29-3-96	Macleod, Mr. A. Raja's complaints against To the Raja.	10-7
	1. Mr. Macleod, the Resident, advises the Raja not to send the letter which he has addressed to Lord Hobart, because it contains several statements which are not true. Shiyali has always been included in the Mayavaram Subah and it was therefore proper on the part of the Government to have assumed it as part of Mayavaram. Without it the revenue of Mayavaram will fall far short of the estimate. The Raja's present claim to have it restored is groundless and he seems to have made it solely on the instigation of his European creditors at Madras, who wish to obtain it for themselves.	
	2. The Raja's assertion regarding a statement said to have been made by Mrs. Macleod, when she visited the Raja's wives, is denied by that lady.	
	3. As regards the charges of collecting the customs etc., the Resident has been guided entirely by the articles of the treaty. The Resident resents certain imputations made by the Raja against his conduct in connection with the consideration of Serfojee's claims.	
	4. The order to restore the 4 karikal maganams arrived only on this day. Therefore, the Raja's charge that he neglected to execute it is groundless.

The result showed that his men were wantonly assaulted by the sepoys belonging to Maj. Innes. The Marchioness presented fruits and flowers to the Bai Sahib. Governor-General's coach was placed at the disposal of the Raja for these visits. 2. The Raja's intention to visit the holy places in the west of India has also been approved. The Raja's only cause of dissatisfaction is that he is to be given a salute of only 17 guns at the military stations. He, therefore, proposes to avoid them.	194-203

1-7-21	George IV Proposed letter from the Raja. To the Raja. 1. The Resident has ascertained privately that the Governor is opposed to the idea of the Raja's sending a letter of condolence to the king. The inferior rank assigned to the Rajas of Tanjore in the Bengal scale of Native Princes reduces the chances of his receiving a reply. 2. The Resident has no doubt that the Raja's rank is superior to that of the Nawabs who are more or less descended from the renters of the Emperor. Scindhia, Holkar and others are also strictly speaking below him in rank. The Emperor, the King of Oudh and the Raja of Satara alone are entitled to occupy a higher rank than the Raja of Tanjore. 1-11-21	—Public recognition. To the Raja. The Resident states that he ought not to address the Governor-General. If an encouraging reply is received to the Raja's letter he will address the Government of Madras and the Raja may state his wishes clearly to the Governor-General. It is advisable to obtain the public recognition of the Raja's son as well as his right to succeed to all the dignities and privileges enjoyed by his father. An assurance to this effect will set at rest the Raja's mind in regard to the claims of the rival houses.	452-6
24-11-21	Raja's Family Health report. To the Raja. The Resident reports that the family at the palace is in good health.	456-7
24-11-21	Michael, Capt. James O.C. Resident's escort. To the Raja. 1. It is the Resident's opinion that the amount that the Raja proposes to give should not fall short of Pag. 1,000.	457-8

2-1-22	Guns Loan to the Raja. To the Raja. 1. The Resident communicates the sanction of Government to treat the two guns as having been lent to the Raja. This ought to convince the Raja that the Governor is always willing to comply with his requests.

25-1-22	Raja's Palace Visit of Europeans prohibited. To the Raja. Several applications were made by the Rev. John Kholhoff to show some visitors the curiosities of the palace but permission was always refused in consideration of the Raja's objection to make a show-house of his palace.	480-2
2-2-22	Raja's Visit to Madras Objections. To the Raja. The Raja is entitled to be treated as a sovereign and ally of the Company and not as he was treated by the Government of Bengal. 14-3-22	(Marathi letter from the Raja to the Governor of Madras.)	496-7
7-3-22	Raja's Visit to Madras Proposals. To the Raja. 1. The Resident is of the opinion that the Raja may address the Governor from Tirupati requesting permission to visit him at Madras. No mention of the compliments expected by the Raja should be mentioned in the letter. If the Governor invites him he may proceed to Madras confident that he will be received in a suitable manner, because the Governor is aware of the Raja's expectations. In the course of the interview the Raja may discuss with the Governor a plan to improve the education of the people in Tanjore and to establish a college there. This topic will be interesting to the Governor and will create a favourable impression in his mind.	498-500
19-3-22	—Reply. 2. The Raja still feels uncertain of the reception that may be accorded to him at Madras. He has therefore decided not to visit the Governor at present and has accordingly written a letter to the Governor excusing himself until his return from Rameswaram.	504-5

She has now regained her health. Sir Thomas Sevestre has rendered medical aid to several other persons in the fort especially in cases of labour. The public officers in the province paid due respect to Sivaji Raja on his way to meet his father. The Raja will be received on the frontier of Tanjore by them. 	—Reply.	539
	2. The Raja accepts the Resident's advice.

	To the Raja.	
	1. The Resident forwards a report made by Sir Thomas Sevestre on the health of the family at the palace and of the people in Tanjore in general. He observes that bad drainage and bad ventilation are the causes of the fever which attack the people in the palace so frequently. Sir Thomas also describes some of the cases to which he attended outside the Raja's family.	
	—From the Raja.	554
	2. Thanks Sir Thomas Sevestre for his attention to the welfare of the people of Tanjore.	
	Nana Sahib's Son

	Raja's Reception at Calcutta	
15-5-22	Objections to.	569-70
	To the Raja.	
	1. The Resident states that Sir Edward Barnes, the late Governor of Ceylon, who was allowed several interviews with the Raja has, to the Resident's great surprise and concern, entered in the presence of all the society at Tanjore into the detail of the Raja's disrespectful reception at Calcutta and his dissatisfaction with the Marquis of Hastings.	
	2. As the Resident is doing his utmost to see that the Raja is restored to his proper place among the princes of India it is not desirable that the reception at Calcutta should be made public. The Raja ought to be particularly careful in his conversation with strangers. Sir Edward is likely to blaze it abroad in the course of his extensive tour.	
	Tobacco Seeds	
15-5-22	From Bilsah.	570
	To the Raja.	
	The Resident forwards a requisition from Mr. Lushington, the Collector of Trichinopoly, for some of the seeds brought by the Raja.

	To the Raja.	
	1. The Resident invites the Raja and his court to Chetobava for the purpose of offering his compliments on the termination of the pilgrimage. He proposes to present a diamond brooch to the Raja and a diamond ring to Sivaji Raja. All presents will in future be restricted to the Dusserah and the New Year's Day.	
	—Reply.	580
17-5-22	2. The Raja wants time to consider the Resident's suggestions and therefore will proceed directly to Selvanaikpatam.

24-5-1822	Nana Sahib's Widow Resident's advice. To the Raja. The Resident forwards a copy of a note which he proposes to send to the Raja if the Raja approves it. The note contains an admonition in respect of her conduct in listening to the advice of persons whose interest it is to keep her at variance with the Raja. Now that the latter has returned to Tanjore the widow must address herself on all matters to him only. It is the duty of the Raja to protect the estate of Tulcojee Sahib during his minority and he is therefore justified in appointing his own manager to look after the affairs of the family.	2-5
26-5-22	Michael, Capt. James Voyage to England. To the Raja. Capt. Michael has arrived safely at the Cape and would have proceeded to England by this time. He has sent a receipt for the sum presented to him by the Raja.	6-7
26-5-22	Raja's Reception at Calcutta Origin of rumours. To the Raja. Forwards a letter from Mr. Lushington, Collector of Trichinopoly, in which he states that Sir Edward Barnes was in possession of the information prior to his visit to Trichinopoly and that he presumed that he had obtained it in the course of the conversation with the Raja.	7-10
26-5-22	Raja's Visit to Madras Proposals. To the Raja. 1. No public letter has yet been received on the subject. If the Raja still desires to pay the visit recommended by the Resident the latter will see "that it takes place on the first convenient opportunity, a little sooner or later."	7-8

2-6-22	From the Raja. 2. Another elephant has been sent in its place, which has been well trained.	17
2-6-22	(Marathi letters to the Tranquebar Government).	16-8

2-6-22	Education Raja's Colleges. To the Raja. Sir Thomas Munro who is interested in the institutions established by the Raja has applied for some particulars relating to them.	19
6-6-22	(Rajah's letters in Marathi to the Governor-General and the Governor of Madras.)	20-3
10-6-22	Correspondence Proper mode of addressing the Governor. To the Raja. The Resident points out an error in the method of address adopted by the Raja in his letter to the Governor. Sir Thomas Munro ought not to be styled 'Excellency'.	24
10-6-22	Nana Sahib's Widow Complaint against the Raja. To the Raja. 1. Forwards a petition in Marathi from the widow regarding certain strong measures which are said to have been adopted by the widow. The Resident approves those measures. 2. He may inform the Raja that the Resident will not countenance the arrogance of the widow. If it is true that her evil advisers have been prohibited from passing the Bunk then he ought not to hold any communication with them. While they are under the Raja's displeasure they are under the displeasure of the Government also.	24-3
10-6-22	———Memo. for Soiroba Naik. 2. He may inform the Raja that the Resident will not countenance the arrogance of the widow. If it is true that her evil advisers have been prohibited from passing the Bunk then he ought not to hold any communication with them. While they are under the Raja's displeasure they are under the displeasure of the Government also.	28-9
12-6-22	Education Raja's Colleges—Statistics.	30-1
14-6-22	Nana Sahib's Widow Disrespect to the Raja. From the Raja. Thanks the Resident for approving the steps taken by him to put down the insolence of the widow. But it is necessary that the Resident should address her once more with a view to convincing her of her errors.	32-3
17-6-22	Raja's Elephants Supply of forage. From the Raja. Requests that the Collector may be addressed for permission to procure forage for the elephants.	34-5
17-6-22	Nana Sahib's Widow Resident's advice. To the Raja. 1. Forwards a note intended for the widow reproving her conduct in continuing to behave disrespectfully to the Raja and warning her that she will bring ruin upon herself and her adopted son unless she abandons such a line of conduct. The Raja has a right to appoint his manager and to punish those who behave disrespectfully to his manager. The widow is mistaken if she thinks that the Governor has the right or the inclination to interfere between her and the Raja. If she follows the Resident's advice she will have ample cause to rejoice.	36-9

	Nana Sahib's Widow—cont.	39

25-6-22	Theft Within the Raja's jurisdiction. To the Sirkeel. Two persons who are said to have been concerned in a case of theft have been delivered up by the Assistant Magistrate on the ground that the offence was committed within the Raja's jurisdiction. The evidence is also forwarded.	48-51
4-7-22	Sevestre, Sir Thomas Surgeon—Salary. To the Raja. The Resident understands that the Raja has expressed his inability to raise his salary because it was fixed by the Resident. When the salary of Pag. 100 was fixed it was expected that the Raja will be absent from Tanjore for two more years and that consequently a monthly salary was preferable to occasional presents. The Raja may increase the sum paid to Sir Thomas Sevestre.	56-8
4-7-22	Marathi letter from the Raja to the Governor introducing Dr. Macleod to him.	62
5-7-22	Sevestre, Sir Thomas Surgeon—Raja's reward. From the Raja. 1. A lady's jewel was obtained from Madras but was found to be unsatisfactory. The Raja therefore desires to pay an adequate sum of money and requests the Resident's opinion regarding the amount which he ought to pay.	63-4
6-7-22	—Reply. 2. The Resident is satisfied that the Raja's sentiments and his will entirely agree and therefore excuses himself from naming any specific amount.	65-7
6-7-22	Raja's Palace at Kumbakonam Permission to use as a Revenue Cutcherry. To the Raja. 1. Forwards a letter from the Sub-Collector requesting permission to locate his cutcherry in the Raja's palace. The Resident considers that the request is unreasonable and that if acquiesced in it will most probably deprive the Raja of the palace for ever.	67-8
8-7-22	—Reply. 2. Thanks the Resident for his advice. He cannot part with the palace because he has no other building at Kumbakonam fit for his occupation.	69
9-7-22	Theft Within the Raja's jurisdiction. To the Raja. 1. A thief has been sent to the Resident's office by the sirkeel. As the offence was committed within the Raja's jurisdiction no British Court or Magistrate can take cognizance of it. 	Sivaji Raja	72-4
10-7-22	Public recognition by Government. To the Raja. 1. A letter has been received from the Governor addressed to the Raja complying with the latter's wish to have his son recognized as his successor to the musnad. The Marquis has not replied to the Raja's letter but has merely sent the Raja's letter to the Governor of Madras with instructions to "communicate to the Raja on the subject as he might think proper." The Resident is surprised at this and doubts very much the extent of the promise made by the Marquis. He desires to see a true translation of the Persian letter. 2. The Raja ought, on the other hand, to rejoice at Sir Thomas Munro's declaration of his opinion in favour of Sivaji Raja. The Governor's letter will be delivered in a public manner if the Raja wishes to receive it with ceremonial rejoicing, being the public declaration of the rights of his son.	72-4
10-7-22	—To the Raja.	74-7
12-7-22	3. Forwards the Governor's letter. —Reply. 4. The Raja requests that the letter may be delivered in a "public way" as suggested by the Resident.	78
13-7-22	Advances to the Raja Liquidation. From the Raja. As the sum advanced by Government has been adjusted by the deductions made in the monthly payment the Raja requests that no further deductions are to be made. He has already contracted several debts at Madras.	80-1

Blackburne sends a receipt for Pag. 19,000 which he has received from the Raja in exchange for his houses, furniture, etc., that he may leave behind in Tanjore. 28-7-22	Interview with the Raja. From the Raja. 2. Proposes to call upon him for the purpose of discussing certain confidential matters.	101

	Raja's Son	
2-8-22	Public recognition. To the Raja. The Resident is waiting for the translation of the Governor-General's letter. He thinks that the Raja ought to write a letter of thanks to Sir Thomas Munro for his attention to the Raja's wishes. (Marathi letter.)	103
8-8-22	Public recognition—Governor-General's letter. To the Raja. The translation of the letter shows that "it has no other meaning than civility." "All other meaning is in fact, carefully guarded against." (Marathi letter from the Raja to the Governor.)	103-4
5-8-22	Hudleston, Mr. W. His father's portrait. From the Resident. Forwarding a letter from Mr. W. Hudleston at Madras requesting that he may be furnished with a copy of his father's portrait which is with the Raja.	105
13-8-22	Sevestre, Lady Raja's breach of etiquette. To the Raja. 1. The Resident recapitulates what took place between him and the Raja at an interview. The Raja requested permission to visit Lady Sevestre. Such a request was unusual and had not been made when the Raja visited Mrs. Macleod and Mrs. Kholhoff. The Resident said that Mrs. Hardy and Lady Sevestre ought to have been visited first being the wives of officers attached to the Residency. The Raja's particular attachment to Mrs. Macleod and Mrs. Kholhoff ought not to have been made an excuse for his breach of etiquette. To the same.	106
14-8-22	2. The Resident has heard that the Raja proposes to visit Lady Sevestre first and Mrs. Hardy afterwards. This is against the etiquette because Capt. Hardy is the senior officer, and his wife is entitled to expect the first visit. After paying one visit to each the Raja may afterwards visit them more or less frequently as he likes. Reply.	107-8
15-8-22	3. The Raja thanks the Resident for the advice.	123-4

	Cotton, Mr. John	
31-8-22	Collector—Invited to the palace. From the Raja. 1. As he was unable to see Mr. Cotton when he was at Tanjore the last time he requests that Mr. Cotton may be presented to him on a convenient occasion. Reply. 2. Mr. Cotton and his assistants will be presented to the Raja shortly.	131-2
	Blackburne, Mrs.	
1-9-22	Offended with the Raja. From the Raja. 1. He has learnt that Mrs. Blackburne is offended with him because the Bai Sahib received a visit from Mrs. Macleod instead of requesting Mrs. Blackburne to present her. The object in doing so was to present her with some jewels, which it would not have been polite to do in the presence of Mrs. Blackburne who would receive none. No offence was intended.	132-3
2-9-22	Reply. 2. The incivilities received by the Resident from the Raja since the return of the latter from his pilgrimage have not been complained of, and it is the Resident's intention not to do so. Some allusion to them to Sivaji Raja became unavoidable "in order to prevent the recurrence of messages of invitation from the ladies of His Highness's family, which could not be acceded to and which it was extremely distressing to Mrs. Blackburne to refuse." The Resident declines to correspond on this subject and requests the Raja to "maintain the same reserve upon it as he did until the last evening."	134-5
	Cotton, Mr. John	
3-9-22	Collector—Visit from the Raja. From the Raja. 1. Proposes to return Mr. Cotton's visit on the following day. Reply. 2. The Resident will accompany the Raja for the purpose.	135-6
	Sevestre, Sir Thomas	
4-9-22	Alleged incivility by the Raja. From the Raja. 1. Forwards a correspondence which he had with Sir Thomas Sevestre. The latter complained that the Raja omitted to present him with flowers while he did so to all the other gentlemen present. He "had considered himself the last person at Tanjore to have been treated with pointed incivility or rudeness." The Raja replied that his son having presented flowers to him he thought it was unnecessary for him to do so. He would have behaved with greater formality if he had known that he would take offence. Sir Thomas accepted the Raja's explanation.	137

5-9-22	Reply. 2. The Resident did not propose any plan. If the Raja accedes to the wishes of the Governor and if he desires to have the Governor's ideas and views for remodelling the schools the Resident will address him and obtain a speedy reply.	150-1
	Theft	
6-9-22	Within the Raja's limits. To the Raja. 1. Forwards three prisoners who have been apprehended in connection with a theft said to have been committed within the fort. The evidence as well as the property recovered by the Magistrate are also forwarded.	154-7

	Hudleston, Mr.	
10-9-22	His father's portrait. To the Raja. 1. It may also give offence to Mr. Hudleston. The Raja will be advised to send it to Messrs. Arbuthnot & Co., to be mounted by Gordon, the jeweller at Madras.	164-5

13-8-24	Appointment of a European tutor.	
	From the Governor to the Raja.	
	1. Sivaji Raja is too old to be placed in a school or under a tutor. He ought to associate himself with the Resident and the other European officers at Tanjore as becomes his rank which has been lately recognized by the Government. He may also make himself acquainted with the duties of the Raja's Government to which he will succeed on his father's death.	
	2. There is also another objection to appointing Capt. Harkness as his tutor. According to the practice of the English army a military officer should not be entertained as a tutor of youth. Such an occupation would be liable to be regarded as derogatory to the military character and profession.

The Raja thanks the Resident for advising her to return to Tanjore.	171-4

Complains that though the 12th article of the Treaty empowers him and him only to hear the complaints made by his subjects, the Company's Judges have taken upon themselves to decide several cases which ought to have been referred to his court. An equal area may be allotted on the western side also for the use of the cattle. If they insist upon an assessment he is prepared to pay it.	185-90
14-10-24	Pratap Sing Assumption of royal insignias of rank. From the Raja. Complains that Pratap Sing has assumed several marks of royalty such as the turban with the 'lungar', golden chamars etc., even though they were not used by his father Ameer Sing after he was deposed. Government have been led to acquiesce in it because the late Resident did not forward to them along with others two important letters on the subject. The Raja requests that Government may be addressed without delay about this.	190-3

Complains that a dispute between two of his subjects has been referred by one of them to the Zillah Judge instead of to the Raja's Court. The Registrar of the Court has consequently issued a summons for the attendance of the defendants one of whom is the Raja's second minister. 13-9-25	Raja's Camvisdar Unauthorized issue of a sanad. From the Sirkeel. The camvisdar was not authorized to give the rent to Appoo Pillai though there is reason to think that he gave him the sanad in question. The Resident may suggest a suitable punishment for the camvisdar.	248-9
14-9-25	Raja's Intercourse with Europeans Rumours. To the Raja. 1. Enquires whether there is any truth in the rumour which has been spread in Tanjore regarding the Raja's corresponding with Mr. Graeme, one of the Members of the Council, in a clandestine manner. If it is false, the person who spread it ought to be punished. —Reply. 2. The Raja denies all knowledge.	249-50 250-1
15-9-25	Dasara Feast Invitation to the public officers. From the Raja. 1. Requests the Resident to invite the public officers in the province as usual to attend on the last day of the Dusserah feast.	251-2

18-9-25	Seeds Present to Mrs. Fyfe. From the Raja. 1. Sends seventeen kinds of seeds for Mrs. Fyfe. —Reply. 2. Thanks the Raja. 22-9-25	Warrant Raja's servants. From the Sirkeel. The warrant issued by the Assistant Magistrate is for the apprehension of some of the Raja's servants. But as he has no power to try them he may inform the parties offended that they are to apply to the Raja's court.	257-8
23-9-25	Prisoners Delay in sending to the Judge. To the Sirkeel. Forwards a complaint made by the Assistant Magistrate against a talayaree of one of the Raja's villages who is said to have detained a person arrested by him on a suspicion of theft for 20 days before sending him for trial to the Tahsildar of Mannargudi. The prisoner was kept all the while in a hole underground which was closed up with planks upon which the Talayari used to sleep. As the regulations condemn the detention of a person for more than 48 hours without sending him to the Judge, the Sirkeel is desired to find out the cause of the delay.	258-60
24-9-25	Witnesses Summons. To the Sirkeel. Forwards a summons from the Judge for four persons living in Tanjore.	261-2
24-9-25	Prisoners Delay in sending to the Judge. From the Sirkeel. The village in which the talayari imprisoned a thief belongs to the widow of Nana Sahib and the Raja has not hitherto interfered in its management lest the widow should complain of oppression. The delay might have occurred by the talayari's making a reference to the widow who is in Madras. If the Resident wishes it the village will be managed by the Raja's servants.	262-3
24-9-25	Theft At Trichinopoly. From the Sirkeel. Sends a thief and the articles stolen by him at Trichinopoly. He was apprehended by the Raja's kotwal. (Marathi letter.)	263-5 260

Date	Abstract.	Page number.

26-9-25	Summons	267-8
29-9-25	Raja's subjects. From the Sirkeel. Returns the summons issued by the Judge and the Assistant Magistrate for the appearance of certain persons living in the fort. As the persons complained against are subjects of the Raja the complainants may be directed to apply to the Raja's Court for address.	268
30-9-25	Frontier Disputes Raja's villages and Company's villages—Alleged violence of the Raja's subjects. From the Raja. Forwards a report made by the Sirkeel upon the alleged misconduct of the people of Moovanellore who were said to have destroyed a bank erected by order of the Engineer. The sirkeel found that the work was erected by the people of Kalangeemotto upon a piece of land belonging to the people of Moovanellore. The latter were therefore authorised to demolish it lest it should be pleaded as a ground for their pretensions. The allegations made by the Tahsildar are false. The Raja suggests that the boundary dispute may be decided by 'running' the boundary in the usual manner.	269-77
2-10-25	Tranquebar Peshkash Mode of payment. From the Sirkeel. Forwards copy of a letter which he proposes to send to the Chief Secretary at Tranquebar on the subject of the annual peshkash. The tribute ought to be laid at the feet of the Raja on the last day of the Dusserah as usual. Unless therefore the Danish authorities intimate that it will be done a vakil will be sent to demand it according to the practice of former years.	278-9
7-10-25	Shrotriyam Resumption—Complaints answered. From the Sirkeel. In reply to the complaint of unlawful resumption made by the Brahmin of Trichootankalam, the Sirkeel states that the temple shrotriyams are not the private property of the possessor but are liable to be taken from one and given to another if certain conditions are not fulfilled. The complainant's brother was in the enjoyment of some shrotriyams for some years but they were given to somebody else on his death. This was due to the petitioner's negligence in not applying to the Raja who has the management of the temples concerned.	283-6
7-10-25	Tranquebar Peshkash Mode of payment. From the Sirkeel. 1. Communicates a letter received from Tranquebar and the reply he proposes to write. The Danish Government have authorised their agents at Madras, Messrs. Arbuthnot & Co., to pay into the Raja's treasury at Tanjore, the amount of the tribute.	286-91

Date	Abstract.	Page number.
	Tranquebar Peshkash—cont.	
	2. The sirkeel protests against this because it is against the usage and the tribute is a mark of respect due to the Raja and one which he is entitled to receive in his grand darbar on the last day of the Dusserah. The matter is not of a mercantile nature and ought not to be entrusted to a house of agency. Therefore a vakil will be sent in the usual manner to demand it. He will carry a letter from the Raja which ought to be received with due respect.	
	Raja's Jurisdiction	291-3
9-10-25	Proposals to define. To the Raja. 1. The Resident has had several talks with Mr. Cotton, the Collector, regarding the Raja's jurisdiction over his villages. The Collector has agreed to prohibit his Tahsildars and police officers from receiving complaints against the Raja's camvisdars. The Magistrate will be the person who will hear such complaints. He will forward them to the Raja through the Resident. In complaints of a serious nature the Magistrate will send a copy of the complaint to the Raja and send the summons also to him. The camvisdars will be protected from the authority of the subordinate officers of the Collector and Magistrate.	
10-10-25	———Reply. 2. The Raja desires that his camvisdars should be allowed to enquire into complaints in the same way as the Company's Tahsildars and police officers. The sirkeel should have the same authority as the Magistrate. If some complaints are allowed to be made to the Magistrate the people will surely make all the complaints to him whether they are trivial or serious.	293-5
	Tanjore Debts	
11-10-25	Investigation—Records requisitioned. To the Raja. Communicates a letter from Government directing the Resident to obtain the Raja's permission for the Commissioners to see the records that may be required by them. Government consider that the Raja's previous consent is necessary before they will authorise the Commissioners to have access to the Raja's records. This was the procedure adopted in the affair of the Nawab's debts. The Resident points out the consideration shown by the Government to the Raja's feelings.	295-9
	Tranquebar Peshkash	
11-10-25	Mode of payment. From the Sirkeel. 1. Communicates a letter received from Tranquebar and the reply proposed to be sent. The Chief Secretary to the Tranquebar Government states that the Governor was displeased with the style of the sirkeel's letter regarding the peshkash and that in his opinion the Raja has no right to expect any ceremonials at the time of paying the tribute. The Governor considers that the Treaty of 1620 makes no mention of such formality. He also points out that the Danish Government are not enjoying the privileges of trade mentioned in it. The Raja's vakil and his letter will be received in the usual manner.	300-3

Date.	Abstract.	Page number.
	Tranquebar Peshkash—cont.	
	2. The sirkeel proposes to reply that his ignorance of the English language might have led him to commit some verbal errors in his letter. The vakil will be sent as usual to demand the peshkush. He also states that the treaty referred to was not made in the time of the ancestors of the Raja.	
12-10-25	(Marathi letters to Tranquebar.)	304-5
	Tanjore Debts	
13-10-25	Investigation—Records to be furnished. From the Raja. Complies with the request of the Government to permit the Commissioners to have access to the records in the palace. The papers required will be sent to the Resident or to the Commissioner who may be sent to Tanjore. There are no experienced officers in the dutter.	306-7
	Theft	
15-10-25	Recovery of stolen articles. To the Sirkeel. Forwards a petition from the kotwal to the Assistant Magistrate stating that some articles stolen from outside the Raja's limits are now in the custody of the Raja's kotwal.	307-8
	Raja's Elephants	
16-10-25	Delayed on the road. From the Sirkeel. Complains that seven out of the ten elephants have not yet arrived and requests that the Collector may be addressed so that they may not be delayed on the road. They are to be at Tanjore for the Dusserah.	308-9
	Theft	
16-10-25	By the Company's visarippukars. To the Sirkeel. 1. Forwards a letter from the Assistant Magistrate, enclosing the reports made by the Tahsildar of Trivady regarding the charges preferred against three Visarippukars. The Raja's thana peon, who claims to have forcibly prevented the theft of some timber which the visarippukars were in the act of removing at night, ought to have reported to his superior before the seizure of the tree. The fact that he did not do so throws some suspicion upon the truth of his complaint. 2. The Assistant Magistrate is unwilling to think that the Raja's peon has made a complaint out of malice, but as the evidence is so meagre he is unable to come to any conclusion. He considers it extremely improbable that the persons who were entrusted with the custody of the trees, should have attempted to steal it themselves.	309-25
16-10-25	Recovery of stolen articles. From the Sirkeel. The articles said to be in the possession of the kotwal were taken by him from a piece of ground belonging to a fakir. The latter reported to the kotwal as soon as he found them in his compound. Upon this the kotwal made a list of them and removed them to the choultry prior to the investigation of Subba Chetty's claims.	325-8

	Danish Government	
19-10-25	Alleged disrespect to the Raja From the Sirkeel. 1. Complains that the new Governor of Tranquebar has adopted a strange attitude towards the Raja. He has proposed to abolish the ceremonials with which the annual tribute has been paid hitherto. He has refused to receive several letters from the Raja and has omitted to write to the sirkeel as is customary.	330-5
22-10-25	From the Raja. 2. Communicates a letter received from the Danish Governor along with the tribute. There are several additions in it which are not customary such as the privileges mentioned in the treaty between the two Governments and the misconduct of the Raja's vakil. 3. The Danish Governor points out that the trade privileges granted to them by the treaty have not been enjoyed by them for a long time, and desires to know what steps the Raja proposes to take to carry out the stipulations of the treaty. He also requests that the present vakil at Tranquebar may be replaced by another because he is untrustworthy and disrespectful to the Danish Government.	337-42
	Witnesses Summons	
22-10-25	Witnesses. To the Sirkeel. Forwards the Assistant Magistrate's requisition for a person named Pichan who is supposed to be able to give some information regarding a case of theft.	343-7
	Company's Kotwal	
27-10-25	Irregular proceedings. From the Sirkeel. Complains that the kotwal's peons entered the house of the cavalgar of Jamboomadave Paitah, belonging to the Raja, and carried away several articles. If the cavalgar was charged with any offence, a complaint ought to have been made to the sirkeel.	348-9
	Danish Government	
29-10-25	Disrespect to the Raja. From the Sirkeel. The Danish Governor's reference to the old treaties is offensive to the Raja, who is not concerned with the treaties made before his ancestors came into the possession of Tanjore. His demand to send another vakil is also improper because the vakil is not in their pay. The Raja is unwilling to acknowledge the Governor's letter, lest his letter should not be received with due respect.	349-52

Date.	Abstract.	Page number.
	Company's Kotwal	
30-10-25	Irregular proceedings. From the Sirkeel. Complains that the Cavalgar of Jamboomadave Paitah was again assaulted by the kotwal's peons, and that his wife and children were likewise assaulted.	354

The investigation of all causes of a civil nature arising in the Raja's villages ought to be referred to the Raja's court. Serious offences will be referred by the sirkeel to the Criminal Judge. The villages acquired by the Raja after 1799 are also to be under his jurisdiction in the same manner as the other villages. 	Raja's Jurisdiction	
28-5-28	Discussions. From the Resident to the Collector. 1. States that the Raja protests against the assumption of authority by the Collector in his villages, because the treaty states clearly that he is to have the sole jurisdiction in them. The practice of the previous Collectors has been conformable to this though the Raja sometimes allowed them as a matter of convenience to exercise some amount of criminal jurisdiction in these villages. 2. The Resident considers that the disputes have become too numerous to be adjusted between the two parties and that a reference to Government is essential.	289-93
	Gundoo Pundit

	Raja's Jurisdiction	
31-5-28	Discussion. From the Collector. 1. Agrees to the temporary arrangement suggested by the Resident which he understands to be as follows. As Magistrate he is to take cognizance of all offences committed in the Raja's villages observing merely certain formalities in the case of summoning the Raja's superior servants. In all civil cases in which the Raja's interests are involved the parties are to be at liberty to apply to the Collector.	310, 313
2-6-28	From the Raja. 2. Expresses surprise at the interpretation given to the Resident's letter by the Collector. According to this arrangement he appropriates to himself complete authority over the villages.	309, 311-2

6-6-28	Raja's subjects. From the Magistrate. Certain persons living in one of the Raja's villages have refused to attend the Magistrate's court when required to do so on the ground that they are subject to the authority of the Raja only. 	Kindersley, Mr. N. W.	
4-8-28	Collector—Denies the Raja's allegations. From Mr. Kindersley. 1. He considers that the rupture between him and the Raja was caused by the latter trying to exercise privileges which the treaty does not grant but which the previous Collectors had allowed him to exercise. Mr. Kindersley being unable to concede those privileges without the orders of Government has been forced to execute his duty without fear or favour.	401-9

Date.	Abstract.	Page number.
	Kindersley, Mr. N. W.—cont.	
	2. The Raja has no right to complain against the appointment of a kotwal outside his limits because his police jurisdiction is confined to the villages transferred to him. The Raja knows very well that Mr. Kindersley has shown the utmost readiness to meet his wishes except in the matter of the disputed jurisdiction. This ought to convince the Raja that nothing but a sense of duty has forced him to oppose the Raja.	410-3 415-21 422-31

19-5-29	—To the Raja. 2. Communicates a letter from the Commissioners and several papers received from England containing the evidence given before the Commissioners in England by Dr. Kennedy, Mr. Torin and Col. Blackburne. 3. The correspondence which took place in 1802 between Col. Blackburne the then Resident of Tanjore and Dr. Kennedy proves that though the latter at first mistook the payment of Pag. 6,000 as intended for the discharge of the bond, the Raja's sentiments were that the amount should be treated as a present from him for Dr. Kennedy's attention to Mr. Swartz. Dr. Kennedy thereupon preferred another claim to the Commissioners for the Pag. 6,000 also in addition to the interest upon it. 4. If the Raja recollects the subject of his conversation with Col. Blackburne and Mr. Torin and admits their statements to be true, he ought to cancel the receipt given by Dr. Kennedy. If on the other hand he persists in his claim to the amount he must make a written statement regarding it and forward it to the Commissioners. (Marathi and Tamil letters.)	113-42 143-60

26-3-30	Raja's Jurisdiction Defined. From the Governor's Secretary. 1. Forwards a letter from the Governor to the Raja regarding the orders which he proposes to issue on the subject. The Governor considers that when the treaty of 1799 was concluded Government were not aware that the Raja's possessions outside the fort were so vast as to yield him a revenue of nearly two lakhs of rupees. Considering the large population of these isolated villages it is not surprising that there are numerous disputes between the Raja's officers and the Company's servants. 2. Out of a sense of respect to the Raja's feelings the entire civil jurisdiction of these villages as well as the villages granted to him recently in exchange for others will be in future vested in him. On the other hand the criminal jurisdiction of all the Raja's possessions except the fort and certain palaces is placed in the hands of the Collector and Magistrate. 3. The Raja may appoint eight camvisdars to manage his property outside the limits. They will not be summoned by the Company's officers except through the Resident and the Raja. They are expected to co-operate with the Company's police officers in apprehending criminals and to order the attendance before the Company's officers of such persons as may be required by them. The camvisdars will be tried only by European officers. Boundary disputes are to be settled by the Collector and the Resident. 4. The Governor expects that the Raja will issue strict orders to his servants not to make encroachments upon the powers of the Company's servants. (Marathi and Tamil letters.)	111-24 125-30 140-202

Informs the Raja that he has been appointed Resident of Tanjore though he is not anxious to accept the office on account of its low salary and the chances of its abolition at an early date. 	Blackburne, Mr. J.	66-7
6-4-31	Appointment as Resident. From the Raja to Mr. Blackburne. The Raja rejoiced when he learnt the news but he observed with regret that Mr. Blackburne was not eager to accept the office. The Resident forwards a complaint made by the widow's wakil regarding a dispute concerning certain lands which were enjoyed by Mr. Daniel Kholhoff. 2. The latter was one of the Raja's servants and the Resident recommends the widow to the Raja "as being of a class small in number and differing from others living within the Raja's limits." Above all he is anxious that the Raja's court should give justice to all persons with impartiality and without making use of the Raja's name in an improper manner.

The Raja is unwilling to write to him because of the smallness of the donation. To the Raja. 2. The Resident has received a letter from Sir Thomas Sevestre who considers that the sum is insufficient to relieve him of his distress. He has, however, accepted the Raja's donation.	183-4 192-3

Date.	Abstract.	Page number.
	Kholhoff, Mrs. Daniel	
21-9-31	Complaints against the Raja's Court. To the Raja. The widow is dissatisfied with the decree passed by the Raja's Court. As the construction of a certain important document is doubtful the Raja may verify whether the interpretation of the sirkeel is right. The sirkeel's conduct in casting aspersions upon the late Mr. Kholhoff is improper. This is not the first instance in which he has gone out of his way to make uncalled-for remarks upon a person's motives.	293-5

	Old Forts	
1-10-31	Raja's claims. To the Raja. 1. The Collector has received a complaint from the Tahsildar of Mannargudi against the Raja's camvisdar who is said to have prevented him from taking the stones required for constructing a calingula from the ruined fort of Madavapatam. The Collector considers that the old forts in the district with the exception of that at Tanjore are the property of the Company. He therefore wants that there should be no interference by the Raja's servants. 2. From the former correspondence upon the subject the Resident finds that permission is to be asked for and obtained from the Raja as a matter of formality before removing the stones. Since the Collector does not agree the matter has to be enquired into afresh. (Marathi and Tamil letters.)	302-4 305-14 322-31
	Military Stores	
4-10-31	Raja's receipt. To the Resident. Thanks the Government for supplying him with the guns and stores required by him. The old guns which he had been permitted to exchange were returned to Madras by the conveyance which brought the stores.	315-6
	Toddy	
4-10-31	Supply to the Raja's renter from the Company's limits. To the Sirkeel. Communicates a letter from the Collector in reply to the demand made by the Raja's renter. The right of drawing toddy within the renter's limits is restricted to the renter. There never has been an instance in which this rule was not followed. During the last two years a single individual had taken up the Raja's and the Company's rents. Consequently he has been bringing in toddy from outside the Raja's limits. But this does not establish a claim to draw toddy from the Company's territory for the use of the Raja's renter.	316-21

Date.	Abstract.	Page number.
12-10-31	Europeans etc. In the Raja's services—List called for. To the Raja. Government have called for a list of Europeans and East Indians employed in a civil, military or medical capacity in the service of the Raja.	326

18-10-31	Mortars Supply to the Raja. To the Sirkeel. 1. The Military Board has stated that "the only 5½ brass mortars in store available for the purpose had been condemned as unfit for field service but they were perfectly safe as pieces of ordinance." If the Raja wishes to have two of these, orders will be issued by Government to construct 'beds' for them. 2. The Military Board cannot spare any petards.	335-6
20-10-31	Ruined Forts Raja's claims. To the Raja. The dispute between the Raja and the Collector will be referred to the Government. Meanwhile the Collector will be informed that he has the Raja's permission to remove the stones required for the calingula.	338
27-10-31	Raja's Accounts Adjustment. To the Sirkeel. A receipt for Rs. 1,00,000 advanced to Messrs. Arbutnot & Co. on the Raja's account is required before the Raja's account can be adjusted.	355
27-10-31	Warrant Raja's subjects. To the Sirkeel. 1. Communicates a letter from the Collector regarding a warrant issued for twenty-four persons in connexion with a complaint of bringing in toddy from the Company's limits forcibly. The warrant was refused by the Sirkeel on the ground that the complaint was enquired into by the Raja's court. 2. The Collector considers that this is extremely improper because the offence was committed within the Company's limits. He does not agree with the Resident that it is necessary to state the nature of the offence when he issues a warrant. 3. The Resident advises the Sirkeel to send the persons required in this instance. (Marathi and Tamil letters.)	356-9 359-69 371-8

Date.	Abstract.	Page number.
1-11-31	Frontier Disputes Raja's village and Company's village. To the Sirkeel. The Collector has expressed his readiness to investigate the dispute between the villagers of Pilliarputty and Nari-jeecottah. The Sirkeel should inform him of the date on which the ryots of the latter will attend.	370
7-11-31	Letter from the Court of Directors Communication to the Raja in person. To the Raja. 1. As the letter "may not prove altogether agreeable" to the Raja the Resident proposes to wait upon him in order to communicate it. —Reply. 2. The Raja invites the Resident to the palace.	379 379
12-11-31	Revenue Accounts Inspection by the Raja. From the Collector. The Sirkeel's demand to see all the accounts in the Collector's office cannot be complied with because the treaty authorizes the Raja only to have access to the accounts of collections. The Raja can have no concern about the "sources of revenue" and the other details of administration.	380-2
12-11-31	Temple Management From the Collector. Though the Raja is authorized by the treaty to "appoint an officer to ascertain the appropriation of the revenue of the pagodas" he has made no such appointment. When an officer is appointed the Collector will consider his representations regarding any abuses which he may allege to exist in the application of the revenues. (Marathi and Tamil letters.)	382-3 318-419
21-11-31	Dasara Non-attendance of European officers. To the Raja. The Governor exonerates Mr. Kindersley from all intentions of disrespect in not attending the Dusserah on the ground that it was Sunday. The Raja may recollect that he and the European officers have waited upon the Raja on all former occasions and that great attention was paid to him on his way to Benares by all the Company's officers. He must excuse them from attending on a day which is sacred to them.	392-3
8-12-31	Robinson, The Ven. Visit to Tanjore. To the Raja. 1. Mr. Robinson, the Archdeacon of Madras, proposes to halt at Tanjore on his way from Calicut to Madras. Mrs. Robinson wishes to be introduced to the Raja.	419-20

An account of the value of the stores already supplied to the Raja has been received from the Military Board, amounting to Rs. 12,813.	422-3

...	(Marathi and Tamil letters.)	425-51
	Tanjore Residency	
9-11-31	Abolition—Orders from England. To the Raja. 1. The Court of Directors have considered the Raja's offer to pay the expenses of the Residency rather than see it abolished. "This offer however they consider would be inconsistent with the dignity of the British Government to accept." The Court are not bound to maintain an officer at the Raja's court by any engagement made with him. No advantage accrues to the British Government thereby. And as they do not suspect the Raja's conduct they do not think it necessary to maintain a Resident at his court. They regret that the Raja should regard their orders for the abolition of the Residency in a light neither justified by their real tendency nor by the motives that prompted them." 2. They have, in consideration of the Raja's feelings, ordered it to be continued during his lifetime. The Resident considers that when the Judge and the Collector begin to transact business with the Raja directly they are more likely to respect the Raja's dignity and right than now. 3. Writes privately to inform the Raja that the letter will not be made public without the Raja's consent.	451-3
13-11-31	Reply. 4. The Raja hopes to persuade the Court of Directors to make the office of the Resident permanent. It is therefore not desirable to make the matter public. The Raja requests the Resident to correct the draft of a letter which he proposes to address to him publicly on the matter.	454 454-5
21-11-31	To the Raja. 5. "The draft is too deeply considered and too well-worded to require any alteration or amendment." The Raja's letter may be sent in duplicate so that a copy may be retained by the Resident for the "future record of the office."	455-6

Date.	Abstract.	Page number.
	Tanjore Residency—cont.	
22-11-31	From the Raja. 6. The draft has been amended slightly so that a request may be added to the Governor-General to recommend the Raja's case to the Court of Directors. The letter in Marathi and its translation in English are also forwarded.	456
22-11-31	7. The Raja is thankful to the Court of Directors for ordering the Residency to be continued during his lifetime, but his concern for the welfare of his posterity being greater than for his own he is dissatisfied with the orders regarding the abolition of the Residency after his death. Besides, when the Raja's son was recognized as his heir it was publicly stated that he would be entitled to all the "rights, prerogatives, privileges and dignities" attached to the throne of Tanjore. 8. If the Residency were to be abolished the Raja's son would be reduced to the rank of a zamindar. The Raja considers that the Court would not degrade a prince whom they trust so much from the rank of a Raja to that of a zamindar. If the Government cannot accept the Raja's offer to pay the expenses of the Residency they can at least have no objection to including it in the revenue charges of Tanjore, "a measure... in no way objectionable, because a Collector is no more necessary for the protection of the people than a Resident for that of a prince and the people too." 9. The Raja, who has been moving with Europeans from his boyhood, finds it extremely difficult to maintain his rights against the Collector and the Judge. He therefore fears that his young and inexperienced son will be in greater distress if he is "deprived of the countenance and support of a Resident with him."	
23-11-31	To the Raja. 10. The Raja's letter was forwarded to Government. The alteration made by the Raja is highly desirable and the Resident is sorry that he did not suggest it himself.	467-8
	Lascelles, Mr. F.	
23-11-31	Judge—Visit to the Raja. To the Raja. 1. Mr. Lascelles, who met the Raja on his way back from Benares, is anxious to renew his acquaintance.	468-9
24-11-31	Reply. 2. The Raja will be glad to see him and Mrs. Lascelles.	469
	Tanjore Residency	
9-12-31	Abolition—Raja's appeal recommended. From the Raja. 1. Now that the Governor has promised to recommend the appeal made by the Raja there is no doubt but that it will be considered favourably by the Court of Directors. The Raja desires to receive a public letter from the Resident showing his "concurrence in the propriety of the application."	472-3
10-12-31	To the Raja. 2. Sends the letter required by the Raja.	474-5

Her example will be followed by a large number of widows in the country.	41-2
20-3-32	Raja's Jurisdiction Extension of. To the Sirkeel. 1. The Resident communicates the orders of Government granting as a temporary measure to the Raja the exclusive police authority with the right of collecting customs within the villages ceded to the Raja in 1827. This is done as a mark of respect to Sivaji Raja on his accession to the musnad.	43-5
22-3-32	2. The Resident states that the Collector and Magistrate has arranged to relinquish his jurisdiction over the villages transferred to the Raja. The Raja should similarly abstain from exercising any police authority over the villages and gardens he has transferred to the Company. 3. As the Government have allowed this concession as a boon to the Raja rather than as an acquiescence in his rights it is not desirable to trouble them with further doubts or agitation of this subject. When the Raja has occasion to go out of his limits the public officers will pay him every mark of respect that is due to him.	46-9
16-3-32	Sivaji Raja Accession to the throne. From the Governor to Sivaji Raja. 1. Observes with great concern the loss of Serfoji Maharaja, the faithful ally of the Company. The nomination of his successor has been delayed only with a view to coming to a certain definite understanding regarding the jurisdiction of the Raja before nominating him. 2. Now that the arrangements have been completed Sivaji Maharaja may ascend the musnad with a perfect assurance of the Company's protection in his just rights. A proclamation will be made at the time of his ascending the throne, in the name of the Governor notifying his accession.	49-55
22-3-32	Judicial Execution of decrees in the Raja's villages. From the Judge, Kumbakonam. Complains that the Raja's kotwal prevented the attachment of a house for the satisfaction of a decree on the ground that the village belongs to the Raja. (Marathi letter.)	55-6 57-8

The Danish authorities now object to continuing the payment on the ground that the Tanjore country has now passed into the hands of the Company and that they are not now enjoying the privileges of commerce which were stipulated in consideration of the pesheush. 2. The Government of Fort St. George reply that the annual tribute is paid not on account of the privileges mentioned by them, but is in exchange for the revenue of certain lands belonging to the Raja in the vicinity of Tranquebar and now enjoyed by the Danish Government. This is proved by the 14th article of the treaty between the Raja and the Company, wherein it is specifically mentioned that the Raja is to receive the revenue due from these lands from the Tranquebar Government. 3. The Danish Government both in India and in Europe have also more than once recognized the Raja's claim to receive this sum. 	1. "The Raja should at stated times have the head officers of his departments with him." The Foujdar should report daily about the general state of the troops. He may reprimand those who are guilty of trifling offences. All serious offences should be tried by a court martial of commissioned officers. The proceedings should be submitted to the Raja by the Foujdar for his approval. The Raja may pardon the offender or reduce the punishment but he cannot order punishment of any kind except dismissal unless the court may have awarded it. Punishments should as far as possible consist of temporary or permanent reduction of rank. If a sepoy does anything disgraceful he should be publicly turned out of the service.	
	2. The Superintendent of Police, the Bunk Naik, should make daily reports to the Raja. The Judges of the court should submit monthly returns of the cases before them. If there is any extraordinary delay in any instance the explanation also should be stated. The mudhests should make regular reports to the chief superintendent who ought to submit them to the Raja.	
	3. The Raja may hold frequent darbars "by which he would uphold his state, have opportunities of conversing with all his relations and officers and hearing accounts of the passing events public as well as private."

	Vennar Bridge	
11-9-35	Construction by the Raja. To the Raja.	69-70
	The Court of Directors have been informed of the Raja's proposal to construct a bridge over the Vennar at his expense, which they consider to be "honourable to the liberality and public spirit" of the Raja.	
	Raja's Subjects	
11-9-35	Complaint to Government. To the Raja.	70-1
	As the Resident wants some information from the sirkeel regarding several complaints made to Government by people living in Tanjore, the Raja is requested to send him to the Resident.	

Date.	Abstract.	Page number.
11-9-35	Branding As a punishment. To the Raja. The Court of Directors have been informed of the mutiny which took place among certain persons in the services of the Raja. They are of the opinion that the ringleader merited punishment but "remark with great disapprobation that the punishment should have been that of branding." They desire that no such punishment should take place in the future. They also wish to obtain a declaration from the Raja to that effect.	71
23-2-35	Sivaji Raja's Succession Congratulations from England. From the Court of Directors to the Raja. They congratulate the Raja upon his accession to the throne. They expect that his conduct will be honourable to himself and conducive to the welfare of his subjects.	74-5
14-9-35	Sivaji Raja Alleged oppression of his subjects—Complaints. To the Raja. 1. Certain persons calling themselves the late Raja's servants and dependants have addressed a long petition to the Governor. The Resident has been asked to make a report on each of the charges brought against the Raja. 2. The petitioners complain that the Raja soon after his elevation to the throne dismissed all his father's servants and replaced them with his own creatures upon whom he lavished money and titles. The sirkeel was dismissed and a person of low character named Sadasiva Row has been appointed sirkeel in his place. There is also a nominal sirkeel without any power. Sadasiva Row's brother has been made the Foudjar of the Raja's troops. The wealth amassed by the late Raja has been entirely squandered away. At present the Raja owes large arrears of salary to all his servants. 3. He has embarked upon the construction of several houses for his favourites at an enormous expense. These houses are furnished in a sumptuous manner from the palace. The favourites have been allowed to live as they liked at the expense of the Raja. The latter has gone so far as to demolish a monument erected in commemoration of a British victory so that the stones may be appropriated for the palace of Sadasiva Row. People of every description have been taxed on various pretexts. Traders are afraid to carry on their trade within the Raja's jurisdiction. The Judges and Magistrates are corrupt. The funds of the temples and chatrams are embezzled by the Raja's favourites. Alterations have been made in the little fort to the great inconvenience of the public. The water in the tank in the little fort has been used to water the gardens. The lands obtained by the late Raja from the Government around the fort are being converted into forests so that the Raja may hunt in them. 4. The Raja has disgraced several of his near relations and men of rank. Some of them have been forced to do menial work. Branding and other brutal punishments have been inflicted upon them. The late Raja's favourite sepoys have been deprived of their titles. Property belonging to his sister's heirs has been confiscated by the Raja. People have been forced to eat with those who were ostracised from their caste.	76-102

	Sivaji Raja—cont. The Raja's paternal uncle who was forced to leave the Raja's limits was one day assaulted by the Raja's servants. All the servants in the Raja's service are forced to make a declaration to the effect that they will do any work that is assigned to them and to receive the pay that may be given to them. 5. The Raja's favourites are six in number and they receive from their master almost all his income as their salary. The Residents and their Sarishtadars are usually corrupt and so neglect the people. 6. The petitioners suggest that a committee of European officers may be appointed to enquire into the several acts of oppression committed by the Raja.	
18-9-35	From the Raja. 7. He is sorry that the Resident is unable to talk to him upon the subject. The advice sent through the Sarishtadar will be strictly followed in future. The Raja observes that the witnesses examined by the Resident are the very persons who made the complaint and considers that their evidence should not be admitted.	103-4
21-9-35	To the Raja. 8. The Resident considers that many of the Raja's proceedings have been such as he could not approve. He has made allowance for the Raja's youth and inexperience, and he hopes that he will follow his advice in future.	108
22-9-35	Maclean, Mrs. Ill-health. From the Raja. 1. Enquires after Mrs. Maclean's health which is said to be bad.	109
23-9-35	Reply. 2. She is getting better.	109
...	Sivaji Raja's Accession Raja's reply to the letter from England. The Raja thanks the Court of Directors for their congratulations and for the interest taken by them in his welfare.	115
9-10-35	Mirasi Rights Raja's usurpation. To the Raja. The Government have ordered that the mirasidars of Nan-jeccottah should be allowed to graze their cattle in the forest and to cut wood from it according to the former usage. If the Raja wishes to own half of the forest he must purchase it from them. The fines collected from them for grazing their cattle should be refunded.	116-8
12-10-35	Raja's Sirkeel Jurisdiction. To the Raja. 1. The sirkeel Bajah Baidit is only a sirkeel in name. Papers addressed to him do not reach him and his nature is obtained as papers with the contents of which he is not acquainted. He is not discharging the duties of the Judge of the Court of Appeal of which he is the ex-officio president. In his excuse he pleads that he is not allowed to exercise any of the functions of the office.	118-20
	TAN. VII—21

	Raja's Sirkeel—cont.	
	2. The Resident has heard from his predecessors that Bavah Pundit is an efficient man. He was also in the favour of the late Raja. If the Raja does not wish to employ him as his sirkeel he may appoint another efficient man to discharge the duties of the office. If some arrangement is not made at once the matter will have to be represented to Government.	
	Raja's Relations	120
12-10-35	Ill-treatment of. To the Raja.	
	1. The Resident has no complaint to make against the Raja's relations. Their dismissal along with the servants of the late Raja is extremely unjust. The Raja must remember that Government expect him to deal fairly with the relations and favoured adherents of the late Raja.	
25-10-35	———Reply.	126
	2. The Raja thanks the Resident for his advice. (Marathi letters.)	121-5 130-5
	Sivaji Raja	
31-10-35	Governor's advice to. To the Raja.	127-9
	1. Forwards a letter addressed to the Raja from the Governor. The Raja's dismissal of the trusted followers of his father and his listening to the advice of mean and interested persons has reached the ears of the Governor. The wealth accumulated by the late Raja is said to have been squandered. The Governor advises the Raja to turn his attention to the business of his 'Samustanam', and to "seek the aid of good and honourable men who from rank, title and respectability are calculated to second his endeavours to correct them."	
12-11-35	2. The Raja's reply has been forwarded to the Governor who will "no doubt be gratified" by the Raja's intention to correct abuses that have existed in his Government. By following the Governor's advice the Raja will gain the respect and esteem of all.	137
	Tondaman's Uncle	
26-11-35	Death of. To the Raja.	138
	His Excellency the Raja Tondaman Bahadur is very grateful to the Raja for condoling with him upon the death of his uncle.	
	Maclean, Mrs.

15-5-98	Cash Requisition	23
15-5-98	Sepoys Misconduct. To the Collector, Mayavaram. A sepoy forcibly took some fowls from the village of Callepur, upon which the inhabitants quarrelled with him. The sepoy and some others were wounded. By some mistake the military authorities sent for the monigar of the village without obtaining the Collector's permission in the first instance.	24

Date.	Abstract.	Page number.
18-5-98	Sheep Supply by the Raja. To Col. Aston. Sends a statement of the number of sheep which the Raja has undertaken to provide from his five subahs. 25-5-98	Revenue Defaulters Pattackdars of Mannargudi. To the Collector, Mannargudi. Advises him to use persuasive measures towards the fugitives instead of threatening them. 	Sepoys	
...	Dispute with villagers. To Col. Aston. The sepoy who seized the fowls had no authority to do so from the Collector and therefore the inhabitants were justified in resisting him. 21-6-98	Revenue Defaulters Pattackdars of Mannargudi. To the Collector of Mannargudi. The demands made by the pattackdars are exorbitant but it is usual for them to make such demands. The Raja is always accustomed to acceding to the demands with a view to bringing them back, though he never allows them anything more than their due after they have come back and settled down to their cultivation. The Collector may issue a cowle offering to redress their grievances, but he must also inform them that the losses sustained by their desertion will have to be made good by them.	46-8

4-3-99	Sepoys Disrespect to the Raja. The Raja considers that shutting the palace gate is against the usage and that he was insulted by its being shut in the face of his relations. 13-3-99	2. The Raja is not satisfied with the attitude adopted by the O.C. in the matter of trying and punishing the Raja's sepoy. Hitherto it has been the practice to send the offenders to their principals to be punished by them. The Raja still persists that the palace gate was shut in the face of his relation. He has several witnesses to prove it. If the O.C. did not order him to do so he must find out by what authority he did so.	32-5

	Sepoys	
11-10-99	Misconduct. To the O.C., Tanjore.	96
	1. Represents that some of the Company's sepoys have ill-treated and imprisoned one of the Raja's servants while he was supervising the sale of grain ordered to be issued by the Raja to relieve the distress. It is regrettable that the sepoys should have been publicly disgraced while he was executing a work of charity. The O.C. may direct his sepoys to receive their grain at the north gate.	
12-10-99	2. Another sepoy has been imprisoned. If they are charged with any offence they should be reported to the Raja through the proper channel.	96-7

13-10-99	———To the O.C., Southern Division.	93
	2. The Raja is anxious to be put in possession of the forts chiefly because Maj. Innes has been subjecting him latterly to a series of vexatious disputes. The arbitrary imprisonment of some of the Raja's sepoys has also embittered the Raja's mind.	
	Sepoys	
12-10-99	Interference in the bazaar. To the O.C., Tanjore.	98-9
	As the grain which is now sold in the market is the Raja's private property which he sells solely with a view to relieving the distress of the poor the sepoys have no right to control its sale. They should be withdrawn from the bazaar.

6-4-1799	Draught and carriage bullocks. To the Collectors, Dindigul and Ramnad.	1-4
	1. Requests their aid in collecting 1,000 draught and 1,000 carriage bullocks. The bullock maistris and the Labbais will be able to procure them from the villages. Advances may be made to them immediately because the success of the scheme depends upon the expediency with which it can be accomplished.	
6-4-99	———To the Collectors, Tiruvalur and Mayavaram.	4-8
6-4-99	2. Sends a similar requisition for 2,000 animals from each. ———To the O.C.'s, Trichinopoly and Palamcottah and to the Paymaster at Madura.	9-12
	3. Requests their aid in procuring a like supply. The Nawab has issued orders to his phousdars to assist them but they cannot be expected to exert themselves unless they are forced to do so. The terms offered by Government are liberal and it is likely that the bullock maistris will be able to supply the number required without the help of the Nawab's agents.	
7-4-99	———To the Paymaster at Madura.	12-4
	4. Besides procuring the bullocks he should also engage as many Labbais as possible to drive the cattle which may be collected at Tanjore. The Labbais are the people most suited to this work.	
7-4-99	———To the O.C., Southern Army.	14-5
	5. The supply of 10,000 cattle required by Government will be completed within a month. Convoys must be arranged for them.	
9-4-99	———To Maj.-Genl. Braithwaite.	17-8
	6. As no replies have been received from the Collectors it is impossible to say how many animals will be collected. But 6,000 may be expected to be ready on the bank of the Cauvery in a fortnight. A proportion of the supply will have to be despatched by Col. Read.

	Military Transport—cont.	
9-4-99	To Col. Brown.	18-9
	7. Genl. Braithwaite has directed that Col. Brown and Lt.-Col. Read are to have charge of the cattle to be collected by him. The bullock maistri of Trichinopoly is to be sent back as Maj. Kenny is unable to procure any bullock without his help.	
11-4-99	———To the Collector, Dindigul.	19-22
	8. None of the persons applied for has been able to provide any cattle but some hope is placed on the Paymaster at Madura, the Collector of Ramnad and the O.C. Trichinopoly. A large number of bazaar men are likely to become the temporary owners of the bullocks hired from the villages because it is very profitable.	
11-4-99	———To the O.C. Trichinopoly.	23-4
	9. Though the reasons given by him for the scarcity of cattle are weighty he should persist in his endeavours. The Nawab's manager will be addressed if necessary.	
14-4-99	———To the Paymaster at Madura.	24-7
	10. Thanks him for his exertions in obtaining a large supply of cattle. The advances made to the bullock maistris should not as a rule exceed the rates laid down by Government. As a larger advance has to be made for the village cattle he should try to procure as many as possible from the merchants.	
14-4-99	———To the Collector, Ramnad.	28-30
	11. Thanks him for the supply promised by him. If it is difficult to provide draught cattle he may try to procure carriage animals. The cattle should reach Trichinopoly in 10 days. If drivers are not available the Paymaster at Madura will engage them from Madura. All cattle should be provided with leading strings.	
15-4-99	———To the O.C. Southern Army.	30-1
	12. 5,000 bullocks may be expected to be at Trichinopoly on the 25th. They will reach Erode by the end of the month.	
15-4-99	———To the O.C., Palamcottah.	32
	13. Requests him to send the cattle already collected without delay.	
16-4-99	———To the O.C. Trichinopoly.	32-3
	14. A conicoply will be immediately sent to settle with the bullock owners.	
16-4-99	———To Mr. Ravenshaw, Assistant Collector, Dindigul.	33-5
	15. Directs him to return part of the money supplied to him to the O.C. Trichinopoly.	
	Military Cash

	Nawab's Managers	
17-4-99	Accused of levying taxes on the military bullocks. To the O.C. Trichinopoly. As the bullock maistris, who have proceeded to Ariyalur, complain that a tax is being levied on the bullocks hired for the army, the Nawab's managers may be forbidden to do so.	35-6

Date.	Abstract.	Page number.
	Military Cash

	Military Bullocks	
18-4-99	Delay in supply. To the Collectors, Mannargudi and Mayavaram. Regrets that they should have remained silent so long and finally that they are not able to procure the expected supply.	37-8
	Sepoys

19-4-99	Vriddachalam Pillay recommended. To the O.C. Trichinopoly. Sends a maistry to be employed in procuring bullocks. He served faithfully during the last war.	40
	Military Bullocks	
19-4-99	Additional supply. To the Paymaster to the Southern Army. 1. Thanks him for the 1,000 bullocks engaged by him at Karur, though the number required has been already procured.	40-1
20-4-99	——To the Paymaster, Madura and the Collector at Mannargudi. 2. Requests them to send the cattle already collected to Trichinopoly.	41

20-4-99	——To the Collector, Mayavaram. 4. Requests him to state the probable number he expects to collect; whatever might have been collected may be sent to Trichinopoly.	43-5
21-4-99	5. The terms he has entered into with the bullock owners are so unreasonable that the Resident is forced to do without his bullocks. If he has sent any to Trichinopoly they may be recalled.	
21-4-99	——To the Paymaster at Madura. 6. He may send his animals to Dindigul from whence they will proceed to Karur. The usual route is made unsafe by the activities of the Kallars.	45-6
22-4-99	——To the O.C. Trichinopoly. 7. Informs that 1,400 cattle will arrive there from Ramnad and 3,000 from Trichinopoly.	46
23-4-99	——To the Paymaster at Madura. 8. Requests him to hold in readiness his 2,000 bullocks to be sent via Dindigul. Government desire that the total supply should be raised to 15,000 instead of 10,000. Therefore an additional supply from Madura will be very useful.	46-8
24-4-99	——To the Collector, Ramnad. 9. Thanks him for supplying 1,400 animals. The person to whom he has entrusted the animals will be in charge of them until they reach the grand army.	48-9

Date.	Abstract.	Page number

The Raja consequently authorized his people to demolish it. He denies that it is a maramut work and considers that the Tahsildar has tried to identify it with a maramut work carrying on at some distance from the spot. The Resident suggests that the dispute may be adjusted by running the boundary, if the people of Kalanjeemodoo will agree to it.	82-3

15-10-25	Summons to followers. To the Collector. 1. Pratap Sing has been informed that he has no authority outside his palace and that those who live outside are entirely under the jurisdiction of the Company's officers. 2. Yet, considering his position and rank, he may be allowed to exercise the privilege of directing his important followers to appear before the Company's officers, instead of their being summoned directly. This complimentary form of proceeding may be adopted in the case of a few of his principal relations, and the occasion for observing it will be left entirely to the Collector and Magistrate.	87-8

22-1-26	———To the same. 2. The Raja wishes to place the matter before the Government. He has no wish to screen the comvisdar but he thinks that he is the proper person to take cognizance of the conduct of one of his own servants.	107

18-3-26	———To the same. 2. The Resident wants information on the extent of lands acquired by the Raja from the territory transferred by him to the Company in 1799. There is not likely to be any difference of opinion between the Raja and the Collector regarding the jurisdiction on the purchased lands.	116-7
25-3-26	Stationery Supply List.	117-8
23-3-26	Raja's Servants Co-operation with the Company's servants. To the Collector. The Raja has been informed of the propriety of directing his servants to afford every assistance in their power to the Company's servants when applied to in a proper manner. But this friendly disposition should be reciprocal which does not seem to have been the case in the past.	119
5-4-26	Bills	121

6-4-26	Revenue Servants Alleged misconduct. To the Collector. The Deputy Tahsildar of Mannargoody is said to have forcibly carried off some bamboos from the Raja's garden and to have placed in confinement those who opposed it.	122
8-4-26	Jurisdiction Dispute between the Raja and the Collector. To the Collector. The Raja objects to the exercising of jurisdiction by the Collector and Magistrate over the karnam of Daraswaram upon the same grounds as in the case of the kamvisdar now under reference to Government. The Resident hopes that a warrant was not issued until it was ascertained to be quite necessary.	123
17-4-26	Revenue Servants Accused of disrespect to the Raja. To the Collector. The Raja considers that some of the principal revenue servants have shown him disrespect in violation of the 9th article of the treaty.	124
17-4-26	Jurisdiction Dispute between the Raja and the Collector. To the Collector. 1. The lists of lands purchased by the Raja after the treaty furnished by the Collector and the Raja do not differ materially and will be forwarded to Government. "The Raja does not object to the jurisdiction of the Criminal Court over the inhabitants of his villages generally," "but he thinks, that the managers of his property and all persons who are bona fide his servants are entitled by treaty to peculiar privileges." 2. The dispute will have to be decided by the Government. In the meantime the Collector ought not to force his interpretation upon the Raja or to comment upon the motives and the proceedings of the Resident.	124-5
23-4-26	Raja's Servants Alleged misconduct. To the Collector. If it is shown that the Raja's servants assumed upon any occasion authority to which they were not entitled, the Raja will punish them.	126-7

	Car Festivals	
19-5-26	Attendance of coolies. To the Collector. The Raja is of the opinion that the Collector is disposed to screen his servants from the consequences of their neglecting to order the coolies to attend as usual. They ought to have been punished for not doing their usual duty.	132
23-5-26	Non-attendance of coolies. To the Collector. The Raja is considerably disappointed at the coolies not having been sent as usual.	134

	Raja's Servants	
5-7-26	Unlawful imprisonment. To the Collector and Magistrate. 1. The kamvisdar of Mahadevepatam does not appear to have done anything more than seizing two sheep which trespassed into the Raja's garden. His demanding damages for the loss was quite justifiable. 2. Issuing a warrant against him and confining him are measures of severity disproportionate to the offence. While the question of jurisdiction is still under the consideration of Government the Collector and Magistrate ought not to have assumed authority over the village. It shows a want of consideration for his rank and feelings. If it is shown that the kamvisdar was guilty he will be punished by the Raja.	140-1
9-7-26	Bills	142
	Theft	
10-7-26	Bullocks. To the Magistrate, Trichinopoly. The complaint made to him against two inhabitants of Pudukottai regarding the theft of his bullocks is false. If he persists in accusing them he may be ordered to proceed to Pudukottai to prefer his complaint before Tondaman's court.	143

	Jurisdiction	
23-7-26	Dispute between the Raja and the Collector. To the Collector. Since the matter is under the consideration of the Government the Collector might have refrained from enforcing his authority with any undue severity. The Raja considers that his right and not the usage is the most important factor in settling the dispute.	147
	Tondaman's Territory	
24-7-26	Seizure of offenders by the Company's Police. To the Magistrate, Madura. As the inhabitants of the villages on the frontier are not "very cordial friends" it is not advisable to authorize the police officers of the Company to enter Tondaman's territory upon their own authority and vice versa. The present arrangement seems to be better. In cases of emergency Tondaman will authorize his police officers to apprehend any offenders who may be traced into his territory and will either forward them to the Magistrate or keep them in confinement until a regular application is made for their being given up.	147-8
	Warrant

29-9-26	Raja's Accounts Requisition. To the Collector. When Mr. Campbell was at Tanjore he wished to receive from the Raja certain accounts. The latter said that they had been furnished to the Collector on several occasions. A list of these accounts has been furnished by the Sir-keel and the Collector may send copies of them to Mr. Campbell.	161
2-10-26	Jurisdiction Disputes between the Raja and the Collector. To the Collector. The two thieves sent by the Raja confessed that they committed the offence at the Raja's garden. To let them "loose upon the community" on the ground that the Raja has not observed certain forms in seizing them is to sacrifice justice to the observance of rules of the Collector's prescribing. The Raja has done his duty in delivering them up to be tried in any manner that may be thought proper.	162
6-10-26	Raja's Servants Quarrels with the Company's servants. To the Collector. The charges brought against Narayana Rao will be investigated by the Raja and the karnam and the evidence against him may be forwarded to him for examination. The counter-charges brought against the karnam may be similarly enquired into by the Collector. The litigious spirit which is gaining ground every day ought to be put down by exemplary punishment.	163-4
7-10-26	Arrack Shops Establishment by the Raja's renter. To the Collector. The correspondence which took place between the Resident and the Collector in 1806 shows that the Raja agreed to restrict his renter from opening shops outside the fort. The shops said to have been opened in violation of this agreement would have been withdrawn by the Raja.	164-5

5-11-26	Bills	168-9
7-11-26	Raja's Officers Mullarjee Appah's misconduct. To the Collector and Magistrate. Mullarjee Appah though a servant of the Raja is subject to the jurisdiction of the Company so far as his village of Manavalumpetta is concerned. He has been cautioned against any unjustifiable proceedings. It seems there is a great deal of ill-feeling between him and the late Head Sarishtadar of the district. Therefore there is reason to think that the complaint against him is not quite true.	169-70
12-11-26	Bills	171-2
8-11-26	Revenue Servants Alleged ill-treatment of the Raja's servants. To the Collector. Some of the Raja's servants have complained to him against the Tahsildar of Trivady and certain other persons.	173-4
25-11-26	Bills	174-5
7-12-26	Raja's Officers Mullarjee Appah—Alleged misconduct. To the Collector. Mullarjee Appah's agent has brought evidence to prove that Appasamy Iyyen wrote the letter which he now denies having written. The agent is afraid to appear at the Collector's cutchery because the relations of the late Sarishtadar who are employed there are the friends of Appasamy Iyyen. He has, however, been ordered to proceed thither.	177
9-12-26	Bills	178-9
9-12-26	Villages Exchange between the Raja and the Government. To the Collector. The first step towards making the exchange is to find out the value of the lands which the Raja proposes to receive and the lands which he proposes to give in exchange for them. Lists of these lands may therefore be prepared without delay.	179-80
(See pp. 252-3.)		
13-12-26	Resident's Sarishtadar Accused of wrongful confinement. To the Magistrate. 1. The lascar who hanged himself in the Resident's stable was one of his old servants. He was entrusted with some liquor which he had appropriated for himself and fearing the displeasure of his master chose to commit suicide. He was not confined by the Resident's Sarishtadar and there are several persons to prove that he was at liberty until his death.	180-1

The Raja desires to know his opinion regarding the rights of the parties concerned as there are several similar instances under his consideration.	
	Resident's Sarishtadar	184-7
20-12-26	Accused of wrongful confinement. To the Magistrate. The guard of sepoy in whose custody the lascar is said to have been placed has been directed to appear before the Magistrate. The Resident is convinced that the charges brought against the Sarishtadar are wholly false and that the case has been concocted by the Police. He is anxious that the feelings of a respectable man should not be hurt unnecessarily.	
	Raja's Sepoys	188-9
22-12-26	Quarrel with the Collector's peons. To the Collector. The Raja has punished the sepoy who are said to have been concerned in an afay with the Collector's peons. He, however, thinks that the latter were the aggressors and that in collecting the palankeen bearers required for the Collector they overstepped their authority as they are too apt to do.	
	Raja's Officers	191-2
4-1-27	Mullarjee Appah's alleged misconduct. To the Collector. As long as there is any doubt whether Mullarjee Appah or Appasamy Iyen is entitled to the produce of the villages in question there will be constant disputes between the parties. It is therefore necessary to settle the dispute by arbitration or some other legal form of proceeding. It is not usual for an officer of Mullarjee Appah's rank to attend in person before the Magistrate. He will send his vakil as usual. He fears that the Tahsildar of Nannilam, who is Gundoo Punt's friend, misrepresents everything.

	Warrant	206-7
14-3-27	Tondaman's subjects. To the Magistrate, Trichinopoly. The complaint made to the Magistrate seems to have been instigated by a desire to make a counter-charge to one that was being investigated by Tondaman. The latter has been directed to send the parties required by the Magistrate as the warrant was received from him in the first instance. Afterwards he may demand the persons belonging to Trichinopoly who are said to have committed irregularities in his territory.	
	Vallam Fort	208-9
21-3-27	Removal of stones from. To the Collector. The Raja has no objection to the inhabitants of Vallam taking the stones required for repairing the temple but he suspects that they are trying to prevent all others from removing any stones with a view to selling them on their own account. 	Warrant	
11-1-28	Tondaman's subjects. To the Magistrate. Tondaman's officers will always co-operate with the Company's police whenever their help is requisitioned. But no Tahsildar should issue warrants on his own authority for the apprehension of persons living within Tondaman's territory.	260

	Jurisdiction	
21-1-28	Dispute between the Collector and the Raja. To the Collector. 1. Government have decided in 1826 that by a fair construction of the 12th article of the Treaty the Raja is entitled to exercise the same jurisdiction over his ninety-six villages as over the fort of Tanjore. The question under consideration at present is the extent to which it is to be exercised. Until the orders of Government are received disputes may be avoided as far as possible. 2. The karnam who is said to have committed an offence within the Company's territory ought to have been apprehended before he reached the Raja's limits. When once he entered the Raja's limits his arrest could have been made only by applying to the Raja. To carry him off forcibly from within the limits of the chatram was irregular.	262-3

Date.	Abstract.	Page number.
25-1-28	Collector's Servants Misconduct. To the Collector. One of the Raja's servants wishes to represent confidentially to the Collector some particulars relative to the conduct of some of his public servants towards those of the Raja. He has been directed to see the Collector.	264-5

The sayer duty of all articles produced or manufactured within the new limits will be a charge against the Raja while all exports and imports should pay the duty at the Company's chowkis. The latter should be removed to the borders of the new limits. Their number may be restricted to three as before. The Company's renter may take the Raja's rent to the end of the present year and "pay to the Raja what he pays to you." He cannot then make any demand for remission.	265-6
30-1-28	Stationery Supply List.	266-7
7-2-28	Frontier Disputes Pudukottai and Trichinopoly. To the Collector of Trichinopoly. The dispute between Mautoor and Pootoor may be settled by causing all the members of the panchayat to meet again on the spot to explain their former decision. The disputing parties will have to abide by their decision.	268-9
8-2-28	Bills	269-70
11-2-28	Jurisdiction Disputes between the Raja and the Collector. To the Collector. While the question of jurisdiction is under the consideration of the Government it would be "politic as well as courteous to avoid discussions upon disputed points when it can be done without sacrificing the ends of justice." "Anything like a want of consideration for His Highness's feelings will in all probability make him more tenacious on the different points relating to his jurisdiction."	270-1
21-2-28	Judicial Raja's subject—Application to the Zillah Court. A suit which has been filed in the Zillah Court ought to have been referred to the Raja's Court because the parties are subjects of the Raja and the land in dispute belongs to one of the Raja's villages.	273-4
29-2-28	Kandyan Prisoners Servants—Return to Ceylon. To the Collector and Magistrate. Six persons, who have been permitted to return to Ceylon, may be given a passage to Ceylon. These persons are no longer willing to serve the prisoners in whose company they came to India.	274-5

If there is any further delay it is entirely with the Collector's servants. The Raja is anxious to have the exchange completed so that the question of jurisdiction may be decided without any further delay. There are numerous disputes between the Collector and the Raja regarding the jurisdiction to be exercised by each. These disputes can be settled only if the general question is decided.	2-4

25-6-28	-----To the Collector. 2. Pending the decision of the Government the Raja has been requested to make a particular enquiry into the circumstance of each case under dispute and to deliver the accused to the Collector if according to former usage such parties have been delivered up.	20-1

30-6-28	Dispute between the Raja and the Collector. To Venkat Row. Whenever he forwards letters from the Raja and the Collector regarding the question of jurisdiction he should state whether according to the usage, the Raja is to exercise his jurisdiction or the Collector. 8-7-28	Bills	25-6
	Raja's Servants	
27-7-28	Summoned by the Collector. To the Collector. The Raja will not deliver up any of his servants to be tried for acts done by them in his own villages in the execution of their duty. 	Survey	
21-8-28	Raja lands. To the Collector. The Raja is willing to allow his lands to be surveyed in the same manner as the rest of the district but he will not allow any further interference when once the survey is completed. 	Vadavar River	
20-9-28	Silt clearance. To the Collector. The Raja has no objection to trying the experiment of closing for three days all the sluices by which his villages receive water from the vadavar channel, but he thinks that this will be of no use. The only effective way of ensuring a supply of water to the Vadoor lake is to clear the mouth of the Vadavar for which purpose his subjects will be ordered to afford every assistance that may be required from them.	46
6-10-28	Bills	47-8
	Irrigation Work	
27-10-28	Watercourse through Tondaman's territory. To the Collector of Trichinopoly. Orders have been issued by Tondaman to permit a channel to be cut through his territory to the tank of the village of Tarracoody in Trichinopoly District. The Resident sends the vakil with a letter to the Collector.	72-3
29-1-29	Kottapettah Village Jurisdiction. To the Collector of Trichinopoly. Tondaman affirms that he has collected the usual taxes from the villages always and proves it by showing that the Company's regulations on the subject of salt, betel, tobacco etc., have never been in force in this village. The original documents will be produced if necessary.	74-5
1-2-29	Bills	76
2-2-29	Measures and Weights Inspection—Raja's jurisdiction. To the Collector. The people in the Raja's chatrams have been ordered to produce their measures and weights for examination by the Tahsildar of Pattukkottai. The Raja considers that he is the proper person to do it.	76-7

6-3-29	Bills	88-9
9-3-29	Tondaman's Jurisdiction To the Collector and Magistrate, Trichinopoly. 1. Tondaman has been left in a state of complete independence by the Company as a reward for the faithful services of his family. He has absolute jurisdiction within his territory. He is at liberty to apprehend and try those who commit offences within his territory. When the offenders escape from his territory into British territory and vice versa it has been the practice to surrender them up so that they may be tried near the place where the offence was committed. 2. To depart from this usage would be to force the parties to follow the culprits at great expense and trouble to obtain redress. Regulation XI of 1809 was not intended to interfere with the "nature of the Company's relations with the native states or any practice which reciprocally prevailed of delivering up offenders on requisition to be tried where their offence was committed."	89-91

30-3-29	Tondaman's Jurisdiction To the Collector and Magistrate of Trichinopoly. 1. When Regulation II of 1829 was made Government must have been perfectly aware that usually offenders were tried by the State within whose jurisdiction the offence was committed. There does not appear to have been any intention of setting aside the practice already prevalent.	94-6

Date	Abstract.	Page number.
	Tondaman's Jurisdiction—cont.	
	Nor could it have been intended that such of the Company's subjects as are clever enough to escape back to British territory after committing offences in the state should not be punished until a representation was made to the Government for special authority to bring the offender to trial in the Company's courts.	
	2. If the existing practice is to be set aside a reference may be made to Government before doing so. The Resident expects that the Collector will do justice to Tondaman's ready co-operation in all matters of police.	
1-4-29	———To the Judge, Kumbakonam.	96-7
	3. One of Tondaman's subjects, who entered British territory for the purpose of pointing out to the Company's police the thieves who had robbed him, has been confined "because he cannot give security to appear as prosecutor before a tribunal to which he never voluntarily preferred any complaint. The party is also ignorant of the regulations under which he is confined. As the subject is being referred to the Government by the Collector of Trichinopoly the party may be released pending the orders of Government. The thieves may be kept in confinement.

	Raja's Jurisdiction	
13-4-29	Over his villages. To the Judge, Kumbakonam. Government have decided that the Raja is entitled to exercise jurisdiction over his villages as he does over the fort. 	Old Forts in Tanjore	
3-6-29	Raja's claims. To the Collector. 1. The Resident wished to avoid discussions upon this matter because it is immaterial whether the old stones belong to the Raja or the Company. The Raja, however, asserts his right in opposition to the Collector's on the following grounds. 2. The forts were not given up to the Company in 1799 along with the other lands. They have been continually in his possession and he has been appointing officers to look after them. The forts have not been entered hitherto in the Collector's accounts. When Kilanelly fort was transferred to Tondaman the Raja was requested to remove the men whom he had placed over it. The other old forts are similar to this fort and therefore his possession of them was recognized as early as 1803. 3. If the Collector does not admit these arguments the matter will have to be referred to Government.	117-20
1-6-29	Cash Receipt	121
6-6-29	Bills	121-2
	Resident's Accounts

14-10-29	Erambanad. To the Collector of Madura. The inhabitants of Sivaganga are said to have erected a dam across the channel by which the tank of Erambanad in Tondaman's territory is supplied with water from the Pamban river.	146-7

His father was highly respected and he left his son a considerable property in lands and jewels. But it is notorious that they have all been sold. He has at present no personal property. The only chance of his repaying his creditors lies in his proceeding to Ramnad and Mysore to seek the help of his friends.	172-3

26-10-30	Audit Retrenchment against Mr. Bell. To the Civil Auditor. The Resident forwards the amount still due from Mr. Bell though he objects to the principle of making him responsible for the retrenchment against Mr. Bell. The objection to the allowance in question was discovered even by the Civil Auditor only after making a reference to Government. 	Resident	
29-5-31	Permission to visit Madras. To the Chief Secretary. The Resident requests permission to visit Madras on his private affairs.	5
	Bheem Rao Ram Chunder	
7-6-31	Death of. To the Chief Secretary. Bheem Rao died on the day on which the sanction of Government was received to disburse his pension from the Residency treasury. His son has addressed petitions to the Governors of Madras and Bombay. The ancestors of the deceased have resided in the Fort of Tanjore for a long time and his elder brother was sirkeel to Raja Tuljajee.	6-7

	Advances to the Raja	
22-6-31	Application. To the Chief Secretary. The Raja desires to receive an advance of Rs. 60,000 to meet the expenses in connection with the marriage of his son. As the balance due to him for last year is estimated to amount to Rs. 2,00,000, his request may be complied with.	9-10

The widow has now submitted two petitions, one to the Resident and the other to the Governor of Ceylon, representing that pensions have been continued to other widows similarly situated. The Resident has verified the truth of her statement in one instance. He has also ascertained that the widow is in extreme distress in spite of her respectable connections.	12-8

T&N. VIII—29-A

	Kandyan Pensioners	
11-7-31	To the Chief Secretary. 2. Kumaraswami, the adopted son of the widow of the late Raja of Kandy has addressed two petitions, one to the Resident and the other to the Governor of Ceylon requesting that his mother's pension may be continued to him. The Resident is of the opinion that the adoption is not valid because the widow had not the consent of her husband to adopt him. Granting the legality of the adoption, it is still to be considered whether it is proper to perpetuate the pensions in this manner.	19-23
	Residency Surgeon	
15-7-31	Allowances to Mr. Bell. To the Chief Secretary. The Resident recommends that the consolidated allowance of Rs. 350 a month ordered to be paid to Mr. Bell may be allowed to take effect from the beginning of May, when the "amelioration of medical salaries generally had effect."	24-5
	Tondaman	
26-7-31	Praised by the Court of Directors. To Tondaman. The Resident communicates an extract from a letter received from the Court of Directors in 1828, which has not been communicated to him before. The conduct of Tondaman and his deceased brother has been extremely gratifying to them.	27-8
	Raja's Officers	
4-8-31	Mudhest Chidambaram Pillai—Ill-treatment from the Raja. To the Chief Secretary. 1. The Resident reports upon the petition of Meeachee and Ponnachee, the widows of Chidambaram Pillai. It is notorious that the latter who was a favourite of the Raja for some time fell into disgrace and was dismissed from his service. 2. He died some twenty months ago. When the petition was referred to the sirkeel, he replied that the complaint was written by a person without the knowledge of the widows and that the person who wrote it is dead. The statements made in the petition are false.	30-3
	Bheem Row Ram Chunder	
5-8-31	Pension. To Dhonda Bheem Row. The Government of Bombay have declined to comply with his request regarding the payment of his father's pension to him.	33
	Tondaman's Subjects	
11-8-31	Petition of Subbammah to the Governor. To the Chief Secretary. The petitions presented by Subbammah are without any foundation. She is disobedient to her husband and her conduct is said to be bad. Her statement that her son was adopted forcibly by her brothers-in-law is false.	34-5
	Raja's Allowances	
29-8-31	Payment to Messrs. Arbuthnot & Co. To the Chief Secretary. The Raja desires that Rs. 1,00,000 may be paid to his agents, Messrs. Arbuthnot & Co., out of the arrears of revenue due to him.	37

Date.	Abstract.	Page number.
	Tondaman's Conduct	
9-9-31	Praised by the Court of Directors. To Tondaman. The Resident communicates two paragraphs of a letter from England. The Court of Directors express their satisfaction at the "excellent qualities" displayed by Tondaman. His endeavours to abolish Sati are also gratifying to them.	37-8
	Military Stores	
21-9-31	Supply to the Raja. To the Chief Secretary. The stores ordered to be supplied to the Raja have been received. The swords received from Trichinopoly not being satisfactory are returned.	40-1
	Dasara Festival	
18-10-31	Attendance of public officers. To the Chief Secretary. 1. The Raja is offended because the Collector and two of his assistants refused to attend the festival as usual on the ground that it was a Sunday. He considers that they were actuated by a deliberate determination to withhold from him the mark of public respect which he is entitled to and which has always hitherto been paid him by all the public officers. 2. The Judge's absence is said to be due to his wife's illness, but the absence of two or three Amins and Munsifs has to be explained.	45-6
	Tondaman's Subjects	
1-11-31	Complaints to the Resident. To the Chief Secretary. One of Tondaman's subjects preferred a complaint to the Resident regarding an act of oppression said to have been committed within the Company's territory. The Resident forwarded it to the Collector, but the latter denied that the Resident had any power to receive such complaints. Orders are therefore requested regarding the propriety of this procedure.	50
	Military Stores	
5-11-31	Supply to the Raja. To the Chief Secretary. The Raja will be satisfied with the four 5½ inches mortars that have been condemned.	51

Date.	Abstract.	Page number.
	Tanjore Residency—cont.	
	himself. He has replied in writing stating his objections to the abolition of the Residency. Meanwhile, he desires that the matter should be kept secret because he hopes that the orders will be revised eventually and "that his family may be saved the anxiety and grief he was suffering." [The Raja's letter will be found in 4438 (2).]	
1-12-31	—To Mr. J. C. Lushington.	63-4
	2. The Raja wishes to have the support of the Governor in his appeal to the Court of Directors. The Resident thinks that to entrust the Collector with the duties of the Resident will be to make him umpire in his own cause. The same objection holds good in the case of the Judge. It will also give rise to numerous trifling but vexatious disputes. The Resident is of the opinion that a military officer is more capable of supporting the Raja's rights than a civilian officer, who, from the nature of his pay, is bound to be junior to the Collector or the Judge.	
	Dasara Festival	
1-12-31	Attendance of public officers. To Mr. J. C. Lushington.	64-6
	1. The Raja is mortified at the explanation that has been offered for the absence of the public officers as usual. He considers that it shows "a systematic determination to withhold from him those honours that the Government have hitherto inforced towards him." He even wanted to appeal to the Supreme Government or to the Court of Directors.	
	2. Though there is no mention of this usage in the treaty it is well known that this as well as several other trifling particulars were omitted from it, because it was thought unnecessary to make written stipulations upon these points.	
	Resident	
13-12-31	Application to visit Madras. To the Chief Secretary. The Resident requests permission to proceed to Madras on private affairs. His absence will not exceed 15 days.	69-70

	Presents	
24-1-32	Exchange with the Raja etc. To the Chief Secretary. In accordance with the instructions of Government, the exchange of presents has been limited to the Dusserah festival and similar occasions. The value of the presents received is usually returned in a similar shape to the Raja's officers. The amount is inconsiderable and is "neither oppressive nor corrupt."	75-6

Date.	Abstract.	Page number.
	Resident	
26-1-32	Leave of absence. To the Chief Secretary. The Resident left Tanjore in conformity to the conditional leave of absence granted to him.	76
5-2-32	Stationery Indent	77-8
	Raja's Son	
17-2-32	Elevation to the throne. To the Chief Secretary. The Raja, who is seriously ill, is anxious that his son should be raised to the musnad so that he may gain experience in managing the affairs. If the Raja recovers he will act as an adviser to his son. He is also anxious that he should receive some public assurance from the Governor to the effect that his appeal to the Court of Directors regarding the abolition of the Residency has been recommended by him.	79-80
	Raja's Illness	
19-2-32	Report. To the Chief Secretary. Mr. Currie has arrived from Trichinopoly and has examined the Raja. The latter is anxious that Mr. Currie should stay at Tanjore as long as he can.	81-2
	Tuckojee Sahib	
25-2-32	Resident's visit to. To Tuckojee Sahib. 1. He is said to have invited the Resident to his house when the Sarishtadar communicated the Resident's wish to see him. The Resident enquires if this is correct.	83
28-2-32	——To the same. 2. Since Tuckojee Sahib will not call upon the Resident, the latter returns the papers received from Government. No communication will be received from him by the Governor unless they are forwarded through the Resident.	84
	Raja's Son	
29-2-32	Accession to the throne—Proposals. To the Chief Secretary. The Raja is very uneasy because he has received no reply to his request to elevate his son to the throne during his lifetime. The Raja's health appears to have improved.	84-5
	Collector's Conduct	
3-3-32	Disrespect to the Raja. To the Chief Secretary. One of the Collector's chowkidars sealed up an oil press situated within the old limits of the Raja by the Collector's permission. The seal was removed only three weeks afterwards. When the oil monger claimed compensation for his loss, the Collector refused to pay it and stated that the matter may be referred to the Government. The Collector acted improperly throughout though the Raja showed great forbearance.	85-6

Date.	Abstract.	Page number.
	Raja's Son	
5-3-32	Accession to the throne. To the Chief Secretary. The Raja is thankful to the Governor for allowing him to abdicate in favour of his son. The investiture of the Raja's son will be made in the same manner and with the same ceremonials as were observed on the occasion of his public recognition.	87
	Serfojee Raja's Death	
9-3-32	Report of. To the Chief Secretary. 1. The Raja died on the 8th instant. His queen was with great difficulty dissuaded from burning herself on the funeral pyre. The Resident was forced to threaten her with her immediate departure from the Raja's limits before she would consent to the wishes of her son and her relations. Six of his concubines were also prevented from performing Sati. 2. The funeral was attended by 90,000 persons. The Raja's conduct during his illness was one of perfect resignation and cheerfulness. The solicitude of his attendants for his welfare showed the esteem in which he was held by them. The whole populace of the city mourned the death of their ruler with real feelings of grief. The Resident considers that such expressions of real regret at the death of a ruler are not witnessed even in Europe. 3. Sati is not likely to be practised by anybody in Tanjore hereafter. 4. The Resident requests permission to install the Raja's son on the throne.	88-90
10-3-32	———To the Chief Secretary. 5. The sirkeel has applied for an advance of Rs. 50,000 for the funeral ceremonies and the investiture of the new Raja. 6. Just before his death, the Raja delivered his son to the Resident and obtained the latter's promise to protect him.	91
19-3-32	———Pratap Sing's claims to the throne. To the Chief Secretary. 7. Pratap Sing insists upon presenting a petition to the Governor in spite of the Resident's advice to the contrary. His claims are threefold. Firstly, that his father Ameer Sing reigned for 12 years. Secondly, that his father was deposed from political motives, viz., his unwillingness to enter into an agreement with the Company similar to one made after Serfojee's accession. Thirdly he considers that Serfojee's adoption was illegal. He supports his claims with extracts from the journal of Sir Archibald Campbell, who investigated the rival claims in 1787. 8. The Resident went to Madhiarjun to dissuade him from presenting a petition which would be the means of his incurring the displeasure of the Government. All the arguments that the Resident could think of were used. The public recognition by the Government of Sivaji Raja as the successor to the throne after Serfojee's death was adduced as the chief argument against his attempts to secure the throne for himself.	92-5

Date.	Abstract.	Page number.
	Serfojee Raja's Death—cont.	
	9. These arguments were of no use and he insists upon pressing his claims. "Brooding over the lost dignity of his father and relying on the leniency and forbearance of the British Government, and their slowness to anger, he has suffered himself to be blinded by ambition and has determined to risk their displeasure in a forlorn hope that they may be induced again to investigate his father's claims and place him on the throne of his ancestors."	
	Blackburne, Mr. John	
23-3-32	Resident—Extension of leave. To the Chief Secretary. As he was delayed at Madras for six days more than the allotted period he requests that the period may be treated as an extension of leave.	97
	Sivaji Raja	
28-3-32	Accession to the throne. To the Chief Secretary. 1. Sivaji Raja was installed on the throne of his ancestors in the presence of the authorities of the province and a crowd of people who had assembled to witness the ceremony. The proclamation ordered by Government was read and the Governor's letter was presented to him. In the evening the Raja went in procession through the principal streets. 2. A letter has been addressed by the Raja to the Governor expressing his willingness to abide by the temporary arrangement made by the Government regarding the jurisdiction to be exercised by him and the Collector respectively. The Raja also thanks the Governor for continuing the Residency until further orders are received from England.	97-101
30-3-32	———Tondaman's congratulations. To the Raja. 3. Tondaman has expressed his joy on the accession of the new Raja to the throne.	102
	Tuckojee Sahib	
20-4-32	Assumption of improper titles. To Tuckojee Sahib. The Resident cannot receive his letters in which he assumes improper titles and applies similar titles to his mother.	103-6
	King William IV	
5-5-32	Coronation. To the Chief Secretary. The Raja caused a royal salute to be fired immediately on hearing the news.	105-6
	Blackburne, Mr. John	
15-5-32	Acting Resident—Allowances. To the Chief Secretary. As the Residency has been ordered to continue until orders are received from England, the acting Resident may be allowed to draw the allowances of a permanent Resident. Mr. Blackburne considers that his emoluments are lower than those of the other civil servants of the same standing as himself. If the Government cannot comply with his request he desires to be reverted to his appointment in the Police.	109-11

2-8-31	Measures and Weights In the Raja's chatrams—Inspection. The Resident feels sure that the orders issued by the Magistrate not to interfere in the chatrams will have a good effect in restraining the subordinates from quarrelling with the Raja's servants.	148-9

24-8-31	Sepoys Misconduct. To the O.C., 26th Rt., Quilon. Tondaman would have punished the sepoy and the lascar himself were it not for his respect for the Government. The O.C. ought to view the matter in its true light. The complaint of assault was not groundless.	155-6

30-9-31	Raja's Chatrams Articles for consumption—Exemption from duty. To the Collector. The Resident has ascertained that oilseeds intended for the use of the chatram were always exempted from paying duties. The Collector's promise to investigate is indefinite, and his orders to collect the duty until his investigation is over are not satisfactory. The Resident has, however, requested the Raja to stop purchasing oilseeds for the chatram, but to purchase oil and afterwards claim compensation for the loss that he may have incurred.	168-70
3-10-31	Raja's Police Magistrate's complaints against. To the Magistrate. "If the want of cordial co-operation on the part of the police towards the chowkidar" is the only cause of the complaint the Magistrate ought not to have made use of the 'threat' without making a reference to the Resident. The latter has not communicated it to the Raja because it will be a cause of vexation to him.	171-4

4-10-31	Frontier Disputes Raja's villages and Company's villages. To the Collector. The Collector is accused of "wanting in courtesy" in ordering the villagers of Pilliarputtu to be supported in the cultivation of the disputed land, even if he had satisfied himself of their right, without communicating his decision to the Raja.	175
4-10-31	Customs Servants Alleged disrespect to the Raja. To the Collector. 1. A chowkidar is said to have ordered his peon to take his seat at the east gate of the fort. The peon stated that he had orders to seize all articles passing into the fort. 2. Accordingly he seized an oilmill behind the kotwal's choultry and sealed it, saying that he had the Collector's authority for doing so. He also seized some skins which were being carried into the fort for the use of the palace. He also threatened to seize the clothes belonging to the palace which were being washed outside the fort. 3. The Resident calls upon the Collector to punish the high-handed action of the persons concerned.	175-8

10-10-31	———Pudukottai and Trichinopoly. To the Collector of Trichinopoly. 2. The dispute between the villages of Mathoor and Puthur not having been settled satisfactorily quarrels frequently arise among the inhabitants. Steps should be taken immediately to adjust the disputes.	181-4
15-10-31	Customs Servants Alleged disrespect to the Raja. To the Collector. In regard to the seizure of some skins belonging to the Raja the Collector throws the blame upon the Raja's servants. The Resident considers that there is not "a shadow of neglect on the part of His Highness's servants but only of insult and an unauthorized assumption of authority on the part of the chowkidar's peon." The latter is said to have interfered in the old limits of the Raja.	185-6
17-10-31	Raja's Police Magistrate's complaint against. To the Magistrate. 1. The Resident is of opinion that the Raja's police have co-operated fully with the customs servants in the instance referred to by the Magistrate. A person, who was required to be delivered up for refusing to pay the	186-9

	2. Considering that the complaint was made by one who was dismissed for misconduct by the Collector himself much weight cannot be attached to it.	
21-10-31	Abkari Renters Company's and Raja's. To the Magistrate.	189-92
	A warrant for twenty-four of the Raja's subjects does not state the name of the complainant or the nature of the complaint. As there is reason to think that it is one maliciously made by the Company's renter against the Raja's renter and his servants the parties have not been delivered up.	
24-10-31	Customs Servants Alleged interference within the Raja's limits. To the Collector.	194
	The seal on the oilmill has not yet been removed by the chowkidar. A compensation of Rs. 1½ will have to be given to the proprietor for every day that it is sealed up. The skins seized by him are also still detained though they are required by the Raja.	
29-10-31	Frontier Disputes Pudukottai and Sivaganga. To the Collector of Madura.	200-2
	1. There are three disputes which ought to be settled without delay. If the Collector orders three of his Tahsildars Tondaman will depute three others. The disputes will then be settled amicably.	
8-11-31	——Pudukottai and Tanjore. To the Collector of Tanjore.	203-4
	2. The dispute between Anavayel and Allengoody could have been settled before this if the Tahsildars had co-operated with each other. The disputes may be settled by forming a panchayat of the inhabitants of both the villages.

They may be authorized to make a final decision according to the opinion of the majority.	
26-11-31	Dasara Non-attendance of public officers. To the Judge. The Sarishtadar and the Munsif of Kumbakonam and Mayavaram did not attend on the last day of the Dusserah as usual. Some explanation should be furnished to the Raja regarding their absence.	214-5

17-12-31	Raja's Jurisdiction Disputes between the Raja and the Magistrate. To the Magistrate. Until orders are received from England all disputes ought to be avoided as far as possible. The Raja has been persuaded to give way to the European authorities in matters which are not important, in order to avoid the necessity of making a further reference to Government.	221-3
20-12-31	Bills	224-5
23-12-31	Raja's Officers Mullarjee Appah's affairs. To the Judge, Kumbakonam. If this agreement is not acceded to the amount may be returned and the law may be allowed to take its course.	225
23-12-31	Frontier Disputes Pudukottai and Tanjore. To the Collector. There are ten disputes between the two districts. Some efforts were made to settle them but no satisfactory result has been achieved. The Resident proposes that a Tahsildar from Pudukottai and another from Tanjore should jointly proceed to the places in dispute one after the other and settle them by arbitration. Their awards may be treated as final. No further action ought to be taken for the misconduct of the parties in the past.	227-31

	Measures and Weights	
2-1-32	In the Raja's villages. To the Sub-Collector of Tanjore. As early as 1825 the Collector had ordered that the Company's servants were not to interfere with the weights and measures used in the Raja's villages. The Raja is to see that they conform to the Company's standard. His seals are to be placed upon them. Mr. Kindersley himself ordered in July 1831 that the Tahsildars ought not to interfere in the regulation of the measures and weights. It is therefore inexplicable how he again issued orders in October forbidding the Tahsildar from giving up those which he had seized.	232-4

3-1-32	Misconduct of a chowkidar. To the Sub-Collector. The chowkidar who sealed up on oilpress within the Raja's old limits, was dismissed by Mr. Kindersley, the Collector. The owner of the oilpress now claims Rs. 42 as damages suffered by him when it was sealed up. The Collector has refused to accept the claim. The Resident wishes to know why he declines making reparation for the loss.	234-6

21-2-32	From Tondaman. To the Magistrate, Madura. Mr. Anstruther, the Assistant Magistrate has refused to execute a warrant issued by Tondaman in the usual manner. He thinks that Regulation II of 1829 forbids him to comply with it. This regulation as well as the one on which it was based, viz., XI of 1809, would not bear the construction put upon them by Mr. Anstruther. It has hitherto been usual to follow a system of reciprocal aid in this matter.	243
	Frontier Disputes	
22-2-32	Pudukottai and Tanjore. To the Collector. The Resident agrees to the modifications suggested by the Collector regarding the formation of panchayats. The fifth member should, however, be chosen from a village which contains at least four ryots paying not less than Rs. 100 a year as revenue to their Government. The umpire shall also be a man paying that amount. The Resident will persuade Tondaman from demanding the punishment of any party for their misdemeanour in the past.	244-5

22-3-32	Frontier Disputes Pudukottai and Madura. To the Collector of Madura. 1. The inhabitants of Unniyore village forcibly carried away the produce of certain lands cultivated by the people of Goodaloor village. They defend their action by saying that the lands are included in the pymash accounts of their village for f. 1213. 2. On the other hand Tondaman states that the lands are within the stones marked to denote the boundary in 1804 and that his people have all along been cultivating them. The people of Unniyore seem to have deceived the Collector by omitting to mention this circumstance to him.	254-6

The Resident finds that he relinquished his situation under the Raja voluntarily in the face of the repeated advice given to him by the late Resident. 6-3-35	Sinda Row's cruelty to a slave. To Pratap Sing. The Resident cannot distinguish between the ill-treatment of a slave and that of a free-born servant. Cruelty should always be condemned. Since the charges against Sinda Row are of a criminal nature his personal attendance before the Magistrate will be essential.	
9-3-35	Pratap Sing Purchases timber at Palghat. To Pratap Sing. 6-4-35	Tuckojee Sahib Claims to increased allowances. To Tuckojee Sahib. 1. He has no proper claim upon the Raja for an increased allowance. What he receives has been considered by the Government to be very liberal considering that it was made at a time when the Raja was annoyed by the disrespectful conduct of Nana Sahib's widow. 2. If he desires to apply to the Raja for an increase he must do so in a proper and respectful style. The memorandum he lately sent to the Raja was highly disrespectful to him. The term 'we' ought not to be used by him. His residence is a palace no doubt, but that is because it belongs to the Raja. His assumption of titles which are reserved to the Raja will not be tolerated.	131-4
7-4-35	Resident's Escort House-rent allowances. To the Secretary, Military Department. The building occupied by the escort at present was constructed by Capt. Tweedie and is very convenient. 19-4-35	Betel and Tobacco Monopoly Complaints. To the Chief Secretary. The Resident reports upon the petition of certain traders who complain against the restriction imposed upon them by the Raja in selling betel and tobacco. The Raja has latterly established a department for buying and selling these commodities in his territory. As he is competent to make his own regulations in these matters the petitioners cannot complain against them. As traders they are interested parties. And the Raja does not appear to realise a large revenue by this monopoly.	139-42
20-4-35	Pratap Sing's House Construction. To the Collector. 1. The Superintending Engineer requires Rs. 5,000 more to enable him to commence the work. The deductions from Pratap Sing's stipend will commence from the next month. 2. Communicates the above.	142-3

4-5-35	Residency Shroff Dismissal. To the Chief Secretary. The Resident examined Ayyah Mudali and the dismissed shroff and the cash-keeper Murugapa Mudali. The former admits that he received the sum said to have been entrusted to him by the latter but declares that he has repaid it. He has no evidence to prove it. The cash-keeper was on intimate terms with him until this breach of trust occurred. The Resident is convinced that Ayyah Mudali did not return the money. Though the transaction was of a private nature Ayyah Mudali's dishonesty is clearly proved.	149-51

11-5-35	Tuckojee Sahib Claims to the throne of Tanjore. To Tuckojee Sahib. The Resident returns his petitions addressed to the Governor and points out to him the "inutility of pressing upon the attention of Government, claims which can never be listened to, and of indulging in expectations that can never be fulfilled."	163
22-5-35	Pratap Sing's Servants Frauds. To Sir Henry Montgomery, Joint Magistrate. The Resident conveys the thanks of Pratap Sing to Sir Henry for discovering the frauds imposed by his servants upon the oil monger.	166-7
25-5-35	Kandyan Prisoners Allowances to the families of Peria Kannayasawmi etc., To the Chief Secretary. 1. The Resident forwards statements showing the number of persons belonging to the families of the late Peria Kannayasawmi and Kumarasawmi, and the allowances payable to each. Several of the children having become adults ought to receive the allowances of adults. Two of the children of Kumarasawmi were born after his departure from Ceylon. 2. Five of the servants have been entertained after their arrival on the coast. The allowances of the latter may be stopped. The Resident considers that the allowances to the servants ought to be paid to the families who may then be permitted to provide their own servants.	170-5
25-5-35	Pratap Sing's Affairs Resident's advice. To Pratap Sing. 1. Many of his servants are unworthy of any trust. "The English-writer, Ram Row, seems to possess a great deal too much influence and authority" in his household. There are also several others whose proceedings are very objectionable. 2. Pratap Sing's request to recommend Nagojee Bhonslay to the public officers in connection with his offences cannot be complied with. He may apply in the usual manner to the authorities when he will receive justice from them.	176-7

1-6-35	Tuckojee Sahib Claims to a higher allowance. To Tuckojee Sahib. Government will not interfere in the arrangement made by the Raja for the support of his relations. The Resident believes that the Raja will raise the allowances to Ch. 500 if Tuckojee Sahib will apply to him in a proper manner. He may forward the application through the Resident if he likes. It is useless to bring forward claims and pretensions which have been finally decided by the highest authorities.	185-6

6-6-35	Raja's Subjects Maudalay's petition. To the Chief Secretary. Maudalay is the widow of Santa Pillai who was formerly the garrison writer at Tanjore. 8-6-35	Pratap Sing Visit to Kapistalam. To Pratap Sing. The Collector has been informed of his intended visit.	190
13-6-35	Raja's Subjects Govinda Row's petition. To the Chief Secretary. Govinda Row, the grandson of Bava, a former Sirkeel of Tanjore, is accused of defrauding Saugala Bai, a respectable Mahratta lady, of her jewels worth Pag. 2,000. He escaped to Trichinopoly and subsequently to Pondicherry. Though he was offered complete protection he refused to come to Tanjore. The Raja's court has proceeded with great dilatoriness against Govinda Rao because he is a man of great influence. His complaints to the Government are entirely false.	191-4
13-6-35	Cash Indent	194-5
17-6-35	Raja's Subjects Baboo Row Inglay's petition. To the Chief Secretary. 1. Baboo Row Inglay, the ex-faujdar of the Raja, is his most inveterate enemy and has been behaving with great disrespect to him. He resigned his appointment against the advice of the late Resident. Now he claims an allowance equal to his full salary and permission to reside wherever he likes. These demands being unreasonable are not accepted by the Raja. 2. The Raja always pays prompt attention to the petitions which are forwarded to him. The petitions presented to the Resident are numerous but their number is now on the decrease.	195-9
19-6-35	Pratap Sing's Agent At Madras. To Pratap Sing. The Resident has learnt from good authority that David Pillai, who is well-known in Tanjore, has proceeded to Madras with a view to reviving Pratap Sing's pretensions to the throne. The decision made by the Court of Directors is final. He is therefore merely wasting money by sending an agent to Madras for this purpose.	200
23-6-35	Residency Sarishtadar Pension from the Raja. To the Chief Secretary. The Raja has been informed that the pension of Rs. 175 paid to Ramaswamy Naik's family is to be discontinued. The Sarishtadar's share is only Rs. 70 and he "pledges	201

23-6-35	Cash Receipt	201-2
23-6-35	Tuckojee Sahib Increased allowance. To Tuckojee Sahib. The Raja will grant him a separate allowance of Rs. 150, in addition to Ch. 400 a month, from his private funds. But this will be discontinued if his conduct is not as respectful to the Raja as it ought to be.	203
4-7-35	Raja's Relations Quarrel with the Raja. To the Chief Secretary. 1. The feuds between the Raja and his relations are long standing. The Raja speaks with much bitterness of two persons, one Sookbanjee Bhonslay and the other Baboo Row Inglay. The former refuses to return to Tanjore. His pension is paid to his agent regularly though latterly he has refused to receive it. 2. The Resident has been constantly endeavouring to "persuade the Raja to regulate his conduct and proceedings so as to acquire the attachment of his relations as well as subjects of any rank." His advice has not been without a general effect. But it is to be feared that until his feelings undergo an entire alteration his personal treatment of his relations will not be either kind or conciliatory. He will however treat them with respect on public occasions and will not withhold any pecuniary assistance that they may require.	205-9
6-7-35	Bills	209-10
13-7-35	Kandyan Prisoners Pensions to the families of deceased prisoners. To the Chief Secretary. The orders of the Ceylon Government have been communicated to the families of Peria Kannayasawmi and Kumarasawmi. The arrears due to them from the date of the death of the two persons will be paid.	213
17-7-35	Pratap Sing Claims to the throne. To Pratap Sing. 1. David Pillai is employing himself to promote the claims of Pratap Sing. And it is clear that he receives funds from him for that purpose. The Resident reminds Pratap Sing that his claims have been considered on several occasions and that the decision of the Court of Directors is final. 2. Pratap Sing will do well to manage his affairs and to live comfortably like a private gentleman upon the allowances paid to him instead of squandering that income in vain shows. Any attempt on his part to assume the titles of the Raja will be prevented at once.	214-7

Tuckojee Sahib is willing to pay the amount due to them for services rendered to him by the petitioners, but he refuses to pay the arrears due by his family. 2. Tuckojee Sahib is the adopted son of Nana Sahib who claims the throne of Tanjore as the legitimate descendant of Tuckojee, the 4th Raja. His pretensions were disallowed but in conformity to the wishes of the Government the late Raja conferred an ample allowance upon them. This is now enjoyed by Tuckojee Sahib. The latter does not leave his palace because he is not allowed to appear outside with royal marks of distinction.

2-11-35	Tondaman's subjects. To the Magistrates of Tanjore, Madura and Trichinopoly. 1. Several offences are committed in the Tondaman's territory by the people of the adjoining British territory. The offenders escape to their own territory and are neither pursued nor punished, even if apprehended for want of persons to prosecute them. 2. Tondaman considers that his poor subjects cannot be expected to make long and expensive journeys in order to prefer their complaints before the British authorities. The Resident desires to know the opinion of the Magistrates regarding the modification of the late regulations with a view to restoring the old practice.	274-5

26-11-35	Allowances. To Tuckojee Sahib. The Resident considers that Tuckojee Sahib has no legal right to demand his allowance from the Raja. It is well-known that his adopted parents repeatedly refused the offers made by the Raja. Tuckojee Sahib cannot object to the amount of the pension now paid to him because it is given entirely out of the Raja's generosity. His debts of which he complains were incurred by his keeping up pretensions to which he is not entitled. He and his advisers are responsible for them.

22-12-35	Tondaman's subjects. To the Chief Secretary. 1. Tondaman's subjects are unable to prosecute in the British Courts those British subjects who commit depredations in their villages. Their poverty and their difficulty in proceeding to the Magistrate in the first instance, then to the Zillah Court and again to the Court of Circuit stand in the way of their coming forward to prosecute the offenders. 2. The Magistrates in the adjoining district are unanimously of the opinion that Tondaman should be authorized as before to try British subjects for offences which they may commit within his territory. 3. The court of Tondaman is modelled upon the Company's courts and was established under the instructions of Col. Blackburne. The punishments consist of "degradation by exposure, stripes, not in any case to exceed 12 dozens, imprisonment with or without hard labour and in heinous offences in irons, the term of confinement not to be longer than 12 years." The punishment of death does not appear in the code.	300-2

The allowance is not a donation from the Raja but is one paid in lieu of the family jaghir which was resumed by Ameer Sing. 14-11-93	Tulajee's Widow From Dattajee Appah, Madras, to the Rev. C. F. Schwartz. 1. The widow of Tulajee Raja is allowing her servants to roam about the town freely. They demanded of Mr. Haliburton to settle the widow's claims and informed him if that was done they were prepared to go to Tanjore. Mr. Haliburton only replied that Ameersing Raja would behave agreeably to the widow's desire provided she repaired to Tanjore without delay. 2. Dattajee Appah solicits his advice as to how he should act in the event of the lady refusing to accept the allowance unless it be increased to St. Pag. 1,000 per month.	7

22-3-94	Dattajee From Dattajee, Madras, to the Rev. C. F. Schwartz. Mr. Innes states that no news is received from Bengal on the subject of Serfojee's stay at Madras. The coach presented by Mr. Ram to Serfojee will be sent for repair only if he approves of it. Bhapanna will set out for Tanjore in three or four days as desired. The junior widow of the late Tuljajee Raja is at Tirupathi; she proposes to go to Kalahasti in a day or two.	14-5
30-6-94 31-7-94 9-11-94 7-12-94	Serfojee From Serfojee to the Rev. C. F. Schwartz. (Duplicate of 4423/7-11.)	16-9
10-12-94	Annojeepunth From Dattajee Appah, Madras, to the Rev. C. F. Schwartz. A relation of Sulochana Bai caused Annojeepunth while going in the street to be rudely stopped and his allowance of 100 kallams of paddy per annum to be demanded of him. This allowance ceased after the death of the lady. Annojeepunth apprehends danger to his life and requests that three or four sepoyas may attend his person.	20-1
8-3-95 30-5-95 10-7-95 3-10-95 16-12-95 11-1-96	Serfojee From Serfojee to the Rev. C. F. Schwartz. (Duplicate of 4423/11-20.)	21-8
13-1-96	Amir Sing From Dattajee, Madras, to the Rev. C. F. Schwartz. 1. He must endeavour to protect him and his master, Serfojee, from the evil designs of Ameersing. He should take steps to see that a bodyguard is supplied to Serfojee.	30
18-3-96	Serfojee From Dattajee, Tanjore, to the Rev. Mr. Gericke. 1. Himself, Serfojee and the ladies reached Tanjore in good health. Serfojee took the young lady at Tiruvaiar into the palace at Tanjore in the company of Mr. Macleod and Mr. Schwartz. Ameersing Raja objected to the music and it was stopped. 2. He requests Mr. Gericke to obtain the Governor's approval on three points:— (a) The quarterly allowance due to Serfojee should be ordered to be disbursed either by Mr. Macleod or by the Paymaster.	32

	Serfojee—cont.	
31-3-96	(b) 15,000 kallams of paddy should be paid annually at Tanjore. (c) Troopers should be furnished as promised by the Governor. 3. From Serfojee to the Rev. Mr. Gericke on the above subject.	33
13-4-96	Dattajee From Dattajee, Tanjore, to the Rev. Mr. Gericke. He informs him that Ameersing Raja is surrounded by evil advisers, that the Cauveri dam is in bad repair and that the customs revenue is decreasing, no longer being rented by the Raja.	34-5
25-5-96	Serfojee From Serfojee to the Rev. Mr. Gericke. He has heard that the Governor is under the impression that his request for troops proceeded more from a sense of show than real necessity. He should persuade the Governor to believe that the troops are absolutely essential to guard his person and that the number of peons he is allowed at present is inadequate. He should move the Government to expedite payment of his allowance from the Company's treasury at Tanjore and not from the hands of Ameersing Raja.	37
5-6-96	Rev. Mr. Gericke's Daughter From Serfojee to the Rev. Mr. Gericke. He expresses his condolence on the death of his daughter.	39
6-8-96	Amir Sing Raja Enmity to Serfojee. From Dattajee, Tanjore, to the Rev. Mr. Gericke. 1. Ameersing's enmity to Serfojee and the widow of the late Raja is increasing and it is impossible for the latter to remain in Tanjore without strong protection from the Company's troops. Serfojee has a great mind to return to Madras but that he considers it "a great shame." Serfojee is precluded from visiting the young lady, for Ameersing comes to her house by the back door whenever he goes to see her. The Great Lady at Tiruvaiyar is troubled by the cavalgars who are instigated by Ameersing Raja. The Governor should be informed of these affairs and his advice obtained. From Dattajee, Tanjore, to the Rev. Mr. Gericke. 2. Col. Baird and Ameersing Raja are good friends. The former attempts to show disrespect towards Serfojee because his friend Ameersing hates him and causes all sorts of hindrances to his otherwise quiet life. Reply. 3. These circumstances have been brought to the notice of the Governor who opines that Serfojee should not neglect to see the young lady and that he should represent his grievances to the Resident who will take steps to redress them. 	Gericke, Rev. W.

19-3-95	(Duplicate of 3455/45-6 and 4423/11-2.) (Pages 59-68 are blank.)	
	Schwartz, Rev. C. F.	
24-10-93	From the Rev. C. F. Schwartz to Serfojee. 1. He must learn arithmetic and be able to understand the accounts of the State. He must not forget to pay his respects to the Bai Sahebs for all their infirmities. As Mr. Gericke and Dattajee are always near him he must consult them whenever their advice is necessary.	69-70
7-11-93	From the Rev. C. F. Schwartz to Dattajee. 2. The country is mortgaged to Europeans and a Dubash who have promised to pay St. Pag. 5,00,000 to the Government.	70-1
	Dada's Death	
7-11-93	From the Rev. C. F. Schwartz to Dattajee. He is much grieved to hear of the death of Dada. He has asked Mr. Gericke to speak to the Governor about the allowance demanded by the eldest widow of Tuljajee Raja.	72
	Tuljajee's Widows	
28-12-93	From the Rev. C. F. Schwartz to the Raja. The eldest widow is committing a sad mistake by keeping aloof and violently demanding a greater allowance from the Company. She does not know the temper of the Europeans. If both the widows return to Tanjore they will surely repeat their action. He must not hearken to their words and come along with them to Tanjore nor spend money on "lazy Brahmins." He must be economical and consult Mr. Gericke regarding his expenses.	73
	Serfojee's Expenses	
30-12-93	From the Rev. C. F. Schwartz to Serfojee. 1. He has rebuked Dattajee for spending more than he ought to. Bhapana and Mahadev Row are cheats and he should not pay them. If the Governor knows that all his relations are coming to rob him of his money matters will go hard with him. He must not encourage those who flatter him and prey upon wealth.	74
7-1-94	From the Rev. C. F. Schwartz to Serfojee. 2. His expenditure is increasing because money is spent on unnecessary things. He must consult Mr. Gericke regarding the reduction of his expenses.	75-6
	Schwartz, Rev. C. F.	
6-2-94	From the Rev. C. F. Schwartz to Serfojee. 1. If Mohana Bai Saheb invites him to Tirupathi he must not accompany her for she is a wicked woman. He must stay in the place allotted to him by Government and learn English and arithmetic.	76-7

Date.	Abstract.	Page number.
	Schwartz, Rev. C. F.—cont.	
17-2-94	From the Rev. C. F. Schwartz to Serfojee. 2. If the two ladies come to Tanjore against the wishes of Mr. Gericke they will feel for it. He must bear in mind to let Government decide in all that these ladies might propose.	77-8
11-3-94	From the Rev. C. F. Schwartz to Serfojee. 3. He has heard that the younger widow has resolved to go to Tirupathi in spite of the dissuasions of Mr. Gericke. Baba, the Tanjore Vackeel has raised Ch. 1,00,000 by imposing a tax of Ch. 10 on every 100 kallams of paddy.	79
22-3-94	From the Rev. C. F. Schwartz to Serfojee. 4. He must not neglect to think of God who is his protector and benefactor nor forget to learn English and arithmetic.	80-1
14-4-94	From the Rev. C. F. Schwartz to Serfojee. 5. He must spend less, think of God and spend time in the study of English and Arithmetic.	81-2
2-5-94	From the Rev. C. F. Schwartz to Dattajee. 6. He must accept the allowance of St. Pag. 2,500 granted by Government in lieu of 15,000 kallams of paddy. If the elder widow still refuses to take her allowance he must keep it until she asks for it. It is better to purchase paddy at Tanjore than buy it in the country and request Shiva Rao to let it pass into the fort custom-free which, it is probable, he might refuse. If the ladies will have their own way, let them.	83
16-6-94	From the Rev. C. F. Schwartz to Serfojee. 7. How do the ladies like the grant of one-third of St. Pag. 2,500? It is believed that the whole country will be managed by four persons who promise to pay Ch. 20,000 to the Raja.	84
15-7-94	From the Rev. C. F. Schwartz to Serfojee. 8. He must write him a letter in English by which he may learn his progress in that language. He should not pay attention to the unreasonable demands of the elder widow for a greater allowance. Mr. Blackburne is in England and will do what he can for the Raja.	85-6
6-8-94	From the Rev. C. F. Schwartz to the Raja. 9. The old widow is stirred up by her servants to make unreasonable demands. He must read, write and speak English freely particularly with the Governor who will doubtless be favourably impressed with him.	87
9-10-94	From the Rev. C. F. Schwartz to Serfojee. 10. He must strenuously apply himself to the study of the English language. If the Governor sends him an English book he will make enquiries regarding his progress in reading the book. Above all he must not forget to think of God and worship him.	88-9
20-11-94	From the Rev. C. F. Schwartz to Serfojee. 11. He must learn English very quickly for if the Governor or any other person unexpectedly visits him he must be able to converse with them in English without assistance. The Raja is at Kumbakonam.	89-90

Abstract.

- Swartz, Rev. C. F.—cont.**
- 15-12-94** From the Rev. C. F. Swartz to Serfojee. 91-2
12. He is glad to note his improvement in the study of English. He visited the Tamil school where 50 boys are taught Tamil and arithmetic. When he is dead and gone Serfojee must feed them and clothe them. He will ask assistance of the Colonel to keep his relations in order and see that Annojeepunth is free from harm. The Raja is still at Kumbakonam "hunting, playing and trifling."
- 29-12-94** —From the Rev. C. F. Swartz to Dattajee. 92-3
13. He is sorry to find that Serfojee has not yet made any marked progress in the study of English. His lazy relations are hanging round him depriving him of his money. If Dattajee is really interested in the welfare of Serfojee he must make him realise the error of his ways.
- 5-1-95** —From the Rev. C. F. Swartz to Serfojee. 94-5
14. History proves that a prince, in order to make his subjects happy, should be just and benevolent and these are the virtues he must pray to God to bless him with. Dattajee has learnt English "very well" but does not appear to care for Serfojee.
- 26-5-95** —From the Rev. C. F. Swartz to Serfojee. 96-7
15. He must not be extravagant in spending money like Ameer Sing Raja. He must improve in writing and speaking English.
- 24-6-95** —From the Rev. C. F. Swartz to Serfojee. 98-9
16. He is glad to learn that he reads English in the company of a European gentleman which will make his pronunciation and tone less faulty. He must write English letters which would enable him to communicate with Government on confidential matters without letting others know of them.
- 1-7-95** —From the Rev. C. F. Swartz to Serfojee. 100-1
17. Ameersing knows no accounts. He is led by his evil counsellors. But he, Serfojee, should not allow himself to be "ensnared by deceitful flatterers."
- 19-8-95** —From the Rev. C. F. Swartz to Serfojee. 102-3
18. There is plenty of water in the country but the inhabitants are disheartened.
- 26-11-95** —From the Rev. C. F. Swartz to Serfojee. 104-5
19. Some of the inhabitants appeared before Ameersing and accused him of being indolent and inattentive to their welfare allowing his servants to plunder the country. The "poor Raja" would not heed the advice of well-meaning persons and his future is bound to be a troublous period for him. He mentions this in order that Serfojee might become "humble, diligent and accept good advice."
- Gericke, Rev. W.**
- 21-3-96** From the Rev. William Gericke to Serfojee. 106-9
1. He reached Vepery yesterday after visiting Cuddalore, Pondicherry and Kumbakonam.
- 9-4-96** —From the Rev. William Gericke to Dattajee. 110-1
2. Lord Hobart does not appear much in public of late having lost a member of his family. However he chanced to meet him once and learn his sentiments on the subject of the quarterly allowance and the annual supply of paddy to Serfojee and also the supply of troopers to guard his person.

Abstract.

- Gericke, Rev. W.—cont.**
- 16-4-96** From the Rev. William Gericke to Serfojee. 112-5
3. Lord Hobart knows all that happens in the palace and at his residence. He should lay aside his pomp and live a simple life so that Ameersing and his friends may not look upon him with envy. Mr. Fallofield desires that he should travel from subah to subah and acquaint himself with the problems relating to the administration of the country.
- 4-5-96** —From the Rev. William Gericke to Dattajee. 115
4. He wants the accounts of the expenses in connection with the travelling of Serfojee and the widowed queens to Tanjore to be attested by the parties and sent to him. He should request Serfojee to lay by a part of his monthly allowance for the benefit of his school master.
- 2-7-96** —From the Rev. William Gericke to Serfojee. 143-4
5. Lord Hobart has refused to grant the troops to him in view of the change in the affairs of the Tanjore country. The expenses of the journey to Tanjore will be paid to him by Mr. Macleod through Mr. Schwartz. He lost his good daughter, Mrs. Hunter.

Letters Sent and Received.

1791-7.

...	Serfojee's Illtreatment The writer states that he has heard that young Raja Serfojee is confined by Ameersing Raja within the palace and is denied the amusement and instruction proper for his age. In order to put an end to such rumours the Raja should entrust Serfojee to the care of his mother so that he may be given the education and training befitting his rank.	1-3
27-7-1792	Serfojee's debts From the Chief Secretary to the Rev. C. F. Schwartz. The Raja should be required to liquidate the debts incurred by Serfojee prior to the grant of his allowance by the Company. If he declines to do so, Serfojee should be asked to set apart a portion of his allowance in payment of his debts, as the Company cannot undertake to discharge them.	5
4-5-91	Serfojee's Allowance From Ameersing Raja to the Governor. 1. He is surprised to hear from the Rev. C. F. Schwartz that the Company should have settled so high an allowance as St. Pag. 25,000 on Serfojee and the widows of the late Raja Tuljajee. He is willing to pay the mother and widows of the late Tuljajee Raja the same amount they received during the flourishing days of his brother and St. Pag. 500 per month to Serfojee.	6-8

Date.	Abstract.	Page number.
26-5-91	Serfojee's Allowance—cont. From the Governor to Ameersing Raja. 2. The allowance fixed by the Government for Serfojee and the widows is less than should be allowed to them. He need not be uneasy so long as his allowance of one-fifth of the net revenues of the country is granted to him under the treaty.	10-2
20-5-91	Amir Sing's Letters From the Chief Secretary to the Rev. C. F. Schwartz. 1. When Ameersing Raja forwards his letters through the Rev. C. F. Schwartz, to the Government they do not contain the same unhealthy and vicious remarks against the Company as when they are not sent through him. The Rev. C. F. Schwartz is requested to confer with Ameersing Raja and desire him to hold his communications to Government through him.	13
24-7-91	2. From the Chief Secretary to the Rev. C. F. Schwartz. Ameersing Raja should be told that he should not persist in communicating with Government direct. He should be requested to allow 15,000 cullams of paddy to the family of the late Raja Tuljajee.	14-5
11-4-92	Raja's Pilgrimage to Srirangam From the Chief Secretary to the Rev. C. F. Schwartz. The Raja should postpone his pilgrimage to Srirangam until the return of the troops from Mysore renders it possible to furnish him an escort on his journey.	15-6
11-4-92	Raja's Mother From the Chief Secretary to the Rev. C. F. Schwartz. The Government have expressed their opinion already as to the person who should perform the customary duty in the event of the death of the mother of the late Raja Tuljajee. They do not propose to reconsider the question.	16
1-5-92	Amir Sing's Relations with Serfojee From the Chief Secretary to the Rev. C. F. Schwartz. It is unfortunate that differences between the family of Ameersing and Serfojee should still exist. The Government direct that no disturbance should be caused to the widows by the Raja's servants.	17
16-5-92	Raja's Mother's Funeral From the Chief Secretary to the Rev. C. F. Schwartz. Raja Ameersing is afraid that the intentions of Government as to the person who should perform the rites of the funeral of the late Raja's mother will be defeated by a manoeuvre on the part of either Serfojee or the widows. The Officer Commanding should be present on the occasion to prevent any breach of the orders.	17-8
19-5-92	Late Raja's Mother's Property Disposition of. From the Chief Secretary to the Rev. C. F. Schwartz. 1. Can the mother of the late Raja Tuljajee bequeath her property to any one she likes or does it belong to Ameersing Raja as head of the family, after her death? The opinion of the Brahmins may be obtained on the point.	18

Abstract.

Date.

Late Raja's Mother's Property—cont.

Reply.

2. Naturally the property should revert to her son or grandson or her adopted son, if any. She disowned Ameersing as her son during her lifetime and therefore he has no claim to her estate. If the question is referred to the Tanjore Brahmins for opinion, it is probable that Ameersing may bribe them as on a former occasion, and an unfair decision might result.

From the Rev. C. F. Schwartz to the Governor.

3. Ameersing Raja claims the jewels and other property of the deceased woman as a matter of right whereas it was bequeathed to the eldest widow of the late Raja Tuljajee. The claim of Ameersing is unfair and improper and he is capable of doing anything to possess the property in question.

Serfojee

Removal from Tanjore.

From the Rev. C. F. Schwartz to the Governor.

Serfojee is not allowed the comfort due to him. If he is not removed from Tanjore his safety will be threatened. He may be taken to Madras at the first opportunity.

Funeral of the Late Raja's Widow

29-5-92

From the Chief Secretary to the Rev. C. F. Schwartz.

The Government are informed that Ameersing Raja has performed the funeral rites in connection with the death of the late Raja Tuljajee's mother. He should not be permitted to cause any disturbance in the apartments of the ladies of the palace in order to secure possession of the effects of the deceased lady.

Serfojee's Ill-treatment

3-7-92

From the Chief Secretary to the Rev. C. F. Schwartz.

1. The Government are displeased with the behaviour of Ameersing towards Serfojee. If the latter continues to be ill-treated he will be withdrawn from Tanjore and placed under the Company's protection at Madras. He should deliver the enclosed letter to Ameersing Raja and acquaint him with the intentions of Government.

From the Rev. C. F. Schwartz to the Governor.

2. It is known to all that Raja Ameersing is tormenting Serfojee and the widows. He performs numerous ceremonies with the aid of magicians and people skilled in witchcraft, under the windows of the residence of Serfojee and the widows so that the inmates are nearly suffocated by the smoke.

3. To cover his evil actions Ameersing has circulated a report that Serfojee and the widows are engaged in a conspiracy against his life and has prepared proofs to support his statements. The Rev. C. F. Schwartz forwards to Government a letter containing the grievances of the widows against Ameersing and praying for redress.

Serfojee

14-11-92

From the Chief Secretary to the Rev. C. F. Schwartz.

1. The Government invite his opinion on two proposals:—

(a) The declaration of Serfojee as presumptive heir to the throne of Tanjore as an act of restraint upon Ameersing; and

(b) the withdrawal of Serfojee to Madras where he will be given the proper education.

Abstract.

Serfojee—cont.

Reply.

2. He would very much desire Serfojee's removal to Madras. As regards the other proposal he observes that Serfojee as an adopted son of the late Raja has a right under the Hindu Law to succeed to the throne. It might be contended that the adoption of an only son is not valid according to Hindu Law. To this he would point out that the first son may be adopted if his natural father and mother had daughters who were born before him. In the case of Serfojee his two sisters were born before him and therefore this objection is rendered pointless.

Serfojee

16-11-92

Removal to Madras—Ordered.

From the Chief Secretary to the Rev. C. F. Schwartz.

1. The family of the late Raja Tuljajee should be protected from the wrath of Raja Ameersing. Serfojee should be removed to Madras and the widows persuaded in their interests, to accompany him. If the latter do not intend to follow him they should be given a sufficient number of guards for their security.

25-11-92

—This is a report of a conference between the Raja, Capt. Wallace and Capt. Douglas of the 74th Rt.

2. The Raja requests Capt. Wallace and Capt. Douglas to desire the Rev. C. F. Schwartz to effect a reconciliation between him and the widows and prevail upon them to remain in Tanjore and avert the disgrace to the family which would result if they should proceed to Madras.

28-11-92

—From the Chief Secretary to the Rev. C. F. Schwartz.

3. He might accompany the ladies and Serfojee up to Cuddalore or even up to Madras if convenient. The travellers should be requested not to encumber themselves in their journey, with a greater number of servants or luggage than is absolutely required.

4. It was not the intention of Government that Raja Ameersing should be consulted on the subject of the removal of the widows and Serfojee to Madras. Their wishes in regard to their departure from Tanjore should be implicitly obeyed and they view with disapproval the part taken by Capt. Douglas, Capt. Wallace and Lt. Blackburne at the request of the Raja Ameersing, in desiring the Rev. C. F. Schwartz to conciliate the ladies and prevail upon them to stay at Tanjore.

14-12-92

—From the Governor Sir Charles Oakeley to the Raja.

5. In view of Ameersing Raja's cruelty to the members of the family of the late Raja Tuljajee he has decided to remove them to Madras in order to protect them against his malice.

Serfojee's Journey to Madras

20-12-92

From the Chief Secretary to the Rev. C. F. Schwartz at Cuddalore.

1. The residence of the late General Horre on the choultry plain has been arranged for the accommodation of Serfojee and the widows. He might accompany them to Madras if convenient.

	Serfojee's Journey to Madras—cont.	
16-1-93	From the Chief Secretary to the Rev. C. F. Schwartz. 2. The Board will advance him a sum equal to three months' allowance due to Serfojee and the widows. The Governor and the Governor-General are highly satisfied with the humane attention he bestowed on the family in their distress.	50
	Serfojee's Succession to the Throne	
25-1-93	From the Rev. C. F. Schwartz to the Governor in Council. 1. He has thought over the proposal of declaring Serfojee as the presumptive heir to the Raja of Tanjore. It means that Serfojee would succeed to the musnud only in the event of the present Raja dying heirless. The Raja being opposed to the interests of Serfojee, it is not to be expected that he will not either remarry or adopt a son. 2. Under these circumstances two points have occurred to him. First whether a person who possesses a country by unfair means could make it over to his son even when the lawful heir is alive; and secondly whether the blunder committed by the exclusion of the legal heir should be perpetuated.	51-3
	Sulochana Bai Saheb	
31-1-93	Allowance. From the Chief Secretary to the Rev. C. F. Schwartz. Of the allowances due to Serfojee and the widows which the Board of Revenue is ordered to pay him, two-thirds must be paid to Sulochana Bai Saheb.	53-4
	Serfojee's Succession to the Throne	
11-2-93	From the Government at Fort William to the Governor in Council. 1. Mr. Schwartz's sentiments have led them to doubt the right of Ameersing to the throne, but to declare Serfojee as the legal heir to the Raja is to impeach the decision of Government based on the verdict of the pundits at Tanjore who were consulted on the subject. 2. On account of this difficulty they could proclaim Serfojee as only the presumptive heir to the Raja and call upon the pundits at Benares and at Calcutta to offer their opinion on the point already referred to the Tanjore pundits to ascertain whether the decision of the latter was obtained by means of bribery and corruption. They approve of the action of the Governor in prohibiting Ameersing from adopting a son at this juncture. —From the Chief Secretary to the Rev. C. F. Schwartz. 3. The Government desire to know the best means of ascertaining whether the decision of the pundits at Tanjore in favour of Ameersing's succession to the musnud, was obtained by means of bribery.	54-6
	Serfojee's Allowance	
28-3-93	From the Chief Secretary to the Rev. C. F. Schwartz. 1. The Board of Revenue will pay him St. Pag. 3,200 on account of the allowance to Serfojee and the widows after deducting the amount of St. Pag. 950 overpaid on a previous occasion.	57

Date.	Abstract.	Page number.
	Serfojee's Allowance—cont.	
3-4-93	Reply. 2. Serfojee and the widows request that the Government may be pleased to waive the recovery of the amount of St. Pag. 950.	57-8
	Serfojee's Ill-treatment	
8-4-93	From the Rev. C. F. Schwartz to the Governor-General, Lord Cornwallis. 1. The dying Raja Tuljajee implored him to take care of his adopted son, Serfojee, and appointed Ameersing to manage the country during Serfojee's minority. 2. The first act of the Raja on ascending the musnud was to confine Serfojee in an ill-lit dark chamber full of bugs without allowing him proper education or training in the art of Government. His malice towards the boy went so far as to cause chillies to be burnt under the window of the room in which Serfojee lived in order to suffocate him. 3. He did not stop with this. He accused the widows and Serfojee of having plotted to kill his son-in-law by means of sorcery. Mr. Ram, Col. Stuart and himself represented to the Raja that if he were to continue to ill-treat Serfojee and the ladies they would be taken under the Company's protection. At last Serfojee was provided with a spacious and better ventilated room.	58-64
	Ameer Sing's Succession to the Throne	
8-4-93	From the Rev. C. F. Schwartz to the Governor-General, Lord Cornwallis. 1. Ameersing formally succeeded to the musnud after the death of Tuljajee. The Governor Sir Archibald Campbell, came to Tanjore in order to settle the question of succession to the throne by consulting the pundits on Hindu law. The latter twelve in number being bribed by Ameer Sing, pronounced in his favour. The Rev. C. F. Schwartz could not protest against the decision for the whole affair was concluded in haste and moreover he was not conversant with the sastras. Five of the pundits were subsequently taken into the service of Ameersing and one of them openly confessed that his opinion was purchased by the offer of a piece of land by the Raja. 2. In one of his excited moments the Raja declared that with the exception of the Rev. C. F. Schwartz everyone had taken bribes from him. The validity of Serfojee's adoption and of his right to ascend the throne are supported by the decision of some pundits made during the lifetime of the late Tuljajee Raja. —From the widows to the Governor-General, Lord Cornwallis.	62-4
9-4-93	2. Before he quits the country he should have pity on Serfojee and settle his claims to the throne. They would suggest to him to consult the pundits who declared to the late Raja that the adoption of Serfojee was regular as well as those pundits who dissent from their view and call upon them to quote the sastras on which their opinion is based.	64-70

Date.	Abstract.	Page number.
	Ameer Sing's Succession to the Throne—cont.	
11-4-93	From the Chief Secretary to the Rev. C. F. Schwartz. 3. The Governor-General has called upon the pundits at Calcutta and Benares to answer the questions which were put to the Tanjore pundits previous to the death of the late Raja. One of the principal pundits wants some information which should be furnished to him without delay.	70
9-5-93	From Lord Cornwallis to the Rev. C. F. Schwartz. 4. He has referred to the pundits at Benares and Calcutta the questions of Hindu Law relating to succession, among Hindu royal families, to the throne.	71-2
	Late Raja's Family	
21-6-93	Allowances. From the Chief Secretary to the Rev. C. F. Schwartz. 1. The allowances due to the family of the late Raja up to the 11th July next will be disbursed by the Board of Revenue. Thereafter the Company will pay them yearly the sum of St. Pag. 1,200 in quarterly instalments from the amount received from the Raja for this purpose. The general treasury at Madras will pay them the remainder of the allowance at those periods. According to the treaty the Raja has to grant annually St. Pag. 11,000 to Serfojee and St. Pag. 3,000 to the widows of the late Raja. The Governor has desired the Raja to agree to the payment of 2/3 of the allowance due to the deceased widow Sulochana Bai Saheb to Serfojee and the remainder to the surviving widows.	72-3
14-4-94	From the widows to the Governor. 2. The allowance of 15,000 callams of paddy received by them from the Collector from the year 1791 is now discontinued to their great distress. The delivery of paddy or its equivalent in cash should be ordered, as has been the practice during the last three years.	73-4
25-4-94	From the Chief Secretary to the Rev. William Gericke. 3. St. Pag. 2,500 will be paid to the widows in lieu of 15,000 callams of paddy requested by them. The grant has been made in anticipation of sanction by the Court of Directors.	75
13-5-94	Reply. 4. The widows are grateful to the Governor for his compliance with their request. They would prefer the supply of paddy to payment in cash.	75-6
	Serfojee's Succession to the Throne	
24-5-94	From the Rev. C. F. Schwartz to Sir John Shore, Governor-General. Lord Cornwallis had to leave Bengal prior to arriving at a decision regarding the validity of Serfojee's accession to the throne. He requests that the question may be pursued to a conclusion and the result communicated to him.	77-8
	Late Raja's Family	
24-5-94	Recovery of their jewels. From the Rev. William Gericke to the Governor. 1. The Raja in the year 1788 compelled the widows to part with their jewels under threat of plundering their private property on refusal. They have not yet been returned to them as promised. They request the Government to help them in the recovery of their property.	79

Date.	Abstract.	Page number.
	Late Raja's Family—cont.	
28-6-94	From the Raja to the Governor. 2. He obtained the jewels of the widows at a time when he was in great need of money to complete his payment of St. Pag. 6,70,000 to the Company. Had he enough money to redeem the jewels he should have delivered them to the widows long ago. He shall try and do so at the first opportunity.	79-82
	Queen's Chatrams and Bazaars	
9-7-94	1. From the Chief Secretary to the Rev. William Gericke enclosing Ameersing Raja's reply to the Governor on the subject of the disturbance alleged to have been caused by the Raja's men in the chatrams and bazaars belonging to the widows of the late Raja. 2. Ameersing states that far from encouraging his men to do so he has acted promptly in suppressing any disorderly behaviour of travellers who might stop in the chatrams.	82-5
	Late Raja's Family	
11-5-95	Allowances. 1. From the Rev. William Gericke to the Governor enclosing an application from the family of the late Raja Tulja-gee for the grant of 15,000 callams of paddy along with their annual allowance of St. Pag. 20,000. They state that their wants are great and their allowance inadequate and without the supply of paddy prayed for their condition would be distressing. 2. The Rev. William Gericke remarks that they have been taught to reduce their expenses to a minimum and that the incessant demands made on Serfojee by his relations and servants are not being satisfied. He therefore recommends their request.	85-9
17-11-95	Reply. 3. The Chief Secretary enquires whether the deprivation of the 15,000 callams of paddy hitherto supplied to the family of the late Raja would cause distress to Serfojee and the widows.	89
21-12-95	From the Rev. William Gericke to the Military Secretary. 4. The expenses of the late Raja's family could not be further reduced. Their request for the allowance of paddy is dictated by necessity.	90-2
	Serfojee	
	1. From the Rev. C. F. Schwartz to Mr. Macleod enquiring whether Ameersing Raja will object to Serfojee inspecting the accounts of the State with a view to learning the administration of the country. 2. Mr. Macleod replies that Government will interfere in favour of Serfojee if Ameersing Raja objects to the proposal.	92-3
	Serfojee's Return to Tanjore	
-1-96	From the Rev. William Gericke to the Governor in Council. 1. Now that sepoys are promised to be furnished him, Serfojee is prepared to reside in the little fort at Tanjore or in the house occupied by Mr. Macleod. Serfojee requests	93-4

	sufficient funds to equip himself with bullocks, coolies and other things to transport his luggage to Tanjore and desires to know if he may visit the Nabob before his departure and when it would be convenient to pay his respects to the Governor.	
25-1-96	From the Governor, Lord Hobart, to the Rev. C. F. Schwartz.	95
	2. Until he expresses his opinion freely on the subject of Serfojee's departure to Tanjore he will direct the intended journey to be postponed.	
28-5-96	From Serfojee to the Court of Directors.	96
	3. He has returned to Tanjore after a stay of three years at Madras under the Company's protection. He is now acquainting himself with the administrative affairs of the country and improving his knowledge of English.	
	Serfojee's Claims to the Throne	
24-5-96	1. From the Governor to the Rev. C. F. Schwartz requesting information for the Government at Bengal, establishing the right of Serfojee to the Tanjore throne and finding that Ameersing was the son of Raja Pratap Sing by a concubine.	97-9
13-6-96	Reply.	99-109
	2. He forwards the following papers:—	
	(a) The statement of the pundits who declared before the late Raja Tuljajee that Serfojee's adoption was valid.	
	(b) The names of the pundits who answered the seven questions put to them by Lord Cornwallis. The Rev. C. F. Schwartz adds that these pundits now confess to a change of opinion in favour of Serfojee's adoption.	
	(c) Other papers containing the opinion of the Sastras on the subject.	
-8-96	3. From the Rev. C. F. Schwartz to the Governor enclosing extracts from the Sastras clarifying the doubts raised as to whether the adoption of Serfojee, an only son, is admissible under the Hindu Law.	110-4
	Governor's Letter to Serfojee	
2-12-96	From Lord Hobart to Serfojee.	114-5
	Be kind and persevere in the study of the English language. Always listen to the advice of the Rev. C. F. Schwartz.	
	Serfojee's Letter to the Governor	
19-1-97	1. He has received the news of his departure to Calcutta with regret. When he returned to Tanjore he had hopes of learning the business of the durbar. But Raja Ameersing and the manager Baba prevent him from having free access to the durbar. Nevertheless he has been endeavouring to inform himself on matters relating to the produce of the country, the Circar share and so on with the help of one or two persons conversant with this business.	115

7-6-97	Serfojee's Grievances From Serfojee to the Governor in Council.	117-8
	1. Raja Ameersing does not regularly pay his quarterly allowance. He is unwilling to pay the grain allowance ordered by Government and allows horses to be tethered near the place where Serfojee formerly dwelt. The Raja refuses to let his servants go to this place to remove certain things placed there. The country under the present Raja is oppressed to a degree hitherto unheard of.	
22-7-97	From Serfojee to the Governor in Council.	119-21
	2. The country is on the road to ruin. The Raja is allowing a free hand to his servants to plunder the public revenue. He is prevailed upon by his evil advisers to raise money by mortgaging the jewels in order to liquidate the private debts. If, therefore, the Government would allow him to inspect the accounts in conjunction with Baba and manage the country with justice he is sure that the kists will be regularly paid and the cultivation of the country might proceed without obstruction.	
30-7-97	Reply.	121-2

23-12-30	———From Messrs. Arbuthnot & Co. 12. The dealer of musical instruments at Calcutta states that he has not heard of any trumpet of the name 'palafoman'. Perhaps what the Raja means is 'polphonian' which is a Greek word meaning many-toned. In that case the Calcutta merchant will be able to supply it.	134-5

Residency

12-10-1830 Information regarding.

1-2

From the Raja to Capt. Fyfe, Madras.

A gentleman at Madras named Mr. William Huddleston has applied to Capt. Tweedie for certain information regarding the Residency. This gentleman appears to have been prejudiced against the Residency. In his opinion Capt. Fyfe would be better able to convince the enquirer than Capt. Tweedie. He should exercise his influence with the Government to see that an able and just officer succeeds him as Resident.

Resident

13-10-30 Appointment.

4-6

From the Raja to Capt. Fyfe, the Resident at Madras.

1. He would prefer Capt. Tweedie to succeed him because he is pleased with his disposition and ability, and secondly a military officer will draw the usual allowance of the Resident in addition to his pay in the Military Department whereas a civil servant will not be content with the 'single allowance' of the Resident which is all that will be granted to him.

24-10-30

Reply.

7-11

2. The Government are in favour of appointing a civilian officer as Resident and most probably may choose Mr. Huddleston. But as the allowances of the situation are not so good as he wishes them to be he seems to hesitate in accepting the post.

Jurisdiction

27-10-30 Raja's servants.

10-3

From the Raja to Capt. Fyfe.

He has learnt that the Governor is of opinion that his mahdists and other servants employed in his lands should be subject to the authority of the European officers in regard to criminal matters. This proposal is in effect contrary to the provision of the treaty that persons residing in the Raja's mocassa lands should be exclusively under his authority. All that he would venture to do is to appeal to the justice of the Governor and request him to recollect his promise of making such an arrangement as might prove most satisfactory to him.

Musical Instruments		
3-10-1827	Raja's indent. From the Raja to Mr. Benjamin Torin. He is in receipt of the guns and pistols. They are quite good and every one who sees them likes them immensely. He should try to get him at the first opportunity some musical instruments of which he encloses a list.	1-3
Military Stores		
25-7-28	Raja's indent. To Mr. Benjamin Torin. He wants a pair of double barrel rifle pistols mounted with gold decorations, 100 cavalry helmets as per illustration enclosed and two cavalry trumpets and two cavalry bugles gilded with silver.	3-6
Musical Instruments		
6-8-28	Receipt acknowledged. To Mr. Benjamin Torin. He is in receipt of the musical instruments sent by him. They are in a very satisfactory condition.	6-7
Jurisdiction		
16-10-28	To Mr. Benjamin Torin. 1. He is much exercised over the attitude of the Collector and the Government regarding the provision in the 12th article of the treaty which allows him (the Raja) jurisdiction over his ninety-six villages as well as over the fort. The Collector, Mr. Kindersley declines to recognise the villages as being under the Raja's jurisdiction. It is likely the matter may be brought to the notice of the Court of Directors. In that case he should help him by laying before them a correct copy of the treaty enclosed.	8-12
22-5-29	———To Mr. Benjamin Torin. 2. The Magistrate for some time past has been anxious to exercise his authority even over the ninety-six villages held by the Raja under the treaty. These villages have been under the Raja's authority for a long time and are all this, left now to support his honour and dignity. He has applied to the Company to grant him a piece of land round about the little fort for the convenience of those residing within it, in exchange for an equivalent piece of land forming part of his garden. The exchange has not yet taken place as the Collector considers that the sayer rent due on the land must amount to more than Rs. 2,500. It is expected that the land will be made over shortly. These facts should be communicated to the senior Mr. Kindersley the father of the present Collector.	13-20

Date.	Abstract.	Page number.
30-5-29	Kindersley, Mr. N. W. To Mr. Benjamin Torin. Mr. Kindersley before taking charge of his appointment as Resident paid him a visit. He expressed a hope that like his father, Mr. Kindersley would become his friend also. He is glad that he has written to Mr. Kindersley a letter urging him to be very friendly with the Raja. For a few days he has observed "a small bud of friendship springing up in Mr. Kindersley," perhaps the effect of his letter, which he hopes will mature into an "extensive shade."	20-9
22-9-29	Helmets and Musical Instruments To Mr. Benjamin Torin. He acknowledges receipt of the helmets and musical instruments sent freight free by the Company's ship 'Repulse'. The duty on these articles was remitted on application made to the Madras Government.	33-5
29-10-29	Roads To Mr. Benjamin Torin. 1. It is the practice of the Company to keep all the roads in the country in good repair even those in the villages under his authority. But now the Collector, Mr. Kindersley, wants him (the Raja) to repair the roads within his villages. His request was accordingly complied with. 2. But Mr. Kindersley, when inspecting the roads repaired by his managers, pulled down the bazaars and houses on the wayside in a violent manner in order to widen the path, though the Company's roads in some parts are just as narrow or even narrower. The matter will be reported to Government through the Resident.	35-9
16-2-30	Kindersley, Mr. N. W. To Mr. Benjamin Torin. The Raja relates certain instances to prove that Mr. Kindersley, the Collector, is setting at naught his authority in his own villages. These circumstances should be reported to the senior Mr. Kindersley to show his son's disposition towards him.	39-49
25-3-30	Governor's Visit To Mr. Benjamin Torin. 1. He was favourably impressed with the Governor, Mr. Lushington, when he recently visited Tanjore. He promised to redress his grievances to his satisfaction. It is evident that Mr. Torin's words have had an effect on him. 2. He should procure for him a mahogany table for 40 persons to dine at and chairs and chinawares, all the best of their kind. These articles are required in connection with the invitation of the Governor to dine at the palace on his return to Madras.	49-51
5-5-30	Jurisdiction To Mr. Benjamin Torin. He feels much worried because the Government decline to abide by the provision in the 12th article of the treaty according to which the Raja's authority over his villages and the little fort should not suffer interference. But the Magistrate insists upon hearing all the criminal matters happening within the Raja's villages. The enlargement of the limits of the fort has not yet taken place. These two affairs should be laid before the Court of Directors and its final decision in his favour obtained at the earliest opportunity.	51

Date.	Abstract.	Page number.
9-5-30	Articles from England To Mr. Benjamin Torin. 1. He wants a hundred rifle guns and a quantity of red Morocco leather for binding books to be procured and sent by the safest conveyance.	58-9
13-8-30	From the Sirkeel to Mr. F. C. Armstrong, London. 2. The Raja wants 200 leather breeches, 200 buff skins and a certain number of useful books not in the Palace Library, to be sent without delay.	
15-9-30	Kindersley, Mr. N. W. To Mr. Benjamin Torin. 1. His servants arrested the robbers who broke into one of his temples. Mr. Kindersley confined not only the robbers, but also the temple authorities and his servants. He would not release the persons other than the robbers even though requested to do so. 2. The Raja says he is entitled to a share in the revenues of the country according to the treaty. It is the duty of the sheristadar appointed at his expense in the Collector's cutcherry to scrutinize the revenue accounts on his behalf. Hitherto the previous Collectors have permitted his sheristadar to go through and examine all the accounts in the cutcherry relating only to the revenues of the country. But Mr. Kindersley declines to allow all the accounts to be scrutinized by his agent. These acts will only alienate his sympathy with Mr. Kindersley.	60-3
16-9-30	Resident To Mr. Benjamin Torin. He thanks him for having met the chairman of the Court of Directors and succeeded in convincing him of the necessity of re-establishing a British Resident at the Raja's Court.	63-5
22-9-30	Raja's Articles To Mr. Benjamin Torin. He is in receipt of the pair of pistols and the fowling-piece sent to him as his present. There has been some delay in the remittance of his annual allowance of £1,000. It is hoped that he will not construe it as an indication of the withdrawal of it in future.	65-9
22-2-31	Kindersley, Mr. N. W. To Mr. Benjamin Torin. Mr. and Mrs. Kindersley paid him a visit. He promised not to interfere any more in regard to the encroachments on the Tiruvadi road as it displeased him. Also he said he would remove the sayer mitto at Ganapathi Agraharam as desired by him. This is a beginning of his friendly disposition to him. He would wish it permanent.	69-71
27-2-31	Raja's Articles To Mr. Benjamin Torin. 1. He does not want the crockery and the dining furniture. He is in need of only the Morocco leather, lamps and 100 rifle guns.	71-2
5-10-31	To Mr. Benjamin Torin. 2. He is in receipt of these articles sent by the ship 'Minerva.' With the exception of the lamps other articles are in good condition.	73

Kindersley, Mr. N. W..

15-2-32

To Mr. Benjamin Torin.

74-81

Mr. Kindersley is rendering himself odious by his unfriendly behaviour. The Raja cites several instances in support of his statement. Perhaps he, Mr. Torin, might write to Mr. Kindersley in favour of the Raja, but no salutary effect will follow.

Raja's ill-health

18-2-32

To Mr. Benjamin Torin.

81-2

He is ill with dropsy. Though the doctor gives him hopes of recovery he believes he may not survive the attack. He must not therefore send him any more articles from England.
