக, விவசாய வருமான வரி போடவேண்டுமென்று நாங்கள் சொல்லும்போது, ரூ. 200 அல்லது ரூ. 300 வரி கட்டுபவர்களுக்குத்தான் போட வேண்டுமென்று சொல்லுகிறோம். ரூ. 200 அல்லது ரூ. 300 வரி கட்டக்கூடிய நடுத்தர விவசாயிகள் கட்டாயமாக கணக்கு வைத்துக்கொள்ளக் கூடியவர்களாக இருப்பார்கள். அவர்கள் நிச்சயமாக கணக்குகள் வைத்துக் கொள்ள முடியும். அப்படிப்பட்டவர்களுக்கு விவசாய வருமான வரி விதிப்பதில் தவறு ஒன்றுமில்லை. விவசாய வருமான வரி ஏன் போட வேண்டுமென்றால் 30 ஆண்டுகளுக்கு முன்பு இந்த நில வரி அடிப்படை திருத்தப்பட்டது. அப்போதிருந்த நிலத்தின் தரத்தை விட இப்பொழுது நிலத்தின் தரம் மாறியிருக்கிறது. புஞ்சை நிலத்திற்கு ஏகரா ஒன்றுக்கு இரண்டு ரூபாய் மகசூல் வந்து கொண்டிருந்தது. அதே புஞ்சை நிலமானது ஏற்கெனவே அதிலிருந்து கிடைத்த வருமானத்தைவிட பன் மடங்கு கிடைக்கக்கூடிய நல்ல நிலமாக மாறியிருக்கிறது. ஆனால், நிலவரி விதிமானது இன்னும் திருத்தப்படவில்லை. இந்த விஷயத்தைப்பற்றி சென்ற ஆண்டில் முதல் மந்திரியும், நிதி மந்திரியும் கூறியிருக்கிறார்கள். முப்பது ஆண்டுகளுக்கு முன்புள்ள அடிப்படையில்தான் இப்பொழுதும் நிலவரி விதிக்க இருக்கிறது. ஆகையால், விவசாய வருமான அடிப்படையில் வரி விதிக்கப்பட்டால், நிலவரி வசூலிக்கப்படும் முறையிலுள்ள அனேக குறைபாடுகள் நீங்கிவிடும்.

“சாதாரணமாக ரூ. 400 வரி செலுத்தும் ஒருவருக்கு சில இடங்களில் பத்தாயிரம் ரூபாய் வருமானம் வரலாம். அதைவிட அதிகமாக வரி கட்டக் கூடியவர்களுக்குக் குறைவாகவும் வருமானம் கிடைக்கலாம். ஒருவர் அதிகமாக நிலவரி செலுத்துவதால், அவரைவிடக் குறைவாக நிலவரி செலுத்துபவரைவிட அதிகமாத்தான் வருமானம் கிடைக்கும் என்பது உண்மையான நிலைமைக்கு நேர்மாறாக இருக்கிறது. விவசாய வருமான வரி போட்டால், நிச்சயமாக இது மாதிரியான குறைபாடுகளைத் தவிர்த்து விடலாம். அதுதான் சிறந்த முறையாகும். கடைக்காரர்களுக்கெல்லாம் வருமான வரி போடும் போது விவசாயிகளுக்கு மட்டும் ஏன் வருமான வரி போடக்கூடாதென்று நான் கேட்கின்றேன். ரூ. 10 முதல் ரூ. 15 வரையில் நிலத் தீர்வை கட்டக்கூடிய அளவு நிலம் வைத்திருக்கக்கூடிய மிகச் சாதாரண விவசாயிகளுக்கு வருமான வரியினின்றும் விலக்களிக்க வேண்டும். விவசாய வருமான வரி போடும் வரையில் தற்காலிகமாகவாவது இந்த மசோதாவைப்படி ரூ. 500-க்கு மேல் நிலவரி செலுத்தக்கூடியவர்கள் சர்சார்ஜ் கட்டவேண்டுமென்று இருப்பதற்குப் பதிலாக ரூ. 250-க்கு

[Sri M. P. Subramaniam] 10th May 1954]

மேல் நிலவரி செலுத்துபவர்களும் சர்சார்ஜ் செலுத்தும்படியாகச் செய்யவேண்டுமென்று கேட்டுக்கொண்டு என்னுடைய வார்த்தையை முடித்துக்கொள்ளுகின்றேன்.”

SRI B. K. NALLASAMI:—“கனம் சபாநாயகர் அவர்களே, இப்பொழுது நான் பேச இருந்த விஷயங்களை எனக்கு முன்னே பலர் பேசிவிட்டார்கள். சென்ற வருஷம் இம்மாதிரி மசோதா ஒன்று இந்த சபையிலே சமர்ப்பிக்கப்பட்ட காலத்திலே எதிர்க் கட்சியில் இருக்கக்கூடிய கம்யூனிஸ்டுகளும் இன்னும் மற்ற கட்சியைச் சேர்ந்த பல அங்கத்தினர்களும் பேசினார்கள். ரூ. 500-க்கு மேல் நிலவரி செலுத்தக் கூடியவர்களுக்குத்தான் வரி விதிப்பது நியாயம் என்று அப்பொழுது பேசினார்கள். ஆனால் இப்பொழுது பேசுகிற முறையைப் பார்த்தால் விவசாயத்திற்கு வருமானவரி விதிக்க வேண்டும் என்று எல்லோரும் பேசுகிறார்கள். ரொம்ப குறைந்த வரும்படியுள்ளவர்களுக்குக்கூட இந்த வரி போட வேண்டுமென்று கனம் அங்கத்தினர் ஸ்ரீ சுப்ரமணியம் அவர்கள் சொன்னார்கள். இவர்களுடைய போக்கும், நோக்கமும் என்னவென்றால் எப்படியாவது அரசாங்கத்தின் மேல் மக்களுக்கு அதிருப்தியை உண்டாக்கவேண்டும் என்பதுதான். இது ஒன்றுதான் அவர்களுடைய கொள்கையாக காண்கிறது. வருமானவரி போட்டால் தான், உத்தியோகஸ்தர்களின் தொந்திரவு, லஞ்ச ஊழல்கள் இப்படிப்பட்டவைகள் எல்லாம் இருந்துகொண்டேயிருக்கும். பொதுமக்களிடையே அதிகமான எதிர்ப்பு சக்தியையும், வெறுப்புணர்ச்சியையும் உண்டாக்கவேண்டும் என்பதுதான் அவர்களுடைய பார்வையிலே மெண்ட் தந்திரமாக இருந்து வருகிறது. இவைகளெல்லாம் பிரசாரத்திற்காகத்தான் செய்யப்படுகிறது என்பதை நான் எடுத்துக்காட்ட விரும்புகிறேன்.

“எல்லோருக்கும் பூமியை பங்கு போட்டுக் கொடுக்கிறோம் என்று சொல்லக்கூடிய கம்யூனிஸ்டுகள் இன்று ரூ. 250-க்கு மேற்பட்ட வரி கொடுப்பவர்களுக்கு சர்சார்ஜ் போடுவதை எதிர்க்கிறார்கள். இதில் ஏதாவது அர்த்தம் இருக்கிறதா என்று கேட்கிறேன். இந்த ரூ. 250 வரியை யார் கொடுக்கிறார்கள்? நஞ்சை நிலத்தை எடுத்துக்கொண்டாலும் கூட குறைந்தது 10 ஏக்கர் நஞ்செய்க்கு மேல் வைத்திருக்கக் கூடியவர்கள் தான் சர்சார்ஜ் கொடுப்பார்கள். கம்யூனிஸ்டுகள் நிலங்களைப் பங்கு போட்டுக் கொடுப்பதாகச் சொல்லுகிறார்கள். நபருக்கு எத்தனை ஏக்கர் கொடுப்பார்கள்? 10 ஏக்கர் நஞ்சை கொடுப்பார்களா? இவர்களுடைய பொருளாதாரத்தாவது அடிப்படையில் பார்த்தால்கூட இவர்கள் சொல்லுகிற வாதம் பொறுத்தமற்றதாக இருக்கிறது. வெறுப்புணர்ச்சியும் துவேஷமும் உண்டாக்குவதற்காக வருமான வரி உபயோகப்படும் என்று எண்ணி சொல்ல முடியுமே ஒழிய இவர்களுடைய கொள்கைக்கு அது முரண்பாடானது என்று தெரிவித்துக்கொண்டு என் வார்த்தைகளை முடித்துக் கொள்ளுகிறேன்.”

SRI T. S. ARDHANARI:—“கனம் சபாநாயகர் அவர்களே, இந்த திருத்தத்தை ஆதரித்து ஒரு சில வார்த்தைகள் பேச விரும்புகிறேன். வருமானவரி போட வேண்டுமென்ற கொள்கையை நீண்டகாலமாக வற்புறுத்தி வந்த போதிலும் இந்த வருமானவரி பற்றி எனது நண்பர் ஸ்ரீ கருத்திருமன் பேசும்போது விவசாயிகளைப்பற்றி எதிர்க் கட்சிக்காரர்களுக்கு தெரியாது, தனக்குத்தான் தெரியும் என்ற வகையிலே இன்று சட்ட சபையில் தன்னை அறிமுகப்படுத்திக் கொண்டார். பொதுவாக உழைப்பவன் கணக்கு பார்த்தால் உழக்கு கூட மிஞ்சாது என்று சொல்லுவார்கள். இது உண்மை.”

SRI P. G. KARUTHIRUMAN:—“கணக்கு தெரியாது என்ற கண்ணோட்டத்தோடு கவனிக்க வேண்டாமென்று எதிர்க்கட்சியினரைக் கேட்டுக்கொள்ளுகிறேன்.”

SRI T. S. ARDHANARI:—“தொழர் நல்லசாமி அவர்கள் ‘எதிர்க் கட்சிக்காரர்கள் சர்க்கார் மேல் எப்படியாகிலும் அதிருப்தியை உண்டாக்கத்தான் வருமான வரியை ஆதரித்து இப்படியெல்லாம் பேசுகிறார்கள்’ என்ற புதிய வாதத்தைக் கண்டு பிடித்திருக்கிறார்கள். உண்மையை

[Sri T. S. Ardhanari] [10th May 1954]

நமது நண்பர் புரிந்து கொள்ளவில்லை. வருமான வரியை நாங்கள் ஏன் வற்புறுத்துகிறோம் என்பதை அவர்கள் சற்று சிந்தித்துப் பார்க்க வேண்டும் என்று கேட்டுக்கொள்ளுகிறேன். நிலவரி மேல் உபரி வரி போட்டால், நிலச்சுவாந்தார்கள் குத்தகைதாரர்களிடமிருந்து இந்த உபரிவரியை எப்படியாவது வாங்கிவிட முடியும். 50 ரூபாய் குத்தகைக்கு பதிலாக 60 ரூபாய் கொடுக்கவேண்டுமென்று நிலச்சுவாந்தார்கள் குத்தகைதாரர்களை சுரண்டுவதற்காக சந்தர்ப்பம் இருக்கிறது. ஆனால் வருமான வரி போட்டால் இந்த சந்தர்ப்பம் கிடையாது என்பதைப் புரிந்துகொள்ளவேண்டுமென்று அவர்களைக் கேட்டுக்கொள்ளுகிறேன்.

“விவசாயிகள் அதிகமாக கடன்பட்டு, தொல்லிப்பட்டுக் கொண்டிருக்கிறார்கள் என்று சொன்னார்கள். உண்மையிலே இவர்கள் அதிகமாகத் தொல்லிப்பட்டுக் கொண்டிருக்கிறார்கள். அதனால் தான் அவர்களிடமிருந்து வரி வசூல் செய்ய வேண்டாம் என்று சொல்கிறோம். வரி வசூல் செய்யப்படும்போது அதிகமான வருமானம் உள்ளவர்களுக்கு மாத்திரம் வரி போட வேண்டுமென்று சொல்ல விரும்புகிறேன்.”

MR. SPEAKER :—“ஒரு மசோதா விவாதத்தில் இருக்கும்பொழுது இன்னொரு மசோதாவின் திருத்தத்தை நான் Out of order என்று தள்ளிவிடுகிறேன்.”

SRI T. S. ARDHANARI :—“அவர்கள் சொல்லும் விவசாயிகள் குன்னியூர் சாம்பசிவ அய்யர் முதலிய பெரும் நிலச்சுவாந்தார்களுக்கு இன்றைக்கு பெரும் பஞ்சம் வந்துவிடவில்லை. அவர்களுக்குத் தான் அதிக வரி போட வேண்டுமென்று சொல்லுகிறோமெய்யொழிய சாதாரண விவசாயிகளுக்கு அல்ல என்பதைப் புரிந்துக் கொள்ளவேண்டும். இந்தத் திருத்தத்தோடு இன்னொரு ஆலோசனையும் சொல்ல விரும்புகிறேன். இந்தச் சட்டம் அமுலுக்கு வரும்பொழுது குத்தகைதாரர்களிடமிருந்து நிலச்சுவாந்தார்கள் அதிக குத்தகை வாங்குவதைத் தடுப்பதற்கு சர்க்கார் முயற்சி எடுத்துக்கொள்ள வேண்டுமென்று கேட்டுக்கொண்டு என்னுடைய பேச்சு முடித்துக்கொள்ளுகிறேன்.”

DR. P. VARADARAJULU NAIDU :—“கனம் சபாநாயகர் அவர்களே, இந்த வரி விதிப்பு முறை சரியானதா இல்லையா என்பதுதான் முக்கியமான விஷயம். சர்க்காருக்கு வரிவிதிக்க உரிமையுண்டு. அதற்குக் காரணம் இந்த நிலங்கள் முழுதும் நம் நாட்டு சம்பிரதாயப்படி சர்க்காருக்கே சொந்தம். ஐரோப்பா முதலிய நாடுகளில் நிலம் தனிப்பட்ட நபர்களுக்கு சொந்தமாக இருந்தது. அதனால்தான் ரஷ்யாவில் முன்பு ஒரு பெரும் புரட்சி ஏற்பட்டு பின்னர் நிலங்களை எல்லாம் சர்க்காருக்கே சொந்தமாக்கி கொண்டார்கள். நம் நாட்டிலே ஆதியில் ஆண்ட இந்து அரசர்கள் காலத்திலும், பின்னர் மொகலாயர்கள் ஆண்ட காலத்திலும் அதற்குப் பிறகு ஆங்கிலேயர்கள் ஆண்ட காலத்திலும் நிலம் சர்க்காருக்கே சொந்தமாக இருந்து வந்திருக்கிறது. மிராசுதாரர்களாக இருந்தாலும், பட்டாதாரர்களாக இருந்தாலும் Quit rent என்னும் வரியை நிலத்திற்கு கட்டிவிட்டுத்தான் நாம் அந்த பூமியை சொந்தமாக அனுபவித்துக் கொண்டு வருகிறோம். அதனால் சர்க்காருக்கு பூரண உரிமை உண்டு என்பதில் சந்தேகமில்லை. ஆனால் பழைய காலத்துமுறை எப்படி இருந்ததென்றால் நிலத்திலே விளையும் விளை பொருளில் ஒரு பாகம் சர்க்காருக்கு வரியாக கொடுக்கப்பட்டு வந்தது. நிலங்களுக்கு பணமாக வரி விதிக்க வேண்டுமென்ற முறை உலகத்திலேயே கிடையாது. ஆனால் ஆங்கிலேயர்கள் ஆட்சிபுரிந்த காலத்திலே வருமானத்திற்காக இந்த முறையை அமுலுக்கு கொண்டு வந்தார்கள்.

“நமது சர்க்கார் பணக்காரர்கள்மீது வருமானவரி விதிக்கிறது. பணக்காரர்கள் வருமானத்தின் மீது வரி விதிப்பது ரொம்ப நியாயம். ஆனால் அப்படியிருந்தும், இவ்வளவு ரூபாய்க்கு மேல் மாதத்தில் சம்பாதித்தால் வரிக்கட்ட வேண்டுமென்ற விதி இருக்கின்றது. அதன்படி மாதத்திற்கு 300 ரூபாய்க்கு மேல் வருமானம் வந்தால், வரிகொடுக்க வேண்டுமென்றிருக்கிறது. அதன்படி ஒரு ஏக்கருக்கு 30 ரூபாய் வருமானம்

[10th May 1954] [Dr. P. Varadarajulu Naidu]

வந்தாலும்கூட, 30 ஏக்கர் நிலம் வைத்திருந்தால் வரி கொடுக்கவேண்டியிருக்கிறது. என்னுடைய 25 ஆண்டு கால விவசாய அனுபவத்தின் மூலம் சொல்லுகிறேன். இன்று சர்க்கார் கொண்டு வந்திருக்கும் மசோதா சந்தேகத்திற்கு இடமாகவே இருக்கிறது. நிலங்களை வைத்திருப்பவர்களுக்கு எல்லாம் வருமானவரி விதிப்பதே நியாயம் என்பது என்னுடைய அபிப்பிராயம். இந்த ரெவினியூ முறையை மாற்றி யமைக்கும் விதத்தைப்பற்றியெல்லாம் தாதாபாய் நௌரோஜி புஸ்தகம் எழுதிவிட்டுப் போயிருக்கிறார். அதற்குத் தக்கபடி யெல்லாம் யோசிக்காமல், நடவடிக்கை எடுக்காமல் செலவுக்கு பணம் வேண்டுமென்கின்ற முறையிலே, அதிகமான வரும்படி வேண்டுமென்ற முறையிலே வரி விதிப்பதெல்லாம் கூடாது. அவ்வாறு செய்வது விசனிக்கத்தக்கதாகும். இப்போது சர்க்காருடைய செலவுக்கு பணம் வேண்டுமென்பதை ஒப்புக்கொள்ளுகிறேன். இதற்கு சர்க்கார் செலவைக் குறைக்கவேண்டும். நிலத்திலே அதிகப்படியான வாடகை வாங்கும் நிலப் பிரபுக்களுக்கும், அதிகப்படியான நிலம் வைத்திருப்போர்மீதும் வருமான வரி விதிக்கவேண்டுமென்று சொன்னாலும்கூட, என்னுடைய கட்சியில் இருக்கிறவர்களுக்கே ஓட்டுப்போட வேண்டியவையிருக்கிறேன். என்னுடைய கட்சியிலுள்ள நண்பர்கள் சிலர் கணக்கு வைக்கத் தெரியவில்லை என்று குறை சொல்லுகிறார்கள். இது தவறு. 100, 200, 300 ஏக்கர் நிலம் வைத்திருக்கும் எழுதப்பட்டிருக்கத் தெரியாதவர்கள்கூட ரொம்ப அழகாக கணக்கு வைத்திருக்கிறார்கள். அப்படியிருக்கும்போது ஆயிரம் ஏக்கர்களுக்கு மேல் நிலங்கள் வைத்திருக்கும் படித்தவர்கள், அறிவாளிகள் நிச்சயம் கணக்கு வைத்திருப்பார்கள் என்பதில் சந்தேகமில்லை. ஆகையால் அவர்கள்மீது சுலபமாகவும் தாராளமாகவும் வருமான வரி விதிக்கலாம். இதிலே என்ன கஷ்டம் ஏற்படப்போகிறது? விவசாயிகளிடம் நிலங்களை குத்தகைக்கு விட்டுவிட்டு கஷ்டப்படாமல் வாடகையாகப் பணம் சம்பாதித்துக்கொள்ளுகிறார்கள். ஆகவேதான் அவர்களிடம் இந்த வருமான வரி வசூலிப்பது நியாயம் என்று கூறுகின்றேன். இன்னொரு விஷயம்.

“இப்போது சர்க்காருக்கு வரும்படி இல்லையென்றால் காரணம் ஒரு சிலர் மட்டும் ஏராளமான நிலம் வைத்திருப்பதேயாகும். வடபாதி மங்கலம் தியாகராஜ முதலியார் இருக்கிறாரே அவரை எடுத்துக்கொள்ளலாம். அவருக்கு தஞ்சாவூரிலே மட்டும் ஐந்து ஆயிரம் ஏக்கர் நிலங்களுக்கு மேல் இருக்கிறது. ஒவ்வொரு ஏக்கர் நிலமும் குறைந்தது ஐந்து ஆயிரம் ரூபாய் பெறும். அவர் சுவீகாரத்தில் இந்த சொத்துக்களுக்கு உரிமையாக வந்தவர். அதுபோல் சுவீகாரம் பண்ணிக்கொள்ளக்கூடாது என்று இருக்கவேண்டும். சர்க்காரே வார்சு இல்லாத நிலத்தை எடுத்துக்கொள்ள வேண்டுமென்பது என்னுடைய கருத்து. காரணம் அவ்வாறு சுவீகாரம் எடுத்துக்கொள்ளப்படுவோர் திறமையாக நடப்பதில்லை. காலிப்பையன்களாக மாறிவிடுகிறார்கள். வீணாகப் பெண்கள் விஷயத்திலும், மற்றும் இதர ஆடம்பர வாழ்க்கையிலும் பணத்தை செலவழிக்கின்றனர். ஆகவே ஒரு தகப்பனுடைய சொத்துக்கு உரிமை கொண்டாட புத்திரன் இல்லாவிட்டால், யாரையும் சுவீகாரம் செய்துக்கொள்ள அனுமதியாமல், அந்த சொத்தை சர்க்காரே எடுத்துக்கொள்ளலாம். ஆகவே இந்த விஷயத்தில் சர்க்கார் கவலைப்படக்கூடாது.

“இந்த வருமானவரி விதிப்பதிலே பல கஷ்டங்கள் இருப்பதாலே அதை சமாளிப்பது பெரிய காரியமாகத் தோன்றலாம். இருந்தாலும் இதன் மூலம் 500 ரூபாய்க்குமேல் வரி செலுத்தும் சிறு மிராசுதாரர்களிடமிருந்துகூட சர்க்காருக்கு பணம் வசூலிக்க இடமிருக்கிறது. 10 ஏக்கர், 15 ஏக்கர் வைத்திருப்பவர்கள்கூட இம்முறையில் சர்க்காருக்கு தீர்வை செலுத்த நேரிடும். 5 ஏக்கர் நஞ்சை நிலம் ஒருவன் வைத்திருந்தாலும், ஒரு ஏக்கர் நஞ்சையில் குச்சிக்கிழங்கை வெள்ளாமை செய்தால் சுலபமாக ஆயிரம் ரூபாய் வரும். இரண்டு வெள்ளாமையும் செய்யலாம். அதே மாதிரி நஞ்சை நிலத்திலே, ஆற்று ஜலம் நிச்சயமாக வருகிறது. புஞ்சையைப்போல் மானத்தைப் பார்க்க வேண்டிய நிலைமை ஏற்படுவதில்லை. ஆகவே ஆற்று ஜலம் வரும் வசதியுள்ள நஞ்சை நிலத்தில் நிச்சயமாக வருவாய் வருகிறது. இந்த இரண்டு நிலங்களுக்கும் விளைச்சலிலும்

[Dr. P. Varadarajulu Naidu] [10th May 1954]

வருவாயிலும் வித்தியாசம் இருக்கிறது. ஆகவே இந்த விஷயங்களை எல்லாம் தீர ஆலோசனை செய்து ரெவின்யூ அதிகாரிகள் என்ன வழி என்று பார்க்கவேண்டும். நமது செட்டி நாட்டு ராஜா முத்தையா செட்டியார் அவர்கள் இந்த சபையில் இருக்கிறார்கள். அவர்களுக்கு உலகம் பூராவிலுமே நிலம் இருக்கிறது என்று சொல்லலாம். இங்கிலாந்திலே கூட நிலம் இருக்கிறதோ இல்லையோ தெரியாது. அவர் மிகுந்த சாமர்த்தியசாலி. எல்லாவற்றிற்கும் சிறந்த முறையிலே கணக்கு வைக்க அவருக்குத் தெரியும். அவர்கள் உதவியை வைத்துக்கொண்டு, கிராமத்திலே வருமான வரி விதிக்கும் யோசனை செய்து போடும் விதத்தை கண்டு பிடிக்க வேண்டும். கஷ்டமாக இருக்கிறது என்று சொல்லிவிடக்கூடாது. அதற்காக குருவித் தலையில் பணங்காயை வைக்கிறதுபோல் போடக்கூடாது, அம்மாதிரி போடுவது தவறு என்று தெரிவித்துக்கொள்ளுகிறேன்.”

வசதி அல்லது ஆற்றுப் பாசனம் உள்ள வசதி பிராந்தியங்களை எடுத்துக் கொண்டால் அங்கு விசேஷமாக லாபம் கிடைக்கிறது. அங்கு ஒரு போகம், இரு போகம் விளைகிறது. ஆகவே அந்த மாதிரி வசதியுள்ளவர்கள், அந்த அளவிலே தீர்வையைச் செலுத்தவேண்டுமென்று இருக்கவேண்டும். அதற்கு மாறாக நீர்ப்பாசன வசதியில்லாத பிராந்தியங்களிலே பல வருஷக் கணக்கில் நிலங்கள் தரிசாகவே இருக்கும். ஐந்து அல்லது ஆறு வருஷத்திற்கு ஒரு தடவைதான் மகசூல் கிடைக்கும். அவர்களும் எல்லா வருஷங்களுக்கும் கிஸ்தி கட்டவேண்டுமென்ற நிர்ணயம் இருக்கிறது. அவர்கள் தீர்வை கட்டுவதற்குக்கூட சக்தி இல்லாமல் கஷ்டப்படுகின்றனர். நீர்ப்பாசன வசதியில்லாமல் ஒருவர் 10 ஏக்கர் நிலம் சம்மா வைத்திருந்தாலும், அதற்கும் தீர்வை கட்டவேண்டியிருக்கிறது. மதுரை ஜில்லாவிலே திருமங்கலம் என்னும் ஊரில் என் நண்பர் ஒருவர் காலியாக வைத்திருக்கும் நிலங்களுக்கு கிஸ்தி கட்டக்கூட போதிய பணமில்லாமையால் ஒவ்வொரு வருஷமும் மூன்று அல்லது நான்கு ஏக்கர் நிலங்களை விற்கிற கிஸ்தி கட்டும்படியான நிலைமை ஏற்பட்டிருக்கிறது. ஆனபடியால் இந்த சர்சார்ஜ் முறை எல்லாப் பிராந்தியங்களுக்கும் ஒரே மாதிரியாக இல்லாமல் நன்கு பரிசீலிக்கப்பட்டு விதிக்கப்படவேண்டுமென்பது என்னுடைய ஆசை. நஞ்சை நிலங்களை எடுத்துக்கொண்டால் இந்த வருமான வரி பொருந்தும். சில சமயங்களில் அந்நிலங்களில் மூன்று போகம்கூட விளைகிறது. அம்மாதிரியான பிரதேசங்களுக்கு இந்தத் தீர்வை விதிப்பதில் குற்றமில்லை. அதற்கு மாறாக மற்ற பிரதேசங்களுக்கு அதாவது புஞ்சை பூமியுள்ள பிரதேசங்களுக்கு வரி விதிக்கும் முறையை சற்று பரிசீலனை செய்து, அவர்களுக்குத் தக்க முறையில் சர்சார்ஜ் வரியை குறைந்த முறையில் விதிக்கும் விஷயத்தில் சர்க்கார் கவனம் செலுத்தவேண்டுமென்று கேட்டுக்கொண்டு, அந்த முறையில் நல்ல விளைச்சலுள்ள assured crops நிலங்களுக்கு இந்த சர்சார்ஜ் வரியை விதிக்கலாம். ஒரு நபர் செலுத்தும் மொத்த தீர்வை (பல ஜில்லாக்களில்) 500 ரூபாய் அதிகப்படியாக இருக்குமானால் அவர்கள் அதனை பேருக்கும் தீர்வை விதிக்கவேண்டுமென்றிருக்கவேண்டும். அதன் மூலம் சர்க்காருக்கு அதிகப்படியான வருமானம் கிடைக்குமென்பதைத் தெரிவித்துக்கொண்டு என்னுடைய பேச்சை முடித்துக்கொள்ளுகிறேன்.”

“விவசாய வருமான வரி போடவேண்டுமென்று இதற்கு முன் எதிர்க் கட்சியினர் எல்லோரும் எடுத்துக் காட்டியிருக்கிறோம். சர்க்கார் கட்சியில் விபரம் தெரிந்த ஒரு சிலர் இது நியாயம் என்றே ஒப்புக்கொண்டிருக்கிறார்கள். ஆனால் சர்க்கார் கட்சியைச் சேர்ந்த, நண்பர் ஸ்ரீ கருத்திருமன் அவர்கள் விவசாய வருமானவரி போடக்கூடாது, அது ரொம்பவும் ஆபத்தானது என்று அர்த்தம் கொடுக்கக்கூடிய முறையில் பேசியிருக்கிறார்கள். அப்படியில்லையென்றால் இப்பொழுது அவருடைய கருத்தை மாற்றிக்கொள்ளுவதாயிருந்தால், எனக்கு ஆட்சேபம் கிடையாது. அவர் காட்டிய காரணம் என்னவென்றால் விவசாயிகள் கணக்கு வைத்துக்கொள்ள முடியாது என்பதே. அதே காரணத்தைக்காட்டி, நமது நிதி மந்திரி பட்ஜெட் பிரசங்கத்தின்போது விவசாய வருமான வரி போடுவது சாத்தியமல்ல என்று சொல்லியிருக்கிறார்கள். அதைப்பற்றி ஒரு வார்த்தை சொல்ல விரும்புகிறேன். விவசாய வருமான வரிக்கொள்கை அடிப்படை என்ன என்பதைத் தெரிந்துகொண்டிருந்தால் அவர் இந்த ஆட்சேபணையை சொல்லியிருக்க முடியாது. எங்களுக்கு விவசாயம் தெரியாது என்று சொல்லி விட்டார்கள். ஆனால் விவசாய வருமான வரிக்கொள்கையானது எங்களுக்குத் தெரியும். யாருக்கு வரி போடவேண்டும், யாருக்கு வரி போடக்கூடாது என்பதை அனுபவத்தின் மூலம் நாங்கள் அறிவோம். எதிர்க் கட்சியினரில் சிலர் நேரிடையாகவே வயலில் இறங்கி உழுது பயிர் செய்யக்கூடிய விவசாயிகள். நண்பர் கருத்திருமன் அவர்களும் ஒரு விவசாயி என்று சொல்லிக்கொள்ளுகிறார். எங்கள் கட்சியில் ஸ்ரீமான் கன் வெங்கடேசன், வடிவேலு, சுப்பையா போன்றவர்கள் கலப்பை பிடித்து சேற்றில் இறங்கி உழக்கூடியவர்கள்.”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“Mr. Speaker, Sir, I have had my own idea of a surcharge on land revenue. I now come forward with this Bill, because this Bill is so simple in nature and because the burden of paying the surcharge is distributed quite equitably. The two main questions that were discussed are : (1) whether it would not be feasible to have agricultural income-tax rather than this surcharge; and (2) whether the limit of exemption should be so high as Rs. 500 and whether it could not be lowered to Rs. 250 or even less.

“With regard to the first point, viz., of having an agricultural income-tax, the main objection to having it, is because of the difficulty of maintaining correct accounts regarding agricultural income. Even though the tax may affect only those paying a revenue of more than Rs. 500, still in the rural parts, it is not easy for the landowners to maintain their accounts properly. There are other factors also besides the difficulty of maintaining accounts. In computing income-tax, we have to go into the question of income minus the expenses involved in cultivation and other incidental expenses. We have also to give due allowance for bad seasons wherein the crops have been affected. The question of pest affecting the crops has also to be taken into account. In computing the expenses under cultivation, there are so many difficulties. What one thinks as a wrongful item of expenditure the other may think as a legitimate item of expenditure. Even in regard to seed requirement there is much difference. Due allowance should be

[Sri M. A. Manickavelu Naicker] [10th May 1954]

given for the quantity of water made available for irrigation and the crops affected by drought and so on. The officer may view things in his own way. The cultivators may view it in an altogether different way. They may say that what the officer had calculated as the agricultural income is totally wrong, that he had not taken into account the cultivation expenses properly, that no allowance had been given for the crop affected by pest and so on. These are the practical difficulties in having an agricultural income-tax. For the levy of agricultural income-tax, the agriculturists are required to maintain accurate accounts regarding their agricultural income. Even in towns, we hear the merchants, who are quite familiar with maintaining accounts because they pay income-tax, complaining against the maintaining of correct accounts of their transactions. They cite several practical difficulties. When even they in the urban areas are finding it difficult to maintain accounts, we can well imagine the difficulty of maintaining correct accounts by the villagers in the rural areas regarding their income from agriculture, which is subject to so many fluctuations. That is why Government, after considering all these difficulties, came to the conclusion that as things stand at present in our State, it would not be advisable to have agricultural income-tax. So this Bill, which is very simple, has now been brought. This surcharge may not affect the poor peasants but it will tax only the rich. As I said previously, we have not left the question of agricultural income altogether. We have thought it fit to try that experiment in regard to plantations. But what do the planters say? They came in a deputation and said that they would even welcome a flat increase in their land revenue rather than the proposed income-tax on plantations. The planters are quite an organized lot. They pay income-tax. They have got the most up-to-date methods to calculate all their earnings. But still they say this income-tax on plantations will hit them hard and that they do not want it. That is why we have thought it better to introduce this graded surcharge on land revenue rather than the agricultural income-tax. Let us watch our experiment with plantations. If that tax proves successful, we shall then think of extending the same to agriculturists. But the time is not opportune now for levying an agricultural income-tax.

“Regarding the second point, viz., that the exemption limit need not be fixed at Rs. 500 but that it could be lowered down, I shall say a few words by way of explanation. It has been said by our old poetess Avvaiyār that agriculture is the noblest of all professions. But if by some *illusion* she were to live here now, I think she would revise her statement. She may say that the profession of agriculture may go to a man who has sinned much and who deserves to be punished. Because of the vicissitudes in seasons and other changes in nature that affect him so much, if we take into account the average income of a cultivator, we could definitely come to the conclusion that it is not a worthwhile profession at all. In cultivation, the cultivator, his wife, aged women like his mother and grandmother, and even children of six or seven years

10th May 1954] [Sri M. A. Manickavelu Naicker]

work. All the members of the family work. In computing cultivation expenses, we never take into account the cost of labour contributed by the members of the family. Even after putting in so much labour for which the cultivator does not actually pay, an average cultivator gets only just sufficient to keep the body and soul of the members of his family together. This is the position of landholders who pay a small land revenue. No doubt the difficulties experienced by small cultivators apply also to the landholders who pay a land revenue of over five hundred rupees. But their shoulders are broad enough to bear the burden. The margin of profit is fairly large in their case. Even if there is under-production due to bad seasons or due to affection of crop by pests, they can bear the burden of this surcharge a little more easily than those landholders who pay a land revenue, less than five hundred rupees. That is why we have fixed the exemption limit sufficiently high. There are so many factors which we have to take into account. They were all considered at the Select Committee stage of the Land Revenue (Surcharge) Bill of 1952. Some people wanted dry lands to be exempted from the levy of surcharge, as cultivation on them depended on rain and as timely and adequate rain was an uncertain factor. Then, it was said that the surcharge should vary according to the fertility of the soil and also according to the rise or fall in the price of agricultural produce. All these things will lead to complications in working out the surcharge. In determining the actual fertility of the soil and the fluctuating price of agricultural produce, there may be scope for difference of opinion and genuine hardships may arise. That is why we have adopted this rough and ready method of five-hundred-rupee land revenue limit. It is not as if we do not want to have more revenue. We are anxious to have more revenue. But we cannot derive revenue in any way we please. The taxes we levy must be just and the burden must be distributed as equitably as possible. There is no use of ruining a man because he is rich. We know that for the last five or six years, monsoon failed completely. Under such conditions, if we lower the exemption limit, it will be very hard and we will not be doing the right thing by the vast majority of people of this State who have taken to the very precarious profession of agriculture.

“The hon. Member, Sri M. Narayana Kurup, has given notice of an amendment to introduce the words ‘in the same capacity’. I think that amendment will give rise to some difficulty. We have put in some illustrations and they make the matter very clear. Therefore the question of ‘in the same capacity’ may not arise. I do not think that that amendment is necessary.

“With regard to the amendment of Sri Kolkebail, taking into consideration the special land tenure system of South Kanara, I have given notice of amendment after discussion with the hon. Member. I hope the House will accept that amendment. Sri Kolkebail himself said that that would meet his object.”

MR. SPEAKER :—“It will be better if the Hon. Minister moves it as an amendment to the amendment.”

[10th May 1954]

THE HON. SRI M. A. MANICKAVELU NAICKER :—" I will just refer to one more point and conclude my reply. Sri S. Ramalingam said that tax was collected very rigorously and gave the instance of distraint of a child. I want to take this opportunity to explain the actual position. Last time when we met, Sri Manali Kandasami said that the revenue authorities were so harsh that they even distrainted children for failure to pay tax. Even then I said that that could not be a fact. But he asserted that it was a fact and I had no information on the basis of which I could either accept or refute the assertion. Now I can say that it is a deliberately false statement. The hon. Member ought not to have made that on the floor of this House. I am sorry that some newspapers gave prominence to the news by giving big headlines, without verifying the accuracy of the news. It is a deliberate misstatement of fact. I want to make it clear."

MR. SPEAKER :—" I rule the amendment of Sri M. Kalyanasundaram proposing to substitute a new clause for the existing clause out of order, as it proposes to increase the tax."

" Then comes Sri M. Narayana Kurup's amendment. Is the hon. Member withdrawing it? "

SRI M. NARAYANA KURUP :—" No, Sir. I think it is a necessary amendment."

MR. SPEAKER :—" Are the Government accepting it? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" No, Sir."

MR. SPEAKER :—" The question is—

' In the second line, *after* the word " pay " and before the words " a sum exceeding rupees five hundred ", *insert* the words " in the same capacity " . "

The amendment was put and lost.

MR. SPEAKER :—" Then comes Sri S. Ramalingam's amendment."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" I accept the amendment."

MR. SPEAKER :—" The question is—

' For the words " in a district ", *substitute* the words " in the State " . "

The amendment put and carried.

MR. SPEAKER :—" Then again comes Sri Ramalingam's amendment. It is an amendment consequent on the previous amendment. Hence the House must necessarily accept it."

" The question is—

' In line 6, *delete* the words " in the State " . "

The amendment was put and carried.

[10th May 1954]

MR. SPEAKER :—" Then comes Sri P. S. Krishnaswami Ayyangar's amendment."

SRI P. S. KRISHNASWAMI AYYANGAR :—" Sir, my amendment is a minor amendment relating to the rate of surcharge on every slab. I will take slab (b) to explain the purport of my amendment. The words used in the Bill are ' two annas on each rupee.' This wording will mean that no fraction of a rupee should be taken into consideration in computing the surcharge. My amendment seeks to make this meaning clear. My amendment amends the wording so as to read ' Two annas on each round sum of a rupee ', thereby providing for ignoring the fraction of a rupee in computing the surcharge. If there is not this clarification, there may not be uniformity in computing the surcharge. Some revenue officers might ignore the fraction of a rupee and others might include that also in calculating the surcharge. For instance, if a landholder pays a land revenue of rupees . . . "

THE HON. SRI C. SUBRAMANIAM :—" We understand the point, and no elaborate explanation is needed."

MR. SPEAKER :—" Is the hon. Member withdrawing his amendment? "

SRI P. S. KRISHNASWAMI AYYANGAR :—" Are the Government accepting it? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" No, Sir."

SRI P. S. KRISHNASWAMI AYYANGAR :—" Then, I beg leave of the House to withdraw my amendment."

The amendment was, by leave, withdrawn.

MR. SPEAKER :—" The following amendment of the hon. Member, Sri N. K. Palanisamy, is also out of order :—

' For the rates given under " rate of surcharge ", *substitute* the following :—

- (a) 2 annas on each rupee;
- (b) 4 annas on each rupee;
- (c) 8 annas on each rupee;
- (d) One rupee on each rupee;

and omit the illustrations.'

The amendment of the hon. Member, Sri Ramalingam, seeks to amend not this Bill but some other Bill." (Laughter.)

SRI S. RAMALINGAM :—" I do not want to amend any other Bill, Sir. The Government are granting remissions in so many areas. If this Bill is amended suitably, we need not amend any other enactment."

" இந்த அதிகாரத்தை சர்க்காருக்குக் கொடுத்துவிட்டால் 15 ரூபாய்க்கு குறைவாக உள்ள வரியை இவர்களே வஜா செய்து விடமுடியும். "

MR. SPEAKER :—" இந்தத் திருத்தம் வேறு ஒரு சட்டத்திற்குக் கொடுக்கப்படவேண்டியது."

[10th May 1954]

THE HON. SRI C. SUBRAMANIAM :—" I do not think it can come within the scope of this Bill. This is purely a Bill relating to the levy of a surcharge on land revenue."

SRI S. RAMALINGAM :—" Sir, I shall read the provision and explain it. Explanation to section 3 reads as follows :—

'Land revenue remitted shall not be deemed to be land revenue payable for the purpose of this section.'

"வேறு சட்டத்தைத் திருத்த வேண்டியதேயில்லை. இந்தச் சட்டத்திலேயே அந்த அதிகாரத்தை சர்க்காருக்குக் கொடுத்துவிடலாமென்பது தான் என் அபிப்பிராயம்."

SRI M. KALYANASUNDRAM :—" நானும் அப்படியே தான் நினைக்கிறேன். இதைப் பிரேரிப்பதில் தவறு எதுவுமில்லை."

MR. SPEAKER :—" Then, I shall put it to the vote of the House.

"The following amendment of Sri Ramalingam was then put and lost :—

'Add the following proviso before the Explanation :—

"Provided that as long as the Land Revenue Surcharge is levied, the land revenue payable by the landholder paying less than Rs. 15 for a fasli shall be remitted." "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, I move—

'In illustration (1), omit the sentence "All the lands are in the same district".'

The amendment was put and carried.

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, I move—

'Omit illustrations (4) and (5).'

The amendment was put and carried.

MR. SPEAKER :—" I wish to know whether the amendment of the hon. Member Sri Kolkebil is to clause 3 or to clause 2. In the notice of amendments it is given as amendment to clause 2."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" It will come only under clause 2."

MR. SPEAKER :—" Then, I shall take it up when we consider clause 2."

Clause 3, as amended, was put and carried.

Clause 4.

Clause 4 was put and carried.

Clause 5.

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, I move the following amendments :—

'Add the following as sub-clause (2) and re-number sub-clauses (2) and (3) as sub-clauses (3) and (4), respectively :—

"(2) Every landholder who is liable to pay as land revenue a sum exceeding rupees five hundred for a fasli

[10th May 1954] [Sri M. A. Manickavelu Naicker]

in respect of all lands held by him in the State shall, even if no notice is issued to him under sub-section (1) submit to the Collector of the district in which he resides or to the Collector of any of the districts in which he holds lands, a declaration in such form and within such period as may be prescribed."

'In sub-clauses (3) (a) and (3) (b) as re-numbered, for the expression "sub-section (1)", substitute the expression "sub-sections (1) or (2)".'

SRI C. KANDASAMY :—" Sir, I move the following amendment :—

'For the existing clause, substitute the following :—

"5. Power to call for information and liability to make declarations.—(1) The Tahsildar of the taluk or range, the Revenue Divisional Officer of the division or the Collector of the district, in which a landholder holds lands may by notice in writing require him or, where the landholder is a person subject to disability or an idol or a religious and charitable institution, the guardian, curator, trustee, or manager of such landholder, to submit a declaration in writing in such form and within such time as may be specified in the notice, in regard to the total extent of the lands held by the landholder in the State and the land revenue payable in respect thereof.

(2) Every landholder who is liable to pay a land revenue exceeding Rs. 250 in respect of all lands held by him in the State shall notwithstanding any notice issued to him under sub-section (1) be liable to make a declaration within sixty days from the beginning of every fasli in such form as may be prescribed in regard to the total extent of the lands held by the landholder in the State and the revenue payable in respect thereof.

(3) (a) If the officer to whom a declaration is submitted under sub-sections (1) and (2) is satisfied that it is correct and complete, the surcharge may be assessed on the landholder on the basis of such declaration.

(b) If no declaration is submitted under sub-sections (1) and (2) before the time specified or if the declaration submitted to the officer appears to him to be incorrect or incomplete, it shall be lawful for him to pass an order regarding payment of surcharge after making such inquiry as he considers adequate :

Provided that where a declaration has been submitted and the officer proposes to act under this clause, he shall give the person concerned

[Sri C. Kandasamy] [10th May 1954]

a reasonable opportunity of proving the correctness and completeness of the declaration.

- (4) *Any landholder, or guardian, curator, trustee or manager, as the case may be, who fails to make a declaration in accordance with sub-sections (1) and (2) or who in a declaration under this section makes any statement which he knows to be false or does not believe to be true, shall be punished with fine which may extend to rupees one thousand "."*

SRI M. KALYANASUNDRAM :—" I second the amendment, Sir."

SRI M. NARAYANA KURUP :—" Sir, I move the following amendments :—

' In sub-clause (1), after the expression " as may be specified in the notice " and before the phrase " in regard to ", insert the words " or within such further period as may be allowed by the officer in his discretion." '

' After sub-clause 2 (b), insert the following as sub-clause 2 (c) :—

" (c) An appeal shall lie to the Government from the order of assessment at the instance of the aggrieved party within thirty days of the order." '

DR. K. B. MENON :—" I second the amendments, Sir."

SRI N. K. PALANISAMI :—" Sir, I move the following amendment :—

' After sub-clause 2 (b), insert the following as sub-clause 2 (c) :—

" (c) Persons who fail to submit declaration in time shall be punished with fine or imprisonment for a term of not less than two years ".'

SRI K. T. RAJU :—" I second the amendment, Sir."

MR. SPEAKER :—" Now, the Government amendment as well as the other amendments are before the House for discussion."

SRI M. NARAYANA KURUP :—" Sir, my amendments do not materially affect the provisions of the Bill. My first amendment is only to give discretion to extend the time within which returns are to be submitted. If there were no such provision, it would seem that when once a time-limit is fixed in the notice and for valid reasons, the landholder could not submit the returns, even the officer is helpless. In that case, he cannot give further time for the submission of the return. We find in judicial proceedings and in other proceedings that the officer is given discretion to extend the time for submission of any return. Then the next amendment is regarding appeal. It has been claimed that this is a very simple

10th May 1954] [Sri M. Narayana Kurup]

Bill. I am sure that in the working of the Bill, as the land tenure systems in the different parts of the State are so varied, the Government will be called upon to look into many complicated matters. As it is, no appeal is provided from the decision of the Revenue Divisional Officer or the Collector. I believe, in the ordinary circumstances, an appeal will lie to the Revenue Board or the Collector. My amendment only states that 'an appeal shall lie to the Government from the order of assessment at the instance of the aggrieved party within thirty days of the order.' I believe that it is necessary and beneficial both in the interests of the assessee as well as the State. Many complicated questions which cannot be decided by a Revenue Divisional Officer or the Collector will arise and the State can, after fully going into the facts of the case, come to a decision. If this is done, the people will also have the satisfaction that justice has been meted out to them."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" The hon. Member's amendment is more restrictive. As it is, there is provision for an appeal and the Government can interfere when there is difficulty. I do not know why the hon. Member wants to restrict the time to 30 days only.

" As for giving discretion to the officers, I think it will be rather embarrassing to the officers themselves. No such discretion need be given, because there will be allegations that the officers exercised their discretion wrongly. As it is, no difficulty will be experienced."

SRI C. KANDASAMY :—" Sir, I withdraw my amendment." The amendment of Sri Kandasamy was, by leave, withdrawn.

SRI M. NARAYANA KURUP :—" I am not pressing my two amendments, Sir."

The amendments of Sri M. Narayana Kurup were, by leave, withdrawn.

SRI N. K. PALANISAMI :—" I press my amendment, Sir."

MR. SPEAKER :—" The question is—

' After sub-clause 2 (b), insert the following as sub-clause 2 (c) :—

" (c) Persons who fail to submit declaration in time shall be punished with fine or imprisonment for a term of not less than two years." '

The motion was put and lost.

MR. SPEAKER :—" I shall now put the Government amendment to the vote of the House. The question is—

' Add the following as sub-clause (2) and re-number sub-clauses (2) and (3) as sub-clauses (3) and (4), respectively :—

" (2) Every landholder who is liable to pay as land revenue a sum exceeding rupees five hundred for a fasli in respect of all lands held by him in the State shall, even if no notice is issued

[Mr. Speaker] [10th May 1954]

to him under sub-section (1) submit to the Collector of the district in which he resides or to the Collector of any of the districts in which he holds lands, a declaration in such form and within such period as may be prescribed."

'In sub-clause (3) (a) and (3) (b) as re-numbered, for the expression "sub-section (1)", substitute the expression "sub-sections (1) or (2)".'

The motion was put and carried.

SRI S. RAMALINGAM :—"Sir, then sub-clause (2) (b) which says, 'if no declaration is submitted under sub-section (1) before the time specified . . . etc.,' has to be re-numbered."

MR. SPEAKER :—"That has been done by the amendment moved by the Hon. Minister."

Clause 5, as amended, was put and carried.

Clause 6 was put and carried.

Clause 7 was put and carried.

Clause 2.

MR. SPEAKER :—"There is Mr. Kolkebaill's amendment and there is also the amendment of Mr. Padmaprabha Goundar. I think the Government have accepted Mr. Kolkebaill's amendment. So the Hon. Minister for Land Revenue may move his amendment as an amendment to that of Mr. Kolkebaill."

THE HON. SRI M. A. MANICKAVELU NAICKER :—"My amendment covers what they want. I move the amendment which reads as follows :—

'Add after the proviso to item (b), the following :—

"Where any lands including cultivated lands are in the possession of a walawargadar, kayamgenidar, permanent tenant or mulgeni tenant, he shall be liable to pay the surcharge in respect of those lands, notwithstanding any contract to the contrary."

MR. SPEAKER :—"In view of this Government amendment, I think hon. Member Mr. Kolkebaill will not press his amendment."

SRI S. KOLKEBAIL :—"Except the last clause, I do not press the other clauses."

MR. SPEAKER :—"Which is the last clause? In any case, the hon. Member may formally move his amendment."

SRI S. KOLKEBAIL :—"I formally move the following amendment standing in my name :—

'Add after the proviso in item (b) of clause 2, the following :—

"Levy of surcharge in the South Kanara district—Provided further that in the district of South Kanara in cases to

10th May 1954] [Sri S. Kolkebaill]

which the provisions of sub-sections (1) and (2) of section 4 are not applicable the following provisions shall apply :—

1. *No surcharge shall be leviable in respect of uncultivated punja lands.*
2. *Where any lands including cultivated punja lands are in the possession of a valavargadar, kayamgenidar, permanent tenant or, mulgeni tenant, or usufructuary mortgagee, he shall be liable to pay the surcharge in respect of those lands.*
3. *In other cases the registered holder shall be liable to pay the surcharge.*
4. *No person who is liable to pay the surcharge under clauses (2) and (3) shall, by reason of any contract with his tenant be entitled to recover the whole or any portion of the surcharge from such tenant."*

SRI K. T. SRIDHARAN :—"I second the amendment, Sir."

MR. SPEAKER :—"The Government have accepted the first portion of the hon. Member's amendment. The words 'notwithstanding any contract to the contrary' are added. That is all."

THE HON. SRI C. SUBRAMANIAM :—"That is necessary, Sir."

MR. SPEAKER :—"In that case, the Hon. Minister for Land Revenue could have moved his amendment as an amendment to that of Mr. Kolkebaill."

THE HON. SRI M. A. MANICKAVELU NAICKER :—"I had a discussion with the hon. Members who have given notice of these amendments. As a result of this discussion only, we have arrived at this agreed amendment which I have already moved."

MR. SPEAKER :—"In that case, let not Mr. Kolkebaill press his amendment."

SRI S. KOLKEBAIL :—"I am not pressing my amendment, Sir."

The amendment of Sri Kolkebaill was, by leave, withdrawn.

SRI M. K. PADMAPRABHA GOUNDER :—"Sir, I move the following amendment standing in my name :—

'Add at the end of proviso to item 2 (b) of clause 2, the following :—

"Provided further in respect of estates or plantations whose extent exceeds 250 acres and the rent payable thereon is less than the land revenue plus surcharge thereon, the surcharge under this Act shall be recoverable from the holder of the estate or plantations whether land revenue is at present payable by the holder of the estate or plantations or not."

[Sri M. K. Padmaprabha Gounder] [10th May 1954]

"Sir, it is my object that big plantations like the E & S, the Malayalam Plantations, etc., who own hundreds and thousands of acres of land under 99 year lease and pay two annas and four annas per acre as land rent should pay the surcharge. The jenmis . . ."

SRI T. C. NARAYANAN NAMBIAR :—"On a point of order . . ."

MR. SPEAKER :—"Let the hon. Member finish his speech."

SRI T. C. NARAYANAN NAMBIAR :—"Mine is a pertinent point of order, Sir. We do not know what is the amendment of the hon. Member. It has not been circulated."

MR. SPEAKER :—"It has already been circulated. Let Mr. Padmaprabha Gounder continue his speech."

SRI M. K. PADMAPRABHA GOUNDER :—"The jenmis should be excluded from the surcharge for the reason that when they get two annas or so as land rent, they have to pay about one rupee eight annas as surcharge. I want the following proviso to be added :—

'Provided further in respect of estates or plantations whose extent exceeds 250 acres and the rent payable thereon is less than the land revenue plus surcharge thereon, the surcharge under this Act shall be recoverable from the holder of the estate or plantations whether land revenue is at present payable by the holder of the estate or plantations or not.'

The amendment was seconded.

SRI M. NARAYANA KURUP :—"I move—

'That in sub-clause (b), after the proviso, insert the following further proviso :—

"Provided further that no person who is liable to pay the surcharge under this Act, shall by reason of any contract, with his tenant be entitled to recover the whole or any portion of the surcharge from such tenant."

This was duly seconded.

MR. SPEAKER :—"All these amendments are before the House for discussion."

SRI R. KRISHNAN :—"Sir, there is another amendment of mine."

MR. SPEAKER :—"Please move that amendment."

SRI R. KRISHNAN :—"I move—

'Add at the end of proviso to item (b) of clause 2, the following further proviso :—

"Provided further that no tenant or sub-tenant within the areas where the Malabar Tenancy Act applies shall be liable to pay the surcharge under any contract or

30th May 1954] [Sri R. Krishnan]

otherwise nor shall any sum be recoverable from such person by the landlord on the basis of any contract or other source of liability."

The amendment was duly seconded.

SRI P. S. KRISHNASWAMI AYYANGAR :—"There are three amendments and they are all provisos to clause 2: I move—

'Add at the end of proviso to item (b) of clause 2, the following provisos :—

"Provided further that where a transfer inter vivos of land takes place and where, by virtue of the provisions of the law relating to transfer of property, the transferee is bound to pay the public charges payable in respect of the land transferred, the transferer and the transferee shall be deemed to be the joint-holders of the land transferred, till the end of the fasli year in which the land is transferred to the patta of the transferee;

"Provided also that each joint-pattadar of a joint patta shall, for the purposes of this Act, be deemed to hold all the lands comprised in that patta and to be liable to pay the entire revenue due in respect thereof;"

"I have given notice of a third amendment and that has not been circulated. Perhaps there has been some delay in the office. I shall move that also, namely :—

'Provided still further that for purposes of this Act, the land revenue payable by a person in one capacity shall not be added on to the revenue payable by him in any other capacity or capacities.'

These are the amendments that I want to move.

SRI G. GOVINDAN :—"I second the amendment, Sir."

SRI M. NARAYANAN NAMBIAR :—"I move—

'Add at the end of the provisos to item (b) the following proviso :—

"Provided further that the landlord is not liable to pay any surcharge in respect of lands granted on Mulgani or Kayamgani or Balagani or such other tenure which are all of a permanent character in the district of South Kanara."

SRI K. T. SREEDHARAN :—"I second the amendment, Sir."

MR. SPEAKER :—"Clause 2 and the amendments are before the House for discussion."

SRI M. NARAYANA KURUP :—"Sir, a little amendment in this Bill has become necessary only because the order was changed from the original Bill. The House will remember that it was remitted to a Select Committee which considered all the points and

[Sri M. Narayana Kurup] [10th May, 1954]

redrafted the Bill. There the provisions of the particular sections were incorporated in regard to the lands to which the Malabar Tenancy Act was applicable. Now they have all been jumbled together and that is why these amendments have become necessary. Even the difficulty with regard to South Kanara has been now practically removed because of the Government amendment. It is only to safeguard the petty kudiyruppu-holders of Malabar, that I have moved this amendment. This is bodily taken without any change from the original Bill that was accepted by the Select Committee.

"Sir, I wish to clear a misapprehension that the tenants will go free and the landlords will have to pay. Here in these cases, it affects the tenants who are liable to pay fair rent. It is explained that in one case, the tenant pays revenue to the landowner and in another case, there is no such liability. Therefore, he cannot be made liable, unless he were an independent pattadar. Now, what would happen, as has been referred to by Mr. Pai, is that there will be a tendency on the part of landlords to shift their burden on the petty tenants who do not come under the definition landlord and who do not pay not only Rs. 500 but even Rs. 5. It is to remedy this anomaly that I have given notice of my amendment. This proviso that is now before the House was taken from the original Bill which was redrafted after due consideration. Therefore, I request that the Government may be pleased to accept this amendment; otherwise, they will be taxing persons in Malabar who pay a revenue of only Re. 0-8-0 or Re. 1."

SRI V. R. KRISHNA AYYAR :—"Sir, Mr. Kurup's amendment; I warmly endorse, but I feel that something more has been incorporated in the other amendment that has been moved by Mr. Krishnan here. The point simply is this: The object of the Surcharge Bill is to tax land-owners or proprietors of land who pay assessments above a certain limit. What happens is that on account of the Malabar Tenancy Act, for dry lands and punam cultivation, the fair rent itself is so many times the assessment of the land. In respect of dry lands, it is three times, and for punam cultivation—a kind of fugitive cultivation—it is twice the assessment and in certain other cases, it is so much of the land revenue. Here creeps in the notion about fair rent. What is payable as fair rent? Since it is fixed with reference to the land revenue or assessment on the land; if this surcharge is to be tacked on, that would mean an oppressive increase in the fair rent that has to be paid by the tenant. This surcharge is based upon the ability of the landlord who is getting a large income to pay, I therefore, suggest that this liability to pay the surcharge upon the landlord may not indirectly get into the calculation of fair rent and be saddled upon the tenant. That can be achieved only by one process, and that is by laying down that land assessment or land revenue may not include surcharge. That is why the amendment of Mr. Krishnan expressly sets out and explicitly mentions that surcharge under this Act shall never be payable by or recoverable from the tenants or even sub-tenants who might be the cultivators.

[Sri V. R. Krishna Ayyar]

"Another amendment is that moved by Mr. Padmaprabha Gounder and that also I consider as a sensible amendment which requires to be incorporated. The basis of that amendment is this: In Wynaad, there are big European plantations and estates—a few hundred acres may be the minimum and a few thousand acres the average size. In such cases, the European planters have taken the lands on a 99-year lease. The pattadar gets from such lands only two annas and four annas per acre. So the pattadars get only a nominal rent and the large income derived from the land, a substantial income, an absolute income is taken away by these estate-holders and planters. The landlord has just a nominal right. The estate which still vests in the landlord is subject to a 99-year old lease with the result that the only interest the landlord has in these lands is that he gets a bare rent of a few annas per acre. If he is called upon to pay this surcharge, that might be unfair and inequitable, particularly because the major income, the huge income is derived by the planters. Virtually they are the proprietors, because they have got a perpetual lease. The amendment seeks to impose the liability of such surcharge upon such planters and they should not be exempted. Obviously, they should not be because they are the virtual proprietors of land. There is no point in asking the token proprietor to pay the surcharge because the rent that he gets from the planters is very meagre."

SRI R. KRISHNAN :—"മിസ്റ്റർ സ്പീക്കർ, സർ, എന്റെ ഈ ഭേദഗതിയെ അനുകൂലിച്ചുകൊണ്ടു ശ്രീ കൃഷ്ണയ്യർ അതിന്റെ ഉദ്ദേശം നല്ലപോലെ വ്യക്തമാക്കുകയുണ്ടായി. മലബാറിലെ ഭൂവ്യവസ്ഥിതി ഒരു പ്രത്യേക തരത്തിലുള്ളതാണെന്നു വ്യക്തമാക്കപ്പെട്ട മന്ത്രിമാർക്കുമറിയാം. മറ്റുള്ള മെമ്പർമാർക്കുമറിയാം. മലബാറിൽ ഒരു ജന്മിയുടെ കീഴിൽ ധാരാളം കുടിയാന്മാരുണ്ടാവും. നിലവിലുള്ള നികുതിയും മേലാൽ വാർഷികീകാ വുന്ന സകല നികുതിയും കൊടുത്തുകൊള്ളാമെന്നു കാണുകുടിയാന്മാരിൽനിന്നുണ്ടാകുന്ന ജന്മിമാർ ചാത്തു് ആധാരത്തിൽ എഴുതി വാങ്ങിയിട്ടുണ്ടു്. അന്വർത്തിക്കുന്നവരെ അറുപതിനായിരമോ ചുറ്റുമ്പക നികുതി ജമയുള്ള ജന്മിമാരുണ്ടു്. നികുതി കാണുകുടിയാന്മാരായിരിക്കും കൊടുക്കുക. കാണുകുടിയാൻ കൈവശം വെച്ചുവരുന്ന ഭൂമി ചുരുങ്ങിയ അളവിലുള്ളതാണെങ്കിലും ജന്മിയുടെ ജമ ഓഫററി വെച്ചുകൂടാ സ്ഥിതിക്കു ഈ സൂചിപ്പു് കാണുകുടിയാന്റെ തലക്കാണ് വീഴുന്നതെന്നുള്ളതിന്നു സംശയമില്ല. ഏതുവിധേനയും നികുതി ഭാരം കുടിയാന്മാരുടെ തലയ്ക്കുവെച്ചിട്ടു ഒഴിയാനുള്ള കരുതാണ് ജന്മിമാർ എടുക്കുക. നാം കഴിഞ്ഞ പ്രാവശ്യം പാറാക്കിയ മലബാർ ടെനൻസി ആക്റ്റിനെത്തന്നെ തുരങ്കം പറ്റാത്ത ഒരു സകല പണിയും നോക്കിക്കൊണ്ടിരിക്കുകയാണ് അവിടത്തെ ജന്മിമാർ. ഒരു മലയാളി മന്ത്രിയുണ്ടായിരുന്നെങ്കിൽ ഈ കാര്യങ്ങൾ ഗവണ്മെന്റിനു എടുപ്പത്തിൽ മനസ്സിലാക്കായിരുന്നു. മലയാളി മന്ത്രിയില്ലെങ്കിൽതന്നെയും മനസ്സിലാക്കാൻ അത്ര പ്രയാസമുള്ള ഒരു കാര്യമല്ല ഇതു്. കൂടുതലൊന്നും പറയേണ്ട ആവശ്യമില്ലെന്നു തോന്നുന്നില്ല. ഈ ഭേദഗതി സ്വീകരിക്കണമെന്നു അഭ്യർത്ഥിക്കുന്നു."

SRI M. K. PADMAPRABHA GOUNDER :—"Sir, it is my object that big plantations like the E. & S., the Malayalam Plantations, etc., who own hundreds and thousands of acres of land under 99-year lease and pay two annas and four annas per acre as land rent should pay the surcharge. The jenmis should be exempted from the surcharge for the reason that when they get two annas or so as land rent, they have to pay about one rupee, eight annas or so as surcharge. In such cases, the jenmis have no alternative but to give their jenmam rights to the planters but planters refuse to purchase the janmam right even if the janmis' right is offered

[Sri M. K. Padmaprabha Gounder] [10th May 1954]

free because the second party known as janmi will shoulder the burden of paying the surcharge otherwise. By adding this clause, only capitalist planters will be affected. Not only that, Government can very easily recover from the holder such surcharge without any trouble. If this change is not brought about, a planter who holds 5,000 acres escapes payment of the surcharge, the janmi has to pay a surcharge of about Rs. 7,500 and at the same time, his return as land rent will be Rs. 156 to Rs. 312 so that there is no justification for collecting the surcharge from the janmis. The alternative for the janmi will be only to assign the lands to the Government known as kammi, which will help neither such tenant nor the janmi. In certain cases, there are devasthanam lands whose ooralan on behalf of devasthanam will have to pay the surcharge to the Government. If such assignment to the Government is effected, there will be trouble not only from the Hindu Religious Endowments Board but also from the public interested in devasthanams. It is only to avoid such inevitables, I have moved my amendments."

SRI T. ANANTA PAI :—" Mr. Speaker, Sir, the amendment moved by Mr. Krishnan seems to be very restrictive in its scope because it speaks only of conditions in Malabar whereas the amendment moved by Mr. Narayana Kurup covers the whole State and parts of South Kanara. The object of these amendments is to prevent the load from being passed on to the tenants and to make the landlords themselves responsible for the payment of the surcharge. So far as the amendment accepted by the Hon. the Minister for Land Revenue is concerned, it imposes the surcharge on particular types of tenants. The main proposition before the House is that the load should not be passed on to the tenants and I am sure the Government will consider it very sympathetically."

SRI P. S. KRISHNASWAMI AYYANGAR :—" Mr. Speaker, Sir, I want to say a word on my amendments. The first amendment seeks to postpone the evil effects of transfer at least for a fasli. When a sale has been effected under the Transfer of Property Act, the buyer from the date of sale becomes liable to bear the public charges of land revenue. A fraudulent transfer may be effected and by means of such fraudulent transfer, the seller who may otherwise be liable to pay the surcharge may escape from that liability. To avoid the evil effect of such a transfer, it is stated in the first amendment that until transfer of a patta in the name of the transferee is effected, both of them will be considered joint pattadars or joint-holders of the land, thereby meaning that both of them will be liable to pay the land revenue on that land. This is only advantageous to the Government as it will avoid the immediate evil effects of a fraudulent transfer and the Government should have no objection in accepting this amendment."

"The other two amendments give the general principles or the substantive law from which illustrations in clause 3 should flow. It has been accepted that illustrations should flow from the general principle or substantive law that will have to be enunciated in the

[10th May 1954] [Sri P. S. Krishnaswami Ayyangar]

body of the clause. Illustration (1) says that each of the joint pattadars will be considered to be liable to pay the entire land revenue entered in the patta and my second amendment serves as the basis for the first illustration, which may be accepted by the Government."

"My third amendment is also to the same effect. The second amendment deals with the liability of a guardian of a minor to pay the surcharge. When he serves in two capacities—one on his own account and the other as guardian—the land revenue payable in these two capacities should not be clubbed together and that is what is stated in illustration (2). Then suppose he functions as trustee with regard to different institutions. Even in such cases, all the land revenue that he may pay in respect of the trusts should not be clubbed together for purposes of this surcharge and it is to serve as basis for these illustrations that I propose my amendments. I request the Government to accept my amendments."

SRI T. C. NARAYANAN NAMBIAR :—" Sir, my friend, Mr. Pai, while speaking of the amendments before the House was saying that the amendment of Mr. Kurup is applicable to the whole State. (The Hon. Sri C. Subramaniam: 'We are accepting it') In this connexion, I rise to clarify one point. Of course, Mr. Kurup's amendment covers the whole State. But my hon. Friend, Mr. Kanaran's amendment and similar ones are more helpful as far as Malabar is concerned. Mr. Kurup's amendment again deals with contracts and it has been explained by Mr. Krishna Ayyar that in cases of contracts if the land revenue is increased, the tenant will have to pay it. This position is met by Mr. Kurup in his amendment. But there is another question. Take for instance *punam* cultivation. In this case, the *punam* rent is in proportion to the land revenue assessment. As far as this is concerned and also in regard to dry lands where three times the land revenue constitute fair rent, if Mr. Kanaran's amendment is not accepted, then the surcharge will be added on to the land revenue assessment by the landlord and the tenant will have to pay fair rent based on this increased land revenue. This is contrary to the principle enunciated in the Malabar Tenancy (Amendment) Act and that is why I would request the Government to accept Mr. Kanaran's amendment."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Mr. Speaker, Sir, as pointed out by the hon. Member Sri Ananta Pai, I accept the amendment moved by the hon. Member Sri Narayana Kurup which is of a general nature. As regards the amendment moved by the hon. Member Sri Padmaprabha Gounder, I am not accepting it because it is not on a par with the amendment moved by hon. Member Sri M. Narayana Nambiar. We cannot be making allowances for all these things. We are looking forward for extra revenues by the levy of this surcharge. Therefore, I oppose it. As regards the amendments moved by the hon. Member Sri Krishnaswami Ayyangar, he wants to make some meticulous arrangements

[Sri M. A. Manickavelu Naicker] [10th May 1954]

by his meticulous amendments between the transferor and the transferee. We can only take into account persons who are liable to pay the tax when the Act actually comes into force. Therefore, I oppose it. As regards his other amendment, the illustration under clause 3 makes the matter quite clear. We need not further complicate it by further explanations.

"Therefore, Sir, I accept only the amendment of the hon. Member Sri M. Narayana Kurup and oppose all others. That will be an additional proviso to the proviso that I have already moved. The amendment now moved by the hon. Member Mr. Narayana Kurup is one which was accepted by the Select Committee after elaborate discussion."

SRI K. PARTHASARATHY :—"Sir, on a point of information. The hon. Member Sri Rangaswami Reddiar pointed out a difficulty from illustrations (1) and (2) in the case of joint pattadars. What is the basis on which this surcharge is to be levied? There is no indication about it in the clause. There is no indication about it even in the definition of landholders. Suppose a joint patta is held by individuals A, B and C. How are they to be held liable to pay this surcharge? For what amount are they to be surcharged? That point has not been replied to by the Hon. Minister."

THE HON. SRI M. A. MANICKAVELU NAICKER :—"As regards the question raised just now, evidently the hon. Member was not present here when we passed the clause with suitable amendments. Therefore that point does not arise now."

SRI T. C. NARAYANAN NAMBIAR :—"On a point of order, Sir. According to me, I have raised a very pertinent point and I explained my point also. I am entitled to know from the Hon. Minister and from the Leader of the House and the Treasury Bench whether my point stands or not; whether it will not adversely affect the tenants contrary to the spirit of the Malabar Tenancy (Amendment) Act. That point was not at all met, Sir."

THE HON. SRI M. A. MANICKAVELU NAICKER :—"So far as Malabar is concerned, we have incorporated necessary special provisions. We do not want to further complicate the already complicated Malabar Tenancy Act. I have accepted the general amendment of the hon. Member Sri Narayana Kurup. As I said we decided to have it even in the last Select Committee. The point raised by the hon. Member was also raised then, and discussed elaborately. Therefore, I am not able to accept any further amendments."

10th May 1954]

MR. SPEAKER :—"I will read the amendment of hon. Member Sri Narayana Kurup which has been accepted by Government so that it may be of use to the House in passing the clause. The question is—

'In sub-clause (b), after the proviso, insert the following further proviso :—

"Provided further that no person who is liable to pay the surcharge under this Act shall by reason of any contract with his tenant be entitled to recover the whole or any portion of the surcharge from such tenant." "

The amendment was put and carried.

The amendments of the hon. Member Sri Krishnaswami Ayyangar were, by leave of the House, withdrawn.

The amendment of Sri M. Narayanan Nambiar was, by leave of the House, withdrawn.

MR. SPEAKER :—"Is the hon. Member R. Krishnan withdrawing his amendment?"

SRI R. KRISHNAN :—"I press my amendment, Sir."

MR. SPEAKER :—"The question is—

'Add at the end of the proviso to item (b) of clause 2 the following further proviso :—

"Provided further that no tenant or sub-tenant within the areas where the Malabar Tenancy Act applies shall be liable to pay the surcharge under any contract or otherwise nor shall any sum be recoverable from such person by the landlord on the basis of any contract or other source of liability." "

The amendment was put and lost.

MR. SPEAKER :—"Is the hon. Member Mr. Padmaprabha Gounder pressing his amendment?"

SRI M. K. PADMAPRABHA GOUNDER :—"I think the Hon. Minister has not understood the position."

MR. SPEAKER :—"Are you withdrawing your amendment or pressing it?"

SRI M. K. PADMAPRABHA GOUNDER :—"There is no use in pressing it. I therefore, withdraw it."

The amendment was, by leave of the House, withdrawn.

MR. SPEAKER :—"Now, I will put the Government amendment to the vote of the House. The question is—

'Add after the proviso to item (b), the following :—

"Where any lands including cultivated lands are in the possession of a walawargadar, kayamgenidar, permanent tenants or mugeni tenant, he shall be liable to pay the surcharge in respect of those lands, notwithstanding any contract to the contrary." "

[10th May 1954

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ A slight verbal alteration is necessary, Sir. Instead of ‘ permanent tenants ’, it may be read as ‘ permanent tenant ’. It should be singular and not plural.”

MR. SPEAKER :—“ The question is—

‘ Add after the proviso to item (b), the following :—

“ where any lands including cultivated lands are in the possession of a walawargdar, kayamgenidar, permanent tenant or mulgeni tenant; he shall be liable to pay the surcharge in respect of those lands, notwithstanding any contract to the contrary.” ”

The amendment was put and carried.

Clause 2 as amended was put and carried.

Clause 1 and the Preamble were put and carried.

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Sir, I beg to move—

‘ That the Bill as amended be passed into law.’

“ I do not want to make a speech now. We have already discussed the matter elaborately. I thank the hon. Members for co-operating with the Government in getting through this measure.”

MR. SPEAKER :—“ The question is—

‘ That the Madras Land Revenue (Surcharge) Bill, 1954, as amended be passed into law.’ ”

The motion was carried and the Bill as amended was passed into law.

THE MADRAS GENERAL SALES TAX (DEFINITION OF
TURNOVER AND VALIDATION OF ASSESSMENTS)
BILL, 1954.

Tuesday, 11th May 1954.

The House met in the Assembly Chamber, Government Estate, Mount Road, Madras, at eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

THE MADRAS GENERAL SALES TAX (DEFINITION OF TURNOVER AND VALIDATION OF ASSESSMENTS) BILL, 1954.

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Sir, I beg to introduce the Madras General Sales Tax (Definition of Turnover and Validation of Assessments Bill^a, 1954 and move—
‘ That the Bill be taken into consideration at once.’ ”

SRI M. KALYANASUNDRAM :—“ On a point of order, கனம் சபாநாயகர் அவர்களே, இந்த மசோதாவை நம்முடைய வருவாய் மந்திரி அவர்கள் இங்கு பிரேரித்திருக்கிறார்கள். அதை இந்த சபை ஆலோசனைக்கு எடுத்துக் கொள்ளக்கூடாது என்பது என் அபிப்பிராயம். காரணம் அரசியல் சட்டம் அதற்கு இடந்தரவில்லை. அதற்கு மூன்று காரணங்கள் இருக்கின்றன. ஒவ்வொன்றாகச் சொல்லுகிறேன். முதலாவது, ஹைகோர்ட்டில் ஜஸ்டிஸ் ராஜகோபாலன், ஜஸ்டிஸ் சத்தியநாராயண அவர்களால் தீர்ப்பளிக்கப்பட்ட தீர்ப்பை மீறுவதற்காகவே இந்த மசோதாவானது கொண்டுவரப்படுகிறது. இந்தத் தீர்ப்பில் சொல்லப்பட்டிருக்கின்ற முக்கியமான அம்சம் என்ன வென்றால், நம்முடைய ராஜ்யத்திலோ அல்லது எந்த ராஜ்யத்திலோ சட்டப்படி அதிகாரம் இல்லாமல் வரி வசூலிக்க உரிமைகிடையாது. இவ்வாறு அரசியல் சட்டத்தில் கூறப்பட்டுள்ளது. ஆகையால் இவர்கள் இப்படிக் கொண்டுவருவதால் அரசியல் சட்டம் பாதிக்கப்படுகிறது. இந்திய அரசியல் சட்டத்தின் 265-வது ஷரத்தில் இதுபற்றி தெளிவாகச் சொல்லப்பட்டிருக்கிறது ;

‘ No tax shall be levied or collected except by authority of law. ’

இப்படி கான்ஸ்டிடியூஷன் சட்டத்தில் தெளிவாகக் கூறியிருந்தும் இந்த மசோதாவைக் கொண்டு வருவது முறையல்ல. அப்படி வரி வசூலித்ததும் முறை அல்ல என்பதைத் தெரிவித்துக்கொள்ளுகிறேன். இது அரசியல் சட்டத்தை அவமதிப்பதாகும். அப்படி அவமதித்தும் இந்த மசோதா கொண்டு வரப்படுவதன் அர்த்தம் என்ன ? அரசாங்கத்தார் 1950-ம் வருஷத்திலிருந்து வியாபாரிகளிடமிருந்து சட்டத்திற்கு விரோதமாக விற்பனை வரியை வசூலித்து வந்திருக்கிறார்கள். அதாவது அவர்கள் செலுத்திய வரியையும் சேர்த்து விற்பனை வரி வசூல் செய்திருக்கிறார்கள். ஆகவேதான் இது சட்டத்திற்கு விரோதமாக இருந்தாலும், இப்பொழுது இதை சட்டமாக்கிவிட மசோதா கொண்டு வந்திருக்கிறார்கள். அதை இங்குள்ள அங்கத்தினர்களை ஆதரிக்கும்படியும் கேட்கிறார்கள். ஆனால் சட்டமாக்குவதற்கு அதிகாரமில்லை.”

MR. SPEAKER :—“ சட்டமாக்குவதற்கு கொண்டுவரப்பட்டிருக்கிறது. We are going to give the necessary authority. When the Governor passes an Ordinance, do we not ratify it later ? ”

SRI M. KALYANASUNDRAM :—“ அப்படிச் சட்டமாக்குவதற்கு அரசியல் சட்டத்தில் இடமில்லை என்பதைத்தான் நான் இங்கு எடுத்துக் கூறுகிறேன். அரசியல் சட்டத்தின் 265-வது விதிப்படி இந்தச் சபை அதிகாரப்படி சட்டமில்லாமல் வரி விதிக்க முடியாது. Authority of Law வேண்டும்.”

MR. SPEAKER :—“ முன்பு நடந்தது இறந்தகால விஷயமாயிற்றே.”

SRI M. KALYANASUNDRAM :—“ இறந்தகால விஷயமானால் மட்டும் எப்படி செய்ய முடியும் ? ஆகவேதான் இந்தச் சபைக்கு அதிகாரமில்லை என்கிறேன்.”

MR. SPEAKER :—“ ஸ்பெஷல் ஆர்டினன்ஸ் வந்தால் நாம் ratify செய்யவில்லையா ? ”

SRI M. KALYANASUNDRAM :—“ ஸ்பெஷல் ஆர்டினன்ஸ் செய்திருக்கலாம். அது வேறு ; இது வேறு. இதற்கு அதிகார பூர்வமான சட்டம் வேண்டும். அப்படியில்லாவிட்டால் அதை யாரும் பாதிக்கப்படாமல் ஒழுங்குபடுத்த வேண்டுமென்று சட்டம் சொல்லவில்லை. எதிர்காலத்தையும் பொறுத்திருக்க வேண்டும். ஆகவே அரசியல் சட்டத்தை மீறி இந்த கடந்தகால வரி வசூல்களை ஒழுங்குபடுத்த ஒரு சட்டம் கொண்டு வருவது சட்டமாகாது, இந்தச் சபையிலும் செல்லுபடியாகாது என்பது என்னுடைய முதல் ஆட்சேபனை.”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Sir, I sympathise with the Deputy Leader of the Opposition for the peculiar stand he has taken because he is new to parliamentary life. He has not yet become fully conversant with the ways in which these Bills are dealt with. It is a well-known thing that when a court points out any defect in the working of a piece of legislation, it may even border on illegality, then remedial measures are taken. It is only to remedy such defects as have been pointed out by the High Court that this piece of legislation is being proposed now. It seeks only to regularize something which has not been done according to law. That is what this Bill contemplates ; and with regard to the future, we do not propose any action though in that matter also we have power to legislate.”

THE HON. SRI C. SUBRAMANIAM :—“ Sir, the question is one of jurisdiction of this House. We often undertake legislation providing for retrospective effect. It is a well-settled principle of law that we can have retrospective legislation and this is done only when defects are pointed out in any law already in force. For example, the Validation of Non-conforming Marriages Bill itself is a retrospective legislation which was undertaken on account of certain defects pointed out by the Courts. It is nothing against the dignity or the decision of the Court as such. This Legislature is a sovereign body and is entitled to legislate even with retrospective effect. That is not barred by the Constitution. I am sorry that the Deputy Leader of the Opposition should have taken this stand with reference to the powers of this House.”

SRI M. KALYANASUNDRAM :—“ கனம் சபாநாயகர் அவர்களே, நான் சொன்ன ஆட்சேபணக்கும் இதற்கும் சம்பந்தமில்லை. இந்தச் சபைக்கு அதிக அதிகாரம் கொடுக்கப்படவேண்டுமென்பதுதான் எங்களுடைய அவாவும். ஆனால் என்னுடைய ஆட்சேபனை என்னவென்றால், இந்தச் சபைக்கு இதைக் கொண்டுவர அதிகாரமில்லை என்பதுதான். நிதி மந்திரி அவர்கள், ‘சுயமரியாதைக் கலியாணத்தை ஒழுங்கான சட்டம் ஆக்கவில்லையா,’ என்று அந்த அதிகாரத்தைச் சொல்லுகிறார். அந்த திருமண விஷயத்தை நான் எதிர்க்கவில்லை. அது வேறு. ஆனால் வரி சம்பந்தமாக விதி செய்வதற்கு இந்தச் சர்க்காருக்கு அதிகாரம் இல்லை என்பதுதான் என்னுடைய ஆட்சேபனை. அரசியல் சட்டத்திலே . . . ”

[11th May 1954]

MR. SPEAKER :—" We have power. It is a principle which all Legislatures follow. "

SRI M. KALYANASUNDRAM :—" நமது வருவாய் மந்திரி அவர்கள் எனக்கு அனுபவம் இல்லை என்று கூறினார். எனக்கு அனுபவம் இருக்கிறது, இல்லாதது என்பதுபற்றி நான் கவலைப்படவில்லை. அதை நான் வரவேற்கிறேன். ஆனால் அவர் செக்ரட்டரிகளின் அனுபவத்தை வைத்துக் கொண்டு பேசக்கூடாது. அப்படி பேசினால் இவ்வாறுதான் நடக்கும். என்னைப் பொறுத்தவரையில் யாருடைய உதவியும் இல்லாமல் என்னுடைய சுய முயற்சியாலேயே பேசுவதில் எனக்கு மகிழ்ச்சியே. இதை கனம் நிதி மந்திரி அவர்கள் முக்கியமாகத் தெரிந்துகொள்ளவேண்டும். "

THE HON. SRI C. SUBRAMANIAM :—" Secretaries are competent to advise and if you only know what valuable advice they give, you will appreciate their views. Because the hon. Member does not have access to any Secretary, he is making that allegation. "

SRI M. KALYANASUNDRAM :—" கனம் சபாநாயகர் அவர்களே, இப்பொழுது அவர்களுடைய யோசனையின்படித்தான் இந்த மாதிரியாக ஒழுங்கு செய்யும்படியான நிர்ப்பந்தம் வந்திருக்கிறது. இப்பொழுது என்ன தவறு ஏற்பட்டிருக்கிறது என்று பார்ப்போம். ஹைகோர்ட் கூறியுள்ள தீர்ப்பை நிராகரித்து இந்தச் சட்டம் கொண்டுவரப்படுகிறது என்றாலும் பரவாயில்லை. சேல்ஸ்-டாக்ஸ் அபெலட் டிரிப்யூனல் இந்தப் பிரச்சினைபற்றி தெளிவுபடுத்த தீர்ப்பு செய்திருக்கிறது. அதன்படியும் இம்மாதிரி வசூல் செய்வது தவறு என்று தீர்ப்பு வந்தது. மேல்கோர்ட்டுக்கு அப்பீல் கொடுக்க வேண்டுமென்றுசொன்னார்கள். இதை வியாபாரிகள் செய்தார்களா? இல்லை. சர்க்காரே அவர்கள் மேல் குற்றஞ் சாட்டி மேல்கோர்ட்டுக்கு இப்பிரச்சினையை அனுப்பியது. இது நியாயப்படி தவறு. இந்த முறையிலும் சர்க்கார் நியாயமாக நடந்து கொள்ளவில்லை. அப்படியிருந்தும் மேல்கோர்ட்டில் சர்க்காருடைய முறையை தவறு என்றே விளக்கி தீர்ப்புக் கொடுக்கப்பட்டது. 1939-ம் வருஷத்திய 3-வது பிரிவைப் பற்றி ஹைகோர்ட் தெளிவாக எடுத்துக் கூறிற்று. ஒழுங்குபடுத்துவதுபற்றி நாங்கள் ஒப்புக் கொள்ளுகிறோம். ஆனால் ஹைகோர்ட்டின் நேரிடையான தீர்ப்புக்கும் முரணாக இந்த வரி வசூலிக்கும் முறையை ஒழுங்குபடுத்துவது அரசியல் சட்ட விரோதமானது என்பது என்னுடைய இரண்டாவது ஆட்சேபணை. "

" அதோடு கூட நம்முடைய அரசியல் சட்டத்திலே சில அனுகூலங்களும் இருக்கின்றன. அதன்படி நம்முடைய நிர்வாகம் பெரும்பாலும் மூன்று ஸ்தாபனங்களாகப் பிரிக்கப்பட்டிருக்கிறது. (1) நியாய (Judicial) ஸ்தாபனம், (2) நிர்வாக (Executive) ஸ்தாபனம், (3) சட்டசபை (Legislature) என்று மூன்று விதமாகப் பிரிக்கப்பட்டிருக்கிறது. இந்த மூன்றாவது ஸ்தாபனம் நிர்வாக ஸ்தாபனத்தின் உதவியாலும், நியாய ஸ்தாபனத்தின் உதவியைக் கொண்டும் இயங்கிக் கொண்டு வருகிறது. ஆகவே இப்பொழுது கனம் மந்திரி அவர்களால் கொண்டுவரப்படும் இந்தத் திருத்த மசோதாவை நாம் நிறைவேற்றினால் நாம் அந்த இரண்டு ஸ்தாபனங்களையும் நிராகரித்தவர்களாவோம். அதோடு அபெலட் டிரிப்யூனல் செய்த முடிவுகளையும், உத்தரவுகளையும் நிராகரித்தவர்களாவோம். அந்த நிலைமை ஏற்படக்கூடாது. இந்த மசோதாவை நிறைவேற்றுவதில் Natural principle of jurisdiction முறையைக் கைப்பற்றி அந்த முறையில் நிறைவேற்ற வேண்டும். ஆகவே இப்பொழுது ஒழுங்கு செய்யப்போவதாக கொண்டுவரப்படும் மசோதா அந்த முறையில் இல்லை என்பது என்னுடைய ஆட்சேபணை. "

MR. SPEAKER :—" I think at the outset I straightway told the House that we have powers to legislate this measure. "

[11th May 1954]

THE HON. SRI C. SUBRAMANIAM :—" May I add without casting any aspersion on the Judiciary as such we have powers to enact this piece of legislation? "

SRI M. KALYANASUNDRAM :—" அதோடு ஷரத்து 14-இன் கீழ் உள்ள பிரிவுப்படி வியாபாரிகள் மீது குற்றம் சாட்டுவது தவறு. தவிர இங்கு குறிப்பிட்ட சில வியாபாரிகள் சர்க்காருக்கு எதிராக வியாஜ்யம் செய்து ஹைகோர்ட்டு வரை போய் இந்த வரி வசூலித்தது தவறு என்ற முறையில் முடிவுகளைப் பெற்று வந்திருக்கிறார்கள். அந்த முடிவுகள் பலன் என்னவது? அவர்களுக்கும் இதனால் எதிர்த்துப் போராட உரிமையிருக்கிறது. அப்படிப்பட்டவர்கள் ஹைகோர்ட்டுக்குச் சென்றாலும் அவர்களுக்குச் சாதகமான உரிமை கொண்டாடும் தீர்ப்பே கிடைக்கும். ஆனால் இப்போது கொண்டு வந்துள்ள இந்த மசோதாவை நிறைவேற்றினால் அவர்களுக்கு அந்த உரிமை எல்லாம் போய்விடுகிறது. பன்னர் இந்த மசோதாவின் கீழ் வரக்கூடிய வியாபாரிகள் ஹைகோர்ட்டுக்குப் போகமுடியாமல் போய்விடும். ஆகவே இந்தப் பிரச்சினைகள் எல்லாம் குறுக்கே இருப்பதால் தான் இப்பொழுது இந்த மசோதாவைக் கொண்டுவருவது அரசியல் சட்டத்தின் 14-வது பிரிவுப்படி தவறு என்பதை எடுத்துக் காட்டுகிறேன். இப்பொழுது இதை நிறைவேற்றக்கூடாது என்பதே என்னுடைய மூன்றாவது ஆட்சேபணை. "

THE HON. SRI C. SUBRAMANIAM :—" I think it is the peculiar privilege of lawyers to argue on a point whether it is one with which they are concerned or not. But I am sorry the hon. the Deputy Leader of the Opposition has taken the role of a lawyer. I would request him not to copy the role of a lawyer with whom he is associated. I am trying to shed that mentality of a lawyer so long as I am functioning here as a legislator. We cannot put on the role of a lawyer here and argue indefinitely on things which are irrelevant to the subject with which we are concerned. Of course, it is a job for the lawyers practising in courts to go on arguing indefinitely on things which are quite unrelated to the subject with which they are concerned. But we cannot question them because that is their profession. So long as we are functioning here in this House as legislators, I think we should endeavour as far as possible to confine ourselves to the relevant points with which we are concerned and not go on dilating on things which are quite irrelevant to the subject under discussion. We should try to talk on subjects which are relevant to the Bill under discussion. "

MR. SPEAKER :—" The Hon. Minister for Land Revenue may now proceed with his Bill. "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, it has been the practice in the Commercial Taxes Department, in assessing a dealer to tax under the Madras General Sales Tax Act, to include in his turnover amounts collected by him by way of tax under the Act. In its judgment, dated 7th January 1954, the Madras High Court has held that such assessments and levy are ultra vires in so far as they are based on inclusion in the turnover, of amounts collected by way of tax. The assessments and levy were made in good faith and have to be legalized. It is, at the

[Sri M. A. Manickavelu Naicker] [11th May 1954]

same time, proposed to accept, with effect from 1st April 1954, the statement of the law made by the High Court and not to include in the turnover of a dealer, for purposes of assessment, amounts collected by way of tax subsequent to the 1st April 1954.

“ Sir, the reason why we have not included in the Bill the period from January to March is that they relate to transactions which are already over. If we want to apply the principle enunciated by the High Court to those transactions also, it will amount to affecting all closed up transactions. That means it will not only affect the particular deal effected but the turnover amount also because in collecting the tax, the turnover amount was also taken into account and the assessment proceeded upon. Some of the assesseees may not be in the country. They would have left the country. Some would have been dead. And we have to go in search of their legal heirs. All these practical and administrative difficulties will crop up if we include the three months. That is why we have excluded the three months from January to March. We are giving effect to the judgment from 1st April 1954. We are giving retrospective effect in respect of this brief period of three months, because otherwise it will involve a lot of administrative difficulties, which I have pointed out earlier.

“ With these words I commend this Bill to the acceptance of the House.”

MR. SPEAKER :—“ Motion moved—

‘ That the Madras General Sales Tax (Definition of Turnover and Validation of Assessments) Bill, 1954, be taken into consideration at once.’ ”

Mr. K. P. Gopalan may now move his amendment.

SRI K. P. GOPALAN :—“ Sir, I move the following amendment, viz. :—

‘ That the Madras General Sales Tax (Definition of Turnover and Validation of Assessments) Bill, 1954, be referred to a Select Committee.’ ”

Sri S. Deivasigamany seconded the amendment.

MR. SPEAKER :—“ Amendment moved—

‘ That the Madras General Sales Tax (Definition of Turnover and Validation of Assessments) Bill, 1954, be referred to a Select Committee.’

“ The main motion as well as the amendment is now before the House for discussion. Mr. K. P. Gopalan may now speak.”

SRI K. P. GOPALAN :—“ There are two kinds of dealers, viz., the registered and unregistered dealers. The registered dealers keep accounts of whatever goods they sell and at the same time, they keep another account regarding the sales tax they

11th May 1954] [Sri K. P. Gopalan]

collect. The Hon. the Revenue Minister admitted that hitherto Government were collecting the tax on the turnover and on the sales tax also. So a tax is collected on a tax. I submit that that procedure is very illegal and incorrect. I want those Commercial Tax Officers who have collected the tax in that manner to be booked and punished accordingly. Besides there had been a decision of the Sales Tax Tribunal that this method of taxation was incorrect and illegal. Government somehow try to twist things and have come forward with this Bill. Their policy seems to be to do the wrong thing under right cover. I submit that this Bill is totally wrong in principle and is illegal. Moreover my comrade, Mr. Kalyanasundaram, the Deputy Leader of the Opposition, has raised certain legal objections. Therefore I respectfully submit that this Bill be referred to a Select Committee which may go into all the legal complications involved in this measure.”

SRI V. R. KRISHNA AYYAR :—“ Mr. Speaker, Sir, I oppose this Bill and incidentally endorse the motion moved by my friend Mr. Gopalan for certain reasons. The Bill itself is presumably to legalize what has been declared by the High Court as illegal. The point decided by the High Court is neither novel nor one which could not have been anticipated by a reasonably clear legal mind. The point is this. Usually the dealers collect sales tax from buyers. That sales tax is not included in the price of the article. The price of the article cannot reasonably include the sales tax. The Government or the Sales Tax authorities in their desire to enrich the finances of the State included the sales tax collected from buyers also as part of the turnover. Suppose the price of an article is Re. 1 and one anna is the sales tax collected for it from the buyer. If 1,000 such articles were sold the tax was based on the turnover of Re. 1-1-0 $\times$ 1,000 and not Re. 1 $\times$ 1,000. That is how the dealer was taxed. This has been declared illegal by the High Court. The point now sought to be made in this Bill is to declare the High Court's decision null and void so far as collection of tax prior to 1st April 1954 was concerned. One major fact that should appeal to one and all is that the High Court in 1951, that is, three years ago, held the same decision and that is, that sales tax collected on the total turnover was illegal. The Sales Tax Appellate Tribunal took a decision and the Government treated its decision also with scant courtesy. ‘ The dogs may bark, but the caravan will pass on ’ said Sir Samuel Hoare long ago. Our Government are following more or less the same dictum so far as our courts are concerned. They say : ‘ The Appellate Tribunal may decide, the High Court may decide, but we will carry on as we like so long as we have a majority.’ The contumacious attitude of the Government in bringing forward this Bill appears to me to be condemnable. The Appellate Tribunal, as early as 1951, decided that the sales tax collected by a dealer should not be included in calculating the turnover. The Appellate

[Sri V. R. Krishna Ayyar] [11th May 1954]

Tribunal is the highest judicial authority appointed by the Government to decide questions relating to sales tax on appeal, subject of course to the general superintendence of, and appeal against its decision to, the High Court. When such an authority has given a decision, it is the duty of any law-abiding citizen and much more the duty of a Government constituted under the Constitution to abide by the decision and issue instructions to the Commercial Tax authorities not to collect tax on sales tax, which amounts to double taxation. Instead of abiding by that decision, the Government appealed to the High Court. The High Court's decision upheld the view of the Tribunal. The Government had to implement the decision of the High Court, as otherwise serious consequences would follow. Till the High Court gave its decision, the Government did not implement the decision of the Appellate Tribunal and this is highly reprehensible. That shows that the Government in this State are treating the judiciary with scant courtesy.

"The High Court's decision is obviously a declaratory decision. It has declared that the inclusion of sales tax collected by a dealer for calculating his turnover is illegal. Instead of giving effect to that decision, the Hon. Minister says that he is going to legalize an illegal act and give effect to that decision from 1st April 1954. When the Government have suffered a defeat in the High Court, to bring forward a Bill and say that this will validate what has been found to be wrong by the High Court will undermine the people's confidence in the judiciary. I submit that this will shake the very foundations of the faith of the people in the system of justice in this country. This is a very vicious precedent which should not be adopted or condoned by this House.

"Yet another point. Let us see intrinsically what the position is. A large number of dealers have filed appeals. Some of them are pending before the Appellate Tribunal and some before the High Court. The appellants are entitled to the benefit of the law as it stood at the time of the appeal. Pending appeals will be affected by this Bill. This is an improper and unreasonable restriction on the dealers to go to the courts. A fair and straightforward method would be for the Government to take the matter to the Supreme Court. Let them go to the Supreme Court if they have faith in the Constitution and if they feel that what they do is right. Obviously, they do not do that. So they are adopting this back-door method or taking the devious route to legalize what has been found to be an illegal levy.

(At this stage, the Deputy Speaker took the Chair.)

"I submit that the sales tax collected by a dealer should not be included in calculating his turnover. What the Sales Tax Act contemplates is that a dealer collects the tax as an agent of the Government and transfers the amount *in toto* to the Government. What the Government now do is to collect from the dealer not only

[Sri V. R. Krishna Ayyar] 11th May 1954]

the sales tax that he has collected from the consumers, but also to ask him to pay something more from his own pocket. I therefore commend to this House the rejection of this Bill.

"Whatever be the views of the Ministry regarding lawyers, I submit that lawyers have developed the healthy habit of looking at things in the proper perspective, which habit I commend for adoption by the Government also."

SRI P. RANGASWAMI REDDIAR:—"Mr. Deputy Speaker, Sir, this Bill has been brought forward to validate a levy which has been found to be illegal by the High Court. Either owing to ignorance or owing to want of understanding the spirit of the Madras General Sales Tax Act, the Sales Tax Department has been including in the assessment of the turnover of a dealer the moneys collected by him by way of sales tax. The High Court held that the levy of tax on the dealer on the basis of this turnover was illegal, inasmuch as the turnover included also the amounts collected by the dealer by way of sales tax from the consumers. Everyone is aware that bills are issued to the purchasers by honest members of the business community. But some traders do not issue any bills at all to evade their paying to the Government tax under the Madras General Sales Tax Act. In the bills, the price of the article and the sales tax collected on it are shown separately. That the sales tax collected should not have been included in assessing the turnover is a simple proposition which is evident on the very face of it. The Hon. Minister who has moved the Bill has not mentioned the amount that the Government will have to refund to the dealers if this Bill had not been brought forward and if the decision of the High Court were to be implemented. I do not know whether he has taken the trouble of ascertaining the amount. Evidently he was so sure that he could easily legalize what has been declared illegal. The Bill makes it clear that the Government are not going to include the sales tax collected by a dealer in assessing his turnover with effect from 1st April 1954. But the extra tax due to the inclusion of sales tax in the turnover collected prior to that date is not going to be refunded. In this connection, I am reminded of a Tamil saying: 'யானை வாயில் போன கரும்பு திரும்பி வராது.' Let not the impression be created in the mind of the business community that whatever they pay to the Government can never be got back, even if the High Court or Supreme Court declares that the payment made is in excess of what is legally due under the Act. In the case of income-tax, the assessee is asked to pay a certain sum in advance and at the end of the year adjustments are made from the advance on the basis of the tax due on the actual income. If this Bill is passed and any provision is made for advance payment nobody will come forward to pay any advance, because people will be afraid that they will not get back any excess that they might have paid. Therefore, even though there may be some loss to the Government, when once it is pointed out that the collection of the amount

[Sri P. Rangaswami Reddiar] [11th May 1954]

is illegal, it is but proper and just that they should be gracious enough to restore the amount illegally collected to the respective members of the business community, and invent some other method of taxation in order to compensate the loss, if any and if necessary. After all, all enactments, especially taxation laws should be liberally construed in favour of the subjects and not in favour of the State. The Hon. Minister knows this well. Now, the construction put by the High Court is just. The only thing is that the Commercial Tax Department people have acted wrongly in their over-enthusiasm. I won't say that their deeds are not in conformity with their position or official capacity. But they have collected something more than permissible in their misguided enthusiasm. Therefore, I think it is high time that the Government reconsider and drop this measure once and for all."

SRI V. BALAKRISHNAN :—" Mr. Deputy Speaker, Sir, there is also an amendment standing in my name which is practically the same amendment as that moved by the hon. Member Sri Gopalan. Nonetheless, I will support that amendment in the light of my own amendment. I quite welcome this Bill as being helpful to augment the revenues of the State. But my fear is whether the Hon. Minister in his attempt to get more revenues might not lose the revenues that he already gets. Here is a case which has been well illustrated by the Tiruchi Gold Merchants and Jewellers' Association. A study of these examples and comparisons will show where my fears are and I do not know whether the Hon. Minister is likely to allay my fears. Now, Sir, for the purchase of 10 tolas of gold, the value payable is Rs. 850, sales tax Rs. 2-2-0, making charges Rs. 12"

SRI B. P. K. RAJA CHIDAMBARAM :—" On a point of order, Sir. The hon. Member is not talking on the Bill before the House. He is talking on a Bill that is come up hereafter." (Laughter.)

SRI V. BALAKRISHNAN :—" Sir, it has been moved that this Bill be referred to a Select Committee. I am trying to make out a case that it should be referred to a Select Committee."

THE HON. SRI C. SUBRAMANIAM :—" He is talking on a Bill which will be taken up subsequent to this Bill. The subject-matter of this Bill is quite different from that of the other Bill."

SRI V. BALAKRISHNAN :—" Oh! I am sorry."

SRI T. C. NARAYANAN NAMBIAR :—" Sir, I oppose the very introduction of this Bill in this Assembly. It is stated that this Act be enacted in the Fifth year of our Republic. I do not know why an attempt is made to validate an unjust, illegal and unwarranted act of the Executive, in spite of the decision of the Appellate Tribunal and the highest Court of Judicature in our

11th May 1954] [Sri T. C. Narayanan Nambiar]

State. I do not know why in the fifth year of our Republic such a notorious Bill—I shall so call it—should be introduced. I could have understood the purpose of the introduction of this Bill if merely by oversight or due to a lacuna in the enactment, such illegal acts had been committed by the Executive. But in 1951, the Special Tribunal constituted with reference to the collection of commercial taxes unequivocally stated in a judgment given by the Hon. Mr. Koman that the sales tax collected should not be added on to the turnover assessable to sales tax. It is after that that instructions were given by the executive officers of the Revenue Department to the officers concerned to the effect 'Let barking dogs bark; in spite of that, the caravans will go.' It is in that spirit that the whole thing has been manipulated. Here in the Statement of Objects and Reasons attached to the Bill it is stated that the assessments and levy were made in good faith and have to be legalized. I ask in all seriousness the Hon. the Minister for Land Revenue whether all acts done in good faith can be legalized. Now, there is a certain belief among the conservative women in our part of the country that if a girl having *morachutta*, that is, having a bad star, marries, the husband will die. It is a very good faith as far as the conservative old lady is concerned. But can we justify the murder of that girl just to save the son of the old woman who has married this girl? No. Good faith alone cannot count. Yesterday, the Hon. the Minister for Land Revenue was arguing that if the Government wanted more funds, they could not go on levying taxes in an unjust manner, that the means also would have to be justifiable and that the ends could not justify the means. Within 24 hours he comes here and says that an act was done in good faith and that, therefore, it should be legalized. I cannot agree to this, Sir. This is a legislative body; the highest organ of administration as far as this State is concerned and we are all responsible persons. If this Bill is passed, what will the people outside think about us? The High Court of the State has decreed that a certain Act is illegal. Here the Hon. Minister comes and says, 'We abide by the decision of the High Court, but what we have already done should be legalized. From tomorrow onwards we are not going to do it.' Sir, it will be a shame and a stigma on this Legislature if we do not oppose this Bill.

"Then, I was told that in about 300 cases decided by the Appellate Tribunal the Government approached the High Court. For every case taken to the High Court, the Government would have to pay thousands of rupees—I am speaking subject to correction—to the Advocate-General. The cost involved in taking these cases to the High Court would be a loss to the Government. Why is it that in spite of the fact that the Tribunal decreed against the execution of the orders of the Government the latter have taken the cases to the High Court, spending lakhs of rupees unnecessarily? Who is responsible for this unnecessary expenditure? Are the Government prepared to conduct an inquiry into this matter

[Sri N. Gopala Menon]

difficulties involved into account. There are thousands and thousands of persons from whom this excess tax has been collected. The labour involved in refunding the money will be enormous and will not be worth while. Possibly, the money these persons will be getting back will be quite incommensurate with the labour involved. So, there is no question of injustice or immorality in the levy of this tax. It has been held by the High Court as illegal. That is all. It does not mean that immediately we should refund all the money. In view of what the Hon. Minister has already said and in view of the administrative difficulties involved in refunding the money which will have to be done by engaging a number of clerks and officers and spending a lot of money on them, I think it is unwise to probe into the matter again. This matter may be given a quietus now. Some sort of irregularity has been committed. Let us validate what has already been done and from April 1954, let us conform to the law as laid down by the High Court."

போடப்பட்டிருக்கும் தொகையை மட்டும் வசூலித்திருக்கவேண்டும். அதற்குப் பதிலாக Sales tax-க்கு Sales tax வசூலிப்பது மிகவும் நியாயமற்ற முறை. ஏழைகள் வரி கொடுப்பதற்கு மறந்து போய்விட்டால், அரசாங்கம் கடந்த காலத்தில் வசூல் செய்யப்படாத வரிகளெல்லாம் இனிமேல் வசூலிக்கப்படமாட்டாது என்று ஒரு சட்டம் கொண்டுவருவதற்குத் தயாராக இருப்பார்களா? ஒருநாளும் அப்படிச் செய்யமாட்டார்கள். அதற்குப் பதிலாக வரியை வசூலிப்பதற்கு துரிதமான நடவடிக்கை எடுப்பார்கள்.

"சென்ற, 5, 6 ஆண்டுகளாக நம்தேசத்தில் வியாபாரம் வீழ்ச்சி அடைந்திருக்கிறது. சிறிய கடைக்காரர்கள் எவ்வளவுபேர் நொறுங்கியிருக்கிறார்கள் என்பதைப் பார்க்கவேண்டும். சட்டத்திற்குப் புறம்பாக sales tax-க்கு sales tax விதிக்கும் அளவுக்கு இந்த அரசாங்கத்தின் நிர்வாக இயந்திரம் இயங்கிக்கொண்டிருக்கிறது என்பதுதான் தொழில் வீழ்ச்சிக்குக் காரணம். ஏற்கனவே பலமுனை விற்பனை வரியினால் பல வியாபாரிகள் அவர்கள் தொழில்களை மூடிவிடும் நிலைமை ஏற்பட்டிருக்கிறது என்று முறையிட்டுக்கொண்டிருக்கிறார்கள். அதற்காக வியாபாரிகளிடையே 'எகப்பட்ட கிளர்ச்சி இருக்கிறது என்பதை எல்லோரும் ஒப்புக்கொண்டிருக்கிறார்கள். இம்மாதிரி பலவந்தமாகவும் நியாயத்திற்குப் புறம்பாகவும் sales tax-க்கு sales tax விதிக்கும் முறையானது 'immoral' என்று எனக்கு முன் பேசியவர்கள் எடுத்துக் காட்டியிருக்கிறார்கள். நான் கூறுவது என்ன வென்றால், இது தான். இதுவரை வசூலித்தது வசூலித்ததுடன் சொல்லு கொள்ளை அடித்திருக்கிறார்கள் என்றுதான் வருத்தத்துடன் சொல்லுகிறேன். ஏற்கனவே கஷ்டப்பட்டுக் கொண்டிருக்கிற சிறிய வியாபாரிகள் இன்றையதினம் தங்கள் தொழில்களை மூடக்கூடிய நிலையில் இருக்கிறார்கள். ஆகவே, வசூல் செய்த பணத்தைத் திருப்பிக் கொடுப்பதுதான் நியாயம். அப்படிச் செய்தால் நிர்வாகத்துக்குச் சங்கடம் ஏற்படும், உத்தியோகஸ்தர்கள் பழைய கணக்குகளைப் புரட்டிப் பார்த்துத் திருப்பிக்கொடுக்க முடியாது என்று சொல்லுவது சரியல்ல. ஆகையால் இன்றையதினம் உத்தேசத்தி லிருக்கும் இந்த மசோதாவை ஒரு செலக்ட் கமிட்டிக்கு அனுப்பவேண்டுமென்று கேட்டுக்கொண்டு, இந்த மசோதாவை கொண்டுவரவேண்டிய நிலைமையிலிருக்கிறார் என்று மீண்டும் ஒருமுறை கனம் ரெவின்யூ மந்திரி அவர்களுக்கு என்னுடைய அனுதாபத்தைத் தெரிவித்துக்கொள்கிறேன்."

SRI E. L. RAGHAVA MUDALIAR:—"Sir, I rise to support the amendment moved by the hon. Member Sri Gopalan and in so supporting I wish to state that this Government seem to be suffering from what is called 'lawyer phobia'. Or else, the Leader of the House would not have been so strong in his words, though the Government is dominated by lawyers."

THE HON. SRI C. SUBRAMANIAM:—"I am also a lawyer."

SRI E. L. RAGHAVA MUDALIAR:—"I know that. That is why I said, 'though the Government is dominated by lawyers'. The main intention of the Bill seems to be to appropriate the tax admittedly illegally collected from dealers by the Government. The intention of Government is not to include in the turnover the tax itself that has been collected but to legalise the appropriation. For, to do that a separate Bill is not necessary in view of the High Court judgment. So, instead of taking to task the officers who were responsible for such illegal collections, they are sought to be exonerated and excused under this Bill. This is a very bad precedent that the Government are setting up. They seem to say,

[Sri E. L. Raghava Mudaliar] [11th May 1954]

'we have collected something illegally, but we find it is difficult to refund it.' Morally, this is not good especially on the part of the Government. Justice demands that, however small is the amount that has to be refunded, whatever be the administrative difficulties in the way of refunding the illegal collections, the Government ought to find a way to refund the amounts to the dealers from whom they have been collected. Otherwise, the public would lose confidence in the Government and its administration. I, therefore, request the Government to see that the people are not reduced to such a plight and see that the amounts are refunded to the assesseees in spite of the stupendous administrative difficulties which are stated by the Hon. the Revenue Minister.

"With these few words, I support the amendment seeking to refer the Bill to a Select Committee. I thank you, Mr. Deputy Speaker."

SRI K. T. SRI S. PANCHAKSHARAM :—"Mr. Speaker, Sir, I rise to support the Motion moved by the Hon. the Minister for

[Sri S. Panchaksharam] [11th May 1954]

Revenue and in doing so, I oppose the Motion for reference of the Bill to a Select Committee. The question posed before the House is simple: It is so short that I see no reason why it should go before a Select Committee for consideration. There has been opposition to the very introduction of this Bill on the ground that it is unconstitutional to validate an invalid provision in law and that the Constitution does not provide for all that. I submit, as the Hon. the Minister for Finance suggested this morning, that the Non-Conforming Marriages Bill which we were going to consider clause by clause is also a measure like this. That is, certain marriages have been held to be invalid and they were sought to be validated by this Legislature. There is also another Bill pending consideration by this House and that is the Electrical Undertakings Bill. Because of a small lacuna in the Act, the High Court has thought that the whole Act is void and this has resulted in disturbing vested interests that have been created in favour of the Government. Under these circumstances, if the House seeks to validate that measure by rectifying the defects pointed out by the High Court, I do not think it is beyond the scope of the powers of this House to do so. To say that such a measure cannot be enacted is not correct. Instances of this type are legion. Measures had been found to be invalid and also said to be *ultra vires* of the Constitution. But still, there were validation measures. One or two simple instances will prove my point. The Privy Council, in a case of an agreement by which an immovable property was sought to be conveyed by A to B, said that the transaction was not valid because the agreement was not registered. Forthwith, the Central Government came with a measure validating such unregistered agreements. It also said that it never was the intention of the Legislature that such agreements ever required registration in the past. Then there was another measure like this introduced by the Central Legislature. According to the Hindu law bequests and wills executed in favour of unborn persons are invalid. As soon as the Privy Council pointed out that such bequests and wills were invalid, out came a validating measure which sought to validate such bequests and wills with retrospective effect. To say that the Legislature has no power to legislate in such matters is an argument which cannot be accepted.

"Then, Sir, it has been said that this Bill is devoid of reason and morality. One hon. Member sitting opposite said that this Government is very unresponsive, unreasonable and unimaginative and that the caravan passes on even though the dogs bark. That is an uncharitable accusation because the very introduction of a measure like this is proof positive that it is not the intention of this Government to allow the dogs to continue to bark. While the caravan was passing, the dogs began to bark. The caravan stopped its course to find out what was the reason for the barking. Here it has come out with a satisfying gesture so that the barking may cease. There is a lacuna in the Act pointed out by the High

Court and the Government have now come forward with a validation measure. The whole confusion, according to me, has arisen as a result of the interpretation of a particular section which contained unhappy words. It lent itself to a double meaning. Officers who man the Government thought that in computing the turnover of a particular merchant for purposes of assessment to sales tax, the sales tax added to the cost of articles purchased by him might also be included in the turnover. In fact, the Appellate Tribunal some two years ago held that such inclusion of sales tax in turnover was not right. But the judgment of the Tribunal was not a judgment in vain, binding on parties in parts only. But when the High Court saw the defect and gave its ruling that it was wrong to include the assessment in the turnover, the Government were quick in examining the position and introducing a Bill to rectify the defect. What is wrong about the measure? Why should people say it is immoral and unreasonable? The Section in the Act lent itself to a double interpretation. If the Sales tax officers committed the mistake or interpreted the Act in a particular way, why do people characterise the Government as uncharitable? The mistake is now sought to be rectified. In future such sales tax will not be included in the turnover. In the past if it has been collected, such collection is now sought to be validated because several difficulties may arise, if it has to be refunded. Supposing a thousand people in the City of Madras paid the additional tax on the turnover, such people may now ask for the refund of the excess tax collected. Sir, according to the rules framed for the destruction of Government Records, I believe, these records are not maintained for over six months or a year at the most. If a claim is made by a merchant for some money collected in excess where are the records to assess the excess collected from him? Many practical difficulties would arise if a refund is to be made. Then the Government would be faced with a number of suits that would be filed by these merchants for refund of small sums of money collected in excess of the legitimate tax due from them. After all what is the excess that has been collected? They said it was immoral and unreasonable. In a hundred rupee Bill the tax may come to Re. 1-9-0 and on this 0-0-4 would have been collected in excess. Is this small collection immoral, I ask? If the things were sought to be rectified by refunding, things would become very bad, when particularly there are no records and the Government will be faced with number of litigations. Under these circumstances is it not the duty of the legislature to rectify the defect? I say there is nothing immoral about it. This House is in duty bound, to validate such excess collections and pass this measure; because also the Government have said that in future such taxes are not to be collected. I therefore support this motion of the Government."

SRI K. P. KUTTIKRISHNAN NAIR:—“ I am surprised at the point of order or the supposed point of order raised by the hon. Member, Sri V. R. Krishna Ayyar. Being a lawyer, I thought he would be able to understand what I wanted to say and that I need not expand the idea. Sir, if it is the intention of the proposers to see that this amount is to go into the pockets of the trader, I feel that we will be doing a wrong to the country. On the other hand, if it is to remain in the Government Treasury it will be utilized profitably for the welfare of the people of this land, and, on this account, I say it is unnecessary, it is inexpedient and it is unfair to refund this amount. People coming from Malabar know that in respect of certain assessments, the Government refunded the amounts to the traders and it was ultimately found that the traders pocketed it themselves and did not distribute it to the consumers. A lot of confusion arose over this and it is known to all of us that the refunded money never went into the pockets of the consumers.

“ Sir, another point which was stressed here was about the unnecessary expenditure incurred in getting a decision of the High Court in respect of this matter. We know, Sir, that when a Bill is brought by the Government, the Government have got certain intentions according to which they intend to act and the decisions arrived at by the officers will be in the light of these intentions. So, the Government will proceed on the intentions they had at the time of piloting the Bill. It is for the High Court to test the validity of these Bills which are subsequently passed into law and see whether there is any defect in them. Therefore, there is nothing wrong in the Government passing legislation according to their intentions. If any legislation is illegal, it is for the highest Court in this State to say that it is wrong, it ought not to be implemented and that it has to be modified. We have also to remember that when Bills are piloted in the Legislature, the person piloting the Bill will say whether any amendment, if accepted, would put the Government in an embarrassing position and whether it would offend the Constitution. Sometimes, it also happens that for reasons of political expediency and with the weight of the number of votes certain things are accepted in Legislatures irrespective of the fact whether they would stand the test of the provisions in the Constitution or the provisions of existing laws. When such Acts are passed, it is the duty of the High Court to say how far they should affect the people. It is for the High Court to construe the provisions of any legislation and say whether there is anything wrong in it. There is, therefore, nothing wrong in getting a clarification from the High Court as regards the exact position in law. It is the duty of every citizen and it is the duty of every Government to see that what is legally good and sound is administered and any money spent in getting a clarification from the High Court which is the highest Tribunal in the land is money well spent. A reference to the Select Committee is unnecessary because this is a simple Bill and I hope the House will accept it and vote against the amendment. Thank you, Sir.”

“ கனம் சப்ரமணியம் அவர்கள் சொல்லியது விற்பனை வரிக்கு 2 அணு என்றால், இன்னொரு அறை அணுதான் அதனுடன் கட்டவேண்டுமென்று சொன்னார்கள். கால் அணுவுக்கு கால் அணு தான் என்று சொல்லுகிறார்கள். இதைப்பற்றி பலவிதமான குற்றச்சாட்டுகள் இருக்கின்றன. இந்த அரசாங்கம் இதுவரையில் உலகத்திலேயே இல்லாத ஒரு முறையை கையாளுகின்றனர். இதைத்தான் இன்று சபையிலே ஆகேஷிக்கிறோம். மற்றொரு விஷயம். இந்த விற்பனை வரியை பலவிதமாக வியாபாரிகள் சொல்லுகிறார்கள். நண்பர் சுயம்பிரகாசம் அவர்கள் விற்பனை வரி போடுவதினால் பல இடையூறுகள் இருக்கின்றன என்று சொன்னார்கள். ஆனால் அதன் பிரகாரம் அபிவிருத்தி செய்வ உரிமை உண்டு. இந்த வரி விதிப்பது பரிபூரணமாக இருந்தால் அதிகமாக விதித்த வரிப்பணத்தைத் திருப்பித் தரவேண்டும் என்று சொல்லுகிறார்கள். மேலும் High Court-ல் விநோதமான தீர்ப்புக் கொடுக்கப்பட்டது. இப்பொழுது கொண்டுவந்திருக்கும் இந்த மசோதாவானது High Court-ன் தீர்ப்புக் காரணமாக இச்சபை முன்பு திருப்பிக் கொண்டுவரப்பட்டிருக்கிறது. ஒரு சட்டம் மற்றொரு சட்டத்தில் சொல்லப்படும் அத்தனை உரிமைகளையும் பறிக்கிறது என்பதை பார்க்கிறோம். ஏற்கெனவே இந்தச் சபையில் விற்பனை வரிபோன்ற பலவிதமான வரிகள் அநேகம் போட்டிருக்கிறார்கள். இதனால் வியாபாரிகளுக்குப் பலவிதமான தொல்லைகள் ஏற்படுகின்றன என்றும், அதிகப் படியான வரிகளை மந்திரி அவர்கள் விதிக்க முன்வந்திருக்கின்றனர் என்றும் குற்றம் சாட்டுகிறார்கள் என்று அநேக அங்கத்தினர்கள் சட்டசபையில் பேசி இருக்கிறார்கள். இப்பொழுது இங்கே கொண்டுவந்திருக்கும் சட்டம் சரியாக இல்லை. ஆதலால் நான் இதை ஆகேஷிக்கிறேன்.”

SRI M. JAGANNATHAN:—“ Sir, while supporting the motion for consideration of the Bill, I would like to emphasise that it is very very unjustifiable to refer this Bill to a Select Committee. It is very amazing and rather surprising to hear the Members of the Opposition—at least some of them—referring to this Bill as a measure which is wholly immoral and unjust. I wish to point out that standards of morality which are applicable to Government are different from those which are applicable to private individuals. When the State collects a tax it does so with *bona fide* intentions to augment its revenues so as to expend money for the benefit of society as a whole and for the purpose of carrying out welfare schemes for the benefit of the people at large. If in the course of the collection of such taxes any irregularity occurs it is not at all due to any *mala fide* intentions on the part of the Government. On the other hand, if an individual collects some money, commits a mistake, it is found that the mistake has been committed in furtherance of his own selfish ends, he is certainly punishable

under any system of law. I should, therefore, say that the view taken by some hon. Members of the Opposition is based upon confusion of thought and this Bill should never be referred to a Select Committee. I also wish to point out that the question of taking into consideration the claims of petty businessmen for refunds will involve the Government in great financial hardship.

"That will be a drain on the financial resources of the Government. If Government were to refund the money they will have again to resort to fresh taxation to fill up the gap in their finances. Fresh taxation will again be disliked by the people at large. Therefore, from the point of view of maintaining financial stability, it is highly desirable that this Bill must be supported by this House. With these words, I support the Bill and oppose the motion for reference of this Bill to the Select Committee."

டுத் தீர்ப்பிலிருந்து உங்களைப் பாதுகாக்கவேண்டும் என்று சொல்லுவதும் சரியல்ல என்று சர்க்காருடைய கவனத்திற்குக் கொண்டுவருகிறேன். வரி போடுவதைத் தப்பென்று யாரும் சொல்லவில்லை. வரி போடாமல் இருக்க முடியாது. ஆனால் வரி எப்படிப் போடுவது, வரியை எப்படி வசூலிப்பது என்பது கவனிக்கப்படவேண்டும். எனக்கு முன்னால் பேசிய சர்க்கார் தரப்பு அங்கத்தினர் ஒருவர், சமுதாயத்திலுள்ள மக்களின் நன்மைக்காக பணம் செலவிடப்பட வேண்டுமென்று சொன்னார்கள். வருமானம், செலவினம் இரண்டையும் கவனத்தில் வைத்துக்கொள்ளவேண்டும். வரி எந்த அடிப்படையில் போடப்பட வேண்டும். தருமத்தை அடிப்படையாகக்கொண்டு, கொடுக்கக்கூடியவர்களுடைய சக்தியை அடிப்படையாக வைத்துக்கொண்டு போட்டிருக்கிறதா இல்லையா என்று பார்க்கவேண்டும். விற்பனை வரியே தகுதியானதல்ல என்று வியாபாரிகள் ஆட்சேபனை செய்கிறார்கள். ஒரு முனை வரி போடுங்கள் கொடுத்து விடுகிறோம் என்று சொல்லுகிறார்கள். மானத்தை வாங்காமலும், சிக்கலை ஏற்படுத்தாத முறையிலும் விற்பனை வரி இருக்க வேண்டுமென்று வியாபாரிகள் விரும்புகிறார்கள். வியாபாரிகளிடத்திலே விற்பனைவரிக்குமேல் வரி வசூலிப்பது தவறு என்று தெரிந்தும் சர்க்கார் அவர்களிடத்திலே அதை வசூலித்தார்கள். கோர்ட்டில் அது தப்பு என்று தீர்ப்புச் சொல்லப்பட்டது. அந்த முறையிலே சர்க்கார் அவர்களுக்கு நஷ்டஈடு கொடுக்க வேண்டியவர்களாகிறார்கள். ஆனால் இன்றைக்கு சர்க்காரால் நஷ்டஈடு கொடுக்கமுடியாது. நஷ்டஈடு கொடுக்காமல் இருப்பதற்கு சர்க்கார் இன்றைக்கு ஒரு சட்டத்தை நியாயத்திற்கு விரோதமாக கொண்டுவரத் துணிந்திருக்கிறது. திருப்பிக் கொடுக்கவேண்டிய நிலை ஏற்பட்டால், சர்க்கார் வக்கற்ற நிலையில் இருக்கிறது. அநியாயத்தை நியாயப்படுத்துவதற்கு சட்டம் கொண்டுவருவது சரியா? அநியாயமாக வரி வசூல் பண்ணினால் அதற்கு நஷ்டஈடு செலுத்த நாம் கடமைப்பட்டிருக்கிறோம். ஆனால் சர்க்கார் அவ்வாறு நஷ்டஈடு கொடுக்கமாட்டார்கள்.

"எதிர்தரப்பில் இருக்கக்கூடிய நாங்கள் நியாயமான முறையில், வரி கொடுப்பதற்கு சக்தியுள்ளவர்கள் மீது வரி போடுங்கள் என்று பல தடவை கூறியுள்ளோம். ஆனால் அப்படிப்பட்டவர்கள் மீது கை வைப்பதற்கு இந்த அரசாங்கம் தயங்குகிறது. அரசாங்கம் வருமானத்தை அதிகரிப்பதற்கு வேறு புதிய முறைகளை கையாளக் கூடாதா? ஏற்றுமதி வரி முறையை அரசாங்கம் கையாளக் கூடாதா? அதன்மேல் செஸ் வரி விதிக்கக் கூடாதா? நேற்று என் கவனத்திற்கு ஒன்று வட்டது. அதாவது கடந்த மூன்று மாதங்களில் ஒரு கோடி பெறுமானமுள்ள பாம்புக்கால் வேர் தூத்துக்குடி துறைமுகம் வழியாக அமெரிக்காவுக்கு ஏற்றுமதி செய்யப்பட்டிருக்கிறது. அம்மாதிரி ஏற்றுமதி செய்யப்படும் பொருள்கள் மீது தாராளமாக செஸ் வரி போடலாம். இம்மாதிரியான பல வழிகளில் வருமானம் வருவதற்கு வழி இருந்தும், 'எங்களுக்கு வருமானத்திற்கு வழியில்லை, ஆகவே தான் இம்மாதிரி விற்பனை வரியின்மீது வரிப் போடுகிறோம்' என்று சர்க்கார் சொல்வது நியாயமில்லை. ஏழைகள் மீது வரிக்கு மேல் வரி போடுகிறார்கள். இன்னொரு பக்கத்தில் இருக்கும் ஹைகோர்ட்டுடைய தீர்ப்புக்கு விரோதமாக இப்படி சட்டத்தைக் கொண்டுவருவது மக்களுடைய நன்மையை பாதிக்கிறது என்பதைத் தெரிவித்துக்கொள்கிறேன். ஆகவே இந்த கண்ணோட்டத்தோடு பார்த்தால் இந்தக் கொள்கை முரணாக இருக்கிறபடியால் இதை ஒரு செலக்ட் கமிட்டிக்கு விடவேண்டுமென்று கேட்டுக்கொண்டு இதை ஆதரிக்க வேண்டுமென்று கேட்டுக்கொள்கிறேன்."

SRI P. SELVARAJ :—"Mr. Speaker, Sir, this piece of legislation has come before the Assembly as a result of the judgment of the High Court recently. Prior to the decision of the High Court, the Government thought that turnover included the tax collected by the traders from the buyers. In a way that presumption is justifiable because the traders do not keep apart the sales tax

[Sri P. Selvaraj] [11th March 1954]

collected from the customers. They utilize that money for expansion of their commercial profession. Because they were thus utilizing that money for their business expansion, the view taken by the Government is to some extent justifiable. But the High Court has held otherwise. I am not going to dispute the judgment of the High Court. By some stretch of imagination the High Court has decided that sales tax levied and collected by the merchants from the customers cannot be a part of the turnover and that cannot be subject to assessment. So in order to rectify it, this Government have now come forward with a Bill to enact that on and from 1st of April 1954 the Government would not collect sales tax for the amount retained by the merchants as sales tax collected from buyers. That is why I say this measure is quite a justifiable one and one that we could accept without any difficulty. Inasmuch as the sales tax collected by the traders from their customers has been used for the expansion of their commercial profession, I am inclined to support the previous action of Government in including in the turnover the sales tax collected from the buyers. But because of the judgment of the High Court, hereafter such a thing could not happen. For the reasons stated above there is no use in accepting the argument from the other side that the assessment collected from the traders on the basis prevalent before the judgment was unfair, and that the amount so collected by way of sales tax should be returned to the merchants. With these words, I support the Bill now before us."

SRI M. KALYANASUNDRAM :—"கனம் சபாநாயகர் அவர்களே, இந்த மசோதாவைப் பிரேரேரிப்பதில் இருக்கக்கூடிய ஆட்சேபங்களை நான் முதலிலே தெளிவுபடுத்தினேன். சட்டசபை நடைமுறைகளில் அனுபவத்திலும் சரி, நிர்வாகத் திறமையிலும் சரி, ரொம்ப முதிர்ந்து பழுத்த நம்முடைய நில வருவாய் மந்திரி அவர்கள் கொண்டுவந்திருக்கக்கூடிய மசோதா இருக்கிறதே, அது நிறைவேற்றப்பட்டால் ஹை கோர்ட் முன்பும், சூப்ரீம் கோர்ட் முன்பும் நிற்குமா என்பதைத்தான் அவர்கள் சிந்தனை செய்து பார்க்கவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன். நிர்வாக உத்தரவானது சட்டப்படி சரியல்ல என்று ஹை கோர்ட் உத்தரவிட்டிருக்கிறது. மீண்டும் முரட்டுத்தனமாக சட்டம் இயற்றுவதற்கு இந்தச் சபையிலே மந்திரி அவர்கள் வந்திருக்கும்போது, அதற்கு இந்தச் சபை உதவி செய்யக்கூடாது என்ற நோக்கத்துடன், அரசியல் சட்டப்படி இது ஒழுங்கினை மானது என்பதை எடுத்துக் காண்பித்தபோது மந்திரி அவர்கள் அதற்கு நியாயமான பதில் சொல்லாமல், அதற்குப் பதிலாக எனக்கு அனுபவம் குறைவு என்று சுலபமாக வக்கீல்கள் கோர்ட்டில் ஜெயிக்கக்கூடிய முறையிலே பேசி தப்பித்துக்கொண்டாரேயொழிய, நியாயமாக இப்படிச் செய்ததற்கு அதிகாரம் இருக்கிறது என்று எடுத்துக் காட்டுவதற்கு இரண்டு மந்திரிகளாலும் முடியவில்லை என்பதை சொல்லிக்கொள்ள விரும்புகிறேன்."

"இப்பொழுது நம்முடைய நில வருவாய் மந்திரி அவர்களையும், நிதி மந்திரி அவர்களையும் நான் கேட்டுக்கொள்வது என்னவென்றால், இது தான் : அவர்கள் இரண்டு பேரும் வக்கீல்கள். நிதி மந்திரி அவர்கள் ஐந்து வருஷத்திலே கோயமுத்தூர் 'bar' இல் 'top' பண்ணினவர். இரண்டு பேரும் யோசனை பண்ணவேண்டும். ஹை கோர்ட் இப்படி தீர்ப்பு கொடுத்திருக்கும்போது ஹை கோர்ட் தீர்ப்பை ரத்து செய்யக்கூடிய முறையில், ஹைகோர்ட் தீர்ப்பினால் அனுசூலம் அடையமுடியாதபடி

இப்பொழுது சட்டம் செய்வது நியாயத்திற்குப் பொருந்துமா? 'Judiciary' யினுடைய அந்தஸ்தைப் பாதுகாக்க வேண்டியது இந்தச் சட்டசபையினுடைய பொறுப்பும் அல்லவா என்பதை அவர்கள் சிந்தனை செய்து பார்க்கவேண்டும். திரும்பவும் அவர்கள் வக்கீல் உத்தியோகம் செய்யக்கூடிய காலத்தில் தங்களுடைய செய்கையை அவர்களே நிந்தித்துக்கொள்ளவேண்டிய நிலை ஏற்படும் என்பதை சிந்தனை செய்து பார்க்கவேண்டும். மந்திரியாக இருக்கக்கூடிய காலத்தில் ஒருவிகக் கொள்கை, வக்கீலாக இருக்கக்கூடிய காலத்தில் இன்னொரு கொள்கை அவர்களுக்கு இருக்கக்கூடாது என்பதையும் அவர்கள் சிந்தனை செய்து பார்க்கவேண்டும்.

"சர்க்காருக்குப் பல கஷ்டங்கள் இருக்கின்றன என்பதை நான் உணராமல் இல்லை. ஹை கோர்ட், அப்பெல்லேட் கோர்ட் இவைகளில் கொண்டு போய் வாதாடி வெற்றி பெற பெரிய வியாபாரிகளால்தான் முடியும். அவர்கள்தான் இம்மாதிரி ஹை கோர்ட்டுக்குப் போய் வாதாடி அனுசூலம் அடைவதற்கு சாத்தியப்பட்டிருக்கிறது. இந்த மாதிரி ஒரு சட்டம் நிறைவேற்றப்பட்டால், அவர்கள் லட்சக்கணக்கான ரூபாய்களைப் பல வியாபாரிகளுக்கு திருப்பிக் கொடுக்கவேண்டிய நிர்ப்பந்தம் ஏற்படும், அதில் சங்கடம் ஏற்படுகிறது என்பது உண்மையே. இதை நான் மறுக்கவில்லை. இருந்தாலும் நியாய அநியாயத்தைப் பார்க்கவேண்டும். வியாபாரிகளில் அக்கிரமம் செய்பவர்களும் இருக்கிறார்கள். கஷ்டப்பட்டக்கூடிய வியாபாரிகளும் இருக்கிறார்கள். வியாபாரிகள் ஒழுங்கினைமாக நடந்துகொண்டாலும் சரி, அதிக லாபம் பெற்றாலும் சரி, அதைத் தடுப்பதற்கு சட்டபூர்வமான நடவடிக்கைகளை எடுக்கவேண்டுமே தவிர, நாம் அக்கிரமமான சட்டங்களைக் கொண்டுவந்து நிவர்த்தி பண்ண முடியாது என்பதை அரசாங்கம் ஞாபகத்தில் வைத்துக்கொள்ளவேண்டும். அக்கிரமம் செய்யக்கூடியவர்களைக் கண்டிக்கவேண்டுமே தவிர, அதற்காக அக்கிரமமான சட்டங்களை இயற்றுவதற்கு அரசாங்கம் முன்வரக்கூடாது என்று நான் கேட்டுக் கொள்ளுகிறேன்."

"இந்த மசோதாவானது நிறைவேற்றப்பட்டால் நம்முடைய தேசத்தில் இருக்கக்கூடிய ஜனங்கள் அதை நிந்திக்க நேரிடும் என்பது என்னுடைய அபிப்பிராயம். கடந்த காலத்தில் சட்ட விரோதமாக விதிக்கப்பட்ட வரியை ஒழங்குபடுத்துவதற்கு வரக்கூடிய மசோதா ரொம்ப விசித்திரமானது. சீர்திருத்தத் திருமணங்கள் நடந்து வந்தவையெல்லாம் ஒழங்குபடுத்துவதற்கு சட்டம் செய்யவில்லையா என்று மந்திரி அவர்கள் சொல்லுகிறார்கள். சீர்திருத்தத் திருமணம் செய்துகொண்டவர்களுடைய குற்றமோ, அவர்களுக்குப் பிறந்த பிள்ளைகளின் குற்றமோ ஆகாது. ஆனால், அது வேறு விஷயம். அதற்கு சட்டம் செய்யவேண்டியது அவசியம். அதற்குக்கூட சர்க்கார்தான் பொறுப்பாளி என்று நான் சொல்ல முடியும். ஏனென்றால் மக்களிடத்தில் பல வருஷங்களாக இந்த சீர்திருத்தத் திருமணங்கள் நடைபெறவேண்டுமென்ற எண்ணம் ஏற்பட்டு, அதன்படி நடந்துகொண்டு வருகின்றன. மக்களிடையே ஏற்பட்டிருக்கும் சீர்திருத்த மனப்பான்மைக்குத் தகுந்தவாறு சட்டங்களை அவ்வப்போது சர்க்கார் இயற்றியிருந்தால், இப்பொழுது இந்த மாதிரி இடைஞ்சல் ஏற்பட்டிருக்காது. முப்பது வருஷங்களாக தூங்கிக்கொண்டிருந்துவிட்டதனால், இப்பொழுது இம்மாதிரி சட்டம் இயற்றவேண்டிய நிலைமை ஏற்பட்டிருக்கிறது. அப்படிப்பட்ட சட்டத்தோடு இப்பொழுது சபை முன்பு இருக்கக்கூடியதையும் ஒப்பிட்டுப்பார்த்து, இதை யும் ஆதரிக்கவேண்டுமென்று சொல்வது இருக்கிறதே, அது சட்டப்படி நியாயமல்ல. தரம்படியும் அது நியாயமானதல்ல என்பது என்னுடைய அபிப்பிராயம்."

"இந்த மாதிரி சட்ட விரோதமான முறையில் வரி வசூலிப்பதற்குக் காரணமாக இருந்தது நிர்வாக உத்தரவுதான். 1950-ம் வருஷம் வரையில் இந்த மாதிரி சிக்கல்கள் ஏற்படவில்லை. ரெவினியூ போர்டாரின் உத்திரவின் காரணமாக இந்த மாதிரி வரியாக வசூலிக்கப்படும் தொகையைச் சேர்த்து விற்பனை வரி வசூலிக்க வேண்டும் என்று அதிகப்பணம் சம்பாதிக்கலாம் என்ற நோக்கத்தோடு நிர்வாக உத்தரவு போடப்பட்டிருக்கிறது. அது தப்பு என்று கீழ்க் கொர்ட் எடுத்துக் காட்டியும்கூட, சர்க்கார் அதை

வற்றுக் கொள்ளாமல், ஹைகோர்ட்டில் அப்பீல் செய்து வாதாடியிருக்கிறார்கள். இவ்வளவு ஒழுங்கினமான அதையும் சட்டசபையில் கொண்டு வந்து ஒழுங்குபடுத்திவிடுவோம் என்ற நிலைமை ஏற்படுமானால், பொதுமக்கள் சம்பந்தப்பட்ட ஒவ்வொரு பிரச்சனையும் சர்க்கார் இதேமாதிரி ஒப்புக்கொண்டிருக்கவேண்டும். இந்த மசோதாவை நியாயத்திற்கும் நேர்மைக்கும் மதிப்பு கொடுக்கக்கூடிய யாரும் ஆதரிக்கமுடியாது. இந்த மசோதாவை நான் எதிர்ப்பதோடு கூட கனம் அங்கத்தினர் ஸ்ரீ கே. பி. கோபாலன் அவர்கள் செலக்ட் கமிட்டிக்கு விடவேண்டுமென்று கொடுத்திருக்கும் திருத்தத்தை ஆதரிக்கிறேன்.”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Sir, I thank all the hon. Members who had clarified the points raised in the course of this debate. I am particularly thankful to hon. He has also tried to compete with those of the senior type.

“ The point raised by the Deputy Leader of the Opposition was clearly met and explained even with illustrations and examples. It has been clearly pointed out how statutes which have been declared void by the Courts have been subsequently set right by fresh legislation. There is nothing new in it. It is a well-known way of regularizing the defects pointed out by Courts. I need not, therefore, dilate on this point which had been elaborated by my Friends. This much I shall point out, namely, that this Madras General Sales Tax Act is a comparatively recent piece of legislation. Even with regard to statutes which are very old and which have been very carefully and very ably drafted, there have been litigation. When the High Court has come to a certain decision, there were appeals to the Privy Council wherein all the decisions of the lower Courts have been set aside. There have been such cases. It is a question of interpretation of the statutory law. There is bound to be differences of opinion. There is nothing wrong in it. The hon. Member from Tellicherry said that Sales Tax Officers should not have included the sales tax collected by a dealer in assessing his turnover, that they included it only to swell the coffers of the State, and that the inclusion of sales tax was very wrong. Legal luminaries like my hon. Friend think it more worthwhile to practice in Courts of law and be prosperous than take up jobs under the Government which are not so very paying. When legal luminaries take to practice in Courts, it is very difficult to get legally-qualified and competent persons to interpret and administer statutes. Most of the Sales Tax Officers are lay men not trained in law. For instance, the term ‘sale’ has been interpreted in so many ways. The difficulty of interpretation has been very well pointed out by my hon. Friend, Sri N. Gopala Menon and he gave illustrations also. The Sales Tax Officers interpreted the Act according to their own

11th May 1954] [Sri M. A. Manickavelu Naicker]

light. We cannot say that they deliberately gave a wrong interpretation. But the High Court differed from that interpretation. On that account, we cannot blame the poor officers, who are not trained in law, for the interpretation that they gave.

“ The hon. Member, Sri P. Rangaswami Reddiar, quoted the Tamil saying that the sugarcane, which has gone into the mouth of an elephant, can never come back. The Government have got ever so many difficulties in giving effect to the High Court’s decision with reference to past transactions. It is as difficult as trying to arrange a barber’s shop waste, and there is a saying to this effect also in Tamil. The past transactions range over a number of years, and we have to ascertain the names of dealers who have collected sales tax from the consumers and those who have not collected it. It is really very difficult to go into these questions and mete out justice. In fact, we will require a very well-trained Secretariat to examine and decide these questions. It is not worthwhile examining these questions and it is better we leave the matter at that.

“ Some hon. Member said that we were not respecting the judgment of the High Court. We are respecting it and we are giving effect to it from 1st April 1954 and that is why, we have brought forward this Bill. Of course, we are not giving effect to it for the period prior to 1st April 1954, because it will be administratively very inconvenient. However much we may try, we cannot do the work consequent on giving effect to the decision for transactions which took place prior to 1st April 1954 satisfactorily. There will be many difficulties. Some assesseees might have died and we will have to find out who their legal heirs are. Some assesseees might have left the country. Apart from that, the amount involved is very big and refund of such a big amount will completely upset the budgetary position of the State.

“ The hon. Deputy Leader of the Opposition is a practical man and he ought to have known the existence of these difficulties. In spite of that, sitting as he does on the Opposition Bench, he flings an accusation against me. It is a legitimate way of attacking the party in power. But criticism should take note of the practical difficulties. The Hon. Deputy Leader of the Opposition should have used temperate language in making the accusation. He has not made out a case for not giving retrospective effect to the judgment of the High Court. I have accepted the judgment and I am giving effect to it from 1st April 1954. I think we must be satisfied with that.

“ As regards the amendment for referring this Bill to a Select Committee, practically we sat like a Select Committee and discussed the whole Bill. I do not know what is there further to discuss in a Select Committee. We have reached a stage where we have to take a decision, and whatever we decide, we should decide now. There is absolutely no case for referring the Bill to a Select Committee.”

[11th May 1954]

MR. SPEAKER :—" The question is—

' That the Madras General Sales Tax (Definition of Turnover and Validation of Assessments) Bill, 1954, be referred to a Select Committee '."

The amendment was put and lost.

MR. SPEAKER :—" The question is—

' That the Madras General Sales Tax (Definition of Turnover and Validation of Assessments) Bill, 1954, be taken into consideration at once.' "

The motion was put and carried.

Clause 2.

MR. SPEAKER :—" There is an amendment of Mr. N. K. Palaniswami to this clause, which is clearly out of order. The High Court declared certain act of the Government *ultra vires* and this Bill seeks to validate it. The principle of validation has been approved by passing the motion for the second reading stage of the Bill. The hon. Member's amendment says that we need not validate it. An amendment which will reverse the principle of a Bill as agreed to at the second reading is not admissible as an amendment. Having accepted the principle of validation in the second reading stage, the hon. Member cannot go back on that principle and say that there need not be the validation.

" கனம் அங்கத்தினருக்கு இதை நான் தமிழில் விளக்கிச் சொல்லி விடுகிறேன். சர்க்கார் வரி விதித்திருப்பது சட்டப்படி செல்லத்தக்கதல்ல என்று ஹை கோர்ட்டார் தீர்ப்பளித்திருக்கிறார்கள். அதன் பேரில், அதை 'Validate' செய்வதற்கு, இந்த மசோதாவைச் சர்க்கார் கொண்டு வந்திருக்கிறார்கள். இந்த மசோதாவின் கொள்கையை second reading stage-லேயே இந்தச் சபை ஏற்றுக்கொண்டுவிட்டது. கனம் அங்கத்தினருடைய திருத்தமானது, இதை validate செய்ய வேண்டாமென்று சொல்லுகிறது. Second reading stage-ல் ஏற்றுக்கொண்டுவிட்ட கொள்கையை மாற்றிவிடக்கூடிய அளவுக்கு கனம் அங்கத்தினர் திருத்தம் கொடுத்திருப்பதால், அதை ஏற்றுக்கொள்வதற்கில்லை. இது validate செய்யப்படவேண்டும் என்று second reading stage-ல் ஏற்றுக்கொள்ளப்பட்டுவிட்டபோது, இப்பொழுது கனம் அங்கத்தினர் அதை மாற்றவேண்டுமென்று திருத்தத்தை பிரேரிக்க முடியாது."

THE HON. SRI C. SUBRAMANIAM :—" The amendment is tantamount to opposing the Bill."

MR. SPEAKER :—" It comes to that.

" I have no objection to allow the hon. Member to speak against the clause."

SRI M. KALYANASUNDRAM :—" Point of information, Sir. நீங்கள் சொன்னபடி அந்தப் பிரிவினுடைய effect-யே ரத்து செய்துவிடக் கூடிய அளவுக்கு கனம் அங்கத்தினருடைய திருத்தம் இல்லை. கடந்த காலத்தில் நிகழ்ந்திருக்கக்கூடிய விஷயங்களை இம்மாதிரி validate செய்வது எதிர்காலத்திலாவது தவிர்க்கப்படவேண்டும் என்பதுதான் அதனுடைய நோக்கம்."

[11th May 1954]

MR. SPEAKER :—" The principle is clear. It is not a new principle which I am laying down. An amendment which will reverse the principle of a Bill as agreed to at the first reading is not admissible."

SRI M. NARAYANA KURUP :—" May I know whether before April 1954 and after the High Court judgment, there were cases of assessment in which the sale-tax collected by the merchants was also included in the turnover? "

THE HON. SRI M. A. MANICKAVELU NAICKER :—" As soon as the High Court judgment was made known to us, we issued the necessary instructions."

SRI M. KALYANASUNDRAM :—" Point of information, Sir. ஹை கோர்ட் தீர்ப்பின்படி யார் யாரிடமிருந்து அதிகப்படியாக, சட்டத்திற்குப் புறம்பாக வசூலிக்கப்பட்டதோ அந்தத் தொகையானது அவர்களுக்குத் திருப்பிக் கொடுக்கப்பட்டு விட்டதா என்று அறிய விரும்புகிறேன்."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" No, Sir."

SRI M. NARAYANA KURUP :—" My question relates to a question of fact. The question is not whether the Government issued instructions after the High Court judgment but whether there was any actual collection on the basis of the old calculation."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" I say offhand 'No'."

SRI N. K. PALANISAMI :—" கனம் சபாநாயகர் அவர்களே, ஒரு சிறிய சந்தேகத்தை தெளிவுபடுத்தவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன். அதாவது நான் கொடுத்திருக்கும் திருத்தமானது இந்த மசோதாவின் கொள்கைக்கு மாறாக இருப்பதாக நீங்கள் சொல்லி அதை ஏற்றுக் கொள்ளவில்லை. ஆனால், இதேசமயத்தில் சர்க்கார் கொண்டு வந்திருக்கக் கூடிய இந்த மசோதாவானது அரசியல் சட்ட விதிகளின்படி பார்த்தால் அதுவும் செல்லத்தக்கதல்ல."

MR. SPEAKER :—" அது செல்லும் என்று நான் ஏற்கெனவே ruling கொடுத்திருக்கிறேன்."

SRI K. C. GOPALAN UNNI :—" The Hon. Minister said that there was no such collection, but the High Court judgment was given on the 7th January 1954."

MR. SPEAKER :—" The Hon. Minister said that there was no refunding."

SRI K. C. GOPALAN UNNI :—" To a question of the hon. Member, Sri Narayana Kurup, the Hon. Minister said that there was no such collection after the 7th January. Naturally there must have been collections after the 7th January 1954."

SRI N. K. PALANISAMI :—" கனம் சபாநாயகர் அவர்களே, இப்பொழுது வந்துள்ள மசோதாவால் வரிக்குமேல் வரி போடுவதானது, வட்டிக்கு மேல் வட்டி போடுவது போலத்தான் இருக்கிறது. இப்பொழுது கொண்டு வந்துள்ள மசோதா ஹைகோர்ட் தீர்ப்பையும் நிராகரித்துவிட்டு

[Sri N. K. Palanisami] [11th May 1954]

கொண்டுவரப் பட்டுள்ளது. ஹைகோர்ட் தீர்ப்புப்படி, "Turnover" as defined in the Act could not include the tax collected by a registered dealer. இந்த அடிப்படையில்தான் இருக்கிறது. ஆகவே தான் திருத்தம் கொடுத்திருக்கிறேன். அது மட்டுமல்ல. ஏற்கனவே வாங்கப்பட்டு வந்துள்ள வரி நியாயமானது என்று சொல்லவே முடியாது. உதாரணமாக ஒரு ஜில்லாவை எடுத்துக்கொள்வோம். எல்லா ஜில்லாவிலும் இந்த வரி வாங்கக் கூடிய நிலைமை ஏற்பட்டிருக்கிறது. விற்பனை வரி என்று சொல்வது முக்கியமானதுதான். ஆனால், எல்லா ஜில்லாவிலும் அந்த வரியை மட்டும் வாங்குகிறார்களே ஒழிய, அதன் கீழ் வேறு எந்தவித வரியையும் வாங்குவதில்லை. அப்படியிருந்தும் இந்த விற்பனை வரிக்கும் வரி வாங்குவது எப்படிப் பொருந்தும்? சாதாரணமாக இதுபற்றி ஹைகோர்ட்டில் ரிட் பெடிஷன் பைல் செய்தால் கூட, கண்டிப்பாக இம்மசோதா செல்லாமல் தான் போய்விடும். அபெலட் டிரிபியூனல், ஹைகோர்ட் இந்த இரண்டும் இம்மசோதா செல்லத்தக்கதல்ல என்று தீர்ப்புக் கூறியும், மறுபடியும் சர்க்கார் இம்மசோதாவை கொண்டு வந்திருக்கிறது. இது அடிப்படை நியாயத்திற்கு முற்றிலும் மாறானது. ஏனென்றால் கடந்த நான்கு வருஷங்களாக ஜனங்களுடைய பணத்தை சர்க்கார் எடுத்துக்கொண்டு, நீங்கள் மசோதாவை சரி என்று சொல்லுங்கள் என்று ஒழுங்குபடுத்த இந்த மசோதாவை இப்பொழுது இங்கு கொண்டு வந்திருக்கிறதென்றால், அதை நாம் எப்படி ஒத்துக்கொள்ள முடியும்? சாதாரணமாக ஜனங்களுடைய பணம் சர்க்கார் கையில் இருக்கிறதென்றால், அப்பணத்தை வாங்குவதற்கு எவ்வளவு தூரம் அவர்களை பிழிந்தெடுத்து வசூலித்திருப்பார்கள் என்பதை சற்று யோசிக்கவேண்டும். கடந்த ஐந்து வருஷங்களாக அதாவது 1949-ம் வருஷத்திலிருந்து இதுவரையும் இவ்வாறு சர்க்கார் விற்பனை வரிக்கு மேல் வரியாக வசூலித்துக்கொண்டு வந்திருக்கிறது. இதற்கு நான் கொடுத்திருக்கக்கூடிய தீர்மானம் என்னவென்றால் 'அவ்வாறு வாங்கியுள்ள தொகையை மறுபடியும் அவர்களுக்குத் திருப்பிக் கொடுக்க வேண்டும்' என்பதுதான். இதைச் சர்க்கார் செய்யுமாறு கேட்டுக்கொள்ளுகிறேன்."

SRI S. RAMALINGAM:—"கனம் சபாநாயகர் அவர்களே, கனம் மந்திரி அவர்களை ஒரு விஷயத்தைப் பற்றித் தெளிவாக பதில் கூறும்படி கேட்க ஆசைப்படுகிறேன். இந்த புதிய Definition படி '1954-ம் வருஷம் ஏப்ரல் மாதம் 1-ம் தேதிக்கு முன்பு தான் அமுலில் இருக்கும், அதற்கு பின்பு அமுலில் இருக்காது' என்று இந்த மசோதா தெளிவாக்குகிறது. 1953-54 மார்ச்சு மாதம் முடிய வியாபாரிகளுக்கு ஆண்டுக் கணக்கு முடிவடைகிறது. அதற்குப் பிறகு இப்பொழுது இரண்டு மாதங்கள் ஆகியிருக்கின்றன. அவர்கள் மாதாமாதம் கட்டிய தொகை எவ்வளவு? இந்த இரண்டு மாதங்களில் வியாபாரிகளிடம் கணக்கை வாங்கி இன்னும் கட்ட வேண்டிய வரி பாக்கி எவ்வளவு? என்று முடிவு செய்ய வேண்டியிருக்கும். இதற்கு முன்பாக முடிவு செய்திருக்க முடியாது. அப்படி முடிவு செய்யும்போது ஏற்கனவே இருப்பதுபோல் அவர்கள் வசூலித்த வரி விதித்து விற்பனை வரிக்கு கணக்குகள் பார்க்கப்படுமா? அல்லது மொத்த விற்பனைக்கு மட்டும் விற்பனை வரியை நீக்கி கணக்கிடப்படுமா என்று அறிய விரும்புகிறேன். இந்த வருஷம் மீண்டும் விற்பனை வரிக்கு வரி வசூல் செய்ய மாட்டார்கள் என்றும் நம்புகிறேன்."

SRI M. KALYANASUNDRAM:—"கனம் சபாநாயகர் அவர்களே, கடந்த காலம், நிகழ் காலம், எதிர் காலம் ஆகிய மூன்று காலத்திலும் எவற்றையும் சட்டமாக்க இந்த சபைக்கு அதிகாரம் உண்டு என்பதை ஒப்புக் கொள்ளுகிறேன். ஆனால் இந்த வருஷம் கொண்டு வந்திருக்கும் இச்சட்டம் அக்கிரமமானது: அதிகார மில்லாதது என்பதை மறுபடியும் சொல்லத்தான் வேண்டியிருக்கிறது. அப்படி வசூலிக்கப்பட்ட வரித் தொகையை எழைகளுக்கு, பொது வேலைகளுக்கு கொடுப்பதற்காகத் தான் இம்மசோதாவை நாங்கள் கொண்டு வருகிறோம் என்று கூறுகிறார்கள். அம்மாதிரியான சட்டம் இயற்றக்

11th May 1954] [Sri M. Kalyanasundram]

கூடிய அதிகாரமே இந்த சபைக்கு கிடையாது என்பதுதான் என்னுடைய ஆட்சேபம். இந்த கிளாஸ் இரண்டு இருக்கிறதே இது எதிர்காலத்திலே வசூலிக்கக்கூடிய வரி சம்பந்தமாக சட்டம் பிறப்பிப்பதற்கு அல்லது 1939-ம் வருஷத்தினுடைய சட்டத்தின்படி உரிமை இல்லை. அதை வர வேற்கவேண்டும். ஹைகோர்ட்டினுடைய தீர்ப்புப்படியே நடக்கவேண்டும். இந்த சபைக்கு அதிகாரம் உண்டு. நீங்கள் ஆதரிக்க வேண்டும். அதுவும் இது கடந்த காலத்தில் நடந்த விஷயம். அப்போது வசூலிக்கப் பட்டு விட்டது. அதை ஒழுங்குபடுத்தவே சட்டம் கொண்டு வரப்பட்டிருக்கிறது என்று சொல்லுகிறார்கள். இந்த விற்பனை வரியானது பல இடங்களில் வரியோடு சேர்த்து வசூலிக்கப்பட்டிருக்கிறது. சில இடங்களில் வரித்தொகையைச் சேர்க்காமல் வசூல் செய்யப்பட்டிருக்கிறது. இந்த வரித்தொகையைச் சேர்க்காமல் வசூல் செய்யப்பட்டிருக்கிறது. இந்த கப்பட்ட தொகையை, சட்டபூர்வமாக வேண்டுமென்பதற்காக கொண்டு வரப்பட்டுள்ள இந்த மசோதா நிறைவேற்றப்பட்டால், இதுவரை யாரிடம் வசூலிக்காமல் இருந்தார்களோ அவர்கள் மீதும் மீண்டும் அதிக வரியை வசூலிக்கவே அதிகாரம் கொடுக்கப்பட்டதாகும். இந்த திருத்தத்தை ஒப்புக்கொள்ள முடியாது. ஆகவே இதை நான் பலமாக எதிர்க்கிறேன்."

THE HON. SRI M. A. MANICKAVELU NAICKER:—"In all future assessment and collection of tax, the Government will apply the principle now enunciated by the High Court. With regard to past transactions, the hon. Member made a difference between the transactions which would involve refund and transactions where it will not involve refund. He asked whether I could not reconsider the matter. I have already answered that the transaction is entwined in so many other things. Because the merchants had been habituated to this sort of tax, they had already collected a tax. The difficulty arises when we have to distinguish between merchants who have collected and who have not collected the tax. But I may tell hon. Members that as far as possible, without causing any administrative difficulty, the judgment will be given effect to."

SRI S. RAMALINGAM:—"கனம் சபாநாயகர் அவர்களே, இந்த மாதிரியான முறையில் விற்பனை வரி விதிக்கப்படும் என்று தெரிந்து கொண்டு வியாபாரிகள் விற்பனை வரியை வசூலிக்கிறார்கள் என்று கனம் மந்திரி அவர்கள் சொன்னார்கள். வரியானது சர்க்காரின் சார்பாக வசூலிக்கப்பட்டிருக்கிறது என்றும் சொல்லுகிறார்கள். அவ்வாறு வசூலிக்கும் பூரா வரியையும் சர்க்காருக்கு செலுத்தி விடுவேன் என்றும் அச்சடிக்கப் பட்ட பாரத்திலே கையெழுத்திட்டு வியாபாரிகள் கொடுக்கவேண்டும், மேலும் அப்படி கொடுக்கத் தவறினால், வியாபாரிகளின்மேல் நடவடிக்கை எடுக்கலாம் என்றும் இருக்கிறது. ஆகையால் வியாபாரிகள் வசூலித்த விற்பனை வரியை விற்பனையுடன் சேர்த்து மொத்த துறைக்கு இந்த விற்பனை வரிக்கு மீண்டும் வரி போடப்படுகிறது. ஆகையால் வியாபாரிகள் தாங்கள் கொடுக்கவேண்டிய விற்பனைவரியை பொது மக்களிடம் வசூலித்து விடுகிறார்கள் என்று கூறுவது சரியல்ல."

SRI T. C. NARAYANAN NAMBIAR:—"Sir, the Hon. Minister was saying that some merchants had already collected the tax anticipating that the Government would assess the tax on the turnover including in it the tax collected by them. That cannot be substantiated. It has been definitely stated in rule 5 (a) (i) and (ii) of the General Sales Tax (Turnover and Assessment) Rules that all sums collected by way of sales-tax should be paid to the

[Sri T. C. Narayanan Nambiar] [11th May 1954]

State Government. In order to check if this is done, a specific column has been provided in the relevant form to be submitted. It is stated therein that the tax collected should not be included in the assessable turnover. So, the assumption that some merchants have collected the tax in anticipation is not correct."

SRI M. KALYANASUNDRAM :—"On a point of explanation, Sir. கனம் மந்திரி அவர்கள் சொல்லுவது பெரிய வியாபாரிகள் சம்பந்தப்பட்டவரை உண்மையாக இருக்கலாம். ஆனால் சாதாரண வியாபாரிகள் சம்பந்தப்பட்டவரை தினம் ஒன்றுக்கு ரூ. 2 முதல் ரூ. 5 வரை, அல்லது மாதம் ரூ. 150 வரை விற்பனை செய்யும் சில்லரை வியாபாரிகள் விஷயத்தில் பொறுத்தமாக இருக்காது. இதுவரை வரி செலுத்தாத வியாபாரிகளிடமிருந்து வரியை வசூலிப்பதற்கான நடவடிக்கைகளை எடுக்க சர்க்கார் முயற்சிப்பார்களா என்பதை நான் அறிய விரும்புகிறேன்."

THE HON. SRI M. A. MANICKAVELU NAICKER :—"The Government propose to give effect to the letter and spirit of the judgment. With regard to the past transactions, I have already stated the position of the Government. The hon. Member Sri Palanisami stated that the poor people would be affected. Poor people are not affected at all. The conscience of the hon. Member will be satisfied if I say that the people who are affected are people like the Volkart Brothers and Messrs. George Oakes, Ltd."

MR. SPEAKER :—"The question is—

'That clause 2 do stand part of the Bill.' "

The clause was put and declared carried.

A poll was demanded and the House divided thus :

THE MADRAS GENERAL SALES TAX (DEFINITION OF
TURNOVER AND VALIDATION OF ASSESSMENTS)
BILL, 1954

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir,
I move—

MR. SPEAKER :—" Motion moved—

SRI M. KALYANASUNDRAM :—" சபாநாயகர் அவர்களே, ஒரு நியாயம் வேண்டுமென்பதற்காக இந்த மசோதாவை எதிர்த்தேன். ஆனால், எதிர்க் கட்சியினர் சிறுபான்மையானதாக இருக்கக் கூடிய காரணத்தினாலே, எங்களுடைய எதிர்ப்பையும், திருத்தங்களையும், ஆட்சேபணைகளையும் நிராகரித்து இந்தச் சபை அரசாங்கத்துக்கு அதிகாரத்தைக் கொடுத்து விட்டது. இந்த அதிகாரத்தைக் கொடுத்தது நியாயமா அல்லது அநியாயமா என்பதைப்பற்றி இப்பொழுது விவாதிப்பது பொறுத்தமாக இருக்காது. இருந்தாலும், இந்த சமயத்தில் நிர்வாகத்தில் இருக்கக்கூடிய மந்திரிகளிடம் நான் ஒரு விஷயத்தைத் தெரிவிக்க விரும்புகிறேன். இந்த அதிகாரம் அவர்கள் கையில் இருப்பதின் காரணமாக நிரபராதிகள் பாதிக்கப்படக்கூடாது. இது வரையிலும் வரி வசூலிக்கப்படாத வியாபாரிகளிடமிருந்து நிர்ப்பந்தப் படுத்தி வரி வசூலிக்கக் கூடாது என்ற முறையில் ஒரு நிர்வாக உத்தரவை யாவது போடவேண்டும் என்று அவர்களை இந்தச் சந்தர்ப்பத்தில் கேட்டுக் கொள்ள விரும்புகிறேன்."

MR. SPEAKER :—" The question is—

'That the Madras General Sales Tax (Definition of Turnover and Validation of Assessments) Bill, 1954, be passed into law.' "

The motion was put and carried.

MR. SPEAKER :—" Let us now take the next item in the agenda, viz., the Madras General Sales Tax (Second Amendment) Bill, 1954."

THE MADRAS GENERAL SALES TAX (SECOND
AMENDMENT) BILL, 1954

11th May 1954]

SRI M. NARAYANA KURUP :—“ As the Bill comes within the mischief of Article 304, this cannot be introduced or moved without the recommendation of the President. Now, to say whether any Bill comes under Article 304 or not, I have to prove two things, viz., that it enforces a tax on goods imported from other States and that there are some restrictions. Sir, I do not want to refer to Article 301 which says that trade and commerce shall be free and to Articles 302 and 303 which deal with the powers of the Parliament. Article 304 gives some powers to the State Government to tax goods imported from other States with reasonable restrictions provided the prior recommendation of the President has been obtained. It is enough for me to read certain provisions of the Bill to show that it imposes a tax on goods imported from other States. Of course, this will not be denied. It cannot also be denied that there are restrictions. Apart from the ordinary restrictions, viz., keeping of accounts, etc., extraordinary restrictions are also sought to be imposed by a proviso contained in the Bill.

“ Here I will read that proviso :

‘ Provided further that, in the case of an assessment made under this sub-section, the burden of proving that the sale was not the first sale made in the State of Madras by a person not exempt from taxation under the next succeeding sub-section or was not the first sale effected by such person after the import of the said goods into the State of Madras, as the case may, shall lie on the person assessed.’

Now, Sir, if there is not this proviso, the ordinary law of justice and equity will prevail, which means that if we want civilly or criminally to prosecute any person the plaintiff or the prosecutor, as the case may be, must allege and prove his case. Now that principle is sought to be negatived and the burden of proof is shifted to the other party. I may make my contention clear. If there is not this provision and if the Government want to tax a certain article, then they will have to show that it is not the first sale. Now, on the other hand, as a result of this proviso . . .”

THE HON. SRI C. SUBRAMANIAM :—“ I am afraid Mr. Kurup is going into the merits of the case.”

SRI M. NARAYANA KURUP :—“ Therefore, Sir, it imposes restrictions on the assessee. I take it for granted that there is no unreasonable restriction, for if there are unreasonable restrictions, no Bill could be passed and that is the very reason why recommendation of the President is made necessary to see whether such restrictions are reasonable or not, if it comes under Article 304 of the Constitution. Then, of course, the provision is mandatory. I will only casually refer to Article 255 which was referred to yesterday for which an authoritative interpretation was given by the Leader of the House. He said that Article 255 referred only to cure for defects in procedure, that if the defects were not pointed out to the Assembly or to the Hon. Speaker or to the Government and if a Bill had been passed, in such cases the defects could be rectified by the assent of the Governor. Sir, I will just refer to a recent debate on Companies' Bill in the Parliament. There the

THE MADRAS LEGISLATIVE ASSEMBLY.

Tuesday, 11th May 1954.

The House met in the Assembly Chamber, Government Estate, Mount Road, at eight of the clock. Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

THE MADRAS GENERAL SALES TAX (SECOND AMENDMENT) BILL, 1954.

SRI M. NARAYANA KURUP :—“ Sir, on a point of order. This Bill comes within the mischief of Article 304 of the Constitution and as such . . .”

SRI V. BALAKRISHNAN :—“ Can I raise a point of order to a point of order, Sir? ”

MR. SPEAKER :—“ Let the hon. Member Sri Narayana Kurup finish his statement. Then I will hear the hon. Member.”

[Srs M. Narayana Kurup] [11th May 1954]

question was raised whether the sanction of the President was necessary, for if the Bill were passed and the provisions enforced, it will involve expenses out of the Consolidated Fund of India. The Hon. the Speaker reserved his ruling to another day and before that, the assent of the President was obtained. Similarly, in the case of an amendment that was moved by the Leader of the Opposition the Speaker was pleased to rule that it offended Article 207 of the Constitution and stated that prior recommendation of the Governor was not obtained. Therefore, if I am able to prove that it comes under Article 304, it would be enough. The proviso to the article lays down that Bills or amendments 'shall not be introduced or moved without the previous sanction of the President'."

SRI V. BALAKRISHNAN :—"The point of order that I want to raise is this. The Hon. Minister has not yet moved the Bill and, therefore, the Bill is not before the House. We can take cognizance of the Bill only after it has been moved by the Hon. Minister and then it will be time for the hon. Member to question the validity of the Bill and the competence of the House to take into consideration that Bill. Therefore, the hon. Member, Sri Kurup's objection is out of place and not in order."

THE HON. SRI C. SUBRAMANIAM :—"With all respect to the legal acumen of the hon. Member, Mr. Kurup, who tried to make a point out of Article 304, I wish to say this Article 304 reads :

'Notwithstanding anything in articles 301 and 303 the Legislature of a State may by law—

"(a) Impose on goods imported from other States any tax to which similar goods manufactured or produced in that State are subject, so, however, as not to discriminate between goods so imported and goods so manufactured or produced."

And section (b) of Article 304 reads :

"(b) Impose such reasonable restrictions on the freedom of trade, commerce or intercourse with or within that State as may be required in the public interest."

But the hon. Member wants to argue that when a taxation measure is introduced, that is a 'restriction' on the trade. It is a confusion of ideas. We are governed by Article 286 of the Constitution with reference to the imposition of sales tax. That Article reads :

'No law of a state shall impose, or authorize the imposition of a tax on the sale or purchase of goods where such sale or purchase takes place,

(a) Outside the State; or

(b) In the course of the import of the goods into or export of the goods, out of, the territory of India, etc.

So we are governed by Article 286 and if the tax is with reference to an article which has been declared to be an essential article by the President, then the President's assent is necessary. I am sorry that Article 304 (b) will not be applicable to taxation measures. It refers to other restrictions which we may impose with reference to movement of articles from one State to another. Therefore, there is no point made out by Mr. Kurup. It is only a confusion of ideas

11th May 1954] [Sri C. Subramaniam]

with reference to taxation measures and imposing of restrictions on freedom of movement of articles from one State and another. We are clearly governed by Article 286 and Article 304 (b) is not at all applicable."

SRI M. NARAYANA KURUP :—"Sir, I have not been correctly understood. If Article 286 were to be applied—that was not in my mind—the Hon. Speaker will see that we are absolutely forbidden from imposing any tax. 'No State shall impose a tax', etc., in that article has no application in this case. If that were so, we cannot pass this Bill at all even with the sanction of the President. Article 286 refers to taxing in the course of import; that is the difference. That means, when articles are imported from foreign countries, no tax shall be levied. So that will mean customs duty and that is what has to be understood from 'No tax . . . in the course of the import, etc.' That will mean customs duty. Therefore, Article 286 does not apply here.

"With regard to Article 304, only when there is a restriction sanction is necessary. My objection has nothing to do with Article 304 (a). If the tax were only imposition under Article 304 (a) no sanction is necessary. But when it comes under Article 304 (b), the Hon. Speaker will see that prior sanction is necessary. The Leader of the House read out Article 304 (a) and said that Government were entitled to tax. I concede that point. But the only thing the Hon. Speaker has to consider is whether there is any restriction imposed irrespective of the fact whether it is imposed alike on goods produced in this State or other States. Here in this Bill, I consider that a certain restriction has been imposed—it may be reasonable, but nonetheless it is restriction—and, therefore, the sanction of the President is necessary."

MR. SPEAKER :—"I uphold the points explained by the Hon. the Leader of the House and am of opinion that sanction from the President to introduce the Bill is not necessary. Let us continue with the discussion now."

THE HON. SRI M. A. MANICKAVELU NAICKER :—"Sir, I beg to introduce 'The Madras General Sales Tax (Second Amendment) Bill, 1954' and move—

'That the Bill be taken into consideration at once.'

"Sir, the Bill is intended to raise the rate of tax on the goods as given in the schedule. The object is not only to augment the revenue, but to a substantial extent, it is to protect the handloom industry also. I hope hon. Members will remember that we have passed a resolution in this House unanimously to protect the handloom industry. The Central Government came to our rescue to a partial extent in our scheme to help the industry by levying cess duty. There are many people who are engaged in this industry and they are very badly affected. They number nearly 30 lakhs

[Sri M. A. Manickavelu Naicker] [11th May 1954]

and it is in order to protect these peoples who depend on this very ancient industry and also to raise the revenues of the State that I move this Bill."

Mr. SPEAKER:—"The motion is—

'That the Madras General Sales Tax (Second Amendment) Bill, 1954, be taken into consideration at once.'

SRI K. P. GOPALAN:—"Sir, I move—

'That the Madras General Sales Tax (Second Amendment) Bill, 1954, be referred to a Select Committee.'

SRI S. RAMALINGAM:—"I second the Amendment."

Mr. SPEAKER:—"The motion and the amendment are before the House for discussion."

SRI T. ANANTHA PAI:—"May I know how much the Government expect to collect under this head?"

THE HON. SRI M. A. MANICKAVELU NAICKER:—"It is not possible to state it even somewhat approximately."

SRI P. K. GOPALAKRISHNAN:—"Sir, in moving the Bill, the Hon. the Minister for Land Revenue said that the purpose of introducing this Bill was not only to augment the revenues of the State but also to give protection to the handloom industry. This argument is not correct. This argument of the Hon. the Minister is based on the assumption that there is a competition between the handloom industry and the mill cloth industry in our country. This is not correct. There is really no competition between the handloom industry and the mill cloth industry because the total production of both handloom and mill cloth in our country will not work out to 10 yards *per capita*. Where is the competition then? The real trouble is the purchasing power of the people has gone down. Without finding a solution to that problem, any amount of taxation of mill cloth will not give protection to the handloom industry. This argument of the Minister for Revenue is utterly baseless and I hope that hereafter he will not put forth such an argument."

"Sir, in the statement of objects and reasons it is stated that the only purpose of this measure is to augment the revenues of the State. Sir, we have always welcomed taxation of luxury goods. We have been suggesting to the Government from early times that we will support any measure to bring in additional revenues to the State provided luxury goods are taxed much more than ordinary goods. But here the Government do not really want to tax any luxury goods but only ordinary goods. For example, gold and silvewares are used mostly by ordinary people and Government want to tax them. As a matter of fact, after the Hon. the Minister for Finance made reference in his Budget speech to such taxation measures, we toured our constituencies and ascertained the views of the people on these. The people definitely told us that gold

11th May 1954] [Sri P. K. Gopalakrishnan]

and silver goods are generally used by ordinary people and that they should not be taxed. Sir, there are other goods which can be taxed with justification. There are costly motor cars which can be taxed. There are costly fountain pens like 'Parker' which can be taxed. There are costly watches like 'Rolex' which can be taxed if the Government want additional revenues for the State. But, on the contrary the Government want to tax goods used by ordinary people and not rich people. A tax on mill cloth will certainly affect the middle-class in our country and as has been pointed out by me earlier, these taxation measures will not be helpful in any way to the handloom industry.

"With these few words, Sir, I oppose the motion moved by the Hon. the Minister for Revenue."

மிகவும் மோசமான வார்த்தையே தவிர, உண்மையாகவே அவர்களுக்கு நல்லது செய்ததாகச் சொல்லமுடியாது. ரூபாய்க்கு ரூ. 0-1-3 வீதம் மில் துணி மீது விற்பனை வரி அதிகமாகப் போடுவதானது, பட்டுஜெட்டைச் சரிக்கட்டுவதற்கும், கைத்தறித் தொழிலுக்கு ஆதரவு தருவதற்கும் என்று சொல்லுகிறார்கள்.

“ உயர்தரமான விலையுயர்ந்த வைரக் கற்களுக்கும், ஆடம்பரப் பொருள்களுக்கும் வரி போடுவதைப்பற்றி கவலையில்லை. ஆனால், கல்சர் வைரங்கள் தொழிலில் திருச்சி ஜில்லாவை எடுத்துக்கொண்டால் ஆயிரக்கணக்கான தொழிலாளிகள் ஈடுபட்டிருக்கிறார்கள். எங்கிருந்தோ யாரோ மூலதனம் போட்டு முடக்கி வைத்துக்கொண்டிருக்கிற கற்கள் அவர்களுக்குக் கிடைக்கின்றது. ஆனால், அதைக் கூட அவர்களால் வாங்க முடியவில்லை. அதற்குப் போதிய பணம் அவர்களிடம் கிடையாது. இவர்கள் கற்களை வாங்கி பட்டை போடும் தொழில் செய்து வருகிறார்கள். செயற்கை வைரங்களுக்கும் வரி போட்டால் அது ஏழை மக்களைத்தான் பாதிக்கும். ரூபாய்க்கு இரண்டு கற்கள், நான்கு கற்கள் என்று விற்கக் கூடிய இந்த கல்சர் வைரக் கற்களைக் கொண்டு நகை செய்து கொள்ளக் கூடிய சாதாரண மக்கள் இதனால் பாதிக்கப்படுவார்கள். நம் நாட்டுப் பெண்கள் நகை போட்டுக்கொள்ளவேண்டும் என்பது இந்தியப் பண்பாடாக விளங்கி வருகிறது. இப்படிப்பட்ட ஒரு பண்பாட்டையே எடுத்துவிடக் கூடிய அளவிலே இந்த வரி இருக்கிறது.

“ சாதாரண ஏழை மக்களை பாதிக்காத முறையில், வரி கொடுக்கச் சக்தியுள்ளவர்களுக்கு வரி போடுங்கள் என்று நாங்கள் சொல்லி வருகிறோம். அப்படியில்லாமல் இம்மாதிரி இந்த செயற்கை வைரங்களின் மீதும் வரி போட்டால் இந்தத் தொழில் நசித்துவிடக்கூடும். ஆகவே, தயவு செய்து கல்சர் வைரத்திற்கு இந்த வரியிலிருந்து விலக்கு அளிக்கவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன்.

in other countries. If it is a purchase tax, then there will be no question of making the tax a multi-point tax applicable at many stages and opposition to it and all this business of discussing the merits of the sales tax and the nature and the working of that legislation. Suffice it to say that this sales tax has created a lot of bottle-necks which have had to be cleared from time to time. However, it is too late in the day with the Prohibition policy of the Government to go back on sales tax. Therefore, we are now concerned with minimising the hardships caused to the public from the imposition of this sales tax.

“ Mr. Speaker, Sir, the question of taxing bullion as gold and silver in bar shape is a different matter and the Government to-day as the law stands are taxing bullion as such. Now the question is, are articles made of silver and gold to be taxed? Will such a tax affect the dealer or the consumer is the question? It has been repeatedly pointed out by hon. Members that it affects the ordinary people, the consumers. It is not everybody that wears precious stones. There is not much money left in the country to buy precious stones from elsewhere. It has been pointed out by hon. Members that jewellery made out of gold and silver are really precious from the point of view of wearing and also as a sort of insurance for the very poor people. They first make it as an ornament and in times of distress they use it as an article of mortgage to get some money. It is very necessary that the burden on the poor people should be reduced. I do hope that the Government will not think of taxing or putting an additional burden on the poor.

“ This is absolutely a new measure of taxation. It is not a question of imposing a surcharge. It is not a question of increasing a tax already imposed for the sake of increased revenue. It is a new line. Therefore, it is necessary that we should give deep consideration to this measure. My hon. Friend Sri Balakrishnan said that it should be referred to a Select Committee. I feel it is unnecessary to refer this measure to a Select Committee. It is a matter on which we should say ‘Yes’ or ‘No’ straightway. I would earnestly request the House to consider the merits of the Bill straightway instead of referring it to a Select Committee. There is nothing in the Bill that requires to be improved by a Select Committee at all. I feel that the imposition of a tax on jewellery made out of gold and silver is not right, is not in the interest of the popular Government because it affects a large number of people. I can understand if it is a tax which will affect only a few. It is not a tax on luxury articles at all. Gold and silver jewels are not luxury items as every one understands it. These are possessed by hundreds and thousands of people. It would be in the best interests of the party in power, if I may use that phrase, to drop this provision. It may of course yield a few lakhs of rupees. But the compensatory advantage would not be much. Let them not give a handle to others to play with during election time. After all the

[Raja M. A. Muthiah Chettiar of Chettinad] [11th May 1954]

legislature, the country and all the parties are equally concerned with the continuance of a popular Government which is essential for the good governance of the country. I am really anxious that we should not launch upon legislation which might bring a few lakhs of rupees and which will also bring a lot of unpopularity and odium to the Government. This measure is not an immediate necessity also.

"Sir, I have time and again proved that the budgetary deficit which the Hon. Minister for Finance has shown in the budget is an illusory deficit. There is no deficit in the Madras Government Budget at all. The Rs. 58 lakhs deficit shown by the Hon. Minister is not at all a deficit. It is highly improper to debit the expenditure of Rs. 68 lakhs on Community projects under current revenues of the Madras Government. It is an item to be debited to the moneys that this Government are entitled to get from the Government of India. The Hon. Minister has in his speech mentioned that according to the Five-Year Plan for this year, this Government is entitled to get 22 crores of rupees from the Government of India and in the same paragraph, he has only provided for an expenditure of 11 crores of rupees and for the balance, he said, he expected Government of India aid or local loans. This was before the Central loan was floated. If the Government of this State are interested in the full implementation of the plan, they should provide for an expenditure of Rs. 22 crores and demand Rs. 22 crores from the Government of India. If the Madras Government do not make such a provision and make a demand on the Government of India, other State Governments will steal a march over this State. They will get the money required for the implementation of their plans from the Government of India. Therefore, it is certainly a mistaken position that this Government have taken. Though the Budget has been passed, it is not too late for the Government of Madras to convey to the Government of India the strong feelings expressed on this matter on the floor of this House and ask them to make a grant of Rs. 22 crores of rupees. They can treat this as a separate item and have it passed as a supplementary demand in the course of the next few months. That is my appeal to the Hon. the Finance Minister. Then it will be seen that this Rs. 58 lakhs is not a deficit at all.

"Sir, because a deficit of Rs. 58 lakhs was shown in the Budget the previous Chief Minister Sri Rajagopalachari, thought of introducing all these taxation measures to make up the deficit. Though the Hon. the Finance Minister is dealing with it now, the responsibility for these taxation measures is his. The former Chief Minister thought that Rs. 40 lakhs could be made up by the revenue derived from these various measures of taxation. I should say in this connexion that Rajagopalachari introduced the sales tax for the first time in 1937. He introduced the idea of levying a surcharge on assessment over Rs. 500. He has proposed the levy of tax on plantations. He wants to take credit for having introduced these

11th May 1954] [Raja M. A. Muthiah Chettiar of Chettinad]

measures for the first time. That is the only purpose in introducing all these measures and it is not to make up the deficit of Rs. 40 lakhs. That is my humble submission. I wish he were here. It is a pity he is not here now."

THE HON. SRI C. SUBRAMANIAM :—"Then you would not have spoken like this."

RAJA M. A. MUTHIAH CHETTIYAR OF CHETTINAD :—"I have used stronger language than this. I would request the Hon. Finance Minister to go through the reports of the Madras Legislative Assembly of that period. I have spoken in stronger language. I would challenge him to come here tomorrow after perusing the reports and tell me whether the language I used then was not stronger than the language that I now use. The language I use to-day is less strong because I am responsible to the changed Ministry. I also feel I should not criticise the previous Ministry. Now I am not in a position to present the opposition case as much as I used to criticise the Government before. I wish I were in a position to do that. It is because of that that I used stronger language then. I would challenge the Hon. Minister to read my speeches once, twice and thrice. The language I employed on the last occasion in criticising the Government was stronger than the language I used to-day. Sir, language is not after all the question. Let me come to the merits of the case. Let the Hon. Minister tell me whether our Budget is really a deficit budget. Let him tell me whether he is justified in debiting to our current revenues the expenditure on Community Projects. Let the Hon. Minister tell the House whether we are not entitled to more grants from the Centre for implementation of the plans under the Five-Year Plan.

"I will now come to the taxation measure. There were certain other measures of taxation, such as surcharge on assessment, tax on plantations, etc. The opposition did not object to all the taxation measures. But they object to this. Why do they object to this taxation? They object to this because it will affect a large number of ordinary people. Gold and silver jewels are worn by a very large number of ordinary people and a tax on them will affect these people. Others who will be affected are the supporters of the Congress. If I had anything to do with the drafting of this taxation measure, and if I had the idea that the party's popularity should not be lost, I would first of all not tax anything that would affect my Party's popularity. Mr. Winston Churchill is the man who can be the real leader of a political party because he knows which will be in the best interests of his party. The hon. the Deputy Leader of the Opposition, Sri Kalyanasundaram, knows what is best for his party. But unfortunately the Congress Members do not know which is in the best interests of their party. They suffer from an inferiority complex, deficit mentality. In simple language I may say, they are playing into the hands of their enemies."

[11th May 1954]

SRI M. KALYANASUNDRAM :—" Who is the enemy here? "

RAJA M. A. MUTHIAH CHETTIYAR OF CHETTINAD :—" I can use that term. It is absolutely parliamentary. I should like to assure the hon. the Deputy Leader of the Opposition that it is absolutely parliamentary. 'The man who takes the opposite view in politics' is the idea of my word 'enemy'. It is not at all bad language.

" Mr. Speaker, Sir, many of the items of legislation taken up by the Congress Party will ruin them and their popularity. These measures will reduce the number of votes that they can obtain in the elections. I have no doubt that if they are sensible people, in the coming two or three years they will have to reverse many of their taxation measures if they want to come back to power. If they want to drift away from power, it is a different matter." (An hon. Member : 'It is only for election purposes.')

SRI P. RANGASWAMI REDDIAR :—" On a point of order, Sir. Is it correct on the part of the hon. Member to intimidate the Hon. Ministers like this by often reminding them about the future elections and their results? "

RAJA M. A. MUTHIAH CHETTIYAR OF CHETTINAD :—" Sir, I am entitled to appeal to every hon. Member of the House through you, Sir, and also the Hon. Ministers not to commit a mistake. If I consider anything wrong, what is wrong in my pointing this out to them? I am only encouraging them. I am not intimidating them.

" I should certainly say that Government should seriously consider the question of not imposing tax on jewellery made of silver or gold as, I feel sure, it is unnecessary. I do hope the Hon. Finance Minister who is now in a cheerful mood will be in a position to consider this and accept the amendment and take the credit for himself. I would ask him to move the amendment himself, if not to-day at least tomorrow because it is better the Treasury Bench does it."

SRI M. KALYANASUNDRAM :—" கனம் சபாநாயகர் அவர்களே, அரை மணி நேர விவாதம் ஒன்றை அனுமதித்திருப்பதாகத் தாங்கள் சொன்னதை நான் ஞாபகப்படுத்த விரும்புகிறேன்."

MR. SPEAKER :—" We will finish the second reading now, and take up the clause by clause consideration of the Bill tomorrow. After all, it is a small Bill and I may also inform the House that the Government are themselves bringing in an amendment to delete items (ii) and (iii). "

SRI M. KALYANASUNDRAM :—" கனம் சபாநாயகர் அவர்களே, இந்த மசோதாவை நாங்கள் எதிர்க்கிறோம் என்பது இதற்கு முன்னாலேயே மந்திரி சபையினருக்குத் தெரிந்த விஷயம். இந்தப் பிரச்சினை என்பதை நியாய உணர்ச்சி உள்ள அனைவரும் சர்க்காருக்கு எடுத்துக்காட்ட கடமைப்பட்டவர்கள் என்ற முறையிலேதான் இதைப் பட்டினிப் பிரச்சனாக சமயத்திலும் எடுத்துக்காட்டியிருக்கிறோம். இந்த மர்காணத்திலே பல கிளர்ச்சிகள் நடந்து வந்திருக்கின்றன. மில் துணி வரியை உயர்த்துவதைப்பற்றியும், தங்கம், வெள்ளி, செயற்கை வைரம் போன்றவைகளுக்கு விற்பனை வரியை உயர்த்துவதைப்பற்றியும் எதிர்ப்பு மாகாணம் பூராவும் இருந்துவந்திருக்கிறது. வியாபாரிகள் மட்டுமல்ல. தொழிலாளர்களும் எதிர்த்து வந்திருக்கிறார்கள். ஆகவே, தங்கம், வெள்ளி, செயற்கை வைரங்கள் மீது போடக்கூடிய வரியை விலக்கவேண்டும் என்று சொல்வதற்காகத்தான் நான் எழுந்திருந்தேன். எழுந்திருக்கக்கூடிய அதே சமயத்தில் 'சர்க்கார் கட்சியிலிருந்தே திருத்தம் கொடுத்திருப்பதாக' நீங்களும் அறிவித்தீர்கள்."

MR. SPEAKER :—" It is not exactly a notice of amendment given notice of by the Government."

THE HON. SRI C. SUBRAMANIAM :—" Some Members on the Government side have given notice of an amendment."

SRI M. KALYANASUNDRAM :—" ஸார் சர்க்கார் இன்னும் திருத்தம் கொடுக்கவில்லை. சில அங்கத்தினர்கள் திருத்தம் கொடுத்திருக்கிறார்கள். அப்படி கொடுத்தவர்களில் ஸ்ரீ எஸ். ராமலிங்கம் அவர்களும் ஒருவர். இதைத் திருத்தவேண்டுமென்று சர்க்கார்க் கட்சியைச் சேர்ந்தவர்கள் ஒரு வேளை அதை ஆலோசிக்கலாம் என்ற எண்ணம் இருக்குமோ என்னவோ."

THE HON. SRI C. SUBRAMANIAM :—" It is the same thing as the amendment given notice of by the hon. Member Sri S. Ramalingam."

"

THE HON. SRI C. SUBRAMANIAM :—" The hon. Member Rajah Muthiah Chettiar of Chettinad, could not have known our attitude and we have not formulated our attitude yet. I want to hear the Hon. the Deputy Leader of Opposition before I formulate my attitude."

SRI M. KALYANASUNDRAM :—" கனம் சபாநாயகர் அவர்களே சர்க்காருக்குப் பணம் வரவேண்டியது அவசியம். சர்க்காருக்குப் பணம் கொடுக்கவேண்டுமென்று தான் நாங்களும் சொல்லுகிறோம். ஆனால், நியாயமான முறையிலே சர்க்கார் வரி விதிக்க வேண்டும். நியாயமான முறையிலே வரி விதித்து, அந்தப் பணத்தைக்கொண்டு மக்களுக்கு வேண்டிய சௌகரியங்களைச் செய்வதற்கு செலவிடவேண்டும். ஆனால், போலீசுக்கும் துப்பாக்கி வாங்குவதற்கும் மட்டும் அந்தப் பணத்தை செலவு செய்யக்கூடாது. அதுதான் என்னுடைய ஆட்சேபணை. நியாயமான முறையில் வரி விதித்து, நிறையப் பணம் சர்க்காருக்கு வரட்டும். அதன் மூலம் சர்க்காருக்கு செல்வாக்கு உயர்ந்துவிட்டாலும்கூட அதைப்பற்றி எங்களுக்குப் பொருமை கிடையாது.

[Sri M. Kalyanasundram] [11th May 1954]

“நான் சொல்லவேண்டிய யோசனையை சுருக்கமாகத் தெரிவித்துக் கொள்ளுகிறேன். அதாவது, தங்கம், வெள்ளி நகைகள் மீது போட உத்தேசித்திருக்கக்கூடிய வரியையும், செயற்கை வைரங்களுக்குப் போடும் வரியையும் சர்க்கார் உடனே வாபஸ் வாங்கிவிடவேண்டும். அதற்கு ஈடாகச் செய்யவேண்டுமானால், அதற்கும் நான் யோசனை சொல்லுகிறேன்: ஆடம் பரப் பொருள்களுக்கு அதிக வரி விதித்தாலும் அதை நாங்கள் ஆதரிக்கத் தயாராய் இருக்கிறோம்; என்று பட்ஜெட் பிரசங்கத்திலேயே எங்களுடைய கொள்கையை நாங்கள் தெளிவுபடுத்தியிருக்கிறோம். தங்கம், வெள்ளி வியாபாரம் நடத்தக்கூடிய வியாபாரிகள்கூட இதை ஒத்துக்கொள்ளுகிறார்கள். லேசென்ஸ் கட்டணத்தை உயர்த்தினால்கூட, அதைக் கொடுப்பதற்கு அவர்களுக்கு ஆட்சேபண இல்லை. Dealer's licence fee ரூ. 12-8-0 என்று இருப்பதை ரூ. 25-ஆக உயர்த்திவிட்டாலும்கூட இதற்குப் பதிலாக அதைக் கொடுப்பதற்கு அவர்களுக்கு ஆட்சேபண இல்லை. அதனால் சர்க்காருக்கு இன்னும் லாபம் கிடைக்கும். வரி விதித்து சர்க்கார் கெட்ட பெயரை வாங்கிக்கொள்வதைவிட, புல்லியன் லேசென்ஸ் கட்டணத்தை உயர்த்தினால் எதிர்க்கட்சியினர் அதை ஆட்சேபிக்க மாட்டார்கள். வியாபாரிகளும் அதை ஆட்சேபிக்க மாட்டார்கள். இந்த இரண்டு யோசனைகளையும் சர்க்கார் ஏற்றுக் கொண்டுவிட்டால் சர்க்காருக்கு வருமானம் அதிகமாகக் கிடைக்கும். தொழிலும் நாசமாகிவிடாது. சர்க்கார் எப்படியாகிலும் இந்தப் பொருள்களுக்கு வரி விதிக்கத்தான் போகிறார்கள்; என்று முடிவு செய்வார்களானால், அதைக் கொடுக்காமல், ஏமாற்றுவதற்காக வியாபாரிகள் திட்டம் தயாரித்து விட்டார்கள். சர்க்காருக்கு எதிராக அவர்கள் நிதியும் வசூல் செய்து வருகிறார்கள். அதையும் நான் சர்க்காருக்கு எச்சரிக்கை செய்ய விரும்புகிறேன். வியாபாரிகள் சர்க்காரை ஏமாற்றுவதற்கு முயற்சி செய்து திட்டம் போட்டுவிட்டால், சர்க்காரால் அதைக் கண்டுபிடிக்க முடியாது. இந்த வரி விதிப்பினால் சர்க்காருக்கு கோரிய பலன் கிடைக்காது. நாட்டு மக்களிடையே கெட்ட பெயர்தான் அவர்களுக்கு ஏற்படும்; தொழிலும் பாதிக்கப்படும். இந்தத் தொழிலில் ஈடுபட்டிருக்கக்கூடிய தொழிலாளிகளுக்கு சில சமயங்களில் வேலை கிடைக்கும். பல சமயங்களில் வேலை இல்லாமல் போய்விடும். இந்த ஆபத்தும் அதில் இருக்கிறது. ஆகவே, இந்த இரண்டு வரியையும் ரத்து செய்யவேண்டுமென்று நான் கேட்டுக்கொள்கிறேன்.

“ஆடம்பரப் பொருள்களுக்கு வரியை உயர்த்துவதற்கு தனியாக மசோதா கொண்டுவந்தாலும் அதை நாங்கள் ஆதரிக்கத் தயாராயிருக்கிறோம்.

“மில் துணி விஷயத்தில் 35 கவுண்டு என்பதை 60 கவுண்டு என்று உயர்த்திக்கொண்டு விட்டோம். அறுபது கவுண்ட் வரையில் இந்த வரியிலிருந்து விதிவிலக்கு கொடுத்துவிடவேண்டும் என்ற முறையில் திருத்தம் கொண்டுவரவேண்டுமென்று கேட்டுக்கொண்டு என்னுடைய பேச்சை இத்துடன் முடித்துக் கொள்ளுகின்றேன்.”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Mr. Speaker, Sir, I heartily agree with one point raised by the hon. Member from Chettinad, Sri Raja M. A. Muthiah Chettiar, namely, that there is absolutely no necessity for referring this Bill to a Select Committee. Whatever we want to do could be decided upon when we to discuss the various clauses of the Bill.

“ Sir, it is generally agreed to and welcomed by all hon. Members that the handloom cloth industry should be protected and encouraged but there is difference of opinion as to whether the provision in this Bill will go to the full length of protecting it. The hon. Member, Sri K. T. Raju, said that the price of yarn has increased and, therefore, this provision will not materially

11th May 1954] [Sri M. A. Manickavelu Naicker]

help the handloom industry. A provision is being made to protect and encourage a certain industry and attempts may be made to overcome the provision. I will give an illustration. Now, we want to control money-lending and we fix a particular rate of interest in the Statute but it is overcome by other means. The money-lenders collect an exorbitant rate, that is, they deduct it before the money is advanced and take a promissory note for a higher amount. Like this, statutes are not given effect to in the manner in which they are intended to be given effect to but we shall try and see how far we can control and protect the handloom industry. There are loopholes in all statutes and we cannot make provisions for covering all of them. If this provision is sought to be circumvented, we shall take proper measures.

“ Then the hon. Member, Sri M. Palaniyandi, said that the weapon we are trying to use is not the proper weapon for protecting the handloom industry. Probably, the hon. Member wants me to use some other fighting weapon. But this is the only weapon which I have got in my hand and I am not prepared to borrow the weapon that the hon. Member and his friends intend to use or desire to favour. Mine is a legitimate weapon and I am making use of it.

“ Sir, in regard to the increased rate of sales tax on the items in sub-clause (b) of clause 2, reference was made to precious and semi-precious stones and goods made of gold or silver and I have heard arguments that they should be deleted and it has been claimed in very forcible language from behind me also. But, I am still having an open mind and I may be given some time to examine the implications of deleting these items and I would be in a position to make a categorical statement when we take up the clause by clause discussion of this Bill. The Bill need not, therefore, be referred to a Select Committee and we can take up the clause by clause consideration of the Bill tomorrow.”

SRI K. P. GOPALAN :—“ Sir, I am not withdrawing my amendment to refer the Bill to a Select Committee.”

MR. SPEAKER :—“ The question is—

‘ That the Madras General Sales Tax (Second Amendment) Bill, 1954 be referred to a Select Committee.’ ”

The motion was put and lost.

MR. SPEAKER :—“ The question is—

MR. SPEAKER :—“ Clause 2 as well as the amendments are now before the House for discussion.

MADANAGOPAL :—“ கனம் சபாநாயகர் அவர்களே, சபை முன்பு கொண்டுவந்திருக்கக்கூடிய இந்த மசோதாவானது ஏற்கெனவே இருக்கக்கூடிய வருமான வரியை அதிகப்படுத்தும் நோக்கத்தோடு மில் துணிகளுக்கு மேலும் புதியதாக வரி போட உத்தேசித்திருப்பதாகும். ஏற்கெனவே இருக்கக்கூடிய வருமான வரி சாதாரண ஜனங்களையும், வியாபாரிகளையும் மிக மிகக் கடுமையாய்ப் பாதிக்கின்றது. இந்த வருமான வரியைப் பொறுத்தவரையில் இதை வருமான வரி என்று கூறுவதற்குப் பதிலாக ஜனங்களின் உயிரை வாங்குவதற்காகப்

[Sri V. Madanagopal] [12th May 1954]

போடப்படும் வரி என்று கூறிவிட்டலாம். சாதாரணமாக ஒருவர் பிச்சை வாங்கி ஒரு சாமான் வாங்கினாலும் கூட அதற்கும் வரி என்று ஆகிவிட்டது தற்கால நிலைமை. ஒரு காலத்தில் மகாத்மா காந்தி அவர்கள் உப்பு சத்தியாக்ஷரஹம் போன்ற பல இயக்கங்களுக்குத் தலைமை தாங்கி நடத்தியதன் காரணமென்ன? சாதாரண ஏழை மக்களின் கொடுக்கும் சக்திக்கு மேல் வரி விதிக்கப்படுகிறது. அவர்களது உணவுப் பொருள்களுக்கும் வரி விதிக்கப்படுகிறது. இவைகளை ரத்து செய்யவேண்டுமென்பதற்காகத்தான் அவர் பல இயக்கங்களுக்குத் தலைமை தாங்கி நடத்தினார். இம் மாதிரியாக அதிக வரி போடுவதன் முடிவு என்ன ஆயிற்று என்று பார்த்தால் நாணயமாக உள்ள வியாபாரிகள்கூட நாணயமற்றவர்களாக மாறினால்தான் வாழமுடியும் என்ற நிலைக்கு வந்துவிட்டது. புதியதாக வரி போட உத்தேசிக்கும்போது நான் சொல்லும் இவ்விஷயத்தை சர்க்கார் கவனத்தில் வைத்துக்கொள்ளவேண்டும். அதாவது பலசர்க்குக் கடைக்காரர்களும், சிறிய சிறிய ஷாப்புக்காரர்களும் உண்மையிலேயே ஜனங்களிடமிருந்து இன்றைக்கு விற்பனைவரியை வசூல்செய்ய முடிகிற நிலை. ஏனென்றால் அவர்களால் ஒரு ரூபாய்க்கும், இரண்டு ரூபாய்க்குக்கும் பில் போட முடிவதில்லை. போட்டால் வாங்க மாட்டோம் என்றும் சில சமயம் ஜனங்களே சொல்லுகிறார்கள். ஆகவே ஜனங்களிடமிருந்து இவர்கள் விற்பனை வரியை வாங்காவிட்டாலும் தங்களுக்கு மொத்த வியாபாரத்தைக் கணக்கெடுக்கும்போது சர்க்காருக்குச் சேரவேண்டிய பணத்தை தங்கள் பணத்திலிருந்து கட்டிவிடுகிறார்கள். இதனால் நூற்றுக்கணக்கான கடைகள் நஷ்டத்திற்குள்ளாகி மூடப்பட்டிருக்கின்றன. நூற்றுக்கணக்கான வியாபாரிகள் மிகுந்த நஷ்டத்திற்குள்ளாகியிருக்கிறார்கள். ஆகவே ஒரு முனை விற்பனை வரியைக்கொண்டு வரவேண்டுமென ராஜ்யம் பூராவிலுமுள்ள வியாபாரிகள் கிளர்ச்சிகள் செய்துகொண்டிருக்கிறார்கள். இச்சபையிலுள்ள பல அங்கத்தினர்கள் சர்க்காரின் கவனத்திற்கு அதைக்கொண்டு வந்திருக்கிறார்கள். அப்படி இருந்தபோதிலும் இன்றைக்குப் புதிய வரி போடப்படுகிறது. இந்த மசோதாவைப் பிரேரிக்கும் போது கனம் ரெவின்யூ மந்திரி அவர்கள் சொல்லுகிறார்கள், 'இந்த வரியைப் போடுவது வருமானத்திற்காக அல்ல. கைத்தறி நெசவாளர்களுக்கு ஆதரவு அளிக்கத்தான். கைத்தறி நெசவுத் தொழிலுக்குப் பாதுகாப்பு அளிக்கத்தான்', என்று. இது ஒரு சக்தி வாய்ந்த உண்மையாக இருக்க முடியாது. கனம் நிதி மந்திரி அவர்கள் ஒவ்வொரு சந்தர்ப்பத்திலும் பேசும்போது எதிர்க்கட்சியிலிருந்து சொல்லப்படும் வாதங்கள் எல்லாம் அவர்கள் கையாளும் பிரசார தந்திரங்களாகும் என்று சொல்வார்கள். ஆனால் இந்த வரிப் பிரேரணையைக் கொண்டு வரும்பேது, 'இதை கைத்தறித்துணியின் பாதுகாப்புக்காகத்தான் கொண்டுவருகிறோம்', என்று அவர்கள் சொல்லுகிறார்களே இது எல்லாவற்றையும்விட மேலானதொரு பிரசார தந்திரம் என்றுதான் நான் சொல்ல வேண்டியிருக்கிறது. உண்மையிலேயே இந்த வரி விதிப்பு கைத்தறித் துணியின் பாதுகாப்பை உத்தேசித்ததான் கொண்டுவரப்பட்டது என்றால் கனம் மந்திரி அவர்கள் இதிலிருந்து கிடைக்கக்கூடிய எல்லாப் பணத்தையும் கைத்தறியின் முன்னேற்றத்திற்கே செலவிட முன்வருவார்களா என்று நான் கேட்கிறேன். அப்படிப்பட்ட எந்த உறுதியும் இந்த மசோதாவில் கொடுக்கப்படவில்லை. ஏற்கனவே கைத்தறித் தொழிலாளர்களுக்குப் பாதுகாப்பு அளிப்பதற்கு மத்திய சர்க்கார் மில் துணிகளுக்கு செல் விதித்துப் பணம் கொடுக்கிறது. இந்த வருஷத்தில் ஐந்துகோடி ரூபாய் கைத்தறிக்கு உதவி செய்வதற்காக ஒதுக்கியிருக்கிறார்கள். மேலும் அதிகமாகப் பணம் ஒதுக்கவேண்டுமென்று மத்திய சர்க்காரை கேட்டுக் கொள்ள வேண்டுமே தவிர மில் துணிகளுக்கு மறுபடியும் வரிவிதிப்பது சரியான யோசனையாகாது. ஏற்கெனவேயே மில் துணிகளுக்கு எவ்வளவு நெருக்கடி ஏற்பட்டிருக்கிறதென்று சொல்வதற்கில்லை. உற்பத்தியாகும் சர்க்குள் விற்பனையாகாமல் தேங்கிக் கிடக்கின்றன. கடந்த ஒரு வருஷத்தில் நமக்குக் கிடைத்துக் கொண்டிருந்த வருமானத்தில் 121 லட்சம் ரூபாய் குறைந்து விட்டது என்று சொன்னால் மக்களின் வாங்கும் சக்தி குறைந்துவிட்டது என்றுதான் கொள்ளவேண்டும். அதுவும் ஒரே வருஷத்தில் 10 பர்சென்ட் குறைந்திருக்கிறது. நிலப்பிரபுக்கள் நாளுக்கு நாள் குத்தகையை

[12th May 1954] [Sri V. Madanagopal]

அதிகப்படுத்திக் கொண்டேபோகிறார்கள். லேவாதேவிகாரர்களிடம் விவசாயிகள் வாங்கும் கடன் பளுவும் நாளுக்கு நாள் அதிகரித்துக் கொண்டே போகின்றது. ஏழை விவசாயி மக்கள் நாளுக்கு நாள் ஓட்டாண்டியாகிக் கொண்டிருக்கிறார்கள். அதன் காரணமாகத்தான் வியாபாரம் மந்தப்பட்டு, அதனால் வருமானம் வரியும் குறைந்துவிட்டது என்பதை நாம் உணரவேண்டும். விவசாயிகளின் வாங்கும் சக்தி குறைந்து போய்விட்டதன் காரணமாகத்தான் கைத்தறித்துணிகளுக்கு நெருக்கடி ஏற்பட்டுவிட்டதே தவிர மில் துணியின் போட்டியினால் என்று முழுவதும் சொல்லிவிடமுடியாது. ஆகவே விவசாய மக்களின் வாங்கும் சக்தியை அதிகப்படுத்துவதற்கு விவசாயிகளுக்குக் கிடைக்கும் வாரத்தை உயர்த்த வேண்டும். அவர்களது கூலியை அதிகப்படுத்த வேண்டும். ராஜ்யம் பூரவுக்குமான ஒரு விரிவான நிலச்சீர்திருத்தம் கொண்டு வரவேண்டும். அதை விட்டுவிட்டு, கைத்தறிக்கு உதவி செய்வதற்காக மில் துணிக்கு வரி போடுகிறோம் என்று சொல்வது, 'கடைத் தேங்காயை எடுத்து வழிப் பிள்ளையாருக்கு உடைக்கிறோம்', என்று சொல்வதைப் போலத்தான் இருக்கிறது. இது நடைமுறையில் சாத்தியமாகவும் போவதில்லை.

"அதோடு இன்னொரு விஷயம். 35-ம் நம்பர் நூலுக்கு வரியில்லையென்று சொல்லப்பட்டிருக்கிறது. இருந்தாலும் கூட மில் முதலாளிகள் நூலின் விலையை உயர்த்துவதற்கு வேண்டிய எல்லா நடவடிக்கைகளையும் எடுத்துக்கொண்டுவிட்டார்கள். நூலின் விலை உயராமல் இருப்பதற்கு வேண்டிய நடவடிக்கை எதையும் இந்த சர்க்கார் எடுத்துக்கொள்ளவில்லை. இதனால் கைத்தறி நெசவாளர்கள்தான் பாதிக்கப்படுவார்கள். அவர்களுக்குக் கிடைத்துக்கொண்டிருந்த கூலி இனிமேல் நிச்சயம் குறைந்து போகும்.

"அதையும் தவிர புதிய வரித்திட்டப்படி ஒரு லட்சம் ரூபாய் மில் துணிக்கு பத்தாயிரம் ரூபாய்க்கு மேல் வரி கட்ட வேண்டியிருக்கிறது. இதன் காரணமாக கட்ட வேண்டிய வரியை ஒளிப்பதற்காக கள்ளக் கடத்தல் வியாபாரம் அதிகப்படுமென்பதும் வேறில்லை. கள்ளக்கடத்தல் வியாபாரத்தால் ஏற்கெனவே கிடைத்துக் கொண்டிருந்த வருமானம் தான் பாதிக்கப்படும். ஆந்திர மாகாணம் பிரிந்த பிற்பாடு இப்பொழுதே பல சாமான்கள் லாரிகளின் மூலம் இந்த இரு ராஜ்யத்திற்குமிடையே போய்க்கொண்டிருக்கின்றன. இந்த வரியையும் விதிக்க ஏற்பாடு செய்து விட்டால் கள்ளக் கடத்தல் வியாபாரம் மிகவும் விரிவாக ஏற்பட்டுவிடுமென்பதை நான் சபையின் கவனத்திற்குக் கொண்டுவர விரும்புகிறேன். கடைசியாக ஒரு விஷயம். சர்க்காரின் போக்கு எப்படியிருக்கிறதென்று பார்த்தால், எதிர்க்கட்சிக்காரர்கள் எதிர்த்தாலும் கூட தாங்கள் அதிகமாக இருப்பதால் மெஜாரிட்டி பலத்தைக் கொண்டு எப்படியாவது இந்த மசோதாவை சட்டமாகக் கொண்டுவந்துவிடலாமென்று கருதுவதாகவே தெரிகிறது. அதனால் நான் ஒரே ஒரு வேண்டுகோளை அவர்கள் ஏற்றுக் கொள்வார்கள் என்ற நம்பிக்கையின் பேரில் சொல்லுகிறேன்.

"உல்லன், சிலக் துணிகளுக்கு 17-ம் நம்பருக்குக் கீழும், பஞ்சத் துணிக்கு 35-ம் நம்பர் நூலுக்குக் கீழும் வரி கிடையாது என்று இருப்பதை மாற்றி, உல்லன், சிலக் துணிகளுக்கு 35-ம் நம்பர் நூலுக்குக் கீழும், பஞ்சத் துணிக்கு 60-ம் நம்பர் துணிக்குக் கீழும் விதி விலக்கு அளிக்கப் படுமென்று செய்தால் எல்லோருக்கும் நன்மையாக இருக்குமென்று சொல்லிக்கொண்டு என் பேச்சை முடித்துக்கொள்ளுகிறேன்."

SRI T. C. NARAYANAN NAMBIAR:—"Mr. Speaker, Sir, the purpose of my giving notice of these amendments has been served by the explanation given in the speech of the hon. Member Sri Madanagopal. Generally, the middle class people, the elementary school teachers, the petty clerks and other strata of society, that is the lower strata, desirous of wearing some silk at the same time find it difficult to purchase silk because it is costly and beyond

[Sri T. C. Narayanan Nambiar] [12th May 1954]

their purchasing capacity. Yet they may satisfy their desire of wearing silk by purchasing artificial silk. If artificial silk is taxed, they may not purchase it. That is why I have given notice of my amendment No. 11, seeking to omit the words 'artificial silk' appearing in the first line of clause 2.

"With regard to the other amendment seeking to substitute the figures '35s' for '17s' in item (i) of sub-clause (b) of clause 2, that is also mainly intended for the benefit of the middle and lower strata of society, whose purchasing capacity has already been lowered.

"I want also the semi-precious stones to be exempted. I have no objection to the tax being levied in regard to precious stones. At the same time I would plead for a reduction in the tax on precious stones. I would request the Hon. the Minister for Finance to be kind enough to exempt semi-precious stones from being taxed.

"This is all what I want to say, Sir."

SRI E. L. RAGHAVA MUDALIAR :—"I rise to support the amendments moved by Sri T. C. Narayanan Nambiar. When there was an agitation for single point levy of the general sales tax, the argument of the Government was that if the Government were to levy the sales tax at single point it would afford a great temptation to traders to evade it. I think the same argument could be very well applied in this case wherein Government propose to levy the very high rate of 15 pies per rupee on silk, artificial silk, wool, flax, etc. What is now aimed at is that a man who buys goods for rupees one lakh has got to pay sales tax to the tune of Rs. 10,000. There is ample ground for evading the tax. What will be the result? Merchants who are honest and submit true returns will be hard hit while the evaders will escape. That is one reason why this high rate of tax should not be imposed on artificial and other silks. It will incidentally affect the poor and middle class people who, even though they may not have sufficient money in their pockets to buy pure silk, may for the sake of fancy buy artificial silk. If this additional tax is imposed on artificial silk, the poor and the middle classes will virtually be prevented from buying it. We would be effectively preventing the poor and the middle classes from having at least that bit of luxury.

"With regard to semi-precious stones, it is the poor and the middle class people who purchase these stones. We should offer them some concession. The imposition of this tax virtually prevents them from buying semi-precious stones. Therefore I heartily support the amendment moved by my Friend for exempting semi-precious stones from being taxed.

"The tax on articles made of gold and silver will affect both the workmen as well as the customers. It is the poor and middle class people who buy these articles ready-made. The rich man

[12th May 1954] [Sri E. L. Raghava Mudaliar]

straightaway purchases the bullion and places orders for different articles according to his whims and fancies. The poor and middle class people who purchase silver or gold articles ready-made will be hard hit by the imposition of sales tax on silver and gold articles. I therefore support the amendment moved by Sri T. C. Narayanan Nambiar.

"With these words I thank you, Mr. Speaker, for having allowed me an opportunity to speak."

SRI T. S. ARDHANARI :—"கனம் சபாநாயகர் அவர்களே, இப்பொழுது சபையில் கொண்டுவந்திருக்கும் திருத்தத்தை ஆதரித்து சில வார்த்தைகள் பேச விரும்புகிறேன். மில் துணிமேல் வரி போடுவதுபற்றி சர்க்கார் ஒரு சட்டத்தைக் கொண்டுவருவதற்கு முயற்சித்துக்கொண்டிருக்கிறார்கள். இதைக் கொண்டுவரும்போது சர்க்கார் தரப் பிலே சொல்லியிருக்கிற வாதத்தைப் பார்த்தால், கைத்தறி நெசவாளர்களை பாதுகாக்கத்தான் மில் துணிக்கு வரி போடுவதாகத்தெரிகிறது. ஆனால் உண்மையிலேயே கஷ்டப்பட்டுக்கொண்டிருக்கிற கைத்தறி நெசவாளர்களைப் பாதுகாக்கவேண்டுமென்று பலமுறை இந்த சட்ட சபையில் விவாதம் நடைபெற்றது. சட்ட சபை அங்கத்தினர்கள் விவாதத்தில் ஆய்ந்த தறிந்த ஆலோசனைகள் கொடுத்தம்கூட அதே நிலையில் இருப்பதனால் பலவகையில் சந்தேகிக்க வேண்டியதாயிருக்கிறது. இதனால் ஜனங்கள் ஏமாற்றம் அடைகிறார்கள். மாகாணத்தின் வருமானத்தை அதிகரிக்க வேண்டுமானால் இந்த மாதிரியாக மில் துணிகளமேல் வரி போட வேண்டிய அவசியமில்லை.

"ஏன் அன்னிய நாட்டு ஜவுளியீது அதிகமான வரி போடக்கூடாது? துரதிருஷ்டவசமாக நம் சர்க்கார் இன்னும் அந்நிய நாட்டு ஜவுளிகளுக்கு மதிப்புக்கொடுத்து வருகிறார்கள். இன்னும் இவைகளைத் தடுக்காதது வருந்தத்தக்க ஒரு விஷயமாயிருக்கிறது. இன்னும் சில கைத்தறி நெசவாளர்களுக்கு வேலையில்லை என்று சொல்லுவது வருத்தமாக இருக்கிறது. அந்நிய நாட்டில் உள்ள மில் ஜவுளித் தொழில்களை பாதுகாக்க அத்தியாவசியமான யோசனை செய்துகொண்டு வருகிறார்கள். அமெரிக்காவிலிருந்து வரும் துணியை தடுக்கவில்லை. ஜப்பான் சிலக் போன்ற துணிகளுக்கு இன்னும் மதிப்புக் கொடுத்துத்தான் வருகிறோம். இதைத் தடுப்பதற்கு இந்த சர்க்கார் இன்னும் முன்னுக்கு வரவில்லை.

"இரண்டாவதாக மில் துணிகளின் மேல் வரி அதிகமாக்கப்படுவதினால் நூல்களுடைய விலையும் அதிகமாகிறது. மில்காரர்கள் நூல்களின் விலையை அதிகரித்து கைத்தறி நெசவாளர்களுக்குக் கொடுக்கிறார்கள். சரியாக நூலை வினியோகிக்காமல் தயக்கம் காட்டுகிறார்கள். இதனால் கைத்தறித் துணியின் விலை உயர்வதற்கு ஒரு சந்தர்ப்பம் ஏற்படுகிறது. இதை சர்க்கார் தீர ஆலோசித்து சரியான சட்டங்கள் இயற்ற வேண்டும் என்று சொல்ல விரும்புகிறேன்.

"அறுபது கவுண்ட்டு மேல் உள்ள மில் துணிகளுக்கு வரி விதித்து கைத்தறிக்கு ஒரு குறிப்பிட்ட ரகத்தை ஒதிக்கித்தர ஏற்பாடு செய்ய வேண்டும். அப்பொழுதுதான் கைத்தறி நெசவுத் தொழில் பாதுகாக்கப்படும். சர்க்கார் இதைப் பற்றி சிந்திக்கவேண்டும். அடுத்தபடியாக, 35 கவுண்ட்டு நூல் துணி முதல் வரி போடாமல் 60 கவுண்ட்டு நூல் துணிக்கு மேல் வரி போட்டு கைத்தறியாளருக்கு வசதி செய்ய சர்க்கார் முற்படவேண்டும் என்று சொல்லிக்கொண்டு என் பேச்சை முடித்துக் கொள்ளுகிறேன்."

SRI S. DEIVASIGAMANY :—"Sir, the elementary needs of the people are food, clothing and housing. The Government should try to keep the price of these necessities of life very low. The

[Sri S. Deivasigamany] [12th May 1954]

attempt to levy additional sales tax on certain goods, especially on mill-made cloth, is for augmenting the revenues of the State. At one time I was thinking that the tax on mill-made cloth was for raising its price so as to be on a par with the price of handloom cloth. Now I find that that is not the object. If the object is to equalise the price of mill-made cloth and the price of handloom cloth, the Government should have reduced the price of handloom cloth instead of enhancing the price of mill-made cloth. The effect of raising the price of mill-made cloth by levying additional sales tax will be to deprive poor people of the opportunity of buying fine and good quality mill-made cloth. Human nature being what it is, every man wants to appear a little finer than what he is, every man tries to imitate the person who is in a better and more comfortable position. Such being the case, the Government should not enhance the price of mill-made cloth.

"The same argument holds good for ornaments and jewels. If at all the poor persons in our country derive any pleasure in life, it is by wearing some jewels. Jewel is more or less an institution in our country. I do not think any woman in our country goes without some kind of jewel or other. The levy of additional sales tax on jewels made of gold and precious stones will increase the price of jewels. This will affect the poor persons very much. The rich can afford to pay a little more by way of sales tax. Further, jewel is a form of investment for the poor man. When a poor man saves some money, he invests it on jewels. In times of adversity, he goes to a shroff and sells the jewels, probably at a little less than the cost price, and incurs a small loss. If the purchase price of jewels is more, he will have to incur more loss at the time of the sale of the jewels. Poor persons will be hit hard by the levy of additional sales tax on jewels.

"I read in this morning's issue of the 'Dinanthi' that the Government had decided to give up the proposal to levy additional sales tax on goods made of gold and silver and on precious and semi-precious stones. I do not know wherefrom the newspaper got the news and whether those in charge of the newspaper enjoy the confidence of the Government."

MR. SPEAKER:—"Two Members belonging to the Government Party have given notice of an amendment (Amendment No. 11). Evidently the hon. Member was not present yesterday when the amendment was circulated."

SRI S. DEIVASIGAMANY:—"If that is so, I welcome the decision. I urge the Government to give up also the proposed levy of additional sales tax on mill-made cloth."

SRI D. KRISHNAMURTHY GOUNDER:—"கனம் உயர் திருவாளர் தலைவர் அவர்களே, இந்த விற்பனை வரி முதன் முதலாக மதுவிலக்கு கொண்டு வந்தபோது, அதனால் ஏற்பட்ட வருமானக் குறையை சரிக்கட்டும் நோக்கத்தோடு கொண்டுவரப்பட்டது. இந்தச் சர்க்கார், இந்த வரி எதையும் கொடுக்கும் காமதேனு என்று சொல்லிக் கொண்டு இன்றைக்கு கொஞ்சங் கொஞ்சமாக ஏற்றிக்கொண்டே

போகிறார்கள். இந்த விதமாக வரிகள் போட்டுக்கொண்டே போவது ஒரு பிற்போக்கான கொள்கையாகும். இது நியாயமற்ற முறையில் போடப் பட்டிருக்கிறது என்று சொல்வதற்கு மிகவும் வருத்தமாக இருக்கிறது, ஏனென்றால் அவர்கள் சொல்லும் காரணம் மில் துணிகளின்மேல் இம்மாதிரியாக வரிகள் போடுவது கைத்தறியாளர்களுக்கு நன்மை பயக்கு வதற்காக என்று சொல்லுகிறார்கள். ஆனால் இந்தக் காரணம் சரியாக இருக்கிறதா என்று நன்றாக யோசித்துப் பார்க்கவேண்டும். மிகவும் நாகரீகமான இந்தக் காலத்தில் ஜனங்கள் நாகரீகமாக வாழ்வதற்கு யோசிக்கிறார்கள். மில் துணிகளுக்குத்தான் சலுகை காட்டுகிறார்களே தவிர கைத்தறியாளர்களுக்கு அதிகமாக சலுகை ஒன்றும் செய்யவில்லை. இந்த வரியை விதித்தால் மில் துணிகளையும் ஏழை மக்கள் வாங்க முடியாது, கைத்தறி நெசவாளர்களுடைய கவலையும் குறையாது.

"கைத்தறி துணிகள் அதிகமாக விற்கப்படாமல் இருப்பதற்குக் காரணம் மக்களிடத்திலுள்ள வறுமைதான். ஜன நாயக சர்க்கார் கைத்தறியாளர் களின் துயரத்தை தீர்த்து விடுவோம் என்று சொல்லுகிறார்கள். ஆனால் வாக்குரிமை கொடுத்த ஜன நாயக சர்க்கார் மக்களின் வறுமை தீர ஒன்றும் செய்யவில்லை. சாதாரணமாக ஜனங்கள் வயிற்றுக்கே போதாமல் காலங் கடத்துகிறார்கள். இந்த காலத்தில் அப்படி இருக்கும்பொழுது எப்படி கைத்தறி துணிகளையும் மற்ற சாதாரண துணிகளையும் வாங்குவார்கள். எல்லோரும் சேர்ந்து உழைத்தாலும் கூட அவர்களுக்கு வருமானம் போத வில்லை. ஆதலால் மக்களின் வாங்கும் சக்தி அதிகரிக்கவேண்டும். நாட் டின் பொருளாதார நிலை உயரவேண்டும். நகரில் கோடான கோடி மக்கள் கஷ்டப்பட்டுக்கொண்டிருப்பதைப் பார்க்கிறோம். கிராமங்களில் ஏழையாக வள்ள பெரும்பாலோர் குளிக்கும்பொழுது தங்களிடமிருக்கும் ஒரே துணி யின் ஒரு முனையை கட்டிக் கொண்டு மற்ற முனையை துவைத்து உலர்த்தி அது உலர்ந்தபின் அந்த முனையை திருப்பிக் கட்டிக்கொண்டு மறு முனையை துவைத்து உலர்த்துவதை அங்கு வாழ்க்கையில் பார்க்கிறோம். இந்த வறுமையைப் போக்கினால்தான் வழியேற்படும். ஆகையால் என்ன வரி போட்டாலும் கைத்தறி நெசவாளர்களை முன்னுக்குக் கொண்டு வர முடி யாது. முக்கியமாக அன்று நிதி மந்திரி அவர்கள், ஸ்ரீ கோவிந்த சாமி நாயகர் ஒருவர் தான் திராவிட நாடு தனியாக பிரிந்து தனித் தமிழகமாக இருக்கவேண்டுமென்று சொல்லுவதாகச் சொன்னார். உண்மை அவ்வாறு அல்ல. இப்பொழுது காங்கிரஸ்காரர்களை எடுத்துக் கொண்டாலும்கூட வடநாட்டு ஆதிக்கத்தைப்பற்றி குறைக்கூறிக்கொண்டுதான் இருக்கிறார்கள். ஆகையால், திராவிட நாடு தனித்து வாழ்ந்தால்தான் நெசவாளர்களுடைய வறுமையைப் போக்குவதற்கு முடியும்."

MR. SPEAKER:—"திராவிட நாடு போன்ற விஷயங்களுக்கும் இப்பொழுது விவாதத்தில் இருக்கும் விஷயத்திற்கும் என்ன சம்பந்தம்? அதை ஏன் இப்பொழுது இங்கே கொண்டு வருகிறீர்கள்?"

SRI D. KRISHNAMURTHY GOUNDER:—"இந்தப் பிரச்சினையைத் தீர்ப்பதற்கு அது மிகவும் முக்கியமானது. திராவிட நாடு தனித்திருந்தால் தான் கைத்தறி நெசவாளர் பிரச்சனை போன்ற மற்ற பிரச்சனைகளுக்கும் ஒரு வழி பிறக்கும் என்று கூறிக்கொண்டு என்னுடைய சிறுநரையை முடித்துக் கொள்ளுகின்றேன்."

SRI K. T. RAJU:—"On a point of order விவாதத்தில் இருக்கக்கூடிய மசோதாவிற்கு சர்க்கார்த் தரப்பிலே ஒரு திருத்தம் கொடுக்கப்பட்டிருக்கிறது. தங்கம், வெள்ளி, செயற்கை வைரம் இவை களுக்கு வரியிலிருந்து விலக்கு அளிக்கக் கூடிய திருத்தத்தை அரசாங்கம் ஏற்றுக் கொண்டால், இந்த விவாதத்தின் நேரத்தைக் குறைத்துக் கொண்டு, இந்த மசோதாவை நிறைவேற்றிவிடலாம்."

SRI S. DEIVASIGAMANY:—"That is why I referred to the the news in 'Dinanthi'."

MR. SPEAKER :—“ I will allow the hon. Member Sri Anthony Pillai and the hon. the Deputy Leader of the Opposition to speak now. Then the Government will reply to the debate.”

SRI S. C. C. ANTHONY PILLAI :—“ Mr. Speaker, Sir, at least in the Statement of Objects and Reasons attached to the Bill the Government are honest enough to state that the purpose of introducing the Bill is to augment the revenues of the Government. Earlier, on propaganda platforms the Government tried to make out that this particular form of taxation would help the handloom industry. There has been no clear statement from the Government as to the amount of tax that is expected from this source. Very vague statements are being made in this connection. Whenever any Hon. Minister is pressed to make a clear and categorical statement as to the amount of revenue that is expected from this source, there is a very significant silence. Assuming that the average consumption of mill-made cloth in the State of Madras is 5 yards per individual, the total consumption of mill-made cloth in the State will be 150 million yards of cloth. The total tax that can be levied or collected will be to the extent of something like one and a quarter crores of rupees. If the Government are making any smaller estimate, it must be for the reason that they assume that there will be large-scale evasion of this tax. I am told that one Minister has estimated that the total amount of tax that will be collected from this source will be only Rs. 10 lakhs. In other words, do the Government expect that one crore and fifteen lakhs of rupees that should normally come into the coffers of the Government will be evaded? Again, it has been stated on the floor of this House that some textile mills in the State of Madras are in a bad condition and are closing down. If this extra tax is levied, is it the assumption of the Government that these very mills which are closing down and rendering some textile workers unemployed, will soon be re-opened and employment found for those workers?

“ The tax must be related to the needs of the Government at the moment. It has also been stated very piously that this tax may be used to afford relief to the handloom weaver. So far no scheme for relief to handloom weavers has been put forward other than the schemes that could possibly be evolved with the amount allotted to the State of Madras from the Handloom Cess Fund. Many speakers have already referred to the fact that there is no possibility of the handloom weaver being benefited by this extra taxation. There is no ground to believe that the yarn-producing millowners in the State will not under the present system of decontrol raise the price of yarn and acquire a larger amount of profit, once this tax is collected.

“ For the reasons that there will be large-scale evasion of tax and that this tax will be an intolerable burden on the people of Madras, I oppose this measure of taxation.”

SRI M. KALYANASUNDRAM :—“கனம் சபாநாயகர் அவர்களே, இந்த வரி சம்பந்தப்பட்டவரை எதிரிக் கட்சியினருடைய கொள்கை என்ன

வென்பதை நேற்றே இங்கு பேசிய அங்கத்தினர்களும் நானும் ஒருவாறு விளக்கியிருக்கிறோம். இப்பொழுது இந்தப் பிரிவுக்கு திருத்தங்கள் கொடுத்திருக்கிறோம். இந்தத் திருத்தங்கள் கொடுத்திருப்பதும் இந்தப் பிரிவை சர்க்கார் கொண்டு வந்திருப்பதும் சர்க்காருடைய வரி விதிக்கும் கொள்கைக்கு ஒரு உறைகல்லாக இருக்கும். நாங்கள் கொடுத்திருக்கும் திருத்தங்களை சர்க்கார் ஏற்றுக் கொள்ளப்போகிறார்களா, இல்லையா என்பதைப் பார்த்துத்தான் பொது மக்கள் சர்க்காருடைய கொள்கையைப் பற்றி தீர்ப்பு கொடுக்கப்போகிறார்கள்.

“ நிலப் பிரபுக்களின் மீது நில வரி சர்சார்ஜ் விதிக்கக்கூடிய மசோதா வின்மீது இங்கு விவாதம் நடத்தக் கூடிய காலத்தில் எதிரிக் கட்சியினர் சர்க்கார் மீது நியாயமான அடிப்படையில் குற்றம் கூறினார்கள். ‘பணக்காரர்கள் மீது வரி போடவேண்டுமென்றால் சர்க்கார் தயங்குகிறார்கள், தாட்சண்யம் காட்டுகிறார்கள். அந்த சமயத்தில் நில வசூலாய் மந்திரி அச்சமும் குழந்தையாக மாறி விடுகிறார்கள். ஆனால் ஏழை மக்கள், நடுத்தர மக்கள் மீது வரி சுமத்துவது என்றால் தயவு தாட்சண்ய மின்றி வரி சுமத்துகிறார்கள்’ என்று அன்றைக்கு நாங்கள் சாட்டிய குற்றச் சாட்டானது நியாயமானதென்பது இன்றைக்கு இந்த வரியின் மூலம் நிரூபிக்கப்படுகிறது என்பதுதான் என்னுடைய அபிப்பிராயம்.

“ பதினேழு கவுண்டுக்கு மேலுள்ள அல்லது மில்லில் நெய்யப்படும் சன்ன ரக பட்டுத் துணியின்மீது வரி போடப் போகிறார்கள். தங்கம், வெள்ளி, செயற்கை வைரம் போன்ற சாதாரணப் பொருள்களின்மீதும் வரி போடப் போகிறார்கள்.

[12th May 1954]

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Sir, I oppose all the amendments moved. But I accept the amendment moved by the hon. Member Sri Ramasami with a slight modification. The hon. Member has moved an amendment to delete items (iii) and (iv) in sub-clause (b) of clause 2. I am agreeable to the deletion of item (iv). With regard to item (iii), I would delete only the word ‘semi-precious’ and retain the words ‘precious stones’. I think this is agreeable to the hon. Member and to the hon. the Deputy Leader of the Opposition.”

SRI S. RAMALINGAM :—“ How can they define ‘precious stones’ and ‘semi-precious stones’ ? ”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ They have got certain connotations. There is no difficulty about it.”

SRI S. DEIVASIGAMANY :—“ I think they can use the word ‘artificial’ instead of ‘semi-precious’.”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ I have asked for a clarification and I shall be able to inform the House about it.

“ The hon. Member Sri Anthony Pillai said that we were not stating the amount of tax that would be derived from this source. It is very difficult to state the exact amount of tax that would be collected. I do not want to give any numerical figure. If I state any amount, then a charge will be levelled that it is not correct. Anyhow with a rough reference to past transactions, I may say that the yield will be about Rs. 30 lakhs or Rs. 40 lakhs.

“ But that will be governed by other factors like good season and all that. As there are so many other factors, I cannot definitely say anything in the matter. It may be in the order of some lakhs. That is all I could say now.

“ Some hon. Members wanted us to raise it to 60 counts. I cannot accept this suggestion as it will defeat the very purpose of our bringing forward this Bill. One of the most important objects of this Bill is to protect the handloom industry. If we raise it to 60 counts, there will be no protection at all to the handloom industry. It was pointed out by some hon. Members that the cloth will be made dear for the poor people and if the mill cloth is taxed, its price, which is now cheaper, will become unduly high and prohibitive. I wish to give my own experience in the matter. It may appear that the price of mill-made cloth is cheaper than hand-made cloth. On the face of it, it may appear so. But anybody who has been using hand-made cloth will know that hand-made cloth lasts for a longer time than mill-made cloth. If you take this factor into account, the difference in price between these two will not be much. Moreover, by purchasing and wearing hand-made cloth, we will be encouraging the handloom industry and helping a large number of poor people in this State who are

[12th May 1954] [Sri M. A. Manickavelu Naicker]

engaged in this industry. If we analyse all these factors, we will easily understand that we are not at all paying a higher price for hand-made cloth, which will last for a longer time.

“ Then, the hon. Member Sri Krishnamurthi Gounder said that the poor people will be affected by this measure. It is only to help the very poor people mentioned by the hon. Member that this Bill has been brought forward. The hon. Member referred to the case of very poor people who do not have more than one cloth and who have only one cloth, half of which they use while taking bath and so on. I admit there is so much of poverty in the country. I now want to use the same arguments put forward by him against him. It is only to assist the very poor people referred to by him, i.e., about 30 lakhs of poor people engaged in the handloom industry, that this Bill has been brought forward. It is not only to help the poor women who have only one cloth which they have to wash and wear daily, but to help hundreds of other poor people, this measure has been brought forward by us. The intention of the Bill is to help these poor people and to give them protection to the extent possible.

“ One hon. Member said that the merchants in the shandis are very much harassed by our asking them to pay this sales tax. All dealers in shandis are not asked to pay this tax. Only some of them who have the turnover that we have fixed as minimum are asked to pay this tax. All casual dealers are not asked to pay this tax. It was suggested that the income derived from this tax should be earmarked for the protection of the handloom industry. It is not only unconstitutional, but is improper for us to earmark the revenue for any particular purpose. We are dealing with the finances of the State as a whole and we cannot earmark the revenue for any particular specified purpose. As it is wrong and unconstitutional, it is unacceptable.”

MR. SPEAKER :—“ If I understood the Hon. Minister correctly, I think the position of the Government is this. They are not going to levy a tax on semi-precious stones. I wish to know from the Hon. Minister whether this is correct.”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ No tax will be levied on semi-precious stones.”

MR. SPEAKER :—“ In that case, the amendment of Mr. T. C. Narayanan Nambiar to delete the words ‘and semi-precious’ in sub-clause (b) is all right.”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ I think it will be all right.”

MR. SPEAKER :—“ Mr. Kalyanasundram’s amendment is for the deletion of items (iii) and (iv) in sub-clause (b). If the Government accept the deletion of item (iv), they will have to move for the omission of this item and for making the consequential changes in the Statement of Objects and Reasons. I think that will be the correct procedure.”

[12th May 1954]

THE HON. SRI C. SUBRAMANIAM :—" The Statement of Objects and Reasons need not be amended as it does not form part of the main Bill."

MR. SPEAKER :—" The object is to augment the revenue of the State."

THE HON. SRI C. SUBRAMANIAM :—" We need not amend the Statement of Objects and Reasons."

MR. SPEAKER :—" In that case, the Hon. Minister should move an amendment to omit item (iv). If the Government agree to the deletion of the words ' semi-precious stones ', they may accept Mr. T. C. Narayanan Nambiar's amendment."

THE HON. SRI C. SUBRAMANIAM :—" Instead of that, a specific amendment may be moved by the Minister concerned."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, I move—

(1) *In item (iii) of sub-clause (b) omit the words " and semi-precious "*

That item (iv) in sub-clause (b), be deleted and consequential amendments be made to sub-clause (b)."

SRI S. RAMALINGAM :—" Then, some other consequential amendments have to be moved to re-number the other clauses."

MR. SPEAKER :—" I think no re-numbering is necessary. The motion is for deleting item (iv). We do not have the fifth item. Item (iii) will be the last number. As such, I see no reason for re-numbering the clauses."

SRI M. KALYANASUNDRAM :—" I think Mr. Ramalingam is correct."

THE HON. SRI C. SUBRAMANIAM :—" That is correct. Consequential re-numbering of clauses will have to be done."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" As we have other items also, consequential re-numbering of items is necessary. Item (v) will become item (iv) and item (vi) will become item (v) and so on."

MR. SPEAKER :—" I wish to know whether the other amendments are withdrawn by hon. Members."

SRI M. KALYANASUNDRAM :—" Let the amendments be put to the vote of the House, Sir."

MR. SPEAKER :—" I will now take up Mr. Narayanan Nambiar's amendment."

THE HON. SRI C. SUBRAMANIAM :—" All the accepted amendments may be put to vote first. Then we can go back and put the other amendments to the vote of the House."

[12th May 1954]

MR. SPEAKER :—" That cannot be done. I must put them to vote in the serial order only. I cannot put the last amendment first to vote and then go back and take up the first amendment. The question is—

' In sub-clause (b), in item (i), omit the words " artificial silk " appearing in the first line.'"

The amendment was put and lost.

MR. SPEAKER :—" The question is—

' In sub-clause (b), in item (i) for the figures and letter " 17s " appearing in the fourth line, substitute the figures and letter " 35s ".'"

The amendment was put and lost.

MR. SPEAKER :—" The question is—

' In sub-clause (b), in item (ii) for the figures and letter " 35s ", appearing in line 3, substitute the figures and letter " 60s ".'"

The amendment was put and lost.

MR. SPEAKER :—" The question is—

' In sub-clause (b) in item (ii) for the words " one anna three pies " substitute the words " three pies ".'"

The amendment was put and lost.

MR. SPEAKER :—" The question is—

' In sub-clause (b), item (iv) for the words " six pies ", substitute the words " three pies ".'"

The amendment was put and lost.

MR. SPEAKER :—" The question is—

' In sub-clause (b), item (ii) for the words " one anna three pies " substitute the words " nine pies ".'"

The amendment was put and lost.

MR. SPEAKER :—" The question is—

' In sub-clause (b), in item (iii), omit the words " and semi-precious " and for the words " six pies ", substitute the words " three pies ".'"

The amendment was put and lost.

MR. SPEAKER :—" I shall now put the Government amendments to the vote of the House. The question is—

' In sub-clause (b), in item (iii) omit the words " and semi-precious ".'"

The amendment was put and carried.

[12th May 1954]

MR. SPEAKER :—" The question is—

' In sub-clause (b), *omit* item (iv) and make consequential amendments to (b). ' "

The amendment was put and carried.

The amendment of Sri M. Kalyanasundram was, by leave, withdrawn.

The amendment of Sri T. C. Narayanan Nambiar, viz. :—

' In sub-clause (b), item (ii) *for* the words " one anna three pies " *substitute* the words " one anna ". ' "

was, by leave, withdrawn."

The amendment of Sri C. Kandaswami, viz. :—

' In sub-clause (b), item (ii), *for* the words " one anna three pies ", *substitute* the words " six pies ". ' "

was, by leave, withdrawn."

The amendment of Sri C. Rajam Ramasamy was, by leave, withdrawn.

MR. SPEAKER :—" I am not putting to vote the following two amendments of Sri S. Ramalingam as they are the same as the amendments of Sri T. C. Narayanan Nambiar on which the House has already given a decision :—

' In item (b) (i) *omit* the words " artificial silk " and

' In item (b) (ii), *for* the figures and letter " 35s ", *substitute* the figures and letter " 60s ". ' "

" I am not putting to vote the amendment of Sri C. Kandasami, viz. :—

' In sub-clause (b), item (iii) *for* the words " six pies ", *substitute* the words " three pies ". ' "

since the House accepted the Government amendment and rejected the amendment of Sri T. C. Narayanan Nambiar, viz. :—

' In sub-clause (b), in item (iii) *omit* the words " and semi-precious " and *for* the words " six pies ", *substitute* the words " three pies ". ' "

Clause 2 as amended was put and carried.

The motion was put and carried.

Clause 1 and the Preamble were put and carried.

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, I move—

' That the Madras General Sales Tax (Second Amendment) Bill, 1954, be passed into law. ' "

THE COURTALLAM TOWNSHIP BILL, 1954 (L.C. BILL NO. 8 OF 1954)

THE HON. SRI S. S. RASWAMI PADAYACHI :—“
Speaker, Sir, I beg to leave to move—

‘ That the Courtallam Township Bill, 1954 (L.C. Bill No. 8 of 1954), as passed by the Legislative Council, be taken into consideration at once.’

[Sri S. S. Ramaswami Padayachi] [12th May 1954]

"Courtallam in the Tirunelveli district is famous for its waterfalls and its importance as a health resort has been recognized both by the public and the Government. A panchayat was constituted for the village in the year 1939 to manage its civic affairs. In subsequent years, an association called the Waterfalls Association was formed to attend to the needs of bathers and a Public Health Committee was constituted to improve the sanitation of the area. It is, however, found that the corporate bodies including the panchayat functioning in the area have not been able to effect any appreciable improvement in the condition of the place. In the interests of public health, Government consider it desirable to develop the potentialities of the place as a health resort on sound planned lines. The resources of the existing panchayat are inadequate to develop the area. The Government have, therefore, decided to constitute the area at present within the jurisdiction of the Courtallam Panchayat into a township, and to vest in a Township Committee, necessary powers to administer the municipal affairs of the township. The committee will be empowered to levy taxes normally levied by municipalities. All the members of the committee will be appointed by Government. The members will hold office for a period of three years in the same way as municipal councillors. On the expiry of the term of office of the members in the normal course, or on the occurrence of casual vacancies, Government will make the appointments. This is similar to the constitution of the Mettur Township.

"The view has been held by some that the members of the Township Committee need be appointed in the first instance by Government and at the end of the term, their places should be filled in by election. The whole point is that the elected panchayat which is functioning in the area at present has not been able to cope with the task of effecting appreciable improvement in the conditions of the place and hence a nominated body of officials and non-officials who are residents of the place has to be thought of. The position of this township will be exactly similar to that of the Mettur Township in regard to constitution. It has been suggested that the rural character of Courtallam should not be spoiled by enlarging the area now comprised in the panchayat. The proposal is to constitute the township only for the area now comprising the panchayat and due regard will be paid to this suggestion when any representation is made for enlarging the territorial jurisdiction of the township.

"Sub-clause (3) of clause 4 of the Bill has been inserted in response to the wishes of the Members of the Legislative Council that any notification made by the State Government under sub-clause (1) of clause 4 should be subject to modifications by the Legislature. The Legislature will, therefore, be in a position to exercise a check upon the extension of the provisions of the Madras District Municipalities Act to the township area. As there is no provision in the Madras District Boards Act, 1920, or the Madras District Municipalities Act, 1920, for the constitution of a Township Committee, the Government have to undertake this special legislation in respect of Courtallam.

12th May 1954] [Sri S. S. Ramaswami Padayachi]

"I hope the Bill as passed by the Council will be acceptable to this House and I accordingly move that the Bill be taken into consideration at once."

MR. SPEAKER :—"Motion moved—

'That the Courtallam Township Bill, 1954, as passed by the Legislative Council, be taken into consideration at once.'

SRI S. RAMALINGAM :—"Sir, I move—

'That the Courtallam Township Bill, 1954, as passed by the Legislative Council, be referred to a Select Committee.'

SRI M. KALYANASUNDRAM :—"I second the amendment. Sir."

MR. SPEAKER :—"Amendment moved—

'That the Courtallam Township Bill, 1954, as passed by the Legislative Council, be referred to a Select Committee.'

SRI C. KANDASAMI :—"கனம் சபாநாயகர் அவர்களே, புதிதாக வந்திருக்கும். ஸ்தல ஸ்தாபன மந்திரி அவர்கள் எடுத்த எடுப்பிலேயே, ஒரு பஞ்சாயத்து போர்டிலுள்ள 2,000 அல்லது 3,000 மக்களின் உரிமையைப் பறிக்கக்கூடிய ஒரு மசோதாவைக் கொண்டுவந்திருப்பது பற்றி நான் ஆச்சரியப்படுகிறேன். குற்றமும், நீர்வீழ்ச்சி இருக்கக்கூடிய முக்கியமான ஒரு சுவாசஸ்தலம் என்பதில் ஆட்சேபணை கிடையாது. ஆனால் அந்த ஊரிலே இருக்கக்கூடிய மக்களுக்கு அந்த ஊரை நிர்வகிக்கும் உரிமை ஏன் மறுக்கப்படவேண்டுமென்று தான் எனக்குப்பிரியவில்லை. இந்த ராஜ்யத்தில் பல பஞ்சாயத்து போர்டுகள் இருக்கக்கூடிய நிலைமையில், இந்த ஒரு ஊரில் மட்டும் ஏன் இவ்விதம் அந்த உரிமை மறுக்கப்படவேண்டும் என்று தெரியவில்லை. இது அரசியல் சட்டத்தில் அனுமதிக்கப்படவில்லை என்பதை நான் எடுத்துக்காட்ட விரும்புகிறேன். இந்த ஊரை அபிவிருத்தி செய்வதற்கு, இப்பொழுது இருக்கும் Panchayat Board-ஐ வைத்துக் கொண்டே, இப்பொழுது சொல் லப்படும் Township Committee-க்குப் பதிலாக, அந்த ஊரிலிருக்கக்கூடிய மக்களுக்கு பிரதிநிதித்துவம் கிடைக்கக்கூடிய முறையில் ஏன் ஏற்பாடு செய்யக்கூடாது? இந்த ஊரை பஞ்சாயத்திலிருந்து 'Township' ஆக மாற்றுவதால் மட்டும் போதிய வருமானம் வந்துவிடாது. சர்க்காரே பணம் செலவழிப்பதாயிருந்தால் இந்த ஊரிலிருக்கக்கூடிய மக்கள் பிரதிநிதித்துவம் வாய்ந்த Panchayat Board-ஐ வைத்துக் கொண்டு, வேண்டுமானால் ஒரு விசேஷ நிர்வாக அதிகாரியை நியமிப்பதற்கு ஒரு சட்டம் கொண்டுவருவதன் மூலம் ஏன் இந்த நகரத்தை அபிவிருத்தி செய்வதற்கான ஏற்பாடு செய்யக்கூடாது? ஒட்டுமொத்தமாகப் பார்க்கும்பொழுது இந்த ஊரில் கோடைகாலத்தில் ஏராளமான பணக்காரர்கள் வந்து தங்கக்கூடிய நிலைமையிலிருப்பதால் ஊரிலிருக்கக்கூடிய பொது ஜனங்களுக்கு எந்த விதமான பேச்சுக்கும் மூச்சுக்கும் இடமில்லாத வகையில் தங்கள் இஷ்டப்படி நிர்வாகத்தை நடத்துவதற்கான அதிகாரத்தைக் கொடுக்கக்கூடிய ஒரு மசோதாவை சர்க்கார் கொண்டுவந்திருக்கிறார்கள் என்றே கருதுகிறேன்.

[12th May 1954]

SRI I. K. SUBRAMANIA PILLAI :—“ Mr. Deputy Speaker, I oppose the motion to refer the Bill to a Select Committee. I congratulate the Government on their bringing this piece of legislation to constitute a township committee for Courtallam. Courtallam is a rich heritage belonging to the whole State and is the poor man's health resort. Thousands and thousands of people, nearly 20,000 people, visit this place every year to recoup their health and take rest. They come from all parts of the State and even from North India. They have been requesting the Government to take a direct interest in that place and improve the sanitary and general conditions of the place. The institutions that were functioning there, viz., the panchayat board and the Waterfalls Association, were not able to cope with the demands of the people and they were not able to provide the necessary amenities. Hence this request of the people has become imminent. In 1949-50, a memorandum was presented to the then Governor of Madras, the Maharaja of Bhavanagar, requesting him to constitute a township committee. This memorandum has been before the Government all these years. I presume that owing to their many pre-occupations, it was not possible for them to bring this Bill till now. We are glad that they have brought forward this Bill at least now. It is not a hasty legislation. It has not been brought forward all of a sudden. As the Hon. the Minister for Local Self-Government has pointed out, the administration is carried on by the panchayat board which is a second-class panchayat board. There is a Waterfall Association recognized by the Government. The Government cannot make an exception in the case of the panchayat board and help it, which will mean going beyond the scope of the Village Panchayats Act. Hence, the request for constituting a township committee was made. Courtallam itself consists of Courtallam proper and the neighbouring village Kasimasapuram. Practically, there are no residents in Courtallam proper where there is only the waterfalls, the temple, temple buildings and residential quarters. But the Kasimasapuram village has a population of 3,000 people. In Courtallam proper, only a very few people live. In the interest of the Kasimasapuram village, if they want a minor panchayat, they may ask for it. But, I must tell the House that it will not be in their interest. The neighbouring place should be kept clean and in a good sanitary condition. I think this Bill is an innocuous measure and it is not intended to defeat the present party in power in the panchayat. This measure was under the consideration of the Government during the last four or five years. It was in the process of being brought forward. It is not against the Socialist Party . . . ”

DR. K. B. MENON :—“ The hon. Member referred to the party in power. Is it a fact that an address was refused when the then Chief Minister visited this place.”

SRI I. K. SUBRAMANIA PILLAI :—“ Absolutely wrong, Sir. This Bill has not been brought forward on party lines. I may inform the hon. Member that the Congress did not put up

[12th May 1954] [Sri I. K. Subramania Pillai]

any candidate at that time. Moreover, it was not a party affair. It was more an individual affair. I was myself a President for many years. So there was no question of party politics. This Bill is an innocuous measure and there is no need to refer it to a Select Committee. It is in the interests of the place to which many people go for taking rest and it is also in the interest of the neighbouring village. Mr. Speaker, Mr. Deputy Speaker and some of the Hon. Ministers have all visited the place and they know the requirements of that place. I believe many of the hon. Members would have also visited the place. I would request and invite those hon. Members who have not yet visited that place, to kindly visit that place during this season.

“ Sir, I want to say a few words about the Waterfalls. We do not find such a fine Waterfalls anywhere else in India. It is very difficult to find any other Waterfalls anywhere else with such easy accessibility and approachability. As for the efficacy and health restoring power of the Waterfalls, I only wish to read an extract from the report of the Medical Committee constituted in 1811, i.e., about 143 years ago, by the East India Company. It says—

‘ The falling of the water, after the first shock is over, gives an indescribable feeling of pleasure ; by its constant beating it quickens a fine glow all over the body and has besides the further good effect of dispelling languor, raising the spirits, exciting appetite and promoting digestion in a superior degree to any other kind of bathing that we are acquainted with. It has the consequence of these virtues together with the delightful climate of the valley itself, and has been the happy means of rapidly restoring many to health and comforts, who previous to their visit to Courtallam appeared to be hastening to their graves.’

Such a beautiful place deserves to be developed in all possible ways. I therefore request that the Bill may be taken into consideration, I thank you, Sir.”

SRI G. GOVINDAN :—“ கனம் உதவி சபாநாயகர் அவர்களே, குற்றலம் டவுன்ஷிப் சட்டத்தில் தமிழ் நாட்டின் அழகான பெயராகிய குற்றலம் என்ற பெயர் வந்திருக்கிறது. பல பல வருஷங்களாக நமது நாட்டை வெள்ளையர் ஆண்டு வந்ததின் காரணமாக குற்றலம் என்ற பெயர் கோர்ட்டாலம் என்று மாறிவிட்டது. அந்தப் பெயரையே இன்றைக்குச் சட்டத்திலும், நாம் சுதந்திரம் அடைந்த பிறகு, கொடுப்பது சரியல்ல. இதை மாற்றி குற்றலம் என்றே அழைக்க வேண்டுமென்று நான் விரும்புகிறேன்.”

SRI S. RAMALINGAM :—“ On a point of order, Sir. அவர் சொல்லுகின்ற இரண்டு பெயருக்கும் வித்தியாசம் என்ன இருக்கிறதென்றே எனக்குத் தெரியவில்லை. ஆகவே அவரை இரண்டுக்கும் ‘ஸ்பெல்லிங்’ சொல்லும்படியாக நான் கேட்டுக் கொள்ளுகிறேன்.”

SRI T. C. NARAYANAN NAMBIAR:—Mr. Deputy Speaker, with regard to the Bill that has been brought forward to constitute a Township Committee for ‘Kootha Alayam’ in the Tirunelveli district, I wish to submit that it is highly necessary that it should be referred to a Select Committee. The citizens of that panchayat board have submitted representations to the Government objecting to the formation of a Township Committee in the place of the panchayat board. Some of the hon. Members who were just now arguing in favour of the Bill were stating that the Bill has been brought forward as the panchayat board concerned is not in a position to look to the facilities and convenience of the people who go there to take rest. I want to know whether it is not a fact that the panchayat board is not in a position to do the needful in the matter as they do not possess wide powers. Nowadays, the powers conferred on the panchayat boards are very restricted. This is the reason why the panchayat board has not been able to provide more facilities and amenities to those who visit the health resort. That is why we say that more powers should be conferred upon these panchayats. If they are so much interested, they can very well say that the Township Committee will itself be elected. We find that this committee is going to be a nominated committee. As my hon. Friend Mr. Manali Kandasami said, even people from outside that area may be nominated to this committee. Moreover, there is another dangerous provision in this Bill. That is, by a notification in the *Fort St. George Gazette*, this can be extended to other areas also. If the Bill with such provisions, dangerous as they are, is allowed to be passed, then so many other panchayats constituted by regular elections by the people of this State will be abolished and we will have an Advisers’ regime, or if I may call it an Executive Officers’ regime. Only such an Executive Officers’ regime will be imposed on the people much against their wish. There is another provision from which we find that eight members will be nominated to the Courtallam Township Committee. Apart from these eight members, another gentleman will be appointed as Executive Officer. These are some of the provisions which we consider as very harmful. Therefore, I submit that this Bill may be sent to a Select Committee so that all these questions can be carefully and properly examined and necessary changes may be made. I hope that the Hon. Minister for Local Administration will be able to accept this suggestion.”

சுவை தரக்கூடியது. இவ்வளவு இயற்கை எழில் வாய்ந்த அந்த குற்றலத்தைச் செம்மைப்படுத்த வேண்டும். இருக்கும் இயற்கை அழகோடு செயற்கை முறையிலும் அழகுபடுத்தவேண்டுமென்ற எண்ணம் பல பல வருஷங்க ளாகவே இருந்து கொண்டிருக்கிறது. இதற்கு வேண்டிய முயற்சிகள் எல்லாம் இந்தச் சர்க்காரின் காலத்தில் உண்டானவைகள் அல்ல. இன்று நேற்று தோன்றிய இயக்கமும் அல்ல இது. இந்த எண்ணம் தோன்றி சுமார் பத்து வருஷங்களுக்கு மேலாகி விட்டது. நண்பர் ஸ்ரீ ஐ. கே. சுப்பிர மணிய பிள்ளை அவர்கள் குறிப்பிட்டதைப்போல 1949-ம் ஆண்டிலேயே இந்த மசோதாவைக் கொண்டு வருவதற்கான முயற்சிகள் எடுக்கப்பட்டன.

“இந்த மசோதாவை எதிர்த்துப் பேசிய சில அன்பர்கள் இதைப் பணக்காரர்களின் வாசஸ்தலமென்று சொன்னார்கள். அது தவறு. முற் றிலும் தவறானது. கோடைக்காலம், ஊட்டியைப் போன்றதல்ல குற்ற லம். இது ஏழைகளின் வாசஸ்தலம். இங்கே இரண்டொரு பணக்கார கள் குடியிருக்கலாம். ஆனால் இந்தக் குற்றலத்தைச் சுற்றியுள்ள தென்காசி போன்ற இடங்களிலிருந்து பல ஏழை மக்கள் காலையிலே அருவிக்கு வருவார்கள். தைலத்தைத் தேய்த்துக்கொண்டு அருவியாடுவார்கள். பின்னர் ஹிந்து மதத்தினர்கள் பெரும்பாலும் அம்மலையில் எழுந்த தருவியுடன் கூத்தன் தரிசனம் செய்வார்கள். பிற மதத்தினராக இருந் தால் அருவியின் சலசலப்பின் ஒலியையும், வானத்தில் படர்ந்து நிற்கும் மேகத்திரள்களின் அழகையும், மலைக்காட்டிலே மலர்ந்துள்ள மலரின் எழிலையும் கண்டு பரவசப்பட்டு நிற்பார்கள். இப்படி இயற்கை எழில் நிரம்பிய இந்த இடத்தை ஒரு நல்ல சுகாதார வாசஸ்தலமாக ஆக்கவேண்டு மென்ற கருத்து நீண்ட நெடுநாளாக இருந்து கொண்டிருக்கிறது.

“அருவிக்கு வந்து நீராடி விட்டு ஊருக்குத் திரும்பிச் செல்லுங்கால் அழகான அந்த மலைக்குப் பக்கத்திலேயே வாய்க்காலும், அதன் அருகில் மீன் கடைகளையும் பார்க்கலாம். நம் மக்களுக்குத்தான் சொல்லவேண் டாமே. எப்படி சுகாதாரத்தை பாழ்படுத்துவது என்பது அவர்களுக்குத் தான் சர்வ சாதாரணமாக தெரியும். அவைகளையெல்லாம் சரிப்படுத்தி வருபவர்கள் அனைவருக்கும் அதை ஒரு நல்ல health resort-ஆகச் செய்யவேண்டுமென்ற நோக்கத்தோடுதான் இந்த மசோதா கொண்டு வரப்பட்டிருக்கிறது.

“எதிர்க்கட்சியைச் சேர்ந்த ஸ்ரீ கந்தசாமி அவர்களும், ஸ்ரீ கே. பி. மேனன் அவர்களும் இந்த மசோதாவை சர்க்கார் ஏதோ கட்சி மனப் பாண்மையோடு கொண்டு வருவதைப்போலப் பேசினார்கள். இது ரொம்ப வும் வருந்தத்தக்கதாகும். குற்றலம் பஞ்சாயத்துப் போர்டு தேர்தலுக்கு காங்கிரஸ் கட்சி எந்த அபேட்சகரையும் நிறுத்தவில்லையென்பதை கனம் அங்கத்தினர்கள் அறிந்து கொள்ளவேண்டும். நிறுத்தி, தோல்வி ஏற் பட்டிருந்தால் காங்கிரஸ் கட்சிக்கு எவ்விதமான வோட்டும் வரவில்லையெ ன்ன்ற எண்ணத்தில் இதைக்கொண்டு வந்து விட்டதாக சொன்னால் ஒருக்கால் பொருத்தமானதாகத் தோன்றலாம். கனம் ஐ. கே. சுப்பிர மணிய பிள்ளையவர்கள் சுமார் பன்னிரண்டு வருஷ காலம் குற்றலம் பஞ்சாயத்து போர்டு தலைவராக சிறந்த முறையில் பணியாற்றியிருக்கிறார் கள். அந்த நகரை சர்க்காரே எடுத்துக் கொண்டு நிர்வாகத்தை நடத்தவேண்டுமென்ற எண்ணத்தை அவர்தான் விதைத்தார். அதற்குப் பிறகும் பல ஏற்பாடுகளைச் செய்து வருகிறார். இப்பொழுதுதான் அந்த மசோதா சபையில் பிரேரிக்கப்பட்டிருக்கிறது. புதியதாக முதன் முறை யாக மந்திரி ப்தவியை ஏற்றுக்கொண்டிருக்கும் கனம் ராமசாமிபடையாச்சி அவர்கள் இதை ரொம்பவும் துணிச்சலாக சபையில் சமர்ப்பித்திருப்ப தற்குப் பாராட்டுகிறேன். அவர் சபையிலுள்ள எல்லோருடைய பாராட்டுக் கும் உரியவர் என்பதும் உண்மை. ஆகவே அவர் பிரேரித்திருக்கும் மசோதாவை நான் வரவேற்கிறேன்.

“இரண்டாவதாக அங்கே ஏழைகளுடைய குடிசைகள் எதுவுமேயில்லை. அங்கிருக்கக் கூடிய நிலங்கள் எல்லாம் பெரும்பாலும் திருக்குற்றல நகரையே சேர்ந்ததாகும். சில பங்களாக்கள் நிலப்பிரபுக்கள் என்று

[Sri S. N. Somayajulu] [12th May 1954]

சொல்லப்படுகிற ராமநாதபுரம் ராஜாவுக்கு ஒரு பங்களா, சேத்துார் ஜமீன் தாருக்கு ஒரு பங்களா என்று இருக்கின்றன. ஆகவே அங்கு பெரும் பாலும் வந்து போகின்ற ஏழை மக்களுக்குத்தான் வசதி அளிக்கவேண்டுமென்ற நோக்கத்தோடு புரட்சிகரமாக இந்த மசோதா இன்றைய தினம் கொண்டுவரப்படுகிறது.

“பஞ்சாயத்து போர்டாகவே இருந்தால் அதிக வரி போட முடியாது. அதனால் அதிக செளகர்யங்களும் வருகின்றவர்களுக்குச் செய்து கொடுக்க முடியாது. ஆகவே சர்க்காரே இதைத் தங்களது நேரிடையான பார்வையில் வைத்துக்கொள்ள, குறைந்தது எட்டு மெம்பர்களையும், அதில் அரசாங்கத்தொடர்பு இல்லாத மூன்று அங்கத்தினர்களாவது இருக்கும்படியாக ஒரு கமிட்டியை போட்டு நிர்வாகத்தை நடத்த ஏற்பாடு செய்திருக்கிறார்கள். இப்படிச் செய்வதால் எதோ ஜனநாயகம் பறிக்கப்படுகிறது என்று சிலர் கூக்குரலிடுகிறார்கள். இதனால் எந்த விதமான ஜனநாயகமும் பறிக்கப்படுவதாக எனக்குத் தெரியவில்லை. சில வருஷங்கள் அதன் நிர்வாகம் இப்படியே நடந்தால் பின்னர் தேர்தலை நடத்தி குற்றாலம் டவுன்ஷிப் நிர்வாகத்தை அந்தப் பிரதேச மக்களின் கையிலேயே ஒப்படைத்து விடலாமென்று சர்க்கார் உறுதியும் அளித்திருக்கிறது. ஆரம்ப காலத்தில் எதுவும் கொஞ்சம் நன்றாக நடக்க வேண்டுமென்றால் நாட்டில் சர்வாதிகாரம் இருக்கத்தான் வேண்டும். சர்வாதிகாரத்தால் எதுவும் கெட்டுப் போய்விடாது. ஆகவே சர்வாதிகாரியைப்போல சர்க்காரால் நியமிக்கப்படும் கமிட்டியின் நிர்வாகத்தில் குற்றாலத்தின் டவுன்ஷிப் கமிட்டியை விடுவதே சாலச் சிறந்தது என்பது என்னுடைய தாழ்மையான அபிப்பிராயம்.

“ஏழை மக்கள் எல்லோரும் நன்மை பெறவேண்டுமென்ற நோக்கத்தோடு, ஏழை மக்கள் எல்லோரும் பல சுகாதார நன்மைகளைப் பெற வேண்டுமென்ற நோக்கத்தோடு, ஏழை மக்கள் எல்லோரும் இந்த சுகாதார வாசஸ்தலத்திற்கு வந்து நன்மை அடையவேண்டுமென்ற நோக்கத்தோடு கனம் ராமசாமி படையாச்சி அவர்கள் இந்தச் சபையில் இந்த மசோதாவைப் பிரேரித்திருக்கிறார்கள். இதை எல்லோரும் ஆதரிக்கவேண்டும். அதைவிட்டு இதைக் கொண்டுவருவதன் மூலம் ஜனநாயகம் பறிபோய் விடுவதாகக் கூக்குரலிடுவது அர்த்தமற்றது. அறியாமையையே அது குறிக்கிறது. இந்த டவுன்ஷிப் கமிட்டியிலும் மக்களின் கருத்தை, அந்தப் பிரதேச மக்களின் அபிமானத்தைப்பெற்ற மூன்று தனி நபர்களும் இடம் பெறுவார்கள். இவர்கள் நல்ல கருத்துக்களை அவர்களுக்கு எடுத்துச் சொல்லலாம். ஆகவே எந்த விதமான ஜனநாயகமும் பறிபோய்விடாது. அதனால் எல்லோரும் பயமின்றி இந்த மசோதாவை ஆதரிக்கவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன்.”

SRI K. VENKATASWAMY NAIDU :—“Mr. Deputy Speaker, Sir, I welcome this Bill most heartily, because Courtallam is considered to be the poor man's Ootacamund. When people want to recoup their health and want recreation, they go to places like Ootacamund and Kodaikanal. But a poor man cannot afford such a luxury. But Courtallam being a village and having all conditions necessary for recoupment of health, it could be provided with very good amenities. We have got a first-class water-fall there which people say has very fine qualities for helping a man to regain his health. Another important thing is that we do not have such a water-fall anywhere else in this country which falls by cascades and it affords great relief to bathers there. The best bathing conditions exist there, people are coming in thousands and they do not have sufficient facilities; they find that they do not get good accommodation, good food supply and good sanitary conditions. Because, round-about the water-fall, the most

[12th May 1954] [Sri K. Venkataswamy Naidu]

insanitary conditions prevail, it has long been the agitation of people of Tirunelveli district and other places also that the place should be made much better. So Government have thought that there is no other way of meeting the wishes of the people. (Interruption.) Sir, the sanitary conditions there are very far from satisfactory or desirable. It is not possible for a small panchayat to make any improvements to that place. It is impossible for a small panchayat to undertake a task so heavy as that. It must be done only at Government level. It must be on a Government basis and state-wide basis. People from Madras and all parts of the world go to that place and so, it is the duty of the Government to see that very good and desirable conditions are established in that place. That is why this Township Bill is proposed.

“Sir, as Sri Somayajulu said part of the land very near the water-fall belongs to the temple. So the temple authorities should also co-operate in improving that place. The Government for their part must also co-operate by giving sufficient funds to make Courtallam an ideal place. If we achieve all this, we will be doing a great service to the poor people who go there in large numbers. Now they do not get the fullest advantage, because the sanitary conditions are not good and the town is not well-laid. It is very necessary that the town must be well-laid and then there must be sufficient amenities for the people going there. Then, the town can develop very well. It can then be handed over to any municipality or any other body.

“Nowadays, there is much of propaganda about Tourists' Traffic. If only people realize what exactly is the benefit one can get in that place, it would be better. People would flock to that place and we can make a very remunerative concern of it, at least from the tourist point of view.

“Considering all these advantages, I think we have brought in this Township Bill not a little too soon. I hope that we have the support of all sides of the House and that this Bill will be passed. It is a very useful measure.”

RAJA MUTHIAH CHETTIAR OF CHETTINAD :—“Sir, I am indeed very happy that this Bill is placed before this House for consideration. As early as 1938, when Dr. Rajan was the Minister for Health, he was introducing the Public Health Bill in the Assembly. Rajaji, who was the Chief Minister then, wanted that a chapter should be introduced in the Bill to declare any township or portion of a municipality or any area under any district board or taluk board as a sanatorium for purposes of maintenance of public health, if it is used as a place of public resort. But Dr. Rajan did not want the Bill to be meddled with in any way though it was not the intention of Rajaji to do so. If that suggestion had been accepted, we would have seen in these fifteen years much more improvement to townships and other places in regard to

[Raja Muthiah Chettiar of Chettinad] [12th May 1954]

sanitation, etc., than we are able to see to-day. But better late than never. I am indeed very happy that this Bill has been introduced after all. But I must tell the Minister in charge of the Bill that he should not stop with this paper business but must give money to the township committee to be constituted to enable it to fulfil its functions effectively. There is no point in merely changing a panchayat board into a township committee. Sir, Mr. Somayajulu was making an eloquent speech about the condition of this ancient and historic place. Then, Mr. Venkataswami Naidu made a beautiful speech about the need for improving the sanitary condition of Courtallam. There is in our country, as in other countries, what is called tourist traffic. In South India there are four or five places which are capable of attracting tourists. In the Nigiris alone there are ten or twelve spots which are worth visiting. Retired men, active men and those who want to restore their lost health can all visit these places. There is Kodaikanal in the Madurai district. In each district there are places of public resort. In Rajapalayam there is a place called the Mudaliar Uruthu about 4,000 feet above sea level. There are many places in Malabar which are worth visiting. So, I would ask the Minister not to keep quiet with this Bill but to bring forward legislation to develop and improve other places of public resort. He must bring forward a comprehensive Bill taking power to appoint committees to improve panchayat areas or areas under the district or taluk boards or municipalities which can be developed as places of public resort so that tourists from all over the country may visit them. I would entreat the Hon. the Minister to think of the Courtallam Township Committee as almost a City Improvement Trust and build cheap tenements for the poor people who may visit the place. There are some tenements already but they will not serve the purpose. It is not possible for all to build good bungalows and hotels to be run because it will not be a prospective business since the bungalow owners or the hotel proprietors will not have any visitor during the off-season. Therefore, it is for the Government to build tenements for the sake of poor people who visit this place. The existing tenements are not of a good type. If the Government build a few tenements then it will be a model for other people to follow. Therefore, Sir, I would request the Government to provide more amenities to visitors and for this purpose to bring forward a comprehensive legislation quickly."

SRI A. GOVINDASWAMY NAYAGAR :—"கனம் சபாநாயகர் அவர்களே, இந்த மசோதாவைச் செலக் கமிட்டிக்கு விடவேண்டுமென்ற பிரேரணையை நான் ஆதரித்து சில வார்த்தைகள் சொல்ல விரும்புகிறேன். குற்றலம் ஏழை மக்களுடைய சுகவாசஸ்தலம் இல்லை. ராஜாக்களுக்கும், ஜமீன்தார்களுக்கும், பெரிய பெரிய பணக்காரர்களுக்கும் வசதிகள் எவ்வளவு இருக்க வேண்டுமோ அவ்வளவும் அங்கே காணப்படுகின்றன. திரு. வெங்கடசாமி நாயுடு இந்த குற்றலம் ஏழைகளின் உதகமண்டலம் என்றார். ஆனால் ஏழைகள் போவதற்கும் அவர்கள் அங்கு தங்குவதற்கும் இந்த அரசாங்கம் வழிவகை ஒன்றும் செய்யவில்லை. ஏழைகள் அதைப்பற்றி எண்ண முடியாத அளவிற்கு, பணக்காரர்களுக்குத்தான் இன்று குற்றலம் உல்லாசபுரியாக விளங்குகிறது.

[12th May 1954] [Sri A. Govindaswamy Nayagar]

"நண்பர் சோமயாஜுலு அவர்கள் 'குற்றலத்தில் பங்களாக்கள் தான் நிறைய இருக்கின்றன. ஜமீன்தார்கள் தங்குவதற்காகத்தான் எல்லா வசதிகளும் செய்யப்பட்டிருக்கின்றன. அது ஒரு மானிகைகள் நிறைந்த இடமாக இருக்கிறது. ஆடம்பரக்காரர்களுக்காக அழகாக கட்டப்பட்டிருக்கிறது' என்று சொன்னார். இதுபோதாதென்று இந்த சர்க்கார் பணக்காரர்கள் நன்மைக்காக இன்னும் அழகுக்கு அழகு செய்வதுபோல அந்நகரத்தை அழகுபடச் செய்யப்போகிறார்கள். இந்த சீர்திருத்தத்தை ஸ்தல ஸ்தாபன மந்திரி அவர்கள் பணக்காரர்கள் வசதிகளைப் பாதுகாக்கவேண்டி இந்த மசோதாவை கொண்டு வர கருவியாக உபயோகப்படுத்திக் கொண்டது வருத்தமாயிருக்கிறது. இன்றைய தினம் இதை விட கிராம பொதுஜன நன்மைகளுக்கு எவ்வளவோ விஷயங்கள் கவனிக்கப்பட வேண்டியதாயிருக்கிறது. ஆனால் இந்நகரத்தை சீர்படுத்துவதில் எனக்கொன்றும் ஆசைப்போனை கிடையாது. இங்கே பஞ்சாயத்து போர்ட் நிர்வாகம் விரோதமாக இருக்கிறது. நல்ல Executive Officer போட்டு ஏன் அபிவிருத்தி செய்யக்கூடாது? ஜனநாயகத்தை குழித்தோண்டிப் புதைக்கும் வகையில் இந்த மசோதா கொண்டுவரப்படுகிறது. பொது ஜனங்களால் தேர்ந்து எடுத்தவர்களை நம்பாது யாரோ சிலரை Township கமிட்டியில் போடுவதால் என்ன நன்மை ஏற்பட்டுவிடும். நகர அபிவிருத்தி என்று சொல்லிக்கொண்டு ஏழை குடிசைகளை அப்புறப்படுத்துவார்கள். ஒரு சில குடிசைகள் கூட இல்லாமல் ஜனங்கள் தவிக்கும் காலத்தில் மேலும் மேலும் பணக்காரர்களுக்கு வசதி செய்து கொடுக்கப்படுகிறது. Township Committee அமைத்தால் எல்லோரும் போய் தங்குவதற்கு ஒரு சுகவாசஸ்தலமாக இருக்க வேண்டும் என்பதற்காக பல சீர்திருத்தங்கள் செய்யப்போவதாக கனம் மந்திரி கூறுகிறார். தெய்வ நம்பிக்கை உள்வவர்கள் ஆண்டவனை தரிசிப்பதாக சொல்லுகிறார். அப்படி சொல்லுகிறபோது மாமிசம் சாப்பிடக்கூடாது, முட்டைகூட எடுத்துச் செல்லக்கூடாது என்று சொல்லுகிறார்கள். ஏன் காளத்தியப்பருக்கு கண்ணைக் கொடுத்த கண்ணப்ப நாயனார், மாமிசத்தைச் சுவைத்துச் சுவைத்து ஆண்டவனுக்கே கொடுக்கவில்லையா? அப்படி இருக்கும்போது முட்டைக்கு மாத்திரம் ஏன் இந்தத் தடை?"

SRI S. N. SOMAYAJULU :—"முட்டை, நாம் சாப்பிடவேண்டாம் என்று சொல்லவில்லை. எவ்வளவு வேண்டுமானாலும் சாப்பிட்டும். ஏழை, எட்டு முட்டைகள் வேண்டுமானாலும் சாப்பிட்டும்."

SRI A. GOVINDASWAMY NAYAGAR :—"இந்த மசோதா ஜனநாயக அடிப்படையில் திருத்தப்படவேண்டும் இப்பொழுது அங்கு இருக்கும் ஏழை மக்கள் நிலைமை மிக மிக மோசமாக இருக்கிறது. பணக்காரர்களின் நலனுக்கு பாதுகாப்பு அளிப்பதாகவும் ஏழைகளை கவனிக்காத வகையில் இருப்பதால் இந்த மசோதாவை பொறுக்குக் கமிட்டிக்கு விடவேண்டுமென்று கேட்டுக்கொள்கிறேன்."

(At this stage, Mr. Speaker resumed the Chair.)

SRI V. K. RAMASWAMI MUDALIAR :—"Mr. Speaker, Sir, I welcome this measure for the constitution of a township committee for Courtallam. As the previous speakers have pointed out, this matter has been engaging the attention of the Government for a very long time and I am of opinion that a responsible committee like this should be constituted. I have been one of the regular visitors to Courtallam for over a quarter of a century, and I know the conditions prevailing there. Some years ago, a Waterfalls Committee was constituted with—if my memory does not fail me—the Collector as Chairman and that committee has been doing very good work. It provided all sorts of amenities to tourists. But now the place has been kept in a very insanitary condition and during the season when visitors flock there from all parts

[Sri V. K. Ramaswami Mudaliar] [12th May 1954]

of the country, the panchayat board finds itself unable to provide all the necessary amenities for the tourists. If a responsible township committee is constituted I am sure that committee will do wonderful work. There is no question of setting at rest democratic principles in setting up this committee. Whether this Party is in power or some other Party comes into power that committee will continue to function and will be able to provide all the amenities for the tourists. Then, Sir, as the hon. Member Sri Muthia Chettiar said Government should also set apart some money to improve the amenities provided for the tourists. Otherwise the township committee by itself may not be able to provide all the amenities. The matter is urgent and it has been delayed for a very long time. Therefore I do not think any useful purpose would be served by referring this Bill to a Select Committee. I request the Government to proceed with the Bill with a view to provide necessary amenities for the tourists."

SRI P. VENKATESHA SHOLAGAR :—" கனம் சபாநாயகர் அவர்களே, இந்த மசோதாவை பொறுக்குக் கமிட்டிக்கு விடவேண்டும் என்ற திருத்தத்தை ஆதரித்து சில வார்த்தைகள் பேச விரும்புகிறேன். இந்த மசோதா பொதுஜனங்களுடைய அபிப்பிராயத்திற்கு மாறாக இருக்கிறது. இந்த திட்டம் கொண்டுவருவதினால் ஏழைகள் சிலர்தான் நன்மை அடைய முடியும். பெரிய, பெரிய பணக்காரர்களுக்கும் வசதியுடையவர்களுக்கும் தான், இங்கே மேலும் வசதி அடைய வழி இருக்கிறது. அதற்காகத்தான் ஏழைகளின் நன்மையை பாதுகாக்கவேண்டுமென்ற காரணத்திற்காக **Township Committee** ஏற்படுத்துவதைப்பற்றி பல அங்கத்தினர் தங்கள் அபிப்பிராயத்தை குறிப்பிட்டார்கள். டவுன்ஷிப் கமிட்டி கொண்டு வருவதில் குற்றமில்லை அதைப்பற்றி ஆக்ஷேபணைகளும் இல்லை யென்று தெரிவித்துக்கொள்ள விரும்புகிறேன்.

"இதில் முக்கியமாக கவனிக்கவேண்டியது டவுன்ஷிப் கமிட்டியில் பொதுப் பிரதிநிதிகள் இருக்கவேண்டும். இந்தக் கமிட்டியில் மிகவும் பொறுப்பு வாய்ந்தவர்களை போடவேண்டும். இந்தக் கமிட்டியானது ஒரு விஷயத்தை கவனத்தில் வைத்துக்கொள்ளவேண்டியது அவசியம். சர்க்கார் கட்சி மெம்பர்களே கூறும்போது அங்கு பெரும் புள்ளிகளுக்கு 1½ ஏக்கர் விஸ்தீர்ணத்தில் நிலம் உள்ளதென்று கூறினார்கள். குற்றமில்லை டவுனாக ஆவதால் அவர்கள் அந்த நிலத்தில் வீடுகளைக் கட்டி வாடகை சம்பாதிப்பதற்கு நல்ல வாய்ப்பு கிடைக்கும். இதை விஸ்தரிக்கும்போது அங்கு 20, 30 செண்டு நிலம் உள்ளவர்கள் வீடுகளிலிருந்து அப்புறப்படுத்தப்பட்டால், அவர்களுக்கு வேறு நிலம் கிடையாது. ஊரைவிட்டு வெளியே வேண்டும். அப்படி இல்லாமல் அவர்களுக்கு நிலமளித்து வீடு அளித்து பாதுகாக்க வேண்டுமென்று கேட்டுக்கொள்ளுகிறேன். இங்கு குறிப்பாக ஏழைகளுக்கு வசதிகள் செய்வதற்கான ஏற்பாடுகள் செய்யவே குற்றமில்லை நகரம் சீரமைப்பு செய்யும் காலத்தில் பக்கத்திலுள்ள கிராமப் பகுதியிலும் அபிவிருத்தி செய்ய ஏற்பாடுகள் செய்யவேண்டும். ஆதலால் இந்த நகர சீரமைப்பு திட்டத்தில் கமிட்டிக்கு பொதுமக்களின் ஒற்றுமையும் சர்க்காரின் பண வசதியும் இருக்கவேண்டும். ஆதலால் இந்த மசோதாவை பொறுக்குக் கமிட்டியின் பரிசீலனைக்கு விடவேண்டுமென்று கேட்டுக்கொண்டு என் பேச்சை முடித்துக்கொள்ளுகிறேன்."

SRI T. ANANTA PAI :—" Mr. Speaker, Sir, I congratulate the Government on bringing forward this Bill to develop Courtallam as a possible tourist centre. We have been speaking a lot in this country about developing tourist traffic without having been able to do much. Places like this are assets not only to

[12th May 1954]

[Sri T. Ananta Pai]

South India but they belong to the country as a whole. If such centres are properly developed we can develop considerable tourist traffic in this country and get a lot of foreign exchange. Every other country is vying with each other in presenting its best parts to the world and getting people to visit those places. They are spending money on these places so that it may incidentally provide employment and increase trade internally in the country. From this point of view even considerable attention requires to be paid to many of the tourist centres in this country. In addition to improving the sanitation of the places, they should be made as attractive as possible supplementing what nature has already provided in those places. Therefore I am glad the Government of Madras have thought it fit to develop the centre. I am sure even the Central Government would do its best to see that this centre is adopted as one of their own and provide necessary funds to make this a very attractive place. So far as this aspect of the question is concerned there can be no difference of opinion among members of this House. The objection of the opposition has been mainly to the provision of nomination for the proposed council which is to be in charge of this township.

"Sir, according to me, the Opposition seems to have given too much importance to the form of democracy rather than to the spirit. Here is a House consisting of Members who have been representing the people elected on adult franchise. To-day we ourselves are saying that in a place like this it is better to have a nominated council running the administration instead of an elected one for one simple reason. We have gone through a number of elections very recently. Even in the villages where the field of election is small, it is common experience that castes, communities and all sorts of considerations come in with the result that the party faction continues. Party faction has come in the way of active work being done by these bodies. If hon. Members will look at the working of the Panchayat Boards, they will find most of them are in a stand-still, either the President does not agree with the Members or the Members do not agree with the President. Elections have been very often fought on party lines and the experience of the working of these Panchayat Boards has been very bad. If a suggestion comes from one party to put up a road, simply because the suggestion comes from a particular party, the members of the other parties oppose it. Everybody wants to take credit for doing a certain thing.

"I do not know why we should insist on having an elected body for the purpose of beautifying a town or for the provision of some amenities for a certain town and allow faction to continue. Even Shri Acharya Vinobha Bhave has recently come out with a suggestion that the main bane of the present day India is these elections when people do not know how to accommodate themselves even after the elections are over and factions are allowed to continue. Sir, I do not think much good work can be done if the work is entrusted to an elected body. The main reason why much work

[Sri T. Ananta Pai]

[12th May 1954]

has not been done even in the Community Project areas and the National Extension Service areas is that people divide themselves easily and do not come together even for a common purpose. Therefore if we want to improve Courtallam within the shortest possible time, we must get the best of men together who can take active interest in beautifying the town rather than represent this party or that party. I hope and believe that for some time at least people with imagination, with an aesthetic sense will be appointed to this council rather than those with other considerations. The function of the council is only to beautify the town and provide amenities to the tourists. A nominated council might be able to function very much better than an elected one. Of course if the nominated council fails to do its work properly, we have power in our hands and we can get an elected body to do this work in due course.

“Thank you, Sir.”

SRI P. JEEVANANDAM :—“கனம் அவைத் தலைவர் அவர்களே, குற்றாலத்தின் சிறப்பைப்பற்றி, இயற்கை வளப்பைப்பற்றி யெல்லாம் இந்த மசோதாவைக் கொண்டுவருகிற போது பல நண்பர்கள் சொல்லியிருக்கிறார்கள். தமிழ் இலக்கியத்தில், திருஞான சம்பந்த சுவாமிகள் பாடல்களை எடுத்துப்பார்த்தால், பாட்டுக்குப் பாட்டு நம் தமிழகத்தின் இயற்கை வளத்தைப்பற்றி அழகு சொட்டச் சொட்ட பாடியிருக்கிறார். குற்றாலத்தின் அழகைப்பற்றி பாடியிருக்கிறார். தமிழ் அறிந்தவர்களுக்குத் தெரியும், இரண்டு மூன்று நூற்றாண்டுகளுக்குள்ளாக எழுந்த தமிழ் இலக்கிய நூல்களில் ஒரு சிறந்த நூல் குற்றாலக் குறவஞ்சி என்று. அதில் தேன் அருவியைப்பற்றியும், மந்திகள் மரத்திற்கு மரம் தாவித் தாவிச் செல்வதைப்பற்றியும், மேகத்தோடு மரங்கள் கொஞ்சுவதைப்பற்றியும் இப்படியெல்லாம் மிகச் சிறப்பாக பாடப்பட்டிருக்கிறது. அவைகளை இப்பொழுது நான் பாடுவதற்குத் தயாராயில்லை. ஏனென்றால், கொடுக்கப்பட்ட ஐந்து நிமிஷ நேரத்தில் பேச வேண்டிய விஷயங்களையெல்லாம் பேச முடியாது.”

ஜனநாயக ஆட்சி எப்படிச் செய்யப்போகிறது என்ற திட்டமோ நுட்பமான விவரங்களோ வைக்கப்படவில்லை என்பதை மறக்கக்கூடாது. அப்படி வருகிறபோது அங்கு இருக்கக்கூடிய மக்களுடைய நிலங்களை எடுக்க வேண்டியிருக்குமா, குடிசைகள் எவ்வாறு பாதிக்கப்படும், என்பதற்கெல்லாம் மக்களுடைய யோசனைகள் கேட்கப்படவில்லை. அவர்கள் எந்த அளவு நகர விஸ்தரிப்புத் திட்டத்தில் கொண்டுவரக்கூடிய சட்டத்தை அமுலாக்குவதற்கு பங்கு கொள்வார்கள் என்பதை நாம் முக்கியமாக கவனிக்கவேண்டும். அது இங்கே வரவில்லை.

“நண்பர் ஸ்ரீ சோமயாஜலு அவர்களைப் போல எனக்கும் குற்றாலத்தைப் பற்றி முப்பது ஆண்டுகளாகத் தெரியும். குற்றாலத்தின் இயற்கையழகை நான் நுகர்ந்திருக்கிறேன். அங்கிருக்கக்கூடிய பங்களாவில் வசிப்பவர்களைப் பற்றி மட்டும் நாம் கணக்கில் எடுத்துக்கொண்டு மற்றவர்களை நாம் மறந்துவிடக்கூடாது. வண்டிகள் தூரதொலையிலிருந்து வந்து தேனைப் பருகும். தடாகத்திலுள்ள தவளைகள் தேனின் அருமையை அறியாமல், அனுபவியாமல் வாழும். இவ்வாறு இருப்பது ஜனநாயகம் அல்ல என்பதை இந்த சந்தர்ப்பத்தில் கவனத்திற்குக் கொண்டுவர விரும்புகிறேன். அந்த இடத்தை நகரமாக விஸ்தரித்து அபிவிருத்தி செய்வதற்கு என்னுடைய வேண்டுகோள் என்னவென்றால் எதிர்க்கட்சிகள் கூறியபடி இந்த மசோதாவை செலக்ட் கமிட்டியின் பரிசீலனைக்கு விட்டு, செய்வதைத் திருந்தச் செய்யவேண்டும்.

“கனம் அங்கத்தினர் ராஜா ஸர் முத்தையா செட்டியார் அவர்கள் நமது ராஜ்யத்தில் எவ்வளவோ அழகிய நகரங்களை படைக்க முடியும். அதற்கு முதல் தொடக்கமாக இப்பொழுது குற்றாலத்தை நகரமாக்குவதை வரவேற்கிறோம் என்று கூறினார். நல்லது, ஆனால் இதை ஜனநாயக ரீதியாகச் செய்யவேண்டும். நண்பர் ஸ்ரீ சோமயாஜலு அவர்கள் கூறும்போது, முதலில் சில நல்ல காரியங்களுக்கு சர்வாதிகாரம் அவசியமாக இருக்கிறது என்ற முறையில் சொன்னார்கள். நல்ல காரியத்தைச் செய்ய தவிர்க்கமுடியாதபடி சர்வாதிகாரம் தேவை என்றால்தான் அதைப் பற்றி நினைக்கவே வேண்டும். ஆனால் இந்தப் பிரச்சினையில் மக்களிடத்தில் கலப்பதற்கு, யோசனை கேட்பதற்கு அவர்களுக்கு நஷ்டம் வராமல் செய்வதற்கு அவர்களுடைய மனப்பூர்வமான ஒத்துழைப்பைப் பெறவேண்டும். அதைப் பெறுவதற்கு முயற்சி செய்யவில்லை. அப்படி இன்னும் சாவகாசம் கொடுக்காமல் எதிர்ந்தரப்பில் இருக்கக்கூடிய அங்கத்தினர்களும் பொது மக்களும் தமிழ் உணர்ச்சி உடையவர்களும் உண்மையிலேயே அழகு தரும் இயற்கை வளமானது நாட்டில் ஏற்பட வேண்டுமென்ற அக்கரை உடையவர்களும் தங்கள் கருத்தைக் கூறவும் அந்த பிரதேசத்தில் வாழும்படியான பத்தாயிரக்கணக்கான மக்களுடைய ஆதரவைப் பெறவும் சாவகாசம் கொடுக்க வேண்டும். இந்த மசோதாவை நல்ல எண்ணத்தோடு கொண்டு வந்திருந்தால்—நல்ல எண்ணத்தோடு தான் கொண்டு வந்திருக்கிறார்கள் என்று நினைக்கிறேன்.”

THE HON. SRI C. SUBRAMANIAM :—“நல்ல எண்ணத்தோடுதான் இது கொண்டுவரப்பட்டிருக்கிறது.”

SRI P. JEEVANANDAM :—“சர்க்கார் நல்ல எண்ணத்தோடுதான் இதை கொண்டுவந்திருப்பதாக அமைச்சர் அவர்கள் கூறுகிறார்கள். நல்ல எண்ணமாக இருப்பதைக்கண்டு மிக மகிழ்ச்சி. நல்ல எண்ணம் இருப்பதால், எல்லோருடைய ஒத்துழைப்போடும் கூட குற்றாலத்தை சிறந்ததொரு நகரமாக்குவதற்காக, சிறிது சாவகாசம் கொடுக்க வேண்டுமென்று கேட்டுக் கொண்டு, இந்த மசோதாவை செலக்ட் கமிட்டிக்கு விடவேண்டுமென்ற திருத்தத்தை நான் ஆதரித்து, என்னுடைய வார்த்தையை இத்துடன் முடித்துக்கொள்ளுகிறேன்.”

and tourist centres. Our Government wish to take credit for improving Courtallam, a famous health resort, and have brought forward this legislation for the appointment of a Township Committee to administer its municipal affairs. It has been proved even from ancient days, as hon. Member Sri I. K. Subramania Pillay also pointed out, that the water of Courtallam has got a medicinal effect. It is therefore essential or rather useful to convert Courtallam into a township. But, for a growing township, it is very necessary to have, in the first place, an expert committee without any prejudice and without any likes or dislikes. If, as hon. Members on the other side, have said a democratically elected representative committee is to be set up to carry on the administration of the township, the administration is likely to suffer because of the likes or dislikes of such a committee and the committee will not be able to discharge its function efficiently. As in times of war, so also in the early days of the creation of a new township, pure and unadulterated democratic management of affairs cannot make headway, and therefore, it is essential that a Township Committee with an independent view should be set up. There is therefore no use in saying that democracy is in danger and that democratically elected members should be in the Committee to carry on the administration of the Township of Courtallam.

“After all, Sir, as hon. Members on this side have said, Courtallam is a small place having a very few houses and it is only the neighbouring village which has a population of about a thousand and this is the major village which constitutes the Courtallam Panchayat. I do not see why the hon. Members on the other side should think that even though Courtallam becomes a small town, the existing Panchayat could not carry on its own administration or that only by entering the Township Committee they could discharge their duties in regard to improving the welfare of the people. Even by remaining outside the Township Committee, the public have got opportunities to place their views before the Township Committee and thereby improve the township. I therefore wholeheartedly support the Bill that has been brought forward and oppose the amendment to refer it to a Select Committee.”

THE HON. SRI C. SUBRAMANIAM:—“கட்டாயம் செலவு பண்ணலாம்!”

SRI T. SHANMUGAM:—“எக்ஸ்பீடியூடிவ் ஆபீசரும் அலிஸ்டெண்ட் இன்ஜினீயரும் நல்லவர்களாக இருந்தால் அவர்கள் என் அந்தப் பணத்தை செலவு பண்ணக்கூடாது? தங்களுக்கு வேண்டிய உத்தியோகஸ்தர்களைப் போடவேண்டுமென்றும் காங்கிரஸ்காரர்களையே நியமிக்க வேண்டும் என்றும் கருதுகிறார்கள் போலும். சர்க்கார் இப்படிச் செய்வது ஜனநாயகத்திற்கு அவ்வளவு பொருத்தமானது அல்ல. எனவே, அவர்களை நான் கேட்டுக்கொள்வது. இதைப் பொறுக்குக் கமிட்டிக்கு விட்டுவிடலாம். பிறகு பஞ்சாயத்து போர்டு மூலமாகவோ, முனிசிபாலிட்டியாக மாற்ற வேண்டுமானால், தேர்தலை நடத்தி அந்த ஊரிலேயே தேர்ந்தெடுக்கப்பட்ட பிரதிநிதிகளைக் கொண்டோ அந்தக் காரியத்தைச் செய்யட்டும். பண உதவி செய்தால் யார் என்ன செய்ய மாட்டார்கள்? பஞ்சாயத் போர்டு தலைவராக பொது வாழ்க்கையைத் துவக்கி, முனிசிபல் சேர்மனாக வந்திருப்பவர்களை நாம் பார்க்கவில்லையா? அநேக மந்திரிகள் பஞ்சாயத்து போர்டு தலைவராகவும் இருந்திருக்கக்கூடும். ஆகவே, பஞ்சாயத்து போர்டாரால் இந்தக் காரியத்தை நடத்த முடியாதென்று சொல்வதை நான் ஒப்புக்கொள்ளமாட்டேன். எவ்வளவோ எக்ஸ்பீடியூடிவ் ஆபீசர்களும் சூபர்வைசர்களும் அலிஸ்டெண்ட் இன்ஜினீர்களும் திறமைசாலிகளாக இருக்கவில்லையா? அப்படிப்பட்டவர்களிடம் இந்தக் காரியத்தை விட்டால் நன்றாக நடக்கும். ஆகவே, அந்தப் பஞ்சாயத்தை போர்டின் மூலம் சீர்திருத்தம் செய்யப்படவேண்டும். Township ஆக்க வேண்டுமென்பதை நான் வரவேற்கிறேன். நானும் குற்றாலத்திற்கு அநேக தடவைகள் போயிருக்கிறேன். சாக்கடை ரோட்டிலே ஓடுவது போன்றவைகளெல்லாம் சீர்திருத்தப்பட வேண்டியது மிகவும் அவசியம் என்பதை நான் அறிவேன். ஆனால், ஜனநாயக முறைப்படி, அங்குள்ள பஞ்சாயத்து போர்டின் மூலமாகவோ, முனிசிபாலிட்டியாக்கி விட்டால் அதன் மூலமாகவோ தகுந்தபடி செய்யவேண்டுமென்று நான் இந்த சர்க்காரை வேண்டிக்கொள்வதோடு, இந்த மசோதாவைப் பொறுக்குக் கமிட்டிக்கு விட வேண்டுமென்ற திருத்தத்தையும் வற்புறுத்துகிறேன்.”

SRI R. S. ARUMUGAM:—“கனம் சபாநாயகர் அவர்களே, இந்த குற்றாலம் டவுன்ஷிப் கமிட்டி மசோதாவை ஆதரித்து ஒரு

சில வார்த்தைகள் கூற விரும்புகிறேன். குற்றாலமானது எப்படி இயற்கை வளம் பெற்றது என்பது பற்றி நான் இந்த இடத்திலே தெரிவிக்க வேண்டியதில்லை. பழைய காலத்து பாட்டை எடுத்துக் கொண்டு டாலும் சரி, இப்பொழுது இந்த இடத்திலே எனக்கு முன்பு பேசியவர்கள் கூறியதிலிருந்தும், மற்றும் நேரிடையாகக் கண்டவர்கள் அதைப்பற்றி சொன்ன அனுபவத்திலிருந்தும் அதனுடைய இயற்கை வளத்தையும், அழகையும் தெரிந்து கொண்டிருப்பீர்கள். ஆகவே அதன் வளமையும் செழுமையும் எந்த நிலையில் இருக்கிறது என்பதைப் பற்றி இந்த இடத்திலே தெரிவிக்கத் தேவையில்லை.

“ஆனால் அப்படிப்பட்ட ஒரு செழுமையான இடத்திற்கு ஒரு நல்ல சுகாதார அமைப்புள்ள, சகல வசதிகளுக்கான வழிவகைகளையும் நல்ல முறையில் செய்யவேண்டுமென்ற நோக்கத்தோடு இந்த சர்க்கார் இதை ஒரு டவுன்ஷிப் கமிட்டிக்கு கீழ் விட்டு வைப்பதற்கு கொண்டு வரப்பட்டுள்ள இம் மசோதாவை என்னைப் போன்றவர்கள் பாராட்டாமல் இருக்க முடியாது. எனினும் இந்த இடத்திலே பேசின பல நண்பர்கள் பலதரப்பட்ட அபிப்பிராயங்களைச் சொன்னார்கள். சிலர் இது ஜனநாயகத்துக்கு எந்த விதத்திலும் ஒவ்வாத முறை என்று கூறினார்கள். அங்கு நிர்வாகம் பஞ்சாயத்து போர்டின் கீழ்தான் இருக்க வேண்டுமென்று கூறினார்கள். குற்றாலத்தில் நல்ல முறையில் சகல வசதிகளும் செய்யவேண்டியதிருக்கிறது, பணமும் செலவாகும். பஞ்சாயத்து கூடாது என்பதல்ல. பஞ்சாயத்து போர்டாரால் அவ்வளவுக்கு முடியாது. அங்கு காங்கிரஸ் கட்சிக்கு விரோதமான கட்சி நிர்வாகத்தில் இருக்கிறது, அதனால் தான் அதை சர்க்கார் நிர்வாகத்துக்கு கீழ் டவுன்ஷிப் கமிட்டிக்கு கொண்டு வரவேண்டும் என சர்க்கார் நினைக்கிறது என்று கூறினார்கள். ஆனால் இந்த இடத்தை விஸ்தரிப்பது பற்றியும், இதை டவுன்ஷிப் கமிட்டியாக சர்க்காருடைய நிர்வாகத்தின் கீழ் விடவேண்டுமென்பதைப்பற்றியும் கடந்த நான்கைந்து வருஷங்களுக்கு முன்பே திரு. ஐ. கே. சுப்பிரமணியம் அவர்களால் அந்தக் காலத்திலேயே முயற்சிகள் செய்யப்பட்டு வந்திருக்கிறதாகத் தெரிகிறது. ஆகவே இன்னொரு குறிப்பிட்ட கட்சிக்காரர் அதை நடத்துவதற்காக இப்படிப்பட்ட ஒரு புதுமையை சர்க்கார் உண்டு பண்ணியிருக்கிறார்கள் என்று கூறுவது எவ்விதத்திலும் நியாயமில்லை என்பதை தெரிவித்துக் கொள்ளுகிறேன்.

“மேலும் அந்த இடத்திலே இயற்கையை அனுபவிக்க ஆயிரக்கணக்கான மக்கள் வருஷந்தோறும் வந்து போகிறார்கள். சுமார் 20 ஆயிரம் மக்களுக்கு மேல் அங்கு வருஷந்தோறும் வந்து போவதாகக் கணக்கிடப்பட்டுள்ளது. ஒரு சிலர் மட்டும்தான் அந்த இடத்திலே வாழ்ந்து வருகிறார்கள். இந்த மாகாணத்தில் மாத்திரமல்லாமல், இந்தியாவிலிருந்தும் மற்றும் பல பாகங்களிலிருந்தும் இந்த இடத்தைப் பார்த்து இன்புற வந்து போய்க் கொண்டிருக்கிறார்கள். அப்படிப்பட்ட இடத்தை சகல வசதிகளுமுள்ள சுகாதார ஸ்தலமாக்க அவசியம் சர்க்கார் நிர்வாகத்தில் எடுத்துக் கொண்டால்தான் பல நல்ல காரியங்களைச் செய்யமுடியும். இப்படிப்பட்ட காரியங்களை பஞ்சாயத்து போர்டால் செய்ய வேண்டுமென்று சொன்னால், வீணாகக் கட்சிகளுக்கிடையே சண்டை சச்சரவு ஏற்படலாம். சில இடங்களை ஆர்ஜிதம் செய்யவேண்டியது வரும். அதில் சில கஷ்டங்கள் ஏற்படும். இதையெல்லாம் தவிர்ப்பதற்கு சர்க்கார் குற்றாலத்தின் நிர்வாகத்தை மேற்கொண்டு நடத்துவது சகல விதத்திலும் பொருத்தமானது ஆகும். அதோடு அங்கு ஏழைகள் வருவது கிடையாது என்றும், பணக்காரர்களுக்காக இதை வசதி செய்யப்படுகிறது என்றும் குறை கூறினார்கள். அவ்வாறு சொல்வது ஆச்சரியமாக இருக்கிறது. தென்காசி, கடையநல்லூர் போன்ற இடங்களிலுள்ள நூற்றுக்கணக்கான நெசவுத் தொழிலாளிகளும், மற்றும் அங்குள்ள சாதாரண மக்களும் தினமும் காலையில் வந்து குளித்துவிட்டு, தினமும் சுகாதார வசதியை அனுபவித்து விட்டுப் போகிறார்கள். குற்றால ரோட்டிலே அவர்கள் சாரை சாரையாகச் செல்வார்கள். அதையெல்லாம் பார்க்கும்போதே மிகவும் சந்தோஷமாக இருக்கும்.

“மேலும் முக்கியமான ஒரு விஷயத்தைத் தெரிவிக்க விரும்புகிறேன். நீலகிரி, உதகமண்டலம் இப்படிப்பட்ட இடங்களில் ஏழை மக்கள் போய்

இன்பம் அனுபவிக்க முடியாது. காரணம் அங்கெல்லாம் அதிகப்படியான குளிர், ஹீட்டர் (heater) போன்ற உஷ்ணம் உண்டாகக் கூடிய கருவிகள் வேண்டும். அதோடு அதற்கான கம்பளி ஆடைகள் வேண்டும். ஏழைகள் அப்படிப்பட்ட வசதிகளுக்கு எங்கு போவார்கள்? ஆனால் குற்றாலத்திலே அப்படிப்பட்ட தேவைகள் எல்லாம் வேண்டியதில்லை. குற்றாலம், ஏழைகள் ஆயிரக்கணக்காக வந்து அழகான இயற்கை காட்சிகளையும், சுகாதாரத்தையும் அனுபவித்துப்போகக் கூடிய இடமாக அமைந்திருக்கிறது. ஆகவே இந்த ஏற்பாடு பணக்காரர்களுக்கு மாத்திரம் தான், ஏழைகளுக்கு இல்லை என்று சொன்னால் அதை யாரும் நம்புவதற்கில்லை. ஏழைகளும் சமமாகப் போய் அந்த இடத்திலே சகல வசதிகளையும் பெறும் தன்மையில்தான் குற்றாலத்தின் இயற்கையே அமைந்திருக்கிறது.”

MR. SPEAKER :—“சுருக்கமாக முடித்துக்கொள்ளுங்கள். திருப்பித் திருப்பி அதையே சொல்லிக்கொண்டிருக்கிறீர்களே?”

SRI R. S. ARUMUGAM :—“மேலும் நான் அந்த ஜில்லாவின் வாசி, எவ்வளவு ஏழை மக்கள் தங்களுக்கு வசதி கிடைத்த நேரங்களில் அங்கு சென்று அதன் பலனை அனுபவித்து வருகிறார்கள் என்பது எனக்குத் தெரியும். இச்சபையோரும் அதை எண்ணிப்பார்த்து இந்த மசோதாவை செலக் கமிட்டிக்கு விடவேண்டுமென்று சொல்லாமல், எல்லா நண்பர்களும், அங்கத்தினர்களும் இந்த மசோதாவை ஆதரிக்கும்படி கேட்டுக்கொள்ளுகிறேன்.”

SRI M. P. SUBRAMANIAM :—“கனம் சபாநாயகர் அவர்களே, இதுவரையிலும் சபையிலே இந்த மசோதாவைப் பற்றி பேசியதைப்பார்த்தபோது ஒரு இடத்திலே முற்போக்கான காரியங்களைச் செய்வது சுகாதார வசதி செய்வது, ஜனநாயக முறையில் முடியாது என்று பொருள்பட பல உறுப்பினர்கள் பேசினார்கள். அப்படிச் செய்யச் சர்க்கார் விரும்பினால், ஜனநாயக முறையிலே மக்களுக்கு வசதி செய்ய முடியாது என்ற திடமான நம்பிக்கை கொண்டு விட்டால், ஜனநாயகத்தில் நம்பிக்கை இல்லை என்று தெளிவாகச் சொல்லிவிடலாம். சாதாரண மக்களால் தேர்ந்தெடுக்கப்பட்டுள்ள பஞ்சாயத்து போர்டு மூலமாக பல முற்போக்கான காரியங்கள் செய்ய முடியாது என்று சர்க்கார் நம்புகிறது போலும்: டவுன்ஷிப் அமைப்புக்கு பல திட்டங்களையும், அதிகாரங்களையும் கொடுப்பதுபோல் கிராம பஞ்சாயத்துகளுக்கும், நகரங்களில் முனிசிபாலிட்டிகளுக்கு உள்ள அமைப்பைப் போல் பூரா அதிகாரங்களையும் கொடுத்து ஒழுங்கு செய்தால் நல்லமுறையில் காரியங்களைச் செய்யமுடியும். அதற்கு சர்க்கார் வாய்ப்பளிக்கலாம். ஆகையால், இந்த விஷயத்தில் சர்க்கார் ஜனநாயக கட்டுப்பாட்டை கடைப்பிடிப்பதில் எந்தவிதமான தடங்கலும் இல்லை என்பதை அரசாங்கத்திற்கு கூறிக்கொள்ள விரும்புகிறேன்.

“ஏழைகள் அதிகமாக தங்களுடைய உடல் நலத்தைப் பேணிக்கொள்ள அங்கு போகிறார்கள் என்று சொல்வது பெரும் தவறாகும். ஏழைகள் தங்களுக்கு வயிற்றுவலி, தலைவலி வந்தாலே அதைக் கவனிப்பதற்கோ, போக்குவதற்கோ மருந்து வாங்கிச் சாப்பிடவே இயலாமல் இருக்கின்ற போது, அவர்கள் அதிகமாக அங்கு வருகிறார்கள் என்று சொல்வது மேடையிலோ, இங்கு சட்ட சபையிலோ பயன்படுத்திக் கொள்ளும் பேச்சே தவிர உண்மையல்ல. குற்றாலத்தைச் சீர்ப்படுத்துவதில் எங்களுக்கு எவ்வித ஆட்சேபணையும் இல்லை. வேண்டுமானால் நல்ல முறையில் செய்வதற்கு ஒரு வருஷத்திற்கு 20 ஆயிரம் பேர்களுக்கு மேல் அங்குள்ள மக்கள் வந்து போவதாகக் கூறினார்களே, அவர்கள் ஒவ்வொருவரும் ரூ. 2 வீதம்—கொடுத்தால் கூட வருஷத்திலே 40 ஆயிரம் ரூபாய்க்கு மேல் சுலபமாக வசூலிக்கப்பட்டு, முற்போக்கான காரியங்களைச் செய்ய எளிதாக இருக்குமென்பதை அரசாங்கத்திற்கு கூறிக்கொள்ள விரும்புகிறேன். அப்படிச் செய்தால் இந்தக் காரியத்திற்கு சர்க்கார் தங்களுடைய பணத்தைச் செலவு செய்ய வேண்டிய வேலையே இருக்காது.

[Sri M. P. Subramaniam] [12th May 1954]

“நாட்டிலே பார்க்கும்போது, பல இடங்களில் குடித்தண்ணீர் இல்லாத பல கிராமங்கள், சிறு டவுன்கள் இருக்கின்றன. அதற்கெல்லாம் நல்ல முறையிலே ரோடு இல்லாமல் இருக்கின்றன. அவைகளையெல்லாம் விட்டு விட்டு, ஒரு சிலருடைய வசதிக்காக ஆண்டிலே 5 அல்லது 10 நாட்கள் தங்குபவர்களுக்காக, ஜனநாயக முறையையும் உதறித் தள்ளி விட்டு, குற்றலத்தை சீர்திருத்துவதற்கு மட்டும் அரசாங்கத்தார் பண உதவி செய்வது முறையல்ல என்பதைக் கூறிக்கொண்டு, முழுமனதாக இம் மசோதாவை எதிர்க்கிறேன்.”

SRI S. RAMALINGAM :—“கனம் சபாநாயகர் அவர்களே, இந்த மசோதாவின் நோக்கத்தை ஆதரிப்பவர்கள் கூட இதை ஒரு பொறுக்குக் கமிட்டிக்கு விடவேண்டுமென்று பேசியிருக்கிறார்கள். கனம் அங்கத்தினர் ஸ்ரீ சோமயாஜி குற்றலக் குறவஞ்சியிலிருந்து ஓரிரண்டு பாடல்களை எடுத்துக்காட்டி குற்றலத்தின் அழகையும், நீர் வீழ்ச்சியையும் வர்ணித்தபொழுது நாம் குற்றலத்தில்தான் இருக்கிறோமா என்ற ஒரு சந்தேகம் ஏற்பட்டது. இந்த மசோதாவை ஒரு பொறுக்குக் கமிட்டிக்கு அனுப்பவேண்டுமென்று இந்த தரப்பிலிருந்து சில அங்கத்தினர்கள் சொல்லும்பொழுது, இந்த நகரத்தை மேலும் அபிவிருத்தி செய்யவேண்டும். மேலும் சுகாதார வசதிகள் செய்யவேண்டுமென்பதில் யாருக்கும் ஆட்சேபினை கிடையாது என்பதை சபையிலுள்ள அனைவருக்கும் எடுத்துக்காட்ட விரும்புகிறேன். சில அங்கத்தினர்கள் நாங்கள் இந்த நகரம் மேலும் வளர்ச்சி அடைவதை தடுக்க முயலுகிறோமென்று தொனிக்கும்படியாகப் பேசினார்கள். அவ்விதமான அபிப்பிராயம் எங்களுக்குக் கிடையாது. இந்த நகரத்தின் வளர்ச்சி நல்ல முறையிலே இருக்கவேண்டும், எல்லோருக்கும் பயன்படக்கூடிய அளவில் இருக்க வேண்டுமென்பதுதான் எங்கள் விருப்பம்.

“ஆனால் இன்று இருக்கக்கூடிய பிரச்சினை என்ன? ஸ்ரீ I. K. Subramania Pillai அவர்கள் 10, 12 வருடங்களாக பஞ்சாயத்துப் போர்டு தலைவராக இருந்து பல முயற்சிகள் செய்தும் கூட நகரம் வளர்ச்சி அடையவில்லை என்பதற்காகத்தான் Township Committee அமைக்க வேண்டுமென்று மசோதா கொண்டு வந்திருக்கிறோமென்று சர்க்கார் சொல்லுவார்கள். ஸ்ரீ I. K. Subramania Pillai 10, 12 வருடங்களாக பஞ்சாயத்துப் போர்டு தலைவராக இருந்திருக்கிறார்கள். அவர்களுடன்கூட மற்றும் பல அங்கத்தினர்களும் இருந்திருக்கிறார்கள். அவர் திறமையற்றவரென்றே, பொது மக்களுக்கு சேவை செய்ய வேண்டுமென்ற உணர்ச்சியற்றவர் என்றே, பஞ்சாயத்துப்போர்டு பணத்தை சரியாக செலவு செய்யவில்லை யென்றே யாரும் சொல்ல முடியாது. ஆனால் அவர் பொது மக்களுக்கு முழு உணர்ச்சியுடன் சேவை செய்யவேண்டும், நகரத்தை மேலும் அழகு பெறச் செய்யவேண்டுமென்ற நோக்கத்துடன் பாடுபட்டார். அபிவிருத்தியை தடை செய்யும் முறையில் இந்த Panchayat Board Act-ல் பல நிர்ப்பந்தங்கள் இருக்கின்றன. அந்த அளவுக்கு வரி வசூல் செய்ய வேண்டும், என்னென்ன இனங்களின் மீது வரி போடவேண்டும், என்னென்ன காரியங்கள்தான் செய்யலாம், என்னென்ன காரியங்கள் செய்வதற்கு சர்க்கார் முன் அனுமதி கோர வேண்டும் என்றெல்லாம் கட்டுப்பாடுகளும் தடைகளும் இருந்ததின் காரணமாக அவர் பெரு முயற்சிகள் எடுத்துக்கொண்டும், நகரத்தை அபிவிருத்தி செய்ய முடியவில்லை. புதிய Township கமிட்டி ஏற்படுத்துவதால் மட்டும் அந்த நகரத்தை அழகு பெறச் செய்துவிட முடியாது, ஒரு சுகாதார வாசஸ்தலமாக ஆக்கிவிட முடியாது. ஆகவே, இன்றைக்குப் பதவியிலிருக்கக் கூடிய பஞ்சாயத்து போர்டுக்கு முனிசிபாலிட்யின் அதிகாரங்களைக் கொடுத்து முனிசிபாலிடிகள் என்ன வரிகளை வசூலிக்கலாமோ, அந்த வரிகளை வசூலிப்பதற்கும், இன்னும் இதர காரியங்கள் செய்வதற்கும் அதிகாரம் கொடுத்தால், என்னென்ன காரியங்களை அவர்கள் நடைமுறையிலே செய்கிறார்கள் என்று பார்க்கலாம்.

“கனம் அங்கத்தினர் சோமயாஜி அவர்கள் ஜனநாயகம் பரிபோவதற்கு இடமேயில்லையென்று சொன்னார். ஓரளவு தப்பாக அவர் நினைக்கிறார்.

[12th May 1954] [Sri S. Ramalingam]

மக்கள் விரும்புகிறபடி பரிபூரண ஜனநாயகம் இல்லாவிட்டாலும் ஓரளவுக்கு இன்றைக்கு ஜனநாயகம் கிடைத்திருக்கிறதென்று எதிர்க்கட்சியினர் நினைக்கிறார்கள். ஆனால் அவர் ஜனநாயகமே நமது நாட்டில் இல்லை, இருந்தால் தானே பரிபோவதற்கு என்று நினைக்கிறார்போலும். இப்பொழுது இருக்கக்கூடிய பஞ்சாயத்துப் போர்டுக்கு முனிசிபாலிடிகளுக்கு இருக்கக் கூடிய அதிகாரங்களைக் கொடுப்பதன் மூலம் நடைமுறையில் இந்த நகரத்தை அபிவிருத்தி செய்வது சாத்தியபடுமா, அல்லது மசோதாவில் கூறியிருப்பது போல் நேரிடையாக அங்கத்தினர்களை nominate செய்வதால் மட்டும் பிரயோசனம் ஏற்படுமா என்ற விஷயங்களைப் பரிசீலனை செய்வதற்குத்தான் இதை ஒரு பொறுக்குக் கமிட்டிக்கு அனுப்பவேண்டுமென்று சொல்லுகிறோமே தவிர, குற்றலம் வளர்ச்சி அடையக்கூடாது என்று நோக்கத்தோடு அல்ல.

“உண்மையிலே இந்த நகரம் வளர்ச்சி அடையவேண்டுமென்றால், கனம் அங்கத்தினர் ஸ்ரீ செட்டிநாடு ராஜா சொல்லியது போல் சட்டம் மட்டும் போட்டுவிட்டால் போதாது. தேவையான பணமும், மக்களின் ஒன்றுபட்ட ஒத்துழைப்பும் வேண்டும். உதாரணமாக இப்பொழுது மதுவிலக்குச் சட்டம் போட்டிருக்கிறார்கள். ஆனால் நடைமுறையில் மக்கள் அதை மீறிக்கொண்டுதானிருக்கிறார்கள். அதே மாதிரியே சினிமாக்கொட்டகைகளில் சிகரெட் பிடிக்கக்கூடாது என்று சட்டம் இருந்தபோதிலும், மக்கள் சிகரெட் பிடிக்காமலிருக்கிறார்களா? பொது மக்களுடைய ஒத்துழைப்பின்றி, இந்த நகரத்தை அழகு பெறச் செய்ய முடியாது. ஜனங்களுடைய ஒத்துழைப்பு வேண்டுமென்றால், அவர்களுடைய எண்ணத்தையும் நோக்கத்தையும் தெரிந்து கொண்டு சட்டத்தைக் கொண்டுவரவேண்டும். இல்லாவிட்டால், நாம் நினைப்பது சாத்தியமாகாது. இதன் காரணமாகத்தான் இந்த மசோதாவைப் பொறுக்குக் கமிட்டிக்கு விடவேண்டுமென்று கேட்டுக் கொண்டு என் பேச்சை முடித்துக்கொள்ளுகிறேன்.”

SRI S. SWAYAMPRAKASAM :—“Mr. Speaker, Sir, I rise to support the amendment to refer the Bill to a Select Committee not because of the fancy of referring every Bill to a Select Committee but because of the desire to find out whether there is any possibility of giving the so-called relief to the poor people.

“Everybody has said that Courtallam can be considered to be the poorman's Ootacamund. I have been to Courtallam and have myself enjoyed the whole thing but the mere fact that it is to be made into a township would not carry us very far. The word 'town' itself implies that it really gives relief or pleasures only to the rich people and does not give such relief or pleasures to the poor. The township should not be created with such a view. It has been said that the move to have a township for Courtallam has been there from a very long time or it is claimed that it has been there for the last four or five years. It has also been said that hon. Member, Sri I. K. Subramania Pillai, has been there as President of the Panchayat for a very long time. I do not know whether as President of the Courtallam Panchayat, he earnestly urged the creation of a township or whether the Panchayat passed a resolution when he was the President urging the formation of a township. Now, as hon. Member, Dr. K. B. Menon, pointed out, it should not be the idea of the Government nor should such an impression be made on the public, that simply because the Panchayat Board has been captured by the Socialists, it should be made into a township. No such impression should be created in the minds of the public in the neighbourhood that this measure has been brought forward simply because the party in power, namely,

[Sri S. Swayamprakasam] [12th May 1954]

the Congress Party had lost a few seats in the Panchayat or its importance in the locality. I have also received the information--I do not believe it--that it is the impression of the people in the locality that the immediate reason for this move on the part of the Government to bring this measure is that the Panchayat Board refused to give an address to the then Chief Minister, Sri C. Rajagopalachari. I do not say that I am opposed to the idea of Courtallam being made into a township. But if this move has been set afoot because the Panchayat Board has changed hands or that it refused to present an address to the then Chief Minister, the idea is not a very good one. Such a view should never have been taken.

"My own idea is that by the formation of a township for Courtallam we should not take away the relief that is being at present afforded to the poor people. This is the only point I wish to press on the Government and it is only a desire to find out whether there is any possibility of doing so that forces me to support the amendment to refer the Bill to a Select Committee."

THE HON. SRI S. S. RAMASWAMI PADAYACHI :—

"கனம் சபாநாயகர் அவர்களே, இந்த குற்றாலம் டவுன்ஷிப் சட்டத்தைக் கொண்டு வரும் அரசாங்கத்தின் நோக்கம், 'அதை ஒரு நல்ல சுகாதார வாசஸ்தலமாக ஆக்கவேண்டும். இந்த ராஜ்யத்திலுள்ள ஒரு சிறந்த health resort ஆகச் செய்ய வேண்டும். அங்கே வருகின்ற மக்களுக்கு எல்லாம் போதுமான வசதிகள் கிடைக்கும்படியாகச் செய்ய வேண்டும்,' என்பவைகள் போன்றவைதான். எதிர்க்கட்சியில் இருக்கக் கூடிய கம்யூனிஸ்டு அங்கத்தினர்கள் குறிப்பிட்டது போல பணக்காரர்களுக்கு வசதி செய்து கொடுக்க வேண்டுமென்பதற்காக அரசாங்கம் இந்தச் சட்டத்தைக் கொண்டுவரவில்லையென்று முதலிலேயே நான் குறிப்பிட விரும்புகிறேன். அங்கே ஏராளமான பொது மக்கள் வந்து கொண்டேயிருக்கிறார்கள். அங்கே வருகின்ற ஏழை எளிய மக்கள் எல்லோருக்கும் போதுமான வசதிகள் கிடைக்கவேண்டுமென்ற நோக்கத்தோடுதான் அரசாங்கத்தால் இந்த சட்டம் கொண்டுவரப்படுகிறது, என்பதைத் தெரிவித்துக்கொள்ள விரும்புகிறேன்.

"அதோடு மற்றொரு விஷயம். எதிர்க்கட்சி உதவித் தலைவர் ஸ்ரீ கலியாணசுந்தரம் அவர்கள் வைத்திய சிஷ்சைக்காக ரஷ்யாவுக்குச் சென்றார்கள். அவர் திரும்பி வந்தபொழுது நான் அவரை வரவேற்க ஏரோடிரோம் போயிருந்தேன். அப்பொழுது அவர் என்னிடம் சொன்னார்கள், 'நம் நாட்டைப் போல் ரஷ்யாவில் நோயாளிகளுக்கு அதிக மருந்து கொடுத்து அவர்கள் நோயைக் குணப்படுத்துவதில்லை. ஆனால் அதற்கு மாறாக அவர்கள் health resort-களில் வைக்கப்படுகிறார்கள். நோய் தானே குணமாகிவிடுகிறது. நம் நாட்டில் அதுமாதிரியாக health resort இல்லவேயில்லை,' என்று, அந்த எண்ணத்தை, கருத்தை அடிப்படையாகக் கொண்டுதான் நம் ராஜ்யத்திலும் நல்ல முறையில் ஒரு health resort ஏற்படுத்த வேண்டுமென்ற நோக்கத்தோடு இன்றைக்கு இந்த மசோதா கொண்டுவரப்படுகிறதென்பதை நான் சொல்லிக் கொள்ள விரும்புகிறேன். இனிமேல் யாரும் சிஷ்சைக்காக வெளி நாட்டிற்குச் செல்ல வேண்டிய அவசியமில்லை. தமிழ் நாட்டில் பிறந்தவர்கள் யாராக இருந்தாலும் சரி, கம்யூனிஸ்டுகளும் சரி இனிமேல் இந்தக் குற்றாலம் health resort-க்குப் போய் தங்கள் நோய்களைக் குணப்படுத்திக் கொள்ளலாமென்றும் தெரிவித்துக்கொள்ளுகிறேன். தமிழ் நாட்டு கம்யூனிஸ்டுகளுக்கு வசதி செய்து கொடுக்க வேண்டுமென்ற எண்ணத்துடன்தான் இந்தச் சட்டத்தையே கொண்டு வந்திருப்பதாகவும் சொல்லிக்கொள்ள விரும்புகிறேன்.

[12th May 1954] [Sri S. S. Ramaswami Padayachi]

"அதோடு இந்தச் சட்டத்தை பொறுக்குக் கமிட்டிக்கு அனுப்பவேண்டுமென்றும், அவசரப்பட்டுக்கொண்டு இந்த மசோதாவைப் பாஸ் செய்யக்கூடாதென்றும் சில அங்கத்தினர்கள் குறிப்பிட்டார்கள். இந்த மசோதா அவசரமாகக் கொண்டுவரப்படுவதில்லை. இது நண்ட நெடு காலமாக அரசாங்கத்தின் பரிசீலனையில் இருந்து வந்திருக்கிறது. மக்களுடைய நலனை உத்தேசித்து, அடிக்கடி அங்கு வந்து போகும் பெரும்பாலான ஏழை ஜனங்களின் நன்மையை உத்தேசித்துத்தான் இந்தச் சட்டத்தை இன்றைக்குச் சர்க்கார் கொண்டு வருகிறதே தவிர எவ்விதமான கட்சி நோக்கத்தோடும் இதைக்கொண்டுவரவில்லை யென்பதையும் தெரிவித்துக்கொள்ளுகிறேன். அந்தப் பிரதேசத்தில் வாழும் ஜனங்களின் எண்ணிக்கை மூவாயிரம் என்றால், அங்கு சுகாதாரத்திற்காக வந்து போகின்ற மக்களின் எண்ணிக்கை இருபதாயிரம் என்பதை நாம் தெரிந்து கொள்ளவேண்டும். இருபதாயிரம் மக்களின் நலனை, கேடிமத்தை அந்த மூவாயிரம் மக்களின் கையில் ஒப்படைப்பது சரியல்ல என்பதே அரசாங்கத்தின் கருத்தாகும். அதோடு, இதைப்பற்றி கடந்த பத்துப் பன்னிரண்டு வருஷங்களாகவே சர்க்கார் சட்டம் ஒன்று கொண்டுவருவதற்காக முயற்சி செய்து கொண்டிருந்திருக்கிறார்கள். நன்றாக பரிசீலனை செய்த பிறகே இந்தச் சட்டத்தை சர்க்கார் இப்பொழுது கொண்டு வந்திருக்கிறார்கள். ஆகவே இதை அவசரப்பட்டுக்கொண்டு கொண்டுவந்திருப்பதாக சில நண்பர்கள் சொல்வது சரியல்ல என்று தெரிவித்துக்கொள்ள விரும்புகிறேன். அதோடு சில அங்கத்தினர்கள் பேசும் போது இதனால் ஜனநாயகம் பறிக்கப்படுகிறதாகச் சொன்னார்கள். அதுவும் சரியல்ல என்று சொல்ல விரும்புகிறேன். அந்த நகரத்தின் நிர்வாகப் பொறுப்பை சர்க்கார் எடுத்துக் கொள்வதன் மூலம் எவ்வாறு ஜனநாயகம் பறிக்கப்படுகிறது என்றும் கேட்க விரும்புகிறேன். அதோடு ஜில்லா போர்டு தேர்தல்களை எல்லாம் நடத்தவேண்டுமென்று இந்தச் சர்க்கார் உத்திரவு போட்டிருக்கிறது. ஜனநாயகம் இந்த நாட்டில் நிலைக்கவேண்டுமென்பதற்காகத்தான் ஆகஸ்டு மாதத்திற்குள் ஜில்லா போர்டு தேர்தலை நடத்த உத்திரவு போட்டிருக்கிறோம் என்றும் இந்தச் சமயத்தில் சொல்லிக் கொள்ள விரும்புகிறேன். முன்பு பஞ்சாயத்து போர்டு இருந்தது. அதனால் அங்கே வருகின்ற இருபதாயிரம் மக்களுக்கும் மேற்பட்டவர்களுக்குப் போதுமான வசதிகளைச் செய்து கொடுக்க முடியவில்லை. சர்க்காரும் தனிப்பட்ட முறையில் அந்தப் பஞ்சாயத்துக்கு அதிகப் பணம் கொடுக்க முடியாதாகையால் அதை தங்கள் நிர்வாகத்தின் கீழேயே கொண்டு வந்துவிட்டால் இன்னும் கொஞ்சம் அதிகம் வரி போடலாம். தாங்களும் பணம் ஒதுக்கி அங்குள்ள மக்களுக்கு வசதிகள் செய்வதோடு வருகின்ற மக்களுக்கும் அதிக வசதிகளைச் செய்து கொடுத்து அதை நம் ராஜ்யத்திலேயே சிறந்ததொரு health resort ஆகச் செய்யலாம் என்ற எண்ணத்தினால் தான் இந்த மசோதாவைக்கொண்டு வந்திருக்கிறோமே தவிர இதில் சுயநலம், கட்சி மனப்பான்மை, எதுவுமில்லை. ஜனநாயகமும் இதில் பறிக்கபடவில்லையென்று தெரிவித்துக்கொள்ள விரும்புகிறேன்."

SRI S. SWAYAMPRAKASAM :—"நீங்கள் சொல்லுகிற மாதிரி யிலிருந்தே அம்மாதிரியான நோக்கம் எதுவுமில்லையென்பது தெரிகிறது."

THE HON. SRI S. S. RAMASWAMI PADAYACHI :—"அத்தோடு குறிப்பாக பணக்காரர்களுக்கு வசதி செய்து தருவதற்காகத்தான் இந்த மசோதா கொண்டுவரப்பட்டதாகவும் சொல்வது சரியல்ல. பணக்காரர்களுக்கு அங்கே தனித்தனியாக பங்களாக்கள் இருக்கின்றன. தங்களுக்கு வேண்டிய தண்ணீர் வசதிகள், மற்ற இதர வசதிகள் எல்லாவற்றையும் அவர்கள் சர்க்காரை எதிர்பார்க்காமலேயே தாங்களாகவே செய்து கொண்டுவீட்டார்கள். இது அனேக நண்பர்களுக்குத் தெரிந்திருக்கும். ஆனால் அங்கே வருகின்ற ஏழை எளிய மக்களுக்குத் தான் வசதிக் குறைவுகள் இருக்கின்றன. இந்தச் சட்டத்தினால் அங்கேயுள்ள பணக்காரர்களுக்கு உதவி செய்வதாகச் சொல்வதைவிட இந்தச் சட்டத்தினால் அங்கேயிருக்குக் கூடிய பணக்காரர்கள் இன்னும் கொஞ்சம் அதிகமாக வரி கட்டும்படியாகத்தான் ஆகும் என்பதை நான் சபையின் கவனத்திற்குக் கொண்டுவர விரும்புகிறேன்.

[Sri S. S. Ramaswami Padayachi] [12th May 1954]

“அதோடு இன்னும் சில நண்பர்கள் அந்த நகர நிர்வாகத்தை நாமி னேஷன் மூலமாக வருகின்றவர்களிடம் ஒப்படைப்பதை ஆட்சேபிக்கின்றார்கள். அதன் மூலம் ஜனநாயகத்தையே பறிப்பதாகவும் கூறுகிறார்கள். இதை என்னால் புரிந்து கொள்ள முடியவில்லை. அந்தப் பிரதேசத்தில் மூவாயிரம் மக்கள் தான் இருக்கிறார்கள். ஆனால் அங்கே ஆண்டுதோறும் வருகின்ற மக்கள் இருபதாயிரத்துக்கு மேல் இருக்கின்றது என்று நான் சொன்னேன். இந்த இருபதாயிரம் மக்களின் நலனை, மக்களின் கேஷமத்தை இந்த மூவாயிரம் மக்களின் பிரதிநிதிகளின் வசம் மாத்திரம் ஒப்படைப்பது சரியா என்று நான் கேட்க விரும்புகிறேன்.”

SRI P. JEEVANANDAM:—“கனம் அமைச்சர் அவர்கள் கூறுகிற போது அந்த ஊரின் ஜனத்தோகை மூவாயிரம்; வருகின்றவர்களின் எண்ணிக்கை இருபதாயிரம். ஆகவே இருபதாயிரம் மக்களின் நலனை மூவாயிரம் மக்களிடம் ஒப்படைப்பதா என்றார்கள். அப்படியானால் இந்த டவுன்ஷிப் சட்டப்படி அமைக்கப்படுபவரின் கமிட்டியில் ஐம்பதாயிரம் மக்கள் இருப்பார்களா என்று தெரிந்துகொள்ள விரும்புகிறேன்.”

THE HON. SRI S. S. RAMASWAMI PADAYACHI:—“இவர்கள் எல்லோருக்கும் சர்க்கார் பொறுப்பானியாகிறது.”

THE HON. SRI C. SUBRAMANIAM:—“They are responsible to us and we are responsible to the House.”

THE HON. SRI S. S. RAMASWAMI PADAYACHI:—“அத்தோடு இன்னொரு விஷயம். ஸ்ரீ டி. ஷண்முகம் பிள்ளை அவர்கள் பேசும்போது நாமினேட் பண்ணுகிறவர்களிடம் அதிகாரத்தை கொடுத்தால் நிர்வாகம் சரியாக நடக்காது என்று சொன்னார்கள். அவரே ஒரு காலத்தில் செங்கற்பட்டு ஜில்லா போர்டு தலைவராக நாமினேட் செய்யப்பட்டு ஆட்சி நடத்தியிருக்கிறார். அவர் ஆட்சி சரியாக நடத்தவில்லையென்று சொன்னாரானால் நானும் இதை மாற்றி திருத்தி அமைக்கத் தயாராக இருக்கிறேன் என்றும் தெரிவித்துக்கொள்ள விரும்புகிறேன்.”

“கடைசியாக இந்த நாமினேஷன் செய்தவர்களிடம் எவ்வளவு நாள் நிர்வாகப் பொறுப்பை ஒப்படைக்கப்படுமென்றும் சிலர் கேட்டார்கள். இந்தச் சட்டம் அமுலாக்கப்பட்டு, குற்றாலத்தை நல்லதொரு வாசஸ்தலமாகச் செய்து, அங்கு வருகின்ற மக்களுக்கு எல்லாம் சரியான வசதிகளைச் செய்து கொடுத்து, நல்ல முறையில் வேலை செய்ய முற்பட்ட உடனேயே அந்தப் பிரதேச ஜனங்களால் தேர்ந்தெடுக்கப்பட்ட ஜனநாயகப் பிரதிநிதிகளிடமே இந்தக் குற்றாலம் டவுன்ஷிப் பொறுப்பை சர்க்கார் நிச்சயமாக ஒப்படைத்து விடுமென்ற உறுதியையும் நான் இந்த சமயத்தில் சபைக்குக் கொடுக்க விரும்புகிறேன்.”

“ஆகவே சர்க்கார் எந்தவிதமான குறுகிய மனோபாவத்தைக் கொண்டும், கட்சி மனப்பான்மையைக் கொண்டும் இந்த சட்டத்தைக்கொண்டு வரவில்லை. இன்றைக்கு குறைந்த அளவு மக்களே நன்மை அடைந்து வருகிறார்கள். குறைந்த அளவு மக்களே அனுசூலங்கள் பெற்று வருகிறார்கள் என்றால் இதனால் பெறுத்த அளவு மக்கள் நன்மை அடைய வேண்டும், பெறுத்த அளவு மக்கள் பல அனுசூலங்களைப் பெற வேண்டுமென்ற உயர்ந்த கருத்தோடுதான் இந்த மசோதா கொண்டுவரப்படுகிறதென்று சொல்லிக்கொண்டு, பணக்காரர்களுக்குச் சலுகை செய்வதற்காக இது கொண்டுவரப்படுவதாகச் சொல்வது சரியல்லவென்றும் சொல்லிக் கொண்டு இதைச் சபையார் சட்டமாகச் செய்யவேண்டுமென்றும் கேட்டுக்கொள்ளுகிறேன். ஆகவே இதை பொறுக்குக் கமிட்டிக்கு அனுப்ப வேண்டுமென்று சொல்வதையும் நான் எதிர்க்கிறேன்.”

THE MADRAS GENERAL SALES TAX (DEFINITION OF TURNOVER AND VALIDATION OR ASSESSMENTS) BILL, 1954 (L.A. BILL NO. 19 OF 1954).

THE HON. SRI M. A. MANICKAVELU NAICKER :—
“ Mr. Chairman, Sir, I beg to move—

‘ That the Madras General Sales Tax (Definition of Turnover and Validation of Assessments) Bill ^a, 1954 (L.A. Bill No. 19 of 1954) as passed by the Assembly be taken into consideration.’

“ This Bill is in the nature of a validating Bill, as a result of the judgment of the High Court which held that in the calculation of turnover the amounts collected by a merchant as tax under the General Sales Tax Act should not be included as it amounted to a tax on tax. We have given effect to this judgment from the 1st April of this year but with regard to past transactions we have brought in this validating measure, because, however much we may try to give effect to the judgment, it will be administratively very difficult. We would have to refund the excess amounts already collected to the assesseees some of whom might have died whilst others might have even left the country. All such difficulties will arise. Also, I will give another instance which has come to my

L.A. BILL No. 18 OF 1954.

(As passed by the Assembly.)

A Bill to provide for the levy of a surcharge on land revenue in the State of Madras.

WHEREAS it is expedient to provide for the levy of a surcharge on land revenue assessments in the State of Madras :

(b) If no declaration is submitted under sub-section (1) or (2) before the time specified or if the declaration submitted to the officer appears to him to be incorrect or incomplete, it shall be lawful for him to pass an order regarding payment of surcharge after making such inquiry as he considers adequate.

Provided that where a declaration has been submitted and the officer proposes to act under this clause, he shall give the person concerned a reasonable opportunity of proving the correctness and completeness of the declaration.

(4) Any landholder, or guardian, curator, trustee, or manager, as the case may be, who in a declaration under this section makes any statement which he knows to be false or does not believe to be true, shall be punished with fine which may extend to rupees one thousand.

6. *Cognizance of offences.*—(1) No court inferior to that of a Presidency Magistrate or a Magistrate of the First class shall try an offence punishable under this Act or the rules made thereunder.

13th May 1954]

7. *Power to make rules.*—(1) The Government may make rules to carry out the purposes of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may make provision for—

(a) the service of notices;

(b) the submission of declarations;

(c) the production of documents;

(d) the holding of inquiries and the enforcement of the attendance of persons at such inquiries and their examination on oath or affirmation.

(3) In making a rule under this section, the Government may provide that a breach thereof shall be punishable with fine which may extend to rupees five hundred.

(4) All rules made under this section shall be published in the *Fort St. George Gazette* and upon such publication shall have effect as if enacted in this Act. The rules so made shall be placed on the table of the Legislative Assembly as soon as possible after they are published and shall be subject to such modifications, whether by way of repeal or amendment, as the Assembly may make during the session in which they are so laid.

THE COURTALLAM TOWNSHIP BILL, 1954
(L.A. BILL No. 8 OF 1954)

14th May 1954]

THE MADRAS LEGISLATIVE ASSEMBLY.

Friday, the 14th May 1954.

THE COURTALLAM TOWNSHIP BILL, 1954 (L.C. BILL NO. 8 OF 1954)—cont.

MR. SPEAKER :—" The next item is the Courtallam Township Bill. We have to take up clause 3 and there are a number of amendments to it. Hon. Members can formally move their amendments."

SRI M. NARAYANA KURUP :—" Before asking the Members to move their amendments, will it not be appropriate that the Government explain the implications of the clause when each clause is taken up? "

MR. SPEAKER :—" That has not been the practice at all. We had a general discussion on the Bill and the Hon. Minister has already explained everything."

SRI M. NARAYANA KURUP :—" In the general discussion, we do not go in detail clause by clause. We go only into the general features of the Bill. Therefore, we must understand the implications of each clause."

MR. SPEAKER :—" There is no motion moved by the Hon. Minister that the clause do stand part of the Bill. I only say that the clause do stand part of the Bill. If there is any doubt with regard to this clause 3, I shall ask the Hon. Minister to clarify it."

SRI M. NARAYANA KURUP :—" Doubt can arise only after the implications of the clause are explained. Bills are not explained clause by clause. Before the Members are asked to give their opinion or move amendments, should we not understand what the implications of the clause are? "

THE HON. SRI C. SUBRAMANIAM :—" When the Members formulated the amendments, I thought that they understood the clause. There will be no meaning in giving amendments without understanding the clause."

MR. SPEAKER :—" The hon. Member Sri Narayana Kurup should understand that the procedure that I am following is followed not only in this Legislature, but also everywhere else. We consider it a proper procedure."

SRI C. KANDASAMY :—" கனம் சபாநாயகர் அவர்களே, எங்களுடைய திருத்தங்களின் நோக்கம் குற்றாலத்தின் அபிவிருத்தி சம்பந்தமாக எந்த நடவடிக்கையை எடுத்தாலும்கூட அது ஜனநாயக ரீதியாக இருக்க வேண்டுமென்பதுதான். அந்த நகரத்தை முன்னேற்றும் அடையச் செய்வது எவ்வளவு அவசியம் என்பதை நாங்கள் எல்லோரும் உணர்கிறோம். அதேசமயத்தில் அந்நகரின் அபிவிருத்திக்கு ஜனநாயகம் குறுக்கே நிற்கின்றது என்று சொல்லும் வாதத்தைத்தான் எங்களால் ஏற்றுக்கொள்ள முடியவில்லை. நாங்கள் சொல்வது எல்லாம் ஜனநாயக சக்திகளின் மூலமாகவே இந்நகரை அபிவிருத்தி செய்ய முடியும், அழகு படுத்த முடியும் என்பதுதான். குறிப்பாக பஞ்சாயத்து ஆக்ட் பிரகாரமே ஜனங்களால் தேர்ந்தெடுக்கப்பட்ட எட்டு பிரதிநிதிகளை இந்த டவுன்ஷிப் கமிட்டி அங்கத்தினராகவே நியமிக்கலாம். என்னுடைய திருத்தமும் நகரக் கமிட்டிக்கு பஞ்சாயத்து சட்டப்படி எட்டு அங்கத்தினரைத் தேர்ந்தெடுக்கவேண்டுமென்றே கோருகிறது. இந்தத் திருத்தத்தை எல்லோரும் ஒப்புக்கொள்ளவேண்டும். அதைவிட்டு இச்சட்டப் பிரகாரம் அந்தப் பிரதேசத்திலுள்ள இரண்டாயிரம் மக்களின் உரிமைகளைப் பறிக்கக்கூடாது. இன்றைக்கு அந்தப் பிரதேசத்தில் பஞ்சாயத்து இயங்கி வருகிறது. ஆகவே அவர்களுடைய உரிமையைப் பறிக்காது இந்த நகரக் கமிட்டிக்குரிய எட்டு அங்கத்தினரும் பஞ்சாயத்து சட்டப்படியே மக்களால் தேர்ந்தெடுக்கப்பட்ட பிரதிநிதிகளாகவே இருக்கவேண்டுமென்பதற்காகவே இத்திருத்தத்தைக் கொடுத்திருக்கிறேன். இதை ஒப்புக்கொள்ள வேண்டுமென்றும் கேட்டுக்கொள்ளுகிறேன்."

SRI N. K. PALANISAMI :—" கனம் சபாநாயகர் அவர்களே, பொதுவாக இன்றையதினம் ஜனநாயக ரீதியில் குற்றாலம் நகரக் கமிட்டியை என் நியமிக்க சர்க்கார் தயங்குகிறார்கள் என்பதைப்பற்றி சற்று சிந்தித்துப் பார்த்தால் ஒரு உண்மை தெரியும். அதாவது ஜனங்களால் தேர்ந்தெடுக்கப்பட்ட பிரதிநிதிகளின் வசம் அந்நகர நிர்வாகத்தை ஒப்படைத்தால் அதிகப் பணத்தை சர்க்கார் அப்பிரதேசத்திற்கு செலவு செய்யும்படியாக நேரிடும். பொதுஜனப் பிரதிநிதிகள் கோரிக்கைகள் மேல் கோரிக்கையாகப் போட்டுக் கொண்டேயிருப்பார்கள். ஆகவே அதைத் தடை செய்யவேண்டுமென்று கருதியே சர்க்கார் ஜனங்களால் தேர்ந்தெடுக்கப்பட்ட பிரதிநிதிகளை நகரக் கமிட்டியில் போடுவதைவிட்டு நாங்களே நாமியேஷன் செய்வோம் என்று சொல்லுகிறார்கள் என்று எண்ணத்தான் வேண்டியிருக்கிறது. ஏனென்றால் அந்நகரத்தில் செய்யக்கூடிய அபிவிருத்தி வேலைகளையெல்லாம் அந்நகர மக்களின் உதவி இல்லாமல் எப்படிச் செய்வது என்று நான் கேட்கிறேன். சர்க்காரே நாமியேஷன் செய்தவர்களைக் கொண்டு நிர்வாகத்தை நடத்தினால் சர்க்கார் எவ்வளவு பணம் ஒதுக்குகிறார்களோ அதைவிட அவர்கள் அதிகம் எதுவும் செலவழிக்க முடியாது. அதை சர்க்கார் இப்படித்தான் செய்யவேண்டும், அப்படித்தான் செய்யவேண்டுமென்றும் நிர்வாகம் செய்யலாம் என்ற நோக்கத்தோடுதான் இதனை இப்படி செய்கிறார்கள் என்று நிச்சயமாகச் சொல்ல முடியும். அதனால் சர்க்கார் தாங்களேதான் அந்நகரக் கமிட்டியின் அங்கத்தினர்களை நாமியேஷன் செய்வோம் என்று சொல்லுகிறார்கள்."

"இரண்டாவது இன்னொரு விஷயம். அங்கே ஏற்கெனவேயே பஞ்சாயத்து போர்டு இருந்து கொண்டிருக்கிறது. அதை ஒழித்துவிட்டு சர்க்கார் இந்தக் கமிட்டியை நியமிக்க உத்தேசித்திருக்கிறார்கள். இதுவும் சரியல்ல. அதை ஒழிப்பதைவிட அதற்கே இன்னும் கொஞ்சம் அதிகாரத்தைக் கொடுத்து சர்க்கார் கமிஷனரைப்போல ஒரு தனிப்பட்ட அதிகாரியையும் நியமித்து அந்த நகரின் நிர்வாகம் நல்ல முறையில் நடக்க ஏற்பாடுகள் செய்வதற்கு பல வசதிகள் இருக்கின்றன. மேட்டூரில் கூட இதேமாதிரியாகச் செய்திருக்கிறார்கள். நல்ல அனுபவம் வாய்ந்த ஒரு

இஞ்சினியரையும் அந்த ஊரில் போட்டு அந்த பஞ்சாயத்துப் போர்டுக்கு உதவியாக இருக்கும்படி செய்யலாம். எப்படியாவது ஜனநாயக ரீதியிலேயே அந்த நகரை அபிவிருத்தி செய்யவேண்டுமென்ற நோக்கத்தோடு பல அங்கத்தினர்கள் பல திருத்தங்கள் கொடுத்திருக்கிறார்கள். இந்தத் திருத்தங்களையெல்லாம் நன்கு பரிசீலனை செய்து ஏற்றுக்கொள்ள வேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன்.”

SRI S. DEIVASIGAMANY :—“ Sir, the Courtallam Waterfalls is well-known in the history of India. It is one of the best beauty spots in South India and we can be very much proud of having this spot in our State. What we are concerned with is the improvement of Courtallam and not the personnel which will be entrusted with the improvement of this beauty spot. We are anxious that this place is improved as soon as possible. For that a committee consisting of very efficient persons is necessary, I mean persons who have been trained in making a particular place beautiful. Sir, you may know that Bangalore, Mysore and a portion of the Nilgiris are very fine to look at. They have been made beautiful by human endeavour. In the case of Courtallam also, we must see that the best efforts of experts are utilised for making it beautiful. Therefore, I would suggest that in this case the persons who are entrusted with this work should be persons who have already had some experience in this sort of work. There must be a reorganization of the personnel connected with this work. Not only persons belonging to that place but persons who are specially fitted for this work should be included in this Committee.”

SRI K. PARTHASARATHY :—“ Sir, in the original clause it is stated, ‘Of the eight members aforesaid not less than three shall be non-officials.’ When I go through the provision, I find that it closely follows the provisions of the Mettur Township Act. The official element in the committee is also big in number probably because of the provisions of the Mettur Township Act. With regard to Mettur, I think there might have been justification for putting in a large number of officials on the Township Committee. There are the Government electricity undertaking and irrigation work there. That might be the reason why a number of officials are given membership on the Committee. But in this case I do not think there is any justification for putting in a large number of officials as members of the Township Committee. Therefore I think it is better to provide for the membership of a larger number of non-officials on this committee.

“ Regarding the question whether non-officials should be nominated or elected, I do not suggest that when nomination is made, there would not be any democracy. After all, nomination is going to be made by this Government, and we as Members of this Assembly will have perfect liberty to go into the question and we can criticize the action of the Government if they act improperly and we may also have an opportunity of discussing the affairs of the committee when it is constituted. So, when the

[14th May 1954] [Sri K. Parthasarathy]

committee is going to be vested with large powers for the improvement of this area, I think it is good members are nominated if the Government give an assurance that a number of non-officials will be appointed as members of this Committee. So I think that if the Government assure that a good number of non-officials will be appointed as Members of the Committee, it will serve the purpose. But, there is one doubt in the minds of some hon. Members, viz., that persons belonging not to that area, but to other areas will be appointed as Members of the Committee. That is why I have given my amendment which states :

“ At the end of sub-clause (1), add the following :—

“ Among the non-official members, not less than three shall be persons resident within the township. ”

Even as the original clause stands, the minimum is fixed at 3. So, there may not be any objection to the Government's appointing more than 3 non-officials. I wish to suggest to the Government that among the non-officials who are going to be appointed, at least 3 persons may be residents in that area. If this is accepted, I am sure it will satisfy the aspirations of the people who will be able to bring their views to the notice of the Committee. It is very necessary that the aspirations of the people of that area have to be satisfied.

“ Regarding the other amendment, viz., the proposed new sub-clause 4, which states—

“ At the end of sub-clause (3), add the following as sub-clause (4) :—

“ No Act or proceeding of the Township Committee shall be deemed to be invalid by reason only of any vacancy in the office of Chairman or Member of the Committee, at the time of such act or proceedings. ”

I was tempted to suggest this amendment, because there is such a provision in the Local Boards Act and also the District Municipalities Act. This proposed new clause only provides for the regularization of any irregularity that may be alleged because of a vacancy in the office of the Member or Chairman. It is only an innocent clause which seeks to cure any irregularity that may be alleged on account of any vacancy in the Committee. Such a provision is found in other enactments. It is not found here. I believe that the absence of such a provision in this Bill is due to the fact that there is not a similar provision in the Mettur Township Act. Since such a provision is found in other Municipal enactments, I suggest that this new sub-clause (4) may be added in order to provide for such contingencies in which it may be alleged that there was a defect in the constitution of the Committee.”

SRI S. JAYARAMA REDDIAR :—“ கனம் சபாநாயகர் அவர்களே, இந்த சபையின் அங்கத்தினர்கள் பெரும்பாலோர் குற்றமில்லாத போய் வந்திருக்கிறார்களென்று நினைக்கிறேன். அது சிறிய ஊராக இருந்தாலும், அவ்விடத்திற்கு பல ஊர்களிலிருந்தும் மக்கள் திரள் திரளாக வந்து போகின்றனர்.”

[14th May 1954]

SRI S. RAMALINGAM :—“ரொம்ப அங்கத்தினர்கள் அங்கு போகவில்லையாம்.”

SRI S. JAYARAMA REDDIAR :—“போகவில்லையா, பரவா யில்லை. நமது சட்டசபையே ஒருமுறை குற்றாலத்திலே கூடுவதற்கு நமது சட்டசபை சபாநாயகர் ஏற்பாடு செய்வாரென்று நம்புகிறேன். அப்போது அங்குள்ள நீர்வீழ்ச்சியின் இன்பத்தையும், நல்ல சுகாதார சூழ்நிலையையும் அனுபவிக்கலாம். நல்ல முறையிலே அதை நிர்வகித்து நடத்த, நமது சர்க்கார் அங்கே இருக்கின்ற பஞ்சாயத்து போர்டினுடைய நிர்வாகத்தை எடுத்துவிட்டு, அதற்கு விசேஷமான கிராண்டுகள் உதவி அதை ஒரு நல்ல சுகவாசஸ்தலமாக்க வேண்டுமென்று பல வருஷங்களாக யோசித்துக்கொண்டு வந்தது. சமீபத்தில் இந்த மாதிரி வசதிகள் செய்ய வேண்டுமென்ற முடிவுக்கு வந்து, அதை ஒரு டவுன்ஷிப் கமிட்டிக்கு விடவேண்டுமென்று சர்க்கார் முன்வந்தது வரவேற்கப்படவேண்டிய விஷயமாகும். ஆனால் இந்தச் சபையில் எல்லோரும் இதை ஆதரித்துப் பேசியபோதிலும், நான் ஒரு விஷயத்தைச் சொல்ல விரும்புகின்றேன். இந்த டவுன்ஷிப் ஏற்படவேண்டுமென்ற பிரேரேபணை இருக்கின்ற காலத்தில் அந்த ஊரில் எலெக்ஷன் நடந்தது. அப்போது நான் குற்றாலத்தில் இருந்தேன். பஞ்சாயத்து போர்டின் நிர்வாகத்தில் இருக்க வேண்டுமென்று அப்போது அங்கு பேசிக்கொண்டார்கள். அதன்படியே எலெக்ஷன் நடந்தது. ஆனால் இப்போது டவுன்ஷிப் கமிட்டி புகுத்தப் படுகிறது. பஞ்சாயத்து போர்டு நிர்வாகத்தில் இருக்கின்ற காலத்திலே, இந்த பிரேரேபணை கொண்டுவந்துள்ளது, அங்குள்ளவர்களுக்கு ஒருவித தப்பெண்ணத்தை உண்டாக்கி வருகிறது. அதை நீக்க இந்த சர்க்கார் ஒரு காரியம் செய்யவேண்டுமென்று கேட்டுக்கொள்கிறேன். அதற்கு ஒரு உபாயம் சொல்லவேண்டுமென்பது என் அபிப்பிராயம். இப்போது இருக்கும் பஞ்சாயத்து போர்டின் பிரதிநிதிகளில் ஒருவரை, non-official மெம்பராக கண்டிப்பாக சேர்த்துக்கொள்ள வேண்டுமென்பதை சர்க்காரின் கவனத்திற்கு கொண்டுவந்து, விசேஷமாக இத்திட்டத்தை சீக்கிரம்கொண்டு வருவதற்கும், ஏராளமான ரூபாய் கிராண்டு கொடுத்து இங்கிலாந்தில் ஸ்பா என்னும் சிறப்புபெற்ற சுகவாசஸ்தலம் இருக்கிறது என்று கூறுகிறார்களே, அப்படிப்பட்ட வகையில் குற்றாலத்தை ஆக்கி, நம்முடைய ஊர்களிலிருந்தும், வெளியூர்களிலிருந்தும் ஏராளமான மக்கள் வந்து போவதற்கான வசதிகளோடு குற்றாலத்தை ஒரு இன்ப பூமியாக்கி உதவ வேண்டுமென்று கேட்டுக்கொள்கிறேன்.”

SRI A. RATNAM :—“கனம் சபாநாயகர் அவர்களே, இந்த குற்றாலம் டவுன்ஷிப் கமிட்டியில் சில திருத்தங்கள் கொண்டுவந்து, குற்றாலத்தை ஒரு விசேஷ சுகவாசஸ்தலமாக்க, பஞ்சாயத்து போர்டானது இப்பொழுது திருத்தி அமைக்கப்படுகிறது. ஆனால் அதே நேரத்திலே, குற்றாலம் டவுன்ஷிப் கமிட்டியை சர்க்கார் அமைத்து நிர்வாகத்தை எடுத்துக்கொண்டு, அந்த இடத்தைச் சாராத ஒரு எக்ஸிசியூட்டிவ் ஆபிசரை நியமிப்பதும், அதுதவிர மூன்று பேர்களை நிர்வாகத்தைக் கவனித்துக் கொள்ள ஏற்பாடு செய்வதும் அங்குள்ள ஸ்தலவாசிகளுக்கு வெறுப்பை உண்டாக்கக்கூடியதாக இருக்கிறது. இன்று ஜனநாயகம் பேசுகின்ற சர்க்கார், முறை தவறி நடந்துள்ளது. ஒரு ஸ்தலத்தை அபிவிருத்தி செய்வதானாலும், அல்லது செம்மைப்படுத்துவதானாலும் அங்குள்ள மக்களின் யோசனையை, சம்மதத்தைப் பெற்றுச் செய்தால்தான் நல்ல நிலைமையை உண்டாக்க முடியுமே தவிர, ஆட்சியாளர்கள் ஒரு கமிட்டி ஏற்படுத்துவதும் அல்லது ‘ஆபீசர்களை நியமிப்பதும், சர்வாதிகாரத்தை அந்த இடத்திலே செலுத்துவதும் அங்கு வாழுகின்ற மக்களுடைய மனக்கசப்பை உண்டாக்கும்’ நல்லெண்ணம் ஏற்படாது என்பதை தெரிவித்துக்கொள்ள ஆசைப்படுகிறேன். ஜனநாயக முறையை உதறித் தள்ளிவிட்டு, அந்த இடத்தை எவ்வளவு விஸ்தரித்தாலும், அங்கு எவ்வளவு செலவழித்தாலும்கூட, அந்த ஸ்தலத்திலுள்ள மக்கள் உதவியைக்கொண்டு ஒரு காரியத்தைச் செய்வதே அங்குள்ள மக்களுக்கும், பொதுவாக இந்த ராஜ்யத்திலுள்ள மக்களுக்கும் நல்லதாகும். குற்றாலத்தை ஒரு சுக

வாசஸ்தலமாக அழகுபடுத்தவேண்டுமென்றும், செம்மைப்படுத்தவேண்டுமென்றும், நல்ல வசதிகளையெல்லாம் செய்யவேண்டுமென்றும் சொல்வது அங்குள்ள மக்களுக்கு மட்டும் உதவி செய்வதோடு, மற்றுமுள்ள பொது மக்களுக்கும் நன்மை செய்வதாகும். இந்த எண்ணத்தோடுதான் அரசாங்கம் இதைக்கொண்டு வந்திருக்கிறது. எனவே ஜனநாயக முறைப் படி இயங்கிக்கொண்டு வருகின்ற ஒரு பஞ்சாயத்து போர்டு, ஜில்லா போர்டு, கார்ப்பரேஷன் எப்படி மக்களால் தேர்ந்தெடுக்கப்பட்ட பிரதிநிதிகளால் நிர்வகிக்கப்பட்டு வருகிறதோ, அதேமுறையில் இந்த குற்றாலம் டவுன்ஷிப் கமிட்டியானது நிர்வகிக்கப்படுமேயானால், அந்த குற்றாலத்திலே வாழுகின்ற பொதுமக்களுக்கும், நம்முடைய ராஜ்ய சர்க்காருக்கும் பெருமையாக இருக்கும். அப்பொழுது அந்த இடத்திலே போய்க்கொண்டு வருகின்ற மக்களுக்கும் ஒரு மதிப்பு கொடுக்கும் நிலை உண்டாகும். வேண்டுமென்றால் எக்ஸிசியூட்டிவ் ஆபீசர் போன்ற ஒரு நபரை உத்தியோகஸ்தராக அமைத்து, அவ்வதிகாரியை மேற்பார்வை பார்த்துக்கொள்ள அரசாங்கம் சொல்வதுதான் நல்லது. அந்த முறையில் பொறுப்பை ஏற்றுக்கொண்டு இந்த டவுன்ஷிப் கமிட்டி நல்ல முறையில் நிர்வகிக்கப்படவேண்டுமென்ற நோக்கத்தோடுதான் இப்போது இந்தத் திருத்தம் இங்கு கொண்டுவரப்பட்டிருக்கிறது. எனவே ஆட்சியாளர்கள் அந்த விதத்திலே முரண்படாமல், இந்த யோசனையை ஏற்றுக்கொள்வார்கள் என்பது என் எண்ணம். இந்தத்திருத்தத்தை ஏற்றுக்கொண்டு, இன்றைய சர்க்கார் ஜனநாயக முறையிலே நடப்பது நலம் தருமென்று தெரிவித்துக்கொள்கிறேன்.”

DR. K. B. MENON :—“Sir, the other day when this Bill was discussed, the Opposition registered its opinion to the effect that the Government should not resort to replace the elected panchayat with an appointed Township Committee. Reasons were urged for the formation of this Township Committee. But I must tell this House that we are not convinced that there is any necessity for such an action on the part of the Government. Now, in the Bill, there is a provision for eight Members and it is stated that only three of them will be non-officials. I submit that the Government must see that at least the Committee has five non-officials and three officials as its members. If the Government are willing to accept this suggestion, it will introduce an element of democracy and will give some opportunity for the people to express their opinion.

“There is provision in the Act for an Executive Officer and whatever the Government want to do or whatever control the Government wish to exercise can be exercised through the Executive officer. I therefore submit that a non-official majority should be provided for in the Committee.”

SRI M. NARAYANA KURUP :—“Sir, the Government have brought this Bill with the good intention of improving this health resort to an ideal condition under their direction by easy and quick working. But I am afraid the machinery that is proposed to be provided for under this Bill will not suit that purpose because the conflict of authority and room for friction is inherent in the machinery itself provided by them. It is stated that the Township Committee shall be a body corporate having perpetual succession and a common seal, etc. Of course, whatever be the composition of the Committee, we can understand that there will be smooth working if the chairman and the executive

[Sri M. Narayana Kurup] [14th May 1954]

officer of the Committee are chosen by the Committee itself. Sir, from a bit of experience from the recent panchayat elections, I can say that it is quite probable that conflict of authority will arise in this case, not only between the majority of Members of the Committee and the minority but between the Chairman and the Members of the Committee and also between the Chairman and the Executive Officer of the Committee. We have had experience. In the recent panchayat elections, the President was directly elected; that means the President is irremovable. There had been cases where the majority of the members of the Board were of one view and the President was of a different view. There was no room for a no-confidence motion against the President and the whole working of such panchayats was in a fiasco.

"Now, Sir, here in this case, there are eight members, but the Chairman of the Committee is not chosen by the Members. It is quite possible, quite likely and it is sure to happen that the Chairman chosen by the Government may not enjoy the confidence of the majority of the people. That is one thing.

"Then, going further into the provisions of the Bill, the executive officer himself is not chosen by the Committee or nominated by the Chairman. He is the main executive authority. Therefore, it makes matters still worse. There may arise cases where the Chairman nominated by the Government may disagree with the executive officer. Therefore, I think these are defects inherent in this Bill itself. To avoid these, the only thing to be done is to allow the committee to elect its office bearers namely, the Chairman and the executive officer. Otherwise, it will not be conducive to the smooth working of the Committee. We know even in cases of elected Municipalities and Panchayats where there are Commissioners or Executive Officers, it falls entirely to the lot of the Executive Officer to enforce any decisions arrived at the General Body. That has been our experience.

"Therefore, these possibilities of conflict of authority and room for friction pointed out by me are not merely imaginary fears, but facts based on experience. Therefore, I hope the Government will amend the clause suitable to avoid such a contingency."

THE HON. SRI C. SUBRAMANIAM :—“Mr. Speaker, Sir, there was almost a full-dress debate on this clause with reference to the various issues involved in this Bill. The first point made was with reference to nomination of members to the township committee and it was said that nomination was against democratic principles and that election should be resorted to. But unfortunately, Sir, it is not possible to have the principal of election for reasons which I am going to adduce just now. As far as this Courtallam township is concerned, this is not a matter which concerns the local people alone. It is not a matter which is confined even to the taluk or the district. It is a matter in which the entire State is interested and, in a sense, the whole country is interested. So, in respect of that, an election by the people of the locality will be quite out of place. When local people are to elect the committee, then local issues alone will come into the picture. Then, Sir, if local people cannot elect the committee, who will elect the committee and who will be the electorate? Can we give the right of election to all visitors to Courtallam in a particular season? That would not be proper. That is why the Government have taken the power to nominate the members. This is not a Government which is irresponsible. It is a Government which is responsible to the elected representatives of the people and which is subject to the control of the elected representatives of the people. That is why we, as a responsible Government, are seeking to take power to see that proper persons are nominated for the specific purpose of administering the affairs of this township. After all, it is admitted by everybody that it is a health resort which should be made more beautiful. It is also admitted that not only rich people but even poor people should be encouraged to visit the place. As Mr. Madanagopal has suggested, it should be the aim of Government to provide such facilities that even poor people will be induced to visit these places. So, this is not a question where the principles of democracy are involved nor is it an issue in which the Government want to take away the rights of the people who live in that locality. All these rights will be properly safeguarded. But taking into consideration the larger issues involved in it, it cannot be handed over to the people of the locality. If it is done, then elections will be fought by the local people on local issues and it is not desirable to allow such a thing to take place.

14th May 1954] [Sri C. Subramaniam]

“Then, Sir, a point was made that the powers given to the panchayats under the Panchayats Act were not sufficient to deal with this problem. Sir, for that very reason alone, a township committee is proposed with larger powers vested in it so that, if need be, the Government may step in and aid the committee with funds. Therefore, I would request hon. Members to give up the idea that they are labouring under that the Government want to take away the democratic rights of the people. On the other hand, we want those rights to continue. We want to see that proper amenities are provided to those who visit this health resort, a Nature's gift, and I would request hon. Members not to be obsessed with the idea that we are taking away the elective principle. A Government which is responsible for the administration of the entire State has taken over the responsibility of developing this health resort. Therefore, there is no question of democracy involved here nor any question of our trying to get behind the principles of democracy.

“Sir, with reference to nomination of non-officials, we have said 'not less than three non-officials'. It may be three or even four. But taking into consideration the requirements in the initial stages, it may be necessary to have more officials than non-officials, an engineer, an architect, a health officer and so on. To meet administrative requirements, officials might be appointed. Once these officials are appointed, they are subject to the control of the Government. But an engineer need not be there for all time. An architect may not be necessary there for all time. As soon as their functions are fulfilled, they would be removed and others would be nominated in their places. As far as officials are concerned, it would be of a shifting pattern. It depends upon the particular phase of development that is taking place. Suppose electrification of the township is taken up. An electrical engineer would be required to serve on the committee. Therefore, I would request the hon. Members of the House to trust the Government to this extent that officials would be on the committee for a limited period of time to meet particular requirements of the area. It is not as if we want officials always to be there. If necessary, we shall increase the number of non-officials.

“Then, Sir, with regard to election of chairman, we have agreed to nomination of members of the committee and there is no point in asking the nominated members to elect their chairman. There is nothing wrong in vesting the Government with the power of nominating the Chairman. (An hon. Member : 'But let him be a non-official.') We will take into consideration the requirements of the case. It does not mean that he need not be a non-official. In the beginning, it may be an official but within six months or one year, we may change over to a non-official. Until a proper person is available for the chairman's position, we cannot appoint a non-official. Here again, I would request hon. Members to trust the Government to do the needful in the matter.

[Sri O. Subramaniam] [14th May 1954]

We are not taking away the rights of the people. If the provisions of this Bill are to be properly implemented Government must be allowed wide discretion in making nominations.

"A very useful suggestion has been made by Mr. Jayarama Reddiar in the matter of nomination of non-officials and we will certainly consider it. Then with reference to the suggestion that the local M.L.A. should be a member of the committee, I am glad that the suggestion has come from the other side even though the present Member belongs to our party. That is the very reason why I welcome the suggestion. We will consider that matter also when we constitute the committee.

"As far as the Executive Officer is concerned, he has got to be appointed by Government. There is no question of any conflict between the Executive Officer and the Chairman or the Township Committee. The Executive Officer has got to carry out the resolutions of the Township Committee. There is no question of any conflict arising between him and the committee since the officer is also responsible to Government. I think even if there be any conflict the same could be properly solved.

"With reference to the new sub-clause proposed by the hon. Member Sri K. Parthasarathi, I would invite the attention of the hon. Member to the proposed clause 4 wherein we have made provision for the extension of the provisions of the District Municipalities Act. We may incorporate all those provisions and something more also under the rules that would be framed under clause 4. All the observations of hon. Members would be given due consideration when we frame rules under clause 4.

"In view of what I have said, I think the amendments of the hon. Members to this clause, even though they are not objectionable, are unnecessary. So, I would request all those hon. Members who have given notice of amendments not to press their amendments. In view of the fact that those amendments are beyond the scope of the present Bill, I am not in a position to accept all those amendments."

MR. SPEAKER :—"The question is—

'In sub-clause (1) in line 3, for the words "the State Government shall, by . . . three shall be non-officials" substitute the following :—

"there shall be constituted a Township Committee known as the Courtallam Township Committee consisting of a President and Vice-President and eight members to be elected in accordance with the Village Panchayat Act, 1950, and the rules made thereunder as though the Courtallam Township Committee was a Panchayat Board within the meaning of the said Act." I want to insert the present sub-clause (3) there under clause 6 so that those rules that the Government might frame under clause 6 might be placed on the table of this House and may be amended or passed as the House might wish."

THE HON. SRI C. SUBRAMANIAM:—"There is no such corresponding amendment to clause 6. (Sri S. Ramalingam: 'No, I have given notice of an amendment.') As far as this sub-clause (3) to clause 4 is concerned, it deals with a certain procedure. Whatever may be the rules framed under different sections of other Acts, so far as this clause 4 is concerned sub-clause (3) deals with the power granted to the State Government to apply the notifications that they might issue from time to time with reference to the District Municipalities Act, to the township of Courtallam. It is said under this sub-clause (3) that such of those notifications as would apply to Courtallam would be placed on the table of this House and be subject to such amendments as this House might desire. When we publish a notification under the District Municipalities Act, it is with some purpose. We lay down a certain procedure to be followed. It is said by this sub-clause (3) that those notifications as would apply to Courtallam would be placed on the table of this House and stand modified by such amendments as the House might desire. THE MADRAS LEGISLATIVE COUNCIL.

Friday, the 14th May 1954.

The House met in the Council Chamber, Fort St. George, at half-past two of the clock, Mr. Chairman (THE HON. DR. P. V. CHERIAN) in the Chair.

THE MADRAS GENERAL SALES TAX (DEFINITION OF TURNOVER AND
VALIDATION OF ASSESSMENTS) BILL, 1954 (L.A. BILL
NO. 19 OF 1954)—*cont.*

SRI T. M. NARAYANASWAMY PILLAI :—“ Mr. Chairman, Sir, with some reluctance I oppose this Bill which has been brought forward to define ‘ turnover ’ and to validate certain assessments and collections. I have objections to both the objects of the Bill. The bringing in of this Bill has been necessitated by the recent judgment of the High Court. If the reasoning of the High Court is borne in mind, I am sure the Government would not have come forward with a Bill of this kind. The objections to follow the judgment of the High Court are said to be that there are a large number of cases in which assessments will have to be refunded and

[Sri T. M. Narayanaswamy Pillai] [14th May 1954]

there are also other difficulties. The Hon. Minister was not pleased to take us into his confidence and take us through the difficulties. I am not myself impressed by the supposed difficulties urged on us. One of the difficulties is said to be that people might have since died. That is all the better for the Government. Another difficulty urged is that the parties might have left the place. It is still much better for the Government. No other difficulty has been put forward. Even if it should come to a question of refunding all the amounts illegally collected, the Government should set a better example by trying to return all the amounts collected illegally. As a matter of fact the question of refunding will not cause difficulty in practice. After all, we are not going to refund all the illegal assessments made since 1939. We are going to return only assessments for which applications are made. Applications for the return of amounts cannot be made if they are time-barred. Even in respect of those applications which are within the limitation period, it is not as if everybody entitled to the return of the amount will apply for it. Therefore I am not impressed by the difficulties urged by the Government. Even if there should be difficulties, the Government should be the first person to set an example in the matter of returning payments collected illegally. No argument to justify this Bill will avail.

"My next point is that the Bill is inconsistent and illogical. The Government want not only to retain the collections but to validate the illegal assessments. They want to validate all those assessments made before the 31st March 1954 on the ground that the sales tax collected until then formed part of the turnover, but after 1st April 1954, the Government say that the sales tax collected would not form part of the turnover. That is to say, the Government are ready to follow the judgment of the High Court in regard to assessments made after the 1st April 1954, but do not want to follow the judgment in regard to assessments made prior to that date. Sir, I can understand the Government if they say that the judgment of the High Court is wrong, and that they are taking steps to undo that wrong. On the other hand, they concede that the view taken by the High Court is correct. Having taken up that view of the law, and providing for its observance from the 1st April 1954, it is illogical and inconsistent to follow a diametrically opposite view in respect of assessments made prior to 1st April 1954. Let the Government make up their mind and say either the High Court judgment is wrong or that it is right. If the judgment is right they must follow the judgment in its entirety. There could be no *via media* in this matter. Therefore it is I say that the view of the High Court is right, and that the Government are right in saying that the view of the High Court is correct. The reasoning of the High Court seems to be that it is a tax on tax already recovered, and, therefore, this Government have no power to levy a tax on tax. That is the way in which the High Court has proceeded. This argument is not refuted. If we follow the

14th May 1954] [Sri T. M. Narayanaswamy Pillai]

lists of the Union and the States and also the Concurrent List, we will see that nowhere there is provision empowering the State to levy this sort of tax. The Government have no doubt power to levy a tax on sales or purchases of goods, but they cannot enforce a tax of this nature. This view is reinforced by the scheme and structure of the Madras Sales Tax Act.

"Sir, in this connexion I would like to invite the attention of the Government to Section 8-B of the principal Act which has been allowed to stand as it is. It has not been repealed. Under that section the dealer is allowed to collect the tax and pay it to Government. In this scheme the place occupied by the dealer is that of an agent to the Government. Therefore, the tax collected by the agent cannot form part of his turnover. (Interruption) The Government seem to have proceeded on the assumption that the dealer was only an agent of the Government."

THE HON. SRI C. SUBRAMANIAM :—"Sir, the hon. Member's argument is that the merchant who pays the tax is just like an agent of the Government. Is that position correct legally, I would like to ask him."

SRI T. M. NARAYANASWAMY PILLAI :—"I am not here sitting in judgment over the pronouncement of the High Court. That kind of prerogative may rest with the Government. Now, I am only questioning the view taken by the Government. According to the view taken by the Government themselves, and the view which the High Court has taken, the dealer is only an agent of the Government. Otherwise they need not provide for the return of the amount. Suppose he collects something else in excess. He has them to return the excess collection. If he were not an agent, could he be compelled to do that?"

THE HON. SRI C. SUBRAMANIAM :—"If the dealer is in the position of the agent and he does not collect the tax, then can we say he is only an agent and he has not collected the tax and therefore he is not liable to pay the tax?"

SRI T. M. NARAYANASWAMY PILLAI :—"The dealer is under two liabilities. The fact he is asked to pay the collections made by him (by negligence) to Government is different from his liability in regard to returning the money collected by him in excess."

THE HON. SRI C. SUBRAMANIAM :—"That is why I submit the conception of the dealer as an agent of the Government in this case is not quite correct. The dealer has to pay the tax. How he makes it up, whether he collects it from the purchaser or pays it himself out of his pocket is of no concern to the Government. Government levy the tax and the dealer has to pay."

[14th May 1954]

SRI T. M. NARAYANASWAMY PILLAI :—" The Hon. the Finance Minister is too late in making up his mind. He ought to have considered this matter when the Government thought of bringing in such a Bill. I think the Government have adopted the argument of the High Court and accepted the view that the dealer is only an agent.

" Sir, what I was anxious to say is this. What is the object of validating the assessments and the collections already made? It is to enable the Government to keep the money with them. Suppose the person who is entitled to have the money refunded, asks for the refund of the money, then that person will again take the matter to the High Court. If such a suit is filed what will be the final decision of the High Court with regard to this Bill? If the Government follow it in that light I am almost sure that in addition to the arguments furnished by the High Court judgment, the Government will be furnishing an additional argument by passing this Bill. By bringing in this Bill the Government have accepted the argument of the High Court. The only reason for the Government not following that argument is their desire to keep the money with them. Can the Government give effect to this desire so long as the Act stands as it is and so long as section 8-B is there? The High Court will then say that this legislation is *ultra vires*. What are the grounds on which the Government feel sure that this Act will not be called in question and declared by the High Court null and void? No doubt the phrases and words used in the Bill are wide enough but this cannot be an effective remedy so far as the High Court is concerned. The very object of the Government to validate the assessment and the desire to keep the collections would be made ineffectual in the face of the present Bill and the arguments already furnished by the High Court. According to me it is a tax on tax and it cannot stand. The very object the Government have in view would be defeated by the Bill if it is to be passed in the manner in which it has been brought before us. Therefore I oppose the Bill.

" I find two or three amendments given notice of by hon. Members, Sri Bhashyam, Sri Balasubramanya Ayyar and Sri Gurunandan Row. They seem to make a distinction between the validity of the judgment and the necessity of the Government to keep the collections with them. They do not want to go to the extent to which Government want to, namely, to validate all the invalid assessments previously made. They sympathise with the Government and try to help the Government to keep back the amount collected. I do not know how far they will succeed. Anyway the view taken by all these lawyers seems to be that it is wrong on the part of the Government to say that they would be making valid all the assessments merely by effecting a change in the definition of 'turnover'. If the turnover cannot include

[14th May 1954] [Sri T. M. Narayanaswamy Pillai]

the sales tax already collected, how can the Government make that turnover to include sales tax also by simply quibbling with the definition of 'turnover'? Therefore I oppose the Bill."

DR. V. K. JOHN :—" Mr. Chairman, Sir, I regret to say that this is an unparalleled piece of legislation and reflects great discredit on the Government which has brought in this Bill. It is unconstitutional, illegal, inequitable, unjust and *mala fide*. I can prove the *mala fides* in bringing this piece of legislation because one ground stated in the Statement of Objects and Reasons is that the collections were *bona fide* and therefore the Government do not want to refund the collections made so far. Now what are the facts? In 1939 the Government passed the Sales Tax Act. Section 2 (i) of that Act lays down 'turnover' means the aggregate amount for which goods are either bought or sold by a dealer." Note the emphasis is on 'the sale or purchase of goods' and not on the collection of taxes. Section 3 provides that every dealer shall pay the tax on his total turnover. It is elementary knowledge that tax collected by the dealer from the purchasers cannot be considered as part of the turnover. But the Government have been making among many illegal things, this illegal collection of tax on tax. It is stated that the Government did this *bona fide*. So long ago as 23rd June 1949 an hon. Member in the Legislative Assembly raised this question and the then Finance Minister replied that if this was illegal, it would have been challenged in a court of law long ago. But Government would not take legal advice, because I do not think any man with any knowledge of law could have advised the Government that a tax could be made part of the turnover. Then cases were filed in the District Courts in South Kanara and Tirunelveli on 31st November 1952 and 12th April 1953. It was decided that it was illegal to have a tax on tax. Then on 29th February 1952 the Madras Sales Tax Appellate Tribunal decided that the Government had no power to collect sales tax on sales tax. This was taken by the Government in revision to the High Court. The High Court upheld the decision of the Tribunal on 7th January 1954. Sir, it is necessary to mention to this House that the High Court decided two points. The first point was that, having regard to the clear provisions of the Madras General Sales Tax Act and the rules framed thereunder, the tax collected by a registered dealer under section 8-B of the Act did not constitute part of the turnover and therefore was not liable to be taxed again. The second point they decided was that, where a dealer was empowered under the law to pass on the sales tax to the purchasers and to collect and pay it to the Government, what he was permitted to do so collect under the law would continue to retain its character as a tax and it would never form part of the purchase price. The High Court has made this very clear in its judgment on the 7th January 1954. Apparently, on the advice of their Legal Advisers this Government did not

[Dr. V. K. John] [14th May 1954]

take the matter to the Supreme Court. If they had done so, the Supreme Court would have dismissed their appeal. The position therefore is that the District Courts, the Sales Tax Appellate Tribunal, and the High Court have decided it as a very clear principle of law that the Government cannot have a tax on tax. As I said, this kind of taxation is unconstitutional and illegal.

"The General Sales Tax Act was passed by this Legislature under the provisions of a law corresponding to Article 246 of the Constitution of India which refers to the Seventh Schedule—List II which defines and details the various subjects on which this Legislature can make laws. Item 54 of this list provides for taxes on the sale or purchase of goods other than newspapers. But, nowhere in this list and nowhere in the Constitution has it been laid down that the State Legislature has power to impose a tax on tax. This is absolutely unconstitutional and illegal and it has been declared to be so by the Courts. Though this question has been raised from 1949 onwards, the Government in their anxiety to collect money have been illegally collecting this tax on tax without any authority whatsoever. This was thoroughly illegal and has been declared to be so by the Courts.

"Now, what is the object of the present Bill? First of all, the Government want to say that the tax collected by the dealer shall be deemed to have formed part of his turnover for purposes of taxation under the General Sales Tax Act. How it could be deemed to be so, nobody can say. But the Government are asking us to say that it forms part of the turnover!

"Then, Sir, the most clumsy thing is in Clause 3 of the Bill. Clause 3 says that any decision made before the 1st of April 1954 shall not be invalid and all collections of tax will form part of the turnover and will continue to be so even after 1st April 1954 until they are assessed. I can understand the Government saying that they are too poor to pay back what they have collected. Payment of one's debt is a pious obligation laid down under the Hindu Law and I think every Indian must consider it his pious obligation to pay his debts but, the Government, having no conscience, say, 'We will not pay our debts.' I can understand this but what is it that the Government are doing? They go further and say that even though the assessment is made long after 1st April 1954—it may even be two or three years before the assessment is made—they would nevertheless collect the tax on tax. I could have understood it if the Government had said that they had no doubt collected this tax on tax which was illegal and unconstitutional and that they did not want to pay the money back and that they had not got sufficient funds to do so. But the Government say that they are going to collect from the merchants this tax on tax in spite of these decision on turnover till 1st April 1954 which includes the sales tax. It may

14th May 1954] [Dr. V. K. John]

take even two or three years to make these assessments. Are the Government going to collect this tax on tax for all time to come until all the assessments on turnover till the 1st April 1954 are completed? It is therefore not only something which is illegal but it is something which no civilised Government should do. The Government must either take up the position that they have done a right thing or that they have done a wrong thing. This Bill is evidence of the fact that the Government accept the decisions of the Appellate Tribunal and of the High Court! If they have done a wrong thing why should they attempt to collect anything more? After the High Court had pronounced its judgment on the 7th January 1954, they should have stopped the collection of this tax on tax. They did not do so but they want this House to pass this Bill giving them the power to collect this tax on tax for some years to come on the turnover up to 31st March 1954. In other words, not only do the Government not pay back what they have illegally collected but they want to collect the illegal tax on tax hereafter also on the turnover till 1st April 1954. It would take a few more years before the final assessments are made. I say, Sir, that this is not the way in which the judgment of the High Court should be treated or the way in which a civilised Government should treat the merchants. Is it not day light robbery to ask people to pay something which the Government themselves admit is illegal?

"Even to say that they would not repay the illegally collected amounts, the Government must take up a consistent position. It is a very wrong thing to do even for an individual or an association of individuals. If it is so, how can a civilised Government take up the position that they have done something which is illegal and which has been declared to be illegal by the Courts on an elementary interpretation of the Act itself and yet they would not pay back what they have collected illegally? I think it is absurd. It will reflect discredit on any Legislature to pass into law a Bill which will enable the Government to say that they have collected some money illegally but will not pay it back. Should the Government put themselves in such a position? It is an awkward thing to do, and are we to support this Government? It is an unparalleled piece of legislation. The Government go further and say that not only will they not pay back whatever has been illegally collected but will continue to collect this tax on tax even after the judgment of the High Court in January 1954 for a few more years, whether it be three, four or five years, until the assessments on the turnover up to 1st April 1954 are all complete. I would not say it is madness—it is a harsh term to use—but I should say that no civilised Government should place itself in such a position and I do not think that in the whole history of the Madras Government or for the matter of that of any other Government in India has there been such a thing as this. Are we to allow this Government to pass this Bill into law, and are we to allow the Government to commit this robbery? Are we to

[Dr. V. K. John]

[14th May 1954]

allow this Government to do something which is illegal? I submit this is a thing which the Government should not do. The reason given that these collections were *bona fide*, I say, is a dishonest one. This question has been raised from 1949. The two incidents which I mentioned happened in the District Courts in 1952 and 1953. The decision of the Appellate Tribunal was in 1952. Still the Government say that the collection of the tax was *bona fide*. Who can believe it? Will any member of the public or any educated man believe that what the Government were doing was *bona fide*? I have no doubt that it is a *mala fide* collection of tax. It is not only unconstitutional but also illegal. But to say that still the Government would be collecting the tax shows great disrespect to the Courts which we have established under our Constitution. No Government should disrespect the Courts. This is a case in which the Government have totally disregarded the decision of the Courts. I submit that this House should not be a party to get this Bill passed. This Bill should not at all have been brought before the Legislature. It is a discredit to this House to pass this Bill. We should not allow the Government to pass this Bill."

SRI V. GURUNANDAN ROW :—" Mr. Chairman, Sir, the Hon. the Minister for Land Revenue, in moving the Bill, has not chosen to inform us what the judgment of the High Court is which lays down that the levy of tax on tax is illegal. Though the Hon. Minister referred to the administrative inconvenience and difficulties the Government will have to face if they were to refund the tax already collected on the ground that many people could not be found or that some of them might be dead, still he has not chosen to tell us what the real effect of the judgment is. He has not told the House that this Bill is so wide in its scope that it tries to invalidate the judgments of Tribunals and of the High Court and deprives the assesseees from reaping the fruits of any decree or judgment that they might have obtained from a Tribunal or the High Court. He satisfied himself by merely saying that it is only for administrative convenience that the Government want to legalise certain assessments. Further, the Hon. Minister has not informed us how many cases are pending either before the Deputy Commercial Tax Officer or the Commercial Tax Officer or the Sales Tax Appellate Tribunal or the High Court in which the assesseees have challenged the right of the Government to collect tax on tax. Nor has the Hon. Minister informed us as to how much of the tax will have to be refunded if the pending cases are, as they ought to be, decided in favour of the assesseees. I therefore think that hon. Members will agree with me that without all this information it would not be fair for the Hon. the Minister to expect us to support this Bill.

" Sir, it is necessary that hon. Members should know the reasons given by the learned Judges who held that the tax collected by a dealer should not be included in his turnover. The

[14th May 1954] [Sri V. Gurunandan Row]

judgment was delivered by the High Court on a batch of petitions filed by the Government—not by the assesseees—against the order of the Sales Tax Appellate Tribunal constituted under the General Sales Tax itself, holding that the collection of tax on tax was illegal. The decision of the Tribunal was as early as in 1952. The Government, instead of accepting the consistent decisions of their own Tribunal presided over by experienced and eminent I.C.S. Officers with vast judicial experience, appealed against that decision and the High Court delivered its judgment on 7th January, 1954 upholding the decision of the Tribunal that a tax on tax should not be levied. It is necessary to set out these facts, because I find that in the Statement of Objects and Reasons appended to the Bill it is stated that the assessments and levy were made in good faith and have to be legalized. I should like to say that I cannot understand what good faith there can be when the Government refused to accept the decision of their own Tribunal given in 1952 and continued to levy the tax till 1954. It is not as if a particular Deputy Commercial Tax Officer or a Commercial Tax Officer, on his own interpretation of the Sales Tax Act, thought that the tax collected by a dealer should not be included in the turnover. In this connexion I wish to bring to the notice of hon. Members that the responsibility for the collection of tax on tax lies fully and squarely on the shoulders of the Government themselves and not on any individual officer. I invite the attention of hon. Members to the Madras Commercial Taxes Manual, Volume I, which is a manual published under the authority of the Board of Revenue (Commercial Taxes). I am quoting from a Government publication. On page 143, there is Standing Order No. 21. The heading given is 'Assessment Procedure'. Standing Order No. 21 (b) (ii) says: 'Amounts to be added to the price of articles'. The following items when collected by a dealer should be included in his turnover for the purpose of assessment :—

- (1) Sales-tax—(B.P. Rt. No. 510, dated 3rd February 1944)
(B.P. Rt. No. 4149, dated 26th June 1948)
- (2) Surcharge—(B.P. Rt. No. 1625, dated 19th March 1948)

This clearly shows that there can be no question of *bona fides* on the part of the Government in this matter. On the contrary, it was the definite instruction of the Government that the assessing authority can collect the tax on tax. Will the Government be pleased, at least now, to place before this House the Board's Proceedings referred to in the said Standing Order and how such instructions came to be issued after the matter was once dropped in or about the year 1941? How was it that a circular was issued by the Board in 1948 to collect tax on tax?

" Then, the decision of the High Court, as I understand it, is not based upon the fact that the definition of the term 'turnover' does not entitle the Government to levy a tax on tax but upon the fact that the State Legislature can only levy a tax on

[Sri V. Gurunandan Row] [14th May 1954]

the sale or purchase of goods under the Constitution and the levy of a tax on tax would be *ultra vires* of the Constitution unless it can be shown that the tax collected by the dealer formed part of the consideration for the sale. The main basis of the judgment is that because the tax collected does not form part of the consideration for the sale, it cannot be considered to be a proper tax and that it is an illegal tax. The learned Judges of the High Court made a differentiation. They made a differentiation between a registered dealer, i.e., a dealer registered under section 8-A of the Act and an unregistered dealer. In their judgment they have stated that in the case of an unregistered dealer Government can collect a tax on the supposed tax, if he has collected it, because he adds the sales tax to the price. He is not obliged to pay sales tax. He is not obliged to collect it and give it to the Government and therefore, it formed part of the consideration for the sale. So, an unregistered dealer alone could be taxed on the total value because he does not make any differentiation, nor is he obliged to pay the tax to the Government. That is my understanding of the judgment.

"The learned Judges have specifically held that under section 8-B of the Sales Tax Act, a registered dealer was on pain of penalty to pay the Government whatever he has collected as tax from the persons to whom he sold the goods and hence, it can never be suggested that the tax collected by him which is to be handed over to the Government can form part of the consideration for the sale of the goods. Therefore, how can the Government collect a tax on tax? That is the most important reason on the basis of which the High Court delivered the judgment. That being the case, Sir, I do not understand how, by merely changing the definition of 'turnover', we can change the character of the transaction. How does it to-day form part of the consideration, even if the definition is changed? The reasoning of the Court is that because it does not form part of the consideration for the sale, it is invalid. Now, even to-day as long as section 8-B is not amended, which section makes it obligatory upon a dealer on pain of penalty to collect the tax and give it to the Government as a trustee, that position is still maintained. I do not understand how this mere jugglery of verbal change in the definition will help the Government.

"There is also another point which I cannot understand. How can a definition be changed for a certain period in the past? A definition is a definition for all time. We cannot say that the definition holds good only for a particular period and the definition does not hold good thereafter. Therefore, I think, Sir, that whatever the intentions of the Government may be, the draftsman of the Bill has failed to carry out the intentions of the Government, and even to-day the judgment of the High Court will be applicable to all cases, and Government cannot collect a tax on tax.

14th May 1954] [Sri V. Gurunandan Row]

"Then, Sir, frankly I must also say that this Bill is immoral. Government make a man go to Court and when he gets a decision in his favour, the Bill before us says that that decision is a mere scrap of paper. Of course, small mercies are shown that costs are to be paid to him. Even if a man goes to Court and gets an order in his favour, the Government say he is not to get anything. The Government say that even though the High Court has held the collection of tax on tax is illegal, they will not return it to the dealer. That is the main basis of my criticism regarding the immoral nature of the Bill which seeks to validate something which is really wrong.

"Then, Sir, constitutionally also I think this Bill is liable to be attacked. The Constitution has definitely stated in Article 265 that no tax shall be levied or collected except by authority of law. I must say that when once such a tax is collected and it becomes illegal under Article 265, I do not understand how this Legislature can pass an Act which makes valid something that is unconstitutional. How can we validate something which is against the provisions of the Constitution? The collection of a tax on tax becomes invalid because it goes against the right given to a citizen that no tax shall be levied upon him except with the authority of law. Can this Bill be said to be a law which gives authority to collect? No. The collection has already been made, and that is illegal and unconstitutional. How can this Legislature validate a collection or a levy which is already not only illegal but unconstitutional?

"Another ground of objection is about the question of the Act of tax on tax. This is a matter which is not enumerated in either the State List or the Concurrent List, as my hon. Friend, Dr. John, has stated. Government are empowered to levy a sales tax, i.e., a tax on the sale or purchase of goods except newspapers. Even after this Bill is passed, can we consider this a tax on sale? I respectfully submit that this Bill cannot be taken to mean that this is a tax on sale. It definitely means a tax on tax. Government speak of tax collected by the dealer and made over to the Government and say that it is part of his turnover, i.e., part of the consideration for the sale. This Bill does not attempt to amend section 8-B. By amending the section we can at least deem the tax collected as part of the consideration for the sale, as in the case of an unregistered dealer. But, it does not do that. Therefore, I submit that this is also a ground on which this Bill could be challenged.

"Another ground of objection would be that this is a collection applying to pending cases. Sir, I should think that when the Bill says that the proceedings of the Courts shall be void, it amounts to this Legislature exercising a judicial power. The Bill in effect says that all those cases which are in favour of the assesses are dismissed. Sir, I consider that this Legislature can only state what the law is. We are not empowered and we do not possess the power to interpret the law in particular cases and say, 'No, this case must be decided in that fashion'. We cannot say that this case

[Sri V. Gurunandan Row] [14th May 1954]

must be dismissed or that that case must be allowed, which is in effect what clause 3 of this Bill purports to do. Sir, I am not against validation of assessments as such. I could perfectly understand the Government not desiring to allow assessee, who have not filed any appeals against their assessments and who have been satisfied with this collection of illegal tax, to start litigation merely because there is the judgment of the High Court. This may be perfectly justified and the Government may desire it. But, to deprive the rights of those people, who have already questioned the matter in Courts and won their cases, will not only be unconstitutional but also immoral. I appeal to the Government that they must respect the decision of the High Court not only from 1st April 1954 as they say, but before that date also. By doing so, the Government will be setting up a healthy precedent. Government must set an example to others and obey the judgment of their own Tribunals and the High Court. As far as the present Bill is concerned, because of its wide scope I am compelled to oppose it."

THE HON. SRI C. SUBRAMANIAM :—" Mr. Chairman, Sir, I am only intervening in the debate and not replying to the debate. My Colleague in charge of Revenue will finally make the reply. I want to point out that there are two aspects to this question. One is whether this legislation is valid. The validity of the legislation is the first point to consider. The second point, which was raised by the hon. Member Sri V. Gurunandan Row, is the justness of this legislation. As far as validity is concerned, the Bill has been attacked on the ground that this will be a tax on tax. My respectful submission is that it will not be. If we go through the General Sales Tax Act, we will find that there is no liability cast on the seller to collect any tax. If the dealer happens to collect anything as tax, certain other things flow from it. The seller is not liable to collect the tax from anybody. What is prescribed is that sales tax shall be assessed on the turnover as such. The question, therefore, arises as to what is 'turnover'. If we go through the judgment of the High Court, we will find that it is stated that the Act, as it stands, does not permit the inclusion of the tax also as forming part of the turnover. It is only by a direction given under the Board's Standing Orders that the tax collected by the dealers is included in the turnover. The lacuna is that the Act, as it stands at present, does not permit the inclusion of the tax in the definition of turnover. The decision can be based only on this point, namely, that the Act, as it stands, does not permit the Government to include the tax as part of the turnover. The second question is, if that is the decision, cannot this Legislature include the tax as part of the turnover by the insertion of a specific provision in the Act? My submission is it can. Because any dealer can mention any number of items in a Bill, e.g., services rendered, price, etc. What the consumer pays in total, is the question. That is the amount for which he gets the thing. A bill may show charges for various items, namely, price,

14th May 1954] [Sri C. Subramaniam]

services rendered, rent of the premises, etc. Many items may be charged for. All these charges have to be paid for by the purchaser. Therefore it is not as if this tax does not come within the consideration the purchaser has to pay. As a matter of fact, in the Bengal Sales Tax Act, to which reference has been made in the judgment itself, we will find that there is no such thing as sales tax collected by the merchants. Whatever is collected by the merchant is taken as the turnover. If there is a liability cast upon the seller to collect the tax, whether he is willing or not, then, of course, the question of agency comes in. Here it is not so. There is no agency at all. (Interruption by the hon. Member Dr. V. K. John.) The seller may collect not only this tax but also something more. There is no provision in the Act entitling him to collect this tax. What is laid down in the Act is that he has to pay a certain tax on his turnover. Taking that view into consideration, it is open to this House—it is valid and it will be within the powers of this House—to define the 'turnover' to include whatever amount the purchaser pays to the dealer, whether it includes sales tax or any other charge. It is not as if sales tax should be levied at six pies in the rupee or at three pies in the rupee. It is open to the dealer to charge even one anna. But the point is whatever the dealer collects is his turnover, and that is his sale price. As far as our powers are concerned, my respectful submission, in spite of the very big guns thundering from the other side, is that it is competent for this Legislature to include in the turnover whatever is collected by the dealer at the time of making the sale, and bring that under the definition of 'turnover'."

DR. V. K. JOHN :—" Then why not say that the High Court judgment is wrong? "

THE HON. SRI C. SUBRAMANIAM :—" I shall come to the judgment of the High Court. The High Court is proceeding on the basis that the definition of 'turnover' as it stands at present, does not entitle the Government to treat the tax collected by the dealer as coming within the definition of 'turnover' only by the issue of an executive instruction. If we want to include the tax in the turnover, we must change the scheme of the Act. That is the reasoning in the judgment. The hon. Member will see this if he goes through the judgment. My respectful submission is that we are competent to do it. And if we are competent to do it, the next point is, can we do it with retrospective effect? It is now a well-understood, well-established, and well accepted principle that if the House has got the power to pass legislation for the future, it can pass legislation with retrospective effect also. Series of decisions have dwelt upon this point. Series of judgments have accepted that the Legislature has got the power to legislate with retrospective effect. Therefore, the question of giving retrospective effect need not weigh in our minds. If we have got the power to change the definition of the word 'turnover' to include the tax, then we

[Sri C. Subramaniam] [14th May 1954]

also get the power to give retrospective effect to that decision. We need not be afraid on these two grounds. *Prima facie* it appears to me that this is valid but certain Judges may take a different view. Whatever may be the ultimate result, to me it looks as if we are not doing anything illegal, we are not doing anything out of the way which we are not entitled to do, and for which we do not have the power. If ultimately the Supreme Court thinks that this is wrong, I would not be surprised. After a full examination of the spirit of the whole thing, as it stands, and as we are advised by our law officers, I am of the opinion that the Legislature has got power to include the tax in the 'turnover'. Having got that power, it has got power to give retrospective effect.

"I now come to the aspect whether it is just to do it. Apart from the justness of it, as men administering the affairs of the people, we have to take into consideration the practical and administrative difficulties also. Will it be good at this stage to start making refunds on applications covering the last three years—within the limitation period? Dr. John says that it is a pious obligation. Pious obligation does not permit of limitation. It should be with reference to the whole collections made from the commencement of the Act, and not with reference only to the last three years. The tax will have to be refunded for the whole period from the commencement of the Act. If that be so, will it be practical and administratively possible? With reference to each person claiming refund, we will have to apply our minds to see whether he is the person who paid the assessment, whether he is entitled to the refund, and what is the amount of refund. All these things will lead to so much of administrative difficulty. The time and expenditure involved in this process would be incommensurate with the results to be achieved. Therefore the Government, after considering the whole thing from the administrative and financial points of view, have come to the conclusion that it will not be advisable to refund. That is why, Sir, retrospective effect is sought to be given.

"As regards the justness of the thing, I can very well understand if people were not aware of it, if there had been an assurance that this would not be included in the turnover and if Government had suddenly changed the definition and said that sales tax would be included in the turnover, and that they would give retrospective effect to it. Nothing of the kind. Rightly or wrongly, the Government issued executive instructions saying that the tax should be included in the turnover and 99.9 per cent of the traders and sellers have been following those instructions and including the sales tax in the turnover and they have been collecting and paying the tax on that basis. We are not taking people by surprise. We thought that the provision as it stood permitted us to include sales tax in the turnover. The Board also took that view. It might be that it was a wrong view. But it cannot be said that it was not bona fide. If any one person took that view

14th May 1954] [Sri C. Subramaniam]

and if a few officers of the Government took that view then the bona fides could be questioned. But the Government as a general policy issued instructions and they were followed. Therefore it is not as if we are coming here without notice whatsoever for the first time and we want to include the sales tax in 'turnover'. If the traders had no knowledge of the intentions of the Government, if they had absolutely no idea of this, and now if they are being asked to pay, then it might work hardship. Even from 1944 instructions have been issued that the tax should be included in the turnover and they have been followed. Persons knew they were to pay the levy on the turnover including the tax, and so they were collecting tax from the people on turnover calculated on that basis.

"Sir, another point was made. It was said 'it might be all right with respect to those who have not fought this question. But with respect to those who fought this out and who went to courts, they should be given relief'. I can very well understand if exemption is asked for all. Simply because a few persons were cantankerous enough to go to court and fight the issue, that is no sufficient ground to give them a special advantage. If the hon. Member Sri Gurunandan Row says that all should be given that exemption I can understand. But I cannot agree to a discrimination being made between persons who acquiesced in and those who fought against the Government. If exemption is to be given it should be given to all and if it is not to be given it should not be given to anybody. It is with that idea I say this and not with a view to attack the judgment of the High Court. People who went to court were generously compensated by way of costs and other things. Therefore we cannot make distinction on the basis of decrees awarded or passed.

"Therefore my submission to hon. Members of the House and especially to the legal luminaries is that we are not going outside the constitution and that we are not going beyond our powers in bringing this Bill before this House. We are just, and administratively it is the most convenient thing to do. Having taken into consideration all the aspects of the matter, we have come forward with this measure. I hope it will be held valid by the Courts, the High Court and also the Supreme Court."

SRI MOHAMED RAZA KHAN :—"I want a clarification from the Hon. Minister. For all the collections made in the year 1953-54 the final assessment is made after 1st April 1954. What will be the method adopted by the Government in those cases?"

THE HON. SRI C. SUBRAMANIAM :—"If the hon. Member will read the definition of the term 'turnover' as it applies to sales made up to 1st April 1954 he will find that it includes the taxes collected. The method of assessment is laid down in the general law of sales tax."

[14th May 1954]

SRI K. BHASHYAM :—“ Mr. Chairman, Sir, so far as the Government are concerned, very hard and harsh words were used by hon. Members opposite. They called into question the sincerity, the honesty, and straightforwardness of the Government in allowing such a thing to be done which has been declared to be illegal. Sir, I think I may say in justification of the Government's action that as a matter of fact in the early days even the hon. the Deputy Leader of the Opposition, Dr. John, was having a doubt whether this tax could be called a consumers' tax or a sales tax. I think he has more than once expressed the view that it is not a sales tax but a consumers' tax. Therefore, I submit that the idea was prevalent at that time that it was the consumer who paid it and not the seller. Therefore when this idea was prevalent in those days when the sales tax was new, and the question was whether it was a sales tax or a consumers' tax, there was justification for the Government and some people coming to the conclusion that as a matter of fact in the turnover the tax imposed also may be included. There was justification for including the tax paid by the consumer in the price paid by him for the article. This is also justified by the fact that in other provinces also they had included this. By way of caution they really included this by a more careful wording of the Act itself. Therefore, Sir, there is no use in calling into question the sincerity and the honesty of the Government which has no body to kick and no soul to condemn but is impersonal. We must take it with all its faults and certainly give Government credit for honesty of purpose. In respect of all matters the Government take suitable advice. And it is true in some matters they act on their own initiative. But certainly to impute dishonesty to Government, is something which I would not agree to.”

THE HON. SRI C. SUBRAMANIAM :—“ They did not mean it seriously and that is why I never referred to it.”

SRI K. BHASHYAM :—“ Well, the Hon. Minister must know Dr. John better than I do, though I have longer acquaintance with him than the Hon. Minister. But still I would like to say that the impression that the Government are dishonest or immoral would gain ground, if one reads the speech of the hon. Member Dr. John. Things will be said of the Government which will not be quite complimentary to the Government. Therefore I want in the first instance to say a few words to justify the Government in their action in previous years.

“ Sir, this has been going on from the year 1948. Why did not the hon. Member Dr. John who is such a great lawyer, who has appeared on behalf of such a large number of commercial people, take up this point earlier? (An hon. Member: He was State Counsel.) That was only for a few months, or for a year and no more. All his life he has been pleading for and acting on behalf of commercial people and big commercial houses in the City. Why did he not point this out earlier? Somebody went to the High Court

14th May 1954]

[Sri K. Bhashyam]

and the High Court has held that this is something which ought not to have been done. Therefore this should not make him use exaggerated language and call into question the honesty and sincerity of the Government. This certainly is not quite proper on the floor of this House, a House which consists of Elders and which is supposed to take things more coolly than the other House.

“ As regards the illegality of the action of the Government also I should like to point out on the floor of this House that it is something which has to be decided by the Court. The Government cannot act upon their action being called into question by a single person or by a dealer somewhere or even by a subordinate tribunal like the Deputy Commissioner or the Commissioner or the Appellate Tribunal taking one view or the other. They must wait till an authoritative pronouncement is made by a court on which alone they can take action. Simply because this has been questioned in some lower court or subordinate court by some dealer or other that alone cannot induce the Government to act in a particular manner. Because a case was filed in some lower court in 1948 or 1952 that alone cannot make the Government desist from collecting it. We cannot also call into question the action of the Government in collecting the tax. In January 1954 the High Court said that this was wrong. Immediately the Government have come up with this legislation. If at all there has been any delay, there has been a delay of only three months, and there are two reasons for this delay. After all the Government cannot act all at once. The Government must get an authentic copy of the judgment from the High Court. Then they have to consult their Legal Advisers and the departments concerned. This period of three months is therefore no delay whatsoever.

“ There is also another factor which I would like this House to take into consideration. We have been going on budgeting on the basis that the sales tax collected also formed part of the turnover on which the assessments were made. The Government have been going on from year to year basing their Budget on this kind of calculation and they have been spending also on this basis. They had therefore to wait till the 1st of April 1954 which is the beginning of the financial year, and the Government do deserve some credit for doing things in a proper way.

“ Sir, I would like to point out one other fact. The question is being asked as to why the Government should not give away all the money if they really think that it has been illegally collected. The question is whether the Government should actually refund the amounts. As I said before, it is a question of budgetary provision being made and money being spent on the basis that turnover included also the tax collected by the dealer. If the Government have spent the money, how could they give it back? There is this practical difficulty. In respect of this matter, the Government's action could be justified in another way also. Only in respect of

[Sri K. Bhashyam] [14th May 1954]

cases where a person has, for the purpose of impugning the assessment made, gone before the courts in the proper manner, he is entitled to a refund. In section 18-A of the General Sales Tax Act it is laid down that no suit or proceedings shall be instituted in a court against any assessment made under this Act except it be as expressly provided for in the Act. Therefore, if anybody wants a refund he must file an appeal to the Commissioner of Commercial Taxes within the prescribed time. He has then to appeal to the Appellate Tribunal and he may also have to go before the High Court. Only in respect of such cases, the Government are bound to refund the excess. If nobody has raised any objection, the Government need not repay. In fact it will be a gross dereliction of duty on their part and they will be signing away money which they need not except in the manner provided for in the Act. I, therefore, think the Government are justified in not refunding the money. If anybody questions this, I shall certainly defend the Government to the utmost of my ability. I think that what I have said would have convinced hon. Members. The collections which have been made are collections which need not be refunded at all. What the Government propose to do further is more important. The provisions of this Bill go further than this. They go to the extent of saying that not only all the collections made so far will not be returned but that 'all orders passed, and all action taken by any officer in the exercise or purported exercise of jurisdiction or powers conferred by the principal Act, and all judgments, decrees or orders pronounced by any Tribunal or Court in the exercise of its jurisdiction or powers with respect to matters in the principal Act, on the basis that amounts collected by a dealer by way of tax under the principal Act before the 1st April 1954, formed part of the turnover of the dealer are hereby declared to have been validly made, passed, taken or pronounced, as the case may be.' This is what clause 3 of the Bill says.

"I will take each portion of the clause separately. Suppose for the year 1953-54 assessments have been made in certain cases while certain other cases assessments have not been so far made because their accounts are being scrutinized. In respect of the dealers in whose cases assessments have been completed, they are bound by these assessments which have been made on the basis that the tax which they have collected will also be included in the turnover. What is to happen in regard to those whose cases are pending investigation? Will it be right if these people escape paying the tax on tax? This is a matter on which I would like the Government to throw more light.

"Suppose there are decrees or judgments pronounced by the Deputy Commissioner for Commercial Taxes or the Appellate Tribunal and the persons who have raised this point have been able to persuade the officers presiding over these courts that this tax on tax was illegal. What is to happen in such cases? Suppose in some cases the proceedings are still pending and no judgments have

14th May 1954] [Sri K. Bhashyam]

been delivered. Are these persons to go scotfree? These difficulties are therefore bound to arise in the working of this clause 3. We will be leaving out certain people but bringing within its scope certain other people who do not deserve to be so badly treated. The persons who will be penalized by this clause are those who have submitted their accounts regularly, paid the assessments regularly and who have not been protracting litigation by appealing to the Deputy Commissioner, the Sales Tax Appellate Tribunal and the High Court. But those who have been protracting litigation will be free from paying this tax. What I do wish to point out is that there is an essential injustice in making clause 3 so wide and so sweeping in its scope and that it will really cause some injustice. Therefore, I would like the Government to take some more time, if possible, and come forward with some sort of an amendment which will be really helpful in solving the difficulties. In addition to the clause being of such a sweeping character the discriminatory nature of the clause also we have to take into account. As I said yesterday in respect of the Land Revenue Surcharge Bill, I would implore the Government to appoint a small committee. Let that committee take some time, and find out how best this clause can be redrafted so as to bring within its scope the persons who are entitled to some relief and exclude those who are not entitled to any relief taking into consideration the inconvenience, etc., to the Government in refunding the amount."

THE MADRAS ELECTRICITY UNDERTAKINGS
(ACQUISITION) BILL, 1954

15th May 1954] [Raja Sri Shanmuga Rajeswara Sethupathi]

the impugned Act. The reasons which weighed with the Provincial Legislature for passing the Act in 1949 still hold good. Since the coming into force of the impugned Act, the Government of Madras acquired under the Act a number of local authority and private electrical undertakings of which 20 local authority and three private undertakings are now in the present Madras State. These acquired undertakings have long since been integrated into the concerned power system of the Government Electricity Department and the staff belonging to them have also been merged in suitable service cadres under the departmental set up. Hon. Members would have readily appreciated the difficult legal position in regard to the electrical undertakings so far acquired by Government and I need not dwell at length on that point. To be brief, the position is that the Government are faced with the possibility of suits being instituted against them for liability to pay compensation for acts which may now be deemed to be illegal or wrongful. The payment of compensation by the Government for the consequences arising from such acts may also be enforced through courts of law. The ambit of the expression 'consequences' may give rise to almost insoluble problems. Hon. Members will agree that it might be very embarrassing to leave things as they are and face a crop of litigation and also exorbitant demands in respect of undertakings already taken over and for damages for loss of profits for winding up managing agencies, etc.

"The sections of the impugned Act and the corresponding provisions of the Bill have been printed in parallel columns and circulated to Hon. Members for convenience of reference. The changes made in the Bill as compared to the provisions in the impugned Act have been indicated in italics. The reasons for important changes have also been indicated in a separate column. Except those provisions of the 1949 Act which have been held by the Madras High Court to be invalid, namely, provisions relating to the appointment of accredited representative by the Government and the basis for determination of compensation for local authority undertakings, and a very few other modifications to the Act which have been found essential in the application of the Act and which would be essential for purposes of validation of the proceedings already taken by the Government in respect of undertakings already acquired under that Act, the Bill before the House incorporates precisely the same provisions as in the impugned Act passed by this Legislature after due deliberation. No discriminatory treatment between local authority and private licensees has been made in the Bill in the matter of assessment of compensation, etc. No doubt there is some extra financial commitment to Government on account of the deletion of the discriminatory treatment, but the money goes to local bodies. I may mention in this connection that long before the appeals to the Supreme Court were heard by that Court and the 1949 Act was declared void by it, the Government have decided and the approval of the Legislature had also been obtained, to make an *ex gratia* payment amounting to

THE MADRAS ELECTRICITY UNDERTAKINGS (ACQUISITION) BILL, 1954.

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI:—"Mr. Speaker, Sir, I beg to introduce the Madras Electricity Undertakings (Acquisition) Bill^a, 1954, and move—

'That the Bill be taken into consideration at once.'

The need for this legislation has been briefly explained in the Statement of Objects and Reasons published along with the Bill. The Madras Electricity Supply Undertakings Acquisition Act, 1949, was passed by the Provincial Legislature after mature consideration and was brought into force on 24th January 1950. For the reasons explained in the Statement of Objects and Reasons, the Supreme Court has held that the Act was *ultra vires* of the Provincial Legislature.

"In the Governor's address to the Joint Session of the Legislature in February last and in the Finance Minister's speech introducing the Budget for 1954-55, reference was made to the intention of Government to re-enact suitably the provisions of

about Rs. 16 lakhs to the local authorities over and above the compensation already paid for or was payable for their undertakings under the provisions of the 1949 Act. And this *ex gratia* payment would have been disbursed already but for certain local authorities having taken up the matter to the High Court. The net extra commitment is expected to be about Rs. 45 lakhs and it will not be difficult to provide this amount as and when necessary. I would request Hon. Members to pass this Bill."

(At this stage the Deputy Speaker occupied the Chair.)

SRI N. K. PALANISAMI :—"On a point of order, Sir, இந்த Act 1949-ம் வருஷத்தில் பாஸ் செய்யப்பட்டது. அதாவது பப்ளிக் செய்தது 1950-ம் வருஷம் ஏப்ரல் மாதம் 24-ம் தேதி. பழைய சட்டப் பிரகாரம் இதை உடனடியாக அமுலுக்குக் கொண்டுவரவேண்டும் என்று இப்பொழுது நிர்ணயித்து இருக்கிறது. 1951-ம் வருஷம் ஜனவரி மாதம் 1-ம் தேதி புதிய சட்டம் என்று சொல்லி இருக்கிறது. இது முன்னுக்கு பின் முரணாக இருக்கிறது. இது செல்லாது என்று குறிப்பிடுகிறேன்."

THE HON. SRI C. SUBRAMANIAM :—"It is not a point of order, Sir."

DEPUTY SPEAKER :—"It is not a point of order. I shall take up the main motion. Motion moved—

'That the Madras Electricity Undertakings (Acquisition) Bill, 1954, be taken into consideration at once.'

"I want to know whether the hon. Member Sri D. K. Raju is moving his amendment for the reference of this Bill to a Select Committee or whether he is moving the amendment for circulating this Bill for eliciting public opinion."

SRI M. KALYANASUNDRAM :—"சர்க்கார் கட்சித் தலைவரும் ஒப்புக் கொள்கிறார். எதிர்க் கட்சி தலைவரும் ஒப்புக் கொள்கிறார். D. K. ராஜு அவர்களும் ஒப்புக்கொள்கிறார்கள். Circular என்பதை செலக்ட் கமிட்டி என்று நீங்கள் அனுமதி தந்தால் மாற்றிவிடலாம் என்று சொல்லுகிறேன்."

DEPUTY SPEAKER :—"All right. The hon. Member Mr. D. K. Raju may now move his amendment for referring this Bill to a Select Committee. He need not move the second amendment for circulating the Bill to elicit public opinion."

SRI D. K. RAJU :—"In view of the legal implications involved in this piece of legislation, I move—

'That the Madras Electricity Undertakings (Acquisition) Bill, 1954, be referred to a Select Committee.'

The amendment was duly seconded.

DEPUTY SPEAKER :—"Motion moved—

'That the Madras Electricity Undertakings (Acquisition) Bill, 1954, be referred to a Select Committee.'

15th May 1954]

[Deputy Speaker]

"The main motion as well as the amendment are before the House for discussion. The hon. Member Sri D. K. Raju may now speak."

SRI D. K. RAJU :—"Mr. Deputy Speaker, Sir, as I have already said inasmuch as the present Bill contains many legal complications I think we would be doing the right thing if we refer the same to a Select Committee. The Statement of Objects and Reasons states that the same Bill was enacted in 1949. Because the Courts have declared the previous Act null and void, this Bill has now been brought forth. They have given the Bill in a convenient form by opening three columns. The first column contains the clauses of the previous Bill, the second column contains the changes in those clauses of the previous Bill which are now incorporated in this Bill, and the third column contains the reasons for such changes. Because the original Bill was defective, the Courts have declared the previous enactment null and void. Two reasons had been given for invalidating the previous Act. One reason was that the previous Act discriminated between the company licensee and the local body licensee. That is how the High Court declared the Act *ultra vires* and when the matter was taken in appeal to the Supreme Court, the Supreme Court invalidated the Act on other grounds, namely, that it was wrongly assented to by the President and so on. There are many points in the previous Act which contain many legal defects. Even in the present Bill the same defects are there. Even though the comparative statement shows the changes now effected in the previous Act, yet I find that no substantial changes have been made. It is just like the same old devil appearing under new veils. When the old Act was passed it was pointed out to Government then that fundamental rights were not rightly looked into. But now even when they have failed in Courts, the Government have not tried to correct the original error. The High Court has said that, the discrimination between the municipal licensee and the company licensee is improper. In Schedule I there are two parts (A) and (B) on page 24. If there is again discrimination between the municipal licensee and company licensee, even though it is differently worded, I am afraid when challenged in Courts this Bill also will be thrown out once again. When the 1949 Bill was under discussion, the then Minister for Public Works gave an assurance on the floor of the House that only mismanaged concerns, unremunerative concerns and the like would be acquired in the first batch. He also gave an assurance that those undertakings whose licence period would be expiring would be acquired at once. But I find that the Government not only failed to acquire such undertakings in the first batch, but they also withdrew the notice of termination served on some of the licensees under the Act of 1910. For instance, the licence for the Kumbakonam Electric Supply Corporation expired just about the time of the passing of the 1949 Act and notice of termination of licence was also given to it. In spite of that, the notice of termination was withdrawn and

[Sri D. K. Raju]

[15th May 1954]

on the top of it lakhs of rupees have been given to it by way of loan. I do not know why such discrimination is made between one licensee and another. With due respects to the person concerned, Sir, I may say that Sri Rajam Ramaswami, a member of this House, is the licensee for the Kumbakonam Electric Supply Corporation. To be frank, the only explanation that I could find for this discrimination is that the acquisition of the undertakings was given up because the licensees concerned were attached to the Congress Party. There are other licensees also to whom notice of termination of licence was given but whose undertakings were not acquired.

"In the last paragraph of the Statement of Objects and Reasons appended to the Bill, it is said that the subject of acquisition of property falls under entry 36 of the State List and that the Government are in order in acquiring electricity undertakings. I would like to say that no licensee is opposed to this Electricity Undertakings (Acquisition) Bill. The licensees are business people and if their electricity undertakings are acquired, they will find some other business.

"Then, Sir, it is said that the electricity undertakings are acquired in the interest of the public. What is the public interest that suffered when the licensees were catering electricity and what is the benefit that will accrue to the people when the Government undertake the supply of electricity? In the licence, there are several saving clauses. One of them gives power to the Government to revoke a licence if the licensee is undesirable, is not doing his duties properly or is doing something detrimental to the interests of the public. Government can take action under that clause of revocation, instead of acquiring the undertakings. Before proving how the licensees were doing things detrimental to the interests of the public, the Government acquired their undertakings.

"The compensation provided in the Bill is arbitrary. Article 31 of the Constitution of India says that 'just compensation' should be paid to the owner for acquiring any private property. The idea of acquiring electricity undertakings occurred to the mind of the Government only when they took over the Madras Electric Supply Corporation. The present Minister for Agriculture was then the Minister for Public Works, and we all remember the huge compensation he paid to that Corporation from Government funds. Then they thought of circumventing the law under which the licence was granted and passed the Electricity Supply Undertakings (Acquisition) Act of 1949. Since that Act of 1949 was declared invalid, the Government have now brought forward this Bill. They want to snatch away the hard labour of licensees who have been doing public service of a particular kind. They want to pay the licensees much less than the compensation provided for in the Fundamental Rights of our Constitution. That is the reason why the Government have brought forward this Bill.

15th May 1954]

[Sri D. K. Raju]

"As the High Court and the Supreme Court have declared invalid the previous Act on this subject, the Government should have taken more expert legal advice and framed this Bill without any flaw. I do not know how the same old Act with a few changes here and there to rectify the loopholes will be acceptable to the Court. There is a general impression among most of the Members of this House and the public of this State that the Government Bills are perfect and without any flaw. On simple grounds the Electricity Undertakings (Acquisition) Act of 1949 was rejected twice, once by the High Court and then by the Supreme Court. The public may know how hurriedly the last Bill of 1949 was prepared. Even in this Bill they did not care to eliminate those flaws. If this Bill is passed as it is, there is every chance of the Act being declared invalid by a Court of law, and I will not be surprised if it is declared invalid once again. So I stress that the Bill must be scrutinized thoroughly before it is passed into law, and request the Treasury Bench to refer this Bill to a Select Committee to rectify the defective portions of it.

"The most important thing is the payment of just compensation in accordance with the provisions of Article 31 of the Constitution. If the Government want to take over a private undertaking, there are many formalities to be observed in order to safeguard the interests of the industry. So, I request that this Bill may be referred to a Select Committee consisting of members who have studied Law and members who know something about the industry concerned."

கின்றன. இப்படிப்பட்ட முனிசிபாலிட்டிகள் நடத்தும் மின்சார ஸ்தாபனங்களின் அரசாங்கத்தார் எடுத்துக்கொள்ளக்கூடாது. இந்த நஷ்டஈடு விஷயம் பற்றி ஹைகோர்ட் இரண்டு விதமான தீர்ப்புகளை வழங்கியிருக்கிறது. முதலாவதாக நஷ்ட ஈடு விஷயத்தில் ஒரு ஸ்தாபனத்திற்கும் மற்றொரு ஸ்தாபனத்திற்கும் வித்தியாசம் இருக்கிறதென்றும், இரண்டாவதாக இந்த விஷயத்தை நிர்ணயிக்க சர்க்காருக்கு அதிகாரம் இல்லை என்றும் தீர்ப்பளிக்கப்பட்டது. அப்படியிருந்தும் இதை திருத்தியமைத்து சட்டமாக்குவதற்காக இப்பொழுது மறுபடியும் இந்த மசோதா கொண்டுவரப்பட்டுள்ளது, பொதுவாக இந்தச் சட்டம் 1949-ம் வருஷத்தில் கொண்டுவரப்பட்டது. இது பப்ளிஷ் ஆன தேதி 1950-ம் வருஷம் 24-ம் தேதி ஜனவரி மாதம். ஆனால் இப்போது சர்க்கார் இங்கே என்ன குறிப்பிட்டிருக்கிறார்கள். 1950-ம் வருஷத்தில் என்று குறிப்பிட்டு இருக்கக்கூடியது, 1951-ம் வருஷம் ஜனவரி மாதம் 16-ம் தேதி என்று மாற்றியிருக்கிறது. ஆகவே இந்தச் சர்க்காரில் இம்மாதிரியான காரியங்களும் நடந்து வருகின்றன. இதற்கு என்ன காரணமென்பதை கனம் மந்திரி அவர்கள் கூறவேண்டும். ஒரு வருஷத்தில் இங்கு நடந்த 'discrimination' பேரித்தான் ஹைகோர்ட்டில் விரோதமாக தீர்ப்பு அளிக்கப்பட்டது. இன்றைக்கு A, B, C என்று மூன்று பிரிவுகளாக பிரித்திருக்கிறார்கள். அப்பிரிவிலும் அது Public Body-க்கு ஒத்த வகையில் பிரித்திருக்கிறதா என்று பார்க்கவேண்டும். A, B, C, என்ற பிரிவு இருந்தாலும் கொடுக்கவேண்டிய நஷ்ட ஈடு ஒரே தொகையாக, ஒரே மாதிரியாக இருக்கவேண்டும். இதை நன்கு கவனிக்கவேண்டும். அப்படி இல்லாவிடில் மறுபடியும் ஹைகோர்ட்டில் இந்த சட்டம் செல்லாது என்று தீர்ப்பு அளிக்கப்படும். 24-வது கிளாசிலே சில நடவடிக்கைகளை validate செய்யப்பட்டிருக்கிறது. ஒன்றுக்கொன்று ஏற்றத் தாழ்வுகள் இருப்பது சரியல்ல. ஆதலால்தான் இதைத் திருத்துவதற்கு இந்த மசோதாவை சர்க்கார் கொண்டுவந்திருக்கிறார்கள். இது மாதிரி ஏற்கனவே சொன்னதை மறுபடியும் நாங்கள் எப்படி ஏற்றுக்கொள்ளமுடியும்? ஆதலால் இது மாதிரியான திருத்தங்கள் கொண்டுவந்து Valid செய்வதற்கு இந்த மசோதாவை ஒரு செலக்ட் கமிட்டிக்கு விடவேண்டுமென்று கேட்டுக்கொள்கிறேன்."

SRI T. K. RAMA :—"கனம் சபாநாயகர் அவர்களே, இப்போதுகொண்டு வந்திருக்கின்ற இந்த மசோதாவானது மூன் செய்திருக்கின்ற சட்டத்தை சென்னை ஹைகோர்ட்டும், சப்ரீம் கோர்ட்டும் செல்லத்தக்கவை அல்ல என்று கூறியதினால், அதைத் திருத்தக் கொண்டு வந்திருப்பதாகச் சொல்லப்படுகிறது. ஹைகோர்ட்டும், சப்ரீம் கோர்ட்டும் எடுத்துக்காட்டியிருக்கிற சட்டத்திற்கு புறம்பான விஷயம் இப்பொழுதாவது திருத்தப்பட்டிருக்கிறதா என்று பார்க்க வேண்டியது நம்முடைய வேலையாகும். சென்னை ஹைகோர்ட்டார் ஒரு ஸ்தாபனத்திற்கும், இன்னொரு ஸ்தாபனத்திற்கும் நஷ்ட ஈடு கொடுப்பதில் பாரபட்சம் செய்யப்பட்டிருப்பதை எடுத்துக்காட்டி இச் சட்டம் செல்லத்தக்க இல்லை என்று கூறியிருக்கிறார்கள். சப்ரீம் கோர்ட்டில் இச் சட்டம் செய்வதற்கு சென்னை சட்டசபைக்கு அதிகாரம் இல்லையென்று கூறி இருக்கிறார்கள். இப்போது கொண்டு வந்திருக்கிற மசோதாவில்கூட நஷ்ட ஈடு கொடுப்பது சம்பந்தமாய் பாரபட்சம் காட்டியிருப்பதாகவே நான் நினைக்கிறேன். முனிசிபல் ஸ்தாபனங்களில் லாபம் என்று கூறப்படும் தொகை, சர்க்கார் அபிப்பிராயப்படியே எடுத்துக் கொண்டாலும் ஒரு நகரசபைக்கும், இன்னொரு நகரசபைக்கும் வித்தியாசமாக இருக்கின்றது. மதுரை, கோயமுத்தூர் நகரசபைகள் தங்களுக்கு கிடைக்கும் மொத்த லாபத்தில் பாதித் தொகையை பொதுக் கணக்கிற்கு கொண்டு போகிறார்கள். இத் தொகை லாபம் என்று கருதப்படுகிறது. ஆனால் வேறு சில நகரசபைகளுக்கு இது மாதிரி பாதி லாபத் தொகையை பொதுக் கணக்கிற்கு மாற்றிக்கொள்ள சர்க்கார் அனுமதி அளிக்கவில்லை. அவர்களுடைய மொத்த லாபத்தில் சில சதவிகிதம் மட்டும் பொதுக் கணக்கிற்கு கொண்டுபோகப்படுகிறது. ஆகையினாலே அந்த சிறு சதவிகிதம் அவர்களுடைய லாபமாக கருதப்பட்டு, அதன் பிரகாரம் பி நமூனா அல்லது அவர்கள் விரும்பும் மற்ற திட்டப்படி நஷ்ட ஈடு கொடுக்க வகை செய்யப்பட்டிருக்கிறது. எனவே இந்த சட்டத்

திலும் பாரபட்சம் இருக்கின்றதாகையால், இதை நன்றாக பரிசீலனை செய்ய ஒரு செலக்ட் கமிட்டிக்கு அனுப்பி, கோர்ட்டார் எடுத்துக் காட்டியிருக்கின்ற தவறுகள் முற்றிலும் நீக்கப்பட்டிருக்கிறதா என்பதை பார்க்கவேண்டும்.

"நியாய விலையும் நஷ்ட ஈடும் கொடுக்கப்பட வேண்டியது அத்தியாவசியமாகும். ஒரு சொத்தை சர்க்கார் ஆர்ஜிதம் செய்யும்போது, ஒரு நிலமாக இருந்தால், அதனுடைய தற்கால மதிப்பு விலையைக் கொடுத்துதான் அவர்கள் வாங்கிக் கொள்ள முடியும் ஒழிய, விலையை அவர்கள் இஷ்டம் போல் நிர்ணயித்து வாங்கிக் கொள்ள முடியாது. அதுபோலவே ஒரு சொத்தையும் தொழிலையும் எடுத்துக் கொள்ள வேண்டுமென்றாலும், அந்த சொத்தின் மதிப்பையும், அந்த ஸ்தாபனத்தை எடுத்துக்கொள்வதால் ஏற்படும் நஷ்டத்தையும் ஈடு செய்ய வேண்டும். குறிப்பாக எனக்கு முன்பு பேசியவர்கள் சில வருடங்களுக்குமுன் சென்னை மின்சார ஸ்தாபனத்தை ராஜ்ய சர்க்கார் எடுத்துக்கொள்ள அவர்களுக்கு எந்த அடிப்படையில் சர்க்கார் நஷ்டஈடு கொடுத்தார்களோ அதே அடிப்படையில் இப்பொழுதும் நியாயமான விலையும் நஷ்ட ஈடும் கொடுக்கவேண்டுமென்று கூறினார்கள். நான் அதை முற்றிலும் ஆதரிக்கிறேன். ஒரு ஸ்தாபனத்தில் கிடைக்கிற லாபத்தைமட்டும் அடிப்படையாகக் கொண்டு நஷ்டஈடு நிர்ணயிப்பது சரியான முறையாகாது. பிரஸ்தாப சட்டத்தில் இருக்கிற ஷெட்யூல்களில் கூறப்பட்டிருக்கும் விபரங்களைப்பார்த்தால், பொதுப்படையாக வாங்குபவர் விற்பனை செய்பவர்களுக்கு நிபந்தனை கூறியிருப்பதுபோல் இருக்கிறது. சாதாரணமாக ஒரு சொத்தை வாங்க வேண்டுமென்றால் விற்பவர்கள் தான் தங்கள் விலையைக் கூற வேண்டும். வாங்குபவர் வேண்டுமென்றால் பேரம் பேசி, அல்லது அதற்குரிய வர்க்கிடம் கலந்து, தொகையை நிர்ணயித்து அந்த சொத்தை வாங்கிக் கொள்ளவேண்டும். அப்படிச் செய்வதே நியாய விலையைக் கொடுப்பதாகும். இங்கு அதற்கு முற்றிலும் மாறாக இருக்கிறது. ஒரு சொத்தின் தற்கால விலையை கவனிக்காமல் வாங்கிய விலையிலிருந்து தேய்மானத்தை வாங்குபவரே நிர்ணயித்து கழித்து இன்னென்ன சொத்துக்கு இந்த விலை தான் கொடுக்கப்படும் என்று கூறி வாங்கிக் கொள்வது அவர்களுடைய சொத்தை பறிமுதல செய்து கொண்டது போலாகுமே ஒழிய, நியாய விலையும், நியாயமான நஷ்ட ஈடும் செய்தது போலாகாது. ஆகையால் இந்த சட்டத்தை சென்னை ராஜ்யத்திலுள்ள மின்சார ஸ்தாபனங்களை எடுத்துக்கொள்வதற்கு சர்க்காருக்கு அதிகாரம் அளிப்பதுடன் தனித்தனியே ஒவ்வொரு மின்சார ஸ்தாபனங்களுடன் விலை பேசி முறையான வழியில் எடுத்துக் கொள்ளும்படியாக மாற்றி அமைக்கவேண்டும்.

"பொது நலத்திற்காக மின்சார ஸ்தாபனங்களை எடுத்துக் கொள்வதாக சர்க்கார் சொல்லுகிறார்கள். நகரசபைகள் சர்க்காரைப்போல சில வேலைகளை செய்வதற்காக இருக்கின்றன. சர்க்கார் ஒரு மாகாணத்திலே பல வேலைகளை பெரிய அளவில் செய்கிறது. அதேபோல நகரசபை தங்களுக்கு என்று குறிப்பிட்டிருக்கிற நகர எல்லைக்குள் சில காரியங்களை செய்து வருகிறது. நகரசபை வேறு; சர்க்கார் வேறு அல்ல. நகரசபைகள் சர்க்காரின் கால்கைகள் போல இருந்து வேலை செய்கின்றன. இதை இன்றைக்கு யாரும் மறுக்க முடியாது. நகரசபையார் ஒரு மின்சார விநியோக வலியை விஸ்தரிக்க வேண்டுமென்றால் அந்த குறிப்பிட்ட விஸ்தரிப்பின் மூலம் போதிய வருவாய் கிடைக்குமா என்று பார்ப்பதில்லை. தவிர, ஏழைகள் வசிக்கும் பிரதேசத்தில் விஸ்தரிப்பு செய்யும்போது தெரு விளக்குகள் போட்டுக் கொடுக்க வேண்டுமென்ற காரணத்திற்காக கூட வலியை நீட்டிக்கொண்டு விளக்கு வசதிகள் செய்து கொடுப்பார்கள். லாபத்தை மட்டும் கணக்கிட மாட்டார்கள். ஆனால் சர்க்காருடைய மின்சார ஸ்தாபனமாக இருந்தால், ஒவ்வொரு விஸ்தரிப்பிற்கும் போதிய வரும்படி கிடைக்குமா என்று கணக்கு பார்த்து மின்சார சக்தியை எடுத்துக் கொள்ளுகிறவர்கள் 10 சதவிகித வரும்படிக்கு உத்தரவாதம் அளித்த பின் தான் விஸ்தரிப்பை செய்வார்களா. நகரசபைகளின் மின்சார ஸ்தாபனங்களை சர்க்கார், இச்சட்டத்தின்படி எடுத்துக் கொண்ட பின் என்ன நிலைமை ஏற்படுமென்று சிறிது சிந்தித்துப் பார்க்கவேண்டும்; நகரசபையார் சர்க்கார் மின்சார ஸ்தாபனத்திற்கு எழுதி, ஒவ்வொரு அபிவிருத்தியும் செய்வதற்கு வெகு காலதாமதம் ஆகும். நகர தெருக்

களுக்கு விளக்கு போடும் வேலையை, நகரசபையாரிடமிருந்து சர்க்கார் எடுத்துக் கொள்வது மக்களுக்கு உதவி செய்வதாகாது. நகரசபையைக் கொண்டே தெருவிளக்குகள் போடும் வேலை செய்யப்பட்டுவருவதெனும். ஆகையால் நகரசபைகளின் மின்சார ஸ்தாபனங்களை எடுத்துக் கொள்வது சம்பந்தமாயுள்ள வார்த்தைகளையும் ஷரத்துகளையும் இந்த சட்டத்திலிருந்து நீக்கி விடவேண்டும். தனிப்பட்டவர்களின் மின்சார ஸ்தாபனங்களை எடுத்துக் கொள்வது நலமாக இருக்கும். தனிப்பட்டவர்கள் லாபத்தையே கருதி இத் தொழிலை நடத்துகிறார்கள். லாபம் கிடைக்கிற சந்தர்ப்பத்தை பொறுத்தே விஸ்தரிப்பு வேலைகளை அபிவிருத்தி செய்வதற்கும் முன் வருவார்கள். கிராமப் பகுதிகளில் விஸ்தரிப்பு செய்வதால் தங்கள் வருவாய் குறையலாம் என்று கருதலாம். தங்களுக்கு கொடுத்திருக்கின்ற பிரதேசத்துடன் கிராமப் பகுதிகளையும் எடுத்துக்கொண்டு மின்சார விநியோகத்தை விஸ்தரிப்பதாக மதுரை நகரசபை தீர்மானம்செய்து அனுப்பியிருக்கிறது. இப் பொறுப்பை ஏற்றுக்கொண்டு நடத்தினால் இப்போது கிடைத்துவரும் லாபம் அவர்களுக்கு கிடைக்காமல் போகலாம். மின்சார ஸ்தாபனங்களை மூலம் சர்க்காருக்கு தங்கள் முதலீடுக்கு கிடைக்கும் லாபத்தைவிட சில நகரசபையாருக்கு ஒரு அளவில் அதிக சதவிகிதம் லாபம் கிடைக்கிறது என்பதற்காக, சர்க்கார் நகரசபைகளின் மின்சார ஸ்தாபனங்களை எடுத்துக் கொள்வது நியாயமாகாது, வேண்டுமென்றால் அவர்கள் அதிக லாபம் சம்பாதிக்காத முறையில், அவர்களுடைய விஸ்தரிப்பை அதிகப்படுத்தி கிராமப் பகுதிகளிலும் வேலைகளை விஸ்தரித்து, அவர்களுடைய வரும்படி குறையும்படி சர்க்கார் செய்யலாம். அதுபோன்ற நோக்கம்தான் இருக்கவேண்டுமே யொழிய, நகரசபைகள் நடத்துகின்ற மின்சார ஸ்தாபனங்களை எடுத்துக் கொள்ளக்கூடாது என்று நான் கேட்டுக்கொள்ளுகிறேன். அதற்காக செல்க்ட் கமிட்டிக்கு விட்டு, மசோதாவை திருத்த வேண்டுமென்று நினைக்கிறேன். இந்திய எலெக்டிரிசிட்டி சட்டத்தையும் எலெக்டிரிசிட்டி சபினை சட்டத்தையும் படித்துப் பார்த்தால், நகரசபைகள்தான் மின்சார உற்பத்தி விநியோகம் செய்யத் தகுதியான ஸ்தாபனமாக கருதப்பட்டு பல அனுகூலமான சந்தர்ப்பங்கள் அளிக்கப்பட்டிருக்கிறது தெரியவரும். இந்தியாவில் பல தொழில்கள் தேசிய மயமாக்கப்பட வேண்டுமென்று அவசரப்பட்டு சொல்லப்படுகிறது. ஆனால் இப்போது ஆண்டு கொண்டிருக்க சர்க்கார் தேசிய மயமாக்கும் வேலை அவ்வளவு சீக்கிரமாக செய்யக் கூடிய காரியமல்ல என்று கூறி இருக்கிறார்கள். தனிப்பட்ட நபர்கள் முதல் போட்டு பெரிய தொழில்கள் ஆரம்பிப்பதற்கு இன்று தயங்குகிறார்கள். இப்போது சென்னையில் பஸ் போக்குவரத்து சர்க்காரால் நடத்தப்படுகிறது. சர்க்கார் அதிக லாபம் வரக்கூடியது என்று கருதி எடுத்துக்கொண்டார்கள். சர்க்காருக்கு அதை ஏற்று நடத்தக்கூடிய அனுபவம் இல்லை. எதிர்பார்த்த லாபம் கிடைக்கவில்லை. மின்சார ஸ்தாபனங்களையும், பஸ் போக்குவரத்தையும் தனிப்பட்டவர்கள் முதலீடு போட்டு நடத்திவருவதை இன்னும் கொஞ்ச காலத்திற்கு நீடிக்க செய்யலாம். பல ஐந்தாண்டு திட்டங்கள் நடத்த சர்க்காருக்கு பல கோடிக்கணக்கான ரூபாய் தேவையாக இருப்பதால் தேசிய மயமாக்கும் வேலையை தள்ளி வைக்கலாம் என்று நினைக்கிறேன்.

“தவிர மத்திய சர்க்காரின் இந்தியன் கம்பெனி சட்டத்தின்கீழ் நிறுவப்பட்டு தனிப்பட்ட நபர்கள் பணம் போட்டு நடத்திவருகிற ஒரு வியாபார அல்லது தொழில் ஸ்தாபனத்தை இந்திய யூனியன் சட்டத்தினால் தான் கலைக்க அல்லது ஒழிக்க அல்லது நடத்தப்படாமல் செய்ய முடியுமென தவிர ஒரு ராஜ்ய சர்க்காரின் சட்டத்தின் மூலம் நிர்ப்பந்தமாக கலைக்கப்பட்டு அந்த ஸ்தாபனத்தை ஆர்ஜித மூலம் எடுத்துக்கொள்வது முடியாத காரியம் என்று வாதிக்கப்படுகிறது. ஆகவே இந்த மசோதாவை சட்ட நிபுணர்களின் பரிசீலனைக்கு விட வேண்டியது ரொம்பவும் அவசியமாகும். இதை சர்க்காரும் நன்றாகப் பரிசீலனை செய்யவேண்டும். ஆகையால் இந்த மசோதாவை ஒரு பொறுக்குக் கமிட்டிக்கு விட வேண்டுமென்ற தீர்மானத்தை சர்க்கார் ஒப்புக்கொள்ள வேண்டுமென்றும் கேட்டுக் கொள்ளுகிறேன்.”

SRI P. B. K. RAJA CHIDAMBARAM :—“மன்றத் துணைத்தலைவர் அவர்களே, இந்த மசோதாவைக் கொண்டு வந்திருப்பதற்கு இரண்டு வகையான காரணங்கள் கூறப்பட்டிருக்கின்றன. ஒன்று சென்னை மாநிலத்திலே மின்சார வசதி மக்களுக்கு நல்ல முறையில் விநியோகப்படுத்துவதற்காக, அரசியலார் இந்தத் திட்டத்தை மேற்கொள்ள வேண்டியிருக்கிறது என்பதாகும். மற்றொன்று இதற்காக 1949-ம் ஆண்டில் செய்யப்பட்ட சட்டமானது உயர் நீதி மன்றத்தால் செல்லுபடியாகாதென்று தீர்ப்பளிக்கப்பட்டுவிட்டதன் காரணத்தால் இப்பொழுது இது மீண்டும் சபையின் ஆலோசனைக்குக் கொண்டுவரப்பட்டிருப்பதாகச் சொல்லப்படுகிறது. நாட்டின் நீதிமன்றம் கூறிய தீர்ப்பையும், சட்ட நிபுணர்கள் சொல்லும் வார்த்தையும் ஒரு புறமிருத்தி மக்களின் நலனுக்காக அரசாங்கம் இந்த மின்சார சபினை ஸ்தாபனங்களை எடுத்துக் கொள்ளும் நடவடிக்கையை மேற்கொண்டே தீரும் என்று அரசியலார் சொல்லும்போது எந்தக் காரணத்திற்காக இந்த மசோதா கொண்டுவரப்படுகிறதோ அந்தக் காரணம் இந்த மசோதாவினால் கை கூடுகிறதா என்கின்ற தகவலையும் சபைக்கு முன்பாக சமர்ப்பித்திருந்தால் மிகவும் நன்றாக இருந்திருக்குமென்று நான் சொல்ல விரும்புகிறேன்.

“எனக்கு முன்பாக பேசியவர்களில் ஒருவர் சொந்த முறையிலேயே இந்த ஸ்தாபனங்களை வைத்து நடத்துகிறவர், மற்றொருவர் நகராட்சியின் சார்பாக இந்த ஸ்தாபனத்தை நடத்துகிறவர். இவர்கள் இருவருமே அரசாங்கம் இந்தப் பொறுப்பை ஏற்றுக் கொள்ளக் கூடாதென்பதற்காக பல வாதங்களைச் சொன்னார்கள். அவைகளை நான் ஒப்புக்கொள்ளவேயில்லை.

“அதோடு பொதுவாக ஒரு தனி மனிதன் எந்தத் தொழிலைச் செய்ய விரும்பினாலும் அதில் சிறிது லாபத்தையாவது எதிர்பார்ப்பது வழக்கம் தான். நான் இதைத் தவறு என்றும் சொல்லவில்லை. நகராட்சி ஸ்தாபனங்கள் ஓரளவு இதன் மூலம் தங்கள் வருவாயை அதிகரித்துக் கொண்டிருக்கின்றன என்பதையும் பார்க்கிறோம். ஆனால் நாட்டில் இன்று மக்களுக்கு இருக்கும் மின்சாரத் தேவையின் அவசியத்தைக் கணக்கெடுத்துப் பார்க்கும்போது இவ்விதம் லாபத்தை மட்டும் எதிர்பார்த்துக் கொண்டு எந்த ஸ்தாபனம் நடந்தாலும் அதைக் கண்டிக்க வேண்டியது அவசியமாகும். ஆகவே நாட்டிலுள்ள எல்லா மக்களுக்கும் மின்சார வசதி கிடைக்கச் செய்யவேண்டுமென்ற உயரிய நோக்கத்துடன் தான் சர்க்கார் இந்த ஸ்தாபனங்களையெல்லாம் தேசியமயமாக்க முன் வந்திருக்கிறார்கள் என்று சொல்வதைக் கேட்க நான் சந்தோஷப்படுகிறேன்.

“ஆனால் ஒன்று. இவர்கள் எடுக்கப் போகின்ற நடவடிக்கைகளால் இந்த எண்ணம் ஈடேறுமா வென்பதை கனம் அமைச்சர் அவர்கள் இந்த மசோதாவைப் பிரேரிக்கும் போது சற்று விரிவாகச் சொல்லி யிருந்தால் நன்றாக இருந்திருக்கும். குறிப்பாக இந்த மாநிலம் முழுவதிலுமுள்ள ஸ்தாபனங்கள் எல்லாவற்றையும் எடுத்துக் கொள்வதென்றால் எவ்வளவு பணம் வேண்டும்? அவைகள் எல்லாவற்றையும் எவ்வளவு நாட்களுக்குள் எடுத்துக்கொண்டு விடலாம்? எடுத்துக் கொள்ளும்போது இவைகள் எல்லாவற்றிற்கும் நஷ்ட ஈடு கொடுப்பது என்றால் எவ்வளவு செலவாகும்? என்ற தகவல்கள் எல்லாம் அரசியலாரிடம் இருக்கலாம். நான் எதற்காக இந்தத் தகவலைக் கேட்கிறேன் என்றால் சில ஆண்டுகளுக்கு முன்பே அரசியலார் மில் ஸ்தாபனங்களிடமிருந்து இந்த மின்சாரக் கம்பெனிகளை எல்லாம் எடுத்துக்கொண்டு நடத்தினார்கள். இதனால் பலவிதமான அனுகூலங்கள் ஏற்பட்டும் இருக்கலாம். ஏற்படாமலும் இருக்கலாம். ஆனால் அந்த மாதிரியாக எடுத்துக்கொண்டது சரியல்ல என்பதாக உயர் நீதிமன்றம் தீர்ப்பு வழங்கியிருக்கிறது. நான் இந்த ஸ்தாபனங்களை எடுத்துக் கொள்வதன் நோக்கம் இனிமேலாவது ஈடேறுமா என்பதைப்பற்றி அப்பொழுது இருந்த மின்சார இலாகா மந்திரி அவர்களிடம் முன்பே கேட்டிருக்கின்றேன். அவர் சரியான பதிலைக் கொடுக்க முடியாமல் இருந்தான்.”

[Sri P. B. K. Raja Chidambaram] [15th May 1954]

இந்த மசோதா சட்டமானவுடன் 4 மாதங்களுக்கு எல்லாம் எல்லா மின்சார ஸ்தாபனங்களையும் தனது மேற்பார்வையில் எடுத்துக் கொள்ளக்கூடிய அதிகாரத்தை அரசியலாருக்கு இது கொடுக்கிறது. இப்படிப்பட்ட அதிகாரத்தைக் கொடுக்கின்ற காரணத்தால் அரசியலார் இந்த மசோதா சட்டமானவுடனேயே இந்த மாநிலம் முழுவதிலுமுள்ள மின்சார ஸ்தாபனங்களையெல்லாம் எடுத்துக் கொள்ளப் போகின்றார்களா? அல்லது ஒரு அட்டவணைப்படி இந்தெந்த ஆண்டுகளில் இந்தெந்த ஸ்தாபனங்களை எடுத்துக்கொள்ளப் போகிறோம் என்று திட்ட வட்டமாகவாவது அறிவிப்பார்களா. என்று நான் அறிய விரும்புகிறேன். நான் ஏன் இதைக் கேட்கிறேன் என்று அறிய அரசியலாரும் விரும்பலாம்.

“நான் வசிக்கும் மாவட்டமாகிய திருச்சியில் நீண்ட காலமாகவே ஒரு தனிப்பட்ட கம்பெனியார் மின்சார சப்ளை செய்து கொண்டிருக்கிறார்கள். அந்த ஸ்தாபனம் நல்ல முறையில் முன்பெல்லாம் பணியாற்றிவந்தது. ஆனால் இப்பொழுதெல்லாம் நல்ல வேலை எதையும் செய்யத் தயங்குகிறார்கள். அவர்களோடு நேரில் பேசி காரணம் என்னவென்று கேட்டதற்கு, ‘எந்தச் சமயத்தில் இதை அரசியலார் எடுத்துக்கொள்வார்களோ என்று நாங்கள் எதிர்பார்த்துக் கொண்டிருக்கிறோம். அப்படியிருக்கும்போது எந்த நம்பி இதில் மூலதனம் போடுவது? நீங்கள் வேண்டுமானால் உங்கள் அரசியலாரிடம் சொல்லி இவ்வளவு ஆண்டுகள் வரையில் இந்த ஸ்தாபனத்தை சர்க்கார் எடுத்துக்கொள்ளாது என்ற உத்திரவாதத்தை அளிக்கச் செய்தால் நாங்கள் அவையையெல்லாம் எடுத்துச் செய்கிறோம்’, என்று சொன்னார்கள். இந்த உத்திரவாதத்தை சர்க்கார் அளிக்கத் தயாரானால் அவர்கள் இன்னும் அதிக மூலதனம் போட்டு கிராமங்களுக்கு எல்லாம் மின்சார வசதியைச் செய்து கொடுக்கத் தயாராக இருக்கிறார்கள்.

“நான் சென்ற வரவு செலவுத் திட்ட விவாதத்தின் போதே கனம் மின்சார அமைச்சர் அவர்களிடம் சொன்னேன். ஒன்று அந்த ஸ்தாபனங்களையெல்லாம் உடனடியாக எடுத்துக் கொள்ளுங்கள், இல்லாவிட்டால் பத்து ஆண்டுகள் வரை அவைகள் எடுத்துக் கொள்ளப்படமாட்டாது என்று உறுதி மொழியாவது அளியுங்கள் என்று நான் கேட்டேன். அதற்கு இன்றைக்கு எங்களிடம் அவைகளை எடுத்துக் கொள்வதற்குப் பணமில்லை. ஆனால் பத்து ஆண்டுகள் வரை அவைகளை எடுத்துக்கொள்ளாமல் இருக்க முடியுமென்ற உறுதி மொழியை அளிக்க முடியாதென்று சொல்லி விட்டார்கள். இதனால் சர்க்கார் கிராம மக்களுக்கு எல்லாம் மின்சாரத்தை அளிக்கவே இதைக் கொண்டு வருகிறோம் என்று சொல்லும் நோக்கம் தான் பூர்த்தியாகவில்லை யென்பதைப் பார்க்கவேண்டும். தனிப்பட்ட மின்சார ஸ்தாபனங்களும் தங்களது ஸ்திரமற்ற தன்மையினால் சொந்த முறையில் போட்டு வேலை செய்ய முன் வர மறுக்கிறார்கள். இந்தெந்த ஆண்டுகளில் இந்தெந்த ஸ்தாபனங்களை எடுத்துக் கொள்ளப் போகிறோம் என்ற உறுதி மொழியையாவது சர்க்கார் கொடுத்தால் ரொம்பவும் நன்மையாக இருக்குமென்று சொல்ல விரும்புகிறேன். மின்சாரக் கம்பெனிகளுக்கு உதவி செய்வதற்காகப் பணம் ஒதுக்கப்பட்டிருந்த போதிலும் அவைகள் அவர்களுக்குக் கொடுக்கப்படவில்லையென்பதை நண்டர் டி. கே. ராஜா அவர்கள் புகார் செய்திருக்கிறார்கள். இதற்காகப் பத்து லட்சம் ரூபாய் ஒதுக்கப்பட்டிருக்கிறது. அந்தப் பணத்திலிருந்தாவது திருச்சி மின்சார சப்ளை கம்பெனிக்கு சிறிது பணம் ஒதுக்கி உதவி செய்யவேண்டுமென்று நானும் கேட்டுக் கொண்டேன். இவ்வாண்டு சில கம்பெனிகளுக்கு உதவி அளித்திருக்கிறோம் என்றும், அடுத்த ஆண்டு இன்னும் சில கம்பெனிகளுக்கு அளிப்போம், அப்பொழுது இதையும் கவனிப்பதாகச் சொன்னார்கள். இந்த ஆண்டும் உதவி செய்வதற்கில்லை யென்று சொல்லி விட்டார்கள். இதனால் ஆயிரக்கணக்கான விவசாயிகளுக்கு மின்சார வசதியை அவர்களால் விஸ்தரித்துக் கொடுக்க முடியாமல் இருக்கிறது. இந்தச் சட்டம் கொண்டுவருவதினால் எந்தவிதமாகவும் நிலைமை அபிவிருத்தி அடைந்துவிடப் போவதில்லை யென்றே நான் கருதுகிறேன். இது மாதிரியாக பொதுப்படையாக; ஆண்டுகள் எதுவும் குறிப்பிடாமல், நாங்களே

[15th May 1954] [Sri P. B. K. Raja Chidambaram]

மின்சாரக் கம்பெனிகளை எடுத்து நடத்தப் போகிறோம் என்று சொல்வதன் காரணமாக திறமையாக நடந்துவரும் ஸ்தாபனங்கள் கூட புது மூலதனம் போட்டு நல்ல முறையில் நடத்த, கிராமங்களுக்கு மின்சாரத்தை விஸ்தரிக்க முன்வர மறுக்கிறார்கள்.

“ஆகவே சர்க்கார் திட்டவட்டமாக இந்தெந்த வருஷங்களில் இந்தெந்த ஜில்லாவிலுள்ள கம்பெனிகளை எடுத்துக்கொள்ளப் போகிறோம் என்று அறிவித்தாக வேண்டும். அல்லது உடனடியாக எல்லாவற்றையும் எடுத்துக் கொள்வதற்காவது தக்க நடவடிக்கை எடுத்துக் கொண்டாகவேண்டும். அப்பொழுதுதான் சர்க்காரின் நோக்கம் ஈடேரும். அவர்கள் எண்ணம் வெற்றிபெறும். இவைகளையெல்லாம் சர்க்கார் நன்கு விளக்கமாக தெரியப் படுத்த வேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன் தவிர இந்தச் சட்டத்தை நிபுணர்களின் பரிசீலனைக்கு விடவேண்டுமென்று நான் சொல்ல விரும்பவில்லை. கனம் அமைச்சர் அவர்கள் பதில் சொல்லும்போது இதைப்பற்றி விரிவாகப் பதில் சொல்லுவார்கள் என்ற நம்பிக்கையுடன் நான் அமருகிறேன்.”

SRI C. RAJAM RAMASAMY:—“Mr. Deputy Speaker, Sir, I have no hesitation in supporting this Bill. I oppose the move for referring this Bill to a Select Committee for the very simple reason that this is only a revalidating measure. This Bill was discussed threadbare in 1949 when it became law. On some technical grounds the law has been declared *ultra vires* of the State Legislature by the Supreme Court of India. I do not know whether the Government have carefully read through the judgment of the Supreme Court and incorporated in this Bill all the suggestions that have been made therein. For instance, I wonder whether the provision in clause 14 of this Bill relating to the termination of Managing Agency is in order. Managing Agents are appointed by the shareholders under the Indian Companies Act, which is a Central piece of legislation. Whether a State Legislature has a right to terminate a contractual relationship between the shareholders and the company based on a law passed by the Centre is a debatable point. I think a reference on this subject was made to the High Court here and some decision was given. I wonder whether the Government have studied this decision and whether they have come to any conclusion as to the propriety of including in this Bill the provision relating to termination of Managing Agency. As far as the Government are concerned, they have every right to acquire any undertaking and do away with the licensee. But I consider they have not any power to terminate the relationship between the shareholders and the Managing Agents or Managing Directors of these companies. I request the Hon. Minister to kindly go through the provisions and satisfy himself that the Constitution gives him this power and he is perfectly within his bounds to include this clause in the Bill. As I have already said, licensees will be only too glad to hand over all their undertakings to the Government. There is not a single licensee in this State who is anxious to continue. As the Hon. Member Sri Raja Chidambaram rightly pointed out, no licensee is anxious to retain his licence. He only wants an assurance from Government as to how long he will

[Sri C. Rajam Ramasamy] [15th May 1954]

be allowed to continue, and to know the date by which his undertaking will be taken over. Once this is done, all licensees will do their best and help in a quick and rapid promotion of rural and urban electrification of their areas.

“ The hon. Member, Sri D. K. Raju, when he was speaking on this Bill a short while ago, made some remarks which, I think, were mischievous. I believe he did it purposely. He must have had some other motive when he made those remarks. I am not responsible for any frustration which this hon. Member suffers from. The hon. Member has obviously spoken out of frustration and his personal quarrels with the then Chief Minister. The then Chief Minister and the hon. Member should know the reason why the latter's concern was acquired. I can say without any fear of contradiction that the licensee referred to by him has not taken a copper from the Government as loan and to say that lakhs of rupees have been given as loan is nothing but blasphemy. The hon. Member also stated that some lapsed licences had been extended by Government. I do not know whether the hon. Member has cared to read Section 3 of the Act where a provision has been made for the withdrawal of notices issued under the Indian Electricity Act, 1910. The object of making such a provision in the Act was explained by the then Minister for Public Works; the Minister said that the policy of the Government was not to acquire undertakings which are working efficiently, and only those undertakings which were inefficiently managed will be taken over first. I hope, the hon. Member would at least now understand why certain concerns were taken over first. I am sure, the hon. Member is aware of the fact that I was not even a Member of the Legislature when this Bill was considered. In fact, I am a strong believer in public ownership of public utilities. Therefore, to level a charge that the Government are favouring their own party members is mischievous and unwarranted.

“ The hon. Member Sri Raja Chidambaram laid very great emphasis on the hardships felt by private licensees in carrying out electricity extension schemes and furthering the development programmes in view of the threat of impending nationalization. It will be better for licensees to be told when their undertakings will be taken over. If that is not possible, an assurance may be given that their concerns will not be touched for five years or ten years to come so that they can easily raise capital. As we all know, capital is very shy and raising money in the open market is difficult. As it is, a sum of about Rs. 75 lakhs is being borrowed or raised annually by private licensees in the open market to electrify their areas. If the Government are serious that licensees should do their bit in the rapid electrification of rural areas, they should give an assurance to these licensees as to the period of time after which their undertakings will be taken over. Unless such an assurance is given, it will be very difficult for licensees to raise money. No doubt Government are coming forward with the grant of small loans, but it will not be sufficient.

15th May 1954] [Sri C. Rajam Ramasamy]

As I have said before, a sum of about Rs. 75 lakhs is the annual capital expenditure incurred by the different licensees in this State, and once Government tell them the date by which their undertakings will be taken over, they will be able to raise their own capital and rapidly extend electrification to the rural areas.

“ The hon. Member, Sri Raja Chidambaram also raised another pertinent point, viz., that no mention was made by the Hon. Minister in his speech about the total amount of compensation that would become payable to these licensees, and how the Government were going to find the money. It was roughly estimated at the time the original Bill was introduced that anything between three to four crores of rupees would be required to take over these undertakings and that even if they are to be taken over in batches, it would involve payment of a crore of rupees every year. Therefore, it will be for the Government to decide the balance of advantage between taking over these undertakings immediately or after some years, and utilizing whatever money they are able to raise by way of loans in the open market for augmenting or increasing the generating capacity in our State. As hon. Members are fully aware, we are constantly threatened by power shortage, staggering of loads, power cuts and so on and so forth. Unless the power potential of this State is increased by another 300,000 kilowatts, there is no hope of either rapid industrialization or agricultural development. Therefore, it is obvious that Government should utilize all the financial resources at their command to immediately increase the power potential of the State. I would say the retail distribution of electricity is a minor matter. The most important thing is to increase the power potential of this State so that the needs of a very large number of people who are still waiting for the supply of electricity can be satisfied. Government have a very large area of their own where they have to extend electricity. I was just looking through the Administration Report for the year 1952-53. The Government have extended their lines to only 182 villages during the year. It is not very much compared to the area of supply under their control. If the Department is really anxious to serve the people and show marked progress in the field of rural electrification, they should extend their lines to at least 500 new villages every year. Every village with a population of thousand and more should be electrified. The small extensions that have been carried out are not enough or sufficient; greater emphasis should be laid on village electrification by private licensees also.

“ The results of the working of the Electricity Department have not been very satisfactory and I would like to bring a few salient points to the notice of the hon. Members. If only they would refer to the Budget Memorandum presented to this House in March this year, they would find that the gross receipts estimated from all electrical undertakings of this Government amount to Rs. 5.25 crores while the working expenses including interest

[Sri C. Rajam Ramasamy] [15th May 1954]

on capital outlay amount to about Rs. 5.71 crores; there is an excess expenditure of about Rs. 45 to 46 lakhs for which money is being drawn from the General Exchequer. Is it right for a commercial department to draw money from the General Exchequer? The department should be self-supporting and should not draw upon the general revenues of the State. It should try to balance its own budget. Instead, it has been estimated to draw about Rs. 46 lakhs from out of the general revenues to keep this department going. Is it right to tax the tax-payer by way of electricity surcharges and again draw about Rs. 46 lakhs from the general revenues for feeding this department? If an Electricity Board had been established, probably they would have become self-sufficient, they would have understood the canons of commercial enterprise, they would have probably regulated their tariff structure, their income and expenditure would have been balanced, and there would have been no inroads on the general revenues of the State.

"In regard to the tariffs, inasmuch as Government were the sole generators and distributors, they should have put forward an integrated tariff structure; but what is the position to-day. We have three different Hydro Electric Systems, viz., Mettur, Papanasam and the Pykara, with three different tariffs, and the Madras Thermal System, with another tariff. Is it not right for a consumer living in any part of the State to expect one standard tariff applicable for all areas? Is it fair for a consumer in Mettur to pay less, and a consumer in Papanasam to pay more? Of course, a small surcharge can be added on to the integrated tariff in thermal areas as thermal generation is costly. If people are to really derive the benefit from Government owning, generating and distributing electricity in this State, a unified and integrated tariff structure is absolutely necessary.

"There is a general expectation that electricity will be supplied at low rates under Government ownership, and therefore it is absolutely necessary to integrate the tariffs and lower the rates. Instead what is happening now? A surcharge of 20 per cent is being levied on all consumers, and in spite of the surcharge, there is still a deficit of Rs. 46 lakhs and the general tax-payer is made to pay to feed this department. The Electricity Department is overcrowded with staff and the establishment charges are so heavy that they eat away all the income the department is earning. Unless an Electricity Board is formed in the near future and the entire administration conducted on a commercial basis, more and more money will be lost and more and more surcharges will be levied on the consumer. Therefore, I appeal to the Hon. Minister to consider the advisability of establishing an Electricity Board. Practically all the other States in the North have agreed to the constitution of Electricity Boards and I hope this Government also will consider seriously the matter of constituting Statutory

[15th May 1954] [Sri C. Rajam Ramasamy]

Electricity Boards with full powers not only to generate and distribute electricity, but also to acquire private undertakings and do all that is necessary for the rapid development of rural electrification.

"There is no need to refer the Bill to a Select Committee. The clauses in the Bill have been discussed threadbare in 1949, when the Bill was brought forward then and passed into Law. I therefore oppose the move to refer the Bill to a Select Committee.

"There is one clause in the Bill about which I wish to say a few words and that is about the staff. There is some doubt in the minds of the staff employed by the different licensee undertakings that when those undertakings are taken over by Government they will not be taken in service. Every Member of the staff employed by these undertakings, irrespective of his qualification or scale of pay, should be absorbed by the Government. In order to do this smoothly and easily, I suggest to the Government the institution of an inquiry into the working conditions, salaries and other allowances drawn by the different grades of staff employed to see how they compare with the scales of pay and other working conditions enjoyed by similar categories of staff in Government Electricity Department. It may even be advisable to persuade every licensee to give the same scales of pay to his employees. If this is done, when the change-over comes it will be easy and smooth. It will not then be difficult to absorb all the employees into the Government Electricity Department. Government should come forward to institute this inquiry at an early date. This is the only way in which the Government can satisfy the staff working in the various undertakings. Somehow or other, the Government must absorb all the employees. They should not use the provision relating to giving 'three-months' notice' to the staff freely. I once again repeat that there is no need to refer the Bill to a Select Committee. We may straightaway proceed with the consideration of this Bill and finish it as quickly as possible.

"With these few words, I resume my seat."

SRI M. NARAYANA KURUP :—"Mr. Deputy Speaker, Sir, I rise to support the motion for referring the Bill to a Select Committee. It will generally be agreed that electricity undertakings and other similar undertakings which are public utility services should not be allowed to be carried on by individuals. But, that the Government should take over these undertakings is one thing and that they should be administered by them departmentally is a different thing altogether. In this connexion I cordially endorse the suggestion made by the previous speaker, viz., that the administration of this department should not only be under a Board, but under a Corporation. In other words, I lay emphasis on socialization of such undertakings rather than on nationalization. It is a well-known fact that whenever an undertaking is

[Sri M. Narayana Kurup] [15th May 1954]

taken over by the Government and administered by them departmentally, it becomes less efficient and more costly than an undertaking administered by a private individual. Then again, it is said that the Government were taking over such important public utility services for the benefit of the State or the country as a whole. It has been pointed out that as a result of the progress that we have so far made, the poor people of the rural areas, who ought to get a greater consideration, have not benefited to the extent they deserve. Why is it so? It is because the department is administered by the Government, where the influence of capitalists and the people of the urban area is predominant. We know that 50 per cent of the electricity produced in India is consumed by the citizens of Bombay and Calcutta which form one per cent of the population. Even in our State, if I remember right, only about 11 per cent of the electricity generated here goes to the benefit of the rural people. Therefore to administer such an important public utility service, a Corporation must be established in which representation should be given not only to the Government but to the people who will benefit by such undertakings and also to the workers employed in such industries. The previous speaker referred to the discontent of the workers employed in this department and the complaint that rural areas did not receive due consideration at the hands of the Government. If a statutory Corporation is established consisting of the various interests, the Government, the consumers and the workmen employed in the department, I believe there will be a more harmonious combination of every element in society and the real object of this enactment will be achieved.

"It is necessary that this Bill should go before a Select Committee as it deserves very careful consideration. In the matter of payment of compensation, I believe one of the grounds on which the Act was declared void was due to the fact that there was discrimination. Even in this Bill, the basis of compensation is different. It is classified under three heads (A), (B) and (C) and each one has its own special divisions. Of course, a certain amount of classification, if it is equitable, is permissible under the Constitution. But, it requires very careful and serious scrutiny as to whether the classification that is resorted to in this Act conforms to the requirements of the Constitution. This is a very important matter. Of course, the Government would say that this point has been examined by their experts. But the continuous decisions of the Courts have made us believe that the Government cannot have the monopoly of wisdom in drafting and our faith in their efficiency in drafting has been shaken if not shattered, by such decisions of the courts. So, a Committee consisting of eminent lawyers and experts may be appointed to go into this Bill. (Interruption.) I suppose there are lawyers and experts here as well as in the Council. At this stage, I wish to make one point clear. When points are discussed and other people put forth their own opinion in a Committee however eminent an expert might be, he will come to a decision which will be

15th May 1954] [Sri M. Narayana Kurup]

different from the one which he will arrive at if he sat alone and took a decision in his individual capacity. Therefore I think the appointment of a Select Committee to consider this Bill is essential. Then with regard to compensation: It has been stated that this would involve a large amount. I would request the Government to see whether it is possible to pay part of the compensation in cash and part in bonds. Sir, the liabilities of the Government will be considerably reduced if they pay a part in Bonds.

"Sir, a simple statement that this is practically a reproduction of the previous Bill, does not necessarily mean that this Bill should not go before a Select Committee, because we are now functioning under entirely different circumstances. The Constitution of India has imposed many restrictions on such enactments and what could have been done normally before the Indian Constitution came into force in 1950, cannot be done now. Therefore, though the clauses might have been in the previous Act, they require a careful scrutiny and it can only be done by sending this Bill to a Select Committee."

"சேஷசாயி போன்ற கம்பெனிகள் கொள்ளையடித்துக் கொண்டிருக்கிறார்கள். இன்று முனிசிபாலிட்டியில் இந்த மின்சார விநியோகம் சரியாக நடைபெறுவது இல்லை. ஊழல்கள் அதிகமாக இருக்கின்றன. சரியானபடி நிர்வாகம் நடைபெற்றால் இந்தச் சட்டம் போடவேண்டிய அவசியமே இல்லை. பார்லிமெண்டில் அரசியல் சட்டம் மாற்றப்பட வேண்டுமென்று பேசப்படுவது கிறது. இந்த அரசாங்கமும் சரியென்று சிபார்சு செய்தால்கூடபோதும், Committee-யிலும் நஷ்ட ஈடு கொடுக்கவேண்டுமென்று சொல்லப்படுகிறது.

[15th May 1954]

“சென்னையில் மின்சாரக் கம்பெனியிடமிருந்து சர்க்கார் எடுத்துக் கொண்டபோது நஷ்ட ஈடாக ஒரு பெருந் தொகை கொடுத்தார்கள். அப் பொழுது கனம் பக்தவத்சலம் பொது மராமத்து மந்திரியாக இருந்தார். இவர் மந்திரியாக இருக்கும்பொழுது Compensation-ஆக 3 கோடி ரூபாய் ஒரே செக்கில் ரொக்கமாக அந்த வெள்ளை முதலாளிகளுக்குக் கையெழுத்து இட்டு கொடுத்தார். அந்த முதலாளிகளுக்கு உடனடியாகப் பணத்தைக் கொடுக்கவேண்டும் என்பதற்காக அவசர அவசரமாக சட்டசபையில் ஒரு Bill கொண்டுவரப்பட்டது. அரசியல் சட்டத்திலும் ஒரு மாற்றம் கொண்டுவரப்பட்டது. ஆனால் இப்பொழுது கொடுக்கவேண்டிய நஷ்ட ஈட்டுத் தொகை இன்னும் நிர்ணயிக்கப்படாதாகத் தெரியவில்லை. இப்பொழுது இருக்கும் தனிப்பட்ட மின்சாரக் கம்பெனிகளில், Share-holder-கள் நிறைய பணம் போட்டிருக்கிறார்கள். South Arcot கார்ப்பரேஷன் என்ற ஒரு மின்சாரக் கம்பெனி இருக்கிறது. பல பங்குதாரர்கள் இருக்கிறார்கள். இன்னும் Jameel என்ற கம்பெனி பல ஆண்டுகளாகப் பொதுப் பணத்தைக் கொள்ளையடித்துக் கொண்டிருக்கிறது. இவர்களுக்கு நஷ்ட ஈடு தொகையை உடனே கொடுப்பதற்குப் பதிலாக சில வருஷங்களுக்குப் பிறகு கொடுக்க தள்ளிப்போடலாம். பணம் படைத்தவர்கள்தான் ஷேர் வைத்துள்ளார்கள். மெம்பர்கள் எல்லோரும் பணம் படைத்தவர்கள்தான். இவர்கள் இன்னும் பணம் கேட்டால் கொடுக்கவும் தயாராக இருப்பார்கள். ஆனால் நடுத்தர மக்களுக்குத் திருப்பிக் கொடுத்துவிடவேண்டியதுதான். இவர்களுக்குக் கொடுக்கும்பொழுது 4% வட்டியாகக் கொடுத்து மழுப்ப வேண்டிய நிலைமையில்தான் இருக்கிறது. பெரிய பணக்காரர்கள் இருக்கிறார்கள். இவர்களுக்குக் காலம் தாழ்த்திக் கொடுக்கலாம். நடுத்தரக் காரர்களுக்கு உடனடியாகக் கொடுத்துவிடவேண்டியதுதான். நஷ்ட ஈடு கொடுத்துக்கொண்டே மக்களிடம் வாங்கும் வரியிலிருந்து அவர்களுக்கும் நல்ல dividend கொடுக்கலாம். இந்த கையால் வாங்கி அந்த கையால் கொடுப்பதற்கு 3½ அணு கொடுக்கவேண்டும். கமிஷன் ஏஜெண்டுகள்தான் கொள்ளையடிக்கப்போகிறார்கள். ஆகையால் இப்பொழுது கொடுப்பதைத் தள்ளிப்போட்டால் நலமாயிருக்கும். இதைத் தள்ளிப்போட அரசாங்கம் முன்வரவேண்டும். மேலும் நண்பர் ராமசாமி அவர்கள் சொத்து வாங்க வேண்டிய கட்டணங்கள் மாறுபட்டிருக்கிறது என்று சொன்னார். சாதாரணமாக சர்க்கார் எடுத்துக்கொண்ட பிறகு மக்களுக்கு ஏதாவது சார்ஜ் குறைந்து இருக்கிறதா என்று கேட்கிறேன். என்ன பயன் பெற்றார்கள் மக்கள்? எதிர் பார்த்த அளவுக்கு மக்களுக்குப் பயன் ஏற்படவில்லை. குறைந்த கட்டணத்தில் அதிகமான மின்சாரம் எல்லோருக்கும் வழங்கினால்தான் தேசியமயமாக்குவதில் முழுப்பயன் கிடும். திருச்சி, ராமநாதபுரம், தஞ்சாவூர் ஜில்லாக்களை ஒன்றாக எடுத்துக் கொள்ளலாம். அப்படி எடுத்துக்கொண்டால் அவர்கள் நமக்குக் கடன் கொடுத்தால் 4½% வட்டி கொடுக்கவேண்டும். ஆனால் அரசாங்கம் வட்டி கொடுத்தால் 3% தான் கிடைக்கும். தனிப்பட்டவர்கள் 4½% கொடுக்கிறார்கள். சாதாரணமாக ஏழை மக்கள் அதிகமான வட்டியைத்தான் எதிர் பார்ப்பார்கள். கிராமங்களுக்கு மின்சாரம் முக்கிய தேவையாக இருக்கிறது. இப்போது நடவடிக்கை எடுத்துக்கொண்டாலும் அமுலுக்கு வருவதற்கு இன்னும் மூன்று ஆண்டுகள் ஆகும். இதற்கெல்லாம் 10 லக்ஷம் ரூபாய் வேண்டியதாயிருக்கும். பல கிராம மக்கள் மின்சாரம் வேண்டுமென்று கேட்டுக்கொண்டிருக்கிறார்கள். இந்த நிலைமையில் கிராமங்களுக்கு மின்சாரத்தை விஸ்தரிப்பதற்கு பல லக்ஷம் ரூபாய் தேவையாயிருக்கும்.

“நண்பர் சி. ஆர். ராமசாமி அவர்கள் ‘ஆயிரத்திற்கு மேற்பட்ட ஜனத் தொகையுள்ள கிராமங்களுக்கு மின்சார வசதி செய்துத்தர சர்க்கார் நடவடிக்கை எடுக்கவேண்டும் என்று சொன்னார்கள். வருஷத்திற்கு 1,000 கிராமங்கள் என்று எடுக்கவேண்டும். மேலும் இப்பொழுது சென்னை மின்சார இலாகா லாப கரமாகவே வேலை செய்வதில்லை. போதுமான வரியினங்களிலிருந்தே செலவு படுகிறது’ என்று சொன்னார். மின்சார இலாகாவில் இருந்து லாபத்தை எதிர்பார்க்கக்கூடாது. மக்களுக்கு இந்த இலாகாவிலுள்ள நல்ல பயன் ஏற்படுகிறதா என்று பார்க்கவேண்டும். ஒரு கம்பெனியை சர்க்கார் எடுத்து நடத்தவேண்டுமென்றால் அந்த கம்பெனியிலுள்ள தொழிலாளர்களின்

நலத்தை சர்க்கார் முக்கியமாகக் கவனிக்கவேண்டும். அந்தக் கம்பெனியைச் சர்க்கார் எடுத்து நடத்தும்போது அந்தக் கம்பெனியிலுள்ள ஊழியர்களை அப்படியே சர்க்கார் எடுத்துக்கொள்ளவேண்டும். அவர்களுக்கு மூன்று மாத நோட்டீஸ் கொடுத்து அனுப்பிவிடக்கூடாது. மேலும் ஊழியர்களின் அடிப்படை நலன்கள் பாதுகாக்கப்படவேண்டும். ஆதலால் இதை எல்லாம் தீர ஆலோசிப்பதற்கு இந்த மசோதாவை பொறுக்குக் கமிட்டிக்கு விட வேண்டும் என்று கேட்டுக்கொண்டு என் பேச்சை முடித்துக்கொள்கிறேன்.”

SRI R. KRISHNASWAMI NAIDU :—“கனம் உதவி சபாநாயகர் அவர்களே, சர்க்கார் கொண்டுவந்திருக்கும் இந்த மசோதாவை நான் ஒரு விவசாயி என்ற முறையிலும், கிராமவாசி என்கின்ற முறையிலும் மனப் பூர்வமாக ஆதரிக்கிறேன். விவசாயிகளுக்கு இந்தச் சட்டத்தின்மூலம், தனிப்பட்ட கம்பெனிகள் மூலம் கிடைக்கும் அனுசூலத்தைவிட அதிக அனுசூலங்கள் இருக்கின்றன என்பதை என்னுடைய பிரத்யேக அனுபவத்தால் கண்டு, உண்மையில் இதை மனப்பூர்வமாக ஆதரிக்க முன்வந்திருக்கிறேன். 1949-ம் வருஷத்திய சட்டத்தில் குறைகள் இருப்பதாக ஹை கோர்ட்டிலும், சப்ரீம் கோர்ட்டிலும் தீர்ப்புக் கூறப்பட்டதாகவும், அத்தவறை நிவர்த்தி செய்ய இந்தச் சட்டம் கொண்டுவந்திருப்பதாகவும், இன்னும் குறைகள் அதில் மலிந்திருப்பதாகவும் ஒரு சில அங்கத்தினர்கள் குறிப்பிட்டார்கள். எப்போதும் சட்டமென்றால் இப்படிப்பட்ட குறைகள் தோன்றிக்கொண்டுதான் இருக்கும். அதை நிவர்த்திக்கும் முறையில் ஒரு நிர்ணயமான சட்டம் கொண்டுவருவது கடினம். குறைகள் இருந்தால் அறிவாளிகள் நிவர்த்திக்கவேண்டியது அவசியம். இது சட்டசபைக்கு வரவேண்டிய அவசிய மிருந்தாலும், ஏதாவது காரணம் காட்டி காலம் தாழ்த்த வேண்டுமென்று இதை செலக்ட் கமிட்டிக்கு விடவேண்டுமென்று கூறுவது நன்றாக இல்லை. இந்தச் சட்டத்தில்கூட பாரபட்சம் காட்டப்படுவதாகவும், கம்பெனிகளும், ஸ்தல ஸ்தாபனங்களுக்கும் பாதிக்கப்படுவதாகவும், இன்னும் அவர்கள் ஒரு கம்பெனியை சொந்தமாக எடுத்துக்கொள்ளும்போது நியாய நஷ்ட ஈடு கொடுக்கப்படவேண்டுமென்ற எண்ணமே இல்லாத முறையில் இதில் தலையிட்டிருப்பதாகவும் கூறப்படுகிறது. இங்கு இந்தச் சட்டத்தில் லாபத்தை அடிப்படையாகக்கொண்டு இதுவரையும் தனிப்பட்ட முதலாளிகள் ஸ்தாபனத்தில் லாபம் கணக்கிடப்படுகிறது. அந்த அளவுக்கு கூடாது. என்னென்றால் மூலபங்கின் அடிப்படையைக் கொண்டோ, லாபத்தை ஆதாரமாகக்கொண்டோ கணக்கிடப்படவேண்டும். இதை அனுசரித்து கம்பெனிகளின் யுக்தம்போல் செய்ய, இதில் சில சலுகைகள் அளிக்கப்பட்டிருப்பதாகச் சொல்லப்படுகிறது. அந்தமாதிரி பாரபட்சம் ஏதுவும் இருப்பதாக நான் கருதவில்லை. இந்தச் சட்டத்தை செலக்ட் கமிட்டிக்கு அனுப்பாமல், சீக்கிரம் சர்க்கார் நிர்வாகத்தில் வைக்கப்படுமென்று நினைக்கிறேன்.

“சர்க்கார் லாபத்தைக் கருதுகிறது என்று சிலர் சொன்னார்கள். தனிப்பட்ட கம்பெனிகள், அவர்கள் போட்ட முதலீட்டை ஒரு கணக்காகக் கொண்டு, குறைந்தபட்சம் நம்முடைய பங்கிற்கு நியாயமாக இவ்வளவு தொகை கிடைக்க வேண்டுமென்றும், அதற்கு மேலும் இவ்வளவு தொகை சேர்க்க வேண்டுமென்றும் நினைப்பார்கள். இந்த நோக்கத்தை நான் சொல்லி பிறர் அறிந்துகொள்ள வேண்டியதில்லை. இதுதான் உண்மை. ஆகவே சர்க்கார் லாபம் அதிகமாக வேண்டுமென்று எதிர்பார்ப்பதற்கில்லை. இப்போது கம்பெனிகள் நிர்வாகத்திற்கு விட்டால், ஒரு எரியாவிலே நிறுவும் போது கிராமங்களுக்கு ஒரு திட்டத்தை விஸ்தரிப்பதற்கு அங்கு எவ்வளவு செலவாகும், அதன் பேரில் 100-க்கு எத்தனை சதவிகிதம் லாபம் கிடைக்கும் என்றெல்லாம் அவர்கள் எஸ்டிமேட் தருவார்கள். ஆனால் சர்க்கார் தங்களுடைய நிர்வாகத்தினதீழ் எடுத்துக்கொண்டதற்குப்பின், கம்பெனிகள் கூறிவந்த ஆட்சேபணைகளை எல்லாம் கைவிட்டு விட்டு, விவசாயிகள் சம்பந்தப்பட்டவரை லாபத்தை அடிப்படையாகக் கருதாமல் பல இடங்களில் மின்சார விஸ்தரிப்புத் திட்டத்தை ஏற்படுத்தியுள்ளதை நாம் பார்த்து வருகிறோம். அதாவது 1947-48 வருஷத்திலிருந்து விவசாயத்திற்கு உதவிச் செய்ய வேண்டுமென்ற பிரதான நோக்கத்தோடு எல்லா இடங்களிலும் இத்

[Sri R. Krishnaswami Nayudu] [15th May 1954]

திட்டத்தை விஸ்தரிப்பதை பல வருஷ அனுபவத்தில் நாம் கண்டுகொண்டிருக்கின்றோம். ஆகவே சர்க்கார் லாபத்தை நோக்கமாகக்கொண்டு இந்தத் திட்டத்தை எடுத்துக்கொள்ளவில்லை; சர்க்கார் லாபத்தை கருதவில்லை. மின்சாரத்தை விஸ்தரிக்க வேண்டுமென்ற நோக்கத்தோடே இத் திட்டம் சர்க்காரால் நிறைவேற்றப்பட்டது.

“முனிசிபாலிடி சம்பந்தமாக ஒரு நபர் ஆட்சேபணை சொன்னார். அதாவது இம்மாதிரியான மின்சார விஸ்தரிப்புத் திட்டத்தை யெல்லாம் முனிசிபாலிட்யாரே பொறுப்பெடுத்து நடத்த வேண்டுமென்றார். இப்போது பல பெரிய மின்சாரத் திட்டங்களை சர்க்கார் பொறுப்பெடுத்து நடத்தப்போவதாக நினைக்கிறேன். அப்படிப்பட்ட திட்டங்களை கார்ப்பொரேஷனாக இருந்தாலும், முனிசிபாலிட்யாக இருந்தாலும் அம்மாதிரியான பெரிய ஸ்கீம்களை செய்வதற்கு அவர்களிடத்திலே உள்ள பொருளாதார நிலைமை இடம் தராது. ஆகவே இதையெல்லாம் அரசாங்கம்தான் செய்தாக வேண்டும். இதிலே பொதுஜனங்களிலிருந்து விவசாயிகளாவரை எல்லோருக்கும் உதவி செய்வதால், இதை ஒரு ஸ்தல-ஸ்தாபனம்தான் செய்ய வேண்டுமென்ற ஆட்சேபணை இருக்க அவசியமில்லை என்று நினைக்கிறேன். சர்க்காருக்கே எல்லா இடங்களும் நிர்வாகத்தில் இருந்தால், எந்தெந்த பகுதிகளில் முதலில் கஷ்டத்தை உடனடியாக போக்க வேண்டுமென்று அறிந்து, அதற்கான உபாயங்கள் செய்யமுடியும். சில இடங்கள் ஸ்தல-ஸ்தாபனத்தில் சேராமல் வசதியற்று தனியாக ஸ்டப்ப்டிருக்கும். ஆகவே எல்லா இடங்களையும் சர்க்கார் எடுத்துக்கொள்வது மிகவும் அவசியமாகும்.

“அப்படிச் சர்க்கார் கம்பெனிகளை எடுத்துக் கொள்வதினால் அந்த கம்பெனிகளிலுள்ள ஊழியர்கள் பாதிக்கப்படுகிறார்கள் என்று சிலர் கூறினார்கள். ஊழியர்களுக்கு முக்கியமான வழிவகை செய்யவேண்டியது அவசியமே. எங்கள் பகுதியில் கம்பெனியை சர்க்கார் நிர்வாகத்தில் எடுத்துக்கொள்ளும்போது, அந்த கம்பெனியில் ஊழியர்கள் அத்தனை பேரும் சர்க்கார் நிர்வாகத்திலேயே எடுத்துக்கொள்ளப்பட்டார்கள். யாரும் பாதிக்கப்படவில்லை என்பது எனக்குத் தெரியும். அந்த கம்பெனியில் இருந்து வந்த அத்தனை பேரையும் சர்க்கார் தங்கள் நிர்வாகத்தில் எடுத்துக் கொண்டதால், எல்லா ஊழியர்களும் சர்க்கார் தங்களுக்கு இது ஒரு வரப்பிரசாதம் வழங்கியதாக சந்தோஷப்பட்டுக்கொண்டார்கள் என்பதை தெரிவித்துக்கொள்ளுகிறேன். அவர்கள் கூறியதுபோல் அப்படிப்பட்ட கஷ்டமே ஒன்றும் ஏற்படவில்லை. சட்டப்படி தாங்கள் ஒரு வரையறைக்குக் கட்டுப்பட்டுவிடக்கூடாது என்ற காரணத்திற்காக சர்க்கார் உறுதிமொழி கொடுக்காவிட்டாலும், கம்பெனிகளை எடுத்துக்கொள்ளும்போது, அதிலுள்ள ஊழியர்களையும் எடுத்துக்கொள்வதாக ஒப்புக்கொண்டிருப்பதே போதும். அதனாலேயே ஊழியர்கள் யாரும் பாதிக்கப்பட மாட்டார்களென்று நினைக்கிறேன்.

“நண்பர் ராஜா சிதம்பரம் அவர்கள் கம்பெனிகளை எடுத்துக்கொள்வதில் அவர்களுக்கு ஒரு திட்டமான பதில் கொடுக்கவேண்டுமென்று கூறினார்கள். அதாவது இத்தனை வருஷ காலத்திற்குள் நாங்கள் எடுத்துக்கொள்ளப்போகிறோம் என்று உறுதியாகச் சொல்லவேண்டும். இல்லாவிட்டால் அந்தந்த கம்பெனி எரியாவில் இருக்கும் விவசாயிகளும், மற்றும் மின்சாரம் உபயோகிப்பவர்களும் பாதிக்கப்படுவார்கள். சர்க்கார் இப்போது அதிகமாக நஷ்டஈடு கொடுத்து கம்பெனிகளை எடுத்துக்கொள்ளும் நிலைமையில் இல்லை என்று கூறினார்கள். அது முற்றிலும் உண்மை. அனுபவத்திலும் நாம் காண்கிறோம். ஆனால் நண்பர் ராஜம் ராமசாமி அவர்கள் கூறியதிலிருந்து இந்தக் கம்பெனிகளை சர்க்கார் விரைவில் எடுத்துக்கொள்வதற்கான நிலைமை ஏற்பட்டிருப்பதாகவும், அதற்கான பொருளாதார வசதியும், ஈடுசெய்து கொள்ளமுடியும் என்ற நிலைமையில் சில திட்டங்கள் இருப்பதாகவும் தெரியவருகிறது. அந்த மாதிரி வேறு விதமாக நஷ்டஈடு கடன் எழுப்பும் முறையை சர்க்கார் கையாண்டு, அதன் நிர்வாகத்திற்குமீம் கொண்டுவரப்பட வேண்டுமென்பதை நானும் தெரிவித்துக்கொள்ளுகிறேன்.

[Sri R. Krishnaswami Nayudu] [15th May 1954]

“இப்போது இந்தக் கம்பெனிகளை சர்க்கார் எடுத்துக் கொள்வதன் மூலம் தேசிய மயமாக்கும் ஒரு விசேஷத்தையும் செய்ததாகக் காட்டப்படுகிறது.

“தேசிய மயமாக்கும் விஷயத்திலே ஒரு சில பெரிய தொழில்களை அவ்வாறு சேர்த்துக்கொள்வதில் மத்திய சர்க்காருக்கு கஷ்டங்கள் இருந்தாலும்கூட, நம் மாகாணம் சம்பந்தப்பட்ட மட்டிலுமுள்ள மின்சாரக் கம்பெனிகளை எடுத்துக்கொள்வது ஒரு பெரிய பிரமாதமான காரியமரக நமகுத்தோன்றவில்லை. விவசாயிகள் மிகவும் நன்றாக இருக்கவேண்டுமென்றால், தனிப்பட்டவர்களுடைய நிர்வாகத்தை சர்க்கார் சீக்கிரமாக எடுத்துக்கொள்ள வேண்டும். அதற்கு ஒரு குறிப்பிட்ட காலவரை தெரிவித்து, இத்தனை காலத்திற்குள் சர்க்கார் கம்பெனிகளின் உரிமைகளை எடுத்துக்கொள்ளுமென்று தெரிவிக்கவேண்டுமென்று கேட்டுக்கொள்ளுகிறேன். அப்படி செய்யாவிட்டால் கிராமப் பிரதேசங்களில் தேசிய விஸ்தரிப்புத் திட்டம், பொதுநல சமுதாயத் திட்டம் போன்றவை கொண்டு வரப்போகும் இடங்களில் கம்பெனிக்கு சொந்தமாக இருக்கக்கூடிய மின்சார விஸ்தரிப்பு எரியாவில் அவைகளை அமுலுக்கு கொண்டுவருவதால் என்ன செய்ய முடியுமென்று பார்க்கவேண்டும். கம்பெனி நிர்வாகத்திலுள்ள இலாகாவில் செய்யக்கூடிய எரியாவிலும், பிரிக்கா டெவலப்மென்ட் ஸ்கீம் அமுலுக்கு வரும்போது சர்க்கார் அங்கு மின்சார விஸ்தரிப்பை பிரயோஜிக்க, கம்பெனிகளின் உதவியை நாடுவதைக் காண்கிறோம். சர்க்காருக்கு குறுகிய அளவு பொருளாதார வசதியிருக்கும். ஆகையினாலே சர்க்கார் எதிர்பார்க்கும் கால அளவுக்குள் இந்த மின்சார விஸ்தரிப்புத் திட்டத்தை செய்வதற்கான வசதிகளை உண்டு பண்ணினாலும், குறுகிய காலவரைக்குள் பரந்த நோக்கத்தோடு அவைகளை கம்பெனிகள் உடனடியாக செய்ய முடியாது.

“ஆகவே இந்தத் திட்டங்களை எல்லாம் சர்க்காரே எடுத்துக்கொண்டு நல்ல முறையில் எல்லாக் கிராமங்களுக்கும் மின்சாரத்தை விஸ்தரிக்க வேண்டுமென்று கேட்டுக்கொள்ளுகிறேன். இதைப் பல நிபுணர்கள் ஏற்கெனவே ஆராய்ச்சி செய்திருக்கிறார்கள். இதை மறுபடியும் பொறுக்குக் கமிட்டிக்கு அனுப்பவேண்டிய அவசியம் என்னவென்று தெரியவில்லை. ஆகவே இதை இன்னமும் காலதாமதம் செய்யாமல் உடனடியாக சட்டமாக்க வேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன்.”

SRI P. RANGASWAMI REDDIAR :—“Mr. Deputy Speaker, Sir, the main object of the Bill is to remove certain defects pointed out by the High Court and the Supreme Court in the working of this Act, certain provisions of which have been held to be *ultra vires* of the Constitution of India because of some invidious distinction shown between the Local Authorities and private companies. The decision of the Supreme Court is of far-reaching of consequence.

“The Preamble says that ‘it is expedient in the public interests that the business and service of the generation and supply of electricity be carried on by the State of Madras to the complete exclusion of all other persons inclusive of citizens and local authorities’. But the provisions of the Bill do not aim at taking over the management of the electricity undertakings at an early stage. One reason put forward by the Government is want of finance or funds to take over all these undertakings at once. Of course it is true. But paragraph 2 of the letter, dated 1st May 1954, addressed by the Secretary, Planning Commission, Government of India, to all Development Commissioners of State Governments, states ‘For suitable schemes requiring Thermal sets of 500 KW. or 2,500 KW. and distribution lines from existing

sources of supply, the Planning Commission is prepared to recommend the grant of loans by the Central Government'. The Planning Commission says that it has already recommended Rs. 11 crores to the Central Government to be granted to the several State Governments. I understand that this letter is most encouraging and if the State Government take steps in proper directions and prevail upon the Central Government, the Central Government would be too ready and willing to grant the necessary funds for acquiring the electricity undertakings.

"The State Government should bear one point in mind. There have been schemes and schemes regarding rural electrification. For instance, in Tiruchirappalli district in a particular area, Thathaiengarpet Firka, schemes were submitted by private licensees some five or six years back. But every time when villagers make applications it is said the schemes are under investigation. Even this year no scheme for extension to that area either under the National Extension Service or the Rural Development Scheme, has been included. It has not been possible to include the extension of electricity to that firka for want of finance. This year about 10 to 11 lakhs of rupees had been allotted to be advanced to private licensees. On 12th May 1954 in the chamber of the Hon. Minister for Public Works in the presence of the Hon. Minister for Agriculture, the main problem discussed was financing of the licensees. The difficulty is the licensees do not have funds and they say that they are not able to raise loans from the public because, the public have no confidence in these private undertakings in view of the impending legislation for nationalization of these undertakings. So, the public do not come forward to subscribe any more to the shares of these private undertakings. Therefore, the only alternative left for the private licensees is to approach the State Government for loans. So, if any rural electrification should be taken up, the private licensees have to be given some loans by the Government for undertaking the venture and the private licensees point out that rural electrification schemes would not work on a profitable basis so far as the licensees are concerned. Therefore, the Hon. Minister for Agriculture rightly pointed out to the licensees' representatives present that if the Government has to advance loans to private licensees for extension of electricity in rural areas, the Government itself might very well work the undertaking. It is quite right. But the only question is that after this announcement, unless the Government make a clear statement, that the private undertakings would be taken over by the Government only by a particular date or by a particular year, giving a table or list of such companies, these companies would not have any more enthusiasm either to take up the rural electrification schemes or to extend electricity to undeveloped areas. Therefore, the private licensees may require an assurance from the Government that either their undertakings should not be taken over by the Government for a certain fixed period or they should be given all possible help by way of loan, etc., by the Government. The Bill before us does not make this clear.

15th May 1954] [Sri P. Rangaswami Reddiar]

"In one clause, I think it is clause 6, it is said that Government even after notification may decline to take over a management and even after sending notice to the party, it is not obligatory on the part of the Government to take over the management. Therefore, if the intention of the Government to give extension of electricity to rural areas is genuine, the private companies should be given all possible assistance or they should be given an assurance that their undertakings would not be taken over by the Government for some years to come. My own personal view is that instead of trying to help these private undertakings by loans, etc., if the Government have a *bona fide* intention in the matter of extension of electricity to rural areas, mainly for agricultural operations, the Government should find the ways and means. If necessary, they should even raise loans from the public and take over all the managements in the State, simultaneously paying adequate compensation to the private undertakings and try to work out a comprehensive scheme on a State-wide basis within a short period, so that the whole State may be benefited by these electricity schemes and agriculture may develop on proper lines. If necessary, the Central Government may be approached directly or through the Planning Commission for financial assistance, if the object of this Bill as enunciated in the Preamble is to be achieved."

SRI N. GOPALA MENON :—“Mr. Deputy Speaker, Sir, the object of this Bill is to nationalize electrical undertakings in the State. It must be remembered that there are two things involved in this question. The first is the generation of electricity and the second is the distribution of supply of electricity to the people. What the Government in my view ought to do primarily

[Sri N. Gopala Menon] [15th May 1954]

is to see that electricity is generated on a large scale and that it is distributed by private agencies and local authorities. In many cases the Government may do it themselves and it is all right. But I think they must think several times before they decide on investing large sums of money in purchasing electrical undertakings. It is something like this. A planter who produces say coffee wants to get all the profits for himself and not only that, he wants to do the transport of the coffee himself to the plains and then he wants to have retail shops all over the State so that even that profit which a private dealer might get goes to his pocket. The Government generate electricity and they ought to allow other people, particularly local authorities, to distribute that electricity. Now the Government are impeding and restricting the power particularly of local authorities to distribute electricity because they want to acquire those concerns which the local authorities are now running. The local authorities themselves are under a tremendous handicap because they do not have sufficient funds for running their own administration. They have now this Damocles' sword hanging over them; it hangs over individual licensees also from whom the Government may at any time by an order take over the undertakings. The incentive, therefore, to have more electrical undertakings will be gone because they are not sure of their ground. At any moment, the Government will come in and say that they will take over the undertakings; it will be especially so if these undertakings yield large profits. Then, Sir, what is the amount that the Government will have to invest if they take over these? It is somewhere about three to four crores of rupees. Granting that this sum of money is available, where is the necessity for acquiring the undertakings? The Government can as well invest this money in generating electricity and see that it is made available in every village, and in every nook and corner of the State. That I think would be a more commendable thing. Then, Sir, what about the financial position of the Madras State? I had occasion to calculate some time ago, when Madras remained a composite State, the financial burden of the State and was shocked to find that every day the composite State had to pay somewhere about Rs. 60,000 towards interest and repayment of loans. I do not know what the present position is with regard to our State because I have not calculated it. We have a tremendous financial burden because we have to pay considerable sums of money towards interest and towards repayment of loans. When we have such a big burden on our heads, we want to prevent the agencies and local authorities from doing what they can and take that work on ourselves. Their enthusiasm is curbed. Nationalization is good of course but it is good only to a certain extent in my opinion. It will be proper for the Government if they restrict themselves to generate electricity and spend large sums of money for that purpose alone. Let them not undertake even the supply of electricity. Even in the matter of compensation, they make a distinction between the individual licensees and the local authorities. I think, Sir, that ordinarily local authorities must be encouraged

15th May 1954] [Sri N. Gopala Menon]

because they are a body corporate doing something good for the people. I find that the local authorities are paid a little less than what the individual licensees get. The licensees will get twenty times their annual profit. In my view this discrimination should not be made. There is absolutely no point in saying that a legislation should stand its test in a court of law. That should not be the criterion to decide whether the law is good or not. We must see whether we are morally justified in bringing in such legislation. When we acquire the undertakings on which the local authorities depend so much for their finances we deprive them of the opportunity to give more amenities to the people. If in the hope that we shall be getting more money we acquire these undertakings we shall see sooner or later, that the local authorities fail to fulfil the expectations of the people. It is a dangerous and risky job for the Government to take away these electrical undertakings from them.

“ Sir, I have referred to some discrimination sought to be made in the Bill between individual licensees and the local authorities. If the Act is taken to a court and its validity challenged, I do not know what its fate will be. Here, of course, we have a clause—clause 24, which says that if any difficulty is experienced in giving effect to the provisions of the Act, the Government may do anything which appears to them necessary for the purpose of removing such difficulty. Fortunately, we do not find the ordinary clause that we see in so many other enactments that the Government's action shall not be called in question in a court of law. But what is the meaning of saying that they shall be empowered to do anything? Such a provision ought not to find a place in a proper piece of legislation, which deals with the rights of the individual and also of the Government.

“ As far as the general principles are concerned, I would very strongly urge that this Bill ought to go to a Select Committee. Every clause must be gone into and sifted and all possible defects must be remedied. Let us see that this matter is not again taken to a Court of Law. We have had experience of the previous Act in the High Court and the Supreme Court. It cannot be said that this is a piece of legislation on which the best minds have devoted their attention. On the other hand I think it preferable that this Bill be referred to a Select Committee when members who have had experience in this line may offer their suggestions. I do not think that Government would lose anything by referring this Bill to a Select Committee. After all it may be only a matter of some time. Government may notify that this Act may take effect from a period that may be fixed. It is provided that even if the Government give notice to acquire an undertaking they can take one year to give effect to the purport of that order.

“ The question of compensation, the matter relating to managing agents—all these may be gone into a little more thoroughly b

[Sri N. Gopala Menon] [15th May 1954]

some experienced people. That is why I would urge on the Hon. Minister for Public Works to consider the desirability of having this piece of legislation referred to a Select Committee."

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI:—“ Mr. Speaker, Sir, at the outset many speakers who have spoken here on this Bill have asked that this Bill should be referred to a Select Committee. I do not subscribe to that view because the essential factor that is to be considered in this connection is that this Bill has been brought here to rectify some defects in the previous Act of 1949. The previous Act was considered in all its aspects. It was referred to a Select Committee which held several sittings and completely thrashed out this question. I have got the volumes of the Legislature proceedings wherein the previous Act was discussed. I see from those volumes that all the aspects of this question have been considered in detail. That Act has become defective in only a few respects which I have specified in the Statement of Objects and Reasons in this Bill. In the Supreme Court that Act was held *ultra vires* because of the fact that this subject was not to be found either in the State List or in the Concurrent List and as such the previous approval of the Governor-General of India ought to have been obtained under the Government of India Act of 1935, before that Bill was passed by the Legislature of Madras. It was primarily a technical defect. Now under the present Constitution there is entry in both the lists and as such it is *intra vires* of this Legislature to enact the present measure. The present measure is intended to rectify that technical defect which was committed before.

“ The other thing is about the discriminatory nature of the compensation which has been offered to the local bodies. I may point out that the legislators then had in view the nationalization of electricity in England. They considered that the local authorities were after all a limb of the Government and as such they made provisions in a different way for the municipalities and the Borough Councils there. Taking a hint from that, our previous legislators had that measure enacted differently. But however that has been rightly pointed out by the High Court as a discriminatory piece of legislation. We have now come forward to remove that distinction also. It is again purely a technical question. Only on technical ground the previous Act has been held invalid.

“ I would like to inform the House that even though many members have spoken in favour of referring this Bill to a Select Committee, I am sure that all people are agreed that the nationalization of electricity undertakings is a step which should not be objected to. Of course Mr. T. K. Rama spoke saying that nationalization of electrical undertakings is not the right policy. It is not

[15th May 1954] [Raja Sri Shanmuga Rajeswara Sethupathi]

the intention of the eminent politicians of this country to proceed ahead with nationalization too quickly; on the other hand they want to go slow. That does not mean that we should not make a start. This is one in that direction. Mr. Rama spoke about the local authorities. He said that they might be left out and private undertakings acquired. Again he said that this Act itself may be deferred. His speech was full of conflicting ideas and he was blowing hot and cold at the same time, with the result I could not understand head or tail of his speech. One thing I was able to understand from his speech and that was that he was talking on behalf of local authorities and was pleading that they should be given more compensation. His speech reduces itself to that. Beyond that I am not able to see anything purposeful or intelligible enough in it to understand.

“ Mr. D. K. Raju said that this Bill should be referred to a Select Committee. He was saying that because this Bill was defective and contained some legal complications, it might be questioned in a Court of Law and so on and so forth. Well, Sir, I have made it clear that the defect pointed out by the High Court and the Supreme Court were only of a technical nature. That has been removed now. All the other sections of the previous Act are all quite correct. Our legal opinion also is that there are no such defects in this Bill as to make it invalid in a Court of Law. Mr. D. K. Raju was pessimistic and he wanted that this should be referred to expert legal opinion. I cannot subscribe to that view. On the other hand, I would urge Mr. D. K. Raju to come forward with his legal acumen and point out how this Bill is defective. Several things have happened in spite of the best of human efforts. It is but natural that we commit mistakes. There is nothing to feel pessimistic when it is pointed out that we have gone wrong. We have to learn from experience. We have got to go on. That sort of pessimistic attitude will not help anybody to proceed further. Therefore I would request Mr. D. K. Raju to consider this aspect of the question and not be pessimistic about this Bill becoming infructuous when challenged in a Court of Law.

“ There were various other speakers also. A pertinent question was raised by the hon. Member Mr. Rajachidambaram. He has said that by the passing of this Act, the Damocles sword would be left hanging over the head of the private licensee. He asked: ‘What incentive can there be for the licensee to invest more money and spread electricity and thus go to the rescue of the rural population?’ It is a very very pertinent question. He wanted that the feeling of suspense that has been created in the mind of the licensees should have been removed by some assurance in the Statement of Objects and Reasons. The statement that we attach to the Bill is a very brief one. Since the question has been raised on the floor of this House, I can elaborate it and clear the feeling of suspense by saying that it is not our intention to take

[Raja Sri Shanmuga Rajeswara Sethupathi] [15th May 1954]

over all the undertakings immediately after this Bill becomes law. We are thinking of proceeding very slowly and it is not our intention to acquire undertakings which have been excellently catering to the needs of the people. At the inception we want to take over undertakings which are incompetent or which are not serving the interests of the public to the best advantage. With regard to other undertakings my idea is that we should get into contact with them and draw up a programme to be executed by them either co-ordinated with Government help or independently by themselves if they could undertake the schemes. A time-limit will be set within which the licensees should satisfactorily complete those schemes. I give the assurance on the floor of this House that they will be made to feel that there is a definite date by which their undertakings would be taken over. I quite agree that unless that is done, it will not be possible for any licensee to launch upon any scheme which is very necessary in the present set-up.

"Then, Sri Rajam Ramaswami expressed a doubt about clause 14 which refers to managing agents. I assure him that all the implications of the clause have been thoroughly examined and I do not expect any difficulty there. He and some other Members also mentioned about the staff in all these licensees' undertakings. It will be the paramount duty of the Government as far as possible and as far as practicable to absorb all the workers in all these undertakings without most probably insisting upon any qualification or other conditions that may apply to Government institutions.

"Mr. Palaniyandi mentioned about my reference often in this House to unremunerative schemes. He is making a misleading statement that I have been after profit. I never tried for profit. I only said that the Government should not be out of pocket in respect of investment on any particular scheme as any loss has ultimately to be borne by the general tax-payers of the State. That has been mistakenly interpreted and he said that I am after profit.

"People and the hon. Members here should understand the reason for acquiring the electricity undertakings of local authorities also. The intention of the Government in acquiring such undertakings is that they should get the profit, which the local authorities have been getting, for utilization on rural electrification. That is the purpose and the purpose is not to make the local authorities get into difficulties. Mr. T. K. Rama himself confessed that local bodies are the limbs of Government. My own hand will not revolt against me and if it revolts, I have got to cut it off. (Sri I. Kalyanasundram: 'Just to save life, the hand can be amputated.') Suppose gangrene sets in, I have got to remove it. If the Government want profit, they want it only for the sake of the people.

"It is one thing to say that the Government are not conducting their electricity department in an efficient way and that there are departmental defects. I do admit that there are defects and it is quite a different thing to say that on that score the Government

[15th May 1954] [Raja Sri Shanmuga Rajeswara Sethupathi]

should not acquire the electricity undertakings. Just because of inefficiency and defects, the principle underlying this Bill cannot be given up. That Government are not administering the electricity department efficiently is a charge levelled against the Minister and the department, and the Minister and the department are answerable for it. Some hon. Member pointed out that we were drawing from the general funds also. He himself must suggest some way by which that defect could be remedied. That question can be discussed in the budget session and on various other occasions, and if specific defects are brought to my notice, they could be rectified. But it cannot be correlated to, or mixed up with, this issue. That is a separate problem which has no bearing on this issue. Since the hon. Members have taken this opportunity to refer to that matter, I can only say that I will look into it. But that cannot form a relevant subject to criticise this measure. The principle of the Bill should be accepted. My submission is that there is no case made out for referring this matter to a Select Committee, because it has been considered at length by all the legislators. Some of the speakers like Mr. N. Gopala Menon said that the best minds had not been put on the job. That is a reflection on the previous House. Similar minds have come in now; only another set of minds is assembled in this hall. 'If we call our fathers fools, our wiser sons will call us so.' So I do not accept that kind of argument, that too from a lawyer. (Sri N. Gopala Menon: 'Conditions have changed.') Conditions will still be changing. A time may come when we will be criticised.

"With reference to compensation, we have made a liberal provision. We have allowed a compensation of twenty times the average of the last five years' net annual profit, and there can be no grievance about it. Of course, anybody would like to get as much compensation as possible. Nobody in this world would refuse if more compensation is paid to him. In that way, Mr. Raju, a licensee, could fight, and he fought from a selfish point of view. (Interruption by Sri K. Vinayakam.) I know the hon. Member will not agree. Mr. Raju is in the hon. Member's group and, therefore, he will have to support Mr. Raju's move for referring the Bill to a Select Committee. It is lip-sympathy that is shown."

SRI K. VINAYAKAM:—"The Hon. Minister is questioning the sincerity of hon. Members."

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI:—"Government cannot be called selfish. Government is not myself or any one person."

(Sri K. Vinayakam rose.)

MR. SPEAKER:—"The Hon. Minister is not yielding."

SRI K. VINAYAKAM:—"I rise on a point of order, Sir. I wish to know whether the Hon. Minister is in order in questioning the sincerity of the speeches made on the floor of this House by the Opposition Members."

[15th May 1954]

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—" I did not question the sincerity of the speeches."

SRI K. VINAYAKAM :—" The Hon. Minister was questioning the sincerity of the Members supporting Mr. Raju."

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—" A Member of the Opposition nodded in assent of my statement. The initiative came from that side. I am very sorry that the hon. Member did not note that."

" Sri S. Ramalingam spoke about the defects in the electricity department and the delay in extending power. He also mentioned about the three months' deposit. I have already given an assurance in this House that I shall leave no stone unturned to see that these things are made cheaper, and my assurance is still there. Even now the file is before me. I am fighting with the department to reduce this three months' deposit and I am going to see to it."

" Mr. M. Kalyanasundaram rightly mentioned about the feeling of suspense created in the mind of the licensees. The same question was raised by Mr. P. B. K. Rajachidambaram. As I mentioned earlier, we will deal with this question and make them secure with reference to their undertaking and further investments."

" Incidentally, he also mentioned that the confidence of the people in the Government administration must be roused. I agree with that statement. If we want to rouse their confidence and more especially when we are launching upon a big scheme like the present one, they should feel that they will be better off when the electricity undertakings are managed by the Government rather than by the licensees, local authorities and others. I entirely agree that it should be our earnest endeavour to rouse the confidence of the public in the Government administration in this respect. We won't spare any effort to achieve this end and ere long we will be able to fulfil the expectations of the people."

" Mention has also been made about the formation of an Electricity Board. There has been a direction from the Centre in this connection and we have got to form a Board at some time or other. It is only our intention to complete all the big schemes which we have under contemplation like the Kundah and Periyar Schemes so that we can make the entire Madras Grid perfect. Then, we will think of integrating the whole thing and forming a separate Electricity Board under which system all these grievances will disappear and there will be uniform administration in the country."

" When the undertakings are taken over, the staff in the concerns will be absorbed in the new service as far as practicable."

[15th May 1954] [Raja Sri Shanmuga Rajeswara Sethupathi]

" Sir, I have fairly dealt with all the objections raised here on the floor of the House. I am sure the hon. Member Sri Rajachidambaram is satisfied with what I have stated here. I request the hon. Member Sri D. K. Raju to withdraw his amendment to refer this Bill to a Select Committee and allow the Bill to be proceeded with."

SRI M. PALANIYANDI :—" On a point of personal explanation, Sir. Lip-sympathy அதாவது பேரளவுக்கே அருதாபம் என்றார்கள். ஸ்ரீ ராமா அவர்கள், நஷ்டஈடு கொடுப்பதை பற்றி ஆலோசிக்க இதை செலக்ட் கமிட்டிக்கு விடவேண்டும் என்ற எதிர்க் கட்சி கொண்டுவந்த பிரேரணையை ஆதரித்துப் பேசியிருக்கிறார்கள். அப்படி என்றால் ஸ்ரீ ராமா அவர்கள் ஆதரவும் உதட்டளவு ஆதரவு போலத்தானே ஆகும்."

SRI S. RAMALINGAM :—" On a point of clarification Sir. கனம் மந்திரி அவர்கள்தான் தன் மனச் சாட்சிக்கு விமோதமாக தன் கையெழுந்தாலும் அந்தக்கையை வெட்டி யெறிந்துவிடுவேன் என்று சொன்னார். அவர் கட்சியிலுள்ள ஸ்ரீ கோவிந்தனும் இன்னும் சில அங்கத்தினர்களும் எதிர்க் கட்சியார் கொண்டுவந்துள்ள திருத்தத்தை ஆதரித்துப் பேசி இருக்கிறார்கள். அப்படியானால் அவர்களை காங்கிரஸ் கட்சியிலிருந்தே நீக்கி விடுவார்களா ?"

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—" That is not gangrene. That is a treatable disease."

MR. SPEAKER :—" The question is—
'That the Madras Electricity Undertakings (Acquisition) Bill, 1954, be referred to a Select Committee.'"
The motion was put and lost.

MR. SPEAKER :—" I shall put the original motion to the vote of the House. The question is—

'That the Madras Electricity Undertakings (Acquisition) Bill, 1954, be taken into consideration at once.'

The motion was put and carried.

Clauses 3 and 4 were then put and carried.

Clause 5.

MR. SPEAKER :—" The motion is—
'That clause 5 do stand part of the Bill.'"

SRI N. K. PALANISAMI :—" Sir, I move the following amendment:—

'For the existing clause, substitute the following:—

" 5. Compensation payable to a licensee.—The compensation payable to a licensee on whom an order has been served under section 4 or whose undertaking has been taken over before the commencement of this Act, shall be an amount equal to twenty times the average net annual profit of the undertaking during a period of five consecutive account years immediately preceding the vesting date." "

The amendment was duly seconded.

[15th May 1954]

SRI D. K. RAJU :—“ Sir, I move the following amendment :—
*In the Explanation to Basis A, omit the words and letters
 “ Part A or Part B, as the case may be,”.*

*In Basis C, item (ix) (a), after the words “ at fifteen per
 cent on the “ occurring in line 5, insert the word
 “ book ”.*

SRI C. KANDASAMI :—“ I second the amendment, Sir.”

SRI T. K. RAMA :—“ I move the following amendments :—

*In sub-clause (1) (Basis A) after the word “ date ”, add the
 following words “ and such other sum as may be decided
 upon by mutual agreement between the Government and
 the licensee ”.*

*In the Explanation to sub-clause (1) (Basis A), omit the
 words “ or Part B, as the case may be ”.*

*In sub-clause (3) (iv) (Basis C), for the words “ Less depre-
 ciation calculated in accordance with Schedule II ”, sub-
 stitute the words “ such sum as may be decided upon by
 mutual agreement between the Government and the
 licensee ”.*

*In sub-clause (3) (v) (Basis C), for the words “ Less depre-
 ciation calculated in accordance with Schedule II ”, sub-
 stitute the words “ such sum as may be decided upon by
 mutual agreement between the Government and the
 licensee ”.*

*In sub-clause (3) (v) (Basis C), for the words “ Less depre-
 ciation calculated in accordance with Schedule II ”, sub-
 stitute the words “ such sum as may be decided upon by
 mutual agreement between the Government and the
 licensee ”.*

*In the Explanation to sub-clause (3), (Basis C), add the
 following new paragraph at the end :—*

*(3) Such other sum as may be decided upon by mutual
 agreement between the Government and the licensee for
 other considerations not covered by the aforesaid sub-
 clauses.”*

The amendments were duly seconded.

MR. SPEAKER :—“ The clause as well as the amendments
 are before the House for discussion.”

SRI D. K. RAJU :—“ Sir, the Hon. Minister said that the
 previous Bill had been referred to a Select Committee and that he
 was satisfied that the clauses of the present Bill were in order.
 This particular clause, Sir, is entirely opposed to the fundamental
 rights guaranteed in Article 31 of the Constitution. According to
 that provision, if any Government, either the Union Government
 or the State Government, want to acquire a private industrial

15th May 1954]

[Sri D. K. Raju]

undertaking, it must be proved that such acquisition is in the
 interests of the public. Then, the payment of just compensation
 is stipulated in that Article. Now, whenever a private under-
 taking is acquired by them, the Government will always say that
 it is done in the interests of the public. In this connection, I
 request the Government to state in what way those licensees whose
 undertakings have been taken over have acted against the interests
 of the public. The Government have not proved that either before
 or after they took over those concerns. But, I can assure this
 House that if a plebiscite is taken, it will be found that the licensees
 in those areas have conferred more benefits on the public than the
 Government have done. Whenever any request for fresh electri-
 city connections was made to a licensee, it was attended to
 immediately and the work was executed without any delay and
 red-tapism. But under the management of the Government, if
 anybody wants supply of electricity for agricultural purposes, it
 takes months and months for him to get it and invariably he does
 not get it before the agricultural season is over. Therefore, first of
 all, before any concern is taken over by the Government, it must be
 proved that it is taken over in the interests of the public. Secondly,
 the compensation that will be paid must be just. That is to say,
 it must be proved that the compensation payable under any one
 of the Basis A, B and C specified in clause 5 of the Bill falls
 within the scope of the term ‘ just compensation ’. If there is any
 dispute over this matter, it is for the Court to decide the question.
 The subject of ‘ Eminent Domain ’ has been very well dealt
 with in Article 31 of the Constitution. Professor Wellis while
 dealing with the compensation payable under the provisions of the
 Constitution has given numerous examples, under ‘ Eminent
 Domain ’.

“ He also says that if the State Government want to take over
 any undertaking and when the matter of deciding the compensa-
 tion comes, it is not enough if the Government say that by taking
 that undertaking the financial position of the Government will
 improve. There is a specific ruling there that such undertakings
 should not be taken over, simply because the Government of the
 State are in need of money for carrying on their administration.
 Therefore, under this specific point, I say that the Bill is defective.
 Even in the year 1949 the same was the case. I do not know
 whether this aspect of the matter was brought to the notice of the
 then Treasury Benches. Whatever it is, there was a wild rumour
 that the Act of 1949 was defective mainly on this point. I do not
 think the present Bill, i.e., the so-called changed and amended
 Bill is free from this inherent defect. I think the old defect still
 continues. Therefore I request the Hon. the Minister for Public
 Works to suitably amend this clause so that the same question
 may not be taken to a Court of Law and the Court may not de-
 clare it again as void and there may not be any necessity to bring
 forward another Bill to make the Act valid once again. If only
 we take a little care even now and enact this piece of legislation

[Sri D. K. Raju]

[15th May 1954]

without any defect whatsoever, all these things could be avoided. I hope the Government will agree to accept my amendment which will rectify the defect."

SRI T. K. RAMA :—" கனம் சபாநாயகர் அவர்களே, கனம் மராமத்து இலாக்கா மந்திரி அவர்கள் ஒரு நல்ல உதாரணத்தைக் கொடுத்தார்கள். தவிர என்னுடைய பிரச்சந்தரின் பல பாகங்களை அவர் சரியாகப் புரிந்து கொள்ளாவிட்டாலும் ஓரளவுக்கு சில முக்கிய அம்சங்களைப் புரிந்து கொண்டதற்கு என்னுடைய சந்தோஷத்தைத் தெரிவித்துக் கொள்ளுகிறேன். நகர சபைகளுக்கு அதிக நஷ்ட ஈடு வாங்கித்தர வேண்டுமென்பது என் நோக்கமாக இருப்பதாக அவர் சொல்லுகிறார். அது மட்டும் என்னுடைய நோக்கம் அல்ல. இந்த நஷ்ட ஈடு பற்றிய விஷயம் இந்த மசோதாவில் ஒரே 'வாட்டர் டைட் கம்பார்ட்மென்டைப்' போல இருப்பதைவிட கொஞ்சம் தாராளமான விவரங்களும், வழிகளும் அடங்கியிருக்க வேண்டுமென்பது என் அபிப்பிராயம். அதற்காகத்தான் நான் சில திருத்தங்களைச் கொடுத்திருக்கிறேன்.

"குறிப்பாக 'In sub-clause (1) (Basis A)' after the word 'date' Add the following words 'and such other sum as may be decided upon by mutual agreement between the Government and the licensee' சில லைசென்ஸ்தாரர்கள் மிக விரிவான முறையில் அதிகச் செலவில் பல திட்டங்களை நிறைவேற்றியிருக்கலாம். நஷ்ட ஈடு சம்பந்தமாக விவரித்திருக்கிற விஷயங்களுக்கு புறம்பாகக்கூட பல இனங்கள் இருக்கலாம். ஆகவே அவர்களுக்கு நஷ்ட ஈடு கொடுக்கும்போது அவர்களையும் கலந்து கொண்டு இரு சாராரும் ஒரு முடிவுக்கு வரவேண்டுமென்பதே என் நோக்கம். சர்க்கார் லைசென்ஸ்தாரர்கள் சொல்லும் பணத்தை அப்படியே கொடுக்கவேண்டுமென்பது என் அபிப்பிராயமல்ல. இருவரும் ஒரு சமரச ஒப்பந்தத்திற்கு வரவேண்டுமென்பதே என் நோக்கம். இந்த அடிப்படையை சர்க்கார் ஏற்றுக்கொள்வார்கள் என்றும் நம்புகிறேன்.

"கனம் ராஜா சாகிப் அவர்கள் தனக்கு விரோதமாக தன் கையே இருந்தாலும் அதை வெட்டி விடுவேன் என்று சொல்லுகிறார். அது இயற்கைக்கு விரோதமானது. தன் கை தனக்கே விரோதமாக இருந்தது என்பதற்காக யாரும் கையை வெட்டிக்கொள்ள மாட்டார்கள். வெட்டி விட்டால் அனுகூலம் ஏற்படுவதற்குப் பதிலாக நிரந்தரத் தொந்தரவும், வருத்தமும் உண்டாக்கிக் கொண்டிருக்கும் என்பதும் எல்லோருக்கும் தெரியும். அப்படியே தன் கையை வெட்டிக் கொள்வதைப்போல் நகர சபைகளின் வருவாய் தரக்கூடிய மின்சார ஸ்தாபனங்களை சர்க்கார் எடுத்துக்கொண்டு விட்டால் அவர்களுக்கு இருந்து வரும் நிரந்தர வரும்படி போய்விடுவதால் அவர்கள் அடிக்கடி சர்க்காரையே தொந்தரவு செய்யும்படியாக நேரிடுமென்பதையும் நான் சொல்லிக்கொள்ள விரும்புகிறேன். இப்பொழுது மதுரை நகர சபையாருக்கு மின்சார ஸ்தாபனத்தின் மூலம் சுமார் ஐந்து லட்சம் ரூபாய் லாபமாகக்கிடைக்கிறது. திடீரென்று இந்த ஸ்தாபனத்தை சர்க்கார் எடுத்துக்கொள்வதன் காரணமாக அவர்களுடைய வருமானம் 5 லட்சம் குறையும். அவர்கள் அந்த நஷ்டத்தை ஈடு செய்து கொள்ளமுடியாது. மேற்கொண்டு வரி போட்டு அந்த நஷ்டத்தைச் சரிகட்டிக் கொள்ளலாமென்று நினைப்பதற்குக்கூட சந்தர்ப்பம் கிடையாது. இப்பொழுது இருக்கும் வரிப்பளுவே மிக அதிகமாக இருக்கிறது. ஆகவே இந்த நஷ்டம் முழுவதையும் சர்க்கார்தான் ஈடு செய்து கொடுக்கும்படியாக இருக்கும்.

"Such sum as may be decided upon by mutual agreement between the Government and the licensee." என்று தான் நான் திருத்தம் கொடுத்திருக்கிறேன். இதையே ஏற்றுக்கொண்டாலும் சரி அல்லது இந்தக் கருத்தையே அவர்கள் வேறுவித திருத்தத்தின் மூலம் தாங்களே கொண்டுவந்தாலும் மிகவும் நல்லது என்று சொல்லிக் கொண்டு என் பேச்சை முடித்துக் கொள்ளுகிறேன்."

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—" Mr. Speaker, with reference to the amendment moved by the hon. Member Sri D. K. Raju, I wish to state that the compensation that has been provided for under Basis A was applicable to private licensees. It has been accepted by most of the licensees at that time as reasonable. According to the existing provision, the compensation payable under Basis A shall be an amount equal to twenty times the average net annual profit of the undertaking during a period of five consecutive account years immediately preceding the vesting date. This has been liberal enough and this fact was acknowledged by the licensees. Even in 1949, when the original Bill was considered by the then Legislature of the State, this aspect was taken into account and was also acknowledged. Only after the then Legislature considered all aspects relating to this legislation, the present Act, which we are now seeking to amend through the Bill that is just now before the House, had come to stay. We cannot go back from the decision that has already been taken. Moreover, there is no case for amending this clause in the manner suggested by the hon. Member Sri D. K. Raju, which will enhance the quantum of compensation.

"As regards the amendment moved by the hon. Member, Sri T. K. Rama, I only wish to state that if his amendment is agreed to, it will mean the inclusion of a provision in the Act for paying additional compensation, which cannot now be defined precisely. It will not be correct in law to have a provision like 'and such other sum as may be decided upon by mutual agreement between the Government and the licensee' as suggested by the hon. Member. I do not think there is any possibility of a legislation being made to that effect which will be valid in law. With those observations, I oppose all the amendments."

[15th May 1954]

MR. SPEAKER:—"What about the amendment moved by the hon. Member Sri N. K. Palanisami?"

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI:—"Sir, I think it is to the same effect as the one moved by the hon. Member Sri D. K. Raju. So, what I have said with regard to Sri D. K. Raju's amendment will also apply to the hon. Member Sri Palanisami's amendment. I oppose this amendment also."

SRI N. K. PALANISAMI:—"I withdraw my amendment, Sir."

The amendment moved by Sri N. K. Palanisami was, by leave, withdrawn.

MR. SPEAKER:—"Then I will put the amendments of Sri D. K. Raju to the vote of the House. I wish to know whether the hon. Member is withdrawing both the amendments or any one of them."

SRI D. K. RAJU:—"I am withdrawing the following amendment, namely:—

'That in the explanation to Basis A, on it the words and letters "Part A or Part B, as the case may be".'"

The amendment was, by leave of the House, withdrawn.

MR. SPEAKER:—"I wish to know whether the hon. Member is withdrawing the other amendment, namely:—

'That in Basis C, item (ix) (a), after the words, "at fifteen per cent on the" occurring in line 5, insert the word "book".'"

SRI D. K. RAJU:—"I want to speak on this, Sir."

MR. SPEAKER:—"You have already made a speech."

SRI D. K. RAJU:—"No, not on this particular issue . . ."

MR. SPEAKER:—"The hon. Member did make a speech. I wish to know whether he is withdrawing his amendment now or pressing it?"

SRI D. K. RAJU:—"Sir, I am pressing my amendment."

MR. SPEAKER:—"The question is—

'In Basis C, item (ix) (a), after the words, "at fifteen per cent on the" occurring in line 5, insert the word "book".'"

The amendment was put and lost.

The amendments of Sri T. K. Rama were withdrawn with the permission of the House.

Here I may tell him that we are going to get loans from the Government of India to finance these undertakings and I would like to assure the House that until such time as we take over the undertakings, we shall see that the licensees are provided with enough and more funds either by the State Government or the Central Government so that rural development can go on and keep pace with the people's wishes. Then, Sir, Mr. Gopalan Unni, I feel, was pleading for Malabar although I could not understand his speech. Let me in this connexion point out that on all occasions when I spoke of Malabar I always confessed that Malabar was a backward area and let me assure him that Malabar will receive my foremost attention. Let him understand that once the Kundah Scheme is completed, for which we are hoping so much, Malabar will be the richest district in point of supply of electricity. With this assurance to Mr. Gopalan Unni, let me once again acknowledge the co-operation that Members of this House have given to me in getting through the Bill without delay."

THE MADRAS ELECTRICITY UNDERTAKINGS
(ACQUISITION) BILL, 1954 (L.A. BILL No. 23 of 1954)

17th May 1954] [Raja Sri Shanmuga Rajeswara Sethupathi]

Sir, in moving this Bill I would like to state briefly the necessity for this measure. The need for the legislation has been explained in the Statement of Objects and Reasons published along with the Bill. The Madras Electricity Supply Undertakings Acquisition Act, 1949, was passed by the Provincial Legislature after mature consideration and was brought into force on the 24th January 1950. For the reasons explained in the Statement of Objects and Reasons, the Supreme Court has held that the Act was *ultra vires* of the Provincial Legislature.

" In the Governor's Address to the joint session of the Legislature in February last and in the Finance Minister's speech introducing the Budget for 1954-55, reference was made to the intention of Government to re-enact suitably the provisions of the impugned Act. The reasons which weighed with the Provincial Legislature for passing the Act in 1949 still hold good. Since the coming into force of the impugned Act, the Government of Madras acquired under the Act, a number of local authority and private electrical undertakings of which 20 local authority and 3 private undertakings are now in the present Madras State. These acquired undertakings have long since been integrated into the concerned power systems of the Government Electricity department and the staff belonging to them have also been merged in suitable service cadres under the departmental set-up. Hon. Members would have readily appreciated the difficult legal position in regard to the electrical undertakings so far acquired by Government and I need not dwell at length on that point. To be brief, the position is that the Government are faced with the possibility of suits being instituted against them for liability to pay compensation for acts which may now be deemed to be illegal or wrongful. The payment of compensation by the Government for the consequences arising from such acts may also be enforced through courts of law. The ambit of the expression 'consequences' may give rise to almost insoluble problems.

" Hon. Members will agree that it might be very embarrassing to leave things as they are and face a crop of litigation and also exorbitant demands in respect of undertakings already taken over and for damages for loss of profits for winding up managing agencies, etc.

" The sections of the impugned Act and the corresponding provisions of the Bill have been printed in parallel columns and circulated to hon. Members for convenience of reference. The changes made in the Bill as compared to the provisions in the impugned Act have been indicated in italics. The reasons for important changes have also been indicated in a separate column. Except those provisions of the 1949 Act which have been held by the Madras High Court to be invalid, namely, provisions relating to the appointment of accredited representative by the Government and the basis for determination of compensation for local authority undertakings, and a very few other modifications to the Act which have been found essential in the application of

THE MADRAS LEGISLATIVE COUNCIL.

Monday, the 17th May 1954.

The House met in the Council Chamber, Fort St. George, at half-past two of the clock, Mr. Chairman (THE HON. DR. P. V. CHERIAN) in the Chair.

* * * * *

THE MADRAS ELECTRICITY UNDERTAKINGS (ACQUISITION)
BILL, 1954 (L.A. BILL NO. 23 OF 1954).

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI:—" Mr. Chairman, Sir, I beg to move—

' That the Madras Electricity Undertakings (Acquisition) Bill, 1954 (L.A. Bill No. 23 of 1954), as passed by the Assembly, be taken into consideration.'

* Printed as Appendix on pages 29-49 infra.

[Raja Sri Shanmuga Rajeswara Sethupathi] [17th May 1954]

the Act and which would be essential for purposes of validation of the proceedings already taken by the Government in respect of undertakings already acquired under that Act, the Bill before the House incorporates precisely the same provisions as in the impugned Act passed by this Legislature after due deliberation. No discriminatory treatment between local authority and private licensees has been made in the Bill in the matter of assessment of compensation, etc. No doubt there is some extra financial commitment to Government on account of the deletion of the discriminatory treatment, but the money goes to local bodies. I may mention in this connexion that long before the appeals to the Supreme Court were heard by that Court and the 1949 Act was declared void by it, the Government had decided and the approval of the Legislature had also been obtained, to make an *ex-gratia* payment amounting to about Rs. 16 lakhs to the local authorities over and above the compensation already paid for or was payable for their undertakings under the provisions of the 1949 Act. And this *ex-gratia* payment would have been disbursed already but for certain local authorities having taken up the matter to the High Court. The net extra commitment is expected to be about Rs. 45 lakhs and it will not be difficult to provide this amount as and when necessary.

"I would request the hon. Members of the House to pass this Bill."

MR. CHAIRMAN :—"Motion moved—

'That the Madras Electricity Undertakings (Acquisition) Bill, 1954 (L.A. Bill No. 23 of 1954), as passed by the Assembly, be taken into consideration.' "

DR. V. K. JOHN :—"Mr. Chairman, Sir, I must compliment the Hon. Minister, who moved the motion, on printing the provisions of the 1949 Act side by side with the provisions of the proposed Bill and also on pointing out the reasons for the changes. So far, he has done very well. Normally I would have moved that this Bill be referred to a Select Committee under rule 109 of the Council Rules, but the proceedings in this House have now become—I say this with due respect of everybody concerned—a *post-mortem* examination of the Bill passed by the Assembly. Rule 109 and other rules which provide for amendment of Bills by this House have all become a dead letter. One might regard, Sir, that you are presiding over a House where up to this time the Government with their majority never allowed an amendment and never referred any matter to a Select Committee.

"This, in my opinion, is a very important Bill and should have been referred to a Select Committee. The Government apparently made a very serious mistake in passing a Bill into an Act in 1949 which had no legal sanction behind it whatsoever.

17th May 1954] [Dr. V. K. John]

Apparently the Government had no competent legal advisers to assist them. Could any Government introduce and enact a measure which under the law they could not introduce and pass into law? That was a great discredit to any Government which had a Legal department and also some legal advisers. What really happened was, a very important Bill was passed into law in 1949 and lakhs and lakhs of rupees were spent in acquiring the undertakings. Later on the enactment was found to be *ultra vires* of this Legislature. Then, what is the position to-day? Are the Government sure that they are now quite competent to introduce this Bill? I do not want to go into technicalities of the provisions of the Bill in this House and argue at length as I would in a court of law that this Legislature has no jurisdiction. However, I would like to mention one or two facts with regard to the provisions of this Bill.

"Sir, Article 248 of the Constitution of India provides that Parliament has exclusive power to make any law with reference to any matter not enumerated in the Concurrent list or State list. Three lists are given in the Seventh Schedule to the Constitution. One is the Union list. The second is the State list. The third is the Concurrent list. This Article 248 of the Constitution assumes that there are other subjects beyond those mentioned in the three lists. Certainly there are subjects beyond those mentioned in the three lists. If there are any such subjects they come under the powers of the Union Parliament.

"Now, this decision of the Supreme Court is reported in the Madras Law Journal, and that explains the position in these words: 'There was no entry in any of the three lists relating to compulsory acquisition of any commercial or industrial undertaking, although section 299 of the Act clearly contemplates a law authorizing compulsory acquisition for public purposes of a commercial or an industrial undertaking. The acquisition of a commercial or an industrial undertaking not being the subject-matter of any entry in any of the three lists, neither the Federal Legislature nor the Provincial Legislature can enact a law with respect to compulsory acquisition of a commercial or industrial undertaking'. Now there is no mention in any of these three lists which refer to the acquisition of commercial or industrial undertakings. No doubt item 36 in the State list (Schedule VII to the Constitution) refers to property but not to commercial or industrial undertakings as explained by the Supreme Court. Can the Government interpret the word 'property'—they do not use even the word 'property'—as including a commercial undertaking? (Interruption.) The Government presume that they can put that interpretation. I say the Government have jurisdiction only if that is specifically mentioned in list No. II, which is the State list. If it is not specifically mentioned, the Government are governed by Article 248 according to which this must go before the Union Legislature. I ask, have the Government obtained in writing an opinion from any competent legal authority

[Dr. V. K. John]

[17th May 1954]

What the word 'property' can be interpreted as meaning 'commercial and industrial undertakings'? I say, it does not mean that. Even the Constitution makes a distinction between the two, and this will be evident on a reading of Article 31 (2) which says:

No property, movable or immovable, including any interest in, or in any company owning, any commercial or industrial undertaking, shall be taken possession of or acquired for public purposes under any law . . . , etc. When the Article of the Constitution itself uses the words 'including commercial or industrial undertaking', it shows that the word 'property' cannot include 'commercial or industrial undertakings'. The Government took the risk of interpreting the word 'property' to include 'commercial or industrial undertaking' and without competent legal advice passed an enactment in 1949 and spent lakhs and lakhs of rupees on the acquisition of these undertakings. In 1954 the Government have been told that they did it without jurisdiction.

"There is an Article in the Constitution which assumes that there may be items which are not covered by any of the three lists in Schedule VII, namely, the Union List, the State list and the Concurrent list. Otherwise, what is the reason for having included Article 248 in the Constitution? The Supreme Court has said that the Government did not have this power to acquire commercial and industrial undertakings, at the time the original Act was passed under any of the Legislative lists of the Government of India Act, 1935, and that to-day this power is not mentioned in any of the lists of the Seventh Schedule to the Constitution of India. Therefore, are we not taking a very great legal risk in having this measure passed into law without sufficient examination? In the other House the Government were asked to refer this Bill to a Select Committee but they would not do it. The Government want an important legislation involving lakhs of rupees and also property belonging to individuals and to local bodies to be rushed through and passed into an Act. Perhaps, five years later, when a new Ministry is in office, the Supreme Court of India will say that the Government have not looked into their previous decision. They have specifically used the words

There was no entry in any of the three lists relating to compulsory acquisition of any commercial or industrial undertaking'. Although clause (2) of Article 31 of the Constitution contemplates a law for authorizing the compulsory acquisition for public purposes of any commercial or industrial undertaking, the Supreme Court has clearly stated that there is nothing in any of the three lists of Schedule VII which relates to acquisition of property. They have particularly used the words 'there is not in the list an item which refers to industrial or commercial undertakings'. Therefore, it is doubtful whether you have the jurisdiction to introduce and pass this legislation. Article 248 (1) of the Constitution says that 'Parliament has exclusive power to make any law with respect to any matter not enumerated in the Concurrent list or State list'. You have therefore undertaken a legislation which may be *ultra vires* of this Legislature. You ought to have

17th May 1954]

[Dr. V. K. John]

by way of abundant caution asked Parliament to pass this law. Under Article 248 Parliament has got exclusive power to make any law with respect to any matter not enumerated in the Concurrent list or the State list. When there is this provision in our Constitution why should we take a risk? I need not go to the extent of saying that this is *ultra vires* of this Legislature but it is certainly risky in the face of the wording used by the Supreme Court in its judgment. You should have asked Parliament to enact this legislation, and Parliament would surely have come to your help because you have already spent lakhs and lakhs of rupees in acquiring these undertakings.

"Sir, a request was made in the other House to have this Bill referred to a Select Committee but the Government rushed through this measure and it was passed. I find that on every occasion after this Legislative Council was constituted under the Constitution, without any exception whatsoever, we are treating every discussion here as a post-mortem examination of Bills passed by the other House. Has not Parliament intended that this House should have power to refer Bills to Select Committees and is it not intended that this House can bring in any amendments to Bills passed by the other House? But, however good the amendments may be, you will not accept them and it also ill becomes the dignity of the Opposition to bring in amendments which they know very well will never be accepted. In fact, my hon. Friend, Sri M. P. Govinda Menon, speaking on some other Bill made a reference to-day to this kind of feeling, particularly among Members not belonging to the Congress Party, that this House was not fulfilling a useful function and could do nothing at all here.

"Coming to the Bill under reference, you are taking a very grave risk similar to that which you took in 1949. You should not have taken it. Even now it is not too late. You can refer this Bill not only to your legal advisers but to the legal advisers of the Government of India and other competent men and get a written opinion that this is within the competence of this Legislature. I am sure everybody will say 'Even though it is not absolutely certain that you have no power, it is a risky matter and you need not undertake it and invest any money in pursuance of this legislation.' I therefore submit to the Hon. the Minister for Public Works and the Government not to rush through this legislation without previous consultation and without previously obtaining competent legal opinion. You should not take a very great risk in this matter.

"Having said this, I may point out that in 1949 when this Act was passed the idea was that there must be a plan for nationalising everything and the money required for it must also be found. The idea of nationalisation was prominent in those days. The bus transport in the City was nationalised. Did you give any benefit to the public on account of this nationalisation? You

[Dr. V. K. John] [17th May 1954]

never reduced the fares and when you wanted to nationalise the electrical undertakings your idea was to find jobs for your own men."

SRI M. P. GOVINDA MENON :—" Mr. Chairman, Sir, the Hon. the Deputy Leader of the Opposition, Dr. V. K. John, is always addressing you as if you are responsible for all the misdeeds of the Government."

DR. V. K. JOHN :—" I must address the Chair and the procedure is that I must address the House only through the Chair."

MR. CHAIRMAN :—" I think the Hon. the Deputy Leader of the Opposition knows the procedure well."

DR. V. K. JOHN :—" Sir, what is this nationalisation for? It is not meant to benefit the public. The Government say the local bodies have not got a lot of funds to undertake the supply of electricity to people. Why should not the Government help them with the funds required? Again they say the private companies have not got adequate funds and therefore they are acquiring them. The lack of funds is not at all the reason. The Government acquired them because in those days they thought that everything ought to be nationalised. But, how did the Congress Government nationalise the bus transport industry and the electrical undertakings? They did not pay the market value and the people had to go to Courts. One great principle which any civilised Government ought to follow in acquiring other people's property is to give the market value which should be settled by judicial authorities. As provided for in the Land Acquisition Act the Government should also give a solatium of 15 per cent if the acquisition is compulsory. But, have the Government ever followed this principle? In every case where they have tried to acquire land, or other property or other undertakings they have never paid the market value to these people. What has been the result of this attitude? From that time people are fighting shy of investing any money on any business. If there is anything that has frightened the investors and the adventurous people, who venture to start new undertakings, it is the fear that if that undertaking is partly or wholly successful the Government will step in and nationalise that undertaking and would not pay them the market value, let alone the solatium. Is it just and proper that the Government should do so?

" This is the way in which the Government have progressed, and it was in this manner that they passed the 1949 Act. The Government start with the idea of nationalising everything. If they want to acquire these undertakings, let them pay proper compensation, namely, the full market value of the property and a solatium of 15 per cent. When settling the principles of compensation, the Government should see that they do not expropriate private property. I say that the provisions in this Act in

17th May 1954] [Dr. V. K. John]

regard to payment of compensation, that is, the payment of market value and solatium, should be condemned and condemned very strongly. By the 1949 Act and by this Bill the Government are to-day preventing private enterprise and even an enterprise by local bodies. I do not see how local bodies cannot carry on these undertakings. It is the responsibility of the Government to provide cheaper electricity even to those living in the rural parts. But what have this Government done? Are we having cheaper electricity in our State like Mysore and Travancore-Cochin States? No, not at all. Have the people been benefited in any way by the Government acquiring these undertakings under the 1949 Act? Have they extended the facilities or have they made electricity cheaper? The Government should see to it that some benefit is conferred on the public. Another thing I wish to bring to the notice of the Government is that whenever they invest lakhs and crores of rupees on undertakings like this, they must have a sinking fund because the machinery will last only for 30 or 40 years. They must provide for an adequate sinking fund and they must have proper return from the investment."

THE HON. SRI C. SUBRAMANIAM :—" We are already having a sinking fund."

DR. V. K. JOHN :—" That sinking fund is not worth mentioning at all."

THE HON. SRI C. SUBRAMANIAM :—" There is a depreciation fund for electricity undertakings."

DR. V. K. JOHN :—" Clause 24 declares valid all acts or things done previously. Have the Government consulted any legal authority as to whether they could legalize all those things done under an illegal Act? I am not saying that the Government could not but they must take legal opinion in the matter. I cannot support this Bill because I think it is a very risky measure for this Legislature to pass, and the Government have not looked into it whether they have still got the jurisdiction to enact this measure. I am sorry I have to repeat that the Government have not referred such an important measure to a Select Committee either of this House or the other House."

SRI MOHAMED RAZA KHAN :—" Mr. Chairman, Sir, the legal aspect of the whole question has been dealt with by the Deputy Leader of the Opposition and I think it is for the Hon. Minister concerned or for the Hon. the Finance Minister to reply. I do not like to go into it. But the fact remains that in the year 1949 there was general agreement in the House on the principle of nationalisation of the electrical undertakings. I know that the then Minister for Public Works, who had earned so much reputation, did his best to pilot this Bill. If I remember aright, it was pointed out to the then Minister for Public Works that the provision for the appointment of some nominee of the firms in case they do not agree and also the provision for

[Sri Mohamed Raza Khan] [17th May 1954]

paying something more to the local board undertakings were likely to be held *ultra vires* by the High Court. Here I am not trying to exploit this point against the Government. Even with the best of intentions, we may sometimes miss a particular point. But it would not be good if the Acts that we pass here are declared invalid by the High Court or the Supreme Court and adverse decision are given. Therefore, before passing any legislation, the Government would do well to consider all the aspects by referring the Bill to a Select Committee either of this House or of the other House. The Deputy Leader of the Opposition said that the Government should have referred this Bill to a Select Committee. After all this is an Amending Bill. The original Bill was passed in the year 1949 and the very purpose of this Amending Bill is only to meet the various points raised by the decision of the High Court and the Supreme Court. I feel that whenever there is a major Bill of this kind, it is much better to refer it to a Select Committee. In the past, it has been the policy of the Government to refer important Bills to Select Committees. Most probably, in this Session, owing to the hot summer, the Ministers are in a mood to finish their work and disperse themselves. Otherwise they would have referred one or two Bills to Select Committees.

“With regard to payment of compensation, I do not like to argue much. I would say for the information of the Deputy Leader of the Opposition that at the time when the Bill was before the Legislature in 1949, the persons concerned expressed a great deal of satisfaction with regard to the provisions in respect of awarding compensation to the Zamindars, we even thought that the Government would adopt the same policy. But hon. Members who knew the subject and who were themselves concerned in the matter and people outside said that they had no cause for grievance. The Government had done well; more than we expected. Even one or two representatives of this House . . .”

(At this stage the hon. Member Sri A. Gajapathy Nayagar was found passing between the speaker and the Chair.)

MR. CHAIRMAN :—“Order, order. The hon. Member should not cross between the speaker and the Chair. I have drawn the attention of the hon. Members to this matter many times previously.”

SRI MOHAMED RAZA KHAN :—“Now, coming to the subject, even one or two representatives of this House—I could even mention their names—had said that they had no cause for complaint. I therefore do not wish to pursue this point any further.

“I shall refer to one or two aspects—they are about the policy and not about the clauses of the Bill. There seems to be a good deal of opposition from local authorities, at least from such of the municipalities or local bodies as are running the undertakings efficiently. They feel that they will stand to lose a great deal if

17th May 1954] [Sri Mohamed Raza Khan]

the undertakings are acquired by the Government. I request the Hon. Minister just to state the policy of the Government and what the Government feel in this matter.

“Another thing is that there is no finality in respect of these matters. The Government simply say that they will nationalize the electrical undertakings. They have not stipulated any time-limit. They will take the undertakings according to their own convenience, according to the capacity of their staff to take over and according to their financial resources. The result will be that there will be no progress in acquisition. The complaint everywhere is that new connexions are not given. An electrical undertaking is a paying proposition as evidenced by the Budget speech. The Electricity department has done well. The Government should state that they will acquire all the undertakings within a prescribed period, say, three or four years. Finance should not be the sole consideration.

“I say, Sir, that it is not good on the part of the Government to keep these people in suspense. Instead of there being any progress, there will be a set-back. Dr. John has rightly said that whenever the Government take over an undertaking, the results are not very happy. I may tell him that the question of electricity undertaking stands on a different footing altogether. There is a case for Government to nationalize this electricity industry. I hope better results will accrue if Government take over this industry.

“Sir, if we take into consideration the working of the Madras Electricity System, we will see that the establishment charges have considerably increased. If we compare the present figures with those of some four or five years before, we will see that establishment charges have gone up very high. But how far are the people benefited by this increase in establishment charges? The charge for a unit of electricity supplied is four annas, and added to this charge, there is the war surcharge which is 20 to 25 per cent of the charge for units consumed. It is nine years since the war ended. But still the war surcharge is being levied on the consumers. The Government can as well say that they charge six annas per unit instead of levying four annas per unit and charging an additional two annas or so as war surcharge. The public feel that although the Government have nationalized the electricity undertakings, still they do not have any benefit. It is very difficult for middle class people to get connexions. Electricity is not a luxury, but is a necessity. If people apply for new connexions, they are promptly informed that no new connexions could be given.

“Then, Sir, I have to point out that bills for every month are not sent promptly and people also are not forced to pay their dues promptly. In the case of the Telephones Department, if the dues for a month are not paid, the connexion will immediately be cut off. But the Madras Electricity System goes on accumulating the dues from customers, and when charges due from any one reach the colossal figure of Rs. 300 or Rs. 400, the department

[Sri Mohamed Raza Khan] [17th May 1954]

warns him that the connexion will be cut off. I do not understand why the department should allow so much amount to get into arrears? Why not the department take steps to recover the amounts promptly?

"Sir, there is a good deal of dissatisfaction with the way in which accounting is done by the department. Sometimes duplicate bills are received asking for payment, even though the amounts have already been paid. The amounts paid previously have not obviously been properly adjusted. Of course, these are all small points, and I hope the Hon. the Minister for Public Works will go into these. I approve of the principle of nationalizing all electrical undertakings, because it is the one department in which the Government have done very well. It is for the Government to clarify their policy in regard to the acquisition of undertakings owned by the municipalities."

SRI V. GURUNANDAN ROW :—"Sir, I support this Bill. I am one of those who believe that public utility services like transport and electricity should be nationalized. I do not agree with the Hon. the Deputy Leader of the Opposition when he said that this Act could not be passed. That is an arguable proposition. But I should say that this Bill is perfectly valid, because, after all, we cannot take over an undertaking. We take over only the property of the undertaking. What is the undertaking as such? It is something which has no body or soul. When we take over an undertaking, it means that we really take over the property of the undertaking. Property of the undertaking is there. It is but right that private enterprise must be taken over as they are run only for profit and not for rendering service to the people. Because of the way in which these services are run by the Government, and because of the bureaucratic red-tape that is practised in the department, and also because of the inefficiency and corruption in the department, the popular feeling is against nationalization. These defects must be removed. I have got very good experience of the department. If any one wants a new connexion, it will take a lot of time for him to get it, unless perhaps he knows how to pull the ropes from behind. If any one wants to change his current from AC to DC, there is difficulty again. There is no spirit of service among the people in the department. Once the undertaking becomes a Government department, the idea of bossing over people comes in. But a business concern is there to please people, and therefore it is we get much attention from business people. Therefore I would bring it to the notice of the Government that they should have a business-like approach to the matter. Courtesy must be shown to the people. The department must be efficient. The needs and conveniences of the people must be attended to. Then alone the Government can think of making nationalization popular.

"Sir, there are certain clauses in the Bill which may give rise to litigation. In fact the judgment of the Supreme Court has necessitated the bringing in of this Bill. I have given notice of my

17th May 1954] [Sri V. Gurunandan Row]

amendment to clause 7 only to try to help the Government. The Bill was circulated to us only yesterday, and within the time available, I have given notice of some amendments. Clause 7 (1) as it stands reads as follows :—

"7. *Appointment of a sole representative.*—(1) Every licensee may, within three months of the receipt of an order under section 4, sub-section (1), intimating the vesting date or, in the case of an undertaking taken over, within three months of the commencement of this Act, appoint an individual who may be the managing agent or a director or an officer of the licensee or any other person to act as his sole and accredited representative . . ."

That is to say, even in respect of an undertaking which the Government are taking over, they are allowing the licensee the right to appoint an accredited representative. The licensee has got the right to appoint an accredited representative within three months from the date of the coming into force of the Act. Sub-clause (3) of clause 7 says—

"(3) Nothing in the foregoing sub-sections shall be deemed to require a licensee of an undertaking taken over, who has appointed an individual as his sole and accredited representative, to make a fresh appointment after the commencement of this Act . . ."

The licensee is not required to make a fresh appointment after the commencement of the Act if he has already appointed one. I think the draftsman of the Act wants that in cases where there is already an accredited representative, that person should be considered the accredited representative and that no fresh appointment of an accredited representative should be made. I understand that this is applicable only to municipalities. It is only in cases where there is no accredited representative appointed before the commencement of this Act that one has to be appointed.

"The Government allow an undertaking taken over to appoint an accredited representative. That means Government invite litigation. Suppose an accredited representative has already been appointed for an undertaking already taken over, and now under this clause the undertaking make a fresh appointment, what are the Government going to do? This is my question. That is why I have given notice of an amendment making it not possible for such persons now to come and say, 'I am going to appoint an accredited representative and thereafter I am going to select whether I am going to come under basis "A", "B" or "C", even though all these things have been gone through in the past. This is one of the aspects of the Bill on which I wanted to say a few words.

"There is another important aspect on which also I would like to say a few words. It is about those employees who have been retained in service after the undertaking was taken over by the Government. Sub-clause (2) of clause 15 says: 'Persons whose services are retained shall be governed by such rules as the Government may, from time to time, make in regard to them'. But what is to happen to people who were working in the undertaking taken over? They should be deemed to be Government servants from the date it was taken over by the Government. There should be no break in their service. Government should make a definite

[Sri V. Gurunandan Row] [17th May 1954]

statement in the Act that no employee of an undertaking taken over by Government shall lose his appointment or suffer by getting less emoluments because of such acquisition. To give effect to these objects I have given notice of amendments.

“ Then, Sir, I would like to have some explanation from the Hon. Minister as to why two different types of compensations are provided in the Bill. I refer to items (a) and (b) under item (ix) of sub-clause (3) of clause 5. Sub-item (a) says: ‘ in case the licensee is a person licensed under Part II of the Electricity Act, at the rate specified in the licence in respect of compulsory purchase, or where no rate is specified in the licence, at fifteen per cent on the values referred to in sub-clauses (i) and (iv), at the rate of ten per cent on the value referred to in sub-clause (ii), and at the rate of five per cent on the value referred to in sub-clause (iii); ’ This is one type of compensation. Sub-clause (b) provides for another type of compensation and it says: ‘ in case the licensee is a person who has obtained sanction under section 28 of that Act to engage in the business of supplying electrical energy, at the rate of ten per cent on the values referred to in sub-clauses (i) and (iv) and at the rate of five per cent on the values referred to in sub-clauses (ii) and (iii). ’ I want some clarification on this point also from the Hon. the Minister in charge of the Bill.

“ And the last point on which also I want clarification from the Hon. Minister is this: Part B of Schedule I says: ‘ For the purpose of section 5 (1), “ net annual profit ” in respect of any account year of a licensee being a local authority shall be (i) the amount actually appropriated, or (ii) the amount which could have been appropriated, to the general funds of the local authority on account of the undertaking for that account year in accordance with the audited accounts of the undertaking. ’ All that I want to say is that a local authority must not be treated in the same fashion as others. The local authorities must be paid a little better compensation because the profits made by the local authority do not go into the hands of the private people. It goes to the municipality. That means that the profit goes to the people of the municipality. Then again the municipalities do not run these undertakings with a profit motive but more or less on a service basis. If the compensation is worked out on the basis proposed, the municipalities would get less. Therefore, I suggest to the Government that in calculating the profits made by the municipalities, some other liberal method should be adopted so that more compensation is paid to these municipalities. The Schedule should be amended with this aim in view.”

SRI G. KRISHNAMURTHI :—“ Mr. Chairman, Sir I do not know what nationalization means. In these days after the attainment of Independence, there is not much meaning in the demand for nationalization. In the pre-1947 days when the Britishers were running our concerns there might have been some meaning. But now, when most of the concerns are run by our own people, and the Government also are expected to be committed to a policy

17th May 1954] [Sri G. Krishnamurthi]

of encouraging private enterprise, there is not much meaning in nationalization. We know that laymen as a whole feel that they are sure to get a thing done more easily by the private company than by the Government. Great hardship is felt by a person in drawing even a few rupees due to him from the Government Treasury. It is very easy to remit money into the treasury but to get even a few rupees from the treasury is a great hardship. When such is the case with the working of the Government Treasury, I do not know how we are going to improve other facilities for the public by taking over the electricity undertakings. In theory and on paper it might sound well that the Government should be able to own all the electricity undertakings so that they might be able to provide even the remotest villages with electricity and enable the farmers there to pump out water with the aid of electric power to their fields. When it comes to practice, we find there is a lot of difficulty in approaching the Government and getting things done. So what I would request Government to do in the matter is to have something like a Government Board which is to be run completely on commercial lines and completely free from the shackles of red-tape that usually follows Government business. If the Electricity Board is manned exclusively by experts and run completely on commercial lines, then the difficulty felt by the laymen as a result of the nationalization of electricity undertakings will not be there.

“ Now, Sir, we like to have enlightenment from the Government as to how many electricity undertakings are there in the State, how many are to be taken over by the Government under this scheme, how many of them have already been taken over, how much money was paid by the Government in respect of undertakings already taken over, and how much money would be required to take over the others. If particulars regarding these are furnished to hon. Members, they will be better able to judge the position correctly. Immediately after the attainment of Swaraj, in our enthusiasm we want to have everything done by the Government and that too now itself. We want things that can be done in the course of the next two or three generations to be done now itself. I had occasion to submit to hon. Members of this House that the policy of the Government had been to tax the present generation for the benefit of the future generation. This is like the man hoarding up money without using it himself but allowing that money to be used not by his own son but by his adopted son. We know how members belonging to our future generation are behaving and are going to behave.”

“ Now we want to do everything ourselves. The acquisition of so many electrical undertakings means investment of so much of capital and the Government may therefore go in for a loan tomorrow, or this Government may curtail certain items in the Budget. Some items of capital expenditure may be debited to the revenue account which in turn will mean that the present generation will have to make sacrifices. Of course, it is all for the good

[Sri G. Krishnamurthi] [17th May 1954]

of the nation. But, is it just and fair to take over all these undertakings in the present generation itself? How many undertakings have been already taken over and, may I also ask, what are the benefits that we have reaped as a result of it? As pointed out by hon. Members who spoke earlier, by undertaking to run certain electrical undertakings in the City and elsewhere themselves, the Government have not lowered the rates for supply of electricity. What then are the benefits for the present generation? Is it not better for us to hasten slowly in regard to this matter?

“With regard to conditions of service of the employees of the undertakings to be taken over, I find that we are going away a little from what we ought to do righteously. We say that anybody's service can be terminated by giving him three months' notice. This notice is to take effect irrespective of anything to the contrary in any contract or agreement that the person might have already entered into with the business concern that has been running the electrical undertaking. How far are we right in making such a provision? One may be a highly paid officer or a poorly paid peon and, may I ask, are these people to be at the mercy of the future Government servants who are to occupy these *gadis* simply because we make a rule that anybody's service can be terminated after giving him three months' notice? After all the intention of the Government, by nationalizing the electricity undertakings, is to provide the best possible facilities to the people in regard to the supply of electricity. Then, why should we threaten these employees who might have put in years of service that their services can be terminated on three months' notice? Are they not our own brethren? Did they not enter the service of these undertakings in the hope that their services would be required for ever? Why should we therefore make a provision in this enactment that anybody's service can be terminated after giving him three months' notice?

“Then, what about the salaries of these employees? I know personally that there are many concerns which pay their employees more than what the State Government do. They are paying them actually at the Central Government rates. What will be the fate of these employees? Will not the State Government say that in their Electricity System, they are paying an Accountant or an Engineer only so much and that the ex-employees of the undertakings taken over should accept only those rates? Why should these employees be asked to work at some disadvantage to themselves? There should be a provision therefore that when an electricity undertaking is to be taken over, no employee would be affected by it. Such an assurance was given when the Pudukkottai State was merged with the Tiruchirappalli district of the Indian Union, viz., that no State employee would be affected to his disadvantage. Therefore nobody in an electricity undertaking should be affected in the matter of his salary, leave rules, pension, gratuities and other privileges when that undertaking is taken

[17th May 1954] [Sri G. Krishnamurthi]

“Then, as regards the rates charged for the supply of electricity, if the Government will bring them down or at least state that after a few months the rates charged for the supply will be reduced as a result of the nationalisation of these undertakings on a mass scale, then the public will be satisfied to a large extent. Nothing has been indicated so far in regard to this matter. Therefore, if the Hon. the Minister piloting the Bill would enlighten us on this point, before we are just asked to pass this Bill, we would be satisfied.”

SRI K. BHASHYAM :—“Mr. Chairman, Sir, so far as the legal difficulty raised by the Hon. the Deputy Leader of the Opposition is concerned, I would content myself by just reading a few lines from the judgment of His Lordship Sri P. Satyanarayana Rao in the appeal made to the High Court. His Lordship has discussed the law regarding the position under the Government of India Act of 1935 and under the present Constitution. His Lordship has stated: ‘In the present Constitution the matter is made clear. The power of acquisition so far as the Union is concerned is Item 33 in List I of the Seventh Schedule—Acquisition or requisitioning of property for the purposes of the Union. Item 36 of List II of the Seventh Schedule is in regard to ‘Acquisition or requisitioning of property except for the purposes of the Union, subject to the provisions of entry 42 of List III.’ His Lordship says that in all these items the power of acquisition is not restricted to land only nor is there any restriction on the extent of the property. Therefore every kind of property can be acquired subject of course to the provisions of the Constitution—Item 33 of List I of Schedule VII for purposes of the Union and Item 36 of List II of Schedule VII for purposes of the State and the form and the manner in which compensation will have to be paid can also be decided by the State. This exactly answers the point raised by the Hon. the Deputy Leader of the Opposition to the effect that in spite of the new provisions which have been introduced in the New Constitution there is still some inherent constitutional difficulty in the State Legislature undertaking legislation of this kind. I therefore do not think it necessary to dilate further upon this point. I think the Government are justified in proceeding with this legislation without any further delay.

“However, I would like to refer to one point before I finish my speech. This question of nationalisation has come into prominence ever since we have attained Independence. It is certainly a matter of very great importance, but have we got all the money necessary for the purpose of nationalizing all major enterprises? I am for nationalisation but when the Government themselves are in deficit and many of their undertakings which are for the purpose of producing the necessities of life such as irrigation projects, etc., are held up for lack of funds, I do not see any necessity or urgency for utilising the few crores of rupees that we have got on hand for the purpose of buying the electricity undertakings from private persons. It is true that electricity is a national industry and must be nationalised at some date or other. But, what is the urgency for doing it now when the budget is a deficit one, and when more

[Sri K. Bhashyam] [17th May 1954]

urgent projects are pending execution and which are not capable of being executed now for lack of funds? It is from this point of view that I say that this question of nationalisation need not be taken up now. There must be some priority even in respect of projects which are pending before the Government for execution. However, I am glad to know that the Hon. the Minister in charge of Electricity in the previous Ministry and the present Minister for Public Works have both been careful to point out that only in cases where a private undertaking does not work properly and does not serve the public interest in as efficient a way as it ought to serve, will that undertaking be acquired by the Government. To this extent I am glad that the Government have restricted the scope of their activities and thereby spared some moneys for the purpose of carrying out the more urgent works they have on hand.

"Before I finish I would like to draw the attention of the Government and particularly that of the Hon. the Minister for Public Works who is in charge of electricity to certain facts. So far as this State is concerned, what we find after nationalisation of electricity is that the service is not much more efficient than it was before. In fact, when the private company was in charge, any call for help in respect of any difficulty or failure of lights did receive instantaneous attention and we were able to get the man on the spot within a few minutes. Now, there is some slackness and we usually get a reply that 'so and so' is not there or that a man would be coming in half an hour. I think the Government must look into this matter and set it right. After all we are all interested in nationalisation. If the money that goes into the pockets of the private individual goes into the pockets of the Government, the people will be benefited by this nationalisation. If we are to make this nationalisation of electricity popular we must see that the calls for help from the public are really attended to promptly and efficiently. I am making this appeal to the Hon. the Minister in charge that the service should be prompt especially when lights fail on occasions like marriages, etc., I do not think there will be any difficulty in setting this right. I make this complaint not because I want to do so but because I have experienced this difficulty myself.

(At this stage the Deputy Chairman occupied the Chair.)

"Even as regards this Bill there have been many improvements since I last spoke on it. I do think that it requires much greater improvement than what has been done. While supporting the Bill, I wish to point out that if the policy of nationalisation is to be really popular with the people, the Government must be more careful and more efficient than they have been hitherto."

SRI K. BALASUBRAMANYA AYYAR:—"Mr. Deputy Chairman, Sir, I also feel that there is power for our State Legislature to pass this Bill. The Supreme Court was concerned with the Lists under the Government of India Act, 1935. There the only provision under the Provincial Legislative List was for compulsory acquisition of land. That was all, and there was no

17th May 1954] [Sri K. Balasubramanya Ayyar]

other provision, and in the concurrent list there was only the word 'electricity'. Therefore, the Supreme Court held that neither the word 'electricity' nor the words 'compulsory acquisition of land' will give the power to acquire any commercial undertaking because it was not merely land. But, under the present Constitution, there is provision for acquisition or requisitioning of property and the Supreme Court has given a very wide meaning to the word 'property'. Property includes everything including goodwill. As the word 'property' is so widely construed, I think it may well be argued that the State List will include the acquisition of commercial undertakings. Let us therefore proceed on the footing that we have got the power to legislate.

"Sir, so far as nationalization is concerned, as a matter of general principle we may all agree. But all the difficulties come only in the actual working. Nationalization, according to me, should be confined to the compulsory acquisition of undertakings which do not serve the public interests properly. If there are companies which have been distributing electricity properly and if they are doing their work to the satisfaction of the public, I do not see any reason why we should compulsorily acquire such undertakings. I do not know how many undertakings there are still to be compulsorily acquired. Therefore, instead of paying compensation to all the undertakings at a time of difficulty, we shall acquire such undertakings which have not been serving the public interest well.

"So far as the general principle of nationalization is concerned, there is always the difficulty that whenever there is nationalisation concern. A profit-making concern sees to it that it discharges its duties to the satisfaction of its constituents, and it is popular also. In all nationalization schemes the difficulty is that so long as the profit motive is not there and the Government are not interested in earning profits, naturally there is loss of efficiency and there is lack of interest also. I would therefore request the Hon. the Minister for Public Works to see that this Bill is not made applicable to those undertakings which supply electricity properly and at reasonable rates and satisfy the public demands. It can be applied to such undertakings which are not run properly and which do not satisfy the Government. If the Hon. Minister can look to this, we shall accept this Bill."

(At this stage Mr. Chairman resumed the Chair.)

SRI V. V. RAMASWAMI:—"கனம் தலைவர் அவர்களே, இந்த மின்சார விநியோக உரிமைகளை அரசாங்கத்தார் எடுத்துக்கொண்டதைச் சட்டப்படி செல்லாது என்று உயர்தர நீதி மன்றம் தீர்ப்பளித்த பிறகு புதிதாக ஒரு சட்டத்தை சர்க்கார் கொண்டுவந்திருக்கிறார்கள். இந்தச் சட்டத்தை நிறைவேற்றலாமா? அது சரியா? என்பதைப் பற்றி வழக்கறிஞர்கள் இரு தரப்பிலும் எடுத்துச் சொன்னபோதிலும் கூட இந்தச் சட்டம் நிறைவேறத்தான் போகின்றது. ஏனெனில், அமுலில் இருக்கும் அரசியலமைப்பின் படி மேல் சபை என்று ஒரு சபை இவ்விடத்தில் இருக்கின்றபடியினால்தான் இந்த மசோதா இங்கு கொண்டுவரப்பட்டிருக்கிறதே தவிர, மற்றபடி கீழ்ச் சபையிலே இது நிறைவேறிவிட்டது. ஆயினும், இங்கு ஒரு வாய்ப்பு கிடைத்திருக்கிறபடியினால் இந்த மசோதாவிலுள்ள குற்றங்களையோ

[Sri V. V. Ramaswami] [17th May 1954]

குறைகனையோ எடுத்துச் சொல்லக் கடமை யுள்ளவர்கள் என்ற முறையில் நாங்கள் எடுத்துச் சொல்லுகிறோம். அவைகளில் இருக்கின்ற குறைகளை அரசாங்கத்தார் கவனித்து, திருத்தங்களை எடுத்துக்கொண்டு அதற்கு ஆவன செய்வார்கள் என்று நினைக்கின்றேன்.

“இந்த மின்சார விநியோக உரிமைகளை அரசாங்கத்தார் எடுத்துக் கொள்ளப்போவதாக தெரிவித்த காலத்திலிருந்தே பலத்த எதிர்ப்பு இருந்து வந்திருக்கின்றது. தனி நபராக இந்த விநியோக உரிமைகளை வைத்திருந்தவர்கள் அல்லது கூட்டாக வைத்திருந்தவர்கள் இதைப் பலமாக எதிர்த்தார்கள். அவர்கள் தந்தலம் லாபம் இவைகளை கருதி என்று மக்கள் மனதிலே பதியும்படி அரசாங்கத்தார் பதில் சொல்லிக்கொண்டு வந்தார்கள். ஆனால், நகராட்சி மன்றங்களும், ஸ்தல ஸ்தாபனங்களும் மக்களுடைய நலன்களைக் கவனிப்பதற்கும், உரிமைகளைப் பாதுகாப்பதற்கும் கடமைப்பட்டிருக்கின்றன. மக்களுக்குக் கடமைப் பட்டிருக்கின்ற நகர ஆட்சி மன்றங்களைச் சேர்ந்தவர்களே எதிர்த்தபோது, நல்ல ஈடு கொடுப்போம் என்று அவர்களுக்குத் திருப்தியளித்து இந்தச் சட்டத்தை முன்பு நிறைவேற்றினார்கள்.

“ஆயினும், அந்தக் காலத்திலே நகராட்சி மன்றத்தினர்கள் அனைவரும் ஒன்று கூடி ஒருமுகமாக எதிர்த்திருந்தார்களானால், அவர்கள் சொல்லக் கூடிய நியாயத்தை சரியாக உணர்ந்து, மின்சார விநியோக உரிமைகளை நகராட்சி மன்றங்களிலிருந்து அரசாங்கம் நீக்கியிருக்கமாட்டார்கள். இந்த மசோதாவிலிருந்து நகராட்சி மன்றங்களை நீக்கியிருப்பார்கள். ஆனால், துரதிர்ஷ்ட வசமாக அந்த நகராட்சி மன்றங்களிலே பெரும்பாலும் செல்வாக்குள்ளவர்களும், பொறுப்பை உணர்ந்து அரசாங்கத்திற்குச் சொல்லக்கூடிய உரிமை உள்ளவர்களும் நகரசபையிலுள்ள வர்களெல்லாம் ஆளும் கட்சியைச் சேர்ந்தவர்களாயிருந்தபடியால், தங்கள் உரிமைகளை ஒருவாறு மனச்சாட்சி சொன்னபோதிலுங்கூட, அரசாங்கத்தார் கொண்டுவந்த தீர்மானத்தை ஆதரிக்கும் நிலைமையில் கைவிட்டுவிட்டார்கள் என்று சொல்லவேண்டியிருக்கிறது. ஆயினும், இப்பொழுது நகராட்சி மன்றங்களிலே இருக்கின்றவர்கள் ஏன் இதை ஆதரிக்க மறுக்கிறார்களென்றால், ஒவ்வொரு நகரசபைக்கும் வருமானம் வரக்கூடிய வழிகள் எத்தனையோ இருப்பதாகச் சொல்லியபோதிலுங்கூட, முக்கியமானதும், பெரிதும் கவனமாக நகராட்சி மன்றங்களாலே போற்றி செம்மையாக நிர்வகிக்கப்பட்டு வந்ததும், இந்த மின்சார விநியோக முறை ஒன்றுதான்.

“ஸ்தல சுயாட்சி இலாகாவிலே ஒவ்வொரு நகராட்சி மன்றத்தினுடைய நிர்வாகத்தை பரிசீலித்து வெளியிடும் அறிக்கையிலே, ‘உங்கள் வருமானத்தைப் பெருக்கவேண்டும்; வருமான இனங்களைப் பெருக்கவேண்டும்’, என்ற முறையில் நகராட்சி மன்றங்களை இடித்துக் கூறுவார்கள்.

“நகராட்சி மன்றங்களுக்கு வருமானம் கிடைத்து வந்த இந்த மின்சார விநியோக உரிமையை அரசாங்கம் எடுத்துக்கொண்டதனால், அவர்கள் மிகவும் ஏமாற்றம் அடைந்தார்கள். அரசாங்கம் இந்த உரிமையை அவர்களிடமிருந்து எடுத்துக்கொள்வதற்குக் காரணம் சொல்லும்போது, ‘உங்களிடத்திலே பணம் இல்லை; சுற்றுப்புறம் இருக்கின்ற அனேக கிராமங்களில் தேவையானபடி விநியோகம் செய்வதற்கு உங்களால் முடியாது; அரசாங்கத்தாரால்தான் முடியும்’, என்று சொல்லி எடுத்துக்கொண்ட பிறகு, அப்படி கிராமாதிரங்களுக்கு மின்சார வசதியை கொண்டுபோனார்கள் என்று பார்த்தால், இல்லவே இல்லை. மின்சார வசதி விஸ்தரிக்கப்பட்டிருக்கும் கிராமங்களில்கூட, ‘நீங்கள் கடன் கொடுத்தால், மின்சார சப்ளை தருவதற்கான வசதிகளைச் செய்து கொடுப்போம்’, என்று சொல்லக்கூடிய நிலைமை இருக்கிறது. கடன் கொடுத்தவர்களுக்குக்கூட இன்னும் திருப்தி கரமாக மின்சாரம் கிடைக்கவில்லை.

“மேலும், மின்சார விநியோக உரிமைகள் நகராட்சி மன்றங்களிலிருந்து எடுக்கப்பட்டதனால், அவைகளினுடைய வருமானம் குறைந்ததோடு அல்லாமல், நகராட்சி மன்றத்தின் அன்றாட நிர்வாகத்தில் ஈடு

SRI A. GAJAPATHY NAYAGAR :—“மன்றத் தலைவர் அவர்களே, தனி மனிதன் அல்லது நகராண்மைக் கழகங்கள் மின்சார சக்தியை விநியோகிக்கக்கூடாது, மின்சார சக்தி விநியோக வேலையை அரசாங்கமே ஏற்றுக் கொள்ளவேண்டுமென்று இந்த மசோதாவின் முதல் அடியிலேயே சொல்லியிருப்பதை நான் வரவேற்கிறேன். ஏனெனில், நீதிக்கு அடுத்தாற்போல் மக்களுக்கு அத்தியாவசியமாக வேண்டியது மின்சாரம். அதாவது, சிறு சிறு குடிசைத் தொழில்களை நடத்துவதற்குக்கூட நமக்கு மின்சார சக்தி வேண்டியிருக்கிறது. நாடு முன்னேறவேண்டுமானால், அதற்கு மின்சார சக்தி அவசியம் வேண்டும். ஏனென்றால், மின்சார சக்தி இருந்தால்தான் பல கைத்தொழில்கள் விருத்தியடைவதற்கு முடியும். மின்சார விநியோக வேலையை அரசாங்கத்தார் பொறுப்பு எடுத்துக்கொண்டு நடத்தலாம் என்று இந்த மசோதா கூறுகிறது. மற்றவர்கள் இந்த வேலையைச் செய்து வந்த போது அதற்கு எப்போதும் பல காரணங்களினால் தடை ஏற்பட்டுக்கொண்டு வந்தது. நண்பர் ஸ்ரீ பாலசுப்ரமணிய அய்யர் அரசியலமைப்புச் சட்டத்தின் பிரகாரம், ‘சொத்து’ என்ற பதத்தில் இதுவும் அடங்கிவிடும் என்று சொன்னார். இந்த மசோதாவின் தொடக்கத்தில் கூறியிருப்பதாவது—

‘Whereas it is expedient in the public interests that the business and service of the generation and supply of electricity be carried on by the State of Madras to the complete exclusion of all other persons inclusive of citizens and local authorities.’

“இந்த மசோதாவிற்கு சட்டப்படி தடை இருக்கிறதென்று வாதம் செய்தார்கள். இரு தரப்பாலுடைய வாதங்களையும் நான் கேட்டுக்கொண்டிருந்தேன். ஜட்ஜாக இருந்தவன் என்ற ஒரு அனுபவத்தில், ‘இந்த மசோதாவைக் கொண்டுவருவதற்கு சட்டப்படி தடை எதுவும் இல்லை’, என்று

[Sri A. Gajapathy Nayagar] [17th May 1954]

நான் சொல்லுகின்றேன். தடை இல்லாமல் இருக்கும்போது, ஏன் இந்த மசோதாவை சட்டமாக்கக்கூடாது? இதற்கு சட்டத் தடை எதுவும் இல்லை என்று நான் சொல்லுவேன்.

“இரண்டாவதாக, இப்பொழுது இதற்கு வேண்டிய பொறுப்பு எப்படி, வரி விதிக்கவேண்டிய முறை இவைகளெல்லாம் சட்ட பூர்வமாக இதில் சொல்லிவிட்டார். அப்படிச் சொல்வது நலம் என்று நினைக்கிறேன். இதற்கு ஒரு சட்டம் கொண்டுவந்து, அதற்குத் திரும்பவும் ஒரு திருத்த சட்டத்தைக் கொண்டுவர வேண்டுமானால், இது ஒழியாத சட்டமாய்விடும். சட்டபூர்வமாகச் செய்யும்போது, அது மக்களுக்கு எந்த விதத்தில் நன்மையைச் செய்யும், எப்படித் தீமை ஏற்படும், அதை எப்படிப் போக்கவேண்டும் என்று ஆராய்ந்து பார்த்து, நன்மை தீமைகளைக் கவனித்து, முடிவான தீர்ப்புக்கு வந்திருப்பதையும் நான் வரவேற்கின்றேன்.

“மூன்றாவதாக, சட்டம் செய்துவிட்டு பேச்சளவில் நிற்கக்கூடாது. நாம் வரவு செலவுத் திட்டத்தில் மின்சார சக்தி உற்பத்திக்கும் விநியோகத்திற்கும் அனேக லட்ச ரூபாய் ஒதுக்கி வைத்திருக்கின்றோம். பேச்சளவில் நிற்காமல் உடனடியாக மின்சார சக்தி உற்பத்தியைப் பெருக்க செய்ய வேண்டும். ஏனெனில் மின்சாரம் கொடுக்கும் உறுப்பினர்கள் இருக்கிறார்கள். எந்தக் கம்பனியிலே யாருக்கு ஷேர்கள் இருக்கிறதோ அவர்களுக்கு மாத்திரம் வேலை கொடுத்தும், இன்னொரு கம்பனியில் ஷேர் இருந்தால் அவர்களுக்கு மாத்திரம் வேலை என்றும் ஒருவருக்கொருவர் ஏக சச்சரவு இருந்ததை எல்லாம் ஒழித்து, அரசியலார் ஒரு நடுநிலைமையில் செய்வது நல்லது. அப்படிச் செய்யும்போது இப்பொழுது திருந்த வைக்கவேண்டும். நீக்கக்கூடாது. இம்மாதிரி நிர்ப்பந்தம் கூடாது. எந்த வழியில் வேலை செய்தால் நலமாக இருக்குமோ அந்த வழிகளைக் கண்டுபிடித்து ஆவன செய்வார்கள் என்று அரசியலாசை நம்பி இந்த மசோதாவை நான் முழு மனதுடன் ஆதரிக்கிறேன்.”

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—“Mr. Chairman, Sir, most of the speakers in this House, and especially Dr. John, have been expressing a very grave doubt about the legality of this measure. He has been very scathing in his criticism that even now the Government are running a grave risk in having brought forward this measure. I must confess that I am not a legal pundit. Anyhow, as a Member of this Government, we had our legal opinion. We are advised that under Article 31 (2) of the Constitution, ‘property’ includes interest in a commercial undertaking, and that can be acquired. Under Article 31 (3) the State can make laws for acquiring these undertakings. Apart from this, hon. Members who are also legally proficient—Sri V. Gurunandan Row, Sri K. Bhashyam and Sri K. Balasubramaniya Ayyar—have testified to the fact that it is within the competence of this legislature to acquire such undertakings. So, as one belonging to the legislators in general, I feel that three people have expressed an opinion against one, and that, under the rule of majority even in this House, I am on very safe ground in having brought forward this measure. In the Lower House this Bill was passed, and it had now been brought before this House. Then, Sir, Dr. John went on to say something about compensation and so on. Before I reply to his objections I would quote the hon. Member Sri Raza Khan (he is not here at present) as one who has stated that, even at the time when this was enacted, many

17th May 1954]. [Raja Sri Shanmuga Rajeswara Sethupathi]

of the licensees and people who had any interest in these undertakings expressed very great satisfaction with the amount of compensation that was offered. In nationalization, nothing would be possible if we do not change our attitude and if we do not change our outlook with reference to property and its values, as they existed from the Victorian days. (Interruption.) It is well within the competence of the Court to question every proceeding. This also may go to the courts.”

Dr. V. K. JOHN :—“If the amount of compensation, proposed to be paid, was considered to be good, why should these people go to courts?”

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—“Some people went to courts for different reasons. There was no question about the amount of compensation. Perhaps Dr. John may appear on behalf of some concerns. His speech may serve as an advertisement for people to approach him for defending their claims. (Laughter). Anyway, I am not concerned with this. I am now speaking on behalf of the Government. I wanted to quote only his henchman (Mr. Raza Khan) who expressed great satisfaction with the compensation amount. He was in the last Assembly and participated in the proceedings. We are concerned now only with the rectification of certain lacunae that have been pointed out by the High Court and also by the Supreme Court. It is with that object we have brought forward this Bill. In the Lower House, Members wanted that this Bill should be referred to a select committee. I opposed that motion and told them that no useful purpose would be served by referring the Bill to a select committee. I told them that this Bill was considered in great detail before. Then they accepted and passed this measure.

“So there is no point in saying that this Bill should be referred to a Select Committee of this House. After all what is a Select Committee? All the hon. Members who took part in this discussion, the great legal pundits, will be there on the Select Committee. As I have already pointed out this Bill had been considered in very great detail by a Select Committee on which there were able lawyers, and the views expressed now were already considered by that Select Committee and the Bill was then passed by both the Houses. We are now only concerned with one or two sections in the Bill which were declared void by the High Court and we want to validate those sections.

“Sir, the hon. Member Sri Gurunandan Rao expressed some difficulties with reference to certain clauses of the Bill. I shall deal with them when we take up the clause by clause consideration of the Bill. The hon. Member Sri G. Krishnamurthi spoke about this measure and he was pleading very strongly on behalf of the services and things like that. In all these things it would be very difficult to stick to the contract because the company might have entered into a contract with the staff and it would not be possible in all cases to respect all the conditions of the contract. However, it would

[Raja Sri Shanmuga Rajeswara Sethupathi] [17th May 1954]

be Government's aim not to disturb the arrangements wherever it is possible and to the extent possible. If we are to respect all the contracts of the concerns to be taken over then nationalization itself will not be possible. We can never make a start at any point.

"Several hon. Members including the Hon. Deputy Leader of the Opposition Dr. John spoke about the tariff and things like that. They said the tariff rates in Mysore and Travancore-Cochin were much cheaper than the tariff rates here. I would like to point out to hon. Members that there the schemes were taken up when prices of materials and cost of labour were very low. Therefore our tariff cannot be compared with the tariff in those places. In any case our tariff is cheaper than the tariff of the licensees. This is a valid point for the hon. the Deputy Leader of the Opposition to note.

"Sir, several people have been saying that the nationalization of electricity is wrong and so on and so forth. But none of them have understood the fact that none of these concerns are generating power. The entire generation of power is done by the Government and it is only the distribution that is done by these licensees. They are more or less agents, like the zamindars who were agents for collecting land revenue for the Government. We have done away with the zamindars. The same analogy holds good in this case also.

"In speaking on this measure, hon. Members were complaining against the inefficiency of the Electricity department and the difficulties experienced by people in getting service connections and all that, and so they said that popular feeling was against nationalization of electricity. I admit that it is very necessary to make the administration of the department more efficient. But I wish to point out here that it has no relevancy to the discussion of this Bill. We are only concerned now with validating certain sections of the Act consequent upon the judgment of the High Court and the Supreme Court. The question of efficiency in the administration of the department and things like that were discussed during the discussion on the Budget and they can again be discussed during the discussion on the Budget for the next year. By saying this I do not suggest that hon. Members of this House shall not have the right to express their views. What I say is that this is not the appropriate occasion. I do feel that that aspect of the matter ought to be looked into and I am sure it will be looked into. Hon. Members Sri Balasubramanya Ayyar and Sri Gajapathy Nayagar also referred to the efficiency of the department. I can assure hon. Members that the department would be managed as efficiently as possible.

"But a very valid point to note in this connection is that some of the licensees might feel that the Damocles' sword of nationalization is hanging over their heads and this will affect their enthusiasm. Licensees will not be prepared to invest their money on any large scheme because any moment the Government might step in and take away the concern. This is a very real point, and this was also

17th May 1954] [Raja Sri Shanmuga Rajeswara Sethupathi]

referred to in the other House. While speaking in the other House I gave an assurance that to start with the Government will take over only such undertakings which are inefficient and which are not serving the interests of the people concerned. As regards the others, I said, Government would draw up a long range programme, and arrange for the taking over of those undertakings in stages, that is, a certain number of undertakings would be taken up during a certain number of years and the others later. Some such workable arrangement will be made with reference to this matter. Again Government will help these undertakings by advancing loans either from the State funds or by getting loans from the Centre. The Centre has got ample provision to lend through our State to these licensees for extension of rural electrification. So we would try to fix up the programme like that so that the licensees may not feel that they are in a state of suspense and that they could not launch upon their legitimate extension programme.

"Then, Sir, the hon. Member Sri V. V. Ramaswami said that if only these local authorities undertakings had fought in one body perhaps they would have been treated well. I may assure him that they did fight and in fact their cause was taken up by some local authorities, and the Chairmen of those local authorities belonged to our party. Let him not commit the mistake of imagining that because they belonged to the Congress Party, they did not raise their voice of protest. Only Congress people took up this. They did not keep quiet. It is they who took the matter to the Supreme Court and the decision of the Supreme Court has necessitated the bringing in of this Bill to validate certain sections of the original Act. Party affiliation is one thing and consideration of public interests is quite another thing. The hon. Member referred also to my association with the local body and said that I should be sympathetic towards these local bodies. I do not attach very much importance to this body or that body. Whatever duty that falls to me, I feel I should carry it out in the best interests of the people whom I am serving. I might have been the President of a District Board. But that does not mean that my attachments are on the one side. I am now in the Government and it is not as if whatever I do should be in favour of the local authority. Whatever I do, it is for the sake of the people. We want to serve the people. After all let me make it clear to hon. Members that the local authority is a limb of the Government. While I was moving the Electricity Demand in the other House some hon. Members of that House criticised and asked: 'What is the use of asking for so much money. The Government are not serving the rural public. They are not extending electricity to rural areas to enable and agriculturists to install pump sets and so on. They are only catering to the needs of the rich people in the towns such as mercury and colour lighting in marriages and other things'. I pointed out to them that this Government particularly after the previous Chief Minister took up office, passed orders raising the tariff to a very sharp level

[Raja Sri Shanmuga Rajeswara Sethupathi] [17th May 1954]

especially when the Government granted permission for gala parties and marriages and such other things. I also said in that connexion that if the rich were prepared to pay through their nose, for all these things, the amount would be utilized for rural electrification. The hon. Member Sri V. V. Ramaswami who is a supporter of the cause of the local authorities tried to make out a strong case for them. No doubt a Municipality is a public institution. Let us, however, analyse what sort of service is being rendered by them to the public. Beyond street lighting, how is the energy spent in municipalities? The energy is spent for running mills and cinemas. Electricity is used by rich men. In what way are the municipalities serving the rural population, the poor people, the peasants, I ask? Why should not Government get the profit out of these undertakings? After all it is Government that is generating the power and supplying it to municipalities. And the municipalities are there to help the people. Further they come to Government for grants for many other purposes. They are a limb of the Government.

“That is why even here this trouble arose, namely, the differentiation in the amount of compensation payable between the local authority and the licensee. I was told by my predecessor in office that the original Act was based on the model of the nationalization plan of England. In England they took the view that the Borough Council and the Municipal Council were but limbs of the Government and they could therefore afford to pay a lesser rate of compensation to them. After all when we want to take over the electrical undertakings from municipalities, we want to extend electricity to the rural areas and to the agriculturists. Even if the municipalities make some profit out of these electricity undertakings, it is not swallowed by one individual but the profit goes to supplement the resources of the municipalities concerned. If therefore the Government resolve to acquire these municipal electricity undertakings, it cannot be made out that municipalities should be considered as being greater than the Government themselves. This kind of proposition will never stand. I ask hon. Members here whether any of them could question the validity of this statement.

“I would also earnestly request the hon. Member, Sri V. V. Ramaswami, to understand that he should, because he does not belong to the Congress Party not criticize the Government. But he should think cogently about the matter in question and then make criticisms. Though I am not a legal pundit. I feel I have explained things in a satisfactory manner.

“I would like to mention another thing in this connexion. A charge that is true is that there is no quickness in giving connexions. There are other charges also, namely, that the department is inefficient and there is corruption and so on. There is a direction from the Centre to the effect that, as is the case in England to-day, we should also set up an Electricity Board and make it work like a commercial body. As the hon. Member Sri K. Balasubramanya Ayyar said, private enterprise will be very

17th May 1954] [Raja Sri Shanmuga Rajeswara Sethupathi]

efficient. I would like to point out that the difference between Government management and private enterprise is the difference between an elephant moving and a small dog running away. Government can never be as efficient as private enterprise because in private enterprise there is the profit motive behind it. Private enterprise has to keep its customers satisfied. But in Government management, there is always the red-tape. A man feels he is safer and he is not hard put to go down and do things. These are practical difficulties which I do admit. Electricity is no doubt a commercial enterprise and the Central Government have recognized this fact and have hinted to us to form the Electricity Board which is for the purpose of running the enterprise on a commercial basis. This question is awaiting decision at the hands of the Government. What we are waiting for is to have our very big schemes like the Kundah Project, which is to be constructed at a cost of about Rs. 28 to Rs. 30 crores, capable of generating 1,45,000 k.w.s., the Periyar and several other hydro-electric schemes completed and brought into the State grid when we can launch upon this Electricity Board. By its very nature, the Electricity Board when set up, would answer and satisfy all the points which the hon. Member Sri G. Krishnamurthi raised on the floor of this House. All these things are there and the Government are not trying to take the money of the poor people for their personal benefit. If the Government take money in one form or other through many of the taxation measures which have been criticized, it goes back to the people in some form or other. Some of the defects like inefficiency and over-crowding of the staff, etc., would disappear in no time. They cannot persist for any length of time. I think I have in a way completely satisfied hon. Members who have made very constructive and enlightening criticisms on the floor of this House. I would therefore request them to consider this Bill favourably and pass it.”

Mr. CHAIRMAN :—“The question is—

‘That the Madras Electricity Undertakings (Acquisition) Bill, 1954 (L.A. Bill No. 23 of 1954), as passed by the Assembly, be taken into consideration.’ ”

The motion was carried.

Mr. CHAIRMAN :—“The House will now adjourn and meet again tomorrow at 2-30 p.m.”

The House then adjourned to meet again at 2-30 p.m. on Tuesday, the 18th May 1954.

[17th May 1954]

(4) Where the accredited representative resigns or dies or becomes incapable of acting or is in the opinion of the Government, incompetent or dishonest or where the appointment of such representative is set aside or declared void by competent authority, the Government shall call upon the licensee, to appoint within six weeks, another person as his accredited representative.

(5) The remuneration of, and the expenditure incurred by, the accredited representative shall be, and shall be deemed always to have been, payable from the compensation deposited or deemed to have been deposited under this Act and shall have and shall be deemed always to have had priority over all other debts and liabilities.

(6) All assurances conveyed, and all statements made, by such representative (inclusive of a representative whose appointment is subsequently set aside or declared void by competent authority) shall be binding on the licensee.

(7) Where the licensee does not appoint an individual to act as his sole and accredited representative under sub-section (1) or sub-section (4), the functions hereinafter assigned to the accredited representative shall be performed by the licensee; and all references in the rest of this Act to the accredited representative shall be construed as references to the licensee and any reference to a period of time to be reckoned from the date of appointment of the accredited representative shall, in such a case, be reckoned from the last date on which such accredited representative could have been appointed.

THE MADRAS PAYMENT OF SALARIES AND REMOVAL OF
DISQUALIFICATIONS (AMENDMENT) BILL, 1954.

THE HON. SRI C. SUBRAMANIAM :—“Sir, I beg to introduce the Madras Payment of Salaries and Removal of Disqualifications (Amendment) Bill*, 1954 and move—

‘That the Bill be taken into consideration at once.’

This is a simple Bill seeking to amend section 11 of the Madras Payment of Salaries and Removal of Disqualifications Act, 1951, so as to remove the disqualification for being chosen as Members of the State Legislature in respect of persons enrolled in the Territorial Army or the National Cadet Corps. The Government of India have raised this point that it is rather doubtful whether this would stand in the way of legislators participating in the activities of the Territorial Army or the National Cadet Corps.

THE MADRAS LEGISLATIVE COUNCIL.

THE MADRAS PRESERVATION OF PRIVATE FORESTS (AMENDMENT)
BILL, 1953 (L.A. BILL NO. 23 OF 1953).

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Sir,
I beg to move—

‘ That the Madras Preservation of Private Forests (Amendment) Bill ^a, 1953 (L.A. Bill No. 23 of 1953), as passed by the Assembly, be taken into consideration.’

Sir, this is a simple Bill necessitated on account of certain difficulties experienced in the working of this Act. The object of the Bill is to preserve the forest wealth in the district of Malabar. Very valuable forests are owned there by private individuals. The Preservation of Private Forests Act prevented the indiscriminate felling of the trees. The permission of the Collector is necessary in any

[Sri M. A. Manickavelu Naicker] [17th May 1954]

particular case of felling. There is a provision that in blocks of contiguous forest exceeding one hundred acres in extent, there should not be any indiscriminate felling. But several of these forests are owned jointly and severally. Also there are cases of persons owning more than one hundred acres each, but they lease out those forests to others so that they may get over the provisions of the Act. The Act does not interfere with forests of 100 acres and less. Therefore, they manage to get over the provisions of the Act. In order to prevent this escape from the provisions of the Act, the present Bill is brought forward."

MR. CHAIRMAN :—" Motion moved—

' That the Madras Preservation of Private Forests (Amendment) Bill, 1953 (L.A. Bill No. 23 of 1953), as passed by the Assembly be taken into consideration.' "

SRI M. P. GOVINDA MENON :—" Mr. Chairman, Sir, the Hon. Minister in moving that the Bill be taken into consideration referred to some difficulties which necessitated the amendment of the Act. I know what the difficulty referred to by the Hon. Minister is. Section 1 (2) (i) of the Act was made applicable to Malabar by the words ' to private forests in the districts of Malabar and South Kanara having a contiguous area exceeding 100 acres and owned by a single person or by more than one person jointly '. What the Hon. Minister now proposes to do is to omit the words ' and owned by a single person or by more than one person jointly '. Before this Bill was brought forward, there were some prosecutions in Malabar against forest owners for violating the provisions of this Act. It was found that a *janmi* (landlord) in Malabar had in his actual possession only less than 100 acres of forest, and that he had leased out to others, forests which were his, and which were lying contiguous to the forests which were in his actual possession. Under the system of tenure obtaining in Malabar, the *janmi*, who is in actual possession of less than 100 acres of forests, and who has leased out his forests lying contiguous to the forests which are under his own actual possession, cannot sell the trees grown in the forests given on lease or do anything with them. Sir, I had myself the honour of defending an important personage who was prosecuted under the provisions of this Act, and getting him acquitted. He could not be convicted, as the forests in his possession were less than 100 acres in extent. He had no mastery over the forests lying contiguous to his forests and which were leased out. The then District Collector, Mr. Prasad, reported this matter immediately to the Government, and he wanted that this Act should be amended. I have no quarrel over this amendment because the purpose of the amendment is that, whether the landlord is actually in possession of more than one hundred acres or not, or whether his tenants are or are not in possession of other blocks of land lying contiguous to his forests, the forests must be preserved. That is the main purpose of the amendment. It is made clear that the Collector can give permission to alienate the forests or to cut trees in

[Sri M. P. Govinda Menon] 17th May 1954]

the forests. In cases where necessary the parties can apply to the Collector of the District and get his permission to alienate the forests or to allow the felling of trees. Such a power is necessary to be vested in the hands of the executive because during the last few years there has been indiscriminate cutting of trees. Huge forest areas have been denuded in the last few years, perhaps ever since the last Great War began. Now the abundant forest wealth which Malabar had for generations, had been reduced year after year by indiscriminate cutting of trees. It is absolutely necessary to preserve the forests in Malabar. A part of the forests in Malabar is in actual possession of the Government. But a larger and bigger area is still in the possession of private owners. In ancient days there was not much difficulty regarding the private ownership of forests because in those days the private owners were not allowing the indiscriminate cutting and destruction of the forest. They were themselves having large joint families. They were big Rajahs, big Nambudiri families or Nair aristocrats and each of these joint families consisted of nearly 100 to 200 members. The manager of the family was helpful in preserving the forests. Now as a result of the passing of the Marumakkattayam Act and the Namboodiri Act in 1933 the families got divided, and the junior member of the big Rajah's family, when he gets a portion, is not so anxious as the old managers were in preserving the forests. These junior members of families either sold the forests or allowed indiscriminate cutting of trees. So I am glad the Government want to remove the defect in the Act and prevent indiscriminate cutting of trees. In cases where necessary the Collector of the District gives permission to alienate or allow the cutting of trees. To that extent I welcome the amendment. But, Sir, always my complaint against the Government is that they never do the right thing at the proper time. There is no use of small reforms. So far as these things are concerned Government must have a bold policy. Here in the district of Malabar there are big forests. Forests are the national wealth. Therefore, forests must be preserved for the sake of the nation. Why not the Government take the whole forest area under their control and preserve the forest? Even now it is said that our monsoons fail because there are no trees in the forests. Whether it is a scientific proposition or not, I am not prepared to say. I do not want to enter into a domain where I have no authority to enter. Anyway it has been admitted that preservation of the forest wealth of the country is an absolute necessity. It is therefore high time for the Government to consider the proposal to take over the forests in Malabar district and make the forests of Malabar the concern of the Government. There is indiscriminate cutting going on and it cannot be allowed to continue any further. Even the Government of India have realized the necessity for planting more trees. We have what is known as ' Vana Mahotsava ' celebrated once a year. You know, Sir, we know and every body knows what it is. With great respect to the author of the ' Vana Mahotsava ' who adorns the gubernatorial gadi in Uttar Pradesh and to other leaders who are connected with it, I must say it has become a farce. (Interruption.) The Hon. Minister says ' ceremony ' and I shall use that word.

[Sri M. P. Govinda Menon] [17th May 1954]

It has only become an annual ceremony. It has been my fate every year to be caught hold of by the Deputy Tahsildar of my place to plant a tree during the 'Vana Mahotsava' ceremony. But there is one peculiarity that we must note in this ceremony. The pit that was dug last year will be there and only the planting is to be done. Every year the pit need not be dug because no tree comes up. This is only a farce which we as M.L.As. or M.L.Cs. are asked to perform every year. It is a huge waste of money. It has not increased the number of trees in the country. On the other hand if the Government take over all the private forests and preserve them, the national wealth can be preserved. There are a number of elephants in our forests. Malabar forests are famous for elephants. Instead of wasting money on the ceremonial farce as the Hon. Minister puts it, the Government must take over the private forests and manage them themselves.

"Sir, there is another thing which I want to bring to the notice of the Hon. Minister and the Treasury Bench especially. Whatever law the Government may pass, the person who is to carry it out must be above board. My experience, as far as the persons and officers in charge of the enforcement of the provisions of the Private Forests Act is concerned, is not altogether pleasant. I do not want to name people here. It is also not fair to do so on my part. They are very, very below expectations. A large number of trees are being cut in the district of Malabar and this is not brought to the notice of the Collector, because the officials wink at this, and naturally for very good consideration perhaps. Whatever it is, unless Government have a grip on these officers there is no use of passing any number of legislations. The Government may amend this Section or that Section but unless there is a real grip on the officers, no good can come out of all these amendments.

"There is one small flaw in the amendment which I wish to point out to the Government. Of course, I had to study the Act in great detail, because in this connexion I had to take up some cases. There is no decision of the High Court on the matter which I wish to refer to, and because that matter was not taken to the High Court we had to struggle hard to find the interpretation of the Section. In this connexion I would invite the attention of hon. Members, Sri Bhashyam and Sri Balasubramania Ayyar, to this fact. According to section 2 (b) of the original Act, owner includes a mortgagee, lessee or other persons having right of possession and enjoyment thereof. The courts in the mufassal interpret it as to include the owner also. That is to say, if a *janmi* happens to demise on kanam tenure to a party a portion of the forest, the *janmi* also continues to be the owner. Because the Act says 'includes', the courts interpret that the *janmi*, though he is not in actual possession and enjoyment of the trees, is still the owner. Then section 7 of the original Act says: 'Whoever contravenes the provisions of sub-section (1) or sub-section (2) of section 3 or any of the terms of a notification under section 6 shall be punishable with imprisonment which may extend to two years or with fine which may extend to

[17th May 1954] [Sri M. P. Govinda Menon]

five thousand rupees or with both'. Section 3 (1) (a) says: 'No owner of any forest shall, without the previous sanction of the District Collector sell, mortgage, lease or otherwise alienate the whole or any portion of the forest.' Sub-section (2) of section 3 says: 'No owner of any forest and no person claiming under him, whether by virtue of a contract, licence or any other transaction entered into before or after the commencement of the Madras Preservation of Private Forests Act, 1946, or any other person shall, without the previous permission of the District Collector, cut trees or do any act likely to denude the forest or diminish its utility as forest'. If anyone should violate these provisions, he is liable to be prosecuted and also to be imprisoned and fined to the extent of Rs. 5,000. The interpretation given is this. You are an owner. You are in possession of forests less than one hundred acres in extent and a portion thereof is in the possession of the Kanam demisee. You have no right to enter the forest and enjoy the fruits thereof. The Kanam demisee cuts the trees or grants a licence to cut trees. In that case even you, a *janmi*, though not in possession of the forest, and not also in enjoyment of the fruits thereof, may be prosecuted. That is what is taking place now. (Interruption.)

"I do not agree with the Hon. Sri C. Subramaniam. Of course, the District Collector can sanction the cutting of trees but it very often happens that there is some difficulty in getting his sanction. As far as I can see, it is perhaps too late now to make an amendment because no Bill has ever been sent back from this House to the Assembly with an amendment and the Treasury Bench will not also consent to accept any amendment in this House. Of course, there is no 'War of the Houses' here as we have got in Delhi. This House must also be respected. Anyhow, I do not think that it is of any use to bring forward an amendment now. The Government are entitled to make rules under the rule-making powers vested in them and I would request the Hon. the Minister in charge to frame the rules in such a way that, if any tree is cut from a portion of the tenant's property over which the *janmi* has no control, the *janmi* will not be prosecuted."

SRI K. BHASHYAM:—"I do not think the *janmi* is being prosecuted."

SRI M. P. GOVINDA MENON:—"There will be no difficulty if the definition of the owner is more clear. I had to face this difficulty in a court. Of course, I won, but the difficulty is always there that sometimes the courts do interpret the owner to include the *janmi* also. The rules will permit the Collector to sanction the cutting of trees. It will be better if the rules are framed in such a way that the position of the tenant and that the *janmi* is made clear. With these words, Mr. Chairman, I heartily support this Bill which is absolutely essential. I am glad that the Government are taking steps to protect the forests in Malabar or at least intend to protect the forests there. I therefore support the Bill."

[17th May 1954]

SRI K. BHASHYAM :—“ Mr. Chairman, Sir, I am glad that this is an interval in which we are trying to pass a measure which does not seek to impose any tax upon the people. I am glad about it. We are trying to pass a measure which is a beneficent measure not only to Malabar and the West Coast but to the whole of this State. After all, the forests of Malabar are as necessary for causing rainfall in the plains as in the district of Malabar itself. I am therefore glad that the Government have lost no time in bringing forward this amending Bill.

“ As I am not very familiar with the subject of this legislation, I would like to have some information. The whole difficulty seems to have arisen because the Government have treated the forests in Malabar and South Kanara on a different footing from the private forests elsewhere. In section 1, sub-section 2 (i) of the principal Act it is stated that the Act applies to private forests in the districts of Malabar and South Kanara, and in sub-section 2 (iii) of the same section it is stated that it also applies to private forests situated in other areas in the State of Madras having a contiguous area exceeding 100 square miles which may be declared by the State Government to be forests for purposes of this Act. If only the Government had taken care to see that Malabar and South Kanara were not excluded from the operation of this sub-section, the Government could have easily declared all private forests whether in Malabar and South Kanara or not to come within the provisions of this sub-section. But somehow or other, as is always the case, Malabar and South Kanara have received special treatment.”

SRI M. P. GOVINDA MENON :—“ Yes, except from the Treasury Bench.”

* SRI K. BHASHYAM :—“ Sir, there may be customs peculiar to Malabar, but as regards this matter there can be no peculiar feature and I would like to point out that this amendment would have been unnecessary if only sub-section 2 (i) had not been there. Anyhow, the Government have brought forward this amending Bill, not after consulting me but after consulting their own officers, and I do not mind it so long as the purpose is achieved. However, I would like the Hon. the Minister for Revenue to explain what is exactly meant by the two Explanations which he wants to add to Clause 2 of the Bill before us. The first explanation is—

‘ Nothing in this clause shall be deemed to apply to any land which was brought under fugitive or other cultivation prior to the 14th December 1949 by an owner or any person claiming under him.’

The Madras Preservation of Private Forests Act was passed in 1946. If, as a matter of fact, between 1946 and 14th December 1949, when the existing Madras Preservation of Private Forests Act, 1949 (Madras Act XXVII of 1949), was passed, there had authorisedly or unauthorisedly been fugitive cultivation why should it be recognized now and be exempted from the provisions of this Act? I do not know what exactly will be the effect of it. I am also not able to understand the definition of private forests as having a contiguous area of 100 acres read along with the second

17th May 1954]

[Sri K. Bhashyam]

Explanation which is sought to be added. It is still more difficult for me to understand as I am not very familiar with this subject. It says—

‘ A private forest exceeding 100 acres in extent shall not cease to be such by reason only of the fact that, in a portion thereof, trees or shrubs are felled with or without the permission of the District Collector, or lands are cultivated, or rocks, roads, tanks, rivers or the like exist; nor shall the area of such forest cease to be contiguous by reason only of the existence of all or any of the aforesaid circumstances.’

I do not know what exactly is meant by this. Even if there be some cultivated areas within a forest, the whole area can be declared contiguous in spite of this cultivation. I think this provision ‘ having a contiguous area, exceeding 100 acres ’ was already in the old Act of 1949. There is no necessity for this Explanation, and we shall pass it by.

“ What happens, however, in such cases as unauthorized felling of forest trees, is the difficulty in regard to the person to be punished or the person to be held responsible for such cutting or breach of the law. I think section 7 of the Act of 1949, as it stands, easily leads to the position or circumstances stated by the hon. Member, Sri M. P. Govinda Menon. Section 7 merely says: ‘ Whoever contravenes the provisions of sub-section (1) or sub-section (2) of section 3 . . . shall be punishable . . . ’ The man who contravenes these provisions can be the lessee, that is the kanamdar, or the owner thereof, namely, the *janmi*. If a portion of the forest is felled by the lessee or the kanamdar without the permission of the *janmi* there is no question as to the owner of the forest, the *janmi*, also being liable along with the lessee. To my mind the matter is very clear; it is fairly plain that it is not the owner who contravenes the law and the person really liable is the lessee or the kanamdar. There is therefore no difficulty whatsoever. Still, if there is any difficulty, I agree with the hon. Member, Sri M. P. Govinda Menon that the matter may be cleared beyond doubt in the rules to be made under the rule-making powers of the Government. I therefore fully support this measure which is of a very beneficial nature and hope it will be passed without any opposition.”

THE HON. SRI M. A. MANICKAVELU NAICKER :—“ Mr. Chairman, Sir, I am glad this Bill has had a good reception. My hon. Friend, Sri M. P. Govinda Menon, after successfully advocating the cause of his client and getting him off and thereby doing the material part of his duty, is doing the spiritual part of his duty here by supporting this Bill. I am glad he has kept these two things apart and does not mix them up with his legislative duties. He expressed that there was some doubt as to the question of fixing the responsibility for an offence under this Act and that there was a lacuna which was likely to be misinterpreted.

“ But after hearing the hon. Member Sri K. Bhashyam it is clear no such thing will arise because even the Section says that the term ‘ owner ’ includes lessee also. I prefer to take the advice

[Sri M. A. Manickavelu Naicker] [17th May 1954]

of a senior lawyer Member in this matter, namely, Sri K. Bhashyam. Then, it was asked why the date 14th December 1949 has been put in. Sir, it was put in for a special purpose. There has been illegitimate fugitive cultivation going on. During the discussion in the Select Committee some hon. Members wanted to put the date as even '1954'. We discussed the whole thing and we came to the conclusion that the date of the second amendment of the Bill may be put in because there would not be any hardship thereby. Such unauthorized cultivation as had taken place prior to 14th December 1949 will be recognised. All other unauthorized cultivation arising after that date will not be recognised. That is the idea in putting that date. Then, with regard to the Explanation under Clause 2 (b), very ingenious lawyers have raised the point that the contiguous nature of a forest is lost, if there is some cultivation in a portion thereof or if there is a river or a tank. It is to avoid these difficulties that this Explanation is put in. I hope I have sufficiently explained the matter. As hon. Members are welcoming this Bill, I hope there will be no difficulty in getting it through."

MR. CHAIRMAN :—" The question is—

' That the Madras Preservation of Private Forests (Amendment) Bill, 1953 (L.A. Bill No. 23 of 1953), as passed by the Assembly, be taken into consideration.' "

The motion was carried and the Bill was taken into consideration.

Clauses 2, 3, 4, 1 and the Preamble were put and carried.

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, I move—

' That the Madras Preservation of Private Forests (Amendment) Bill, 1953 (L.A. Bill No. 23 of 1953), as passed by the Assembly, be passed into law. ' "

MR. CHAIRMAN :—" Motion moved—

' That the Madras Preservation of Private Forests (Amendment) Bill, 1953 (L.A. Bill No. 23 of 1953), as passed by the Assembly, be passed into law.' "

SRI M. P. GOVINDA MENON :—" Mr. Chairman, Sir, I just rise to clear the doubts of the hon. Member Sri K. Bhashyam. The Explanation to Clause 2 (a) says : ' Nothing in this clause shall be deemed to apply to any land which was brought under fugitive or other cultivation prior to the 14th December 1949 by an owner or any person claiming under him '. Sir, there has been some sort of unauthorized entry and fugitive cultivation. The nature of such fugitive cultivation must be understood. Persons, cut the trees, burn them, clear the forests and make the land fit for this type of cultivation. This is also known as *ponam* cultivation. Whether authorized or unauthorized much labour has been

17th May 1954] [Sri M. P. Govinda Menon]

put in with a view to raising food-crops in those days of scarcity. That is why the Explanation has been put in. There is sufficient notice to the persons concerned."

SRI K. BHASHYAM :—" I am still in doubt even though what the hon. Member said may be quite correct. I ask why should a person, who has done *ponam* cultivation and who has been allowed to do so, be exempted? There may be some more trees left upon the land in which *ponam* cultivation has taken place. To that extent at least the man must be prevented from felling any more trees. Therefore, I do not understand why exemption should be given in respect of such persons."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, if even the hon. Member coming from Malabar, who has studied the subject and handled cases, is not able to convince the hon. Member Sri K. Bhashyam, I am sorry I cannot."

MR. CHAIRMAN :—" The question is—

' That the Madras Preservation of Private Forests (Amendment) Bill, 1953 (L.A. Bill No. 23 of 1953), as passed by the Assembly, be passed into law. ' "

The motion was carried and the Bill was passed into law.

L.A. BILL No. 23 OF 1953.

(As passed by the Assembly.)

(iii) if the alienation is of any other forest or of any portion of such a forest, and is made on or after the 16th August 1946."

4. *Amendment of section 5 of principal Act.*—In section 5 of the principal Act, to sub-section (1), the following Explanation shall be added, namely:—

(b) in the case of any private forest in the districts of Malabar and South Kanara having a contiguous area exceeding 100 acres [not being a forest owned by a single person or by more than one person jointly before the commencement of the Madras Preservation of Private Forests (Second Amendment) Act, 1954], as if for the words ' which may be instituted after such commencement ' occurring in that sub-section, the words, brackets and figures ' which are pending on, or may be instituted after, the commencement of the Madras Preservation of Private Forests (Second Amendment) Act, 1954 ' had been substituted."

THE MADRAS LEGISLATIVE COUNCIL.

Monday, the 17th May 1954.

The House met in the Council Chamber, Fort St. George, at half-past two of the clock, Mr. Chairman (THE HON. DR. P. V. CHERIAN) in the Chair.

THE MADRAS PROPRIETARY ESTATES' VILLAGE SERVICE AND HEREDITARY VILLAGE OFFICES (AMENDMENT) BILL^a, 1954 (L.A. BILL NO. 22 OF 1954).

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, I beg to move—

' That the Madras Proprietary Estates' Village Service and Hereditary Village Offices (Amendment) Bill^a, 1954 (L.A. Bill No. 22 of 1954), as passed by the Assembly, be taken into consideration.'

Sir, the object of this Bill is to provide for the suspension of village officers during the pendency of an enquiry into their conduct. This is not provided for in the Act. That is why we are introducing this provision conferring the power on officers to suspend a village officer pending enquiry."

MR. CHAIRMAN :—" Motion moved—

' That the Madras Proprietary Estates' Village Service and Hereditary Village Offices (Amendment) Bill, 1954 (L.A. Bill No. 22 of 1954), as passed by the Assembly, be taken into consideration.' "

SRI K. BALASUBRAMANYA AYYAR :—" Mr. Chairman, Sir, when I looked into the Act I found that the Collector has got the power to suspend or dismiss any village officer. Suspension pending enquiry is also suspension. The law does not require any further amendment for the purpose of suspending a village officer

[Sri K. Balasubramanya Ayyar] [17th May 1954]

pending enquiry. Why should we raise a new point and for that purpose bring in legislation which will create some trouble? After all, when we suspend a person, there is the further difficulty of appointing some other person. If we suspend a village officer pending enquiry, some other person from among the heirs of the particular village officer should be found and he must be appointed for a short time. The power of suspension is already there. Why should we now say 'pending enquiry'? No court has till now decided that we have not got the power to suspend the village officer. Under section 7 of the Act, we have got the power to suspend and dismiss."

THE HON. SRI C. SUBRAMANIAM :—" One form of punishment may be suspension. But, before coming to a decision whether a particular village officer is guilty or not, whether we can place him under suspension, is a doubtful point. That is why we are introducing this Bill."

SRI K. BALASUBRAMANYA AYYAR :—" Sir, suspension pending enquiry is punishment. An officer is suspended only if there is a suspicion against him."

" The Government can dismiss an officer for any reason. The Government can suspend or dismiss an officer. The Act is itself clear, unless the Government want to read something extra into it. Suspension itself is punishment."

THE HON. SRI C. SUBRAMANIAM :—" Sir, on numerous occasions it was not held to be so."

SRI K. BALASUBRAMANYA AYYAR :—" If the Government suspend an officer that itself is punishment. It may not, however, be final punishment. Why should we bring in a Bill for suspending an officer pending enquiry? There is already provision for this in the Act."

SRI G. KRISHNAMURTHI :—" Sir, I should like the Hon. Minister, who is piloting this Bill, to enlighten the House on the following points: (1) Are the village officers full-time servants? (2) Are they Government servants? (3) Are the Government Servants' Conduct Rules applicable to them? (4) Have they any leave registers maintained by their superiors? (5) If they are suspended, are they to be suspended up to the period of leave to their credit? (6) Are they paid any full-time allowance? (7) Considering the fact that we have been able to collect a revenue of more than Rs. 4½ crores at cheap cost, is it advisable on the part of the Government to impose so many stringent regulations on these village officers, when we are not able to pay them full-time salaries? These are the points on which I should like enlightenment."

SRI A. GAJAPATHY NAYAGAR :—" மன்றத் தலைவர் அவர்களே, கிராம முனிசிப்களும், கர்ணங்களும் கிராமங்களில் செய்யும் வேலைகளை

17th May 1954] [Sri A. Gajapathy Nayagar]

யாவரும் அறிவார்கள். அவர்களை, விசாரணை காலத்தில் வேலையிலிருந்து நிறுத்தி வைப்பதற்காக இந்த மசோதாவின் மூலம் கலெக்டருக்கு அதிகாரமளிப்பதானது நல்லதென்றே நான் கருதுகிறேன். ஏனெனில், ஒரு கலெக்டரானவர் ஒரு கர்ணம் மீது ஒரு வழக்குத் தொடுத்து, ஒரு உத்தரவு பிரகாரம் அவரை ஒரு குறிப்பிட்ட குற்றத்திற்காக குறிப்பிட்ட காலத்திற்கு நீக்கிவைத்தால், கணக்குப் புத்தகங்களையும், மற்ற ரிகார்டுகளையும் யாரிடமும் கொடுக்காமல் தானே வைத்துக்கொண்டு குறிப்பிட்ட காலம்வரை கிராம வேலை சரியாக நடக்க முடியாதபடி செய்து விடுகிறார்கள். ஆனால், தற்காலிகமாக அவரை நீக்கவேண்டும். அதாவது வேலையிலிருந்து 'ஸஸ்பெண்டு' பண்ணவேண்டுமென்று சொன்னால், உடனே ரிகார்டுகள் எல்லாவற்றையும் கொடுக்கவேண்டியதாய் விடும். அப்பொழுது வேலை நியாயமாக நடக்கும். ஆகையினால், கர்ணங்களை விசாரணைக் காலத்தில் வேலையிலிருந்து 'ஸஸ்பெண்டு' செய்து வைப்பதற்கு அதிகாரம் இல்லாவிட்டால், விசாரணைக் காலத்தில் அன்றாடம் கிராமங்களில் நடைபெறவேண்டிய வேலைகளை அவர்கள் தடை செய்யக்கூடும்.

" தற்காலிகமாக நீக்குதல் ஒருவிதமான தீர்ப்பு ஆகாது. ஒரு குற்றம் சாட்டி, அந்தக் குற்றத்தை விசாரித்து, 'உன்னை நான் 'ஸஸ்பெண்டு' பண்ணுகின்றேன்', என்று நீக்கினால்தான் அது தீர்ப்பாகும். இடையே ஒரு உத்தரவு போட்டால் அது தீர்ப்பு ஆகாது. தற்காலிக உத்தரவா யிருந்தால், அதைக் குற்றமாகவோ அல்லது தீர்ப்பாகவோ கொள்ள முடியாது. ஆகையால், இம்மாதிரி தற்காலிகமாக ஸஸ்பெண்டு செய்வது தீர்ப்பு அல்ல. அது சாதாரண உத்தரவு ஆகும். அம்மாதிரி உத்தரவு போடுவது நியாயம் என்று சொல்லிக்கொண்டு, இந்த மசோதாவை நான் வரவேற்கின்றேன்."

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, as regards the status of the village officers, I may say that it partakes of the nature of full-time service for some purposes and for certain other purposes village officers are not considered full-time servants. This is the existing practice. When we begin to reform the whole question of village offices, I will take the valuable advice of the hon. Member."

" The hon. Member Sri Balasubramanya Ayyar said that there was no necessity for this Bill, and provision for punishment pending enquiry was there already. I say, Sir, it is not there already. The Act expressly gives powers to impose penalties on village officers only after enquiries are made. Now, before we make an enquiry and punish the person or acquit him, we cannot keep the person under suspension. In every department when a serious offence is committed, the officer concerned has to be suspended. Having him in office, we cannot make a proper enquiry. Therefore there is need for suspending him pending enquiry. That is sought to be done by this Bill. If any trouble should arise, Dr. John will say, 'Why did not the Government bring in a small Bill; we could have passed it in five minutes.' Now hon. Members opposite say, 'where is the necessity for this Bill'. I cannot allow difficulties to arise. I do not know why the hon. Member Sri Balasubramanya Ayyar should concentrate so much attention on this Bill, when he has yielded on many other important matters. I would request hon. Members to pass this Bill."

[17th May 1954]

MR. CHAIRMAN :—" The question is—

' That the Madras Proprietary Estates' Village Service and Hereditary Village Offices (Amendment) Bill, 1954 (L.A. Bill No. 22 of 1954), as passed by the Assembly, be taken into consideration.' "

The motion was carried.

The clause by clause consideration of the Bill was then taken up.

Clauses 2, 3, 4 and 1 and the Preamble were put and carried.

THE HON. SRI M. A. MANICKAVELU NAICKER :—" Sir, I beg to move—

' That the Madras Proprietary Estates' Village Service and Hereditary Village Offices (Amendment) Bill, 1954 (L.A. Bill No. 22 of 1954), as passed by the Assembly, be passed into law.' "

MR. CHAIRMAN :—" Motion moved—

' That the Madras Proprietary Estates' Village Service and Hereditary Village Offices (Amendment) Bill, 1954 (L.A. Bill No. 22 of 1954), as passed by the Assembly, be passed into law.' "

SRI M. P. GOVINDA MENON :—" Sir, in answer to the points raised by the hon. Member Sri G. Krishnamurthi, the Hon. Minister said that the whole system of hereditary village officers would be reformed. In this connexion I am forced to say this. The hereditary system obtaining at present must cease. If a person happens to be a village officer, his son automatically becomes the village officer. Therefore these village offices are held by a particular set of people. In considering measures of reform, the question of abolishing the hereditary system of village officers must be taken up."

MR. CHAIRMAN :—" The question is—

' That the Madras Proprietary Estates' Village Service and Hereditary Village Offices (Amendment) Bill, 1954 (L.A. Bill No. 22 of 1954), as passed by the Assembly, be passed into law.' "

The motion was carried and the Bill was passed into law.

L.A. BILL No. 22 OF 1954.

(As passed by the Assembly.)

A Bill further to amend the Madras Proprietary Estates' Village Service Act, 1894, and the Madras Hereditary Village-offices Act, 1895.

WHEREAS it is expedient further to amend the Madras Proprietary Estates' Village Service Act, 1894 (Madras Act II of 1894), and the Madras Hereditary Village-offices Act, 1895 (Madras Act III of 1895), for the purposes hereinafter appearing; It is hereby enacted as follows :—

1. *Short title.*—This Act may be called the Madras Proprietary Estates' Village Service and Hereditary Village-offices (Amendment) Act, 1954.

THE MADRAS ELECTRICITY UNDERTAKINGS
(ACQUISITION) BILL, 1954 (L.A. BILL No. 23 OF 1954)

18th May 1954]

SRI V. GURUNANDAN ROW :—“ Sir, I move the amendment standing in my name, namely,—

‘ In sub-clause (1), delete the words and figures beginning with “ every licensee ” and ending with “ commencement of this Act ” and substitute the following :—

“ Every licensee shall within three months of the receipt of an order under section 4, sub-section (1), intimating the vesting date or in the case of an undertaking taken over and where the licensee has not appointed an individual as his sole and accredited representative before the commencement of this Act, within three months of the commencement of this Act.” ’

Sir, I think I should explain how this clause 7 will work in actual practice. First of all when the Government decide to take over an undertaking, they have to issue a notice under clause 4. Within three months of the receipt of this order, the licensee has to appoint an accredited representative to deal with all matters relating to the taking over of the undertaking by the Government. He will have to deal with the question of compensation payable under Basis A, or Basis B, or Basis C. The High Court has stated expressly that the Act as it stands did not allow a local authority to appoint an accredited representative, and therefore the Act was bad. The local authorities also should be allowed to appoint an accredited representative. Again it was held that where an accredited representative was not appointed by the licensee, the Government had the power to appoint their own accredited representative to the undertaking. This was declared bad by the High Court. These are the only two points that have been declared by the High Court to be bad. This Bill now seeks to rectify those defects, and allow the local authorities to appoint accredited representatives, because, the Act originally did not provide for it. To appoint an accredited representative within three months of the commencement of the Act, is no doubt correct. But I say that, as the clause stands at present, it means that even where a licensee has already appointed an accredited representative, he has now a right to appoint another representative, if such a course will be profitable to him. It is to avoid that difficulty I have moved my amendment. It is only to help the Government that I have moved my amendment. No licensee must take advantage of the word ‘ may ’ occurring in the sentence ‘ Every licensee may . . . ’ The clause reads as follows :—

‘ Every licensee may, within three months of the receipt of an order under section 4, sub-section (1), intimating the vesting date or, in the case of an undertaking taken over, within three months of the commencement of this Act, appoint an individual . . . ’

This will mean that even where a licensee has already appointed an accredited representative, he may appoint another and also claim compensation under Basis A, or Basis B, or Basis C, whichever is more profitable to him. The intention of the Government, I believe, is to prevent all licensees, who have already appointed

MR. CHAIRMAN :—“ We will now take up the clause by clause consideration of the Bill. There are no amendments to clauses 2 to 6. I shall now put them to the vote of the House.”

Clauses 2 to 6 were put and carried.

Clause 7.

[Sri V. Gurunandan Row] [18th May 1954]

accredited representatives, from appointing any more accredited representatives. They should not be given this opportunity to appoint any more. Therefore it is I have moved my amendment.

“ This is what my amendment says—

‘ Every licensee shall within three months of the receipt of an order under section 4, sub-section (1) intimating the vesting date or in the case of an undertaking taken over and where the licensee has not appointed an individual as his sole and accredited representative before the commencement of this Act within three months of the commencement of this Act.’

“ This will mean that the right to appoint an accredited representative is restricted to such of those undertakings that have not appointed an accredited representative. Once they have appointed an accredited representative before the commencement of this Act, they shall not have the power to reappoint an accredited representative. I think, as the Bill stands now, it leaves room for the construction that the licensee has got a right to reappoint.”

The amendment was duly seconded.

MR. CHAIRMAN :—“ Amendment moved—

‘ In sub-clause (1), delete the words and figures beginning with “ Every licensee ” and ending with “ commencement of this Act,” and substitute the following :—

“ Every licensee shall within three months of the receipt of an order under section 4, sub-section (1), intimating the vesting date or in the case of an undertaking taken over and where the licensee has not appointed an individual as his sole and accredited representative before the commencement of this Act, within three months of the commencement of this Act.” ’

THE HON. SRI C. SUBRAMANIAM :—“ Mr. Chairman, Sir, I think the hon. Member Sri Gurunandan Row is arguing mainly under the impression that the sub-clause which gives the power to the Government to appoint an accredited representative on the failure of the undertaking concerned to appoint one, alone has been held invalid by the Supreme Court. The Supreme Court has held the whole Act void because it is *ultra vires* of the powers of the legislature. Therefore the original Act became an invalid Act and any action taken under that Act cannot be justified. That is why in this Bill we have provided for a saving Clause, namely, Clause 20. Whether an accredited representative is appointed or not, it is open for anybody to go before a court and argue that the Act has been declared void and therefore any action taken under that Act was void and invalid and no notice should be taken of the old Act. Considering the present circumstances, I would like the hon. Member to say what should be the form of the clause. If only that sub-clause alone has been held invalid, then we can have all the other things. But unfortunately the whole Act has been held to be void because the legislature had

[18th May 1954] [Sri C. Subramaniam]

no power to pass such a legislation. As a matter of fact, the acquisitions made already, and all actions already taken under the old Act, can only become valid under the power given to the Government under this enactment and not under the old enactment.

“ Then, the hon. Member asked ‘ why put in the word “ may ”, and why not put in the word “ shall ” ’. Suppose the Government adopt that word ‘ shall ’, then it becomes necessary for the Government to make it mandatory on the part of the undertaking to appoint an accredited representative. If the undertaking does not do it what is the consequence? Government cannot compel any undertaking to appoint an accredited representative so that he may deal with the Government. Therefore option has to be given to the concern to appoint an accredited representative, and we cannot take notice of anything that happened under the provisions of the Act held invalid. That is why we have adopted the word ‘ may ’ and not the word ‘ shall ’, because on the failure of the concern to comply with it, we cannot take action. Even though the Supreme Court did not deal with this sub-clause, the High Court declared this as void. Under these circumstances we wanted to steer clear of the difficulties. Therefore it is that we have dropped the sub-clause, and we are only giving the option to have an accredited representative. If there is no representative the firm as such will have to deal with us and that firm will have to be dealt with in a particular way. Under these circumstances, the insertion of the word ‘ shall ’ will create further difficulties, and the concerned parties will go again to the court and say that the Government cannot compel them to appoint an accredited representative. In order to avoid these difficulties, we have put in the word ‘ may ’. If they choose to appoint a representative, then the negotiations will be made easy.”

SRI B. V. SUBRAHMANYAM :—“ Mr. Chairman, Sir, possibly the doubt which I am raising is a little before its time; but after hearing the hon. Member, Sri Gurunandan Row, and the Hon. Minister for Finance, it seems to me that, if the explanation offered by the Hon. Minister is right, as I think, it is, Clauses 24 and 25 are a little misleading, because Clause 25 wants to repeal an Act which is *ex-facie* invalid, and the explanation of the Hon. Minister bases itself on an invalid Act, and Clause 24 tries to validate certain actions taken by either the undertakings taken over by the Government or by the Government after taking over the undertakings. This leads to certain anomalies and possibly the doubts of the hon. Member, Sri Gurunandan Row, are based upon some of the Clauses which seem to waver between the proposed Act and the invalid Act of 1949. Why repeal an Act when it is not valid at all? And how can that validity come into force with respect to acts that took place before the Constitution of India of 1950 came into force? All sorts of complications will arise under the Clause, which validates previous actions

[Sri B. V. Subrahmanyam] [18th May 1954]

taken, unless there is some clarification, made with respect to the actions taken by the accredited representatives who have been there so far and with respect to the actions to be taken by the accredited representatives to come in hereafter. Therefore, I would like some clarification on clauses 24 and 25 because they seem to lead to some confusion which reflects itself in the amendment which the hon. Member has brought before the House."

SRI V. GURUNANDAN ROW :—" Mr. Chairman, Sir, there is another factor. I would request the Hon. Minister to read sub-clause 4 of Clause 8. It says : ' Where, in respect of an undertaking taken over, the accredited representative has intimated to the Government which basis of compensation, A, B or C, should be adopted in respect of the undertaking, such intimation shall be deemed to have been made under this section and is hereby declared not open to revision except with the concurrence of the Government '. That means that Government are in fact making the accredited representative previously appointed as final. You cannot take him away and appoint another in his place. What is the necessity to appoint another? Then it would be a contradiction and this clause will be inconsistent with the provisions in clause 7. Then the Government will have to bring in another Bill to validate everything. It is now too late in the day for the Hon. Minister to say that the Supreme Court has held the whole Act to be void and therefore such a provision is necessary. Either the Government must validate the appointment of the accredited representative or not validate anything at all."

THE HON. SRI C. SUBRAMANIAM :—" Mr. Chairman, Sir, with reference to the point made by the hon. Member Sri Subrahmanyam with regard to the necessity for clauses 24 and 25, as a lawyer he should know that there cannot be a judicial pronouncement in respect of every case and each case decides only the particular dispute involved in it. So the Legislature says that it is repealed and it is not applicable to any other case. With reference to actions we have already taken in pursuance of that Act, to that extent we have got power to validate it and we have only done that. That is only a question of validating past actions already taken and it has all along been recognized that the legislature has got the power to validate certain actions which have already been taken even though there was no authority for taking those actions. Under clause 24, only to the extent necessary we have validated actions already taken. We need not go beyond that. That is why in respect of a case where an accredited representative has already been appointed we are saying that it would be deemed as a transaction which has been entered into under this Act. We are entitled to do it and we have the power to do it. Therefore the word ' may ' alone should be there. (Interruption.) If the hon. Member is satisfied with that, it is all right. The date on which the Act is deemed to come into force

18th May 1954] [Sri C. Subramaniam]

is a date subsequent to the introduction of the Constitution of India, namely, the 26th January 1950. Therefore all the actions taken subsequent to that date are held valid."

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—" Mr. Chairman, Sir, in view of what my Hon. Colleague the Minister for Finance has explained, I accept that the amendment is unnecessary as it would complicate matters. This is the opinion given by the Law Department of the Government also. I therefore oppose the amendment and would request the hon. Member to withdraw it."

MR. CHAIRMAN :—" May I know whether the hon. Member Sri V. Gurunandan Row wants to move the second amendment also."

SRI V. GURUNANDAN ROW :—" Sir, the second amendment though it relates to the same Clause is a consequential amendment to the first one. I would like both to be put together. I have not yet moved the second one. I may be permitted to move and speak on it also."

MR. CHAIRMAN :—" If the second amendment is a consequential one it cannot be moved. I will deal with the first amendment only now. The question is—

' In sub-clause (1), *delete* the words and figures beginning with " Every licensee " and ending with " commencement of this Act " and *substitute* the following :—

" Every licensee shall within three months of the receipt of an order under section 4, sub-section (1) intimating the vesting date or in the case of an undertaking taken over and where the licensee has not appointed an individual as his sole and accredited representative before the commencement of this Act, within three months of the commencement of this Act." "

The amendment was lost.

Clause 7 was put and carried.

Clauses 8 to 14 were put and carried.

Clause 15.

MR. CHAIRMAN :—" The motion is—

' That Clause 15 do stand part of the Bill.' "

SRI V. GURUNANDAN ROW :—" Mr. Chairman, Sir, I beg to move the following amendment :—

' *Delete the existing sub-clause (2) and substitute the following as sub-clause (2) :—*

" *Persons whose services are retained or in the case of undertakings taken over have been retained, shall be*

[Sri V. Gurunandan Row] [18th May 1954]

governed or deemed to have been governed by such rules as the Government may make or may have made from time to time in regard to them."

In sub-clause (2) add the following proviso:—

" Provided that any such person's total emoluments shall in no way be reduced below the emoluments such person was receiving while on the staff of the licensee." "

SRI G. KRISHNAMURTHI :—" Mr. Chairman, Sir, I beg to second the amendment."

MR. CHAIRMAN :—" Amendment moved—

' Delete the existing sub-clause (2) and substitute the following as sub-clause (2) :—

" Persons whose services are retained or in the case of undertakings taken over have been retained, shall be governed or deemed to have been governed by such rules as the Government may make or may have made from time to time in regard to them."

In sub-clause (2) add the following proviso :—

" Provided that any such person's total emoluments shall in no way be reduced below the emoluments such person was receiving while on the staff of the licensee." "

SRI V. GURUNANDAN ROW :—" Mr. Chairman, Sir, this amendment has been brought forward with the same object as the amendments to Clause 7, namely, that in respect of undertakings taken over everything is deemed to have been done under this Act. This particular sub-clause (2), as it stands in the Bill, reads—

' Persons whose services are retained shall be governed by such rules as the Government may, from time to time, make in regard to them.'

This does not speak of what happens to those persons whose services have been retained in respect of those undertakings which have been taken over. Under the rules all these people should have been construed as Government servants even from the date of the taking over. So, both as far as the service rules are concerned and as far as their service is concerned, they should be treated as Government servants from the date of taking over and not as if they are being governed by some other set of rules. This is the purpose with which I have brought forward my amendment, namely, that they shall be governed or deemed to have been governed by such rules as the Government may make or may have made from time to time in regard to them. I do not see how any objection could be taken on principle to this amendment.

" My second amendment is a proviso to this sub-clause (2) that any such person's total emoluments shall in no way be reduced

[18th May 1954] [Sri V. Gurunandan Row]

below the emoluments such person was receiving while on the staff of the licensee. It is only fair that it should be so and this proviso is only a guarantee that such persons will not be browbeaten into accepting something which is less than what they were getting while on the staff of the licensee. These are the reasons why I have proposed this amendment."

SRI G. KRISHNAMURTHI :—" Mr. Chairman, Sir, I heartily support the amendment. Yesterday, the Hon. the Minister who is piloting the Bill was kind enough to explain the intended policy of the Government with regard to the employees who are on the staff of the undertakings that are to be taken over. It was also explained by the Hon. Minister that the compensation paid or payable to these electricity undertakings was perhaps far beyond the expectations of those who were running these undertakings. When such is the case and when it has been explained by the Hon. the Minister in charge himself that the policy of the Government is so liberal in regard to the persons running these undertakings, why should the poor employees alone be hit by the provisions contemplated in this clause? There are electricity undertakings where, as I submitted yesterday, the employees are already being paid over and above the rates applicable to State Government servants. There are also electricity undertakings where a bonus of two or three months' salary is paid and there are also other undertakings where some sort of a gratuity is paid. In all these cases, would it not be better on the part of the Government to just at least declare that, in the case of those who are already in the employ of the licensees, they will not be adversely affected by the Government themselves taking over these undertakings? It will be good and proper to put these posts on a par with those in the State Electricity Department after the present incumbents are discharged in the normal course when they reach the age of retirement. It is not proper on the part of the Government to say to these employees who have entered into a contract with the licensees and who have received some affirmation from the undertakings that they would be retained in service so long as their services are proper and not prejudicial to the interests of the institution, 'Well, we have taken over your undertakings and our rules will apply to you irrespective of any agreement or contract which you may have entered into with the licensees. We have got the power to legislate even with retrospective effect. This catastrophe has overtaken you and you should somehow reconcile yourselves to the new situation.' When it is the policy of this Government to be liberal in regard to the compensation payable to those who are running these undertakings, I would plead with the Government on behalf of these poor employees to see that the present employees are not at all affected by the rules that may be contemplated by the Government for them."

[18th May 1954]

SRI V. CHAKKARAI CHETTY:—“ Mr. Chairman, Sir, I heartily support this amendment. My point of view is this. Even as it is, some of the employees in the various electrical and other undertakings are not receiving adequate remuneration. We have had a good deal of agitation for increasing their wages. If this is the fact, how is it legitimate on the part of the Government to say that they have a right to cut down the wages, not because the wages are exorbitant but because one is an employee of the old management and the Government have the right to change the order of things and to reduce his wages when we have been contending that even the present wages some of the employees are receiving under the licensees are inadequate to meet the demands of present day living conditions? I therefore heartily support the amendment, and I hope the Government will pay some respect to the contracts already entered into. The Government cannot disown their responsibility for contracts entered into by the licensees. As a matter of fact, I do not know whether the law will permit the Government to disown responsibility for contracts entered into in the past. On these grounds it seems necessary that the Government should treat these employees on liberal terms because this clause is putting them in a position of disadvantage.”

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI:—“ Mr. Chairman, Sir, as I mentioned yesterday in my reply, it is the intention of the Government to retain all the employees in these undertakings as far as possible and as far as it is practicable. I oppose this amendment because the intention is that once these personnel are absorbed in Government service they will have to be governed by the rules made for regulating the service conditions of other Government servants. This was so even according to the provisions of the impugned Act.

“ As regards the second part of the amendment, it may be said that one of the principles which the Government will have under their consideration in absorbing into Government service the staff of the acquired undertakings is that as far as possible there should be no decrease in the total emoluments earned by them under the licensee. However, there have been cases where the licensees have unduly stepped up the salaries of the employees from Rs. 30 or Rs. 40 per month to Rs. 100 or more per month. There have been cases like that where the pay of some of the employees has been raised unduly high by the licensees either because the employees concerned are their relations or because the Government are going to take over the undertakings. It is the intention of the Government to have power to deal with such situations. A manager is paid Rs. 500, irrespective of his qualifications, because he happens to be the cousin or the nephew of the licensee. Do hon. Members expect the Government to take over those undertakings on the same conditions? ”

SRI V. CHAKKARAI CHETTY:—“ I am not talking about the manager. I am talking of the ordinary working staff.”

18th May 1954]

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI:—“ How can we make a distinction between the ordinary staff and the manager? This clause does not make any distinction between the worker, the manager and anyone else. The Government will try to deal with the situation as fairly as possible and as equitably as possible. I cannot understand why the hon. Member should have doubts in this matter. I have already stated that the Government will not try to make profit out of these things as a private individual would do. If hon. Members concede that, there can be no apprehension that the Government will be unreasonable.”

DR. V. K. JOHN:—“ Have the Government no cousins? ”
(Laughter.)

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI:—“ The hon. Member must himself answer that. I do not know whether the Government have got cousins.”

THE HON. SRI C. SUBRAMANIAM (pointing to Dr. V. K. John):—“ You happen to be our cousin! ” (Laughter.)

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI:—“ I, therefore, oppose the amendment. I can, however, give the assurance that the Government would try to deal with the employees as fairly as possible.”

SRI V. GURUNANDAN ROW:—“ Mr. Chairman, Sir, the Hon. Minister has now stated that there are cases where the salaries have been stepped up just before the undertakings were taken over. Even if Government have got any doubt that there has been some stepping up which is not justified, there is provision in the Bill that such employees need not be taken over. The Government can retain such of the employees as they desire to have. It is only such of the employees as are retained that should be given the emoluments they were receiving while on the staff of the licensee. The Government have got the power to terminate the services of any person after giving him three months' notice in writing or paying him three months' pay in lieu of such notice. If the Government have got the least doubt that the salary of any particular employee has been stepped up, such an employee need not be retained at all. So it is not an argument for saying that for such of those employees whom the Government are taking over, they should not give a guarantee that their emoluments will not be lessened.”

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI:—“ Sir, here is an instance. We gave four months' notice for acquisition, and a few days before taking over the undertaking, one licensee stepped up the salary of an engineer. In the case of the lower grade staff, in many cases we have given more and in no case less. After all, the licensee thinks ' The Government are

[Raja Sri Shanmuga Rajeswara Sethupathi] [18th May 1954]
taking over the concern. I am getting some compensation. Let the concern go to dogs. After me the deluge! That seems to be the attitude of some licensees."

MR. CHAIRMAN:—"Is the hon. Member Sri Gurunandan Row pressing his amendment?"

SRI V. GURUNANDAN ROW:—"Yes, Sir, I am pressing."

MR. CHAIRMAN:—"The question is—

'Delete the existing sub-clause (2) and substitute the following as sub-clause (2):—

"Persons whose services are retained or in the case of undertakings taken over have been retained, shall be governed or deemed to have been governed by such rules as the Government may make or may have made from time to time in regard to them."

In sub-clause (2), add the following proviso:—

"Provided that any such person's total emoluments shall in no way be reduced below the emoluments such person was receiving while on the staff of the licensee." "

The amendment was lost.

Clause 15 was put and carried.

Clauses 16 to 22 were put and carried.

Clause 23.

MR. CHAIRMAN:—"The motion is—

'That clause 23 do stand part of the Bill.' "

SRI V. GURUNANDAN ROW:—"Mr. Chairman, Sir, there has been a slight mistake in typing the amendment. I may be permitted to rectify it. I beg to move—

'Delete the first paragraph of the clause and substitute the following:—

"If any difficulty arises in giving effect to the provisions of this Act, the Government may as occasion requires pass any order not inconsistent with the provisions of the Act or the rules made thereunder, which is necessary for the purposes of removing the difficulty." "

Sir, really I ought to have opposed the clause altogether but since there has been no discussion clause by clause, I am compelled to move this amendment to restrict the wide scope of the clause as it stands. I shall now read to hon. Members the clause as it stands: 'If any difficulty arises in giving effect to the provisions

18th May 1954] [Sri V. Gurunandan Row]

of this Act, the Government may, as occasion may require, do anything which appears to them necessary for the purpose of removing the difficulty.' I cannot understand what the words 'do anything' denote. Suppose I create difficulties, can the Government remove me? What is meant by 'do anything'? The Government have to act in some way. Why should not they make it clear? Again and again the Supreme Court has held that the giving of arbitrary power amounts to abdication of legislative functions and that if any provision of law gives any power to do things which are unconstitutional, then the provision itself shall be void. Therefore, in order to make this clause more specific, I have moved my amendment. If the intention of the Government is only to carry out the provisions of the Act, I do not see any reason why the Government should oppose the amendment. Only if they want to act arbitrarily outside the scope of the Bill, such a clause is necessary. I do not see why this amendment should not be accepted. The Government should not do anything inconsistent with the provisions of the Act or the rules made thereunder. I have therefore brought in this amendment to see that an order under this clause is not subsequently challenged."

The amendment was duly seconded.

MR. CHAIRMAN:—"Amendment moved—

'Delete the first paragraph of the clause and substitute the following:—

"If any difficulty arises in giving effect to the provisions of this Act, the Government may as occasion requires pass any order not inconsistent with the provisions of the Act or the rules made thereunder, which is necessary for the purposes of removing the difficulty." "

DR. V. K. JOHN:—"I am bound to say, Sir, that this clause is a stupid clause, stupid in the extreme. What the draftsman should have done is to give power to the Government to make rules to carry out the purposes of this Bill. That is the proper thing to do, and that is what has been done in all the previous Bills passed by the Legislature until the Congress took over. Now instead of giving such a power to Government to make rules to carry out the purposes of this Bill whenever they wish to do so, a clause has been introduced giving power to remove all difficulties in the way. It is meaningless. It is the brain wave of somebody. What is the idea of giving the Government power to remove all difficulties? What are the difficulties which the Government expect? Should they not anticipate these difficulties and then legislate? The object of this clause is to do something behind the Legislature. The Government have not applied their mind to the difficulties. They do not know what they are at present. They cannot imagine what they would be in the future. No civilized Government would come forward with such a Bill asking for power to remove all difficulties. They can ask for power to

[Dr. V. K. John] [18th May 1954]

make rules to carry out the purposes of the Bill, and that would be proper. I say that this clause 23 should not find a place in this Bill."

SRI A. GAJAPATHY NAYAGAR :—"மன்றத் தலைவர் அவர்களே, இந்த மசோதாவில் anything என்று எழுதியிருந்தாலும், அது anything ஆகாது. Anything என்றால் anything just and necessary என்பது தான் அர்த்தமாகும். அதைப்பற்றி இவ்வளவு வாதம் செய்வது பொருத்தமில்லை என்று தான் தோன்றுகிறது. இத்துடன் நான் அடங்கின்றேன்."

SRI G. KRISHNAMURTHI :—"Sir, I beg to support this amendment. The amendment is quite reasonable and simple, and it can be accepted by the Government. The hon. Member Sri V. Gurunandan Row's amendment wants the intentions of the Government to be incorporated in the Bill: Of course, the Government intend to do anything only if it is consistent with the provisions of the Act or the rules to be framed thereunder. When that is the case I think the Government can accept the amendment moved by Sri V. Gurunandan Row. The fear in the minds of the public and some of the Members of this House is that the Government do often stick to the exact word and letter of the Act—even the comma in the Act. When that is the case, there is no harm in repeating things. Generally in law we are more prone to repeat things in order to avoid any confusion. Of course, the people who want to interpret the Act—people who adorn the Gadi of the Government at so many reasonable intervals—may interpret it in so many ways. In order to safeguard the future also, we want the thing to be put as plainly as possible, namely, 'to do anything not inconsistent with the provisions of the Act or the rules to be made thereunder'. I hope the Government will accept the amendment."

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—"Sir, I oppose the amendment. As the hon. Member, Sri Gajapathy Nayagar, pointed out already, legal opinion has already been taken. Under the clause, even as it stands, it will not be competent for the Government to do anything beyond the scope of the provisions of the Bill and the rules to be made thereunder. So, I oppose the amendment."

"Further, Sir, the clause itself provides for a copy of every order passed under this clause to be laid before each House of the State Legislature. So, Dr. John's fears that we are trying to act behind the Legislature has no force at all. Dr. John has actually strengthened my hands. He said that in several of the Bills passed previously by the Legislature there were similar provisions. If he can show an instance in which the Government have abused the power given to them, then he is justified in condemning this Bill wholesale. In all cases in which the Government have taken power to do anything to remove difficulties, they have not abused that power. Dr. John has not been able to say that the Government have at any time abused their powers. Therefore, Sir, I strongly oppose the amendment."

18th May 1954]

MR. CHAIRMAN :—"The question is—

'Delete the first paragraph of the clause and substitute the following :—

"If any difficulty arises in giving effect to the provisions of this Act, the Government may as occasion requires pass any order not inconsistent with the provisions of the Act or the rules made thereunder, which is necessary for the purposes of removing the difficulty." "

The amendment was lost.

Clause 23 was put and carried.

Clauses 24 and 25 were put and carried.

Schedules I and II were put and carried.

Clause 1 was put and carried.

The Preamble was put and carried.

THE HON. RAJA SRI SHANMUGA RAJESWARA SETHUPATHI :—"Sir, I beg to move—

'That the Madras Electricity Undertakings (Acquisition) Bill, 1954 (L.A. Bill No. 23 of 1954), as passed by the Assembly, be passed into law.' "

MR. CHAIRMAN :—"Motion moved—

'That the Madras Electricity Undertakings (Acquisition) Bill, 1954 (L.A. Bill No. 23 of 1954), as passed by the Assembly, be passed into law.' "

DR. V. K. JOHN :—"Sir, I still suggest that it would be advisable for the Government to refer this matter for the opinion of the Attorney-General of India to find out whether it is within the competence of this Legislature to pass this measure, and not to wait until the Courts of Law decide that it is not within the competence of the Legislature. This is a case wherein the Government will be involved in large sums of money, and, therefore, the Government should take particular care to see that they pass a Bill which is not *ultra vires* of this Legislature but *intra vires* of this Legislature. There is a very grave doubt whether this legislation is *intra vires* of this Legislature. I suggest that the opinion of the Attorney-General of India may be taken, even though it can be taken only after this Bill is passed into law. If the opinion of the Attorney-General is that this Bill is *ultra vires* of this Legislature, I suggest that the Central Government may be requested to introduce a Bill in Parliament, which they can do under Article 248."

SRI K. BHASHYAM :—"Sir, after all that has been said on the floor of the House, and after considering the opinion of Mr. Justice Satyanarayana Rao of the Madras High Court that, under the Act as it stands, it is certainly competent for the local legislature to acquire electricity undertakings, the hon. Member, Dr. John, is not quite satisfied. He wants that the Government

[Sri K. Bhashyam] [18th May 1954]

should consult the Attorney-General. The Attorney-General may not charge the Government very much. After all, he is doing this work for the Government. There is no question about that."

DR. V. K. JOHN :—" Sir, I may say that in the Supreme Court judgment they have stated ' this is sufficient to dispose of the appeal ' and that it is not necessary to express any opinion on the other points raised in the Court below. There they have not expressed any opinion or made any observations on the points raised by the High Court. They have said that this piece of legislation is *ultra vires* of the Legislature."

SRI K. BHASHYAM :—" I think, Sir, Dr. John has correctly misunderstood me or has not heard me properly. I never said that the Supreme Court has endorsed the opinion of Mr. Justice Satyanarayana Rao of the Madras High Court. Mr. Justice Satyanarayana Rao in the course of an argument about the Bill before him did deal with the question as to the competence of the local legislature to deal with the acquisition of electricity undertakings under the Act as it stood to-day. Therefore it is I quoted his opinion before the House for the purpose of strengthening my argument that the local legislature is certainly competent to deal with this matter. Apart from this, Sir, even supposing that we take the opinion of the Attorney-General, how far is his opinion binding on the courts? Is not the Attorney-General also a human being liable to commit mistakes? If all our legal officers are liable to err, certainly the Attorney-General is not going to be any better than we are, as far as I know, at any rate. Even if the Attorney-General is a great person and a wiser person, it does not mean that what he says is law. After all, the matter has to go before a Court of Law. He cannot decide the issue. Only the courts can decide the issue. I would rather ask the Government to go ahead with the Bill even at the risk of some litigious person taking the matter in appeal to the Supreme Court for the purpose of saying that this Act is bad. We are committed to the nationalization of electricity undertakings, which is good for the country. Therefore, even if there is anything wrong with this Bill, the Government can go ahead and take the risk. I do not think the risk is so great as Dr. John thinks it to be. From a reading of the legal opinion and also from a reading of the clauses of the Bill, I think, Sir, that we need not be afraid that the courts will be against us and that the Supreme Court will be against us."

SRI T. PURUSHOTHAM :—" Sir, I support the motion moved by the Hon. Minister. I take this opportunity of congratulating the Raja of Ramnad, who is in charge of this Bill, on the able and forcible manner in which he has piloted this Bill in this House and in the other House."

THE HON. RAJA SRI SHANMUGA REJESWARA SETHUPATHI :—" Mr. Chairman, Sir, I thank hon. Members of this House for the very constructive and helpful criticisms they have made on the Bill. I will certainly remember all the requests they

18th May 1954] [Raja Sri Shanmuga Rajeswara Sethupathi]

have made in this connexion and I shall try to implement them to the best of my ability and in the interests of all the people concerned. With the good wishes of hon. Members, I hope the Bill will be passed."

MR. CHAIRMAN :—" The question is—

' That the Madras Electricity Undertakings (Acquisition) Bill, 1954 (L.A. Bill No. 23 of 1954), as passed by the Assembly, be passed into law.' "

The motion was carried and the Bill was passed into law.

THE MADRAS LEGISLATIVE COUNCIL.

Tuesday, the 18th May 1954.

The House met in the Council Chamber, Fort St. George, at half-past two of the clock, Mr. Chairman (THE HON. DR. P. V. CHERIAN) in the Chair.

THE COURTALLAM TOWNSHIP BILL, 1954 (L.C. BILL NO. 8 OF 1954)
(AS PASSED BY THE ASSEMBLY).

THE HON. SRI S. S. RAMASWAMI PADAYATCHI :—

“ Mr. Chairman, Sir, I beg to move—

‘ That under rule 102 of the Madras Council Rules, the following amendment which was made by the Legislative Assembly to the Courtallam Township Bill, 1954 (L.C. Bill No. 8 of 1954), as passed by the Council be taken into consideration.’ ”

MR. CHAIRMAN :—“ The question is—

The motion was carried and the amendment was taken into consideration.

THE HON. SRI S. S. RAMASWAMI PADAYATCHI :—

“ Mr. Chairman, Sir, I beg to move the amendment, namely :—

‘ Renumber clause 6 as sub-clause (1) and add the following as sub-clause (2) :—

“ (2) All orders made by the State Government under sub-section (1) shall, as soon as possible after they are made, be laid on the table of both Houses of the Legislature.” ’ ”

MR. CHAIRMAN :—“ Motion moved—

‘ Renumber clause 6 as sub-clause (1) and add the following as sub-clause (2) :—

“ (2) All orders made by the State Government under sub-section (1) shall, as soon as possible after they are made, be laid on the table of both Houses of the Legislature.” ’ ”

SRI T. PURUSHOTHAM :—“ Mr. Chairman, Sir, this Bill was already considered by this House and passed. It is only a short amendment that has been moved by the Hon. Minister, and I am sure hon. Members will have no objection to accept the amendment. On the other hand we should welcome it because the rules to be framed under that Act are to be placed on the table of both Houses of the Legislature.

[Sri T. Purushotham] · [18th May 1954]

“ In this connexion I should like to point out that any improvements carried out in Courtallam should also be carried out in Tenkasi. Tenkasi is only about three miles from Courtallam and as this is a measure intended to improve Courtallam and make it into a sanatorium, every step should be taken to improve Tenkasi also, it being the Railway terminus. I have examined the income and population of the Tenkasi Panchayat and they are sufficient enough to warrant the conversion of Tenkasi Panchayat into a Municipality. As a matter of fact, Government were considering such a measure and wanted to convert that panchayat into a municipality long ago. I do not know why it is being held up. It being a railway junction and the gateway to Courtallam, it should be very soon converted into a municipality. I think the prime need of this place is protected water-supply. Levy of a water tax and provision of protected water-supply would improve the sanitation of that place. Therefore, I request the Government to give their earnest consideration to the question of conversion of the Tenkasi Panchayat into a Municipality from the date from which Courtallam is to be made into a Township. With these few words I support the motion moved by the Hon. the Minister for Local Administration.”

DR. V. K. JOHN :—“ Sir, the amendment has my support.”

SRI G. KRISHNAMURTHI :—“ Mr. Chairman, Sir, I am glad that provision has been made for placing all orders made by the State Government under sub-section (1) on the table of both Houses of the Legislature. In fact we were complaining, that such a provision was not made in all the measures that came up before this House. In the drafting of certain Bills, provision was made for not placing the orders on the table of the House. I hope Government would take this as a precedent and place all orders passed on the table of this House also.”

MR. CHAIRMAN :—“ The question is—

‘ *Renumber* clause 6 as sub-clause (1) and *add* the following as sub-clause (2) :—

“ (2) All orders made by the State Government under sub-section (1) shall, as soon as possible after they are made, be laid on the table of both Houses of the Legislature.” ”

The motion was carried, and the amendment was passed.

THE MADRAS LEGISLATIVE ASSEMBLY

Tuesday, the 18th May 1954.

The House met in the Assembly Chamber, Government Estate, Mount Road, at eight of the clock, Mr. Speaker (THE HON. SRI J. SIVASHANMUGAM PILLAI) in the Chair.

[18th May 1954]

THE MADRAS HINDU RELIGIOUS AND CHARITABLE ENDOWMENTS
(AMENDMENT) BILL, 1954.

THE HON. SRI B. PARAMESWARAN :—“ Mr. Speaker, Sir, I beg to introduce the Madras Hindu Religious and Charitable Endowments (Amendment) Bill^a, 1954 and move—

‘ That the concurrence of the Legislative Council be obtained for setting up a Joint Select Committee of both the Houses consisting of 23 Members (15 Members of the Assembly and 8 Members of the Council) to consider the Bill and that the following Members of this House be selected to serve on such a Joint Select Committee.’

I shall give the names after the concurrence of the Council is obtained.

“ In its judgment, dated 13th December 1951, a Division Bench of the Madras High Court allowed a petition presented by the head of the Shirur Math in the South Kanara district under Article 226 of the Constitution and directed the issue of a writ of prohibition against the settlement of the scheme connected with the Math initiated under the Madras Hindu Religious Endowments Act, 1927, subsequently amended and re-enacted as the Madras Hindu Religious and Charitable Endowments Act, 1951. The main contention raised in the petition was that having regard to the fundamental rights guaranteed under the Constitution in matters of religion and religious institutions belonging to particular religious denominations, the law regulating the framing of a scheme interfering with the management of the Math and its affairs by the Madhathipathi conflicted with the provisions of Articles 19 (1) (a) and 26 of the Constitution. On the constitutional issues thus raised in the petition, the High Court pronounced quite a number of sections of the Act to be *ultra vires* by reason of their being in conflict with the fundamental rights guaranteed under Articles 19 (1) (f), 25, 26 and 27 of the Constitution. The matter was taken in appeal on behalf of the Government to the Supreme Court of India. The Supreme Court in its judgment, dated the 16th March 1954, dismissed the appeal and agreeing with the Madras High Court, declared sections 21, 30 (2), 31, 35, 56 and 63 to 69 to be invalid as they are in conflict with the fundamental rights and section 76 (1) of the Act to be void as it is beyond the legislative competence of the Madras State Legislature.

“ The Government bring forward the present Amendment Bill with a view to remedy the situation created by the Supreme Court's judgment and to amend the Act in conformity with the provisions of the Constitution. I shall now proceed to explain briefly the scope of this amending legislation.

^a Published in the *Fort St. George Gazette* Extraordinary, dated 14th May 1954.

18th May 1954] [Sri B. Parameswaran]

“ Section 21 of the existing Act empowers the Commissioner, Hindu Religious and Charitable Endowments (Administration) Department, Deputy and Assistant Commissioners and other officers authorized by the Commissioner or the Area Committee to enter the premises of any religious institution or place of worship in the discharge of their duties under the Act. The Supreme Court has held that section 21, which confers on officers' unregulated and unrestricted right of entry into any part of religious institutions including the inner sanctuary and that too at all hours irrespective of any interference that might be caused to the due observance of the rights and ceremonies in them and without due notice to the trustees, contravenes Articles 25 and 26 of the Constitution. Clause 3 of the Bill, therefore, following the directions given by the Supreme Court, provides for notice being given to trustee and for the usages and practices of the institution being observed by an officer in making an entry. The amendment incidentally enables the Commissioner to nominate, if necessary, any servant, including an ‘ archaka ’ of a religious institution, to make an entry into any part of a temple or math including the Sanctum Sanctorum.

“ Section 23 of the existing Act imposes a duty upon the trustee to obey all lawful orders under the Act issued by the Commissioner, the Deputy or Assistant Commissioner or the Area Committee. Clause 4 of the Bill makes an addition to this section which requires that the authorities mentioned shall, while exercising their powers of control and superintendence, as far as practicable, observe, the forms and ceremonies or usages appropriate to the religious institution or math concerned.

“ Sub-section (1) of section 30 of the Act declares the right of the trustee of a religious institution to incur expenditure, out of the funds in his charge, for securing the health, safety or convenience of disciples and pilgrims and for the training of archakas, adhyapakas, etc. Sub-section (2) of section 30, however, requires that in incurring the expenditure the trustee shall be guided by any general or special instructions which the Commissioner or the Area Committee may give. The Supreme Court has held that this provision constitutes an unreasonable restriction on the right of the trustee. Clause 5 of the Bill therefore deletes sub-section (2) of section 30.

“ According to the Supreme Court the objection raised in respect of section 30 (2) will apply also to section 31 which enables the trustee to spend the surplus income of the institution for the purposes specified in section 59 (1) with the previous permission of the Deputy Commissioner. The Supreme Court has held that the stipulation that the surplus income can be spent only for the purposes specified in section 59 (1) and that too with the permission of Deputy Commissioner places a burdensome restriction upon the property rights of the trustee sanctioned by usage and has the effect of impairing his dignity and efficiency as the head of the

[Sri B. Parameswaran] [18th May 1954]

institution. The existing section 31 is, therefore, being deleted to meet the objections raised by the Supreme Court and a new section 31 is being substituted by clause 6 of the Bill.

"On the analogy of section 47 of the Orissa Hindu Religious Endowments Act, 1939, which has been held to be valid by the Supreme Court, the new section 31 provides for the cypres application of surplus funds of endowments. Under this section the Commissioner can, after holding the necessary inquiry and after satisfying adequately the purposes of any institution and setting apart a sum sufficient for the repair and renovation of buildings connected with it, authorize the utilization of any surplus funds towards religious, educational or charitable purposes. The Commissioner can also create reserve funds for the institution out of the surplus income. Provision has also been made for the publication of the Commissioner's order under the section and for suit against the order within six months of its publication.

"Clause 7 of the Bill inserts two new sections 31-A and 31-B. New section 31-A provides for the validation of past appropriation of surplus funds made by the trustee under the existing section 31 with the permission of the Deputy Commissioner, and for the filing of a suit by any interested person (within a period of six months from the commencement of the Amendment Act) against any such appropriation made by the trustee. New section 31-B provides for an appeal to the High Court against the order of the lower Court.

"Section 39 (2) of the Act provides that where an institution has both hereditary and non-hereditary trustee, the Commissioner can appoint non-hereditary trustees as and when vacancies occur. Clause 9 of the Bill meets the objection to section 39 (2) by the Madras High Court by providing that the Commissioner shall appoint non-hereditary trustees only in case of mismanagement and that too only after giving due notice to the hereditary trustees and after holding an inquiry.

"Section 52 of the Act specifies the grounds on which a suit can be filed for the removal of the trustee of a math or specific endowment. Clause 10 of the Bill provides for the filing of such suits on certain additional grounds, viz., waste of funds, adoption of devices to convert the income of the institution into pathakanika or leading a life inconsistent with the sanctity of the office.

"Section 55 of the Act has been held *ultra vires* in so far as it obliges heads of maths to maintain accounts of receipts and disbursements of pathakanika and to spend pathakanika on purposes connected with the institution. Clause 11 of the Bill provides for the heads of maths maintaining accounts of receipts of pathakanika (but not of expenditure) and for their spending pathakanika in any manner authorized by the usage of the institution.

[Sri B. Parameswaran] [18th May 1954]

"Both the Madras High Court and the Supreme Court have invalidated section 56 of the Act which empowers the Commissioner to require the trustee to appoint a manager for the administration of the secular affairs of the institution and in case of default to make the appointment himself. Clause 12 of the Bill deletes this section.

"Sections 63 to 69 of the Act provide for the notification by the Commissioner of religious institutions and for the appointment of Executive Officers for the better administration of the endowments of the institutions. The Supreme Court has held that these provisions are extremely drastic in character and has declared these to be void. Clause 13 of the Bill introduces a new section 62-A which makes sections 63 to 69 inapplicable to maths or other religious institutions having hereditary trustees with a beneficial interest in the income of the institution.

"Section 76 (1) of the Act provides for the payment of annual contributions to the Government by institutions not exceeding 5 per cent of their income for the services rendered by the Government. The Supreme Court has held that as these contributions are not earmarked or specified to defray the expenses incurred by the Government in performing the services they have to be treated as tax and not as fee and that consequently section 76 (1) is beyond the legislative competence of the State Legislature. Clause 17 therefore amends this section making the contributions payable to the Commissioner instead of to the Government.

"Clause 18 of the Bill (which introduces three new sections 80, 81 and 82) further provides for the appointment of the Commissioner to be a corporation sole, for the constitution of a fund to be called the Madras Hindu Religious and Charitable Endowments Administration Fund to which the contributions under section 76 (1) shall be credited and for vesting the Fund in the Commissioner. Provision is also made for the validation of contributions already collected by the Government.

"Sir, I have now briefly indicated the main purposes and features of this amending legislation. The judgments of the Madras High Court and the Supreme Court of India have practically rendered the existing Act largely inoperative and I am sure the House will certainly agree that this legislation is extremely important as well as urgent. I accordingly commend the Bill for consideration of the House."

employment for their own people. Originally, interference was to this extent, viz., that the endowments were asked to pay contributions at a certain percentage. Gradually, they increased their powers and they armed themselves with powers of notification. Nonetheless, they were functioning as a separate department under the Government. Lately, when the 1950 Act was passed, the Religious Endowments Department was abolished and the Government have directly assumed administration of all the religious endowments. We had hardly time to ascertain how the legislation itself will work. Neither the Government nor the heads of religious institutions, who had only to figure in courts as plaintiffs or defendants, had any time to study the various provisions of the Act. As a result of this, practically the enactment as a whole has been negated. I am afraid that the legislation that is before the House is not free from certain constitutional defects. The Supreme Court has held that the Religious Endowments Act does not affect or could not affect the heads of mutts. Nonetheless, clause 10 of the amending Bill seeks in an indirect way to negative that contention and such arbitrary rules of conduct for the heads of mutts are prescribed that they can be removed at the will and caprice of the Government officials. Therefore, the Government practically retain the abnoxious provisions of the previous legislation. If it is the intention of the Government to amend the Act in the light of the recent decision of the Supreme Court, then one would expect the Government to bring forward a comprehensive legislation covering all the points. But, it has been the practice of the Government to bring forward only piecemeal legislation. Even in such cases, we used to be supplied with the original sections that were sought to be amended and the text of the amended sections and other details. Of course, I did not want to raise this point as a point of order. The Hon. Minister in his speech referred to a number of sections and the most intelligent man present here could not have understood anything about them, as we do not have the material before us to look into those things. A copy of the Bill itself was given to us only yesterday. We have been having a continuous Session. Even if all of us were to go to the library and refer to the original sections in the original Act, it will be almost humanly impossible. It was promised the other day that such Bills will be taken up last only when there was an emergency. We have to stop referring to such matters as we have found the Government incorrigible in that respect. This sort of bringing a piecemeal legislation by adopting one section from the Orissa Act and another section from another Act and tacking them on to the legislation which has already been held void by the Supreme Court is not the proper way of doing things.

“ Sir, reference to regional or area committees was made by the Hon. Minister. I must say that the working of these Committees has been found to be utterly unsatisfactory. The officers appointed by the Government, even the executive officers do not have belief either in God or Religion. They are simply officials.

THE MADRAS HINDU RELIGIOUS AND CHARITABLE ENDOWMENTS
(AMENDMENT) BILL, 1954—*cont.*

MR. SPEAKER :—“ The motion is—

‘ That the concurrence of the Legislative Council be obtained for setting up a Joint Select Committee of both the Houses consisting of 23 Members (15 Members of the Assembly and 8 Members of the Council) to consider the Madras Hindu Religious and Charitable Endowments (Amendment) Bill, 1954.’ ”

The motion is before the House for discussion.

SRI M. NARAYANA KURUP :—“ Mr. Speaker, Sir, I wish to take this opportunity to express my disappointment, or shall I say my disgust at the way in which the problem of Hindu Religious Endowments has been handled by the successive Governments of the State. It is said that we are a secular State. Nonetheless we are armed with powers to legislate in regard to properties owned by religious institutions. One can understand the Government's bringing a measure, a general measure so to say, affecting all the religious institutions. But, it has been the practice of this State to choose, probably with the best of intentions, only Hindu Religious institutions and the progress of legislation with regard to this matter has only been from confusion to confusion. As a result of this, as said by the Hon. Minister, we have today practically no legislation governing the point. We have reached a stage when we have neither religion nor endowments. Sir, the history of legislation relating to religious institutions has been an attempt of the Government to create certain fields of

They do not pay even the salaries of the *archakas* or other people, but collect only so much as to maintain themselves and to meet their own salaries. As a result of this, the temples, places of worship, all over the State have fallen into disrepute and one is ashamed to call himself a Hindu because of the working of this Hindu Religious Endowments Act. The measure should have been brought keeping in view the feelings and views of the people. However, inasmuch as the Bill is going to a Select Committee, I hope the Hon. Minister will not stand on technical grounds. I also hope that certain provisions which have not been working satisfactorily, though they may not be included in the Bill, will be considered by the Committee with the concurrence of all people, and when it emerges from the Select Committee, it will be a legislation for the better administration of endowments in the State."

SRI A. RATNAM :—"கனம் சபாநாயகர் அவர்களே, ஹிந்து மத பரிபாலனச் சட்டமானது இன்றைக்கு ஹிந்து மதத்தால் தாழ்த்தப்பட்டவர்கள் என்று புறக்கணிக்கப்பட்ட, ஹிந்து மதத்தால் தீண்டப்படாதவர்கள் என்று ஒதுக்கவைக்கப்பட்ட, ஹிந்து மத ஆலயங்களின் உள்ளேயே நுழையக்கூடாது என்று தடை விதிக்கப்பட்டிருந்த ஹரிஜன சமூகத்தைச் சேர்ந்த ஒரு மந்திரியின் வசம் ஹிந்துமத பரிபாலன இலாக்கா ஒப்படைக்கப்பட்டு அவரும் இந்த மசோதாவைப் பிரேரித்திருப்பதற்காகப் பாராட்டுகிறேன்; சந்தோஷம் அடைகிறேன்."

"இன்றைக்கு நம் ராஜ்யத்திலுள்ள பல ஆலயங்களுக்கு நிறைய சொத்துக்கள் இருக்கின்றன. அதைப்போலவே மடங்களுக்கும் சொத்துக்கள் இருக்கின்றன. ஆயிரக்கணக்கான ஏக்கரா நிலங்களும் இருக்கின்றன. இவைகளையெல்லாம் தர்மகர்த்தாக்கள் என்று சொல்லிக்கொண்டு வருபவர்கள் கொள்ளையடித்து வருகிறார்கள் என்று நான் சொன்னால் அது மிகை யாகாது. கடவுளின் பெயரால் பலவிடங்களில் கள்ளமாரிக்கெட்டுகள் நடக்கின்றன. கடவுளின் பெயரால், ஏழைகளை சடவுளின் பிரதிநிதிகள் என்பதை ஹிந்துமதம் ஒப்புக்கொண்டாலும் கூட, பல ஏழை எளிய விவசாயிகள் இந்த மடங்களின் நிர்வாகிகளாலும், ஆலயங்களின் தர்மகர்த்தாக்களாலும் பழிவாங்கப்படுகிறார்கள். இந்தக் கோயில் நிர்வாகிகள் ஏழை எளிய மக்களிடமிருந்து கடன் பத்திரம் 50 ரூபாய்க்கு எழுதி கொடுக்கச் சொல்லிவிட்டு 100 ரூபாய் கொடுக்கவேண்டுமென்று அவர்களைக் கள்ளத்தனமாக வற்புறுத்துகிறார்கள். அதேபோல கோயில் நிலங்களைக் குத்தகைக்கு விடும்போதும் 50 கலம் குத்தகை என்று எட்டில் இருக்குமே தவிர அவர்களிடமிருந்து 100 கலம் வசூலிக்கப்படும். இந்த மாதிரியான கள்ளத்தனமான காரியம் பல நடக்கின்றன. திருப்பதிபோன்ற பல கோயில்களுக்கு ஆயிரக்கணக்கான ஏக்கரா நிலங்கள் இருக்கின்றன. இங்கெல்லாம் இதே அக்கிரமம்தான். இந்த மாதிரியாக அறநிலையங்களின் சொத்துக்களை சர்க்கார் எடுத்து நிர்வகிக்கக் கூடாதென்று நீதிமன்றம் தீர்ப்பளித்திருக்கிறது. அதன் காரணமாகத்தான் அவசரமாக அதனால் ஏற்பட்டுள்ள நிலைமையைச் சமாளிக்க இந்த மசோதாவைக் கொண்டு வந்திருப்பதாக கனம் மந்திரி அவர்கள் சொன்னார்கள். அதேசமயத்தில் அவர்கள் இதையும் கவனிக்கவேண்டும். இந்த ஆலயங்கள் மடங்கள் எல்லாவற்றிலும் ஒரு ஜாதியாரே பலவகைப்பட்ட காரியங்களுக்கும் நியமிக்கப்படுகிறார்கள். ஒரு ஜாதியாரே உத்திரவு போட்டாகவேண்டும். ஒரு ஜாதியார் இவைகளை மென்று சர்க்கார் உத்திரவு போட்டாகவேண்டும். ஒரு ஜாதியார் இவைகளை தங்களுக்கு ஏகபோக உரிமையாக வைத்துக்கொண்டு கொள்ளையடிக்க விடக்கூடாது. இந்த ஆலயங்களின் நிர்வாகிகளாகவும் டிரஸ்டிகளாகவும் ஹரிஜனங்களே நியமிக்கப்படவேண்டுமென்பது என் வேண்டுகோள். ஏனென்று கேட்டால் 1947-ம் வருஷத்திலே ஆலயப்பிரவேசச் சட்டம் அமுலுக்கு வந்தது. ஆனால் இன்னும் பல ஆலயங்களுக்குள் ஹரிஜனங்கள் விடப்படாதவந்தது. ஆனால் இன்னும் பல ஆலயங்களுக்குள் ஹரிஜனங்கள் விடப்படாமலிருக்கிறார்கள் என்பது எல்லோருக்கும் தெரியுமென்று எண்ணுகிறேன்."

18th May 1954]

[Sri A. Ratnam]

கோவில் நுழைவுச் சட்டம் வந்ததே தவிர இன்றைக்கும் எந்த ஹரிஜன னாவது கோவிலுக்குள் நுழைந்துவிட்டால் உடனே நிலச்சுவந்தாரின் கண்களில் தீப்பொறி பறக்கின்றது. வார்த்தைகளில் ஆவேசம் துடிக்கின்றது, 'ஆ! நீ கோவிலுக்குள் நுழைந்தாயா? பார் உன்னை என்ன பாடு படுத்துகிறேன்', என்பதாகச் சொல்லிக்கொண்டு அந்த ஹரிஜனனை புரியமரத்தில் கட்டிவைத்து அடிக்கக் கூடிய நிலைமை ஒரு கிராமத்தில் அல்ல, எல்லா கிராமங்களிலும் இருந்து கொண்டிருக்கிறது. எனவே உண்மையாக ஹரிஜன முன்னேற்றத்தில் சர்க்காருக்கு அக்கறை இருப்பதால்தான் ஹிந்துமத பரிபாலன இலாக்காவிற்கு ஹரிஜனனை மந்திரியாக இருக்கவேண்டுமென்ற நோக்கத்தோடுதான் இந்தச் சர்க்கார் புரட்சிகரமாக ஸ்ரீமான் பரமேஸ்வரன் அவர்கள் கையில் இந்த இலாக்காவை ஒப்படைத்திருக்கிறார்களோ என்று கூட நான் எண்ணுகிறேன். இது வருங்காலத்தின் நல்ல அறிஞரியாக இருக்கிறது."

"இதைப் பொறுக்குக் கமிட்டிக்கு அனுப்புவதில் சனம் மந்திரி அவர்கள் அந்தப் பொறுக்குக் கமிட்டியில் ஹரிஜன முன்னேற்றத்தில் அக்கறையுள்ள தாழ்த்தப்பட்ட அங்கத்தினர்களும் அதில் இடம் பெறும்படியாகச் செய்யவேண்டும். அதோடு ஹரிஜன நல இலாகா டைரக்டர் அவர்களையும் இந்தக் கமிட்டியில் போட்டால் நல்லதாக இருக்குமென்று நான் நினைக்கிறேன்."

"இந்த மசோதாவில் ஒன்றிலிருந்து 15 ஷரத்துக்கள் வரை அடியோடு திருத்தப்பட வேண்டுமென்று சொன்னார்கள். அதற்குக் காரணம் ஒரு வழக்கில் எப்பொழுது இந்தச் சட்டத்திற்கு விரோதமாகத் தீர்ப்பு வழங்கப் பட்டுவிட்டதோ அப்பொழுதே இதைத் திருத்த தக்க நடவடிக்கை எடுக்காவிட்டால் ஒவ்வொருவரும் நீதி மன்றத்திற்குச் சென்று விவாதங்கள் என்று சொன்னார்கள். எனக்குத் தெரியும். பல வழக்குகளில் இந்தக் கள்ள மாரிக்கெட்டுகாரர்களின் சார்பாக, அதாவது மடங்கள், ஆலயங்கள் இவற்றின் நிர்வாகிகளின் சார்பாகவே தீர்ப்புகள் வழங்கப்பட்டு வருகின்றன. இதையும் சர்க்கார் கவனித்தாக வேண்டும். இந்த மசோதாவை அவசரமாகக் கொண்டுவரவேண்டுமென்று விரும்புவதாகத் தெரிகிறது. அதற்குக் காரணம் அந்தத்தீர்ப்பில் முப்பது தினங்களுக்குள் அவர்களுக்கு நிவாரணம் அளிக்கப்படவேண்டுமென்று கூறப்பட்டிருப்பதாகத் தெரிகிறது. இதற்குள் சரியான முறையில் இச்சட்டத்தைத் திருத்த சர்க்கார் எல்லா ஏற்பாடுகளையும் செய்வார்கள் என்றே நம்புகிறேன். கோயில் நிர்வாகம் சரியான முறையில் இயங்க இந்தச் சட்டம் நல்லபடியாகவே திருத்தப்படவேண்டும்."

"கோயில்களுக்கும், மடங்களுக்கும் நிறைய நிலங்கள் இருக்கின்றன. இவைகளையெல்லாம் பிடுங்கி ஏழை ஹரிஜனங்களுக்குப் பகிர்ந்து கொடுத்துவிட வேண்டுமென்று நான் சொல்லவில்லை. ஆனால் இவைகள் எல்லாவற்றையும் மொத்தமாக ஒரு ஏஜென்ஸியிடம் விட்டுவிடுவதை விட்டு சிறு சிறு துண்டாக பல ஏழை ஹரிஜன விவசாயிகளுக்கு நேரிடையாகக் குத்தகைக்கு விடவேண்டுமென்று நான் கேட்டுக்கொள்ளுகிறேன். இதற்கு தேவையான ஏற்பாட்டையும் செய்தாக வேண்டும். இவ்விஷயத்தில் கள்ளமாரிக்கெட்டதனம் நடக்க விடாமல், இடைத் தரகர் வந்து இந்த ஏழைகளின் ரத்தத்தை உறிஞ்சாதவாறு பாதுகாக்க வேண்டுமென்பது என் வேண்டுகோள். இந்த மாதிரியான ஏற்பாடுகளைக் கெல்லாம் என்றைக்கும் சர்க்கார் ஐ. லி. எஸ். ஆபீஸர்கள் விரோதமாகவே இருப்பார்கள்."

"இன்றைக்கு பல எரியாக் கமிட்டிகள் அமைக்கப்படுகின்றன. ஆனால் அவைகளுடைய சிபார்சுகள் ஏற்றுக்கொள்ளப்படுவதில்லை. பின்னர் கமிஷனர் ஒரு உத்திரவைப் போட்டு விடுகிறார். இதை யாராலும் மாற்ற முடியாமலும் இருக்கிறது."

"இதை எல்லாம் கவனித்து சரியான முறையில் இந்தச் சட்டம் திருத்தப்பட வேண்டுமென்ற காரணத்திற்காக இதனை பொறுக்குக் கமிட்டிக்கு விடுவதை நான் மனப்பூர்வமாக ஆதரிக்கின்றேன்."

[18th May 1954]

MR. SPEAKER:—“I want hon. Members to be brief. It is now ten minutes to twelve. I want to finish the discussion before 12-30 p.m.”

SRI B. K. NALLASWAMI:—“கனம் சபாநாயகர் அவர்களே, நமது அரசாங்கத்தார் கொண்டு வந்திருக்கக்கூடிய இந்த திருத்தி அமைக்கப்பட்ட மசோதாவை ஆதரித்து, சில வார்த்தைகள் சொல்ல விரும்புகிறேன். நம்முடைய இந்து மதம் நாளுக்கு நாள் க்ஷீணதிசையை அடைந்து வருகிறது என்றுதான் சொல்லவேண்டும். காரணம் மற்ற மதங்களிலெல்லாம் மக்களிடமிருந்து எடுத்துக்கொள்வது மிகக்குறைவு, திருப்பிக் கொடுப்பது அதிகமாக இருக்கும். ஆனால் இந்து மதத்திலோ எங்கு பார்த்தாலும் தட்சிணை, காணிக்கை போன்றவைகளை மடாதிபதிகளும், புரோகிதர்களும் எடுத்துக்கொள்ளும்படியாக செய்வதுதான் அதிகமானதாக இருக்கிறதே ஒழிய, மக்களுக்குத் திருப்பிக் கொடுப்பது என்பது ரொம்ப குறைவாகத்தான் இருக்கிறது. இந்தக் காரணத்தினாலேயே நம் நாட்டிலுள்ள சாதாரண மக்களுக்கு நாளுக்கு நாள் மதத்திலே நம்பிக்கை குறைந்து கொண்டு வருகிறது. இந்த முறையிலே இன்று கோயில், மடங்கள் முதலியவைகளை எடுத்துக்கொண்டால், எந்த இடத்திலிருந்து மக்களுக்கு ஒழுக்கமும், நல்ல செயல்களும் பழகவேண்டுமோ அங்கெல்லாம் ஒழுக்கக் கேடும், லஞ்சமும் தான் மலிந்திருப்பதை நாம் பார்க்கின்றோம். குறிப்பாக பல கோயில்களை எடுத்துக்கொண்டால், அங்கெல்லாம் பரம்பரை டிரஸ்டிகள் பெரும்பாலும் இருப்பதைக் காணலாம். அவர்கள் அந்தக் கோயில்களை பரம்பரை பரம்பரையாக நிர்வகித்துக் கொண்டு வருவதால் அந்தக் கோயில்களில் வருமானம் எவ்வளவு, செலவினங்கள் எவ்வளவு என்பது அவர்களுக்குத் தான் தெரியுமே ஒழிய மற்றவர்கள் யாருக்கும் தெரியவே வழியில்லை. சிறு கோயிலாக இருந்தாலும்கூட வருஷத்திற்கு மூவாயிரம், நாலாயிரம் வருவாய் வந்துகொண்டிருக்கும். அதை வைத்துக்கொண்டு இந்த பரம்பரை டிரஸ்டிகள் நிம்மதியாக காலட்சேபம் புரிந்துகொண்டு வருவார்கள். அவர்களை கேட்பதற்கு யாரும் கிடையாது. இவைகளையெல்லாம் கவனிப்பதற்கு எரியா கமிட்டி அமைப்பு சௌகரியமாக இல்லை. ஒரு மாதத்தில் இரண்டு நாள் அல்லது மூன்று நாள் அவசர அவசரமாக எல்லா அலுவல் முறைகளையும் பார்த்துவிட்டு எதையும் சரியாக கவனிப்பதற்கே நேரமில்லாது போய்விடுகின்றனர். அவர்களுடைய நடைமுறை இந்த அளவில் இருக்கிறது. ஒவ்வொரு பிரதேசத்தையும் பரிசீலனை செய்வதற்கு மூன்று ஜில்லாவிற்கு, இரண்டு ஜில்லாவிற்கு ஒன்றாக எரியா கமிட்டி நியமிக்கப்பட்டிருக்கிறது. இதை இன்னும் குறுக்கி ஜில்லாவிற்கு ஒன்று அல்லது இரண்டாகச் செய்தால் இந்த மாதிரி குறைபாடுகளை நன்றாக கவனித்து வேண்டியன செய்வதற்கு உதவிபடக் இருக்கும். நான் முன்னமே சொன்னேன், நம்முடைய மதத்திலே சொத்தை மக்களிடமிருந்து எடுத்துக் கொள்வது தான் அதிகம், மக்கள் பெருவது குறைவு என்று. இதைத் திருத்துவதற்கு இந்த ஆறுவது கிளாசிலே இருக்கக்கூடிய திருத்தம் நிர்ப்பந்தப்படுத்துகிறது. ஆகையால் கோவிலில் வரக்கூடிய பணத்தை செலவுக்கு போக பாக்கியை கல்வி, சுகாதாரம் போன்ற வசதிகளை மக்களுக்குச் செய்துக் கொடுத்தல் அல்லது மதசம்பந்தமான பிரசாரம் போன்றவைகளுக்கு செலவு செய்யலாம். இதனால் சட்ட பூர்வமாக இவ்வாறு செய்வதற்கு அனுமதி கொடுத்துவிடக்கூடிய நிலைமை ஏற்பட்டிருக்கிறது.”

“அடுத்தபடியாக இன்னொரு முக்கியமான விஷயத்தை கவனிக்க வேண்டும். கோயில்களில் இந்த பரம்பரை டிரஸ்டிகள் யார் எங்கு முக்கியமாக உட்கார்ந்து கொண்டிருக்கிறார்களென்று கவனிக்க வேண்டும். இவர்கள் கோயில் பணத்தை தாராளமாக எடுத்து சொந்தச் செலவுகள் செய்கிறார்கள். இதைப்பற்றிய கணக்கு அவர்களுக்குத்தான் தெரியும். இப்பொழுது வந்துள்ள சட்டத்தால் இவர்களைக் கண்காணிக்க ஒரு இடமுள்ளது. உண்மையான கோயில் செலவுகள் எவ்வளவு என்று பார்க்க இடமிருக்கிறது. பரம்பரை பரம்பரையாகத்தான் கோயில்களுக்கு டிரஸ்டிகளாக இருக்க வேண்டுமென்ற அவசியமும் ஏற்படவில்லை. இதற்குமுன் அவர்கள் கோயி

[18th May 1954] [Sri B. K. Nallaswami]

லுக்கு என்று எந்த விதத்திலே செலவு செய்தாலும் அதைக் கட்டுப்படுத்த முடியவில்லை. இந்த திருத்தத்தின் மூலம் இந்த டிரஸ்டிகளை யெல்லாம் நீக்குவதற்கோ, கவனிப்பதற்கோ வசதியளிப்பதால் நான் இந்த திருத்தத்தை மிகவும் வரவேற்கிறேன். இன்னொரு விஷயம் முக்கியமாக கவனிக்க வேண்டும்.

“மடங்களுக்கு பூமிகள் நிறைய இருக்கின்றன. அவர்கள் அந்நிலங்களை யெல்லாம் குத்தகைக்கு விடுகிறார்கள். இந்த குத்தகைப் பணம் எவ்வளவுக்கு விடுகிறார்கள் என்பதை கணக்குவைப்பதே யில்லை. 500 ரூபாய்க்கு குத்தகைக்கு விட்டு விட்டு, 50 ரூபாய்க்குக்கூட கணக்கு எழுதினாலும் அவர்களைக் கேட்பார்கள் யாருமில்லை. இதற்கெல்லாம் அந்த மடத்திலுள்ள மாணேஜ்மெண்டின் குறை என்றுதான் சொல்ல வேண்டும். அங்கு இந்த மாணேஜ்மெண்டில் ஒரே லஞ்ச ஊழல். ஆனால் இந்த திருத்தத்தாலும், இந்த மசோதாவாலும் அவர்கள் அவ்வாறு தவறான முறையில் நடைபெறாமல் இருப்பதற்கு சில வழிகள் இருப்பதால் நான் இது போன்ற திருத்தங்களை மனமார வரவேற்கிறேன். குத்தகைக்கு விடுவதனால் அவர்கள் குத்தகைக்கு விடுவாரிடமிருந்து எவ்வளவுக்கு விடுகிறார்கள் என்பதற்கு ரசீது வாங்க வேண்டுமென்று இருக்கவேண்டும். அப்படியிருந்தாலும் பலர் பொய்யான ரசீதை வாங்கி வைக்கிறார்கள். ஆகவே இம்மாதிரியான தவறுகளை எல்லாம் கவனிக்க இதில் இடமிருக்கிறது என்பதை அறிய மகிழ்ச்சியடைகிறேன். இதையெல்லாம் தணிக்கை செய்து உண்மையான கணக்கைக் காட்டுவதற்கு ஏற்பாடு செய்தால்தான் இந்த மாதிரி வீணாகையாளப்படும் பணத்தையெல்லாம் கண்டு பிடித்து, அவைகளை கல்வி, சுகாதாரம் போன்ற நல்ல வழிகளில் செலவழிப்பதற்கு வசதியாக இருக்கும். நாமும், நம்முடைய சர்க்காரும், நம் நாட்டிலுள்ள ஏழை மக்களுக்கும், நாட்டிற்கும் நன்மை செய்தவர்களாகவும் முடியும். ஆகவே இதற்கெல்லாம் இந்த திருத்தம் இடம் அளிப்பதால் இதை அனைவரும் வரவேற்கும்படியான நிலைமையில் இருக்கிறோம். இந்த சபையிலும் இதை அனைவரும் வரவேற்பதைக் கண்டு நான் மிகவும் மகிழ்ச்சியடைகிறேன்.”

“கடைசியாக நாம் முக்கியமாக கவனிக்கவேண்டியது ஒன்றிருக்கிறது. அதுதான் கோயில்களில் எக்சிசியூட்டிவ் ஆபீசர்களாக நியமிப்போர்களுடைய நடத்தை. பல கோயில்களில் இந்த எக்சிசியூட்டிவ் ஆபீசர்களுக்கு மதத்தில் நம்பிக்கையே இருப்பதில்லை. எங்கள் ஊரிலே இம்மாதிரியான ஒருவரைத் தான் எக்சிசியூட்டிவ் ஆபீசராக நியமித்திருந்தார்கள். அவரிடம் விபுதி கொடுத்தால் கீழே எறித்து விடுவார் அல்லது ஊதி விடுவார். இந்த மாதிரியான ஆட்களை கோயில்களுக்கு நியமிக்கவே கூடாது. இந்த விஷயங்களில் மட்டும் மத நம்பிக்கை உள்ளவராக இருப்பவரைப் பார்த்துத்தான் இந்தமாதிரியான உத்தியோகங்களுக்கு நியமிக்கப்பட வேண்டும். ஆகவே இனிமேல் எக்சிசியூட்டிவ் ஆபீசர்களாக நியமிப்போரை மதத்தில் நம்பிக்கையுள்ளவர்களாக கவனித்து உத்தியோகத்திற்கு அமர்த்தும்படி கேட்டுக் கொண்டு, இந்த திருத்தத்தை ஆதரித்து என்னுடைய உரையை முடித்துக் கொள்ளுகிறேன்.”

SRI K. T. RAJU:—“கனம் சபாநாயகர் அவர்களே, இந்த எண்டோமெண்ட் பாதுகாப்புத் திருத்த மசோதாவை பொறுக்குக் கமிட்டிக்கு விட்டு, சில விஷயங்களை திருத்தி அமைக்கப் போவதை நான் ஆதரிக்கிறேன். பொதுவாக பேசிய அங்கத்தினர்கள் சிலர் இந்த மடங்கள் சம்பந்தமாகவும், கோயில் சொத்துக்கள் எப்படி நிர்வகிக்கப்படுகிறது என்பது பற்றியும் பொதுவாக கூறியிருக்கிறார்கள். பொதுவாக நாட்டிலே பழங்காலத்தில் பொய் சொல்லக் கூடாது, திருடக்கூடாது, கோயிலுக்குச் சென்றால் தூய்மையாக இருக்க வேண்டும், ஒழுக்கமாக இருக்கவேண்டும் என்பதற்காகத்தான் உண்மையில் அப்போது கோயில்கள் கட்டப்பட்டன. இன்றையதினம் இதற்கான சொத்துக்கள் எல்லாம் நல்ல முறையில் உபயோகிக்கப்படுகிறதா என்று பார்க்கவேண்டும் என்பது உண்மைதான்.

[Sri K. R. Viswanathan] [18th May 1954]

அவைகள் மக்களின் ஒழுக்கத்தைப் பாதிக்கும் வகையில் இயங்கி வருகின்றன. அவைகள் சரியான முறையில் பாதுகாக்கப்படாத காரணத்தால் இன்றைக்கு மதத்திற்கே ஆபத்து வந்திருக்கிறது. எந்த அளவில் அந்த மடங்களையும், ஆலயங்களையும் திருத்தலாம் என்பதைப் பற்றி ஒரு சரியான முடிவுக்கு வந்தபின்னரே சர்க்கார் ஒரு சட்டத்தைத் தயார் செய்தது. ஆனால் இதனை எதிர்ப்பவர்கள் மடாதிபதிகள், கோயில் தர்மகர்த்தாக்கள்தான். அதிலும் பரம்பரை தர்மகர்த்தா என்று இருப்பவர்கள் இதைப் பலமாக எதிர்க்கின்றார்கள். அவர்கள் தான் இந்தச் சட்டம் செல்லுபடியாகாது என்று எதிர்த்து கோர்ட்டில் வழக்குக் கொடுத்தார்கள். நீதி மன்றமும் அரசியல் அமைப்புப்படி இது செல்லுபடியாகாது என்று தீர்ப்பு வழங்கியிருக்கிறது. அதனால் ஏற்பட்டிருக்கும் விளைவுகளைச் சமாளிக்கவே இன்றைக்குச் சர்க்கார் இந்தத் திருத்தத்தைக் கொண்டுவருகிறார்கள்.

“இதிலே முதலாவதாக நாம் எல்லோரும் வரவேற்க வேண்டிய அம்சம் என்னவென்றால் இப்பொழுது நம் மந்திரி சபையிலுள்ள ஹரிஜனப் பிரதிநிதியாகிய திருவாளர் பரமேஸ்வரன் அவர்களிடம் இந்த அறநிலைய பாதுகாப்பு இலாக்கா ஒப்படைக்கப்பட்டிருப்பதுதான். இதவே மிகவும் தீவிரமான, புரட்சிகரமான சீர்திருத்தம் என்று சொல்ல வேண்டியிருக்கிறது. இதேமாதிரியாகப் பல சீர்திருத்தங்களை கோயில்களிலும், மடங்களிலும் கொண்டுவந்தாகவேண்டுமென்று நாங்கள் விரும்புகிறோம். ஒரு வகுப்பைச் சேர்ந்தவர்களே இன்றைக்குக் கோயில்களில் பல பணி புரிந்து வருகிறார்கள். ஹிந்து மதத்தைச் சார்ந்த எந்த ஜாதியாராக இருந்தாலும் சரி, தகுதி உடையவர்களாக இருந்தால் அவர்களை கோயில் வேலைகளுக்கு நியமிக்க வேண்டுமென்று கேட்டுக் கொள்ளுகிறேன். அவர்கள் எல்லோரும் கோயில் களில் இடம் பெறுவதற்குத் தக்க வகையில் திருத்தங்கள் கொண்டுவரப்பட வேண்டுமென்பது எனது முக்கியமான அவாவாகும். சர்க்கார் ஓர் உன்னதமான எண்ணத்தை அடிப்படையாகக் கொண்டே இந்த மசோதாவைக் கொண்டு வந்திருப்பதால் இதன் கருத்துக்கு நாம் எல்லோரும் ஆதரவு அளிக்க வேண்டியது ரொம்பவும் அவசியமாகும். நான் முன்பே சொன்னேன், இதை எதிர்ப்பவர்கள் இரண்டே பேர்கள்தான் என்று, முதலாவதாக எதிர்ப்பவர்கள் தர்மகர்த்தாக்கள். தர்மகர்த்தாக்களிலும் இரண்டு வகையிருக்கிறது. பரம்பரை தர்மகர்த்தாக்கள் தான் இதற்கு ரொம்பவும் தீவிரமாக இடையூறு செய்து வருகிறார்கள். அடுத்ததாக மடாதிபதிகளும் இதற்கு எதிராக இருக்கிறார்கள். இன்றைக்கு அவர்கள் தான் இந்த தர்மஸ்தாபனங்களின் பணத்தை துர்விநியோகம் செய்து கொண்டிருப்பவர்கள். அவர்கள் செய்து கொண்டிருக்கும் அக்கிரமம், அட்டேயியமும் கணக்கு வழக்கில்லை. வந்து கொண்டிருக்கும் வருவாயைச் சரியாகக் கணக்கு வைப்பதே கிடையாது. குறிப்பாக அங்கு இருக்கும் அதிகாரிகளையும் தங்களுக்கு உடந்தையாக வைத்துக் கொண்டிருக்கிறார்கள். இதற்கு நான் பல உதாரணங்களைச் சொல்ல முடியும்.

“உடையார்பாளையம் தாலுகாவில் கள்ளக்குறிச்சி என்ற இடத்தில் ஆண்டுதோறும் திருவிழா நடக்கும். அக்கோவிலின் வருமானம் ஆண்டு தோறும் இரண்டு லட்சம் ரூபாய்க்கு மேல் வந்து கொண்டிருந்தது. ஆனால் இன்றைக்கு அங்குள்ள தர்மகர்த்தாக்களும், அதிகாரிகளும் சேர்ந்து கொண்டு வரும் வருவாயை ஒளித்துவிடுகிறார்கள். மொத்த வருமானமே 50 ஆயிரம் ரூபாய் தான் என்று சொல்லுகிறார்கள். ஏன் என்று கேட்டால், ‘மக்களுக்கு நாளுக்கு நாள் தெய்வ பக்தி குறைந்து கொண்டே போகின்றது. தெய்வ வழிபாட்டில் நம்பிக்கையும் குறைந்துவிட்டது. அதனால் தான் வருமானமும் குறைந்துவிட்டது.’ என்று சர்க்காருக்குப் பதில் எழுதி அனுப்பிவிடுகிறார்கள். உண்மையான நிலைமை இதுவல்ல. பணம் வந்து கொண்டே தான் இருக்கின்றது. ஆனால் இவர்கள் தான் அதை ஒளித்து, மறைந்துவிடுகிறார்கள். கணக்குகளைச் சரிவரக் காட்டுவதே கிடையாது. இதைச் சர்க்கார் கவனிக்கவேண்டும். இவர்கள் செய்யும் அக்கிரமம் நாளுக்கு நாள் அதிகரித்துக் கொண்டே போகின்றது. அதிகாரிகளும் இந்த தர்மகர்த்தாக்களுக்கு உடந்தையாக இருக்கிறார்கள். இவர்கள் பேரில் தகுந்த நடவடிக்கை எடுக்கவேண்டும். அதற்கு வேண்டிய திருத்தங்களையும் இந்தச் சட்டத்தில் செய்யவேண்டுமென்று நான் கேட்டுக் கொள்ளுகிறேன்.

[18th May 1954] [Sri K. R. Viswanathan]

“அதற்கடுத்தபடியாக உத்தியோகஸ்தர்களை நியமிக்கும்போது வீழ்வி, நாமம் முதலியன ஹிந்து மதச் சின்னங்களை அணிகிறவர்களையே அதிகாரிகளாகப் போடவேண்டுமென்று ஒரு சிலர் சொன்னார்கள். இப்படி செய்தால் உண்மையில் கடவுள் பக்தியற்றவர்களெல்லாம் இந்த வேஷத்தைப் போட்டுக் கொண்டு எல்லோரையும் ஏமாற்ற முடியும். இன்றைக்கு அதேமாதிரியாகத் தான் பலர் பிறரை ஏமாற்றிக்கொண்டிருக்கிறார்கள். மதத்தின் பெயரால் ஒருவர் மற்றொருவரை ஏமாற்ற நாம் அனுமதிக்கக் கூடாது. பெரும்பாலானவர்கள் வெளியில் தெய்வத்தின் பெயரைச் சொல்லி ஆஷாடபூதி வேஷம் போட்டு பிறரை ஏமாற்றுகிறார்களே தவிர உண்மையில் உள்ளத்தில் அவர்களுக்கு தெய்வத்தினிடம் நம்பிக்கையும் கிடையாது; பக்தியும் கிடையாது. ஆகவே உயர்ந்த ஜாதிகாரர்களைத்தான் நியமிக்கவேண்டுமென்பது இல்லாமல் எல்லோரையும் இதில் நியமிக்கலாமென்றும் சட்டத்தை திருத்த வேண்டுமென்றும் கேட்டுக்கொண்டு, இதைப் பொறுக்குக் கமிட்டிக்கு அனுப்புவதை நான் ஆதரிக்கிறேன்.”

SRI T. C. NARAYANAN NAMBIAR :—“ Mr. Speaker, Sir

MR. SPEAKER :—“ Let the hon. Member be brief. I want to call the Hon. Minister to reply after Mr. Narayanan Nambiar. Let the hon. Member finish his speech in two or three minutes.”

SRI T. C. NARAYANAN NAMBIAR :—“ Within five minutes, I will finish.

“ Mr. Speaker, Sir, I am grateful to you for granting me at least some time to make some observations regarding the present Bill. I want to submit that these temples and matams in our country (I know about these temples and matams in Malabar very intimately) were once places of purity, high thought, art and culture depicting our ancient glory and were the centres of our attention. But now they have become citadels of reaction. It is of course due to the bad management of these temples and matams by the concerned in the past, the Religious Endowments Act has entered into the field. I am not against control of these temples by Government. As a matter of fact I want that there should be some more control by Government. But that is not what is being done. In this connection I want to bring to the attention of the Hon. Minister about certain prominent defects which are prevalent in Malabar in regard to religious institutions. There are various Brahmaswoms and matams. Lakhs and lakhs of rupees are the income of these temples. In former days they were intended to give feasts and give ‘ootu’ or ‘unavu’ in Tamil to the poor. With the introduction of ration system, that system has been completely stopped. The income of these temples are not at all utilized for the feeding of the poor, I would request the Hon. Minister in charge of Religious Endowments to seriously consider what I had stated and see to it that the large incomes from these temples are used for the benefit of the large mass of poor people.

“ There is a matam called the ‘Nayar matam’ in Tellicherry municipality. It has got properties in North Malabar. The matam owns about several estates. Its income ranges over several

[Sri T. C. Narayanan Nambiar] [18th May 1954]

lakhs of rupees. It was an endowment of the Moyon Nayar family. It has been the aim of the founder Nayar that the revenue derived from the properties and estates of this matam should be spent for the advancement of education and to help the poor. Thousands of tenants are working in the estates belonging to the matam. But I am sorry to note that the income derived from the estates and properties of the matam are not spent for the advancement of education or for the uplift of poor. Memoranda and representations have been made to Government in this respect. The people of Cherrukunnu want a hospital to be run with Moyan's endowments.

"There is a temple in Kottakkal in the palace of the Zamorin. Even today non-caste people are not allowed to worship in that temple. In 1949 there was a case about this. But the High Court has held that it is a private temple. Actually it is not so. I know artificial documents have been made to show that the temple is a private one. All these things will have to be looked into. I want the Hon. Minister to look into this. There is the Kottakkal Palace school run with the finances of the temples. Even today I know that not a single depressed class student, Harijan or Thiyya is admitted into that school. That is the sorry state of affairs. When I enquired into the matter last month, I have found the above fact. I would earnestly request the Hon. Minister to look into all these matters and see to it that the temples in our State which were once a place of sacred and high thought and places of art and culture, are properly safeguarded and income derived from these temples used for the benefit of the poor and for the advancement of education. Thank you, Sir."

THE HON. SRI B. PARAMESWARAN :—"I am very glad that almost all the hon. Members who took part in this discussion supported the motion for referring this Bill to a Select Committee. The points referred to by some hon. Members are in fact covered by some clauses of the present Bill. Mr. K. T. Raju of all other hon. Members seem to have worshipped God more. I am reminded in this connection of a saint who attained 'mukthi' by constantly indulging in abuses against God. It is said he attained 'mukthi' because in spite of his abusing God, he was constantly thinking of God. (Laughter.)

"Mr. K. T. Raju made some other suggestions which I think it will be possible for the Select Committee to consider. That apart he indulged in some cheap jibes. That would gradually make him a saint. That is what I believe. He may gradually become a worshipper of God. I am not interested in what manner he should follow or worship God. But if only he gradually takes to worshipping God in the manner he himself has stated, he may become a saint.

"Mr. Narayana Kurup wanted that the Bill should be a comprehensive one covering all the sections besides the ones declared invalid by the High Court and the Supreme Court. Sir, this is

18th May 1954] [Sri B. Parameswaran]

only an emergency measure. This is only to remedy the defects and keep the administration going on, it has been decided by the Government that the Act should be amended in conformity with the provisions of the Constitution.

"Sri K. R. Viswanathan and Sri Nallaswami pointed out certain defects in the administration. I will look into them and the Select Committee also will look into them.

"With regard to the points raised by Sri Ratnam, most of them seem to be impracticable. I shall consider such of those points as are really constructive. But I can give him this assurance that the interests of the Harijans will be sufficiently safeguarded.

"I do not think there is anything else to be said except that all the points raised by the hon. Members will be taken into consideration when the Select Committee sits."

MR. SPEAKER :—"When will the Hon. Minister give the list of names of the Members of this House who will be on the Select Committee? Is it after getting the concurrence of the Legislative Council to this motion?"

THE HON. SRI B. PARAMESWARAN :—"Yes, Sir."

MR. SPEAKER :—"The question is—

"That the concurrence of the Legislative Council be obtained for setting up a Joint Select Committee of both the Houses consisting of 23 members (15 members of the Assembly and eight Members of the Council) to consider the Madras Hindu Religious and Charitable Endowments (Amendment) Bill, 1954, and that the following members of this House be selected to serve on such a Joint Select Committee :—

(List of names to be furnished after the concurrence of the Council is obtained)."

The motion was put and carried.

THE MADRAS PAYMENT OF SALARIES AND REMOV
OF DISQUALIFICATIONS (AMENDMENT) BILL, 1954
(L.A. BILL No. 24 OF 1954)

18th May 1954] [Sri C. Subramaniam]

" This is a very simple Bill. Certain doubts were expressed with reference to persons joining the Territorial Army and the National Cadet Corps in view of certain allowances being paid to them. It has been said that persons joining the Territorial Army and the National Cadet Corps receiving the allowances will become disqualified from being a Member or being chosen as a Member of the Legislature. In order to remove the difficulty and to enable even Members of the Legislature to join the Territorial Force and the National Cadet Corps we have brought forward this measure on the suggestion of the Government of India. I hope it will have the unanimous support of this House including that of the hon. the Deputy Leader of the Opposition, which he has already promised."

MR. CHAIRMAN :—" Motion moved—

' That the Madras Payment of Salaries and Removal of Disqualifications (Amendment) Bill, 1954 (L.A. Bill No. 24 of 1954), as passed by the Assembly, be taken into consideration.' "

DR. V. K. JOHN :—" Mr. Chairman, Sir, may I implement my promise to support this Bill? I strongly support this Bill."

SRI G. KRISHNAMURTHI :—" I welcome this Bill but I would like to have some clarification from the Hon. Minister in charge of the Bill. I want to know how exactly the Territorial Army differs from the National Cadet Corps, whether by passing this Bill all the hon. Members of this House will be eligible to join the Territorial Army or the National Cadet Corps, whether there is any medical examination with regard to height, weight and other things, and whether there is any age restriction."

THE HON. SRI C. SUBRAMANIAM :—" Mr. Chairman, Sir, with reference to the points raised by the hon. Member Sri G. Krishnamurthi I shall pass on to him the Acts concerning the establishment of the National Cadet Corps and the Territorial Army. I would request him to go through the provisions of those Acts, and I am sure he will get enlightenment there. Sir, I am thankful to the hon. the Deputy Leader of the Opposition, Dr. John, for having given his support at least to this measure. I hope this will be the starting point for his support of many other measures to be brought in by the Government."

DR. V. K. JOHN :—" Sir, I support all good measures."

MR. CHAIRMAN :—" The question is—

' That the Madras Payment of Salaries and Removal of Disqualifications (Amendment) Bill, 1954 (L.A. Bill No. 24 of 1954), as passed by the Assembly, be taken into consideration.' "

The motion was carried and the Bill was taken into consideration.

Clauses 2 and 1 and the Preamble were put and carried.

18th May 1954]

SRI K. BASHYAM :—“ Mr. Chairman, Sir, I may be permitted to say a few words on this Hindu Religious and Charitable Endowments (Amendment) Bill, 1954, which has been placed before this House. I may state, in the first instance, that when the original Act was being considered by the Legislative Assembly, Sri T. Viswanatham and myself raised many a point regarding the constitutionality or otherwise of some of the provisions of that Act. I think we were right in our contention regarding these provisions, because they have now been declared to be unconstitutional. I am glad that the Government have come forward with this measure for the purpose of rectifying these mistakes which they could have rectified on the last occasion itself. Now that they have come forward with this Amendment Bill, I would ask the Government as I did on the last occasion, not to mix up ordinary temples with the mutts which are really governed by a different set of principles and rules. I think it would have been better if a separate legislation had been brought forward for dealing only with mutts. It would be easier for the department concerned also to deal with the mutts. This was my view which I pressed upon the then Government for consideration. Apart from this, there is also the question whether the various provisions in this Amendment Bill do really carry out the intentions of the Supreme Court. Anyhow, I am glad the Government have come forward with this Bill, and we will be going through it very carefully in the Joint Select Committee, and I think we will be able to forge a measure which will be beneficial to the country at large and also avoid the pitfalls of unconstitution-
alism.”

DR. V. K. JOHN :—“ Sir, I support this motion.”

SRI G. KRISHNAMURTHI :—“ Mr. Chairman, Sir, I beg to place the following points for the kind consideration of the Joint Select Committee that is going to be formed. Now, as expressed by the previous speaker, the hon. Member Sri K. Bhashyam, mutts stand on quite a different footing from temples. Temples are places where collections of various kinds are made from the public, perhaps on account of the attraction of the idol or on account of the sanctity attached to those places. Mutts stand on a different footing. They depend more on the personality at the head of the mutt. Now, are we not affecting the feelings of the personality at the head of the mutt, and more so the feelings of the people who have great respect for that personality? This is a matter completely pertaining to a particular religion and somehow or other this secular Government have thought it fit to interfere in this matter. The head of the mutt is just like an Incarnation of God. This legislation goes to the extent of framing sections providing for the removal of the head of the mutt if some of his attitudes are thought questionable. I do not know who are going to question the attitude of these heads of mutts, if they are not the public. So, an ordinary layman is to be vested with this power through a particular section of an Act of the Legislature which is now under contemplation. He is to question the attitude or the policy of the head of a mutt who has been held in esteem all these years

and who has been considered for thousands and thousands of years as God Incarnate. This is just the position under the proposed legislation. Does it not affect the feelings of so many men who attach great weight to the personality at the head of the mutt? "

MR. CHAIRMAN :—" The hon. Member can discuss all these when the Bill actually comes before this House. Let the hon. Member be more brief."

SRI G. KRISHNAMURTHI :—" Sir, I would just like the hon. Members of the Joint Select Committee to go into this question, whether the mutts stand on a par with temples or whether they differ from the temples in that there is a person in flesh and blood at the head of the mutt who is considered as God Incarnate. In the case of a temple it is quite different, because the people may or may not have faith in the idol. Whether by just bringing in a clause whereby we attempt to judge the attitude and policy of the head of a mutt, it will not affect the feelings of so many people who have great personal regard for the head of the mutt, is a point which should be mainly considered by the Joint Select Committee."

MR. CHAIRMAN :—" The question is—

'That this House concurs in setting up a Joint Select Committee of both the Houses consisting of 23 Members (15 Members of the Assembly and 8 Members of the Council) to consider the Madras Hindu Religious and Charitable Endowments (Amendment) Bill, 1954 (L.A. Bill No. 27 of 1954), and that the following Members of this House be selected to serve on such a Joint Select Committee :—

- 1 The Hon. Sri M. Bhaktavatsalam.
- 2 Sri T. G. Krishnamurthi.
- 3 Sri K. Bhashyam.
- 4 Sri C. Maruthavanam Pillai.
- 5 Sri T. Purushotham.
- 6 Sri K. Balasubramanya Ayyar.
- 7 Sri T. M. Narayanaswamy Pillai.
- 8 Sri M. P. Govinda Menon."

The motion was carried.

MR. CHAIRMAN :—" The House will now adjourn *sine die*."

The House then adjourned *sine die*.
