FOREWORD

The Tamil Nadu Legislative Council Debates are published in several Volumes and an Index to the Proceedings is published for each volume. A Consolidated Index to the Proceedings from the year 1950 up to the end of the year 1966 has been published in two Volumes under the title 'Subject Index' and 'Name Index'. The Consolidated Index to the entire Debates, without any omission from the year 1967 up to the year 1975 has already been published in two parts.

This publication consolidates the Index to the Proceedings contained in 67 Volumes from the year 1977 up to the year 1983. To make this publication handy, this is published in two parts. The Rulings and Observations of the Chair have been excluded from this publication as they are published separately. The items under the heading 'Bills' in this publication have been arranged in the chronological order instead of in the alphabetical order. In the process of re-publication and consolidation, necessary alterations and corrections, wherever necessary, have been made.

It is earnestly hoped that this publication will serve as a useful reference book both for administrative departments of the Government and for the Legislators.

Fort St. George,
