FOREWORD

The Debates of the Third Tamil Nadu (Madras) Legislative Assembly (1962-1966) have been printed in Forty Volumes and an Index in respect of each Volume has also been separately printed.

A variety of subjects touching upon all walks of life have been raised and discussed on the floor of the House during this period. If a reference to any of the subjects raised is to be made, one has to wade through almost all these Forty Volumes which would involve time and labour. With a view to obviate this, an attempt has been made in this publication to compile and consolidate the various subjects dealt with in the House in the alphabetical order giving the Volume and Page numbers.

It is hoped that this publication will serve as a useful book of reference for legislators, administrators and others interested in the discussions of our parliamentary institutions.

Fort St. George,
Madras-600009,
3rd April 1974.

*Secretary to Government,
Tamil Nadu Legislative Assembly
Department.*
