ENCOURAGE INDIAN INDUSTRIES

Our Countrymen:-

It is said that a Country's progress is reflected by the number of Chimney tops one sees. Pray, pause to think how many you can count in this country of 1,800,000 square miles with a teeming population of 335 millions. In the struggle of existence each country tries to provide its own wants and the surplus, if any, is sent to foreign markets. Our own country, it has to be said to our regret, depends for all its wants from outside sources.

Whether this is a healthy state of affairs is to be decided by our Countrymen. The remedy is in their hands namely to foster new industries and to help the existing ones. This industry coming under the latter category is commended to your kind attention and patronage.

LATEST PRESS OPINION

"We would have liked to review the position of the United India in this series which is otherwise more or less complete. Beyond the figures available in the Blue Book for 1923, we could not get at the latest figures; but the company is one of the strongest, soundest best managed and most economically run in India. We know we are using a string of superlatives, but a Company which has an expense ratio of only 16.7 per cent and a ratio of lapses of Total Assured sum of 3.8 per cent—which discloses a Surplus of Rs. 1,34,674 against a Life Fund of Rs. 12,60,508 and whose progress in every respect is a steady and sure one deserves to be recognised in the forefront of Life Offices."—The "FORWARD" Anniversary Number, dated 26th October, 1925.
